(a) the foreign person during the same taxable year paid, accrued, or incurred, the intangible expense or cost to a person that is not a related member, and

(b) the transaction giving rise to the intangible expense or cost between the taxpayer and the foreign person did not have as a principal purpose the avoidance of Illinois income tax, and is paid pursuant to a contract or agreement that reflects arm's-length terms; or

(iii) any item of intangible expense or cost paid, accrued, or incurred, directly or indirectly, from a transaction with a foreign person if the taxpayer establishes by clear and convincing evidence, that the adjustments are unreasonable; or if the taxpayer and the Director agree in writing to the application or use of an alternative method of apportionment under Section 304(f);

Sec. 15-170. Senior Citizens Homestead Exemption. An annual homestead exemption limited, except as described here with relation to cooperatives or life care facilities, to a maximum reduction set forth below from the property's value, as equalized or assessed by the Department, is granted for property that is occupied as a residence by a person 65 years of age or older who is liable for paying real estate taxes on the property and is an owner of record of the property or has a legal or equitable interest therein as evidenced by a written instrument, except for a leasehold interest, other than a leasehold interest of land on which a single family residence is located, which is occupied as a residence by a person 65 years or older who has an ownership interest therein, legal, equitable or as a lessee, and on which he or she is liable for the payment of property taxes. Before taxable year 2004, the maximum reduction shall be $2,500 in counties with 3,000,000 or more inhabitants and $2,000 in all other counties. For taxable years 2004 through 2005, the maximum reduction shall be $3,000 in all counties. as equalized by the Department, shall be multiplied by the number of apartments or units occupied by a person 65 years of age or older who is liable, by contract with the owner or owners of record, for paying property taxes on the property and is an owner of record of a legal or equitable interest in the cooperative apartment building, other than a leasehold interest. For land improved with a life care facility, the maximum reduction from the value of the property, as equalized by the Department, shall be multiplied by the number of apartments or units occupied by persons 65 years of age or older, irrespective of any legal, equitable, or leasehold interest in the facility, who are liable, under a contract with the owner or owners of record of the facility, for paying property taxes on the property. In a cooperative or a life care facility where a homestead exemption has been granted, the cooperative association or the management firm of the cooperative or facility shall credit the savings resulting from that exemption only to the apportioned tax liability of the owner or resident who qualified for the exemption. Any person who willfully refuses to so credit the savings shall be guilty of a Class B misdemeanor. Under this Section and Sections 15-175, 15-176, and 15-177, "life care facility" means a facility, as defined in Section 2 of the Life Care Facilities Act, with which the applicant for the homestead exemption has a life care contract as defined in that Act.

When a homestead exemption has been granted under this Section and the person qualifying subsequently becomes a resident of a facility licensed under the Nursing Home Care Act, the exemption shall continue so long as the residence continues to be occupied by the qualifying person's spouse if the spouse is 65 years of age or older, or if the residence remains unoccupied but is still owned by the person qualified for the homestead exemption.

A person who will be 65 years of age during the current assessment year shall be eligible to apply for the homestead exemption during that assessment year. Application shall be made during the application period in effect for the county of his residence.

Beginning with assessment year 2003, for taxes payable in 2004, property that is first occupied as a residence after January 1 of any assessment year by a person who is eligible for the senior citizens homestead exemption under this Section must be granted a pro-rata exemption for the assessment year. The amount of the pro-rata exemption is the exemption allowed in the county under this Section divided by 365 and multiplied by the number of days during the assessment year the

property is occupied as a residence by a person eligible for the exemption under this Section. The chief county assessment officer must adopt reasonable procedures to establish eligibility for this pro-rata exemption.

The assessor or chief county assessment officer may determine the eligibility of a life care facility to receive the benefits provided by this Section, by affidavit, application, visual inspection, questionnaire or other reasonable methods in order to insure that the tax savings resulting from the exemption are credited by the management firm to the apportioned tax liability of each qualifying resident. The assessor may request reasonable proof that the management firm has so credited the exemption.

The chief county assessment officer of each county with less than 3,000,000 inhabitants shall provide to each person allowed a homestead exemption under this Section a form to designate any other person to receive a duplicate of any notice of delinquency in the payment of taxes assessed and levied under this Code on the property of the person receiving the exemption. The duplicate notice shall be in addition to the notice required to be provided to the person receiving the exemption, and shall be given in the manner required by this Code. The person filing the request for the duplicate notice shall pay a fee of $5 to cover administrative costs to the supervisor of assessments, who shall then file the executed designation with the county collector. Notwithstanding any other provision of this Code to the contrary, the filing of such an executed designation requires the county collector to provide duplicate notices as indicated by the designation. A designation may be rescinded by the person who executed such designation at any time, in the manner and form required by the chief county assessment officer.

The assessor or chief county assessment officer may determine the eligibility of residential property to receive the homestead exemption provided by this Section by application, visual inspection, questionnaire or other reasonable methods. The determination shall be made in accordance with guidelines established by the Department.

In counties with less than 3,000,000 inhabitants, the county board may by resolution provide that if a person has been granted a homestead exemption under this Section, the person qualifying need not reapply for the exemption.

In counties with less than 3,000,000 inhabitants, if the assessor or chief county assessment officer requires annual application for verification of eligibility for an exemption once granted under this Section, the application shall be mailed to the taxpayer.

The assessor or chief county assessment officer shall notify each person who qualifies for an exemption under this Section that the person may also qualify for deferral of real estate taxes under the Senior Citizens Real Estate Tax Deferral Act. The notice shall set forth the qualifications needed for deferral of real estate taxes, the address and telephone number of county collector, and a statement that applications for deferral of real estate taxes may be obtained from the county collector.

Notwithstanding Sections 6 and 8 of the State Mandates Act, no reimbursement by the State is required for the implementation of any mandate created by this Section.

213, except for those subject to paragraph (2) of subsection (e) of Section 18-213, for the levy year in which the referendum making this Law applicable to the taxing district is held, or for those taxing districts subject to this Law in accordance with paragraph (2) of subsection (e) of Section 18-213 for the 1996 levy year, constituting an extension for payment of principal and interest on bonds issued by the taxing district without referendum, but not including excluded non-referendum bonds. For park districts (i) that were first subject to this Law in 1991 or 1995 and (ii) whose extension for the 1994 levy year for the payment of principal and interest on bonds issued by the park district without referendum (but not including excluded non-referendum bonds) was less than 51% of the amount for the 1991 levy year constituting an extension for payment of principal and interest on bonds issued by the park district without referendum (but not including excluded non-referendum bonds), "debt service extension base" means an amount equal to that portion of the extension for the 1991 levy year constituting an extension for payment of principal and interest on bonds issued by the park district without referendum (but not including excluded non-referendum bonds). The debt service extension base may be established or increased as provided under Section 18-212. "Excluded non-referendum bonds" means (i) bonds authorized by Public Act 88-503 and issued under Section 20a of the Chicago Park District Act for aquarium and museum projects; (ii) bonds issued under Section 15 of the Local Government Debt Reform Act; or (iii) refunding obligations issued to refund or to continue to refund obligations initially issued pursuant to referendum.

"Special purpose extensions" include, but are not limited to, extensions for levies made on an annual basis for unemployment and workers' compensation, self-insurance, contributions to pension plans, and extensions made pursuant to Section 6-601 of the Illinois Highway Code for a road district's permanent road fund whether levied annually or not. The extension for a special service area is not included in the aggregate extension.

"Aggregate extension base" means the taxing district's last preceding aggregate extension as adjusted under Sections 18-135, 18-215, and 18-230. An adjustment under Section 18-135 shall be made for the 2007 levy year and all subsequent levy years whenever one or more counties within which a taxing district is located (i) used estimated valuations or rates when extending taxes in the taxing district for the last preceding levy year that resulted in the over or under extension of taxes, or

New matter indicated by italics - deletions by strikeout.
(ii) increased or decreased the tax extension for the last preceding levy year as required by Section 18-135(c). Whenever an adjustment is required under Section 18-135, the aggregate extension base of the taxing district shall be equal to the amount that the aggregate extension of the taxing district would have been for the last preceding levy year if either or both (i) actual, rather than estimated, valuations or rates had been used to calculate the extension of taxes for the last levy year, or (ii) the tax extension for the last preceding levy year had not been adjusted as required by subsection (c) of Section 18-135.

"Levy year" has the same meaning as "year" under Section 1-155.

"New property" means (i) the assessed value, after final board of review or board of appeals action, of new improvements or additions to existing improvements on any parcel of real property that increase the assessed value of that real property during the levy year multiplied by the equalization factor issued by the Department under Section 17-30, (ii) the assessed value, after final board of review or board of appeals action, of real property not exempt from real estate taxation, which real property was exempt from real estate taxation for any portion of the immediately preceding levy year, multiplied by the equalization factor issued by the Department under Section 17-30, including the assessed value, upon final stabilization of occupancy after new construction is complete, of any real property located within the boundaries of an otherwise or previously exempt military reservation that is intended for residential use and owned by or leased to a private corporation or other entity, and (iii) in counties that classify in accordance with Section 4 of Article IX of the Illinois Constitution, an incentive property’s additional assessed value resulting from a scheduled increase in the level of assessment as applied to the first year final board of review market value. In addition, the county clerk in a county containing a population of 3,000,000 or more shall include in the 1997 recovered tax increment value for any school district, any recovered tax increment value that was applicable to the 1995 tax year calculations.

"Qualified airport authority" means an airport authority organized under the Airport Authorities Act and located in a county bordering on the State of Wisconsin and having a population in excess of 200,000 and not greater than 500,000.

"Recovered tax increment value" means, except as otherwise provided in this paragraph, the amount of the current year's equalized assessed value, in the first year after a municipality terminates the designation of an area as a redevelopment project area previously

New matter indicated by italics - deletions by strikeout.
established under the Tax Increment Allocation Development Act in the Illinois Municipal Code, previously established under the Industrial Jobs Recovery Law in the Illinois Municipal Code, previously established under the Economic Development Project Area Tax Increment Act of 1995, or previously established under the Economic Development Area Tax Increment Allocation Act, of each taxable lot, block, tract, or parcel of real property in the redevelopment project area over and above the initial equalized assessed value of each property in the redevelopment project area. For the taxes which are extended for the 1997 levy year, the recovered tax increment value for a non-home rule taxing district that first became subject to this Law for the 1995 levy year because a majority of its 1994 equalized assessed value was in an affected county or counties shall be increased if a municipality terminated the designation of an area in 1993 as a redevelopment project area previously established under the Tax Increment Allocation Development Act in the Illinois Municipal Code, previously established under the Industrial Jobs Recovery Law in the Illinois Municipal Code, or previously established under the Economic Development Area Tax Increment Allocation Act, by an amount equal to the 1994 equalized assessed value of each taxable lot, block, tract, or parcel of real property in the redevelopment project area over and above the initial equalized assessed value of each property in the redevelopment project area. In the first year after a municipality removes a taxable lot, block, tract, or parcel of real property from a redevelopment project area established under the Tax Increment Allocation Development Act in the Illinois Municipal Code, the Industrial Jobs Recovery Law in the Illinois Municipal Code, or the Economic Development Area Tax Increment Allocation Act, "recovered tax increment value" means the amount of the current year's equalized assessed value of each taxable lot, block, tract, or parcel of real property removed from the redevelopment project area over and above the initial equalized assessed value of that real property before removal from the redevelopment project area.

Except as otherwise provided in this Section, "limiting rate" means a fraction the numerator of which is the last preceding aggregate extension base times an amount equal to one plus the extension limitation defined in this Section and the denominator of which is the current year's equalized assessed value of all real property in the territory under the jurisdiction of the taxing district during the prior levy year. For those taxing districts that reduced their aggregate extension for the last preceding levy year, the highest aggregate extension in any of the last 3 preceding levy years shall

be used for the purpose of computing the limiting rate. The denominator shall not include new property or the recovered tax increment value. If a new rate, a rate decrease, or a limiting rate increase has been approved at an election held after March 21, 2006, then (i) the otherwise applicable limiting rate shall be increased by the amount of the new rate or shall be reduced by the amount of the rate decrease, as the case may be, or (ii) in the case of a limiting rate increase, the limiting rate shall be equal to the rate set forth in the proposition approved by the voters for each of the years specified in the proposition, after which the limiting rate of the taxing district shall be calculated as otherwise provided.

Sec. 22-15. Service of notice. The purchaser or his or her assignee shall give the notice required by Section 22-10 by causing it to be published in a newspaper as set forth in Section 22-20. In addition, the notice shall be served by a sheriff (or if he or she is disqualified, by a coroner) of the county in which the property, or any part thereof, is located or, except in Cook County, by a person who is licensed or registered as a private detective under the Private Detective, Private Alarm, Private Security, Fingerprint Vendor, and Locksmith Act of 2004 upon owners who reside on any part of the property sold by leaving a copy of the notice with those owners personally.

In counties of 3,000,000 or more inhabitants where a taxing district is a petitioner for tax deed pursuant to Section 21-90, in lieu of service by the sheriff or coroner the notice may be served by a special process server appointed by the circuit court as provided in this Section. The taxing district may move prior to filing one or more petitions for tax deed for appointment of such a special process server. The court, upon being satisfied that the person named in the motion is at least 18 years of age and is capable of serving notice as required under this Code, shall enter an order appointing such person as a special process server for a period of one year. The appointment may be renewed for successive periods of one year each by motion and order, and a copy of the original and any subsequent order shall be filed in each tax deed case in which a notice is served by the appointed person. Delivery of the notice to and service of the notice by the

special process server shall have the same force and effect as its delivery to and service by the sheriff or coroner.

The same form of notice shall also be served upon all other owners and parties interested in the property, if upon diligent inquiry they can be found in the county, and upon the occupants of the property in the following manner:

(a) as to individuals, by (1) leaving a copy of the notice with the person personally or (2) by leaving a copy at his or her usual place of residence with a person of the family, of the age of 13 years or more, and informing that person of its contents. The person making the service shall cause a copy of the notice to be sent by registered or certified mail, return receipt requested, to that party at his or her usual place of residence;

(b) as to public and private corporations, municipal, governmental and quasi-municipal corporations, partnerships, receivers and trustees of corporations, by leaving a copy of the notice with the person designated by the Civil Practice Law.

If the property sold has more than 4 dwellings or other rental units, and has a managing agent or party who collects rents, that person shall be deemed the occupant and shall be served with notice instead of the occupants of the individual units. If the property has no dwellings or rental units, but economic or recreational activities are carried on therein, the person directing such activities shall be deemed the occupant. Holders of rights of entry and possibilities of reverter shall not be deemed parties interested in the property.

When a party interested in the property is a trustee, notice served upon the trustee shall be deemed to have been served upon any beneficiary or note holder thereunder unless the holder of the note is disclosed of record.

When a judgment is a lien upon the property sold, the holder of the lien shall be served with notice if the name of the judgment debtor as shown in the transcript, certified copy or memorandum of judgment filed of record is identical, as to given name and surname, with the name of the party interested as it appears of record.

If any owner or party interested, upon diligent inquiry and effort, cannot be found or served with notice in the county as provided in this Section, and the person in actual occupancy and possession is tenant to, or in possession under the owners or the parties interested in the property,
then service of notice upon the tenant, occupant or person in possession shall be deemed service upon the owners or parties interested.

If any owner or party interested, upon diligent inquiry and effort cannot be found or served with notice in the county, then the person making the service shall cause a copy of the notice to be sent by registered or certified mail, return receipt requested, to that party at his or her residence, if ascertainable.

These efforts shall include the following, as appropriate in the retirement system's judgment:

By the first meeting of the retirement system following the 90-day period described in this subsection (b), the retirement system shall assemble all scrutinized companies identified into a scrutinized companies list.

The retirement system shall update the scrutinized companies list annually based on evolving information from, among other sources, those listed in this subsection (b).

(c) The retirement system shall adhere to the following procedures for companies on the scrutinized companies list:

(1) The retirement system shall determine the companies on the scrutinized companies list in which the retirement system owns direct or indirect holdings.

(2) For each company identified in item (1) of this subsection (c) that has only inactive business operations, the retirement system shall send a written notice informing the company of this Section and encouraging it to continue to refrain from initiating active business operations in Iran until it is able to avoid scrutinized business operations. The retirement system shall continue such correspondence semiannually.

(3) For each company newly identified in item (1) of this subsection (c) that has active business operations, the retirement system shall send a written notice informing the company of its scrutinized company status and that it may become subject to divestment by the retirement system. The notice must inform the company of the opportunity to clarify its Iran-related activities and encourage the company, within 90 days, to cease its scrutinized business operations or convert such operations to inactive business operations in order to avoid qualifying for divestment by the retirement system.

(4) If, within 90 days after the retirement system's first engagement with a company pursuant to this subsection (c), that company ceases scrutinized business operations, the company shall be removed from the scrutinized companies list and the provisions of this Section shall cease to apply to it unless it resumes scrutinized business operations. If a company that ceased scrutinized active business operations following engagement pursuant to subsection (c) resumes such operations, this subsection (d) immediately applies, and the retirement system shall send a written notice to the company. The company shall also be immediately reintroduced onto the scrutinized companies list.

(e) The retirement system may not acquire securities of companies on the scrutinized companies list that have active business operations, except as provided in subsection (f).

(f) A company that the United States Government affirmatively declares to be excluded from its present or any future federal sanctions regime relating to Iran is not subject to divestment or the investment prohibition pursuant to subsections (d) and (e).

(g) Notwithstanding the provisions of this Section, paragraphs (d) and (e) do not apply to indirect holdings in a private market fund. However, the retirement system shall submit letters to the managers of those investment funds containing companies that have scrutinized active business operations requesting that they consider removing the companies from the fund or create a similar actively managed fund having indirect holdings devoid of the companies. If the manager creates a similar fund, the retirement system shall replace all applicable investments with investments in the similar fund in an expedited timeframe consistent with prudent investing standards.

(h) The retirement system shall file a report with the Public Pension Division of the Department of Financial and Professional Regulation that includes the scrutinized companies list within 30 days after the list is created. This report shall be made available to the public.

(j) With respect to actions taken in compliance with this Act, including all good-faith determinations regarding companies as required by this Act, the retirement system is exempt from any conflicting statutory or common law obligations, including any fiduciary duties under this Article and any obligations with respect to choice of asset managers, investment funds, or investments for the retirement system's securities portfolios.

(k) Notwithstanding any other provision of this Section to the contrary, the retirement system may cease divesting from scrutinized companies pursuant to subsection (d) or reinvest in scrutinized companies from which it divested pursuant to subsection (d) if clear and convincing evidence shows that the value of investments in scrutinized companies with active scrutinized business operations becomes equal to or less than 0.5% of the market value of all assets under management by the retirement system. Cessation of divestment, reinvestment, or any subsequent ongoing investment authorized by this Section is limited to the minimum steps necessary to avoid the contingency set forth in this subsection (k). For any cessation of divestment, reinvestment, or subsequent ongoing investment authorized by this Section, the retirement system shall provide a written report to the Public Pension Division in advance of initial reinvestment, updated semiannually thereafter as applicable, setting forth the reasons and

justification, supported by clear and convincing evidence, for its decisions to cease divestment, reinvest, or remain invested in companies having scrutinized active business operations. This Section does not apply to reinvestment in companies on the grounds that they have ceased to have scrutinized active business operations.

(l) If any provision of this Section or its application to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Section are severable.

Sec. 5-152. Child's annuity - Conditions - Amount. A child's
annuity shall be payable in the following cases of policemen who die on or
after the effective date: (a) A policeman whose death results from injury
incurred in the performance of an act or acts of duty; (b) a policeman who
dies in service from any cause; (c) a policeman who withdraws upon or
after attainment of age 50 and who enters upon or is eligible for annuity;
(d) a present employee with at least 20 years of service who dies after
withdrawal, whether or not he has entered upon annuity.

Only one annuity shall be granted and paid for the benefit of any
child if both parents have been policemen.

The annuity shall be paid, without regard to the fact that the death
of the deceased policeman parent may have occurred prior to the effective
date of this amendatory Act of 1975, in an amount equal to 10% of the
annual maximum salary attached to the classified civil service position of
a first class patrolman on July 1, 1975, or the date of the policeman's
death, whichever is later, for each child while a widow or widower of the
deceased policeman survives and in an amount equal to 15% of the annual
maximum salary attached to the classified civil service position of a first
class patrolman on July 1, 1975, or the date of the policeman's death,
whichever is later, while no widow or widower shall survive, provided that
if the combined annuities for the widow and children of a policeman who
dies on or after September 26, 1969, as the result of an act of duty, or for
the children of such policeman in any case wherein a widow or widower
does not exist, exceed the salary that would ordinarily have been paid to
him if he had been in the active discharge of his duties, all such annuities
shall be reduced pro rata so that the combined annuities for the family
shall not exceed such limitation. The compensation portion of the annuity
of the widow shall not be considered in making such reduction. No age
limitation in this Section or Section 5-151 shall apply to a child who is so
physically or mentally handicapped as to be unable to support himself or

herself. Benefits payable under this Section shall not be reduced or terminated by reason of any child's attainment of age 18 if he is then dependent by reason of a physical or mental disability but shall continue to be paid as long as such dependency continues. For the purposes of this subsection, "disability" means inability to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months.

In the case of a family of a policeman who dies on or after September 26, 1969, as the result of any cause other than the performance of an act of duty, in which annuities for such family exceed an amount equal to 60% of the salary that would ordinarily have been paid to him if he had been in the active discharge of his duties, all such annuities shall be reduced pro rata so that the combined annuities shall not exceed such limitation.

Child's annuity shall be paid to the parent providing for the child, unless another person is appointed by a court of law as the child's guardian.

(40 ILCS 5/7-139) (from Ch. 108 1/2, par. 7-139)

Sec. 7-139. Credits and creditable service to employees.

(a) Each participating employee shall be granted credits and creditable service, for purposes of determining the amount of any annuity or benefit to which he or a beneficiary is entitled, as follows:

1. For prior service: Each participating employee who is an employee of a participating municipality or participating instrumentality on the effective date shall be granted creditable service, but no credits under paragraph 2 of this subsection (a), for periods of prior service for which credit has not been received under any other pension fund or retirement system established under this Code, as follows:

   If the effective date of participation for the participating municipality or participating instrumentality is on or before January 1, 1998, creditable service shall be granted for the entire period of prior service with that employer without any employee contribution.

   If the effective date of participation for the participating municipality or participating instrumentality is after January 1, 1998, creditable service shall be granted for the last 20% of the

period of prior service with that employer, but no more than 5 years, without any employee contribution. A participating employee may establish creditable service for the remainder of the period of prior service with that employer by making an application in writing, accompanied by payment of an employee contribution in an amount determined by the Fund, based on the employee contribution rates in effect at the time of application for the creditable service and the employee's salary rate on the effective date of participation for that employer, plus interest at the effective rate from the date of the prior service to the date of payment. Application for this creditable service may be made at any time while the employee is still in service.

A municipality that (i) has at least 35 employees; (ii) is located in a county with at least 2,000,000 inhabitants; and (iii) maintains an independent defined benefit pension plan for the benefit of its eligible employees may restrict creditable service in whole or in part for periods of prior service with the employer if the governing body of the municipality adopts an irrevocable resolution to restrict that creditable service and files the resolution with the board before the municipality's effective date of participation.

Any person who has withdrawn from the service of a participating municipality or participating instrumentality prior to the effective date, who reenters the service of the same municipality or participating instrumentality after the effective date and becomes a participating employee is entitled to creditable service for prior service as otherwise provided in this subdivision (a)(1) only if he or she renders 2 years of service as a participating employee after the effective date. Application for such service must be made while in a participating status. The salary rate to be used in the calculation of the required employee contribution, if any, shall be the employee's salary rate at the time of first reentering service with the employer after the employer's effective date of participation.

2. For current service, each participating employee shall be credited with:

a. Additional credits of amounts equal to each payment of additional contributions received from him
under Section 7-173, as of the date the corresponding payment of earnings is payable to him.

b. Normal credits of amounts equal to each payment of normal contributions received from him, as of the date the corresponding payment of earnings is payable to him, and normal contributions made for the purpose of establishing out-of-state service credits as permitted under the conditions set forth in paragraph 6 of this subsection (a).

c. Municipality credits in an amount equal to 1.4 times the normal credits, except those established by out-of-state service credits, as of the date of computation of any benefit if these credits would increase the benefit.

d. Survivor credits equal to each payment of survivor contributions received from the participating employee as of the date the corresponding payment of earnings is payable, and survivor contributions made for the purpose of establishing out-of-state service credits.

3. For periods of temporary and total and permanent disability benefits, each employee receiving disability benefits shall be granted creditable service for the period during which disability benefits are payable. Normal and survivor credits, based upon the rate of earnings applied for disability benefits, shall also be granted if such credits would result in a higher benefit to any such employee or his beneficiary.

4. For authorized leave of absence without pay: A participating employee shall be granted credits and creditable service for periods of authorized leave of absence without pay under the following conditions:

   a. An application for credits and creditable service is submitted to the board while the employee is in a status of active employment, and within 2 years after termination of the leave of absence period for which credits and creditable service are sought.

   b. Not more than 12 complete months of creditable service for authorized leave of absence without pay shall be counted for purposes of determining any benefits payable under this Article.
c. Credits and creditable service shall be granted for leave of absence only if such leave is approved by the governing body of the municipality, including approval of the estimated cost thereof to the municipality as determined by the fund, and employee contributions, plus interest at the effective rate applicable for each year from the end of the period of leave to date of payment, have been paid to the fund in accordance with Section 7-173. The contributions shall be computed upon the assumption earnings continued during the period of leave at the rate in effect when the leave began.

d. Benefits under the provisions of Sections 7-141, 7-146, 7-150 and 7-163 shall become payable to employees on authorized leave of absence, or their designated beneficiary, only if such leave of absence is creditable hereunder, and if the employee has at least one year of creditable service other than the service granted for leave of absence. Any employee contributions due may be deducted from any benefits payable.

e. No credits or creditable service shall be allowed for leave of absence without pay during any period of prior service.

5. For military service: The governing body of a municipality or participating instrumentality may elect to allow creditable service to participating employees who leave their employment to serve in the armed forces of the United States for all periods of such service, provided that the person returns to active employment within 90 days after completion of full time active duty, but no creditable service shall be allowed such person for any period that can be used in the computation of a pension or any other pay or benefit, other than pay for active duty, for service in any branch of the armed forces of the United States. If necessary to the computation of any benefit, the board shall establish municipality credits for participating employees under this paragraph on the assumption that the employee received earnings at the rate received at the time he left the employment to enter the armed forces. A participating employee in the armed forces shall not be considered an employee during such period of service and

no additional death and no disability benefits are payable for death or disability during such period.

Any participating employee who left his employment with a municipality or participating instrumentality to serve in the armed forces of the United States and who again became a participating employee within 90 days after completion of full time active duty by entering the service of a different municipality or participating instrumentality, which has elected to allow creditable service for periods of military service under the preceding paragraph, shall also be allowed creditable service for his period of military service on the same terms that would apply if he had been employed, before entering military service, by the municipality or instrumentality which employed him after he left the military service and the employer costs arising in relation to such grant of creditable service shall be charged to and paid by that municipality or instrumentality.

Notwithstanding the foregoing, any participating employee shall be entitled to creditable service as required by any federal law relating to re-employment rights of persons who served in the United States Armed Services. Such creditable service shall be granted upon payment by the member of an amount equal to the employee contributions which would have been required had the employee continued in service at the same rate of earnings during the military leave period, plus interest at the effective rate.

5.1. In addition to any creditable service established under paragraph 5 of this subsection (a), creditable service may be granted for up to 48 months of service in the armed forces of the United States.

In order to receive creditable service for military service under this paragraph 5.1, a participating employee must (1) apply to the Fund in writing and provide evidence of the military service that is satisfactory to the Board; (2) obtain the written approval of the current employer; and (3) make contributions to the Fund equal to (i) the employee contributions that would have been required had the service been rendered as a member, plus (ii) an amount determined by the board to be equal to the employer's normal cost of the benefits accrued for that military service, plus (iii) interest on items (i) and (ii) from the date of first membership in the Fund.
to the date of payment. The required interest shall be calculated at the regular interest rate.

The changes made to this paragraph 5.1 by Public Acts 95-483 and 95-486 apply only to participating employees in service on or after August 28, 2007 (the effective date of those Public Acts) its effective date.

6. For out-of-state service: Creditable service shall be granted for service rendered to an out-of-state local governmental body under the following conditions: The employee had participated and has irrevocably forfeited all rights to benefits in the out-of-state public employees pension system; the governing body of his participating municipality or instrumentality authorizes the employee to establish such service; the employee has 2 years current service with this municipality or participating instrumentality; the employee makes a payment of contributions, which shall be computed at 8% (normal) plus 2% (survivor) times length of service purchased times the average rate of earnings for the first 2 years of service with the municipality or participating instrumentality whose governing body authorizes the service established plus interest at the effective rate on the date such credits are established, payable from the date the employee completes the required 2 years of current service to date of payment. In no case shall more than 120 months of creditable service be granted under this provision.

7. For retroactive service: Any employee who could have but did not elect to become a participating employee, or who should have been a participant in the Municipal Public Utilities Annuity and Benefit Fund before that fund was superseded, may receive creditable service for the period of service not to exceed 50 months; however, a current or former elected or appointed official of a participating municipality may establish credit under this paragraph 7 for more than 50 months of service as an official of that municipality, if the excess over 50 months is approved by resolution of the governing body of the affected municipality filed with the Fund before January 1, 2002.

Any employee who is a participating employee on or after September 24, 1981 and who was excluded from participation by the age restrictions removed by Public Act 82-596 may receive creditable service for the period, on or after January 1, 1979,
excluded by the age restriction and, in addition, if the governing body of the participating municipality or participating instrumentality elects to allow creditable service for all employees excluded by the age restriction prior to January 1, 1979, for service during the period prior to that date excluded by the age restriction. Any employee who was excluded from participation by the age restriction removed by Public Act 82-596 and who is not a participating employee on or after September 24, 1981 may receive creditable service for service after January 1, 1979. Creditable service under this paragraph shall be granted upon payment of the employee contributions which would have been required had he participated, with interest at the effective rate for each year from the end of the period of service established to date of payment.

8. For accumulated unused sick leave: A participating employee who is applying for a retirement annuity shall be entitled to creditable service for that portion of the employee's accumulated unused sick leave for which payment is not received, as follows:

a. Sick leave days shall be limited to those accumulated under a sick leave plan established by a participating municipality or participating instrumentality which is available to all employees or a class of employees.

b. Only sick leave days accumulated with a participating municipality or participating instrumentality with which the employee was in service within 60 days of the effective date of his retirement annuity shall be credited; if the employee was in service with more than one employer during this period only the sick leave days with the employer with which the employee has the greatest number of unpaid sick leave days shall be considered.

c. The creditable service granted shall be considered solely for the purpose of computing the amount of the retirement annuity and shall not be used to establish any minimum service period required by any provision of the Illinois Pension Code, the effective date of the retirement annuity, or the final rate of earnings.

d. The creditable service shall be at the rate of 1/20 of a month for each full sick day, provided that no more than 12 months may be credited under this subdivision 8.

New matter indicated by italics - deletions by strikeout.
e. Employee contributions shall not be required for creditable service under this subdivision 8.

f. Each participating municipality and participating instrumentality with which an employee has service within 60 days of the effective date of his retirement annuity shall certify to the board the number of accumulated unpaid sick leave days credited to the employee at the time of termination of service.

9. For service transferred from another system: Credits and creditable service shall be granted for service under Article 3, 4, 5, 8, 14, or 16 of this Act, to any active member of this Fund, and to any inactive member who has been a county sheriff, upon transfer of such credits pursuant to Section 3-110.3, 4-108.3, 5-235, 8-226.7, 14-105.6, or 16-131.4, and payment by the member of the amount by which (1) the employer and employee contributions that would have been required if he had participated in this Fund as a sheriff's law enforcement employee during the period for which credit is being transferred, plus interest thereon at the effective rate for each year, compounded annually, from the date of termination of the service for which credit is being transferred to the date of payment, exceeds (2) the amount actually transferred to the Fund. Such transferred service shall be deemed to be service as a sheriff's law enforcement employee for the purposes of Section 7-142.1.

10. For service transferred from an Article 3 system under Section 3-110.8: Credits and creditable service shall be granted for service under Article 3 of this Act as provided in Section 3-110.8, to any active member of this Fund upon transfer of such credits pursuant to Section 3-110.8. If the amount by which (1) the employer and employee contributions that would have been required if he had participated in this Fund during the period for which credit is being transferred, plus interest thereon at the effective rate for each year, compounded annually, from the date of termination of the service for which credit is being transferred to the date of payment, exceeds (2) the amount actually transferred to the Fund, then the amount of creditable service established under this paragraph 10 shall be reduced by a corresponding amount in accordance with the rules and procedures established under this paragraph 10.

New matter indicated by italics - deletions by strikeout.
The board shall establish by rule the manner of making the calculation required under this paragraph 10, taking into account the appropriate actuarial assumptions; the member's service, age, and salary history; the level of funding of the employer; and any other factors that the board determines to be relevant.

(b) Creditable service - amount:

1. One month of creditable service shall be allowed for each month for which a participating employee made contributions as required under Section 7-173, or for which creditable service is otherwise granted hereunder. Not more than 1 month of service shall be credited and counted for 1 calendar month, and not more than 1 year of service shall be credited and counted for any calendar year. A calendar month means a nominal month beginning on the first day thereof, and a calendar year means a year beginning January 1 and ending December 31.

2. A seasonal employee shall be given 12 months of creditable service if he renders the number of months of service normally required by the position in a 12-month period and he remains in service for the entire 12-month period. Otherwise a fractional year of service in the number of months of service rendered shall be credited.

3. An intermittent employee shall be given creditable service for only those months in which a contribution is made under Section 7-173.

(c) No application for correction of credits or creditable service shall be considered unless the board receives an application for correction while (1) the applicant is a participating employee and in active employment with a participating municipality or instrumentality, or (2) while the applicant is actively participating in a pension fund or retirement system which is a participating system under the Retirement Systems Reciprocal Act. A participating employee or other applicant shall not be entitled to credits or creditable service unless the required employee contributions are made in a lump sum or in installments made in accordance with board rule.

(d) Upon the granting of a retirement, surviving spouse or child annuity, a death benefit or a separation benefit, on account of any employee, all individual accumulated credits shall thereupon terminate. Upon the withdrawal of additional contributions, the credits applicable thereto shall thereupon terminate. Terminated credits shall not be applied
to increase the benefits any remaining employee would otherwise receive under this Article.

Sec. 9-121.6. Alternative annuity for county officers.
(a) Any county officer elected by vote of the people may elect to establish alternative credits for an alternative annuity by electing in writing to make additional optional contributions in accordance with this Section and procedures established by the board. Such elected county officer may discontinue making the additional optional contributions by notifying the Fund in writing in accordance with this Section and procedures established by the board.

Additional optional contributions for the alternative annuity shall be as follows:

(1) For service after the option is elected, an additional contribution of 3% of salary shall be contributed to the Fund on the same basis and under the same conditions as contributions required under Sections 9-170 and 9-176.

(2) For service before the option is elected, an additional contribution of 3% of the salary for the applicable period of service, plus interest at the effective rate from the date of service to the date of payment. All payments for past service must be paid in full before credit is given. No additional optional contributions may be made for any period of service for which credit has been previously forfeited by acceptance of a refund, unless the refund is repaid in full with interest at the effective rate from the date of refund to the date of repayment.

(b) In lieu of the retirement annuity otherwise payable under this Article, any county officer elected by vote of the people who (1) has elected to participate in the Fund and make additional optional contributions in accordance with this Section, and (2) has attained age 60 with at least 10 years of service credit, or has attained age 65 with at least 8 years of service credit, may elect to have his retirement annuity computed as follows: 3% of the participant's salary at the time of termination of service for each of the first 8 years of service credit, plus 4% of such salary for each of the next 4 years of service credit, plus 5% of such salary for each year of service credit in excess of 12 years, subject to a maximum of 80% of such salary. To the extent such elected county officer has made additional optional contributions with respect to only a portion of his years of service credit, his retirement annuity will first be determined in accordance with this Section to the extent such additional optional contributions were made, and then in accordance with the remaining Sections of this Article to the extent of years of service credit with respect to which additional optional contributions were not made.

(c) In lieu of the disability benefits otherwise payable under this Article, any county officer elected by vote of the people who (1) has elected to participate in the Fund, and (2) has become permanently disabled and as a consequence is unable to perform the duties of his office, and (3) was making optional contributions in accordance with this Section at the time the disability was incurred, may elect to receive a disability annuity calculated in accordance with the formula in subsection (b). (d) Refunds of additional optional contributions shall be made on the same basis and under the same conditions as provided under Section 9-164, 9-166 and 9-167. Interest shall be credited at the effective rate on the same basis and under the same conditions as for other contributions. (e) The effective date of this plan of optional alternative benefits and contributions shall be January 1, 1988, or the date upon which approval is received from the U.S. Internal Revenue Service, whichever is later. The plan of optional alternative benefits and contributions shall not be available to any former county officer or employee receiving an annuity from the Fund on the effective date of the plan, unless he re-enters service as an elected county officer and renders at least 3 years of additional service after the date of re-entry.

(a) Except as provided in Section 45, each wireless carrier shall impose a monthly wireless carrier surcharge per CMRS connection that either has a telephone number within an area code assigned to Illinois by the North American Numbering Plan Administrator or has a billing address in this State. In the case of prepaid wireless telephone service, this surcharge shall be remitted based upon the address associated with the point of purchase, the customer billing address, or the location associated with the MTN for each active prepaid wireless telephone that has a sufficient positive balance as of the last day of each month, if that information is available. No wireless carrier shall impose the surcharge authorized by this Section upon any subscriber who is subject to the surcharge imposed by a unit of local government pursuant to Section 45.

Prior to January 1, 2008 (the effective date of Public Act 95-698) this amendatory Act of the 95th General Assembly, the surcharge amount shall be the amount set by the Wireless Enhanced 9-1-1 Board. Beginning on January 1, 2008 (the effective date of Public Act 95-698) this amendatory Act of the 95th General Assembly, the monthly surcharge imposed under this Section shall be $0.73 per CMRS connection. The wireless carrier that provides wireless service to the subscriber shall collect the surcharge from the subscriber. For mobile telecommunications services provided on and after August 1, 2002, any surcharge imposed under this Act shall be imposed based upon the municipality or county that encompasses the customer's place of primary use as defined in the Mobile Telecommunications Sourcing Conformity Act. The surcharge shall be stated as a separate item on the subscriber's monthly bill. The wireless carrier shall begin collecting the surcharge on bills issued within 90 days after the Wireless Enhanced 9-1-1 Board sets the monthly wireless surcharge. State and local taxes shall not apply to the wireless carrier surcharge.

(b) Except as provided in Section 45, a wireless carrier shall, within 45 days of collection, remit, either by check or by electronic funds transfer, to the State Treasurer the amount of the wireless carrier surcharge collected from each subscriber. Of the amounts remitted under this subsection prior to January 1, 2008 (the effective date of Public Act 95-698) this amendatory Act of the 95th General Assembly, and for surcharges imposed before January 1, 2008 (the effective date of Public Act 95-698) this amendatory Act of the 95th General Assembly but remitted after January 1, 2008 its effective date, the State Treasurer shall deposit one-third into the Wireless Carrier Reimbursement Fund and two-thirds into the Wireless Service Emergency Fund. For surcharges collected and remitted on or after January 1, 2008 (the effective date of Public Act 95-698) this amendatory Act of the 95th General Assembly, $0.1475 per surcharge collected shall be deposited into the Wireless Carrier Reimbursement Fund, and $0.5825 per surcharge collected shall be deposited into the Wireless Service Emergency Fund. Of the amounts deposited into the Wireless Carrier Reimbursement Fund under this subsection, $0.01 per surcharge collected may be distributed to the carriers to cover their administrative costs. (c) The first such remittance by wireless carriers shall include the number of customers by zip code, and the 9-digit zip code if currently being used or later implemented by the carrier, that shall be the means by which the Illinois Commerce Commission shall determine distributions from the Wireless Service Emergency Fund. This information shall be updated no less often than every year. Wireless carriers are not required to remit surcharge moneys that are billed to subscribers but not yet collected. Any carrier that fails to provide the zip code information required under this subsection (c) or any prepaid wireless carrier that fails to provide zip code information based upon the addresses associated with its customers' points of purchase, customers' billing addresses, or locations associated with MTNs, as described in subsection (a) of this Section, shall be subject to the penalty set forth in subsection (f) of this Section.

(d) Within 90 days after August 13, 2007 (the effective date of Public Act 95-63) this amendatory Act of the 94th General Assembly, each wireless carrier must implement a mechanism for the collection of the surcharge imposed under subsection (a) of this Section from its subscribers. If a wireless carrier does not implement a mechanism for the collection of the surcharge from its subscribers in accordance with this subsection (d), then the carrier is required to remit the surcharge for all subscribers until the carrier is deemed to be in compliance with this subsection (d) by the Illinois Commerce Commission.

(e) If before midnight on the last day of the third calendar month after the closing date of the remit period a wireless carrier does not remit the surcharge or any portion thereof required under this Section, then the surcharge or portion thereof shall be deemed delinquent until paid in full, and the Illinois Commerce Commission may impose a penalty against the carrier in an amount equal to the greater of:

(1) $25 for each month or portion of a month from the time an amount becomes delinquent until the amount is paid in full; or
(2) an amount equal to the product of 1% and the sum of all delinquent amounts for each month or portion of a month that the delinquent amounts remain unpaid.

A penalty imposed in accordance with this subsection (e) for a portion of a month during which the carrier provides the number of subscribers by zip code as required under subsection (c) of this Section shall be prorated for each day of that month during which the carrier had not provided the number of subscribers by zip code as required under subsection (c) of this Section. Any penalty imposed under this subsection

(e) is in addition to the amount of the delinquency and is in addition to any other penalty imposed under this Section.

(f) If, before midnight on the last day of the third calendar month after the closing date of the remit period, a wireless carrier does not provide the number of subscribers by zip code as required under subsection (c) of this Section, then the report is deemed delinquent and the Illinois Commerce Commission may impose a penalty against the carrier in an amount equal to the greater of:

(1) $25 for each month or portion of a month that the report is delinquent; or

(2) an amount equal to the product of 1/2¢ and the number of subscribers served by the wireless carrier.

A penalty imposed in accordance with this subsection (f) for a portion of a month during which the carrier pays the delinquent amount in full shall be prorated for each day of that month that the delinquent amount was paid in full. Any penalty imposed under this subsection (f) is in addition to any other penalty imposed under this Section.

(g) The Illinois Commerce Commission may enforce the collection of any delinquent amount and any penalty due and unpaid under this Section by legal action or in any other manner by which the collection of debts due the State of Illinois may be enforced under the laws of this State. The Executive Director of the Illinois Commerce Commission, or his or her designee, may excuse the payment of any penalty imposed under this Section if the Executive Director, or his or her designee, determines that the enforcement of this penalty is unjust.

(h) Notwithstanding any provision of law to the contrary, nothing shall impair the right of wireless carriers to recover compliance costs for all emergency communications services that are not reimbursed out of the Wireless Carrier Reimbursement Fund directly from their customers via line-item charges on the customer's bill. Those compliance costs include all costs incurred by wireless carriers in complying with local, State, and federal regulatory or legislative mandates that require the transmission and receipt of emergency communications to and from the general public, including, but not limited to, E-911.

(i) The Auditor General shall conduct, on an annual basis, an audit of the Wireless Service Emergency Fund and the Wireless Carrier Reimbursement Fund for compliance with the requirements of this Act. The audit shall include, but not be limited to, the following determinations:

(4) The status of the implementation of wireless 9-1-1 and E9-1-1 services in Illinois.

(c) A wireless carrier may not receive payment from the Wireless Carrier Reimbursement Fund for its costs of providing wireless enhanced 9-1-1 services in an area when a unit of local government or emergency telephone system board provides wireless 9-1-1 services in that area and was imposing and collecting a wireless carrier surcharge prior to July 1, 1998.

(d) The Illinois Commerce Commission shall maintain detailed records of all receipts and disbursements and shall provide an annual accounting of all receipts and disbursements to the Auditor General.

(e) The Illinois Commerce Commission must annually review the balance in the Wireless Carrier Reimbursement Fund as of June 30 of each year and shall direct the Comptroller to transfer into the Wireless Services Emergency Fund for distribution in accordance with Section 25 of this Act any amount in excess of the amount of deposits into the Fund for the 24 months prior to June 30 less:

(1) the amount of paid and payables received by June 30 for the 24 months prior to June 30 as determined eligible under subsection (a) of this Section;

(55 ILCS 5/5-1069.3)

Sec. 5-1069.3. Required health benefits. (55 ILCS 5/5-1095) (from Ch. 34, par. 5-1095)

Sec. 5-1095. Community antenna television systems; satellite transmitted television programming.

(a) The County Board may license, tax or franchise the business of operating a community antenna television system or systems within the County and outside of a municipality, as defined in Section 1-1-2 of the Illinois Municipal Code.

When an area is annexed to a municipality, the annexing municipality shall thereby become the franchising authority with respect to that portion of any community antenna television system that, immediately before annexation, had provided cable television services within the annexed area under a franchise granted by the county, and the owner of that community antenna television system shall thereby be authorized to provide cable television services within the annexed area under the terms and provisions of the existing franchise. In that instance, the franchise shall remain in effect until, by its terms, it expires, except that any franchise fees payable under the franchise shall be payable only to the county for a period of 5 years or until, by its terms, the franchise expires, whichever occurs first. After the 5 year period, any franchise fees payable

under the franchise shall be paid to the annexing municipality. In any instance in which a duly franchised community antenna television system is providing cable television services within the annexing municipality at the time of annexation, the annexing municipality may permit that franchisee to extend its community antenna television system to the annexed area under terms and conditions that are no more burdensome nor less favorable to that franchisee than those imposed under any community antenna television franchise applicable to the annexed area at the time of annexation. The authorization to extend cable television service to the annexed area and any community antenna television system authorized to provide cable television services within the annexed area at the time of annexation shall not be subject to the provisions of subsection (e) of this Section.

