(i) Certification. The Attorney General, a State's Attorney, or any law enforcement official shall certify in writing to the United States Department of Justice or other federal agency, such as the United States Department of Homeland Security, that an investigation or prosecution under this Section has begun and the individual who is a likely victim of a crime described in this Section is willing to cooperate or is cooperating with the investigation to enable the individual, if eligible under federal law, to qualify for an appropriate special immigrant visa and to access available federal benefits. Cooperation with law enforcement shall not be required of victims of a crime described in this Section who are under 18 years of age. This certification shall be made available to the victim and his or her designated legal representative.

(j) A person who commits the offense of involuntary servitude, involuntary sexual servitude of a minor, or trafficking in persons for forced labor or services under subsection (b), (c), or (d) of this Section shall forfeit to the State of Illinois any profits or proceeds and any interest or property he or she has acquired or maintained in violation of subsection (b), (c), or (d) of this Section that the sentencing court determines, after a forfeiture hearing, to have been acquired or maintained as a result of maintaining a person in involuntary servitude or participating in trafficking in persons for forced labor or services.

Upon petition by the Attorney General or State's Attorney at any time following sentencing, the court shall conduct a hearing to determine whether any property or property interest is subject to forfeiture under this Section. At the forfeiture hearing the People have the burden of establishing, by a preponderance of the evidence, that property or property interests are subject to forfeiture under this Section.

In any action brought by the People of the State of Illinois under this Section, in which a restraining order, injunction, or prohibition or any other action in connection with any property or interest subject to forfeiture under this Section is sought, the circuit court presiding over the trial of the person or persons charged with involuntary servitude, involuntary sexual servitude of a minor, or trafficking in persons for forced labor or services shall first determine whether there is probable cause to believe that the person or persons so charged have committed the

offense of involuntary servitude, involuntary sexual servitude of a minor, or trafficking in persons for forced labor or services and whether the property or interest is subject to forfeiture under this Section. In order to make that determination, prior to entering any such order, the court shall conduct a hearing without a jury, in which the People shall establish that there is: (i) probable cause that the person or persons so charged have committed the offense of involuntary servitude, involuntary sexual servitude of a minor, or trafficking in persons for forced labor or services and (ii) probable cause that any property or interest may be subject to forfeiture under this Section. The hearing may be conducted simultaneously with a preliminary hearing, if the prosecution is commenced by information or complaint, or by motion of the People, at any stage in the proceedings. The court may accept a finding of probable cause at a preliminary hearing following the filing of an information charging the offense of involuntary servitude, involuntary sexual servitude of a minor, or trafficking in persons for forced labor or services or the return of an indictment by a grand jury charging the offense of involuntary servitude, involuntary sexual servitude of a minor, or trafficking in persons for forced labor or services as sufficient evidence of probable cause as provided in item (i) of this paragraph. Upon a finding, the circuit court shall enter the restraining order, injunction, or prohibition, or shall take such other action in connection with any such property or other interest subject to forfeiture, as is necessary to ensure that the property is not removed from the jurisdiction of the court, concealed, destroyed, or otherwise disposed of by the owner of that property or interest prior to a forfeiture hearing under this Section. The Attorney General or State's Attorney shall file a certified copy of the restraining order, injunction, or other prohibition with the recorder or registrar of titles of each county where any such property of the defendant may be located. No such injunction, restraining order, or other prohibition shall affect the rights of any bona fide purchaser, mortgagee, judgment creditor, or other lien holder arising prior to the date of that filing. At any time, upon verified petition by the defendant or an innocent owner or innocent bona fide third party lien holder who neither had knowledge of, nor consented to, the illegal act or omission, the court may conduct a hearing to release all or portions of any such property or interest that the court previously determined to be subject to forfeiture or subject to any restraining order, injunction, or prohibition or other action. The court may release that property to the defendant or innocent owner or innocent bona fide third

party lien holder who neither had knowledge of nor consented to the illegal act or omission for good cause shown and within the sound discretion of the court.

Upon conviction of a person of involuntary servitude, involuntary sexual servitude of a minor, or trafficking in persons for forced labor or services, the court shall authorize the Attorney General to seize all property or other interest declared forfeited under this Section upon terms and conditions the court deems proper.

All moneys forfeited and the sale proceeds of all other property forfeited and seized under this Section shall be distributed as follows:

(1) one-half shall be divided equally between all State agencies and units of local government whose officers or employees conducted the investigation that resulted in the forfeiture; and

(2) one-half shall be deposited into the Violent Crime Victims Assistance Fund and targeted to services for victims of the offenses of involuntary servitude, involuntary sexual servitude of a minor, and trafficking in persons for forced labor or services.

(720 ILCS 5/10A-15)

Sec. 10A-15. Forfeiture of property. (a) A person who commits the offense of involuntary servitude, involuntary servitude of a minor, or trafficking of persons for forced labor or services under Section 10A-10 of this Code is subject to the property forfeiture provisions set forth in Article 124B of the Code of Criminal Procedure of 1963. shall forfeit to the State of Illinois any profits or proceeds and any interest or property he or she has acquired or maintained in violation of Section 10A-10 of this Code that the sentencing court determines, after a forfeiture hearing, to have been acquired or maintained as a result of maintaining a person in involuntary servitude or participating in trafficking in persons for forced labor or services.

(b) The court shall, upon petition by the Attorney General or State's Attorney at any time following sentencing, conduct a hearing to determine

whether any property or property interest is subject to forfeiture under this Section. At the forfeiture hearing the people shall have the burden of establishing, by a preponderance of the evidence, that property or property interests are subject to forfeiture under this Section:

(c) In any action brought by the People of the State of Illinois under this Section, wherein any restraining order, injunction, or prohibition or any other action in connection with any property or interest subject to forfeiture under this Section is sought, the circuit court presiding over the trial of the person or persons charged with involuntary servitude, involuntary servitude of a minor, or trafficking in persons for forced labor or services shall first determine whether there is probable cause to believe that the person or persons so charged have committed the offense of involuntary servitude, involuntary servitude of a minor, or trafficking in persons for forced labor or services and whether the property or interest is subject to forfeiture pursuant to this Section. In order to make such a determination, prior to entering any such order, the court shall conduct a hearing without a jury, wherein the People shall establish that there is: (i) probable cause that the person or persons so charged have committed the offense of involuntary servitude, involuntary servitude of a minor, or trafficking in persons for forced labor or services and (ii) probable cause that any property or interest may be subject to forfeiture pursuant to this Section. The hearing may be conducted simultaneously with a preliminary hearing, if the prosecution is commenced by information or complaint, or by motion of the People, at any stage in the proceedings. The court may accept a finding of probable cause at a preliminary hearing following the filing of an information charging the offense of involuntary servitude, involuntary servitude of a minor, or trafficking in persons for forced labor or services or the return of an indictment by a grand jury charging the offense of involuntary servitude, involuntary servitude of a minor, or trafficking in persons for forced labor or services as sufficient evidence of probable cause as provided in item (i) of this subsection (c). Upon such a finding, the circuit court shall enter such restraining order, injunction or prohibition, or shall take such other action in connection with any such property or other interest subject to forfeiture, as is necessary to insure that such property is not removed from the jurisdiction of the court, concealed, destroyed, or otherwise disposed of by the owner of that property or interest prior to a forfeiture hearing under this Section. The Attorney General or State's Attorney shall file a certified copy of the restraining order, injunction, or other prohibition with the recorder of deeds or

registrar of titles of each county where any such property of the defendant may be located. No such injunction, restraining order, or other prohibition shall affect the rights of any bona fide purchaser, mortgagee, judgment creditor, or other lien holder arising prior to the date of such filing. The court may, at any time, upon verified petition by the defendant or an innocent owner or innocent bona fide third party lien holder who neither had knowledge of, nor consented to, the illegal act or omission, conduct a hearing to release all or portions of any such property or interest that the court previously determined to be subject to forfeiture or subject to any restraining order, injunction, or prohibition or other action. The court may release such property to the defendant or innocent owner or innocent bona fide third party lien holder who neither had knowledge of, nor consented to, the illegal act or omission for good cause shown and within the sound discretion of the court.

(d) Upon conviction of a person of involuntary servitude, involuntary servitude of a minor, or trafficking in persons for forced labor or services, the court shall authorize the Attorney General to seize all property or other interest declared forfeited under this Section upon such terms and conditions as the court shall deem proper.

(e) All monies forfeited and the sale proceeds of all other property forfeited and seized under this Section shall be distributed as follows:

(1) one-half shall be divided equally among all State agencies and units of local government whose officers or employees conducted the investigation that resulted in the forfeiture; and

(2) one-half shall be deposited into the Violent Crime Victims Assistance Fund and targeted to services for victims of the offenses of involuntary servitude; involuntary servitude of a minor; and trafficking of persons for forced labor or services.

Sec. 11-19.2. Exploitation of a child.
(A) A person commits exploitation of a child when he or she confines a child under the age of 16 or a severely or profoundly mentally retarded person against his or her will by the infliction or threat of imminent infliction of great bodily harm, permanent disability or disfigurement or by administering to the child or severely or profoundly mentally retarded person without his or her consent or by threat or deception and for other than medical purposes, any alcoholic intoxicant or a drug as defined in the Illinois Controlled Substances Act or the Cannabis Control Act or methamphetamine as defined in the Methamphetamine Control and Community Protection Act and:

   (3) receives any money, property, token, object, or article or anything of value from the child or severely or profoundly mentally retarded person knowing it was obtained in whole or in part from the practice of prostitution.

(B) For purposes of this Section, administering drugs, as defined in subsection (A), or an alcoholic intoxicant to a child under the age of 13 or a severely or profoundly mentally retarded person shall be deemed to be without consent if such administering is done without the consent of the parents or legal guardian.

Sec. 11-20. Obscenity.

(a) Elements of the Offense. A person commits obscenity when, with knowledge of the nature or content thereof, or recklessly failing to exercise reasonable inspection which would have disclosed the nature or content thereof, he:

(1) Sells, delivers or provides, or offers or agrees to sell, deliver or provide any obscene writing, picture, record or other representation or embodiment of the obscene; or
(2) Presents or directs an obscene play, dance or other performance or participates directly in that portion thereof which makes it obscene; or
(3) Publishes, exhibits or otherwise makes available anything obscene; or
(4) Performs an obscene act or otherwise presents an obscene exhibition of his body for gain; or
(5) Creates, buys, procures or possesses obscene matter or material with intent to disseminate it in violation of this Section, or of the penal laws or regulations of any other jurisdiction; or
(6) Advertises or otherwise promotes the sale of material represented or held out by him to be obscene, whether or not it is obscene.

(b) Obscene Defined.
Any material or performance is obscene if: (1) the average person, applying contemporary adult community standards, would find that, taken as a whole, it appeals to the prurient interest; and (2) the average person, applying contemporary adult community standards, would find that it depicts or describes, in a patently offensive way, ultimate sexual acts or sadomasochistic sexual acts, whether normal or perverted, actual or simulated, or masturbation, excretory functions or lewd exhibition of the genitals; and (3) taken as a whole, it lacks serious literary, artistic, political or scientific value.

(c) Interpretation of Evidence.
Obscenity shall be judged with reference to ordinary adults, except that it shall be judged with reference to children or other specially susceptible audiences if it appears from the character of the material or the circumstances of its dissemination to be specially designed for or directed to such an audience.
Where circumstances of production, presentation, sale, dissemination, distribution, or publicity indicate that material is being commercially exploited for the sake of its prurient appeal, such evidence is probative with respect to the nature of the matter and can justify the conclusion that the matter is lacking in serious literary, artistic, political or scientific value.

In any prosecution for an offense under this Section evidence shall be admissible to show:

(1) The character of the audience for which the material was designed or to which it was directed;

(2) What the predominant appeal of the material would be for ordinary adults or a special audience, and what effect, if any, it would probably have on the behavior of such people;

(3) The artistic, literary, scientific, educational or other merits of the material, or absence thereof;

(4) The degree, if any, of public acceptance of the material in this State;

(5) Appeal to prurient interest, or absence thereof, in advertising or other promotion of the material;

(6) Purpose of the author, creator, publisher or disseminator.

(d) Sentence.

Obscenity is a Class A misdemeanor. A second or subsequent offense is a Class 4 felony.

(e) Prima Facie Evidence.

The creation, purchase, procurement or possession of a mold, engraved plate or other embodiment of obscenity specially adapted for reproducing multiple copies, or the possession of more than 3 copies of obscene material shall be prima facie evidence of an intent to disseminate.

(f) Affirmative Defenses.

It shall be an affirmative defense to obscenity that the dissemination:

(1) Was not for gain and was made to personal associates other than children under 18 years of age;

(2) Was to institutions or individuals having scientific or other special justification for possession of such material.

(g) Forfeiture of property. A person who has been convicted previously of the offense of obscenity and who is convicted of a second or subsequent offense of obscenity is subject to the property forfeiture

provisions set forth in Article 124B of the Code of Criminal Procedure of 1963:

(1) Legislative Declaration. Obscenity is a far-reaching and extremely profitable crime. This crime persists despite the threat of prosecution and successful prosecution because existing sanctions do not effectively reach the money and other assets generated by it. It is therefore necessary to supplement existing sanctions by mandating forfeiture of money and other assets generated by this crime. Forfeiture diminishes the financial incentives which encourage and sustain obscenity and secures for the State, local government and prosecutors a resource for prosecuting these crimes.

(2) Definitions:
   (i) "Person" means an individual, partnership, private corporation, public, municipal, governmental or quasi-municipal corporation, unincorporated association, trustee or receiver.
   (ii) "Property" means:
       (a) real estate, including things growing on, affixed to and found in land, and any kind of interest therein; and
       (b) tangible and intangible personal property, including rights, privileges, interests, claims and securities.

(3) Forfeiture of Property. Any person who has been convicted previously of the offense of obscenity and who shall be convicted of a second or subsequent offense of obscenity shall forfeit to the State of Illinois:
   (i) Any property constituting or derived from any proceeds such person obtained, directly or indirectly, as a result of such offense; and
   (ii) Any of the person's property used in any manner, wholly or in part, to commit such offense.

(4) Forfeiture Hearing. At any time following a second or subsequent conviction for obscenity, the court shall, upon petition by the Attorney General or the State's Attorney, conduct a hearing to determine whether there is any property that is subject to forfeiture as provided hereunder. At the forfeiture hearing the People shall have the burden of establishing by preponderance of the evidence that such property is subject to forfeiture.

(5) Prior Restraint.
   Nothing in this subsection shall be construed as authorizing the prior restraint of any showing, performance or exhibition of allegedly
obscene films, plays or other presentations or of any sale or distribution of
allegedly obscene materials:

(6) Seizure, Sale and Distribution of the Property:

(i) Upon a determination under subparagraph (4) that there is
property subject to forfeiture, the court shall authorize the Attorney
General or the State's Attorney, except as provided in this Section, to seize
all property declared forfeited upon terms and conditions as the court shall
decem proper:

(ii) The Attorney General or State's Attorney is authorized to sell
all property forfeited and seized pursuant to this Article, and, after the
deduction of all requisite expenses of administration and sale, shall
distribute the proceeds of such sale, along with any moneys forfeited or
seized, in accordance with subparagraph (iii) hereof. If the Attorney
General or State's Attorney believes any such property describes, depicts
or portrays any of the acts or activities described in subsection (b) of this
Section, he shall apply to the court for an order to destroy such property,
and if the court determines the property describes, depicts or portrays such
acts it shall order the Attorney General or State's Attorney to destroy such
property:

(iii) All monies and the sale proceeds of all other property forfeited
and seized pursuant hereto shall be distributed as follows:

(a) Fifty percent shall be distributed to the unit of local government
whose officers or employees conducted the investigation into and caused
the arrest or arrests and prosecution leading to the forfeiture, or, if the
investigations, arrest or arrests and prosecution leading to the forfeiture
were undertaken by the sheriff, this portion shall be distributed to the
county for deposit in a special fund in the county treasury appropriated to
the sheriff. Amounts distributed to the county for the sheriff or to the units
of local government hereunder shall be used for enforcement of laws or
ordinances governing obscenity and child pornography. In the event,
however, that the investigation, arrest or arrests and prosecution leading to
the forfeiture were undertaken solely by a State agency, the portion
provided hereunder shall be paid into the State treasury to be used for
enforcement of laws governing obscenity and child pornography:

(b) Twenty-five percent shall be distributed to the county in which
the prosecution resulting in the forfeiture was instituted, deposited in a
special fund in the county treasury and appropriated to the State's Attorney
for use in the enforcement of laws governing obscenity and child pornography.

New matter indicated by italics - deletions by strikeout.
(e) Twenty-five percent shall be distributed to the Office of the State's Attorneys Appellate Prosecutor and deposited in the Obscenity Profits Forfeiture Fund, which is hereby created in the State Treasury, to be used by the Office of the State's Attorneys Appellate Prosecutor for additional expenses incurred in prosecuting appeals arising under Sections 11-20 and 11-20.1 of the Criminal Code of 1961. Any amounts remaining in the Fund after all additional expenses have been paid shall be used by the Office to reduce the participating county contributions to the Office on a pro-rated basis as determined by the board of governors of the Office of the State's Attorneys Appellate Prosecutor based on the populations of the participating counties.

(7) Construction of subsection (g).

It shall be the intent of the General Assembly that this subsection be liberally construed so as to effect its purposes. The forfeiture of property and other remedies hereunder shall be considered to be in addition, and not exclusive of any sentence or other remedy provided by law. Subsection (g) of this Section shall not apply to any property of a public library or any property of a library operated by an institution accredited by a generally recognized accrediting agency.

(iii) On September 22, 1998, the Third District Appellate Court in People v. Dainty, 701 N.E. 2d 118, ruled that Public Act 88-680 violates the single subject clause of the Illinois Constitution (Article IV, Section 8 (d)) and was unconstitutional in its entirety. As of the time this amendatory Act of 1999 was prepared, People v. Dainty was still subject to appeal.

(iv) Child pornography is a vital concern to the people of this State and the validity of future prosecutions under the child pornography statute of the Criminal Code of 1961 is in grave doubt.

(2) It is the purpose of this amendatory Act of 1999 to prevent or minimize any problems relating to prosecutions for child pornography that may result from challenges to the constitutional validity of Public Act 88-680 by re-enacting the Section relating to child pornography that was included in Public Act 88-680.

(3) This amendatory Act of 1999 re-enacts Section 11-20.1 of the Criminal Code of 1961, as it has been amended. This re-enactment is intended to remove any question as to the validity or content of that Section; it is not intended to supersede any other Public Act that amends the text of the Section as set forth in this amendatory Act of 1999. The material is shown as existing text (i.e., without underscoring) because, as of the time this amendatory Act of 1999 was prepared, People v. Dainty was subject to appeal to the Illinois Supreme Court.

(4) The re-enactment by this amendatory Act of 1999 of Section 11-20.1 of the Criminal Code of 1961 relating to child pornography that was amended by Public Act 88-680 is not intended, and shall not be construed, to imply that Public Act 88-680 is invalid or to limit or impair any legal argument concerning

Sec. 16D-6. Forfeiture of property. Any person who commits the offense of computer fraud as set forth in Section 16D-5 is subject to the property forfeiture provisions set forth in Article 124B of the Code of Criminal Procedure of 1963. shall forfeit, according to the provisions of this Section, any monies, profits or proceeds, and any interest or property which the sentencing court determines he has acquired or maintained, directly or indirectly, in whole or in part, as a result of such offense. Such person shall also forfeit any interest in, security, claim against, or contractual right of any kind which affords him a source of influence over any enterprise which he has established, operated, controlled, conducted or participated in conducting, where his relationship to or connection with any such thing or activity directly or indirectly, in whole or in part, is traceable to any item or benefit which he has obtained or acquired through computer fraud.

Proceedings instituted pursuant to this Section shall be subject to and conducted in accordance with the following procedures:

(a) The sentencing court shall, upon petition by the prosecuting agency, whether it is the Attorney General or a State's Attorney, at any time following sentencing, conduct a hearing to determine whether any property or property interest is subject to forfeiture under this Section. At the forfeiture hearing the People of the State of Illinois shall have the burden of establishing, by a preponderance of the evidence, that the property or property interests are subject to such forfeiture.

(b) In any action brought by the People of the State of Illinois under this Section, the circuit courts of Illinois shall have jurisdiction to enter such restraining orders, injunctions or prohibitions, or to take such other action in connection with any real, personal, or mixed property or other interest subject to forfeiture, as they shall consider proper.

(c) In any action brought by the People of the State of Illinois under this Section, wherein any restraining order, injunction or prohibition or any other action in connection with any property or interest subject to forfeiture under this Section is sought, the circuit court presiding over the trial of the person or persons charged with computer fraud shall first determine whether there is probable cause to believe that the person or persons so charged have committed the offense of computer fraud and whether the property or interest is subject to forfeiture pursuant to this Section. In order to make this determination, prior to entering any such order, the court shall conduct a hearing without a jury, where the People
shall establish: (1) probable cause that the person or persons so charged have committed the offense of computer fraud, and (2) probable cause that any property or interest may be subject to forfeiture pursuant to this Section. Such hearing may be conducted simultaneously with a preliminary hearing if the prosecution is commenced by information or complaint, or by motion of the People at any stage in the proceedings. The court may enter a finding of probable cause at a preliminary hearing following the filing of an information charging the offense of computer fraud or the return of an indictment by a grand jury charging the offense of computer fraud as sufficient evidence of probable cause for purposes of this Section. Upon such a finding, the circuit court shall enter such restraining order, injunction or prohibition, or shall take such other action in connection with any such property or other interest subject to forfeiture under this Section as is necessary to insure that such property is not removed from the jurisdiction of the court, concealed, destroyed or otherwise disposed of by the owner or holder of that property or interest prior to a forfeiture hearing under this Section. The Attorney General or State's Attorney shall file a certified copy of such restraining order, injunction or other prohibition with the recorder of deeds or registrar of titles of each county where any such property of the defendant may be located. No such injunction, restraining order or other prohibition shall affect the rights of any bona fide purchaser, mortgagee, judgment creditor or other lienholder arising prior to the date of such filing. The court may, at any time, upon verified petition by the defendant, conduct a hearing to release all or portions of any such property or interest which the court previously determined to be subject to forfeiture or subject to any restraining order, injunction, prohibition or other action. The court may release such property to the defendant for good cause shown and within the sound discretion of the court.

(d) Upon conviction of a person under Section 16D-5, the court shall authorize the Attorney General to seize and sell all property or other interest declared forfeited under this Act, unless such property is required by law to be destroyed or is harmful to the public. The court may order the Attorney General to segregate funds from the proceeds of such sale sufficient: (1) to satisfy any order of restitution, as the court may deem appropriate; (2) to satisfy any legal right, title, or interest which the court deems superior to any right, title, or interest of the defendant at the time of the commission of the acts which gave rise to forfeiture under this Section; or (3) to satisfy any bona-fide purchaser for value of the right, title, or

interest in the property who was without reasonable notice that the property was subject to forfeiture. Following the entry of an order of forfeiture, the Attorney General shall publish notice of the order and his intent to dispose of the property. Within the 30 days following such publication, any person may petition the court to adjudicate the validity of his alleged interest in the property:

After the deduction of all requisite expenses of administration and sale, the Attorney General shall distribute the proceeds of such sale, along with any moneys forfeited or seized as follows:

(1) 50% shall be distributed to the unit of local government whose officers or employees conducted the investigation into computer fraud and caused the arrest or arrests and prosecution leading to the forfeiture. Amounts distributed to units of local government shall be used for training or enforcement purposes relating to detection, investigation or prosecution of financial crimes, including computer fraud. In the event, however, that the investigation, arrest or arrests and prosecution leading to the forfeiture were undertaken solely by a State agency, the portion provided hereunder shall be paid into the State Police Services Fund of the Illinois Department of State Police to be used for training or enforcement purposes relating to detection, investigation or prosecution of financial crimes, including computer fraud:

(2) 50% shall be distributed to the county in which the prosecution and petition for forfeiture resulting in the forfeiture was instituted by the State's Attorney, and deposited in a special fund in the county treasury and appropriated to the State's Attorney for use in training or enforcement purposes relating to detection, investigation or prosecution of financial crimes, including computer fraud. Where a prosecution and petition for forfeiture resulting in the forfeiture has been maintained by the Attorney General, 50% of the proceeds shall be paid into the Attorney General's Financial Crime Prevention Fund. Where the Attorney General and the State's Attorney have participated jointly in any part of the proceedings, 25% of the proceeds forfeited shall be paid to the county in which the prosecution and petition for forfeiture resulting in the forfeiture occurred, and 25% shall be paid to the Attorney General's Financial Crime Prevention Fund to be used for the purposes as stated in this subsection.

2. Where any person commits a felony under any provision of this Code or another statute and the instrumentality used in the commission of the offense, or in connection with or in furtherance of a scheme or design to commit the offense, is a computer owned by the defendant or if the

defendant is a minor, owned by his or her parents or legal guardian, the
computer shall be subject to the provisions of this Section. However, in no
case shall a computer, or any part thereof, be subject to the provisions of
the Section if the computer accessed in the commission of the offense is
owned or leased by the victim or an innocent third party at the time of the
commission of the offense or if the rights of creditors, lienholders, or any
person having a security interest in the computer at the time of the
commission of the offense shall be adversely affected:

(5) In accordance with the Code of Criminal Procedure of 1963.

(d) (Blank). Proceedings instituted pursuant to this Section shall be subject to and conducted in accordance with the procedures set forth in this subsection:

The sentencing court, on petition by the Attorney General or State's Attorney at any time following sentencing of the defendant, shall conduct a hearing to determine whether any property or property interest of the defendant is subject to forfeiture under this Section. under this Section is sought, the circuit court presiding over the trial of the
person charged with a felony violation of this Article shall first determine
whether there is probable cause to believe that the person so charged has
committed an offense under this Article and whether the property or
interest is subject to forfeiture under this Section. To make that
determination, before entering an order in connection with that property or
interest, the court shall conduct a hearing without a jury, at which the
People must establish that there is (i) probable cause that the person
charged committed a felony offense under this Article and (ii) probable
cause that property or interest may be subject to forfeiture under this
Section. The hearing may be conducted simultaneously with a preliminary
hearing, if the prosecution is commenced by information or complaint, or
by motion of the People at any stage in the proceedings. The court may
accept, at a preliminary hearing, (i) the filing of an information charging
that the defendant committed a felony offense under this Article (ii) the
return of an indictment by a grand jury charging that the defendant
committed a felony offense under this Article as sufficient evidence of
probable cause that the person committed the offense:

Upon making finding of probable cause, the circuit court shall
enter a restraining order, injunction, or prohibition or shall take other
action in connection with the property or other interest subject to forfeiture
under this Article as is necessary to insure that the property is not removed
from the jurisdiction of the court, concealed, destroyed, or otherwise
disposed of by the owner of that property or interest before a forfeiture
hearing under this subsection. The Attorney General or State’s Attorney
shall file a certified copy of the restraining order, injunction, or other
prohibition with the recorder or registrar of titles of each county in which
the property may be located. No injunction, restraining order, or other
prohibition issued under this Section shall affect the rights of any bonafide
purchaser, mortgagee, judgment creditor, or other lien holder that arose
before the date the certified copy is filed.

The court may at any time, on verified petition by the defendant,
conduct a hearing to determine whether all or any portion of the property
or interest, which the court previously determined to be subject to
forfeiture or subject to any restraining order, injunction, prohibition, or
other action, should be released. The court may in its discretion release the
property to the defendant for good cause shown:

or other interest declared forfeited under this Section on terms and conditions the court deems proper.

(e) (Blank). On the application of the seizing agency or prosecutor who was responsible for the investigation, arrest, and prosecution that lead to the forfeiture, however, the Director may return any item of forfeited property to the seizing agency or prosecutor for official use in the enforcement of laws relating to this Article if the agency or prosecutor can demonstrate that the item requested

(a) If there is probable cause to believe that a person used, is using, is about to use, or is intending to use property in a way that would violate this Article, then that person's assets may be frozen or seized pursuant to Part 800 of Article 124B of the Code of Criminal Procedure of 1963. Asset freeze, seizure, and forfeiture in connection with a violation of this Article:

(1) Whenever it appears that there is probable cause to believe that any person used, is using, is about to use, or is intending to use property in any way that constitutes or would constitute a violation of this Article, the Attorney General or any State's Attorney may make an ex parte application to the circuit court to freeze or seize all the assets of that person and, upon a showing of probable cause in the ex parte hearing, the circuit court shall issue an order to freeze or seize all assets of that person. A
copy of the freeze or seize order shall be served upon the person whose assets have been frozen or seized and that person or any person claiming an interest in the property may, at any time within 30 days of service, file a motion to release his or her assets. Within 10 days that person is entitled to a hearing. In any proceeding to release assets, the burden of proof shall be by a preponderance of evidence and shall be on the State to show that the person used, was using, is about to use, or is intending to use any property in any way that constitutes or would constitute a violation of this Article. If the court finds that any property was being used, is about to be used, or is intended to be used in violation of or in any way that would constitute a violation of this Article, the court shall order such property frozen or held until further order of the court.

Any property so ordered held or frozen shall be subject to forfeiture under the following procedure. Upon the request of the defendant, the court may release frozen or seized assets sufficient to pay attorney's fees for representation of the defendant at a hearing conducted under this Section:

(2) If, within 60 days after any seizure or asset freeze under subparagraph (1) of this Section, a person having any property interest in the seized or frozen property is charged with an offense, the court which renders judgment upon the charge shall, within 30 days after the judgment, conduct a forfeiture hearing to determine whether the property was used, about to be used, or intended to be used in violation of this Article or in connection with any violation of this Article, or was integrally related to any violation or intended violation of this Article. The hearing shall be commenced by a written petition by the State, including material allegations of fact, the name and address of every person determined by the State to have any property interest in the seized or frozen property, a representation that written notice of the date, time, and place of the hearing has been mailed to every such person by certified mail at least 10 days before the date, and a request for forfeiture. Every such person may appear as a party and present evidence at the hearing. The quantum of proof required shall be preponderance of the evidence, and the burden of proof shall be on the State. If the court determines that the seized or frozen property was used, about to be used, or intended to be used in violation of this Article or in connection with any violation of this Article, or was integrally related to any violation or intended violation of this Article or in connection with any violation of this Article, the court shall order such property forfeited.

related to any violation or intended violation of this Article, an order of forfeiture and disposition of the seized or frozen money and property shall be entered. All property forfeited may be liquidated and the resultant money together with any money forfeited shall be allocated among the participating law enforcement agencies in such proportions as may be determined to be equitable by the court entering the forfeiture order. Any such property so forfeited shall be received by the State's Attorney or Attorney General and upon liquidation shall be allocated among the participating law enforcement agencies in such proportions as may be determined equitable by the court entering the forfeiture order.

(3) If a seizure or asset freeze under subparagraph (1) of this subsection (a) is not followed by a charge under this Article within 60 days, or if the prosecution of the charge is permanently terminated or indefinitely discontinued without any judgment of conviction or a judgment of acquittal is entered, the State's Attorney or Attorney General shall immediately commence an in rem proceeding for the forfeiture of any seized money or other things of value, or both, in the circuit court and any person having any property interest in the money or property may commence separate civil proceedings in the manner provided by law. Any property so forfeited shall be allocated among the participating law enforcement agencies in such proportions as may be determined to be equitable by the court entering the forfeiture order.

(b) Forfeiture of property acquired in connection with a violation of this Article:

(1) Any person who commits any offense under this Article is subject to the property forfeiture provisions set forth in Article 124B of the Code of Criminal Procedure of 1963. shall forfeit, according to the provisions of this Section, any moneys, profits, or proceeds, and any interest or property in which the sentencing court determines he or she has acquired or maintained, directly or indirectly, in whole or in part, as a result of, or used, was about to be used, or was intended to be used in connection with the offense. The person shall also forfeit any interest in, security, claim against, or contractual right of any kind which affords the person a source of influence over any enterprise which he or she has established, operated, controlled, conducted, or participated in conducting,
where his or her relationship to or connection with any such thing or activity directly or indirectly, in whole or in part, is traceable to any item or benefit which he or she has obtained or acquired through an offense under this Article or which he or she used, about to use, or intended to use in connection with any offense under this Article: Forfeiture under this subsection Section may be pursued in addition to or in lieu of proceeding under subsection (a) of this Section 124B-805 (property freeze or seize; ex parte proceeding) of the Code of Criminal Procedure of 1963.

(2) Proceedings instituted under this subsection shall be subject to and conducted in accordance with the following procedures:

   (A) The sentencing court shall, upon petition by the prosecuting agency, whether it is the Attorney General or the State’s Attorney, at any time following sentencing, conduct a hearing to determine whether any property or property interest is subject to forfeiture under this subsection. At the forfeiture hearing the People of the State of Illinois shall have the burden of establishing, by a preponderance of the evidence, that the property or property interests are subject to forfeiture:

   (B) In any action brought by the People of the State of Illinois under this Section, the court shall have jurisdiction to enter such restraining orders, injunctions, or prohibitions, or to take such other action in connection with any real, personal, or mixed property, or other interest, subject to forfeiture, as it shall consider proper:

   (C) In any action brought by the People of the State of Illinois under this subsection in which any restraining order, injunction, or prohibition or any other action in connection with any property or interest subject to forfeiture under this subsection is sought, the circuit court presiding over the trial of the person or persons charged with a violation under this Article shall first determine whether there is probable cause to believe that the person or persons so charged have committed an offense under this Article and whether the property or interest is subject to forfeiture under this subsection. In order to make this determination, prior to entering any such order, the court
shall conduct a hearing without a jury in which the People shall establish: (i) probable cause that the person or persons so charged have committed an offense under this Article; and (ii) probable cause that any property or interest may be subject to forfeiture under this subsection. The hearing may be conducted simultaneously with a preliminary hearing if the prosecution is commenced by information, or by motion of the People at any stage in the proceedings. The court may enter a finding of probable cause at a preliminary hearing following the filing of information charging a violation of this Article or the return of an indictment by a grand jury charging an offense under this Article as sufficient probable cause for purposes of this subsection. Upon such a finding, the circuit court shall enter such restraining order, injunction, or prohibition or shall take such other action in connection with any such property or other interest subject to forfeiture under this subsection as is necessary to ensure that the property is not removed from the jurisdiction of the court, concealed, destroyed, or otherwise disposed of by the owner or holder of that property or interest prior to a forfeiture hearing under this subsection. The Attorney General or State's Attorney shall file a certified copy of the restraining order, injunction, or other prohibition with the recorder of deeds or registrar of titles of each county where any such property of the defendant may be located. No such injunction, restraining order, or other prohibition shall affect the rights of any bona fide purchaser, mortgagee, judgment creditor, or other lien holder arising prior to the date of such filing. The court may, at any time, upon verified petition by the defendant, conduct a hearing to release all or portions of any such property or interest which the court previously determined to be subject to forfeiture or subject to any restraining order, injunction, prohibition, or other action. The court may release the property to the defendant for good cause shown and within the sound discretion of the court.

The court may order the Attorney General or State’s Attorney to segregate funds from the proceeds of the sale sufficient: (1) to satisfy any order of restitution, as the court may deem appropriate; (2) to satisfy any legal right, title, or interest which the court deems superior to any right, title, or interest of the defendant at the time of the commission of the acts which gave rise to forfeiture under this subsection; or (3) to satisfy any bona-fide purchaser for value of the right, title, or interest in the property who was without reasonable notice that the property was subject to forfeiture. Following the entry of an order of forfeiture, the Attorney General or State’s Attorney shall publish notice of the order and his or her intent to dispose of the property. Within 30 days following the publication, any person may petition the court to adjudicate the validity of his or her alleged interest in the property. After the deduction of all requisite expenses of administration and sale, the Attorney General or State’s Attorney shall distribute the proceeds of the sale, along with any moneys forfeited or seized, among participating law enforcement agencies in such equitable portions as the court shall determine:

(E) No judge shall release any property or money seized under subdivision (A) or (B) for the payment of attorney’s fees of any person claiming an interest in such money or property.

There is a wait time of 2 hours or the date and time requested on the notice, whichever is longer, after an emergency locate notification request is made through the State-Wide One-Call Notice System. If the conditions at the site dictate an earlier start than the required wait time, it is the responsibility of the excavator to demonstrate that site conditions warranted this earlier start time.

Upon notice by the person engaged in emergency excavation or demolition, the owner or operator of an underground utility facility or CATS facility in or near the excavation or demolition area shall communicate with the person engaged in emergency excavation or demolition within 2 hours or by the date and time requested on the notice, whichever is longer by (1) marking the approximate location of underground facilities; (2) advising the person excavating that their underground facilities are not in conflict with the emergency excavation; or (3) notifying the person excavating that the owner or operator shall be delayed in marking because of conditions as referenced in subsection (g) of Section 11 of this Act.

The notice by the owner or operator to the person engaged in emergency excavation or demolition may be provided by phone or phone message or by marking the excavation or demolition area. Sec. 10. Record of notice; marking of facilities. Upon notice by the person engaged in excavation or demolition, the person owning or operating underground utility facilities or CATS facilities in or near the excavation or demolition area shall cause a written record to be made of the notice and shall mark, within 48 hours of receipt of notice or by the requested date and time indicated on the notice, whichever is later, the

approximate locations of such facilities so as to enable the person excavating or demolishing to establish the location of the underground utility facilities or CATS facilities. Owners and operators of underground sewer facilities that are located outside the boundaries of a municipality having a population of at least 1,000,000 inhabitants shall be required to respond and mark the approximate location of those sewer facilities when the excavator indicates, in the notice required in Section 4, that the excavation or demolition project will exceed a depth of 7 feet. "Depth", in this case, is defined as the distance measured vertically from the surface of the ground to the top of the sewer facility. Owners and operators of underground sewer facilities that are located outside the boundaries of a municipality having a population of at least 1,000,000 inhabitants shall be required at all times to locate the approximate location of those sewer facilities when: (1) directional boring is the indicated type of excavation work being performed within the notice; (2) the underground sewer facilities owned are non-gravity, pressurized force mains; or (3) the excavation indicated will occur in the immediate proximity of known underground sewer facilities that are less than 7 feet deep. Owners or operators of underground sewer facilities that are located outside the boundaries of a municipality having a population of at least 1,000,000 inhabitants shall not hold an excavator liable for damages that occur to sewer facilities that were not required to be marked under this Section, provided that prompt notice of the damage is made to the State-Wide One-Call Notice System and the utility owner as required in Section 7.

All persons subject to the requirements of this Act shall plan and conduct their work consistent with reasonable business practices. Conditions may exist making it unreasonable to request that locations be marked within 48 hours or by the requested date and time indicated on the notice, whichever is later. It is unreasonable to request owners and operators of underground utility facilities and CATS facilities to locate all of their facilities in an affected area upon short notice in advance of a large or extensive nonemergency project, or to request extensive locates in excess of a reasonable excavation or demolition work schedule, or to request locates under conditions where a repeat request is likely to be made because of the passage of time or adverse job conditions. Owners and operators of underground utility facilities and CATS facilities must reasonably anticipate seasonal fluctuations in the number of locate requests and staff accordingly.

