(4) In making a determination under item (3) of this subsection (b), the Director's decision shall be made in accordance with the terms of the covered person’s health benefit plan and shall be subject to all applicable provisions of this Act.

(c) Upon determining that a request meets the requirements of subsections (b) and (c) of Section 20, the health carrier shall immediately assign an independent review organization from the list of approved independent review organizations compiled and maintained by the Director to conduct the expedited review. In such cases, the following provisions shall apply:

(4) Within one business day after making the decision to terminate the external review and make a decision to reverse the adverse determination or final adverse determination under item (3) of this subsection (c), the independent review organization shall notify the health carrier, the covered person and, if applicable, the covered person's authorized representative of its decision to reverse the adverse determination.

(d) In addition to the documents and information provided by the health carrier or its utilization review organization and any documents and information provided by the covered person and the covered person's authorized representative, the independent review organization shall consider information as required by subsection (i) of Section 35 of this Act in reaching a decision.

    (2) notify the health carrier, the covered person, the covered person's health care provider, and if applicable, the covered person's authorized representative, of the decision.

(f) In reaching a decision, the assigned independent review organization is not bound by any decisions or conclusions reached during the health carrier's utilization review process or the health carrier's internal grievance process as set forth in the Managed Care Reform and Patient Rights Act.

(g) Upon receipt of notice of a decision reversing the final adverse determination, the health carrier shall immediately approve the coverage that was the subject of the final adverse determination.

representative including the information set forth in subsection (j) of
Section 35 of this Act as applicable.

(i) An expedited external review may not be provided for
retrospective adverse or final adverse determinations.

Section 45. Binding nature of external review decision. An external
review decision is binding on the health carrier. An external review
decision is binding on the covered person except to the extent the covered
person has other remedies available under applicable federal or State law.
A covered person or the covered person's authorized representative may

covered person has already received an external review decision pursuant
to this Act.

(e) An approval is effective for 2 years, unless the Director determines before its expiration that the independent review organization is not satisfying the minimum qualifications established under this Act.

(f) Whenever the Director determines that an independent review organization has lost its accreditation or no longer satisfies the minimum requirements established under this Act, the Director shall terminate the approval of the independent review organization and remove the independent review organization from the list of independent review organizations approved to conduct external reviews under this Act that is maintained by the Director.

(g) The Director shall maintain and periodically update a list of approved independent review organizations.

Section 90. The Illinois Insurance Code is amended by changing Section 155.36 and by adding Sections 359b and 359c as follows:

(215 ILCS 5/155.36)
Sec. 155.36. Managed Care Reform and Patient Rights Act.
Insurance companies that transact the kinds of insurance authorized under Class 1(b) or Class 2(a) of Section 4 of this Code shall comply with Sections 45 and Section 85 and the definition of the term "emergency medical condition" in Section 10 of the Managed Care Reform and Patient Rights Act.

(215 ILCS 5/359b new)
Sec. 359b. Committee to create a uniform small employer group-health status questionnaire and individual health statement.
(a) For the purposes of this Section:
"Employee health-status questionnaire" means a questionnaire that poses questions about an individual employee’s or covered dependent’s health history and that is to be completed by the individual employee or covered dependent of a small employer that seeks health insurance coverage from a small employer carrier.
"Health benefit plan", "small employer", and "small employer carrier" shall have the meaning given the terms in the Small Employer Health Insurance Rating Act.
"Individual health insurance coverage" and "individual market" shall have the meaning given the terms in the Illinois Health Insurance Portability and Accountability Act.

(b) A committee is established in the Department consisting of 11 members, including the Director or the Director's designee, who are appointed by the Director. The Director shall appoint to the committee 5 representatives as recommended by the Illinois Insurance Association, Illinois Life Insurance Council, Professional Independent Insurance Agents of Illinois, Illinois Association of Health Underwriters, Illinois Chamber of Commerce, Illinois Manufacturers Association, Illinois Retail Merchants Association, and National Federation of Independent Businesses and 5 consumer representatives. The Director or the Director's designee shall serve as chairperson of the committee.

(c) The committee shall develop a uniform employee health-status questionnaire to simplify the health insurance application process for small employers. The committee shall study employee-health status questionnaires currently used by major small employer carriers in this State and consolidate the questionnaires into a uniform questionnaire. The questionnaire shall be designed to permit its use both as a written document and through electronic or other alternative delivery formats.

A uniform employee health-status questionnaire shall allow small employers that are required to provide information regarding their employees to a small employer carrier when applying for a small employer group health insurance policy to use a standardized questionnaire that small employer carriers shall be required to use. The development of the uniform employee health-status questionnaire is intended to relieve small employers of the burden of completing separate application forms for each small employer carrier with which the employer applies for insurance or from which the employer seeks information regarding such matters as rates, coverage, and availability. The use of the uniform employee health-status questionnaire by small employer carriers and small employers shall be mandatory.

(d) On or before July 1, 2010, the committee shall develop the uniform employee health-status questionnaire for adoption by the Department. Beginning January 1, 2011, a small employer carrier shall use the questionnaire for all small employer groups for which it requires employees and their covered dependents to complete questionnaires.

(e) The Director, as needed, may reconvene the committee to consider whether changes are necessary to the uniform employee health

status questionnaire. If the committee determines that changes to the questionnaire are necessary, then the Director may adopt revisions to the questionnaire as recommended by the committee. Small employer carriers shall use the revised questionnaire beginning 90 days after the Director adopts any revision.

(f) Nothing in this Section shall be construed to limit or restrict a small employer carrier's ability to appropriately rate risk under a small employer health benefit plan.

(g) On or before July 1, 2010, the committee shall develop a standard individual market health statement to simplify the health insurance application process for individuals. The committee shall study health statements currently used by major carriers in this State who offer individual health insurance coverage and consolidate the statements into a standard individual market health statement. The standard individual market health statement shall be designed to permit its use both as a written document and through electronic or other alternative delivery formats. For purposes of the individual market health statement, the Director may, but shall not be required to, establish a committee distinct from that formed to develop an application for small employers. In that event, the composition of the committee shall be as prescribed in subsection (b) of this Section, although individual participants may change.

(h) Beginning January 1, 2011, all carriers who offer individual health insurance coverage and evaluate the health status of individuals shall use the standard individual market health statement.

(i) The Director, as needed, may reconvene the committee to consider whether changes are necessary to the standard individual market health statement. If the committee determines that changes to the statement are necessary, the Director may adopt revisions to the statement as recommended by the committee. All carriers who offer individual health insurance coverage shall use the revised statement beginning 90 days after the Director adopts any revision.

(j) Nothing in this Section shall prevent a carrier from using health information after enrollment for the purpose of providing services or arranging for the provision of services under a health benefit plan or a policy of individual health insurance coverage.

(k) Nothing in this Section shall be construed to limit or restrict a health carrier's ability to appropriately rate risk, refuse to issue or renew coverage, or otherwise rescind, terminate, or restrict coverage under a

health benefit plan or a policy of individual health insurance coverage or conduct further review of the information submitted on the statement by contacting an individual, the individual's health care provider, or any other entity for additional health status related information.

(1) Committee members are not eligible for compensation but may receive reimbursement of expenses.

The semi-annual statements shall be filed on or before July 31 for the preceding 6-month period ending June 30 and on or before February 1 for the preceding 6-month period ending December 31. The statements shall itemize and separately detail all of the following information with respect to the carrier's accident or health insurance business:

(1) the amount of premiums earned by the carrier both before and after any costs related to the carrier's purchase of reinsurance coverage;

(2) the total amount of claims for losses paid by the carrier both before and after any reimbursement from reinsurance coverage including any costs incurred related to:
   (A) disease, case, or chronic care management programs;
   (B) wellness and health education programs;
   (C) fraud prevention;
   (D) maintaining provider networks and provider credentialing;
   (E) health information technology for personal electronic health records; and
   (F) utilization review and utilization management;

(5) the amount of costs incurred by the carrier for reinsurance coverage;
(6) the amount of costs incurred by the carrier that are related to the carrier's payment of marketing expenses including commissions; and
(7) any other administrative expenses incurred by the carrier.

(b) The information provided pursuant to subsection (a) of this Section shall be separately aggregated for the following lines of major medical insurance:

(1) individually underwritten;
(2) groups of 2 to 25 members;
(3) groups of 26 to 50 members;
(4) groups of 51 or more members.

(c) The Department shall make the submitted information publicly available on the Department's website or such other media as appropriate in a form useful for consumers.

Section 95. The Managed Care Reform and Patient Rights Act is amended by changing Sections 40 and 45 as follows:

Sec. 40. Access to specialists.
(a) All health care plans that require each enrollee to select a health care provider for any purpose including coordination of care shall permit an enrollee to choose any available primary care physician licensed to practice medicine in all its branches participating in the health care plan for that purpose. The health care plan shall provide the enrollee with a choice of licensed health care providers who are accessible and qualified. Nothing in this Act shall be construed to prohibit a health care plan from requiring a health care provider to meet the health care plan's criteria in order to coordinate access to health care.

(b) A health care plan shall establish a procedure by which an enrollee who has a condition that requires ongoing care from a specialist physician or other health care provider may apply for a standing referral to a specialist physician or other health care provider if a referral to a

New matter indicated by italics - deletions by strikeout.
specialist physician or other health care provider is required for coverage. The application shall be made to the enrollee's primary care physician. This procedure for a standing referral must specify the necessary criteria and conditions that must be met in order for an enrollee to obtain a standing referral. A standing referral shall be effective for the period necessary to provide the referred services or one year, except in the event of termination of a contract or policy in which case Section 25 on transition of services shall apply, if applicable. A primary care physician may renew and re-renew a standing referral.

(c) The enrollee may be required by the health care plan to select a specialist physician or other health care provider who has a referral arrangement with the enrollee's primary care physician or to select a new primary care physician who has a referral arrangement with the specialist physician or other health care provider chosen by the enrollee. If a health care plan requires an enrollee to select a new physician under this subsection, the health care plan must provide the enrollee with both options provided in this subsection. When a participating specialist with a referral arrangement is not available, the primary care physician, in consultation with the enrollee, shall arrange for the enrollee to have access to a qualified participating health care provider, and the enrollee shall be allowed to stay with his or her primary care physician. If a secondary referral is necessary, the specialist physician or other health care provider shall advise the primary care physician. The primary care physician shall be responsible for making the secondary referral. In addition, the health care plan shall require the specialist physician or other health care provider to provide regular updates to the enrollee's primary care physician.

(d) When the type of specialist physician or other health care provider needed to provide ongoing care for a specific condition is not represented in the health care plan's provider network, the primary care physician shall arrange for the enrollee to have access to a qualified non-participating health care provider within a reasonable distance and travel time at no additional cost beyond what the enrollee would otherwise pay for services received within the network. The referring physician shall notify the plan when a referral is made outside the network.

(e) The enrollee's primary care physician shall remain responsible for coordinating the care of an enrollee who has received a standing referral to a specialist physician or other health care provider. If a secondary referral is necessary, the specialist physician or other health care provider shall advise the primary care physician. The primary care

physician shall be responsible for making the secondary referral. In addition, the health care plan shall require the specialist physician or other health care provider to provide regular updates to the enrollee's primary care physician.

(f) If an enrollee's application for any referral is denied, an enrollee may appeal the decision through the health care plan's external independent review process as provided by the Illinois Health Carrier External Review Act in accordance with subsection (f) of Section 45 of this Act.

(g) Nothing in this Act shall be construed to require an enrollee to select a new primary care physician when no referral arrangement exists between the enrollee's primary care physician and the specialist selected by the enrollee and when the enrollee has a long-standing relationship with his or her primary care physician.

(h) In promulgating rules to implement this Act, the Department shall define "standing referral" and "ongoing course of treatment".

(215 ILCS 134/45)

Sec. 45. Health care services appeals, complaints, and external independent reviews.

(a) A health care plan shall establish and maintain an appeals procedure as outlined in this Act. Compliance with this Act's appeals procedures shall satisfy a health care plan's obligation to provide appeal procedures under any other State law or rules. All appeals of a health care plan's administrative determinations and complaints regarding its administrative decisions shall be handled as required under Section 50.

(b) When an appeal concerns a decision or action by a health care plan, its employees, or its subcontractors that relates to (i) health care services, including, but not limited to, procedures or treatments, for an enrollee with an ongoing course of treatment ordered by a health care provider, the denial of which could significantly increase the risk to an enrollee's health, or (ii) a treatment referral, service, procedure, or other health care service, the denial of which could significantly increase the risk to an enrollee's health, the health care plan must allow for the filing of an appeal either orally or in writing. Upon submission of the appeal, a health care plan must notify the party filing the appeal, as soon as possible, but in no event more than 24 hours after the submission of the appeal, of all information that the plan requires to evaluate the appeal. The health care plan shall render a decision on the appeal within 24 hours after receipt of

the required information. The health care plan shall notify the party filing the appeal and the enrollee, enrollee's primary care physician, and any health care provider who recommended the health care service involved in the appeal of its decision orally followed-up by a written notice of the determination.

(c) For all appeals related to health care services including, but not limited to, procedures or treatments for an enrollee and not covered by subsection (b) above, the health care plan shall establish a procedure for the filing of such appeals. Upon submission of an appeal under this subsection, a health care plan must notify the party filing an appeal, within 3 business days, of all information that the plan requires to evaluate the appeal. The health care plan shall render a decision on the appeal within 15 business days after receipt of the required information. The health care plan shall notify the party filing the appeal, the enrollee, the enrollee's primary care physician, and any health care provider who recommended the health care service involved in the appeal orally of its decision followed-up by a written notice of the determination.

(d) An appeal under subsection (b) or (c) may be filed by the enrollee, the enrollee's designee or guardian, the enrollee's primary care physician, or the enrollee's health care provider. A health care plan shall designate a clinical peer to review appeals, because these appeals pertain to medical or clinical matters and such an appeal must be reviewed by an appropriate health care professional. No one reviewing an appeal may have had any involvement in the initial determination that is the subject of the appeal. The written notice of determination required under subsections (b) and (c) shall include (i) clear and detailed reasons for the determination, (ii) the medical or clinical criteria for the determination, which shall be based upon sound clinical evidence and reviewed on a periodic basis, and (iii) in the case of an adverse determination, the procedures for requesting an external independent review as provided by the Illinois Health Carrier External Review Act under subsection (f).

(e) If an appeal filed under subsection (b) or (c) is denied for a reason including, but not limited to, the service, procedure, or treatment is not viewed as medically necessary, denial of specific tests or procedures, denial of referral to specialist physicians or denial of hospitalization requests or length of stay requests, any involved party may request an external independent review as provided by the Illinois Health Carrier External Review Act under subsection (f) of the adverse determination.

New matter indicated by italics - deletions by strikeout.
(f) Until July 1, 2013, if an external independent review decision made pursuant to the Illinois Health Carrier External Review Act upholds a determination adverse to the covered person, the covered person has the right to appeal the final decision to the Department; if the external review decision is found by the Director to have been arbitrary and capricious, then the Director, with consultation from a licensed medical professional, may overturn the external review decision and require the health carrier to pay for the health care service or treatment; such decision, if any, shall be made solely on the legal or medical merits of the claim. If an external review decision is overturned by the Director pursuant to this Section and the health carrier so requests, then the Director shall assign a new independent review organization to reconsider the overturned decision. The new independent review organization shall follow subsection (d) of Section 40 of the Health Carrier External Review Act in rendering a decision. 

External independent review:

(1) The party seeking an external independent review shall so notify the health care plan. The health care plan shall seek to resolve all external independent reviews in the most expeditious manner and shall make a determination and provide notice of the determination no more than 24 hours after the receipt of all necessary information when a delay would significantly increase the risk to an enrollee’s health or when extended health care services for an enrollee undergoing a course of treatment prescribed by a health care provider are at issue:

(2) Within 30 days after the enrollee receives written notice of an adverse determination, if the enrollee decides to initiate an external independent review, the enrollee shall send to the health care plan a written request for an external independent review, including any information or documentation to support the enrollee’s request for the covered service or claim for a covered service:

(3) Within 30 days after the health care plan receives a request for an external independent review from an enrollee, the health care plan shall:

(A) provide a mechanism for joint selection of an external independent reviewer by the enrollee, the enrollee’s physician or other health care provider, and the health care plan; and

The amount for payment of delinquency shall not be less than 20% of the total of the current support amount and the amount to be paid periodically for payment of any arrearage stated in the order for support; and

(3) Include the obligor's Social Security Number, which the obligor shall disclose to the court. If the obligor is not a United States citizen, the obligor shall disclose to the court, and the court shall include in the order for support, the obligor's alien registration number, passport number, and home country's social security or national health number, if applicable.

(b) At the time the order for support is entered, the Clerk of the Circuit Court shall provide a copy of the order to the obligor and shall make copies available to the obligee and public office.

(c) The income withholding notice shall:

(1) be in the standard format prescribed by the federal Department of Health and Human Services; and

(1.1) state the date of entry of the order for support upon which the income withholding notice is based; and

(2) direct any payor to withhold the dollar amount required for current support under the order for support; and

(7) state the duties of the payor and the fines and penalties for failure to withhold and pay over income and for discharging, disciplining, refusing to hire, or otherwise penalizing the obligor because of the duty to withhold and pay over income under this Section; and
(8) state the rights, remedies, and duties of the obligor under this Section; and
(9) include the Social Security number of the obligor; and

(11) contain the signature of the obligee or the printed name and telephone number of the authorized representative of the public office, except that the failure to contain the signature of the obligee or the printed name and telephone number of the authorized representative of the public office shall not affect the validity of the income withholding notice; and
(12) direct any payor to pay over amounts withheld for payment of support to the State Disbursement Unit.

(d) The accrual of a delinquency as a condition for service of an income withholding notice, under the exception to immediate withholding in subsection (a) of this Section, shall apply only to the initial service of an income withholding notice on a payor of the obligor.

(e) Notwithstanding the exception to immediate withholding contained in subsection (a) of this Section, if the court finds at the time of any hearing that an arrearage has accrued, the court shall order immediate service of an income withholding notice upon the payor.

(f) If the order for support, under the exception to immediate withholding contained in subsection (a) of this Section, provides that an income withholding notice is to be prepared and served only if the obligor becomes delinquent in paying the order for support, the obligor may execute a written waiver of that condition and request immediate service on the payor.

(g) The obligee or public office may serve the income withholding notice on the payor or its superintendent, manager, or other agent by ordinary mail or certified mail return receipt requested, by facsimile transmission or other electronic means, by personal delivery, or by any method provided by law for service of a summons. At the time of service on the payor and as notice that withholding has commenced, the obligee or
public office shall serve a copy of the income withholding notice on the obligor by ordinary mail addressed to his or her last known address. A copy of an income withholding notice and proof of service shall be filed with the Clerk of the Circuit Court only when necessary in connection with a petition to contest, modify, suspend, terminate, or correct an income withholding notice, an action to enforce income withholding against a payor, or the resolution of other disputes involving an income withholding notice. The changes made to this subsection by this amendatory Act of the 96th General Assembly apply on and after September 1, 2009. A copy of the income withholding notice together with proofs of service on the payor and the obligor shall be filed with the Clerk of the Circuit Court.

(h) At any time after the initial service of an income withholding notice, any other payor of the obligor may be served with the same income withholding notice without further notice to the obligor. A copy of the income withholding notice together with a proof of service on the other payor shall be filed with the Clerk of the Circuit Court.

(i) New service of an income withholding notice is not required in order to resume withholding of income in the case of an obligor with respect to whom an income withholding notice was previously served on the payor if withholding of income was terminated because of an interruption in the obligor's employment of less than 180 days.

(750 ILCS 28/22)

Sec. 22. Use of National Medical Support Notice to enforce health insurance coverage.

(a) Notwithstanding the provisions of subdivision (c)(4) of Section 20, when an order for support is being enforced by the Title IV-D Agency under this Act, any requirement for health insurance coverage to be provided through an employer, including withholding of premiums from the income of the obligor, shall be enforced through use of a National Medical Support Notice instead of through provisions in an income withholding notice.

(b) A National Medical Support Notice may be served on the employer in the manner and under the circumstances provided for serving an income withholding notice under this Act, except that an order for support that conditions service of an income withholding notice on the obligor becoming delinquent in paying the order for support, as provided under subdivision (a)(1) of Section 20, shall not prevent immediate service of a National Medical Support Notice by the Title IV-D Agency. The Title
IV-D Agency may serve a National Medical Support Notice on an employer in conjunction with service of an income withholding notice. Service of an income withholding notice is not a condition for service of a National Medical Support Notice, however.

(c) At the time of service of a National Medical Support Notice on the employer, the Title IV-D Agency shall serve a copy of the Notice on the obligor by ordinary mail addressed to the obligor's last known address. A copy of a National Medical Support Notice and proof of service shall be filed with the Clerk of the Circuit Court only when necessary in connection with a petition to contest, modify, suspend, terminate, or correct a National Medical Support Notice, an action to enforce compliance with a National Medical Support Notice, or the resolution of other disputes involving a National Medical Support Notice. The changes made to this subsection by this amendatory Act of the 96th General Assembly apply on and after September 1, 2009. The Title IV-D Agency shall file a copy of the National Medical Support Notice, together with proofs of service on the employer and the obligor, with the clerk of the circuit court.

(d) Within 20 business days after the date of a National Medical Support Notice, an employer served with the Notice shall transfer the severable notice to plan administrator to the appropriate group health plan providing any health insurance coverage for which the child is eligible. As required in the part of the National Medical Support Notice directed to the employer, the employer shall withhold any employee premium necessary for coverage of the child and shall send any amount withheld directly to the plan. The employer shall commence the withholding no later than the next payment of income that occurs 14 days following the date the National Medical Support Notice was mailed, sent by facsimile or other electronic means, or placed for personal delivery to or service on the employer.

Notwithstanding the requirement to withhold premiums from the obligor's income, if the plan administrator informs the employer that the child is enrolled in an option under the plan for which the employer has determined that the obligor's premium exceeds the amount that may be withheld from the obligor's income due to the withholding limitation or prioritization contained in Section 35 of this Act, the employer shall complete the appropriate item in the part of the National Medical Support Notice directed to the employer according to the instructions in the Notice and shall return that part to the Title IV-D Agency.

New matter indicated by italics - deletions by strikeout.
(e) If one of the following circumstances exists, an employer served with a National Medical Support Notice shall complete the part of the Notice directed to the employer in accordance with the instructions in the Notice and shall return that part to the Title IV-D Agency within 20 business days after the date of the Notice:

1. The employer does not maintain or contribute to plans providing dependent or family health insurance coverage.

2. The obligor is among a class of employees that is not eligible for family health insurance coverage under any group health plan maintained by the employer or to which the employer contributes.

3. Health insurance coverage is not available because the obligor is no longer employed by the employer.

(f) The administrator of a health insurance plan to whom an employer has transferred the severable notice to plan administrator part of a National Medical Support Notice shall complete that part with the health insurance coverage information required under the instructions in the Notice and shall return that part to the Title IV-D Agency within 40 business days after the date of the Notice.

(g) The obligor may contest withholding under this Section based only on a mistake of fact and may contest withholding by filing a petition with the clerk of the circuit court within 20 days after service of a copy of the National Medical Support Notice on the obligor. The obligor must serve a copy of the petition on the Title IV-D Agency at the address stated in the National Medical Support Notice. The National Medical Support Notice, including the requirement to withhold any required premium, shall continue to be binding on the employer until the employer is served with a court order resolving the contest or until notified by the Title IV-D Agency.

(h) Whenever the obligor is no longer receiving income from the employer, the employer shall return a copy of the National Medical Support Notice to the Title IV-D Agency and shall provide information for the purpose of enforcing health insurance coverage under this Section.

(i) The Title IV-D Agency shall promptly notify the employer when there is no longer a current order for health insurance coverage in effect which the Title IV-D Agency is responsible for enforcing.

(j) Unless stated otherwise in this Section, all of the provisions of this Act relating to income withholding for support shall pertain to income withholding for health insurance coverage under a National Medical

Support Notice, including but not limited to the duties of the employer and obligor, and the penalties contained in Section 35 and Section 50. In addition, an employer who willfully fails to transfer the severable notice to plan administrator part of a National Medical Support Notice to the appropriate group health plan providing health insurance coverage for which the child is eligible, within 20 business days after the date of the Notice, is liable for the full amount of medical expenses incurred by or on behalf of the child which would have been paid or reimbursed by the health insurance coverage had the severable notice to plan administrator part of the Notice been timely transferred to the group health insurance plan. This penalty may be collected in a civil action that may be brought against the employer in favor of the obligee or the Title IV-D Agency.

(k) To the extent that any other State or local law may be construed to limit or prevent compliance by an employer or health insurance plan administrator with the requirements of this Section and federal law and regulations pertaining to the National Medical Support Notice, that State or local law shall not apply.

(l) As the Title IV-D Agency, the Department of Healthcare and Family Services shall adopt any rules necessary for use of and compliance with the National Medical Support Notice.

The reports shall include data relating to the recidivism rate among program participants.

Availability of these programs shall be subject to the limits of fiscal resources appropriated by the General Assembly for these purposes. Eligible inmates who are denied immediate admission shall be placed on a waiting list under criteria established by the Department. The inability of any inmate to become engaged in any such programs by reason of insufficient program resources or for any other reason established under the rules and regulations of the Department shall not be deemed a cause of action under which the Department or any employee or agent of the Department shall be liable for damages to the inmate.

(4.1) The rules and regulations shall also provide that an additional 60 days of good conduct credit shall be awarded to any prisoner who passes the high school level Test of General Educational Development (GED) while the prisoner is incarcerated. The good conduct credit awarded under this paragraph (4.1) shall be in addition to, and shall not affect, the award of good conduct under any other paragraph of this Section, but shall also be pursuant to the guidelines and restrictions set forth in paragraph (4) of subsection (a) of this Section. (4.5) The rules and regulations on early release shall also provide that when the court's sentencing order recommends a prisoner for substance abuse treatment and the crime was committed on or after September 1, 2003 (the effective date of Public Act 93-354), the prisoner shall receive no good conduct credit awarded under clause (3) of this subsection (a) unless he or she participates in and completes a substance abuse treatment program. The Director may waive the requirement to participate in or complete a substance abuse treatment program and award the

good conduct credit in specific instances if the prisoner is not a good candidate for a substance abuse treatment program for medical, programming, or operational reasons. Availability of substance abuse treatment shall be subject to the limits of fiscal resources appropriated by the General Assembly for these purposes. If treatment is not available and the requirement to participate and complete the treatment has not been waived by the Director, the prisoner shall be placed on a waiting list under criteria established by the Department. The Director may allow a prisoner placed on a waiting list to participate in and complete a substance abuse education class or attend substance abuse self-help meetings in lieu of a substance abuse treatment program. A prisoner on a waiting list who is not placed in a substance abuse program prior to release may be eligible for a waiver and receive good conduct credit under clause (3) of this subsection (a) at the discretion of the Director.

(4.6) The rules and regulations on early release shall also provide that a prisoner who has been convicted of a sex offense as defined in Section 2 of the Sex Offender Registration Act shall receive no good conduct credit unless he or she either has successfully completed or is participating in sex offender treatment as defined by the Sex Offender Management Board. However, prisoners who are waiting to receive such treatment, but who are unable to do so due solely to the lack of resources on the part of the Department, may, at the Director's sole discretion, be awarded good conduct credit at such rate as the Director shall determine.

