EFFECTIVE DATES OF PUBLIC ACTS

1970 CONSTITUTION, ARTICLE IV

"§ 10. Effective Date of Laws
The General Assembly shall provide by law for a uniform effective date for laws passed prior to July 1 of a calendar year. The General Assembly may provide for a different effective date in any law passed prior to July 1. A bill passed after June 30 shall not become effective prior to July 1 of the next calendar year unless the General Assembly by the vote of three-fifths of the members elected to each house provides for an earlier effective date."

5 ILLINOIS COMPILED STATUTES CHAPTER 75

75/1. Effective Date of Laws
"§1 (a) A bill passed after June 30 of a calendar year shall become effective on July 1 of the next calendar year unless the General Assembly by a vote of three-fifths of the members elected to each house provides for an earlier effective date in the terms of the bill or unless the General Assembly provides for a later effective date in the terms of the bill; provided that if the effective date provided in the terms of the bill is prior to the date the bill becomes a law then the date the bill becomes a law shall be the effective date."

(b) A bill passed prior to July 1 of a calendar year that does not provide for an effective date in the terms of the bill shall become effective on January 1 of the following year, or upon its becoming a law, whichever is later.

75/2. Special Effective Dates
"§2 A bill passed after June 30 of a calendar year shall become effective on July 1 of the next calendar year unless the General Assembly by a vote of three-fifths of the members elected to each house provides for an earlier effective date in the terms of the bill or unless the General Assembly provides for a later effective date in the terms of the bill; provided that if the effective date provided in the terms of the bill is prior to the date the bill becomes a law then the date the bill becomes a law shall be the effective date."

AN ACT concerning State government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The State Budget Law of the Civil Administrative Code of Illinois is amended by changing Section 50-5 as follows:

(15 ILCS 20/50-5) (was 15 ILCS 20/38)

Sec. 50-5. Governor to submit State budget. The Governor shall, as soon as possible and not later than the third Wednesday in March in 2007 (March 18, 2007) and the third Wednesday in February of each year beginning in 2010, except as otherwise provided in this Section, submit a State budget, embracing therein the amounts recommended by the Governor to be appropriated to the respective departments, offices, and institutions, and for all other public purposes, the estimated revenues from taxation, the estimated revenues from sources other than taxation, and an estimate of the amount required to be raised by taxation. In 2004 only, the Governor shall submit the capital development section of the State budget not later than the fourth Tuesday of March (March 23, 2004). The amounts recommended by the Governor for appropriation to the respective departments, offices and institutions shall be formulated according to the various functions and activities for which the respective department, office or institution of the State government (including the elective officers in the executive department and including the University of Illinois and the judicial department) is responsible. The amounts relating to particular functions and activities shall be further formulated in accordance with the object classification specified in Section 13 of the State Finance Act.

The Governor shall not propose expenditures and the General Assembly shall not enact appropriations that exceed the resources estimated to be available, as provided in this Section.

For the purposes of Article VIII, Section 2 of the 1970 Illinois Constitution, the State budget for the following funds shall be prepared on the basis of revenue and expenditure measurement concepts that are in concert with generally accepted accounting principles for governments:

(1) General Revenue Fund.
(2) Common School Fund.
(3) Educational Assistance Fund.

(4) Road Fund.
(6) Agricultural Premium Fund.

These funds shall be known as the "budgeted funds". The revenue estimates used in the State budget for the budgeted funds shall include the estimated beginning fund balance, plus revenues estimated to be received during the budgeted year, plus the estimated receipts due the State as of June 30 of the budgeted year that are expected to be collected during the lapse period following the budgeted year, minus the receipts collected during the first 2 months of the budgeted year that became due to the State in the year before the budgeted year. Revenues shall also include estimated federal reimbursements associated with the recognition of Section 25 of the State Finance Act liabilities. For any budgeted fund for which current year revenues are anticipated to exceed expenditures, the surplus shall be considered to be a resource available for expenditure in the budgeted fiscal year.

Expenditure estimates for the budgeted funds included in the State budget shall include the costs to be incurred by the State for the budgeted year, to be paid in the next fiscal year, excluding costs paid in the budgeted year which were carried over from the prior year, where the payment is authorized by Section 25 of the State Finance Act. For any budgeted fund for which expenditures are expected to exceed revenues in the current fiscal year, the deficit shall be considered as a use of funds in the budgeted fiscal year.

Revenues and expenditures shall also include transfers between funds that are based on revenues received or costs incurred during the budget year.

By March 15 of each year, the Commission on Government Forecasting and Accountability shall prepare revenue and fund transfer estimates in accordance with the requirements of this Section and report those estimates to the General Assembly and the Governor.

For all funds other than the budgeted funds, the proposed expenditures shall not exceed funds estimated to be available for the fiscal year as shown in the budget. Appropriation for a fiscal year shall not exceed funds estimated by the General Assembly to be available during that year.

HB 398

Today, I approve HB 398. With my signature, it now becomes law.

As a result of the significant controversy that has surrounded the rulemaking process in recent years, I believe that it is important to explain my rationale for approving this legislation.

This legislation arose because the previous administration attempted to adopt administrative rules that exceeded the scope of its executive rule-making authority. In signing HB 398, I intend to reaffirm this administration’s commitment to promulgating administrative rules in accordance with the Illinois Administrative Procedure Act and the procedures of the Joint committee on Administrative Rules, and to demonstrate the commitment of this administration to follow the rule of law.

Consistent with this commitment, my approval of HB 398 does not derogate, in any way, the Separation of Powers provided for in Article II of the Illinois Constitution or the constitutionally protected powers of the legislative, executive, and judicial branches of Illinois government, as provided in Articles IV, V and VI of our Constitution. To that end, my approval of HB 398 should not be construed as purporting to intrude in any way upon, or reallocate in any constitutionally impermissible manner, the power of the General Assembly to enact laws, the supreme executive power of the Governor to promulgate rules and regulations in faithful execution of the laws, and the power of the Judiciary to determine the validity of laws, rules and regulations under the Illinois Constitution.
Dated this 26th day of February, 2009.

"Consultant" means any person or entity retained or employed by the board of a retirement system, pension fund, or investment board to make recommendations in developing an investment strategy, assist with finding appropriate investment advisers, or monitor the board's investments. "Investment adviser" has the meaning ascribed to it in Section 1-101.4.

(40 ILCS 5/1-109.1) (from Ch. 108 1/2, par. 1-109.1)
(1) Subject to the provisions of Section 22A-113 of this Code and subsections (2) and (3) of this Section, the board of trustees of a retirement system or pension fund established under this Code may:

(a) Appoint one or more investment managers as fiduciaries to manage (including the power to acquire and dispose of) any assets of the retirement system or pension fund; and

(b) Allocate duties among themselves and designate others as fiduciaries to carry out specific fiduciary activities other than the management of the assets of the retirement system or pension fund.

(2) The board of trustees of a pension fund established under Article 5, 6, 8, 9, 10, 11, 12 or 17 of this Code may not transfer its investment authority, nor transfer the assets of the fund to any other person or entity for the purpose of consolidating or merging its assets and management with any other pension fund or public investment authority, unless the board resolution authorizing such transfer is submitted for approval to the contributors and pensioners of the fund at elections held not less than 30 days after the adoption of such resolution by the board, and such resolution is approved by a majority of the votes cast on the question in both the contributors election and the pensioners election. The election procedures and qualifications governing the election of trustees shall govern the submission of resolutions for approval under this paragraph, insofar as they may be made applicable.

(3) Pursuant to subsections (h) and (i) of Section 6 of Article VII of the Illinois Constitution, the investment authority of boards of trustees of retirement systems and pension funds established under this Code is declared to be a subject of exclusive State jurisdiction, and the concurrent exercise by a home rule unit of any power affecting such investment authority is hereby specifically denied and preempted.

(4) For the purposes of this Code, "emerging investment manager" means a qualified investment adviser that manages an investment portfolio of at least $10,000,000 but less than $10,000,000,000 and is a "minority owned business", "female owned business" or "business owned by a person with a disability" as those terms are defined in the Business Enterprise for Minorities, Females, and Persons with Disabilities Act.

It is hereby declared to be the public policy of the State of Illinois to encourage the trustees of public employee retirement systems, pension funds, and investment boards to use emerging investment managers in managing their system's assets, encompassing all asset classes, and...
increase the racial, ethnic, and gender diversity of its fiduciaries, to the
greatest extent feasible within the bounds of financial and fiduciary
prudence, and to take affirmative steps to remove any barriers to the full
participation of emerging investment managers in investment
opportunities afforded by those retirement systems, pension funds, and
investment boards.

On or before January 1, 2010, a retirement system, pension fund,
or investment board subject to this Code, except those whose investments
are restricted by Section 1-113.2 of this Code, shall adopt a policy that
sets forth goals for utilization of emerging investment managers. This
policy shall include quantifiable goals for the management of assets in
specific asset classes by emerging investment managers. The retirement
system, pension fund, or investment board shall establish 3 separate goals
for: (i) emerging investment managers that are minority owned
businesses; (ii) emerging investment managers that are female owned
businesses; and (iii) emerging investment managers that are businesses
owned by a person with a disability. The goals established shall be based
on the percentage of total dollar amount of investment service contracts
let to minority owned businesses, female owned businesses, and businesses
owned by a person with a disability, as those terms are defined in the
Business Enterprise for Minorities, Females, and Persons with
Disabilities Act. The retirement system, pension fund, or investment board
shall annually review the goals established under this subsection.

If in any case an emerging investment manager meets the criteria
established by a board for a specific search and meets the criteria
established by a consultant for that search, then that emerging investment
manager shall receive an invitation by the board of trustees, or an
investment committee of the board of trustees, to present his or her firm
for final consideration of a contract. In the case where multiple emerging
investment managers meet the criteria of this Section, the staff may choose
the most qualified firm or firms to present to the board.

Each retirement system subject to this Code shall prepare a report
to be submitted to the Governor and the General Assembly by September
1 of each year. The report shall identify the emerging investment managers
used by the system, the percentage of the system’s assets under the
investment control of emerging investment managers, and the actions it
has undertaken to increase the use of emerging investment managers,
including encouraging other investment managers to use emerging
investment managers as subcontractors when the opportunity arises.

The use of an emerging investment manager does not constitute a transfer of investment authority for the purposes of subsection (2) of this Section.

(5) Each retirement system, pension fund, or investment board subject to this Code, except those whose investments are restricted by Section 1-113.2 of this Code, shall establish a policy that sets forth goals for increasing the racial, ethnic, and gender diversity of its fiduciaries, including its consultants and senior staff. Each system, fund, and investment board shall annually review the goals established under this subsection.

(6) On or before January 1, 2010, a retirement system, pension fund, or investment board subject to this Code, except those whose investments are restricted by Section 1-113.2 of this Code, shall adopt a policy that sets forth goals for utilization of businesses owned by minorities, females, and persons with disabilities for all contracts and services. The goals established shall be based on the percentage of total dollar amount of all contracts let to minority owned businesses, female owned businesses, and businesses owned by a person with a disability, as those terms are defined in the Business Enterprise for Minorities, Females, and Persons with Disabilities Act. The retirement system, pension fund, or investment board shall annually review the goals established under this subsection.

(7) On or before January 1, 2010, a retirement system, pension fund, or investment board subject to this Code, except those whose investments are restricted by Section 1-113.2 of this Code, shall adopt a policy that sets forth goals for increasing the utilization of minority broker-dealers. For the purposes of this Code, "minority broker-dealer" means a qualified broker-dealer who meets the definition of "minority owned business", "female owned business", or "business owned by a person with a disability", as those terms are defined in the Business Enterprise for Minorities, Females, and Persons with Disabilities Act. The retirement system, pension fund, or investment board shall annually review the goals established under this Section.

(8) Each retirement system, pension fund, and investment board subject to this Code, except those whose investments are restricted by Section 1-113.2 of this Code, shall submit a report to the Governor and the General Assembly by January 1 of each year that includes the following: (i) the policy adopted under subsection (4) of this Section, including the names and addresses of the emerging investment managers

Sec. 14-134. Board created. The retirement system created by this Article shall be a trust, separate and distinct from all other entities. The responsibility for the operation of the system and for making effective this Article is vested in a board of trustees.

The board shall consist of 7 trustees, as follows:

(a) the Director of the Governor's Office of Management and Budget; (b) the Comptroller; (c) one trustee, not a State employee, who shall be Chairman, to be appointed by the Governor for a 5 year term; (d) two members of the system, one of whom shall be an annuitant age 60 or over, having at least 8 years of creditable service, to be appointed by the Governor for terms of 5 years; (e) one member of the system having at least 8 years of creditable service, to be elected from the contributing membership of the system by the contributing members as provided in Section 14-134.1; (f) one annuitant of the system who has been an annuitant for at least one full year, to be elected from and by the annuitants of the system, as provided in Section 14-134.1. The Director of the Governor's Office of Management and Budget and the Comptroller shall be ex-officio members and shall serve as trustees during their respective terms of office, except that each of them may designate another officer or employee from the same agency to serve in his or her place. However, no ex-officio member may designate a different proxy within one year after designating a proxy unless the person last so designated has become ineligible to serve in that capacity. Except for the elected trustees, any vacancy in the office of trustee shall be filled in the same manner as the office was filled previously.
A trustee shall serve until a successor qualifies, except that a trustee who is a member of the system shall be disqualified as a trustee immediately upon terminating service with the State.

Notwithstanding any provision of this Section to the contrary, the term of office of each trustee of the board appointed by the Governor who is sitting on the board on the effective date of this amendatory Act of the 96th General Assembly is terminated on that effective date.

Beginning on the 90th day after the effective date of this amendatory Act of the 96th General Assembly, the board shall consist of 13 trustees as follows:

(1) the Comptroller, who shall be the Chairperson;
(2) six persons appointed by the Governor with the advice and consent of the Senate who may not be members of the system or hold an elective State office and who shall serve for a term of 5 years, except that the terms of the initial appointees under this amendatory Act of the 96th General Assembly shall be as follows: 3 for a term of 3 years and 3 for a term of 5 years;
(3) four active participants of the system having at least 8 years of creditable service, to be elected from the contributing members of the system by the contribution members as provided in Section 14-134.1; and
(4) two annuitants of the system who have been annuitants for at least one full year, to be elected from and by the annuitants of the system, as provided in Section 14-134.1.

For the purposes of this Section, the Governor may make a nomination and the Senate may confirm the nominee in advance of the commencement of the nominee's term of office. The Governor shall make nominations for appointment to the board under this Section within 60 days after the effective date of this amendatory Act of the 96th General Assembly. A trustee sitting on the board on the effective date of this amendatory Act of the 96th General Assembly may not hold over in office for more than 90 days after the effective date of this amendatory Act of the 96th General Assembly. Nothing in this Section shall prevent the Governor from making a temporary appointment or nominating a trustee holding office on the day before the effective date of this amendatory Act of the 96th General Assembly.

Each trustee is entitled to one vote on the board, and 4 trustees shall constitute a quorum for the transaction of business. The affirmative votes of a majority of the trustees present, but at least 3 trustees, shall be
necessary for action by the board at any meeting. *On the 90th day after the effective date of this amendatory Act of the 96th General Assembly, 7 trustees shall constitute a quorum for the transaction of business and the affirmative vote of a majority of the trustees present, but at least 7 trustees, shall be necessary for action by the board at any meeting.* The board's action of July 22, 1986, by which it amended the bylaws of the system to increase the number of affirmative votes required for board action from 3 to 4 (in response to Public Act 84-1028, which increased the number of trustees from 5 to 7), and the board's rejection, between that date and the effective date of this amendatory Act of 1993, of proposed actions not receiving at least 4 affirmative votes, are hereby validated.

The trustees shall serve without compensation, but shall be reimbursed from the funds of the system for all necessary expenses incurred through service on the board.

Each trustee shall take an oath of office that he or she will diligently and honestly administer the affairs of the system, and will not knowingly violate or willfully permit the violation of any of the provisions of law applicable to the system. The oath shall be subscribed to by the trustee making it, certified by the officer before whom it is taken, and filed with the Secretary of State. A trustee shall qualify for membership on the board when the oath has been approved by the board.

Section 5-20. Olympic Games and Paralympic Games Trust Fund.

(a) The Olympic Games and Paralympic Games Trust Fund is created as a special fund in the State Treasury.

(b) The State may choose to fund the Olympic Games and Paralympic Games Trust Fund in any manner it considers appropriate, and at such time or times the State determines necessary. By the beginning of State fiscal year 2016, the State shall appropriate sums of money to the Olympic Games and Paralympic Games Trust Fund to provide security for the State indemnification obligation and the net financial deficit.

(c) The moneys in the Olympic Games and Paralympic Games Trust Fund may be used only for the sole purpose of fulfilling the obligations of the State pursuant to the State indemnification obligation and any net financial deficit. For each dollar that is expended from the Olympic Games and Paralympic Games Trust Fund, the State shall expend an equivalent amount of State funds for road projects outside of the county in which the candidate city is located.

(d) No additional State funds shall be deposited into the Olympic Games and Paralympic Games Trust Fund once the Governor determines that the fund has achieved, or is reasonably expected to otherwise accrue, a sufficient balance to provide adequate security, acceptable to the IOC, to demonstrate the State's ability to fulfill its obligations to satisfy the State indemnification obligation and any net financial deficit payment obligation.

(e) If the candidate city is selected as the host city for the games, the Olympic Games and Paralympic Games Trust Fund shall be maintained until a determination by the Governor is made that the State's obligations to satisfy the State indemnification obligation and to be liable for any net financial deficit are satisfied and concluded, at which time the fund shall be terminated.

(f) Upon the termination of the Olympic Games and Paralympic Games Trust Fund, all sums earmarked, transferred, or contained in the fund, along with any investment earnings retained in the fund, shall immediately revert to the General Revenue Fund.

Section 5-25. Fund as security; liability. Section 5-30. Insurance. The bid committee and the OCOG shall list the State and the candidate city as additional insureds on any policy of insurance purchased by the bid committee or the OCOG to be in effect in connection with the preparation for and conduct of the games.

Section 5-35. Bid committee and OCOG responsibilities. The bid committee and the OCOG may not engage in any conduct that reflects unfavorably upon the State, the candidate city, or the games, or that is contrary to law or to the rules and regulations of the IOC, IPC, or USOC.

Section 5-40. Authority of the Governor. Subject to the limitations of this Article, including but not limited to those contained in Section 5-15, the Governor, or his or her designee, on behalf of the State, may execute such other agreements or contracts as may be required by the OCOG, the USOC, the IOC, or the IPC in connection with the candidate city and bid committee's bid to host the Games.

Section 5-42. Diversity program.

(a) The OCOG shall establish and maintain a diversity program to ensure non-discrimination in the award of contracts by the OCOG and the administration of those contracts. To the maximum extent permitted by law, the OCOG shall establish goals as part of the program of awarding not less than 25% of the annual dollar value of all contracts, purchase orders, or other agreements (collectively referred to as "the contracts") to minority owned businesses or businesses owned by a person with a disability, and 5% of the annual dollar value of the contracts to female owned businesses. The subject of the contracts includes, but is not limited to, the purchase of professional services, construction services, supplies, materials, and equipment. Recognizing that the planning, organization, and staging of the games is a unique undertaking, the goals established in this subsection shall exclude: all contracts, purchase orders, or other agreements that (i) must be awarded to a specific source as a result of the OCOG's legal obligations to the USOC or IOC or its official tier 1, tier 2 or tier 3 sponsors, (ii) the OCOG awards to a unique or limited supplier of a product, equipment, or service required for the games, or (iii) the payments under which are passed through to other constituencies involved in or attending the games (such as under the games accommodation program). If, however, the OCOG awards any contracts, purchase orders,
or other agreements described in items (i) through (iii) to a minority-owned business, business owned by a person with a disability, or a female-owned business, those contracts shall be considered towards the goals described in this subsection.

(b) For purposes of this Section, the terms "minority owned business", "business owned by a person with a disability", and "female owned business" have the meanings given to those terms in the Business Enterprise for Minorities, Females, and Persons with Disabilities Act. For purposes of meeting the goals of this Section, the State shall recognize OCOG contracts performed in the candidate city that are awarded to minority-owned business enterprises, business enterprises owned by persons with disabilities, or women-owned business enterprises, as those terms are defined in the municipal code of the candidate city.

(c) The OCOG shall establish and maintain a diversity program designed to promote equal employment opportunity with respect to its management and operations. The program shall include a plan, including timetables, as appropriate, that specify goals and methods for increasing participation by women, minorities, and persons with disabilities in those employment opportunities.

(d) Beginning on January 1, 2011, and each year thereafter until the completion of the games, the OCOG shall issue a written report to the Governor, President of the Senate, Minority Leader of the Senate, Speaker of the House of Representatives, Minority Leader of the House of Representatives, mayor of the candidate city, and city council of the candidate city providing the number of respective employees who have designated themselves as members of a minority group, as persons with a disability, or as women. The report shall also describe in detail the OCOG's compliance with the requirements of subsections (a) and (c) of this Section.

(e) The Diversity Program Commission is created to monitor, review, and report on minority, female, and persons with disabilities contracting and employment related to the planning, organization, and staging of the games. The Commission shall consist of 2 members appointed by the Governor, 2 members appointed by the President of the Senate, 2 members appointed by the Minority Leader of the Senate, 2 members appointed by the Speaker of the House of Representatives, 2 members appointed by the Minority Leader of the House of Representatives, one member appointed by the Metropolitan Pier and Exposition Authority Board, one member appointed by the Board of

All appointments shall be made by January 1, 2011. The State encourages all parties with the power to appoint members to the Commission to take into account a broad range of experience, including but not limited to experience in government, small business ownership or management, civic or community involvement, and advocacy of equal opportunity for minorities, women, and the disabled in employment and contracting. The Commission may file a supplemental report at any time. The Commission shall elect its own chairperson, and Commission members shall serve without compensation.

The Commission shall meet quarterly and as needed. The Commission shall also meet within one week after the issuance of the reports required under this subsection to, among other things, discuss whether or not: (i) the OCOG is in compliance with the requirements of this Section; (ii) the Metropolitan Pier and Exposition Authority is in compliance with Section 23.1 of the Metropolitan Pier and Exposition Authority Act as amended in this Article; (iii) the University of Illinois is in compliance with Section 4 of the Business Enterprise for Minorities, Females, and Persons with Disabilities Act and Section 1.1 of the University of Illinois at Chicago Act as amended in this Article; and (iv) the Chicago Park District is in compliance with Section 7.07 of the Chicago Park District Act as amended in this Article.

The Commission shall include in any report required under this subsection, among other things: (i) a list that sets forth each person or entity awarded a contract that is the subject of the diversity program described in this Section by the OCOG, the Metropolitan Pier and Exposition Authority, the University of Illinois, and the Chicago Park District and the name, address, contact information, and total dollar amount of the contract or contracts; and (ii) a determination of whether the OCOG, the Metropolitan Pier and Exposition Authority, the University of

The Commission shall then meet within one week after receiving the written explanations to discuss the stated reason or reasons for noncompliance. (b) If the IOC does not select the candidate city as the host city for the games on or before December 1, 2009, then this Article is inoperable on and after that date.

Sec. 4. Award of State contracts.

(a) Except as provided in subsections (b) and (c), not less than 12% of the total dollar amount of State contracts, as defined by the Secretary of the Council and approved by the Council, shall be established as a goal to be awarded to businesses owned by minorities, females, and persons with disabilities; provided, however, that contracts representing at least five-twelfths of the total amount of all State contracts awarded to businesses owned by minorities, females, and persons with disabilities pursuant to this Section shall be awarded to female owned businesses, and that contracts representing at least one-sixth of the total amount of all State contracts awarded to businesses owned by minorities, females, and persons with disabilities pursuant to this Section shall be awarded to businesses owned by persons with disabilities.

The above percentage relates to the total dollar amount of State contracts during each State fiscal year, calculated by examining independently each type of contract for each agency or university which lets such contracts. Only that percentage of arrangements which represents the participation of businesses owned by minorities, females, and persons with disabilities on such contracts shall be included.

(b) In the case of State construction contracts, the provisions of subsection (a) requiring a portion of State contracts to be awarded to businesses owned and controlled by persons with disabilities do not apply. Not less than 10% of the total dollar amount of State construction contracts is established as a goal to be awarded to minority and female owned businesses, and contracts representing 50% of the amount of all State construction contracts awarded to minority and female owned businesses shall be awarded to female owned businesses.

(70 ILCS 210/23.1) (from Ch. 85, par. 1243.1)

Sec. 23.1. Affirmative action.

(a) The Authority shall, within 90 days after the effective date of this amendatory Act of 1984, establish and maintain an affirmative action program designed to promote equal employment opportunity and eliminate the effects of past discrimination. Such program shall include a plan, including timetables where appropriate, which shall specify goals and methods for increasing participation by women and minorities in employment, including employment related to the planning, organization, and staging of the games, by the Authority and by parties which contract with the Authority. The Authority shall submit a detailed plan with the General Assembly prior to September 1 of each year. Such program shall also establish procedures and sanctions (including debarment), which the Authority shall enforce to ensure compliance with the plan established pursuant to this Section and with State and federal laws and regulations relating to the employment of women and minorities. A determination by the Authority as to whether a party to a contract with the Authority has achieved the goals or employed the methods for increasing participation by women and minorities shall be determined in accordance with the terms of such contracts or the applicable provisions of rules and regulations of the Authority existing at the time such contract was executed, including any provisions for consideration of good faith efforts at compliance which the Authority may reasonably adopt.

awarding not less than 25% of the annual dollar value of all contracts, purchase orders, or other agreements (collectively referred to as "contracts") to minority owned businesses and 5% of the annual dollar value of all contracts to female owned businesses. Without limiting the generality of the foregoing, the programs shall require in connection with the prequalification or consideration of vendors for professional service contracts, construction contracts, and contracts for supplies, materials, equipment, and services that each proposer or bidder submit as part of his or her proposal or bid a commitment detailing how he or she will expend 25% or more of the dollar value of his or her contracts with one or more minority owned businesses and 5% or more of the dollar value with one or more female owned businesses. Bids or proposals that do not include such detailed commitments are not responsive and shall be rejected unless the Authority deems it appropriate to grant a waiver of these requirements. In addition the Authority may, in connection with the selection of providers of professional services, reserve the right to select a minority or female owned business or businesses to fulfill the commitment to minority and female business participation. The commitment to minority and female business participation may be met by the contractor or professional service provider's status as a minority or female owned business, by joint venture or by subcontracting a portion of the work with or purchasing materials for the work from one or more such businesses, or by any combination thereof. Each contract shall require the contractor or provider to submit a certified monthly report detailing the status of that contractor or provider's compliance with the Authority's minority and female owned business enterprise procurement program. The Authority, after reviewing the monthly reports of the contractors and providers, shall compile a comprehensive report regarding compliance with this procurement program and file it quarterly with the General Assembly. If, in connection with a particular contract, the Authority determines that it is impracticable or excessively costly to obtain minority or female owned businesses to perform sufficient work to fulfill the commitment required by this subsection, the Authority shall reduce or waive the commitment in the contract, as may be appropriate. The Authority shall establish rules and regulations setting forth the standards to be used in determining whether or not a reduction or waiver is appropriate. The terms "minority owned business" and "female owned business" have the meanings given to those terms in the Business Enterprise for Minorities, Females, and Persons with Disabilities Act.

(d) In connection with the Expansion Project, the Authority shall incorporate the following elements into its minority and female owned business procurement programs to the extent feasible: (1) a major contractors program that permits minority owned businesses and female owned businesses to bear significant responsibility and risk for a portion of the project; (2) a mentor/protege program that provides financial, technical, managerial, equipment, and personnel support to minority owned businesses and female owned businesses; (3) an emerging firms program that includes minority owned businesses and female owned businesses that would not otherwise qualify for the project due to inexperience or limited resources; (4) a small projects program that includes participation by smaller minority owned businesses and female owned businesses on jobs where the total dollar value is $5,000,000 or less; and (5) a set-aside program that will identify contracts requiring the expenditure of funds less than $50,000 for bids to be submitted solely by minority owned businesses and female owned businesses.

(e) The Authority is authorized to enter into agreements with contractors' associations, labor unions, and the contractors working on the Expansion Project to establish an Apprenticeship Preparedness Training Program to provide for an increase in the number of minority and female journeymen and apprentices in the building trades and to enter into agreements with Community College District 508 to provide readiness training. AN ACT concerning education.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Higher Education Student Assistance Act is amended by adding Section 152 as follows:

(110 ILCS 947/152 new)

Sec. 152. Bonds guaranteed by the State of Illinois. Notwithstanding any other provision of this Act, bonds issued in accordance with the provisions of this Act may be designated by the Commission as guaranteed by the State of Illinois, and any bonds so designated shall so state on the face thereof. This guarantee shall constitute a general obligation of the State of Illinois, and the full faith, credit, and resources of the State of Illinois are hereby irrevocably pledged for the punctual payment of the principal of, interest on, and premium, if any, on any such bond as the same shall become due, whether at maturity or upon any earlier redemption date. The provisions of this Section shall be irrepealable until all such bonds are paid in full as to both principal and interest. Any bonds designated pursuant to this Section shall be issued by the Commission on or prior to December 31, 2009 and shall be limited in aggregate principal issuance amount to not greater than $50,000,000.

Any bonds designated pursuant to this Section shall mature at such time or times not exceeding 5 years from the date thereof and must be issued with a debt service reserve equal to at least 4% of the principal amount of the bonds, of which 75% of such reserve shall be funded from the proceeds of the bonds, and 25% of such reserve shall be funded by the Commission and not out of proceeds of the bonds. Proceeds of any bonds designated pursuant to this Section may be used only in connection with the rehabilitation loan program, to fund a debt service reserve as herein described, and for costs of issuance of the bonds.

Upon written notice to the Governor from the Chairperson of the Commission that the Commission has determined that amounts pledged pursuant to Section 150 of this Act to pay the bonds will not be sufficient for the payment of amounts due with respect to the bonds during the next State of Illinois fiscal year, the Governor shall include an appropriation in the State of Illinois budget for the next fiscal year with respect to the

bonds. The appropriation shall be for such amount as determined by the Commission. Amounts included in the appropriation for the payment of interest on variable rate bonds may, at the determination of the Commission, be up to the maximum amount of interest that may be payable for the period covered by the budget; provided that any amounts appropriated for interest on variable rate bonds in excess of amounts necessary to pay the interest shall promptly be reimbursed by the Commission to the State of Illinois.

If for any reason the General Assembly fails to make appropriations sufficient to pay the principal of, interest on, and premium, if any, on the bonds, as the same by their terms shall become due, this Section shall constitute an irrevocable and continuing appropriation of all amounts necessary for that purpose and the irrevocable and continuing authority for and direction to the State Treasurer and the State Comptroller to make the necessary transfers, as directed by the Governor, out of and disbursements from the revenues and funds of the State of Illinois.

The State of Illinois pledges and agrees that it will not limit or alter the rights and powers vested in the Commission in this Section so as to impair the terms of any such irrevocable guarantee of the State of Illinois until each such guarantee is satisfied in full or the bonds shall have otherwise been paid in full.

If the State of Illinois fails to honor any guarantee made pursuant to this Section, a civil action to compel payment may be instituted in the Supreme Court of Illinois as a court of original jurisdiction by any holder or holders of the bonds to which such failure relates. Delivery of a summons and a copy of the complaint to the Attorney General shall constitute sufficient service to give the Supreme Court of Illinois jurisdiction of the subject matter of such a suit and jurisdiction over the State of Illinois and its officers named as defendants for the purpose of compelling such payment. Any case, controversy, or cause of action concerning the validity of this Section relates to the revenue of the State of Illinois.

If the Supreme Court of Illinois denies any holder or holders of bonds leave to file an original action in the Supreme Court, the holder or holders may bring such action in the Circuit Court of Sangamon County.

(815 ILCS 710/4) (from Ch. 121 1/2, par. 754)
Sec. 4. Unfair competition and practices.

(a) The unfair methods of competition and unfair and deceptive acts or practices listed in this Section are hereby declared to be unlawful. In construing the provisions of this Section, the courts may be guided by the interpretations of the Federal Trade Commission Act (15 U.S.C. 45 et seq.), as from time to time amended.

(b) It shall be deemed a violation for any manufacturer, factory branch, factory representative, distributor or wholesaler, distributor
branch, distributor representative or motor vehicle dealer to engage in any action with respect to a franchise which is arbitrary, in bad faith or unconscionable and which causes damage to any of the parties or to the public.

(c) It shall be deemed a violation for a manufacturer, a distributor, a wholesaler, a distributor branch or division, a factory branch or division, or a wholesale branch or division, or officer, agent or other representative thereof, to coerce, or attempt to coerce, any motor vehicle dealer:

(1) to accept, buy or order any motor vehicle or vehicles, appliances, equipment, parts or accessories therefor, or any other commodity or commodities or service or services which such motor vehicle dealer has not voluntarily ordered or requested except items required by applicable local, state or federal law; or to require a motor vehicle dealer to accept, buy, order or purchase such items in order to obtain any motor vehicle or vehicles or any other commodity or commodities which have been ordered or requested by such motor vehicle dealer;

(2) to order or accept delivery of any motor vehicle with special features, appliances, accessories or equipment not included in the list price of the motor vehicles as publicly advertised by the manufacturer thereof, except items required by applicable law; or

(d) It shall be deemed a violation for a manufacturer, a distributor, a wholesaler, a distributor branch or division, or officer, agent or other representative thereof:

(1) to adopt, change, establish or implement a plan or system for the allocation and distribution of new motor vehicles to motor vehicle dealers which is arbitrary or capricious or to modify an existing plan so as to cause the same to be arbitrary or capricious;

(2) to fail or refuse to advise or disclose to any motor vehicle dealer having a franchise or selling agreement, upon written request therefor, the basis upon which new motor vehicles of the same line make are allocated or distributed to motor vehicle dealers in the State and the basis upon which the current allocation or distribution is being made or will be made to such motor vehicle dealer;

New matter indicated by italics - deletions by strikeout.
(3) to refuse to deliver in reasonable quantities and within a reasonable time after receipt of dealer's order, to any motor vehicle dealer having a franchise or selling agreement for the retail sale of new motor vehicles sold or distributed by such manufacturer, distributor, wholesaler, distributor branch or division, factory branch or division or wholesale branch or division, any such motor vehicles as are covered by such franchise or selling agreement specifically publicly advertised in the State by such manufacturer, distributor, wholesaler, distributor branch or division, factory branch or division, or wholesale branch or division to be available for immediate delivery. However, the failure to deliver any motor vehicle shall not be considered a violation of this Act if such failure is due to an act of God, a work stoppage or delay due to a strike or labor difficulty, a shortage of materials, a lack of manufacturing capacity, a freight embargo or other cause over which the manufacturer, distributor, or wholesaler, or any agent thereof has no control;

(4) to coerce, or attempt to coerce, any motor vehicle dealer to enter into any agreement with such manufacturer, distributor, wholesaler, distributor branch or division, factory branch or division, or wholesale branch or division, or officer, agent or other representative thereof, or to do any other act prejudicial to the dealer by threatening to reduce his allocation of motor vehicles or cancel any franchise or any selling agreement existing between such manufacturer, distributor, wholesaler, distributor branch or division, or factory branch or division, or wholesale branch or division, and the dealer. However, notice in good faith to any motor vehicle dealer of the dealer's violation of any terms or provisions of such franchise or selling agreement or of any law or regulation applicable to the conduct of a motor vehicle dealer shall not constitute a violation of this Act;

(6) to cancel or terminate the franchise or selling agreement of a motor vehicle dealer without good cause and without giving notice as hereinafter provided; to fail or refuse to extend the

franchise or selling agreement of a motor vehicle dealer upon its expiration without good cause and without giving notice as hereinafter provided; or, to offer a renewal, replacement or succeeding franchise or selling agreement containing terms and provisions the effect of which is to substantially change or modify the sales and service obligations or capital requirements of the motor vehicle dealer arbitrarily and without good cause and without giving notice as hereinafter provided notwithstanding any term or provision of a franchise or selling agreement.

   (A) If a manufacturer, distributor, wholesaler, distributor branch or division, factory branch or division or wholesale branch or division intends to cancel or terminate a franchise or selling agreement or intends not to extend or renew a franchise or selling agreement on its expiration, it shall send a letter by certified mail, return receipt requested, to the affected franchisee at least 60 days before the effective date of the proposed action, or not later than 10 days before the proposed action when the reason for the action is based upon either of the following:

   (i) the business operations of the franchisee have been abandoned or the franchisee has failed to conduct customary sales and service operations during customary business hours for at least 7 consecutive business days unless such closing is due to an act of God, strike or labor difficulty or other cause over which the franchisee has no control; or

   (ii) the conviction of or plea of nolo contendere by the motor vehicle dealer or any operator thereof in a court of competent jurisdiction to an offense punishable by imprisonment for more than two years.

   Each notice of proposed action shall include a detailed statement setting forth the specific grounds for the proposed cancellation, termination, or refusal to extend or renew and shall state that the dealer has only 30 days from receipt of the notice to file with the Motor Vehicle Review Board a written protest against the proposed action.

   (B) If a manufacturer, distributor, wholesaler, distributor branch or division, factory branch or division or
wholesale branch or division intends to change substantially or modify the sales and service obligations or capital requirements of a motor vehicle dealer as a condition to extending or renewing the existing franchise or selling agreement of such motor vehicle dealer, it shall send a letter by certified mail, return receipt requested, to the affected franchisee at least 60 days before the date of expiration of the franchise or selling agreement. Each notice of proposed action shall include a detailed statement setting forth the specific grounds for the proposed action and shall state that the dealer has only 30 days from receipt of the notice to file with the Motor Vehicle Review Board a written protest against the proposed action.

(C) Within 30 days from receipt of the notice under subparagraphs (A) and (B), the franchisee may file with the Board a written protest against the proposed action.

When the protest has been timely filed, the Board shall enter an order, fixing a date (within 60 days of the date of the order), time, and place of a hearing on the protest required under Sections 12 and 29 of this Act, and send by certified mail, return receipt requested, a copy of the order to the manufacturer that filed the notice of intention of the proposed action and to the protesting dealer or franchisee.

The manufacturer shall have the burden of proof to establish that good cause exists to cancel or terminate, or fail to extend or renew the franchise or selling agreement of a motor vehicle dealer or franchisee, and to change substantially or modify the sales and service obligations or capital requirements of a motor vehicle dealer as a condition to extending or renewing the existing franchise or selling agreement. The determination whether good cause exists to cancel, terminate, or refuse to renew or extend the franchise or selling agreement, or to change or modify the obligations of the dealer as a condition to offer renewal, replacement, or succession shall be made by the Board under subsection (d) of Section 12 of this Act.

(D) Notwithstanding the terms, conditions, or provisions of a franchise or selling agreement, the

New matter indicated by italics - deletions by strikeout.
following shall not constitute good cause for cancelling or terminating or failing to extend or renew the franchise or selling agreement: (i) the change of ownership or executive management of the franchisee's dealership; or (ii) the fact that the franchisee or owner of an interest in the franchise owns, has an investment in, participates in the management of, or holds a license for the sale of the same or any other line make of new motor vehicles.

Good cause shall exist to cancel, terminate or fail to offer a renewal or replacement franchise or selling agreement to all franchisees of a line make if the manufacturer permanently discontinues the manufacture or assembly of motor vehicles of such line make.

(E) The manufacturer may not cancel or terminate, or fail to extend or renew a franchise or selling agreement or change or modify the obligations of the franchisee as a condition to offering a renewal, replacement, or succeeding franchise or selling agreement before the hearing process is concluded as prescribed by this Act, and thereafter, if the Board determines that the manufacturer has failed to meet its burden of proof and that good cause does not exist to allow the proposed action; or

(7) notwithstanding the terms of any franchise agreement, to fail to indemnify and hold harmless its franchised dealers against any judgment or settlement for damages, including, but not limited to, court costs, expert witness fees, reasonable attorneys' fees of the new motor vehicle dealer, and other expenses incurred in the litigation, so long as such fees and costs are reasonable, arising out of complaints, claims or lawsuits including, but not limited to, strict liability, negligence, misrepresentation, warranty (express or implied), or rescission of the sale as defined in Section 2-608 of the Uniform Commercial Code, to the extent that the judgment or settlement relates to the alleged defective or negligent manufacture, assembly or design of new motor vehicles, parts or accessories or other functions by the manufacturer, beyond the control of the dealer; provided that, in order to provide an adequate defense, the manufacturer receives notice of the filing of a complaint, claim, or lawsuit within 60 days after the filing;
(8) to require or otherwise coerce a motor vehicle dealer to underutilize the motor vehicle dealer's facilities by requiring or otherwise coercing the motor vehicle dealer to exclude or remove from the motor vehicle dealer's facilities operations for selling or servicing of any vehicles for which the motor vehicle dealer has a franchise agreement with another manufacturer, distributor, wholesaler, distribution branch or division, or officer, agent, or other representative thereof; provided, however, that, in light of all existing circumstances, (i) the motor vehicle dealer maintains a reasonable line of credit for each make or line of new motor vehicle, (ii) the new motor vehicle dealer remains in compliance with any reasonable facilities requirements of the manufacturer, (iii) no change is made in the principal management of the new motor vehicle dealer, and (iv) the addition of the make or line of new motor vehicles would be reasonable. The reasonable facilities requirement set forth in item (ii) of subsection (d)(8) shall not include any requirement that a franchisee establish or maintain exclusive facilities, personnel, or display space. Any decision by a motor vehicle dealer to sell additional makes or lines at the motor vehicle dealer's facility shall be presumed to be reasonable, and the manufacturer shall have the burden to overcome that presumption. A motor vehicle dealer must provide a written notification of its intent to add a make or line of new motor vehicles to the manufacturer. If the manufacturer does not respond to the motor vehicle dealer, in writing, objecting to the addition of the make or line within 60 days after the date that the motor vehicle dealer sends the written notification, then the manufacturer shall be deemed to have approved the addition of the make or line; or

(9) to use or consider the performance of a motor vehicle dealer relating to the sale of the manufacturer's, distributor's, or wholesaler's vehicles or the motor vehicle dealer's ability to satisfy any minimum sales or market share quota or responsibility relating to the sale of the manufacturer's, distributor's, or wholesaler's new vehicles in determining:

(A) the motor vehicle dealer's eligibility to purchase program, certified, or other used motor vehicles from the manufacturer, distributor, or wholesaler;

New matter indicated by italics - deletions by strikeout.
(B) the volume, type, or model of program, certified, or other used motor vehicles that a motor vehicle dealer is eligible to purchase from the manufacturer, distributor, or wholesaler;

(C) the price of any program, certified, or other used motor vehicle that the dealer is eligible to purchase from the manufacturer, distributor, or wholesaler; or

(D) the availability or amount of any discount, credit, rebate, or sales incentive that the dealer is eligible to receive from the manufacturer, distributor, or wholesaler for the purchase of any program, certified, or other used motor vehicle offered for sale by the manufacturer, distributor, or wholesaler.

(e) It shall be deemed a violation for a manufacturer, a distributor, a wholesaler, a distributor branch or division or officer, agent or other representative thereof:

(1) to resort to or use any false or misleading advertisement in connection with his business as such manufacturer, distributor, wholesaler, distributor branch or division or officer, agent or other representative thereof;

(2) to offer to sell or lease, or to sell or lease, any new motor vehicle to any motor vehicle dealer at a lower actual price therefor than the actual price offered to any other motor vehicle dealer for the same model vehicle similarly equipped or to utilize any device including, but not limited to, sales promotion plans or programs which result in such lesser actual price or fail to make available to any motor vehicle dealer any preferential pricing, incentive, rebate, finance rate, or low interest loan program offered to competing motor vehicle dealers in other contiguous states. However, the provisions of this paragraph shall not apply to sales to a motor vehicle dealer for resale to any unit of the United States Government, the State or any of its political subdivisions;

(3) to offer to sell or lease, or to sell or lease, any new motor vehicle to any person, except a wholesaler, distributor or manufacturer's employees at a lower actual price therefor than the actual price offered and charged to a motor vehicle dealer for the same model vehicle similarly equipped or to utilize any device which results in such lesser actual price. However, the provisions of this paragraph shall not apply to sales to a motor vehicle dealer
for resale to any unit of the United States Government, the State or any of its political subdivisions;

(4) to prevent or attempt to prevent by contract or otherwise any motor vehicle dealer or franchisee from changing the executive management control of the motor vehicle dealer or franchisee unless the franchiser, having the burden of proof, proves that such change of executive management will result in executive management control by a person or persons who are not of good moral character or who do not meet the franchiser's existing and, with consideration given to the volume of sales and service of the dealership, uniformly applied minimum business experience standards in the market area. However where the manufacturer rejects a proposed change in executive management control, the manufacturer shall give written notice of his reasons to the dealer within 60 days of notice to the manufacturer by the dealer of the proposed change. If the manufacturer does not send a letter to the franchisee by certified mail, return receipt requested, within 60 days from receipt by the manufacturer of the proposed change, then the change of the executive management control of the franchisee shall be deemed accepted as proposed by the franchisee, and the manufacturer shall give immediate effect to such change;

(5) to prevent or attempt to prevent by contract or otherwise any motor vehicle dealer from establishing or changing the capital structure of his dealership or the means by or through which he finances the operation thereof; provided the dealer meets any reasonable capital standards agreed to between the dealer and the manufacturer, distributor or wholesaler, who may require that the sources, method and manner by which the dealer finances or intends to finance its operation, equipment or facilities be fully disclosed;

(6) to refuse to give effect to or prevent or attempt to prevent by contract or otherwise any motor vehicle dealer or any officer, partner or stockholder of any motor vehicle dealer from selling or transferring any part of the interest of any of them to any other person or persons or party or parties unless such sale or transfer is to a transferee who would not otherwise qualify for a new motor vehicle dealers license under "The Illinois Vehicle Code" or unless the franchiser, having the burden of proof, proves that such sale or transfer is to a person or party who is not of good moral character.

moral character or does not meet the franchiser's existing and reasonable capital standards and, with consideration given to the volume of sales and service of the dealership, uniformly applied minimum business experience standards in the market area. However, nothing herein shall be construed to prevent a franchiser from implementing affirmative action programs providing business opportunities for minorities or from complying with applicable federal, State or local law:

(A) If the manufacturer intends to refuse to approve the sale or transfer of all or a part of the interest, then it shall, within 60 days from receipt of the completed application forms generally utilized by a manufacturer to conduct its review and a copy of all agreements regarding the proposed transfer, send a letter by certified mail, return receipt requested, advising the franchisee of any refusal to approve the sale or transfer of all or part of the interest and shall state that the dealer only has 30 days from the receipt of the notice to file with the Motor Vehicle Review Board a written protest against the proposed action. The notice shall set forth specific criteria used to evaluate the prospective transferee and the grounds for refusing to approve the sale or transfer to that transferee. Within 30 days from the franchisee's receipt of the manufacturer's notice, the franchisee may file with the Board a written protest against the proposed action.

When a protest has been timely filed, the Board shall enter an order, fixing the date (within 60 days of the date of such order), time, and place of a hearing on the protest, required under Sections 12 and 29 of this Act, and send by certified mail, return receipt requested, a copy of the order to the manufacturer that filed notice of intention of the proposed action and to the protesting franchisee.

The manufacturer shall have the burden of proof to establish that good cause exists to refuse to approve the sale or transfer to the transferee. The determination whether good cause exists to refuse to approve the sale or transfer shall be made by the Board under subdivisions (6)(B). The manufacturer shall not refuse to approve the sale or transfer by a dealer or an officer, partner, or stockholder of a

franchise or any part of the interest to any person or persons before the hearing process is concluded as prescribed by this Act, and thereafter if the Board determines that the manufacturer has failed to meet its burden of proof and that good cause does not exist to refuse to approve the sale or transfer to the transferee.

(B) Good cause to refuse to approve such sale or transfer under this Section is established when such sale or transfer is to a transferee who would not otherwise qualify for a new motor vehicle dealers license under "The Illinois Vehicle Code" or such sale or transfer is to a person or party who is not of good moral character or does not meet the franchiser's existing and reasonable capital standards and, with consideration given to the volume of sales and service of the dealership, uniformly applied minimum business experience standards in the market area.

(7) to obtain money, goods, services, anything of value, or any other benefit from any other person with whom the motor vehicle dealer does business, on account of or in relation to the transactions between the dealer and the other person as compensation, except for services actually rendered, unless such benefit is promptly accounted for and transmitted to the motor vehicle dealer;

(8) to grant an additional franchise in the relevant market area of an existing franchise of the same line make or to relocate an existing motor vehicle dealership within or into a relevant market area of an existing franchise of the same line make. However, if the manufacturer wishes to grant such an additional franchise to an independent person in a bona fide relationship in which such person is prepared to make a significant investment subject to loss in such a dealership, or if the manufacturer wishes to relocate an existing motor vehicle dealership, then the manufacturer shall send a letter by certified mail, return receipt requested, to each existing dealer or dealers of the same line make whose relevant market area includes the proposed location of the additional or relocated franchise at least 60 days before the manufacturer grants an additional franchise or relocates an existing franchise of the same line make within or into the relevant market area of an existing franchisee of the same line make. Each notice shall set forth the

specific grounds for the proposed grant of an additional or relocation of an existing franchise and shall state that the dealer has only 30 days from the date of receipt of the notice to file with the Motor Vehicle Review Board a written protest against the proposed action. Unless the parties agree upon the grant or establishment of the additional or relocated franchise within 30 days from the date the notice was received by the existing franchisee of the same line make or any person entitled to receive such notice, the franchisee or other person may file with the Board a written protest against the grant or establishment of the proposed additional or relocated franchise.

When a protest has been timely filed, the Board shall enter an order fixing a date (within 60 days of the date of the order), time, and place of a hearing on the protest, required under Sections 12 and 29 of this Act, and send by certified or registered mail, return receipt requested, a copy of the order to the manufacturer that filed the notice of intention to grant or establish the proposed additional or relocated franchise and to the protesting dealer or dealers of the same line make whose relevant market area includes the proposed location of the additional or relocated franchise.

When more than one protest is filed against the grant or establishment of the additional or relocated franchise of the same line make, the Board may consolidate the hearings to expedite disposition of the matter. The manufacturer shall have the burden of proof to establish that good cause exists to allow the grant or establishment of the additional or relocated franchise. The manufacturer may not grant or establish the additional franchise or relocate the existing franchise before the hearing process is concluded as prescribed by this Act, and thereafter if the Board determines that the manufacturer has failed to meet its burden of proof and that good cause does not exist to allow the grant or establishment of the additional franchise or relocation of the existing franchise.