New matter indicated by italics - deletions by strikeout.
If a person owning or operating underground utility facilities or CATS facilities receives a notice under this Section but does not own or operate any underground utility facilities or CATS facilities within the proposed excavation or demolition area described in the notice, that person, within 48 hours or by the requested date and time indicated on the notice, whichever is later, after receipt of the notice, shall so notify the person engaged in excavation or demolition who initiated the notice, unless the person who initiated the notice expressly waives the right to be notified that no facilities are located within the excavation or demolition area. The notification by the owner or operator of underground utility facilities or CATS facilities to the person engaged in excavation or demolition may be provided in any reasonable manner including, but not limited to, notification in any one of the following ways: by face-to-face communication; by phone or phone message; by facsimile; by posting in the excavation or demolition area; or by marking the excavation or demolition area. The owner or operator of those facilities has discharged the owner's or operator's obligation to provide notice under this Section if the owner or operator attempts to provide notice by telephone or by facsimile, if the person has supplied a facsimile number, but is unable to do so because the person engaged in the excavation or demolition does not answer his or her telephone or does not have an answering machine or answering service to receive the telephone call or does not have a facsimile machine in operation to receive the facsimile transmission. If the owner or operator attempts to provide notice by telephone or by facsimile but receives a busy signal, that attempt shall not serve to discharge the owner or operator of the obligation to provide notice under this Section.

A person engaged in excavation or demolition may expressly waive the right to notification from the owner or operator of underground utility facilities or CATS facilities that the owner or operator has no facilities located in the proposed excavation or demolition area. (55 ILCS 5/5-1063) (from Ch. 34, par. 5-1063)
Sec. 5-1063. Building construction, alteration and maintenance. For the purpose of promoting and safeguarding the public health, safety,
comfort and welfare, a county board may prescribe by resolution or ordinance reasonable rules and regulations (a) governing the construction and alteration of all buildings, structures and camps or parks accommodating persons in house trailers, house cars, cabins or tents and parts and appurtenances thereof and governing the maintenance thereof in a condition reasonably safe from hazards of fire, explosion, collapse, electrocution, flooding, asphyxiation, contagion and the spread of infectious disease, where such buildings, structures and camps or parks are located outside the limits of cities, villages and incorporated towns, but excluding those for agricultural purposes on farms including farm residences, but any such resolution or ordinance shall be subject to any rule or regulation heretofore or hereafter adopted by the State Fire Marshal pursuant to "An Act to regulate the storage, transportation, sale and use of gasoline and volatile oils", approved June 28, 1919, as amended; (b) for prohibiting the use for residential purposes of buildings and structures already erected or moved into position which do not comply with such rules and regulations; and (c) for the restraint, correction and abatement of any violations.

Section 60. Licenses; renewals; restoration; person in military service.

(a) The expiration date and renewal period for each license issued under this Act shall be set by rule. The Department may promulgate rules requiring continuing education and set all necessary requirements for such, including but not limited to fees, approved coursework, number of hours, and waivers of continuing education.

(b) Any licensee who has permitted his or her license to expire may have the license restored by making application to the Department and filing proof acceptable to the Department of fitness to have his or her license restored, by which may include sworn evidence certifying to active practice in another jurisdiction satisfactory to the Department, complying with any continuing education requirements, and paying the required restoration fee.

(c) If the person has not maintained an active practice in another jurisdiction satisfactory to the Department, the Department shall determine, by an evaluation program established by rule, the person's fitness to resume active status and may require the person to complete a period of evaluated clinical experience and successful completion of a practical examination. However, any person whose license expired while (i) in federal service on active duty with the Armed Forces of the United States or called into service or training with the State Militia or (ii) in training or education under the supervision of the United States preliminary to induction into the military service may have his or her license renewed or restored without paying any lapsed renewal fees if, within 2 years after honorable termination of the service, training or education, except under condition other than honorable, he or she furnishes the Department with satisfactory evidence to the effect that he or she has been so engaged and that the service, training, or education has been so terminated.

Failure to appear for the examination on the scheduled date, at the time and place specified, after the applicant's application and fee for examination have been received and acknowledged by the Department or the designated testing service, shall result in the forfeiture of the fee.

(c) To support the costs of administering this Act, all community associations that have 10 or more units and are registered in this State as not-for-profit corporations shall pay to the Department an annual fee of $50 plus an additional $1 per unit. check or money order within 30 calendar days after notification. If, after
the expiration of 30 days from the date of the notification, the person has
failed to submit the necessary remittance, the Department shall
automatically terminate the license or deny the application, without
hearing. If, after termination or denial, the person seeks a license, he or she
shall apply to the Department for restoration or issuance of the license and
pay all fees and fines due to the Department. The Department may
establish a fee for the processing of an application for restoration of a
license to pay all expenses of processing this application. The Secretary
may waive the fines due under this Section in individual cases where the
Secretary finds that the fines would be unreasonable or unnecessarily
burdensome.

Section 75. Endorsement. The Department may issue a license as a
licensed community association manager, without the required
examination, to an applicant licensed under the laws of another state if the
requirements for licensure in that state are, on the date of licensure,
substantially equal to the requirements of this Act or to a person who, at
the time of his or her application for licensure, possessed individual
qualifications that were substantially equivalent to the requirements then
in force in this State. An applicant under this Section shall pay all of the
required fees.

Applicants have 3 years from the date of application to complete
the application process. If the process has not been completed within the 3
years, the application shall be denied, the fee shall be forfeited, and the
applicant must reapply and meet the requirements in effect at the time of
reapplication.

Section 80. Roster. The Department shall maintain a roster of

(b) In accordance with subdivision (a)(5) of Section 15 of the Department of Professional Regulation Law of the Civil Administrative Code of Illinois (20 ILCS 2105/2105-15), the Department shall deny a license or renewal authorized by this Act to a person who has defaulted on an educational loan or scholarship provided or guaranteed by the Illinois Student Assistance Commission or any governmental agency of this State.

(c) The determination by a circuit court that a licensee is subject to involuntary admission or judicial admission, as provided in the Mental Health and Developmental Disabilities Code, operates as an automatic suspension. The suspension will terminate only upon a finding by a court that the patient is no longer subject to involuntary admission or judicial admission and the issuance of an order so finding and discharging the patient, and upon the recommendation of the Board to the Secretary that the licensee be allowed to resume his or her practice as a licensed community association manager.

(d) In accordance with subsection (g) of Section 15 of the Department of Professional Regulation Law of the Civil Administrative Code of Illinois (20 ILCS 2105/2105-15), the Department may refuse to issue or renew or may suspend the license of any person who fails to file a return, to pay the tax, penalty, or interest shown in a filed return, or to pay any final assessment of tax, penalty, or interest, as required by any tax Act administered by the Department of Revenue, until such time as the requirements of that tax Act are satisfied.

practice under this Act, or who has applied for licensure under this Act, to submit to a mental or physical examination, or both, as required by and at the expense of the Department. The Department or Board may order the examining physician to present testimony concerning the mental or physical examination of the licensee or applicant. No information shall be excluded by reason of any common law or statutory privilege relating to communications between the licensee or applicant and the examining physician. The examining physicians shall be specifically designated by the Board or Department. The individual to be examined may have, at his or her own expense, another physician of his or her choice present during all aspects of this examination. Failure of an individual to submit to a mental or physical examination, when directed, shall be grounds for suspension of his or her license or denial of his or her application or renewal until the individual submits to the examination if the Department finds, after notice and hearing, that the refusal to submit to the examination was without reasonable cause.

If the Department or Board finds an individual unable to practice because of the reasons set forth in this Section, the Department or Board may require that individual to submit to care, counseling, or treatment by physicians approved or designated by the Department or Board, as a condition, term, or restriction for continued, reinstated, or renewed licensure to practice; or, in lieu of care, counseling, or treatment, the Department may file, or the Board may recommend to the Department to file, a complaint to immediately suspend, revoke, deny, or otherwise discipline the license of the individual. An individual whose license was granted, continued, reinstated, renewed, disciplined or supervised subject to such terms, conditions, or restrictions, and who fails to comply with such terms, conditions, or restrictions, shall be referred to the Secretary for a determination as to whether the individual shall have his or her license suspended immediately, pending a hearing by the Department.

In instances in which the Secretary immediately suspends a person's license under this Section, a hearing on that person's license must be convened by the Department within 30 days after the suspension and completed without appreciable delay. The Department and Board shall have the authority to review the subject individual's record of treatment and counseling regarding the impairment to the extent permitted by applicable federal statutes and regulations safeguarding the confidentiality of medical records.

An individual licensed under this Act and affected under this Section shall be afforded an opportunity to demonstrate to the Department or Board that he or she can resume practice in compliance with acceptable and prevailing standards under the provisions of his or her license.

Section 87. Suspension of license for failure to pay restitution. The Department, without further process or hearing, shall suspend the license or other authorization to practice of any person issued under this Act who has been certified by court order as not having paid restitution to a person under Section 8A-3.5 of the Illinois Public Aid Code or under Section 46-1 of the Criminal Code of 1961. A person whose license or other authorization to practice is suspended under this Section is prohibited from practicing until the restitution is made in full.

Section 90. Violations; injunctions; cease and desist orders.
(a) If any person violates a provision of this Act, the Secretary may, in the name of the People of the State of Illinois, through the Attorney General of the State of Illinois, petition for an order enjoining the violation or for an order enforcing compliance with this Act. Upon the filing of a verified petition in court, the court may issue a temporary restraining order, without notice or bond, and may preliminarily and permanently enjoin the violation. If it is established that the person has violated or is violating the injunction, the Court may punish the offender for contempt of court. Proceedings under this Section are in addition to, and not in lieu of, all other remedies and penalties provided by this Act.

(b) If any person, entity or other business may provide community association management services or provide services as community association manager to any community association in this State without having a valid license under this Act, then any licensee, any interested party or any person injured thereby may, in addition to the Secretary, petition for relief as provided in subsection (a) of this Section.

(c) Whenever in the opinion of the Department any person, entity or other business violates any provision of this Act, the Department may issue a rule to show cause why an order to cease and desist should not be entered against such person, firm or other entity. The rule shall clearly set forth the grounds relied upon by the Department and shall provide a period of at least 7 days from the date of the rule to file an answer to the satisfaction of the Department. If the person, firm or other entity fails to file an answer satisfactory to the Department, the matter shall be considered as a default and the Department may cause an order to cease and desist to be issued immediately.

Section 92. Unlicensed practice; violation; civil penalty.

(a) Any person, entity or other business who practices, offers to practice, attempts to practice, or holds himself, herself or itself out to practice as a community association management service or provide services as community association manager to any community association in this State without being licensed under this Act shall, in addition to any other penalty provided by law, pay a civil penalty to the Department in an amount not to exceed $10,000 for each offense, as determined by the Department. The civil penalty shall be assessed by the Department after a hearing is held in accordance with the provisions set forth in this Act regarding the provision of a hearing for the discipline of a licensee.

(b) The Department may investigate any and all unlicensed activity.

(c) The civil penalty shall be paid within 60 days after the effective date of the order imposing the civil penalty. The order shall constitute a judgment and may be filed and execution had thereon in the same manner as any judgment from any court of record.

Section 95. Investigation; notice and hearing. The Department may investigate the actions or qualifications of a person, entity or other business holding or claiming to hold a license. Before suspending, revoking, placing on probationary status, or taking any other disciplinary action as the Department may deem proper with regard to any license, at least 30 days before the date set for the hearing, the Department shall (i) notify the accused in writing of any charges made and the time and place for a hearing on the charges before the Board, (ii) direct the individual or entity to file a written answer to the charges with the Board under oath within 20 days after the service on him or her of such notice, and (iii) inform the person, entity or other business that if the person, entity, or other business fails to file an answer, default will be taken against such person, entity, or other business and the license of such person, entity, or other business may be suspended, revoked, placed on probationary status, or other disciplinary action taken with regard to the license, including limiting the scope, nature, or extent of his or her practice, as the Department may deem proper. In case the person, after receiving notice, fails to file an answer, his or her license may, in the discretion of the Department, be suspended, revoked, placed on probationary status, or the Department may take whatever disciplinary action deemed proper, including limiting the scope, nature, or extent of the person's practice or the imposition of a fine, without a hearing, if the act or acts charged

constitute sufficient grounds for such action under this Act. Written notice may be served by personal delivery or by registered or certified mail to the applicant or licensee at his or her last address of record with the Department. In case the person fails to file an answer after receiving notice, his or her license may, in the discretion of the Department, be suspended, revoked, or placed on probationary status, or the Department may take whatever disciplinary action deemed proper, including limiting the scope, nature, or extent of the person's practice or the imposition of a fine, without a hearing, if the act or acts charged constitute sufficient grounds for such action under this Act. The written answer shall be served by personal delivery, certified delivery, or certified or registered mail to the Department. At the time and place fixed in the notice, the Department shall proceed to hear the charges and the parties or their counsel shall be accorded ample opportunity to present such statements, testimony, evidence, and argument as may be pertinent to the charges or to the defense thereto. The Department may continue such hearing from time to time. At the discretion of the Secretary after having first received the recommendation of the Board, the accused person's license may be suspended or revoked, if the evidence constitutes sufficient grounds for such action under this Act.

Section 100. Record of proceeding. The Department, at its expense, shall preserve a record of all proceedings at the formal hearing of any case involving the refusal to restore, issue or renew a license, or the discipline of a licensee. The notice of hearing, complaint and all other documents in the nature of pleadings and written motions filed in the proceedings, the transcript of testimony, the report of the Board and the orders of the Department shall be the record of the proceedings.

Section 105. Subpoenas; oaths; attendance of witnesses. The Department has the power to subpoena documents, books, records, or other materials and to bring before it any person and to take testimony either orally, by deposition, by written interrogatory, or any combination thereof, with the same fees and mileage and in the same manner as prescribed in civil cases in the courts of this State.

The Secretary, the designated hearing officer, and every member of the Board has the power to administer oaths to witnesses at any hearing that the Department is authorized to conduct and any other oaths authorized in any Act administered by the Department.

Any circuit court may, upon application of the Department or its designee, or of the applicant or licensee against whom proceedings under

this Act are pending, enter an order requiring the attendance of witnesses and their testimony, and the production of documents, papers, files, books, records or testimony in connection with any hearing or investigation. The court may compel obedience to its order by proceedings for contempt.

Section 110. Recommendations for disciplinary action. At the conclusion of the hearing, the Board shall present to the Secretary a written report of its findings and recommendations. The report shall contain a finding whether or not the accused person violated this Act or failed to comply with the conditions required in this Act. The Board shall specify the nature of the violation or failure to comply, and shall make its recommendations to the Secretary.

The report of findings and recommendations of the Board shall be the basis for the Department's order for refusal or for the granting of a license, or for any disciplinary action, unless the Secretary shall determine that the Board's report is contrary to the manifest weight of the evidence, in which case the Secretary may issue an order in contravention of the Board's report. The finding is not admissible in evidence against the person in a criminal prosecution brought for the violation of this Act, but the hearing and finding are not a bar to a criminal prosecution brought for the violation of this Act.

Section 115. Rehearing. In any hearing involving disciplinary action against a licensee, a copy of the Board's report shall be served upon the respondent by the Department, either personally or as provided in this Act for the service of the notice of hearing. Within 20 calendar days after service, the respondent may present to the Department a motion in writing for a rehearing that shall specify the particular grounds for rehearing. If no motion for rehearing is filed, then upon the expiration of the time specified for filing a motion, or if a motion for rehearing is denied, then upon denial, the Secretary may enter an order in accordance with recommendations of the Board, except as provided in this Act. If the respondent orders from the reporting service, and pays for, a transcript of the record within the time for filing a motion for rehearing, the 20 calendar day period within which a motion may be filed shall commence upon the delivery of the transcript to the respondent.

Section 120. Appointment of a hearing officer. The Secretary has the authority to appoint any attorney duly licensed to practice law in the State of Illinois to serve as the hearing officer in any action for refusal to issue or renew a license, or to discipline a licensee. The hearing officer has full authority to conduct the hearing. The hearing officer shall report his

findings and recommendations to the Board and the Secretary. The Board has 60 calendar days from receipt of the report to review the report of the hearing officer and present its findings of fact, conclusions of law and recommendations to the Secretary.

If the Board fails to present its report within the 60 calendar day period, the respondent may request in writing a direct appeal to the Secretary, in which case the Secretary shall, within 7 calendar days after the request, issue an order directing the Board to issue its findings of fact, conclusions of law, and recommendations to the Secretary within 30 calendar days after such order.

If the Board fails to issue its findings of fact, conclusions of law, and recommendations within that time frame to the Secretary after the entry of such order, the Secretary shall, within 30 calendar days thereafter, issue an order based upon the report of the hearing officer and the record of the proceedings or issue an order remanding the matter back to the hearing officer for additional proceedings in accordance with the order.

If (i) a direct appeal is requested, (ii) the Board fails to issue its findings of fact, conclusions of law, and recommendations within the 30-day mandate from the Secretary or the Secretary fails to order the Board to do so, and (iii) the Secretary fails to issue an order within 30 calendar days thereafter, then the hearing officer's report is deemed accepted and a final decision of the Secretary.

Notwithstanding any other provision of this Section, if the Secretary, upon review, determines that substantial justice has not been done in the revocation, suspension, or refusal to issue or renew a license or other disciplinary action taken as the result of the entry of the hearing officer's report, the Secretary may order a rehearing by the same or other examiners. If the Secretary disagrees with the recommendation of the Board or the hearing officer, the Secretary may issue an order in contravention of either recommendation.

Section 125. Order; certified copy. An order or a certified copy thereof, over the seal of the Department and purporting to be signed by the Secretary, shall be prima facie proof:

(a) that the signature is the genuine signature of the Secretary;
(b) that the Secretary is duly appointed and qualified; and
(c) that the Board and its members are qualified to act.

Section 130. Restoration of suspended or revoked license. At any time after the successful completion of a term of suspension or revocation of a license, the Department may restore it to the licensee, upon the written

recommendation of the Board, unless after an investigation and a hearing
the Board determines that restoration is not in the public interest.

Section 135. License surrender. Upon the revocation or suspension
of any license, the licensee shall immediately surrender the license or
licenses to the Department. If the licensee fails to do so, the Department
has the right to seize the license or licenses.

Section 140. Summary suspension. The Secretary may summarily
suspend a license without a hearing, simultaneously with the institution of
proceedings for a hearing provided for in this Act, if the Secretary finds
that evidence in his or her possession indicates that a continuation in
practice would constitute an imminent danger to the public. In the event
that the Secretary summarily suspends a license without a hearing, a
hearing by the Department must be held within 30 calendar days after the
suspension has occurred.

Section 145. Judicial review. All final administrative decisions of
the Department are subject to judicial review under the Administrative
Review Law and its rules. The term "administrative decision" is defined as
in Section 3-101 of the Code of Civil Procedure. Proceedings for judicial
review shall be commenced in the circuit court of the county in which the
party applying for review resides; but if the party is not a resident of this
State, the venue shall be in Sangamon County.

Section 150. Certification of records. The Department shall not be
required to certify any record to the Court or file any answer in court or
otherwise appear in any court in a judicial review proceeding, unless there
is filed in the court, with the complaint, a receipt from the Department
acknowledging payment of the costs of furnishing and certifying the
record. Failure on the part of the plaintiff to file such receipt in Court shall
be grounds for dismissal of the action.

Section 155. Violations; penalties.
(a) A person who violates any of the following provisions shall be
guilty of a Class A misdemeanor; a person who commits a second or
subsequent violation of these provisions is guilty of a Class 4 felony:

(1) The practice of or attempted practice of or holding out
as available to practice as a community association manager
without a license.

(2) Operation of or attempt to operate a Community
Association Management Agency without an agency license.

The individual shall not be eligible for licensure under this Act until at least 10 years have elapsed since the time of full discharge from any sentence imposed for a felony conviction. If any person in making any oath or affidavit required by this Act swears falsely, the person is guilty of perjury and may be punished accordingly.

Section 160. Illinois Administrative Procedure Act. The Illinois Administrative Procedure Act is expressly adopted and incorporated in this Act as if all of the provisions of that Act were included in this Act, except that the provision of paragraph (d) of Section 10-65 of the Illinois Administrative Procedure Act, which provides that at hearings the license holder has the right to show compliance with all lawful requirements for retention, continuation or renewal of the certificate, is specifically excluded. For the purpose of this Act the notice required under Section 10-25 of the Illinois Administrative Procedure Act is deemed sufficient when mailed to the last known address of record maintained for a party by the Department.

Section 165. Home rule. The regulation and licensing of community association managers and Community Association Management Agencies are exclusive powers and functions of the State. A home rule unit may not regulate or license community association managers and Community Association Management Agencies. This Section is a denial and limitation of home rule powers and functions under subsection (h) of Section 6 of Article VII of the Illinois Constitution.

Sec. 6-227. Transfer of creditable service from Article 4. Until January 1, 2010, any active member of the Firemen's Annuity and Benefit Fund of Chicago may transfer to the Fund up to a total of 10 years of creditable service accumulated under Article 4 of this Code upon payment to the Fund within 5 years after the date of application of an amount equal to the difference between the amount of employee and employer contributions transferred to the Fund under Section 4-108.6 and the amounts determined by the Fund in accordance with this Section, plus

interest on that difference at the actuarially assumed rate, compounded annually, from the date of service to the date of payment.

The Fund must determine the fireman's payment required to establish creditable service under this Section by taking into account the appropriate actuarial assumptions, including without limitation the fireman's service, age, and salary history; the level of funding of the Fund; and any other factors that the Fund determines to be relevant. For this purpose, the fireman's required payment should result in no significant increase to the Fund's unfunded actuarial accrued liability determined as of the most recent actuarial valuation, based on the same assumptions and methods used to develop and report the Fund's actuarial accrued liability and actuarial value of assets under Statement No. 25 of Governmental Accounting Standards Board or any subsequent applicable Statement.

(40 ILCS 5/6-228 new)

Sec. 6-228. Action by Fund against third party; subrogation. In those cases where the injury or death for which a disability or death benefit is payable under this Article was caused under circumstances creating a legal liability on the part of some person or entity (hereinafter "third party") to pay damages to the fireman, legal proceedings may be taken against such third party to recover damages notwithstanding the Fund's payment of or liability to pay disability or death benefits under this Article. In such case, however, if the action against such third party is brought by the injured fireman or his personal representative and judgment is obtained and paid, or settlement is made with such third party, either with or without suit, from the amount received by such fireman or personal representative, then there shall be paid to the Fund the amount of money representing the death or disability benefits paid or to be paid to the disabled fireman pursuant to the provisions of this Article. In all circumstances where the action against a third party is brought by the disabled fireman or his personal representative, the Fund shall have a claim or lien upon any recovery, by judgment or settlement, out of which the disabled fireman or his personal representative might be compensated from such third party. The Fund may satisfy or enforce any such claim or lien only from that portion of a recovery that has been, or can be, allocated or attributed to past and future lost salary, which recovery is by judgment or settlement. The Fund's claim or lien shall not be satisfied or enforced from that portion of a recovery that has been, or can be, allocated or attributed to medical care and treatment, pain and suffering, loss of consortium, and attorney's fees and costs.

New matter indicated by italics - deletions by strikeout.
Where action is brought by the disabled fireman or his personal representative they shall forthwith notify the Fund, by personal service or registered mail, of such fact and of the name of the court where such suit is brought, filing proof of such notice in such action. The Fund may, at any time thereafter, intervene in such action upon its own motion. Therefore, no release or settlement of claim for damages by reason of injury to the disabled fireman, and no satisfaction of judgment in such proceedings, shall be valid without the written consent of the Board of Trustees authorized by this Code to administer the Fund created under this Article, except that such consent shall be provided expeditiously following a settlement or judgment.

In the event the disabled fireman or his personal representative has not instituted an action against a third party at a time when only 3 months remain before such action would thereafter be barred by law, the Fund may, in its own name or in the name of the personal representative, commence a proceeding against such third party seeking the recovery of all damages on account of injuries caused to the fireman. From any amount so recovered, the Fund shall pay to the personal representative of such disabled fireman all sums collected from such third party by judgment or otherwise in excess of the amount of disability or death benefits paid or to be paid under this Article to the disabled fireman or his personal representative, and such costs, attorney’s fees, and reasonable expenses as may be incurred by the Fund in making the collection or in enforcing such liability. The Fund’s recovery, shall be satisfied only from that portion of a recovery that has been, or can be, allocated or attributed to past and future lost salary, which recovery is by judgment or settlement. The Fund’s recovery shall not be satisfied from that portion of the recovery that has been or can be allocated or attributed to medical care and treatment, pain and suffering, loss of consortium, and attorney’s fees and costs.

Additionally, with respect to any right of subrogation asserted by the Fund under this Section, the Fund, in the exercise of discretion, may determine what amount from past or future salary shall be appropriate under the circumstances to collect from the recovery obtained on behalf of the disabled fireman.

At the time of the transfer the Fund shall pay to the Article 5 Fund an amount equal to:

(2) the corresponding employer credits, including interest, on the books of the Fund on the date of transfer; and
(3) any interest paid by the applicant in order to reinstate such service.

Participation in this Fund with respect to the credits transferred shall terminate on the date of transfer.

(b) Any person applying to transfer service under this Section may reinstate credit for service as a member of the county department of corrections that was terminated by receipt of a refund, by paying to the Fund the amount of the refund with interest thereon at the actuarially assumed rate, compounded annually, from the date of refund to the date of payment.

(2) "Interactive computer service" means any information service, system, or access software provider that provides or enables computer access by multiple users to a computer server, including specifically a service or system that provides access to the Internet.

If the allowance is insufficient to pay the tuition in full the State Superintendent of Education shall direct the Comptroller to pay to the district the difference between the total tuition charged and the amount of the allowance.

Whenever the facilities of a school district in which such house, housing units or housing accommodations are located, are limited, pupils may be assigned by that district to the schools of any adjacent district to the limit of the facilities of the adjacent district to properly educate such pupils as shall be determined by the school board of the adjacent district, and the State Superintendent of Education shall direct the Comptroller to

Claims for tuition for children from any home for orphans or dependent, abandoned, or maladjusted children beginning with the 1993-1994 school year shall be paid on a current year basis. On September 30, December 31, and March 31, the State Board of Education shall voucher payments for districts with those students based on an estimated cost calculated from the prior year's claim. Final claims for those students for the regular school term must be received at the State Board of Education by July 15 following the end of the regular school year. Final claims for those students shall be vouchered by August 15. During fiscal year 1994 both the 1992-1993 school year and the 1993-1994 school year shall be paid in order to change the cycle of payment from a reimbursement basis to a current year funding basis of payment. However, notwithstanding any other provisions of this Section or the School Code, beginning with fiscal year 1994 and each fiscal year thereafter, if the amount appropriated for any fiscal year is less than the amount required for purposes of this Section, the amount required to eliminate any insufficient reimbursement for each district claim under this Section shall be reimbursed on August 30 of the next fiscal year. Payments required to eliminate any insufficiency

for prior fiscal year claims shall be made before any claims are paid for the current fiscal year.

If a school district makes a claim for reimbursement under Section 18-4 or 14-7.03 it shall not include in any claim filed under this Section children residing on the property of State institutions included in its claim under Section 18-4 or 14-7.03.

Any child who is not a resident of Illinois who is placed in a child welfare institution, private facility, State operated program, orphanage or children's home shall have the payment for his educational tuition and any related services assured by the placing agent.

In order to provide services appropriate to allow a student under the legal guardianship or custodianship of the State to participate in local school district educational programs, costs may be incurred in appropriate cases by the district that are in excess of 1.2 times the district per capita tuition charge allowed under the provisions of this Section. In the event such excess costs are incurred, they must be documented in accordance with cost rules established under the authority of this Section and may then be claimed for reimbursement under this Section.

Planned services for students eligible for this funding must be a collaborative effort between the appropriate State agency or the student's group home or institution and the local school district.

Sec. 18-12. Dates for filing State aid claims. The school board of each school district shall require teachers, principals, or superintendents to furnish from records kept by them such data as it needs in preparing and certifying to the regional superintendent its school district report of claims provided in Sections 18-8.05 through 18-9 as required by the State Superintendent of Education. The district claim shall be based on the latest available equalized assessed valuation and tax rates, as provided in Section 18-8.05 and shall use the average daily attendance as determined by the method outlined in Section 18-8.05 and shall be certified and filed with the regional superintendent by June 21 for districts with an official school calendar end date before June 15 or within 2 weeks following the official school calendar end date for districts with a school year end date of June 15 or later. The regional superintendent shall certify and file with the State Superintendent of Education district State aid claims by July 1 for districts with an official school calendar end date before June 15 or no later than July 15 for districts with an official school calendar end date of June 15 or

New matter indicated by italics - deletions by strikeout.
Failure to so file by these deadlines constitutes a forfeiture of the right to receive payment by the State until such claim is filed and vouched for payment. The regional superintendent of schools shall certify the county report of claims by July 15; and the State Superintendent of Education shall voucher for payment those claims to the State Comptroller as provided in Section 18-11.

Except as otherwise provided in this Section, if any school district fails to provide the minimum school term specified in Section 10-19, the State aid claim for that year shall be reduced by the State Superintendent of Education in an amount equivalent to $1/176$ or $.56818\%$ for each day less than the number of days required by this Code.

If the State Superintendent of Education determines that the failure to provide the minimum school term was occasioned by an act or acts of God, or was occasioned by conditions beyond the control of the school district which posed a hazardous threat to the health and safety of pupils, the State aid claim need not be reduced.

If a school district is precluded from providing the minimum hours of instruction required for a full day of attendance due to an adverse weather condition or a condition beyond the control of the school district that poses a hazardous threat to the health and safety of students, then the partial day of attendance may be counted if (i) the school district has provided at least one hour of instruction prior to the closure of the school district, (ii) a school building has provided at least one hour of instruction prior to the closure of the school building, or (iii) the normal start time of the school district is delayed.

If, prior to providing any instruction, a school district must close one or more but not all school buildings after consultation with a local emergency response agency or due to a condition beyond the control of the school district, then the school district may claim attendance for up to 2 school days based on the average attendance of the 3 school days immediately preceding the closure of the affected school building. The partial or no day of attendance described in this Section and the reasons therefore shall be certified within a month of the closing or delayed start by the school district superintendent to the regional superintendent of schools for forwarding to the State Superintendent of Education for approval.

If the State Superintendent of Education determines that the failure to provide the minimum school term was due to a school being closed on or after September 11, 2001 for more than one half day of attendance due the act or acts of God, or was occasioned by conditions beyond the control of the school district which posed a hazardous threat to the health and safety of pupils, the State aid claim need not be reduced.
to a bioterrorism or terrorism threat that was investigated by a law enforcement agency, the State aid claim shall not be reduced.

If, during any school day, (i) a school district has provided at least one clock hour of instruction but must close the schools due to adverse weather conditions or due to a condition beyond the control of the school district that poses a hazardous threat to the health and safety of pupils prior to providing the minimum hours of instruction required for a full day of attendance, (ii) the school district must delay the start of the school day due to adverse weather conditions and this delay prevents the district from providing the minimum hours of instruction required for a full day of attendance, or (iii) a school district has provided at least one clock hour of instruction but must dismiss students from one or more recognized school buildings due to a condition beyond the control of the school district, the partial day of attendance may be counted as a full day of attendance. If a school district closes one or more recognized school buildings due to a condition beyond the control of the district prior to providing any instruction, then the district may claim a full day of attendance for a maximum of 2 school days based on the average of the 3 prior school days of attendance immediately preceding the closure of the school building. The partial or no day of attendance and the reasons therefor shall be certified in writing within a month of the closing or delayed start by the local school district superintendent to the Regional Superintendent of Schools for forwarding to the State Superintendent of Education for approval.

If a school building is ordered to be closed by the school board, in consultation with a local emergency response agency, due to a condition that poses a hazardous threat to the health and safety of pupils, then the school district shall have a grace period of 4 days in which the general State aid claim shall not be reduced so that alternative housing of the pupils may be located.

No exception to the requirement of providing a minimum school term may be approved by the State Superintendent of Education pursuant to this Section unless a school district has first used all emergency days provided for in its regular calendar.

If the State Superintendent of Education declares that an energy shortage exists during any part of the school year for the State or a designated portion of the State, a district may operate the school attendance centers within the district 4 days of the week during the time of the shortage by extending each existing school day by one clock hour of

school work, and the State aid claim shall not be reduced, nor shall the employees of that district suffer any reduction in salary or benefits as a result thereof. A district may operate all attendance centers on this revised schedule, or may apply the schedule to selected attendance centers, taking into consideration such factors as pupil transportation schedules and

patterns and sources of energy for individual attendance centers.

No State aid claim may be filed for any district unless the district superintendent executes and files with the State Superintendent of Education, in the method prescribed by the Superintendent, certification that the district has complied with the requirements of Section 10-22.5 in regard to the nonsegregation of pupils on account of color, creed, race, sex or nationality.

No State aid claim may be filed for any district unless the district superintendent executes and files with the State Superintendent of Education, in the method prescribed by the Superintendent, a sworn statement that to the best of his or her knowledge or belief the employing or assigning personnel have complied with Section 24-4 in all respects.

Electronically submitted State aid claims shall be submitted by duly authorized district or regional individuals over a secure network that is password protected. The electronic submission of a State aid claim must be accompanied with an affirmation that all of the provisions of Sections 18-8.05 through 18-9, 10-22.5, and 24-4 of this Code are met in all respects.

Sec. 27-24.2. Safety education; driver education course.
Instruction shall be given in safety education in each of grades one through eight, equivalent to one class period each week, and any school district which maintains grades nine through twelve shall offer a driver education course in any such school which it operates. Its curriculum shall include content dealing with Chapters 11, 12, 13, 15, and 16 of the Illinois Vehicle Code, the rules adopted pursuant to those Chapters insofar as they pertain to the operation of motor vehicles, and the portions of the Litter Control Act relating to the operation of motor vehicles. The course of instruction given in grades ten through twelve shall include an emphasis on the development of knowledge, attitudes, habits, and skills necessary for the safe operation of motor vehicles, including motorcycles insofar as they can be taught in the classroom, and instruction on distracted driving as a major traffic safety issue. Both the classroom instruction part and the practice driving part of such driver education course shall be open to a resident or non-resident student attending a non-public school in the district wherein the course is offered and to each resident of the district who acquires or holds a currently valid driver's license during the term of the course and who is at least 15 but has not reached 21 years of age, without regard to whether any such person is enrolled in any other course offered in any school that the district operates. Each student attending any public or non-public high school in the district must receive a passing grade in at least 8 courses during the previous 2 semesters prior to enrolling in a driver education course, or the student shall not be permitted to enroll in the course; provided that the local superintendent of schools (with respect to a student attending a public high
school in the district) or chief school administrator (with respect to a student attending a non-public high school in the district) may waive the requirement if the superintendent or chief school administrator, as the case may be, deems it to be in the best interest of the student. A school district required to offer a driver education course or courses as provided in this Section also is authorized to offer either the classroom instruction part or the practice driving part or both such parts of a driver education course to any resident of the district who is over age 55; provided that any such school district which elects to offer either or both parts of such course to such residents shall be entitled to make either or both parts of such course available to such residents at any attendance center or centers within the district designated by the school board; and provided further that no part of any such driver education course shall be offered to any resident of the district over age 55 unless space therein remains available after all persons to whom such part of the driver education course is required to be open as provided in this Section and who have requested such course have registered therefor, and unless such resident of the district over age 55 is a person who has not previously been licensed as a driver under the laws of this or any other state or country. Subject to rules of the State Board of Education, the school district may charge a reasonable fee, not to exceed $50, to students who participate in the course, unless a student is unable to pay for such a course, in which event the fee for such a student must be waived. The total amount from driver education fees and reimbursement from the State for driver education must not exceed the total cost of the driver education program in any year and must be deposited into the school district's driver education fund as a separate line item budget entry. Reimbursement under this Act is payable from the Drivers Education Fund in the State treasury.

Each year all funds appropriated from the Drivers Education Fund to the State Board of Education, with the exception of those funds necessary for administrative purposes of the State Board of Education, shall be distributed in the manner provided in this paragraph to school districts by the State Board of Education for reimbursement of claims from the previous school year. The changes made to this Section by this amendatory Act of the 93rd General Assembly do not apply to charter schools existing or approved on or before the effective date of this amendatory Act.

(c) A charter school shall be administered and governed by its board of directors or other governing body in the manner provided in its charter. The governing body of a charter school shall be subject to the Freedom of Information Act and the Open Meetings Act.

(a) The State Board of Education shall promulgate a State plan for summer food service programs, in accordance with 42 U.S.C. Sec. 1761 and any other applicable federal laws and regulations, by February 1, 2008.

(b) On or before February 15, 2008, and each year thereafter, a school district must promulgate a plan to have a summer breakfast or lunch (or both) food service program for each school (i) in which at least 50% of the students are eligible for free or reduced-price school meals and (ii) that has a summer school program. The plan must be implemented during the summer of 2008 and each year thereafter as long as the school district has a school or schools that meet the above criteria. Each summer food service program must operate for the duration of the school's summer school program. If the school district has one or more elementary schools that qualify, the summer food service program must be operated in a manner that ensures all eligible students receive services. If a school in which at least 50% of the students are eligible for free or reduced-price school meals is not open during the summer months, the school shall provide information regarding the number of children in the school who are eligible for free or reduced-price school meals upon request by a not-for-profit entity.

(c) Summer food service programs established under this Section shall be supported by federal funds and commodities and other available State and local resources.

(d) A school district shall be allowed to opt out of the summer food service program requirement of this Section if it is determined that, due to circumstances specific to that school district, the expense reimbursement would not fully cover the costs of implementing and operating a summer food service program. The school district shall petition its regional superintendent of schools by January 15 to request to be exempt from the summer food service program requirement. The petition shall include all legitimate costs associated with implementing and operating a summer food service program, the estimated reimbursement from State and federal sources, and any unique circumstances the school district can verify that exist that would cause the implementation and operation of such a program to be cost prohibitive.

The regional superintendent of schools shall review the petition. He or she shall convene a public hearing to hear testimony from the school district and interested community members. The regional superintendent shall, by March 1, inform the school district of his or her decision, along with the reasons why the exemption was granted or denied, in writing. If

the regional superintendent grants an exemption to the school district, then the school district is relieved from the requirement to establish and implement a summer food service program.

If the regional superintendent of schools does not grant an exemption to the school district, then the school district shall implement and operate a summer food service program in accordance with this Section the summer following the current school year. However, the school district or a resident of the school district may appeal the decision of the regional superintendent to the State Superintendent of Education. No later than April 1 of each year, the State Superintendent shall hear appeals on the decisions of regional superintendents of schools. The State Superintendent shall make a final decision at the conclusion of the hearing on the school district's request for an exemption from the summer food service program requirement. If the State Superintendent grants an exemption to the school district, then the school district is relieved from the requirement to implement and operate a summer food service program. If the State Superintendent does not grant an exemption to the school district, then the school district shall implement and operate a summer food service program in accordance with this Section the summer following the current school year.

At the Director's discretion, the Director may require the submission of advertising material. If the Director disapproves a viatical settlement contract form or disclosure statement form, then the Director shall notify the viatical settlement provider and advise the viatical settlement provider, in writing, of the reason for the disapproval. The viatical settlement provider may make written demand upon the Director within 30 days after the date of mailing for a hearing before the Director to determine the reasonableness of the Director's action. The hearing must be held within not fewer than 20 days nor more than 30 days after the mailing of the notice of hearing and shall be held in accordance with the Illinois Administrative Procedure Act and 50 Ill. In scheduling and determining the nature, scope, and frequency of the examinations, the Director shall consider such matters as consumer complaints, results of financial statement analyses and ratios, changes in management or ownership, actuarial opinions, report of independent certified public accountants, and other relevant criteria as determined by the Director.

(b) For purposes of completing an examination of a licensee under this Act, the Director may examine or investigate any person, or the business of any person, in so far as the examination or investigation is, in the sole discretion of the Director, necessary or material to the examination.

(c) In lieu of an examination under this Act of any foreign licensee or alien licensee licensed in this State, the Director may, at the Director's discretion, accept an examination report on the licensee as prepared by the chief insurance regulatory official for the licensee's state of domicile or port-of-entry state.