(5) Whenever the Department is to release any inmate earlier than it otherwise would because of a grant of good conduct credit for meritorious service given at any time during the term, the Department shall give reasonable advance notice of the impending release not less than 14 days prior to the date of the release to the State's Attorney of the county where the prosecution of the inmate took place, and if applicable, the State's Attorney of the county into which the inmate will be released.

(b) Whenever a person is or has been committed under several convictions, with separate sentences, the sentences shall be construed under Section 5-8-4 in granting and forfeiting of good time.

(c) The Department shall prescribe rules and regulations for revoking good conduct credit, or suspending or reducing the rate of
accumulation of good conduct credit for specific rule violations, during imprisonment. These rules and regulations shall provide that no inmate may be penalized more than one year of good conduct credit for any one infraction.

When the Department seeks to revoke, suspend or reduce the rate of accumulation of any good conduct credits for an alleged infraction of its rules, it shall bring charges therefor against the prisoner sought to be so deprived of good conduct credits before the Prisoner Review Board as provided in subparagraph (a)(4) of Section 3-3-2 of this Code, if the amount of credit at issue exceeds 30 days or when during any 12 month period, the cumulative amount of credit revoked exceeds 30 days except where the infraction is committed or discovered within 60 days of scheduled release. In those cases, the Department of Corrections may revoke up to 30 days of good conduct credit. The Board may subsequently approve the revocation of additional good conduct credit, if the Department seeks to revoke good conduct credit in excess of 30 days. However, the Board shall not be empowered to review the Department's decision with respect to the loss of 30 days of good conduct credit within any calendar year for any prisoner or to increase any penalty beyond the length requested by the Department.

The Director of the Department of Corrections, in appropriate cases, may restore up to 30 days good conduct credits which have been revoked, suspended or reduced. Any restoration of good conduct credits in excess of 30 days shall be subject to review by the Prisoner Review Board. However, the Board may not restore good conduct credit in excess of the amount requested by the Director.

Nothing contained in this Section shall prohibit the Prisoner Review Board from ordering, pursuant to Section 3-3-9(a)(3)(i)(B), that a prisoner serve up to one year of the sentence imposed by the court that was not served due to the accumulation of good conduct credit.

(d) If a lawsuit is filed by a prisoner in an Illinois or federal court against the State, the Department of Corrections, or the Prisoner Review Board, or against any of their officers or employees, and the court makes a specific finding that a pleading, motion, or other paper filed by the prisoner is frivolous, the Department of Corrections shall conduct a hearing to revoke up to 180 days of good conduct credit by bringing charges against the prisoner sought to be deprived of the good conduct credits before the Prisoner Review Board as provided in subparagraph (a)(8) of Section 3-3-2 of this Code. If the prisoner has not accumulated
180 days of good conduct credit at the time of the finding, then the Prisoner Review Board may revoke all good conduct credit accumulated by the prisoner.

For purposes of this subsection (d):

(1) "Frivolous" means that a pleading, motion, or other filing which purports to be a legal document filed by a prisoner in his or her lawsuit meets any or all of the following criteria:

(A) it lacks an arguable basis either in law or in fact;
(B) it is being presented for any improper purpose, such as to harass or to cause unnecessary delay or needless increase in the cost of litigation;
(C) the claims, defenses, and other legal contentions therein are not warranted by existing law or by a nonfrivolous argument for the extension, modification, or reversal of existing law or the establishment of new law;
(D) the allegations and other factual contentions do not have evidentiary support or, if specifically so identified, are not likely to have evidentiary support after a reasonable opportunity for further investigation or discovery; or
(E) the denials of factual contentions are not warranted on the evidence, or if specifically so identified, are not reasonably based on a lack of information or belief.

(2) "Lawsuit" means a motion pursuant to Section 116-3 of the Code of Criminal Procedure of 1963, a habeas corpus action under Article X of the Code of Civil Procedure or under federal law (28 U.S.C. 2254), a petition for claim under the Court of Claims Act, an action under the federal Civil Rights Act (42 U.S.C. 1983), or a second or subsequent petition for post-conviction relief under Article 122 of the Code of Criminal Procedure of 1963 whether filed with or without leave of court or a second or subsequent petition for relief from judgment under Section 2-1401 of the Code of Civil Procedure.

(e) Nothing in Public Act 90-592 or 90-593 affects the validity of Public Act 89-404.

(f) Whenever the Department is to release any inmate who has been convicted of a violation of an order of protection under Section 12-30 of the Criminal Code of 1961, earlier than it otherwise would because of a grant of good conduct credit, the Department, as a condition of such early

Section 99. Effective date. This Act takes effect upon becoming law.

PUBLIC ACT 96-0861
(Senate Bill No. 0315)

AN ACT concerning education.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. This amendatory Act may be referred to as the Performance Evaluation Reform Act of 2010.

Section 5. Findings; declarations. The General Assembly finds and declares all of the following:

(1) Effective teachers and school leaders are a critical factor contributing to student achievement.

(2) Many existing district performance evaluation systems fail to adequately distinguish between effective and ineffective teachers and principals. A recent study of evaluation systems in 3 of the largest Illinois districts found that out of 41,174 teacher evaluations performed over a 5-year period, 92.6% of teachers were rated "superior" or "excellent", 7% were rated "satisfactory", and only 0.4% were rated "unsatisfactory".

(3) Performance evaluation systems must assess professional competencies as well as student growth.

(4) School districts and the State must ensure that performance evaluation systems are valid and reliable and contribute to the development of staff and improved student achievement outcomes.

Sec. 2-3.25g. Waiver or modification of mandates within the School Code and administrative rules and regulations.

(a) In this Section:
"Board" means a school board or the governing board or administrative district, as the case may be, for a joint agreement.
"Eligible applicant" means a school district, joint agreement made up of school districts, or regional superintendent of schools on behalf of schools and programs operated by the regional office of education.
"Implementation date" has the meaning set forth in Section 24A-2.5 of this Code.
"State Board" means the State Board of Education.

(b) Notwithstanding any other provisions of this School Code or any other law of this State to the contrary, eligible applicants may petition the State Board of Education for the waiver or modification of the mandates of this School Code or of the administrative rules and regulations promulgated by the State Board of Education. Waivers or modifications of administrative rules and regulations and modifications of mandates of this School Code may be requested when an eligible applicant demonstrates that it can address the intent of the rule or mandate in a more effective, efficient, or economical manner or when necessary to stimulate innovation or improve student performance. Waivers of mandates of the School Code may be requested when the waivers are necessary to stimulate innovation or improve student performance. Waivers may not be requested from laws, rules, and regulations pertaining to special education, teacher certification, teacher tenure and seniority, or Section 5-2.1 of this Code or from compliance with the No Child Left Behind Act of 2001 (Public Law 107-110). On and after the applicable implementation date, eligible applicants may not seek a waiver or seek a modification of a mandate regarding the requirements for (i) student performance data to be a significant factor in teacher or principal evaluations or (ii) for teachers and principals to be rated using the 4 categories of "excellent", "proficient", "needs improvement", or "unsatisfactory". On the applicable implementation date, any previously authorized waiver or modification from such requirements shall terminate.

New matter indicated by italics - deletions by strikeout.
(c) Eligible applicants, as a matter of inherent managerial policy, and any Independent Authority established under Section 2-3.25f may submit an application for a waiver or modification authorized under this Section. Each application must include a written request by the eligible applicant or Independent Authority and must demonstrate that the intent of the mandate can be addressed in a more effective, efficient, or economical manner or be based upon a specific plan for improved student performance and school improvement. Any eligible applicant requesting a waiver or modification for the reason that intent of the mandate can be addressed in a more economical manner shall include in the application a fiscal analysis showing current expenditures on the mandate and projected savings resulting from the waiver or modification. Applications and plans developed by eligible applicants must be approved by the board or regional superintendent of schools applying on behalf of schools or programs operated by the regional office of education following a public hearing on the application and plan and the opportunity for the board or regional superintendent to hear testimony from staff directly involved in its implementation, parents, and students. The time period for such testimony shall be separate from the time period established by the eligible applicant for public comment on other matters. If the applicant is a school district or joint agreement requesting a waiver or modification of Section 27-6 of this Code, the public hearing shall be held on a day other than the day on which a regular meeting of the board is held. If the applicant is a school district, the public hearing must be preceded by at least one published notice occurring at least 7 days prior to the hearing in a newspaper of general circulation within the school district that sets forth the time, date, place, and general subject matter of the hearing. If the applicant is a joint agreement or regional superintendent, the public hearing must be preceded by at least one published notice (setting forth the time, date, place, and general subject matter of the hearing) occurring at least 7 days prior to the hearing in a newspaper of general circulation in each school district that is a member of the joint agreement or that is served by the educational service region, provided that a notice appearing in a newspaper generally circulated in more than one school district shall be deemed to fulfill this requirement with respect to all of the affected districts. The eligible applicant must notify in writing the affected exclusive collective bargaining agent and those State legislators representing the eligible applicant's territory of its intent to seek approval of a waiver or modification and of the hearing to be held to take testimony.
from staff. The affected exclusive collective bargaining agents shall be notified of such public hearing at least 7 days prior to the date of the hearing and shall be allowed to attend such public hearing. The eligible applicant shall attest to compliance with all of the notification and procedural requirements set forth in this Section.

(d) A request for a waiver or modification of administrative rules and regulations or for a modification of mandates contained in this School Code shall be submitted to the State Board of Education within 15 days after approval by the board or regional superintendent of schools. The application as submitted to the State Board of Education shall include a description of the public hearing. Following receipt of the request, the State Board shall have 45 days to review the application and request. If the State Board fails to disapprove the application within that 45 day period, the waiver or modification shall be deemed granted. The State Board may disapprove any request if it is not based upon sound educational practices, endangers the health or safety of students or staff, compromises equal opportunities for learning, or fails to demonstrate that the intent of the rule or mandate can be addressed in a more effective, efficient, or economical manner or have improved student performance as a primary goal. Any request disapproved by the State Board may be appealed to the General Assembly by the eligible applicant as outlined in this Section.

A request for a waiver from mandates contained in this School Code shall be submitted to the State Board within 15 days after approval by the board or regional superintendent of schools. The application as submitted to the State Board of Education shall include a description of the public hearing. The description shall include, but need not be limited to, the means of notice, the number of people in attendance, the number of people who spoke as proponents or opponents of the waiver, a brief description of their comments, and whether there were any written statements submitted. The State Board shall review the applications and requests for completeness and shall compile the requests in reports to be filed with the General Assembly. The State Board shall file reports outlining the waivers requested by eligible applicants and appeals by eligible applicants of requests disapproved by the State Board with the Senate and the House of Representatives before each March 1 and October 1. The General Assembly may disapprove the report of the State Board in whole or in part within 60 calendar days after each house of the General Assembly next convenes after the report is filed by adoption of a resolution by a record vote of the majority of members elected in each

house. If the General Assembly fails to disapprove any waiver request or appealed request within such 60 day period, the waiver or modification shall be deemed granted. Any resolution adopted by the General Assembly disapproving a report of the State Board in whole or in part shall be binding on the State Board.

(e) An approved waiver or modification (except a waiver from or modification to a physical education mandate) may remain in effect for a period not to exceed 5 school years and may be renewed upon application by the eligible applicant. However, such waiver or modification may be changed within that 5-year period by a board or regional superintendent of schools applying on behalf of schools or programs operated by the regional office of education following the procedure as set forth in this Section for the initial waiver or modification request. If neither the State Board of Education nor the General Assembly disapproves, the change is deemed granted.

An approved waiver from or modification to a physical education mandate may remain in effect for a period not to exceed 2 school years and may be renewed no more than 2 times upon application by the eligible applicant. An approved waiver from or modification to a physical education mandate may be changed within the 2-year period by the board or regional superintendent of schools, whichever is applicable, following the procedure set forth in this Section for the initial waiver or modification request. If neither the State Board of Education nor the General Assembly disapproves, the change is deemed granted.

(f) On or before February 1, 1998, and each year thereafter, the State Board of Education shall submit a cumulative report summarizing all types of waivers of mandates and modifications of mandates granted by the State Board or the General Assembly. The report shall identify the topic of the waiver along with the number and percentage of eligible applicants for which the waiver has been granted. The report shall also include any recommendations from the State Board regarding the repeal or modification of waived mandates.

(a) School boards shall require evaluators, those administrators, or -- in school districts having a population exceeding 500,000 -- assistant principals, who evaluate other certified personnel to participate at least once every 2 years in an in-service training workshop on either school improvement or the evaluation of certified personnel provided or approved by the State Board of Education prior to undertaking any evaluation and at least once during each certificate renewal cycle. Sec. 24A-4. Development and submission of evaluation plan.

(a) As used in this and the succeeding Sections, "teacher" means any and all school district employees regularly required to be certified under laws relating to the certification of teachers. Each school district shall develop, in cooperation with its teachers or, where applicable, the exclusive bargaining representatives of its teachers, an evaluation plan for all teachers.

(b) By no later than the applicable implementation date, each school district shall, in good faith cooperation with its teachers or, where applicable, the exclusive bargaining representatives of its teachers, incorporate the use of data and indicators on student growth as a significant factor in rating teaching performance, into its evaluation plan for all teachers, both those teachers in contractual continued service and those teachers not in contractual continued service. The plan shall at least meet the standards and requirements for student growth and teacher evaluation established under Section 24A-7, and specifically describe how student growth data and indicators will be used as part of the evaluation process, how this information will relate to evaluation standards, the assessments or other indicators of student performance that will be used in measuring student growth and the weight that each will have, the methodology that will be used to measure student growth, and the criteria

other than student growth that will be used in evaluating the teacher and the weight that each will have.

To incorporate the use of data and indicators of student growth as a significant factor in rating teacher performance into the evaluation plan, the district shall use a joint committee composed of equal representation selected by the district and its teachers or, where applicable, the exclusive bargaining representative of its teachers. If, within 180 calendar days of the committee's first meeting, the committee does not reach agreement on the plan, then the district shall implement the model evaluation plan established under Section 24A-7 with respect to the use of data and indicators on student growth as a significant factor in rating teacher performance.

Nothing in this subsection (a) shall make decisions on the use of data and indicators on student growth as a significant factor in rating teaching performance mandatory subjects of bargaining under the Illinois Educational Labor Relations Act that are not currently mandatory subjects of bargaining under the Act.

(c) Notwithstanding anything to the contrary in subsection (b) of this Section, if the joint committee referred to in that subsection does not reach agreement on the plan within 90 calendar days after the committee's first meeting, a school district having 500,000 or more inhabitants shall not be required to implement any aspect of the model evaluation plan and may implement its last best proposal. in contractual continued service. The district shall, no later than October 1, 1986, submit a copy of its evaluation plan to the State Board of Education, which shall review the plan and make public its comments thereon, and the district shall at the same time provide a copy to the exclusive bargaining representatives. Whenever any substantive change is made in a district's evaluation plan, the new plan shall be submitted to the State Board of Education for review and comment, and the district shall at the same time provide a copy of any such new plan to the exclusive bargaining representatives. The board of a school district operating under Article 34 of this Code and the exclusive representative of the district's teachers shall submit a certified copy of an agreement entered into under Section 34-85c of this Code to the State Board of Education; and that agreement shall constitute the teacher evaluation plan for teachers assigned to schools identified in that agreement. Sec. 24A-5. Content of evaluation plans. This Section does not apply to teachers assigned to schools identified in an agreement entered into between the board of a school district operating under Article 34 of this Code and the exclusive representative of the district's teachers in accordance with Section 34-85c of this Code.

Each school district to which this Article applies shall establish a teacher evaluation plan which ensures that each teacher in contractual continued service is evaluated at least once in the course of every 2 school years, beginning with the 1986-87 school year.

By no later than September 1, 2012, each school district shall establish a teacher evaluation plan that ensures that:

(1) each teacher not in contractual continued service is evaluated at least once every school year; and

(2) each teacher in contractual continued service is evaluated at least once in the course of every 2 school years. However, any teacher in contractual continued service whose performance is rated as either "needs improvement" or "unsatisfactory" must be evaluated at least once in the school year following the receipt of such rating.

Notwithstanding anything to the contrary in this Section or any other Section of the School Code, a principal shall not be prohibited from evaluating any teachers within a school during his or her first year as principal of such school.

The evaluation plan shall comply with the requirements of this Section and of any rules adopted by the State Board of Education pursuant to this Section.

The plan shall include a description of each teacher's duties and responsibilities and of the standards to which that teacher is expected to conform. The plan may provide for evaluation of personnel whose positions require administrative certification by independent evaluators not employed by or affiliated with the school district. The results of the school district administrators' evaluations shall be reported to the employing school board, together with such recommendations for remediation as the evaluator or evaluators may deem appropriate. Evaluation of teachers whose positions do not require administrative certification shall be

conducted by an administrator qualified under Section 24A-3, or -- in school districts having a population exceeding 500,000 -- by either an administrator qualified under Section 24A-3 or an assistant principal under the supervision of an administrator qualified under Section 24A-3, and shall include at least the following components:

(a) personal observation of the teacher in the classroom by the evaluator (on at least 2 different school days in school districts having a population exceeding 500,000) by a district administrator qualified under Section 24A-3, or -- in school districts having a population exceeding 500,000 -- by either an administrator qualified under Section 24A-3 or an assistant principal under the supervision of an administrator qualified under Section 24A-3, unless the teacher has no classroom duties.

(b) consideration of the teacher's attendance, planning, and instructional methods, classroom management, where relevant, and competency in the subject matter taught, where relevant.

(c) by no later than the applicable implementation date, consideration of student growth as a significant factor in the rating of the teacher's performance.

(d) prior to September 1, 2012, (e) rating of the teacher's performance of teachers in contractual continued service as either:

(i) "excellent", "satisfactory" or "unsatisfactory"; or 

(ii) "excellent", "proficient", "needs improvement" or "unsatisfactory".

(e) on and after September 1, 2012, rating of the performance of teachers in contractual continued service as "excellent", "proficient", "needs improvement" or "unsatisfactory".

(f) specification as to the teacher's strengths and weaknesses, with supporting reasons for the comments made.

(g) inclusion of a copy of the evaluation in the teacher's personnel file and provision of a copy to the teacher.

(h) within 30 school days after the completion of an evaluation rating a teacher in contractual continued service as "needs improvement", development by the evaluator, in consultation with the teacher, and taking into account the teacher's on-going professional responsibilities including his or her regular teaching assignments, of a professional development plan directed to the areas that need improvement and any supports that the district will provide to address the areas identified as needing improvement.

New matter indicated by italics - deletions by strikeout.
(i) (F) within 30 days after completion of an evaluation rating a teacher in contractual continued service as "unsatisfactory", development and commencement by the district; or by an administrator qualified under Section 24A-3 or an assistant principal under the supervision of an administrator qualified under Section 24A-3 in school districts having a population exceeding 500,000; of a remediation plan designed to correct deficiencies cited, provided the deficiencies are deemed remediable. In all school districts the remediation plan for unsatisfactory, tenured teachers shall provide for 90 school days of remediation within the classroom, unless an applicable collective bargaining agreement provides for a shorter duration. In all school districts evaluations issued pursuant to this Section shall be issued within 10 days after the conclusion of the respective remediation plan. However, the school board or other governing authority of the district shall not lose jurisdiction to discharge a teacher in the event the evaluation is not issued within 10 days after the conclusion of the respective remediation plan.

(j) (G) participation in the remediation plan by the teacher in contractual continued service rated "unsatisfactory", an evaluator and a district administrator qualified under Section 24A-3 (or -- in a school district having a population exceeding 500,000 -- an administrator qualified under Section 24A-3 or an assistant principal under the supervision of an administrator qualified under Section 24A-3), and a consulting teacher, selected by the evaluator by the participating administrator or by the principal, or -- in school districts having a population exceeding 500,000 -- by an administrator qualified under Section 24A-3 or by an assistant principal under the supervision of an administrator qualified under Section 24A-3, of the teacher who was rated "unsatisfactory", which consulting teacher is an educational employee as defined in the Educational Labor Relations Act, has at least 5 years' teaching experience, and a reasonable familiarity with the assignment of the teacher being evaluated, and who received an "excellent" rating on his or her most recent evaluation. Where no teachers who meet these criteria are available within the district, the district shall request and the State Board of Education shall supply, to participate in the remediation process, an individual who meets these criteria.

In a district having a population of less than 500,000 with an exclusive bargaining agent, the bargaining agent may, if it so chooses, supply a roster of qualified teachers from whom the consulting teacher is to be selected. That roster shall, however, contain the names of at least 5
teachers, each of whom meets the criteria for consulting teacher with regard to the teacher being evaluated, or the names of all teachers so qualified if that number is less than 5. In the event of a dispute as to qualification, the State Board shall determine qualification.

(k) A mid-point and final evaluation by an evaluator during and at the end of the remediation period, immediately following receipt of a remediation plan provided for under subsections (i) and (j) of this Section. Each evaluation shall assess the teacher’s performance during the time period since the prior evaluation; provided that the last evaluation shall also include an overall evaluation of the teacher’s performance during the remediation period. A written copy of the evaluations and ratings, in which any deficiencies in performance and recommendations for correction are identified, shall be provided to and discussed with the teacher within 10 school days after the date of the evaluation, unless an applicable collective bargaining agreement provides to the contrary. (h) Evaluations and ratings once every 30 school days for the 90 school day remediation period immediately following receipt of a remediation plan provided for under subsections (f) and (g) of this Section, provided that in school districts having a population exceeding 500,000 there shall be monthly evaluations and ratings for the first 6 months and quarterly evaluations and ratings for the next 6 months immediately following completion of the remediation program of a teacher for whom a remediation plan has been developed. These subsequent evaluations shall be conducted by an evaluator the participating administrator, or — in school districts having a population exceeding 500,000 — by either the principal or by an assistant principal under the supervision of an administrator qualified under Section 24A-3. The consulting teacher shall provide advice to the teacher rated “unsatisfactory” on how to improve teaching skills and to successfully complete the remediation plan. The consulting teacher shall participate in developing the remediation plan, but the final decision as to the evaluation shall be done solely by the evaluator administrator, or — in school districts having a population exceeding 500,000 — by either the principal or by an assistant principal under the supervision of an administrator qualified under Section 24A-3, unless an applicable collective bargaining agreement provides to the contrary. Teachers in the remediation process in a school district having a population exceeding 500,000 are not subject to the annual evaluations described in paragraphs (a) through (e) of this Section. Evaluations at the conclusion of the remediation process shall be separate and distinct from

biennial evaluation for any teacher who completes the 90 school day
remediation plan with a "satisfactory" or better rating and the one year
intensive review schedule as provided in paragraph (h) of this Section with
a "satisfactory" or better rating, unless such district's plan regularly
requires more frequent evaluations:

School Code of any teacher who fails to complete any applicable
remediation plan with a rating equal to or better than a "satisfactory" or
"proficient" better rating. Districts and teachers subject to dismissal
hearings are precluded from compelling the testimony of consulting
teachers at such hearings under Section 24-12 or 34-85, either as to the
rating process or for opinions of performances by teachers under
remediation.

In a district subject to a collective bargaining agreement as of the
effective date of this amendatory Act of 1997, any changes made by this
amendatory Act to the provisions of this Section that are contrary to the
express terms and provisions of that agreement shall go into effect in that
district only upon expiration of that agreement. Thereafter, collectively
bargained evaluation plans shall at a minimum meet the standards of this
Article. If such a district has an evaluation plan, however, whether
pursuant to the collective bargaining agreement or otherwise, a copy of
that plan shall be submitted to the State Board of Education for review and
effect, in accordance with Section 24A-4.

Nothing in this Section or Section 24A-4 shall be construed as

deemed irremediable or for actions which are injurious to or endanger the
health or person of students in the classroom or school, or preventing the dismissal or non-renewal of teachers not in contractual continued service for any reason not prohibited by applicable employment, labor, and civil rights laws. Failure to strictly comply with the time requirements contained in Section 24A-5 shall not invalidate the results of the remediation plan.

Sec. 24A-7. Rules. The State Board of Education is authorized to adopt such rules as are deemed necessary to implement and accomplish the purposes and provisions of this Article, including, but not limited to, rules (i) relating to the methods for measuring student growth (including, but not limited to, limitations on the age of useable data; the amount of data needed to reliably and validly measure growth for the purpose of teacher and principal evaluations; and whether and at what time annual State assessments may be used as one of multiple measures of student growth), (ii) defining the term "significant factor" for purposes of including consideration of student growth in performance ratings, (iii) controlling for such factors as student characteristics (including, but not limited to, students receiving special education and English Language Learner services), student attendance, and student mobility so as to best measure the impact that a teacher, principal, school and school district has on students' academic achievement, (iv) establishing minimum requirements for district teacher and principal evaluation instruments and procedures, and (v) establishing a model evaluation plan for use by school districts in which student growth shall comprise 50% of the performance rating. Notwithstanding any provision in this Section, rules shall not preclude a school district having 500,000 or more inhabitants from using an annual State assessment as the sole measure of student growth for purposes of teacher or principal evaluations.

The rules shall be developed through a process involving collaboration with a Performance Evaluation Advisory Council, which shall be convened and staffed by the State Board of Education. Members of the Council shall be selected by the State Superintendent and include, without limitation, representatives of teacher unions and school district management, persons with expertise in performance evaluation processes and systems, as well as other stakeholders. The Performance Evaluation Advisory Council shall meet at least quarterly following the effective date of this amendatory Act of the 96th General Assembly until June 30, 2017.

Section 10-10. Persons licensed under the Cemetery Care Act or Cemetery Association Act. A person acting as a licensed cemetery authority under the Cemetery Care Act or Cemetery Association Act prior to their repeal on March 1, 2012 must comply with those Acts until the Department takes action on the person's application for a cemetery authority license in accordance with this Act. The application for a cemetery authority license under this Article must be submitted to the Department within 9 months after the effective date of this Act. If the person fails to submit the application within this period, then the person

shall be considered to be engaged in unlicensed practice and shall be subject to discipline in accordance with Article 25 of this Act.

Section 10-15. Persons not licensed under the Cemetery Care Act or the Cemetery Association Act. A cemetery manager, a customer service employee, or a person acting as a cemetery authority who was not required to obtain licensure prior to the effective date of this Act need not comply with the licensure requirement in this Article until the Department takes action on the person's application for a license. The application for a cemetery authority license must be submitted to the Department within 6 months after the effective date of this Act. For cemetery managers already working for a cemetery authority at the time of cemetery authority application for licensure, the application for a cemetery manager license must be submitted at the same time as the original application for licensure as a cemetery authority pursuant to this Section or Section 10-10, whichever the case may be. Any applicant for licensure as a cemetery manager of a cemetery authority that is already licensed under this Act or that has a pending application for licensure under this Act must submit his or her application to the Department on or before his or her first day of work. The application for a customer service employee license must be submitted to the Department within 10 days after the cemetery authority for which he or she works becomes licensed under this Act or on or before his or her first day of work, whichever the case may be. If the person fails to submit the application within the required period, the person shall be considered to be engaged in unlicensed practice and shall be subject to discipline in accordance with Article 25 of this Act.

Section 10-20. Application for original license or exemption.