The determination whether good cause exists for allowing the grant or establishment of an additional franchise or relocated existing franchise, shall be made by the Board under subsection (c) of Section 12 of this Act. If the manufacturer seeks to enter into a contract, agreement or other arrangement with any person, establishing any additional motor vehicle dealership or other

facility, limited to the sale of factory repurchase vehicles or late model vehicles, then the manufacturer shall follow the notice procedures set forth in this Section and the determination whether good cause exists for allowing the proposed agreement shall be made by the Board under subsection (c) of Section 12, with the manufacturer having the burden of proof.

A. (Blank).

B. For the purposes of this Section, appointment of a successor motor vehicle dealer at the same location as its predecessor, or within 2 miles of such location, or the relocation of an existing dealer or franchise within 2 miles of the relocating dealer's or franchisee's existing location, shall not be construed as a grant, establishment or the entering into of an additional franchise or selling agreement, or a relocation of an existing franchise. The reopening of a motor vehicle dealership that has not been in operation for 18 months or more shall be deemed the grant of an additional franchise or selling agreement.

C. This Section does not apply to the relocation of an existing dealership or franchise in a county having a population of more than 300,000 persons when the new location is within the dealer's current relevant market area, provided the new location is more than 7 miles from the nearest dealer of the same line make. This Section does not apply to the relocation of an existing dealership or franchise in a county having a population of less than 300,000 persons when the new location is within the dealer's current relevant market area, provided the new location is more than 12 miles from the nearest dealer of the same line make. A dealer that would be farther away from the new location of an existing dealership or franchise of the same line make after a relocation may not file a written protest against the relocation with the Motor Vehicle Review Board.

D. Nothing in this Section shall be construed to prevent a franchiser from implementing affirmative action programs providing business opportunities for minorities or from complying with applicable federal, State or local law;

(9) to require a motor vehicle dealer to assent to a release, assignment, novation, waiver or estoppel which would relieve any person from liability imposed by this Act;

(10) to prevent or refuse to give effect to the succession to the ownership or management control of a dealership by any legatee under the will of a dealer or to an heir under the laws of descent and distribution of this State unless the franchisee has designated a successor to the ownership or management control under the succession provisions of the franchise. Unless the franchiser, having the burden of proof, proves that the successor is a person who is not of good moral character or does not meet the franchiser's existing and reasonable capital standards and, with consideration given to the volume of sales and service of the dealership, uniformly applied minimum business experience standards in the market area, any designated successor of a dealer or franchisee may succeed to the ownership or management control of a dealership under the existing franchise if:

(i) The designated successor gives the franchiser written notice by certified mail, return receipt requested, of his or her intention to succeed to the ownership of the dealer within 60 days of the dealer's death or incapacity; and

(ii) The designated successor agrees to be bound by all the terms and conditions of the existing franchise.

Notwithstanding the foregoing, in the event the motor vehicle dealer or franchisee and manufacturer have duly executed an agreement concerning succession rights prior to the dealer's death or incapacitation, the agreement shall be observed.

(A) If the franchiser intends to refuse to honor the successor to the ownership of a deceased or incapacitated dealer or franchisee under an existing franchise agreement, the franchiser shall send a letter by certified mail, return receipt requested, to the designated successor within 60 days from receipt of a proposal advising of its intent to refuse to honor the succession and to discontinue the existing franchise agreement and shall state that the designated successor only has 30 days from the receipt of the notice to file with the Motor Vehicle Review Board a written protest against the proposed action. The notice shall

set forth the specific grounds for the refusal to honor the succession and discontinue the existing franchise agreement.

If notice of refusal is not timely served upon the designated successor, the franchise agreement shall continue in effect subject to termination only as otherwise permitted by paragraph (6) of subsection (d) of Section 4 of this Act.

Within 30 days from the date the notice was received by the designated successor or any other person entitled to notice, the designee or other person may file with the Board a written protest against the proposed action.

When a protest has been timely filed, the Board shall enter an order, fixing a date (within 60 days of the date of the order), time, and place of a hearing on the protest, required under Sections 12 and 29 of this Act, and send by certified mail, return receipt requested, a copy of the order to the franchiser that filed the notice of intention of the proposed action and to the protesting designee or such other person.

The manufacturer shall have the burden of proof to establish that good cause exists to refuse to honor the succession and discontinue the existing franchise agreement. The determination whether good cause exists to refuse to honor the succession shall be made by the Board under subdivision (B) of this paragraph (10). The manufacturer shall not refuse to honor the succession or discontinue the existing franchise agreement before the hearing process is concluded as prescribed by this Act, and thereafter if the Board determines that it has failed to meet its burden of proof and that good cause does not exist to refuse to honor the succession and discontinue the existing franchise agreement.

(B) No manufacturer shall impose any conditions upon honoring the succession and continuing the existing franchise agreement with the designated successor other than that the franchisee has designated a successor to the ownership or management control under the succession

provisions of the franchise, or that the designated successor is of good moral character or meets the reasonable capital standards and, with consideration given to the volume of sales and service of the dealership, uniformly applied minimum business experience standards in the market area;

(11) to prevent or refuse to approve a proposal to establish a successor franchise at a location previously approved by the franchiser when submitted with the voluntary termination by the existing franchisee unless the successor franchisee would not otherwise qualify for a new motor vehicle dealer's license under the Illinois Vehicle Code or unless the franchiser, having the burden of proof, proves that such proposed successor is not of good moral character or does not meet the franchiser's existing and reasonable capital standards and, with consideration given to the volume of sales and service of the dealership, uniformly applied minimum business experience standards in the market area. However, when such a rejection of a proposal is made, the manufacturer shall give written notice of its reasons to the franchisee within 60 days of receipt by the manufacturer of the proposal. However, nothing herein shall be construed to prevent a franchiser from implementing affirmative action programs providing business opportunities for minorities, or from complying with applicable federal, State or local law;

(12) to prevent or refuse to grant a franchise to a person because such person owns, has investment in or participates in the management of or holds a franchise for the sale of another make or line of motor vehicles within 7 miles of the proposed franchise location in a county having a population of more than 300,000 persons, or within 12 miles of the proposed franchise location in a county having a population of less than 300,000 persons; or

(13) to prevent or attempt to prevent any new motor vehicle dealer from establishing any additional motor vehicle dealership or other facility limited to the sale of factory repurchase vehicles or late model vehicles or otherwise offering for sale factory repurchase vehicles of the same line make at an existing franchise by failing to make available any contract, agreement or other arrangement which is made available or otherwise offered to any person.

(f) It is deemed a violation for a manufacturer, a distributor, a wholesale, a distributor branch or division, a factory branch or division, or a wholesale branch or division, or officer, agent, broker, shareholder, except a shareholder of 1% or less of the outstanding shares of any class of securities of a manufacturer, distributor, or wholesaler which is a publicly traded corporation, or other representative, directly or indirectly, to own or operate a place of business as a motor vehicle franchisee or motor vehicle financing affiliate, except that, this subsection shall not prohibit the ownership or operation of a place of business by a manufacturer, distributor, or wholesaler for a period, not to exceed 18 months, during the transition from one motor vehicle franchisee to another; or the investment in a motor vehicle franchisee by a manufacturer, distributor, or wholesaler if the investment is for the sole purpose of enabling a partner or shareholder in that motor vehicle franchisee to acquire an interest in that motor vehicle franchisee and that partner or shareholder is not otherwise employed by or associated with the manufacturer, distributor, or wholesaler and would not otherwise have the requisite capital investment funds to invest in the motor vehicle franchisee, and has the right to purchase the entire equity interest of the manufacturer, distributor, or wholesaler in the motor vehicle franchisee within a reasonable period of time not to exceed 5 years.

(815 ILCS 710/6) (from Ch. 121 1/2, par. 756)

Sec. 6. Warranty agreements; claims; approval; payment; written disapproval.

(a) Every manufacturer, distributor, wholesaler, distributor branch or division, factory branch or division, or wholesale branch or division shall properly fulfill any warranty agreement and adequately and fairly compensate each of its motor vehicle dealers for labor and parts.

(b) In no event shall such compensation fail to include reasonable compensation for diagnostic work, as well as repair service, labor, and parts. Time allowances for the diagnosis and performance of warranty work and service shall be reasonable and adequate for the work to be performed. In the determination of what constitutes reasonable compensation under this Section, the principal factor to be given consideration shall be the prevailing wage rates being paid by the dealer in the relevant market area in which the motor vehicle dealer is doing business, and in no event shall such compensation of a motor vehicle dealer for warranty service be less than the rates charged by such dealer for

like service to retail customers for nonwarranty service and repairs. The franchiser shall reimburse the franchisee for any parts provided in satisfaction of a warranty at the prevailing retail price charged by that dealer for the same parts when not provided in satisfaction of a warranty; provided that such motor vehicle franchisee's prevailing retail price is not unreasonable when compared with that of the holders of motor vehicle franchises from the same motor vehicle franchiser for identical merchandise in the geographic area in which the motor vehicle franchisee is engaged in business. All claims, either original or resubmitted, made by motor vehicle dealers hereunder and under Section 5 for such labor and parts shall be either approved or disapproved within 30 days following their submission. All approved claims shall be paid within 30 days following their approval. The motor vehicle dealer who submits a claim which is disapproved shall be notified in writing of the disapproval within the same period, and each such notice shall state the specific grounds upon which the disapproval is based. The motor vehicle dealer shall be permitted to correct and resubmit such disapproved claims within 30 days of receipt of disapproval. Any claims not specifically disapproved in writing within 30 days from their submission shall be deemed approved and payment shall follow within 30 days. The manufacturer or franchiser shall have the right to require reasonable documentation for claims and to audit such claims within a one year period from the date the claim was paid or credit issued by the manufacturer or franchiser, and to charge back any false or unsubstantiated claims. The audit and charge back provisions of this Section also apply to all other incentive and reimbursement programs for a period of one year 18 months after the date the claim was paid or credit issued by the manufacturer or franchiser of the transactions that are subject to audit by the franchiser. However, the manufacturer retains the right to charge back any fraudulent claim if the manufacturer establishes in a court of competent jurisdiction in this State that the claim is fraudulent.

(c) The motor vehicle franchiser shall not, by agreement, by restrictions upon reimbursement, or otherwise, restrict the nature and extent of services to be rendered or parts to be provided so that such restriction prevents the motor vehicle franchisee from satisfying the warranty by rendering services in a good and workmanlike manner and providing parts which are required in accordance with generally accepted standards. Any such restriction shall constitute a prohibited practice.

New matter indicated by italics - deletions by strikeout.
(d) For the purposes of this Section, the "prevailing retail price charged by that dealer for the same parts" means the price paid by the motor vehicle franchisee for parts, including all shipping and other charges, multiplied by the sum of 1.0 and the franchisee's average percentage markup over the price paid by the motor vehicle franchisee for parts purchased by the motor vehicle franchisee from the motor vehicle franchiser and sold at retail. The motor vehicle franchisee may establish average percentage markup under this Section by submitting to the motor vehicle franchiser 100 sequential customer paid service repair orders or 90 days of customer paid service repair orders, whichever is less, covering repairs made no more than 180 days before the submission, and declaring what the average percentage markup is. The average percentage markup so declared shall go into effect 30 days following the declaration, subject to audit of the submitted repair orders by the motor vehicle franchiser and adjustment of the average percentage markup based on that audit. Any audit must be conducted within 30 days following the declaration. Only retail sales not involving warranty repairs, parts covered by subsection (e) of this Section, or parts supplied for routine vehicle maintenance, shall be considered in calculating average percentage markup. No motor vehicle franchiser shall require a motor vehicle franchisee to establish average percentage markup by a methodology, or by requiring information, that is unduly burdensome or time consuming to provide, including, but not limited to, part by part or transaction by transaction calculations. A motor vehicle franchisee shall not request a change in the average percentage markup more than twice in one calendar year.

(e) If a motor vehicle franchiser supplies a part or parts for use in a repair rendered under a warranty other than by sale of that part or parts to the motor vehicle franchisee, the motor vehicle franchisee shall be entitled to compensation equivalent to the motor vehicle franchisee's average percentage markup on the part or parts, as if the part or parts had been sold to the motor vehicle franchisee by the motor vehicle franchiser. The requirements of this subsection (e) shall not apply to entire engine assemblies and entire transmission assemblies. In the case of those assemblies, the motor vehicle franchiser shall reimburse the motor vehicle franchisee in the amount of 30% of what the motor vehicle franchisee would have paid the motor vehicle franchiser for the assembly if the assembly had not been supplied by the franchiser other than by the sale of that assembly to the motor vehicle franchisee.
(f) The obligations imposed on motor vehicle franchisers by this Section shall apply to any parent, subsidiary, affiliate, or agent of the motor vehicle franchiser, any person under common ownership or control, any employee of the motor vehicle franchiser, and any person holding 1% or more of the shares of any class of securities or other ownership interest in the motor vehicle franchiser, if a warranty or service or repair plan is issued by that person instead of or in addition to one issued by the motor vehicle franchiser.

(g) (1) Any motor vehicle franchiser and at least a majority of its Illinois franchisees of the same line make may agree in an express written contract citing this Section upon a uniform warranty reimbursement policy used by contracting franchisees to perform warranty repairs. The policy shall only involve either reimbursement for parts used in warranty repairs or the use of a Uniform Time Standards Manual, or both. Reimbursement for parts under the agreement shall be used instead of the franchisees' "prevailing retail price charged by that dealer for the same parts" as defined in this Section to calculate compensation due from the franchiser for parts used in warranty repairs. This Section does not authorize a franchiser and its Illinois franchisees to establish a uniform hourly labor reimbursement.

Each franchiser shall only have one such agreement with each line make. Any such agreement shall:

(A) Establish a uniform parts reimbursement rate. The uniform parts reimbursement rate shall be greater than the franchiser's nationally established parts reimbursement rate in effect at the time the first such agreement becomes effective; however, any subsequent agreement shall result in a uniform reimbursement rate that is greater or equal to the rate set forth in the immediately prior agreement.

(B) Apply to all warranty repair orders written during the period that the agreement is effective.

(C) Be available, during the period it is effective, to any motor vehicle franchisee of the same line make at any time and on the same terms.

(D) Be for a term not to exceed 3 years so long as any party to the agreement may terminate the agreement upon the annual anniversary of the agreement and with 30 days' prior written notice; however, the agreement shall remain in effect for the term of the

New matter indicated by italics - deletions by strikeout.
agreement regardless of the number of dealers of the same line make that may terminate the agreement.

(2) A franchiser that enters into an agreement with its franchisees pursuant to paragraph (1) of this subsection (g) may seek to recover its costs from only those franchisees that are receiving their "prevailing retail price charged by that dealer" under subsections (a) through (f) of this Section, subject to the following requirements:

(A) "costs" means the difference between the uniform reimbursement rate set forth in an agreement entered into pursuant to paragraph (1) of this subsection (g) and the "prevailing retail price charged by that dealer" received by those franchisees of the same line make. "Costs" do not include the following: legal fees or expenses; administrative expenses; a profit mark-up; or any other item;

(B) the costs shall be recovered only by increasing the invoice price on new vehicles received by those franchisees; and

(C) price increases imposed for the purpose of recovering costs imposed by this Section may vary from time to time and from model to model, but shall apply uniformly to all franchisees of the same line make in the State of Illinois that have requested reimbursement for warranty repairs at their "prevailing retail price charged by that dealer", except that a franchiser may make an exception for vehicles that are titled in the name of a consumer in another state.

(3) If a franchiser contracts with its Illinois dealers pursuant to paragraph (1) of this subsection (g), the franchiser shall certify under oath to the Motor Vehicle Review Board that a majority of the franchisees of that line make did agree to such an agreement and file a sample copy of the agreement. On an annual basis, each franchiser shall certify under oath to the Motor Vehicle Review Board that the reimbursement costs it recovers under paragraph (2) of this subsection (g) do not exceed the amounts authorized by paragraph (2) of this subsection (g). The franchiser shall maintain for a period of 3 years a file that contains the information upon which its certification is based.

(3.1) A franchiser subject to subdivision (g)(2) of this Section, upon request of a dealer subject to that subdivision, shall disclose to the dealer, in writing or in person if requested by the dealer, the method by which the franchiser calculated the amount of the costs to be reimbursed by the dealer. The franchiser shall also provide aggregate data showing (i)
the total costs the franchiser incurred and (ii) the total number of new vehicles invoiced to each dealer that received the "prevailing retail price charged by that dealer" during the relevant period of time. In responding to a dealer's request under this subdivision (g)(3.1), a franchiser may not disclose any confidential or competitive information regarding any other dealer. Any dealer who receives information from a franchiser under this subdivision (g)(3.1) may not disclose that information to any third party unless the disclosure occurs in the course of a lawful proceeding before, or upon the order of, the Motor Vehicle Review Board or a court of competent jurisdiction.

(4) If a franchiser and its franchisees do not enter into an agreement pursuant to paragraph (1) of this subsection (g), and for any matter that is not the subject of an agreement, this subsection (g) shall have no effect whatsoever.

(5) For purposes of this subsection (g), a Uniform Time Standard Manual is a document created by a franchiser that establishes the time allowances for the diagnosis and performance of warranty work and service. The allowances shall be reasonable and adequate for the work and service to be performed. Each franchiser shall have a reasonable and fair process that allows a franchisee to request a modification or adjustment of a standard or standards included in such a manual.

(6) A franchiser may not take any adverse action against a franchisee for not having executed an agreement contemplated by this subsection (g) or for receiving the "prevailing retail price charged by that dealer". Nothing in this subsection shall be construed to prevent a franchiser from making a determination of a franchisee's "prevailing retail price charged by that dealer", as provided by this Section.

Sec. 9. Renewals; transfers.

(a) Anything to the contrary notwithstanding, it shall be unlawful for the manufacturer, wholesaler, distributor or franchiser without good cause, to fail to renew a franchise on terms then equally available to all its motor vehicle dealers, or to terminate a franchise or restrict the transfer of a franchise until the franchisee shall receive fair and reasonable compensation for the value of the business and business premises.

(b) For the purposes of this Section 9, the term "reasonable compensation" includes, but is not limited to all of the following items:

New matter indicated by italics - deletions by strikeout.
(1) An amount equal to the current, fair rental value of the portion of the motor vehicle dealer's established place of business that is used for motor vehicle sales and service with the manufacturer, wholesaler, distributor or franchiser for a period of one year beginning on the date of the nonrenewal, termination, or restriction on the transfer of the franchise.

(2) The franchisee's cost of each new undamaged and unsold current and prior year motor vehicles that were acquired within 12 months of termination and have 500 or fewer miles recorded on the odometer that are in the franchisee's inventory at the time of nonrenewal, termination, or restriction and that were purchased or acquired from the manufacturer or from another dealer of the same line make in the ordinary course of business.

(3) The franchisee's cost of each new, unused, undamaged, and unsold part or accessory that is in the current parts catalogue or is identical to a part or accessory in the current parts catalogue except for the number assigned to the part or accessory due to a change in the number after the purchase of the part or accessory and that is still in the original, resalable merchandising package and in an unbroken lot, except that, in the case of sheet metal, a comparable substitute for the original package may be used if the part or accessory was purchased (i) directly from the manufacturer, distributor, wholesaler, distributor branch or division, or officer, agent, or other representative thereof or (ii) from an outgoing authorized dealer as a part of the dealer's initial inventory.

(4) The fair market value of each undamaged sign owned by the dealer that bears a trademark or trade name used or claimed by the manufacturer, distributor, wholesaler, distributor branch or division, or officer, agent, or other representative thereof that was purchased as a requirement of the manufacturer, distributor, wholesaler, distributor branch or division, or officer, agent, or other representative thereof.

(5) The fair market value of all special tools, data processing equipment, and automotive service equipment owned by the dealer that (i) were recommended in writing and designated as special tools and equipment, (ii) were purchased at the request of the manufacturer, distributor, wholesaler, distributor branch or division, or officer, agent, or other representative thereof, and (iii)

are in usable and good condition except for reasonable wear and tear.

(6) The cost of transporting, handling, packing, storing, and loading any property that is subject to repurchase under this Section.

This subsection (b) shall not apply to a non-renewal or termination that is implemented as a result of a sale of the assets or stock of the franchise.

(c) The payment under item (b)(1) is due in 12 equal, monthly installments, beginning 30 days after the franchise is terminated or nonrenewed. The payments under items (b)(2) through (b)(6) are due no later than 90 days after the franchise is terminated or nonrenewed. As a condition of payment under items (b)(2) through (b)(6), the motor vehicle dealer must comply with all reasonable requirements provided by the manufacturer, distributor, or wholesaler regarding the return of inventory.

If a manufacturer, distributor, or wholesaler does not reimburse the motor vehicle dealer for the amounts required under items (b)(2) through (b)(6) by the deadlines under this subsection (c), and the Board or, if agreed to under Section 12, the arbitrator, finds the manufacturer, distributor, or wholesaler in violation of this subsection, then the manufacturer, distributor, or wholesaler shall, in addition to any other amounts due, pay the motor vehicle dealer:

(1) interest on the amount due at a rate reasonable in light of commercial practices, determined by the Board or arbitrator; and

(2) reasonable attorney's fees and costs.

(3) reasonable attorney's fees and costs.

Sec. 9.5. Termination with good cause.

(a) Anything to the contrary notwithstanding, if a manufacturer, wholesaler, distributor, or franchiser, with good cause, (i) fails to renew a franchise on terms then equally available to all of its motor vehicle dealers, (ii) terminates a franchise, or (iii) restricts the transfer of a franchise, the manufacturer, wholesaler, distributor or franchiser shall pay to the franchisee all of the following, including, but not limited to:

(1) Upon termination, cancellation, or nonrenewal of a line make or upon termination, cancellation, or nonrenewal due to a
dealer's poor sales and service performance pursuant to notice provided under Section 4(d)(6), an amount equal to the current, fair rental value of the portion of the motor vehicle dealer's established place of business that is used for motor vehicle sales and service with the manufacturer, wholesaler, distributor or franchiser for a period of one year beginning on the date of the nonrenewal, termination, or restriction on the transfer of the franchise.

(2) The franchisee's cost of each new undamaged and unsold current and prior model year motor vehicles that were acquired within 12 months of termination and have 500 or fewer miles recorded on the odometer in the franchisee's inventory at the time of nonrenewal, termination, or restriction and that were purchased or acquired from the manufacturer or from another motor vehicle dealer of the same line make in the ordinary course of business.

(3) The franchisee's cost of each new, unused, undamaged, and unsold part or accessory that is in the current parts catalogue or is identical to a part or accessory in the current parts catalogue except for a number assigned to the part or accessory due to a change in the number after the purchase of the part or accessory and that is still in the original, resalable merchandising package and in an unbroken lot, except that, in the case of sheet metal, a comparable substitute for the original package may be used if the part or accessory was purchased (i) directly from the manufacturer, distributor, wholesaler, distributor branch or division, or officer, agent, or other representative thereof or (ii) from an outgoing authorized dealer as a part of the dealer's initial inventory.

(b) The payment under item (a)(1) is due in 12 equal, monthly installments, beginning 30 days after the franchise is terminated or nonrenewed. The payments under items (a)(2) through (a)(5) are due no later than 90 days after the franchise is terminated or nonrenewed. As a condition of payment under items (a)(2) through (a)(5) the motor vehicle dealer must comply with all reasonable requirements provided by the manufacturer, distributor, or wholesaler regarding the return of inventory.

If a manufacturer, distributor, or wholesaler does not reimburse the motor vehicle dealer for the amounts required under items (a)(2) through (a)(6) by the deadlines under this subsection (b), then the manufacturer, distributor, or wholesaler shall, in addition to any amounts due, pay the motor vehicle dealer:

(1) interest on the amount due at a rate reasonable in light of commercial practices, determined by the Board or arbitrator; and

New matter indicated by italics - deletions by strikeout.
Sec. 41. No civil action shall be commenced in any court against the Authority by any person for any injury to his person unless it is commenced within one year from the date that the injury was received or the cause of action accrued. Within six (6) months from the date that such an injury was received or such cause of action accrued, any person who is about to commence any civil action in any court against the Authority for damages on account of any injury to his person shall file in the office of the secretary of the Board and also in the office of the General Counsel for the Authority—either by himself, his agent, or attorney—a statement, in writing, signed by himself, his agent, or attorney, giving the name of the person to whom the cause of action has accrued, the name and residence of the person injured, the date and about the hour of the accident, the place or location where the accident occurred and the name and address of the attending physician, if any. If the notice provided for by this section is not filed as provided, any such civil action commenced against the Authority shall be dismissed and the person to whom any such cause of action accrued for any personal injury shall be forever barred from further suing.

Any person who notifies the Authority that he or she was injured or has a cause of action shall be furnished a copy of Section 41 of this Act. Within 10 days after being notified in writing, the Authority shall either send a copy by certified mail to the person at his or her last known address or hand deliver a copy to the person who shall acknowledge receipt by his or her signature. (215 ILCS 5/367e) (from Ch. 73, par. 979e)
Sec. 367e. Continuation of Group Hospital, Surgical and Major Medical Coverage After Termination of Employment or Membership. A group policy delivered, issued for delivery, renewed or amended in this state which insures employees or members for hospital, surgical or major medical insurance on an expense incurred or service basis, other than for specific diseases or for accidental injuries only, shall provide that employees or members whose insurance under the group policy would otherwise terminate because of termination of employment or membership or because of a reduction in hours below the minimum required by the group plan shall be entitled to continue their hospital, surgical and major medical insurance under that group policy, for themselves and their eligible dependents, subject to all of the group policy's terms and conditions applicable to those forms of insurance and to the following conditions:

1. Continuation shall only be available to an employee or member who has been continuously insured under the group policy (and for similar benefits under any group policy which it replaced) during the entire 3 months period ending with such termination or reduction in hours below the minimum required by the group plan. With respect to an employee or member who is involuntarily terminated between September 1, 2008 and December 31, 2009, continuation shall be available if the employee or member was insured under the group policy on the day prior to the termination.

2. Continuation shall not be available for any person who is covered by Medicare, except for those individuals who have been covered under a group Medicare supplement policy. Neither shall continuation be available for any person who is covered by any other insured or uninsured plan which provides hospital, surgical

or medical coverage for individuals in a group and under which the person was not covered immediately prior to such termination or reduction in hours below the minimum required by the group plan or who exercises his conversion privilege under the group policy.

3. Continuation need not include dental, vision care, prescription drug benefits, disability income, specified disease, or similar supplementary benefits which are provided under the group policy in addition to its hospital, surgical or major medical benefits.

Within 10 days after the employee's or member's termination or reduction in hours below the minimum required by the group plan written notice of continuation shall be presented to the employee or member by the employer. If the employee or member is unavailable, written notice shall be or mailed by the employer to the last known address of the employee or member within 10 days after the employee's or member's termination or reduction in hours below the minimum required by the group plan. The employer shall also send a copy of the notice to the insurer. An employee or member who wishes continuation of coverage must request such continuation in writing within the 30 day period following the later of: (i) the date of such termination or reduction in hours below the minimum required by the group plan, or (ii) the date the employee is presented or mailed given written notice of the right of continuation by either the employer or the group policyholder. Unless contrary to the provisions of, or any rules promulgated pursuant to, Section 3001(a)(7) of Title III of Division B of the federal American Recovery and Reinvestment Act of 2009, with respect to employees or members of health plans that are subject solely to State continuation coverage and who are terminated or whose reduction in hours below the minimum required by the group occurs between the effective date of this amendatory Act of the 96th General Assembly and December 31, 2009, the notice requirements of this Section are not satisfied unless notice is presented or mailed to the employee or member by the insurer informing the employee or member of the availability of premium reduction with respect to such coverage under the American Recovery and Reinvestment Act of 2009. Such written notice shall conform to all applicable requirements set forth in Section 3001(a)(7) of Title III of Division B of the federal American Recovery and Reinvestment Act of 2009. The Department shall publish models for the notification that shall be provided by insurers pursuant to this paragraph 4a.

4b. (5) The Governor's Office of Management and Budget.
(6) The President of the State University that had requested the certificate presentation.

Upon a finding of "non-support of issuance", a State University may not proceed with the issuance of the certificate involved in the finding without the approval of the General Assembly through the adoption of a joint resolution.

Section 20. Annual reporting. Prior to December 31 of each year, each State University shall file with the Commission a report stating the status of all outstanding certificates of participation the State University has issued and a copy of the annual budget as approved by the Board.

Section 25. Required statement on certificate of participation documents. Each issuance of a certificate of participation shall include within the appropriate documents related to its execution the following statement, which sets forth required limitations in relation to the certificate:

THE BOARD OF TRUSTEES' OBLIGATION TO MAKE INSTALLMENT PAYMENTS DOES NOT CONSTITUTE A DEBT OF THE BOARD OR THE STATE OF ILLINOIS WITHIN THE MEANING OF ANY CONSTITUTIONAL OR STATUTORY LIMITATION. THE INSTALLMENT PAYMENTS REQUIRED UNDER CERTIFICATES OF PARTICIPATION INCURRED BY THE UNIVERSITY ARE NOT SECURED BY THE FULL FAITH AND CREDIT OF THE STATE AND ARE NOT REQUIRED TO BE REPAID AND MAY NOT BE REPAID, DIRECTLY OR INDIRECTLY, FROM TAX REVENUE.

Section 30. Debt limit. The maximum annual debt service for a State University's total certificate of participation obligation must not exceed the following:

(1) For the University of Illinois, $100,000,000.
(2) For Southern Illinois University, $20,000,000.
(3) For Northern Illinois University, $20,000,000.
(4) For Illinois State University, $10,000,000.

Section 90. Expiration of Act. This Act applies until December 31, 2014. However, the refunding of certificates of participation issued prior to December 31, 2014 in accordance with the Act is permitted.

Section 95. The Statute on Statutes is amended by changing Section 8 as follows:

(5 ILCS 70/8) (from Ch. 1, par. 1107)
Sec. 8. Omnibus Bond Acts.
(a) A citation to the Omnibus Bond Acts is a citation to all of the following Acts, collectively, as amended from time to time: the Bond Authorization Act, the Registered Bond Act, the Municipal Bond Reform Act, the Local Government Debt Reform Act, the Local Government Bond Validity Act, the Illinois Finance Authority Act, the Public Funds Investment Act, the Local Government Credit Enhancement Act, the Local Government Defeasance of Debt Law, the Intergovernmental Cooperation Act, the Local Government Financial Planning and Supervision Act, the Special Assessment Supplemental Bond and Procedure Act, Section 12-5 of the Election Code, the State University Certificates of Participation Act, and any similar Act granting additional omnibus bond powers to governmental entities generally, whether enacted before, on, or after the effective date of this amendatory Act of 1989.

(b) The General Assembly recognizes that the proliferation of governmental entities has resulted in the enactment of hundreds of statutory provisions relating to the borrowing and other powers of governmental entities. The General Assembly addresses and has addressed problems common to all such governmental entities so that they have equal access to the municipal bond market. It has been, and will continue to be, the intention of the General Assembly to enact legislation applicable to governmental entities in an omnibus fashion, as has been done in the provisions of the Omnibus Bond Acts.

(c) It is and always has been the intention of the General Assembly that the Omnibus Bond Acts are and always have been supplementary grants of power, cumulative in nature and in addition to any power or authority granted in any other laws of the State. The Omnibus Bond Acts are supplementary grants of power when applied in connection with any similar grant of power or limitation contained in any other law of the State, whether or not the other law is enacted or amended after an Omnibus
Bond Act or appears to be more restrictive than an Omnibus Bond Act, unless the General Assembly expressly declares in such other law that a specifically named Omnibus Bond Act does not apply.

(d) All instruments providing for the payment of money executed by or on behalf of any governmental entity organized by or under the laws of this State, including without limitation the State, to carry out a public governmental or proprietary function, acting through its corporate authorities, or which any governmental entity has assumed or agreed to pay, which were:

1. issued or authorized to be issued by proceedings adopted by such corporate authorities before the effective date of this amendatory Act of 1989;
2. issued or authorized to be issued in accordance with the procedures set forth in or pursuant to any authorization contained in any of the Omnibus Bond Acts; and
3. issued or authorized to be issued for any purpose authorized by the laws of this State, are valid and legally binding obligations of the governmental entity issuing such instruments, payable in accordance with their terms.

Section 97. The Illinois Procurement Code is amended by changing Sections 20-60 and 40-25 as follows:

(30 ILCS 500/20-60)
Sec. 20-60. Duration of contracts.

(a) Maximum duration. A contract, other than a contract entered into pursuant to the State University Certificates of Participation Act, may be entered into for any period of time deemed to be in the best interests of the State but not exceeding 10 years inclusive, beginning January 1, 2010, of proposed contract renewals. The length of a lease for real property or capital improvements shall be in accordance with the provisions of Section 40-25. A contract for bond or mortgage insurance awarded by the Illinois Housing Development Authority, however, may be entered into for any period of time less than or equal to the maximum period of time that the subject bond or mortgage may remain outstanding.

(b) Subject to appropriation. All contracts made or entered into shall recite that they are subject to termination and cancellation in any year for which the General Assembly fails to make an appropriation to make payments under the terms of the contract.

(Source: P.A. 95-344, eff. 8-21-07.)
Sec. 40-25. Length of leases.

(a) Maximum term. Leases shall be for a term not to exceed 10 years inclusive, beginning January 1, 2010, of proposed contract renewals and shall include a termination option in favor of the State after 5 years.

(b) Renewal. Leases may include a renewal option. An option to renew may be exercised only when a State purchasing officer determines in writing that renewal is in the best interest of the State and notice of the exercise of the option is published in the appropriate volume of the Procurement Bulletin at least 60 days prior to the exercise of the option.

(c) Subject to appropriation. All leases shall recite that they are subject to termination and cancellation in any year for which the General Assembly fails to make an appropriation to make payments under the terms of the lease.

(d) Holdover. Beginning January 1, 2010, no lease may continue on a month-to-month or other holdover basis for a total of more than 6 months. Beginning July 1, 2010, the Comptroller shall withhold payment of leases beyond this holdover period.

equipment, fixture, or furnishing to be added to or used in any such building or facility that is designed to reduce energy consumption or operating costs, and may include, without limitation, one or more of the following:

(1) Insulation of the building structure or systems within the building.
(2) Storm windows or doors, caulking or weatherstripping, multiglazed windows or doors, heat absorbing or heat reflective glazed and coated window or door systems, additional glazing, reductions in glass area, or other window and door system modifications that reduce energy consumption.
(3) Automated or computerized energy control systems.
(4) Heating, ventilating, or air conditioning system modifications or replacements.
(5) Replacement or modification of lighting fixtures to increase the energy efficiency of the lighting system without increasing the overall illumination of a facility, unless an increase in illumination is necessary to conform to the applicable State or local building code for the lighting system after the proposed modifications are made.
(6) Energy recovery systems.
(7) Energy conservation measures that provide long-term operating cost reductions.

(b) From the effective date of this amendatory Act of the 96th General Assembly until January 1, 2015, "energy conservation measure" includes a renewable energy center pilot project at Eastern Illinois University, provided that:

(1) the University signs a partnership contract with a qualified energy conservation measure provider as provided in this Act;
(2) the University has responsibility for the qualified provider's actions with regard to applicable laws;
(3) the University obtains a performance bond in accordance with this Act;
(4) the University and the qualified provider follow all aspects of the Prevailing Wage Act as provided by this Act;

unless the University requires services that are not typically performed by the firms on CDB’s list;

(6) the University provides monthly progress reports to the Procurement Policy Board, and the University allows a representative from CDB to monitor the project, provided that such involvement is at no cost to the University;

(7) the University requires the qualified provider to follow the provisions of the Business Enterprise for Minorities, Females, and Persons with Disabilities Act and the Public Works Employment Discrimination Act as provided in this Act;

(8) the University agrees to award new building construction work to a responsible bidder, as defined in Section 30-22 of the Illinois Procurement Code;

(9) the University includes in its contract with the qualified provider a requirement that the qualified provider name the subcontractors that it will use, and the qualified provider may not change these without the University’s written approval;

(10) the University follows, to the extent possible, the Design-Build Procurement Act for construction of the project, taking into consideration the current status of the project; for purposes of this Act, the definition of "State construction agency" in the Design-Build Procurement Act means Eastern Illinois University for the purpose of this project;

(11) the University follows, to the extent possible, the Architectural, Engineering, and Land Surveying Qualifications Based Selection Act;

(12) the University requires all engineering, architecture, and design work related to the installation or modification of facilities be performed by design professionals licensed by the State of Illinois and professional design firms registered in the State of Illinois; and

(13) the University produces annual reports and a final report describing the project upon completion and files the reports with the Procurement Policy Board, CDB, and the General Assembly.

The provisions of this subsection (b), other than this sentence, are inoperative after January 1, 2015.

AN ACT concerning finance.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The General Obligation Bond Act is amended by changing Sections 9, 11, and 16 as follows:

(30 ILCS 330/9) (from Ch. 127, par. 659)

Sec. 9. Conditions for Issuance and Sale of Bonds - Requirements for Bonds.

(a) Except as otherwise provided in this subsection, Bonds shall be issued and sold from time to time, in one or more series, in such amounts and at such prices as may be directed by the Governor, upon recommendation by the Director of the Governor's Office of Management and Budget. Bonds shall be in such form (either coupon, registered or book entry), in such denominations, payable within 25 years from their date, subject to such terms of redemption with or without premium, bear interest payable at such times and at such fixed or variable rate or rates, and be dated as shall be fixed and determined by the Director of the Governor's Office of Management and Budget in the order authorizing the issuance and sale of any series of Bonds, which order shall be approved by the Governor and is herein called a "Bond Sale Order"; provided however, that interest payable at fixed or variable rates shall not exceed that permitted in the Bond Authorization Act, as now or hereafter amended. Bonds shall be payable at such place or places, within or without the State of Illinois, and may be made registrable as to either principal or as to both principal and interest, as shall be specified in the Bond Sale Order. Bonds may be callable or subject to purchase and retirement or tender and remarketing as fixed and determined in the Bond Sale Order. Bonds (i) except for refunding Bonds satisfying the requirements of Section 16 of this Act and sold during fiscal year 2009, 2010, or 2011, must be issued with principal or mandatory redemption amounts in equal amounts, with the first maturity issued occurring within the fiscal year in which the Bonds are issued or within the next succeeding fiscal year and (ii) must mature or be subject to mandatory redemption each fiscal year thereafter up to 25 years, except for refunding Bonds satisfying the requirements of Section 16 of this Act and sold during
fiscal year 2009, 2010, or 2011 which must mature or be subject to mandatory redemption each fiscal year thereafter up to 16 years.

In the case of any series of Bonds bearing interest at a variable interest rate ("Variable Rate Bonds"), in lieu of determining the rate or rates at which such series of Variable Rate Bonds shall bear interest and the price or prices at which such Variable Rate Bonds shall be initially sold or re-marketed (in the event of purchase and subsequent resale), the Bond Sale Order may provide that such interest rates and prices may vary from time to time depending on criteria established in such Bond Sale Order, which criteria may include, without limitation, references to indices or variations in interest rates as may, in the judgment of a remarketing agent, be necessary to cause Variable Rate Bonds of such series to be re-marketable from time to time at a price equal to their principal amount, and may provide for appointment of a bank, trust company, investment bank, or other financial institution to serve as remarketing agent in that connection. The Bond Sale Order may provide that alternative interest rates or provisions for establishing alternative interest rates, different security or claim priorities, or different call or amortization provisions will apply during such times as Variable Rate Bonds of any series are held by a person providing credit or liquidity enhancement arrangements for such Bonds as authorized in subsection (b) of this Section. The Bond Sale Order may also provide for such variable interest rates to be established pursuant to a process generally known as an auction rate process and may provide for appointment of one or more financial institutions to serve as auction agents and broker-dealers in connection with the establishment of such interest rates and the sale and remarketing of such Bonds.

(b) In connection with the issuance of any series of Bonds, the State may enter into arrangements to provide additional security and liquidity for such Bonds, including, without limitation, bond or interest rate insurance or letters of credit, lines of credit, bond purchase contracts, or other arrangements whereby funds are made available to retire or purchase Bonds, thereby assuring the ability of owners of the Bonds to sell or redeem their Bonds. The State may enter into contracts and may agree to pay fees to persons providing such arrangements, but only under circumstances where the Director of the Governor’s Office of Management and Budget certifies that he or she reasonably expects the total interest paid or to be paid on the Bonds, together with the fees for the arrangements (being treated as if interest), would not, taken together, cause the Bonds to bear interest, calculated to their stated maturity, at a rate in

New matter indicated by italics - deletions by strikeout.
excess of the rate that the Bonds would bear in the absence of such arrangements.

The State may, with respect to Bonds issued or anticipated to be issued, participate in and enter into arrangements with respect to interest rate protection or exchange agreements, guarantees, or financial futures contracts for the purpose of limiting, reducing, or managing interest rate exposure. The authority granted under this paragraph, however, shall not increase the principal amount of Bonds authorized to be issued by law. The arrangements may be executed and delivered by the Director of the Governor's Office of Management and Budget on behalf of the State. Net payments for such arrangements shall constitute interest on the Bonds and shall be paid from the General Obligation Bond Retirement and Interest Fund. The Director of the Governor's Office of Management and Budget shall at least annually certify to the Governor and the State Comptroller his or her estimate of the amounts of such net payments to be included in the calculation of interest required to be paid by the State.

(c) Prior to the issuance of any Variable Rate Bonds pursuant to subsection (a), the Director of the Governor's Office of Management and Budget shall adopt an interest rate risk management policy providing that the amount of the State's variable rate exposure with respect to Bonds shall not exceed 20%. This policy shall remain in effect while any Bonds are outstanding and the issuance of Bonds shall be subject to the terms of such policy. The terms of this policy may be amended from time to time by the Director of the Governor's Office of Management and Budget but in no event shall any amendment cause the permitted level of the State's variable rate exposure with respect to Bonds to exceed 20%.

(30 ILCS 330/11) (from Ch. 127, par. 661)

Sec. 11. Sale of Bonds. Except as otherwise provided in this Section, Bonds shall be sold from time to time pursuant to notice of sale and public bid or by negotiated sale in such amounts and at such times as is directed by the Governor, upon recommendation by the Director of the Governor's Office of Management and Budget. At least 25%, based on total principal amount, of all Bonds issued each fiscal year shall be sold pursuant to notice of sale and public bid. At all times during each fiscal year, no more than 75%, based on total principal amount, of the Bonds issued each fiscal year, shall have been sold by negotiated sale. Failure to satisfy the requirements in the preceding 2 sentences shall not affect the

validity of any previously issued Bonds; and further provided that refunding Bonds satisfying the requirements of Section 16 of this Act and sold during fiscal year 2009, 2010, or 2011 shall not be subject to the requirements in the preceding 2 sentences.

If any Bonds, including refunding Bonds, are to be sold by negotiated sale, the Director of the Governor's Office of Management and Budget shall comply with the competitive request for proposal process set forth in the Illinois Procurement Code and all other applicable requirements of that Code.

If Bonds are to be sold pursuant to notice of sale and public bid, the Director of the Governor's Office of Management and Budget shall, from time to time, as Bonds are to be sold, advertise the sale of the Bonds in at least 2 daily newspapers, one of which is published in the City of Springfield and one in the City of Chicago. The sale of the Bonds shall also be advertised in the volume of the Illinois Procurement Bulletin that is published by the Department of Central Management Services. Each of the advertisements for proposals shall be published once at least 10 days prior to the date fixed for the opening of the bids. The Director of the Governor's Office of Management and Budget may reschedule the date of sale upon the giving of such additional notice as the Director deems adequate to inform prospective bidders of such change; provided, however, that all other conditions of the sale shall continue as originally advertised.

Executed Bonds shall, upon payment therefor, be delivered to the purchaser, and the proceeds of Bonds shall be paid into the State Treasury as directed by Section 12 of this Act.

refunded; provided that no refunding Bonds shall be offered for sale unless the net present value of debt service savings to be achieved by the issuance of the refunding Bonds is 3% or more of the principal amount of the refunding Bonds to be issued; and further provided that, except for refunding Bonds sold in fiscal year 2009, 2010, or 2011, the maturities of the refunding Bonds shall not extend beyond the maturities of the Bonds they refund, so that for each fiscal year in the maturity schedule of a particular issue of refunding Bonds, the total amount of refunding principal maturing and redemption amounts due in that fiscal year and all prior fiscal years in that schedule shall be greater than or equal to the total amount of refunded principal and redemption amounts that had been due over that year and all prior fiscal years prior to the refunding.

The Governor shall notify the State Treasurer and Comptroller of such refunding. The proceeds received from the sale of refunding Bonds shall be used for the retirement at maturity or redemption of such outstanding Bonds on any maturity or redemption date and, pending such use, shall be placed in escrow, subject to such terms and conditions as shall be provided for in the Bond Sale Order relating to the Refunding Bonds. Proceeds not needed for deposit in an escrow account shall be deposited in the General Obligation Bond Retirement and Interest Fund. This Act shall constitute an irrevocable and continuing appropriation of all amounts necessary to establish an escrow account for the purpose of refunding outstanding general obligation Bonds and to pay the reasonable expenses of such refunding and of the issuance and sale of the refunding Bonds. Any such escrowed proceeds may be invested and reinvested in direct obligations of the United States of America, maturing at such time or times as shall be appropriate to assure the prompt payment, when due, of the principal of and interest and redemption premium, if any, on the refunded Bonds. After the terms of the escrow have been fully satisfied, any remaining balance of such proceeds and interest, income and profits earned or realized on the investments thereof shall be paid into the General Revenue Fund. The liability of the State upon the Bonds shall continue, provided that the holders thereof shall thereafter be entitled to payment only out of the moneys deposited in the escrow account.

Except as otherwise herein provided in this Section, such refunding Bonds shall in all other respects be subject to the terms and conditions of this Act.

Section 10. The Build Illinois Bond Act is amended by changing Section 6, 8, and 15 as follows:

(30 ILCS 425/6) (from Ch. 127, par. 2806)

Sec. 6. Conditions for Issuance and Sale of Bonds - Requirements for Bonds - Master and Supplemental Indentures - Credit and Liquidity Enhancement.

(a) Bonds shall be issued and sold from time to time, in one or more series, in such amounts and at such prices as directed by the Governor, upon recommendation by the Director of the Governor's Office of Management and Budget. Bonds shall be payable only from the specific sources and secured in the manner provided in this Act. Bonds shall be in such form, in such denominations, mature on such dates within 25 years from their date of issuance, be subject to optional or mandatory redemption, bear interest payable at such times and at such rate or rates, fixed or variable, and be dated as shall be fixed and determined by the Director of the Governor's Office of Management and Budget in an order authorizing the issuance and sale of any series of Bonds, which order shall be approved by the Governor and is herein called a "Bond Sale Order"; provided, however, that interest payable at fixed rates shall not exceed that permitted in "An Act to authorize public corporations to issue bonds, other evidences of indebtedness and tax anticipation warrants subject to interest rate limitations set forth therein", approved May 26, 1970, as now or hereafter amended, and interest payable at variable rates shall not exceed the maximum rate permitted in the Bond Sale Order. Said Bonds shall be payable at such place or places, within or without the State of Illinois, and may be made registrable as to either principal only or as to both principal and interest, as shall be specified in the Bond Sale Order. Bonds may be callable or subject to purchase and retirement or remarketing as fixed and determined in the Bond Sale Order. Bonds (i) except for refunding Bonds satisfying the requirements of Section 15 of this Act and sold during fiscal year 2009, 2010, or 2011, must be issued with principal or mandatory redemption amounts in equal amounts, with the first maturity issued occurring within the fiscal year in which the Bonds are issued or within the next succeeding fiscal year and (ii) must mature or be subject to mandatory redemption each fiscal year thereafter up to 25 years, except for refunding Bonds satisfying the requirements of Section 16 of this Act and sold during fiscal year 2009, 2010, or 2011 which must mature or be subject to mandatory redemption each fiscal year thereafter up to 16 years.
All Bonds authorized under this Act shall be issued pursuant to a master trust indenture ("Master Indenture") executed and delivered on behalf of the State by the Director of the Governor's Office of Management and Budget, such Master Indenture to be in substantially the form approved in the Bond Sale Order authorizing the issuance and sale of the initial series of Bonds issued under this Act. Such initial series of Bonds may, and each subsequent series of Bonds shall, also be issued pursuant to a supplemental trust indenture ("Supplemental Indenture") executed and delivered on behalf of the State by the Director of the Governor's Office of Management and Budget, each such Supplemental Indenture to be in substantially the form approved in the Bond Sale Order relating to such series. The Master Indenture and any Supplemental Indenture shall be entered into with a bank or trust company in the State of Illinois having trust powers and possessing capital and surplus of not less than $100,000,000. Such indentures shall set forth the terms and conditions of the Bonds and provide for payment of and security for the Bonds, including the establishment and maintenance of debt service and reserve funds, and for other protections for holders of the Bonds. The term "reserve funds" as used in this Act shall include funds and accounts established under indentures to provide for the payment of principal of and premium and interest on Bonds, to provide for the purchase, retirement or defeasance of Bonds, to provide for fees of trustees, registrars, paying agents and other fiduciaries and to provide for payment of costs of and debt service payable in respect of credit or liquidity enhancement arrangements, interest rate swaps or guarantees or financial futures contracts and indexing and remarketing agents' services.

In the case of any series of Bonds bearing interest at a variable interest rate ("Variable Rate Bonds"), in lieu of determining the rate or rates at which such series of Variable Rate Bonds shall bear interest and the price or prices at which such Variable Rate Bonds shall be initially sold or remarketed (in the event of purchase and subsequent resale), the Bond Sale Order may provide that such interest rates and prices may vary from time to time depending on criteria established in such Bond Sale Order, which criteria may include, without limitation, references to indices or variations in interest rates as may, in the judgment of a remarketing agent, be necessary to cause Bonds of such series to be remarketable from time to time at a price equal to their principal amount (or compound accreted value in the case of original issue discount Bonds), and may provide for appointment of indexing agents and a bank, trust company,

investment bank or other financial institution to serve as remarketing agent in that connection. The Bond Sale Order may provide that alternative interest rates or provisions for establishing alternative interest rates, different security or claim priorities or different call or amortization provisions will apply during such times as Bonds of any series are held by a person providing credit or liquidity enhancement arrangements for such Bonds as authorized in subsection (b) of Section 6 of this Act.

