1970 CONSTITUTION, ARTICLE IV

"10. Effective Date of Laws

The General Assembly shall provide by law for a uniform effective date for laws passed prior to July 1 of a calendar year. The General Assembly may provide for a different effective date in any law passed prior to July 1. A bill passed after June 30 shall not become effective prior to July 1 of the next calendar year unless the General Assembly by the vote of three-fifths of the members elected to each house provides for an earlier effective date."

5 ILLINOIS COMPiled STATUTES CHAPTER 75

75/1. Effective Date of Laws

"1. (a) A bill passed after June 30 of a calendar year shall become effective on July 1 of the next calendar year unless the General Assembly by a vote of three-fifths of the members elected to each house provides for an earlier effective date in the terms of the bill or unless the General Assembly provides for a later effective date in the terms of the bill; provided that if the effective date provided in the terms of the bill is prior to the date the bill becomes a law then the date the bill becomes a law shall be the effective date."

(b) A bill passed prior to July 1 of a calendar year that does not provide for an effective date in the terms of the bill shall become effective on January 1 of the following year, or upon its becoming a law, whichever is later.

75/2. Special Effective Dates

"2. AN ACT concerning elections.

Be it enacted by the People of the State of Illinois, represented in
the General Assembly:

Section 1. Short title. This Act may be cited as the Agreement
Among the States to Elect the President by National Popular Vote Act.

Section 5. Ratification and approval of compact. The State of
Illinois ratifies and approves the following compact:
"Agreement Among the States to Elect the President by National
Popular Vote

Article I-Membership
Any State of the United States and the District of Columbia may
become a member of this agreement by enacting this agreement.

Article II-Right of the People in Member States to Vote for President and
Vice President
Each member state shall conduct a statewide popular election for
President and Vice President of the United States.

Article III-Manner of Appointing Presidential Electors in Member States
Prior to the time set by law for the meeting and voting by the
presidential electors, the chief election official of each member state shall
determine the number of votes for each presidential slate in each State of
the United States and in the District of Columbia in which votes have been
cast in a statewide popular election and shall add such votes together to
produce a "national popular vote total" for each presidential slate.

The chief election official of each member state shall designate the
presidential slate with the largest national popular vote total as the
"national popular vote winner."

The presidential elector certifying official of each member state
shall certify the appointment in that official's own state of the elector slate
nominated in that state in association with the national popular vote
winner.

At least six days before the day fixed by law for the meeting and
voting by the presidential electors, each member state shall make a final
determination of the number of popular votes cast in the state for each
presidential slate and shall communicate an official statement of such
determination within 24 hours to the chief election official of each other
member state.

New matter indicated by italics - deletions by strikeout.
The chief election official of each member state shall treat as conclusive an official statement containing the number of popular votes in a state for each presidential slate made by the day established by federal law for making a state's final determination conclusive as to the counting of electoral votes by Congress.

In event of a tie for the national popular vote winner, the presidential elector certifying official of each member state shall certify the appointment of the elector slate nominated in association with the presidential slate receiving the largest number of popular votes within that official's own state.

If, for any reason, the number of presidential electors nominated in a member state in association with the national popular vote winner is less than or greater than that state's number of electoral votes, the presidential candidate on the presidential slate that has been designated as the national popular vote winner shall have the power to nominate the presidential electors for that state and that state's presidential elector certifying official shall certify the appointment of such nominees.

The chief election official of each member state shall immediately release to the public all vote counts or statements of votes as they are determined or obtained.

This article shall govern the appointment of presidential electors in each member state in any year in which this agreement is, on July 20, in effect in states cumulatively possessing a majority of the electoral votes.

Article IV-Other Provisions

This agreement shall take effect when states cumulatively possessing a majority of the electoral votes have enacted this agreement in substantially the same form and the enactments by such states have taken effect in each state.

Any member state may withdraw from this agreement, except that a withdrawal occurring six months or less before the end of a President's term shall not become effective until a President or Vice President shall have been qualified to serve the next term.

The chief executive of each member state shall promptly notify the chief executive of all other states of when this agreement has been enacted and has taken effect in that official's state, when the state has withdrawn from this agreement, and when this agreement takes effect generally.

This agreement shall terminate if the electoral college is abolished.

If any provision of this agreement is held invalid, the remaining provisions shall not be affected.

(Senate Bill No. 0437)

AN ACT concerning education.

New matter indicated by italics - deletions by strikeout.
Public Act 95-0715

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Higher Education Student Assistance Act is amended by changing Sections 25 and 31 as follows:

(110 ILCS 947/25)
Sec. 25. State scholar program.
(a) An applicant is eligible to be designated a State Scholar when the Commission finds the candidate:

(1) is a resident of this State and a citizen or permanent resident of the United States;

(2) has successfully completed the program of instruction at an approved high school, or is a student in good standing at such a school and is engaged in a program which in due course will be completed by the end of the academic year, and in either event that the candidate's academic standing is above the class median; and that the candidate has not had any university, college, normal school, private junior college or public community college, or other advanced training subsequent to graduation from high school; and

(3) has superior capacity to profit by a higher education.

(b) In determining an applicant's superior capacity to profit by a higher education, the Commission shall consider the candidate's scholastic record in high school and the results of the examination conducted under the provisions of this Act. The Commission shall establish by rule the minimum conditions of eligibility in terms of the foregoing factors, and the relative weight to be accorded to those factors.

(c) The Commission shall base its State Scholar designations upon the eligibility formula prescribed in its rules, except that notwithstanding those rules or any other provision of this Section, a student nominated by his or her school shall be designated a State Scholar if that student achieves an Illinois Standard Test Score at or above the 95th percentile among students taking the designated examinations in Illinois that year, as determined by the Commission.

(d) The Commission shall obtain the results of a competitive examination from the applicants this Act. The examination shall provide a measure of each candidate's ability to perform college work and shall have demonstrated utility in such a selection program. The Commission shall select, and designate by rule, the specific examinations to be used in determining the applicant's superior capacity to profit from a higher education. Candidates may be asked by the Commission to take those

steps necessary to provide results of the designated examination as part of their applications. Any nominal cost of obtaining or providing the examination results shall be paid by the candidate to the agency designated by the Commission to provide the examination service. In the event that a candidate or candidates are unable to participate in the examination for financial reasons, the Commission may choose to pay the examination fee on the candidate's or candidates' behalf. Any notary fee which may also be required as part of the total application shall be paid by the applicant.

(e) The Commission shall award to each State Scholar a certificate or other suitable form of recognition. The decision to attend a non-qualified institution of higher learning shall not disqualify applicants who are otherwise fully qualified.

(f) Subject to appropriation, each State Scholar who enrolls or is enrolled in an institution of higher learning in this State shall also receive a one-time grant of $1,000 to be applied to tuition and mandatory fees and paid directly to the institution of higher learning. However, a student who has been awarded a Merit Recognition Scholarship under Section 31 of this Act may not be awarded a grant under this subsection (f), although he or she may still be designated a State Scholar.

(g) The Commission shall adopt all necessary and proper rules not inconsistent with this Section for its effective implementation.

These high school students are all eligible to receive a scholarship to be awarded under this Section.

"Qualified student" means a person:

(1) who is a resident of this State and a citizen or permanent resident of the United States;
(2) who, as an eligible applicant, is in good academic standing at the high school in which he or she is enrolled and has made a timely application for a Merit Recognition Scholarship under this Section;
(3) who has successfully completed the program of instruction at any high school located in this State; and
(4) who enrolls or is enrolled in a qualified Illinois institution of higher learning or a Service Academy as an undergraduate student or cadet and has not received a baccalaureate degree.

"Merit Recognition Scholarship" means a $1,000 academic scholarship awarded under this Section during an academic year to a qualified student, without regard to financial need, as a scholarship to any qualified Illinois institution of higher learning or a Service Academy in which the student is or will be enrolled as an undergraduate student or cadet.

"Service Academy" means the U.S. Air Force Academy, the U.S. Coast Guard Academy, the U.S. Military Academy, or the U.S. Naval Academy.

(b) In order to identify, encourage, promote, and reward the distinguished academic achievement of students from every high school located in this State, each qualified student shall be awarded a Merit Recognition Scholarship by the Illinois Student Assistance Commission to any qualified Illinois institution of higher learning or to any Service Academy.

(b-5) Notwithstanding any other provision of this Section, a student who has received a grant under the State Scholar program under Section 25 of this Act is ineligible to receive a Merit Recognition Scholarship.

(c) No Merit Recognition Scholarship provided for a qualified student under this Section shall be considered in evaluating the financial situation of that student or be deemed a financial resource of or a form of financial aid or assistance to that student, for purposes of determining the eligibility of the student for any scholarship, grant, or monetary assistance awarded by the Commission, the State, or any agency thereof pursuant to the provisions of any other Section of this Act or any other law of this State; nor shall any Merit Recognition Scholarship provided for a qualified student under this Section reduce the amount of any scholarship, grant, or

monetary assistance that that student is eligible to be awarded by the Commission, the State, or any agency thereof in accordance with the provisions of any other Section of this Act or any other law of this State.

(d) The Illinois Student Assistance Commission is designated as administrator of the Merit Recognition Scholarship program. Each high school located in this State shall certify to the Commission the names of its students who are eligible applicants, specifying which of the students certified as eligible applicants have completed the program of instruction at that high school and the graduation date fixed for their high school class and specifying for each of the other eligible applicants whose names appear on the certification the semester of high school last completed by them. The Commission shall promptly notify those eligible applicants so certified who are reasonably assured of receiving a Merit Recognition Scholarship in accordance with the annual funding levels recommended in the Governor's budget of their eligibility to apply for a scholarship under this Section, other than any eligible applicant named on any such certification who, as an eligible applicant, has previously made application to the Commission for a Merit Recognition Scholarship under this Section. An otherwise eligible applicant who fails to make a timely application (as determined by the Commission) for a Merit Recognition Scholarship under this Section shall no longer be deemed an eligible applicant and shall not qualify for the award.

(e) All applications for Merit Recognition Scholarships to be awarded under this Section shall be made to the Commission on forms that the Commission shall provide for eligible applicants. The form of applications and the information required to be set forth therein shall be determined by the Commission, and the Commission shall require eligible applicants to submit with their applications such supporting documents as the Commission deems necessary.

(f) The names and addresses of Merit Recognition Scholarship recipients are a matter of public record.

(g) Whenever an eligible applicant who has completed the program of instruction at any high school located in this State thereafter makes timely application to the Commission for a Merit Recognition Scholarship under this Section, the Commission shall promptly determine whether that eligible applicant is a qualified student as defined in subsection (a) of this Section. Each such eligible applicant so determined by the Commission to be a qualified student shall be awarded a Merit Recognition Scholarship in the amount of $1,000, effective exclusively during the academic year

following the qualified student's high school graduation, subject to appropriation by the General Assembly.

(h) Subject to a separate appropriation for purposes of this Section, payment of any Merit Recognition Scholarship awarded under this Section shall be determined exclusively by the Commission. All scholarship funds distributed in accordance with this subsection (h) shall be paid to the qualified Illinois institution of higher learning or Service Academy and used only for payment of the educational expenses incurred by the student in connection with his or her attendance as an undergraduate student or cadet at that institution or Service Academy, including but not limited to tuition and fees, room and board, books and supplies, required Service Academy uniforms, and travel and personal expenses related to the student's attendance at that institution or Service Academy. Any Merit Recognition Scholarship awarded under this Section shall be applicable to 2 semesters or 3 quarters of enrollment. Should a qualified student withdraw from enrollment prior to completion of the first semester or quarter for which the Merit Recognition Scholarship is applicable, the student shall refund to the Commission the amount of the scholarship received.

(i) The Commission shall administer the Merit Recognition Scholarship program established by this Section and shall make all necessary and proper rules, not inconsistent with this Section, for its effective implementation.

(j) When an appropriation to the Commission for purposes of this Section is insufficient to provide scholarships to all qualified students, the Commission shall allocate the appropriation in accordance with this subsection (j). If funds are insufficient to provide all qualified students with a scholarship as authorized by subsection (g) of this Section, the Commission shall allocate the scholarships to qualified students in order of decreasing relative academic rank, as determined by the Commission using a formula based upon the qualified student's grade point average, score on the appropriate statewide standardized examination, or a combination of grade point average and standardized test score. All Merit Recognition Scholarships awarded shall be in the amount of $1,000.

(k) The Commission, in determining the number of Merit Recognition Scholarships to be offered pursuant to subsection (j) of this Section, shall take into consideration past experience with the rate of merit scholarship funds unclaimed by qualified students. To the extent necessary to avoid an over-commitment of funds, the Commission may allocate

It is the purpose of this Act to preserve and expand the existing human infrastructure for the motion picture industry in Illinois. It shall be the policy of this State to promote and encourage the training and hiring of Illinois residents who represent the diversity of the Illinois population through the creation and implementation of training, education, and recruitment programs organized in cooperation with Illinois colleges and universities, labor organizations, and the motion picture industry.

(8) To borrow money or receive money from the United States Government or any agency thereof, or from any other public or private source, for the purposes of the District and to issue indebtedness, including bonds, notes, or other evidences of indebtedness to evidence such borrowing, and to pledge and use some or all of the taxes imposed pursuant to Section 25 of this Act for the repayment of the indebtedness of the District or any other flood prevention districts. The District shall direct the county to use moneys in the County Flood Prevention Occupation Tax Fund to pay such indebtedness.

(9) To enter into agreements with private property owners.

(10) To issue revenue bonds, notes, or other evidences of indebtedness payable from revenue received from a retailers' occupation tax imposed under Section 25 of this Act, and from any other revenue sources available to the flood prevention district. These bonds may be issued with maturities not exceeding 25 years from the date of the bonds, and in such amounts as may be necessary to provide sufficient funds, together with interest, for the purposes of the District. These bonds shall bear interest at a rate of not more than the maximum rate authorized by the Bond Authorization Act, as amended at the time of the making of the contract of sale, payable semi-annually, may be made registerable as to principal, and may be made payable and callable as provided on any date at a price of par and accrued interest under such terms and conditions as may be fixed by the ordinance authorizing the issuance of the bonds. Bonds issued under this Section are negotiable instruments. In case any officer whose signature appears on the bonds or coupons ceases to hold that office before the bonds are delivered, such officer's signature shall nevertheless be valid and sufficient for all purposes the same as though such officer had
remained in office until the bonds were delivered. The bonds shall be sold in such manner and upon such terms as the board of commissioners shall determine, except that the selling price shall be such that the interest cost to the District on the proceeds of the bonds shall not exceed the maximum rate authorized by the Bond Authorization Act, as amended at the time of the making of the contract of sale, payable semi-annually, computed to maturity according to the standard table of bond values. *Bonds issued by the District shall not be considered indebtedness for purposes of any statutory limitation and may be issued in an amount or amounts, including existing indebtedness, in excess of any heretofore or hereafter imposed statutory limitation as to indebtedness.* A request to issue revenue bonds by the *District Commission* must be submitted for approval to the county board of the county in which the district is situated. The county board has 30 calendar days to approve the issuance of such bonds. If the county board does not approve or disapprove the issuance of the bonds within 30 calendar days after the receipt of such request, the request shall be deemed approved. *The District shall direct the county to use moneys in the County Flood Prevention Occupation Tax Fund to pay for bonds issued.*

(11) To acquire property by gift, grant, or eminent domain, in accordance with the Eminent Domain Act. Any action by the District to acquire property by eminent domain requires the express approval of the county board.

(12) To retain professional staff to carry out the functions of the District. Any flood prevention district shall employ a Chief Supervisor of Construction and the Works with appropriate professional qualifications, including a degree in engineering, construction, hydrology, or a related field, or an equivalent combination of education and experience. The Chief Supervisor of Construction and the Works shall be vested with the authority to carry out the duties and mission of the Flood Prevention District, pursuant to the direction and supervision of the Board of Commissioners. The Chief Supervisor of Construction and the Works may hire additional staff as necessary to carry out the duties and mission of the district, including administrative support personnel. Two or more districts may, through an intergovernmental agreement, share the services of a Chief

Supervisor of Construction and the Works, support staff, or both. If 2 districts are adjoining and share a common federal levee, they must retain the services of the same person as Chief Supervisor of Construction and the Works.

(13) To conduct an audit of any drainage, levee, or sanitary district within the territory of the flood prevention district.

(14) To reimburse any county for costs advanced by the county for expenses that would have otherwise been paid out of the County Flood Prevention Occupation Tax Fund, had such fund been established at the time of the expenditure. Nothing in this Section shall be construed to permit a county to seek reimbursement from a flood prevention district for any expense related to levee maintenance, repair, improvement, construction, staff, operating expenses, levee or river-related scientific studies, the construction of facilities for any such purpose, or any other non-emergency levee related expense that occurred prior to an emergency situation involving the levees within such county.

Sec. 25. Flood prevention retailers' and service occupation taxes

Retailers' occupation tax.

(a) If the Board of Commissioners of a flood prevention district determines that an emergency situation exists regarding levee repair or flood prevention, and upon an ordinance confirming the determination of resolution adopted by the affirmative vote of a majority of the members of the county board of the county in which the district is situated, the county may impose a flood prevention retailers' occupation tax upon all persons engaged in the business of selling tangible personal property at retail within the territory of the district to provide revenue to pay the costs of providing emergency levee repair and flood prevention and to secure the payment of bonds, notes, and other evidences of indebtedness issued under this Act for a period not to exceed 25 years or as required to repay the bonds, notes, and other evidences of indebtedness issued under this Act issued pursuant to Section 20 of this Act. The tax rate shall be 0.25% of the gross receipts from all taxable sales made in the course of that business. The tax imposed under this Section and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The Department shall have full power to administer and enforce this Section; to collect all taxes and penalties so
collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder.

In the administration of and compliance with this subsection, the Department and persons who are subject to this subsection (i) have the same rights, remedies, privileges, immunities, powers, and duties, (ii) are subject to the same conditions, restrictions, limitations, penalties, and definitions of terms, and (iii) shall employ the same modes of procedure as are set forth in Sections 1 through 1o, 2 through 2-70 (in respect to all provisions contained in those Sections other than the State rate of tax), 2a through 2h, 3 (except as to the disposition of taxes and penalties collected), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5l, 6, 6a, 6b, 6c, 7, 8, 9, 10, 11, 11a, 12, and 13 of the Retailers' Occupation Tax Act and all provisions of the Uniform Penalty and Interest Act as if those provisions were set forth in this subsection.

Persons subject to any tax imposed under this Section may reimburse themselves for their seller's tax liability hereunder by separately stating the tax as an additional charge, which charge may be stated in combination in a single amount with State taxes that sellers are required to collect under the Use Tax Act, under any bracket schedules the Department may prescribe.

If a tax is imposed under this subsection (a), a tax shall also be imposed under subsection (b) of this Section.

(b) If a tax has been imposed under subsection (a), a flood prevention service occupation tax shall also be imposed upon all persons engaged within the territory of the district engaged in the business of making sales of service, who, as an incident to making the sales of service, transfer tangible personal property within the territory of the district, either in the form of tangible personal property or in the form of real estate as an incident to a sale of service to provide revenue to pay the costs of providing emergency levee repair and flood prevention and to secure the payment of bonds, notes, and other evidences of indebtedness issued under this Act for a period not to exceed 25 years or as required to repay the bonds, notes, and other evidences of indebtedness. The tax rate shall be 0.25% of the selling price of all tangible personal property transferred.

The tax imposed under this subsection and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The Department shall have full power to administer and enforce this subsection; to collect all taxes and penalties
due hereunder; to dispose of taxes and penalties collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder.

In the administration of and compliance with this subsection, the Department and persons who are subject to this subsection shall (i) have the same rights, remedies, privileges, immunities, powers, and duties, (ii) be subject to the same conditions, restrictions, limitations, penalties, and definitions of terms, and (iii) employ the same modes of procedure as are set forth in Sections 2 (except that the reference to State in the definition of supplier maintaining a place of business in this State means the district), 2a through 2d, 3 through 3-50 (in respect to all provisions contained in those Sections other than the State rate of tax), 4 (except that the reference to the State shall be to the district), 5, 7, 8 (except that the jurisdiction to which the tax is a debt to the extent indicated in that Section 8 is the district), 9 (except as to the disposition of taxes and penalties collected), 10, 11, 12 (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State means the district), Section 15, 16, 17, 18, 19, and 20 of the Service Occupation Tax Act and all provisions of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their serviceman's tax liability hereunder by separately stating the tax as an additional charge, that charge may be stated in combination in a single amount with State tax that servicemen are authorized to collect under the Service Use Tax Act, under any bracket schedules the Department may prescribe.

(c) The taxes imposed in subsections (a) and (b) may not be imposed on personal property titled or registered with an agency of the State; food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food that has been prepared for immediate consumption); prescription and non-prescription medicines, drugs, and medical appliances; modifications to a motor vehicle for the purpose of rendering it usable by a disabled person; or insulin, urine testing materials, and syringes and needles used by diabetics.

(d) Nothing in this Section shall be construed to authorize the district to impose a tax upon the privilege of engaging in any business that under the Constitution of the United States may not be made the subject of taxation by the State.

New matter indicated by italics - deletions by strikeout.
(e) The certificate of registration that is issued by the Department to a retailer under the Retailers' Occupation Tax Act or a serviceman under the Service Occupation Tax Act permits the retailer or serviceman to engage in a business that is taxable without registering separately with the Department under an ordinance or resolution under this Section.

(f) The Department shall immediately pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected under this Section to be deposited into the Flood Prevention Occupation Tax Fund, which shall be an unappropriated trust fund held outside the State treasury.