(a) Applications for original licensure as a cemetery authority, cemetery manager, or customer service employee authorized by this Act, or application for exemption from licensure as a cemetery authority, shall be made to the Department on forms prescribed by the Department, which shall include the applicant's Social Security number or FEIN number, or both, and shall be accompanied by the required fee as set by rule. Applications for partial or full exemption from licensure as a cemetery authority shall be submitted to the Department within 12 months after the Department adopts rules under this Act. If the person fails to submit the application for partial or full exemption within this period, the person shall be subject to discipline in accordance with Article 25 of this Act. If a cemetery authority seeks to practice at more than one location, it shall meet all licensure requirements at each location as required by this Act and

by rule, including submission of an application and fee. A person licensed as a cemetery manager or customer service employee need not submit a Worker's Statement in accordance with Section 10-22 of this Act.

(b) If the application for licensure as a cemetery authority does not claim a full exemption or partial exemption, then the cemetery authority license application shall be accompanied by a fidelity bond, proof of self-insurance, or letter of credit in the amount required by rule. Such bond, self-insurance, or letter of credit shall run to the Department for the benefit of the care funds held by such cemetery authority or by the trustee of the care funds of such cemetery authority. If care funds of a cemetery authority are held by any entity authorized to do a trust business under the Corporate Fiduciary Act or held by an investment company, then the Department shall waive the requirement of a bond, self-insurance, or letter of credit as established by rule. If the Department finds at any time that the bond, self-insurance or letter of credit is insecure or exhausted or otherwise doubtful, then an additional bond, form of self-insurance, or letter of credit in like amount to be approved by the Department shall be filed by the cemetery authority applicant or licensee within 30 days after written demand is served upon the applicant or licensee by the Department. In addition, if the cemetery authority application does not claim a full exemption or partial exemption, then the license application shall be accompanied by proof of liability insurance, proof of self-insurance, or a letter of credit in the amount required by rule. The procedure by which claims on the liability insurance, self-insurance, or letter of credit are made and paid shall be determined by rule. Any bond obtained pursuant to this subsection shall be issued by a bonding company authorized to do business in this State. Any letter of credit obtained pursuant to this subsection shall be issued by a financial institution authorized to do business in this State. Maintaining the bonds, self-insurance, or letters of credit required under this subsection is a continuing obligation for licensure. A bonding company may terminate a bond, a financial institution may terminate a letter of credit, or an insurance company may terminate liability insurance and avoid further liability by filing a 60-day notice of termination with the Department and at the same time sending the same notice to the cemetery authority.

(c) After initial licensure, if any person comes to obtain at least 51% of the ownership over the licensed cemetery authority, then the cemetery authority shall have to apply for a new license and receive licensure in the required time as set by rule. The current license remains in

   (iv) Any declaration of incompetence by a court of competent jurisdiction that has not been restored.

(2) The cemetery authority shall retain a copy of the Worker's Statement and shall transmit a copy to the Department. A cemetery authority, however, shall not transmit copies of Worker's Statements until the cemetery authority receives a license under this Act. The Department shall issue a cemetery worker card or other record of acknowledgment to an individual who submits a Worker's Statement, but in no event shall the Department impose a fee to comply with the requirements of this Section.

New matter indicated by italics - deletions by strikeout.
(b) Each cemetery authority shall maintain a record of each cemetery worker that is accessible to the Department. The record shall contain the following information:

1. A photograph taken within 10 days of the date that the cemetery worker commences work with the cemetery authority. The photograph shall be replaced with a current photograph no later than 4 calendar years after the date on which the cemetery worker commences work and every 4 years thereafter. The photograph may consist of the worker's driver's license.

2. The Worker's Statement specified in subsection (a) of this Section.

3. All correspondence or documents relating to the character and integrity of the cemetery worker received by the cemetery authority from any former employer, cemetery association, government agency, or law enforcement agency.

(c) A cemetery authority may furnish a worker identification card to each cemetery worker. If the cemetery authority issues worker identification cards, then it shall confiscate the worker identification card of any worker whose employment or contract is terminated.

Section 10-23. Code of Professional Conduct and Ethics. The Department shall adopt a Code of Professional Conduct and Ethics by rule. Cemetery authorities, cemetery managers, and customer service employees shall abide by the Code of Professional Conduct and Ethics.

Section 10-25. Examination; failure or refusal to take the examination.

(a) The Department shall authorize examinations of cemetery manager and customer service employee applicants at such times and places as it may determine. The examinations shall fairly test an applicant's qualifications to practice as cemetery manager or customer service employee, whatever the case may be, and knowledge of the theory and practice of cemetery operation and management or cemetery customer service, whichever is applicable. The examination shall further test the extent to which the applicant understands and appreciates that the final disposal of a deceased human body should be attended with appropriate observance and understanding, having due regard and respect for the reverent care of the human body and for those bereaved and for the overall spiritual dignity of an individual.
(a-5) The examinations for cemetery manager and customer service employee shall be appropriate for cemetery professionals and shall not cover mortuary science.

(a-10) The examinations for cemetery manager and customer service employee applicants shall be tiered, as determined by rule, to account for the different amount of knowledge needed by such applicants depending on their job duties and the number of interments, inurnments, and entombments per year at the cemetery at which they work.

(b) Applicants for examinations shall pay, either to the Department or to the designated testing service, a fee covering the cost of providing the examination. Failure to appear for the examination on the scheduled date at the time and place specified after the application for examination has been received and acknowledged by the Department or the designated testing service shall result in forfeiture of the examination fee.

(c) If the applicant neglects, fails, or refuses to take an examination or fails to pass an examination for a license under this Act within one year after filing an application, then the application shall be denied. However, the applicant may thereafter submit a new application accompanied by the required fee. The applicant shall meet the requirements in force at the time of making the new application.

(d) The Department may employ consultants for the purpose of preparing and conducting examinations.

(e) The Department shall have the authority to adopt or recognize, in part or in whole, examinations prepared, administered, or graded by other organizations in the cemetery industry that are determined appropriate to measure the qualifications of an applicant for licensure.

Section 10-30. Continuing education. The Department shall adopt rules for continuing education of cemetery managers and customer service employees. The continuing education requirements for cemetery managers and customer service employees shall be tiered, as determined by rule, to account for the different amount of knowledge needed by such applicants depending on their job duties and the number of interments, inurnments, and entombments per year at the cemetery at which they work. The Department shall strive to keep the costs of any continuing education program imposed on a cemetery authority minimal. The requirements of this Section apply to any person seeking renewal or restoration under Section 10-40 of this Act.
Section 10-40. Expiration and renewal of license. The expiration date, renewal period, and other requirements for each license shall be set by rule.

Section 10-45. Transfer or sale, preservation of license, liability for shortage.

(a) In the case of a sale of any cemetery or any part thereof or of any related personal property by a cemetery authority to a purchaser or pursuant to foreclosure proceedings, except the sale of burial rights, services, or merchandise to a person for his or her personal or family burial or interment, the purchaser is liable for any shortages existing before or after the sale in the care funds required to be maintained in a trust pursuant to this Act and shall honor all instruments issued under Article 15 of this Act for that cemetery. Any shortages existing in the care funds constitute a prior lien in favor of the trust for the total value of the shortages and notice of such lien shall be provided in all sales instruments.

(b) In the event of a sale or transfer of all or substantially all of the assets of the cemetery authority, the sale or transfer of the controlling interest of the corporate stock of the cemetery authority, if the cemetery authority is a corporation, or the sale or transfer of the controlling interest of the partnership, if the cemetery authority is a partnership, or the sale or transfer of the controlling membership, if the cemetery authority is a limited liability company, the cemetery authority shall, at least 30 days prior to the sale or transfer, notify the Department, in writing, of the pending date of sale or transfer so as to permit the Department to audit the books and records of the cemetery authority. The audit must be commenced within 10 business days of the receipt of the notification and completed within the 30-day notification period unless the Department notifies the cemetery authority during that period that there is a basis for determining a deficiency that will require additional time to finalize. The sale or transfer may not be completed by the cemetery authority unless and until:

1. the Department has completed the audit of the cemetery authority's books and records;
2. any delinquency existing in the care funds has been paid by the cemetery authority or arrangements satisfactory to the Department have been made by the cemetery authority on the sale or transfer for the payment of any delinquency; and
3. the Department issues a new cemetery authority license upon application of the newly controlled corporation or

partnership, which license must be applied for at least 30 days prior to the anticipated date of the sale or transfer, subject to the payment of any delinquencies, if any, as stated in item (2) of this subsection (b).

(c) In the event of a sale or transfer of any cemetery land, including any portion of cemetery land in which no human remains have been interred, a licensee shall, at least 45 days prior to the sale or transfer, notify the Department, in writing, of the pending sale or transfer. With the notification, the cemetery authority shall submit information to the Department, which may include a copy of a portion of the cemetery map showing the land to be sold or transferred, to enable the Department to determine whether any human remains are interred, inurned, or entombed within the land to be sold or transferred and whether consumers have rights of interment, inurnment, or entombment within the land to be sold or transferred.

(d) For purposes of this Section, a person who acquires the cemetery through a real estate foreclosure shall be subject to the provisions of this Section pertaining to the purchaser, including licensure.

Section 10-50. Dissolution. Where any licensed cemetery authority or any trustee thereof has accepted care funds within the meaning of this Act, and dissolution is sought by such cemetery authority in any manner, by resolution of such cemetery authority, or the trustees thereof, notice shall be given to the Department of such intention to dissolve and proper disposition shall be made of the care funds so held for the general benefit of such lot owners by or for the benefit of such cemetery authority, as provided by law, or in accordance with the trust provisions of any gift, grant, contribution, payment, legacy, or pursuant to any contract whereby such funds were created. The Department, represented by the Attorney General, may apply to the circuit court for the appointment of a receiver, trustee, successor in trust, or for directions of such court as to the proper disposition to be made of such care funds, to the end that the uses and purposes for which such trust or care funds were created may be accomplished, and for proper continued operation of the cemetery.

Section 10-55. Fees.

(a) Except as provided in subsection (b) of this Section, the fees for the administration and enforcement of this Act, including, but not limited to, original licensure, renewal, and restoration fees, shall be set by the Department by rule. The fees shall be reasonable and shall not be refundable.

New matter indicated by italics - deletions by strikeout.
(b) Applicants for examination shall be required to pay, either to the Department or the designated testing service, a fee covering the cost of providing the examination.

(c) All fees and other moneys collected under this Act shall be deposited in the Cemetery Oversight Licensing and Disciplinary Fund.

Section 10-60. Returned checks; fines. Any person who delivers a check or other payment to the Department that is returned to the Department unpaid by the financial institution upon which it is drawn shall pay to the Department, in addition to the amount already owed to the Department, a fine of $50. The fines imposed by this Section are in addition to any other discipline provided under this Act for unlicensed practice or practice on a non-renewed license. The Department shall notify the person that payment of fees and fines shall be paid to the Department by certified check or money order within 30 calendar days of the notification. If, after the expiration of 30 days from the date of the notification, the person has failed to submit the necessary remittance, the Department shall automatically terminate the license or deny the application, without hearing.

If, after termination or denial, the person seeks a license, then he or she shall apply to the Department for restoration or issuance of the license and pay all fees and fines due to the Department. The Department may establish a fee for the processing of an application for restoration of a license to pay all expenses of processing this application. The Secretary may waive the fines due under this Section in individual cases where the Secretary finds that the fines would be unreasonable or unnecessarily burdensome.

Article 15.

Trust Funds

Section 15-5. Gifts and contributions; trust funds.

(a) A licensed cemetery authority is hereby authorized and empowered to accept any gift, grant, contribution, payment, legacy, or pursuant to contract, any sum of money, funds, securities, or property of any kind, or the income or avails thereof, and to establish a trust fund to hold the same in perpetuity for the care of its cemetery, or for the care of any lot, grave, crypt, or niche in its cemetery, or for the special care of any lot, grave, crypt, or niche or of any family mausoleum or memorial, marker, or monument in its cemetery. Not less than the following amounts will be set aside and deposited in trust:

New matter indicated by italics - deletions by strikeout.
(1) For interment rights, $1 per square foot of the space sold or 15% of the sales price or imputed value, whichever is the greater, with a minimum of $25 for each individual interment right.

(2) For entombment rights, not less than 10% of the sales price or imputed value with a minimum of $25 for each individual entombment right.

(3) For inurnment rights, not less than 10% of the sales price or imputed value with a minimum of $15 for each individual inurnment right.

(4) For any transfer of interment rights, entombment rights, or inurnment rights recorded in the records of the cemetery authority, a minimum of $25 for each such right transferred. This does not apply to transfers between a transferor and his or her spouse, parents, grandparents, children, grandchildren, or siblings.

(5) Upon an interment, entombment, or inurnment in a grave, crypt, or niche in which rights of interment, entombment, or inurnment were originally acquired from a cemetery authority prior to January 1, 1948, a minimum of $25 for each such right exercised.

(6) For the special care of any lot, grave, crypt, or niche or of a family mausoleum, memorial, marker, or monument, the full amount received.

(b) The cemetery authority shall act as trustee of all amounts received for care until they have been deposited with a corporate fiduciary as defined in Section 1-5.05 of the Corporate Fiduciary Act. All trust deposits shall be made within 30 days after receipt.

(c) No gift, grant, legacy, payment, or other contribution shall be invalid by reason of any indefiniteness or uncertainty as to the beneficiary designated in the instrument creating the gift, grant, legacy, payment, or other contribution. If any gift, grant, legacy, payment, or other contribution consists of non-income producing property, then the cemetery authority accepting it is authorized and empowered to sell such property and to invest the funds obtained in accordance with subsection (d) of this Section.

(d) The care funds authorized by this Section and provided for in this Article shall be held intact and, unless otherwise restricted by the terms of the gift, grant, legacy, contribution, payment, contract, or other payment, as to investments made after June 11, 1951, the trustee of the care funds of the cemetery authority, in acquiring, investing, reinvesting, exchanging, retaining, selling, and managing property for any such trust,
shall act in accordance with the duties for trustees set forth in the Illinois Trusts and Trustees Act. Within the limitations of the foregoing standard, the trustee of the care funds of the cemetery authority is authorized to acquire and retain every kind of property, real, personal, or mixed, and every kind of investment, including specifically, but without limiting the generality of the foregoing, bonds, debentures and other corporate obligations, preferred or common stocks and real estate mortgages, which persons of prudence, discretion, and intelligence acquire or retain for their own account. Within the limitations of the foregoing standard, the trustee is authorized to retain property properly acquired, without limitation as to time and without regard to its suitability for original purchase. The care funds authorized by this Section may be commingled with other trust funds received by such cemetery authority for the care of its cemetery or for the care or special care of any lot, grave, crypt, niche, private mausoleum, memorial, marker, or monument in its cemetery, whether received by gift, grant, legacy, contribution, payment, contract, or other conveyance made to such cemetery authority. Such care funds may be invested with common trust funds as provided in the Common Trust Fund Act. The net income only from the investment of such care funds shall be allocated and used for the purposes specified in the transaction by which the principal was established in the proportion that each contribution bears to the entire sum invested.

Section 15-10. Restrictions on loans, gifts, and investments.

(a) No loan; investment; purchase of insurance on the life of any trustee, cemetery owner, cemetery worker, or independent contractor; purchase of any real estate; or any other transaction using care funds by any trustee, licensee, cemetery manager, or any other cemetery worker or independent contractor shall be made to or for the benefit of any person, officer, director, trustee, or party owning or having any interest in any licensee, or to any firm, corporation, trade association or partnership in which any officer, director, trustee, or party has any interest, is a member of, or serves as an officer or director. A violation of this Section shall constitute the intentional and improper withdrawal of trust funds under Section 25-105 of this Act.

(b) No loan or investment in any unproductive real estate or real estate outside of this State or in permanent improvements of the cemetery or any of its facilities shall be made, unless specifically authorized by the instrument whereby the principal fund was created. No commission or brokerage fee for the purchase or sale of any property shall be paid in

excess of that usual and customary at the time and in the locality where such purchase or sale is made, and all such commissions and brokerage fees shall be fully reported in the next annual statement of such cemetery authority or trustee.

(c) The prohibitions provided for in this Section apply to and include the spouse of and immediate family living with the officer, member, director, trustee, party owning any portion of such cemetery authority, or licensee under this Act.

Section 15-15. Care funds; deposits; investments.

(a) Whenever a cemetery authority accepts care funds, either in connection with the sale or giving away at an imputed value of an interment right, entombment right, or inurnment right, or in pursuance of a contract, or whenever, as a condition precedent to the purchase or acceptance of an interment right, entombment right, or inurnment right, such cemetery authority shall establish a care fund or deposit the funds in an already existing care fund.

(b) The cemetery authority shall execute and deliver to the person from whom it received the care funds an instrument in writing that shall specifically state: (i) the nature and extent of the care to be furnished and (ii) that such care shall be furnished only in so far as net income derived from the amount deposited in trust will permit (the income from the amount so deposited, less necessary expenditures of administering the trust, shall be deemed the net income).

(c) The setting-aside and deposit of care funds shall be made by such cemetery authority no later than 30 days after the close of the month in which the cemetery authority gave away for an imputed value or received the final payment on the purchase price of interment rights, entombment rights, or inurnment rights, or received the final payment for the general or special care of a lot, grave, crypt, or niche or of a family mausoleum, memorial, marker, or monument, and such amounts shall be held by the trustee of the care funds of such cemetery authority in trust and in perpetuity for the specific purposes stated in the written instrument described in subsection (b). For all care funds received by a cemetery authority, except for care funds received by a cemetery authority pursuant to a specific gift, grant, contribution, payment, legacy, or contract that are subject to investment restrictions more restrictive than the investment provisions set forth in this Act, and except for care funds otherwise subject to a trust agreement executed by a person or persons responsible for transferring the specific gift, grant, contribution, payment, or legacy to the

cemetery authority that contains investment restrictions more restrictive than the investment provisions set forth in this Act, the cemetery authority may, without the necessity of having to obtain prior approval from any court in this State, designate a new trustee in accordance with this Act and invest the care funds in accordance with this Section, notwithstanding any contrary limitation contained in the trust agreement.

(d) Any cemetery authority engaged in selling or giving away at an imputed value interment rights, entombment rights, or inurnment rights, in conjunction with the selling or giving away at an imputed value any other merchandise or services not covered by this Act, shall be prohibited from increasing the sales price or imputed value of those items not requiring a care fund deposit under this Act with the purpose of allocating a lesser sales price or imputed value to items that require a care fund deposit.

(e) If any sale that requires a deposit to a cemetery authority's care fund is made by a cemetery authority on an installment basis, and the installment contract is factored, discounted, or sold to a third party, then the cemetery authority shall deposit the amount due to the care fund within 30 days after the close of the month in which the installment contract was factored, discounted, or sold. If, subsequent to such deposit, the purchaser defaults on the contract such that no care fund deposit on that contract would have been required, then the cemetery authority may apply the amount deposited as a credit against future required deposits.

(f) The trust authorized by this Section shall be a single purpose trust fund. In the event of the cemetery authority's bankruptcy, insolvency, or assignment for the benefit of creditors, or an adverse judgment, the trust funds shall not be available to any creditor as assets of the cemetery authority or to pay any expenses of any bankruptcy or similar proceeding, but shall be retained intact to provide for the future maintenance of the cemetery. Except in an action by the Department to revoke a license issued pursuant to this Act and for creation of a receivership as provided in this Act, the trust shall not be subject to judgment, execution, garnishment, attachment, or other seizure by process in bankruptcy or otherwise, nor to sale, pledge, mortgage, or other alienation, and shall not be assignable except as approved by the Department.

Section 15-25. Funds purpose and exemptions. The trust funds authorized by this Article, and the income therefrom, and any funds received under a contract to furnish care of a burial space for a definite number of years, shall be held for the general benefit of the lot owners and are exempt from taxation. The trust funds authorized by the provisions of

this Article, and the income therefrom, are exempt from the operation of
all laws of mortmain and the laws against perpetuities and accumulations.

Section 15-40. Trust examinations and audits.
(a) The Department shall examine at least annually every licensee
who holds $250,000 or more in its care funds. For that purpose, the
Department shall have free access to the office and places of business and
to such records of all licensees and of all trustees of the care funds of all
licensees as shall relate to the acceptance, use, and investment of care
funds. The Department may require the attendance of and examine under
oath all persons whose testimony may be required relative to such
business. In such cases the Department, or any qualified representative of
the Department whom the Department may designate, may administer
oaths to all such persons called as witnesses, and the Department, or any
such qualified representative of the Department, may conduct such
examinations. The cost of an initial examination shall be determined by
rule.

(b) The Department may order additional audits or examinations as
it may deem necessary or advisable to ensure the safety and stability of the
trust funds and to ensure compliance with this Act. These additional audits
or examinations shall only be made after good cause is established by the
Department in the written order. The grounds for ordering these additional
audits or examinations may include, but shall not be limited to:

(1) material and unverified changes or fluctuations in trust
balances;

(2) the licensee changing trustees more than twice in any
12-month period;

(3) any withdrawals or attempted withdrawals from the
trusts in violation of this Act; or

(4) failure to maintain or produce documentation required
by this Act.

Article 20.
Business Practice Provisions
Section 20-5. Maintenance and records.
(a) A cemetery authority shall provide reasonable maintenance of
the cemetery property and of all lots, graves, crypts, and columbariums in
the cemetery based on the type and size of the cemetery, topographic
limitations, and contractual commitments with consumers. Subject to the
provisions of this subsection (a), reasonable maintenance includes:

New matter indicated by italics - deletions by strikeout.
(1) the laying of seed, sod, or other suitable ground cover as soon as practical following an interment given the weather conditions, climate, and season and the interment's proximity to ongoing burial activity;

(2) the cutting of lawn throughout the cemetery at reasonable intervals to prevent an overgrowth of grass and weeds given the weather conditions, climate, and season;

(3) the trimming of shrubs to prevent excessive overgrowth;

(4) the trimming of trees to remove dead limbs;

(5) keeping in repair the drains, water lines, roads, buildings, fences, and other structures; and

(6) keeping the cemetery premises free of trash and debris.

Reasonable maintenance by the cemetery authority shall not preclude the exercise of lawful rights by the owner of an interment, inurnment, or entombment right, or by the decedent's immediate family or other heirs, in accordance with reasonable rules and regulations of the cemetery or other agreement of the cemetery authority.

In the case of a cemetery dedicated as a nature preserve under the Illinois Natural Areas Preservation Act, reasonable maintenance by the cemetery authority shall be in accordance with the rules and master plan governing the dedicated nature preserve.

The Department shall adopt rules to provide greater detail as to what constitutes the reasonable maintenance required under this Section. The rules shall differentiate between cemeteries based on, among other things, the size and financial strength of the cemeteries. The rules shall also provide a reasonable opportunity for a cemetery authority accused of violating the provisions of this Section to cure any such violation in a timely manner given the weather conditions, climate, and season before the Department initiates formal proceedings.

(b) A cemetery authority, before commencing cemetery operations or within 6 months after the effective date of this Act, shall cause an overall map of its cemetery property, delineating all lots or plots, blocks, sections, avenues, walks, alleys, and paths and their respective designations, to be filed at its on-site office, or if it does not maintain an on-site office, at its principal place of business. A cemetery manager's certificate acknowledging, accepting, and adopting the map shall also be included with the map. The Department may order that the cemetery authority obtain a cemetery plat and that it be filed at its on-site office, or
if it does not maintain an on-site office, at its principal place of business only in the following circumstances:

1. the cemetery authority is expanding or altering the cemetery grounds; or
2. a human body that should have been interred, entombed, or inurned at the cemetery is missing, displaced, or dismembered and the cemetery map contains serious discrepancies.

In exercising this discretion, the Department shall consider whether the cemetery authority would experience an undue hardship as a result of obtaining the plat. The cemetery plat, as with all plats prepared under this Act, shall comply with the Illinois Professional Land Surveyor Act of 1989 and shall delineate, describe, and set forth all lots or plots, blocks, sections, avenues, walks, alleys, and paths and their respective designations. A cemetery manager's certificate acknowledging, accepting, and adopting the plat shall also be included with the plat.

(b-5) A cemetery authority shall maintain an index that associates the identity of deceased persons interred, entombed, or inurned after the effective date of this Act with their respective place of interment, entombment, or inurnment.

(c) The cemetery authority shall open the cemetery map or plat to public inspection. The cemetery authority shall make available a copy of the overall cemetery map or plat upon written request and shall, if practical, provide a copy of a segment of the cemetery plat where interment rights are located upon the payment of reasonable photocopy fees. Any unsold lots, plots, or parts thereof, in which there are not human remains, may be resurveyed and altered in shape or size and properly designated on the cemetery map or plat. However, sold lots, plots, or parts thereof in which there are human remains may not be renumbered or renamed. Nothing contained in this subsection, however, shall prevent the cemetery authority from enlarging an interment right by selling to its owner the excess space next to the interment right and permitting interments therein, provided reasonable access to the interment right and to adjoining interment rights is not thereby eliminated.

(d) A cemetery authority shall keep a record of every interment, entombment, and inurnment completed after the effective date of this Act. The record shall include the deceased's name, age, date of burial, and parcel identification number identifying where the human remains are interred, entombed, or inurned. The record shall also include the unique personal identifier as may be further defined by rule, which is the parcel

identification number in addition to the term of burial in years; the numbered level or depth in the grave, plot, crypt, or niche; and the year of death.

(e) (Blank).

(f) A cemetery authority shall make available for inspection and, upon reasonable request and the payment of a reasonable copying fee, provide a copy of its rules and regulations. A cemetery authority shall make available for viewing and provide a copy of its current prices of interment, inurnment, or entombment rights.

(g) A cemetery authority shall provide access to the cemetery under the cemetery authority's reasonable rules and regulations.

(h) A cemetery authority shall be responsible for the proper opening and closing of all graves, crypts, or niches for human remains in any cemetery property it owns.

(i) Any corporate or other business organization trustee of the care funds of every licensed cemetery authority shall be located in or a resident of this State. The licensed cemetery authority and the trustee of care funds shall keep in this State and use in its business such books, accounts, and records as will enable the Department to determine whether such licensee or trustee is complying with the provisions of this Act and with the rules, regulations, and directions made by the Department under this Act. The licensed cemetery authority shall keep the books, accounts, and records in electronic or written format at the location identified in the license issued by the Department or as otherwise agreed by the Department in writing. The books, accounts, and records shall be accessible for review upon demand of the Department.

Section 20-6. Cemetery Oversight Database.

(a) Within 10 business days after an interment, entombment, or inurnment of human remains, the cemetery manager shall cause a record of the interment, entombment, or inurnment to be entered into the Cemetery Oversight Database. The requirement of this subsection (a) also applies in any instance in which human remains are relocated.

(b) Within 9 months after the effective date of this Act, the Department shall certify a database as the Cemetery Oversight Database. Upon certifying the database, the Department shall:

(1) provide reasonable notice to cemetery authorities identifying the database; and

New matter indicated by italics - deletions by strikeout.
(2) immediately upon certification, require each cemetery authority to use the Cemetery Oversight Database as a means of complying with subsection (a).