(b) In connection with the issuance of any series of Bonds, the State may enter into arrangements to provide additional security and liquidity for such Bonds, including, without limitation, bond or interest rate insurance or letters of credit, lines of credit, bond purchase contracts or other arrangements whereby funds are made available to retire or purchase Bonds, thereby assuring the ability of owners of the Bonds to sell or redeem their Bonds. The State may enter into contracts and may agree to pay fees to persons providing such arrangements, but only under circumstances where the Director of the Bureau of the Budget (now Governor's Office of Management and Budget) certifies that he reasonably expects the total interest paid or to be paid on the Bonds, together with the fees for the arrangements (being treated as if interest), would not, taken together, cause the Bonds to bear interest, calculated to their stated maturity, at a rate in excess of the rate which the Bonds would bear in the absence of such arrangements. Any bonds, notes or other evidences of indebtedness issued pursuant to any such arrangements for the purpose of retiring and discharging outstanding Bonds shall constitute refunding Bonds under Section 15 of this Act. The State may participate in and enter into arrangements with respect to interest rate swaps or guarantees or financial futures contracts for the purpose of limiting or restricting interest rate risk; provided that such arrangements shall be made with or executed through banks having capital and surplus of not less than $100,000,000 or insurance companies holding the highest policyholder rating accorded insurers by A.M. Best &Co. or any comparable rating service or government bond dealers reporting to, trading with, and recognized as primary dealers by a Federal Reserve Bank and having capital and surplus of not less than $100,000,000, or other persons whose debt securities are rated in the highest long-term categories by both Moody's Investors' Services, Inc. and Standard & Poor's Corporation. Agreements incorporating any of the foregoing arrangements may be executed and delivered by the Director of the Governor's Office of Management and

The Governor shall notify the State Treasurer and Comptroller of such refunding. The proceeds received from the sale of refunding Bonds shall be used for the retirement at maturity or redemption of such outstanding Bonds on any maturity or redemption date and, pending such use, shall be placed in escrow, subject to such terms and conditions as shall be provided for in the Bond Sale

Insurance Program Act, the Covering ALL KIDS Health Insurance Act, or any other healthcare program administered by the Department for periods in which a premium was owed and not paid for the individual.

(3) The first month's premium must be paid if there was an unpaid premium on the date the individual's previous coverage was canceled.

The Department is authorized to implement the provisions of this amendatory Act of the 95th General Assembly by adopting the medical assistance rules in effect as of October 1, 2007, at 89 Ill. Admin. Code 125, and at 89 Ill. Admin. Code 120.32 along with only those changes necessary to conform to federal Medicaid requirements, federal laws, and federal regulations, including but not limited to Section 1931 of the Social Security Act (42 U.S.C. Sec. 1396u-1), as interpreted by the U.S. Department of Health and Human Services, and the countable income eligibility standard authorized by this paragraph 15. The Department may not otherwise adopt any rule to implement this increase except as authorized by law, to meet the eligibility standards authorized by the federal government in the Medicaid State Plan or the Title XXI Plan, or to meet an order from the federal government or any court.

In implementing the provisions of this amendatory Act of the 96th General Assembly, the Department is authorized to adopt only those rules necessary, including emergency rules. Nothing in this amendatory Act of the 96th General Assembly permits the Department to adopt rules or issue a decision that expands eligibility for the FamilyCare Program to a person whose income exceeds 185% of the Federal Poverty Level as determined from time to time by the U.S. Department of Health and Human Services, unless the Department is provided with express statutory authority.

The Illinois Department and the Governor shall provide a plan for coverage of the persons eligible under paragraph 7 as soon as possible after July 1, 1984.

The eligibility of any such person for medical assistance under this Article is not affected by the payment of any grant under the Senior Citizens and Disabled Persons Property Tax Relief and Pharmaceutical Assistance Act or any distributions or items of income described under subparagraph (X) of paragraph (2) of subsection (a) of Section 203 of the

Illinois Income Tax Act. The Department shall by rule establish the amounts of assets to be disregarded in determining eligibility for medical assistance, which shall at a minimum equal the amounts to be disregarded under the Federal Supplemental Security Income Program. The amount of assets of a single person to be disregarded shall not be less than $2,000, and the amount of assets of a married couple to be disregarded shall not be less than $3,000.

To the extent permitted under federal law, any person found guilty of a second violation of Article VII A shall be ineligible for medical assistance under this Article, as provided in Section 8A-8.

The eligibility of any person for medical assistance under this Article shall not be affected by the receipt by the person of donations or benefits from fundraisers held for the person in cases of serious illness, as long as neither the person nor members of the person's family have actual control over the donations or benefits or the disbursement of the donations or benefits.

Sec. 12-4.38. Special FamilyCare provisions.

(a) The Department of Healthcare and Family Services may submit to the Comptroller, and the Comptroller is authorized to pay, on behalf of persons enrolled in the FamilyCare Program, claims for services rendered to an enrollee during the period beginning October 1, 2007, and ending on the effective date of any rules adopted to implement the provisions of this amendatory Act of the 96th General Assembly. The authorization for payment of claims applies only to bona fide claims for payment for services rendered. Any claim for payment which is authorized pursuant to the provisions of this amendatory Act of the 96th General Assembly must adhere to all other applicable rules, regulations, and requirements.

(b) Each person enrolled in the FamilyCare Program as of the effective date of this amendatory Act of the 96th General Assembly whose income exceeds 185% of the Federal Poverty Level, but is not more than 400% of the Federal Poverty Level, may remain enrolled in the FamilyCare Program pursuant to this subsection so long as that person continues to meet the eligibility criteria established under the emergency rule at 89 Ill. Adm. Code 120 (Illinois Register Volume 31, page 15854) filed November 7, 2007. In no case may a person continue to be enrolled in the FamilyCare Program pursuant to this subsection if the person's

income rises above 400% of the Federal Poverty Level or falls below 185% of the Federal Poverty Level at any subsequent time. Nothing contained in this subsection shall prevent an individual from enrolling in the FamilyCare Program as authorized by paragraph 15 of Section 5-2 of this Code if he or she otherwise qualifies under that Section.

(c) In implementing the provisions of this amendatory Act of the 96th General Assembly, the Department of Healthcare and Family Services is authorized to adopt only those rules necessary, including emergency rules. Nothing in this amendatory Act of the 96th General Assembly permits the Department to adopt rules or issue a decision that expands eligibility for the FamilyCare Program to a person whose income exceeds 185% of the Federal Poverty Level as determined from time to time by the U.S. Department of Health and Human Services, unless the Department is provided with express statutory authority.

AN ACT concerning finance.

Section 5. The Design-Build Procurement Act is amended by changing Sections 30 and 90 as follows:

(30 ILCS 537/30)
(Section scheduled to be repealed on July 1, 2009)
Sec. 30. Procedures for Selection.
(a) The State construction agency must use a two-phase procedure for the selection of the successful design-build entity. Phase I of the procedure will evaluate and shortlist the design-build entities based on qualifications, and Phase II will evaluate the technical and cost proposals.
(b) The State construction agency shall include in the request for proposal the evaluating factors to be used in Phase I. These factors are in addition to any prequalification requirements of design-build entities that the agency has set forth. Each request for proposal shall establish the
relative importance assigned to each evaluation factor and subfactor, including any weighting of criteria to be employed by the State construction agency. The State construction agency must maintain a record of the evaluation scoring to be disclosed in event of a protest regarding the solicitation.

The State construction agency shall include the following criteria in every Phase I evaluation of design-build entities: (1) experience of personnel; (2) successful experience with similar project types; (3) financial capability; (4) timeliness of past performance; (5) experience with similarly sized projects; (6) successful reference checks of the firm; (7) commitment to assign personnel for the duration of the project and qualifications of the entity's consultants; and (8) ability or past performance in meeting or exhausting good faith efforts to meet the utilization goals for business enterprises established in the Business Enterprise for Minorities, Females, and Persons with Disabilities Act and with Section 2-105 of the Illinois Human Rights Act. The State construction agency may include any additional relevant criteria in Phase I that it deems necessary for a proper qualification review.

The State construction agency may not consider any design-build entity for evaluation or award if the entity has any pecuniary interest in the project or has other relationships or circumstances, including but not limited to, long-term leasehold, mutual performance, or development contracts with the State construction agency, that may give the design-build entity a financial or tangible advantage over other design-build entities in the preparation, evaluation, or performance of the design-build contract or that create the appearance of impropriety. No proposal shall be considered that does not include an entity's plan to comply with the requirements established in the Business Enterprise for Minorities, Females, and Persons with Disabilities Act, for both the design and construction areas of performance, and with Section 2-105 of the Illinois Human Rights Act.

Upon completion of the qualifications evaluation, the State construction agency shall create a shortlist of the most highly qualified design-build entities. The State construction agency, in its discretion, is not required to shortlist the maximum number of entities as identified for Phase II evaluation, provided however, no less than 2 design-build entities nor more than 6 are selected to submit Phase II proposals.

The State construction agency shall notify the entities selected for the shortlist in writing. This notification shall commence the period for the

New matter indicated by italics - deletions by strikeout.
preparation of the Phase II technical and cost evaluations. The State construction agency must allow sufficient time for the shortlist entities to prepare their Phase II submittals considering the scope and detail requested by the State agency.

(c) The State construction agency shall include in the request for proposal the evaluating factors to be used in the technical and cost submission components of Phase II. Each request for proposal shall establish, for both the technical and cost submission components of Phase II, the relative importance assigned to each evaluation factor and subfactor, including any weighting of criteria to be employed by the State construction agency. The State construction agency must maintain a record of the evaluation scoring to be disclosed in event of a protest regarding the solicitation.

The State construction agency shall include the following criteria in every Phase II technical evaluation of design-build entities: (1) compliance with objectives of the project; (2) compliance of proposed services to the request for proposal requirements; (3) quality of products or materials proposed; (4) quality of design parameters; (5) design concepts; (6) innovation in meeting the scope and performance criteria; and (7) constructability of the proposed project. The State construction agency may include any additional relevant technical evaluation factors it deems necessary for proper selection.

The State construction agency shall include the following criteria in every Phase II cost evaluation: the total project cost, the construction costs, and the time of completion. The State construction agency may include any additional relevant technical evaluation factors it deems necessary for proper selection. The total project cost criteria weighing factor shall be 25%.

The State construction agency shall directly employ or retain a licensed design professional to evaluate the technical and cost submissions to determine if the technical submissions are in accordance with generally accepted industry standards.

Upon completion of the technical submissions and cost submissions evaluation, the State construction agency may award the design-build contract to the highest overall ranked entity.

AN ACT concerning public aid.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Public Aid Code is amended by changing Section 3-1 as follows:

(305 ILCS 5/3-1) (from Ch. 23, par. 3-1)

Sec. 3-1. Eligibility Requirements. Financial aid in meeting basic maintenance requirements for a livelihood compatible with health and well-being shall be given under this Article to or in behalf of aged, blind, or disabled persons who meet the eligibility conditions of Sections 3-1.1 through 3-1.7. Financial aid under this Article shall be available only for persons who are receiving Supplemental Security Income (SSI) or who have been found ineligible for SSI (i) on the basis of income or (ii) due to expiration of the period of eligibility for refugees and asylees pursuant to 8 U.S.C. 1612(a)(2). Financial aid based on item (ii) of this paragraph shall be available until July 1, 2009.

"Aged person" means a person who has attained age 65, as demonstrated by such evidence of age as the Illinois Department may by rule prescribe.

"Blind person" means a person who has no vision or whose vision with corrective glasses is so defective as to prevent the performance of ordinary duties or tasks for which eyesight is essential. The Illinois Department shall define blindness in terms of ophthalmic measurements or ocular conditions. For purposes of this Act, an Illinois Disabled Person Identification Card issued pursuant to The Illinois Identification Card Act, indicating that the person thereon named has a Type 3 disability shall be evidence that such person is a blind person within the meaning of this Section; however, such a card shall not qualify such person for aid as a...
blind person under this Act, and eligibility for aid as a blind person shall be determined as provided in this Act.

"Disabled person" means a person age 18 or over who has a physical or mental impairment, disease, or loss which is of a permanent nature and which substantially impairs his ability to perform labor or services or to engage in useful occupations for which he is qualified, as determined by rule and regulation of the Illinois Department. For purposes of this Act, an Illinois Disabled Person Identification Card issued pursuant to The Illinois Identification Card Act, indicating that the person thereon named has a Type 1 or 2, Class 2 disability shall be evidence that such person is a disabled person under this Section; however, such a card shall not qualify such person for aid as a disabled person under this Act, and eligibility for aid as a disabled person shall be determined as provided in this Act. If federal law or regulation permit or require the inclusion of blind or disabled persons whose blindness or disability is not of the degree specified in the foregoing definitions, or permit or require the inclusion of disabled persons under age 18 or aged persons under age 65, the Illinois Department, upon written approval of the Governor, may provide by rule that all aged, blind or disabled persons toward whose aid federal funds are available be eligible for assistance under this Article as is given to those who meet the foregoing definitions of blind person and disabled person or aged person.

Section 10. The Public Utilities Act is amended by adding Section 13-900 as follows:

(220 ILCS 5/13-900 new)

(Section scheduled to be repealed on July 1, 2009)

Sec. 13-900. Authority to serve as 9-1-1 system provider; rules.

(a) The General Assembly finds that it is necessary to require the certification of 9-1-1 system providers to ensure the safety of the lives and property of Illinoisans and Illinois businesses, and to otherwise protect and promote the public safety, health, and welfare of the citizens of this State and their property.

(b) For purposes of this Section:

"9-1-1 system" has the same meaning as that term is defined in Section 2.19 of the Emergency Telephone System Act.

"9-1-1 system provider" means any person, corporation, limited liability company, partnership, sole proprietorship, or entity of any description whatever that acts as a system provider within the meaning of Section 2.18 of the Emergency Telephone System Act.

"Emergency Telephone System Board" has the same meaning as that term is defined in Sections 2.11 and 15.4 of the Emergency Telephone System Act.

"Public safety agency personnel" means personnel employed by a public safety agency, as that term is defined in Section 2.02 of the Emergency Telephone System Act, whose responsibilities include responding to requests for emergency services.

(c) Except as otherwise provided in this Section, beginning July 1, 2010, it is unlawful for any 9-1-1 system provider to offer or provide or seek to offer or provide to any emergency telephone system board or 9-1-1 system, or agent, representative, or designee thereof, any network and database service used or intended to be used by any emergency telephone system board or 9-1-1 system for the purpose of answering, transferring, or relaying requests for emergency services, or dispatching public safety agency personnel in response to requests for emergency services, unless the 9-1-1 system provider has applied for and received a Certificate of 9-1-1 System Provider Authority from the Commission. The Commission shall approve an application for a Certificate of 9-1-1 System Provider Authority.

Authority upon a showing by the applicant, and a finding by the Commission, after notice and hearing, that the applicant possesses sufficient technical, financial, and managerial resources and abilities to provide network service and database services that it seeks authority to provide in its application for service authority, in a safe, continuous, and uninterrupted manner.

(d) No incumbent local exchange carrier that provides, as of the effective date of this amendatory Act of the 96th General Assembly, any 9-1-1 network and 9-1-1 database service used or intended to be used by any Emergency Telephone System Board or 9-1-1 system, shall be required to obtain a Certificate of 9-1-1 System Provider Authority under this Section. No entity that possesses, as of the effective date of this amendatory Act of the 96th General Assembly, a Certificate of Service Authority and provides 9-1-1 network and 9-1-1 database services to any incumbent local exchange carrier as of the effective date of this amendatory Act of the 96th General Assembly shall be required to obtain a Certificate of 9-1-1 System Provider Authority under this Section.

(e) Any and all enforcement authority granted to the Commission under this Section shall apply exclusively to 9-1-1 system providers granted a Certificate of Service Authority under this Section and shall not apply to incumbent local exchange carriers that are providing 9-1-1 service as of the effective date of this amendatory Act of the 96th General Assembly.

Approved June 30, 2009.

PUBLIC ACT 96-0026
(Senate Bill No. 1489)

AN ACT concerning safety.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 1. Short title. This Act may be cited as the Green Infrastructure for Clean Water Act.
Section 5. Definitions. As used in this Act:
"Agency" means the Illinois Environmental Protection Agency.

New matter indicated by italics - deletions by strikeout.
"Green infrastructure" means any storm water management technique or practice employed with the primary goal of preserving, restoring, or mimicking natural hydrology. Green infrastructure includes, but is not limited to, methods of using soil and vegetation to promote soil percolation, evapotranspiration, and filtration. Green infrastructure includes the preservation and restoration of natural landscape features, such as forests, floodplains, headwaters, and wetlands. Green infrastructure also includes rain gardens, permeable pavements, green roofs, infiltration planters, trees and tree boxes, and rainwater harvesting for non-potable uses, such as toilet flushing and landscape irrigation.

Section 10. Legislative findings.
(a) The General Assembly finds that:
   (1) urban storm water, when not properly controlled and treated, can cause pollution of the waters of the State, threaten public health, and damage property by carrying pollutants from our highways, streets, roads, parking lots, driveways, sidewalks, alleys, lawns, and other surfaces of low permeability into lakes, rivers, streams, and ponds;
   (2) development can increase storm water runoff by increasing the size and number of paved and other impervious surfaces within a watershed and decreasing the extent of vegetated and other permeable surface areas that control storm water runoff through natural infiltration and evapotranspiration and groundwater recharge;
   (3) current urban storm water related threats to the State's water resources include pollution, increased water temperatures, flooding, groundwater depletion, loss of habitat, stream bank erosion, sewer overflows, basement backups, contaminated drinking water sources, and sedimentation of waterways; and
   (4) some studies show that preserving and expanding natural and built green infrastructure can minimize negative impacts and enhance the resilience of water infrastructure and water bodies.
(b) The General Assembly also finds that there are a number of potential benefits from the use of green infrastructure, including:
   (1) Cleaner Water. Green infrastructure can reduce the volume of storm water runoff in combined and separate sewer systems, and the concentrations of pollutants in those discharges.
(2) Enhanced Water Supplies. Most green infrastructure approaches allow at least a portion of storm water to infiltrate surrounding soil, where it recharges the groundwater and stream base flows, contributing to drinking water supplies and helping to stabilize aquatic ecosystems. Green infrastructure systems that capture and reuse storm water also help to conserve other water sources.

(3) Reduced Flooding. Green infrastructure can help control surface flooding and stabilize local hydrology by reducing peak flows.

(4) Cleaner Air. Trees and vegetation improve air quality by filtering many airborne pollutants, thereby helping to reduce the incidence of respiratory illness.

(5) Increased Energy Efficiency. Trees and other vegetation create shade, reduce the amount of heat absorbing materials, and emit water vapor, which controls surface temperature, thus helping to alleviate the urban heat island effect. Limiting impervious surface, using light colored impervious surfaces and green roofs also mitigates extreme urban temperatures. By helping to lower ambient temperatures and, when incorporated on and around buildings, helping to shade and insulate buildings from wide temperature swings, green infrastructure can reduce the energy needed for heating and cooling. Green roofs and shade can increase the life span of roofs, thus reducing the need for production and transportation of conventional roof materials. Energy use associated with pumping and treating can be reduced as storm water is diverted from wastewater collection, conveyance, and treatment systems.

(6) Mitigation of and Adaptation to Impacts of Climate Change. Green infrastructure strategies can reduce energy demands and, thus, greenhouse gas emissions by reducing storm water volume and the associated treatment required, reducing the amount of potable water needed, providing thermal insulation and shade for buildings, mitigating the urban heat island effect, and sequestering carbon. These strategies can also help with adaptation to projected climate change impacts, including increased storm intensity, flood potential, and impacts on the quantity of surface and ground water supplies.

New matter indicated by italics - deletions by strikeout.
(7) Wildlife Habitat. Stream buffers, wetlands, parks, meadows, and other forms of green infrastructure increase biodiversity within the urban environment.

(8) Community Benefits. Trees and plants improve urban aesthetics and community livability by providing recreational and scenic wildlife areas. Studies show that property values are higher, violence is reduced, and crime is reduced when trees and other vegetation are present.

(9) Health Benefits. Studies show that people who have access to the open space provided by green infrastructure in their communities get more exercise, live longer, and report better health in general. Exposure to green infrastructure (even through a window) improves mental functioning, reduces stress, and reduces recovery time from surgery.

(10) Green Jobs. Designing, installing, and maintaining green infrastructure creates new jobs for architects, designers, engineers, construction workers, maintenance workers, landscape architects, landscapers, nurseries, and related services.

(11) Cost Savings. Using green infrastructure in certain situations can save or reduce (i) capital costs associated with paving, constructing curbs and gutters, and building large collection and conveyance systems; (ii) operating and maintenance expenses for treatment plants, pumping stations, pipes, and other hard infrastructure; (iii) energy costs for pumping water; (iv) costs associated with treatment during wet weather; and (v) costs of repairing the damage caused by storm water, such as stream bank restoration and flood damage.

Section 15. IEPA Study. By June 30, 2010, the Illinois Environmental Protection Agency, in consultation with the Illinois Department of Natural Resources, the Illinois Department of Transportation, the Capital Development Board, storm water management agencies, and other interested parties that the Agency deems appropriate to include, shall submit to the General Assembly and the Governor a report that reviews the latest available scientific research and institutional knowledge to evaluate and document the following:

(a) The nature and extent of urban storm water impacts on water quality in watersheds in Illinois;

(b) Potential urban storm water management performance standards to address flooding, water pollution, stream erosion, habitat

New matter indicated by italics - deletions by strikeout.
quality, and the effectiveness of green infrastructure practices to achieve such standards;

(c) The prevalence of green infrastructure use in Illinois;
(d) The costs and benefits of green versus grey infrastructure;
(e) Existing and potential new urban storm water management regulatory programs and methods and feasibility of integrating a State program with existing and potential regional and local programs in Illinois;

(f) Findings and recommendations for adopting an urban storm water management regulatory program in Illinois which includes performance standards and encourages the use of green infrastructure to achieve those standards; and

(g) The feasibility and consequences of devoting 20% of the Water Revolving Fund to green infrastructure, water and energy efficiency improvements, and other environmentally innovative activities on a long-term basis.

Sec. 5.5. High Impact Business.

(a) In order to respond to unique opportunities to assist in the encouragement, development, growth and expansion of the private sector through large scale investment and development projects, the Department is authorized to receive and approve applications for the designation of "High Impact Businesses" in Illinois subject to the following conditions:

(1) such applications may be submitted at any time during the year;

(2) such business is not located, at the time of designation, in an enterprise zone designated pursuant to this Act;

(3) the business intends to do one or more of the following:

   (A) the business intends to make a minimum investment of $12,000,000 which will be placed in service in qualified property and intends to create 500 full-time equivalent jobs at a designated location in Illinois or intends to make a minimum investment of $30,000,000 which will be placed in service in qualified property and intends to retain 1,500 full-time jobs at a designated location in Illinois. The business must certify in writing that the investments would not be placed in service in qualified property and the job creation or job retention would not occur without the tax credits and exemptions set forth in subsection (b) of this Section. The terms "placed in service" and "qualified property" have the same meanings as described in subsection (h) of Section 201 of the Illinois Income Tax Act; or

   (B) the business intends to establish a new electric generating facility at a designated location in Illinois. "New electric generating facility", for purposes of this Section, means a newly-constructed electric generation plant or a newly-constructed generation capacity expansion at an existing electric generation plant, including the transmission lines and associated equipment that transfers electricity from points of supply to points of delivery, and for which such new foundation construction commenced not sooner than July 1, 2001. Such facility shall be designed to provide baseload electric generation and shall operate on a continuous basis throughout the year; and (i) shall have an
aggregate rated generating capacity of at least 1,000 megawatts for all new units at one site if it uses natural gas as its primary fuel and foundation construction of the facility is commenced on or before December 31, 2004, or shall have an aggregate rated generating capacity of at least 400 megawatts for all new units at one site if it uses coal or gases derived from coal as its primary fuel and shall support the creation of at least 150 new Illinois coal mining jobs, or (ii) shall be funded through a federal Department of Energy grant before December 31, 2010 and shall support the creation of Illinois coal-mining jobs, or (iii) shall use coal gasification or integrated gasification-combined cycle units that generate electricity or chemicals, or both, and shall support the creation of Illinois coal-mining jobs. The business must certify in writing that the investments necessary to establish a new electric generating facility would not be placed in service and the job creation in the case of a coal-fueled plant would not occur without the tax credits and exemptions set forth in subsection (b-5) of this Section. The term "placed in service" has the same meaning as described in subsection (h) of Section 201 of the Illinois Income Tax Act; or

(B-5) the business intends to establish a new gasification facility at a designated location in Illinois. As used in this Section, "new gasification facility" means a newly constructed coal gasification facility that generates chemical feedstocks or transportation fuels derived from coal (which may include, but are not limited to, methane, methanol, and nitrogen fertilizer), that supports the creation or retention of Illinois coal-mining jobs, and that qualifies for financial assistance from the Department before December 31, 2010. A new gasification facility does not include a pilot project located within Jefferson County or within a county adjacent to Jefferson County for synthetic natural gas from coal; or

(C) the business intends to establish production operations at a new coal mine, re-establish production operations at a closed coal mine, or expand production at an existing coal mine at a designated location in Illinois not

sooner than July 1, 2001; provided that the production operations result in the creation of 150 new Illinois coal mining jobs as described in subdivision (a)(3)(B) of this Section, and further provided that the coal extracted from such mine is utilized as the predominant source for a new electric generating facility. The business must certify in writing that the investments necessary to establish a new, expanded, or reopened coal mine would not be placed in service and the job creation would not occur without the tax credits and exemptions set forth in subsection (b-5) of this Section. The term "placed in service" has the same meaning as described in subsection (h) of Section 201 of the Illinois Income Tax Act; or

(D) the business intends to construct new transmission facilities or upgrade existing transmission facilities at designated locations in Illinois, for which construction commenced not sooner than July 1, 2001. For the purposes of this Section, "transmission facilities" means transmission lines with a voltage rating of 115 kilovolts or above, including associated equipment, that transfer electricity from points of supply to points of delivery and that transmit a majority of the electricity generated by a new electric generating facility designated as a High Impact Business in accordance with this Section. The business must certify in writing that the investments necessary to construct new transmission facilities or upgrade existing transmission facilities would not be placed in service without the tax credits and exemptions set forth in subsection (b-5) of this Section. The term "placed in service" has the same meaning as described in subsection (h) of Section 201 of the Illinois Income Tax Act; or and

(E) the business intends to establish a new wind power facility at a designated location in Illinois. For purposes of this Section, "new wind power facility" means a newly constructed electric generation facility, or a newly constructed expansion of an existing electric generation facility, placed in service on or after July 1, 2009, that generates electricity using wind energy devices, and such facility shall be deemed to include all associated

For purposes of this Section, "wind energy device" means any device, with a nameplate capacity of at least 0.5 megawatts, that is used in the process of converting kinetic energy from the wind to generate electricity; and

(4) no later than 90 days after an application is submitted, the Department shall notify the applicant of the Department's determination of the qualification of the proposed High Impact Business under this Section.

(b) Businesses designated as High Impact Businesses pursuant to subdivision (a)(3)(A) of this Section shall qualify for the credits and exemptions described in the following Acts: Section 9-222 and Section 9-222.1A of the Public Utilities Act, subsection (h) of Section 201 of the Illinois Income Tax Act, and Section 1d of the Retailers' Occupation Tax Act; provided that these credits and exemptions described in these Acts shall not be authorized until the minimum investments set forth in subdivision (a)(3)(A) of this Section have been placed in service in qualified properties and, in the case of the exemptions described in the Public Utilities Act and Section 1d of the Retailers' Occupation Tax Act, the minimum full-time equivalent jobs or full-time jobs set forth in subdivision (a)(3)(A) of this Section have been created or retained. Businesses designated as High Impact Businesses under this Section shall also qualify for the exemption described in Section 51 of the Retailers' Occupation Tax Act. The credit provided in subsection (h) of Section 201 of the Illinois Income Tax Act shall be applicable to investments in qualified property as set forth in subdivision (a)(3)(A) of this Section.

(b-5) Businesses designated as High Impact Businesses pursuant to subdivisions (a)(3)(B), (a)(3)(B-5), (a)(3)(C), and (a)(3)(D) of this Section shall qualify for the credits and exemptions described in the following Acts: Section 51 of the Retailers' Occupation Tax Act, Section 9-222 and Section 9-222.1A of the Public Utilities Act, and subsection (h) of Section 201 of the Illinois Income Tax Act; however, the credits and exemptions authorized under Section 9-222 and Section 9-222.1A of the Public Utilities Act, and subsection (h) of Section 201 of the Illinois Income Tax Act shall not be authorized until the new electric generating facility, the new gasification facility, the new transmission facility, or the new, expanded, or reopened coal mine is operational, except that a new electric

generating facility whose primary fuel source is natural gas is eligible only for the exemption under Section 5l of the Retailers' Occupation Tax Act.

(b-6) *Businesses designated as High Impact Businesses pursuant to subdivision (a)(3)(E) of this Section shall qualify for the exemptions described in Section 5l of the Retailers' Occupation Tax Act; any business so designated as a High Impact Business being, for purposes of this Section, a "Wind Energy Business".*

(c) High Impact Businesses located in federally designated foreign trade zones or sub-zones are also eligible for additional credits, exemptions and deductions as described in the following Acts: Section 9-221 and Section 9-222.1 of the Public Utilities Act; and subsection (g) of Section 201, and Section 203 of the Illinois Income Tax Act.

(d) *Except for businesses contemplated under subdivision (a)(3)(E) of this Section, existing Illinois businesses which apply for designation as a High Impact Business must provide the Department with the prospective plan for which 1,500 full-time jobs would be eliminated in the event that the business is not designated.*

(e) *Except for new wind power facilities contemplated under subdivision (a)(3)(E) of this Section, new proposed facilities which apply for designation as High Impact Business must provide the Department with proof of alternative non-Illinois sites which would receive the proposed investment and job creation in the event that the business is not designated.*

(f) *Except for businesses contemplated under subdivision (a)(3)(E) of this Section, in the event that a business is designated a High Impact Business and it is later determined after reasonable notice and an opportunity for a hearing as provided under the Illinois Administrative Procedure Act, that the business would have placed in service in qualified property the investments and created or retained the requisite number of jobs without the benefits of the High Impact Business designation, the Department shall be required to immediately revoke the designation and notify the Director of the Department of Revenue who shall begin proceedings to recover all wrongfully exempted State taxes with interest. The business shall also be ineligible for all State funded Department programs for a period of 10 years.*

(g) *The Department shall revoke a High Impact Business designation if the participating business fails to comply with the terms and conditions of the designation. However, the penalties for new wind power facilities or Wind Energy Businesses for failure to comply with any of the*
terms or conditions of the Illinois Prevailing Wage Act shall be only those penalties identified in the Illinois Prevailing Wage Act, and the Department shall not revoke a High Impact Business designation as a result of the failure to comply with any of the terms or conditions of the Illinois Prevailing Wage Act in relation to a new wind power facility or a Wind Energy Business.

(h) Prior to designating a business, the Department shall provide the members of the General Assembly and Commission on Government Forecasting and Accountability with a report setting forth the terms and conditions of the designation and guarantees that have been received by the Department in relation to the proposed business being designated.

(8) "Record" means information that is inscribed on a tangible medium or that is stored in an electronic or other medium and is retrievable in perceivable form.

Section 3. Standard of conduct in managing and investing institutional fund.

(a) Subject to the intent of a donor expressed in a gift instrument, an institution, in managing and investing an institutional fund, shall consider the charitable purposes of the institution and the purposes of the institutional fund.

(b) In addition to complying with the duty of loyalty imposed by law other than this Act, each person responsible for managing and investing an institutional fund shall manage and invest the fund in good faith and with the care an ordinarily prudent person in a like position would exercise under similar circumstances.

(c) In managing and investing an institutional fund, an institution:
   (1) may incur only costs that are appropriate and reasonable in relation to the assets, the purposes of the institution, and the skills available to the institution; and
   (2) shall make a reasonable effort to verify facts relevant to the management and investment of the fund.

(d) An institution may pool two or more institutional funds for purposes of management and investment.

(e) Except as otherwise provided by a gift instrument, the following rules apply:
   (1) In managing and investing an institutional fund, the following factors, if relevant, must be considered:
      (A) general economic conditions;
      (B) the possible effect of inflation or deflation;

New matter indicated by italics - deletions by strikeout.
(C) the expected tax consequences, if any, of investment decisions or strategies;

(D) the role that each investment or course of action plays within the overall investment portfolio of the fund;

(E) the expected total return from income and the appreciation of investments;

(F) other resources of the institution;

(G) the needs of the institution and the fund to make distributions and to preserve capital; and

(H) an asset's special relationship or special value, if any, to the charitable purposes of the institution.

(2) Management and investment decisions about an individual asset must be made not in isolation but rather in the context of the institutional fund's portfolio of investments as a whole and as a part of an overall investment strategy having risk and return objectives reasonably suited to the fund and to the institution.

(3) Except as otherwise provided by law other than this Act, an institution may invest in any kind of property or type of investment consistent with this Section.

(4) An institution shall diversify the investments of an institutional fund unless the institution reasonably determines that, because of special circumstances, the purposes of the fund are better served without diversification.

(5) Within a reasonable time after receiving property, an institution shall make and carry out decisions concerning the retention or disposition of the property or to rebalance a portfolio, in order to bring the institutional fund into compliance with the purposes, terms, and distribution requirements of the institution as necessary to meet other circumstances of the institution and the requirements of this Act.

(6) A person that has special skills or expertise, or is selected in reliance upon the person's representation that the person has special skills or expertise, has a duty to use those skills or that expertise in managing and investing institutional funds.

Section 4. Appropriation for expenditure or accumulation of endowment fund; rules of construction.

(a) Subject to the intent of a donor expressed in the gift instrument, an institution may appropriate for expenditure or accumulate so much of
an endowment fund as the institution determines is prudent for the uses, benefits, purposes, and duration for which the endowment fund is established. Unless stated otherwise in the gift instrument, the assets in an endowment fund are donor-restricted assets until appropriated for expenditure by the institution. In making a determination to appropriate or accumulate, the institution shall act in good faith, with the care that an ordinarily prudent person in a like position would exercise under similar circumstances, and shall consider, if relevant, the following factors:

(1) the duration and preservation of the endowment fund;
(2) the purposes of the institution and the endowment fund;
(3) general economic conditions;
(4) the possible effect of inflation or deflation;
(5) the expected total return from income and the appreciation of investments;
(6) other resources of the institution; and
(7) the investment policy of the institution.

(b) To limit the authority to appropriate for expenditure or accumulate under subsection (a), a gift instrument must specifically state the limitation.

(c) Terms in a gift instrument designating a gift as an endowment, or a direction or authorization in the gift instrument to use only "income", "interest", "dividends", or "rents, issues, or profits", or "to preserve the principal intact", or words of similar import:

(1) create an endowment fund of permanent duration unless other language in the gift instrument limits the duration or purpose of the fund; and
(2) do not otherwise limit the authority to appropriate for expenditure or accumulate under subsection (a).

Section 5. Delegation of management and investment functions.

(a) Subject to any specific limitation set forth in a gift instrument or in law other than this Act, an institution may delegate to an external agent the management and investment of an institutional fund to the extent that an institution could prudently delegate under the circumstances. An institution shall act in good faith, with the care that an ordinarily prudent person in a like position would exercise under similar circumstances, in:

(1) selecting an agent;
(2) establishing the scope and terms of the delegation, consistent with the purposes of the institution and the institutional fund; and
(3) periodically reviewing the agent's actions in order to monitor the agent's performance and compliance with the scope and terms of the delegation.

(b) In performing a delegated function, an agent owes a duty to the institution to exercise reasonable care to comply with the scope and terms of the delegation.

(c) An institution that complies with subsection (a) is not liable for the decisions or actions of an agent to which the function was delegated.

(d) By accepting delegation of a management or investment function from an institution that is subject to the laws of this State, an agent submits to the jurisdiction of the courts of this State in all proceedings arising from or related to the delegation or the performance of the delegated function.

(e) An institution may delegate management and investment functions to its committees, officers, or employees as authorized by law of this State other than this Act.

Section 6. Release or modification of restrictions on management, investment, or purpose.

(a) If the donor consents in a record, an institution may release or modify, in whole or in part, a restriction contained in a gift instrument on the management, investment, or purpose of an institutional fund. A release or modification may not allow a fund to be used for a purpose other than a charitable purpose of the institution.

(b) The court, upon application of an institution, may modify a restriction contained in a gift instrument regarding the management or investment of an institutional fund if the restriction has become impracticable or wasteful, if it impairs the management or investment of the fund, or if, because of circumstances not anticipated by the donor, a modification of a restriction will further the purposes of the fund. The institution shall notify the Attorney General of the application, and the Attorney General must be given an opportunity to be heard. To the extent practicable, any modification must be made in accordance with the donor's probable intention.

(c) If a particular charitable purpose or a restriction contained in a gift instrument on the use of an institutional fund becomes unlawful, impracticable, impossible to achieve, or wasteful, the court, upon application of an institution, may modify the purpose of the fund or the restriction on the use of the fund in a manner consistent with the charitable purposes expressed in the gift instrument. The institution shall notify the
Attorney General of the application, and the Attorney General must be given an opportunity to be heard.

(d) If an institution determines that a restriction contained in a gift instrument on the management, investment, or purpose of an institutional fund is unlawful, impracticable, impossible to achieve, or wasteful, the institution, 60 days after notification to the Attorney General, may release or modify the restriction, in whole or part, if:

(1) the institutional fund subject to the restriction has a total value of less than $50,000;
(2) more than 20 years have elapsed since the fund was established; and
(3) the institution uses the property in a manner consistent with the charitable purposes expressed in the gift instrument.

Section 7. Reviewing compliance. Compliance with this Act is determined in light of the facts and circumstances existing at the time a decision is made or action is taken, and not by hindsight.

Section 8. Application to existing institutional funds. This Act applies to institutional funds existing on or established after the effective date of this Act. As applied to institutional funds existing on the effective date of this Act, this Act governs only decisions made or actions taken on or after that date.

Section 9. Relation to Electronic Signatures in Global and National Commerce Act. This Act modifies, limits, and supersedes the Electronic Signatures in Global and National Commerce Act, 15 U.S.C. Section 7001 et seq., but does not modify, limit, or supersedes Section 101(c) of that Act, 15 U.S.C. Section 7001(c), or authorize electronic delivery of any of the notices described in Section 103(b) of that Act, 15 U.S.C. Section 7003(b).

Section 10. Uniformity of application and construction. In applying and construing this uniform Act, consideration must be given to the need to promote uniformity of the law with respect to its subject matter among states that enact it.

The trustees of any corporation, organized under Sections 46a to 46h, inclusive, of this Act, which is, or may be, under the control, patronage, direction or, supervision of any ecclesiastical body, diocesan, or like officer, shall hold and control, invest or reinvest the real and personal property of such corporation, and contract with reference thereto, according to the "Uniform Management of Institutional Funds Act", or the rules, regulations, constitution, articles of association, by-laws, or canons of such ecclesiastical body, diocesan, or like ecclesiastical officer.

Any corporation, heretofore or hereafter formed for religious purposes under any of the provisions of this Act or under any other law of this State incorporating or for the incorporation of religious corporations or societies, which now or hereafter owns, operates, maintains or controls a cemetery or cemeteries, or a burial ground or grounds, is hereby authorized and empowered to accept by gift, grant, contribution, payment, or legacy, or pursuant to contract, any sum of money, funds, securities or property of any kind, or the income or avails thereof, and to hold the same in trust in perpetuity for the care of such cemetery or cemeteries, burial ground or grounds, or for the care of any lot, grave or crypt therein; or for the special care of any lot, grave or crypt or of any family mausoleum or memorial, marker, or monument in such cemetery or cemeteries, burial ground or grounds. No gift, grant, legacy, payment or other contribution shall be invalid by reason of any indefiniteness or uncertainty as to the beneficiary designated in the instrument creating the gift, grant, legacy, payment or other contribution. (Senate Bill No. 1350)

AN ACT concerning employment.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Unemployment Insurance Trust Fund Financing Act is amended by changing Section 4 as follows:

(30 ILCS 440/4)

Sec. 4. Authority to Issue Revenue Bonds.

A. The Department shall have the continuing power to borrow money for the purpose of carrying out the following:

1. To reduce or avoid the need to borrow or obtain a federal advance under Section 1201, et seq., of the Social Security Act (42 U.S.C. Section 1321), as amended, or any similar federal law; or
2. To refinance a previous advance received by the Department with respect to the payment of Benefits; or
3. To refinance, purchase, redeem, refund, advance refund or defease (including, any combination of the foregoing) any outstanding Bonds issued pursuant to this Act; or
4. To fund a surplus in Illinois' account in the Unemployment Trust Fund of the United States Treasury.

Paragraphs 1, 2 and 4 are inoperative on and after January 1, 2013.

B. As evidence of the obligation of the Department to repay money borrowed for the purposes set forth in Section 4A above, the Department may issue and dispose of its interest bearing revenue Bonds and may also, from time-to-time, issue and dispose of its interest bearing revenue Bonds to purchase, redeem, refund, advance refund or defease (including, any combination of the foregoing) any Bonds at maturity or pursuant to redemption provisions or at any time before maturity. The Director, in consultation with the Department's Employment Security Advisory Board, shall have the power to direct that the Bonds be issued. Bonds may be issued in one or more series and under terms and conditions as needed in furtherance of the purposes of this Act. The Illinois Finance Authority shall provide any technical, legal, or administrative services if and when requested by the Director and the Employment Security Advisory Board with regard to the issuance of Bonds. Such Bonds shall be issued in the name of the State of Illinois for the benefit of the Department and shall be executed by the Director. In case any Director whose signature appears on any Bond ceases (after attaching his or her signature) to hold that office, her or his signature shall nevertheless be valid and effective for all purposes.

C. No Bonds shall be issued without the Director's written certification that, based upon a reasonable financial analysis, the issuance of Bonds is reasonably expected to:

   (i) Result in a savings to the State as compared to the cost of borrowing or obtaining an advance under Section 1201, et seq., Social Security Act (42 U.S.C. Section 1321), as amended, or any similar federal law;
   (ii) Result in terms which are advantageous to the State through refunding, advance refunding or other similar restructuring of outstanding Bonds; or
   (iii) Allow the State to avoid an anticipated deficiency in the State's account in the Unemployment Trust Fund of the United States Treasury by funding a surplus in the State's account in the Unemployment Trust Fund of the United States Treasury.

D. All such Bonds shall be payable from Fund Building Receipts. Bonds may also be paid from (i) to the extent allowable by law, from monies in the State's account in the Unemployment Trust Fund of the United States Treasury; and (ii) to the extent allowable by law, a federal advance under Section 1201, et seq., of the Social Security Act (42 U.S.C. 1201, et seq.).

Section 1321); and (iii) proceeds of Bonds and receipts from related credit and exchange agreements to the extent allowed by this Act and applicable legal requirements.

E. The maximum principal amount of the Bonds, when combined with the outstanding principal of all other Bonds issued pursuant to this Act, shall not at any time exceed $1,400,000,000, excluding all of the outstanding principal of any other Bonds issued pursuant to this Act for which payment has been irrevocably provided by refunding or other manner of defeasance. It is the intent of this Act that the outstanding Bond authorization limits provided for in this Section 4E shall be revolving in nature, such that the amount of Bonds outstanding that are not refunded or otherwise defeased shall be included in determining the maximum amount of Bonds authorized to be issued pursuant to the Act.

F. Such Bonds and refunding Bonds issued pursuant to this Act may bear such date or dates, may mature at such time or times not exceeding 10 years from their respective dates of issuance, and may bear interest at such rate or rates not exceeding the maximum rate authorized by the Bond Authorization Act, as amended and in effect at the time of the issuance of the Bonds.

G. The Department may enter into a Credit Agreement pertaining to the issuance of the Bonds, upon terms which are not inconsistent with this Act and any other laws, provided that the term of such Credit Agreement shall not exceed the term of the Bonds, plus any time period necessary to cure any defaults under such Credit Agreement.

H. Interest earnings paid to holders of the Bonds shall not be exempt from income taxes imposed by the State.

I. While any Bond Obligations are outstanding or anticipated to come due as a result of Bonds expected to be issued in either or both of the 2 immediately succeeding calendar quarters, the Department shall collect and deposit Fund Building Receipts into the Master Bond Fund in an amount necessary to satisfy the Required Fund Building Receipts Amount prior to expending Fund Building Receipts for any other purpose. The Required Fund Building Receipts Amount shall be that amount necessary to ensure the marketability of the Bonds, which shall be specified in the Bond Sale Order executed by the Director in connection with the issuance of the Bonds.

J. Holders of the Bonds shall have a first and priority claim on all Fund Building Receipts in the Master Bond Fund in parity with all other
holders of the Bonds, provided that such claim may be subordinated to the provider of any Credit Agreement for any of the Bonds.

K. To the extent that Fund Building Receipts in the Master Bond Fund are not otherwise needed to satisfy the requirements of this Act and the instruments authorizing the issuance of the Bonds, such monies shall be used by the Department, in such amounts as determined by the Director to do any one or a combination of the following:

1. To purchase, refinance, redeem, refund, advance refund or defease (or any combination of the foregoing) outstanding Bonds, to the extent such action is legally available and does not impair the tax exempt status of any of the Bonds which are, in fact, exempt from Federal income taxation; or

2. As a deposit in the State's account in the Unemployment Trust Fund of the United States Treasury; or

3. As a deposit into the Special Programs Fund provided for under Section 2107 of the Unemployment Insurance Act.

L. The Director shall determine the method of sale, type of bond, bond form, redemption provisions and other terms of the Bonds that, in the Director's judgment, best achieve the purposes of this Act and effect the borrowing at the lowest practicable cost, provided that those determinations are not inconsistent with this Act or other applicable legal requirements. Those determinations shall be set forth in a document entitled "Bond Sale Order" acceptable, in form and substance, to the attorney or attorneys acting as bond counsel for the Bonds in connection with the rendering of opinions necessary for the issuance of the Bonds and executed by the Director.

Section 10. The Unemployment Insurance Act is amended by changing Sections 401, 409, and 601 as follows:

Sec. 401. Weekly Benefit Amount - Dependents' Allowances.

A. With respect to any week beginning prior to April 24, 1983, an individual's weekly benefit amount shall be an amount equal to the weekly benefit amount as defined in this Act as in effect on November 30, 1982.

B. 1. With respect to any week beginning on or after April 24, 1983 and before January 3, 1988, an individual's weekly benefit amount shall be 48% of his prior average weekly wage, rounded (if not already a multiple of one dollar) to the next higher dollar; provided, however, that the weekly benefit amount cannot exceed the maximum weekly benefit

amount, and cannot be less than 15% of the statewide average weekly wage, rounded (if not already a multiple of one dollar) to the next higher dollar. However, the weekly benefit amount for an individual who has established a benefit year beginning before April 24, 1983, shall be determined, for weeks beginning on or after April 24, 1983 claimed with respect to that benefit year, as provided under this Act as in effect on November 30, 1982. With respect to any week beginning on or after January 3, 1988 and before January 1, 1993, an individual's weekly benefit amount shall be 49% of his prior average weekly wage, rounded (if not already a multiple of one dollar) to the next higher dollar; provided, however, that the weekly benefit amount cannot exceed the maximum weekly benefit amount, and cannot be less than $51. With respect to any week beginning on or after January 3, 1993 and during a benefit year beginning before January 4, 2004, an individual's weekly benefit amount shall be 49.5% of his prior average weekly wage, rounded (if not already a multiple of one dollar) to the next higher dollar; provided, however, that the weekly benefit amount cannot exceed the maximum weekly benefit amount and cannot be less than $51. With respect to any benefit year beginning on or after January 4, 2004 and before January 6, 2008, an individual's weekly benefit amount shall be 48% of his or her prior average weekly wage, rounded (if not already a multiple of one dollar) to the next higher dollar; provided, however, that the weekly benefit amount cannot exceed the maximum weekly benefit amount and cannot be less than $51. With respect to any benefit year beginning on or after January 6, 2008, an individual's weekly benefit amount shall be 47% of his or her prior average weekly wage, rounded (if not already a multiple of one dollar) to the next higher dollar; provided, however, that the weekly benefit amount cannot exceed the maximum weekly benefit amount and cannot be less than $51.

2. For the purposes of this subsection:

With respect to any week beginning on or after April 24, 1983, an individual's "prior average weekly wage" means the total wages for insured work paid to that individual during the 2 calendar quarters of his base period in which such total wages were highest, divided by 26. If the quotient is not already a multiple of one dollar, it shall be rounded to the nearest dollar; however if the quotient is equally near 2 multiples of one dollar, it shall be rounded to the higher multiple of one dollar.

"Determination date" means June 1, 1982, December 1, 1982 and December 1 of each succeeding calendar year thereafter. However, if as of
June 30, 1982, or any June 30 thereafter, the net amount standing to the credit of this State's account in the unemployment trust fund (less all outstanding advances to that account, including advances pursuant to Title XII of the federal Social Security Act) is greater than $100,000,000, "determination date" shall mean December 1 of that year and June 1 of the succeeding year. Notwithstanding the preceding sentence, for the purposes of this Act only, there shall be no June 1 determination date in any year after 1986.

"Determination period" means, with respect to each June 1 determination date, the 12 consecutive calendar months ending on the immediately preceding December 31 and, with respect to each December 1 determination date, the 12 consecutive calendar months ending on the immediately preceding June 30.

"Benefit period" means the 12 consecutive calendar month period beginning on the first day of the first calendar month immediately following a determination date, except that, with respect to any calendar year in which there is a June 1 determination date, "benefit period" shall mean the 6 consecutive calendar month period beginning on the first day of the first calendar month immediately following the preceding December 1 determination date and the 6 consecutive calendar month period beginning on the first day of the first calendar month immediately following the June 1 determination date. Notwithstanding the foregoing sentence, the 6 calendar months beginning January 1, 1982 and ending June 30, 1982 shall be deemed a benefit period with respect to which the determination date shall be June 1, 1981.

"Gross wages" means all the wages paid to individuals during the determination period immediately preceding a determination date for insured work, and reported to the Director by employers prior to the first day of the third calendar month preceding that date.

"Covered employment" for any calendar month means the total number of individuals, as determined by the Director, engaged in insured work at mid-month.

"Average monthly covered employment" means one-twelfth of the sum of the covered employment for the 12 months of a determination period.

"Statewide average annual wage" means the quotient, obtained by dividing gross wages by average monthly covered employment for the same determination period, rounded (if not already a multiple of one cent) to the nearest cent.

