Such agreement shall provide that any full-time *professional worker* school psychologist who is employed by a joint agreement program and spends over 50% of his or her time in one school district shall not be required to work a different teaching schedule than the other *professional worker* school psychologists in that district. Such agreement shall include, but not be limited to, provisions for administration, staff, programs, financing, housing, transportation, an advisory body, and the method or methods to be employed for disposing of property upon the withdrawal of a school district or dissolution of the joint agreement and shall specify procedures for the withdrawal of districts from the joint agreement as long as these procedures are consistent with subsection (g) of this Section. **Except as otherwise provided in Section 10-22.31.1, the withdrawal of districts from the joint agreement shall be by petition to the regional board of school trustees.** Such agreement may be amended at any time as provided in the joint agreement or, if the joint agreement does not so provide, then such agreement may be amended at any time upon the adoption of concurring resolutions by the school boards of all member districts, provided that no later than 6 months after the effective date of this amendatory Act of the 96th General Assembly, all existing agreements shall be amended to be consistent with this amendatory Act of the 96th General Assembly. (b) To either (1) designate an administrative district to act as fiscal and legal agent for the districts that are parties to the joint agreement, or (2) designate a governing board composed of one member of the school board of each cooperating district and designated by such boards to act in accordance with the joint agreement. No such governing board may levy taxes and no such governing board may incur any indebtedness except within an annual budget for the joint agreement approved by the governing board and by the boards of at least a majority of the cooperating school districts or a number of districts greater than a majority if required by the joint agreement. The governing board may appoint an executive board of at least 7 members to administer the joint agreement in accordance with its terms. However, if 7 or more school districts are parties to a joint agreement that does not have an administrative district: (i) at least a majority of the members appointed by the governing board to the executive board shall be members of the school boards of the cooperating districts; or (ii) if the governing board wishes to appoint members who are not school board members, they shall be superintendents from the cooperating districts.

(c) To employ a full-time director of special education of the joint agreement program under a one-year or multi-year contract. No such contract can be offered or accepted for less than one year or more than 3 years, except for a person serving as a director of a special education joint agreement for the first time in Illinois. In such a case, the initial contract shall be for a 2-year period. Such contract may be discontinued at any time by mutual agreement of the contracting parties, or may be extended for an additional one-year or multi-year period at the end of any year.

The contract year is July 1 through the following June 30th, unless the contract specifically provides otherwise. Notice of intent not to renew a contract when given by a controlling board or administrative district must be in writing stating the specific reason therefor. Notice of intent not to renew the contract must be given by the controlling board or the administrative district at least 90 days before the contract expires. (d) To designate a district that is a party to the joint agreement as the issuer of bonds or notes for the purposes and in the manner provided in

this Section. It is not necessary for such district to also be the administrative district for the joint agreement, nor is it necessary for the same district to be designated as the issuer of all series of bonds or notes issued hereunder. Any district so designated may, from time to time, borrow money and, in evidence of its obligation to repay the borrowing, issue its negotiable bonds or notes for the purpose of acquiring, constructing, altering, repairing, enlarging and equipping any building or portion thereof, together with any land or interest therein, necessary to provide special educational facilities and services as defined in Section 14-1.08. Title in and to any such facilities shall be held in accordance with the joint agreement.

Any such bonds or notes shall be authorized by a resolution of the board of education of the issuing district. The resolution may contain such covenants as may be deemed necessary or advisable by the district to assure the payment of the bonds or notes. The resolution shall be effective immediately upon its adoption.

Prior to the issuance of such bonds or notes, each school district that is a party to the joint agreement shall agree, whether by amendment to the joint agreement or by resolution of the board of education, to be jointly and severally liable for the payment of the bonds and notes. The bonds or notes shall be payable solely and only from the payments made pursuant to such agreement.

Neither the bonds or notes nor the obligation to pay the bonds or notes under any joint agreement shall constitute an indebtedness of any district, including the issuing district, within the meaning of any constitutional or statutory limitation.

As long as any bonds or notes are outstanding and unpaid, the agreement by a district to pay the bonds and notes shall be irrevocable notwithstanding the district’s withdrawal from membership in the joint special education program.

(e) If a district whose employees are on strike was, prior to the strike, sending students with disabilities to special educational facilities and services in another district or cooperative, the district affected by the strike shall continue to send such students during the strike and shall be eligible to receive appropriate State reimbursement.

(f) With respect to those joint agreements that have a governing board composed of one member of the school board of each cooperating district and designated by those boards to act in accordance with the joint agreement, the governing board shall have, in addition to its other powers

under this Section, the authority to issue bonds or notes for the purposes and in the manner provided in this subsection. The governing board of the joint agreement may from time to time borrow money and, in evidence of its obligation to repay the borrowing, issue its negotiable bonds or notes for the purpose of acquiring, constructing, altering, repairing, enlarging and equipping any building or portion thereof, together with any land or interest therein, necessary to provide special educational facilities and services as defined in Section 14-1.08 and including also facilities for activities of administration and educational support personnel employees. Title in and to any such facilities shall be held in accordance with the joint agreement.

Any such bonds or notes shall be authorized by a resolution of the governing board. The resolution may contain such covenants as may be deemed necessary or advisable by the governing board to assure the payment of the bonds or notes and interest accruing thereon. The resolution shall be effective immediately upon its adoption.

Each school district that is a party to the joint agreement shall be automatically liable, by virtue of its membership in the joint agreement, for its proportionate share of the principal amount of the bonds and notes plus interest accruing thereon, as provided in the resolution. Subject to the joint and several liability hereinafter provided for, the resolution may provide for different payment schedules for different districts except that the aggregate amount of scheduled payments for each district shall be equal to its proportionate share of the debt service in the bonds or notes based upon the fraction that its equalized assessed valuation bears to the total equalized assessed valuation of all the district members of the joint agreement as adjusted in the manner hereinafter provided. In computing that fraction the most recent available equalized assessed valuation at the time of the issuance of the bonds and notes shall be used, and the equalized assessed valuation of any district maintaining grades K to 12 shall be doubled in both the numerator and denominator of the fraction used for all of the districts that are members of the joint agreement. In case of default in payment by any member, each school district that is a party to the joint agreement shall automatically be jointly and severally liable for the amount of any deficiency. The bonds or notes and interest thereon shall be payable solely and only from the funds made available pursuant to the procedures set forth in this subsection. No project authorized under this subsection may require an annual contribution for bond payments from any member district in excess of 0.15% of the value of taxable property as
equalized or assessed by the Department of Revenue in the case of districts maintaining grades K-8 or 9-12 and 0.30% of the value of taxable property as equalized or assessed by the Department of Revenue in the case of districts maintaining grades K-12. This limitation on taxing authority is expressly applicable to taxing authority provided under Section 17-9 and other applicable Sections of this Act. Nothing contained in this subsection shall be construed as an exception to the property tax limitations contained in Section 17-2, 17-2.2a, 17-5, or any other applicable Section of this Act.

Neither the bonds or notes nor the obligation to pay the bonds or notes under any joint agreement shall constitute an indebtedness of any district within the meaning of any constitutional or statutory limitation.

As long as any bonds or notes are outstanding and unpaid, the obligation of a district to pay its proportionate share of the principal of and interest on the bonds and notes as required in this Section shall be a general obligation of the district payable from any and all sources of revenue designated for that purpose by the board of education of the district and shall be irrevocable notwithstanding the district's withdrawal from membership in the joint special education program.

(g) A member district wishing to withdraw from a joint agreement may obtain from its school board a written resolution approving the withdrawal. The withdrawing district must then present a written petition for withdrawal from the joint agreement to the other member districts within such timelines designated by the joint agreement. Upon approval by school board written resolution of all of the remaining member districts, the petitioning member district shall be withdrawn from the joint agreement effective the following July 1 and shall notify the State Board of Education of the approved withdrawal in writing.

(h) The changes to this Section made by this amendatory Act of the 96th General Assembly apply to withdrawals from or dissolutions of special education joint agreements initiated after the effective date of this amendatory Act of the 96th General Assembly.

"Commission" means the Illinois Commerce Commission.
"Costs incurred in connection with the development and construction of a facility" means:

(1) the cost of acquisition of all real property and improvements in connection therewith and equipment and other property, rights, and easements acquired that are deemed necessary for the operation and maintenance of the facility;

Sec. 1-56. Clean coal SNG facility construction.

(a) It is the intention of the General Assembly to provide additional long-term natural gas price stability to the State and consumers by promoting the development of a clean coal SNG facility that would produce a minimum annual output of 30 Bcf of SNG and commence construction no later than June 1, 2013 on a brownfield site in a municipality with at least one million residents. The costs associated with preparing a facility cost report for such a facility, which contains all of the information required by subsection (b) of this Section, may be paid or reimbursed pursuant to subsection (c) of this Section.

(b) The facility cost report for a facility that meets the criteria set forth in subsection (a) of this Section shall be prepared by a duly licensed engineering firm that details the estimated capital costs payable to one or more contractors or suppliers for the engineering, procurement, and construction of the components comprising the facility and the estimated costs of operation and maintenance of the facility. The report must be provided to the General Assembly and the Agency on or before April 30, 2010. The facility cost report shall include all of the following:

(1) An estimate of the capital cost of the core plant based on a front-end engineering and design study. The core plant shall include all civil, structural, mechanical, electrical, control, and safety systems. The quoted construction costs shall be expressed in nominal dollars as of the date that the quote is prepared and shall include:

(A) capitalized financing costs during construction;
(B) taxes, insurance, and other owner’s costs; and

(g) All information entered into the PAP database must be updated every 2 years or when such information changes.

Section 20. Provision of information to the field. When special needs information comes up in a CAD database, the telecommunicator shall relay that information to responding personnel.

Section 24. Data control. Any person designated by a public safety agency to control data entered into the PAP database shall develop policies and procedures for the control of such data.

d. Deductibles and coinsurance.

The Plan coverage defined in Section 6 shall provide for a choice of deductibles per individual as authorized by the Board. If 2 individual members of the same family household, who are both covered persons under the Plan, satisfy the same applicable deductibles, no other member of that family who is also a covered person under the Plan shall be required to meet any deductibles for the balance of that calendar year. The deductibles must be applied first to the authorized amount of covered expenses incurred by the covered person. A mandatory coinsurance requirement shall be imposed at the rate authorized by the Board in excess of the mandatory deductible, the coinsurance in the aggregate not to exceed such amounts as are authorized by the Board per annum. At its discretion the Board may, however, offer catastrophic coverages or other policies that provide for larger deductibles with or without coinsurance requirements. The deductibles and coinsurance factors may be adjusted annually according to the Medical Component of the Consumer Price Index.

e. Scope of coverage.

(1) In approving any of the benefit plans to be offered by the Plan, the Board shall establish such benefit levels, deductibles, coinsurance factors, exclusions, and limitations as it may deem appropriate and that it believes to be generally reflective of and commensurate with health insurance coverage that is provided in the individual market in this State.

(2) The benefit plans approved by the Board may also provide for and employ various cost containment measures and other requirements including, but not limited to, preadmission certification, prior approval, second surgical opinions, concurrent utilization review programs, individual case management, preferred provider organizations, health maintenance organizations, and other cost effective arrangements for paying for covered expenses.

f. Preexisting conditions.

(1) Except for federally eligible individuals qualifying for Plan coverage under Section 15 of this Act or eligible persons who qualify for the waiver authorized in paragraph (3) of this subsection, plan coverage shall exclude charges or expenses

incurred during the first 6 months following the effective date of coverage as to any condition for which medical advice, care or treatment was recommended or received during the 6 month period immediately preceding the effective date of coverage.

(2) (Blank).

(3) Waiver: The preexisting condition exclusions as set forth in paragraph (1) of this subsection shall be waived to the extent to which the eligible person (a) has satisfied similar exclusions under any prior individual health insurance policy that was involuntarily terminated because of the insolvency of the issuer of the policy and (b) has applied for Plan coverage within 90 days following the involuntary termination of that individual health insurance coverage.

g. Other sources primary; nonduplication of benefits.

(1) The Plan shall be the last payor of benefits whenever any other benefit or source of third party payment is available. Subject to the provisions of subsection e of Section 7, benefits otherwise payable under Plan coverage shall be reduced by all amounts paid or payable by Medicare or any other government program or through any health insurance coverage or group health plan, whether by insurance, reimbursement, or otherwise, or through any third party liability, settlement, judgment, or award, regardless of the date of the settlement, judgment, or award, whether the settlement, judgment, or award is in the form of a contract, agreement, or trust on behalf of a minor or otherwise and whether the settlement, judgment, or award is payable to the covered person, his or her dependent, estate, personal representative, or guardian in a lump sum or over time, and by all hospital or medical expense benefits paid or payable under any worker's compensation coverage, automobile medical payment, or liability insurance, whether provided on the basis of fault or nonfault, and by any hospital or medical benefits paid or payable under or provided pursuant to any State or federal law or program.

(2) The Plan shall have a cause of action against any covered person or any other person or entity for the recovery of any amount paid to the extent the amount was for treatment, services, or supplies not covered in this Section or in excess of benefits as set forth in this Section.

New matter indicated by italics - deletions by strikeout.
(3) Whenever benefits are due from the Plan because of sickness or an injury to a covered person resulting from a third party's wrongful act or negligence and the covered person has recovered or may recover damages from a third party or its insurer, the Plan shall have the right to reduce benefits or to refuse to pay benefits that otherwise may be payable by the amount of damages that the covered person has recovered or may recover regardless of the date of the sickness or injury or the date of any settlement, judgment, or award resulting from that sickness or injury.

During the pendency of any action or claim that is brought by or on behalf of a covered person against a third party or its insurer, any benefits that would otherwise be payable except for the provisions of this paragraph (3) shall be paid if payment by or for the third party has not yet been made and the covered person or, if incapable, that person's legal representative agrees in writing to pay back promptly the benefits paid as a result of the sickness or injury to the extent of any future payments made by or for the third party for the sickness or injury. This agreement is to apply whether or not liability for the payments is established or admitted by the third party or whether those payments are itemized.

Any amounts due the plan to repay benefits may be deducted from other benefits payable by the Plan after payments by or for the third party are made.

(4) Benefits due from the Plan may be reduced or refused as an offset against any amount otherwise recoverable under this Section.

h. Right of subrogation; recoveries.

(1) Whenever the Plan has paid benefits because of sickness or an injury to any covered person resulting from a third party's wrongful act or negligence, or for which an insurer is liable in accordance with the provisions of any policy of insurance, and the covered person has recovered or may recover damages from a third party that is liable for the damages, the Plan shall have the right to recover the benefits it paid from any amounts that the covered person has received or may receive regardless of the date of the sickness or injury or the date of any settlement, judgment, or award resulting from that sickness or injury. The Plan shall be subrogated to any right of recovery the covered person may have under the terms of any private or public health care coverage or

New matter indicated by italics - deletions by strikeout.
liability coverage, including coverage under the Workers' Compensation Act or the Workers' Occupational Diseases Act, without the necessity of assignment of claim or other authorization to secure the right of recovery. To enforce its subrogation right, the Plan may (i) intervene or join in an action or proceeding brought by the covered person or his personal representative, including his guardian, conservator, estate, dependents, or survivors, against any third party or the third party's insurer that may be liable or (ii) institute and prosecute legal proceedings against any third party or the third party's insurer that may be liable for the sickness or injury in an appropriate court either in the name of the Plan or in the name of the covered person or his personal representative, including his guardian, conservator, estate, dependents, or survivors.

(2) If any action or claim is brought by or on behalf of a covered person against a third party or the third party's insurer, the covered person or his personal representative, including his guardian, conservator, estate, dependents, or survivors, shall notify the Plan by personal service or registered mail of the action or claim and of the name of the court in which the action or claim is brought, filing proof thereof in the action or claim. The Plan may, at any time thereafter, join in the action or claim upon its motion so that all orders of court after hearing and judgment shall be made for its protection. No release or settlement of a claim for damages and no satisfaction of judgment in the action shall be valid without the written consent of the Plan to the extent of its interest in the settlement or judgment and of the covered person or his personal representative.

(3) In the event that the covered person or his personal representative fails to institute a proceeding against any appropriate third party before the fifth month before the action would be barred, the Plan may, in its own name or in the name of the covered person or personal representative, commence a proceeding against any appropriate third party for the recovery of damages on account of any sickness, injury, or death to the covered person. The covered person shall cooperate in doing what is reasonably necessary to assist the Plan in any recovery and shall not take any action that would prejudice the Plan's right to recovery. The Plan shall pay to the covered person or his personal representative all

sums collected from any third party by judgment or otherwise in excess of amounts paid in benefits under the Plan and amounts paid or to be paid as costs, attorneys fees, and reasonable expenses incurred by the Plan in making the collection or enforcing the judgment.

(4) In the event that a covered person or his personal representative, including his guardian, conservator, estate, dependents, or survivors, recovers damages from a third party for sickness or injury caused to the covered person, the covered person or the personal representative shall pay to the Plan from the damages recovered the amount of benefits paid or to be paid on behalf of the covered person.

(5) When the action or claim is brought by the covered person alone and the covered person incurs a personal liability to pay attorney's fees and costs of litigation, the Plan's claim for reimbursement of the benefits provided to the covered person shall be the full amount of benefits paid to or on behalf of the covered person under this Act less a pro rata share that represents the Plan's reasonable share of attorney's fees paid by the covered person and that portion of the cost of litigation expenses determined by multiplying by the ratio of the full amount of the expenditures to the full amount of the judgement, award, or settlement.

(6) In the event of judgment or award in a suit or claim against a third party or insurer, the court shall first order paid from any judgement or award the reasonable litigation expenses incurred in preparation and prosecution of the action or claim, together with reasonable attorney's fees. After payment of those expenses and attorney's fees, the court shall apply out of the balance of the judgment or award an amount sufficient to reimburse the Plan the full amount of benefits paid on behalf of the covered person under this Act, provided the court may reduce and apportion the Plan's portion of the judgement proportionate to the recovery of the covered person. The burden of producing evidence sufficient to support the exercise by the court of its discretion to reduce the amount of a proven charge sought to be enforced against the recovery shall rest with the party seeking the reduction. The court may consider the nature and extent of the injury, economic and non-economic loss, settlement offers, comparative negligence as it applies to the case at hand, hospital costs, physician costs, and all

other appropriate costs. The Plan shall pay its pro rata share of the attorney fees based on the Plan's recovery as it compares to the total judgment. Any reimbursement rights of the Plan shall take priority over all other liens and charges existing under the laws of this State with the exception of any attorney liens filed under the Attorneys Lien Act.

(7) The Plan may compromise or settle and release any claim for benefits provided under this Act or waive any claims for benefits, in whole or in part, for the convenience of the Plan or if the Plan determines that collection would result in undue hardship upon the covered person.

(b) The Office shall administer and be responsible for the Department’s efforts to achieve greater diversity in its construction projects and in promoting equal opportunities within the Department. effective date of this amendatory Act of the 96th General Assembly, establish a committee to review the rules for prequalification of contractors adopted by the Department at 44 Illinois Administrative Code 650. The purpose of the review is to determine whether the rules for prequalification operate as a barrier to minority-owned and women-owned contractors becoming prequalified to bid on or make proposals for Department contracts. The committee shall, in addition to Department staff, be constituted with membership representing the construction industry and minority-owned and women-owned contractors. The committee shall complete its work and make recommendations for any changes to the rules for prequalification to the Secretary of Transportation within 180 days after the effective date of this amendatory Act of the 96th General Assembly.

Sec. 2705-600. Target market program. In order to achieve all diversity goals, the Department's chief procurement officer shall develop and coordinate a target market program including the following elements:

(1) In January of each year, the chief procurement officer shall estimate the dollar value of all contracts to be awarded by the Department during that year and shall multiply that total by the minority-owned business target market percentage and the women-owned business target market percentage for that year. Contracts with an estimated dollar value equal to those products shall be set aside (prior to advertisement in the case of contracts to be awarded by bid) to be let only to qualified minority-owned businesses and qualified women-owned businesses, respectively.

(2) The chief procurement officer shall work with the officers and divisions of the Department to determine the appropriate designation of contracts as target market contracts. To the extent practical, the chief procurement officer shall divide the procurements so designated into contract award units of economically feasible production runs in order to facilitate offers or bids from minority-owned businesses and women-owned businesses. In making the annual designation of target market contracts, the chief procurement officer shall attempt to vary the included procurements so that a variety of goods and services produced by different minority-owned businesses and women-owned businesses shall be set aside each year. Minority-owned businesses and women-owned businesses shall remain eligible to

seek the procurement award of contracts that have not been designated as target market contracts.

(3) The Department shall develop a list of minority-owned businesses and women-owned businesses that are interested in participating in the target market program, including the type of contract in which each minority-owned businesses and women-owned businesses is interested in participating. The Department may make participation in the target market program dependent upon submission to stricter compliance audits than are generally applicable. No contract shall be eligible for inclusion in the target market program unless the list developed by the Department indicates that there are at least 3 qualified minority-owned businesses or women-owned businesses interested in participating in that type of contract. The Department may develop guidelines to regulate the level of participation of individual minority-owned businesses and women-owned businesses in the target market program in order to prevent the domination of the target market program by a small number of those entities. If necessary or useful, the Department may require minority-owned businesses and women-owned businesses to participate in training programs offered by the Department or other State agencies as a condition to participation in the target market program.

(4) Participation in the target market program shall be limited to minority-owned businesses and women-owned businesses and joint ventures consisting exclusively of minority-owned businesses, women-owned businesses, or both. The prime contractor on a target market contract may subcontract up to 50% of the dollar value of the target market contract to subcontractors who are not minority-owned businesses or women-owned businesses.

(5) The Department may include in the target market program contracts that are funded by the federal government and may vary the standards of eligibility of the target market program (for example, by allowing the participation of businesses owned by a person with a disability) to the extent necessary to comply with the federal funding requirements.

(6) If no satisfactory bid or response is received with respect to a contract that has been designated as part of the target market program, the Department may delete that contract from the

target market program. In addition, the chief procurement officer shall thereupon designate and set aside for the target market program additional contracts corresponding in approximate value to the contract that was deleted from the target market program, to the extent feasible.

(7) In order to facilitate the performance of target market contracts by minority-owned businesses and women-owned businesses, the chief procurement officer may expedite payments under target market contracts, may reduce retainages under target market contracts when appropriate, and may pay the contractor a portion of the value of a target market contract at the time of award as an advance to cover start-up and mobilization costs.

(20 ILCS 3501/801-40)

Sec. 801-40. In addition to the powers otherwise authorized by law and in addition to the foregoing general corporate powers, the Authority shall also have the following additional specific powers to be exercised in furtherance of the purposes of this Act.

(a) The Authority shall have power (i) to accept grants, loans or appropriations from the federal government or the State, or any agency or instrumentality thereof, to be used for the operating expenses of the Authority, or for any purposes of the Authority, including the making of direct loans of such funds with respect to projects, and (ii) to enter into any agreement with the federal government or the State, or any agency or instrumentality thereof, in relationship to such grants, loans or appropriations.

The bonds may bear interest payable at any time or times and at any rate or rates, notwithstanding any other provision of law to the contrary, and such rate or rates may be established by an index or formula which may be implemented or established by persons appointed or retained therefor by the Authority, or may bear no interest or may bear interest payable at maturity or upon redemption prior to maturity, may bear such date or dates, may be payable at such time or times and at such place or places, may mature at any time or times not later than 40 years from the date of issuance, may be sold at public or private sale at such time or times and at such price or prices, may be secured by such pledges, reserves, guarantees, letters of credit, insurance contracts or other similar credit support or liquidity instruments, may be executed in such manner, may be subject to redemption prior to maturity, may provide for the registration of the bonds, and may be subject to such other terms and conditions all as may be provided by the resolution or indenture authorizing the issuance of such bonds. The holder or holders of any bonds issued by the Authority may bring suits at law or proceedings in equity to compel the performance and observance by any person or by the Authority or any of its agents or employees of any contract or covenant made with the holders of such bonds and to compel such person or the Authority and any of its agents or employees to perform any duties required to be performed for the benefit of the holders of any such bonds by the provision of the resolution authorizing their issuance, and to enjoin such person or the Authority and any of its agents or employees from taking any action in conflict with any such contract or covenant. a specific pledge or assignment of and lien on or security interest in such rights, revenues, income, or amounts and may grant a specific pledge or assignment of and lien on or security interest in any reserves, funds or accounts established in the resolution authorizing the issuance of bonds. Any such pledge, assignment, lien or security interest for the benefit of the holders of the Authority's bonds shall be valid and binding from the time the bonds are issued without any physical delivery or further act, and shall be valid and binding as against and prior to the claims of all other parties having claims against the Authority or any other person irrespective of whether the other parties have notice of the pledge, assignment, lien or security interest. As evidence of such pledge, assignment, lien and security interest, the Authority may execute and deliver a mortgage, trust agreement, indenture or security agreement or an assignment thereof. A remedy for any breach or default of the terms of any such agreement by the Authority may be by mandamus proceedings in any court of competent jurisdiction to compel the performance and compliance therewith, but the agreement may prescribe by whom or on whose behalf such action may be instituted. It is expressly understood that the Authority may, but need not, acquire title to any project with respect to which it exercises its authority.

(d) With respect to the powers granted by this Act, the Authority may adopt rules and regulations prescribing the procedures by which persons may apply for assistance under this Act. Nothing herein shall be deemed to preclude the Authority, prior to the filing of any formal application, from conducting preliminary discussions and investigations with respect to the subject matter of any prospective application.

(e) The Authority shall have power to acquire by purchase, lease, gift or otherwise any property or rights therein from any person useful for its purposes, whether improved for the purposes of any prospective project, or unimproved. The Authority may also accept any donation of funds for its purposes from any such source. The Authority shall have no independent power of condemnation but may acquire any property or rights therein obtained upon condemnation by any other authority, governmental entity or unit of local government with such power.

(f) The Authority shall have power to develop, construct and improve either under its own direction, or through collaboration with any approved applicant, or to acquire through purchase or otherwise, any project, using for such purpose the proceeds derived from the sale of its bonds or from governmental loans or grants, and to hold title in the name of the Authority to such projects.

New matter indicated by italics - deletions by strikeout.
(g) The Authority shall have power to lease pursuant to a lease agreement any project so developed and constructed or acquired to the approved tenant on such terms and conditions as may be appropriate to further the purposes of this Act and to maintain the credit of the Authority. Any such lease may provide for either the Authority or the approved tenant to assume initially, in whole or in part, the costs of maintenance, repair and improvements during the leasehold period. In no case, however, shall the total rentals from any project during any initial leasehold period or the total loan repayments to be made pursuant to any loan agreement, be less than an amount necessary to return over such lease or loan period (1) all costs incurred in connection with the development, construction, acquisition or improvement of the project and for repair, maintenance and improvements thereto during the period of the lease or loan; provided, however, that the rentals or loan repayments need not include costs met through the use of funds other than those obtained by the Authority through the issuance of its bonds or governmental loans; (2) a reasonable percentage additive to be agreed upon by the Authority and the borrower or tenant to cover a properly allocable portion of the Authority's general expenses, including, but not limited to, administrative expenses, salaries and general insurance, and (3) an amount sufficient to pay when due all principal of, interest and premium, if any on, any bonds issued by the Authority with respect to the project. The portion of total rentals payable under clause (3) of this subsection (g) shall be deposited in such special accounts, including all sinking funds, acquisition or construction funds, debt service and other funds as provided by any resolution, mortgage or trust agreement of the Authority pursuant to which any bond is issued.

(h) The Authority has the power, upon the termination of any leasehold period of any project, to sell or lease for a further term or terms such project on such terms and conditions as the Authority shall deem reasonable and consistent with the purposes of the Act. The net proceeds from all such sales and the revenues or income from such leases shall be used to satisfy any indebtedness of the Authority with respect to such project and any balance may be used to pay any expenses of the Authority or be used for the further development, construction, acquisition or improvement of projects. In the event any project is vacated by a tenant prior to the termination of the initial leasehold period, the Authority shall sell or lease the facilities of the project on the most advantageous terms available. The net proceeds of any such disposition shall be treated in the

same manner as the proceeds from sales or the revenues or income from leases subsequent to the termination of any initial leasehold period.

(i) The Authority shall have the power to make loans to persons to finance a project, to enter into loan agreements with respect thereto, and to accept guarantees from persons of its loans or the resultant evidences of obligations of the Authority.

(j) The Authority may fix, determine, charge and collect any premiums, fees, charges, costs and expenses, including, without limitation, any application fees, commitment fees, program fees, financing charges or publication fees from any person in connection with its activities under this Act.

(k) In addition to the funds established as provided herein, the Authority shall have the power to create and establish such reserve funds and accounts as may be necessary or desirable to accomplish its purposes under this Act and to deposit its available monies into the funds and accounts.

(l) At the request of the governing body of any unit of local government, the Authority is authorized to market such local government’s revenue bond offerings by preparing bond issues for sale, advertising for sealed bids, receiving bids at its offices, making the award to the bidder that offers the most favorable terms or arranging for negotiated placements or underwritings of such securities. The Authority may, at its discretion, offer for concurrent sale the revenue bonds of several local governments. Sales by the Authority of revenue bonds under this Section shall in no way imply State guarantee of such debt issue. The Authority may require such financial information from participating local governments as it deems necessary in order to carry out the purposes of this subsection (1).