(b) "Community antenna television system" as used in this Section, means any facility which is constructed in whole or in part in, on, under or over any highway or other public place and which is operated to perform for hire the service of receiving and amplifying the signals broadcast by one or more television stations and redistributing such signals by wire, cable or other means to members of the public who subscribe to such service except that such term does not include (i) any system which serves fewer than 50 subscribers or (ii) any system which serves only the residents of one or more apartment dwellings under common ownership, control or management, and commercial establishments located on the premises of such dwellings.

(c) The authority hereby granted does not include the authority to license or franchise telephone companies subject to the jurisdiction of the Illinois Commerce Commission or the Federal Communications Commission in connection with furnishing circuits, wires, cables or other facilities to the operator of a community antenna television system.

(c-1) Each franchise entered into by a county and a community antenna television system shall include the customer service and privacy standards and protections contained in Article XXII of the Public Utilities Act. A franchise may not contain different penalties or consumer service and privacy standards and protections. Each franchise entered into by a county and a community antenna television system before June 30, 2007 (the effective date of Public Act 95-9) shall be amended by this Section to incorporate the penalty provisions and customer service and privacy standards and protections contained in

Article XXII of the Public Utilities Act the Cable and Video Customers Protection Law.

The County Board may, in the course of franchising such community antenna television system, grant to such franchisee the authority and the right and permission to use all public streets, rights of way, alleys, ways for public service facilities, parks, playgrounds, school grounds, or other public grounds, in which such county may have an interest, for the construction, installation, operation, maintenance, alteration, addition, extension or improvement of a community antenna television system.

Any charge imposed by a community antenna television system franchised pursuant to this Section for the raising or removal of cables or lines to permit passage on, to or from a street shall not exceed the reasonable costs of work reasonably necessary to safely permit such passage. Pursuant to subsections (h) and (i) of Section 6 of Article VII of the Constitution of the State of Illinois, the General Assembly declares the regulation of charges which may be imposed by community antenna television systems for the raising or removal of cables or lines to permit passage on, to or from streets is a power or function to be exercised exclusively by the State and not to be exercised or performed concurrently with the State by any unit of local government, including any home rule unit.

The County Board may, upon written request by the franchisee of a community antenna television system, exercise its right of eminent domain solely for the purpose of granting an easement right no greater than 8 feet in width, extending no greater than 8 feet from any lot line for the purpose of extending cable across any parcel of property in the manner provided for by the law of eminent domain, provided, however, such franchisee deposits with the county sufficient security to pay all costs incurred by the county in the exercise of its right of eminent domain.

Except as specifically provided otherwise in this Section, this Section is not a limitation on any home rule county.

(d) The General Assembly finds and declares that satellite-transmitted television programming should be available to those who desire to subscribe to such programming and that decoding devices should be obtainable at reasonable prices by those who are unable to obtain satellite-transmitted television programming through duly franchised community antenna television systems.

New matter indicated by italics - deletions by strikeout.
In any instance in which a person is unable to obtain satellite-transmitted television programming through a duly franchised community antenna television system either because the municipality and county in which such person resides has not granted a franchise to operate and maintain a community antenna television system, or because the duly franchised community antenna television system operator does not make cable television services available to such person, any programming company that delivers satellite-transmitted television programming in scrambled or encrypted form shall ensure that devices for decryption of such programming are made available to such person, through the local community antenna television operator or directly, for purchase or lease at prices reasonably related to the cost of manufacture and distribution of such devices.

(e) The General Assembly finds and declares that, in order to ensure that community antenna television services are provided in an orderly, competitive and economically sound manner, the best interests of the public will be served by the establishment of certain minimum standards and procedures for the granting of additional cable television franchises.

Subject to the provisions of this subsection, the authority granted under subsection (a) hereof shall include the authority to license, franchise and tax more than one cable operator to provide community antenna television services within the territorial limits of a single franchising authority. For purposes of this subsection (e), the term:

(i) "Existing cable television franchise" means a community antenna television franchise granted by a county which is in use at the time such county receives an application or request by another cable operator for a franchise to provide cable antenna television services within all or any portion of the territorial area which is or may be served under the existing cable television franchise.

(ii) "Additional cable television franchise" means a franchise pursuant to which community antenna television services may be provided within the territorial areas, or any portion thereof, which may be served under an existing cable television franchise.

(iii) "Franchising Authority" is defined as that term is defined under Section 602(9) of the Cable Communications Policy Act of 1984, Public Law 98-549.

New matter indicated by italics - deletions by strikeout.
(iv) "Cable operator" is defined as that term is defined under Section 602(4) of the Cable Communications Policy Act of 1984, Public Law 98-549.

Before granting an additional cable television franchise, the franchising authority shall:

(1) Give written notice to the owner or operator of any other community antenna television system franchised to serve all or any portion of the territorial area to be served by such additional cable television franchise, identifying the applicant for such additional franchise and specifying the date, time and place at which the franchising authority shall conduct public hearings to consider and determine whether such additional cable television franchise should be granted.

(2) Conduct a public hearing to determine the public need for such additional cable television franchise, the capacity of public rights-of-way to accommodate such additional community antenna television services, the potential disruption to existing users of public rights-of-way to be used by such additional franchise applicant to complete construction and to provide cable television services within the proposed franchise area, the long term economic impact of such additional cable television system within the community, and such other factors as the franchising authority shall deem appropriate.

(3) Determine, based upon the foregoing factors, whether it is in the best interest of the county to grant such additional cable television franchise.

(4) If the franchising authority shall determine that it is in the best interest of the county to do so, it may grant the additional cable television franchise. Except as provided in paragraph (5) of this subsection (e), no such additional cable television franchise shall be granted under terms or conditions more favorable or less burdensome to the applicant than those required under the existing cable television franchise, including but not limited to terms and conditions pertaining to the territorial extent of the franchise, system design, technical performance standards, construction schedules, performance bonds, standards for construction and installation of cable television facilities, service to subscribers, public educational and governmental access channels and

programming, production assistance, liability and indemnification, and franchise fees.

(5) Unless the existing cable television franchise provides that any additional cable television franchise shall be subject to the same terms or substantially equivalent terms and conditions as those of the existing cable television franchise, the franchising authority may grant an additional cable television franchise under different terms and conditions than those of the existing franchise, in which event the franchising authority shall enter into good faith negotiations with the existing franchisee and shall, within 120 days after the effective date of the additional cable television franchise, modify the existing cable television franchise in a manner and to the extent necessary to ensure that neither the existing cable television franchise nor the additional cable television franchise, each considered in its entirety, provides a competitive advantage over the other, provided that prior to modifying the existing cable television franchise, the franchising authority shall have conducted a public hearing to consider the proposed modification. No modification in the terms and conditions of the existing cable television franchise shall oblige the existing cable television franchisee (1) to make any additional payment to the franchising authority, including the payment of any additional franchise fee, (2) to engage in any additional construction of the existing cable television system or, (3) to modify the specifications or design of the existing cable television system; and the inclusion of the factors identified in items (2) and (3) shall not be considered in determining whether either franchise considered in its entirety, has a competitive advantage over the other except to the extent that the additional franchisee provides additional video or data services or the equipment or facilities necessary to generate and or carry such service. No modification in the terms and conditions of the existing cable television franchise shall be made if the existing cable television franchisee elects to continue to operate under all terms and conditions of the existing franchise.

If within the 120 day period the franchising authority and the existing cable television franchisee are unable to reach agreement on modifications to the existing cable television franchise, then the franchising authority shall modify the existing cable television franchise, effective 45 days thereafter, in a manner,

New matter indicated by italics - deletions by strikeout.
and only to the extent, that the terms and conditions of the existing cable television franchise shall no longer impose any duty or obligation on the existing franchisee which is not also imposed under the additional cable television franchise; however, if by the modification the existing cable television franchisee is relieved of duties or obligations not imposed under the additional cable television franchise, then within the same 45 days and following a public hearing concerning modification of the additional cable television franchise within that 45 day period, the franchising authority shall modify the additional cable television franchise to the extent necessary to insure that neither the existing cable television franchise nor the additional cable television franchise, each considered in its entirety, shall have a competitive advantage over the other.

No county shall be subject to suit for damages based upon the county's determination to grant or its refusal to grant an additional cable television franchise, provided that a public hearing as herein provided has been held and the franchising authority has determined that it is in the best interest of the county to grant or refuse to grant such additional franchise, as the case may be.

It is declared to be the law of this State, pursuant to paragraphs (h) and (i) of Section 6 of Article VII of the Illinois Constitution, that the establishment of minimum standards and procedures for the granting of additional cable television franchises as provided in this subsection (e) is an exclusive State power and function that may not be exercised concurrently by a home rule unit.

Nothing in this Section shall prohibit a local unit of government from granting a permit to a person or entity for the use of the public rights-of-way to install or construct facilities to provide cable service or video service, at its sole discretion. No unit of local government shall be liable for denial or delay of a permit prior to the issuance of a State-issued authorization.

It is prohibited within a municipality to locate an adult entertainment facility within 1,000 feet of the property boundaries of any school, day care center, cemetery, public park, forest preserve, public housing, and place of religious worship, except that in a county with a population of more than 800,000 and less than 2,000,000 inhabitants, it is prohibited to locate, construct, or operate a new adult entertainment facility within one mile of the property boundaries of any school, day care center, cemetery, public park, forest preserve, public housing, or place of religious worship located anywhere within that county. Notwithstanding any other requirements of this Section, it is also prohibited to locate, construct, or operate a new adult entertainment facility within one mile of the property boundaries of any school, day care center, cemetery, public park, forest preserve, public housing, or place of religious worship located in that area of Cook County outside of the City of Chicago.

Sec. 11-42-11. Community antenna television systems; satellite transmitted television programming.

(a) The corporate authorities of each municipality may license, franchise and tax the business of operating a community antenna television system as hereinafter defined. In municipalities with less than 2,000,000 inhabitants, the corporate authorities may, under the limited circumstances set forth in this Section, own (or lease as lessee) and operate a community antenna television system; provided that a municipality may not acquire, construct, own, or operate a community antenna television system for the use or benefit of private consumers or users, and may not charge a fee for that consumption or use, unless the proposition to acquire, construct, own, or operate a cable antenna television system has been submitted to and approved by the electors of the municipality in accordance with subsection (f). Before acquiring, constructing, or commencing operation of a community antenna television system, the municipality shall comply with the following:

(1) Give written notice to the owner or operator of any other community antenna television system franchised to serve all or any portion of the territorial area to be served by the municipality's community antenna television system, specifying the date, time, and place at which the municipality shall conduct public hearings to consider and determine whether the municipality should acquire, construct, or commence operation of a community antenna television system. The public hearings shall be conducted at least 14 days after this notice is given.

(2) Publish a notice of the hearing in 2 or more newspapers published in the county, city, village, incorporated town, or town, as the case may be. If there is no such newspaper, then notice shall be published in any 2 or more newspapers published in the county and having a general circulation throughout the community. The
public hearings shall be conducted at least 14 days after this notice is given.

(3) Conduct a public hearing to determine the means by which construction, maintenance, and operation of the system will be financed, including whether the use of tax revenues or other fees will be required.

(b) The words "community antenna television system" shall mean any facility which is constructed in whole or in part in, on, under or over any highway or other public place and which is operated to perform for hire the service of receiving and amplifying the signals broadcast by one or more television stations and redistributing such signals by wire, cable or other means to members of the public who subscribe to such service; except that such definition shall not include (i) any system which serves fewer than fifty subscribers, or (ii) any system which serves only the residents of one or more apartment dwellings under common ownership, control or management, and commercial establishments located on the premises of such dwellings.

(c) The authority hereby granted does not include authority to license, franchise or tax telephone companies subject to jurisdiction of the Illinois Commerce Commission or the Federal Communications Commission in connection with the furnishing of circuits, wires, cables, and other facilities to the operator of a community antenna television system.

(c-1) Each franchise entered into by a municipality and a community antenna television system shall include the customer service and privacy standards and protections contained in Article XXII of the Public Utilities Act the Cable and Video Customers Protection Law. A franchise may not contain different penalties or consumer service and privacy standards and protections. Each franchise entered into by a municipality and a community antenna television system before June 30, 2007 (the effective date of Public Act 95-9) this amendatory Act of the 95th General Assembly shall be amended by this Section to incorporate the penalty provisions and customer service and privacy standards and protections contained in Article XXII of the Public Utilities Act the Cable and Video Customers Protection Law.

The corporate authorities of each municipality may, in the course of franchising such community antenna television system, grant to such franchisee the authority and the right and permission to use all public streets, rights of way, alleys, ways for public service facilities, parks,

playgrounds, school grounds, or other public grounds, in which such municipality may have an interest, for the construction, installation, operation, maintenance, alteration, addition, extension or improvement of a community antenna television system.

Any charge imposed by a community antenna television system franchised pursuant to this Section for the raising or removal of cables or lines to permit passage on, to or from a street shall not exceed the reasonable costs of work reasonably necessary to safely permit such passage. Pursuant to subsections (h) and (i) of Section 6 of Article VII of the Constitution of the State of Illinois, the General Assembly declares the regulation of charges which may be imposed by community antenna television systems for the raising or removal of cables or lines to permit passage on, to or from streets is a power or function to be exercised exclusively by the State and not to be exercised or performed concurrently with the State by any unit of local government, including any home rule unit.

The municipality may, upon written request by the franchisee of a community antenna television system, exercise its right of eminent domain solely for the purpose of granting an easement right no greater than 8 feet in width, extending no greater than 8 feet from any lot line for the purpose of extending cable across any parcel of property in the manner provided by the law of eminent domain, provided, however, such franchisee deposits with the municipality sufficient security to pay all costs incurred by the municipality in the exercise of its right of eminent domain.

(d) The General Assembly finds and declares that satellite-transmitted television programming should be available to those who desire to subscribe to such programming and that decoding devices should be obtainable at reasonable prices by those who are unable to obtain satellite-transmitted television programming through duly franchised community antenna television systems.

In any instance in which a person is unable to obtain satellite-transmitted television programming through a duly franchised community antenna television system either because the municipality and county in which such person resides has not granted a franchise to operate and maintain a community antenna television system, or because the duly franchised community antenna television system operator does not make cable television services available to such person, any programming company that delivers satellite-transmitted television programming in scrambled or encrypted form shall ensure that devices for description of

such programming are made available to such person, through the local community antenna television operator or directly, for purchase or lease at prices reasonably related to the cost of manufacture and distribution of such devices.

(e) The General Assembly finds and declares that, in order to ensure that community antenna television services are provided in an orderly, competitive and economically sound manner, the best interests of the public will be served by the establishment of certain minimum standards and procedures for the granting of additional cable television franchises.

Subject to the provisions of this subsection, the authority granted under subsection (a) hereof shall include the authority to license, franchise and tax more than one cable operator to provide community antenna television services within the corporate limits of a single franchising authority. For purposes of this subsection (e), the term:

(i) "Existing cable television franchise" means a community antenna television franchise granted by a municipality which is in use at the time such municipality receives an application or request by another cable operator for a franchise to provide cable antenna television services within all or any portion of the territorial area which is or may be served under the existing cable television franchise.

(ii) "Additional cable television franchise" means a franchise pursuant to which community antenna television services may be provided within the territorial areas, or any portion thereof, which may be served under an existing cable television franchise.

(iii) "Franchising Authority" is defined as that term is defined under Section 602(9) of the Cable Communications Policy Act of 1984, Public Law 98-549, but does not include any municipality with a population of 1,000,000 or more.

(iv) "Cable operator" is defined as that term is defined under Section 602(4) of the Cable Communications Policy Act of 1984, Public Law 98-549.

Before granting an additional cable television franchise, the franchising authority shall:

(1) Give written notice to the owner or operator of any other community antenna television system franchised to serve all or any portion of the territorial area to be served by such additional cable television franchise, identifying the applicant for such franchise.

additional franchise and specifying the date, time and place at which the franchising authority shall conduct public hearings to consider and determine whether such additional cable television franchise should be granted.

(2) Conduct a public hearing to determine the public need for such additional cable television franchise, the capacity of public rights-of-way to accommodate such additional community antenna television services, the potential disruption to existing users of public rights-of-way to be used by such additional franchise applicant to complete construction and to provide cable television services within the proposed franchise area, the long term economic impact of such additional cable television system within the community, and such other factors as the franchising authority shall deem appropriate.

(3) Determine, based upon the foregoing factors, whether it is in the best interest of the municipality to grant such additional cable television franchise.

(4) If the franchising authority shall determine that it is in the best interest of the municipality to do so, it may grant the additional cable television franchise. Except as provided in paragraph (5) of this subsection (e), no such additional cable television franchise shall be granted under terms or conditions more favorable or less burdensome to the applicant than those required under the existing cable television franchise, including but not limited to terms and conditions pertaining to the territorial extent of the franchise, system design, technical performance standards, construction schedules, performance bonds, standards for construction and installation of cable television facilities, service to subscribers, public educational and governmental access channels and programming, production assistance, liability and indemnification, and franchise fees.

(5) Unless the existing cable television franchise provides that any additional cable television franchise shall be subject to the same terms or substantially equivalent terms and conditions as those of the existing cable television franchise, the franchising authority may grant an additional cable television franchise under different terms and conditions than those of the existing franchise, in which event the franchising authority shall enter into good faith negotiations with the existing franchisee and shall, within 120 days

after the effective date of the additional cable television franchise, modify the existing cable television franchise in a manner and to the extent necessary to ensure that neither the existing cable television franchise nor the additional cable television franchise, each considered in its entirety, provides a competitive advantage over the other, provided that prior to modifying the existing cable television franchise, the franchising authority shall have conducted a public hearing to consider the proposed modification. No modification in the terms and conditions of the existing cable television franchise shall oblige the existing cable television franchisee (1) to make any additional payment to the franchising authority, including the payment of any additional franchise fee, (2) to engage in any additional construction of the existing cable television system or, (3) to modify the specifications or design of the existing cable television system; and the inclusion of the factors identified in items (2) and (3) shall not be considered in determining whether either franchise considered in its entirety, has a competitive advantage over the other except to the extent that the additional franchisee provides additional video or data services or the equipment or facilities necessary to generate and or carry such service. No modification in the terms and conditions of the existing cable television franchise shall be made if the existing cable television franchisee elects to continue to operate under all terms and conditions of the existing franchise.

If within the 120 day period the franchising authority and the existing cable television franchisee are unable to reach agreement on modifications to the existing cable television franchise, then the franchising authority shall modify the existing cable television franchise, effective 45 days thereafter, in a manner, and only to the extent, that the terms and conditions of the existing cable television franchise shall no longer impose any duty or obligation on the existing franchisee which is not also imposed under the additional cable television franchise; however, if by the modification the existing cable television franchisee is relieved of duties or obligations not imposed under the additional cable television franchise, then within the same 45 days and following a public hearing concerning modification of the additional cable television franchise within that 45 day period, the franchising authority shall modify the additional cable television franchise to

the extent necessary to insure that neither the existing cable television franchise nor the additional cable television franchise, each considered in its entirety, shall have a competitive advantage over the other.

No municipality shall be subject to suit for damages based upon the municipality's determination to grant or its refusal to grant an additional cable television franchise, provided that a public hearing as herein provided has been held and the franchising authority has determined that it is in the best interest of the municipality to grant or refuse to grant such additional franchise, as the case may be.

It is declared to be the law of this State, pursuant to paragraphs (h) and (i) of Section 6 of Article VII of the Illinois Constitution, that the establishment of minimum standards and procedures for the granting of additional cable television franchises by municipalities with a population less than 1,000,000 as provided in this subsection (e) is an exclusive State power and function that may not be exercised concurrently by a home rule unit.

(f) No municipality may acquire, construct, own, or operate a community antenna television system unless the corporate authorities adopt an ordinance. The ordinance must set forth the action proposed; describe the plant, equipment, and property to be acquired or constructed; and specifically describe the manner in which the construction, acquisition, and operation of the system will be financed.

The ordinance may not take effect until the question of acquiring, construction, owning, or operating a community antenna television system has been submitted to the electors of the municipality at a regular election and approved by a majority of the electors voting on the question. The corporate authorities must certify the question to the proper election authority, which must submit the question at an election in accordance with the Election Code.

The question must be submitted in substantially the following form:

Shall the ordinance authorizing the municipality to (insert action authorized by ordinance) take effect?

The votes must be recorded as "Yes" or "No".

If a majority of electors voting on the question vote in the affirmative, the ordinance shall take effect.

Not more than 30 or less than 15 days before the date of the referendum, the municipal clerk must publish the ordinance at least once

(b) A person or entity seeking to provide cable service or video service in this State after June 30, 2007 (the effective date of Public Act 95-9) this amendatory Act of the 95th General Assembly shall not use the public rights-of-way for the installation or construction of facilities for the provision of cable service or video service or offer cable service or video service until it has (i) obtained a State-issued authorization to offer or provide cable or video service under Section 21-401 Section 401 of the Public Utilities Act Cable and Video Competition Law of 2007; (ii) obtained authorization under Section 11-42-11 of the Illinois Municipal Code; or (iii) obtained authorization under Section 5-1095 of the Counties Code. Nothing in this Section shall prohibit a local unit of government from granting a permit to a person or entity for the use of the public rights-of-way to install or construct facilities to provide cable service or video service, at its sole discretion. (65 ILCS 5/11-74.4-3) (from Ch. 24, par. 11-74.4-3)

Sec. 11-74.4-3. Definitions. The following terms, wherever used or referred to in this Division 74.4 shall have the following respective meanings, unless in any case a different meaning clearly appears from the context.

(a) For any redevelopment project area that has been designated pursuant to this Section by an ordinance adopted prior to November 1, 1999 (the effective date of Public Act 91-478), "blighted area" shall have the meaning set forth in this Section prior to that date.

On and after November 1, 1999, "blighted area" means any improved or vacant area within the boundaries of a redevelopment project area located within the territorial limits of the municipality where:

(1) If improved, industrial, commercial, and residential buildings or improvements are detrimental to the public safety, health, or welfare because of a combination of 5 or more of the following factors, each of which is (i) present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) reasonably distributed throughout the improved part of the redevelopment project area:

(A) Dilapidation. An advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.

(B) Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.

(C) Deterioration. With respect to buildings, defects including, but not limited to, major defects in the secondary building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys,

curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration, including, but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.

(D) Presence of structures below minimum code standards. All structures that do not meet the standards of zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.

(E) Illegal use of individual structures. The use of structures in violation of applicable federal, State, or local laws, exclusive of those applicable to the presence of structures below minimum code standards.

(F) Excessive vacancies. The presence of buildings that are unoccupied or under-utilized and that represent an adverse influence on the area because of the frequency, extent, or duration of the vacancies.

(G) Lack of ventilation, light, or sanitary facilities. The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. Inadequate natural light and ventilation means the absence of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

(H) Inadequate utilities. Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.

New matter indicated by italics - deletions by strikeout.
(I) Excessive land coverage and overcrowding of structures and community facilities. The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are: (i) the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and (ii) the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels must exhibit one or more of the following conditions: insufficient provision for light and air within or around buildings, increased threat of spread of fire due to the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack of reasonably required off-street parking, or inadequate provision for loading and service.

(J) Deleterious land use or layout. The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.

(K) Environmental clean-up. The proposed redevelopment project area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(L) Lack of community planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the

New matter indicated by italics - deletions by strikeout.
area's development. This factor must be documented by
evidence of adverse or incompatible land-use relationships,
inadequate street layout, improper subdivision, parcels of
inadequate shape and size to meet contemporary
development standards, or other evidence demonstrating an
absence of effective community planning.

(M) The total equalized assessed value of the
proposed redevelopment project area has declined for 3 of
the last 5 calendar years prior to the year in which the
redevelopment project area is designated or is increasing at
an annual rate that is less than the balance of the
municipality for 3 of the last 5 calendar years for which
information is available or is increasing at an annual rate
that is less than the Consumer Price Index for All Urban
Consumers published by the United States Department of
Labor or successor agency for 3 of the last 5 calendar years
prior to the year in which the redevelopment project area is
designated.

(2) If vacant, the sound growth of the redevelopment
project area is impaired by a combination of 2 or more of the
following factors, each of which is (i) present, with that presence
documented, to a meaningful extent so that a municipality may
reasonably find that the factor is clearly present within the intent of
the Act and (ii) reasonably distributed throughout the vacant part of
the redevelopment project area to which it pertains:

(A) Obsolete platting of vacant land that results in
parcels of limited or narrow size or configurations of
parcels of irregular size or shape that would be difficult to
develop on a planned basis and in a manner compatible
with contemporary standards and requirements, or platting
that failed to create rights-of-ways for streets or alleys or
that created inadequate right-of-way widths for streets,
alleys, or other public rights-of-way or that omitted
easements for public utilities.

(B) Diversity of ownership of parcels of vacant land
sufficient in number to retard or impede the ability to
assemble the land for development.
(C) Tax and special assessment delinquencies exist or the property has been the subject of tax sales under the Property Tax Code within the last 5 years.

(D) Deterioration of structures or site improvements in neighboring areas adjacent to the vacant land.

(E) The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(F) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated.

(3) If vacant, the sound growth of the redevelopment project area is impaired by one of the following factors that (i) is present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) is reasonably distributed throughout the vacant part of the redevelopment project area to which it pertains:

(A) The area consists of one or more unused quarries, mines, or strip mine ponds.

(B) The area consists of unused rail yards, rail tracks, or railroad rights-of-way.

New matter indicated by italics - deletions by strikeout.
(C) The area, prior to its designation, is subject to (i) chronic flooding that adversely impacts on real property in the area as certified by a registered professional engineer or appropriate regulatory agency or (ii) surface water that discharges from all or a part of the area and contributes to flooding within the same watershed, but only if the redevelopment project provides for facilities or improvements to contribute to the alleviation of all or part of the flooding.

(D) The area consists of an unused or illegal disposal site containing earth, stone, building debris, or similar materials that were removed from construction, demolition, excavation, or dredge sites.

(E) Prior to November 1, 1999, the area is not less than 50 nor more than 100 acres and 75% of which is vacant (notwithstanding that the area has been used for commercial agricultural purposes within 5 years prior to the designation of the redevelopment project area), and the area meets at least one of the factors itemized in paragraph (1) of this subsection, the area has been designated as a town or village center by ordinance or comprehensive plan adopted prior to January 1, 1982, and the area has not been developed for that designated purpose.

(F) The area qualified as a blighted improved area immediately prior to becoming vacant, unless there has been substantial private investment in the immediately surrounding area.

(b) For any redevelopment project area that has been designated pursuant to this Section by an ordinance adopted prior to November 1, 1999 (the effective date of Public Act 91-478), "conservation area" shall have the meaning set forth in this Section prior to that date.

On and after November 1, 1999, "conservation area" means any improved area within the boundaries of a redevelopment project area located within the territorial limits of the municipality in which 50% or more of the structures in the area have an age of 35 years or more. Such an area is not yet a blighted area but because of a combination of 3 or more of the following factors is detrimental to the public safety, health, morals or welfare and such an area may become a blighted area:

(10) Deleterious land use or layout. The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.

(11) Lack of community planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.

For the State Fiscal Year 1991, this calculation shall be made by utilizing the period from October 1, 1988, to June 30, 1989, to determine the tax amounts received from retailers and servicemen pursuant to the Municipal Retailers' Occupation Tax and the Municipal Service Occupation Tax Act which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For every State Fiscal Year thereafter, the applicable period shall be the 12 months beginning July 1 and ending June 30 to determine the tax amounts received which shall have deducted therefrom the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts, as the case may be.

For the State Fiscal Year 1999, and every year thereafter until the year 2007, for any municipality that has not entered into a contract or has not issued bonds prior to June 1, 1988 to finance redevelopment project costs within a redevelopment project area, the Net State Utility Tax Increment shall be calculated as follows: By multiplying the Net State Utility Tax Increment by 90% in the State Fiscal Year 1999; 80% in the State Fiscal Year 2000; 70% in the State Fiscal Year 2001; 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. However, for redevelopment project areas for which bonds were issued before July 29, 1991, or for which contracts were entered into before June 1, 1988, in connection with a redevelopment project in the area within the State Sales Tax Boundary, the estimated dates of completion of the redevelopment project and retirement of obligations to finance redevelopment project costs may be extended by municipal ordinance to December 31, 2013. The termination procedures of subsection (b) of Section 11-74.4-8 are not required for these redevelopment project areas in 2009 but are required in 2013. The extension allowed by this amendatory Act of 1993 shall not apply to real property tax increment allocation financing under Section 11-74.4-8.

A municipality may by municipal ordinance amend an existing redevelopment plan to conform to this paragraph (3) as amended by Public Act 91-478, which municipal ordinance may be adopted without further hearing or notice and without complying with the procedures provided in this Act pertaining to an amendment to or the initial approval of a redevelopment plan and project and designation of a redevelopment project area.

Those dates, for purposes of real property tax increment allocation financing pursuant to Section 11-74.4-8 only, shall be not more than 35 years for redevelopment project areas that were

adopted on or after December 16, 1986 and for which at least $8 million worth of municipal bonds were authorized on or after December 19, 1989 but before January 1, 1990; provided that the municipality elects to extend the life of the redevelopment project area to 35 years by the adoption of an ordinance after at least 14 but not more than 30 days' written notice to the taxing bodies, that would otherwise constitute the joint review board for the redevelopment project area, before the adoption of the ordinance.

Those dates, for purposes of real property tax increment allocation financing pursuant to Section 11-74.4-8 only, shall be not more than 35 years for redevelopment project areas that were established on or after December 1, 1981 but before January 1, 1982 and for which at least $1,500,000 worth of tax increment revenue bonds were authorized on or after September 30, 1990 but before July 1, 1991; provided that the municipality elects to extend the life of the redevelopment project area to 35 years by the adoption of an ordinance after at least 14 but not more than 30 days' written notice to the taxing bodies, that would otherwise constitute the joint review board for the redevelopment project area, before the adoption of the ordinance.

(3.5) The municipality finds, in the case of an industrial park conservation area, also that the municipality is a labor surplus municipality and that the implementation of the redevelopment plan will reduce unemployment, create new jobs and by the provision of new facilities enhance the tax base of the taxing districts that extend into the redevelopment project area.

(4) If any incremental revenues are being utilized under Section 8(a)(1) or 8(a)(2) of this Act in redevelopment project areas approved by ordinance after January 1, 1986, the municipality finds: (a) that the redevelopment project area would not reasonably be developed without the use of such incremental revenues, and (b) that such incremental revenues will be exclusively utilized for the development of the redevelopment project area.

(5) If the redevelopment plan will not result in displacement of residents from 10 or more inhabited residential units, and the municipality certifies in the plan that such displacement will not result from the plan, a housing impact study need not be performed. If, however, the redevelopment plan would

result in the displacement of residents from 10 or more inhabited residential units, or if the redevelopment project area contains 75 or more inhabited residential units and no certification is made, then the municipality shall prepare, as part of the separate feasibility report required by subsection (a) of Section 11-74.4-5, a housing impact study.

Part I of the housing impact study shall include (i) data as to whether the residential units are single family or multi-family units, (ii) the number and type of rooms within the units, if that information is available, (iii) whether the units are inhabited or uninhabited, as determined not less than 45 days before the date that the ordinance or resolution required by subsection (a) of Section 11-74.4-5 is passed, and (iv) data as to the racial and ethnic composition of the residents in the inhabited residential units. The data requirement as to the racial and ethnic composition of the residents in the inhabited residential units shall be deemed to be fully satisfied by data from the most recent federal census.

Part II of the housing impact study shall identify the inhabited residential units in the proposed redevelopment project area that are to be or may be removed. If inhabited residential units are to be removed, then the housing impact study shall identify (i) the number and location of those units that will or may be removed, (ii) the municipality's plans for relocation assistance for those residents in the proposed redevelopment project area whose residences are to be removed, (iii) the availability of replacement housing for those residents whose residences are to be removed, and shall identify the type, location, and cost of the housing, and (iv) the type and extent of relocation assistance to be provided.

(6) On and after November 1, 1999, the housing impact study required by paragraph (5) shall be incorporated in the redevelopment plan for the redevelopment project area.

(7) On and after November 1, 1999, no redevelopment plan shall be adopted, nor an existing plan amended, nor shall residential housing that is occupied by households of low-income and very low-income persons in currently existing redevelopment project areas be removed after November 1, 1999 unless the redevelopment plan provides, with respect to inhabited housing units that are to be removed for households of low-income and very low-income persons, affordable housing and relocation

assistance not less than that which would be provided under the federal Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 and the regulations under that Act, including the eligibility criteria. Affordable housing may be either existing or newly constructed housing. For purposes of this paragraph (7), "low-income households", "very low-income households", and "affordable housing" have the meanings set forth in the Illinois Affordable Housing Act. The municipality shall make a good faith effort to ensure that this affordable housing is located in or near the redevelopment project area within the municipality.

(8) On and after November 1, 1999, if, after the adoption of the redevelopment plan for the redevelopment project area, any municipality desires to amend its redevelopment plan to remove more inhabited residential units than specified in its original redevelopment plan, that change shall be made in accordance with the procedures in subsection (c) of Section 11-74.4-5.

(9) For redevelopment project areas designated prior to November 1, 1999, the redevelopment plan may be amended without further joint review board meeting or hearing, provided that the municipality shall give notice of any such changes by mail to each affected taxing district and registrant on the interested party registry, to authorize the municipality to expend tax increment revenues for redevelopment project costs defined by paragraphs (5) and (7.5), subparagraphs (E) and (F) of paragraph (11), and paragraph (11.5) of subsection (q) of Section 11-74.4-3, so long as the changes do not increase the total estimated redevelopment project costs set out in the redevelopment plan by more than 5% after adjustment for inflation from the date the plan was adopted.

(o) "Redevelopment project" means any public and private development project in furtherance of the objectives of a redevelopment plan. On and after November 1, 1999 (the effective date of Public Act 91-478), no redevelopment plan may be approved or amended that includes the development of vacant land (i) with a golf course and related clubhouse and other facilities or (ii) designated by federal, State, county, or municipal government as public land for outdoor recreational activities or for nature preserves and used for that purpose within 5 years prior to the adoption of the redevelopment plan. (q) "Redevelopment project costs" mean and include the sum total of all reasonable or necessary costs incurred or estimated to be incurred, and any such costs incidental to a redevelopment plan and a redevelopment project. Such costs include, without limitation, the following:

In addition, "redevelopment project costs" shall not include lobbying expenses. After consultation with the municipality, each tax increment consultant or advisor to a municipality that plans to designate or has designated a redevelopment project area shall inform the municipality in writing of any contracts that the consultant or advisor has entered into with entities or individuals that have received, or are receiving, payments financed by tax increment revenues produced by the redevelopment project area with respect to which the consultant or advisor has performed, or will be performing, service for the municipality. This requirement shall be satisfied by the consultant or advisor before the commencement of services for the municipality and thereafter whenever any other contracts with those individuals or entities are executed by the consultant or advisor;

1.5 After July 1, 1999, annual administrative costs shall not include general overhead or administrative costs of the municipality that would still have been incurred by the
municipality if the municipality had not designated a redevelopment project area or approved a redevelopment plan;

(2) Property assembly costs, including but not limited to acquisition of land and other property, real or personal, or rights or interests therein, demolition of buildings, site preparation, site improvements that serve as an engineered barrier addressing ground level or below ground environmental contamination, including, but not limited to parking lots and other concrete or asphalt barriers, and the clearing and grading of land;

(3) Costs of rehabilitation, reconstruction or repair or remodeling of existing public or private buildings, fixtures, and leasehold improvements; and the cost of replacing an existing public building if pursuant to the implementation of a redevelopment project the existing public building is to be demolished to use the site for private investment or devoted to a different use requiring private investment;

(4) Costs of the construction of public works or improvements, except that on and after November 1, 1999, redevelopment project costs shall not include the cost of constructing a new municipal public building principally used to provide offices, storage space, or conference facilities or vehicle storage, maintenance, or repair for administrative, public safety, or public works personnel and that is not intended to replace an existing public building as provided under paragraph (3) of subsection (q) of Section 11-74.4-3 unless either (i) the construction of the new municipal building implements a redevelopment project that was included in a redevelopment plan that was adopted by the municipality prior to November 1, 1999 or (ii) the municipality makes a reasonable determination in the redevelopment plan, supported by information that provides the basis for that determination, that the new municipal building is required to meet an increase in the need for public safety purposes anticipated to result from the implementation of the redevelopment plan;

(5) Costs of job training and retraining projects, including the cost of "welfare to work" programs implemented by businesses located within the redevelopment project area;

(6) Financing costs, including but not limited to all necessary and incidental expenses related to the issuance of obligations and which may include payment of interest on any obligations issued hereunder including interest accruing during the estimated period of construction of any redevelopment project for which such obligations are issued and for not exceeding 36 months thereafter and including reasonable reserves related thereto;

(7) To the extent the municipality by written agreement accepts and approves the same, all or a portion of a taxing district's capital costs resulting from the redevelopment project necessarily incurred or to be incurred within a taxing district in furtherance of the objectives of the redevelopment plan and project.

(C) For any school district in a municipality with a population in excess of 1,000,000, the following restrictions shall apply to the reimbursement of increased costs under this paragraph (7.5):

   (i) no increased costs shall be reimbursed unless the school district certifies that each of the schools affected by the assisted housing project is at or over its student capacity;

   (ii) the amount reimbursable shall be reduced by the value of any land donated to the school district by the municipality or developer, and by the value of any physical improvements made to the schools by the municipality or developer; and

   (iii) the amount reimbursed may not affect amounts otherwise obligated by the terms of any bonds, notes, or other funding instruments, or the terms of any redevelopment agreement.

Any school district seeking payment under this paragraph (7.5) shall, after July 1 and before September 30 of each year, provide the municipality with reasonable evidence to support its claim for reimbursement before the municipality.

shall be required to approve or make the payment to the school district. If the school district fails to provide the information during this period in any year, it shall forfeit any claim to reimbursement for that year. School districts may adopt a resolution waiving the right to all or a portion of the reimbursement otherwise required by this paragraph (7.5). By acceptance of this reimbursement the school district waives the right to directly or indirectly set aside, modify, or contest in any manner the establishment of the redevelopment project area or projects;

(7.7) For redevelopment project areas designated (or redevelopment project areas amended to add or increase the number of tax-increment-financing assisted housing units) on or after January 1, 2005 (the effective date of Public Act 93-961), a public library district's increased costs attributable to assisted housing units located within the redevelopment project area for which the developer or redeveloper receives financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the assisted housing sites necessary for the completion of that housing as authorized by this Act shall be paid to the library district by the municipality from the Special Tax Allocation Fund when the tax increment revenue is received as a result of the assisted housing units. This paragraph (7.7) applies only if (i) the library district is located in a county that is subject to the Property Tax Extension Limitation Law or (ii) the library district is not located in a county that is subject to the Property Tax Extension Limitation Law but the district is prohibited by any other law from increasing its tax levy rate without a prior voter referendum.

The amount paid to a library district under this paragraph (7.7) shall be calculated by multiplying (i) the net increase in the number of persons eligible to obtain a library card in that district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment

project area by (ii) the per-patron cost of providing library services so long as it does not exceed $120. The per-patron cost shall be the Total Operating Expenditures Per Capita as stated in the most recent Illinois Public Library Statistics produced by the Library Research Center at the University of Illinois. The municipality may deduct from the amount that it must pay to a library district under this paragraph any amount that it has voluntarily paid to the library district from the tax increment revenue. The amount paid to a library district under this paragraph (7.7) shall be no more than 2% of the amount produced by the assisted housing units and deposited into the Special Tax Allocation Fund.

A library district is not eligible for any payment under this paragraph (7.7) unless the library district has experienced an increase in the number of patrons from the municipality that created the tax-increment-financing district since the designation of the redevelopment project area.

Any library district seeking payment under this paragraph (7.7) shall, after July 1 and before September 30 of each year, provide the municipality with convincing evidence to support its claim for reimbursement before the municipality shall be required to approve or make the payment to the library district. If the library district fails to provide the information during this period in any year, it shall forfeit any claim to reimbursement for that year. Library districts may adopt a resolution waiving the right to all or a portion of the reimbursement otherwise required by this paragraph (7.7). By acceptance of such reimbursement, the library district shall forfeit any right to directly or indirectly set aside, modify, or contest in any manner whatsoever the establishment of the redevelopment project area or projects;

of additional job training, advanced vocational education or career education programs for persons employed or to be employed by employers located in a redevelopment project area; and (ii) when incurred by a taxing district or taxing districts other than the municipality, are set forth in a written agreement by or among the municipality and the taxing district or taxing districts, which agreement describes the program to be undertaken, including but not limited to the number of employees to be trained, a description of the training and services to be provided, the number and type of positions available or to be available, itemized costs of the program and sources of funds to pay for the same, and the term of the agreement. Such costs include, specifically, the payment by community college districts of costs pursuant to Sections 3-37, 3-38, 3-40 and 3-40.1 of the Public Community College Act and by school districts of costs pursuant to Sections 10-22.20a and 10-23.3a of The School Code;

(11) Interest cost incurred by a redeveloper related to the construction, renovation or rehabilitation of a redevelopment project provided that:

(A) such costs are to be paid directly from the special tax allocation fund established pursuant to this Act;

(B) such payments in any one year may not exceed 30% of the annual interest costs incurred by the redeveloper with regard to the redevelopment project during that year;

(C) if there are not sufficient funds available in the special tax allocation fund to make the payment pursuant to this paragraph (11) then the amounts so due shall accrue and be payable when sufficient funds are available in the special tax allocation fund;

(D) the total of such interest payments paid pursuant to this Act may not exceed 30% of the total (i) cost paid or incurred by the redeveloper for the redevelopment project plus (ii) redevelopment project costs excluding any property assembly costs and any relocation costs incurred by a municipality pursuant to this Act; and

(E) the cost limits set forth in subparagraphs (B) and (D) of paragraph (11) shall be modified for the financing of rehabilitated or new housing units for low-income households and very low-income households, as defined in

Section 3 of the Illinois Affordable Housing Act. The percentage of 75% shall be substituted for 30% in subparagraphs (B) and (D) of paragraph (11).

(F) Instead of the eligible costs provided by subparagraphs (B) and (D) of paragraph (11), as modified by this subparagraph, and notwithstanding any other provisions of this Act to the contrary, the municipality may pay from tax increment revenues up to 50% of the cost of construction of new housing units to be occupied by low-income households and very low-income households as defined in Section 3 of the Illinois Affordable Housing Act. The cost of construction of those units may be derived from the proceeds of bonds issued by the municipality under this Act or other constitutional or statutory authority or from other sources of municipal revenue that may be reimbursed from tax increment revenues or the proceeds of bonds issued to finance the construction of that housing.

The eligible costs provided under this subparagraph (F) of paragraph (11) shall be an eligible cost for the construction, renovation, and rehabilitation of all low and very low-income housing units, as defined in Section 3 of the Illinois Affordable Housing Act, within the redevelopment project area. If the low and very low-income units are part of a residential redevelopment project that includes units not affordable to low and very low-income households, only the low and very low-income units shall be eligible for benefits under subparagraph (F) of paragraph (11). The standards for maintaining the occupancy by low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act, of those units constructed with eligible costs made available under the provisions of this subparagraph (F) of paragraph (11) shall be established by guidelines adopted by the municipality. The responsibility for annually documenting the initial occupancy of the units by low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act, shall be that of the then current owner of the property. For ownership units, the guidelines will provide, at a minimum,

for a reasonable recapture of funds, or other appropriate methods designed to preserve the original affordability of the ownership units. For rental units, the guidelines will provide, at a minimum, for the affordability of rent to low and very low-income households. As units become available, they shall be rented to income-eligible tenants. The municipality may modify these guidelines from time to time; the guidelines, however, shall be in effect for as long as tax increment revenue is being used to pay for costs associated with the units or for the retirement of bonds issued to finance the units or for the life of the redevelopment project area, whichever is later.

(11.5) If the redevelopment project area is located within a municipality with a population of more than 100,000, the cost of day care services for children of employees from low-income families working for businesses located within the redevelopment project area and all or a portion of the cost of operation of day care centers established by redevelopment project area businesses to serve employees from low-income families working in businesses located in the redevelopment project area. For the purposes of this paragraph, "low-income families" means families whose annual income does not exceed 80% of the municipal, county, or regional median income, adjusted for family size, as the annual income and municipal, county, or regional median income are determined from time to time by the United States Department of Housing and Urban Development.

(12) Unless explicitly stated herein the cost of construction of new privately-owned buildings shall not be an eligible redevelopment project cost.

(13) After November 1, 1999 (the effective date of Public Act 91-478), none of the redevelopment project costs enumerated in this subsection shall be eligible redevelopment project costs if those costs would provide direct financial support to a retail entity initiating operations in the redevelopment project area while terminating operations at another Illinois location within 10 miles of the redevelopment project area but outside the boundaries of the redevelopment project area municipality. For purposes of this paragraph, termination means a closing of a retail operation that is directly related to the opening of the same operation or like retail

entity owned or operated by more than 50% of the original ownership in a redevelopment project area, but it does not mean closing an operation for reasons beyond the control of the retail entity, as documented by the retail entity, subject to a reasonable finding by the municipality that the current location contained inadequate space, had become economically obsolete, or was no longer a viable location for the retailer or serviceman.

If a special service area has been established pursuant to the Special Service Area Tax Act or Special Service Area Tax Law, then any tax increment revenues derived from the tax imposed pursuant to the Special Service Area Tax Act or Special Service Area Tax Law may be used within the redevelopment project area for the purposes permitted by that Act or Law as well as the purposes permitted by this Act.

(r) "State Sales Tax Boundary" means the redevelopment project area or the amended redevelopment project area boundaries which are determined pursuant to subsection (9) of Section 11-74.4-8a of this Act. The Department of Revenue shall certify pursuant to subsection (9) of Section 11-74.4-8a the appropriate boundaries eligible for the determination of State Sales Tax Increment.