New matter indicated by italics - deletions by strikeout.
"Statewide average weekly wage" means the quotient, obtained by dividing the statewide average annual wage by 52, rounded (if not already a multiple of one cent) to the nearest cent. Notwithstanding any provisions of this Section to the contrary, the statewide average weekly wage for the benefit period beginning July 1, 1982 and ending December 31, 1982 shall be the statewide average weekly wage in effect for the immediately preceding benefit period plus one-half of the result obtained by subtracting the statewide average weekly wage for the immediately preceding benefit period from the statewide average weekly wage for the benefit period beginning July 1, 1982 and ending December 31, 1982 as such statewide average weekly wage would have been determined but for the provisions of this paragraph. Notwithstanding any provisions of this Section to the contrary, the statewide average weekly wage for the benefit period beginning April 24, 1983 and ending January 31, 1984 shall be $321 and for the benefit period beginning February 1, 1984 and ending December 31, 1986 shall be $335, and for the benefit period beginning January 1, 1987, and ending December 31, 1987, shall be $350, except that for an individual who has established a benefit year beginning before April 24, 1983, the statewide average weekly wage used in determining benefits, for any week beginning on or after April 24, 1983, claimed with respect to that benefit year, shall be $334.80, except that, for the purpose of determining the minimum weekly benefit amount under subsection B(1) for the benefit period beginning January 1, 1987, and ending December 31, 1987, the statewide average weekly wage shall be $335; for the benefit periods January 1, 1988 through December 31, 1988, January 1, 1989 through December 31, 1989, and January 1, 1990 through December 31, 1990, the statewide average weekly wage shall be $359, $381, and $406, respectively. Notwithstanding the preceding sentences of this paragraph, for the benefit period of calendar year 1991, the statewide average weekly wage shall be $406 plus (or minus) an amount equal to the percentage change in the statewide average weekly wage, as computed in accordance with the preceding sentences of this paragraph, between the benefit periods of calendar years 1989 and 1990, multiplied by $406; and, for the benefit periods of calendar years 1992 through 2003 and calendar year 2005 and each calendar year thereafter, the statewide average weekly wage, shall be the statewide average weekly wage, as determined in accordance with this sentence, for the immediately preceding benefit period plus (or minus) an amount equal to the percentage change in the statewide average weekly wage, as computed in accordance with the preceding sentences of this

paragraph, between the 2 immediately preceding benefit periods, multiplied by the statewide average weekly wage, as determined in accordance with this sentence, for the immediately preceding benefit period. However, for purposes of the Workers' Compensation Act, the statewide average weekly wage will be computed using June 1 and December 1 determination dates of each calendar year and such determination shall not be subject to the limitation of $321, $335, $350, $359, $381, $406 or the statewide average weekly wage as computed in accordance with the preceding sentence of this paragraph.

With respect to any week beginning on or after April 24, 1983 and before January 3, 1988, "maximum weekly benefit amount" means 48% of the statewide average weekly wage, rounded (if not already a multiple of one dollar) to the nearest dollar, provided however, that the maximum weekly benefit amount for an individual who has established a benefit year beginning before April 24, 1983, shall be determined, for weeks beginning on or after April 24, 1983 claimed with respect to that benefit year, as provided under this Act as amended and in effect on November 30, 1982, except that the statewide average weekly wage used in such determination shall be $334.80.

With respect to any week beginning after January 2, 1988 and before January 1, 1993, "maximum weekly benefit amount" with respect to each week beginning within a benefit period means 49% of the statewide average weekly wage, rounded (if not already a multiple of one dollar) to the next higher dollar.

With respect to any week beginning on or after January 3, 1993 and during a benefit year beginning before January 4, 2004, "maximum weekly benefit amount" with respect to each week beginning within a benefit period means 49.5% of the statewide average weekly wage, rounded (if not already a multiple of one dollar) to the next higher dollar.

With respect to any benefit year beginning on or after January 4, 2004 and before January 6, 2008, "maximum weekly benefit amount" with respect to each week beginning within a benefit period means 48% of the statewide average weekly wage, rounded (if not already a multiple of one dollar) to the next higher dollar.

With respect to any benefit year beginning on or after January 6, 2008, "maximum weekly benefit amount" with respect to each week beginning within a benefit period means 47% of the statewide average weekly wage, rounded (if not already a multiple of one dollar) to the next higher dollar.

C. With respect to any week beginning on or after April 24, 1983 and before January 3, 1988, an individual to whom benefits are payable with respect to any week shall, in addition to such benefits, be paid, with respect to such week, as follows: in the case of an individual with a nonworking spouse, 7% of his prior average weekly wage, rounded (if not already a multiple of one dollar) to the higher dollar; provided, that the total amount payable to the individual with respect to a week shall not exceed 55% of the statewide average weekly wage, rounded (if not already a multiple of one dollar) to the nearest dollar; and in the case of an individual with a dependent child or dependent children, 14.4% of his prior average weekly wage, rounded (if not already a multiple of one dollar) to the higher dollar; provided, that the total amount payable to the individual with respect to a week shall not exceed 62.4% of the statewide average weekly wage, rounded (if not already a multiple of one dollar) to the next higher dollar with respect to the benefit period beginning January 1, 1987 and ending December 31, 1987, and otherwise to the nearest dollar. However, for an individual with a nonworking spouse or with a dependent child or children who has established a benefit year beginning before April 24, 1983, the amount of additional benefits payable on account of the nonworking spouse or dependent child or children shall be determined, for weeks beginning on or after April 24, 1983 claimed with respect to that benefit year, as provided under this Act as in effect on November 30, 1982, except that the statewide average weekly wage used in such determination shall be $334.80.

With respect to any week beginning on or after January 2, 1988 and before January 1, 1991 and any week beginning on or after January 1, 1992, and before January 1, 1993, an individual to whom benefits are payable with respect to any week shall, in addition to those benefits, be paid, with respect to such week, as follows: in the case of an individual with a nonworking spouse, 8% of his prior average weekly wage, rounded (if not already a multiple of one dollar) to the next higher dollar, provided, that the total amount payable to the individual with respect to a week shall not exceed 57% of the statewide average weekly wage, rounded (if not already a multiple of one dollar) to the next higher dollar; and in the case of an individual with a dependent child or dependent children, 15% of his prior average weekly wage, rounded (if not already a multiple of one dollar) to the next higher dollar, provided that the total amount payable to the individual with respect to a week shall not exceed 64% of the

subsection and, with respect to each benefit year beginning after calendar year 2011, shall not be less than 17.0% or greater than 17.9%.

Sec. 409. Extended Benefits.
A. For the purposes of this Section:

New matter indicated by italics - deletions by strikeout.
1. "Extended benefit period" means a period which begins with the third week after a week for which there is a State "on" indicator; and ends with either of the following weeks, whichever occurs later: (1) the third week after the first week for which there is a State "off" indicator, or (2) the thirteenth consecutive week of such period. No extended benefit period shall begin by reason of a State "on" indicator before the fourteenth week following the end of a prior extended benefit period.

2. There is a "State 'on' indicator" for a week if (a) the Director determines, in accordance with the regulations of the United States Secretary of Labor or other appropriate Federal agency, that for the period consisting of such week and the immediately preceding twelve weeks, the rate of insured unemployment (not seasonally adjusted) in this State equaled or exceeded 4% and equaled or exceeded 120% of the average of such rates for the corresponding 13-week period ending in each of the preceding two calendar years, or (b) equaled or exceeded 5%; for weeks beginning after September 25, 1982 (1) equaled or exceeded 5% and equaled or exceeded 120% of the average of such rates for the corresponding 13-week period ending in each of the preceding 2 calendar years, or (2) equaled or exceeded 6 percent, or (b) the United States Secretary of Labor determines that (1) the average rate of total unemployment in this State (seasonally adjusted) for the period consisting of the most recent 3 months for which data for all states are published before the close of such week equals or exceeds 6.5%, and (2) the average rate of total unemployment in this State (seasonally adjusted) for the 3-month period referred to in (1) equals or exceeds 110% of such average rate for either (or both) of the corresponding 3-month periods ending in the 2 preceding calendar years. Clause (b) of this paragraph shall only apply to weeks beginning on or after February 22, 2009, through the week ending 3 weeks prior to the last week for which federal sharing is provided as authorized by Section 2005(a) of Public Law 111-5 and is inoperative as of the end of the last week for which federal sharing is provided as authorized by Section 2005(a) of Public Law 111-5.

3. There is a "State 'off' indicator" for a week if there is not a State 'on' indicator for the week pursuant to paragraph 2 the Director determines, in accordance with the regulations of the

New matter indicated by italics - deletions by strikeout.
United States Secretary of Labor or other appropriate Federal agency, that for the period consisting of such week and the immediately preceding twelve weeks, the rate of insured unemployment (not seasonally adjusted) in this State (a) was less than 5% and was less than 120% of the average of such rates for the corresponding 13-week period ending in each of the preceding 2 calendar years, or (b) was less than 4%; and for weeks beginning after September 25, 1982, (1) was less than 6% and less than 120% of the average of such rates for the corresponding 13-week period ending in each of the preceding 2 calendar years, or (2) was less than 5%.

4. "Rate of insured unemployment", for the purpose of paragraphs 2 and 3, means the percentage derived by dividing (a) the average weekly number of individuals filing claims for "regular benefits" in this State for weeks of unemployment with respect to the most recent 13 consecutive week period, as determined by the Director on the basis of his reports to the United States Secretary of Labor or other appropriate Federal agency, by (b) the average monthly employment covered under this Act for the first four of the most recent six completed calendar quarters ending before the close of such 13-week period.

5. "Regular benefits" means benefits, other than extended benefits and additional benefits, payable to an individual (including dependents' allowances) under this Act or under any other State unemployment compensation law (including benefits payable to Federal civilian employees and ex-servicemen pursuant to 5 U.S.C. chapter 85).

6. "Extended benefits" means benefits (including benefits payable to Federal civilian employees and ex-servicemen pursuant to 5 U.S.C. chapter 85) payable to an individual under the provisions of this Section for weeks which begin in his eligibility period.

7. "Additional benefits" means benefits totally financed by a State and payable to exhaustees (as defined in subsection C) by reason of conditions of high unemployment or by reason of other specified factors. If an individual is eligible to receive extended benefits under the provisions of this Section and is eligible to receive additional benefits with respect to the same week under the...
law of another State, he may elect to claim either extended benefits or additional benefits with respect to the week.

8. "Eligibility period" means the period consisting of the weeks in an individual's benefit year which begin in an extended benefit period and, if his benefit year ends within such extended benefit period, any weeks thereafter which begin in such period. An individual's eligibility period shall also include such other weeks as federal law may allow.

9. Notwithstanding any other provision to the contrary of the provisions of Sections 1404, 1405B, and 1501, no employer shall be liable for payments in lieu of contributions pursuant to Section 1404, and wages shall not become benefit wages, by reason of the payment of extended benefits which are wholly reimbursed to this State by the Federal Government or would have been wholly reimbursed to this State by the Federal Government if the employer had paid all of the claimant's wages during the applicable base period. With respect to extended benefits, paid prior to July 1, 1989, wages shall become benefit wages under Section 1501 only when an individual is first paid such benefits with respect to his eligibility period which are not wholly reimbursed to this State by the Federal Government. Extended benefits, paid on or after July 1, 1989, shall not become benefit charges under Section 1501.1 if they are wholly reimbursed to this State by the Federal Government or would have been wholly reimbursed to this State by the Federal Government if the employer had paid all of the claimant's wages during the applicable base period. For purposes of this paragraph, extended benefits will be considered to be wholly reimbursed by the Federal Government notwithstanding the operation of Section 204(a)(2)(D) of the Federal-State Extended Unemployment Compensation Act of 1970 only when any individual is paid such benefits with respect to his eligibility period which are not wholly reimbursed by the Federal Government.

B. An individual shall be eligible to receive extended benefits pursuant to this Section for any week which begins in his eligibility period if, with respect to such week (1) he has been paid wages for insured work during his base period equal to at least 1 1/2 times the wages paid in that calendar quarter of his base period in which such wages were highest; provided that this provision applies only with respect to weeks beginning

(2) he has met the requirements of Section 500E of this Act; (3) he is an exhaustee; and (4) except when the result would be inconsistent with the provisions of this Section, he has satisfied the requirements of this Act for the receipt of regular benefits.

C. An individual is an exhaustee with respect to a week which begins in his eligibility period if:

1. Prior to such week (a) he has received, with respect to his current benefit year that includes such week, the maximum total amount of benefits to which he was entitled under the provisions of Section 403B, and all of the regular benefits (including dependents' allowances) to which he had entitlement (if any) on the basis of wages or employment under any other State unemployment compensation law; or (b) he has received all the regular benefits available to him with respect to his current benefit year that includes such week, under this Act and under any other State unemployment compensation law, after a cancellation of some or all of his wage credits or the partial or total reduction of his regular benefit rights; or (c) his benefit year terminated, and he cannot meet the qualifying wage requirements of Section 500E of this Act or the qualifying wage or employment requirements of any other State unemployment compensation law to establish a new benefit year which would include such week or, having established a new benefit year that includes such week, he is ineligible for regular benefits by reason of Section 607 of this Act or a like provision of any other State unemployment compensation law; and

2. For such week (a) he has no right to benefits or allowances, as the case may be, under the Railroad Unemployment Insurance Act, or such other Federal laws as are specified in regulations of the United States Secretary of Labor or other appropriate Federal agency; and (b) he has not received and is not seeking benefits under the unemployment compensation law of Canada, except that if he is seeking such benefits and the appropriate agency finally determines that he is entitled to benefits under such law, this clause shall not apply.

3. For the purposes of clauses (a) and (b) of paragraph 1 of this subsection, an individual shall be deemed to have received, with respect to his current benefit year, the maximum total amount of benefits to which he was entitled or all of the regular benefits to which he had entitlement, or all of the regular benefits available to
him, as the case may be, even though (a) as a result of a pending reconsideration or appeal with respect to the "finding" defined in Section 701, or of a pending appeal with respect to wages or employment or both under any other State unemployment compensation law, he may subsequently be determined to be entitled to more regular benefits; or (b) by reason of a seasonality provision in a State unemployment compensation law which establishes the weeks of the year for which regular benefits may be paid to individuals on the basis of wages in seasonal employment he may be entitled to regular benefits for future weeks but such benefits are not payable with respect to the week for which he is claiming extended benefits, provided that he is otherwise an exhaustee under the provisions of this subsection with respect to his rights to regular benefits, under such seasonality provision, during the portion of the year in which that week occurs; or (c) having established a benefit year, no regular benefits are payable to him with respect to such year because his wage credits were cancelled or his rights to regular benefits were totally reduced by reason of the application of a disqualification provision of a State unemployment compensation law.

D. 1. The provisions of Section 607 and the waiting period requirements of Section 500D shall not be applicable to any week with respect to which benefits are otherwise payable under this Section.

2. An individual shall not cease to be an exhaustee with respect to any week solely because he meets the qualifying wage requirements of Section 500E for a part of such week.

3. For the purposes of this Section, the "base period" referred to in Sections 601 and 602 shall be the base period with respect to the benefit year in which the individual's eligibility period begins.

E. With respect to any week which begins in his eligibility period, an exhaustee's "weekly extended benefit amount" shall be the same as his weekly benefit amount during his benefit year which includes such week or, if such week is not in a benefit year, during his applicable benefit year, as defined in regulations issued by the United States Secretary of Labor or other appropriate Federal agency. If the exhaustee had more than one weekly benefit amount during his benefit year, his weekly extended benefit

amount with respect to such week shall be the latest of such weekly benefit amounts.

F. 1. An eligible exhaustee shall be entitled, during any eligibility period, to a maximum total amount of extended benefits equal to the lesser of the following amounts:

a. Fifty percent of the maximum total amount of benefits to which he was entitled under Section 403B during his applicable benefit year; or

b. Thirteen times his weekly extended benefit amount as determined under subsection E; or:

c. Thirty-nine times his or her average weekly extended benefit amount, reduced by the regular benefits (not including any dependents' allowances) paid to him or her during such benefit year.

2. An eligible exhaustee shall be entitled, during a "high unemployment period", to a maximum total amount of extended benefits equal to the lesser of the following amounts:

a. Eighty percent of the maximum total amount of benefits to which he or she was entitled under Section 403B during his or her applicable benefit year;

b. Twenty times his or her weekly extended benefit amount as determined under subsection E; or

c. Forty-six times his or her average weekly extended benefit amount, reduced by the regular benefits (not including any dependents' allowances) paid to him or her during such benefit year.

For purposes of this paragraph, the term "high unemployment period" means any period during which (i) clause (b) of paragraph (2) of subsection A is operative and (ii) an extended benefit period would be in effect if clause (b) of paragraph (2) of subsection A of this Section were applied by substituting "8%" for "6.5%".

3. Notwithstanding paragraphs subparagraphs 1 and 2 of this subsection F, and if the benefit year of an individual ends within an extended benefit period, the remaining balance of extended benefits that the individual would, but for this subsection F, be otherwise entitled to receive in that extended benefit period, for weeks of unemployment beginning after the end of the benefit year, shall be reduced (but not below zero) by the product of the number of weeks for which the individual received any amounts as trade readjustment allowances as defined in the

New matter indicated by italics - deletions by strikeout.
federal Trade Act of 1974 within that benefit year multiplied by his weekly benefit amount for extended benefits.

G. 1. A claims adjudicator shall examine the first claim filed by an individual with respect to his eligibility period and, on the basis of the information in his possession, shall make an "extended benefits finding". Such finding shall state whether or not the individual has met the requirement of subsection B(1), is an exhaustee and, if he is, his weekly extended benefit amount and the maximum total amount of extended benefits to which he is entitled. The claims adjudicator shall promptly notify the individual of his "extended benefits finding", and shall promptly notify the individual's most recent employing unit, with respect to benefit years beginning on or after July 1, 1989 and the individual's last employer (referred to in Section 1502.1) that the individual has filed a claim for extended benefits. The claims adjudicator may reconsider his "extended benefits finding" at any time within one year after the close of the individual's eligibility period, and shall promptly notify the individual of such reconsidered finding. All of the provisions of this Act applicable to reviews from findings or reconsidered findings made pursuant to Sections 701 and 703 which are not inconsistent with the provisions of this subsection shall be applicable to reviews from extended benefits findings and reconsidered extended benefits findings.

2. If, pursuant to the reconsideration or appeal with respect to a "finding", referred to in paragraph 3 of subsection C, an exhaustee is found to be entitled to more regular benefits and, by reason thereof, is entitled to more extended benefits, the claims adjudicator shall make a reconsidered extended benefits finding and shall promptly notify the exhaustee thereof.

H. Whenever an extended benefit period is to begin in this State because there is a State "on" indicator, or whenever an extended benefit period is to end in this State because there is a State "off" indicator, the Director shall make an appropriate public announcement.

I. Computations required by the provisions of paragraph 46 of subsection A shall be made by the Director in accordance with regulations prescribed by the United States Secretary of Labor, or other appropriate Federal agency.

J. 1. Interstate Benefit Payment Plan means the plan approved by the Interstate Conference of Employment Security Agencies under
which benefits shall be payable to unemployed individuals absent from the state (or states) in which benefit credits have been accumulated.

2. An individual who commutes from his state of residence to work in another state and continues to reside in such state of residence while filing his claim for unemployment insurance under this Section of the Act shall not be considered filing a claim under the Interstate Benefit Payment Plan so long as he files his claim in and continues to report to the employment office under the regulations applicable to intrastate claimants in the state in which he was so employed.

3. "State" when used in this subsection includes States of the United States of America, the District of Columbia, Puerto Rico and the Virgin Islands. For purposes of this subsection, the term "state" shall also be construed to include Canada.

4. Notwithstanding any other provision of this Act, effective with weeks beginning on or after June 1, 1981 an individual shall be eligible for a maximum of 2 weeks of benefits payable under this Section after he files his initial claim for extended benefits in an extended benefit period, as defined in paragraph 1 of subsection A, under the Interstate Benefit Payment Plan unless there also exists an extended benefit period, as defined in paragraph 1 of subsection A, in the state where such claim is filed. Such maximum eligibility shall continue as long as the individual continues to file his claim under the Interstate Benefit Payment Plan, notwithstanding that the individual moves to another state where an extended benefit period exists and files for weeks prior to his initial Interstate claim in that state.

5. To assure full tax credit to the employers of this state against the tax imposed by the Federal Unemployment Tax Act, the Director shall take any action or issue any regulations necessary in the administration of this subsection to insure that its provisions are so interpreted and applied as to meet the requirements of such Federal Act as interpreted by the United States Secretary of Labor or other appropriate Federal agency.

K. 1. Notwithstanding any other provisions of this Act, an individual shall be ineligible for the payment of extended benefits for any week of unemployment in his eligibility period if the Director finds that during such period:

a. he failed to accept any offer of suitable work (as defined in paragraph 3 below) or failed to apply for any suitable work to which he was referred by the Director; or
b. he failed to actively engage in seeking work as prescribed under paragraph 5 below.

2. Any individual who has been found ineligible for extended benefits by reason of the provisions of paragraph 1 of this subsection shall be denied benefits beginning with the first day of the week in which such failure has occurred and until he has been employed in each of 4 subsequent weeks (whether or not consecutive) and has earned remuneration equal to at least 4 times his weekly benefit amount.

3. For purposes of this subsection only, the term "suitable work" means, with respect to any individual, any work which is within such individual's capabilities, provided, however, that the gross average weekly remuneration payable for the work must exceed the sum of:

   a. must exceed the sum of (i) the individual's extended weekly benefit amount as determined under subsection E above plus (ii) the amount, if any, of supplemental unemployment benefits (as defined in Section 501(c)(17)(D) of the Internal Revenue Code of 1954) payable to such individual for such week; and further,
   b. is not less than the higher of --
      (i) the minimum wage provided by Section 6 (a)(1) of the Fair Labor Standards Act of 1938, without regard to any exemption; or
      (ii) the applicable state or local minimum wage;
   c. provided, however, that no individual shall be denied extended benefits for failure to accept an offer of or apply for any job which meets the definition of suitability as described above if:
      (i) the position was not offered to such individual in writing or was not listed with the employment service;
      (ii) such failure could not result in a denial of benefits under the definition of suitable work for regular benefits claimants in Section 603 to the

extent that the criteria of suitability in that Section are not inconsistent with the provisions of this paragraph 3;

(iii) the individual furnishes satisfactory evidence to the Director that his prospects for obtaining work in his customary occupation within a reasonably short period are good. If such evidence is deemed satisfactory for this purpose, the determination of whether any work is suitable with respect to such individual shall be made in accordance with the definition of suitable work for regular benefits in Section 603 without regard to the definition specified by this paragraph.

4. Notwithstanding the provisions of paragraph 3 to the contrary, no work shall be deemed to be suitable work for an individual which does not accord with the labor standard provisions required by Section 3304(a)(5) of the Internal Revenue Code of 1954 and set forth herein under Section 603 of this Act.

5. For the purposes of subparagraph b of paragraph 1, an individual shall be treated as actively engaged in seeking work during any week if --

   a. the individual has engaged in a systematic and sustained effort to obtain work during such week, and
   b. the individual furnishes tangible evidence that he has engaged in such effort during such week.

6. The employment service shall refer any individual entitled to extended benefits under this Act to any suitable work which meets the criteria prescribed in paragraph 3.

7. Notwithstanding any other provision of this Act, an individual shall not be eligible to receive extended benefits, otherwise payable under this Section, with respect to any week of unemployment in his eligibility period if such individual has been held ineligible for benefits under the provisions of Sections 601, 602 or 603 of this Act until such individual had requalified for such benefits by returning to employment and satisfying the monetary requalification provision by earning at least his weekly benefit amount.

Because he or she is deemed physically unable to perform his or her work by a licensed and practicing physician, or because the individual's or has left work voluntarily upon the advice of a licensed and practicing physician that assistance is necessary for the purpose of caring for his or her spouse, child, or parent who, according to a licensed and practicing physician or as otherwise reasonably verified, is in poor physical or mental health or is mentally or physically disabled and the employer is unable to accommodate the individual's need to provide such assistance will not allow him to perform the usual and customary duties of his

An exemption shall be approved when information required by the Board by rule is submitted. Projects eligible for an exemption, rather than a permit, include, but are not limited to, change of ownership of a health care facility. For a change of ownership of a health care facility between related persons, the State Board shall provide by rule for an expedited process for obtaining an exemption. In connection with a change of ownership, the State Board may approve the transfer of an existing permit without regard to whether the permit to be transferred has yet been obligated, except for permits establishing a new facility or a new category of service.

(c) All applications shall be signed by the applicant and shall be verified by any 2 officers thereof.

(c-5) Any written review or findings of the Board staff Agency or any other reviewing organization under Section 8 concerning an application for a permit must be made available to the public at least 14 calendar days before the meeting of the State Board at which the review or findings are considered. Alternative health care models in medically underserved areas shall receive priority in obtaining a certificate of need.

(c) An alternative health care model license shall be issued for a period of one year and shall be annually renewed if the facility or program is in substantial compliance with the Department's rules adopted under this Act. A licensed alternative health care model that continues to be in substantial compliance after the conclusion of the demonstration program shall be eligible for annual renewals unless and until a different licensure program for that type of health care model is established by legislation. The Department may issue a provisional license to any alternative health care model that does not substantially comply with the provisions of this Act and the rules adopted under this Act if (i) the Department finds that the alternative health care model has undertaken changes and corrections which upon completion will render the alternative health care model in substantial compliance with this Act and rules and (ii) the health and safety of the patients of the alternative health care model will be protected during the period for which the provisional license is issued. Section 55. The Health Care Worker Self-Referral Act is amended by changing Sections 5, 15, and 30 as follows:

(225 ILCS 47/5)

Sec. 5. Legislative intent. The General Assembly recognizes that patient referrals by health care workers for health services to an entity in which the referring health care worker has an investment interest may present a potential conflict of interest. The General Assembly finds that these referral practices may limit or completely eliminate competitive alternatives in the health care market. In some instances, these referral practices may expand and improve care or may make services available which were previously unavailable. They may also provide lower cost options to patients or increase competition. Generally, referral practices are positive occurrences. However, self-referrals may result in over utilization of health services, increased overall costs of the health care systems, and may affect the quality of health care.

It is the intent of the General Assembly to provide guidance to health care workers regarding acceptable patient referrals, to prohibit patient referrals to entities providing health services in which the referring health care worker has an investment interest, and to protect the citizens of Illinois from unnecessary and costly health care expenditures.

Recognizing the need for flexibility to quickly respond to changes in the delivery of health services, to avoid results beyond the limitations on

self referral provided under this Act and to provide minimal disruption to
the appropriate delivery of health care, the Health Facilities and Services
Review Board Health Facilities Planning Board shall be exclusively and
solely authorized to implement and interpret this Act through adopted
rules.

The General Assembly recognizes that changes in delivery of
health care has resulted in various methods by which health care workers
practice their professions. It is not the intent of the General Assembly to
limit appropriate delivery of care, nor force unnecessary changes in the
structures created by workers for the health and convenience of their
patients.

The Department of Healthcare and Family Services (formerly Department of Public Aid), in collaboration with the Department on Aging and the Department of Public Health and in consultation with the Advisory Committee, shall propose a plan to contain Medicaid nursing home costs and maximize Medicare utilization. The plan must not impair the ability of an older adult to choose among available services. The plan shall include, but not be limited to, (i) techniques to maximize the use of the most cost-effective services without sacrificing quality and (ii) methods to identify and serve older adults in need of minimal services to remain independent, but who are likely to develop a need for more extensive services in the absence of those minimal services.

(16) Bed reduction. The Department of Public Health shall implement a nursing home conversion program to reduce the number of Medicaid-certified nursing home beds in areas with excess beds. The Department of Healthcare and Family Services shall investigate changes to the Medicaid nursing facility reimbursement system in order to reduce beds. Such changes may include, but are not limited to, incentive payments that will enable facilities to adjust to the restructuring and expansion of services required by the Older Adult Services Act, including adjustments for the voluntary closure or layaway of nursing home beds certified under Title XIX of the federal Social Security Act. Any savings shall be reallocated to fund home-based or community-based older adult services pursuant to Section 20.

(17) Financing. The Department shall investigate and evaluate financing options for older adult services and shall make recommendations in the report required by Section 15 concerning the feasibility of these financing arrangements. These arrangements shall include, but are not limited to:

(A) private long-term care insurance coverage for older adult services;
(B) enhancement of federal long-term care financing initiatives;

New matter indicated by italics - deletions by strikeout.
(C) employer benefit programs such as medical savings accounts for long-term care;
(D) individual and family cost-sharing options;
(E) strategies to reduce reliance on government programs;
(F) fraudulent asset divestiture and financial planning prevention; and
(G) methods to supplement and support family and community caregiving.

(18) Older Adult Services Demonstration Grants. The Department shall implement a program of demonstration grants that will assist in the restructuring of the older adult services delivery system, and shall provide funding for innovative service delivery models and system change and integration initiatives pursuant to subsection (g) of Section 20.

(19) Bed need methodology update. For the purposes of determining areas with excess beds, the Departments shall provide information and assistance to the Health Facilities and Services Review Board to update the Bed Need Methodology for Long-Term Care to update the assumptions used to establish the methodology to make them consistent with modern older adult services.

(20) Affordable housing. The Departments shall utilize the recommendations of Illinois' Annual Comprehensive Housing Plan, as developed by the Affordable Housing Task Force through the Governor's Executive Order 2003-18, in their efforts to address the affordable housing needs of older adults.

The Older Adult Services Advisory Committee shall investigate innovative and promising practices operating as demonstration or pilot projects in Illinois and in other states. The Department on Aging shall provide the Older Adult Services Advisory Committee with a list of all demonstration or pilot projects funded by the Department on Aging, including those specified by rule, law, policy memorandum, or funding arrangement. The Committee shall work with the Department on Aging to evaluate the viability of expanding these programs into other areas of the State.

Sec. 30. Nursing home conversion program.

New matter indicated by italics - deletions by strikeout.
(a) The Department of Public Health, in collaboration with the Department on Aging and the Department of Healthcare and Family Services, shall establish a nursing home conversion program. Start-up grants, pursuant to subsections (l) and (m) of this Section, shall be made available to nursing homes as appropriations permit as an incentive to reduce certified beds, retrofit, and retool operations to meet new service delivery expectations and demands.

(b) Grant moneys shall be made available for capital and other costs related to: (1) the conversion of all or a part of a nursing home to an assisted living establishment or a special program or unit for persons with Alzheimer's disease or related disorders licensed under the Assisted Living and Shared Housing Act or a supportive living facility established under Section 5-5.01a of the Illinois Public Aid Code; (2) the conversion of multi-resident bedrooms in the facility into single-occupancy rooms; and (3) the development of any of the services identified in a priority service plan that can be provided by a nursing home within the confines of a nursing home or transportation services. Grantees shall be required to provide a minimum of a 20% match toward the total cost of the project.

(c) Nothing in this Act shall prohibit the co-location of services or the development of multifunctional centers under subsection (f) of Section 20, including a nursing home offering community-based services or a community provider establishing a residential facility.

(d) A certified nursing home with at least 50% of its resident population having their care paid for by the Medicaid program is eligible to apply for a grant under this Section.

(e) Any nursing home receiving a grant under this Section shall reduce the number of certified nursing home beds by a number equal to or greater than the number of beds being converted for one or more of the permitted uses under item (1) or (2) of subsection (b). The nursing home shall retain the Certificate of Need for its nursing and sheltered care beds that were converted for 15 years. If the beds are reinstated by the provider or its successor in interest, the provider shall pay to the fund from which the grant was awarded, on an amortized basis, the amount of the grant. The Department shall establish, by rule, the bed reduction methodology for nursing homes that receive a grant pursuant to item (3) of subsection (b).

(f) Any nursing home receiving a grant under this Section shall agree that, for a minimum of 10 years after the date that the grant is awarded, a minimum of 50% of the nursing home's resident population shall have their care paid for by the Medicaid program. If the nursing
home provider or its successor in interest ceases to comply with the requirement set forth in this subsection, the provider shall pay to the fund from which the grant was awarded, on an amortized basis, the amount of the grant.

(g) Before awarding grants, the Department of Public Health shall seek recommendations from the Department on Aging and the Department of Healthcare and Family Services. The Department of Public Health shall attempt to balance the distribution of grants among geographic regions, and among small and large nursing homes. The Department of Public Health shall develop, by rule, the criteria for the award of grants based upon the following factors:

1. the unique needs of older adults (including those with moderate and low incomes), caregivers, and providers in the geographic area of the State the grantee seeks to serve;
2. whether the grantee proposes to provide services in a priority service area;
3. the extent to which the conversion or transition will result in the reduction of certified nursing home beds in an area with excess beds;
4. the compliance history of the nursing home; and
5. any other relevant factors identified by the Department, including standards of need.

(h) A conversion funded in whole or in part by a grant under this Section must not:

1. diminish or reduce the quality of services available to nursing home residents;
2. force any nursing home resident to involuntarily accept home-based or community-based services instead of nursing home services;
3. diminish or reduce the supply and distribution of nursing home services in any community below the level of need, as defined by the Department by rule; or
4. cause undue hardship on any person who requires nursing home care.

(i) The Department shall prescribe, by rule, the grant application process. At a minimum, every application must include:

1. the type of grant sought;
2. a description of the project;
3. the objective of the project;

New matter indicated by italics - deletions by strikeout.
(4) the likelihood of the project meeting identified needs;
(5) the plan for financing, administration, and evaluation of the project;
(6) the timetable for implementation;
(7) the roles and capabilities of responsible individuals and organizations;
(8) documentation of collaboration with other service providers, local community government leaders, and other stakeholders, other providers, and any other stakeholders in the community;
(9) documentation of community support for the project, including support by other service providers, local community government leaders, and other stakeholders;
(10) the total budget for the project;
(11) the financial condition of the applicant; and
(12) any other application requirements that may be established by the Department by rule.

(j) A conversion project funded in whole or in part by a grant under this Section is exempt from the requirements of the Illinois Health Facilities Planning Act. The Department of Public Health, however, shall send to the Health Facilities and Services Review Board a copy of each grant award made under this Section.

(k) Applications for grants are public information, except that nursing home financial condition and any proprietary data shall be classified as nonpublic data.

(l) The Department of Public Health may award grants from the Long Term Care Civil Money Penalties Fund established under Section 1919(h)(2)(A)(ii) of the Social Security Act and 42 CFR 488.422(g) if the award meets federal requirements.

that produces electricity along with related equipment necessary to connect
the facility to an electric transmission or distribution system.
"Governmental aggregator" means one or more units of local
government that individually or collectively procure electricity to serve
residential retail electrical loads located within its or their jurisdiction.
"Local government" means a unit of local government as defined in
Article VII of Section 1 of the Illinois Constitution.

either domestic or foreign, company, association, limited liability
company, joint stock company, or association and includes any trustee,
receiver, assignee, or personal representative thereof.
"Project" means the planning, bidding, and construction of a
facility.
"Public utility" has the same definition as found in Section 3-105
of the Public Utilities Act.
"Real property" means any interest in land together with all
structures, fixtures, and improvements thereon, including lands under
water and riparian rights, any easements, covenants, licenses, leases,
rights-of-way, uses, and other interests, together with any liens, judgments,

"Renewable energy resources" includes energy and its associated renewable energy credit or renewable energy credits from wind, solar thermal energy, photovoltaic cells and panels, biodiesel, crops and untreated and unadulterated organic waste biomass, trees and tree trimmings, hydropower that does not involve new construction or significant expansion of hydropower dams, and other alternative sources of environmentally preferable energy. For purposes of this Act, landfill gas produced in the State is considered a renewable energy resource. "Renewable energy resources" does not include the incineration or burning of tires, garbage, general household, institutional, and commercial waste, industrial lunchroom or office waste, landscape waste other than trees and tree trimmings, railroad crossties, utility poles, or construction or demolition debris, other than untreated and unadulterated waste wood.

"Total resource cost test" or "TRC test" means a standard that is met if, for an investment in energy efficiency or demand-response measures, the benefit-cost ratio is greater than one. The benefit-cost ratio is the ratio of the net present value of the total benefits of the program to the net present value of the total costs as calculated over the lifetime of the measures. A total resource cost test compares the sum of avoided electric utility costs, representing the benefits that accrue to the system and the participant in the delivery of those efficiency measures, as well as other quantifiable societal benefits, including avoided natural gas utility costs, to the sum of all incremental costs of end-use measures that are implemented due to the program (including both utility and participant contributions), plus costs to administer, deliver, and evaluate each demand-side program, to quantify the net savings obtained by substituting the demand-side program for supply resources. In calculating avoided costs of power and energy that an electric utility would otherwise have had to acquire, reasonable estimates shall be included of financial costs likely to be imposed by future regulations and legislation on emissions of greenhouse gases.

(220 ILCS 5/8-103)

Sec. 8-103. Energy efficiency and demand-response measures.

(a) It is the policy of the State that electric utilities are required to use cost-effective energy efficiency and demand-response measures to reduce delivery load. Requiring investment in cost-effective energy efficiency and demand-response measures will reduce direct and indirect costs to consumers by decreasing environmental impacts and by avoiding or delaying the need for new generation, transmission, and distribution infrastructure. It serves the public interest to allow electric utilities to

recover costs for reasonably and prudently incurred expenses for energy efficiency and demand-response measures. As used in this Section, "cost-effective" means that the measures satisfy the total resource cost test. The low-income measures described in subsection (f)(4) of this Section shall not be required to meet the total resource cost test. For purposes of this Section, the terms "energy-efficiency", "demand-response", "electric utility", and "total resource cost test" shall have the meanings set forth in the Illinois Power Agency Act. For purposes of this Section, the amount per kilowatthour means the total amount paid for electric service expressed on a per kilowatthour basis. For purposes of this Section, the total amount paid for electric service includes without limitation estimated amounts paid for supply, transmission, distribution, surcharges, and add-on-taxes.

(b) Electric utilities shall implement cost-effective energy efficiency measures to meet the following incremental annual energy savings goals:

(1) 0.2% of energy delivered in the year commencing June 1, 2008;
(2) 0.4% of energy delivered in the year commencing June 1, 2009;
(3) 0.6% of energy delivered in the year commencing June 1, 2010;
(4) 0.8% of energy delivered in the year commencing June 1, 2011;
(5) 1% of energy delivered in the year commencing June 1, 2012;
(6) 1.4% of energy delivered in the year commencing June 1, 2013;
(7) 1.8% of energy delivered in the year commencing June 1, 2014; and
(8) 2% of energy delivered in the year commencing June 1, 2015 and each year thereafter.

(c) Electric utilities shall implement cost-effective demand-response measures to reduce peak demand by 0.1% over the prior year for eligible retail customers, as defined in Section 16-111.5 of this Act. This requirement commences June 1, 2008 and continues for 10 years.

(d) Notwithstanding the requirements of subsections (b) and (c) of this Section, an electric utility shall reduce the amount of energy efficiency and demand-response measures implemented in any single year by an amount necessary to limit the estimated average increase in the amounts

paid by retail customers in connection with electric service due to the cost of those measures to:

(1) in 2008, no more than 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007;

(2) in 2009, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2008 or 1% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007;

(3) in 2010, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2009 or 1.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007;

(4) in 2011, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2010 or 2% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007; and

(5) thereafter, the amount of energy efficiency and demand-response measures implemented for any single year shall be reduced by an amount necessary to limit the estimated average net increase due to the cost of these measures included in the amounts paid by eligible retail customers in connection with electric service to no more than the greater of 2.015% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007 or the incremental amount per kilowatthour paid for these measures in 2011.

No later than June 30, 2011, the Commission shall review the limitation on the amount of energy efficiency and demand-response measures implemented pursuant to this Section and report to the General Assembly its findings as to whether that limitation unduly constrains the procurement of energy efficiency and demand-response measures.

(e) Electric utilities shall be responsible for overseeing the design, development, and filing of energy efficiency and demand-response plans with the Commission. Electric utilities shall implement 100% of the demand-response measures in the plans. Electric utilities shall implement 75% of the energy efficiency measures approved by the Commission, and may, as part of that implementation, outsource various aspects of program development and implementation. The remaining 25% of those energy efficiency measures approved by the Commission shall be implemented by
the Department of Commerce and Economic Opportunity, and must be designed in conjunction with the utility and the filing process. The Department may outsource development and implementation of energy efficiency measures. A minimum of 10% of the entire portfolio of cost-effective energy efficiency measures shall be procured from units of local government, municipal corporations, school districts, and community college districts. The Department shall coordinate the implementation of these measures.

The apportionment of the dollars to cover the costs to implement the Department's share of the portfolio of energy efficiency measures shall be made to the Department once the Department has executed grants or contracts for energy efficiency measures and provided supporting documentation for those grants and the contracts to the utility.

The details of the measures implemented by the Department shall be submitted by the Department to the Commission in connection with the utility's filing regarding the energy efficiency and demand-response measures that the utility implements.

A utility providing approved energy efficiency and demand-response measures in the State shall be permitted to recover costs of those measures through an automatic adjustment clause tariff filed with and approved by the Commission. The tariff shall be established outside the context of a general rate case. Each year the Commission shall initiate a review to reconcile any amounts collected with the actual costs and to determine the required adjustment to the annual tariff factor to match annual expenditures.

Each utility shall include, in its recovery of costs, the costs estimated for both the utility's and the Department's implementation of energy efficiency and demand-response measures. Costs collected by the utility for measures implemented by the Department shall be submitted to the Department pursuant to Section 605-323 of the Civil Administrative Code of Illinois and shall be used by the Department solely for the purpose of implementing these measures. A utility shall not be required to advance any moneys to the Department but only to forward such funds as it has collected. The Department shall report to the Commission on an annual basis regarding the costs actually incurred by the Department in the implementation of the measures. Any changes to the costs of energy efficiency measures as a result of plan modifications shall be appropriately reflected in amounts recovered by the utility and turned over to the Department.

New matter indicated by italics - deletions by strikeout.
The portfolio of measures, administered by both the utilities and the Department, shall, in combination, be designed to achieve the annual savings targets described in subsections (b) and (c) of this Section, as modified by subsection (d) of this Section.

The utility and the Department shall agree upon a reasonable portfolio of measures and determine the measurable corresponding percentage of the savings goals associated with measures implemented by the utility or Department.

No utility shall be assessed a penalty under subsection (f) of this Section for failure to make a timely filing if that failure is the result of a lack of agreement with the Department with respect to the allocation of responsibilities or related costs or target assignments. In that case, the Department and the utility shall file their respective plans with the Commission and the Commission shall determine an appropriate division of measures and programs that meets the requirements of this Section.

If the Department is unable to meet incremental annual performance goals for the portion of the portfolio implemented by the Department, then the utility and the Department shall jointly submit a modified filing to the Commission explaining the performance shortfall and recommending an appropriate course going forward, including any program modifications that may be appropriate in light of the evaluations conducted under item (7) of subsection (f) of this Section. In this case, the utility obligation to collect the Department's costs and turn over those funds to the Department under this subsection (e) shall continue only if the Commission approves the modifications to the plan proposed by the Department.

(f) No later than November 15, 2007, each electric utility shall file an energy efficiency and demand-response plan with the Commission to meet the energy efficiency and demand-response standards for 2008 through 2010. Every 3 years thereafter, each electric utility shall file, no later than October 1, an energy efficiency and demand-response plan with the Commission. If a utility does not file such a plan by October 1 of an applicable year, it shall face a penalty of $100,000 per day until the plan is filed. Each utility's plan shall set forth the utility's proposals to meet the utility's portion of the energy efficiency standards identified in subsection (b) and the demand-response standards identified in subsection (c) of this Section as modified by subsections (d) and (e), taking into account the unique circumstances of the utility's service territory. The Commission shall seek public comment on the utility's plan and shall issue an order...
approving or disapproving each plan within 3 months after its submission. If the Commission disapproves a plan, the Commission shall, within 30 days, describe in detail the reasons for the disapproval and describe a path by which the utility may file a revised draft of the plan to address the Commission's concerns satisfactorily. If the utility does not refile with the Commission within 60 days, the utility shall be subject to penalties at a rate of $100,000 per day until the plan is filed. This process shall continue, and penalties shall accrue, until the utility has successfully filed a portfolio of energy efficiency and demand-response measures. Penalties shall be deposited into the Energy Efficiency Trust Fund. In submitting proposed energy efficiency and demand-response plans and funding levels to meet the savings goals adopted by this Act the utility shall:

1. Demonstrate that its proposed energy efficiency and demand-response measures will achieve the requirements that are identified in subsections (b) and (c) of this Section, as modified by subsections (d) and (e).

2. Present specific proposals to implement new building and appliance standards that have been placed into effect.

3. Present estimates of the total amount paid for electric service expressed on a per kilowatthour basis associated with the proposed portfolio of measures designed to meet the requirements that are identified in subsections (b) and (c) of this Section, as modified by subsections (d) and (e).

4. Coordinate with the Department of Healthcare and Family Services to present a portfolio of energy efficiency measures targeted to households at or below 150% of the poverty level at a level proportionate to those households' share of total annual utility revenues in Illinois.

5. Demonstrate that its overall portfolio of energy efficiency and demand-response measures, not including programs covered by item (4) of this subsection (f), are cost-effective using the total resource cost test and represent a diverse cross-section of opportunities for customers of all rate classes to participate in the programs.

6. Include a proposed cost-recovery tariff mechanism to fund the proposed energy efficiency and demand-response measures and to ensure the recovery of the prudently and reasonably incurred costs of Commission-approved programs.

(7) Provide for an annual independent evaluation of the performance of the cost-effectiveness of the utility's portfolio of measures and the Department's portfolio of measures, as well as a full review of the 3-year results of the broader net program impacts and, to the extent practical, for adjustment of the measures on a going-forward basis as a result of the evaluations. The resources dedicated to evaluation shall not exceed 3% of portfolio resources in any given year.

(g) No more than 3% of energy efficiency and demand-response program revenue may be allocated for demonstration of breakthrough equipment and devices.

(h) This Section does not apply to an electric utility that on December 31, 2005 provided electric service to fewer than 100,000 customers in Illinois.

(i) If, after 2 years, an electric utility fails to meet the efficiency standard specified in subsection (b) of this Section, as modified by subsections (d) and (e), it shall make a contribution to the Low-Income Home Energy Assistance Program. The combined total liability for failure to meet the goal shall be $1,000,000, which shall be assessed as follows: a large electric utility shall pay $665,000, and a medium electric utility shall pay $335,000. If, after 3 years, an electric utility fails to meet the efficiency standard specified in subsection (b) of this Section, as modified by subsections (d) and (e), it shall make a contribution to the Low-Income Home Energy Assistance Program. The combined total liability for failure to meet the goal shall be $1,000,000, which shall be assessed as follows: a large electric utility shall pay $665,000, and a medium electric utility shall pay $335,000. In addition, the responsibility for implementing the energy efficiency measures of the utility making the payment shall be transferred to the Illinois Power Agency if, after 3 years, or in any subsequent 3-year period, the utility fails to meet the efficiency standard specified in subsection (b) of this Section, as modified by subsections (d) and (e). The Agency shall implement a competitive procurement program to procure resources necessary to meet the standards specified in this Section as modified by subsections (d) and (e), with costs for those resources to be recovered in the same manner as products purchased through the procurement plan as provided in Section 16-111.5. The Director shall implement this requirement in connection with the procurement plan as provided in Section 16-111.5.

For purposes of this Section, (i) a "large electric utility" is an electric utility that, on December 31, 2005, served more than 2,000,000 electric customers in Illinois; (ii) a "medium electric utility" is an electric utility that, on December 31, 2005, served 2,000,000 or fewer but more than 100,000 electric customers in Illinois; and (iii) Illinois electric utilities that are affiliated by virtue of a common parent company are considered a single electric utility.

(j) If, after 3 years, or any subsequent 3-year period, the Department fails to implement the Department's share of energy efficiency measures required by the standards in subsection (b), then the Illinois Power Agency may assume responsibility for and control of the Department's share of the required energy efficiency measures. The Agency shall implement a competitive procurement program to procure resources necessary to meet the standards specified in this Section, with the costs of these resources to be recovered in the same manner as provided for the Department in this Section.

(k) No electric utility shall be deemed to have failed to meet the energy efficiency standards to the extent any such failure is due to a failure of the Department or the Agency.

Sec. 8-104. Natural gas energy efficiency programs.
(a) It is the policy of the State that natural gas utilities and the Department of Commerce and Economic Opportunity are required to use cost-effective energy efficiency to reduce direct and indirect costs to consumers. It serves the public interest to allow natural gas utilities to recover costs for reasonably and prudently incurred expenses for cost-effective energy efficiency measures.

(b) For purposes of this Section, "energy efficiency" means measures that reduce the amount of energy required to achieve a given end use and "cost-effective" means that the measures satisfy the total resource cost test which, for purposes of this Section, means a standard that is met if, for an investment in energy efficiency, the benefit-cost ratio is greater than one. The benefit-cost ratio is the ratio of the net present value of the total benefits of the measures to the net present value of the total costs as calculated over the lifetime of the measures. The total resource cost test compares the sum of avoided natural gas utility costs, representing the benefits that accrue to the system and the participant in the delivery of those efficiency measures, as well as other quantifiable

societal benefits, including avoided electric utility costs, to the sum of all incremental costs of end use measures (including both utility and participant contributions), plus costs to administer, deliver, and evaluate each demand-side measure, to quantify the net savings obtained by substituting demand-side measures for supply resources. In calculating avoided costs, reasonable estimates shall be included for financial costs likely to be imposed by future regulation of emissions of greenhouse gases. The low-income programs described in item (4) of subsection (f) of this Section shall not be required to meet the total resource cost test.

(c) Natural gas utilities shall implement cost-effective energy efficiency measures to meet at least the following natural gas savings requirements, which shall be based upon the total amount of gas delivered to retail customers, other than the customers described in subsection (m) of this Section, during calendar year 2009 multiplied by the applicable percentage. Natural gas utilities may comply with this Section by meeting the annual incremental savings goal in the applicable year or by showing that total savings associated with measures implemented after May 31, 2011 were equal to the sum of each annual incremental savings requirement from May 31, 2011 through the end of the applicable year:

(1) 0.2% by May 31, 2012;
(2) an additional 0.4% by May 31, 2013, increasing total savings to .6%;
(3) an additional 0.6% by May 31, 2014, increasing total savings to 1.2%;
(4) an additional 0.8% by May 31, 2015, increasing total savings to 2.0%;
(5) an additional 1% by May 31, 2016, increasing total savings to 3.0%;
(6) an additional 1.2% by May 31, 2017, increasing total savings to 4.2%;
(7) an additional 1.4% by May 31, 2018, increasing total savings to 5.6%;
(8) an additional 1.5% by May 31, 2019, increasing total savings to 7.1%; and
(9) an additional 1.5% in each 12-month period thereafter.