(d) As far as practical, the examination of a foreign licensee or alien licensee shall be made in cooperation with the insurance supervisory officials of other states in which the licensee transacts business.

(3) all other records and documents in any format related to the requirements of this Act, including a record of complaints received against the licensee and agents representing the licensee and a list of all life expectancy providers that have provider services to the licensee.

Every licensee or person, including all officers, partners, members, directors, employees, controlling persons, and agents of any licensee or person, from whom information is sought shall provide to the examiners timely, convenient, and free access at all reasonable hours at the licensee's or person's offices to all books, records, accounts, papers, documents, assets, and computer or other recordings relating to the property, assets, business, and affairs of the licensee being examined. The officers, directors, employees, and agents of the licensee or person shall facilitate the examination and aid in the examination so far as it is in their power to do so. The refusal of a licensee by its officers, directors, employees, or agents to submit to examination or to comply with any reasonable written request of the Director shall be grounds for revocation, denial of issuance, or non-renewal of any license or authority held by the licensee to engage in the viatical settlement business or other business subject to the Director's jurisdiction.

The Director shall have the power to issue subpoenas, to administer oaths, and to examine under oath any person as to any matter pertinent to the examination. When making an examination under this Act, the Director may retain attorneys, appraisers, independent actuaries, independent certified public accountants, or other professionals and specialists as examiners, the reasonable cost of which shall be borne by the licensee that is the subject of the examination.

(g) Nothing contained in this Act limits the Director's authority to terminate or suspend an examination in order to pursue other legal or regulatory action pursuant to the insurance laws of this State. Findings of fact and conclusions made pursuant to any examination shall be prima facie evidence in any legal or regulatory action.

(h) Nothing contained in this Act shall be construed to limit the Director's authority to use and, if appropriate, to make public any final or preliminary examination report, any examiner or licensee workpapers or other documents, or any other information discovered or developed during the course of any examination in the furtherance of any legal or regulatory action that the Director may, in the Director's discretion, deem appropriate.

(i) No later than 60 days following completion of the examination, the examiner in charge shall file with the Director a verified written report of examination under oath. Upon receipt of the verified report, the Director shall transmit the report to the licensee examined.

(k) The licensee may request a hearing within 10 days after receipt of the examination report by giving the Director written notice of that request, together with a statement of its objections. The Director then must conduct a hearing in conjunction with Sections 402 and 403 of the Illinois Insurance Code. The Director must issue a written order based upon the examination report and upon the hearing within 90 days after the report is filed or within 90 days after the hearing. After the hearing, the Director may make such order or orders as may be reasonably necessary to correct, eliminate, or remedy unlawful conduct.

(o) No waiver of any applicable privilege or claim of confidentiality in the documents, materials, or information shall occur as a result of disclosure to the Director under this Section or as a result of sharing as authorized in subsection (n) of this Section.

(p) A privilege established under the law of any state or jurisdiction that is substantially similar to the privilege established under this Section shall be available and enforced in any proceeding in, and in any court of, this State.

office receiving the report or matters relating to it agrees in writing to hold it confidential and in a manner consistent with this Act.

(r) The expenses incurred in conducting an examination shall be paid by the licensee.

(s) No cause of action shall arise nor shall any liability be imposed against the Director, the Director's authorized representatives, or any examiner appointed by the Director for any statements made or conduct performed in good faith while carrying out the provisions of this Act.

No cause of action shall arise, nor shall any liability be imposed against any person for the act of communicating or delivering information or data to the Director or the Director's authorized representative or examiner pursuant to an examination made under this Section, if the act of communication or delivery was performed in good faith and without fraudulent intent or the intent to deceive. This subsection (s) does not abrogate or modify in any way any common law or statutory privilege or immunity heretofore enjoyed by any person identified in this subsection (s).

A person identified in this subsection (s) shall be entitled to an award of attorney's fees and costs if he or she is the prevailing party in a civil cause of action for libel, slander, or any other relevant tort arising out of activities in carrying out the provisions of this Section and the party bringing the action was not substantially justified in doing so. For purposes of this Section, a proceeding is "substantially justified" if it had a reasonable basis in law or fact at the time that it was initiated.

(t) The Director may investigate suspected viatical settlement fraud and persons engaged in the business of viatical settlements.

Section 35. Disclosure to viator.

(a) With each application for a viatical settlement contract, a viatical settlement provider or viatical settlement broker shall provide the viator with at least the following disclosures no later than the time the viatical settlement contract is signed by all parties. (5) That proceeds of the viatical settlement contract may be subject to the claims of creditors.

(6) That receipt of the proceeds of a viatical settlement may adversely affect the viator's eligibility for Medicaid or other government benefits or entitlements and advice should be obtained from the appropriate government agencies.

(7) That the viator has the right to rescind a viatical settlement contract before the earlier of 30 calendar days after the date upon which the viatical settlement contract is executed by all parties or 15 calendar days after the viatical settlement proceeds have been paid to the viator. Rescission, if exercised by the viator, is effective only if both notice of the rescission is given and the viator repays all proceeds and any premiums, loans, and loan interest paid on the account of the viatical settlement within the rescission period. If the insured dies during the rescission period, the viatical settlement contract is deemed to have been rescinded, subject to repayment by the viator or the viator's estate to the viatical settlement provider of all viatical settlement proceeds and any premiums, loans, and loan interest paid on the account of the viatical settlement within 60 days after the insured's death.

(10) That the disclosure document must contain the following language: "A viatical settlement provider or viatical settlement broker may ask the insured for medical, financial, and personal information. If you are asked to provide this information, you will be asked to consent to the disclosure. The information may be provided to someone who buys the policy or provides funds for the purchase. You may be asked to renew your permission to share information every 2 years."

(11) That, following execution of a viatical settlement contract, the insured may be contacted for the purpose of determining the insured's health status and to confirm the insured's residential or business street address and telephone number, or for other purposes permitted by law. Also, that an escrow agent shall provide escrow services to the parties pursuant to a written agreement signed by the viatical settlement provider, the escrow agent, and the viator. At the close of escrow, the escrow agent must distribute the proceeds of the sale to the viator, minus any compensation to be paid to any other persons who provided services and to whom the viator has agreed to compensate out of the gross amount offered by the viatical settlement purchaser. All persons receiving any form of compensation under the escrow agreement shall be clearly identified, including name, business address, telephone number, and tax identification number.

(d) A viatical settlement broker shall provide the viator with at least the following disclosures no later than the date the viatical settlement contract is signed by all parties. Section 45. General rules.

(a) A viatical settlement provider entering into a viatical settlement contract shall first obtain:

(1) if the viator is the insured, a written statement from a licensed attending physician that the viator is of sound mind and under no constraint or undue influence to enter into a viatical settlement contract; as used in this item (1), "physician" means a person licensed under the Medical Practice Act of 1987 to practice medicine and surgery or osteopathic medicine and surgery in all its branches; and

(2) a document in which the insured consents in writing to the release of his or her medical records to a licensed viatical settlement provider, viatical settlement broker, and the insurance company that issued the life insurance policy covering the life of the insured.

(b) Within 20 days after a viator executes documents necessary to transfer any rights under an insurance policy or within 20 days after entering any agreement, option, promise, or any other form of understanding, expressed or implied, to viaticate the policy, the viatical settlement provider shall give written notice to the insurer that issued that insurance policy that the policy has or will become a viaticated policy. The notice shall be accompanied by the documents required by subsection (c) of this Section.

(c) The viatical provider shall deliver a copy of the medical release required under paragraph (2) of subsection (a) of this Section, a copy of the viator's application for the viatical settlement contract, the notice required under subsection (b) of this Section and a request for verification of coverage to the insurer that issued the life insurance policy that is the subject of the viatical settlement transaction. The viatical settlement provider shall use the NAIC's form for verification of coverage unless another form is developed and approved by the Director.

(d) Prior to or at the time of execution of the viatical settlement contract, the viatical settlement provider shall obtain a witnessed document in which the viator consents to the viatical settlement contract, represents that the viator has a full and complete understanding of the viatical settlement contract, that he or she has a full and complete understanding of the benefits of the life insurance policy, acknowledges

that he or she is entering into the viatical settlement contract freely and voluntarily and, for persons with a terminal or chronic illness or condition, acknowledges that the insured has a terminal or chronic illness and that the terminal or chronic illness or condition was diagnosed after the life insurance policy was issued.

(e) If a viatical settlement broker performs any of the activities required of a viatical settlement provider as described by subsection (a) through (d) of this Section, then the viatical settlement provider is deemed to have fulfilled that requirement.

(f) The insurer shall respond to a request for verification of coverage submitted on an approved form by a viatical settlement provider or viatical settlement broker within 30 calendar days after the date the request is received and shall indicate whether, based on the medical evidence and documents provided, the insurer intends to pursue an investigation at this time regarding the validity of the insurance contract or possible fraud. The insurer shall accept a request for verification of coverage made on an NAIC form or any other form approved by the Director. The insurer shall accept an original or facsimile or electronic copy of such request and any accompanying authorization signed by the viator. Failure by the insurer to meet its obligations under this subsection shall be a violation of subsection (b) of Section 50 and Section 75 of this Act.

(g) All medical information solicited or obtained by any licensee shall be subject to the applicable provisions of state law relating to confidentiality of medical information.

(h) All viatical settlement contracts entered into in this State shall provide the viator with an absolute right to rescind the contract before the earlier of 30 calendar days after the date upon which the viatical settlement contract is executed by all parties or 15 calendar days after the viatical settlement proceeds have been sent to the viator as provided in Section 45. Rescission by the viator may be conditioned upon the viator both giving notice and repaying to the viatical settlement provider within the rescission period all proceeds of the settlement and any premiums, loans and loan interest paid by or on behalf of the viatical settlement provider in connection with or as a consequence of the viatical settlement. If the insured dies during the rescission period, the viatical settlement contract shall be deemed to have been rescinded, subject to repayment to the viatical settlement provider or purchaser of all viatical settlement proceeds, and any premiums, loans, and loan interest that have been paid

New matter indicated by italics - deletions by strikeout.
by the viatical settlement provider or viatical settlement purchaser, which shall be paid within 60 calendar days of the death of the insured. In the event of any rescission, if the viatical settlement provider has paid commissions or other compensation to a viatical settlement broker in connection with the rescinded transaction, the viatical settlement broker shall refund all such commissions and compensation to the viatical settlement provider within 5 business days following receipt of written demand from the viatical settlement provider, which demand shall be accompanied by either the viator's notice of rescission if rescinded at the election of the viator, or notice of the death of the insured if rescinded by reason of the death of the insured within the applicable rescission period.

(i) If a viatical settlement contract is rescinded by the viator pursuant to this Section, then ownership of the insurance policy reverts to the viator or to the viator's estate.

(j) The viatical settlement provider shall instruct the viator to send the executed documents required to effect the change in ownership, assignment, or change in beneficiary directly to the escrow agent. Within 3 business days after the date the escrow agent receives the document (or from the date the viatical settlement provider receives the documents, if the viator erroneously provides the documents directly to the viatical settlement provider), the viatical settlement provider shall pay or transfer the gross amount paid by the viatical settlement purchaser to the escrow agent for deposit in a trust account and set up for that purpose by the escrow agent in a state or federally chartered financial institution whose deposits are insured by the Federal Deposit Insurance Corporation (FDIC). Upon payment of the settlement proceeds into the escrow or trust account, the escrow agent or trustee shall deliver the original change in ownership, assignment, or change in beneficiary forms to the viatical settlement provider, a representative of the viatical settlement provider, or related provider trust. Upon the escrow agent's receipt of the acknowledgment of the properly completed transfer of ownership, assignment, or designation of beneficiary from the insurance company, the escrow agent shall pay the settlement proceeds to the viator. Funds shall be deemed sent by a viatical settlement provider to a viator as of the date that the escrow agent either releases the funds for wire transfer to the viator or places a check for delivery to the viator via United States Postal Service or other nationally recognized delivery service.

(k) Failure to transfer the proceeds to the viator for the viatical settlement contract within the time set forth in the disclosure pursuant to
item (7) of subsection (a) of Section 35 of this Act renders the viatical settlement contract voidable by the viator for lack of consideration until the time consideration is tendered to and accepted by the viator. If a viatical settlement contract is voided by the viator pursuant to this subsection (k), then ownership of the policy reverts to the viator or to the viator's estate.

(l) After the viatical settlement contract has been effected, contacts with the insured for the purpose of determining the health status of the insured shall be made only by the viatical settlement provider or the authorized representative of the viatical settlement provider. The viatical settlement provider or authorized representative shall not contact the insured with the purpose of determining the insured's health status more than once every 3 months if the insured has a life expectancy of more than one year or more than once per month if the insured has a life expectancy of one year or less. The viatical settlement provider shall explain the procedure for making these contacts at the time the viatical settlement contract is entered into. For purposes of this Section, viatical settlement providers are responsible for the actions of their authorized representatives.

(m) The insurer that issued the policy being settled pursuant to a viatical settlement contract shall not be responsible for any act or omission of a viatical settlement broker or viatical settlement provider arising out of or in connection with the viatical settlement transaction, unless the insurer receives compensation for the placement of a viatical settlement contract from the viatical settlement provider or viatical settlement broker in connection with the viatical settlement contract.

(n) If there is more than one viator on a single policy and the viators are residents of different states, then the transaction shall be governed by the law of the state in which the viator having the largest percentage ownership resides or, if the viators hold equal ownership, the state of residence of one viator agreed upon in writing by all the viators.

Subject to the provisions of this subsection (n), if the viator is a resident of this State, then all agreements to be signed by the viator shall provide exclusive jurisdiction to courts of this State and the laws of this State shall govern the agreements. Nothing in the agreements shall abrogate the viator's right to a trial by jury.

(o) Notwithstanding the manner in which the viatical settlement broker is compensated, a viatical settlement broker is deemed to represent only the viator and not the insurer or the viatical settlement provider and

owes a fiduciary duty to the viator to act according to the viator's instructions and in the best interest of the viator.

Section 50. Prohibited practices.
(a) It is a violation of this Act for any person to enter into a viatical settlement contract prior to the application of or issuance of a policy that is the subject of the viatical settlement contract. It is a violation of this Act for any person to enter into stranger-originated life insurance or STOLI as defined by this Act.
(b) It is a violation of this Act for any person to enter into a viatical settlement contract within a 2-year period commencing with the date of issuance of the insurance policy unless the viator certifies to the viatical settlement provider that one or more of the following conditions have been met within the 2-year period:

(1) The policy was issued upon the viator's exercise of conversion rights arising out of a group or individual policy, provided the total of the time covered under the conversion policy plus the time covered under the prior policy is at least 24 months. The time covered under a group policy shall be calculated without regard to any change in insurance carriers, provided the coverage has been continuous and under the same group sponsorship.

(2) The viator certifies and submits independent evidence to the viatical settlement provider that one or more of the following conditions have been met within the 2-year period:
(A) the viator or insured is terminally or chronically ill;
(B) the viator's spouse dies;
(C) the viator divorces his or her spouse;
(D) the viator retires from full-time employment;
(E) the viator becomes physically or mentally disabled and a physician determines that the disability prevents the viator from maintaining full-time employment;
(F) a court of competent jurisdiction enters a final order, judgment, or decree on the application of a creditor of the viator, adjudicating the viator bankrupt or insolvent, or approving a petition seeking reorganization of the viator or appointing a receiver, trustee, or liquidator to all or a substantial part of the viator's assets;
(G) the sole beneficiary of the policy is a family member of the viator and the beneficiary dies; or
(H) any other condition that the Director may determine by regulation to be an extraordinary circumstance for the viator or the insured.

(c) Copies of the independent evidence described in paragraph (2) of subsection (b) of this Section and documents required by Section 45 shall be submitted to the insurer when the viatical settlement provider or any other party entering into a viatical settlement contract with a viator submits a request to the insurer for verification of coverage. The copies shall be accompanied by a letter of attestation from the viatical settlement provider that the copies are true and correct copies of the documents received by the viatical settlement provider.

(d) If the viatical settlement provider submits to the insurer a copy of the owner or insured's certification described in and the independent evidence required by paragraph (2) of subsection (b) of this Section when the viatical settlement provider submits a request to the insurer to effect the transfer of the policy to the viatical settlement provider, then the copy shall be deemed to conclusively establish that the viatical settlement contract satisfies the requirements of this Section, and the insurer shall timely respond to the request.

(e) No insurer may, as a condition of responding to a request for verification of coverage or effecting the transfer of a policy pursuant to a viatical settlement contract, require that the viator, insured, viatical settlement provider, or viatical settlement broker sign any forms, disclosures, consent, or waiver form that has not been expressly approved by the Director for use in connection with viatical settlement contracts in this State.

(f) Upon receipt of a properly completed request for change of ownership or beneficiary of a policy, the insurer shall respond in writing within 30 calendar days to confirm that the change has been effected or specifying the reasons why the requested change cannot be processed. No insurer shall unreasonably delay effecting change of ownership or beneficiary or seek to interfere with any viatical settlement contract lawfully entered into in this State.

Section 55. Prohibited practices and conflicts of interest.

(a) With respect to any viatical settlement contract or insurance policy, no viatical settlement broker knowingly shall solicit an offer from, effectuate a viatical settlement with, or make a sale to any viatical settlement provider, viatical settlement purchaser, financing entity, or related provider that is controlling, controlled by, or under common

control with such viatical settlement broker, unless such relationship is fully disclosed to the viator.

(b) With respect to any viatical settlement contract or insurance policy, no viatical settlement provider knowingly may enter into a viatical settlement contract with a viator, if, in connection with such viatical settlement contract, anything of value will be paid to a viatical settlement broker that is controlling, controlled by, or under common control with such viatical settlement provider or the viatical settlement purchaser, financing entity, or related provider trust that is involved in such viatical settlement contract, unless such relationship is fully disclosed to the viator.

(c) Any disclosure provided pursuant to subsections (a) and (b) of this Section must be provided along with the disclosures required by subsection (a) of Section 35 and contain the following language: "The financial relationship between your viatical settlement broker and the provider of the viatical settlement creates a potential conflict of interest between your financial interests and the financial interests of the viatical settlement broker and viatical settlement provider. The individual brokering this viatical transaction owes you a fiduciary duty or a duty of loyalty. Your viatical settlement broker must advise you based exclusively upon your best interests, not the best interests of the viatical settlement broker or the viatical settlement provider."

(d) A violation of subsection (a), subsection (b), or subsection (c) shall be deemed viatical settlement fraud.

(e) No person shall issue, solicit, or market the purchase of an insurance policy for the purpose of settling the policy. Nothing in this subsection (e) shall prohibit persons from using and discussing the written materials that the Director shall approve prior to the effective date of this Act and that inform consumers of their rights with respect to a life insurance policy, including the option of entering into a lawful viatical settlement contract. Nothing in this subsection (e) limits or otherwise impairs the terms of a contract between an insurer and its producers.

(f) A viatical settlement provider shall retain all copies of a viatical settlement promotional, advertising, and marketing materials and shall make these material available to the Director on request. In no event shall any marketing materials expressly reference that the insurance is "free" for any period of time. The inclusion of any reference in the marketing materials that would cause a viator to reasonably believe that the insurance is free for any period of time shall be considered a violation of this Act.

New matter indicated by italics - deletions by strikeout.
(g) No insurance producer, insurance company, viatical settlement broker, or viatical settlement provider shall make any statement or representation to a potential or actual insured or potential or actual viator in connection with the sale or financing of a life insurance policy to the effect that the insurance is free or without cost to the policyholder for any period of time unless provided in the policy.

Section 60. Advertising for viatical settlements.

(a) The purpose of this Section is to provide prospective viators with clear and unambiguous statements in the advertisement of viatical settlements and to assure the clear, truthful, and adequate disclosure of the benefits, risks, limitations, and exclusions of any viatical settlement contract. All product descriptions must be presented in a manner that prevents unfair, deceptive, or misleading advertising and conducive to accurate presentation and description of viatical settlements through the advertising media and material used by licensees.

(b) This Section applies to any advertising of viatical settlement contracts or related products or services circulated or placed directly before the public, including Internet advertising. Where disclosure requirements are established pursuant to federal regulation, this Section shall be interpreted so as to minimize or eliminate conflict with federal regulation wherever possible.

(c) Every licensee shall establish and at all times maintain a system of control over the content, form, and method of dissemination of all advertisements of its contracts, products, and services. All advertisements, regardless of by whom written, created, designed, or presented, shall be the responsibility of the licensee, as well as the individual who created or presented the advertisement. A system of control shall include regular routine notification, at least once a year, to agents and others authorized by the licensee who disseminate advertisements of the requirements and procedures for approval prior to the use of any advertisements not furnished by the licensee.

(d) Advertisements shall be truthful and not misleading in fact or by implication. The form and content of an advertisement of a viatical settlement contract product or service shall be sufficiently complete and clear so as to avoid deception. It shall not have the capacity or tendency to mislead or deceive. Whether an advertisement has the capacity or tendency to mislead or deceive shall be determined by the Director from the overall impression that the advertisement may be reasonably expected to create

upon a person of average education or intelligence within the segment of the public to which it is directed.

(e) The information required to be disclosed under this Section shall not be minimized, rendered obscure, or presented in an ambiguous fashion or intermingled with the text of the advertisement so as to be confusing or misleading.

An advertisement shall not omit material information or use words, phrases, statements, references, or illustrations if the omission or use has the capacity, tendency, or effect of misleading or deceiving viators as to the nature or extent of any benefit, loss covered, premium payable, or state or federal tax consequence. The fact that the viatical settlement contract offered is made available for inspection prior to consummation of the sale, or an offer is made to refund the payment if the viator is not satisfied or that the viatical settlement contract includes a "free look" period that satisfies or exceeds legal requirements, does not remedy misleading statements.

An advertisement shall not use the name or title of an insurance company or an insurance policy unless the advertisement has been approved by the insurer.

An advertisement shall not state or imply that interest charged on an accelerated death benefit or a policy loan is unfair, inequitable, or in any manner an incorrect or improper practice.

The words "free", "no cost", "without cost", "no additional cost", "at no extra cost", or words of similar import shall not be used with respect to any life insurance policy or to any benefit or service unless true. An advertisement may specify the charge for a benefit or a service or may state that a charge is included in the payment or use other appropriate language.

Testimonials, appraisals, or analysis used in advertisements must be genuine; represent the current opinion of the author; be applicable to the viatical settlement contract, product, or service advertised, if any; and be accurately reproduced with sufficient completeness to avoid misleading or deceiving prospective viators as to the nature or scope of the testimonials, appraisal, analysis, or endorsement. In using testimonials, appraisals, or analyses, a licensee under this Act makes as its own all the statements contained therein, and the statements are subject to all the provisions of this Section.

If the individual making a testimonial, appraisal, analysis, or endorsement has a financial interest in the subject of the testimonial,
appraisal, analysis, or endorsement, either directly or indirectly as a stockholder, director, officer, employee, or otherwise, or receives any benefit directly or indirectly other than required union scale wages, that fact shall be prominently disclosed in the advertisement.

An advertisement shall not state or imply that a viatical settlement contract, benefit, or service has been approved or endorsed by a group of individuals, society, association, or other organization unless that is the fact and unless any relationship between the group of individuals, society, association, or organization and the licensee is disclosed. If the entity making the endorsement or testimonial is owned, controlled, or managed by the licensee, or receives any payment or other consideration from the viatical settlement licensee for making an endorsement or testimonial, that fact shall be prominently disclosed in the advertisement.

When an endorsement refers to benefits received under a viatical settlement contract all pertinent information shall be retained for a period of 5 years after its use.

(f) An advertisement shall not contain statistical information unless the information accurately reflects recent and relevant facts. The source of all statistics used in an advertisement shall be identified.

(g) An advertisement shall not disparage insurers, viatical settlement providers, viatical settlement brokers, insurance producers, policies, services, or methods of marketing.

(h) The name of the licensee shall be clearly identified in all advertisements about the licensee or its viatical settlement contract, products, or services, and if any specific viatical settlement contract is advertised, the viatical settlement contract shall be identified either by form number or some other appropriate description. If an application is part of the advertisement, the name of the viatical settlement provider or providers shall be shown on the application.

(i) An advertisement shall not use a trade name, group designation, name of the parent company of a licensee, name of a particular division of the licensee, service mark, slogan, symbol, or other device or reference without disclosing the name of the licensee, if the advertisement would have the capacity or tendency to mislead or deceive as to the true identity of the licensee, or to create the impression that a company other than the licensee would have any responsibility for the financial obligation under a viatical settlement contract.

(j) An advertisement shall not use any combination of words, symbols, or physical materials that by their content, phraseology, shape,
color, or other characteristics are so similar to a combination of words, symbols, or physical materials used by a government program or agency or otherwise appear to be of such a nature that they tend to mislead prospective viators into believing that the solicitation is in some manner connected with a government program or agency.

(k) An advertisement may state that a licensee is licensed in the state where the advertisement appears, provided it does not exaggerate that fact or suggest or imply that competing licensees may not be so licensed. The advertisement may ask the audience to consult the licensee's Internet website or contact the Division to find out if the state requires licensing and, if so, whether the viatical settlement provider, or viatical settlement broker, is licensed.

(l) An advertisement shall not create the impression that the viatical settlement provider, its financial condition or status, the payment of its claims or the merits, desirability, or advisability of its viatical settlement contracts are recommended or endorsed by any government entity.

(m) The name of the actual licensee shall be stated in all of a licensee's advertisements. An advertisement shall not use a trade name, any group designation, name of any affiliate or controlling entity of the licensee, service mark, slogan, symbol, or other device in a manner that would have the capacity or tendency to mislead or deceive as to the true identity of the actual licensee or create the false impression that an affiliate or controlling entity would have any responsibility for the financial obligation of the licensee.

(n) An advertisement shall not directly or indirectly create the impression that any division or agency of the State or of the U. S. government endorses, approves, or favors:

(1) any licensee or its business practices or methods of operation;

(2) any viatical settlement contract; or

(3) any life insurance policy or life insurance company.

(o) If the advertiser emphasizes the speed with which the viatication will occur, the advertising must disclose the average time frame from completed application to the date of offer and from acceptance of the offer to receipt of the funds by the viator.

(p) If the advertising emphasizes the dollar amounts available to viators, the advertising shall disclose, using the same type and font size as the dollar amount available to the viator, the average purchase price as a
percent of face value obtained by viators contracting with the licensee during the past 6 months.

Section 65. Fraud prevention and control.

(a) A person shall not commit the offense of viatical settlement fraud.

A person shall not knowingly or intentionally interfere with the enforcement of the provisions of this Act or investigations of suspected or actual violations of this Act.

A person in the business of viatical settlements shall not knowingly or intentionally permit any person convicted of a felony involving dishonesty or breach of trust to participate in the business of viatical settlements.

(b) Viatical settlements contracts and applications for viatical settlements, regardless of the form of transmission, shall contain the following statement: "Any person who knowingly presents false information in an application for insurance or a viatical settlement contract is guilty of a crime and may be subject to fines and confinement in prison."

The lack of a statement as required in this subsection (b) does not constitute a defense in any prosecution for the offense of viatical settlement fraud.

(c) Any person engaged in the business of viatical settlements having knowledge or a reasonable suspicion that a viatical settlement fraud is being, will be, or has been committed shall provide to the Director such information as required by, and in a manner prescribed by, the Director.

Any other person having knowledge or a reasonable belief that viatical settlement fraud is being, will be, or has been committed may provide to the Director the information required by, and in a manner prescribed by, the Director.

(d) No civil liability shall be imposed on and no cause of action shall arise from a person's furnishing information concerning suspected, anticipated, or completed viatical settlement fraud or suspected or completed fraudulent insurance acts, if the information is provided to or received from:

(1) the Director or the Director's employees, agents, or representatives;

(2) federal, State, or local law enforcement or regulatory officials or their employees, agents, or representatives;

New matter indicated by italics - deletions by strikeout.
(3) a person involved in the prevention and detection of viatical settlement fraud or that person's agents, employees, or representatives;

(4) the NAIC, the National Association of Securities Dealers (NASD), the North American Securities Administrators Association (NASAA), or their employees, agents, or representatives, or other regulatory body overseeing life insurance, viatical settlements, securities, or investment fraud; or

(5) the life insurer that issued the life insurance policy covering the life of the insured.

(e) The immunity provided by subsection (d) of this Section shall not apply to false statements made willfully or wantonly. In an action brought against a person for filing a report or furnishing other information concerning viatical settlement fraud, the party bringing the action shall plead specifically any allegation that subsection (d) does not apply.

(f) A person furnishing information as identified in subsection (d) of this Section shall be entitled to an award of attorney's fees and costs if the person is the prevailing party in a civil cause of action for libel, slander, or any other relevant tort arising out of activities in carrying out the provisions of this Act and the party bringing the action was not substantially justified in doing so. For purposes of this Section a proceeding is substantially justified if it had a reasonable basis in law or fact at the time that it was initiated. However, such an award does not apply to any person furnishing information concerning the person's own fraudulent viatical settlement acts.

(g) This Section does not abrogate or modify common law or statutory privileges or immunities enjoyed by a person described in subsection (d) of this Section.

Subsection (d) of this Section does not apply to a person furnishing information concerning that person's own suspected, anticipated, or completed viatical settlement fraud or suspected, anticipated, or completed fraudulent insurance acts.

(h) The documents and evidence provided pursuant to subsection (d) of this Section or obtained by the Director in an investigation of suspected or actual viatical settlement fraud shall be privileged and confidential and shall not be a public record and shall not be subject to discovery or subpoena in a civil or criminal action. This subsection (h) does not prohibit release by the Director of documents and evidence obtained in an investigation of suspected or actual viatical settlement fraud.

Release of documents and evidence under this subsection (h) does not abrogate or modify the privilege granted in this subsection.

(i) This Act shall not do any of the following:

(1) Preempt the authority or relieve the duty of other law enforcement or regulatory agencies to investigate, examine and prosecute suspected violations of law.

(2) Prevent or prohibit a person from disclosing voluntarily information concerning viatical settlement fraud to a law enforcement or regulatory agency other than the Division.

(3) Limit the powers granted elsewhere by the laws of this State to the Director or an insurance fraud unit to investigate and examine possible violations of law and to take appropriate action against wrongdoers.

(j) Viatical settlement providers and viatical settlement brokers shall have in place antifraud initiatives reasonably calculated to detect, prosecute, and prevent viatical settlement fraud. At the discretion of the Director, the Director may order, or a licensee may request and the Director may grant, such modifications of the following required initiatives as necessary to ensure an effective antifraud program. The modifications may be more or less restrictive than the required initiatives so long as the modifications may reasonably be expected to accomplish the purpose of this Section.

Antifraud initiatives shall include the following:

(1) fraud investigators, who may be viatical settlement providers or viatical settlement broker employees or independent contractors; and

(2) an antifraud plan, which shall be submitted to the Director. The antifraud plan shall include, but not be limited to:

(E) a description of the procedures used to perform initial and continuing review of the accuracy of life expectancies used in connection with a viatical settlement contract.

Antifraud plans submitted to the Director shall be privileged and confidential and are not public record and are not subject to discovery or subpoena in a civil or criminal action.

Section 70. Injunctions; civil remedies; cease and desist.

(a) In addition to the penalties and other enforcement provisions of this Act, if any person violates this Act or any rules implementing this Act, the Director may seek an injunction in a court of competent jurisdiction and may apply for temporary and permanent orders that the Director determines are necessary to restrain the person from committing the violation.

(b) Any person damaged by the acts of a person in violation of this Act may bring a civil action against the person committing the violation in a court of competent jurisdiction.

(c) The Director may issue, in accordance with Section 401.1 of the Illinois Insurance Code and the Illinois Administrative Procedure Act, a cease and desist order upon a person that violates any provision of this Act, any regulation or order adopted by the Director, or any written agreement entered into with the Director.

(d) In addition to the penalties and other enforcement provisions of this Act, any person who violates this Act is subject to civil penalties of up to $50,000 per violation. Each separate violation of this Act shall be a separate offense. If a person is subject to an order of the Director for violations of this Act and continually fails to obey or neglects to obey the order, then each day of such failure or neglect shall be deemed a separate offense. Imposition of civil penalties shall be pursuant to an order of the
Director. The Director's order may require a person found to be in violation of this Act to make restitution to persons aggrieved by violations of this Act.

Section 72. Crimes and offenses.

(c) The Director may refer such evidence as is available concerning violations of this Act or any rule adopted or order issued under this Act or of the failure of a person to comply with the licensing requirements of this Act to the Attorney General or the proper county attorney who may, with or without such reference, institute the appropriate criminal proceedings under this Act.

Any money so recovered shall be placed in the Wildlife and Fish Fund in the State Treasury.

(d) The penalties provided for in this Section may be recovered in a civil action.

(e) The State's Attorney of the county in which the violation occurred, or the Attorney General, may, at the request of the Agency or on his own motion, institute a civil action for an injunction, prohibitory or mandatory, to restrain violations of this Act, any rule or regulation adopted under this Act, any permit or term or condition of a permit, or any Board order, or to require such other actions as may be necessary to address violations of this Act, any rule or regulation adopted under this Act, any permit or term or condition of a permit, or any Board order.

set forth in subsection (a) of Section 1003 of the Illinois Income Tax Act, shall be paid for the period from the date payment is due until the date payment is received. However, if the time for payment is stayed during the pendency of an appeal, interest shall not accrue during such stay.

(h) In determining the appropriate civil penalty to be imposed under subdivisions (a), (b)(1), (b)(2), (b)(3), or (b)(5) of this Section, the Board is authorized to consider any matters of record in mitigation or aggravation of penalty, including but not limited to the following factors:

(1) the duration and gravity of the violation;
(2) the presence or absence of due diligence on the part of the respondent in attempting to comply with requirements of this Act and regulations thereunder or to secure relief therefrom as provided by this Act;
(3) any economic benefits accrued by the respondent because of delay in compliance with requirements, in which case the economic benefits shall be determined by the lowest cost alternative for achieving compliance;
(4) the amount of monetary penalty which will serve to deter further violations by the respondent and to otherwise aid in enhancing voluntary compliance with this Act by the respondent and other persons similarly subject to the Act;
(5) the number, proximity in time, and gravity of previously adjudicated violations of this Act by the respondent;
(6) whether the respondent voluntarily self-disclosed, in accordance with subsection (i) of this Section, the non-compliance to the Agency; and
(7) whether the respondent has agreed to undertake a "supplemental environmental project," which means an environmentally beneficial project that a respondent agrees to undertake in settlement of an enforcement action brought under this Act, but which the respondent is not otherwise legally required to perform.

In determining the appropriate civil penalty to be imposed under subsection (a) or paragraph (1), (2), (3), or (5) of subsection (b) of this Section, the Board shall ensure, in all cases, that the penalty is at least as great as the economic benefits, if any, accrued by the respondent as a result of the violation, unless the Board finds that imposition of such penalty would result in an arbitrary or unreasonable financial hardship. However, such civil penalty may be off-set in whole or in part pursuant to a
supplemental environmental project agreed to by the complainant and the respondent.

(i) A person who voluntarily self-discloses non-compliance to the Agency, of which the Agency had been unaware, is entitled to a 100% reduction in the portion of the penalty that is not based on the economic benefit of non-compliance if the person can establish the following:

(1) that the non-compliance was discovered through an environmental audit or a compliance management system documented by the regulated entity as reflecting the regulated entity's due diligence in preventing, detecting, and correcting violations;

(2) that the non-compliance was disclosed in writing within 30 days of the date on which the person discovered it;

(3) that the non-compliance was discovered and disclosed prior to:

(i) the commencement of an Agency inspection, investigation, or request for information;

(ii) notice of a citizen suit;

(iii) the filing of a complaint by a citizen, the Illinois Attorney General, or the State's Attorney of the county in which the violation occurred;

(iv) the reporting of the non-compliance by an employee of the person without that person's knowledge; or

(v) imminent discovery of the non-compliance by the Agency;

(4) that the non-compliance is being corrected and any environmental harm is being remediated in a timely fashion;

(5) that the person agrees to prevent a recurrence of the non-compliance;

(6) that no related non-compliance events have occurred in the past 3 years at the same facility or in the past 5 years as part of a pattern at multiple facilities owned or operated by the person;

(7) that the non-compliance did not result in serious actual harm or present an imminent and substantial endangerment to human health or the environment or violate the specific terms of any judicial or administrative order or consent agreement;

(8) that the person cooperates as reasonably requested by the Agency after the disclosure; and

New matter indicated by italics - deletions by strikeout.
(9) that the non-compliance was identified voluntarily and not through a monitoring, sampling, or auditing procedure that is required by statute, rule, permit, judicial or administrative order, or consent agreement.

If a person can establish all of the elements under this subsection except the element set forth in paragraph (1) of this subsection, the person is entitled to a 75% reduction in the portion of the penalty that is not based upon the economic benefit of non-compliance.

(j) In addition to any other remedy or penalty that may apply, whether civil or criminal, any person who violates Section 22.52 of this Act shall be liable for an additional civil penalty of up to 3 times the gross amount of any pecuniary gain resulting from the violation.

In the event the physical condition of a used or waste tire makes shredding, slitting, chopping, reuse, reprocessing, or other alternative use of the used or waste tire impractical or infeasible, then the sanitary landfill, after authorization by the Agency, may accept the used or waste tire for disposal.

Sanitary landfills and facilities for reuse, reprocessing, or converting, including use as alternative fuel, shall (i) notify the Illinois Industrial Materials Exchange Service of the availability of and demand for used or waste tires and (ii) consult with the Department of Commerce and Economic Opportunity regarding the status of marketing of waste tires to facilities for reuse.

New matter indicated by italics - deletions by strikeout.
(2) any staging sites for handling such tires are reasonably secure and regularly maintained in a safe manner; and

(3) the Agency is notified in writing during January of each calendar year regarding the location of the staging sites, the number of such tires accumulated, the status of vector controls, and actions taken to process such tires.

PUBLIC ACT 96-0746
(House Bill No. 0684)

AN ACT concerning education.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by adding Section 2-3.148 and by changing Section 22-45 as follows:

(105 ILCS 5/2-3.148 new)

Sec. 2-3.148. Community schools.
(a) This Section applies beginning with the 2009-2010 school year.
(b) The General Assembly finds all of the following:
   (1) All children are capable of success.

New matter indicated by italics - deletions by strikeout.
(2) Schools are the centers of vibrant communities.
(3) Strong families build strong educational communities.
(4) Children succeed when adults work together to foster positive educational outcomes.
(5) Schools work best when families take active roles in the education of children.
(6) Schools today are limited in their ability to dedicate time and resources to provide a wide range of educational opportunities to students because of the focus on standardized test outcomes.
(7) By providing learning opportunities outside of normal school hours, including programs on life skills and health, students are more successful academically, more engaged in their communities, safer, and better prepared to make a successful transition from school to adulthood.
(8) A community school is a traditional school that actively partners with its community to leverage existing resources and identify new resources to support the transformation of the school to provide enrichment and additional life skill opportunities for students, parents, and community members at-large. Each community school is unique because its programming is designed by and for the school staff, in partnership with parents, community stakeholders, and students.
(9) Community schools currently exist in this State in urban, rural, and suburban communities.
(10) Research shows that community schools have a powerful positive impact on students, as demonstrated by increased academic success, a positive change in attitudes toward school and learning, and decreased behavioral problems.
(11) After-school and evening programs offered by community schools provide academic enrichment consistent with the Illinois Learning Standards and general school curriculum; an opportunity for physical fitness activities for students, fine arts programs, structured learning “play” time, and other recreational opportunities; a safe haven for students; and work supports for working families.
(12) Community schools are cost-effective because they leverage existing resources provided by local, State, federal, and private sources and bring programs to the schools, where the

New matter indicated by italics - deletions by strikeout.
students are already congregated. Community schools have been shown to leverage between $5 to $8 in existing programming for every $1 spent on a community school.