On or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to the counties from which retailers or servicemen have paid taxes or penalties to the Department during the second preceding calendar month. The amount to be paid to each county is equal to the amount (not including credit memoranda) collected from the county under this Section during the second preceding calendar month by the Department, (i) less 2% of that amount, which shall be deposited into the Tax Compliance and Administration Fund and shall be used by the Department in administering and enforcing the provisions of this Section on behalf of the county, (ii) plus an amount that the Department determines is necessary to offset any amounts that were erroneously paid to a different taxing body; (iii) less an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of the county; and (iv) less any amount that the Department determines is necessary to offset any amounts that were payable to a different taxing body but were erroneously paid to the county. When certifying the amount of a monthly disbursement to a county under this Section, the Department shall increase or decrease the amounts by an amount necessary to offset any miscalculation of previous disbursements within the previous 6 months from the time a miscalculation is discovered.

Within 10 days after receipt by the Comptroller from the Department of the disbursement certification to the counties provided for in this Section, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with directions contained in the certification.

If the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, then the Department shall notify the Comptroller, who shall cause the order to be drawn for the amount specified and to the person named in the

notification from the Department. The refund shall be paid by the Treasurer out of the Flood Prevention Occupation Tax Fund.

(g) If a county flood prevention district board imposes a tax under this Section, then the county board shall, by ordinance, discontinuie the tax upon the payment of all bonded indebtedness of the flood prevention district District. The tax shall not be discontinued until all bonded indebtedness of the District has been paid.

(h) Any ordinance imposing the tax under this Section, or any ordinance that discontinues the tax, must be certified by the county clerk and filed with the Illinois Department of Revenue either (i) on or before the first day of April, whereupon the Department shall proceed to administer and enforce the tax or change in the rate as of the first day of July next following the filing; or (ii) on or before the first day of October, whereupon the Department shall proceed to administer and enforce the tax or change in the rate as of the first day of January next following the filing.

(j) County Flood Prevention Occupation Tax Fund. All proceeds received by a county from a tax distribution under this Section must be maintained in a special fund known as the [name of county] flood prevention occupation tax fund. The county shall, at the direction of the flood prevention district, use moneys in the fund to pay the costs of providing emergency levee repair and flood prevention and to pay bonds, notes, and other evidences of indebtedness issued under this Act.

form as tangible personal property in the regular course of business to the extent that such property is not first subjected to a use for which it was purchased, and does not include the use of such property by its owner for demonstration purposes: Provided that the property purchased is deemed to be purchased for the purpose of resale, despite first being used, to the extent to which it is resold as an ingredient of an intentionally produced product or by-product of manufacturing. "Use" does not mean the demonstration use or interim use of tangible personal property by a retailer before he sells that tangible personal property. For watercraft or aircraft, if the period of demonstration use or interim use by the retailer exceeds 18 months, the retailer shall pay on the retailers' original cost price the tax imposed by this Act, and no credit for that tax is permitted if the watercraft or aircraft is subsequently sold by the retailer. "Use" does not mean the physical incorporation of tangible personal property, to the extent not first subjected to a use for which it was purchased, as an ingredient or constituent, into other tangible personal property (a) which is sold in the regular course of business or (b) which the person incorporating such ingredient or constituent therein has undertaken at the time of such purchase to cause to be transported in interstate commerce to destinations outside the State of Illinois: Provided that the property purchased is deemed to be purchased for the purpose of resale, despite first being used, to the extent to which it is resold as an ingredient of an intentionally produced product or by-product of manufacturing.

"Watercraft" means a Class 2, Class 3, or Class 4 watercraft as defined in Section 3-2 of the Boat Registration and Safety Act, a personal watercraft, or any boat equipped with an inboard motor.

"Purchase at retail" means the acquisition of the ownership of or title to tangible personal property through a sale at retail.

"Purchaser" means anyone who, through a sale at retail, acquires the ownership of tangible personal property for a valuable consideration.

"Sale at retail" means any transfer of the ownership of or title to tangible personal property to a purchaser, for the purpose of use, and not for the purpose of resale in any form as tangible personal property to the extent not first subjected to a use for which it was purchased, for a valuable consideration: Provided that the property purchased is deemed to be purchased for the purpose of resale, despite first being used, to the extent to which it is resold as an ingredient of an intentionally produced product or by-product of manufacturing. For this purpose, slag produced as an incident to manufacturing pig iron or steel and sold is considered to be

an intentionally produced by-product of manufacturing. "Sale at retail" includes any such transfer made for resale unless made in compliance with Section 2c of the Retailers' Occupation Tax Act, as incorporated by reference into Section 12 of this Act. Transactions whereby the possession of the property is transferred but the seller retains the title as security for payment of the selling price are sales.

"Sale at retail" shall also be construed to include any Illinois florist's sales transaction in which the purchase order is received in Illinois by a florist and the sale is for use or consumption, but the Illinois florist has a florist in another state deliver the property to the purchaser or the purchaser's donee in such other state.

Nonreusable tangible personal property that is used by persons engaged in the business of operating a restaurant, cafeteria, or drive-in is a sale for resale when it is transferred to customers in the ordinary course of business as part of the sale of food or beverages and is used to deliver, package, or consume food or beverages, regardless of where consumption of the food or beverages occurs. Examples of those items include, but are not limited to nonreusable, paper and plastic cups, plates, baskets, boxes, sleeves, buckets or other containers, utensils, straws, placemats, napkins, doggie bags, and wrapping or packaging materials that are transferred to customers as part of the sale of food or beverages in the ordinary course of business.

The purchase, employment and transfer of such tangible personal property as newsprint and ink for the primary purpose of conveying news (with or without other information) is not a purchase, use or sale of tangible personal property.

"Selling price" means the consideration for a sale valued in money whether received in money or otherwise, including cash, credits, property other than as hereinafter provided, and services, but not including the value of or credit given for traded-in tangible personal property where the item that is traded-in is of like kind and character as that which is being sold, and shall be determined without any deduction on account of the cost of the property sold, the cost of materials used, labor or service cost or any other expense whatsoever, but does not include interest or finance charges which appear as separate items on the bill of sale or sales contract nor charges that are added to prices by sellers on account of the seller's tax liability under the "Retailers' Occupation Tax Act", or on account of the seller's duty to collect, from the purchaser, the tax that is imposed by this Act, or, except as otherwise provided with respect to any cigarette tax

imposed by a home rule unit, on account of the seller's tax liability under any local occupation tax administered by the Department, or, except as otherwise provided with respect to any cigarette tax imposed by a home rule unit on account of the seller's duty to collect, from the purchasers, the tax that is imposed under any local use tax administered by the Department or on account of the seller's tax liability under Section 8-11-1 of the Illinois Municipal Code, as heretofore and hereafter amended, or on account of the seller's tax liability under the "County Retailers' Occupation Tax Act". Effective December 1, 1985, "selling price" shall include charges that are added to prices by sellers on account of the seller's tax liability under the Cigarette Tax Act, on account of the seller's duty to collect, from the purchaser, the tax imposed under the Cigarette Use Tax Act, and on account of the seller's duty to collect, from the purchaser, any cigarette tax imposed by a home rule unit.

The phrase "like kind and character" shall be liberally construed (including but not limited to any form of motor vehicle for any form of motor vehicle, or any kind of farm or agricultural implement for any other kind of farm or agricultural implement), while not including a kind of item which, if sold at retail by that retailer, would be exempt from retailers' occupation tax and use tax as an isolated or occasional sale.

"Department" means the Department of Revenue.

"Person" means any natural individual, firm, partnership, association, joint stock company, joint adventure, public or private corporation, limited liability company, or a receiver, executor, trustee, guardian or other representative appointed by order of any court.

"Retailer" means and includes every person engaged in the business of making sales at retail as defined in this Section.

A person who holds himself or herself out as being engaged (or who habitually engages) in selling tangible personal property at retail is a retailer hereunder with respect to such sales (and not primarily in a service occupation) notwithstanding the fact that such person designs and produces such tangible personal property on special order for the purchaser and in such a way as to render the property of value only to such purchaser, if such tangible personal property so produced on special order serves substantially the same function as stock or standard items of tangible personal property that are sold at retail.

A person whose activities are organized and conducted primarily as a not-for-profit service enterprise, and who engages in selling tangible personal property at retail (whether to the public or merely to members and
their guests) is a retailer with respect to such transactions, excepting only a person organized and operated exclusively for charitable, religious or educational purposes either (1), to the extent of sales by such person to its members, students, patients or inmates of tangible personal property to be used primarily for the purposes of such person, or (2), to the extent of sales by such person of tangible personal property which is not sold or offered for sale by persons organized for profit. The selling of school books and school supplies by schools at retail to students is not "primarily for the purposes of" the school which does such selling. This paragraph does not apply to nor subject to taxation occasional dinners, social or similar activities of a person organized and operated exclusively for charitable, religious or educational purposes, whether or not such activities are open to the public.

A person who is the recipient of a grant or contract under Title VII of the Older Americans Act of 1965 (P.L. 92-258) and serves meals to participants in the federal Nutrition Program for the Elderly in return for contributions established in amount by the individual participant pursuant to a schedule of suggested fees as provided for in the federal Act is not a retailer under this Act with respect to such transactions.

Persons who engage in the business of transferring tangible personal property upon the redemption of trading stamps are retailers hereunder when engaged in such business.

The isolated or occasional sale of tangible personal property at retail by a person who does not hold himself out as being engaged (or who does not habitually engage) in selling such tangible personal property at retail or a sale through a bulk vending machine does not make such person a retailer hereunder. However, any person who is engaged in a business which is not subject to the tax imposed by the "Retailers' Occupation Tax Act" because of involving the sale of or a contract to sell real estate or a construction contract to improve real estate, but who, in the course of conducting such business, transfers tangible personal property to users or consumers in the finished form in which it was purchased, and which does not become real estate, under any provision of a construction contract or real estate sale or real estate sales agreement entered into with some other person arising out of or because of such nontaxable business, is a retailer to the extent of the value of the tangible personal property so transferred. If, in such transaction, a separate charge is made for the tangible personal property so transferred, the value of such property, for the purposes of this Act, is the amount so separately charged, but not less than the cost of such

property to the transferor; if no separate charge is made, the value of such
property, for the purposes of this Act, is the cost to the transferor of such
tangible personal property.

"Retailer maintaining a place of business in this State", or any like
term, means and includes any of the following retailers:

1. A retailer having or maintaining within this State, directly or by a subsidiary, an office, distribution house, sales house, warehouse or other place of business, or any agent or other representative operating within this State under the authority of the retailer or its subsidiary, irrespective of whether such place of business or agent or other representative is located here permanently or temporarily, or whether such retailer or subsidiary is licensed to do business in this State. However, the ownership of property that is located at the premises of a printer with which the retailer has contracted for printing and that consists of the final printed product, property that becomes a part of the final printed product, or copy from which the printed product is produced shall not result in the retailer being deemed to have or maintain an office, distribution house, sales house, warehouse, or other place of business within this State.

2. A retailer soliciting orders for tangible personal property by means of a telecommunication or television shopping system (which utilizes toll free numbers) which is intended by the retailer to be broadcast by cable television or other means of broadcasting, to consumers located in this State.

3. A retailer, pursuant to a contract with a broadcaster or publisher located in this State, soliciting orders for tangible personal property by means of advertising which is disseminated primarily to consumers located in this State and only secondarily to bordering jurisdictions.

4. A retailer soliciting orders for tangible personal property by mail if the solicitations are substantial and recurring and if the retailer benefits from any banking, financing, debt collection, telecommunication, or marketing activities occurring in this State or benefits from the location in this State of authorized installation, servicing, or repair facilities.

5. A retailer that is owned or controlled by the same interests that own or control any retailer engaging in business in the same or similar line of business in this State.

New matter indicated by italics - deletions by strikeout.
6. A retailer having a franchisee or licensee operating under its trade name if the franchisee or licensee is required to collect the tax under this Section.

7. A retailer, pursuant to a contract with a cable television operator located in this State, soliciting orders for tangible personal property by means of advertising which is transmitted or distributed over a cable television system in this State.

8. A retailer engaging in activities in Illinois, which activities in the state in which the retail business engaging in such activities is located would constitute maintaining a place of business in that state.

"Bulk vending machine" means a vending machine, containing unsorted confections, nuts, toys, or other items designed primarily to be used or played with by children which, when a coin or coins of a denomination not larger than $0.50 are inserted, are dispensed in equal portions, at random and without selection by the customer.

(35 ILCS 120/1) (from Ch. 120, par. 440)

Sec. 1. Definitions. "Sale at retail" means any transfer of the ownership of or title to tangible personal property to a purchaser, for the purpose of use or consumption, and not for the purpose of resale in any form as tangible personal property to the extent not first subjected to a use for which it was purchased, for a valuable consideration: Provided that the property purchased is deemed to be purchased for the purpose of resale, despite first being used, to the extent to which it is resold as an ingredient of an intentionally produced product or byproduct of manufacturing. For this purpose, slag produced as an incident to manufacturing pig iron or steel and sold is considered to be an intentionally produced byproduct of manufacturing. Transactions whereby the possession of the property is transferred but the seller retains the title as security for payment of the selling price shall be deemed to be sales.

Section 45. If and only if Senate Bill 2052 of the 95th General Assembly becomes law, then the Metro-East Sanitary District Act of 1974 is amended by changing Section 5-1 as follows:

(70 ILCS 2905/5-1) (from Ch. 42, par. 505-1)

Sec. 5-1. (a) The board may levy and collect taxes for corporate purposes. Such taxes shall be levied by ordinance specifying the purposes for which the same are required, and a certified copy of such ordinance shall be filed with the county clerk of the county in which the predecessor district was organized, on or before the second Tuesday in August, as provided in Section 122 of the Revenue Act of 1939 (superseded by Section 14-10 of the Property Tax Code). Any excess funds accumulated prior to January 1, 2008 by the sanitary district that are collected by levying taxes pursuant to 745 ILCS 10/9-107 may be expended by the sanitary district to maintain, repair, improve, or construct levees or any part of the levee system and to provide capital moneys for levee or river-related scientific studies, including the construction of facilities for such purposes. For the purposes of this subsection (a), the excess funds withdrawn from the Local Governmental and Governmental Employees Tort Immunity Fund may not be more than 90% of the balance of that fund on December 31, 2007. After the assessment for the current year has been equalized by the Department of Revenue, the board shall, as soon as may be, ascertain and certify to such county clerk the total value of all taxable property lying within the corporate limits of such districts in each of the counties in which the district is situated, as the same is assessed and equalized for tax purposes for the current year. The county clerk shall ascertain the rate per cent which, upon the total valuation of all such property, ascertained as above stated, would produce a net amount not less than the amount so directed to be levied; and the clerk shall, without delay, certify under his signature and seal of office to the county clerk of such other county, in which a portion of the district is situated such rate per cent; and it shall be the duty of each of the county clerks to extend such tax in a separate column upon the books of the collector or collectors of the county taxes for the counties, against all property in their respective counties, within the limits of the district. All taxes so levied and certified

shall be collected and enforced in the same manner, and by the same officers as county taxes, and shall be paid over by the officers collecting the same, to the treasurer of the sanitary district, in the manner and at the time provided by the Property Tax Code. The aggregate amount of taxes levied for any one year, exclusive of the amount levied for the payment of bonded indebtedness and interest thereon, shall not exceed the rate of .20%, or the rate limitation of the predecessor district in effect on July 1, 1967, or the rate limitation set by subsection (b) whichever is greater, of value, as equalized or assessed by the Department of Revenue. The foregoing limitations upon tax rates may be increased or decreased under the referendum provisions of the Property Tax Code.

(b) The tax rate limit of the district may be changed to .478% of the value of property as equalized or assessed by the Department of Revenue for a period of 5 years and to .312% of such value thereafter upon the approval of the electors of the district of such a proposition submitted at any regular election pursuant to a resolution of the board of commissioners or submitted at an election for officers of the counties of St. Clair and Madison in accordance with the general election law upon a petition signed by not fewer than 10% of the legal voters in the district, which percentage shall be determined on the basis of the number of votes cast at the last general election preceding the filing of such petition specifying the tax rate to be submitted. Such petition shall be filed with the executive director of the district not more than 10 months nor less than 5 months prior to the election at which the question is to be submitted to the voters of the district, and its validity shall be determined as provided by the general election law. The executive director shall certify the question to the proper election officials, who shall submit the question to the voters. Notice shall be given in the manner provided by the general election law.

Referenda initiated under this subsection shall be subject to the provisions and limitations of the general election law.

The question shall be in substantially the following form:

Shall the maximum tax rate for the Metro-East Sanitary District be established at .478% of the equalized assessed value for 5 years and then at .312% YES

of the equalized assessed value 
thereafter, instead of .2168%, the 
maximum rate otherwise applicable 
to the next taxes to be extended?

The ballot shall have printed thereon, but not as a part of the 
propoition submitted, an estimate of the approximate amount extendable 
under the proposed rate and of the approximate amount extendable under 
the rate otherwise applicable to the next taxes to be extended, such 
amounts being computed upon the last known equalized assessed value; 
provided, that any error, miscalculation or inaccuracy in computing such 
amounts shall not invalidate or affect the validity of any tax rate limit so 
adopted.

If a majority of all ballots cast on such proposition shall be in favor 
of the proposition, the tax rate limit so established shall become effective 
with the levy next following the referendum; provided that nothing in this 
subsection shall be construed as precluding the extension of taxes at rates 
less than that authorized by such referendum.

Except as herein otherwise provided, the referenda authorized by 
the terms of this subsection shall be conducted in all respects in the 
manner provided by the general election law.

Section 50. If and only if Senate Bill 2052 of the 95th General 
Assembly becomes law, then the Local Governmental and Governmental 
Employees Tort Immunity Act is amended by changing Section 9-107 as 
follows:

(745 ILCS 10/9-107) (from Ch. 85, par. 9-107)
Sec. 9-107. Policy; tax levy.
(a) The General Assembly finds that the purpose of this Section is 
to provide an extraordinary tax for funding expenses relating to (i) tort 
liability, (ii) liability relating to actions brought under the federal 
Comprehensive Environmental Response, Compensation, and Liability 
Act of 1980 or the Environmental Protection Act, but only until December 
31, 2010, (iii) insurance, and (iv) risk management programs. Thus, the tax 
has been excluded from various limitations otherwise applicable to tax 
levies. Notwithstanding the extraordinary nature of the tax authorized by 
this Section, however, it has become apparent that some units of local 
government are using the tax revenue to fund expenses more properly paid
from general operating funds. These uses of the revenue are inconsistent with the limited purpose of the tax authorization.

Therefore, the General Assembly declares, as a matter of policy, that (i) the use of the tax revenue authorized by this Section for purposes not expressly authorized under this Act is improper and (ii) the provisions of this Section shall be strictly construed consistent with this declaration and the Act's express purposes.

(b) A local public entity may annually levy or have levied on its behalf taxes upon all taxable property within its territory at a rate that will produce a sum that will be sufficient to: (i) pay the cost of insurance, individual or joint self-insurance (including reserves thereon), including all operating and administrative costs and expenses directly associated therewith, claims services and risk management directly attributable to loss prevention and loss reduction, legal services directly attributable to the insurance, self-insurance, or joint self-insurance program, and educational, inspectional, and supervisory services directly relating to loss prevention and loss reduction, participation in a reciprocal insurer as provided in Sections 72, 76, and 81 of the Illinois Insurance Code, or participation in a reciprocal insurer, all as provided in settlements or judgments under Section 9-102, including all costs and reserves directly attributable to being a member of an insurance pool, under Section 9-103; (ii) pay the costs of and principal and interest on bonds issued under Section 9-105; (iii) pay judgments and settlements under Section 9-104 of this Act; (iv) discharge obligations under Section 34-18.1 of the School Code; (v) pay judgments and settlements under the federal Comprehensive Environmental Response, Compensation, and Liability Act of 1980 and the Environmental Protection Act, but only until December 31, 2010; (vi) pay the costs authorized by the Metro-East Sanitary District Act of 1974 as provided in subsection (a) of Section 5-1 of that Act (70 ILCS 2905/5-1); and (vii) pay the cost of risk management programs. Provided it complies with any other applicable statutory requirements, the local public entity may self-insure and establish reserves for expected losses for any property damage or for any liability or loss for which the local public entity is authorized to levy or have levied on its behalf taxes for the purchase of insurance or the payment of judgments or settlements under this Section. The decision of the board to establish a reserve shall be based on reasonable actuarial or insurance underwriting evidence and subject to the limits and reporting provisions in Section 9-103.
If a school district was a member of a joint-self-health-insurance cooperative that had more liability in outstanding claims than revenue to pay those claims, the school board of that district may by resolution make a one-time transfer from any fund in which tort immunity moneys are maintained to the fund or funds from which payments to a joint-self-health-insurance cooperative can be or have been made of an amount not to exceed the amount of the liability claim that the school district owes to the joint-self-health-insurance cooperative or that the school district paid within the 2 years immediately preceding the effective date of this amendatory Act of the 92nd General Assembly.

Funds raised pursuant to this Section shall only be used for the purposes specified in this Act, including protection against and reduction of any liability or loss described hereinabove and under Federal or State common or statutory law, the Workers' Compensation Act, the Workers' Occupational Diseases Act and the Unemployment Insurance Act. Funds raised pursuant to this Section may be invested in any manner in which other funds of local public entities may be invested under Section 2 of the Public Funds Investment Act. Interest on such funds shall be used only for purposes for which the funds can be used or, if surplus, must be used for abatement of property taxes levied by the local taxing entity.

A local public entity may enter into intergovernmental contracts with a term of not to exceed 12 years for the provision of joint self-insurance which contracts may include an obligation to pay a proportional share of a general obligation or revenue bond or other debt instrument issued by a local public entity which is a party to the intergovernmental contract and is authorized by the terms of the contract to issue the bond or other debt instrument. Funds due under such contracts shall not be considered debt under any constitutional or statutory limitation and the local public entity may levy or have levied on its behalf taxes to pay for its proportional share under the contract. Funds raised pursuant to intergovernmental contracts for the provision of joint self-insurance may only be used for the payment of any cost, liability or loss against which a local public entity may protect itself or self-insure pursuant to Section 9-103 or for the payment of which such entity may levy a tax pursuant to this Section, including tort judgments or settlements, costs associated with the issuance, retirement or refinancing of the bonds or other debt instruments, the repayment of the principal or interest of the bonds or other debt instruments, the costs of the administration of the joint self-insurance fund, consultant, and risk care management programs or the costs of

insurance. Any surplus returned to the local public entity under the terms of the intergovernmental contract shall be used only for purposes set forth in subsection (a) of Section 9-103 and Section 9-107 or for abatement of property taxes levied by the local taxing entity.