(d) Notwithstanding the requirements of subsection (c) of this Section, a natural gas utility shall limit the amount of energy efficiency implemented in any 3-year reporting period established by subsection (f) of Section 8-104 of this Act, by an amount necessary to limit the estimated

New matter indicated by italics - deletions by strikeout.
average increase in the amounts paid by retail customers in connection
with natural gas service to no more than 2% in the applicable 3-year
reporting period. The energy savings requirements in subsection (c) of this
Section may be reduced by the Commission for the subject plan, if the
utility demonstrates by substantial evidence that it is highly unlikely that
the requirements could be achieved without exceeding the applicable
spending limits in any 3-year reporting period. No later than September 1,
2013, the Commission shall review the limitation on the amount of energy
efficiency measures implemented pursuant to this Section and report to the
General Assembly, in the report required by subsection (k) of this Section,
its findings as to whether that limitation unduly constrains the
procurement of energy efficiency measures.

(e) Natural gas utilities shall be responsible for overseeing the
design, development, and filing of their efficiency plans with the
Commission. The utility shall utilize 75% of the available funding
associated with energy efficiency programs approved by the Commission,
and may outsource various aspects of program development and
implementation. The remaining 25% of available funding shall be used by
the Department of Commerce and Economic Opportunity to implement
energy efficiency measures that achieve no less than 20% of the
requirements of subsection (c) of this Section. Such measures shall be
designed in conjunction with the utility and approved by the Commission.
The Department may outsource development and implementation of
energy efficiency measures. A minimum of 10% of the entire portfolio of
cost-effective energy efficiency measures shall be procured from local
government, municipal corporations, school districts, and community
college districts. Five percent of the entire portfolio of cost-effective
energy efficiency measures may be granted to local government and
municipal corporations for market transformation initiatives. The
Department shall coordinate the implementation of these measures and
shall integrate delivery of natural gas efficiency programs with electric
efficiency programs delivered pursuant to Section 8-103 of this Act, unless
the Department can show that integration is not feasible.

The apportionment of the dollars to cover the costs to implement
the Department’s share of the portfolio of energy efficiency measures shall
be made to the Department once the Department has executed grants or
contracts for energy efficiency measures and provided supporting
documentation for those grants and the contracts to the utility.
The details of the measures implemented by the Department shall be submitted by the Department to the Commission in connection with the utility's filing regarding the energy efficiency measures that the utility implements.

A utility providing approved energy efficiency measures in this State shall be permitted to recover costs of those measures through an automatic adjustment clause tariff filed with and approved by the Commission. The tariff shall be established outside the context of a general rate case and shall be applicable to the utility's customers other than the customers described in subsection (m) of this Section. Each year the Commission shall initiate a review to reconcile any amounts collected with the actual costs and to determine the required adjustment to the annual tariff factor to match annual expenditures.

Each utility shall include, in its recovery of costs, the costs estimated for both the utility's and the Department's implementation of energy efficiency measures. Costs collected by the utility for measures implemented by the Department shall be submitted to the Department pursuant to Section 605-323 of the Civil Administrative Code of Illinois and shall be used by the Department solely for the purpose of implementing these measures. A utility shall not be required to advance any moneys to the Department but only to forward such funds as it has collected. The Department shall report to the Commission on an annual basis regarding the costs actually incurred by the Department in the implementation of the measures. Any changes to the costs of energy efficiency measures as a result of plan modifications shall be appropriately reflected in amounts recovered by the utility and turned over to the Department.

The portfolio of measures, administered by both the utilities and the Department, shall, in combination, be designed to achieve the annual energy savings requirements set forth in subsection (c) of this Section, as modified by subsection (d) of this Section.

The utility and the Department shall agree upon a reasonable portfolio of measures and determine the measurable corresponding percentage of the savings goals associated with measures implemented by the Department.

No utility shall be assessed a penalty under subsection (f) of this Section for failure to make a timely filing if that failure is the result of a lack of agreement with the Department with respect to the allocation of responsibilities or related costs or target assignments. In that case, the

Department and the utility shall file their respective plans with the Commission and the Commission shall determine an appropriate division of measures and programs that meets the requirements of this Section.

If the Department is unable to meet performance requirements for the portion of the portfolio implemented by the Department, then the utility and the Department shall jointly submit a modified filing to the Commission explaining the performance shortfall and recommending an appropriate course going forward, including any program modifications that may be appropriate in light of the evaluations conducted under item (8) of subsection (f) of this Section. In this case, the utility obligation to collect the Department's costs and turn over those funds to the Department under this subsection (e) shall continue only if the Commission approves the modifications to the plan proposed by the Department.

(f) No later than October 1, 2010, each gas utility shall file an energy efficiency plan with the Commission to meet the energy efficiency standards through May 31, 2014. Every 3 years thereafter, each utility shall file, no later than October 1, an energy efficiency plan with the Commission. If a utility does not file such a plan by October 1 of the applicable year, then it shall face a penalty of $100,000 per day until the plan is filed. Each utility's plan shall set forth the utility's proposals to meet the utility's portion of the energy efficiency standards identified in subsection (c) of this Section, as modified by subsection (d) of this Section, taking into account the unique circumstances of the utility's service territory. The Commission shall seek public comment on the utility's plan and shall issue an order approving or disapproving each plan. If the Commission disapproves a plan, the Commission shall, within 30 days, describe in detail the reasons for the disapproval and describe a path by which the utility may file a revised draft of the plan to address the Commission's concerns satisfactorily. If the utility does not refile with the Commission within 60 days after the disapproval, the utility shall be subject to penalties at a rate of $100,000 per day until the plan is filed. This process shall continue, and penalties shall accrue, until the utility has successfully filed a portfolio of energy efficiency measures. Penalties shall be deposited into the Energy Efficiency Trust Fund and the cost of any such penalties may not be recovered from ratepayers. In submitting proposed energy efficiency plans and funding levels to meet the savings goals adopted by this Act the utility shall:

(1) Demonstrate that its proposed energy efficiency measures will achieve the requirements that are identified in
subsection (c) of this Section, as modified by subsection (d) of this Section.

(2) Present specific proposals to implement new building and appliance standards that have been placed into effect.

(3) Present estimates of the total amount paid for gas service expressed on a per therm basis associated with the proposed portfolio of measures designed to meet the requirements that are identified in subsection (c) of this Section, as modified by subsection (d) of this Section.

(4) Coordinate with the Department to present a portfolio of energy efficiency measures proportionate to the share of total annual utility revenues in Illinois from households at or below 150% of the poverty level. Such programs shall be targeted to households with incomes at or below 80% of area median income.

(5) Demonstrate that its overall portfolio of energy efficiency measures, not including programs covered by item (4) of this subsection (f), are cost-effective using the total resource cost test and represent a diverse cross section of opportunities for customers of all rate classes to participate in the programs.

(6) Demonstrate that a gas utility affiliated with an electric utility that is required to comply with Section 8-103 of this Act has integrated gas and electric efficiency measures into a single program that reduces program or participant costs and appropriately allocates costs to gas and electric ratepayers. The Department shall integrate all gas and electric programs it delivers in any such utilities' service territories, unless the Department can show that integration is not feasible or appropriate.

(7) Include a proposed cost recovery tariff mechanism to fund the proposed energy efficiency measures and to ensure the recovery of the prudently and reasonably incurred costs of Commission-approved programs.

(8) Provide for quarterly status reports tracking implementation of and expenditures for the utility's portfolio of measures and the Department's portfolio of measures, an annual independent review, and a full independent evaluation of the 3-year results of the performance and the cost-effectiveness of the utility's and Department's portfolios of measures and broader net program impacts and, to the extent practical, for adjustment of the

measures on a going forward basis as a result of the evaluations. The resources dedicated to evaluation shall not exceed 3% of portfolio resources in any given 3-year period.

(g) No more than 3% of expenditures on energy efficiency measures may be allocated for demonstration of breakthrough equipment and devices.

(h) Illinois natural gas utilities that are affiliated by virtue of a common parent company may, at the utilities' request, be considered a single natural gas utility for purposes of complying with this Section.

(i) If, after 3 years, a gas utility fails to meet the efficiency standard specified in subsection (c) of this Section as modified by subsection (d), then it shall make a contribution to the Low-Income Home Energy Assistance Program. The total liability for failure to meet the goal shall be assessed as follows:

(1) a large gas utility shall pay $600,000;
(2) a medium gas utility shall pay $400,000; and
(3) a small gas utility shall pay $200,000.

For purposes of this Section, (i) a "large gas utility" is a gas utility that on December 31, 2008, served more than 1,500,000 gas customers in Illinois; (ii) a "medium gas utility" is a gas utility that on December 31, 2008, served fewer than 1,500,000, but more than 500,000 gas customers in Illinois; and (iii) a "small gas utility" is a gas utility that on December 31, 2008, served fewer than 500,000 and more than 100,000 gas customers in Illinois. The costs of this contribution may not be recovered from ratepayers.

If a gas utility fails to meet the efficiency standard specified in subsection (c) of this Section, as modified by subsection (d) of this Section, in any 2 consecutive 3-year planning periods, then the responsibility for implementing the utility's energy efficiency measures shall be transferred to an independent program administrator selected by the Commission. Reasonable and prudent costs incurred by the independent program administrator to meet the efficiency standard specified in subsection (c) of this Section, as modified by subsection (d) of this Section, may be recovered from the customers of the affected gas utilities, other than customers described in subsection (m) of this Section. The utility shall provide the independent program administrator with all information and assistance necessary to perform the program administrator's duties including but not limited to customer, account, and energy usage data, and shall allow the program administrator to include inserts in customer

bills. The utility may recover reasonable costs associated with any such assistance.

(j) No utility shall be deemed to have failed to meet the energy efficiency standards to the extent any such failure is due to a failure of the Department.

(k) Not later than January 1, 2012, the Commission shall develop and solicit public comment on a plan to foster statewide coordination and consistency between statutorily mandated natural gas and electric energy efficiency programs to reduce program or participant costs or to improve program performance. Not later than September 1, 2013, the Commission shall issue a report to the General Assembly containing its findings and recommendations.

(l) This Section does not apply to a gas utility that on January 1, 2009, provided gas service to fewer than 100,000 customers in Illinois.

(m) Subsections (a) through (k) of this Section do not apply to customers of a natural gas utility that have a North American Industry Classification System code number that is 22111 or any such code number beginning with the digits 31, 32, or 33 and (i) annual usage in the aggregate of 4 million therms or more within the service territory of the affected gas utility or with aggregate usage of 8 million therms or more in this State and complying with the provisions of item (l) of this subsection (m); or (ii) using natural gas as feedstock and meeting the usage requirements described in item (i) of this subsection (m), to the extent such annual feedstock usage is greater than 60% of the customer's total annual usage of natural gas.

(1) Customers described in this subsection (m) of this Section shall apply, on a form approved on or before October 1, 2009 by the Department, to the Department to be designated as a self-directing customer ("SDC") or as an exempt customer using natural gas as a feedstock from which other products are made, including, but not limited to, feedstock for a hydrogen plant, on or before the 1st day of February, 2010. Thereafter, application may be made not less than 6 months before the filing date of the gas utility energy efficiency plan described in subsection (f) of this Section; however, a new customer that commences taking service from a natural gas utility after February 1, 2010 may apply to become a SDC or exempt customer up to 30 days after beginning service. Such application shall contain the following:

New matter indicated by italics - deletions by strikeout.
(A) the customer's certification that, at the time of its application, it qualifies to be a SDC or exempt customer described in this subsection (m) of this Section;

(B) in the case of a SDC, the customer's certification that it has established or will establish by the beginning of the utility's 3-year planning period commencing subsequent to the application, and will maintain for accounting purposes, an energy efficiency reserve account and that the customer will accrue funds in said account to be held for the purpose of funding, in whole or in part, energy efficiency measures of the customer's choosing, which may include, but are not limited to, projects involving combined heat and power systems that use the same energy source both for the generation of electrical or mechanical power and the production of steam or another form of useful thermal energy or the use of combustible gas produced from biomass, or both;

(C) in the case of a SDC, the customer's certification that annual funding levels for the energy efficiency reserve account will be equal to 2% of the customer's cost of natural gas, composed of the customer's commodity cost and the delivery service charges paid to the gas utility, or $150,000, whichever is less;

(D) in the case of a SDC, the customer's certification that the required reserve account balance will be capped at 3 years' worth of accruals and that the customer may, at its option, make further deposits to the account to the extent such deposit would increase the reserve account balance above the designated cap level;

(I) in the case of either an exempt customer or a SDC, a verification signed by a plant manager or an authorized corporate officer attesting to the truthfulness and accuracy of the information contained in the application.

(2) The Department shall review the application to determine that it contains the information described in provisions (A) through (I) of item (1) of this subsection (m), as applicable. The review shall be completed within 30 days after the date the application is filed with the Department. Absent a determination by the Department within the 30-day period, the applicant shall be considered to be a SDC or exempt customer, as applicable, for all subsequent 3-year planning periods, as of the date of filing the application described in this subsection (m). If the Department determines that the application does not contain the applicable information described in provisions (A) through (I) of item (1) of this subsection (m), it shall notify the customer, in writing, of its determination that the application does not contain the required

(3) The Department shall have the right to audit the information provided in the customer's application and annual reports to ensure continued compliance with the requirements of this subsection. Based on the audit, if the Department determines the customer is no longer in compliance with the requirements of items (A) through (I) of item (1) of this subsection (m), as applicable, the Department shall notify the customer in writing of the noncompliance. The customer shall have 30 days to establish its compliance, and failing to do so, may have its status as a SDC or exempt customer revoked by the Department. The Department shall treat all information provided by any customer seeking SDC status or exemption from the provisions of this Section as strictly confidential.

(4) Upon request, or on its own motion, the Commission may open an investigation, no more than once every 3 years and not before October 1, 2014, to evaluate the effectiveness of the self-directing program described in this subsection (m).

(n) The applicability of this Section to customers described in subsection (m) of this Section is conditioned on the existence of the SDC program. In no event will any provision of this Section apply to such customers after January 1, 2020.

Sec. 8-105. Financial assistance; electric and gas utilities.
(a) Notwithstanding any other provision of this Act, an electric or gas utility serving more than 100,000 retail customers as of January 1, 2009, shall offer programs in 2010 and 2011 that are authorized under Section 16-111.5A of this Act or approved by the Commission specifically designed to provide bill payment assistance to customers in need. These programs shall include a percentage of income payment plan. After receiving a request from a utility for the approval of a proposed plan pursuant to this Section, the Commission shall render its decision within 120 days. If no decision is rendered within 120 days, then the request shall be deemed to be approved.

(b) The costs of any program offered by a gas utility in 2010 or 2011 and by an electric utility in 2011 under this Section, excluding utility information technology costs, shall be reimbursed from the Supplemental

Low-Income Energy Assistance Fund established in Section 13 of the Energy Assistance Act. The utility shall submit a bill to the Department of Commerce and Economic Opportunity which shall be promptly paid out of such funds or may net such costs against monies it would otherwise remit to the Fund. In furtherance of these programs, the utilities have committed to make a contribution to the Fund, as described in subsection (b) of Section 13 of the Energy Assistance Act. The utility shall provide a report to the Commission on a quarterly basis accounting for monies reimbursed or netted through the Fund. Nothing in this Section shall preclude a utility from recovering prudently incurred information technology costs associated with these programs in rates.

(c) This Section is repealed on December 31, 2011.

(220 ILCS 5/9-201) (from Ch. 111 2/3, par. 9-201)

Sec. 9-201. (a) Unless the Commission otherwise orders, and except as otherwise provided in this Section, no change shall be made by any public utility in any rate or other charge or classification, or in any rule, regulation, practice or contract relating to or affecting any rate or other charge, classification or service, or in any privilege or facility, except after 45 days' notice to the Commission and to the public as herein provided. Such notice shall be given by filing with the Commission and keeping open for public inspection new schedules or supplements stating plainly the change or changes to be made in the schedule or schedules then in force, and the time when the change or changes will go into effect, and by publication in a newspaper of general circulation or such other notice to persons affected by such change as may be prescribed by rule of the Commission. The Commission, for good cause shown, may allow changes without requiring the 45 days' notice herein provided for, by an order specifying the changes so to be made and the time when they shall take effect and the manner in which they shall be filed and published.

When any change is proposed in any rate or other charge, or classification, or in any rule, regulation, practice, or contract relating to or affecting any rate or other charge, classification or service, or in any privilege or facility, such proposed change shall be plainly indicated on the new schedule filed with the Commission, by some character to be designated by the Commission, immediately preceding or following the item.

When any public utility providing water or sewer service proposes any change in any rate or other charge, or classification, or in any rule, regulation, practice, or contract relating to or affecting any rate or other

charge, classification or service, or in any privilege or facility, such utility shall, in addition to the other notice requirements of this Act, provide notice of such change to all customers potentially affected by including a notice and description of such change, and of Commission procedures for intervention, in the first bill sent to each such customer after the filing of the proposed change.

(b) Whenever there shall be filed with the Commission any schedule stating an individual or joint rate or other charge, classification, contract, practice, rule or regulation, the Commission shall have power, and it is hereby given authority, either upon complaint or upon its own initiative without complaint, at once, and if it so orders, without answer or other formal pleadings by the interested public utility or utilities, but upon reasonable notice, to enter upon a hearing concerning the propriety of such rate or other charge, classification, contract, practice, rule or regulation, and pending the hearing and decision thereon, such rate or other charge, classification, contract, practice, rule or regulation shall not go into effect. The period of suspension of such rate or other charge, classification, contract, practice, rule or regulation shall not extend more than 105 days beyond the time when such rate or other charge, classification, contract, practice, rule or regulation would otherwise go into effect unless the Commission, in its discretion, extends the period of suspension for a further period not exceeding 6 months.

All rates or other charges, classifications, contracts, practices, rules or regulations not so suspended shall, on the expiration of 45 days from the time of filing the same with the Commission, or of such lesser time as the Commission may grant, go into effect and be the established and effective rates or other charges, classifications, contracts, practices, rules and regulations, subject to the power of the Commission, after a hearing had on its own motion or upon complaint, as herein provided, to alter or modify the same.

Within 30 days after such changes have been authorized by the Commission, copies of the new or revised schedules shall be posted or filed in accordance with the terms of Section 9-103 of this Act, in such a manner that all changes shall be plainly indicated. The Commission shall incorporate into the period of suspension a review period of 4 business days during which the Commission may review and determine whether the new or revised schedules comply with the Commission's decision approving a change to the public utility's rates. Such review period shall not extend the suspension period by more than 2 days. Absent notification

to the contrary within the 4 business day period, the new or revised schedules shall be deemed approved.

(c) If the Commission enters upon a hearing concerning the propriety of any proposed rate or other charge, classification, contract, practice, rule or regulation, the Commission shall establish the rates or other charges, classifications, contracts, practices, rules or regulations proposed, in whole or in part, or others in lieu thereof, which it shall find to be just and reasonable. In such hearing, the burden of proof to establish the justness and reasonableness of the proposed rates or other charges, classifications, contracts, practices, rules or regulations, in whole and in part, shall be upon the utility. The utility, the staff of the Commission, the Attorney General, or any party to a proceeding initiated under this Section who has been granted intervenor status and submitted a post-hearing brief must be given the opportunity to present oral argument, if requested no later than the date for filing exceptions, on the propriety of any proposed rate or other charge, classification, contract, practice, rule, or regulation. No rate or other charge, classification, contract, practice, rule or regulation shall be found just and reasonable unless it is consistent with Sections of this Article.

(d) Except where compliance with Section 8-401 of this Act is of urgent and immediate concern, no representative of a public utility may discuss with a commissioner, commissioner’s assistant, or hearing examiner in a non-public setting a planned filing for a general rate increase. If a public utility makes a filing under this Section, then no substantive communication by any such person with a commissioner, commissioner’s assistant or hearing examiner concerning the filing is permitted until a notice of hearing has been issued. After the notice of hearing has been issued, the only communications by any such person with a commissioner, commissioner’s assistant, or hearing examiner concerning the filing permitted are communications permitted under Section 10-103 of this Act. If any such communication does occur, then within 5 days of the docket being initiated all details relating to the communication shall be placed on the public record of the proceeding. The record shall include any materials, whether written, recorded, filmed, or graphic in nature, produced or reproduced on any media, used in connection with the communication. The record shall reflect the names of all persons who transmitted, received, or were otherwise involved in the communication, the duration of the communication, and whether the communication occurred in person or by other means. In the case of an

oral communication, the record shall also reflect the location or locations of all persons involved in the communication and, if the communication occurred by telephone, the telephone numbers for the callers and recipients of the communication. A commissioner, commissioner's assistant, or hearing examiner who is involved in any such communication shall be recused from the affected proceeding. The Commission, or any commissioner or hearing examiner presiding over the proceeding shall, in the event of a violation of this Section, take action necessary to ensure that such violation does not prejudice any party or adversely affect the fairness of the proceedings including dismissing the affected proceeding. Nothing in this subsection (d) is intended to preclude otherwise allowable updates on issues that may be indirectly related to a general rate case filing because cost recovery for the underlying activity may be requested. Such updates may include, without limitation, issues related to outages and restoration, credit ratings, security issuances, reliability, Federal Energy Regulatory Commission matters, Federal Communications Commission matters, regional reliability organizations, consumer education, or labor matters, provided that such updates may not include cost recovery in a planned rate case.

In all proceedings, investigations or hearings conducted by the Commission, except in the disposition of matters which the Commission is authorized to entertain or dispose of on an ex parte basis, any finding, decision or order made by the Commission shall be based exclusively on the record for decision in the case, which shall include only the transcript of testimony and exhibits together with all papers and requests filed in the proceeding, including, in contested cases, the documents and information described in Section 10-35 of the Illinois Administrative Procedure Act.

The provisions of Section 10-60 of the Illinois Administrative Procedure Act shall apply in full to Commission proceedings, including ratemaking cases, any provision of the Illinois Administrative Procedure Act to the contrary notwithstanding.

At the time fixed for any hearing upon a complaint, the complainant and the person or corporation complained of, and such persons or corporations as the Commission may allow to intervene, shall be entitled to be heard and to introduce evidence. At the conclusion of such hearing the Commission shall make and render findings concerning the subject matter and facts inquired into and enter its order based thereon. A copy of such order, certified under the seal of the Commission, shall be served upon the person or corporation complained of, or his or its attorney, which order shall, of its own force, take effect and become operative twenty days after the service thereof, except as otherwise provided, and shall continue in force either for a period which may be designated therein or until changed or abrogated by the Commission. Where an order cannot, in the judgment of the Commission, be complied with within twenty days, the Commission may prescribe such additional time as in its judgment is reasonably necessary to comply with the order, and may, on application and for good cause shown, extend the time for compliance fixed in its order. A full and complete record shall be preserved of all proceedings had before the Commission, or any member thereof, or any hearing examiner, on any formal hearing had, and all testimony shall be taken down by a stenographer appointed by the Commission, and the parties shall be entitled to be heard in person or by attorney.

In any proceeding involving a public utility in which the lawfulness of any of its rates or other charges shall be called in question by any person or corporation furnishing a commodity or service in competition with said public utility at prices or charges not subject to regulation, the Commission may investigate the competitive prices or other charges

Copies of all official documents and orders filed or deposited according to law in the office of the Commission, certified by the Chairman of the Commission or his or her designee to be true copies of the originals, under the official seal of the Commission, shall be evidence in like manner as the originals.

In any matter concerning which the Commission is authorized to hold a hearing, upon complaint or application or upon its own motion, notice shall be given to the public utility and to such other interested persons as the Commission shall deem necessary in the manner provided in Section 10-108, and the hearing shall be conducted in like manner as if complaint had been made to or by the Commission. situated, or if the subject matter of the hearing is situated in more than one district, then of any one of such districts, for the purpose of having the reasonableness or lawfulness of the rule, regulation, order or decision inquired into and determined.

The court first acquiring jurisdiction of any appeal from any rule, regulation, order or decision shall have and retain jurisdiction of such appeal and of all further appeals from the same rule, regulation, order or decision until such appeal is disposed of in such appellate court.

(b) Pleadings and Record. No proceeding to contest any rule, regulation, decision or order which the Commission is authorized to issue without a hearing and has so issued shall be brought in any court unless application shall have been first made to the Commission for a hearing thereon and until after such application has been acted upon by the Commission, nor shall any person or corporation in any court urge or rely upon any grounds not set forth in such application for a hearing before the Commission, but the Commission shall decide the questions presented by the application with all possible expedition consistent with the duties of the Commission. The party taking such an appeal shall file with the Commission written notice of the appeal. The Commission, upon the filing of such notice of appeal, shall, within 5 days thereafter, file with the clerk of the appellate court to which such appeal is taken a certified copy of the order appealed. The party appealing shall furnish to the Commission a copy of the transcript of the evidence, including exhibits and transcripts of Commission meetings prepared in accordance with Section 10-102 of this Act, or any portion of the record designated in a stipulation that only certain questions are involved on appeal, which transcript or stipulation is to be included in the record provided for in Section 10-110. The Commission shall certify the record and file the same with the clerk of the appellate court to which such appeal is taken within 35 days of the filing of the notice of appeal being furnished the transcript or stipulation. The party serving such notice of appeal shall, within 5 days after the service of such notice upon the Commission, file a copy of the notice, with proof of service, with the clerk of the court to which such appeal is taken, and thereupon the appellate court shall have jurisdiction over the appeal. The appeal shall be heard according to the rules governing other civil cases, so far as the same are applicable.

(c) No appellate court shall permit a party affected by any rule, regulation, order or decision of the Commission to intervene or become a

party plaintiff or appellant in such court who has not taken an appeal from such rule, regulation, order or decision in the manner as herein provided.

(d) No new or additional evidence may be introduced in any proceeding upon appeal from a rule, regulation, order or decision of the Commission, issued or confirmed after a hearing, but the appeal shall be heard on the record of the Commission as certified by it. The findings and conclusions of the Commission on questions of fact shall be held prima facie to be true and as found by the Commission; rules, regulations, orders or decisions of the Commission shall be held to be prima facie reasonable, and the burden of proof upon all issues raised by the appeal shall be upon the person or corporation appealing from such rules, regulations, orders or decisions.

(e) Powers and duties of Reviewing Court:

(i) An appellate court to which any such appeal is taken shall have the power, and it shall be its duty, to hear and determine such appeal with all convenient speed. Any proceeding in any court in this State directly affecting a rule, regulation, order or decision of the Commission, or to which the Commission is a party, shall have priority in hearing and determination over all other civil proceedings pending in such court, excepting election contests.

(ii) If it appears that the Commission failed to receive evidence properly proffered, on a hearing or a rehearing, or an application therefor, the court shall remand the case, in whole or in part, to the Commission with instructions to receive the testimony so proffered and rejected, and to enter a new order based upon the evidence theretofore taken, and such new evidence as it is directed to receive, unless it shall appear that such new evidence would not be controlling, in which case the court shall so find in its order. If the court remands only part of the Commission's rule, regulation, order or decision, it shall determine without delay the lawfulness and reasonableness of any independent portions of the rule, regulation, order or decision subject to appeal.

(iii) If the court determines that the Commission's rule, regulation, order or decision does not contain findings or analysis sufficient to allow an informed judicial review thereof, the court shall remand the rule, regulation, order or decision, in whole or in part, with instructions to the Commission to make the necessary findings or analysis.

New matter indicated by italics - deletions by strikeout.
(iv) The court shall reverse a Commission rule, regulation, order or decision, in whole or in part, if it finds that:

A. The findings of the Commission are not supported by substantial evidence based on the entire record of evidence presented to or before the Commission for and against such rule, regulation, order or decision; or

B. The rule, regulation, order or decision is without the jurisdiction of the Commission; or

C. The rule, regulation, order or decision is in violation of the State or federal constitution or laws; or

D. The proceedings or manner by which the Commission considered and decided its rule, regulation, order or decision were in violation of the State or federal constitution or laws, to the prejudice of the appellant.

(v) The court may affirm or reverse the rule, regulation, order or decision of the Commission in whole or in part, or to remand the decision in whole or in part where a hearing has been held before the Commission, and to state the questions requiring further hearings or proceedings and to give such other instructions as may be proper.

(vi) When the court remands a rule, regulation, order or decision of the Commission, in whole or in part, the Commission shall enter its final order with respect to the remanded rule, regulation, order or decision no later than 6 months after the date of issuance of the court's mandate. The Commission shall enter its final order, with respect to any remanded matter pending before it on the effective date of this amendatory Act of 1988, no later than 6 months after the effective date of this amendatory Act of 1988. However, when the court mandates, or grants an extension of time which the court determines to be necessary for, the taking of additional evidence, the Commission shall enter an interim order within 6 months after the issuance of the mandate (or within 6 months after the effective date of this amendatory Act of 1988 in the case of a remanded matter pending before it on the effective date of this amendatory Act of 1988), and the Commission shall enter its final order within 5 months after the date the interim order was entered.

(f) When no appeal is taken from a rule, regulation, order or decision of the Commission, as herein provided, parties affected by such
rule, regulation, order or decision, shall be deemed to have waived the right to have the merits of the controversy reviewed by a court and there shall be no trial of the merits of any controversy in which such rule, regulation, order or decision was made, by any court to which application may be made for the enforcement of the same, or in any other judicial proceedings.

(220 ILCS 5/16-111.7 new)

Sec. 16-111.7. On-bill financing program; electric utilities.

(a) The Illinois General Assembly finds that Illinois homes and businesses have the potential to save energy through conservation and cost-effective energy efficiency measures. Programs created pursuant to this Section will allow utility customers to purchase cost-effective energy efficiency measures with no required initial upfront payment, and to pay the cost of those products and services over time on their utility bill.

(b) Notwithstanding any other provision of this Act, an electric utility serving more than 100,000 customers on January 1, 2009 shall offer a Commission-approved on-bill financing program ("program") that allows its eligible retail customers, as that term is defined in Section 16-111.5 of this Act, who own a residential single family home, duplex, or other residential building with 4 or less units, or condominium at which the electric service is being provided (i) to borrow funds from a third party lender in order to purchase electric energy efficiency measures approved under the program for installation in such home or condominium without any required upfront payment and (ii) to pay back such funds over time through the electric utility's bill. Based upon the process described in subsection (b-5) of this Section, small commercial retail customers, as that term is defined in Section 16-102 of this Act, who own the premises at which electric service is being provided may be included in such program. After receiving a request from an electric utility for approval of a proposed program and tariffs pursuant to this Section, the Commission shall render its decision within 120 days. If no decision is rendered within 120 days, then the request shall be deemed to be approved.

(b-5) Within 30 days after the effective date of this amendatory Act of the 96th General Assembly, the Commission shall convene a workshop process during which interested participants may discuss issues related to the program, including program design, eligible electric energy efficiency measures, vendor qualifications, and a methodology for ensuring ongoing compliance with such qualifications, financing, sample documents such as

request for proposals, contracts and agreements, dispute resolution, pre-installment and post-installment verification, and evaluation. The workshop process shall be completed within 150 days after the effective date of this amendatory Act of the 96th General Assembly.

(c) Not later than 60 days following completion of the workshop process described in subsection (b-5) of this Section, each electric utility subject to subsection (b) of this Section shall submit a proposed program to the Commission that contains the following components:

(1) A list of recommended electric energy efficiency measures that will be eligible for on-bill financing. An eligible electric energy efficiency measure ("measure") shall be defined by the following:

(A) the measure would be applied to or replace electric energy-using equipment; and

(B) application of the measure to equipment and systems will have estimated electricity savings (determined by rates in effect at the time of purchase), that are sufficient to cover the costs of implementing the measures, including finance charges and any program fees not recovered pursuant to subsection (f) of this Section. To assist the electric utility in identifying or approving measures, the utility may consult with the Department of Commerce and Economic Opportunity, as well as with retailers, technicians, and installers of electric energy efficiency measures and energy auditors (collectively "vendors").

(2) The electric utility shall issue a request for proposals ("RFP") to lenders for purposes of providing financing to participants to pay for approved measures. The RFP criteria shall include, but not be limited to, the interest rate, origination fees, and credit terms. The utility shall select the winning bidders based on its evaluation of these criteria, with a preference for those bids containing the rates, fees, and terms most favorable to participants;

(3) The utility shall work with the lenders selected pursuant to the RFP process, and with vendors, to establish the terms and processes pursuant to which a participant can purchase eligible electric energy efficiency measures using the financing obtained from the lender. The vendor shall explain and offer the approved financing packaging to those customers identified in subsection (b)

New matter indicated by italics - deletions by strikeout.
of this Section and shall assist customers in applying for financing. As part of the process, vendors shall also provide to participants information about any other incentives that may be available for the measures.

(4) The lender shall conduct credit checks or undertake other appropriate measures to limit credit risk, and shall review and approve or deny financing applications submitted by customers identified in subsection (b) of this Section. Following the lender’s approval of financing and the participant’s purchase of the measure or measures, the lender shall forward payment information to the electric utility, and the utility shall add as a separate line item on the participant’s utility bill a charge showing the amount due under the program each month.

(5) A loan issued to a participant pursuant to the program shall be the sole responsibility of the participant, and any dispute that may arise concerning the loan’s terms, conditions, or charges shall be resolved between the participant and lender. Upon transfer of the property title for the premises at which the participant receives electric service from the utility or the participant’s request to terminate service at such premises, the participant shall pay in full its electric utility bill, including all amounts due under the program, provided that this obligation may be modified as provided in subsection (g) of this Section. Amounts due under the program shall be deemed amounts owed for residential and, as appropriate, small commercial electric service.

(6) The electric utility shall remit payment in full to the lender each month on behalf of the participant. In the event a participant defaults on payment of its electric utility bill, the electric utility shall continue to remit all payments due under the program to the lender, and the utility shall be entitled to recover all costs related to a participant’s nonpayment through the automatic adjustment clause tariff established pursuant to Section 16-111.8 of this Act. In addition, the electric utility shall retain a security interest in the measure or measures purchased under the program, and the utility retains its right to disconnect a participant that defaults on the payment of its utility bill.

(7) The total outstanding amount financed under the program shall not exceed $2.5 million for an electric utility or electric utilities under a single holding company, provided that the

electric utility or electric utilities may petition the Commission for an increase in such amount.

(d) A program approved by the Commission shall also include the following criteria and guidelines for such program:

(1) guidelines for financing of measures installed under a program, including, but not limited to, RFP criteria and limits on both individual loan amounts and the duration of the loans;

(2) criteria and standards for identifying and approving measures;

(3) qualifications of vendors that will market or install measures, as well as a methodology for ensuring ongoing compliance with such qualifications;

(4) sample contracts and agreements necessary to implement the measures and program; and

(5) the types of data and information that utilities and vendors participating in the program shall collect for purposes of preparing the reports required under subsection (g) of this Section.

(e) The proposed program submitted by each electric utility shall be consistent with the provisions of this Section that define operational, financial and billing arrangements between and among program participants, vendors, lenders, and the electric utility.

(f) An electric utility shall recover all of the prudently incurred costs of offering a program approved by the Commission pursuant to this Section, including, but not limited to, all start-up and administrative costs and the costs for program evaluation. All prudently incurred costs under this Section shall be recovered from the residential and small commercial retail customer classes eligible to participate in the program through the automatic adjustment clause tariff established pursuant to Section 8-103 of this Act.

(g) An independent evaluation of a program shall be conducted after 3 years of the program’s operation. The electric utility shall retain an independent evaluator who shall evaluate the effects of the measures installed under the program and the overall operation of the program, including but not limited to customer eligibility criteria and whether the payment obligation for permanent electric energy efficiency measures that will continue to provide benefits of energy savings should attach to the meter location. As part of the evaluation process, the evaluator shall also solicit feedback from participants and interested stakeholders. The evaluator shall issue a report to the Commission on its findings no later
than 4 years after the date on which the program commenced, and the Commission shall issue a report to the Governor and General Assembly including a summary of the information described in this Section as well as its recommendations as to whether the program should be discontinued, continued with modification or modifications or continued without modification, provided that any recommended modifications shall only apply prospectively and to measures not yet installed or financed.

(h) An electric utility offering a Commission-approved program pursuant to this Section shall not be required to comply with any other statute, order, rule, or regulation of this State that may relate to the offering of such program, provided that nothing in this Section is intended to limit the electric utility's obligation to comply with this Act and the Commission's orders, rules, and regulations, including Part 280 of Title 83 of the Illinois Administrative Code.

(i) The source of a utility customer's electric supply shall not disqualify a customer from participation in the utility's on-bill financing program. Customers of alternative retail electric suppliers may participate in the program under the same terms and conditions applicable to the utility's supply customers.

Sec. 16-111.8. Automatic adjustment clause tariff; uncollectibles.

(a) An electric utility shall be permitted, at its election, to recover through an automatic adjustment clause tariff the incremental difference between its actual uncollectible amount as set forth in Account 904 in the utility's most recent annual FERC Form 1 and the uncollectible amount included in the utility's rates for the period reported in such annual FERC Form 1. The Commission may, in a proceeding to review a general rate case filed subsequent to the effective date of the tariff established under this Section, prospectively switch from using the actual uncollectible amount set forth in Account 904 to using net write-offs in such tariff, but only if net write-offs are also used to determine the utility's uncollectible amount in rates. In the event the Commission requires such a change, it shall be made effective at the beginning of the first full calendar year after the new rates approved in such proceeding are first placed in effect and an adjustment shall be made, if necessary, to ensure the change does not result in double-recovery or unrecovered uncollectible amounts for any year. For purposes of this Section, "uncollectible amount" means the expense set forth in Account 904 of the utility's FERC Form 1 or cost of net write-offs as appropriate. In the event the utility's rates change during
the period of time reported in its most recent annual FERC Form 1, the uncollectible amount included in the utility's rates during such period of time for purposes of this Section will be a weighted average, based on revenues earned during such period by the utility under each set of rates, of the uncollectible amount included in the utility's rates at the beginning of such period and at the end of such period. This difference may either be a charge or a credit to customers depending on whether the uncollectible amount is more or less than the uncollectible amount then included in the utility's rates.

(b) The tariff may be established outside the context of a general rate case filing and shall specify the terms of any applicable audit. The Commission shall review and by order approve, or approve as modified, the proposed tariff within 180 days after the date on which it is filed. Charges and credits under the tariff shall be allocated to the appropriate customer class or classes. In addition, customers who purchase their electric supply from an alternative retail electric supplier shall not be charged by the utility for uncollectible amounts associated with electric supply provided by the utility to the utility's customers, provided that nothing in this Section is intended to affect or alter the rights and obligations imposed pursuant to Section 16-118 of this Act and any Commission order issued thereunder. Upon approval of the tariff, the utility shall, based on the 2008 FERC Form 1, apply the appropriate credit or charge based on the full year 2008 amounts for the remainder of the 2010 calendar year. Starting with the 2009 FERC Form 1 reporting period and each subsequent period, the utility shall apply the appropriate credit or charge over a 12-month period beginning with the June billing period and ending with the May billing period, with the first such billing period beginning June 2010.

(c) The approved tariff shall provide that the utility shall file a petition with the Commission annually, no later than August 31st, seeking initiation of an annual review to reconcile all amounts collected with the actual uncollectible amount in the prior period. As part of its review, the Commission shall verify that the utility collects no more and no less than its actual uncollectible amount in each applicable FERC Form 1 reporting period. The Commission shall review the prudence and reasonableness of the utility's actions to pursue minimization and collection of uncollectibles which shall include, at a minimum, the 6 enumerated criteria set forth in this Section. The Commission shall determine any required adjustments and may include suggestions for prospective changes in current practices.

New matter indicated by italics - deletions by strikeout.
Nothing in this Section or the implementing tariffs shall affect or alter the electric utility's existing obligation to pursue collection of uncollectibles or the electric utility's right to disconnect service. A utility that has in effect a tariff authorized by this Section shall pursue minimization of and collection of uncollectibles through the following activities, including, but not limited to:

(1) identifying customers with late payments;
(2) contacting the customers in an effort to obtain payment;
(3) providing delinquent customers with information about possible options, including payment plans and assistance programs;
(4) serving disconnection notices;
(5) implementing disconnections based on the level of uncollectibles; and
(6) pursuing collection activities based on the level of uncollectibles.

(d) Nothing in this Section shall be construed to require a utility to immediately disconnect service for nonpayment.

Sec. 16-115D. Renewable portfolio standard for alternative retail electric suppliers and electric utilities operating outside their service territories.

(a) An alternative retail electric supplier shall be responsible for procuring cost-effective renewable energy resources as required under item (5) of subsection (d) of Section 16-115 of this Act as outlined herein:

(1) The definition of renewable energy resources contained in Section 1-10 of the Illinois Power Agency Act applies to all renewable energy resources required to be procured by alternative retail electric suppliers.

(2) The quantity of renewable energy resources shall be measured as a percentage of the actual amount of metered electricity (megawatt-hours) delivered by the alternative retail electric supplier to Illinois retail customers during the 12-month period June 1 through May 31, commencing June 1, 2009, and the comparable 12-month period in each year thereafter except as provided in item (6) of this subsection (a).

(3) The quantity of renewable energy resources shall be in amounts at least equal to the annual percentages set forth in item (1) of subsection (c) of Section 1-75 of the Illinois Power Agency
Act. At least 60% of the renewable energy resources procured pursuant to items (1) through (3) of subsection (b) of this Section shall come from wind generation and, starting June 1, 2015, at least 6% of the renewable energy resources procured pursuant to items (1) through (3) of subsection (b) of this Section shall come from solar photovoltaics. If, in any given year, an alternative retail electric supplier does not purchase at least these levels of renewable energy resources, then the alternative retail electric supplier shall make alternative compliance payments, as described in subsection (d) of this Section.

(4) The quantity and source of renewable energy resources shall be independently verified through the PJM Environmental Information System Generation Attribute Tracking System (PJM-GATS) or the Midwest Renewable Energy Tracking System (M-RETS), which shall document the location of generation, resource type, month, and year of generation for all qualifying renewable energy resources that an alternative retail electric supplier uses to comply with this Section. No later than June 1, 2009, the Illinois Power Agency shall provide PJM-GATS, M-RETS, and alternative retail electric suppliers with all information necessary to identify resources located in Illinois, within states that adjoin Illinois or within portions of the PJM and MISO footprint in the United States that qualify under the definition of renewable energy resources in Section 1-10 of the Illinois Power Agency Act for compliance with this Section 16-115D. Alternative retail electric suppliers shall not be subject to the requirements in item (3) of subsection (c) of Section 1-75 of the Illinois Power Agency Act.

(5) All renewable energy credits used to comply with this Section shall be permanently retired.

(6) The required procurement of renewable energy resources by an alternative retail electric supplier shall apply to all metered electricity delivered to Illinois retail customers by the alternative retail electric supplier pursuant to contracts executed or extended after March 15, 2009.

(b) An alternative retail electric supplier shall comply with the renewable energy portfolio standards by making an alternative compliance payment, as described in subsection (d) of this Section, to cover at least one-half of the alternative retail electric supplier’s compliance obligation and any one or combination of the following means

New matter indicated by italics - deletions by strikeout.
to cover the remainder of the alternative retail electric supplier's compliance obligation:

(1) Generating electricity using renewable energy resources identified pursuant to item (4) of subsection (a) of this Section.

(2) Purchasing electricity generated using renewable energy resources identified pursuant to item (4) of subsection (a) of this Section through an energy contract.

(3) Purchasing renewable energy credits from renewable energy resources identified pursuant to item (4) of subsection (a) of this Section.

(4) Making an alternative compliance payment as described in subsection (d) of this Section.

(c) Use of renewable energy credits.

(1) Renewable energy credits that are not used by an alternative retail electric supplier to comply with a renewable portfolio standard in a compliance year may be banked and carried forward up to 2 12-month compliance periods after the compliance period in which the credit was generated for the purpose of complying with a renewable portfolio standard in those 2 subsequent compliance periods. For the 2009-2010 and 2010-2011 compliance periods, an alternative retail electric supplier may use renewable credits generated after December 31, 2008 and before June 1, 2009 to comply with this Section.

(2) An alternative retail electric supplier is responsible for demonstrating that a renewable energy credit used to comply with a renewable portfolio standard is derived from a renewable energy resource and that the alternative retail electric supplier has not used, traded, sold, or otherwise transferred the credit.

(3) The same renewable energy credit may be used by an alternative retail electric supplier to comply with a federal renewable portfolio standard and a renewable portfolio standard established under this Act. An alternative retail electric supplier that uses a renewable energy credit to comply with a renewable portfolio standard imposed by any other state may not use the same credit to comply with a renewable portfolio standard established under this Act.

(d) Alternative compliance payments.
(1) The Commission shall establish and post on its website, within 5 business days after entering an order approving a procurement plan pursuant to Section 1-75 of the Illinois Power Agency Act, maximum alternative compliance payment rates, expressed on a per kilowatt-hour basis, that will be applicable in the first compliance period following the plan approval. A separate maximum alternative compliance payment rate shall be established for the service territory of each electric utility that is subject to subsection (c) of Section 1-75 of the Illinois Power Agency Act. Each maximum alternative compliance payment rate shall be equal to the maximum allowable annual estimated average net increase due to the costs of the utility's purchase of renewable energy resources included in the amounts paid by eligible retail customers in connection with electric service, as described in item (2) of subsection (c) of Section 1-75 of the Illinois Power Agency Act for the compliance period, and as established in the approved procurement plan. Following each procurement event through which renewable energy resources are purchased for one or more of these utilities for the compliance period, the Commission shall establish and post on its website estimates of the alternative compliance payment rates, expressed on a per kilowatt-hour basis, that shall apply for that compliance period. Posting of the estimates shall occur no later than 10 business days following the procurement event, however, the Commission shall not be required to establish and post such estimates more often than once per calendar month. By July 1 of each year, the Commission shall establish and post on its website the actual alternative compliance payment rates for the preceding compliance year. Each alternative compliance payment rate shall be equal to the total amount of dollars for which the utility contracted to spend on renewable resources for the compliance period divided by the forecasted load of eligible retail customers, at the customers' meters, as previously established in the Commission-approved procurement plan for that compliance year. The actual alternative compliance payment rates may not exceed the maximum alternative compliance payment rates established for the compliance period. For purposes of this subsection (d), the term "eligible retail customers" has the same meaning as found in Section 16-111.5 of this Act.

New matter indicated by italics - deletions by strikeout.
(2) In any given compliance year, an alternative retail electric supplier may elect to use alternative compliance payments to comply with all or a part of the applicable renewable portfolio standard. In the event that an alternative retail electric supplier elects to make alternative compliance payments to comply with all or a part of the applicable renewable portfolio standard, such payments shall be made by September 1, 2010 for the period of June 1, 2009 to May 1, 2010 and by September 1 of each year thereafter for the subsequent compliance period, in the manner and form as determined by the Commission. Any election by an alternative retail electric supplier to use alternative compliance payments is subject to review by the Commission under subsection (e) of this Section.

(3) An alternative retail electric supplier's alternative compliance payments shall be computed separately for each electric utility's service territory within which the alternative retail electric supplier provided retail service during the compliance period, provided that the electric utility was subject to subsection (c) of Section 1-75 of the Illinois Power Agency Act. For each service territory, the alternative retail electric supplier's alternative compliance payment shall be equal to (i) the actual alternative compliance payment rate established in item (1) of this subsection (d), multiplied by (ii) the actual amount of metered electricity delivered by the alternative retail electric supplier to retail customers within the service territory during the compliance period, multiplied by (iii) the result of one minus the ratios of the quantity of renewable energy resources used by the alternative retail electric supplier to comply with the requirements of this Section within the service territory to the product of the percentage of renewable energy resources required under item (3) of subsection (a) of this Section and the actual amount of metered electricity delivered by the alternative retail electric supplier to retail customers within the service territory during the compliance period.

(4) All alternative compliance payments by alternative retail electric suppliers shall be deposited in the Illinois Power Agency Renewable Energy Resources Fund and used to purchase renewable energy credits, in accordance with Section 1-56 of the Illinois Power Agency Act.

New matter indicated by italics - deletions by strikeout.
(5) The Commission, in consultation with the Illinois Power Agency, shall establish a process or proceeding to consider the impact of a federal renewable portfolio standard, if enacted, on the operation of the alternative compliance mechanism, which shall include, but not be limited to, developing, to the extent permitted by the applicable federal statute, an appropriate methodology to apportion renewable energy credits retired as a result of alternative compliance payments made in accordance with this Section. The Commission shall commence any such process or proceeding within 35 days after enactment of a federal renewable portfolio standard.

(e) Each alternative retail electric supplier shall, by September 1, 2010 and by September 1 of each year thereafter, prepare and submit to the Commission a report, in a format to be specified by the Commission on or before December 31, 2009, that provides information certifying compliance by the alternative retail electric supplier with this Section, including copies of all PJM-GATS and M-RETS reports, and documentation relating to banking, retiring renewable energy credits, and any other information that the Commission determines necessary to ensure compliance with this Section. An alternative retail electric supplier may file commercially or financially sensitive information or trade secrets with the Commission as provided under the rules of the Commission. To be filed confidentially, the information shall be accompanied by an affidavit that sets forth both the reasons for the confidentiality and a public synopsis of the information.

(f) The Commission may initiate a contested case to review allegations that the alternative retail electric supplier has violated this Section, including an order issued or rule promulgated under this Section. In any such proceeding, the alternative retail electric supplier shall have the burden of proof. If the Commission finds, after notice and hearing, that an alternative retail electric supplier has violated this Section, then the Commission shall issue an order requiring the alternative retail electric supplier to:

(1) immediately comply with this Section; and
(2) if the violation involves a failure to procure the requisite quantity of renewable energy resources or pay the applicable alternative compliance payment by the annual deadline, the Commission shall require the alternative retail electric supplier to double the applicable alternative

compliance payment that would otherwise be required to bring the alternative retail electric supplier into compliance with this Section.

If an alternative retail electric supplier fails to comply with the renewable energy resource portfolio requirement in this Section more than once in a 5-year period, then the Commission shall revoke the alternative electric supplier's certificate of service authority. The Commission shall not accept an application for a certificate of service authority from an alternative retail electric supplier that has lost certification under this subsection (f), or any corporate affiliate thereof, for at least one year after the date of revocation.

(g) All of the provisions of this Section apply to electric utilities operating outside their service area except under item (2) of subsection (a) of this Section the quantity of renewable energy resources shall be measured as a percentage of the actual amount of electricity (megawatt-hours) supplied in the State outside of the utility's service territory during the 12-month period June 1 through May 31, commencing June 1, 2009, and the comparable 12-month period in each year thereafter except as provided in item (6) of subsection (a) of this Section.

If any such utility fails to procure the requisite quantity of renewable energy resources by the annual deadline, then the Commission shall require the utility to double the alternative compliance payment that would otherwise be required to bring the utility into compliance with this Section.

If any such utility fails to comply with the renewable energy resource portfolio requirement in this Section more than once in a 5-year period, then the Commission shall order the utility to cease all sales outside of the utility's service territory for a period of at least one year.