(c) In certifying the Cemetery Oversight Database, the Department shall ensure that the database:

(1) provides real-time access through an Internet connection or, if real-time access through an Internet connection becomes unavailable due to technical problems with the Cemetery Oversight Database incurred by the database provider or if obtaining use of an Internet connection would be an undue hardship on the cemetery authority, through alternative mechanisms, including, but not limited to, telephone;

(2) is accessible to the Department and to cemetery managers in order to ensure compliance with this Act and in order to provide any other information that the Department deems necessary;

(3) requires cemetery authorities to input whatever information required by the Department;

(4) maintains a real-time copy of the required reporting information that is available to the Department at all times and is the property of the Department; and

(5) contains safeguards to ensure that all information contained in the Cemetery Oversight Database is secure.

(d) A cemetery authority may rely on the information contained in the Cemetery Oversight Database as accurate and is not subject to any administrative penalty or liability as a result of relying on inaccurate information contained in the database.

(e) The Cemetery Oversight Database provider shall indemnify cemetery authorities against all claims and actions arising from illegal, willful, or wanton acts on the part of the Database provider. The Cemetery Oversight Database provider shall at all times maintain an electronic backup copy of the information it receives pursuant to subsection (a).

Section 20-8. Vehicle traffic control. A cemetery authority shall use its reasonable best efforts to ensure that funeral processions entering and exiting the cemetery grounds do not obstruct traffic on any street for a period in excess of 10 minutes, except where such funeral procession is continuously moving or cannot be moved by reason of circumstances over which the cemetery authority has no reasonable control. The cemetery authority shall use its reasonable best efforts to help prevent multiple

funeral processions from arriving at the cemetery simultaneously. Notwithstanding any provision of this Act to the contrary, a cemetery authority that violates the provisions of this Section shall be guilty of a business offense and punishable by a fine of not more than $500 for each offense.

Section 20-10. Contract. At the time cemetery arrangements are made and prior to rendering the cemetery services, a cemetery authority shall create a written contract to be provided to the consumer, signed by both parties, that shall contain: (i) contact information, as set out in Section 20-11, and the date on which the arrangements were made; (ii) the price of the service selected and the services and merchandise included for that price; (iii) the supplemental items of service and merchandise requested and the price of each item; (iv) the terms or method of payment agreed upon; and (v) a statement as to any monetary advances made on behalf of the family. The cemetery authority shall maintain a copy of such written contract in its permanent records.

Section 20-11. Contact information in a contract. All cemetery authorities shall include in the contract described in Section 20-10 the name, address, and telephone number of the cemetery authority, except for a cemetery authority that is operating as a religious cemetery or public cemetery, which shall include in the contract described in Section 20-10 the name, address, and telephone number of the cemetery manager. Upon written request to a cemetery authority by a consumer, the cemetery authority shall provide: (1) the cemetery authority's registered agent, if any; (2) the cemetery authority's proprietor, if the cemetery authority is an individual; (3) every partner, if the cemetery authority is a partnership; (4) the president, secretary, executive and senior vice presidents, directors, and individuals owning 25% or more of the corporate stock, if the cemetery authority is a corporation; and (5) the manager, if the cemetery authority is a limited liability company.

Section 20-12. Method of payment; receipt. No cemetery authority shall require payment for any goods, services, or easement by cash only. Each cemetery authority subject to this Section shall permit payment by at least one other option, including, but not limited to, personal check, cashier's check, money order, or credit or debit card. In addition to the contract for the sale of cemetery goods, services, or easements, the cemetery authority shall provide a receipt to the consumer upon payment in part or full, whatever the case may be.
Section 20-15. Interment or inurnment in cemetery. No cemetery authority shall interfere with a licensed funeral director or his or her designated agent observing the final burial or disposition of a body for which the funeral director has a contract for services related to that deceased individual. No funeral director or his or her designated agent shall interfere with a licensed cemetery authority or its designated agent's rendering of burial or other disposition services for a body for which the cemetery authority has a contract for goods, services, or property related to that deceased individual.

Section 20-20. Display of license. Every cemetery authority, cemetery manager, and customer service employee license issued by the Department shall state the number of the license and the address at which the business is to be conducted. Such license shall be kept conspicuously posted in the place of business of the licensee and shall not be transferable or assignable. The Department may respond.

to the motion for rehearing within 20 days after its service on the Department. If no motion for rehearing is filed, then upon the expiration of the time specified for filing such a motion, or if a motion for rehearing is denied, then upon denial, the Secretary may enter a final order in accordance with recommendations of the hearing officer except as provided in Section 25-60 of this Act. If the applicant, licensee, or unlicensed person orders from the reporting service and pays for a transcript of the record within the time for filing a motion for rehearing, the 20-day period within which a motion may be filed shall commence upon the delivery of the transcript to the applicant or licensee.

Section 25-60. Secretary; rehearing. Whenever the Secretary believes that substantial justice has not been done in the revocation, suspension, or refusal to issue, restore, or renew a license, or other discipline of an applicant or licensee, he or she may order a rehearing by the same or other hearing officers.

Section 25-65. Order or certified copy; prima facie proof. An order or certified copy thereof, over the seal of the Department and purporting to be signed by the Secretary, is prima facie proof that:
1. the signature is the genuine signature of the Secretary;
2. the Secretary is duly appointed and qualified; and
3. the hearing officer is qualified to act.

Section 25-70. Receivership. In the event a cemetery authority license is suspended or revoked or where an unlicensed person has conducted activities requiring cemetery authority licensure under this Act, the Department, through the Attorney General, may petition the circuit courts of this State for appointment of a receiver to administer the care funds of such licensee or unlicensed person or to operate the cemetery.

(a) The court shall appoint a receiver if the court determines that a receivership is necessary or advisable:
1. to ensure the orderly and proper conduct of a licensee's professional business and affairs during or in the aftermath of the administrative proceeding to revoke or suspend the cemetery authority's license;
2. for the protection of the public's interest and rights in the business, premises, or activities of the person sought to be placed in receivership;
3. upon a showing of actual or constructive abandonment of premises or business licensed or which was not but should have been licensed under this Act;

New matter indicated by italics - deletions by strikeout.
(4) upon a showing of serious and repeated violations of
this Act demonstrating an inability or unwillingness of a licensee to
comply with the requirements of this Act;
(5) to prevent loss, wasting, dissipation, theft, or conversion
of assets that should be marshaled and held available for the
honoring of obligations under this Act; or
(6) upon proof of other grounds that the court deems good
and sufficient for instituting receivership action concerning the
respondent sought to be placed in receivership.
(b) A receivership under this Section may be temporary, or for the
winding up and dissolution of the business, as the Department may request
and the court determines to be necessary or advisable in the circumstances.
Venue of receivership proceedings may be, at the Department's election, in
Cook County or the county where the subject of the receivership is
located. The appointed receiver shall be the Department or such person as
the Department may nominate and the court shall approve.
(c) The Department may adopt rules for the implementation of this
Section.

Section 25-75. Cemetery Relief Fund.
(a) A special income-earning fund is hereby created in the State
treasury, known as the Cemetery Relief Fund.
(b) Beginning on July 1, 2011, and occurring on an annual basis
every year thereafter, three percent of the moneys in the Cemetery
Oversight Licensing and Disciplinary Fund shall be deposited into the
Cemetery Relief Fund.
(c) All monies deposited into the fund together with all
accumulated undistributed income thereon shall be held as a special fund
in the State treasury. The fund shall be used solely for the purpose of
providing grants to units of local government and not-for-profit
organizations, including, but not limited to, not-for-profit cemetery
authorities, to clean up cemeteries that have been abandoned, neglected, or
are otherwise in need of additional care.
(d) The grant program shall be administered by the Department.

Section 25-80. Surrender of license. Upon the revocation or
suspension of a license under this Act, the licensee shall immediately
surrender his or her license to the Department. If the licensee fails to do so,
the Department has the right to seize the license.

Section 25-85. Inactive status.

New matter indicated by italics - deletions by strikeout.
(a) Any licensed manager or customer service employee who notifies the Department in writing on forms prescribed by the Department as determined by rule, may elect to place his or her license on an inactive status and shall, subject to rules of the Department, be excused from payment of renewal fees until he or she notifies the Department in writing of his or her desire to resume active status. Any licensed manager or licensed customer service employee requesting restoration from inactive status shall pay the current renewal fee and meet requirements as provided by rule. Any licensee whose license is in inactive status shall not practice in the State of Illinois.

(b) A cemetery authority license may only go on inactive status by following the provisions for dissolution set forth in Section 10-50 or transfer in Section 10-45.

Section 25-90. Restoration of license from discipline. At any time after the successful completion of a term of indefinite probation, suspension, or revocation of a license, the Department may restore the license to the licensee, unless after an investigation and a hearing the Secretary determines that restoration is not in the public interest.

Section 25-95. Administrative review; venue.

(a) All final administrative decisions of the Department are subject to judicial review under the Administrative Review Law and its rules. The term "administrative decision" is defined as in Section 3-101 of the Code of Civil Procedure.

(b) Proceedings for judicial review shall be commenced in the circuit court of the county in which the party applying for review resides, but if the party is not a resident of Illinois, the venue shall be in Sangamon County.

Section 25-100. Certifications of record; costs. The Department shall not be required to certify any record to the court, to file an answer in court, or to otherwise appear in any court in a judicial review proceeding unless and until the Department has received from the plaintiff payment of the costs of furnishing and certifying the record, which costs shall be determined by the Department. Failure on the part of the plaintiff to file the receipt in court is grounds for dismissal of the action.

Section 25-105. Violations. Any person who is found to have violated any provision of this Act or any applicant for licensure who files with the Department the fingerprints of an individual other than himself or herself is guilty of a Class A misdemeanor. Upon conviction of a second or subsequent offense the violator shall be guilty of a Class 4 felony.

New matter indicated by italics - deletions by strikeout.
However, whoever intentionally fails to deposit the required amounts into a trust provided for in this Act or intentionally and improperly withdraws or uses trust funds for his or her own benefit shall be guilty of a Class 4 felony and each day such provisions are violated shall constitute a separate offense.

Section 25-110. Civil action and civil penalties. In addition to the other penalties and remedies provided in this Act, the Department may bring a civil action in the county in which the cemetery is located against a licensee or any other person to enjoin any violation or threatened violation of this Act. In addition to any other penalty provided by law, any person who violates this Act shall forfeit and pay a civil penalty to the Department in an amount not to exceed $10,000 for each violation as determined by the Department. The civil penalty shall be assessed by the Department in accordance with the provisions of this Act. Any civil penalty shall be paid within 60 days after the effective date of the order imposing the civil penalty. The order shall constitute a judgment and may be filed and execution had thereon in the same manner as any judgment from any court of record. All moneys collected under this Section shall be deposited into the Cemetery Oversight Licensing and Disciplinary Fund.

Section 25-115. Illinois Administrative Procedure Act; application. The Illinois Administrative Procedure Act is expressly adopted and incorporated in this Act as if all of the provisions of that Act were included in this Act, except that the provision of paragraph (d) of Section 10-65 of the Illinois Administrative Procedure Act, which provides that at hearings the licensee has the right to show compliance with all lawful requirements for retention or continuation or renewal of the license, is specifically excluded. For the purpose of this Act, the notice required under Section 10-25 of the Illinois Administrative Procedure Act is considered sufficient when mailed to the address of record.

Section 25-120. Whistleblower protection.

(a) "Retaliatory action" means the reprimand, discharge, suspension, demotion, denial of promotion or transfer, or change in the terms and conditions of employment of any cemetery manager, licensed customer service employee, or cemetery worker that is taken in retaliation for a cemetery manager's, customer service employee's, or cemetery worker's involvement in protected activity, as set forth in this Section.

(b) A cemetery authority shall not take any retaliatory action against a cemetery manager, customer service employee, or cemetery
worker because the cemetery manager, customer service employee, or cemetery worker does any of the following:

(1) Discloses or threatens to disclose to a supervisor or to a public body an activity, policy, or practice of a cemetery manager, customer service employee, or the cemetery authority that the cemetery manager, customer service employee, or cemetery worker reasonably believes is in violation of a law, rule, or regulation.

(2) Provides information to or testifies before any public body conducting an investigation, hearing, or inquiry into any violation of a law, rule, or regulation by a cemetery manager or cemetery authority.

(3) Assists or participates in a proceeding to enforce the provisions of this Act.

(c) A violation of this Section may be established only upon a finding that (i) the cemetery manager, customer service employee, or cemetery worker engaged in conduct described in subsection (b) of this Section and (ii) that this conduct was a contributing factor in the retaliatory action alleged by the cemetery manager, customer service employee, or cemetery worker. It is not a violation, however, if it is demonstrated by clear and convincing evidence that the cemetery manager or cemetery authority would have taken the same unfavorable personnel action in the absence of that conduct.

(d) The cemetery manager, customer service employee, or cemetery worker may be awarded all remedies necessary to make the cemetery manager, customer service employee, or cemetery worker whole and to prevent future violations of this Section. Remedies imposed by the court may include, but are not limited to, all of the following:

(1) reinstatement of the individual to either the same position held before the retaliatory action or to an equivalent position;

(2) two times the amount of back pay;

(3) interest on the back pay;

(4) the reinstatement of full fringe benefits and seniority rights; and

(5) the payment of reasonable costs and attorneys' fees.

(e) Nothing in this Section shall be deemed to diminish the rights, privileges, or remedies of a cemetery manager, customer service employee, or cemetery worker under any other federal or State law, rule, or regulation or under any employment contract.

Section 25-125. Cemetery Oversight Board. The Cemetery Oversight Board is created and shall consist of the Secretary, who shall serve as its chairperson, and 8 members appointed by the Secretary. Appointments shall be made within 90 days after the effective date of this Act. Three members shall represent the segment of the cemetery industry that does not maintain a partial exemption or full exemption, one member shall represent the segment of the cemetery industry that maintains a partial exemption as a public cemetery, one member shall represent the segment of the cemetery industry that maintains a partial exemption as a religious cemetery, 2 members shall be consumers as defined in this Act, and one member shall represent the general public. No member shall be a licensed professional from a non-cemetery segment of the death care industry. Board members shall serve 5-year terms and until their successors are appointed and qualified. The membership of the Board should reasonably reflect representation from the geographic areas in this State. No member shall be reappointed to the Board for a term that would cause his or her continuous service on the Board to be longer than 10 successive years. Appointments to fill vacancies shall be made in the same manner as original appointments, for the unexpired portion of the vacated term. Five members of the Board shall constitute a quorum. A quorum is required for Board decisions. The Secretary may remove any member of the Board for misconduct, incompetence, neglect of duty, or for reasons prescribed by law for removal of State officials. The Secretary may remove a member of the Board who does not attend 2 consecutive meetings. The Department may, at any time, seek the expert advice and knowledge of the Board on any matter relating to the administration or enforcement of this Act. The Secretary shall consider the recommendations of the Board in the development of proposed rules under this Act and for establishing guidelines and examinations as may be required under this Act. Notice of any proposed rulemaking under this Act shall be transmitted to the Board and the Department shall review the response of the Board and any recommendations made therein.

Article 35.
Consumer Bill of Rights

Section 35-5. Penalties. Cemetery authorities shall respect the rights of consumers of cemetery products and services as put forth in this Article. Failure to abide by the cemetery duties listed in this Article or to comply with a request by a consumer based on a consumer's privileges
under this Article may activate the mediation, citation, or disciplinary processes in Article 25 of this Act.

Section 35-10. Consumer privileges.

(a) The record required under this Section shall be open to public inspection consistent with State and federal law. The cemetery authority shall make available, consistent with State and federal law, a true copy of the record upon written request and payment of reasonable copy costs. At the time of the interment, entombment, or inurnment, the cemetery authority shall provide the record of the deceased's name and date of burial to the person who would have authority to dispose of the decedent's remains under the Disposition of Remains Act.

(b) Consumers have the right to purchase merchandise or services directly from the cemetery authority when available or through a third-party vendor of the consumer's choice without incurring a penalty or additional charge by the cemetery authority; provided, however, that consumers do not have the right to purchase types of merchandise that would violate applicable law or the cemetery authority's rules and regulations.

(c) Consumers have the right to complain to the cemetery authority or to the Department regarding cemetery-related products and services as well as issues with customer service, maintenance, or other cemetery activities. Complaints may be brought by a consumer or the consumer's agent appointed for that purpose.

Section 35-15. Cemetery duties.

(a) Prices for all cemetery-related products offered for sale by the cemetery authority must be disclosed to the consumer in writing on a standardized price list. Memorialization pricing may be disclosed in price ranges. The price list shall include the effective dates of the prices. The price list shall include not only the range of interment, inurnment, and entombment rights, and the cost of extending the term of any term burial, but also any related merchandise or services offered by the cemetery authority. Charges for installation of markers, monuments, and vaults in cemeteries must be the same without regard to where the item is purchased.

(b) A contract for the interment, inurnment, or entombment of human remains must be signed by both parties: the consumer and the cemetery authority or its representative. Before a contract is signed, the prices for the purchased services and merchandise must be disclosed on the contract and in plain language. If a contract is for a term burial, the

term, the option to extend the term, and the subsequent disposition of the
human remains post-term must be in bold print and discussed with the
consumer. Any contract for the sale of a burial plot, when designated, must
disclose the exact location of the burial plot based on the survey of the
cemetery map or plat on file with the cemetery authority.

(c) A cemetery authority that has the legal right to extend a term
burial shall, prior to disinterment, provide the family or other authorized
agent under the Disposition of Remains Act the opportunity to extend the
term of a term burial for the cost as stated on the cemetery authority's
current price list. Regardless of whether the family or other authorized
agent chooses to extend the term burial, the cemetery authority shall, prior
to disinterment, provide notice to the family or other authorized agent
under the Disposition of Remains Act of the cemetery authority's intention
to disinter the remains and to inter different human remains in that space.

(d) If any rules or regulations, including the operational or
maintenance requirements, of a cemetery change after the date a contract is
signed for the purchase of cemetery-related or funeral-related products or
services, the cemetery may not require the consumer, purchaser, or such
individual's relative or representative to purchase any merchandise or
service not included in the original contract or in the rules and regulations
in existence when the contract was entered unless the purchase is
reasonable or required to make the cemetery authority compliant with
applicable law.

(e) No cemetery authority or its agent may engage in deceptive or
unfair practices. The cemetery authority and its agents may not
misrepresent legal or cemetery requirements.

(f) The Department may adopt rules regarding green burial
certification, green cremation products and methods, and consumer
education.

(g) The contractual requirements contained in this Section only
apply to contracts executed after the effective date of this Act.

Article 75.

active license issued pursuant to this Act, nor may an investigator have a

This Section is a denial and limitation of home rule powers and functions under subsection (h) of Section 6 of Article VII of the Illinois Constitution.

Section 75-35. Roster. The Department shall, upon request and payment of the required fee, provide a list of the names and business addresses of all licensees under this Act.

All of the fees and fines collected under this Act shall be deposited into the Cemetery Oversight Licensing and Disciplinary Fund and be appropriated to the Department for the ordinary and contingent expenses of the Department in the administration and enforcement of this Act.

Section 75-50. Burial permits. Notwithstanding any law to the contrary, a cemetery authority shall ensure that every burial permit applicable to that cemetery authority contains the decedent's parcel identification number or other information as provided by rule regarding the location of the interment, entombment, or inurnment of the deceased that would enable the Department to determine the precise location of the decedent.

Section 75-55. Transition.

(a) Within 60 days after the effective date of this Act, the Comptroller shall provide the Department copies of records in the Comptroller's possession pertaining to the Cemetery Care Act and the Crematory Regulation Act that are necessary for the Department's immediate responsibilities under this Act. All other records pertaining to

the Cemetery Care Act and the Crematory Regulation Act shall be transferred to the Department by March 1, 2012. In the case of records that pertain both to the administration of the Cemetery Care Act or the Crematory Regulation Act and to a function retained by the Comptroller, the Comptroller, in consultation with the Department, shall determine, within 60 days after the repeal of the Cemetery Care Act, whether the records shall be transferred, copied, or left with the Comptroller; until this determination has been made the transfer shall not occur.

(b) A person licensed under one of the Acts listed in subsection (a) of this Section or regulated under the Cemetery Association Act shall continue to comply with the provisions of those Acts until such time as the person is licensed under this Act or those Acts are repealed or the amendatory changes made by this amendatory Act of the 96th General Assembly take effect, as the case may be, whichever is earlier.

(c) To support the costs that may be associated with implementing and maintaining a licensure and regulatory process for the licensure and regulation of cemetery authorities, cemetery managers, customer service employees, and cemetery workers, all cemetery authorities not maintaining a full exemption or partial exemption shall pay a one-time fee of $20 to the Department plus an additional charge of $1 per burial unit per year within the cemetery. The Department may establish forms for the collection of the fee established under this subsection and shall deposit such fee into the Cemetery Oversight Licensing and Disciplinary Fund. The Department may begin to collect the aforementioned fee after the effective date of this Act. In addition, the Department may establish rules for the collection process, which may include, but shall not be limited to, dates, forms, enforcement, or other procedures necessary for the effective collection, deposit, and overall process regarding this Section.

(d) Any cemetery authority that fails to pay to the Department the required fee or submits the incorrect amount shall be subject to the penalties provided for in Section 25-110 of this Act.

(e) Except as otherwise specifically provided, all fees, fines, penalties, or other moneys received or collected pursuant to this Act shall be deposited in the Cemetery Oversight Licensing and Disciplinary Fund.

(f) All proportionate funds held in the Comptroller's Administrative Fund related to unexpended moneys collected under the Cemetery Care Act and the Crematory Regulation Act shall be transferred to the Cemetery Oversight Licensing and Disciplinary Fund within 60 days after the effective date of the repeal of the Cemetery Care Act.

New matter indicated by italics - deletions by strikeout.
(g) Personnel employed by the Comptroller on February 29, 2012, to perform the duties pertaining to the administration of the Cemetery Care Act and the Crematory Regulation Act, are transferred to the Department on March 1, 2012.

The rights of State employees, the State, and its agencies under the Comptroller Merit Employment Code and applicable collective bargaining agreements and retirement plans are not affected under this Act, except that all positions transferred to the Department shall be subject to the Personnel Code effective March 1, 2012.

All transferred employees who are members of collective bargaining units shall retain their seniority, continuous service, salary, and accrued benefits. During the pendency of the existing collective bargaining agreement, the rights provided for under that agreement shall not be abridged.

The Department shall continue to honor during their pendency all bargaining agreements in effect at the time of the transfer and to recognize all collective bargaining representatives for the employees who perform or will perform functions transferred by this Act. "Unwarranted invasion of personal privacy" means the disclosure of information that is highly personal or objectionable to a reasonable person and in which the subject's right to privacy outweighs any legitimate public interest in obtaining the information. The disclosure of information that bears on the public duties of public employees and officials shall not be considered an invasion of personal privacy.

(d) Records in the possession of any public body created in the course of administrative enforcement proceedings, and any law enforcement or correctional agency for law enforcement purposes, but only to the extent that disclosure would:

(g) Trade secrets and commercial or financial information obtained from a person or business where the trade secrets or commercial or financial information are furnished under a claim that they are proprietary, privileged or confidential, and that disclosure of the trade secrets or commercial or financial information would cause competitive harm to the person or business, and only insofar as the claim directly applies to the records requested.

The exemption contained in this item does not apply to the identity of a privately held company within the investment portfolio of a private equity fund, unless the disclosure of the identity of a privately held company may cause competitive harm.

The exemption for "computer geographic systems" provided in this paragraph (i) does not extend to requests made by news media as defined in Section 2 of this Act when the requested information is not otherwise exempt and the only purpose of the request is to access and disseminate information regarding the health, safety, welfare, or legal rights of the general public.

(b) Whenever, in the opinion of the Department, a person violates any provision of this Act, the Department may issue a rule to show cause why an order to cease and desist should not be entered against that person. The rule shall clearly set forth the grounds relied upon by the Department and shall allow at least 7 days from the date of the rule to file an answer satisfactory to the Department. Failure to answer to the satisfaction of the Department shall cause an order to cease and desist to be issued.

If the Comptroller has good cause to believe that a person has engaged in, is engaging in, or is about to engage in any practice in violation of this Act, the Comptroller may do any one or more of the following:

1. Require that person to file, on terms the Comptroller prescribes, a statement or report in writing, under oath or otherwise, containing all information that the Comptroller considers necessary to ascertain whether a licensee is in compliance with this Act, or whether an unlicensed person is engaging in activities for which a license is required under this Act.

The Department may at any time investigate the actions of any applicant or of any person, persons, or entity rendering or offering to render cremation services or any person or entity holding or claiming to hold a license as a licensed crematory. The Department shall, before revoking, suspending, placing on probation, reprimanding, or taking any other disciplinary action under Section 11 of this Act, at least 30 days before the date set for the hearing, (i) notify the accused in writing of the charges made and the time and place for the hearing on the charges, (ii) direct the accused applicant or licensee to file a written answer to the charges with the Department under oath within 20 days after the service on him or her of the notice, and (iii) inform the accused that, if he or she fails to answer, default will be taken against him or her or that his or her license may be suspended, revoked, placed on probationary status, or other disciplinary action taken with regard to the license, including limiting the scope, nature, or extent of his or her practice, as the Department may consider proper.
At the time and place fixed in the notice, the Department shall proceed to hear the charges and the parties or their counsel shall be accorded ample opportunity to present any pertinent statements, testimony, evidence, and arguments. The written notice may be served by personal delivery or by certified mail to the address specified by the accused in his or her last notification with the Department.

(a) The Comptroller shall make an investigation upon discovering facts that, if proved, would constitute grounds for refusal, suspension, or revocation of a license under this Act:

(b) Before refusing to issue, and before suspending or revoking, a license under this Act, the Comptroller shall hold a hearing to determine whether the applicant for a license or the licensee ("the respondent") is entitled to hold such a license. At least 10 days before the date set for the hearing, the Comptroller shall notify the respondent in writing that (i) on the designated date a hearing will be held to determine the respondent's eligibility for a license and (ii) the respondent may appear in person or by counsel. The written notice may be served on the respondent personally, or by registered or certified mail sent to the respondent's business address as shown in the respondent's latest notification to the Comptroller. The Comptroller may reasonably continue the hearing from time to time. The Comptroller may subpoena any person or persons in this State and take testimony orally, by deposition, or by exhibit, in the same manner and with the same fees and mileage as prescribed in judicial proceedings in civil cases. Any authorized agent of the Comptroller may administer oaths to witnesses at any hearing that the Comptroller is authorized to conduct:

If the person fails to submit the application within this time period, then the person shall be considered to be engaged in unlicensed practice and shall be subject to discipline under this Act.

Sec. 4-1. Eligibility requirements. Financial aid in meeting basic maintenance requirements for a livelihood compatible with health and well-being shall be given under this Article to or in behalf of families with dependent children who meet the eligibility conditions of Sections 4-1.1 through 4-1.11. It shall be the policy of the Illinois Department to provide aid under this Article to all qualified persons who seek assistance and to conduct outreach efforts to educate the public about the program. The Department shall provide timely, accurate, and fair service to all applicants for assistance. Persons who meet the eligibility criteria authorized under this Article shall be treated equally, provided that nothing in this Article shall be construed to create an entitlement to a particular grant or service level or to aid in amounts not authorized under this Code, nor construed to limit the authority of the General Assembly to change the eligibility requirements or provisions respecting assistance amounts. The General Assembly recognizes that the need for aid will fluctuate with the economic situation in Illinois and that at times the number of people receiving aid under this Article will increase.