(s) "State Sales Tax Increment" means an amount equal to the increase in the aggregate amount of taxes paid by retailers and servicemen, other than retailers and servicemen subject to the Public Utilities Act, on transactions at places of business located within a State Sales Tax Boundary pursuant to the Retailers' Occupation Tax Act, the Use Tax Act, the Service Use Tax Act, and the Service Occupation Tax Act, except such portion of such increase that is paid into the State and Local Sales Tax Reform Fund, the Local Government Distributive Fund, the Local Government Tax Fund and the County and Mass Transit District Fund, for as long as State participation exists, over and above the Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts for such taxes as certified by the Department of Revenue and paid under those Acts by retailers and servicemen on transactions at places of business located within the State Sales Tax Boundary during the base year which shall be the calendar year immediately prior to the year in which the municipality adopted tax increment allocation financing, less 3.0% of such amounts generated under the Retailers' Occupation Tax Act, Use Tax Act and Service Use Tax Act and the Service Occupation Tax Act, which sum shall be appropriated to the Department of Revenue to cover its costs of administering and enforcing this Section. For purposes of

computing the aggregate amount of such taxes for base years occurring prior to 1985, the Department of Revenue shall compute the Initial Sales Tax Amount for such taxes and deduct therefrom an amount equal to 4% of the aggregate amount of taxes per year for each year the base year is prior to 1985, but not to exceed a total deduction of 12%. The amount so determined shall be known as the "Adjusted Initial Sales Tax Amount". For purposes of determining the State Sales Tax Increment the Department of Revenue shall for each period subtract from the tax amounts received from retailers and servicemen on transactions located in the State Sales Tax Boundary, the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or Revised Initial Sales Tax Amounts for the Retailers' Occupation Tax Act, the Use Tax Act, the Service Use Tax Act and the Service Occupation Tax Act. For the State Fiscal Year 1989 this calculation shall be made by utilizing the calendar year 1987 to determine the tax amounts received. For the State Fiscal Year 1990, this calculation shall be made by utilizing the period from January 1, 1988, until September 30, 1988, to determine the tax amounts received from retailers and servicemen, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For the State Fiscal Year 1991, this calculation shall be made by utilizing the period from October 1, 1988, until June 30, 1989, to determine the tax amounts received from retailers and servicemen, which shall have deducted therefrom nine-twelfths of the certified Initial State Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For every State Fiscal Year thereafter, the applicable period shall be the 12 months beginning July 1 and ending on June 30, to determine the tax amounts received which shall have deducted therefrom the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts. Municipalities intending to receive a distribution of State Sales Tax Increment must report a list of retailers to the Department of Revenue by October 31, 1988 and by July 31, of each year thereafter.

(t) "Taxing districts" means counties, townships, cities and incorporated towns and villages, school, road, park, sanitary, mosquito abatement, forest preserve, public health, fire protection, river conservancy, tuberculosis sanitarium and any other municipal corporations or districts with the power to levy taxes.

(u) "Taxing districts' capital costs" means those costs of taxing districts for capital improvements that are found by the municipal corporate authorities to be necessary and directly result from the redevelopment project.

(v) As used in subsection (a) of Section 11-74.4-3 of this Act, "vacant land" means any parcel or combination of parcels of real property without industrial, commercial, and residential buildings which has not been used for commercial agricultural purposes within 5 years prior to the designation of the redevelopment project area, unless the parcel is included in an industrial park conservation area or the parcel has been subdivided; provided that if the parcel was part of a larger tract that has been divided into 3 or more smaller tracts that were accepted for recording during the period from 1950 to 1990, then the parcel shall be deemed to have been subdivided, and all proceedings and actions of the municipality taken in that connection with respect to any previously approved or designated redevelopment project area or amended redevelopment project area are hereby validated and hereby declared to be legally sufficient for all purposes of this Act. For purposes of this Section and only for land subject to the subdivision requirements of the Plat Act, land is subdivided when the original plat of the proposed Redevelopment Project Area or relevant portion thereof has been properly certified, acknowledged, approved, and recorded or filed in accordance with the Plat Act and a preliminary plat, if any, for any subsequent phases of the proposed Redevelopment Project Area or relevant portion thereof has been properly approved and filed in accordance with the applicable ordinance of the municipality.

(w) "Annual Total Increment" means the sum of each municipality's annual Net Sales Tax Increment and each municipality's annual Net Utility Tax Increment. The ratio of the Annual Total Increment of each municipality to the Annual Total Increment for all municipalities, as most recently calculated by the Department, shall determine the proportional shares of the Illinois Tax Increment Fund to be distributed to each municipality.

Sec. 11-74.4-7. Obligations secured by the special tax allocation fund set forth in Section 11-74.4-8 for the redevelopment project area may be issued to provide for redevelopment project costs. Such obligations, when so issued, shall be retired in the manner provided in the ordinance authorizing the issuance of such obligations by the receipts of taxes levied as specified in Section 11-74.4-9 against the taxable property included in the area, by revenues as specified by Section 11-74.4-8a and other revenue designated by the municipality. A municipality may in the ordinance pledge all or any part of the funds in and to be deposited in the special tax allocation fund created pursuant to Section 11-74.4-8 to the payment of the redevelopment project costs and obligations. Any pledge of funds in the special tax allocation fund shall provide for distribution to the taxing districts and to the Illinois Department of Revenue of moneys not required, pledged, earmarked, or otherwise designated for payment and securing of the obligations and anticipated redevelopment project costs and such excess funds shall be calculated annually and deemed to be "surplus" funds. In the event a municipality only applies or pledges a portion of the funds in the special tax allocation fund for the payment or securing of anticipated redevelopment project costs or of obligations, any such funds remaining in the special tax allocation fund after complying with the requirements of the application or pledge, shall also be calculated annually and deemed "surplus" funds. All surplus funds in the special tax allocation fund shall be distributed annually within 180 days after the close of the municipality's fiscal year by being paid by the municipal treasurer to the County Collector, to the Department of Revenue and to the municipality in direct proportion to the tax incremental revenue received as a result of an increase in the equalized assessed value of property in the redevelopment project area, tax incremental revenue received from the State and tax incremental revenue received from the municipality, but not to exceed as to each such source the total incremental revenue received from that source. The County Collector shall thereafter make distribution to the respective taxing districts in the same manner and proportion as the most recent distribution by the county collector to the affected districts of real property taxes from real property in the redevelopment project area.

Without limiting the foregoing in this Section, the municipality may in addition to obligations secured by the special tax allocation fund

pledge for a period not greater than the term of the obligations towards payment of such obligations any part or any combination of the following: (a) net revenues of all or part of any redevelopment project; (b) taxes levied and collected on any or all property in the municipality; (c) the full faith and credit of the municipality; (d) a mortgage on part or all of the redevelopment project; or (e) any other taxes or anticipated receipts that the municipality may lawfully pledge.

Such obligations may be issued in one or more series bearing interest at such rate or rates as the corporate authorities of the municipality shall determine by ordinance. Such obligations shall bear such date or dates, mature at such time or times not exceeding 20 years from their respective dates, be in such denomination, carry such registration privileges, be executed in such manner, be payable in such medium of payment at such place or places, contain such covenants, terms and conditions, and be subject to redemption as such ordinance shall provide. Obligations issued pursuant to this Act may be sold at public or private sale at such price as shall be determined by the corporate authorities of the municipalities. No referendum approval of the electors shall be required as a condition to the issuance of obligations pursuant to this Division except as provided in this Section.

In the event the municipality authorizes issuance of obligations pursuant to the authority of this Division secured by the full faith and credit of the municipality, which obligations are other than obligations which may be issued under home rule powers provided by Article VII, Section 6 of the Illinois Constitution, or pledges taxes pursuant to (b) or (c) of the second paragraph of this section, the ordinance authorizing the issuance of such obligations or pledging such taxes shall be published within 10 days after such ordinance has been passed in one or more newspapers, with general circulation within such municipality. The publication of the ordinance shall be accompanied by a notice of (1) the specific number of voters required to sign a petition requesting the question of the issuance of such obligations or pledging taxes to be submitted to the electors; (2) the time in which such petition must be filed; and (3) the date of the prospective referendum. The municipal clerk shall provide a petition form to any individual requesting one.

If no petition is filed with the municipal clerk, as hereinafter provided in this Section, within 30 days after the publication of the ordinance, the ordinance shall be in effect. But, if within that 30 day period a petition is filed with the municipal clerk, signed by electors in the
municipality numbering 10% or more of the number of registered voters in the municipality, asking that the question of issuing obligations using full faith and credit of the municipality as security for the cost of paying for redevelopment project costs, or of pledging taxes for the payment of such obligations, or both, be submitted to the electors of the municipality, the corporate authorities of the municipality shall call a special election in the manner provided by law to vote upon that question, or, if a general, State or municipal election is to be held within a period of not less than 30 or more than 90 days from the date such petition is filed, shall submit the question at the next general, State or municipal election. If it appears upon the canvass of the election by the corporate authorities that a majority of electors voting upon the question voted in favor thereof, the ordinance shall be in effect, but if a majority of the electors voting upon the question are not in favor thereof, the ordinance shall not take effect.

(3) The Regional Superintendent shall render a decision regarding approval or denial and submit the safety survey report to the State Superintendent of Education.
(4) The State Superintendent of Education shall approve or deny the report including recommendations to effectuate compliance with the code and, if approved, issue a certificate of approval.

None of the resolutions adopted under this paragraph by any elementary or unit school districts that are subject to the jurisdiction and authority of the township treasurer and trustees of schools of the township in which those offices are sought to be abolished shall be deemed in compliance with the requirements of this paragraph or sufficient to authorize submission of the proposition to abolish those offices to a referendum of the electors in any such school district unless all of the school boards of all of the elementary and unit school districts that are subject to the jurisdiction and authority of the township treasurer and trustees of schools of that township adopt such a resolution in accordance with the provisions of this paragraph.

(3) The school boards of all of the elementary and unit school districts that are subject to the jurisdiction and authority of the township treasurer and trustees of schools of the township in which those offices are sought to be abolished submit a proposition to abolish the offices of township treasurer and trustee of schools of that township to the electors of their respective school districts at the same consolidated election in accordance with the general election law, the ballot in each such district to be in substantially the following form:

elementary and unit school district votes in favor of the proposition as submitted to them.

If in each elementary and unit school district that is subject to the jurisdiction and authority of the township treasurer and trustees of schools of the township in which those offices are sought to be abolished a majority of the electors in each such district voting at the consolidated election on the proposition to abolish the offices of township treasurer and trustee of schools of that township votes in favor of the proposition as submitted to them, the proposition shall be deemed to have passed; but if in any such elementary or unit school district a majority of the electors voting on that proposition in that district fails to vote in favor of the proposition as submitted to them, then notwithstanding the vote of the electors in any other such elementary or unit school district on that proposition the proposition shall not be deemed to have passed in any of those elementary or unit school districts, and the offices of township treasurer and trustee of schools of the township in which those offices were sought to be abolished shall not be abolished, unless in each of those elementary and unit school districts remaining subject to the jurisdiction and authority of the township treasurer and trustees of schools of that township proceedings are again initiated to abolish those offices and all of the proceedings and conditions prescribed in paragraphs (1) through (4) of this subsection are repeated and met in each of those elementary and unit school districts.

Notwithstanding the foregoing provisions of this Section or any other provision of the School Code, the offices of township treasurer and trustee of schools of a township that has a population of less than 200,000 and that contains a unit school district and is located in a Class II county school unit shall also be abolished as provided in this subsection if all of the conditions set forth in paragraphs (1), (2), and (3) of this subsection are met and if the following additional condition is met:

The electors in all of the school districts subject to the jurisdiction and authority of the township treasurer and trustees of schools of the township in which those offices are sought to be abolished shall vote at the consolidated election on the proposition to abolish the offices of township treasurer and trustee of schools of that township. the school district fails to vote in favor of the proposition as submitted to them, then the proposition shall not be deemed to have passed and the offices of township treasurer and trustee of schools of the township in which those offices were sought to be abolished shall not be abolished, unless and until the proceedings detailed in paragraphs (1) through (3) of this subsection and the conditions set forth in this paragraph are met.

If the proposition to abolish the offices of township treasurer and trustee of schools of a township is deemed to have passed at the consolidated election as provided in this subsection, those offices shall be deemed abolished by operation of law effective on January 1 of the calendar year immediately following the calendar year in which that consolidated election is held, provided that if after the election, the trustees of schools by resolution elect to abolish the offices of township treasurer and trustee of schools effective on July 1 immediately following the election, then the offices shall be abolished on July 1 immediately following the election. On the date that the offices of township treasurer and trustee of schools of a township are deemed abolished by operation of law, the school board of each elementary and unit school district and the school board of each high school district that is subject to the jurisdiction and authority of the township treasurer and trustees of schools of that township at the time those offices are abolished: (i) shall appoint its own school treasurer as provided in Section 8-1; and (ii) unless the term of the contract of a township treasurer expires on the date that the office of township treasurer is abolished, shall pay to the former township treasurer its proportionate share of any aggregate compensation that, were the office of township treasurer not abolished at that time, would have been payable to the former township treasurer after that date over the remainder of the term of the contract of the former township treasurer that began prior to but ends after that date. In addition, on the date that the offices of township treasurer and trustee of schools of a township are deemed abolished as provided in this subsection, the school board of each elementary school, high school and unit school district that until that date is subject to the jurisdiction and authority of the township treasurer and trustees of schools of that township shall be deemed by operation of law to have agreed and assumed to pay and, when determined, shall pay to the Illinois Municipal Retirement Fund a proportionate share of the unfunded liability existing in that Fund at the time these offices are abolished in that calendar year for all annuities or other benefits then or thereafter to become payable from

that Fund with respect to all periods of service performed prior to that date as a participating employee in that Fund by persons serving during those periods of service as a trustee of schools, township treasurer or regular employee in the office of the township treasurer of that township. That unfunded liability shall be actuarially determined by the board of trustees of the Illinois Municipal Retirement Fund, and the board of trustees shall thereupon notify each school board required to pay a proportionate share of that unfunded liability of the aggregate amount of the unfunded liability so determined. The amount so paid to the Illinois Municipal Retirement Fund by each of those school districts shall be credited to the account of the township in that Fund. For each elementary school, high school and unit school district under the jurisdiction and authority of a township treasurer and trustees of schools of a township in which those offices are abolished as provided in this subsection, each such district’s proportionate share of the aggregate compensation payable to the former township treasurer as provided in this paragraph and each such district’s proportionate share of the aggregate amount of the unfunded liability payable to the Illinois Municipal Retirement Fund as provided in this paragraph shall be computed in accordance with the ratio that the number of pupils in average daily attendance in each such district for the school year last ending prior to the date on which the offices of township treasurer and trustee of schools of that township are abolished bears to the aggregate number of pupils in average daily attendance in all of those districts as so reported for that school year.

Upon abolition of the offices of township treasurer and trustee of schools of a township as provided in this subsection: (i) the regional board of school trustees, in its corporate capacity, shall be deemed the successor in interest to the former trustees of schools of that township with respect to the common school lands and township loanable funds of the township; (ii) all right, title and interest existing or vested in the former trustees of schools of that township in the common school lands and township loanable funds of the township, and all records, moneys, securities and other assets, rights of property and causes of action pertaining to or constituting a part of those common school lands or township loanable funds, shall be transferred to and deemed vested by operation of law in the regional board of school trustees, which shall hold legal title to, manage and operate all common school lands and township loanable funds of the township, receive the rents, issues and profits therefrom, and have and exercise with respect thereto the same powers and duties as are provided

by this Code to be exercised by regional boards of school trustees when acting as township land commissioners in counties having at least 220,000 but fewer than 2,000,000 inhabitants; (iii) the regional board of school trustees shall select to serve as its treasurer with respect to the common school lands and township loanable funds of the township a person from time to time also serving as the appointed school treasurer of any school district that was subject to the jurisdiction and authority of the township treasurer and trustees of schools of that township at the time those offices were abolished, and the person selected to also serve as treasurer of the regional board of school trustees shall have his compensation for services in that capacity fixed by the regional board of school trustees, to be paid from the township loanable funds, and shall make to the regional board of school trustees the reports required to be made by treasurers of township land commissioners, give bond as required by treasurers of township land commissioners, and perform the duties and exercise the powers of treasurers of township land commissioners; (iv) the regional board of school trustees shall designate in the manner provided by Section 8-7, insofar as applicable, a depositary for its treasurer, and the proceeds of all rents, issues and profits from the common school lands and township loanable funds of that township shall be deposited and held in the account maintained for those purposes with that depositary and shall be expended and distributed therefrom as provided in Section 15-24 and other applicable provisions of this Code; and (v) whenever there is vested in the trustees of schools of a township at the time that office is abolished under this subsection the legal title to any school buildings or school sites used or occupied for school purposes by any elementary school, high school or unit school district subject to the jurisdiction and authority of those trustees of school at the time that office is abolished, the legal title to those school buildings and school sites shall be deemed transferred by operation of law to and invested in the school board of that school district, in its corporate capacity Section 7-28, the same to be held, sold, exchanged leased or otherwise transferred in accordance with applicable provisions of this Code.

Notwithstanding Section 2-3.25g of this Code, a waiver of a mandate established under this Section may not be requested.

6. The storage, transmittal, and protection of all biometric information from disclosure.

(c) Failure to provide written consent under item (1) of subsection (b) of this Section by the individual who has legal custody of the student or by the student, if he or she has reached the age of 18, must not be the basis for refusal of any services otherwise available to the student.

execute a contract with the receiving district providing for the reassignment of students to the receiving district. If the deactivating district seeks to send its students to more than one district, it shall execute a contract with each receiving district. The length of the contract shall be for 2 school years, but the districts may renew the contract for additional one year or 2 year periods. Contract renewals shall be executed by January 1 of the year in which the existing contract expires. If the majority of those voting upon the proposition do not vote in favor of the proposition, the school facility may not be deactivated.

The sending district shall pay to the receiving district an amount agreed upon by the 2 districts.

When the deactivation of school facilities becomes effective pursuant to this Section, the provisions of Section 24-12 relative to the contractual continued service status of teachers having contractual continued service whose positions are transferred from one board to the control of a different board shall apply, and the positions at the school facilities being deactivated held by teachers, as that term is defined in Section 24-11, having contractual continued service with the school district at the time of the deactivation shall be transferred to the control of the board or boards who shall be receiving the district's students on the following basis:

(1) positions of such teachers in contractual continued service that were full time positions shall be transferred to the control of whichever of such boards such teachers shall request with the teachers making such requests proceeding in the order of those with the greatest length of continuing service with the board to those with the shortest length of continuing service with the board, provided that the number selecting one board over another board or other boards shall not exceed that proportion of the school students going to such board or boards; and

(2) positions of such teachers in contractual continued service that were full time positions and as to which there is no selection left under subparagraph 1 hereof shall be transferred to the appropriate board.

(A) positions of such educational support personnel employees that were full-time positions shall be transferred to the control of whichever of the boards the employees request, with the educational support personnel employees making these requests proceeding in the order of those with the greatest length of continuing service with the board to those with the shortest length of continuing service with the board, provided that the number selecting one board over another board or other boards must not exceed that proportion of students going to such board or boards; and

(B) positions of such educational support personnel employees that were full-time positions and as to which there is no selection left under subdivision (A) shall be transferred to the appropriate board.

The length of continuing service of any educational support personnel employee thereby transferred to another district is not lost and the receiving board is subject to this Code with respect to that transferred educational support personnel employee in the same manner as if the educational support personnel employee was the district's employee during the time the educational support personnel employee was actually employed by the board of the deactivating district from which the position was transferred.

(b) The provisions of this subsection shall not apply to the reactivation of a high school facility which is deactivated under subsection (c). The sending district may, with the approval of the voters in the district, reactivate the school facility which was deactivated. and the approval, by proper resolution, of the school board of the receiving
district or districts, and (b) pursuant to a contract between the sending and
each receiving district, which contract or contracts: (i) shall provide for the
reassignment of all students of the deactivated high school in grades 9

regular school term of the 1988-1989 school year; (iii) shall not be subject

school year. Any high school facility deactivated pursuant to this
subsection for the regular school term of the 1988-1989 school year shall
be reactivated by operation of law as of the end of the regular term of the

Sec. 10-23.5. Educational support personnel employees.

(a) To employ such educational support personnel employees as it
deems advisable and to define their employment duties; provided that
residency within any school district shall not be considered in determining
the employment or the compensation of any such employee, or whether to
retain, promote, assign or transfer such employee. If an educational
support personnel employee is removed or dismissed or the hours he or
she works are reduced as a result of a decision of the school board (i) to
decrease the number of educational support personnel employees
employed by the board or (ii) to discontinue some particular type of
educational support service, written notice shall be mailed to the employee and also given to the employee either by certified mail, return receipt requested, or personal delivery with receipt, at least 30 days before the employee is removed or dismissed or the hours he or she works are reduced, together with a statement of honorable dismissal and the reason therefor if applicable. However, if a reduction in hours is due to an unforeseen reduction in the student population, then the written notice must be mailed and given to the employee at least 5 days before the hours are reduced. The employee with the shorter length of continuing service with the district, within the respective category of position, shall be dismissed first unless an alternative method of determining the sequence of dismissal is established in a collective bargaining agreement or contract between the board and any exclusive bargaining agent and except that this provision shall not impair the operation of any affirmative action program in the district, regardless of whether it exists by operation of law or is conducted on a voluntary basis by the board. If the board has any vacancies for the following school term or within one calendar year from the beginning of the following school term, the positions thereby becoming available within a specific category of position shall be tendered to the employees so removed or dismissed from that category or any other category of position, so far as they are qualified to hold such positions. Each board shall, in consultation with any exclusive employee representative or bargaining agent, each year establish a list, categorized by positions, showing the length of continuing service of each full time educational support personnel employee who is qualified to hold any such positions, unless an alternative method of determining a sequence of dismissal is established as provided for in this Section, in which case a list shall be made in accordance with the alternative method. Copies of the list shall be distributed to the exclusive employee representative or bargaining agent on or before February 1 of each year. Where an educational support personnel employee is dismissed by the board as a result of a decrease in the number of employees or the discontinuance of the employee’s job, the employee shall be paid all earned compensation on or before the third business day following his or her last day of employment.

The provisions of this amendatory Act of 1986 relating to residency within any school district shall not apply to cities having a population exceeding 500,000 inhabitants.

(b) In the case of a new school district or districts formed in accordance with Article 11E of this Code, a school district or districts that

annex all of the territory of one or more entire other school districts in accordance with Article 7 of this Code, or a school district receiving students from a deactivated school facility in accordance with Section 10-22.22b of this Code, the employment of educational support personnel in the new, annexing, or receiving school district immediately following the reorganization shall be governed by this subsection (b). Lists of the educational support personnel employed in the individual districts for the school year immediately prior to the effective date of the new district or districts, annexation, or deactivation shall be combined for the districts forming the new district or districts, for the annexed and annexing districts, or for the deactivating and receiving districts, as the case may be. The combined list shall be categorized by positions, showing the length of continuing service of each full-time educational support personnel employee who is qualified to hold any such position. If there are more full-time educational support personnel employees on the combined list than there are available positions in the new, annexing, or receiving school district, then the employing school board shall first remove or dismiss those educational support personnel employees with the shorter length of continuing service within the respective category of position, following the procedures outlined in subsection (a) of this Section. The employment and position of each educational support personnel employee on the combined list not so removed or dismissed shall be transferred to the new, annexing, or receiving school board, and the new, annexing, or receiving school board is subject to this Code with respect to any educational support personnel employee so transferred as if the educational support personnel employee had been the new, annexing, or receiving board's employee during the time the educational support personnel employee was actually employed by the school board of the district from which the employment and position were transferred.

The changes made by Public Act 95-148 this amendatory Act of the 95th General Assembly shall not apply to the formation of a new district or districts in accordance with Article 11E of this Code, the annexation of one or more entire districts in accordance with Article 7 of this Code, or the deactivation of a school facility in accordance with Section 10-22.22b of this Code effective on or before July 1, 2007.

(a) The State Board of Education shall make rules under which local school boards shall determine the eligibility of children to receive special education. Such rules shall ensure that a free appropriate public education be available to all children with disabilities as defined in Section 14-1.02. The State Board of Education shall require local school districts to administer non-discriminatory procedures or tests to limited English proficiency students coming from homes in which a language other than English is used to determine their eligibility to receive special education. The placement of low English proficiency students in special education programs and facilities shall be made in accordance with the test results reflecting the student's linguistic, cultural and special education needs. For purposes of determining the eligibility of children the State Board of Education shall include in the rules definitions of "case study", "staff conference", "individualized educational program", and "qualified specialist" appropriate to each category of children with disabilities as defined in this Article. For purposes of determining the eligibility of children from homes in which a language other than English is used, the State Board of Education shall include in the rules definitions for "qualified bilingual specialists" and "linguistically and culturally appropriate individualized educational programs". For purposes of this Section, as well as Sections 14-8.02a, 14-8.02b, and 14-8.02c of this Code, "parent" means a parent as defined in the federal Individuals with Disabilities Education Act (20 U.S.C. 1401(23)).

(b) No child shall be eligible for special education facilities except with a carefully completed case study fully reviewed by professional personnel in a multidisciplinary staff conference and only upon the recommendation of qualified specialists or a qualified bilingual specialist, if available. At the conclusion of the multidisciplinary staff conference, the parent of the child shall be given a copy of the multidisciplinary conference summary report and recommendations, which includes options considered, and be informed of their right to obtain an independent educational evaluation if they disagree with the evaluation findings conducted or obtained by the school district. If the school district's evaluation is shown to be inappropriate, the school district shall reimburse the parent for the cost of the independent evaluation. The State Board of Education shall, with advice from the State Advisory Council on Education of Children with Disabilities on the inclusion of specific independent educational evaluators, prepare a list of suggested independent educational evaluators. The State Board of Education shall
include on the list clinical psychologists licensed pursuant to the Clinical Psychologist Licensing Act. Such psychologists shall not be paid fees in excess of the amount that would be received by a school psychologist for performing the same services. The State Board of Education shall supply school districts with such list and make the list available to parents at their request. School districts shall make the list available to parents at the time they are informed of their right to obtain an independent educational evaluation. However, the school district may initiate an impartial due process hearing under this Section within 5 days of any written parent request for an independent educational evaluation to show that its evaluation is appropriate. If the final decision is that the evaluation is appropriate, the parent still has a right to an independent educational evaluation, but not at public expense. An independent educational evaluation at public expense must be completed within 30 days of a parent written request unless the school district initiates an impartial due process hearing or the parent or school district offers reasonable grounds to show that such 30 day time period should be extended. If the due process hearing decision indicates that the parent is entitled to an independent educational evaluation, it must be completed within 30 days of the decision unless the parent or the school district offers reasonable grounds to show that such 30 day period should be extended. If a parent disagrees with the summary report or recommendations of the multidisciplinary conference or the findings of any educational evaluation which results therefrom, the school district shall not proceed with a placement based upon such evaluation and the child shall remain in his or her regular classroom setting. No child shall be eligible for admission to a special class for the educable mentally disabled or for the trainable mentally disabled except with a psychological evaluation and recommendation by a school psychologist. Consent shall be obtained from the parent of a child before any evaluation is conducted. If consent is not given by the parent or if the parent disagrees with the findings of the evaluation, then the school district may initiate an impartial due process hearing under this Section. The school district may evaluate the child if that is the decision resulting from the impartial due process hearing and the decision is not appealed or if the decision is affirmed on appeal. The determination of eligibility shall be made and the IEP meeting shall be completed within 60 school days from the date of written parental consent. In those instances when written parental consent is obtained with fewer than 60 pupil attendance days left in the school year, the eligibility determination shall be made and the IEP
meeting shall be completed prior to the first day of the following school year. After a child has been determined to be eligible for a special education class, such child must be placed in the appropriate program pursuant to the individualized educational program by or no later than the beginning of the next school semester. The appropriate program pursuant to the individualized educational program of students whose native tongue is a language other than English shall reflect the special education, cultural and linguistic needs. No later than September 1, 1993, the State Board of Education shall establish standards for the development, implementation and monitoring of appropriate bilingual special individualized educational programs. The State Board of Education shall further incorporate appropriate monitoring procedures to verify implementation of these standards. The district shall indicate to the parent and the State Board of Education the nature of the services the child will receive for the regular school term while waiting placement in the appropriate special education class.

If the child is deaf, hard of hearing, blind, or visually impaired and he or she might be eligible to receive services from the Illinois School for the Deaf or the Illinois School for the Visually Impaired, the school district shall notify the parents, in writing, of the existence of these schools and the services they provide and shall make a reasonable effort to inform the parents of the existence of other, local schools that provide similar services and the services that these other schools provide. This notification shall include without limitation information on school services, school admissions criteria, and school contact information.

In the development of the individualized education program for a student who has a disability on the autism spectrum (which includes autistic disorder, Asperger's disorder, pervasive developmental disorder not otherwise specified, childhood disintegrative disorder, and Rett Syndrome, as defined in the Diagnostic and Statistical Manual of Mental Disorders, fourth edition (DSM-IV, 2000)), the IEP team shall consider all of the following factors:

1. The verbal and nonverbal communication needs of the child.
2. The need to develop social interaction skills and proficiencies.
3. The needs resulting from the child's unusual responses to sensory experiences.

(4) The needs resulting from resistance to environmental change or change in daily routines.

(5) The needs resulting from engagement in repetitive activities and stereotyped movements.

(6) The need for any positive behavioral interventions, strategies, and supports to address any behavioral difficulties resulting from autism spectrum disorder.

(7) Other needs resulting from the child's disability that impact progress in the general curriculum, including social and emotional development.

Public Act 95-257 This amendatory Act of the 95th General Assembly does not create any new entitlement to a service, program, or benefit, but must not affect any entitlement to a service, program, or benefit created by any other law.

If the student may be eligible to participate in the Home-Based Support Services Program for Mentally Disabled Adults authorized under the Developmental Disability and Mental Disability Services Act upon becoming an adult, the student's individualized education program shall include plans for (i) determining the student's eligibility for those home-based services, (ii) enrolling the student in the program of home-based services, and (iii) developing a plan for the student's most effective use of the home-based services after the student becomes an adult and no longer receives special educational services under this Article. The plans developed under this paragraph shall include specific actions to be taken by specified individuals, agencies, or officials.

(c) In the development of the individualized education program for a student who is functionally blind, it shall be presumed that proficiency in Braille reading and writing is essential for the student's satisfactory educational progress. For purposes of this subsection, the State Board of Education shall determine the criteria for a student to be classified as functionally blind. Students who are not currently identified as functionally blind who are also entitled to Braille instruction include: (i) those whose vision loss is so severe that they are unable to read and write at a level comparable to their peers solely through the use of vision, and (ii) those who show evidence of progressive vision loss that may result in functional blindness. Each student who is functionally blind shall be entitled to Braille reading and writing instruction that is sufficient to enable the student to communicate with the same level of proficiency as other students of comparable ability. Instruction should be provided to the

extent that the student is physically and cognitively able to use Braille. Braille instruction may be used in combination with other special education services appropriate to the student's educational needs. The assessment of each student who is functionally blind for the purpose of developing the student's individualized education program shall include documentation of the student's strengths and weaknesses in Braille skills. Each person assisting in the development of the individualized education program for a student who is functionally blind shall receive information describing the benefits of Braille instruction. The individualized education program for each student who is functionally blind shall specify the appropriate learning medium or media based on the assessment report.

(d) To the maximum extent appropriate, the placement shall provide the child with the opportunity to be educated with children who are not disabled; provided that children with disabilities who are recommended to be placed into regular education classrooms are provided with supplementary services to assist the children with disabilities to benefit from the regular classroom instruction and are included on the teacher's regular education class register. Subject to the limitation of the preceding sentence, placement in special classes, separate schools or other removal of the disabled child from the regular educational environment shall occur only when the nature of the severity of the disability is such that education in the regular classes with the use of supplementary aids and services cannot be achieved satisfactorily. The placement of limited English proficiency students with disabilities shall be in non-restrictive environments which provide for integration with non-disabled peers in bilingual classrooms. Annually, each January, school districts shall report data on students from non-English speaking backgrounds receiving special education and related services in public and private facilities as prescribed in Section 2-3.30. If there is a disagreement between parties involved regarding the special education placement of any child, either in-state or out-of-state, the placement is subject to impartial due process procedures described in Article 10 of the Rules and Regulations to Govern the Administration and Operation of Special Education.

(e) No child who comes from a home in which a language other than English is the principal language used may be assigned to any class or program under this Article until he has been given, in the principal language used by the child and used in his home, tests reasonably related to his cultural environment. All testing and evaluation materials and
procedures utilized for evaluation and placement shall not be linguistically, racially or culturally discriminatory.

(f) Nothing in this Article shall be construed to require any child to undergo any physical examination or medical treatment whose parents object thereto on the grounds that such examination or treatment conflicts with his religious beliefs.

(g) School boards or their designee shall provide to the parents of a child prior written notice of any decision (a) proposing to initiate or change, or (b) refusing to initiate or change, the identification, evaluation, or educational placement of the child or the provision of a free appropriate public education to their child, and the reasons therefor. Such written notification shall also inform the parent of the opportunity to present complaints with respect to any matter relating to the educational placement of the student, or the provision of a free appropriate public education and to have an impartial due process hearing on the complaint. The notice shall inform the parents in the parents' native language, unless it is clearly not feasible to do so, of their rights and all procedures available pursuant to this Act and the federal Individuals with Disabilities Education Improvement Act of 2004 (Public Law 108-446); it shall be the responsibility of the State Superintendent to develop uniform notices setting forth the procedures available under this Act and the federal Individuals with Disabilities Education Improvement Act of 2004 (Public Law 108-446) to be used by all school boards. The notice shall also inform the parents of the availability upon request of a list of free or low-cost legal and other relevant services available locally to assist parents in initiating an impartial due process hearing. Any parent who is deaf, or does not normally communicate using spoken English, who participates in a meeting with a representative of a local educational agency for the purposes of developing an individualized educational program shall be entitled to the services of an interpreter.

The Certification Board shall issue certificates valid for teaching in all grades of the common school in transitional bilingual education programs to any person who presents it with satisfactory evidence that he possesses an adequate speaking and reading ability in a language other than English in which transitional bilingual education is offered and communicative skills in English, and possessed within 5 years previous to his or her applying for a certificate under this Section a valid teaching certificate issued by a foreign country, or by a State or possession or territory of the United States, or other evidence of teaching preparation as may be determined to be sufficient by the Certification Board, or holds a degree from an institution of higher learning in a foreign country which the Certification Board determines to be the equivalent of a bachelor's degree from a recognized institution of higher learning in the United States; provided that any person seeking a certificate under this Section must meet the following additional requirements:

1. Such persons must be in good health;
2. Such persons must be of sound moral character;
3. Such persons must be legally present in the United States and possess legal authorization for employment;
4. Such persons must not be employed to replace any presently employed teacher who otherwise would not be replaced for any reason.

Certificates issuable pursuant to this Section shall be issuable only during the 5 years immediately following the effective date of this Act and thereafter for additional periods of one year only upon a determination by the State Board of Education that a school district lacks the number of teachers necessary to comply with the mandatory requirements of Section 14C-3 of this Article for the establishment and maintenance of programs of transitional bilingual education and said certificates issued by the Certification Board shall be valid for a period of 6 years following their

date of issuance and shall not be renewed, except that one renewal for a period of two years may be granted if necessary to permit the holder of a certificate issued under this Section to acquire a teaching certificate pursuant to Article 21 of this Code. Such certificates and the persons to whom they are issued shall be exempt from the provisions of Article 21 of this Code except that Sections 21-12, 21-13, 21-16, 21-17, 21-21, 21-22, 21-23 and 21-24 shall continue to be applicable to all such certificates.

After the effective date of this amendatory Act of 1984, an additional renewal for a period to expire August 31, 1985, may be granted. The State Board of Education shall report to the General Assembly on or before January 31, 1985 its recommendations for the qualification of teachers of bilingual education and for the qualification of teachers of English as a second language. Said qualification program shall take effect no later than August 31, 1985.

Beginning July 1, 2001, the State Board of Education shall implement a test or tests to assess the speaking, reading, writing, and grammar skills of applicants for a certificate issued under this Section in the English language and in the language of the transitional bilingual education program requested by the applicant and shall establish appropriate fees for these tests. The State Board of Education, in consultation with the Certification Board, shall promulgate rules to implement the required tests, including specific provisions to govern test selection, test validation, determination of a passing score, administration of the test or tests, frequency of administration, applicant fees, identification requirements for test takers, frequency of applicants taking the tests, the years for which a score is valid, waiving tests for individuals who have satisfactorily passed other tests, and the consequences of dishonest conduct in the application for or taking of the tests.

If the qualifications of an applicant for a certificate valid for teaching in transitional bilingual education programs in all grades of the common schools do not meet the requirements established for the issuance of that certificate, the Certification Board nevertheless shall issue the applicant a substitute teacher's certificate under Section 21-9 whenever it appears from the face of the application submitted for certification as a teacher of transitional bilingual education and the evidence presented in support thereof that the applicant's qualifications meet the requirements established for the issuance of a certificate under Section 21-9; provided, that if it does not appear from the face of such application and supporting evidence that the applicant is qualified for issuance of a certificate under

Section 21-9 the Certification Board shall evaluate the application with reference to the requirements for issuance of certificates under Section 21-9 and shall inform the applicant, at the time it denies the application submitted for certification as a teacher of transitional bilingual education, of the additional qualifications which the applicant must possess in order to meet the requirements established for issuance of (i) a certificate valid for teaching in transitional bilingual education programs in all grades of the common schools and (ii) a substitute teacher's certificate under Section 21-9.

Sec. 18-12. Dates for filing State aid claims. The school board of each school district shall require teachers, principals, or superintendents to furnish from records kept by them such data as it needs in preparing and certifying to the regional superintendent its school district report of claims provided in Sections 18-8.05 through 18-9 as required by the State Superintendent of Education. The district claim shall be based on the latest available equalized assessed valuation and tax rates, as provided in Section 18-8.05 and shall use the average daily attendance as determined by the method outlined in Section 18-8.05 and shall be certified and filed with the regional superintendent by June 21 for districts with an official school calendar end date before June 15 or within 2 weeks following the official school calendar end date for districts with a school year end date of June 15 or later. The regional superintendent shall certify and file with the State Superintendent of Education district State aid claims by July 1 for districts with an official school calendar end date before June 15 or no later than July 15 for districts with an official school calendar end date of June 15 or later. Failure to so file by these deadlines constitutes a forfeiture of the right to receive payment by the State until such claim is filed and vouchered for payment. The regional superintendent of schools shall certify the county report of claims by July 15; and the State Superintendent of Education shall voucher for payment those claims to the State Comptroller as provided in Section 18-11.

Except as otherwise provided in this Section, if any school district fails to provide the minimum school term specified in Section 10-19, the State aid claim for that year shall be reduced by the State Superintendent of Education in an amount equivalent to .56818% for each day less than the number of days required by this Code.
If the State Superintendent of Education determines that the failure to provide the minimum school term was occasioned by an act or acts of God, or was occasioned by conditions beyond the control of the school district which posed a hazardous threat to the health and safety of pupils, the State aid claim need not be reduced.

If the State Superintendent of Education determines that the failure to provide the minimum school term was due to a school being closed on or after September 11, 2001 for more than one-half day of attendance due to a bioterrorism or terrorism threat that was investigated by a law enforcement agency, the State aid claim shall not be reduced.

If, during any school day, (i) a school district has provided at least one clock hour of instruction but must close the schools due to adverse weather conditions or due to a condition beyond the control of the school district that poses a hazardous threat to the health and safety of pupils prior to providing the minimum hours of instruction required for a full day of attendance, (ii) the school district must delay the start of the school day due to adverse weather conditions and this delay prevents the district from providing the minimum hours of instruction required for a full day of attendance, or (iii) a school district has provided at least one clock hour of instruction but must dismiss students from one or more recognized school buildings due to a condition beyond the control of the school district, the partial day of attendance may be counted as a full day of attendance. The partial day of attendance and the reasons therefor shall be certified in writing within a month of the closing or delayed start by the local school district superintendent to the Regional Superintendent of Schools for forwarding to the State Superintendent of Education for approval.

If a school building is ordered to be closed by the school board, in consultation with a local emergency response agency, due to a condition that poses a hazardous threat to the health and safety of pupils, then the school district shall have a grace period of 4 days in which the general State aid claim shall not be reduced so that alternative housing of the pupils may be located.

No exception to the requirement of providing a minimum school term may be approved by the State Superintendent of Education pursuant to this Section unless a school district has first used all emergency days provided for in its regular calendar.

If the State Superintendent of Education declares that an energy shortage exists during any part of the school year for the State or a designated portion of the State, a district may operate the school

attendance centers within the district 4 days of the week during the time of the shortage by extending each existing school day by one clock hour of school work, and the State aid claim shall not be reduced, nor shall the employees of that district suffer any reduction in salary or benefits as a result thereof. A district may operate all attendance centers on this revised schedule, or may apply the schedule to selected attendance centers, taking into consideration such factors as pupil transportation schedules and patterns and sources of energy for individual attendance centers.

No State aid claim may be filed for any district unless the district superintendent executes and files with the State Superintendent of Education, in the method prescribed by the Superintendent, certification that the district has complied with the requirements of Section 10-22.5 in regard to the nonsegregation of pupils on account of color, creed, race, sex or nationality.

No State aid claim may be filed for any district unless the district superintendent executes and files with the State Superintendent of Education, in the method prescribed by the Superintendent, a sworn statement that to the best of his or her knowledge or belief the employing or assigning personnel have complied with Section 24-4 in all respects.

Electronically submitted State aid claims shall be submitted by duly authorized district or regional individuals over a secure network that is password protected. The electronic submission of a State aid claim must be accompanied with an affirmation that all of the provisions of Sections 18-8.05 through 18-9, 10-22.5, and 24-4 of this Code are met in all respects.

examined in accordance with this Section and the rules and regulations promulgated hereunder.

A tuberculosis skin test screening shall be included as a required part of each health examination included under this Section if the child resides in an area designated by the Department of Public Health as having a high incidence of tuberculosis. Additional health examinations of pupils, including eye examinations, may be required when deemed necessary by school authorities. Parents are encouraged to have their children undergo eye examinations at the same points in time required for health examinations.

(1.5) In compliance with rules adopted by the Department of Public Health and except as otherwise provided in this Section, all children in kindergarten and the second and sixth grades of any public, private, or parochial school shall have a dental examination. Each of these children shall present proof of having been examined by a dentist in accordance with this Section and rules adopted under this Section before May 15th of the school year. If a child in the second or sixth grade fails to present proof by May 15th, the school may hold the child's report card until one of the following occurs: (i) the child presents proof of a completed dental examination or (ii) the child presents proof that a dental examination will take place within 60 days after May 15th. The Department of Public Health shall establish, by rule, a waiver for children who show an undue burden or a lack of access to a dentist. Each public, private, and parochial school must give notice of this dental examination requirement to the parents and guardians of students at least 60 days before May 15th of each school year.

(1.10) Except as otherwise provided in this Section, all children enrolling in kindergarten in a public, private, or parochial school on or after the effective date of this amendatory Act of the 95th General Assembly and any student enrolling for the first time in a public, private, or parochial school on or after the effective date of this amendatory Act of the 95th General Assembly shall have an eye examination. Each of these children shall present proof of having been examined by a physician licensed to practice medicine in all of its branches or a licensed optometrist within the previous year, in accordance with this Section and rules adopted under this Section, before October 15th of the school year. If the child fails to present proof by October 15th, the school may hold the child's report card until one of the following occurs: (i) the child presents proof of a completed eye examination or (ii) the child presents proof that

an eye examination will take place within 60 days after October 15th. The Department of Public Health shall establish, by rule, a waiver for children who show an undue burden or a lack of access to a physician licensed to practice medicine in all of its branches who provides eye examinations or to a licensed optometrist. Each public, private, and parochial school must give notice of this eye examination requirement to the parents and guardians of students in compliance with rules of the Department of Public Health. Nothing in this Section shall be construed to allow a school to exclude a child from attending because of a parent's or guardian's failure to obtain an eye examination for the child.

(2) The Department of Public Health shall promulgate rules and regulations specifying the examinations and procedures that constitute a health examination, which shall include the collection of data relating to obesity (including at a minimum, date of birth, gender, height, weight, blood pressure, and date of exam), and a dental examination and may recommend by rule that certain additional examinations be performed. The rules and regulations of the Department of Public Health shall specify that a tuberculosis skin test screening shall be included as a required part of each health examination included under this Section if the child resides in an area designated by the Department of Public Health as having a high incidence of tuberculosis. The Department of Public Health shall specify that a diabetes screening as defined by rule shall be included as a required part of each health examination. Diabetes testing is not required.

Physicians licensed to practice medicine in all of its branches, advanced practice nurses who have a written collaborative agreement with a collaborating physician which authorizes them to perform health examinations, or physician assistants who have been delegated the performance of health examinations by their supervising physician shall be responsible for the performance of the health examinations, other than dental examinations, eye examinations, and vision and hearing screening, and shall sign all report forms required by subsection (4) of this Section that pertain to those portions of the health examination for which the physician, advanced practice nurse, or physician assistant is responsible. If a registered nurse performs any part of a health examination, then a physician licensed to practice medicine in all of its branches must review and sign all required report forms. Licensed dentists shall perform all dental examinations and shall sign all report forms required by subsection (4) of this Section that pertain to the dental examinations. Physicians licensed to practice medicine in all its branches or licensed optometrists

shall perform all eye examinations required by this Section and shall sign all report forms required by subsection (4) of this Section that pertain to the eye examination. For purposes of this Section, an eye examination shall at a minimum include history, visual acuity, subjective refraction to best visual acuity near and far, internal and external examination, and a glaucoma evaluation, as well as any other tests or observations that in the professional judgment of the doctor are necessary. Vision and hearing screening tests, which shall not be considered examinations as that term is used in this Section, shall be conducted in accordance with rules and regulations of the Department of Public Health, and by individuals whom the Department of Public Health has certified. In these rules and regulations, the Department of Public Health shall require that individuals conducting vision screening tests give a child's parent or guardian written notification, before the vision screening is conducted, that states, "Vision screening is not a substitute for a complete eye and vision evaluation by an eye doctor. Your child is not required to undergo this vision screening if an optometrist or ophthalmologist has completed and signed a report form indicating that an examination has been administered within the previous 12 months."

(3) Every child shall, at or about the same time as he or she receives a health examination required by subsection (1) of this Section, present to the local school proof of having received such immunizations against preventable communicable diseases as the Department of Public Health shall require by rules and regulations promulgated pursuant to this Section and the Communicable Disease Prevention Act.

(4) The individuals conducting the health examination, dental examination, or eye examination shall record the fact of having conducted the examination, and such additional information as required, including for a health examination data relating to obesity (including at a minimum, date of birth, gender, height, weight, blood pressure, and date of exam), on uniform forms which the Department of Public Health and the State Board of Education shall prescribe for statewide use. The examiner shall summarize on the report form any condition that he or she suspects indicates a need for special services, including for a health examination factors relating to obesity. The individuals confirming the administration of required immunizations shall record as indicated on the form that the immunizations were administered.