(h) The provisions of this Section and the provisions of subsection (d) of Section 16-115 of this Act relating to procurement of renewable energy resources shall not apply to an alternative retail electric supplier that operates a combined heat and power system in this State or that has a corporate affiliate that operates such a combined heat and power system in this State that supplies electricity primarily to or for the benefit of: (i) facilities owned by the supplier, its subsidiary, or other corporate affiliate; (ii) facilities electrically integrated with the electrical system of facilities owned by the supplier, its subsidiary, or other corporate affiliate; or (iii) facilities that are adjacent to the site on which the combined heat and power system is located.

Sec. 19-140. On-bill financing program; gas utilities.

(a) The Illinois General Assembly finds that Illinois homes and businesses have the potential to save energy through conservation and cost-effective energy efficiency measures. Programs created pursuant to this Section will allow utility customers to purchase cost-effective energy efficiency measures with no required initial upfront payment, and to pay the cost of those products and services over time on their utility bill.

(b) Notwithstanding any other provision of this Act, a gas utility serving more than 100,000 customers on January 1, 2009 shall offer a Commission-approved on-bill financing program ("program") that allows its retail customers who own a residential single family home, duplex, or other residential building with 4 or less units, or condominium at which the gas service is being provided (i) to borrow funds from a third party lender in order to purchase gas energy efficiency measures approved under the program for installation in such home or condominium without any required upfront payment and (ii) to pay back such funds over time through the gas utility’s bill. Based upon the process described in subsection (b-5) of this Section, small commercial retail customers, as that term is defined in Section 19-105 of this Act, who own the premises at which gas service is being provided may be included in such program. After receiving a request from a gas utility for approval of a proposed program and tariffs pursuant to this Section, the Commission shall render its decision within 120 days. If no decision is rendered within 120 days, then the request shall be deemed to be approved.

(b-5) Within 30 days after the effective date of this amendatory Act of the 96th General Assembly, the Commission shall convene a workshop process during which interested participants may discuss issues related to the program, including program design, eligible gas energy efficiency measures, vendor qualifications, and a methodology for ensuring ongoing compliance with such qualifications, financing, sample documents such as request for proposals, contracts and agreements, dispute resolution, pre-installment and post-installment verification, and evaluation. The workshop process shall be completed within 150 days after the effective date of this amendatory Act of the 96th General Assembly.

(c) Not later than 60 days following completion of the workshop process described in subsection (b-5) of this Section, each gas utility subject to subsection (b) of this Section shall submit a proposed program to the Commission that contains the following components:

New matter indicated by italics - deletions by strikeout.
(1) A list of recommended gas energy efficiency measures that will be eligible for on-bill financing. An eligible gas energy efficiency measure ("measure") shall be defined by the following:

(A) The measure would be applied to or replace gas energy-using equipment; and

(B) Application of the measure to equipment and systems will have estimated gas savings (determined by rates in effect at the time of purchase), that are sufficient to cover the costs of implementing the measures, including finance charges and any program fees not recovered pursuant to subsection (f) of this Section. To assist the gas utility in identifying or approving measures, the utility may consult with the Department of Commerce and Economic Opportunity, as well as with retailers, technicians and installers of gas energy efficiency measures and energy auditors (collectively "vendors").

(2) The gas utility shall issue a request for proposals ("RFP") to lenders for purposes of providing financing to participants to pay for approved measures. The RFP criteria shall include, but not be limited to, the interest rate, origination fees, and credit terms. The utility shall select the winning bidders based on its evaluation of these criteria, with a preference for those bids containing the rates, fees, and terms most favorable to participants.

(3) The utility shall work with the lenders selected pursuant to the RFP process, and with vendors, to establish the terms and processes pursuant to which a participant can purchase eligible gas energy efficiency measures using the financing obtained from the lender. The vendor shall explain and offer the approved financing packaging to those customers identified in subsection (b) of this Section and shall assist customers in applying for financing. As part of such process, vendors shall also provide to participants information about any other incentives that may be available for the measures.

(4) The lender shall conduct credit checks or undertake other appropriate measures to limit credit risk, and shall review and approve or deny financing applications submitted by customers identified in subsection (b) of this Section. Following the lender's approval of financing and the participant's purchase of

the measure or measures, the lender shall forward payment information to the gas utility, and the utility shall add as a separate line item on the participant's utility bill a charge showing the amount due under the program each month.

(5) A loan issued to a participant pursuant to the program shall be the sole responsibility of the participant, and any dispute that may arise concerning the loan's terms, conditions, or charges shall be resolved between the participant and lender. Upon transfer of the property title for the premises at which the participant receives gas service from the utility or the participant's request to terminate service at such premises, the participant shall pay in full its gas utility bill, including all amounts due under the program, provided that this obligation may be modified as provided in subsection (g) of this Section. Amounts due under the program shall be deemed amounts owed for residential and, as appropriate, small commercial gas service.

(6) The gas utility shall remit payment in full to the lender each month on behalf of the participant. In the event a participant defaults on payment of its gas utility bill, the gas utility shall continue to remit all payments due under the program to the lender, and the utility shall be entitled to recover all costs related to a participant's nonpayment through the automatic adjustment clause tariff established pursuant to Section 19-145 of this Act. In addition, the gas utility shall retain a security interest in the measure or measures purchased under the program, and the utility retains its right to disconnect a participant that defaults on the payment of its utility bill.

(7) The total outstanding amount financed under the program shall not exceed $2.5 million for a gas utility or gas utilities under a single holding company, provided that the gas utility or gas utilities may petition the Commission for an increase in such amount.

(d) A program approved by the Commission shall also include the following criteria and guidelines for such program:

(1) guidelines for financing of measures installed under a program, including, but not limited to, RFP criteria and limits on both individual loan amounts and the duration of the loans;

(2) criteria and standards for identifying and approving measures;

New matter indicated by italics - deletions by strikeout.
(3) qualifications of vendors that will market or install measures, as well as a methodology for ensuring ongoing compliance with such qualifications;

(4) sample contracts and agreements necessary to implement the measures and program; and

(5) the types of data and information that utilities and vendors participating in the program shall collect for purposes of preparing the reports required under subsection (g) of this Section.

(e) The proposed program submitted by each gas utility shall be consistent with the provisions of this Section that define operational, financial, and billing arrangements between and among program participants, vendors, lenders, and the gas utility.

(f) A gas utility shall recover all of the prudently incurred costs of offering a program approved by the Commission pursuant to this Section, including, but not limited to, all start-up and administrative costs and the costs for program evaluation. All prudently incurred costs under this Section shall be recovered from the residential and small commercial retail customer classes eligible to participate in the program through the automatic adjustment clause tariff established pursuant to Section 8-104 of this Act.

(g) An independent evaluation of a program shall be conducted after 3 years of the program's operation. The gas utility shall retain an independent evaluator who shall evaluate the effects of the measures installed under the program and the overall operation of the program, including, but not limited to, customer eligibility criteria and whether the payment obligation for permanent gas energy efficiency measures that will continue to provide benefits of energy savings should attach to the meter location. As part of the evaluation process, the evaluator shall also solicit feedback from participants and interested stakeholders. The evaluator shall issue a report to the Commission on its findings no later than 4 years after the date on which the program commenced, and the Commission shall issue a report to the Governor and General Assembly including a summary of the information described in this Section as well as its recommendations as to whether the program should be discontinued, continued with modification or modifications or continued without modification, provided that any recommended modifications shall only apply prospectively and to measures not yet installed or financed.

(h) A gas utility offering a Commission-approved program pursuant to this Section shall not be required to comply with any other
statute, order, rule, or regulation of this State that may relate to the offering of such program, provided that nothing in this Section is intended to limit the gas utility's obligation to comply with this Act and the Commission's orders, rules, and regulations, including Part 280 of Title 83 of the Illinois Administrative Code.

(i) The source of a utility customer's gas supply shall not disqualify a customer from participation in the utility's on-bill financing program. Customers of alternative gas suppliers may participate in the program under the same terms and conditions applicable to the utility's supply customers.

Sec. 19-145. Automatic adjustment clause tariff, uncollectibles.

(a) A gas utility shall be permitted, at its election, to recover through an automatic adjustment clause tariff the incremental difference between its actual uncollectible amount as set forth in Account 904 in the utility's most recent annual Form 21 ILCC and the uncollectible amount included in the utility's rates for the period reported in such annual Form 21 ILCC. The Commission may, in a proceeding to review a general rate case filed subsequent to the effective date of the tariff established under this Section, prospectively switch, from using the actual uncollectible amount set forth in Account 904 to using net write-offs in such tariff, but only if net write-offs are also used to determine the utility's uncollectible amount in rates. In the event the Commission requires such a change, it shall be made effective at the beginning of the first full calendar year after the new rates approved in such proceeding are first placed in effect and an adjustment shall be made, if necessary, to ensure the change does not result in double-recovery or unrecovered uncollectible amounts for any year. For purposes of this Section, "uncollectible amount" means the expense set forth in Account 904 of the utility's Form 21 ILCC or cost of net write-offs as appropriate. In the event the utility's rates change during the period of time reported in its most recent annual Form 21 ILCC, the uncollectible amount included in the utility's rates during such period of time for purposes of this Section will be a weighted average, based on revenues earned during such period by the utility under each set of rates, of the uncollectible amount included in the utility's rates at the beginning of such period and at the end of such period. This difference may either be a charge or a credit to customers depending on whether the uncollectible amount is more or less than the uncollectible amount then included in the utility's rates.

(b) The tariff may be established outside the context of a general rate case filing, and shall specify the terms of any applicable audit. The Commission shall review and by order approve, or approve as modified, the proposed tariff within 180 days after the date on which it is filed. Charges and credits under the tariff shall be allocated to the appropriate customer class or classes. In addition, customers who do not purchase their gas supply from a gas utility shall not be charged by the utility for uncollectible amounts associated with gas supply provided by the utility to the utility's customers. Upon approval of the tariff, the utility shall, based on the 2008 Form 21 ILCC, apply the appropriate credit or charge based on the full year 2008 amounts for the remainder of the 2010 calendar year. Starting with the 2009 Form 21 ILCC reporting period and each subsequent period, the utility shall apply the appropriate credit or charge over a 12-month period beginning with the June billing period and ending with the May billing period, with the first such billing period beginning June 2010.

(c) The approved tariff shall provide that the utility shall file a petition with the Commission annually, no later than August 31st, seeking initiation of an annual review to reconcile all amounts collected with the actual uncollectible amount in the prior period. As part of its review, the Commission shall verify that the utility collects no more and no less than its actual uncollectible amount in each applicable Form 21 ILCC reporting period. The Commission shall review the prudence and reasonableness of the utility's actions to pursue minimization and collection of uncollectibles which shall include, at a minimum, the 6 enumerated criteria set forth in this Section. The Commission shall determine any required adjustments and may include suggestions for prospective changes in current practices. Nothing in this Section or the implementing tariffs shall affect or alter the gas utility's existing obligation to pursue collection of uncollectibles or the gas utility's right to disconnect service. A utility that has in effect a tariff authorized by this Section shall pursue minimization of and collection of uncollectibles through the following activities, including but not limited to:

1. identifying customers with late payments;
2. contacting the customers in an effort to obtain payment;
3. providing delinquent customers with information about possible options, including payment plans and assistance programs;
4. serving disconnection notices;

Section 15. The Energy Assistance Act is amended by changing Sections 2, 3, and 13 and by adding Section 18 as follows:

(305 ILCS 20/2) (from Ch. 111 2/3, par. 1402)

Sec. 2. Findings and Intent.

(a) The General Assembly finds that:

(1) the health, welfare, and prosperity of the people of the State of Illinois require that all citizens receive essential levels of heat and electric service regardless of economic circumstance;

(2) public utilities and other entities providing such services are entitled to receive proper payment for services actually rendered;

(3) variability of declining Federal low income energy assistance funding necessitates a State response to ensure the continuity and the further development of energy assistance and related policies and programs within Illinois; and

(4) energy assistance policies and programs in effect in Illinois have benefited all Illinois citizens, and should therefore be continued with the modifications provided herein; and

(5) low-income households are unable to afford essential utility services and other necessities, such as food, shelter, and medical care; the health and safety of those who are unable to afford essential utility services suffer when monthly payments for these services exceed a reasonable percentage of the customer’s household income; costs of collecting past due bills and uncollectible balances are reflected in rates paid by all ratepayers; society benefits if essential utility services are affordable and arrearages and disconnections are minimized for those most in need.

(b) Consistent with its findings, the General Assembly declares that it is the policy of the State that:

(1) a comprehensive low income energy assistance policy and program should be established which incorporates income

assistance, home weatherization, and other measures to ensure that citizens have access to affordable energy services;

(2) the ability of public utilities and other entities to receive just compensation for providing services should not be jeopardized by this policy;

(3) resources applied in achieving this policy should be coordinated and efficiently utilized through the integration of public programs and through the targeting of assistance; and

(4) the State should utilize all appropriate and available means to fund this program and, to the extent possible, should identify and utilize sources of funding which complement State tax revenues.

The incremental change to such charges imposed by this amendatory Act of the 96th General Assembly shall not (i) be used for any purpose other than to directly assist customers and (ii) be applicable to utilities serving less than 100,000 customers in Illinois on January 1, 2009.

In addition, electric and gas utilities have committed, and shall contribute, a one-time payment of $22 million to the Fund, within 10 days after the effective date of the tariffs established pursuant to Sections 16-111.8 and 19-145 of the Public Utilities Act to be used for the Department's cost of implementing the programs described in Section 18 of this amendatory Act of the 96th General Assembly, the Arrearage Reduction Program described in Section 18, and the programs described in Section 8-105 of the Public Utilities Act. If a utility elects not to file a rider within 90 days after the effective date of this amendatory Act of the 96th General Assembly, then the contribution from such utility shall be made no later than February 1, 2010.

If a customer makes a partial payment, a public utility, municipal utility, or electric cooperative may elect either: (i) to apply such partial payments first to amounts owed to the utility or cooperative for its services and then to payment for the Energy Assistance Charge or (ii) to apply such partial payments on a pro-rata basis between amounts owed to the utility or cooperative for its services and to payment for the Energy Assistance Charge.

If a municipal electric or gas utility or electric or gas cooperative does not assess this charge, the Department may not use funds from the Supplemental Low-Income Energy Assistance Fund to provide benefits to its customers under the program authorized by Section 4 of this Act.

In its use of federal funds under this Act, the Department may not cause a disproportionate share of those federal funds to benefit customers of systems which do not assess the charge provided by this Section.

Sec. 18. Financial assistance; payment plans.
(a) The Percentage of Income Payment Plan (PIPP or PIP Plan) is hereby created as a mandatory bill payment assistance program for low-income residential customers of utilities serving more than 100,000 retail customers as of January 1, 2009. The PIP Plan will:

(1) bring participants' gas and electric bills into the range of affordability;

(2) provide incentives for participants to make timely payments;

(3) encourage participants to reduce usage and participate in conservation and energy efficiency measures that reduce the customer's bill and payment requirements; and

(4) identify participants whose homes are most in need of weatherization.

(b) For purposes of this Section:

New matter indicated by italics - deletions by strikeout.
(1) "LIHEAP" means the energy assistance program established under the Illinois Energy Assistance Act and the Low-Income Home Energy Assistance Act of 1981.

(2) "Plan participant" is an eligible participant who is also eligible for the PIPP and who will receive either a percentage of income payment credit under the PIPP criteria set forth in this Act or a benefit pursuant to Section 4 of this Act. Plan participants are a subset of eligible participants.

(3) "Pre-program arrears" means the amount a plan participant owes for gas or electric service at the time the participant is determined to be eligible for the PIPP or the program set forth in Section 4 of this Act.

(4) "Eligible participant" means any person who has applied for, been accepted and is receiving residential service from a gas or electric utility and who is also eligible for LIHEAP.

(c) The PIP Plan shall be administered as follows:

(1) The Department shall coordinate with Local Administrative Agencies (LAAs), to determine eligibility for the Illinois Low Income Home Energy Assistance Program (LIHEAP) pursuant to the Energy Assistance Act, provided that eligible income shall be no more than 150% of the poverty level. Applicants will be screened to determine whether the applicant's projected payments for electric service or natural gas service over a 12-month period exceed the criteria established in this Section. To maintain the financial integrity of the program, the Department may limit eligibility to households with income below 125% of the poverty level.

(2) The Department shall establish the percentage of income formula to determine the amount of a monthly credit, not to exceed $150 per month per household, not to exceed $1,800 annually, that will be applied to PIP Plan participants' utility bills based on the portion of the bill that is the responsibility of the participant provided that the percentage shall be no more than a total of 6% of the relevant income for gas and electric utility bills combined, but in any event no less than $10 per month, unless the household does not pay directly for heat, in which case its payment shall be 2.4% of income but in any event no less than $5 per month. The Department may establish a minimum credit amount based on the cost of administering the program and may deny
credits to otherwise eligible participants if the cost of administering the credit exceeds the actual amount of any monthly credit to a participant. If the participant takes both gas and electric service, 66.67% of the credit shall be allocated to the entity that provides the participant's primary energy supply for heating. Each participant shall enter into a levelized payment plan for, as applicable, gas and electric service and such plans shall be implemented by the utility so that a participant's usage and required payments are reviewed and adjusted regularly, but no more frequently than quarterly. Nothing in this Section is intended to prohibit a customer, who is otherwise eligible for LIHEAP, from participating in the program described in Section 4 of this Act. Eligible participants who receive such a benefit shall be considered plan participants and shall be eligible to participate in the Arrearage Reduction Program described in item (5) of this subsection (c).

(3) The Department shall remit, through the LAAs, to the utility or participating alternative supplier that portion of the plan participant's bill that is not the responsibility of the participant. In the event that the Department fails to timely remit payment to the utility, the utility shall be entitled to recover all costs related to such nonpayment through the automatic adjustment clause tariffs established pursuant to Section 16-111.8 and Section 19-145 of the Public Utilities Act. For purposes of this item (3) of this subsection (c), payment is due on the date specified on the participant's bill. The Department, the Department of Revenue and LAAs shall adopt processes that provide for the timely payment required by this item (3) of this subsection (c).

(4) A plan participant is responsible for all actual charges for utility service in excess of the PIPP credit. Pre-program arrears that are included in the Arrearage Reduction Program described in item (5) of this subsection (c) shall not be included in the calculation of the levelized payment plan. Emergency or crisis assistance payments shall not affect the amount of any PIPP credit to which a participant is entitled.

(5) Electric and gas utilities subject to this Section shall implement an Arrearage Reduction Program (ARP) for plan participants as follows: for each month that a plan participant timely pays his or her utility bill, the utility shall apply a credit to a
portion of the participant's pre-program arrears, if any, equal to one-twelfth of such arrearage provided that the total amount of arrearage credits shall equal no more than $1,000 annually for each participant for gas and no more than $1,000 annually for each participant for electricity. In the third year of the PIPP, the Department, in consultation with the Policy Advisory Council established pursuant to Section 5 of this Act, shall determine by rule an appropriate per participant total cap on such amounts, if any. Those plan participants participating in the ARP shall not be subject to the imposition of any additional late payment fees on pre-program arrears covered by the ARP. In all other respects, the utility shall bill and collect the monthly bill of a plan participant pursuant to the same rules, regulations, programs and policies as applicable to residential customers generally. Participation in the Arrearage Reduction Program shall be limited to the maximum amount of funds available as set forth in subsection (f) of Section 13 of this Act. In the event any donated funds under Section 13 of this Act are specifically designated for the purpose of funding the ARP, the Department shall remit such amounts to the utilities upon verification that such funds are needed to fund the ARP.

(6) The Department may terminate a plan participant's eligibility for the PIP Plan upon notification by the utility that the participant's monthly utility payment is more than 45 days past due.

(7) The Department, in consultation with the Policy Advisory Council, may adjust the number of PIP Plan participants annually, if necessary, to match the availability of funds from LIHEAP.

(8) The Department shall fully implement the PIPP at the earliest possible date it is able to effectively administer the PIPP. Within 90 days of the effective date of this amendatory Act of the 96th General Assembly, the Department shall, in consultation with utility companies, participating alternative suppliers, LAAs and the Illinois Commerce Commission (Commission), issue a detailed implementation plan which shall include detailed testing protocols and analysis of the capacity for implementation by the LAAs and utilities. Such consultation process also shall address how to implement the PIPP in the most cost-effective and timely manner, and shall identify opportunities for relying on the expertise of

New matter indicated by italics - deletions by strikeout.
utilities, LAAs and the Commission. Following the implementation of the testing protocols, the Department shall issue a written report on the feasibility of full or gradual implementation. The PIPP shall be fully implemented by September 1, 2011, but may be phased in prior to that date.

(9) As part of the screening process established under item (1) of this subsection (c), the Department and LAAs shall assess whether any energy efficiency or demand response measures are available to the plan participant at no cost, and if so, the participant shall enroll in any such program for which he or she is eligible. The LAAs shall assist the participant in the applicable enrollment or application process.

(10) Each alternative retail electric and gas supplier serving residential customers shall elect whether to participate in the PIPP or ARP described in this Section. Any such supplier electing to participate in the PIPP shall provide to the Department such information as the Department may require, including, without limitation, information sufficient for the Department to determine the proportionate allocation of credits between the alternative supplier and the utility. If a utility in whose service territory an alternative supplier serves customers contributes money to the ARP fund which is not recovered from ratepayers, then an alternative supplier which participates in ARP in that utility's service territory shall also contribute to the ARP fund in an amount that is commensurate with the number of alternative supplier customers who elect to participate in the program.

(d) The Department, in consultation with the Policy Advisory Council, shall develop and implement a program to educate customers about the PIP Plan and about their rights and responsibilities under the percentage of income component. The Department, in consultation with the Policy Advisory Council, shall establish a process that LAAs shall use to contact customers in jeopardy of losing eligibility due to late payments. The Department shall ensure that LAAs are adequately funded to perform all necessary educational tasks.

(e) The PIPP shall be administered in a manner which ensures that credits to plan participants will not be counted as income or as a resource in other means-tested assistance programs for low-income households or otherwise result in the loss of federal or State assistance dollars for low-income households.

(f) In order to ensure that implementation costs are minimized, the Department and utilities shall work together to identify cost-effective ways to transfer information electronically and to employ available protocols that will minimize their respective administrative costs as follows:

(1) The Commission may require utilities to provide such information on customer usage and billing and payment information as required by the Department to implement the PIP Plan and to provide written notices and communications to plan participants.

(2) Each utility and participating alternative supplier shall file annual reports with the Department and the Commission that cumulatively summarize and update program information as required by the Commission's rules. The reports shall track implementation costs and contain such information as is necessary to evaluate the success of the PIPP.

(3) The Department and the Commission shall have the authority to promulgate rules and regulations necessary to execute and administer the provisions of this Section.

(g) Each utility shall be entitled to recover reasonable administrative and operational costs incurred to comply with this Section from the Supplemental Low Income Energy Assistance Fund. The utility may net such costs against monies it would otherwise remit to the Funds, and each utility shall include in the annual report required under subsection (f) of this Section an accounting for the funds collected.

Section 95. No acceleration or delay. Where this Act makes changes in a statute that is represented in this Act by text that is not yet or no longer in effect (for example, a Section represented by multiple versions), the use of that text does not accelerate or delay the taking effect of (i) the changes made by this Act or (ii) provisions derived from any other Public Act.

Section 97. Inseverability. The provisions of this amendatory Act of the 96th General Assembly are mutually dependent and inseverable. If any provision or its application to any person or circumstance is held invalid, then this entire Act is invalid. It is the further legislative intent that in such event all other Acts shall not be affected and shall continue to be valid.

Sec. 7.12. Internet pilot program. The General Assembly finds that:

(1) the consumer market in Illinois has changed since the creation of the Illinois State Lottery in 1974;
(2) the Internet has become an integral part of everyday life for a significant number of Illinois residents not only in regards to their professional life, but also in regards to personal business and communication; and
(3) the current practices of selling lottery tickets does not appeal to the new form of market participants who prefer to make purchases on the internet at their own convenience.

It is the intent of the General Assembly to create an Internet pilot program for the sale of lottery tickets to capture this new form of market participant.

The Department shall create a pilot program that allows an individual to purchase lottery tickets or shares on the Internet without using a Lottery retailer with on-line status, as those terms are defined by rule. The Department shall adopt rules necessary for the administration of this program. These rules shall include requirements for marketing of the Lottery to infrequent players. The provisions of this Act and the rules adopted under this Act shall apply to the sale of lottery tickets or shares under this program.

Before beginning the pilot program, the Department of Revenue must seek a clarifying memorandum from the federal Department of Justice that it is legal for Illinois residents and non-Illinois residents to purchase and the private company to sell lottery tickets on the Internet on behalf of the State of Illinois under the federal Unlawful Internet Gambling Enforcement Act of 2006.

The Department shall limit the individuals authorized to purchase lottery tickets on the Internet to individuals who are 18 years of age or older and Illinois residents, unless the clarifying memorandum from the federal Department of Justice indicates that it is legal for non-Illinois residents to purchase lottery tickets on the Internet, and shall set a limitation on the monthly purchases that may be made through any one individual's lottery account. Only Lotto and Mega Million games offered by the Illinois Lottery may be offered through the pilot program.

The pilot program must be conducted pursuant to a contract with a private vendor that has the expertise, technical capability, and knowledge of the Illinois lottery marketplace to conduct the program. The Department of the Lottery must ensure cooperation from existing vendors for the program.

The pilot program shall last for not less than 36 months, but not more than 48 months.

Non-residents of Illinois shall only be allowed to participate in the pilot program if the federal Department of Justice indicates that it is legal for non-residents to do so. By rule, the Department shall establish funding procedures for Internet lottery accounts and shall provide a mechanism for each Internet lottery account to have a personal identification number to prevent the unauthorized use of Internet lottery accounts. If any participant in the pilot program violates any provisions of this amendatory Act of the 96th General Assembly or rule established by the Department, all such winnings shall be forfeited. Such forfeited winnings shall be deposited in the Common School Fund.

Money in the Road Fund shall, if and when the State of Illinois incurs any bonded indebtedness for the construction of permanent highways, be set aside and used for the purpose of paying and discharging during each fiscal year the principal and interest on that bonded indebtedness as it becomes due and payable as provided in the Transportation Bond Act, and for no other purpose. The surplus, if any, in the Road Fund after the payment of principal and interest on that bonded indebtedness then annually due shall be used as follows:

first -- to pay the cost of administration of Chapters 2 through 10 of the Illinois Vehicle Code; and

secondly -- no Road Fund monies derived from fees, excises, or license taxes relating to registration, operation and use of vehicles on public highways or to fuels used for the propulsion of those vehicles, shall be appropriated or expended other than for costs of administering the laws imposing those fees, excises, and license taxes, statutory refunds and adjustments allowed thereunder, administrative costs of the Department of Transportation, including, but not limited to, the operating expenses of the Department relating to the administration of public transportation programs, payment of debts and liabilities incurred in construction and reconstruction of public highways and bridges, acquisition of rights-of-way for and the cost of construction, reconstruction, maintenance, repair, and operation of public highways and bridges under the direction and supervision of the State, political subdivision, or municipality collecting those monies, and the costs for patrolling and policing the public highways (by State, political subdivision, or municipality collecting that money) for enforcement of traffic laws. The separation of grades of such highways with railroads and costs associated with protection of at-grade highway and railroad crossing shall also be permissible.

Appropriations for any of such purposes are payable from the Road Fund or the Grade Crossing Protection Fund as provided in Section 8 of the Motor Fuel Tax Law.
Except as provided in this paragraph, beginning with fiscal year 1991 and thereafter, no Road Fund monies shall be appropriated to the Department of State Police for the purposes of this Section in excess of its total fiscal year 1990 Road Fund appropriations for those purposes unless otherwise provided in Section 5g of this Act. For fiscal years 2003, 2004, 2005, 2006, and 2007 only, no Road Fund monies shall be appropriated to the Department of State Police for the purposes of this Section in excess of $97,310,000. For fiscal year 2008 only, no Road Fund monies shall be appropriated to the Department of State Police for the purposes of this Section in excess of $106,100,000. For fiscal year 2009 only, no Road Fund monies shall be appropriated to the Department of State Police for the purposes of this Section in excess of $114,700,000. Beginning in fiscal year 2010, no road fund moneys shall be appropriated to the Department of State Police. It shall not be lawful to circumvent this limitation on appropriations by governmental reorganization or other methods unless otherwise provided in Section 5g of this Act.

In fiscal year 1994, no Road Fund monies shall be appropriated to the Secretary of State for the purposes of this Section in excess of the total fiscal year 1991 Road Fund appropriations to the Secretary of State for those purposes, plus $9,800,000. It shall not be lawful to circumvent this limitation on appropriations by governmental reorganization or other method.

Beginning with fiscal year 1995 and thereafter, no Road Fund monies shall be appropriated to the Secretary of State for the purposes of this Section in excess of the total fiscal year 1994 Road Fund appropriations to the Secretary of State for those purposes. Fiscal Year 2009 $130,500,000.
Fiscal Year 2010 and each year thereafter $30,500,000.

Beginning in fiscal year 2010, no road fund moneys shall be appropriated to the Secretary of State.

It shall not be lawful to circumvent this limitation on appropriations by governmental reorganization or other methods.

No new program may be initiated in fiscal year 1991 and thereafter that is not consistent with the limitations imposed by this Section for fiscal year 1984 and thereafter, insofar as appropriation of Road Fund monies is concerned.

Nothing in this Section prohibits transfers from the Road Fund to the State Construction Account Fund under Section 5e of this Act; nor to the General Revenue Fund, as authorized by this amendatory Act of the 93rd General Assembly.

The additional amounts authorized for expenditure in this Section by Public Acts 92-0600, 93-0025, 93-0839, and 94-91 shall be repaid to the Road Fund from the General Revenue Fund in the next succeeding fiscal year that the General Revenue Fund has a positive budgetary balance, as determined by generally accepted accounting principles applicable to government.

Section 910. The Use Tax Act is amended by changing Sections 3-10 and 9 as follows:

(35 ILCS 105/3-10) (from Ch. 120, par. 439.3-10)
Sec. 3-10. Rate of tax. Unless otherwise provided in this Section, the tax imposed by this Act is at the rate of 6.25% of either the selling price or the fair market value, if any, of the tangible personal property. In all cases where property functionally used or consumed is the same as the property that was purchased at retail, then the tax is imposed on the selling price of the property. In all cases where property functionally used or

consumed is a by-product or waste product that has been refined, manufactured, or produced from property purchased at retail, then the tax is imposed on the lower of the fair market value, if any, of the specific property so used in this State or on the selling price of the property purchased at retail. For purposes of this Section "fair market value" means the price at which property would change hands between a willing buyer and a willing seller, neither being under any compulsion to buy or sell and both having reasonable knowledge of the relevant facts. The fair market value shall be established by Illinois sales by the taxpayer of the same property as that functionally used or consumed, or if there are no such sales by the taxpayer, then comparable sales or purchases of property of like kind and character in Illinois.

Beginning on July 1, 2000 and through December 31, 2000, with respect to motor fuel, as defined in Section 1.1 of the Motor Fuel Tax Law, and gasohol, as defined in Section 3-40 of the Use Tax Act, the tax is imposed at the rate of 1.25%.

With respect to gasohol, the tax imposed by this Act applies to (i) 70% of the proceeds of sales made on or after January 1, 1990, and before July 1, 2003, (ii) 80% of the proceeds of sales made on or after July 1, 2003 and on or before December 31, 2013, and (iii) 100% of the proceeds of sales made thereafter. If, at any time, however, the tax under this Act on sales of gasohol is imposed at the rate of 1.25%, then the tax imposed by this Act applies to 100% of the proceeds of sales of gasohol made during that time.

With respect to majority blended ethanol fuel, the tax imposed by this Act does not apply to the proceeds of sales made on or after July 1, 2003 and on or before December 31, 2013 but applies to 100% of the proceeds of sales made thereafter.

With respect to biodiesel blends with no less than 1% and no more than 10% biodiesel, the tax imposed by this Act applies to (i) 80% of the proceeds of sales made on or after July 1, 2003 and on or before December 31, 2013 and (ii) 100% of the proceeds of sales made thereafter. If, at any time, however, the tax under this Act on sales of biodiesel blends with no less than 1% and no more than 10% biodiesel is imposed at the rate of 1.25%, then the tax imposed by this Act applies to 100% of the proceeds of sales of biodiesel blends with no less than 1% and no more than 10% biodiesel made during that time.

With respect to 100% biodiesel and biodiesel blends with more than 10% but no more than 99% biodiesel, the tax imposed by this Act

does not apply to the proceeds of sales made on or after July 1, 2003 and on or before December 31, 2013 but applies to 100% of the proceeds of sales made thereafter.

With respect to food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food that has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances, modifications to a motor vehicle for the purpose of rendering it usable by a disabled person, and insulin, urine testing materials, syringes, and needles used by diabetics, for human use, the tax is imposed at the rate of 1%. For the purposes of this Section, until August 1, 2009: the term "soft drinks" means any complete, finished, ready-to-use, non-alcoholic drink, whether carbonated or not, including but not limited to soda water, cola, fruit juice, vegetable juice, carbonated water, and all other preparations commonly known as soft drinks of whatever kind or description that are contained in any closed or sealed bottle, can, carton, or container, regardless of size; but "soft drinks" does not include coffee, tea, non-carbonated water, infant formula, milk or milk products as defined in the Grade A Pasteurized Milk and Milk Products Act, or drinks containing 50% or more natural fruit or vegetable juice.

Notwithstanding any other provisions of this Act, beginning August 1, 2009, "soft drinks" mean non-alcoholic beverages that contain natural or artificial sweeteners. "Soft drinks" do not include beverages that contain milk or milk products, soy, rice or similar milk substitutes, or greater than 50% of vegetable or fruit juice by volume.

Notwithstanding any other provisions of this Act, "food for human consumption that is to be consumed off the premises where it is sold" includes all food sold through a vending machine, except soft drinks, candy, and food products that are dispensed hot from a vending machine, regardless of the location of the vending machine.

Notwithstanding any other provisions of this Act, beginning August 1, 2009, "food for human consumption that is to be consumed off the premises where it is sold" does not include candy. For purposes of this Section, "candy" means a preparation of sugar, honey, or other natural or artificial sweeteners in combination with chocolate, fruits, nuts or other ingredients or flavorings in the form of bars, drops, or pieces. "Candy" does not include any preparation that contains flour or requires refrigeration.

New matter indicated by italics - deletions by strikeout.
Notwithstanding any other provisions of this Act, beginning August 1, 2009, "nonprescription medicines and drugs" does not include grooming and hygiene products. For purposes of this Section, "grooming and hygiene products" includes, but is not limited to, soaps and cleaning solutions, shampoo, toothpaste, mouthwash, antiperspirants, and suntan lotions and screens, unless those products are available by prescription only, regardless of whether the products meet the definition of "over-the-counter-drugs". For the purposes of this paragraph, "over-the-counter-drug" means a drug for human use that contains a label that identifies the product as a drug as required by 21 C.F.R. § 201.66. The "over-the-counter-drug" label includes:

(A) A "Drug Facts" panel; or
(B) A statement of the "active ingredient(s)" with a list of those ingredients contained in the compound, substance or preparation.

If the property that is purchased at retail from a retailer is acquired outside Illinois and used outside Illinois before being brought to Illinois for use here and is taxable under this Act, the "selling price" on which the tax is computed shall be reduced by an amount that represents a reasonable allowance for depreciation for the period of prior out-of-state use.

(35 ILCS 105/9) (from Ch. 120, par. 439.9)

Sec. 9. Except as to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, each retailer required or authorized to collect the tax imposed by this Act shall pay to the Department the amount of such tax (except as otherwise provided) at the time when he is required to file his return for the period during which such tax was collected, less a discount of 2.1% prior to January 1, 1990, and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the retailer for expenses incurred in collecting the tax, keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. In the case of retailers who report and pay the tax on a transaction by transaction basis, as provided in this Section, such discount shall be taken with each such tax remittance instead of when such retailer files his periodic return. A retailer need not remit that part of any tax collected by him to the extent that he is required to remit and does remit the tax imposed by the Retailers' Occupation Tax Act, with respect to the sale of the same property.

New matter indicated by italics - deletions by strikeout.
Where such tangible personal property is sold under a conditional sales contract, or under any other form of sale wherein the payment of the principal sum, or a part thereof, is extended beyond the close of the period for which the return is filed, the retailer, in collecting the tax (except as to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State), may collect for each tax return period, only the tax applicable to that part of the selling price actually received during such tax return period.

Except as provided in this Section, on or before the twentieth day of each calendar month, such retailer shall file a return for the preceding calendar month. Such return shall be filed on forms prescribed by the Department and shall furnish such information as the Department may reasonably require.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;
2. The address of the principal place of business from which he engages in the business of selling tangible personal property at retail in this State;
3. The total amount of taxable receipts received by him during the preceding calendar month from sales of tangible personal property by him during such preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;
5. The amount of tax due;
5-5. The signature of the taxpayer; and
6. Such other reasonable information as the Department may require.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of $100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of $50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of $200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" means the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

Before October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act, the Service Use Tax Act was $10,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the

month next following the month during which such tax liability is incurred and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. On and after October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act was $20,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payment to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to January 1, 1985, each payment shall be in an amount equal to 1/4 of the taxpayer's actual liability for the month or an amount set by the Department not to exceed 1/4 of the average monthly liability of the taxpayer to the Department for the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability in such 4 quarter period). If the month during which such tax liability is incurred begins on or after January 1, 1985, and prior to January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1987, and prior to January 1, 1988, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1988, and prior to January 1, 1989, or begins on or after January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1989, and prior to January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year or 100% of the taxpayer's actual liability for the quarter monthly reporting period. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month. Before October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to

the Department shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $9,000, or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $10,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $10,000 threshold stated above, then such taxpayer may petition the Department for change in such taxpayer's reporting status. On and after October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $20,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $20,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. The Department shall change such taxpayer's reporting status unless it finds that such change is seasonal in nature and not likely to be long term. If any such quarter monthly payment is not paid at the time or in the amount required by this Section, then the taxpayer shall be liable for penalties and interest on the difference between the minimum amount due and the amount of such quarter monthly payment actually and timely paid, except insofar as the taxpayer has previously made payments for that month to the Department in excess of the minimum payments previously due as provided in this Section. The Department shall make reasonable rules and regulations to govern the quarter monthly payment amount and quarter monthly payment dates for taxpayers who file on other than a calendar monthly basis.

If any such payment provided for in this Section exceeds the taxpayer's liabilities under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act and the Service Use Tax Act, as shown by an
original monthly return, the Department shall issue to the taxpayer a credit memorandum no later than 30 days after the date of payment, which memorandum may be submitted by the taxpayer to the Department in payment of tax liability subsequently to be remitted by the taxpayer to the Department or be assigned by the taxpayer to a similar taxpayer under this Act, the Retailers’ Occupation Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations to be prescribed by the Department, except that if such excess payment is shown on an original monthly return and is made after December 31, 1986, no credit memorandum shall be issued, unless requested by the taxpayer. If no such request is made, the taxpayer may credit such excess payment against tax liability subsequently to be remitted by the taxpayer to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations prescribed by the Department. If the Department subsequently determines that all or any part of the credit taken was not actually due to the taxpayer, the taxpayer’s 2.1% or 1.75% vendor’s discount shall be reduced by 2.1% or 1.75% of the difference between the credit taken and that actually due, and the taxpayer shall be liable for penalties and interest on such difference.

If the retailer is otherwise required to file a monthly return and if the retailer’s average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarterly basis, with the return for January, February, and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the retailer is otherwise required to file a monthly or quarterly return and if the retailer's average monthly tax liability to the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarterly annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a retailer may file his return, in the case of any retailer who ceases to engage in a kind of business which makes him responsible
for filing returns under this Act, such retailer shall file a final return under this Act with the Department not more than one month after discontinuing such business.

In addition, with respect to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, every retailer selling this kind of tangible personal property shall file, with the Department, upon a form to be prescribed and supplied by the Department, a separate return for each such item of tangible personal property which the retailer sells, except that if, in the same transaction, (i) a retailer of aircraft, watercraft, motor vehicles or trailers transfers more than one aircraft, watercraft, motor vehicle or trailer to another aircraft, watercraft, motor vehicle or trailer retailer for the purpose of resale or (ii) a retailer of aircraft, watercraft, motor vehicles, or trailers transfers more than one aircraft, watercraft, motor vehicle, or trailer to a purchaser for use as a qualifying rolling stock as provided in Section 3-55 of this Act, then that seller may report the transfer of all the aircraft, watercraft, motor vehicles or trailers involved in that transaction to the Department on the same uniform invoice-transaction reporting return form. For purposes of this Section, "watercraft" means a Class 2, Class 3, or Class 4 watercraft as defined in Section 3-2 of the Boat Registration and Safety Act, a personal watercraft, or any boat equipped with an inboard motor.

The transaction reporting return in the case of motor vehicles or trailers that are required to be registered with an agency of this State, shall be the same document as the Uniform Invoice referred to in Section 5-402 of the Illinois Vehicle Code and must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 2 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale; a sufficient identification of the property sold; such other information as is required in Section 5-402 of the Illinois Vehicle Code, and such other information as the Department may reasonably require.
The transaction reporting return in the case of watercraft and aircraft must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 2 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale, a sufficient identification of the property sold, and such other information as the Department may reasonably require.

Such transaction reporting return shall be filed not later than 20 days after the date of delivery of the item that is being sold, but may be filed by the retailer at any time sooner than that if he chooses to do so. The transaction reporting return and tax remittance or proof of exemption from the tax that is imposed by this Act may be transmitted to the Department by way of the State agency with which, or State officer with whom, the tangible personal property must be titled or registered (if titling or registration is required) if the Department and such agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

With each such transaction reporting return, the retailer shall remit the proper amount of tax due (or shall submit satisfactory evidence that the sale is not taxable if that is the case), to the Department or its agents, whereupon the Department shall issue, in the purchaser's name, a tax receipt (or a certificate of exemption if the Department is satisfied that the particular sale is tax exempt) which such purchaser may submit to the agency with which, or State officer with whom, he must title or register the tangible personal property that is involved (if titling or registration is required) in support of such purchaser's application for an Illinois certificate or other evidence of title or registration to such tangible personal property.

No retailer's failure or refusal to remit tax under this Act precludes a user, who has paid the proper tax to the retailer, from obtaining his certificate of title or other evidence of title or registration (if titling or registration is required) upon satisfying the Department that such user has
paid the proper tax (if tax is due) to the retailer. The Department shall adopt appropriate rules to carry out the mandate of this paragraph.

If the user who would otherwise pay tax to the retailer wants the transaction reporting return filed and the payment of tax or proof of exemption made to the Department before the retailer is willing to take these actions and such user has not paid the tax to the retailer, such user may certify to the fact of such delay by the retailer, and may (upon the Department being satisfied of the truth of such certification) transmit the information required by the transaction reporting return and the remittance for tax or proof of exemption directly to the Department and obtain his tax receipt or exemption determination, in which event the transaction reporting return and tax remittance (if a tax payment was required) shall be credited by the Department to the proper retailer's account with the Department, but without the 2.1% or 1.75% discount provided for in this Section being allowed. When the user pays the tax directly to the Department, he shall pay the tax in the same amount and in the same form in which it would be remitted if the tax had been remitted to the Department by the retailer.

Where a retailer collects the tax with respect to the selling price of tangible personal property which he sells and the purchaser thereafter returns such tangible personal property and the retailer refunds the selling price thereof to the purchaser, such retailer shall also refund, to the purchaser, the tax so collected from the purchaser. When filing his return for the period in which he refunds such tax to the purchaser, the retailer may deduct the amount of the tax so refunded by him to the purchaser from any other use tax which such retailer may be required to pay or remit to the Department, as shown by such return, if the amount of the tax to be deducted was previously remitted to the Department by such retailer. If the retailer has not previously remitted the amount of such tax to the Department, he is entitled to no deduction under this Act upon refunding such tax to the purchaser.

Any retailer filing a return under this Section shall also include (for the purpose of paying tax thereon) the total tax covered by such return upon the selling price of tangible personal property purchased by him at retail from a retailer, but as to which the tax imposed by this Act was not collected from the retailer filing such return, and such retailer shall remit the amount of such tax to the Department when filing such return.

If experience indicates such action to be practicable, the Department may prescribe and furnish a combination or joint return which

will enable retailers, who are required to file returns hereunder and also under the Retailers' Occupation Tax Act, to furnish all the return information required by both Acts on the one form.

Where the retailer has more than one business registered with the Department under separate registration under this Act, such retailer may not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Sales Tax Reform Fund, a special fund in the State Treasury which is hereby created, the net revenue realized for the preceding month from the 1% tax on sales of food for human consumption which is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food which has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes and needles used by diabetics.

Beginning January 1, 1990, each month the Department shall pay into the County and Mass Transit District Fund 4% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Sales Tax Reform Fund, a special fund in the State Treasury, 20% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property, other than tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Beginning August 1, 2000, each month the Department shall pay into the State and Local Sales Tax Reform Fund 100% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund 16% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property which is purchased outside Illinois at retail

from a retailer and which is titled or registered by an agency of this State's government.

Beginning September 1, 2009, each month the Department shall pay into the Capital Projects Fund an amount that is equal to an amount estimated by the Department to represent 80% of the net revenue realized for the preceding month from the sale of candy, grooming and hygiene products, and soft drinks that had been taxed at a rate of 1% prior to August 1, 2009 but that is now taxed at 6.25%.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to Section 3 of the Retailers' Occupation Tax Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act, such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall be less than the Annual Specified Amount (as defined in Section 3 of the Retailers' Occupation Tax Act), an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and further provided, that if on the last business day of any month the sum of (1) the Tax Act Amount required to be deposited into the Build Illinois Bond Account in the Build Illinois Fund during such month and (2) the amount transferred during such month to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall have been less than 1/12 of the Annual Specified Amount, an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and, further provided, that in no event shall the payments required under the preceding proviso result in aggregate payments into the Build Illinois Fund pursuant to this clause (b) for any fiscal year in excess of the greater of (i) the Tax Act Amount or (ii) the Annual Specified Amount for such fiscal year; and, further provided, that the amounts payable into the Build Illinois Fund under this clause (b) shall be payable only until such time as the aggregate amount on deposit under
each trust indenture securing Bonds issued and outstanding pursuant to the Build Illinois Bond Act is sufficient, taking into account any future investment income, to fully provide, in accordance with such indenture, for the defeasance of or the payment of the principal of, premium, if any, and interest on the Bonds secured by such indenture and on any Bonds expected to be issued thereafter and all fees and costs payable with respect thereto, all as certified by the Director of the Bureau of the Budget (now Governor's Office of Management and Budget). If on the last business day of any month in which Bonds are outstanding pursuant to the Build Illinois Bond Act, the aggregate of the moneys deposited in the Build Illinois Bond Account in the Build Illinois Fund in such month shall be less than the amount required to be transferred in such month from the Build Illinois Bond Account to the Build Illinois Bond Retirement and Interest Fund pursuant to Section 13 of the Build Illinois Bond Act, an amount equal to such deficiency shall be immediately paid from other moneys received by the Department pursuant to the Tax Acts to the Build Illinois Fund; provided, however, that any amounts paid to the Build Illinois Fund in any fiscal year pursuant to this sentence shall be deemed to constitute payments pursuant to clause (b) of the preceding sentence and shall reduce the amount otherwise payable for such fiscal year pursuant to clause (b) of the preceding sentence. The moneys received by the Department pursuant to this Act and required to be deposited into the Build Illinois Fund are subject to the pledge, claim and charge set forth in Section 12 of the Build Illinois Bond Act.

Subject to payment of amounts into the Build Illinois Fund as provided in the preceding paragraph or in any amendment thereto hereafter enacted, the following specified monthly installment of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority provided under Section 8.25f of the State Finance Act, but not in excess of the sums designated as "Total Deposit", shall be deposited in the aggregate from collections under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act into the McCormick Place Expansion Project Fund in the specified fiscal years.

year, less the amount deposited into the McCormick Place Expansion Project Fund by the State Treasurer in the respective month under subsection (g) of Section 13 of the Metropolitan Pier and Exposition Authority Act, plus cumulative deficiencies in the deposits required under this Section for previous months and years, shall be deposited into the McCormick Place Expansion Project Fund, until the full amount requested for the fiscal year, but not in excess of the amount specified above as "Total Deposit", has been deposited.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning July 1, 1993, the Department shall each month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning with the receipt of the first report of taxes paid by an eligible business and continuing for a 25-year period, the Department shall each month pay into the Energy Infrastructure Fund 80% of the net revenue realized from the 6.25% general rate on the selling price of Illinois-mined coal that was sold to an eligible business. For purposes of this paragraph, the term "eligible business" means a new electric generating facility certified pursuant to Section 605-332 of the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois.

Of the remainder of the moneys received by the Department pursuant to this Act, 75% thereof shall be paid into the State Treasury and 25% shall be reserved in a special account and used only for the transfer to the Common School Fund as part of the monthly transfer from the General Revenue Fund in accordance with Section 8a of the State Finance Act.

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue realized under this Act for the second preceding month. Beginning April 1, 2000, this transfer is no longer required and shall not be made.

Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for overpayment of liability.

For greater simplicity of administration, manufacturers, importers and wholesalers whose products are sold at retail in Illinois by numerous retailers, and who wish to do so, may assume the responsibility for accounting and paying to the Department all tax accruing under this Act with respect to such sales, if the retailers who are affected do not make written objection to the Department to this arrangement.

Section 915. The Service Use Tax Act is amended by changing Sections 3-10 and 9 as follows:

(35 ILCS 110/3-10) (from Ch. 120, par. 439.33-10)

Sec. 3-10. Rate of tax. Unless otherwise provided in this Section, the tax imposed by this Act is at the rate of 6.25% of the selling price of tangible personal property transferred as an incident to the sale of service, but, for the purpose of computing this tax, in no event shall the selling price be less than the cost price of the property to the serviceman.

Beginning on July 1, 2000 and through December 31, 2000, with respect to motor fuel, as defined in Section 1.1 of the Motor Fuel Tax Law, and gasohol, as defined in Section 3-40 of the Use Tax Act, the tax is imposed at the rate of 1.25%.

With respect to gasohol, as defined in the Use Tax Act, the tax imposed by this Act applies to (i) 70% of the selling price of property transferred as an incident to the sale of service on or after January 1, 1990, and before July 1, 2003, (ii) 80% of the selling price of property transferred as an incident to the sale of service on or after July 1, 2003 and on or before December 31, 2013, and (iii) 100% of the selling price thereafter. If, at any time, however, the tax under this Act on sales of gasohol, as defined in the Use Tax Act, is imposed at the rate of 1.25%, then the tax imposed by this Act applies to 100% of the proceeds of sales of gasohol made during that time.

