automated traffic law violations.

(a) Any municipality may provide by ordinance for a system of
administrative adjudication of vehicular standing and parking violations
and vehicle compliance violations as defined in this subsection and
automated traffic law violations as defined in Section 11-208.6. The
administrative system shall have as its purpose the fair and efficient

(2) A parking, standing, compliance, or automated traffic law violation notice that shall specify the date, time, and place of violation of a parking, standing, compliance, or automated traffic law regulation; the particular regulation violated; any requirement to complete a traffic education program; the fine and any penalty that may be assessed for late payment or failure to complete a required traffic education program, or both, when so provided by ordinance; the vehicle make and state registration number; and the identification number of the person issuing the notice. With regard to automated traffic law violations, vehicle make shall be specified on the automated traffic law violation notice if the make is available and readily discernible. With regard to municipalities with a population of 1 million or more, it shall be grounds for dismissal of a parking violation if the state registration number or vehicle make specified is incorrect. The violation notice shall state that the completion of any required traffic education program, the payment of any the indicated fine, and the payment of any applicable penalty for late payment or failure to complete a required traffic education program, or both, shall operate as a final disposition of the violation. The notice also shall contain information as to the availability of a hearing in which the violation may be contested on its merits. The violation notice shall specify the time and manner in which a hearing may be had.

(3) Service of the parking, standing, or compliance violation notice by affixing the original or a facsimile of the notice to an unlawfully parked vehicle or by handing the notice to the operator of a vehicle if he or she is present and service of an automated traffic law violation notice by mail to the address of the registered owner of the cited vehicle as recorded with the Secretary of State within 30 days after the Secretary of State notifies the municipality or county of the identity of the owner of the vehicle, but in no event later than 90 days after the violation. A person authorized by ordinance to issue and serve parking, standing, and compliance violation notices shall certify as to the correctness of the facts entered on the violation notice by signing his or her name to the notice at the time of service or in the case of a notice produced by a computerized device, by signing a single certificate.

to be kept by the traffic compliance administrator attesting to the correctness of all notices produced by the device while it was under his or her control. In the case of an automated traffic law violation, the ordinance shall require a determination by a technician employed or contracted by the municipality or county that, based on inspection of recorded images, the motor vehicle was being operated in violation of Section 11-208.6 or a local ordinance. If the technician determines that the vehicle entered the intersection as part of a funeral procession or in order to yield the right-of-way to an emergency vehicle, a citation shall not be issued. The original or a facsimile of the violation notice or, in the case of a notice produced by a computerized device, a printed record generated by the device showing the facts entered on the notice, shall be retained by the traffic compliance administrator, and shall be a record kept in the ordinary course of business. A parking, standing, compliance, or automated traffic law violation notice issued, signed and served in accordance with this Section, a copy of the notice, or the computer generated record shall be prima facie correct and shall be prima facie evidence of the correctness of the facts shown on the notice. The notice, copy, or computer generated record shall be admissible in any subsequent administrative or legal proceedings.

(4) An opportunity for a hearing for the registered owner of the vehicle cited in the parking, standing, compliance, or automated traffic law violation notice in which the owner may contest the merits of the alleged violation, and during which formal or technical rules of evidence shall not apply; provided, however, that under Section 11-1306 of this Code the lessee of a vehicle cited in the violation notice likewise shall be provided an opportunity for a hearing of the same kind afforded the registered owner. The hearings shall be recorded, and the person conducting the hearing on behalf of the traffic compliance administrator shall be empowered to administer oaths and to secure by subpoena both the attendance and testimony of witnesses and the production of relevant books and papers. The service shall be deemed complete as of the date of deposit in the United States mail. The notices shall be in the following sequence and shall include but not be limited to the information specified herein:

This notice shall specify the date and location of the violation cited in the parking, standing, or compliance violation notice, the particular regulation violated, the vehicle make and state registration number, any requirement to complete a traffic education program, the fine and any penalty that may be assessed for late payment or failure to complete a traffic education program, or both, when so provided by ordinance, the availability of a hearing in which the violation may be contested on its merits, and the time and manner in which the hearing may be had. The notice of violation shall also state that failure to complete a required traffic education program, either to pay the indicated fine and any applicable penalty, or to appear at a hearing on the merits in the time and manner specified, will result in a final determination of violation liability for the cited violation in the amount of the fine or penalty indicated, and that, upon the occurrence of a final determination of violation liability for the failure, and the exhaustion of, or failure to exhaust, available administrative or judicial procedures for review, any incomplete traffic education program or any unpaid fine or penalty, or both, will constitute a debt due and owing the municipality.

The notice shall contain warnings that failure to *complete any required traffic education program or to pay any fine or penalty due and owing the municipality, or both*, within the time specified may result in the municipality's filing of a petition in the Circuit Court to have the *incomplete traffic education program or unpaid fine or penalty, or both*, rendered a judgment as provided by this Section, or may result in suspension of the person's drivers license for failure to *complete a traffic education program or to pay fines or penalties, or both*, for 10 or more parking violations under Section 6-306.5 or 5 or more automated traffic law violations under Section 11-208.6.

This notice shall be sent to the person liable for *failure to complete a required traffic education program or to pay any fine or penalty that remains due and owing, or both*, on 10 or more parking violations or 5 or more unpaid automated traffic law violations. The notice shall state that failure to *complete a required traffic education program or to pay the fine or penalty owing, or both*, within 45 days of the notice's date will result in the municipality notifying the Secretary of State that the person is eligible for initiation of suspension proceedings under Section 6-306.5 of this Code. The notice shall also state that the person may obtain a photostatic copy of an original ticket imposing a fine or penalty by sending a self addressed, stamped envelope to the municipality along with a request for the photostatic copy. (7) Final determinations of violation liability. A final determination of violation liability shall occur following failure to complete the required traffic education program or to pay the fine or penalty, or both, after a hearing officer's determination of violation liability and the exhaustion of or failure to exhaust any administrative review procedures provided by ordinance. Where a person fails to appear at a hearing to contest the alleged violation in the time and manner specified in a prior mailed notice, the hearing officer's determination of violation liability shall become final: (A) upon denial of a timely petition to set aside that determination, or (B) upon expiration of the period for filing the petition without a filing having been made.

(8) A petition to set aside a determination of parking, standing, compliance, or automated traffic law violation liability that may be filed by a person owing an unpaid fine or penalty. A petition to set aside a determination of liability may also be filed by a person required to complete a traffic education program. The petition shall be filed with and ruled upon by the traffic compliance administrator in the manner and within the time specified by ordinance. The grounds for the petition may be limited to: (A) the person not having been the owner or lessee of the cited vehicle on the date the violation notice was issued, (B) the person having already completed the required traffic education program or paid the fine or penalty, or both, for the violation in question, and (C) excusable failure to appear at or request a new date for a hearing. With regard to municipalities with a population of 1 million or more, it shall be grounds for dismissal of a parking violation if the state registration number, or vehicle make if specified, is incorrect. After the determination of parking, standing, compliance, or automated traffic law violation liability has been set aside upon a showing of just cause, the registered owner shall be provided with a hearing on the merits for that violation.

(9) Procedures for non-residents. Procedures by which persons who are not residents of the municipality may contest the merits of the alleged violation without attending a hearing.

(10) A schedule of civil fines for violations of vehicular standing, parking, compliance, or automated traffic law regulations enacted by ordinance pursuant to this Section, and a schedule of penalties for late payment of the fines or failure to complete.

required traffic education programs, provided, however, that the total amount of the fine and penalty for any one violation shall not exceed $250, except as provided in subsection (c) of Section 11-1301.3 of this Code.

(11) Other provisions as are necessary and proper to carry into effect the powers granted and purposes stated in this Section.

(c) Any municipality establishing vehicular standing, parking, compliance, or automated traffic law regulations under this Section may also provide by ordinance for a program of vehicle immobilization for the purpose of facilitating enforcement of those regulations. The program of vehicle immobilization shall provide for immobilizing any eligible vehicle upon the public way by presence of a restraint in a manner to prevent operation of the vehicle. Any ordinance establishing a program of vehicle immobilization under this Section shall provide:

(1) Criteria for the designation of vehicles eligible for immobilization. A vehicle shall be eligible for immobilization when the registered owner of the vehicle has accumulated the number of incomplete traffic education programs or unpaid final determinations of parking, standing, compliance, or automated traffic law violation liability, or both, as determined by ordinance.

(2) A notice of impending vehicle immobilization and a right to a hearing to challenge the validity of the notice by disproving liability for the incomplete traffic education programs or unpaid final determinations of parking, standing, compliance, or automated traffic law violation liability, or both, listed on the notice.

(3) The right to a prompt hearing after a vehicle has been immobilized or subsequently towed without the completion of the required traffic education program or payment of the outstanding fines and penalties on parking, standing, compliance, or automated traffic law violations, or both, for which final determinations have been issued. An order issued after the hearing is a final administrative decision within the meaning of Section 3-101 of the Code of Civil Procedure.

(4) A post immobilization and post-towing notice advising the registered owner of the vehicle of the right to a hearing to challenge the validity of the impoundment.

(d) Judicial review of final determinations of parking, standing, compliance, or automated traffic law violations and final administrative
decisions issued after hearings regarding vehicle immobilization and impoundment made under this Section shall be subject to the provisions of the Administrative Review Law.

(e) Any fine, penalty, incomplete traffic education program, or part of any fine or any penalty remaining unpaid after the exhaustion of, or the failure to exhaust, administrative remedies created under this Section and the conclusion of any judicial review procedures shall be a debt due and owing the municipality and, as such, may be collected in accordance with applicable law. Completion of any required traffic education program and payment in full of any fine or penalty resulting from a standing, parking, compliance, or automated traffic law violation shall constitute a final disposition of that violation.

(f) After the expiration of the period within which judicial review may be sought for a final determination of parking, standing, compliance, or automated traffic law violation, the municipality may commence a proceeding in the Circuit Court for purposes of obtaining a judgment on the final determination of violation. Nothing in this Section shall prevent a municipality from consolidating multiple final determinations of parking, standing, compliance, or automated traffic law violations against a person in a proceeding. Upon commencement of the action, the municipality shall file a certified copy or record of the final determination of parking, standing, compliance, or automated traffic law violation, which shall be accompanied by a certification that recites facts sufficient to show that the final determination of violation was issued in accordance with this Section and the applicable municipal ordinance. Service of the summons and a copy of the petition may be by any method provided by Section 2-203 of the Code of Civil Procedure or by certified mail, return receipt requested, provided that the total amount of fines and penalties for final determinations of parking, standing, compliance, or automated traffic law violations does not exceed $2500. If the court is satisfied that the final determination of parking, standing, compliance, or automated traffic law violation was entered in accordance with the requirements of this Section and the applicable municipal ordinance, and that the registered owner or the lessee, as the case may be, had an opportunity for an administrative hearing and for judicial review as provided in this Section, the court shall render judgment in favor of the municipality and against the registered owner or the lessee for the amount indicated in the final determination of parking, standing, compliance, or automated traffic law violation, plus

(g) The fee for participating in a traffic education program under this Section shall not exceed $25.

A low-income individual required to complete a traffic education program under this Section who provides proof of eligibility for the federal earned income tax credit under Section 32 of the Internal Revenue Code or the Illinois earned income tax credit under Section 212 of the Illinois Income Tax Act shall not be required to pay any fee for participating in a required traffic education program.

Sec. 11-208.6. Automated traffic law enforcement system.

(a) As used in this Section, "automated traffic law enforcement system" means a device with one or more motor vehicle sensors working in conjunction with a red light signal to produce recorded images of motor vehicles entering an intersection against a red signal indication in violation of Section 11-306 of this Code or a similar provision of a local ordinance.

An automated traffic law enforcement system is a system, in a municipality or county operated by a governmental agency, that produces a recorded image of a motor vehicle's violation of a provision of this Code or a local ordinance and is designed to obtain a clear recorded image of the vehicle and the vehicle's license plate. The recorded image must also display the time, date, and location of the violation.

(b) As used in this Section, "recorded images" means images recorded by an automated traffic law enforcement system on:

1. 2 or more photographs;
2. 2 or more microphotographs;
3. 2 or more electronic images; or
4. a video recording showing the motor vehicle and, on at least one image or portion of the recording, clearly identifying the registration plate number of the motor vehicle.

(c) A county or municipality, including a home rule county or municipality, may not use an automated traffic law enforcement system to provide recorded images of a motor vehicle for the purpose of recording its speed. The regulation of the use of automated traffic law enforcement systems to record vehicle speeds is an exclusive power and function of the State. This subsection (c) is a denial and limitation of home rule powers

and functions under subsection (h) of Section 6 of Article VII of the Illinois Constitution.

(d) For each violation of a provision of this Code or a local ordinance recorded by an automatic traffic law enforcement system, the county or municipality having jurisdiction shall issue a written notice of the violation to the registered owner of the vehicle as the alleged violator. The notice shall be delivered to the registered owner of the vehicle, by mail, within 30 days after the Secretary of State notifies the municipality or county of the identity of the owner of the vehicle, but in no event later than 90 days after the violation.

The notice shall include:

(1) the name and address of the registered owner of the vehicle;
(2) the registration number of the motor vehicle involved in the violation;
(3) the violation charged;
(4) the location where the violation occurred;
(5) the date and time of the violation;
(6) a copy of the recorded images;
(7) the amount of the civil penalty imposed and the requirements of any traffic education program imposed and the date by which the civil penalty should be paid and the traffic education program should be completed;
(8) a statement that recorded images are evidence of a violation of a red light signal;
(9) a warning that failure to pay the civil penalty, to complete a required traffic education program, or to contest liability in a timely manner is an admission of liability and may result in a suspension of the driving privileges of the registered owner of the vehicle; and
(10) a statement that the person may elect to proceed by:
    (A) paying the fine, completing a required traffic education program, or both; or
    (B) challenging the charge in court, by mail, or by administrative hearing.

(e) If a person charged with a traffic violation, as a result of an automated traffic law enforcement system, does not pay the fine or complete a required traffic education program, or both, or successfully contest the civil penalty resulting from that violation, the Secretary of

State shall suspend the driving privileges of the registered owner of the vehicle under Section 6-306.5 of this Code for failing to complete a required traffic education program or to pay any fine or penalty due and owing, or both, as a result of 5 violations of the automated traffic law enforcement system.

(f) Based on inspection of recorded images produced by an automated traffic law enforcement system, a notice alleging that the violation occurred shall be evidence of the facts contained in the notice and admissible in any proceeding alleging a violation under this Section.

(g) Recorded images made by an automatic traffic law enforcement system are confidential and shall be made available only to the alleged violator and governmental and law enforcement agencies for purposes of adjudicating a violation of this Section, for statistical purposes, or for other governmental purposes. Any recorded image evidencing a violation of this Section, however, may be admissible in any proceeding resulting from the issuance of the citation.

(h) The court or hearing officer may consider in defense of a violation:

(1) that the motor vehicle or registration plates of the motor vehicle were stolen before the violation occurred and not under the control of or in the possession of the owner at the time of the violation;

(2) that the driver of the vehicle passed through the intersection when the light was red either (i) in order to yield the right-of-way to an emergency vehicle or (ii) as part of a funeral procession; and

(3) any other evidence or issues provided by municipal or county ordinance.

(i) To demonstrate that the motor vehicle or the registration plates were stolen before the violation occurred and were not under the control or possession of the owner at the time of the violation, the owner must submit proof that a report concerning the stolen motor vehicle or registration plates was filed with a law enforcement agency in a timely manner.

(j) Unless the driver of the motor vehicle received a Uniform Traffic Citation from a police officer at the time of the violation, the motor vehicle owner is subject to a civil penalty not exceeding $100 or the completion of a traffic education program, or both, plus an additional penalty of not more than $100 for failure to pay the original penalty or to
complete a required traffic education program, or both, in a timely manner, if the motor vehicle is recorded by an automated traffic law enforcement system. A violation for which a civil penalty is imposed under this Section is not a violation of a traffic regulation governing the movement of vehicles and may not be recorded on the driving record of the owner of the vehicle.

(j-3) A registered owner who is a holder of a valid commercial driver's license is not required to complete a traffic education program.

(j-5) For purposes of the required traffic education program only, a registered owner may submit an affidavit to the court or hearing officer swearing that at the time of the alleged violation, the vehicle was in the custody and control of another person. The affidavit must identify the person in custody and control of the vehicle, including the person's name and current address. The person in custody and control of the vehicle at the time of the violation is required to complete the required traffic education program. If the person in custody and control of the vehicle at the time of the violation completes the required traffic education program, the registered owner of the vehicle is not required to complete a traffic education program.

(k) An intersection equipped with an automated traffic law enforcement system must be posted with a sign visible to approaching traffic indicating that the intersection is being monitored by an automated traffic law enforcement system.

(l) The compensation paid for an automated traffic law enforcement system must be based on the value of the equipment or the services provided and may not be based on the number of traffic citations issued or the revenue generated by the system.

(m) This Section applies only to the counties of Cook, DuPage, Kane, Lake, Madison, McHenry, St. Clair, and Will and to municipalities located within those counties.

(n) The fee for participating in a traffic education program under this Section shall not exceed $25.

A low-income individual required to complete a traffic education program under this Section who provides proof of eligibility for the federal earned income tax credit under Section 32 of the Internal Revenue Code or the Illinois earned income tax credit under Section 212 of the Illinois Income Tax Act shall not be required to pay any fee for participating in a required traffic education program.

Sec. 11-501.2. Chemical and other tests.

(a) Upon the trial of any civil or criminal action or proceeding arising out of an arrest for an offense as defined in Section 11-501 or a similar local ordinance or proceedings pursuant to Section 2-118.1, evidence of the concentration of alcohol, other drug or drugs, or intoxicating compound or compounds, or any combination thereof in a person's blood or breath at the time alleged, as determined by analysis of the person's blood, urine, breath or other bodily substance, shall be admissible. Where such test is made the following provisions shall apply:

1. Chemical analyses of the person's blood, urine, breath or other bodily substance to be considered valid under the provisions of this Section shall have been performed according to standards promulgated by the Department of State Police by a licensed physician, registered nurse, trained phlebotomist acting under the direction of a licensed physician, certified paramedic, or other individual possessing a valid permit issued by that Department for this purpose. The Director of State Police is authorized to approve satisfactory techniques or methods, to ascertain the qualifications and competence of individuals to conduct such analyses, to issue permits which shall be subject to termination or revocation at the discretion of that Department and to certify the accuracy of breath testing equipment. The Department of State Police shall prescribe regulations as necessary to implement this Section.

New matter indicated by italics - deletions by strikeout.
2. When a person in this State shall submit to a blood test at the request of a law enforcement officer under the provisions of Section 11-501.1, only a physician authorized to practice medicine, a registered nurse, trained phlebotomist, or certified paramedic, or other qualified person approved by the Department of State Police may withdraw blood for the purpose of determining the alcohol, drug, or alcohol and drug content therein. This limitation shall not apply to the taking of breath or urine specimens.

When a blood test of a person who has been taken to an adjoining state for medical treatment is requested by an Illinois law enforcement officer, the blood may be withdrawn only by a physician authorized to practice medicine in the adjoining state, a registered nurse, a trained phlebotomist acting under the direction of the physician, or certified paramedic. The law enforcement officer requesting the test shall take custody of the blood sample, and the blood sample shall be analyzed by a laboratory certified by the Department of State Police for that purpose.

3. The person tested may have a physician, or a qualified technician, chemist, registered nurse, or other qualified person of their own choosing administer a chemical test or tests in addition to any administered at the direction of a law enforcement officer. The failure or inability to obtain an additional test by a person shall not preclude the admission of evidence relating to the test or tests taken at the direction of a law enforcement officer.

4. Upon the request of the person who shall submit to a chemical test or tests at the request of a law enforcement officer, full information concerning the test or tests shall be made available to the person or such person's attorney.

5. Alcohol concentration shall mean either grams of alcohol per 100 milliliters of blood or grams of alcohol per 210 liters of breath.

(b) Upon the trial of any civil or criminal action or proceeding arising out of acts alleged to have been committed by any person while driving or in actual physical control of a vehicle while under the influence of alcohol, the concentration of alcohol in the person's blood or breath at the time alleged as shown by analysis of the person's blood, urine, breath, or other bodily substance shall give rise to the following presumptions:

New matter indicated by italics - deletions by strikeout.
1. If there was at that time an alcohol concentration of 0.05 or less, it shall be presumed that the person was not under the influence of alcohol.

2. If there was at that time an alcohol concentration in excess of 0.05 but less than 0.08, such facts shall not give rise to any presumption that the person was or was not under the influence of alcohol, but such fact may be considered with other competent evidence in determining whether the person was under the influence of alcohol.

3. If there was at that time an alcohol concentration of 0.08 or more, it shall be presumed that the person was under the influence of alcohol.

4. The foregoing provisions of this Section shall not be construed as limiting the introduction of any other relevant evidence bearing upon the question whether the person was under the influence of alcohol.

(c) 1. If a person under arrest refuses to submit to a chemical test under the provisions of Section 11-501.1, evidence of refusal shall be admissible in any civil or criminal action or proceeding arising out of acts alleged to have been committed while the person under the influence of alcohol, other drug or drugs, or intoxicating compound or compounds, or any combination thereof was driving or in actual physical control of a motor vehicle.

2. Notwithstanding any ability to refuse under this Code to submit to these tests or any ability to revoke the implied consent to these tests, if a law enforcement officer has probable cause to believe that a motor vehicle driven by or in actual physical control of a person under the influence of alcohol, other drug or drugs, or intoxicating compound or compounds, or any combination thereof has caused the death or personal injury to another, that person shall submit, upon the request of a law enforcement officer, to a chemical test or tests of his or her blood, breath or urine for the purpose of determining the alcohol content thereof or the presence of any other drug or combination of both.

This provision does not affect the applicability of or imposition of driver's license sanctions under Section 11-501.1 of this Code.

AN ACT concerning criminal law.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Unified Code of Corrections is amended by changing Section 5-5-6 as follows:

(730 ILCS 5/5-5-6) (from Ch. 38, par. 1005-5-6)

Sec. 5-5-6. In all convictions for offenses in violation of the Criminal Code of 1961 or of Section 11-501 of the Illinois Vehicle Code in which the person received any injury to his or her person or damage to his or her real or personal property as a result of the criminal act of the defendant, the court shall order restitution as provided in this Section. In all other cases, except cases in which restitution is required under this Section, the court must at the sentence hearing determine whether restitution is an appropriate sentence to be imposed on each defendant convicted of an offense. If the court determines that an order directing the offender to make restitution is appropriate, the offender may be sentenced to make restitution. The court may consider restitution an appropriate sentence to be imposed on each defendant convicted of an offense in addition to a sentence of imprisonment. The sentence of the defendant to a term of imprisonment is not a mitigating factor that prevents the court from ordering the defendant to pay restitution. If the offender is sentenced to make restitution the Court shall determine the restitution as hereinafter set forth:

(a) At the sentence hearing, the court shall determine whether the property may be restored in kind to the possession of the owner or the person entitled to possession thereof; or whether the defendant is possessed of sufficient skill to repair and restore property damaged; or whether the defendant should be required to make restitution in cash, for out-of-pocket expenses, damages, losses, or injuries found to have been proximately caused by the conduct of the defendant or another for whom the defendant is legally accountable under the provisions of Article V of the Criminal Code of 1961.

(b) In fixing the amount of restitution to be paid in cash, the court shall allow credit for property returned in kind, for property damages ordered to be repaired by the defendant, and for property

New matter indicated by italics - deletions by strikeout.
ordered to be restored by the defendant; and after granting the credit, the court shall assess the actual out-of-pocket expenses, losses, damages, and injuries suffered by the victim named in the charge and any other victims who may also have suffered out-of-pocket expenses, losses, damages, and injuries proximately caused by the same criminal conduct of the defendant, and insurance carriers who have indemnified the named victim or other victims for the out-of-pocket expenses, losses, damages, or injuries, provided that in no event shall restitution be ordered to be paid on account of pain and suffering. If a defendant is placed on supervision for, or convicted of, domestic battery, the defendant shall be required to pay restitution to any domestic violence shelter in which the victim and any other family or household members lived because of the domestic battery. The amount of the restitution shall equal the actual expenses of the domestic violence shelter in providing housing and any other services for the victim and any other family or household members living at the shelter. If a defendant fails to pay restitution in the manner or within the time period specified by the court, the court may enter an order directing the sheriff to seize any real or personal property of a defendant to the extent necessary to satisfy the order of restitution and dispose of the property by public sale. All proceeds from such sale in excess of the amount of restitution plus court costs and the costs of the sheriff in conducting the sale shall be paid to the defendant. The defendant convicted of domestic battery, if a person under 18 years of age was present and witnessed the domestic battery of the victim, is liable to pay restitution for the cost of counseling required for the child at the discretion of the court.

(c) In cases where more than one defendant is accountable for the same criminal conduct that results in out-of-pocket expenses, losses, damages, or injuries, each defendant shall be ordered to pay restitution in the amount of the total actual out-of-pocket expenses, losses, damages, or injuries to the victim proximately caused by the conduct of all of the defendants who are legally accountable for the offense.

(1) In no event shall the victim be entitled to recover restitution in excess of the actual out-of-pocket expenses, losses, damages, or injuries, proximately caused by the conduct of all of the defendants.

New matter indicated by italics - deletions by strikeout.
(2) As between the defendants, the court may apportion the restitution that is payable in proportion to each co-defendant's culpability in the commission of the offense.

(3) In the absence of a specific order apportioning the restitution, each defendant shall bear his pro rata share of the restitution.

(4) As between the defendants, each defendant shall be entitled to a pro rata reduction in the total restitution required to be paid to the victim for amounts of restitution actually paid by co-defendants, and defendants who shall have paid more than their pro rata share shall be entitled to refunds to be computed by the court as additional amounts are paid by co-defendants.

(d) In instances where a defendant has more than one criminal charge pending against him in a single case, or more than one case, and the defendant stands convicted of one or more charges, a plea agreement negotiated by the State's Attorney and the defendants may require the defendant to make restitution to victims of charges that have been dismissed or which it is contemplated will be dismissed under the terms of the plea agreement, and under the agreement, the court may impose a sentence of restitution on the charge or charges of which the defendant has been convicted that would require the defendant to make restitution to victims of other offenses as provided in the plea agreement.

(e) The court may require the defendant to apply the balance of the cash bond, after payment of court costs, and any fine that may be imposed to the payment of restitution.

(f) Taking into consideration the ability of the defendant to pay, including any real or personal property or any other assets of the defendant, the court shall determine whether restitution shall be paid in a single payment or in installments, and shall fix a period of time not in excess of 5 years or the period of time specified in subsection (f-1), not including periods of incarceration, within which payment of restitution is to be paid in full. Complete restitution shall be paid in as short a time period as possible. However, if the court deems it necessary and in the best interest of the victim, the court may extend beyond 5 years the period of time

New matter indicated by italics - deletions by strikeout.
within which the payment of restitution is to be paid. If the defendant is ordered to pay restitution and the court orders that restitution is to be paid over a period greater than 6 months, the court shall order that the defendant make monthly payments; the court may waive this requirement of monthly payments only if there is a specific finding of good cause for waiver.

(f-1)(1) In addition to any other penalty prescribed by law and any restitution ordered under this Section that did not include long-term physical health care costs, the court may, upon conviction of any misdemeanor or felony, order a defendant to pay restitution to a victim in accordance with the provisions of this subsection (f-1) if the victim has suffered physical injury as a result of the offense that is reasonably probable to require or has required long-term physical health care for more than 3 months. As used in this subsection (f-1) "long-term physical health care" includes mental health care.

(2) The victim's estimate of long-term physical health care costs may be made as part of a victim impact statement under Section 6 of the Rights of Crime Victims and Witnesses Act or made separately. The court shall enter the long-term physical health care restitution order at the time of sentencing. An order of restitution made under this subsection (f-1) shall fix a monthly amount to be paid by the defendant for as long as long-term physical health care of the victim is required as a result of the offense. The order may exceed the length of any sentence imposed upon the defendant for the criminal activity. The court shall include as a special finding in the judgment of conviction its determination of the monthly cost of long-term physical health care.

(3) After a sentencing order has been entered, the court may from time to time, on the petition of either the defendant or the victim, or upon its own motion, enter an order for restitution for long-term physical care or modify the existing order for restitution for long-term physical care as to the amount of monthly payments. Any modification of the order shall be based only upon a substantial change of circumstances relating to the cost of long-term physical health care or the financial condition of either the defendant or the victim. The petition shall be filed as part of the original criminal docket.

New matter indicated by italics - deletions by strikeout.
(g) In addition to the sentences provided for in Sections 11-19.2, 11-20.1, 12-13, 12-14, 12-14.1, 12-15, and 12-16 of the Criminal Code of 1961, the court may order any person who is convicted of violating any of those Sections or who was charged with any of those offenses and which charge was reduced to another charge as a result of a plea agreement under subsection (d) of this Section to meet all or any portion of the financial obligations of treatment, including but not limited to medical, psychiatric, or rehabilitative treatment or psychological counseling, prescribed for the victim or victims of the offense.

The payments shall be made by the defendant to the clerk of the circuit court and transmitted by the clerk to the appropriate person or agency as directed by the court. Except as otherwise provided in subsection (f-1), the order may require such payments to be made for a period not to exceed 5 years after sentencing, not including periods of incarceration.

(h) The judge may enter an order of withholding to collect the amount of restitution owed in accordance with Part 8 of Article XII of the Code of Civil Procedure.

(i) A sentence of restitution may be modified or revoked by the court if the offender commits another offense, or the offender fails to make restitution as ordered by the court, but no sentence to make restitution shall be revoked unless the court shall find that the offender has had the financial ability to make restitution, and he has wilfully refused to do so. When the offender's ability to pay restitution was established at the time an order of restitution was entered or modified, or when the offender's ability to pay was based on the offender's willingness to make restitution as part of a plea agreement made at the time the order of restitution was entered or modified, there is a rebuttable presumption that the facts and circumstances considered by the court at the hearing at which the order of restitution was entered or modified regarding the offender's ability or willingness to pay restitution have not materially changed. If the court shall find that the defendant has failed to make restitution and that the failure is not wilful, the court may impose an additional period of time within which to make restitution. The length of the additional period shall not be more than 2 years. The court shall retain all of the incidents of the original sentence, including the authority to modify or enlarge the

New matter indicated by italics - deletions by strikeout.
conditions, and to revoke or further modify the sentence if the conditions of payment are violated during the additional period.

(j) The procedure upon the filing of a Petition to Revoke a sentence to make restitution shall be the same as the procedures set forth in Section 5-6-4 of this Code governing violation, modification, or revocation of Probation, of Conditional Discharge, or of Supervision.

(k) Nothing contained in this Section shall preclude the right of any party to proceed in a civil action to recover for any damages incurred due to the criminal misconduct of the defendant.

(l) Restitution ordered under this Section shall not be subject to disbursement by the circuit clerk under Section 27.5 of the Clerks of Courts Act.

(m) A restitution order under this Section is a judgment lien in favor of the victim that:

1. Attaches to the property of the person subject to the order;
2. May be perfected in the same manner as provided in Part 3 of Article 9 of the Uniform Commercial Code;
3. May be enforced to satisfy any payment that is delinquent under the restitution order by the person in whose favor the order is issued or the person's assignee; and
4. Expires in the same manner as a judgment lien created in a civil proceeding.

When a restitution order is issued under this Section, the issuing court shall send a certified copy of the order to the clerk of the circuit court in the county where the charge was filed. Upon receiving the order, the clerk shall enter and index the order in the circuit court judgment docket.

(n) An order of restitution under this Section does not bar a civil action for:

1. Damages that the court did not require the person to pay to the victim under the restitution order but arise from an injury or property damages that is the basis of restitution ordered by the court; and
2. Other damages suffered by the victim.

The restitution order is not discharged by the completion of the sentence imposed for the offense.

New matter indicated by italics - deletions by strikeout.
A restitution order under this Section is not discharged by the liquidation of a person's estate by a receiver. A restitution order under this Section may be enforced in the same manner as judgment liens are enforced under Article XII of the Code of Civil Procedure.

The provisions of Section 2-1303 of the Code of Civil Procedure, providing for interest on judgments, apply to judgments for restitution entered under this Section.

(g) Re-enactment; findings; purposes.

(1) The General Assembly finds and declares that:

   (ii) In addition, Public Act 88-680 was entitled "AN ACT to create a Safe Neighborhoods Law". (A) Article 5 was entitled JUVENILE JUSTICE and amended the Juvenile Court Act of 1987. (B) Article 15 was entitled GANGS and amended various provisions of the Criminal Code of 1961 and the Unified Code of Corrections. (C) Article 20 was entitled ALCOHOL ABUSE and amended various provisions of the Illinois Vehicle Code. (D) Article 25 was entitled DRUG ABUSE and amended the Cannabis Control Act and the Illinois Controlled Substances Act. (E) Article 30 was entitled FIREARMS and amended the Criminal Code of 1961 and the Code of Criminal Procedure of 1963. (F) Article 35 amended the Criminal Code of 1961, the Rights of Crime Victims and Witnesses Act, and the Unified Code of Corrections. (G) Article 40 amended the Criminal Code of 1961 to increase the penalty for

compelling organization membership of persons. (H) Article 45 created the Secure Residential Youth Care Facility Licensing Act and amended the State Finance Act, the Juvenile Court Act of 1987, the Unified Code of Corrections, and the Private Correctional Facility Moratorium Act. (I) Article 50 amended the WIC Vendor Management Act, the Firearm Owners Identification Card Act, the Juvenile Court Act of 1987, the Criminal Code of 1961, the Wrongs to Children Act, and the Unified Code of Corrections.

(iii) On September 22, 1998, the Third District Appellate Court in People v. Dainty, 701 N.E. 2d 118, ruled that Public Act 88-680 violates the single subject clause of the Illinois Constitution (Article IV, Section 8 (d)) and was unconstitutional in its entirety. As of the time this amendatory Act of 1999 was prepared, People v. Dainty was still subject to appeal.

(iv) Child pornography is a vital concern to the people of this State and the validity of future prosecutions under the child pornography statute of the Criminal Code of 1961 is in grave doubt.

(2) It is the purpose of this amendatory Act of 1999 to prevent or minimize any problems relating to prosecutions for child pornography that may result from challenges to the constitutional validity of Public Act 88-680 by re-enacting the Section relating to child pornography that was included in Public Act 88-680.

(3) This amendatory Act of 1999 re-enacts Section 11-20.1 of the Criminal Code of 1961, as it has been amended. This re-enactment is intended to remove any question as to the validity or content of that Section; it is not intended to supersede any other Public Act that amends the text of the Section as set forth in this amendatory Act of 1999. The material is shown as existing text (i.e., without underscoring) because, as of the time this amendatory Act of 1999 was prepared, People v. Dainty was subject to appeal to the Illinois Supreme Court.

(4) The re-enactment by this amendatory Act of 1999 of Section 11-20.1 of the Criminal Code of 1961 relating to child pornography that was amended by Public Act 88-680 is not
intended, and shall not be construed, to imply that Public Act 88-680 is invalid or to limit or impair any legal argument concerning whether those provisions were substantially re-enacted by other Public Acts.

AN ACT concerning courts.
Be it enacted by the People of the State of Illinois, represented in
the General Assembly:
Section 5. The Juvenile Court Act of 1987 is amended by changing
Section 5-710 and by adding Part 7A to Article V as follows:
(705 ILCS 405/5-710)
Sec. 5-710. Kinds of sentencing orders.
(1) The following kinds of sentencing orders may be made in
respect of wards of the court:
(a) Except as provided in Sections 5-805, 5-810, 5-815, a
minor who is found guilty under Section 5-620 may be:
   (i) put on probation or conditional discharge and
released to his or her parents, guardian or legal custodian,
provided, however, that any such minor who is not
committed to the Department of Juvenile Justice under this
subsection and who is found to be a delinquent for an
offense which is first degree murder, a Class X felony, or a
forcible felony shall be placed on probation;
   (ii) placed in accordance with Section 5-740, with
or without also being put on probation or conditional
discharge;

(iii) required to undergo a substance abuse assessment conducted by a licensed provider and participate in the indicated clinical level of care;

(iv) placed in the guardianship of the Department of Children and Family Services, but only if the delinquent minor is under 15 years of age or, pursuant to Article II of this Act, a minor for whom an independent basis of abuse, neglect, or dependency exists. An independent basis exists when the allegations or adjudication of abuse, neglect, or dependency do not arise from the same facts, incident, or circumstances which give rise to a charge or adjudication of delinquency;

(v) placed in detention for a period not to exceed 30 days, either as the exclusive order of disposition or, where appropriate, in conjunction with any other order of disposition issued under this paragraph, provided that any such detention shall be in a juvenile detention home and the minor so detained shall be 10 years of age or older. However, the 30-day limitation may be extended by further order of the court for a minor under age 15 committed to the Department of Children and Family Services if the court finds that the minor is a danger to himself or others. The minor shall be given credit on the sentencing order of detention for time spent in detention under Sections 5-501, 5-601, 5-710, or 5-720 of this Article as a result of the offense for which the sentencing order was imposed. The court may grant credit on a sentencing order of detention entered under a violation of probation or violation of conditional discharge under Section 5-720 of this Article for time spent in detention before the filing of the petition alleging the violation. A minor shall not be deprived of credit for time spent in detention before the filing of a violation of probation or conditional discharge alleging the same or related act or acts;

(vi) ordered partially or completely emancipated in accordance with the provisions of the Emancipation of Minors Act;

New matter indicated by italics - deletions by strikeout.
(vii) subject to having his or her driver's license or driving privileges suspended for such time as determined by the court but only until he or she attains 18 years of age;

(viii) put on probation or conditional discharge and placed in detention under Section 3-6039 of the Counties Code for a period not to exceed the period of incarceration permitted by law for adults found guilty of the same offense or offenses for which the minor was adjudicated delinquent, and in any event no longer than upon attainment of age 21; this subdivision (viii) notwithstanding any contrary provision of the law; or

(ix) ordered to undergo a medical or other procedure to have a tattoo symbolizing allegiance to a street gang removed from his or her body; or

(x) placed in electronic home detention under Part 7A of this Article.

(b) A minor found to be guilty may be committed to the Department of Juvenile Justice under Section 5-750 if the minor is 13 years of age or older, provided that the commitment to the Department of Juvenile Justice shall be made only if a term of incarceration is permitted by law for adults found guilty of the offense for which the minor was adjudicated delinquent. The time during which a minor is in custody before being released upon the request of a parent, guardian or legal custodian shall be considered as time spent in detention.

(c) When a minor is found to be guilty for an offense which is a violation of the Illinois Controlled Substances Act, the Cannabis Control Act, or the Methamphetamine Control and Community Protection Act and made a ward of the court, the court may enter a disposition order requiring the minor to undergo assessment, counseling or treatment in a substance abuse program approved by the Department of Human Services.

(2) Any sentencing order other than commitment to the Department of Juvenile Justice may provide for protective supervision under Section 5-725 and may include an order of protection under Section 5-730.

(3) Unless the sentencing order expressly so provides, it does not operate to close proceedings on the pending petition, but is subject to modification until final closing and discharge of the proceedings under Section 5-750.

New matter indicated by italics - deletions by strikeout.
(4) In addition to any other sentence, the court may order any minor found to be delinquent to make restitution, in monetary or non-monetary form, under the terms and conditions of Section 5-5-6 of the Unified Code of Corrections, except that the "presentencing hearing" referred to in that Section shall be the sentencing hearing for purposes of this Section. The parent, guardian or legal custodian of the minor may be ordered by the court to pay some or all of the restitution on the minor's behalf, pursuant to the Parental Responsibility Law. The State's Attorney is authorized to act on behalf of any victim in seeking restitution in proceedings under this Section, up to the maximum amount allowed in Section 5 of the Parental Responsibility Law.

(5) Any sentencing order where the minor is committed or placed in accordance with Section 5-740 shall provide for the parents or guardian of the estate of the minor to pay to the legal custodian or guardian of the person of the minor such sums as are determined by the custodian or guardian of the person of the minor as necessary for the minor's needs. The payments may not exceed the maximum amounts provided for by Section 9.1 of the Children and Family Services Act.

(6) Whenever the sentencing order requires the minor to attend school or participate in a program of training, the truant officer or designated school official shall regularly report to the court if the minor is a chronic or habitual truant under Section 26-2a of the School Code. Notwithstanding any other provision of this Act, in instances in which educational services are to be provided to a minor in a residential facility where the minor has been placed by the court, costs incurred in the provision of those educational services must be allocated based on the requirements of the School Code.

(7) In no event shall a guilty minor be committed to the Department of Juvenile Justice for a period of time in excess of that period for which an adult could be committed for the same act.

(8) A minor found to be guilty for reasons that include a violation of Section 21-1.3 of the Criminal Code of 1961 shall be ordered to perform community service for not less than 30 and not more than 120 hours, if community service is available in the jurisdiction. The community service shall include, but need not be limited to, the cleanup and repair of the damage that was caused by the violation or similar damage to property located in the municipality or county in which the violation occurred. The order may be in addition to any other order authorized by this Section.

(8.5) A minor found to be guilty for reasons that include a violation of Section 3.02 or Section 3.03 of the Humane Care for Animals Act or paragraph (d) of subsection (1) of Section 21-1 of the Criminal Code of 1961 shall be ordered to undergo medical or psychiatric treatment rendered by a psychiatrist or psychological treatment rendered by a clinical psychologist. The order may be in addition to any other order authorized by this Section.

(9) In addition to any other sentencing order, the court shall order any minor found to be guilty for an act which would constitute, predatory criminal sexual assault of a child, aggravated criminal sexual assault, criminal sexual abuse if committed by an adult to undergo medical testing to determine whether the defendant has any sexually transmissible disease including a test for infection with human immunodeficiency virus (HIV) or any other identified causative agency of acquired immunodeficiency syndrome (AIDS). Any medical test shall be performed only by appropriately licensed medical practitioners and may include an analysis of any bodily fluids as well as an examination of the minor's person. Except as otherwise provided by law, the results of the test shall be kept strictly confidential by all medical personnel involved in the testing and must be personally delivered in a sealed envelope to the judge of the court in which the sentencing order was entered for the judge's inspection in camera. Acting in accordance with the best interests of the victim and the public, the judge shall have the discretion to determine to whom the results of the testing may be revealed. The court shall notify the minor of the results of the test for infection with the human immunodeficiency virus (HIV). The court shall also notify the victim if requested by the victim, and if the victim is under the age of 15 and if requested by the victim's parents or legal guardian, the court shall notify the victim's parents or the legal guardian, of the results of the test for infection with the human immunodeficiency virus (HIV). The court shall provide information on the availability of HIV testing and counseling at the Department of Public Health facilities to all parties to whom the results of the testing are revealed. The court shall order that the cost of any test shall be paid by the county and may be taxed as costs against the minor.

(10) When a court finds a minor to be guilty the court shall, before entering a sentencing order under this Section, make a finding whether the offense committed either: (a) was related to or in furtherance of the criminal activities of an organized gang or was motivated by the minor's

membership in or allegiance to an organized gang, or (b) involved a violation of subsection (a) of Section 12-7.1 of the Criminal Code of 1961, a violation of any Section of Article 24 of the Criminal Code of 1961, or a violation of any statute that involved the wrongful use of a firearm. If the court determines the question in the affirmative, and the court does not commit the minor to the Department of Juvenile Justice, the court shall order the minor to perform community service for not less than 30 hours nor more than 120 hours, provided that community service is available in the jurisdiction and is funded and approved by the county board of the county where the offense was committed. The community service shall include, but need not be limited to, the cleanup and repair of any damage caused by a violation of Section 21-1.3 of the Criminal Code of 1961 and similar damage to property located in the municipality or county in which the violation occurred. When possible and reasonable, the community service shall be performed in the minor's neighborhood. This order shall be in addition to any other order authorized by this Section except for an order to place the minor in the custody of the Department of Juvenile Justice. For the purposes of this Section, "organized gang" has the meaning ascribed to it in Section 10 of the Illinois Streetgang Terrorism Omnibus Prevention Act.

(11) If the court determines that the offense was committed in furtherance of the criminal activities of an organized gang, as provided in subsection (10), and that the offense involved the operation or use of a motor vehicle or the use of a driver's license or permit, the court shall notify the Secretary of State of that determination and of the period for which the minor shall be denied driving privileges. If, at the time of the determination, the minor does not hold a driver's license or permit, the court shall provide that the minor shall not be issued a driver's license or permit until his or her 18th birthday. If the minor holds a driver's license or permit at the time of the determination, the court shall provide that the minor's driver's license or permit shall be revoked until his or her 21st birthday, or until a later date or occurrence determined by the court. If the minor holds a driver's license at the time of the determination, the court may direct the Secretary of State to issue the minor a judicial driving permit, also known as a JDP. The JDP shall be subject to the same terms as a JDP issued under Section 6-206.1 of the Illinois Vehicle Code, except that the court may direct that the JDP be effective immediately.

The original appointees shall be appointed for terms expiring, respectively, on June 30 in the first, second and third years following their appointment as designated by the appointing authority. All succeeding terms shall be for 3 years and appointments shall be made in like manner. Vacancies shall be filled in like manner for the balance of the unexpired term. Each director shall serve until his successor is appointed. Directors shall serve without compensation but shall be reimbursed for expenses reasonably incurred in the performance of their duties.

(b) The county board of any county that has established a 3-member board under this Section may, by ordinance or resolution, provide that the county board for care and treatment of persons with a developmental disability in that county shall consist of 5 members. Within 60 days after the ordinance or resolution is adopted, the presiding officer of the county, with the advice and consent of the county board, shall appoint the 2 additional members. One member shall serve for a term expiring on June 30 of the second year following his or her appointment, and one shall serve for a term expiring on June 30 of the third year following his or her appointment. Their successors shall serve for 3-year terms.

(House Bill No. 3656)

AN ACT concerning public employee benefits.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

New matter indicated by italics - deletions by strikeout.
Section 5. The Illinois Pension Code is amended by changing Section 3-110 as follows:

(40 ILCS 5/3-110) (from Ch. 108 1/2, par. 3-110)

Sec. 3-110. Creditable service.

(a) "Creditable service" is the time served by a police officer as a member of a regularly constituted police force of a municipality. In computing creditable service furloughs without pay exceeding 30 days shall not be counted, but all leaves of absence for illness or accident, regardless of length, and all periods of disability retirement for which a police officer has received no disability pension payments under this Article shall be counted.

(a-5) Up to 3 years of time during which the police officer receives a disability pension under Section 3-114.1, 3-114.2, 3-114.3, or 3-114.6 shall be counted as creditable service, provided that (i) the police officer returns to active service after the disability for a period at least equal to the period for which credit is to be established and (ii) the police officer makes contributions to the fund based on the rates specified in Section 3-125.1 and the salary upon which the disability pension is based. These contributions may be paid at any time prior to the commencement of a retirement pension. The police officer may, but need not, elect to have the contributions deducted from the disability pension or to pay them in installments on a schedule approved by the board. If not deducted from the disability pension, the contributions shall include interest at the rate of 6% per year, compounded annually, from the date for which service credit is being established to the date of payment. If contributions are paid under this subsection (a-5) in excess of those needed to establish the credit, the excess shall be refunded. This subsection (a-5) applies to persons receiving a disability pension under Section 3-114.1, 3-114.2, 3-114.3, or 3-114.6 on the effective date of this amendatory Act of the 91st General Assembly, as well as persons who begin to receive such a disability pension after that date.

(b) Creditable service includes all periods of service in the military, naval or air forces of the United States entered upon while an active police officer of a municipality, provided that upon applying for a permanent pension, and in accordance with the rules of the board, the police officer pays into the fund the amount the officer would have contributed if he or she had been a regular contributor during such period, to the extent that the municipality which the police officer served has not made such contributions in the officer's behalf. The total amount of such creditable

service shall not exceed 5 years, except that any police officer who on July 1, 1973 had more than 5 years of such creditable service shall receive the total amount thereof.

(c) Creditable service also includes service rendered by a police officer while on leave of absence from a police department to serve as an executive of an organization whose membership consists of members of a police department, subject to the following conditions: (i) the police officer is a participant of a fund established under this Article with at least 10 years of service as a police officer; (ii) the police officer received no credit for such service under any other retirement system, pension fund, or annuity and benefit fund included in this Code; (iii) pursuant to the rules of the board the police officer pays to the fund the amount he or she would have contributed had the officer been an active member of the police department; and (iv) the organization pays a contribution equal to the municipality’s normal cost for that period of service.

(d)(1) Creditable service also includes periods of service originally established in another police pension fund under this Article or in the Fund established under Article 7 of this Code for which (i) the contributions have been transferred under Section 3-110.7 or Section 7-139.9 and (ii) any additional contribution required under paragraph (2) of this subsection has been paid in full in accordance with the requirements of this subsection (d).

(2) If the board of the pension fund to which creditable service and related contributions are transferred under Section 3-110.7 or 7-139.9 determines that the amount transferred is less than the true cost to the pension fund of allowing that creditable service to be established, then in order to establish that creditable service the police officer must pay to the pension fund, within the payment period specified in paragraph (3) of this subsection, an additional contribution equal to the difference, as determined by the board in accordance with the rules and procedures adopted under paragraph (6) of this subsection. If the board of the pension fund to which creditable service and related contributions are transferred under Section 3-110.7 determines that the amount transferred is less than the true cost to the pension fund of allowing that creditable service to be established, then the police officer may elect (A) to establish that creditable service by paying to the pension fund, within the payment period specified in paragraph (3) of this subsection (d), an additional contribution equal to the difference, as determined

by the board in accordance with the rules and procedures adopted under paragraph (6) of this subsection (d) or (B) to have his or her creditable service reduced by an amount equal to the difference between the amount transferred under Section 3-110.7 and the true cost to the pension fund of allowing that creditable service to be established, as determined by the board in accordance with the rules and procedures adopted under paragraph (6) of this subsection (d).

(3) Except as provided in paragraph (4), the additional contribution that is required or elected under paragraph (2) of this subsection (d) must be paid to the board (i) within 5 years from the date of the transfer of contributions under Section 3-110.7 or 7-139.9 and (ii) before the police officer terminates service with the fund. The additional contribution may be paid in a lump sum or in accordance with a schedule of installment payments authorized by the board.

(4) If the police officer dies in service before payment in full has been made and before the expiration of the 5-year payment period, the surviving spouse of the officer may elect to pay the unpaid amount on the officer's behalf within 6 months after the date of death, in which case the creditable service shall be granted as though the deceased police officer had paid the remaining balance on the day before the date of death.

(5) If the additional contribution that is required or elected under paragraph (2) of this subsection (d) is not paid in full within the required time, the creditable service shall not be granted and the police officer (or the officer's surviving spouse or estate) shall be entitled to receive a refund of (i) any partial payment of the additional contribution that has been made by the police officer and (ii) those portions of the amounts transferred under subdivision (a)(1) of Section 3-110.7 or subdivisions (a)(1) and (a)(3) of Section 7-139.9 that represent employee contributions paid by the police officer (but not the accumulated interest on those contributions) and interest paid by the police officer to the prior pension fund in order to reinstate service terminated by acceptance of a refund.

At the time of paying a refund under this item (5), the pension fund shall also repay to the pension fund from which the contributions were transferred under Section 3-110.7 or 7-139.9 the

amount originally transferred under subdivision (a)(2) of that Section, plus interest at the rate of 6% per year, compounded annually, from the date of the original transfer to the date of repayment. Amounts repaid to the Article 7 fund under this provision shall be credited to the appropriate municipality.

Transferred credit that is not granted due to failure to pay the additional contribution within the required time is lost; it may not be transferred to another pension fund and may not be reinstated in the pension fund from which it was transferred.

(6) The Public Employee Pension Fund Division of the Department of Insurance shall establish by rule the manner of making the calculation required under paragraph (2) of this subsection, taking into account the appropriate actuarial assumptions; the police officer's service, age, and salary history; the level of funding of the pension fund to which the credits are being transferred; and any other factors that the Division determines to be relevant. The rules may require that all calculations made under paragraph (2) be reported to the Division by the board performing the calculation, together with documentation of the creditable service to be transferred, the amounts of contributions and interest to be transferred, the manner in which the calculation was performed, the numbers relied upon in making the calculation, the results of the calculation, and any other information the Division may deem useful.

(e)(1) Creditable service also includes periods of service originally established in the Fund established under Article 7 of this Code for which the contributions have been transferred under Section 7-139.11.

(2) If the board of the pension fund to which creditable service and related contributions are transferred under Section 7-139.11 determines that the amount transferred is less than the true cost to the pension fund of allowing that creditable service to be established, then the amount of creditable service the police officer may establish under this subsection (e) shall be reduced by an amount equal to the difference, as determined by the board in accordance with the rules and procedures adopted under paragraph (3) of this subsection.

(3) The Public Pension Division of the Department of Financial and Professional Regulation shall establish by rule the
manner of making the calculation required under paragraph (2) of this subsection, taking into account the appropriate actuarial assumptions; the police officer's service, age, and salary history; the level of funding of the pension fund to which the credits are being transferred; and any other factors that the Division determines to be relevant. The rules may require that all calculations made under paragraph (2) be reported to the Division by the board performing the calculation, together with documentation of the creditable service to be transferred, the amounts of contributions and interest to be transferred, the manner in which the calculation was performed, the numbers relied upon in making the calculation, the results of the calculation, and any other information the Division may deem useful.

(4) Until January 1, 2010, a police officer who transferred service from the Fund established under Article 7 of this Code under the provisions of Public Act 94-356 may establish additional credit, but only for the amount of the service credit reduction in that transfer, as calculated under paragraph (3) of this subsection (e). This credit may be established upon payment by the police officer of an amount to be determined by the board, equal to (1) the amount that would have been contributed as employee and employer contributions had all of the service been as an employee under this Article, plus interest thereon at the rate of 6% per year, compounded annually from the date of service to the date of transfer, less (2) the total amount transferred from the Article 7 Fund, plus (3) interest on the difference at the rate of 6% per year, compounded annually, from the date of the transfer to the date of payment. The additional service credit is allowed under this amendatory Act of the 95th General Assembly notwithstanding the provisions of Article 7 terminating all transferred credits on the date of transfer.

AN ACT concerning public employee benefits.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Pension Code is amended by changing Section 7-139 as follows:

(40 ILCS 5/7-139) (from Ch. 108 1/2, par. 7-139)
Sec. 7-139. Credits and creditable service to employees.
(a) Each participating employee shall be granted credits and creditable service, for purposes of determining the amount of any annuity or benefit to which he or a beneficiary is entitled, as follows:

1. For prior service: Each participating employee who is an employee of a participating municipality or participating instrumentality on the effective date shall be granted creditable service, but no credits under paragraph 2 of this subsection (a), for periods of prior service for which credit has not been received under any other pension fund or retirement system established under this Code, as follows:

   If the effective date of participation for the participating municipality or participating instrumentality is on or before January 1, 1998, creditable service shall be granted for the entire period of prior service with that employer without any employee contribution.

   If the effective date of participation for the participating municipality or participating instrumentality is after January 1, 1998, creditable service shall be granted for the last 20% of the period of prior service with that employer, but no more than 5 years, without any employee contribution. A participating employee may establish creditable service for the remainder of the period of prior service with that employer by making an application in writing, accompanied by payment of an employee contribution in an amount determined by the Fund, based on the employee contribution rates in effect at the time of application for the creditable service and the employee's salary rate on the effective date of participation for that employer, plus interest at the effective rate from the date of the prior service to the date of payment.

New matter indicated by italics - deletions by strikeout.
Application for this creditable service may be made at any time while the employee is still in service.

A municipality that (i) has at least 35 employees; (ii) is located in a county with at least 2,000,000 inhabitants; and (iii) maintains an independent defined benefit pension plan for the benefit of its eligible employees may restrict creditable service in whole or in part for periods of prior service with the employer if the governing body of the municipality adopts an irrevocable resolution to restrict that creditable service and files the resolution with the board before the municipality's effective date of participation.

Any person who has withdrawn from the service of a participating municipality or participating instrumentality prior to the effective date, who reenters the service of the same municipality or participating instrumentality after the effective date and becomes a participating employee is entitled to creditable service for prior service as otherwise provided in this subdivision (a)(1) only if he or she renders 2 years of service as a participating employee after the effective date. Application for such service must be made while in a participating status. The salary rate to be used in the calculation of the required employee contribution, if any, shall be the employee's salary rate at the time of first reentering service with the employer after the employer's effective date of participation.