(5) If a child does not submit proof of having had either the health examination or the immunization as required, then the child shall be
examined or receive the immunization, as the case may be, and present proof by October 15 of the current school year, or by an earlier date of the current school year established by a school district. To establish a date before October 15 of the current school year for the health examination or immunization as required, a school district must give notice of the requirements of this Section 60 days prior to the earlier established date. If for medical reasons one or more of the required immunizations must be given after October 15 of the current school year, or after an earlier established date of the current school year, then the child shall present, by October 15, or by the earlier established date, a schedule for the administration of the immunizations and a statement of the medical reasons causing the delay, both the schedule and the statement being issued by the physician, advanced practice nurse, physician assistant, registered nurse, or local health department that will be responsible for administration of the remaining required immunizations. If a child does not comply by October 15, or by the earlier established date of the current school year, with the requirements of this subsection, then the local school authority shall exclude that child from school until such time as the child presents proof of having had the health examination as required and presents proof of having received those required immunizations which are medically possible to receive immediately. During a child's exclusion from school for noncompliance with this subsection, the child's parents or legal guardian shall be considered in violation of Section 26-1 and subject to any penalty imposed by Section 26-10. This subsection (5) does not apply to dental examinations and eye examinations.

(6) Every school shall report to the State Board of Education by November 15, in the manner which that agency shall require, the number of children who have received the necessary immunizations and the health examination (other than a dental examination or eye examination) as required, indicating, of those who have not received the immunizations and examination as required, the number of children who are exempt from health examination and immunization requirements on religious or medical grounds as provided in subsection (8). Every school shall report to the State Board of Education by June 30, in the manner that the State Board requires, the number of children who have received the required dental examination, indicating, of those who have not received the required dental examination, the number of children who are exempt from the dental examination on religious grounds as provided in subsection (8) of this Section and the number of children who have received a waiver

under subsection (1.5) of this Section. Every school shall report to the
State Board of Education by June 30, in the manner that the State Board
requires, the number of children who have received the required eye
examination, indicating, of those who have not received the required eye
examination, the number of children who are exempt from the eye
examination as provided in subsection (8) of this Section, the number of
children who have received a waiver under subsection (1.10) of this
Section, and the total number of children in noncompliance with the eye
examination requirement. This reported information shall be provided to
the Department of Public Health by the State Board of Education.

(7) Upon determining that the number of pupils who are required
to be in compliance with subsection (5) of this Section is below 90% of
the number of pupils enrolled in the school district, 10% of each State aid
payment made pursuant to Section 18-8.05 to the school district for such
year may be withheld by the State Board of Education until the number of
students in compliance with subsection (5) is the applicable specified
percentage or higher.

(8) Parents or legal guardians who object to health, dental, or eye
examinations or any part thereof, or to immunizations, on religious
grounds shall not be required to submit their children or wards to the
examinations or immunizations to which they so object if such parents or
legal guardians present to the appropriate local school authority a signed
statement of objection, detailing the grounds for the objection. If the
physical condition of the child is such that any one or more of the
immunizing agents should not be administered, the examining physician,
advanced practice nurse, or physician assistant responsible for the
performance of the health examination shall endorse that fact upon the
health examination form. Exempting a child from the health, dental, or eye
examination does not exempt the child from participation in the program
of physical education training provided in Sections 27-5 through 27-7 of
this Code.

(9) For the purposes of this Section, "nursery schools" means those
nursery schools operated by elementary school systems or secondary level
school units or institutions of higher learning.

In this section "safety education" means and includes instruction in the following:

1. automobile safety, including traffic regulations, highway safety, and the consequences of alcohol consumption and the operation of a motor vehicle;
2. safety in the home;
3. safety in connection with recreational activities;

Such boards may make suitable provisions in the schools and institutions under their jurisdiction for instruction in safety education for not less than 16 hours during each school year.

The curriculum in all State universities shall contain instruction in safety education for teachers that is appropriate to the grade level of the teaching certificate. This instruction may be by specific courses in safety education or may be incorporated in existing subjects taught in the university.

(105 ILCS 5/27-23.7)

Sec. 27-23.7. Bullying prevention education; gang resistance education and training.

(a) The General Assembly finds that bullying has a negative effect on the social environment of schools, creates a climate of fear among students, inhibits their ability to learn, and leads to other antisocial behavior. Bullying behavior has been linked to other forms of antisocial behavior, such as vandalism, shoplifting, skipping and dropping out of school, fighting, using drugs and alcohol, sexual harassment, and sexual violence.

The General Assembly further finds that the instance of youth delinquent gangs continues to rise on a statewide basis. Given the higher rates of criminal offending among gang members, as well as the availability of increasingly lethal weapons, the level of criminal activity by
gang members has taken on new importance for law enforcement agencies, schools, the community, and prevention efforts.

(b) In this Section:
"Bullying prevention" means and includes instruction in all of the following:

1. Intimidation.
2. Student victimization.
4. Sexual violence.
5. Strategies for student-centered problem solving regarding bullying.

"Gang resistance education and training" means and includes instruction in, without limitation, each of the following subject matters when accompanied by a stated objective of reducing gang activity and educating children in grades K through 12 about the consequences of gang involvement:

1. Conflict resolution.
2. Cultural sensitivity.
3. Personal goal setting.
4. Resisting peer pressure.

(c) Each school district may make suitable provisions for instruction in bullying prevention and gang resistance education and training in all grades and include such instruction in the courses of study regularly taught therein. A school board may collaborate with a community-based agency providing specialized curricula in bullying prevention whose ultimate outcome is to prevent sexual violence. For the purposes of gang resistance education and training, a school board must collaborate with State and local law enforcement agencies. The State Board of Education may assist in the development of instructional materials and teacher training in relation to bullying prevention and gang resistance education and training.

(d) Beginning 180 days after August 23, 2007 (the effective date of Public Act 95-349) this amendatory Act of the 95th General Assembly, each school district shall create and maintain a policy on bullying, which policy must be filed with the State Board of Education. Each school district must communicate its policy on bullying to its students and their parent or guardian on an annual basis. The policy must be updated every 2 years and filed with the State Board of Education after being updated. The

(b) If the school district collects biometric information from students, the district shall adopt a policy that requires, at a minimum, all of the following:

1. Written permission from the individual who has legal custody of the student, as defined in Section 10-20.12b of this Code, or from the student if he or she has reached the age of 18.

2. The discontinuation of use of a student's biometric information under either of the following conditions:
   (A) upon the student's graduation or withdrawal from the school district; or
   (B) upon receipt in writing of a request for discontinuation by the individual having legal custody of the student or by the student if he or she has reached the age of 18.

3. The destruction of all of a student's biometric information within 30 days after the biometric information is discontinued in accordance with item (2) of this subsection (b).

4. The use of biometric information solely for identification or fraud prevention.

5. A prohibition on the sale, lease, or other disclosure of biometric information to another person or entity, unless:
   (A) the individual who has legal custody of the student or the student, if he or she has reached the age of 18, consents to the disclosure; or
   (B) the disclosure is required by court order.

6. The storage, transmittal, and protection of all biometric information from disclosure.

Section 185. The Public Community College Act is amended by renumbering Section 2.24 as follows:

(110 ILCS 805/2-25)

Sec. 2-25 2-24. College and Career Readiness Pilot Program.

(a) The General Assembly finds that there is a direct and significant link between students being academically prepared for college and success in postsecondary education. Many students enter college unprepared for the academic rigors of college and require noncredit remedial courses to attain skills and knowledge needed for regular, credit coursework. Remediation lengthens time to degree, imposes additional costs on students and colleges, and uses student financial aid for courses that will not count toward a degree. All high school juniors take the Prairie State Achievement Examination, which contains the ACT college assessment exam. ACT test elements and scores can be correlated to specific course placements in community colleges. Customized ACT test results can be used in collaboration with high schools to assist high school students identify areas for improvement and help them close skill gaps during their senior year. Greater college and career readiness will reduce the need for remediation, lower educational costs, shorten time to degree, and increase the overall success rate of Illinois college students.

(b) Subject to appropriation, the State Board shall create a 3-year pilot project, to be known as the College and Career Readiness Pilot Program. The goals of the program are as follows:

(1) To diagnose college readiness by developing a system to align ACT scores to specific community college courses in developmental and freshman curriculums.

New matter indicated by italics - deletions by strikeout.
(2) To reduce remediation by decreasing the need for remedial coursework in mathematics, reading, and writing at the college level through (i) increasing the number of students enrolled in a college-prep core curriculum, (ii) assisting students in improving college readiness skills, and (iii) increasing successful student transitions into postsecondary education.

(3) To align high school and college curriculums.

(4) To provide resources and academic support to students to enrich the senior year of high school through remedial or advanced coursework and other interventions.

(5) To develop an appropriate evaluation process to measure the effectiveness of readiness intervention strategies.

(c) The first year of the program created under this Section shall begin with the high school class of 2008.

(1) The State Board shall select 4 community colleges to participate in the program based on all of the following:

   (A) The percentage of students in developmental coursework.

   (B) Demographics of student enrollment, including socioeconomic status, race and ethnicity, and enrollments of first-generation college students.

   (C) Geographic diversity.

   (D) The willingness of the community college to submit developmental and introductory courses to ACT for analysis of college placement.

   (E) The ability of the community college to partner with local high schools to develop college and career readiness strategies and college readiness teams.

(2) The State Board shall work with ACT to analyze up to 10 courses at each participating community college for purposes of determining student placement and college readiness.

(3) Each participating community college shall establish an agreement with a high school or schools to do all of the following:

   (A) Create a data-sharing agreement.

   (B) Create a Readiness Prescription for each student, showing all of the following:

      (i) The readiness status for college-level work.

New matter indicated by italics - deletions by strikeout.
(ii) Course recommendations for remediation or for advanced coursework in Advanced Placement classes or dual credit and dual enrollment programs.

(iii) Additional academic support services, including tutoring, mentoring, and college application assistance.

(C) Create college and career readiness teams comprised of faculty and counselors or advisers from the community college and high school, the college and career readiness coordinator from the community college, and other members as determined by the high school and community college. The teams may include local business or civic leaders. The teams shall develop intervention strategies as follows:

(i) Use the Readiness Prescription to develop a contract with each student for remedial or advanced coursework to be taken during the senior year.

(ii) Monitor student progress.

(iii) Provide readiness support services.

(D) Retest students in the spring of 2008 to assess progress and college readiness.

(4) The State Board shall work with participating community colleges and high schools to develop an appropriate evaluation process to measure effectiveness of intervention strategies, including all of the following:

(A) Baseline data for each participating school.

(B) Baseline data for the Illinois system.

(C) Comparison of ACT scores from March 2007 to March 2008.

(D) Student enrollment in college in the fall of 2008.

(E) Placement of college and career readiness students in developmental and regular courses in the fall of 2008.

(F) Retention of college and career readiness students in the spring semester of 2009.

New matter indicated by italics - deletions by strikeout.
(5) The State Board shall work with participating community colleges and high schools to establish operational processes and a budget for college and career readiness pilot programs, including all of the following:

1. Analyze courses at 5 new community college sites.
2. Add college and career readiness teams at 3 new sites (from year 2 of the program).

(1) The Director shall annually value, or cause to be valued, the reserve liabilities (hereinafter called reserves) for all outstanding life insurance policies and annuity and pure endowment contracts of every life insurance company doing business in this State, except that in the case of an alien company, such valuation shall be limited to its United States business, and may certify the amount of any such reserves, specifying the mortality table or tables, rate or rates of interest, and methods (net level premium method or other) used in the calculation of such reserves. Other assumptions may be incorporated into the reserve calculation to the extent permitted by the National Association of Insurance Commissioners' Accounting Practices and Procedures Manual. In calculating such reserves, he may use group methods and approximate averages for fractions of a year or otherwise. In lieu of the valuation of the reserves herein required of any foreign or alien company, he may accept any valuation made, or caused to be made, by the insurance supervisory official of any state or other jurisdiction when such valuation complies with the minimum standard herein provided and if the official of such state or jurisdiction accepts as sufficient and valid for all legal purposes the certificate of valuation of the Director when such certificate states the valuation to have been made in a specified manner according to which the aggregate reserves would be at least as large as if they had been computed in the manner prescribed by the law of that state or jurisdiction.

New matter indicated by italics - deletions by strikeout.
Any such company which at any time has adopted any standard of valuation producing greater aggregate reserves than those calculated according to the minimum standard herein provided may, with the approval of the Director, adopt any lower standard of valuation, but not lower than the minimum herein provided, however, that, for the purposes of this subsection, the holding of additional reserves previously determined by a qualified actuary to be necessary to render the opinion required by subsection (1a) shall not be deemed to be the adoption of a higher standard of valuation. In the valuation of policies the Director shall give no consideration to, nor make any deduction because of, the existence or the possession by the company of

(a) policy liens created by any agreement given or assented to by any assured subsequent to July 1, 1937, for which liens such assured has not received cash or other consideration equal in value to the amount of such liens, or

(b) policy liens created by any agreement entered into in violation of Section 232 unless the agreement imposing or creating such liens has been approved by a Court in a proceeding under Article XIII, or in the case of a foreign or alien company has been approved by a court in a rehabilitation or liquidation proceeding or by the insurance official of its domiciliary state or country, in accordance with the laws thereof.

(1a) This subsection shall become operative at the end of the first full calendar year following the effective date of this amendatory Act of 1991.

(A) General.

(1) Every life insurance company doing business in this State shall annually submit the opinion of a qualified actuary as to whether the reserves and related actuarial items held in support of the policies and contracts specified by the Director by regulation are computed appropriately, are based on assumptions that satisfy contractual provisions, are consistent with prior reported amounts and comply with applicable laws of this State. The Director by regulation shall define the specifics of this opinion and add any other items deemed to be necessary to its scope.

(2) The opinion shall be submitted with the annual statement reflecting the valuation of reserve liabilities for each year ending on or after December 31, 1992.
(3) The opinion shall apply to all business in force including individual and group health insurance plans, in form and substance acceptable to the Director as specified by regulation.

(4) The opinion shall be based on standards adopted from time to time by the Actuarial Standards Board and on additional standards as the Director may by regulation prescribe.

(5) In the case of an opinion required to be submitted by a foreign or alien company, the Director may accept the opinion filed by that company with the insurance supervisory official of another state if the Director determines that the opinion reasonably meets the requirements applicable to a company domiciled in this State.

(6) For the purpose of this Section, "qualified actuary" means a member in good standing of the American Academy of Actuaries who meets the requirements set forth in its regulations.

(7) Except in cases of fraud or willful misconduct, the qualified actuary shall not be liable for damages to any person (other than the insurance company and the Director) for any act, error, omission, decision or conduct with respect to the actuary's opinion.

(8) Disciplinary action by the Director against the company or the qualified actuary shall be defined in regulations by the Director.

(9) A memorandum, in form and substance acceptable to the Director as specified by regulation, shall be prepared to support each actuarial opinion.

(10) If the insurance company fails to provide a supporting memorandum at the request of the Director within a period specified by regulation or the Director determines that the supporting memorandum provided by the insurance company fails to meet the standards prescribed by the regulations or is otherwise unacceptable to the Director, the Director may engage a qualified actuary at the expense of the company to review the opinion and

the basis for the opinion and prepare the supporting memorandum as is required by the Director.

(11) Any memorandum in support of the opinion, and any other material provided by the company to the Director in connection therewith, shall be kept confidential by the Director and shall not be made public and shall not be subject to subpoena, other than for the purpose of defending an action seeking damages from any person by reason of any action required by this Section or by regulations promulgated hereunder; provided, however, that the memorandum or other material may otherwise be released by the Director (a) with the written consent of the company or (b) to the American Academy of Actuaries upon request stating that the memorandum or other material is required for the purpose of professional disciplinary proceedings and setting forth procedures satisfactory to the Director for preserving the confidentiality of the memorandum or other material. Once any portion of the confidential memorandum is cited by the company in its marketing or is cited before any governmental agency other than a state insurance department or is released by the company to the news media, all portions of the confidential memorandum shall be no longer confidential.

(B) Actuarial analysis of reserves and assets supporting those reserves.

(1) Every life insurance company, except as exempted by or under regulation, shall also annually include in the opinion required by paragraph (A)(1) of this subsection (1a), an opinion of the same qualified actuary as to whether the reserves and related actuarial items held in support of the policies and contracts specified by the Director by regulation, when considered in light of the assets held by the company with respect to the reserves and related actuarial items including, but not limited to, the investment earnings on the assets and the considerations anticipated to be received and retained under the policies and contracts, make adequate provision for the company's obligations under the policies and contracts including, but

not limited to, the benefits under and expenses associated with the policies and contracts.

(2) The Director may provide by regulation for a transition period for establishing any higher reserves which the qualified actuary may deem necessary in order to render the opinion required by this Section.

(2) This subsection shall apply to only those policies and contracts issued prior to the operative date of Section 229.2 (the Standard Non-forfeiture Law).

(a) Except as otherwise in this Article provided, the legal minimum standard for valuation of contracts issued before January 1, 1908, shall be the Actuaries or Combined Experience Table of Mortality with interest at 4% per annum and for valuation of contracts issued on or after that date shall be the American Experience Table of Mortality with either Craig's or Buttolph's Extension for ages under 10 and with interest at 3 1/2% per annum. The legal minimum standard for the valuation of group insurance policies under which premium rates are not guaranteed for a period in excess of 5 years shall be the American Men Ultimate Table of Mortality with interest at 3 1/2% per annum. Any life company may, at its option, value its insurance contracts issued on or after January 1, 1938, in accordance with their terms on the basis of the American Men Ultimate Table of Mortality with interest not higher than 3 1/2% per annum.

(b) Policies issued prior to January 1, 1908, may continue to be valued according to a method producing reserves not less than those produced by the full preliminary term method. Policies issued on and after January 1, 1908, may be valued according to a method producing reserves not less than those produced by the modified preliminary term method hereinafter described in paragraph (c). Policies issued on and after January 1, 1938, may be valued either according to a method producing reserves not less than those produced by such modified preliminary term method or by the select and ultimate method on the basis that the rate of mortality during the first 5 years after the issuance of such contracts respectively shall be calculated according to the following percentages of rates shown by the American Experience Table of Mortality:

(i) first insurance year 50% thereof;

(ii) second insurance year 65% thereof;
(iii) third insurance year 75% thereof;
(iv) fourth insurance year 85% thereof;
(v) fifth insurance year 95% thereof.

(c) If the premium charged for the first policy year under a limited payment life preliminary term policy providing for the payment of all premiums thereon in less than 20 years from the date of the policy or under an endowment preliminary term policy, exceeds that charged for the first policy year under 20 payment life preliminary term policies of the same company, the reserve thereon at the end of any year, including the first, shall not be less than the reserve on a 20 payment life preliminary term policy issued in the same year at the same age, together with an amount which shall be equivalent to the accumulation of a net level premium sufficient to provide for a pure endowment at the end of the premium payment period, equal to the difference between the value at the end of such period of such a 20 payment life preliminary term policy and the full net level premium reserve at such time of such a limited payment life or endowment policy. The premium payment period is the period during which premiums are concurrently payable under such 20 payment life preliminary term policy and such limited payment life or endowment policy.

(d) The legal minimum standard for the valuations of annuities issued on and after January 1, 1938, shall be the American Annuitant's Table with interest not higher than 3 3/4% per annum, and all annuities issued before that date shall be valued on a basis not lower than that used for the annual statement of the year 1937; but annuities deferred 10 or more years and written in connection with life insurance shall be valued on the same basis as that used in computing the consideration or premiums therefor, or upon any higher standard at the option of the company.

(e) The Director may vary the standards of interest and mortality as to contracts issued in countries other than the United States and may vary standards of mortality in particular cases of invalid lives and other extra hazards.

(f) The legal minimum standard for valuation of waiver of premium disability benefits or waiver of premium and income disability benefits issued on and after January 1, 1938, shall be the Class (3) Disability Table (1926) modified to conform to the

contractual waiting period, with interest at not more than 3 1/2% per annum; but in no event shall the values be less than those produced by the basis used in computing premiums for such benefits. The legal minimum standard for the valuation of such benefits issued prior to January 1, 1938, shall be such as to place an adequate value, as determined by sound insurance practices, on the liabilities thereunder and shall be such that the value of the benefits under each and every policy shall in no case be less than the value placed upon the future premiums.

(g) The legal minimum standard for the valuation of industrial policies issued on or after January 1, 1938, shall be the American Experience Table of Mortality or the Standard Industrial Mortality Table or the Substandard Industrial Mortality Table with interest at 3 1/2% per annum by the net level premium method, or in accordance with their terms by the modified preliminary term method hereinabove described.

(h) Reserves for all such policies and contracts may be calculated, at the option of the company, according to any standards which produce greater aggregate reserves for all such policies and contracts than the minimum reserves required by this subsection.

(3) This subsection shall apply to only those policies and contracts issued on or after January 1, 1948 or such earlier operative date of Section 229.2 (the Standard Non-forfeiture Law) as shall have been elected by the insurance company issuing such policies or contracts.

(a) Except as otherwise provided in subsections (4), (6), and (7), the minimum standard for the valuation of all such policies and contracts shall be the Commissioners Reserve valuation method defined in paragraphs (b) and (f) of this subsection and in subsection 5, 3 1/2% interest for such policies issued prior to September 8, 1977, 5 1/2% interest for single premium life insurance policies and 4 1/2% interest for all other such policies issued on or after September 8, 1977, and the following tables:

(i) The Commissioners 1941 Standard Ordinary Mortality Table for all Ordinary policies of life insurance issued on the standard basis, excluding any disability and accidental death benefits in such policies, for such policies issued prior to the operative date of subsection (4a) of Section 229.2 (Standard Non-forfeiture Law); and the

(vii) For Group Life Insurance, life insurance issued on the substandard basis and other special benefits--such tables as may be approved by the Director.

(b) Except as otherwise provided in paragraph (f) of subsection (3), subsection (5), and subsection (7) reserves according to the Commissioners reserve valuation method, for the life insurance and endowment benefits of policies providing for a uniform amount of insurance and requiring the payment of uniform premiums shall be the excess, if any, of the present value, at the date of valuation, of such future guaranteed benefits provided for by such policies, over the then present value of any future modified net premiums therefor. The modified net premiums for any such policy shall be such uniform percentage of the respective contract premiums for such benefits that the present value, at the date of issue of the policy, of all such modified net premiums shall be equal to the sum of the then present value of such benefits provided for by the policy and the excess of (A) over (B), as follows:

(A) A net level annual premium equal to the present value, at the date of issue, of such benefits provided for after the first policy year, divided by the present value, at the date of issue, of an annuity of one per annum payable on the first and each subsequent anniversary of such policy on which a premium falls due; provided, however, that such net level annual premium shall not exceed the net level annual premium on the 19 year premium whole life plan for insurance of the same amount at an age one year higher than the age at issue of such policy.

(B) A net one year term premium for such benefits provided for in the first policy year.

For any life insurance policy issued on or after January 1, 1987, for which the contract premium in the first policy year exceeds that of the second year with no comparable additional benefit being provided in that first year, which policy provides an endowment benefit or a cash surrender value or a combination thereof in an amount greater than such excess premium, the reserve

according to the Commissioners reserve valuation method as of any policy anniversary occurring on or before the assumed ending date, defined herein as the first policy anniversary on which the sum of any endowment benefit and any cash surrender value then available is greater than such excess premium, shall, except as otherwise provided in paragraph (f) of subsection (3), be the greater of the reserve as of such policy anniversary calculated as described in the preceding part of this paragraph (b) and the reserve as of such policy anniversary calculated as described in the preceding part of this paragraph (b) with (i) the value defined in subpart A of the preceding part of this paragraph (b) being reduced by 15% of the amount of such excess first year premium, (ii) all present values of benefits and premiums being determined without reference to premiums or benefits provided for by the policy after the assumed ending date, (iii) the policy being assumed to mature on such date as an endowment, and (iv) the cash surrender value provided on such date being considered as an endowment benefit. In making the above comparison, the mortality and interest bases stated in paragraph (a) of subsection (3) and in subsection (6) shall be used.

Reserves according to the Commissioners reserve valuation method for (i) life insurance policies providing for a varying amount of insurance or requiring the payment of varying premiums, (ii) group annuity and pure endowment contracts purchased under a retirement plan or plan of deferred compensation, established or maintained by an employer (including a partnership or sole proprietorship) or by an employee organization, or by both, other than a plan providing individual retirement accounts or individual retirement annuities under Section 408 of the Internal Revenue Code, as now or hereafter amended, (iii) disability and accidental death benefits in all policies and contracts, and (iv) all other benefits, except life insurance and endowment benefits in life insurance policies and benefits provided by all other annuity and pure endowment contracts, shall be calculated by a method consistent with the principles of this paragraph (b), except that any extra premiums charged because of impairments or special hazards shall be disregarded in the determination of modified net premiums.

(c) In no event shall a company's aggregate reserves for all life insurance policies, excluding disability and accidental death benefits be less than the aggregate reserves calculated in accordance with the methods set forth in paragraphs (b), (f), and (g) of subsection (3) and in subsection (5) and the mortality table or tables and rate or rates of interest used in calculating non-forfeiture benefits for such policies.

(d) In no event shall the aggregate reserves for all policies, contracts, and benefits be less than the aggregate reserves determined by the qualified actuary to be necessary to render the opinion required by subsection (1a).

(e) Reserves for any category of policies, contracts or benefits as established by the Director, may be calculated, at the option of the company, according to any standards which produce greater aggregate reserves for such category than those calculated according to the minimum standard herein provided, but the rate or rates of interest used for policies and contracts, other than annuity and pure endowment contracts, shall not be higher than the corresponding rate or rates of interest used in calculating any nonforfeiture benefits provided for therein.

(f) If in any contract year the gross premium charged by any life insurance company on any policy or contract is less than the valuation net premium for the policy or contract calculated by the method used in calculating the reserve thereon but using the minimum valuation standards of mortality and rate of interest, the minimum reserve required for such policy or contract shall be the greater of either the reserve calculated according to the mortality table, rate of interest, and method actually used for such policy or contract, or the reserve calculated by the method actually used for such policy or contract but using the minimum standards of mortality and rate of interest and replacing the valuation net premium by the actual gross premium in each contract year for which the valuation net premium exceeds the actual gross premium. The minimum valuation standards of mortality and rate of interest referred to in this paragraph (f) are those standards stated in subsection (6) and paragraph (a) of subsection (3).

For any life insurance policy issued on or after January 1, 1987, for which the gross premium in the first policy year exceeds that of the second year with no comparable additional benefit

provided in that first year, which policy provides an endowment benefit or a cash surrender value or a combination thereof in an amount greater than such excess premium, the foregoing provisions of this paragraph (f) shall be applied as if the method actually used in calculating the reserve for such policy were the method described in paragraph (b) of subsection (3), ignoring the second paragraph of said paragraph (b). The minimum reserve at each policy anniversary of such a policy shall be the greater of the minimum reserve calculated in accordance with paragraph (b) of subsection (3), including the second paragraph of said paragraph (b), and the minimum reserve calculated in accordance with this paragraph (f).

(g) In the case of any plan of life insurance which provides for future premium determination, the amounts of which are to be determined by the insurance company based on then estimates of future experience, or in the case of any plan of life insurance or annuity which is of such a nature that the minimum reserves cannot be determined by the methods described in paragraphs (b) and (f) of subsection (3) and subsection (5), the reserves which are held under any such plan shall:

(i) be appropriate in relation to the benefits and the pattern of premiums for that plan, and

(ii) be computed by a method which is consistent with the principles of this Standard Valuation Law, as determined by regulations promulgated by the Director.

(4) Except as provided in subsection (6), the minimum standard for the valuation of all individual annuity and pure endowment contracts issued on or after the operative date of this subsection, as defined herein, and for all annuities and pure endowments purchased on or after such operative date under group annuity and pure endowment contracts shall be the Commissioners Reserve valuation methods defined in paragraph (b) of subsection (3) and subsection (5) and the following tables and interest rates:

(a) For individual single premium immediate annuity contracts, excluding any disability and accidental death benefits in such contracts, the 1971 Individual Annuity Mortality Table, any individual annuity mortality table adopted after 1980 by the National Association of Insurance Commissioners and approved by regulations promulgated by the Director for use in determining the

minimum standard of valuation for such contracts, or any modification of those tables approved by the Director, and 7 1/2% interest.

(b) For individual and pure endowment contracts other than single premium annuity contracts, excluding any disability and accidental death benefits in such contracts, the 1971 Individual Annuity Mortality Table, any individual annuity mortality table adopted after 1980 by the National Association of Insurance Commissioners and approved by regulations promulgated by the Director for use in determining the minimum standard of valuation for such contracts, or any modification of those tables approved by the Director, and 5 1/2% interest for single premium deferred annuity and pure endowment contracts and 4 1/2% interest for all other such individual annuity and pure endowment contracts.

(c) For all annuities and pure endowments purchased under group annuity and pure endowment contracts, excluding any disability and accidental death benefits purchased under such contracts, the 1971 Group Annuity Mortality Table, any group annuity mortality table adopted after 1980 by the National Association of Insurance Commissioners and approved by regulations promulgated by the Director for use in determining the minimum standard of valuation for such annuities and pure endowments, or any modification of those tables approved by the Director, and 7 1/2% interest.

After September 8, 1977, any company may file with the Director a written notice of its election to comply with the provisions of this subsection after a specified date before January 1, 1979, which shall be the operative date of this subsection for such company; provided, a company may elect a different operative date for individual annuity and pure endowment contracts from that elected for group annuity and pure endowment contracts. If a company makes no election, the operative date of this subsection for such company shall be January 1, 1979.

(5) This subsection shall apply to all annuity and pure endowment contracts other than group annuity and pure endowment contracts purchased under a retirement plan or plan of deferred compensation, established or maintained by an employer (including a partnership or sole proprietorship) or by an employee organization, or by both, other than a plan providing individual retirement accounts or individual retirement

annuities under Section 408 of the Internal Revenue Code, as now or hereafter amended.

Reserves according to the Commissioners annuity reserve method for benefits under annuity or pure endowment contracts, excluding any disability and accidental death benefits in such contracts, shall be the greatest of the respective excesses of the present values, at the date of valuation, of the future guaranteed benefits, including guaranteed nonforfeiture benefits, provided for by such contracts at the end of each respective contract year, over the present value, at the date of valuation, of any future valuation considerations derived from future gross considerations, required by the terms of such contract, that become payable prior to the end of such respective contract year. The future guaranteed benefits shall be determined by using the mortality table, if any, and the interest rate, or rates, specified in such contracts for determining guaranteed benefits. The valuation considerations are the portions of the respective gross considerations applied under the terms of such contracts to determine nonforfeiture values.

(6)(a) Applicability of this subsection. (i) The interest rates used in determining the minimum standard for the valuation of

(A) all life insurance policies issued in a particular calendar year, on or after the operative date of subsection (4c) of Section 229.2 (Standard Nonforfeiture Law),

(B) all individual annuity and pure endowment contracts issued in a particular calendar year ending on or after December 31, 1983,

(C) all annuities and pure endowments purchased in a particular calendar year ending on or after December 31, 1983, under group annuity and pure endowment contracts, and

(D) the net increase in a particular calendar year ending after December 31, 1983, in amounts held under guaranteed interest contracts shall be the calendar year statutory valuation interest rates, as defined in this subsection.

(b) Calendar Year Statutory Valuation Interest Rates.

(i) The calendar year statutory valuation interest rates shall be determined according to the following formulae, rounding "I" to the nearest .25%.

(A) For life insurance,

\[ I = .03 + W (R1 - .03) + W/2 (R2 - .09). \]

New matter indicated by italics - deletions by strikeout.
(B) For single premium immediate annuities and annuity benefits involving life contingencies arising from other annuities with cash settlement options and from guaranteed interest contracts with cash settlement options,

\[ I = 0.03 + W(R - 0.03) \]
or with prior approval of the Director \[ I = 0.03 + W(Rq - 0.03) \].

For the purposes of this subparagraph (i), "I" equals the calendar year statutory valuation interest rate, "R" is the reference interest rate defined in this subsection, "R1" is the lesser of R and .09, "R2" is the greater of R and .09, "Rq" is the quarterly reference interest rate defined in this subsection, and "W" is the weighting factor defined in this subsection.

(C) For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, valued on an issue year basis, except as stated in (B), the formula for life insurance stated in (A) applies to annuities and guaranteed interest contracts with guarantee durations in excess of 10 years, and the formula for single premium immediate annuities stated in (B) above applies to annuities and guaranteed interest contracts with guarantee durations of 10 years or less.

(D) For other annuities with no cash settlement options and for guaranteed interest contracts with no cash settlement options, the formula for single premium immediate annuities stated in (B) applies.

(E) For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, valued on a change in fund basis, the formula for single premium immediate annuities stated in (B) applies.

(ii) If the calendar year statutory valuation interest rate for any life insurance policy issued in any calendar year determined without reference to this subparagraph differs from the corresponding actual rate for similar policies...
issued in the immediately preceding calendar year by less than .5%, the calendar year statutory valuation interest rate for such life insurance policy shall be the corresponding actual rate for the immediately preceding calendar year. For purposes of applying this subparagraph, the calendar year statutory valuation interest rate for life insurance policies issued in a calendar year shall be determined for 1980, using the reference interest rate defined for 1979, and shall be determined for each subsequent calendar year regardless of when subsection (4c) of Section 229.2 (Standard Nonforfeiture Law) becomes operative.

(c) Weighting Factors.

(i) The weighting factors referred to in the formulae stated in paragraph (b) are given in the following tables.

For life insurance, the guarantee duration is the maximum number of years the life insurance can remain in force on a basis guaranteed in the policy or under options to convert to plans of life insurance with premium rates or nonforfeiture values or both which are guaranteed in the original policy.

(B) The weighting factor for single premium immediate annuities and for annuity benefits involving life contingencies arising from other annuities with cash settlement options and guaranteed interest contracts with cash settlement options is .80.

(C) The weighting factors for other annuities and for guaranteed interest contracts, except as stated in (B) of this subparagraph (i), shall be as specified in tables (1), (2), and (3) of this subpart (C), according to the rules and definitions in (4), (5) and (6) of this subpart (C).

(2) For annuities and guaranteed interest contracts valued on a change in fund basis, the factors shown in (1) for Plan Types A, B and C are increased by .15, .25 and .05, respectively.

(3) For annuities and guaranteed interest contracts valued on an issue year basis, other than those with no cash settlement options, which do not guarantee interest on considerations received more than one year after issue or purchase, and for annuities and guaranteed interest contracts valued on a change in fund basis which do not guarantee interest rates on considerations received more than 12 months beyond the valuation date, the factors shown in (1), or derived in (2), for Plan Types A, B and C are increased by .05.

(4) For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, the guarantee duration is the number of years for which the contract guarantees interest rates in excess of the calendar year statutory valuation interest rate for life insurance policies with guarantee durations in excess of 20 years. For other annuities with no cash
settle
ment options, and for guaranteed interest contracts with no cash settlement options, the guarantee duration is the number of years from the date of issue or date of purchase to the date annuity benefits are scheduled to commence.

(5) The plan types used in the above tables are defined as follows.

Plan Type A is a plan under which the policyholder may not withdraw funds, or may withdraw funds at any time but only (a) with an adjustment to reflect changes in interest rates or asset values since receipt of the funds by the insurance company, (b) without such an adjustment but in installments over 5 years or more, or (c) as an immediate life annuity.

Plan Type B is a plan under which the policyholder may not withdraw funds before expiration of the interest rate guarantee, or may withdraw funds before such expiration but only (a) with an adjustment to reflect changes in interest rates or asset values since receipt of the funds by the insurance company, or (b) without such adjustment but in installments over 5 years or more. At the end of the interest rate guarantee, funds may be withdrawn without such adjustment in a single sum or installments over less than 5 years.

Plan Type C is a plan under which the policyholder may withdraw funds before expiration of the interest rate guarantee in a single sum or installments over less than 5 years either (a) without adjustment to reflect changes in interest rates or asset values since receipt of the funds by the insurance company, or (b) subject only to a fixed

surrender charge stipulated in the contract as a percentage of the fund.

(6) A company may elect to value guaranteed interest contracts with cash settlement options and annuities with cash settlement options on either an issue year basis or on a change in fund basis. Guaranteed interest contracts with no cash settlement options and other annuities with no cash settlement options shall be valued on an issue year basis. As used in this Section, "issue year basis of valuation" refers to a valuation basis under which the interest rate used to determine the minimum valuation standard for the entire duration of the annuity or guaranteed interest contract is the calendar year valuation interest rate for the year of issue or year of purchase of the annuity or guaranteed interest contract. "Change in fund basis of valuation", as used in this Section, refers to a valuation basis under which the interest rate used to determine the minimum valuation standard applicable to each change in the fund held under the annuity or guaranteed interest contract is the calendar year valuation interest rate for the year of the change in the fund.

(d) Reference Interest Rate. (†) The reference interest rate referred to in paragraph (b) of this subsection is defined as follows.

(A) For all life insurance, the reference interest rate is the lesser of the average over a period of 36 months, and the average over a period of 12 months, with both periods ending on June 30, or with prior approval of the Director ending on December 31, of the calendar year next preceding the year of issue, of Moody's Corporate Bond Yield Average - Monthly Average Corporates, as published by Moody's Investors Service, Inc.
(B) For single premium immediate annuities and for annuity benefits involving life contingencies arising from other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, the reference interest rate is the average over a period of 12 months, ending on June 30, or with prior approval of the Director ending on December 31, of the calendar year of issue or year of purchase, of Moody's Corporate Bond Yield Average - Monthly Average Corporates, as published by Moody's Investors Service, Inc.

(C) For annuities with cash settlement options and guaranteed interest contracts with cash settlement options, valued on a year of issue basis, except those described in (B), with guarantee durations in excess of 10 years, the reference interest rate is the lesser of the average over a period of 36 months and the average over a period of 12 months, ending on June 30, or with prior approval of the Director ending on December 31, of the calendar year of issue or purchase, of Moody's Corporate Bond Yield Average-Monthly Average Corporates, as published by Moody's Investors Service, Inc.

(F) For annuities with cash settlement options and guaranteed interest contracts with cash settlement options, valued on a change in fund basis, except those described in (B), the reference interest rate is the average over a period of 12 months, ending on June 30, or with prior approval of the Director ending on December 31, of the calendar year of the change in the fund, of Moody's Corporate Bond Yield Average-Monthly Average Corporates, as published by Moody's Investors Service, Inc.

(G) For annuities valued by a formula based on Rq, the quarterly reference interest rate is, with the prior approval of the Director, the average within each of the 4 consecutive calendar year quarters ending on March 31, June 30, September 30 and December 31 of the calendar year of issue or year of purchase of Moody's Corporate Bond Yield Average-Monthly Average Corporates, as published by Moody's Investors Service, Inc.

(e) Alternative Method for Determining Reference Interest Rates. Section 220. The Public Utilities Act is amended by renumbering Section 12-103, by changing Sections 8-206, 13-507.1, 13-701, 16-111, 21-101, 21-101.1, 21-201, 21-301, 21-401, 21-601, 21-801, 21-901, 21-1001, 21-1101, 21-1201, and 21-1301, and by renumbering and changing Article 70 as follows:

(220 ILCS 5/8-103)
Sec. 8-103. Energy efficiency and demand-response measures.

(a) It is the policy of the State that electric utilities are required to use cost-effective energy efficiency and demand-response measures to reduce delivery load. Requiring investment in cost-effective energy efficiency and demand-response measures will reduce direct and indirect costs to consumers by decreasing environmental impacts and by avoiding or delaying the need for new generation, transmission, and distribution infrastructure. It serves the public interest to allow electric utilities to recover costs for reasonably and prudently incurred expenses for energy efficiency and demand-response measures. As used in this Section, "cost-effective" means that the measures satisfy the total resource cost test. The low-income measures described in subsection (f)(4) of this Section shall not be required to meet the total resource cost test. For purposes of this Section, the terms "energy-efficiency", "demand-response", "electric utility", and "total resource cost test" shall have the meanings set forth in the Illinois Power Agency Act. For purposes of this Section, the amount per kilowatthour means the total amount paid for electric service expressed on a per kilowatthour basis. For purposes of this Section, the total amount paid for electric service includes without limitation estimated amounts paid for supply, transmission, distribution, surcharges, and add-on-taxes.

(b) Electric utilities shall implement cost-effective energy efficiency measures to meet the following incremental annual energy savings goals:

1. 0.2% of energy delivered in the year commencing June 1, 2008;
2. 0.4% of energy delivered in the year commencing June 1, 2009;
3. 0.6% of energy delivered in the year commencing June 1, 2010;

New matter indicated by italics - deletions by strikeout.
(4) 0.8% of energy delivered in the year commencing June 1, 2011;
(5) 1% of energy delivered in the year commencing June 1, 2012;
(6) 1.4% of energy delivered in the year commencing June 1, 2013;
(7) 1.8% of energy delivered in the year commencing June 1, 2014; and
(8) 2% of energy delivered in the year commencing June 1, 2015 and each year thereafter.

(c) Electric utilities shall implement cost-effective demand-response measures to reduce peak demand by 0.1% over the prior year for eligible retail customers, as defined in Section 16-111.5 of this Act. This requirement commences June 1, 2008 and continues for 10 years.

(d) Notwithstanding the requirements of subsections (b) and (c) of this Section, an electric utility shall reduce the amount of energy efficiency and demand-response measures implemented in any single year by an amount necessary to limit the estimated average increase in the amounts paid by retail customers in connection with electric service due to the cost of those measures to:

(1) in 2008, no more than 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007;
(2) in 2009, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2008 or 1% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007;
(3) in 2010, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2009 or 1.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007;
(4) in 2011, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2010 or 2% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007; and
(5) thereafter, the amount of energy efficiency and demand-response measures implemented for any single year shall be reduced by an amount necessary to limit the estimated average net increase due to the cost of these measures included in the amounts

paid by eligible retail customers in connection with electric service to no more than the greater of 2.015% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007 or the incremental amount per kilowatthour paid for these measures in 2011.

No later than June 30, 2011, the Commission shall review the limitation on the amount of energy efficiency and demand-response measures implemented pursuant to this Section and report to the General Assembly its findings as to whether that limitation unduly constrains the procurement of energy efficiency and demand-response measures.

(e) Electric utilities shall be responsible for overseeing the design, development, and filing of energy efficiency and demand-response plans with the Commission. Electric utilities shall implement 100% of the demand-response measures in the plans. Electric utilities shall implement 75% of the energy efficiency measures approved by the Commission, and may, as part of that implementation, outsource various aspects of program development and implementation. The remaining 25% of those energy efficiency measures approved by the Commission shall be implemented by the Department of Commerce and Economic Opportunity, and must be designed in conjunction with the utility and the filing process. The Department may outsource development and implementation of energy efficiency measures. A minimum of 10% of the entire portfolio of cost-effective energy efficiency measures shall be procured from units of local government, municipal corporations, school districts, and community college districts. The Department shall coordinate the implementation of these measures.

The apportionment of the dollars to cover the costs to implement the Department's share of the portfolio of energy efficiency measures shall be made to the Department once the Department has executed grants or contracts for energy efficiency measures and provided supporting documentation for those grants and the contracts to the utility.

The details of the measures implemented by the Department shall be submitted by the Department to the Commission in connection with the utility's filing regarding the energy efficiency and demand-response measures that the utility implements.

A utility providing approved energy efficiency and demand-response measures in the State shall be permitted to recover costs of those measures through an automatic adjustment clause tariff filed with and approved by the Commission. The tariff shall be established outside the

context of a general rate case. Each year the Commission shall initiate a review to reconcile any amounts collected with the actual costs and to determine the required adjustment to the annual tariff factor to match annual expenditures.

Each utility shall include, in its recovery of costs, the costs estimated for both the utility's and the Department's implementation of energy efficiency and demand-response measures. Costs collected by the utility for measures implemented by the Department shall be submitted to the Department pursuant to Section 605-323 of the Civil Administrative Code of Illinois and shall be used by the Department solely for the purpose of implementing these measures. A utility shall not be required to advance any moneys to the Department but only to forward such funds as it has collected. The Department shall report to the Commission on an annual basis regarding the costs actually incurred by the Department in the implementation of the measures. Any changes to the costs of energy efficiency measures as a result of plan modifications shall be appropriately reflected in amounts recovered by the utility and turned over to the Department.

The portfolio of measures, administered by both the utilities and the Department, shall, in combination, be designed to achieve the annual savings targets described in subsections (b) and (c) of this Section, as modified by subsection (d) of this Section.

The utility and the Department shall agree upon a reasonable portfolio of measures and determine the measurable corresponding percentage of the savings goals associated with measures implemented by the utility or Department.

No utility shall be assessed a penalty under subsection (f) of this Section for failure to make a timely filing if that failure is the result of a lack of agreement with the Department with respect to the allocation of responsibilities or related costs or target assignments. In that case, the Department and the utility shall file their respective plans with the Commission and the Commission shall determine an appropriate division of measures and programs that meets the requirements of this Section.

If the Department is unable to meet incremental annual performance goals for the portion of the portfolio implemented by the Department, then the utility and the Department shall jointly submit a modified filing to the Commission explaining the performance shortfall and recommending an appropriate course going forward, including any program modifications that may be appropriate in light of the evaluations.

conducted under item (7) of subsection (f) of this Section. In this case, the utility obligation to collect the Department's costs and turn over those funds to the Department under this subsection (e) shall continue only if the Commission approves the modifications to the plan proposed by the Department.

(f) No later than November 15, 2007, each electric utility shall file an energy efficiency and demand-response plan with the Commission to meet the energy efficiency and demand-response standards for 2008 through 2010. Every 3 years thereafter, each electric utility shall file an energy efficiency and demand-response plan with the Commission. If a utility does not file such a plan, it shall face a penalty of $100,000 per day until the plan is filed. Each utility's plan shall set forth the utility's proposals to meet the utility's portion of the energy efficiency standards identified in subsection (b) and the demand-response standards identified in subsection (c) of this Section as modified by subsections (d) and (e), taking into account the unique circumstances of the utility's service territory. The Commission shall seek public comment on the utility's plan and shall issue an order approving or disapproving each plan within 3 months after its submission. If the Commission disapproves a plan, the Commission shall, within 30 days, describe in detail the reasons for the disapproval and describe a path by which the utility may file a revised draft of the plan to address the Commission's concerns satisfactorily. If the utility does not refile with the Commission within 60 days, the utility shall be subject to penalties at a rate of $100,000 per day until the plan is filed. This process shall continue, and penalties shall accrue, until the utility has successfully filed a portfolio of energy efficiency and demand-response measures. Penalties shall be deposited into the Energy Efficiency Trust Fund. In submitting proposed energy efficiency and demand-response plans and funding levels to meet the savings goals adopted by this Act the utility shall:

(1) Demonstrate that its proposed energy efficiency and demand-response measures will achieve the requirements that are identified in subsections (b) and (c) of this Section, as modified by subsections (d) and (e).