(c) Subject to an appropriation or the availability of funding for such purposes, the State Board of Education shall make grants available to fund community schools and to enhance programs at community schools. A request-for-proposal process must be used in awarding grants under this subsection (c). Proposals may be submitted on behalf of a school, a school district, or a consortium of 2 or more schools or school districts. Proposals must be evaluated and scored on the basis of criteria consistent with this Section and other factors developed and adopted by the State Board of Education. Technical assistance in grant writing must be made available to schools, school districts, or consortia of school districts through the State Board of Education directly or through a resource and referral directory established and maintained by the State Board of Education.

(d) In order to qualify for a community school grant under this Section, a school must, at a minimum, have the following components:

1. Before and after-school programming each school day to meet the identified needs of students.
2. Weekend programming.
3. At least 4 weeks of summer programming.
4. A local advisory group comprised of school leadership, parents, and community stakeholders that establishes school-specific programming goals, assesses program needs, and oversees the process of implementing expanded programming.
5. A program director or resource coordinator who is responsible for establishing a local advisory group, assessing the needs of students and community members, identifying programs to meet those needs, developing the before and after-school, weekend, and summer programming and overseeing the implementation of programming to ensure high quality, efficiency, and robust participation.
6. Programming that includes academic excellence aligned with the Illinois Learning Standards, life skills, healthy minds and bodies, parental support, and community engagement and that promotes staying in school and non-violent behavior and non-violent conflict resolution.
(7) Maintenance of attendance records in all programming components.

(8) Maintenance of measurable data showing annual participation and the impact of programming on the participating children and adults.

(9) Documentation of true collaboration between the school and community stakeholders, including local governmental units, civic organizations, families, businesses, and social service providers.

(10) A non-discrimination policy ensuring that the community school does not condition participation upon race, ethnic origin, religion, sex, or disability.

(105 ILCS 5/22-45)
Sec. 22-45. Illinois P-20 Council.

(a) The General Assembly finds that preparing Illinoisans for success in school and the workplace requires a continuum of quality education from preschool through graduate school. This State needs a framework to guide education policy and integrate education at every level. A statewide coordinating council to study and make recommendations concerning education at all levels can avoid fragmentation of policies, promote improved teaching and learning, and continue to cultivate and demonstrate strong accountability and efficiency. Establishing an Illinois P-20 Council will develop a statewide agenda that will move the State towards the common goals of improving academic achievement, increasing college access and success, improving use of existing data and measurements, developing improved accountability, fostering innovative approaches to education, promoting lifelong learning, easing the transition to college, and reducing remediation. A pre-kindergarten through grade 20 agenda will strengthen this State's economic competitiveness by producing a highly-skilled workforce. In addition, lifelong learning plans will enhance this State's ability to leverage funding.

(b) There is created the Illinois P-20 Council. The Illinois P-20 Council shall include all of the following members:

(1) The Governor or his or designee, to serve as chairperson.

(2) Four members of the General Assembly, one appointed by the Speaker of the House of Representatives, one appointed by the Minority Leader of the House of Representatives, one

Section 5. The Physical Fitness Facility Medical Emergency Preparedness Act is amended by changing Section 15 as follows:

(210 ILCS 74/15)
Sec. 15. Automated external defibrillator required.

New matter indicated by italics - deletions by strikeout.
(a) By the dates specified in Section 50, every physical fitness facility must have at least one AED on the facility premises. The Department shall adopt rules to ensure coordination with local emergency medical services systems regarding the placement and use of AEDs in physical fitness facilities. The Department may adopt rules requiring a facility to have more than one AED on the premises, based on factors that include the following:

(1) The size of the area or the number of buildings or floors occupied by the facility.

(2) The number of persons using the facility, excluding spectators.

(b) A physical fitness facility must ensure that there is a trained AED user on staff during staffed business hours and present during all physical fitness activities. For purposes of this Act, "trained AED user" has the meaning ascribed to that term in Section 10 of the Automated External Defibrillator Act.

(b-5) The Department shall adopt rules that encourage any non-employee coach, non-employee instructor, or other similarly situated non-employee anticipated rescuer who uses a physical fitness facility in conjunction with the supervision of physical fitness activities to complete a course of instruction that would qualify such a person as a trained AED user, as defined in Section 10 of the Automated External Defibrillator Act.

(b-10) In the case of an outdoor physical fitness facility, the AED must be housed in a building, if any, that is within 300 feet of the outdoor facility where an event or activity is being conducted. If there is such a building within the required distance, the building must provide unimpeded and open access to the housed AED, and the building's entrances shall further provide marked directions to the housed AED. If there is no such building, the person responsible for supervising the activity at the outdoor physical fitness facility shall ensure that an AED is available at the outdoor facility during the time that the event or activity at the facility is being conducted.

(c) Every physical fitness facility must ensure that every AED on the facility's premises is properly tested and maintained in accordance with rules adopted by the Department.

This subsection shall not apply to a municipality that is served by a certified local health department other than a county certified local health department.

A home rule unit may not regulate retail food establishments in a less restrictive manner than as provided in this Section. PUBLIC ACT 96-0751
(House Bill No. 2246)

AN ACT concerning civil law.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Antitrust Act is amended by changing Sections 7 and 7.2 as follows:

(740 ILCS 10/7) (from Ch. 38, par. 60-7)

Sec. 7. The following civil actions and remedies are authorized under this Act:

(1) The Attorney General, with such assistance as he may from time to time require of the State's Attorneys in the several counties, shall bring suit in the Circuit Court to prevent and restrain violations of Section 3 of this Act. In such a proceeding, the court shall determine whether a violation has been committed, and shall enter such judgment as it considers necessary to remove the effects of any violation which it finds, and to prevent such violation from continuing or from being renewed in the future. The court, in its discretion, may exercise all powers necessary for this purpose, including, but not limited to, injunction, divestiture of property, divestiture of business units, dissolution of domestic corporations or associations, and suspension or termination of the right of foreign corporations or associations to do business in the State of Illinois.

(2) Any person who has been injured in his business or property, or is threatened with such injury, by a violation of Section 3 of this Act may maintain an action in the Circuit Court for damages, or for an injunction, or both, against any person who has committed such violation. If, in an action for an injunction, the court issues an injunction, the plaintiff shall be awarded costs and reasonable attorney's fees. In an action for damages, if injury is found to be due to a violation of subsections (1) or (4) of

Section 3 of this Act, the person injured shall be awarded 3 times the amount of actual damages resulting from that violation, together with costs and reasonable attorney's fees. If injury is found to be due to a violation of subsections (2) or (3) of Section 3 of this Act, the person injured shall recover the actual damages caused by the violation, together with costs and reasonable attorney's fees, and if it is shown that such violation was willful, the court may, in its discretion, increase the amount recovered as damages up to a total of 3 times the amount of actual damages. This State, counties, municipalities, townships and any political subdivision organized under the authority of this State, and the United States, are considered a person having standing to bring an action under this subsection. The Attorney General may bring an action on behalf of this State, counties, municipalities, townships and other political subdivisions organized under the authority of this State to recover the damages under this subsection or by any comparable Federal law.

The Attorney General may also bring an action in the name of this State, as parens patriae on behalf of persons residing in this State, to recover the damages under this subsection or any comparable federal law. The powers granted in this Section are in addition to and not in derogation of the common law powers of the Attorney General to act as parens patriae.

No provision of this Act shall deny any person who is an indirect purchaser the right to sue for damages. Provided, however, that in any case in which claims are asserted against a defendant by both direct and indirect purchasers, the court shall take all steps necessary to avoid duplicate liability for the same injury including transfer and consolidation of all actions. Provided further that no person other than the Attorney General of this State shall be authorized to maintain a class action in any court of this State for indirect purchasers asserting claims under this Act, with the sole exception of this State's Attorney General, who may maintain an action parens patriae as provided in this subsection.

Beginning January 1, 1970, a file setting out the names of all special assistant attorneys general retained to prosecute antitrust matters and containing all terms and conditions of any arrangement or agreement regarding fees or compensation made between any such special assistant attorney general and the office of the Attorney General shall be maintained in the office of the Attorney General, open during all business hours to public inspection.

Any action for damages under this subsection is forever barred unless commenced within 4 years after the cause of action accrued, except that, whenever any action is brought by the Attorney General for a violation of this Act, the running of the foregoing statute of limitations, with respect to every private right of action for damages under the subsection which is based in whole or in part on any matter complained of in the action by the Attorney General, shall be suspended during the pendency thereof, and for one year thereafter. No cause of action barred under existing law on July 21, 1965 shall be revived by this Act. In any action for damages under this subsection the court may, in its discretion, award reasonable fees to the prevailing defendant upon a finding that the plaintiff acted in bad faith, vexatiously, wantonly or for oppressive reasons.

(3) Upon a finding that any domestic or foreign corporation organized or operating under the laws of this State has been engaged in conduct prohibited by Section 3 of this Act, or the terms of any injunction issued under this Act, a circuit court may, upon petition of the Attorney General, order the revocation, forfeiture or suspension of the charter, franchise, certificate of authority or privileges of any corporation operating under the laws of this State, or the dissolution of any such corporation.

(4) In lieu of any criminal penalty otherwise prescribed for a violation of this Act, and in addition to any action under this Act or any Federal antitrust law, the Attorney General may bring an action in the name and on behalf of the people of the State against any person, trustee, director, manager or other officer or agent of a corporation, or against a corporation, domestic or foreign, to recover a penalty not to exceed $1,000,000 from every corporation or $100,000 from every other person for any act herein declared illegal. The action must be brought within 4 years after the commission of the act upon which it is based. Nothing in this subsection shall impair the right of any person to bring an action under subsection (2) of this Section.

Answers to interrogatories shall be accompanied by a statement under oath attesting to the accuracy of the answers.

While in the possession of the Attorney General and under such reasonable terms and conditions as the Attorney General shall prescribe: (A) documentary material shall be available for examination by the person who produced such material or by any duly authorized representative of such person, (B) transcript of oral testimony shall be available for examination by the person who produced such testimony, or his or her counsel and (C) answers to interrogatories shall be available for examination by the person who swore to their accuracy.

PUBLIC ACT 96-0752
(House Bill No. 2539)

AN ACT concerning civil law.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Probate Act of 1975 is amended by changing Sections 13-1, 13-3.1, and 13-5 and by adding Section 13-1.2 as follows:

Sec. 13-1. Appointment and term of public administrator and public guardian.) Except as provided in Section 13-1.1, before the first Monday of December, 1977 and every 4 years thereafter, and as often as vacancies occur, the Governor, by and with the advice and consent of the Senate, shall appoint in each county a suitable person to serve as public administrator and a suitable person to serve as public guardian of the county. The Governor may appoint the same person to serve as public guardian and public administrator in one or more counties. In considering the number of counties of service for any prospective public guardian or public administrator the Governor may consider the population of the county and the ability of the prospective public guardian or public administrator to travel to multiple counties and manage estates in multiple counties. Each person so appointed holds his office for 4 years from the first Monday of December, 1977 and every 4 years thereafter or until his successor is appointed and qualified.
(Source: P.A. 81-1052.)

Sec. 13-1.2. Certification requirement. Each person appointed as a public guardian by the Governor shall be certified as a National Certified Guardian by the Center for Guardianship Certification within 6 months after his or her appointment. The Guardianship and Advocacy Commission shall provide public guardians with professional training opportunities and facilitate testing and certification opportunities at locations in Springfield and Chicago with the Center for Guardianship Certification. The cost of certification shall be considered an expense
connected with the operation of the public guardian's office within the meaning of subsection (b) of Section 13-3.1 of this Article.

(755 ILCS 5/13-3.1) (from Ch. 110 1/2, par. 13-3.1)

Sec. 13-3.1. (a) Compensation of public guardian.) In counties having a population in excess of 1,000,000 the public guardian shall be paid an annual salary, to be set by the County Board at a figure not to exceed the salary of the public defender for the county. All expenses connected with the operation of the office shall be subject to the approval of the County Board and shall be paid from the county treasury. All fees collected shall be paid into the county treasury.

(b) In counties having a population of 1,000,000 or less the public guardian shall receive all the fees of his office and bear the expenses connected with the operation of the office. A public guardian shall be entitled to reasonable and appropriate compensation for services related to guardianship duties but all fees must be reviewed and approved by the court. A public guardian may petition the court for the payment of reasonable and appropriate fees. In counties having a population of 1,000,000 or less, the public guardian shall do so on not less than a yearly basis, or sooner as approved by the court. Any fees or expenses charged by a public guardian shall be documented through billings and maintained by the guardian and supplied to the court for review. In considering the reasonableness of any fee petition brought by a public guardian under this Section, the court shall consider the following:

(1) the powers and duties assigned to the public guardian by the court;
(2) the necessity of any services provided;
(3) the time required, the degree of difficulty, and the experience needed to complete the task;
(4) the needs of the ward and the costs of alternatives; and
(5) other facts and circumstances material to the best interests of the ward or his or her estate.

(c) When the public guardian is appointed as the temporary guardian of a disabled adult pursuant to an emergency petition under circumstances when the court finds that the immediate establishment of a temporary guardianship is necessary to protect the disabled adult's health, welfare, or estate, the public guardian shall be entitled to reasonable and appropriate fees, as determined by the court, for the period of the temporary guardianship, including fees directly associated with establishing the temporary guardianship.

New matter indicated by italics - deletions by strikeout.
Sec. 13-5. Powers and duties of public guardian.) The court may appoint the public guardian as the guardian of any disabled adult who is in need of a public guardian and whose estate exceeds $25,000. When a disabled adult who has a smaller estate is in need of guardianship services, the court shall appoint the State guardian pursuant to Section 30 of the Guardianship and Advocacy Act. If the public guardian is appointed guardian of a disabled adult and the estate of the disabled adult is thereafter reduced to less than $25,000, the court may, upon the petition of the public guardian and the approval by the court of a final accounting of the disabled adult's estate, discharge the public guardian and transfer the guardianship to the State guardian. The public guardian shall serve not less than 14 days' notice to the State guardian of the hearing date regarding the transfer. When appointed by the court, the public guardian has the same powers and duties as other guardians appointed under this Act, with the following additions and modifications:

(a) The public guardian shall monitor the ward and his care and progress on a continuous basis. Monitoring shall at minimum consist of monthly contact with the ward, and the receipt of periodic reports from all individuals and agencies, public or private, providing care or related services to the ward.

(b) Placement of a ward outside of the ward's home may be made only after the public guardian or his representative has visited the facility in which placement is proposed.

(c) The public guardian shall prepare an inventory of the ward's belongings and assets and shall maintain insurance on all of the ward's real and personal property. No personal property shall be removed from the ward's possession except for storage pending final placement or for liquidation in accordance with this Act.

(d) The public guardian shall make no substantial distribution of the ward's estate without a court order.

(e) The public guardian may liquidate assets of the ward to pay for the costs of the ward's care and for storage of the ward's personal property only after notice of such pending action is given to all potential heirs at law, unless notice is waived by the court; provided, however, that a person who has been so notified may elect to pay for care or storage or to pay fair market value of the asset or assets sought to be sold in lieu of liquidation.

New matter indicated by italics - deletions by strikeout.
(f) Real property of the ward may be sold at fair market value after an appraisal of the property has been made by a licensed appraiser; provided, however, that the ward's residence may be sold only if the court finds that the ward is not likely to be able to return home at a future date.

(g) The public guardian shall, at such intervals as the court may direct, submit to the court an affidavit setting forth in detail the services he has provided for the benefit of the ward. The court shall set reasonable and appropriate fees for such services. Except in a county that has a population exceeding 3,000,000 people, the public guardian may petition the court for the payment of reasonable and appropriate fees on not less than a quarterly basis, or sooner as approved by the court.

(h) Upon the death of the ward, the public guardian shall turn over to the court-appointed administrator all of the ward's assets and an account of his receipt and administration of the ward's property. A guardian ad litem shall be appointed for an accounting when the estate exceeds the amount set in Section 25-1 of this Act for administration of small estates.

(i) (1) On petition of any person who appears to have an interest in the estate, the court by temporary order may restrain the public guardian from performing specified acts of administration, disbursement or distribution, or from exercise of any powers or discharge of any duties of his office, or make any other order to secure proper performance of his duty, if it appears to the court that the public guardian might otherwise take some action contrary to the best interests of the ward. Persons with whom the public guardian may transact business may be made parties.

(2) The matter shall be set for hearing within 10 days unless the parties otherwise agree or unless for good cause shown the court determines that additional time is required. Notice as the court directs shall be given to the public guardian and his attorney of record, if any, and to any other parties named defendant in the petition.

(j) On petition of the public guardian, the court in its discretion may for good cause shown transfer guardianship to the State guardian.

(k) No later than January 31 of each year, the public guardian shall file an annual report with the clerk of the Circuit Court, indicating, with respect to the period covered by the report, the number of cases which he has handled, the date on which each case was assigned, the date of termination of each case which has been closed during the period, the

disposition of each terminated case, and the total amount of fees collected during the period from each ward.

(1) (Blank). When the public guardian is appointed temporary guardian of a disabled adult pursuant to an emergency petition under circumstances where the court finds that the immediate establishment of a temporary guardianship is necessary to protect the disabled adult's health, welfare, or estate, the public guardian shall be entitled to reasonable and appropriate fees, as determined by the court, for the period of the temporary guardianship, including fees directly associated with establishing the temporary guardianship.

To participate, a unit of local government must agree to enroll all of its employees, who may select coverage under either the State group health benefits plan or a health maintenance organization that has contracted with the State to be available as a health care provider for employees as defined in this Act. A unit of local government must remit the entire cost of providing coverage under the State group health benefits plan or, for coverage under a health maintenance organization, an amount determined by the Director based on an analysis of the sex, age, geographic location, or other relevant demographic variables for its employees, except that the unit of local government shall not be required to enroll those of its employees who are covered spouses or dependents under this plan or another group policy or plan providing health benefits as long as (1) an appropriate official from the unit of local government attests that each employee not enrolled is a covered spouse or dependent under this plan or another group policy or plan, and (2) at least 50% of the employees are enrolled and the unit of local government remits the entire cost of providing coverage to those employees, except that a participating school district must have enrolled at least 50% of its full-time employees who have not waived coverage under the district's group health plan by participating in a component of the district's cafeteria plan. A participating school district is not required to enroll a full-time employee who has waived coverage under the district's health plan, provided that an appropriate official from the participating school district attests that the full-time employee has waived coverage by participating in a component of the district's cafeteria plan. For the purposes of this subsection, "participating school district" includes a unit of local government whose primary purpose is education as defined by the Department's rules.

Employees of a participating unit of local government who are not enrolled due to coverage under another group health policy or plan may enroll in the event of a qualifying change in status, special enrollment, special circumstance as defined by the Director, or during the annual Benefit Choice Period. A participating unit of local government may also elect to cover its annuitants. Dependent coverage shall be offered on an optional basis, with the costs paid by the unit of local government, its

employees, or some combination of the two as determined by the unit of local government. The unit of local government shall be responsible for timely collection and transmission of dependent premiums.

The Director shall annually determine monthly rates of payment, subject to the following constraints:

(1) In the first year of coverage, the rates shall be equal to the amount normally charged to State employees for elected optional coverages or for enrolled dependents coverages or other contributory coverages, or contributed by the State for basic insurance coverages on behalf of its employees, adjusted for differences between State employees and employees of the local government in age, sex, geographic location or other relevant demographic variables, plus an amount sufficient to pay for the additional administrative costs of providing coverage to employees of the unit of local government and their dependents.

(2) In subsequent years, a further adjustment shall be made to reflect the actual prior years' claims experience of the employees of the unit of local government.

In the case of coverage of local government employees under a health maintenance organization, the Director shall annually determine for each participating unit of local government the maximum monthly amount the unit may contribute toward that coverage, based on an analysis of (i) the age, sex, geographic location, and other relevant demographic variables of the unit's employees and (ii) the cost to cover those employees under the State group health benefits plan. The Director may similarly determine the maximum monthly amount each unit of local government may contribute toward coverage of its employees' dependents under a health maintenance organization.

Monthly payments by the unit of local government or its employees for group health benefits plan or health maintenance organization coverage shall be deposited in the Local Government Health Insurance Reserve Fund.

The Local Government Health Insurance Reserve Fund is hereby created as a nonappropriated trust fund to be held outside the State Treasury, with the State Treasurer as custodian. The Local Government Health Insurance Reserve Fund shall be a continuing fund not subject to fiscal year limitations. All revenues arising from the administration of the health benefits program established under this Section shall be deposited into the Local Government Health Insurance Reserve Fund. Any interest

earned on moneys in the Local Government Health Insurance Reserve Fund shall be deposited into the Fund. All expenditures from this Fund shall be used for payments for health care benefits for local government and rehabilitation facility employees, annuitants, and dependents, and to reimburse the Department or its administrative service organization for all expenses incurred in the administration of benefits. No other State funds may be used for these purposes.

A local government employer's participation or desire to participate in a program created under this subsection shall not limit that employer's duty to bargain with the representative of any collective bargaining unit of its employees.

(j) Any rehabilitation facility within the State of Illinois may apply to the Director to have its employees, annuitants, and their eligible dependents provided group health coverage under this Act on a non-insured basis. To participate, a rehabilitation facility must agree to enroll all of its employees and remit the entire cost of providing such coverage for its employees, except that the rehabilitation facility shall not be required to enroll those of its employees who are covered spouses or dependents under this plan or another group policy or plan providing health benefits as long as (1) an appropriate official from the rehabilitation facility attests that each employee not enrolled is a covered spouse or dependent under this plan or another group policy or plan, and (2) at least 50% 85% of the employees are enrolled and the rehabilitation facility remits the entire cost of providing coverage to those employees. Employees of a participating rehabilitation facility who are not enrolled due to coverage under another group health policy or plan may enroll in the event of a qualifying change in status, special enrollment, special circumstance as defined by the Director, or during the annual Benefit Choice Period. A participating rehabilitation facility may also elect to cover its annuitants. Dependent coverage shall be offered on an optional basis, with the costs paid by the rehabilitation facility, its employees, or some combination of the 2 as determined by the rehabilitation facility. The rehabilitation facility shall be responsible for timely collection and transmission of dependent premiums.

The Director shall annually determine quarterly rates of payment, subject to the following constraints:

(2) In subsequent years, a further adjustment shall be made to reflect the actual prior years' claims experience of the employees of the rehabilitation facility.

Monthly payments by the rehabilitation facility or its employees for group health benefits shall be deposited in the Local Government Health Insurance Reserve Fund.

(k) Any domestic violence shelter or service within the State of Illinois may apply to the Director to have its employees, annuitants, and their dependents provided group health coverage under this Act on a non-insured basis. To participate, a domestic violence shelter or service must agree to enroll all of its employees and pay the entire cost of providing such coverage for its employees. The domestic violence shelter shall not be required to enroll those of its employees who are covered spouses or dependents under this plan or another group policy or plan providing health benefits as long as (1) an appropriate official from the domestic violence shelter attests that each employee not enrolled is a covered spouse or dependent under this plan or another group policy or plan and (2) at least 50% of the employees are enrolled and the domestic violence shelter remits the entire cost of providing coverage to those employees.

Employees of a participating domestic violence shelter who are not enrolled due to coverage under another group health policy or plan may enroll in the event of a qualifying change in status, special enrollment, or special circumstance as defined by the Director or during the annual Benefit Choice Period. A participating domestic violence shelter may also elect to cover its annuitants. Dependent coverage shall be offered on an optional basis, with employees, or some combination of the 2 as determined by the domestic violence shelter or service. The domestic violence shelter or service shall be responsible for timely collection and transmission of dependent premiums.

(2) In subsequent years, a further adjustment shall be made to reflect the actual prior years' claims experience of the employees of the domestic violence shelter or service.

Monthly payments by the domestic violence shelter or service or its employees for group health insurance shall be deposited in the Local Government Health Insurance Reserve Fund.

(l) A public community college or entity organized pursuant to the Public Community College Act may apply to the Director initially to have only annuitants not covered prior to July 1, 1992 by the district's health plan provided health coverage under this Act on a non-insured basis. The community college must execute a 2-year contract to participate in the Local Government Health Plan. Any annuitant may enroll in the event of a qualifying change in status, special enrollment, special circumstance as defined by the Director, or during the annual Benefit Choice Period.

The Director shall annually determine monthly rates of payment subject to the following constraints: for those community colleges with annuitants only enrolled, first year rates shall be equal to the average cost to cover claims for a State member adjusted for demographics, Medicare participation, and other factors; and in the second year, a further adjustment of rates shall be made to reflect the actual first year's claims experience of the covered annuitants.

(l-5) The provisions of subsection (l) become inoperative on July 1, 1999.

(m) The Director shall adopt any rules deemed necessary for implementation of this amendatory Act of 1989 (Public Act 86-978).

Employees of a participating child advocacy center who are not enrolled due to coverage under another group health policy or plan may enroll in the event of a qualifying change in status, special enrollment, or special circumstance as defined by the Director or during the annual Benefit Choice Period. A participating child advocacy center may also elect to cover its annuitants. Dependent coverage shall be offered on an optional basis, with the costs paid by the child advocacy center, its employees, or some combination of the 2 as determined by the child advocacy center. The child advocacy center shall be responsible for timely collection and transmission of dependent premiums.

The Director shall annually determine rates of payment, subject to the following constraints:

(1) In the first year of coverage, the rates shall be equal to the amount normally charged to State employees for elected optional coverages or for enrolled dependents coverages or other contributory coverages on behalf of its employees, adjusted for differences between State employees and employees of the child advocacy center in age, sex, geographic location, or other relevant demographic variables, plus an amount sufficient to pay for the additional administrative costs of providing coverage to employees of the child advocacy center and their dependents.

If a good faith plan of correction is not received within the time provided by Section 3-303, a penalty may be assessed from the date of the notice of the Type "B" or "C" violation or an administrative warning issued pursuant to Sections 3-401 through 3-413 or the rules promulgated thereunder served under Section 3-301 until the date of the receipt of a good faith plan of correction, or until the date the violation is corrected, whichever is earlier. (c) Nothing in this Act shall prohibit the co-location of services or the development of multifunctional centers under subsection (f) of Section 20, including a nursing home offering community-based services or a community provider establishing a residential facility.

(d) A certified nursing home with at least 50% of its resident population having their care paid for by the Medicaid program is eligible to apply for a grant under this Section.

(e) Any nursing home receiving a grant under this Section shall reduce the number of certified nursing home beds by a number equal to or greater than the number of beds being converted for one or more of the permitted uses under item (1) or (2) of subsection (b). The nursing home shall retain the Certificate of Need for its nursing and sheltered care beds that were converted for 15 years. If the beds are reinstated by the provider or its successor in interest, the provider shall pay to the fund from which the grant was awarded, on an amortized basis, the amount of the grant. If the nursing home provider or its successor in interest ceases to comply with the requirement set forth in this subsection, the provider shall pay to the fund from which the grant was awarded, on an amortized basis, the amount of the grant.

(3) the extent to which the conversion or transition will result in the reduction of certified nursing home beds in an area with excess beds;
(4) the compliance history of the nursing home; and
(5) any other relevant factors identified by the Department, including standards of need.

(h) A conversion funded in whole or in part by a grant under this Section must not:
(1) diminish or reduce the quality of services available to nursing home residents;
(2) force any nursing home resident to involuntarily accept home-based or community-based services instead of nursing home services;
(3) diminish or reduce the supply and distribution of nursing home services in any community below the level of need, as defined by the Department by rule; or
(4) cause undue hardship on any person who requires nursing home care.

The Department of Public Health, however, shall send to the Health Facilities Planning Board a copy of each grant award made under this Section.

(k) Applications for grants are public information, except that nursing home financial condition and any proprietary data shall be classified as nonpublic data.

(l) The Department of Public Health may award grants from the Long Term Care Civil Money Penalties Fund established under Section 1919(h)(2)(A)(ii) of the Social Security Act and 42 CFR 488.422(g) if the award meets federal requirements.

(m) The Nursing Home Conversion Fund is created as a special fund in the State treasury. The Department may pay up to 2 months operational expenses in advance. The amount of the advance disbursement shall be prorated over the life of the contract or the remaining months of the fiscal year, whichever is less, and the installment amount shall then be deducted from future bills. (h) If the Department finds that there is no appropriate program or facility within or available to the Department for a ward and that no licensed private facility has an adequate and appropriate program or none agrees to accept the ward, the Department shall create an appropriate individualized, program-oriented plan for such ward. The amount of assistance may vary, depending upon the needs of the child and the adoptive parents, as set forth in the annual assistance agreement. Special purpose grants are allowed where the child requires special service but such costs may not exceed the amounts which similar services would cost the Department if it were to provide or secure them as guardian of the child.

Any financial assistance provided under this subsection is inalienable by assignment, sale, execution, attachment, garnishment, or any other remedy for recovery or collection of a judgment or debt.

(j-5) The Department shall not deny or delay the placement of a child for adoption if an approved family is available either outside of the Department region handling the case, or outside of the State of Illinois.

Family preservation services shall only be offered when doing so will not endanger the children's health or safety. With respect to children who are in substitute care pursuant to the Juvenile Court Act of 1987, family preservation services shall not be offered if a goal other than those of subdivisions (A), (B), or (B-1) of subsection (2) of Section 2-28 of that Act has been set. Nothing in this paragraph shall be construed to create a private right of action or claim on the part of any individual or child welfare agency.

The Department shall notify the child and his family of the Department's responsibility to offer and provide family preservation services as identified in the service plan. The child and his family shall be eligible for services as soon as the report is determined to be "indicated". The Department may offer services to any child or family with respect to whom a report of suspected child abuse or neglect has been filed, prior to concluding its investigation under Section 7.12 of the Abused and Neglected Child Reporting Act. However, the child's or family's willingness to accept services shall not be considered in the investigation. The Department may also provide services to any child or family who is the subject of any report of suspected child abuse or neglect or may refer such child or family to services available from other agencies in the community, even if the report is determined to be unfounded, if the conditions in the child's or family's home are reasonably likely to subject the child or family to future reports of suspected child abuse or neglect. Acceptance of such services shall be voluntary. The Department may also provide services to any child or family after completion of a family assessment, as an alternative to an investigation, as provided under the "differential response program" provided for in subsection (a-5) of Section 7.4 of the Abused and Neglected Child Reporting Act.

The Department may, at its discretion except for those children also adjudicated neglected or dependent, accept for care and training any child who has been adjudicated addicted, as a truant minor in need of
supervision or as a minor requiring authoritative intervention, under the Juvenile Court Act or the Juvenile Court Act of 1987, but no such child shall be committed to the Department by any court without the approval of the Department. A minor charged with a criminal offense under the Criminal Code of 1961 or adjudicated delinquent shall not be placed in the custody of or committed to the Department by any court, except a minor less than 15 years of age committed to the Department under Section 5-710 of the Juvenile Court Act of 1987 or a minor for whom an independent basis of abuse, neglect, or dependency exists, which must be defined by departmental rule. An independent basis exists when the allegations or adjudication of abuse, neglect, or dependency do not arise from the same facts, incident, or circumstances which give rise to a charge or adjudication of delinquency.

(l-1) The legislature recognizes that the best interests of the child require that the child be placed in the most permanent living arrangement as soon as is practically possible. To achieve this goal, the legislature directs the Department of Children and Family Services to conduct concurrent planning so that permanency may occur at the earliest opportunity. Permanent living arrangements may include prevention of placement of a child outside the home of the family when the child can be cared for at home without endangering the child's health or safety; reunification with the family, when safe and appropriate, if temporary placement is necessary; or movement of the child toward the most permanent living arrangement and permanent legal status.

When determining reasonable efforts to be made with respect to a child, as described in this subsection, and in making such reasonable efforts, the child's health and safety shall be the paramount concern.

When a child is placed in foster care, the Department shall ensure and document that reasonable efforts were made to prevent or eliminate the need to remove the child from the child's home. The Department must make reasonable efforts to reunify the family when temporary placement of the child occurs unless otherwise required, pursuant to the Juvenile Court Act of 1987. At any time after the dispositional hearing where the Department believes that further reunification services would be ineffective, it may request a finding from the court that reasonable efforts are no longer appropriate. The Department is not required to provide further reunification services after such a finding.

A decision to place a child in substitute care shall be made with considerations of the child's health, safety, and best interests. At the time

of placement, consideration should also be given so that if reunification fails or is delayed, the placement made is the best available placement to provide permanency for the child.

The Department shall adopt rules addressing concurrent planning for reunification and permanency. The Department shall consider the following factors when determining appropriateness of concurrent planning:

1. the likelihood of prompt reunification;
2. the past history of the family;
3. the barriers to reunification being addressed by the family;
4. the level of cooperation of the family;
5. the foster parents' willingness to work with the family to reunite;
6. the willingness and ability of the foster family to provide an adoptive home or long-term placement;
7. the age of the child;
8. placement of siblings.

(m) The Department may assume temporary custody of any child if:

1. it has received a written consent to such temporary custody signed by the parents of the child or by the parent having custody of the child if the parents are not living together or by the guardian or custodian of the child if the child is not in the custody of either parent, or
2. the child is found in the State and neither a parent, guardian nor custodian of the child can be located.

If the child is found in his or her residence without a parent, guardian, custodian or responsible caretaker, the Department may, instead of removing the child and assuming temporary custody, place an authorized representative of the Department in that residence until such time as a parent, guardian or custodian enters the home and expresses a willingness and apparent ability to ensure the child's health and safety and resume permanent charge of the child, or until a relative enters the home and is willing and able to ensure the child's health and safety and assume charge of the child until a parent, guardian or custodian enters the home and expresses such willingness and ability to ensure the child's safety and resume permanent charge. After a caretaker has remained in the home for a period not to exceed 12 hours, the Department must follow those

procedures outlined in Section 2-9, 3-11, 4-8, or 5-415 of the Juvenile Court Act of 1987.

The Department shall have the authority, responsibilities and duties that a legal custodian of the child would have pursuant to subsection (9) of Section 1-3 of the Juvenile Court Act of 1987. Whenever a child is taken into temporary custody pursuant to an investigation under the Abused and Neglected Child Reporting Act, or pursuant to a referral and acceptance under the Juvenile Court Act of 1987 of a minor in limited custody, the Department, during the period of temporary custody and before the child is brought before a judicial officer as required by Section 2-9, 3-11, 4-8, or 5-415 of the Juvenile Court Act of 1987, shall have the authority, responsibilities and duties that a legal custodian of the child would have under subsection (9) of Section 1-3 of the Juvenile Court Act of 1987.

The Department shall ensure that any child taken into custody is scheduled for an appointment for a medical examination.

A parent, guardian or custodian of a child in the temporary custody of the Department who would have custody of the child if he were not in the temporary custody of the Department may deliver to the Department a signed request that the Department surrender the temporary custody of the child. The Department may retain temporary custody of the child for 10 days after the receipt of the request, during which period the Department may cause to be filed a petition pursuant to the Juvenile Court Act of 1987. If a petition is so filed, the Department shall retain temporary custody of the child until the court orders otherwise. If a petition is not filed within the 10 day period, the child shall be surrendered to the custody of the requesting parent, guardian or custodian not later than the expiration of the 10 day period, at which time the authority and duties of the Department with respect to the temporary custody of the child shall terminate.

(m-1) The Department may place children under 18 years of age in a secure child care facility licensed by the Department that cares for children who are in need of secure living arrangements for their health, safety, and well-being after a determination is made by the facility director and the Director or the Director's designate prior to admission to the facility subject to Section 2-27.1 of the Juvenile Court Act of 1987. This subsection (m-1) does not apply to a child who is subject to placement in a correctional facility operated pursuant to Section 3-15-2 of the Unified Code of Corrections, unless the child is a ward who was placed under the care of the Department before being subject to placement in a correctional

facility and a court of competent jurisdiction has ordered placement of the child in a secure care facility.

(n) The Department may place children under 18 years of age in licensed child care facilities when in the opinion of the Department, appropriate services aimed at family preservation have been unsuccessful and cannot ensure the child's health and safety or are unavailable and such placement would be for their best interest. Payment for board, clothing, care, training and supervision of any child placed in a licensed child care facility may be made by the Department, by the parents or guardians of the estates of those children, or by both the Department and the parents or guardians, except that no payments shall be made by the Department for any child placed in a licensed child care facility for board, clothing, care, training and supervision of such a child that exceed the average per capita cost of maintaining and of caring for a child in institutions for dependent or neglected children operated by the Department. However, such restriction on payments does not apply in cases where children require specialized care and treatment for problems of severe emotional disturbance, physical disability, social adjustment, or any combination thereof and suitable facilities for the placement of such children are not available at payment rates within the limitations set forth in this Section. All reimbursements for services delivered shall be absolutely inalienable by assignment, sale, attachment, garnishment or otherwise.

(o) The Department shall establish an administrative review and appeal process for children and families who request or receive child welfare services from the Department. Children who are wards of the Department and are placed by private child welfare agencies, and foster families with whom those children are placed, shall be afforded the same procedural and appeal rights as children and families in the case of placement by the Department, including the right to an initial review of a private agency decision by that agency. The Department shall insure that any private child welfare agency, which accepts wards of the Department for placement, affords those rights to children and foster families. The Department shall accept for administrative review and an appeal hearing a complaint made by (i) a child or foster family concerning a decision following an initial review by a private child welfare agency or (ii) a prospective adoptive parent who alleges a violation of subsection (j-5) of this Section. An appeal of a decision concerning a change in the placement of a child shall be conducted in an expedited manner.
(p) There is hereby created the Department of Children and Family Services Emergency Assistance Fund from which the Department may provide special financial assistance to families which are in economic crisis when such assistance is not available through other public or private sources and the assistance is deemed necessary to prevent dissolution of the family unit or to reunite families which have been separated due to child abuse and neglect. The Department shall establish administrative rules specifying the criteria for determining eligibility for and the amount and nature of assistance to be provided. The Department may also enter into written agreements with private and public social service agencies to provide emergency financial services to families referred by the Department. Special financial assistance payments shall be available to a family no more than once during each fiscal year and the total payments to a family may not exceed $500 during a fiscal year.

(q) The Department may receive and use, in their entirety, for the benefit of children any gift, donation or bequest of money or other property which is received on behalf of such children, or any financial benefits to which such children are or may become entitled while under the jurisdiction or care of the Department.

The Department shall set up and administer no-cost, interest-bearing accounts in appropriate financial institutions for children for whom the Department is legally responsible and who have been determined eligible for Veterans' Benefits, Social Security benefits, assistance allotments from the armed forces, court ordered payments, parental voluntary payments, Supplemental Security Income, Railroad Retirement payments, Black Lung benefits, or other miscellaneous payments. Interest earned by each account shall be credited to the account, unless disbursed in accordance with this subsection.

In disbursing funds from children's accounts, the Department shall:

(1) Establish standards in accordance with State and federal laws for disbursing money from children's accounts. In all circumstances, the Department's "Guardianship Administrator" or his or her designee must approve disbursements from children's accounts. The Department shall be responsible for keeping complete records of all disbursements for each account for any purpose.

(2) Calculate on a monthly basis the amounts paid from State funds for the child's board and care, medical care not covered under Medicaid, and social services; and utilize funds from the

child's account, as covered by regulation, to reimburse those costs. Monthly, disbursements from all children's accounts, up to 1/12 of $13,000,000, shall be deposited by the Department into the General Revenue Fund and the balance over 1/12 of $13,000,000 into the DCFS Children's Services Fund.