(m) The Authority may make grants to any county to which Division 5-37 of the Counties Code is applicable to assist in the financing of capital development, construction and renovation of new or existing facilities for hospitals and health care facilities under that Act. Such grants may only be made from funds appropriated for such purposes from the Build Illinois Bond Fund.

(n) The Authority may establish an urban development action grant program for the purpose of assisting municipalities in Illinois which are experiencing severe economic distress to help stimulate economic development activities needed to aid in economic recovery. The Authority shall determine the types of activities and projects for which the urban development action grants may be used, provided that such projects and

activities are broadly defined to include all reasonable projects and activities the primary objectives of which are the development of viable urban communities, including decent housing and a suitable living environment, and expansion of economic opportunity, principally for persons of low and moderate incomes. The Authority shall enter into grant agreements from monies appropriated for such purposes from the Build Illinois Bond Fund. The Authority shall monitor the use of the grants, and shall provide for audits of the funds as well as recovery by the Authority of any funds determined to have been spent in violation of this subsection (n) or any rule or regulation promulgated hereunder. The Authority shall provide technical assistance with regard to the effective use of the urban development action grants. The Authority shall file an annual report to the General Assembly concerning the progress of the grant program.

(o) The Authority may establish a Housing Partnership Program whereby the Authority provides zero-interest loans to municipalities for the purpose of assisting in the financing of projects for the rehabilitation of affordable multi-family housing for low and moderate income residents. The Authority may provide such loans only upon a municipality's providing evidence that it has obtained private funding for the rehabilitation project. The Authority shall provide 3 State dollars for every 7 dollars obtained by the municipality from sources other than the State of Illinois. The loans shall be made from monies appropriated for such purpose from the Build Illinois Bond Fund. The total amount of loans available under the Housing Partnership Program shall not exceed $30,000,000. State loan monies under this subsection shall be used only for the acquisition and rehabilitation of existing buildings containing 4 or more dwelling units. The terms of any loan made by the municipality under this subsection shall require repayment of the loan to the municipality upon any sale or other transfer of the project.

(p) The Authority may award grants to universities and research institutions, research consortiums and other not-for-profit entities for the purposes of: remodeling or otherwise physically altering existing laboratory or research facilities, expansion or physical additions to existing laboratory or research facilities, construction of new laboratory or research facilities or acquisition of modern equipment to support laboratory or research operations provided that such grants (i) be used solely in support of project and equipment acquisitions which enhance technology transfer, and (ii) not constitute more than 60 percent of the total project or acquisition cost.

(q) Grants may be awarded by the Authority to units of local government for the purpose of developing the appropriate infrastructure or defraying other costs to the local government in support of laboratory or research facilities provided that such grants may not exceed 40% of the cost to the unit of local government.

(r) The Authority may establish a Direct Loan Program to make loans to individuals, partnerships or corporations for the purpose of an industrial project, as defined in Section 801-10 of this Act. For the purposes of such program and not by way of limitation on any other program of the Authority, the Authority shall have the power to issue bonds, notes, or other evidences of indebtedness including commercial paper for purposes of providing a fund of capital from which it may make such loans. The Authority shall have the power to use any appropriations from the State made especially for the Authority's Direct Loan Program for additional capital to make such loans or for the purposes of reserve funds or pledged funds which secure the Authority's obligations of repayment of any bond, note or other form of indebtedness established for the purpose of providing capital for which it intends to make such loans under the Direct Loan Program. For the purpose of obtaining such capital, the Authority may also enter into agreements with financial institutions and other persons for the purpose of selling loans and developing a secondary market for such loans. Loans made under the Direct Loan Program may be in an amount not to exceed $300,000 and shall be made for a portion of an industrial project which does not exceed 50% of the total project. No loan may be made by the Authority unless approved by the affirmative vote of at least 8 members of the board. The Authority shall establish procedures and publish rules which shall provide for the submission, review, and analysis of each direct loan application and which shall preserve the ability of each board member to reach an individual business judgment regarding the propriety of making each direct loan. The collective discretion of the board to approve or disapprove each loan shall be unencumbered. The Authority may establish and collect such fees and charges, determine and enforce such terms and conditions, and charge such interest rates as it determines to be necessary and appropriate to the successful administration of the Direct Loan Program. The Authority may require such interests in collateral and such guarantees as it determines are necessary to project the Authority's interest in the repayment of the principal and interest of each loan made under the Direct Loan Program.

(s) The Authority may guarantee private loans to third parties up to a specified dollar amount in order to promote economic development in this State.

(t) The Authority may adopt rules and regulations as may be necessary or advisable to implement the powers conferred by this Act.

(u) The Authority shall have the power to issue bonds, notes or other evidences of indebtedness, which may be used to make loans to units of local government which are authorized to enter into loan agreements and other documents and to issue bonds, notes and other evidences of indebtedness for the purpose of financing the protection of storm sewer outfalls, the construction of adequate storm sewer outfalls, and the provision for flood protection of sanitary sewage treatment plans, in counties that have established a stormwater management planning committee in accordance with Section 5-1062 of the Counties Code. Any such loan shall be made by the Authority pursuant to the provisions of Section 820-5 to 820-60 of this Act. The unit of local government shall pay back to the Authority the principal amount of the loan, plus annual interest as determined by the Authority. The Authority shall have the power, subject to appropriations by the General Assembly, to subsidize or buy down a portion of the interest on such loans, up to 4% per annum.

(v) The Authority may accept security interests as provided in Sections 11-3 and 11-3.3 of the Illinois Public Aid Code.

The Governor shall submit the amount so certified to the General Assembly as soon as practicable, but no later than the end of the current State fiscal year. This subsection shall apply only to any bonds or notes as to which the Authority shall have determined, in the resolution authorizing the issuance of the bonds or notes, that this subsection shall apply. This subsection (w) shall in no way be applied to any bonds issued by the Authority on behalf of the Illinois Power Agency under Section 825-90 of this Act.

(x) The Authority may enter into agreements or contracts with any person necessary or appropriate to place the payment obligations of the Authority under any of its bonds in whole or in part on any interest rate basis, cash flow basis, or other basis desired by the Authority, including without limitation agreements or contracts commonly known as "interest rate swap agreements", "forward payment conversion agreements", and "futures", or agreements or contracts to exchange cash flows or a series of payments, or agreements or contracts, including without limitation agreements or contracts commonly known as "options", "puts", or "calls", to hedge payment, rate spread, or similar exposure; provided that any such agreement or contract shall not constitute an obligation for borrowed money and shall not be taken into account under Section 845-5 of this Act or any other debt limit of the Authority or the State of Illinois.

(f) Inadvertent or accidental failure to fully disclose shall render the contract, bid, proposal, subcontract, or relationship voidable by the chief procurement officer if he or she deems it in the best interest of the State of Illinois and, at his or her discretion, may be cause for barring from future contracts, bids, proposals, subcontracts, or relationships with the State for a period of up to 2 years.

(g) Intentional, willful, or material failure to disclose shall render the contract, bid, proposal, subcontract, or relationship voidable by the chief procurement officer if he or she deems it in the best interest of the State of Illinois and shall result in debarment from future contracts, bids, proposals, subcontracts, or relationships for a period of not less than 2 years and not more than 10 years. Reinstatement after 2 years and before 10 years must be reviewed and commented on in writing by the Governor of the State of Illinois, or by an executive ethics board or commission he or she might designate. Sec. 12-4.201. (a) Data warehouse concerning medical and related services. (b) The Department of Healthcare and Family Services shall perform all necessary administrative functions to expand its linearly-scalable data warehouse to encompass other healthcare data sources at both the Department of Human Services and the Department of Public Health. The Department of Healthcare and Family Services shall leverage the inherent capabilities of the data warehouse to accomplish this expansion with marginal additional technical administration. Beginning July 1, 2005, the Department of Healthcare and Family Services (formerly Department of Public Aid) shall supply quarterly reports to the Commission on Government Forecasting and Accountability detailing progress toward this mandate.

New matter indicated by italics - deletions by strikeout.
(c) The Department of Healthcare and Family Services (HFS), the Illinois Department of Public Health, the Illinois Department of Human Services, and the Division of Specialized Care for Children, University of Illinois at Chicago, with necessary support from the Department of Central Management Services, shall integrate into the medical data warehouse individual record level data owned by one of these agencies that pertains to maternal and child health, including the following data sets:

1. Vital Records as they relate to births, birth outcomes, and deaths.
3. Genetics/Newborn Screenings/SIDS.

By October 1, 2009, the Department of Public Health shall grant to the Department of Healthcare and Family Services complete access to all vital records data. The Department of Public Health shall prepare a report detailing that this task has been accomplished and submit this report to the Commission on Government Forecasting and Accountability by October 15, 2009. By March 1, 2010, the data sets shall be completely loaded into the medical data warehouse. By July 1, 2010, data from the various sources shall be processed so as to be compatible with other data in the medical data warehouse and available for analysis in an integrated manner.

With the cooperation of the other agencies, HFS shall submit status reports on the progress of these efforts to the Governor and the General Assembly no later than October 1, 2009 and April 1, 2010, with a final report due no later than November 1, 2010.

New matter indicated by italics - deletions by strikeout.
On an ongoing basis, the 4 agencies shall review the feasibility of adding data from additional sources to the warehouse. Such review may take into account the cost effectiveness of adding the data, the utility of adding data that is not available as identifiable individual record level data, the requirements related to adding data owned by another entity or not available in electronic form, whether sharing of the data is otherwise prohibited by law and the resources required and available for effecting the addition.

The departments shall use analysis of the data in the medical data warehouse to improve maternal and child health outcomes, and in particular improve birth outcomes, and to reduce racial health disparities in this area.

All access and use of the data shall be in compliance with all applicable federal and State laws, regulations, and mandates.

Notwithstanding anything in this Section, data incorporated into the data warehouse shall remain subject to the same provisions of law regarding confidentiality and use restrictions as they are subject to in the control of the contributing agency. The Department of Healthcare and Family Services shall develop measures to ensure that the interplay of the several data sets contributed to the data warehouse does not lead to the use or release of data from the data warehouse that would not otherwise be subject to use or release under State or federal law.

(4) The equitable and efficient use of available facilities-related resources among different schools and among racial, ethnic, income, and disability groups is essential to maximize the development of quality public educational facilities for all children, youth, and adults. The factors that impact the equitable and efficient use of facility-related resources vary according to the needs of each school community. Therefore, decisions that impact school facilities should include the input of the school community to the greatest extent possible.

(5) School openings, school closings, school consolidations, school turnarounds, school phase-outs, school construction, school repairs, school modernizations, school boundary changes, and other related school facility decisions often have a profound impact on education in a community. In order to minimize the negative impact of school facility decisions on the community, these decisions should be implemented according to a clear system-wide criteria and with the significant involvement of local school councils, parents, educators, and the community in decision-making.

(6) The General Assembly has previously stated that it intended to make the individual school in the City of Chicago the essential unit for educational governance and improvement and to place the primary responsibility for school governance and improvement in the hands of parents, teachers, and community residents at each school. A school facility policy must be consistent with these principles.

(b) In order to ensure that school facility-related decisions are made with the input of the community and reflect educationally sound and fiscally responsible criteria, a Chicago Educational Facilities Task Force...
shall be established within 15 days after the effective date of this amendatory Act of the 96th General Assembly.

(9) The president of the association representing principals in the schools of the district or his or her designee.

(d) The Speaker of the House shall appoint one of the appointed House members as a co-chairperson of the Chicago Educational Facilities Task Force. The President of the Senate shall appoint one of the appointed Senate members as a co-chairperson of the Chicago Educational Facilities Task Force. Members appointed by the legislative leaders shall be appointed for the duration of the Chicago Educational Facilities Task Force; in the event of a vacancy, the appointment to fill the vacancy shall be made by the legislative leader of the same chamber and party as the leader who made the original appointment.

New matter indicated by italics - deletions by strikeout.
(e) The Chicago Educational Facilities Task Force shall call on independent experts, as needed, to gather and analyze pertinent information on a pro bono basis, provided that these experts have no previous or on-going financial interest in school facility issues related to the school district. The Chicago Educational Facilities Task Force shall secure pro bono expert assistance within 15 days after the establishment of the Chicago Educational Facilities Task Force.

(f) The Chicago Educational Facilities Task Force shall be empowered to gather further evidence in the form of testimony or documents or other materials.

(g) The Chicago Educational Facilities Task Force, with the help of the independent experts, shall analyze past Chicago experiences and data with respect to school openings, school closings, school consolidations, school turnarounds, school phase-outs, school construction, school repairs, school modernizations, school boundary changes, and other related school facility decisions on students. The Chicago Educational Facilities Task Force shall consult widely with stakeholders, including public officials, about these facility issues and their related costs and shall examine relevant best practices from other school systems for dealing with these issues systematically and equitably. These initial investigations shall include opportunities for input from local stakeholders through hearings, focus groups, and interviews.

(h) The Chicago Educational Facilities Task Force shall prepare final recommendations on or before October 30, 2009 describing how the issues set forth in subsection (g) of this Section can be addressed effectively based upon educationally sound and fiscally responsible practices.

(i) The Chicago Educational Facilities Task Force shall hold hearings in separate areas of the school district at times that shall maximize school community participation to obtain comments on draft recommendations. The final hearing shall take place no later than 15 days prior to the completion of the final recommendations.

(j) The Chicago Educational Facilities Task Force shall prepare final proposed policy and legislative recommendations for the General Assembly, the Governor, and the school district. The recommendations may address issues, standards, and procedures set forth in this Section. The final recommendations shall be made available to the public through posting on the school district’s Internet website and other forms of publication and distribution in the school district at least 7 days before the
final recommendations are submitted to the General Assembly, the Governor, and the school district.

(k) The final recommendations may address issues of system-wide criteria for ensuring clear priorities, equity, and efficiency.

Without limitation, the final recommendations may propose significant decision-making roles for key stakeholders, including the individual school and community; recommend clear criteria or processes for establishing criteria for making school facility decisions; and include clear criteria for setting priorities with respect to school openings, school closings, school consolidations, school turnarounds, school phase-outs, school construction, school repairs, school modernizations, school boundary changes, and other related school facility decisions, including the encouragement of multiple community uses for school space.

Without limitation, the final recommendations may propose criteria for student mobility; the transferring of students to lower performing schools; teacher mobility; insufficient notice to and the lack of inclusion in decision-making of local school councils, parents, and community members about school facility decisions; and costly facilities-related expenditures due to poor educational and facilities planning.

(l) The State Board of Education and the school district shall provide administrative support to the Chicago Educational Facilities Task Force.

(2) To accomplish its powers and duties under Section 5 this Act, the corporation, subject to the following limitations, may prepare and furnish to any State agency an enclosure to be included with a mailing by that agency.

(a) A State agency furnished with an enclosure shall include the enclosure within the mailing designated by the corporation.
(b) An enclosure furnished by the corporation under this Section shall be provided to the State agency a reasonable period of time in advance of the mailing.

(c) An enclosure furnished by the corporation under this Section shall be limited to informing the reader of the purpose, nature and activities of the corporation as set forth in this Act and informing the reader that it may become a member in the corporation, maintain membership in the corporation and contribute money to the corporation directly.

(d) Prior to furnishing an enclosure to the State agency, the corporation shall seek and obtain approval of the content of the enclosure from the Illinois Commerce Commission. The Commission shall approve the enclosure if it determines that the enclosure (i) is not false or misleading and (ii) satisfies the requirements of this Act. The Commission shall be deemed to have approved the enclosure unless it disapproves the enclosure within 14 days from the date of receipt.

(3) The corporation shall reimburse each State agency for all reasonable incremental costs incurred by the State agency in complying with this Section above the agency's normal mailing and handling costs, provided that:

(a) The State agency shall first furnish the corporation with an itemized accounting of such additional cost; and

(b) The corporation shall not be required to reimburse the State agency for postage costs if the weight of the corporation's enclosure does not exceed .35 ounce avoirdupois. If the corporation's enclosure exceeds that weight, then it shall only be required to reimburse the State agency for postage cost over and above what the agency's postage cost would have been had the enclosure weighed only .35 ounce avoirdupois.

building is an amount equal to the same percentage of the total property taxes extended against that real estate as improved as the value of the residence is to the total value of the building. If the multidwelling building is owned and operated as a cooperative, the value of an individual residence is the value of the interest in the cooperative held by the owner of record of the legal or equitable interest, other than a leasehold interest, in the cooperative which confers the right to occupy that residence. In determining the amount of grant under Section 4 for 1976 and thereafter, the applicable "property taxes accrued", as determined under this Section, are those payable or paid in the last preceding taxable year.

Sec. 4. Amount of Grant.
(a) In general. Any individual 65 years or older or any individual who will become 65 years old during the calendar year in which a claim is filed, and any surviving spouse of such a claimant, who at the time of death received or was entitled to receive a grant pursuant to this Section, which surviving spouse will become 65 years of age within the 24 months immediately following the death of such claimant and which surviving spouse but for his or her age is otherwise qualified to receive a grant pursuant to this Section, and any disabled person whose annual household income is less than the income eligibility limitation, as defined in subsection (a-5) and whose household is liable for payment of property taxes accrued or has paid rent constituting property taxes accrued and is domiciled in this State at the time he or she files his or her claim is entitled to claim a grant under this Act. With respect to claims filed by individuals who will become 65 years old during the calendar year in which a claim is filed, the amount of any grant to which that household is entitled shall be an amount equal to 1/12 of the amount to which the claimant would otherwise be entitled as provided in this Section, multiplied by the number of months in which the claimant was 65 in the calendar year in which the claim is filed.
(a-5) Income eligibility limitation. For purposes of this Section, "income eligibility limitation" means an amount for grant years 2008 and thereafter:
(i) for grant years before the 1998 grant year, less than $14,000;
(ii) for the 1998 and 1999 grant year, less than $16,000;
(iii) for grant years 2000 through 2007:
(A) less than $21,218 for a household containing one person;
(B) less than $28,480 for a household containing 2 persons; or
(C) less than $35,740 for a household containing 3 or more persons; or

(iv) for grant years 2008 and thereafter:
   (1) (A) less than $22,218 for a household containing one person;
   (2) (B) less than $29,480 for a household containing 2 persons; or
   (3) (C) less than $36,740 for a household containing 3 or more persons.

For 2009 claim year applications submitted during calendar year 2010, a household must have annual household income of less than $27,610 for a household containing one person; less than $36,635 for a household containing 2 persons; or less than $45,657 for a household containing 3 or more persons.

The Department on Aging may adopt rules such that on January 1, 2011, and thereafter, the foregoing household income eligibility limits may be changed to reflect the annual cost of living adjustment in Social Security and Supplemental Security Income benefits that are applicable to the year for which those benefits are being reported as income on an application.

If a person files as a surviving spouse, then only his or her income shall be counted in determining his or her household income.

(b) Limitation. Except as otherwise provided in subsections (a) and (f) of this Section, the maximum amount of grant which a claimant is entitled to claim is the amount by which the property taxes accrued which were paid or payable during the last preceding tax year or rent constituting property taxes accrued upon the claimant's residence for the last preceding taxable year exceeds 3 1/2% of the claimant's household income for that year but in no event is the grant to exceed (i) $700 less 4.5% of household income for that year for those with a household income of $14,000 or less or (ii) $70 if household income for that year is more than $14,000.

(c) Public aid recipients. If household income in one or more months during a year includes cash assistance in excess of $55 per month from the Department of Healthcare and Family Services or the Department of Human Services (acting as successor to the Department of Public Aid under the Department of Human Services Act) which was determined under regulations of that Department on a measure of need that included an allowance for actual rent or property taxes paid by the recipient of that assistance, the amount of grant to which that household is entitled, except as otherwise provided in subsection (a), shall be the product of (1) the maximum amount computed as specified in subsection (b) of this Section

and (2) the ratio of the number of months in which household income did not include such cash assistance over $55 to the number twelve. If household income did not include such cash assistance over $55 for any months during the year, the amount of the grant to which the household is entitled shall be the maximum amount computed as specified in subsection (b) of this Section. For purposes of this paragraph (c), "cash assistance" does not include any amount received under the federal Supplemental Security Income (SSI) program.

(d) Joint ownership. If title to the residence is held jointly by the claimant with a person who is not a member of his or her household, the amount of property taxes accrued used in computing the amount of grant to which he or she is entitled shall be the same percentage of property taxes accrued as is the percentage of ownership held by the claimant in the residence.

(e) More than one residence. If a claimant has occupied more than one residence in the taxable year, he or she may claim only one residence for any part of a month. In the case of property taxes accrued, he or she shall prorate 1/12 of the total property taxes accrued on his or her residence to each month that he or she owned and occupied that residence; and, in the case of rent constituting property taxes accrued, shall prorate each month's rent payments to the residence actually occupied during that month.

(f) (Blank). There is hereby established a program of pharmaceutical assistance to the aged and disabled which shall be administered by the Department in accordance with this Act, to consist of payments to authorized pharmacies, on behalf of beneficiaries of the program, for the reasonable costs of covered prescription drugs. Each beneficiary who pays $5 for an identification card shall pay no additional prescription costs. Each beneficiary who pays $25 for an identification card shall pay $3 per prescription. In addition, after a beneficiary receives $2,000 in benefits during a State fiscal year, that beneficiary shall also be charged 20% of the cost of each prescription for which payments are made by the program during the remainder of the fiscal year. To become a beneficiary under this program a person must: (1) be (i) 65 years of age or older, or (ii) the surviving spouse of such a claimant, who at the time of death received or was entitled to receive benefits pursuant to this subsection, which surviving spouse will become 65 years of age within the 24 months immediately following the death of such claimant and which surviving spouse but for his or her age is otherwise qualified to receive

benefits pursuant to this subsection, or (iii) disabled, and (2) be domiciled in this State at the time he or she files his or her claim, and (3) have a maximum household income of less than the income eligibility limitation, as defined in subsection (a-5). In addition, each eligible person must (1) obtain an identification card from the Department, (2) at the time the card is obtained, sign a statement assigning to the State of Illinois benefits which may be otherwise claimed under any private insurance plans, and (3) present the identification card to the dispensing pharmacist:

The Department may adopt rules specifying participation requirements for the pharmaceutical assistance program, including copayment amounts, identification card fees, expenditure limits, and the benefit threshold after which a 20% charge is imposed on the cost of each prescription, to be in effect on and after July 1, 2004. Notwithstanding any other provision of this paragraph, however, the Department may not increase the identification card fee above the amount in effect on May 1, 2003 without the express consent of the General Assembly. To the extent practicable, those requirements shall be commensurate with the requirements provided in rules adopted by the Department of Healthcare and Family Services to implement the pharmacy assistance program under Section 5-5.12a of the Illinois Public Aid Code.

Whenever a generic equivalent for a covered prescription drug is available, the Department shall reimburse only for the reasonable costs of the generic equivalent, less the co-pay established in this Section, unless (i) the covered prescription drug contains one or more ingredients defined as a narrow therapeutic index drug at 21 CFR 320.33, (ii) the prescriber indicates on the face of the prescription “brand medically necessary”, and (iii) the prescriber specifies that a substitution is not permitted. When issuing an oral prescription for covered prescription medication described in item (i) of this paragraph, the prescriber shall stipulate “brand medically necessary” and that a substitution is not permitted. If the covered prescription drug and its authorizing prescription do not meet the criteria listed above, the beneficiary may purchase the non-generic equivalent of the covered prescription drug by paying the difference between the generic cost and the non-generic cost plus the beneficiary co-pay.

Any person otherwise eligible for pharmaceutical assistance under this Act whose covered drugs are covered by any public program for assistance in purchasing any covered prescription drugs shall be ineligible for assistance under this Act to the extent such costs are covered by such other plan:

The fee to be charged by the Department for the identification card shall be equal to $5 per coverage year for persons below the official poverty line as defined by the United States Department of Health and Human Services and $25 per coverage year for all other persons.

In the event that 2 or more persons are eligible for any benefit under this Act, and are members of the same household; (1) each such person shall be entitled to participate in the pharmaceutical assistance program, provided that he or she meets all other requirements imposed by this subsection and (2) each participating household member contributes the fee required for that person by the preceding paragraph for the purpose of obtaining an identification card.

The provisions of this subsection (f), other than this paragraph, are inoperative after December 31, 2005: Beneficiaries who received benefits under the program established by this subsection (f) are not entitled, at the termination of the program, to any refund of the identification card fee paid under this subsection.

(g) Effective January 1, 2006, there is hereby established a program of pharmaceutical assistance to the aged and disabled, entitled the Illinois Seniors and Disabled Drug Coverage Program, which shall be administered by the Department of Healthcare and Family Services and the Department on Aging in accordance with this subsection, to consist of coverage of specified prescription drugs on behalf of beneficiaries of the program as set forth in this subsection. The program under this subsection replaces and supersedes the program established under subsection (f), which shall end at midnight on December 31, 2005:

To become a beneficiary under the program established under this subsection, a person must:

(1) be (i) 65 years of age or older or (ii) disabled; and
(2) be domiciled in this State; and
(3) enroll with a qualified Medicare Part D Prescription Drug Plan if eligible and apply for all available subsidies under Medicare Part D; and
(4) for the 2006 and 2007 claim years, have a maximum household income of (i) less than $21,218 for a household containing one person, (ii) less than $28,480 for a household containing 2 persons, or (iii) less than $35,740 for a household containing 3 or more persons; and if any income eligibility limit set forth in items (i) through (iii) is less than 200% of the Federal Poverty Level for any year, the income eligibility limit for that year

for households of that size shall be income equal to or less than 200% of the Federal Poverty Level.

(5) for the 2008 claim year, have a maximum household income of (i) less than $22,218 for a household containing one person, (ii) $29,480 for a household containing 2 persons, or (iii) $36,740 for a household containing 3 or more persons; and

(6) for 2009 claim year applications submitted during calendar year 2010, have annual household income of less than (i) $27,610 for a household containing one person; (ii) less than $36,635 for a household containing 2 persons; or (iii) less than $45,657 for a household containing 3 or more persons.

The Department of Healthcare and Family Services may adopt rules such that on January 1, 2011, and thereafter, the foregoing household income eligibility limits may be changed to reflect the annual cost of living adjustment in Social Security and Supplemental Security Income benefits that are applicable to the year for which those benefits are being reported as income on an application.

All individuals enrolled as of December 31, 2005, in the pharmaceutical assistance program operated pursuant to subsection (f) of this Section and all individuals enrolled as of December 31, 2005, in the SeniorCare Medicaid waiver program operated pursuant to Section 5-5.12a of the Illinois Public Aid Code shall be automatically enrolled in the program established by this subsection for the first year of operation without the need for further application, except that they must apply for Medicare Part D and the Low Income Subsidy under Medicare Part D. A person enrolled in the pharmaceutical assistance program operated pursuant to subsection (f) of this Section as of December 31, 2005, shall not lose eligibility in future years due only to the fact that they have not reached the age of 65.

To the extent permitted by federal law, the Department may act as an authorized representative of a beneficiary in order to enroll the beneficiary in a Medicare Part D Prescription Drug Plan if the beneficiary has failed to choose a plan and, where possible, to enroll beneficiaries in the low-income subsidy program under Medicare Part D or assist them in enrolling in that program.

Beneficiaries under the program established under this subsection shall be divided into the following 4 eligibility groups:

(A) Eligibility Group 1 shall consist of beneficiaries who are not eligible for Medicare Part D coverage and who are:

(i) disabled and under age 65; or
(ii) age 65 or older, with incomes over 200% of the Federal Poverty Level; or
(iii) age 65 or older, with incomes at or below 200% of the Federal Poverty Level and not eligible for federally funded means-tested benefits due to immigration status.

(B) Eligibility Group 2 shall consist of beneficiaries otherwise described in Eligibility Group 1 but who are eligible for Medicare Part D coverage.

(C) Eligibility Group 3 shall consist of beneficiaries age 65 or older, with incomes at or below 200% of the Federal Poverty Level, who are not barred from receiving federally funded means-tested benefits due to immigration status and are not eligible for Medicare Part D coverage.

(D) Eligibility Group 4 shall consist of beneficiaries age 65 or older, with incomes at or below 200% of the Federal Poverty Level, who are not barred from receiving federally funded means-tested benefits due to immigration status and are not eligible for Medicare Part D coverage.

If the State applies and receives federal approval for a waiver under Title XIX of the Social Security Act, persons in Eligibility Group 3 4 shall continue to receive benefits through the approved waiver, and Eligibility Group 3 4 may be expanded to include disabled persons under age 65 with incomes under 200% of the Federal Poverty Level who are not eligible for Medicare and who are not barred from receiving federally funded means-tested benefits due to immigration status.

(D) On and after January 1, 2007, Eligibility Group 4 5 shall consist of beneficiaries who are otherwise described in Eligibility Group 2 Groups 2 and 3 who have a diagnosis of HIV or AIDS.