(2) Present specific proposals to implement new building and appliance standards that have been placed into effect.

(3) Present estimates of the total amount paid for electric service expressed on a per kilowatthour basis associated with the proposed portfolio of measures designed to meet the requirements

that are identified in subsections (b) and (c) of this Section, as modified by subsections (d) and (e).

(4) Coordinate with the Department and the Department of Healthcare and Family Services to present a portfolio of energy efficiency measures targeted to households at or below 150% of the poverty level at a level proportionate to those households' share of total annual utility revenues in Illinois.

(5) Demonstrate that its overall portfolio of energy efficiency and demand-response measures, not including programs covered by item (4) of this subsection (f), are cost-effective using the total resource cost test and represent a diverse cross-section of opportunities for customers of all rate classes to participate in the programs.

(6) Include a proposed cost-recovery tariff mechanism to fund the proposed energy efficiency and demand-response measures and to ensure the recovery of the prudently and reasonably incurred costs of Commission-approved programs.

(7) Provide for an annual independent evaluation of the performance of the cost-effectiveness of the utility's portfolio of measures and the Department's portfolio of measures, as well as a full review of the 3-year results of the broader net program impacts and, to the extent practical, for adjustment of the measures on a going-forward basis as a result of the evaluations. The resources dedicated to evaluation shall not exceed 3% of portfolio resources in any given year.

(g) No more than 3% of energy efficiency and demand-response program revenue may be allocated for demonstration of breakthrough equipment and devices.

(h) This Section does not apply to an electric utility that on December 31, 2005 provided electric service to fewer than 100,000 customers in Illinois.

(i) If, after 2 years, an electric utility fails to meet the efficiency standard specified in subsection (b) of this Section, as modified by subsections (d) and (e), it shall make a contribution to the Low-Income Home Energy Assistance Program. The combined total liability for failure to meet the goal shall be $1,000,000, which shall be assessed as follows: a large electric utility shall pay $665,000, and a medium electric utility shall pay $335,000. If, after 3 years, an electric utility fails to meet the efficiency standard specified in subsection (b) of this Section, as modified
by subsections (d) and (e), it shall make a contribution to the Low-Income Home Energy Assistance Program. The combined total liability for failure to meet the goal shall be $1,000,000, which shall be assessed as follows: a large electric utility shall pay $665,000, and a medium electric utility shall pay $335,000. In addition, the responsibility for implementing the energy efficiency measures of the utility making the payment shall be transferred to the Illinois Power Agency if, after 3 years, or in any subsequent 3-year period, the utility fails to meet the efficiency standard specified in subsection (b) of this Section, as modified by subsections (d) and (e). The Agency shall implement a competitive procurement program to procure resources necessary to meet the standards specified in this Section as modified by subsections (d) and (e), with costs for those resources to be recovered in the same manner as products purchased through the procurement plan as provided in Section 16-111.5. The Director shall implement this requirement in connection with the procurement plan as provided in Section 16-111.5.

For purposes of this Section, (i) a "large electric utility" is an electric utility that, on December 31, 2005, served more than 2,000,000 electric customers in Illinois; (ii) a "medium electric utility" is an electric utility that, on December 31, 2005, served 2,000,000 or fewer but more than 100,000 electric customers in Illinois; and (iii) Illinois electric utilities that are affiliated by virtue of a common parent company are considered a single electric utility.

(j) If, after 3 years, or any subsequent 3-year period, the Department fails to implement the Department's share of energy efficiency measures required by the standards in subsection (b), then the Illinois Power Agency may assume responsibility for and control of the Department's share of the required energy efficiency measures. The Agency shall implement a competitive procurement program to procure resources necessary to meet the standards specified in this Section, with the costs of these resources to be recovered in the same manner as provided for the Department in this Section.

(k) No electric utility shall be deemed to have failed to meet the energy efficiency standards to the extent any such failure is due to a failure of the Department or the Agency.

The maximum down payment requirements shall not exceed 10% of the amount past due and owing at the time of entering into the agreement; and (ii) has provided the customer with the names, addresses and telephone numbers of governmental and private agencies which may provide assistance to customers of public utilities in paying their utility bills; the utility shall obtain the approval of an agency before placing the name of that agency on any list which will be used to provide such information to customers;

(2) The customer has refused or failed to enter into a deferred payment arrangement as described in paragraph (1) of this subsection (a); and

(3) All notice requirements as provided by law and rules or regulations of the Commission have been met.

(b) Prior to termination of service for any residential customer or mastermetered apartment building during the period from December 1 through and including March 31 of the immediately succeeding calendar year, all electric and gas public utilities shall, in addition to all other notices:

(1) Notify the customer or an adult residing at the customer's premises by telephone, a personal visit to the customer's premises or by first class mail, informing the customer that:

   (i) the customer's account is in arrears and the customer's service is subject to termination for nonpayment of a bill;

   (ii) the customer can avoid disconnection of service by entering into a deferred payment agreement to pay past due amounts over a period not to extend beyond the

following November and the customer has the option to enter into a levelized payment plan for the payment of future bills;

(iii) the customer may apply for any available assistance to aid in the payment of utility bills from any governmental or private agencies from the list of such agencies provided to the customer by the utility.

Provided, however, that a public utility shall be required to make only one such contact with the customer during any such period from December 1 through and including March 31 of the immediately succeeding calendar year.

(2) Each public utility shall maintain records which shall include, but not necessarily be limited to, the manner by which the customer was notified and the time, date and manner by which any prior but unsuccessful attempts to contact were made. These records shall also describe the terms of the deferred payment arrangements offered to the customer and those entered into by the utility and customers. These records shall indicate the total amount past due, the down payment, the amount remaining to be paid and the number of months allowed to pay the outstanding balance. No public utility shall be required to retain records pertaining to unsuccessful attempts to contact or deferred payment arrangements rejected by the customer after such customer has entered into a deferred payment arrangement with such utility.

(c) No public utility shall disconnect service for nonpayment of a bill until the lapse of 6 business days after making the notification required by paragraph (1) of subsection (b) so as to allow the customer an opportunity to:

(1) Enter into a deferred payment arrangement and the option to enter into a levelized payment plan for the payment of future bills.

(2) Contact a governmental or private agency that may provide assistance to customers for the payment of public utility bills.

(d) Any residential customer who enters into a deferred payment arrangement pursuant to this Act, and subsequently during that period of time set forth in subsection (a) becomes subject to termination, shall be given notice as required by law and any rule or regulation of the Commission prior to termination of service.

New matter indicated by italics - deletions by strikeout.
(e) During that time period set forth in subsection (a), a utility shall not require a down payment for a deposit from a residential customer in excess of 20% of the total deposit requested. An additional 4 months shall be allowed to pay the remainder of the deposit. This provision shall not apply to mastermetered apartment buildings or other nonresidential customers.

(f) During that period of time set forth in subsection (a), no utility may refuse to offer a deferred payment agreement to a residential customer who has defaulted on such an agreement within the past 12 months. However, no utility shall be required to enter into more than one deferred payment arrangement under this Section with any residential customer or mastermetered apartment building during the period from December 1 through and including March 31 of the immediately succeeding calendar year.

(g) In order to enable customers to take advantage of energy assistance programs, customers who can demonstrate that their applications for a local, state or federal energy assistance program have been approved may request that the amount they will be entitled to receive as a regular energy assistance payment be deducted and set aside from the amount past due on which they make deferred payment arrangements. Payment on the set-aside amount shall be credited when the energy assistance voucher or check is received, according to the utility's common business practice.

(h) In no event shall any utility send a final notice to any customer who has entered into a current deferred payment agreement and has not defaulted on that deferred payment agreement, unless the final notice pertains to a deposit request.

(i) Each utility shall include with each disconnection notice sent during the period for December 1 through and including March 31 of the immediately succeeding calendar year to a residential customer an insert explaining the above provisions and providing a telephone number of the utility company which the consumer may call to receive further information.

(j) Each utility shall file with the Commission prior to December 1 of each year a plan detailing the implementation of this Section. This plan shall contain, but not be limited to:

1) a description of the methods to be used to notify residential customers as required in this Section, including the
forms of written and oral notices which shall be required to include all the information contained in subsection (b) of this Section.

(2) a listing of the names, addresses and telephone numbers of governmental and private agencies which may provide assistance to residential customers in paying their utility bills; 

(3) the program of employee education and information which shall be used by the company in the implementation of this Section.

(4) a description of methods to be utilized to inform residential customers of those governmental and private agencies and current and planned methods of cooperation with those agencies to identify the customers who qualify for assistance in paying their utility bills.

A utility which has a plan on file with the Commission need not resubmit a new plan each year. However, any alteration of the plan on file must be submitted and approved prior to December 1 of any year.

All plans are subject to review and approval by the Commission. The Commission may direct a utility to alter its plan to comply with the requirements of this Section.

(k) Notwithstanding any other provision of this Act, no electric or gas public utility shall disconnect service to any residential customer who is a participant under Section 6 of the Energy Assistance Act for nonpayment of a bill or deposit where gas or electricity is used as the primary source of space heating or is used to control or operate the primary source of space heating equipment at the premises during the period of time from December 1 through and including March 31 of the immediately succeeding calendar year.

Sec. 16-111. Rates and restructuring transactions during mandatory transition period; restructuring and other transactions.

(a) During the mandatory transition period, notwithstanding any provision of Article IX of this Act, and except as provided in subsections (b) and (f) of this Section, the Commission shall not (i) initiate, authorize or order any change by way of increase (other than in connection with a request for rate increase which was filed after September 1, 1997 but prior to October 15, 1997, by an electric utility serving less than 12,500 customers in this State), (ii) initiate or, unless requested by the electric utility, authorize or order any change by way of decrease, restructuring or unbundling (except as provided in Section 16-109A), in the rates of any electric utility that were in effect on October 1, 1996, or (iii) in any order approving any application for a merger pursuant to Section 7-204 that was pending as of May 16, 1997, impose any condition requiring any filing for an increase, decrease, or change in, or other review of, an electric utility's rates or enforce any such condition of any such order; provided, however, that this subsection shall not prohibit the Commission from:

(1) approving the application of an electric utility to implement an alternative to rate of return regulation or a regulatory mechanism that rewards or penalizes the electric utility through adjustment of rates based on utility performance, pursuant to Section 9-244;

(2) authorizing an electric utility to eliminate its fuel adjustment clause and adjust its base rate tariffs in accordance with subsection (b), (d), or (f) of Section 9-220 of this Act, to fix its fuel adjustment factor in accordance with subsection (c) of Section 9-220 of this Act, or to eliminate its fuel adjustment clause in accordance with subsection (e) of Section 9-220 of this Act;

(3) ordering into effect tariffs for delivery services and transition charges in accordance with Sections 16-104 and 16-108, for real-time pricing in accordance with Section 16-107, or the options required by Section 16-110 and subsection (n) of 16-112, allowing a billing experiment in accordance with Section 16-106, or modifying delivery services tariffs in accordance with Section 16-109; or

(4) ordering or allowing into effect any tariff to recover charges pursuant to Sections 9-201.5, 9-220.1, 9-221, 9-222 (except as provided in Section 9-222.1), 16-108, and 16-114 of this Act, Section 5-5 of the Electricity Infrastructure Maintenance Fee Law, Section 6-5 of the Renewable Energy, Energy Efficiency, and Coal Resources Development Law of 1997, and Section 13 of the Energy Assistance Act.

After December 31, 2004, the provisions of this subsection (a) shall not apply to an electric utility whose average residential retail rate was less than or equal to 90% of the average residential retail rate for the "Midwest Utilities", as that term is defined in subsection (b) of this Section, based on data reported on Form 1 to the Federal Energy Regulatory Commission for calendar year 1995, and which served between 150,000 and 250,000 retail customers in this State on January 1, 1995 unless the electric utility or its holding company has been acquired by or merged with an affiliate of another electric utility subsequent to January 1, 2002. This exemption shall be limited to this subsection (a) and shall not extend to any other provisions of this Act.

(b) Notwithstanding the provisions of subsection (a), each Illinois electric utility serving more than 12,500 customers in Illinois shall file tariffs (i) reducing, effective August 1, 1998, each component of its base rates to residential retail customers by 15% from the base rates in effect immediately prior to January 1, 1998 and (ii) if the public utility provides electric service to (A) more than 500,000 customers but less than 1,000,000 customers in this State on January 1, 1999, reducing, effective May 1, 2002, each component of its base rates to residential retail

customers by an additional 5% from the base rates in effect immediately prior to January 1, 1998, or (B) at least 1,000,000 customers in this State on January 1, 1999, reducing, effective October 1, 2001, each component of its base rates to residential retail customers by an additional 5% from the base rates in effect immediately prior to January 1, 1998. Provided, however, that (A) if an electric utility's average residential retail rate is less than or equal to the average residential retail rate for a group of Midwest Utilities (consisting of all investor-owned electric utilities with annual system peaks in excess of 1000 megawatts in the States of Illinois, Indiana, Iowa, Kentucky, Michigan, Missouri, Ohio, and Wisconsin), based on data reported on Form 1 to the Federal Energy Regulatory Commission for calendar year 1995, then it shall only be required to file tariffs (i) reducing, effective August 1, 1998, each component of its base rates to residential retail customers by 5% from the base rates in effect immediately prior to January 1, 1998, (ii) reducing, effective October 1, 2000, each component of its base rates to residential retail customers by the lesser of 5% of the base rates in effect immediately prior to January 1, 1998 or the percentage by which the electric utility’s average residential retail rate exceeds the average residential retail rate of the Midwest Utilities, based on data reported on Form 1 to the Federal Energy Regulatory Commission for calendar year 1999, and (iii) reducing, effective October 1, 2002, each component of its base rates to residential retail customers by an additional amount equal to the lesser of 5% of the base rates in effect immediately prior to January 1, 1998 or the percentage by which the electric utility’s average residential retail rate exceeds the average residential retail rate of the Midwest Utilities, based on data reported on Form 1 to the Federal Energy Regulatory Commission for calendar year 2001; and (B) if the average residential retail rate of an electric utility serving between 150,000 and 250,000 retail customers in this State on January 1, 1995 is less than or equal to 90% of the average residential retail rate for the Midwest Utilities, based on data reported on Form 1 to the Federal Energy Regulatory Commission for calendar year 1995, then it shall only be required to file tariffs (i) reducing, effective August 1, 1998, each component of its base rates to residential retail customers by 2% from the base rates in effect immediately prior to January 1, 1998; (ii) reducing, effective October 1, 2000, each component of its base rates to residential retail customers by 2% from the base rate in effect immediately prior to January 1, 1998; and (iii) reducing, effective October 1, 2002, each component of its base rates to residential retail customers by

1% from the base rates in effect immediately prior to January 1, 1998. Provided, further, that any electric utility for which a decrease in base rates has been or is placed into effect between October 1, 1996 and the dates specified in the preceding sentences of this subsection, other than pursuant to the requirements of this subsection, shall be entitled to reduce the amount of any reduction or reductions in its base rates required by this subsection by the amount of such other decrease. The tariffs required under this subsection shall be filed 45 days in advance of the effective date. Notwithstanding anything to the contrary in Section 9-220 of this Act, no restatement of base rates in conjunction with the elimination of a fuel adjustment clause under that Section shall result in a lesser decrease in base rates than customers would otherwise receive under this subsection had the electric utility's fuel adjustment clause not been eliminated.

(c) Any utility reducing its base rates by 15% on August 1, 1998 pursuant to subsection (b) shall include the following statement on its bills for residential customers from August 1 through December 31, 1998: "Effective August 1, 1998, your rates have been reduced by 15% by the Electric Service Customer Choice and Rate Relief Law of 1997 passed by the Illinois General Assembly.". Any utility reducing its base rates by 5% on August 1, 1998, pursuant to subsection (b) shall include the following statement on its bills for residential customers from August 1 through December 31, 1998: "Effective August 1, 1998, your rates have been reduced by 5% by the Electric Service Customer Choice and Rate Relief Law of 1997 passed by the Illinois General Assembly.".

Any utility reducing its base rates by 2% on August 1, 1998 pursuant to subsection (b) shall include the following statement on its bills for residential customers from August 1 through December 31, 1998: "Effective August 1, 1998, your rates have been reduced by 2% by the Electric Service Customer Choice and Rate Relief Law of 1997 passed by the Illinois General Assembly."

other provision of this Act or any rule or regulation of the Commission that would require such approval:

(1) implement a reorganization, other than a merger of 2 or more public utilities as defined in Section 3-105 or their holding companies;

(2) retire generating plants from service;

(3) sell, assign, lease or otherwise transfer assets to an affiliated or unaffiliated entity and as part of such transaction enter into service agreements, power purchase agreements, or other agreements with the transferee; provided, however, that the prices, terms and conditions of any power purchase agreement must be approved or allowed into effect by the Federal Energy Regulatory Commission; or

(4) use any accelerated cost recovery method including accelerated depreciation, accelerated amortization or other capital recovery methods, or record reductions to the original cost of its assets.

In order to implement a reorganization, retire generating plants from service, or sell, assign, lease or otherwise transfer assets pursuant to this Section, the electric utility shall comply with subsections (c) and (d) of Section 16-128, if applicable, and subsection (k) of this Section, if applicable, and provide the Commission with at least 30 days notice of the proposed reorganization or transaction, which notice shall include the following information:

(i) a complete statement of the entries that the electric utility will make on its books and records of account to implement the proposed reorganization or transaction together with a certification from an independent certified public accountant that such entries are in accord with generally accepted accounting principles and, if the Commission has previously approved guidelines for cost allocations between the utility and its affiliates, a certification from the chief accounting officer of the utility that such entries are in accord with those cost allocation guidelines;

(ii) a description of how the electric utility will use proceeds of any sale, assignment, lease or transfer to retire debt or otherwise reduce or recover the costs of services provided by such electric utility;

(iii) a list of all federal approvals or approvals required from departments and agencies of this State, other than the

Commission, that the electric utility has or will obtain before implementing the reorganization or transaction;

(iv) an irrevocable commitment by the electric utility that it will not, as a result of the transaction, impose any stranded cost charges that it might otherwise be allowed to charge retail customers under federal law or increase the transition charges that it is otherwise entitled to collect under this Article XVI; and

(v) if the electric utility proposes to sell, assign, lease or otherwise transfer a generating plant that brings the amount of net dependable generating capacity transferred pursuant to this subsection to an amount equal to or greater than 15% of the electric utility's net dependable capacity as of the effective date of this amendatory Act of 1997, and enters into a power purchase agreement with the entity to which such generating plant is sold, assigned, leased, or otherwise transferred, the electric utility also agrees, if its fuel adjustment clause has not already been eliminated, to eliminate its fuel adjustment clause in accordance with subsection (b) of Section 9-220 for a period of time equal to the length of any such power purchase agreement or successor agreement, or until January 1, 2005, whichever is longer; if the capacity of the generating plant so transferred and related power purchase agreement does not result in the elimination of the fuel adjustment clause under this subsection, and the fuel adjustment clause has not already been eliminated, the electric utility shall agree that the costs associated with the transferred plant that are included in the calculation of the rate per kilowatt-hour to be applied pursuant to the electric utility's fuel adjustment clause during such period shall not exceed the per kilowatt-hour cost associated with such generating plant included in the electric utility's fuel adjustment clause during the full calendar year preceding the transfer, with such limit to be adjusted each year thereafter by the Gross Domestic Product Implicit Price Deflator; and:

(vi) in addition, if the electric utility proposes to sell, assign, or lease, (A) either (1) an amount of generating plant that brings the amount of net dependable generating capacity transferred pursuant to this subsection to an amount equal to or greater than 15% of its net dependable capacity on the effective date of this amendatory Act of 1997, or (2) one or more generating

plants with a total net dependable capacity of 1100 megawatts, or (B) transmission and distribution facilities that either (1) bring the amount of transmission and distribution facilities transferred pursuant to this subsection to an amount equal to or greater than 15% of the electric utility's total depreciated original cost investment in such facilities, or (2) represent an investment of $25,000,000 in terms of total depreciated original cost, the electric utility shall provide, in addition to the information listed in subparagraphs (i) through (v), the following information: (A) a description of how the electric utility will meet its service obligations under this Act in a safe and reliable manner and (B) the electric utility's projected earned rate of return on common equity for each year from the date of the notice through December 31, 2006 both with and without the proposed transaction. If the Commission has not issued an order initiating a hearing on the proposed transaction within 30 days after the date the electric utility's notice is filed, the transaction shall be deemed approved. The Commission may, after notice and hearing, prohibit the proposed transaction if it makes either or both of the following findings: (1) that the proposed transaction will render the electric utility unable to provide its tariffed services in a safe and reliable manner, or (2) that there is a strong likelihood that consummation of the proposed transaction will result in the electric utility being entitled to request an increase in its base rates. Any hearing initiated by the Commission into the proposed transaction shall be completed, and the Commission's final order approving or prohibiting the proposed transaction shall be entered, within 90 days after the date the electric utility's notice was filed. Provided, however, that a sale, assignment, or lease of transmission facilities to an independent system operator that meets the requirements of Section 16-126 shall not be subject to Commission approval under this Section.

In any proceeding conducted by the Commission pursuant to this subparagraph (vi), intervention shall be limited to parties with a direct interest in the transaction which is the subject of the hearing and any statutory consumer protection agency as defined in subsection (d) of Section 9-102.1. Notwithstanding the provisions of Section 10-113 of this Act, any application seeking rehearing of an order issued under this subparagraph (vi), whether filed by the

electric utility or by an intervening party, shall be filed within 10
days after service of the order.

The Commission shall not in any subsequent proceeding or
otherwise, review such a reorganization or other transaction authorized by
this Section, but shall retain the authority to allocate costs as stated in
Section 16-111(i). An entity to which an electric utility sells, assigns,
leases or transfers assets pursuant to this subsection (g) shall not, as a
result of the transactions specified in this subsection (g), be deemed a
public utility as defined in Section 3-105. Nothing in this subsection (g)
shall change any requirement under the jurisdiction of the Illinois
Department of Nuclear Safety including, but not limited to, the payment of
fees. Nothing in this subsection (g) shall exempt a utility from obtaining a
certificate pursuant to Section 8-406 of this Act for the construction of a
new electric generating facility. Nothing in this subsection (g) is intended
to exempt the transactions hereunder from the operation of the federal or
State antitrust laws. Nothing in this subsection (g) shall require an electric
utility to use the procedures specified in this subsection for any of the
transactions specified herein. Any other procedure available under this Act
may, at the electric utility's election, be used for any such transaction.

(h) During the mandatory transition period, the Commission shall
not establish or use any rates of depreciation, which for purposes of this
subsection shall include amortization, for any electric utility other than
those established pursuant to subsection (c) of Section 5-104 of this Act or
utilized pursuant to subsection (g) of this Section. Provided, however, that
in any proceeding to review an electric utility's rates for tariffed services
pursuant to Section 9-201, 9-202, 9-250 or 16-111(d) of this Act, the
Commission may establish new rates of depreciation for the electric utility
in the same manner provided in subsection (d) of Section 5-104 of this
Act. An electric utility implementing an accelerated cost recovery method
including accelerated depreciation, accelerated amortization or other
capital recovery methods, or recording reductions to the original cost of its
assets, pursuant to subsection (g) of this Section, shall file a statement with
the Commission describing the accelerated cost recovery method to be
implemented or the reduction in the original cost of its assets to be
recorded. Upon the filing of such statement, the accelerated cost recovery
method or the reduction in the original cost of assets shall be deemed to be
approved by the Commission as though an order had been entered by the
Commission.

(i) Subsequent to the mandatory transition period, the Commission, in any proceeding to establish rates and charges for tariffed services offered by an electric utility, shall consider only (1) the then current or projected revenues, costs, investments and cost of capital directly or indirectly associated with the provision of such tariffed services; (2) collection of transition charges in accordance with Sections 16-102 and 16-108 of this Act; (3) recovery of any employee transition costs as described in Section 16-128 which the electric utility is continuing to incur, including recovery of any unamortized portion of such costs previously incurred or committed, with such costs to be equitably allocated among bundled services, delivery services, and contracts with alternative retail electric suppliers; and (4) recovery of the costs associated with the electric utility's compliance with decommissioning funding requirements; and shall not consider any other revenues, costs, investments or cost of capital of either the electric utility or of any affiliate of the electric utility that are not associated with the provision of tariffed services. In setting rates for tariffed services, the Commission shall equitably allocate joint and common costs and investments between the electric utility's competitive and tariffed services. In determining the justness and reasonableness of the electric power and energy component of an electric utility's rates for tariffed services subsequent to the mandatory transition period and prior to the time that the provision of such electric power and energy is declared competitive, the Commission shall consider the extent to which the electric utility's tariffed rates for such component for each customer class exceed the market value determined pursuant to Section 16-112, and, if the electric power and energy component of such tariffed rate exceeds the market value by more than 10% for any customer class, may establish such electric power and energy component at a rate equal to the market value plus 10%.

(j) During the mandatory transition period, an electric utility may elect to transfer to a non-operating income account under the Commission's Uniform System of Accounts either or both of (i) an amount of unamortized investment tax credit that is in addition to the ratable amount which is credited to the electric utility's operating income account for the year in accordance with Section 46(f)(2) of the federal Internal Revenue Code of 1986, as in effect prior to P.L. 101-508, or (ii) "excess tax reserves", as that term is defined in Section 203(e)(2)(A) of the federal Tax Reform Act of 1986, provided that (A) the amount transferred may not exceed the amount of the electric utility's assets that were created

pursuant to Statement of Financial Accounting Standards No. 71 which the electric utility has written off during the mandatory transition period, and 

(B) the transfer shall not be effective until approved by the Internal Revenue Service. An electric utility electing to make such a transfer shall file a statement with the Commission stating the amount and timing of the transfer for which it intends to request approval of the Internal Revenue Service, along with a copy of its proposed request to the Internal Revenue Service for a ruling. The Commission shall issue an order within 14 days after the electric utility's filing approving, subject to receipt of approval from the Internal Revenue Service, the proposed transfer.

(k) If an electric utility is selling or transferring to a single buyer 5 or more generating plants located in this State with a total net dependable capacity of 5000 megawatts or more pursuant to subsection (g) of this Section and has obtained a sale price or consideration that exceeds 200% of the book value of such plants, the electric utility must provide to the Governor, the President of the Illinois Senate, the Minority Leader of the Illinois Senate, the Speaker of the Illinois House of Representatives, and the Minority Leader of the Illinois House of Representatives no later than 15 days after filing its notice under subsection (g) of this Section or 5 days after the date on which this subsection (k) becomes law, whichever is later, a written commitment in which such electric utility agrees to expend $2 billion outside the corporate limits of any municipality with 1,000,000 or more inhabitants within such electric utility's service area, over a 6-year period beginning with the calendar year in which the notice is filed, on projects, programs, and improvements within its service area relating to transmission and distribution including, without limitation, infrastructure expansion, repair and replacement, capital investments, operations and maintenance, and vegetation management.

(l) Notwithstanding any other provision of this Act or any rule, regulation, or prior order of the Commission, a public utility providing electric and gas service may do any one or more of the following: transfer assets to, reorganize with, or merge with one or more public utilities under common holding company ownership or control in the manner prescribed in subsection (g) of this Section. No merger transaction costs, such as fees paid to attorneys, investment bankers, and other consultants, incurred in connection with a merger pursuant to this subsection (l) shall be recoverable in any subsequent rate proceeding. Approval of a merger pursuant to this subsection (l) shall not constitute approval of, or otherwise require, rate recovery of other costs incurred in connection with, or to

implement the merger, such as the cost of restructuring, combining, or integrating debt, assets, or systems. Such other costs may be recovered only to the extent that the surviving utility can demonstrate that the cost savings produced by such restructuring, combination, or integration exceed the associated costs. Nothing in this subsection (l) shall impair the terms or conditions of employment or the collective bargaining rights of any employees of the utilities that are transferring assets, reorganizing, or merging.

(m) If an electric utility that on December 31, 2005 provided electric service to at least 100,000 customers in Illinois transfers assets, reorganizes, or merges under this Section, then the same provisions apply that applied during the mandatory transition period under Section 16-128.

Sec. 21-101. Findings. With respect to cable and video competition, the General Assembly finds that:

(a) The economy in the State of Illinois will be enhanced by investment in new communications, cable services, and video services infrastructure, including broadband facilities, fiber optic, and Internet protocol technologies.

(b) Cable services and video services bring important daily benefits to Illinois consumers by providing news, education, and entertainment.

(c) Competitive cable service and video service providers are capable of providing new video programming services and competition to Illinois consumers and of decreasing the prices for video programming services paid by Illinois consumers.

(d) Although there has been some competitive entry into the facilities-based video programming market since current franchising requirements in this State were enacted, further entry by facilities-based providers could benefit consumers, provided cable and video services are equitably available to all Illinois consumers at reasonable prices.

(e) The provision of competitive cable services and video services is a matter of statewide concern that extends beyond the boundaries of individual local units of government. Notwithstanding the foregoing, public rights-of-way are limited

Sec. 21-601. Public, education, and government access. For the purposes of this Section, "programming" means content produced or provided by any person, group, governmental agency, or noncommercial public or private agency or organization.

(a) Not later than 90 days after a request by the local unit of government or its designee that has received notice under subsection (a) of Section 21-801, the holder shall (i) designate the same amount of capacity on its network to provide for public, education, and government access use; as the incumbent cable operator is required to designate under its franchise terms in effect with a local unit of government on January 1, 2007; and (ii) retransmit to its subscribers the same number of public, education, and government access channels as the incumbent cable operator was retransmitting to subscribers on January 1, 2007.

(b) If the local unit of government produces or maintains the public education or government programming in a manner or form that is compatible with the holder's network, it shall transmit such programming to the holder in that form provided that form permits the holder to satisfy the requirements of subsection (c) of this Section. If the local unit of government does not produce or maintain such programming in that manner or form, then the holder shall be responsible for any changes in the form of the transmission necessary to make public, education, and government programming compatible with the technology or protocol used by the holder to deliver services. The holder shall receive programming from the local unit of government (or the local unit of government's public, education, and government programming providers) and transmit that public, education, and government programming directly to the holder's subscribers within the local unit of government's jurisdiction at no cost to the local unit of government or the public, education, and government programming providers. If the holder is required to change the form of the transmission, the local unit of government or its designee shall provide reasonable access to the holder to allow the holder to transmit the public, education, and government programming in an economical manner subject to the requirements of subsection (c) of this Section.

(c) The holder shall provide to subscribers public, education, and government access channel capacity at equivalent visual and audio quality.
and equivalent functionality, from the viewing perspective of the subscriber, to that of commercial channels carried on the holder's basic cable or video service offerings or tiers without the need for any equipment other than the equipment necessary to receive the holder's basic cable or video service offerings or tiers.

(d) The holder and an incumbent cable operator shall negotiate in good faith to interconnect their networks, if needed, for the purpose of providing public, education, and government programming. Interconnection may be accomplished by direct cable, microwave link, satellite, or other reasonable method of connection. The holder and the incumbent cable operator shall provide interconnection of the public, education, and government channels on reasonable terms and conditions and may not withhold the interconnection. If a holder and an incumbent cable operator cannot reach a mutually acceptable interconnection agreement, the local unit of government may require the incumbent cable operator to allow the holder to interconnect its network with the incumbent cable operator's network at a technically feasible point on their networks. If no technically feasible point for interconnection is available, the holder and an incumbent cable operator shall each make an interconnection available to the public, education, and government channel originators at their local origination points and shall provide the facilities necessary for the interconnection. The cost of any interconnection shall be borne by the holder unless otherwise agreed to by the parties. The interconnection required by this subsection shall be completed within the 90-day deadline set forth in subsection (a) of this Section.

(e) The public, education, and government channels shall be for the exclusive use of the local unit of government or its designee to provide public, education, and government programming. The public, education, and government channels shall be used only for noncommercial purposes. However, advertising, underwriting, or sponsorship recognition may be carried on the channels for the purpose of funding public, education, and government access related activities.

(f) Public, education, and government channels shall all be carried on the holder's basic cable or video service offerings or tiers. To the extent feasible, the public, education, and government channels shall not be separated numerically from other channels carried on the holder's basic cable or video service offerings or tiers, and the channel numbers for the public, education, and government channels shall be the same channel numbers used by the incumbent cable operator, unless prohibited by
federal law. After the initial designation of public, education, and government channel numbers, the channel numbers shall not be changed without the agreement of the local unit of government or the entity to which the local unit of government has assigned responsibility for managing public, education, and government access channels, unless the change is required by federal law. Each channel shall be capable of carrying a National Television System Committee (NTSC) television signal.

(g) The holder shall provide a listing of public, education, and government channels on channel cards and menus provided to subscribers in a manner equivalent to other channels if the holder uses such cards and menus. Further, the holder shall provide a listing of public, education, and government programming on its electronic program guide if such a guide is utilized by the holder. It is the public, education, and government entity's responsibility to provide the holder or its designated agent, as determined by the holder, with program schedules and information in a timely manner.

(h) If less than 3 three public, education, and government channels are provided within the local unit of government as of January 1, 2007, a local unit of government whose jurisdiction lies within the authorized service area of the holder may initially request the holder to designate sufficient capacity for up to 3 three public, education, and government channels. A local unit of government or its designee that seeks to add additional capacity shall give the holder a written notification specifying the number of additional channels to be used, specifying the number of channels in actual use, and verifying that the additional channels requested will be put into actual use.

(i) The holder shall, within 90 days of a request by the local unit of government or its designated public, education, or government access entity, provide sufficient capacity for an additional channel for public, education, and government access when the programming on a given access channel exceeds 40 hours per week as measured on a quarterly basis. The additional channel shall not be used for any purpose other than for carrying additional public, education, or government access programming.

(j) The public, education, and government access programmer is solely responsible for the content that it provides over designated public, education, or government channels. A holder shall not exercise any editorial control over any programming on any channel designed for

public, education, or government use or on any other channel required by law or a binding agreement with the local unit of government.

(k) A holder shall not be subject to any civil or criminal liability for any program carried on any channel designated for public, education, or government use.

(l) A court of competent jurisdiction shall have exclusive jurisdiction to enforce any requirement under this Section or resolve any dispute regarding the requirements set forth in this Section, and no provider of cable service or video service may be barred from providing service or be required to terminate service as a result of that dispute or enforcement action.

(ix) In the case of a cable service or video service that is bundled or integrated functionally with other services, capabilities, or applications, the portion of the holder's revenue attributable to the other services, capabilities, or applications shall be included in gross revenue unless the holder can reasonably identify the division or exclusion of the revenue from its books and records that are kept in the regular course of business.

Sec. 21-1001. Local unit of government authority.
(a) The holder of a State-issued authorization shall comply with all the applicable construction and technical standards and right-of-way occupancy standards set forth in a local unit of government's code of ordinances relating to the use of public rights-of-way, pole attachments, permit obligations, indemnification, performance bonds, penalties, or liquidated damages. The applicable requirements for a holder that is using its existing telecommunications network or constructing a telecommunications network shall be the same requirements that the local unit of government imposes on telecommunications providers in its jurisdiction. The applicable requirements for a holder that is using or constructing a cable system shall be the same requirements the local unit of government imposes on other cable operators in its jurisdiction.

(b) A local unit of government shall allow the holder to install, construct, operate, maintain, and remove a cable service, video service, or telecommunications network within a public right-of-way and shall provide the holder with open, comparable, nondiscriminatory, and
competitively neutral access to the public right-of-way on the same terms applicable to other cable service or video service providers or cable operators in its jurisdiction. Notwithstanding any other provisions of law, if a local unit of government is permitted by law to require the holder of a State authorization to seek a permit to install, construct, operate, maintain, or remove its cable service, video service, or telecommunications network within a public right-of-way, those permits shall be deemed granted within 45 days after being submitted, if not otherwise acted upon by the local unit of government, provided the holder complies with the requirements applicable to the holder in its jurisdiction.

(c) A local unit of government may impose reasonable terms, but it may not discriminate against the holder with respect to any of the following:

(1) The authorization or placement of a cable service, video service, or telecommunications network or equipment in public rights-of-way.

(2) Access to a building.

(3) A local unit of government utility pole attachment.

(d) If a local unit of government imposes a permit fee on incumbent cable operators, it may impose a permit fee on the holder only to the extent it imposes such a fee on incumbent cable operators. In all other cases, these fees may not exceed the actual, direct costs incurred by the local unit of government for issuing the relevant permit. In no event may a fee under this Section be levied if the holder already has paid a permit fee of any kind in connection with the same activity that would otherwise be covered by the permit fee under this Section provided no additional equipment, work, function, or other burden is added to the existing activity for which the permit was issued.

(e) Nothing in this Article shall affect the rights that any holder has under Section 4 of the Telephone Line Right of Way Act (220 ILCS 65/4).

(f) In addition to the other requirements in this Section, if the holder installs, upgrades, constructs, operates, maintains, and removes facilities or equipment within a public right-of-way to provide cable service or video service, it shall comply with the following:

(1) The holder must locate its equipment in the right-of-way as to cause only minimum interference with the use of streets, alleys, and other public ways and places, and to cause only minimum impact upon; and interference with the rights and reasonable convenience of property owners who adjoin any of the

(2) The holder shall comply with a local unit of government's reasonable requests to place equipment on public property where possible, and promptly comply with local unit of government direction with respect to the location and screening of equipment and facilities. In constructing or upgrading its cable or video network in the right-of-way, the holder shall use the smallest suitable equipment enclosures and power pedestals and cabinets then in use by the holder for the application.

(3) The holder’s construction practices shall be in accordance with all applicable Sections of the Occupational Safety and Health Act of 1970, as amended, as well as all applicable State laws, including the Illinois Civil Administrative Code of Illinois, and local codes, where applicable, as adopted by the local unit of government. All installation of electronic equipment shall be of a permanent nature, durable, and, where applicable, installed in accordance with the provisions of the National Electrical Safety Code of the National Bureau of Standards and National Electrical Code of the National Board of Fire Underwriters.

(4) The holder shall not interfere with the local unit of government’s performance of public works. Nothing in the State-issued authorization shall be in preference or hindrance to the right of the local unit of government to perform or carry on any public works or public improvements of any kind. The holder expressly agrees that it shall, at its own expense, protect, support, temporarily disconnect, relocate in the same street or other public place, or remove from such street or other public place; any of the network, system, facilities, or equipment when required to do so by the local unit of government, because of necessary public health, safety, and welfare improvements. In the event a holder and other users of a public right-of-way, including incumbent cable operators or utilities, are required to relocate and compensation is paid to the users of such public right-of-way, such parties shall be treated equally with respect to such compensation.

(5) The holder shall comply with all local units of government inspection requirements. The making of post-construction, subsequent or and/or periodic inspections, or both, or the failure to do so shall not operate to relieve the holder of any responsibility, obligation, or liability.

(6) The holder shall maintain insurance or provide evidence of self insurance as required by an applicable ordinance of the local unit of government.

(7) The holder shall reimburse all reasonable make-ready expenses, including aerial and underground installation expenses requested by the holder to the local unit of government within 30 thirty (30) days of billing to the holder, provided that such charges shall be at the same rates as charges to others for the same or similar services.

(8) The holder shall indemnify and hold harmless the local unit of government and all boards, officers, employees, and representatives thereof from all claims, demands, causes of action, liability, judgments, costs and expenses, or losses for injury or death to persons or damage to property owned by, and Worker's Compensation claims against any parties indemnified herein, arising out of, caused by, or as a result of the holder's construction, lines, cable, erection, maintenance, use or presence of, or removal of any poles, wires, conduit, appurtenances thereto, or equipment or attachments thereto. The holder, however, shall not indemnify the local unit of government for any liabilities, damages, cost, and expense resulting from the willful misconduct, or negligence of the local unit of government, its officers, employees, and agents. The obligations imposed pursuant to this Section by a local unit of government shall be competitively neutral.

(9) The holder, upon request, shall provide the local unit of government with information describing the location of the cable service or video service facilities and equipment located in the unit of local government's rights-of-way pursuant to its State-issued authorization. If designated by the holder as confidential, such information provided pursuant to this subsection shall be exempt from inspection and copying under the Illinois Freedom of Information Act, 5 ILCS 140/1 et seq., pursuant to the exemption provided for under provision (mm) of item (1) of Section 7 of the Freedom of Information Act 5 ILCS 140/7(1)(mm) and any other

Sec. 21-1101. Requirements to provide video services.

(a) The holder of a State-issued authorization shall not deny access to cable service or video service to any potential residential subscribers because of the race or income of the residents in the local area in which the potential subscribers reside.

(b)(1) If the holder is using telecommunications facilities to provide cable or video service and has 1,000,000 or less telecommunications access lines in this State, but more than 300,000 telecommunications access lines in this State, the holder shall provide (1) access to its cable or video service to a number of households equal to at least 25% of its telecommunications access lines in this State within 3 years after the date a holder receives a State-issued authorization from the Commission and to a number not less than 35% of these households within 5 years after the date a holder receives a State-issued authorization from the Commission; provided, however, that the holder of a State-issued authorization is not required to meet the 35% requirement in this paragraph (1) subsection until 2 years after at least 15% of the households with access to the holder's video service subscribe to the service for 6 consecutive months. The holder's obligation to provide such access in the State shall be distributed, as the holder determines, within 3 three different designated market areas.

(2) Within 3 years after the date a holder receives a State-issued authorization from the Commission, at least 30% of the total households with access to the holder's cable or video service shall be low-income.

Within each designated market area identified in paragraph (1) of this subsection (b) (b)(1), the holder's obligation to offer service to low-income households shall be measured by each exchange, as that term is defined in Section 13-206 of the Public Utilities Act, in which the holder chooses to provide cable or video service. The holder is under no obligation to serve or provide access to an entire exchange; however, in addition to the statewide obligation to provide low-income access provided by this

Section, in each exchange in which the holder chooses to provide cable or video service, the holder shall provide access to a percentage of low-income households that is at least equal to the percentage of the total low-income households within that exchange.

(3) The number of telecommunication access lines in this Section shall be based on the number of access lines that exist as of June 30, 2007 (the effective date of Public Act 95-9) this amendatory Act of the 95th General Assembly.

(c)(1) If the holder of a State-issued authorization is using telecommunications facilities to provide cable or video service and has more than 1,000,000 telecommunications access lines in this State, the holder shall provide access to its cable or video service to a number of households equal to at least 35% of the households in the holder's telecommunications service area in the State within 3 years after the date a holder receives a State-issued authorization from the Commission and to a number not less than 50% of these households within 5 years after the date a holder receives a State-issued authorization from the Commission; provided, however, that the holder of a State-issued authorization is not required to meet the 50% requirement in this paragraph (1) subsection until 2 years after at least 15% of the households with access to the holder's video service subscribe to the service for 6 consecutive months.

The holder's obligation to provide such access in the State shall be distributed, as the holder determines, within 3 three designated market areas, one in each of the northeastern, central, and southwestern portions of the holder's telecommunications service area in the State. The designated market area for the northeastern portion shall consist of 2 two separate and distinct reporting areas: (i) a city with more than 1,000,000 inhabitants, and (ii) all other local units of government on a combined basis within such designated market area in which it offers video service.

(c)(B) If any state, in which a holder subject to this subsection (c) or one of its affiliates provides or seeks to provide cable or video service, adopts a law permitting state-issued authorization or statewide franchises to provide cable or video service that requires a cable or video provider to offer service to more than 35% of the households in the cable or video provider's service area in that state within 3 years, holders subject to this subsection (c) shall provide service in this State to the same percentage of households within 3 years of adoption of such law in that state.

Furthermore, if any state, in which a holder subject to this subsection (c) or one of its affiliates provides or seeks to provide cable or video service, adopts a law requiring a holder of a state-issued authorization or statewide franchises to offer cable or video service to more than 35% of its households if less than 15% of the households with access to the holder's video service subscribe to the service for 6 consecutive months, then as a precondition to further build-out, holders subject to this subsection (c) shall be subject to the same percentage of service subscription in meeting its obligation to provide service to 50% of the households in this State.

(2) Within 3 years after the date a holder receives a State-issued authorization from the Commission, at least 30% of the total households with access to the holder's cable or video service shall be low-income.

Within each designated market area listed in paragraph (1) of this subsection (c), the holder's obligation to offer service to low-income households shall be measured by each exchange, as that term is defined in Section 13-206 of this the Public Utilities Act in which the holder chooses to provide cable or video service. The holder is under no obligation to serve or provide access to an entire exchange; however, in addition to the statewide obligation to provide low-income access provided by this Section, in each exchange in which the holder chooses to provide cable or video service, the holder shall provide access to a percentage of low-income households that is at least equal to the percentage of the total low-income households within that exchange.

(d)(1) All other holders shall only provide access to one or more exchanges, as that term is defined in Section 13-206 of this the Public Utilities Act, or to local units of government and shall provide access to their cable or video service to a number of households equal to 35% of the households in the exchange or local unit of government within 3 years after the date a holder receives a State-issued authorization from the Commission and to a number not less than 50% of these households within 5 years after the date a holder receives a State-issued authorization from the Commission, provided; however, that if the holder is an incumbent cable operator or any successor-in-interest company, it shall be obligated to provide access to cable or video services within the jurisdiction of a local unit of government at the same levels required by the local franchising authorities for that local unit of government on June 30,

2007 (the effective date of Public Act 95-9) this amendatory Act of the 95th General Assembly.

(2) Within 3 years after the date a holder receives a State-issued authorization from the Commission, at least 30% of the total households with access to the holder's cable or video service shall be low-income.

Within each designated exchange, as that term is defined in Section 13-206 of this the Public Utilities Act, or local unit of government listed in paragraph (1) of this subsection (d)(1), the holder's obligation to offer service to low-income households shall be measured by each exchange or local unit of government in which the holder chooses to provide cable or video service. Except as provided in paragraph (1) of this subsection (d)(1), the holder is under no obligation to serve or provide access to an entire exchange or local unit of government; however, in addition to the statewide obligation to provide low-income access provided by this Section, in each exchange or local unit of government in which the holder chooses to provide cable or video service, the holder shall provide access to a percentage of low-income households that is at least equal to the percentage of the total low-income households within that exchange or local unit of government.