The Illinois Department shall advise every applicant for and recipient of aid under this Article of (i) the requirement that all recipients move toward self-sufficiency and (ii) the value and benefits of employment. As a condition of eligibility for that aid, every person who applies for aid under this Article on or after the effective date of this amendatory Act of 1995 shall prepare and submit, as part of the application or subsequent redetermination, a personal plan for achieving employment and self-sufficiency. The plan shall incorporate the individualized assessment and employability plan set out in subsections (d), (f), and (g) of Section 9A-8. The plan may be amended as the recipient's needs change. The assessment process to develop the plan shall include questions that screen for domestic violence issues and steps needed to address these issues may be part of the plan. If the individual indicates that he or she is a victim of domestic violence, he or she may also be referred to an available domestic violence program. Failure of the client to follow through on the personal plan for employment and self-sufficiency may be a basis for sanction under Section 4-21.

The Illinois Department may, by rule, set forth criteria under which an assistance unit is ineligible for cash assistance under this Article for a specified number of months due to the receipt of a lump sum payment.

(2) Upon review of the report, the Director shall determine whether there is substantial evidence that the alleged civil rights violation has been committed. The determination of substantial evidence is limited to determining the need for further consideration of the charge pursuant to this Act and includes, but is not limited to, findings of fact and conclusions, as well as the reasons for the determinations on all material issues. Substantial evidence is evidence which a reasonable mind accepts as sufficient to support a particular conclusion and which consists of more than a mere scintilla but may be somewhat less than a preponderance.

(3) If the Director determines that there is no substantial evidence, the charge shall be dismissed by order of the Director and the Director shall give the complainant notice of his or her right to seek review of the dismissal order before the Commission or commence a civil action in the appropriate circuit court. If the complainant chooses to have the Human Rights Commission review the dismissal order, he or she shall file a request for review with the Commission within 90 days after receipt of the Director's notice. (4) If the Director determines that there is substantial evidence, he or she shall notify the complainant and respondent of that determination. The Director shall also notify the parties that the complainant has the right to either commence a civil action in the appropriate circuit court or request that the Department of Human Rights file a complaint with the Human Rights Commission on his or her behalf. Any such complaint shall be filed within 90 days after receipt of the Director's notice. If the complainant chooses to have the Department file a complaint with the Human Rights Commission on his or her behalf, the complainant must, within 30 days after receipt of the Director's notice.

If the complainant files a complaint with the Human Rights Commission, the complainant shall give notice to the Department of the filing of the complaint with the Human Rights Commission.

(E) Conciliation.

(1) When there is a finding of substantial evidence, the Department may designate a Department employee who is an attorney licensed to practice in Illinois to endeavor to eliminate the effect of the alleged civil rights violation and to prevent its repetition by means of conference and conciliation.

(2) When the Department determines that a formal conciliation conference is necessary, the complainant and respondent shall be notified of the time and place of the conference by registered or certified mail at least 10 days prior thereto and either or both parties shall appear at the conference in person or by attorney.

(3) The place fixed for the conference shall be within 35 miles of the place where the civil rights violation is alleged to have been committed.

(4) Nothing occurring at the conference shall be disclosed by the Department unless the complainant and respondent agree in writing that such disclosure be made.

(5) The Department's efforts to conciliate the matter shall not stay or extend the time for filing the complaint with the Commission or the circuit court.

(F) Complaint.

(1) When the complainant requests that the Department file a complaint with the Commission on his or her behalf, the Department shall prepare a written complaint, under oath or affirmation, stating the nature of the civil rights violation substantially as alleged in the charge previously filed and the relief sought on behalf of the aggrieved party. The Department shall file the complaint with the Commission.

The form of the complaint in any such civil action shall be in accordance with the Illinois Code of Civil Procedure.

(G) Time Limit.

(1) When a charge of a civil rights violation has been properly filed, the Department, within 365 days thereof or within any extension of that period agreed to in writing by all parties, shall issue its report as required by subparagraph (D). Any such report shall be duly served upon both the complainant and the respondent.

(2) If the Department has not issued its report within 365 days after the charge is filed, or any such longer period agreed to in writing by all the parties, the complainant shall have 90 days to either file his or her own complaint with the Human Rights Commission or commence a civil action in the appropriate circuit court. If the complainant files a complaint with the Commission, the form of the complaint shall be in accordance with the provisions of paragraph (F)(1). If the complainant commences a civil action in a circuit court, the form of the complaint shall be in accordance with the Illinois Code of Civil Procedure. The aggrieved party shall notify the Department that a complaint has been filed and shall serve a copy of the complaint on the Department on the same date that the complaint is filed with the Commission or in circuit court. If the complainant files a complaint with the Commission, he or she may not later commence a civil action in circuit court.

(3) If an aggrieved party files a complaint with the Human Rights Commission or commences a civil action in circuit court pursuant to paragraph (2) of this subsection, or if the time period for filing a complaint has expired, the Department shall immediately cease its investigation and dismiss the charge of civil rights violation. Any final order entered by the Commission under this Section is appealable in accordance with paragraph (B)(1) of Section 8-111. Sec. 7B-102. Procedures.

(A) Charge.

(1) Within one year after the date that a civil rights violation allegedly has been committed or terminated, a charge in writing under oath or affirmation may be filed with the Department by an aggrieved party or issued by the Department itself under the signature of the Director.

(2) The charge shall be in such detail as to substantially apprise any party properly concerned as to the time, place, and facts surrounding the alleged civil rights violation.

(B) Notice and Response to Charge.

(1) The Department shall serve notice upon the aggrieved party acknowledging such charge and advising the aggrieved party of the time limits and choice of forums provided under this Act. The Department shall, within 10 days of the date on which the charge was filed or the identification of an additional respondent under paragraph (2) of this subsection, serve on the respondent a copy of the charge along with a notice identifying the alleged civil rights violation and advising the respondent of the procedural rights and obligations of respondents under this Act and shall

require the respondent to file a verified response to the allegations contained in the charge within 30 days. The respondent shall serve a copy of its response on the complainant or his representative. All allegations contained in the charge not timely denied by the respondent shall be deemed admitted, unless the respondent states that it is without sufficient information to form a belief with respect to such allegation. The Department may issue a notice of default directed to any respondent who fails to file a verified response to a charge within 30 days of the date on which the charge was filed, unless the respondent can demonstrate good cause as to why such notice should not issue. The term "good cause" shall be defined by rule promulgated by the Department. Within 10 days of the date he receives the respondent's response, the complainant may file his reply to said response. If he chooses to file a reply, the complainant shall serve a copy of said reply on the respondent or his representative. A party shall have the right to supplement his response or reply at any time that the investigation of the charge is pending.

(2) A person who is not named as a respondent in a charge, but who is identified as a respondent in the course of investigation, may be joined as an additional or substitute respondent upon written notice, under subsection (B), to such person, from the Department. Such notice, in addition to meeting the requirements of subsections (A) and (B), shall explain the basis for the Department's belief that a person to whom the notice is addressed is properly joined as a respondent.

(C) Investigation.

(1) The Department shall conduct a full investigation of the allegations set forth in the charge and complete such investigation within 100 days after the filing of the charge, unless it is impracticable to do so. The Department's failure to complete the investigation within 100 days after the proper filing of the charge does not deprive the Department of jurisdiction over the charge.

(2) If the Department is unable to complete the investigation within 100 days after the charge is filed, the Department shall notify the complainant and respondent in writing of the reasons for not doing so.

(3) The Director or his or her designated representative shall have authority to request any member of the Commission to

issue subpoenas to compel the attendance of a witness or the production for examination of any books, records or documents whatsoever.

(4) If any witness whose testimony is required for any investigation resides outside the State, or through illness or any other good cause as determined by the Director is unable to be interviewed by the investigator or appear at a fact finding conference, his or her testimony or deposition may be taken, within or without the State, in the same manner as provided for in the taking of depositions in civil cases in circuit courts.

(5) Upon reasonable notice to the complainant and the respondent, the Department shall conduct a fact finding conference, unless prior to 100 days from the date on which the charge was filed, the Director has determined whether there is substantial evidence that the alleged civil rights violation has been committed. A party's failure to attend the conference without good cause may result in dismissal or default. A notice of dismissal or default shall be issued by the Director and shall notify the relevant party that a request for review may be filed in writing with the Commission within 30 days of receipt of notice of dismissal or default.

(D) Report.

(1) Each investigated charge shall be the subject of a report to the Director. The report shall be a confidential document subject to review by the Director, authorized Department employees, the parties, and, where indicated by this Act, members of the Commission or their designated hearing officers.

The report shall contain:
(a) the names and dates of contacts with witnesses;
(b) a summary and the date of correspondence and other contacts with the aggrieved party and the respondent;
(c) a summary description of other pertinent records;
(d) a summary of witness statements; and
(e) answers to questionnaires.

A final report under this paragraph may be amended if additional evidence is later discovered.

(2) Upon review of the report and within 100 days of the filing of the charge, unless it is impracticable to do so, the Director

shall determine whether there is substantial evidence that the alleged civil rights violation has been committed or is about to be committed. If the Director is unable to make the determination within 100 days after the filing of the charge, the Director shall notify the complainant and respondent in writing of the reasons for not doing so. The Director's failure to make the determination within 100 days after the proper filing of the charge does not deprive the Department of jurisdiction over the charge.

(a) If the Director determines that there is no substantial evidence, the charge shall be dismissed and the aggrieved party notified that he or she may seek review of the dismissal order before the Commission. The aggrieved party shall have 90 days from receipt of notice to file a request for review by the Commission. The Director shall make public disclosure of each such dismissal.

(b) If the Director determines that there is substantial evidence, he or she shall immediately issue a complaint on behalf of the aggrieved party pursuant to subsection (F).

(E) Conciliation.

(1) During the period beginning with the filing of charge and ending with the filing of a complaint or a dismissal by the Department, the Department shall, to the extent feasible, engage in conciliation with respect to such charge.

When the Department determines that a formal conciliation conference is feasible, the aggrieved party and respondent shall be notified of the time and place of the conference by registered or certified mail at least 7 days prior thereto and either or both parties shall appear at the conference in person or by attorney.

(2) The place fixed for the conference shall be within 35 miles of the place where the civil rights violation is alleged to have been committed.

(3) Nothing occurring at the conference shall be made public or used as evidence in a subsequent proceeding for the purpose of proving a violation under this Act unless the complainant and respondent agree in writing that such disclosure be made.

(4) A conciliation agreement arising out of such conciliation shall be an agreement between the respondent and the
complainant, and shall be subject to approval by the Department and Commission.

(5) A conciliation agreement may provide for binding arbitration of the dispute arising from the charge. Any such arbitration that results from a conciliation agreement may award appropriate relief, including monetary relief.

(6) Each conciliation agreement shall be made public unless the complainant and respondent otherwise agree and the Department determines that disclosure is not required to further the purpose of this Act.

(F) Complaint.

(1) When there is a failure to settle or adjust any charge through a conciliation conference and the charge is not dismissed, the Department shall prepare a written complaint, under oath or affirmation, stating the nature of the civil rights violation and the relief sought on behalf of the aggrieved party. Such complaint shall be based on the final investigation report and need not be limited to the facts or grounds alleged in the charge filed under subsection (A).

(2) The complaint shall be filed with the Commission.

(3) The Department may not issue a complaint under this Section regarding an alleged civil rights violation after the beginning of the trial of a civil action commenced by the aggrieved party under any State or federal law, seeking relief with respect to that alleged civil rights violation.

(G) Time Limit.

(1) When a charge of a civil rights violation has been properly filed, the Department, within 100 days thereof, unless it is impracticable to do so, shall either issue and file a complaint in the manner and form set forth in this Section or shall order that no complaint be issued. Any such order shall be duly served upon both the aggrieved party and the respondent. The Department's failure to either issue and file a complaint or order that no complaint be issued within 100 days after the proper filing of the charge does not deprive the Department of jurisdiction over the charge.

(2) The Director shall make available to the aggrieved party and the respondent, at any time, upon request following completion of the Department's investigation, information derived from an

investigation and any final investigative report relating to that investigation.

(B) Review. In its discretion, the Commission may designate a hearing officer to conduct a hearing into the factual basis of the matter at issue.

(C) Default Order. The complainant shall have 90 days after receipt of the Commission's default order to either commence a civil action in the appropriate circuit court or request that the Commission set a hearing on damages.

Except as otherwise provided in this Section, all sales proceeds paid to any person, partnership, association or corporation with respect to merchandise or services covered by this Act, upon any agreement or contract, or any series or combination of agreements or contracts, which has for a purpose the furnishing or performance of funeral services, or the furnishing or delivery of any personal property, merchandise, or services of any nature in connection with the final disposition of a dead human body, including, but not limited to, outer burial containers, urns, combination casket-vault units, caskets and clothing, for future use at a time determinable by the death of the person or persons whose body or bodies are to be so disposed of, shall be held to be trust funds, and shall be placed in trust in accordance with Sections 1b and 2, or shall be used to purchase life insurance or annuities in accordance with Section 2a. The person, partnership, association or corporation receiving said payments under a pre-need contract is hereby declared to be a trustee thereof until deposits of funds are made in accordance with Section 1b or 2a of this Act. Persons holding less than $500,000 in trust funds may continue to act as the trustee after the funds are deposited in accordance with subsection (d) of Section 1b.

Sec. 1a-1. Pre-need contracts.

(a) It shall be unlawful for any seller doing business within this State to accept sales proceeds from a purchaser, either directly or indirectly by any means, unless the seller enters into a pre-need contract with the purchaser which meets the following requirements:

(1) It states the name and address of the principal office of the seller and the parent company of the seller, if any.

(1.5) If funded by a trust, it clearly identifies the trustee’s name and address and the primary state or federal regulator of the trustee as a corporate fiduciary.

New matter indicated by italics - deletions by strikeout.
(1.7) If funded by life insurance, it clearly identifies the life insurance provider and the primary regulator of the life insurance provider.

(2) It clearly identifies the provider’s name and address, the purchaser, and the beneficiary, if other than the purchaser.

(2.5) If the provider has branch locations, the contract gives the purchaser the opportunity to identify the branch at which the funeral will be provided.

(3) It contains a complete description of the funeral merchandise and services to be provided and the price of the merchandise and services, and it clearly discloses whether the price of the merchandise and services is guaranteed or not guaranteed as to price.

(A) Each guaranteed price contract shall contain the following statement in 12 point bold type:

THIS CONTRACT GUARANTEES THE BENEFICIARY THE SPECIFIC GOODS AND SERVICES CONTRACTED FOR. NO ADDITIONAL CHARGES MAY BE REQUIRED. FOR DESIGNATED GOODS AND SERVICES, ADDITIONAL CHARGES MAY BE INCURRED FOR UNEXPECTED EXPENSES INCLUDING, BUT NOT LIMITED TO, CASH ADVANCES, SHIPPING OF REMAINS FROM A DISTANT PLACE, OR DESIGNATED HONORARIA ORDERED OR DIRECTED BY SURVIVORS.

(B) Except as provided in subparagraph (C) of this paragraph (3), each non-guaranteed price contract shall contain the following statement in 12 point bold type:

THIS CONTRACT DOES NOT GUARANTEE THE PRICE THE BENEFICIARY WILL PAY FOR ANY SPECIFIC GOODS OR SERVICES. ANY FUNDS PAID UNDER THIS CONTRACT ARE ONLY A DEPOSIT TO BE APPLIED TOWARD THE FINAL PRICE OF THE GOODS OR SERVICES CONTRACTED FOR. ADDITIONAL CHARGES MAY BE REQUIRED.

(C) If a non-guaranteed price contract may subsequently become guaranteed, the contract shall clearly disclose the nature of the guarantee and the time,
occurrence, or event upon which the contract shall become a guaranteed price contract.

(4) It provides that if the particular supplies and services specified in the pre-need contract are unavailable at the time of delivery, the provider shall be required to furnish supplies and services similar in style and at least equal in quality of material and workmanship.

(5) It discloses any penalties or restrictions, including but not limited to geographic restrictions or the inability of the provider to perform, on the delivery of merchandise, services, or pre-need contract guarantees.

(6) Regardless of the method of funding the pre-need contract, the following must be disclosed:

(A) Whether the pre-need contract is to be funded by a trust, life insurance, or an annuity;
(B) The nature of the relationship among the person funding the pre-need contract, the provider, and the seller; and
(C) The impact on the pre-need contract of (i) any changes in the funding arrangement including but not limited to changes in the assignment, beneficiary designation, or use of the funds; (ii) any specific penalties to be incurred by the contract purchaser as a result of failure to make payments; (iii) penalties to be incurred or moneys or refunds to be received as a result of cancellations; and (iv) all relevant information concerning what occurs and whether any entitlements or obligations arise if there is a difference between the proceeds of the particular funding arrangement and the amount actually needed to pay for the funeral at-need.

(D) The method of changing the provider.

(b) All pre-need contracts are subject to the Federal Trade Commission Rule concerning the Cooling-Off Period for Door-to-Door Sales (16 CFR Part 429).

(c) No pre-need contract shall be sold in this State unless there is a provider for the services and personal property being sold. If the seller is not a provider, then the seller must have a binding agreement with a provider, and the identity of the provider and the nature of the agreement between the seller and the provider shall be disclosed in the pre-need

contract at the time of the sale and before the receipt of any sales proceeds. The failure to disclose the identity of the provider, the nature of the agreement between the seller and the provider, or any changes thereto to the purchaser and beneficiary, or the failure to make the disclosures required in subdivision (a)(1), constitutes an intentional violation of this Act.

(d) All pre-need contracts must be in writing in at least 11 point type, numbered, and executed in duplicate. A signed copy of the pre-need contract must be provided to the purchaser at the time of entry into the pre-need contract. The Comptroller may by rule develop a model pre-need contract form that which meets the requirements of this Act.

(e) The State Comptroller shall by rule develop a booklet for consumers in plain English describing the scope, application, and consumer protections of this Act. After the adoption of these rules, no pre-need contract shall be sold in this State unless (i) the seller distributes to the purchaser prior to the sale a booklet promulgated or approved for use by the State Comptroller; (ii) the seller explains to the purchaser the terms of the pre-need contract prior to the purchaser signing; and (iii) the purchaser initials a statement in the contract confirming that the seller has explained the terms of the contract prior to the purchaser signing.

(f) All sales proceeds received in connection with a pre-need contract shall be deposited into a trust account as provided in Section 1b and Section 2 of this Act, or shall be used to purchase a life insurance policy or tax-deferred annuity as provided in Section 2a of this Act.

(g) No pre-need contract shall be sold in this State unless it is accompanied by a funding mechanism permitted under this Act, and unless the seller is licensed by the Comptroller as provided in Section 3 of this Act. Nothing in this Act is intended to relieve sellers of pre-need contracts from being licensed under any other Act required for their profession or business, and being subject to the rules promulgated to regulate their profession or business, including rules on solicitation and advertisement.

Sec. 1a-2. Pre-Need Funeral Consumer Protection Fund.

(a) Each licensee shall pay a fee of $5 out of the funds received for each pre-need contract sold and shall forward this sum to the Comptroller semi-annually within 30 days of the end of June and December. Fees collected under this Section shall be deposited into the Pre-need Funeral Consumer Protection Fund, which is hereby created as a special fund in
the State treasury. Moneys in the Fund may be expended for the purposes specified in subsection (b) and to purchase insurance to cover losses guaranteed by the Fund.

(b) In the event that the purchaser is unable to receive the benefits of his or her pre-need contract or to receive the funds due by reason of cancellation of the contract, the purchaser may apply to the Comptroller on a form prescribed by the Comptroller for restitution from the Pre-need Funeral Consumer Protection Fund. Upon a finding by the Comptroller that the benefits or return of payment is not available to the purchaser, the Comptroller may cause restitution to be paid to the purchaser from the Pre-need Funeral Consumer Protection Fund.

(c) In all such cases where a purchaser is paid restitution from the Fund, the Comptroller shall be subrogated to that purchaser's claims against the licensee for all amounts paid from the Fund. If the licensee's liability for default is subsequently proven, any award made by a court of law shall be made payable to the Pre-need Funeral Consumer Protection Fund up to the amount paid to the purchaser from the Fund and the Comptroller shall request that the Attorney General engage in all reasonable post-judgment collection steps to collect such claims from the judgment debtor and reimburse the Fund.

(d) The Fund shall not be applied toward any restitution for losses in any lawsuit initiated by the Attorney General or Comptroller or with respect to any claim made on a pre-need contract that occurred prior to the effective date of this amendatory Act of the 96th General Assembly.

(e) Notwithstanding any other provision of this Section, the payment of restitution from the Fund shall be a matter of grace and not of right and no purchaser shall have any vested right in the Fund as a beneficiary or otherwise.

(f) The Fund may not be allocated for any purpose other than that specified in this Act.

(225 ILCS 45/1b) (from Ch. 111 1/2, par. 73.101b)

Sec. 1b. (a) Whenever a seller receives sales proceeds under a pre-need contract that the purchaser elects to fund by a trust agreement, the seller may retain an initial amount equal to 5% of the purchase price of the services, personal property or merchandise, or 15% of the purchase price of outer burial containers. Thereafter, a seller shall deposit into trust the amounts specified in this Section so that no later than upon the final payment on the contract, the trust shall equal or exceed 95% of the purchase price of all services, personal property, or merchandise, except

for outer burial containers, and 85% of the purchase price of outer burial containers.

(b) In the event that sales proceeds to be deposited into a trust are received pursuant to a cash sale or an installment contract, the seller may retain the initial percentage authorized by subsection (a) of this Section and any finance charge paid by the purchaser, and thereafter shall deposit into the trust the entire balance of sales proceeds received.

(c) In the event that the deposits into a trust required by this Section do not, after final payment by the consumer, result in the trust containing at least 95% of the purchase price of all services, personal property or merchandise, except for outer burial containers and 85% of the purchase price of outer burial containers, the seller shall make an additional deposit into the trust in an amount sufficient to meet these percentages.

(d) The trustee may not be the seller or provider of funeral services or merchandise unless the seller holds sales of less than $500,000 in trust, and deposits funds for which the seller is acting as trustee in (1) withdrawable accounts of State chartered or federally chartered savings and loan associations insured by the Federal Deposit Insurance Corporation; (2) deposits or certificates of deposits in State or federal banks insured by the Federal Deposit Insurance Corporation; or (3) share accounts or share certificate accounts in a State or federal credit union, the accounts of which are insured as required by the Illinois Credit Union Act or the Federal Credit Union Act, as applicable.

(225 ILCS 45/2) (from Ch. 111 1/2, par. 73.102)

Sec. 2. (a) If a purchaser selects a trust arrangement to fund the pre-need contract, all trust deposits as determined by Section 1b shall be made within 30 days of receipt.

(b) A trust established under this Act must be maintained with a corporate fiduciary as defined in Section 1-5.05 of the Corporate Fiduciary Act.

(1) in a trust account established in a bank, savings and loan association, savings bank, or credit union authorized to do business in Illinois in which accounts are insured by an agency of the federal government; or

(2) in a trust company authorized to do business in Illinois.

(c) Trust agreements and amendments to the trust agreements used to fund a pre-need contract shall be filed with the Comptroller.

(d) (Blank).

(e) A seller or provider shall furnish to the trustee and depositary the name of each payor and the amount of payment on each such account for which deposit is being so made. Nothing shall prevent the trustee or a seller or provider acting as a trustee in accordance with this Act from commingling the deposits in any such trust fund for purposes of its management and the investment of its funds as provided in the Common Trust Fund Act. In addition, multiple trust funds maintained under this Act may be commingled or commingled with other funeral or burial related trust funds if all record keeping requirements imposed by law are met.

(f) (Blank). Trust funds may be maintained in a financial institution described in subsection (b) which is located in a state adjoining this State where: (1) the financial institution is located within 50 miles of the border of this State, (2) its accounts are federally insured, and (3) it has registered with the Illinois Secretary of State for purposes of service of process.

(g) Upon no less than 30 days prior notice to the Comptroller, the seller may change the trustee of the fund. Failure to provide the Comptroller with timely prior notice is an intentional violation of this Act.

(h) A trustee shall at least annually furnish to each purchaser a statement containing: (1) the receipts, disbursements, and inventory of the trust, including an explanation of any fees or expenses charged by the trustee under Section 5 of this Act or otherwise, (2) an explanation of the purchaser's right to a refund, if any, under this Act, and (3) identifying the primary regulator of the trust as a corporate fiduciary under state or federal law.

Application for such license shall be in writing, signed by the applicant and duly verified on forms furnished by the Comptroller. Each application shall contain at least the following:

(3) The name and address of the applicant's principal place of business at which the books, accounts, and records shall be available for examination by the Comptroller as required by this Act;

(4) The names and addresses of the applicant's branch locations at which pre-need sales shall be conducted and which shall operate under the same license number as the applicant's principal place of business;

(5) For each individual listed under item (1) above, a detailed statement of the individual's business experience for the 10 years immediately preceding the application; any present or prior connection between the individual and any other person engaged in pre-need sales; any felony or misdemeanor convictions for which fraud was an essential element; any charges or complaints lodged against the individual for which fraud was an essential element and which resulted in civil or criminal litigation; any failure of the individual to satisfy an enforceable judgment entered against him based upon fraud; and any other information requested by the Comptroller relating to past business practices of the individual. Since the information required by this item (5) may be confidential or contain proprietary information, this information shall not be available to other licensees or the general public and shall be used only for the lawful purposes of the Comptroller in enforcing this Act;

(6) The name of the trustee and, if applicable, the names of the advisors to the trustee, including a copy of the proposed trust agreement under which the trust funds are to be held as required by this Act; and

(7) Such other information as the Comptroller may reasonably require in order to determine the qualification of the applicant to be licensed under this Act.

(b) Applications for license shall be accompanied by a fidelity bond executed by the applicant and a surety company authorized to do business in this State or an irrevocable, unconditional letter of credit issued by a bank, credit union, or trust company authorized to do business in the State of Illinois, as approved by the State Comptroller, in such amount not exceeding $10,000 as the Comptroller may require. If, after notice and an opportunity to be heard, it has been determined that a licensee has violated this Act within the past 5 calendar years, or if a

licensee does not retain a corporate fiduciary, as defined in the Corporate Fiduciary Act, to manage the funds in trust pursuant to this Act, the Comptroller may require an additional bond or letter of credit from the licensee from time to time in amounts equal to one-tenth of such trust funds, which bond or letter of credit shall run to the Comptroller for the use and benefit of the beneficiaries of such trust funds.

The licensee shall keep accurate accounts, books and records in this State, at the principal place of business identified in the licensee's license application or as otherwise approved by the Comptroller in writing, of all transactions, copies of all pre-need contracts, trust agreements, and other agreements, dates and amounts of payments made and accepted thereon, the names and addresses of the contracting parties, the persons for whose benefit such funds are accepted, and the names of the depositaries of such funds. Each licensee shall maintain the documentation for a period of 3 years after the licensee has fulfilled his obligations under the pre-need contract. Additionally, for a period not to exceed 6 months after the performance of all terms in a pre-need sales contract, the licensee shall maintain copies of the contract at the licensee branch location where the contract was entered or at some other location agreed to by the Comptroller in writing. If an insurance policy or tax-deferred annuity is used to fund the pre-need contract, the licensee under this Act shall keep and maintain accurate accounts, books, and records in this State, at the principal place of business identified in the licensee's application or as otherwise approved by the Comptroller in writing, of all insurance policies and tax-deferred annuities used to fund the pre-need contract, the name and address of insured, annuitant, and initial beneficiary, and the name and address of the insurance company issuing the policy or annuity. If a life insurance policy or tax-deferred annuity is used to fund a pre-need contract, the licensee shall notify the insurance company of the name of each pre-need contract purchaser and the amount of each payment when the pre-need contract, insurance policy or annuity is purchased.