2. For current service, each participating employee shall be credited with:

   a. Additional credits of amounts equal to each payment of additional contributions received from him under Section 7-173, as of the date the corresponding payment of earnings is payable to him.

   b. Normal credits of amounts equal to each payment of normal contributions received from him, as of the date the corresponding payment of earnings is payable to him, and normal contributions made for the purpose of establishing out-of-state service credits as permitted under the conditions set forth in paragraph 6 of this subsection (a).

   c. Municipality credits in an amount equal to 1.4 times the normal credits, except those established by out-
of-state service credits, as of the date of computation of any benefit if these credits would increase the benefit.

d. Survivor credits equal to each payment of survivor contributions received from the participating employee as of the date the corresponding payment of earnings is payable, and survivor contributions made for the purpose of establishing out-of-state service credits.

3. For periods of temporary and total and permanent disability benefits, each employee receiving disability benefits shall be granted creditable service for the period during which disability benefits are payable. Normal and survivor credits, based upon the rate of earnings applied for disability benefits, shall also be granted if such credits would result in a higher benefit to any such employee or his beneficiary.

4. For authorized leave of absence without pay: A participating employee shall be granted credits and creditable service for periods of authorized leave of absence without pay under the following conditions:

a. An application for credits and creditable service is submitted to the board while the employee is in a status of active employment, and within 2 years after termination of the leave of absence period for which credits and creditable service are sought.

b. Not more than 12 complete months of creditable service for authorized leave of absence without pay shall be counted for purposes of determining any benefits payable under this Article.

c. Credits and creditable service shall be granted for leave of absence only if such leave is approved by the governing body of the municipality, including approval of the estimated cost thereof to the municipality as determined by the fund, and employee contributions, plus interest at the effective rate applicable for each year from the end of the period of leave to date of payment, have been paid to the fund in accordance with Section 7-173. The contributions shall be computed upon the assumption earnings continued during the period of leave at the rate in effect when the leave began.

New matter indicated by italics - deletions by strikeout.
d. Benefits under the provisions of Sections 7-141, 7-146, 7-150 and 7-163 shall become payable to employees on authorized leave of absence, or their designated beneficiary, only if such leave of absence is creditable hereunder, and if the employee has at least one year of creditable service other than the service granted for leave of absence. Any employee contributions due may be deducted from any benefits payable.

e. No credits or creditable service shall be allowed for leave of absence without pay during any period of prior service.

5. For military service: The governing body of a municipality or participating instrumentality may elect to allow creditable service to participating employees who leave their employment to serve in the armed forces of the United States for all periods of such service, provided that the person returns to active employment within 90 days after completion of full time active duty, but no creditable service shall be allowed such person for any period that can be used in the computation of a pension or any other pay or benefit, other than pay for active duty, for service in any branch of the armed forces of the United States. If necessary to the computation of any benefit, the board shall establish municipality credits for participating employees under this paragraph on the assumption that the employee received earnings at the rate received at the time he left the employment to enter the armed forces. A participating employee in the armed forces shall not be considered an employee during such period of service and no additional death and no disability benefits are payable for death or disability during such period.

Any participating employee who left his employment with a municipality or participating instrumentality to serve in the armed forces of the United States and who again became a participating employee within 90 days after completion of full time active duty by entering the service of a different municipality or participating instrumentality, which has elected to allow creditable service for periods of military service under the preceding paragraph, shall also be allowed creditable service for his period of military service on the same terms that would apply if he had been employed, before entering military service, by the municipality or
instrumentality which employed him after he left the military service and the employer costs arising in relation to such grant of creditable service shall be charged to and paid by that municipality or instrumentality.

Notwithstanding the foregoing, any participating employee shall be entitled to creditable service as required by any federal law relating to re-employment rights of persons who served in the United States Armed Services. Such creditable service shall be granted upon payment by the member of an amount equal to the employee contributions which would have been required had the employee continued in service at the same rate of earnings during the military leave period, plus interest at the effective rate.

5.1. In addition to any creditable service established under paragraph 5 of this subsection (a), creditable service may be granted for up to 48 months of service in the armed forces of the United States.

In order to receive creditable service for military service under this paragraph 5.1, a participating employee must (1) apply to the Fund in writing and provide evidence of the military service that is satisfactory to the Board; (2) obtain the written approval of the current employer; and (3) make contributions to the Fund equal to (i) the employee contributions that would have been required had the service been rendered as a member, plus (ii) an amount determined by the board to be equal to the employer's normal cost of the benefits accrued for that military service, plus (iii) interest on items (i) and (ii) from the date of first membership in the Fund to the date of payment. The required interest shall be calculated at the regular interest rate.

The changes made to this paragraph 5.1 by Public Acts 95-483 and 95-486 apply only to participating employees in service on or after August 28, 2007 (the effective date of those Public Acts).

6. For out-of-state service: Creditable service shall be granted for service rendered to an out-of-state local governmental body under the following conditions: The employee had participated and has irrevocably forfeited all rights to benefits in the out-of-state public employees pension system; the governing body of his participating municipality or instrumentality authorizes the employee to establish such service; the employee has 2 years current service with this municipality or participating

New matter indicated by italics - deletions by strikeout.
instrumentality; the employee makes a payment of contributions, which shall be computed at 8% (normal) plus 2% (survivor) times length of service purchased times the average rate of earnings for the first 2 years of service with the municipality or participating instrumentality whose governing body authorizes the service established plus interest at the effective rate on the date such credits are established, payable from the date the employee completes the required 2 years of current service to date of payment. In no case shall more than 120 months of creditable service be granted under this provision.

7. For retroactive service: Any employee who could have but did not elect to become a participating employee, or who should have been a participant in the Municipal Public Utilities Annuity and Benefit Fund before that fund was superseded, may receive creditable service for the period of service not to exceed 50 months; however, a current or former elected or appointed official of a participating municipality may establish credit under this paragraph 7 for more than 50 months of service as an official of that municipality, if the excess over 50 months is approved by resolution of the governing body of the affected municipality filed with the Fund before January 1, 2002.

Any employee who is a participating employee on or after September 24, 1981 and who was excluded from participation by the age restrictions removed by Public Act 82-596 may receive creditable service for the period, on or after January 1, 1979, excluded by the age restriction and, in addition, if the governing body of the participating municipality or participating instrumentality elects to allow creditable service for all employees excluded by the age restriction prior to January 1, 1979, for service during the period prior to that date excluded by the age restriction. Any employee who was excluded from participation by the age restriction removed by Public Act 82-596 and who is not a participating employee on or after September 24, 1981 may receive creditable service for service after January 1, 1979. Creditable service under this paragraph shall be granted upon payment of the employee contributions which would have been required had he participated, with interest at the effective rate for each year from the end of the period of service established to date of payment.
8. For accumulated unused sick leave: A participating employee who is applying for a retirement annuity shall be entitled to creditable service for that portion of the employee's accumulated unused sick leave for which payment is not received, as follows:

a. Sick leave days shall be limited to those accumulated under a sick leave plan established by a participating municipality or participating instrumentality which is available to all employees or a class of employees.

b. Except as provided in item b-1, only sick leave days accumulated with a participating municipality or participating instrumentality with which the employee was in service within 60 days of the effective date of his retirement annuity shall be credited; If the employee was in service with more than one employer during this period only the sick leave days with the employer with which the employee has the greatest number of unpaid sick leave days shall be considered.

b-1. If the employee was in the service of more than one employer as defined in item (2) of paragraph (a) of subsection (A) of Section 7-132, then the sick leave days from all such employers shall be credited, as long as the creditable service attributed to those sick leave days does not exceed the limitation in item f of this paragraph 8. In calculating the creditable service under this item b-1, the sick leave days from the last employer shall be considered first, then the remaining sick leave days shall be considered until there are no more days or the maximum creditable sick leave threshold under item f of this paragraph 8 has been reached.

c. The creditable service granted shall be considered solely for the purpose of computing the amount of the retirement annuity and shall not be used to establish any minimum service period required by any provision of the Illinois Pension Code, the effective date of the retirement annuity, or the final rate of earnings.

d. The creditable service shall be at the rate of 1/20 of a month for each full sick day, provided that no more than 12 months may be credited under this subdivision 8.
e. Employee contributions shall not be required for creditable service under this subdivision 8.

f. Each participating municipality and participating instrumentality with which an employee has service within 60 days of the effective date of his retirement annuity shall certify to the board the number of accumulated unpaid sick leave days credited to the employee at the time of termination of service.

9. For service transferred from another system: Credits and creditable service shall be granted for service under Article 3, 4, 5, 8, 14, or 16 of this Act, to any active member of this Fund, and to any inactive member who has been a county sheriff, upon transfer of such credits pursuant to Section 3-110.3, 4-108.3, 5-235, 8-226.7, 14-105.6, or 16-131.4, and payment by the member of the amount by which (1) the employer and employee contributions that would have been required if he had participated in this Fund as a sheriff's law enforcement employee during the period for which credit is being transferred, plus interest thereon at the effective rate for each year, compounded annually, from the date of termination of the service for which credit is being transferred to the date of payment, exceeds (2) the amount actually transferred to the Fund. Such transferred service shall be deemed to be service as a sheriff's law enforcement employee for the purposes of Section 7-142.1.

10. For service transferred from an Article 3 system under Section 3-110.8: Credits and creditable service shall be granted for service under Article 3 of this Act as provided in Section 3-110.8, to any active member of this Fund upon transfer of such credits pursuant to Section 3-110.8. If the amount by which (1) the employer and employee contributions that would have been required if he had participated in this Fund during the period for which credit is being transferred, plus interest thereon at the effective rate for each year, compounded annually, from the date of termination of the service for which credit is being transferred to the date of payment, exceeds (2) the amount actually transferred to the Fund, then the amount of creditable service established under this paragraph 10 shall be reduced by a corresponding amount in accordance with the rules and procedures established under this paragraph 10.

New matter indicated by italics - deletions by strikeout.
The board shall establish by rule the manner of making the
calculation required under this paragraph 10, taking into account
the appropriate actuarial assumptions; the member's service, age,
and salary history; the level of funding of the employer; and any
other factors that the board determines to be relevant.

Until January 1, 2010, members who transferred service
from an Article 3 system under the provisions of Public Act 94-356
may establish additional credit in this Fund, but only up to the
amount of the service credit reduction in that transfer, as calculated
under the actuarial assumptions. This credit may be established
upon payment by the member of an amount to be determined by
the board, equal to (1) the amount that would have been
contributed as employee and employer contributions had all the
service been as an employee under this Article, plus interest
thereon compounded annually from the date of service to the date
of transfer, less (2) the total amount transferred from the Article 3
system, plus (3) interest on the difference at the effective rate for
each year, compounded annually, from the date of the transfer to
the date of payment. The additional service credit is allowed under
this amendatory Act of the 95th General Assembly notwithstanding
the provisions of Article 3 terminating all transferred credits on the
date of transfer.

(b) Creditable service - amount:

1. One month of creditable service shall be allowed for
   each month for which a participating employee made contributions
   as required under Section 7-173, or for which creditable service is
   otherwise granted hereunder. Not more than 1 month of service
   shall be credited and counted for 1 calendar month, and not more
   than 1 year of service shall be credited and counted for any
   calendar year. A calendar month means a nominal month
   beginning on the first day thereof, and a calendar year means a year
   beginning January 1 and ending December 31.

2. A seasonal employee shall be given 12 months of
   creditable service if he renders the number of months of service
   normally required by the position in a 12-month period and he
   remains in service for the entire 12-month period. Otherwise a
   fractional year of service in the number of months of service
   rendered shall be credited.
3. An intermittent employee shall be given creditable service for only those months in which a contribution is made under Section 7-173.

(c) No application for correction of credits or creditable service shall be considered unless the board receives an application for correction while (1) the applicant is a participating employee and in active employment with a participating municipality or instrumentality, or (2) while the applicant is actively participating in a pension fund or retirement system which is a participating system under the Retirement Systems Reciprocal Act. A participating employee or other applicant shall not be entitled to credits or creditable service unless the required employee contributions are made in a lump sum or in installments made in accordance with board rule.

(d) Upon the granting of a retirement, surviving spouse or child annuity, a death benefit or a separation benefit, on account of any employee, all individual accumulated credits shall thereupon terminate. Upon the withdrawal of additional contributions, the credits applicable thereto shall thereupon terminate. Terminated credits shall not be applied to increase the benefits any remaining employee would otherwise receive under this Article.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Section 18-8.05 as follows:

(105 ILCS 5/18-8.05)

Sec. 18-8.05. Basis for apportionment of general State financial aid and supplemental general State aid to the common schools for the 1998-1999 and subsequent school years.

(A) General Provisions.

(1) The provisions of this Section apply to the 1998-1999 and subsequent school years. The system of general State financial aid provided for in this Section is designed to assure that, through a combination of State financial aid and required local resources, the financial support provided each pupil in Average Daily Attendance equals or exceeds a prescribed per pupil Foundation Level. This formula approach imputes a level of per pupil Available Local Resources and provides for the basis to calculate a per pupil level of general State financial aid that, when added to Available Local Resources, equals or exceeds the Foundation Level. The amount of per pupil general State financial aid for school districts, in general, varies in inverse relation to Available Local Resources. Per pupil amounts are based upon each school district's Average Daily Attendance as that term is defined in this Section.

(2) In addition to general State financial aid, school districts with specified levels or concentrations of pupils from low income households are eligible to receive supplemental general State financial aid grants as provided pursuant to subsection (H). The supplemental State aid grants provided for school districts under subsection (H) shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section.

(3) To receive financial assistance under this Section, school districts are required to file claims with the State Board of Education, subject to the following requirements:

(a) Any school district which fails for any given school year to maintain school as required by law, or to maintain a recognized school is not eligible to file for such school year any claim upon the Common School Fund. In case of nonrecognition of one or more attendance centers in a school district otherwise operating recognized schools, the claim of the district shall be reduced in the

New matter indicated by italics - deletions by strikeout.
proportion which the Average Daily Attendance in the attendance center or centers bear to the Average Daily Attendance in the school district. A "recognized school" means any public school which meets the standards as established for recognition by the State Board of Education. A school district or attendance center not having recognition status at the end of a school term is entitled to receive State aid payments due upon a legal claim which was filed while it was recognized.

(b) School district claims filed under this Section are subject to Sections 18-9 and 18-12, except as otherwise provided in this Section.

(c) If a school district operates a full year school under Section 10-19.1, the general State aid to the school district shall be determined by the State Board of Education in accordance with this Section as near as may be applicable.

(d) (Blank).

(4) Except as provided in subsections (H) and (L), the board of any district receiving any of the grants provided for in this Section may apply those funds to any fund so received for which that board is authorized to make expenditures by law.

School districts are not required to exert a minimum Operating Tax Rate in order to qualify for assistance under this Section.

(5) As used in this Section the following terms, when capitalized, shall have the meaning ascribed herein:

(a) "Average Daily Attendance": A count of pupil attendance in school, averaged as provided for in subsection (C) and utilized in deriving per pupil financial support levels.

(b) "Available Local Resources": A computation of local financial support, calculated on the basis of Average Daily Attendance and derived as provided pursuant to subsection (D).

(c) "Corporate Personal Property Replacement Taxes": Funds paid to local school districts pursuant to "An Act in relation to the abolition of ad valorem personal property tax and the replacement of revenues lost thereby, and amending and repealing certain Acts and parts of Acts in connection therewith", certified August 14, 1979, as amended (Public Act 81-1st S.S.-1).

(d) "Foundation Level": A prescribed level of per pupil financial support as provided for in subsection (B).

New matter indicated by italics - deletions by strikeout.
(e) "Operating Tax Rate": All school district property taxes extended for all purposes, except Bond and Interest, Summer School, Rent, Capital Improvement, and Vocational Education Building purposes.

(B) Foundation Level.

(1) The Foundation Level is a figure established by the State representing the minimum level of per pupil financial support that should be available to provide for the basic education of each pupil in Average Daily Attendance. As set forth in this Section, each school district is assumed to exert a sufficient local taxing effort such that, in combination with the aggregate of general State financial aid provided the district, an aggregate of State and local resources are available to meet the basic education needs of pupils in the district.

(2) For the 1998-1999 school year, the Foundation Level of support is $4,225. For the 1999-2000 school year, the Foundation Level of support is $4,325. For the 2000-2001 school year, the Foundation Level of support is $4,425. For the 2001-2002 school year and 2002-2003 school year, the Foundation Level of support is $4,560. For the 2003-2004 school year, the Foundation Level of support is $4,810. For the 2004-2005 school year, the Foundation Level of support is $4,964. For the 2005-2006 school year, the Foundation Level of support is $5,164. For the 2006-2007 school year, the Foundation Level of support is $5,334. For the 2007-2008 school year, the Foundation Level of support is $5,734.

(3) For the 2008-2009 school year and each school year thereafter, the Foundation Level of support is $5,959 or such greater amount as may be established by law by the General Assembly.

(C) Average Daily Attendance.

(1) For purposes of calculating general State aid pursuant to subsection (E), an Average Daily Attendance figure shall be utilized. The Average Daily Attendance figure for formula calculation purposes shall be the monthly average of the actual number of pupils in attendance of each school district, as further averaged for the best 3 months of pupil attendance for each school district. In compiling the figures for the number of pupils in attendance, school districts and the State Board of Education shall, for purposes of general State aid funding, conform attendance figures to the requirements of subsection (F).

(2) The Average Daily Attendance figures utilized in subsection (E) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated or

New matter indicated by italics - deletions by strikeout.
the average of the attendance data for the 3 preceding school years, whichever is greater. The Average Daily Attendance figures utilized in subsection (H) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated.

(D) Available Local Resources.

(1) For purposes of calculating general State aid pursuant to subsection (E), a representation of Available Local Resources per pupil, as that term is defined and determined in this subsection, shall be utilized. Available Local Resources per pupil shall include a calculated dollar amount representing local school district revenues from local property taxes and from Corporate Personal Property Replacement Taxes, expressed on the basis of pupils in Average Daily Attendance. Calculation of Available Local Resources shall exclude any tax amnesty funds received as a result of Public Act 93-26.

(2) In determining a school district's revenue from local property taxes, the State Board of Education shall utilize the equalized assessed valuation of all taxable property of each school district as of September 30 of the previous year. The equalized assessed valuation utilized shall be obtained and determined as provided in subsection (G).

(3) For school districts maintaining grades kindergarten through 12, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 3.00%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades kindergarten through 8, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 2.30%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades 9 through 12, local property tax revenues per pupil shall be the applicable equalized assessed valuation of the district multiplied by 1.05%, and divided by the district's Average Daily Attendance figure.

For partial elementary unit districts created pursuant to Article 11E of this Code, local property tax revenues per pupil shall be calculated as the product of the equalized assessed valuation for property within the partial elementary unit district for elementary purposes, as defined in Article 11E of this Code, multiplied by 2.06% and divided by the district's Average Daily Attendance figure, plus the product of the equalized assessed valuation for property within the partial elementary unit district
for high school purposes, as defined in Article 11E of this Code, multiplied by 0.94% and divided by the district's Average Daily Attendance figure.

(4) The Corporate Personal Property Replacement Taxes paid to each school district during the calendar year one year ± two years before the calendar year in which a school year begins, divided by the Average Daily Attendance figure for that district, shall be added to the local property tax revenues per pupil as derived by the application of the immediately preceding paragraph (3). The sum of these per pupil figures for each school district shall constitute Available Local Resources as that term is utilized in subsection (E) in the calculation of general State aid.

(E) Computation of General State Aid.

(1) For each school year, the amount of general State aid allotted to a school district shall be computed by the State Board of Education as provided in this subsection.

(2) For any school district for which Available Local Resources per pupil is less than the product of 0.93 times the Foundation Level, general State aid for that district shall be calculated as an amount equal to the Foundation Level minus Available Local Resources, multiplied by the Average Daily Attendance of the school district.

(3) For any school district for which Available Local Resources per pupil is equal to or greater than the product of 0.93 times the Foundation Level and less than the product of 1.75 times the Foundation Level, the general State aid per pupil shall be a decimal proportion of the Foundation Level derived using a linear algorithm. Under this linear algorithm, the calculated general State aid per pupil shall decline in direct linear fashion from 0.07 times the Foundation Level for a school district with Available Local Resources equal to the product of 0.93 times the Foundation Level, to 0.05 times the Foundation Level for a school district with Available Local Resources equal to the product of 1.75 times the Foundation Level. The allocation of general State aid for school districts subject to this paragraph 3 shall be the calculated general State aid per pupil figure multiplied by the Average Daily Attendance of the school district.

(4) For any school district for which Available Local Resources per pupil equals or exceeds the product of 1.75 times the Foundation Level, the general State aid for the school district shall be calculated as the product of $218 multiplied by the Average Daily Attendance of the school district.

New matter indicated by italics - deletions by strikeout.
(5) The amount of general State aid allocated to a school district for the 1999-2000 school year meeting the requirements set forth in paragraph (4) of subsection (G) shall be increased by an amount equal to the general State aid that would have been received by the district for the 1998-1999 school year by utilizing the Extension Limitation Equalized Assessed Valuation as calculated in paragraph (4) of subsection (G) less the general State aid allotted for the 1998-1999 school year. This amount shall be deemed a one time increase, and shall not affect any future general State aid allocations.

(F) Compilation of Average Daily Attendance.

(1) Each school district shall, by July 1 of each year, submit to the State Board of Education, on forms prescribed by the State Board of Education, attendance figures for the school year that began in the preceding calendar year. The attendance information so transmitted shall identify the average daily attendance figures for each month of the school year. Beginning with the general State aid claim form for the 2002-2003 school year, districts shall calculate Average Daily Attendance as provided in subdivisions (a), (b), and (c) of this paragraph (1).

(a) In districts that do not hold year-round classes, days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

(b) In districts in which all buildings hold year-round classes, days of attendance in July and August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

(c) In districts in which some buildings, but not all, hold year-round classes, for the non-year-round buildings, days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May. The average daily attendance for the year-round buildings shall be computed as provided in subdivision (b) of this paragraph (1). To calculate the Average Daily Attendance for the district, the average daily attendance for the year-round buildings shall be multiplied by the days in session for the non-year-round buildings for each month and added to the monthly attendance of the non-year-round buildings.

Except as otherwise provided in this Section, days of attendance by pupils shall be counted only for sessions of not less than 5 clock hours of school work per day under direct supervision of: (i) teachers, or (ii) non-
teaching personnel or volunteer personnel when engaging in non-teaching duties and supervising in those instances specified in subsection (a) of Section 10-22.34 and paragraph 10 of Section 34-18, with pupils of legal school age and in kindergarten and grades 1 through 12.

Days of attendance by tuition pupils shall be accredited only to the districts that pay the tuition to a recognized school.

(2) Days of attendance by pupils of less than 5 clock hours of school shall be subject to the following provisions in the compilation of Average Daily Attendance.

(a) Pupils regularly enrolled in a public school for only a part of the school day may be counted on the basis of 1/6 day for every class hour of instruction of 40 minutes or more attended pursuant to such enrollment, unless a pupil is enrolled in a block-schedule format of 80 minutes or more of instruction, in which case the pupil may be counted on the basis of the proportion of minutes of school work completed each day to the minimum number of minutes that school work is required to be held that day.

(b) Days of attendance may be less than 5 clock hours on the opening and closing of the school term, and upon the first day of pupil attendance, if preceded by a day or days utilized as an institute or teachers' workshop.

(c) A session of 4 or more clock hours may be counted as a day of attendance upon certification by the regional superintendent, and approved by the State Superintendent of Education to the extent that the district has been forced to use daily multiple sessions.

(d) A session of 3 or more clock hours may be counted as a day of attendance (1) when the remainder of the school day or at least 2 hours in the evening of that day is utilized for an in-service training program for teachers, up to a maximum of 5 days per school year of which a maximum of 4 days of such 5 days may be used for parent-teacher conferences, provided a district conducts an in-service training program for teachers which has been approved by the State Superintendent of Education; or, in lieu of 4 such days, 2 full days may be used, in which event each such day may be counted as a day of attendance; and (2) when days in addition to those provided in item (1) are scheduled by a school pursuant to its school improvement plan adopted under Article 34 or its revised or amended school improvement plan adopted under Article 2,
provided that (i) such sessions of 3 or more clock hours are scheduled to occur at regular intervals, (ii) the remainder of the school days in which such sessions occur are utilized for in-service training programs or other staff development activities for teachers, and (iii) a sufficient number of minutes of school work under the direct supervision of teachers are added to the school days between such regularly scheduled sessions to accumulate not less than the number of minutes by which such sessions of 3 or more clock hours fall short of 5 clock hours. Any full days used for the purposes of this paragraph shall not be considered for computing average daily attendance. Days scheduled for in-service training programs, staff development activities, or parent-teacher conferences may be scheduled separately for different grade levels and different attendance centers of the district.

(e) A session of not less than one clock hour of teaching hospitalized or homebound pupils on-site or by telephone to the classroom may be counted as 1/2 day of attendance, however these pupils must receive 4 or more clock hours of instruction to be counted for a full day of attendance.

(f) A session of at least 4 clock hours may be counted as a day of attendance for first grade pupils, and pupils in full day kindergartens, and a session of 2 or more hours may be counted as 1/2 day of attendance by pupils in kindergartens which provide only 1/2 day of attendance.

(g) For children with disabilities who are below the age of 6 years and who cannot attend 2 or more clock hours because of their disability or immaturity, a session of not less than one clock hour may be counted as 1/2 day of attendance; however for such children whose educational needs so require a session of 4 or more clock hours may be counted as a full day of attendance.

(h) A recognized kindergarten which provides for only 1/2 day of attendance by each pupil shall not have more than 1/2 day of attendance counted in any one day. However, kindergartens may count 2 1/2 days of attendance in any 5 consecutive school days. When a pupil attends such a kindergarten for 2 half days on any one school day, the pupil shall have the following day as a day absent from school, unless the school district obtains permission in writing from the State Superintendent of Education. Attendance at kindergartens which provide for a full day of attendance by each

pupil shall be counted the same as attendance by first grade pupils. Only the first year of attendance in one kindergarten shall be counted, except in case of children who entered the kindergarten in their fifth year whose educational development requires a second year of kindergarten as determined under the rules and regulations of the State Board of Education.

(i) On the days when the Prairie State Achievement Examination is administered under subsection (c) of Section 2-3.64 of this Code, the day of attendance for a pupil whose school day must be shortened to accommodate required testing procedures may be less than 5 clock hours and shall be counted towards the 176 days of actual pupil attendance required under Section 10-19 of this Code, provided that a sufficient number of minutes of school work in excess of 5 clock hours are first completed on other school days to compensate for the loss of school work on the examination days.

(G) Equalized Assessed Valuation Data.

(1) For purposes of the calculation of Available Local Resources required pursuant to subsection (D), the State Board of Education shall secure from the Department of Revenue the value as equalized or assessed by the Department of Revenue of all taxable property of every school district, together with (i) the applicable tax rate used in extending taxes for the funds of the district as of September 30 of the previous year and (ii) the limiting rate for all school districts subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law.

The Department of Revenue shall add to the equalized assessed value of all taxable property of each school district situated entirely or partially within a county that is or was subject to the provisions of Section 15-176 or 15-177 of the Property Tax Code (a) an amount equal to the total amount by which the homestead exemption allowed under Section 15-176 or 15-177 of the Property Tax Code for real property situated in that school district exceeds the total amount that would have been allowed in that school district if the maximum reduction under Section 15-176 was (i) $4,500 in Cook County or $3,500 in all other counties in tax year 2003 or (ii) $5,000 in all counties in tax year 2004 and thereafter and (b) an amount equal to the aggregate amount for the taxable year of all additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of $30,000 or less. The county clerk of any county that is or was subject to the provisions of Section 15-176 or 15-177

of the Property Tax Code shall annually calculate and certify to the Department of Revenue for each school district all homestead exemption amounts under Section 15-176 or 15-177 of the Property Tax Code and all amounts of additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of $30,000 or less. It is the intent of this paragraph that if the general homestead exemption for a parcel of property is determined under Section 15-176 or 15-177 of the Property Tax Code rather than Section 15-175, then the calculation of Available Local Resources shall not be affected by the difference, if any, between the amount of the general homestead exemption allowed for that parcel of property under Section 15-176 or 15-177 of the Property Tax Code and the amount that would have been allowed had the general homestead exemption for that parcel of property been determined under Section 15-175 of the Property Tax Code. It is further the intent of this paragraph that if additional exemptions are allowed under Section 15-175 of the Property Tax Code for owners with a household income of less than $30,000, then the calculation of Available Local Resources shall not be affected by the difference, if any, because of those additional exemptions.

This equalized assessed valuation, as adjusted further by the requirements of this subsection, shall be utilized in the calculation of Available Local Resources.

(2) The equalized assessed valuation in paragraph (1) shall be adjusted, as applicable, in the following manner:

(a) For the purposes of calculating State aid under this Section, with respect to any part of a school district within a redevelopment project area in respect to which a municipality has adopted tax increment allocation financing pursuant to the Tax Increment Allocation Redevelopment Act, Sections 11-74.4-1 through 11-74.4-11 of the Illinois Municipal Code or the Industrial Jobs Recovery Law, Sections 11-74.6-1 through 11-74.6-50 of the Illinois Municipal Code, no part of the current equalized assessed valuation of real property located in any such project area which is attributable to an increase above the total initial equalized assessed valuation of such property shall be used as part of the equalized assessed valuation of the district, until such time as all redevelopment project costs have been paid, as provided in Section 11-74.4-8 of the Tax Increment Allocation Redevelopment Act or in Section 11-74.6-35 of the Industrial Jobs Recovery Law. For the purpose of the equalized assessed valuation of the district, the total

New matter indicated by italics - deletions by strikeout.
initial equalized assessed valuation or the current equalized assessed valuation, whichever is lower, shall be used until such time as all redevelopment project costs have been paid.

(b) The real property equalized assessed valuation for a school district shall be adjusted by subtracting from the real property value as equalized or assessed by the Department of Revenue for the district an amount computed by dividing the amount of any abatement of taxes under Section 18-170 of the Property Tax Code by 3.00% for a district maintaining grades kindergarten through 12, by 2.30% for a district maintaining grades kindergarten through 8, or by 1.05% for a district maintaining grades 9 through 12 and adjusted by an amount computed by dividing the amount of any abatement of taxes under subsection (a) of Section 18-165 of the Property Tax Code by the same percentage rates for district type as specified in this subparagraph (b).

(3) For the 1999-2000 school year and each school year thereafter, if a school district meets all of the criteria of this subsection (G)(3), the school district's Available Local Resources shall be calculated under subsection (D) using the district's Extension Limitation Equalized Assessed Valuation as calculated under this subsection (G)(3).

For purposes of this subsection (G)(3) the following terms shall have the following meanings:

"Budget Year": The school year for which general State aid is calculated and awarded under subsection (E).

"Base Tax Year": The property tax levy year used to calculate the Budget Year allocation of general State aid.

"Preceding Tax Year": The property tax levy year immediately preceding the Base Tax Year.

"Base Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Base Tax Year multiplied by the limiting rate as calculated by the County Clerk and defined in the Property Tax Extension Limitation Law.

"Preceding Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Preceding Tax Year multiplied by the Operating Tax Rate as defined in subsection (A).
"Extension Limitation Ratio": A numerical ratio, certified by the County Clerk, in which the numerator is the Base Tax Year's Tax Extension and the denominator is the Preceding Tax Year's Tax Extension.

"Operating Tax Rate": The operating tax rate as defined in subsection (A).

If a school district is subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation of that district. For the 1999-2000 school year, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the district's 1996 Equalized Assessed Valuation and the district's Extension Limitation Ratio. For the 2000-2001 school year and each school year thereafter, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the Equalized Assessed Valuation last used in the calculation of general State aid and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of a school district as calculated under this subsection (G)(3) is less than the district's equalized assessed valuation as calculated pursuant to subsections (G)(1) and (G)(2), then for purposes of calculating the district's general State aid for the Budget Year pursuant to subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources under subsection (D).

Partial elementary unit districts created in accordance with Article 11E of this Code shall not be eligible for the adjustment in this subsection (G)(3) until the fifth year following the effective date of the reorganization.

(4) For the purposes of calculating general State aid for the 1999-2000 school year only, if a school district experienced a triennial reassessment on the equalized assessed valuation used in calculating its general State financial aid apportionment for the 1998-1999 school year, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation that would have been used to calculate the district's 1998-1999 general State aid. This amount shall equal the product of the equalized assessed valuation used to calculate general State aid for the 1997-1998 school year and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of the school

district as calculated under this paragraph (4) is less than the district's equalized assessed valuation utilized in calculating the district's 1998-1999 general State aid allocation, then for purposes of calculating the district's general State aid pursuant to paragraph (5) of subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources.

(5) For school districts having a majority of their equalized assessed valuation in any county except Cook, DuPage, Kane, Lake, McHenry, or Will, if the amount of general State aid allocated to the school district for the 1999-2000 school year under the provisions of subsection (E), (H), and (J) of this Section is less than the amount of general State aid allocated to the district for the 1998-1999 school year under these subsections, then the general State aid of the district for the 1999-2000 school year only shall be increased by the difference between these amounts. The total payments made under this paragraph (5) shall not exceed $14,000,000. Claims shall be prorated if they exceed $14,000,000.

(H) Supplemental General State Aid.

(1) In addition to the general State aid a school district is allotted pursuant to subsection (E), qualifying school districts shall receive a grant, paid in conjunction with a district's payments of general State aid, for supplemental general State aid based upon the concentration level of children from low-income households within the school district. Supplemental State aid grants provided for school districts under this subsection shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section. If the appropriation in any fiscal year for general State aid and supplemental general State aid is insufficient to pay the amounts required under the general State aid and supplemental general State aid calculations, then the State Board of Education shall ensure that each school district receives the full amount due for general State aid and the remainder of the appropriation shall be used for supplemental general State aid, which the State Board of Education shall calculate and pay to eligible districts on a prorated basis.

(1.5) This paragraph (1.5) applies only to those school years preceding the 2003-2004 school year. For purposes of this subsection (H), the term "Low-Income Concentration Level" shall be the low-income eligible pupil count from the most recently available federal census divided by the Average Daily Attendance of the school district. If, however, (i) the percentage decrease from the 2 most recent federal

Such plan shall be submitted in accordance with rules and regulations promulgated by the State Board of Education.

(4) School districts with an Average Daily Attendance of 50,000 or more that qualify for supplemental general State aid pursuant to this subsection shall be required to distribute from funds available pursuant to this Section, no less than $261,000,000 in accordance with the following requirements:

(a) The required amounts shall be distributed to the attendance centers within the district in proportion to the number of pupils enrolled at each attendance center who are eligible to receive free or reduced-price lunches or breakfasts under the federal Child Nutrition Act of 1966 and under the National School Lunch Act during the immediately preceding school year.

(b) The distribution of these portions of supplemental and general State aid among attendance centers according to these requirements shall not be compensated for or contravened by adjustments of the total of other funds appropriated to any attendance centers, and the Board of Education shall utilize funding from one or several sources in order to fully implement this provision annually prior to the opening of school.

(c) Each attendance center shall be provided by the school district a distribution of noncategorical funds and other categorical funds to which an attendance center is entitled under law in order that the general State aid and supplemental general State aid provided by application of this subsection supplements rather than supplants the noncategorical funds and other categorical funds provided by the school district to the attendance centers.
(d) Any funds made available under this subsection that by reason of the provisions of this subsection are not required to be allocated and provided to attendance centers may be used and appropriated by the board of the district for any lawful school purpose.

(e) Funds received by an attendance center pursuant to this subsection shall be used by the attendance center at the discretion of the principal and local school council for programs to improve educational opportunities at qualifying schools through the following programs and services: early childhood education, reduced class size or improved adult to student classroom ratio, enrichment programs, remedial assistance, attendance improvement, and other educationally beneficial expenditures which supplement the regular and basic programs as determined by the State Board of Education. Funds provided shall not be expended for any political or lobbying purposes as defined by board rule.

(f) Each district subject to the provisions of this subdivision (H)(4) shall submit an acceptable plan to meet the educational needs of disadvantaged children, in compliance with the requirements of this paragraph, to the State Board of Education prior to July 15 of each year. This plan shall be consistent with the decisions of local school councils concerning the school expenditure plans developed in accordance with part 4 of Section 34-2.3. The State Board shall approve or reject the plan within 60 days after its submission. If the plan is rejected, the district shall give written notice of intent to modify the plan within 15 days of the notification of rejection and then submit a modified plan within 30 days after the date of the written notice of intent to modify. Districts may amend approved plans pursuant to rules promulgated by the State Board of Education.

Upon notification by the State Board of Education that the district has not submitted a plan prior to July 15 or a modified plan within the time period specified herein, the State aid funds affected by that plan or modified plan shall be withheld by the State Board of Education until a plan or modified plan is submitted.

If the district fails to distribute State aid to attendance centers in accordance with an approved plan, the plan for the following year shall allocate funds, in addition to the funds

otherwise required by this subsection, to those attendance centers which were underfunded during the previous year in amounts equal to such underfunding.

For purposes of determining compliance with this subsection in relation to the requirements of attendance center funding, each district subject to the provisions of this subsection shall submit as a separate document by December 1 of each year a report of expenditure data for the prior year in addition to any modification of its current plan. If it is determined that there has been a failure to comply with the expenditure provisions of this subsection regarding contravention or supplanting, the State Superintendent of Education shall, within 60 days of receipt of the report, notify the district and any affected local school council. The district shall within 45 days of receipt of that notification inform the State Superintendent of Education of the remedial or corrective action to be taken, whether by amendment of the current plan, if feasible, or by adjustment in the plan for the following year. Failure to provide the expenditure report or the notification of remedial or corrective action in a timely manner shall result in a withholding of the affected funds.

The State Board of Education shall promulgate rules and regulations to implement the provisions of this subsection. No funds shall be released under this subdivision (H)(4) to any district that has not submitted a plan that has been approved by the State Board of Education.

(J) Supplementary Grants in Aid.

(1) Notwithstanding any other provisions of this Section, the amount of the aggregate general State aid in combination with supplemental general State aid under this Section for which each school district is eligible shall be no less than the amount of the aggregate general State aid entitlement that was received by the district under Section 18-8 (exclusive of amounts received under subsections 5(p) and 5(p-5) of that Section) for the 1997-98 school year, pursuant to the provisions of that Section as it was then in effect. If a school district qualifies to receive a supplementary payment made under this subsection (J), the amount of the aggregate general State aid in combination with supplemental general State aid under this Section which that district is eligible to receive for each school year shall be no less than the amount of the aggregate general State aid entitlement that was received by the district under Section 18-8.

(K) Grants to Laboratory and Alternative Schools.

In calculating the amount to be paid to the governing board of a public university that operates a laboratory school under this Section or to any alternative school that is operated by a regional superintendent of schools, the State Board of Education shall require by rule such reporting requirements as it deems necessary.

As used in this Section, "laboratory school" means a public school which is created and operated by a public university and approved by the State Board of Education. The governing board of a public university which receives funds from the State Board under this subsection (K) may not increase the number of students enrolled in its laboratory school from a single district, if that district is already sending 50 or more students, except under a mutual agreement between the school board of a student's district of residence and the university which operates the laboratory school. A laboratory school may not have more than 1,000 students, excluding students with disabilities in a special education program.

As used in this Section, "alternative school" means a public school which is created and operated by a Regional Superintendent of Schools and approved by the State Board of Education. Such alternative schools may offer courses of instruction for which credit is given in regular school programs, courses to prepare students for the high school equivalency testing program or vocational and occupational training. Each laboratory and alternative school shall file, on forms provided by the State Superintendent of Education, an annual State aid claim which states the Average Daily Attendance of the school's students by month. The best 3 months' Average Daily Attendance shall be computed for each school. The general State aid entitlement shall be computed by multiplying the applicable Average Daily Attendance by the Foundation Level as determined under this Section.

(L) Payments, Additional Grants in Aid and Other Requirements.

(1) For a school district operating under the financial supervision of an Authority created under Article 34A, the general State aid otherwise payable to that district under this Section, but not the supplemental general State aid, shall be reduced by an amount equal to the budget for the operations of the Authority as certified by the Authority to the State Board of Education, and an amount equal to such reduction shall be paid to the Authority created for such district for its operating expenses in the manner provided in Section 18-11. The remainder of general State school aid for any such district shall be paid in accordance with Article 34A when that Article provides for a disposition other than that provided by this Article.

One of the members so appointed shall be designated by the Governor at the time the appointment is made as the chairperson of the Board. is appointed as the chairperson shall serve for a term that commences on the date of his or her appointment and expires on the third Monday of January, 2002, and the remaining 4 members, by lots drawn at the first meeting of the Board that is held after all 5 members are appointed, shall determine 2 of their number to serve for terms that commence on the date of their respective appointments and expire on the third Monday of January, 2001, and 2 of their number to serve for terms that commence on the date of their respective appointments and expire on the third Monday of January, 2000. All members appointed to serve on the Board shall serve until their respective successors are appointed and confirmed. Vacancies shall be filled in the same manner as original appointments. If a vacancy in membership occurs at a time when the Senate is not in session, the Governor shall make a temporary appointment until the next meeting of the Senate, when he or she shall appoint, by and with the advice and consent of the Senate, a person to fill that membership for the unexpired term. If the Senate is not in session when the initial appointments are made, those appointments shall be made as in the case of vacancies.

The Education Funding Advisory Board shall be deemed established, and the initial members appointed by the Governor to serve as members of the Board shall take office, on the date that the Governor makes his or her appointment of the fifth initial member of the Board, whether those initial members are then serving pursuant to appointment and confirmation or pursuant to temporary appointments that are made by the Governor as in the case of vacancies.

The State Board of Education shall provide such staff assistance to the Education Funding Advisory Board as is reasonably required for the proper performance by the Board of its responsibilities.

For school years after the 2000-2001 school year, the Education Funding Advisory Board, in consultation with the State Board of Education, shall make recommendations as provided in this subsection (M) to the General Assembly for the foundation level under subdivision (B)(3) of this Section and for the supplemental general State aid grant level under subsection (H) of this Section for districts with high concentrations of children from poverty. The recommended foundation level shall be determined based on a methodology which incorporates the basic education expenditures of low-spending schools exhibiting high academic performance. The Education Funding Advisory Board shall make such recommendations to the General Assembly on January 1 of odd numbered years, beginning January 1, 2001.

O) References.

(1) References in other laws to the various subdivisions of Section 18-8 as that Section existed before its repeal and replacement by this Section 18-8.05 shall be deemed to refer to the corresponding provisions of this Section 18-8.05, to the extent that those references remain applicable.

(2) References in other laws to State Chapter 1 funds shall be deemed to refer to the supplemental general State aid provided under subsection (H) of this Section.

(P) Public Act 93-838 and Public Act 93-808 make inconsistent changes to this Section. Under Section 6 of the Statute on Statutes there is an irreconcilable conflict between Public Act 93-808 and Public Act 93-838. Public Act 93-838, being the last acted upon, is controlling. The text of Public Act 93-838 is the law regardless of the text of Public Act 93-808.

(f) The Board must set 3 hearings on the proposal, each of which shall be scheduled to continue from day to day, excluding weekends and State and federal holidays, until completed. The Board must require the written submission of all testimony at least 10 days before a hearing, with simultaneous service to all participants of record in the proceeding as of 15 days prior to hearing, unless a waiver is granted by the Board for good cause. In order to further expedite the hearings, presubmitted testimony shall be accepted into the record without the reading of the testimony at hearing, provided that the witness swears to the testimony and is available for questioning, and the Board must make every effort to conduct the proceedings expeditiously and avoid duplication and extraneous material.

(1) The first hearing shall be held within 55 days of receipt of the rule and shall be confined to testimony by and questions of the Agency's witnesses concerning the scope, applicability, and basis of the rule. Within 7 days after the first hearing, any person may request that the second hearing be held.

(A) If, after the first hearing, the Agency and affected entities are in agreement on the rule, the United
States Environmental Protection Agency has not informed the Board of any unresolved objection to the rule, and no other interested party contests the rule or asks for the opportunity to present additional evidence, the Board may cancel the additional hearings. When the Board adopts the final order under these circumstances, it shall be based on the Agency's proposal as agreed to by the parties.

(B) If, after the first hearing, the Agency and affected entities are in agreement upon a portion of the rule, the United States Environmental Protection Agency has not informed the Board of any unresolved objections to that agreed portion of the rule, and no other interested party contests that agreed portion of the rule or asks for the opportunity to present additional evidence, the Board must proceed to the second hearing, as provided in paragraph (2) of subsection (g) of this Section, but the hearing shall be limited in scope to the unresolved portion of the proposal. When the Board adopts the final order under these circumstances, it shall be based on such portion of the Agency's proposal as agreed to by the parties.

(2) The second hearing shall be scheduled to commence within 30 days of the first day of the first hearing and shall be devoted to presentation of testimony, documents, and comments by affected entities and all other interested parties.

(3) The third hearing shall be scheduled to commence within 14 days after the first day of the second hearing and shall be devoted solely to any Agency response to the material submitted at the second hearing and to any response by other parties. The third hearing shall be cancelled if the Agency indicates to the Board that it does not intend to introduce any additional material.

(g) In any fast-track rulemaking proceeding, the Board must accept evidence and comments on the economic impact of any provision of the rule and must consider the economic impact of the rule based on the record. The Board may order an economic impact study in a manner that will not prevent adoption of the rule within the time required by subsection (n) of this Section.

(h) In all fast-track rulemakings under this Section, the Board must take into account factors set forth in subsection (a) of Section 27 of this Act.

New matter indicated by italics - deletions by strikeout.
(i) The Board must adopt rules in the fast-track rulemaking docket under the requirements of this Section that the CAAA requires to be adopted, and may consider a non-required rule in a second docket that shall proceed under Title VII of this Act.

(j) The Board is directed to take whatever measures are available to it to complete fast-track rulemaking as expeditiously as possible consistent with the need for careful consideration. These measures shall include, but not be limited to, having hearings transcribed on an expedited basis.

(k) Following the hearings, the Board must close the record 14 days after the availability of the transcript.

(l) The Board must not revise or otherwise change an Agency fast-track rulemaking proposal without agreement of the Agency until after the end of the hearing and comment period. Any revisions to an Agency proposal shall be based on the record of the proceeding.

(m) All rules adopted by the Board under this Section shall be based solely on the record before it.

(n) The Board must complete a fast-track rulemaking by adopting a second notice order no later than 130 days after receipt of the proposal if no third hearing is held and no later than 150 days if the third hearing is held. If the order includes a rule, the Illinois Board must file the rule for second notice under the Illinois Administrative Procedure Act within 5 days after adoption of the order.

(o) Upon receipt of a statement of no objection to the rule from the Joint Committee on Administrative Rules, the Board must adopt the final order and submit the rule to the Secretary of State for publication and certification within 21 days.

evidence to impeach the witness in the event that prior sexual activity with the respondent is denied. Sec. 213. Civil no contact order; remedies.

(a) If the court finds that the petitioner has been a victim of non-consensual sexual conduct or non-consensual sexual penetration, a civil no contact order shall issue; provided that the petitioner must also satisfy the requirements of Section 214 on emergency orders or Section 215 on plenary orders. The petitioner shall not be denied a civil no contact order because the petitioner or the respondent is a minor. Modification and extension of prior civil no contact orders shall be in accordance with this Act.

(b) (Blank). A civil no contact order shall order one or more of the following:

(b-5) The court may provide relief as follows:

(1) prohibit the respondent from knowingly coming within, or knowingly remaining within, a specified distance from the petitioner;
(2) restrain the respondent from having any contact, including nonphysical contact, with the petitioner directly,

(3) prohibit the respondent from knowingly coming within, or knowingly remaining within, a specified distance from the petitioner's residence, school, day care or other specified location;

(4) order the respondent to stay away from any property or animal owned, possessed, leased, kept, or held by the petitioner and forbid the respondent from taking, transferring, encumbering, concealing, harming, or otherwise disposing of the property or animal; and

(5) order any other injunctive relief as necessary or appropriate for the protection of the petitioner.

(b-6) When the petitioner and the respondent attend the same public or private elementary, middle, or high school, the court when issuing a civil no contact order and providing relief shall consider, among the other facts of the case, the severity of the act, any continuing physical danger or emotional distress to the petitioner, and the expense, difficulty, and educational disruption that would be caused by a transfer of the respondent to another school. The court may order that the respondent not attend the public or private elementary, middle, or high school attended by the petitioner. In the event the court orders a transfer of the respondent to another school, the parents or legal guardians of the respondent are responsible for transportation and other costs associated with the change of school by the respondent.

Sec. 213.7. Aiding and abetting non-consensual sexual conduct or non-consensual sexual penetration. A person aids and abets an act of non-consensual sexual conduct or non-consensual sexual penetration when, before or during the commission of an act of non-consensual sexual conduct or non-consensual sexual penetration as defined in Section 103 and with the intent to promote or facilitate such conduct, he or she intentionally aids or abets another in the planning or commission of non-consensual sexual conduct or non-consensual sexual penetration, unless before the commission of the offense he or she makes proper effort to prevent the commission of the offense.

(740 ILCS 22/215.5 new)

Sec. 215.5. Petitioner testimony at plenary civil no contact order hearing. In a plenary civil no contact order hearing, if a court finds that testimony by the petitioner in the courtroom may result in serious emotional distress to the petitioner, the court may order that the examination of the petitioner be conducted in chambers. Counsel shall be present at the examination unless otherwise agreed upon by the parties. The court shall cause a court reporter to be present who shall make a complete record of the examination instantaneously to be part of the record in the case.

(740 ILCS 22/216)

Sec. 216. Duration and extension of orders.

(a) Unless re-opened or extended or voided by entry of an order of greater duration, an emergency order shall be effective for not less than 14 nor more than 21 days.

(b) Except as otherwise provided in this Section, a plenary civil no contact order shall be effective for a fixed period of time, not to exceed 2 years. A plenary civil no contact order entered in conjunction with a criminal prosecution shall remain in effect as follows:

(1) if entered during pre-trial release, until disposition, withdrawal, or dismissal of the underlying charge; if however, the
case is continued as an independent cause of action, the order's duration may be for a fixed period of time not to exceed 2 years;

(2) if in effect in conjunction with a bond forfeiture warrant, until final disposition or an additional period of time not exceeding 2 years; no civil no contact order, however, shall be terminated by a dismissal that is accompanied by the issuance of a bond forfeiture warrant;

(3) until expiration of any supervision, conditional discharge, probation, periodic imprisonment, parole, or mandatory supervised release and for an additional period of time thereafter not exceeding 2 years; or

(4) until the date set by the court for expiration of any sentence of imprisonment and subsequent parole or mandatory supervised release and for an additional period of time thereafter not exceeding 2 years.

(c) Any emergency or plenary order may be extended one or more times, as required, provided that the requirements of Section 214 or 215, as appropriate, are satisfied. If the motion for extension is uncontested and the petitioner seeks no modification of the order, the order may be extended on the basis of the petitioner's motion or affidavit stating that there has been no material change in relevant circumstances since entry of the order and stating the reason for the requested extension. Extensions may be granted only in open court and not under the provisions of subsection (c) of Section 214, which applies only when the court is unavailable at the close of business or on a court holiday.

(d) Any civil no contact order which would expire on a court holiday shall instead expire at the close of the next court business day.

(d-5) An extension of a plenary civil no contact order may be granted, upon good cause shown, to remain in effect until the civil no contact order is vacated or modified.

(e) The practice of dismissing or suspending a criminal prosecution in exchange for the issuance of a civil no contact order undermines the purposes of this Act. This Section shall not be construed as encouraging that practice.

(b) A civil no contact order shall further state the following:

(2) The date and time the civil no contact order was issued, whether it is an emergency or plenary order, and the duration of the order.

(c) A civil no contact order shall include the following notice, printed in conspicuous type: "Any knowing violation of a civil no contact order is a Class A misdemeanor. Any second or subsequent violation is a Class 4 felony."

(d) A civil no contact order shall state, "This Civil No Contact Order is enforceable, even without registration, in all 50 states, the District of Columbia, tribal lands, and the U.S. territories pursuant to the Violence Against Women Act (18 U.S.C. 2265)."

Sec. 220. Enforcement of a civil no contact order.

(a) Nothing in this Act shall preclude any Illinois court from enforcing a valid protective order issued in another state.

(b) Illinois courts may enforce civil no contact orders through both criminal proceedings and civil contempt proceedings, unless the action
which is second in time is barred by collateral estoppel or the constitutional prohibition against double jeopardy.

(c) Criminal prosecution. A violation of any civil no contact order, whether issued in a civil or criminal proceeding, shall be enforced by a criminal court when the respondent commits the crime of violation of a civil no contact order pursuant to Section 219 by having knowingly violated:

(1) remedies described in Section 213 and included in a civil no contact order; or

(2) a provision of an order, which is substantially similar to provisions of Section 213, in a valid civil no contact order which is authorized under the laws of another state, tribe, or United States territory.

Prosecution for a violation of a civil no contact order shall not bar a concurrent prosecution for any other crime, including any crime that may have been committed at the time of the violation of the civil no contact order.

(d) Contempt of court. A violation of any valid Illinois civil no contact order, whether issued in a civil or criminal proceeding, may be enforced through civil or criminal contempt procedures, as appropriate, by any court with jurisdiction, regardless of where the act or acts which violated the civil no contact order were committed, to the extent consistent with the venue provisions of this Act.

(1) In a contempt proceeding where the petition for a rule to show cause or petition for adjudication of criminal contempt sets forth facts evidencing an immediate danger that the respondent will flee the jurisdiction or inflict physical abuse on the petitioner or minor children or on dependent adults in the petitioner's care, the court may order the attachment of the respondent without prior service of the petition for a rule to show cause, the rule to show cause, the petition for adjudication of criminal contempt or the adjudication of criminal contempt. Bond shall be set unless specifically denied in writing.

(2) A petition for a rule to show cause or a petition for adjudication of criminal contempt for violation of a civil no contact order shall be treated as an expedited proceeding.

(e) Actual knowledge. A civil no contact order may be enforced pursuant to this Section if the respondent violates the order after the
respondent has actual knowledge of its contents as shown through one of the following means:

(1) by service, delivery, or notice under Section 208;
(2) by notice under Section 218;
(3) by service of a civil no contact order under Section 218;

or

(4) by other means demonstrating actual knowledge of the contents of the order.

(f) The enforcement of a civil no contact order in civil or criminal court shall not be affected by either of the following:

(1) the existence of a separate, correlative order, entered under Section 202; or
(2) any finding or order entered in a conjoined criminal proceeding.

(g) Circumstances. The court, when determining whether or not a violation of a civil no contact order has occurred, shall not require physical manifestations of abuse on the person of the victim.

(h) Penalties.

(1) Except as provided in paragraph (3) of this subsection, where the court finds the commission of a crime or contempt of court under subsection (a) or (b) of this Section, the penalty shall be the penalty that generally applies in such criminal or contempt proceedings, and may include one or more of the following: incarceration, payment of restitution, a fine, payment of attorneys' fees and costs, or community service.

(2) The court shall hear and take into account evidence of any factors in aggravation or mitigation before deciding an appropriate penalty under paragraph (1) of this subsection.

(3) To the extent permitted by law, the court is encouraged to:

(ii) impose a minimum penalty of 24 hours imprisonment for respondent's first violation of any civil no contact order; and

New matter indicated by italics - deletions by strikeout.
(iii) impose a minimum penalty of 48 hours imprisonment for respondent's second or subsequent violation of a civil no contact order unless the court explicitly finds that an increased penalty or that period of imprisonment would be manifestly unjust.

(4) In addition to any other penalties imposed for a violation of a civil no contact order, a criminal court may consider evidence of any previous violations of a civil no contact order:
   (i) to increase, revoke or modify the bail bond on an underlying criminal charge pursuant to Section 110-6 of the Code of Criminal Procedure of 1963;
   (ii) to revoke or modify an order of probation, conditional discharge or supervision, pursuant to Section 5-6-4 of the Unified Code of Corrections; or
   (iii) to revoke or modify a sentence of periodic imprisonment, pursuant to Section 5-7-2 of the Unified Code of Corrections.

Within 15 days after such delivery the sheriff shall give notice of seizure to each person according to the following method: Upon each such person whose right, title or interest is of record in the office of the Secretary of State, the Secretary of Transportation, the Administrator of the Federal Aviation Agency, or any other Department of this State, or any other state of the United States if such vessel, vehicle or aircraft is required to be so registered, as the case may be, by mailing a copy of the notice by certified mail to the address as given upon the records of the Secretary of State, the Department of Aeronautics, Department of Public Works and Buildings or any other Department of this State or the United States if such vessel, vehicle or aircraft is required to be so registered. Within that 15 day period the sheriff shall also notify the State's Attorney of the county of seizure about the seizure.