The program established under this subsection shall cover the cost of covered prescription drugs in excess of the beneficiary cost-sharing amounts set forth in this paragraph that are not covered by Medicare. In 2006, beneficiaries shall pay a co-payment of $2 for each prescription of a generic drug and $5 for each prescription of a brand-name drug. In future years, beneficiaries shall pay co-payments equal to the co-payments required under Medicare Part D for "other low-income subsidy eligible individuals" pursuant to 42 CFR 423.782(b). For individuals in Eligibility Groups 1, 2, and 3, and 4, once the program established under this

subsection and Medicare combined have paid $1,750 in a year for covered prescription drugs, the beneficiary shall pay 20% of the cost of each prescription in addition to the co-payments set forth in this paragraph. For individuals in Eligibility Group 4 5, once the program established under this subsection and Medicare combined have paid $1,750 in a year for covered prescription drugs, the beneficiary shall pay 20% of the cost of each prescription in addition to the co-payments set forth in this paragraph unless the drug is included in the formulary of the Illinois AIDS Drug Assistance Program operated by the Illinois Department of Public Health and covered by the Medicare Part D Prescription Drug Plan in which the beneficiary is enrolled. If the drug is included in the formulary of the Illinois AIDS Drug Assistance Program and covered by the Medicare Part D Prescription Drug Plan in which the beneficiary is enrolled, individuals in Eligibility Group 4 5 shall continue to pay the co-payments set forth in this paragraph after the program established under this subsection and Medicare combined have paid $1,750 in a year for covered prescription drugs.

For beneficiaries eligible for Medicare Part D coverage, the program established under this subsection shall pay 100% of the premiums charged by a qualified Medicare Part D Prescription Drug Plan for Medicare Part D basic prescription drug coverage, not including any late enrollment penalties. Qualified Medicare Part D Prescription Drug Plans may be limited by the Department of Healthcare and Family Services to those plans that sign a coordination agreement with the Department.

Notwithstanding Section 3.15, for purposes of the program established under this subsection, the term "covered prescription drug" has the following meanings:

For Eligibility Group 1, "covered prescription drug" means:
(1) any cardiovascular agent or drug; (2) any insulin or other prescription drug used in the treatment of diabetes, including syringe and needles used to administer the insulin; (3) any prescription drug used in the treatment of arthritis; (4) any prescription drug used in the treatment of cancer; (5) any prescription drug used in the treatment of Alzheimer's disease; (6) any prescription drug used in the treatment of Parkinson's disease; (7) any prescription drug used in the treatment of glaucoma; (8) any prescription drug used in the treatment of lung disease and smoking-related illnesses; (9) any prescription drug used in the treatment of osteoporosis; and (10) any prescription drug used in

the treatment of multiple sclerosis. The Department may add additional therapeutic classes by rule. The Department may adopt a preferred drug list within any of the classes of drugs described in items (1) through (10) of this paragraph. The specific drugs or therapeutic classes of covered prescription drugs shall be indicated by rule.

For Eligibility Group 2, "covered prescription drug" means those drugs covered for Eligibility Group 1 that are also covered by the Medicare Part D Prescription Drug Plan in which the beneficiary is enrolled.

For Eligibility Group 3, "covered prescription drug" means those drugs covered by the Medicare Part D Prescription Drug Plan in which the beneficiary is enrolled.

For Eligibility Group 3, "covered prescription drug" means those drugs covered by the Medical Assistance Program under Article V of the Illinois Public Aid Code.

For Eligibility Group 4, for individuals otherwise described in Eligibility Group 2, "covered prescription drug" means: (1) those drugs covered for Eligibility Group 2 that are also covered by the Medicare Part D Prescription Drug Plan in which the beneficiary is enrolled; and (2) those drugs included in the formulary of the Illinois AIDS Drug Assistance Program operated by the Illinois Department of Public Health that are also covered by the Medicare Part D Prescription Drug Plan in which the beneficiary is enrolled. For Eligibility Group 5, for individuals otherwise described in Eligibility Group 3, "covered prescription drug" means those drugs covered by the Medicare Part D Prescription Drug Plan in which the beneficiary is enrolled.

An individual in Eligibility Group 1, 2, 3, 4 or 5 may opt to receive a $25 monthly payment in lieu of the direct coverage described in this subsection.

Any person otherwise eligible for pharmaceutical assistance under this subsection whose covered drugs are covered by any public program is ineligible for assistance under this subsection to the extent that the cost of those drugs is covered by the other program.

The Illinois Department, by rule, shall prohibit any physician from providing medical assistance to anyone eligible therefor under this Code where such physician has been found guilty of performing an abortion procedure in a wilful and wanton manner upon a woman who was not pregnant at the time such abortion procedure was performed. The term "any other type of remedial care" shall include nursing care and nursing home service for persons who rely on treatment by spiritual means alone through prayer for healing.

Notwithstanding any other provision of this Section, a comprehensive tobacco use cessation program that includes purchasing prescription drugs or prescription medical devices approved by the Food and Drug administration shall be covered under the medical assistance program under this Article for persons who are otherwise eligible for assistance under this Article.

Notwithstanding any other provision of this Code, the Illinois Department may not require, as a condition of payment for any laboratory test authorized under this Article, that a physician's handwritten signature appear on the laboratory test order form. The Illinois Department may, however, impose other appropriate requirements regarding laboratory test order documentation.

The Department of Healthcare and Family Services shall provide the following services to persons eligible for assistance under this Article who are participating in education, training or employment programs operated by the Department of Human Services as successor to the Department of Public Aid:

(1) dental services, which shall include but not be limited to prosthodontics; and

(2) eyeglasses prescribed by a physician skilled in the diseases of the eye, or by an optometrist, whichever the person may select.

eosinophilic disorders and (ii) short bowel syndrome when the prescribing physician has issued a written order stating that the amino acid-based elemental formula is medically necessary.

The Illinois Department shall authorize the provision of, and shall authorize payment for, screening by low-dose mammography for the presence of occult breast cancer for women 35 years of age or older who are eligible for medical assistance under this Article, as follows:

(A) A baseline mammogram for women 35 to 39 years of age.

(B) An annual mammogram for women 40 years of age or older.

(C) A mammogram at the age and intervals considered medically necessary by the woman's health care provider for women under 40 years of age and having a family history of breast cancer, prior personal history of breast cancer, positive genetic testing, or other risk factors.

(D) A comprehensive ultrasound screening of an entire breast or breasts if a mammogram demonstrates heterogeneous or dense breast tissue, when medically necessary as determined by a physician licensed to practice medicine in all of its branches.

All screenings shall include a physical breast exam, instruction on self-examination and information regarding the frequency of self-examination and its value as a preventative tool. For purposes of this Section, "low-dose mammography" means the x-ray examination of the breast using equipment dedicated specifically for mammography, including the x-ray tube, filter, compression device, and image receptor, with an average radiation exposure delivery of less than one rad per breast for 2 views of an average size breast. The term also includes digital mammography.

On and after July 1, 2008, screening and diagnostic mammography shall be reimbursed at the same rate as the Medicare program’s rates, including the increased reimbursement for digital mammography.

The Department shall convene an expert panel including representatives of hospitals, free-standing mammography facilities, and doctors, including radiologists, to establish quality standards. Based on these quality standards, the Department shall provide for bonus payments to mammography facilities meeting the standards for screening and diagnosis. The bonus payments shall be at least 15% higher than the Medicare rates for mammography.

Subject to federal approval, the Department shall establish a rate methodology for mammography at federally qualified health centers and other encounter-rate clinics. These clinics or centers may also collaborate with other hospital-based mammography facilities.

The Department shall establish a methodology to remind women who are age-appropriate for screening mammography, but who have not received a mammogram within the previous 18 months, of the importance and benefit of screening mammography.

The Department shall establish a performance goal for primary care providers with respect to their female patients over age 40 receiving an annual mammogram. This performance goal shall be used to provide additional reimbursement in the form of a quality performance bonus to primary care providers who meet that goal.

The Department shall devise a means of case-managing or patient navigation for beneficiaries diagnosed with breast cancer. This program shall initially operate as a pilot program in areas of the State with the highest incidence of mortality related to breast cancer. At least one pilot program site shall be in the metropolitan Chicago area and at least one site shall be outside the metropolitan Chicago area. An evaluation of the pilot program shall be carried out measuring health outcomes and cost of care for those served by the pilot program compared to similarly situated patients who are not served by the pilot program.

Neither the Department of Healthcare and Family Services nor the Department of Human Services shall sanction the recipient solely on the basis of her substance abuse.

The Illinois Department shall establish such regulations governing the dispensing of health services under this Article as it shall deem appropriate. The Department should seek the advice of formal professional advisory committees appointed by the Director of the Illinois Department for the purpose of providing regular advice on policy and administrative matters, information dissemination and educational activities for medical and health care providers, and consistency in procedures to the Illinois Department.

Notwithstanding any other provision of law, a health care provider under the medical assistance program may elect, in lieu of receiving direct payment for services provided under that program, to participate in the State Employees Deferred Compensation Plan adopted under Article 24 of the Illinois Pension Code. A health care provider who elects to participate in the plan does not have a cause of action against the State for any damages allegedly suffered by the provider as a result of any delay by the State in crediting the amount of any contribution to the provider's plan account.

The Illinois Department may develop and contract with Partnerships of medical providers to arrange medical services for persons eligible under Section 5-2 of this Code. Implementation of this Section may be by demonstration projects in certain geographic areas. The Partnership shall be represented by a sponsor organization. (3) Persons receiving medical services through Partnerships may receive medical and case management services above the level usually offered through the medical assistance program.

Medical providers shall be required to meet certain qualifications to participate in Partnerships to ensure the delivery of high quality medical services. These qualifications shall be determined by rule of the Illinois Department and may be higher than qualifications for participation in the medical assistance program. Partnership sponsors may prescribe reasonable additional qualifications for participation by medical providers, only with the prior written approval of the Illinois Department.

Nothing in this Section shall limit the free choice of practitioners, hospitals, and other providers of medical services by clients. In order to ensure patient freedom of choice, the Illinois Department shall immediately promulgate all rules and take all other necessary actions so that provided services may be accessed from therapeutically certified optometrists to the full extent of the Illinois Optometric Practice Act of 1987 without discriminating between service providers.

No such claims for reimbursement shall be approved for payment by the Illinois Department without such proof of receipt, unless the Illinois Department shall have put into effect and shall be operating a system of post-payment audit and review which shall, on a sampling basis, be deemed adequate by the Illinois Department to assure that such drugs, dentures, prosthetic devices and eyeglasses for which payment is being made are actually being received by eligible recipients. Within 90 days after the effective date of this amendatory Act of 1984, the Illinois Department shall establish a current list of acquisition costs for all prosthetic devices and any other items recognized as medical equipment and supplies reimbursable under this Article and shall update such list on a quarterly basis, except that the acquisition costs of all prescription drugs shall be updated no less frequently than every 30 days as required by Section 5-5.12.

The rules and regulations of the Illinois Department shall require that a written statement including the required opinion of a physician shall accompany any claim for reimbursement for abortions, or induced miscarriages or premature births. This statement shall indicate what procedures were used in providing such medical services.

The Illinois Department shall require all dispensers of medical services, other than an individual practitioner or group of practitioners, desiring to participate in the Medical Assistance program established under this Article to disclose all financial, beneficial, ownership, equity, surety or other interests in any and all firms, corporations, partnerships, associations, business enterprises, joint ventures, agencies, institutions or other legal entities providing any form of health care services in this State under this Article.

During that time, the Department of Healthcare and Family Services may terminate the vendor's eligibility to participate in the medical assistance program without cause. That termination of eligibility is not subject to the Department's hearing process.

The Illinois Department shall establish policies, procedures, standards and criteria by rule for the acquisition, repair and replacement of orthotic and prosthetic devices and durable medical equipment. Such rules shall provide, but not be limited to, the following services: (1) immediate repair or replacement of such devices by recipients without medical authorization; and (2) rental, lease, purchase or lease-purchase of durable medical equipment in a cost-effective manner, taking into consideration the recipient's medical prognosis, the extent of the recipient's needs, and the requirements and costs for maintaining such equipment. Such rules shall enable a recipient to temporarily acquire and use alternative or substitute devices or equipment pending repairs or replacements of any device or equipment previously authorized for such recipient by the Department.

The Department shall execute, relative to the nursing home prescreening project, written inter-agency agreements with the Department of Human Services and the Department on Aging, to effect the following: (i) intake procedures and common eligibility criteria for those persons who are receiving non-institutional services; and (ii) the establishment and development of non-institutional services in areas of the State where they are not currently available or are undeveloped.

AN ACT concerning regulation.  

Be it enacted by the People of the State of Illinois, represented in the General Assembly:  

Section 5. The Alternative Health Care Delivery Act is amended by changing Section 30 as follows:  

(210 ILCS 3/30)  
Sec. 30. Demonstration program requirements. The requirements set forth in this Section shall apply to demonstration programs.  

(a) There shall be no more than:  

(i) 3 subacute care hospital alternative health care models in the City of Chicago (one of which shall be located on a designated site and shall have been licensed as a hospital under the Illinois Hospital Licensing Act within the 10 years immediately before the application for a license);  

(ii) 2 subacute care hospital alternative health care models in the demonstration program for each of the following areas:  

(1) Cook County outside the City of Chicago.  

(2) DuPage, Kane, Lake, McHenry, and Will Counties.  

(3) Municipalities with a population greater than 50,000 not located in the areas described in item (i) of subsection (a) and paragraphs (1) and (2) of item (ii) of subsection (a); and  

(iii) 4 subacute care hospital alternative health care models in the demonstration program for rural areas.  

In selecting among applicants for these licenses in rural areas, the Health Facilities Planning Board and the Department shall give preference to hospitals that may be unable for economic reasons to provide continued service to the community in which they are located unless the hospital were to receive an alternative health care model license.  

(a-5) There shall be no more than a total of 12 postsurgical recovery care center alternative health care models in the demonstration program, located as follows:  

(1) Two in the City of Chicago.
(2) Two in Cook County outside the City of Chicago. At least one of these shall be owned or operated by a hospital devoted exclusively to caring for children.

(3) Two in Kane, Lake, and McHenry Counties.

(4) Four in municipalities with a population of 50,000 or more not located in the areas described in paragraphs (1), (2), and (3), 3 of which shall be owned or operated by hospitals, at least 2 of which shall be located in counties with a population of less than 175,000, according to the most recent decennial census for which data are available, and one of which shall be owned or operated by an ambulatory surgical treatment center.

(5) Two in rural areas, both of which shall be owned or operated by hospitals.

There shall be no postsurgical recovery care center alternative health care models located in counties with populations greater than 600,000 but less than 1,000,000. A proposed postsurgical recovery care center must be owned or operated by a hospital if it is to be located within, or will primarily serve the residents of, a health service area in which more than 60% of the gross patient revenue of the hospitals within that health service area are derived from Medicaid and Medicare, according to the most recently available calendar year data from the Illinois Health Care Cost Containment Council. Nothing in this paragraph shall preclude a hospital and an ambulatory surgical treatment center from forming a joint venture or developing a collaborative agreement to own or operate a postsurgical recovery care center.

(a-10) There shall be no more than a total of 8 children's respite care center alternative health care models in the demonstration program, which shall be located as follows:

(1) One in the City of Chicago.
(2) One in Cook County outside the City of Chicago.
(3) A total of 2 in the area comprised of DuPage, Kane, Lake, McHenry, and Will counties.
(4) A total of 2 in municipalities with a population of 50,000 or more and not located in the areas described in paragraphs (1), (2), or (3).
(5) A total of 2 in rural areas, as defined by the Health Facilities Planning Board.

New matter indicated by italics - deletions by strikeout.
No more than one children's respite care model owned and operated by a licensed skilled pediatric facility shall be located in each of the areas designated in this subsection (a-10).

(a-15) There shall be 2 an authorized community-based residential rehabilitation center alternative health care models in the demonstration program. The community-based residential rehabilitation center shall be located in the area of Illinois south of Interstate Highway 70.

(a-20) There shall be an authorized Alzheimer's disease management center alternative health care model in the demonstration program. The Alzheimer's disease management center shall be located in Will County, owned by a not-for-profit entity, and endorsed by a resolution approved by the county board before the effective date of this amendatory Act of the 91st General Assembly.

(a-25) There shall be no more than 10 birth center alternative health care models in the demonstration program, located as follows:

1. Four in the area comprising Cook, DuPage, Kane, Lake, McHenry, and Will counties, one of which shall be owned or operated by a hospital and one of which shall be owned or operated by a federally qualified health center.

2. Three in municipalities with a population of 50,000 or more not located in the area described in paragraph (1) of this subsection, one of which shall be owned or operated by a hospital and one of which shall be owned or operated by a federally qualified health center.

3. Three in rural areas, one of which shall be owned or operated by a hospital and one of which shall be owned or operated by a federally qualified health center.

The first 3 birth centers authorized to operate by the Department shall be located in or predominantly serve the residents of a health professional shortage area as determined by the United States Department of Health and Human Services. There shall be no more than 2 birth centers authorized to operate in any single health planning area for obstetric services as determined under the Illinois Health Facilities Planning Act. If a birth center is located outside of a health professional shortage area, (i) the birth center shall be located in a health planning area with a demonstrated need for obstetrical service beds, as determined by the Illinois Health Facilities Planning Board or (ii) there must be a reduction in the existing number of obstetrical service beds in the planning area so

New matter indicated by italics - deletions by strikeout.
that the establishment of the birth center does not result in an increase in the total number of obstetrical service beds in the health planning area.

(b) Alternative health care models, other than a model authorized under subsection (a-20), shall obtain a certificate of need from the Illinois Health Facilities Planning Board under the Illinois Health Facilities Planning Act before receiving a license by the Department. If, after obtaining its initial certificate of need, an alternative health care delivery model that is a community based residential rehabilitation center seeks to increase the bed capacity of that center, it must obtain a certificate of need from the Illinois Health Facilities Planning Board before increasing the bed capacity. Alternative health care models in medically underserved areas shall receive priority in obtaining a certificate of need.

(c) An alternative health care model license shall be issued for a period of one year and shall be annually renewed if the facility or program is in substantial compliance with the Department's rules adopted under this Act. A licensed alternative health care model that continues to be in substantial compliance after the conclusion of the demonstration program shall be eligible for annual renewals unless and until a different licensure program for that type of health care model is established by legislation. The Department may issue a provisional license to any alternative health care model that does not substantially comply with the provisions of this Act and the rules adopted under this Act if (i) the Department finds that the alternative health care model has undertaken changes and corrections which upon completion will render the alternative health care model in substantial compliance with this Act and rules and (ii) the health and safety of the patients of the alternative health care model will be protected during the period for which the provisional license is issued. The Department shall advise the licensee of the conditions under which the provisional license is issued, including the manner in which the alternative health care model fails to comply with the provisions of this Act and rules, and the time within which the changes and corrections necessary for the alternative health care model to substantially comply with this Act and rules shall be completed.

(d) Alternative health care models shall seek certification under Titles XVIII and XIX of the federal Social Security Act. In addition, alternative health care models shall provide charitable care consistent with that provided by comparable health care providers in the geographic area.

(d-5) The Department of Healthcare and Family Services (formerly Illinois Department of Public Aid), in cooperation with the Illinois

Department of Public Health, shall develop and implement a reimbursement methodology for all facilities participating in the demonstration program. The Department of Healthcare and Family Services shall keep a record of services provided under the demonstration program to recipients of medical assistance under the Illinois Public Aid Code and shall submit an annual report of that information to the Illinois Department of Public Health.

(e) Alternative health care models shall, to the extent possible, link and integrate their services with nearby health care facilities.

(f) Each alternative health care model shall implement a quality assurance program with measurable benefits and at reasonable cost.

(House Bill No. 2445)

AN ACT concerning government.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Public Labor Relations Act is amended by changing Sections 5, 9, and 14 as follows:

appoint to the State Panel only persons who have had a minimum of 5 years of experience directly related to labor and employment relations in representing public employers, private employers or labor organizations; or teaching labor or employment relations; or administering executive orders or regulations applicable to labor or employment relations. At the time of his or her appointment, each member of the State Panel shall be an Illinois resident. The Governor shall designate one member to serve as the Chairman of the State Panel and the Board.

Notwithstanding any other provision of this Section, the term of each member of the State Panel who was appointed by the Governor and is in office on June 30, 2003 shall terminate at the close of business on that date or when all of the successor members to be appointed pursuant to this amendatory Act of the 93rd General Assembly have been appointed by the Governor, whichever occurs later. As soon as possible, the Governor shall appoint persons to fill the vacancies created by this amendatory Act.

The initial appointments under this amendatory Act of the 93rd General Assembly shall be for terms as follows: The Chairman shall initially be appointed for a term ending on the 4th Monday in January, 2007; 2 members shall be initially appointed for terms ending on the 4th Monday in January, 2006; one member shall be initially appointed for a term ending on the 4th Monday in January, 2005; and one member shall be initially appointed for a term ending on the 4th Monday in January, 2004. Each subsequent member shall be appointed for a term of 4 years, commencing on the 4th Monday in January. Upon expiration of the term of office of any appointive member, that member shall continue to serve until a successor shall be appointed and qualified. In case of a vacancy, a successor shall be appointed to serve for the unexpired portion of the term. If the Senate is not in session at the time the initial appointments are made, the Governor shall make temporary appointments in the same manner successors are appointed to fill vacancies. A temporary appointment shall remain in effect no longer than 20 calendar days after the commencement of the next Senate session.

(b) The Local Panel shall have jurisdiction over collective bargaining agreement matters between employee organizations and units of local government with a population in excess of 2 million persons, but excluding the Regional Transportation Authority.

members, one appointed by the Mayor of the City of Chicago and one appointed by the President of the Cook County Board of Commissioners. Appointees to the Local Panel must have had a minimum of 5 years of experience directly related to labor and employment relations in representing public employers, private employers or labor organizations; or teaching labor or employment relations; or administering executive orders or regulations applicable to labor or employment relations. Each member of the Local Panel shall be an Illinois resident at the time of his or her appointment. The member appointed by the Governor (or, if no such person is appointed, the Chairman of the State Panel) shall serve as the Chairman of the Local Panel.

Notwithstanding any other provision of this Section, the term of the member of the Local Panel who was appointed by the Governor and is in office on June 30, 2003 shall terminate at the close of business on that date or when his or her successor has been appointed by the Governor, whichever occurs later. As soon as possible, the Governor shall appoint a person to fill the vacancy created by this amendatory Act.

The initial appointment under this amendatory Act of the 93rd General Assembly shall be for a term ending on the 4th Monday in January, 2007.

The initial appointments under this amendatory Act of the 91st General Assembly shall be for terms as follows: The member appointed by the Governor shall initially be appointed for a term ending on the 4th Monday in January, 2001; the member appointed by the President of the Cook County Board shall be initially appointed for a term ending on the 4th Monday in January, 2003; and the member appointed by the Mayor of the City of Chicago shall be initially appointed for a term ending on the 4th Monday in January, 2004. Each subsequent member shall be appointed for a term of 4 years, commencing on the 4th Monday in January. Upon expiration of the term of office of any appointive member, the member shall continue to serve until a successor shall be appointed and qualified. In the case of a vacancy, a successor shall be appointed by the applicable appointive authority to serve for the unexpired portion of the term.

(c) Three members of the State Panel shall at all times constitute a quorum. Two members of the Local Panel shall at all times constitute a quorum. A vacancy on a panel does not impair the right of the remaining members to exercise all of the powers of that panel. Each panel shall adopt an official seal which shall be judicially noticed. The salary of the Chairman of the State Panel shall be $82,429 per year, or as set by the

Compensation Review Board, whichever is greater, and that of the other members of the State and Local Panels shall be $74,188 per year, or as set by the Compensation Review Board, whichever is greater.

(d) Each member shall devote his or her entire time to the duties of the office, and shall hold no other office or position of profit, nor engage in any other business, employment, or vocation. No member shall hold any other public office or be employed as a labor or management representative by the State or any political subdivision of the State or of any department or agency thereof, or actively represent or act on behalf of an employer or an employee organization or an employer in labor relations matters. Any member of the State Panel may be removed from office by the Governor for inefficiency, neglect of duty, misconduct or malfeasance in office, and for no other cause, and only upon notice and hearing. Any member of the Local Panel may be removed from office by the applicable appointive authority for inefficiency, neglect of duty, misconduct or malfeasance in office, and for no other cause, and only upon notice and hearing.

(e) Each panel at the end of every State fiscal year shall make a report in writing to the Governor and the General Assembly, stating in detail the work it has done in hearing and deciding cases and otherwise.

(f) In order to accomplish the objectives and carry out the duties prescribed by this Act, a panel or its authorized designees may hold elections to determine whether a labor organization has majority status; investigate and attempt to resolve or settle charges of unfair labor practices; hold hearings in order to carry out its functions; develop and effectuate appropriate impasse resolution procedures for purposes of resolving labor disputes; require the appearance of witnesses and the production of evidence on any matter under inquiry; and administer oaths and affirmations. The panels shall sign and report in full an opinion in every case which they decide.

(g) Each panel may appoint or employ an executive director, attorneys, hearing officers, mediators, fact-finders, arbitrators, and such other employees as it may deem necessary to perform its functions. The governing boards shall prescribe the duties and qualifications of such persons appointed and, subject to the annual appropriation, fix their compensation and provide for reimbursement of actual and necessary expenses incurred in the performance of their duties. The Board shall employ a minimum of 16 attorneys and 6 investigators.

New matter indicated by italics - deletions by strikeout.
(h) Each panel shall exercise general supervision over all attorneys which it employs and over the other persons employed to provide necessary support services for such attorneys. The panels shall have final authority in respect to complaints brought pursuant to this Act.

(i) The following rules and regulations shall be adopted by the panels meeting in joint session: (1) procedural rules and regulations which shall govern all Board proceedings; (2) procedures for election of exclusive bargaining representatives pursuant to Section 9, except for the determination of appropriate bargaining units; and (3) appointment of counsel pursuant to subsection (k) of this Section.

(j) Rules and regulations may be adopted, amended or rescinded only upon a vote of 5 of the members of the State and Local Panels meeting in joint session. The adoption, amendment or rescission of rules and regulations shall be in conformity with the requirements of the Illinois Administrative Procedure Act.

(k) The panels in joint session shall promulgate rules and regulations providing for the appointment of attorneys or other Board representatives to represent persons in unfair labor practice proceedings before a panel. The regulations governing appointment shall require the applicant to demonstrate an inability to pay for or inability to otherwise provide for adequate representation before a panel. Such rules must also provide: (1) that an attorney may not be appointed in cases which, in the opinion of a panel, are clearly without merit; (2) the stage of the unfair labor proceeding at which counsel will be appointed; and (3) the circumstances under which a client will be allowed to select counsel.

(l) The panels in joint session may promulgate rules and regulations which allow parties in proceedings before a panel to be represented by counsel or any other representative of the party's choice.

(m) The Chairman of the State Panel shall serve as Chairman of a joint session of the panels. Attendance of at least 2 members of the State Panel and at least one member of the Local Panel, in addition to the Chairman, shall constitute a quorum at a joint session. The panels shall meet in joint session at least annually.

(5 ILCS 315/9) (from Ch. 48, par. 1609)
Sec. 9. Elections; recognition.
(a) Whenever in accordance with such regulations as may be prescribed by the Board a petition has been filed:

New matter indicated by italics - deletions by strikeout.
(1) by a public employee or group of public employees or any labor organization acting in their behalf demonstrating that 30% of the public employees in an appropriate unit (A) wish to be represented for the purposes of collective bargaining by a labor organization as exclusive representative, or (B) asserting that the labor organization which has been certified or is currently recognized by the public employer as bargaining representative is no longer the representative of the majority of public employees in the unit; or

(2) by a public employer alleging that one or more labor organizations have presented to it a claim that they be recognized as the representative of a majority of the public employees in an appropriate unit,

the Board shall investigate such petition, and if it has reasonable cause to believe that a question of representation exists, shall provide for an appropriate hearing upon due notice. Such hearing shall be held at the offices of the Board or such other location as the Board deems appropriate. If it finds upon the record of the hearing that a question of representation exists, it shall direct an election in accordance with subsection (d) of this Section, which election shall be held not later than 120 days after the date the petition was filed regardless of whether that petition was filed before or after the effective date of this amendatory Act of 1987; provided, however, the Board may extend the time for holding an election by an additional 60 days if, upon motion by a person who has filed a petition under this Section or is the subject of a petition filed under this Section and is a party to such hearing, or upon the Board's own motion, the Board finds that good cause has been shown for extending the election date; provided further, that nothing in this Section shall prohibit the Board, in its discretion, from extending the time for holding an election for so long as may be necessary under the circumstances, where the purpose for such extension is to permit resolution by the Board of an unfair labor practice charge filed by one of the parties to a representational proceeding against the other based upon conduct which may either affect the existence of a question concerning representation or have a tendency to interfere with a fair and free election, where the party filing the charge has not filed a request to proceed with the election; and provided further that prior to the expiration of the total time allotted for holding an election, a person who has filed a petition under this Section or is the subject of a petition filed under this Section and is a party to such hearing or the Board, may move

New matter indicated by italics - deletions by strikeout.
for and obtain the entry of an order in the circuit court of the county in which the majority of the public employees sought to be represented by such person reside, such order extending the date upon which the election shall be held. Such order shall be issued by the circuit court only upon a judicial finding that there has been a sufficient showing that there is good cause to extend the election date beyond such period and shall require the Board to hold the election as soon as is feasible given the totality of the circumstances. Such 120 day period may be extended one or more times by the agreement of all parties to the hearing to a date certain without the necessity of obtaining a court order. Nothing in this Section prohibits the waiving of hearings by stipulation for the purpose of a consent election in conformity with the rules and regulations of the Board or an election in a unit agreed upon by the parties. Other interested employee organizations may intervene in the proceedings in the manner and within the time period specified by rules and regulations of the Board. Interested parties who are necessary to the proceedings may also intervene in the proceedings in the manner and within the time period specified by the rules and regulations of the Board.