The licensee shall make reports to the Comptroller annually or at such other time as the Comptroller may require, on forms furnished by the Comptroller. The licensee shall file the annual report with the Comptroller within 75 days after the end of the licensee's fiscal year. The Comptroller shall for good cause shown grant an extension for the filing of the annual report upon the written request of the licensee. Such extension shall not exceed 60 days. If a licensee fails to submit an annual report to the Comptroller within the time specified in this Section, the Comptroller
shall impose upon the licensee a penalty of $5 for each and every day the licensee remains delinquent in submitting the annual report. The Comptroller may abate all or part of the $5 daily penalty for good cause shown. Every application shall be accompanied by a check or money order in the amount of $25 and every report shall be accompanied by a check or money order in the amount of $10 payable to: Comptroller, State of Illinois.

The licensee shall make all required books and records pertaining to trust funds, insurance policies, or tax-deferred annuities available to the Comptroller for examination. The Comptroller, or a person designated by the Comptroller who is trained to perform such examinations, may at any time investigate the books, records and accounts of the licensee with respect to trust funds, insurance policies, or tax-deferred annuities and for that purpose may require the attendance of and examine under oath all persons whose testimony he may require. The licensee shall pay a fee for such examination in accordance with a schedule established by the Comptroller. The fee shall not exceed the cost of such examination. For pre-need contracts funded by trust arrangements, the cost of an initial examination shall be borne by the licensee if it has $10,000 or more in trust funds, otherwise, by the Comptroller. The charge made by the Comptroller for an examination shall be based upon the total amount of trust funds held by the licensee at the end of the calendar or fiscal year for which the report is required by this Act and shall be in accordance with the following schedule:

The Comptroller may order additional audits or examinations as he or she may deem necessary or advisable to ensure the safety and stability of the trust funds and to ensure compliance with this Act. These additional audits or examinations shall only be made after good cause is established by the Comptroller in the written order. The grounds for ordering these additional audits or examinations may include, but shall not be limited to:

1. material and unverified changes or fluctuations in trust balances or insurance or annuity policy amounts;
2. the licensee changing trustees more than twice in any 12-month period;

New matter indicated by italics - deletions by strikeout.
(3) any withdrawals or attempted withdrawals from the trusts, insurance policies, or annuity contracts in violation of this Act; or

(4) failure to maintain or produce documentation required by this Act for deposits into trust accounts, trust investment activities, or life insurance or annuity policies.

Prior to ordering an additional audit or examination, the Comptroller shall request the licensee to respond and comment upon the factors identified by the Comptroller as warranting the subsequent examination or audit. The licensee shall have 30 days to provide a response to the Comptroller. If the Comptroller decides to proceed with the additional examination or audit, the licensee shall bear the full cost of that examination or audit, up to a maximum of $20,000. The Comptroller may elect to pay for the examination or audit and receive reimbursement from the licensee. Payment of the costs of the examination or audit by a licensee shall be a condition of receiving, maintaining, or renewing a license under this Act. All moneys received by the Comptroller for examination or audit fees shall be maintained in a separate account to be known as the Comptroller's Administrative Fund. This Fund, subject to appropriation by the General Assembly, may be utilized by the Comptroller for enforcing this Act and other purposes that may be authorized by law.

For pre-need contracts funded by life insurance or a tax-deferred annuity, the cost of an examination shall be borne by the licensee if it has received $10,000 or more in premiums during the preceding calendar year. The fee schedule for such examination shall be established in rules promulgated by the Comptroller. In the event such investigation or other information received by the Comptroller discloses a substantial violation of the requirements of this Act, the Comptroller shall revoke the license of such person upon a hearing as provided in this Act. Such licensee may terminate all further responsibility for compliance with the requirements of this Act by voluntarily surrendering the license to the Comptroller, or in the event of its loss, furnishing the Comptroller with a sworn statement to that effect, which states the licensee's intention to discontinue acceptance of funds received under pre-need contracts. Such license or statement must be accompanied by an affidavit that said licensee has lawfully expended or refunded all funds received under pre-need contracts, and that the licensee will accept no additional sales proceeds. The Comptroller shall immediately cancel or revoke said license.

Sec. 4. Withdrawal of funds; revocability of contract.

(a) Except as otherwise provided in this Act, monies in a trust established under Section 2 shall not be withdrawn until after the death of the beneficiary person or persons for whose funeral or burial such funds were paid, unless sooner withdrawn and repaid to the purchaser as provided in this Section repaid to the person who originally paid the money under or in connection with the pre-need contract or to his or her legal representative. The life insurance policies or tax-deferred annuities shall not be surrendered until the death of the beneficiary person or persons for whose funeral or burial the policies or annuities were purchased, unless sooner surrendered and repaid to the owner of the policy purchased under or in connection with the pre-need contract or to his or her legal representative. If, however, the agreement or series of agreements provides for forfeiture and retention of any or all payments as and for liquidated damages as provided in Section 6, then the trustee may withdraw the deposits. In addition, nothing in this Section (i) prohibits the change of depositary by the trustee and the transfer of trust funds from one depositary to another or (ii) prohibits a contract purchaser who is or may become eligible for public assistance under any applicable federal or State law or local ordinance including, but not limited to, eligibility under 24 C.F.R., Part 913 relating to family insurance under federal Housing and Urban Development Policy from irrevocably waiving, in writing, and renouncing the right to cancel a pre-need contract for funeral services in an amount prescribed by rule of the Department of Healthcare and Family Services. No guaranteed price pre-need funeral contract may prohibit a purchaser from making a contract irrevocable to the extent that federal law or regulations require that such a contract be irrevocable for purposes of the purchaser's eligibility for Supplemental Security Income benefits, Medicaid, or another public assistance program, as permitted under federal law.

(b) If for any reason a seller or provider who has engaged in pre-need sales has refused, cannot, or does not comply with the terms of the pre-need contract within a reasonable time after he or she is required to do so, the purchaser or his or her heirs or assigns or duly authorized representative shall have the right to a refund of an amount equal to the sales price paid for undelivered merchandise or services plus any
otherwise earned undistributed interest amounts held in trust attributable to the contract, within 30 days of the filing of a sworn affidavit with the trustee setting forth the existence of the contract and the fact of breach. A copy of this affidavit shall be filed with the Comptroller and the seller. In the event a seller is prevented from performing by strike, shortage of materials, civil disorder, natural disaster, or any like occurrence beyond the control of the seller or provider, the seller or provider's time for performance shall be extended by the length of the delay. Nothing in this Section shall relieve the seller or provider from any liability for non-performance of his or her obligations under the pre-need contract.

(c) After final payment on a pre-need contract, any purchaser may, prior to the death of the beneficiary and upon written demand to a seller, demand that the pre-need contract with the seller be terminated. The seller shall, within 30 days, initiate a refund to the purchaser of the entire amount held in trust attributable to undelivered merchandise and unperformed services plus any amounts held in trust attributable to the contract, including otherwise earned undistributed interest earned thereon or the cash surrender value of a life insurance policy or tax-deferred annuity.

(c-5) If, after the death of the beneficiary, no funeral merchandise or services are provided or if the funeral is conducted by another provider person, the seller may keep no more than 10% of the payments made under the pre-need contract or $300, whichever sum is less. The remainder of the trust funds or insurance or annuity proceeds shall be forwarded to the legal heirs of the deceased beneficiary or as determined by probate action.

(d) The placement and retention of all or a portion of a casket, combination casket-vault, urn, or outer burial container comprised of materials which are designed to withstand prolonged storage in the manner set forth in this paragraph without adversely affecting the structural integrity or aesthetic characteristics of such merchandise in a specific burial space in which the person or persons for whose funeral or burial the merchandise was intended has a right of interment, or the placement of the merchandise in a specific mausoleum crypt or lawn crypt in which such person has a right of entombment, or the placement of the merchandise in a specific niche in which such person has a right of inurnment, or delivery to such person and retention by such person until the time of need shall constitute actual delivery to the person who originally paid the money under or in connection with said agreement or series of agreements. Actual delivery shall eliminate, from and after the date of actual delivery, any
requirement under this Act to place or retain in trust any funds received for the sale of such merchandise. The delivery, prior to the time of need, of any funeral or burial merchandise in any manner other than authorized by this Section shall not constitute actual delivery and shall not eliminate any requirement under this Act to place or retain in trust any funds received for the sale of such merchandise.

(a) A trustee has a duty to invest and manage the trust assets pursuant to the Prudent Investor Rule under the Trusts and Trustees Act shall, with respect to the investment of trust funds, exercise the judgment and care under the circumstances then prevailing that persons of prudence, discretion, and intelligence exercise in the management of their own affairs, not in regard to speculation, but in regard to the permanent disposition of their funds, considering the probable income as well as the probable safety of their capital.

(b) The trust shall be a single-purpose trust fund. In the event of the seller's bankruptcy, insolvency or assignment for the benefit of creditors, or an adverse judgment, the trust funds shall not be available to any creditor as assets of the seller or to pay any expenses of any bankruptcy or similar proceeding, but shall be distributed to the purchasers or managed for their benefit by the trustee holding the funds. Except in an action by the Comptroller to revoke a license issued pursuant to this Act and for creation of a receivership as provided in this Act, the trust shall not be subject to judgment, execution, garnishment, attachment, or other seizure by process in bankruptcy or otherwise, nor to sale, pledge, mortgage, or other alienation, and shall not be assignable except as approved by the Comptroller. The changes made by Public this amendatory Act 91-7 of the 91st General Assembly are intended to clarify existing law regarding the inability of licensees to pledge the trust.

(c) Because it is not known at the time of deposit or at the time that income is earned on the trust account to whom the principal and the accumulated earnings will be distributed for the purpose of determining the Illinois income tax due on these trust funds, the principal and any accrued earnings or losses related to each individual account shall be held in suspense until the final determination is made as to whom the account shall be paid. The beneficiary's estate shall not be responsible for any

funeral and burial purchases listed in a pre-need contract if the pre-need contract is entered into on a guaranteed price basis.

If a pre-need contract is not a guaranteed price contract, then to the extent the proceeds of a non-guaranteed price pre-need contract cover the funeral and burial expenses for the beneficiary, no claim may be made against the estate of the beneficiary. A claim may be made against the beneficiary's estate if the charges for the funeral services and merchandise at the time of use exceed the amount of the amount in trust plus the percentage of the sale proceeds initially retained by the seller or the face value of the life insurance policy or tax-deferred annuity.

(d) Trust funds shall not be invested by the trustee in life insurance policies or tax-deferred annuities unless the following requirements are met:

(5) The purchaser retains the right to refund provided for in this Act, unless the pre-need contract is sold on an irrevocable basis as provided in Section 4 of this Act; and

(6) Notice must be given in writing that the cash surrender value of a life insurance policy may be less than the amount provided for by the refund provisions of the trust account.

In the event of a sale or transfer of all or substantially all of the assets of the licensee, the sale or transfer of the controlling interest of the corporate stock of the licensee if the licensee is a corporation, the sale or transfer of the controlling interest of the partnership if the licensee is a partnership, or the sale of the licensee pursuant to foreclosure proceedings, the purchaser is liable for any shortages existing before or after the sale in the trust funds required to be maintained in a trust pursuant to this Act and shall honor all pre-need contracts and trusts entered into by the licensee. Any shortages existing in the trust funds constitute a prior lien in favor of the trust for the total value of the shortages, and notice of that lien shall be provided in all sales instruments.

In the event of a sale or transfer of all or substantially all of the assets of the licensee, the sale or transfer of the controlling interest of the corporate stock of the licensee if the licensee is a corporation, or the sale or transfer of the controlling interest of the partnership if the licensee is a partnership, the licensee shall, at least 21 days prior to the sale or transfer, notify the Comptroller, in writing, of the pending date of sale or transfer so as to permit the Comptroller to audit the books and records of the licensee. The audit must be commenced within 10 business days of the receipt of the notification and completed within the 21-day notification period unless the Comptroller notifies the licensee during that period that there is a basis for determining a deficiency which will require additional time to finalize. Failure to provide timely notice to the Comptroller under this Section shall be an intentional violation of this Act. The sale or transfer may not be completed by the licensee unless and until:

(i) the Comptroller has completed the audit of the licensee's books and records;

All warehouse facilities to which sellers deliver merchandise pursuant to this Act shall:

(i) be either located in the State of Illinois or qualify as a foreign warehouse facility as defined herein;

(815 ILCS 390/14) (from Ch. 21, par. 214)

(a) It is unlawful for any person doing business within this State to accept sales proceeds, either directly or indirectly, by any means unless the seller enters into a pre-need sales contract with the purchaser which meets the following requirements:

(1) A written sales contract shall be executed in at least 11 point type in duplicate for each pre-need sale made by a licensee, and a signed copy given to the purchaser. Each completed contract shall be numbered and shall contain: (i) the name and address of the purchaser, the principal office of the licensee, and the parent company of the licensee; (ii) the name of the person, if known, who is to receive the cemetery merchandise, cemetery services or the completed interment, entombment or inurnment spaces under the contract; and (iii) specific identification of such merchandise, services or spaces to be provided, if a specific space or spaces are contracted for, and the price of the merchandise, services, or space or spaces.

(2) In addition, such contracts must contain a provision in distinguishing typeface as follows: "Notwithstanding anything in this contract to the contrary, you are afforded certain specific rights of cancellation and refund under the Illinois Pre-Need Cemetery Sales Act, enacted by the 84th General Assembly of the State of Illinois”.

(3) All pre-need sales contracts shall be sold on a guaranteed price basis. At the time of performance of the service or delivery of the merchandise, the seller shall be prohibited from assessing the purchaser or his heirs or assigns or duly authorized
representative any additional charges for the specific merchandise and services listed on the pre-need sales contract.

(4) Each contract shall clearly disclose that the price of the merchandise or services is guaranteed and shall contain the following statement in 12 point bold type:

"THIS CONTRACT GUARANTEES THE BENEFICIARY THE SPECIFIC GOODS, SERVICES, INTERMENT SPACES, ENTOMBMENT SPACES, AND INURNMENT SPACES CONTRACTED FOR. NO ADDITIONAL CHARGES MAY BE REQUIRED FOR DESIGNATED GOODS, SERVICES, AND SPACES. ADDITIONAL CHARGES MAY BE INCURRED FOR UNEXPECTED EXPENSES."

(5) The pre-need sales contract shall provide that if the particular cemetery services, cemetery merchandise, or spaces specified in the pre-need contract are unavailable at the time of delivery, the seller shall be required to furnish services, merchandise, and spaces similar in style and at least equal in quality of material and workmanship.

(6) The pre-need contract shall also disclose any specific penalties to be incurred by the purchaser as a result of failure to make payments; and penalties to be incurred or money or refunds to be received as a result of cancellation of the contract.

(7) The pre-need contract shall disclose the nature of the relationship between the provider and the seller.

(8) Each pre-need contract that authorizes the delivery of cemetery merchandise to a licensed and bonded warehouse shall provide that prior to or upon delivery of the merchandise to the warehouse the title to the merchandise and a warehouse receipt shall be delivered to the purchaser or beneficiary. The pre-need contract shall contain the following statement in 12 point bold type:

"THIS CONTRACT AUTHORIZES THE DELIVERY OF MERCHANDISE TO A LICENSED AND BONDED WAREHOUSE FOR STORAGE OF THE MERCHANDISE UNTIL THE MERCHANDISE IS NEEDED BY THE BENEFICIARY. DELIVERY OF THE MERCHANDISE IN THIS MANNER MAY PRECLUDE REFUND OF SALE PROCEEDS"
THAT ARE ATTRIBUTABLE TO THE DELIVERED MERCHANDISE."

The purchaser shall initial the statement at the time of entry into the pre-need contract.

(9) Each pre-need contract that authorizes the placement of cemetery merchandise at the site of its ultimate use prior to the time that the merchandise is needed by the beneficiary shall contain the following statement in 12 point bold type:

"THIS CONTRACT AUTHORIZES THE PLACEMENT OF MERCHANDISE AT THE SITE OF ITS ULTIMATE USE PRIOR TO THE TIME THAT THE MERCHANDISE IS NEEDED BY THE BENEFICIARY. DELIVERY OF THE MERCHANDISE IN THIS MANNER MAY PRECLUDE REFUND OF SALE PROCEEDS THAT ARE ATTRIBUTABLE TO THE DELIVERED MERCHANDISE."

The purchaser shall initial the statement at the time of entry into the pre-need contract.

(10) Each pre-need contract that is funded by a trust shall clearly identify the trustee's name and address and the primary state or federal regulator of the trustee as a corporate fiduciary.

(b) Every pre-need sales contract must be in writing. The Comptroller may by rule develop a model pre-need sales contract form that meets the requirements of this Act.

(c) To the extent the Rule is applicable, every pre-need sales contract is subject to the Federal Trade Commission Rule concerning the Cooling-Off Period for Door-to-Door Sales (16 CFR Part 429).

(d) No pre-need sales contract may be entered into in this State unless there is a provider for the cemetery merchandise, cemetery services, and undeveloped interment, inurnment, and entombment spaces being sold. If the seller is not the provider, then the seller must have a binding agreement with a provider, and the identity of the provider and the nature of the agreement between the seller and the provider must be disclosed in the pre-need sales contract at the time of sale and before the receipt of any sale proceeds. The failure to disclose the identity of the provider, the nature of the agreement between the seller and the provider, or any changes thereto to the purchaser and beneficiary, or the failure to make the disclosures required by this Section constitutes an intentional violation of this Act.
(e) No pre-need contract may be entered into in this State unless it is accompanied by a funding mechanism permitted under this Act and unless the seller is licensed by the Comptroller as provided in this Act. Nothing in this Act is intended to relieve providers or sellers of pre-need contracts from being licensed under any other Act required for their profession or business or from being subject to the rules promulgated to regulate their profession or business, including rules on solicitation and advertisement.

(f) No pre-need contract may be entered into in this State unless the seller explains to the purchaser the terms of the pre-need contract prior to the purchaser signing and the purchaser initials a statement in the contract confirming that the seller has explained the terms of the contract prior to the purchaser signing.

(g) The State Comptroller shall develop a booklet for consumers in plain English describing the scope, application, and consumer protections of this Act. After the booklet is developed, no pre-need contract may be sold in this State unless the seller distributes to the purchaser prior to the sale a booklet developed or approved for use by the State Comptroller.

(815 ILCS 390/15) (from Ch. 21, par. 215)

Sec. 15. (a) Whenever a seller receives anything of value under a pre-need sales contract, the person receiving such value shall deposit 50% of all proceeds received into one or more trust funds maintained pursuant to this Section, except that, in the case of proceeds received for the purchase of outer burial containers, 85% of the proceeds shall be deposited into one or more trust funds. Such deposits shall be made until the amount deposited in trust equals 50% of the sales price of the cemetery merchandise, cemetery services and undeveloped spaces included in such contract, except that, in the case of deposits for outer burial containers, deposits shall be made until the amount deposited in trust equals 85% of the sales price. In the event an installment contract is factored, discounted or sold to a third party, the seller shall deposit an amount equal to 50% of the sales price of the installment contract, except that, for the portion of the contract attributable to the sale of outer burial containers, the seller shall deposit an amount equal to 85% of the sales price. Proceeds required to be deposited in trust which are attributable to cemetery merchandise and cemetery services shall be held in a "Cemetery Merchandise Trust Fund". Proceeds required to be deposited in trust which are attributable to the sale of undeveloped interment, entombment or inurnment spaces shall be held

in a "Pre-construction Trust Fund". If merchandise is delivered for storage in a bonded warehouse, as authorized herein, and payment of transportation or other charges totaling more than $20 will be required in order to secure delivery to the site of ultimate use, upon such delivery to the warehouse the seller shall deposit to the trust fund the full amount of the actual or estimated transportation charge. Transportation charges which have been prepaid by the seller shall not be deposited to trust funds maintained pursuant to this Section. As used in this Section, "all proceeds" means the entire amount paid by a purchaser in connection with a pre-need sales contract, including finance charges and Cemetery Care Act contributions, but excluding sales taxes and credit life insurance premiums.

(b) The seller shall act as trustee of all amounts received for cemetery merchandise, services, or undeveloped spaces until those amounts have been deposited into the trust fund. All trust deposits required by this Act shall be made within 30 days following the end of the month of receipt. The seller must retain a corporate fiduciary as an independent trustee for any amount of trust funds. Upon 30 days' prior written notice from the seller to the Comptroller, the seller may change the trustee of the trust fund. Failure to provide the Comptroller with timely prior notice is an intentional violation of this Act.

(c) A trust established under this Act must be maintained with a corporate fiduciary as defined in Section 1-5.05 of the Corporate Fiduciary Act.

(1) in a trust account established in a bank, savings and loan association or credit union authorized to do business in Illinois where such accounts are insured by an agency of the federal government;

(2) in a trust company authorized to do business in Illinois;

or

(3) in an investment company authorized to do business in Illinois insured by the Securities Brokers Insurance Corporation.

(d) Funds deposited in the trust account shall be identified in the records of the seller by the name of the purchaser. Nothing shall prevent the trustee from commingling the deposits in any such trust fund for purposes of the management thereof and the investment of funds therein as provided in the "Common Trust Fund Act", approved June 24, 1949, as amended. In addition, multiple trust funds maintained pursuant to this Act may be commingled or commingled with other funeral or burial related

trust funds, provided that all record keeping requirements imposed by or pursuant to law are met.

(e) In lieu of a pre-construction trust fund, a seller of undeveloped interment, entombment or inurnment spaces may obtain and file with the Comptroller a performance bond in an amount at least equal to 50% of the sales price of the undeveloped spaces or the estimated cost of completing construction, whichever is greater. The bond shall be conditioned on the satisfactory construction and completion of the undeveloped spaces as required in Section 19 of this Act.

Each bond obtained under this Section shall have as surety thereon a corporate surety company incorporated under the laws of the United States, or a State, the District of Columbia or a territory or possession of the United States. Each such corporate surety company must be authorized to provide performance bonds as required by this Section, have paid-up capital of at least $250,000 in cash or its equivalent and be able to carry out its contracts. Each pre-need seller must provide to the Comptroller, for each corporate surety company such seller utilizes, a statement of assets and liabilities of the corporate surety company sworn to by the president and secretary of the corporation by January 1 of each year.

The Comptroller shall prohibit pre-need sellers from doing new business with a corporate surety company if the company is insolvent or is in violation of this Section. In addition the Comptroller may direct a pre-need seller to reinstate a pre-construction trust fund upon the Comptroller's determination that the corporate surety company no longer is sufficient security.

All performance bonds issued pursuant to this Section must be irrevocable during the statutory term for completing construction specified in Section 19 of this Act, unless terminated sooner by the completion of construction.

(f) Whenever any pre-need contract shall be entered into and include 1) items of cemetery merchandise and cemetery services, and 2) rights to interment, inurnment or entombment in completed spaces without allocation of the gross sale price among the items sold, the application of payments received under the contract shall be allocated, first to the right to interment, inurnment or entombment, second to items of cemetery merchandise and cemetery services, unless some other allocation is clearly provided in the contract.

(g) Any person engaging in pre-need sales who enters into a combination sale which involves the sale of items covered by a trust or

performance bond requirement and any item not covered by any entrustment or bond requirement, shall be prohibited from increasing the gross sales price of those items not requiring entrustment with the purpose of allocating a lesser gross sales price to items which require a trust deposit or a performance bond.

Sec. 16. Trust funds; disbursements.

(a) A trustee shall make no disbursements from the trust fund except as provided in this Act.

(b) A trustee has a duty to invest and manage the trust assets pursuant to the Prudent Investor Rule under the Trusts and Trustees Act. Whenever the seller changes trustees pursuant to this Act, the trustee must provide written notice of the change in trustees to the Comptroller no less than 28 days prior to the effective date of such a change in trustee. The trustee has an ongoing duty to provide the Comptroller with a current and true copy of the trust agreement under which the trust funds are held pursuant to this Act. shall, with respect to the investment of such trust funds, exercise the judgment and care under the circumstances then prevailing which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not in regard to speculation, but in regard to the permanent disposition of their funds; considering the probable income as well as the probable safety of their capital.

The seller shall act as trustee of all amounts received for cemetery merchandise, services, or undeveloped spaces until those amounts have been deposited into the trust fund. The seller may continue to be the trustee of up to $500,000 that has been deposited into the trust fund, but the seller must retain an independent trustee for any amount of trust funds in excess of $500,000. A seller holding trust funds in excess of $500,000 must retain an independent trustee for its trust funds in excess of $500,000 as soon as may be practical. The Comptroller shall have the right to disqualify the trustee upon the same grounds as for refusing to grant or revoking a license hereunder. Upon notice to the Comptroller, the seller may change the trustee of the trust fund:

(c) The trustee may rely upon certifications and affidavits made to it under the provisions of this Act, and shall not be liable to any person for such reliance.

(d) A trustee shall be allowed to withdraw from the trust funds maintained pursuant to this Act, payable solely from the income earned on

such trust funds, a reasonable fee pursuant to the Trusts and Trustees Act for all usual and customary services for the operation of the trust fund, including, but not limited to trustee fees, investment advisor fees, allocation fees, annual audit fees and other similar fees. The maximum amount allowed to be withdrawn for these fees each year shall be the lesser of 3% of the balance of the trust calculated on an annual basis or the amount of annual income generated therefrom.

(e) The trust shall be a single-purpose trust fund. In the event of the seller's bankruptcy, insolvency or assignment for the benefit of creditors, or an adverse judgment, the trust funds shall not be available to any creditor as assets of the seller or to pay any expenses of any bankruptcy or similar proceeding, but shall be distributed to the purchasers or managed for their benefit by the trustee holding the funds. Except in an action by the Comptroller to revoke a license issued pursuant to this Act and for creation of a receivership as provided in this Act, the trust shall not be subject to judgment, execution, garnishment, attachment, or other seizure by process in bankruptcy or otherwise, nor to sale, pledge, mortgage, or other alienation, and shall not be assignable except as approved by the Comptroller. The changes made by this amendatory Act of the 91st General Assembly are intended to clarify existing law regarding the inability of licensees to pledge the trust.

(f) Because it is not known at the time of deposit or at the time that income is earned on the trust account to whom the principal and the accumulated earnings will be distributed, for purposes of determining the Illinois Income Tax due on these trust funds, the principal and any accrued earnings or losses relating to each individual account shall be held in suspense until the final determination is made as to whom the account shall be paid.

(g) A trustee shall at least annually furnish to each purchaser a statement identifying: (1) the receipts, disbursements, and inventory of the trust, including an explanation of any fees or expenses charged by the trustee under paragraph (d) of this Section or otherwise, (2) an explanation of the purchaser's right to a refund, if any, under this Act, and (3) the primary regulator of the trust as a corporate fiduciary under state or federal law.