In addition, any mobile or portable equipment used in the commission of an act which is in violation of Section 7g of the Metropolitan Water Reclamation District Act shall be subject to seizure and forfeiture under the same procedures provided in this Article for the seizure and forfeiture of vessels, vehicles and aircraft, and any such equipment shall be deemed a vessel, vehicle or aircraft for purposes of this Article.

If the spouse of the owner of a vehicle seized for an offense described in subsection (g) of Section 6-303 of the Illinois Vehicle Code, a
violation of subdivision (c-1)(1), (c-1)(2), (c-1)(3), (d)(1)(A), or (d)(1)(D) of Section 11-501 of the Illinois Vehicle Code, or Section 9-3 of this Code makes a showing that the seized vehicle is the only source of transportation and it is determined that the financial hardship to the family as a result of the seizure outweighs the benefit to the State from the seizure, the vehicle may be forfeited to the spouse or family member and the title to the vehicle shall be transferred to the spouse or family member who is properly licensed and who requires the use of the vehicle for employment or family transportation purposes. A written declaration of forfeiture of a vehicle under this Section shall be sufficient cause for the title to be transferred to the spouse or family member. The provisions of this paragraph shall apply only to one forfeiture per vehicle. If the vehicle is the subject of a subsequent forfeiture proceeding by virtue of a subsequent conviction of either spouse or the family member, the spouse or family member to whom the vehicle was forfeited under the first forfeiture proceeding may not utilize the provisions of this paragraph in another forfeiture proceeding. If the owner of the vehicle seized owns more than one vehicle, the procedure set out in this paragraph may be used for only one vehicle.

Property declared contraband under Section 40 of the Illinois Streetgang Terrorism Omnibus Prevention Act may be seized and forfeited under this Article.

Any notary fee which may also be required as part of the total application shall be paid by the applicant.

(e) The Commission shall award to each State Scholar a certificate or other suitable form of recognition. The decision to attend a non-qualified institution of higher learning shall not disqualify applicants who are otherwise fully qualified.

(10 ILCS 5/18-5) (from Ch. 46, par. 18-5)

Sec. 18-5. Any person desiring to vote and whose name is found upon the register of voters by the person having charge thereof, shall then be questioned by one of the judges as to his nativity, his term of residence at present address, precinct, State and United States, his age, whether naturalized and if so the date of naturalization papers and court from which secured, and he shall be asked to state his residence when last previously registered and the date of the election for which he then registered. The judges of elections shall check each application for ballot against the list of voters registered in that precinct to whom grace period, absentee, and early ballots have been issued for that election, which shall be provided by the election authority and which list shall be available for inspection by pollwatchers. A voter applying to vote in the precinct on election day whose name appears on the list as having been issued a grace period, absentee, or early ballot shall not be permitted to vote in the precinct, except that a voter to whom an absentee ballot was issued may vote in the precinct if the voter submits to the election judges that absentee ballot for cancellation. If the voter is unable to submit the absentee ballot, it shall be sufficient for the voter to submit to the election judges (i) a portion of the absentee ballot if the absentee ballot was torn or mutilated

or (ii) an affidavit executed before the election judges specifying that (A) the voter never received an absentee ballot or (B) the voter completed and returned an absentee ballot and was informed that the election authority did not receive that absentee ballot. If such person so registered shall be challenged as disqualified, the party challenging shall assign his reasons therefor, and thereupon one of the judges shall administer to him an oath to answer questions, and if he shall take the oath he shall then be questioned by the judge or judges touching such cause of challenge, and touching any other cause of disqualification. And he may also be questioned by the person challenging him in regard to his qualifications and identity. But if a majority of the judges are of the opinion that he is the person so registered and a qualified voter, his vote shall then be received accordingly. But if his vote be rejected by such judges, such person may afterward produce and deliver an affidavit to such judges, subscribed and sworn to by him before one of the judges, in which it shall be stated how long he has resided in such precinct, and state; that he is a citizen of the United States, and is a duly qualified voter in such precinct, and that he is the identical person so registered. In addition to such an affidavit, the person so challenged shall provide to the judges of election proof of residence by producing 2 forms of identification showing the person’s current residence address, provided that such identification may include a lease or contract for a residence and not more than one piece of mail addressed to the person at his current residence address and postmarked not earlier than 30 days prior to the date of the election, or the person shall procure a witness personally known to the judges of election, and resident in the precinct (or district), or who shall be proved by some legal voter of such precinct or district, known to the judges to be such, who shall take the oath following, viz:

I do solemnly swear (or affirm) that I am a resident of this election precinct (or district), and entitled to vote at this election, and that I have been a resident of this State for 30 days last past, and am well acquainted with the person whose vote is now offered; that he is an actual and bona fide resident of this election precinct (or district), and has resided herein 30 days, and as I verily believe, in this State, 30 days next preceding this election.

The oath in each case may be administered by one of the judges of election, or by any officer, resident in the precinct or district, authorized by law to administer oaths. Also supported by an affidavit by a registered voter residing in such precinct, stating his own residence, and that he

knows such person; and that he does reside at the place mentioned and has resided in such precinct and state for the length of time as stated by such person, which shall be subscribed and sworn to in the same way. For purposes of this Section, the submission of a photo identification issued by a college or university, accompanied by either (i) a copy of the applicant's contract or lease for a residence or (ii) one piece of mail addressed to the person at his or her current residence address and postmarked not earlier than 30 days prior to the date of the election, shall be sufficient to establish proof of residence. Whereupon the vote of such person shall be received, and entered as other votes. But such judges, having charge of such registers, shall state in their respective books the facts in such case, and the affidavits, so delivered to the judges, shall be preserved and returned to the office of the commissioners of election. Blank affidavits of the character aforesaid shall be sent out to the judges of all the precincts, and the judges of election shall furnish the same on demand and administer the oaths without criticism. Such oaths, if administered by any other officer than such judge of election, shall not be received. Whenever a proposal for a constitutional amendment or for the calling of a constitutional convention is to be voted upon at the election, the separate blue ballot or ballots pertaining thereto shall be placed on top of the other ballots to be voted at the election in such manner that the legend appearing on the back thereof, as prescribed in Section 16-6 of this Act, shall be plainly visible to the voter, and in this fashion the ballots shall be handed to the voter by the judge.

Immediately after voting, the voter shall be instructed whether the voting equipment, if used, accepted or rejected the ballot or identified the ballot as under-voted. A voter whose ballot is identified as under-voted for a statewide constitutional office may return to the voting booth and complete the voting of that ballot. A voter whose ballot is not accepted by the voting equipment may, upon surrendering the ballot, request and vote another ballot. The voter's surrendered ballot shall be initialed by the election judge and handled as provided in the appropriate Article governing that voting equipment.

The voter shall, upon quitting the voting booth, deliver to one of the judges of election all of the ballots, properly folded, which he received. The judge of election to whom the voter delivers his ballots shall not accept the same unless all of the ballots given to the voter are returned by him. If a voter delivers less than all of the ballots given to him, the judge to whom the same are offered shall advise him in a voice clearly audible to

the other judges of election that the voter must return the remainder of the ballots. The statement of the judge to the voter shall clearly express the fact that the voter is not required to vote such remaining ballots but that whether or not he votes them he must fold and deliver them to the judge. In making such statement the judge of election shall not indicate by word, gesture or intonation of voice that the unreturned ballots shall be voted in any particular manner. No new voter shall be permitted to enter the voting booth of a voter who has failed to deliver the total number of ballots received by him until such voter has returned to the voting booth pursuant to the judge's request and again quit the booth with all of the ballots required to be returned by him. Upon receipt of all such ballots the judges of election shall enter the name of the voter, and his number, as above provided in this Section, and the judge to whom the ballots are delivered shall immediately put the ballots into the ballot box. If any voter who has failed to deliver all the ballots received by him refuses to return to the voting booth after being advised by the judge of election as herein provided, the judge shall inform the other judges of such refusal, and thereupon the ballot or ballots returned to the judge shall be deposited in the ballot box, the voter shall be permitted to depart from the polling place, and a new voter shall be permitted to enter the voting booth.

The judge of election who receives the ballot or ballots from the voter shall announce the residence and name of such voter in a loud voice. The judge shall put the ballot or ballots received from the voter into the ballot box in the presence of the voter and the judges of election, and in plain view of the public. The judges having charge of such registers shall then, in a column prepared thereon, in the same line of, the name of the voter, mark "Voted" or the letter "V".

No judge of election shall accept from any voter less than the full number of ballots received by such voter without first advising the voter in the manner above provided of the necessity of returning all of the ballots, nor shall any such judge advise such voter in a manner contrary to that which is herein permitted, or in any other manner violate the provisions of this Section; provided, that the acceptance by a judge of election of less than the full number of ballots delivered to a voter who refuses to return to the voting booth after being properly advised by such judge shall not be a violation of this Section.

Section 10. The Illinois Administrative Procedure Act is amended by changing Section 10-65 as follows:

(5 ILCS 100/10-65) (from Ch. 127, par. 1010-65)

Sec. 10-65. Licenses.

(a) When any licensing is required by law to be preceded by notice and an opportunity for a hearing, the provisions of this Act concerning contested cases shall apply.

(b) When a licensee has made timely and sufficient application for the renewal of a license or a new license with reference to any activity of a continuing nature, the existing license shall continue in full force and effect until the final agency decision on the application has been made unless a later date is fixed by order of a reviewing court.

(c) Except as provided in Section 1-17 of the Department of Natural Resources Act, an application for the renewal of a license or a new license shall include the applicant's social security number. Each agency shall require the licensee to certify on the application form, under penalty of perjury, that he or she is not more than 30 days delinquent in complying with a child support order. Every application shall state that failure to so certify shall result in disciplinary action, and that making a false statement may subject the licensee to contempt of court. The agency shall notify each

applicant or licensee who acknowledges a delinquency or who, contrary to his or her certification, is found to be delinquent or who after receiving notice, fails to comply with a subpoena or warrant relating to a paternity or a child support proceeding, that the agency intends to take disciplinary action. Accordingly, the agency shall provide written notice of the facts or conduct upon which the agency will rely to support its proposed action and the applicant or licensee shall be given an opportunity for a hearing in accordance with the provisions of the Act concerning contested cases. Any delinquency in complying with a child support order can be remedied by arranging for payment of past due and current support. Any failure to comply with a subpoena or warrant relating to a paternity or child support proceeding can be remedied by complying with the subpoena or warrant. Upon a final finding of delinquency or failure to comply with a subpoena or warrant, the agency shall suspend, revoke, or refuse to issue or renew the license. In cases in which the Department of Healthcare and Family Services (formerly Department of Public Aid) has previously determined that an applicant or a licensee is more than 30 days delinquent in the payment of child support and has subsequently certified the delinquency to the licensing agency, and in cases in which a court has previously determined that an applicant or licensee has been in violation of the Non-Support Punishment Act for more than 60 days, the licensing agency shall refuse to issue or renew or shall revoke or suspend that person's license based solely upon the certification of delinquency made by the Department of Healthcare and Family Services (formerly Department of Public Aid) or the certification of violation made by the court. Further process, hearings, or redetermination of the delinquency or violation by the licensing agency shall not be required. The licensing agency may issue or renew a license if the licensee has arranged for payment of past and current child support obligations in a manner satisfactory to the Department of Healthcare and Family Services (formerly Department of Public Aid) or the court. The licensing agency may impose conditions, restrictions, or disciplinary action upon that license.

(d) Except as provided in subsection (c), no agency shall revoke, suspend, annul, withdraw, amend materially, or refuse to renew any valid license without first giving written notice to the licensee of the facts or conduct upon which the agency will rely to support its proposed action and an opportunity for a hearing in accordance with the provisions of this Act concerning contested cases. At the hearing, the licensee shall have the right to show compliance with all lawful requirements for the retention,
continuation, or renewal of the license. If, however, the agency finds that the public interest, safety, or welfare imperatively requires emergency action, and if the agency incorporates a finding to that effect in its order, summary suspension of a license may be ordered pending proceedings for revocation or other action. Those proceedings shall be promptly instituted and determined.

(e) Any application for renewal of a license that contains required and relevant information, data, material, or circumstances that were not contained in an application for the existing license shall be subject to the provisions of subsection (a).

Section 50. The Department of Public Health Powers and Duties Law of the Civil Administrative Code of Illinois is amended by changing Sections 2310-76 and 2310-90 as follows:

(20 ILCS 2310/2310-76)

Sec. 2310-76. Chronic Disease Prevention and Health Promotion Task Force.

(a) In Illinois, as well as in other parts of the United States, chronic diseases are a significant health and economic problem for our citizens and State government. Chronic diseases such as cancer, diabetes, cardiovascular disease, and arthritis are largely preventable non-communicable conditions associated with risk factors such as poor nutrition, physical inactivity, tobacco or alcohol abuse, as well as other social determinants of chronic illness. It is fully documented by national and State data that significant disparity exists between racial, ethnic, and socioeconomic groups and that the incidence and impact of many of these conditions disproportionately affect these populations.

Chronic diseases can take away a person's quality of life or his or her ability to work. The Centers for Disease Control and Prevention reports that 7 out of 10 Americans who die each year, or more than 1.7 million people, die of a chronic disease. In Illinois, studies have indicated that during the study period the State has spent more than $12.5 billion in health care dollars to treat chronic diseases in our State. The financial burden for Illinois from the impact of lost work days and lower employee productivity during the same time period related to chronic diseases resulted in an annual economic loss of $43.6 billion. These same studies have concluded that improvements in preventing and managing chronic diseases could drastically reduce future costs associated with chronic disease in Illinois and that the most effective way to trim healthcare spending in Illinois and across the U.S. is to take measures aimed at preventing diseases before we have to treat them. Furthermore, by addressing health disparities and by targeting chronic disease prevention and health promotion services toward the highest risk groups, especially in communities where racial, ethnic, and socioeconomic factors indicate high rates of these diseases, the goals of improving the overall health status for all Illinois residents can be achieved. Health promotion and prevention programs and activities are scattered throughout a number of State agencies with various streams of funding and little coordination. While the State has been looking at making significant changes to healthcare coverage for a portion of the population, in order to have the most

effective impact, any changes to the healthcare delivery system in Illinois should take into consideration and integrate the role of prevention and health promotion in that system.

(b) Subject to appropriation, within 6 months after the effective date of this amendatory Act of the 95th General Assembly, a Task Force on Chronic Disease Prevention and Health Promotion shall be convened to study and make recommendations regarding the structure of the chronic disease prevention and health promotion system in Illinois, as well as changes that should be made to the system in order to integrate and coordinate efforts in the State and ensure continuity and consistency of purpose and the elimination of disparity in the delivery of this care in Illinois.

(c) The Department of Public Health shall have primary responsibility for, and shall provide staffing and technical and administrative support for the Task Force in its efforts. The other State agencies represented on the Task Force shall work cooperatively with the Department of Public Health to provide administrative and technical support to the Task Force in its efforts. Membership of the Task Force shall consist of 18 members as follows: the Director of Public Health, who shall serve as Chair; the Secretary of Human Services or his or her designee; the Director of Aging or his or her designee; the Director of Healthcare and Family Services or his or her designee; 4 members of the General Assembly, one from the State Senate appointed by the President of the Senate, one from the State Senate appointed by the Minority Leader of the Senate, one from the House of Representatives appointed by the Speaker of the House, and one from the House of Representatives appointed by the Minority Leader of the House; and 10 members appointed by the Director of Public Health and who shall be representative of State associations and advocacy organizations with a primary focus that includes chronic disease prevention, public health delivery, medicine, health care and disease management, or community health.

(d) The Task Force shall seek input from interested parties and shall hold a minimum of 3 public hearings across the State, including one in northern Illinois, one in central Illinois, and one in southern Illinois.

(e) On or before July 1, 2010, the Task Force shall, at a minimum, make recommendations to the Director of Public Health on the following: reforming the delivery system for chronic disease prevention and health promotion in Illinois; ensuring adequate funding for infrastructure and delivery of programs; addressing health disparity; and the role of health

Sec. 2310-90. Laboratories; fees; Public Health Laboratory Services Revolving Fund. To maintain physical, chemical, bacteriological, and biological laboratories; to make examinations of milk, water, atmosphere, sewage, wastes, and other substances, and equipment and processes relating thereto; to make diagnostic tests for diseases and tests for the evaluation of health hazards considered necessary for the protection of the people of the State; and to assess a reasonable fee for services provided as established by regulation, under the Illinois Administrative Procedure Act, which shall not exceed the Department's actual costs to provide these services.

Excepting fees collected under the Newborn Metabolic Screening Phenylketonuria Testing Act and the Lead Poisoning Prevention Act, all fees shall be deposited into the Public Health Laboratory Services Revolving Fund. Other State and federal funds related to laboratory services may also be deposited into the Fund, and all interest that accrues on the moneys in the Fund shall be deposited into the Fund.

Moneys shall be appropriated from the Fund solely for the purposes of testing specimens submitted in support of Department programs established for the protection of human health, welfare, and safety, and for testing specimens submitted by physicians and other health care providers, to determine whether chemically hazardous, biologically infectious substances, or other disease causing conditions are present.

Whenever an adult or minor prosecuted as an adult, not having previously been convicted of any criminal offense or municipal ordinance violation, charged with a violation of a municipal ordinance or a felony or misdemeanor, is acquitted or released without being convicted, whether the acquittal or release occurred before, on, or after the effective date of this amendatory Act of 1991, the Chief Judge of the circuit wherein the charge was brought, any judge of that circuit designated by the Chief Judge, or in counties of less than 3,000,000 inhabitants, the presiding trial judge at the defendant’s trial may upon verified petition of the defendant order the record of arrest expunged from the official records of the arresting authority and the Department and order that the records of the clerk of the circuit court be sealed until further order of the court upon good cause shown and the name of the defendant obliterated on the official index required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act, but the order shall not affect any index issued by the circuit court clerk before the entry of the order. The records of those arrests, however, that result in a disposition of supervision for any offense shall not be expunged from the records of the arresting authority or the Department nor impounded by the court until 2 years after discharge and dismissal of supervision. Those records that result from a supervision for a violation of Section 3-707, 3-708, 3-710, 5-401.3, or 11-503 of the Illinois Vehicle Code or a similar provision of a local ordinance, or for a violation of Section 12-3.2, 12-15 or 16A-3 of the Criminal Code of 1961, or probation under Section 10 of the Cannabis Control Act, Section 410 of the Illinois Controlled Substances Act, Section 70 of the Methamphetamine Control and Community Protection Act, Section 12-4.3(b)(1) and (2) of the Criminal Code of 1961 (as those provisions existed before their deletion by Public Act 89-313), Section 10-102 of the Illinois Alcoholism and Other Drug Dependency Act when the judgment of conviction has been vacated, Section 40-10 of the Alcoholism and Other Drug Abuse and Dependency Act when the judgment of conviction has been vacated, or Section 10 of

the Steroid Control Act shall not be expunged from the records of the arresting authority nor impounded by the court until 5 years after termination of probation or supervision. Those records that result from a supervision for a violation of Section 11-501 of the Illinois Vehicle Code or a similar provision of a local ordinance, shall not be expunged. All records set out above may be ordered by the court to be expunged from the records of the arresting authority and impounded by the court after 5 years, but shall not be expunged by the Department, but shall, on court order be sealed by the Department and may be disseminated by the Department only as required by law or to the arresting authority, the State's Attorney, and the court upon a later arrest for the same or a similar offense or for the purpose of sentencing for any subsequent felony. Upon conviction for any offense, the Department of Corrections shall have access to all sealed records of the Department pertaining to that individual.

The records of the clerk of the circuit court clerk shall be sealed until further order of the court upon good cause shown and the name of the aggrieved person obliterated on the official index required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act, but the order shall not affect any index issued by the circuit court clerk before the entry of the order. nonmoving traffic violations other than convictions for violations of Chapter 4, Section 11-204.1 or Section 11-501 of the Illinois Vehicle Code shall not be a bar to expunging the record of arrest and court records for violation of a misdemeanor or municipal ordinance.

(c) Whenever a person who has been convicted of an offense is granted a pardon by the Governor which specifically authorizes expungement, he may, upon verified petition to the chief judge of the circuit where the person had been convicted, any judge of the circuit designated by the Chief Judge, or in counties of less than 3,000,000 inhabitants, the presiding trial judge at the defendant's trial, may have a court order entered expunging the record of arrest from the official records of the arresting authority and order that the records of the clerk of the circuit court and the Department be sealed until further order of the court upon good cause shown or as otherwise provided herein, and the name of the defendant obliterated from the official index requested to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act in connection with the arrest and conviction for the offense for which he had been pardoned but the order shall not affect any index issued by the circuit court clerk before the entry of the order. All records sealed by the Department may be disseminated by the Department only as required by law or to the arresting authority, the State's Attorney, and the court upon a later arrest for the same or similar offense or for the purpose of sentencing for any subsequent felony. Upon conviction for any subsequent offense, the Department of Corrections shall have access to all sealed records of the Department pertaining to that individual. Upon entry of the order of expungement, the clerk of the circuit court shall promptly mail a copy of the order to the person who was pardoned.

(c-5) Whenever a person has been convicted of criminal sexual assault, aggravated criminal sexual assault, predatory criminal sexual assault of a child, criminal sexual abuse, or aggravated criminal sexual abuse, the victim of that offense may request that the State's Attorney of the county in which the conviction occurred file a verified petition with the presiding trial judge at the defendant's trial to have a court order entered to seal the records of the clerk of the circuit court in connection with the proceedings of the trial court concerning that offense. However, the records of the arresting authority and the Department of State Police concerning the offense shall not be sealed. The court, upon good cause shown, shall make the records of the clerk of the circuit court in

connection with the proceedings of the trial court concerning the offense available for public inspection.

(c-6) If a conviction has been set aside on direct review or on collateral attack and the court determines by clear and convincing evidence that the defendant was factually innocent of the charge, the court shall enter an expungement order as provided in subsection (b) of Section 5-5-4 of the Unified Code of Corrections.

(d) Notice of the petition for subsections (a), (b), and (c) shall be served by the clerk upon the State's Attorney or prosecutor charged with the duty of prosecuting the offense, the Department of State Police, the arresting agency and the chief legal officer of the unit of local government affecting the arrest. Unless the State's Attorney or prosecutor, the Department of State Police, the arresting agency or such chief legal officer objects to the petition within 30 days from the date of the notice, the court shall enter an order granting or denying the petition. The clerk of the court shall promptly mail a copy of the order to the person, the arresting agency, the prosecutor, the Department of State Police and such other criminal justice agencies as may be ordered by the judge.

(f) No court order issued under the expungement provisions of this Section shall become final for purposes of appeal until 30 days after notice is received by the Department. Any court order contrary to the provisions of this Section is void.

(g) Except as otherwise provided in subsection (c-5) of this Section, the court shall not order the sealing or expungement of the arrest records and records of the circuit court clerk of any person granted supervision for or convicted of any sexual offense committed against a minor under 18 years of age. For the purposes of this Section, "sexual offense committed against a minor" includes but is not limited to the offenses of indecent solicitation of a child or criminal sexual abuse when the victim of such offense is under 18 years of age.

total gain reported in respect of the property for federal
income tax purposes for the taxable year, as the number of
full calendar months in that part of the taxpayer's holding
period for the property ending July 31, 1969 bears to the
number of full calendar months in the taxpayer's entire
holding period for the property.

Section 75. The Retailers' Occupation Tax Act is amended by changing Section 2-45 as follows:

(35 ILCS 120/2-45) (from Ch. 120, par. 441-45)
Sec. 2-45. Manufacturing and assembly exemption. The manufacturing and assembly machinery and equipment exemption includes machinery and equipment that replaces machinery and equipment in an existing manufacturing facility as well as machinery and equipment that are for use in an expanded or new manufacturing facility.

The machinery and equipment exemption also includes machinery and equipment used in the general maintenance or repair of exempt machinery and equipment or for in-house manufacture of exempt machinery and equipment. For the purposes of this exemption, terms have the following meanings:

1. "Manufacturing process" means the production of an article of tangible personal property, whether the article is a finished product or an article for use in the process of manufacturing or assembling a different article of tangible personal property, by a procedure commonly regarded as manufacturing, processing, fabricating, or refining that changes some existing material or materials into a material with a different form, use, or name. In relation to a recognized integrated business composed of a series of operations that collectively constitute manufacturing, or individually constitute manufacturing operations, the manufacturing process commences with the first operation or stage of production in the series and does not end until the completion of the final product in the last operation or stage of production in the series. For purposes of this exemption, photoprocessing is a manufacturing process of tangible personal property for wholesale or retail sale.

2. "Assembling process" means the production of an article of tangible personal property, whether the article is a finished product or an article for use in the process of manufacturing or assembling a different article of tangible personal property, by the combination of existing materials in a manner commonly regarded as assembling that results in a material of a different form, use, or name.

3. "Machinery" means major mechanical machines or major components of those machines contributing to a manufacturing or assembling process.

4. "Equipment" includes an independent device or tool separate from machinery but essential to an integrated manufacturing or assembly process; including computers used
primarily in a manufacturer's computer assisted design, computer assisted manufacturing (CAD/CAM) system; any subunit or assembly comprising a component of any machinery or auxiliary, adjunct, or attachment parts of machinery, such as tools, dies, jigs, fixtures, patterns, and molds; and any parts that require periodic replacement in the course of normal operation; but does not include hand tools. Equipment includes chemicals or chemicals acting as catalysts but only if the chemicals or chemicals acting as catalysts effect a direct and immediate change upon a product being manufactured or assembled for wholesale or retail sale or lease.

(5) "Production related tangible personal property" means all tangible personal property that is used or consumed by the purchaser in a manufacturing facility in which a manufacturing process takes place and includes, without limitation, tangible personal property that is purchased for incorporation into real estate within a manufacturing facility and tangible personal property that is used or consumed in activities such as research and development, preproduction material handling, receiving, quality control, inventory control, storage, staging, and packaging for shipping and transportation purposes. "Production related tangible personal property" does not include (i) tangible personal property that is used, within or without a manufacturing facility, in sales, purchasing, accounting, fiscal management, marketing, personnel recruitment or selection, or landscaping or (ii) tangible personal property that is required to be titled or registered with a department, agency, or unit of federal, State, or local government.

The manufacturing and assembling machinery and equipment exemption includes production related tangible personal property that is purchased on or after July 1, 2007 and on or before June 30, 2008. The exemption for production related tangible personal property is subject to both of the following limitations:

(1) The maximum amount of the exemption for any one taxpayer may not exceed 5% of the purchase price of production related tangible personal property that is purchased on or after July 1, 2007 and on or before June 30, 2008. A credit under Section 3-85 of this Act may not be earned by the purchase of production related tangible personal property for which an exemption is received under this Section.
(2) The maximum aggregate amount of the exemptions for production related tangible personal property awarded under this Act and the Use Tax Act to all taxpayers may not exceed $10,000,000. If the claims for the exemption exceed $10,000,000, then the Department shall reduce the amount of the exemption to each taxpayer on a pro rata basis.

The Department may adopt rules to implement and administer the exemption for production related tangible personal property.

The manufacturing and assembling machinery and equipment exemption includes the sale of materials to a purchaser who produces exempted types of machinery, equipment, or tools and who rents or leases that machinery, equipment, or tools to a manufacturer of tangible personal property. This exemption also includes the sale of materials to a purchaser who manufactures those materials into an exempted type of machinery, equipment, or tools that the purchaser uses himself or herself in the manufacturing of tangible personal property. The purchaser of the machinery and equipment who has an active resale registration number shall furnish that number to the seller at the time of purchase. A purchaser of the machinery, equipment, and tools without an active resale registration number shall furnish to the seller a certificate of exemption for each transaction stating facts establishing the exemption for that transaction, and that certificate shall be available to the Department for inspection or audit. Informal rulings, opinions, or letters issued by the Department in response to an inquiry or request for an opinion from any person regarding the coverage and applicability of this exemption to specific devices shall be published, maintained as a public record, and made available for public inspection and copying. If the informal ruling, opinion, or letter contains trade secrets or other confidential information, where possible, the Department shall delete that information before publication. Whenever informal rulings, opinions, or letters contain a policy of general applicability, the Department shall formulate and adopt that policy as a rule in accordance with the Illinois Administrative Procedure Act.

In addition, the contractor shall file a certified copy of the unified bond with the clerk in the municipality within that county where the contractor seeks to do work or is doing work. DIVISION 15.3. WIND FARMS

(65 ILCS 5/11-74.4-3) (from Ch. 24, par. 11-74.4-3)

Sec. 11-74.4-3. Definitions. The following terms, wherever used or referred to in this Division 74.4 shall have the following respective meanings, unless in any case a different meaning clearly appears from the context.

(a) For any redevelopment project area that has been designated pursuant to this Section by an ordinance adopted prior to November 1, 1999 (the effective date of Public Act 91-478), "blighted area" shall have the meaning set forth in this Section prior to that date.

On and after November 1, 1999, "blighted area" means any improved or vacant area within the boundaries of a redevelopment project area located within the territorial limits of the municipality where:

(1) If improved, industrial, commercial, and residential buildings or improvements are detrimental to the public safety, health, or welfare because of a combination of 5 or more of the following factors, each of which is (i) present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) reasonably distributed throughout the improved part of the redevelopment project area:

(A) Dilapidation. An advanced state of disrepair or neglect of necessary repairs to the primary structural...
components of buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.

(B) Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.

(C) Deterioration. With respect to buildings, defects including, but not limited to, major defects in the secondary building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration, including, but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.

(D) Presence of structures below minimum code standards. All structures that do not meet the standards of zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.

(E) Illegal use of individual structures. The use of structures in violation of applicable federal, State, or local laws, exclusive of those applicable to the presence of structures below minimum code standards.

(F) Excessive vacancies. The presence of buildings that are unoccupied or under-utilized and that represent an adverse influence on the area because of the frequency, extent, or duration of the vacancies.

(G) Lack of ventilation, light, or sanitary facilities. The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. Inadequate natural light and ventilation means the absence of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate
sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

(H) Inadequate utilities. Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.

(I) Excessive land coverage and overcrowding of structures and community facilities. The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are: (i) the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and (ii) the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels must exhibit one or more of the following conditions: insufficient provision for light and air within or around buildings, increased threat of spread of fire due to the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack of reasonably required off-street parking, or inadequate provision for loading and service.

(J) Deleterious land use or layout. The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.

(K) Environmental clean-up. The proposed redevelopment project area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized
as having expertise in environmental remediation has
determined a need for, the clean-up of hazardous waste,
hazardous substances, or underground storage tanks
required by State or federal law, provided that the
remediation costs constitute a material impediment to the
development or redevelopment of the redevelopment
project area.

(L) Lack of community planning. The proposed
redevelopment project area was developed prior to or
without the benefit or guidance of a community plan. This
means that the development occurred prior to the adoption
by the municipality of a comprehensive or other community
plan or that the plan was not followed at the time of the
area's development. This factor must be documented by
evidence of adverse or incompatible land-use relationships,
inadequate street layout, improper subdivision, parcels of
inadequate shape and size to meet contemporary
development standards, or other evidence demonstrating an
absence of effective community planning.

(M) The total equalized assessed value of the
proposed redevelopment project area has declined for 3 of
the last 5 calendar years prior to the year in which the
redevelopment project area is designated or is increasing at
an annual rate that is less than the balance of the
municipality for 3 of the last 5 calendar years for which
information is available or is increasing at an annual rate
that is less than the Consumer Price Index for All Urban
Consumers published by the United States Department of
Labor or successor agency for 3 of the last 5 calendar years
prior to the year in which the redevelopment project area is
designated.

(2) If vacant, the sound growth of the redevelopment
project area is impaired by a combination of 2 or more of the
following factors, each of which is (i) present, with that presence
documented, to a meaningful extent so that a municipality may
reasonably find that the factor is clearly present within the intent of
the Act and (ii) reasonably distributed throughout the vacant part of
the redevelopment project area to which it pertains:

(A) Obsolete platting of vacant land that results in parcels of limited or narrow size or configurations of parcels of irregular size or shape that would be difficult to develop on a planned basis and in a manner compatible with contemporary standards and requirements, or platting that failed to create rights-of-ways for streets or alleys or that created inadequate right-of-way widths for streets, alleys, or other public rights-of-way or that omitted easements for public utilities.

(B) Diversity of ownership of parcels of vacant land sufficient in number to retard or impede the ability to assemble the land for development.

(C) Tax and special assessment delinquencies exist or the property has been the subject of tax sales under the Property Tax Code within the last 5 years.

(D) Deterioration of structures or site improvements in neighboring areas adjacent to the vacant land.

(E) The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(F) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years
prior to the year in which the redevelopment project area is designated.

(3) If vacant, the sound growth of the redevelopment project area is impaired by one of the following factors that (i) is present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) is reasonably distributed throughout the vacant part of the redevelopment project area to which it pertains:

(A) The area consists of one or more unused quarries, mines, or strip mine ponds.

(B) The area consists of unused rail yards, rail tracks, or railroad rights-of-way.

(C) The area, prior to its designation, is subject to (i) chronic flooding that adversely impacts on real property in the area as certified by a registered professional engineer or appropriate regulatory agency or (ii) surface water that discharges from all or a part of the area and contributes to flooding within the same watershed, but only if the redevelopment project provides for facilities or improvements to contribute to the alleviation of all or part of the flooding.

(D) The area consists of an unused or illegal disposal site containing earth, stone, building debris, or similar materials that were removed from construction, demolition, excavation, or dredge sites.

(E) Prior to November 1, 1999, the area is not less than 50 nor more than 100 acres and 75% of which is vacant (notwithstanding that the area has been used for commercial agricultural purposes within 5 years prior to the designation of the redevelopment project area), and the area meets at least one of the factors itemized in paragraph (1) of this subsection, the area has been designated as a town or village center by ordinance or comprehensive plan adopted prior to January 1, 1982, and the area has not been developed for that designated purpose.

(F) The area qualified as a blighted improved area immediately prior to becoming vacant, unless there has

been substantial private investment in the immediately surrounding area.

(b) For any redevelopment project area that has been designated pursuant to this Section by an ordinance adopted prior to November 1, 1999 (the effective date of Public Act 91-478), "conservation area" shall have the meaning set forth in this Section prior to that date.

On and after November 1, 1999, "conservation area" means any improved area within the boundaries of a redevelopment project area located within the territorial limits of the municipality in which 50% or more of the structures in the area have an age of 35 years or more. Such an area is not yet a blighted area but because of a combination of 3 or more of the following factors is detrimental to the public safety, health, morals or welfare and such an area may become a blighted area:

1. Dilapidation. An advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.

2. Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.

3. Deterioration. With respect to buildings, defects including, but not limited to, major defects in the secondary building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration, including, but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.

4. Presence of structures below minimum code standards. All structures that do not meet the standards of zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.

5. Illegal use of individual structures. The use of structures in violation of applicable federal, State, or local laws, exclusive of those applicable to the presence of structures below minimum code standards.

(6) Excessive vacancies. The presence of buildings that are unoccupied or under-utilized and that represent an adverse influence on the area because of the frequency, extent, or duration of the vacancies.

(7) Lack of ventilation, light, or sanitary facilities. The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. Inadequate natural light and ventilation means the absence or inadequacy of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

(8) Inadequate utilities. Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.

(9) Excessive land coverage and overcrowding of structures and community facilities. The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are: the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels must exhibit one or more of the following conditions: insufficient provision for light and air within or around buildings, increased threat of spread of fire due to the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack of reasonably required off-street parking, or inadequate provision for loading and service.

(10) Deleterious land use or layout. The existence of incompatible land-use relationships, buildings occupied by
inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.

(11) Lack of community planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.

(12) The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(13) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years for which information is available.

(c) "Industrial park" means an area in a blighted or conservation area suitable for use by any manufacturing, industrial, research or transportation enterprise, of facilities to include but not be limited to factories, mills, processing plants, assembly plants, packing plants, fabricating plants, industrial distribution centers, warehouses, repair overhaul or service facilities, freight terminals, research facilities, test facilities or railroad facilities.

New matter indicated by italics - deletions by strikeout.
(d) "Industrial park conservation area" means an area within the boundaries of a redevelopment project area located within the territorial limits of a municipality that is a labor surplus municipality or within 1 1/2 miles of the territorial limits of a municipality that is a labor surplus municipality if the area is annexed to the municipality; which area is zoned as industrial no later than at the time the municipality by ordinance designates the redevelopment project area, and which area includes both vacant land suitable for use as an industrial park and a blighted area or conservation area contiguous to such vacant land.

(e) "Labor surplus municipality" means a municipality in which, at any time during the 6 months before the municipality by ordinance designates an industrial park conservation area, the unemployment rate was over 6% and was also 100% or more of the national average unemployment rate for that same time as published in the United States Department of Labor Bureau of Labor Statistics publication entitled "The Employment Situation" or its successor publication. For the purpose of this subsection, if unemployment rate statistics for the municipality are not available, the unemployment rate in the municipality shall be deemed to be the same as the unemployment rate in the principal county in which the municipality is located.

(f) "Municipality" shall mean a city, village, incorporated town, or a township that is located in the unincorporated portion of a county with 3 million or more inhabitants, if the county adopted an ordinance that approved the township's redevelopment plan.

(g) "Initial Sales Tax Amounts" means the amount of taxes paid under the Retailers' Occupation Tax Act, Use Tax Act, Service Use Tax Act, the Service Occupation Tax Act, the Municipal Retailers' Occupation Tax Act, and the Municipal Service Occupation Tax Act by retailers and servicemen on transactions at places located in a State Sales Tax Boundary during the calendar year 1985.

(g-1) "Revised Initial Sales Tax Amounts" means the amount of taxes paid under the Retailers' Occupation Tax Act, Use Tax Act, Service Use Tax Act, the Service Occupation Tax Act, the Municipal Retailers' Occupation Tax Act, and the Municipal Service Occupation Tax Act by retailers and servicemen on transactions at places located within the State Sales Tax Boundary revised pursuant to Section 11-74.4-8a(9) of this Act.

(h) "Municipal Sales Tax Increment" means an amount equal to the increase in the aggregate amount of taxes paid to a municipality from the Local Government Tax Fund arising from sales by retailers and

servicemen within the redevelopment project area or State Sales Tax Boundary, as the case may be, for as long as the redevelopment project area or State Sales Tax Boundary, as the case may be, exist over and above the aggregate amount of taxes as certified by the Illinois Department of Revenue and paid under the Municipal Retailers' Occupation Tax Act and the Municipal Service Occupation Tax Act by retailers and servicemen, on transactions at places of business located in the redevelopment project area or State Sales Tax Boundary, as the case may be, during the base year which shall be the calendar year immediately prior to the year in which the municipality adopted tax increment allocation financing. For purposes of computing the aggregate amount of such taxes for base years occurring prior to 1985, the Department of Revenue shall determine the Initial Sales Tax Amounts for such taxes and deduct therefrom an amount equal to 4% of the aggregate amount of taxes per year for each year the base year is prior to 1985, but not to exceed a total deduction of 12%. The amount so determined shall be known as the "Adjusted Initial Sales Tax Amounts". For purposes of determining the Municipal Sales Tax Increment, the Department of Revenue shall for each period subtract from the amount paid to the municipality from the Local Government Tax Fund arising from sales by retailers and servicemen on transactions located in the redevelopment project area or the State Sales Tax Boundary, as the case may be, the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts for the Municipal Retailers' Occupation Tax Act and the Municipal Service Occupation Tax Act. For the State Fiscal Year 1989, this calculation shall be made by utilizing the calendar year 1987 to determine the tax amounts received. For the State Fiscal Year 1990, this calculation shall be made by utilizing the period from January 1, 1988, until September 30, 1988, to determine the tax amounts received from retailers and servicemen pursuant to the Municipal Retailers' Occupation Tax and the Municipal Service Occupation Tax Act, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For the State Fiscal Year 1991, this calculation shall be made by utilizing the period from October 1, 1988, to June 30, 1989, to determine the tax amounts received from retailers and servicemen pursuant to the Municipal Retailers' Occupation Tax and the Municipal Service Occupation Tax Act which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised

Initial Sales Tax Amounts as appropriate. For every State Fiscal Year thereafter, the applicable period shall be the 12 months beginning July 1 and ending June 30 to determine the tax amounts received which shall have deducted therefrom the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts, as the case may be.

(i) "Net State Sales Tax Increment" means the sum of the following: (a) 80% of the first $100,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary; (b) 60% of the amount in excess of $100,000 but not exceeding $500,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary; and (c) 40% of all amounts in excess of $500,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary. If, however, a municipality established a tax increment financing district in a county with a population in excess of 3,000,000 before January 1, 1986, and the municipality entered into a contract or issued bonds after January 1, 1986, but before December 31, 1986, to finance redevelopment project costs within a State Sales Tax Boundary, then the Net State Sales Tax Increment means, for the fiscal years beginning July 1, 1990, and July 1, 1991, 100% of the State Sales Tax Increment annually generated within a State Sales Tax Boundary; and notwithstanding any other provision of this Act, for those fiscal years the Department of Revenue shall distribute to those municipalities 100% of their Net State Sales Tax Increment before any distribution to any other municipality and regardless of whether or not those other municipalities will receive 100% of their Net State Sales Tax Increment. For Fiscal Year 1999, and every year thereafter until the year 2007, for any municipality that has not entered into a contract or has not issued bonds prior to June 1, 1988 to finance redevelopment project costs within a State Sales Tax Boundary, the Net State Sales Tax Increment shall be calculated as follows: By multiplying the Net State Sales Tax Increment by 90% in the State Fiscal Year 1999; 80% in the State Fiscal Year 2000; 70% in the State Fiscal Year 2001; 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for State Fiscal Year 2008 and thereafter.

Municipalities that issued bonds in connection with a redevelopment project in a redevelopment project area within the State Sales Tax Boundary prior to July 29, 1991, or that entered into contracts in

connection with a redevelopment project in a redevelopment project area before June 1, 1988, shall continue to receive their proportional share of the Illinois Tax Increment Fund distribution until the date on which the redevelopment project is completed or terminated. If, however, a municipality that issued bonds in connection with a redevelopment project in a redevelopment project area within the State Sales Tax Boundary prior to July 29, 1991 retires the bonds prior to June 30, 2007 or a municipality that entered into contracts in connection with a redevelopment project in a redevelopment project area before June 1, 1988 completes the contracts prior to June 30, 2007, then so long as the redevelopment project is not completed or is not terminated, the Net State Sales Tax Increment shall be calculated, beginning on the date on which the bonds are retired or the contracts are completed, as follows: By multiplying the Net State Sales Tax Increment by 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for State Fiscal Year 2008 and thereafter. Refunding of any bonds issued prior to July 29, 1991, shall not alter the Net State Sales Tax Increment.

(j) "State Utility Tax Increment Amount" means an amount equal to the aggregate increase in State electric and gas tax charges imposed on owners and tenants, other than residential customers, of properties located within the redevelopment project area under Section 9-222 of the Public Utilities Act, over and above the aggregate of such charges as certified by the Department of Revenue and paid by owners and tenants, other than residential customers, of properties within the redevelopment project area during the base year, which shall be the calendar year immediately prior to the year of the adoption of the ordinance authorizing tax increment allocation financing.

(k) "Net State Utility Tax Increment" means the sum of the following: (a) 80% of the first $100,000 of State Utility Tax Increment annually generated by a redevelopment project area; (b) 60% of the amount in excess of $100,000 but not exceeding $500,000 of the State Utility Tax Increment annually generated by a redevelopment project area; and (c) 40% of all amounts in excess of $500,000 of State Utility Tax Increment annually generated by a redevelopment project area. For the State Fiscal Year 1999, and every year thereafter until the year 2007, for any municipality that has not entered into a contract or has not issued bonds prior to June 1, 1988 to finance redevelopment project costs within

a redevelopment project area, the Net State Utility Tax Increment shall be calculated as follows: By multiplying the Net State Utility Tax Increment by 90% in the State Fiscal Year 1999; 80% in the State Fiscal Year 2000; 70% in the State Fiscal Year 2001; 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for the State Fiscal Year 2008 and thereafter.

Municipalities that issue bonds in connection with the redevelopment project during the period from June 1, 1988 until 3 years after the effective date of this Amendatory Act of 1988 shall receive the Net State Utility Tax Increment, subject to appropriation, for 15 State Fiscal Years after the issuance of such bonds. For the 16th through the 20th State Fiscal Years after issuance of the bonds, the Net State Utility Tax Increment shall be calculated as follows: By multiplying the Net State Utility Tax Increment by 90% in year 16; 80% in year 17; 70% in year 18; 60% in year 19; and 50% in year 20. Refunding of any bonds issued prior to June 1, 1988, shall not alter the revised Net State Utility Tax Increment payments set forth above.

(l) "Obligations" mean bonds, loans, debentures, notes, special certificates or other evidence of indebtedness issued by the municipality to carry out a redevelopment project or to refund outstanding obligations.

(m) "Payment in lieu of taxes" means those estimated tax revenues from real property in a redevelopment project area derived from real property that has been acquired by a municipality which according to the redevelopment project or plan is to be used for a private use which taxing districts would have received had a municipality not acquired the real property and adopted tax increment allocation financing and which would result from levies made after the time of the adoption of tax increment allocation financing to the time the current equalized value of real property in the redevelopment project area exceeds the total initial equalized value of real property in said area.

(n) "Redevelopment plan" means the comprehensive program of the municipality for development or redevelopment intended by the payment of redevelopment project costs to reduce or eliminate those conditions the existence of which qualified the redevelopment project area as a "blighted area" or "conservation area" or combination thereof or "industrial park conservation area," and thereby to enhance the tax bases of the taxing districts which extend into the redevelopment project area. On
and after November 1, 1999 (the effective date of Public Act 91-478), no redevelopment plan may be approved or amended that includes the development of vacant land (i) with a golf course and related clubhouse and other facilities or (ii) designated by federal, State, county, or municipal government as public land for outdoor recreational activities or for nature preserves and used for that purpose within 5 years prior to the adoption of the redevelopment plan. For the purpose of this subsection, "recreational activities" is limited to mean camping and hunting. Each redevelopment plan shall set forth in writing the program to be undertaken to accomplish the objectives and shall include but not be limited to:

(A) an itemized list of estimated redevelopment project costs;
(B) evidence indicating that the redevelopment project area on the whole has not been subject to growth and development through investment by private enterprise;
(C) an assessment of any financial impact of the redevelopment project area on or any increased demand for services from any taxing district affected by the plan and any program to address such financial impact or increased demand;
(D) the sources of funds to pay costs;
(E) the nature and term of the obligations to be issued;
(F) the most recent equalized assessed valuation of the redevelopment project area;
(G) an estimate as to the equalized assessed valuation after redevelopment and the general land uses to apply in the redevelopment project area;
(H) a commitment to fair employment practices and an affirmative action plan;
(I) if it concerns an industrial park conservation area, the plan shall also include a general description of any proposed developer, user and tenant of any property, a description of the type, structure and general character of the facilities to be developed, a description of the type, class and number of new employees to be employed in the operation of the facilities to be developed; and
(J) if property is to be annexed to the municipality, the plan shall include the terms of the annexation agreement.

The provisions of items (B) and (C) of this subsection (n) shall not apply to a municipality that before March 14, 1994 (the effective date of
Public Act 88-537) had fixed, either by its corporate authorities or by a commission designated under subsection (k) of Section 11-74.4-4, a time and place for a public hearing as required by subsection (a) of Section 11-74.4-5. No redevelopment plan shall be adopted unless a municipality complies with all of the following requirements:

   (1) The municipality finds that the redevelopment project area on the whole has not been subject to growth and development through investment by private enterprise and would not reasonably be anticipated to be developed without the adoption of the redevelopment plan.

   (2) The municipality finds that the redevelopment plan and project conform to the comprehensive plan for the development of the municipality as a whole, or, for municipalities with a population of 100,000 or more, regardless of when the redevelopment plan and project was adopted, the redevelopment plan and project either: (i) conforms to the strategic economic development or redevelopment plan issued by the designated planning authority of the municipality, or (ii) includes land uses that have been approved by the planning commission of the municipality.

   (3) The redevelopment plan establishes the estimated dates of completion of the redevelopment project and retirement of obligations issued to finance redevelopment project costs. Those dates may not be later than the dates set forth under Section 11-74.4-3.5., or (DDD) (EEE), or (FFF), or (GGG), or (HHH), or (III), or (JJJ), (KKK), (LLL) (MMM), or (NNN) if the ordinance was adopted on December 23, 1986 by the Village of Libertyville.

   A municipality may by municipal ordinance amend an existing redevelopment plan to conform to this paragraph (3) as amended by Public Act 91-478, which municipal ordinance may be adopted without further hearing or notice and without complying with the procedures provided in this Act pertaining to an amendment to or the initial approval of a redevelopment plan and project and designation of a redevelopment project area.

   (3.5) The municipality finds, in the case of an industrial park conservation area, also that the municipality is a labor surplus municipality and that the implementation of the redevelopment plan will reduce unemployment, create new jobs and by the
provision of new facilities enhance the tax base of the taxing districts that extend into the redevelopment project area.

(4) If any incremental revenues are being utilized under Section 8(a)(1) or 8(a)(2) of this Act in redevelopment project areas approved by ordinance after January 1, 1986, the municipality finds: (a) that the redevelopment project area would not reasonably be developed without the use of such incremental revenues, and (b) that such incremental revenues will be exclusively utilized for the development of the redevelopment project area.

(5) If the redevelopment plan will not result in displacement of residents from 10 or more inhabited residential units, and the municipality certifies in the plan that such displacement will not result from the plan, a housing impact study need not be performed. If, however, the redevelopment plan would result in the displacement of residents from 10 or more inhabited residential units, or if the redevelopment project area contains 75 or more inhabited residential units and no certification is made, then the municipality shall prepare, as part of the separate feasibility report required by subsection (a) of Section 11-74.4-5, a housing impact study.

Part I of the housing impact study shall include (i) data as to whether the residential units are single family or multi-family units, (ii) the number and type of rooms within the units, if that information is available, (iii) whether the units are inhabited or uninhabited, as determined not less than 45 days before the date that the ordinance or resolution required by subsection (a) of Section 11-74.4-5 is passed, and (iv) data as to the racial and ethnic composition of the residents in the inhabited residential units. The data requirement as to the racial and ethnic composition of the residents in the inhabited residential units shall be deemed to be fully satisfied by data from the most recent federal census.

Part II of the housing impact study shall identify the inhabited residential units in the proposed redevelopment project area that are to be or may be removed. If inhabited residential units are to be removed, then the housing impact study shall identify (i) the number and location of those units that will or may be removed, (ii) the municipality's plans for relocation assistance for those residents in the proposed redevelopment project area whose

residences are to be removed, (iii) the availability of replacement housing for those residents whose residences are to be removed, and shall identify the type, location, and cost of the housing, and (iv) the type and extent of relocation assistance to be provided.

(6) On and after November 1, 1999, the housing impact study required by paragraph (5) shall be incorporated in the redevelopment plan for the redevelopment project area.

(7) On and after November 1, 1999, no redevelopment plan shall be adopted, nor an existing plan amended, nor shall residential housing that is occupied by households of low-income and very low-income persons in currently existing redevelopment project areas be removed after November 1, 1999 unless the redevelopment plan provides, with respect to inhabited housing units that are to be removed for households of low-income and very low-income persons, affordable housing and relocation assistance not less than that which would be provided under the federal Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 and the regulations under that Act, including the eligibility criteria. Affordable housing may be either existing or newly constructed housing. For purposes of this paragraph (7), "low-income households", "very low-income households", and "affordable housing" have the meanings set forth in the Illinois Affordable Housing Act. The municipality shall make a good faith effort to ensure that this affordable housing is located in or near the redevelopment project area within the municipality.

(8) On and after November 1, 1999, if, after the adoption of the redevelopment plan for the redevelopment project area, any municipality desires to amend its redevelopment plan to remove more inhabited residential units than specified in its original redevelopment plan, that change shall be made in accordance with the procedures in subsection (c) of Section 11-74.4-5.

(9) For redevelopment project areas designated prior to November 1, 1999, the redevelopment plan may be amended without further joint review board meeting or hearing, provided that the municipality shall give notice of any such changes by mail to each affected taxing district and registrant on the interested party registry, to authorize the municipality to expend tax increment revenues for redevelopment project costs defined by paragraphs (5)

and (7.5), subparagraphs (E) and (F) of paragraph (11), and paragraph (11.5) of subsection (q) of Section 11-74.4-3, so long as the changes do not increase the total estimated redevelopment project costs set out in the redevelopment plan by more than 5% after adjustment for inflation from the date the plan was adopted.

(o) "Redevelopment project" means any public and private development project in furtherance of the objectives of a redevelopment plan. On and after November 1, 1999 (the effective date of Public Act 91-478), no redevelopment plan may be approved or amended that includes the development of vacant land (i) with a golf course and related clubhouse and other facilities or (ii) designated by federal, State, county, or municipal government as public land for outdoor recreational activities or for nature preserves and used for that purpose within 5 years prior to the adoption of the redevelopment plan. For the purpose of this subsection, "recreational activities" is limited to mean camping and hunting.

(p) "Redevelopment project area" means an area designated by the municipality, which is not less in the aggregate than 1 1/2 acres and in respect to which the municipality has made a finding that there exist conditions which cause the area to be classified as an industrial park conservation area or a blighted area or a conservation area, or a combination of both blighted areas and conservation areas.

(q) "Redevelopment project costs" mean and include the sum total of all reasonable or necessary costs incurred or estimated to be incurred, and any such costs incidental to a redevelopment plan and a redevelopment project. Such costs include, without limitation, the following:

(1) Costs of studies, surveys, development of plans, and specifications, implementation and administration of the redevelopment plan including but not limited to staff and professional service costs for architectural, engineering, legal, financial, planning or other services, provided however that no charges for professional services may be based on a percentage of the tax increment collected; except that on and after November 1, 1999 (the effective date of Public Act 91-478), no contracts for professional services, excluding architectural and engineering services, may be entered into if the terms of the contract extend beyond a period of 3 years. In addition, "redevelopment project costs" shall not include lobbying expenses. After consultation with the municipality, each tax increment consultant or advisor to a

municipality that plans to designate or has designated a redevelopment project area shall inform the municipality in writing of any contracts that the consultant or advisor has entered into with entities or individuals that have received, or are receiving, payments financed by tax increment revenues produced by the redevelopment project area with respect to which the consultant or advisor has performed, or will be performing, service for the municipality. This requirement shall be satisfied by the consultant or advisor before the commencement of services for the municipality and thereafter whenever any other contracts with those individuals or entities are executed by the consultant or advisor;

(1.5) After July 1, 1999, annual administrative costs shall not include general overhead or administrative costs of the municipality that would still have been incurred by the municipality if the municipality had not designated a redevelopment project area or approved a redevelopment plan;

(1.6) The cost of marketing sites within the redevelopment project area to prospective businesses, developers, and investors;

(2) Property assembly costs, including but not limited to acquisition of land and other property, real or personal, or rights or interests therein, demolition of buildings, site preparation, site improvements that serve as an engineered barrier addressing ground level or below ground environmental contamination, including, but not limited to parking lots and other concrete or asphalt barriers, and the clearing and grading of land;

(3) Costs of rehabilitation, reconstruction or repair or remodeling of existing public or private buildings, fixtures, and leasehold improvements; and the cost of replacing an existing public building if pursuant to the implementation of a redevelopment project the existing public building is to be demolished to use the site for private investment or devoted to a different use requiring private investment;

(4) Costs of the construction of public works or improvements, except that on and after November 1, 1999, redevelopment project costs shall not include the cost of constructing a new municipal public building principally used to provide offices, storage space, or conference facilities or vehicle storage, maintenance, or repair for administrative, public safety, or

public works personnel and that is not intended to replace an existing public building as provided under paragraph (3) of subsection (q) of Section 11-74.4-3 unless either (i) the construction of the new municipal building implements a redevelopment project that was included in a redevelopment plan that was adopted by the municipality prior to November 1, 1999 or (ii) the municipality makes a reasonable determination in the redevelopment plan, supported by information that provides the basis for that determination, that the new municipal building is required to meet an increase in the need for public safety purposes anticipated to result from the implementation of the redevelopment plan;

(5) Costs of job training and retraining projects, including the cost of "welfare to work" programs implemented by businesses located within the redevelopment project area;

(6) Financing costs, including but not limited to all necessary and incidental expenses related to the issuance of obligations and which may include payment of interest on any obligations issued hereunder including interest accruing during the estimated period of construction of any redevelopment project for which such obligations are issued and for not exceeding 36 months thereafter and including reasonable reserves related thereto;

(7) To the extent the municipality by written agreement accepts and approves the same, all or a portion of a taxing district's capital costs resulting from the redevelopment project necessarily incurred or to be incurred within a taxing district in furtherance of the objectives of the redevelopment plan and project.