(3) Maintain any balance remaining after reimbursing for the child's costs of care, as specified in item (2). The balance shall accumulate in accordance with relevant State and federal laws and shall be disbursed to the child or his or her guardian, or to the issuing agency.

(r) The Department shall promulgate regulations encouraging all adoption agencies to voluntarily forward to the Department or its agent names and addresses of all persons who have applied for and have been approved for adoption of a hard-to-place or handicapped child and the names of such children who have not been placed for adoption. A list of such names and addresses shall be maintained by the Department or its agent, and coded lists which maintain the confidentiality of the person seeking to adopt the child and of the child shall be made available, without charge, to every adoption agency in the State to assist the agencies in placing such children for adoption. The Department may delegate to an agent its duty to maintain and make available such lists. The Department shall ensure that such agent maintains the confidentiality of the person seeking to adopt the child and of the child.

(s) The Department of Children and Family Services may establish and implement a program to reimburse Department and private child welfare agency foster parents licensed by the Department of Children and Family Services for damages sustained by the foster parents as a result of the malicious or negligent acts of foster children, as well as providing third party coverage for such foster parents with regard to actions of foster children to other individuals. Such coverage will be secondary to the foster parent liability insurance policy, if applicable. The program shall be funded through appropriations from the General Revenue Fund, specifically designated for such purposes.

(t) The Department shall perform home studies and investigations and shall exercise supervision over visitation as ordered by a court pursuant to the Illinois Marriage and Dissolution of Marriage Act or the Adoption Act only if:

(1) an order entered by an Illinois court specifically directs the Department to perform such services; and

New matter indicated by italics - deletions by strikeout.
(2) the court has ordered one or both of the parties to the proceeding to reimburse the Department for its reasonable costs for providing such services in accordance with Department rules, or has determined that neither party is financially able to pay.

The Department shall provide written notification to the court of the specific arrangements for supervised visitation and projected monthly costs within 60 days of the court order. The Department shall send to the court information related to the costs incurred except in cases where the court has determined the parties are financially unable to pay. The court may order additional periodic reports as appropriate.

(u) In addition to other information that must be provided, whenever the Department places a child with a prospective adoptive parent or parents or in a licensed foster home, group home, child care institution, or in a relative home, the Department shall provide to the prospective adoptive parent or parents or other caretaker:

(1) available detailed information concerning the child's educational and health history, copies of immunization records (including insurance and medical card information), a history of the child's previous placements, if any, and reasons for placement changes excluding any information that identifies or reveals the location of any previous caretaker;

(2) a copy of the child's portion of the client service plan, including any visitation arrangement, and all amendments or revisions to it as related to the child; and

(3) information containing details of the child's individualized educational plan when the child is receiving special education services.

The caretaker shall be informed of any known social or behavioral information (including, but not limited to, criminal background, fire setting, perpetuation of sexual abuse, destructive behavior, and substance abuse) necessary to care for and safeguard the children to be placed or currently in the home. The Department may prepare a written summary of the information required by this paragraph, which may be provided to the foster or prospective adoptive parent in advance of a placement. The foster or prospective adoptive parent may review the supporting documents in the child's file in the presence of casework staff. In the case of an emergency placement, casework staff shall at least provide known information verbally, if necessary, and must subsequently provide the information in writing as required by this subsection.

The information described in this subsection shall be provided in writing. In the case of emergency placements when time does not allow prior review, preparation, and collection of written information, the Department shall provide such information as it becomes available. Within 10 business days after placement, the Department shall obtain from the prospective adoptive parent or parents or other caretaker a signed verification of receipt of the information provided. Within 10 business days after placement, the Department shall provide to the child's guardian ad litem a copy of the information provided to the prospective adoptive parent or parents or other caretaker. The information provided to the prospective adoptive parent or parents or other caretaker shall be reviewed and approved regarding accuracy at the supervisory level.

(u-5) Effective July 1, 1995, only foster care placements licensed as foster family homes pursuant to the Child Care Act of 1969 shall be eligible to receive foster care payments from the Department. Relative caregivers who, as of July 1, 1995, were approved pursuant to approved relative placement rules previously promulgated by the Department at 89 Ill. Adm. Code 335 and had submitted an application for licensure as a foster family home may continue to receive foster care payments only until the Department determines that they may be licensed as a foster family home or that their application for licensure is denied or until September 30, 1995, whichever occurs first.

(v) The Department shall access criminal history record information as defined in the Illinois Uniform Conviction Information Act and information maintained in the adjudicatory and dispositional record system as defined in Section 2605-355 of the Department of State Police Law (20 ILCS 2605/2605-355) if the Department determines the information is necessary to perform its duties under the Abused and Neglected Child Reporting Act, the Child Care Act of 1969, and the Children and Family Services Act. The Department shall provide for interactive computerized communication and processing equipment that permits direct on-line communication with the Department of State Police's central criminal history data repository. The Department shall comply with all certification requirements and provide certified operators who have been trained by personnel from the Department of State Police. In addition, one Office of the Inspector General investigator shall have training in the use of the criminal history information access system and have access to the terminal. The Department of Children and Family Services and its employees shall abide by rules and regulations established

by the Department of State Police relating to the access and dissemination of this information.

(v-1) Prior to final approval for placement of a child, the Department shall conduct a criminal records background check of the prospective foster or adoptive parent, including fingerprint-based checks of national crime information databases. Final approval for placement shall not be granted if the record check reveals a felony conviction for child abuse or neglect, for spousal abuse, for a crime against children, or for a crime involving violence, including rape, sexual assault, or homicide, but not including other physical assault or battery, or if there is a felony conviction for physical assault, battery, or a drug-related offense committed within the past 5 years.

(v-2) Prior to final approval for placement of a child, the Department shall check its child abuse and neglect registry for information concerning prospective foster and adoptive parents, and any adult living in the home. If any prospective foster or adoptive parent or other adult living in the home has resided in another state in the preceding 5 years, the Department shall request a check of that other state's child abuse and neglect registry.

(w) Within 120 days of August 20, 1995 (the effective date of Public Act 89-392), the Department shall prepare and submit to the Governor and the General Assembly, a written plan for the development of in-state licensed secure child care facilities that care for children who are in need of secure living arrangements for their health, safety, and well-being. For purposes of this subsection, secure care facility shall mean a facility that is designed and operated to ensure that all entrances and exits from the facility, a building or a distinct part of the building, are under the exclusive control of the staff of the facility, whether or not the child has the freedom of movement within the perimeter of the facility, building, or distinct part of the building. The plan shall include descriptions of the types of facilities that are needed in Illinois; the cost of developing these secure care facilities; the estimated number of placements; the potential cost savings resulting from the movement of children currently out-of-state who are projected to be returned to Illinois; the necessary geographic distribution of these facilities in Illinois; and a proposed timetable for development of such facilities.

The Department may offer services to any child or family with respect to whom a report of suspected child abuse or neglect has been called in to the hotline after completion of a family assessment as provided under subsection (a-5) of Section 7.4 of the Abused and Neglected Child Reporting Act and the Department has determined that services are needed to address the safety of the child and other family members and the risk of subsequent maltreatment. Sec. 9.9. Review under Administrative Review Law. Any responsible parent or guardian affected by a final administrative decision of the Department in a hearing, conducted pursuant to this Act, may have the decision reviewed only under and in accordance with the Administrative Review Law as amended. The provisions of the Administrative Review Law, and the rules adopted pursuant thereto, shall apply to and govern all proceedings for the judicial review of such final administrative decisions of the Department. The term "administrative decision", is defined as in Section 3-101 of the Code of Civil Procedure.

Review of a final administrative decision under the Administrative Review Law is not applicable to a decision to conduct a family assessment as provided under subsection (a-5) of Section 7.4 of the Abused and Neglected Child Reporting Act because no determination concerning child abuse or neglect is made and nothing is reported to the central register.

Appeals from all final orders and judgments entered by a court upon review of the Department's orders in any case may be taken by either party to the proceeding and shall be governed by the rules applicable to appeals in civil cases.

The remedy herein provided for appeal shall be exclusive, and no court shall have jurisdiction to review the subject matter of any order made by the Department except as herein provided.

Section 10. The Abused and Neglected Child Reporting Act is amended by changing Sections 7.4 and 11.6 as follows:

(a) The Department shall be capable of receiving reports of suspected child abuse or neglect 24 hours a day, 7 days a week. Whenever the Department receives a report alleging that a child is a truant as defined in Section 26-2a of The School Code, as now or hereafter amended, the Department shall notify the superintendent of the school district in which the child resides and the appropriate superintendent of the educational service region. The notification to the appropriate officials by the Department shall not be considered an allegation of abuse or neglect under this Act.

(a-5) Beginning January 1, 2010, the Department of Children and Family Services may implement a 5-year demonstration of a "differential response program" in accordance with criteria, standards, and
procedures prescribed by rule. The program may provide that, upon receiving a report, the Department shall determine whether to conduct a family assessment or an investigation as appropriate to prevent or provide a remedy for child abuse or neglect.

For purposes of this subsection (a-5), "family assessment" means a comprehensive assessment of child safety, risk of subsequent child maltreatment, and family strengths and needs that is applied to a child maltreatment report that does not allege substantial child endangerment. "Family assessment" does not include a determination as to whether child maltreatment occurred but does determine the need for services to address the safety of family members and the risk of subsequent maltreatment.

For purposes of this subsection (a-5), "investigation" means fact-gathering related to the current safety of a child and the risk of subsequent abuse or neglect that determines whether a report of suspected child abuse or neglect should be indicated or unfounded and whether child protective services are needed.

Under the "differential response program" implemented under this subsection (a-5), the Department:

1. Shall conduct an investigation on reports involving substantial child abuse or neglect.
2. Shall begin an immediate investigation if, at any time when it is using a family assessment response, it determines that there is reason to believe that substantial child abuse or neglect or a serious threat to the child's safety exists.
3. May conduct a family assessment for reports that do not allege substantial child endangerment. In determining that a family assessment is appropriate, the Department may consider issues including, but not limited to, child safety, parental cooperation, and the need for an immediate response.
4. Shall promulgate criteria, standards, and procedures that shall be applied in making this determination, taking into consideration the Child Endangerment Risk Assessment Protocol of the Department.
5. May conduct a family assessment on a report that was initially screened and assigned for an investigation.

In determining that a complete investigation is not required, the Department must document the reason for terminating the investigation and notify the local law enforcement agency or the Department of State.
Police if the local law enforcement agency or Department of State Police is conducting a joint investigation.

Once it is determined that a "family assessment" will be implemented, the case shall not be reported to the central register of abuse and neglect reports.

During a family assessment, the Department shall collect any available and relevant information to determine child safety, risk of subsequent abuse or neglect, and family strengths.

Information collected includes, but is not limited to, when relevant: information with regard to the person reporting the alleged abuse or neglect, including the nature of the reporter's relationship to the child and to the alleged offender, and the basis of the reporter's knowledge for the report; the child allegedly being abused or neglected; the alleged offender; the child's caretaker; and other collateral sources having relevant information related to the alleged abuse or neglect. Information relevant to the assessment must be asked for, and may include:

(A) The child's sex and age, prior reports of abuse or neglect, information relating to developmental functioning, credibility of the child's statement, and whether the information provided under this paragraph (A) is consistent with other information collected during the course of the assessment or investigation.

(B) The alleged offender's age, a record check for prior reports of abuse or neglect, and criminal charges and convictions. The alleged offender may submit supporting documentation relevant to the assessment.

(C) Collateral source information regarding the alleged abuse or neglect and care of the child. Collateral information includes, when relevant: (i) a medical examination of the child; (ii) prior medical records relating to the alleged maltreatment or care of the child maintained by any facility, clinic, or health care professional, and an interview with the treating professionals; and (iii) interviews with the child's caretakers, including the child's parent, guardian, foster parent, child care provider, teachers, counselors, family members, relatives, and other persons who may have knowledge regarding the alleged maltreatment and the care of the child.

(D) Information on the existence of domestic abuse and violence in the home of the child, and substance abuse.

New matter indicated by italics - deletions by strikeout.
Nothing in this subsection (a-5) precludes the Department from collecting other relevant information necessary to conduct the assessment or investigation. Nothing in this subsection (a-5) shall be construed to allow the name or identity of a reporter to be disclosed in violation of the protections afforded under Section 7.19 of this Act.

After conducting the family assessment, the Department shall determine whether services are needed to address the safety of the child and other family members and the risk of subsequent abuse or neglect.

Upon completion of the family assessment, if the Department concludes that no services shall be offered, then the case shall be closed. If the Department concludes that services shall be offered, the Department shall develop a family preservation plan and offer or refer services to the family.

At any time during a family assessment, if the Department believes there is any reason to stop the assessment and conduct an investigation based on the information discovered, the Department shall do so.

The procedures available to the Department in conducting investigations under this Act shall be followed as appropriate during a family assessment.

The Department shall arrange for an independent evaluation of the "differential response program" authorized and implemented under this subsection (a-5) to determine whether it is meeting the goals in accordance with Section 2 of this Act. The Department may adopt administrative rules necessary for the execution of this Section, in accordance with Section 4 of the Children and Family Services Act.

The demonstration conducted under this subsection (a-5) shall become a permanent program on January 1, 2015, upon completion of the demonstration project period.

(b) (1) The following procedures shall be followed in the investigation of all reports of suspected abuse or neglect of a child, except as provided in subsection (c) of this Section.

(2) If, during a family assessment authorized by subsection (a-5) or an investigation, it appears that the immediate safety or well-being of a child is endangered, that the family may flee or the child disappear, or that the facts otherwise so warrant, the Child Protective Service Unit shall commence an investigation immediately, regardless of the time of day or night. All other investigations shall be commenced within 24 hours of receipt of the report. Upon receipt of a report,
the Child Protective Service Unit shall *conduct a family assessment authorized by subsection (a-5) or begin make* an initial investigation and *make* an initial determination whether the report is a good faith indication of alleged child abuse or neglect.

(3) Based on an initial investigation, if the Unit determines the report is a good faith indication of alleged child abuse or neglect, then a formal investigation shall commence and, pursuant to Section 7.12 of this Act, may or may not result in an indicated report. The formal investigation shall include: direct contact with the subject or subjects of the report as soon as possible after the report is received; an evaluation of the environment of the child named in the report and any other children in the same environment; a determination of the risk to such children if they continue to remain in the existing environments, as well as a determination of the nature, extent and cause of any condition enumerated in such report; the name, age and condition of other children in the environment; and an evaluation as to whether there would be an immediate and urgent necessity to remove the child from the environment if appropriate family preservation services were provided. After seeing to the safety of the child or children, the Department shall forthwith notify the subjects of the report in writing, of the existence of the report and their rights existing under this Act in regard to amendment or expungement. To fulfill the requirements of this Section, the Child Protective Service Unit shall have the capability of providing or arranging for comprehensive emergency services to children and families at all times of the day or night.

(4) If (i) at the conclusion of the Unit's initial investigation of a report, the Unit determines the report to be a good faith indication of alleged child abuse or neglect that warrants a formal investigation by the Unit, the Department, any law enforcement agency or any other responsible agency and (ii) the person who is alleged to have caused the abuse or neglect is employed or otherwise engaged in an activity resulting in frequent contact with children and the alleged abuse or neglect are in the course of such employment or activity, then the Department shall, except in investigations where the Director determines that such notification would be detrimental to the Department's investigation, inform the appropriate supervisor or administrator of that employment or

Investigations involving other school employees shall be conducted so as to minimize disruption of the school day. The school employee accused of child abuse or neglect may have his superior, his association or union representative and his attorney present at any interview or meeting at which the teacher or administrator is present. The accused school employee shall be informed by a representative of the Department, at any interview or meeting, of the accused school employee's due process rights and of the steps in the investigation process. The information shall include, but need not necessarily be limited to the right, subject to the approval of the Department, of the school employee to confront the accuser, if the accuser is 14 years of age or older, or the right to review the specific allegations which gave rise to the investigation, and the right to review all materials and evidence that have been submitted to the Department in support of the allegation. These due process rights shall also include the right of the school employee to present countervailing evidence regarding the accusations.

(2) If a report of neglect or abuse of a child by a teacher or administrator does not involve allegations of sexual abuse or extreme physical abuse, the Child Protective Service Unit shall make reasonable efforts to conduct the initial investigation in coordination with the employee's supervisor.

If the Unit determines that the report is a good faith indication of potential child abuse or neglect, it shall then commence a formal investigation under paragraph (3) of subsection (b) of this Section.

(d) If the Department has contact with an employer, or with a religious institution or religious official having supervisory or hierarchical authority over a member of the clergy accused of the abuse of a child, in the course of its investigation, the Department shall notify the employer or the religious institution or religious official, in writing, when a report is unfounded so that any record of the investigation can be expunged from the employee's or member of the clergy's personnel or other records. The Department shall also notify the employee or the member of the clergy, in writing, that notification has been sent to the employer or to the appropriate religious institution or religious official informing the employer or religious institution or religious official that the Department's investigation has resulted in an unfounded report.

(e) Upon request by the Department, the Department of State Police and law enforcement agencies are authorized to provide criminal history record information as defined in the Illinois Uniform Conviction Information Act and information maintained in the adjudicatory and dispositional record system as defined in Section 2605-355 of the Department of State Police Law (20 ILCS 2605/2605-355) to properly designated employees of the Department of Children and Family Services if the Department determines the information is necessary to perform its duties under the Abused and Neglected Child Reporting Act, the Child Care Act of 1969, and the Children and Family Services Act. The request shall be in the form and manner required by the Department of State Police. Any information obtained by the Department of Children and Family Services under this Section is confidential and may not be transmitted outside the Department of Children and Family Services other than to a court of competent jurisdiction or unless otherwise authorized by law. (325 ILCS 5/11.6) (from Ch. 23, par. 2061.6)

Sec. 11.6. All final administrative decisions of the Department under this Act are subject to judicial review under the Administrative Review Law, as now or hereafter amended, and the rules adopted pursuant thereto. The term "administrative decision" is defined as in Section 3-101 of the Code of Civil Procedure.

Review of a final administrative decision under the Administrative Review Law is not applicable to a decision to conduct a family assessment under subsection (a-5) of Section 7.4 because no determination concerning child abuse or neglect is made and nothing is reported to the central register.

PUBLIC ACT 96-0761
(Senate Bill No. 1289)

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Illinois Crime Reduction Act of 2009.

Section 5. Purpose and Definitions.
(a) Purpose. The General Assembly hereby declares that it is the policy of Illinois to preserve public safety, reduce crime, and make the most effective use of correctional resources. Currently, the Illinois correctional system overwhelmingly incarcerates people whose time in prison does not result in improved behavior and who return to Illinois communities in less than one year. It is therefore the purpose of this Act to create an infrastructure to provide effective resources and services to incarcerated individuals and individuals supervised in the locality; to hold offenders accountable; to successfully rehabilitate offenders to prevent future involvement with the criminal justice system; to measure the overall effectiveness of the criminal justice system in achieving this policy; and to

create the Adult Redeploy Illinois program for those who do not fall under the definition of violent offenders.

(b) Definitions. As used in this Act, unless the context clearly requires otherwise:

(1) "Assets" are an offender's qualities or resources, such as family and other positive support systems, educational achievement, and employment history, that research has demonstrated will decrease the likelihood that the offender will re-offend and increase the likelihood that the offender will successfully reintegrate into the locality.

(2) "Case plan" means a consistently updated written proposal that shall follow the offender through all phases of the criminal justice system, that is based on the offender's risks, assets, and needs as identified through the assessment tool described in this Act, and that outlines steps the offender shall take and the programs in which the offender shall participate to maximize the offender's ability to be rehabilitated.

(3) "Conditions of supervision" include conditions described in Section 5-6-3.1 of the Unified Code of Corrections.

(4) "Evidence-based practices" means policies, procedures, programs, and practices that have been demonstrated to reduce recidivism among incarcerated individuals and individuals on local supervision.

(5) "Local supervision" includes supervision in local-based, non-incarceration settings under such conditions and reporting requirements as are imposed by the court or the Prisoner Review Board.

(6) "Needs" include an offender's criminogenic qualities, skills, and experiences that can be altered in ways that research has demonstrated will minimize the offender's chances of re-offending and maximize the offender's chances of successfully reintegrating into the locality.

(7) "Risks" include the attributes of an offender that are commonly considered to be those variables, such as age, prior criminal history, history of joblessness, and lack of education that research has demonstrated contribute to an offender's likelihood of re-offending and impact an offender's ability to successfully reintegrate into the locality.

(8) "Violent offender" means a person convicted of a violent crime as defined in subsection (c) of Section 3 of the Rights of Crime Victims and Witnesses Act.

Section 10. Evidence-Based Programming.

(a) Purpose. Research and practice have identified new strategies and policies that can result in a significant reduction in recidivism rates and the successful local reintegration of offenders. The purpose of this Section is to ensure that State and local agencies direct their resources to services and programming that have been demonstrated to be effective in reducing recidivism and reintegrating offenders into the locality.

(b) Evidence-based programming in local supervision.

(1) The Parole Division of the Department of Corrections and the Prisoner Review Board shall adopt policies, rules, and regulations that, within the first year of the adoption, validation, and utilization of the statewide, standardized risk assessment tool described in this Act, result in at least 25% of supervised individuals being supervised in accordance with evidence-based practices; within 3 years of the adoption, validation, and utilization of the statewide, standardized risk assessment tool result in at least 50% of supervised individuals being supervised in accordance with evidence-based practices; and within 5 years of the adoption, validation, and utilization of the statewide, standardized risk assessment tool result in at least 75% of supervised individuals being supervised in accordance with evidence-based practices. (i) Based on the assets of the individual as well as his or her risks and needs identified through the assessment tool as described in this Act.

(ii) Comprised of treatment and supervision services appropriate to achieve the purpose of this Act.

(iii) The system of responses shall take into account factors such as the severity of the current violation; the supervised individual's risk level as determined by a validated assessment tool described in this Act; the supervised individual's assets; his or her previous criminal record; and the number and severity of any previous supervision violations.

(iv) The system shall also define positive reinforcements that supervised individuals may receive for compliance with conditions of supervision.

(v) Response to violations should be swift and certain and should be imposed as soon as practicable but no longer than 3 working days of detection of the violation behavior.

(2) Participation and completion of programming by prisoners can impact earned time credit as determined under Section 3-6-3 of the Unified Code of Corrections.

(3) The Department of Corrections shall provide its employees with intensive and ongoing training and professional development services to support the implementation of evidence-based practices. The training and professional development

Annually, each agency shall submit to the Sentencing Policy Advisory Council a comprehensive report on the success of implementing evidence-based practices. The data compiled and analyzed by the Council shall be delivered annually to the Governor and the General Assembly.

Section 15. Adoption, validation, and utilization of an assessment tool.

(a) Purpose. In order to determine appropriate punishment or services which will protect public safety, it is necessary for the State and local jurisdictions to adopt a common assessment tool. Supervision and correctional programs are most effective at reducing future crime when they accurately assess offender risks, assets, and needs, and use these assessment results to assign supervision levels and target programs to criminogenic needs.

(b) After review of the plan issued by the Task Force described in subsection (c), the Department of Corrections, the Parole Division of the Department of Corrections, and the Prisoner Review Board shall adopt policies, rules, and regulations that within 3 years of the effective date of this Act result in the adoption, validation, and utilization of a statewide, standardized risk assessment tool across the Illinois criminal justice system.

Section 20. Adult Redeploy Illinois.

(a) Purpose. When offenders are accurately assessed for risk, assets, and needs, it is possible to identify which people should be sent to prison and which people can be effectively supervised in the locality. By providing financial incentives to counties or judicial circuits to create

effective local-level evidence-based services, it is possible to reduce crime and recidivism at a lower cost to taxpayers. Based on this model, this Act hereby creates the Adult Redeploy Illinois program for offenders who do not fall under the definition of violent offenders in order to increase public safety and encourage the successful local supervision of eligible offenders and their reintegration into the locality.

(b) The Adult Redeploy Illinois program shall reallocate State funds to local jurisdictions that successfully establish a process to assess offenders and provide a continuum of locally based sanctions and treatment alternatives for offenders who would be incarcerated in a State facility if those local services and sanctions did not exist. The allotment of funds shall be based on a formula that rewards local jurisdictions for the establishment or expansion of local supervision programs and requires them to pay the amount determined in subsection (e) if incarceration targets as defined in subsection (e) are not met.

(c) Each county or circuit participating in the Adult Redeploy Illinois program shall create a local plan describing how it will protect public safety and reduce the county or circuit's utilization of incarceration in State facilities or local county jails by the creation or expansion of individualized services or programs.

(d) Based on the local plan, a county or circuit shall enter into an agreement with the Adult Redeploy Oversight Board described in subsection (e) to reduce the number of commitments to State correctional facilities from that county or circuit, excluding violent offenders. The agreement shall include a pledge from the county or circuit to reduce their commitments by 25% of the level of commitments from the average number of commitments for the past 3 years of eligible non-violent offenders. In return, the county or circuit shall receive, based upon a formula described in subsection (e), funds to redeploy for local programming for offenders who would otherwise be incarcerated such as management and supervision, electronic monitoring, and drug testing. The county or circuit shall also be penalized, as described in subsection (e), for failure to reach the goal of reduced commitments stipulated in the agreement.

(e) Adult Redeploy Illinois Oversight Board; members; responsibilities.

(B) Define categories of membership for local entities to participate in the creation and oversight of the local Adult Redeploy Illinois program.

(C) Develop a formula for the allotment of funds to local jurisdictions for local and community-based services in lieu of commitment to the Department of Corrections and a penalty amount for failure to reach the goal of reduced commitments stipulated in the plans.

(D) Develop a standard format for the local plan to be submitted by the local entity created in each county or circuit.

(E) Identify and secure resources sufficient to support the administration and evaluation of Adult Redeploy Illinois.

(F) Develop a process to support ongoing monitoring and evaluation of Adult Redeploy Illinois.

(G) Review local plans and proposed agreements and approve the distribution of resources.

(H) Develop a performance measurement system that includes but is not limited to the following key performance indicators: recidivism, rate of revocations, employment rates, education achievement, successful completion of substance abuse treatment programs, and

payment of victim restitution. Each county or circuit shall include the performance measurement system in its local plan and provide data annually to evaluate its success.

(I) Report annually the results of the performance measurements on a timely basis to the Governor and General Assembly.

Subject to the prior consent of the Board, licensees may supplement any pari-mutuel pool in order to guarantee a minimum distribution. Such pari-mutuel method of wagering shall not, under any circumstances if conducted under the provisions of this Act, be held or construed to be unlawful, other statutes of this State to the contrary notwithstanding. Subject to rules for advance wagering promulgated by the Board, any licensee may accept wagers in advance of the day of the race wagered upon occurs.

(b) No other method of betting, pool making, wagering or gambling shall be used or permitted by the licensee. Each licensee may retain, subject to the payment of all applicable taxes and purses, an amount not to exceed 17% of all money wagered under subsection (a) of this Section, except as may otherwise be permitted under this Act.

(b-5) An individual may place a wager under the pari-mutuel system from any licensed location authorized under this Act provided that wager is electronically recorded in the manner described in Section 3.12 of this Act. Any wager made electronically by an individual while physically on the premises of a licensee shall be deemed to have been made at the premises of that licensee.

(c) Until January 1, 2000, the sum held by any licensee for payment of outstanding pari-mutuel tickets, if unclaimed prior to December 31 of the next year, shall be retained by the licensee for payment of such tickets until that date. Within 10 days thereafter, the balance of such sum remaining unclaimed, less any uncashed supplements contributed by such licensee for the purpose of guaranteeing minimum distributions of any pari-mutuel pool, shall be paid to the Illinois Veterans' Rehabilitation Fund of the State treasury, except as provided in subsection (g) of Section 27 of this Act.

(f) Notwithstanding the other provisions of this Act, an organization licensee may contract with an entity in another state or country to permit any legal wagering entity in another state or country to accept wagers solely within such other state or country on races conducted by the organization licensee in this State. Beginning January 1, 2000, these wagers shall not be subject to State taxation. Until January 1, 2000, when the out-of-State entity conducts a pari-mutuel pool separate from the organization licensee, a privilege tax equal to 7 1/2% of all monies received by the organization licensee from entities in other states or countries pursuant to such contracts is imposed on the organization licensee, and such privilege tax shall be remitted to the Department of Revenue within 48 hours of receipt of the moneys from the simulcast. The Board may prohibit a simulcast program only if it finds that the simulcast program is clearly adverse to the integrity of racing. The host track simulcast program shall include the signal of live racing of all organization licensees. All non-host licensees and advance deposit wagering licensees shall carry the signal of and accept wagers on live racing of all organization licensees. Advance deposit wagering licensees shall not be permitted to accept out-of-state wagers on any Illinois signal provided pursuant to this Section without the approval and consent of the organization licensee providing the signal. Non-host licensees may carry the host track simulcast program and shall accept wagers on all races included as part of the simulcast program upon which wagering is permitted. All organization licensees shall provide their live signal to all advance deposit wagering licensees for a simulcast commission fee not to exceed 6% of the advance deposit wagering licensee's Illinois handle on the organization licensee's signal without prior approval by the Board. The Board may adopt rules under which it may permit simulcast commission fees in excess of 6%. The Board shall adopt rules limiting the interstate commission fees charged to an advance deposit wagering licensee. The Board shall adopt rules regarding advance deposit wagering on interstate simulcast races that shall reflect, among other things, the General Assembly's desire to maximize revenues to the State, horsemen purses, and organizational licensees. However, organization licensees providing live signals pursuant to the requirements of this subsection (g) may petition the Board to withhold their live signals from an advance deposit wagering licensee if the organization licensee discovers and the Board finds reputable or credible information that the advance deposit wagering licensee is under investigation by another state or federal governmental agency, the advance deposit wagering licensee’s license has been suspended in another state, or the advance deposit wagering licensee’s license is in revocation proceedings in another state. The organization licensee’s provision of their live signal to an advance deposit wagering licensee under this subsection (g) pertains to wagers

The interstate commission fee shall not exceed 5% of Illinois handle on the interstate simulcast race or races without prior approval of the Board. The Board shall promulgate rules under which it may permit interstate commission fees in excess of 5%. The interstate commission fee and other fees charged by the sending racetrack, including, but not limited to, satellite decoder fees, shall be uniformly applied to the host track and all non-host licensees.

Notwithstanding any other provision of this Act, for a period of 3 years after the effective date of this amendatory Act of the 96th General Assembly, an organization licensee may maintain a system whereby advance deposit wagering may take place or an organization licensee, with the consent of the horsemen association representing the largest number of owners, trainers, jockeys, or standardbred drivers who race horses at that organization licensee's racing meeting, may contract with another person to carry out a system of advance deposit wagering. Such consent may not be unreasonably withheld. All advance deposit wagers placed from within Illinois must be placed through a Board-approved advance deposit wagering licensee; no other entity may accept an advance deposit wager from a person within Illinois. All advance deposit wagering is subject to any rules adopted by the Board. The Board may adopt rules necessary to regulate advance deposit wagering through the use of emergency rulemaking in accordance with Section 5-45 of the Illinois Administrative Procedure Act. The General Assembly finds that the adoption of rules to regulate advance deposit wagering is deemed an emergency and necessary for the public interest, safety, and welfare. An advance deposit wagering licensee may retain all moneys as agreed to by contract with an organization licensee. Any moneys retained by the organization licensee from advance deposit wagering, not including moneys retained by the advance deposit wagering licensee, shall be paid 50% to the organization licensee's purse account and 50% to the organization licensee. If more than one breed races at the same race track facility, then the 50% of the moneys to be paid to an organization

licensee's purse account shall be allocated among all organization licensees' purse accounts operating at that race track facility proportionately based on the actual number of host days that the Board grants to that breed at that race track facility in the current calendar year. To the extent any fees from advance deposit wagering conducted in Illinois for wagers in Illinois or other states have been placed in escrow or otherwise withheld from wagers pending a determination of the legality of advance deposit wagering, no action shall be brought to declare such wagers or the disbursement of any fees previously escrowed illegal.

(1) Between the hours of 6:30 a.m. and 6:30 p.m. an intertrack wagering licensee other than the host track may supplement the host track simulcast program with additional simulcast races or race programs, provided that between January 1 and the third Friday in February of any year, inclusive, if no live thoroughbred racing is occurring in Illinois during this period, only thoroughbred races may be used for supplemental interstate simulcast purposes. The Board shall withhold approval for a supplemental interstate simulcast only if it finds that the simulcast is clearly adverse to the integrity of racing. A supplemental interstate simulcast may be transmitted from an intertrack wagering licensee to its affiliated non-host licensees. The interstate commission fee for a supplemental interstate simulcast shall be paid by the non-host licensee and its affiliated non-host licensees receiving the simulcast.

(2) Between the hours of 6:30 p.m. and 6:30 a.m. an intertrack wagering licensee other than the host track may receive supplemental interstate simulcasts only with the consent of the host track, except when the Board finds that the simulcast is clearly adverse to the integrity of racing. Consent granted under this paragraph (2) to any intertrack wagering licensee shall be deemed consent to all non-host licensees. The interstate commission fee for the supplemental interstate simulcast shall be paid by all participating non-host licensees.

(3) Each licensee conducting interstate simulcast wagering may retain, subject to the payment of all applicable taxes and the purses, an amount not to exceed 17% of all money wagered. If any licensee conducts the pari-mutuel system wagering on races conducted at racetracks in another state or country, each such race or race program shall be considered a separate racing day for the
purpose of determining the daily handle and computing the privilege tax of that daily handle as provided in subsection (a) of Section 27. Until January 1, 2000, from the sums permitted to be retained pursuant to this subsection, each intertrack wagering location licensee shall pay 1% of the pari-mutuel handle wagered on simulcast wagering to the Horse Racing Tax Allocation Fund, subject to the provisions of subparagraph (B) of paragraph (11) of subsection (h) of Section 26 of this Act.

(4) A licensee who receives an interstate simulcast may combine its gross or net pools with pools at the sending racetracks pursuant to rules established by the Board. All licensees combining their gross pools at a sending racetrack shall adopt the take-out percentages of the sending racetrack. A licensee may also establish a separate pool and takeout structure for wagering purposes on races conducted at racetracks outside of the State of Illinois. The licensee may permit pari-mutuel wagers placed in other states or countries to be combined with its gross or net wagering pools or other wagering pools.

(5) After the payment of the interstate commission fee (except for the interstate commission fee on a supplemental interstate simulcast, which shall be paid by the host track and by each non-host licensee through the host-track) and all applicable State and local taxes, except as provided in subsection (g) of Section 27 of this Act, the remainder of moneys retained from simulcast wagering pursuant to this subsection (g), and Section 26.2 shall be divided as follows:

(A) For interstate simulcast wagers made at a host track, 50% to the host track and 50% to purses at the host track.

(B) For wagers placed on interstate simulcast races, supplemental simulcasts as defined in subparagraphs (1) and (2), and separately pooled races conducted outside of the State of Illinois made at a non-host licensee, 25% to the host track, 25% to the non-host licensee, and 50% to the purses at the host track.

(6) Notwithstanding any provision in this Act to the contrary, non-host licensees who derive their licenses from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River may receive supplemental interstate

simulcast races at all times subject to Board approval, which shall be withheld only upon a finding that a supplemental interstate simulcast is clearly adverse to the integrity of racing.

(7) Notwithstanding any provision of this Act to the contrary, after payment of all applicable State and local taxes and interstate commission fees, non-host licensees who derive their licenses from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River shall retain 50% of the retention from interstate simulcast wagers and shall pay 50% to purses at the track from which the non-host licensee derives its license as follows:

(A) Between January 1 and the third Friday in February, inclusive, if no live thoroughbred racing is occurring in Illinois during this period, when the interstate simulcast is a standardbred race, the purse share to its standardbred purse account;

(B) Between January 1 and the third Friday in February, inclusive, if no live thoroughbred racing is occurring in Illinois during this period, and the interstate simulcast is a thoroughbred race, the purse share to its interstate simulcast purse pool to be distributed under paragraph (10) of this subsection (g);

(C) Between January 1 and the third Friday in February, inclusive, if live thoroughbred racing is occurring in Illinois, between 6:30 a.m. and 6:30 p.m. the purse share from wagers made during this time period to its thoroughbred purse account and between 6:30 p.m. and 6:30 a.m. the purse share from wagers made during this time period to its standardbred purse accounts;

(D) Between the third Saturday in February and December 31, when the interstate simulcast occurs between the hours of 6:30 a.m. and 6:30 p.m., the purse share to its thoroughbred purse account;

(E) Between the third Saturday in February and December 31, when the interstate simulcast occurs between the hours of 6:30 p.m. and 6:30 a.m., the purse share to its standardbred purse account.

located in Madison County during any calendar year beginning on or after January 1, 2002, all moneys derived by that racetrack from simulcast wagering and inter-track wagering that (1) are to be used for purses and (2) are generated between the hours of 6:30 p.m. and 6:30 a.m. during that calendar year shall be paid as follows:

(A) If the licensee that conducts horse racing at that racetrack requests from the Board at least as many racing dates as were conducted in calendar year 2000, 80% shall be paid to its thoroughbred purse account; and

(B) Twenty percent shall be deposited into the Illinois Colt Stakes Purse Distribution Fund and shall be paid to purses for standardbred races for Illinois conceived and foaled horses conducted at any county fairgrounds. The moneys deposited into the Fund pursuant to this subparagraph (B) shall be deposited within 2 weeks after the day they were generated, shall be in addition to and not in lieu of any other moneys paid to standardbred purses under this Act, and shall not be commingled with other moneys paid into that Fund. The moneys deposited pursuant to this subparagraph (B) shall be allocated as provided by the Department of Agriculture, with the advice and assistance of the Illinois Standardbred Breeders Fund Advisory Board.

(7.2) Notwithstanding any other provision of this Act to the contrary, if no thoroughbred racing is conducted at a racetrack located in Madison County during any calendar year beginning on or after January 1, 2002, all moneys derived by that racetrack from simulcast wagering and inter-track wagering that (1) are to be used for purses and (2) are generated between the hours of 6:30 a.m. and 6:30 p.m. during that calendar year shall be deposited as follows:

The moneys deposited into the Illinois Colt Stakes Purse Distribution Fund pursuant to this subparagraph (B) shall be deposited within 2 weeks after the day they were generated, shall be in addition to and not in lieu of any other moneys paid to thoroughbred purses under this Act, and shall not be commingled with other moneys deposited into that Fund.

(7.3) If no live standardbred racing is conducted at a racetrack located in Madison County in calendar year 2000 or 2001, an organization licensee who is licensed to conduct horse racing at that racetrack shall, before January 1, 2002, pay all moneys derived from simulcast wagering and inter-track wagering in calendar years 2000 and 2001 and paid into the licensee's standardbred purse account as follows:

(A) Eighty percent to that licensee's thoroughbred purse account to be used for thoroughbred purses; and
(B) Twenty percent to the Illinois Colt Stakes Purse Distribution Fund.

Failure to make the payment to the Illinois Colt Stakes Purse Distribution Fund before January 1, 2002 shall result in the immediate revocation of the licensee's organization license, inter-track wagering license, and inter-track wagering location license.

Moneys paid into the Illinois Colt Stakes Purse Distribution Fund pursuant to this paragraph (7.3) shall be paid to purses for standardbred races for Illinois conceived and foaled horses conducted at any county fairgrounds. Moneys paid into the Illinois Colt Stakes Purse Distribution Fund pursuant to this paragraph (7.3) shall be used as determined by the Department of Agriculture, with the advice and assistance of the Illinois Standardbred Breeders Fund Advisory Board, shall be in addition to and not in lieu of any other moneys paid to standardbred purses under this Act, and shall not be commingled with any other moneys paid into that Fund.