(a-5) The Board shall designate an exclusive representative for purposes of collective bargaining when the representative demonstrates a showing of majority interest by employees in the unit. If the parties to a dispute are without agreement on the means to ascertain the choice, if any, of employee organization as their representative, the Board shall ascertain the employees' choice of employee organization, on the basis of dues deduction authorization or and other evidence, or, if necessary, by conducting an election. All evidence submitted by an employee organization to the Board to ascertain an employee's choice of an employee organization is confidential and shall not be submitted to the employer for review. The Board shall ascertain the employee's choice of employee organization within 120 days after the filing of the majority interest petition; however, the Board may extend time by an additional 60 days, upon its own motion or upon the motion of a party to the proceeding. If either party provides to the Board, before the designation of a representative, clear and convincing evidence that the dues deduction authorizations, and other evidence upon which the Board would otherwise rely to ascertain the employees' choice of representative, are fraudulent or were obtained through coercion, the Board shall promptly thereafter conduct an election. The Board shall also investigate and consider a party's allegations that the dues deduction authorizations and other evidence

New matter indicated by italics - deletions by strikeout.
submitted in support of a designation of representative without an election were subsequently changed, altered, withdrawn, or withheld as a result of employer fraud, coercion, or any other unfair labor practice by the employer. If the Board determines that a labor organization would have had a majority interest but for an employer's fraud, coercion, or unfair labor practice, it shall designate the labor organization as an exclusive representative without conducting an election. If a hearing is necessary to resolve any issues of representation under this Section, the Board shall conclude its hearing process and issue a certification of the entire appropriate unit not later than 120 days after the date the petition was filed. The 120-day period may be extended one or more times by the agreement of all parties to a hearing to a date certain.

(a-6) A labor organization or an employer may file a unit clarification petition seeking to clarify an existing bargaining unit. The Board shall conclude its investigation, including any hearing process deemed necessary, and issue a certification of clarified unit or dismiss the petition not later than 120 days after the date the petition was filed. The 120-day period may be extended one or more times by the agreement of all parties to a hearing to a date certain.

(b) The Board shall decide in each case, in order to assure public employees the fullest freedom in exercising the rights guaranteed by this Act, a unit appropriate for the purpose of collective bargaining, based upon but not limited to such factors as: historical pattern of recognition; community of interest including employee skills and functions; degree of functional integration; interchangeability and contact among employees; fragmentation of employee groups; common supervision, wages, hours and other working conditions of the employees involved; and the desires of the employees. For purposes of this subsection, fragmentation shall not be the sole or predominant factor used by the Board in determining an appropriate bargaining unit. Except with respect to non-State fire fighters and paramedics employed by fire departments and fire protection districts, non-State peace officers and peace officers in the State Department of State Police, a single bargaining unit determined by the Board may not include both supervisors and nonsupervisors, except for bargaining units in existence on the effective date of this Act. With respect to non-State fire fighters and paramedics employed by fire departments and fire protection districts, non-State peace officers and peace officers in the State Department of State Police, a single bargaining unit determined by the Board may not include both supervisors and nonsupervisors, except for

bargaining units in existence on the effective date of this amendatory Act of 1985.

In cases involving an historical pattern of recognition, and in cases where the employer has recognized the union as the sole and exclusive bargaining agent for a specified existing unit, the Board shall find the employees in the unit then represented by the union pursuant to the recognition to be the appropriate unit.

Notwithstanding the above factors, where the majority of public employees of a craft so decide, the Board shall designate such craft as a unit appropriate for the purposes of collective bargaining.

The Board shall not decide that any unit is appropriate if such unit includes both professional and nonprofessional employees, unless a majority of each group votes for inclusion in such unit.

(c) Nothing in this Act shall interfere with or negate the current representation rights or patterns and practices of labor organizations which have historically represented public employees for the purpose of collective bargaining, including but not limited to the negotiations of wages, hours and working conditions, discussions of employees' grievances, resolution of jurisdictional disputes, or the establishment and maintenance of prevailing wage rates, unless a majority of employees so represented express a contrary desire pursuant to the procedures set forth in this Act.

(d) In instances where the employer does not voluntarily recognize a labor organization as the exclusive bargaining representative for a unit of employees, the Board shall determine the majority representative of the public employees in an appropriate collective bargaining unit by conducting a secret ballot election, except as otherwise provided in subsection (a-5). Within 7 days after the Board issues its bargaining unit determination and direction of election or the execution of a stipulation for the purpose of a consent election, the public employer shall submit to the labor organization the complete names and addresses of those employees who are determined by the Board to be eligible to participate in the election. When the Board has determined that a labor organization has been fairly and freely chosen by a majority of employees in an appropriate unit, it shall certify such organization as the exclusive representative. If the Board determines that a majority of employees in an appropriate unit has fairly and freely chosen not to be represented by a labor organization, it shall so certify. The Board may also revoke the certification of the public employee organizations as exclusive bargaining representatives which

New matter indicated by italics - deletions by strikeout.
have been found by a secret ballot election to be no longer the majority representative.

(e) The Board shall not conduct an election in any bargaining unit or any subdivision thereof within which a valid election has been held in the preceding 12-month period. The Board shall determine who is eligible to vote in an election and shall establish rules governing the conduct of the election or conduct affecting the results of the election. The Board shall include on a ballot in a representation election a choice of "no representation". A labor organization currently representing the bargaining unit of employees shall be placed on the ballot in any representation election. In any election where none of the choices on the ballot receives a majority, a runoff election shall be conducted between the 2 choices receiving the largest number of valid votes cast in the election. A labor organization which receives a majority of the votes cast in an election shall be certified by the Board as exclusive representative of all public employees in the unit.

(f) A labor organization shall be designated as the exclusive representative by a public employer, provided that the labor organization represents a majority of the public employees in an appropriate unit. Any employee organization which is designated or selected by the majority of public employees, in a unit of the public employer having no other recognized or certified representative, as their representative for purposes of collective bargaining may request recognition by the public employer in writing. The public employer shall post such request for a period of at least 20 days following its receipt thereof on bulletin boards or other places used or reserved for employee notices.

(g) Within the 20-day period any other interested employee organization may petition the Board in the manner specified by rules and regulations of the Board, provided that such interested employee organization has been designated by at least 10% of the employees in an appropriate bargaining unit which includes all or some of the employees in the unit recognized by the employer. In such event, the Board shall proceed with the petition in the same manner as provided by paragraph (1) of subsection (a) of this Section.

(h) No election shall be directed by the Board in any bargaining unit where there is in force a valid collective bargaining agreement. The Board, however, may process an election petition filed between 90 and 60 days prior to the expiration of the date of an agreement, and may further refine, by rule or decision, the implementation of this provision. Where

more than 4 years have elapsed since the effective date of the agreement, the agreement shall continue to bar an election, except that the Board may process an election petition filed between 90 and 60 days prior to the end of the fifth year of such an agreement, and between 90 and 60 days prior to the end of each successive year of such agreement.

(i) An order of the Board dismissing a representation petition, determining and certifying that a labor organization has been fairly and freely chosen by a majority of employees in an appropriate bargaining unit, determining and certifying that a labor organization has not been fairly and freely chosen by a majority of employees in the bargaining unit or certifying a labor organization as the exclusive representative of employees in an appropriate bargaining unit because of a determination by the Board that the labor organization is the historical bargaining representative of employees in the bargaining unit, is a final order. Any person aggrieved by any such order issued on or after the effective date of this amendatory Act of 1987 may apply for and obtain judicial review in accordance with provisions of the Administrative Review Law, as now or hereafter amended, except that such review shall be afforded directly in the Appellate Court for the district in which the aggrieved party resides or transacts business. Any direct appeal to the Appellate Court shall be filed within 35 days from the date that a copy of the decision sought to be reviewed was served upon the party affected by the decision.

(5 ILCS 315/14) (from Ch. 48, par. 1614)

(a) In the case of collective bargaining agreements involving units of security employees of a public employer, Peace Officer Units, or units of fire fighters or paramedics, and in the case of disputes under Section 18, unless the parties mutually agree to some other time limit, mediation shall commence 30 days prior to the expiration date of such agreement or at such later time as the mediation services chosen under subsection (b) of Section 12 can be provided to the parties. In the case of negotiations for an initial collective bargaining agreement, mediation shall commence upon 15 days notice from either party or at such later time as the mediation services chosen pursuant to subsection (b) of Section 12 can be provided to the parties. In mediation under this Section, if either party requests the use of mediation services from the Federal Mediation and Conciliation Service, the other party shall either join in such request or bear the

additional cost of mediation services from another source. The mediator shall have a duty to keep the Board informed on the progress of the mediation. If any dispute has not been resolved within 15 days after the first meeting of the parties and the mediator, or within such other time limit as may be mutually agreed upon by the parties, either the exclusive representative or employer may request of the other, in writing, arbitration, and shall submit a copy of the request to the Board.

(b) Within 10 days after such a request for arbitration has been made, the employer shall choose a delegate and the employees' exclusive representative shall choose a delegate to a panel of arbitration as provided in this Section. The employer and employees shall forthwith advise the other and the Board of their selections.

(c) Within 7 days after the request of either party, the parties shall request a panel of impartial arbitrators from which they shall select the neutral chairman according to the procedures provided in this Section. If the parties have agreed to a contract that contains a grievance resolution procedure as provided in Section 8, the chairman shall be selected using their agreed contract procedure unless they mutually agree to another procedure. If the parties fail to notify the Board of their selection of neutral chairman within 7 days after receipt of the list of impartial arbitrators, the Board shall appoint, at random, a neutral chairman from the list. In the absence of an agreed contract procedure for selecting an impartial arbitrator, either party may request a panel from the Board. Within 7 days of the request of either party, the Board shall select from the Public Employees Labor Mediation Roster 7 persons who are on the labor arbitration panels of either the American Arbitration Association or the Federal Mediation and Conciliation Service, or who are members of the National Academy of Arbitrators, as nominees for impartial arbitrator of the arbitration panel. The parties may select an individual on the list provided by the Board or any other individual mutually agreed upon by the parties. Within 7 days following the receipt of the list, the parties shall notify the Board of the person they have selected. Unless the parties agree on an alternate selection procedure, they shall alternatively strike one name from the list provided by the Board until only one name remains. A coin toss shall determine which party shall strike the first name. If the parties fail to notify the Board in a timely manner of their selection for neutral chairman, the Board shall appoint a neutral chairman from the Illinois Public Employees Mediation/Arbitration Roster.
(d) The chairman shall call a hearing to begin within 15 days and give reasonable notice of the time and place of the hearing. The hearing shall be held at the offices of the Board or at such other location as the Board deems appropriate. The chairman shall preside over the hearing and shall take testimony. Any oral or documentary evidence and other data deemed relevant by the arbitration panel may be received in evidence. The proceedings shall be informal. Technical rules of evidence shall not apply and the competency of the evidence shall not thereby be deemed impaired. A verbatim record of the proceedings shall be made and the arbitrator shall arrange for the necessary recording service. Transcripts may be ordered at the expense of the party ordering them, but the transcripts shall not be necessary for a decision by the arbitration panel. The expense of the proceedings, including a fee for the chairman, established in advance by the Board, shall be borne equally by each of the parties to the dispute. The delegates, if public officers or employees, shall continue on the payroll of the public employer without loss of pay. The hearing conducted by the arbitration panel may be adjourned from time to time, but unless otherwise agreed by the parties, shall be concluded within 30 days of the time of its commencement. Majority actions and rulings shall constitute the actions and rulings of the arbitration panel. Arbitration proceedings under this Section shall not be interrupted or terminated by reason of any unfair labor practice charge filed by either party at any time.

(e) The arbitration panel may administer oaths, require the attendance of witnesses, and the production of such books, papers, contracts, agreements and documents as may be deemed by it material to a just determination of the issues in dispute, and for such purpose may issue subpoenas. If any person refuses to obey a subpoena, or refuses to be sworn or to testify, or if any witness, party or attorney is guilty of any contempt while in attendance at any hearing, the arbitration panel may, or the attorney general if requested shall, invoke the aid of any circuit court within the jurisdiction in which the hearing is being held, which court shall issue an appropriate order. Any failure to obey the order may be punished by the court as contempt.

(f) At any time before the rendering of an award, the chairman of the arbitration panel, if he is of the opinion that it would be useful or beneficial to do so, may remand the dispute to the parties for further collective bargaining for a period not to exceed 2 weeks. If the dispute is remanded for further collective bargaining the time provisions of this Act

shall be extended for a time period equal to that of the remand. The chairman of the panel of arbitration shall notify the Board of the remand.

(g) At or before the conclusion of the hearing held pursuant to subsection (d), the arbitration panel shall identify the economic issues in dispute, and direct each of the parties to submit, within such time limit as the panel shall prescribe, to the arbitration panel and to each other its last offer of settlement on each economic issue. The determination of the arbitration panel as to the issues in dispute and as to which of these issues are economic shall be conclusive. The arbitration panel, within 30 days after the conclusion of the hearing, or such further additional periods to which the parties may agree, shall make written findings of fact and promulgate a written opinion and shall mail or otherwise deliver a true copy thereof to the parties and their representatives and to the Board. As to each economic issue, the arbitration panel shall adopt the last offer of settlement which, in the opinion of the arbitration panel, more nearly complies with the applicable factors prescribed in subsection (h). The findings, opinions and order as to all other issues shall be based upon the applicable factors prescribed in subsection (h).

(h) Where there is no agreement between the parties, or where there is an agreement but the parties have begun negotiations or discussions looking to a new agreement or amendment of the existing agreement, and wage rates or other conditions of employment under the proposed new or amended agreement are in dispute, the arbitration panel shall base its findings, opinions and order upon the following factors, as applicable:

(1) The lawful authority of the employer.
(2) Stipulations of the parties.
(3) The interests and welfare of the public and the financial ability of the unit of government to meet those costs.
(4) Comparison of the wages, hours and conditions of employment of the employees involved in the arbitration proceeding with the wages, hours and conditions of employment of other employees performing similar services and with other employees generally:
   (A) In public employment in comparable communities.
   (B) In private employment in comparable communities.

New matter indicated by italics - deletions by strikeout.
(5) The average consumer prices for goods and services, commonly known as the cost of living.

(6) The overall compensation presently received by the employees, including direct wage compensation, vacations, holidays and other excused time, insurance and pensions, medical and hospitalization benefits, the continuity and stability of employment and all other benefits received.

(7) Changes in any of the foregoing circumstances during the pendency of the arbitration proceedings.

(8) Such other factors, not confined to the foregoing, which are normally or traditionally taken into consideration in the determination of wages, hours and conditions of employment through voluntary collective bargaining, mediation, fact-finding, arbitration or otherwise between the parties, in the public service or in private employment.

(i) In the case of peace officers, the arbitration decision shall be limited to wages, hours, and conditions of employment (which may include residency requirements in municipalities with a population under 1,000,000, but those residency requirements shall not allow residency outside of Illinois) and shall not include the following: i) residency requirements in municipalities with a population of at least 1,000,000; ii) the type of equipment, other than uniforms, issued or used; iii) manning; iv) the total number of employees employed by the department; v) mutual aid and assistance agreements to other units of government; and vi) the criterion pursuant to which force, including deadly force, can be used; provided, nothing herein shall preclude an arbitration decision regarding equipment or manning levels if such decision is based on a finding that the equipment or manning considerations in a specific work assignment involve a serious risk to the safety of a peace officer beyond that which is inherent in the normal performance of police duties. Limitation of the terms of the arbitration decision pursuant to this subsection shall not be construed to limit the factors upon which the decision may be based, as set forth in subsection (h).

In the case of fire fighter, and fire department or fire district paramedic matters, the arbitration decision shall be limited to wages, hours, and conditions of employment (which may include residency requirements in municipalities with a population under 1,000,000, but those residency requirements shall not allow residency outside of Illinois) and shall not include the following matters: i) residency requirements in
municipalities with a population of at least 1,000,000; ii) the type of equipment (other than uniforms and fire fighter turnout gear) issued or used; iii) the total number of employees employed by the department; iv) mutual aid and assistance agreements to other units of government; and v) the criterion pursuant to which force, including deadly force, can be used; provided, however, nothing herein shall preclude an arbitration decision regarding equipment levels if such decision is based on a finding that the equipment considerations in a specific work assignment involve a serious risk to the safety of a fire fighter beyond that which is inherent in the normal performance of fire fighter duties. Limitation of the terms of the arbitration decision pursuant to this subsection shall not be construed to limit the facts upon which the decision may be based, as set forth in subsection (h).

The changes to this subsection (i) made by Public Act 90-385 (relating to residency requirements) do not apply to persons who are employed by a combined department that performs both police and firefighting services; these persons shall be governed by the provisions of this subsection (i) relating to peace officers, as they existed before the amendment by Public Act 90-385.

To preserve historical bargaining rights, this subsection shall not apply to any provision of a fire fighter collective bargaining agreement in effect and applicable on the effective date of this Act; provided, however, nothing herein shall preclude arbitration with respect to any such provision.

(j) Arbitration procedures shall be deemed to be initiated by the filing of a letter requesting mediation as required under subsection (a) of this Section. The commencement of a new municipal fiscal year after the initiation of arbitration procedures under this Act, but before the arbitration decision, or its enforcement, shall not be deemed to render a dispute moot, or to otherwise impair the jurisdiction or authority of the arbitration panel or its decision. Increases in rates of compensation awarded by the arbitration panel may be effective only at the start of the fiscal year next commencing after the date of the arbitration award. If a new fiscal year has commenced either since the initiation of arbitration procedures under this Act or since any mutually agreed extension of the statutorily required period of mediation under this Act by the parties to the labor dispute causing a delay in the initiation of arbitration, the foregoing limitations shall be inapplicable, and such awarded increases may be retroactive to the commencement of the fiscal year, any other statute or

charter provisions to the contrary, notwithstanding. At any time the parties, by stipulation, may amend or modify an award of arbitration.

(k) Orders of the arbitration panel shall be reviewable, upon appropriate petition by either the public employer or the exclusive bargaining representative, by the circuit court for the county in which the dispute arose or in which a majority of the affected employees reside, but only for reasons that the arbitration panel was without or exceeded its statutory authority; the order is arbitrary, or capricious; or the order was procured by fraud, collusion or other similar and unlawful means. Such petitions for review must be filed with the appropriate circuit court within 90 days following the issuance of the arbitration order. The pendency of such proceeding for review shall not automatically stay the order of the arbitration panel. The party against whom the final decision of any such court shall be adverse, if such court finds such appeal or petition to be frivolous, shall pay reasonable attorneys' fees and costs to the successful party as determined by said court in its discretion. If said court's decision affirms the award of money, such award, if retroactive, shall bear interest at the rate of 12 percent per annum from the effective retroactive date.

(l) During the pendency of proceedings before the arbitration panel, existing wages, hours, and other conditions of employment shall not be changed by action of either party without the consent of the other but a party may so consent without prejudice to his rights or position under this Act. The proceedings are deemed to be pending before the arbitration panel upon the initiation of arbitration procedures under this Act.

(m) Security officers of public employers, and Peace Officers, Fire Fighters and fire department and fire protection district paramedics, covered by this Section may not withhold services, nor may public employers lock out or prevent such employees from performing services at any time.

(n) All of the terms decided upon by the arbitration panel shall be included in an agreement to be submitted to the public employer's governing body for ratification and adoption by law, ordinance or the equivalent appropriate means.

The governing body shall review each term decided by the arbitration panel. If the governing body fails to reject one or more terms of the arbitration panel's decision by a 3/5 vote of those duly elected and qualified members of the governing body, within 20 days of issuance, or in the case of firefighters employed by a state university, at the next regularly scheduled meeting of the governing body after issuance, such term or

terms shall become a part of the collective bargaining agreement of the parties. If the governing body affirmatively rejects one or more terms of the arbitration panel's decision, it must provide reasons for such rejection with respect to each term so rejected, within 20 days of such rejection and the parties shall return to the arbitration panel for further proceedings and issuance of a supplemental decision with respect to the rejected terms. Any supplemental decision by an arbitration panel or other decision maker agreed to by the parties shall be submitted to the governing body for ratification and adoption in accordance with the procedures and voting requirements set forth in this Section. The voting requirements of this subsection shall apply to all disputes submitted to arbitration pursuant to this Section notwithstanding any contrary voting requirements contained in any existing collective bargaining agreement between the parties.

(o) If the governing body of the employer votes to reject the panel's decision, the parties shall return to the panel within 30 days from the issuance of the reasons for rejection for further proceedings and issuance of a supplemental decision. All reasonable costs of such supplemental proceeding including the exclusive representative's reasonable attorney's fees, as established by the Board, shall be paid by the employer.

(p) Notwithstanding the provisions of this Section the employer and exclusive representative may agree to submit unresolved disputes concerning wages, hours, terms and conditions of employment to an alternative form of impasse resolution.

Section 10. The Illinois Educational Labor Relations Act is amended by changing Sections 5 and 7 as follows:

(115 ILCS 5/5) (from Ch. 48, par. 1705)
Sec. 5. Illinois Educational Labor Relations Board.
(a) There is hereby created the Illinois Educational Labor Relations Board.

(a-5) Until July 1, 2003 or when all of the new members to be initially appointed under this amendatory Act of the 93rd General Assembly have been appointed by the Governor, whichever occurs later, the Illinois Educational Labor Relations Board shall consist of 7 members, no more than 4 of whom may be of the same political party, who are residents of Illinois appointed by the Governor with the advice and consent of the Senate.

New matter indicated by italics - deletions by strikeout.
The term of each appointed member of the Board who is in office on June 30, 2003 shall terminate at the close of business on that date or when all of the new members to be initially appointed under this amendatory Act of the 93rd General Assembly have been appointed by the Governor, whichever occurs later.

(b) Beginning on July 1, 2003 or when all of the new members to be initially appointed under this amendatory Act of the 93rd General Assembly have been appointed by the Governor, whichever occurs later, the Illinois Educational Labor Relations Board shall consist of 5 members appointed by the Governor with the advice and consent of the Senate. No more than 3 members may be of the same political party.

The Governor shall appoint to the Board only persons who are residents of Illinois and have had a minimum of 5 years of experience directly related to labor and employment relations in representing educational employers or educational employees in collective bargaining matters. One appointed member shall be designated at the time of his or her appointment to serve as chairman.

Of the initial members appointed pursuant to this amendatory Act of the 93rd General Assembly, 2 shall be designated at the time of appointment to serve a term of 6 years, 2 shall be designated at the time of appointment to serve a term of 4 years, and the other shall be designated at the time of his or her appointment to serve a term of 4 years, with each to serve until his or her successor is appointed and qualified.

Each subsequent member shall be appointed in like manner for a term of 6 years and until his or her successor is appointed and qualified. Each member of the Board is eligible for reappointment. Vacancies shall be filled in the same manner as original appointments for the balance of the unexpired term.

(c) The chairman shall be paid $50,000 per year, or an amount set by the Compensation Review Board, whichever is greater. Other members of the Board shall each be paid $45,000 per year, or an amount set by the Compensation Review Board, whichever is greater. They shall be entitled to reimbursement for necessary traveling and other official expenditures necessitated by their official duties.

Each member shall devote his entire time to the duties of the office, and shall hold no other office or position of profit, nor engage in any other business, employment or vocation.

New matter indicated by italics - deletions by strikeout.
(d) Three members of the Board constitute a quorum and a vacancy on the Board does not impair the right of the remaining members to exercise all of the powers of the Board.

(e) Any member of the Board may be removed by the Governor, upon notice, for neglect of duty or malfeasance in office, but for no other cause.

(f) The Board may appoint or employ an executive director, attorneys, hearing officers, and such other employees as it deems necessary to perform its functions, except that the Board shall employ a minimum of 8 attorneys and 5 investigators. The Board shall prescribe the duties and qualifications of such persons appointed and, subject to the annual appropriation, fix their compensation and provide for reimbursement of actual and necessary expenses incurred in the performance of their duties.

(g) The Board may promulgate rules and regulations which allow parties in proceedings before the Board to be represented by counsel or any other person knowledgeable in the matters under consideration.

(h) To accomplish the objectives and to carry out the duties prescribed by this Act, the Board may subpoena witnesses, subpoena the production of books, papers, records and documents which may be needed as evidence on any matter under inquiry and may administer oaths and affirmations.

In cases of neglect or refusal to obey a subpoena issued to any person, the circuit court in the county in which the investigation or the public hearing is taking place, upon application by the Board, may issue an order requiring such person to appear before the Board or any member or agent of the Board to produce evidence or give testimony. A failure to obey such order may be punished by the court as in civil contempt.

Any subpoena, notice of hearing, or other process or notice of the Board issued under the provisions of this Act may be served personally, by registered mail or by leaving a copy at the principal office of the respondent required to be served. A return, made and verified by the individual making such service and setting forth the manner of such service, is proof of service. A post office receipt, when registered mail is used, is proof of service. All process of any court to which application may be made under the provisions of this Act may be served in the county where the persons required to be served reside or may be found.

(i) The Board shall adopt, promulgate, amend, or rescind rules and regulations in accordance with the Illinois Administrative Procedure Act as it deems necessary and feasible to carry out this Act.

(j) The Board at the end of every State fiscal year shall make a report in writing to the Governor and the General Assembly, stating in detail the work it has done in hearing and deciding cases and otherwise. (Source: P.A. 93-509, eff. 8-11-03.)

(115 ILCS 5/7) (from Ch. 48, par. 1707)

Sec. 7. Recognition of exclusive bargaining representatives - unit determination. The Board is empowered to administer the recognition of bargaining representatives of employees of public school districts, including employees of districts which have entered into joint agreements, or employees of public community college districts, or any State college or university, and any State agency whose major function is providing educational services, making certain that each bargaining unit contains employees with an identifiable community of interest and that no unit includes both professional employees and nonprofessional employees unless a majority of employees in each group vote for inclusion in the unit.

(a) In determining the appropriateness of a unit, the Board shall decide in each case, in order to ensure employees the fullest freedom in exercising the rights guaranteed by this Act, the unit appropriate for the purpose of collective bargaining, based upon but not limited to such factors as historical pattern of recognition, community of interest, including employee skills and functions, degree of functional integration, interchangeability and contact among employees, common supervision, wages, hours and other working conditions of the employees involved, and the desires of the employees. Nothing in this Act, except as herein provided, shall interfere with or negate the current representation rights or patterns and practices of employee organizations which have historically represented employees for the purposes of collective bargaining, including but not limited to the negotiations of wages, hours and working conditions, resolutions of employees' grievances, or resolution of jurisdictional disputes, or the establishment and maintenance of prevailing wage rates, unless a majority of the employees so represented expresses a contrary desire under the procedures set forth in this Act. This Section, however, does not prohibit multi-unit bargaining. Notwithstanding the above factors, where the majority of public employees of a craft so decide, the Board shall designate such craft as a unit appropriate for the purposes of collective bargaining.

The sole appropriate bargaining unit for tenured and tenure-track academic faculty at each campus of the University of Illinois shall be a unit that is comprised of non-supervisory academic faculty employed more

than half-time and that includes all tenured and tenure-track faculty of that University campus employed by the board of trustees in all of the campus's undergraduate, graduate, and professional schools and degree and non-degree programs (with the exception of the college of medicine, the college of pharmacy, the college of dentistry, the college of law, and the college of veterinary medicine, each of which shall have its own separate unit), regardless of current or historical representation rights or patterns or the application of any other factors. Any decision, rule, or regulation promulgated by the Board to the contrary shall be null and void.

(b) An educational employer shall voluntarily recognize a labor organization for collective bargaining purposes if that organization appears to represent a majority of employees in the unit. The employer shall post notice of its intent to so recognize for a period of at least 20 school days on bulletin boards or other places used or reserved for employee notices. Thereafter, the employer, if satisfied as to the majority status of the employee organization, shall send written notification of such recognition to the Board for certification. Any dispute regarding the majority status of a labor organization shall be resolved by the Board which shall make the determination of majority status.

Within the 20 day notice period, however, any other interested employee organization may petition the Board to seek recognition as the exclusive representative of the unit in the manner specified by rules and regulations prescribed by the Board, if such interested employee organization has been designated by at least 15% of the employees in an appropriate bargaining unit which includes all or some of the employees in the unit intended to be recognized by the employer. In such event, the Board shall proceed with the petition in the same manner as provided in paragraph (c) of this Section.