(a) The Governor shall, as soon as possible and not later than the second third Wednesday in March in 2010 2009 (March 10, 2010 18, 2009) and the third Wednesday in February of each year beginning in 2011 2010, except as otherwise provided in this Section, submit a State budget, embracing therein the amounts recommended by the Governor to be appropriated to the respective departments, offices, and institutions, and for all other public purposes, the estimated revenues from taxation, the estimated revenues from sources other than taxation, and an estimate of the amount required to be raised by taxation. The amounts recommended by the Governor for appropriation to the respective departments, offices and institutions shall be formulated according to the various functions and activities for which the respective department, office or institution of the State government (including the elective officers in the executive department and including the University of Illinois and the judicial department) is responsible. The amounts relating to particular functions and activities shall be further formulated in accordance with the object classification specified in Section 13 of the State Finance Act.

The Governor shall not propose expenditures and the General Assembly shall not enact appropriations that exceed the resources estimated to be available, as provided in this Section.

For the purposes of Article VIII, Section 2 of the 1970 Illinois Constitution, the State budget for the following funds shall be prepared on the basis of revenue and expenditure measurement concepts that are in concert with generally accepted accounting principles for governments:

Revenues shall also include estimated federal reimbursements associated with the recognition of Section 25 of the State Finance Act liabilities. For any budgeted fund for which current year revenues are anticipated to exceed expenditures, the surplus shall be considered to be a resource available for expenditure in the budgeted fiscal year.

Expenditure estimates for the budgeted funds included in the State budget shall include the costs to be incurred by the State for the budgeted year, to be paid in the next fiscal year, excluding costs paid in the budgeted year which were carried over from the prior year, where the payment is authorized by Section 25 of the State Finance Act. For any budgeted fund for which expenditures are expected to exceed revenues in the current fiscal year, the deficit shall be considered as a use of funds in the budgeted fiscal year.

Revenues and expenditures shall also include transfers between funds that are based on revenues received or costs incurred during the budget year.

Appropriations for expenditures shall also include all anticipated statutory continuing appropriation obligations that are expected to be incurred during the budgeted fiscal year.

By March 15 of each year, the Commission on Government Forecasting and Accountability shall prepare revenue and fund transfer estimates in accordance with the requirements of this Section and report those estimates to the General Assembly and the Governor.

For all funds other than the budgeted funds, the proposed expenditures shall not exceed funds estimated to be available for the fiscal year as shown in the budget. Appropriation for a fiscal year shall not exceed funds estimated by the General Assembly to be available during that year.

AN ACT concerning revenue.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Property Tax Code is amended by changing Section 27-45 as follows:

(35 ILCS 200/27-45)
Sec. 27-45. Issuance of bonds. Bonds secured by the full faith and credit of the area included in the special service area may be issued for providing the special services. Bonds, when so issued, shall be retired by the levy of taxes in addition to the taxes specified in Section 27-25 against all of the taxable real property included in the area as provided in the ordinance authorizing the issuance of the bonds or by the imposition of another tax within the special service area. The county clerk shall annually extend taxes against all of the taxable property situated in the county and contained in such special service area in amounts sufficient to pay maturing principal and interest of those bonds without limitation as to rate or amount and in addition to and in excess of any taxes that may now or hereafter be authorized to be levied by the municipality or county. Prior to the issuance of those bonds, notice shall be given and a hearing shall be held pursuant to the provisions of Sections 27-30 and 27-35. For purposes of this Section a notice shall include:

(a) The time and place of hearing;
(b) The boundaries of the area by legal description and, where possible, by street location;
(c) The permanent tax index number of each parcel located within the area;
(d) The nature of the special services to be provided within the proposed special service area and a statement as to whether the
proposed special services are for new construction, maintenance, or other purposes;

(e) If the special services are to be maintained other than by the municipality or the county after the life of the bonds, then a statement indicating who will be responsible for maintenance of the special services after the life of the bonds;

(f) A notification that all interested persons, including all persons owning taxable property located within the special service area, will be given an opportunity to be heard at the hearing regarding the issuance of the bonds and an opportunity to file objections to the issuance of the bonds; and

(g) The maximum amount of bonds proposed to be issued, the maximum period of time over which the bonds will be retired, and the maximum interest rate the bonds will bear.

The question of the creation of a special service area, the levy or imposition of a tax in the special service area and the issuance of bonds for providing special services may all be considered together at one hearing. Any bonds issued shall not exceed the number of bonds, the interest rate and the period of extension set forth in the notice, unless an additional hearing is held.

If the municipality or county finds that refunding is in the best interest of the taxpayers of the special service area, special service area bonds may be issued to refund or advance refund special service area bonds without meeting any of the notice or hearing requirements set forth in this Section, except that the interest rate on the refunding bonds and the maximum period of time over which the refunding bonds will be retired may not be greater than that set forth in the original notice for the refunded bonds. Notwithstanding any provision of this Section to the contrary, the debt service of the refunding bonds issued pursuant to this Section may not exceed the debt service estimated to be paid over the remaining duration of the refunded bonds.

Property taxes levied under the provisions of Section 27-75 of this Code in 2 or more special service areas established under this Article 27 may be pledged to secure a single bond issue benefitting the special service areas if those special service areas are within the corporate limits of a municipality. Any such property taxes must be levied on a basis that provides a rational relationship between the amount of the tax levied against each lot, block, tract, and parcel of land in each special service area and the special service benefit rendered. The changes made by this

WHEREAS, The State of Illinois has significant agriculture, business, education, and research resources; and

WHEREAS, Rural communities and agriculture sectors will experience multiple benefits, including establishing additional markets for agricultural commodities, increasing farm income, creating value-added uses for crops, livestock, and their byproducts, improving air and water quality, improving wildlife habitat, and adding many traditional and green job opportunities; and
WHEREAS, Wind and solar energy can be captured on the vast land areas in agriculture; technology and production capabilities will allow Illinois to play a major role in ensuring a fully sustainable national energy system; and
WHEREAS, The State of Illinois is well-positioned to play an expanded role in the development and implementation of new energy solutions and, with appropriate technological innovation, incentives, and investments, Illinois farms can produce a new generation of fuels to help meet the nation's energy needs; and
WHEREAS, "25x'25" is an agriculturally led initiative that envisions America's farms and ranches producing twenty-five percent of America's energy demand by the year 2025, while producing a sustainable and abundant supply of safe and affordable food and fiber; and
WHEREAS, Agriculture's role as an energy producer will have a positive effect on national security and trade and will serve as a catalyst for rural development in Illinois; therefore, be it

RESOLVED, BY THE SENATE OF THE NINETY-SIXTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, THE HOUSE OF
REPRESENTATIVES CONCURRING HEREIN, that we support the "25x'25 Vision" and its goal of having agriculture provide renewable energy and safe and affordable food and fiber; and be it further

RESOLVED, That suitable copies of this resolution be sent to President Barack Obama, Governor Pat Quinn, the members of the Illinois congressional delegation, and the various agencies and commissions of the State of Illinois.

AFFORDABLE HOUSING FOR INDIVIDUALS WITH ALZHEIMER’S
(House Joint Resolution No. 55)

WHEREAS, An estimated 210,000 Illinoisans have Alzheimer's or a related dementia disorder, with the likelihood of being afflicted rising with age; it is believed that almost 50% of individuals age 85 and older will have Alzheimer's; these estimates do not include individuals with other dementia disorders; and

WHEREAS, Alzheimer's has no respect for bravery, courage, and service, affecting roughly 55,000 of the State's veterans 65 years of age and older, with 40% over the age of 85; those with other dementia disorders are not included in these numbers; and

WHEREAS, While one in four Illinois families are caring for a loved one with Alzheimer's in their home, most families are forced to seek residential programs as the disease progresses; and

WHEREAS, The State has few alternatives for families seeking residential care for a family member with dementia, although Illinois has repeatedly studied the issue with task force reports calling for services to be put in place issued as far back as 1986; and

WHEREAS, For those who can afford private-pay market-rate services, 80 of the licensed assisted living facilities in Illinois have dedicated Alzheimer's units; and

WHEREAS, For most Illinois families, private-pay assisted living facilities are financially outside their means; and

WHEREAS, These market-rate programs report countless calls from families desperate to find a solution for their loved one, but who clearly cannot afford market-rate care; they also report that it is not uncommon for residents to have to leave their programs for Medicaid-funded nursing home beds, because they have spent down all their resources; and

WHEREAS, The State has 147 nursing homes with dedicated
Alzheimer's units, yet most individuals with Alzheimer's do not have complex medical needs that require 24-hour skilled nursing care; and

WHEREAS, For many moderate and low-income families, who can no longer care for their loved ones at home, a Medicaid nursing home bed is the only solution that they can afford; and

WHEREAS, Neither of Illinois' existing subsidized affordable assisted living type programs include Alzheimer's dedicated units, although the Supportive Living Facilities have filed rules to create a demonstration project; and

WHEREAS, A similar program at the Illinois Department on Aging - Comprehensive Community Residential Settings - could easily be expanded to permit dedicated dementia programs; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-SIXTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, THE SENATE CONCURRING HEREIN, that the State of Illinois may establish an affordable Alzheimer's housing-with-services program that builds off existing programs; and be it further

RESOLVED, That existing assisted living dedicated Alzheimer's programs be considered for participation and that nursing homes be encouraged to convert a distinct portion of their facilities to Alzheimer's dedicated housing-with-services units; and be it further

RESOLVED, That the program be designed to permit the State to access federal matching funds.

Adopted by the House of Representatives on May 26, 2009.

Concurred in by the Senate on May 31, 2009.

WHEREAS, Men and women who have served their country would be honored by this designation; and

WHEREAS, Designating Route 140/111 as the American Veterans Memorial Parkway would serve as a reminder to people of the State of Illinois on the bravery and dedication of our armed forces; therefore, be it
RESOLVED, BY THE SENATE OF THE NINETY-SIXTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, THE HOUSE OF REPRESENTATIVES CONCURRING HEREIN, that the portion of Illinois Route 140/111 between Bethalto and Alton be designated as the American Veterans Memorial Parkway in honor of the brave men and women of the United States Armed Forces; and be it further

RESOLVED, That the Illinois Department of Transportation is requested to erect at suitable locations, consistent with State and federal regulations, appropriate plaques or signs giving notice of the name of the American Veterans Memorial Parkway; and be it further

CARBON DAY SEPTEMBER 15TH
(House Joint Resolution No. 48)

WHEREAS, The State of Illinois is dedicated to providing and preserving a healthy environment for the benefit of the State's citizens and future generations; and

WHEREAS, The State recognizes that to maintain a healthy environment each person must play a part in reducing his or her carbon footprint; and

WHEREAS, One acre of certain trees may remove, over the course of a year, as much as 2.6 tons of carbon dioxide from the atmosphere, and one tree may absorb, during that same period, as much carbon dioxide as some cars produce when driven 26,000 miles; and

WHEREAS, The State of Illinois is in an historic fiscal crisis affecting its ability to maintain support of safety net community care for mental and substance use disorders; and

DEPARTMENT OF HUMAN SERVICES, DIVISION OF DEVELOPMENTAL DISABILITIES COMMUNITY SERVICES PLAN

(House Joint Resolution No. 28)

WHEREAS, The United States Supreme Court in Olmstead v. L.C. Ex Rel. Zimring, 119 S. Ct. 2176 (1999), held that the unjustifiable institutionalization of a person with a disability who could live in the community with appropriate supports and services, and wishes to do so, is unlawful discrimination in violation of the Americans with Disabilities Act (ADA); and

WHEREAS, Many individuals with developmental disabilities in Illinois who desire home or community-based residential services are unable to obtain them due to the lack of funding for such options; and

WHEREAS, As a result of insufficient home and community-based service options for individuals with developmental disabilities in Illinois, many individuals and their families must choose between living with their parents or other family members without the supports and services they need,
or living in an Intermediate Care Facility, or an Intermediate Care Facility/DD 15 and under, or a State-operated developmental center, even if they could live successfully in a less restrictive setting with appropriate supports and services; and

WHEREAS, There are now over 16,000 individuals with developmental disabilities in Illinois with documented crisis, emerging crisis, or future service needs who are on the Department of Human Services' Priority of Urgency of Need of Services (PUNS) waiting list database for services and supports, and the need is probably greater because this number only represents those individuals who have actually signed up for the PUNS waiting list database; and

WHEREAS, Almost 10 years after the Olmstead decision, a report titled "The State of the States in Disabilities 2008" by the Department of Psychiatry and Coleman Institute for Cognitive Disabilities of the University of Colorado ranks the State of Illinois 40th nationally in fiscal effort for services for individuals with developmental disabilities, including all programs - home based, group home, and congregate care; 43rd in State fiscal effort for community services; 47th in home and community-based waiver spending per capita; and 51st in serving people with developmental disabilities in environments of 6 or less; and

WHEREAS, Other studies, including but not limited to, "State Funding of Community Agencies for Services to Illinois Residents with Mental Illness and/or Developmental Disabilities: Final Report to the Illinois General Assembly", "The Report of the Community Integrated Living Arrangement Nursing Services Work Group", and "The Illinois Direct Support Professional Workforce Initiative" address the issues with the Illinois system; and

WHEREAS, "The Blueprint for System Redesign in Illinois" reviewed the findings of these studies as well as the results of a gaps analysis and created a framework for restructuring the current service system for people with developmental disabilities and their families; and

WHEREAS, These studies and numerous legislative measures and lawsuits over the last decade have attempted to address the shortcomings of Illinois' fragmented and inadequate system of services and supports to individuals with developmental disabilities; and

WHEREAS, In order to meet the urgent need for quality home and community-based services in Illinois, major systemic fiscal and policy changes are necessary and must be a real priority for the State; and

WHEREAS, The workers who provide direct support in the community to individuals with developmental disabilities should be paid fair and adequate wages; and
WHEREAS, Until the State breaks the cycle of underfunding and lack of significant growth of home and community-based services and supports for people with developmental disabilities and their families which perpetuates short term measures to address crises in the system and which, in the long term, has maintained and fostered the competition among many for scarce public resources; the community-based system will continue to be fragmented and inadequately funded; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-SIXTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, THE SENATE CONCURRING HEREIN, that the Department of Human Services, Division of Developmental Disabilities, shall develop a 7-year Plan with yearly benchmarks to enhance and expand access to quality community services and supports as informed by the "Blueprint for System Redesign" (January 2008), "State Funding of Community Agencies for Services to Illinois Residents with Mental Illness and/or Developmental Disabilities: Final Report to the Illinois General Assembly", "The Report of the Community Integrated Living Arrangement Nursing Services Work Group", and "The Illinois Direct Support Professional Workforce Initiative" by December 1, 2009; and be it further

RESOLVED, That increases in the resources available to the Department shall be appropriated to services and supports consistent with the Benchmarks of the 7-year Plan considering factors including, but not limited to, fair and adequate wages and benefits for Direct Support Professionals, funding incentives, identifying new revenue sources, maximizing current revenue sources, creating opportunities for capacity building, and new rate methodologies that enhance quality service and quality assurance, crisis intervention, and workforce development; and be it further

RESOLVED, That the Secretary of Human Services shall provide an annual report on the implementation of the Plan, including a year-by-year fiscal impact statement on each aspect of the Plan, to the Governor and to each member of the General Assembly by not later than July 1st of each year and interim progress reports to the Governor and to the members of the General Assembly not later than December 31st of each year until the plan is fully implemented; and be it further

RESOLVED, That appropriate committees of the House of Representatives and the Senate shall convene at least one hearing not later than July 1st of each year on the subject of the Plan; and be it further

RESOLVED, That copies of this Resolution be sent to the Governor, the Secretary of the Department of Human Services, the Director of the Governor's Office of Management and Budget, and all members of the General Assembly.
WHEREAS, The economic downturn is having a critical impact on everyday Americans who are struggling to maintain or find jobs in an increasingly difficult environment; and

WHEREAS, Those same Americans are the taxpayers that provide the revenue needed to operate essential government services; and

WHEREAS, Congress has approved and President Obama has signed into law a taxpayer-sponsored economic recovery package that will provide billions of dollars to help economically devastated cities and states immediately provide jobs to millions of out-of-work Americans through considerable infrastructure rebuilding, green energy projects, and other projects that will require manufactured components; and

WHEREAS, Our taxpayer dollars should be spent to maximize the creation of American jobs and to restore the economic vitality of our communities; and

WHEREAS, Any domestically produced products that are purchased with economic recovery plan moneys will immediately help struggling American families and will help to stabilize our greater economy; and

WHEREAS, Any economic recovery plan spending should, to the extent possible, include a commitment from the State to buy materials, goods, and services that are produced within the United States, thus employing the very workers who pay the taxes for the economic recovery plan spending in the first place; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-SIXTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, THE SENATE CONCURRING HEREIN, that the State will work to maximize the creation of American jobs and restore economic growth and opportunity by spending economic recovery plan funds on products and services that both create jobs and help keep Americans employed; and be it further

RESOLVED, That the State commits to purchasing only products and services that are made or performed in the United States whenever and wherever possible with any economic recovery moneys provided to the State by the American taxpayers; and be it further

RESOLVED, That the State will publish any requests to waive these
procurement priorities so as to give American workers and producers the opportunity to identify and provide the American products and services that will maximize the success of our nation's economic recovery program.

JOINT COMMITTEE ON GOVERNMENT REFORM
(Senate Joint Resolution No. 1)

WHEREAS, Illinois State government faces an integrity crisis that is as grave as the financial crisis that confronts our nation; and
WHEREAS, The integrity crisis was precipitated by former Governor Rod Blagojevich, who, in January 2009 by virtue of the authority vested in the General Assembly by the Illinois Constitution, was impeached by the House and removed from office by the Senate following his conviction in a Senate trial presided over by the Chief Justice of the Supreme Court of Illinois; the seriousness and public alarm regarding Blagojevich's misdeeds and abuse of power were amplified further by the fact that he was preceded in office by Governor George Ryan, who was convicted and imprisoned for wrongdoing during his time as an elected official; and

WHEREAS, We commend Governor Patrick Quinn's decision to create the Illinois Reform Commission, the purpose of which is to undertake a focused evaluation of both existing Illinois law and the operational practices of the State of Illinois from the perspective of ethics in government, proposing, as the Commission deems appropriate, amendments to existing law; and

WHEREAS, Surveys and studies have documented that 37% of

and harassment, which is 4 times more prevalent than sexual harassment

THE STUDY OF COLLEGE AFFORDABILITY AND FUNDING
(House Joint Resolution No. 54)

WHEREAS, In 2007, the Ninety-fifth General Assembly adopted House Joint Resolution 69, directing the Board of Higher Education to develop a master plan for Illinois higher education; and
WHEREAS, On December 9, 2008, the Board of Higher Education unanimously endorsed the "Public Agenda for College and Career Success" as the blueprint to guide education policy in this State for the next decade, codifying 4 major goals:

1. match Illinois' educational attainment to the best-performing U.S. states and world countries;
2. ensure college affordability for students, families, and taxpayers;
3. increase quality postsecondary credentials and elevate higher education graduation rates to meet the demands of a global society; and
4. better integrate Illinois' educational, research, and innovation assets to meet the economic needs of this State and its regions; and

WHEREAS, The Public Agenda recommends the specific goal of making this State one of the 5 most affordable states in the country; and

WHEREAS, The Public Agenda identifies several barriers to this goal:

1. dwindling State support for colleges, which equates to significant tuition increases;
2. the diminished buying power of the Monetary Award Program (MAP), resulting from the failure of State financial aid to keep pace with tuition increases;
3. the denial of MAP awards to one-fourth of eligible students because of funding shortfalls;
4. increased reliance on loans by middle-income students to finance college;
5. increased work hours for students to pay for rising tuition, often extending their time-to-degree and total educational costs; and
6. lack of support for middle-income students (those at the high end of the second income quintile through the low end of the fourth income quintile), who typically do not qualify for need-based
grant aid from either State or federal sources and have been greatly affected by the rise in out-of-pocket costs as well; and
WHEREAS, The Public Agenda recommends priorities, strategies, and actions to address the growing affordability challenge; therefore, be it
RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-SIXTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, THE SENATE CONCURRING HEREIN, that the Board of Higher Education, working in concert with the Illinois Student Assistance Commission and the Illinois Community College Board, shall undertake a study of college affordability and funding, based on the findings and recommendations of the Public Agenda for College and Career Success and including the following:

(1) a review of State financial aid programs for low-income students to ensure that programs are effective, efficient, widely understood, and aligned with all Public Agenda goals;
(2) strategies to help students achieve their educational objectives faster;
(3) measures to assist middle-income students who do not typically qualify for need-based grant aid; and
(4) steps to find institutional operating efficiencies that reduce costs while expanding access and maintaining quality; and be it further
RESOLVED, That the Board of Higher Education, the Illinois Student Assistance Commission, and the Illinois Community College Board shall prepare a report with findings and recommendations on improving college affordability and higher education funding and submit that report to the General Assembly; and be it further
RESOLVED, That suitable copies of this resolution be delivered to the chairpersons of the Board of Higher Education, the Illinois Student Assistance Commission, and the Illinois Community College Board.

WHEREAS, There is currently a backlog of unpaid claims totaling $62 million; and

WHEREAS, If the Fund is not solvent, Illinois tank owners and operators will be forced to find more costly methods to satisfy their financial responsibility obligations under federal and State laws and regulations; and

WHEREAS, The Illinois Environmental Protection Agency estimates under the current system a future liability of $864 million to clean up projected 6500 leaking underground storage tank sites in Illinois over the next 20 years; and

WHEREAS, Under the current system, the existing funding sources will not be sufficient to keep up with the costs; and

WHEREAS, The cost of an average leaking underground storage tank site where costs are reimbursed from the Fund is significantly higher than in other states; and

WHEREAS, Current law does not contain adequate methods for monitoring and controlling costs at leaking underground storage tank sites where costs are reimbursed from the Fund; and

WHEREAS, The General Assembly finds that it is necessary to form a Task Force to study the significant problems that the Fund currently faces; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-SIXTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, THE SENATE CONCURRING HEREIN, that there is created an Underground Storage Tank Task Force to study the significant problems that the Underground Storage Tank Fund faces and to suggest a new approach to determine how moneys in the Fund will be used to pay for corrective action
costs in addressing petroleum releases at sites and to study ways to monitor and control the costs of clean-up of leaking underground storage tank sites; and be it further

RESOLVED, That the Task Force shall consist of 11 members appointed as follows:

(11) One person, designated by the Director of the Illinois Environmental Protection Agency, of a council of engineering companies in Illinois; and be it further

RESOLVED, That the approaches studied by the Task Force shall include, but shall not be limited to, the following:

(1) In order to prevent the recurrence of a backlog of unpaid claims, requiring that the total costs approved for reimbursement from the Fund not exceed the monies in the Fund available to pay the costs;
(2) Requiring that costs reimbursed from the Fund be minimized to the greatest extent practicable, including, but not limited to, utilization of the Illinois Pollution Control Board's risk-based corrective action rules to the greatest extent practicable;
(3) Requiring that costs that will be reimbursed from the Fund be pre-approved by the State before they are incurred;

(4) Prioritizing approvals of costs that will be reimbursed from the Fund so that (1) sites posing a greater threat to human health and the environment receive higher priority than sites posing a lesser threat to human health and the environment, and (2) sites with operating underground storage tanks at the time of the release receive higher priority than sites without operating underground storage tanks at the time of the release;

WHEREAS, The Department of Healthcare and Family Services administers the Low Income Home Energy Assistance Program (“LIHEAP”) and the Illinois Home Weatherization Assistance Program (collectively, with LIHEAP, “LIHEAP/Weatherization”) which incorporate income assistance, home weatherization, and other measures to ensure that Illinois residents have access to affordable energy services, and include services and assistance provided by local community action agencies or not-for-profit agencies throughout the state; and

WHEREAS, the LIHEAP/Weatherization Programs are, necessarily, integrally related to both the economic development and energy assistance policies of the State of Illinois managed by the Department of Commerce and Economic Opportunity; and

THEREFORE, pursuant to the powers vested in me by Article V, Section 11 of the Illinois Constitution, I hereby order:

I. TRANSFER

A. Effective March 24, 2009, or as soon thereafter as practicable, the powers, duties, rights and responsibilities related to the LIHEAP/Weatherization Programs shall be transferred from the Department of Healthcare and Family Services to the Department of Commerce and Economic Opportunity pursuant to the LIHEAP/Weatherization Interagency Agreement. the Director of the Receiving Agency or his designee(s) shall serve in that place. If more than one such person is required by law to serve on any council, commission, board or other entity, an equivalent number of representatives of the Receiving Agency shall so serve.

II. EFFECT OF TRANSFER

The powers, duties, rights and responsibilities vested in the Programs shall not be affected by this Executive Order, except that all management and staff support or other resources necessary to the operations of the Programs shall be provided by the Receiving Agency.

C. All unexpended appropriations and balances and other funds available for use in connection with any of the Programs shall be transferred for use by the Receiving Agency for the Programs pursuant to the direction of the Governor. Unexpended balances so transferred shall be expended only for the purpose for which the appropriation was originally made.

III. SAVINGS CLAUSE

A. The powers, duties, rights and responsibilities related to the Programs and transferred from the Transferring Agency by this Executive Order shall be vested in and shall be exercised by the Receiving Agency. Each act done in exercise of such powers, duties, rights and responsibilities shall have the same legal effect as if done by the Transferring Agency or its divisions, officers or employees.

B. Every person or entity shall be subject to the same obligations and
duties and any penalties, civil or criminal, arising therefrom, and shall have the same rights arising from the exercise of such powers, duties, rights and responsibilities as had been exercised by the Transferring Agency or its divisions, officers or employees.

C. Every officer of the Receiving Agency shall, for every offense, be subject to the same penalty or penalties, civil or criminal, as are prescribed by existing law for the same offense by any officer whose powers or duties were transferred under this Executive Order.