(7.4) If live standardbred racing is conducted at a racetrack located in Madison County at any time in calendar year 2001 before the payment required under paragraph (7.3) has been made,
the organization licensee who is licensed to conduct racing at that racetrack shall pay all moneys derived by that racetrack from simulcast wagering and inter-track wagering during calendar years 2000 and 2001 that (1) are to be used for purses and (2) are generated between the hours of 6:30 p.m. and 6:30 a.m. during 2000 or 2001 to the standardbred purse account at that racetrack to be used for standardbred purses.

(8) Notwithstanding any provision in this Act to the contrary, an organization licensee from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River and its affiliated non-host licensees shall not be entitled to share in any retention generated on racing, inter-track wagering, or simulcast wagering at any other Illinois wagering facility.

(8.1) Notwithstanding any provisions in this Act to the contrary, if 2 organization licensees are conducting standardbred race meetings concurrently between the hours of 6:30 p.m. and 6:30 a.m., after payment of all applicable State and local taxes and interstate commission fees, the remainder of the amount retained from simulcast wagering otherwise attributable to the host track and to host track purses shall be split daily between the 2 organization licensees and the purses at the tracks of the 2 organization licensees, respectively, based on each organization licensee's share of the total live handle for that day, provided that this provision shall not apply to any non-host licensee that derives its license from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River.

facility that has an annual total Illinois pari-mutuel handle on Illinois horse races that is less than 75% of the total Illinois pari-mutuel handle on Illinois horse races at such wagering facility for calendar year 1994, shall be permitted to receive, from any amount otherwise payable to the purse account at the race track with which the wagering facility is affiliated in the succeeding calendar year, an amount equal to 2% of the differential in total Illinois pari-mutuel handle on Illinois horse races at the wagering facility between that calendar year in question and 1994 provided, however, that a wagering facility shall not be entitled to any such payment until the Board certifies in writing to the wagering facility the amount to which the wagering facility is entitled and a schedule for payment of the amount to the wagering facility, based on: (i) the racing dates awarded to the race track affiliated with the wagering facility during the succeeding year; (ii) the sums available or anticipated to be available in the purse account of the race track affiliated with the wagering facility for purses during the succeeding year; and (iii) the need to ensure reasonable purse levels during the payment period. The Board's certification shall be provided no later than January 31 of the succeeding year. In the event a wagering facility entitled to a payment under this paragraph (13) is affiliated with a race track that maintains purse accounts for both standardbred and thoroughbred racing, the amount to be paid to the wagering facility shall be divided between each purse account pro rata, based on the amount of Illinois handle on Illinois standardbred and thoroughbred racing respectively at the wagering facility during the previous calendar year. Annually, the General Assembly shall appropriate sufficient funds from the General Revenue Fund to the Department of Agriculture for payment into the thoroughbred and standardbred horse racing purse accounts at Illinois pari-mutuel tracks. The amount paid to each purse account shall be the amount certified by the Illinois Racing Board in January to be transferred from each account to each eligible racing facility in accordance with the provisions of this Section.

(1) Any person licensed to conduct a race meeting (i) at a track where 60 or more days of racing were conducted during the immediately preceding calendar year or where over the 5 immediately preceding calendar years an average of 30 or more days of racing were conducted annually may be issued an inter-track wagering license; (ii) at a track located in a county that is bounded by the Mississippi River, which has a population of less than 150,000 according to the 1990 decennial census, and an average of at least 60 days of racing per year between 1985 and 1993 may be issued an inter-track wagering license; or (iii) at a track located in Madison County that conducted at least 100 days of live racing during the immediately preceding calendar year may be issued an inter-track wagering license, unless a lesser schedule of live racing is the result of (A) weather, unsafe track conditions, or other acts of God; (B) an agreement between the organization licensee and the associations representing the largest number of owners, trainers, jockeys, or standardbred drivers who race horses at that organization licensee's racing meeting; or (C) a finding by the Board of extraordinary circumstances and that it was in the best interest of the public and the sport to conduct fewer than 100 days of live racing. Any such person having operating control of the racing facility may also receive up to 6 inter-track wagering location licenses. In no event shall more than 6 inter-track wagering locations be established for each eligible race track, except that an eligible race track located in a county that has a population of more than 230,000 and that is bounded by the Mississippi River may establish up to 7 inter-track wagering locations. An application for said license shall be filed with the Board prior to such dates as may be fixed by the Board. With an application for an inter-track wagering location license there shall be delivered to the Board a certified check or bank draft payable to the order of the Board for an amount equal to $500. The application shall be on forms prescribed and furnished by the Board. The application shall comply with all other rules, regulations and conditions imposed by the Board in connection therewith.

(2) The Board shall examine the applications with respect to their conformity with this Act and the rules and regulations imposed by the Board. If found to be in compliance with the Act

and rules and regulations of the Board, the Board may then issue a license to conduct inter-track wagering and simulcast wagering to such applicant. All such applications shall be acted upon by the Board at a meeting to be held on such date as may be fixed by the Board.

(3) In granting licenses to conduct inter-track wagering and simulcast wagering, the Board shall give due consideration to the best interests of the public, of horse racing, and of maximizing revenue to the State.

(4) Prior to the issuance of a license to conduct inter-track wagering and simulcast wagering, the applicant shall file with the Board a bond payable to the State of Illinois in the sum of $50,000, executed by the applicant and a surety company or companies authorized to do business in this State, and conditioned upon (i) the payment by the licensee of all taxes due under Section 27 or 27.1 and any other monies due and payable under this Act, and (ii) distribution by the licensee, upon presentation of the winning ticket or tickets, of all sums payable to the patrons of pari-mutuel pools.

(5) Each license to conduct inter-track wagering and simulcast wagering shall specify the person to whom it is issued, the dates on which such wagering is permitted, and the track or location where the wagering is to be conducted.

(6) All wagering under such license is subject to this Act and to the rules and regulations from time to time prescribed by the Board, and every such license issued by the Board shall contain a recital to that effect.

(7) An inter-track wagering licensee or inter-track wagering location licensee may accept wagers at the track or location where it is licensed, or as otherwise provided under this Act.

(8) Inter-track wagering or simulcast wagering shall not be conducted at any track less than 5 miles from a track at which a racing meeting is in progress.

(8.1) Inter-track wagering location licensees who derive their licenses from a particular organization licensee shall conduct inter-track wagering and simulcast wagering only at locations which are either within 90 miles of that race track where the particular organization licensee is licensed to conduct racing, or within 135 miles of that race track where the particular organization licensee is licensed to conduct racing in the case of

race tracks in counties of less than 400,000 that were operating on or before June 1, 1986. However, inter-track wagering and simulcast wagering shall not be conducted by those licensees at any location within 5 miles of any race track at which a horse race meeting has been licensed in the current year, unless the person having operating control of such race track has given its written consent to such inter-track wagering location licensees, which consent must be filed with the Board at or prior to the time application is made.

(8.2) Inter-track wagering or simulcast wagering shall not be conducted by an inter-track wagering location licensee at any location within 500 feet of an existing church or existing school, nor within 500 feet of the residences of more than 50 registered voters without receiving written permission from a majority of the registered voters at such residences. Such written permission statements shall be filed with the Board. The distance of 500 feet shall be measured to the nearest part of any building used for worship services, education programs, residential purposes, or conducting inter-track wagering by an inter-track wagering location licensee, and not to property boundaries. However, inter-track wagering or simulcast wagering may be conducted at a site within 500 feet of a church, school or residences of 50 or more registered voters if such church, school or residences have been erected or established, or such voters have been registered, after the Board issues the original inter-track wagering location license at the site in question. Inter-track wagering location licensees may conduct inter-track wagering and simulcast wagering only in areas that are zoned for commercial or manufacturing purposes or in areas for which a special use has been approved by the local zoning authority. However, no license to conduct inter-track wagering and simulcast wagering shall be granted by the Board with respect to any inter-track wagering location within the jurisdiction of any local zoning authority which has, by ordinance or by resolution, prohibited the establishment of an inter-track wagering location within its jurisdiction. However, inter-track wagering and simulcast wagering may be conducted at a site if such ordinance or resolution is enacted after the Board licenses the original inter-track wagering location licensee for the site in question.

(10) An inter-track wagering licensee or an inter-track wagering location licensee may retain, subject to the payment of the privilege taxes and the purses, an amount not to exceed 17% of all money wagered. Each program of racing conducted by each inter-track wagering licensee or inter-track wagering location licensee shall be considered a separate racing day for the purpose of determining the daily handle and computing the privilege tax or pari-mutuel tax on such daily handle as provided in Section 27.

(10.1) Except as provided in subsection (g) of Section 27 of this Act, inter-track wagering location licensees shall pay 1% of the pari-mutuel handle at each location to the municipality in which such location is situated and 1% of the pari-mutuel handle at each location to the county in which such location is situated. In the event that an inter-track wagering location licensee is situated in an unincorporated area of a county, such licensee shall pay 2% of the pari-mutuel handle from such location to such county.

(10.2) Notwithstanding any other provision of this Act, with respect to intertrack wagering at a race track located in a county that has a population of more than 230,000 and that is bounded by the Mississippi River ("the first race track"), or at a facility operated by an inter-track wagering licensee or inter-track wagering location licensee that derives its license from the organization licensee that operates the first race track, on races conducted at the first race track or on races conducted at another Illinois race track and simultaneously televised to the first race track or to a facility operated by an inter-track wagering licensee or inter-track wagering location licensee that derives its license from the organization licensee that operates the first race track, those moneys shall be allocated as follows:

connection with the gathering, transmission, and dissemination of all data necessary to the conduct of inter-track wagering, the remainder of the monies retained under either Section 26 or Section 26.2 of this Act by the inter-track wagering licensee on inter-track wagering shall be allocated with 50% to be split between the 2 participating licensees and 50% to purses, except that an intertrack wagering licensee that derives its license from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River shall not divide any remaining retention with the Illinois organization licensee that provides the race or races, and an intertrack wagering licensee that accepts wagers on races conducted by an organization licensee that conducts a race meet in a county with a population in excess of 230,000 and that borders the Mississippi River shall not divide any remaining retention with that organization licensee.

(B) From the sums permitted to be retained pursuant to this Act each inter-track wagering location licensee shall pay (i) the privilege or pari-mutuel tax to the State; (ii) 4.75% of the pari-mutuel handle on intertrack wagering at such location on races as purses, except that an intertrack wagering location licensee that derives its license from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River shall retain all purse moneys for its own purse account consistent with distribution set forth in this subsection (h), and intertrack wagering location licensees that accept wagers on races conducted by an organization licensee located in a county with a population in excess of 230,000 and that borders the Mississippi River shall distribute all purse moneys to purses at the operating host track; (iii) until January 1, 2000, except as provided in subsection (g) of Section 27 of this Act, 1% of the pari-mutuel handle wagered on inter-track wagering and simulcast wagering at each inter-track wagering location licensee facility to the Horse Racing Tax Allocation Fund, provided that, to the extent the total amount collected and distributed to the Horse Racing Tax Allocation Fund under this subsection (h) during any calendar year exceeds the amount collected and distributed to the Horse Racing Tax Allocation Fund during calendar year 1994, that excess amount shall be redistributed (I) to all inter-track wagering location licensees, based on each licensee's pro-rata share of the total handle

This subparagraph (C) shall be inoperative and of no force and effect on and after January 1, 2000.

(D) Except as provided in paragraph (11) of this subsection (h), with respect to purse allocation from intertrack wagering, the monies so retained shall be divided as follows:

(i) If the inter-track wagering licensee, except an intertrack wagering licensee that derives its license from an organization licensee located in a county with a population in excess of 230,000 and bounded by the Mississippi River, is not conducting its own race meeting during the same dates, then the entire purse allocation shall be to purses at the track where the races wagered on are being conducted.

(ii) If the inter-track wagering licensee, except an intertrack wagering licensee that derives its license from an organization licensee located in a county with a population in excess of 230,000 and bounded by the Mississippi River, is also conducting its own race meeting during the same dates, then the purse allocation shall be as follows: 50% to purses at the track where the races wagered on are being conducted; 50% to purses at the track where the inter-track wagering licensee is accepting such wagers.

(12) The Board shall have all powers necessary and proper to fully supervise and control the conduct of inter-track wagering and simulcast wagering by inter-track wagering licensees and inter-track wagering location licensees, including, but not limited to the following:

(A) The Board is vested with power to promulgate reasonable rules and regulations for the purpose of administering the conduct of this wagering and to prescribe reasonable rules, regulations and conditions under which such wagering shall be held and conducted. Such rules and regulations are to provide for the prevention of practices detrimental to the public interest and for the best interests of said wagering and to impose penalties for violations thereof.

(B) The Board, and any person or persons to whom it delegates this power, is vested with the power to enter the facilities of any licensee to determine whether there has been compliance with the provisions of this Act and the rules and regulations relating to the conduct of such wagering.

(C) The Board, and any person or persons to whom it delegates this power, may eject or exclude from any licensee's facilities, any person whose conduct or reputation is such that his presence on such premises may, in the opinion of the Board, call into the question the honesty and integrity of, or interfere with the orderly conduct of such wagering; provided, however, that no person shall be excluded or ejected from such premises solely on the grounds of race, color, creed, national origin, ancestry, or sex.

(F) The Board shall name and appoint a State director of this wagering who shall be a representative of the Board and whose duty it shall be to supervise the conduct of inter-track wagering as may be provided for by the rules and regulations of the Board; such rules and regulation shall specify the method of appointment and the Director's powers, authority and duties.

(G) The Board is vested with the power to impose civil penalties of up to $5,000 against individuals and up to $10,000 against licensees for each violation of any provision of this Act relating to the conduct of this wagering, any rules adopted by the Board, any order of the Board or any other action which in the Board's discretion, is a detriment or impediment to such wagering.

(13) The Department of Agriculture may enter into agreements with licensees authorizing such licensees to conduct inter-track wagering on races to be held at the licensed race meetings conducted by the Department of Agriculture. Such agreement shall specify the races of the Department of Agriculture's licensed race meeting upon which the licensees will conduct wagering. In the event that a licensee conducts inter-track pari-mutuel wagering on races from the Illinois State Fair or DuQuoin State Fair which are in addition to the licensee's previously approved racing program, those races shall be considered a separate racing day for the purpose of determining the daily handle and computing the privilege or pari-mutuel tax on that daily handle as provided in Sections 27 and 27.1. Such agreements shall be approved by the Board before such wagering may be conducted. In determining whether to grant approval, the Board shall give due consideration to the best interests of the public and of horse racing. The provisions of paragraphs (1), (8), (8.1), and (8.2) of subsection (h) of this Section which are not specified in this paragraph (13) shall not apply to licensed race meetings conducted by the Department of Agriculture at the Illinois State Fair in Sangamon County or the DuQuoin State Fair in Perry County, or to any wagering conducted on those race meetings.

(230 ILCS 5/27) (from Ch. 8, par. 37-27)
Sec. 27. (a) In addition to the organization license fee provided by
this Act, until January 1, 2000, a graduated privilege tax is hereby imposed
for conducting the pari-mutuel system of wagering permitted under this
Act. Until January 1, 2000, except as provided in subsection (g) of Section
27 of this Act, all of the breakage of each racing day held by any licensee
in the State shall be paid to the State. Until January 1, 2000, such daily
graduated privilege tax shall be paid by the licensee from the amount
permitted to be retained under this Act. Until January 1, 2000, each day's
graduated privilege tax, breakage, and Horse Racing Tax Allocation funds
shall be remitted to the Department of Revenue within 48 hours after the
close of the racing day upon which it is assessed or within such other time
as the Board prescribes. The privilege tax hereby imposed, until January 1,
2000, shall be a flat tax at the rate of 2% of the daily pari-mutuel handle
except as provided in Section 27.1.

In addition, every organization licensee, except as provided in
Section 27.1 of this Act, which conducts multiple wagering shall pay, until
January 1, 2000, as a privilege tax on multiple wagers an amount equal to
1.25% of all moneys wagered each day on such multiple wagers, plus an
additional amount equal to 3.5% of the amount wagered each day on any
other multiple wager which involves a single betting interest on 3 or more
horses. The licensee shall remit the amount of such taxes to the
Department of Revenue within 48 hours after the close of the racing day
on which it is assessed or within such other time as the Board prescribes.

This subsection (a) shall be inoperative and of no force and effect
on and after January 1, 2000.

(a-5) Beginning on January 1, 2000, a flat pari-mutuel tax at the
rate of 1.5% of the daily pari-mutuel handle is imposed at all pari-mutuel
wagering facilities and on advance deposit wagering from a location other
than a wagering facility, except as otherwise provided for in this
subsection (a-5). In addition to the pari-mutuel tax imposed on advance
deposit wagering pursuant to this subsection (a-5), an additional pari-
mutuel tax at the rate of 0.25% shall be imposed on advance deposit
wagering, the amount of which shall not exceed $250,000 in each
calendar year. The additional 0.25% pari-mutuel tax imposed on advance

deposit wagering by this amendatory Act of the 96th General Assembly shall be deposited into the Quarter Horse Purse Fund, which shall be created as a non-appropriated trust fund administered by the Board for grants to thoroughbred organization licensees for payment of purses for quarter horse races conducted by the organization licensee. Thoroughbred organization licensees may petition the Board to conduct quarter horse racing and receive purse grants from the Quarter Horse Purse Fund. The Board shall have complete discretion in distributing the Quarter Horse Purse Fund to the petitioning organization licensees. Beginning on the effective date of this amendatory Act of the 94th General Assembly and until moneys deposited pursuant to Section 54 are distributed and received, a pari-mutuel tax at the rate of 0.25% of the daily pari-mutuel handle is imposed at a pari-mutuel facility whose license is derived from a track located in a county that borders the Mississippi River and conducted live racing in the previous year. After moneys deposited pursuant to Section 54 are distributed and received, a pari-mutuel tax at the rate of 1.5% of the daily pari-mutuel handle is imposed at a pari-mutuel facility whose license is derived from a track located in a county that borders the Mississippi River and conducted live racing in the previous year. The pari-mutuel tax imposed by this subsection (a-5) shall be remitted to the Department of Revenue within 48 hours after the close of the racing day upon which it is assessed or within such other time as the Board prescribes.

(b) On or before December 31, 1999, in the event that any organization licensee conducts 2 separate programs of races on any day, each such program shall be considered a separate racing day for purposes of determining the daily handle and computing the privilege tax on such daily handle as provided in subsection (a) of this Section.

(c) Licensees shall at all times keep accurate books and records of all monies wagered on each day of a race meeting and of the taxes paid to the Department of Revenue under the provisions of this Section. The Board or its duly authorized representative or representatives shall at all reasonable times have access to such records for the purpose of examining and checking the same and ascertaining whether the proper amount of taxes is being paid as provided. The Board shall require verified reports and a statement of the total of all monies wagered daily at each wagering facility upon which the taxes are assessed and may prescribe forms upon which such reports and statement shall be made.
(d) Any licensee failing or refusing to pay the amount of any tax due under this Section shall be guilty of a business offense and upon conviction shall be fined not more than $5,000 in addition to the amount found due as tax under this Section. Each day's violation shall constitute a separate offense. All fines paid into Court by a licensee hereunder shall be transmitted and paid over by the Clerk of the Court to the Board.

(e) No other license fee, privilege tax, excise tax, or racing fee, except as provided in this Act, shall be assessed or collected from any such licensee by the State.

(f) No other license fee, privilege tax, excise tax or racing fee shall be assessed or collected from any such licensee by units of local government except as provided in paragraph 10.1 of subsection (h) and subsection (f) of Section 26 of this Act. However, any municipality that has a Board licensed horse race meeting at a race track wholly within its corporate boundaries or a township that has a Board licensed horse race meeting at a race track wholly within the unincorporated area of the township may charge a local amusement tax not to exceed 10¢ per admission to such horse race meeting by the enactment of an ordinance. However, any municipality or county that has a Board licensed inter-track wagering location facility wholly within its corporate boundaries may each impose an admission fee not to exceed $1.00 per admission to such inter-track wagering location facility, so that a total of not more than $2.00 per admission may be imposed. Except as provided in subparagraph (g) of Section 27 of this Act, the inter-track wagering location licensee shall collect any and all such fees and within 48 hours remit the fees to the Board, which shall, pursuant to rule, cause the fees to be distributed to the county or municipality.

(g) Notwithstanding any provision in this Act to the contrary, if in any calendar year the total taxes and fees required to be collected from licensees and distributed under this Act to all State and local governmental authorities exceeds the amount of such taxes and fees distributed to each State and local governmental authority to which each State and local governmental authority was entitled under this Act for calendar year 1994, then the first $11 million of that excess amount shall be allocated at the earliest possible date for distribution as purse money for the succeeding calendar year. Upon reaching the 1994 level, and until the excess amount of taxes and fees exceeds $11 million, the Board shall direct all licensees to cease paying the subject taxes and fees and the Board shall direct all licensees to allocate any such excess amount for purses as follows:

New matter indicated by italics - deletions by strikeout.
(i) the excess amount shall be initially divided between thoroughbred and standardbred purses based on the thoroughbred's and standardbred's respective percentages of total Illinois live wagering in calendar year 1994;

(ii) each thoroughbred and standardbred organization licensee issued an organization licensee in that succeeding allocation year shall be allocated an amount equal to the product of its percentage of total Illinois live thoroughbred or standardbred wagering in calendar year 1994 (the total to be determined based on the sum of 1994 on-track wagering for all organization licensees issued organization licenses in both the allocation year and the preceding year) multiplied by the total amount allocated for standardbred or thoroughbred purses, provided that the first $1,500,000 of the amount allocated to standardbred purses under item (i) shall be allocated to the Department of Agriculture to be expended with the assistance and advice of the Illinois Standardbred Breeders Funds Advisory Board for the purposes listed in subsection (g) of Section 31 of this Act, before the amount allocated to standardbred purses under item (i) is allocated to standardbred organization licensees in the succeeding allocation year.

To the extent the excess amount of taxes and fees to be collected and distributed to State and local governmental authorities exceeds $11 million, that excess amount shall be collected and distributed to State and local authorities as provided for under this Act.

Section 5. The Illinois Income Tax Act is amended by changing Section 304 as follows:

(35 ILCS 5/304) (from Ch. 120, par. 3-304)
Sec. 304. Business income of persons other than residents.

(a) In general. The business income of a person other than a resident shall be allocated to this State if such person's business income is derived solely from this State. If a person other than a resident derives business income from this State and one or more other states, then, for tax years ending on or before December 30, 1998, and except as otherwise provided by this Section, such person's business income shall be apportioned to this State by multiplying the income by a fraction, the numerator of which is the sum of the property factor (if any), the payroll factor (if any) and 200% of the sales factor (if any), and the denominator of which is 4 reduced by the number of factors other than the sales factor which have a denominator of zero and by an additional 2 if the sales factor has a denominator of zero. For tax years ending on or after December 31, 1998, and except as otherwise provided by this Section, persons other than residents who derive business income from this State and one or more other states shall compute their apportionment factor by weighting their property, payroll, and sales factors as provided in subsection (h) of this Section.

(1) Property factor.

(A) The property factor is a fraction, the numerator of which is the average value of the person's real and tangible personal property owned or rented and used in the trade or business in this State during the taxable year and the denominator of which is the average value of all the person's real and tangible personal property owned or rented and used in the trade or business during the taxable year.

(B) Property owned by the person is valued at its original cost. Property rented by the person is valued at 8 times the net annual rental rate. Net annual rental rate is the annual rental rate paid by the person less any annual rental rate received by the person from sub-rents.

(C) The average value of property shall be determined by averaging the values at the beginning and ending of the taxable year but the Director may require the averaging of monthly values during the taxable year if reasonably required to reflect properly the average value of the person's property.
(2) Payroll factor.
   (A) The payroll factor is a fraction, the numerator of which is the total amount paid in this State during the taxable year by the person for compensation, and the denominator of which is the total compensation paid everywhere during the taxable year.
   (B) Compensation is paid in this State if:
      (i) The individual's service is performed entirely within this State;
      (ii) The individual's service is performed both within and without this State, but the service performed without this State is incidental to the individual's service performed within this State; or
      (iii) Some of the service is performed within this State and either the base of operations, or if there is no base of operations, the place from which the service is directed or controlled is within this State, or the base of operations or the place from which the service is directed or controlled is not in any state in which some part of the service is performed, but the individual's residence is in this State.
      (iv) Compensation paid to nonresident professional athletes.
         (a) General. The Illinois source income of a nonresident individual who is a member of a professional athletic team includes the portion of the individual's total compensation for services performed as a member of a professional athletic team during the taxable year which the number of duty days spent within this State performing services for the team in any manner during the taxable year bears to the total number of duty days spent both within and without this State during the taxable year.
         (b) Travel days. Travel days that do not involve either a game, practice, team meeting, or other similar team event are not considered duty days spent in this State. However, such travel days are considered in the total duty days spent both within and without this State.
         (c) Definitions. For purposes of this subpart (iv):
            (1) The term "professional athletic team" includes, but is not limited to, any professional

New matter indicated by italics - deletions by strikeout.
baseball, basketball, football, soccer, or hockey team.

(2) The term "member of a professional athletic team" includes those employees who are active players, players on the disabled list, and any other persons required to travel and who travel with and perform services on behalf of a professional athletic team on a regular basis. This includes, but is not limited to, coaches, managers, and trainers.

(3) Except as provided in items (C) and (D) of this subpart (3), the term "duty days" means all days during the taxable year from the beginning of the professional athletic team's official pre-season training period through the last game in which the team competes or is scheduled to compete. Duty days shall be counted for the year in which they occur, including where a team's official pre-season training period through the last game in which the team competes or is scheduled to compete, occurs during more than one tax year.

(A) Duty days shall also include days on which a member of a professional athletic team performs service for a team on a date that does not fall within the foregoing period (e.g., participation in instructional leagues, the "All Star Game", or promotional "caravans"). Performing a service for a professional athletic team includes conducting training and rehabilitation activities, when such activities are conducted at team facilities.

(B) Also included in duty days are game days, practice days, days spent at team meetings, promotional caravans, preseason training camps, and days served with the team through all post-season games in which the team competes or is scheduled to compete.
(C) Duty days for any person who joins a team during the period from the beginning of the professional athletic team's official pre-season training period through the last game in which the team competes, or is scheduled to compete, shall begin on the day that person joins the team. Conversely, duty days for any person who leaves a team during this period shall end on the day that person leaves the team. Where a person switches teams during a taxable year, a separate duty-day calculation shall be made for the period the person was with each team.

(D) Days for which a member of a professional athletic team is not compensated and is not performing services for the team in any manner, including days when such member of a professional athletic team has been suspended without pay and prohibited from performing any services for the team, shall not be treated as duty days.

(E) Days for which a member of a professional athletic team is on the disabled list and does not conduct rehabilitation activities at facilities of the team, and is not otherwise performing services for the team in Illinois, shall not be considered duty days spent in this State. All days on the disabled list, however, are considered to be included in total duty days spent both within and without this State.

(4) The term "total compensation for services performed as a member of a professional athletic team" means the total compensation received during the taxable year for services performed:

(A) from the beginning of the official pre-season training period through the last
game in which the team competes or is scheduled to compete during that taxable year; and

(B) during the taxable year on a date which does not fall within the foregoing period (e.g., participation in instructional leagues, the "All Star Game", or promotional caravans).

This compensation shall include, but is not limited to, salaries, wages, bonuses as described in this subpart, and any other type of compensation paid during the taxable year to a member of a professional athletic team for services performed in that year. This compensation does not include strike benefits, severance pay, termination pay, contract or option year buy-out payments, expansion or relocation payments, or any other payments not related to services performed for the team.

For purposes of this subparagraph, "bonuses" included in "total compensation for services performed as a member of a professional athletic team" subject to the allocation described in Section 302(c)(1) are: bonuses earned as a result of play (i.e., performance bonuses) during the season, including bonuses paid for championship, playoff or "bowl" games played by a team, or for selection to all-star league or other honorary positions; and bonuses paid for signing a contract, unless the payment of the signing bonus is not conditional upon the signee playing any games for the team or performing any subsequent services for the team or even making the team, the signing bonus is payable separately from the salary and any other compensation, and the signing bonus is nonrefundable.

(3) Sales factor.

(A) The sales factor is a fraction, the numerator of which is the total sales of the person in this State during the taxable year,
and the denominator of which is the total sales of the person everywhere during the taxable year.

(B) Sales of tangible personal property are in this State if:

   (i) The property is delivered or shipped to a purchaser, other than the United States government, within this State regardless of the f. o. b. point or other conditions of the sale; or

   (ii) The property is shipped from an office, store, warehouse, factory or other place of storage in this State and either the purchaser is the United States government or the person is not taxable in the state of the purchaser; provided, however, that premises owned or leased by a person who has independently contracted with the seller for the printing of newspapers, periodicals or books shall not be deemed to be an office, store, warehouse, factory or other place of storage for purposes of this Section. Sales of tangible personal property are not in this State if the seller and purchaser would be members of the same unitary business group but for the fact that either the seller or purchaser is a person with 80% or more of total business activity outside of the United States and the property is purchased for resale.

(B-1) Patents, copyrights, trademarks, and similar items of intangible personal property.

   (i) Gross receipts from the licensing, sale, or other disposition of a patent, copyright, trademark, or similar item of intangible personal property, other than gross receipts governed by paragraph (B-7) of this item (3), are in this State to the extent the item is utilized in this State during the year the gross receipts are included in gross income.

   (ii) Place of utilization.

      (I) A patent is utilized in a state to the extent that it is employed in production, fabrication, manufacturing, or other processing in the state or to the extent that a patented product is produced in the state. If a patent is utilized in more than one state, the extent to which it is utilized in any one state shall be a fraction equal to the gross receipts of the
licensee or purchaser from sales or leases of items produced, fabricated, manufactured, or processed within that state using the patent and of patented items produced within that state, divided by the total of such gross receipts for all states in which the patent is utilized.

(II) A copyright is utilized in a state to the extent that printing or other publication originates in the state. If a copyright is utilized in more than one state, the extent to which it is utilized in any one state shall be a fraction equal to the gross receipts from sales or licenses of materials printed or published in that state divided by the total of such gross receipts for all states in which the copyright is utilized.

(III) Trademarks and other items of intangible personal property governed by this paragraph (B-1) are utilized in the state in which the commercial domicile of the licensee or purchaser is located.

(iii) If the state of utilization of an item of property governed by this paragraph (B-1) cannot be determined from the taxpayer's books and records or from the books and records of any person related to the taxpayer within the meaning of Section 267(b) of the Internal Revenue Code, 26 U.S.C. 267, the gross receipts attributable to that item shall be excluded from both the numerator and the denominator of the sales factor.

(B-2) Gross receipts from the license, sale, or other disposition of patents, copyrights, trademarks, and similar items of intangible personal property, other than gross receipts governed by paragraph (B-7) of this item (3), may be included in the numerator or denominator of the sales factor only if gross receipts from licenses, sales, or other disposition of such items comprise more than 50% of the taxpayer's total gross receipts included in gross income during the tax year and during each of the 2 immediately preceding tax years; provided that, when a taxpayer is a member of a unitary business group, such determination shall be made on the basis of the gross receipts of the entire unitary business group.

(i) For purposes of this subparagraph (B-5), the follow terms have the following meanings:

outside of this State, which segments are separately charged.

(d) The receipts from charges for service segments with a channel termination point located in this State and in two or more other states, and which segments are not separately billed, are in this State based on a percentage determined by dividing the number of customer channel termination points in this State by the total number of customer channel termination points.

resale shall be sourced to this State using the apportionment concepts used for non-resale receipts of telecommunications services if the information is readily available to make that determination. If the information is not readily available, then the taxpayer may use any other reasonable and consistent method.

(B-7) For taxable years ending on or after December 31, 2008, receipts from the sale of broadcasting services are in this State if the broadcasting services are received in this State. For purposes of this paragraph (B-7), the following terms have the following meanings:

"Advertising revenue" means consideration received by the taxpayer in exchange for broadcasting services or allowing the broadcasting of commercials or announcements in connection with the broadcasting of film or radio programming, from sponsorships of the programming, or from product placements in the programming.

"Audience factor" means the ratio that the audience or subscribers located in this State of a station, a network, or a cable system bears to the total audience or total subscribers for that station, network, or cable system. The audience factor for film or radio programming shall be determined by reference to the books and records of the taxpayer or by reference to published rating statistics provided the method used by the taxpayer is consistently used from year to year for this purpose and fairly represents the taxpayer's activity in this State.

"Broadcast" or "broadcasting" or "broadcasting services" means the transmission or provision of film or radio programming, whether through the public airwaves, by cable, by direct or indirect satellite transmission, or by any other means of communication, either through a station, a network, or a cable system.

"Film" or "film programming" means the broadcast on television of any and all performances, events, or productions, including but not limited to news, sporting events, plays, stories, or other literary, commercial,
educational, or artistic works, either live or through the use of video tape, disc, or any other type of format or medium. Each episode of a series of films produced for television shall constitute separate "film" notwithstanding that the series relates to the same principal subject and is produced during one or more tax periods.

"Radio" or "radio programming" means the broadcast on radio of any and all performances, events, or productions, including but not limited to news, sporting events, plays, stories, or other literary, commercial, educational, or artistic works, either live or through the use of an audio tape, disc, or any other format or medium. Each episode in a series of radio programming produced for radio broadcast shall constitute a separate "radio programming" notwithstanding that the series relates to the same principal subject and is produced during one or more tax periods.

(i) In the case of advertising revenue from broadcasting, the customer is the advertiser and the service is received in this State if the commercial domicile of the advertiser is in this State.

(ii) In the case where film or radio programming is broadcast by a station, a network, or a cable system for a fee or other remuneration received from the recipient of the broadcast, the portion of the service that is received in this State is measured by the portion of the recipients of the broadcast located in this State. Accordingly, the fee or other remuneration for such service that is included in the Illinois numerator of the sales factor is the total of those fees or other remuneration received from recipients in Illinois. For purposes of this paragraph, a taxpayer may determine the location of the recipients of its broadcast using the address of the recipient shown in its contracts with the recipient or using the billing address of the recipient in the taxpayer’s records.

(iii) In the case where film or radio programming is broadcast by a station, a network,

or a cable system for a fee or other remuneration from the person providing the programming, the portion of the broadcast service that is received by such station, network, or cable system in this State is measured by the portion of recipients of the broadcast located in this State. Accordingly, the amount of revenue related to such an arrangement that is included in the Illinois numerator of the sales factor is the total fee or other total remuneration from the person providing the programming related to that broadcast multiplied by the Illinois audience factor for that broadcast.

(iv) In the case where film or radio programming is provided by a taxpayer that is a network or station to a customer for broadcast in exchange for a fee or other remuneration from that customer the broadcasting service is received at the location of the office of the customer from which the services were ordered in the regular course of the customer's trade or business. Accordingly, in such a case the revenue derived by the taxpayer that is included in the taxpayer's Illinois numerator of the sales factor is the revenue from such customers who receive the broadcasting service in Illinois.

(v) In the case where film or radio programming is provided by a taxpayer that is not a network or station to another person for broadcasting in exchange for a fee or other remuneration from that person, the broadcasting service is received at the location of the office of the customer from which the services were ordered in the regular course of the customer's trade or business. Accordingly, in such a case the revenue derived by the taxpayer that is included in the taxpayer's Illinois numerator of the sales factor is the revenue from such customers who receive the broadcasting service in Illinois.
(C) For taxable years ending before December 31, 2008, sales, other than sales governed by paragraphs (B), (B-1), and (B-2), are in this State if:

   (i) The income-producing activity is performed in this State; or

   (ii) The income-producing activity is performed both within and without this State and a greater proportion of the income-producing activity is performed within this State than without this State, based on performance costs.

(C-5) For taxable years ending on or after December 31, 2008, sales, other than sales governed by paragraphs (B), (B-1), (B-2), and (B-5), and (B-7), are in this State if any of the following criteria are met:

   (i) Sales from the sale or lease of real property are in this State if the property is located in this State.

   (ii) Sales from the lease or rental of tangible personal property are in this State if the property is located in this State during the rental period. Sales from the lease or rental of tangible personal property that is characteristically moving property, including, but not limited to, motor vehicles, rolling stock, aircraft, vessels, or mobile equipment are in this State to the extent that the property is used in this State.

   (iii) In the case of interest, net gains (but not less than zero) and other items of income from intangible personal property, the sale is in this State if:

      (a) in the case of a taxpayer who is a dealer in the item of intangible personal property within the meaning of Section 475 of the Internal Revenue Code, the income or gain is received from a customer in this State. For purposes of this subparagraph, a customer is in this State if the customer is an individual, trust or estate who is a resident of this State and, for all other customers, if

the customer's commercial domicile is in this State. Unless the dealer has actual knowledge of the residence or commercial domicile of a customer during a taxable year, the customer shall be deemed to be a customer in this State if the billing address of the customer, as shown in the records of the dealer, is in this State; or

(b) in all other cases, if the income-producing activity of the taxpayer is performed in this State or, if the income-producing activity of the taxpayer is performed both within and without this State, if a greater proportion of the income-producing activity of the taxpayer is performed within this State than in any other state, based on performance costs.

(iv) Sales of services are in this State if the services are received in this State. For the purposes of this section, gross receipts from the performance of services provided to a corporation, partnership, or trust may only be attributed to a state where that corporation, partnership, or trust has a fixed place of business. If the state where the services are received is not readily determinable or is a state where the corporation, partnership, or trust receiving the service does not have a fixed place of business, the services shall be deemed to be received at the location of the office of the customer from which the services were ordered in the regular course of the customer's trade or business. If the ordering office cannot be determined, the services shall be deemed to be received at the office of the customer to which the services are billed. If the taxpayer is not taxable in the state in which the services are received, the sale must be excluded from both the numerator and the denominator of the sales factor. The Department shall adopt rules prescribing where specific types of service are received, including, but

not limited to, broadcast, cable, advertising, publishing, and utility service.

(D) For taxable years ending on or after December 31, 1995, the following items of income shall not be included in the numerator or denominator of the sales factor: dividends; amounts included under Section 78 of the Internal Revenue Code; and Subpart F income as defined in Section 952 of the Internal Revenue Code. No inference shall be drawn from the enactment of this paragraph (D) in construing this Section for taxable years ending before December 31, 1995.

(E) Paragraphs (B-1) and (B-2) shall apply to tax years ending on or after December 31, 1999, provided that a taxpayer may elect to apply the provisions of these paragraphs to prior tax years. Such election shall be made in the form and manner prescribed by the Department, shall be irrevocable, and shall apply to all tax years; provided that, if a taxpayer's Illinois income tax liability for any tax year, as assessed under Section 903 prior to January 1, 1999, was computed in a manner contrary to the provisions of paragraphs (B-1) or (B-2), no refund shall be payable to the taxpayer for that tax year to the extent such refund is the result of applying the provisions of paragraph (B-1) or (B-2) retroactively. In the case of a unitary business group, such election shall apply to all members of such group for every tax year such group is in existence, but shall not apply to any taxpayer for any period during which that taxpayer is not a member of such group.

(b) Insurance companies.

(1) In general. Except as otherwise provided by paragraph (2), business income of an insurance company for a taxable year shall be apportioned to this State by multiplying such income by a fraction, the numerator of which is the direct premiums written for insurance upon property or risk in this State, and the denominator of which is the direct premiums written for insurance upon property or risk everywhere. For purposes of this subsection, the term "direct premiums written" means the total amount of direct premiums written, assessments and annuity considerations as reported for the taxable year on the annual statement filed by the company with the Illinois Director of Insurance in the form approved by the National Convention of Insurance Commissioners or such other form as may be prescribed in lieu thereof.