(7.5) For redevelopment project areas designated (or redevelopment project areas amended to add or increase the number of tax-increment-financing assisted housing units) on or after November 1, 1999, an elementary, secondary, or unit school district's increased costs attributable to assisted housing units located within the redevelopment project area for which the developer or redeveloper receives financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the assisted housing sites necessary for the completion of that housing as authorized by this Act, and which costs shall be paid by the municipality from the Special Tax

Allocation Fund when the tax increment revenue is received as a result of the assisted housing units and shall be calculated annually as follows:

(A) for foundation districts, excluding any school district in a municipality with a population in excess of 1,000,000, by multiplying the district's increase in attendance resulting from the net increase in new students enrolled in that school district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by the most recently available per capita tuition cost as defined in Section 10-20.12a of the School Code less any increase in general State aid as defined in Section 18-8.05 of the School Code attributable to these added new students subject to the following annual limitations:

(i) for unit school districts with a district average 1995-96 Per Capita Tuition Charge of less than $5,900, no more than 25% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act;

(ii) for elementary school districts with a district average 1995-96 Per Capita Tuition Charge of less than $5,900, no more than 17% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act; and

(iii) for secondary school districts with a district average 1995-96 Per Capita Tuition Charge of less than $5,900, no more than 8% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act.

(B) For alternate method districts, flat grant districts, and foundation districts with a district average 1995-96 Per Capita Tuition Charge equal to or more than $5,900, excluding any school district with a population in excess of 1,000,000, by multiplying the district's increase in attendance resulting from the net increase in new students enrolled in that school district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by the most recently available per capita tuition cost as defined in Section 10-20.12a of the School Code less any increase in general state aid as defined in Section 18-8.05 of the School Code attributable to these added new students subject to the following annual limitations:

(i) for unit school districts, no more than 40% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act;

(ii) for elementary school districts, no more than 27% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act; and

(iii) for secondary school districts, no more than 13% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act.

(C) For any school district in a municipality with a population in excess of 1,000,000, the following restrictions shall apply to the reimbursement of increased costs under this paragraph (7.5):

New matter indicated by italics - deletions by strikeout.
(i) no increased costs shall be reimbursed unless the school district certifies that each of the schools affected by the assisted housing project is at or over its student capacity;

(ii) the amount reimbursable shall be reduced by the value of any land donated to the school district by the municipality or developer, and by the value of any physical improvements made to the schools by the municipality or developer; and

(iii) the amount reimbursed may not affect amounts otherwise obligated by the terms of any bonds, notes, or other funding instruments, or the terms of any redevelopment agreement.

Any school district seeking payment under this paragraph (7.5) shall, after July 1 and before September 30 of each year, provide the municipality with reasonable evidence to support its claim for reimbursement before the municipality shall be required to approve or make the payment to the school district. If the school district fails to provide the information during this period in any year, it shall forfeit any claim to reimbursement for that year. School districts may adopt a resolution waiving the right to all or a portion of the reimbursement otherwise required by this paragraph (7.5). By acceptance of this reimbursement the school district waives the right to directly or indirectly set aside, modify, or contest in any manner the establishment of the redevelopment project area or projects;

(7.7) For redevelopment project areas designated (or redevelopment project areas amended to add or increase the number of tax-increment-financing assisted housing units) on or after January 1, 2005 (the effective date of Public Act 93-961), a public library district's increased costs attributable to assisted housing units located within the redevelopment project area for which the developer or redeveloper receives financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the assisted housing sites necessary for the completion of that housing as authorized by this Act shall be paid to the library district by the municipality from the

Special Tax Allocation Fund when the tax increment revenue is received as a result of the assisted housing units. This paragraph (7.7) applies only if (i) the library district is located in a county that is subject to the Property Tax Extension Limitation Law or (ii) the library district is not located in a county that is subject to the Property Tax Extension Limitation Law but the district is prohibited by any other law from increasing its tax levy rate without a prior voter referendum.

The amount paid to a library district under this paragraph (7.7) shall be calculated by multiplying (i) the net increase in the number of persons eligible to obtain a library card in that district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by (ii) the per-patron cost of providing library services so long as it does not exceed $120. The per-patron cost shall be the Total Operating Expenditures Per Capita as stated in the most recent Illinois Public Library Statistics produced by the Library Research Center at the University of Illinois. The municipality may deduct from the amount that it must pay to a library district under this paragraph any amount that it has voluntarily paid to the library district from the tax increment revenue. The amount paid to a library district under this paragraph (7.7) shall be no more than 2% of the amount produced by the assisted housing units and deposited into the Special Tax Allocation Fund.

A library district is not eligible for any payment under this paragraph (7.7) unless the library district has experienced an increase in the number of patrons from the municipality that created the tax-increment-financing district since the designation of the redevelopment project area.

Any library district seeking payment under this paragraph (7.7) shall, after July 1 and before September 30 of each year, provide the municipality with convincing evidence to support its claim for reimbursement before the municipality shall be required to approve or make the payment to the library district. If the library district fails to provide the information during this period in any

year, it shall forfeit any claim to reimbursement for that year. Library districts may adopt a resolution waiving the right to all or a portion of the reimbursement otherwise required by this paragraph (7.7). By acceptance of such reimbursement, the library district shall forfeit any right to directly or indirectly set aside, modify, or contest in any manner whatsoever the establishment of the redevelopment project area or projects;

(8) Relocation costs to the extent that a municipality determines that relocation costs shall be paid or is required to make payment of relocation costs by federal or State law or in order to satisfy subparagraph (7) of subsection (n);

(9) Payment in lieu of taxes;

(10) Costs of job training, retraining, advanced vocational education or career education, including but not limited to courses in occupational, semi-technical or technical fields leading directly to employment, incurred by one or more taxing districts, provided that such costs (i) are related to the establishment and maintenance of additional job training, advanced vocational education or career education programs for persons employed or to be employed by employers located in a redevelopment project area; and (ii) when incurred by a taxing district or taxing districts other than the municipality, are set forth in a written agreement by or among the municipality and the taxing district or taxing districts, which agreement describes the program to be undertaken, including but not limited to the number of employees to be trained, a description of the training and services to be provided, the number and type of positions available or to be available, itemized costs of the program and sources of funds to pay for the same, and the term of the agreement. Such costs include, specifically, the payment by community college districts of costs pursuant to Sections 3-37, 3-38, 3-40 and 3-40.1 of the Public Community College Act and by school districts of costs pursuant to Sections 10-22.20a and 10-23.3a of The School Code;

(11) Interest cost incurred by a redeveloper related to the construction, renovation or rehabilitation of a redevelopment project provided that:

(A) such costs are to be paid directly from the special tax allocation fund established pursuant to this Act;

New matter indicated by italics - deletions by strikeout.
(B) such payments in any one year may not exceed 30% of the annual interest costs incurred by the redeveloper with regard to the redevelopment project during that year;

(C) if there are not sufficient funds available in the special tax allocation fund to make the payment pursuant to this paragraph (11) then the amounts so due shall accrue and be payable when sufficient funds are available in the special tax allocation fund;

(D) the total of such interest payments paid pursuant to this Act may not exceed 30% of the total (i) cost paid or incurred by the redeveloper for the redevelopment project plus (ii) redevelopment project costs excluding any property assembly costs and any relocation costs incurred by a municipality pursuant to this Act; and

(E) the cost limits set forth in subparagraphs (B) and (D) of paragraph (11) shall be modified for the financing of rehabilitated or new housing units for low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act. The percentage of 75% shall be substituted for 30% in subparagraphs (B) and (D) of paragraph (11).

(F) Instead of the eligible costs provided by subparagraphs (B) and (D) of paragraph (11), as modified by this subparagraph, and notwithstanding any other provisions of this Act to the contrary, the municipality may pay from tax increment revenues up to 50% of the cost of construction of new housing units to be occupied by low-income households and very low-income households as defined in Section 3 of the Illinois Affordable Housing Act. The cost of construction of those units may be derived from the proceeds of bonds issued by the municipality under this Act or other constitutional or statutory authority or from other sources of municipal revenue that may be reimbursed from tax increment revenues or the proceeds of bonds issued to finance the construction of that housing.

The eligible costs provided under this subparagraph (F) of paragraph (11) shall be an eligible cost for the construction, renovation, and rehabilitation of all low and very low-income housing units, as defined in Section 3 of
the Illinois Affordable Housing Act, within the redevelopment project area. If the low and very low-income units are part of a residential redevelopment project that includes units not affordable to low and very low-income households, only the low and very low-income units shall be eligible for benefits under subparagraph (F) of paragraph (11). The standards for maintaining the occupancy by low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act, of those units constructed with eligible costs made available under the provisions of this subparagraph (F) of paragraph (11) shall be established by guidelines adopted by the municipality. The responsibility for annually documenting the initial occupancy of the units by low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act, shall be that of the then current owner of the property. For ownership units, the guidelines will provide, at a minimum, for a reasonable recapture of funds, or other appropriate methods designed to preserve the original affordability of the ownership units. For rental units, the guidelines will provide, at a minimum, for the affordability of rent to low and very low-income households. As units become available, they shall be rented to income-eligible tenants. The municipality may modify these guidelines from time to time; the guidelines, however, shall be in effect for as long as tax increment revenue is being used to pay for costs associated with the units or for the retirement of bonds issued to finance the units or for the life of the redevelopment project area, whichever is later.

(11.5) If the redevelopment project area is located within a municipality with a population of more than 100,000, the cost of day care services for children of employees from low-income families working for businesses located within the redevelopment project area and all or a portion of the cost of operation of day care centers established by redevelopment project area businesses to serve employees from low-income families working in businesses located in the redevelopment project area. For the purposes of this paragraph, "low-income families" means families whose annual

income does not exceed 80% of the municipal, county, or regional median income, adjusted for family size, as the annual income and municipal, county, or regional median income are determined from time to time by the United States Department of Housing and Urban Development.

(12) Unless explicitly stated herein the cost of construction of new privately-owned buildings shall not be an eligible redevelopment project cost.

(13) After November 1, 1999 (the effective date of Public Act 91-478), none of the redevelopment project costs enumerated in this subsection shall be eligible redevelopment project costs if those costs would provide direct financial support to a retail entity initiating operations in the redevelopment project area while terminating operations at another Illinois location within 10 miles of the redevelopment project area but outside the boundaries of the redevelopment project area municipality. For purposes of this paragraph, termination means a closing of a retail operation that is directly related to the opening of the same operation or like retail entity owned or operated by more than 50% of the original ownership in a redevelopment project area, but it does not mean closing an operation for reasons beyond the control of the retail entity, as documented by the retail entity, subject to a reasonable finding by the municipality that the current location contained inadequate space, had become economically obsolete, or was no longer a viable location for the retailer or serviceman.

(14) No cost shall be a redevelopment project cost in a redevelopment project area if used to demolish, remove, or substantially modify a historic resource, after August 26, 2008 (the effective date of Public Act 95-934) this amendatory Act of the 95th General Assembly, unless no prudent and feasible alternative exists. "Historic resource" for the purpose of this item (14) means (i) a place or structure that is included or eligible for inclusion on the National Register of Historic Places or (ii) a contributing structure in a district on the National Register of Historic Places. This item (14) does not apply to a place or structure for which demolition, removal, or modification is subject to review by the preservation agency of a Certified Local Government designated as such by the National Park Service of the United States Department of the Interior.

If a special service area has been established pursuant to the Special Service Area Tax Act or Special Service Area Tax Law, then any tax increment revenues derived from the tax imposed pursuant to the Special Service Area Tax Act or Special Service Area Tax Law may be used within the redevelopment project area for the purposes permitted by that Act or Law as well as the purposes permitted by this Act.

(r) "State Sales Tax Boundary" means the redevelopment project area or the amended redevelopment project area boundaries which are determined pursuant to subsection (9) of Section 11-74.4-8a of this Act. The Department of Revenue shall certify pursuant to subsection (9) of Section 11-74.4-8a the appropriate boundaries eligible for the determination of State Sales Tax Increment.

(s) "State Sales Tax Increment" means an amount equal to the increase in the aggregate amount of taxes paid by retailers and servicemen, other than retailers and servicemen subject to the Public Utilities Act, on transactions at places of business located within a State Sales Tax Boundary pursuant to the Retailers' Occupation Tax Act, the Use Tax Act, the Service Use Tax Act, and the Service Occupation Tax Act, except such portion of such increase that is paid into the State and Local Sales Tax Reform Fund, the Local Government Distributive Fund, the Local Government Tax Fund and the County and Mass Transit District Fund, for as long as State participation exists, over and above the Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts for such taxes as certified by the Department of Revenue and paid under those Acts by retailers and servicemen on transactions at places of business located within the State Sales Tax Boundary during the base year which shall be the calendar year immediately prior to the year in which the municipality adopted tax increment allocation financing, less 3.0% of such amounts generated under the Retailers' Occupation Tax Act, Use Tax Act and Service Use Tax Act and the Service Occupation Tax Act, which sum shall be appropriated to the Department of Revenue to cover its costs of administering and enforcing this Section. For purposes of computing the aggregate amount of such taxes for base years occurring prior to 1985, the Department of Revenue shall compute the Initial Sales Tax Amount for such taxes and deduct therefrom an amount equal to 4% of the aggregate amount of taxes per year for each year the base year is prior to 1985, but not to exceed a total deduction of 12%. The amount so determined shall be known as the "Adjusted Initial Sales Tax Amount". For purposes of determining the State Sales Tax Increment the Department
of Revenue shall for each period subtract from the tax amounts received from retailers and servicemen on transactions located in the State Sales Tax Boundary, the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or Revised Initial Sales Tax Amounts for the Retailers' Occupation Tax Act, the Use Tax Act, the Service Use Tax Act and the Service Occupation Tax Act. For the State Fiscal Year 1989 this calculation shall be made by utilizing the calendar year 1987 to determine the tax amounts received. For the State Fiscal Year 1990, this calculation shall be made by utilizing the period from January 1, 1988, until September 30, 1988, to determine the tax amounts received from retailers and servicemen, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For the State Fiscal Year 1991, this calculation shall be made by utilizing the period from October 1, 1988, until June 30, 1989, to determine the tax amounts received from retailers and servicemen, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For every State Fiscal Year thereafter, the applicable period shall be the 12 months beginning July 1 and ending on June 30, to determine the tax amounts received which shall have deducted therefrom the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts. Municipalities intending to receive a distribution of State Sales Tax Increment must report a list of retailers to the Department of Revenue by October 31, 1988 and by July 31, of each year thereafter.

(t) "Taxing districts" means counties, townships, cities and incorporated towns and villages, school, road, park, sanitary, mosquito abatement, forest preserve, public health, fire protection, river conservancy, tuberculosis sanitarium and any other municipal corporations or districts with the power to levy taxes.

(u) "Taxing districts' capital costs" means those costs of taxing districts for capital improvements that are found by the municipal corporate authorities to be necessary and directly result from the redevelopment project.

(v) As used in subsection (a) of Section 11-74.4-3 of this Act, "vacant land" means any parcel or combination of parcels of real property without industrial, commercial, and residential buildings which has not been used for commercial agricultural purposes within 5 years prior to the

(d) For redevelopment project areas for which bonds were issued before July 29, 1991, or for which contracts were entered into before June 1, 1988, in connection with a redevelopment project in the area within the State Sales Tax Boundary, the estimated dates of completion of the redevelopment project and retirement of obligations to finance redevelopment project costs (including refunding bonds under Section 11-74.4-7) may be extended by municipal ordinance to December 31, 2013. (65 ILCS 5/11-74.4-7) (from Ch. 24, par. 11-74.4-7)

Sec. 11-74.4-7. Obligations secured by the special tax allocation fund set forth in Section 11-74.4-8 for the redevelopment project area may be issued to provide for redevelopment project costs. Such obligations, when so issued, shall be retired in the manner provided in the ordinance authorizing the issuance of such obligations by the receipts of taxes levied as specified in Section 11-74.4-9 against the taxable property included in the area, by revenues as specified by Section 11-74.4-8a and other revenue designated by the municipality. A municipality may in the ordinance pledge all or any part of the funds in and to be deposited in the special tax allocation fund created pursuant to Section 11-74.4-8 to the payment of the redevelopment project costs and obligations. Any pledge of funds in the special tax allocation fund shall provide for distribution to the taxing districts and to the Illinois Department of Revenue of moneys not required, pledged, earmarked, or otherwise designated for payment and securing of the obligations and anticipated redevelopment project costs and such excess funds shall be calculated annually and deemed to be "surplus" funds. In the event a municipality only applies or pledges a portion of the funds in the special tax allocation fund for the payment or securing of

anticipated redevelopment project costs or of obligations, any such funds remaining in the special tax allocation fund after complying with the requirements of the application or pledge, shall also be calculated annually and deemed "surplus" funds. All surplus funds in the special tax allocation fund shall be distributed annually within 180 days after the close of the municipality's fiscal year by being paid by the municipal treasurer to the County Collector, to the Department of Revenue and to the municipality in direct proportion to the tax incremental revenue received as a result of an increase in the equalized assessed value of property in the redevelopment project area, tax incremental revenue received from the State and tax incremental revenue received from the municipality, but not to exceed as to each such source the total incremental revenue received from that source. The County Collector shall thereafter make distribution to the respective taxing districts in the same manner and proportion as the most recent distribution by the county collector to the affected districts of real property taxes from real property in the redevelopment project area.

Without limiting the foregoing in this Section, the municipality may in addition to obligations secured by the special tax allocation fund pledge for a period not greater than the term of the obligations towards payment of such obligations any part or any combination of the following: (a) net revenues of all or part of any redevelopment project; (b) taxes levied and collected on any or all property in the municipality; (c) the full faith and credit of the municipality; (d) a mortgage on part or all of the redevelopment project; or (e) any other taxes or anticipated receipts that the municipality may lawfully pledge.

Such obligations may be issued in one or more series bearing interest at such rate or rates as the corporate authorities of the municipality shall determine by ordinance. Such obligations shall bear such date or dates, mature at such time or times not exceeding 20 years from their respective dates, be in such denomination, carry such registration privileges, be executed in such manner, be payable in such medium of payment at such place or places, contain such covenants, terms and conditions, and be subject to redemption as such ordinance shall provide. Obligations issued pursuant to this Act may be sold at public or private sale at such price as shall be determined by the corporate authorities of the municipalities. No referendum approval of the electors shall be required as a condition to the issuance of obligations pursuant to this Division except as provided in this Section.
In the event the municipality authorizes issuance of obligations pursuant to the authority of this Division secured by the full faith and credit of the municipality, which obligations are other than obligations which may be issued under home rule powers provided by Article VII, Section 6 of the Illinois Constitution, or pledges taxes pursuant to (b) or (c) of the second paragraph of this section, the ordinance authorizing the issuance of such obligations or pledging such taxes shall be published within 10 days after such ordinance has been passed in one or more newspapers, with general circulation within such municipality. The publication of the ordinance shall be accompanied by a notice of (1) the specific number of voters required to sign a petition requesting the question of the issuance of such obligations or pledging taxes to be submitted to the electors; (2) the time in which such petition must be filed; and (3) the date of the prospective referendum. The municipal clerk shall provide a petition form to any individual requesting one.

If no petition is filed with the municipal clerk, as hereinafter provided in this Section, within 30 days after the publication of the ordinance, the ordinance shall be in effect. But, if within that 30 day period a petition is filed with the municipal clerk, signed by electors in the municipality numbering 10% or more of the number of registered voters in the municipality, asking that the question of issuing obligations using full faith and credit of the municipality as security for the cost of paying for redevelopment project costs, or of pledging taxes for the payment of such obligations, or both, be submitted to the electors of the municipality, the corporate authorities of the municipality shall call a special election in the manner provided by law to vote upon that question, or, if a general, State or municipal election is to be held within a period of not less than 30 or more than 90 days from the date such petition is filed, shall submit the question at the next general, State or municipal election. If it appears upon the canvass of the election by the corporate authorities that a majority of electors voting upon the question voted in favor thereof, the ordinance shall be in effect, but if a majority of the electors voting upon the question are not in favor thereof, the ordinance shall not take effect.

The ordinance authorizing the obligations may provide that the obligations shall contain a recital that they are issued pursuant to this Division, which recital shall be conclusive evidence of their validity and of the regularity of their issuance.

In the event the municipality authorizes issuance of obligations pursuant to this Section secured by the full faith and credit of the
municipality, the ordinance authorizing the obligations may provide for
the levy and collection of a direct annual tax upon all taxable property
within the municipality sufficient to pay the principal thereof and interest
thereon as it matures, which levy may be in addition to and exclusive of
the maximum of all other taxes authorized to be levied by the
municipality, which levy, however, shall be abated to the extent that
monies from other sources are available for payment of the obligations and
the municipality certifies the amount of said monies available to the
county clerk.

A certified copy of such ordinance shall be filed with the county
clerk of each county in which any portion of the municipality is situated,
and shall constitute the authority for the extension and collection of the
taxes to be deposited in the special tax allocation fund.

A municipality may also issue its obligations to refund in whole or
in part, obligations theretofore issued by such municipality under the
authority of this Act, whether at or prior to maturity, provided however,
that the last maturity of the refunding obligations may not be later than the
dates set forth under Section 11-74.4-3.5. DDD (EEE) (FFF) (GGG);
(HHH) (III) (JJJ) (KKK) (LLL) (MMM), or (NNN) if the ordinance was
adopted on December 23, 1986 by the Village of Libertyville.

In the event a municipality issues obligations under home rule
powers or other legislative authority the proceeds of which are pledged to
pay for redevelopment project costs, the municipality may, if it has
followed the procedures in conformance with this division, retire said
obligations from funds in the special tax allocation fund in amounts and in
such manner as if such obligations had been issued pursuant to the
provisions of this division.

All obligations heretofore or hereafter issued pursuant to this Act
shall not be regarded as indebtedness of the municipality issuing such
obligations or any other taxing district for the purpose of any limitation
imposed by law.

museums, planetariums, climatrons and any other building or facility which the District has the power to acquire, construct, reconstruct, extend or improve, to serve the needs of commerce within the District. The District may acquire real or personal property or any rights therein in the manner, as near as may be, as is provided for the exercise of the right of eminent domain under the Eminent Domain Act Article VII of the Code of Civil Procedure, as heretofore or hereafter amended; except that no rights or property of any kind or character now or hereafter owned, leased, controlled or operated and used by, or necessary for the actual operations of any common carrier engaged in interstate commerce, or of any other public utility subject to the jurisdiction of the Illinois Commerce Commission, shall be taken or appropriated by the District without first obtaining the approval of the Illinois Commerce Commission; and except that no property owned by any city within the District shall be taken or appropriated without first obtaining the consent of the governing body of such city.

Also, the District may lease to others for any period of time, not to exceed 99 years, upon such terms as its Board may determine, any of its real property, rights of way or privileges, or any interest therein, or any part thereof, for industrial, manufacturing, commercial or harbor purposes, which is in the opinion of the Port District Board no longer required for its primary purposes in the development of port and harbor facilities for the use of public transportation, or which may not be immediately needed for such purposes, but where such leases will in the opinion of the Port District Board aid and promote such purposes, and in conjunction with such leases, the District may grant rights of way and privileges across the property of the District, which rights of way and privileges may be assignable and irrevocable during the term of any such lease and may include the right to enter upon the property of the District to do such things as may be necessary for the enjoyment of such leases, rights of way and privileges, and such leases may contain such conditions and retain such interest therein as may be deemed for the best interest of the District by such Board.

Also, the District shall have the right to grant easements and permits for the use of any such real property, rights of way or privileges which in the opinion of the Board will not interfere with the use thereof by the District for its primary purposes and such easements and permits may contain such conditions and retain such interest therein as may be deemed for the best interest of the District by the Board.

Section 125. The Sanitary District Act of 1917 is amended by changing Sections 8 and 15 as follows:

(70 ILCS 2405/8) (from Ch. 42, par. 307)

Sec. 8. (a) The sanitary district may acquire by purchase, condemnation, or otherwise all real and personal property, right of way and privilege, either within or without its corporate limits that may be required for its corporate purposes. If real property is acquired by condemnation, the sanitary district may not sell or lease any portion of the property for a period of 10 years after acquisition by condemnation is completed. If, after such 10-year period, the sanitary district decides to sell or lease the property, it must first offer the property for sale or lease to the previous owner of the land from whom the sanitary district acquired the property. If the sanitary district and such previous owner do not execute a contract for purchase or lease of the property within 60 days from the initial offer, the sanitary district then may offer the property for sale or lease to any other person. If any district formed under this Act is unable to agree with any other sanitary district upon the terms whereby it shall be permitted to use the drains, channels or ditches of such other sanitary district, the right to such use may be acquired by condemnation in any circuit court by proceedings as provided in Section 4-17 of the Illinois Drainage Code. The compensation to be paid for such use may be a gross sum, or it may be in the form of an annual rental, to be paid in yearly installments as provided by the judgment of the court wherein such proceedings may be had. However, when such compensation is fixed at a gross sum all moneys for the purchase and condemnation of any property shall be paid before possession is taken or any work done on the premises damaged by the construction of such channel or outlet, and in case of an appeal from the circuit court taken by either party whereby the amount of damages is not finally determined, then possession may be taken, if the amount of judgment in such court is deposited at some bank or savings and loan association to be designated by the court, subject to the payment of such damages on orders signed by the circuit court, whenever the

amount of damages is finally determined. The sanitary district may sell, convey, vacate and release the real or personal property, right of way and privileges acquired by it when no longer required for the purposes of the district.

(b) A sanitary district may exercise its powers of eminent domain to acquire a public utility only if the Illinois Commerce Commission, following petition by the sanitary district, has granted approval for the sanitary district to proceed in accordance with the Eminent Domain Act Article VII of the Code of Civil Procedure. The following procedures must be followed when a sanitary district exercises its power of eminent domain to acquire a public utility.

(1) The sanitary district shall petition the Commission for approval of the acquisition of a public utility by the exercise of eminent domain powers. The petition filed by the sanitary district shall state the following:

(A) the caption of the case;
(B) the date of the filing of the application;
(C) the name and address of the condemnee;
(D) the name and address of the condemnor;
(E) a specific reference to the statute under which the condemnation action is authorized;
(F) a specific reference to the action, whether by ordinance, resolution, or otherwise, by which the declaration of taking was authorized, including the date when such action was taken, and the place where the record may be examined;
(G) a description of the purpose of the condemnation;
(H) a reasonable description of the property to be condemned;
(I) a statement of how just compensation will be made;
(J) a statement that, if the condemnee wishes to challenge the proceeding, the condemnee shall file objections within 45 days after its receipt of the notice.

(2) Within 30 days after the filing of a petition by the sanitary district of its intent to acquire by eminent domain all real and personal property, rights of way, and privileges of a public utility, the sanitary district shall serve a copy of the petition on the

public utility and shall publish a notice of the filing of the petition in a newspaper of general circulation in the area served by the sanitary district. The sanitary district shall file a certificate of publication with the Commission as proof of publication.

(3) Within 45 days after being served with the notice required by this Section, the condemnee may file objections to the petition with the Commission. All objections shall state specifically the grounds relied upon. All objections shall be raised at one time and in one document. The condemnee shall serve a copy of the objections upon the condemnor within 72 hours after the objections are filed with the Commission.

(4) The Commission shall make a determination regarding the petition and any objections to the petition and shall make such orders and decrees as justice and law shall require. The Commission may take evidence by deposition or otherwise and shall entertain oral argument on all objections. The Commission shall make its determination within 105 days after its receipt of the objections of the condemnee, unless the Commission, in its discretion, extends the determination period for a further period not exceeding 6 months.

(c) The Illinois Commerce Commission shall approve the taking of any property by a sanitary district under subsection (b), within or outside its boundaries, if it is in the public interest. The taking shall be considered to be in the public interest if the sanitary district establishes by a preponderance of the evidence:

(1) that the sanitary district has been in existence as the operator of a wastewater system for at least 20 years;

(2) that it will provide wastewater treatment service within the proposed area subject to condemnation at the same level of wastewater treatment service provided throughout the district;

(3) that it will provide the wastewater collection, treatment, and disposal at the same or less operational and maintenance volumetric or bulk rate as the public utility whose property is subject to condemnation; and

(4) that it is not financially impractical for the public utility to serve its remaining customers who are not in the area subject to condemnation.

(70 ILCS 2405/15) (from Ch. 42, par. 314)
Sec. 15. Whenever the board of trustees of any sanitary district shall pass an ordinance for the making of any improvement which such district is authorized to make, the making of which will require that private property should be taken or damaged, such district may cause compensation therefor to be ascertained, and may condemn and acquire possession thereof in the same manner as nearly as may be as is provided for the exercise of the right of eminent domain under the Eminent Domain Act, as amended, except Article VII of the Code of Civil Procedure, and all amendments thereto. Provided, however, that (i) proceedings to ascertain the compensation to be paid for taking or damaging private property shall in all cases be instituted in the county where the property sought to be taken or damaged is situated, and (ii) all damages to property, whether determined by agreement or by final judgment of court, shall be paid prior to the payment of any other debt or obligation.

Section 130. The Metropolitan Water Reclamation District Act is amended by changing Section 7a and by setting forth and renumbering multiple versions of Section 302 as follows:

(70 ILCS 2605/7a) (from Ch. 42, par. 326a)
Sec. 7a. Discharge into sewers of a sanitary district.
(a) The terms used in this Section are defined as follows:
"Board of Commissioners" means the Board of Commissioners of the sanitary district.
"Sewage" means water-carried human wastes or a combination of water-carried wastes from residences, buildings, businesses, industrial establishments, institutions, or other places together with any ground, surface, storm, or other water that may be present.
"Industrial Wastes" means all solids, liquids, or gaseous wastes resulting from any commercial, industrial, manufacturing, agricultural, trade, or business operation or process, or from the development, recovery, or processing of natural resources.
"Other Wastes" means decayed wood, sawdust, shavings, bark, lime, refuse, ashes, garbage, offal, oil, tar, chemicals, and all other substances except sewage and industrial wastes.
"Person" means any individual, firm, association, joint venture, sole proprietorship, company, partnership, estate copartnership, corporation, joint stock company, trust, school district, unit of local government, or private corporation organized or existing under the laws of this or any other state or country.

New matter indicated by italics - deletions by strikeout.
"Executive Director" means the executive director of the sanitary district.

(b) It shall be unlawful for any person to discharge sewage, industrial waste, or other wastes into the sewerage system of a sanitary district or into any sewer connected therewith, except upon the terms and conditions that the sanitary district might reasonably impose by way of ordinance, permit, or otherwise.

Any sanitary district, in addition to all other powers vested in it and in the interest of public health and safety, or as authorized by subsections (b) and (c) of Section 46 of the Environmental Protection Act, is hereby empowered to pass all ordinances, rules, or regulations necessary to implement this Section, including but not limited to, the imposition of charges based on factors that influence the cost of treatment, including strength and volume, and including the right of access during reasonable hours to the premises of a person for enforcement of adopted ordinances, rules, or regulations.

(c) Whenever the sanitary district acting through the executive director determines that sewage, industrial wastes, or other wastes are being discharged into the sewerage system and when, in the opinion of the executive director the discharge is in violation of an ordinance, rules, or regulations adopted by the Board of Commissioners under this Section governing industrial wastes or other wastes, the executive director shall order the offending party to cease and desist. The order shall be served by certified mail or personally on the owner, officer, registered agent, or individual designated by permit.

In the event the offending party fails or refuses to discontinue the discharge within 90 days after notification of the cease and desist order, the executive director may order the offending party to show cause before the Board of Commissioners of the sanitary district why the discharge should not be discontinued. A notice shall be served on the offending party directing him, her, or it to show cause before the Board of Commissioners why an order should not be entered directing the discontinuance of the discharge. The notice shall specify the time and place where a hearing will be held and shall be served personally or by registered or certified mail at least 10 days before the hearing; and in the case of a unit of local government or a corporation the service shall be upon an officer or agent thereof. After reviewing the evidence, the Board of Commissioners may issue an order to the party responsible for the discharge, directing that within a specified period of time the discharge be discontinued. The Board

of Commissioners may also order the party responsible for the discharge to pay a civil penalty in an amount specified by the Board of Commissioners that is not less than $100 nor more than $2,000 per day for each day of discharge of effluent in violation of this Act as provided in subsection (d). The Board of Commissioners may also order the party responsible for the violation to pay court reporter costs and hearing officer fees in a total amount not exceeding $3,000.

(d) The Board of Commissioners shall establish procedures for assessing civil penalties and issuing orders under subsection (c) as follows:

(1) In making its orders and determinations, the Board of Commissioners shall take into consideration all the facts and circumstances bearing on the activities involved and the assessment of civil penalties as shown by the record produced at the hearing.

(2) The Board of Commissioners shall establish a panel of independent hearing officers to conduct all hearings on the assessment of civil penalties and issuance of orders under subsection (c). The hearing officers shall be attorneys licensed to practice law in this State.

(3) The Board of Commissioners shall promulgate procedural rules governing the proceedings, the assessment of civil penalties, and the issuance of orders.

(4) All hearings shall be on the record, and testimony taken must be under oath and recorded stenographically. Transcripts so recorded must be made available to any member of the public or any party to the hearing upon payment of the usual charges for transcripts. At the hearing, the hearing officer may issue, in the name of the Board of Commissioners, notices of hearing requesting the attendance and testimony of witnesses and the production of evidence relevant to any matter involved in the hearing and may examine witnesses.

(5) The hearing officer shall conduct a full and impartial hearing on the record, with an opportunity for the presentation of evidence and cross-examination of the witnesses. The hearing officer shall issue findings of fact, conclusions of law, a recommended civil penalty, and an order based solely on the record. The hearing officer may also recommend, as part of the

order, that the discharge of industrial waste be discontinued within a specified time.

(6) The findings of fact, conclusions of law, recommended civil penalty, and order shall be transmitted to the Board of Commissioners along with a complete record of the hearing.

(7) The Board of Commissioners shall either approve or disapprove the findings of fact, conclusions of law, recommended civil penalty, and order. If the findings of fact, conclusions of law, recommended civil penalty, or order are rejected, the Board of Commissioners shall remand the matter to the hearing officer for further proceedings. If the order is accepted by the Board of Commissioners, it shall constitute the final order of the Board of Commissioners.

(8) (Blank).

(9) The civil penalty specified by the Board of Commissioners shall be paid within 35 days after the party on whom it is imposed receives a written copy of the order of the Board of Commissioners, unless the person or persons to whom the order is issued seeks judicial review under paragraph (8).

(10) If the respondent seeks judicial review of the order assessing civil penalties, the respondent shall, within 35 days after the date of the final order, pay the amount of the civil penalties into an escrow account maintained by the district for that purpose or file a bond guaranteeing payment of the civil penalties if the civil penalties are upheld on review.

(11) Civil penalties not paid by the times specified above shall be delinquent and subject to a lien recorded against the property of the person ordered to pay the penalty. The foregoing provisions for asserting liens against real estate by the sanitary district shall be in addition to and not in derogation of any other remedy or right of recovery, in law or equity, that the sanitary district may have with respect to the collection or recovery of penalties and charges imposed by the sanitary district. Judgment in a civil action brought by the sanitary district to recover or collect the charges shall not operate as a release and waiver of the lien upon the real estate for the amount of the judgment. Only satisfaction of the judgment or the filing of a release or satisfaction of lien shall release the lien.

New matter indicated by italics - deletions by strikeout.
(e) The executive director may order a person to cease the discharge of industrial waste upon a finding by the executive director that the final order of the Board of Commissioners entered after a hearing to show cause has been violated. The executive director shall serve the person with a copy of his or her order either by certified mail or personally by serving the owner, officer, registered agent, or individual designated by permit. The order of the executive director shall also schedule an expedited hearing before a hearing officer designated by the Board of Commissioners for the purpose of determining whether the company has violated the final order of the Board of Commissioners. The Board of Commissioners shall adopt rules of procedure governing expedited hearings. In no event shall the hearing be conducted less than 7 days after receipt by the person of the executive director's order.

At the conclusion of the expedited hearing, the hearing officer shall prepare a report with his or her findings and recommendations and transmit it to the Board of Commissioners. If the Board of Commissioners, after reviewing the findings and recommendations, and the record produced at the hearings, determines that the person has violated the Board of Commissioner's final order, the Board of Commissioners may authorize the plugging of the sewer. The executive director shall give not less than 10 days written notice of the Board of Commissioner's order to the owner, officer, registered agent, or individual designated by permit, as well as the owner of record of the real estate and other parties known to be affected, that the sewer will be plugged.

The foregoing provision for plugging a sewer shall be in addition to and not in derogation of any other remedy, in law or in equity, that the district may have to prevent violation of its ordinances and orders of its Board of Commissioners.

(f) A violation of the final order of the Board of Commissioners shall be considered a nuisance. If any person discharges sewage, industrial wastes, or other wastes into any waters contrary to the final order of the Board of Commissioners, the sanitary district acting through the executive director has the power to commence an action or proceeding in the circuit court in and for the county in which the sanitary district is located for the purpose of having the discharge stopped either by mandamus or injunction, or to remedy the violation in any manner provided for in this Section.

The court shall specify a time, not exceeding 20 days after the service of the copy of the complaint, in which the party complained of

New matter indicated by italics - deletions by strikeout.
must plead to the complaint, and in the meantime, the party may be restrained. In case of default or after pleading, the court shall immediately inquire into the facts and circumstances of the case and enter an appropriate judgment in respect to the matters complained of. Appeals may be taken as in other civil cases.

(g) The sanitary district, acting through the executive director, has the power to commence an action or proceeding for mandamus or injunction in the circuit court ordering a person to cease its discharge, when, in the opinion of the executive director, the person's discharge presents an imminent danger to the public health, welfare, or safety, presents or may present an endangerment to the environment, or threatens to interfere with the operation of the sewerage system or a water reclamation plant under the jurisdiction of the sanitary district. The initiation of a show cause hearing is not a prerequisite to the commencement by the sanitary district of an action or proceeding for mandamus or injunction in the circuit court. The court shall specify a time, not exceeding 20 days after the service of a copy of the petition, in which the party complained of must answer the petition, and in the meantime, the party may be restrained. In case of default in answer or after answer, the court shall immediately inquire into the facts and circumstances of the case and enter an appropriate judgment or order in respect to the matters complained of. An appeal may be taken from the final judgment in the same manner and with the same effect as appeals are taken from judgment of the circuit court in other actions for mandamus or injunction.

(h) Whenever the sanitary district commences an action under subsection (f) of this Section, the court shall assess a civil penalty of not less than $1,000 nor more than $10,000 for each day the person violates a Board order. Whenever the sanitary district commences an action under subsection (g) of this Section, the court shall assess a civil penalty of not less than $1,000 nor more than $10,000 for each day the person violates the ordinance. Each day's continuance of the violation is a separate offense. The penalties provided in this Section plus interest at the rate set forth in the Interest Act on unpaid penalties, costs, and fees, imposed by the Board of Commissioners under subsection (d), the reasonable costs to the sanitary district of removal or other remedial action caused by discharges in violation of this Act, reasonable attorney's fees, court costs, and other expenses of litigation together with costs for inspection, sampling, analysis, and administration related to the enforcement action
against the offending party are recoverable by the sanitary district in a civil action.

(i) The Board of Commissioners may establish fees for late filing of reports with the sanitary district required by an ordinance governing discharges. The sanitary district shall provide by certified mail a written notice of the fee assessment that states the person has 30 days after the receipt of the notice to request a conference with the executive director's designee to discuss or dispute the appropriateness of the assessed fee. Unless a person objects to paying the fee for filing a report late by timely requesting in writing a conference with a designee of the executive director, that person waives his or her right to a conference and the sanitary district may impose a lien recorded against the property of the person for the amount of the unpaid fee.

If a person requests a conference and the matter is not resolved at the conference, the person subject to the fee may request an administrative hearing before an impartial hearing officer appointed under subsection (d) to determine the person's liability for and the amount of the fee.

If the hearing officer finds that the late filing fees are owed to the sanitary district, the sanitary district shall notify the responsible person or persons of the hearing officer's decision. If payment is not made within 30 days after the notice, the sanitary district may impose a lien on the property of the person or persons.

Any liens filed under this subsection shall apply only to the property to which the late filing fees are related. A claim for lien shall be filed in the office of the recorder of the county in which the property is located. The filing of a claim for lien by the district does not prevent the sanitary district from pursuing other means for collecting late filing fees. If a claim for lien is filed, the sanitary district shall notify the person whose property is subject to the lien, and the person may challenge the lien by filing an action in the circuit court. The action shall be filed within 90 days after the person receives the notice of the filing of the claim for lien. The court shall hear evidence concerning the underlying reasons for the lien only if an administrative hearing has not been held under this subsection.

(j) If the provisions of any paragraph of this Section are declared unconstitutional or invalid by the final decision of any court of competent jurisdiction, the provisions of the remaining paragraphs continue in effect.

(k) Nothing in this Section eliminates any of the powers now granted to municipalities having a population of 500,000 or more as to design, preparation of plans, and construction, maintenance, and operation

of sewers and sewerage systems, or for the control and elimination or prevention of the pollution of their waters or waterways, in the Illinois Municipal Code or any other Act of the State of Illinois.

(1) The provisions of the Administrative Review Law and all amendments and rules adopted pursuant to that Law apply to and govern all proceedings for the judicial review of final administrative decisions of the Board of Commissioners in the enforcement of any ordinance, rule, or regulation adopted under this Act.

Authority or of other revenues or receipts of the Authority, in order to provide money for the Authority to cover any cash flow deficit which the Authority anticipates incurring. Provided, however, that no such notes may be issued unless the annual cost thereof is incorporated in a budget or revised budget of the Authority which has been approved by the Regional Transportation Authority. Any such notes are referred to as "Working Cash Notes". Provided further that, the board shall not issue and have outstanding or demand and direct that the Board of the Regional Transportation Authority issue and have outstanding more than an aggregate of $40,000,000 in Working Cash Notes. No Working Cash Notes shall be issued for a term of longer than 18 months. Proceeds of Working Cash Notes may be used to pay day to day operating expenses of the Authority, consisting of wages, salaries and fringe benefits, professional and technical services (including legal, audit, engineering and other consulting services), office rental, furniture, fixtures and equipment, insurance premiums, claims for self-insured amounts under insurance policies, public utility obligations for telephone, light, heat and similar items, travel expenses, office supplies, postage, dues, subscriptions, public hearings and information expenses, fuel purchases, and payments of grants and payments under purchase of service agreements for operations of transportation agencies, prior to the receipt by the Authority from time to time of funds for paying such expenses. Proceeds of the Working Cash Notes shall not be used (i) to increase or provide a debt service reserve fund for any bonds or notes other than Working Cash Notes of the same Series, or (ii) to pay principal of or interest or redemption premium on any capital bonds or notes, whether as such amounts become due or by earlier redemption, issued by the Authority or a transportation agency to construct or acquire public transportation facilities, or to provide funds to purchase such capital bonds or notes.

(b) The ordinance providing for the issuance of any such notes shall fix the date or dates of maturity, the dates on which interest is payable, any sinking fund account or reserve fund account provisions and all other details of such notes and may provide for such covenants or agreements necessary or desirable with regard to the issue, sale and security of such notes. The Authority shall determine and fix the rate or rates of interest of its notes issued under this Act in an ordinance adopted by the Board prior to the issuance thereof, none of which rates of interest shall exceed that permitted in "An Act to authorize public corporations to issue bonds, other evidences of indebtedness and tax anticipation warrants
subject to interest rate limitations set forth therein", approved May 26, 1970, as now or hereafter amended. Interest may be payable annually or semi-annually, or at such other times as determined by the Board. Notes issued under this Section may be issued as serial or term obligations, shall be of such denomination or denominations and form, including interest coupons to be attached thereto, be executed in such manner, shall be payable at such place or places and bear such date as the Board shall fix by the ordinance authorizing such note and shall mature at such time or times, within a period not to exceed 18 months from the date of issue, and may be redeemable prior to maturity with or without premium, at the option of the Board, upon such terms and conditions as the Board shall fix by the ordinance authorizing the issuance of such notes. The Board may provide for the registration of notes in the name of the owner as to the principal alone or as to both principal and interest, upon such terms and conditions as the Board may determine. The ordinance authorizing notes may provide for the exchange of such notes which are fully registered, as to both principal and interest, with notes which are registerable as to principal only. All notes issued under this Section by the Board shall be sold at a price which may be at a premium or discount but such that the interest cost (excluding any redemption premium) to the Board of the proceeds of an issue of such notes, computed to stated maturity according to standard tables of bond values, shall not exceed that permitted in "An Act to authorize public corporations to issue bonds, other evidences of indebtedness and tax anticipation warrants subject to interest rate limitations set forth therein", approved May 26, 1970, as now or hereafter amended. Such notes shall be sold at such time or times as the Board shall determine. The notes may be sold either upon competitive bidding or by negotiated sale (without any requirement of publication of intention to negotiate the sale of such notes), as the Board shall determine by ordinance adopted with the affirmative votes of at least 4 Directors. In case any officer whose signature appears on any notes or coupons authorized pursuant to this Section shall cease to be such officer before delivery of such notes, such signature shall nevertheless be valid and sufficient for all purposes, the same as if such officer had remained in office until such delivery. Neither the Directors of the Regional Transportation Authority, the Directors of the Authority nor any person executing any bonds or notes thereof shall be liable personally on any such bonds or notes or coupons by reason of the issuance thereof.

(c) All notes of the Authority issued pursuant to this Section shall be general obligations of the Authority to which shall be pledged the full faith and credit of the Authority, as provided in this Section. Such notes shall be secured as provided in the authorizing ordinance, which may, notwithstanding any other provision of this Act, include in addition to any other security, a specific pledge or assignment of and lien on or security interest in any or all tax receipts of the Regional Transportation Authority allocated to the Authority and on any or all other revenues or moneys of the Authority from whatever source which may by law be utilized for debt service purposes and a specific pledge or assignment of and lien on or security interest in any funds or accounts established or provided for by the ordinance of the Board authorizing the issuance of such notes. Any such pledge, assignment, lien or security interest for the benefit of holders of notes of the Authority shall be valid and binding from the time the notes are issued without any physical delivery or further act, and shall be valid and binding as against and prior to the claims of all other parties having claims of any kind against the Authority or any other person irrespective of whether such other parties have notice of such pledge, assignment, lien or security interest. The obligations of the Authority incurred pursuant to this Section shall be superior to and have priority over any other obligations of the Authority except for obligations under Section 12. The Board may provide in the ordinance authorizing the issuance of any notes issued pursuant to this Section for the creation of, deposits in, and regulation and disposition of sinking fund or reserve accounts relating to such notes. The ordinance authorizing the issuance of any notes pursuant to this Section may contain provisions as part of the contract with the holders of the notes, for the creation of a separate fund to provide for the payment of principal and interest on such notes and for the deposit in such fund from any or all the tax receipts of the Regional Transportation Authority allocated to the Authority and from any or all such other moneys or revenues of the Authority from whatever source which may by law be utilized for debt service purposes, all as provided in such ordinance, of amounts to meet the debt service requirements on such notes, including principal and interest, and any sinking fund or reserve fund account requirements as may be provided by such ordinance, and all expenses incident to or in connection with such fund and accounts or the payment of such notes. Such ordinance may also provide limitations on the issuance of additional notes of the Authority. No such notes of the Authority shall constitute a debt of the State of Illinois.

New matter indicated by italics - deletions by strikeout.
(d) The ordinance of the Board authorizing the issuance of any notes may provide additional security for such notes by providing for appointment of a corporate trustee (which may be any trust company or bank having the powers of a trust company within the State) with respect to such notes. The ordinance shall prescribe the rights, duties and powers of the trustee to be exercised for the benefit of the Authority and the protection of the holders of such notes. The ordinance may provide for the trustee to hold in trust, invest and use amounts in funds and accounts created as provided by the ordinance with respect to the notes. The ordinance shall provide that amounts so paid to the trustee which are not required to be deposited, held or invested in funds and accounts created by the ordinance with respect to notes or used for paying notes to be paid by the trustee to the Authority.

(e) Any notes of the Authority issued pursuant to this Section shall constitute a contract between the Authority and the holders from time to time of such notes. In issuing any note, the Board may include in the ordinance authorizing such issue a covenant as part of the contract with the holders of the notes, that as long as such obligations are outstanding, it shall make such deposits, as provided in paragraph (c) of this Section. A certified copy of the ordinance authorizing the issuance of any such obligations shall be filed at or prior to the issuance of such obligations with the Regional Transportation Authority, Comptroller of the State of Illinois and the Illinois Department of Revenue.

(f) The State of Illinois pledges to and agrees with the holders of the notes of the Authority issued pursuant to this Section that the State will not limit or alter the rights and powers vested in the Authority by this Act or in the Regional Transportation Authority by the "Regional Transportation Authority Act" so as to impair the terms of any contract made by the Authority with such holders or in any way impair the rights and remedies of such holders until such notes, together with interest thereon, with interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceedings by or on behalf of such holders, are fully met and discharged. In addition, the State pledges to and agrees with the holders of the notes of the Authority issued pursuant to this Section that the State will not limit or alter the basis on which State funds are to be paid to the Authority as provided in the Regional Transportation Authority Act, or the use of such funds, so as to impair the terms of any such contract. The Board is authorized to include

these pledges and agreements of the State in any contract with the holders of bonds or notes issued pursuant to this Section.

(g) The Board shall not at any time issue, sell or deliver any Interim Financing Notes pursuant to this Section which will cause it to have issued and outstanding at any time in excess of $40,000,000 of Working Cash Notes. Notes which are being paid or retired by such issuance, sale or delivery of notes, and notes for which sufficient funds have been deposited with the paying agency of such notes to provide for payment of principal and interest thereon or to provide for the redemption thereof, all pursuant to the ordinance authorizing the issuance of such notes, shall not be considered to be outstanding for the purposes of this paragraph.

(h) The Board, subject to the terms of any agreements with noteholders as may then exist, shall have power, out of any funds available therefor, to purchase notes of the Authority which shall thereupon be cancelled.

(i) In addition to any other authority granted by law, the State Treasurer may, with the approval of the Governor, invest or reinvest, at a price not to exceed par, any State money in the State Treasury which is not needed for current expenditures due or about to become due in Interim Financing Notes.

Section 140. The Local Mass Transit District Act is amended by changing Section 5.01 as follows:

(70 ILCS 3610/5.01) (from Ch. 111 2/3, par. 355.01)

Sec. 5.01. Metro East Mass Transit District; use and occupation taxes.

(a) The Board of Trustees of any Metro East Mass Transit District may, by ordinance adopted with the concurrence of two-thirds of the then trustees, impose throughout the District any or all of the taxes and fees provided in this Section. All taxes and fees imposed under this Section shall be used only for public mass transportation systems, and the amount used to provide mass transit service to unserved areas of the District shall be in the same proportion to the total proceeds as the number of persons residing in the unserved areas is to the total population of the District. Except as otherwise provided in this Act, taxes imposed under this Section and civil penalties imposed incident thereto shall be collected and enforced by the State Department of Revenue. The Department shall have the power
to administer and enforce the taxes and to determine all rights for refunds for erroneous payments of the taxes.

(b) The Board may impose a Metro East Mass Transit District Retailers' Occupation Tax upon all persons engaged in the business of selling tangible personal property at retail in the district at a rate of 1/4 of 1%, or as authorized under subsection (d-5) of this Section, of the gross receipts from the sales made in the course of such business within the district. The tax imposed under this Section and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The Department shall have full power to administer and enforce this Section; to collect all taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with, this Section, the Department and persons who are subject to this Section shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions and definitions of terms and employ the same modes of procedure, as are prescribed in Sections 1, 1a, 1a-1, 1c, 1d, 1e, 1f, 1i, 1j, 2 through 2-65 (in respect to all provisions therein other than the State rate of tax), 2c, 3 (except as to the disposition of taxes and penalties collected), 4, 5, 5a, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 7, 8, 9, 10, 11, 12, 13, and 14 of the Retailers' Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the Section may reimburse themselves for their seller's tax liability hereunder by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State taxes that sellers are required to collect under the Use Tax Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of the Metro East Mass Transit District tax fund established under paragraph (h) (g) of this Section.
If a tax is imposed under this subsection (b), a tax shall also be imposed under subsections (c) and (d) of this Section.

For the purpose of determining whether a tax authorized under this Section is applicable, a retail sale, by a producer of coal or other mineral mined in Illinois, is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or other mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the Federal Constitution as a sale in interstate or foreign commerce.

No tax shall be imposed or collected under this subsection on the sale of a motor vehicle in this State to a resident of another state if that motor vehicle will not be titled in this State.

Nothing in this Section shall be construed to authorize the Metro East Mass Transit District to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by this State.

(c) If a tax has been imposed under subsection (b), a Metro East Mass Transit District Service Occupation Tax shall also be imposed upon all persons engaged, in the district, in the business of making sales of service, who, as an incident to making those sales of service, transfer tangible personal property within the District, either in the form of tangible personal property or in the form of real estate as an incident to a sale of service. The tax rate shall be 1/4%, or as authorized under subsection (d-5) of this Section, of the selling price of tangible personal property so transferred within the district. The tax imposed under this paragraph and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The Department shall have full power to administer and enforce this paragraph; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with this paragraph, the Department and persons who are subject to this paragraph shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions and definitions of terms and employ the same modes of procedure as are prescribed in Sections 1a-1, 2 (except that the reference to State in the definition of supplier maintaining a place of business in this State shall mean the Authority), 2a, 3 through 3-

50 (in respect to all provisions therein other than the State rate of tax), 4 (except that the reference to the State shall be to the Authority), 5, 7, 8 (except that the jurisdiction to which the tax shall be a debt to the extent indicated in that Section 8 shall be the District), 9 (except as to the disposition of taxes and penalties collected, and except that the returned merchandise credit for this tax may not be taken against any State tax), 10, 11, 12 (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State shall mean the District), the first paragraph of Section 15, 16, 17, 18, 19 and 20 of the Service Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the authority granted in this paragraph may reimburse themselves for their serviceman's tax liability hereunder by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax that servicemen are authorized to collect under the Service Use Tax Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this paragraph to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of the Metro East Mass Transit District tax fund established under paragraph (h) (1) of this Section.

Nothing in this paragraph shall be construed to authorize the District to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by the State.

(d) If a tax has been imposed under subsection (b), a Metro East Mass Transit District Use Tax shall also be imposed upon the privilege of using, in the district, any item of tangible personal property that is purchased outside the district at retail from a retailer, and that is titled or registered with an agency of this State's government, at a rate of 1/4%, or as authorized under subsection (d-5) of this Section, of the selling price of the tangible personal property within the District, as "selling price" is defined in the Use Tax Act. The tax shall be collected from persons whose Illinois address for titling or registration purposes is given as being in the District. The tax shall be collected by the Department of Revenue for the

Metro East Mass Transit District. The tax must be paid to the State, or an exemption determination must be obtained from the Department of Revenue, before the title or certificate of registration for the property may be issued. The tax or proof of exemption may be transmitted to the Department by way of the State agency with which, or the State officer with whom, the tangible personal property must be titled or registered if the Department and the State agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

The Department shall have full power to administer and enforce this paragraph; to collect all taxes, penalties and interest due hereunder; to dispose of taxes, penalties and interest so collected in the manner hereinafter provided; and to determine all rights to credit memoranda or refunds arising on account of the erroneous payment of tax, penalty or interest hereunder. In the administration of, and compliance with, this paragraph, the Department and persons who are subject to this paragraph shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions and definitions of terms and employ the same modes of procedure, as are prescribed in Sections 2 (except the definition of "retailer maintaining a place of business in this State"), 3 through 3-80 (except provisions pertaining to the State rate of tax, and except provisions concerning collection or refunding of the tax by retailers), 4, 11, 12, 12a, 14, 15, 19 (except the portions pertaining to claims by retailers and except the last paragraph concerning refunds), 20, 21 and 22 of the Use Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, that are not inconsistent with this paragraph, as fully as if those provisions were set forth herein.

Whenever the Department determines that a refund should be made under this paragraph to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of the Metro East Mass Transit District tax fund established under paragraph (h) (g) of this Section.