(e) A holder subject to subsection (c) of this Section 21-1101(c) shall provide wireline broadband service, defined as wireline service, capable of supporting, in at least one direction, a speed in excess of 200 kilobits per second (kbps), to the network demarcation point at the subscriber's premises, to a number of households equal to 90% of the households in the holder's telecommunications service area by December 31, 2008, or shall pay within 30 days of December 31, 2008 a sum of $15,000,000 to the Digital Divide Elimination Infrastructure Fund established pursuant to Section 13-301.3 of Article XIII of this Act, or any successor fund established by the General Assembly. In that event the holder is required to make a payment pursuant to this subsection (e), the holder shall have no further accounting for this payment, which shall be used in any part of the State for the purposes established in the Digital Divide Elimination Infrastructure Fund or for broadband deployment.

(f) The holder of a State-issued authorization may satisfy the requirements of subsections (b), (c), and (d) of this Section through the use of any technology, which shall not include direct-to-home satellite service,
that offers service, functionality, and content that is demonstrably similar to that provided through the holder’s video service system.

(g) In any investigation into or complaint alleging that the holder of a State-issued authorization has failed to meet the requirements of this Section, the following factors may be considered in justification or mitigation or as justification for an extension of time to meet the requirements of subsections (b), (c), and (d) of this Section:

1. The inability to obtain access to public and private rights-of-way under reasonable terms and conditions.
2. Barriers to competition arising from existing exclusive service arrangements in developments or buildings.
3. The inability to access developments or buildings using reasonable technical solutions under commercially reasonable terms and conditions.
4. Natural disasters.
5. Other factors beyond the control of the holder.

(h) If the holder relies on the factors identified in subsection (g) of this Section in response to an investigation or complaint, the holder shall demonstrate the following:

(i) The factors in subsection (g) of this Section may be considered by the Attorney General or by a court of competent jurisdiction in determining whether the holder is in violation of this Article.

(j) Every holder of a State-issued authorization, no later than April 1, 2009, and annually no later than April 1 thereafter, shall report to the Commission for each of the service areas as described in subsections (b), (c), and (d) of this Section in which it provides access to its video service in the State, the following information:

(C) The number of households in the holder's telecommunications service area in the State.

(D) The number of households in the holder's telecommunications service area in the State that are offered access to video service by the holder.

(305 ILCS 5/9A-11) (from Ch. 23, par. 9A-11)
Sec. 9A-11. Child Care.

(a) The General Assembly recognizes that families with children need child care in order to work. Child care is expensive and families with low incomes, including those who are transitioning from welfare to work, often struggle to pay the costs of day care. The General Assembly understands the importance of helping low income working families become and remain self-sufficient. The General Assembly also believes that it is the responsibility of families to share in the costs of child care. It is also the preference of the General Assembly that all working poor families should be treated equally, regardless of their welfare status.

(b) To the extent resources permit, the Illinois Department shall provide child care services to parents or other relatives as defined by rule who are working or participating in employment or Department approved education or training programs. At a minimum, the Illinois Department shall cover the following categories of families:

(1) recipients of TANF under Article IV participating in work and training activities as specified in the personal plan for employment and self-sufficiency;
(2) families transitioning from TANF to work;
(3) families at risk of becoming recipients of TANF;
(4) families with special needs as defined by rule; and
(5) working families with very low incomes as defined by rule.

The Department shall specify by rule the conditions of eligibility, the application process, and the types, amounts, and duration of services. Eligibility for child care benefits and the amount of child care provided may vary based on family size, income, and other factors as specified by rule.

In determining income eligibility for child care benefits, the Department annually, at the beginning of each fiscal year, shall establish, by rule, one income threshold for each family size, in relation to percentage of State median income for a family of that size, that makes families with incomes below the specified threshold eligible for assistance and families with incomes above the specified threshold ineligible for assistance. Through and including fiscal year 2007, the specified threshold must be no less than 50% of the then-current State median income for each family size. Beginning in fiscal year 2008, the specified threshold must be no less than 185% of the then-current federal poverty level for each family size.

In determining eligibility for assistance, the Department shall not give preference to any category of recipients or give preference to individuals based on their receipt of benefits under this Code.

The Department shall allocate $7,500,000 annually for a test program for families who are income-eligible for child care assistance, who are not recipients of TANF under Article IV, and who need child care assistance to participate in education and training activities. The Department shall specify by rule the conditions of eligibility for this test program.

Nothing in this Section shall be construed as conferring entitlement status to eligible families.

The Illinois Department is authorized to lower income eligibility ceilings, raise parent co-payments, create waiting lists, or take such other actions during a fiscal year as are necessary to ensure that child care benefits paid under this Article do not exceed the amounts appropriated for those child care benefits. These changes may be accomplished by emergency rule under Section 5-45 of the Illinois Administrative...
Procedure Act, except that the limitation on the number of emergency rules that may be adopted in a 24-month period shall not apply.

The Illinois Department may contract with other State agencies or child care organizations for the administration of child care services.

(c) Payment shall be made for child care that otherwise meets the requirements of this Section and applicable standards of State and local law and regulation, including any requirements the Illinois Department promulgates by rule in addition to the licensure requirements promulgated by the Department of Children and Family Services and Fire Prevention and Safety requirements promulgated by the Office of the State Fire Marshal and is provided in any of the following:

(1) a child care center which is licensed or exempt from licensure pursuant to Section 2.09 of the Child Care Act of 1969;

(2) a licensed child care home or home exempt from licensing;

(3) a licensed group child care home;

(4) other types of child care, including child care provided by relatives or persons living in the same home as the child, as determined by the Illinois Department by rule.

(c-5) Solely for the purposes of coverage under the Illinois Public Labor Relations Act, child and day care home providers, including licensed and license exempt, participating in the Department's child care assistance program shall be considered to be public employees and the State of Illinois shall be considered to be their employer as of the effective date of this amendatory Act of the 94th General Assembly, but not before. The State shall engage in collective bargaining with an exclusive representative of child and day care home providers participating in the child care assistance program concerning their terms and conditions of employment that are within the State's control. Nothing in this subsection shall be understood to limit the right of families receiving services defined in this Section to select child and day care home providers or supervise them within the limits of this Section. The State shall not be considered to be the employer of child and day care home providers for any purposes not specifically provided in this amendatory Act of the 94th General Assembly, including but not limited to, purposes of vicarious liability in tort and purposes of statutory retirement or health insurance benefits. Child and day care home providers shall not be covered by the State Employees Group Insurance Act of 1971.

New matter indicated by italics - deletions by strikeout.
In according child and day care home providers and their selected representative rights under the Illinois Public Labor Relations Act, the State intends that the State action exemption to application of federal and State antitrust laws be fully available to the extent that their activities are authorized by this amendatory Act of the 94th General Assembly.

(d) The Illinois Department shall, by rule, require co-payments for child care services by any parent, including parents whose only income is from assistance under this Code. The co-payment shall be assessed based on a sliding scale based on family income, family size, and the number of children in care. Co-payments shall not be increased due solely to a change in the methodology for counting family income.

(d-5) The Illinois Department, in consultation with its Child Care and Development Advisory Council, shall develop a plan to revise the child care assistance program's co-payment scale. The plan shall be completed no later than February 1, 2008, and shall include:

1. findings as to the percentage of income that the average American family spends on child care and the relative amounts that low-income families and the average American family spend on other necessities of life;
2. recommendations for revising the child care co-payment scale to assure that families receiving child care services from the Department are paying no more than they can reasonably afford;
3. recommendations for revising the child care co-payment scale to provide at-risk children with complete access to Preschool for All and Head Start; and
4. recommendations for changes in child care program policies that affect the affordability of child care.
(e) (Blank).

(f) The Illinois Department shall, by rule, set rates to be paid for the various types of child care. Child care may be provided through one of the following methods:

1. arranging the child care through eligible providers by use of purchase of service contracts or vouchers;
2. arranging with other agencies and community volunteer groups for non-reimbursed child care;
3. (blank); or
4. adopting such other arrangements as the Department determines appropriate.
(f-5) (Blank).

New matter indicated by italics - deletions by strikeout.
(g) Families eligible for assistance under this Section shall be given the following options:

(1) receiving a child care certificate issued by the Department or a subcontractor of the Department that may be used by the parents as payment for child care and development services only; or

(2) if space is available, enrolling the child with a child care provider that has a purchase of service contract with the Department or a subcontractor of the Department for the provision of child care and development services. The Department may identify particular priority populations for whom they may request special consideration by a provider with purchase of service contracts, provided that the providers shall be permitted to maintain a balance of clients in terms of household incomes and families and children with special needs, as defined by rule.

Sec. 4. Amount of Grant.

(a) In general. Any individual 65 years or older or any individual who will become 65 years old during the calendar year in which a claim is filed, and any surviving spouse of such a claimant, who at the time of death received or was entitled to receive a grant pursuant to this Section, which surviving spouse will become 65 years of age within the 24 months immediately following the death of such claimant and which surviving spouse but for his or her age is otherwise qualified to receive a grant pursuant to this Section, and any disabled person whose annual household income is less than the income eligibility limitation, as defined in subsection (a-5) and whose household is liable for payment of property taxes accrued or has paid rent constituting property taxes accrued and is domiciled in this State at the time he or she files his or her claim is entitled to claim a grant under this Act. With respect to claims filed by individuals who will become 65 years old during the calendar year in which a claim is filed, the amount of any grant to which that household is entitled shall be an amount equal to 1/12 of the amount to which the claimant would otherwise be entitled as provided in this Section, multiplied by the number of months in which the claimant was 65 in the calendar year in which the claim is filed.

(a-5) Income eligibility limitation. For purposes of this Section, "income eligibility limitation" means an amount:

(i) for grant years before the 1998 grant year, less than $14,000;
(ii) for the 1998 and 1999 grant year, less than $16,000;

New matter indicated by italics - deletions by strikeout.
(c) less than $36,740 for a household containing 3 or more persons.

(b) Limitation. Except as otherwise provided in subsections (a) and (f) of this Section, the maximum amount of grant which a claimant is entitled to claim is the amount by which the property taxes accrued which were paid or payable during the last preceding tax year or rent constituting property taxes accrued upon the claimant's residence for the last preceding taxable year exceeds 3 1/2% of the claimant's household income for that year but in no event is the grant to exceed (i) $700 less 4.5% of household income for that year for those with a household income of $14,000 or less or (ii) $70 if household income for that year is more than $14,000.

(c) Public aid recipients. If household income in one or more months during a year includes cash assistance in excess of $55 per month from the Department of Healthcare and Family Services or the Department of Human Services (acting as successor to the Department of Public Aid under the Department of Human Services Act) which was determined under regulations of that Department on a measure of need that included an allowance for actual rent or property taxes paid by the recipient of that assistance, the amount of grant to which that household is entitled, except as otherwise provided in subsection (a), shall be the product of (1) the maximum amount computed as specified in subsection (b) of this Section and (2) the ratio of the number of months in which household income did not include such cash assistance over $55 to the number twelve. If household income did not include such cash assistance over $55 for any months during the year, the amount of the grant to which the household is entitled shall be the maximum amount computed as specified in subsection (b) of this Section. For purposes of this paragraph (c), "cash assistance" does not include any amount received under the federal Supplemental Security Income (SSI) program.

(d) Joint ownership. If title to the residence is held jointly by the claimant with a person who is not a member of his or her household, the amount of property taxes accrued used in computing the amount of grant to which he or she is entitled shall be the same percentage of property taxes accrued as is the percentage of ownership held by the claimant in the residence.

(e) More than one residence. If a claimant has occupied more than one residence in the taxable year, he or she may claim only one residence for any part of a month. In the case of property taxes accrued, he or she shall prorate 1/12 of the total property taxes accrued on his or her residence.
residence to each month that he or she owned and occupied that residence; and, in the case of rent constituting property taxes accrued, shall prorate each month's rent payments to the residence actually occupied during that month.

(f) There is hereby established a program of pharmaceutical assistance to the aged and disabled which shall be administered by the Department in accordance with this Act, to consist of payments to authorized pharmacies, on behalf of beneficiaries of the program, for the reasonable costs of covered prescription drugs. Each beneficiary who pays $5 for an identification card shall pay no additional prescription costs. Each beneficiary who pays $25 for an identification card shall pay $3 per prescription. In addition, after a beneficiary receives $2,000 in benefits during a State fiscal year, that beneficiary shall also be charged 20% of the cost of each prescription for which payments are made by the program during the remainder of the fiscal year. To become a beneficiary under this program a person must: (1) be (i) 65 years of age or older, or (ii) the surviving spouse of such a claimant, who at the time of death received or was entitled to receive benefits pursuant to this subsection, which surviving spouse will become 65 years of age within the 24 months immediately following the death of such claimant and which surviving spouse but for his or her age is otherwise qualified to receive benefits pursuant to this subsection, or (iii) disabled, and (2) be domiciled in this State at the time he or she files his or her claim, and (3) have a maximum household income of less than the income eligibility limitation, as defined in subsection (a-5). In addition, each eligible person must (1) obtain an identification card from the Department, (2) at the time the card is obtained, sign a statement assigning to the State of Illinois benefits which may be otherwise claimed under any private insurance plans, and (3) present the identification card to the dispensing pharmacist.

The Department may adopt rules specifying participation requirements for the pharmaceutical assistance program, including copayment amounts, identification card fees, expenditure limits, and the benefit threshold after which a 20% charge is imposed on the cost of each prescription, to be in effect on and after July 1, 2004. Notwithstanding any other provision of this paragraph, however, the Department may not increase the identification card fee above the amount in effect on May 1, 2003 without the express consent of the General Assembly. To the extent practicable, those requirements shall be commensurate with the requirements provided in rules adopted by the Department of Healthcare

and Family Services to implement the pharmacy assistance program under Section 5-5.12a of the Illinois Public Aid Code.

Whenever a generic equivalent for a covered prescription drug is available, the Department shall reimburse only for the reasonable costs of the generic equivalent, less the co-pay established in this Section, unless (i) the covered prescription drug contains one or more ingredients defined as a narrow therapeutic index drug at 21 CFR 320.33, (ii) the prescriber indicates on the face of the prescription "brand medically necessary", and (iii) the prescriber specifies that a substitution is not permitted. When issuing an oral prescription for covered prescription medication described in item (i) of this paragraph, the prescriber shall stipulate "brand medically necessary" and that a substitution is not permitted. If the covered prescription drug and its authorizing prescription do not meet the criteria listed above, the beneficiary may purchase the non-generic equivalent of the covered prescription drug by paying the difference between the generic cost and the non-generic cost plus the beneficiary co-pay.

Any person otherwise eligible for pharmaceutical assistance under this Act whose covered drugs are covered by any public program for assistance in purchasing any covered prescription drugs shall be ineligible for assistance under this Act to the extent such costs are covered by such other plan.

The fee to be charged by the Department for the identification card shall be equal to $5 per coverage year for persons below the official poverty line as defined by the United States Department of Health and Human Services and $25 per coverage year for all other persons.

In the event that 2 or more persons are eligible for any benefit under this Act, and are members of the same household, (1) each such person shall be entitled to participate in the pharmaceutical assistance program, provided that he or she meets all other requirements imposed by this subsection and (2) each participating household member contributes the fee required for that person by the preceding paragraph for the purpose of obtaining an identification card.

The provisions of this subsection (f), other than this paragraph, are inoperative after December 31, 2005. Beneficiaries who received benefits under the program established by this subsection (f) are not entitled, at the termination of the program, to any refund of the identification card fee paid under this subsection.

(g) Effective January 1, 2006, there is hereby established a program of pharmaceutical assistance to the aged and disabled, entitled the Illinois

Seniors and Disabled Drug Coverage Program, which shall be administered by the Department of Healthcare and Family Services and the Department on Aging in accordance with this subsection, to consist of coverage of specified prescription drugs on behalf of beneficiaries of the program as set forth in this subsection. The program under this subsection replaces and supersedes the program established under subsection (f), which shall end at midnight on December 31, 2005.

To become a beneficiary under the program established under this subsection, a person must:

1. be (i) 65 years of age or older or (ii) disabled; and
2. be domiciled in this State; and
3. enroll with a qualified Medicare Part D Prescription Drug Plan if eligible and apply for all available subsidies under Medicare Part D; and
4. have a maximum household income of (i) less than $21,218 for a household containing one person, (ii) less than $28,480 for a household containing 2 persons, or (iii) less than $35,740 for a household containing 3 or more persons. If any income eligibility limit set forth in items (i) through (iii) is less than 200% of the Federal Poverty Level for any year, the income eligibility limit for that year for households of that size shall be income equal to or less than 200% of the Federal Poverty Level.

All individuals enrolled as of December 31, 2005, in the pharmaceutical assistance program operated pursuant to subsection (f) of this Section and all individuals enrolled as of December 31, 2005, in the SeniorCare Medicaid waiver program operated pursuant to Section 5-5.12a of the Illinois Public Aid Code shall be automatically enrolled in the program established by this subsection for the first year of operation without the need for further application, except that they must apply for Medicare Part D and the Low Income Subsidy under Medicare Part D. A person enrolled in the pharmaceutical assistance program operated pursuant to subsection (f) of this Section as of December 31, 2005, shall not lose eligibility in future years due only to the fact that they have not reached the age of 65.

To the extent permitted by federal law, the Department may act as an authorized representative of a beneficiary in order to enroll the beneficiary in a Medicare Part D Prescription Drug Plan if the beneficiary has failed to choose a plan and, where possible, to enroll beneficiaries in

the low-income subsidy program under Medicare Part D or assist them in enrolling in that program.

Beneficiaries under the program established under this subsection shall be divided into the following 5 eligibility groups:

(A) Eligibility Group 1 shall consist of beneficiaries who are not eligible for Medicare Part D coverage and who are:
   (i) disabled and under age 65; or
   (ii) age 65 or older, with incomes over 200% of the Federal Poverty Level; or
   (iii) age 65 or older, with incomes at or below 200% of the Federal Poverty Level and not eligible for federally funded means-tested benefits due to immigration status.

(B) Eligibility Group 2 shall consist of beneficiaries otherwise described in Eligibility Group 1 but who are eligible for Medicare Part D coverage.

(C) Eligibility Group 3 shall consist of beneficiaries age 65 or older, with incomes at or below 200% of the Federal Poverty Level, who are not barred from receiving federally funded means-tested benefits due to immigration status and are eligible for Medicare Part D coverage.

(D) Eligibility Group 4 shall consist of beneficiaries age 65 or older, with incomes at or below 200% of the Federal Poverty Level, who are not barred from receiving federally funded means-tested benefits due to immigration status and are not eligible for Medicare Part D coverage.

If the State applies and receives federal approval for a waiver under Title XIX of the Social Security Act, persons in Eligibility Group 4 shall continue to receive benefits through the approved waiver, and Eligibility Group 4 may be expanded to include disabled persons under age 65 with incomes under 200% of the Federal Poverty Level who are not eligible for Medicare and who are not barred from receiving federally funded means-tested benefits due to immigration status.

(E) On and after January 1, 2007, Eligibility Group 5 shall consist of beneficiaries who are otherwise described in Eligibility Groups 2 and 3 who have a diagnosis of HIV or AIDS.

The program established under this subsection shall cover the cost of covered prescription drugs in excess of the beneficiary cost-sharing amounts set forth in this paragraph that are not covered by Medicare. In

2006, beneficiaries shall pay a co-payment of $2 for each prescription of a generic drug and $5 for each prescription of a brand-name drug. In future years, beneficiaries shall pay co-payments equal to the co-payments required under Medicare Part D for "other low-income subsidy eligible individuals" pursuant to 42 CFR 423.782(b). For individuals in Eligibility Groups 1, 2, 3, and 4, once the program established under this subsection and Medicare combined have paid $1,750 in a year for covered prescription drugs, the beneficiary shall pay 20% of the cost of each prescription in addition to the co-payments set forth in this paragraph. For individuals in Eligibility Group 5, once the program established under this subsection and Medicare combined have paid $1,750 in a year for covered prescription drugs, the beneficiary shall pay 20% of the cost of each prescription in addition to the co-payments set forth in this paragraph unless the drug is included in the formulary of the Illinois AIDS Drug Assistance Program operated by the Illinois Department of Public Health. If the drug is included in the formulary of the Illinois AIDS Drug Assistance Program, individuals in Eligibility Group 5 shall continue to pay the co-payments set forth in this paragraph after the program established under this subsection and Medicare combined have paid $1,750 in a year for covered prescription drugs.

For beneficiaries eligible for Medicare Part D coverage, the program established under this subsection shall pay 100% of the premiums charged by a qualified Medicare Part D Prescription Drug Plan for Medicare Part D basic prescription drug coverage, not including any late enrollment penalties. Qualified Medicare Part D Prescription Drug Plans may be limited by the Department of Healthcare and Family Services to those plans that sign a coordination agreement with the Department.

Notwithstanding Section 3.15, for purposes of the program established under this subsection, the term "covered prescription drug" has the following meanings:

For Eligibility Group 1, "covered prescription drug" means: (1) any cardiovascular agent or drug; (2) any insulin or other prescription drug used in the treatment of diabetes, including syringe and needles used to administer the insulin; (3) any prescription drug used in the treatment of arthritis; (4) any prescription drug used in the treatment of cancer; (5) any prescription drug used in the treatment of Alzheimer's disease; (6) any prescription drug used in the treatment of Parkinson's disease; (7) any prescription drug used in the treatment of glaucoma; (8)
any prescription drug used in the treatment of lung disease and smoking-related illnesses; (9) any prescription drug used in the treatment of osteoporosis; and (10) any prescription drug used in the treatment of multiple sclerosis. The Department may add additional therapeutic classes by rule. The Department may adopt a preferred drug list within any of the classes of drugs described in items (1) through (10) of this paragraph. The specific drugs or therapeutic classes of covered prescription drugs shall be indicated by rule.

For Eligibility Group 2, "covered prescription drug" means those drugs covered for Eligibility Group 1 that are also covered by the Medicare Part D Prescription Drug Plan in which the beneficiary is enrolled.

For Eligibility Group 3, "covered prescription drug" means those drugs covered by the Medicare Part D Prescription Drug Plan in which the beneficiary is enrolled.

For Eligibility Group 4, "covered prescription drug" means those drugs covered by the Medical Assistance Program under Article V of the Illinois Public Aid Code.

For Eligibility Group 5, for individuals otherwise described in Eligibility Group 2, "covered prescription drug" means: (1) those drugs covered for Eligibility Group 2 that are also covered by the Medicare Part D Prescription Drug Plan in which the beneficiary is enrolled; and (2) those drugs included in the formulary of the Illinois AIDS Drug Assistance Program operated by the Illinois Department of Public Health that are also covered by the Medicare Part D Prescription Drug Plan in which the beneficiary is enrolled.

For Eligibility Group 5, for individuals otherwise described in Eligibility Group 3, "covered prescription drug" means those drugs covered by the Medicare Part D Prescription Drug Plan in which the beneficiary is enrolled.

An individual in Eligibility Group 1, 2, 3, 4, or 5 may opt to receive a $25 monthly payment in lieu of the direct coverage described in this subsection.

Any person otherwise eligible for pharmaceutical assistance under this subsection whose covered drugs are covered by any public program is ineligible for assistance under this subsection to the extent that the cost of those drugs is covered by the other program.
The Department of Healthcare and Family Services shall establish by rule the methods by which it will provide for the coverage called for in this subsection. Those methods may include direct reimbursement to pharmacies or the payment of a capitated amount to Medicare Part D Prescription Drug Plans.

For a pharmacy to be reimbursed under the program established under this subsection, it must comply with rules adopted by the Department of Healthcare and Family Services regarding coordination of benefits with Medicare Part D Prescription Drug Plans. A pharmacy may not charge a Medicare-enrolled beneficiary of the program established under this subsection more for a covered prescription drug than the appropriate Medicare cost-sharing less any payment from or on behalf of the Department of Healthcare and Family Services.

The Department of Healthcare and Family Services or the Department on Aging, as appropriate, may adopt rules regarding applications, counting of income, proof of Medicare status, mandatory generic policies, and pharmacy reimbursement rates and any other rules necessary for the cost-efficient operation of the program established under this subsection.

(c) The requirements of subsection (a) of this Section do not apply to mail order sales nor shall the retail sale of a motor vehicle be considered to be the sale of tires at retail or offering of tires for retail sale. Instead of filing returns, retailers of tires may remit the tire user fee of $1.00 per tire to their suppliers of tires if the supplier of tires is a registered retailer of tires and agrees or otherwise arranges to collect and remit the tire fee to the Department of Revenue, notwithstanding the fact that the sale of the tire is a sale for resale and not a sale at retail. A tire supplier who enters into such an arrangement with a tire retailer shall be liable for the tax on all tires sold to the tire retailer and must (i) provide the tire retailer with a receipt that separately reflects the tire tax collected from the retailer on each transaction and (ii) accept used tires for recycling from the retailer's customers. Otherwise, the tire retailer shall be directly liable for the fee on all tires sold at retail. Tire retailers paying the fee to their suppliers are not entitled to the collection allowance of 10 cents per tire.

(d) The requirements of subsection (a) of this Section shall apply exclusively to tires to be used for vehicles defined in Section 1-217 of the

(e) The requirements of paragraph (1) of subsection (a) do not apply to the sale of reprocessed tires. For purposes of this Section, "reprocessed tire" means a used tire that has been recapped, retreaded, or regrooved and that has not been placed on a vehicle wheel rim.

(e) Whenever a peace officer reasonably believes that a person under arrest for a violation of Section 11-501 of this Code or a similar provision of a local ordinance is likely, upon release, to commit a subsequent violation of Section 11-501, or a similar provision of a local ordinance, the arresting officer shall have the vehicle which the person was operating at the time of the arrest impounded for a period of not more than 12 hours after the time of arrest. The vehicle may be released sooner if the vehicle is owned by the person under arrest and the person under arrest gives permission to another person to operate the vehicle and that other person possesses a valid operator's license and would not, as determined by the arresting law enforcement agency, indicate a lack of ability to operate a motor vehicle in a safe manner or would otherwise, by operating the motor vehicle, be in violation of this Code.

(f) Except as provided in Chapter 18a of this Code, the owner or lessor of privately owned real property within this State, or any person authorized by such owner or lessor, or any law enforcement agency in the case of publicly owned real property may cause any motor vehicle abandoned or left unattended upon such property without permission to be removed by a towing service without liability for the costs of removal, transportation or storage or damage caused by such removal, transportation or storage. The towing or removal of any vehicle from private property without the consent of the registered owner or other legally authorized person in control of the vehicle is subject to compliance with the following conditions and restrictions:

1. Any towed or removed vehicle must be stored at the site of the towing service's place of business. The site must be open during business hours, and for the purpose of redemption of vehicles, during the time that the person or firm towing such vehicle is open for towing purposes.

2. The towing service shall within 30 minutes of completion of such towing or removal, notify the law enforcement agency having jurisdiction of such towing or removal, and the

make, model, color and license plate number of the vehicle, and shall obtain and record the name of the person at the law enforcement agency to whom such information was reported.

3. If the registered owner or legally authorized person entitled to possession of the vehicle shall arrive at the scene prior to actual removal or towing of the vehicle, the vehicle shall be disconnected from the tow truck and that person shall be allowed to remove the vehicle without interference, upon the payment of a reasonable service fee of not more than one half the posted rate of the towing service as provided in paragraph 6 of this subsection, for which a receipt shall be given.

4. The rebate or payment of money or any other valuable consideration from the towing service or its owners, managers or employees to the owners or operators of the premises from which the vehicles are towed or removed, for the privilege of removing or towing those vehicles, is prohibited. Any individual who violates this paragraph shall be guilty of a Class A misdemeanor.

5. Except for property appurtenant to and obviously a part of a single family residence, and except for instances where notice is personally given to the owner or other legally authorized person in control of the vehicle that the area in which that vehicle is parked is reserved or otherwise unavailable to unauthorized vehicles and they are subject to being removed at the owner or operator's expense, any property owner or lessor, prior to towing or removing any vehicle from private property without the consent of the owner or other legally authorized person in control of that vehicle, must post a notice meeting the following requirements:
   a. Except as otherwise provided in subparagraph a.1 of this subdivision (f)5, the notice must be prominently placed at each driveway access or curb cut allowing vehicular access to the property within 5 feet from the public right-of-way line. If there are no curbs or access barriers, the sign must be posted not less than one sign each 100 feet of lot frontage.
   a.1. In a municipality with a population of less than 250,000, as an alternative to the requirement of subparagraph a of this subdivision (f)5, the notice for a parking lot contained within property used solely for a 2-family, 3-family, or 4-family residence may be prominently
placed at the perimeter of the parking lot, in a position where the notice is visible to the occupants of vehicles entering the lot.

b. The notice must indicate clearly, in not less than 2 inch high light-reflective letters on a contrasting background, that unauthorized vehicles will be towed away at the owner's expense.

c. The notice must also provide the name and current telephone number of the towing service towing or removing the vehicle.

d. The sign structure containing the required notices must be permanently installed with the bottom of the sign not less than 4 feet above ground level, and must be continuously maintained on the property for not less than 24 hours prior to the towing or removing of any vehicle.

6. Any towing service that tows or removes vehicles and proposes to require the owner, operator, or person in control of the vehicle to pay the costs of towing and storage prior to redemption of the vehicle must file and keep on record with the local law enforcement agency a complete copy of the current rates to be charged for such services, and post at the storage site an identical rate schedule and any written contracts with property owners, lessors, or persons in control of property which authorize them to remove vehicles as provided in this Section. The towing and storage charges, however, shall not exceed the maximum allowed by the Illinois Commerce Commission under Section 18a-200.

7. No person shall engage in the removal of vehicles from private property as described in this Section without filing a notice of intent in each community where he intends to do such removal, and such notice shall be filed at least 7 days before commencing such towing.

8. No removal of a vehicle from private property shall be done except upon express written instructions of the owners or persons in charge of the private property upon which the vehicle is said to be trespassing.

9. Vehicle entry for the purpose of removal shall be allowed with reasonable care on the part of the person or firm towing the vehicle. Such person or firm shall be liable for any damages
occasioned the vehicle if such entry is not in accordance with the standards of reasonable care.

10. When a vehicle has been towed or removed pursuant to this Section, it must be released to its owner or custodian within one half hour after requested, if such request is made during business hours. Any vehicle owner or custodian or agent shall have the right to inspect the vehicle before accepting its return, and no release or waiver of any kind which would release the towing service from liability for damages incurred during the towing and storage may be required from any vehicle owner or other legally authorized person as a condition of release of the vehicle. A detailed, signed receipt showing the legal name of the towing service must be given to the person paying towing or storage charges at the time of payment, whether requested or not.

This Section shall not apply to law enforcement, firefighting, rescue, ambulance, or other emergency vehicles which are marked as such or to property owned by any governmental entity.

When an authorized person improperly causes a motor vehicle to be removed, such person shall be liable to the owner or lessee of the vehicle for the cost or removal, transportation and storage, any damages resulting from the removal, transportation and storage, attorney's fee and court costs.

Any towing or storage charges accrued shall be payable by the use of any major credit card, in addition to being payable in cash.

11. Towing companies shall also provide insurance coverage for areas where vehicles towed under the provisions of this Chapter will be impounded or otherwise stored, and shall adequately cover loss by fire, theft or other risks.

Any person who fails to comply with the conditions and restrictions of this subsection shall be guilty of a Class C misdemeanor and shall be fined not less than $100 nor more than $500.

(g) When a vehicle is determined to be a hazardous dilapidated motor vehicle pursuant to Section 11-40-3.1 of the Illinois Municipal Code, its removal and impoundment by a towing service may be authorized by a law enforcement agency with appropriate jurisdiction.

When a vehicle removal from either public or private property is authorized by a law enforcement agency, the owner of the vehicle shall be responsible for all towing and storage charges.

The provisions of Section 1 of that Act relating to notice and implied consent shall be deemed satisfied by compliance with Section 18a-302 and subsection (6) of Section 18a-300. (d) For the purpose of providing the Secretary of State with records necessary to properly monitor and assess driver performance and assist the courts in the proper disposition of repeat traffic law offenders, the clerk of the court shall forward to the Secretary of State, on a form prescribed by the Secretary, records of a driver's participation in a driver remedial or rehabilitative program which was required, through a court order or court supervision, in relation to the driver's arrest for a violation of Section 11-501 of this Code or a similar provision of a local ordinance. The clerk of the court shall also forward to the Secretary, either on paper or in an electronic format or a computer processible medium as required under paragraph (5) of subsection (a) of this Section, any disposition of court supervision for any traffic violation, excluding those offenses listed in paragraph (2) of subsection (a) of this Section. These reports shall be sent within 5 days after disposition, or, if the driver is referred to a driver remedial or rehabilitative program, within 5 days of the driver's referral to that program. These reports received by the Secretary of State, including those required to be forwarded under paragraph (a)(4), shall be privileged information, available only (i) to the affected driver, (ii) to the parent or guardian of a person under the age of 18 years holding an instruction permit or a graduated driver's license, and (iii) for use by the courts, police officers, prosecuting authorities, the Secretary of State, and the driver licensing administrator of any other state. In accordance with 49 C.F.R. Part 384, all reports of court supervision, except violations related to parking, shall be forwarded to the Secretary of State for all holders of a CDL or any driver who commits an offense while driving a commercial motor vehicle. These reports shall be recorded to the driver's record as a conviction for use in the disqualification of the driver's commercial motor vehicle privileges and shall not be privileged information.

(c) Except as provided in subsection (c-5), whenever a person is convicted of any of the offenses enumerated in this Section, the court may recommend and the Secretary of State in his discretion, without regard to whether the recommendation is made by the court may, upon application, issue to the person a restricted driving permit granting the privilege of driving a motor vehicle between the petitioner's residence and petitioner's place of employment or within the scope of the petitioner's employment related duties, or to allow transportation for the petitioner or a household member of the petitioner's family for the receipt of necessary medical care or, if the professional evaluation indicates, provide transportation for the petitioner for alcohol remedial or rehabilitative activity, or for the petitioner to attend classes, as a student, in an accredited educational institution; if the petitioner is able to demonstrate that no alternative means of transportation is reasonably available and the petitioner will not endanger the public safety or welfare; provided that the Secretary's discretion shall be limited to cases where undue hardship would result from a failure to issue the restricted driving permit.

If a person's license or permit has been revoked or suspended 2 or more times within a 10 year period due to a single conviction of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense, and a statutory summary suspension under Section 11-501.1, or 2 or more statutory summary suspensions, or combination of 2 offenses, or of an offense and a statutory summary suspension, arising out of separate occurrences, or if a person has been convicted of one violation of Section 6-303 of this Code committed while his or her driver's license, permit, or privilege was revoked because of a violation of Section 9-3 of the Criminal Code of 1961, relating to the offense of reckless homicide, or a similar provision of a law of another state, that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1. The person must pay to the Secretary of State DUI Administration Fund an amount not to exceed $20 per month. The Secretary shall establish by rule the amount and the procedures, terms, and conditions relating to these fees. If the restricted driving permit was issued for employment purposes, then this provision does not apply to the operation of an occupational vehicle owned or leased by that person's employer. In each case the Secretary of State may issue a restricted driving permit for a period he deems appropriate, except that the permit shall expire within one year from the date of issuance. The Secretary may not, however, issue a restricted driving permit to any person whose current revocation is the result of a second or subsequent conviction for a violation of Section 11-501 of this Code or a similar provision of a local ordinance relating to the offense of operating or being in physical control of a motor vehicle while under the influence of alcohol, other drug or drugs, intoxicating compound or compounds, or any similar out-of-state offense, or any combination thereof, until the expiration of at least one year from the date of the revocation. A restricted driving permit issued under this Section shall be subject to cancellation, revocation, and suspension by the Secretary of State in like manner and for like cause as a driver's license issued under this Code may be cancelled, revoked, or suspended; except that a conviction upon one or more offenses against laws or ordinances regulating the movement of traffic shall be deemed sufficient cause for the revocation, suspension, or cancellation of a restricted driving permit. (c-5) The Secretary may not issue a restricted driving permit to any person who has been convicted of a second or subsequent violation of Section 6-303 of this Code committed while his or her driver's license, permit, or privilege was revoked because of a violation of Section 9-3 of the Criminal Code of 1961, relating to the offense of reckless homicide, or a similar provision of a law of another state.

(d) Whenever a person under the age of 21 is convicted under Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense, the Secretary of State shall revoke the driving privileges of that person. One year after the date of revocation, and upon application, the Secretary of State may, if satisfied that the person applying will not endanger the public safety or welfare, issue a restricted driving permit granting the privilege of driving a motor vehicle only between the hours of 5 a.m. and 9 p.m. or as otherwise provided by this Section for a period of one year. After this one year period, and upon reapplication for a license as provided in Section 6-106, upon payment of the appropriate reinstatement fee provided under paragraph (b) of Section 6-118, the Secretary of State, in his discretion, may issue the applicant a license, or extend the restricted driving permit as many times as the Secretary of State deems appropriate, by additional periods of not more than 12 months each, until the applicant attains 21 years of age.

Those multiple offenders identified in subdivision (b)4 of Section 6-208 of this Code, however, shall not be eligible for the issuance of a restricted driving permit.

(2) If a person's license or permit is revoked or suspended due to 2 or more convictions of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense, or Section 9-3 of the Criminal Code of 1961, where the use of alcohol or other drugs is recited as an element of the offense, or a similar out-of-state offense, or a combination of these offenses, arising out of separate occurrences, that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

(c) 1. Upon suspending or revoking the driver's license or permit of any person as authorized in this Section, the Secretary of State shall immediately notify the person in writing of the revocation or suspension. 2. If the Secretary of State suspends the driver's license of a person under subsection 2 of paragraph (a) of this Section, a
person's privilege to operate a vehicle as an occupation shall not be suspended, provided an affidavit is properly completed, the appropriate fee received, and a permit issued prior to the effective date of the suspension, unless 5 offenses were committed, at least 2 of which occurred while operating a commercial vehicle in connection with the driver's regular occupation. The affidavit shall also state the number of offenses committed while operating a vehicle in connection with the driver's regular occupation. The affidavit shall be accompanied by the driver's license. Upon receipt of a properly completed affidavit, the Secretary of State shall issue the driver a permit to operate a vehicle in connection with the driver's regular occupation only. Unless the permit is issued by the Secretary of State prior to the date of suspension, the privilege to drive any motor vehicle shall be suspended as set forth in the notice that was mailed under this Section. If an affidavit is received subsequent to the effective date of this suspension, a permit may be issued for the remainder of the suspension period.

The provisions of this subparagraph shall not apply to any driver required to possess a CDL for the purpose of operating a commercial motor vehicle.

petitioner, or a household member of the petitioner's family, to receive necessary medical care and if the professional evaluation indicates, provide transportation for alcohol remedial or rehabilitative activity, or for the petitioner to attend classes, as a student, in an accredited educational institution; if the petitioner is able to demonstrate that no alternative means of transportation is reasonably available and the petitioner will not endanger the public safety or welfare.

If a person's license or permit has been revoked or suspended due to 2 or more convictions of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense, arising out of separate occurrences, that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

If a person's license or permit has been revoked or suspended 2 or more times within a 10 year period due to a single conviction of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense, and a statutory summary suspension under Section 11-501.1, or 2 or more statutory summary suspensions, or combination of 2 offenses, or of an offense and a statutory summary suspension, arising out of separate occurrences, that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1. The person must pay to the Secretary of State DUI Administration Fund an amount not to exceed $20 per month. The Secretary shall establish by rule the amount and the procedures, terms, and conditions relating to these fees. If the restricted driving permit was issued for employment purposes, then this provision does not apply to the operation of an occupational vehicle owned or leased by that person's employer. In each case the Secretary may issue a restricted driving permit for a period deemed appropriate, except that all permits shall expire within one year from the date of issuance. The Secretary may not, however, issue a restricted driving permit to any person whose current revocation is the result of a second or subsequent conviction for a violation of Section 11-501 of this Code or a similar provision of a local ordinance relating to the offense of operating or being in physical control of a motor vehicle.

A restricted driving permit issued under this Section shall be subject to cancellation, revocation, and suspension by the Secretary of State in like manner and for like cause as a driver's license issued under this Code may be cancelled, revoked, or suspended; except that a conviction upon one or more offenses against laws or ordinances regulating the movement of traffic shall be deemed sufficient cause for the revocation, suspension, or cancellation of a restricted driving permit. The Secretary of State may, as a condition to the issuance of a restricted driving permit, require the applicant to participate in a designated driver remedial or rehabilitative program. The Secretary of State is authorized to cancel a restricted driving permit if the permit holder does not successfully complete the program.

(c-3) In the case of a suspension under paragraph 43 of subsection (a), reports received by the Secretary of State under this Section shall, except during the actual time the suspension is in effect, be privileged information and for use only by the courts, police officers, prosecuting authorities, the driver licensing administrator of any other state, or the Secretary of State. However, beginning January 1, 2008, if the person is a CDL holder, the suspension shall also be made available to the driver licensing administrator of any other state, the U.S. Department of Transportation, and the affected driver or motor carrier or prospective motor carrier upon request.

(c-4) In the case of a suspension under paragraph 43 of subsection (a), the Secretary of State shall notify the person by mail that his or her driving privileges and driver's license will be suspended one month after the date of the mailing of the notice.

(c-5) The Secretary of State may, as a condition of the reissuance of a driver's license or permit to an applicant whose driver's license or permit has been suspended before he or she reached the age of 18 years pursuant to any of the provisions of this Section, require the applicant to participate in a driver remedial education course and be retested under Section 6-109 of this Code.

(d) This Section is subject to the provisions of the Drivers License Compact.

The petitioner must demonstrate that no alternative means of transportation is reasonably available and that the petitioner will not endanger the public safety or welfare. Those multiple offenders identified in subdivision (b)4 of Section 6-208 of this Code, however, shall not be eligible for the issuance of a restricted driving permit.

(A) If a person's license or permit is revoked or suspended due to 2 or more convictions of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense, or Section 9-3 of the Criminal Code of 1961, where the use of alcohol or other drugs is recited as an element of the offense, or a similar out-of-state offense, or a combination of these offenses, arising out of separate occurrences, that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

(B) If a person's license or permit is revoked or suspended 2 or more times within a 10 year period due to any combination of:

(E) In each case the Secretary may issue a restricted driving permit for a period deemed appropriate, except that all permits shall expire within one year from the date of issuance. The Secretary may not, however, issue a restricted driving permit to any person whose current revocation is the result of a second or subsequent conviction for a violation of Section 11-501 of this Code or a similar provision of a local ordinance or any similar out-of-state offense, or Section 9-3 of the Criminal Code of 1961, where the use of alcohol or other drugs is recited as an element of the offense, or any similar out-of-state offense, or any combination of those offenses, until the expiration of at least one year from the date of the revocation. A restricted driving permit issued under this Section shall be subject to cancellation, revocation, and suspension by the Secretary of State in like manner and for like cause as a driver's license issued under this Code may be cancelled, revoked, or suspended; except that a conviction upon one or more offenses against laws or ordinances regulating the movement of traffic shall be deemed sufficient cause for the revocation, suspension, or cancellation of a restricted driving permit. The Secretary of State may, as a condition to the issuance of a restricted driving permit, require the applicant to participate in a designated driver remedial or rehabilitative program. The Secretary of State is authorized to cancel a restricted driving permit if the permit holder does not successfully complete the program.

(c-3) In the case of a suspension under paragraph 43 of subsection (a), reports received by the Secretary of State under this Section shall, except during the actual time the suspension is in effect, be privileged information and for use only by the courts, police officers, prosecuting authorities, the driver licensing administrator of any other state, or the Secretary of State. However, beginning January 1, 2008, if the person is a CDL holder, the suspension shall also be made available to the driver licensing administrator of any other state, the U.S. Department of Transportation, and the affected driver or motor carrier or prospective motor carrier upon request.

(c-4) In the case of a suspension under paragraph 43 of subsection (a), the Secretary of State shall notify the person by mail that his or her
driving privileges and driver's license will be suspended one month after the date of the mailing of the notice.

(c-5) The Secretary of State may, as a condition of the reissuance of a driver's license or permit to an applicant whose driver's license or permit has been suspended before he or she reached the age of 18 years pursuant to any of the provisions of this Section, require the applicant to participate in a driver remedial education course and be retested under Section 6-109 of this Code.

(d) This Section is subject to the provisions of the Drivers License Compact.

(e) The Secretary of State shall not issue a restricted driving permit to a person under the age of 16 years whose driving privileges have been suspended or revoked under any provisions of this Code.

(f) In accordance with 49 C.F.R. 384, the Secretary of State may not issue a restricted driving permit for the operation of a commercial motor vehicle to a person holding a CDL whose driving privileges have been suspended, revoked, cancelled, or disqualified under any provisions of this Code.

(625 ILCS 5/6-206.1) (from Ch. 95 1/2, par. 6-206.1)

Sec. 6-206.1. Judicial Driving Permit. Declaration of Policy. It is hereby declared a policy of the State of Illinois that the driver who is impaired by alcohol, other drug or drugs, or intoxicating compound or compounds is a threat to the public safety and welfare. Therefore, to provide a deterrent to such practice and to remove problem drivers from the highway, a statutory summary driver's license suspension is appropriate. It is also recognized that driving is a privilege and therefore, that in some cases the granting of limited driving privileges, where consistent with public safety, is warranted during the period of suspension in the form of a judicial driving permit to drive for the purpose of employment, receiving drug treatment or medical care, and educational pursuits, where no alternative means of transportation is available.

The following procedures shall apply whenever a first offender is arrested for any offense as defined in Section 11-501 or a similar provision of a local ordinance:

New matter indicated by italics - deletions by strikeout.
(a) Subsequent to a notification of a statutory summary suspension of driving privileges as provided in Section 11-501.1, the first offender as defined in Section 11-500 may petition the circuit court of venue for a Judicial Driving Permit, hereinafter referred as a JDP, to relieve undue hardship. The court may issue a court order, pursuant to the criteria contained in this Section, directing the Secretary of State to issue such a JDP to the petitioner. A JDP shall not become effective prior to the 31st day of the original statutory summary suspension and shall always be subject to the following criteria:

1. If ordered for the purposes of employment, the JDP shall be only for the purpose of providing the petitioner the privilege of driving a motor vehicle between the petitioner's residence and the petitioner's place of employment and return; or within the scope of the petitioner's employment related duties, shall be effective only during and limited to those specific times and routes actually required to commute or perform the petitioner's employment related duties.