Any tax levied under this Section shall be levied and collected in like manner with the general taxes of the entity and shall be exclusive of and in addition to the amount of tax that entity is now or may hereafter be authorized to levy for general purposes under any statute which may limit the amount of tax which that entity may levy for general purposes. The county clerk of the county in which any part of the territory of the local taxing entity is located, in reducing tax levies under the provisions of any Act concerning the levy and extension of taxes, shall not consider any tax provided for by this Section as a part of the general tax levy for the purposes of the entity nor include such tax within any limitation of the percent of the assessed valuation upon which taxes are required to be extended for such entity.

With respect to taxes levied under this Section, either before, on, or after the effective date of this amendatory Act of 1994:

(1) Those taxes are excepted from and shall not be included within the rate limitation imposed by law on taxes levied for general corporate purposes by the local public entity authorized to levy a tax under this Section.

(2) Those taxes that a local public entity has levied in reliance on this Section and that are excepted under paragraph (1) from the rate limitation imposed by law on taxes levied for general corporate purposes by the local public entity are not invalid because of any provision of the law authorizing the local public entity's tax levy for general corporate purposes that may be construed or may have been construed to restrict or limit those taxes levied, and those taxes are hereby validated. This validation of taxes levied applies to all cases pending on or after the effective date of this amendatory Act of 1994.

(3) Paragraphs (1) and (2) do not apply to a hospital organized under Article 170 or 175 of the Township Code, under the Town Hospital Act, or under the Township Non-Sectarian Hospital Act and do not give any authority to levy taxes on behalf of such a hospital in excess of the rate limitation imposed by law on taxes levied for general corporate purposes. A hospital organized under Article 170 or 175 of the Township Code, under

the Town Hospital Act, or under the Township Non-Sectarian Hospital Act is not prohibited from levying taxes in support of tort liability bonds if the taxes do not cause the hospital's aggregate tax rate from exceeding the rate limitation imposed by law on taxes levied for general corporate purposes.

Revenues derived from such tax shall be paid to the treasurer of the local taxing entity as collected and used for the purposes of this Section and of Section 9-102, 9-103, 9-104 or 9-105, as the case may be. If payments on account of such taxes are insufficient during any year to meet such purposes, the entity may issue tax anticipation warrants against the current tax levy in the manner provided by statute.

by changing Section 3 as follows:

5. Kidney disease treatment centers, including a free-standing hemodialysis unit required to be licensed under the End Stage Renal Disease Facility Act; and

6. An institution, place, building, or room used for the performance of outpatient surgical procedures that is leased, owned, or operated by or on behalf of an out-of-state facility.

This Act shall not apply to the construction of any new facility or the renovation of any existing facility located on any campus facility as defined in Section 5-5.8b of the Illinois Public Aid Code, provided that the campus facility encompasses 30 or more contiguous acres and that the new or renovated facility is intended for use by a licensed residential facility.

No federally owned facility shall be subject to the provisions of this Act, nor facilities used solely for healing by prayer or spiritual means.

No facility licensed under the Supportive Residences Licensing Act or the Assisted Living and Shared Housing Act shall be subject to the provisions of this Act.

A facility designated as a supportive living facility that is in good standing with the program established under Section 5-5.01a of the Illinois Public Aid Code shall not be subject to the provisions of this Act.

This Act does not apply to facilities granted waivers under Section 3-102.2 of the Nursing Home Care Act. However, if a demonstration project under that Act applies for a certificate of need to convert to a nursing facility, it shall meet the licensure and certificate of need requirements in effect as of the date of application.

This Act does not apply to a dialysis facility that provides only dialysis training, support, and related services to individuals with end stage renal disease who have elected to receive home dialysis. This Act does not apply to a dialysis unit located in a licensed nursing home that offers or provides dialysis-related services to residents with end stage renal disease who have elected to receive home dialysis within the nursing home. The Board, however, may require these dialysis facilities and licensed nursing homes to report statistical information on a quarterly basis to the Board to be used by the Board to conduct analyses on the need for proposed kidney disease treatment centers.

This Act shall not apply to the closure of an entity or a portion of an entity licensed under the Nursing Home Care Act, with the exceptions of facilities operated by a county or Illinois Veterans Homes, that elects to
convert, in whole or in part, to an assisted living or shared housing establishment licensed under the Assisted Living and Shared Housing Act.

This Act does not apply to any change of ownership of a healthcare facility that is licensed under the Nursing Home Care Act, with the exceptions of facilities operated by a county or Illinois Veterans Homes. Changes of ownership of facilities licensed under the Nursing Home Care Act must meet the requirements set forth in Sections 3-101 through 3-119 of the Nursing Home Care Act.

With the exception of those health care facilities specifically included in this Section, nothing in this Act shall be intended to include facilities operated as a part of the practice of a physician or other licensed health care professional, whether practicing in his individual capacity or within the legal structure of any partnership, medical or professional corporation, or unincorporated medical or professional group. Further, this Act shall not apply to physicians or other licensed health care professional's practices where such practices are carried out in a portion of a health care facility under contract with such health care facility by a physician or by other licensed health care professionals, whether practicing in his individual capacity or within the legal structure of any partnership, medical or professional corporation, or unincorporated medical or professional groups. This Act shall apply to construction or modification and to establishment by such health care facility of such contracted portion which is subject to facility licensing requirements, irrespective of the party responsible for such action or attendant financial obligation.

(415 ILCS 5/22.2) (from Ch. 111 1/2, par. 1022.2)

Sec. 22.2. Hazardous waste; fees; liability.

(a) There are hereby created within the State Treasury 2 special funds to be known respectively as the "Hazardous Waste Fund" and the "Hazardous Waste Research Fund", constituted from the fees collected pursuant to this Section. In addition to the fees collected under this Section, the Hazardous Waste Fund shall include other moneys made available from any source for deposit into the Fund.

(b) (1) On and after January 1, 1989, the Agency shall collect from the owner or operator of each of the following sites a fee in the amount of:

(A) 9 cents per gallon or $18.18 per cubic yard, if the hazardous waste disposal site is located off the site where such waste was produced. The maximum amount payable under this subdivision (A) with respect to the hazardous waste generated by a single generator and deposited in monofills is $30,000 per year. If, as a result of the use of multiple monofills, waste fees in excess of the maximum are assessed with respect to a single waste
generator, the generator may apply to the Agency for a credit.

(B) 9 cents or $18.18 per cubic yard, if the hazardous waste disposal site is located on the site where such waste was produced, provided however the maximum amount of fees payable under this paragraph (B) is $30,000 per year for each such hazardous waste disposal site.

(C) If the hazardous waste disposal site is an underground injection well, $6,000 per year if not more than 10,000,000 gallons per year are injected, $15,000 per year if more than 10,000,000 gallons but not more than 50,000,000 gallons per year are injected, and $27,000 per year if more than 50,000,000 gallons per year are injected.

(D) 3 cents per gallon or $6.06 per cubic yard of hazardous waste received for treatment at a hazardous waste treatment site, if the hazardous waste treatment site is located off the site where such waste was produced and if such hazardous waste treatment site is owned, controlled and operated by a person other than the generator of such waste. After treatment at such hazardous waste treatment site, the waste shall not be subject to any other fee imposed by this subsection (b). For purposes of this subsection (b), the term "treatment" is defined as in Section 3.505 but shall not include recycling, reclamation or reuse.

(2) The General Assembly shall annually appropriate to the Fund such amounts as it deems necessary to fulfill the purposes of this Act.

(3) The Agency shall have the authority to accept, receive, and administer on behalf of the State any moneys made available to the State from any source for the purposes of the Hazardous Waste Fund set forth in subsection (d) of this Section.

(4) Of the amount collected as fees provided for in this Section, the Agency shall manage the use of such funds to assure that sufficient funds are available for match towards federal expenditures for response action at sites which are listed on the National Priorities List; provided, however, that this shall not apply to additional monies appropriated to the Fund by the General Assembly, nor shall it apply in the event that the Director finds that revenues in the Hazardous Waste Fund must be used to address

conditions which create or may create an immediate danger to the environment or public health or to the welfare of the people of the State of Illinois.

(5) Notwithstanding the other provisions of this subsection (b), sludge from a publicly-owned sewage works generated in Illinois, coal mining wastes and refuse generated in Illinois, bottom boiler ash, flyash and flue gas desulphurization sludge from public utility electric generating facilities located in Illinois, and bottom boiler ash and flyash from all incinerators which process solely municipal waste shall not be subject to the fee.

(6) For the purposes of this subsection (b), "monofill" means a facility, or a unit at a facility, that accepts only wastes bearing the same USEPA hazardous waste identification number, or compatible wastes as determined by the Agency.

(c) The Agency shall establish procedures, not later than January 1, 1984, relating to the collection of the fees authorized by this Section. Such procedures shall include, but not be limited to: (1) necessary records identifying the quantities of hazardous waste received or disposed; (2) the form and submission of reports to accompany the payment of fees to the Agency; and (3) the time and manner of payment of fees to the Agency, which payments shall not be more often than quarterly.

(d) Beginning July 1, 1996, the Agency shall deposit all such receipts in the State Treasury to the credit of the Hazardous Waste Fund, except as provided in subsection (e) of this Section. All monies in the Hazardous Waste Fund shall be used by the Agency for the following purposes:

(1) Taking whatever preventive or corrective action is necessary or appropriate, in circumstances certified by the Director, including but not limited to removal or remedial action whenever there is a release or substantial threat of a release of a hazardous substance or pesticide; provided, the Agency shall expend no more than $1,000,000 on any single incident without appropriation by the General Assembly.

(2) To meet any requirements which must be met by the State in order to obtain federal funds pursuant to the Comprehensive Environmental Response, Compensation and Liability Act of 1980, (P.L. 96-510).

(3) In an amount up to 30% of the amount collected as fees provided for in this Section, for use by the Agency to conduct

groundwater protection activities, including providing grants to appropriate units of local government which are addressing protection of underground waters pursuant to the provisions of this Act.

(4) To fund the development and implementation of the model pesticide collection program under Section 19.1 of the Illinois Pesticide Act.

(5) To the extent the Agency has received and deposited monies in the Fund other than fees collected under subsection (b) of this Section, to pay for the cost of Agency employees for services provided in reviewing the performance of response actions pursuant to Title XVII of this Act.

(6) In an amount up to 15% of the fees collected annually under subsection (b) of this Section, for use by the Agency for administration of the provisions of this Section.

(e) The Agency shall deposit 10% of all receipts collected under subsection (b) of this Section, but not to exceed $200,000 per year, in the State Treasury to the credit of the Hazardous Waste Research Fund established by this Act. Pursuant to appropriation, all monies in such Fund shall be used by the University of Illinois Department of Natural Resources for the purposes set forth in this subsection.

The University of Illinois Department of Natural Resources may enter into contracts with business, industrial, university, governmental or other qualified individuals or organizations to assist in the research and development intended to recycle, reduce the volume of, separate, detoxify or reduce the hazardous properties of hazardous wastes in Illinois. Monies in the Fund may also be used by the University of Illinois Department of Natural Resources for technical studies, monitoring activities, and educational and research activities which are related to the protection of underground waters. Monies in the Hazardous Waste Research Fund may be used to administer the Illinois Health and Hazardous Substances Registry Act. Monies in the Hazardous Waste Research Fund shall not be used for any sanitary landfill or the acquisition or construction of any facility. This does not preclude the purchase of equipment for the purpose of public demonstration projects. The University of Illinois Department of Natural Resources shall adopt guidelines for cost sharing, selecting, and administering projects under this subsection.

(1) the owner and operator of a facility or vessel from which there is a release or substantial threat of release of a hazardous substance or pesticide;

(2) any person who at the time of disposal, transport, storage or treatment of a hazardous substance or pesticide owned or operated the facility or vessel used for such disposal, transport, treatment or storage from which there was a release or substantial threat of a release of any such hazardous substance or pesticide;

(3) any person who by contract, agreement, or otherwise has arranged with another party or entity for transport, storage, disposal or treatment of hazardous substances or pesticides owned, controlled or possessed by such person at a facility owned or operated by another party or entity from which facility there is a release or substantial threat of a release of such hazardous substances or pesticides; and

(4) any person who accepts or accepted any hazardous substances or pesticides for transport to disposal, storage or treatment facilities or sites from which there is a release or a substantial threat of a release of a hazardous substance or pesticide.

Any monies received by the State of Illinois pursuant to this subsection (f) shall be deposited in the State Treasury to the credit of the Hazardous Waste Fund.

In accordance with the other provisions of this Section, costs of removal or remedial action incurred by a unit of local government may be recovered in an action before the Board brought by the unit of local government under subsection (i) of this Section. Any monies so recovered shall be paid to the unit of local government.

(g)(1) No indemnification, hold harmless, or similar agreement or conveyance shall be effective to transfer from the owner or operator of any vessel or facility or from any person who may be liable for a release or substantial threat of a release under this Section, to any other person the liability imposed under this Section. Nothing in this Section shall bar any agreement to insure, hold harmless or indemnify a party to such agreements for any liability under this Section.
(2) Nothing in this Section, including the provisions of paragraph (g)(1) of this Section, shall bar a cause of action that an owner or operator or any other person subject to liability under this Section, or a guarantor, has or would have, by reason of subrogation or otherwise against any person.

(h) For purposes of this Section:
(1) The term "facility" means:
   (A) any building, structure, installation, equipment, pipe or pipeline including but not limited to any pipe into a sewer or publicly owned treatment works, well, pit, pond, lagoon, impoundment, ditch, landfill, storage container, motor vehicle, rolling stock, or aircraft; or
   (B) any site or area where a hazardous substance has been deposited, stored, disposed of, placed, or otherwise come to be located.

(2) The term "owner or operator" means:
   (A) any person owning or operating a vessel or facility;
   (B) in the case of an abandoned facility, any person owning or operating the abandoned facility or any person who owned, operated, or otherwise controlled activities at the abandoned facility immediately prior to such abandonment;

   (D) in the case of a fiduciary (other than a land trustee), the estate, trust estate, or other interest in property held in a fiduciary capacity, and not the fiduciary. For the purposes of this Section, "fiduciary" means a trustee, executor, administrator, guardian, receiver, conservator or other person holding a facility or vessel in a fiduciary capacity;
   (E) in the case of a "financial institution", meaning the Illinois Housing Development Authority and that term as defined in Section 2 of the Illinois Banking Act, that has acquired ownership, operation, management, or control of a vessel or facility through foreclosure or under the terms of a security interest held by the financial institution or under

the terms of an extension of credit made by the financial institution, the financial institution only if the financial institution takes possession of the vessel or facility and the financial institution exercises actual, direct, and continual or recurrent managerial control in the operation of the vessel or facility that causes a release or substantial threat of a release of a hazardous substance or pesticide resulting in removal or remedial action;

(F) In the case of an owner of residential property, the owner if the owner is a person other than an individual, or if the owner is an individual who owns more than 10 dwelling units in Illinois, or if the owner, or an agent, representative, contractor, or employee of the owner, has caused, contributed to, or allowed the release or threatened release of a hazardous substance or pesticide. The term "residential property" means single family residences of one to 4 dwelling units, including accessory land, buildings, or improvements incidental to those dwellings that are exclusively used for the residential use. For purposes of this subparagraph (F), the term "individual" means a natural person, and shall not include corporations, partnerships, trusts, or other non-natural persons.

(G) In the case of any facility, title or control of which was conveyed due to bankruptcy, foreclosure, tax delinquency, abandonment, or similar means to a unit of State or local government, any person who owned, operated, or otherwise controlled activities at the facility immediately beforehand.

(H) The term "owner or operator" does not include a unit of State or local government which acquired ownership or control through bankruptcy, tax delinquency, abandonment, or other circumstances in which the government acquires title by virtue of its function as sovereign. The exclusion provided under this paragraph shall not apply to any State or local government which has caused or contributed to the release or threatened release of a hazardous substance from the facility, and such a State or local government shall be subject to the provisions of this Act in the same manner and to the same extent, both
procedurally and substantively, as any nongovernmental entity, including liability under Section 22.2(f).

(i) The costs and damages provided for in this Section may be imposed by the Board in an action brought before the Board in accordance with Title VIII of this Act, except that Section 33(c) of this Act shall not apply to any such action.

(j) (1) There shall be no liability under this Section for a person otherwise liable who can establish by a preponderance of the evidence that the release or substantial threat of release of a hazardous substance and the damages resulting therefrom were caused solely by:
   (A) an act of God;
   (B) an act of war;
   (C) an act or omission of a third party other than an employee or agent of the defendant, or other than one whose act or omission occurs in connection with a contractual relationship, existing directly or indirectly, with the defendant (except where the sole contractual arrangement arises from a published tariff and acceptance for carriage by a common carrier by rail), if the defendant establishes by a preponderance of the evidence that (i) he exercised due care with respect to the hazardous substance concerned, taking into consideration the characteristics of such hazardous substance, in light of all relevant facts and circumstances, and (ii) he took precautions against foreseeable acts or omissions of any such third party and the consequences that could foreseeably result from such acts or omissions; or
   (D) any combination of the foregoing paragraphs.

(2) There shall be no liability under this Section for any release permitted by State or federal law.

(3) There shall be no liability under this Section for damages as a result of actions taken or omitted in the course of rendering care, assistance, or advice in accordance with this Section or the National Contingency Plan pursuant to the Comprehensive Environmental Response, Compensation and Liability Act of 1980 (P.L. 96-510) or at the direction of an on-scene coordinator appointed under such plan, with respect to an incident creating a danger to public health or welfare or the environment as a result of any release of a hazardous substance or a substantial threat thereof. This subsection shall not preclude liability for damages as the result of gross negligence or intentional misconduct on the
part of such person. For the purposes of the preceding sentence, reckless, willful, or wanton misconduct shall constitute gross negligence.

(4) There shall be no liability under this Section for any person (including, but not limited to, an owner of residential property who applies a pesticide to the residential property or who has another person apply a pesticide to the residential property) for response costs or damages as the result of the storage, handling and use, or recommendation for storage, handling and use, of a pesticide consistent with:

(A) its directions for storage, handling and use as stated in its label or labeling;
(B) its warnings and cautions as stated in its label or labeling; and
(C) the uses for which it is registered under the Federal Insecticide, Fungicide and Rodenticide Act and the Illinois Pesticide Act.

(4.5) There shall be no liability under subdivision (f)(1) of this Section for response costs or damages as the result of a release of a pesticide from an agrichemical facility site if the Agency has received notice from the Department of Agriculture pursuant to Section 19.3 of the Illinois Pesticide Act, the owner or operator of the agrichemical facility is proceeding with a corrective action plan under the Agrichemical Facility Response Action Program implemented under that Section, and the Agency has provided a written endorsement of a corrective action plan.

(4.6) There shall be no liability under subdivision (f)(1) of this Section for response costs or damages as the result of a substantial threat of a release of a pesticide from an agrichemical facility site if the Agency has received notice from the Department of Agriculture pursuant to Section 19.3 of the Illinois Pesticide Act and the owner or operator of the agrichemical facility is proceeding with a corrective action plan under the Agrichemical Facility Response Action Program implemented under that Section.

(5) Nothing in this subsection (j) shall affect or modify in any way the obligations or liability of any person under any other provision of this Act or State or federal law, including common law, for damages, injury, or loss resulting from a release or substantial threat of a release of any hazardous substance or for removal or remedial action or the costs of removal or remedial action of such hazardous substance.

Instruments transferring title or possession, unless the real property on which the facility concerned is located was acquired by the defendant after the disposal or placement of the hazardous substance on, in, or at the facility, and one or more of the circumstances described in clause (i), (ii), or (iii) of this paragraph is also established by the defendant by a preponderance of the evidence:

(i) At the time the defendant acquired the facility the defendant did not know and had no reason to know that any hazardous substance which is the subject of the release or threatened release was disposed of on, in or at the facility.

(ii) The defendant is a government entity which acquired the facility by escheat, or through any other involuntary transfer or acquisition, or through the exercise of eminent domain authority by purchase or condemnation.

(iii) The defendant acquired the facility by inheritance or bequest.

In addition to establishing the foregoing, the defendant must establish that he has satisfied the requirements of subparagraph (C) of paragraph (l) of this subsection (j).

(B) To establish the defendant had no reason to know, as provided in clause (i) of subparagraph (A) of this paragraph, the defendant must have undertaken, at the time of acquisition, all appropriate inquiry into the previous ownership and uses of the property consistent with good commercial or customary practice in an effort to minimize liability. For purposes of the preceding sentence, the court shall take into account any specialized knowledge or experience on the part of the defendant, the relationship of the purchase price to the value of the property if uncontaminated, commonly known or reasonably ascertainable information about the property, the obviousness of the presence or likely presence of contamination at the property, and the ability to detect such contamination by appropriate inspection.

(C) Nothing in this paragraph (6) or in subparagraph (C) of paragraph (l) of this subsection shall diminish the liability of any previous owner or operator of such facility who would otherwise be liable under this Act. Notwithstanding this paragraph (6), if the defendant obtained actual knowledge of the release or threatened release of a hazardous substance at such facility when the defendant owned the real property and then subsequently transferred ownership of the property to another person without disclosing such knowledge, such defendant shall be treated as

liable under subsection (f) of this Section and no defense under subparagraph (C) of paragraph (1) of this subsection shall be available to such defendant.

(D) Nothing in this paragraph (6) shall affect the liability under this Act of a defendant who, by any act or omission, caused or contributed to the release or threatened release of a hazardous substance which is the subject of the action relating to the facility.