   B. upon receipt in writing of a request for discontinuation by the individual having legal custody of the student or by the student if he or she has reached the age of 18.
3. The destruction of all of a student's biometric information within 30 days after the use of the biometric information is discontinued in accordance with item (2) of this subsection (b).
4. The use of biometric information solely for identification or fraud prevention.

Sec. 10-21.3a. Transfer of students.

(a) Each school board shall establish and implement a policy governing the transfer of a student from one attendance center to another within the school district upon the request of the student's parent or guardian. Any request by a parent or guardian to transfer his or her child from one attendance center to another within the school district pursuant to Section 1116 of the federal Elementary and Secondary Education Act of 1965 (20 U.S.C. Sec. 6316-6317) must be made no later than 30 days after the parent or guardian receives notice of the right to transfer pursuant to that law. A student may not transfer to any of the following attendance centers, except by change in residence if the policy authorizes enrollment based on residence in an attendance area or unless approved by the board on an individual basis:

(1) An attendance center that exceeds or as a result of the transfer would exceed its attendance capacity.

(2) An attendance center for which the board has established academic criteria for enrollment if the student does not meet the criteria, provided that the transfer must be permitted if the attendance center is the only attendance center serving the student's grade that has not been identified for school improvement, corrective action, or restructuring under Section 1116 of the federal Elementary and Secondary Education Act of 1965 (20 U.S.C. Sec. 6316-6317).

New matter indicated by italics - deletions by strikeout.
(3) Any attendance center if the transfer would prevent the school district from meeting its obligations under a State or federal law, court order, or consent decree applicable to the school district.

(b) Each school board shall establish and implement a policy governing the transfer of students within a school district from a persistently dangerous school to another public school in that district that is not deemed to be persistently dangerous. In order to be considered a persistently dangerous school, the school must meet all of the following criteria for 2 consecutive years:

(1) Have greater than 3% of the students enrolled in the school expelled for violence-related conduct.

(2) Have one or more students expelled for bringing a firearm to school as defined in 18 U.S.C. 921.

(3) Have at least 3% of the students enrolled in the school exercise the individual option to transfer schools pursuant to subsection (c) of this Section.

(c) A student may transfer from one public school to another public school in that district if the student is a victim of a violent crime as defined in Section 3 of the Rights of Crime Victims and Witnesses Act. The violent crime must have occurred on school grounds during regular school hours or during a school-sponsored event.

(d) Transfers made pursuant to subsections (b) and (c) of this Section shall be made in compliance with the federal No Child Left Behind Act of 2001 (Public Law 107-110).

(a) A board of education may enter into a contract with a third party for non-instructional services currently performed by any employee or bargaining unit member or lay off those educational support personnel employees upon 90 days written notice to the affected employees, provided that:

(1) a contract must not be entered into and become effective during the term of a collective bargaining agreement, as that term is set forth in the agreement, covering any employees who perform the non-instructional services;
(2) a contract may only take effect upon the expiration of an existing collective bargaining agreement;
(3) any third party that submits a bid to perform the non-instructional services shall provide the following:

   (A) evidence of liability insurance in scope and amount equivalent to the liability insurance provided by the school board pursuant to Section 10-22.3 of this Code;
   (B) a benefits package for the third party's employees who will perform the non-instructional services comparable to the benefits package provided to school board employees who perform those services;
   (C) a list of the number of employees who will provide the non-instructional services, the job classifications of those employees, and the wages the third party will pay those employees;
   (D) a minimum 3-year cost projection, using generally accepted accounting principles and which the third party is prohibited from increasing if the bid is accepted by the school board, for each and every expenditure category and account for performing the non-instructional services;

(E) composite information about the criminal and disciplinary records, including alcohol or other substance abuse, Department of Children and Family Services complaints and investigations, traffic violations, and license revocations or any other licensure problems, of any employees who may perform the non-instructional services, provided that the individual names and other identifying information of employees need not be provided with the submission of the bid, but must be made available upon request of the school board; and

(F) an affidavit, notarized by the president or chief executive officer of the third party, that each of its employees has completed a criminal background check as required by Section 10-21.9 of this Code within 3 months prior to submission of the bid, provided that the results of such background checks need not be provided with the submission of the bid, but must be made available upon request of the school board;

(4) a contract must not be entered into unless the school board provides a cost comparison, using generally accepted accounting principles, of each and every expenditure category and account that the school board projects it would incur over the term of the contract if it continued to perform the non-instructional services using its own employees with each and every expenditure category and account that is projected a third party would incur if a third party performed the non-instructional services;

(5) review and consideration of all bids by third parties to perform the non-instructional services shall take place in open session of a regularly scheduled school board meeting, unless the exclusive bargaining representative of the employees who perform the non-instructional services, if any such exclusive bargaining representative exists, agrees in writing that such review and consideration can take place in open session at a specially scheduled school board meeting;

(6) a minimum of one public hearing, conducted by the school board prior to a regularly scheduled school board meeting, to discuss the school board's proposal to contract with a third party to perform the non-instructional services must be held before the school board may enter into such a contract; the school board must

provide notice to the public of the date, time, and location of the first public hearing on or before the initial date that bids to provide the non-instructional services are solicited or a minimum of 30 days prior to entering into such a contract, whichever provides a greater period of notice;

(7) a contract shall contain provisions requiring the contractor to offer available employee positions pursuant to the contract to qualified school district employees whose employment is terminated because of the contract; and

(8) a contract shall contain provisions requiring the contractor to comply with a policy of nondiscrimination and equal employment opportunity for all persons and to take affirmative steps to provide equal opportunity for all persons.

(b) Notwithstanding subsection (a) of this Section, a board of education may enter into a contract, of no longer than 3 months in duration, with a third party for non-instructional services currently performed by an employee or bargaining unit member for the purpose of augmenting the current workforce in an emergency situation that threatens the safety or health of the school district's students or staff, provided that the school board meets all of its obligations under the Illinois Educational Labor Relations Act.

(c) The changes to this Section made by this amendatory Act of the 95th General Assembly are not applicable to non-instructional services of a school district that on the effective date of this amendatory Act of the 95th General Assembly are performed for the school district by a third party.

Sec. 11E-135. Incentives. For districts reorganizing under this Article and for a district or districts that annex all of the territory of one or more entire other school districts in accordance with Article 7 of this Code, the following payments shall be made from appropriations made for these purposes:

(a)(1) For a combined school district, as defined in Section 11E-20 of this Code, or for a unit district, as defined in Section 11E-25 of this Code, for its first year of existence, the general State aid and supplemental general State aid calculated under Section 18-8.05 of this Code shall be computed for the new district and for the previously existing districts for which property is totally included within the new district. If the
computation on the basis of the previously existing districts is greater, a supplementary payment equal to the difference shall be made for the first 4 years of existence of the new district.

(2) For a school district that annexes all of the territory of one or more entire other school districts as defined in Article 7 of this Code, for the first year during which the change of boundaries attributable to the annexation becomes effective for all purposes, as determined under Section 7-9 of this Code, the general State aid and supplemental general State aid calculated under Section 18-8.05 of this Code shall be computed for the annexing district as constituted after the annexation and for the annexing and each annexed district as constituted prior to the annexation; and if the computation on the basis of the annexing and annexed districts as constituted prior to the annexation is greater, then a supplementary payment equal to the difference shall be made for the first 4 years of existence of the annexing school district as constituted upon the annexation.

(3) For 2 or more school districts that annex all of the territory of one or more entire other school districts, as defined in Article 7 of this Code, for the first year during which the change of boundaries attributable to the annexation becomes effective for all purposes, as determined under Section 7-9 of this Code, the general State aid and supplemental general State aid calculated under Section 18-8.05 of this Code shall be computed for each annexing district as constituted after the annexation and for each annexing and annexed district as constituted prior to the annexation; and if the aggregate of the general State aid and supplemental general State aid as so computed for the annexing districts as constituted after the annexation is less than the aggregate of the general State aid and supplemental general State aid as so computed for the annexing and annexed districts, as constituted prior to the annexation, then a supplementary payment equal to the difference shall be made and allocated between or among the annexing districts, as constituted upon the annexation, for the first 4 years of their existence. The total difference payment shall be allocated between or among the annexing districts in the same ratio as the pupil enrollment from that portion of the annexed district or districts that is annexed to each annexing district bears to the total pupil enrollment from the entire annexed district or districts, as such pupil enrollment is determined for the school year last ending prior to the date when the change of boundaries attributable to the annexation becomes effective for all purposes. The amount of the total difference payment and the amount thereof to be

allocated to the annexing districts shall be computed by the State Board of Education on the basis of pupil enrollment and other data that shall be certified to the State Board of Education, on forms that it shall provide for that purpose, by the regional superintendent of schools for each educational service region in which the annexing and annexed districts are located.

(4) For a school district conversion, as defined in Section 11E-15 of this Code, or a multi-unit conversion, as defined in subsection (b) of Section 11E-30 of this Code, if in their first year of existence the newly created elementary districts and the newly created high school district, from a school district conversion, or the newly created elementary district or districts and newly created combined high school - unit district, from a multi-unit conversion, qualify for less general State aid under Section 18-8.05 of this Code than would have been payable under Section 18-8.05 for that same year to the previously existing districts, then a supplementary payment equal to that difference shall be made for the first 4 years of existence of the newly created districts. The aggregate amount of each supplementary payment shall be allocated among the newly created districts in the proportion that the deemed pupil enrollment in each district during its first year of existence bears to the actual aggregate pupil enrollment in all of the districts during their first year of existence. For purposes of each allocation:

(A) the deemed pupil enrollment of the newly created high school district from a school district conversion shall be an amount equal to its actual pupil enrollment for its first year of existence multiplied by 1.25;

(B) the deemed pupil enrollment of each newly created elementary district from a school district conversion shall be an amount equal to its actual pupil enrollment for its first year of existence reduced by an amount equal to the product obtained when the amount by which the newly created high school district's deemed pupil enrollment exceeds its actual pupil enrollment for its first year of existence is multiplied by a fraction, the numerator of which is the actual pupil enrollment of the newly created elementary district for its first year of existence and the denominator of which is the actual aggregate pupil enrollment of all of the newly created elementary districts for their first year of existence;

New matter indicated by italics - deletions by strikeout.
(C) the deemed high school pupil enrollment of the newly created combined high school - unit district from a multi-unit conversion shall be an amount equal to its actual grades 9 through 12 pupil enrollment for its first year of existence multiplied by 1.25; and

(D) the deemed elementary pupil enrollment of each newly created district from a multi-unit conversion shall be an amount equal to each district's actual grade K through 8 pupil enrollment for its first year of existence, reduced by an amount equal to the product obtained when the amount by which the newly created combined high school - unit district's deemed high school pupil enrollment exceeds its actual grade 9 through 12 pupil enrollment for its first year of existence is multiplied by a fraction, the numerator of which is the actual grade K through 8 pupil enrollment of each newly created district for its first year of existence and the denominator of which is the actual aggregate grade K through 8 pupil enrollment of all such newly created districts for their first year of existence.

The aggregate amount of each supplementary payment under this subdivision (4) and the amount thereof to be allocated to the newly created districts shall be computed by the State Board of Education on the basis of pupil enrollment and other data, which shall be certified to the State Board of Education, on forms that it shall provide for that purpose, by the regional superintendent of schools for each educational service region in which the newly created districts are located.

(5) For a partial elementary unit district, as defined in subsection (a) or (c) of Section 11E-30 of this Code, if, in the first year of existence, the newly created partial elementary unit district qualifies for less general State aid and supplemental general State aid under Section 18-8.05 of this Code than would have been payable under that Section for that same year to the previously existing districts that formed the partial elementary unit district, then a supplementary payment equal to that difference shall be made to the partial elementary unit district for the first 4 years of existence of that newly created district.

(6) For an elementary opt-in, as described in subsection (d) of Section 11E-30 of this Code, the general State aid difference shall be computed in accordance with paragraph (5) of this subsection (a) as if the elementary opt-in was included in an optional elementary unit district at the optional elementary unit district's original effective date. If the

calculation in this paragraph (6) is less than that calculated in paragraph (5) of this subsection (a) at the optional elementary unit district’s original effective date, then no adjustments may be made. If the calculation in this paragraph (6) is more than that calculated in paragraph (5) of this subsection (a) at the optional elementary unit district’s original effective date, then the excess must be paid as follows:

(A) If the effective date for the elementary opt-in is one year after the effective date for the optional elementary unit district, 100% of the calculated excess shall be paid to the optional elementary unit district in each of the first 4 years after the effective date of the elementary opt-in.

(B) If the effective date for the elementary opt-in is 2 years after the effective date for the optional elementary unit district, 75% of the calculated excess shall be paid to the optional elementary unit district in each of the first 4 years after the effective date of the elementary opt-in.

(C) If the effective date for the elementary opt-in is 3 years after the effective date for the optional elementary unit district, 50% of the calculated excess shall be paid to the optional elementary unit district in each of the first 4 years after the effective date of the elementary opt-in.

(D) If the effective date for the elementary opt-in is 4 years after the effective date for the optional elementary unit district, 25% of the calculated excess shall be paid to the optional elementary unit district in each of the first 4 years after the effective date of the elementary opt-in.

(E) If the effective date for the elementary opt-in is 5 years after the effective date for the optional elementary unit district, the optional elementary unit district is not eligible for any additional incentives due to the elementary opt-in.

(6.5) For a school district that annexes territory detached from another school district whereby the enrollment of the annexing district increases by 90% or more as a result of the annexation, for the first year during which the change of boundaries attributable to the annexation becomes effective for all purposes as determined under Section 7-9 of this Code, the general State aid and supplemental general State aid calculated under this Section shall be computed for the district gaining territory and the district losing territory as constituted after the annexation and for the same districts as constituted prior to the annexation; and if the aggregate of

the general State aid and supplemental general State aid as so computed for the district gaining territory and the district losing territory as constituted after the annexation is less than the aggregate of the general State aid and supplemental general State aid as so computed for the district gaining territory and the district losing territory as constituted prior to the annexation, then a supplementary payment shall be made to the annexing district for the first 4 years of existence after the annexation, equal to the difference multiplied by the ratio of student enrollment in the territory detached to the total student enrollment in the district losing territory for the year prior to the effective date of the annexation. The amount of the total difference and the proportion paid to the annexing district shall be computed by the State Board of Education on the basis of pupil enrollment and other data that must be submitted to the State Board of Education in accordance with Section 7-14A of this Code. The changes to this Section made by Public Act 95-707 this amendatory Act of the 95th General Assembly are intended to be retroactive and applicable to any annexation taking effect on or after July 1, 2004. For annexations that are eligible for payments under this paragraph (6.5) and that are effective on or after July 1, 2004, but before January 1, 2008 (the effective date of Public Act 95-707) this amendatory Act of the 95th General Assembly, the first required yearly payment under this paragraph (6.5) shall be paid in the fiscal year of January 11, 2008 (the effective date of Public Act 95-707) this amendatory Act of the 95th General Assembly. Subsequent required yearly payments shall be paid in subsequent fiscal years until the payment obligation under this paragraph (6.5) is complete.

(7) Claims for financial assistance under this subsection (a) may not be recomputed except as expressly provided under Section 18-8.05 of this Code.

(8) Any supplementary payment made under this subsection (a) must be treated as separate from all other payments made pursuant to Section 18-8.05 of this Code.

(b)(1) After the formation of a combined school district, as defined in Section 11E-20 of this Code, or a unit district, as defined in Section 11E-25 of this Code, a computation shall be made to determine the difference between the salaries effective in each of the previously existing districts on June 30, prior to the creation of the new district. For the first 4 years after the formation of the new district, a supplementary State aid reimbursement shall be paid to the new district equal to the difference between the sum of the salaries earned by each of the certificated members

of the new district, while employed in one of the previously existing districts during the year immediately preceding the formation of the new district, and the sum of the salaries those certificated members would have been paid during the year immediately prior to the formation of the new district if placed on the salary schedule of the previously existing district with the highest salary schedule.

(2) After the territory of one or more school districts is annexed by one or more other school districts as defined in Article 7 of this Code, a computation shall be made to determine the difference between the salaries effective in each annexed district and in the annexing district or districts as they were each constituted on June 30 preceding the date when the change of boundaries attributable to the annexation became effective for all purposes, as determined under Section 7-9 of this Code. For the first 4 years after the annexation, a supplementary State aid reimbursement shall be paid to each annexing district as constituted after the annexation equal to the difference between the sum of the salaries earned by each of the certificated members of the annexing district as constituted after the annexation, while employed in an annexed or annexing district during the year immediately preceding the annexation, and the sum of the salaries those certificated members would have been paid during the immediately preceding year if placed on the salary schedule of whichever of the annexing or annexed districts had the highest salary schedule during the immediately preceding year.

(3) For each new high school district formed under a school district conversion, as defined in Section 11E-15 of this Code, the State shall make a supplementary payment for 4 years equal to the difference between the sum of the salaries earned by each certified member of the new high school district, while employed in one of the previously existing districts, and the sum of the salaries those certified members would have been paid if placed on the salary schedule of the previously existing district with the highest salary schedule.

(4) For each newly created partial elementary unit district, the State shall make a supplementary payment for 4 years equal to the difference between the sum of the salaries earned by each certified member of the newly created partial elementary unit district, while employed in one of the previously existing districts that formed the partial elementary unit district, and the sum of the salaries those certified members would have been paid if placed on the salary schedule of the previously existing district with the highest salary schedule. The salary schedules used in the calculation shall

be those in effect in the previously existing districts for the school year prior to the creation of the new partial elementary unit district.

(5) For an elementary district opt-in, as described in subsection (d) of Section 11E-30 of this Code, the salary difference incentive shall be computed in accordance with paragraph (4) of this subsection (b) as if the opted-in elementary district was included in the optional elementary unit district at the optional elementary unit district's original effective date. If the calculation in this paragraph (5) is less than that calculated in paragraph (4) of this subsection (b) at the optional elementary unit district's original effective date, then no adjustments may be made. If the calculation in this paragraph (5) is more than that calculated in paragraph (4) of this subsection (b) at the optional elementary unit district's original effective date, then the excess must be paid as follows:

(A) If the effective date for the elementary opt-in is one year after the effective date for the optional elementary unit district, 100% of the calculated excess shall be paid to the optional elementary unit district in each of the first 4 years after the effective date of the elementary opt-in.

(B) If the effective date for the elementary opt-in is 2 years after the effective date for the optional elementary unit district, 75% of the calculated excess shall be paid to the optional elementary unit district in each of the first 4 years after the effective date of the elementary opt-in.

(C) If the effective date for the elementary opt-in is 3 years after the effective date for the optional elementary unit district, 50% of the calculated excess shall be paid to the optional elementary unit district in each of the first 4 years after the effective date of the elementary opt-in.

(D) If the effective date for the elementary opt-in is 4 years after the effective date for the partial elementary unit district, 25% of the calculated excess shall be paid to the optional elementary unit district in each of the first 4 years after the effective date of the elementary opt-in.

(E) If the effective date for the elementary opt-in is 5 years after the effective date for the optional elementary unit district, the optional elementary unit district is not eligible for any additional incentives due to the elementary opt-in.

(5.5) After the formation of a cooperative high school by 2 or more school districts under Section 10-22.22c of this Code, a computation shall

be made to determine the difference between the salaries effective in each of the previously existing high schools on June 30 prior to the formation of the cooperative high school. For the first 4 years after the formation of the cooperative high school, a supplementary State aid reimbursement shall be paid to the cooperative high school equal to the difference between the sum of the salaries earned by each of the certificated members of the cooperative high school while employed in one of the previously existing high schools during the year immediately preceding the formation of the cooperative high school and the sum of the salaries those certificated members would have been paid during the year immediately prior to the formation of the cooperative high school if placed on the salary schedule of the previously existing high school.

(5.10) After the annexation of territory detached from another school district whereby the enrollment of the annexing district increases by 90% or more as a result of the annexation, a computation shall be made to determine the difference between the salaries effective in the district gaining territory and the district losing territory as they each were constituted on June 30 preceding the date when the change of boundaries attributable to the annexation became effective for all purposes as determined under Section 7-9 of this Code. For the first 4 years after the annexation, a supplementary State aid reimbursement shall be paid to the annexing district equal to the difference between the sum of the salaries earned by each of the certificated members of the annexing district as constituted after the annexation while employed in the district gaining territory or the district losing territory during the year immediately preceding the annexation and the sum of the salaries those certificated members would have been paid during such immediately preceding year if placed on the salary schedule of whichever of the district gaining territory or district losing territory had the highest salary schedule during the immediately preceding year. To be eligible for supplementary State aid reimbursement under this Section, the intergovernmental agreement to be submitted pursuant to Section 7-14A of this Code must show that staff members were transferred from the control of the district losing territory to the control of the district gaining territory in the annexation. The changes to this Section made by Public Act 95-707 of this amendatory Act of the 95th General Assembly are intended to be retroactive and applicable to any annexation taking effect on or after July 1, 2004. For annexations that are eligible for payments under this paragraph (5.10) and that are effective on or after July 1, 2004, but before January 11, 2008 (the effective date of
Public Act 95-707 this amendatory Act of the 95th General Assembly) the first required yearly payment under this paragraph (5.10) shall be paid in the fiscal year of January 11, 2008 (the effective date of Public Act 95-707 this amendatory Act of the 95th General Assembly). Subsequent required yearly payments shall be paid in subsequent fiscal years until the payment obligation under this paragraph (5.10) is complete.

(5.15) (5.10) After the deactivation of a school facility in accordance with Section 10-22.22b of this Code, a computation shall be made to determine the difference between the salaries effective in the sending school district and each receiving school district on June 30 prior to the deactivation of the school facility. For the lesser of the first 4 years after the deactivation of the school facility or the length of the deactivation agreement, including any renewals of the original deactivation agreement, a supplementary State aid reimbursement shall be paid to each receiving district equal to the difference between the sum of the salaries earned by each of the certificated members transferred to that receiving district as a result of the deactivation while employed in the sending district during the year immediately preceding the deactivation and the sum of the salaries those certificated members would have been paid during the year immediately preceding the deactivation if placed on the salary schedule of the sending or receiving district with the highest salary schedule.

(6) The supplementary State aid reimbursement under this subsection (b) shall be treated as separate from all other payments made pursuant to Section 18-8.05 of this Code. In the case of the formation of a new district or cooperative high school or a deactivation, reimbursement shall begin during the first year of operation of the new district or cooperative high school or the first year of the deactivation, and in the case of an annexation of the territory of one or more school districts by one or more other school districts or the annexation of territory detached from a school district whereby the enrollment of the annexing district increases by 90% or more as a result of the annexation, reimbursement shall begin during the first year when the change in boundaries attributable to the annexation becomes effective for all purposes as determined pursuant to Section 7-9 of this Code, except that for an annexation of territory detached from a school district that is effective on or after July 1, 2004, but before January 11, 2008 (the effective date of Public Act 95-707 this amendatory Act of the 95th General Assembly) whereby the enrollment of the annexing district increases by 90% or more as a result of the annexation, reimbursement shall begin during the fiscal year of January

11, 2008 (the effective date of Public Act 95-707) this amendatory Act of the 95th General Assembly. Each year that the new, annexing, or receiving district or cooperative high school, as the case may be, is entitled to receive reimbursement, the number of eligible certified members who are employed on October 1 in the district or cooperative high school shall be certified to the State Board of Education on prescribed forms by October 15 and payment shall be made on or before November 15 of that year.

(c)(1) For the first year after the formation of a combined school district, as defined in Section 11E-20 of this Code or a unit district, as defined in Section 11E-25 of this Code, a computation shall be made totaling each previously existing district's audited fund balances in the educational fund, working cash fund, operations and maintenance fund, and transportation fund for the year ending June 30 prior to the referendum for the creation of the new district. The new district shall be paid supplementary State aid equal to the sum of the differences between the deficit of the previously existing district with the smallest deficit and the deficits of each of the other previously existing districts.

(2) For the first year after the annexation of all of the territory of one or more entire school districts by another school district, as defined in Article 7 of this Code, computations shall be made, for the year ending June 30 prior to the date that the change of boundaries attributable to the annexation is allowed by the affirmative decision issued by the regional board of school trustees under Section 7-6 of this Code, notwithstanding any effort to seek administrative review of the decision, totaling the annexing district's and totaling each annexed district's audited fund balances in their respective educational, working cash, operations and maintenance, and transportation funds. The annexing district as constituted after the annexation shall be paid supplementary State aid equal to the sum of the differences between the deficit of whichever of the annexing or annexed districts as constituted prior to the annexation had the smallest deficit and the deficits of each of the other districts as constituted prior to the annexation.

(3) For the first year after the annexation of all of the territory of one or more entire school districts by 2 or more other school districts, as defined by Article 7 of this Code, computations shall be made, for the year ending June 30 prior to the date that the change of boundaries attributable to the annexation is allowed by the affirmative decision of the regional board of school trustees under Section 7-6 of this Code, notwithstanding any action for administrative review of the decision, totaling each

annexing and annexed district's audited fund balances in their respective educational, working cash, operations and maintenance, and transportation funds. The annexing districts as constituted after the annexation shall be paid supplementary State aid, allocated as provided in this paragraph (3), in an aggregate amount equal to the sum of the differences between the deficit of whichever of the annexing or annexed districts as constituted prior to the annexation had the smallest deficit and the deficits of each of the other districts as constituted prior to the annexation. The aggregate amount of the supplementary State aid payable under this paragraph (3) shall be allocated between or among the annexing districts as follows:

(A) the regional superintendent of schools for each educational service region in which an annexed district is located prior to the annexation shall certify to the State Board of Education, on forms that it shall provide for that purpose, the value of all taxable property in each annexed district, as last equalized or assessed by the Department of Revenue prior to the annexation, and the equalized assessed value of each part of the annexed district that was annexed to or included as a part of an annexing district;

(B) using equalized assessed values as certified by the regional superintendent of schools under clause (A) of this paragraph (3), the combined audited fund balance deficit of each annexed district as determined under this Section shall be apportioned between or among the annexing districts in the same ratio as the equalized assessed value of that part of the annexed district that was annexed to or included as a part of an annexing district bears to the total equalized assessed value of the annexed district; and

(C) the aggregate supplementary State aid payment under this paragraph (3) shall be allocated between or among, and shall be paid to, the annexing districts in the same ratio as the sum of the combined audited fund balance deficit of each annexing district as constituted prior to the annexation, plus all combined audited fund balance deficit amounts apportioned to that annexing district under clause (B) of this subsection, bears to the aggregate of the combined audited fund balance deficits of all of the annexing and annexed districts as constituted prior to the annexation.

of this Code or the new elementary district or districts and new combined high school - unit district formed through a multi-unit conversion, as defined in subsection (b) of Section 11E-30 of this Code, a computation shall be made totaling each previously existing district's audited fund balances in the educational fund, working cash fund, operations and maintenance fund, and transportation fund for the year ending June 30 prior to the referendum establishing the new districts. In the first year of the new districts, the State shall make a one-time supplementary payment equal to the sum of the differences between the deficit of the previously existing district with the smallest deficit and the deficits of each of the other previously existing districts. A district with a combined balance among the 4 funds that is positive shall be considered to have a deficit of zero. The supplementary payment shall be allocated among the newly formed high school and elementary districts in the manner provided by the petition for the formation of the districts, in the form in which the petition is approved by the regional superintendent of schools or State Superintendent of Education under Section 11E-50 of this Code.

(5) For each newly created partial elementary unit district, as defined in subsection (a) or (c) of Section 11E-30 of this Code, a computation shall be made totaling the audited fund balances of each previously existing district that formed the new partial elementary unit district in the educational fund, working cash fund, operations and maintenance fund, and transportation fund for the year ending June 30 prior to the referendum for the formation of the partial elementary unit district. In the first year of the new partial elementary unit district, the State shall make a one-time supplementary payment to the new district equal to the sum of the differences between the deficit of the previously existing district with the smallest deficit and the deficits of each of the other previously existing districts. A district with a combined balance among the 4 funds that is positive shall be considered to have a deficit of zero.

(6) For an elementary opt-in as defined in subsection (d) of Section 11E-30 of this Code, the deficit fund balance incentive shall be computed in accordance with paragraph (5) of this subsection (c) as if the opted-in elementary was included in the optional elementary unit district at the optional elementary unit district's original effective date. If the calculation in this paragraph (6) is less than that calculated in paragraph (5) of this subsection (c) at the optional elementary unit district's original effective date, then no adjustments may be made. If the calculation in this paragraph

(6) is more than that calculated in paragraph (5) of this subsection (c) at the optional elementary unit district's original effective date, then the excess must be paid as follows:

(A) If the effective date for the elementary opt-in is one year after the effective date for the optional elementary unit district, 100% of the calculated excess shall be paid to the optional elementary unit district in the first year after the effective date of the elementary opt-in.

(B) If the effective date for the elementary opt-in is 2 years after the effective date for the optional elementary unit district, 75% of the calculated excess shall be paid to the optional elementary unit district in the first year after the effective date of the elementary opt-in.

(C) If the effective date for the elementary opt-in is 3 years after the effective date for the optional elementary unit district, 50% of the calculated excess shall be paid to the optional elementary unit district in the first year after the effective date of the elementary opt-in.

(D) If the effective date for the elementary opt-in is 4 years after the effective date for the optional elementary unit district, 25% of the calculated excess shall be paid to the optional elementary unit district in the first year after the effective date of the elementary opt-in.

(E) If the effective date for the elementary opt-in is 5 years after the effective date for the optional elementary unit district, the optional elementary unit district is not eligible for any additional incentives due to the elementary opt-in.

(6.5) For the first year after the annexation of territory detached from another school district whereby the enrollment of the annexing district increases by 90% or more as a result of the annexation, a computation shall be made totaling the audited fund balances of the district gaining territory and the audited fund balances of the district losing territory in the educational fund, working cash fund, operations and maintenance fund, and transportation fund for the year ending June 30 prior to the date that the change of boundaries attributable to the annexation is allowed by the affirmative decision of the regional board of school trustees under Section 7-6 of this Code, notwithstanding any action for administrative review of the decision. The annexing district as constituted after the annexation shall be paid supplementary State aid.
equal to the difference between the deficit of whichever district included in this calculation as constituted prior to the annexation had the smallest deficit and the deficit of each other district included in this calculation as constituted prior to the annexation, multiplied by the ratio of equalized assessed value of the territory detached to the total equalized assessed value of the district losing territory. The regional superintendent of schools for the educational service region in which a district losing territory is located prior to the annexation shall certify to the State Board of Education the value of all taxable property in the district losing territory and the value of all taxable property in the territory being detached, as last equalized or assessed by the Department of Revenue prior to the annexation. To be eligible for supplementary State aid reimbursement under this Section, the intergovernmental agreement to be submitted pursuant to Section 7-14A of this Code must show that fund balances were transferred from the district losing territory to the district gaining territory in the annexation. The changes to this Section made by Public Act 95-707 this amendatory Act of the 95th General Assembly are intended to be retroactive and applicable to any annexation taking effect on or after July 1, 2004. For annexations that are eligible for payments under this paragraph (6.5) and that are effective on or after July 1, 2004, but before January 11, 2008 (the effective date of Public Act 95-707) this amendatory Act of the 95th General Assembly, the required payment under this paragraph (6.5) shall be paid in the fiscal year of January 11, 2008 (the effective date of Public Act 95-707) this amendatory Act of the 95th General Assembly.

(7) For purposes of any calculation required under paragraph (1), (2), (3), (4), (5), (6), or (6.5) of this subsection (c), a district with a combined fund balance that is positive shall be considered to have a deficit of zero. For purposes of determining each district's audited fund balances in its educational fund, working cash fund, operations and maintenance fund, and transportation fund for the specified year ending June 30, as provided in paragraphs (1), (2), (3), (4), (5), (6), and (6.5) of this subsection (c), the balance of each fund shall be deemed decreased by an amount equal to the amount of the annual property tax theretofore levied in the fund by the district for collection and payment to the district during the calendar year in which the June 30 fell, but only to the extent that the tax so levied in the fund actually was received by the district on or before or comprised a part of the fund on such June 30. For purposes of determining each district's audited fund balances, a calculation shall be made for each fund to determine the average for the 3 years prior to the

specified year ending June 30, as provided in paragraphs (1), (2), (3), (4), (5), (6), and (6.5) of this subsection (c), of the district's expenditures in the categories "purchased services", "supplies and materials", and "capital outlay", as those categories are defined in rules of the State Board of Education. If this 3-year average is less than the district's expenditures in these categories for the specified year ending June 30, as provided in paragraphs (1), (2), (3), (4), (5), (6), and (6.5) of this subsection (c), then the 3-year average shall be used in calculating the amounts payable under this Section in place of the amounts shown in these categories for the specified year ending June 30, as provided in paragraphs (1), (2), (3), (4), (5), (6), and (6.5) of this subsection (c). Any deficit because of State aid not yet received may not be considered in determining the June 30 deficits.

The same basis of accounting shall be used by all previously existing districts and by all annexing or annexed districts, as constituted prior to the annexation, in making any computation required under paragraphs (1), (2), (3), (4), (5), (6), and (6.5) of this subsection (c).

(8) The supplementary State aid payments under this subsection (c) shall be treated as separate from all other payments made pursuant to Section 18-8.05 of this Code.

(d)(1) Following the formation of a combined school district, as defined in Section 11E-20 of this Code, a new unit district, as defined in Section 11E-25 of this Code, a new elementary district or districts and a new high school district formed through a school district conversion, as defined in Section 11E-15 of this Code, a new partial elementary unit district, as defined in Section 11E-30 of this Code, or a new elementary district or districts formed through a multi-unit conversion, as defined in subsection (b) of Section 11E-30 of this Code, or the annexation of all of the territory of one or more entire school districts by one or more other school districts, as defined in Article 7 of this Code, a supplementary State aid reimbursement shall be paid for the number of school years determined under the following table to each new or annexing district equal to the sum of $4,000 for each certified employee who is employed by the district on a full-time basis for the regular term of the school year:

<table>

The State Board of Education shall make a one-time calculation of a reorganized district's quintile ranks. The average daily attendance used in this calculation shall be the best 3 months' average daily attendance for the district's first year. The equalized assessed value per pupil shall be the district's real property equalized assessed value used in calculating the district's first-year general State aid claim, under Section 18-8.05 of this Code, divided by the best 3 months' average daily attendance.

No annexing or resulting school district shall be entitled to supplementary State aid under this subsection (d) unless the district acquires at least 30% of the average daily attendance of the district from which the territory is being detached or divided.

If a district results from multiple reorganizations that would otherwise qualify the district for multiple payments under this subsection (d) in any year, then the district shall receive a single payment only for that year based solely on the most recent reorganization.

(2) For an elementary opt-in, as defined in subsection (d) of Section 11E-30 of this Code, the full-time certified staff incentive shall be computed in accordance with paragraph (1) of this subsection (d), equal to the sum of $4,000 for each certified employee of the elementary district that opts-in who is employed by the optional elementary unit district on a full-time basis for the regular term of the school year. The calculation from this paragraph (2) must be paid as follows:

(A) If the effective date for the elementary opt-in is one year after the effective date for the optional elementary unit district, 100% of the amount calculated in this paragraph (2) shall be paid to the optional elementary unit district for the number of years calculated in paragraph (1) of this subsection (d) at the optional elementary unit district's original effective date, starting in the second year after the effective date of the elementary opt-in.

(B) If the effective date for the elementary opt-in is 2 years after the effective date for the optional elementary unit district, 75% of the amount calculated in this paragraph (2) shall be paid to
the optional elementary unit district for the number of years calculated in paragraph (1) of this subsection (d) at the optional elementary unit district's original effective date, starting in the second year after the effective date of the elementary opt-in.

(C) If the effective date for the elementary opt-in is 3 years after the effective date for the optional elementary unit district, 50% of the amount calculated in this paragraph (2) shall be paid to the optional elementary unit district for the number of years calculated in paragraph (1) of this subsection (d) at the optional elementary unit district's original effective date, starting in the second year after the effective date of the elementary opt-in.

(D) If the effective date for the elementary opt-in is 4 years after the effective date for the optional elementary unit district, 25% of the amount calculated in this paragraph (2) shall be paid to the optional elementary unit district for the number of years calculated in paragraph (1) of this subsection (d) at the optional elementary unit district's original effective date, starting in the second year after the effective date of the elementary opt-in.

(E) If the effective date for the elementary opt-in is 5 years after the effective date for the optional elementary unit district, the optional elementary unit district is not eligible for any additional incentives due to the elementary opt-in.

(2.5) Following the formation of a cooperative high school by 2 or more school districts under Section 10-22.22c of this Code, a supplementary State aid reimbursement shall be paid for 3 school years to the cooperative high school equal to the sum of $4,000 for each certified employee who is employed by the cooperative high school on a full-time basis for the regular term of any such school year. If a cooperative high school results from multiple agreements that would otherwise qualify the cooperative high school for multiple payments under this Section in any year, the cooperative high school shall receive a single payment for that year based solely on the most recent agreement.

(2.10) Following the annexation of territory detached from another school district whereby the enrollment of the annexing district increases 90% or more as a result of the annexation, a supplementary State aid reimbursement shall be paid to the annexing district equal to the sum of $4,000 for each certified employee who is employed by the annexing district on a full-time basis and shall be calculated in accordance with subsection (a) of this Section. To be eligible for supplementary State aid

reimbursement under this Section, the intergovernmental agreement to be submitted pursuant to Section 7-14A of this Code must show that certified staff members were transferred from the control of the district losing territory to the control of the district gaining territory in the annexation. The changes to this Section made by Public Act 95-707 are intended to be retroactive and applicable to any annexation taking effect on or after July 1, 2004. For annexations that are eligible for payments under this paragraph (2.10) and that are effective on or after July 1, 2004, but before January 11, 2008 (the effective date of Public Act 95-707), the first required yearly payment under this paragraph (2.10) shall be paid in the second fiscal year after January 11, 2008 (the effective date of Public Act 95-707). Any subsequent required yearly payments shall be paid in subsequent fiscal years until the payment obligation under this paragraph (2.10) is complete.

(2.15) Following the deactivation of a school facility in accordance with Section 10-22.22b of this Code, a supplementary State aid reimbursement shall be paid for the lesser of 3 school years or the length of the deactivation agreement, including any renewals of the original deactivation agreement, to each receiving school district equal to the sum of $4,000 for each certified employee who is employed by that receiving district on a full-time basis for the regular term of any such school year who was originally transferred to the control of that receiving district as a result of the deactivation. Receiving districts are eligible for payments under this paragraph (2.15) based on the certified employees transferred to that receiving district as a result of the deactivation and are not required to receive at least 30% of the deactivating district's average daily attendance as required under paragraph (1) of this subsection (d) to be eligible for payments.

(3) The supplementary State aid reimbursement payable under this subsection (d) shall be separate from and in addition to all other payments made to the district pursuant to any other Section of this Article.

(4) During May of each school year for which a supplementary State aid reimbursement is to be paid to a new, annexing, or receiving school district or cooperative high school pursuant to this subsection (d), the school board or governing board shall certify to the State Board of Education, on forms furnished to the school board or governing board by the State Board of Education for purposes of this subsection (d), the

number of certified employees for which the district or cooperative high school is entitled to reimbursement under this Section, together with the names, certificate numbers, and positions held by the certified employees.

(5) Upon certification by the State Board of Education to the State Comptroller of the amount of the supplementary State aid reimbursement to which a school district or cooperative high school is entitled under this subsection (d), the State Comptroller shall draw his or her warrant upon the State Treasurer for the payment thereof to the school district or cooperative high school and shall promptly transmit the payment to the school district or cooperative high school through the appropriate school treasurer.

Sec. 18-8.05. Basis for apportionment of general State financial aid and supplemental general State aid to the common schools for the 1998-1999 and subsequent school years.

(A) General Provisions.

(1) The provisions of this Section apply to the 1998-1999 and subsequent school years. The system of general State financial aid provided for in this Section is designed to assure that, through a combination of State financial aid and required local resources, the financial support provided each pupil in Average Daily Attendance equals or exceeds a prescribed per pupil Foundation Level. This formula approach imputes a level of per pupil Available Local Resources and provides for the basis to calculate a per pupil level of general State financial aid that, when added to Available Local Resources, equals or exceeds the Foundation Level. The amount of per pupil general State

financial aid for school districts, in general, varies in inverse relation to Available Local Resources. Per pupil amounts are based upon each school district's Average Daily Attendance as that term is defined in this Section.

(2) In addition to general State financial aid, school districts with specified levels or concentrations of pupils from low income households are eligible to receive supplemental general State financial aid grants as provided pursuant to subsection (H). The supplemental State aid grants provided for school districts under subsection (H) shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section.

(3) To receive financial assistance under this Section, school districts are required to file claims with the State Board of Education, subject to the following requirements:

(a) Any school district which fails for any given school year to maintain school as required by law, or to maintain a recognized school is not eligible to file for such school year any claim upon the Common School Fund. In case of nonrecognition of one or more attendance centers in a school district otherwise operating recognized schools, the claim of the district shall be reduced in the proportion which the Average Daily Attendance in the attendance center or centers bear to the Average Daily Attendance in the school district. A "recognized school" means any public school which meets the standards as established for recognition by the State Board of Education. A school district or attendance center not having recognition status at the end of a school term is entitled to receive State aid payments due upon a legal claim which was filed while it was recognized.

(b) School district claims filed under this Section are subject to Sections 18-9 and 18-12, except as otherwise provided in this Section.

(c) If a school district operates a full year school under Section 10-19.1, the general State aid to the school district shall be determined by the State Board of Education in accordance with this Section as near as may be applicable.

(d) (Blank).

(4) Except as provided in subsections (H) and (L), the board of any district receiving any of the grants provided for in this Section may apply
those funds to any fund so received for which that board is authorized to make expenditures by law.

School districts are not required to exert a minimum Operating Tax Rate in order to qualify for assistance under this Section.

(5) As used in this Section the following terms, when capitalized, shall have the meaning ascribed herein:

(a) "Average Daily Attendance": A count of pupil attendance in school, averaged as provided for in subsection (C) and utilized in deriving per pupil financial support levels.

(b) "Available Local Resources": A computation of local financial support, calculated on the basis of Average Daily Attendance and derived as provided pursuant to subsection (D).

(c) "Corporate Personal Property Replacement Taxes": Funds paid to local school districts pursuant to "An Act in relation to the abolition of ad valorem personal property tax and the replacement of revenues lost thereby, and amending and repealing certain Acts and parts of Acts in connection therewith", certified August 14, 1979, as amended (Public Act 81-1st S.S.-1).

(d) "Foundation Level": A prescribed level of per pupil financial support as provided for in subsection (B).

(e) "Operating Tax Rate": All school district property taxes extended for all purposes, except Bond and Interest, Summer School, Rent, Capital Improvement, and Vocational Education Building purposes.

(B) Foundation Level.

(1) The Foundation Level is a figure established by the State representing the minimum level of per pupil financial support that should be available to provide for the basic education of each pupil in Average Daily Attendance. As set forth in this Section, each school district is assumed to exert a sufficient local taxing effort such that, in combination with the aggregate of general State financial aid provided the district, an aggregate of State and local resources are available to meet the basic education needs of pupils in the district.

(2) For the 1998-1999 school year, the Foundation Level of support is $4,225. For the 1999-2000 school year, the Foundation Level of support is $4,325. For the 2000-2001 school year, the Foundation Level of support is $4,425. For the 2001-2002 school year and 2002-2003 school year, the Foundation Level of support is $4,560. For the 2003-2004 school year, the Foundation Level of support is $4,810. For the 2004-2005 school year, the

New matter indicated by italics - deletions by strikeout.
Foundation Level of support is $4,964. For the 2005-2006 school year, the Foundation Level of support is $5,164. For the 2006-2007 school year, the Foundation Level of support is $5,334. For the 2007-2008 school year, the Foundation Level of support is $5,734.

(3) For the 2008-2009 school year and each school year thereafter, the Foundation Level of support is $5,959 or such greater amount as may be established by law by the General Assembly.

(C) Average Daily Attendance.

(1) For purposes of calculating general State aid pursuant to subsection (E), an Average Daily Attendance figure shall be utilized. The Average Daily Attendance figure for formula calculation purposes shall be the monthly average of the actual number of pupils in attendance of each school district, as further averaged for the best 3 months of pupil attendance for each school district. In compiling the figures for the number of pupils in attendance, school districts and the State Board of Education shall, for purposes of general State aid funding, conform attendance figures to the requirements of subsection (F).

(2) The Average Daily Attendance figures utilized in subsection (E) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated or the average of the attendance data for the 3 preceding school years, whichever is greater. The Average Daily Attendance figures utilized in subsection (H) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated.

(D) Available Local Resources.

(1) For purposes of calculating general State aid pursuant to subsection (E), a representation of Available Local Resources per pupil, as that term is defined and determined in this subsection, shall be utilized. Available Local Resources per pupil shall include a calculated dollar amount representing local school district revenues from local property taxes and from Corporate Personal Property Replacement Taxes, expressed on the basis of pupils in Average Daily Attendance. Calculation of Available Local Resources shall exclude any tax amnesty funds received as a result of Public Act 93-26.

(2) In determining a school district's revenue from local property taxes, the State Board of Education shall utilize the equalized assessed valuation of all taxable property of each school district as of September 30
of the previous year. The equalized assessed valuation utilized shall be obtained and determined as provided in subsection (G).

(3) For school districts maintaining grades kindergarten through 12, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 3.00%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades kindergarten through 8, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 2.30%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades 9 through 12, local property tax revenues per pupil shall be the applicable equalized assessed valuation of the district multiplied by 1.05%, and divided by the district's Average Daily Attendance figure.

For partial elementary unit districts created pursuant to Article 11E of this Code, local property tax revenues per pupil shall be calculated as the product of the equalized assessed valuation for property within the partial elementary unit district for elementary purposes, as defined in Article 11E of this Code, multiplied by 2.06% and divided by the district's Average Daily Attendance figure, plus the product of the equalized assessed valuation for property within the partial elementary unit district for high school purposes, as defined in Article 11E of this Code, multiplied by 0.94% and divided by the district's Average Daily Attendance figure.

(4) The Corporate Personal Property Replacement Taxes paid to each school district during the calendar year 2 years before the calendar year in which a school year begins, divided by the Average Daily Attendance figure for that district, shall be added to the local property tax revenues per pupil as derived by the application of the immediately preceding paragraph (3). The sum of these per pupil figures for each school district shall constitute Available Local Resources as that term is utilized in subsection (E) in the calculation of general State aid.

(E) Computation of General State Aid.

(1) For each school year, the amount of general State aid allotted to a school district shall be computed by the State Board of Education as provided in this subsection.

(2) For any school district for which Available Local Resources per pupil is less than the product of 0.93 times the Foundation Level, general State aid for that district shall be calculated as an amount equal to the
Foundation Level minus Available Local Resources, multiplied by the Average Daily Attendance of the school district.

(3) For any school district for which Available Local Resources per pupil is equal to or greater than the product of 0.93 times the Foundation Level and less than the product of 1.75 times the Foundation Level, the general State aid per pupil shall be a decimal proportion of the Foundation Level derived using a linear algorithm. Under this linear algorithm, the calculated general State aid per pupil shall decline in direct linear fashion from 0.07 times the Foundation Level for a school district with Available Local Resources equal to the product of 0.93 times the Foundation Level, to 0.05 times the Foundation Level for a school district with Available Local Resources equal to the product of 1.75 times the Foundation Level. The allocation of general State aid for school districts subject to this paragraph 3 shall be the calculated general State aid per pupil figure multiplied by the Average Daily Attendance of the school district.

(4) For any school district for which Available Local Resources per pupil equals or exceeds the product of 1.75 times the Foundation Level, the general State aid for the school district shall be calculated as the product of $218 multiplied by the Average Daily Attendance of the school district.

(5) The amount of general State aid allocated to a school district for the 1999-2000 school year meeting the requirements set forth in paragraph (4) of subsection (G) shall be increased by an amount equal to the general State aid that would have been received by the district for the 1998-1999 school year by utilizing the Extension Limitation Equalized Assessed Valuation as calculated in paragraph (4) of subsection (G) less the general State aid allotted for the 1998-1999 school year. This amount shall be deemed a one time increase, and shall not affect any future general State aid allocations.

(F) Compilation of Average Daily Attendance.

(1) Each school district shall, by July 1 of each year, submit to the State Board of Education, on forms prescribed by the State Board of Education, attendance figures for the school year that began in the preceding calendar year. The attendance information so transmitted shall identify the average daily attendance figures for each month of the school year. Beginning with the general State aid claim form for the 2002-2003 school year, districts shall calculate Average Daily Attendance as provided in subdivisions (a), (b), and (c) of this paragraph (1).
(a) In districts that do not hold year-round classes, days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

(b) In districts in which all buildings hold year-round classes, days of attendance in July and August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

(c) In districts in which some buildings, but not all, hold year-round classes, for the non-year-round buildings, days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May. The average daily attendance for the year-round buildings shall be computed as provided in subdivision (b) of this paragraph (1). To calculate the Average Daily Attendance for the district, the average daily attendance for the year-round buildings shall be multiplied by the days in session for the non-year-round buildings for each month and added to the monthly attendance of the non-year-round buildings.

Except as otherwise provided in this Section, days of attendance by pupils shall be counted only for sessions of not less than 5 clock hours of school work per day under direct supervision of: (i) teachers, or (ii) non-teaching personnel or volunteer personnel when engaging in non-teaching duties and supervising in those instances specified in subsection (a) of Section 10-22.34 and paragraph 10 of Section 34-18, with pupils of legal school age and in kindergarten and grades 1 through 12.

Days of attendance by tuition pupils shall be accredited only to the districts that pay the tuition to a recognized school.

(2) Days of attendance by pupils of less than 5 clock hours of school shall be subject to the following provisions in the compilation of Average Daily Attendance.

(a) Pupils regularly enrolled in a public school for only a part of the school day may be counted on the basis of 1/6 day for every class hour of instruction of 40 minutes or more attended pursuant to such enrollment, unless a pupil is enrolled in a block-schedule format of 80 minutes or more of instruction, in which case the pupil may be counted on the basis of the proportion of minutes of school work completed each day to the minimum number of minutes that school work is required to be held that day.
(b) Days of attendance may be less than 5 clock hours on the opening and closing of the school term, and upon the first day of pupil attendance, if preceded by a day or days utilized as an institute or teachers' workshop.

(c) A session of 4 or more clock hours may be counted as a day of attendance upon certification by the regional superintendent, and approved by the State Superintendent of Education to the extent that the district has been forced to use daily multiple sessions.

(d) A session of 3 or more clock hours may be counted as a day of attendance (1) when the remainder of the school day or at least 2 hours in the evening of that day is utilized for an in-service training program for teachers, up to a maximum of 5 days per school year of which a maximum of 4 days of such 5 days may be used for parent-teacher conferences, provided a district conducts an in-service training program for teachers which has been approved by the State Superintendent of Education; or, in lieu of 4 such days, 2 full days may be used, in which event each such day may be counted as a day of attendance; and (2) when days in addition to those provided in item (1) are scheduled by a school pursuant to its school improvement plan adopted under Article 34 or its revised or amended school improvement plan adopted under Article 2, provided that (i) such sessions of 3 or more clock hours are scheduled to occur at regular intervals, (ii) the remainder of the school days in which such sessions occur are utilized for in-service training programs or other staff development activities for teachers, and (iii) a sufficient number of minutes of school work under the direct supervision of teachers are added to the school days between such regularly scheduled sessions to accumulate not less than the number of minutes by which such sessions of 3 or more clock hours fall short of 5 clock hours. Any full days used for the purposes of this paragraph shall not be considered for computing average daily attendance. Days scheduled for in-service training programs, staff development activities, or parent-teacher conferences may be scheduled separately for different grade levels and different attendance centers of the district.

(e) A session of not less than one clock hour of teaching hospitalized or homebound pupils on-site or by telephone to the classroom may be counted as 1/2 day of attendance, however these

pupils must receive 4 or more clock hours of instruction to be counted for a full day of attendance.

(f) A session of at least 4 clock hours may be counted as a day of attendance for first grade pupils, and pupils in full day kindergartens, and a session of 2 or more hours may be counted as 1/2 day of attendance by pupils in kindergartens which provide only 1/2 day of attendance.

(g) For children with disabilities who are below the age of 6 years and who cannot attend 2 or more clock hours because of their disability or immaturity, a session of not less than one clock hour may be counted as 1/2 day of attendance; however for such children whose educational needs so require a session of 4 or more clock hours may be counted as a full day of attendance.

(h) A recognized kindergarten which provides for only 1/2 day of attendance by each pupil shall not have more than 1/2 day of attendance counted in any one day. However, kindergartens may count 2 1/2 days of attendance in any 5 consecutive school days. When a pupil attends such a kindergarten for 2 half days on any one school day, the pupil shall have the following day as a day absent from school, unless the school district obtains permission in writing from the State Superintendent of Education. Attendance at kindergartens which provide for a full day of attendance by each pupil shall be counted the same as attendance by first grade pupils. Only the first year of attendance in one kindergarten shall be counted, except in case of children who entered the kindergarten in their fifth year whose educational development requires a second year of kindergarten as determined under the rules and regulations of the State Board of Education.

(i) On the days when the Prairie State Achievement Examination is administered under subsection (c) of Section 2-3.64 of this Code, the day of attendance for a pupil whose school day must be shortened to accommodate required testing procedures may be less than 5 clock hours and shall be counted towards the 176 days of actual pupil attendance required under Section 10-19 of this Code, provided that a sufficient number of minutes of school work in excess of 5 clock hours are first completed on other school days to compensate for the loss of school work on the examination days.

(G) Equalized Assessed Valuation Data.

New matter indicated by italics - deletions by strikeout.
(1) For purposes of the calculation of Available Local Resources required pursuant to subsection (D), the State Board of Education shall secure from the Department of Revenue the value as equalized or assessed by the Department of Revenue of all taxable property of every school district, together with (i) the applicable tax rate used in extending taxes for the funds of the district as of September 30 of the previous year and (ii) the limiting rate for all school districts subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law.

The Department of Revenue shall add to the equalized assessed value of all taxable property of each school district situated entirely or partially within a county that is or was subject to the provisions of Section 15-176 or 15-177 of the Property Tax Code (a) an amount equal to the total amount by which the homestead exemption allowed under Section 15-176 or 15-177 of the Property Tax Code for real property situated in that school district exceeds the total amount that would have been allowed in that school district if the maximum reduction under Section 15-176 was (i) $4,500 in Cook County or $3,500 in all other counties in tax year 2003 or (ii) $5,000 in all counties in tax year 2004 and thereafter and (b) an amount equal to the aggregate amount for the taxable year of all additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of $30,000 or less. The county clerk of any county that is or was subject to the provisions of Section 15-176 or 15-177 of the Property Tax Code shall annually calculate and certify to the Department of Revenue for each school district all homestead exemption amounts under Section 15-176 or 15-177 of the Property Tax Code and all amounts of additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of $30,000 or less. It is the intent of this paragraph that if the general homestead exemption for a parcel of property is determined under Section 15-176 or 15-177 of the Property Tax Code rather than Section 15-175, then the calculation of Available Local Resources shall not be affected by the difference, if any, between the amount of the general homestead exemption allowed for that parcel of property under Section 15-176 or 15-177 of the Property Tax Code and the amount that would have been allowed had the general homestead exemption for that parcel of property been determined under Section 15-175 of the Property Tax Code. It is further the intent of this paragraph that if additional exemptions are allowed under Section 15-175 of the Property Tax Code for owners with a household income of less than
$30,000, then the calculation of Available Local Resources shall not be affected by the difference, if any, because of those additional exemptions.

This equalized assessed valuation, as adjusted further by the requirements of this subsection, shall be utilized in the calculation of Available Local Resources.

(2) The equalized assessed valuation in paragraph (1) shall be adjusted, as applicable, in the following manner:

(a) For the purposes of calculating State aid under this Section, with respect to any part of a school district within a redevelopment project area in respect to which a municipality has adopted tax increment allocation financing pursuant to the Tax Increment Allocation Redevelopment Act, Sections 11-74.4-1 through 11-74.4-11 of the Illinois Municipal Code or the Industrial Jobs Recovery Law, Sections 11-74.6-1 through 11-74.6-50 of the Illinois Municipal Code, no part of the current equalized assessed valuation of real property located in any such project area which is attributable to an increase above the total initial equalized assessed valuation of such property shall be used as part of the equalized assessed valuation of the district, until such time as all redevelopment project costs have been paid, as provided in Section 11-74.4-8 of the Tax Increment Allocation Redevelopment Act or in Section 11-74.6-35 of the Industrial Jobs Recovery Law. For the purpose of the equalized assessed valuation of the district, the total initial equalized assessed valuation or the current equalized assessed valuation, whichever is lower, shall be used until such time as all redevelopment project costs have been paid.