(c) A labor organization may also gain recognition as the exclusive representative by an election of the employees in the unit. Petitions requesting an election may be filed with the Board:

(1) by an employee or group of employees or any labor organizations acting on their behalf alleging and presenting evidence that 30% or more of the employees in a bargaining unit wish to be represented for collective bargaining or that the labor organization which has been acting as the exclusive bargaining representative is no longer representative of a majority of the employees in the unit; or

New matter indicated by italics - deletions by strikeout.
(2) by an employer alleging that one or more labor organizations have presented a claim to be recognized as an exclusive bargaining representative of a majority of the employees in an appropriate unit and that it doubts the majority status of any of the organizations or that it doubts the majority status of an exclusive bargaining representative.

The Board shall investigate the petition and if it has reasonable cause to suspect that a question of representation exists, it shall give notice and conduct a hearing. If it finds upon the record of the hearing that a question of representation exists, it shall direct an election, which shall be held no later than 90 days after the date the petition was filed. Nothing prohibits the waiving of hearings by the parties and the conduct of consent elections.

(c-5) The Board shall designate an exclusive representative for purposes of collective bargaining when the representative demonstrates a showing of majority interest by employees in the unit. If the parties to a dispute are without agreement on the means to ascertain the choice, if any, of employee organization as their representative, the Board shall ascertain the employees' choice of employee organization, on the basis of dues deduction authorization or and other evidence, or, if necessary, by conducting an election. All evidence submitted by an employee organization to the Board to ascertain an employee's choice of an employee organization is confidential and shall not be submitted to the employer for review. The Board shall ascertain the employee's choice of employee organization within 120 days after the filing of the majority interest petition; however, the Board may extend time by an additional 60 days, upon its own motion or upon the motion of a party to the proceeding. If either party provides to the Board, before the designation of a representative, clear and convincing evidence that the dues deduction authorizations, and other evidence upon which the Board would otherwise rely to ascertain the employees' choice of representative, are fraudulent or were obtained through coercion, the Board shall promptly thereafter conduct an election. The Board shall also investigate and consider a party's allegations that the dues deduction authorizations and other evidence submitted in support of a designation of representative without an election were subsequently changed, altered, withdrawn, or withheld as a result of employer fraud, coercion, or any other unfair labor practice by the employer. If the Board determines that a labor organization would have had a majority interest but for an employer's fraud, coercion, or unfair

labor practice, it shall designate the labor organization as an exclusive representative without conducting an election. *If a hearing is necessary to resolve any issues of representation under this Section, the Board shall conclude its hearing process and issue a certification of the entire appropriate unit not later than 120 days after the date the petition was filed. The 120-day period may be extended one or more times by the agreement of all parties to a hearing to a date certain.*

(c-6) A labor organization or an employer may file a unit clarification petition seeking to clarify an existing bargaining unit. The Board shall conclude its investigation, including any hearing process deemed necessary, and issue a certification of clarified unit or dismiss the petition not later than 120 days after the date the petition was filed. The 120-day period may be extended one or more times by the agreement of all parties to a hearing to a date certain.

(d) An order of the Board dismissing a representation petition, determining and certifying that a labor organization has been fairly and freely chosen by a majority of employees in an appropriate bargaining unit, determining and certifying that a labor organization has not been fairly and freely chosen by a majority of employees in the bargaining unit or certifying a labor organization as the exclusive representative of employees in an appropriate bargaining unit because of a determination by the Board that the labor organization is the historical bargaining representative of employees in the bargaining unit, is a final order. Any person aggrieved by any such order issued on or after the effective date of this amendatory Act of 1987 may apply for and obtain judicial review in accordance with provisions of the Administrative Review Law, as now or hereafter amended, except that such review shall be afforded directly in the Appellate Court of a judicial district in which the Board maintains an office. Any direct appeal to the Appellate Court shall be filed within 35 days from the date that a copy of the decision sought to be reviewed was served upon the party affected by the decision.

No election may be conducted in any bargaining unit during the term of a collective bargaining agreement covering such unit or subdivision thereof, except the Board may direct an election after the filing of a petition between January 15 and March 1 of the final year of a collective bargaining agreement. Nothing in this Section prohibits the negotiation of a collective bargaining agreement covering a period not exceeding 3 years. A collective bargaining agreement of less than 3 years may be extended up to 3 years by the parties if the extension is agreed to in

writing before the filing of a petition under this Section. In such case, the final year of the extension is the final year of the collective bargaining agreement. No election may be conducted in a bargaining unit, or subdivision thereof, in which a valid election has been held within the preceding 12 month period.

(30 ILCS 105/5.755 new)
Sec. 5.755. The Healthcare Provider Relief Fund.

(30 ILCS 105/6z-78)
Sec. 6z-78. Capital Projects Fund; bonded indebtedness; transfers. Money in the Capital Projects Fund shall, if and when the State of Illinois
incurs any bonded indebtedness using the bond authorization enacted in this amendatory Act of the 96th General Assembly, be set aside and used for the purpose of paying and discharging annually the principal and interest on that bonded indebtedness then due and payable.

In addition to other transfers to the General Obligation Bond Retirement and Interest Fund made pursuant to Section 15 of the General Obligation Bond Act, upon each delivery of general obligation bonds using bond authorization enacted in this amendatory Act of the 96th General Assembly the State Comptroller shall compute and certify to the State Treasurer the total amount of principal of, interest on, and premium, if any, on such bonds during the then current and each succeeding fiscal year. With respect to the interest payable on variable rate bonds, such certifications shall be calculated at the maximum rate of interest that may be payable during the fiscal year, after taking into account any credits permitted in the related indenture or other instrument against the amount of such interest required to be appropriated for the period.

(a) Except as provided for in subsection (b), on or before the last day of each month, the State Treasurer and State Comptroller shall transfer from the Capital Projects Fund to the General Obligation Bond Retirement and Interest Fund an amount sufficient to pay the aggregate of the principal of, interest on, and premium, if any, on the bonds payable on their next payment date, divided by the number of monthly transfers occurring between the last previous payment date (or the delivery date if no payment date has yet occurred) and the next succeeding payment date. Interest payable on variable rate bonds shall be calculated at the maximum rate of interest that may be payable for the relevant period, after taking into account any credits permitted in the related indenture or other instrument against the amount of such interest required to be appropriated for that period. Interest for which moneys have already been deposited into the capitalized interest account within the General Obligation Bond Retirement and Interest Fund shall not be included in the calculation of the amounts to be transferred under this subsection.

(b) On or before the last day of each month, the State Treasurer and State Comptroller shall transfer from the Capital Projects Fund to the General Obligation Bond Retirement and Interest Fund an amount sufficient to pay the aggregate of the principal of, interest on, and premium, if any, on the bonds issued prior to January 1, 2012 pursuant to Section 4(d) of the General Obligation Bond Act payable on their next payment date, divided by the number of monthly transfers occurring

between the last previous payment date (or the delivery date if no payment date has yet occurred) and the next succeeding payment date. If the available balance in the Capital Projects Fund is not sufficient for the transfer required in this subsection, the State Treasurer and State Comptroller shall transfer the difference from the Road Fund to the General Obligation Bond Retirement and Interest Fund; except that such Road Fund transfers shall constitute a debt of the Capital Projects Fund which shall be repaid according to subsection (c). Interest payable on variable rate bonds shall be calculated at the maximum rate of interest that may be payable for the relevant period, after taking into account any credits permitted in the related indenture or other instrument against the amount of such interest required to be appropriated for that period. Interest for which moneys have already been deposited into the capitalized interest account within the General Obligation Bond Retirement and Interest Fund shall not be included in the calculation of the amounts to be transferred under this subsection.

(c) On the first day of any month when the Capital Projects Fund is carrying a debt to the Road Fund due to the provisions of subsection (b), the State Treasurer and State Comptroller shall transfer from the Capital Projects Fund to the Road Fund an amount sufficient to discharge that debt. These transfers to the Road Fund shall continue until the Capital Projects Fund has repaid to the Road Fund all transfers made from the Road Fund pursuant to subsection (b). Notwithstanding any other law to the contrary, transfers to the Road Fund from the Capital Projects Fund shall be made prior to any other expenditures or transfers out of the Capital Projects Fund.

(b) In addition to the general transfer authority provided under subsection (c), the following agencies have the specific transfer authority granted in this subsection:

The Department of Healthcare and Family Services is authorized to make transfers representing savings attributable to not increasing grants due to the births of additional children from line items for payments of cash grants to line items for payments for employment and social services for the purposes outlined in subsection (f) of Section 4-2 of the Illinois Public Aid Code.

The Illinois Department may provide for remittance by other means if (i) the amount due is less than $10,000 or (ii) electronic funds transfer is unavailable for this purpose.

described in subsection (b) of Section 5A-3 shall be excluded from the ranking.

(n) Definitions. Unless the context requires otherwise or unless provided otherwise in this Section, the terms used in this Section for qualifying criteria and payment calculations shall have the same meanings as those terms have been given in the Illinois Department's administrative rules as in effect on March 1, 2008. Other terms shall be defined by the Illinois Department by rule.

As used in this Section, unless the context requires otherwise:

"Base inpatient payments" means, for a given hospital, the sum of base payments for inpatient services made on a per diem or per admission (DRG) basis, excluding those portions of per admission payments that are classified as capital payments. Disproportionate share hospital adjustment payments, Medicaid Percentage Adjustments, Medicaid High Volume Adjustments, and outlier payments, as defined by rule by the Department as of January 1, 2008, are not base payments.

"Capital costs" means, for a given hospital, the total capital costs determined using the most recent 2005 Medicare cost report as contained in the Healthcare Cost Report Information System file, for the quarter ending on December 31, 2006, divided by the total inpatient days from the same cost report to calculate a capital cost per day. The resulting capital cost per day is inflated to the midpoint of State fiscal year 2009 utilizing the national hospital market price proxies (DRI) hospital cost index. If a hospital's 2005 Medicare cost report is not contained in the Healthcare Cost Report Information System, the Department may obtain the data necessary to compute the hospital's capital costs from any source available, including, but not limited to, records maintained by the hospital provider, which may be inspected at all times during business hours of the day by the Illinois Department or its duly authorized agents and employees.

"Case mix index" means, for a given hospital, the sum of the DRG relative weighting factors in effect on January 1, 2005, for all general acute care admissions for State fiscal year 2005, excluding Medicare crossover admissions and transplant admissions reimbursed under 89 Ill. Adm. Code 148.82, divided by the total number of general acute care admissions for State fiscal year 2005, excluding Medicare crossover admissions and transplant admissions reimbursed under 89 Ill. Adm. Code 148.82.

"Medicaid inpatient day" means, for a given hospital, the sum of days of inpatient hospital days provided to recipients of medical assistance under Title XIX of the federal Social Security Act, excluding days for
individuals eligible for Medicare under Title XVIII of that Act (Medicaid/Medicare crossover days), as tabulated from the Department's paid claims data for admissions occurring during State fiscal year 2005 that was adjudicated by the Department through March 23, 2007.

"Medicaid obstetrical day" means, for a given hospital, the sum of days of inpatient hospital days grouped by the Department to DRGs of 370 through 375 provided to recipients of medical assistance under Title XIX of the federal Social Security Act, excluding days for individuals eligible for Medicare under Title XVIII of that Act (Medicaid/Medicare crossover days), as tabulated from the Department's paid claims data for admissions occurring during State fiscal year 2005 that was adjudicated by the Department through March 23, 2007.

"Outpatient ambulatory procedure listing payments" means, for a given hospital, the sum of payments for ambulatory procedure listing services, as described in 89 Ill. Adm. Code 148.140(b), provided to recipients of medical assistance under Title XIX of the federal Social Security Act, excluding payments for individuals eligible for Medicare under Title XVIII of the Act (Medicaid/Medicare crossover days), as tabulated from the Department's paid claims data for services occurring in State fiscal year 2005 that were adjudicated by the Department through March 23, 2007.

(o) The Department may adjust payments made under this Section 12.2 to comply with federal law or regulations regarding hospital-specific payment limitations on government-owned or government-operated hospitals.

(p) Notwithstanding any of the other provisions of this Section, the Department is authorized to adopt rules that change the hospital access improvement payments specified in this Section, but only to the extent necessary to conform to any federally approved amendment to the Title XIX State plan. Any such rules shall be adopted by the Department as authorized by Section 5-50 of the Illinois Administrative Procedure Act. Notwithstanding any other provision of law, any changes implemented as a result of this subsection (p) shall be given retroactive effect so that they shall be deemed to have taken effect as of the effective date of this Section.

(q) For State fiscal years 2012 and 2013, the Department may make recommendations to the General Assembly regarding the use of more recent data for purposes of calculating the assessment authorized under Section 5A-2 and the payments authorized under this Section 5A-12.2.

This payment shall be the sum of the following payment methodologies:

(1) In addition to the rates paid for outpatient hospital services, the Department shall pay all rural hospitals a supplemental outpatient payment in an amount equal to the hospital's outpatient ambulatory procedure listing payments for Group 3 as defined in 89 Ill. Adm. Code 148.140(b)(1)(C), for State fiscal year 2005. For a hospital qualified as a critical access hospital, as designated by the Illinois Department of Public Health in accordance with 42 CFR 485, Subpart F (2001), the payment amount under this paragraph (1) shall be multiplied by 3.5. In order to qualify for payments under this Section a hospital must:

(20 ILCS 1805/22-9)

Sec. 22-9. Power to make grants from the Illinois Military Family Relief Fund. Subject to appropriation, the Department of Military Affairs shall have the power to make grants from the Illinois Military Family Relief Fund, a special fund created in the State treasury, to (i) single persons who are members of the Illinois National Guard or Illinois residents who are members of the reserves of the armed forces of the United States and who have been called to active duty as a result of the September 11, 2001 terrorist attacks; (ii) for the casualty-based grant only: Illinois National Guard members or Illinois residents who are members of the reserves of the armed forces of the United States and who, while deployed in support of operations as a result of the September 11th terrorist attacks, sustained an injury as a result of terrorist activity; sustained an injury in combat, or related to combat, as a direct result of hostile action; or sustained an injury going to or returning from a combat mission, provided that the incident leading to the injury was directly related to hostile action; this includes injuries to service members who are wounded mistakenly or accidentally by friendly fire directed at a hostile force or what is thought to be a hostile force; and (iii) to families of the classes of persons listed in items (i) and (ii) of this Section who are members of the Illinois National Guard or Illinois residents who are members of the reserves of the armed forces of the United States and who have been called to active duty as a result of the September 11, 2001 terrorist attacks. The Department of Military Affairs shall establish eligibility criteria for all the grants by rule.

On and after the effective date of this amendatory Act of the 96th General Assembly, the Department must award at least $5,000 to each recipient of a casualty-based grant and must include Illinois residents who are active duty members of the armed forces of the United States in the eligibility for the casualty-based grant in item (ii) of this Section. Each
recipient may receive only one casualty-based grant for injuries received during, or arising out of, the same engagement or incident.

Grants awarded from the Illinois Military Family Relief Fund shall not be subject to garnishment, wage levy, forfeiture, or other remedy, unless the denial of that remedy is inconsistent with the requirements of any other State or federal law.

In addition to amounts transferred into the Fund under Section 510 of the Illinois Income Tax Act, the State Treasurer shall accept and deposit into the Fund all gifts, grants, transfers, appropriations, and other amounts from any legal source, public or private, that are designated for deposit into the Fund. To prevent a delay of 30 or more days in the payment of casualty-based grants, the Department may use, for administration of the program, as much as 5% of the appropriations designated for the casualty-based grant program.

PUBLIC ACT 96-0824
(House Bill No. 4628)

AN ACT concerning business.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Motor Vehicle Franchise Act is amended by changing Section 4 as follows:

(815 ILCS 710/4) (from Ch. 121 1/2, par. 754)
Sec. 4. Unfair competition and practices.
(a) The unfair methods of competition and unfair and deceptive acts or practices listed in this Section are hereby declared to be unlawful. In construing the provisions of this Section, the courts may be guided by the interpretations of the Federal Trade Commission Act (15 U.S.C. 45 et seq.), as from time to time amended.
(b) It shall be deemed a violation for any manufacturer, factory branch, factory representative, distributor or wholesaler, distributor branch, distributor representative or motor vehicle dealer to engage in any action with respect to a franchise which is arbitrary, in bad faith or unconscionable and which causes damage to any of the parties or to the public.
(c) It shall be deemed a violation for a manufacturer, a distributor, a wholesaler, a distributor branch or division, a factory branch or division, or a wholesale branch or division, or officer, agent or other representative thereof, to coerce, or attempt to coerce, any motor vehicle dealer:
   (1) to accept, buy or order any motor vehicle or vehicles, appliances, equipment, parts or accessories therefor, or any other commodity or commodities or service or services which such motor vehicle dealer has not voluntarily ordered or requested except items required by applicable local, state or federal law; or to require a motor vehicle dealer to accept, buy, order or purchase such items in order to obtain any motor vehicle or vehicles or any

other commodity or commodities which have been ordered or requested by such motor vehicle dealer;

(2) to order or accept delivery of any motor vehicle with special features, appliances, accessories or equipment not included in the list price of the motor vehicles as publicly advertised by the manufacturer thereof, except items required by applicable law; or

(3) to order for anyone any parts, accessories, equipment, machinery, tools, appliances or any commodity whatsoever, except items required by applicable law.

(d) It shall be deemed a violation for a manufacturer, a distributor, a wholesaler, a distributor branch or division, or officer, agent or other representative thereof:

(1) to adopt, change, establish or implement a plan or system for the allocation and distribution of new motor vehicles to motor vehicle dealers which is arbitrary or capricious or to modify an existing plan so as to cause the same to be arbitrary or capricious;

(2) to fail or refuse to advise or disclose to any motor vehicle dealer having a franchise or selling agreement, upon written request therefor, the basis upon which new motor vehicles of the same line make are allocated or distributed to motor vehicle dealers in the State and the basis upon which the current allocation or distribution is being made or will be made to such motor vehicle dealer;

(3) to refuse to deliver in reasonable quantities and within a reasonable time after receipt of dealer's order, to any motor vehicle dealer having a franchise or selling agreement for the retail sale of new motor vehicles sold or distributed by such manufacturer, distributor, wholesaler, distributor branch or division, factory branch or division or wholesale branch or division, any such motor vehicles as are covered by such franchise or selling agreement specifically publicly advertised in the State by such manufacturer, distributor, wholesaler, distributor branch or division, factory branch or division, or wholesale branch or division to be available for immediate delivery. However, the failure to deliver any motor vehicle shall not be considered a violation of this Act if such failure is due to an act of God, a work stoppage or delay due to a strike or labor difficulty, a shortage of materials, a lack of manufacturing capacity, a freight embargo or other cause over

which the manufacturer, distributor, or wholesaler, or any agent thereof has no control;

(4) to coerce, or attempt to coerce, any motor vehicle dealer to enter into any agreement with such manufacturer, distributor, wholesaler, distributor branch or division, factory branch or division, or wholesale branch or division, or officer, agent or other representative thereof, or to do any other act prejudicial to the dealer by threatening to reduce his allocation of motor vehicles or cancel any franchise or any selling agreement existing between such manufacturer, distributor, wholesaler, distributor branch or division, or factory branch or division, or wholesale branch or division, and the dealer. However, notice in good faith to any motor vehicle dealer of the dealer's violation of any terms or provisions of such franchise or selling agreement or of any law or regulation applicable to the conduct of a motor vehicle dealer shall not constitute a violation of this Act;

(5) to require a franchisee to participate in an advertising campaign or contest or any promotional campaign, or to purchase or lease any promotional materials, training materials, show room or other display decorations or materials at the expense of the franchisee;

(6) to cancel or terminate the franchise or selling agreement of a motor vehicle dealer without good cause and without giving notice as hereinafter provided; to fail or refuse to extend the franchise or selling agreement of a motor vehicle dealer upon its expiration without good cause and without giving notice as hereinafter provided; or, to offer a renewal, replacement or succeeding franchise or selling agreement containing terms and provisions the effect of which is to substantially change or modify the sales and service obligations or capital requirements of the motor vehicle dealer arbitrarily and without good cause and without giving notice as hereinafter provided notwithstanding any term or provision of a franchise or selling agreement.

(A) If a manufacturer, distributor, wholesaler, distributor branch or division, factory branch or division or wholesale branch or division intends to cancel or terminate a franchise or selling agreement or intends not to extend or renew a franchise or selling agreement on its expiration, it shall send a letter by certified mail, return receipt requested,

to the affected franchisee at least 60 days before the effective date of the proposed action, or not later than 10 days before the proposed action when the reason for the action is based upon either of the following:

(i) the business operations of the franchisee have been abandoned or the franchisee has failed to conduct customary sales and service operations during customary business hours for at least 7 consecutive business days unless such closing is due to an act of God, strike or labor difficulty or other cause over which the franchisee has no control; or

(ii) the conviction of or plea of nolo contendere by the motor vehicle dealer or any operator thereof in a court of competent jurisdiction to an offense punishable by imprisonment for more than two years.

Each notice of proposed action shall include a detailed statement setting forth the specific grounds for the proposed cancellation, termination, or refusal to extend or renew and shall state that the dealer has only 30 days from receipt of the notice to file with the Motor Vehicle Review Board a written protest against the proposed action.

(B) If a manufacturer, distributor, wholesaler, distributor branch or division, factory branch or division or wholesale branch or division intends to change substantially or modify the sales and service obligations or capital requirements of a motor vehicle dealer as a condition to extending or renewing the existing franchise or selling agreement of such motor vehicle dealer, it shall send a letter by certified mail, return receipt requested, to the affected franchisee at least 60 days before the date of expiration of the franchise or selling agreement. Each notice of proposed action shall include a detailed statement setting forth the specific grounds for the proposed action and shall state that the dealer has only 30 days from receipt of the notice to file with the Motor Vehicle Review Board a written protest against the proposed action.
(C) Within 30 days from receipt of the notice under subparagraphs (A) and (B), the franchisee may file with the Board a written protest against the proposed action. When the protest has been timely filed, the Board shall enter an order, fixing a date (within 60 days of the date of the order), time, and place of a hearing on the protest required under Sections 12 and 29 of this Act, and send by certified mail, return receipt requested, a copy of the order to the manufacturer that filed the notice of intention of the proposed action and to the protesting dealer or franchisee.

The manufacturer shall have the burden of proof to establish that good cause exists to cancel or terminate, or fail to extend or renew the franchise or selling agreement of a motor vehicle dealer or franchisee, and to change substantially or modify the sales and service obligations or capital requirements of a motor vehicle dealer as a condition to extending or renewing the existing franchise or selling agreement. The determination whether good cause exists to cancel, terminate, or refuse to renew or extend the franchise or selling agreement, or to change or modify the obligations of the dealer as a condition to offering renewal, replacement, or succession shall be made by the Board under subsection (d) of Section 12 of this Act.

(D) Notwithstanding the terms, conditions, or provisions of a franchise or selling agreement, the following shall not constitute good cause for cancelling or terminating or failing to extend or renew the franchise or selling agreement: (i) the change of ownership or executive management of the franchisee's dealership; or (ii) the fact that the franchisee or owner of an interest in the franchise owns, has an investment in, participates in the management of, or holds a license for the sale of the same or any other line make of new motor vehicles.

(E) The manufacturer may not cancel or terminate, or fail to extend or renew a franchise or selling agreement or change or modify the obligations of the franchisee as a condition to offering a renewal, replacement, or succeeding franchise or selling agreement before the hearing process is

concluded as prescribed by this Act, and thereafter, if the Board determines that the manufacturer has failed to meet its burden of proof and that good cause does not exist to allow the proposed action;

(7) notwithstanding the terms of any franchise agreement, to fail to indemnify and hold harmless its franchised dealers against any judgment or settlement for damages, including, but not limited to, court costs, expert witness fees, reasonable attorneys' fees of the new motor vehicle dealer, and other expenses incurred in the litigation, so long as such fees and costs are reasonable, arising out of complaints, claims or lawsuits including, but not limited to, strict liability, negligence, misrepresentation, warranty (express or implied), or rescission of the sale as defined in Section 2-608 of the Uniform Commercial Code, to the extent that the judgment or settlement relates to the alleged defective or negligent manufacture, assembly or design of new motor vehicles, parts or accessories or other functions by the manufacturer, beyond the control of the dealer; provided that, in order to provide an adequate defense, the manufacturer receives notice of the filing of a complaint, claim, or lawsuit within 60 days after the filing;

(8) to require or otherwise coerce a motor vehicle dealer to underutilize the motor vehicle dealer's facilities by requiring or otherwise coercing the motor vehicle dealer to exclude or remove from the motor vehicle dealer's facilities operations for selling or servicing of any vehicles for which the motor vehicle dealer has a franchise agreement with another manufacturer, distributor, wholesaler, distribution branch or division, or officer, agent, or other representative thereof; provided, however, that, in light of all existing circumstances, (i) the motor vehicle dealer maintains a reasonable line of credit for each make or line of new motor vehicle, (ii) the new motor vehicle dealer remains in compliance with any reasonable facilities requirements of the manufacturer, (iii) no change is made in the principal management of the new motor vehicle dealer, and (iv) the addition of the make or line of new motor vehicles would be reasonable. The reasonable facilities requirement set forth in item (ii) of subsection (d)(8) shall not include any requirement that a franchisee establish or maintain exclusive facilities, personnel, or display space. Any decision by a motor vehicle dealer to sell additional makes or lines at the motor

vehicle dealer's facility shall be presumed to be reasonable, and the manufacturer shall have the burden to overcome that presumption. A motor vehicle dealer must provide a written notification of its intent to add a make or line of new motor vehicles to the manufacturer. If the manufacturer does not respond to the motor vehicle dealer, in writing, objecting to the addition of the make or line within 60 days after the date that the motor vehicle dealer sends the written notification, then the manufacturer shall be deemed to have approved the addition of the make or line; or

(9) to use or consider the performance of a motor vehicle dealer relating to the sale of the manufacturer's, distributor's, or wholesaler's vehicles or the motor vehicle dealer's ability to satisfy any minimum sales or market share quota or responsibility relating to the sale of the manufacturer's, distributor's, or wholesaler's new vehicles in determining:

(A) the motor vehicle dealer's eligibility to purchase program, certified, or other used motor vehicles from the manufacturer, distributor, or wholesaler;

(B) the volume, type, or model of program, certified, or other used motor vehicles that a motor vehicle dealer is eligible to purchase from the manufacturer, distributor, or wholesaler;

(C) the price of any program, certified, or other used motor vehicle that the dealer is eligible to purchase from the manufacturer, distributor, or wholesaler; or

(D) the availability or amount of any discount, credit, rebate, or sales incentive that the dealer is eligible to receive from the manufacturer, distributor, or wholesaler for the purchase of any program, certified, or other used motor vehicle offered for sale by the manufacturer, distributor, or wholesaler.

(e) It shall be deemed a violation for a manufacturer, a distributor, a wholesaler, a distributor branch or division or officer, agent or other representative thereof:

(1) to resort to or use any false or misleading advertisement in connection with his business as such manufacturer, distributor, wholesaler, distributor branch or division or officer, agent or other representative thereof;

New matter indicated by italics - deletions by strikeout.
(2) to offer to sell or lease, or to sell or lease, any new motor vehicle to any motor vehicle dealer at a lower actual price therefor than the actual price offered to any other motor vehicle dealer for the same model vehicle similarly equipped or to utilize any device including, but not limited to, sales promotion plans or programs which result in such lesser actual price or fail to make available to any motor vehicle dealer any preferential pricing, incentive, rebate, finance rate, or low interest loan program offered to competing motor vehicle dealers in other contiguous states. However, the provisions of this paragraph shall not apply to sales to a motor vehicle dealer for resale to any unit of the United States Government, the State or any of its political subdivisions;

(3) to offer to sell or lease, or to sell or lease, any new motor vehicle to any person, except a wholesaler, distributor or manufacturer's employees at a lower actual price therefor than the actual price offered and charged to a motor vehicle dealer for the same model vehicle similarly equipped or to utilize any device which results in such lesser actual price. However, the provisions of this paragraph shall not apply to sales to a motor vehicle dealer for resale to any unit of the United States Government, the State or any of its political subdivisions;

(4) to prevent or attempt to prevent by contract or otherwise any motor vehicle dealer or franchisee from changing the executive management control of the motor vehicle dealer or franchisee unless the franchiser, having the burden of proof, proves that such change of executive management will result in executive management control by a person or persons who are not of good moral character or who do not meet the franchiser's existing and, with consideration given to the volume of sales and service of the dealership, uniformly applied minimum business experience standards in the market area. However where the manufacturer rejects a proposed change in executive management control, the manufacturer shall give written notice of his reasons to the dealer within 60 days of notice to the manufacturer by the dealer of the proposed change. If the manufacturer does not send a letter to the franchisee by certified mail, return receipt requested, within 60 days from receipt by the manufacturer of the proposed change, then the change of the executive management control of the franchisee

shall be deemed accepted as proposed by the franchisee, and the manufacturer shall give immediate effect to such change;

(5) to prevent or attempt to prevent by contract or otherwise any motor vehicle dealer from establishing or changing the capital structure of his dealership or the means by or through which he finances the operation thereof; provided the dealer meets any reasonable capital standards agreed to between the dealer and the manufacturer, distributor or wholesaler, who may require that the sources, method and manner by which the dealer finances or intends to finance its operation, equipment or facilities be fully disclosed;

(6) to refuse to give effect to or prevent or attempt to prevent by contract or otherwise any motor vehicle dealer or any officer, partner or stockholder of any motor vehicle dealer from selling or transferring any part of the interest of any of them to any other person or persons or party or parties unless such sale or transfer is to a transferee who would not otherwise qualify for a new motor vehicle dealers license under "The Illinois Vehicle Code" or unless the franchiser, having the burden of proof, proves that such sale or transfer is to a person or party who is not of good moral character or does not meet the franchiser's existing and reasonable capital standards and, with consideration given to the volume of sales and service of the dealership, uniformly applied minimum business experience standards in the market area. However, nothing herein shall be construed to prevent a franchiser from implementing affirmative action programs providing business opportunities for minorities or from complying with applicable federal, State or local law:

(A) If the manufacturer intends to refuse to approve the sale or transfer of all or a part of the interest, then it shall, within 60 days from receipt of the completed application forms generally utilized by a manufacturer to conduct its review and a copy of all agreements regarding the proposed transfer, send a letter by certified mail, return receipt requested, advising the franchisee of any refusal to approve the sale or transfer of all or part of the interest and shall state that the dealer only has 30 days from the receipt of the notice to file with the Motor Vehicle Review Board a written protest against the proposed action. The notice shall

set forth specific criteria used to evaluate the prospective transferee and the grounds for refusing to approve the sale or transfer to that transferee. Within 30 days from the franchisee's receipt of the manufacturer's notice, the franchisee may file with the Board a written protest against the proposed action.