(E) (i) Except as provided in clause (ii) of this subparagraph (E), a defendant who has acquired real property shall have established a rebuttable presumption against all State claims and a conclusive presumption against all private party claims that the defendant has made all appropriate inquiry within the meaning of subdivision (6)(B) of this subsection (j) if the defendant proves that immediately prior to or at the time of the acquisition:

(I) the defendant obtained a Phase I Environmental Audit of the real property that meets or exceeds the requirements of this subparagraph (E), and the Phase I Environmental Audit did not disclose the presence or likely presence of a release or a substantial threat of a release of a hazardous substance or pesticide at, on, to, or from the real property; or

(II) the defendant obtained a Phase II Environmental Audit of the real property that meets or exceeds the requirements of this subparagraph (E), and the Phase II Environmental Audit did not disclose the presence or likely presence of a release or a substantial threat of a release of a hazardous substance or pesticide at, on, to, or from the real property.

(ii) No presumption shall be created under clause (i) of this subparagraph (E), and a defendant shall be precluded from demonstrating that the defendant has made all appropriate inquiry within the meaning of subdivision (6)(B) of this subsection (j), if:

(I) the defendant fails to obtain all Environmental Audits required under this subparagraph (E) or any such Environmental Audit fails to meet or exceed the requirements of this subparagraph (E);

(II) a Phase I Environmental Audit discloses the presence or likely presence of a release or a substantial threat of a release of a hazardous substance or pesticide at, on, to, or from real property, and the defendant fails to obtain a Phase II Environmental Audit;

New matter indicated by italics - deletions by strikeout.
(III) a Phase II Environmental Audit discloses the presence or likely presence of a release or a substantial threat of a release of a hazardous substance or pesticide at, on, to, or from the real property;

(IV) the defendant fails to maintain a written compilation and explanatory summary report of the information reviewed in the course of each Environmental Audit under this subparagraph (E); or

(V) there is any evidence of fraud, material concealment, or material misrepresentation by the defendant of environmental conditions or of related information discovered during the course of an Environmental Audit.

(iii) For purposes of this subparagraph (E), the term "environmental professional" means an individual (other than a practicing attorney) who, through academic training, occupational experience, and reputation (such as engineers, industrial hygienists, or geologists) can objectively conduct one or more aspects of an Environmental Audit and who either:

(I) maintains at the time of the Environmental Audit and for at least one year thereafter at least $500,000 of environmental consultants' professional liability insurance coverage issued by an insurance company licensed to do business in Illinois; or

(II) is an Illinois licensed professional engineer or an Illinois licensed industrial hygienist.

An environmental professional may employ persons who are not environmental professionals to assist in the preparation of an Environmental Audit if such persons are under the direct supervision and control of the environmental professional.

(iv) For purposes of this subparagraph (E), the term "real property" means any interest in any parcel of land, and includes, but is not limited to, buildings, fixtures, and improvements.

(v) For purposes of this subparagraph (E), the term "Phase I Environmental Audit" means an investigation of real property, conducted by environmental professionals, to discover the presence or likely presence of a release or a substantial threat of a release of a hazardous substance or pesticide at, on, to, or from real property, and whether a release or a substantial threat of a release of a hazardous substance or pesticide has occurred or may occur at, on, to, or from the real property. Until such time as the United States Environmental Protection Agency establishes
standards for making appropriate inquiry into the previous ownership and uses of the facility pursuant to 42 U.S.C. Sec. 9601(35)(B)(ii), the investigation shall comply with the procedures of the American Society for Testing and Materials, including the document known as Standard E1527-97, entitled "Standard Procedures for Environmental Site Assessment: Phase I Environmental Site Assessment Process". Upon their adoption, the standards promulgated by USEPA pursuant to 42 U.S.C. Sec. 9601(35)(B)(ii) shall govern the performance of Phase I Environmental Audits. In addition to the above requirements, the Phase I Environmental Audit shall include a review of recorded land title records for the purpose of determining whether the real property is subject to an environmental land use restriction such as a No Further Remediation Letter, Environmental Land Use Control, or Highway Authority Agreement.

(vi) For purposes of subparagraph (E), the term "Phase II Environmental Audit" means an investigation of real property, conducted by environmental professionals, subsequent to a Phase I Environmental Audit. If the Phase I Environmental Audit discloses the presence or likely presence of a hazardous substance or a pesticide or a release or a substantial threat of a release of a hazardous substance or pesticide:

(I) In or to soil, the defendant, as part of the Phase II Environmental Audit, shall perform a series of soil borings sufficient to determine whether there is a presence or likely presence of a hazardous substance or pesticide and whether there is or has been a release or a substantial threat of a release of a hazardous substance or pesticide at, on, to, or from the real property.

(II) In or to groundwater, the defendant, as part of the Phase II Environmental Audit, shall: review information regarding local geology, water well locations, and locations of waters of the State as may be obtained from State, federal, and local government records, including but not limited to the United States Geological Survey Service, the State Geological Survey Division of the University of Illinois Department of Natural Resources, and the State Water Survey Division of the University of Illinois Department of Natural Resources; and perform groundwater monitoring sufficient to determine whether there is a presence or likely presence of a hazardous substance or pesticide, and whether there is or has been a release or a substantial threat of a release of a

hazardous substance or pesticide at, on, to, or from the real property.

(III) On or to media other than soil or groundwater, the defendant, as part of the Phase II Environmental Audit, shall perform an investigation sufficient to determine whether there is a presence or likely presence of a hazardous substance or pesticide, and whether there is or has been a release or a substantial threat of a release of a hazardous substance or pesticide at, on, to, or from the real property.

(vii) The findings of each Environmental Audit prepared under this subparagraph (E) shall be set forth in a written audit report. Each audit report shall contain an affirmation by the defendant and by each environmental professional who prepared the Environmental Audit that the facts stated in the report are true and are made under a penalty of perjury as defined in Section 32-2 of the Criminal Code of 1961. It is perjury for any person to sign an audit report that contains a false material statement that the person does not believe to be true.

(viii) The Agency is not required to review, approve, or certify the results of any Environmental Audit. The performance of an Environmental Audit shall in no way entitle a defendant to a presumption of Agency approval or certification of the results of the Environmental Audit.

The presence or absence of a disclosure document prepared under the Responsible Property Transfer Act of 1988 shall not be a defense under this Act and shall not satisfy the requirements of subdivision (6)(A) of this subsection (j).

(7) No person shall be liable under this Section for response costs or damages as the result of a pesticide release if the Agency has found that a pesticide release occurred based on a Health Advisory issued by the U.S. Environmental Protection Agency or an action level developed by the Agency, unless the Agency notified the manufacturer of the pesticide and provided an opportunity of not less than 30 days for the manufacturer to comment on the technical and scientific justification supporting the Health Advisory or action level.

(8) No person shall be liable under this Section for response costs or damages as the result of a pesticide release that occurs in the course of a farm pesticide collection program operated under Section 19.1 of the Illinois Pesticide Act, unless the release results from gross negligence or intentional misconduct.

(k) If any person who is liable for a release or substantial threat of release of a hazardous substance or pesticide fails without sufficient cause to provide removal or remedial action upon or in accordance with a notice and request by the Agency or upon or in accordance with any order of the Board or any court, such person may be liable to the State for punitive damages in an amount at least equal to, and not more than 3 times, the amount of any costs incurred by the State of Illinois as a result of such failure to take such removal or remedial action. The punitive damages imposed by the Board shall be in addition to any costs recovered from such person pursuant to this Section and in addition to any other penalty or relief provided by this Act or any other law.

Any monies received by the State pursuant to this subsection (k) shall be deposited in the Hazardous Waste Fund.

(l) Beginning January 1, 1988, the Agency shall annually collect a $250 fee for each Special Waste Hauling Permit Application and, in addition, shall collect a fee of $20 for each waste hauling vehicle identified in the annual permit application and for each vehicle which is added to the permit during the annual period. The Agency shall deposit 85% of such fees collected under this subsection in the State Treasury to the credit of the Hazardous Waste Research Fund; and shall deposit the remaining 15% of such fees collected in the State Treasury to the credit of the Environmental Protection Permit and Inspection Fund. The majority of such receipts which are deposited in the Hazardous Waste Research Fund pursuant to this subsection shall be used by the University of Illinois Department of Natural Resources for activities which relate to the protection of underground waters. Persons engaged in the offsite transportation of hazardous waste by highway and participating in the Uniform Program under subsection (l-5) are not required to file a Special Waste Hauling Permit Application.

(l-5) (1) As used in this subsection:

"Base state" means the state selected by a transporter according to the procedures established under the Uniform Program.

"Base state agreement" means an agreement between participating states electing to register or permit transporters.

"Participating state" means a state electing to participate in the Uniform Program by entering into a base state agreement.

"Transporter" means a person engaged in the offsite transportation of hazardous waste by highway.

"Uniform application" means the uniform registration and permit application form prescribed under the Uniform Program.

"Uniform Program" means the Uniform State Hazardous Materials Transportation Registration and Permit Program established in the report submitted and amended pursuant to 49 U.S.C. Section 5119(b), as implemented by the Agency under this subsection.

"Vehicle" means any self-propelled motor vehicle, except a truck tractor without a trailer, designed or used for the transportation of hazardous waste subject to the hazardous waste manifesting requirements of 40 U.S.C. Section 6923(a)(3).

(2) Beginning July 1, 1998, the Agency shall implement the Uniform State Hazardous Materials Transportation Registration and Permit Program. On and after that date, no person shall engage in the offsite transportation of hazardous waste by highway without registering and obtaining a permit under the Uniform Program. A transporter with its principal place of business in Illinois shall register with and obtain a permit from the Agency. A transporter that designates another participating state in the Uniform Program as its base state shall likewise register with and obtain a permit from that state before transporting hazardous waste in Illinois.

(3) Beginning July 1, 1998, the Agency shall annually collect no more than a $250 processing and audit fee from each transporter of hazardous waste who has filed a uniform application and, in addition, the Agency shall annually collect an apportioned vehicle registration fee of $20. The amount of the apportioned vehicle registration fee shall be calculated consistent with the procedures established under the Uniform Program.

All moneys received by the Agency from the collection of fees pursuant to the Uniform Program shall be deposited into the Hazardous Waste Transporter account hereby created within the Environmental Protection Permit and Inspection Fund. Moneys remaining in the account at the close of the fiscal year shall not lapse to the General Revenue Fund. The State Treasurer may receive money or other assets from any source for deposit into the account. The Agency may expend moneys from the account, upon appropriation, for the implementation of the Uniform Program, including the costs to the Agency of fee collection and administration. In addition, funds not expended for the

implementation of the Uniform Program may be utilized for emergency response and cleanup activities related to hazardous waste transportation that are initiated by the Agency.

Whenever the amount of the Hazardous Waste Transporter account exceeds by 115% the amount annually appropriated by the General Assembly, the Agency shall credit participating transporters an amount, proportionately based on the amount of the vehicle fee paid, equal to the excess in the account, and shall determine the need to reduce the amount of the fee charged transporters in the subsequent fiscal year by the amount of the credit.

(4) (A) The Agency may propose and the Board shall adopt rules as necessary to implement and enforce the Uniform Program. The Agency is authorized to enter into agreements with other agencies of this State as necessary to carry out administrative functions or enforcement of the Uniform Program.

(B) The Agency shall recognize a Uniform Program registration as valid for one year from the date a notice of registration form is issued and a permit as valid for 3 years from the date issued or until a transporter fails to renew its registration, whichever occurs first.

(C) The Agency may inspect or examine any motor vehicle or facility operated by a transporter, including papers, books, records, documents, or other materials to determine if a transporter is complying with the Uniform Program. The Agency may also conduct investigations and audits as necessary to determine if a transporter is entitled to a permit or to make suspension or revocation determinations consistent with the standards of the Uniform Program.

(5) The Agency may enter into agreements with federal agencies, national repositories, or other participating states as necessary to allow for the reciprocal registration and permitting of transporters pursuant to the Uniform Program. The agreements may include procedures for determining a base state, the collection and distribution of registration fees, dispute resolution, the exchange of information for reporting and enforcement purposes, and other provisions necessary to fully implement, administer, and enforce the Uniform Program.

Section 875. The Illinois Pesticide Act is amended by changing Section 19 as follows:

(415 ILCS 60/19) (from Ch. 5, par. 819)

Sec. 19. Interagency Committee on Pesticides. The Director is authorized to create an interagency committee on pesticides. Its purpose is to study and advise on the use of pesticides on State property. Also, its purpose is to advise any State agency in connection with quarantine programs or the protection of the public health and welfare, and to recommend needed legislation concerning pesticides.

1. An interagency committee on pesticides shall consist of: (1) the Director of the Department of Agriculture, (2) the Director of Natural Resources, (3) the Director of the Environmental Protection Agency, (4) the Director of the Department of Public Health, (5) the Secretary of the Department of Transportation, (6) the President Chief of the University of Illinois or his or her designee representing the State Natural History Survey and (7) the Dean of the College of Agriculture, University of Illinois. Each member of the committee may designate some person in his department to serve on the committee in his stead. Other State agencies may, at the discretion of the Director, be asked to serve on the interagency committee on pesticides. The Director of the Department of Agriculture shall be chairman of this committee.

2. The interagency committee shall: (1) Review the current status of the sales and use of pesticides within the State of Illinois. (2) Review pesticide programs to be sponsored or directed by a governmental agency. (3) Consider the problems arising from pesticide use with particular emphasis on the possible adverse effects on human health, livestock, crops, fish, and wildlife, business, industry, agriculture, or the general public. (4) Recommend legislation to the Governor, if appropriate, which will prohibit the irresponsible use of pesticides. (5) Review rules and regulations pertaining to the regulation or prohibition of the sale, use or application of pesticides and labeling of pesticides for approval prior to promulgation and adoption. (6) Contact various experts and lay groups, such as the Illinois Pesticide Control Committee, to obtain their views and cooperation. (7) Advise on and approve of all programs involving the use of pesticides on State owned property, state controlled property, or administered by State agencies. This shall not be construed to include research programs, or the generally accepted and approved practices
essential to good farm and institutional management on the premises of the various State facilities.

3. Members of this committee shall receive no compensation for their services as members of this committee other than that provided by law for their respective positions with the State of Illinois. All necessary expenses for travel of the committee members shall be paid out of regular appropriations of their respective agencies.

4. The committee shall meet at least once each quarter of the calendar year, and may hold additional meetings upon the call of the chairman. Four members shall constitute a quorum.

5. The committee shall make a detailed report of its findings and recommendations to the Governor of Illinois prior to each General Assembly Session.

6. The Interagency Committee on Pesticides shall, at a minimum, annually, during the spring, conduct a statewide public education campaign and agriculture chemical safety campaign to inform the public about pesticide products, uses and safe disposal techniques. A toll-free hot line number shall be made available for the public to report misuse cases.

   The Committee shall include in its educational program information and advice about the effects of various pesticides and application techniques upon the groundwater and drinking water of the State.

7. The Interagency Committee on Pesticides shall conduct a special study of the effects of chemigation and other agricultural applications of pesticides upon the groundwater of this State. The results of such study shall be reported to the General Assembly by March 1, 1989. The members of the Committee may utilize the technical and clerical resources of their respective departments and agencies as necessary or useful in the conduct of the study.

8. In consultation with the Interagency Committee, the Department shall develop, and the Interagency Committee shall approve, procedures, methods, and guidelines for addressing agrichemical pesticide contamination at agrichemical facilities in Illinois. In developing those procedures, methods, and guidelines, the following shall be considered and addressed: (1) an evaluation and assessment of site conditions and operational practices at agrichemical facilities where agricultural pesticides are handled; (2) what constitutes pesticide contamination; (3) cost effective procedures for site assessments and technologies for remedial action; and (4) achievement of adequate protection of public

health and the environment from such actual or potential hazards. In consultation with the Interagency Committee, the Department shall develop, and the Interagency Committee shall approve, guidelines and recommendations regarding long term financial resources which may be necessary to remediate pesticide contamination at agrichemical facilities in Illinois. The Department, in consultation with the Interagency Committee, shall present a report on those guidelines and recommendations to the Governor and the General Assembly on or before January 1, 1993. The Department and the Interagency Committee shall consult with the Illinois Pesticide Control Committee and other appropriate parties during this development process.

9. As part of the consideration of cost effective technologies pursuant to subsection 8 of this Section, the Department may, upon request, provide a written authorization to the owner or operator of an agrichemical facility for land application of agrichemical contaminated soils at agronomic rates. As used in this Section, "agrichemical" means pesticides or commercial fertilizers, at an agrichemical facility, in transit from an agrichemical facility to the field of application, or at the field of application. The written authorization may also provide for use of groundwater contaminated by the release of an agrichemical, provided that the groundwater is not also contaminated due to the release of a petroleum product or hazardous substance other than an agrichemical. The uses of agrichemical contaminated groundwater authorized by the Department shall be limited to supervised application or irrigation onto farmland and blending as make-up water in the preparation of agrichemical spray solutions that are to be applied to farmland. In either case, the use of the agrichemical contaminated water shall not cause (i) the total annual application amounts of a pesticide to exceed the respective pesticide label application rate on any authorized sites or (ii) the total annual application amounts of a fertilizer to exceed the generally accepted annual application rate on any authorized sites. All authorizations shall prescribe appropriate operational control practices to protect the site of application and shall identify each site or sites where land application or irrigation take place. Where agrichemical contaminated groundwater is used on farmland, the prescribed practices shall be designed to prevent off-site runoff or conveyance through underground tile systems. The Department shall periodically advise the Interagency Committee regarding the issuance of such authorizations and the status of compliance at the application sites.

(615 ILCS 5/18g) (from Ch. 19, par. 65g)

New matter indicated by italics - deletions by strikeout.
Sec. 18g. (a) The Department of Natural Resources shall define the 100-year floodway within metropolitan counties located in the area served by the Northeastern Illinois Planning Commission, except for the part of that area which is within any city with a population exceeding 1,500,000. In defining the 100-year floodway, the Department may rely on published data and maps which have been prepared by the Department itself, by the Illinois State Water Survey of the University of Illinois, by federal, State or local governmental agencies, or by any other private or public source which it determines to be reliable and appropriate.

(b) The Department may issue permits for construction that is an appropriate use of the designated 100-year floodway in such metropolitan counties. If a unit of local government has adopted an ordinance that establishes minimum standards for appropriate use of the floodway that are at least as restrictive as those established by the Department and this Section, and the unit of local government has adequate staff to enforce the ordinance, the Department may delegate to such unit of local government the authority to issue permits for construction that is an appropriate use of the floodway within its jurisdiction.

(c) No person may engage in any new construction within the 100-year floodway as designated by the Department in such metropolitan counties, unless such construction relates to an appropriate use of the floodway. No unit of local government, including home rule units, in such metropolitan counties may issue any building permit or other apparent authorization for any prohibited new construction within the 100-year floodway.

(d) For the purpose of this Section:

requiring access to, the water or shoreline, including pumping and treatment facilities, and facilities and improvements related to recreational boats, commercial shipping and other functionally dependent uses; and (iii) any other purposes which the Department determines, by rule, to be appropriate to the 100-year floodway, and the periodic inundation of which will not pose a danger to the general health and welfare of the user, or require the expenditure of public funds or the provision of public resources or disaster relief services. Appropriate use of the floodway does not include construction of a new building unless such building is a garage, storage shed or other structure accessory to an existing building and such building does not increase flood stages.

(4) "Person" includes natural persons, corporations, associations, governmental entities, and all other legal entities.

(e) All construction undertaken on a designated 100-year floodway in such metropolitan counties, without benefit of a permit from the Department of Natural Resources, shall be unlawful and the Department or any affected unit of local government may, in its discretion, proceed to obtain injunctive relief for abatement or removal of such unlawful construction. The Department, in its discretion, may make such investigations and conduct such hearings and adopt such rules as may be necessary to the performance of its duties under this Section.

(f) This Section does not limit any power granted to the Department by any other Act.

(g) This Section does not limit the concurrent exercise by any unit of local government of any power consistent herewith.

(h) This Section does not apply to any city with a population exceeding 1,500,000.

Section 99. Effective date. This Act takes effect upon becoming law.
To the Honorable Member of the
Illinois Senate
95th General Assembly

July 9, 2008

It is with great reluctance that I am returning Senate Bill 1102 with line item vetoes and reductions in appropriations totaling $172,727,817, pursuant to my authority under Article IV, Section 9(d) of the Illinois Constitution. While these line-item vetoes and reductions will impact numerous programs that I support, I cannot in good conscience sign an appropriations bill that is not supported by current funding sources, and may ultimately lead our State into economic disarray.

It is the constitutional duty of the Illinois General Assembly to pass a balanced budget each fiscal year. Article VIII, Section 2(b) of the Illinois Constitution is clear in its requirement that the appropriations made by the General Assembly for the ensuing fiscal year shall not exceed funds estimated to be available during that year. Unfortunately, this year, the General Assembly failed to adhere to its constitutional obligation and passed a budget which is grossly out of balance. Specifically, the Illinois House of Representatives failed to pass the funding measures necessary to support the appropriations it made, and placed its responsibility of balancing the budget on the executive. The line-item vetoes and reductions are direct result of the Illinois House of Representatives’ failure to perform its constitutional duties. Although the House, by and through its leadership, is forcing these actions today, I am still hopeful that funding solutions can be passed to restore these worthy programs.

Item Vetoes

I hereby veto the appropriations items listed below:

ARTICLE 999

Section 999. Effective Date. This Act takes effect July 1, 2008.

Approved as reduced and vetoed July 9, 2008.

Effective July 9, 2008.

Returned to General Assembly July 10, 2008.

Final General Assembly Action on reduced and vetoed amounts:

No funds restored. Amounts remain reduced and vetoed.