(b) The real property equalized assessed valuation for a school district shall be adjusted by subtracting from the real property value as equalized or assessed by the Department of Revenue for the district an amount computed by dividing the amount of any abatement of taxes under Section 18-170 of the Property Tax Code by 3.00% for a district maintaining grades kindergarten through 12, by 2.30% for a district maintaining grades kindergarten through 8, or by 1.05% for a district maintaining grades 9 through 12 and adjusted by an amount computed by dividing the amount of any abatement of taxes under subsection (a) of Section 18-165 of the Property Tax Code by the same percentage rates for district type as specified in this subparagraph (b).

(3) For the 1999-2000 school year and each school year thereafter, if a school district meets all of the criteria of this subsection (G)(3), the school district's Available Local Resources shall be calculated under subsection (D) using the district's Extension Limitation Equalized Assessed Valuation as calculated under this subsection (G)(3).

For purposes of this subsection (G)(3) the following terms shall have the following meanings:

"Budget Year": The school year for which general State aid is calculated and awarded under subsection (E).

"Base Tax Year": The property tax levy year used to calculate the Budget Year allocation of general State aid.

"Preceding Tax Year": The property tax levy year immediately preceding the Base Tax Year.

"Base Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Base Tax Year multiplied by the limiting rate as calculated by the County Clerk and defined in the Property Tax Extension Limitation Law.

"Preceding Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Preceding Tax Year multiplied by the Operating Tax Rate as defined in subsection (A).

"Extension Limitation Ratio": A numerical ratio, certified by the County Clerk, in which the numerator is the Base Tax Year's Tax Extension and the denominator is the Preceding Tax Year's Tax Extension.

"Operating Tax Rate": The operating tax rate as defined in subsection (A).

If a school district is subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation of that district. For the 1999-2000 school year, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the district's 1996 Equalized Assessed Valuation and the district's Extension Limitation Ratio. For the 2000-2001 school year and each school year thereafter, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the Equalized Assessed Valuation last used

New matter indicated by italics - deletions by strikeout.
in the calculation of general State aid and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of a school district as calculated under this subsection (G)(3) is less than the district's equalized assessed valuation as calculated pursuant to subsections (G)(1) and (G)(2), then for purposes of calculating the district's general State aid for the Budget Year pursuant to subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources under subsection (D).

Partial elementary unit districts created in accordance with Article 11E of this Code shall not be eligible for the adjustment in this subsection (G)(3) until the fifth year following the effective date of the reorganization.

(4) For the purposes of calculating general State aid for the 1999-2000 school year only, if a school district experienced a triennial reassessment on the equalized assessed valuation used in calculating its general State financial aid apportionment for the 1998-1999 school year, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation that would have been used to calculate the district's 1998-1999 general State aid. This amount shall equal the product of the equalized assessed valuation used to calculate general State aid for the 1997-1998 school year and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of the school district as calculated under this paragraph (4) is less than the district's equalized assessed valuation utilized in calculating the district's 1998-1999 general State aid allocation, then for purposes of calculating the district's general State aid pursuant to paragraph (5) of subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources.

(5) For school districts having a majority of their equalized assessed valuation in any county except Cook, DuPage, Kane, Lake, McHenry, or Will, if the amount of general State aid allocated to the school district for the 1999-2000 school year under the provisions of subsection (E), (H), and (J) of this Section is less than the amount of general State aid allocated to the district for the 1998-1999 school year under these subsections, then the general State aid of the district for the 1999-2000 school year only shall be increased by the difference between these amounts. The total payments made under this paragraph (5) shall not exceed $14,000,000. Claims shall be prorated if they exceed $14,000,000.

(H) Supplemental General State Aid.

New matter indicated by italics - deletions by strikeout.
(1) In addition to the general State aid a school district is allotted pursuant to subsection (E), qualifying school districts shall receive a grant, paid in conjunction with a district's payments of general State aid, for supplemental general State aid based upon the concentration level of children from low-income households within the school district. Supplemental State aid grants provided for school districts under this subsection shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section. If the appropriation in any fiscal year for general State aid and supplemental general State aid is insufficient to pay the amounts required under the general State aid and supplemental general State aid calculations, then the State Board of Education shall ensure that each school district receives the full amount due for general State aid and the remainder of the appropriation shall be used for supplemental general State aid, which the State Board of Education shall calculate and pay to eligible districts on a prorated basis.

(1.5) This paragraph (1.5) applies only to those school years preceding the 2003-2004 school year. For purposes of this subsection (H), the term "Low-Income Concentration Level" shall be the low-income eligible pupil count from the most recently available federal census divided by the Average Daily Attendance of the school district. If, however, (i) the percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count of a high school district with fewer than 400 students exceeds by 75% or more the percentage change in the total low-income eligible pupil count of contiguous elementary school districts, whose boundaries are coterminous with the high school district, or (ii) a high school district within 2 counties and serving 5 elementary school districts, whose boundaries are coterminous with the high school district, has a percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count and there is a percentage increase in the total low-income eligible pupil count of a majority of the elementary school districts in excess of 50% from the 2 most recent federal censuses, then the high school district's low-income eligible pupil count from the earlier federal census shall be the number used as the low-income eligible pupil count for the high school district, for purposes of this subsection (H). The changes made to this paragraph (1) by Public Act 92-28 shall apply to supplemental general State aid grants for school years preceding the 2003-2004 school year that are paid in fiscal year 1999 or thereafter and to any State aid payments made in fiscal year

1994 through fiscal year 1998 pursuant to subsection 1(n) of Section 18-8 of this Code (which was repealed on July 1, 1998), and any high school district that is affected by Public Act 92-28 is entitled to a recomputation of its supplemental general State aid grant or State aid paid in any of those fiscal years. This recomputation shall not be affected by any other funding.

(1.10) This paragraph (1.10) applies to the 2003-2004 school year and each school year thereafter. For purposes of this subsection (H), the term "Low-Income Concentration Level" shall, for each fiscal year, be the low-income eligible pupil count as of July 1 of the immediately preceding fiscal year (as determined by the Department of Human Services based on the number of pupils who are eligible for at least one of the following low income programs: Medicaid, KidCare, TANF, or Food Stamps, excluding pupils who are eligible for services provided by the Department of Children and Family Services, averaged over the 2 immediately preceding fiscal years for fiscal year 2004 and over the 3 immediately preceding fiscal years for each fiscal year thereafter) divided by the Average Daily Attendance of the school district.

(2) Supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 1998-1999, 1999-2000, and 2000-2001 school years only:

(a) For any school district with a Low Income Concentration Level of at least 20% and less than 35%, the grant for any school year shall be $800 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level of at least 35% and less than 50%, the grant for the 1998-1999 school year shall be $1,100 multiplied by the low income eligible pupil count.

(c) For any school district with a Low Income Concentration Level of at least 50% and less than 60%, the grant for the 1998-99 school year shall be $1,500 multiplied by the low income eligible pupil count.

(d) For any school district with a Low Income Concentration Level of 60% or more, the grant for the 1998-99 school year shall be $1,900 multiplied by the low income eligible pupil count.

(e) For the 1999-2000 school year, the per pupil amount specified in subparagraphs (b), (c), and (d) immediately above shall be increased to $1,243, $1,600, and $2,000, respectively.

New matter indicated by italics - deletions by strikeout.
(f) For the 2000-2001 school year, the per pupil amounts specified in subparagraphs (b), (c), and (d) immediately above shall be $1,273, $1,640, and $2,050, respectively.

(2.5) Supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 2002-2003 school year:

(a) For any school district with a Low Income Concentration Level of less than 10%, the grant for each school year shall be $355 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level of at least 10% and less than 20%, the grant for each school year shall be $675 multiplied by the low income eligible pupil count.

(c) For any school district with a Low Income Concentration Level of at least 20% and less than 35%, the grant for each school year shall be $1,330 multiplied by the low income eligible pupil count.

(d) For any school district with a Low Income Concentration Level of at least 35% and less than 50%, the grant for each school year shall be $1,362 multiplied by the low income eligible pupil count.

(e) For any school district with a Low Income Concentration Level of at least 50% and less than 60%, the grant for each school year shall be $1,680 multiplied by the low income eligible pupil count.

(f) For any school district with a Low Income Concentration Level of 60% or more, the grant for each school year shall be $2,080 multiplied by the low income eligible pupil count.

(2.10) Except as otherwise provided, supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 2003-2004 school year and each school year thereafter:

(4) School districts with an Average Daily Attendance of 50,000 or more that qualify for supplemental general State aid pursuant to this subsection shall be required to distribute from funds available pursuant to this Section, no less than $261,000,000 in accordance with the following requirements:

New matter indicated by italics - deletions by strikeout.
(a) The required amounts shall be distributed to the attendance centers within the district in proportion to the number of pupils enrolled at each attendance center who are eligible to receive free or reduced-price lunches or breakfasts under the federal Child Nutrition Act of 1966 and under the National School Lunch Act during the immediately preceding school year.

(b) The distribution of these portions of supplemental and general State aid among attendance centers according to these requirements shall not be compensated for or contravened by adjustments of the total of other funds appropriated to any attendance centers, and the Board of Education shall utilize funding from one or several sources in order to fully implement this provision annually prior to the opening of school.

(c) Each attendance center shall be provided by the school district a distribution of noncategorical funds and other categorical funds to which an attendance center is entitled under law in order that the general State aid and supplemental general State aid provided by application of this subsection supplements rather than supplants the noncategorical funds and other categorical funds provided by the school district to the attendance centers.

(d) Any funds made available under this subsection that by reason of the provisions of this subsection are not required to be allocated and provided to attendance centers may be used and appropriated by the board of the district for any lawful school purpose.

Funds provided shall not be expended for any political or lobbying purposes as defined by board rule.

(f) Each district subject to the provisions of this subdivision (H)(4) shall submit an acceptable plan to meet the educational
needs of disadvantaged children, in compliance with the requirements of this paragraph, to the State Board of Education prior to July 15 of each year. This plan shall be consistent with the decisions of local school councils concerning the school expenditure plans developed in accordance with part 4 of Section 34-2.3. The State Board shall approve or reject the plan within 60 days after its submission. If the plan is rejected, the district shall give written notice of intent to modify the plan within 15 days of the notification of rejection and then submit a modified plan within 30 days after the date of the written notice of intent to modify. Districts may amend approved plans pursuant to rules promulgated by the State Board of Education.

Upon notification by the State Board of Education that the district has not submitted a plan prior to July 15 or a modified plan within the time period specified herein, the State aid funds affected by that plan or modified plan shall be withheld by the State Board of Education until a plan or modified plan is submitted.

If the district fails to distribute State aid to attendance centers in accordance with an approved plan, the plan for the following year shall allocate funds, in addition to the funds otherwise required by this subsection, to those attendance centers which were underfunded during the previous year in amounts equal to such underfunding.

For purposes of determining compliance with this subsection in relation to the requirements of attendance center funding, each district subject to the provisions of this subsection shall submit as a separate document by December 1 of each year a report of expenditure data for the prior year in addition to any modification of its current plan. If it is determined that there has been a failure to comply with the expenditure provisions of this subsection regarding contravention or supplanting, the State Superintendent of Education shall, within 60 days of receipt of the report, notify the district and any affected local school council. The district shall within 45 days of receipt of that notification inform the State Superintendent of Education of the remedial or corrective action to be taken, whether by amendment of the current plan, if feasible, or by adjustment in the plan for the following year. Failure to provide the expenditure report or the notification of

The State Board of Education shall promulgate rules and regulations to implement the provisions of this subsection. No funds shall be released under this subdivision (H)(4) to any district that has not submitted a plan that has been approved by the State Board of Education.

(J) Supplementary Grants in Aid.

(1) Notwithstanding any other provisions of this Section, the amount of the aggregate general State aid in combination with supplemental general State aid under this Section for which each school district is eligible shall be no less than the amount of the aggregate general State aid entitlement that was received by the district under Section 18-8 (exclusive of amounts received under subsections 5(p) and 5(p-5) of that Section) for the 1997-98 school year, pursuant to the provisions of that Section as it was then in effect. If a school district qualifies to receive a supplementary payment made under this subsection (J), the amount of the aggregate general State aid in combination with supplemental general State aid under this Section which that district is eligible to receive for each school year shall be no less than the amount of the aggregate general State aid entitlement that was received by the district under Section 18-8 (exclusive of amounts received under subsections 5(p) and 5(p-5) of that Section) for the 1997-1998 school year, pursuant to the provisions of that Section as it was then in effect.

(2) If, as provided in paragraph (1) of this subsection (J), a school district is to receive aggregate general State aid in combination with supplemental general State aid under this Section for the 1998-99 school year and any subsequent school year that in any such school year is less than the amount of the aggregate general State aid entitlement that the district received for the 1997-98 school year, the school district shall also receive, from a separate appropriation made for purposes of this subsection (J), a supplementary payment that is equal to the amount of the difference in the aggregate State aid figures as described in paragraph (1).

(K) Grants to Laboratory and Alternative Schools.

In calculating the amount to be paid to the governing board of a public university that operates a laboratory school under this Section or to any alternative school that is operated by a regional superintendent of
schools, the State Board of Education shall require by rule such reporting requirements as it deems necessary.

As used in this Section, "laboratory school" means a public school which is created and operated by a public university and approved by the State Board of Education. The governing board of a public university which receives funds from the State Board under this subsection (K) may not increase the number of students enrolled in its laboratory school from a single district, if that district is already sending 50 or more students, except under a mutual agreement between the school board of a student's district of residence and the university which operates the laboratory school. A laboratory school may not have more than 1,000 students, excluding students with disabilities in a special education program.

As used in this Section, "alternative school" means a public school which is created and operated by a Regional Superintendent of Schools and approved by the State Board of Education. Such alternative schools may offer courses of instruction for which credit is given in regular school programs, courses to prepare students for the high school equivalency testing program or vocational and occupational training. A regional superintendent of schools may contract with a school district or a public community college district to operate an alternative school. An alternative school serving more than one educational service region may be established by the regional superintendents of schools of the affected educational service regions. An alternative school serving more than one educational service region may be operated under such terms as the regional superintendents of schools of those educational service regions may agree.

Each laboratory and alternative school shall file, on forms provided by the State Superintendent of Education, an annual State aid claim which states the Average Daily Attendance of the school’s students by month. The best 3 months' Average Daily Attendance shall be computed for each school. The general State aid entitlement shall be computed by multiplying the applicable Average Daily Attendance by the Foundation Level as determined under this Section.

(M) Education Funding Advisory Board.

The Education Funding Advisory Board, hereinafter in this subsection (M) referred to as the "Board", is hereby created. The Board shall consist of 5 members who are appointed by the Governor, by and with the advice and consent of the Senate. The members appointed shall include representatives of education, business, and the general public. One of the members so appointed shall be designated by the Governor at the time the appointment is made as the chairperson of the Board. The initial members of the Board may be appointed any time after the effective date of this amendatory Act of 1997. The regular term of each member of the Board shall be for 4 years from the third Monday of January of the year in which the term of the member's appointment is to commence, except that of the 5 initial members appointed to serve on the Board, the member who is appointed as the chairperson shall serve for a term that commences on the date of his or her appointment and expires on the third Monday of January, 2002, and the remaining 4 members, by lots drawn at the first meeting of the Board that is held after all 5 members are appointed, shall determine 2 of their number to serve for terms that commence on the date of their respective appointments and expire on the third Monday of January, 2001, and 2 of their number to serve for terms that commence on the date of their respective appointments and expire on the third Monday of January, 2000. All members appointed to serve on the Board shall serve until their respective successors are appointed and confirmed. Vacancies shall be filled in the same manner as original appointments. If a vacancy in membership occurs at a time when the Senate is not in session, the Governor shall make a temporary appointment until the next meeting of the Senate, when he or she shall appoint, by and with the advice and consent of the Senate, a person to fill that membership for the unexpired term. If the Senate is not in session when the initial appointments are made, those appointments shall be made as in the case of vacancies.

New matter indicated by italics - deletions by strikeout.
The Education Funding Advisory Board shall be deemed established, and the initial members appointed by the Governor to serve as members of the Board shall take office, on the date that the Governor makes his or her appointment of the fifth initial member of the Board, whether those initial members are then serving pursuant to appointment and confirmation or pursuant to temporary appointments that are made by the Governor as in the case of vacancies.

The State Board of Education shall provide such staff assistance to the Education Funding Advisory Board as is reasonably required for the proper performance by the Board of its responsibilities.

For school years after the 2000-2001 school year, the Education Funding Advisory Board, in consultation with the State Board of Education, shall make recommendations as provided in this subsection (M) to the General Assembly for the foundation level under subdivision (B)(3) of this Section and for the supplemental general State aid grant level under subsection (H) of this Section for districts with high concentrations of children from poverty. The recommended foundation level shall be determined based on a methodology which incorporates the basic education expenditures of low-spending schools exhibiting high academic performance. The Education Funding Advisory Board shall make such recommendations to the General Assembly on January 1 of odd numbered years, beginning January 1, 2001.

(O) References.

(1) References in other laws to the various subdivisions of Section 18-8 as that Section existed before its repeal and replacement by this Section 18-8.05 shall be deemed to refer to the corresponding provisions of this Section 18-8.05, to the extent that those references remain applicable.

(2) References in other laws to State Chapter 1 funds shall be deemed to refer to the supplemental general State aid provided under subsection (H) of this Section.

(P) Public Act 93-838 and Public Act 93-808 make inconsistent changes to this Section. Under Section 6 of the Statute on Statutes there is an irreconcilable conflict between Public Act 93-808 and Public Act 93-838. Public Act 93-838, being the last acted upon, is controlling. The text of Public Act 93-838 is the law regardless of the text of Public Act 93-808.

"Written staffing plan for nursing care services" means a written plan for guiding the assignment of patient care nursing staff based on multiple nurse and patient considerations that yield minimum staffing levels for inpatient care units and the adopted acuity model aligning patient care needs with nursing skills required for quality patient care consistent with professional nursing standards.

(c) Written staffing plan.

(1) Every hospital shall implement a written hospital-wide staffing plan, recommended by a nursing care committee or committees, that provides for minimum direct care professional registered nurse-to-patient staffing needs for each inpatient care unit. (A) The complexity of complete care, assessment on patient admission, volume of patient admissions, discharges and transfers, evaluation of the progress of a patient's problems, ongoing physical assessments, planning for a patient's discharge, assessment after a change in patient condition, and assessment of the need for patient referrals.

(B) The complexity of clinical professional nursing judgment needed to design and implement a patient's nursing care plan, the need for specialized equipment and technology, the skill mix of other personnel providing or supporting direct patient care, and involvement in quality improvement activities, professional preparation, and experience.

(C) Patient acuity and the number of patients for whom care is being provided.

(D) The ongoing assessments of a unit's patient acuity levels and nursing staff needed shall be routinely made by the unit nurse manager or his or her designee.

(E) The identification of additional registered nurses available for direct patient care when patients' unexpected needs exceed the planned workload for direct care staff.

(2) A nursing care committee's recommendations must be given significant regard and weight in the hospital's adoption and implementation of a written staffing plan.

(3) A nursing care committee or committees shall recommend a written staffing plan for the hospital based on the principles from the staffing components set forth in subsection (c). In particular, a committee or committees shall provide input and feedback on the following:

(2) Each insured that is covered for mental, emotional or nervous disorders or conditions shall be free to select the physician licensed to practice medicine in all its branches, licensed clinical psychologist, licensed clinical social worker, licensed clinical professional counselor, or licensed marriage and family therapist of his choice to treat such disorders, and the insurer shall pay the covered charges of such physician licensed to practice medicine in all its branches, licensed clinical psychologist, licensed clinical social worker, licensed clinical professional counselor, or licensed marriage and family therapist up to the limits of coverage, provided (i) the disorder or condition treated is covered by the policy, and (ii) the physician, licensed psychologist, licensed clinical social worker, licensed clinical professional counselor, or licensed marriage and family therapist is authorized to provide said services under the statutes of this State and in accordance with accepted principles of his profession.

therapist has provided written notification to the patient's primary care physician, if any, that services are being provided to the patient. That notification may, however, be waived by the patient on a written form. Those forms shall be retained by the licensed clinical social worker, licensed clinical professional counselor, or licensed marriage and family therapist for a period of not less than 5 years.

The coverage required under this Section must provide for same durational limits, amount limits, deductibles, and co-insurance requirements for serious mental illness as are provided for other illnesses and diseases. This subsection does not apply to coverage provided to employees by employers who have 50 or fewer employees.

(2) "Serious mental illness" means the following psychiatric illnesses as defined in the most current edition of the Diagnostic and Statistical Manual (DSM) published by the American Psychiatric Association:

representative if the patient is unable to act for himself or herself), the
patient's provider, and the insurer in the event of a dispute between the
insurer and patient's provider regarding the medical necessity of a
treatment proposed by a patient's provider. If the reviewing provider
determines the treatment to be medically necessary, the insurer shall
provide reimbursement for the treatment. Future contractual or
employment actions by the insurer regarding the patient's provider may not
be based on the provider's participation in this procedure. Nothing
prevents the insured from agreeing in writing to continue treatment at his
or her expense. When making a determination of the medical necessity for
a treatment modality for serous mental illness, an insurer must make the
determination in a manner that is consistent with the manner used to make

"Generator" means any person who produces or possesses low-level radioactive waste in the course of or incident to manufacturing, power generation, processing, medical diagnosis and treatment, research, education or other activity.

"Hazardous waste" means a waste, or combination of wastes, which because of its quantity, concentration, or physical, chemical, or infectious characteristics may cause or significantly contribute to an increase in mortality or an increase in serious, irreversible, or incapacitating reversible, illness; or pose a substantial present or potential hazard to human health or the environment when improperly treated, stored, transported, or disposed of, or otherwise managed, and which has been identified, by characteristics or listing, as hazardous under Section 3001 of the Resource Conservation and Recovery Act of 1976, P.L. 94-580 or under regulations of the Pollution Control Board.

"High-level radioactive waste" means:

1. the highly radioactive material resulting from the reprocessing of spent nuclear fuel including liquid waste produced directly in reprocessing and any solid material derived from the liquid waste that contains fission products in sufficient concentrations; and

Sec. 15. Compensation.
(a) Any person may apply to the Agency pursuant to this Section for compensation of a loss caused by the release, in Illinois, of radioactivity from the regional disposal facility. The Agency shall prescribe appropriate forms and procedures for claims filed pursuant to this Section, which shall include, as a minimum, the following:

(1) Provisions requiring the claimant to make a sworn verification of the claim to the best of his or her knowledge.

(2) A full description, supported by appropriate evidence from government agencies, of the release of the radioactivity claimed to be the cause of the physical injury, illness, loss of income or property damage.

(3) If making a claim based upon physical injury or illness, certification of the medical history of the claimant for the 5 years preceding the date of the claim, along with certification of the alleged physical injury or illness, and expenses for the physical injury or illness, made by hospitals, physicians or other qualified medical authorities.

(4) If making a claim for lost income, information on the claimant's income as reported on his or her federal income tax return or other document for the preceding 3 years in order to compute lost wages or income.

(b) The Agency shall hold at least one hearing, if requested by the claimant, within 60 days of submission of a claim to the Agency. The Director shall render a decision on a claim within 30 days of the hearing unless all of the parties to the claim agree in writing to an extension of time. All decisions rendered by the Director shall be in writing, with notification to all appropriate parties. The decision shall be considered a final administrative decision for the purposes of judicial review.

(c) The following losses shall be compensable under this Section, provided that the Agency has found that the claimant has established, by
the weight of the evidence, that the losses were proximately caused by the designated release and are not otherwise compensable under law:

(1) One hundred percent of uninsured, out-of-pocket medical expenses, for up to 3 years from the onset of treatment;

(2) Eighty percent of any uninsured, actual lost wages, or business income in lieu of wages, caused by injury to the claimant or the claimant's property, not to exceed $15,000 per year for 3 years;

(3) Eighty percent of any losses or damages to real or personal property; and

(4) One hundred percent of costs of any remedial actions on such property necessary to protect human health and the environment.

(d) No claim may be presented to the Agency under this Section later than 5 years from the date of discovery of the damage or loss.

(e) Compensation for any damage or loss under this Section shall preclude indemnification or reimbursement from any other source for the identical damage or loss, and indemnification or reimbursement from any other source shall preclude compensation under this Section.

(f) The Agency shall adopt, and revise when appropriate, rules and regulations necessary to implement the provisions of this Section, including methods that provide for establishing that a claimant has exercised reasonable diligence in satisfying the conditions of the application requirements, for specifying the proof necessary to establish a damage or loss compensable under this Section and for establishing the administrative procedures to be followed in reviewing claims.

(g) Claims approved by the Director shall be paid from the Low-Level Radioactive Waste Facility Closure, Post-Closure Care and Compensation Fund, except that claims shall not be paid in excess of the amount available in the Fund. In the case of insufficient amounts in the Fund to satisfy claims against the Fund, the General Assembly may appropriate monies to the Fund in amounts it deems necessary to pay the claims.

Section 300. The Livestock Management Facilities Act is amended by changing Section 13 as follows:

(510 ILCS 77/13)

Sec. 13. Livestock waste handling facilities other than earthen livestock waste lagoons; construction standards; certification; inspection; removal-from-service requirements.

(a) After the effective date of this amendatory Act of 1999, livestock waste handling facilities other than earthen livestock waste lagoons used for the storage of livestock waste shall be constructed in accordance with this Section.

(1) Livestock waste handling facilities constructed of concrete shall meet the strength and load factors set forth in the Midwest Plan Service's Concrete Manure Storage Handbook (MWPS-36) and future updates. In addition, those structures shall meet the following requirements:

(A) Waterstops shall be incorporated into the design of the storage structure when consistent with the requirements of paragraph (1) of this subsection;

(B) Storage structures that handle waste in a liquid form shall be designed to contain a volume of not less than the amount of waste generated during 150 days of facility operation at design capacity; the owner or operator of a livestock waste handling facility constructed with concrete with a design capacity of less than 300 animal units may demonstrate to the Department that a reduced storage volume, not less than 60 days, is feasible due to (i) the availability of land application areas that can receive manure at agronomic rates or (ii) another manure disposal method is proposed that will allow for the reduced manure storage design capacity; the Department shall evaluate the proposal and determine whether a reduced manure storage design capacity is appropriate for the site; and

(C) Storage structures not covered or otherwise protected from precipitation shall, in addition to the waste

storage volume requirements of subparagraph (B) of paragraph (1) of this subsection, include a 2-foot freeboard.

(2) A livestock waste handling facility in a prefabricated form shall meet the strength, load, and compatibility factors for its intended use. Those factors shall be verified by the manufacturer's specifications.

(3) Livestock waste handling facilities holding semi-solid livestock waste, including but not limited to picket dam structures, shall be constructed according to the requirements set forth in the Midwest Plan Service's Livestock Waste Facilities Handbook (MWPS-18) and future updates or similar standards used by the Natural Resources Conservation Service of the United States Department of Agriculture.

(4) Livestock waste handling facilities holding solid livestock waste shall be constructed according to the requirements set forth in the Midwest Plan Service's Livestock Waste Facilities Handbook (MWPS-18) and future updates or similar standards used by the Natural Resources Conservation Service of the United States Department of Agriculture. In addition, solid livestock waste stacking structures shall be sized to store not less than the amount of waste generated during 6 months of facility operation at design capacity. The owner or operator of a livestock waste handling facility holding solid livestock waste with a design capacity of less than 300 animal units may demonstrate to the Department that a reduced storage volume, not less than 2 months, is feasible due to (i) the availability of land application areas that can receive manure at agronomic rates or (ii) another manure disposal method is proposed that will allow for the reduced storage design capacity. The Department shall evaluate the proposal and determine whether a reduced manure storage design capacity is appropriate for the site.

(5) Holding ponds used for the temporary storage of livestock feedlot run-off shall be constructed according to the requirements set forth in the Midwest Plan Service's Livestock Waste Facilities Handbook (MWPS-18) and future updates or similar standards used by the Natural Resources Conservation Service of the United States Department of Agriculture.

(b) New livestock management facilities and livestock waste handling facilities constructed after the effective date of this amendatory

New matter indicated by italics - deletions by strikeout.
Act of 1999 shall be subject to the additional construction requirements and siting prohibitions provided in this subsection (b).

(1) No new non-lagoon livestock management facility or livestock waste handling facility may be constructed within the floodway of a 100-year floodplain. A new livestock management facility or livestock waste handling facility may be constructed within the portion of a 100-year floodplain that is within the flood fringe and outside the floodway provided that the facility is designed and constructed to be protected from flooding and meets the requirements set forth in the Rivers, Lakes, and Streams Act, Section 5-40001 of the Counties Code, and Executive Order Number 4 (1979). The delineation of floodplains, floodways, and flood fringes shall be in compliance with the National Flood Insurance Program. Protection from flooding shall be consistent with the National Flood Insurance Program and shall be designed so that stored livestock waste is not readily removed.

(2) A new non-lagoon livestock waste handling facility constructed in a karst area shall be designed to prevent seepage of the stored material into groundwater in accordance with ASAE 393.2 or future updates. Owners or operators of proposed facilities should consult with the local soil and water conservation district, the University of Illinois Cooperative Extension Service, or other local, county, or State resources relative to determining the possible presence or absence of such areas. Notwithstanding the other provisions of this paragraph (2), after the effective date of this amendatory Act of 1999, no non-lagoon livestock waste handling facility may be constructed within 400 feet of any natural depression in a karst area formed as a result of subsurface removal of soil or rock materials that has caused the formation of a collapse feature that exhibits internal drainage. For the purposes of this paragraph (2), the existence of such a natural depression in a karst area shall be indicated by the uppermost closed depression contour lines on a USGS 7 1/2 minute quadrangle topographic map or as determined by Department field investigation in a karst area.

(3) A new non-lagoon livestock waste handling facility constructed in an area where aquifer material is present within 5 feet of the bottom of the facility shall be designed to ensure the structural integrity of the containment structure and to prevent seepage of the stored material to groundwater. Footings and

New matter indicated by italics - deletions by strikeout.
underlying structure support shall be incorporated into the design standards of the storage structure in accordance with the requirements of Section 4.1 of the American Society of Agricultural Engineers (ASAE) EP 393.2 or future updates.

(c) A livestock waste handling facility owner may rely on guidance from the local soil and water conservation district, the Natural Resources Conservation Service of the United States Department of Agriculture, or the University of Illinois Cooperative Extension Service for soil type and associated information.

(d) The standards in subsections (a) and (b) shall serve as interim construction standards until such time as permanent rules promulgated pursuant to Section 55 of this Act become effective. In addition, the Department and the Board shall utilize the interim standards in subsections (a) and (b) as a basis for the development of such permanent rules.

(e) The owner or operator of a livestock management facility or livestock waste handling facility may, with the approval of the Department, elect to exceed the strength and load requirements as set forth in this Section.

(f) The owner or operator of a livestock management facility or livestock waste handling facility shall send, by certified mail or in person, to the Department a certification of compliance together with copies of verification documents upon completion of construction. In the case of structures constructed with the design standards used by the Natural Resources Conservation Service of the United States Department of Agriculture, copies of the design standards and a statement of verification signed by a representative of the United States Department of Agriculture shall accompany the owner's or operator's certification of compliance. The certification shall state that the structure meets or exceeds the requirements in subsection (a) of this Section. A $250 filing fee shall accompany the statement.

(g) The Department shall inspect the construction site prior to construction, during construction, and within 10 business days following receipt of the certification of compliance to determine compliance with the construction standards.

(h) The Department shall require modification when necessary to bring the construction into compliance with the standards set forth in this Section. The person making the inspection shall discuss with the owner, operator, or certified livestock manager an evaluation of the livestock waste handling facility construction and shall (i) provide on-site written

New matter indicated by italics - deletions by strikeout.
recommendations to the owner, operator, or certified livestock manager of what modifications are necessary or (ii) inform the owner, operator, or certified livestock manager that the facility meets the standards set forth in this Section. On the day of the inspection, the person making the inspection shall give the owner, operator, or certified livestock manager a written report of findings based on the inspection together with an explanation of remedial measures necessary to enable the livestock waste handling facility to meet the standards set forth in this Section. The Department shall, within 5 business days of the date of inspection, send an official written notice to the owner or operator of the livestock waste handling facility by certified mail, return receipt requested, indicating that the facility meets the standards set forth in this Section or identifying the remedial measures necessary to enable the livestock waste handling facility to meet the standards set forth in this Section. The owner or operator shall, within 10 business days of receipt of an official written notice of deficiencies, contact the Department to develop the principles of an agreement of compliance. The owner or operator and the Department shall enter into an agreement of compliance setting forth the specific changes to be made to bring the construction into compliance with the standards required under this Section. If an agreement of compliance cannot be achieved, the Department shall issue a compliance order to the owner or operator outlining the specific changes to be made to bring the construction into compliance with the standards required under this Section. The owner or operator can request an administrative hearing to contest the provisions of the Department's compliance order.

   (i) (Blank).

   (j) If any owner or operator operates in violation of an agreement of compliance, the Department shall seek an injunction in circuit court to prohibit the operation of the facility until construction and certification of the livestock waste handling facility are in compliance with the provisions of this Section.

   (k) When any livestock management facility not using an earthen livestock waste lagoon is removed from service, the accumulated livestock waste remaining within the facility shall be removed and applied to land at rates consistent with a waste management plan for the facility. Removal of the waste shall occur within 12 months after the date livestock production at the facility ceases. In addition, the owner or operator shall make provisions to prevent the accumulation of precipitation within the livestock waste handling facility. Upon completion of the removal of

New matter indicated by italics - deletions by strikeout.
manure, the owner or operator of the facility shall notify the Department that the facility is being removed from service and the remaining manure has been removed. The Department shall conduct an inspection of the livestock waste handling facility and inform the owner or operator in writing that the requirements imposed under this subsection (k) have been met or that additional actions are necessary. Commencement of operations at a facility that has livestock shelters left intact and that has completed the requirements imposed under this subsection (k) and that has been operated as a livestock management facility or livestock waste handling facility for 4 consecutive months at any time within the previous 10 years shall not be considered a new or expanded livestock management or waste handling facility. A new facility constructed after May 21, 1996 that has been removed from service for a period of 2 or more years shall not be placed back into service prior to an inspection of the livestock waste handling facility and receipt of written approval by the Department.

(b) The Secretary of State shall also immediately revoke the license or permit of any driver in the following situations:

1. Of any minor upon receiving the notice provided for in Section 5-901 of the Juvenile Court Act of 1987 that the minor has been adjudicated under that Act as having committed an offense relating to motor vehicles prescribed in Section 4-103 of this Code;

(c)(1) Except as provided in subsection (c-5), whenever a person is convicted of any of the offenses enumerated in this Section, the court may recommend and the Secretary of State in his discretion, without regard to whether the recommendation is made by the court may, upon application, issue to the person a restricted driving permit granting the privilege of driving a motor vehicle between the petitioner's residence and petitioner's place of employment or within the scope of the petitioner's employment related duties, or to allow the petitioner to transport himself or herself or a family member of the petitioner's household to a medical facility for the receipt of necessary medical care or to allow the petitioner to transport himself or herself to and from alcohol or drug remedial or rehabilitative activity recommended by a licensed service provider, or to allow the petitioner to transport himself or herself or a family member of the petitioner's household to classes, as a student, at an accredited educational institution, or to allow the petitioner to transport children living in the petitioner's household to and from daycare; if the petitioner is able to
demonstrate that no alternative means of transportation is reasonably available and that the petitioner will not endanger the public safety or welfare; provided that the Secretary's discretion shall be limited to cases where undue hardship, as defined by the rules of the Secretary of State, would result from a failure to issue the restricted driving permit. Those multiple offenders identified in subdivision (b)4 of Section 6-208 of this Code, however, shall not be eligible for the issuance of a restricted driving permit.

(2) If a person's license or permit is revoked or suspended due to 2 or more convictions of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense, or Section 9-3 of the Criminal Code of 1961, where the use of alcohol or other drugs is recited as an element of the offense, or a similar out-of-state offense, or a combination of these offenses, arising out of separate occurrences, that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

(4) The person issued a permit conditioned on the use of an ignition interlock device must pay to the Secretary of State DUI Administration Fund an amount not to exceed $30 per month. The Secretary shall establish by rule the amount and the procedures, terms, and conditions relating to these fees.

(5) If the restricted driving permit is issued for employment purposes, then the prohibition against operating a motor vehicle that is not equipped with an ignition interlock device does not apply to the operation of an occupational vehicle owned or leased by that person's employer when used solely for employment purposes.

(6) In each case the Secretary of State may issue a restricted driving permit for a period he deems appropriate, except that the permit shall expire within one year from the date of issuance. The Secretary may not, however, issue a restricted driving permit to any person whose current revocation is the result of a second or subsequent conviction for a violation of Section 11-501 of this Code or a similar provision of a local ordinance or any similar out-of-state offense, or Section 9-3 of the Criminal Code of 1961, where the use of alcohol or other drugs is recited as an element of the offense, or any similar out-of-state offense, or any combination of these offenses, until the expiration of at least one year from the date of the revocation. The Secretary of State may, as a condition to the issuance of a restricted driving permit, require the petitioner to participate in a designated driver remedial or rehabilitative program. The Secretary of State is authorized to cancel a restricted driving permit if the permit holder does not successfully complete the program. (c-5) The Secretary may not issue a restricted driving permit to any person who has been convicted of a second or subsequent violation of Section 6-303 of this Code committed while his or her driver's license, permit, or privilege was revoked because of a violation of Section 9-3 of the Criminal Code of 1961, relating to the offense of reckless homicide, or a similar provision of a law of another state.

(d)(1) Whenever a person under the age of 21 is convicted under Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense, the Secretary of State shall revoke the driving privileges of that person. One year after the date of revocation, and upon application, the Secretary of State may, if satisfied that the person applying will not endanger the public safety or welfare, issue a restricted driving permit granting the privilege of driving a motor vehicle only between the hours of 5 a.m. and 9 p.m. or as otherwise provided by this Section for a period of one year. After this one year period, and upon reapplication for a license as provided in Section 6-106, upon payment of the appropriate reinstatement fee provided under paragraph (b) of Section 6-118, the Secretary of State, in his discretion, may reinstate the petitioner's driver's license and driving privileges, or extend the restricted driving permit as many times as the Secretary of State deems appropriate, by additional periods of not more than 12 months each.

(2) If a person's license or permit is revoked or suspended due to 2 or more convictions of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense, or Section 9-3 of the Criminal Code of 1961, where the use of alcohol or other drugs is recited as an element of the offense, or a similar out-of-state offense, or a combination of these offenses, arising out of separate occurrences, that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

   (C) a suspension pursuant to Section 6-203.1; arising out of separate occurrences, that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

(4) The person issued a permit conditioned upon the use of an interlock device must pay to the Secretary of State DUI Administration Fund an amount not to exceed $30 per month. The Secretary shall establish by rule the amount and the procedures, terms, and conditions relating to these fees.

(d-5) The revocation of the license, permit, or driving privileges of a person convicted of a third or subsequent violation of Section 6-303 of this Code committed while his or her driver's license, permit, or privilege was revoked because of a violation of Section 9-3 of the Criminal Code of 1961, relating to the offense of reckless homicide, or a similar provision of a law of another state, is permanent. The Secretary may not, at any time, issue a license or permit to that person.

The Secretary of State is authorized to cancel a restricted driving permit if the permit holder does not successfully complete the program.

(c-3) In the case of a suspension under paragraph 43 of subsection (a), reports received by the Secretary of State under this Section shall, except during the actual time the suspension is in effect, be privileged information and for use only by the courts, police officers, prosecuting authorities, the driver licensing administrator of any other state, or the Secretary of State. However, beginning January 1, 2008, if the person is a CDL holder, the suspension shall also be made available to the driver licensing administrator of any other state, the U.S. Department of Transportation, and the affected driver or motor carrier or prospective motor carrier upon request.

(c-4) In the case of a suspension under paragraph 43 of subsection (a), the Secretary of State shall notify the person by mail that his or her driving privileges and driver's license will be suspended one month after the date of the mailing of the notice.

(c-5) The Secretary of State may, as a condition of the reissuance of a driver's license or permit to an applicant whose driver's license or permit has been suspended before he or she reached the age of 18 years pursuant to any of the provisions of this Section, require the applicant to participate in a driver remedial education course and be retested under Section 6-109 of this Code.

Sec. 5-6-1. Sentences of Probation and of Conditional Discharge and Disposition of Supervision. The General Assembly finds that in order to protect the public, the criminal justice system must compel compliance with the conditions of probation by responding to violations with swift, certain and fair punishments and intermediate sanctions. The Chief Judge of each circuit shall adopt a system of structured, intermediate sanctions for violations of the terms and conditions of a sentence of probation, conditional discharge or disposition of supervision.

New matter indicated by italics - deletions by strikeout.
(a) Except where specifically prohibited by other provisions of this Code, the court shall impose a sentence of probation or conditional discharge upon an offender unless, having regard to the nature and circumstance of the offense, and to the history, character and condition of the offender, the court is of the opinion that:

(1) his imprisonment or periodic imprisonment is necessary for the protection of the public; or

(2) probation or conditional discharge would deprecate the seriousness of the offender's conduct and would be inconsistent with the ends of justice; or

(3) a combination of imprisonment with concurrent or consecutive probation when an offender has been admitted into a drug court program under Section 20 of the Drug Court Treatment Act is necessary for the protection of the public and for the rehabilitation of the offender.

The court shall impose as a condition of a sentence of probation, conditional discharge, or supervision, that the probation agency may invoke any sanction from the list of intermediate sanctions adopted by the chief judge of the circuit court for violations of the terms and conditions of the sentence of probation, conditional discharge, or supervision, subject to the provisions of Section 5-6-4 of this Act.

(b) The court may impose a sentence of conditional discharge for an offense if the court is of the opinion that neither a sentence of imprisonment nor of periodic imprisonment nor of probation supervision is appropriate.

(b-1) Subsections (a) and (b) of this Section do not apply to a defendant charged with a misdemeanor or felony under the Illinois Vehicle Code or reckless homicide under Section 9-3 of the Criminal Code of 1961 if the defendant within the past 12 months has been convicted of or pleaded guilty to a misdemeanor or felony under the Illinois Vehicle Code or reckless homicide under Section 9-3 of the Criminal Code of 1961.

(c) The court may, upon a plea of guilty or a stipulation by the defendant of the facts supporting the charge or a finding of guilt, defer further proceedings and the imposition of a sentence, and enter an order for supervision of the defendant, if the defendant is not charged with: (i) a Class A misdemeanor, as defined by the following provisions of the Criminal Code of 1961: Sections 11-9.1; 12-3.2; 12-15; 26-5; 31-1; 31-6; 31-7; subsections (b) and (c) of Section 21-1; paragraph (1) through (5), (8), (10), and (11) of subsection (a) of Section 24-1; (ii) a Class A
misdemeanor violation of Section 3.01, 3.03-1, or 4.01 of the Humane Care for Animals Act; or (iii) a felony. (1) the offender is not likely to commit further crimes;
(2) the defendant and the public would be best served if the defendant were not to receive a criminal record; and
(3) in the best interests of justice an order of supervision is more appropriate than a sentence otherwise permitted under this Code.

(c-5) Subsections (a), (b), and (c) of this Section do not apply to a defendant charged with a second or subsequent violation of Section 6-303 of the Illinois Vehicle Code committed while his or her driver's license, permit or privileges were revoked because of a violation of Section 9-3 of the Criminal Code of 1961, relating to the offense of reckless homicide, or a similar provision of a law of another state.

(d) The provisions of paragraph (c) shall not apply to a defendant charged with violating Section 11-501 of the Illinois Vehicle Code or a similar provision of a local ordinance when the defendant has previously been:

(1) convicted for a violation of Section 11-501 of the Illinois Vehicle Code or a similar provision of a local ordinance or any similar law or ordinance of another state; or

The court shall consider the statement of the prosecuting authority with regard to the standards set forth in this Section.

(e) The provisions of paragraph (c) shall not apply to a defendant charged with violating Section 16A-3 of the Criminal Code of 1961 if said defendant has within the last 5 years been:

Section 99. Effective date. This Act takes effect January 1, 2010.

Approved August 11, 2009.

Effective January 1, 2010.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Marriage and Dissolution of Marriage Act is amended by changing Sections 607 and 609 as follows:

(750 ILCS 5/607) (from Ch. 40, par. 607)

Sec. 607. Visitation.

(a) A parent not granted custody of the child is entitled to reasonable visitation rights unless the court finds, after a hearing, that visitation would endanger seriously the child's physical, mental, moral or emotional health. If the custodian's street address is not identified, pursuant to Section 708, the court shall require the parties to identify reasonable alternative arrangements for visitation by a non-custodial parent, including but not limited to visitation of the minor child at the residence of another person or at a local public or private facility.

(1) "Visitation" means in-person time spent between a child and the child's parent. In appropriate circumstances, it may include electronic communication under conditions and at times determined by the court.

(2) "Electronic communication" means time that a parent spends with his or her child during which the child is not in the parent's actual physical custody, but which is facilitated by the use of communication tools such as the telephone, electronic mail, instant messaging, video conferencing or other wired or wireless technologies via the Internet, or another medium of communication.

(a-3) Grandparents, great-grandparents, and siblings of a minor child, who is one year old or older, have standing to bring an action in circuit court by petition, requesting visitation in accordance with this Section. The term "sibling" in this Section means a brother, sister, stepbrother, or stepsister of the minor child. Grandparents, great-grandparents, and siblings also have standing to file a petition for visitation and any electronic communication rights in a pending dissolution proceeding or any other proceeding that involves custody or visitation issues, requesting visitation in accordance with this Section. A petition for visitation with a child by a person other than a parent must be filed in the county in which the child resides. Nothing in this subsection (a-3) and subsection (a-5) of this Section shall apply to a child in whose interests a petition is pending under Section 2-13 of the Juvenile Court Act

of 1987 or a petition to adopt an unrelated child is pending under the Adoption Act.

(a-5)(1) Except as otherwise provided in this subsection (a-5), any grandparent, great-grandparent, or sibling may file a petition for visitation rights to a minor child if there is an unreasonable denial of visitation by a parent and at least one of the following conditions exists:

(A) (Blank);

(A-5) the child's other parent is deceased or has been missing for at least 3 months. For the purposes of this Section a parent is considered to be missing if the parent's location has not been determined and the parent has been reported as missing to a law enforcement agency;

(A-10) a parent of the child is incompetent as a matter of law;

(A-15) a parent has been incarcerated in jail or prison during the 3 month period preceding the filing of the petition;

(B) the child's mother and father are divorced or have been legally separated from each other or there is pending a dissolution proceeding involving a parent of the child or another court proceeding involving custody or visitation of the child (other than any adoption proceeding of an unrelated child) and at least one parent does not object to the grandparent, great-grandparent, or sibling having visitation with the child. The visitation of the grandparent, great-grandparent, or sibling must not diminish the visitation of the parent who is not related to the grandparent, great-grandparent, or sibling seeking visitation;

(C) (Blank);

(D) the child is born out of wedlock, the parents are not living together, and the petitioner is a maternal grandparent, great-grandparent, or sibling of the child born out of wedlock; or

(E) the child is born out of wedlock, the parents are not living together, the petitioner is a paternal grandparent, great-grandparent, or sibling, and the paternity has been established by a court of competent jurisdiction.

(2) Any visitation rights granted pursuant to this Section before the filing of a petition for adoption of a child shall automatically terminate by operation of law upon the entry of an order terminating parental rights or granting the adoption of the child, whichever is earlier. If the person or persons who adopted the child are related to the child, as defined by

Section 1 of the Adoption Act, any person who was related to the child as grandparent, great-grandparent, or sibling prior to the adoption shall have standing to bring an action pursuant to this Section requesting visitation with the child.

(3) In making a determination under this subsection (a-5), there is a rebuttable presumption that a fit parent's actions and decisions regarding grandparent, great-grandparent, or sibling visitation are not harmful to the child's mental, physical, or emotional health. The burden is on the party filing a petition under this Section to prove that the parent's actions and decisions regarding visitation times are harmful to the child's mental, physical, or emotional health.

(4) In determining whether to grant visitation, the court shall consider the following:

(A) the preference of the child if the child is determined to be of sufficient maturity to express a preference;
(B) the mental and physical health of the child;
(C) the mental and physical health of the grandparent, great-grandparent, or sibling;
(D) the length and quality of the prior relationship between the child and the grandparent, great-grandparent, or sibling;
(E) the good faith of the party in filing the petition;
(F) the good faith of the person denying visitation;
(G) the quantity of the visitation time requested and the potential adverse impact that visitation would have on the child's customary activities;
(H) whether the child resided with the petitioner for at least 6 consecutive months with or without the current custodian present;
(I) whether the petitioner had frequent or regular contact or visitation with the child for at least 12 consecutive months;
(J) any other fact that establishes that the loss of the relationship between the petitioner and the child is likely to harm the child's mental, physical, or emotional health; and
(K) whether the grandparent, great-grandparent, or sibling was a primary caretaker of the child for a period of not less than 6 consecutive months.

(5) The court may order visitation rights for the grandparent, great-grandparent, or sibling that include reasonable access without requiring overnight or possessory visitation.

(a-7)(1) Unless by stipulation of the parties, no motion to modify a
grandparent, great-grandparent, or sibling visitation order may be made
earlier than 2 years after the date the order was filed, unless the court
permits it to be made on the basis of affidavits that there is reason to
believe the child's present environment may endanger seriously the child's
mental, physical, or emotional health.

(2) The court shall not modify an order that grants visitation to a
grandparent, great-grandparent, or sibling unless it finds by clear and
convincing evidence, upon the basis of facts that have arisen since the
prior visitation order or that were unknown to the court at the time of entry
of the prior visitation, that a change has occurred in the circumstances of
the child or his or her custodian, and that the modification is necessary to
protect the mental, physical, or emotional health of the child. The court
shall state in its decision specific findings of fact in support of its
modification or termination of the grandparent, great-grandparent, or
sibling visitation. A child's parent may always petition to modify visitation
upon changed circumstances when necessary to promote the child's best
interest.

(3) Attorney fees and costs shall be assessed against a party seeking
modification of the visitation order if the court finds that the modification
action is vexatious and constitutes harassment.

(4) Notice under this subsection (a-7) shall be given as provided in
subsections (c) and (d) of Section 601.

(b) (1) (Blank.)

(1.5) The Court may grant reasonable visitation privileges to a
stepparent upon petition to the court by the stepparent, with notice to the
parties required to be notified under Section 601 of this Act, if the court
determines that it is in the best interests and welfare of the child, and may
issue any necessary orders to enforce those visitation privileges. A petition
for visitation privileges may be filed under this paragraph (1.5) whether or
not a petition pursuant to this Act has been previously filed or is currently
pending if the following circumstances are met:

(A) the child is at least 12 years old;
(B) the child resided continuously with the parent and
stepparent for at least 5 years;
(C) the parent is deceased or is disabled and is unable to
care for the child;
(D) the child wishes to have reasonable visitation with the
stepparent; and

(E) the stepparent was providing for the care, control, and welfare to the child prior to the initiation of the petition for visitation.

(2)(A) A petition for visitation privileges shall not be filed pursuant to this subsection (b) by the parents or grandparents of a putative father if the paternity of the putative father has not been legally established.

(B) A petition for visitation privileges may not be filed under this subsection (b) if the child who is the subject of the grandparents' or great-grandparents' petition has been voluntarily surrendered by the parent or parents, except for a surrender to the Illinois Department of Children and Family Services or a foster care facility, or has been previously adopted by an individual or individuals who are not related to the biological parents of the child or is the subject of a pending adoption petition by an individual or individuals who are not related to the biological parents of the child.

(3) (Blank).

(c) The court may modify an order granting or denying visitation rights of a parent whenever modification would serve the best interest of the child; but the court shall not restrict a parent's visitation rights unless it finds that the visitation would endanger seriously the child's physical, mental, moral or emotional health.

(d) If any court has entered an order prohibiting a non-custodial parent of a child from any contact with a child or restricting the non-custodial parent's contact with the child, the following provisions shall apply:

(1) If an order has been entered granting visitation privileges with the child to a grandparent or great-grandparent who is related to the child through the non-custodial parent, the visitation privileges of the grandparent or great-grandparent may be revoked if:

   (i) a court has entered an order prohibiting the non-custodial parent from any contact with the child, and the grandparent or great-grandparent is found to have used his or her visitation privileges to facilitate contact between the child and the non-custodial parent; or

   (ii) a court has entered an order restricting the non-custodial parent's contact with the child, and the grandparent or great-grandparent is found to have used his or her visitation privileges to facilitate contact between the

child and the non-custodial parent in a manner that violates
the terms of the order restricting the non-custodial parent's
contact with the child.
Nothing in this subdivision (1) limits the authority of the
court to enforce its orders in any manner permitted by law.
(2) Any order granting visitation privileges with the child to
a grandparent or great-grandparent who is related to the child
through the non-custodial parent shall contain the following
provision:
"If the (grandparent or great-grandparent, whichever is
applicable) who has been granted visitation privileges under this
order uses the visitation privileges to facilitate contact between the
child and the child's non-custodial parent, the visitation privileges
granted under this order shall be permanently revoked."
(e) No parent, not granted custody of the child, or grandparent, or
great-grandparent, or stepparent, or sibling of any minor child, convicted
of any offense involving an illegal sex act perpetrated upon a victim less
than 18 years of age including but not limited to offenses for violations of
Article 12 of the Criminal Code of 1961, is entitled to visitation rights
while incarcerated or while on parole, probation, conditional discharge,
periodic imprisonment, or mandatory supervised release for that offense,
and upon discharge from incarceration for a misdemeanor offense or upon
discharge from parole, probation, conditional discharge, periodic
imprisonment, or mandatory supervised release for a felony offense,
visitation shall be denied until the person successfully completes a
treatment program approved by the court.
(f) Unless the court determines, after considering all relevant
factors, including but not limited to those set forth in Section 602(a), that
it would be in the best interests of the child to allow visitation, the court
shall not enter an order providing visitation rights and pursuant to a
motion to modify visitation shall revoke visitation rights previously
granted to any person who would otherwise be entitled to petition for
visitation rights under this Section who has been convicted of first degree
murder of the parent, grandparent, great-grandparent, or sibling of the
child who is the subject of the order. Until an order is entered pursuant to
this subsection, no person shall visit, with the child present, a person who
has been convicted of first degree murder of the parent, grandparent, great-
grandparent, or sibling of the child without the consent of the child's

Sec. 609. Leave to Remove Children.

(a) The court may grant leave, before or after judgment, to any party having custody of any minor child or children to remove such child or children from Illinois whenever such approval is in the best interests of such child or children. The burden of proving that such removal is in the best interests of such child or children is on the party seeking the removal. When such removal is permitted, the court may require the party removing such child or children from Illinois to give reasonable security guaranteeing the return of such children.

(b) Before a minor child is temporarily removed from Illinois, the parent responsible for the removal shall inform the other parent, or the other parent's attorney, of the address and telephone number where the child may be reached during the period of temporary removal, and the date on which the child shall return to Illinois.

The State of Illinois retains jurisdiction when the minor child is absent from the State pursuant to this subsection.

Section 5. The Illinois Public Aid Code is amended by changing Section 10-17.7 as follows:

(305 ILCS 5/10-17.7)

Sec. 10-17.7. Administrative determination of paternity. The Illinois Department may provide by rule for the administrative determination of paternity by the Child and Spouse Support Unit in cases involving applicants for or recipients of financial aid under Article IV of this Act and other persons who are given access to the child support enforcement services of this Article as provided in Section 10-1, including persons similarly situated and receiving similar services in other states. The rules shall extend to cases in which the mother and alleged father voluntarily acknowledge paternity in the form required by the Illinois Department or agree to be bound by the results of genetic testing or in which the alleged father has failed to respond to a notification of support obligation issued under Section 10-4 and to cases of contested paternity. The Illinois Department's form for voluntary acknowledgement of paternity shall be the same form prepared by the Illinois Department for use under the requirements of Section 12 of the Vital Records Act. Any presumption provided for under the Illinois Parentage Act of 1984 shall apply to cases in which paternity is determined under the rules of the Illinois Department. The rules shall provide for notice and an opportunity

to be heard by the responsible relative and the person receiving child support enforcement services under this Article if paternity is not voluntarily acknowledged, and any final administrative decision rendered by the Illinois Department shall be reviewed only under and in accordance with the Administrative Review Law. Determinations of paternity made by the Illinois Department under the rules authorized by this Section shall have the full force and effect of a court judgment of paternity entered under the Illinois Parentage Act of 1984.