2. The court, by a court order, may also direct the Secretary of State to issue a JDP to allow transportation for the petitioner, or a household member of the petitioner's family, to receive alcohol, drug, or intoxicating compound treatment or medical care, if the petitioner is able to demonstrate that no alternative means of transportation is reasonably available. Such JDP shall be effective only during the specific times actually required to commute.

3. The court, by a court order, may also direct the Secretary of State to issue a JDP to allow transportation by the petitioner for educational purposes upon demonstrating that there are no alternative means of transportation reasonably available to accomplish those educational purposes. Such JDP shall be only for the purpose of providing transportation to and from the petitioner's residence and the petitioner's place of educational activity, and only during the specific times and routes actually required to commute or perform the petitioner's educational requirement.

4. The Court shall not issue an order granting a JDP to:
   (i) Any person unless and until the court, after considering the results of a current professional evaluation of the person's alcohol or other drug use by an agency pursuant to Section 15-10 of the Alcoholism and Other Drug Abuse and Dependency Act and other appropriate

investigation of the person, is satisfied that granting the privilege of driving a motor vehicle on the highways will not endanger the public safety or welfare.

(ii) Any person who has been convicted of reckless homicide within the previous 5 years.

(iii) Any person whose privilege to operate a motor vehicle was invalid at the time of arrest for the current violation of Section 11-501, or a similar provision of a local ordinance, except in cases where the cause for a driver's license suspension has been removed at the time a JDP is effective. In any case, should the Secretary of State enter a suspension or revocation of driving privileges pursuant to the provisions of this Code while the JDP is in effect or pending, the Secretary shall take the prescribed action and provide a notice to the person and the court ordering the issuance of the JDP that all driving privileges, including those provided by the issuance of the JDP, have been withdrawn.

(iv) Any person under the age of 18 years.

(v) Any person for the operation of a commercial motor vehicle if the person's driving privileges have been suspended under any provision of this Code in accordance with 49 C.F.R. Part 384.

(b) Prior to ordering the issuance of a JDP the Court should consider at least, but not be limited to, the following issues:

1. Whether the person is employed and no other means of commuting to the place of employment is available or that the person must drive as a condition of employment. The employer shall certify the hours of employment and the need and parameters necessary for driving as a condition to employment.

2. Whether the person must drive to secure alcohol or other medical treatment for himself or a family member.

3. Whether the person must drive for educational purposes. The educational institution shall certify the person's enrollment in and academic schedule at the institution.

4. Whether the person has been repeatedly convicted of traffic violations or involved in motor vehicle accidents to a degree which indicates disrespect for public safety.

New matter indicated by italics - deletions by strikeout.
5. Whether the person has been convicted of a traffic violation in connection with a traffic accident resulting in the death of any person within the last 5 years.

6. Whether the person is likely to obey the limited provisions of the JDP.

7. Whether the person has any additional traffic violations pending in any court.

For purposes of this Section, programs conducting professional evaluations of a person's alcohol, other drug, or intoxicating compound use must report, to the court of venue, using a form prescribed by the Secretary of State. A copy of such evaluations shall be sent to the Secretary of State by the court. However, the evaluation information shall be privileged and only available to courts and to the Secretary of State, but shall not be admissible in the subsequent trial on the underlying charge.

(c) The scope of any court order issued for a JDP under this Section shall be limited to the operation of a motor vehicle as provided for in subsection (a) of this Section and shall specify the petitioner's residence, place of employment or location of educational institution, and the scope of job related duties, if relevant. The JDP shall also specify days of the week and specific hours of the day when the petitioner is able to exercise the limited privilege of operating a motor vehicle.

(c-1) If the petitioner is issued a citation for a violation of Section 6-303 during the period of a statutory summary suspension entered under Section 11-501.1 of this Code, or if the petitioner is charged with a violation of Section 11-501 or a similar provision of a local ordinance or a similar out of state offense which occurs after the current violation of Section 11-501 or a similar provision of a local ordinance, the court may not grant the petitioner a JDP unless the petitioner is acquitted or the citation or complaint is otherwise dismissed.

If the petitioner is issued a citation for a violation of Section 6-303 or a violation of Section 11-501 or a similar provision of a local ordinance or a similar out of state offense during the term of the JDP, the officer issuing the citation, or the law enforcement agency employing that officer, shall confiscate the JDP and immediately send the JDP and notice of the citation to the court that ordered the issuance of the JDP. Within 10 days of receipt, the issuing court, upon notice to the petitioner, shall conduct a hearing to consider cancellation of the JDP. If the court enters an order of cancellation, the court shall forward the order to the Secretary of State, and the Secretary shall cancel the JDP and notify the petitioner of the

cancellation. If, however, the petitioner is convicted of the offense before the JDP has been cancelled, the court of venue shall send notice of conviction to the court that ordered issuance of the JDP. The court receiving the notice shall immediately enter an order of cancellation and forward the order to the Secretary of State. The Secretary shall cancel the JDP and notify the petitioner of the cancellation.

If the petitioner is issued a citation for any other traffic related offense during the term of the JDP, the officer issuing the citation, or the law enforcement agency employing that officer, shall send notice of the citation to the court that ordered issuance of the JDP. Upon receipt and notice to the petitioner and an opportunity for a hearing, the court shall determine whether the violation constitutes grounds for cancellation of the JDP. If the court enters an order of cancellation, the court shall forward the order to the Secretary of State, and the Secretary shall cancel the JDP and shall notify the petitioner of the cancellation.

(d) The Secretary of State shall, upon receiving a court order from the court of venue, issue a JDP to a successful Petitioner under this Section. Such court order form shall also contain a notification, which shall be sent to the Secretary of State, providing the name, driver's license number and legal address of the successful petitioner, and the full and detailed description of the limitations of the JDP. This information shall be available only to the courts, police officers, and the Secretary of State, except during the actual period the JDP is valid, during which time it shall be a public record. The Secretary of State shall design and furnish to the courts an official court order form to be used by the courts when directing the Secretary of State to issue a JDP.

Any submitted court order that contains insufficient data or fails to comply with this Code shall not be utilized for JDP issuance or entered to the driver record but shall be returned to the issuing court indicating why the JDP cannot be so entered. A notice of this action shall also be sent to the JDP petitioner by the Secretary of State.

(e) The circuit court of venue may conduct the judicial hearing, as provided in Section 2-118.1, and the JDP hearing provided in this Section, concurrently. Such concurrent hearing shall proceed in the court in the same manner as in other civil proceedings.

(f) The circuit court of venue may, as a condition of the issuance of a JDP, prohibit the person from operating a motor vehicle not equipped with an ignition interlock device.

Sec. 6-206.1. Monitoring Device Driving Permit. Declaration of Policy. It is hereby declared a policy of the State of Illinois that the driver who is impaired by alcohol, other drug or drugs, or intoxicating compound or compounds is a threat to the public safety and welfare. Therefore, to provide a deterrent to such practice and to remove problem drivers from the highway, a statutory summary driver's license suspension is appropriate. It is also recognized that driving is a privilege and therefore, that the granting of driving privileges, in a manner consistent with public safety, is warranted during the period of suspension in the form of a monitoring device driving permit. A person who drives and fails to comply with the requirements of the monitoring device driving permit commits a violation of Section 6-303 of this Code.

The following procedures shall apply whenever a first offender is arrested for any offense as defined in Section 11-501 or a similar provision of a local ordinance:

(a) Subsequent to a notification of a statutory summary suspension of driving privileges as provided in Section 11-501.1, the court, after informing the first offender, as defined in Section 11-500, of his or her right to a monitoring device driving permit, hereinafter referred to as a MDDP, and of the obligations of the MDDP, shall enter an order directing the Secretary of State to issue a MDDP to the offender, unless the offender has opted, in writing, not to have a MDDP issued. However, the court shall not enter the order directing the Secretary of State to issue the MDDP, if the court finds:

(1) The offender's driver's license is otherwise invalid;
(2) Death or great bodily harm resulted from the arrest for Section 11-501;
(3) That the offender has been previously convicted of reckless homicide; or
(4) That the offender is less than 18 years of age.

Any court order for a MDDP shall order the person to pay the Secretary of State a MDDP Administration Fee in an amount not to exceed $30 per month. The Secretary shall establish by rule the amount and the procedures, terms, and conditions relating to these fees. The order shall further specify that the offender must have an ignition interlock device installed within 14 days of the date the Secretary issues the MDDP, and

shall specify the vehicle in which the device is to be installed. The ignition interlock device provider must notify the Secretary, in a manner and form prescribed by the Secretary, of the installation. If the Secretary does not receive notice of installation, the Secretary shall cancel the MDDP.

A MDDP shall not become effective prior to the 31st day of the original statutory summary suspension.

(a-1) A person issued a MDDP may drive for any purpose and at any time, subject to the rules adopted by the Secretary of State under subsection (g). The person must, at his or her own expense, drive only vehicles equipped with an ignition interlock device as defined in Section 1-129.1, but in no event shall such person drive a commercial motor vehicle.

(a-2) Persons who are issued a MDDP and must drive employer-owned vehicles in the course of their employment duties may seek permission from the court to drive an employer-owned vehicle that does not have an ignition interlock device. The employee shall provide to the court a form, prescribed by the Secretary of State, completed by the employer verifying that the employee must drive an employer-owned vehicle in the course of employment. If approved by the court, the form must be file stamped and must be in the driver's possession while operating an employer-owned vehicle not equipped with an ignition interlock device. No person may use this exemption to drive a school bus, school vehicle, or a vehicle designed to transport more than 15 passengers. No person may use this exemption to drive an employer-owned motor vehicle that is owned by an entity that is wholly or partially owned by the person holding the MDDP, or by a family member of the person holding the MDDP. No person may use this exemption to drive an employer-owned vehicle that is made available to the employee for personal use. No person may drive the exempted vehicle more than 12 hours per day, 6 days per week.

(c-1) If the person is issued a citation for a violation of Section 6-303 or a violation of Section 11-501 or a similar provision of a local ordinance or a similar out of state offense during the term of the MDDP, the officer issuing the citation, or the law enforcement agency employing that officer, shall confiscate the MDDP and immediately send the MDDP and notice of the citation to the court that ordered the issuance of the MDDP. Within 10 days of receipt, the issuing court, upon notice to the

person, shall conduct a hearing to consider cancellation of the MDDP. If the court enters an order of cancellation, the court shall forward the order to the Secretary of State, and the Secretary shall cancel the MDDP and notify the person of the cancellation. If, however, the person is convicted of the offense before the MDDP has been cancelled, the court of venue shall send notice of conviction to the court that ordered issuance of the MDDP. The court receiving the notice shall immediately enter an order of cancellation and forward the order to the Secretary of State. The Secretary shall cancel the MDDP and notify the person of the cancellation.

If the person is issued a citation for any other traffic related offense during the term of the MDDP, the officer issuing the citation, or the law enforcement agency employing that officer, shall send notice of the citation to the court that ordered issuance of the MDDP. Upon receipt and notice to the person and an opportunity for a hearing, the court shall determine whether the violation constitutes grounds for cancellation of the MDDP. If the court enters an order of cancellation, the court shall forward the order to the Secretary of State, and the Secretary shall cancel the MDDP and shall notify the person of the cancellation.

(c-5) If the court determines that the person seeking the MDDP is indigent, the court shall provide the person with a written document, in a form prescribed by the Secretary of State, as evidence of that determination, and the person shall provide that written document to an ignition interlock device provider. The provider shall install an ignition interlock device on that person's vehicle without charge to the person, and seek reimbursement from the Indigent BAIID Fund.

(d) The Secretary of State shall, upon receiving a court order from the court of venue, issue a MDDP to a person who applies under this Section. Such court order form shall also contain a notification, which shall be sent to the Secretary of State, providing the name, driver's license number and legal address of the applicant. This information shall be available only to the courts, police officers, and the Secretary of State, except during the actual period the MDDP is valid, during which time it shall be a public record. The Secretary of State shall design and furnish to the courts an official court order form to be used by the courts when directing the Secretary of State to issue a MDDP.

Any submitted court order that contains insufficient data or fails to comply with this Code shall not be utilized for MDDP issuance or entered to the driver record but shall be returned to the issuing court indicating

why the MDDP cannot be so entered. A notice of this action shall also be sent to the MDDP applicant by the Secretary of State.

(e) (Blank).

(f) (Blank).

(g) The Secretary of State shall adopt rules for implementing this Section. The rules adopted shall address issues including, but not limited to: compliance with the requirements of the MDDP; methods for determining compliance with those requirements; the consequences of noncompliance with those requirements; what constitutes a violation of the MDDP; and the duties of a person or entity that supplies the ignition interlock device.

(h) The rules adopted under subsection (g) shall provide, at a minimum, that the person is not in compliance with the requirements of the MDDP if he or she:

  (1) tampers or attempts to tamper with or circumvent the proper operation of the ignition interlock device;
  (2) provides valid breath samples that register blood alcohol levels in excess of the number of times allowed under the rules;
  (3) fails to provide evidence sufficient to satisfy the Secretary that the ignition interlock device has been installed in the designated vehicle or vehicles; or
  (4) fails to follow any other applicable rules adopted by the Secretary.

(i) Any person or entity that supplies an ignition interlock device as provided under this Section shall, in addition to supplying only those devices which fully comply with all the rules adopted under subsection (g), provide the Secretary, within 7 days of inspection, all monitoring reports of each person who has had an ignition interlock device installed. These reports shall be furnished in a manner or form as prescribed by the Secretary.

(j) Upon making a determination that a violation of the requirements of the MDDP has occurred, the Secretary shall extend the summary suspension period for an additional 3 months beyond the originally imposed summary suspension period, during which time the person shall only be allowed to drive vehicles equipped with an ignition interlock device; provided further there are no limitations on the number of times the summary suspension may be extended. Any person whose summary suspension is extended pursuant to this Section shall have the

right to contest the extension through an administrative hearing with the Secretary. If the summary suspension has already terminated prior to the Secretary receiving the monitoring report that shows a violation, the Secretary shall be authorized to suspend the person's driving privileges for 3 months. The only permit the person shall be eligible for during this new suspension period is a MDDP.

(k) A person who has had his or her summary suspension extended for the third time shall have his or her vehicle impounded for a period of 30 days, at the person's own expense. A person who has his or her summary suspension extended for the fourth time shall have his or her vehicle subject to seizure and forfeiture. The Secretary shall notify the prosecuting authority of any third or fourth extensions. Upon receipt of the notification, the prosecuting authority shall impound or forfeit the vehicle.

(l) A person whose driving privileges have been suspended under Section 11-501.1 of this Code and who had a MDDP that was cancelled pursuant to subsection (c-1) of this Section, shall not be eligible for reinstatement when the summary suspension is scheduled to terminate, but instead shall be eligible only to apply for a restricted driving permit. If a restricted driving permit is granted, the offender may only operate vehicles equipped with an ignition interlock device, for a period of not less than twice the original summary suspension period.

(m) Any person or entity that supplies an ignition interlock device under this Section shall, for each ignition interlock device installed, pay 5% of the total gross revenue received for the device into the Indigent BAIID Fund. This 5% shall be clearly indicated as a separate surcharge on each invoice that is issued. The Secretary shall conduct an annual review of the fund to determine whether the surcharge is sufficient to provide for indigent users. The Secretary may increase or decrease this surcharge requirement as needed.

(n) Any person or entity that supplies an ignition interlock device under this Section that is requested to provide an ignition interlock device to a person who presents written documentation of indigency from the court, as provided in subsection (c-5) of this Section, shall install the device on the person's vehicle without charge to the person and shall seek reimbursement from the Indigent BAIID Fund.

(o) The Indigent BAIID Fund is created as a special fund in the State treasury. The Secretary of State shall, subject to appropriation by the General Assembly, use all money in the Indigent BAIID Fund to reimburse ignition interlock device providers who have installed devices in vehicles

of indigent persons pursuant to court orders issued under this Section. The Secretary shall make payments to such providers every 3 months. If the amount of money in the fund at the time payments are made is not sufficient to pay all requests for reimbursement submitted during that 3 month period, the Secretary shall make payments on a pro-rata basis, and those payments shall be considered payment in full for the requests submitted.

(p) The Monitoring Device Driving Permit Administration Fee Fund is created as a special fund in the State treasury. The Secretary of State shall, subject to appropriation by the General Assembly, use the money paid into this fund to offset its administrative costs for administering MDDPs.

(a) Except as otherwise provided by this Code or any other law of this State, the Secretary of State shall not suspend a driver's license, permit, or privilege to drive a motor vehicle on the highways for a period of more than one year.

(b) Any person whose license, permit, or privilege to drive a motor vehicle on the highways has been revoked shall not be entitled to have such license, permit, or privilege renewed or restored. However, such person may, except as provided under subsections (d) and (d-5) of Section 6-205, make application for a license pursuant to Section 6-106 if the revocation was for a cause that has been removed or (ii) as provided in the following subparagraphs:

1. Except as provided in subparagraphs 1.5, 2, 3, 4, and 5, the person may make application for a license (A) after the expiration of one year from the effective date of the revocation or, (B) in the case of a violation of paragraph (b) of Section 11-401 of this Code or a similar provision of a local ordinance, after the expiration of 3 years from the effective date of the revocation, or; (C) in the case of a violation of Section 9-3 of the Criminal Code of 1961 or a similar provision of a law of another state relating to the offense of reckless homicide or a violation of subparagraph (F) of paragraph 1 of subsection (d) of Section 11-501 of this Code relating to aggravated driving under the influence of alcohol, other drug or drugs, intoxicating compound or compounds, or any combination thereof, if the violation was the proximate cause of a death, after the expiration of 2 years from the effective date of the revocation or after the expiration of 24 months from the date of release from a period of imprisonment as provided in Section 6-103 of this Code, whichever is later.

1.5. If the person is convicted of a violation of Section 6-303 of this Code committed while his or her driver's license, permit, or privilege was revoked because of a violation of Section 9-3 of the Criminal Code of 1961, relating to the offense of reckless homicide, or a similar provision of a law of another state, the person may not make application for a license or permit until the expiration of 3 years from the effective date of the most recent revocation.

(a) Any person who drives or is in actual physical control of a motor vehicle upon the public highways of this State shall be deemed to have given consent, subject to the provisions of Section 11-501.2, to a chemical test or tests of blood, breath, or urine for the purpose of determining the content of alcohol, other drug or drugs, or intoxicating compound or compounds or any combination thereof in the person's blood if arrested, as evidenced by the issuance of a Uniform Traffic Ticket, for any offense as defined in Section 11-501 or a similar provision of a local ordinance, or if arrested for violating Section 11-401. The test or tests shall be administered at the direction of the arresting officer. The law enforcement agency employing the officer shall designate which of the aforesaid tests shall be administered. The issuance of the Uniform Traffic Ticket shall not constitute an arrest, but shall be for the purpose of notifying the person that he or she is subject to the provisions of this Section and of the officer's belief of the existence of probable cause to arrest. (c) A person requested to submit to a test as provided above shall be warned by the law enforcement officer requesting the test that a refusal to submit to the test will result in the statutory summary suspension of the person's privilege to operate a motor vehicle, as provided in Section 6-208.1 of this Code, and will also result in the disqualification of the person's privilege to operate a commercial motor vehicle, as provided in Section 6-514 of this Code, if the person is a CDL holder. The person shall also be warned by the law enforcement officer that if the person submits to the test or tests provided in paragraph (a) of this Section and the alcohol concentration in the person's blood or breath is 0.08 or greater, or any amount of a drug, substance, or compound resulting from the unlawful use or consumption of cannabis as covered by the Cannabis Control Act, a controlled substance listed in the Illinois Controlled Substances Act, an intoxicating compound listed in the Use of Intoxicating Compounds Act, or methamphetamine as listed in the Methamphetamine Control and Community Protection Act is detected in the person's blood or urine, a statutory summary suspension of the person's privilege to operate a motor vehicle, as provided in Sections 6-208.1 and 11-501.1 of this Code, and a disqualification of the person's privilege to operate a commercial motor vehicle, as provided in Section 6-514 of this Code, if the person is a CDL holder, will be imposed.

A person who is under the age of 21 at the time the person is requested to submit to a test as provided above shall, in addition to the warnings provided for in this Section, be further warned by the law enforcement officer requesting the test that if the person submits to the test or tests provided in paragraph (a) of this Section and the alcohol concentration in the person's blood or breath is greater than 0.00 and less than 0.08, a suspension of the person's privilege to operate a motor vehicle, as provided under Sections 6-208.2 and 11-501.8 of this Code, will be imposed. If the person is a first offender as defined in Section 11-500 of this Code, and is not convicted of a violation of Section 11-501 of this Code or a similar provision of a local ordinance, then reports received by the Secretary of State under this Section shall, except during the actual time the Statutory Summary Suspension is in effect, be privileged information and for use only by the courts, police officers, prosecuting authorities or the Secretary of State. However, beginning January 1, 2008, if the person is a CDL holder, the statutory summary suspension shall also be made available to the driver licensing administrator of any other state, the U.S. Department of Transportation, and the affected driver or motor carrier or prospective motor carrier upon request. Reports received by the Secretary of State under this Section shall also be made available to the parent or guardian of a person under the age of 18 years that holds an instruction permit or a graduated driver's license, regardless of whether the statutory summary suspension is in effect.

(f) The law enforcement officer submitting the sworn report under paragraph (d) shall serve immediate notice of the statutory summary suspension on the person and the suspension and disqualification shall be effective as provided in paragraph (g). In cases where the blood alcohol concentration of 0.08 or greater or any amount of a drug, substance, or compound resulting from the unlawful use or consumption of cannabis as

The officer shall confiscate any Illinois driver's license or permit on the person at the time of arrest. If the person has a valid driver's license or permit, the officer shall issue the person a receipt, in a form prescribed by the Secretary of State, that will allow that person to drive during the periods provided for in paragraph (g). The officer shall immediately forward the driver's license or permit to the circuit court of venue along with the sworn report provided for in paragraph (d).

(g) The statutory summary suspension and disqualification referred to in this Section shall take effect on the 46th day following the date the notice of the statutory summary suspension was given to the person.

(h) The following procedure shall apply whenever a person is arrested for any offense as defined in Section 11-501 or a similar provision of a local ordinance:

Upon receipt of the sworn report from the law enforcement officer, the Secretary of State shall confirm the statutory summary suspension by mailing a notice of the effective date of the suspension to the person and the court of venue. The Secretary of State shall also mail notice of the effective date of the disqualification to the person. However, should the sworn report be defective by not containing sufficient information or be completed in error, the confirmation of the statutory summary suspension shall not be mailed to the person or entered to the record; instead, the sworn report shall be forwarded to the court of venue with a copy returned to the issuing agency identifying any defect.

New matter indicated by italics - deletions by strikeout.
(a) A person who is less than 21 years of age and who drives or is in actual physical control of a motor vehicle upon the public highways of this State shall be deemed to have given consent to a chemical test or tests of blood, breath, or urine for the purpose of determining the alcohol content of the person's blood if arrested, as evidenced by the issuance of a Uniform Traffic Ticket for any violation of the Illinois Vehicle Code or a similar provision of a local ordinance, if a police officer has probable cause to believe that the driver has consumed any amount of an alcoholic beverage based upon evidence of the driver's physical condition or other first hand knowledge of the police officer. The test or tests shall be administered at the direction of the arresting officer. The law enforcement agency employing the officer shall designate which of the aforesaid tests shall be administered. A urine test may be administered even after a blood or breath test or both has been administered.

(b) A person who is dead, unconscious, or who is otherwise in a condition rendering that person incapable of refusal, shall be deemed not to have withdrawn the consent provided by paragraph (a) of this Section and the test or tests may be administered subject to the following provisions:

(i) Chemical analysis of the person's blood, urine, breath, or other bodily substance, to be considered valid under the provisions of this Section, shall have been performed according to standards promulgated by the Department of State Police by an individual possessing a valid permit issued by that Department for this purpose. The Director of State Police is authorized to approve satisfactory techniques or methods, to ascertain the qualifications and competence of individuals to conduct analyses, to issue permits that shall be subject to termination or revocation at the direction of that Department, and to certify the accuracy of breath testing equipment. The Department of State Police shall prescribe regulations as necessary.

(ii) When a person submits to a blood test at the request of a law enforcement officer under the provisions of this Section, only a physician authorized to practice medicine, a registered nurse, or other qualified person trained in venipuncture and acting under the direction of a licensed physician may withdraw blood for the purpose of determining the alcohol content therein. This limitation does not apply to the taking of breath or urine specimens.

New matter indicated by italics - deletions by strikeout.
(iii) The person tested may have a physician, qualified technician, chemist, registered nurse, or other qualified person of his or her own choosing administer a chemical test or tests in addition to any test or tests administered at the direction of a law enforcement officer. The failure or inability to obtain an additional test by a person shall not preclude the consideration of the previously performed chemical test.

(iv) Upon a request of the person who submits to a chemical test or tests at the request of a law enforcement officer, full information concerning the test or tests shall be made available to the person or that person's attorney.

(v) Alcohol concentration means either grams of alcohol per 100 milliliters of blood or grams of alcohol per 210 liters of breath.

(vi) If a driver is receiving medical treatment as a result of a motor vehicle accident, a physician licensed to practice medicine, registered nurse, or other qualified person trained in venipuncture and acting under the direction of a licensed physician shall withdraw blood for testing purposes to ascertain the presence of alcohol upon the specific request of a law enforcement officer. However, that testing shall not be performed until, in the opinion of the medical personnel on scene, the withdrawal can be made without interfering with or endangering the well-being of the patient.

(c) A person requested to submit to a test as provided above shall be warned by the law enforcement officer requesting the test that a refusal to submit to the test, or submission to the test resulting in an alcohol concentration of more than 0.00, may result in the loss of that person's privilege to operate a motor vehicle and may result in the disqualification of the person's privilege to operate a commercial motor vehicle, as provided in Section 6-514 of this Code, if the person is a CDL holder. The loss of driving privileges shall be imposed in accordance with Section 6-208.2 of this Code.

(d) If the person refuses testing or submits to a test that discloses an alcohol concentration of more than 0.00, the law enforcement officer shall immediately submit a sworn report to the Secretary of State on a form prescribed by the Secretary of State, certifying that the test or tests were requested under subsection (a) and the person refused to submit to a test or tests or submitted to testing which disclosed an alcohol concentration.

Upon receipt of the sworn report of a law enforcement officer, the Secretary of State shall enter the suspension and disqualification on the individual's driving record and the suspension and disqualification shall be effective on the 46th day following the date notice of the suspension was given to the person. If this suspension is the individual's first driver's license suspension under this Section, reports received by the Secretary of State under this Section shall, except during the time the suspension is in effect, be privileged information and for use only by the courts, police officers, prosecuting authorities, the Secretary of State, or the individual personally. However, beginning January 1, 2008, if the person is a CDL holder, the report of suspension shall also be made available to the driver licensing administrator of any other state, the U.S. Department of Transportation, and the affected driver or motor carrier or prospective motor carrier upon request. Reports received by the Secretary of State under this Section shall also be made available to the parent or guardian of a person under the age of 18 years that holds an instruction permit or a graduated driver's license, regardless of whether the suspension is in effect.

The law enforcement officer submitting the sworn report shall serve immediate notice of this suspension on the person and the suspension and disqualification shall be effective on the 46th day following the date notice was given.

In cases where the blood alcohol concentration of more than 0.00 is established by a subsequent analysis of blood or urine, the police officer or arresting agency shall give notice as provided in this Section or by deposit in the United States mail of that notice in an envelope with postage prepaid and addressed to that person at his last known address and the loss of driving privileges shall be effective on the 46th day following the date notice was given.

Upon receipt of the sworn report of a law enforcement officer, the Secretary of State shall also give notice of the suspension and disqualification to the driver by mailing a notice of the effective date of the suspension and disqualification to the individual. (e) A driver may contest this suspension and disqualification by requesting an administrative hearing with the Secretary of State in accordance with Section 2-118 of this Code. An individual whose blood alcohol concentration is shown to be more than 0.00 is not subject to this Section if he or she consumed alcohol in the performance of a religious service or ceremony. An individual whose blood alcohol concentration is shown to be more than 0.00 shall not be subject to this Section if the individual's blood alcohol concentration resulted only from ingestion of the prescribed or recommended dosage of medicine that contained alcohol. The petition for that hearing shall not stay or delay the effective date of the impending suspension. The scope of this hearing shall be limited to the issues of:

1. whether the police officer had probable cause to believe that the person was driving or in actual physical control of a motor vehicle upon the public highways of the State and the police officer had reason to believe that the person was in violation of any provision of the Illinois Vehicle Code or a similar provision of a local ordinance; and

2. whether the person was issued a Uniform Traffic Ticket for any violation of the Illinois Vehicle Code or a similar provision of a local ordinance; and

3. whether the police officer had probable cause to believe that the driver had consumed any amount of an alcoholic beverage based upon the driver's physical actions or other first-hand knowledge of the police officer; and

4. whether the person, after being advised by the officer that the privilege to operate a motor vehicle would be suspended if the person refused to submit to and complete the test or tests, did refuse to submit to or complete the test or tests to determine the person's alcohol concentration; and

5. whether the person, after being advised by the officer that the privileges to operate a motor vehicle would be suspended if the person submits to a chemical test or tests and the test or tests disclose an alcohol concentration of more than 0.00, did submit to and complete the test or tests that determined an alcohol concentration of more than 0.00; and

(7) whether the test result of an alcohol concentration of more than 0.00 was based upon the person's consumption of alcohol through ingestion of the prescribed or recommended dosage of medicine.

Provided that the petitioner may subpoena the officer, the hearing may be conducted upon a review of the law enforcement officer's own official reports. Failure of the officer to answer the subpoena shall be grounds for a continuance if, in the hearing officer's discretion, the continuance is appropriate. At the conclusion of the hearing held under Section 2-118 of this Code, the Secretary of State may rescind, continue, or modify the suspension and disqualification. If the Secretary of State does not rescind the suspension and disqualification, a restricted driving permit may be granted by the Secretary of State upon application being made and good cause shown. A restricted driving permit may be granted to relieve undue hardship by allowing driving for employment, educational, and medical purposes as outlined in item (3) of part (c) of Section 6-206 of this Code. The provisions of item (3) of part (c) of Section 6-206 of this Code and of subsection (f) of that Section shall apply. The Secretary of State shall promulgate rules providing for participation in an alcohol education and awareness program or activity, a drug education and awareness program or activity, or both as a condition to the issuance of a restricted driving permit for suspensions imposed under this Section.

(f) The results of any chemical testing performed in accordance with subsection (a) of this Section are not admissible in any civil or criminal proceeding, except that the results of the testing may be considered at a hearing held under Section 2-118 of this Code. However, the results of the testing may not be used to impose driver's license sanctions under Section 11-501.1 of this Code. A law enforcement officer may, however, pursue a statutory summary suspension of driving privileges under Section 11-501.1 of this Code if other physical evidence or first hand knowledge forms the basis of that suspension.

(g) This Section applies only to drivers who are under age 21 at the time of the issuance of a Uniform Traffic Ticket for a violation of the Illinois Vehicle Code or a similar provision of a local ordinance, and a chemical test request is made under this Section.
(h) The action of the Secretary of State in suspending, revoking, cancelling, or disqualifying any license or permit shall be subject to judicial review in the Circuit Court of Sangamon County or in the Circuit Court of Cook County, and the provisions of the Administrative Review Law and its rules are hereby adopted and shall apply to and govern every action for the judicial review of final acts or decisions of the Secretary of State under this Section.

Sec. 11-501.8. Suspension of driver's license; persons under age 21.

(a) A person who is less than 21 years of age and who drives or is in actual physical control of a motor vehicle upon the public highways of this State shall be deemed to have given consent to a chemical test or tests of blood, breath, or urine for the purpose of determining the alcohol content of the person's blood if arrested, as evidenced by the issuance of a Uniform Traffic Ticket for any violation of the Illinois Vehicle Code or a similar provision of a local ordinance, if a police officer has probable cause to believe that the driver has consumed any amount of an alcoholic beverage based upon evidence of the driver's physical condition or other first hand knowledge of the police officer. The test or tests shall be administered at the direction of the arresting officer. The law enforcement agency employing the officer shall designate which of the aforesaid tests shall be administered. A urine test may be administered even after a blood or breath test or both has been administered.

(b) A person who is dead, unconscious, or who is otherwise in a condition rendering that person incapable of refusal, shall be deemed not to have withdrawn the consent provided by paragraph (a) of this Section and the test or tests may be administered subject to the following provisions:

(i) Chemical analysis of the person's blood, urine, breath, or other bodily substance, to be considered valid under the provisions of this Section, shall have been performed according to standards promulgated by the Department of State Police by an individual possessing a valid permit issued by that Department for this purpose. The Director of State Police is authorized to approve satisfactory techniques or methods, to ascertain the qualifications and competence of individuals to conduct analyses, to issue

permits that shall be subject to termination or revocation at the direction of that Department, and to certify the accuracy of breath testing equipment. The Department of State Police shall prescribe regulations as necessary.

(ii) When a person submits to a blood test at the request of a law enforcement officer under the provisions of this Section, only a physician authorized to practice medicine, a registered nurse, or other qualified person trained in venipuncture and acting under the direction of a licensed physician may withdraw blood for the purpose of determining the alcohol content therein. This limitation does not apply to the taking of breath or urine specimens.

(iii) The person tested may have a physician, qualified technician, chemist, registered nurse, or other qualified person of his or her own choosing administer a chemical test or tests in addition to any test or tests administered at the direction of a law enforcement officer. The failure or inability to obtain an additional test by a person shall not preclude the consideration of the previously performed chemical test.

(iv) Upon a request of the person who submits to a chemical test or tests at the request of a law enforcement officer, full information concerning the test or tests shall be made available to the person or that person’s attorney.

(v) Alcohol concentration means either grams of alcohol per 100 milliliters of blood or grams of alcohol per 210 liters of breath.

(vi) If a driver is receiving medical treatment as a result of a motor vehicle accident, a physician licensed to practice medicine, registered nurse, or other qualified person trained in venipuncture and acting under the direction of a licensed physician shall withdraw blood for testing purposes to ascertain the presence of alcohol upon the specific request of a law enforcement officer. However, that testing shall not be performed until, in the opinion of the medical personnel on scene, the withdrawal can be made without interfering with or endangering the well-being of the patient.

(c) A person requested to submit to a test as provided above shall be warned by the law enforcement officer requesting the test that a refusal to submit to the test, or submission to the test resulting in an alcohol concentration of more than 0.00, may result in the loss of that person’s

privilege to operate a motor vehicle and may result in the disqualification of the person's privilege to operate a commercial motor vehicle, as provided in Section 6-514 of this Code, if the person is a CDL holder. The loss of driving privileges shall be imposed in accordance with Section 6-208.2 of this Code.

(d) If the person refuses testing or submits to a test that discloses an alcohol concentration of more than 0.00, the law enforcement officer shall immediately submit a sworn report to the Secretary of State on a form prescribed by the Secretary of State, certifying that the test or tests were requested under subsection (a) and the person refused to submit to a test or tests or submitted to testing which disclosed an alcohol concentration of more than 0.00. The law enforcement officer shall submit the same sworn report when a person under the age of 21 submits to testing under Section 11-501.1 of this Code and the testing discloses an alcohol concentration of more than 0.00 and less than 0.08.

Upon receipt of the sworn report of a law enforcement officer, the Secretary of State shall enter the suspension and disqualification on the individual's driving record and the suspension and disqualification shall be effective on the 46th day following the date notice of the suspension was given to the person. If this suspension is the individual's first driver's license suspension under this Section, reports received by the Secretary of State under this Section shall, except during the time the suspension is in effect, be privileged information and for use only by the courts, police officers, prosecuting authorities, the Secretary of State, or the individual personally. However, beginning January 1, 2008, if the person is a CDL holder, the report of suspension shall also be made available to the driver licensing administrator of any other state, the U.S. Department of Transportation, and the affected driver or motor carrier or prospective motor carrier upon request. Reports received by the Secretary of State under this Section shall also be made available to the parent or guardian of a person under the age of 18 years that holds an instruction permit or a graduated driver's license, regardless of whether the suspension is in effect.

The law enforcement officer submitting the sworn report shall serve immediate notice of this suspension on the person and the suspension and disqualification shall be effective on the 46th day following the date notice was given.

In cases where the blood alcohol concentration of more than 0.00 is established by a subsequent analysis of blood or urine, the police officer or

arresting agency shall give notice as provided in this Section or by deposit in the United States mail of that notice in an envelope with postage prepaid and addressed to that person at his last known address and the loss of driving privileges shall be effective on the 46th day following the date notice was given.

Upon receipt of the sworn report of a law enforcement officer, the Secretary of State shall also give notice of the suspension and disqualification to the driver by mailing a notice of the effective date of the suspension and disqualification to the individual. However, should the sworn report be defective by not containing sufficient information or be completed in error, the notice of the suspension and disqualification shall not be mailed to the person or entered to the driving record, but rather the sworn report shall be returned to the issuing law enforcement agency.

(e) A driver may contest this suspension and disqualification by requesting an administrative hearing with the Secretary of State in accordance with Section 2-118 of this Code. An individual whose blood alcohol concentration is shown to be more than 0.00 is not subject to this Section if he or she consumed alcohol in the performance of a religious service or ceremony. An individual whose blood alcohol concentration is shown to be more than 0.00 shall not be subject to this Section if the individual's blood alcohol concentration resulted only from ingestion of the prescribed or recommended dosage of medicine that contained alcohol. The petition for that hearing shall not stay or delay the effective date of the impending suspension. The scope of this hearing shall be limited to the issues of:

(1) whether the police officer had probable cause to believe that the person was driving or in actual physical control of a motor vehicle upon the public highways of the State and the police officer had reason to believe that the person was in violation of any provision of the Illinois Vehicle Code or a similar provision of a local ordinance; and

(2) whether the person was issued a Uniform Traffic Ticket for any violation of the Illinois Vehicle Code or a similar provision of a local ordinance; and

(3) whether the police officer had probable cause to believe that the driver had consumed any amount of an alcoholic beverage based upon the driver's physical actions or other first-hand knowledge of the police officer; and

(4) whether the person, after being advised by the officer that the privilege to operate a motor vehicle would be suspended if the person refused to submit to and complete the test or tests, did refuse to submit to or complete the test or tests to determine the person's alcohol concentration; and

(5) whether the person, after being advised by the officer that the privileges to operate a motor vehicle would be suspended if the person submits to a chemical test or tests and the test or tests disclose an alcohol concentration of more than 0.00, did submit to and complete the test or tests that determined an alcohol concentration of more than 0.00; and

(6) whether the test result of an alcohol concentration of more than 0.00 was based upon the person's consumption of alcohol in the performance of a religious service or ceremony; and

(7) whether the test result of an alcohol concentration of more than 0.00 was based upon the person's consumption of alcohol through ingestion of the prescribed or recommended dosage of medicine.

At the conclusion of the hearing held under Section 2-118 of this Code, the Secretary of State may rescind, continue, or modify the suspension and disqualification. If the Secretary of State does not rescind the suspension and disqualification, a restricted driving permit may be granted by the Secretary of State upon application being made and good cause shown. A restricted driving permit may be granted to relieve undue hardship by allowing driving for employment, educational, and medical purposes as outlined in item (3) of part (c) of Section 6-206 of this Code. The provisions of item (3) of part (c) of Section 6-206 of this Code and of subsection (f) of that Section shall apply. The Secretary of State shall promulgate rules providing for participation in an alcohol education and awareness program or activity, a drug education and awareness program or activity, or both as a condition to the issuance of a restricted driving permit for suspensions imposed under this Section.

(f) The results of any chemical testing performed in accordance with subsection (a) of this Section are not admissible in any civil or criminal proceeding, except that the results of the testing may be considered at a hearing held under Section 2-118 of this Code. However, the results of the testing may not be used to impose driver's license sanctions under Section 11-501.1 of this Code. privileges under Section 11-501.1 of this Code if other physical evidence or first hand knowledge forms the basis of that suspension.

(g) This Section applies only to drivers who are under age 21 at the time of the issuance of a Uniform Traffic Ticket for a violation of the Illinois Vehicle Code or a similar provision of a local ordinance, and a chemical test request is made under this Section.

(h) The action of the Secretary of State in suspending, revoking, cancelling, or disqualifying any license or permit shall be subject to judicial review in the Circuit Court of Sangamon County or in the Circuit Court of Cook County, and the provisions of the Administrative Review Law and its rules are hereby adopted and shall apply to and govern every action for the judicial review of final acts or decisions of the Secretary of State under this Section.

(a) It shall be prohibited to park any motor vehicle which is not properly displaying registration plates or decals issued to a person with disabilities, as defined by Section 1-159.1, pursuant to Sections 3-616, 11-1301.1 or 11-1301.2, or to a disabled veteran pursuant to Section 3-609 or 3-609.01 of this Act, as evidence that the vehicle is operated by or for a person with disabilities or disabled veteran, in any parking place, including any private or public offstreet parking facility, specifically reserved, by the posting of an official sign as designated under Section 11-301, for motor vehicles displaying such registration plates. It shall be prohibited to park any motor vehicle in a designated access aisle adjacent to any parking place specifically reserved for persons with disabilities, by the posting of an official sign as designated under Section 11-301, for motor vehicles displaying such registration plates. When using the parking privileges for persons with disabilities, the parking decal or device must be displayed properly in the vehicle where it is clearly visible to law enforcement personnel, either hanging from the rearview mirror or placed on the dashboard of the vehicle in clear view. recognized by State and local authorities as a valid license plate or device and receive the same parking privileges as residents of this State.

(a-1) An individual with a vehicle displaying disability license plates or a parking decal or device issued to a qualified person with a disability under Sections 3-616, 11-1301.1, or 11-1301.2 or to a disabled veteran under Section 3-609 or 3-609.01 is in violation of this Section if (i) the person using the disability license plate or parking decal or device is not the authorized holder of the disability license plate or parking decal or device or is not transporting the authorized holder of the disability license plate or parking decal or device to or from the parking location and (ii) the person uses the disability license plate or parking decal or device to exercise any privileges granted through the disability license plate or parking decals or devices under this Code.

(b) Any person or local authority owning or operating any public or private offstreet parking facility may, after notifying the police or sheriff's department, remove or cause to be removed to the nearest garage or other place of safety any vehicle parked within a stall or space reserved for use by a person with disabilities which does not display person with disabilities registration plates or a special decal or device as required under this Section.

(c) Any person found guilty of violating the provisions of subsection (a) shall be fined $250 in addition to any costs or charges connected with the removal or storage of any motor vehicle authorized under this Section; but municipalities by ordinance may impose a fine up to $350 and shall display signs indicating the fine imposed. If the amount of the fine is subsequently changed, the municipality shall change the sign to indicate the current amount of the fine. It shall not be a defense to a charge under this Section that either the sign posted pursuant to this Section or the intended accessible parking place does not comply with the technical requirements of Section 11-301, Department regulations, or local ordinance if a reasonable person would be made aware by the sign or notice on or near the parking place that the place is reserved for a person with disabilities.

(c-1) Any person found guilty of violating the provisions of subsection (a-1) shall be fined $500. The circuit clerk shall distribute $250 of the $500 fine imposed on any person who is found guilty of or pleads guilty to violating this Section, including any person placed on court supervision for violating this Section, to the law enforcement agency that issued the citation or made the arrest. (f) Any person who commits a violation of subsection (a-1) may have his or her driving privileges suspended or revoked by the Secretary of State for a period of time determined by the Secretary of State. The Secretary of State may also suspend or revoke the disability license plates or parking decal or device for a period of time determined by the Secretary of State.

Sec. 11-1301.3. Unauthorized use of parking places reserved for persons with disabilities.

(a) It shall be prohibited to park any motor vehicle which is not properly displaying registration plates or decals issued to a person with disabilities, as defined by Section 1-159.1, pursuant to Sections 3-616, 11-1301.1 or 11-1301.2, or to a disabled veteran pursuant to Section 3-609 or 3-609.01 of this Act, as evidence that the vehicle is operated by or for a person with disabilities or disabled veteran, in any parking place, including any private or public offstreet parking facility, specifically reserved, by the posting of an official sign as designated under Section 11-301, for motor vehicles displaying such registration plates. Disability license plates and parking decals and devices are not transferable from person to person. Proper usage of the disability license plate or parking decal or device
requires the authorized holder to be present and enter or exit the vehicle at the time the parking privileges are being used. It is a violation of this Section to park in a space reserved for a person with disabilities if the authorized holder of the disability license plate or parking decal or device does not enter or exit the vehicle at the time the parking privileges are being used. Any motor vehicle properly displaying a disability license plate or a parking decal or device containing the International symbol of access issued to persons with disabilities by any local authority, state, district, territory or foreign country shall be recognized by State and local authorities as a valid license plate or device and receive the same parking privileges as residents of this State.

(c-1) Any person found guilty of violating the provisions of subsection (a-1) a first time shall be fined $500. Any person found guilty of violating subsection (a-1) a second time shall be fined $750, and the Secretary of State may revoke the person's driving privileges or suspend those privileges for a period of time to be determined by the Secretary. Any person found guilty of violating subsection (a-1) a third or subsequent time shall be fined $1,000, and the Secretary of State may revoke the person's driving privileges or suspend those privileges for a period of time to be determined by the Secretary. The Secretary of State may also revoke the disability license plates or parking decal or device of a person violating subsection (a-1) a third or subsequent time or may suspend the person's disability license plates or parking decal or device for a period of time to be determined by the Secretary of State. The circuit clerk shall distribute 50% of the fine imposed on any person who is found guilty of or pleads guilty to violating this Section, including any person placed on court supervision for violating this Section, to the law enforcement agency that issued the citation or made the arrest. If more than one law enforcement agency is responsible for issuing the citation or making the arrest, the 50% of the fine imposed shall be shared equally. If an officer of the Secretary of State Department of Police arrested a person for a violation of this Section, 50% of the fine imposed shall be deposited into the Secretary of State Police Services Fund.

(d) Local authorities shall impose fines as established in subsections (c) and (c-1) for violations of this Section.

(e) As used in this Section, "authorized holder" means an individual issued a disability license plate under Section 3-616 of this Code, an individual issued a parking decal or device under Section 11-1301.2 of this Code, or an individual issued a disabled veteran's license plate under Section 3-609 or 3-609.01 of this Code.