New matter indicated by italics - deletions by strikeout.
To the Honorable Member of the
Illinois Senate
95th General Assembly

It is with great reluctance that I am returning Senate Bill 1115 with line item vetoes totaling $38,010,900, pursuant to my authority under Article IV, Section 9(d) of the Illinois Constitution. While these line-item vetoes will impact programs that I support, I cannot in good conscience sign an appropriations bill that is not supported by current funding sources, and may ultimately lead our State into economic disarray.

It is the constitutional duty of the Illinois General Assembly to pass a balanced budget each fiscal year. Article VIII, Section 2(b) of the Illinois Constitution is clear in its requirement that the appropriations made by the General Assembly for the ensuing fiscal year shall not exceed funds estimated to be available during that year. Unfortunately, this year, the General Assembly failed to adhere to its constitutional obligation and passed a budget which is grossly out of balance. Specifically, the Illinois House of Representatives failed to pass the funding measures necessary to support the appropriations it made, and placed its responsibility of balancing the budget on the executive. These line-item vetoes are a direct result of the Illinois House of Representatives’ failure to perform its constitutional duties. Although the House, by and through its leadership, is forcing these actions today, I am still hopeful that funding solutions can be passed to restore these worthy programs.

Item Vetoes

I hereby veto the appropriations items listed below:

Section 99. Effective date. This Act takes effect July 1, 2008.
Approved with vetoed amounts July 9, 2008.
Effective July 9, 2008.
Returned to General Assembly July 10, 2008.
Final General Assembly Action on vetoed amounts: No funds
restored. Amounts remain vetoed.
To the Honorable Member of the
Illinois Senate
95th General Assembly

It is with great reluctance that I am returning Senate Bill 1129 with reductions in appropriations totaling $358,800, pursuant to my authority under Article IV, Section 9(d) of the Illinois Constitution. While these reductions will impact numerous programs that I support, I cannot in good conscience sign an appropriations bill that is not supported by current funding sources, and may ultimately lead our State into economic disarray.

It is the constitutional duty of the Illinois General Assembly to pass a balanced budget each fiscal year. Article VIII, Section 2(b) of the Illinois Constitution is clear in its requirement that the appropriations made by the General Assembly for the ensuing fiscal year shall not exceed funds estimated to be available during that year. Unfortunately, this year, the General Assembly failed to adhere to its constitutional obligation and passed a budget which is grossly out of balance. Specifically, the Illinois House of Representatives failed to pass the funding measures necessary to support the appropriations it made, and placed its responsibility of balancing the budget on the executive. These reductions are a direct result of the Illinois House of Representatives’ failure to perform its constitutional duties. Although the House, by and through its leadership, is forcing these actions today, I am still hopeful that funding solutions can be passed to restore these worthy programs.

Reductions

I hereby reduce the appropriation items listed below and approve each item in the amount set forth in the “Reduced Amount” column below:

In addition to these specific reduction vetoes, I hereby approve all other appropriation items in Senate Bill 1129.

Sincerely,

Rod R. Blagojevich
Governor

To the Honorable Member of the

The individuals confirming the administration of required immunizations shall record as indicated on the form that the immunizations were administered.

(5) If a child does not submit proof of having had either the health examination or the immunization as required, then the child shall be examined or receive the immunization, as the case may be, and present proof by October 15 of the current school year, or by an earlier date of the current school year established by a school district. To establish a date before October 15 of the current school year for the health examination or immunization as required, a school district must give notice of the requirements of this Section 60 days prior to the earlier established date. If
for medical reasons one or more of the required immunizations must be given after October 15 of the current school year, or after an earlier established date of the current school year, then the child shall present, by October 15, or by the earlier established date, a schedule for the administration of the immunizations and a statement of the medical reasons causing the delay, both the schedule and the statement being issued by the physician, advanced practice nurse, physician assistant, registered nurse, or local health department that will be responsible for administration of the remaining required immunizations. If a child does not comply by October 15, or by the earlier established date of the current school year, with the requirements of this subsection, then the local school authority shall exclude that child from school until such time as the child presents proof of having had the health examination as required and presents proof of having received those required immunizations which are medically possible to receive immediately. During a child's exclusion from school for noncompliance with this subsection, the child's parents or legal guardian shall be considered in violation of Section 26-1 and subject to any penalty imposed by Section 26-10. This subsection (5) does not apply to dental examinations and eye examinations.

(6) Every school shall report to the State Board of Education by November 15, in the manner which that agency shall require, the number of children who have received the necessary immunizations and the health examination (other than a dental examination or eye examination) as required, indicating, of those who have not received the immunizations and examination as required, the number of children who are exempt from health examination and immunization requirements on religious or medical grounds as provided in subsection (8). The purposes of the grants shall include, but not be limited to, volunteer recruitment and management, training and instruction, infrastructure, and related goods and services, including case management, administration, personal information management, and outcome-tracking tools and software for the purposes of reporting to the Department and for enabling participation in digital government and consumer services programs, for Community Technology Centers and public hospitals, libraries, and park districts. (d) Planning grants. An airport may apply for and receive a planning grant to conduct feasibility studies or business plans designed to study the recruitment, retention, or expansion of an air carrier at the airport. To be eligible for a grant under this subsection (d), the airport must have the potential for initial or expanded air service as the Department determines through its evaluation process. For all other fiscal years, the Annual Percentage shall be calculated as a fraction, the numerator of which shall be the amount of refunds approved for payment by the Department during the preceding fiscal year as a result of overpayment of tax liability under subsections (a) and (b)(1), (2), and (3) of Section 201 of this Act plus the amount of such refunds remaining approved but unpaid at the end of the preceding fiscal year, minus the amounts transferred into the Income Tax Refund Fund from the Tobacco Settlement Recovery Fund, and the denominator of which shall be the amounts which will be collected pursuant to subsections (a) and (b)(1), (2), and (3) of Section 201 of this Act during the preceding fiscal year; except that in State fiscal year 2002, the Annual Percentage shall in no event exceed 7.6%. Section 47. The Motor Fuel Tax Law is amended by changing Section 8 as follows:

(35 ILCS 505/8) (from Ch. 120, par. 424)

Sec. 8. Except as provided in Section 8a, subdivision (h)(1) of Section 12a, Section 13a.6, and items 13, 14, 15, and 16 of Section 15, all money received by the Department under this Act, including payments made to the Department by member jurisdictions participating in the International Fuel Tax Agreement, shall be deposited in a special fund in the State treasury, to be known as the "Motor Fuel Tax Fund", and shall be used as follows:

(a) 2 1/2 cents per gallon of the tax collected on special fuel under paragraph (b) of Section 2 and Section 13a of this Act shall be transferred to the State Construction Account Fund in the State Treasury;

(b) $420,000 shall be transferred each month to the State Boating Act Fund to be used by the Department of Natural Resources for the purposes specified in Article X of the Boat Registration and Safety Act;

(c) $2,250,000 shall be transferred each month to the Grade Crossing Protection Fund to be used as follows: not less than $6,000,000

each fiscal year shall be used for the construction or reconstruction of rail
highway grade separation structures; $2,250,000 in fiscal year 2004 and
each fiscal year thereafter shall be transferred to the Transportation
Regulatory Fund and shall be accounted for as part of the rail carrier
portion of such funds and shall be used to pay the cost of administration of
the Illinois Commerce Commission's railroad safety program in
connection with its duties under subsection (3) of Section 18c-7401 of the
Illinois Vehicle Code, with the remainder to be used by the Department of
Transportation upon order of the Illinois Commerce Commission, to pay
that part of the cost apportioned by such Commission to the State to cover
the interest of the public in the use of highways, roads, streets, or
pedestrian walkways in the county highway system, township and district
road system, or municipal street system as defined in the Illinois Highway
Code, as the same may from time to time be amended, for separation of
grades, for installation, construction or reconstruction of crossing
protection or reconstruction, alteration, relocation including construction
or improvement of any existing highway necessary for access to property
or improvement of any grade crossing including the necessary highway
approaches thereto of any railroad across the highway or public road, or
for the installation, construction, reconstruction, or maintenance of a
pedestrian walkway over or under a railroad right-of-way, as provided for
in and in accordance with Section 18c-7401 of the Illinois Vehicle Code.
The Commission shall not order more than $2,000,000 per year in Grade
Crossing Protection Fund moneys for pedestrian walkways. In entering
orders for projects for which payments from the Grade Crossing Protection
Fund will be made, the Commission shall account for expenditures
authorized by the orders on a cash rather than an accrual basis. For
purposes of this requirement an "accrual basis" assumes that the total cost
of the project is expended in the fiscal year in which the order is entered,
while a "cash basis" allocates the cost of the project among fiscal years as
expenditures are actually made. To meet the requirements of this
subsection, the Illinois Commerce Commission shall develop annual and
5-year project plans of rail crossing capital improvements that will be paid
for with moneys from the Grade Crossing Protection Fund. The annual
project plan shall identify projects for the succeeding fiscal year and the 5-
year project plan shall identify projects for the 5 directly succeeding fiscal
years. The Commission shall submit the annual and 5-year project plans
for this Fund to the Governor, the President of the Senate, the Senate
Minority Leader, the Speaker of the House of Representatives, and the

(d) of the amount remaining after allocations provided for in subsections (a), (b) and (c), a sufficient amount shall be reserved to pay all of the following:

(1) the costs of the Department of Revenue in administering this Act;

(2) the costs of the Department of Transportation in performing its duties imposed by the Illinois Highway Code for supervising the use of motor fuel tax funds apportioned to municipalities, counties and road districts;

(3) refunds provided for in Section 13 of this Act and under the terms of the International Fuel Tax Agreement referenced in Section 14a;

(4) from October 1, 1985 until June 30, 1994, the administration of the Vehicle Emissions Inspection Law, which amount shall be certified monthly by the Environmental Protection Agency to the State Comptroller and shall promptly be transferred by the State Comptroller and Treasurer from the Motor Fuel Tax Fund to the Vehicle Inspection Fund, and for the period July 1, 1994 through June 30, 2000, one-twelfth of $25,000,000 each month, for the period July 1, 2000 through June 30, 2003, one-twelfth of $30,000,000 each month, and $15,000,000 on July 1, 2003, and $15,000,000 on January 1, 2004, and $15,000,000 on each July 1 and October 1, or as soon thereafter as may be practical, during the period July 1, 2004 through June 30, 2009, for the administration of the Vehicle Emissions Inspection Law of 2005, to be transferred by the State Comptroller and Treasurer from the Motor Fuel Tax Fund into the Vehicle Inspection Fund;

(5) amounts ordered paid by the Court of Claims; and

(6) payment of motor fuel use taxes due to member jurisdictions under the terms of the International Fuel Tax Agreement. The Department shall certify these amounts to the Comptroller by the 15th day of each month; the Comptroller shall cause orders to be drawn for such amounts, and the Treasurer shall administer those amounts on or before the last day of each month;

New matter indicated by italics - deletions by strikeout.
(1) Until January 1, 2000, 58.4%, and beginning January 1, 2000, 45.6% shall be deposited as follows:
   (A) 37% into the State Construction Account Fund, and
   (B) 63% into the Road Fund, $1,250,000 of which shall be reserved each month for the Department of Transportation to be used in accordance with the provisions of Sections 6-901 through 6-906 of the Illinois Highway Code;
(2) Until January 1, 2000, 41.6%, and beginning January 1, 2000, 54.4% shall be transferred to the Department of Transportation to be distributed as follows:
   (A) 49.10% to the municipalities of the State,
   (B) 16.74% to the counties of the State having 1,000,000 or more inhabitants,
   (C) 18.27% to the counties of the State having less than 1,000,000 inhabitants,
   (D) 15.89% to the road districts of the State.

As soon as may be after the first day of each month the Department of Transportation shall allot to each municipality its share of the amount apportioned to the several municipalities which shall be in proportion to the population of such municipalities as determined by the last preceding municipal census if conducted by the Federal Government or Federal census. If territory is annexed to any municipality subsequent to the time of the last preceding census the corporate authorities of such municipality may cause a census to be taken of such annexed territory and the population so ascertained for such territory shall be added to the population of the municipality as determined by the last preceding census for the purpose of determining the allotment for that municipality. If the population of any municipality was not determined by the last Federal census preceding any apportionment, the apportionment to such municipality shall be in accordance with any census taken by such municipality. Any municipal census used in accordance with this Section shall be certified to the Department of Transportation by the clerk of such municipality, and the accuracy thereof shall be subject to approval of the Department which may make such corrections as it ascertains to be necessary.

As soon as may be after the first day of each month the Department of Transportation shall allot to each county its share of the amount

apportioned to the several counties of the State as herein provided. Each allotment to the several counties having less than 1,000,000 inhabitants shall be in proportion to the amount of motor vehicle license fees received from the residents of such counties, respectively, during the preceding calendar year. The Secretary of State shall, on or before April 15 of each year, transmit to the Department of Transportation a full and complete report showing the amount of motor vehicle license fees received from the residents of each county, respectively, during the preceding calendar year. The Department of Transportation shall, each month, use for allotment purposes the last such report received from the Secretary of State.

As soon as may be after the first day of each month, the Department of Transportation shall allot to the several counties their share of the amount apportioned for the use of road districts. The allotment shall be apportioned among the several counties in the State in the proportion which the total mileage of township or district roads in the respective counties bears to the total mileage of all township and district roads in the State. Funds allotted to the respective counties for the use of road districts therein shall be allocated to the several road districts in the county in the proportion which the total mileage of such township or district roads in the respective road districts bears to the total mileage of all such township or district roads in the county. After July 1 of any year, no allocation shall be made for any road district unless it levied a tax for road and bridge purposes in an amount which will require the extension of such tax against the taxable property in any such road district at a rate of not less than either .08% of the value thereof, based upon the assessment for the year immediately prior to the year in which such tax was levied and as equalized by the Department of Revenue or, in DuPage County, an amount equal to or greater than $12,000 per mile of road under the jurisdiction of the road district, whichever is less. If any road district has levied a special tax for road purposes pursuant to Sections 6-601, 6-602 and 6-603 of the Illinois Highway Code, and such tax was levied in an amount which would require extension at a rate of not less than .08% of the value of the taxable property thereof, as equalized or assessed by the Department of Revenue, or, in DuPage County, an amount equal to or greater than $12,000 per mile of road under the jurisdiction of the road district, whichever is less, such levy shall, however, be deemed a proper compliance with this Section and shall qualify such road district for an allotment under this Section. If a township has transferred to the road and bridge fund money which, when added to the amount of any tax levy of the road district would be the

equivalent of a tax levy requiring extension at a rate of at least .08%, or, in DuPage County, an amount equal to or greater than $12,000 per mile of road under the jurisdiction of the road district, whichever is less, such transfer, together with any such tax levy, shall be deemed a proper compliance with this Section and shall qualify the road district for an allotment under this Section.

In counties in which a property tax extension limitation is imposed under the Property Tax Extension Limitation Law, road districts may retain their entitlement to a motor fuel tax allotment if, at the time the property tax extension limitation was imposed, the road district was levying a road and bridge tax at a rate sufficient to entitle it to a motor fuel tax allotment and continues to levy the maximum allowable amount after the imposition of the property tax extension limitation. Any road district may in all circumstances retain its entitlement to a motor fuel tax allotment if it levied a road and bridge tax in an amount that will require the extension of the tax against the taxable property in the road district at a rate of not less than 0.08% of the assessed value of the property, based upon the assessment for the year immediately preceding the year in which the tax was levied and as equalized by the Department of Revenue or, in DuPage County, an amount equal to or greater than $12,000 per mile of road under the jurisdiction of the road district, whichever is less.

As used in this Section the term "road district" means any road district, including a county unit road district, provided for by the Illinois Highway Code; and the term "township or district road" means any road in the township and district road system as defined in the Illinois Highway Code. For the purposes of this Section, "road district" also includes park districts, forest preserve districts and conservation districts organized under Illinois law and "township or district road" also includes such roads as are maintained by park districts, forest preserve districts and conservation districts. The Department of Transportation shall determine the mileage of all township and district roads for the purposes of making allotments and allocations of motor fuel tax funds for use in road districts.

Payment of motor fuel tax moneys to municipalities and counties shall be made as soon as possible after the allotment is made. The treasurer of the municipality or county may invest these funds until their use is required and the interest earned by these investments shall be limited to the same uses as the principal funds.

Sec. 18-8.05. Basis for apportionment of general State financial aid and supplemental general State aid to the common schools for the 1998-1999 and subsequent school years.

(A) General Provisions.

(1) The provisions of this Section apply to the 1998-1999 and subsequent school years. The system of general State financial aid provided for in this Section is designed to assure that, through a
combination of State financial aid and required local resources, the financial support provided each pupil in Average Daily Attendance equals or exceeds a prescribed per pupil Foundation Level. This formula approach imputes a level of per pupil Available Local Resources and provides for the basis to calculate a per pupil level of general State financial aid that, when added to Available Local Resources, equals or exceeds the Foundation Level. The amount of per pupil general State financial aid for school districts, in general, varies in inverse relation to Available Local Resources. Per pupil amounts are based upon each school district's Average Daily Attendance as that term is defined in this Section.

(2) In addition to general State financial aid, school districts with specified levels or concentrations of pupils from low income households are eligible to receive supplemental general State financial aid grants as provided pursuant to subsection (H). The supplemental State aid grants provided for school districts under subsection (H) shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section.

(3) To receive financial assistance under this Section, school districts are required to file claims with the State Board of Education, subject to the following requirements:

(a) Any school district which fails for any given school year to maintain school as required by law, or to maintain a recognized school is not eligible to file for such school year any claim upon the Common School Fund. In case of nonrecognition of one or more attendance centers in a school district otherwise operating recognized schools, the claim of the district shall be reduced in the proportion which the Average Daily Attendance in the attendance center or centers bear to the Average Daily Attendance in the school district. A "recognized school" means any public school which meets the standards as established for recognition by the State Board of Education. A school district or attendance center not having recognition status at the end of a school term is entitled to receive State aid payments due upon a legal claim which was filed while it was recognized.

(b) School district claims filed under this Section are subject to Sections 18-9 and 18-12, except as otherwise provided in this Section.

New matter indicated by italics - deletions by strikeout.
(c) If a school district operates a full year school under Section 10-19.1, the general State aid to the school district shall be determined by the State Board of Education in accordance with this Section as near as may be applicable.

(d) (Blank).

(4) Except as provided in subsections (H) and (L), the board of any district receiving any of the grants provided for in this Section may apply those funds to any fund so received for which that board is authorized to make expenditures by law.

School districts are not required to exert a minimum Operating Tax Rate in order to qualify for assistance under this Section.

(5) As used in this Section the following terms, when capitalized, shall have the meaning ascribed herein:

   (a) "Average Daily Attendance": A count of pupil attendance in school, averaged as provided for in subsection (C) and utilized in deriving per pupil financial support levels.

   (b) "Available Local Resources": A computation of local financial support, calculated on the basis of Average Daily Attendance and derived as provided pursuant to subsection (D).

   (c) "Corporate Personal Property Replacement Taxes": Funds paid to local school districts pursuant to "An Act in relation to the abolition of ad valorem personal property tax and the replacement of revenues lost thereby, and amending and repealing certain Acts and parts of Acts in connection therewith", certified August 14, 1979, as amended (Public Act 81-1st S.S.-1).

   (d) "Foundation Level": A prescribed level of per pupil financial support as provided for in subsection (B).

   (e) "Operating Tax Rate": All school district property taxes extended for all purposes, except Bond and Interest, Summer School, Rent, Capital Improvement, and Vocational Education Building purposes.

(B) Foundation Level.

   (1) The Foundation Level is a figure established by the State representing the minimum level of per pupil financial support that should be available to provide for the basic education of each pupil in Average Daily Attendance. As set forth in this Section, each school district is assumed to exert a sufficient local taxing effort such that, in combination with the aggregate of general State financial aid provided the district, an

New matter indicated by italics - deletions by strikeout.
aggregate of State and local resources are available to meet the basic education needs of pupils in the district.

(2) For the 1998-1999 school year, the Foundation Level of support is $4,225. For the 1999-2000 school year, the Foundation Level of support is $4,325. For the 2000-2001 school year, the Foundation Level of support is $4,425. For the 2001-2002 school year and 2002-2003 school year, the Foundation Level of support is $4,560. For the 2003-2004 school year, the Foundation Level of support is $4,810. For the 2004-2005 school year, the Foundation Level of support is $4,964. For the 2005-2006 school year, the Foundation Level of support is $5,164. For the 2006-2007 school year, the Foundation Level of support is $5,334. For the 2007-2008 school year, the Foundation Level of support is $5,734.

(3) For the 2008-2009 school year and each school year thereafter, the Foundation Level of support is $5,959 or such greater amount as may be established by law by the General Assembly.

(C) Average Daily Attendance.

(1) For purposes of calculating general State aid pursuant to subsection (E), an Average Daily Attendance figure shall be utilized. The Average Daily Attendance figure for formula calculation purposes shall be the monthly average of the actual number of pupils in attendance of each school district, as further averaged for the best 3 months of pupil attendance for each school district. In compiling the figures for the number of pupils in attendance, school districts and the State Board of Education shall, for purposes of general State aid funding, conform attendance figures to the requirements of subsection (F).

(2) The Average Daily Attendance figures utilized in subsection (E) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated or the average of the attendance data for the 3 preceding school years, whichever is greater. The Average Daily Attendance figures utilized in subsection (H) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated.

(D) Available Local Resources.

(1) For purposes of calculating general State aid pursuant to subsection (E), a representation of Available Local Resources per pupil, as that term is defined and determined in this subsection, shall be utilized. Available Local Resources per pupil shall include a calculated dollar amount representing local school district revenues from local property...
taxes and from Corporate Personal Property Replacement Taxes, expressed on the basis of pupils in Average Daily Attendance. Calculation of Available Local Resources shall exclude any tax amnesty funds received as a result of Public Act 93-26.

(2) In determining a school district's revenue from local property taxes, the State Board of Education shall utilize the equalized assessed valuation of all taxable property of each school district as of September 30 of the previous year. The equalized assessed valuation utilized shall be obtained and determined as provided in subsection (G).