In determining paternity in contested cases, the Illinois Department shall conduct the evidentiary hearing in accordance with Section 11 of the Parentage Act of 1984, except that references in that Section to "the court" shall be deemed to mean the Illinois Department's hearing officer in cases in which paternity is determined administratively by the Illinois Department.

Notwithstanding any other provision of this Article, a default determination of paternity may be made if service of the notice under Section 10-4 was made by publication under the rules for administrative paternity determination authorized by this Section. The rules as they pertain to service by publication shall (i) be based on the provisions of Section 2-206 and 2-207 of the Code of Civil Procedure, (ii) provide for service by publication in cases in which the whereabouts of the alleged father are unknown after diligent location efforts by the Child and Spouse Support Unit, and (iii) provide for publication of a notice of default paternity determination in the same manner that the notice under Section 10-4 was published.

The Illinois Department may implement this Section through the use of emergency rules in accordance with Section 5-45 of the Illinois Administrative Procedure Act. For purposes of the Illinois Administrative Procedure Act, the adoption of rules to implement this Section shall be considered an emergency and necessary for the public interest, safety, and welfare.

(b) Any other person in attendance at or immediately after the birth, or in the absence of such a person,
(c) The father, the mother, or in the absence of the father and the inability of the mother, the person in charge of the premises where the birth occurred.

(4) Unless otherwise provided in this Act, if the mother was not married to the father of the child at either the time of conception or the time of birth, the name of the father shall be entered on the child's birth certificate only if the mother and the person to be named as the father have signed an acknowledgment of parentage in accordance with subsection (5).

Unless otherwise provided in this Act, if the mother was married at the time of conception or birth and the presumed father (that is, the mother's husband) is not the biological father of the child, the name of the biological father shall be entered on the child's birth certificate only if, in accordance with subsection (5), (i) the mother and the person to be named as the father have signed an acknowledgment of parentage and (ii) the mother and presumed father have signed a denial of paternity.

presumed father is not the biological father, an opportunity for the
mother and presumed father to sign a denial of paternity. The
signing and witnessing of the acknowledgment of parentage or, if
the presumed father of the child is not the biological father, the

form shall include instructions to send the original
signed and witnessed acknowledgment of parentage and denial of
paternity to the Department of Healthcare and Family Services. The acknowledgment of paternity and denial of paternity form shall also include a statement informing the mother, the alleged father,
and the presumed father, if any, that they have the right to request
deoxyribonucleic acid (DNA) tests regarding the issue of the child's paternity and that by signing the form, they expressly waive such tests. The statement shall be set forth in boldface capital letters not less than 0.25 inches in height.

(b) Provide the following documents, furnished by the
Department of Healthcare and Family Services, to the child's
mother, biological father, and (if the person presumed to be the

(6) The institution, State or local registrar, or county clerk shall provide an opportunity for the child's father or mother to sign a rescission of parentage. The signing and witnessing of the rescission of parentage voids the acknowledgment of parentage and nullifies the presumption of paternity if executed and filed with the Department of Healthcare and Family Services (formerly Illinois Department of Public Aid) within the time frame contained in Section 5 of the Illinois Parentage Act of 1984. Pending outcome of a challenge to the acknowledgment of paternity, the legal responsibilities of the signatories...
shall remain in full force and effect, except upon order of the court upon a showing of good cause.

(9) In the event the parent-child relationship has been established in accordance with subdivision (a)(1) of Section 6 of the Parentage Act of 1984, the names of the biological mother and biological father so established shall be entered on the child's birth certificate, and the names of the surrogate mother and surrogate mother's husband, if any, shall not be on the birth certificate.

       response to the harm believed imminent;
       (2) the act was committed with the mutual consent of all
           parties having a right to custody and visitation of the child *or
           parenting time with the child*; or
       (3) the act was otherwise authorized by law.

child or child's custodian.
   (b) An Action may be commenced by filing a petition setting forth:

           telephone number; (ii) respondent's name and place of residence, place of

   (2) Supervised visitation with a third party or public agency.
   (3) Make up visitation of the same time period, such as weekend for weekend, holiday for holiday.

Section 25. The Illinois Parentage Act of 1984 is amended by changing Section 11 as follows:
(750 ILCS 45/11) (from Ch. 40, par. 2511)

New matter indicated by italics - deletions by strikeout.
Sec. 11. Tests to determine inherited characteristics.

(a) In any action brought under Section 7 to determine the existence of the father and child relationship or to declare the non-existence of the parent and child relationship, the court or Administrative Hearing Officer in an Expedited Child Support System shall, prior to the entry of a judgment in the case, advise the respondent who appears of the right to request an order that the parties and the child submit to deoxyribonucleic acid (DNA) tests to determine inherited characteristics. The advisement shall be noted in the record. As soon as practicable, the court or Administrative Hearing Officer in an Expedited Child Support System may, and upon request of a party shall, order or direct the mother, child and alleged father to submit to deoxyribonucleic acid (DNA) tests to determine inherited characteristics. If any party refuses to submit to the tests, the court may resolve the question of paternity against that party or enforce its order if the rights of others and the interests of justice so require.

(b) The tests shall be conducted by an expert qualified as an examiner of blood or tissue types and appointed by the court. The expert shall determine the testing procedures. However, any interested party, for good cause shown, in advance of the scheduled tests, may request a hearing to object to the qualifications of the expert or the testing procedures. The expert appointed by the court shall testify at the pre-test hearing at the expense of the party requesting the hearing, except as provided in subsection (h) of this Section for an indigent party. An expert not appointed by the court shall testify at the pre-test hearing at the expense of the party retaining the expert. Inquiry into an expert's qualifications at the pre-test hearing shall not affect either parties' right to have the expert qualified at trial.

(c) The expert shall prepare a written report of the test results. If the test results show that the alleged father is not excluded, the report shall contain a combined paternity index relating to the probability of paternity. The expert may be called by the court as a witness to testify to his or her findings and, if called, shall be subject to cross-examination by the parties. If the test results show that the alleged father is not excluded, any party may demand that other experts, qualified as examiners of blood or tissue types, perform independent tests under order of court, including, but not limited to, blood types or other tests of genetic markers such as those found by Human Leucocyte Antigen (HLA) tests. The results of the tests
may be offered into evidence. The number and qualifications of the experts shall be determined by the court.

(d) Documentation of the chain of custody of the blood or tissue samples, accompanied by an affidavit or certification in accordance with Section 1-109 of the Code of Civil Procedure, is competent evidence to establish the chain of custody.

(e) The report of the test results prepared by the appointed expert shall be made by affidavit or by certification as provided in Section 1-109 of the Code of Civil Procedure and shall be mailed to all parties. A proof of service shall be filed with the court. The verified report shall be admitted into evidence at trial without foundation testimony or other proof of authenticity or accuracy, unless a written motion challenging the admissibility of the report is filed by either party within 28 days of receipt of the report, in which case expert testimony shall be required. A party may not file such a motion challenging the admissibility of the report later than 28 days before commencement of trial. Before trial, the court shall determine whether the motion is sufficient to deny admission of the report by verification. Failure to make that timely motion constitutes a waiver of the right to object to admission by verification and shall not be grounds for a continuance of the hearing to determine paternity.

(f) Tests taken pursuant to this Section shall have the following effect:

(1) If the court finds that the conclusion of the expert or experts, as disclosed by the evidence based upon the tests, is that the alleged father is not the parent of the child, the question of paternity shall be resolved accordingly.

(2) If the experts disagree in their findings or conclusions, the question shall be weighed with other competent evidence of paternity.

(3) If the tests show that the alleged father is not excluded and that the combined paternity index is less than 500 to 1, this evidence shall be admitted by the court and shall be weighed with other competent evidence of paternity.

(4) If the tests show that the alleged father is not excluded and that the combined paternity index is at least 500 to 1, the alleged father is presumed to be the father, and this evidence shall be admitted. This presumption may be rebutted by clear and convincing evidence.
(g) Any presumption of parentage as set forth in Section 5 of this Act is rebutted if the court finds that the conclusion of the expert or experts excludes paternity of the presumed father.

(h) The expense of the tests shall be paid by the party who requests the tests. Where the tests are requested by the party seeking to establish paternity and that party is found to be indigent by the court, the expense shall be paid by the public agency providing representation; except that where a public agency is not providing representation, the expense shall be paid by the county in which the action is brought. Where the tests are ordered by the court on its own motion or are requested by the alleged or presumed father and that father is found to be indigent by the court, the expense shall be paid by the county in which the action is brought. Any part of the expense may be taxed as costs in the action, except that no costs may be taxed against a public agency that has not requested the tests.

(i) The compensation of each expert witness appointed by the court shall be paid as provided in subsection (h) of this Section. Any part of the payment may be taxed as costs in the action, except that no costs may be taxed against a public agency that has not requested the services of the expert witness.

(b) A statement of a witness is not excluded at the trial or hearing of any defendant by the hearsay rule or as a violation of any right to confront witnesses if the witness was killed, bribed, kidnapped, secreted, intimidated, or otherwise induced by a party, or one for whose conduct such party is legally responsible, to prevent the witness from being available to testify at such trial or hearing.

In any death, the human remains shall not be cremated by the crematory authority until a cremation permit has been received from the coroner or medical examiner of the county in which the death occurred and the crematory authority has received a cremation authorization form, executed by an authorizing agent, in accordance with the provisions of Section 15 of this Act. In no instance, however, shall the lapse of time between the death and the cremation be less than 24 hours, unless (i) it is known the deceased has an infectious or dangerous disease and that the time requirement is waived in writing by the medical examiner or coroner where the death occurred or (ii) because of a religious requirement.

(b) Except as set forth in subsection (a) of this Section, a crematory authority shall have the right to schedule the actual cremation to be performed at its own convenience, at any time after the human remains have been delivered to the crematory authority, unless the crematory authority has received specific instructions to the contrary on the cremation authorization form.

(f) A crematory authority shall not accept a casket or alternative container from which there is any evidence of the leakage of body fluids.

(g) The casket or the alternative container shall be cremated with the human remains or destroyed, unless the crematory authority has notified the authorizing agent to the contrary on the cremation authorization form and obtained the written consent of the authorizing agent.

(h) The simultaneous cremation of the human remains of more than one person within the same cremation chamber, without the prior written consent of the authorizing agent, is prohibited except for common cremation pursuant to Section 11.4 of the Hospital Licensing Act. Nothing in this subsection, however, shall prevent the simultaneous cremation within the same cremation chamber of body parts delivered to the crematory authority from multiple sources, or the use of cremation equipment that contains more than one cremation chamber.

(i) No unauthorized person shall be permitted in the holding facility or cremation room while any human remains are being held there awaiting cremation, being cremated, or being removed from the cremation chamber.

(j) A crematory authority shall not remove any dental gold, body parts, organs, or any item of value prior to or subsequent to a cremation without previously having received specific written authorization from the authorizing agent and written instructions for the delivery of these items to the authorizing agent. Under no circumstances shall a crematory authority profit from making or assisting in any removal of valuables.

(k) Upon the completion of each cremation, and insofar as is practicable, all of the recoverable residue of the cremation process shall be removed from the cremation chamber.

(l) If all of the recovered cremated remains will not fit within the receptacle that has been selected, the remainder of the cremated remains shall be returned to the authorizing agent or the agent's designee in a separate container. The crematory authority shall not return to an authorizing agent or the agent's designee more or less cremated remains than were removed from the cremation chamber.

New matter indicated by italics - deletions by strikeout.

authorizing agent or the agent's designee that a temporary container or urn
contains the cremated remains of a specific decedent when it does not.

(n) Cremated remains shall be shipped only by a method that has
an internal tracing system available and that provides a receipt signed by
the person accepting delivery.

(o) A crematory authority shall maintain an identification system
that shall ensure that it shall be able to identify the human remains in its
possession throughout all phases of the cremation process.

A resident shall be permitted to manage his or her own financial affairs unless he or she or his or her guardian or if the resident is a minor, his or her parent, authorizes the administrator of the facility in writing to manage such resident's financial affairs under Section 2-201 of this Act.

Section 2-103. Personal property. A resident shall be permitted to retain and use or wear his or her personal property in his or her immediate living quarters, unless deemed medically inappropriate by a physician and so documented in the resident's clinical record. If clothing is provided to the resident by the facility, it shall be of a proper fit.

The facility shall provide adequate storage space for the personal property of the resident. The facility shall provide a means of safeguarding small items of value for its residents in their rooms or in any other part of the facility so long as the residents have daily access to such valuables. The facility shall make reasonable efforts to prevent loss and theft of residents' property. The facility shall develop procedures for investigating complaints concerning theft of residents' property and shall promptly investigate all such complaints.

Section 2-104. Medical treatment; records.
(a) A resident shall be permitted to retain the services of his or her own personal physician at his or her own expense or under an individual or group plan of health insurance, or under any public or private assistance program providing such coverage. Every resident shall be permitted to obtain from his or her own physician or the physician attached to the facility complete and current information concerning his or her medical diagnosis, treatment and prognosis in terms and language the resident can reasonably be expected to understand. Every resident shall be permitted to participate in the planning of his or her total care and medical treatment to the extent that his or her condition permits. No resident shall be subjected to experimental research or treatment without first obtaining his or her informed, written consent. The conduct of any experimental research or treatment shall be authorized and monitored by an institutional review committee appointed by the administrator of the facility where such research and treatment is conducted. The membership, operating procedures and review criteria for institutional review committees shall be prescribed under rules and regulations of the Department.

(b) All medical treatment and procedures shall be administered as ordered by a physician. All new physician orders shall be reviewed by the facility's director of nursing or charge nurse designee within 24 hours after such orders have been issued to assure facility compliance with such orders.

According to rules adopted by the Department, every woman resident of child bearing age shall receive routine obstetrical and gynecological evaluations as well as necessary prenatal care.

(c) Every resident shall be permitted to refuse medical treatment and to know the consequences of such action, unless such refusal would be harmful to the health and safety of others and such harm is documented by a physician in the resident's clinical record. The resident's refusal shall free the facility from the obligation to provide the treatment.

(d) Every resident, resident's guardian, or parent if the resident is a minor shall be permitted to inspect and copy all his or her clinical and other records concerning his or her care and maintenance kept by the facility or by his or her physician. The facility may charge a reasonable fee for duplication of a record.

suspension or revocation of the facility's license, the new owner, if the Department so determines, shall thoroughly evaluate the condition and needs of each resident as if each resident were being newly admitted to the facility. The evaluation shall include a review of the medical record and the conduct of a physical examination of each resident which shall be performed within 30 days after the transfer of ownership.

Section 2-104.2. Do Not Resuscitate Orders. Every facility licensed under this Act shall establish a policy for the implementation of physician orders limiting resuscitation such as those commonly referred to as "Do Not Resuscitate" orders. This policy may only prescribe the format, method of documentation and duration of any physician orders limiting resuscitation. Any orders under this policy shall be honored by the facility. The Department of Public Health Uniform DNR Order form or a copy of that form shall be honored by the facility.

Section 2-105. Privacy. A resident shall be permitted respect and privacy in his or her medical and personal care program. Every resident's case discussion, consultation, examination and treatment shall be confidential and shall be conducted discreetly, and those persons not directly involved in the resident's care must have the resident's permission to be present.

Section 2-106. Restraints and confinements.
(a) For purposes of this Act:
   (i) A physical restraint is any manual method or physical or mechanical device, material, or equipment attached or adjacent to a resident's body that the resident cannot remove easily and restricts freedom of movement or normal access to one's body. Devices used for positioning, including but not limited to bed rails, gait belts, and cushions, shall not be considered to be restraints for purposes of this Section.
   (ii) A chemical restraint is any drug used for discipline or convenience and not required to treat medical symptoms. The Department shall by rule, designate certain devices as restraints, including at least all those devices which have been determined to be restraints by the United States Department of Health and Human Services in interpretive guidelines issued for the purposes of administering Titles XVIII and XIX of the Social Security Act.
(b) Neither restraints nor confinements shall be employed for the purpose of punishment or for the convenience of any facility personnel. No restraints or confinements shall be employed except as ordered by a

physician who documents the need for such restraints or confinements in the resident's clinical record. Each facility licensed under this Act must have a written policy to address the use of restraints and seclusion. The Department shall establish by rule the provisions that the policy must include, which, to the extent practicable, should be consistent with the requirements for participation in the federal Medicare program. Each policy shall include periodic review of the use of restraints.

(c) A restraint may be used only with the informed consent of the resident, the resident's guardian, or other authorized representative. A restraint may be used only for specific periods, if it is the least restrictive means necessary to attain and maintain the resident's highest practicable physical, mental or psychosocial well being, including brief periods of time to provide necessary life saving treatment. A restraint may be used only after consultation with appropriate health professionals, such as occupational or physical therapists, and a trial of less restrictive measures has led to the determination that the use of less restrictive measures would not attain or maintain the resident's highest practicable physical, mental or psychosocial well being. However, if the resident needs emergency care, restraints may be used for brief periods to permit medical treatment to proceed unless the facility has notice that the resident has previously made a valid refusal of the treatment in question.

(d) A restraint may be applied only by a person trained in the application of the particular type of restraint.

(e) Whenever a period of use of a restraint is initiated, the resident shall be advised of his or her right to have a person or organization of his or her choosing, including the Guardianship and Advocacy Commission, notified of the use of the restraint. A recipient who is under guardianship may request that a person or organization of his or her choosing be notified of the restraint, whether or not the guardian approves the notice. If the resident so chooses, the facility shall make the notification within 24 hours, including any information about the period of time that the restraint is to be used. Whenever the Guardianship and Advocacy Commission is notified that a resident has been restrained, it shall contact the resident to determine the circumstances of the restraint and whether further action is warranted.

(f) Whenever a restraint is used on a resident whose primary mode of communication is sign language, the resident shall be permitted to have his or her hands free from restraint for brief periods each hour, except when this freedom may result in physical harm to the resident or others.

Section 2-106.1. Drug treatment.

(a) A resident shall not be given unnecessary drugs. An unnecessary drug is any drug used in an excessive dose, including in duplicative therapy; for excessive duration; without adequate monitoring; without adequate indications for its use; or in the presence of adverse consequences that indicate the drugs should be reduced or discontinued. The Department shall adopt, by rule, the standards for unnecessary drugs contained in interpretive guidelines issued by the United States Department of Health and Human Services for the purposes of administering Titles XVIII and XIX of the Social Security Act.

(b) Psychotropic medication shall not be prescribed without the informed consent of the resident, the resident's guardian, or other authorized representative. "Psychotropic medication" means medication that is used for or listed as used for antipsychotic, antidepressant, antimanic, or antianxiety behavior modification or behavior management purposes in the latest editions of the AMA Drug Evaluations or the Physician's Desk Reference.

Section 2-107. Abuse or neglect; duty to report. An owner, licensee, administrator, employee or agent of a facility shall not abuse or neglect a resident. It is the duty of any facility employee or agent who becomes aware of such abuse or neglect to report it as provided in the Abused and Neglected Long Term Care Facility Residents Reporting Act.

Section 2-108. Communications; visits; married residents. Every resident shall be permitted unimpeded, private and uncensored communication of his or her choice by mail, public telephone or visitation.
(a) The administrator shall ensure that correspondence is conveniently received and mailed, and that telephones are reasonably accessible.

(b) The administrator shall ensure that residents may have private visits at any reasonable hour unless such visits are not medically advisable for the resident as documented in the resident's clinical record by the resident's physician.

(c) The administrator shall ensure that space for visits is available and that facility personnel knock, except in an emergency, before entering any resident's room.

(d) Unimpeded, private and uncensored communication by mail, public telephone and visitation may be reasonably restricted by a physician only in order to protect the resident or others from harm, harassment or intimidation, provided that the reason for any such restriction is placed in the resident's clinical record by the physician and that notice of such restriction shall be given to all residents upon admission. However, all letters addressed by a resident to the Governor, members of the General Assembly, Attorney General, judges, state's attorneys, officers of the Department, or licensed attorneys at law shall be forwarded at once to the persons to whom they are addressed without examination by facility personnel. Letters in reply from the officials and attorneys mentioned above shall be delivered to the recipient without examination by facility personnel.

(e) The administrator shall ensure that married residents residing in the same facility be allowed to reside in the same room within the facility unless there is no room available in the facility or it is deemed medically inadvisable by the residents' attending physician and so documented in the residents' medical records.

Section 2-109. Religion. A resident shall be permitted the free exercise of religion. Upon a resident's request, and if necessary at the resident's expense, the administrator shall make arrangements for a resident's attendance at religious services of the resident's choice. Section 2-110. Access to residents.

(a) Any employee or agent of a public agency, any representative of a community legal services program or any other member of the general public shall be permitted access at reasonable hours to any individual
resident of any facility, but only if there is neither a commercial purpose nor effect to such access and if the purpose is to do any of the following:

(1) Visit, talk with and make personal, social and legal services available to all residents;

(2) Inform residents of their rights and entitlements and their corresponding obligations, under federal and State laws, by means of educational materials and discussions in groups and with individual residents;

(3) Assist residents in asserting their legal rights regarding claims for public assistance, medical assistance and social security benefits, as well as in all other matters in which residents are aggrieved. Assistance may include counseling and litigation; or

(4) Engage in other methods of asserting, advising and representing residents so as to extend to them full enjoyment of their rights.

(a-5) If a resident of a licensed facility is an identified offender, any federal, State, or local law enforcement officer or county probation officer shall be permitted reasonable access to the individual resident to verify compliance with the requirements of the Sex Offender Registration Act or to verify compliance with applicable terms of probation, parole, or mandatory supervised release.

(b) All persons entering a facility under this Section shall promptly notify appropriate facility personnel of their presence. They shall, upon request, produce identification to establish their identity. No such person shall enter the immediate living area of any resident without first identifying himself or herself and then receiving permission from the resident to enter. The rights of other residents present in the room shall be respected. A resident may terminate at any time a visit by a person having access to the resident's living area under this Section.

(c) This Section shall not limit the power of the Department or other public agency otherwise permitted or required by law to enter and inspect a facility.

(d) Notwithstanding paragraph (a) of this Section, the administrator of a facility may refuse access to the facility to any person if the presence of that person in the facility would be injurious to the health and safety of a resident or would threaten the security of the property of a resident or the facility, or if the person seeks access to the facility for commercial purposes. Any person refused access to a facility may within 10 days request a hearing under Section 3-703. In that proceeding, the burden of

Section 2-111. Discharge. A resident may be discharged from a
facility after he or she gives the administrator, a physician, or a nurse of
the facility written notice of his or her desire to be discharged. If a
guardian has been appointed for a resident or if the resident is a minor, the
resident shall be discharged upon written consent of his or her guardian or
if the resident is a minor, his or her parent unless there is a court order to
the contrary. In such cases, upon the resident’s discharge, the facility is
relieved from any responsibility for the resident's care, safety or well
being.

Section 2-112. Grievances. A resident shall be permitted to present
grievances on behalf of himself or herself or others to the administrator,
the Long-Term Care Facility Advisory Board established under Section 2-
204 of the Nursing Home Care Act, the residents' advisory council, State
governmental agencies or other persons without threat of discharge or
reprisal in any form or manner whatsoever. The administrator shall
provide all residents or their representatives with the name, address, and

complaints may be lodged.

Section 2-113. Labor. A resident may refuse to perform labor for a
facility.

PART 2. RESPONSIBILITIES
Section 2-201. Residents' funds. To protect the residents' funds, the

resident or the resident's guardian, if any, or the resident's representative, if any, or the resident's immediate family member, if any; such authorization shall be attested to by a witness who has no pecuniary interest in the facility or its operations, and who is not connected in any way to facility personnel or the administrator in any manner whatsoever.

(3) Shall maintain and allow, in order of priority, each resident or the resident's guardian, if any, or the resident's representative, if any, or the resident's immediate family member, if any, access to a written record of all financial arrangements and transactions involving the individual resident's funds.

(4) Shall provide, in order of priority, each resident, or the resident's guardian, if any, or the resident's representative, if any, or the resident's immediate family member, if any, with a written itemized statement at least quarterly, of all financial transactions involving the resident's funds.

(5) Shall purchase a surety bond, or otherwise provide assurance satisfactory to the Departments of Public Health and Financial and Professional Regulation that all residents' personal funds deposited with the facility are secure against loss, theft, and insolvency.

(6) Shall keep any funds received from a resident for safekeeping in an account separate from the facility's funds, and shall at no time withdraw any part or all of such funds for any purpose other than to return the funds to the resident upon the request of the resident or any other person entitled to make such request, to pay the resident his or her allowance, or to make any other payment authorized by the resident or any other person entitled to make such authorization.

(7) Shall deposit any funds received from a resident in excess of $100 in an interest bearing account insured by agencies of, or corporations chartered by, the State or federal government. The account shall be in a form which clearly indicates that the facility has only a fiduciary interest in the funds and any interest from the account shall accrue to the resident. The facility may keep up to $100 of a resident's money in a non-interest-bearing account or petty cash fund, to be readily available for the resident's current expenditures.

(8) Shall return to the resident, or the person who executed the written authorization required in subsection (2) of this Section, upon written request, all or any part of the resident's funds given the facility for safekeeping, including the interest accrued from deposits.

New matter indicated by italics - deletions by strikeout.
(9) Shall (a) place any monthly allowance to which a resident is entitled in that resident's personal account, or give it to the resident, unless the facility has written authorization from the resident or the resident's guardian or if the resident is a minor, his parent, to handle it differently, (b) take all steps necessary to ensure that a personal needs allowance that is placed in a resident's personal account is used exclusively by the resident or for the benefit of the resident, and (c) where such funds are withdrawn from the resident's personal account by any person other than the resident, require such person to whom funds constituting any part of a resident's personal needs allowance are released, to execute an affidavit that such funds shall be used exclusively for the benefit of the resident.

(10) Unless otherwise provided by State law, upon the death of a resident, shall provide the executor or administrator of the resident's estate with a complete accounting of all the resident's personal property, including any funds of the resident being held by the facility.

(11) If an adult resident is incapable of managing his or her funds and does not have a resident's representative, guardian, or an immediate family member, shall notify the Office of the State Guardian of the Guardianship and Advocacy Commission.

(12) If the facility is sold, shall provide the buyer with a written verification by a public accountant of all residents' monies and properties being transferred, and obtain a signed receipt from the new owner.

Section 2-201.5. Screening prior to admission.

(a) All persons age 18 or older seeking admission to a facility must be screened to determine the need for facility services prior to being admitted, regardless of income, assets, or funding source. In addition, any person who seeks to become eligible for medical assistance from the Medical Assistance Program under the Illinois Public Aid Code to pay for services while residing in a facility must be screened prior to receiving those benefits. Screening for facility services shall be administered through procedures established by administrative rule. Screening may be done by agencies other than the Department as established by administrative rule.

(b) In addition to the screening required by subsection (a), identified offenders who seek admission to a licensed facility shall not be admitted unless the licensed facility complies with the requirements of the Department's administrative rules adopted pursuant to Section 3-202.3.

Section 2-202. Contract required.
(a) Before a person is admitted to a facility, or at the expiration of the period of previous contract, or when the source of payment for the resident's care changes from private to public funds or from public to private funds, a written contract shall be executed between a licensee and the following in order of priority:

(1) the person, or if the person is a minor, his parent or guardian; or
(2) the person's guardian, if any, or agent, if any, as defined in Section 2-3 of the Illinois Power of Attorney Act; or
(3) a member of the person's immediate family.

An adult person shall be presumed to have the capacity to contract for admission to a long term care facility unless he or she has been adjudicated a "disabled person" within the meaning of Section 11a-2 of the Probate Act of 1975, or unless a petition for such an adjudication is pending in a circuit court of Illinois.

If there is no guardian, agent or member of the person's immediate family available, able or willing to execute the contract required by this Section and a physician determines that a person is so disabled as to be unable to consent to placement in a facility, or if a person has already been found to be a "disabled person", but no order has been entered allowing residential placement of the person, that person may be admitted to a facility before the execution of a contract required by this Section; provided that a petition for guardianship or for modification of guardianship is filed within 15 days of the person's admission to a facility, and provided further that such a contract is executed within 10 days of the disposition of the petition.

No adult shall be admitted to a facility if he or she objects, orally or in writing, to such admission, except as otherwise provided in Chapters III and IV of the Mental Health and Developmental Disabilities Code or Section 11a-14.1 of the Probate Act of 1975.

Before a licensee enters a contract under this Section, it shall provide the prospective resident and his or her guardian, if any, with written notice of the licensee's policy regarding discharge of a resident whose private funds for payment of care are exhausted.

(b) A resident shall not be discharged or transferred at the expiration of the term of a contract, except as provided in Sections 3-401 through 3-423.
(c) At the time of the resident's admission to the facility, a copy of the contract shall be given to the resident, his or her guardian, if any; and any other person who executed the contract.

(d) A copy of the contract for a resident who is supported by nonpublic funds other than the resident's own funds shall be made available to the person providing the funds for the resident's support.

(e) The original or a copy of the contract shall be maintained in the facility and be made available upon request to representatives of the Department and the Department of Healthcare and Family Services.

(f) The contract shall be written in clear and unambiguous language and shall be printed in not less than 12-point type. The general form of the contract shall be prescribed by the Department.

(g) The contract shall specify:

   (2) the services to be provided under the contract and the charges for the services;
   (3) the services that may be provided to supplement the contract and the charges for the services;
   (4) the sources liable for payments due under the contract;
   (5) the amount of deposit paid; and
   (6) the rights, duties and obligations of the resident, except that the specification of a resident's rights may be furnished on a separate document which complies with the requirements of Section 2-211.

(h) The contract shall designate the name of the resident's representative, if any. The resident shall provide the facility with a copy of the written agreement between the resident and the resident's representative which authorizes the resident's representative to inspect and copy the resident's records and authorizes the resident's representative to execute the contract on behalf of the resident required by this Section.

(i) The contract shall provide that if the resident is compelled by a change in physical or mental health to leave the facility, the contract and all obligations under it shall terminate on 7 days' notice. No prior notice of termination of the contract shall be required, however, in the case of a resident's death. The contract shall also provide that in all other situations, a resident may terminate the contract and all obligations under it with 30 days' notice. All charges shall be prorated as of the date on which the contract terminates, and, if any payments have been made in advance, the excess shall be refunded to the resident. This provision shall not apply to

life care contracts through which a facility agrees to provide maintenance and care for a resident throughout the remainder of his life nor to continuing care contracts through which a facility agrees to supplement all available forms of financial support in providing maintenance and care for a resident throughout the remainder of his or her life.

(j) In addition to all other contract specifications contained in this Section admission contracts shall also specify:

(1) whether the facility accepts Medicaid clients;
(2) whether the facility requires a deposit of the resident or his or her family prior to the establishment of Medicaid eligibility;
(3) in the event that a deposit is required, a clear and concise statement of the procedure to be followed for the return of such deposit to the resident or the appropriate family member or guardian of the person;
(4) that all deposits made to a facility by a resident, or on behalf of a resident, shall be returned by the facility within 30 days of the establishment of Medicaid eligibility, unless such deposits must be drawn upon or encumbered in accordance with Medicaid eligibility requirements established by the Department of Healthcare and Family Services.

(k) It shall be a business offense for a facility to knowingly and intentionally both retain a resident's deposit and accept Medicaid payments on behalf of that resident.

Section 2-203. Residents' advisory council. Each facility shall establish a residents' advisory council. The administrator shall designate a member of the facility staff to coordinate the establishment of, and render assistance to, the council.

(a) The composition of the residents' advisory council shall be specified by Department regulation, but no employee or affiliate of a facility shall be a member of any council.
(b) The council shall meet at least once each month with the staff coordinator who shall provide assistance to the council in preparing and disseminating a report of each meeting to all residents, the administrator, and the staff.
(c) Records of the council meetings will be maintained in the office of the administrator.

(e) The council shall be a forum for:

1. Obtaining and disseminating information;
2. Soliciting and adopting recommendations for facility programing and improvements;
3. Early identification and for recommending orderly resolution of problems.

(f) The council may present complaints as provided in Section 3-702 on behalf of a resident to the Department, the Long-Term Care Facility Advisory Board established under Section 2-204 of the Nursing Home Care Act or to any other person it considers appropriate.

Section 2-204. Long-Term Care Facility Advisory Board. The Long-Term Care Facility Advisory Board established under Section 2-204 of the Nursing Home Care Act shall advise the Department of Public Health on all aspects of its responsibilities under this Act, including the format and content of any rules promulgated by the Department of Public Health. Any such rules, except emergency rules promulgated pursuant to Section 5-45 of the Illinois Administrative Procedure Act, promulgated without obtaining the advice of the Advisory Board are null and void. In the event that the Department fails to follow the advice of the Board, the Department shall, prior to the promulgation of such rules, transmit a written explanation of the reason thereof to the Board. During its review of rules, the Board shall analyze the economic and regulatory impact of those rules. If the Advisory Board, having been asked for its advice, fails to advise the Department within 90 days, the rules shall be considered acted upon.

Section 2-205. Disclosure of information to public. The following information is subject to disclosure to the public from the Department or the Department of Healthcare and Family Services:

(4) Complaints filed against a facility and complaint investigation reports, except that a complaint or complaint investigation report shall not be disclosed to a person other than the complainant or complainant's representative before it is disclosed to a facility under Section 3-702, and, further, except that a complainant or resident's name shall not be disclosed except under Section 3-702. The Department shall disclose information under this Section in accordance with provisions for inspection and copying of public records required by the Freedom of Information Act. However, the disclosure of information described in subsection (1) shall not be restricted by any provision of the Freedom of Information Act.

Section 2-206. Confidentiality of records.

(a) The Department shall respect the confidentiality of a resident's record and shall not divulge or disclose the contents of a record in a manner which identifies a resident, except upon a resident's death to a relative or guardian, or under judicial proceedings. This Section shall not be construed to limit the right of a resident to inspect or copy the resident's records.

(b) Confidential medical, social, personal, or financial information identifying a resident shall not be available for public inspection in a manner which identifies a resident.

Section 2-207. Directories for public health regions; information concerning facility costs and policies.

(a) Each year the Department shall publish a Directory for each public health region listing facilities to be made available to the public and be available at all Department offices. The Department may charge a fee for the Directory. The Directory shall contain, at a minimum, the following information:

(2) The number and type of licensed beds;
(3) The name of the cooperating hospital, if any;
(4) The name of the administrator;

(6) Membership in a provider association and accreditation by any such organization.

(b) Detailed information concerning basic costs for care and operating policies shall be available to the public upon request at each facility. However, a facility may refuse to make available any proprietary operating policies to the extent such facility reasonably believes such policies may be revealed to a competitor.

Section 2-208. Notice of imminent death. A facility shall immediately notify the resident's next of kin, representative and physician of the resident's death or when the resident's death appears to be imminent.

Section 2-209. Number of residents. A facility shall admit only that number of residents for which it is licensed.

Section 2-210. Policies and procedures. A facility shall establish written policies and procedures to implement the responsibilities and rights provided in this Article. The policies shall include the procedure for the investigation and resolution of resident complaints as set forth under Section 3-702. The policies and procedures shall be clear and unambiguous and shall be available for inspection by any person. A summary of the policies and procedures, printed in not less than 12-point type, shall be distributed to each resident and representative.

Section 2-211. Explanation of rights. Each resident and resident's guardian or other person acting for the resident shall be given a written explanation, prepared by the Office of the State Long Term Care Ombudsman, of all the rights enumerated in Part 1 of this Article and in Part 4 of Article III. For residents of facilities participating in Title XVIII or XIX of the Social Security Act, the explanation shall include an explanation of residents' rights enumerated in that Act. The explanation shall be given at the time of admission to a facility or as soon thereafter as the condition of the resident permits, but in no event later than 48 hours after admission, and again at least annually thereafter. At the time of the implementation of this Act each resident shall be given a written summary of all the rights enumerated in Part 1 of this Article.

If a resident is unable to read such written explanation, it shall be read to the resident in a language the resident understands. (a) A facility shall annually administer or arrange for administration of a vaccination against influenza to each resident, in accordance with the recommendations of the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention that are most recent to the time of vaccination, unless the vaccination is medically contraindicated or the resident has refused the vaccine. Influenza vaccinations for all residents age 65 and over shall be completed by November 30 of each year or as soon as practicable if vaccine supplies are not available before November 1. Residents admitted after November 30, during the flu season, and until February 1 shall, as medically appropriate, receive an influenza vaccination prior to or upon admission or as soon as practicable if vaccine supplies are not available at the time of the admission, unless the vaccine is medically contraindicated or the resident has refused the vaccine. In the event that the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention determines that dates of administration other than those stated in this Act are optimal to protect the health of residents, the Department is authorized to develop rules to mandate vaccinations at those times rather than the times stated in this Act. A facility shall document in the resident's medical record that an annual vaccination against influenza was administered, arranged, refused or medically contraindicated.

(b) A facility shall administer or arrange for administration of a pneumococcal vaccination to each resident who is age 65 and over, in accordance with the recommendations of the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention, who has not received this immunization prior to or upon admission to the facility, unless the resident refuses the offer for vaccination or the vaccine is medically contraindicated. (b) A violation of any of the provisions of this Section constitutes an unlawful practice under the Consumer Fraud and Deceptive Business Practices Act. All remedies, penalties, and authority granted to the Attorney General by the Consumer Fraud and Deceptive Business Practices Act shall be available to him or her for the enforcement of this Section.

(c) The Department of Public Health shall include verification of the submission of a facility's current Consumer Choice Information Report when conducting an inspection pursuant to Section 3-212.

Section 2-216. Notification of identified offenders. If identified offenders are residents of the licensed facility, the licensed facility shall notify every resident or resident's guardian in writing that such offenders are residents of the licensed facility. The licensed facility shall also provide notice to its employees and to visitors to the facility that identified offenders are residents.

ARTICLE III. LICENSING, ENFORCEMENT, VIOLATIONS, PENALTIES AND REMEDIES

PART 1. LICENSING

Section 3-101. Licensure system. The Department shall establish a comprehensive system of licensure for facilities in accordance with this Act for the purposes of:

Section 3-103. Application for license; financial statement. The procedure for obtaining a valid license shall be as follows:

1. Application to operate a facility shall be made to the Department on forms furnished by the Department.

2. All license applications shall be accompanied with an application fee. The fee for an annual license shall be $995. Facilities that pay a fee or assessment pursuant to Article V-C of the Illinois Public Aid Code shall be exempt from the license fee imposed under this item (2). The fee for a 2-year license shall be double the fee for the annual license set forth in the preceding sentence. The fees collected shall be deposited with the State Treasurer into the Long Term Care Monitor/Receiver Fund, which has been created as a special fund in the State treasury. This special fund is to be used by the Department for expenses related to the appointment of monitors and receivers as contained in Sections 3-501 through 3-517. At the end of each fiscal year, any funds in excess of $1,000,000 held in the Long Term Care Monitor/Receiver Fund shall be deposited in the State's General Revenue Fund. (3) Each initial application shall be accompanied by a financial statement setting forth the financial condition of the applicant and by a statement from the unit of local government having zoning jurisdiction over the facility's location stating that the location of the facility is not in violation of a zoning ordinance. An initial application for a new facility shall be accompanied by a permit as required by the Illinois Health Facilities Planning Act. After the application is approved, the applicant shall advise the Department every 6 months of any changes in the information originally provided in the application.

(4) Other information necessary to determine the identity and qualifications of an applicant to operate a facility in accordance with this Act shall be included in the application as required by the Department in regulations.

Section 3-104. Licensing and regulation by municipality. Any city, village or incorporated town may by ordinance provide for the licensing and regulation of a facility or any classification of such facility, as defined herein, within such municipality, provided that the ordinance requires compliance with at least the minimum requirements established by the Department under this Act. The licensing and enforcement provisions of the municipality shall fully comply with this Act, and the municipality shall make available information as required by this Act. Such compliance shall be determined by the Department subject to review as provided in Section 3-703. The Department shall not issue a license hereunder to any person who has failed to qualify for a municipal license. If the issuance of a license by the Department antedates regulatory action by a municipality, the municipality shall issue a local license unless the standards and requirements under its ordinance or resolution are greater than those prescribed under this Act.
(b) In the event that the standards and requirements under the ordinance or resolution of the municipality are greater than those prescribed under this Act, the license issued by the Department shall remain in effect pending reasonable opportunity provided by the municipality, which shall be not less than 60 days, for the licensee to comply with the local requirements. Upon notice by the municipality, or upon the Department's own determination that the licensee has failed to qualify for a local license, the Department shall revoke such license.

Section 3-107. Inspection; fees. The Department shall cooperate with the Department of Human Services in regard to facilities containing more than 20% of residents for whom the Department of Human Services has mandated follow up responsibilities under the Mental Health and Developmental Disabilities Administrative Act. The Department shall cooperate with the Department of Healthcare and Family Services in regard to facilities where recipients of public aid are residents. The Department shall immediately refer to the Department of Financial and Professional Regulation (as successor to the Department of Professional Regulation) for investigation any credible evidence of which it has knowledge that an individual licensed by that Department has violated this Act or any rule issued under this Act. The Department shall enter into agreements with other State Departments, agencies or commissions to effectuate the purpose of this Section.

Section 3-111. Issuance or renewal of license after notice of violation. The issuance or renewal of a license after notice of a violation has been sent shall not constitute a waiver by the Department of its power to rely on the violation as the basis for subsequent license revocation or other enforcement action under this Act arising out of the notice of violation.

Section 3-112. Transfer of ownership; license.
(a) Whenever ownership of a facility is transferred from the person named in the license to any other person, the transferee must obtain a new probationary license. The transferee shall notify the Department of the transfer and apply for a new license at least 30 days prior to final transfer.

Section 3-116. Probationary license. If the applicant has not been previously licensed or if the facility is not in operation at the time application is made, the Department shall issue only a probationary license. A probationary license shall be valid for 120 days unless sooner suspended or revoked under Section 3-119. Within 30 days prior to the termination of a probationary license, the Department shall fully and completely inspect the facility and, if the facility meets the applicable requirements for licensure, shall issue a license under Section 3-109. If the Department finds that the facility does not meet the requirements for licensure but has made substantial progress toward meeting those requirements, the license may be renewed once for a period not to exceed 120 days from the expiration date of the initial probationary license.

(b) The Department shall inform an applicant in writing within 10 working days after receiving drawings and specifications and the required fee, if any, from the applicant whether the applicant's submission is complete or incomplete. Failure to provide the applicant with this notice within 10 working days shall result in the submission being deemed complete for purposes of initiating the 60 day review period under this Section. If the submission is incomplete, the Department shall inform the applicant of the deficiencies with the submission in writing. If the submission is complete the required fee, if any, has been paid, the Department shall approve or disapprove drawings and specifications submitted to the Department no later than 60 days following receipt by the

If a submission of drawings and specifications is incomplete, the applicant may submit additional information. The 60 day review period shall not commence until the Department determines that a submission of drawings and specifications is complete or the submission is deemed complete. If the Department has not approved or disapproved the drawings and specifications within 60 days, the construction, major alteration, or addition shall be deemed approved. If the drawings and specifications are disapproved, the Department shall state in writing, with specificity, the reasons for the disapproval. The Department shall not commence the facility plan review process under this Section until the applicable fee has been paid.

(e) All fees received by the Department under this Section shall be deposited into the Health Facility Plan Review Fund, a special fund created in the State Treasury. All fees paid by long term care facilities under subsection (d) shall be used only to cover the costs relating to the Department's review of long term care facility projects under this Section. Moneys shall be appropriated from that Fund to the Department only to pay the costs of conducting reviews under this Section or under Section 3-202.5 of the Nursing Home Care Act. None of the moneys in the Health Facility Plan Review Fund shall be used to reduce the amount of General Revenue Fund moneys appropriated to the Department for facility plan reviews conducted pursuant to this Section.

Occupancy shall be authorized after any required health inspection by the Department has been conducted.

(h) The Department shall establish, by rule, a procedure to conduct interim on site review of large or complex construction projects.

(i) The Department shall establish, by rule, an expedited process for emergency repairs or replacement of like equipment.

(j) Nothing in this Section shall be construed to apply to maintenance, upkeep, or renovation that does not affect the structural integrity of the building, does not add beds or services over the number for which the long term care facility is licensed, and provides a reasonable degree of safety for the residents.

In adopting classification of the license of facilities, the Department may give recognition to the classification of services defined or prescribed by federal statute or federal rule or regulation. More than one classification of the license may be issued to the same facility when the prescribed minimum standards and regulations are met.

Section 3-205. Municipalities; license classifications. Where licensing responsibilities are performed by a city, village or incorporated town, the municipality shall use the same classifications as the Department; and a facility may not be licensed for a different classification by the Department than by the municipality.

At the time of each regularly scheduled licensure survey, or at the time of a complaint investigation, the Department may require any nursing assistant, habilitation aide, or child care aide to demonstrate, either through written examination or action, or both, sufficient knowledge in all areas of required training. If such knowledge is inadequate the Department shall require the nursing assistant, habilitation aide, or child care aide to complete inservice training and review in the facility until the nursing assistant, habilitation aide, or child care aide demonstrates to the Department, either through written examination or action, or both, sufficient knowledge in all areas of required training; and

(6) Be familiar with and have general skills related to resident care.

If the facility does not provide the training in house, the training shall be obtained from other facilities, community colleges or other educational institutions that have a recognized course for such training. The Department shall, by rule, establish a recognized course for such training.

The Department's rules shall provide that such training may be conducted in house at each facility subject to the requirements of this subsection, in which case such training shall be monitored by the Department. The Department's rules shall also provide for circumstances and procedures whereby any person who has received training that meets the requirements of this subsection shall not be required to undergo additional training if he or she is transferred to or obtains employment at a different facility but remains continuously employed as a nursing assistant, habilitation aide, or child care aide. Licensed sheltered care facilities shall be exempt from the requirements of this Section.

Section 3-206.01. Health care worker registry.

(a) The Department shall establish and maintain a registry of all individuals who have satisfactorily completed the training required by Section 3-206. The registry shall include the name of the nursing assistant, habilitation aide, or child care aide, his or her current address, Social Security number, and the date and location of the training course completed by the individual, and the date of the individual's last criminal records check. Any individual placed on the registry is required to inform the Department of any change of address within 30 days. A facility shall not employ an individual as a nursing assistant, habilitation aide, or child care aide unless the facility has inquired of the Department as to information in the registry concerning the individual and shall not employ anyone not on the registry unless the individual is enrolled in a training program under paragraph (5) of subsection (a) of Section 3-206 of this Act.

If the Department finds that a nursing assistant, habilitation aide, or child care aide has abused a resident, neglected a resident, or misappropriated resident property in a facility, the Department shall notify the individual of this finding by certified mail sent to the address contained in the registry. The notice shall give the individual an opportunity to contest the finding in a hearing before the Department or to submit a written response to the findings in lieu of requesting a hearing. If, after a hearing or if the individual does not request a hearing, the Department finds that the individual abused a resident, neglected a resident, or misappropriated resident property in a facility, the finding shall be included as part of the registry as well as a brief statement from the individual, if he or she chooses to make such a statement. The Department shall make information in the registry available to the public. In the case of inquiries to the registry concerning an individual listed in the registry, any information disclosed concerning such a finding shall also include disclosure of any statement in the registry relating to the finding or a clear and accurate summary of the statement.

(b) The Department shall add to the health care worker registry records of findings as reported by the Inspector General or remove from the health care worker registry records of findings as reported by the Department of Human Services, under subsection (g-5) of Section 1-17 of the Department of Human Services Act.

(c-1) The Department shall document criminal background check results pursuant to the requirements of the Health Care Worker Background Check Act.

(d) At any time after the designation on the registry pursuant to subsection (a), (b), or (c) of this Section, a nursing assistant, habilitation aide, or child care aide may petition the Department for removal of designation on the registry. The Department may remove the designation of the nursing assistant, habilitation aide, or child care aide on the registry unless, after an investigation and a hearing, the Department determines that removal of designation is not in the public interest.

Whenever ownership of a private facility is transferred to another private owner following a final order for a suspension or revocation of the facility's license, the Department shall discuss with the new owner all noted problems associated with the facility and shall determine what additional training, if any, is needed for the direct care staff.

(b) No public funds shall be expended for the maintenance of any resident in a facility which has failed to file the financial statement required under this Section and no public funds shall be paid to or on behalf of a facility which has failed to file a statement.

(c) The Director of Public Health and the Director of Healthcare and Family Services shall promulgate under Sections 3-801 and 3-802, one set of regulations for the filing of these financial statements, and shall provide in these regulations for forms, required information, intervals and dates of filing and such other provisions as they may deem necessary.

(d) The Director of Public Health and the Director of Healthcare and Family Services shall seek the advice and comments of other State and federal agencies which require the submission of financial data from facilities licensed under this Act and shall incorporate the information requirements of these agencies so as to impose the least possible burden on licensees. No other State agency may require submission of financial data except as expressly authorized by law or as necessary to meet requirements of federal statutes or regulations. An inspection should occur within 120 days prior to license renewal. The Department may periodically visit a facility for the purpose of consultation. A visit for the sole purpose of consultation may be announced.

The Department shall provide training to surveyors about the appropriate assessment, care planning, and care of persons with mental illness (other than Alzheimer's disease or related disorders) to enable its surveyors to determine whether a facility is complying with State and federal requirements about the assessment, care planning, and care of those persons.

(a-1) An employee of a State or unit of local government agency charged with inspecting, surveying, and evaluating facilities who directly or indirectly gives prior notice of an inspection, survey, or evaluation, other than an inspection of financial records, to a facility or to an employee of a facility is guilty of a Class A misdemeanor. An inspector or an employee of the Department who intentionally prenotifies a facility, orally or in writing, of a pending complaint investigation or inspection shall be guilty of a Class A misdemeanor. Superiors of persons who have prenotified a facility shall be subject to the same penalties, if they have knowingly allowed the prenotification. A person found guilty of prenotifying a facility shall be subject to disciplinary action by his or her employer. If the Department has a good faith belief, based upon information that comes to its attention, that a violation of this subsection has occurred, it must file a complaint with the Attorney General or the State's Attorney in the county where the violation took place within 30 days after discovery of the information.

(a-2) An employee of a State or unit of local government agency charged with inspecting, surveying, or evaluating facilities who willfully profits from violating the confidentiality of the inspection, survey, or evaluation process shall be guilty of a Class 4 felony and that conduct shall be deemed unprofessional conduct that may subject a person to loss of his or her professional license. An action to prosecute a person for violating this subsection (a-2) may be brought by either the Attorney General or the State's Attorney in the county where the violation took place.

(b) In determining whether to make more than the required number of unannounced inspections, surveys and evaluations of a facility the Department shall consider one or more of the following: previous inspection reports; the facility's history of compliance with standards, rules and regulations promulgated under this Act and correction of violations, penalties or other enforcement actions; the number and severity of complaints received about the facility; any allegations of resident abuse or neglect; weather conditions; health emergencies; other reasonable belief that deficiencies exist.

(b-1) The Department shall not be required to determine whether a facility certified to participate in the Medicare program under Title XVIII of the Social Security Act, or the Medicaid program under Title XIX of the Social Security Act, and which the Department determines by inspection under this Section or under Section 3-702 of this Act to be in compliance with the certification requirements of Title XVIII or XIX, is in compliance with any requirement of this Act that is less stringent than or duplicates a federal certification requirement. In accordance with subsection (a) of this Section or subsection (d) of Section 3-702, the Department shall determine whether a certified facility is in compliance with requirements of this Act that exceed federal certification requirements. If a certified facility is found to be out of compliance with federal certification requirements, the results of an inspection conducted pursuant to Title XVIII or XIX of the Social Security Act may be used as the basis for enforcement remedies authorized and commenced under this Act. Enforcement of this Act against a certified facility shall be commenced pursuant to the requirements of this Act, unless enforcement remedies sought pursuant to Title XVIII or XIX of the Social Security Act exceed those authorized by this Act. As used in this subsection, "enforcement remedy" means a sanction for violating a federal certification requirement or this Act.

(c) Upon completion of each inspection, survey and evaluation, the appropriate Department personnel who conducted the inspection, survey or evaluation shall submit a copy of their report to the licensee upon exiting the facility, and shall submit the actual report to the appropriate regional office of the Department. Such report and any recommendations for action by the Department under this Act shall be transmitted to the appropriate offices of the associate director of the Department, together with related comments or documentation provided by the licensee which may refute findings in the report, which explain extenuating circumstances that the facility could not reasonably have prevented, or which indicate methods and timetables for correction of deficiencies described in the report. Without affecting the application of subsection (a) of Section 3-303, any documentation or comments of the licensee shall be provided within 10 days of receipt of the copy of the report. Such report shall recommend to the Director appropriate action under this Act with respect to findings against a facility. The Director shall then determine whether the report's findings constitute a violation or violations of which the facility must be given notice. Such determination shall be based upon the severity of the finding, the danger posed to resident health and safety, the comments and

documentation provided by the facility, the diligence and efforts to correct deficiencies, correction of the reported deficiencies, the frequency and duration of similar findings in previous reports and the facility's general inspection history. Violations shall be determined under this subsection no later than 60 days after completion of each inspection, survey and evaluation.

(d) The Department shall maintain all inspection, survey and evaluation reports for at least 5 years in a manner accessible to and understandable by the public.

Section 3-213. Periodic reports to Department. The Department shall require periodic reports and shall have access to and may reproduce or photocopy at its cost any books, records, and other documents maintained by the facility to the extent necessary to carry out this Act and the rules promulgated under this Act. The Department shall not divulge or disclose the contents of a record under this Section in violation of Section 2-206 or as otherwise prohibited by this Act.

Section 3-214. Consent to Department inspection. Any holder of a license or applicant for a license shall be deemed to have given consent to any authorized officer, employee or agent of the Department to enter and inspect the facility in accordance with this Article. Refusal to permit such entry or inspection shall constitute grounds for denial, nonrenewal or revocation of a license as provided in Section 3-117 or 3-119 of this Act.

Section 3-215. Annual report on facility by Department. The Department shall make at least one report on each facility in the State annually, unless the facility has been issued a 2-year license under subsection (b) of Section 3-110 for which the report shall be made every 2-years. All conditions and practices not in compliance with applicable standards within the report period shall be specifically stated. If a violation is corrected or is subject to an approved plan of correction, the same shall be specified in the report. The Department shall send a copy to any person on receiving a written request. The Department may charge a reasonable fee to cover copying costs.

PART 3. VIOLATIONS AND PENALTIES

Section 3-301. Notice of violation of Act or rules. If after receiving the report specified in subsection (c) of Section 3-212 the Director or his or her designee determines that a facility is in violation of this Act or of any rule promulgated thereunder, the Director or his or her designee shall serve a notice of violation upon the licensee within 10 days thereafter. Each notice of violation shall be prepared in writing and shall specify the

New matter indicated by italics - deletions by strikeout.
nature of the violation, and the statutory provision or rule alleged to have been violated. The notice shall inform the licensee of any action the Department may take under the Act, including the requirement of a facility plan of correction under Section 3-303; placement of the facility on a list prepared under Section 3-304; assessment of a penalty under Section 3-305; a conditional license under Sections 3-311 through 3-317; or license suspension or revocation under Section 3-119. The Director or his or her designee shall also inform the licensee of rights to a hearing under Section 3-703.

Section 3-302. Each day a separate violation. Each day the violation exists after the date upon which a notice of violation is served under Section 3-301 shall constitute a separate violation for purposes of assessing penalties or fines under Section 3-305. The submission of a plan of correction pursuant to subsection (b) of Section 3-303 does not prohibit or preclude the Department from assessing penalties or fines pursuant to Section 3-305 for those violations found to be valid except as provided under Section 3-308 in relation to Type "B" violations. No penalty or fine may be assessed for a condition for which the facility has received a variance or waiver of a standard.

Section 3-303. Correction of violations; hearing.
(a) The situation, condition or practice constituting a Type "A" violation shall be abated or eliminated immediately unless a fixed period of time, not exceeding 15 days, as determined by the Department and specified in the notice of violation, is required for correction.

(b) At the time of issuance of a notice of a Type "B" violation, the Department shall request a plan of correction which is subject to the Department's approval. The facility shall have 10 days after receipt of notice of violation in which to prepare and submit a plan of correction. The Department may extend this period up to 30 days where correction involves substantial capital improvement. The plan shall include a fixed time period not in excess of 90 days within which violations are to be corrected. If the Department rejects a plan of correction, it shall send notice of the rejection and the reason for the rejection to the facility. The facility shall have 10 days after receipt of the notice of rejection in which to submit a modified plan. If the modified plan is not timely submitted, or if the modified plan is rejected, the facility shall follow an approved plan of correction imposed by the Department.