With respect to majority blended ethanol fuel, as defined in the Use Tax Act, the tax imposed by this Act does not apply to the selling price of property transferred as an incident to the sale of service on or after July 1, 2003 and on or before December 31, 2013 but applies to 100% of the selling price thereafter.

With respect to biodiesel blends, as defined in the Use Tax Act, with no less than 1% and no more than 10% biodiesel, the tax imposed by

this Act applies to (i) 80% of the selling price of property transferred as an incident to the sale of service on or after July 1, 2003 and on or before December 31, 2013 and (ii) 100% of the proceeds of the selling price thereafter. If, at any time, however, the tax under this Act on sales of biodiesel blends, as defined in the Use Tax Act, with no less than 1% and no more than 10% biodiesel is imposed at the rate of 1.25%, then the tax imposed by this Act applies to 100% of the proceeds of sales of biodiesel blends with no less than 1% and no more than 10% biodiesel made during that time.

With respect to 100% biodiesel, as defined in the Use Tax Act, and biodiesel blends, as defined in the Use Tax Act, with more than 10% but no more than 99% biodiesel, the tax imposed by this Act does not apply to the proceeds of the selling price of property transferred as an incident to the sale of service on or after July 1, 2003 and on or before December 31, 2013 but applies to 100% of the selling price thereafter.

At the election of any registered serviceman made for each fiscal year, sales of service in which the aggregate annual cost price of tangible personal property transferred as an incident to the sales of service is less than 35%, or 75% in the case of servicemen transferring prescription drugs or servicemen engaged in graphic arts production, of the aggregate annual total gross receipts from all sales of service, the tax imposed by this Act shall be based on the serviceman's cost price of the tangible personal property transferred as an incident to the sale of those services.

The tax shall be imposed at the rate of 1% on food prepared for immediate consumption and transferred incident to a sale of service subject to this Act or the Service Occupation Tax Act by an entity licensed under the Hospital Licensing Act, the Nursing Home Care Act, or the Child Care Act of 1969. The tax shall also be imposed at the rate of 1% on food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food that has been prepared for immediate consumption and is not otherwise included in this paragraph) and prescription and nonprescription medicines, drugs, medical appliances, modifications to a motor vehicle for the purpose of rendering it usable by a disabled person, and insulin, urine testing materials, syringes, and needles used by diabetics, for human use. For the purposes of this Section, until August 1, 2009: the term "soft drinks" means any complete, finished, ready-to-use, non-alcoholic drink, whether carbonated or not, including but not limited to soda water, cola, fruit juice, vegetable juice, carbonated water, and all other preparations

commonly known as soft drinks of whatever kind or description that are contained in any closed or sealed bottle, can, carton, or container, regardless of size; but "soft drinks" does not include coffee, tea, non-carbonated water, infant formula, milk or milk products as defined in the Grade A Pasteurized Milk and Milk Products Act, or drinks containing 50% or more natural fruit or vegetable juice.

Notwithstanding any other provisions of this Act, beginning August 1, 2009, "soft drinks" mean non-alcoholic beverages that contain natural or artificial sweeteners. "Soft drinks" do not include beverages that contain milk or milk products, soy, rice or similar milk substitutes, or greater than 50% of vegetable or fruit juice by volume.

Notwithstanding any other provisions of this Act, "food for human consumption that is to be consumed off the premises where it is sold" includes all food sold through a vending machine, except soft drinks, candy, and food products that are dispensed hot from a vending machine, regardless of the location of the vending machine.

Notwithstanding any other provisions of this Act, beginning August 1, 2009, "food for human consumption that is to be consumed off the premises where it is sold" does not include candy. For purposes of this Section, "candy" means a preparation of sugar, honey, or other natural or artificial sweeteners in combination with chocolate, fruits, nuts or other ingredients or flavorings in the form of bars, drops, or pieces. "Candy" does not include any preparation that contains flour or requires refrigeration.

Notwithstanding any other provisions of this Act, beginning August 1, 2009, "nonprescription medicines and drugs" does not include grooming and hygiene products. For purposes of this Section, "grooming and hygiene products" includes, but is not limited to, soaps and cleaning solutions, shampoo, toothpaste, mouthwash, antiperspirants, and sun tan lotions and screens, unless those products are available by prescription only, regardless of whether the products meet the definition of "over-the-counter-drugs". For the purposes of this paragraph, "over-the-counter-drug" means a drug for human use that contains a label that identifies the product as a drug as required by 21 C.F.R. § 201.66. The "over-the-counter-drug" label includes:

(A) A "Drug Facts" panel; or

(B) A statement of the "active ingredient(s)" with a list of those ingredients contained in the compound, substance or preparation.

If the property that is acquired from a serviceman is acquired outside Illinois and used outside Illinois before being brought to Illinois for use here and is taxable under this Act, the "selling price" on which the tax is computed shall be reduced by an amount that represents a reasonable allowance for depreciation for the period of prior out-of-state use.

Sec. 9. Each serviceman required or authorized to collect the tax herein imposed shall pay to the Department the amount of such tax (except as otherwise provided) at the time when he is required to file his return for the period during which such tax was collected, less a discount of 2.1% prior to January 1, 1990 and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the serviceman for expenses incurred in collecting the tax, keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. A serviceman need not remit that part of any tax collected by him to the extent that he is required to pay and does pay the tax imposed by the Service Occupation Tax Act with respect to his sale of service involving the incidental transfer by him of the same property.

Except as provided hereinafter in this Section, on or before the twentieth day of each calendar month, such serviceman shall file a return for the preceding calendar month in accordance with reasonable Rules and Regulations to be promulgated by the Department. Such return shall be filed on a form prescribed by the Department and shall contain such information as the Department may reasonably require.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;
2. The address of the principal place of business from which he engages in business as a serviceman in this State;
3. The total amount of taxable receipts received by him during the preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;
5. The amount of tax due;

5-5. The signature of the taxpayer; and
6. Such other reasonable information as the Department may require.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of $150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of $100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of $50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of $200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" means the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

If the serviceman is otherwise required to file a monthly return and if the serviceman's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the serviceman is otherwise required to file a monthly or quarterly return and if the serviceman's average monthly tax liability to the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a serviceman may file his return, in the case of any serviceman who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such serviceman shall file a final return under this Act with the Department not more than 1 month after discontinuing such business.

Where a serviceman collects the tax with respect to the selling price of property which he sells and the purchaser thereafter returns such property and the serviceman refunds the selling price thereof to the purchaser, such serviceman shall also refund, to the purchaser, the tax so collected from the purchaser. When filing his return for the period in which he refunds such tax to the purchaser, the serviceman may deduct the amount of the tax so refunded by him to the purchaser from any other Service Use Tax, Service Occupation Tax, retailers' occupation tax or use tax which such serviceman may be required to pay or remit to the Department, as shown by such return, provided that the amount of the tax to be deducted shall previously have been remitted to the Department by such serviceman. If the serviceman shall not previously have remitted the

amount of such tax to the Department, he shall be entitled to no deduction hereunder upon refunding such tax to the purchaser.

Any serviceman filing a return hereunder shall also include the total tax upon the selling price of tangible personal property purchased for use by him as an incident to a sale of service, and such serviceman shall remit the amount of such tax to the Department when filing such return.

If experience indicates such action to be practicable, the Department may prescribe and furnish a combination or joint return which will enable servicemen, who are required to file returns hereunder and also under the Service Occupation Tax Act, to furnish all the return information required by both Acts on the one form.

Where the serviceman has more than one business registered with the Department under separate registration hereunder, such serviceman shall not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Tax Reform Fund, a special fund in the State Treasury, the net revenue realized for the preceding month from the 1% tax on sales of food for human consumption which is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food which has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes and needles used by diabetics.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Sales Tax Reform Fund 20% of the net revenue realized for the preceding month from the 6.25% general rate on transfers of tangible personal property, other than tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Beginning August 1, 2000, each month the Department shall pay into the State and Local Sales Tax Reform Fund 100% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol.

Beginning September 1, 2009, each month the Department shall pay into the Capital Projects Fund an amount that is equal to an amount estimated by the Department to represent 80% of the net revenue realized for the preceding month from the sale of candy, grooming and hygiene

products, and soft drinks that had been taxed at a rate of 1% prior to August 1, 2009 but that is now taxed at 6.25%.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to Section 3 of the Retailers' Occupation Tax Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act, such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall be less than the Annual Specified Amount (as defined in Section 3 of the Retailers' Occupation Tax Act), an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and further provided, that if on the last business day of any month the sum of (1) the Tax Act Amount required to be deposited into the Build Illinois Bond Account in the Build Illinois Fund during such month and (2) the amount transferred during such month to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall have been less than 1/12 of the Annual Specified Amount, an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and, further provided, that in no event shall the payments required under the preceding proviso result in aggregate payments into the Build Illinois Fund pursuant to this clause (b) for any fiscal year in excess of the greater of (i) the Tax Act Amount or (ii) the Annual Specified Amount for such fiscal year; and, further provided, that the amounts payable into the Build Illinois Fund under this clause (b) shall be payable only until such time as the aggregate amount on deposit under each trust indenture securing Bonds issued and outstanding pursuant to the Build Illinois Bond Act is sufficient, taking into account any future investment income, to fully provide, in accordance with such indenture, for the defeasance of or the payment of the principal of, premium, if any, and interest on the Bonds secured by such indenture and on any Bonds expected to be issued thereafter and all fees and costs payable with respect

thereunto, all as certified by the Director of the Bureau of the Budget (now Governor's Office of Management and Budget). If on the last business day of any month in which Bonds are outstanding pursuant to the Build Illinois Bond Act, the aggregate of the moneys deposited in the Build Illinois Bond Account in the Build Illinois Fund in such month shall be less than the amount required to be transferred in such month from the Build Illinois Bond Account to the Build Illinois Bond Retirement and Interest Fund pursuant to Section 13 of the Build Illinois Bond Act, an amount equal to such deficiency shall be immediately paid from other moneys received by the Department pursuant to the Tax Acts to the Build Illinois Fund; provided, however, that any amounts paid to the Build Illinois Fund in any fiscal year pursuant to this sentence shall be deemed to constitute payments pursuant to clause (b) of the preceding sentence and shall reduce the amount otherwise payable for such fiscal year pursuant to clause (b) of the preceding sentence. The moneys received by the Department pursuant to this Act and required to be deposited into the Build Illinois Fund are subject to the pledge, claim and charge set forth in Section 12 of the Build Illinois Bond Act.

Subject to payment of amounts into the Build Illinois Fund as provided in the preceding paragraph or in any amendment thereto hereafter enacted, the following specified monthly installment of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority provided under Section 8.25f of the State Finance Act, but not in excess of the sums designated as "Total Deposit", shall be deposited in the aggregate from collections under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act into the McCormick Place Expansion Project Fund in the specified fiscal years.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning July 1, 1993, the Department shall each month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning with the receipt of the first report of taxes paid by an eligible business and continuing for a 25-year period, the Department shall each month pay into the Energy Infrastructure Fund 80% of the net revenue realized from the 6.25% general rate on the selling price of Illinois-mined coal that was sold to an eligible business. For purposes of this paragraph, the term "eligible business" means a new electric generating facility certified pursuant to Section 605-332 of the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois.

All remaining moneys received by the Department pursuant to this Act shall be paid into the General Revenue Fund of the State Treasury.

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue realized under this Act for the second preceding month. Beginning April 1, 2000, this transfer is no longer required and shall not be made.

Section 920. The Service Occupation Tax Act is amended by changing Sections 3-10 and 9 as follows:

(35 ILCS 115/3-10) (from Ch. 120, par. 439.103-10)

Sec. 3-10. Rate of tax. Unless otherwise provided in this Section, the tax imposed by this Act is at the rate of 6.25% of the "selling price", as defined in Section 2 of the Service Use Tax Act, of the tangible personal

property. For the purpose of computing this tax, in no event shall the "selling price" be less than the cost price to the serviceman of the tangible personal property transferred. The selling price of each item of tangible personal property transferred as an incident of a sale of service may be shown as a distinct and separate item on the serviceman's billing to the service customer. If the selling price is not so shown, the selling price of the tangible personal property is deemed to be 50% of the serviceman's entire billing to the service customer. When, however, a serviceman contracts to design, develop, and produce special order machinery or equipment, the tax imposed by this Act shall be based on the serviceman's cost price of the tangible personal property transferred incident to the completion of the contract.

Beginning on July 1, 2000 and through December 31, 2000, with respect to motor fuel, as defined in Section 1.1 of the Motor Fuel Tax Law, and gasohol, as defined in Section 3-40 of the Use Tax Act, the tax is imposed at the rate of 1.25%.

With respect to gasohol, as defined in the Use Tax Act, the tax imposed by this Act shall apply to (i) 70% of the cost price of property transferred as an incident to the sale of service on or after January 1, 1990, and before July 1, 2003, (ii) 80% of the selling price of property transferred as an incident to the sale of service on or after July 1, 2003 and on or before December 31, 2013, and (iii) 100% of the cost price thereafter. If, at any time, however, the tax under this Act on sales of gasohol, as defined in the Use Tax Act, is imposed at the rate of 1.25%, then the tax imposed by this Act applies to 100% of the proceeds of sales of gasohol made during that time.

With respect to majority blended ethanol fuel, as defined in the Use Tax Act, the tax imposed by this Act does not apply to the selling price of property transferred as an incident to the sale of service on or after July 1, 2003 and on or before December 31, 2013 but applies to 100% of the selling price thereafter.

With respect to biodiesel blends, as defined in the Use Tax Act, with no less than 1% and no more than 10% biodiesel, the tax imposed by this Act applies to (i) 80% of the selling price of property transferred as an incident to the sale of service on or after July 1, 2003 and on or before December 31, 2013 and (ii) 100% of the proceeds of the selling price thereafter. If, at any time, however, the tax under this Act on sales of biodiesel blends, as defined in the Use Tax Act, with no less than 1% and no more than 10% biodiesel is imposed at the rate of 1.25%, then the tax

imposed by this Act applies to 100% of the proceeds of sales of biodiesel blends with no less than 1% and no more than 10% biodiesel made during that time.

With respect to 100% biodiesel, as defined in the Use Tax Act, and biodiesel blends, as defined in the Use Tax Act, with more than 10% but no more than 99% biodiesel material, the tax imposed by this Act does not apply to the proceeds of the selling price of property transferred as an incident to the sale of service on or after July 1, 2003 and on or before December 31, 2013 but applies to 100% of the selling price thereafter.

At the election of any registered serviceman made for each fiscal year, sales of service in which the aggregate annual cost price of tangible personal property transferred as an incident to the sales of service is less than 35%, or 75% in the case of servicemen transferring prescription drugs or servicemen engaged in graphic arts production, of the aggregate annual total gross receipts from all sales of service, the tax imposed by this Act shall be based on the serviceman's cost price of the tangible personal property transferred incident to the sale of those services.

The tax shall be imposed at the rate of 1% on food prepared for immediate consumption and transferred incident to a sale of service subject to this Act or the Service Occupation Tax Act by an entity licensed under the Hospital Licensing Act, the Nursing Home Care Act, or the Child Care Act of 1969. The tax shall also be imposed at the rate of 1% on food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food that has been prepared for immediate consumption and is not otherwise included in this paragraph) and prescription and nonprescription medicines, drugs, medical appliances, modifications to a motor vehicle for the purpose of rendering it usable by a disabled person, and insulin, urine testing materials, syringes, and needles used by diabetics, for human use. For the purposes of this Section, until August 1, 2009: the term "soft drinks" means any complete, finished, ready-to-use, non-alcoholic drink, whether carbonated or not, including but not limited to soda water, cola, fruit juice, vegetable juice, carbonated water, and all other preparations commonly known as soft drinks of whatever kind or description that are contained in any closed or sealed can, carton, or container, regardless of size; but "soft drinks" does not include coffee, tea, non-carbonated water, infant formula, milk or milk products as defined in the Grade A Pasteurized Milk and Milk Products Act, or drinks containing 50% or more natural fruit or vegetable juice.

New matter indicated by italics - deletions by strikeout.
Notwithstanding any other provisions of this Act, beginning August 1, 2009, "soft drinks" mean non-alcoholic beverages that contain natural or artificial sweeteners. "Soft drinks" do not include beverages that contain milk or milk products, soy, rice or similar milk substitutes, or greater than 50% of vegetable or fruit juice by volume.

Notwithstanding any other provisions of this Act, "food for human consumption that is to be consumed off the premises where it is sold" includes all food sold through a vending machine, except soft drinks, candy, and food products that are dispensed hot from a vending machine, regardless of the location of the vending machine.

Notwithstanding any other provisions of this Act, beginning August 1, 2009, "food for human consumption that is to be consumed off the premises where it is sold" does not include candy. For purposes of this Section, "candy" means a preparation of sugar, honey, or other natural or artificial sweeteners in combination with chocolate, fruits, nuts or other ingredients or flavorings in the form of bars, drops, or pieces. "Candy" does not include any preparation that contains flour or requires refrigeration.

Notwithstanding any other provisions of this Act, beginning August 1, 2009, "nonprescription medicines and drugs" does not include grooming and hygiene products. For purposes of this Section, "grooming and hygiene products" includes, but is not limited to, soaps and cleaning solutions, shampoo, toothpaste, mouthwash, antiperspirants, and sun tan lotions and screens, unless those products are available by prescription only, regardless of whether the products meet the definition of "over-the-counter-drugs". For the purposes of this paragraph, "over-the-counter-drug" means a drug for human use that contains a label that identifies the product as a drug as required by 21 C.F.R. § 201.66. The "over-the-counter-drug" label includes:

(A) A "Drug Facts" panel; or
(B) A statement of the "active ingredient(s)" with a list of those ingredients contained in the compound, substance or preparation.

Sec. 9. Each serviceman required or authorized to collect the tax herein imposed shall pay to the Department the amount of such tax at the time when he is required to file his return for the period during which such tax was collectible, less a discount of 2.1% prior to January 1, 1990, and

Where such tangible personal property is sold under a conditional sales contract, or under any other form of sale wherein the payment of the principal sum, or a part thereof, is extended beyond the close of the period for which the return is filed, the serviceman, in collecting the tax may collect, for each tax return period, only the tax applicable to the part of the selling price actually received during such tax return period.

Except as provided hereinafter in this Section, on or before the twentieth day of each calendar month, such serviceman shall file a return for the preceding calendar month in accordance with reasonable rules and regulations to be promulgated by the Department of Revenue. Such return shall be filed on a form prescribed by the Department and shall contain such information as the Department may reasonably require.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;
2. The address of the principal place of business from which he engages in business as a serviceman in this State;
3. The total amount of taxable receipts received by him during the preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;
5. The amount of tax due;
5-5. The signature of the taxpayer; and
6. Such other reasonable information as the Department may require.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

from a purchaser in satisfaction of Service Use Tax as provided in Section 3-70 of the Service Use Tax Act if the purchaser provides the appropriate documentation as required by Section 3-70 of the Service Use Tax Act. A Manufacturer's Purchase Credit certification, accepted prior to October 1, 2003 or on or after September 1, 2004 by a serviceman as provided in Section 3-70 of the Service Use Tax Act, may be used by that serviceman to satisfy Service Occupation Tax liability in the amount claimed in the certification, not to exceed 6.25% of the receipts subject to tax from a qualifying purchase. A Manufacturer's Purchase Credit reported on any original or amended return filed under this Act after October 20, 2003 for reporting periods prior to September 1, 2004 shall be disallowed. Manufacturer's Purchase Credit reported on annual returns due on or after January 1, 2005 will be disallowed for periods prior to September 1, 2004. No Manufacturer's Purchase Credit may be used after September 30, 2003 through August 31, 2004 to satisfy any tax liability imposed under this Act, including any audit liability.

If the serviceman's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the serviceman's average monthly tax liability to the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a serviceman may file his return, in the case of any serviceman who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such serviceman shall file a final return under this Act with the Department not more than 1 month after discontinuing such business.

required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of $100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of $50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of $200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" means the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

Where a serviceman collects the tax with respect to the selling price of tangible personal property which he sells and the purchaser thereafter returns such tangible personal property and the serviceman refunds the selling price thereof to the purchaser, such serviceman shall also refund, to the purchaser, the tax so collected from the purchaser.

When filing his return for the period in which he refunds such tax to the purchaser, the serviceman may deduct the amount of the tax so refunded by him to the purchaser from any other Service Occupation Tax, Service Use Tax, Retailers’ Occupation Tax or Use Tax which such serviceman may be required to pay or remit to the Department, as shown by such return, provided that the amount of the tax to be deducted shall previously have been remitted to the Department by such serviceman. If the serviceman shall not previously have remitted the amount of such tax to the Department, he shall be entitled to no deduction hereunder upon refunding such tax to the purchaser.

If experience indicates such action to be practicable, the Department may prescribe and furnish a combination or joint return which will enable servicemen, who are required to file returns hereunder and also under the Retailers’ Occupation Tax Act, the Use Tax Act or the Service Use Tax Act, to furnish all the return information required by all said Acts on the one form.

Where the serviceman has more than one business registered with the Department under separate registrations hereunder, such serviceman shall file separate returns for each registered business.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund the revenue realized for the preceding month from the 1% tax on sales of food for human consumption which is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food which has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes and needles used by diabetics.

Beginning January 1, 1990, each month the Department shall pay into the County and Mass Transit District Fund 4% of the revenue realized for the preceding month from the 6.25% general rate.

Beginning August 1, 2000, each month the Department shall pay into the County and Mass Transit District Fund 20% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund 16% of the revenue realized for the preceding month from the 6.25% general rate on transfers of tangible personal property.

New matter indicated by italics - deletions by strikeout.
Beginning August 1, 2000, each month the Department shall pay into the Local Government Tax Fund 80% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol.

Beginning September 1, 2009, each month the Department shall pay into the Capital Projects Fund an amount that is equal to an amount estimated by the Department to represent 80% of the net revenue realized for the preceding month from the sale of candy, grooming and hygiene products, and soft drinks that had been taxed at a rate of 1% prior to August 1, 2009 but that is now taxed at 6.25%.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to Section 3 of the Retailers' Occupation Tax Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act, such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall be less than the Annual Specified Amount (as defined in Section 3 of the Retailers' Occupation Tax Act), an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and further provided, that if on the last business day of any month the sum of (1) the Tax Act Amount required to be deposited into the Build Illinois Account in the Build Illinois Fund during such month and (2) the amount transferred during such month to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall have been less than 1/12 of the Annual Specified Amount, an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and, further provided, that in no event shall the payments required under the preceding proviso result in aggregate payments into the Build Illinois Fund pursuant to this clause (b) for any fiscal year in excess of the greater of (i) the Tax Act Amount or (ii) the Annual Specified Amount for such fiscal year; and, further provided, that

the amounts payable into the Build Illinois Fund under this clause (b) shall be payable only until such time as the aggregate amount on deposit under each trust indenture securing Bonds issued and outstanding pursuant to the Build Illinois Bond Act is sufficient, taking into account any future investment income, to fully provide, in accordance with such indenture, for the defeasance of or the payment of the principal of, premium, if any, and interest on the Bonds secured by such indenture and on any Bonds expected to be issued thereafter and all fees and costs payable with respect thereto, all as certified by the Director of the Bureau of the Budget (now Governor's Office of Management and Budget). Beginning July 20, 1993 and in each month of each fiscal year thereafter, one-eighth of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority for that fiscal year, less the amount deposited into the McCormick Place Expansion Project Fund by the State Treasurer in the respective month under subsection (g) of Section 13 of the Metropolitan Pier and Exposition Authority Act, plus cumulative deficiencies in the deposits required under this Section for previous months and years, shall be deposited into the McCormick Place Expansion Project Fund, until the full amount requested for the fiscal year, but not in excess of the amount specified above as "Total Deposit", has been deposited.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning July 1, 1993, the Department shall each month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning with the receipt of the first report of taxes paid by an eligible business and continuing for a 25-year period, the Department shall each month pay into the Energy Infrastructure Fund 80% of the net revenue realized from the 6.25% general rate on the selling price of Illinois-mined coal that was sold to an eligible business. For purposes of this paragraph, the term "eligible business" means a new electric generating facility certified pursuant to Section 605-332 of the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois.

Remaining moneys received by the Department pursuant to this Act shall be paid into the General Revenue Fund of the State Treasury.

The Department may, upon separate written notice to a taxpayer, require the taxpayer to prepare and file with the Department on a form prescribed by the Department within not less than 60 days after receipt of the notice an annual information return for the tax year specified in the notice. Such annual return to the Department shall include a statement of gross receipts as shown by the taxpayer's last Federal income tax return. If the total receipts of the business as reported in the Federal income tax return do not agree with the gross receipts reported to the Department of

Revenue for the same period, the taxpayer shall attach to his annual return a schedule showing a reconciliation of the 2 amounts and the reasons for the difference. The taxpayer's annual return to the Department shall also disclose the cost of goods sold by the taxpayer during the year covered by such return, opening and closing inventories of such goods for such year, cost of goods used from stock or taken from stock and given away by the taxpayer during such year, pay roll information of the taxpayer's business during such year and any additional reasonable information which the Department deems would be helpful in determining the accuracy of the monthly, quarterly or annual returns filed by such taxpayer as hereinbefore provided for in this Section.

If the annual information return required by this Section is not filed when and as required, the taxpayer shall be liable as follows:

(i) Until January 1, 1994, the taxpayer shall be liable for a penalty equal to 1/6 of 1% of the tax due from such taxpayer under this Act during the period to be covered by the annual return for each month or fraction of a month until such return is filed as required, the penalty to be assessed and collected in the same manner as any other penalty provided for in this Act.

(ii) On and after January 1, 1994, the taxpayer shall be liable for a penalty as described in Section 3-4 of the Uniform Penalty and Interest Act.

The chief executive officer, proprietor, owner or highest ranking manager shall sign the annual return to certify the accuracy of the information contained therein. Any person who willfully signs the annual return containing false or inaccurate information shall be guilty of perjury and punished accordingly. The annual return form prescribed by the Department shall include a warning that the person signing the return may be liable for perjury.

The foregoing portion of this Section concerning the filing of an annual information return shall not apply to a serviceman who is not required to file an income tax return with the United States Government.

Beginning April 1, 2000, this transfer is no longer required and shall not be made.

Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for overpayment of liability.

For greater simplicity of administration, it shall be permissible for manufacturers, importers and wholesalers whose products are sold by numerous servicemen in Illinois, and who wish to do so, to assume the responsibility for accounting and paying to the Department all tax accruing under this Act with respect to such sales, if the servicemen who are affected do not make written objection to the Department to this arrangement.

Section 925. The Retailers' Occupation Tax Act is amended by changing Sections 2-10 and 3 as follows:

(35 ILCS 120/2-10) (from Ch. 120, par. 441-10)

Sec. 2-10. Rate of tax. Unless otherwise provided in this Section, the tax imposed by this Act is at the rate of 6.25% of gross receipts from sales of tangible personal property made in the course of business.

Beginning on July 1, 2000 and through December 31, 2000, with respect to motor fuel, as defined in Section 1.1 of the Motor Fuel Tax Law, and gasohol, as defined in Section 3-40 of the Use Tax Act, the tax is imposed at the rate of 1.25%.

Within 14 days after the effective date of this amendatory Act of the 91st General Assembly, each retailer of motor fuel and gasohol shall cause the following notice to be posted in a prominently visible place on each retail dispensing device that is used to dispense motor fuel or gasohol in the State of Illinois: "As of July 1, 2000, the State of Illinois has eliminated the State's share of sales tax on motor fuel and gasohol through December 31, 2000. The price on this pump should reflect the elimination of the tax." The notice shall be printed in bold print on a sign that is no smaller than 4 inches by 8 inches. The sign shall be clearly visible to customers. Any retailer who fails to post or maintain a required sign through December 31, 2000 is guilty of a petty offense for which the fine shall be $500 per day per each retail premises where a violation occurs.

With respect to gasohol, as defined in the Use Tax Act, the tax imposed by this Act applies to (i) 70% of the proceeds of sales made on or after January 1, 1990, and before July 1, 2003, (ii) 80% of the proceeds of sales made on or after July 1, 2003 and on or before December 31, 2013, and (iii) 100% of the proceeds of sales made thereafter. If, at any time,
however, the tax under this Act on sales of gasohol, as defined in the Use Tax Act, is imposed at the rate of 1.25%, then the tax imposed by this Act applies to 100% of the proceeds of sales of gasohol made during that time.

With respect to majority blended ethanol fuel, as defined in the Use Tax Act, the tax imposed by this Act does not apply to the proceeds of sales made on or after July 1, 2003 and on or before December 31, 2013 but applies to 100% of the proceeds of sales made thereafter.

With respect to biodiesel blends, as defined in the Use Tax Act, with no less than 1% and no more than 10% biodiesel, the tax imposed by this Act applies to (i) 80% of the proceeds of sales made on or after July 1, 2003 and on or before December 31, 2013 and (ii) 100% of the proceeds of sales made thereafter. If, at any time, however, the tax under this Act on sales of biodiesel blends, as defined in the Use Tax Act, with no less than 1% and no more than 10% biodiesel is imposed at the rate of 1.25%, then the tax imposed by this Act applies to 100% of the proceeds of sales of biodiesel blends with no less than 1% and no more than 10% biodiesel made during that time.

With respect to 100% biodiesel, as defined in the Use Tax Act, and biodiesel blends, as defined in the Use Tax Act, with more than 10% but no more than 99% biodiesel, the tax imposed by this Act does not apply to the proceeds of sales made on or after July 1, 2003 and on or before December 31, 2013 but applies to 100% of the proceeds of sales made thereafter.

With respect to food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food that has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances, modifications to a motor vehicle for the purpose of rendering it usable by a disabled person, and insulin, urine testing materials, syringes, and needles used by diabetics, for human use, the tax is imposed at the rate of 1%. For the purposes of this Section, until August 1, 2009: the term "soft drinks" means any complete, finished, ready-to-use, non-alcoholic drink, whether carbonated or not, including but not limited to soda water, cola, fruit juice, vegetable juice, carbonated water, and all other preparations commonly known as soft drinks of whatever kind or description that are contained in any closed or sealed bottle, can, carton, or container, regardless of size; but "soft drinks" does not include coffee, tea, non-carbonated water, infant formula, milk or milk products as
defined in the Grade A Pasteurized Milk and Milk Products Act, or drinks containing 50% or more natural fruit or vegetable juice.

Notwithstanding any other provisions of this Act, beginning August 1, 2009, "soft drinks" mean non-alcoholic beverages that contain natural or artificial sweeteners. "Soft drinks" do not include beverages that contain milk or milk products, soy, rice or similar milk substitutes, or greater than 50% of vegetable or fruit juice by volume.

Notwithstanding any other provisions of this Act, "food for human consumption that is to be consumed off the premises where it is sold" includes all food sold through a vending machine, except soft drinks, candy, and food products that are dispensed hot from a vending machine, regardless of the location of the vending machine.

Notwithstanding any other provisions of this Act, beginning August 1, 2009, "food for human consumption that is to be consumed off the premises where it is sold" does not include candy. For purposes of this Section, "candy" means a preparation of sugar, honey, or other natural or artificial sweeteners in combination with chocolate, fruits, nuts or other ingredients or flavorings in the form of bars, drops, or pieces. "Candy" does not include any preparation that contains flour or requires refrigeration.

Notwithstanding any other provisions of this Act, beginning August 1, 2009, "nonprescription medicines and drugs" does not include grooming and hygiene products. For purposes of this Section, "grooming and hygiene products" includes, but is not limited to, soaps and cleaning solutions, shampoo, toothpaste, mouthwash, antiperspirants, and sun tan lotions and screens, unless those products are available by prescription only, regardless of whether the products meet the definition of "over-the-counter-drugs". For the purposes of this paragraph, "over-the-counter-drug" means a drug for human use that contains a label that identifies the product as a drug as required by 21 C.F.R. § 201.66. The "over-the-counter-drug" label includes:

(A) A "Drug Facts" panel; or
(B) A statement of the "active ingredient(s)" with a list of those ingredients contained in the compound, substance or preparation.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;
2. The address of the principal place of business from which he engages in the business of selling tangible personal property at retail in this State;

For the purposes of this

paragraph, the term "alcoholic liquor" shall have the meaning prescribed in the Liquor Control Act of 1934.

Beginning on October 1, 2003, every distributor, importing distributor, and manufacturer of alcoholic liquor as defined in the Liquor Control Act of 1934, shall file a statement with the Department of Revenue, no later than the 10th day of the month for the preceding month during which transactions occurred, by electronic means, showing the total amount of gross receipts from the sale of alcoholic liquor sold or distributed during the preceding month to purchasers; identifying the purchaser to whom it was sold or distributed; the purchaser's tax registration number; and such other information reasonably required by the Department. A distributor, importing distributor, or manufacturer of alcoholic liquor must personally deliver, mail, or provide by electronic means to each retailer listed on the monthly statement a report containing a cumulative total of that distributor's, importing distributor's, or manufacturer's total sales of alcoholic liquor to that retailer no later than the 10th day of the month for the preceding month during which the transaction occurred. The distributor, importing distributor, or manufacturer shall notify the retailer as to the method by which the distributor, importing distributor, or manufacturer will provide the sales information. If the retailer is unable to receive the sales information by electronic means, the distributor, importing distributor, or manufacturer shall furnish the sales information by personal delivery or by mail. For purposes of this paragraph, the term "electronic means" includes, but is not limited to, the use of a secure Internet website, e-mail, or facsimile.

If a total amount of less than $1 is payable, refundable or creditable, such amount shall be disregarded if it is less than 50 cents and shall be increased to $1 if it is 50 cents or more.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of $150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of $100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of $50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of $200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability"
shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

Any amount which is required to be shown or reported on any return or other document under this Act shall, if such amount is not a whole-dollar amount, be increased to the nearest whole-dollar amount in any case where the fractional part of a dollar is 50 cents or more, and decreased to the nearest whole-dollar amount where the fractional part of a dollar is less than 50 cents.

If the retailer is otherwise required to file a monthly return and if the retailer's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by
October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the retailer is otherwise required to file a monthly or quarterly return and if the retailer's average monthly tax liability with the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a retailer may file his return, in the case of any retailer who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such retailer shall file a final return under this Act with the Department not more than one month after discontinuing such business.

Where the same person has more than one business registered with the Department under separate registrations under this Act, such person may not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

In addition, with respect to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, every retailer selling this kind of tangible personal property shall file, with the Department, upon a form to be prescribed and supplied by the Department, a separate return for each such item of tangible personal property which the retailer sells, except that if, in the same transaction, (i) a retailer of aircraft, watercraft, motor vehicles or trailers transfers more than one aircraft, watercraft, motor vehicle or trailer to another aircraft, watercraft, motor vehicle retailer or trailer retailer for the purpose of resale or (ii) a retailer of aircraft, watercraft, motor vehicle, or trailers transfers more than one aircraft, watercraft, motor vehicle, or trailer to a purchaser for use as a qualifying rolling stock as provided in Section 2-5 of this Act, then that seller may report the transfer of all aircraft, watercraft, motor vehicles or trailers involved in that transaction to the Department on the same uniform invoice-transaction reporting return form. For purposes of this Section, "watercraft" means a Class 2, Class 3, or Class 4 watercraft as defined in Section 3-2 of the Boat Registration and Safety Act, a personal watercraft, or any boat equipped with an inboard motor.

Any retailer who sells only motor vehicles, watercraft, aircraft, or trailers that are required to be registered with an agency of this State, so that all retailers' occupation tax liability is required to be reported, and is reported, on such transaction reporting returns and who is not otherwise required to file monthly or quarterly returns, need not file monthly or quarterly returns. However, those retailers shall be required to file returns on an annual basis.

The transaction reporting return, in the case of motor vehicles or trailers that are required to be registered with an agency of this State, shall be the same document as the Uniform Invoice referred to in Section 5-402 of The Illinois Vehicle Code and must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 1 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale; a sufficient identification of the property sold; such other information as is required in Section 5-402 of The Illinois Vehicle Code, and such other information as the Department may reasonably require.

The transaction reporting return in the case of watercraft or aircraft must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 1 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale, a sufficient identification of the property sold, and such other information as the Department may reasonably require.

Such transaction reporting return shall be filed not later than 20 days after the day of delivery of the item that is being sold, but may be
filed by the retailer at any time sooner than that if he chooses to do so. The transaction reporting return and tax remittance or proof of exemption from the Illinois use tax may be transmitted to the Department by way of the State agency with which, or State officer with whom the tangible personal property must be titled or registered (if titling or registration is required) if the Department and such agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

With each such transaction reporting return, the retailer shall remit the proper amount of tax due (or shall submit satisfactory evidence that the sale is not taxable if that is the case), to the Department or its agents, whereupon the Department shall issue, in the purchaser's name, a use tax receipt (or a certificate of exemption if the Department is satisfied that the particular sale is tax exempt) which such purchaser may submit to the agency with which, or State officer with whom, he must title or register the tangible personal property that is involved (if titling or registration is required) in support of such purchaser's application for an Illinois certificate or other evidence of title or registration to such tangible personal property.

No retailer's failure or refusal to remit tax under this Act precludes a user, who has paid the proper tax to the retailer, from obtaining his certificate of title or other evidence of title or registration (if titling or registration is required) upon satisfying the Department that such user has paid the proper tax (if tax is due) to the retailer. The Department shall adopt appropriate rules to carry out the mandate of this paragraph.

If the user who would otherwise pay tax to the retailer wants the transaction reporting return filed and the payment of the tax or proof of exemption made to the Department before the retailer is willing to take these actions and such user has not paid the tax to the retailer, such user may certify to the fact of such delay by the retailer and may (upon the Department being satisfied of the truth of such certification) transmit the information required by the transaction reporting return and the remittance for tax or proof of exemption directly to the Department and obtain his tax receipt or exemption determination, in which event the transaction reporting return and tax remittance (if a tax payment was required) shall be credited by the Department to the proper retailer's account with the Department, but without the 2.1% or 1.75% discount provided for in this Section being allowed. When the user pays the tax directly to the Department, he shall pay the tax in the same amount and in the same form

in which it would be remitted if the tax had been remitted to the Department by the retailer.

Refunds made by the seller during the preceding return period to purchasers, on account of tangible personal property returned to the seller, shall be allowed as a deduction under subdivision 5 of his monthly or quarterly return, as the case may be, in case the seller had theretofore included the receipts from the sale of such tangible personal property in a return filed by him and had paid the tax imposed by this Act with respect to such receipts.

Where the seller is a corporation, the return filed on behalf of such corporation shall be signed by the president, vice-president, secretary or treasurer or by the properly accredited agent of such corporation.

Where the seller is a limited liability company, the return filed on behalf of the limited liability company shall be signed by a manager, member, or properly accredited agent of the limited liability company.

Except as provided in this Section, the retailer filing the return under this Section shall, at the time of filing such return, pay to the Department the amount of tax imposed by this Act less a discount of 2.1% prior to January 1, 1990 and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the retailer for the expenses incurred in keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. Any prepayment made pursuant to Section 2d of this Act shall be included in the amount on which such 2.1% or 1.75% discount is computed. In the case of retailers who report and pay the tax on a transaction by transaction basis, as provided in this Section, such discount shall be taken with each such tax remittance instead of when such retailer files his periodic return.

Before October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act, excluding any liability for prepaid sales tax to be remitted in accordance with Section 2d of this Act, was $10,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. On and after October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act, excluding any liability

for prepaid sales tax to be remitted in accordance with Section 2d of this Act, was $20,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payment to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to January 1, 1985, each payment shall be in an amount equal to 1/4 of the taxpayer's actual liability for the month or an amount set by the Department not to exceed 1/4 of the average monthly liability of the taxpayer to the Department for the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability in such 4 quarter period). If the month during which such tax liability is incurred begins on or after January 1, 1985 and prior to January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1987 and prior to January 1, 1988, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1988, and prior to January 1, 1989, or begins on or after January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1989, and prior to January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year or 100% of the taxpayer's actual liability for the quarter monthly reporting period. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month. Before October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department by taxpayers having an average monthly tax liability of $10,000 or more as determined in the manner provided above shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than

$9,000, or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $10,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $10,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status.

On and after October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department by taxpayers having an average monthly tax liability of $20,000 or more as determined in the manner provided above shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $20,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $20,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. The Department shall change such taxpayer's reporting status unless it finds that such change is seasonal in nature and not likely to be long term. If any such quarter monthly payment is not paid at the time or in the amount required by this Section, then the taxpayer shall be liable for penalties and interest on the difference between the minimum amount due as a payment and the amount of such quarter monthly payment actually and timely paid, except insofar as the taxpayer has previously made payments for that month to the Department in excess of the minimum payments previously due as provided in this Section. The Department shall make reasonable rules and regulations to govern the quarter monthly payment amount and quarter monthly payment dates for taxpayers who file on other than a calendar monthly basis.

The provisions of this paragraph apply before October 1, 2001. Without regard to whether a taxpayer is required to make quarter monthly payments as specified above, any taxpayer who is required by Section 2d of this Act to collect and remit prepaid taxes and has collected prepaid taxes which average in excess of $25,000 per month during the preceding

2 complete calendar quarters, shall file a return with the Department as required by Section 2f and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to the effective date of this amendatory Act of 1985, each payment shall be in an amount not less than 22.5% of the taxpayer's actual liability under Section 2d. If the month during which such tax liability is incurred begins on or after January 1, 1986, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding calendar year. If the month during which such tax liability is incurred begins on or after January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month filed under this Section or Section 2f, as the case may be. Once applicable, the requirement of the making of quarter monthly payments to the Department pursuant to this paragraph shall continue until such taxpayer's average monthly prepaid tax collections during the preceding 2 complete calendar quarters is $25,000 or less. If any such quarter monthly payment is not paid at the time or in the amount required, the taxpayer shall be liable for penalties and interest on such difference, except insofar as the taxpayer has previously made payments for that month in excess of the minimum payments previously due.

The provisions of this paragraph apply on and after October 1, 2001. Without regard to whether a taxpayer is required to make quarter monthly payments as specified above, any taxpayer who is required by Section 2d of this Act to collect and remit prepaid taxes and has collected prepaid taxes that average in excess of $20,000 per month during the preceding 4 complete calendar quarters shall file a return with the Department as required by Section 2f and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which the liability is incurred. Each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. The amount of the quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month filed under this Section or Section 2f, as the case may be. Once applicable, the

requirement of the making of quarter monthly payments to the Department pursuant to this paragraph shall continue until the taxpayer's average monthly prepaid tax collections during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarters is less than $20,000. If any such quarter monthly payment is not paid at the time or in the amount required, the taxpayer shall be liable for penalties and interest on such difference, except insofar as the taxpayer has previously made payments for that month in excess of the minimum payments previously due.

If any payment provided for in this Section exceeds the taxpayer's liabilities under this Act, the Use Tax Act, the Service Occupation Tax Act and the Service Use Tax Act, as shown on an original monthly return, the Department shall, if requested by the taxpayer, issue to the taxpayer a credit memorandum no later than 30 days after the date of payment. The credit evidenced by such credit memorandum may be assigned by the taxpayer to a similar taxpayer under this Act, the Use Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations to be prescribed by the Department. If no such request is made, the taxpayer may credit such excess payment against tax liability subsequently to be remitted to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations prescribed by the Department. If the Department subsequently determined that all or any part of the credit taken was not actually due to the taxpayer, the taxpayer's 2.1% and 1.75% vendor's discount shall be reduced by 2.1% or 1.75% of the difference between the credit taken and that actually due, and that taxpayer shall be liable for penalties and interest on such difference.

If a retailer of motor fuel is entitled to a credit under Section 2d of this Act which exceeds the taxpayer's liability to the Department under this Act for the month which the taxpayer is filing a return, the Department shall issue the taxpayer a credit memorandum for the excess.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund, a special fund in the State treasury which is hereby created, the net revenue realized for the preceding month from the 1% tax on sales of food for human consumption which is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food which has been prepared for immediate

Beginning January 1, 1990, each month the Department shall pay into the County and Mass Transit District Fund, a special fund in the State treasury which is hereby created, 4% of the net revenue realized for the preceding month from the 6.25% general rate.

Beginning August 1, 2000, each month the Department shall pay into the County and Mass Transit District Fund 20% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund 16% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Beginning August 1, 2000, each month the Department shall pay into the Local Government Tax Fund 80% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol.

Beginning September 1, 2009, each month the Department shall pay into the Capital Projects Fund an amount that is equal to an amount estimated by the Department to represent 80% of the net revenue realized for the preceding month from the sale of candy, grooming and hygiene products, and soft drinks that had been taxed at a rate of 1% prior to August 1, 2009 but that is now taxed at 6.25%.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to this Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act, such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall be less than the Annual Specified Amount (as hereinafter defined), an amount equal to the difference shall be

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning July 1, 1993, the Department shall each month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning with the receipt of the first report of taxes paid by an eligible business and continuing for a 25-year period, the Department shall each month pay into the Energy Infrastructure Fund 80% of the net revenue realized from the 6.25% general rate on the selling price of Illinois-mined coal that was sold to an eligible business. For purposes of this paragraph, the term "eligible business" means a new electric generating facility certified pursuant to Section 605-332 of the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois.

Of the remainder of the moneys received by the Department pursuant to this Act, 75% thereof shall be paid into the State Treasury and 25% shall be reserved in a special account and used only for the transfer to the Common School Fund as part of the monthly transfer from the General Revenue Fund in accordance with Section 8a of the State Finance Act.

The Department may, upon separate written notice to a taxpayer, require the taxpayer to prepare and file with the Department on a form prescribed by the Department within not less than 60 days after receipt of the notice an annual information return for the tax year specified in the notice. Such annual return to the Department shall include a statement of gross receipts as shown by the retailer's last Federal income tax return. If the total receipts of the business as reported in the Federal income tax return do not agree with the gross receipts reported to the Department of Revenue for the same period, the retailer shall attach to his annual return a schedule showing a reconciliation of the 2 amounts and the reasons for the difference. The retailer's annual return to the Department shall also disclose the cost of goods sold by the retailer during the year covered by such return, opening and closing inventories of such goods for such year, costs of goods used from stock or taken from stock and given away by the retailer during such year, payroll information of the retailer's business during such year and any additional reasonable information which the

Department deems would be helpful in determining the accuracy of the monthly, quarterly or annual returns filed by such retailer as provided for in this Section.

If the annual information return required by this Section is not filed when and as required, the taxpayer shall be liable as follows:

(i) Until January 1, 1994, the taxpayer shall be liable for a penalty equal to 1/6 of 1% of the tax due from such taxpayer under this Act during the period to be covered by the annual return for each month or fraction of a month until such return is filed as required, the penalty to be assessed and collected in the same manner as any other penalty provided for in this Act.

(ii) On and after January 1, 1994, the taxpayer shall be liable for a penalty as described in Section 3-4 of the Uniform Penalty and Interest Act.

The chief executive officer, proprietor, owner or highest ranking manager shall sign the annual return to certify the accuracy of the information contained therein. Any person who willfully signs the annual return containing false or inaccurate information shall be guilty of perjury and punished accordingly. The annual return form prescribed by the Department shall include a warning that the person signing the return may be liable for perjury.

The provisions of this Section concerning the filing of an annual information return do not apply to a retailer who is not required to file an income tax return with the United States Government.

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue realized under this Act for the second preceding month. Beginning April 1, 2000, this transfer is no longer required and shall not be made.

Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for overpayment of liability.

Number of the merchant, the dates and location of the event and other
reasonable information that the Department may require. The report must
be filed not later than the 20th day of the month next following the month
during which the event with retail sales was held. Any person who fails to
file a report required by this Section commits a business offense and is
subject to a fine not to exceed $250.