(3) For school districts maintaining grades kindergarten through 12, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 3.00%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades kindergarten through 8, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 2.30%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades 9 through 12, local property tax revenues per pupil shall be the applicable equalized assessed valuation of the district multiplied by 1.05%, and divided by the district's Average Daily Attendance figure.

For partial elementary unit districts created pursuant to Article 11E of this Code, local property tax revenues per pupil shall be calculated as the product of the equalized assessed valuation for property within the elementary and high school classification of the partial elementary unit district multiplied by 2.06% and divided by the Average Daily Attendance figure for grades kindergarten through 8, plus the product of the equalized assessed valuation for property within the high school only classification of the partial elementary unit district multiplied by 0.94% and divided by the Average Daily Attendance figure for grades 9 through 12.

(4) The Corporate Personal Property Replacement Taxes paid to each school district during the calendar year 2 years before the calendar year in which a school year begins, divided by the Average Daily Attendance figure for that district, shall be added to the local property tax revenues per pupil as derived by the application of the immediately preceding paragraph (3). The sum of these per pupil figures for each school district shall constitute Available Local Resources as that term is utilized in subsection (E) in the calculation of general State aid.

(E) Computation of General State Aid.

New matter indicated by italics - deletions by strikeout.
(1) For each school year, the amount of general State aid allotted to a school district shall be computed by the State Board of Education as provided in this subsection.

(2) For any school district for which Available Local Resources per pupil is less than the product of 0.93 times the Foundation Level, general State aid for that district shall be calculated as an amount equal to the Foundation Level minus Available Local Resources, multiplied by the Average Daily Attendance of the school district.

(3) For any school district for which Available Local Resources per pupil is equal to or greater than the product of 0.93 times the Foundation Level and less than the product of 1.75 times the Foundation Level, the general State aid per pupil shall be a decimal proportion of the Foundation Level derived using a linear algorithm. Under this linear algorithm, the calculated general State aid per pupil shall decline in direct linear fashion from 0.07 times the Foundation Level for a school district with Available Local Resources equal to the product of 0.93 times the Foundation Level, to 0.05 times the Foundation Level for a school district with Available Local Resources equal to the product of 1.75 times the Foundation Level. The allocation of general State aid for school districts subject to this paragraph 3 shall be the calculated general State aid per pupil figure multiplied by the Average Daily Attendance of the school district.

(4) For any school district for which Available Local Resources per pupil equals or exceeds the product of 1.75 times the Foundation Level, the general State aid for the school district shall be calculated as the product of $218 multiplied by the Average Daily Attendance of the school district.

(5) The amount of general State aid allocated to a school district for the 1999-2000 school year meeting the requirements set forth in paragraph (4) of subsection (G) shall be increased by an amount equal to the general State aid that would have been received by the district for the 1998-1999 school year by utilizing the Extension Limitation Equalized Assessed Valuation as calculated in paragraph (4) of subsection (G) less the general State aid allotted for the 1998-1999 school year. This amount shall be deemed a one time increase, and shall not affect any future general State aid allocations.

(F) Compilation of Average Daily Attendance.

(1) Each school district shall, by July 1 of each year, submit to the State Board of Education, on forms prescribed by the State Board of Education, attendance figures for the school year that began in the

New matter indicated by italics - deletions by strikeout.
preceding calendar year. The attendance information so transmitted shall identify the average daily attendance figures for each month of the school year. Beginning with the general State aid claim form for the 2002-2003 school year, districts shall calculate Average Daily Attendance as provided in subdivisions (a), (b), and (c) of this paragraph (1).

(a) In districts that do not hold year-round classes, days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

(b) In districts in which all buildings hold year-round classes, days of attendance in July and August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

(c) In districts in which some buildings, but not all, hold year-round classes, for the non-year-round buildings, days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

The average daily attendance for the year-round buildings shall be computed as provided in subdivision (b) of this paragraph (1). To calculate the Average Daily Attendance for the district, the average daily attendance for the year-round buildings shall be multiplied by the days in session for the non-year-round buildings for each month and added to the monthly attendance of the non-year-round buildings.

Except as otherwise provided in this Section, days of attendance by pupils shall be counted only for sessions of not less than 5 clock hours of school work per day under direct supervision of: (i) teachers, or (ii) non-teaching personnel or volunteer personnel when engaging in non-teaching duties and supervising in those instances specified in subsection (a) of Section 10-22.34 and paragraph 10 of Section 34-18, with pupils of legal school age and in kindergarten and grades 1 through 12.

Days of attendance by tuition pupils shall be accredited only to the districts that pay the tuition to a recognized school.

(2) Days of attendance by pupils of less than 5 clock hours of school shall be subject to the following provisions in the compilation of Average Daily Attendance.

(a) Pupils regularly enrolled in a public school for only a part of the school day may be counted on the basis of 1/6 day for every class hour of instruction of 40 minutes or more attended pursuant to such enrollment, unless a pupil is enrolled in a block-
schedule format of 80 minutes or more of instruction, in which case the pupil may be counted on the basis of the proportion of minutes of school work completed each day to the minimum number of minutes that school work is required to be held that day.

(b) Days of attendance may be less than 5 clock hours on the opening and closing of the school term, and upon the first day of pupil attendance, if preceded by a day or days utilized as an institute or teachers' workshop.

(c) A session of 4 or more clock hours may be counted as a day of attendance upon certification by the regional superintendent, and approved by the State Superintendent of Education to the extent that the district has been forced to use daily multiple sessions.

(d) A session of 3 or more clock hours may be counted as a day of attendance (1) when the remainder of the school day or at least 2 hours in the evening of that day is utilized for an in-service training program for teachers, up to a maximum of 5 days per school year of which a maximum of 4 days of such 5 days may be used for parent-teacher conferences, provided a district conducts an in-service training program for teachers which has been approved by the State Superintendent of Education; or, in lieu of 4 such days, 2 full days may be used, in which event each such day may be counted as a day of attendance; and (2) when days in addition to those provided in item (1) are scheduled by a school pursuant to its school improvement plan adopted under Article 34 or its revised or amended school improvement plan adopted under Article 2, provided that (i) such sessions of 3 or more clock hours are scheduled to occur at regular intervals, (ii) the remainder of the school days in which such sessions occur are utilized for in-service training programs or other staff development activities for teachers, and (iii) a sufficient number of minutes of school work under the direct supervision of teachers are added to the school days between such regularly scheduled sessions to accumulate not less than the number of minutes by which such sessions of 3 or more clock hours fall short of 5 clock hours. Any full days used for the purposes of this paragraph shall not be considered for computing average daily attendance. Days scheduled for in-service training programs, staff development activities, or parent-teacher
conferences may be scheduled separately for different grade levels and different attendance centers of the district.

(e) A session of not less than one clock hour of teaching hospitalized or homebound pupils on-site or by telephone to the classroom may be counted as 1/2 day of attendance, however these pupils must receive 4 or more clock hours of instruction to be counted for a full day of attendance.

(f) A session of at least 4 clock hours may be counted as a day of attendance for first grade pupils, and pupils in full day kindergartens, and a session of 2 or more hours may be counted as 1/2 day of attendance by pupils in kindergartens which provide only 1/2 day of attendance.

(g) For children with disabilities who are below the age of 6 years and who cannot attend 2 or more clock hours because of their disability or immaturity, a session of not less than one clock hour may be counted as 1/2 day of attendance; however for such children whose educational needs so require a session of 4 or more clock hours may be counted as a full day of attendance.

(h) A recognized kindergarten which provides for only 1/2 day of attendance by each pupil shall not have more than 1/2 day of attendance counted in any one day. However, kindergartens may count 2 1/2 days of attendance in any 5 consecutive school days. When a pupil attends such a kindergarten for 2 half days on any one school day, the pupil shall have the following day as a day absent from school, unless the school district obtains permission in writing from the State Superintendent of Education. Attendance at kindergartens which provide for a full day of attendance by each pupil shall be counted the same as attendance by first grade pupils. Only the first year of attendance in one kindergarten shall be counted, except in case of children who entered the kindergarten in their fifth year whose educational development requires a second year of kindergarten as determined under the rules and regulations of the State Board of Education.

(i) On the days when the Prairie State Achievement Examination is administered under subsection (c) of Section 2-3.64 of this Code, the day of attendance for a pupil whose school day must be shortened to accommodate required testing procedures may be less than 5 clock hours and shall be counted towards the 176 days of actual pupil attendance required under Section 10-19.
of this Code, provided that a sufficient number of minutes of school work in excess of 5 clock hours are first completed on other school days to compensate for the loss of school work on the examination days.

(G) Equalized Assessed Valuation Data.

(1) For purposes of the calculation of Available Local Resources required pursuant to subsection (D), the State Board of Education shall secure from the Department of Revenue the value as equalized or assessed by the Department of Revenue of all taxable property of every school district, together with (i) the applicable tax rate used in extending taxes for the funds of the district as of September 30 of the previous year and (ii) the limiting rate for all school districts subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law.

The Department of Revenue shall add to the equalized assessed value of all taxable property of each school district situated entirely or partially within a county that is or was subject to the provisions of Section 15-176 or 15-177 of the Property Tax Code (a) an amount equal to the total amount by which the homestead exemption allowed under Section 15-176 or 15-177 of the Property Tax Code for real property situated in that school district exceeds the total amount that would have been allowed in that school district if the maximum reduction under Section 15-176 was (i) $4,500 in Cook County or $3,500 in all other counties in tax year 2003 or (ii) $5,000 in all counties in tax year 2004 and thereafter and (b) an amount equal to the aggregate amount for the taxable year of all additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of $30,000 or less. The county clerk of any county that is or was subject to the provisions of Section 15-176 or 15-177 of the Property Tax Code shall annually calculate and certify to the Department of Revenue for each school district all homestead exemption amounts under Section 15-176 or 15-177 of the Property Tax Code and all amounts of additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of $30,000 or less. It is the intent of this paragraph that if the general homestead exemption for a parcel of property is determined under Section 15-176 or 15-177 of the Property Tax Code rather than Section 15-175, then the calculation of Available Local Resources shall not be affected by the difference, if any, between the amount of the general homestead exemption allowed for that parcel of property under Section 15-176 or 15-177 of the Property Tax Code and the amount that would have been allowed had the general
homestead exemption for that parcel of property been determined under Section 15-175 of the Property Tax Code. It is further the intent of this paragraph that if additional exemptions are allowed under Section 15-175 of the Property Tax Code for owners with a household income of less than $30,000, then the calculation of Available Local Resources shall not be affected by the difference, if any, because of those additional exemptions.

This equalized assessed valuation, as adjusted further by the requirements of this subsection, shall be utilized in the calculation of Available Local Resources.

(2) The equalized assessed valuation in paragraph (1) shall be adjusted, as applicable, in the following manner:

(a) For the purposes of calculating State aid under this Section, with respect to any part of a school district within a redevelopment project area in respect to which a municipality has adopted tax increment allocation financing pursuant to the Tax Increment Allocation Redevelopment Act, Sections 11-74.4-1 through 11-74.4-11 of the Illinois Municipal Code or the Industrial Jobs Recovery Law, Sections 11-74.6-1 through 11-74.6-50 of the Illinois Municipal Code, no part of the current equalized assessed valuation of real property located in any such project area which is attributable to an increase above the total initial equalized assessed valuation of such property shall be used as part of the equalized assessed valuation of the district, until such time as all redevelopment project costs have been paid, as provided in Section 11-74.4-8 of the Tax Increment Allocation Redevelopment Act or in Section 11-74.6-35 of the Industrial Jobs Recovery Law. For the purpose of the equalized assessed valuation of the district, the total initial equalized assessed valuation or the current equalized assessed valuation, whichever is lower, shall be used until such time as all redevelopment project costs have been paid.

(b) The real property equalized assessed valuation for a school district shall be adjusted by subtracting from the real property value as equalized or assessed by the Department of Revenue for the district an amount computed by dividing the amount of any abatement of taxes under Section 18-170 of the Property Tax Code by 3.00% for a district maintaining grades kindergarten through 12, by 2.30% for a district maintaining grades kindergarten through 8, or by 1.05% for a district maintaining grades 9 through 12 and adjusted by an amount computed by

dividing the amount of any abatement of taxes under subsection (a) of Section 18-165 of the Property Tax Code by the same percentage rates for district type as specified in this subparagraph (b).

(3) For the 1999-2000 school year and each school year thereafter, if a school district meets all of the criteria of this subsection (G)(3), the school district's Available Local Resources shall be calculated under subsection (D) using the district's Extension Limitation Equalized Assessed Valuation as calculated under this subsection (G)(3).

For purposes of this subsection (G)(3) the following terms shall have the following meanings:

"Budget Year": The school year for which general State aid is calculated and awarded under subsection (E).

"Base Tax Year": The property tax levy year used to calculate the Budget Year allocation of general State aid.

"Preceding Tax Year": The property tax levy year immediately preceding the Base Tax Year.

"Base Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Base Tax Year multiplied by the limiting rate as calculated by the County Clerk and defined in the Property Tax Extension Limitation Law.

"Preceding Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Preceding Tax Year multiplied by the Operating Tax Rate as defined in subsection (A).

"Extension Limitation Ratio": A numerical ratio, certified by the County Clerk, in which the numerator is the Base Tax Year's Tax Extension and the denominator is the Preceding Tax Year's Tax Extension.

"Operating Tax Rate": The operating tax rate as defined in subsection (A).

If a school district is subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation of that district. For the 1999-2000 school year, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the district's 1996 Equalized Assessed Valuation and the district's

New matter indicated by italics - deletions by strikeout.
Extension Limitation Ratio. For the 2000-2001 school year and each school year thereafter, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the Equalized Assessed Valuation last used in the calculation of general State aid and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of a school district as calculated under this subsection (G)(3) is less than the district's equalized assessed valuation as calculated pursuant to subsections (G)(1) and (G)(2), then for purposes of calculating the district's general State aid for the Budget Year pursuant to subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources under subsection (D).

Partial elementary unit districts created in accordance with Article 11E of this Code shall not be eligible for the adjustment in this subsection (G)(3) until the fifth year following the effective date of the reorganization.

(4) For the purposes of calculating general State aid for the 1999-2000 school year only, if a school district experienced a triennial reassessment on the equalized assessed valuation used in calculating its general State financial aid apportionment for the 1998-1999 school year, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation that would have been used to calculate the district's 1998-1999 general State aid. This amount shall equal the product of the equalized assessed valuation used to calculate general State aid for the 1997-1998 school year and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of the school district as calculated under this paragraph (4) is less than the district's equalized assessed valuation utilized in calculating the district's 1998-1999 general State aid allocation, then for purposes of calculating the district's general State aid pursuant to paragraph (5) of subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources.

(5) For school districts having a majority of their equalized assessed valuation in any county except Cook, DuPage, Kane, Lake, McHenry, or Will, if the amount of general State aid allocated to the school district for the 1999-2000 school year under the provisions of subsection (E), (H), and (J) of this Section is less than the amount of general State aid allocated to the district for the 1998-1999 school year under these subsections, then the general State aid of the district for the

1999-2000 school year only shall be increased by the difference between these amounts. The total payments made under this paragraph (5) shall not exceed $14,000,000. Claims shall be prorated if they exceed $14,000,000.

(H) Supplemental General State Aid.

(1) In addition to the general State aid a school district is allotted pursuant to subsection (E), qualifying school districts shall receive a grant, paid in conjunction with a district's payments of general State aid, for supplemental general State aid based upon the concentration level of children from low-income households within the school district. Supplemental State aid grants provided for school districts under this subsection shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section. If the appropriation in any fiscal year for general State aid and supplemental general State aid is insufficient to pay the amounts required under the general State aid and supplemental general State aid calculations, then the State Board of Education shall ensure that each school district receives the full amount due for general State aid and the remainder of the appropriation shall be used for supplemental general State aid, which the State Board of Education shall calculate and pay to eligible districts on a prorated basis.

(1.5) This paragraph (1.5) applies only to those school years preceding the 2003-2004 school year. For purposes of this subsection (H), the term "Low-Income Concentration Level" shall be the low-income eligible pupil count from the most recently available federal census divided by the Average Daily Attendance of the school district. If, however, (i) the percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count of a high school district with fewer than 400 students exceeds by 75% or more the percentage change in the total low-income eligible pupil count of contiguous elementary school districts, whose boundaries are coterminous with the high school district, or (ii) a high school district within 2 counties and serving 5 elementary school districts, whose boundaries are coterminous with the high school district, has a percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count and there is a percentage increase in the total low-income eligible pupil count of a majority of the elementary school districts in excess of 50% from the 2 most recent federal censuses, then the high school district's low-income eligible pupil count from the earlier federal census shall be the number used as the low-income eligible pupil count for the high school district, for

purposes of this subsection (H). The changes made to this paragraph (1) by Public Act 92-28 shall apply to supplemental general State aid grants for school years preceding the 2003-2004 school year that are paid in fiscal year 1999 or thereafter and to any State aid payments made in fiscal year 1994 through fiscal year 1998 pursuant to subsection 1(n) of Section 18-8 of this Code (which was repealed on July 1, 1998), and any high school district that is affected by Public Act 92-28 is entitled to a recomputation of its supplemental general State aid grant or State aid paid in any of those fiscal years. This recomputation shall not be affected by any other funding.

(1.10) This paragraph (1.10) applies to the 2003-2004 school year and each school year thereafter. For purposes of this subsection (H), the term "Low-Income Concentration Level" shall, for each fiscal year, be the low-income eligible pupil count as of July 1 of the immediately preceding fiscal year (as determined by the Department of Human Services based on the number of pupils who are eligible for at least one of the following low income programs: Medicaid, KidCare, TANF, or Food Stamps, excluding pupils who are eligible for services provided by the Department of Children and Family Services, averaged over the 2 immediately preceding fiscal years for fiscal year 2004 and over the 3 immediately preceding fiscal years for each fiscal year thereafter) divided by the Average Daily Attendance of the school district.

(2) Supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 1998-1999, 1999-2000, and 2000-2001 school years only:

(a) For any school district with a Low Income Concentration Level of at least 20% and less than 35%, the grant for any school year shall be $800 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level of at least 35% and less than 50%, the grant for the 1998-1999 school year shall be $1,100 multiplied by the low income eligible pupil count.

(c) For any school district with a Low Income Concentration Level of at least 50% and less than 60%, the grant for the 1998-99 school year shall be $1,500 multiplied by the low income eligible pupil count.

(d) For any school district with a Low Income Concentration Level of 60% or more, the grant for the 1998-99
school year shall be $1,900 multiplied by the low income eligible pupil count.

(e) For the 1999-2000 school year, the per pupil amount specified in subparagraphs (b), (c), and (d) immediately above shall be increased to $1,243, $1,600, and $2,000, respectively.

(f) For the 2000-2001 school year, the per pupil amounts specified in subparagraphs (b), (c), and (d) immediately above shall be $1,273, $1,640, and $2,050, respectively.

(2.5) Supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 2002-2003 school year:

(a) For any school district with a Low Income Concentration Level of less than 10%, the grant for each school year shall be $355 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level of at least 10% and less than 20%, the grant for each school year shall be $675 multiplied by the low income eligible pupil count.

(c) For any school district with a Low Income Concentration Level of at least 20% and less than 35%, the grant for each school year shall be $1,330 multiplied by the low income eligible pupil count.

(d) For any school district with a Low Income Concentration Level of at least 35% and less than 50%, the grant for each school year shall be $1,362 multiplied by the low income eligible pupil count.

(e) For any school district with a Low Income Concentration Level of at least 50% and less than 60%, the grant for each school year shall be $1,680 multiplied by the low income eligible pupil count.

(f) For any school district with a Low Income Concentration Level of 60% or more, the grant for each school year shall be $2,080 multiplied by the low income eligible pupil count.

(2.10) Except as otherwise provided, supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 2003-2004 school year and each school year thereafter:

(a) For any school district with a Low Income Concentration Level of 15% or less, the grant for each school year shall be $355 multiplied by the low income eligible pupil count.

New matter indicated by italics - deletions by strikeout.
(b) For any school district with a Low Income Concentration Level greater than 15%, the grant for each school year shall be $294.25 added to the product of $2,700 and the square of the Low Income Concentration Level, all multiplied by the low income eligible pupil count.

For the 2003-2004 school year and each school year thereafter through the 2008-2009 2007-2008 school year only, the grant shall be no less than the grant for the 2002-2003 school year. For the 2009-2010 2008-2009 school year only, the grant shall be no less than the grant for the 2002-2003 school year multiplied by 0.66. For the 2010-2011 2009-2010 school year only, the grant shall be no less than the grant for the 2002-2003 school year multiplied by 0.33. Notwithstanding the provisions of this paragraph to the contrary, if for any school year supplemental general State aid grants are prorated as provided in paragraph (1) of this subsection (H), then the grants under this paragraph shall be prorated.

For the 2003-2004 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.25 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year. For the 2004-2005 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.50 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year. For the 2005-2006 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.75 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year.

(3) School districts with an Average Daily Attendance of more than 1,000 and less than 50,000 that qualify for supplemental general State aid pursuant to this subsection shall submit a plan to the State Board of Education prior to October 30 of each year for the use of the funds resulting from this grant of supplemental general State aid for the improvement of instruction in which priority is given to meeting the education needs of disadvantaged children. Such plan shall be submitted in accordance with rules and regulations promulgated by the State Board of Education.

(4) School districts with an Average Daily Attendance of 50,000 or more that qualify for supplemental general State aid pursuant to this subsection shall be required to distribute from funds available pursuant to this Section, no less than $261,000,000 in accordance with the following requirements:

(a) The required amounts shall be distributed to the attendance centers within the district in proportion to the number of pupils enrolled at each attendance center who are eligible to receive free or reduced-price lunches or breakfasts under the federal Child Nutrition Act of 1966 and under the National School Lunch Act during the immediately preceding school year.