When a protest has been timely filed, the Board shall enter an order, fixing the date (within 60 days of the date of such order), time, and place of a hearing on the protest, required under Sections 12 and 29 of this Act, and send by certified mail, return receipt requested, a copy of the order to the manufacturer that filed notice of intention of the proposed action and to the protesting franchisee.

The manufacturer shall have the burden of proof to establish that good cause exists to refuse to approve the sale or transfer to the transferee. The determination whether good cause exists to refuse to approve the sale or transfer shall be made by the Board under subdivisions (6)(B). The manufacturer shall not refuse to approve the sale or transfer by a dealer or an officer, partner, or stockholder of a franchise or any part of the interest to any person or persons before the hearing process is concluded as prescribed by this Act, and thereafter if the Board determines that the manufacturer has failed to meet its burden of proof and that good cause does not exist to refuse to approve the sale or transfer to the transferee.

(B) Good cause to refuse to approve such sale or transfer under this Section is established when such sale or transfer is to a transferee who would not otherwise qualify for a new motor vehicle dealers license under "The Illinois Vehicle Code" or such sale or transfer is to a person or party who is not of good moral character or does not meet the franchiser's existing and reasonable capital standards and, with consideration given to the volume of sales and service of the dealership, uniformly applied minimum business experience standards in the market area.

(7) to obtain money, goods, services, anything of value, or any other benefit from any other person with whom the motor vehicle dealer does business, on account of or in relation to the

transactions between the dealer and the other person as compensation, except for services actually rendered, unless such benefit is promptly accounted for and transmitted to the motor vehicle dealer:

(8) to grant an additional franchise in the relevant market area of an existing franchise of the same line make or to relocate an existing motor vehicle dealership within or into a relevant market area of an existing franchise of the same line make. However, if the manufacturer wishes to grant such an additional franchise to an independent person in a bona fide relationship in which such person is prepared to make a significant investment subject to loss in such a dealership, or if the manufacturer wishes to relocate an existing motor vehicle dealership, then the manufacturer shall send a letter by certified mail, return receipt requested, to each existing dealer or dealers of the same line make whose relevant market area includes the proposed location of the additional or relocated franchise at least 60 days before the manufacturer grants an additional franchise or relocates an existing franchise of the same line make within or into the relevant market area of an existing franchisee of the same line make. Each notice shall set forth the specific grounds for the proposed grant of an additional or relocation of an existing franchise and shall state that the dealer has only 30 days from the date of receipt of the notice to file with the Motor Vehicle Review Board a written protest against the proposed action. Unless the parties agree upon the grant or establishment of the additional or relocated franchise within 30 days from the date the notice was received by the existing franchisee of the same line make or any person entitled to receive such notice, the franchisee or other person may file with the Board a written protest against the grant or establishment of the proposed additional or relocated franchise.

When a protest has been timely filed, the Board shall enter an order fixing a date (within 60 days of the date of the order), time, and place of a hearing on the protest, required under Sections 12 and 29 of this Act, and send by certified or registered mail, return receipt requested, a copy of the order to the manufacturer that filed the notice of intention to grant or establish the proposed additional or relocated franchise and to the protesting dealer or

dealers of the same line make whose relevant market area includes the proposed location of the additional or relocated franchise.

When more than one protest is filed against the grant or establishment of the additional or relocated franchise of the same line make, the Board may consolidate the hearings to expedite disposition of the matter. The manufacturer shall have the burden of proof to establish that good cause exists to allow the grant or establishment of the additional or relocated franchise. The manufacturer may not grant or establish the additional franchise or relocate the existing franchise before the hearing process is concluded as prescribed by this Act, and thereafter if the Board determines that the manufacturer has failed to meet its burden of proof and that good cause does not exist to allow the grant or establishment of the additional franchise or relocation of the existing franchise.

The determination whether good cause exists for allowing the grant or establishment of an additional franchise or relocated existing franchise, shall be made by the Board under subsection (c) of Section 12 of this Act. If the manufacturer seeks to enter into a contract, agreement or other arrangement with any person, establishing any additional motor vehicle dealership or other facility, limited to the sale of factory repurchase vehicles or late model vehicles, then the manufacturer shall follow the notice procedures set forth in this Section and the determination whether good cause exists for allowing the proposed agreement shall be made by the Board under subsection (c) of Section 12, with the manufacturer having the burden of proof.

A. (Blank).

B. For the purposes of this Section, appointment of a successor motor vehicle dealer at the same location as its predecessor, or within 2 miles of such location, or the relocation of an existing dealer or franchise within 2 miles of the relocating dealer's or franchisee's existing location, shall not be construed as a grant, establishment or the entering into of an additional franchise or selling agreement, or a relocation of an existing franchise. The reopening of a motor vehicle dealership that has not been in operation for 18 months or more shall be deemed the grant of an additional franchise or selling agreement.

New matter indicated by italics - deletions by strikeout.
C. This Section does not apply to the relocation of an existing dealership or franchise in a county having a population of more than 300,000 persons when the new location is within the dealer's current relevant market area, provided the new location is more than 7 miles from the nearest dealer of the same line make. This Section does not apply to the relocation of an existing dealership or franchise in a county having a population of less than 300,000 persons when the new location is within the dealer's current relevant market area, provided the new location is more than 12 miles from the nearest dealer of the same line make. A dealer that would be farther away from the new location of an existing dealership or franchise of the same line make after a relocation may not file a written protest against the relocation with the Motor Vehicle Review Board.

D. Nothing in this Section shall be construed to prevent a franchiser from implementing affirmative action programs providing business opportunities for minorities or from complying with applicable federal, State or local law;

(9) to require a motor vehicle dealer to assent to a release, assignment, novation, waiver or estoppel which would relieve any person from liability imposed by this Act;

(10) to prevent or refuse to give effect to the succession to the ownership or management control of a dealership by any legatee under the will of a dealer or to an heir under the laws of descent and distribution of this State unless the franchisee has designated a successor to the ownership or management control under the succession provisions of the franchise. Unless the franchiser, having the burden of proof, proves that the successor is a person who is not of good moral character or does not meet the franchiser's existing and reasonable capital standards and, with consideration given to the volume of sales and service of the dealership, uniformly applied minimum business experience standards in the market area, any designated successor of a dealer or franchisee may succeed to the ownership or management control of a dealership under the existing franchise if:

(i) The designated successor gives the franchiser written notice by certified mail, return
receipt requested, of his or her intention to succeed to the ownership of the dealer within 60 days of the dealer's death or incapacity; and

(ii) The designated successor agrees to be bound by all the terms and conditions of the existing franchise.

Notwithstanding the foregoing, in the event the motor vehicle dealer or franchisee and manufacturer have duly executed an agreement concerning succession rights prior to the dealer's death or incapacitation, the agreement shall be observed.

(A) If the franchiser intends to refuse to honor the successor to the ownership of a deceased or incapacitated dealer or franchisee under an existing franchise agreement, the franchiser shall send a letter by certified mail, return receipt requested, to the designated successor within 60 days from receipt of a proposal advising of its intent to refuse to honor the succession and to discontinue the existing franchise agreement and shall state that the designated successor only has 30 days from the receipt of the notice to file with the Motor Vehicle Review Board a written protest against the proposed action. The notice shall set forth the specific grounds for the refusal to honor the succession and discontinue the existing franchise agreement.

If notice of refusal is not timely served upon the designated successor, the franchise agreement shall continue in effect subject to termination only as otherwise permitted by paragraph (6) of subsection (d) of Section 4 of this Act.

Within 30 days from the date the notice was received by the designated successor or any other person entitled to notice, the designee or other person may file with the Board a written protest against the proposed action.

When a protest has been timely filed, the Board shall enter an order, fixing a date (within 60 days of the date of the order), time, and place of a hearing on the protest, required under Sections 12 and 29 of this Act, and send by certified mail, return receipt requested, a copy of
the order to the franchiser that filed the notice of intention of the proposed action and to the protesting designee or such other person.

The manufacturer shall have the burden of proof to establish that good cause exists to refuse to honor the succession and discontinue the existing franchise agreement. The determination whether good cause exists to refuse to honor the succession shall be made by the Board under subdivision (B) of this paragraph (10). The manufacturer shall not refuse to honor the succession or discontinue the existing franchise agreement before the hearing process is concluded as prescribed by this Act, and thereafter if the Board determines that it has failed to meet its burden of proof and that good cause does not exist to refuse to honor the succession and discontinue the existing franchise agreement.

(B) No manufacturer shall impose any conditions upon honoring the succession and continuing the existing franchise agreement with the designated successor other than that the franchisee has designated a successor to the ownership or management control under the succession provisions of the franchise, or that the designated successor is of good moral character or meets the reasonable capital standards and, with consideration given to the volume of sales and service of the dealership, uniformly applied minimum business experience standards in the market area; (11) to prevent or refuse to approve a proposal to establish a successor franchise at a location previously approved by the franchiser when submitted with the voluntary termination by the existing franchisee unless the successor franchisee would not otherwise qualify for a new motor vehicle dealer's license under the Illinois Vehicle Code or unless the franchiser, having the burden of proof, proves that such proposed successor is not of good moral character or does not meet the franchiser's existing and reasonable capital standards and, with consideration given to the volume of sales and service of the dealership, uniformly applied minimum business experience standards in the market area. However, when such a rejection of a proposal is made, the manufacturer shall give written notice of its reasons to the franchisee within 60 days of

receipt by the manufacturer of the proposal. However, nothing herein shall be construed to prevent a franchiser from implementing affirmative action programs providing business opportunities for minorities, or from complying with applicable federal, State or local law;

(12) to prevent or refuse to grant a franchise to a person because such person owns, has investment in or participates in the management of or holds a franchise for the sale of another make or line of motor vehicles within 7 miles of the proposed franchise location in a county having a population of more than 300,000 persons, or within 12 miles of the proposed franchise location in a county having a population of less than 300,000 persons; or

(13) to prevent or attempt to prevent any new motor vehicle dealer from establishing any additional motor vehicle dealership or other facility limited to the sale of factory repurchase vehicles or late model vehicles or otherwise offering for sale factory repurchase vehicles of the same line make at an existing franchise by failing to make available any contract, agreement or other arrangement which is made available or otherwise offered to any person.

(f) It is deemed a violation for a manufacturer, a distributor, a wholesale, a distributor branch or division, a factory branch or division, or a wholesale branch or division, or officer, agent, broker, shareholder, except a shareholder of 1% or less of the outstanding shares of any class of securities of a manufacturer, distributor, or wholesaler which is a publicly traded corporation, or other representative, directly or indirectly, to own or operate a place of business as a motor vehicle franchisee or motor vehicle financing affiliate, except that, this subsection shall not prohibit the ownership or operation of a place of business by a manufacturer, distributor, or wholesaler for a period, not to exceed 18 months, during the transition from one motor vehicle franchisee to another; or the investment in a motor vehicle franchisee by a manufacturer, distributor, or wholesaler if the investment is for the sole purpose of enabling a partner or shareholder in that motor vehicle franchisee to acquire an interest in that motor vehicle franchisee and that partner or shareholder is not otherwise employed by or associated with the manufacturer, distributor, or wholesaler and would not otherwise have the requisite capital investment funds to invest in the motor vehicle franchisee, and has the right to purchase the entire equity interest of the manufacturer, distributor, or
wholesaler in the motor vehicle franchisee within a reasonable period of time not to exceed 5 years.

(g) Notwithstanding the terms, provisions, or conditions of any agreement or waiver, it shall be deemed a violation for a manufacturer, a distributor, a wholesaler, a distributor branch or division, a factory branch or division, or a wholesale branch or division, or officer, agent or other representative thereof, to directly or indirectly condition the awarding of a franchise to a prospective new motor vehicle dealer, the addition of a line make or franchise to an existing dealer, the renewal of a franchise of an existing dealer, the approval of the relocation of an existing dealer’s facility, or the approval of the sale or transfer of the ownership of a franchise on the willingness of a dealer, proposed new dealer, or owner of an interest in the dealership facility to enter into a site control agreement or exclusive use agreement unless separate and reasonable consideration was offered and accepted for that agreement.

For purposes of this subsection (g), the terms "site control agreement" and "exclusive use agreement" include any agreement that has the effect of either (i) requiring that the dealer establish or maintain exclusive dealership facilities; or (ii) restricting the ability of the dealer, or the ability of the dealer’s lessor in the event the dealership facility is being leased, to transfer, sell, lease, or change the use of the dealership premises, whether by sublease, lease, collateral pledge of lease, or other similar agreement. "Site control agreement" and "exclusive use agreement" also include a manufacturer restricting the ability of a dealer to transfer, sell, or lease the dealership premises by right of first refusal to purchase or lease, option to purchase, or option to lease if the transfer, sale, or lease of the dealership premises is to a person who is an immediate family member of the dealer. For the purposes of this subsection (g), "immediate family member" means a spouse, parent, son, daughter, son-in-law, daughter-in-law, brother, and sister.

If a manufacturer exercises any right of first refusal to purchase or lease or option to purchase or lease with regard to a transfer, sale, or lease of the dealership premises to a person who is not an immediate family member of the dealer, then (1) within 60 days from the receipt of the completed application forms generally utilized by a manufacturer to conduct its review and a copy of all agreements regarding the proposed transfer, the manufacturer must notify the dealer of its intent to exercise the right of first refusal to purchase or lease or option to purchase or lease and (2) the exercise of the right of first refusal to purchase or lease

or option to purchase or lease must result in the dealer receiving consideration, terms, and conditions that either are the same as or greater than that which they have contracted to receive in connection with the proposed transfer, sale, or lease of the dealership premises.

Any provision contained in any agreement entered into on or after the effective date of this amendatory Act of the 96th General Assembly that is inconsistent with the provisions of this subsection (g) shall be voidable at the election of the affected dealer, prospective dealer, or owner of an interest in the dealership facility.

(h) For purposes of this subsection:

"Successor manufacturer" means any motor vehicle manufacturer that, on or after January 1, 2009, acquires, succeeds to, or assumes any part of the business of another manufacturer, referred to as the "predecessor manufacturer", as the result of any of the following:

(i) A change in ownership, operation, or control of the predecessor manufacturer by sale or transfer of assets, corporate stock or other equity interest, assignment, merger, consolidation, combination, joint venture, redemption, court-approved sale, operation of law or otherwise.

(ii) The termination, suspension, or cessation of a part or all of the business operations of the predecessor manufacturer.

(iii) The discontinuance of the sale of the product line.

(iv) A change in distribution system by the predecessor manufacturer, whether through a change in distributor or the predecessor manufacturer’s decision to cease conducting business through a distributor altogether.

"Former Franchisee" means a new motor vehicle dealer that has entered into a franchise with a predecessor manufacturer and that has either:

(i) entered into a termination agreement or deferred termination agreement with a predecessor or successor manufacturer related to such franchise; or

(ii) has had such franchise canceled, terminated, nonrenewed, noncontinued, rejected, nonassumed, or otherwise ended.

For a period of 3 years from: (i) the date that a successor manufacturer acquires, succeeds to, or assumes any part of the business of a predecessor manufacturer; (ii) the last day that a former franchisee is authorized to remain in business as a franchised dealer with respect to a

particular franchise under a termination agreement or deferred termination agreement with a predecessor or successor manufacturer; (iii) the last day that a former franchisee that was cancelled, terminated, nonrenewed, noncontinued, rejected, nonassumed, or otherwise ended by a predecessor or successor manufacturer is authorized to remain in business as a franchised dealer with respect to a particular franchise; or (iv) the effective date of this amendatory Act of the 96th General Assembly, whichever is latest, it shall be unlawful for such successor manufacturer to enter into a same line make franchise with any person or to permit the relocation of any existing same line make franchise, for a line make of the predecessor manufacturer that would be located or relocated within the relevant market area of a former franchisee who owned or leased a dealership facility in that relevant market area without first offering the additional or relocated franchise to the former franchisee, or the designated successor of such former franchisee in the event the former franchisee is deceased or disabled, at no cost and without any requirements or restrictions other than those imposed generally on the manufacturer's other franchisees at that time, unless one of the following applies:

(1) As a result of the former franchisee's cancellation, termination, noncontinuance, or nonrenewal of the franchise, the predecessor manufacturer had consolidated the line make with another of its line makes for which the predecessor manufacturer had a franchisee with a then-existing dealership facility located within that relevant market area.

(2) The successor manufacturer has paid the former franchisee, or the designated successor of such former franchisee in the event the former franchisee is deceased or disabled, the fair market value of the former franchisee's franchise on (i) the date the franchisor announces the action which results in the termination, cancellation, or nonrenewal; or (ii) the date the action which results in termination, cancellation, or nonrenewal first became general knowledge; or (iii) the day 12 months prior to the date on which the notice of termination, cancellation, or nonrenewal is issued, whichever amount is higher. Payment is due within 90 days of the effective date of the termination, cancellation, or nonrenewal. If the termination, cancellation, or nonrenewal is due to a manufacturer's change in distributors, the manufacturer may avoid paying fair market value to the dealer if the new distributor...
or the manufacturer offers the dealer a franchise agreement with terms acceptable to the dealer.

(3) The successor manufacturer proves that it would have had good cause to terminate the franchise agreement of the former franchisee, or the successor of the former franchisee under item (e)(10) in the event that the former franchisee is deceased or disabled. The determination of whether the successor manufacturer would have had good cause to terminate the franchise agreement of the former franchisee, or the successor of the former franchisee, shall be made by the Board under subsection (d) of Section 12. A successor manufacturer that seeks to assert that it would have had good cause to terminate a former franchisee, or the successor of the former franchisee, must file a petition seeking a hearing on this issue before the Board and shall have the burden of proving that it would have had good cause to terminate the former franchisee or the successor of the former franchisee. No successor dealer, other than the former franchisee, may be appointed or franchised by the successor manufacturer within the relevant market area of the former franchisee until the Board has held a hearing and rendered a determination on the issue of whether the successor manufacturer would have had good cause to terminate the former franchisee.

In the event that a successor manufacturer attempts to enter into a same line make franchise with any person or to permit the relocation of any existing line make franchise under this subsection (h) at a location that is within the relevant market area of 2 or more former franchisees, then the successor manufacturer may not offer it to any person other than one of those former franchisees unless the successor manufacturer can prove that at least one of the 3 exceptions in items (1), (2), and (3) of this subsection (h) applies to each of those former franchisees.

PUBLIC ACT 96-0828
(Senate Bill No. 1514)

AN ACT concerning local government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The General Obligation Bond Act is amended by changing Sections 8, 9, 14, and 15 as follows:

(30 ILCS 330/8) (from Ch. 127, par. 658)

Sec. 8. Bond sale expenses.

(a) An amount not to exceed 0.5 percent of the principal amount of the proceeds of sale of each bond sale is authorized to be used to pay the reasonable costs of issuance and sale, including, without limitation, underwriter's discounts and fees, but excluding bond insurance, of State of Illinois general obligation bonds authorized and sold pursuant to this Act, provided that no salaries of State employees or other State office operating expenses shall be paid out of non-appropriated proceeds, provided further that the percent shall be 1.0% for each sale of "Build America Bonds" or "Qualified School Construction Bonds" as defined in subsections (d) and (e) of Section 9, respectively. The Governor's Office of Management and Budget shall compile a summary of all costs of issuance on each sale (including both costs paid out of proceeds and those paid out of appropriated funds) and post that summary on its web site within 20

New matter indicated by italics - deletions by strikeout.
business days after the issuance of the Bonds. The summary shall include, as applicable, the respective percentages of participation and compensation of each underwriter that is a member of the underwriting syndicate, legal counsel, financial advisors, and other professionals for the bond issue and an identification of all costs of issuance paid to minority owned businesses, female owned businesses, and businesses owned by persons with disabilities. The terms "minority owned businesses", "female owned businesses", and "business owned by a person with a disability" have the meanings given to those terms in the Business Enterprise for Minorities, Females, and Persons with Disabilities Act. That posting shall be maintained on the web site for a period of at least 30 days. In addition, the Governor's Office of Management and Budget shall provide a written copy of each summary of costs to the Speaker and Minority Leader of the House of Representatives, the President and Minority Leader of the Senate, and the Commission on Government Forecasting and Accountability within 20 business days after each issuance of the Bonds. In addition, the Governor's Office of Management and Budget shall provide copies of all contracts under which any costs of issuance are paid or to be paid to the Commission on Government Forecasting and Accountability within 20 business days after the issuance of Bonds for which those costs are paid or to be paid. Instead of filing a second or subsequent copy of the same contract, the Governor's Office of Management and Budget may file a statement that specified costs are paid under specified contracts filed earlier with the Commission.

(b) The Director of the Governor's Office of Management and Budget shall not, in connection with the issuance of Bonds, contract with any underwriter, financial advisor, or attorney unless that underwriter, financial advisor, or attorney certifies that the underwriter, financial advisor, or attorney has not and will not pay a contingent fee, whether directly or indirectly, to a third party for having promoted the selection of the underwriter, financial advisor, or attorney for that contract. In the event that the Governor's Office of Management and Budget determines that an underwriter, financial advisor, or attorney has filed a false certification with respect to the payment of contingent fees, the Governor's Office of Management and Budget shall not contract with that underwriter, financial advisor, or attorney, or with any firm employing any person who signed false certifications, for a period of 2 calendar years, beginning with the date the determination is made. The validity of Bonds issued under such circumstances of violation pursuant to this Section shall not be affected.

New matter indicated by italics - deletions by strikeout.
Sec. 9. Conditions for Issuance and Sale of Bonds - Requirements for Bonds.

(a) Except as otherwise provided in this subsection, Bonds shall be issued and sold from time to time, in one or more series, in such amounts and at such prices as may be directed by the Governor, upon recommendation by the Director of the Governor's Office of Management and Budget. Bonds shall be in such form (either coupon, registered or book entry), in such denominations, payable within 25 years from their date, subject to such terms of redemption with or without premium, bear interest payable at such times and at such fixed or variable rate or rates, and be dated as shall be fixed and determined by the Director of the Governor's Office of Management and Budget in the order authorizing the issuance and sale of any series of Bonds, which order shall be approved by the Governor and is herein called a "Bond Sale Order"; provided however, that interest payable at fixed or variable rates shall not exceed that permitted in the Bond Authorization Act, as now or hereafter amended. Bonds shall be payable at such place or places, within or without the State of Illinois, and may be made registrable as to either principal or as to both principal and interest, as shall be specified in the Bond Sale Order. Bonds may be callable or subject to purchase and retirement or tender and remarketing as fixed and determined in the Bond Sale Order. Bonds, other than Bonds issued under Section 3 of this Act for the costs associated with the purchase and implementation of information technology, (i) except for refunding Bonds satisfying the requirements of Section 16 of this Act and sold during fiscal year 2009, 2010, or 2011, must be issued with principal or mandatory redemption amounts in equal amounts, with the first maturity issued occurring within the fiscal year in which the Bonds are issued or within the next succeeding fiscal year and (ii) must mature or be subject to mandatory redemption each fiscal year thereafter up to 25 years, except for refunding Bonds satisfying the requirements of Section 16 of this Act and sold during fiscal year 2009, 2010, or 2011 which must mature or be subject to mandatory redemption each fiscal year thereafter up to 16 years. Bonds issued under Section 3 of this Act for the costs associated with the purchase and implementation of information technology must be issued with principal or mandatory redemption amounts in equal amounts, with the first maturity issued occurring with the
fiscal year in which the respective bonds are issued or with the next succeeding fiscal year, with the respective bonds issued maturing or subject to mandatory redemption each fiscal year thereafter up to 10 years. Notwithstanding any provision of this Act to the contrary, the Bonds authorized by Public Act 96-43 shall be payable within 5 years from their date and must be issued with principal or mandatory redemption amounts in equal amounts, with payment of principal or mandatory redemption beginning in the first fiscal year following the fiscal year in which the Bonds are issued.

In the case of any series of Bonds bearing interest at a variable interest rate ("Variable Rate Bonds"), in lieu of determining the rate or rates at which such series of Variable Rate Bonds shall bear interest and the price or prices at which such Variable Rate Bonds shall be initially sold or remarketed (in the event of purchase and subsequent resale), the Bond Sale Order may provide that such interest rates and prices may vary from time to time depending on criteria established in such Bond Sale Order, which criteria may include, without limitation, references to indices or variations in interest rates as may, in the judgment of a remarketing agent, be necessary to cause Variable Rate Bonds of such series to be remarketable from time to time at a price equal to their principal amount, and may provide for appointment of a bank, trust company, investment bank, or other financial institution to serve as remarketing agent in that connection. The Bond Sale Order may provide that alternative interest rates or provisions for establishing alternative interest rates, different security or claim priorities, or different call or amortization provisions will apply during such times as Variable Rate Bonds of any series are held by a person providing credit or liquidity enhancement arrangements for such Bonds as authorized in subsection (b) of this Section. The Bond Sale Order may also provide for such variable interest rates to be established pursuant to a process generally known as an auction rate process and may provide for appointment of one or more financial institutions to serve as auction agents and broker-dealers in connection with the establishment of such interest rates and the sale and remarketing of such Bonds.

(b) In connection with the issuance of any series of Bonds, the State may enter into arrangements to provide additional security and liquidity for such Bonds, including, without limitation, bond or interest rate insurance or letters of credit, lines of credit, bond purchase contracts, or other arrangements whereby funds are made available to retire or purchase Bonds, thereby assuring the ability of owners of the Bonds to sell

or redeem their Bonds. The State may enter into contracts and may agree to pay fees to persons providing such arrangements, but only under circumstances where the Director of the Governor's Office of Management and Budget certifies that he or she reasonably expects the total interest paid or to be paid on the Bonds, together with the fees for the arrangements (being treated as if interest), would not, taken together, cause the Bonds to bear interest, calculated to their stated maturity, at a rate in excess of the rate that the Bonds would bear in the absence of such arrangements.

The State may, with respect to Bonds issued or anticipated to be issued, participate in and enter into arrangements with respect to interest rate protection or exchange agreements, guarantees, or financial futures contracts for the purpose of limiting, reducing, or managing interest rate exposure. The authority granted under this paragraph, however, shall not increase the principal amount of Bonds authorized to be issued by law. The arrangements may be executed and delivered by the Director of the Governor's Office of Management and Budget on behalf of the State. Net payments for such arrangements shall constitute interest on the Bonds and shall be paid from the General Obligation Bond Retirement and Interest Fund. The Director of the Governor's Office of Management and Budget shall at least annually certify to the Governor and the State Comptroller his or her estimate of the amounts of such net payments to be included in the calculation of interest required to be paid by the State.

(c) Prior to the issuance of any Variable Rate Bonds pursuant to subsection (a), the Director of the Governor's Office of Management and Budget shall adopt an interest rate risk management policy providing that the amount of the State's variable rate exposure with respect to Bonds shall not exceed 20%. This policy shall remain in effect while any Bonds are outstanding and the issuance of Bonds shall be subject to the terms of such policy. The terms of this policy may be amended from time to time by the Director of the Governor's Office of Management and Budget but in no event shall any amendment cause the permitted level of the State's variable rate exposure with respect to Bonds to exceed 20%.

(d) "Build America Bonds" in this Section means Bonds authorized by Section 54AA of the Internal Revenue Code of 1986, as amended ("Internal Revenue Code"), and bonds issued from time to time to refund or continue to refund "Build America Bonds".