F. Any rules of the Transferring Agency that relate to the Programs which are in full force on the effective date of this Executive Order and have been duly adopted by the Transferring Agency shall become the rules of the Receiving Agency for the Programs. This Executive Order shall not affect the legality of any such rules in the Illinois Administrative Code. Any proposed rulings filed with the Secretary of State by the Transferring Agency that are pending in the rulemaking process on the effective date of this Executive Order and pertain to the functions transferred, shall be deemed to have been filed by the Receiving Agency. As soon as practicable hereafter, the Receiving Agency shall revise and clarify the rules transferred to them under this Executive Order to reflect the reorganization of rights, power and duties effected by this Executive Order, using the procedures for recodification of rules available under the Illinois Administrative Procedures Act, except that existing title, part, and section numbering for the affected rules may be retained. Each Board, consistent with its authority to do so, may propose and adopt under the Illinois Administrative Procedures Act such other rules that will now be administered by each respective Board. To the extent that, prior to the effective date of the transfers, the Director of the Department of Revenue had been empowered to prescribe regulations or had other rulemaking authority with respect to the Illinois Racing Board or the Illinois Gaming Board, such duties shall be exercised from and after the effective date of

2009-7
EXECUTIVE ORDER TO REDUCE ENERGY CONSUMPTION IN STATE FACILITIES

WHEREAS, it is critical to use energy in the most efficient way possible to save taxpayer money and to protect our climate and natural resources; and
WHEREAS, it is vital to reduce energy consumption and produce cost savings in the operations of all agencies, offices, divisions, departments, bureaus, boards and commissions directly responsible to the Governor (hereinafter “agencies”); and
WHEREAS, agencies control hundreds of buildings throughout the State and spend nearly 120 million dollars a year on energy for their facilities; and
WHEREAS, improved energy efficiency is the most cost effective and fastest option for the State to lower its energy bills; and
WHEREAS, there is currently no statewide agency coordinating energy savings activities and thus the State does not implement consistent facilities management policies and procedures to reduce energy consumption or to take full advantage of available energy efficiency incentives and economies of scale that would produce further cost savings; and
WHEREAS, there is currently no statewide agency compiling energy and utility usage data and thus the State does not have a comprehensive and standardized platform with which to benchmark its historic and current usage patterns, identify and prioritize locations for energy efficiency upgrades, or document the impact of ongoing energy efficiency and cost control policies and practices; and
WHEREAS, Article V, Section 11 of the Constitution of the State of Illinois authorizes the Governor to reassign functions among or reorganize executive agencies, which are directly responsible to him by means of an Executive Order; and
WHEREAS, Section 3.2 of the Executive Reorganization Implementation Act, 15 ILCS 15/3.2, provides that “Reorganization” includes the “transfer of . . . functions” from one agency to another and
“the abolition of the whole or any part of any agency which does not have, or upon the taking effect of reorganization will not have, any functions”;

THEREFORE, pursuant to the powers vested in me by Article V, Section 11 of the Illinois Constitution, I hereby order:

I. TRANSFER OF FUNCTIONS

A. The Department of Central Management Services shall be responsible for implementing a program to increase energy efficiency, track and reduce energy usage, and improve the procurement of energy for all State-owned and State-leased facilities for all agencies. Specifically, the Director of the Department of Central Management Services or his or her designee shall:

1. Chair an Energy Efficiency Committee, consisting of the Directors of the Department of Central Management Services and the Department of Commerce and Economic Opportunity and the Executive Director of the Capital Development Board and/or their designees, that shall meet monthly to identify energy efficiency projects for State-owned or State-leased facilities and oversee the procurement and completion of those projects.    b. Oversee the subsequent implementation of the recommendations contained in the energy audits in the most cost-effective manner available.
   c. Enter into contracts for equipment or services designed to decrease energy consumption in State-owned or State-leased facilities or equipment, with preference given to contracts that can be cost-effectively implemented with a maximum 10-year payback period.
   d. Coordinate with the Office of Management and Budget to ensure that State agencies establish individual budget line items for acceptance of energy efficiency incentives and to ensure that State agencies leverage the maximum amount of energy
efficiency incentives available through State and private programs.

2. Provide an annual report to the Governor, outlining the environmental results, reduction in consumption and cost savings to the State.

3. Develop and maintain such data management systems as are necessary to document energy usage in a manner consistent with the need to purchase supplies in the most cost-effective manner and to support the development of strategies to maximize the operational efficiency of the State's facilities.

4. Take the action necessary to enable the State to take advantage of bulk purchases of energy to maximize the State's purchasing power.

5. Obtain from all agencies a comprehensive listing of all electricity, natural gas, water and sewer accounts, along with other site-identifying information, and work directly with the appropriate utility companies to arrange for ongoing monthly electronic download or dual distribution to both the agencies and the Energy Efficiency Committee of the account data, including the necessary usage and rate.

6. At the sole discretion and direction of the Director of the Department of Central Management Services, effective July 1, 2009, initiate and receive annual appropriations for and pay all utility bills for State-owned and State-leased facilities for all agencies from the Facilities Management Revolving Fund and bill agencies for reimbursement.

WHEREAS, Article XI of the Illinois Constitution states that each person has the right to a healthful environment, and that the public policy of the State of Illinois (hereinafter the “State”) and the duty of each person is to provide and maintain a healthful environment for the benefit of this and future generations; and

WHEREAS, the State of Illinois is committed to conserving, improving and protecting natural resources and the environment; preventing water, air and land pollution; minimizing greenhouse gas emissions that contribute to global climate change; and enhancing the health, safety and welfare of its residents and their overall economic and social well-being; and

WHEREAS, as Governor of the State of Illinois, it is my duty to ensure accountability and efficiency in the State’s operations and provision of services; and

WHEREAS, by making sustainable choices in the course of their daily operations and provision of services, agencies, offices, divisions, departments, bureaus, boards and commissions directly responsible to the Governor (hereinafter “agencies”) can lead by example in minimizing potential environmental and health impacts and save Illinois taxpayers money through reduced material costs, waste disposal costs and utility bills; and

WHEREAS, Illinois agencies are major consumers of electricity and fuel, spending over $100 million each year to conduct activities at more than 1,500 owned and leased sites, and maintaining more than 12,000 vehicles traveling over 186 million miles last year; and the State seeks to employ cost-effective methods to reduce the consumption of energy and fuel, and the associated emissions of greenhouse gases; and
WHEREAS, State government can promote the expansion of markets for recycled commodities, emerging environmental technologies, renewable energy and other sustainable products and services by purchasing these products and services; and the State's investments in sustainability measures provide returns on investment and boost Illinois' economy, generating more green jobs, local spending and tax revenue; and

WHEREAS, the Illinois Green Governments Coordinating Council (GGCC) was established to integrate more fully into the ongoing management systems, long-range planning and daily operations of agencies cost-effective sustainability measures that enhance health and safety, reduce the consumption of energy and fuels, conserve water, minimize emissions and reduce solid and hazardous wastes; and

WHEREAS, the State has enacted mandates through legislation and Executive Orders that have established the administrative framework required to develop, monitor and document the results of activities undertaken through the coordinated efforts of the GGCC and through its statutory member agencies;

THEREFORE, I, Pat Quinn, Governor of the State of Illinois, do hereby order as follows:

I. Waste Prevention
   a. The policy of the State is to prefer waste prevention whenever feasible. Agencies shall prioritize waste prevention methods that eliminate or reduce the creation of pollution and waste through increased efficiency in the use of raw materials, energy, water and resources, and protection of natural resources by conservation. Pollution and waste that cannot be prevented at the source shall be recycled in an environmentally sound manner. If waste prevention and recycling are not feasible, waste treatment followed by safe disposal should be employed.
   b. Agency employees should incorporate waste prevention and recycling into their daily practices and must participate in all recycling programs available to them.
   c. The GGCC shall convene a subcommittee to research and report recommendations to the full GGCC on the actions necessary to measure and track solid waste generated by agencies statewide. Agencies must implement these recommendations in order to determine a statewide baseline for solid waste generated throughout fiscal year 2010. Agencies shall establish a collective goal to divert at least 20 percent of their solid waste from disposal facilities by July 1, 2012, referenced to the 2010 baseline, and divert at least 40 percent by July 1, 2015, referenced to the 2010
baseline, through source reduction, recycling and composting activities.
d. Agencies shall take all necessary actions to reduce the consumption of office paper. They shall establish a goal to attain a 10 percent reduction in office paper consumption by July 1, 2010, when compared to paper consumption for fiscal year 2008. By July 1, 2012, agencies shall achieve a 20 percent reduction in office paper consumption from fiscal year 2008 levels. Whenever feasible, actions to reduce the use of office paper shall include, but not be limited to, the following:
  i. increasing the use of email, the Internet and other electronic means to distribute and receive documents, announcements, forms and publications;
  ii. duplex printing and photocopying, and setting printer and copier defaults to duplex;
  iii. updating and maintaining all mailing lists;

f. By July 1, 2012, all agencies shall incorporate integrated pest management principles into their building and landscape management practices, where appropriate and practicable. Components of the integrated pest management program shall include, but not be limited to, the following: evaluation and monitoring of pests, inspection, habitat modification, good sanitation, education and treatment action designed to prevent pest problems while simultaneously reducing the use of toxic chemicals that may adversely affect public health and the environment.

b. In pursuit of the goal of meeting State greenhouse gas reduction targets, agencies shall cooperate in employing cost-effective efficiency measures to reduce electricity consumption and natural gas consumption at State-owned facilities by 25 percent each by July 1, 2025 as compared to fiscal year 2008 levels. These measures shall include, but not be limited to, the prioritization of capital upgrades and the implementation of operating policies and strategies that will deliver appropriate comfort levels while minimizing energy usage.

c. To the maximum extent feasible, agencies shall achieve the building energy performance criteria necessary to attain ENERGY STAR® qualification in all eligible State-owned buildings by July 1, 2015. Wherever practicable, agencies shall strive to achieve certification under the U.S. Green Building Council’s “LEED for Existing Buildings: Operations & Maintenance” (LEED-EBOM) Green Building Rating System in all eligible State-owned buildings.

d. To the maximum extent feasible, agencies shall ensure that all new and renewed lease agreements specify compliance with the building energy performance criteria necessary to attain ENERGY STAR qualification. Agencies shall strive to maximize the number of U.S. Green Building Council “LEED for Existing Buildings: Operations & Maintenance” (LEED-EBOM) Green Building Rating System practices included in specifications for solicitations for new leased space.

e. Agencies shall increase their purchase of energy certified by Green-e or generated from renewable energy sources in Illinois, including wind, solar thermal, photovoltaics, sustainably managed biomass, geothermal, methane waste and fuel cells. Agencies shall seek to purchase sufficient quantities of energy certified by Green-e or generated from renewable energy sources in Illinois so that 50 percent of the overall annual electrical energy requirements of buildings owned or leased by agencies will be met through these technologies by July 1, 2015, increasing to 100 percent by July 1, 2025.

III. Water Quality and Conservation

IV. Sustainable Transportation

a. Only to the extent permissible under any applicable Federal or State law or regulation, all State-funded road construction contracts for areas that are in nonattainment with the federal 8-hour ozone standard or the particulate matter (PM) 2.5 standard for air quality are required to use clean construction practices. These include, where feasible: idling limitations, use of ultra low sulfur diesel, erosion control, dust control, and on all off-road vehicles the installation of a verified diesel emission control device that achieves a particulate matter emission reduction of 50 percent or more from uncontrolled engine emission levels.

b. To the maximum extent feasible, agencies shall take reasonable actions to achieve a target of a 20 percent reduction in petroleum use in the operation of State vehicles by July 1, 2012 when compared to fiscal year 2008 levels.

   i. Agencies shall purchase, operate and maintain State vehicles in a manner that reduces emissions and petroleum fuel consumption.

      1. By July 1, 2015, at least 20 percent of new passenger vehicles purchased for the State fleet shall be hybrid and 5 percent purchased shall be electric, as feasible and available. By July 1, 2025, at least 60 percent of new passenger vehicles purchased for the State fleet shall be hybrid and 15 percent purchased shall be electric, as feasible and available. Specialty, police and emergency vehicles, as designated by CMS, may be exempt from these goals, but public safety agencies shall make all
reasonable efforts to minimize petroleum use when possible in ways that do not adversely impact their mission and the safety of the public.

2. CMS shall collaborate with IEPA, IDOT and DCEO to develop and implement specifications for purchases of hybrid, electric, bio-fuel, and other fuel-efficient and low-emission vehicles, toward the goal of reducing State fleet fuel consumption and emissions and increasing cost efficiency. CMS will maintain data on the carbon emissions of fleet vehicles.

3. Agencies that operate medium- and heavy-duty vehicles shall implement strategies to reduce petroleum consumption and emissions by using verified diesel emission control devices that reduce particulate emissions, hybrid and electric vehicle technologies, alternative fuels, and other fuel efficiency technologies.

ii. Agencies shall implement strategies to promote the use of bio-fuels in State vehicles.

1. CMS shall provide a list of E-85 fueling station locations available for use by agency drivers of flex-fuel vehicles in the State fleet.

2. Agencies shall maintain updated information on E-85 fueling station locations in all applicable agency vehicles.

3. Employees must use E-85 whenever feasible.

4. Agencies with diesel vehicles must use a minimum of 5 percent biodiesel blend whenever feasible.

1. Equip all agency vehicles with I-PASS transponders to reduce vehicle idling time in toll lines;

2. Provide secure locations for employees who bike to work to lock bicycles; and

3. Consider the development of a program to facilitate ride sharing among employees traveling similar routes.

   1. Teleconferencing and videoconferencing in lieu of travel;
   2. Utilizing non-motorized transportation, including walking and biking;
   3. Utilizing public transportation, including Amtrak train service; and
   4. Ride sharing and vehicle sharing.

c. To the maximum extent feasible, CMS and IDOT shall utilize environmentally sensitive practices in vehicle maintenance shops, including, but not limited to, the use of: re-refined oil, retread tires, less toxic solvents and cleaners, and bio-based products. By January 1, 2010, CMS and IDOT shall collaborate on a pilot project for the use of bio-based lubricants and greases in automotive, hydraulic or machinery applications.

V. Education and Outreach
   a. CMS, in cooperation with IEPA, DCEO and GGCC, shall develop sustainability training materials for all new agency employees and contractors. Upon receiving a State email account, each new employee and contractor shall receive a copy of the sustainability training materials. Annually, each employee and contractor shall receive the sustainability training materials in conjunction with the required ethics test.
   b. The GGCC shall collaborate with CMS BCCS to develop a Green Illinois Internet portal to serve as a resource for State employees, other public and private sector employees, and all Illinois residents. The portal must provide links to information on State of Illinois sustainability initiatives including, but not limited to: waste prevention, energy efficiency and conservation, green procurement, green building and renovation, water quality and conservation, air quality and opportunities for sustainability project funding and awards.

VI. Cooperation

EARLY HEARING DETECTION AND INTERVENTION DAY

WHEREAS, each day in the United States, it is estimated that sixty babies are born with moderate to severe hearing loss; and
WHEREAS, early detection is the single most important factor in successful treatment of hearing loss. In Illinois, there are approximately 180,000 newborn babies who have their hearing screened every year. Recent studies suggest that intervention within the first six months of a hard of hearing infant's life is crucial to them reaching their speech, language, and learning potential; and
WHEREAS, in Illinois, nearly five-hundred children are born with congenital hearing loss each year; and
WHEREAS, to better deal with congenital hearing loss, the Illinois Hearing Screening for Newborns Act, passed in July of 1999, requires all birthing hospitals in the state to implement universal newborn hearing screening and reporting. The Universal Newborn Hearing Screening program was established to implement and administer the provisions of the act; and
WHEREAS, the Universal Newborn Hearing Screening program is a joint effort of two state agencies: the Department of Human Services and the Department of Public Health. These agencies, along with the University of Illinois at Chicago's Division of Specialized Care for Children, the Bureau of Early Intervention, hospital personnel, healthcare professionals, and community-based organizations, strive to ensure that parents of babies who have a hearing loss receive follow-up diagnostic testing and information regarding communication options and other services for their children; and
WHEREAS, the State of Illinois realizes the importance of universal newborn hearing screening and its impact on not only the lives of our children but their families and communities as well:
THEREFORE, I, Rod R. Blagojevich, Governor of the State of Illinois, do hereby proclaim April 2, 2009 as EARLY HEARING DETECTION AND INTERVENTION DAY in Illinois in order to increase awareness of the role that early detection plays in the successful treatment of hearing loss.
Issued by the Governor January 2, 2009.
Filed by the Secretary of State January 12, 2009.

2009-2
CERVICAL CANCER AWARENESS MONTH

WHEREAS, every year in the United States there are approximately
10,000 women diagnosed with and 3,700 women who die from cervical cancer; and

WHEREAS, in 2009, it is estimated in Illinois 590 women will be diagnosed and 200 women will die from cervical cancer; and

WHEREAS, most deaths from the disease could be avoided if women had regular checkups, including a Pap test. Early detection significantly increases chances of survival. In fact, if detected early, cervical cancer is nearly 100 percent curable; and

WHEREAS, that is why I expanded the Illinois Breast and Cervical Cancer Program, which made Illinois the first state in the nation to ensure that all women can get access to potentially life-saving cancer screenings and treatment; and

WHEREAS, throughout January, public and private organizations and state and local governments all around the country will promote education about cervical cancer screenings, treatment and causes:

THEREFORE, I, Rod R. Blagojevich, Governor of the State of Illinois, do hereby proclaim January 2009 as CERVICAL CANCER AWARENESS MONTH in Illinois to raise awareness about cervical cancer and to encourage all women to get tested regularly for the disease.

Issued by the Governor January 5, 2009.

Filed by the Secretary of State January 12, 2009.

2009-3
RADON ACTION MONTH

WHEREAS, radon is a colorless, odorless, tasteless, radioactive gas that is released from the decay of uranium in soil and can seep into homes and buildings up to dangerous levels; and

WHEREAS, breathing radon over prolonged periods can pose a significant health risk. The Surgeon General of the United States issued a national health advisory warning Americans that indoor radon is the second-leading cause of lung cancer in the country. According to the United States Environmental Protection Agency, more than 21,000 lung cancer deaths every year are related to radon; and

WHEREAS, in the State of Illinois, as many as 1,160 men and women are at risk of developing radon-related lung cancer every year. The health risks, however, are completely preventable; and

WHEREAS, radon can be detected with a simple test and fixed through well-established venting techniques. Since 2002, more than 70,000 measurements have been taken in our state, and homes that exceed the Environmental Protection Agency's Radon Action Level of 4.0 pCi/L have
WHEREAS, the Illinois Radon Awareness Act went into effect January 1, 2008 and requires sellers to provide anyone buying a home, condominium or other residential property in Illinois with information about indoor radon exposure and its link to lung cancer; and

WHEREAS, it is also important that homes are tested for radon every two years. Consequently, the Illinois Emergency Management Agency and the American Lung Association of Illinois are partnering to provide radon information and guidance to families in our state about testing their homes regularly to find out how much radon they might be breathing; and

WHEREAS, in addition to the Emergency Management Agency and the American Lung Association, many organizations throughout the country will raise awareness about the health risks posed by radon during the month of January:

THEREFORE, I, Rod R. Blagojevich, Governor of the State of Illinois, do hereby proclaim January 2009 as RADON ACTION MONTH in Illinois, and urge all the citizens of our state to test their homes for radon and reduce their risk of developing lung cancer by taking actions to lower radon levels in their homes when necessary.

Issued by the Governor January 5, 2009.
Filed by the Secretary of State January 12, 2009.

2009-4
A DAY OF REMEMBRANCE OF THE HONORABLE THADDEUS LECHOWICZ

WHEREAS, The Honorable Thaddeus Lechowicz, "Ted" as he was known to those close to him, was a lifelong resident of Chicago's Northwest side; and

WHEREAS, The Honorable Thaddeus Lechowicz devoted his life to public service and helping others. He served in the Illinois House of Representatives, Illinois State Senate, Cook County Board of Commissioners and was the Democratic Committeemen of Chicago's 30th Ward for more than 25 years; and

WHEREAS, throughout his career in public service spanning over 30 years, The Honorable Thaddeus Lechowicz supported access to quality health care regardless of a person's ability to pay and was a strong voice for the Polish community as well as other ethnic communities, always fighting for
his constituents' rights and needs; and

WHEREAS, on May 20, 2009, at 7:00 PM, the Ride of Silence will begin in North America and roll across the globe. Cyclists will take to the roads in a silent procession to honor cyclists who have been killed or injured while cycling on public roadways; and

NATIONAL CPR AND AED AWARENESS WEEK

WHEREAS, heart disease affects men, women, and children of every age and race in the United States, and it continues to be the leading cause of death in the United States; and
WHEREAS, approximately 295,000 emergency medical services-treated out-of-hospital cardiac arrests occur annually nationwide. Roughly 92 percent of sudden cardiac arrest victims die before arriving at the hospital. Sudden cardiac arrest results from an abnormal heart rhythm in most adults, often ventricular fibrillation. Unfortunately, only 31.4 percent of
out-of-hospital cardiac arrest victims receive bystander cardiopulmonary resuscitation (CPR); and

WHEREAS, prompt delivery of CPR more than doubles the victim's chance of survival by helping to maintain vital blood flow to the heart and brain, increasing the amount of time in which an electric shock from a defibrillator can be effective; and

WHEREAS, moreover, an automated external defibrillator (AED), even when used by a bystander, is safe, easy to operate, and, if used immediately after the onset of sudden cardiac arrest, highly effective in terminating ventricular fibrillation so the heart can resume a normal, effective rhythm; and

WHEREAS, for every minute without bystander CPR, survival from witnessed cardiac arrest decreases 7-10 percent. The interval between the 911 telephone call and the arrival of Emergency Medical Services personnel is usually longer than five minutes, therefore a cardiac arrest victim's survival is likely to depend on on a public trained in CPR and AED use and access to these lifesaving devices; and

WHEREAS, the American Red Cross, the American Heart Association, and the National Safety Council are preparing a public awareness and training campaign on CPR and AED use to be held during the first week of June:

THEREFORE, I, Pat Quinn, Governor of the State of Illinois, do hereby proclaim June 1-7, 2009 as NATIONAL CPR AND AED AWARENESS WEEK in Illinois, in recognition of the good work of the American Red Cross, the American Heart Association and the National Safety Council, and to encourage all Americans to become properly trained in CPR and AED usage.

THOMAS A. OAKLEY HIGHWAY

WHEREAS, Thomas A. Oakley understands that transportation infrastructure is the engine that drives economic development and has worked for more than 50 years to promote regional, state and federal support for transportation projects that will attract and support business investment and produce employment opportunities, promote progress and sustain a high quality of life throughout West-Central Illinois, Northeast Missouri and Southeast Iowa; and

WHEREAS, Thomas A. Oakley has worked with every Governor in Illinois since Otto Kerner was elected in 1960 and with every Director and Secretary of Transportation since that time, to bring critical transportation improvements to the region; and

WHEREAS, Thomas A. Oakley was a leader in the efforts that began in 1960 to build the Central Illinois Expressway (CIE) (I-72) which had been completed from Danville to Springfield, across West-Central Illinois to the Mississippi River; and

WHEREAS, the CIE construction effort took more than 30 years, during which he and other regional leaders were able to convince a series of five Illinois Governors over time to fund and build this major four-lane interstate highway connecting Western Illinois with the Interstate network for the first time. Mr. Oakley was honored to be on the podium when the ribbon was finally cut on Nov. 15, 1991, to open the last segment of this four-lane highway, 31 years after his first meetings on this project were held. The Central Illinois Expressway's importance as a major east-west corridor will be even further enhanced when US 36 is completed with four lanes across northern Missouri in 2010; and

WHEREAS, Thomas A. Oakley's efforts for the region included working for completion of the Avenue of the Saints, from St. Paul, Minn., to St. Louis, Mo. Even as he advocated for vital highway connections in Illinois, he realized the importance of the Avenue of the Saints to the region and joined Avenue supporters in Iowa and Missouri. The final segment of the Avenue - nine miles in Clark County - was opened in July 2008; and
WHEREAS, Thomas A. Oakley's principal efforts turned to the CIE after it became clear in 1958 that the new interstate system would not include a hoped-for direct route from Chicago to Kansas City through West-Central Illinois. Tom never gave up on the Chicago to Kansas City route, and that dream is also coming true with completion this year of the last Illinois segment - IL 336 from Quincy to Macomb - and completion next year of the final Missouri segment, which will provide a major new corridor from Chicago to Kansas City. State and regional transportation leaders had long envisioned a four-lane highway connecting Chicago to Kansas City and passing through the Quincy area. Major steps in that direction occurred in 1978 with the opening of the Quincy East Bypass built to Interstate standards. Tom Oakley was instrumental with other regional leaders in the successful effort to secure construction funds for the Bypass during a time when no state funding was available for new construction; and

WHEREAS, Thomas A. Oakley spearheaded efforts to win state commitments to build IL 336 as a four-lane expressway from the Quincy Bypass north through Carthage to US 136 west of Macomb. The Macomb Bypass, which was partially funded by the recently passed capital bill, is the only remaining project that will require additional funding. He is now advocating vigorously for construction of the bypass at Macomb connecting IL 336 with US 67; completion of US 67 from Macomb to Alton, and for the extension of IL 336 east to Peoria; and

WHEREAS, Thomas A. Oakley has distinguished himself as a uniquely regional visionary, who has looked beyond Quincy to what's best for West-Central Illinois, Northeast Missouri and Southeast Iowa. He has presented with many opportunities by political and transportation leaders at the highest levels to define his top transportation priorities. In each instance, he has put the region first; and

WHEREAS, Thomas A. Oakley, throughout his long involvement in promoting transportation infrastructure, has recognized the value and importance of collaboration. He was an early supporter, with others in the region, of the Tri-State Development Summit, founded after the flood of 1993 brought communities together regardless of geographic or political boundaries to fight that natural disaster. Since then, the Summit has grown to encompass 35 counties in West-Central Illinois, Northeast Missouri and Southeast Iowa working year-round to advance a unified agenda for economic development and a high quality of life. As a member of the Summit Transportation Committee, Tom has seen more than 1,200 miles of its 1,519 miles of four-lane priorities now completed, funded, or under construction; and

WHEREAS, Thomas A. Oakley continues to be an eloquent
AMBASSADOR FOR THE CAUSE OF REGIONAL COOPERATION AND UNITY; THEREFORE BE IT
RESOLVED THAT I HEREBY ORDER THE FOLLOWING:

I. THE PORTION OF IL 336 COMMENCING AT ITS INTERCHANGE CONNECTING INTERSTATE 172 AT US 24 NORTH OF QUINCY AND ENDING AT ITS INTERCHANGE WITH US 136 WEST OF MACOMB SHALL BE DESIGNATED THE THOMAS A. OAKLEY HIGHWAY.

II. THE ILLINOIS DEPARTMENT OF TRANSPORTATION SHALL ERECT APPROPRIATE PLAQUES OR SIGNS GIVING NOTICE OF THE THOMAS A. OAKLEY HIGHWAY.

III. THIS PROCLAMATION SHALL BE IN FULL FORCE AND EFFECT UPON ITS FILING WITH THE SECRETARY OF STATE.

DISASTER AREA - STATE OF ILLINOIS

On October 24, 2009, the President of the United States declared a national emergency pursuant to section 201 of the National Emergencies Act to facilitate the country's ability to respond to the H1N1 influenza virus. The H1N1 epidemic is moving rapidly and, as with the rest of the country, it is necessary for the State of Illinois to continue to combat and prevent the spread of the virus. Over the last two months, the State of Illinois has received shipments of the H1N1 influenza vaccine and the local health departments, hospitals and physicians have vaccinated individuals in the five priority groups identified by the Center for Disease Control's Advisory
Committee on Immunization Practices, i.e., pregnant women, people who live with or care for children younger than 6 months of age, health care and emergency medical services personnel who provide direct patient care, persons between the ages of 6 months and 24 years, and people 25 through 64 years of age who are at higher risk for H1N1 because of chronic health disorders or compromised immune systems.

As a greater number of individuals in the federally identified priority groups become vaccinated, and as the supply of available H1N1 influenza vaccines increases, the Illinois Department of Public Health has decided to allow health care providers to begin vaccinating the general public for the H1N1 influenza on December 15, 2009. When the H1N1 influenza vaccine becomes available to the general public, the State of Illinois anticipates a significant surge in the demand for vaccination.

Therefore, in the interest of aiding the citizens of Illinois, medical facilities, and the State agencies and local governments responsible for ensuring public health and safety, and pursuant to the provisions of Section 7 of the Illinois Emergency Management Agency Act, 20 ILCS 3305/7, I hereby proclaim that a public health emergency exists in the State of Illinois.

This gubernatorial proclamation will assist the Illinois Emergency Management Agency and the Illinois Department of Public Health in coordinating State efforts in accordance with the State emergency response plans. This proclamation will allow for modification of scopes of practice for occupations with training to give vaccinations as well as assist with patient treatment.