(b) The distribution of these portions of supplemental and general State aid among attendance centers according to these requirements shall not be compensated for or contravened by adjustments of the total of other funds appropriated to any attendance centers, and the Board of Education shall utilize funding from one or several sources in order to fully implement this provision annually prior to the opening of school.

(c) Each attendance center shall be provided by the school district a distribution of noncategorical funds and other categorical funds to which an attendance center is entitled under law in order that the general State aid and supplemental general State aid provided by application of this subsection supplements rather than supplants the noncategorical funds and other categorical funds provided by the school district to the attendance centers.

(d) Any funds made available under this subsection that by reason of the provisions of this subsection are not required to be allocated and provided to attendance centers may be used and appropriated by the board of the district for any lawful school purpose.

(e) Funds received by an attendance center pursuant to this subsection shall be used by the attendance center at the discretion of the principal and local school council for programs to improve educational opportunities at qualifying schools through the following programs and services: early childhood education, reduced class size or improved adult to student classroom ratio, enrichment programs, remedial assistance, attendance improvement, and other educationally beneficial expenditures which supplement the regular and basic programs as determined by

the State Board of Education. Funds provided shall not be expended for any political or lobbying purposes as defined by board rule.

(f) Each district subject to the provisions of this subdivision (H)(4) shall submit an acceptable plan to meet the educational needs of disadvantaged children, in compliance with the requirements of this paragraph, to the State Board of Education prior to July 15 of each year. This plan shall be consistent with the decisions of local school councils concerning the school expenditure plans developed in accordance with part 4 of Section 34-2.3. The State Board shall approve or reject the plan within 60 days after its submission. If the plan is rejected, the district shall give written notice of intent to modify the plan within 15 days of the notification of rejection and then submit a modified plan within 30 days after the date of the written notice of intent to modify. Districts may amend approved plans pursuant to rules promulgated by the State Board of Education.

Upon notification by the State Board of Education that the district has not submitted a plan prior to July 15 or a modified plan within the time period specified herein, the State aid funds affected by that plan or modified plan shall be withheld by the State Board of Education until a plan or modified plan is submitted.

If the district fails to distribute State aid to attendance centers in accordance with an approved plan, the plan for the following year shall allocate funds, in addition to the funds otherwise required by this subsection, to those attendance centers which were underfunded during the previous year in amounts equal to such underfunding.

For purposes of determining compliance with this subsection in relation to the requirements of attendance center funding, each district subject to the provisions of this subsection shall submit as a separate document by December 1 of each year a report of expenditure data for the prior year in addition to any modification of its current plan. If it is determined that there has been a failure to comply with the expenditure provisions of this subsection regarding contravention or supplanting, the State Superintendent of Education shall, within 60 days of receipt of the report, notify the district and any affected local school council. The district shall within 45 days of receipt of that notification inform

the State Superintendent of Education of the remedial or corrective
action to be taken, whether by amendment of the current plan, if
feasible, or by adjustment in the plan for the following year.
Failure to provide the expenditure report or the notification of
remedial or corrective action in a timely manner shall result in a
withholding of the affected funds.

The State Board of Education shall promulgate rules and
regulations to implement the provisions of this subsection. No
funds shall be released under this subdivision (H)(4) to any district
that has not submitted a plan that has been approved by the State
Board of Education.

(J) Supplementary Grants in Aid.

(1) Notwithstanding any other provisions of this Section, the
amount of the aggregate general State aid in combination with
supplemental general State aid under this Section for which each school
district is eligible shall be no less than the amount of the aggregate general
State aid entitlement that was received by the district under Section 18-8
(exclusive of amounts received under subsections 5(p) and 5(p-5) of that
Section) for the 1997-98 school year, pursuant to the provisions of that
Section as it was then in effect. If a school district qualifies to receive a
supplementary payment made under this subsection (J), the amount of the
aggregate general State aid in combination with supplemental general
State aid under this Section which that district is eligible to receive for
each school year shall be no less than the amount of the aggregate general
State aid entitlement that was received by the district under Section 18-8
(exclusive of amounts received under subsections 5(p) and 5(p-5) of that
Section) for the 1997-1998 school year, pursuant to the provisions of that
Section as it was then in effect.

(2) If, as provided in paragraph (1) of this subsection (J), a school
district is to receive aggregate general State aid in combination with
supplemental general State aid under this Section for the 1998-99 school
year and any subsequent school year that in any such school year is less
than the amount of the aggregate general State aid entitlement that the
district received for the 1997-98 school year, the school district shall also
receive, from a separate appropriation made for purposes of this
subsection (J), a supplementary payment that is equal to the amount of the
difference in the aggregate State aid figures as described in paragraph (1).

(K) Grants to Laboratory and Alternative Schools.

In calculating the amount to be paid to the governing board of a public university that operates a laboratory school under this Section or to any alternative school that is operated by a regional superintendent of schools, the State Board of Education shall require by rule such reporting requirements as it deems necessary.

As used in this Section, "laboratory school" means a public school which is created and operated by a public university and approved by the State Board of Education. The governing board of a public university which receives funds from the State Board under this subsection (K) may not increase the number of students enrolled in its laboratory school from a single district, if that district is already sending 50 or more students, except under a mutual agreement between the school board of a student's district of residence and the university which operates the laboratory school. A laboratory school may not have more than 1,000 students, excluding students with disabilities in a special education program.

As used in this Section, "alternative school" means a public school which is created and operated by a Regional Superintendent of Schools and approved by the State Board of Education. Such alternative schools may offer courses of instruction for which credit is given in regular school programs, courses to prepare students for the high school equivalency testing program or vocational and occupational training. A regional superintendent of schools may contract with a school district or a public community college district to operate an alternative school. An alternative school serving more than one educational service region may be established by the regional superintendents of schools of the affected educational service regions. An alternative school serving more than one educational service region may be operated under such terms as the regional superintendents of schools of those educational service regions may agree.

Each laboratory and alternative school shall file, on forms provided by the State Superintendent of Education, an annual State aid claim which states the Average Daily Attendance of the school's students by month. The best 3 months' Average Daily Attendance shall be computed for each school. The general State aid entitlement shall be computed by multiplying the applicable Average Daily Attendance by the Foundation Level as determined under this Section.

(L) Payments, Additional Grants in Aid and Other Requirements.
(1) For a school district operating under the financial supervision of an Authority created under Article 34A, the general State aid otherwise payable to that district under this Section, but not the supplemental general State aid, shall be reduced by an amount equal to the budget for the operations of the Authority as certified by the Authority to the State Board of Education, and an amount equal to such reduction shall be paid to the Authority created for such district for its operating expenses in the manner provided in Section 18-11. The remainder of general State school aid for any such district shall be paid in accordance with Article 34A when that Article provides for a disposition other than that provided by this Article.

(3) Summer school. Summer school payments shall be made as provided in Section 18-4.3.

(M) Education Funding Advisory Board.

The Education Funding Advisory Board, hereinafter in this subsection (M) referred to as the "Board", is hereby created. The Board shall consist of 5 members who are appointed by the Governor, by and with the advice and consent of the Senate. The members appointed shall include representatives of education, business, and the general public. One of the members so appointed shall be designated by the Governor at the time the appointment is made as the chairperson of the Board. The initial members of the Board may be appointed any time after the effective date of this amendatory Act of 1997. The regular term of each member of the Board shall be for 4 years from the third Monday of January of the year in which the term of the member's appointment is to commence, except that of the 5 initial members appointed to serve on the Board, the member who is appointed as the chairperson shall serve for a term that commences on the date of his or her appointment and expires on the third Monday of January, 2002, and the remaining 4 members, by lots drawn at the first meeting of the Board that is held after all 5 members are appointed, shall determine 2 of their number to serve for terms that commence on the date of their respective appointments and expire on the third Monday of January, 2001, and 2 of their number to serve for terms that commence on the date of their respective appointments and expire on the third Monday of January, 2000. All members appointed to serve on the Board shall serve until their respective successors are appointed and confirmed. Vacancies shall be filled in the same manner as original appointments. If a vacancy in membership occurs at a time when the Senate is not in session, the Governor shall make a temporary appointment until the next meeting of

the Senate, when he or she shall appoint, by and with the advice and consent of the Senate, a person to fill that membership for the unexpired term. If the Senate is not in session when the initial appointments are made, those appointments shall be made as in the case of vacancies.

The Education Funding Advisory Board shall be deemed established, and the initial members appointed by the Governor to serve as members of the Board shall take office, on the date that the Governor makes his or her appointment of the fifth initial member of the Board, whether those initial members are then serving pursuant to appointment and confirmation or pursuant to temporary appointments that are made by the Governor as in the case of vacancies.

The State Board of Education shall provide such staff assistance to the Education Funding Advisory Board as is reasonably required for the proper performance by the Board of its responsibilities.

For school years after the 2000-2001 school year, the Education Funding Advisory Board, in consultation with the State Board of Education, shall make recommendations as provided in this subsection (M) to the General Assembly for the foundation level under subdivision (B)(3) of this Section and for the supplemental general State aid grant level under subsection (H) of this Section for districts with high concentrations of children from poverty. The recommended foundation level shall be determined based on a methodology which incorporates the basic education expenditures of low-spending schools exhibiting high academic performance. The Education Funding Advisory Board shall make such recommendations to the General Assembly on January 1 of odd numbered years, beginning January 1, 2001.

(O) References.

   (1) References in other laws to the various subdivisions of Section 18-8 as that Section existed before its repeal and replacement by this Section 18-8.05 shall be deemed to refer to the corresponding provisions of this Section 18-8.05, to the extent that those references remain applicable.

Section 60. The Illinois Public Aid Code is amended by changing Sections 4-2, 5-5.4, 12-4.11, and 12-10.7 and by adding Sections 5-5.26, 12-10.7a, and 12-10.9 as follows:

(305 ILCS 5/4-2) (from Ch. 23, par. 4-2)
Sec. 4-2. Amount of aid.
(a) The amount and nature of financial aid shall be determined in accordance with the grant amounts, rules and regulations of the Illinois Department. Due regard shall be given to the self-sufficiency requirements of the family and to the income, money contributions and other support and resources available, from whatever source. However, the amount and nature of any financial aid is not affected by the payment of any grant under the "Senior Citizens and Disabled Persons Property Tax Relief and Pharmaceutical Assistance Act" or any distributions or items of income described under subparagraph (X) of paragraph (2) of subsection (a) of Section 203 of the Illinois Income Tax Act. The aid shall be sufficient, when added to all other income, money contributions and support to provide the family with a grant in the amount established by Department regulation. Beginning July 1, 2008, the Department of Human Services shall increase TANF grant amounts in effect on June 30, 2008 by 9%.

(b) The Illinois Department may conduct special projects, which may be known as Grant Diversion Projects, under which recipients of financial aid under this Article are placed in jobs and their grants are diverted to the employer who in turn makes payments to the recipients in the form of salary or other employment benefits. The Illinois Department shall by rule specify the terms and conditions of such Grant Diversion Projects. Such projects shall take into consideration and be coordinated with the programs administered under the Illinois Emergency Employment Development Act.

(c) The amount and nature of the financial aid for a child requiring care outside his own home shall be determined in accordance with the rules and regulations of the Illinois Department, with due regard to the needs and requirements of the child in the foster home or institution in which he has been placed.
(d) If the Department establishes grants for family units consisting exclusively of a pregnant woman with no dependent child or including her husband if living with her, the grant amount for such a unit shall be equal to the grant amount for an assistance unit consisting of one adult, or 2 persons if the husband is included. Other than as herein described, an unborn child shall not be counted in determining the size of an assistance unit or for calculating grants.

Payments for basic maintenance requirements of a child or children and the relative with whom the child or children are living shall be prescribed, by rule, by the Illinois Department.

Grants under this Article shall not be supplemented by General Assistance provided under Article VI.

(e) Grants shall be paid to the parent or other person with whom the child or children are living, except for such amount as is paid in behalf of the child or his parent or other relative to other persons or agencies pursuant to this Code or the rules and regulations of the Illinois Department.

(f) Subject to subsection (f-5), an assistance unit, receiving financial aid under this Article or temporarily ineligible to receive aid under this Article under a penalty imposed by the Illinois Department for failure to comply with the eligibility requirements or that voluntarily requests termination of financial assistance under this Article and becomes subsequently eligible for assistance within 9 months, shall not receive any increase in the amount of aid solely on account of the birth of a child; except that an increase is not prohibited when the birth is (i) of a child of a pregnant woman who became eligible for aid under this Article during the pregnancy, or (ii) of a child born within 10 months after the date of implementation of this subsection, or (iii) of a child conceived after a family became ineligible for assistance due to income or marriage and at least 3 months of ineligibility expired before any reapplication for assistance. This subsection does not, however, prevent a unit from receiving a general increase in the amount of aid that is provided to all recipients of aid under this Article.

The Illinois Department is authorized to transfer funds, and shall use any budgetary savings attributable to not increasing the grants due to the births of additional children, to supplement existing funding for employment and training services for recipients of aid under this Article IV. The Illinois Department shall target, to the extent the supplemental funding allows, employment and training services to the families who do

not receive a grant increase after the birth of a child. In addition, the Illinois Department shall provide, to the extent the supplemental funding allows, such families with up to 24 months of transitional child care pursuant to Illinois Department rules. All remaining supplemental funds shall be used for employment and training services or transitional child care support.

In making the transfers authorized by this subsection, the Illinois Department shall first determine, pursuant to regulations adopted by the Illinois Department for this purpose, the amount of savings attributable to not increasing the grants due to the births of additional children. Transfers may be made from General Revenue Fund appropriations for distributive purposes authorized by Article IV of this Code only to General Revenue Fund appropriations for employability development services including operating and administrative costs and related distributive purposes under Article IXA of this Code. The Director, with the approval of the Governor, shall certify the amount and affected line item appropriations to the State Comptroller.

Nothing in this subsection shall be construed to prohibit the Illinois Department from using funds under this Article IV to provide assistance in the form of vouchers that may be used to pay for goods and services deemed by the Illinois Department, by rule, as suitable for the care of the child such as diapers, clothing, school supplies, and cribs.

(f-5) Subsection (f) shall not apply to affect the monthly assistance amount of any family as a result of the birth of a child on or after January 1, 2004. As resources permit after January 1, 2004, the Department may cease applying subsection (f) to limit assistance to families receiving assistance under this Article on January 1, 2004, with respect to children born prior to that date. In any event, subsection (f) shall be completely inoperative on and after July 1, 2007.

(g) (Blank).

(h) Notwithstanding any other provision of this Code, the Illinois Department is authorized to reduce payment levels used to determine cash grants under this Article after December 31 of any fiscal year if the Illinois Department determines that the caseload upon which the appropriations for the current fiscal year are based have increased by more than 5% and the appropriation is not sufficient to ensure that cash benefits under this Article do not exceed the amounts appropriated for those cash benefits. Reductions in payment levels may be accomplished by emergency rule under Section 5-45 of the Illinois Administrative Procedure Act, except

that the limitation on the number of emergency rules that may be adopted in a 24-month period shall not apply and the provisions of Sections 5-115 and 5-125 of the Illinois Administrative Procedure Act shall not apply. Increases in payment levels shall be accomplished only in accordance with Section 5-40 of the Illinois Administrative Procedure Act. Before any rule to increase payment levels promulgated under this Section shall become effective, a joint resolution approving the rule must be adopted by a roll call vote by a majority of the members elected to each chamber of the General Assembly.

Sec. 5-5.4. Standards of Payment - Department of Healthcare and Family Services. The Department of Healthcare and Family Services shall develop standards of payment of skilled nursing and intermediate care services in facilities providing such services under this Article which:

(1) Provide for the determination of a facility's payment for skilled nursing and intermediate care services on a prospective basis. The amount of the payment rate for all nursing facilities certified by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities, Long Term Care for Under Age 22 facilities, Skilled Nursing facilities, or Intermediate Care facilities under the medical assistance program shall be prospectively established annually on the basis of historical, financial, and statistical data reflecting actual costs from prior years, which shall be applied to the current rate year and updated for inflation, except that the capital cost element for newly constructed facilities shall be based upon projected budgets. The annually established payment rate shall take effect on July 1 in 1984 and subsequent years. No rate increase and no update for inflation shall be provided on or after July 1, 1994 and before July 1, 2009, unless specifically provided for in this Section. The changes made by Public Act 93-841 extending the duration of the prohibition against a rate increase or update for inflation are effective retroactive to July 1, 2004.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, a new payment methodology must be implemented for the nursing component of the rate effective July 1, 2003. The Department of Public Aid (now Healthcare and Family Services) shall develop the new payment methodology using the Minimum Data Set (MDS) as the instrument to collect information concerning nursing home resident condition necessary to compute the rate. The Department shall develop the new payment methodology to meet the unique needs of Illinois nursing home residents while remaining subject to the appropriations provided by

the General Assembly. A transition period from the payment methodology in effect on June 30, 2003 to the payment methodology in effect on July 1, 2003 shall be provided for a period not exceeding 3 years and 184 days after implementation of the new payment methodology as follows:

(A) For a facility that would receive a lower nursing component rate per patient day under the new system than the facility received effective on the date immediately preceding the date that the Department implements the new payment methodology, the nursing component rate per patient day for the facility shall be held at the level in effect on the date immediately preceding the date that the Department implements the new payment methodology until a higher nursing component rate of reimbursement is achieved by that facility.

(B) For a facility that would receive a higher nursing component rate per patient day under the payment methodology in effect on July 1, 2003 than the facility received effective on the date immediately preceding the date that the Department implements the new payment methodology, the nursing component rate per patient day for the facility shall be adjusted.

(i) For rates taking effect January 1, 2007, $60,000,000.
(ii) For rates taking effect January 1, 2008, $110,000,000.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the support component of the rates taking effect on January 1, 2008 shall be computed using the most recent cost reports on file with the Department of Healthcare and Family Services no later than April 1, 2005, updated for inflation to January 1, 2006.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on April 1, 2002 shall include a statewide increase of 2.0%, as defined by the Department. This increase terminates on July 1, 2002; beginning July 1, 2002 these rates are reduced to the level of the rates in effect on March 31, 2002, as defined by the Department.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the Illinois Department shall determine by rule the rates taking effect on July 1, 2002, which shall be 5.9% less than the rates in effect on June 30, 2002.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, effective January 1, 2009, the per diem support component of the rates effective on January 1, 2008, computed using the most recent cost reports on file with the Department of Healthcare and Family Services no later than April 1, 2005, updated for inflation to January 1, 2006, shall be increased to the amount that would have been derived using standard Department of Healthcare and Family Services methods, procedures, and inflators.

Notwithstanding any other provisions of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as intermediate care facilities that are federally defined as Institutions for Mental Disease, a socio-development component rate equal to 6.6% of the facility's nursing component rate as of January 1, 2006 shall be established and paid effective July 1, 2006. The socio-development component of the rate shall be increased by a factor of 2.5 on the first day of the month that begins at least 45 days after January 11, 2008 (the effective date of Public Act 95-707). As of August 1, 2008, the socio-development component rate shall be equal to 6.6% of the facility's nursing component rate as of January 1, 2006, multiplied by a factor of 3.53 the effective date of this amendatory Act of the 95th General Assembly. Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, effective January 1, 2005, facility rates shall be increased by the difference between (i) a facility's per diem property, liability, and malpractice insurance costs as reported in the cost report filed with the Department of Public Aid and used to establish rates effective July 1, 2001 and (ii) those same costs as reported in the facility's 2002 cost report. These costs shall be passed through to the facility without caps or limitations, except for adjustments required under normal auditing procedures.

Rates established effective each July 1 shall govern payment for services rendered throughout that fiscal year, except that rates established on July 1, 1996 shall be increased by 6.8% for services provided on or after January 1, 1997. Such rates will be based upon the rates calculated for the year beginning July 1, 1990, and for subsequent years thereafter until June 30, 2001 shall be based on the facility cost reports for the facility fiscal year ending at any point in time during the previous calendar year, updated to the midpoint of the rate year. The cost report shall be on file with the Department no later than April 1 of the current rate year. Should the cost report not be on file by April 1, the Department shall base the rate on the latest cost report filed by each skilled care facility and intermediate care facility, updated to the midpoint of the current rate year. In determining rates for services rendered on and after July 1, 1985, fixed time shall not be computed at less than zero. The Department shall not make any alterations of regulations which would reduce any component of the Medicaid rate to a level below what that component would have been utilizing in the rate effective on July 1, 1984.

(3) Shall take into account the medical and psycho-social characteristics and needs of the patients.

AN ACT concerning State government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Veterans' Health Insurance Program Act of 2008.

Section 3. Legislative intent. The General Assembly finds that those who have served their country honorably in military service and who are residing in this State deserve access to affordable, comprehensive health insurance. Many veterans are uninsured and unable to afford healthcare. This lack of healthcare, including preventative care, often exacerbates health conditions. The effects of lack of insurance negatively impact those residents of the State who are insured because the cost of paying for care to the uninsured is often shifted to those who have insurance in the form of higher health insurance premiums. It is, therefore, the intent of this legislation to provide access to affordable health insurance for veterans residing in Illinois who are unable to afford such coverage. However, the State has only a limited amount of resources, and the General Assembly therefore declares that while it intends to cover as many such veterans as possible, the State may not be able to cover every eligible person who qualifies for this Program as a matter of entitlement due to limited funding.

Section 5. Definitions. The following words have the following meanings:

"Department" means the Department of Healthcare and Family Services, or any successor agency.
"Director" means the Director of Healthcare and Family Services, or any successor agency.
"Medical assistance" means health care benefits provided under Article V of the Illinois Public Aid Code.
"Program" means the Veterans' Health Insurance Program.
"Resident" means an individual who has an Illinois residence, as provided in Section 5-3 of the Illinois Public Aid Code.

New matter indicated by italics - deletions by strikeout.
"Veteran" means any person who has served in a branch of the United States military for greater than 180 consecutive days after initial training.