(e) Notwithstanding any other provision of this Section, Qualified School Construction Bonds shall be issued and sold from time to time, in
one or more series, in such amounts and at such prices as may be directed by the Governor, upon recommendation by the Director of the Governor’s Office of Management and Budget. Qualified School Construction Bonds shall be in such form (either coupon, registered or book entry), in such denominations, payable within 25 years from their date, subject to such terms of redemption with or without premium, and if the Qualified School Construction Bonds are issued with a supplemental coupon, bear interest payable at such times and at such fixed or variable rate or rates, and be dated as shall be fixed and determined by the Director of the Governor’s Office of Management and Budget in the order authorizing the issuance and sale of any series of Qualified School Construction Bonds, which order shall be approved by the Governor and is herein called a “Bond Sale Order”; except that interest payable at fixed or variable rates, if any, shall not exceed that permitted in the Bond Authorization Act, as now or hereafter amended. Qualified School Construction Bonds shall be payable at such place or places, within or without the State of Illinois, and may be made registrable as to either principal or as to both principal and interest, as shall be specified in the Bond Sale Order. Qualified School Construction Bonds may be callable or subject to purchase and retirement or tender and remarketing as fixed and determined in the Bond Sale Order. Qualified School Construction Bonds must be issued with principal or mandatory redemption amounts or sinking fund payments into the General Obligation Bond Retirement and Interest Fund (or subaccount therefor) in equal amounts, with the first maturity issued, mandatory redemption payment or sinking fund payment occurring within the fiscal year in which the Qualified School Construction Bonds are issued or within the next succeeding fiscal year, with Qualified School Construction Bonds issued maturing or subject to mandatory redemption or with sinking fund payments thereof deposited each fiscal year thereafter up to 25 years. Sinking fund payments set forth in this subsection shall be permitted only to the extent authorized in Section 54F of the Internal Revenue Code or as otherwise determined by the Director of the Governor's Office of Management and Budget. "Qualified School Construction Bonds" in this subsection means Bonds authorized by Section 54F of the Internal Revenue Code and for bonds issued from time to time to refund or continue to refund such "Qualified School Construction Bonds".

Sec. 14. Repayment.

(a) To provide for the manner of repayment of Bonds, the Governor shall include an appropriation in each annual State Budget of monies in such amount as shall be necessary and sufficient, for the period covered by such budget, to pay the interest, as it shall accrue, on all Bonds issued under this Act, to pay and discharge the principal of such Bonds as shall, by their terms, fall due during such period, and to pay a premium, if any, on Bonds to be redeemed prior to the maturity date, and to pay sinking fund payments in connection with Qualified School Construction Bonds authorized by subsection (e) of Section 9. Amounts included in such appropriations for the payment of interest on variable rate bonds shall be the maximum amounts of interest that may be payable for the period covered by the budget, after taking into account any credits permitted in the related indenture or other instrument against the amount of such interest required to be appropriated for such period. Amounts included in such appropriations for the payment of interest shall include the amounts certified by the Director of the Governor's Office of Management and Budget under subsection (b) of Section 9 of this Act.

(b) A separate fund in the State Treasury called the "General Obligation Bond Retirement and Interest Fund" is hereby created.

(c) The General Assembly shall annually make appropriations to pay the principal of, interest on, and premium, if any, on Bonds sold under this Act from the General Obligation Bond Retirement and Interest Fund. Amounts included in such appropriations for the payment of interest on variable rate bonds shall be the maximum amounts of interest that may be payable during the fiscal year, after taking into account any credits permitted in the related indenture or other instrument against the amount of such interest required to be appropriated for such period. Amounts included in such appropriations for the payment of interest shall include the amounts certified by the Director of the Governor's Office of Management and Budget under subsection (b) of Section 9 of this Act.

If for any reason there are insufficient funds in either the General Revenue Fund or the Road Fund to make transfers to the General Obligation Bond Retirement and Interest Fund as required by Section 15 of this Act, or if for any reason the General Assembly fails to make appropriations sufficient to pay the principal of, interest on, and premium, if any, on the Bonds, as the same by their terms shall become due, this Act shall constitute an irrevocable and continuing appropriation of all amounts.
necessary for that purpose, and the irrevocable and continuing authority for and direction to the State Treasurer and the Comptroller to make the necessary transfers, as directed by the Governor, out of and disbursements from the revenues and funds of the State.

(d) If, because of insufficient funds in either the General Revenue Fund or the Road Fund, monies have been transferred to the General Obligation Bond Retirement and Interest Fund, as required by subsection (c) of this Section, this Act shall constitute the irrevocable and continuing authority for and direction to the State Treasurer and Comptroller to reimburse these funds of the State from the General Revenue Fund or the Road Fund, as appropriate, by transferring, at such times and in such amounts, as directed by the Governor, an amount to these funds equal to that transferred from them.

With respect to the interest payable on variable rate bonds, such certifications shall be calculated at the maximum rate of interest that may be payable during the fiscal year, after taking into account any credits permitted in the related indenture or other instrument against the amount of such interest required to be appropriated for such period pursuant to subsection (c) of Section 14 of this Act. With respect to the interest payable, such certifications shall include the amounts certified by the Director of the Governor's Office of Management and Budget under subsection (b) of Section 9 of this Act.

Such computations and transfers shall be made for each series of Bonds issued and delivered. Interest payable on variable rate bonds shall be calculated at the maximum rate of interest that may be payable for the relevant period, after taking into account any credits permitted in the related indenture or other instrument against the amount of such interest required to be appropriated for such period pursuant to subsection (c) of Section 14 of this Act. Computations of interest shall include the amounts certified by the Director of the Governor's Office of Management and Budget under subsection (b) of Section 9 of this Act. Section 10. The Build Illinois Bond Act is amended by changing Sections 5 and 6 as follows:

(30 ILCS 425/5) (from Ch. 127, par. 2805)

Sec. 5. Bond Sale Expenses.

(a) An amount not to exceed 0.5% of the principal amount of the proceeds of the sale of each bond sale is authorized to be used to pay reasonable costs of each issuance and sale of Bonds authorized and sold pursuant to this Act, including, without limitation, underwriter's discounts and fees, but excluding bond insurance, advertising, printing, bond rating, travel of outside vendors, security, delivery, legal and financial advisory services, initial fees of trustees, registrars, paying agents and other fiduciaries, initial costs of credit or liquidity enhancement arrangements, initial fees of indexing and remarketing agents, and initial costs of interest rate swaps, guarantees or arrangements to limit interest rate risk, as determined in the related Bond Sale Order, from the proceeds of each Bond sale, provided that no salaries of State employees or other State office operating expenses shall be paid out of non-appropriated proceeds, and provided further that the percent shall be 1.0% for each sale of “Build America Bonds” as defined in subsection (c) of Section 6. The Governor's Office of Management and Budget shall compile a summary of all costs of issuance on each sale (including both costs paid out of proceeds and those paid out of appropriated funds) and post that summary on its web site within 20 business days after the issuance of the bonds. That posting shall

be maintained on the web site for a period of at least 30 days. In addition, the Governor's Office of Management and Budget shall provide a written copy of each summary of costs to the Speaker and Minority Leader of the House of Representatives, the President and Minority Leader of the Senate, and the Commission on Government Forecasting and Accountability within 20 business days after each issuance of the bonds. This summary shall include, as applicable, the respective percentage of participation and compensation of each underwriter that is a member of the underwriting syndicate, legal counsel, financial advisors, and other professionals for the Bond issue, and an identification of all costs of issuance paid to minority owned businesses, female owned businesses, and businesses owned by persons with disabilities. The terms "minority owned businesses", "female owned businesses", and "business owned by a person with a disability" have the meanings given to those terms in the Business Enterprise for Minorities, Females, and Persons with Disabilities Act. In addition, the Governor's Office of Management and Budget shall provide copies of all contracts under which any costs of issuance are paid or to be paid to the Commission on Government Forecasting and Accountability within 20 business days after the issuance of Bonds for which those costs are paid or to be paid. Instead of filing a second or subsequent copy of the same contract, the Governor's Office of Management and Budget may file a statement that specified costs are paid under specified contracts filed earlier with the Commission.

(b) The Director of the Governor's Office of Management and Budget shall not, in connection with the issuance of Bonds, contract with any underwriter, financial advisor, or attorney unless that underwriter, financial advisor, or attorney certifies that the underwriter, financial advisor, or attorney has not and will not pay a contingent fee, whether directly or indirectly, to any third party for having promoted the selection of the underwriter, financial advisor, or attorney for that contract. In the event that the Governor's Office of Management and Budget determines that an underwriter, financial advisor, or attorney has filed a false certification with respect to the payment of contingent fees, the Governor's Office of Management and Budget shall not contract with that underwriter, financial advisor, or attorney, or with any firm employing any person who signed false certifications, for a period of 2 calendar years, beginning with the date the determination is made. The validity of Bonds issued under such circumstances of violation pursuant to this Section shall not be affected.

Sec. 6. Conditions for Issuance and Sale of Bonds - Requirements for Bonds - Master and Supplemental Indentures - Credit and Liquidity Enhancement.

(a) Bonds shall be issued and sold from time to time, in one or more series, in such amounts and at such prices as directed by the Governor, upon recommendation by the Director of the Governor's Office of Management and Budget. Bonds shall be payable only from the specific sources and secured in the manner provided in this Act. Bonds shall be in such form, in such denominations, mature on such dates within 25 years from their date of issuance, be subject to optional or mandatory redemption, bear interest payable at such times and at such rate or rates, fixed or variable, and be dated as shall be fixed and determined by the Director of the Governor's Office of Management and Budget in an order authorizing the issuance and sale of any series of Bonds, which order shall be approved by the Governor and is herein called a "Bond Sale Order"; provided, however, that interest payable at fixed rates shall not exceed that permitted in "An Act to authorize public corporations to issue bonds, other evidences of indebtedness and tax anticipation warrants subject to interest rate limitations set forth therein", approved May 26, 1970, as now or hereafter amended, and interest payable at variable rates shall not exceed the maximum rate permitted in the Bond Sale Order. Said Bonds shall be payable at such place or places, within or without the State of Illinois, and may be made registrable as to either principal only or as to both principal and interest, as shall be specified in the Bond Sale Order. Bonds may be callable or subject to purchase and retirement or remarketing as fixed and determined in the Bond Sale Order. Bonds (i) except for refunding Bonds satisfying the requirements of Section 15 of this Act and sold during fiscal year 2009, 2010, or 2011, must be issued with principal or mandatory redemption amounts in equal amounts, with the first maturity issued occurring within the fiscal year in which the Bonds are issued or within the next succeeding fiscal year and (ii) must mature or be subject to mandatory redemption each fiscal year thereafter up to 25 years, except for refunding Bonds satisfying the requirements of Section 16 of this Act and sold during fiscal year 2009, 2010, or 2011 which must mature or be subject to mandatory redemption each fiscal year thereafter up to 16 years.

All Bonds authorized under this Act shall be issued pursuant to a master trust indenture ("Master Indenture") executed and delivered on
behalf of the State by the Director of the Governor's Office of Management and Budget, such Master Indenture to be in substantially the form approved in the Bond Sale Order authorizing the issuance and sale of the initial series of Bonds issued under this Act. Such initial series of Bonds may, and each subsequent series of Bonds shall, also be issued pursuant to a supplemental trust indenture ("Supplemental Indenture") executed and delivered on behalf of the State by the Director of the Governor's Office of Management and Budget, each such Supplemental Indenture to be in substantially the form approved in the Bond Sale Order relating to such series. The Master Indenture and any Supplemental Indenture shall be entered into with a bank or trust company in the State of Illinois having trust powers and possessing capital and surplus of not less than $100,000,000. Such indentures shall set forth the terms and conditions of the Bonds and provide for payment of and security for the Bonds, including the establishment and maintenance of debt service and reserve funds, and for other protections for holders of the Bonds. The term "reserve funds" as used in this Act shall include funds and accounts established under indentures to provide for the payment of principal of and premium and interest on Bonds, to provide for the purchase, retirement or defeasance of Bonds, to provide for fees of trustees, registrars, paying agents and other fiduciaries and to provide for payment of costs of and debt service payable in respect of credit or liquidity enhancement arrangements, interest rate swaps or guarantees or financial futures contracts and indexing and remarketing agents' services.

In the case of any series of Bonds bearing interest at a variable interest rate ("Variable Rate Bonds"), in lieu of determining the rate or rates at which such series of Variable Rate Bonds shall bear interest and the price or prices at which such Variable Rate Bonds shall be initially sold or remarketed (in the event of purchase and subsequent resale), the Bond Sale Order may provide that such interest rates and prices may vary from time to time depending on criteria established in such Bond Sale Order, which criteria may include, without limitation, references to indices or variations in interest rates as may, in the judgment of a remarketing agent, be necessary to cause Bonds of such series to be remarketable from time to time at a price equal to their principal amount (or compound accreted value in the case of original issue discount Bonds), and may provide for appointment of indexing agents and a bank, trust company, investment bank or other financial institution to serve as remarketing agent in that connection. The Bond Sale Order may provide that alternative

interest rates or provisions for establishing alternative interest rates, different security or claim priorities or different call or amortization provisions will apply during such times as Bonds of any series are held by a person providing credit or liquidity enhancement arrangements for such Bonds as authorized in subsection (b) of Section 6 of this Act.

(b) In connection with the issuance of any series of Bonds, the State may enter into arrangements to provide additional security and liquidity for such Bonds, including, without limitation, bond or interest rate insurance or letters of credit, lines of credit, bond purchase contracts or other arrangements whereby funds are made available to retire or purchase Bonds, thereby assuring the ability of owners of the Bonds to sell or redeem their Bonds. The State may enter into contracts and may agree to pay fees to persons providing such arrangements, but only under circumstances where the Director of the Bureau of the Budget (now Governor's Office of Management and Budget) certifies that he reasonably expects the total interest paid or to be paid on the Bonds, together with the fees for the arrangements (being treated as if interest), would not, taken together, cause the Bonds to bear interest, calculated to their stated maturity, at a rate in excess of the rate which the Bonds would bear in the absence of such arrangements. Any bonds, notes or other evidences of indebtedness issued pursuant to any such arrangements for the purpose of retiring and discharging outstanding Bonds shall constitute refunding Bonds under Section 15 of this Act. The State may participate in and enter into arrangements with respect to interest rate swaps or guarantees or financial futures contracts for the purpose of limiting or restricting interest rate risk; provided that such arrangements shall be made with or executed through banks having capital and surplus of not less than $100,000,000 or insurance companies holding the highest policyholder rating accorded insurers by A.M. Best &Co. or any comparable rating service or government bond dealers reporting to, trading with, and recognized as primary dealers by a Federal Reserve Bank and having capital and surplus of not less than $100,000,000, or other persons whose debt securities are rated in the highest long-term categories by both Moody's Investors' Services, Inc. and Standard & Poor's Corporation. Agreements incorporating any of the foregoing arrangements may be executed and delivered by the Director of the Governor's Office of Management and Budget on behalf of the State in substantially the form approved in the Bond Sale Order relating to such Bonds.
(c) "Build America Bonds" in this Section means Bonds authorized by Section 54AA of the Internal Revenue Code of 1986, as amended ("Internal Revenue Code"), and bonds issued from time to time to refund or continue to refund "Build America Bonds".

Sec. 13. Bonds; limitation on indebtedness. The board of any forest preserve district organized hereunder may, for any of the purposes enumerated in this Act, borrow money upon the faith and credit of such district, and may issue bonds therefor. However, a district with a population of less than 3,000,000 may not become indebted in any manner or for any purpose to an amount including existing indebtedness in the aggregate exceeding 2.3% of the assessed value of the taxable property therein, as ascertained by the last equalized assessment for State and county purposes. No district may incur (i) indebtedness in excess of .3% of the assessed value of taxable property in the district, as ascertained by the last equalized assessment for State and county purposes, for the development of forest preserve lands held by the district, or (ii) indebtedness for any other purpose except the acquisition of land including acquiring lands in fee simple along or enclosing water courses, drainage ways, lakes, ponds, planned impoundments or elsewhere which are required to store flood waters or control other drainage and water conditions necessary for the preservation and management of the water resources of the District, unless the proposition to issue bonds or otherwise incur indebtedness is certified by the board to the proper election officials who shall submit the proposition at an election in accordance with the general election law, and approved by a majority of those voting upon the proposition. No district containing fewer than 3,000,000 inhabitants may incur indebtedness for the acquisition of land or lands for any purpose in excess of 55,000 acres, including all lands theretofore acquired, unless the proposition to issue bonds or otherwise incur indebtedness is first submitted to the voters of the district at a referendum in accordance with the general election law and approved by a majority of those voting upon the proposition. Before or at the time of issuing bonds, the board shall provide by ordinance for the collection of an annual tax sufficient to pay the interest on the bonds as it falls due, and to pay the bonds as they mature. All bonds issued by any forest preserve district must be divided

Such obligations shall be issued without submitting the question of such issuance to the legal voters of such sanitary district for approval.

The corporate authorities may sell such obligations at private or public sale and enter into any contract or agreement necessary, appropriate or incidental to the exercise of the powers granted by this Act, including, without limitation, contracts or agreements for the sale and purchase of such obligations and the payment of costs and expenses incident thereto. The corporate authorities may pay such costs and expenses, in whole or in part, from the corporate fund.

the 96th General Assembly that provides coverage for hospital or medical
treatment on an expense incurred basis may offer a reasonably designed
program for wellness coverage that allows for a reward, a contribution, a
reduction in premiums or reduced medical, prescription drug, or
equipment copayments, coinsurance, or deductibles, or a combination of
these incentives, for participation in any health behavior wellness,
maintenance, or improvement program approved or offered by the insurer
or managed care plan. The insured or enrollee may be required to provide
evidence of participation in a program. Individuals unable to participate in
these incentives due to an adverse health factor shall not be penalized
based upon an adverse health status.

(b) For purposes of this Section, "wellness coverage" means health
care coverage with the primary purpose to engage and motivate the insured
or enrollee through: incentives; provision of health education, counseling,
and self-management skills; identification of modifiable health risks; and
other activities to influence health behavior changes.

For the purposes of this Section, "reasonably designed program"
means a program of wellness coverage that has a reasonable chance of
improving health or preventing disease; is not overly burdensome; does
not discriminate based upon factors of health; and is not otherwise
contrary to law.

New matter indicated by italics - deletions by strikeout.
(c) Incentives as outlined in this Section are specific and unique to the offering of wellness coverage and have no application to any other required or optional health care benefit.

(d) Such wellness coverage must satisfy the requirements for an exception from the general prohibition against discrimination based on a health factor under the federal Health Insurance Portability and Accountability Act of 1996 (P.L. 104-191; 110 Stat. 1936), including any federal regulations that are adopted pursuant to that Act.

(e) A plan offering wellness coverage must do the following:
   (i) give participants the opportunity to qualify for offered incentives at least once a year;
   (ii) allow a reasonable alternative to any individual for whom it is unreasonably difficult, due to a medical condition, to satisfy otherwise applicable wellness program standards. Plans may seek physician verification that health factors make it unreasonably difficult or medically inadvisable for the participant to satisfy the standards; and
   (iii) not provide a total incentive that exceeds 20% of the cost of employee-only coverage. The cost of employee-only coverage includes both employer and employee contributions. For plans offering family coverage, the 20% limitation applies to cost of family coverage and applies to the entire family.

(f) A reward, contribution, or reduction established under this Section and included in the policy or certificate does not violate Section 151 of this Code.

(d) The policy or plan or contract may require prior authorization for the prosthetic or orthotic devices in the same manner that prior authorization is required for any other covered benefit.

(e) Repairs and replacements of prosthetic and orthotic devices are also covered, subject to the co-payments and deductibles, unless necessitated by misuse or loss.

(f) A policy or plan or contract may require that, if coverage is provided through a managed care plan, the benefits mandated pursuant to this Section shall be covered benefits only if the prosthetic or orthotic devices are provided by a licensed provider employed by a provider service who contracts with or is designated by the carrier, to the extent that the carrier provides in-network and out-of-network service, the coverage for the prosthetic or orthotic device shall be offered no less extensively.

(c) Payments. With respect to amounts withheld or required to be withheld on or after January 1, 2008:

(1) Semi-weekly payments. For each calendar year, each employer who withheld or was required to withhold more than $12,000 during the one-year period ending on June 30 of the immediately preceding calendar year, payment must be made:

(4) Payments with returns. Each employer shall pay to the Department, on or before the due date for each return required to be filed under this Section, any tax withheld or required to be withheld during the period for which the return is due and not previously paid to the Department.

(d) Regulatory authority. The Department may, by rule:

(1) If the aggregate amounts required to be withheld under this Article 7 do not exceed $1,000 for the calendar year, permit employers, in lieu of the requirements of subsections (b) and (c), to file annual returns due on or before January 31 of the following year for taxes withheld or required to be withheld during that calendar year and to pay the taxes required to be shown on each such return no later than the due date for such return.

(2) Provide that any payment required to be made under subsection (c)(1) or (c)(2) is deemed to be timely to the extent paid by electronic funds transfer on or before the due date for deposit of federal income taxes withheld from, or federal employment taxes due with respect to, the wages from which the Illinois taxes were withheld.

(3) Designate one or more depositories to which payment of taxes required to be withheld under this Article 7 must be paid by some or all employers.

(g) For amounts deducted or withheld after December 31, 2009, a taxpayer who makes an election under Section 5-15(f) of the Economic Development for a Growing Economy Act for a taxable year shall be allowed a credit against payments due under this Section for amounts withheld during the first calendar year beginning after the end of that taxable year equal to the amount of the credit awarded to the taxpayer by the Department of Commerce and Economic Opportunity under the Economic Development for a Growing Economy Act for the taxable year. The credit may not reduce the taxpayer's obligation for any payment due under this Section to less than zero. If the amount of the credit exceeds the total payments due under this Section with respect to amounts withheld during the calendar year, the excess may be carried forward and applied against the taxpayer's liability under this Section in the 5 succeeding calendar years. The credit shall be applied to the earliest year for which there is a tax liability. If there are credits from more than one taxable year that are available to offset a liability, the earlier credit shall be applied first. (a) the person, during the same taxable year, paid, accrued, or incurred, the interest to a person that is not a related member, and

(b) the transaction giving rise to the interest expense between the taxpayer and the person did not have as a principal purpose the avoidance of Illinois income tax, and is paid pursuant to a contract or agreement that reflects an arm's-length interest rate and terms; or

Nothing in this subsection shall preclude the Director from making any other adjustment otherwise allowed under Section 404 of this Act for any tax year beginning after the effective date of this amendment provided such adjustment is made pursuant to regulation adopted by the Department and such regulations provide methods and standards by which the Department will utilize its authority under Section 404 of this Act;

The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income under Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the intangible expenses and costs were directly or indirectly paid, incurred, or accrued. The preceding sentence does not apply to the extent that the same dividends caused a reduction to the addition modification required under Section 203(a)(2)(D-17) of this Act. As used in this subparagraph, the term "intangible expenses and costs"
includes (1) expenses, losses, and costs for, or related to, the direct or indirect acquisition, use, maintenance or management, ownership, sale, exchange, or any other disposition of intangible property; (2) losses incurred, directly or indirectly, from factoring transactions or discounting transactions; (3) royalty, patent, technical, and copyright fees; (4) licensing fees; and (5) other similar expenses and costs. This paragraph shall not apply to the following:

(i) any item of intangible expenses or costs paid, accrued, or incurred, directly or indirectly, from a transaction with a person who is subject in a foreign country or state, other than a state which requires mandatory unitary reporting, to a tax on or measured by net income with respect to such item; or

(ii) any item of intangible expense or cost paid, accrued, or incurred, directly or indirectly, if the taxpayer can establish, based on a preponderance of the evidence, both of the following:

(a) the person during the same taxable year paid, accrued, or incurred, the intangible expense or cost to a person that is not a related member, and

(b) the transaction giving rise to the intangible expense or cost between the taxpayer and the person did not have as a principal purpose the avoidance of Illinois income tax, and is paid pursuant to a contract or agreement that reflects arm's-length terms; or

(iii) any item of intangible expense or cost paid, accrued, or incurred, directly or indirectly, from a transaction with a person if the taxpayer establishes by clear and convincing evidence, that

Nothing in this subsection shall preclude the Director from making any other adjustment otherwise allowed under Section 404 of this Act for any tax year beginning after the effective date of this amendment provided such adjustment is made pursuant to regulation adopted by the Department and such regulations provide methods and standards by which the Department will utilize its authority under Section 404 of this Act;

(D-19) For taxable years ending on or after December 31, 2008, an amount equal to the amount of insurance premium expenses and costs otherwise allowed as a deduction in computing base income, and that were paid, accrued, or incurred, directly or indirectly, to a person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304. The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income under Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the premiums and costs were directly or indirectly paid, incurred, or accrued. (a) the person, during the same taxable year, paid, accrued, or incurred, the interest to a person that is not a related member, and

(b) the transaction giving rise to the interest expense between the taxpayer and the person did not have as a principal purpose the avoidance of Illinois income tax,
and is paid pursuant to a contract or agreement that reflects an arm's-length interest rate and terms; or

(iii) the taxpayer can establish, based on clear and convincing evidence, that the interest paid, accrued, or incurred relates to a contract or agreement entered into at arm's-length rates and terms and the principal purpose for the payment is not federal or Illinois tax avoidance; or

(iv) an item of interest paid, accrued, or incurred, directly or indirectly, to a person if the taxpayer establishes by clear and convincing evidence that the adjustments are unreasonable; or if the taxpayer and the Director agree in writing to the application or use of an alternative method of apportionment under Section 304(f).

The preceding sentence shall not apply to the extent that the same dividends caused a reduction to the addition modification required under Section 203(b)(2)(E-12) of this Act. As used in this subparagraph, the term "intangible expenses and costs" includes (1) expenses, losses, and costs for, or related to, the direct or indirect acquisition, use, maintenance or management, ownership, sale, exchange, or any other disposition of intangible property; (2) losses incurred, directly or indirectly, from factoring transactions or discounting transactions; (3) royalty, patent, technical, and copyright fees; (4) licensing fees; and (5) other similar expenses and costs. Such petition shall be addressed to the court and shall contain a definite description of the boundaries of the territory to be embraced in the proposed addition.

Upon filing any such petition with the clerk of the court, the court shall fix a time and place for a hearing upon the subject of the petition. (a) To award all contracts for purchase of supplies, materials or work or contracts with private carriers for transportation of pupils involving an expenditure in excess of $25,000 or a lower amount as required by board policy to the lowest responsible bidder, considering conformity with specifications, terms of delivery, quality and serviceability, after due advertisement, except the following: (i) contracts for the services of individuals possessing a high degree of professional skill where the ability or fitness of the individual plays an important part; (ii) contracts for the printing of finance committee reports and departmental reports; (iii) contracts for the printing or engraving of bonds, tax warrants and other evidences of indebtedness; (iv) contracts for the purchase of perishable foods and perishable beverages; (v) contracts for materials and work which have been awarded to the lowest responsible bidder after due advertisement, but due to unforeseen revisions, not the fault of the contractor for materials and work, must be revised causing expenditures not in excess of 10% of the contract price; (vi) contracts for the maintenance or servicing of, or provision of repair parts for, equipment which are made with the manufacturer or authorized service agent of that equipment where the provision of parts, maintenance, or servicing can best be performed by the manufacturer or authorized service agent; (vii) purchases and contracts for the use, purchase, delivery, movement, or installation of data processing equipment, software, or services and telecommunications and interconnect equipment, software, and services; (viii) contracts for duplicating machines and supplies; (ix) contracts for the purchase of natural gas when the cost is less than that offered by a public utility; (x) purchases of equipment previously owned by some entity other than the district itself; (xi) contracts for repair, maintenance, remodeling, renovation, or construction, or a single project involving an expenditure not to exceed $50,000 and not involving a change or increase in the size, type, or extent of an existing facility; (xii) contracts for goods or services procured from another governmental agency; (xiii) contracts for goods or services which are economically procurable from only one source, such as for the purchase of magazines, books, periodicals, pamphlets and reports, and for utility services such as water, light, heat, telephone or telegraph; (xiv) where funds are expended in an emergency and such emergency expenditure is approved by 3/4 of the members of the board; and (xv) State master contracts authorized under Article 28A of this Code.

All competitive bids for contracts involving an expenditure in excess of $25,000 or a lower amount as required by board policy must be

New matter indicated by italics - deletions by strikeout.
sealed by the bidder and must be opened by a member or employee of the school board at a public bid opening at which the contents of the bids must be announced. Each bidder must receive at least 3 days' notice of the time and place of the bid opening. For purposes of this Section due advertisement includes, but is not limited to, at least one public notice at least 10 days before the bid date in a newspaper published in the district, or if no newspaper is published in the district, in a newspaper of general circulation in the area of the district. State master contracts and certified education purchasing contracts, as defined in Article 28A of this Code, are not subject to the requirements of this paragraph.