Any person engaged in the business of selling tangible personal
property at retail as a concessionaire or other type of seller at the Illinois
State Fair, county fairs, art shows, flea markets and similar exhibitions or
events, or any transient merchants, as defined by Section 2 of the Transient
Merchant Act of 1987, may be required to make a daily report of the
amount of such sales to the Department and to make a daily payment of
the full amount of tax due. The Department shall impose this requirement
when it finds that there is a significant risk of loss of revenue to the State
at such an exhibition or event. Such a finding shall be based on evidence
that a substantial number of concessionaires or other sellers who are not
residents of Illinois will be engaging in the business of selling tangible
personal property at retail at the exhibition or event, or other evidence of a
significant risk of loss of revenue to the State. The Department shall notify
concessionaires and other sellers affected by the imposition of this
requirement. In the absence of notification by the Department, the
concessionaires and other sellers shall file their returns as otherwise
required in this Section.

money received by the Department under this Act, including payments made to the Department by member jurisdictions participating in the International Fuel Tax Agreement, shall be deposited in a special fund in the State treasury, to be known as the "Motor Fuel Tax Fund", and shall be used as follows:

(a) 2 1/2 cents per gallon of the tax collected on special fuel under paragraph (b) of Section 2 and Section 13a of this Act shall be transferred to the State Construction Account Fund in the State Treasury;

(b) $420,000 shall be transferred each month to the State Boating Act Fund to be used by the Department of Natural Resources for the purposes specified in Article X of the Boat Registration and Safety Act;

(c) $3,500,000 $2,250,000 shall be transferred each month to the Grade Crossing Protection Fund to be used as follows: not less than $12,000,000 $6,000,000 each fiscal year shall be used for the construction or reconstruction of rail highway grade separation structures; $2,250,000 in fiscal years 2004 through 2009 and $3,000,000 in fiscal year 2010 year 2004 and each fiscal year thereafter shall be transferred to the Transportation Regulatory Fund and shall be accounted for as part of the rail carrier portion of such funds and shall be used to pay the cost of administration of the Illinois Commerce Commission's railroad safety program in connection with its duties under subsection (3) of Section 18c-7401 of the Illinois Vehicle Code, with the remainder to be used by the Department of Transportation upon order of the Illinois Commerce Commission, to pay that part of the cost apportioned by such Commission to the State to cover the interest of the public in the use of highways, roads, streets, or pedestrian walkways in the county highway system, township and district road system, or municipal street system as defined in the Illinois Highway Code, as the same may from time to time be amended, for separation of grades, for installation, construction or reconstruction of crossing protection or reconstruction, alteration, relocation including construction or improvement of any existing highway necessary for access to property or improvement of any grade crossing and grade crossing surface including the necessary highway approaches thereto of any railroad across the highway or public road, or for the installation, construction, reconstruction, or maintenance of a pedestrian walkway over or under a railroad right-of-way, as provided for in and in accordance with Section 18c-7401 of the Illinois Vehicle Code. and up to $300,000 per year for the maintenance and renewal of 4-
quadrant gate vehicle detection systems located at non-high speed rail
grade crossings. The Commission shall not order more than $2,000,000
per year in Grade Crossing Protection Fund moneys for pedestrian
walkways. In entering orders for projects for which payments from the
Grade Crossing Protection Fund will be made, the Commission shall
account for expenditures authorized by the orders on a cash rather than an
accrual basis. For purposes of this requirement an "accrual basis" assumes
that the total cost of the project is expended in the fiscal year in which the
order is entered, while a "cash basis" allocates the cost of the project
among fiscal years as expenditures are actually made. To meet the
requirements of this subsection, the Illinois Commerce Commission shall
develop annual and 5-year project plans of rail crossing capital
improvements that will be paid for with moneys from the Grade Crossing
Protection Fund. The annual project plan shall identify projects for the
succeeding fiscal year and the 5-year project plan shall identify projects for
the 5 directly succeeding fiscal years. The Commission shall submit the
annual and 5-year project plans for this Fund to the Governor, the
President of the Senate, the Senate Minority Leader, the Speaker of the
House of Representatives, and the Minority Leader of the House of
Representatives on the first Wednesday in April of each year;

(d) of the amount remaining after allocations provided for in
subsections (a), (b) and (c), a sufficient amount shall be reserved to pay all
of the following:

(1) the costs of the Department of Revenue in administering
this Act;

(2) the costs of the Department of Transportation in
performing its duties imposed by the Illinois Highway Code for
supervising the use of motor fuel tax funds apportioned to
municipalities, counties and road districts;

(3) refunds provided for in Section 13 of this Act and under
the terms of the International Fuel Tax Agreement referenced in
Section 14a;

(4) from October 1, 1985 until June 30, 1994, the
administration of the Vehicle Emissions Inspection Law, which
amount shall be certified monthly by the Environmental Protection
Agency to the State Comptroller and shall promptly be transferred
by the State Comptroller and Treasurer from the Motor Fuel Tax
Fund to the Vehicle Inspection Fund, and for the period July 1,
1994 through June 30, 2000, one-twelfth of $25,000,000 each month, for the period July 1, 2000 through June 30, 2003, one-twelfth of $30,000,000 each month, and $15,000,000 on July 1, 2003, and $15,000,000 on January 1, 2004, and $15,000,000 on each July 1 and October 1, or as soon thereafter as may be practical, during the period July 1, 2004 through June 30, 2009, for the administration of the Vehicle Emissions Inspection Law of 2005, to be transferred by the State Comptroller and Treasurer from the Motor Fuel Tax Fund into the Vehicle Inspection Fund;

(5) amounts ordered paid by the Court of Claims; and

(6) payment of motor fuel use taxes due to member jurisdictions under the terms of the International Fuel Tax Agreement. The Department shall certify these amounts to the Comptroller by the 15th day of each month; the Comptroller shall cause orders to be drawn for such amounts, and the Treasurer shall administer those amounts on or before the last day of each month;

(e) after allocations for the purposes set forth in subsections (a), (b), (c) and (d), the remaining amount shall be apportioned as follows:

(1) Until January 1, 2000, 58.4%, and beginning January 1, 2000, 45.6% shall be deposited as follows:

(A) 37% into the State Construction Account Fund, and

(B) 63% into the Road Fund, $1,250,000 of which shall be reserved each month for the Department of Transportation to be used in accordance with the provisions of Sections 6-901 through 6-906 of the Illinois Highway Code;

(2) Until January 1, 2000, 41.6%, and beginning January 1, 2000, 54.4% shall be transferred to the Department of Transportation to be distributed as follows:

(A) 49.10% to the municipalities of the State,

(B) 16.74% to the counties of the State having 1,000,000 or more inhabitants,

(C) 18.27% to the counties of the State having less than 1,000,000 inhabitants,

(D) 15.89% to the road districts of the State.

As soon as may be after the first day of each month the Department of Transportation shall allot to each municipality its share of the amount apportioned to the several municipalities which shall be in proportion to

the population of such municipalities as determined by the last preceding municipal census if conducted by the Federal Government or Federal census. If territory is annexed to any municipality subsequent to the time of the last preceding census the corporate authorities of such municipality may cause a census to be taken of such annexed territory and the population so ascertained for such territory shall be added to the population of the municipality as determined by the last preceding census for the purpose of determining the allotment for that municipality. If the population of any municipality was not determined by the last Federal census preceding any apportionment, the apportionment to such municipality shall be in accordance with any census taken by such municipality. Any municipal census used in accordance with this Section shall be certified to the Department of Transportation by the clerk of such municipality, and the accuracy thereof shall be subject to approval of the Department which may make such corrections as it ascertains to be necessary.

As soon as may be after the first day of each month the Department of Transportation shall allot to each county its share of the amount apportioned to the several counties of the State as herein provided. Each allotment to the several counties having less than 1,000,000 inhabitants shall be in proportion to the amount of motor vehicle license fees received from the residents of such counties, respectively, during the preceding calendar year. The Secretary of State shall, on or before April 15 of each year, transmit to the Department of Transportation a full and complete report showing the amount of motor vehicle license fees received from the residents of each county, respectively, during the preceding calendar year. The Department of Transportation shall, each month, use for allotment purposes the last such report received from the Secretary of State.

As soon as may be after the first day of each month, the Department of Transportation shall allot to the several counties their share of the amount apportioned for the use of road districts. The allotment shall be apportioned among the several counties in the State in the proportion which the total mileage of township or district roads in the respective counties bears to the total mileage of all township and district roads in the State. Funds allotted to the respective counties for the use of road districts therein shall be allocated to the several road districts in the county in the proportion which the total mileage of such township or district roads in the respective road districts bears to the total mileage of all such township or district roads in the county. After July 1 of any year, no allocation shall be
made for any road district unless it levied a tax for road and bridge purposes in an amount which will require the extension of such tax against the taxable property in any such road district at a rate of not less than either .08% of the value thereof, based upon the assessment for the year immediately prior to the year in which such tax was levied and as equalized by the Department of Revenue or, in DuPage County, an amount equal to or greater than $12,000 per mile of road under the jurisdiction of the road district, whichever is less. If any road district has levied a special tax for road purposes pursuant to Sections 6-601, 6-602 and 6-603 of the Illinois Highway Code, and such tax was levied in an amount which would require extension at a rate of not less than .08% of the value of the taxable property thereof, as equalized or assessed by the Department of Revenue, or, in DuPage County, an amount equal to or greater than $12,000 per mile of road under the jurisdiction of the road district, whichever is less, such levy shall, however, be deemed a proper compliance with this Section and shall qualify such road district for an allotment under this Section. If a township has transferred to the road and bridge fund money which, when added to the amount of any tax levy of the road district would be the equivalent of a tax levy requiring extension at a rate of at least .08%, or, in DuPage County, an amount equal to or greater than $12,000 per mile of road under the jurisdiction of the road district, whichever is less, such transfer, together with any such tax levy, shall be deemed a proper compliance with this Section and shall qualify the road district for an allotment under this Section.

In counties in which a property tax extension limitation is imposed under the Property Tax Extension Limitation Law, road districts may retain their entitlement to a motor fuel tax allotment if, at the time the property tax extension limitation was imposed, the road district was levying a road and bridge tax at a rate sufficient to entitle it to a motor fuel tax allotment and continues to levy the maximum allowable amount after the imposition of the property tax extension limitation. Any road district may in all circumstances retain its entitlement to a motor fuel tax allotment if it levied a road and bridge tax in an amount that will require the extension of the tax against the taxable property in the road district at a rate of not less than 0.08% of the assessed value of the property, based upon the assessment for the year immediately preceding the year in which the tax was levied and as equalized by the Department of Revenue or, in DuPage County, an amount equal to or greater than $12,000 per mile of road under the jurisdiction of the road district, whichever is less.

New matter indicated by italics - deletions by strikeout.
As used in this Section the term "road district" means any road district, including a county unit road district, provided for by the Illinois Highway Code; and the term "township or district road" means any road in the township and district road system as defined in the Illinois Highway Code. For the purposes of this Section, "road district" also includes park districts, forest preserve districts and conservation districts organized under Illinois law and "township or district road" also includes such roads as are maintained by park districts, forest preserve districts and conservation districts. The Department of Transportation shall determine the mileage of all township and district roads for the purposes of making allotments and allocations of motor fuel tax funds for use in road districts.

Payment of motor fuel tax moneys to municipalities and counties shall be made as soon as possible after the allotment is made. The treasurer of the municipality or county may invest these funds until their use is required and the interest earned by these investments shall be limited to the same uses as the principal funds.

Every such bond, when duly executed and approved, shall be recorded in the office of the Secretary of State. Whenever the Governor determines that the bond of any member of the Board has become or is likely to become invalid or insufficient, he shall require such member forthwith to renew his bond, which is to be approved by the Governor. Any member of the Board who fails to take oath and give bond within 30 days from the date of his appointment, or who fails to renew his bond within 30 days after it is demanded by the Governor, shall be guilty of neglect of duty and may be removed by the Governor. The cost of any bond given by any member of the Board under this Section shall be taken to be a part of the necessary expenses of the Board.

(8) Upon the request of the Board, the Department shall employ such personnel as may be necessary to carry out the functions of the Board. Any employee violating these prohibitions shall be subject to termination of employment.

(c) The Board shall have jurisdiction over and shall supervise all gambling operations governed by this Act. The Board shall have all powers necessary and proper to fully and effectively execute the provisions of this Act, including, but not limited to, the following:

(9) To conduct hearings, issue subpoenas for the attendance of witnesses and subpoenas duces tecum for the production of books, records and other pertinent documents in accordance with the Illinois Administrative Procedure Act, and to administer oaths and affirmations to the witnesses, when, in the judgment of the Board, it is necessary to administer or enforce this Act or the Board rules.

(10) To prescribe a form to be used by any licensee involved in the ownership or management of gambling operations as an application for employment for their employees.

(11) To revoke or suspend licenses, as the Board may see fit and in compliance with applicable laws of the State regarding administrative procedures, and to review applications for the renewal of licenses. The Board may suspend an owners license, without notice or hearing upon a determination that the safety or health of patrons or employees is jeopardized by continuing a riverboat's operation. The suspension may remain in effect until the Board determines that the cause for suspension has been abated. The Board may revoke the owners license upon a determination that the owner has not made satisfactory progress toward abating the hazard.

(16) To hire employees to gather information, conduct investigations and carry out any other tasks contemplated under this Act.

(17) To establish minimum levels of insurance to be maintained by licensees.

(18) To authorize a licensee to sell or serve alcoholic liquors, wine or beer as defined in the Liquor Control Act of 1934 on board a riverboat and to have exclusive authority to establish the hours for sale and consumption of alcoholic liquor on board a riverboat, notwithstanding any provision of the Liquor Control Act of 1934 or any local ordinance, and regardless of whether the riverboat makes excursions. The establishment of the hours for sale and consumption of alcoholic liquor on board a riverboat is an exclusive power and function of the State. A home rule unit may not establish the hours for sale and consumption of alcoholic liquor on board a riverboat. This amendatory Act of 1991 is a denial and limitation of home rule powers and functions under subsection (h) of Section 6 of Article VII of the Illinois Constitution.

(19) After consultation with the U.S. Army Corps of Engineers, to establish binding emergency orders upon the concurrence of a majority of the members of the Board regarding the navigability of water, relative to excursions, in the event of extreme weather conditions, acts of God or other extreme circumstances.

(20) To delegate the execution of any of its powers under this Act for the purpose of administering and enforcing this Act and its rules and regulations hereunder.

(e) The Board must authorize to each investigator and to any other employee of the Board exercising the powers of a peace officer a distinct badge that, on its face, (i) clearly states that the badge is authorized by the Board and (ii) contains a unique identifying number. No other badge shall be authorized by the Board.

Section 945. The Liquor Control Act of 1934 is amended by changing Section 8-1 as follows:

Sec. 8-1. 7% alcohol by volume, and $4.50 per gallon until August 1, 2009 and $8.55 per gallon beginning August 1, 2009 on alcohol and spirits manufactured and sold or used by such manufacturer, or as agent for any other person, or sold or used by such importing distributor, or as agent for any other person. A tax is imposed upon the privilege of engaging in business as a manufacturer of beer or as an importing distributor of beer at the rate of $0.185 per gallon until August 1, 2009 and $0.231 per gallon beginning August 1, 2009 on all beer manufactured and sold or used by such manufacturer, or as agent for any other person, or sold or used by such importing distributor, or as agent for any other person. Any brewer manufacturing beer in this State shall be entitled to and given a credit or refund of 75% of the tax imposed on each gallon of beer up to 4.9 million gallons per year in any given calendar year for tax paid or payable on beer produced and sold in the State of Illinois.

For the purpose of this Section, "cider" means any alcoholic beverage obtained by the alcohol fermentation of the juice of apples or pears including, but not limited to, flavored, sparkling, or carbonated cider.

The credit or refund created by this Act shall apply to all beer taxes in the calendar years 1982 through 1986.

The increases made by this amendatory Act of the 91st General Assembly in the rates of taxes imposed under this Section shall apply beginning on July 1, 1999.

A tax at the rate of 1¢ per gallon on beer and 48¢ per gallon on alcohol and spirits is also imposed upon the privilege of engaging in business as a retailer or as a distributor who is not also an importing distributor with respect to all beer and all alcohol and spirits owned or possessed by such retailer or distributor when this amendatory Act of 1969 becomes effective, and with respect to which the additional tax imposed by this amendatory Act upon manufacturers and importing distributors does not apply. Retailers and distributors who are subject to the additional tax imposed by this paragraph of this Section shall be required to inventory such alcoholic liquor and to pay this additional tax in a manner prescribed by the Department.

The provisions of this Section shall be construed to apply to any importing distributor engaging in business in this State, whether licensed or not.

However, such tax is not imposed upon any such business as to any alcoholic liquor shipped outside Illinois by an Illinois licensed
manufacturer or importing distributor, nor as to any alcoholic liquor
delivered in Illinois by an Illinois licensed manufacturer or importing
distributor to a purchaser for immediate transportation by the purchaser to
another state into which the purchaser has a legal right, under the laws of
such state, to import such alcoholic liquor, nor as to any alcoholic liquor
other than beer sold by one Illinois licensed manufacturer or importing
distributor to another Illinois licensed manufacturer or importing
distributor to the extent to which the sale of alcoholic liquor other than
beer by one Illinois licensed manufacturer or importing distributor to
another Illinois licensed manufacturer or importing distributor is
authorized by the licensing provisions of this Act, nor to alcoholic liquor
whether manufactured in or imported into this State when sold to a "non-
beverage user" licensed by the State for use in the manufacture of any of
the following when they are unfit for beverage purposes:
   Patent and proprietary medicines and medicinal, antiseptic,
culinary and toilet preparations;
   Flavoring extracts and syrups and food products;
   Scientific, industrial and chemical products, excepting denatured
   alcohol;
   Or for scientific, chemical, experimental or mechanical purposes;
   Nor is the tax imposed upon the privilege of engaging in any
   business in interstate commerce or otherwise, which business may not,
   under the Constitution and Statutes of the United States, be made the
   subject of taxation by this State.

   The tax herein imposed shall be in addition to all other occupation
   or privilege taxes imposed by the State of Illinois or political subdivision
   thereof.

   If any alcoholic liquor manufactured in or imported into this State
is sold to a licensed manufacturer or importing distributor by a licensed
manufacturer or importing distributor to be used solely as an ingredient in
the manufacture of any beverage for human consumption, the tax imposed
upon such purchasing manufacturer or importing distributor shall be
reduced by the amount of the taxes which have been paid by the selling
manufacturer or importing distributor under this Act as to such alcoholic
liquor so used to the Department of Revenue.

   If any person received any alcoholic liquors from a manufacturer or
importing distributor, with respect to which alcoholic liquors no tax is
imposed under this Article, and such alcoholic liquor shall thereafter be
disposed of in such manner or under such circumstances as may cause the

same to become the base for the tax imposed by this Article, such person shall make the same reports and returns, pay the same taxes and be subject to all other provisions of this Article relating to manufacturers and importing distributors.

Nothing in this Article shall be construed to require the payment to the Department of the taxes imposed by this Article more than once with respect to any quantity of alcoholic liquor sold or used within this State.

No tax is imposed by this Act on sales of alcoholic liquor by Illinois licensed foreign importers to Illinois licensed importing distributors.

All of the proceeds of the additional tax imposed by this amendatory Act of the 96th General Assembly shall be deposited into the Capital Projects Fund.

(a) On Class III and non-designated State and local highways, the total outside width of any vehicle or load thereon shall not exceed 8 feet.

(b) Except during those times when, due to insufficient light or unfavorable atmospheric conditions, persons and vehicles on the highway are not clearly discernible at a distance of 1000 feet, the following vehicles may exceed the 8 feet limitation during the period from a half hour before sunrise to a half hour after sunset:

   (1) Loads of hay, straw or other similar farm products provided that the load is not more than 12 feet wide.

   (2) Implements of husbandry being transported on another vehicle and the transporting vehicle while loaded.

   The following requirements apply to the transportation on another vehicle of an implement of husbandry wider than 8 feet 6 inches on the National System of Interstate and Defense Highways or other highways in the system of State highways:

New matter indicated by italics - deletions by strikeout.
(A) The driver of a vehicle transporting an implement of husbandry that exceeds 8 feet 6 inches in width shall obey all traffic laws and shall check the roadways prior to making a movement in order to ensure that adequate clearance is available for the movement. It is prima facie evidence that the driver of a vehicle transporting an implement of husbandry has failed to check the roadway prior to making a movement if the vehicle is involved in a collision with a bridge, overpass, fixed structure, or properly placed traffic control device or if the vehicle blocks traffic due to its inability to proceed because of a bridge, overpass, fixed structure, or properly placed traffic control device.

(B) Flags shall be displayed so as to wave freely at the extremities of overwidth objects and at the extreme ends of all protrusions, projections, and overhangs. All flags shall be clean, bright red flags with no advertising, wording, emblem, or insignia inscribed upon them and at least 18 inches square.

(C) "OVERSIZE LOAD" signs are mandatory on the front and rear of all vehicles with loads over 10 feet wide. These signs must have 12-inch high black letters with a 2-inch stroke on a yellow sign that is 7 feet wide by 18 inches high.

(D) One civilian escort vehicle is required for a load that exceeds 14 feet 6 inches in width and 2 civilian escort vehicles are required for a load that exceeds 16 feet in width on the National System of Interstate and Defense Highways or other highways in the system of State highways.

(E) The requirements for a civilian escort vehicle and driver are as follows:

(2) The escort vehicle driver must be properly licensed to operate the vehicle.

New matter indicated by italics - deletions by strikeout.
(3) While in use, the escort vehicle must be equipped with illuminated rotating, oscillating, or flashing amber lights or flashing amber strobe lights mounted on top that are of sufficient intensity to be visible at 500 feet in normal sunlight.

(4) "OVERSIZE LOAD" signs are mandatory on all escort vehicles. The sign on an escort vehicle shall have 8-inch high black letters on a yellow sign that is 5 feet wide by 12 inches high.

(5) When only one escort vehicle is required and it is operating on a two-lane highway, the escort vehicle shall travel approximately 300 feet ahead of the load. The rotating, oscillating, or flashing lights or flashing amber strobe lights and an "OVERSIZE LOAD" sign shall be displayed on the escort vehicle and shall be visible from the front. When only one escort vehicle is required and it is operating on a multilane divided highway, the escort vehicle shall travel approximately 300 feet behind the load and the sign and lights shall be visible from the rear.

(6) When 2 escort vehicles are required, one escort shall travel approximately 300 feet ahead of the load and the second escort shall travel approximately 300 feet behind the load. The rotating, oscillating, or flashing lights or flashing amber strobe lights and an "OVERSIZE LOAD" sign shall be displayed on the escort vehicles and shall be visible from the front on the lead escort and from the rear on the trailing escort.

(7) When traveling within the corporate limits of a municipality, the escort vehicle shall maintain a reasonable and proper distance from the oversize load, consistent with existing traffic conditions.

(8) A separate escort shall be provided for each load hauled.

If the load on the transport vehicle blocks the visibility of the amber lighting from the rear of the vehicle, the vehicle must also be equipped with an illuminated rotating, oscillating, or flashing amber light or lights or a flashing amber strobe light or lights mounted on the rear of the load that are of sufficient intensity to be visible at 500 feet in normal sunlight.

(G) When a flashing amber light is required on the transport vehicle under load and it is operating on a two-lane highway, the transport vehicle shall display to the rear at least one rotating, oscillating, or flashing light or a flashing amber strobe light and an "OVERSIZE LOAD" sign. When a flashing amber light is required on the transport vehicle under load and it is operating on a multilane divided highway, the sign and light shall be visible from the rear.

(H) Maximum speed shall be 45 miles per hour on all such moves or 5 miles per hour above the posted minimum speed limit, whichever is greater, but the vehicle shall not at any time exceed the posted maximum speed limit.

(d-1) A recreational vehicle, as defined in Section 1-169, may exceed 8 feet 6 inches in width if:

(1) the excess width is attributable to appurtenances that extend 6 inches or less beyond either side of the body of the vehicle; and

(3) No truck tractor-semitrailer-trailer combination may exceed 60 feet extreme overall dimension.

(4) The distance between the kingpin and the center axle of a semitrailer longer than 48 feet, in combination with a truck tractor, may not exceed 42 feet 6 inches.

(g) Length limitations in the preceding subsections of this Section 15-107 do not apply to the following:

(1) Vehicles operated in the daytime, except on Saturdays, Sundays, or legal holidays, when transporting poles, pipe, machinery, or other objects of a structural nature that cannot readily be dismembered, provided the overall length of vehicle and load may not exceed 100 feet and no object exceeding 80 feet in length may be transported unless a permit has been obtained as authorized in Section 15-301.

(2) Vehiicles and loads operated by a public utility while en route to make emergency repairs to public service facilities or properties, but during night operation every vehicle and its load must be equipped with a sufficient number of clearance lamps on both sides and marker lamps upon the extreme ends of any projecting load to clearly mark the dimensions of the load.

(3) A tow truck in combination with a disabled vehicle or combination of disabled vehicles, provided the towing vehicle meets the following conditions:

(A) It is specifically designed as a tow truck having a gross vehicle weight rating of at least 18,000 pounds and equipped with air brakes, provided that air brakes are required only if the towing vehicle is towing a vehicle, semitrailer, or tractor-trailer combination that is equipped with air brakes.

(B) It is equipped with flashing, rotating, or oscillating amber lights, visible for at least 500 feet in all directions.

(C) It is capable of utilizing the lighting and braking systems of the disabled vehicle or combination of vehicles.
(D) It does not engage in a tow exceeding 50 miles from the initial point of wreck or disablement.

The Department may by rule or regulation prescribe additional requirements regarding length limitations for a tow truck towing another vehicle. The towing vehicle, however, may tow any disabled vehicle from the initial point of wreck or disablement to a point where repairs are actually to occur. This movement shall be valid only on State routes. The tower must abide by posted bridge weight limits.

For the purpose of this subsection, gross vehicle weight rating, or GVWR, shall mean the value specified by the manufacturer as the loaded weight of the tow truck. Legal holidays referred to in this Section shall be specified as the day on which the following traditional holidays are celebrated:

New Year's Day;
Memorial Day;
Independence Day;
Labor Day;
Thanksgiving Day; and
Christmas Day.

(h) The load upon any vehicle operated alone, or the load upon the front vehicle of a combination of vehicles, shall not extend more than 3 feet beyond the front wheels of the vehicle or the front bumper of the vehicle if it is equipped with a front bumper. The provisions of this subsection (h) shall not apply to any vehicle or combination of vehicles specifically designed for the collection and transportation of waste, garbage, or recyclable materials during the vehicle's operation in the course of collecting garbage, waste, or recyclable materials if the vehicle is traveling at a speed not in excess of 15 miles per hour during the vehicle's operation and in the course of collecting garbage, waste, or recyclable materials. However, in no instance shall the load extend more than 7 feet beyond the front wheels of the vehicle or the front bumper of the vehicle if it is equipped with a front bumper.

(i) The load upon the front vehicle of a combination of vehicles specifically designed to transport motor vehicles shall not extend more than 3 feet beyond the foremost part of the transporting vehicle and the load upon the rear transporting vehicle shall not extend more than 4 feet beyond the rear of the bed or body of the vehicle. This paragraph shall only be applicable upon highways designated in paragraphs (d) and (e) of this Section.
(j) Articulated vehicles comprised of 2 sections, neither of which exceeds a length of 42 feet, designed for the carrying of more than 10 persons, may be up to 60 feet in length, not including energy absorbing bumpers, provided that the vehicles are:

1. operated by or for any public body or motor carrier authorized by law to provide public transportation services; or
2. operated in local public transportation service by any other person and the municipality in which the service is to be provided approved the operation of the vehicle.

(j-1) (Blank).

(k) Any person who is convicted of violating this Section is subject to the penalty as provided in paragraph (b) of Section 15-113.

(l) (Blank).

between any series of 2 axles, is allowed a combined weight on the
series not to exceed 36,000 pounds and neither axle of the series
may exceed 20,000 ±8,000 pounds. Any vehicle of this type
manufactured after the model year of 2014 or first registered in

neither axle of the series may exceed 20,000 ±8,000 pounds;

(10) a 4-axle truck mixer registered as a Special Hauling
Vehicle, used exclusively for the mixing and transportation of

pounds on any single axle; 36,000 pounds on any series of 2 axles
greater than 72 inches but not more than 96 inches; and 34,000
pounds on any series of 2 axles greater than 40 inches but not more
than 72 inches;

(11) 4-axle vehicles or a 5 or more axle combination of
vehicles: The weight transmitted upon the road surface through any
series of 3 axles whose centers are more than 96 inches apart,
measured between extreme axles in the series, may not exceed
those allowed in the table contained in subsection (f) of this
Section. No axle or tandem axle of the series may exceed the
maximum weight permitted under this Section for a single or
tandem axle.

No vehicle or combination of vehicles equipped with other than pneumatic tires may be operated, unladen or with load, upon the highways of this State when the gross weight on the road surface through any wheel exceeds 800 pounds per inch width of tire tread or when the gross weight on the road surface through any axle exceeds 16,000 pounds.

(b) On non-designated highways, the gross weight of vehicles and combination of vehicles including the weight of the vehicle or combination and its maximum load shall be subject to the federal bridge formula provided in subsection (f) of this Section foregoing limitations and further shall not exceed the following gross weights dependent upon the number of axles and distance between extreme axles of the vehicle or combination measured longitudinally to the nearest foot.

A 4-axle truck mixer registered as a Special Hauling Vehicle, used exclusively for mixing and transportation of concrete in the plastic state, manufactured before or in the model year of 2014, and first registered in Illinois before January 1, 2015, is allowed a maximum gross weight listed in the table of subsection (f) of this Section for 4 axles. This vehicle, while loaded with concrete in the plastic state, is not subject to the series of 3 axles requirement provided for in subdivision (a)(11) of this Section, but

no axle or tandem axle of the series may exceed the maximum weight permitted under subdivision (a)(10) of this Section.

(b-1) As used in this Section, a "recycling haul" or "recycling operation" means the hauling of segregated, non-hazardous, non-special, homogeneous non-putrescible materials, such as paper, glass, cans, or plastic, for subsequent use in the secondary materials market.

(c) Cities having a population of more than 50,000 may permit by ordinance axle loads on 2 axle motor vehicles 33 1/2% above those provided for herein, but the increase shall not become effective until the city has officially notified the Department of the passage of the ordinance and shall not apply to those vehicles when outside of the limits of the city, nor shall the gross weight of any 2 axle motor vehicle operating over any street of the city exceed 40,000 pounds.

(d) Weight limitations shall not apply to vehicles (including loads) operated by a public utility when transporting equipment required for emergency repair of public utility facilities or properties or water wells.

A combination of vehicles, including a tow truck and a disabled vehicle or disabled combination of vehicles, that exceeds the weight restriction imposed by this Code, may be operated on a public highway in this State provided that neither the disabled vehicle nor any vehicle being towed nor the tow truck itself shall exceed the weight limitations permitted under this Chapter. During the towing operation, neither the tow truck nor the vehicle combination shall exceed 24,000 pounds on a single rear axle and 44,000 pounds on a tandem rear axle, provided the towing vehicle:

(1) is specifically designed as a tow truck having a gross vehicle weight rating of at least 18,000 pounds and is equipped with air brakes, provided that air brakes are required only if the towing vehicle is towing a vehicle, semitrailer, or tractor-trailer combination that is equipped with air brakes;

(2) is equipped with flashing, rotating, or oscillating amber lights, visible for at least 500 feet in all directions;

(3) is capable of utilizing the lighting and braking systems of the disabled vehicle or combination of vehicles; and

(4) does not engage in a tow exceeding 20 miles from the initial point of wreck or disablement. Any additional movement of the vehicles may occur only upon issuance of authorization for that movement under the provisions of Sections 15-301 through 15-319 of this Code. The towing vehicle, however, may tow any disabled vehicle from the initial point of wreck or disablement to a point.

where repairs are actually to occur. This movement shall be valid only on State routes. The tower must abide by posted bridge weight limits.

Gross weight limits shall not apply to the combination of the tow truck and vehicles being towed. The tow truck license plate must cover the operating empty weight of the tow truck only. The weight of each vehicle being towed shall be covered by a valid license plate issued to the owner or operator of the vehicle being towed and displayed on that vehicle. If no valid plate issued to the owner or operator of that vehicle is displayed on that vehicle, or the plate displayed on that vehicle does not cover the weight of the vehicle, the weight of the vehicle shall be covered by the third tow truck plate issued to the owner or operator of the tow truck and temporarily affixed to the vehicle being towed. If a roll-back carrier is registered and being used as a tow truck, however, the license plate or plates for the tow truck must cover the gross vehicle weight, including any load carried on the bed of the roll-back carrier.

The Department may by rule or regulation prescribe additional requirements. However, nothing in this Code shall prohibit a tow truck under instructions of a police officer from legally clearing a disabled vehicle, that may be in violation of weight limitations of this Chapter, from the roadway to the berm or shoulder of the highway. If in the opinion of the police officer that location is unsafe, the officer is authorized to have the disabled vehicle towed to the nearest place of safety.

For the purpose of this subsection, gross vehicle weight rating, or GVWR, shall mean the value specified by the manufacturer as the loaded weight of the tow truck.

(e) No vehicle or combination of vehicles equipped with pneumatic tires shall be operated, unladen or with load, upon the highways of this State in violation of the provisions of any permit issued under the provisions of Sections 15-301 through 15-319 of this Chapter.

(f) No vehicle or combination of vehicles with pneumatic tires may be operated, unladen or with load, when the total weight on the road surface exceeds the following: 20,000 pounds on a single axle; 34,000 pounds on a tandem axle with no axle within the tandem exceeding 20,000 pounds; 80,000 pounds gross weight for vehicle combinations of 5 or more axles; or a total weight on a group of 2 or more consecutive axles in excess of that weight produced by the application of the following formula: \[ W = 500 \times \sum \left( \frac{LN}{N-1} \right) + \]

New matter indicated by italics - deletions by strikeout.
12N + 36, where "W" equals overall total weight on any group of 2 or more consecutive axles to the nearest 500 pounds, "L" equals the distance measured to the nearest foot between extremes of any group of 2 or more consecutive axles, and "N" equals the number of axles in the group under consideration.

The above formula when expressed in tabular form results in allowable loads as follows:

*If the distance between 2 axles is 96 inches or less, the 2 axles are tandem axles and the maximum total weight may not exceed 34,000 pounds, notwithstanding the higher limit resulting from the application of the formula.

Vehicles not in a combination having more than 4 axles may not exceed the weight in the table in this subsection (f) for 4 axles measured between the extreme axles of the vehicle.

Vehicles in a combination having more than 6 axles may not exceed the weight in the table in this subsection (f) for 6 axles measured between the extreme axles of the combination.

Local authorities, with respect to streets and highways under their jurisdiction, without additional fees, may also by ordinance or resolution allow the weight limitations of this subsection, provided the maximum gross weight on any one axle shall not exceed 20,000 pounds and the maximum total weight on any tandem axle shall not exceed 34,000 pounds, on designated highways when appropriate regulatory signs giving notice are erected upon the street or highway or portion of any street or highway affected by the ordinance or resolution.

The following are exceptions to the above formula:

(1) Two consecutive sets of tandem axles may carry a total weight of 34,000 pounds each if the overall distance between the first and last axles of the consecutive sets of tandem axles is 36 feet or more.

(2) Vehicles for which a different limit is established and posted in accordance with Section 15-316 of this Code.

(3) Vehicles for which the Department of Transportation and local authorities issue overweight permits under authority of Section 15-301 of this Code. These vehicles are not subject to the bridge formula.

(4) Tow trucks subject to the conditions provided in subsection (d) may not exceed 24,000 pounds on a single rear axle or 44,000 pounds on a tandem rear axle.

(5) A tandem axle on a 3-axle truck registered as a Special Hauling Vehicle, manufactured prior to or in the model year of 2014, and registered in Illinois prior to January 1, 2015, with a distance between 2 axles in a series greater than 72 inches but not more than 96 inches may not exceed a total weight of 36,000 pounds and neither axle of the series may exceed 18,000 pounds.

(6) A truck not in combination, equipped with a self compactor or an industrial roll-off hoist and roll-off container, used exclusively for garbage, refuse, or recycling operations, may, when laden, transmit upon the road surface, except when on part of the National System of Interstate and Defense Highways, the following maximum weights: 22,000 pounds on a single axle; 40,000 pounds on a tandem axle; 36,000 pounds gross weight on a 2-axle vehicle;

54,000 pounds gross weight on a 3-axle vehicle. This vehicle is not subject to the bridge formula.

(7) Combinations of vehicles, registered as Special Hauling Vehicles that include a semitrailer manufactured prior to or in the model year of 2014, and registered in Illinois prior to January 1, 2015, having 5 axles with a distance of 42 feet or less between extreme axles, may not exceed the following maximum weights: 18,000 pounds on a single axle; 32,000 pounds on a tandem axle; and 72,000 pounds gross weight. This combination of vehicles is not subject to the bridge formula. For all those combinations of vehicles that include a semitrailer manufactured after the effective date of this amendatory Act of the 92nd General Assembly, the overall distance between the first and last axles of the 2 sets of tandems must be 18 feet 6 inches or more. Any combination of vehicles that has had its cargo container replaced in its entirety after December 31, 2014 may not exceed the weights allowed by the bridge formula.

(8) A 4-axle truck mixer registered as a Special Hauling Vehicle, used exclusively for the mixing and transportation of concrete in the plastic state, manufactured before or in the model year of 2014, first registered in Illinois before January 1, 2015, and not operated on a highway that is part of the National System of Interstate Highways, is allowed the following maximum weights: 20,000 pounds on any single axle; 36,000 pounds on a series of axles greater than 72 inches but not more than 96 inches; and 34,000 pounds on any series of 2 axles greater than 40 inches but not more than 72 inches. The gross weight of this vehicle may not exceed the weights allowed by the bridge formula for 4 axles. The bridge formula does not apply to any series of 3 axles while the vehicle is transporting concrete in the plastic state, but no axle or tandem axle of the series may exceed the maximum weight permitted under this subsection (f).

No vehicle or combination of vehicles equipped with other than pneumatic tires may be operated, unladen or with load, upon the highways of this State when the gross weight on the road surface through any wheel exceeds 800 pounds per inch width of tire tread or when the gross weight on the road surface through any axle exceeds 16,000 pounds.

No person shall operate a vehicle or combination of vehicles over any structure with a gross weight that is greater than the posted maximum weight.

Sec. 15-112. Officers to weigh vehicles and require removal of excess loads.

(a) Any police officer having reason to believe that the weight of a vehicle and load is unlawful shall require the driver to stop and submit to a weighing of the same either by means of a portable or stationary scales that have been tested and approved at a frequency prescribed by the Illinois Department of Agriculture, or for those scales operated by the State, when such tests are requested by the Department of State Police, whichever is more frequent. If such scales are not available at the place where such vehicle is stopped, the police officer shall require that such vehicle be driven to the nearest available scale that has been tested and approved pursuant to this Section by the Illinois Department of Agriculture. Notwithstanding any provisions of the Weights and Measures Act or the United States Department of Commerce NIST handbook 44, multi or single draft weighing is an acceptable method of weighing by law enforcement for determining a violation of Chapter 3 or 15 of this Code. Law enforcement is exempt from the requirements of commercial weighing established in NIST handbook 44.

Within 18 months after the effective date of this amendatory Act of the 91st General Assembly, all municipal and county officers, technicians, and employees who set up and operate portable scales for wheel load or axle load or both and issue citations based on the use of portable scales for wheel load or axle load or both and who have not successfully completed initial classroom and field training regarding the set up and operation of

portable scales, shall attend and successfully complete initial classroom and field training administered by the Illinois Law Enforcement Training Standards Board.

(b) Whenever an officer, upon weighing a vehicle and the load, determines that the weight is unlawful, such officer shall require the driver to stop the vehicle in a suitable place and remain standing until such portion of the load is removed as may be necessary to reduce the weight of the vehicle to the limit permitted under this Chapter, or to the limit permitted under the terms of a permit issued pursuant to Sections 15-301 through 15-318 and shall forthwith arrest the driver or owner. All material so unloaded shall be cared for by the owner or operator of the vehicle at the risk of such owner or operator; however, whenever a 3 or 4 axle vehicle with a tandem axle dimension greater than 72 inches, but less than 96 inches and registered as a Special Hauling Vehicle is transporting asphalt or concrete in the plastic state that exceeds axle weight or gross weight limits by less than 4,000 pounds, the owner or operator of the vehicle shall accept the arrest ticket or tickets for the alleged violations under this Section and proceed without shifting or reducing the load being transported or may shift or reduce the load under the provisions of subsection (d) or (e) of this Section, when applicable. Any fine imposed following an overweight violation by a vehicle registered as a Special Hauling Vehicle transporting asphalt or concrete in the plastic state shall be paid as provided in subsection 4 of paragraph (a) of Section 16-105 of this Code.

(c) The Department of Transportation may, at the request of the Department of State Police, erect appropriate regulatory signs on any State highway directing second division vehicles to a scale. The Department of Transportation may also, at the direction of any State Police officer, erect portable regulating signs on any highway directing second division vehicles to a portable scale. Every such vehicle, pursuant to such sign, shall stop and be weighed.

(d) Whenever any axle load of a vehicle exceeds the axle or tandem axle weight limits permitted by paragraph (a) or (f) of Section 15-111 by 2000 pounds or less, the owner or operator of the vehicle must shift or remove the excess so as to comply with paragraph (a) or (f) of Section 15-111. No overweight arrest ticket shall be issued to the owner or operator of the vehicle by any officer if the excess weight is shifted or removed as required by this paragraph.

(e) Whenever the gross weight of a vehicle with a registered gross weight of 80,000 pounds or less exceeds the weight limits of paragraph (b) or (f) of Section 15-111 of this Chapter by 2000 pounds or less, the owner or operator of the vehicle must remove the excess. Whenever the gross weight of a vehicle with a registered gross weight of 80,000 pounds or more exceeds the weight limits of paragraph (b) or (f) of Section 15-111 by 1,000 pounds or less or 2,000 pounds or less if weighed on wheel load weighers, the owner or operator of the vehicle must remove the excess. In either case no arrest ticket for any overweight violation of this Code shall be issued to the owner or operator of the vehicle by any officer if the excess weight is removed as required by this paragraph. A person who has been granted a special permit under Section 15-301 of this Code shall not be granted a tolerance on wheel load weighers.

(f) Whenever an axle load of a vehicle exceeds axle weight limits allowed by the provisions of a permit an arrest ticket shall be issued, but the owner or operator of the vehicle may shift the load so as to comply with the provisions of the permit. Where such shifting of a load to comply with the permit is accomplished, the owner or operator of the vehicle may then proceed.

(g) Any driver of a vehicle who refuses to stop and submit his vehicle and load to weighing after being directed to do so by an officer or removes or causes the removal of the load or part of it prior to weighing is guilty of a business offense and shall be fined not less than $50 nor more than $2,000.

Section 99. Effective date. This Act takes effect July 1, 2009, but this Act does not take effect at all unless House Bill 255 of the 96th General Assembly, as amended, becomes law.

Passed in the General Assembly June 29, 2009.
Approved July 13, 2009.
Effective July 13, 2009.

PUBLIC ACT 96-0036
(House Bill No. 2400)

AN ACT concerning finance.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The State Finance Act is amended by adding Section 6z-78 as follows:

(30 ILCS 105/6z-78 new)

Sec. 6z-78. Capital Projects Fund; bonded indebtedness; transfers. Money in the Capital Projects Fund shall, if and when the State of Illinois incurs any bonded indebtedness using the bond authorization enacted in this amendatory Act of the 96th General Assembly, be set aside and used for the purpose of paying and discharging annually the principal and interest on that bonded indebtedness then due and payable.

In addition to other transfers to the General Obligation Bond Retirement and Interest Fund made pursuant to Section 15 of the General Obligation Bond Act, upon each delivery of general obligation bonds using bond authorization enacted in this amendatory Act of the 96th General Assembly the State Comptroller shall compute and certify to the State Treasurer the total amount of principal of, interest on, and premium, if any, on such bonds during the then current and each succeeding fiscal year. With respect to the interest payable on variable rate bonds, such certifications shall be calculated at the maximum rate of interest that may be payable during the fiscal year, after taking into account any credits permitted in the related indenture or other instrument against the amount of such interest required to be appropriated for the period.

New matter indicated by italics - deletions by strikeout.
On or before the last day of each month, the State Treasurer and State Comptroller shall transfer from the Capital Projects Fund to the General Obligation Bond Retirement and Interest Fund an amount sufficient to pay the aggregate of the principal of, interest on, and premium, if any, on the bonds payable on their next payment date, divided by the number of monthly transfers occurring between the last previous payment date (or the delivery date if no payment date has yet occurred) and the next succeeding payment date. Interest payable on variable rate bonds shall be calculated at the maximum rate of interest that may be payable for the relevant period, after taking into account any credits permitted in the related indenture or other instrument against the amount of such interest required to be appropriated for that period. Interest for which moneys have already been deposited into the capitalized interest account within the General Obligation Bond Retirement and Interest Fund shall not be included in the calculation of the amounts to be transferred under this subsection.

Section 10. The General Obligation Bond Act is amended by changing Sections 2, 3, 4, 5, 6, and 12 as follows:

(30 ILCS 330/2) (from Ch. 127, par. 652)

Sec. 2. Authorization for Bonds. The State of Illinois is authorized to issue, sell and provide for the retirement of General Obligation Bonds of the State of Illinois for the categories and specific purposes expressed in Sections 2 through 8 of this Act, in the total amount of $33,501,777,443 $30,693,149,369.

The bonds authorized in this Section 2 and in Section 16 of this Act are herein called "Bonds".

Of the total amount of Bonds authorized in this Act, up to $2,200,000,000 in aggregate original principal amount may be issued and sold in accordance with the Baccalaureate Savings Act in the form of General Obligation College Savings Bonds.

Of the total amount of Bonds authorized in this Act, up to $300,000,000 in aggregate original principal amount may be issued and sold in accordance with the Retirement Savings Act in the form of General Obligation Retirement Savings Bonds.

Of the total amount of Bonds authorized in this Act, the additional $10,000,000,000 authorized by this amendatory Act of the 93rd General Assembly shall be used solely as provided in Section 7.2.

The issuance and sale of Bonds pursuant to the General Obligation Bond Act is an economical and efficient method of financing the long-
term capital needs of the State. This Act will permit the issuance of a multi-purpose General Obligation Bond with uniform terms and features. This will not only lower the cost of registration but also reduce the overall cost of issuing debt by improving the marketability of Illinois General Obligation Bonds.

issued maturing or subject to mandatory redemption each fiscal year thereafter up to 25 years. Bonds issued under Section 3 of this Act for the costs associated with the purchase and implementation of information technology must be issued with principal or mandatory redemption amounts in equal amounts, with the first maturity issued occurring with the fiscal year in which the respective bonds are issued or with the next succeeding fiscal year, with the respective bonds issued maturing or subject to mandatory redemption each fiscal year thereafter up to 10 years.

In the case of any series of Bonds bearing interest at a variable interest rate ("Variable Rate Bonds"), in lieu of determining the rate or rates at which such series of Variable Rate Bonds shall bear interest and the price or prices at which such Variable Rate Bonds shall be initially sold or remarketed (in the event of purchase and subsequent resale), the Bond Sale Order may provide that such interest rates and prices may vary from time to time depending on criteria established in such Bond Sale Order, which criteria may include, without limitation, references to indices or variations in interest rates as may, in the judgment of a remarketing agent, be necessary to cause Variable Rate Bonds of such series to be remarketable from time to time at a price equal to their principal amount, and may provide for appointment of a bank, trust company, investment bank, or other financial institution to serve as remarketing agent in that connection. The Bond Sale Order may provide that alternative interest rates or provisions for establishing alternative interest rates, different security or claim priorities, or different call or amortization provisions will apply during such times as Variable Rate Bonds of any series are held by a person providing credit or liquidity enhancement arrangements for such Bonds as authorized in subsection (b) of this Section. The Bond Sale Order may also provide for such variable interest rates to be established pursuant to a process generally known as an auction rate process and may provide for appointment of one or more financial institutions to serve as auction agents and broker-dealers in connection with the establishment of such interest rates and the sale and remarketing of such Bonds.

(b) In connection with the issuance of any series of Bonds, the State may enter into arrangements to provide additional security and liquidity for such Bonds, including, without limitation, bond or interest rate insurance or letters of credit, lines of credit, bond purchase contracts, or other arrangements whereby funds are made available to retire or purchase Bonds, thereby assuring the ability of owners of the Bonds to sell

or redeem their Bonds. The State may enter into contracts and may agree to pay fees to persons providing such arrangements, but only under circumstances where the Director of the Governor's Office of Management and Budget certifies that he or she reasonably expects the total interest paid or to be paid on the Bonds, together with the fees for the arrangements (being treated as if interest), would not, taken together, cause the Bonds to bear interest, calculated to their stated maturity, at a rate in excess of the rate that the Bonds would bear in the absence of such arrangements.

The State may, with respect to Bonds issued or anticipated to be issued, participate in and enter into arrangements with respect to interest rate protection or exchange agreements, guarantees, or financial futures contracts for the purpose of limiting, reducing, or managing interest rate exposure. The authority granted under this paragraph, however, shall not increase the principal amount of Bonds authorized to be issued by law. The arrangements may be executed and delivered by the Director of the Governor's Office of Management and Budget on behalf of the State. Net payments for such arrangements shall constitute interest on the Bonds and shall be paid from the General Obligation Bond Retirement and Interest Fund. The Director of the Governor's Office of Management and Budget shall at least annually certify to the Governor and the State Comptroller his or her estimate of the amounts of such net payments to be included in the calculation of interest required to be paid by the State.

(c) Prior to the issuance of any Variable Rate Bonds pursuant to subsection (a), the Director of the Governor's Office of Management and Budget shall adopt an interest rate risk management policy providing that the amount of the State's variable rate exposure with respect to Bonds shall not exceed 20%. This policy shall remain in effect while any Bonds are outstanding and the issuance of Bonds shall be subject to the terms of such policy. The terms of this policy may be amended from time to time by the Director of the Governor's Office of Management and Budget but in no event shall any amendment cause the permitted level of the State's variable rate exposure with respect to Bonds to exceed 20%.

Sec. 15. Minimum requirements for licensing and registration. Every video gaming terminal offered for play shall first be tested and approved pursuant to the rules of the Board, and each video gaming terminal offered in this State for play shall conform to an approved model. The Board may utilize the services of an independent outside testing laboratory for the examination of video gaming machines and associated equipment as required by this Section. Every video gaming terminal offered in this State for play must meet minimum standards set by an independent outside testing laboratory approved by the Board. Each approved model shall, at a minimum, meet the following criteria:

1. It must conform to all requirements of federal law and regulations, including FCC Class A Emissions Standards.

2. It must theoretically pay out a mathematically demonstrable percentage during the expected lifetime of the machine of all amounts played, which must not be less than 80%. Video gaming terminals that may be affected by skill must meet this standard when using a method of play that will provide the greatest return to the player over a period of continuous play.

3. It must use a random selection process to determine the outcome of each play of a game. The random selection process must meet 99% confidence limits using a standard chi-squared test for (randomness) goodness of fit.

4. It must display an accurate representation of the game outcome.

5. It must not automatically alter pay tables or any function of the video gaming terminal based on internal computation of hold percentage or have any means of manipulation that affects the random selection process or probabilities of winning a game.

6. It must not be adversely affected by static discharge or other electromagnetic interference.
(7) It must be capable of detecting and displaying the following conditions during idle states or on demand: power reset; door open; and door just closed.

(8) It must have the capacity to display complete play history (outcome, intermediate play steps, credits available, bets placed, credits paid, and credits cashed out) for the most recent game played and 10 games prior thereto.

(9) The theoretical payback percentage of a video gaming terminal must not be capable of being changed without making a hardware or software change in the video gaming terminal.

(10) Video gaming terminals must be designed so that replacement of parts or modules required for normal maintenance does not necessitate replacement of the electromechanical meters.

(11) It must have nonresettable meters housed in a locked area of the terminal that keep a permanent record of all cash inserted into the machine, all winnings made by the terminal printer, credits played in for video gaming terminals, and credits won by video gaming players. The video gaming terminal must provide the means for on-demand display of stored information as determined by the Board.

(12) Electronically stored meter information required by this Section must be preserved for a minimum of 180 days after a power loss to the service.

(13) It must have one or more mechanisms that accept cash in the form of bills. The mechanisms shall be designed to prevent obtaining credits without paying by stringing, slamming, drilling, or other means. If such attempts at physical tampering are made, the video gaming terminal shall suspend itself from operating until reset.

(14) It shall have accounting software that keeps an electronic record which includes, but is not limited to, the following: total cash inserted into the video gaming terminal; the value of winning tickets claimed by players; the total credits played; and the total credits awarded by a video gaming terminal; and pay back percentage credited to players of each video game.

(15) It shall be linked by a central communications system to provide auditing program information as approved by the Board. The central communications system shall use a standard industry protocol, as defined by the Gaming Standards Association, and

shall have the functionality to enable the Board or its designee to activate or deactivate individual gaming devices from the central communications system. In no event may the communications system approved by the Board limit participation to only one manufacturer of video gaming terminals by either the cost in implementing the necessary program modifications to communicate or the inability to communicate with the central communications system.

(16) The Board, in its discretion, may require video gaming terminals to display Amber Alert messages if the Board makes a finding that it would be economically and technically feasible and pose no risk to the integrity and security of the central communications system and video gaming terminals. It shall be able to receive and broadcast amber alert messages. The Board may adopt rules to establish additional criteria to preserve the integrity and security of video gaming in this State.