"Veterans' Affairs" or "VA" means the United States Department of Veterans' Affairs.

Section 10. Operation of the Program.
(a) The Veterans' Health Insurance Program is created. This Program is not an entitlement. Enrollment is based on the availability of funds, and enrollment may be capped based on funds appropriated for the Program. As soon as practical after the effective date of this Act, coverage for this Program shall begin. The Program shall be administered by the Department of Healthcare and Family Services in collaboration with the Department of Veterans' Affairs. The Department shall have the same powers and authority to administer the Program as are provided to the Department in connection with the Department's administration of the Illinois Public Aid Code. The Department shall coordinate the Program with other health programs operated by the Department and other State and federal agencies.

(b) The Department shall operate the Program in a manner so that the estimated cost of the Program during the fiscal year will not exceed the total appropriation for the Program. The Department may take any appropriate action to limit spending or enrollment into the Program, including, but not limited to, ceasing to accept or process applications, reviewing eligibility more frequently than annually, adjusting cost-sharing, or reducing the income threshold for eligibility as necessary to control expenditures for the Program.

Section 15. Eligibility.
(a) To be eligible for the Program, a person must:
   (1) be a veteran who is not on active duty and who has not been dishonorably discharged from service;
   (2) be a resident of the State of Illinois;
   (3) be at least 19 years of age and no older than 64 years of age;
   (4) be uninsured, as defined by the Department by rule, for a period of time established by the Department by rule, which shall be no less than 6 months;
   (5) not be eligible for medical assistance under the Illinois Public Aid Code;

New matter indicated by italics - deletions by strikeout.
(6) not be eligible for medical benefits through the Veterans Health Administration; and

(7) have a household income no greater than the sum of (i) an amount equal to 25% of the federal poverty level plus (ii) an amount equal to the Veterans Administration means test income threshold at the initiation of the Program; depending on the availability of funds, this level may be increased to an amount equal to the sum of (iii) an amount equal to 50% of the federal poverty level plus (iv) an amount equal to the Veterans Administration means test income threshold. This means test income threshold is subject to alteration by the Department as set forth in subsection (b) of Section 10.

(b) A veteran who is determined eligible for the Program shall remain eligible for 12 months, provided the veteran remains a resident of the State and is not excluded under subsection (c) of this Section and provided the Department has not limited the enrollment period as set forth in subsection (b) of Section 10.

(c) A veteran is not eligible for coverage under the Program if:

(1) the premium required under Section 35 of this Act has not been timely paid; if the required premiums are not paid, the liability of the Program shall be limited to benefits incurred under the Program for the time period for which premiums have been paid and for grace periods as established under subsection (d); if the required monthly premium is not paid, the veteran is ineligible for re-enrollment for a minimum period of 3 months; or

(2) the veteran is a resident of a nursing facility or an inmate of a public institution, as defined by 42 CFR 435.1009.

(d) The Department shall adopt rules for the Program, including, but not limited to, rules relating to eligibility, re-enrollment, grace periods, notice requirements, hearing procedures, cost-sharing, covered services, and provider requirements.

Section 20. Notice of decisions to terminate eligibility. Whenever the Department decides to either deny or terminate eligibility under this Act, the veteran shall have a right to notice and a hearing, as provided by the Department by rule.

Section 25. Illinois Department of Veterans’ Affairs. The Department shall coordinate with the Illinois Department of Veterans’ Affairs and the Veterans Assistance Commissions to allow State Veterans’ Affairs service officers and the Veterans Assistance Commissions to assist
veterans to apply for the Program. All applicants must be reviewed for Veterans Health Administration eligibility or other existing health benefits prior to consideration for the Program.

Section 30. Health care benefits.

(a) For veterans eligible and enrolled, the Department shall purchase or provide health care benefits for eligible veterans that are identical to the benefits provided to adults under the State's approved plan under Title XIX of the Social Security Act, except for nursing facility services and non-emergency transportation.

(b) Providers shall be subject to approval by the Department to provide health care under the Illinois Public Aid Code and shall be reimbursed at the same rates as providers reimbursed under the State's approved plan under Title XIX of the Social Security Act.

(c) As an alternative to the benefits set forth in subsection (a) of this Section, and when cost-effective, the Department may offer veterans subsidies toward the cost of privately sponsored health insurance, including employer-sponsored health insurance.

Section 35. Cost-sharing. The Department, by rule, shall set forth requirements concerning co-payments and monthly premiums for health care services. This cost-sharing shall be based on household income, as defined by the Department by rule, and is subject to alteration by the Department as set forth in subsection (b) of Section 10.

Section 40. Charge upon claims and causes of action; right of subrogation; recoveries. Sections 11-22, 11-22a, 11-22b, and 11-22c of the Illinois Public Aid Code apply to health benefits provided to veterans under this Act, as provided in those Sections.

Section 45. Reporting. The Department shall prepare an annual report for submission to the General Assembly. The report shall be due to the General Assembly by January 1 of each year beginning in 2009. This report shall include information regarding implementation of the Program, including the number of veterans enrolled and any available information regarding other benefits derived from the Program, including screening for and acquisition of other veterans' benefits through the Veterans' Service Officers and the Veterans' Assistance Commissions. This report may also include recommendations regarding improvements that may be made to the Program and regarding the extension of the repeal date set forth in Section 85 of this Act.

Section 50. Emergency rulemaking. The Department may adopt rules necessary to establish and implement this Act through the use of
emergency rulemaking in accordance with Section 5-45 of the Illinois Administrative Procedure Act. For the purposes of that Act, the General Assembly finds that the adoption of rules to implement this Act is deemed an emergency and necessary for the public interest, safety, and welfare.

Section 85. Repeal. This Act is repealed on January 1, 2012.

Section 90. The Illinois Public Aid Code is amended by changing Sections 11-22, 11-22a, 11-22b, and 11-22c as follows:

(305 ILCS 5/11-22) (from Ch. 23, par. 11-22)

Sec. 11-22. Charge upon claims and causes of action for injuries. The Illinois Department shall have a charge upon all claims, demands and causes of action for injuries to an applicant for or recipient of (i) financial aid under Articles III, IV, and V, (ii) health care benefits provided under the Covering ALL KIDS Health Insurance Act, or (iii) health care benefits provided under the Veterans' Health Insurance Program Act or the Veterans' Health Insurance Program Act of 2008 for the total amount of medical assistance provided the recipient from the time of injury to the date of recovery upon such claim, demand or cause of action. In addition, if the applicant or recipient was employable, as defined by the Department, at the time of the injury, the Department shall also have a charge upon any such claims, demands and causes of action for the total amount of aid provided to the recipient and his dependents, including all cash assistance and medical assistance only to the extent includable in the claimant's action, from the time of injury to the date of recovery upon such claim, demand or cause of action. Any definition of "employable" adopted by the Department shall apply only to persons above the age of compulsory school attendance.

If the injured person was employable at the time of the injury and is provided aid under Articles III, IV, or V and any dependent or member of his family is provided aid under Article VI, or vice versa, both the Illinois Department and the local governmental unit shall have a charge upon such claims, demands and causes of action for the aid provided to the injured person and any dependent member of his family, including all cash assistance, medical assistance and food stamps, from the time of the injury to the date of recovery.

"Recipient", as used herein, means (i) in the case of financial aid provided under this Code, the grantee of record and any persons whose needs are included in the financial aid provided to the grantee of record or otherwise met by grants under the appropriate Article of this Code for which such person is eligible, (ii) in the case of health care benefits

provided under the Covering ALL KIDS Health Insurance Act, the child to whom those benefits are provided, and (iii) in the case of health care benefits provided under the Veterans' Health Insurance Program Act or the Veterans' Health Insurance Program Act of 2008, the veteran to whom benefits are provided.

In each case, the notice shall be served by certified mail or registered mail, upon the party or parties against whom the applicant or recipient has a claim, demand or cause of action. The notice shall claim the charge and describe the interest the Illinois Department, the local governmental unit, or the county, has in the claim, demand, or cause of action. The charge shall attach to any verdict or judgment entered and to any money or property which may be recovered on account of such claim, demand, cause of action or suit from and after the time of the service of the notice.

On petition filed by the Illinois Department, or by the local governmental unit or county if either is claiming a charge, or by the recipient, or by the defendant, the court, on written notice to all interested parties, may adjudicate the rights of the parties and enforce the charge. The court may approve the settlement of any claim, demand or cause of action either before or after a verdict, and nothing in this Section shall be construed as requiring the actual trial or final adjudication of any claim, demand or cause of action upon which the Illinois Department, the local governmental unit or county has charge. The court may determine what portion of the recovery shall be paid to the injured person and what portion shall be paid to the Illinois Department, the local governmental unit or county having a charge against the recovery. In making this determination, the court shall conduct an evidentiary hearing and shall consider competent evidence pertaining to the following matters:

(1) the amount of the charge sought to be enforced against the recovery when expressed as a percentage of the gross amount of the recovery; the amount of the charge sought to be enforced against the recovery when expressed as a percentage of the amount obtained by subtracting from the gross amount of the recovery the total attorney's fees and other costs incurred by the recipient incident to the recovery; and whether the Department, unit of local government or county seeking to enforce the charge against the recovery should as a matter of fairness and equity bear its proportionate share of the fees and costs incurred to generate the recovery from which the charge is sought to be satisfied;

New matter indicated by italics - deletions by strikeout.
(2) the amount, if any, of the attorney's fees and other costs incurred by the recipient incident to the recovery and paid by the recipient up to the time of recovery, and the amount of such fees and costs remaining unpaid at the time of recovery;

(3) the total hospital, doctor and other medical expenses incurred for care and treatment of the injury to the date of recovery therefor, the portion of such expenses theretofore paid by the recipient, by insurance provided by the recipient, and by the Department, unit of local government and county seeking to enforce a charge against the recovery, and the amount of such previously incurred expenses which remain unpaid at the time of recovery and by whom such incurred, unpaid expenses are to be paid;

(4) whether the recovery represents less than substantially full recompense for the injury and the hospital, doctor and other medical expenses incurred to the date of recovery for the care and treatment of the injury, so that reduction of the charge sought to be enforced against the recovery would not likely result in a double recovery or unjust enrichment to the recipient;

(5) the age of the recipient and of persons dependent for support upon the recipient, the nature and permanency of the recipient's injuries as they affect not only the future employability and education of the recipient but also the reasonably necessary and foreseeable future material, maintenance, medical, rehabilitative and training needs of the recipient, the cost of such reasonably necessary and foreseeable future needs, and the resources available to meet such needs and pay such costs;

(6) the realistic ability of the recipient to repay in whole or in part the charge sought to be enforced against the recovery when judged in light of the factors enumerated above.

The burden of producing evidence sufficient to support the exercise by the court of its discretion to reduce the amount of a proven charge sought to be enforced against the recovery shall rest with the party seeking such reduction.

The court may reduce and apportion the Illinois Department's lien proportionate to the recovery of the claimant. The court may consider the nature and extent of the injury, economic and noneconomic loss, settlement offers, comparative negligence as it applies to the case at hand, hospital costs, physician costs, and all other appropriate costs. The Illinois

Department shall pay its pro rata share of the attorney fees based on the Illinois Department's lien as it compares to the total settlement agreed upon. This Section shall not affect the priority of an attorney's lien under the Attorneys Lien Act. The charges of the Illinois Department described in this Section, however, shall take priority over all other liens and charges existing under the laws of the State of Illinois with the exception of the attorney's lien under said statute.

Whenever the Department or any unit of local government has a statutory charge under this Section against a recovery for damages incurred by a recipient because of its advancement of any assistance, such charge shall not be satisfied out of any recovery until the attorney's claim for fees is satisfied, irrespective of whether or not an action based on recipient's claim has been filed in court.

This Section shall be inapplicable to any claim, demand or cause of action arising under (a) the Workers' Compensation Act or the predecessor Workers' Compensation Act of June 28, 1913, (b) the Workers' Occupational Diseases Act or the predecessor Workers' Occupational Diseases Act of March 16, 1936; and (c) the Wrongful Death Act.

To the extent of the amount of (i) medical assistance provided by the Department to or on behalf of a recipient under Article V or VI, (ii) health care benefits provided for a child under the Covering ALL KIDS Health Insurance Act, or (iii) health care benefits provided to a veteran under the Veterans' Health Insurance Program Act or the Veterans' Health Insurance Program Act of 2008, the Department shall be subrogated to any right of recovery such recipient may have under the terms of any private or public health care coverage or casualty coverage, including coverage under the "Workers' Compensation Act", approved July 9, 1951, as amended, or the "Workers' Occupational Diseases Act", approved July 9, 1951, as amended, without the necessity of assignment of claim or other authorization to secure the right of recovery to the Department. (305 ILCS 5/11-22b) (from Ch. 23, par. 11-22b)
Sec. 11-22b. Recoveries.
(a) As used in this Section:

(1) "Carrier" means any insurer, including any private company, corporation, mutual association, trust fund, reciprocal or interinsurance exchange authorized under the laws of this State to insure persons against liability or injuries caused to another and any insurer providing benefits under a policy of bodily injury liability insurance covering liability arising out of the ownership, maintenance or use of a motor vehicle which provides uninsured motorist endorsement or coverage.

(2) "Beneficiary" means any person or their dependents who has received benefits or will be provided benefits under this Code, under the Covering ALL KIDS Health Insurance Act, or under the Veterans' Health Insurance Program Act or the Veterans' Health Insurance Program Act of 2008 because of an injury for which another person may be liable. It includes such beneficiary's guardian, conservator or other personal representative, his estate or survivors.

(b)(1) When benefits are provided or will be provided to a beneficiary under this Code, under the Covering ALL KIDS Health Insurance Act, or under the Veterans' Health Insurance Program Act or the Veterans' Health Insurance Program Act of 2008 because of an injury for which another person is liable, or for which a carrier is liable in accordance with the provisions of any policy of insurance issued pursuant to the Illinois Insurance Code, the Illinois Department shall have a right to recover from such person or carrier the reasonable value of benefits so provided. The Attorney General may, to enforce such right, institute and prosecute legal proceedings against the third person or carrier who may be liable for the injury in an appropriate court, either in the name of the
Illinois Department or in the name of the injured person, his guardian, personal representative, estate, or survivors.

(2) The Department may:
   (A) compromise or settle and release any such claim for benefits provided under this Code, or
   (B) waive any such claims for benefits provided under this Code, in whole or in part, for the convenience of the Department or if the Department determines that collection would result in undue hardship upon the person who suffered the injury or, in a wrongful death action, upon the heirs of the deceased.

(3) No action taken on behalf of the Department pursuant to this Section or any judgment rendered in such action shall be a bar to any action upon the claim or cause of action of the beneficiary, his guardian, conservator, personal representative, estate, dependents or survivors against the third person who may be liable for the injury, or shall operate to deny to the beneficiary the recovery for that portion of any damages not covered hereunder.

(c)(1) When an action is brought by the Department pursuant to subsection (b), it shall be commenced within the period prescribed by Article XIII of the Code of Civil Procedure. However, the Department may not commence the action prior to 5 months before the end of the applicable period prescribed by Article XIII of the Code of Civil Procedure. Thirty days prior to commencing an action, the Department shall notify the beneficiary of the Department's intent to commence such an action.

(2) The death of the beneficiary does not abate any right of action established by subsection (b).

(3) When an action or claim is brought by persons entitled to bring such actions or assert such claims against a third person who may be liable for causing the death of a beneficiary, any settlement, judgment or award obtained is subject to the Department's claim for reimbursement of the benefits provided to the beneficiary under this Code, under the Covering ALL KIDS Health Insurance Act, or under the Veterans' Health Insurance Program Act or the Veterans' Health Insurance Program Act of 2008.

(4) When the action or claim is brought by the beneficiary alone and the beneficiary incurs a personal liability to pay attorney's fees and costs of litigation, the Department's claim for reimbursement of the benefits provided to the beneficiary shall be the full amount of benefits paid on behalf of the beneficiary under this Code, under the Covering ALL

KIDS Health Insurance Act, or under the Veterans' Health Insurance Program Act or the Veterans' Health Insurance Program Act of 2008 less a pro rata share which represents the Department's reasonable share of attorney's fees paid by the beneficiary and that portion of the cost of litigation expenses determined by multiplying by the ratio of the full amount of the expenditures of the full amount of the judgment, award or settlement.

(d)(1) If either the beneficiary or the Department brings an action or claim against such third party or carrier, the beneficiary or the Department shall within 30 days of filing the action give to the other written notice by personal service or registered mail of the action or claim and of the name of the court in which the action or claim is brought. Proof of such notice shall be filed in such action or claim. If an action or claim is brought by either the Department or the beneficiary, the other may, at any time before trial on the facts, become a party to such action or claim or shall consolidate his action or claim with the other if brought independently.

(2) If an action or claim is brought by the Department pursuant to subsection (b)(1), written notice to the beneficiary, guardian, personal representative, estate or survivor given pursuant to this Section shall advise him of his right to intervene in the proceeding, his right to obtain a private attorney of his choice and the Department's right to recover the reasonable value of the benefits provided.

(e) In the event of judgment or award in a suit or claim against such third person or carrier:

(1) If the action or claim is prosecuted by the beneficiary alone, the court shall first order paid from any judgment or award the reasonable litigation expenses incurred in preparation and prosecution of such action or claim, together with reasonable attorney's fees, when an attorney has been retained. After payment of such expenses and attorney's fees the court shall, on the application of the Department, allow as a first lien against the amount of such judgment or award the amount of the Department's expenditures for the benefit of the beneficiary under this Code, under the Covering ALL KIDS Health Insurance Act, or under the Veterans' Health Insurance Program Act or the Veterans' Health Insurance Program Act of 2008, as provided in subsection (c)(4).

(2) If the action or claim is prosecuted both by the beneficiary and the Department, the court shall first order paid...
from any judgment or award the reasonable litigation expenses incurred in preparation and prosecution of such action or claim, together with reasonable attorney's fees for plaintiffs' attorneys based solely on the services rendered for the benefit of the beneficiary. After payment of such expenses and attorney's fees, the court shall apply out of the balance of such judgment or award an amount sufficient to reimburse the Department the full amount of benefits paid on behalf of the beneficiary under this Code, under the Covering ALL KIDS Health Insurance Act, or under the Veterans' Health Insurance Program Act or the Veterans' Health Insurance Program Act of 2008.

(f) The court shall, upon further application at any time before the judgment or award is satisfied, allow as a further lien the amount of any expenditures of the Department in payment of additional benefits arising out of the same cause of action or claim provided on behalf of the beneficiary under this Code, under the Covering ALL KIDS Health Insurance Act, or under the Veterans' Health Insurance Program Act or the Veterans' Health Insurance Program Act of 2008, when such benefits were provided or became payable subsequent to the original order.

(g) No judgment, award, or settlement in any action or claim by a beneficiary to recover damages for injuries, when the Department has an interest, shall be satisfied without first giving the Department notice and a reasonable opportunity to perfect and satisfy its lien.

(h) When the Department has perfected a lien upon a judgment or award in favor of a beneficiary against any third party for an injury for which the beneficiary has received benefits under this Code, under the Covering ALL KIDS Health Insurance Act, or under the Veterans' Health Insurance Program Act or the Veterans' Health Insurance Program Act of 2008, the Department shall be entitled to a writ of execution as lien claimant to enforce payment of said lien against such third party with interest and other accruing costs as in the case of other executions. In the event the amount of such judgment or award so recovered has been paid to the beneficiary, the Department shall be entitled to a writ of execution against such beneficiary to the extent of the Department's lien, with interest and other accruing costs as in the case of other executions.

(i) Except as otherwise provided in this Section, notwithstanding any other provision of law, the entire amount of any settlement of the injured beneficiary's action or claim, with or without suit, is subject to the Department's claim for reimbursement of the benefits provided and any

(b) If a recipient maintains any suit, charge or other court or administrative action against an employer seeking back pay for a period during which the recipient received financial assistance under Article IV or Article VI of this Code, health care benefits under the Covering ALL KIDS Health Insurance Act, or health care benefits under the Veterans' Health Insurance Program Act or the Veterans' Health Insurance Program Act of 2008, the recipient shall report such fact to the Department. The specifications must be so drawn as to permit separate and independent bidding upon each of the 5 subdivisions of work. All contracts awarded for any part thereof shall award the 5 subdivisions of work separately to responsible and reliable persons, firms, or corporations engaged in these classes of work. The contracts, at the discretion of the construction agency, may be assigned to the successful bidder on the general contract work or to the successful bidder on the subdivision of work designated by the construction agency before the bidding as the prime subdivision of work, provided that all payments will be made directly to the contractors for the 5 subdivisions of work upon compliance with the conditions of the contract. A contract may be let for one or more buildings in any project to the same contractor. The specifications shall require, however, that unless the buildings are identical, a separate price shall be submitted for each building. The contract may be awarded to the lowest responsible bidder for each or all of the buildings included in the specifications.

Until a date 3 years after the effective date of this amendatory Act of the 95th General Assembly, the requirements of this Section do not apply to a construction project for which the Capital Development Board is the construction agency if: (i) the project budget is at least $20,000,000; (ii) the Capital Development Board has submitted to the Procurement Policy Board a written request for a public hearing on waiver of the application of the requirements of this Section to that project, including its reasons for seeking the waiver and why the waiver is in the best interest of the State; (iii) the Capital Development Board has posted notice of the waiver hearing on its procurement web page and on the online Procurement Bulletin at least 15 working days before the hearing; (iv) the Procurement Policy Board, after conducting the public hearing on the waiver request, reviews and approves the request in writing before the award of the contract; (v) the successful low bidder has prequalified with the Capital Development Board; (vi) the bid of the successful low bidder identifies the name of the subcontractor, if any, and the bid proposal costs for each of the 5 subdivisions of work set forth in this Section; and (vii) the contract entered into with the successful bidder provides that no identified subcontractor may be terminated without the written consent of the