Under this Section, the acceptance of bids sealed by a bidder and the opening of these bids at a public bid opening may be permitted by an electronic process for communicating, accepting, and opening competitive bids. However, bids for construction purposes are prohibited from being communicated, accepted, or opened electronically. An electronic bidding process must provide for, but is not limited to, the following safeguards:

1. On the date and time certain of a bid opening, the primary person conducting the competitive, sealed, electronic bid process shall log onto a specified database using a unique username and password previously assigned to the bidder to allow access to the bidder's specific bid project number.

2. The specified electronic database must be on a network that (i) is in a secure environment behind a firewall; (ii) has specific encryption tools; (iii) maintains specific intrusion detection systems; (iv) has redundant systems architecture with data storage back-up, whether by compact disc or tape; and (v) maintains a disaster recovery plan.

It is the legislative intent of this amendatory Act of the 96th General Assembly to maintain the integrity of the sealed bidding process provided for in this Section, to further limit any possibility of bid-rigging, to reduce administrative costs to school districts, and to effect efficiencies in communications with bidders.

(b) To require, as a condition of any contract for goods and services, that persons bidding for and awarded a contract and all affiliates of the person collect and remit Illinois Use Tax on all sales of tangible personal property into the State of Illinois in accordance with the provisions of the Illinois Use Tax Act regardless of whether the person or affiliate is a "retailer maintaining a place of business within this State" as defined in Section 2 of the Use Tax Act. For purposes of this Section, the
term "affiliate" means any entity that (1) directly, indirectly, or constructively controls another entity, (2) is directly, indirectly, or constructively controlled by another entity, or (3) is subject to the control of a common entity. For purposes of this subsection (b), an entity controls another entity if it owns, directly or individually, more than 10% of the voting securities of that entity. As used in this subsection (b), the term "voting security" means a security that (1) confers upon the holder the right to vote for the election of members of the board of directors or similar governing body of the business or (2) is convertible into, or entitles the holder to receive upon its exercise, a security that confers such a right to vote. A general partnership interest is a voting security.

To require that bids and contracts include a certification by the bidder or contractor that the bidder or contractor is not barred from bidding for or entering into a contract under this Section and that the bidder or contractor acknowledges that the school board may declare the contract void if the certification completed pursuant to this subsection (b) is false.

(b-5) To require all contracts and agreements that pertain to goods and services and that are intended to generate additional revenue and other remunerations for the school district in excess of $1,000, including without limitation vending machine contracts, sports and other attire, class rings, and photographic services, to be approved by the school board. The school board shall file as an attachment to its annual budget a report, in a form as determined by the State Board of Education, indicating for the prior year the name of the vendor, the product or service provided, and the actual net revenue and non-monetary remuneration from each of the contracts or agreements. In addition, the report shall indicate for what purpose the revenue was used and how and to whom the non-monetary remuneration was distributed.

(c) If the State education purchasing entity creates a master contract as defined in Article 28A of this Code, then the State education purchasing entity shall notify school districts of the existence of the master contract.

(d) In purchasing supplies, materials, equipment, or services that are not subject to subsection (c) of this Section, before a school district solicits bids or awards a contract, the district may review and consider as a bid under subsection (a) of this Section certified education purchasing contracts that are already available through the State education purchasing entity.

Section 5. The Township Code is amended by changing Section 205-75 as follows:

(60 ILCS 1/205-75)

Sec. 205-75. Liens; recovery of money due.

(a) Charges or rates established under this Article are liens upon the real estate upon or for which a system is supplied. Liens do not attach to the real estate until the charges or rates have become delinquent as provided by an ordinance fixing a delinquency date.

(b) Nothing in this Section shall be construed to give the township board or the township utility board a preference over the rights of any purchaser, mortgagee, judgment creditor, or other lien holder arising before the filing of notice of the lien in the office of the recorder of the county in which the real estate is located or in the office of the registrar of titles of the county if the property is registered under the Registered Titles (Torrens) Act. The notice shall consist of a sworn statement setting forth (i) a description of the real estate, sufficient for its identification, upon or

for which the system was supplied, (ii) the amount or amounts of money due for services of the system, and (iii) the date or dates when the amount or amounts became delinquent.

(c) The township board or the township utility board may foreclose the lien in the same manner and with the same effect as the foreclosure of mortgages on real estate.

(d) The township board or the township utility board may file an action in the circuit court to recover money due for services of a system, plus a reasonable attorney's fee to be fixed by the court. Whenever a judgment is entered in a civil action, the provisions of this Section with respect to filing sworn statements of delinquencies in the office of the recorder and creating a lien against the real estate are not effective as to the charges sued upon, and no lien exists thereafter against the real estate for the delinquency. A judgment in a civil action operates as a release and waiver of the lien upon the real estate for the amount of judgement.

(e) The payment of delinquent charges for sewerage service to any premises may be enforced by discontinuing the water service, the sewerage service, or both to the premises. A rate or charge is delinquent if it is more than 30 days overdue. Any public or municipal corporation or political subdivision of the State furnishing water service to the premises (i) shall discontinue that service upon receiving written notice from the township board or the township utility board in which the premises lies that payment of the rate or charge for sewerage service to the premises has become delinquent and (ii) shall not resume water service until it receives a similar notice that the delinquency has been removed. The provider of sewerage service shall not request discontinuation of water service pursuant to this subsection before sending a notice of the delinquency to the sewer user and affording the owner an opportunity to be heard. During any such hearing, the provider of sewerage service shall consider the financial ability of the user to make immediate full payment and consider the establishment of a deferred payment plan to recoup any delinquent charges. The township board or the township utility board shall reimburse the public or municipal corporation or political subdivision of the State for the reasonable cost of discontinuing and reestablishing water service to the premises. The township board or the township utility board may contract with any privately owned public utility for the discontinuance of water service to a premises with respect to which the payment for a rate or charge for sewerage service has become delinquent. The township board or township utility board shall reimburse
the water service provider for any lost water service revenues due to discontinuing water service under this subsection, and shall indemnify the water service provider for any judgment and related attorney's fees resulting from an action based on any provision of this subsection.

Sec. 5-1006.5. Special County Retailers' Occupation Tax For Public Safety, Public Facilities, or Transportation.

(a) The county board of any county may impose a tax upon all persons engaged in the business of selling tangible personal property, other than personal property titled or registered with an agency of this State's government, at retail in the county on the gross receipts from the sales made in the course of business to provide revenue to be used exclusively for public safety, public facility, or transportation purposes in that county, if a proposition for the tax has been submitted to the electors of that county and approved by a majority of those voting on the question. If imposed, this tax shall be imposed only in one-quarter percent increments. By resolution, the county board may order the proposition to be submitted at any election. If the tax is imposed for transportation purposes for expenditures for public highways or as authorized under the Illinois Highway Code, the county board must publish notice of the existence of its long-range highway transportation plan as required or described in Section 5-301 of the Illinois Highway Code and must make the plan publicly available prior to approval of the ordinance or resolution imposing the tax. If the tax is imposed for transportation purposes for expenditures for passenger rail transportation, the county board must publish notice of the existence of its long-range passenger rail transportation plan and must make the plan publicly available prior to approval of the ordinance or resolution imposing the tax. The county clerk shall certify the question to the proper election authority, who shall submit the proposition at an election in accordance with the general election law.

As additional information on the ballot below the question shall appear the following:

"This would mean that a consumer would pay an additional (insert amount) in sales tax for every $100 of tangible personal property bought at retail."

New matter indicated by italics - deletions by strikeout.
The county board may also opt to establish a sunset provision at which time the additional sales tax would cease being collected, if not terminated earlier by a vote of the county board. If the county board votes to include a sunset provision, the proposition for public safety purposes shall be in substantially the following form:

"To pay for public safety purposes, shall (name of county) be authorized to impose an increase on its share of local sales taxes by (insert rate) for a period not to exceed (insert number of years)?"

If the county board votes to include a sunset provision, the proposition for transportation purposes shall be in substantially the following form:

"To pay for road improvements and other transportation purposes, shall (name of county) be authorized to impose an
increase on its share of local sales taxes by (insert rate) for a period not to exceed (insert number of years)"

As additional information on the ballot below the question shall appear the following:

The votes shall be recorded as "Yes" or "No".

(3) The proposition for public facility purposes shall be in substantially the following form:

For the purpose of this Section, "satisfactory repayment record" shall be defined by rule.

In addition, a complaint filed with the Department by the Illinois Department of Revenue that includes a certification, signed by its Director or designee, attesting to the amount of the unpaid tax liability or the years for which a return was not filed, or both, is prima facia evidence of the licensee's failure to comply with the tax laws administered by the Illinois Department of Revenue. The Circuit Court Board shall have power and it shall be its duty to investigate all persons when the application is made and to grant or deny the same within a reasonable time after the making of the application.
(d) If the Circuit Court has issued a certificate of good conduct, the Court may at any time issue a new certificate enlarging the relief previously granted.

(e) Any certificate of good conduct issued by the Court to an individual who at the time of the issuance of the certificate is under the conditions of parole or mandatory supervised release imposed by the Prisoner Review Board shall be deemed to be a temporary certificate until the time as the individual is discharged from the terms of parole or mandatory supervised release, and, while temporary, the certificate may be revoked by the Court for violation of the conditions of parole or mandatory supervised release. (65 ILCS 5/11-20-13) (from Ch. 24, par. 11-20-13)

Sec. 11-20-13. Removal of garbage, debris, and graffiti.

(a) The corporate authorities of each municipality may provide for the removal of garbage, debris, and graffiti from any parcel of private property within the municipality if the owner of that parcel, after reasonable notice, refuses or neglects to remove the garbage, debris, and graffiti. The municipality may collect, from the owner of the parcel, the reasonable removal cost.

(b) The municipality's removal cost under this Section is a lien upon the underlying parcel in accordance with Section 11-20-15.

(c) This amendatory Act of 1973 does not apply to any municipality which is a home rule unit.

(d) For the purpose of this Section, "removal cost" means the total cost of the removal of garbage and debris. The term "removal cost" does not include any cost associated with the removal of graffiti.

(e) In the case of an abandoned residential property as defined in Section 11-20-15.1, the municipality may elect to obtain a lien for the removal cost pursuant to Section 11-20-15.1, in which case the provisions of Section 11-20-15.1 shall be the exclusive remedy for the removal cost.

The provisions of this subsection (e), other than this sentence, are inoperative upon certification by the Secretary of the Illinois Department of Financial and Professional Regulation, after consultation with the United States Department of Housing and Urban Development, that the Mortgage Electronic Registration System program is effectively registering substantially all mortgaged residential properties located in

Sec. 11-20-15. Lien for removal costs.
(a) If the municipality incurs a removal cost under Section 11-20-7, 11-20-8, 11-20-12, or 11-20-13 with respect to any underlying parcel, then that cost is a lien upon that underlying parcel. This lien is superior to all other liens and encumbrances, except tax liens and as otherwise provided in subsection (c) of this Section.

(b) To perfect a lien under this Section, the municipality must, within one year after the removal cost is incurred, file notice of lien in the office of the recorder in the county in which the underlying parcel is located or, if the underlying parcel is registered under the Torrens system, in the office of the Registrar of Titles of that county. The notice must consist of a sworn statement setting out:

(1) a description of the underlying parcel that sufficiently identifies the parcel;
(2) the amount of the removal cost; and
(3) the date or dates when the removal cost was incurred by the municipality.

If, for any one parcel, the municipality engaged in any removal activity on more than one occasion during the course of one year, then the municipality may combine any or all of the costs of each of those activities into a single notice of lien.

(c) A lien under this Section is not valid as to: (i) any purchaser whose rights in and to the underlying parcel arose after the removal activity but before the filing of the notice of lien; or (ii) any mortgagee, judgment creditor, or other lienor whose rights in and to the underlying parcel arose before the filing of the notice of lien.

(d) The removal cost is not a lien on the underlying parcel unless a notice is personally served on, or sent by certified mail to, the person to whom was sent the tax bill for the general taxes on the property for the taxable year immediately preceding the removal activities. The notice must be delivered or sent after the removal activities have been performed, and it must: (i) state the substance of this Section and the substance of any ordinance of the municipality implementing this Section; (ii) identify the

underlying parcel, by common description; and (iii) describe the removal activity.

(e) A lien under this Section may be enforced by proceedings to foreclose as in case of mortgages or mechanics’ liens. An action to foreclose a lien under this Section must be commenced within 2 years after the date of filing notice of lien.

(f) Any person who performs a removal activity by the authority of the municipality may, in his or her own name, file a lien and foreclose on that lien in the same manner as a municipality under this Section.

(g) A failure to file a foreclosure action does not, in any way, affect the validity of the lien against the underlying parcel.

(h) Upon payment of the lien cost by the owner of the underlying parcel after notice of lien has been filed, the municipality (or its agent under subsection (f)) shall release the lien, and the release may be filed of record by the owner at his or her sole expense as in the case of filing notice of lien.

(i) For the purposes of this Section:
"Lien cost" means the removal cost and the filing costs for any notice of lien under subsection (b).
"Removal activity" means any activity for which a removal cost was incurred.
"Removal cost" means a removal cost as defined under Section 11-20-7, 11-20-8, 11-20-12, or 11-20-13.
"Underlying parcel" means a parcel of private property upon which a removal activity was performed.
"Year" means a 365-day period.

(j) This Section applies only to liens filed after August 14, 2009 (the effective date of Public Act 96-462) this amendatory Act of the 96th General Assembly.

(k) This Section shall not apply to a lien filed pursuant to Section 11-20-15.1.

(65 ILCS 5/11-20-15.1 new)
Sec. 11-20-15.1. Lien for costs of removal, securing, and enclosing on abandoned residential property.

respect to an abandoned residential property, then that cost is a lien upon the underlying parcel of that abandoned residential property. This lien is superior to all other liens and encumbrances, except tax liens and as otherwise provided in this Section.

(b) To perfect a lien under this Section, the municipality must, within one year after the cost is incurred for the activity, file notice of the lien in the office of the recorder in the county in which the abandoned residential property is located or, if the abandoned residential property is registered under the Torrens system, in the office of the Registrar of Titles of that county, a sworn statement setting out:

(1) a description of the abandoned residential property that sufficiently identifies the parcel;
(2) the amount of the cost of the activity;
(3) the date or dates when the cost for the activity was incurred by the municipality; and
(4) a statement that the lien has been filed pursuant to subsection (d) of Section 11-20-7, subsection (d) of Section 11-20-8, subsection (d) of Section 11-20-12, subsection (e) of Section 11-20-13, or Section 11-31-1.01, as applicable.

If, for any abandoned residential property, the municipality engaged in any activity on more than one occasion during the course of one year, then the municipality may combine any or all of the costs of each of those activities into a single notice of lien.

(c) To enforce a lien pursuant to this Section, the municipality must maintain contemporaneous records that include, at a minimum: (i) a dated statement of finding by the municipality that the property for which the work is to be performed has become abandoned residential property, which shall include (1) the date when the property was first known or observed to be unoccupied by any lawful occupant or occupants, (2) a description of the actions taken by the municipality to contact the legal owner or owners of the property identified on the recorded mortgage, or, if known, any agent of the owner or owners, including the dates such actions were taken, and (3) a statement that no contacts were made with the legal owner or owners or their agents as a result of such actions, (ii) a dated certification by an authorized official of the municipality of the necessity and specific nature of the work to be performed, (iii) a copy of the agreement with the person or entity performing the work that includes the legal name of the person or entity, the rate or rates to be charged for performing the work, and an estimate of the total cost of the work to be

performed, (iv) detailed invoices and payment vouchers for all payments made by the municipality for such work, and (v) a statement as to whether the work was engaged through a competitive bidding process, and if so, a copy of all proposals submitted by the bidders for such work.

(d) A lien under this Section shall be enforceable exclusively at the hearing for confirmation of sale of the abandoned residential property that is held pursuant to subsection (b) of Section 15-1508 of the Code of Civil Procedure and shall be limited to a claim of interest in the proceeds of the sale and subject to the requirements of this Section. Any mortgagee who holds a mortgage on the property, or any beneficiary or trustee who holds a deed of trust on the property, may contest the lien or the amount of the lien at any time during the foreclosure proceeding upon motion and notice in accordance with court rules applicable to motions generally. Grounds for forfeiture of the lien or the superior status of the lien granted by subsection (a) of this Section shall include, but not be limited to, a finding by the court that: (i) the municipality has not complied with subsection (b) or (c) of this Section, (ii) the scope of the work was not reasonable under the circumstances, (iii) the work exceeded the authorization for the work to be performed under subsection (a) of Section 11-20-7, subsection (a) of Section 11-20-8, subsection (a) of Section 11-20-12, subsection (a) of Section 11-20-13, or subsection (a) of Section 11-31-1.01, as applicable, or (iv) the cost of the services rendered or materials provided was not commercially reasonable. Forfeiture of the superior status of the lien otherwise granted by this Section shall not constitute a forfeiture of the lien as a subordinate lien.

(e) Upon payment of the amount of a lien filed under this Section by the mortgagee, servicer, owner, or any other person, the municipality shall release the lien, and the release may be filed of record by the person making such payment at the person's sole expense as in the case of filing notice of lien.

(f) Notwithstanding any other provision of this Section, a municipality may not file a lien pursuant to this Section for activities performed pursuant to Section 11-20-7, Section 11-20-8, Section 11-20-12, Section 11-20-13, or Section 11-31-1.01, if: (i) the mortgagee or servicer of the abandoned residential property has provided notice to the municipality that the mortgagee or servicer has performed or will perform the remedial actions specified in the notice that the municipality otherwise might perform pursuant to subsection (d) of Section 11-20-7, subsection (d) of Section 11-20-8, subsection (d) of Section 11-20-12, subsection (e)
of Section 11-20-13, or Section 11-31-1.01, provided that the remedial actions specified in the notice have been performed or are performed or initiated in good faith within 30 days of such notice; or (ii) the municipality has provided notice to the mortgagee or servicer of a problem with the property requiring the remedial actions specified in the notice that the municipality otherwise would perform pursuant to subsection (d) of Section 11-20-7, subsection (d) of Section 11-20-8, subsection (d) of Section 11-20-12, subsection (e) of Section 11-20-13, or Section 11-31-1.01, and the mortgagee or servicer has performed or performs or initiates in good faith the remedial actions specified in the notice within 30 days of such notice.

(g) This Section and subsection (d) of Section 11-20-7, subsection (d) of Section 11-20-8, subsection (d) of Section 11-20-12, subsection (e) of Section 11-20-13, or Section 11-31-1.01 shall apply only to activities performed, costs incurred, and liens filed after the effective date of this amendatory Act of the 96th General Assembly.

Sec. 10-30. Advertising.

(a) No advertising, whether in print, via the Internet, or through any other media, shall be fraudulent, deceptive, inherently misleading, or proven to be misleading in practice. Advertising shall be considered misleading or untruthful if, when taken as a whole, there is a distinct and reasonable possibility that it will be misunderstood or will deceive the ordinary purchaser, seller, lessee, lessor, or owner. (b) No blind advertisements may be used by any licensee, in any media, except as provided for in this Section.

(c) A licensee shall disclose, in writing, to all parties in a transaction his or her status as a licensee and any and all interest the licensee has or may have in the real estate constituting the subject matter thereof, directly or indirectly, according to the following guidelines:

(1) On broker yard signs or in broker advertisements, no disclosure of ownership is necessary. However, the ownership shall be indicated on any property data form and disclosed to persons responding to any advertisement or any sign. The term "broker owned" or "agent owned" is sufficient disclosure.

(2) A sponsored or inoperative licensee selling or leasing property, owned solely by the sponsored or inoperative licensee,

(d) A sponsored licensee may not advertise under his or her own name. Advertising in any media shall be under the direct supervision of the sponsoring or managing broker and in the sponsoring broker's business name, which in the case of a franchise shall include the franchise affiliation as well as the name of the individual firm. This provision does not apply under the following circumstances:

(Section scheduled to be repealed on January 1, 2010)
Sec. 15-45. Dual agency.
(a) A licensee may act as a dual agent only with the informed
written consent of all clients. Informed written consent shall be presumed
to have been given by any client who signs a document that includes the
following:
"The undersigned (insert name(s)), ("Licensee"), may
undertake a dual representation (represent both the seller or
landlord and the buyer or tenant) for the sale or lease of property.
The undersigned acknowledge they were informed of the
possibility of this type of representation. Before signing this
document please read the following: Representing more than one
party to a transaction presents a conflict of interest since both
clients may rely upon Licensee's advice and the client's respective
interests may be adverse to each other. Licensee will undertake this
representation only with the written consent of ALL clients in the
transaction. Any agreement between the clients as to a final
contract price and other terms is a result of negotiations between
the clients acting in their own best interests and on their own
behalf. You acknowledge that Licensee has explained the
implications of dual representation, including the risks involved,
and understand that you have been advised to seek independent
advice from your advisors or attorneys before signing any
documents in this transaction.
WHAT A LICENSEE CAN DO FOR CLIENTS

New matter indicated by italics - deletions by strikeout.
WHEN ACTING AS A DUAL AGENT
1. Treat all clients honestly.
2. Provide information about the property to the buyer or tenant.
3. Disclose all latent material defects in the property that are known to the Licensee.
4. Disclose financial qualification of the buyer or tenant to the seller or landlord.
5. Explain real estate terms.
6. Help the buyer or tenant to arrange for property inspections.
8. Help the buyer compare financing alternatives.
9. Provide information about comparable properties that have sold so both clients may make educated decisions on what price to accept or offer.

WHAT LICENSEE CANNOT DISCLOSE TO CLIENTS WHEN ACTING AS A DUAL AGENT
1. Confidential information that Licensee may know about a client, without that client's permission.
2. The price or terms the seller or landlord will take other than the listing price without permission of the seller or landlord.
3. The price or terms the buyer or tenant is willing to pay without permission of the buyer or tenant.
4. A recommended or suggested price or terms the buyer or tenant should offer.
5. A recommended or suggested price or terms the seller or landlord should counter with or accept.

If either client is uncomfortable with this disclosure and dual representation, please let Licensee know. You are not required to sign this document unless you want to allow Licensee to proceed as a Dual Agent in this transaction. By signing below, you acknowledge that you have read and understand this form and voluntarily consent to Licensee acting as a Dual Agent (that is, to represent BOTH the seller or landlord and the buyer or tenant) should that become necessary."

(b) The dual agency disclosure form provided for in subsection (a) of this Section must be presented by a licensee, who offers dual representation, to the client at the time the brokerage agreement is entered into and may be signed by the client at that time or at any time before the licensee acts as a dual agent as to the client.

New matter indicated by italics - deletions by strikeout.
(c) A licensee acting in a dual agency capacity in a transaction must obtain a written confirmation from the licensee's clients of their prior consent for the licensee to act as a dual agent in the transaction. This confirmation should be obtained at the time the clients are executing any offer or contract to purchase or lease in a transaction in which the licensee is acting as a dual agent. This confirmation may be included in another document, such as a contract to purchase, in which case the client must not only sign the document but also initial the confirmation of dual agency provision. That confirmation must state, at a minimum, the following:

"The undersigned confirm that they have previously consented to (insert name(s)), ("Licensee"), acting as a Dual Agent in providing brokerage services on their behalf and specifically consent to Licensee acting as a Dual Agent in regard to the transaction referred to in this document."

(d) No cause of action shall arise on behalf of any person against a dual agent for making disclosures allowed or required by this Article, and the dual agent does not terminate any agency relationship by making the allowed or required disclosures.

(e) In the case of dual agency, each client and the licensee possess only actual knowledge and information. There shall be no imputation of knowledge or information among or between clients, brokers, or their affiliated licensees.

(f) In any transaction, a licensee may without liability withdraw from representing a client who has not consented to a disclosed dual agency. The withdrawal shall not prejudice the ability of the licensee to continue to represent the other client in the transaction or limit the licensee from representing the client in other transactions. When a withdrawal as contemplated in this subsection (f) occurs, the licensee shall not receive a referral fee for referring a client to another licensee unless written disclosure is made to both the withdrawing client and the client that continues to be represented by the licensee.

(b) When any aggrieved person commences action for a judgment that may result in collection from the Real Estate Recovery Fund, the aggrieved person must name as parties defendant to that action any and all individual licensees real estate brokers, real estate salespersons, or their employees who allegedly committed or are responsible for acts or omissions giving rise to a right of recovery from the Real Estate Recovery Fund. In case any process mentioned in this Section is served upon the Secretary Commissioner, the Secretary Commissioner shall forward a copy of the process by certified mail to the licensee's last address on record with the Department of OBRE. Any judgment obtained after service of process on the Secretary Commissioner under this Act shall apply to and be enforceable against the Real Estate Recovery Fund only. justice was otherwise not done, the court shall then enter an order

In all other cases, the notice shall be sent to the mortgagor at the common address of the foreclosed property. The notice shall be sent by first class mail. Unless the right to possession has been previously terminated by the court, the notice shall include the following language in 12-point boldface capitalized type:

IF YOU ARE THE MORTGAGOR (HOMEOWNER), YOU HAVE THE RIGHT TO REMAIN IN POSSESSION FOR 30 DAYS AFTER ENTRY OF AN ORDER OF POSSESSION, IN ACCORDANCE WITH SECTION 15-1701(c) OF THE ILLINOIS MORTGAGE FORECLOSURE LAW.

(b-10) Notice of confirmation order sent to municipality or county. A copy of the confirmation order required under subsection (b) shall be sent to the municipality in which the foreclosed property is located, or to the county within the boundary of which the foreclosed property is located if the foreclosed property is located in an unincorporated territory. A municipality or county must clearly publish on its website a single address to which such notice shall be sent. If a municipality or county does not maintain a website, then the municipality or county must publicly post in its main office a single address to which such notice shall be sent. In the event that a municipality or county has not complied with the publication requirement in this subsection (b-10), then such notice to the municipality or county shall be provided pursuant to Section 2-211 of the Code of Civil Procedure.

(c) Failure to Give Notice. If any sale is held without compliance with subsection (c) of Section 15-1507 of this Article, any party entitled to the notice provided for in paragraph (3) of that subsection (c) who was not so notified may, by motion supported by affidavit made prior to confirmation of such sale, ask the court which entered the judgment to set aside the sale. Any such party shall guarantee or secure by bond a bid equal to the successful bid at the prior sale, unless the party seeking to set aside the sale is the mortgagor, the real estate sold at the sale is residential real estate, and the mortgagor occupies the residential real estate at the time the motion is filed. In that event, no guarantee or bond shall be

required of the mortgagor. Any subsequent sale is subject to the same notice requirement as the original sale.

(d) Validity of Sale. Except as provided in subsection (c) of Section 15-1508, no sale under this Article shall be held invalid or be set aside because of any defect in the notice thereof or in the publication of the same, or in the proceedings of the officer conducting the sale, except upon good cause shown in a hearing pursuant to subsection (b) of Section 15-1508. At any time after a sale has occurred, any party entitled to notice under paragraph (3) of subsection (c) of Section 15-1507 may recover from the mortgagee any damages caused by the mortgagee's failure to comply with such paragraph (3). Any party who recovers damages in a judicial proceeding brought under this subsection may also recover from the mortgagee the reasonable expenses of litigation, including reasonable attorney's fees.

(e) Deficiency Judgment. In any order confirming a sale pursuant to the judgment of foreclosure, the court shall also enter a personal judgment for deficiency against any party (i) if otherwise authorized and (ii) to the extent requested in the complaint and proven upon presentation of the report of sale in accordance with Section 15-1508. Except as otherwise provided in this Article, a judgment may be entered for any balance of money that may be found due to the plaintiff, over and above the proceeds of the sale or sales, and enforcement may be had for the collection of such balance, the same as when the judgment is solely for the payment of money. Such judgment may be entered, or enforcement had, only in cases where personal service has been had upon the persons personally liable for the mortgage indebtedness, unless they have entered their appearance in the foreclosure action.

(f) Satisfaction. Upon confirmation of the sale, the judgment stands satisfied to the extent of the sale price less expenses and costs. If the order confirming the sale includes a deficiency judgment, the judgment shall become a lien in the manner of any other judgment for the payment of money.

(g) The order confirming the sale shall include, notwithstanding any previous orders awarding possession during the pendency of the foreclosure, an award to the purchaser of possession of the mortgaged real estate, as of the date 30 days after the entry of the order, against the parties to the foreclosure whose interests have been terminated.

An order of possession authorizing the removal of a person from possession of the mortgaged real estate shall be entered and enforced only
against those persons personally named as individuals in the complaint or the petition under subsection (h) of Section 15-1701 and in the order of possession and shall not be entered and enforced against any person who is only generically described as an unknown owner or nonrecord claimant or by another generic designation in the complaint.

Notwithstanding the preceding paragraph, the failure to personally name, include, or seek an award of possession of the mortgaged real estate against a person in the confirmation order shall not abrogate any right that the purchaser may have to possession of the mortgaged real estate and to maintain a proceeding against that person for possession under Article 9 of this Code or subsection (h) of Section 15-1701; and possession against a person who (1) has not been personally named as a party to the foreclosure and (2) has not been provided an opportunity to be heard in the foreclosure proceeding may be sought only by maintaining a proceeding under Article 9 of this Code or subsection (h) of Section 15-1701.