New matter indicated by italics - deletions by strikeout.
(2) Reinsurance. If the principal source of premiums written by an insurance company consists of premiums for reinsurance accepted by it, the business income of such company shall be apportioned to this State by multiplying such income by a fraction, the numerator of which is the sum of (i) direct premiums written for insurance upon property or risk in this State, plus (ii) premiums written for reinsurance accepted in respect of property or risk in this State, and the denominator of which is the sum of (iii) direct premiums written for insurance upon property or risk everywhere, plus (iv) premiums written for reinsurance accepted in respect of property or risk everywhere. For taxable years ending before December 31, 2008, for purposes of this paragraph, premiums written for reinsurance accepted in respect of property or risk in this State, whether or not otherwise determinable, may, at the election of the company, be determined on the basis of the proportion which premiums written for reinsurance accepted from companies commercially domiciled in Illinois bears to premiums written for reinsurance accepted from all sources, or, alternatively, in the proportion which the sum of the direct premiums written for insurance upon property or risk in this State by each ceding company from which reinsurance is accepted bears to the sum of the total direct premiums written by each such ceding company for the taxable year.

(c) Financial organizations.

(1) In general. For taxable years ending before December 31, 2008, business income of a financial organization shall be apportioned to this State by multiplying such income by a fraction, the numerator of which is its business income from sources within this State, and the denominator of which is its business income from all sources. For the purposes of this subsection, the business income of a financial organization from sources within this State is the sum of the amounts referred to in subparagraphs (A) through (E) following, but excluding the adjusted income of an international banking facility as determined in paragraph (2):

(A) Fees, commissions or other compensation for financial services rendered within this State;

(B) Gross profits from trading in stocks, bonds or other securities managed within this State;

(C) Dividends, and interest from Illinois customers, which are received within this State;

(D) Interest charged to customers at places of business maintained within this State for carrying debit balances of margin accounts, without deduction of any costs incurred in carrying such accounts; and

(E) Any other gross income resulting from the operation as a financial organization within this State. In computing the amounts referred to in paragraphs (A) through (E) of this subsection, any amount received by a member of an affiliated group (determined under Section 1504(a) of the Internal Revenue Code but without reference to whether any such corporation is an "includible corporation" under Section 1504(b) of the Internal Revenue Code) from another member of such group shall be included only to the extent such amount exceeds expenses of the recipient directly related thereto.

(2) International Banking Facility. For taxable years ending before December 31, 2008:

(A) Adjusted Income. The adjusted income of an international banking facility is its income reduced by the amount of the floor amount.

(B) Floor Amount. The floor amount shall be the amount, if any, determined by multiplying the income of the international banking facility by a fraction, not greater than one, which is determined as follows:

(i) The numerator shall be:

The average aggregate, determined on a quarterly basis, of the financial organization's loans to banks in foreign countries, to foreign domiciled borrowers (except where secured primarily by real estate) and to foreign governments and other foreign official institutions, as reported for its branches, agencies and offices within the state on its "Consolidated Report of Condition", Schedule A, Lines 2.c., 5.b., and 7.a., which was filed with the Federal Deposit Insurance Corporation and other regulatory authorities, for the year 1980, minus

The average aggregate, determined on a quarterly basis, of such loans (other than loans of an international banking facility), as reported by the financial institution for its branches, agencies and offices within the state, on the corresponding Schedule and lines of the Consolidated Report of Condition for the current taxable year, provided, however, that in no case shall the amount determined in this clause (the subtrahend) exceed the amount determined in the preceding clause (the minuend); and

(ii) the denominator shall be the average aggregate, determined on a quarterly basis, of the international banking facility's loans to banks in foreign countries, to foreign domiciled borrowers (except where secured primarily by real estate) and to foreign governments and other foreign official institutions, which were recorded in its financial accounts for the current taxable year.

(C) Change to Consolidated Report of Condition and in Qualification. In the event the Consolidated Report of Condition which is filed with the Federal Deposit Insurance Corporation and other regulatory authorities is altered so that the information required for determining the floor amount is not found on Schedule A, lines 2.c., 5.b. and 7.a., the financial institution shall notify the Department and the Department may, by regulations or otherwise, prescribe or authorize the use of an alternative source for such information. The financial institution shall also notify the Department should its international banking facility fail to qualify as such, in whole or in part, or should there be any amendment or change to the Consolidated Report of Condition, as originally filed, to the extent such amendment or change alters the information used in determining the floor amount.

(3) For taxable years ending on or after December 31, 2008, the business income of a financial organization shall be apportioned to this State by multiplying such income by a fraction, the numerator of which is its gross receipts from sources in this State.
State or otherwise attributable to this State's marketplace and the denominator of which is its gross receipts everywhere during the taxable year. "Gross receipts" for purposes of this subparagraph (3) means gross income, including net taxable gain on disposition of assets, including securities and money market instruments, when derived from transactions and activities in the regular course of the financial organization's trade or business. The following examples are illustrative:

(i) Receipts from the lease or rental of real or tangible personal property are in this State if the property is located in this State during the rental period. Receipts from the lease or rental of tangible personal property that is characteristically moving property, including, but not limited to, motor vehicles, rolling stock, aircraft, vessels, or mobile equipment are from sources in this State to the extent that the property is used in this State.

(ii) Interest income, commissions, fees, gains on disposition, and other receipts from assets in the nature of loans that are secured primarily by real estate or tangible personal property are from sources in this State if the security is located in this State.

(iii) Interest income, commissions, fees, gains on disposition, and other receipts from consumer loans that are not secured by real or tangible personal property are from sources in this State if the debtor is a resident of this State.

(iv) Interest income, commissions, fees, gains on disposition, and other receipts from commercial loans and installment obligations that are not secured by real or tangible personal property are from sources in this State if the proceeds of the loan are to be applied in this State. If it cannot be determined where the funds are to be applied, the income and receipts are from sources in this State if the office of the borrower from which the loan was negotiated in the regular course of business is located in this State. If the location of this office cannot be determined, the income and receipts shall be excluded from the numerator and denominator of the sales factor.

(v) Interest income, fees, gains on disposition, service charges, merchant discount income, and other

receipts from credit card receivables are from sources in this State if the card charges are regularly billed to a customer in this State.

(vi) Receipts from the performance of services, including, but not limited to, fiduciary, advisory, and brokerage services, are in this State if the services are received in this State within the meaning of subparagraph (a)(3)(C-5)(iv) of this Section.

(vii) Receipts from the issuance of travelers checks and money orders are from sources in this State if the checks and money orders are issued from a location within this State.

(viii) Receipts from investment assets and activities and trading assets and activities are included in the receipts factor as follows:

1) Interest, dividends, net gains (but not less than zero) and other income from investment assets and activities from trading assets and activities shall be included in the receipts factor. Investment assets and activities and trading assets and activities include but are not limited to: investment securities; trading account assets; federal funds; securities purchased and sold under agreements to resell or repurchase; options; futures contracts; forward contracts; notional principal contracts such as swaps; equities; and foreign currency transactions. With respect to the investment and trading assets and activities described in subparagraphs (A) and (B) of this paragraph, the receipts factor shall include the amounts described in such subparagraphs.

(A) The receipts factor shall include the amount by which interest from federal funds sold and securities purchased under resale agreements exceeds interest expense on federal funds purchased and securities sold under repurchase agreements.

(B) The receipts factor shall include the amount by which interest, dividends,
gains and other income from trading assets and activities, including but not limited to assets and activities in the matched book, in the arbitrage book, and foreign currency transactions, exceed amounts paid in lieu of interest, amounts paid in lieu of dividends, and losses from such assets and activities.

(2) The numerator of the receipts factor includes interest, dividends, net gains (but not less than zero), and other income from investment assets and activities and from trading assets and activities described in paragraph (1) of this subsection that are attributable to this State.

(A) The amount of interest, dividends, net gains (but not less than zero), and other income from investment assets and activities in the investment account to be attributed to this State and included in the numerator is determined by multiplying all such income from such assets and activities by a fraction, the numerator of which is the gross income from such assets and activities which are properly assigned to a fixed place of business of the taxpayer within this State and the denominator of which is the gross income from all such assets and activities.

(B) The amount of interest from federal funds sold and purchased and from securities purchased under resale agreements and securities sold under repurchase agreements attributable to this State and included in the numerator is determined by multiplying the amount described in subparagraph (A) of paragraph (1) of this subsection from such funds and such securities by a fraction, the numerator of which is the gross income from such funds and such securities which are properly assigned to a fixed place of business of the
taxpayer within this State and the denominator of which is the gross income from all such funds and such securities.

(C) The amount of interest, dividends, gains, and other income from trading assets and activities, including but not limited to assets and activities in the matched book, in the arbitrage book and foreign currency transactions (but excluding amounts described in subparagraphs (A) or (B) of this paragraph), attributable to this State and included in the numerator is determined by multiplying the amount described in subparagraph (B) of paragraph (1) of this subsection by a fraction, the numerator of which is the gross income from such trading assets and activities which are properly assigned to a fixed place of business of the taxpayer within this State and the denominator of which is the gross income from all such assets and activities.

(D) Properly assigned, for purposes of this paragraph (2) of this subsection, means the investment or trading asset or activity is assigned to the fixed place of business with which it has a preponderance of substantive contacts. An investment or trading asset or activity assigned by the taxpayer to a fixed place of business without the State shall be presumed to have been properly assigned if:

(i) the taxpayer has assigned, in the regular course of its business, such asset or activity on its records to a fixed place of business consistent with federal or state regulatory requirements;

(ii) such assignment on its records is based upon substantive

contacts of the asset or activity to such fixed place of business; and
(iii) the taxpayer uses such records reflecting assignment of such assets or activities for the filing of all state and local tax returns for which an assignment of such assets or activities to a fixed place of business is required.

(E) The presumption of proper assignment of an investment or trading asset or activity provided in subparagraph (D) of paragraph (2) of this subsection may be rebutted upon a showing by the Department, supported by a preponderance of the evidence, that the preponderance of substantive contacts regarding such asset or activity did not occur at the fixed place of business to which it was assigned on the taxpayer's records. If the fixed place of business that has a preponderance of substantive contacts cannot be determined for an investment or trading asset or activity to which the presumption in subparagraph (D) of paragraph (2) of this subsection does not apply or with respect to which that presumption has been rebutted, that asset or activity is properly assigned to the state in which the taxpayer's commercial domicile is located. For purposes of this subparagraph (E), it shall be presumed, subject to rebuttal, that taxpayer's commercial domicile is in the state of the United States or the District of Columbia to which the greatest number of employees are regularly connected with the management of the investment or trading income or out of which they are working, irrespective of where the services of such
employees are performed, as of the last day of the taxable year.

(d) Transportation services. For taxable years ending before December 31, 2008, business income derived from furnishing transportation services shall be apportioned to this State in accordance with paragraphs (1) and (2):

(1) Such business income (other than that derived from transportation by pipeline) shall be apportioned to this State by multiplying such income by a fraction, the numerator of which is the revenue miles of the person in this State, and the denominator of which is the revenue miles of the person everywhere. For purposes of this paragraph, a revenue mile is the transportation of 1 passenger or 1 net ton of freight the distance of 1 mile for a consideration. Where a person is engaged in the transportation of both passengers and freight, the fraction above referred to shall be determined by means of an average of the passenger revenue mile fraction and the freight revenue mile fraction, weighted to reflect the person's

(A) relative railway operating income from total passenger and total freight service, as reported to the Interstate Commerce Commission, in the case of transportation by railroad, and

(B) relative gross receipts from passenger and freight transportation, in case of transportation other than by railroad.

(2) Such business income derived from transportation by pipeline shall be apportioned to this State by multiplying such income by a fraction, the numerator of which is the revenue miles of the person in this State, and the denominator of which is the revenue miles of the person everywhere. For the purposes of this paragraph, a revenue mile is the transportation by pipeline of 1 barrel of oil, 1,000 cubic feet of gas, or of any specified quantity of any other substance, the distance of 1 mile for a consideration.

from any movement or shipment of people, goods, mail, oil, gas, or any other substance (other than by airline) that both originates and terminates in this State, plus (ii) that portion of the person's gross receipts from movements or shipments of people, goods, mail, oil, gas, or any other substance (other than by airline) that originates in one state or jurisdiction and terminates in another state or jurisdiction, that is determined by the ratio that the miles traveled in this State bears to total miles everywhere and (b) the denominator of which shall be all revenue derived from the movement or shipment of people, goods, mail, oil, gas, or any other substance (other than by airline). Where a taxpayer is engaged in the transportation of both passengers and freight, the fraction above referred to shall first be determined separately for passenger miles and freight miles. Then an average of the passenger miles fraction and the freight miles fraction shall be weighted to reflect the taxpayer's:

(A) relative railway operating income from total passenger and total freight service, as reported to the Surface Transportation Board, in the case of transportation by railroad; and

(B) relative gross receipts from passenger and freight transportation, in case of transportation other than by railroad.

(4) For taxable years ending on or after December 31, 2008, business income derived from furnishing airline transportation services shall be apportioned to this State by multiplying such income by a fraction, the numerator of which is the revenue miles of the person in this State, and the denominator of which is the revenue miles of the person everywhere. For purposes of this paragraph, a revenue mile is the transportation of one passenger or one net ton of freight the distance of one mile for a consideration. If a person is engaged in the transportation of both passengers and freight, the fraction above referred to shall be determined by means of an average of the passenger revenue mile fraction and the freight revenue mile fraction, weighted to reflect the person's relative gross receipts from passenger and freight airline transportation.

of the group, the business income attributable to this State by any such member or members shall be apportioned by means of the combined apportionment method.

(f) Alternative allocation. If the allocation and apportionment provisions of subsections (a) through (e) and of subsection (h) do not fairly represent the extent of a person's business activity in this State, the person may petition for, or the Director may, without a petition, permit or require, in respect of all or any part of the person's business activity, if reasonable:

1. Separate accounting;
2. The exclusion of any one or more factors;
3. The inclusion of one or more additional factors which will fairly represent the person's business activities in this State; or
4. The employment of any other method to effectuate an equitable allocation and apportionment of the person's business income.

(g) Cross reference. For allocation of business income by residents, see Section 301(a).

(h) For tax years ending on or after December 31, 1998, the apportionment factor of persons who apportion their business income to this State under subsection (a) shall be equal to:

1. For tax years ending on or after December 31, 1998 and before December 31, 1999, 16 2/3% of the property factor plus 16 2/3% of the payroll factor plus 66 2/3% of the sales factor;
2. For tax years ending on or after December 31, 1999 and before December 31, 2000, 8 1/3% of the property factor plus 8 1/3% of the payroll factor plus 83 1/3% of the sales factor;
3. For tax years ending on or after December 31, 2000, the sales factor.

If, in any tax year ending on or after December 31, 1998 and before December 31, 2000, the denominator of the payroll, property, or sales factor is zero, the apportionment factor computed in paragraph (1) or (2) of this subsection for that year shall be divided by an amount equal to 100% minus the percentage weight given to each factor whose denominator is equal to zero.

PUBLIC ACT 96-0764
(Senate Bill No. 1750)

AN ACT concerning revenue.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Property Tax Code is amended by changing Section 18-190 as follows:

(35 ILCS 200/18-190)
Sec. 18-190. Direct referendum; new rate or increased limiting rate.

(a) If a new rate is authorized by statute to be imposed without referendum or is subject to a backdoor referendum, as defined in Section 28-2 of the Election Code, the governing body of the affected taxing district before levying the new rate shall submit the new rate to direct referendum under the provisions of this Section and of Article 28 of the Election Code. Notwithstanding the provisions, requirements, or limitations of any other law, any tax levied for the 2005 levy year and all subsequent levy years by any taxing district subject to this Law may be extended at a rate exceeding the rate established for that tax by referendum or statute, provided that the rate does not exceed the statutory ceiling above which the tax is not authorized to be further increased either by referendum or in any other manner. Notwithstanding the provisions, requirements, or limitations of any other law, all taxing districts subject to this Law shall follow the provisions of this Section whenever seeking referendum approval after March 21, 2006 to (i) levy a new tax rate authorized by statute or (ii) increase the limiting rate applicable to the taxing district. All taxing districts subject to this Law are authorized to seek referendum approval of each proposition described and set forth in this Section.

New matter indicated by italics - deletions by strikeout.
The proposition seeking to obtain referendum approval to levy a new tax rate as authorized in clause (i) shall be in substantially the following form:

Shall ... (insert legal name, number, if any, and county or counties of taxing district and geographic or other common name by which a school or community college district is known and referred to), Illinois, be authorized to levy a new tax for ... purposes and have an additional tax of ...% of the equalized assessed value of the taxable property therein extended for such purposes? The votes must be recorded as "Yes" or "No".

The proposition seeking to obtain referendum approval to increase the limiting rate as authorized in clause (ii) shall be in substantially the following form:

Shall the limiting rate under the Property Tax Extension Limitation Law for ... (insert legal name, number, if any, and county or counties of taxing district and geographic or other common name by which a school or community college district is known and referred to), Illinois, be increased by an additional amount equal to ...% above the limiting rate for the purpose of...(insert purpose) for levy year ... (insert the most recent levy year for which the limiting rate of the taxing district is known at the time the submission of the proposition is initiated by the taxing district) and be equal to ...% of the equalized assessed value of the taxable property therein for levy year(s) (insert each levy year for which the increase will be applicable, which years must be consecutive and may not exceed 4)? The votes must be recorded as "Yes" or "No".

The ballot for any proposition submitted pursuant to this Section shall have printed thereon, but not as a part of the proposition submitted, only the following supplemental information (which shall be supplied to the election authority by the taxing district) in substantially the following form:

(1) The approximate amount of taxes extendable at the most recently extended limiting rate is $..., and the approximate amount of taxes extendable if the proposition is approved is $....

(2) For the ... (insert the first levy year for which the new rate or increased limiting rate will be applicable) levy year the approximate amount of the additional tax extendable against property containing a single family residence and having a fair
market value at the time of the referendum of $100,000 is estimated to be $....

(3) Based upon an average annual percentage increase (or decrease) in the market value of such property of %... (insert percentage equal to the average annual percentage increase or decrease for the prior 3 levy years, at the time the submission of the proposition is initiated by the taxing district, in the amount of (A) the equalized assessed value of the taxable property in the taxing district less (B) the new property included in the equalized assessed value), the approximate amount of the additional tax extendable against such property for the ... levy year is estimated to be $... and for the ... levy year is estimated to be $....

(4) If the proposition is approved, the aggregate extension for ... (insert each levy year for which the increase will apply) will be determined by the limiting rate set forth in the proposition, rather than the otherwise applicable limiting rate calculated under the provisions of the Property Tax Extension Limitation Law (commonly known as the Property Tax Cap Law).

The approximate amount of taxes extendable shown in paragraph (1) shall be computed upon the last known equalized assessed value of taxable property in the taxing district (at the time the submission of the proposition is initiated by the taxing district). Paragraph (3) shall be included only if the increased limiting rate will be applicable for more than one levy year and shall list each levy year for which the increased limiting rate will be applicable. The additional tax shown for each levy year shall be the approximate dollar amount of the increase over the amount of the most recently completed extension at the time the submission of the proposition is initiated by the taxing district. The approximate amount of the additional taxes extendable shall be calculated (i) without regard to any property tax exemptions and (ii) based upon the percentage level of assessment prescribed for such property by statute or by ordinance of the county board in counties which classify property for purposes of taxation in accordance with Section 4 of Article IX of the Constitution. Paragraph (4) shall be included if the proposition concerns a limiting rate increase but shall not be included if the proposition concerns a new rate. Any notice required to be published in connection with the submission of the proposition shall also contain this supplemental information and shall not contain any other supplemental information regarding the proposition. the ballot and in the notice that is not deliberate shall not invalidate or affect the validity of any proposition approved. Notice of the referendum shall be published and posted as otherwise required by law, and the submission of the proposition shall be initiated as provided by law.

If a majority of all ballots cast on the proposition are in favor of the proposition, the following provisions shall be applicable to the extension of taxes for the taxing district:

(A) a new tax rate shall be first effective for the levy year in which the new rate is approved;

(B) if the proposition provides for a new tax rate, the taxing district is authorized to levy a tax after the canvass of the results of the referendum by the election authority for the purposes for which the tax is authorized;

(C) a limiting rate increase shall be first effective for the levy year in which the limiting rate increase is approved, provided that the taxing district may elect to have a limiting rate increase be effective for the levy year prior to the levy year in which the limiting rate increase is approved unless the extension of taxes for the prior levy year occurs 30 days or less after the canvass of the results of the referendum by the election authority in any county in which the taxing district is located;

(D) in order for the limiting rate increase to be first effective for the levy year prior to the levy year of the referendum, the taxing district must certify its election to have the limiting rate increase be effective for the prior levy year to the clerk of each county in which the taxing district is located not more than 2 days after the date the results of the referendum are canvassed by the election authority; and

(E) if the proposition provides for a limiting rate increase, the increase may be effective regardless of whether the proposition is approved before or after the taxing district adopts or files its levy for any levy year.

Rates required to extend taxes on levies subject to a backdoor referendum in each year there is a levy are not new rates or rate increases under this Section if a levy has been made for the fund in one or more of the preceding 3 levy years. Changes made by this amendatory Act of 1997 to this Section in reference to rates required to extend taxes on levies subject to a backdoor referendum in each year there is a levy are declarative of existing law and not a new enactment.

(b) Whenever other applicable law authorizes a taxing district subject to the limitation with respect to its aggregate extension provided for in this Law to issue bonds or other obligations either without referendum or subject to backdoor referendum, the taxing district may elect for each separate bond issuance to submit the question of the issuance of the bonds or obligations directly to the voters of the taxing district, and if the referendum passes the taxing district is not required to comply with any backdoor referendum procedures or requirements set forth in the other applicable law. The direct referendum shall be initiated by ordinance or resolution of the governing body of the taxing district, and the question shall be certified to the proper election authorities in accordance with the provisions of the Election Code.

and other professional workers as defined in Section 14-1.10 and to establish facilities as defined in Section 14-1.08 for the types of children described in Sections 14-1.02 through 14-1.07. The director (who may be employed under a multi-year contract as provided in subsection (c) of this Section) and other professional workers may be employed by one district, which shall be reimbursed on a mutually agreed basis by other districts that are parties to the joint agreement. Such agreements may provide that one district may supply professional workers for a joint program conducted in another district. Such agreement shall provide that any full-time school psychologist who is employed by a joint agreement program and spends over 50% of his or her time in one school district shall not be required to work a different teaching schedule than the other school psychologists in that district. Such agreement shall include, but not be limited to, provisions for administration, staff, programs, financing, housing, transportation, an advisory body, and the withdrawal of districts from the joint agreement. Except as otherwise provided in this Section and Section 10-22.31.1, the withdrawal of districts from the joint agreement shall be by petition to the regional board of school trustees. Such agreement may be amended at any time as provided in the joint agreement or, if the joint agreement does not so provide, then such agreement may be amended at any time upon the adoption of concurring resolutions by the school boards of all member districts. Such an amendment may include the removal of a school district from or the addition of a school district to the joint agreement without a petition as otherwise required in this Section if all member districts adopt concurring resolutions to that effect. A fully executed copy of any such agreement or amendment entered into on or after January 1, 1989 shall be filed with the State Board of Education.

Petitions Such petitions for withdrawal shall be made to the regional board or boards of school trustees exercising oversight or governance over any of all counties having jurisdiction over one or more of the districts in the joint agreement. Upon receipt of a petition for withdrawal, the regional board boards of school trustees having jurisdiction over the cooperating districts shall publish notice of and conduct a joint hearing or, in instances in which more than one regional board of school trustees exercises oversight or governance over any of the districts in the joint agreement, a joint hearing, in accordance with rules adopted by the State Board of Education. In instances in which a single regional board of school trustees holds the hearing, approval of the petition must be by a two-thirds majority vote of the school trustees. In instances in which a joint hearing

New matter indicated by italics - deletions by strikeout.
of 2 or more regional boards of school trustees is required, approval of the petition must be by a two-thirds majority of all those school trustees present and voting. Notwithstanding the provisions of Article 6 of this Code, in instances in which the competent regional board or boards of school trustees has been abolished, petitions for withdrawal shall be made to the school boards of those districts that fall under the oversight or governance of the abolished regional board of school trustees in accordance with rules adopted by the State Board of Education on the issue as provided in Section 7-6. No such petition may be considered, however, unless in compliance with Section 7-8. If any petition is approved pursuant to this subsection (a) by a 2/3 vote of all trustees of those regional boards, at a joint meeting, the withdrawal takes effect as provided in Section 7-9 of this Act. The changes to this Section made by this amendatory Act of the 96th General Assembly apply to all changes to special education joint agreement membership initiated after July 1, 2009.

(b) To either (1) designate an administrative district to act as fiscal and legal agent for the districts that are parties to the joint agreement, or (2) designate a governing board composed of one member of the school board of each cooperating district and designated by such boards to act in accordance with the joint agreement. No such governing board may levy taxes and no such governing board may incur any indebtedness except within an annual budget for the joint agreement approved by the governing board and by the boards of at least a majority of the cooperating school districts or a number of districts greater than a majority if required by the joint agreement. The governing board may appoint an executive board of at least 7 members to administer the joint agreement in accordance with its terms. However, if 7 or more school districts are parties to a joint agreement that does not have an administrative district: (i) at least a majority of the members appointed by the governing board to the executive board shall be members of the school boards of the cooperating districts; or (ii) if the governing board wishes to appoint members who are not school board members, they shall be superintendents from the cooperating districts.

(c) To employ a director of a joint agreement program under a one-year or multi-year contract. No such contract can be offered or accepted for less than one year or more than 3 years, except for a person serving as a director of a special education joint agreement for the first time in Illinois. In such a case, the initial contract shall be for a 2 year period. Such contract may be discontinued at any time by mutual agreement of the
contracting parties, or may be extended for an additional 3 years at the end of any year.

The contract year is July 1 through the following June 30th, unless the contract specifically provides otherwise. Notice of intent not to renew a contract when given by a controlling board or administrative district must be in writing stating the specific reason therefor. Notice of intent not to renew the contract must be given by the controlling board or the administrative district at least 90 days before the contract expires. Failure to do so will automatically extend the contract for one additional year.

By accepting the terms of the multi-year contract, the director of a special education joint agreement waives all rights granted under Sections 24-11 through 24-16 for the duration of his or her employment as a director of a special education joint agreement.

(d) To designate a district that is a party to the joint agreement as the issuer of bonds or notes for the purposes and in the manner provided in this Section. It is not necessary for such district to also be the administrative district for the joint agreement, nor is it necessary for the same district to be designated as the issuer of all series of bonds or notes issued hereunder. Any district so designated may, from time to time, borrow money and, in evidence of its obligation to repay the borrowing, issue its negotiable bonds or notes for the purpose of acquiring, constructing, altering, repairing, enlarging and equipping any building or portion thereof, together with any land or interest therein, necessary to provide special educational facilities and services as defined in Section 14-1.08. Title in and to any such facilities shall be held in accordance with the joint agreement.

Any such bonds or notes shall be authorized by a resolution of the board of education of the issuing district. The resolution may contain such covenants as may be deemed necessary or advisable by the district to assure the payment of the bonds or notes. The resolution shall be effective immediately upon its adoption.

Prior to the issuance of such bonds or notes, each school district that is a party to the joint agreement shall agree, whether by amendment to the joint agreement or by resolution of the board of education, to be jointly and severally liable for the payment of the bonds and notes. The bonds or notes shall be payable solely and only from the payments made pursuant to such agreement.

Neither the bonds or notes nor the obligation to pay the bonds or notes under any joint agreement shall constitute an indebtedness of any

district, including the issuing district, within the meaning of any constitutional or statutory limitation.

As long as any bonds or notes are outstanding and unpaid, the agreement by a district to pay the bonds and notes shall be irrevocable notwithstanding the district's withdrawal from membership in the joint special education program.

(e) If a district whose employees are on strike was, prior to the strike, sending students with disabilities to special educational facilities and services in another district or cooperative, the district affected by the strike shall continue to send such students during the strike and shall be eligible to receive appropriate State reimbursement.

(f) With respect to those joint agreements that have a governing board composed of one member of the school board of each cooperating district and designated by those boards to act in accordance with the joint agreement, the governing board shall have, in addition to its other powers under this Section, the authority to issue bonds or notes for the purposes and in the manner provided in this subsection. The governing board of the joint agreement may from time to time borrow money and, in evidence of its obligation to repay the borrowing, issue its negotiable bonds or notes for the purpose of acquiring, constructing, altering, repairing, enlarging and equipping any building or portion thereof, together with any land or interest therein, necessary to provide special educational facilities and services as defined in Section 14-1.08 and including also facilities for activities of administration and educational support personnel employees. Title in and to any such facilities shall be held in accordance with the joint agreement.

Any such bonds or notes shall be authorized by a resolution of the governing board. The resolution may contain such covenants as may be deemed necessary or advisable by the governing board to assure the payment of the bonds or notes and interest accruing thereon. The resolution shall be effective immediately upon its adoption.

Each school district that is a party to the joint agreement shall be automatically liable, by virtue of its membership in the joint agreement, for its proportionate share of the principal amount of the bonds and notes plus interest accruing thereon, as provided in the resolution. Subject to the joint and several liability hereinafter provided for, the resolution may provide for different payment schedules for different districts except that the aggregate amount of scheduled payments for each district shall be equal to its proportionate share of the debt service in the bonds or notes.

based upon the fraction that its equalized assessed valuation bears to the total equalized assessed valuation of all the district members of the joint agreement as adjusted in the manner hereinafter provided. In computing that fraction the most recent available equalized assessed valuation at the time of the issuance of the bonds and notes shall be used, and the equalized assessed valuation of any district maintaining grades K to 12 shall be doubled in both the numerator and denominator of the fraction used for all of the districts that are members of the joint agreement. In case of default in payment by any member, each school district that is a party to the joint agreement shall automatically be jointly and severally liable for the amount of any deficiency. The bonds or notes and interest thereon shall be payable solely and only from the funds made available pursuant to the procedures set forth in this subsection. No project authorized under this subsection may require an annual contribution for bond payments from any member district in excess of 0.15% of the value of taxable property as equalized or assessed by the Department of Revenue in the case of districts maintaining grades K-8 or 9-12 and 0.30% of the value of taxable property as equalized or assessed by the Department of Revenue in the case of districts maintaining grades K-12. This limitation on taxing authority is expressly applicable to taxing authority provided under Section 17-9 and other applicable Sections of this Act. Nothing contained in this subsection shall be construed as an exception to the property tax limitations contained in Section 17-2, 17-2.2a, 17-5, or any other applicable Section of this Act.

Neither the bonds or notes nor the obligation to pay the bonds or notes under any joint agreement shall constitute an indebtedness of any district within the meaning of any constitutional or statutory limitation.

As long as any bonds or notes are outstanding and unpaid, the obligation of a district to pay its proportionate share of the principal of and interest on the bonds and notes as required in this Section shall be a general obligation of the district payable from any and all sources of revenue designated for that purpose by the board of education of the district and shall be irrevocable notwithstanding the district's withdrawal from membership in the joint special education program.

(415 ILCS 135/65)

(Section scheduled to be repealed on January 1, 2020)
Sec. 65. Drycleaning solvent tax.

(a) On and after January 1, 1998, a tax is imposed upon the use of drycleaning solvent by a person engaged in the business of operating a drycleaning facility in this State at the rate of $3.50 per gallon of perchloroethylene or other chlorinated drycleaning solvents used in drycleaning operations, $0.35 per gallon of petroleum-based drycleaning solvent, and $1.75 per gallon of green solvents, unless the green solvent is used at a virgin facility, in which case the rate is $0.35 per gallon. The Council shall determine by rule which products are chlorine-based
solvents, which products are petroleum-based solvents, and which products are green solvents. All drycleaning solvents shall be considered chlorinated solvents unless the Council determines that the solvents are petroleum-based drycleaning solvents or green solvents.

(b) The tax imposed by this Act shall be collected from the purchaser at the time of sale by a seller of drycleaning solvents maintaining a place of business in this State and shall be remitted to the Department of Revenue under the provisions of this Act.

(c) The tax imposed by this Act that is not collected by a seller of drycleaning solvents shall be paid directly to the Department of Revenue by the purchaser or end user who is subject to the tax imposed by this Act.

(d) No tax shall be imposed upon the use of drycleaning solvent if the drycleaning solvent will not be used in a drycleaning facility or if a floor stock tax has been imposed and paid on the drycleaning solvent. Prior to the purchase of the solvent, the purchaser shall provide a written and signed certificate to the drycleaning solvent seller stating:

1. the name and address of the purchaser;
2. the purchaser's signature and date of signing; and
3. one of the following:
   (A) that the drycleaning solvent will not be used in a drycleaning facility; or
   (B) that a floor stock tax has been imposed and paid on the drycleaning solvent.

A person who provides a false certification under this subsection shall be liable for a civil penalty not to exceed $500 for a first violation and a civil penalty not to exceed $5,000 for a second or subsequent violation.

(e) On January 1, 1998, there is imposed on each operator of a drycleaning facility a tax on drycleaning solvent held by the operator on that date for use in a drycleaning facility. The tax imposed shall be the tax that would have been imposed under subsection (a) if the drycleaning solvent held by the operator on that date had been purchased by the operator during the first year of this Act.

(f) On or before the 25th day of the 1st month following the end of the calendar quarter, a seller of drycleaning solvents who has collected a tax pursuant to this Section during the previous calendar quarter, or a purchaser or end user of drycleaning solvents required under subsection (c) to submit the tax directly to the Department, shall file a return with the Department of Revenue. The return shall be filed on a form prescribed by

the Department of Revenue and shall contain information that the Department of Revenue reasonably requires, but at a minimum will require the reporting of the volume of drycleaning solvent sold to each licensed drycleaner. The Department of Revenue shall report quarterly to the Council the volume of drycleaning solvent purchased for the quarter by each licensed drycleaner. Each seller of drycleaning solvent maintaining a place of business in this State who is required or authorized to collect the tax imposed by this Act shall pay to the Department the amount of the tax at the time when he or she is required to file his or her return for the period during which the tax was collected. Purchasers or end users remitting the tax directly to the Department under subsection (c) shall file a return with the Department of Revenue and pay the tax so incurred by the purchaser or end user during the preceding calendar quarter.

Except as provided in this Section, the seller of drycleaning solvents filing the return under this Section shall, at the time of filing the return, pay to the Department the amount of tax imposed by this Act less a discount of 1.75%, or $5 per calendar year, whichever is greater. Failure to timely file the returns and provide to the Department the data requested under this Act will result in disallowance of the reimbursement discount.

(g) The tax on drycleaning solvents used in drycleaning facilities and the floor stock tax shall be administered by Department of Revenue under rules adopted by that Department. 

(h) On and after January 1, 1998, no person shall knowingly sell or transfer drycleaning solvent to an operator of a drycleaning facility that is not licensed by the Council under Section 60. A person who violates this subsection is liable for a civil penalty not to exceed $500 for a first violation and a civil penalty not to exceed $5,000 for a second or subsequent violation.

(i) The Department of Revenue may adopt rules as necessary to implement this Section.

(e) The Attorney General may also, at the request of the Council or on his or her own motion, institute a civil action for an injunction, prohibitory or mandatory, to restrain violations of this Act, any rule or regulation adopted under this Act, any license or registration or term or condition of a license or registration, or any Council order, or to require other actions as may be necessary to address violations thereof.

(f) Without limiting any other authority which may exist for the awarding of attorney's fees and costs, the Council, or a court of competent jurisdiction, may award costs and reasonable attorney's fees, including the reasonable costs of expert witnesses and consultants, to the Attorney General in a case where the Attorney General has prevailed against a person who has committed a willful, knowing, or repeated violation of this Act, any rule or regulation adopted under this Act, any license or registration or term or condition of a license or registration, or any Council order. Any funds collected under this subsection (f) in which the Attorney General has prevailed shall be deposited in the Drycleaner Environmental Response Trust Fund created in Section 10 of this Act.

(g) All final orders imposing civil penalties under this Section shall prescribe the time for payment of the penalties. If any penalty is not paid within the time prescribed, interest on the penalty shall be paid, at the rate set forth in Section 3-2 of the Illinois Uniform Penalty and Interest Act, for the period from the date payment is due until the date payment is received. However, if the time for payment is stayed during the pendency of an appeal, interest shall not accrue during the stay.

AN ACT in relation to public employee benefits.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Pension Code is amended by changing Sections 2-121, 3-109, 4-109.1, 7-141.1, and 14-104 as follows:

(40 ILCS 5/2-121) (from Ch. 108 1/2, par. 2-121)

Sec. 2-121. Survivor's annuity - conditions for payment.

(a) A survivor's annuity shall be payable to a surviving spouse or eligible child (1) upon the death in service of a participant with at least 2 years of service credit, or (2) upon the death of an annuitant in receipt of a retirement annuity, or (3) upon the death of a participant who terminated service with at least 4 years of service credit.

The change in this subsection (a) made by this amendatory Act of 1995 applies to survivors of participants who die on or after December 1, 1994, without regard to whether or not the participant was in service on or after the effective date of this amendatory Act of 1995.

(b) To be eligible for the survivor's annuity, the spouse and the participant or annuitant must have been married for a continuous period of at least one year immediately preceding the date of death, but need not have been married on the day of the participant's last termination of service, regardless of whether such termination occurred prior to the effective date of this amendatory Act of 1985.

(c) The annuity shall be payable beginning on the date of a participant's death, or the first of the month following an annuitant's death, if the spouse is then age 50 or over, or beginning at age 50 if the spouse is then under age 50. If an eligible child or children of the participant or annuitant (or a child or children of the eligible spouse meeting the criteria of item (1), (2), or (3) of subsection (d) of this Section) also survive, and the child or children are under the care of the eligible spouse, the annuity shall begin as of the date of a participant's death, or the first of the month following an annuitant's death, without regard to the spouse's age.

The change to this subsection made by this amendatory Act of 1998 (relating to children of an eligible spouse) applies to the eligible spouse of a participant or annuitant who dies on or after the effective date of this amendatory Act, without regard to whether the participant or annuitant is in service on or after that effective date.

(c-5) Upon the death in service of a participant during the 90th General Assembly, the survivor's annuity shall be payable prior to age 50, notwithstanding subsection (c) of this Section, provided that the deceased participant had at least 6 years of service. This subsection (c-5) applies to the eligible spouse of a deceased participant without regard to whether the deceased participant was in service on or after the effective date of this amendatory Act of the 96th General Assembly, and retroactive benefits may be paid for periods of eligibility after February 28, 2009.

(d) For the purposes of this Section and Section 2-121.1, "eligible child" means a child of the deceased participant or annuitant who is at least one of the following:

(1) unmarried and under the age of 18;
(2) unmarried, a full-time student, and under the age of 22;
(3) dependent by reason of physical or mental disability.

The inclusion of unmarried students under age 22 in the calculation of survivor's annuities by this amendatory Act of 1991 shall apply to all eligible students beginning January 1, 1992, without regard to whether the deceased participant or annuitant was in service on or after the effective date of this amendatory Act of 1991.

(e) Remarriage of a surviving spouse prior to attainment of age 55 shall disqualify the surviving spouse from the receipt of a survivor's annuity, if the remarriage occurs before the effective date of this amendatory Act of the 91st General Assembly.

The changes made to this subsection by this amendatory Act of the 91st General Assembly (pertaining to remarriage prior to age 55) apply without regard to whether the deceased participant or annuitant was in service on or after the effective date of this amendatory Act.