(c) If the violation has been corrected prior to submission and approval of a plan of correction, the facility may submit a report of

New matter indicated by italics - deletions by strikeout.
correction in place of a plan of correction. Such report shall be signed by the administrator under oath.

(d) Upon a licensee's petition, the Department shall determine whether to grant a licensee's request for an extended correction time. Such petition shall be served on the Department prior to expiration of the correction time originally approved. The burden of proof is on the petitioning facility to show good cause for not being able to comply with the original correction time approved.

(e) If a facility desires to contest any Department action under this Section it shall send a written request for a hearing under Section 3-703 to the Department within 10 days of receipt of notice of the contested action. The Department shall commence the hearing as provided under Section 3-703. Whenever possible, all action of the Department under this Section arising out of a violation shall be contested and determined at a single hearing. Issues decided after a hearing may not be reheard at subsequent hearings under this Section.

Section 3-303.1. Waiver of facility's compliance with rule or standard. Upon application by a facility, the Director may grant or renew the waiver of the facility's compliance with a rule or standard for a period not to exceed the duration of the current license or, in the case of an application for license renewal, the duration of the renewal period. The waiver may be conditioned upon the facility taking action prescribed by the Director as a measure equivalent to compliance. In determining whether to grant or renew a waiver, the Director shall consider the duration and basis for any current waiver with respect to the same rule or standard and the validity and effect upon patient health and safety extending it on the same basis, the effect upon the health and safety of residents, the quality of resident care, the facility's history of compliance with the rules and standards of this Act and the facility's attempts to comply with the particular rule or standard in question. The Department may provide, by rule, for the automatic renewal of waivers concerning physical plant requirements upon the renewal of a license. The Department shall renew waivers relating to physical plant standards issued pursuant to this Section at the time of the indicated reviews, unless it can show why such waivers should not be extended for the following reasons:

(a) the condition of the physical plant has deteriorated or its use substantially changed so that the basis upon which the waiver was issued is materially different; or

New matter indicated by italics - deletions by strikeout.
(b) the facility is renovated or substantially remodeled in such a way as to permit compliance with the applicable rules and standards without substantial increase in cost. A copy of each waiver application and each waiver granted or renewed shall be on file with the Department and available for public inspection. The Director shall annually review such file and recommend to the Long-Term Care Facility Advisory Board established under Section 2-204 of the Nursing Home Care Act any modification in rules or standards suggested by the number and nature of waivers requested and granted and the difficulties faced in compliance by similarly situated facilities.

Section 3-303.2. Administrative warning.

(a) If the Department finds a situation, condition or practice which violates this Act or any rule promulgated thereunder which does not directly threaten the health, safety or welfare of a resident, the Department shall issue an administrative warning. Any administrative warning shall be served upon the facility in the same manner as the notice of violation under Section 3-301. The facility shall be responsible for correcting the situation, condition or practice; however, no written plan of correction need be submitted for an administrative warning, except for violations of Sections 3-401 through 3-413 or the rules promulgated thereunder. A written plan of correction is required to be filed for an administrative warning issued for violations of Sections 3-401 through 3-413 or the rules promulgated thereunder.

(b) If, however, the situation, condition or practice which resulted in the issuance of an administrative warning, with the exception of administrative warnings issued pursuant to Sections 3-401 through 3-413 or the rules promulgated thereunder, is not corrected by the next on site inspection by the Department which occurs no earlier than 90 days from the issuance of the administrative warning, a written plan of correction must be submitted in the same manner as provided in subsection (b) of Section 3-303.

Section 3-304. Quarterly list of facilities against which Department has taken action.

(a) The Department shall prepare on a quarterly basis a list containing the names and addresses of all facilities against which the Department during the previous quarter has:

(1) sent a notice under Section 3-307 regarding a penalty assessment under subsection (1) of Section 3-305;

(2) sent a notice of license revocation under Section 3-119;

New matter indicated by italics - deletions by strikeout.
(3) sent a notice refusing renewal of a license under Section 3-119;
(4) sent a notice to suspend a license under Section 3-119;
(5) issued a conditional license for violations that have not been corrected under Section 3-303 or penalties or fines described under Section 3-305 have been assessed under Section 3-307 or 3-308;

(7) initiated an action to appoint a receiver;
(8) recommended to the Director of Healthcare and Family Services, or the Secretary of the United States Department of Health and Human Services, the decertification for violations in relation to patient care of a facility pursuant to Titles XVIII and XIX of the federal Social Security Act.

(b) In addition to the name and address of the facility, the list shall include the name and address of the person or licensee against whom the action has been initiated, a self explanatory summary of the facts which warranted the initiation of each action, the type of action initiated, the date of the initiation of the action, the amount of the penalty sought to be assessed, if any, and the final disposition of the action, if completed.

(c) The list shall be available to any member of the public upon oral or written request without charge.

Section 3-304.1. Public computer access to information.
(a) The Department must make information regarding nursing homes in the State available to the public in electronic form on the World Wide Web, including all of the following information:

(9) deficiency free surveys; and
(10) enforcement actions and enforcement summaries.
(b) No fee or other charge may be imposed by the Department as a condition of accessing the information.
(c) The electronic public access provided through the World Wide Web shall be in addition to any other electronic or print distribution of the information.
(d) The information shall be made available as provided in this Section in the shortest practicable time after it is publicly available in any other form.

Section 3-305. Penalties or fines. The license of a facility which is in violation of this Act or any rule adopted thereunder may be subject to the penalties or fines levied by the Department as specified in this Section.
(1) Unless a greater penalty or fine is allowed under subsection (3), a licensee who commits a Type "A" violation as defined in Section 1-129 is automatically issued a conditional license for a period of 6 months to coincide with an acceptable plan of correction and assessed a fine computed at a rate of $5.00 per resident in the facility plus 20 cents per resident for each day of the violation, commencing on the date a notice of the violation is served under Section 3-301 and ending on the date the violation is corrected, or a fine of not less than $5,000, or when death, serious mental or physical harm, permanent disability, or disfigurement results, a fine of not less than $10,000, whichever is greater.
(2) A licensee who commits a Type "B" violation or who is issued an administrative warning for a violation of Sections 3-401 through 3-413 or the rules promulgated thereunder is subject to a penalty computed at a rate of $3 per resident in the facility, plus 15 cents per resident for each day of the violation, commencing on the date a notice of the violation is served under Section 3-301 and ending on the date the violation is corrected, or a fine not less than $500, whichever is greater. Such fine shall be assessed on the date of notice of the violation and shall be suspended for violations that continue after such date upon completion of a plan of correction in accordance with Section 3-308 in relation to the assessment of fines and correction. Failure to correct such violation within the time period approved under a plan of correction shall result in a fine and conditional license as provided under subsection (5).

New matter indicated by italics - deletions by strikeout.
(3) A licensee who commits a Type "A" violation as defined in Section 1-129 which continues beyond the time specified in paragraph (a) of Section 3 303 which is cited as a repeat violation shall have its license revoked and shall be assessed a fine of 3 times the fine computed per resident per day under subsection (1).

(4) A licensee who fails to satisfactorily comply with an accepted plan of correction for a Type "B" violation or an administrative warning issued pursuant to Sections 3-401 through 3-413 or the rules promulgated thereunder shall be automatically issued a conditional license for a period of not less than 6 months. A second or subsequent acceptable plan of correction shall be filed. A fine shall be assessed in accordance with subsection (2) when cited for the repeat violation. This fine shall be computed for all days of the violation, including the duration of the first plan of correction compliance time.

(5) For the purpose of computing a penalty under subsections (2) through (4), the number of residents per day shall be based on the average number of residents in the facility during the 30 days preceding the discovery of the violation.

(6) When the Department finds that a provision of Article II has been violated with regard to a particular resident, the Department shall issue an order requiring the facility to reimburse the resident for injuries incurred, or $100, whichever is greater. In the case of a violation involving any action other than theft of money belonging to a resident, reimbursement shall be ordered only if a provision of Article II has been violated with regard to that or any other resident of the facility within the 2 years immediately preceding the violation in question.

(7) For purposes of assessing fines under this Section, a repeat violation shall be a violation which has been cited during one inspection of the facility for which an accepted plan of correction was not complied with. A repeat violation shall not be a new citation of the same rule, unless the licensee is not substantially addressing the issue routinely throughout the facility. Section 3-306. Factors to be considered in determining penalty. In determining whether a penalty is to be imposed and in fixing the amount of the penalty to be imposed, if any, for a violation, the Director shall consider the following factors:

New matter indicated by italics - deletions by strikeout.
(1) The gravity of the violation, including the probability that death or serious physical or mental harm to a resident will result or has resulted; the severity of the actual or potential harm, and the extent to which the provisions of the applicable statutes or regulations were violated;

(2) The reasonable diligence exercised by the licensee and efforts to correct violations;

(3) Any previous violations committed by the licensee; and

(4) The financial benefit to the facility of committing or continuing the violation.

Section 3-307. Assessment of penalties; notice. The Director may directly assess penalties provided for under Section 3-305 of this Act. If the Director determines that a penalty should be assessed for a particular violation or for failure to correct it, the Director shall send a notice to the facility. The notice shall specify the amount of the penalty assessed, the violation, the statute or rule alleged to have been violated, and shall inform the licensee of the right to hearing under Section 3-703 of this Act. If the violation is continuing, the notice shall specify the amount of additional assessment per day for the continuing violation.

Section 3-308. Time of assessment; plan of correction. In the case of a Type "A" violation, a penalty may be assessed from the date on which the violation is discovered. In the case of a Type "B" or Type "C" violation or an administrative warning issued pursuant to Sections 3-401 through 3-413 or the rules promulgated thereunder, the facility shall submit a plan of correction as provided in Section 3-303. In the case of a Type "B" violation or an administrative warning issued pursuant to Sections 3-401 through 3-413 or the rules promulgated thereunder, a penalty shall be assessed on the date of notice of the violation, but the Director may reduce the amount or waive such payment for any of the following reasons:

(a) The facility submits a true report of correction within 10 days;

(b) The facility submits a plan of correction within 10 days and subsequently submits a true report of correction within 15 days thereafter;

(c) The facility submits a plan of correction within 10 days which provides for a correction time that is less than or equal to 30 days and the Department approves such plan; or

(d) The facility submits a plan of correction for violations involving substantial capital improvements which provides for correction within the initial 90 day limit provided under Section 3-303. The Director

shall consider the following factors in determinations to reduce or waive such penalties:

(1) The violation has not caused actual harm to a resident;
(2) The facility has made a diligent effort to correct the violation and to prevent its recurrence;
(3) The facility has no record of a pervasive pattern of the same or similar violations; and
(4) The facility has a record of substantial compliance with this Act and the regulations promulgated hereunder.

If a plan of correction is approved and carried out for a Type "C" violation, the fine provided under Section 3-305 shall be suspended for the time period specified in the approved plan of correction. If a plan of correction is approved and carried out for a Type "B" violation or an administrative warning issued pursuant to Sections 3-401 through 3-413 or the rules promulgated thereunder, with respect to a violation that continues after the date of notice of violation, the fine provided under Section 3-305 shall be suspended for the time period specified in the approved plan of correction.

If a good faith plan of correction is not received within the time provided by Section 3-303, a penalty may be assessed from the date of the notice of the Type "B" or "C" violation or an administrative warning issued pursuant to Sections 3-401 through 3-413 or the rules promulgated thereunder served under Section 3-301 until the date of the receipt of a good faith plan of correction, or until the date the violation is corrected, whichever is earlier. If a violation is not corrected within the time specified by an approved plan of correction or any lawful extension thereof, a penalty may be assessed from the date of notice of the violation, until the date the violation is corrected.

Section 3-309. Contesting assessment of penalty. A facility may contest an assessment of a penalty by sending a written request to the Department for hearing under Section 3-703. Upon receipt of the request the Department shall hold a hearing as provided under Section 3-703.

Section 3-310. Collection of penalties. All penalties shall be paid to the Department within 10 days of receipt of notice of assessment or, if the penalty is contested under Section 3-309, within 10 days of receipt of the final decision, unless the decision is appealed and the order is stayed by court order under Section 3-713. A penalty assessed under this Act shall be collected by the Department and shall be deposited with the State Treasurer into the Long Term Care Monitor/Receiver Fund. If the person

or facility against whom a penalty has been assessed does not comply with a written demand for payment within 30 days, the Director shall issue an order to do any of the following:

   (1) Direct the State Treasurer to deduct the amount of the fine from amounts otherwise due from the State for the penalty and remit that amount to the Department;

   (2) Add the amount of the penalty to the facility’s licensing fee; if the licensee refuses to make the payment at the time of application for renewal of its license, the license shall not be renewed; or

   (3) Bring an action in circuit court to recover the amount of the penalty.

   With the approval of the federal centers for Medicaid and Medicare services, the Director of Public Health shall set aside 50% of the federal civil monetary penalties collected each year to be used to award grants under the Innovations in Long-term Care Quality Grants Act.

   Section 3-311. Issuance of conditional license in addition to penalties. In addition to the right to assess penalties under this Act, the Director may issue a conditional license under Section 3-305 to any facility if the Director finds that either a Type "A" or Type "B" violation exists in such facility. The issuance of a conditional license shall revoke any license held by the facility.

   Section 3-312. Plan of correction required before issuance of conditional license. Prior to the issuance of a conditional license, the Department shall review and approve a written plan of correction. The Department shall specify the violations which prevent full licensure and shall establish a time schedule for correction of the deficiencies. Retention of the license shall be conditional on the timely correction of the deficiencies in accordance with the plan of correction.

   Section 3-313. Notice of issuance of conditional license. Written notice of the decision to issue a conditional license shall be sent to the applicant or licensee together with the specification of all violations of this Act and the rules promulgated thereunder which prevent full licensure and which form the basis for the Department's decision to issue a conditional license and the required plan of correction. The notice shall inform the applicant or licensee of its right to a full hearing under Section 3-315 to contest the issuance of the conditional license.

   Section 3-315. Hearing on conditional license or plan of correction. If the applicant or licensee desires to contest the basis for issuance of a
conditional license, or the terms of the plan of correction, the applicant or licensee shall send a written request for hearing to the Department within 10 days after receipt by the applicant or licensee of the Department's notice and decision to issue a conditional license. The Department shall hold the hearing as provided under Section 3-703.

Section 3-316. Period of conditional license. A conditional license shall be issued for a period specified by the Department, but in no event for more than one year. The Department shall periodically inspect any facility operating under a conditional license. If the Department finds substantial failure by the facility to timely correct the violations which prevented full licensure and formed the basis for the Department's decision to issue a conditional license in accordance with the required plan of correction, the conditional license may be revoked as provided under Section 3-119.

Section 3-318. Business offenses.
(a) No person shall:
   (1) Intentionally fail to correct or interfere with the correction of a Type "A" or Type "B" violation within the time specified on the notice or approved plan of correction under this Act as the maximum period given for correction, unless an extension is granted and the corrections are made before expiration of extension;
   (2) Intentionally prevent, interfere with, or attempt to impede in any way any duly authorized investigation and enforcement of this Act;
   (3) Intentionally prevent or attempt to prevent any examination of any relevant books or records pertinent to investigations and enforcement of this Act;
   (4) Intentionally prevent or interfere with the preservation of evidence pertaining to any violation of this Act or the rules promulgated under this Act;
   (5) Intentionally retaliate or discriminate against any resident or employee for contacting or providing information to any state official, or for initiating, participating in, or testifying in an action for any remedy authorized under this Act;
   (6) Wilfully file any false, incomplete or intentionally misleading information required to be filed under this Act, or wilfully fail or refuse to file any required information; or
   (7) Open or operate a facility without a license.

(b) A violation of this Section is a business offense, punishable by a fine not to exceed $10,000, except as otherwise provided in subsection (2) of Section 3-103 as to submission of false or misleading information in a license application.

(c) The State's Attorney of the county in which the facility is located, or the Attorney General, shall be notified by the Director of any violations of this Section.

Section 3-320. Review under Administrative Review Law. All final administrative decisions of the Department under this Act are subject to judicial review under the Administrative Review Law, as now or hereafter amended, and the rules adopted pursuant thereto. The term "administrative decision" is defined as in Section 3-101 of the Code of Civil Procedure.

PART 4. DISCHARGE AND TRANSFER

Section 3-401. Involuntary transfer or discharge of resident. A facility may involuntarily transfer or discharge a resident only for one or more of the following reasons:

(a) for medical reasons;
(b) for the resident's physical safety;
(c) for the physical safety of other residents, the facility staff or facility visitors; or
(d) for either late payment or nonpayment for the resident's stay, except as prohibited by Titles XVIII and XIX of the federal Social Security Act. For purposes of this Section, "late payment" means non receipt of payment after submission of a bill. If payment is not received within 45 days after submission of a bill, a facility may send a notice to the resident and responsible party requesting payment within 30 days. If payment is not received within such 30 days, the facility may thereupon institute transfer or discharge proceedings by sending a notice of transfer or discharge to the resident and responsible party by registered or certified mail. The notice shall state, in addition to the requirements of Section 3-403 of this Act, that the responsible party has the right to pay the amount of the bill in full up to the date the transfer or discharge is to be made and then the resident shall have the right to remain in the facility. Such payment shall terminate the transfer or discharge proceedings. This subsection does not apply to those residents whose care is provided for under the Illinois Public Aid Code. The Department shall adopt rules setting forth the criteria and procedures to be applied in cases of involuntary transfer or discharge permitted under this Section.

Section 3-401.1. Medical assistance recipients.

(a) A facility participating in the Medical Assistance Program is prohibited from failing or refusing to retain as a resident any person because he or she is a recipient of or an applicant for the Medical Assistance Program under Article V of the Illinois Public Aid Code.

(a-5) A facility of which only a distinct part is certified to participate in the Medical Assistance Program may refuse to retain as a resident any person who resides in a part of the facility that does not participate in the Medical Assistance Program and who is unable to pay for his or her care in the facility without Medical Assistance only if:

(1) the facility, no later than at the time of admission and at the time of the resident's contract renewal, explains to the resident (unless he or she is incompetent), and to the resident's representative, and to the person making payment on behalf of the resident for the resident's stay, in writing, that the facility may discharge the resident if the resident is no longer able to pay for his or her care in the facility without Medical Assistance;

(2) the resident (unless he or she is incompetent), the resident's representative, and the person making payment on behalf of the resident for the resident's stay, acknowledge in writing that they have received the written explanation.

(a-10) For the purposes of this Section, a recipient or applicant shall be considered a resident in the facility during any hospital stay totaling 10 days or less following a hospital admission. The Department of Healthcare and Family Services shall recoup funds from a facility when, as a result of the facility's refusal to readmit a recipient after hospitalization for 10 days or less, the recipient incurs hospital bills in an amount greater than the amount that would have been paid by that Department for care of the recipient in the facility. The amount of the recoupment shall be the difference between the Department of Healthcare and Family Services' payment for hospital care and the amount that Department would have paid for care in the facility.

(b) A facility which violates this Section shall be guilty of a business offense and fined not less than $500 nor more than $1,000 for the first offense and not less than $1,000 nor more than $5,000 for each subsequent offense.

Section 3-402. Notice of involuntary transfer or discharge. Involuntary transfer or discharge of a resident from a facility shall be preceded by the discussion required under Section 3-408 and by a

minimum written notice of 21 days, except in one of the following instances:

(a) when an emergency transfer or discharge is ordered by the resident's attending physician because of the resident's health care needs; or

(b) when the transfer or discharge is mandated by the physical safety of other residents, the facility staff, or facility visitors, as documented in the clinical record. The Department shall be notified prior to any such involuntary transfer or discharge. The Department shall immediately offer transfer, or discharge and relocation assistance to residents transferred or discharged under this subparagraph (b), and the Department may place relocation teams as provided in Section 3-419 of this Act.

Section 3-403. Contents of notice; right to hearing. The notice required by Section 3-402 shall be on a form prescribed by the Department and shall contain all of the following:

(a) The stated reason for the proposed transfer or discharge;
(b) The effective date of the proposed transfer or discharge;
(c) A statement in not less than 12 point type, which reads: "You have a right to appeal the facility's decision to transfer or discharge you. If you think you should not have to leave this facility, you may file a request for a hearing with the Department of Public Health within 10 days after receiving this notice. If you request a hearing, it will be held not later than 10 days after your request, and you generally will not be transferred or discharged during that time. If the decision following the hearing is not in your favor, you generally will not be transferred or discharged prior to the expiration of 30 days following receipt of the original notice of the transfer or discharge. A form to appeal the facility's decision and to request a hearing is attached. If you have any questions, call the Department of Public Health at the telephone number listed below.");
(d) A hearing request form, together with a postage paid, preaddressed envelope to the Department; and
(e) The name, address, and telephone number of the person charged with the responsibility of supervising the transfer or discharge.

Section 3-404. Request for hearing; effect on transfer. A request for a hearing made under Section 3-403 shall stay a transfer pending a hearing or appeal of the decision, unless a condition which would have allowed transfer or discharge in less than 21 days as described under paragraphs (a) and (b) of Section 3-402 develops in the interim.

Section 3-405. Copy of notice in resident's record; copy to Department. A copy of the notice required by Section 3-402 shall be placed in the resident's clinical record and a copy shall be transmitted to the Department, the resident, the resident's representative, and, if the resident's care is paid for in whole or part through Title XIX, the Department of Healthcare and Family Services.

Section 3-406. Medical assistance recipient; transfer or discharge as result of action by Department of Healthcare and Family Services. When the basis for an involuntary transfer or discharge is the result of an action by the Department of Healthcare and Family Services with respect to a recipient of assistance under Title XIX of the Social Security Act and a hearing request is filed with the Department of Healthcare and Family Services, the 21-day written notice period shall not begin until a final decision in the matter is rendered by the Department of Healthcare and Family Services or a court of competent jurisdiction and notice of that final decision is received by the resident and the facility.

Section 3-407. Nonpayment as basis for transfer or discharge. When nonpayment is the basis for involuntary transfer or discharge, the resident shall have the right to redeem up to the date that the discharge or transfer is to be made and then shall have the right to remain in the facility.

Section 3-408. Discussion of planned transfer or discharge. The planned involuntary transfer or discharge shall be discussed with the resident, the resident's representative and person or agency responsible for the resident's placement, maintenance, and care in the facility. The explanation and discussion of the reasons for involuntary transfer or discharge shall include the facility administrator or other appropriate facility representative as the administrator's designee. The content of the discussion and explanation shall be summarized in writing and shall include the names of the individuals involved in the discussions and made a part of the resident's clinical record.

Section 3-409. Counseling services. The facility shall offer the resident counseling services before the transfer or discharge of the resident.

Section 3-410. Request for hearing on transfer or discharge. A resident subject to involuntary transfer or discharge from a facility, the resident's guardian or if the resident is a minor, his or her parent shall have the opportunity to file a request for a hearing with the Department within 10 days following receipt of the written notice of the involuntary transfer or discharge by the facility.

New matter indicated by italics - deletions by strikeout.
Section 3-411. Hearing; time. The Department of Public Health, when the basis for involuntary transfer or discharge is other than action by the Department of Healthcare and Family Services with respect to the Title XIX Medicaid recipient, shall hold a hearing at the resident's facility not later than 10 days after a hearing request is filed, and render a decision within 14 days after the filing of the hearing request.

Section 3-412. Conduct of hearing. The hearing before the Department provided under Section 3-411 shall be conducted as prescribed under Section 3-703. In determining whether a transfer or discharge is authorized, the burden of proof in this hearing rests on the person requesting the transfer or discharge.

Section 3-413. Time for leaving facility. If the Department determines that a transfer or discharge is authorized under Section 3-401, the resident shall not be required to leave the facility before the 34th day following receipt of the notice required under Section 3-402, or the 10th day following receipt of the Department's decision, whichever is later, unless a condition which would have allowed transfer or discharge in less than 21 days as described under paragraphs (a) and (b) of Section 3-402 develops in the interim.

Section 3-414. Continuation of medical assistance funding. The Department of Healthcare and Family Services shall continue Title XIX Medicaid funding during the appeal, transfer, or discharge period for those residents who are recipients of assistance under Title XIX of the Social Security Act affected by Section 3-401.

Section 3-415. Transfer or discharge by Department; grounds. The Department may transfer or discharge any resident from any facility required to be licensed under this Act when any of the following conditions exist:

(b) The Department has suspended, revoked or refused to renew the license of the facility as provided under Section 3-119;
(c) The facility has requested the aid of the Department in the transfer or discharge of the resident and the Department finds that the resident consents to transfer or discharge;
(d) The facility is closing or intends to close and adequate arrangement for relocation of the resident has not been made at least 30 days prior to closure; or
(e) The Department determines that an emergency exists which requires immediate transfer or discharge of the resident.

Section 3-416. Transfer or discharge by Department; likelihood of serious harm. In deciding to transfer or discharge a resident from a facility under Section 3-415, the Department shall consider the likelihood of serious harm which may result if the resident remains in the facility.

Section 3-417. Relocation assistance. The Department shall offer transfer or discharge and relocation assistance to residents transferred or discharged under Sections 3-401 through 3-415, including information on available alternative placements. Residents shall be involved in planning the transfer or discharge and shall choose among the available alternative placements, except that where an emergency makes prior resident involvement impossible the Department may make a temporary placement until a final placement can be arranged. Residents may choose their final alternative placement and shall be given assistance in transferring to such place. No resident may be forced to remain in a temporary or permanent placement. Where the Department makes or participates in making the relocation decision, consideration shall be given to proximity to the resident's relatives and friends. The resident shall be allowed 3 visits to potential alternative placements prior to removal, except where medically contraindicated or where the need for immediate transfer or discharge requires reduction in the number of visits.

Section 3-418. Transfer or discharge plans. The Department shall prepare resident transfer or discharge plans to assure safe and orderly removals and protect residents' health, safety, welfare and rights. In nonemergencies, and where possible in emergencies, the Department shall design and implement such plans in advance of transfer or discharge.

Section 3-419. Relocation teams. The Department may place relocation teams in any facility from which residents are being discharged or transferred for any reason, for the purpose of implementing transfer or discharge plans.

Section 3-420. Transfer or discharge by Department; notice. In any transfer or discharge conducted under Sections 3-415 through 3-418 the Department shall do the following:

(a) Provide written notice to the facility prior to the transfer or discharge. The notice shall state the basis for the order of transfer or discharge and shall inform the facility of its right to an informal conference prior to transfer or discharge under this Section, and its right to a subsequent hearing under Section 3-422. If a facility desires to contest a nonemergency transfer or discharge, prior to transfer or discharge it shall, within 4 working days after receipt of the notice, send a written request for

an informal conference to the Department. The Department shall, within 4 working days from the receipt of the request, hold an informal conference in the county in which the facility is located. Following this conference, the Department may affirm, modify or overrule its previous decision. Except in an emergency, transfer or discharge may not begin until the period for requesting a conference has passed or, if a conference is requested, until after a conference has been held.

(b) Provide written notice to any resident to be removed, to the resident's representative, if any, and to a member of the resident's family, where practicable, prior to the removal. The notice shall state the reason for which transfer or discharge is ordered and shall inform the resident of the resident's right to challenge the transfer or discharge under Section 3-422. The Department shall hold an informal conference with the resident or the resident's representative prior to transfer or discharge at which the resident or the representative may present any objections to the proposed transfer or discharge plan or alternative placement.

Section 3-421. Notice of emergency. In any transfer or discharge conducted under subsection (e) of Section 3-415, the Department shall notify the facility and any resident to be removed that an emergency has been found to exist and removal has been ordered, and shall involve the residents in removal planning if possible. Following emergency removal, the Department shall provide written notice to the facility, to the resident, to the resident's representative, if any, and to a member of the resident's family, where practicable, of the basis for the finding that an emergency existed and of the right to challenge removal under Section 3-422.

Section 3-422. Hearing to challenge transfer or discharge. Within 10 days following transfer or discharge, the facility or any resident transferred or discharged may send a written request to the Department for a hearing under Section 3-703 to challenge the transfer or discharge. The Department shall hold the hearing within 30 days of receipt of the request. The hearing shall be held at the facility from which the resident is being transferred or discharged, unless the resident or resident's representative, requests an alternative hearing site. If the facility prevails, it may file a claim against the State under the Court of Claims Act for payments lost less expenses saved as a result of the transfer or discharge. No resident transferred or discharged may be held liable for the charge for care which would have been made had the resident remained in the facility. If a resident prevails, the resident may file a claim against the State under the Court of Claims Act for any excess expenses directly caused by the order

to transfer or discharge. The Department shall assist the resident in returning to the facility if assistance is requested.

Section 3-423. Closure of facility; notice. Any owner of a facility licensed under this Act shall give 90 days' notice prior to voluntarily closing a facility or closing any part of a facility, or prior to closing any part of a facility if closing such part will require the transfer or discharge of more than 10% of the residents. Such notice shall be given to the Department, to any resident who must be transferred or discharged, to the resident's representative, and to a member of the resident's family, where practicable. Notice shall state the proposed date of closing and the reason for closing. The facility shall offer to assist the resident in securing an alternative placement and shall advise the resident on available alternatives. Where the resident is unable to choose an alternate placement and is not under guardianship, the Department shall be notified of the need for relocation assistance. The facility shall comply with all applicable laws and regulations until the date of closing, including those related to transfer or discharge of residents. The Department may place a relocation team in the facility as provided under Section 3-419.

PART 5. MONITORS AND RECEIVERSHIP

Section 3-501. Monitor or receiver for facility; grounds. The Department may place an employee or agent to serve as a monitor in a facility or may petition the circuit court for appointment of a receiver for a facility, or both, when any of the following conditions exist:

(a) The facility is operating without a license;
(b) The Department has suspended, revoked or refused to renew the existing license of the facility;
(c) The facility is closing or has informed the Department that it intends to close and adequate arrangements for relocation of residents have not been made at least 30 days prior to closure;
(d) The Department determines that an emergency exists, whether or not it has initiated revocation or nonrenewal procedures, if because of the unwillingness or inability of the licensee to remedy the emergency the Department believes a monitor or receiver is necessary; or
(e) The Department is notified that the facility is terminated or will not be renewed for participation in the federal reimbursement program under either Title XVIII or Title XIX of the Social Security Act. As used in subsection (d) and Section 3-503, "emergency" means a threat to the health, safety or welfare of a resident that the facility is unwilling or unable to correct.

New matter indicated by italics - deletions by strikeout.
Section 3-502. Placement of monitor by Department. In any situation described in Section 3-501, the Department may place a qualified person to act as monitor in the facility. The monitor shall observe operation of the facility, assist the facility by advising it on how to comply with the State regulations, and shall report periodically to the Department on the operation of the facility.

Section 3-503. Emergency; petition for receiver. Where a resident, a resident's representative or a resident's next of kin believes that an emergency exists each of them, collectively or separately, may file a verified petition to the circuit court for the county in which the facility is located for an order placing the facility under the control of a receiver.

Section 3-504. Hearing on petition for receiver; grounds for appointment of receiver. The court shall hold a hearing within 5 days of the filing of the petition. The petition and notice of the hearing shall be served on the owner, administrator or designated agent of the facility as provided under the Civil Practice Law, or the petition and notice of hearing shall be posted in a conspicuous place in the facility not later than 3 days before the time specified for the hearing, unless a different period is fixed by order of the court. The court shall appoint a receiver for a limited time period, not to exceed 180 days, if it finds that:

(a) The facility is operating without a license;
(b) The Department has suspended, revoked or refused to renew the existing license of a facility;
(c) The facility is closing or has informed the Department that it intends to close and adequate arrangements for relocation of residents have not been made at least 30 days prior to closure; or
(d) An emergency exists, whether or not the Department has initiated revocation or nonrenewal procedures, if because of the unwillingness or inability of the licensee to remedy the emergency the appointment of a receiver is necessary.

Section 3-505. Emergency; time for hearing. If a petition filed under Section 3-503 alleges that the conditions set out in subsection 3-504 (d) exist within a facility, the court may set the matter for hearing at the earliest possible time. The petitioner shall notify the licensee, administrator of the facility, or registered agent of the licensee prior to the hearing. Any form of written notice may be used. A receivership shall not be established ex parte unless the court determines that the conditions set out in subsection 3-504(d) exist in a facility; that the licensee cannot be
found; and that the petitioner has exhausted all reasonable means of locating and notifying the licensee, administrator or registered agent.

Section 3-506. Appointment of receiver. The court may appoint any qualified person as a receiver, except it shall not appoint any owner or affiliate of the facility which is in receivership as its receiver. The Department shall maintain a list of such persons to operate facilities which the court may consider. The court shall give preference to licensed nursing home administrators in appointing a receiver.

Section 3-507. Health, safety, and welfare of residents. The receiver shall make provisions for the continued health, safety and welfare of all residents of the facility.

Section 3-508. Receiver's powers and duties. A receiver appointed under this Act:

(a) Shall exercise those powers and shall perform those duties set out by the court.

(b) Shall operate the facility in such a manner as to assure safety and adequate health care for the residents.

(c) Shall have the same rights to possession of the building in which the facility is located and of all goods and fixtures in the building at the time the petition for receivership is filed as the owner would have had if the receiver had not been appointed, and of all assets of the facility. The receiver shall take such action as is reasonably necessary to protect or conserve the assets or property of which the receiver takes possession, or the proceeds from any transfer thereof, and may use them only in the performance of the powers and duties set forth in this Section and by order of the court.

(d) May use the building, fixtures, furnishings and any accompanying consumable goods in the provision of care and services to residents and to any other persons receiving services from the facility at the time the petition for receivership was filed. The receiver shall collect payments for all goods and services provided to residents or others during the period of the receivership at the same rate of payment charged by the owners at the time the petition for receivership was filed.

(e) May correct or eliminate any deficiency in the structure or furnishings of the facility which endangers the safety or health of residents while they remain in the facility, provided the total cost of correction does not exceed $3,000. The court may order expenditures for this purpose in excess of $3,000 on application from the receiver after notice to the owner and hearing.

New matter indicated by italics - deletions by strikeout.
(f) May let contracts and hire agents and employees to carry out the powers and duties of the receiver under this Section.

(g) Except as specified in Section 3-510, shall honor all leases, mortgages and secured transactions governing the building in which the facility is located and all goods and fixtures in the building of which the receiver has taken possession, but only to the extent of payments which, in the case of a rental agreement, are for the use of the property during the period of the receivership, or which, in the case of a purchase agreement, come due during the period of the receivership.

(h) Shall have full power to direct and manage and to discharge employees of the facility, subject to any contract rights they may have. The receiver shall pay employees at the same rate of compensation, including benefits, that the employees would have received from the owner. Receivership does not relieve the owner of any obligation to employees not carried out by the receiver.

(i) Shall, if any resident is transferred or discharged, follow the procedures set forth in Part 4 of this Article.

(j) Shall be entitled to and shall take possession of all property or assets of residents which are in the possession of a facility or its owner. The receiver shall preserve all property, assets and records of residents of which the receiver takes possession and shall provide for the prompt transfer of the property, assets and records to the new placement of any transferred resident.

(k) Shall report to the court on any actions he has taken to bring the facility into compliance with this Act or with Title XVIII or XIX of the Social Security Act that he believes should be continued when the receivership is terminated in order to protect the health, safety or welfare of the residents.

Section 3-509. Payment for goods or services provided by receiver.

(a) A person who is served with notice of an order of the court appointing a receiver and of the receiver's name and address shall be liable to pay the receiver for any goods or services provided by the receiver after the date of the order if the person would have been liable for the goods or services as supplied by the owner. The receiver shall give a receipt for each payment and shall keep a copy of each receipt on file. The receiver shall deposit amounts received in a separate account and shall use this account for all disbursements.

(b) The receiver may bring an action to enforce the liability created by subsection (a) of this Section.
(c) A payment to the receiver of any sum owing to the facility or its owner shall discharge any obligation to the facility to the extent of the payment.

Section 3-510. Receiver's avoidance of obligations; reasonable rental, price, or rate of interest to be paid by receiver.

(a) A receiver may petition the court that he or she not be required to honor any lease, mortgage, secured transaction or other wholly or partially executory contract entered into by the owner of the facility if the rent, price or rate of interest required to be paid under the agreement was substantially in excess of a reasonable rent, price or rate of interest at the time the contract was entered into, or if any material provision of the agreement was unreasonable.

(b) If the receiver is in possession of real estate or goods subject to a lease, mortgage or security interest which the receiver has obtained a court order to avoid under subsection (a) of this Section, and if the real estate or goods are necessary for the continued operation of the facility under this Section, the receiver may apply to the court to set a reasonable rental, price or rate of interest to be paid by the receiver during the duration of the receivership. The court shall hold a hearing on the application within 15 days. The receiver shall send notice of the application to any known persons who own the property involved at least 10 days prior to the hearing. Payment by the receiver of the amount determined by the court to be reasonable is a defense to any action against the receiver for payment or for possession of the goods or real estate subject to the lease, security interest or mortgage involved by any person who received such notice, but the payment does not relieve the owner of the facility of any liability for the difference between the amount paid by the receiver and the amount due under the original lease, security interest or mortgage involved.

Section 3-511. Insufficient funds collected; reimbursement of receiver by Department. If funds collected under Sections 3-508 and 3-509 are insufficient to meet the expenses of performing the powers and duties conferred on the receiver, or if there are insufficient funds on hand to meet those expenses, the Department may reimburse the receiver for those expenses from funds appropriated for its ordinary and contingent expenses by the General Assembly after funds contained in the Long Term Care Monitor/Receiver Fund have been exhausted.

Section 3-512. Receiver's compensation. The court shall set the compensation of the receiver, which will be considered a necessary expense of a receivership under Section 3-516.

Section 3-513. Action against receiver.
(a) In any action or special proceeding brought against a receiver in the receiver's official capacity for acts committed while carrying out powers and duties under this Article, the receiver shall be considered a public employee under the Local Governmental and Governmental Employees Tort Immunity Act, as now or hereafter amended.
(b) A receiver may be held liable in a personal capacity only for the receiver's own gross negligence, intentional acts or breach of fiduciary duty.
(c) The court may require a receiver to post a bond.

Section 3-514. License to facility in receivership. Other provisions of this Act notwithstanding, the Department may issue a license to a facility placed in receivership. The duration of a license issued under this Section is limited to the duration of the receivership.

Section 3-515. Termination of receivership. The court may terminate a receivership:
(a) If the time period specified in the order appointing the receiver elapses and is not extended;
(b) If the court determines that the receivership is no longer necessary because the conditions which gave rise to the receivership no longer exist; or the Department grants the facility a new license, whether the structure of the facility, the right to operate the facility, or the land on which it is located is under the same or different ownership; or
(c) If all of the residents in the facility have been transferred or discharged. Before terminating a receivership, the court may order the Department to require any licensee to comply with the recommendations of the receiver made under subsection (k) of Section 3-508. A licensee may petition the court to be relieved of this requirement.

Section 3-516. Accounting by receiver; Department's lien.
(a) Within 30 days after termination, the receiver shall give the court a complete accounting of all property of which the receiver has taken possession, of all funds collected, and of the expenses of the receivership.
(b) If the operating funds collected by the receiver under Sections 3-508 and 3-509 exceed the reasonable expenses of the receivership, the court shall order payment of the surplus to the owner, after reimbursement of funds drawn from the contingency fund under Section 3-511. If the

operating funds are insufficient to cover the reasonable expenses of the receivership, the owner shall be liable for the deficiency. Payment recovered from the owner shall be used to reimburse the contingency fund for amounts drawn by the receiver under Section 3-511.

(c) The Department shall have a lien for any payment made under Section 3-511 upon any beneficial interest, direct or indirect, of any owner in the following property:

(1) The building in which the facility is located;
(2) Any fixtures, equipment or goods used in the operation of the facility;
(3) The land on which the facility is located; or
(4) The proceeds from any conveyance of property described in subparagraphs (1), (2) or (3) above, made by the owner within one year prior to the filing of the petition for receivership.

(d) The lien provided by this Section is prior to any lien or other interest which originates subsequent to the filing of a petition for receivership under this Article, except for a construction or mechanic's lien arising out of work performed with the express consent of the receiver.

(e) The receiver shall, within 60 days after termination of the receivership, file a notice of any lien created under this Section. If the lien is on real property, the notice shall be filed with the recorder. If the lien is on personal property, the lien shall be filed with the Secretary of State. The notice shall specify the name of the person against whom the lien is claimed, the name of the receiver, the dates of the petition for receivership and the termination of receivership, a description of the property involved and the amount claimed. No lien shall exist under this Article against any person, on any property, or for any amount not specified in the notice filed under this subsection (e).

Section 3-517. Civil and criminal liability during receivership. Nothing in this Act shall be deemed to relieve any owner, administrator or employee of a facility placed in receivership of any civil or criminal liability incurred, or any duty imposed by law, by reason of acts or omissions of the owner, administrator, or employee prior to the appointment of a receiver; nor shall anything contained in this Act be construed to suspend during the receivership any obligation of the owner, administrator, or employee for payment of taxes or other operating and maintenance expenses of the facility nor of the owner, administrator, employee or any other person for the payment of mortgages or liens. PART 7. COMPLAINT, HEARING, AND APPEAL

Section 3-701. Public nuisance; action for injunction. The operation or maintenance of a facility in violation of this Act, or of the rules and regulations promulgated by the Department, is declared a public nuisance inimical to the public welfare. The Director in the name of the people of the State, through the Attorney General, or the State's Attorney of the county in which the facility is located, or in respect to any city, village or incorporated town which provides for the licensing and regulation of any or all such facilities, the Director or the mayor or president of the Board of Trustees, as the case may require, of the city, village or incorporated town, in the name of the people of the State, through the Attorney General or State's attorney of the county in which the facility is located, may, in addition to other remedies herein provided, bring action for an injunction to restrain such violation or to enjoin the future operation or maintenance of any such facility.

Section 3-702. Request for investigation of violation.
(a) A person who believes that this Act or a rule promulgated under this Act may have been violated may request an investigation. The request may be submitted to the Department in writing, by telephone, or by personal visit. An oral complaint shall be reduced to writing by the Department. The Department shall request information identifying the complainant, including the name, address and telephone number, to help enable appropriate follow up. The Department shall act on such complaints via on-site visits or other methods deemed appropriate to handle the complaints with or without such identifying information, as otherwise provided under this Section. The complainant shall be informed that compliance with such request is not required to satisfy the procedures for filing a complaint under this Act.

(c) The Department shall not disclose the name of the complainant unless the complainant consents in writing to the disclosure or the investigation results in a judicial proceeding, or unless disclosure is essential to the investigation. The complainant shall be given the opportunity to withdraw the complaint before disclosure. Upon the request of the complainant, the Department may permit the complainant or a representative of the complainant to accompany the person making the on-site inspection of the facility.

(d) Upon receipt of a complaint, the Department shall determine whether this Act or a rule promulgated under this Act has been or is being violated. The Department shall investigate all complaints alleging abuse or neglect within 7 days after the receipt of the complaint except that complaints of abuse or neglect which indicate that a resident's life or safety is in imminent danger shall be investigated within 24 hours after receipt of the complaint. All other complaints shall be investigated within 30 days after the receipt of the complaint. The Department employees investigating a complaint shall conduct a brief, informal exit conference with the facility to alert its administration of any suspected serious deficiency that poses a direct threat to the health, safety or welfare of a resident to enable an immediate correction for the alleviation or elimination of such threat. Such information and findings discussed in the brief exit conference shall become a part of the investigating record but shall not in any way constitute an official or final notice of violation as provided under Section 3-301. All complaints shall be classified as "an invalid report", "a valid report", or "an undetermined report". For any complaint classified as "a valid report", the Department must determine within 30 working days if any rule or provision of this Act has been or is being violated.

(d-1) The Department shall, whenever possible, combine an on site investigation of a complaint in a facility with other inspections in order to avoid duplication of inspections.

(e) In all cases, the Department shall inform the complainant of its findings within 10 days of its determination unless otherwise indicated by the complainant, and the complainant may direct the Department to send a copy of such findings to another person. The Department shall also notify the facility of such findings within 10 days of the determination, but the

A request for a hearing by either a complainant or a facility shall be submitted in writing to the Department within 30 days after the mailing of the Department's findings as described in subsection (e) of this Section. Upon receipt of the request the Department shall conduct a hearing as provided under Section 3-703.

In the notice the Department shall specify the date, time and place of the hearing which shall be held not less than 10 days after the notice is mailed or delivered. The notice shall designate the decision being reviewed. The notice may be

(c) The Department shall commence the hearing within 30 days of the receipt of request for hearing. The hearing shall proceed as expeditiously as practicable, but in all cases shall conclude within 90 days of commencement.

In the event of the inability of any party or the Department to procure the attendance of witnesses to give testimony or produce books and papers, any party or the Department may take the deposition of witnesses in accordance with the provisions of the laws of this State. All testimony taken at a hearing shall be reduced to writing, and all such testimony and other evidence introduced at the hearing shall be a part of the record of the hearing.

Section 3-707. Findings of fact; decision. The Director or hearing officer shall make findings of fact in such hearing, and the Director shall render his or her decision within 30 days after the termination of the hearing, unless additional time not to exceed 90 days is required by him or her for a proper disposition of the matter. When the hearing has been conducted by a hearing officer, the Director shall review the record and findings of fact before rendering a decision. All decisions rendered by the Director shall be binding upon and complied with by the Department, the facility or the persons involved in the hearing, as appropriate to each case.

Section 3-708. Rules of evidence and procedure. The Director or hearing officer shall not be bound by common law or statutory rules of evidence, or by technical or formal rules of procedure, but shall conduct hearings in the manner best calculated to result in substantial justice.

Section 3-709. Service of subpoenas; witness fees. All subpoenas issued by the Director or hearing officer may be served as provided for in civil actions. The fees of witnesses for attendance and travel shall be the same as the fees for witnesses before the circuit court and shall be paid by the party to such proceeding at whose request the subpoena is issued.

such subpoena is issued at the request of the Department or by a person proceeding in forma pauperis the witness fee shall be paid by the Department as an administrative expense.

Section 3-710. Compelling obedience to subpoena. In cases of refusal of a witness to attend or testify or to produce books or papers, concerning any matter upon which he might be lawfully examined, the circuit court of the county wherein the hearing is held, upon application of any party to the proceeding, may compel obedience by a proceeding for contempt as in cases of a like refusal to obey a similar order of the court.

Section 3-711. Record of hearing; transcript. The Department, at its expense, shall provide a stenographer to take the testimony, or otherwise record the testimony, and preserve a record of all proceedings under this Section. The notice of hearing, the complaint and all other documents in the nature of pleadings and written motions filed in the proceedings, the transcript of testimony, and the findings and decision shall be the record of the proceedings. The Department shall furnish a transcript of such record to any person interested in such hearing upon payment therefor of 70 cents per page for each original transcript and 25 cents per page for each certified copy thereof. However, the charge for any part of such transcript ordered and paid for previous to the writing of the original record shall be 25 cents per page.

Section 3-712. Certification of record; fee. The Department shall not be required to certify any record or file any answer or otherwise appear in any proceeding for judicial review under Section 3-713 of this Act unless the party filing the complaint deposits with the clerk of the court the sum of 95 cents per page, representing the costs of such certification. Failure on the part of the plaintiff to make such deposit shall be grounds for dismissal of the action; provided, however, that persons proceeding in forma pauperis with the approval of the circuit court shall not be required to pay these fees.

Section 3-713. Judicial review; stay of enforcement of Department's decision.

(a) Final administrative decisions after hearing shall be subject to judicial review exclusively as provided in the Administrative Review Law, as now or hereafter amended, except that any petition for judicial review of Department action under this Act shall be filed within 15 days after receipt of notice of the final agency determination. The term "administrative decision" has the meaning ascribed to it in Section 3-101 of the Code of Civil Procedure.

New matter indicated by italics - deletions by strikeout.
(b) The court may stay enforcement of the Department's final decision or toll the continuing accrual of a penalty under Section 3-305 if a showing is made that there is a substantial probability that the party seeking review will prevail on the merits and will suffer irreparable harm if a stay is not granted, and that the facility will meet the requirements of this Act and the rules promulgated under this Act during such stay. Where a stay is granted the court may impose such conditions on the granting of the stay as may be necessary to safeguard the lives, health, rights, safety and welfare of residents, and to assure compliance by the facility with the requirements of this Act, including an order for transfer or discharge of residents under Sections 3-401 through 3-423 or for appointment of a receiver under Sections 3-501 through 3-517.

(c) Actions brought under this Act shall be set for trial at the earliest possible date and shall take precedence on the court calendar over all other cases except matters to which equal or superior precedence is specifically granted by law.

Section 3-714. Remedies cumulative. The remedies provided by this Act are cumulative and shall not be construed as restricting any party from seeking any remedy, provisional or otherwise, provided by law for the benefit of the party, from obtaining additional relief based upon the same facts.

PART 8. MISCELLANEOUS PROVISIONS

Section 3-801. Rules and regulations. The Department shall have the power to adopt rules and regulations to carry out the purpose of this Act.

Section 3-801.05. Rules adopted under prior law. The Department shall adopt rules to implement the changes concerning licensure of facilities under this Act instead of under the Nursing Home Care Act. Section 3-801.1. Access to records of resident with developmental disabilities. of inspection and copying, to the records of a person with developmental disabilities who resides in any such facility if (1) a complaint is received by such agency from or on behalf of the person with a developmental disability, and (2) such person does not have a guardian or the State or the designee of the State is the guardian of such person. The designated agency shall provide written notice to the person with developmental disabilities and the State guardian of the nature of the complaint based upon which the designated agency has gained access to the records. No record or the contents of any record shall be redisclosed by the designated agency unless the person with developmental disabilities and the State guardian are provided 7 days' advance written notice, except in emergency situations, of the designated agency's intent to redisclose such record, during which time the person with developmental disabilities or the State guardian may seek to judicially enjoin the designated agency's redisclosure of such record on the grounds that such redisclosure is contrary to the interests of the person with developmental disabilities. If a person with developmental disabilities resides in such a facility and has a guardian other than the State or the designee of the State, the facility director shall disclose the guardian's name, address, and telephone number to the designated agency at the agency's request.

Upon request, the designated agency shall be entitled to inspect and copy any records or other materials which may further the agency's investigation of problems affecting numbers of persons with developmental disabilities. When required by law any personally identifiable information of persons with a developmental disability shall be removed from the records. However, the designated agency may not inspect or copy any records or other materials when the removal of personally identifiable information imposes an unreasonable burden on the facility. For the purposes of this Section, "developmental disability" means a severe, chronic disability of a person which:

(A) is attributable to a mental or physical impairment or combination of mental and physical impairments;
(B) is manifested before the person attains age 22;
(C) is likely to continue indefinitely;
(D) results in substantial functional limitations in 3 or more of the following areas of major life activity: (i) self care, (ii) receptive and expressive language, (iii) learning, (iv) mobility, (v) self direction, (vi) capacity for independent living, and (vii) economic self sufficiency; and

(E) reflects the person's need for combination and sequence of special, interdisciplinary or generic care, treatment or other services which are of lifelong or extended duration and are individually planned and coordinated.

Section 3-802. Illinois Administrative Procedure Act. The provisions of the Illinois Administrative Procedure Act are hereby expressly adopted and shall apply to all administrative rules and procedures of the Department under this Act.

Section 3-803. Treatment by prayer or spiritual means. Nothing in this Act or the rules and regulations adopted pursuant thereto shall be construed as authorizing the medical supervision, regulation, or control of the remedial care or treatment of residents in any facility conducted for those who rely upon treatment by prayer or spiritual means in accordance with the creed or tenets of any well recognized church or religious denomination.

Section 3-804. Report to General Assembly. The Department shall report to the General Assembly by April 1 of each year upon the performance of its inspection, survey and evaluation duties under this Act, including the number and needs of the Department personnel engaged in such activities. The report shall also describe the Department's actions in enforcement of this Act, including the number and needs of personnel so engaged. The report shall also include the number of valid and invalid complaints filed with the Department within the last calendar year.

Within one day after posting the name and other information of an applicant for an absentee ballot, the election authority shall transmit that name and other posted information to the State Board of Elections, which shall maintain those names and other information in an electronic format on its website, arranged by county and accessible to State and local political committees. Mail delivery of Temporarily Absent Student ballot applications pursuant to Section 19-12.3 shall be by nonforwardable mail. the opening of the polls on election day, the election authority shall deliver
to the judges of election in each precinct the list of registered voters in that
precinct to whom absentee ballots have been issued by mail.

Each election authority shall maintain a list for each election of
voters to whom it has issued temporarily absent student ballots. The list

Application for a disabled voter's or nursing home resident's identification card shall be made either: (a) in writing, with voter's sworn affidavit, to the county clerk or board of election commissioners, as the case may be, and shall be accompanied by the affidavit of the attending physician specifically describing the nature of the physical incapacity or the fact that the voter is a nursing home resident and is physically unable to be present at the polls on election days; or (b) by presenting, in writing or otherwise, to the county clerk or board of election commissioners, as the case may be, proof that the applicant has secured an Illinois Disabled Person Identification Card indicating that the person named thereon has a Class 1A or Class 2 disability. Upon the receipt of either the sworn-to application and the physician's affidavit or proof that the applicant has secured an Illinois Disabled Person Identification Card indicating that the person named thereon has a Class 1A or Class 2 disability, the county clerk or board of election commissioners shall issue a disabled voter's or nursing home resident's identification card. Such identification cards shall be issued for a period of 5 years, upon the expiration of which time the voter may secure a new card by making application in the same manner as is prescribed for the issuance of an original card, accompanied by a new affidavit of the attending physician. Applications for the renewal of the identification cards shall be mailed to the voters holding such cards not less than 3 months prior to the date of expiration of the cards.

Each disabled voter's or nursing home resident's identification card shall bear an identification number, which shall be clearly noted on the voter's original and duplicate registration record cards. In the event the holder becomes physically capable of resuming normal voting, he must surrender his disabled voter's or nursing home resident's identification card to the county clerk or board of election commissioners before the next election.

the same information as is included in the form of application for ballot by
a physically incapacitated elector prescribed in Section 19-3 except that it
shall also include the applicant's disabled voter's identification card
number and except that it need not be sworn to. If an examination of the
records discloses that the applicant is lawfully entitled to vote, he shall be
mailed a ballot as provided in Section 19-4. The ballot envelope shall be
the same as that prescribed in Section 19-5 for physically disabled voters,
and the manner of voting and returning the ballot shall be the same as that
provided in this Article for other absentee ballots, except that a statement
to be subscribed to by the voter but which need not be sworn to shall be
placed on the ballot envelope in lieu of the affidavit prescribed by Section

Such voting shall be conducted during any continuous period sufficient to

judges shall be from different political parties. Not less than 30 days before each regular election, the election authority shall have arranged with the chief administrative officer of each facility in his or its election jurisdiction a mutually convenient time period on the Friday, Saturday, Sunday or Monday immediately preceding the election for such voting on the premises of the facility and shall post in a prominent place in his or its office a notice of the agreed day and time period for conducting such voting at each facility; provided that the election authority shall not later than noon on the Thursday before the election also post the names and addresses of those facilities from which no applications were received and in which no supervised absentee voting will be conducted. All provisions of this Code applicable to pollwatchers shall be applicable herein. To the maximum extent feasible, voting booths or screens shall be provided to insure the privacy of the voter. Voting procedures shall be as described in Article 17 of this Code, except that ballots shall be treated as absentee ballots and shall not be counted until the close of the polls on the following day. After the last voter has concluded voting, the judges shall seal the ballots in an envelope and affix their signatures across the flap of the envelope. Immediately thereafter, the judges shall bring the sealed envelope to the office of the election authority who shall deliver such ballots to the election authority's central ballot counting location prior to the closing of the polls on the day of election. The judges of election shall also report to the election authority the name of any applicant in the facility who, due to unforeseen circumstance or condition or because of a religious holiday, was unable to vote. In this event, the election authority may appoint a qualified person from his or its staff to deliver the ballot to such applicant on the day of election. This staff person shall follow the same procedures prescribed for judges conducting absentee voting in such facilities and shall return the ballot to the central ballot counting location before the polls close. However, if the facility from which the application was made is also used as a regular precinct polling place for that voter, voting procedures heretofore prescribed may be implemented by 2 of the election judges of opposite party affiliation assigned to that polling place during the hours of voting on the day of the election. Judges of election shall be compensated not less than $25.00 for conducting absentee voting in such facilities.