Sec. 11-1426.1. Operation of neighborhood vehicles on streets, roads, and highways.

(a) As used in this Section, "neighborhood vehicle" means a self-propelled, electronically powered four-wheeled motor vehicle (or a self-propelled, gasoline-powered four-wheeled motor vehicle with an engine displacement under 1,200 cubic centimeters) which is capable of attaining in one mile a speed of more than 20 miles per hour, but not more than 25 miles per hour, and which conforms to federal regulations under Title 49 C.F.R. Part 571.500.

(b) Except as otherwise provided in this Section, it is unlawful for any person to drive or operate a neighborhood vehicle upon any street, highway, or roadway in this State. If the operation of a neighborhood vehicle is authorized under subsection (d), the neighborhood vehicle may be operated only on streets where the posted speed limit is 35 miles per hour or less. This subsection (b) does not prohibit a neighborhood vehicle from crossing a road or street at an intersection where the road or street has a posted speed limit of more than 35 miles per hour.

(b-5) A person may not operate a neighborhood vehicle upon any street, highway, or roadway in this State unless he or she has a valid Illinois driver's license issued in his or her name by the Secretary of State.

(c) Except as otherwise provided in subsection (c-5), no person operating a neighborhood vehicle shall make a direct crossing upon or across any highway under the jurisdiction of the State, tollroad, interstate highway, or controlled access highway in this State.

(c-5) A person may make a direct crossing at an intersection controlled by a traffic light or 4-way stop sign upon or across a highway under the jurisdiction of the State if the speed limit on the highway is 35 miles per hour or less at the place of crossing.

(d) A municipality, township, county, or other unit of local government may authorize, by ordinance or resolution, the operation of neighborhood vehicles on roadways under its jurisdiction if the unit of local government determines that the public safety will not be jeopardized. The Department may authorize the operation of neighborhood vehicles on the roadways under its jurisdiction if the Department determines that the public safety will not be jeopardized.
Before permitting the operation of neighborhood vehicles on its roadways, a municipality, township, county, other unit of local government, or the Department must consider the volume, speed, and character of traffic on the roadway and determine whether neighborhood vehicles may safely travel on or cross the roadway. Upon determining that neighborhood vehicles may safely operate on a roadway and the adoption of an ordinance or resolution by a municipality, township, county, or other unit of local government, or authorization by the Department, appropriate signs shall be posted.

If a roadway is under the jurisdiction of more than one unit of government, neighborhood vehicles may not be operated on the roadway unless each unit of government agrees and takes action as provided in this subsection.

(e) No neighborhood vehicle may be operated on a roadway unless, at a minimum, it has the following: brakes, a steering apparatus, tires, a rearview mirror, red reflectorized warning devices in the front and rear, a slow moving emblem (as required of other vehicles in Section 12-709 of this Code) on the rear of the neighborhood vehicle, a headlight that emits a white light visible from a distance of 500 feet to the front, a tail lamp that emits a red light visible from at least 100 feet from the rear, brake lights, and turn signals. When operated on a roadway, a neighborhood vehicle shall have its headlight and tail lamps lighted as required by Section 12-201 of this Code.

(f) A person who drives or is in actual physical control of a neighborhood vehicle on a roadway while under the influence is subject to Sections 11-500 through 11-502 of this Code.

Sec. 2-10. Temporary custody hearing. At the appearance of the minor before the court at the temporary custody hearing, all witnesses present shall be examined before the court in relation to any matter connected with the allegations made in the petition.

(1) If the court finds that there is not probable cause to believe that the minor is abused, neglected or dependent it shall release the minor and dismiss the petition.

(2) If the court finds that there is probable cause to believe that the minor is abused, neglected or dependent, the court shall state in writing the factual basis supporting its finding and the minor, his or her parent, guardian, custodian and other persons able to give relevant testimony shall be examined before the court. The Department of Children and Family Services shall give testimony concerning indicated reports of abuse and

neglect, of which they are aware through the central registry, involving the minor's parent, guardian or custodian. After such testimony, the court may, consistent with the health, safety and best interests of the minor, enter an order that the minor shall be released upon the request of parent, guardian or custodian if the parent, guardian or custodian appears to take custody. Custodian shall include any agency of the State which has been given custody or wardship of the child. If it is consistent with the health, safety and best interests of the minor, the court may also prescribe shelter care and order that the minor be kept in a suitable place designated by the court or in a shelter care facility designated by the Department of Children and Family Services or a licensed child welfare agency; however, a minor charged with a criminal offense under the Criminal Code of 1961 or adjudicated delinquent shall not be placed in the custody of or committed to the Department of Children and Family Services by any court, except a minor less than 13 years of age and committed to the Department of Children and Family Services under Section 5-710 of this Act or a minor for whom an independent basis of abuse, neglect, or dependency exists, which must be defined by departmental rule. In placing the minor, the Department or other agency shall, to the extent compatible with the court's order, comply with Section 7 of the Children and Family Services Act. In determining the health, safety and best interests of the minor to prescribe shelter care, the court must find that it is a matter of immediate and urgent necessity for the safety and protection of the minor or of the person or property of another that the minor be placed in a shelter care facility or that he or she is likely to flee the jurisdiction of the court, and must further find that reasonable efforts have been made or that, consistent with the health, safety and best interests of the minor, no efforts reasonably can be made to prevent or eliminate the necessity of removal of the minor from his or her home. The court shall require documentation from the Department of Children and Family Services as to the reasonable efforts that were made to prevent or eliminate the necessity of removal of the minor from his or her home or the reasons why no efforts reasonably could be made to prevent or eliminate the necessity of removal. When a minor is placed in the home of a relative, the Department of Children and Family Services shall complete a preliminary background review of the members of the minor's custodian's household in accordance with Section 4.3 of the Child Care Act of 1969 within 90 days of that placement. If the minor is ordered placed in a shelter care facility of the Department of Children and Family Services or a licensed child welfare agency, the court shall, upon request

of the appropriate Department or other agency, appoint the Department of Children and Family Services Guardianship Administrator or other appropriate agency executive temporary custodian of the minor and the court may enter such other orders related to the temporary custody as it deems fit and proper, including the provision of services to the minor or his family to ameliorate the causes contributing to the finding of probable cause or to the finding of the existence of immediate and urgent necessity.

Where the Department of Children and Family Services Guardianship Administrator is appointed as the executive temporary custodian, the Department of Children and Family Services shall file with the court and serve on the parties a parent-child visiting plan, within 10 days, excluding weekends and holidays, after the appointment. The parent-child visiting plan shall set out the time and place of visits, the frequency of visits, the length of visits, who shall be present at the visits, and where appropriate, the minor's opportunities to have telephone and mail communication with the parents. For good cause, the court may waive the requirement to file the parent-child visiting plan or extend the time for filing the parent-child visiting plan. Any party may, by motion, request the court to review the parent-child visiting plan to determine whether it is reasonably calculated to expeditiously facilitate the achievement of the permanency goal and is consistent with the minor's best interest. The frequency, duration, and locations of visitation shall be measured by the needs of the child and family, and not by the convenience of Department personnel. Child development principles shall be considered by the court in its analysis of how frequent visitation should be, how long it should last, where it should take place, and who should be present. If upon motion of the party to review the plan and after receiving evidence, the court determines that the parent-child visiting plan is not reasonably calculated to expeditiously facilitate the achievement of the permanency goal or that the restrictions placed on parent-child contact are contrary to the child's best interests, the court shall put in writing the factual basis supporting the determination and enter specific findings based on the evidence. The court shall enter an order for the Department to implement changes to the parent-child visiting plan, consistent with the court's findings. At any stage of proceeding, any party may by motion request the court to enter any orders necessary to implement the parent-child visiting plan. Nothing under this subsection (2) shall restrict the court from granting discretionary authority to the Department to increase opportunities for additional parent-child contacts, without further court orders. Nothing in this subsection (2)

shall restrict the Department from immediately restricting or terminating parent-child contact, without either amending the parent-child visiting plan or obtaining a court order, where the Department or its assigns reasonably believe that continuation of parent-child contact, as set out in the parent-child visiting plan, would be contrary to the child's health, safety, and welfare. The Department shall file with the court and serve on the parties any amendments to the visitation plan within 10 days, excluding weekends and holidays, of the change of the visitation. Any party may, by motion, request the court to review the parent-child visiting plan to determine whether the parent-child visiting plan is reasonably calculated to expeditiously facilitate the achievement of the permanency goal, and is consistent with the minor's health, safety, and best interest.

Acceptance of services shall not be considered an admission of any allegation in a petition made pursuant to this Act, nor may a referral of services be considered as evidence in any proceeding pursuant to this Act, except where the issue is whether the Department has made reasonable efforts to reunite the family. In making its findings that it is consistent with the health, safety and best interests of the minor to prescribe shelter care, the court shall state in writing (i) the factual basis supporting its findings concerning the immediate and urgent necessity for the protection of the minor or of the person or property of another and (ii) the factual basis supporting its findings that reasonable efforts were made to prevent or eliminate the removal of the minor from his or her home or that no efforts reasonably could be made to prevent or eliminate the removal of the minor from his or her home. The parents, guardian, custodian, temporary custodian and minor shall each be furnished a copy of such written findings. The temporary custodian shall maintain a copy of the court order and written findings in the case record for the child. The order together with the court's findings of fact in support thereof shall be entered of record in the court.

Once the court finds that it is a matter of immediate and urgent necessity for the protection of the minor that the minor be placed in a shelter care facility, the minor shall not be returned to the parent, custodian or guardian until the court finds that such placement is no longer necessary for the protection of the minor.

If the child is placed in the temporary custody of the Department of Children and Family Services for his or her protection, the court shall admonish the parents, guardian, custodian or responsible relative that the parents must cooperate with the Department of Children and Family

(3) If prior to the shelter care hearing for a minor described in Sections 2-3, 2-4, 3-3 and 4-3 the moving party is unable to serve notice on the party respondent, the shelter care hearing may proceed ex-parte. A shelter care order from an ex-parte hearing shall be endorsed with the date and hour of issuance and shall be filed with the clerk's office and entered of record. The order shall expire after 10 days from the time it is issued unless before its expiration it is renewed, at a hearing upon appearance of the party respondent, or upon an affidavit of the moving party as to all diligent efforts to notify the party respondent by notice as herein prescribed. The notice prescribed shall be in writing and shall be personally delivered to the minor or the minor's attorney and to the last known address of the other person or persons entitled to notice. The notice shall also state the nature of the allegations, the nature of the order sought by the State, including whether temporary custody is sought, and the consequences of failure to appear and shall contain a notice that the parties will not be entitled to further written notices or publication notices of proceedings in this case, including the filing of an amended petition or a motion to terminate parental rights, except as required by Supreme Court Rule 11; and shall explain the right of the parties and the procedures to vacate or modify a shelter care order as provided in this Section. The notice for a shelter care hearing shall be substantially as follows:

To request this rehearing, you must file with the Clerk of the Juvenile Court (address): ............... , in person or by mailing a statement (affidavit) setting forth the following:

1. That you were not present at the shelter care hearing.
2. That you did not get adequate notice (explaining how the notice was inadequate).
3. Your signature.
4. Signature must be notarized.

The rehearing should be scheduled within 48 hours of your filing this affidavit.

At the rehearing, your rights are the same as at the initial shelter care hearing. The enclosed notice explains those rights.

New matter indicated by italics - deletions by strikeout.
2. To be declared competent as a witness and to present testimony concerning:
   a. Whether they are abused, neglected or dependent.
   b. Whether there is "immediate and urgent necessity" to be removed from home.
   c. Their best interests.
3. To cross examine witnesses for other parties.
4. To obtain an explanation of any proceedings and orders of the court.

(4) If the parent, guardian, legal custodian, responsible relative, minor age 8 or over, or counsel of the minor did not have actual notice of or was not present at the shelter care hearing, he or she may file an affidavit setting forth these facts, and the clerk shall set the matter for rehearing not later than 48 hours, excluding Sundays and legal holidays, after the filing of the affidavit. At the rehearing, the court shall proceed in the same manner as upon the original hearing.

(5) Only when there is reasonable cause to believe that the minor taken into custody is a person described in subsection (3) of Section 5-105 may the minor be kept or detained in a detention home or county or municipal jail. This Section shall in no way be construed to limit subsection (6).

(6) No minor under 16 years of age may be confined in a jail or place ordinarily used for the confinement of prisoners in a police station. Minors under 17 years of age must be kept separate from confined adults and may not at any time be kept in the same cell, room, or yard with adults confined pursuant to the criminal law.

(7) If the minor is not brought before a judicial officer within the time period as specified in Section 2-9, the minor must immediately be released from custody.

(8) If neither the parent, guardian or custodian appears within 24 hours to take custody of a minor released upon request pursuant to subsection (2) of this Section, then the clerk of the court shall set the matter for rehearing not later than 7 days after the original order and shall issue a summons directed to the parent, guardian or custodian to appear. At the same time the probation department shall prepare a report on the minor. If a parent, guardian or custodian does not appear at such rehearing, the judge may enter an order prescribing that the minor be kept in a
suitable place designated by the Department of Children and Family Services or a licensed child welfare agency.

(9) Notwithstanding any other provision of this Section any interested party, including the State, the temporary custodian, an agency providing services to the minor or family under a service plan pursuant to Section 8.2 of the Abused and Neglected Child Reporting Act, foster parent, or any of their representatives, on notice to all parties entitled to notice, may file a motion that it is in the best interests of the minor to modify or vacate a temporary custody order on any of the following grounds:

(a) It is no longer a matter of immediate and urgent necessity that the minor remain in shelter care; or

(b) There is a material change in the circumstances of the natural family from which the minor was removed and the child can be cared for at home without endangering the child's health or safety; or

(c) A person not a party to the alleged abuse, neglect or dependency, including a parent, relative or legal guardian, is capable of assuming temporary custody of the minor; or

(d) Services provided by the Department of Children and Family Services or a child welfare agency or other service provider have been successful in eliminating the need for temporary custody and the child can be cared for at home without endangering the child's health or safety.

In ruling on the motion, the court shall determine whether it is consistent with the health, safety and best interests of the minor to modify or vacate a temporary custody order.

The clerk shall set the matter for hearing not later than 14 days after such motion is filed. In the event that the court modifies or vacates a temporary custody order but does not vacate its finding of probable cause, the court may order that appropriate services be continued or initiated in behalf of the minor and his or her family.

(10) When the court finds or has found that there is probable cause to believe a minor is an abused minor as described in subsection (2) of Section 2-3 and that there is an immediate and urgent necessity for the abused minor to be placed in shelter care, immediate and urgent necessity shall be presumed for any other minor residing in the same household as the abused minor provided:

(a) Such other minor is the subject of an abuse or neglect petition pending before the court; and

(b) A party to the petition is seeking shelter care for such other minor.

Once the presumption of immediate and urgent necessity has been raised, the burden of demonstrating the lack of immediate and urgent necessity shall be on any party that is opposing shelter care for the other minor.

Sec. 2-10. Temporary custody hearing. At the appearance of the minor before the court at the temporary custody hearing, all witnesses present shall be examined before the court in relation to any matter connected with the allegations made in the petition.

(1) If the court finds that there is not probable cause to believe that the minor is abused, neglected or dependent it shall release the minor and dismiss the petition.

(2) If the court finds that there is probable cause to believe that the minor is abused, neglected or dependent, the court shall state in writing the factual basis supporting its finding and the minor, his or her parent, guardian, custodian and other persons able to give relevant testimony shall be examined before the court. The Department of Children and Family Services shall give testimony concerning indicated reports of abuse and neglect, of which they are aware of through the central registry, involving the minor's parent, guardian or custodian. After such testimony, the court may, consistent with the health, safety and best interests of the minor, enter an order that the minor shall be released upon the request of parent, guardian or custodian if the parent, guardian or custodian appears to take custody. If it is determined that a parent's, guardian's, or custodian's compliance with critical services mitigates the necessity for removal of the minor from his or her home, the court may enter an Order of Protection setting forth reasonable conditions of behavior that a parent, guardian, or custodian must observe for a specified period of time, not to exceed 12 months, without a violation; provided, however, that the 12-month period shall begin anew after any violation. Custodian shall include any agency of the State which has been given custody or wardship of the child. If it is consistent with the health, safety and best interests of the minor, the court may also prescribe shelter care and order that the minor be kept in a suitable place designated by the court or in a shelter care facility.
designated by the Department of Children and Family Services or a licensed child welfare agency; however, a minor charged with a criminal offense under the Criminal Code of 1961 or adjudicated delinquent shall not be placed in the custody of or committed to the Department of Children and Family Services by any court, except a minor less than 15 years of age and committed to the Department of Children and Family Services under Section 5-710 of this Act or a minor for whom an independent basis of abuse, neglect, or dependency exists. An independent basis exists when the allegations or adjudication of abuse, neglect, or dependency do not arise from the same facts, incident, or circumstances which give rise to a charge or adjudication of delinquency.

In placing the minor, the Department or other agency shall, to the extent compatible with the court's order, comply with Section 7 of the Children and Family Services Act. In determining the health, safety and best interests of the minor to prescribe shelter care, the court must find that it is a matter of immediate and urgent necessity for the safety and protection of the minor or of the person or property of another that the minor be placed in a shelter care facility or that he or she is likely to flee the jurisdiction of the court, and must further find that reasonable efforts have been made or that, consistent with the health, safety and best interests of the minor, no efforts reasonably can be made to prevent or eliminate the necessity of removal of the minor from his or her home. The court shall require documentation from the Department of Children and Family Services as to the reasonable efforts that were made to prevent or eliminate the necessity of removal of the minor from his or her home or the reasons why no efforts reasonably could be made to prevent or eliminate the necessity of removal. When a minor is placed in the home of a relative, the Department of Children and Family Services shall complete a preliminary background review of the members of the minor's custodian's household in accordance with Section 4.3 of the Child Care Act of 1969 within 90 days of that placement. If the minor is ordered placed in a shelter care facility of the Department of Children and Family Services or a licensed child welfare agency, the court shall, upon request of the appropriate Department or other agency, appoint the Department of Children and Family Services Guardianship Administrator or other appropriate agency executive temporary custodian of the minor and the court may enter such other orders related to the temporary custody as it deems fit and proper, including the provision of services to the minor or his family to ameliorate

the causes contributing to the finding of probable cause or to the finding of the existence of immediate and urgent necessity.

Where the Department of Children and Family Services Guardianship Administrator is appointed as the executive temporary custodian, the Department of Children and Family Services shall file with the court and serve on the parties a parent-child visiting plan, within 10 days, excluding weekends and holidays, after the appointment. The parent-child visiting plan shall set out the time and place of visits, the frequency of visits, the length of visits, who shall be present at the visits, and where appropriate, the minor's opportunities to have telephone and mail communication with the parents. For good cause, the court may waive the requirement to file the parent-child visiting plan or extend the time for filing the parent-child visiting plan. Any party may, by motion, request the court to review the parent-child visiting plan to determine whether it is reasonably calculated to expeditiously facilitate the achievement of the permanency goal and is consistent with the minor's best interest. The frequency, duration, and locations of visitation shall be measured by the needs of the child and family, and not by the convenience of Department personnel. Child development principles shall be considered by the court in its analysis of how frequent visitation should be, how long it should last, where it should take place, and who should be present. If upon motion of the party to review the plan and after receiving evidence, the court determines that the parent-child visiting plan is not reasonably calculated to expeditiously facilitate the achievement of the permanency goal or that the restrictions placed on parent-child contact are contrary to the child's best interests, the court shall put in writing the factual basis supporting the determination and enter specific findings based on the evidence. The court shall enter an order for the Department to implement changes to the parent-child visiting plan, consistent with the court's findings. At any stage of proceeding, any party may by motion request the court to enter any orders necessary to implement the parent-child visiting plan. Nothing under this subsection (2) shall restrict the court from granting discretionary authority to the Department to increase opportunities for additional parent-child contacts, without further court orders. Nothing in this subsection (2) shall restrict the Department from immediately restricting or terminating parent-child contact, without either amending the parent-child visiting plan or obtaining a court order, where the Department or its assigns reasonably believe that continuation of parent-child contact, as set out in the parent-child visiting plan, would be contrary to the child's health, safety, and

welfare. The Department shall file with the court and serve on the parties any amendments to the visitation plan within 10 days, excluding weekends and holidays, of the change of the visitation. Any party may, by motion, request the court to review the parent-child visiting plan to determine whether the parent-child visiting plan is reasonably calculated to expeditiously facilitate the achievement of the permanency goal, and is consistent with the minor's health, safety, and best interest.

Acceptance of services shall not be considered an admission of any allegation in a petition made pursuant to this Act, nor may a referral of services be considered as evidence in any proceeding pursuant to this Act, except where the issue is whether the Department has made reasonable efforts to reunite the family. In making its findings that it is consistent with the health, safety and best interests of the minor to prescribe shelter care, the court shall state in writing (i) the factual basis supporting its findings concerning the immediate and urgent necessity for the protection of the minor or of the person or property of another and (ii) the factual basis supporting its findings that reasonable efforts were made to prevent or eliminate the removal of the minor from his or her home or that no efforts reasonably could be made to prevent or eliminate the removal of the minor from his or her home. The parents, guardian, custodian, temporary custodian and minor shall each be furnished a copy of such written findings. The temporary custodian shall maintain a copy of the court order and written findings in the case record for the child. The order together with the court's findings of fact in support thereof shall be entered of record in the court.

Once the court finds that it is a matter of immediate and urgent necessity for the protection of the minor that the minor be placed in a shelter care facility, the minor shall not be returned to the parent, custodian or guardian until the court finds that such placement is no longer necessary for the protection of the minor.

If the child is placed in the temporary custody of the Department of Children and Family Services for his or her protection, the court shall admonish the parents, guardian, custodian or responsible relative that the parents must cooperate with the Department of Children and Family Services, comply with the terms of the service plans, and correct the conditions which require the child to be in care, or risk termination of their parental rights.

on the party respondent, the shelter care hearing may proceed ex-parte. A shelter care order from an ex-parte hearing shall be endorsed with the date and hour of issuance and shall be filed with the clerk's office and entered of record. The order shall expire after 10 days from the time it is issued unless before its expiration it is renewed, at a hearing upon appearance of the party respondent, or upon an affidavit of the moving party as to all diligent efforts to notify the party respondent by notice as herein prescribed. The notice prescribed shall be in writing and shall be personally delivered to the minor or the minor's attorney and to the last known address of the other person or persons entitled to notice. The notice shall also state the nature of the allegations, the nature of the order sought by the State, including whether temporary custody is sought, and the consequences of failure to appear and shall contain a notice that the parties will not be entitled to further written notices or publication notices of proceedings in this case, including the filing of an amended petition or a motion to terminate parental rights, except as required by Supreme Court Rule 11; and shall explain the right of the parties and the procedures to vacate or modify a shelter care order as provided in this Section. (705 ILCS 405/2-28) (from Ch. 37, par. 802-28) Sec. 2-28. Court review.

(1) The court may require any legal custodian or guardian of the person appointed under this Act to report periodically to the court or may cite him into court and require him or his agency, to make a full and accurate report of his or its doings in behalf of the minor. The custodian or guardian, within 10 days after such citation, shall make the report, either in writing verified by affidavit or orally under oath in open court, or otherwise as the court directs. Upon the hearing of the report the court may remove the custodian or guardian and appoint another in his stead or restore the minor to the custody of his parents or former guardian or custodian. However, custody of the minor shall not be restored to any parent, guardian or legal custodian in any case in which the minor is found to be neglected or abused under Section 2-3 or dependent under Section 2-4 of this Act, unless the minor can be cared for at home without endangering the minor's health or safety and it is in the best interests of the minor; and if such neglect, abuse, or dependency is found by the court under paragraph (1) of Section 2-21 of this Act to have come about due to the acts or omissions or both of such parent, guardian or legal custodian, until such time as an investigation is made as provided in paragraph (5) and a hearing is held on the issue of the fitness of such parent, guardian or legal custodian to care for the minor and the court enters an order that such parent, guardian or legal custodian is fit to care for the minor.

(2) The first permanency hearing shall be conducted by the judge. Subsequent permanency hearings may be heard by a judge or by hearing officers appointed or approved by the court in the manner set forth in Section 2-28.1 of this Act. The initial hearing shall be held (a) within 12 months from the date temporary custody was taken, (b) if the parental rights of both parents have been terminated in accordance with the procedure described in subsection (5) of Section 2-21, within 30 days of the order for termination of parental rights and appointment of a guardian with power to consent to adoption, or (c) in accordance with subsection (2) of Section 2-13.1. Subsequent permanency hearings shall be held every 6 months or more frequently if necessary in the court's determination following the initial permanency hearing, in accordance with the standards

set forth in this Section, until the court determines that the plan and goal have been achieved. Once the plan and goal have been achieved, if the minor remains in substitute care, the case shall be reviewed at least every 6 months thereafter, subject to the provisions of this Section, unless the minor is placed in the guardianship of a suitable relative or other person and the court determines that further monitoring by the court does not further the health, safety or best interest of the child and that this is a stable permanent placement. The permanency hearings must occur within the time frames set forth in this subsection and may not be delayed in anticipation of a report from any source or due to the agency's failure to timely file its written report (this written report means the one required under the next paragraph and does not mean the service plan also referred to in that paragraph).

The public agency that is the custodian or guardian of the minor, or another agency responsible for the minor's care, shall ensure that all parties to the permanency hearings are provided a copy of the most recent service plan prepared within the prior 6 months at least 14 days in advance of the hearing. If not contained in the plan, the agency shall also include a report setting forth (i) any special physical, psychological, educational, medical, emotional, or other needs of the minor or his or her family that are relevant to a permanency or placement determination and (ii) for any minor age 16 or over, a written description of the programs and services that will enable the minor to prepare for independent living. The agency's written report must detail what progress or lack of progress the parent has made in correcting the conditions requiring the child to be in care; whether the child can be returned home without jeopardizing the child's health, safety, and welfare, and if not, what permanency goal is recommended to be in the best interests of the child, and why the other permanency goals are not appropriate. The caseworker must appear and testify at the permanency hearing. If a permanency hearing has not previously been scheduled by the court, the moving party shall move for the setting of a permanency hearing and the entry of an order within the time frames set forth in this subsection.

At the permanency hearing, the court shall determine the future status of the child. The court shall set one of the following permanency goals:

(A) The minor will be returned home by a specific date within 5 months.

New matter indicated by italics - deletions by strikeout.
(B) The minor will be in short-term care with a continued goal to return home within a period not to exceed one year, where the progress of the parent or parents is substantial giving particular consideration to the age and individual needs of the minor.

(B-1) The minor will be in short-term care with a continued goal to return home pending a status hearing. When the court finds that a parent has not made reasonable efforts or reasonable progress to date, the court shall identify what actions the parent and the Department must take in order to justify a finding of reasonable efforts or reasonable progress and shall set a status hearing to be held not earlier than 9 months from the date of adjudication nor later than 11 months from the date of adjudication during which the parent's progress will again be reviewed.

(C) The minor will be in substitute care pending court determination on termination of parental rights.

(D) Adoption, provided that parental rights have been terminated or relinquished.

(E) The guardianship of the minor will be transferred to an individual or couple on a permanent basis provided that goals (A) through (D) have been ruled out.

(F) The minor over age 15 will be in substitute care pending independence.

(G) The minor will be in substitute care because he or she cannot be provided for in a home environment due to developmental disabilities or mental illness or because he or she is a danger to self or others, provided that goals (A) through (D) have been ruled out.

In selecting any permanency goal, the court shall indicate in writing the reasons the goal was selected and why the preceding goals were ruled out. Where the court has selected a permanency goal other than (A), (B), or (B-1), the Department of Children and Family Services shall not provide further reunification services, but shall provide services consistent with the goal selected.

The court shall set a permanency goal that is in the best interest of the child. In determining that goal, the court shall consult with the minor in an age-appropriate manner regarding the proposed permanency or transition plan for the minor. The court's determination shall include the following factors:

(1) Age of the child.

New matter indicated by italics - deletions by strikeout.
(2) Options available for permanence, including both out-of-State and in-State placement options.

(3) Current placement of the child and the intent of the family regarding adoption.

(4) Emotional, physical, and mental status or condition of the child.

(5) Types of services previously offered and whether or not the services were successful and, if not successful, the reasons the services failed.

(6) Availability of services currently needed and whether the services exist.

(7) Status of siblings of the minor.

The court shall consider (i) the permanency goal contained in the service plan, (ii) the appropriateness of the services contained in the plan and whether those services have been provided, (iii) whether reasonable efforts have been made by all the parties to the service plan to achieve the goal, and (iv) whether the plan and goal have been achieved. All evidence relevant to determining these questions, including oral and written reports, may be admitted and may be relied on to the extent of their probative value.

If the goal has been achieved, the court shall enter orders that are necessary to conform the minor’s legal custody and status to those findings.

If, after receiving evidence, the court determines that the services contained in the plan are not reasonably calculated to facilitate achievement of the permanency goal, the court shall put in writing the factual basis supporting the determination and enter specific findings based on the evidence. The court also shall enter an order for the Department to develop and implement a new service plan or to implement changes to the current service plan consistent with the court's findings. The new service plan shall be filed with the court and served on all parties within 45 days of the date of the order. The court shall continue the matter until the new service plan is filed. Custody of the minor shall not be restored to any parent, guardian or legal custodian in any case in which the minor is found to be neglected or abused under Section 2-3 or dependent under Section 2-4 of this Act, unless the minor can be cared for at home without endangering his or her health or safety and it is in the best interest of the minor, and if such neglect, abuse, or dependency is found by the court under paragraph (1) of Section 2-21 of this Act to have come about due to the acts or omissions or both of such parent, guardian or legal custodian, until such time as an investigation is made as provided in paragraph (5) and a hearing is held on the issue of the health, safety and best interest of the minor and the fitness of such parent, guardian or legal custodian to care for the minor and the court enters an order that such parent, guardian or legal custodian is fit to care for the minor. In the event that the minor has attained 18 years of age and the guardian or custodian petitions the court for an order terminating his guardianship or custody, guardianship or custody shall terminate automatically 30 days after the receipt of the petition unless the court orders otherwise. No legal custodian or guardian of the person may be removed without his consent until given notice and an opportunity to be heard by the court.

(iii) required to undergo a substance abuse assessment conducted by a licensed provider and participate in the indicated clinical level of care;

New matter indicated by italics - deletions by strikeout.
(iv) placed in the guardianship of the Department of Children and Family Services, but only if the delinquent minor is under 13 years of age;

(v) placed in detention for a period not to exceed 30 days, either as the exclusive order of disposition or, where appropriate, in conjunction with any other order of disposition issued under this paragraph, provided that any such detention shall be in a juvenile detention home and the minor so detained shall be 10 years of age or older. However, the 30-day limitation may be extended by further order of the court for a minor under age 13 committed to the Department of Children and Family Services if the court finds that the minor is a danger to himself or others. The minor shall be given credit on the sentencing order of detention for time spent in detention under Sections 5-501, 5-601, 5-710, or 5-720 of this Article as a result of the offense for which the sentencing order was imposed. The court may grant credit on a sentencing order of detention entered under a violation of probation or violation of conditional discharge under Section 5-720 of this Article for time spent in detention before the filing of the petition alleging the violation. A minor shall not be deprived of credit for time spent in detention before the filing of a violation of probation or conditional discharge alleging the same or related act or acts;

(ix) ordered to undergo a medical or other procedure to have a tattoo symbolizing allegiance to a street gang removed from his or her body.

(b) A minor found to be guilty may be committed to the Department of Juvenile Justice under Section 5-750 if the minor is 13 years of age or older, provided that the commitment to the Department of Juvenile Justice shall be made only if a term of incarceration is permitted by law for adults found guilty of the offense for which the minor was adjudicated delinquent. The time during which a minor is in custody before being released upon the request of a parent, guardian or legal custodian shall be considered as time spent in detention.

(c) When a minor is found to be guilty for an offense which is a violation of the Illinois Controlled Substances Act, the Cannabis Control Act, or the Methamphetamine Control and Community Protection Act and made a ward of the court, the court may enter a disposition order requiring the minor to undergo assessment, counseling or treatment in a substance abuse program approved by the Department of Human Services.

(2) Any sentencing order other than commitment to the Department of Juvenile Justice may provide for protective supervision under Section 5-725 and may include an order of protection under Section 5-730.

(3) Unless the sentencing order expressly so provides, it does not operate to close proceedings on the pending petition, but is subject to modification until final closing and discharge of the proceedings under Section 5-750.

(4) In addition to any other sentence, the court may order any minor found to be delinquent to make restitution, in monetary or non-monetary form, under the terms and conditions of Section 5-5-6 of the Unified Code of Corrections, except that the "presentencing hearing" referred to in that Section shall be the sentencing hearing for purposes of this Section. The parent, guardian or legal custodian of the minor may be ordered by the court to pay some or all of the restitution on the minor's behalf, pursuant to the Parental Responsibility Law. The State's Attorney is authorized to act on behalf of any victim in seeking restitution in proceedings under this Section, up to the maximum amount allowed in Section 5 of the Parental Responsibility Law.

(5) Any sentencing order where the minor is committed or placed in accordance with Section 5-740 shall provide for the parents or guardian

of the estate of the minor to pay to the legal custodian or guardian of the person of the minor such sums as are determined by the custodian or guardian of the person of the minor as necessary for the minor's needs. The payments may not exceed the maximum amounts provided for by Section 9.1 of the Children and Family Services Act.

(6) Whenever the sentencing order requires the minor to attend school or participate in a program of training, the truant officer or designated school official shall regularly report to the court if the minor is a chronic or habitual truant under Section 26-2a of the School Code.

(7) In no event shall a guilty minor be committed to the Department of Juvenile Justice for a period of time in excess of that period for which an adult could be committed for the same act.

(8) A minor found to be guilty for reasons that include a violation of Section 21-1.3 of the Criminal Code of 1961 shall be ordered to perform community service for not less than 30 and not more than 120 hours, if community service is available in the jurisdiction. The community service shall include, but need not be limited to, the cleanup and repair of the damage that was caused by the violation or similar damage to property located in the municipality or county in which the violation occurred. The order may be in addition to any other order authorized by this Section.

(8.5) A minor found to be guilty for reasons that include a violation of Section 3.02 or Section 3.03 of the Humane Care for Animals Act or paragraph (d) of subsection (1) of Section 21-1 of the Criminal Code of 1961 shall be ordered to undergo medical or psychiatric treatment rendered by a psychiatrist or psychological treatment rendered by a clinical psychologist. Any medical test shall be performed only by appropriately licensed medical practitioners and may include an analysis of any bodily fluids as well as an examination of the minor's person. Except

as otherwise provided by law, the results of the test shall be kept strictly confidential by all medical personnel involved in the testing and must be personally delivered in a sealed envelope to the judge of the court in which the sentencing order was entered for the judge's inspection in camera. Acting in accordance with the best interests of the victim and the public, the judge shall have the discretion to determine to whom the results of the testing may be revealed. The court shall notify the minor of the results of the test for infection with the human immunodeficiency virus (HIV). The court shall also notify the victim if requested by the victim, and if the victim is under the age of 15 and if requested by the victim's parents or legal guardian, the court shall notify the victim's parents or the legal guardian, of the results of the test for infection with the human immunodeficiency virus (HIV). The court shall provide information on the availability of HIV testing and counseling at the Department of Public Health facilities to all parties to whom the results of the testing are revealed. The court shall order that the cost of any test shall be paid by the county and may be taxed as costs against the minor.

(10) When a court finds a minor to be guilty the court shall, before entering a sentencing order under this Section, make a finding whether the offense committed either: (a) was related to or in furtherance of the criminal activities of an organized gang or was motivated by the minor's membership in or allegiance to an organized gang, or (b) involved a violation of subsection (a) of Section 12-7.1 of the Criminal Code of 1961, a violation of any Section of Article 24 of the Criminal Code of 1961, or a violation of any statute that involved the wrongful use of a firearm. If the court determines the question in the affirmative, and the court does not commit the minor to the Department of Juvenile Justice, the court shall order the minor to perform community service for not less than 30 hours nor more than 120 hours, provided that community service is available in the jurisdiction and is funded and approved by the county board of the county where the offense was committed. The community service shall include, but need not be limited to, the cleanup and repair of any damage caused by a violation of Section 21-1.3 of the Criminal Code of 1961 and similar damage to property located in the municipality or county in which the violation occurred. When possible and reasonable, the community service shall be performed in the minor's neighborhood. This order shall be in addition to any other order authorized by this Section except for an order to place the minor in the custody of the Department of Juvenile Justice. For the purposes of this Section, "organized gang" has the
meaning ascribed to it in Section 10 of the Illinois Streetgang Terrorism Omnibus Prevention Act.

subdivision (a)(2)(v) of this Section that is committed on or after August 13, 2007 (the effective date of Public Act 95-134) this amendatory Act of the 95th General Assembly, or if convicted of reckless homicide as defined in subsection (e) of Section 9-3 of the Criminal Code of 1961 if the offense is committed on or after January 1, 1999, or aggravated driving under the influence of alcohol, other drug or drugs, or intoxicating compound or compounds, or any combination thereof as defined in subparagraph (F) of paragraph (1) of subsection (d) of Section 11-501 of the Illinois Vehicle Code, or if convicted of an offense enumerated in paragraph (a)(2.4) of this Section that is committed on or after July 15, 1999 (the effective date of Public Act 91-121), or first degree murder, a Class X felony, criminal sexual assault, felony criminal sexual abuse, aggravated criminal sexual abuse, aggravated battery with a firearm, or any predecessor or successor offenses with the same or substantially the same elements, or any inchoate offenses relating to the foregoing offenses. No inmate shall be eligible for the additional good conduct credit under this paragraph (4) who (i) has previously received increased good conduct credit under this paragraph (4) and has subsequently been convicted of a felony, or (ii) has previously served more than one prior sentence of imprisonment for a felony in an adult correctional facility.

Department or any employee or agent of the Department shall be liable for damages to the inmate.

(4.1) The rules and regulations shall also provide that an additional 60 days of good conduct credit shall be awarded to any prisoner who passes the high school level Test of General Educational Development (GED) while the prisoner is incarcerated. The good conduct credit awarded under this paragraph (4.1) shall be in addition to, and shall not affect, the award of good conduct under any other paragraph of this Section, but shall also be pursuant to the guidelines and restrictions set forth in paragraph (4) of subsection (a) of this Section. The good conduct credit provided for in this paragraph shall be available only to those prisoners who have not previously earned a high school diploma or a GED. If, after an award of the GED good conduct credit has been made and the Department determines that the prisoner was not eligible, then the award shall be revoked.

(4.5) The rules and regulations on early release shall also provide that when the court's sentencing order recommends a prisoner for substance abuse treatment and the crime was committed on or after September 1, 2003 (the effective date of Public Act 93-354), the prisoner shall receive no good conduct credit awarded under clause (3) of this subsection (a) unless he or she participates in and completes a substance abuse treatment program. The Director may waive the requirement to participate in or complete a substance abuse treatment program and award the good conduct credit in specific instances if the prisoner is not a good candidate for a substance abuse treatment program for medical, programming, or operational reasons. Availability of substance abuse treatment shall be subject to the limits of fiscal resources appropriated by the General Assembly for these purposes. If treatment is not available and the requirement to participate and complete the treatment has not been waived by the Director, the prisoner shall be placed on a waiting list under criteria established by the Department. The Director may allow a prisoner placed on a waiting list to participate in and complete a substance abuse education class or attend substance abuse self-help meetings in lieu of a substance abuse treatment program. A prisoner on a waiting list who is not placed in a substance abuse program prior to release may be eligible for a waiver and receive good conduct credit.
credit under clause (3) of this subsection (a) at the discretion of the Director.

(5) Whenever the Department is to release any inmate earlier than it otherwise would because of a grant of good conduct credit for meritorious service given at any time during the term, the Department shall give reasonable advance notice of the impending release to the State’s Attorney of the county where the prosecution of the inmate took place.

(b) Whenever a person is or has been committed under several convictions, with separate sentences, the sentences shall be construed under Section 5-8-4 in granting and forfeiting of good time.

(c) The Department shall prescribe rules and regulations for revoking good conduct credit, or suspending or reducing the rate of accumulation of good conduct credit for specific rule violations, during imprisonment. These rules and regulations shall provide that no inmate may be penalized more than one year of good conduct credit for any one infraction.

When the Department seeks to revoke, suspend or reduce the rate of accumulation of any good conduct credits for an alleged infraction of its rules, it shall bring charges therefor against the prisoner sought to be so deprived of good conduct credits before the Prisoner Review Board as provided in subparagraph (a)(4) of Section 3-3-2 of this Code, if the amount of credit at issue exceeds 30 days or when during any 12 month period, the cumulative amount of credit revoked exceeds 30 days except where the infraction is committed or discovered within 60 days of scheduled release. In those cases, the Department of Corrections may revoke up to 30 days of good conduct credit. The Board may subsequently approve the revocation of additional good conduct credit, if the Department seeks to revoke good conduct credit in excess of 30 days. However, the Board shall not be empowered to review the Department's decision with respect to the loss of 30 days of good conduct credit within any calendar year for any prisoner or to increase any penalty beyond the length requested by the Department.

The Director of the Department of Corrections, in appropriate cases, may restore up to 30 days good conduct credits which have been revoked, suspended or reduced. Any restoration of good conduct credits in excess of 30 days shall be subject to review by the Prisoner Review Board. However, the Board may not restore good conduct credit in excess of the amount requested by the Director.

Nothing contained in this Section shall prohibit the Prisoner Review Board from ordering, pursuant to Section 3-3-9(a)(3)(i)(B), that a prisoner serve up to one year of the sentence imposed by the court that was not served due to the accumulation of good conduct credit.

(d) If a lawsuit is filed by a prisoner in an Illinois or federal court against the State, the Department of Corrections, or the Prisoner Review Board, or against any of their officers or employees, and the court makes a specific finding that a pleading, motion, or other paper filed by the prisoner is frivolous, the Department of Corrections shall conduct a hearing to revoke up to 180 days of good conduct credit by bringing charges against the prisoner sought to be deprived of the good conduct credits before the Prisoner Review Board as provided in subparagraph (a)(8) of Section 3-3-2 of this Code. If the prisoner has not accumulated 180 days of good conduct credit at the time of the finding, then the Prisoner Review Board may revoke all good conduct credit accumulated by the prisoner.

The Director of the Department of Corrections, in appropriate cases, may restore up to 30 days good conduct credits which have been revoked, suspended or reduced. Any restoration of good conduct credits in excess of 30 days shall be subject to review by the Prisoner Review Board. However, the Board may not restore good conduct credit in excess of the amount requested by the Director.

Nothing contained in this Section shall prohibit the Prisoner Review Board from ordering, pursuant to Section 3-3-9(a)(3)(i)(B), that a prisoner serve up to one year of the sentence imposed by the court that was not served due to the accumulation of good conduct credit.

(d) If a lawsuit is filed by a prisoner in an Illinois or federal court against the State, the Department of Corrections, or the Prisoner Review Board, or against any of their officers or employees, and the court makes a specific finding that a pleading, motion, or other paper filed by the prisoner is frivolous, the Department of Corrections shall conduct a hearing to revoke up to 180 days of good conduct credit by bringing charges against the prisoner sought to be deprived of the good conduct credits before the Prisoner Review Board as provided in subparagraph (a)(8) of Section 3-3-2 of this Code. Sec. 5-6-1. Sentences of Probation and of Conditional Discharge and Disposition of Supervision. The General Assembly finds that in order to protect the public, the criminal justice system must compel compliance with the conditions of probation by responding to violations with swift, certain and fair punishments and intermediate sanctions. The Chief Judge of each circuit shall adopt a system of structured, intermediate sanctions for violations of the terms and conditions of a sentence of probation, conditional discharge or disposition of supervision.

(a) Except where specifically prohibited by other provisions of this Code, the court shall impose a sentence of probation or conditional discharge upon an offender unless, having regard to the nature and circumstance of the offense, and to the history, character and condition of the offender, the court is of the opinion that:

(1) his imprisonment or periodic imprisonment is necessary for the protection of the public; or

(2) probation or conditional discharge would deprecate the seriousness of the offender's conduct and would be inconsistent with the ends of justice; or

(3) a combination of imprisonment with concurrent or consecutive probation when an offender has been admitted into a drug court program under Section 20 of the Drug Court Treatment Act is necessary for the protection of the public and for the rehabilitation of the offender.

(c) The court may, upon a plea of guilty or a stipulation by the defendant of the facts supporting the charge or a finding of guilt, defer further proceedings and the imposition of a sentence, and enter an order for supervision of the defendant, if the defendant is not charged with: (i) a Class A misdemeanor, as defined by the following provisions of the Criminal Code of 1961: Sections 11-9.1; 12-3.2; 12-15; 26-5; 31-1; 31-6; 31-7; subsections (b) and (c) of Section 21-1; paragraph (1) through (5), (8), (10), and (11) of subsection (a) of Section 24-1; (ii) a Class A misdemeanor violation of Section 3.01, 3.03-1, or 4.01 of the Humane Care for Animals Act; or (iii) felony. (1) the offender is not likely to commit further crimes;
(2) the defendant and the public would be best served if the defendant were not to receive a criminal record; and

Of the amount collected as a probation fee, up to $5 of that fee collected per month may be used to provide services to crime victims and their families.

This amendatory Act of the 93rd General Assembly deletes the $10 increase in the fee under this subsection that was imposed by Public Act 93-616. This deletion is intended to control over any other Act of the 93rd General Assembly that retains or incorporates that fee increase.

(i-5) In addition to the fees imposed under subsection (i) of this Section, in the case of an offender convicted of a felony sex offense (as defined in the Sex Offender Management Board Act) or an offense that the court or probation department has determined to be sexually motivated (as defined in the Sex Offender Management Board Act), the court or the probation department shall assess additional fees to pay for all costs of treatment, assessment, evaluation for risk and treatment, and monitoring the offender, based on that offender's ability to pay those costs either as they occur or under a payment plan.

(j) All fines and costs imposed under this Section for any violation of Chapters 3, 4, 6, and 11 of the Illinois Vehicle Code, or a similar provision of a local ordinance, and any violation of the Child Passenger Protection Act, or a similar provision of a local ordinance, shall be collected and disbursed by the circuit clerk as provided under Section 27.5 of the Clerks of Courts Act.