(e) A person employed by the Village of Shiloh who is otherwise qualified to participate and was excluded from participation by reason of his or her failure to make written application to the Board within 3 months after receiving his or her first appointment or reappointment as required under Section 3-106 may elect to participate by making a written application to the Board before July 1, 2008. Persons so electing shall begin participation on the first day of the month following the month in which the application is received by the Board. These persons may also elect to establish creditable service for periods of employment as a police officer during which they did not participate by paying into the police pension fund, before January 1, 2009, the amount that the person would have contributed had deductions from salary been made for this purpose at the time the service was rendered, together with interest thereon at 6% per annum, compounded annually, from the time the service was rendered until the date of payment. The Village of Shiloh must pay to the System the corresponding employer contributions, plus interest.

Sec. 4-109.1. Increase in pension.

(a) Except as provided in subsection (e), the monthly pension of a firefighter who retires after July 1, 1971 and prior to January 1, 1986, shall, upon either the first of the month following the first anniversary of the date of retirement if 60 years of age or over at retirement date, or upon the first day of the month following attainment of age 60 if it occurs after the first anniversary of retirement, be increased by 2% of the originally granted monthly pension and by an additional 2% in each January
thereafter. Effective January 1976, the rate of the annual increase shall be 3% of the originally granted monthly pension.

(b) The monthly pension of a firefighter who retired from service with 20 or more years of service, on or before July 1, 1971, shall be increased, in January of the year following the year of attaining age 65 or in January 1972, if then over age 65, by 2% of the originally granted monthly pension, for each year the firefighter received pension payments. In each January thereafter, he or she shall receive an additional increase of 2% of the original monthly pension. Effective January 1976, the rate of the annual increase shall be 3%.

(c) The monthly pension of a firefighter who is receiving a disability pension under this Article shall be increased, in January of the year following the year the firefighter attains age 60, or in January 1974, if then over age 60, by 2% of the originally granted monthly pension for each year he or she received pension payments. In each January thereafter, the firefighter shall receive an additional increase of 2% of the original monthly pension. Effective January 1976, the rate of the annual increase shall be 3%.

(c-1) On January 1, 1998, every child’s disability benefit payable on that date under Section 4-110 or 4-110.1 shall be increased by an amount equal to 1/12 of 3% of the amount of the benefit, multiplied by the number of months for which the benefit has been payable. On each January 1 thereafter, every child’s disability benefit payable under Section 4-110 or 4-110.1 shall be increased by 3% of the amount of the benefit then being paid, including any previous increases received under this Article. These increases are not subject to any limitation on the maximum benefit amount included in Section 4-110 or 4-110.1.

(c-2) On July 1, 2004, every pension payable to or on behalf of a minor or disabled surviving child that is payable on that date under Section 4-114 shall be increased by an amount equal to 1/12 of 3% of the amount of the pension, multiplied by the number of months for which the benefit has been payable. anniversary of the date of retirement if 55 years of age or over, or upon the
first day of the month following attainment of age 55 if it occurs after the
first anniversary of retirement, be increased by 1/12 of 3% of the originally
granted monthly pension for each full month that has elapsed since the
pension began, and by an additional 3% in each January thereafter.

The changes made to this subsection (d) by this amendatory Act of
the 91st General Assembly apply to all initial increases that become
payable under this subsection on or after January 1, 1999. All initial
increases that became payable under this subsection on or after January 1,
1999 and before the effective date of this amendatory Act shall be
recalculated and the additional amount accruing for that period, if any,
shall be payable to the pensioner in a lump sum.

(e) Notwithstanding the provisions of subsection (a), upon the first
day of the month following (1) the first anniversary of the date of
retirement, or (2) the attainment of age 55, or (3) July 1, 1987, whichever

of the originally granted monthly pension for each full year that has
elapsed since the pension began, and by an additional 3% in each January
thereafter. The increases provided under this subsection are in lieu of the
increases provided in subsection (a).

(f) In July 2009, the monthly pension of a firefighter who retired
before July 1, 1977 shall be recalculated and increased to reflect the
amount that the firefighter would have received in July 2009 had the
firefighter been receiving a 3% compounded increase for each year he or
she received pension payments after January 1, 1986, plus any increases
in pension received for each year prior to January 1, 1986. In each
January thereafter, he or she shall receive an additional increase of 3% of
the amount of the pension then being paid. The changes made to this
Section by this amendatory Act of the 96th General Assembly apply
without regard to whether the firefighter was in service on or after its
effective date.

(40 ILCS 5/7-141.1)
Sec. 7-141.1. Early retirement incentive.
(a) The General Assembly finds and declares that:
(1) Units of local government across the State have been
functioning under a financial crisis.
(2) This financial crisis is expected to continue.
(3) Units of local government must depend on additional sources of revenue and, when those sources are not forthcoming, must establish cost-saving programs.
(4) An early retirement incentive designed specifically to target highly-paid senior employees could result in significant annual cost savings.
(5) The early retirement incentive should be made available only to those units of local government that determine that an early retirement incentive is in their best interest.
(6) A unit of local government adopting a program of early retirement incentives under this Section is encouraged to implement personnel procedures to prohibit, for at least 5 years, the rehiring (whether on payroll or by independent contract) of employees who receive early retirement incentives.
(7) A unit of local government adopting a program of early retirement incentives under this Section is also encouraged to replace as few of the participating employees as possible and to hire replacement employees for salaries totaling no more than 80% of the total salaries formerly paid to the employees who participate in the early retirement program.

It is the primary purpose of this Section to encourage units of local government that can realize true cost savings, or have determined that an early retirement program is in their best interest, to implement an early retirement program.

(b) Until the effective date of this amendatory Act of 1997, this Section does not apply to any employer that is a city, village, or incorporated town, nor to the employees of any such employer. Beginning on the effective date of this amendatory Act of 1997, any employer under this Article, including an employer that is a city, village, or incorporated town, may establish an early retirement incentive program for its employees under this Section. The decision of a city, village, or incorporated town to consider or establish an early retirement program is at the sole discretion of that city, village, or incorporated town, and nothing in this amendatory Act of 1997 limits or otherwise diminishes this discretion. Nothing contained in this Section shall be construed to require a city, village, or incorporated town to establish an early retirement program and no city, village, or incorporated town may be compelled to implement such a program.

New matter indicated by italics - deletions by strikeout.
The benefits provided in this Section are available only to members employed by a participating employer that has filed with the Board of the Fund a resolution or ordinance expressly providing for the creation of an early retirement incentive program under this Section for its employees and specifying the effective date of the early retirement incentive program. Subject to the limitation in subsection (h), an employer may adopt a resolution or ordinance providing a program of early retirement incentives under this Section at any time.

The resolution or ordinance shall be in substantially the following form:

(2) In order to help achieve a true cost savings, a person who retires under the early retirement incentive program shall lose those incentives if he or she later accepts employment with any IMRF employer in a position for which participation in IMRF is required or is elected by the employee.

New matter indicated by italics - deletions by strikeout.
(3) In order to utilize an early retirement incentive as a budgeting tool, the (name of participating employer) will use its best efforts either to limit the number of employees who replace the employees who retire under the early retirement program or to limit the salaries paid to the employees who replace the employees who retire under the early retirement program.

(4) The effective date of each employee's retirement under this early retirement program shall be set by (name of employer) and shall be no earlier than the effective date of the program and no later than one year after that effective date; except that the employee may require that the retirement date set by the employer be no later than the June 30 next occurring after the effective date of the program and no earlier than the date upon which the employee qualifies for retirement.

(5) To be eligible for the early retirement incentive under this Section, the employee must have attained age 50 and have at least 20 years of creditable service by his or her retirement date.

(6) The (clerk or secretary) shall promptly file a certified copy of this resolution (ordinance) with the Board of Trustees of the Illinois Municipal Retirement Fund.

(c) To be eligible for the benefits provided under an early retirement incentive program adopted under this Section, a member must:

(1) be a participating employee of this Fund who, on the effective date of the program, (i) is in active payroll status as an employee of a participating employer that has filed the required ordinance or resolution with the Board, (ii) is on layoff status from such a position with a right of re-employment or recall to service, (iii) is on a leave of absence from such a position, or (iv) is on disability but has not been receiving benefits under Section 7-146 or 7-150 for a period of more than 2 years from the date of application;

New matter indicated by italics - deletions by strikeout.
(2) have never previously received a retirement annuity under this Article or under the Retirement Systems Reciprocal Act using service credit established under this Article;

(3) (blank);

(4) have at least 20 years of creditable service in the Fund by the date of retirement, without the use of any creditable service established under this Section;

(5) have attained age 50 by the date of retirement, without the use of any age enhancement received under this Section; and

(6) be eligible to receive a retirement annuity under this Article by the date of retirement, for which purpose the age enhancement and creditable service established under this Section may be considered.

d) The employer shall determine the retirement date for each employee participating in the early retirement program adopted under this Section. The retirement date shall be no earlier than the effective date of the program and no later than one year after that effective date, except that the employee may require that the retirement date set by the employer be no later than the June 30 next occurring after the effective date of the program and no earlier than the date upon which the employee qualifies for retirement. The employer shall give each employee participating in the early retirement program at least 30 days written notice of the employee's designated retirement date, unless the employee waives this notice requirement.

e) An eligible person may establish up to 5 years of creditable service under this Section. In addition, for each period of creditable service established under this Section, a person shall have his or her age at retirement deemed enhanced by an equivalent period.

The creditable service established under this Section may be used for all purposes under this Article and the Retirement Systems Reciprocal Act, except for the computation of final rate of earnings and the determination of earnings, salary, or compensation under this or any other Article of the Code.

The age enhancement established under this Section may be used for all purposes under this Article (including calculation of the reduction imposed under subdivision (a)1b(iv) of Section 7-142), except for purposes of a reversionary annuity under Section 7-145 and any distributions required because of age. The age enhancement established under this Section may be used in calculating a proportionate annuity.
payable by this Fund under the Retirement Systems Reciprocal Act, but shall not be used in determining benefits payable under other Articles of this Code under the Retirement Systems Reciprocal Act.

(f) For all creditable service established under this Section, the member must pay to the Fund an employee contribution consisting of 4.5% of the member's highest annual salary rate used in the determination of the final rate of earnings for retirement annuity purposes for each year of creditable service granted under this Section. For creditable service established under this Section by a person who is a sheriff's law enforcement employee to be deemed service as a sheriff's law enforcement employee, the employee contribution shall be at the rate of 6.5% of highest annual salary per year of creditable service granted. Contributions for fractions of a year of service shall be prorated. Any amounts that are disregarded in determining the final rate of earnings under subdivision (d)(5) of Section 7-116 (the 125% rule) shall also be disregarded in determining the required contribution under this subsection (f).

The employee contribution shall be paid to the Fund as follows: If the member is entitled to a lump sum payment for accumulated vacation, sick leave, or personal leave upon withdrawal from service, the employer shall deduct the employee contribution from that lump sum and pay the deducted amount directly to the Fund. If there is no such lump sum payment or the required employee contribution exceeds the net amount of the lump sum payment, then the remaining amount due, at the option of the employee, may either be paid to the Fund before the annuity commences or deducted from the retirement annuity in 24 equal monthly installments.

(g) An annuitant who has received any age enhancement or creditable service under this Section and thereafter accepts employment with or enters into a personal services contract with an employer under this Article thereby forfeits that age enhancement and creditable service; except that this restriction does not apply to (1) service in an elective office, so long as the annuitant does not participate in this Fund with respect to that office and (2) a person appointed as an officer under subsection (f) of Section 3-109 of this Code. A person forfeiting early retirement incentives under this subsection (i) must repay to the Fund that portion of the retirement annuity already received which is attributable to the early retirement incentives that are being forfeited, (ii) shall not be eligible to participate in any future early retirement program adopted under this Section, and (iii) is entitled to a refund of the employee contribution.
paid under subsection (f). The Board shall deduct the required repayment from the refund and may impose a reasonable payment schedule for repaying the amount, if any, by which the required repayment exceeds the refund amount.

(h) The additional unfunded liability accruing as a result of the adoption of a program of early retirement incentives under this Section by an employer shall be amortized over a period of 10 years beginning on January 1 of the second calendar year following the calendar year in which the latest date for beginning to receive a retirement annuity under the program (as determined by the employer under subsection (d) of this Section) occurs; except that the employer may provide for a shorter amortization period (of no less than 5 years) by adopting an ordinance or resolution specifying the length of the amortization period and submitting a certified copy of the ordinance or resolution to the Fund no later than 6 months after the effective date of the program. An employer, at its discretion, may accelerate payments to the Fund.

An employer may provide more than one early retirement incentive program for its employees under this Section. However, an employer that has provided an early retirement incentive program for its employees under this Section may not provide another early retirement incentive program under this Section until the liability arising from the earlier program has been fully paid to the Fund.

(a) The Board shall adopt the Code within 9 months after its publication. The Code shall take effect within 3 months one year after it is adopted by the Board and shall apply to any new commercial building or structure in this State for which a building permit application is received by a municipality or county, except as otherwise provided by this Act. In the case of any addition, alteration, renovation, or repair to an existing commercial structure, the Code adopted under this Act applies only to the portions of that structure that are being added, altered, renovated, or repaired.

(b) The following buildings shall be exempt from the Code:

   (1) Buildings otherwise exempt from the provisions of a locally adopted building code and buildings that do not contain a conditioned space.

   (2) Buildings that do not use either electricity or fossil fuel for comfort conditioning. For purposes of determining whether this exemption applies, a building will be presumed to be heated by electricity, even in the absence of equipment used for electric comfort heating, whenever the building is provided with electrical service in excess of 100 amps, unless the code enforcement official determines that this electrical service is necessary for purposes other than providing electric comfort heating.

   (3) Historic buildings. This exemption shall apply to those buildings that are listed on the National Register of Historic Places or the Illinois Register of Historic Places, and to those buildings that have been designated as historically significant by a local governing body that is authorized to make such designations.

   (4) (Blank). Residential buildings.

   (5) Other buildings specified as exempt by the International Energy Conservation Code.

(c) Additions, alterations, renovations, or repairs to an existing building, building system, or portion thereof shall conform to the provisions of the Code as they relate to new construction without requiring the unaltered portion of the existing building or building system to comply with the Code. The following need not comply with the Code, provided that the energy use of the building is not increased: (i) storm windows installed over existing fenestration, (ii) glass-only replacements in an existing sash and frame, (iii) existing ceiling, wall, or floor cavities exposed during construction, provided that these cavities are filled with

(d) A unit of local government that does not regulate energy efficient building standards is not required to adopt, enforce, or administer the Code; however, any energy efficient building standards adopted by a unit of local government must comply with this Act. If a unit of local government does not regulate energy efficient building standards, any construction, renovation, or addition to buildings or structures is subject to the provisions contained in this Act.

(c) No unit of local government, including any home rule unit or unit of local government that is subject to State regulation under the Code as provided in Section 15 of this Act, may hereafter enact any annexation ordinance or resolution, or require or enter into any annexation agreement, that imposes energy efficient building standards for residential buildings that are either less or more stringent than the energy efficiency requirements.
standards in effect, at the time of construction, throughout the unit of local government.

(d) This Section is a denial and limitation of home rule powers and functions under subsection (i) of Section 6 of Article VII of the Illinois Constitution on the concurrent exercise by home rule units of powers and functions exercised by the State. Nothing in this Section, however, prevents a unit of local government from adopting an energy efficiency code or standards for commercial buildings that are more stringent than the Code under this Act.

Under the authority of Section 6, the Department shall revoke the license of any distributor that is determined to have violated this paragraph. A person may not affix a stamp on a package of cigarettes, cigarette papers,
wrappers, or tubes if that individual package has been marked for export outside the United States with a label or notice in compliance with Section 290.185 of Title 27 of the Code of Federal Regulations. It is not a defense to a proceeding for violation of this paragraph that the label or notice has been removed, mutilated, obliterated, or altered in any manner.

Only distributors licensed under this Act and transporters, as defined in Section 9c of this Act, may possess or out-of-state manufacturers holding a permit under this Act may receive unstamped original packages packs of cigarettes. The Department, or any person authorized by the Department, shall sell such stamps only to persons holding valid licenses as distributors under this Act. On and after July 1, 2003, payment for such stamps must be made by means of electronic funds transfer. The Department may refuse to sell stamps to any person who does not comply with the provisions of this Act. Beginning on the effective date of this amendatory Act of the 92nd General Assembly and through June 30, 2002, persons holding valid licenses as distributors may purchase cigarette tax stamps up to an amount equal to 115% of the distributor's average monthly cigarette tax stamp purchases over the 12 calendar months prior to the effective date of this amendatory Act of the 92nd General Assembly.

Prior to December 1, 1985, the Department shall allow a distributor 21 days in which to make final payment of the amount to be paid for such stamps, by allowing the distributor to make payment for the stamps at the time of purchasing them with a draft which shall be in such form as the Department prescribes, and which shall be payable within 21 days thereafter: Provided that such distributor has filed with the Department, and has received the Department's approval of, a bond, which is in addition to the bond required under Section 4 of this Act, payable to the Department in an amount equal to 80% of such distributor's average monthly tax liability to the Department under this Act during the preceding calendar year or $500,000, whichever is less. The Bond shall be joint and several and shall be in the form of a surety company bond in such form as the Department prescribes, or it may be in the form of a bank certificate of deposit or bank letter of credit. The bond shall be conditioned upon the distributor's payment of amount of any 21-day draft which the Department accepts from that distributor for the delivery of stamps to that distributor under this Act. The distributor's failure to pay any such draft, when due, shall also make such distributor automatically liable to the Department for a penalty equal to 25% of the amount of such draft.

On and after December 1, 1985 and until July 1, 2003, the Department shall allow a distributor 30 days in which to make final payment of the amount to be paid for such stamps, by allowing the distributor to make payment for the stamps at the time of purchasing them with a draft which shall be in such form as the Department prescribes, and which shall be payable within 30 days thereafter, and beginning on January 1, 2003 and thereafter, the draft shall be payable by means of electronic funds transfer: Provided that such distributor has filed with the Department, and has received the Department's approval of, a bond, which

is in addition to the bond required under Section 4 of this Act, payable to the Department in an amount equal to 150% of such distributor's average monthly tax liability to the Department under this Act during the preceding calendar year or $750,000, whichever is less, except that as to bonds filed on or after January 1, 1987, such additional bond shall be in an amount equal to 100% of such distributor's average monthly tax liability under this Act during the preceding calendar year or $750,000, whichever is less. The bond shall be joint and several and shall be in the form of a surety company bond in such form as the Department prescribes, or it may be in the form of a bank certificate of deposit or bank letter of credit. The bond shall be conditioned upon the distributor's payment of the amount of any 30-day draft which the Department accepts from that distributor for the delivery of stamps to that distributor under this Act. The distributor's failure to pay any such draft, when due, shall also make such distributor automatically liable to the Department for a penalty equal to 25% of the amount of such draft.

Every prior continuous compliance taxpayer shall be exempt from all requirements under this Section concerning the furnishing of such bond, as defined in this Section, as a condition precedent to his being authorized to engage in the business licensed under this Act. This exemption shall continue for each such taxpayer until such time as he may be determined by the Department to be delinquent in the filing of any returns, or is determined by the Department (either through the Department's issuance of a final assessment which has become final under the Act, or by the taxpayer's filing of a return which admits tax to be due that is not paid) to be delinquent or deficient in the paying of any tax under this Act, at which time that taxpayer shall become subject to the bond requirements of this Section and, as a condition of being allowed to continue to engage in the business licensed under this Act, shall be required to furnish bond to the Department in such form as provided in this Section. Such taxpayer shall furnish such bond for a period of 2 years, after which, if the taxpayer has not been delinquent in the filing of any returns, or delinquent or deficient in the paying of any tax under this Act, the Department may reinstate such person as a prior continuance compliance taxpayer. Any taxpayer who fails to pay an admitted or established liability under this Act may also be required to post bond or other acceptable security with the Department guaranteeing the payment of such admitted or established liability.

Any person aggrieved by any decision of the Department under this Section may, within the time allowed by law, protest and request a hearing, whereupon the Department shall give notice and shall hold a hearing in conformity with the provisions of this Act and then issue its final administrative decision in the matter to such person. In the absence of such a protest filed within the time allowed by law, the Department's decision shall become final without any further determination being made or notice given.

The Department shall discharge any surety and shall release and return any bond or security deposited, assigned, pledged, or otherwise provided to it by a taxpayer under this Section within 30 days after:

(1) Such taxpayer becomes a prior continuous compliance taxpayer; or

(2) Such taxpayer has ceased to collect receipts on which he is required to remit tax to the Department, has filed a final tax return, and has paid to the Department an amount sufficient to discharge his remaining tax liability as determined by the Department under this Act. The Department shall make a final determination of the taxpayer's outstanding tax liability as expeditiously as possible after his final tax return has been filed. If the Department cannot make such final determination within 45 days after receiving the final tax return, within such period it shall so notify the taxpayer, stating its reasons therefor.

The Department may authorize distributors to affix revenue tax stamps by imprinting tax meter stamps upon original packages of cigarettes. The Department shall adopt rules and regulations relating to the imprinting of such tax meter stamps as will result in payment of the proper taxes as herein imposed. No distributor may affix revenue tax stamps to original packages of cigarettes by imprinting tax meter stamps thereon unless such distributor has first obtained permission from the Department to employ this method of affixation. The Department shall regulate the use of tax meters and may, to assure the proper collection of the taxes imposed by this Act, revoke or suspend the privilege, theretofore granted by the Department to any distributor, to imprint tax meter stamps upon original packages of cigarettes.

Illinois cigarette manufacturers who place their cigarettes in original packages which are contained inside a sealed transparent wrapper, and similar out-of-State cigarette manufacturers who elect to qualify and are accepted by the Department as distributors under Section 4b(a) of this Act, shall pay the taxes imposed by this Act by remitting the amount

Such imprinted language shall acknowledge the manufacturer's payment of or liability for the tax imposed by this Act with respect to the distribution of such cigarettes.

A distributor shall not affix, or cause to be affixed, any stamp or imprint to a package of cigarettes, as provided for in this Section, if the tobacco product manufacturer, as defined in Section 10 of the Tobacco Product Manufacturers' Escrow Act, that made or sold the cigarettes has failed to become a participating manufacturer, as defined in subdivision (a)(1) of Section 15 of the Tobacco Product Manufacturers' Escrow Act, or has failed to create a qualified escrow fund for any cigarettes manufactured by the tobacco product manufacturer and sold in this State or otherwise failed to bring itself into compliance with subdivision (a)(2) of Section 15 of the Tobacco Product Manufacturers' Escrow Act.

shall imprint the required language on the original package of cigarettes beneath such outside wrapper as hereinafter provided. Such stamp or stamps need not be affixed to the original package of any cigarettes with respect to which the distributor is required to affix a like stamp or stamps by virtue of the Cigarette Tax Act, however, and no tax imprint need be placed underneath the sealed transparent wrapper of an original package of cigarettes with respect to which the distributor is required or authorized to employ a like tax imprint by virtue of the Cigarette Tax Act.

No stamp or imprint may be affixed to, or made upon, any package of cigarettes unless that package complies with all requirements of the federal Cigarette Labeling and Advertising Act, 15 U.S.C. 1331 and following, for the placement of labels, warnings, or any other information upon a package of cigarettes that is sold within the United States. Under the authority of Section 6, the Department shall revoke the license of any distributor that is determined to have violated this paragraph. A person may not affix a stamp on a package of cigarettes, cigarette papers, wrappers, or tubes if that individual package has been marked for export outside the United States with a label or notice in compliance with Section 290.185 of Title 27 of the Code of Federal Regulations. It is not a defense to a proceeding for violation of this paragraph that the label or notice has been removed, mutilated, obliterated, or altered in any manner.

Only distributors licensed under this Act and transporters, as defined in Section 9c of the Cigarette Tax Act, may possess unstamped original packages of cigarettes. Prior to shipment to an Illinois retailer, a stamp shall be applied to each original package of cigarettes sold to the retailer. A distributor may apply a tax stamp only to an original package of cigarettes purchased or obtained directly from an in-state maker, manufacturer, or fabricator licensed as a distributor under Section 4 of this Act or an out-of-state maker, manufacturer, or fabricator holding a permit under Section 7 of this Act. A licensed distributor may ship or otherwise cause to be delivered unstamped original packages of cigarettes in, into, or from this State. A licensed distributor may transport unstamped original packages of cigarettes to a facility, wherever located, owned or controlled by such distributor; however, a distributor may not transport unstamped original packages of cigarettes to a facility where retail sales of cigarettes take place. Any licensed distributor that ships or otherwise causes to be delivered unstamped original packages of cigarettes into, within, or from this State shall ensure that the invoice or equivalent documentation and the bill of lading or freight bill for the shipment

Stamps, when required hereunder, shall be purchased from the Department, or any person authorized by the Department, by distributors. On and after July 1, 2003, payment for such stamps must be made by means of electronic funds transfer. The Department may refuse to sell stamps to any person who does not comply with the provisions of this Act. Beginning on June 6, 2002 and through June 30, 2002, persons holding valid licenses as distributors may purchase cigarette tax stamps up to an amount equal to 115% of the distributor's average monthly cigarette tax stamp purchases over the 12 calendar months prior to June 6, 2002.

Prior to December 1, 1985, the Department shall allow a distributor 21 days in which to make final payment of the amount to be paid for such stamps, by allowing the distributor to make payment for the stamps at the time of purchasing them with a draft which shall be in such form as the Department prescribes, and which shall be payable within 21 days thereafter: Provided that such distributor has filed with the Department, and has received the Department's approval of, a bond, which is in addition to the bond required under Section 4 of this Act, payable to the Department in an amount equal to 80% of such distributor's average monthly tax liability to the Department under this Act during the preceding calendar year or $500,000, whichever is less. The bond shall be joint and several and shall be in the form of a surety company bond in such form as the Department prescribes, or it may be in the form of a bank certificate of deposit or bank letter of credit. The bond shall be conditioned upon the distributor's payment of the amount of any 21-day draft which the Department accepts from that distributor for the delivery of stamps to that distributor under this Act. The distributor's failure to pay any such draft, when due, shall also make such distributor automatically liable to the Department for a penalty equal to 25% of the amount of such draft.

On and after December 1, 1985 and until July 1, 2003, the Department shall allow a distributor 30 days in which to make final payment of the amount to be paid for such stamps, by allowing the distributor to make payment for the stamps at the time of purchasing them with a draft which shall be in such form as the Department prescribes, and which shall be payable within 30 days thereafter, and beginning on

January 1, 2003 and thereafter, the draft shall be payable by means of electronic funds transfer: Provided that such distributor has filed with the Department, and has received the Department's approval of, a bond, which is in addition to the bond required under Section 4 of this Act, payable to the Department in an amount equal to 150% of such distributor's average monthly tax liability to the Department under this Act during the preceding calendar year or $750,000, whichever is less, except that as to bonds filed on or after January 1, 1987, such additional bond shall be in an amount equal to 100% of such distributor's average monthly tax liability under this Act during the preceding calendar year or $750,000, whichever is less. The bond shall be joint and several and shall be in the form of a surety company bond in such form as the Department prescribes, or it may be in the form of a bank certificate of deposit or bank letter of credit. The bond shall be conditioned upon the distributor's payment of the amount of any 30-day draft which the Department accepts from that distributor for the delivery of stamps to that distributor under this Act. The distributor's failure to pay any such draft, when due, shall also make such distributor automatically liable to the Department for a penalty equal to 25% of the amount of such draft.

Every prior continuous compliance taxpayer shall be exempt from all requirements under this Section concerning the furnishing of such bond, as defined in this Section, as a condition precedent to his being authorized to engage in the business licensed under this Act. This exemption shall continue for each such taxpayer until such time as he may be determined by the Department to be delinquent in the filing of any returns, or is determined by the Department (either through the Department's issuance of a final assessment which has become final under the Act, or by the taxpayer's filing of a return which admits tax to be due that is not paid) to be delinquent or deficient in the paying of any tax under this Act, at which time that taxpayer shall become subject to the bond requirements of this Section and, as a condition of being allowed to continue to engage in the business licensed under this Act, shall be required to furnish bond to the Department in such form as provided in this Section. Such taxpayer shall furnish such bond for a period of 2 years, after which, if the taxpayer has not been delinquent in the filing of any returns, or delinquent or deficient in the paying of any tax under this Act, the Department may reinstate such person as a prior continuance compliance taxpayer. Any taxpayer who fails to pay an admitted or established liability under this Act may also be required to post bond or

other acceptable security with the Department guaranteeing the payment of such admitted or established liability.

Any person aggrieved by any decision of the Department under this Section may, within the time allowed by law, protest and request a hearing, whereupon the Department shall give notice and shall hold a hearing in conformity with the provisions of this Act and then issue its final administrative decision in the matter to such person. In the absence of such a protest filed within the time allowed by law, the Department's decision shall become final without any further determination being made or notice given.

The Department shall discharge any surety and shall release and return any bond or security deposited, assigned, pledged, or otherwise provided to it by a taxpayer under this Section within 30 days after:

(1) such Taxpayer becomes a prior continuous compliance taxpayer; or

(2) such taxpayer has ceased to collect receipts on which he is required to remit tax to the Department, has filed a final tax return, and has paid to the Department an amount sufficient to discharge his remaining tax liability as determined by the Department under this Act. The Department shall make a final determination of the taxpayer's outstanding tax liability as expeditiously as possible after his final tax return has been filed. If the Department cannot make such final determination within 45 days after receiving the final tax return, within such period it shall so notify the taxpayer, stating its reasons therefor.

At the time of purchasing such stamps from the Department when purchase is required by this Act, or at the time when the tax which he has collected is remitted by a distributor to the Department without the purchase of stamps from the Department when that method of remitting the tax that has been collected is required or authorized by this Act, the distributor shall be allowed a discount during any year commencing July 1 and ending the following June 30 in accordance with the schedule set out hereinbelow, from the amount to be paid by him to the Department for such stamps, or to be paid by him to the Department on the basis of monthly remittances (as the case may be), to cover the cost, to such distributor, of collecting the tax herein imposed by affixing such stamps to the original packages of cigarettes sold by such distributor or by placing tax imprints underneath the sealed transparent wrapper of original packages of cigarettes sold by such distributor (as the case may be): (1)

Prior to December 1, 1985, a discount equal to 1-2/3% of the amount of the tax up to and including the first $700,000 paid hereunder by such distributor to the Department during any such year; 1-1/3% of the next $700,000 of tax or any part thereof, paid hereunder by such distributor to the Department during any such year; 1% of the next $700,000 of tax, or any part thereof, paid hereunder by such distributor to the Department during any such year; and 2/3 of 1% of the amount of any additional tax paid hereunder by such distributor to the Department during any such year.

On and after December 1, 1985, a discount equal to 1.75% of the amount of the tax payable under this Act up to and including the first $3,000,000 paid hereunder by such distributor to the Department during any such year and 1.5% of the amount of any additional tax paid hereunder by such distributor to the Department during any such year. Two or more distributors that use a common means of affixing revenue tax stamps or that are owned or controlled by the same interests shall be treated as a single distributor for the purpose of computing the discount.

Cigarette manufacturers who are distributors under Section 7(a) of this Act, and who place their cigarettes in original packages which are contained inside a sealed transparent wrapper, shall be required to remit the tax which they are required to collect under this Act to the Department by remitting the amount thereof to the Department by the 5th day of each month, covering cigarettes shipped or otherwise delivered to points in Illinois to purchasers during the preceding calendar month, but a distributor need not remit to the Department the tax so collected by him from purchasers under this Act to the extent to which such distributor is required to remit the tax imposed by the Cigarette Tax Act to the Department with respect to the same cigarettes. All taxes upon cigarettes under this Act are a direct tax upon the retail consumer and shall conclusively be presumed to be precollected for the purpose of convenience and facility only. Cigarette manufacturers who are distributors licensed under Section 7(a) of this Act and Distributors who place their cigarettes in original packages which are contained inside a sealed transparent wrapper, before delivering such cigarettes or causing such cigarettes to be delivered in this State to purchasers, shall evidence their obligation to collect and remit the tax due with respect to such cigarettes by imprinting language to be prescribed by the Department on each original package of such cigarettes underneath the sealed transparent outside wrapper of such original package, in such place.
thereon and in such manner as the Department may prescribe; provided (as stated hereinbefore) that this requirement does not apply when such distributor is required or authorized by the Cigarette Tax Act to place the tax imprint provided for in the last paragraph of Section 3 of that Act underneath the sealed transparent wrapper of such original package of cigarettes. Such imprinted language shall acknowledge the manufacturer's collection and payment of or liability for the tax imposed by this Act with respect to such cigarettes.

The Department shall adopt the design or designs of the tax stamps and shall procure the printing of such stamps in such amounts and denominations as it deems necessary to provide for the affixation of the proper amount of tax stamps to each original package of cigarettes.

Where tax stamps are required, the Department may authorize distributors to affix revenue tax stamps by imprinting tax meter stamps upon original packages of cigarettes. The Department shall adopt rules and regulations relating to the imprinted of such tax meter stamps as will result in payment of the proper taxes as herein imposed. No distributor may affix revenue tax stamps to original packages of cigarettes by imprinting meter stamps thereon unless such distributor has first obtained permission from the Department to employ this method of affixation. The Department shall regulate the use of tax meters and may, to assure the proper collection of the taxes imposed by this Act, revoke or suspend the privilege, theretofore granted by the Department to any distributor, to imprint tax meter stamps upon original packages of cigarettes.

The tax hereby imposed and not paid pursuant to this Section shall be paid to the Department directly by any person using such cigarettes within this State, pursuant to Section 12 hereof.

A distributor shall not affix, or cause to be affixed, any stamp or imprint to a package of cigarettes, as provided for in this Section, if the tobacco product manufacturer, as defined in Section 10 of the Tobacco Product Manufacturers' Escrow Act, that made or sold the cigarettes has failed to become a participating manufacturer, as defined in subdivision (a)(1) of Section 15 of the Tobacco Product Manufacturers' Escrow Act, or has failed to create a qualified escrow fund for any cigarettes manufactured by the tobacco product manufacturer and sold in this State or otherwise failed to bring itself into compliance with subdivision (a)(2) of Section 15 of the Tobacco Product Manufacturers' Escrow Act.

Sec. 4. Distributor's license. A distributor maintaining a place of business in this State, if required to procure a license or allowed to obtain a permit as a distributor under the Cigarette Tax Act, need not obtain an additional license or permit under this Act, but shall be deemed to be sufficiently licensed or registered by virtue of his being licensed or registered under the Cigarette Tax Act.

Every distributor maintaining a place of business in this State, if not required to procure a license or allowed to obtain a permit as a distributor under the Cigarette Tax Act, shall make a verified application to the Department (upon a form prescribed and furnished by the Department) for a license to act as a distributor under this Act. In completing such application, the applicant shall furnish such information as the Department may reasonably require.

The annual license fee payable to the Department for each distributor's license shall be $250. The purpose of such annual license fee is to defray the cost, to the Department, of serializing cigarette tax stamps. The applicant for license shall pay such fee to the Department at the time of submitting the application for license to the Department.

Such applicant shall file, with his application, a joint and several bond. Such bond shall be executed to the Department of Revenue, with good and sufficient surety or sureties residing or licensed to do business within the State of Illinois, in the amount of $2,500, conditioned upon the true and faithful compliance by the licensee with all of the provisions of this Act. Such bond, or a reissue thereof, or a substitute therefor, shall be kept in effect during the entire period covered by the license. A separate application for license shall be made, a separate annual license fee paid, and a separate bond filed, for each place of business at or from which the applicant proposes to act as a distributor under this Act and for which the

(4) a person, or any person who owns more than 15 percent of the ownership interests in a person or a related party who:

Upon approval of such application and bond and payment of the required annual license fee, the Department shall issue a license to the applicant. Such license shall permit the applicant to engage in business as a distributor at or from the place shown in his application. All licenses issued by the Department under this Act shall be valid for not to exceed one year after issuance unless sooner revoked, canceled or suspended as in this Act provided. No license issued under this Act is transferable or assignable. Such license shall be conspicuously displayed at the place of business for which it is issued.

Sec. 4d. Sales of cigarettes to and by retailers. In-state makers, manufacturers, or fabricators licensed as distributors under Section 4 of this Act and out-of-state makers, manufacturers, or fabricators holding permits under Section 7 of this Act may not sell original packages of cigarettes to retailers. A retailer may sell only original packages of cigarettes obtained from licensed distributors other than in-state makers, manufacturers, or fabricators licensed as distributors under Section 4 of this Act and out-of-state makers, manufacturers, or fabricators holding permits under Section 7 of this Act.

(35 ILCS 135/7) (from Ch. 120, par. 453.37)

Sec. 7. Distributor's permits.

(a) The Department may, in its discretion, upon application, issue permits authorizing the collection of the tax herein imposed by those out-of-State cigarette manufacturers who are not required to be licensed as distributors of cigarettes in this State, but who elect to qualify under this Act as distributors of cigarettes in this State, and who, to the satisfaction of the Department, furnish adequate security to insure collection and payment of the tax, provided that any such permit shall extend only to cigarettes which such permittee manufacturer places in original packages that are contained inside a sealed transparent wrapper, and provided that no such permit shall be issued under this Act to such a manufacturer who has obtained the permit provided for in Section 4b(a) of the Cigarette Tax Act. Such distributor shall be issued, without charge, a permit to collect such tax in such manner, and subject to such reasonable regulations and agreements as the Department shall prescribe. When so authorized, it shall be the duty of such distributor to collect the tax upon all cigarettes which he delivers (or causes to be delivered) within this State to licensed distributors' purchasers, in the same manner and subject to the same requirements as a distributor maintaining a place of business within this State. Such permit shall be in such form as the Department may prescribe and shall not be transferable or assignable.

The following are ineligible to receive a distributor's permit under this Act:

(1) a person who is not of good character and reputation in the community in which he resides;

(2) a person who has been convicted of a felony under any Federal or State law, if the Department, after investigation and a hearing, if

requested by the applicant, determines that such person has not been sufficiently rehabilitated to warrant the public trust;

(3) a corporation, if any officer, manager or director thereof, or any stockholder or stockholders owning in the aggregate more than 5% of the stock of such corporation, would not be eligible to receive a permit under this Act for any reason.

With respect to cigarettes which come within the scope of such a permit and which any such permittee delivers or causes to be delivered in Illinois to licensed distributors purchasers, such permittee shall collect the tax imposed by this Act and shall remit such tax to the Department by the 5th day of each month for the preceding calendar month. Each such remittance shall be accompanied by a return filed with the Department on a form to be prescribed and furnished by the Department and shall disclose such information as the Department may lawfully require. The Department may promulgate rules to require that the permittee's return be accompanied by appropriate computer-generated magnetic media supporting schedule data in the format prescribed by the Department, unless, as provided by rule, the Department grants an exception upon petition of the permittee. Each such return shall be accompanied by a copy of each invoice rendered by the permittee to any licensed distributor purchaser to whom the permittee delivered cigarettes of the type covered by the permit (or caused cigarettes of the type covered by the permit to be delivered) in Illinois during the period covered by such return.

Such authority and permit may be suspended, canceled or revoked when, at any time, the Department considers that the security given is inadequate, or that such tax can more effectively be collected from the person using such cigarettes in this State or through distributors located in this State, or whenever the permittee violates any provision of this Act or any lawful rule or regulation issued by the Department pursuant to this Act or is determined to be ineligible for a distributor's permit under this Act as provided in this Section, or whenever the permittee shall notify the Department in writing of his desire to have the permit canceled. The Department shall have the power, in its discretion, to issue a new permit after such suspension, cancellation or revocation, except when the person who would receive the permit is ineligible to receive a distributor's permit under this Act.

All permits issued by the Department under this Act shall be valid for not to exceed one year after issuance unless sooner revoked, canceled or suspended as in this Act provided.
