(b) the transaction giving rise to the interest expense between the taxpayer and the person did not have as a principal purpose the avoidance of Illinois income tax, and is paid pursuant to a contract or agreement that reflects an arm's-length interest rate and terms; or

(iii) the taxpayer can establish, based on clear and convincing evidence, that the interest paid, accrued, or incurred relates to a contract or agreement entered into at arm's-length rates and terms and the principal purpose for the payment is not federal or Illinois tax avoidance; or

The preceding sentence shall not apply to the extent that the same dividends caused a reduction to the addition modification required under Section 203(c)(2)(G-12) of this Act. As used in this subparagraph, the term "intangible expenses and costs" includes: (1) expenses, losses, and costs for or related to the direct or indirect acquisition, use, maintenance or management, ownership, sale, exchange, or any other disposition of intangible property; (2) losses incurred, directly or indirectly, from factoring transactions or discounting transactions; (3) royalty, patent, technical, and copyright fees; (4) licensing fees; and (5) other similar expenses and costs. (d) Partnerships.

(1) In general. In the case of a partnership, base income means an amount equal to the taxpayer's taxable income for the taxable year as modified by paragraph (2).

(2) Modifications. The taxable income referred to in paragraph (1) shall be modified by adding thereto the sum of the following amounts:

   (A) An amount equal to all amounts paid or accrued to the taxpayer as interest or dividends during the taxable year to the extent excluded from gross income in the computation of taxable income;

The taxpayer is required to make the addition modification under this subparagraph only once with respect to any one piece of property;

(D-7) An amount equal to the amount otherwise allowed as a deduction in computing base income for interest paid, accrued, or incurred, directly or indirectly, (i) for taxable years ending on or after December 31, 2004, to a foreign person who would be a member of the same unitary business group but for the fact the foreign person's business activity outside the United States is 80% or more of the foreign person's total business activity and (ii) for taxable years ending on or after December 31, 2008, to a person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304. The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income pursuant to Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the interest was paid, accrued, or incurred.

(a) the person, during the same taxable year, paid, accrued, or incurred, the interest to a person that is not a related member, and

(b) the transaction giving rise to the interest expense between the taxpayer and the person did not have as a principal purpose the avoidance of Illinois income tax, and is paid pursuant to a contract or agreement that reflects an arm's-length interest rate and terms; or

(iii) the taxpayer can establish, based on clear and convincing evidence, that the interest paid, accrued, or incurred relates to a contract or agreement entered into at arm's-length rates and terms and the principal purpose for the payment is not federal or Illinois tax avoidance; or

(iv) an item of interest paid, accrued, or incurred, directly or indirectly, to a person if the taxpayer establishes by clear and convincing evidence that the adjustments are unreasonable; or if the taxpayer and the Director agree in writing to the application or use of an alternative method of apportionment under Section 304(f).

Nothing in this subsection shall preclude the Director from making any other adjustment otherwise allowed under Section 404 of this Act for any tax year beginning after the effective date of this amendment provided such adjustment is made pursuant to regulation adopted by the Department and such regulations provide methods and standards by which the Department will utilize its authority under Section 404 of this Act; and

The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income pursuant to Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the intangible expenses and costs were directly or indirectly paid, incurred or accrued. The preceding sentence shall not apply to the extent that the same dividends caused a reduction to the addition modification required under Section 203(d)(2)(D-7) of this Act. As used in this subparagraph, the term "intangible expenses and costs" includes (1) expenses, losses, and costs for, or related to, the direct or indirect acquisition, use, maintenance or management, ownership, sale, exchange, or any other disposition of intangible property; (2) losses incurred, directly or indirectly, from factoring transactions or discounting transactions; (3) royalty, patent, technical, and copyright fees; (4) licensing fees; and (5) other similar expenses and costs. (a) the person during the same taxable year paid, accrued, or incurred, the intangible expense or cost to a person that is not a related member, and

(b) the transaction giving rise to the intangible expense or cost between the taxpayer and the person did not have as a principal purpose the avoidance of Illinois income tax, and is paid pursuant to a contract or agreement that reflects arm's-length terms; or

(iii) any item of intangible expense or cost paid, accrued, or incurred, directly or indirectly, from a transaction with a person if the taxpayer establishes by clear and convincing evidence, that the adjustments are unreasonable; or if the taxpayer and the Director agree in writing to the application or use of an alternative method of apportionment under Section 304(f);

Nothing in this subsection shall preclude the Director from making any other adjustment otherwise allowed under Section 404 of this Act for any tax year beginning after the effective date of this amendment provided such adjustment is made
pursuant to regulation adopted by the Department and such regulations provide methods and standards by which the Department will utilize its authority under Section 404 of this Act;

(D-9) For taxable years ending on or after December 31, 2008, an amount equal to the amount of insurance premium expenses and costs otherwise allowed as a deduction in computing base income, and that were paid, accrued, or incurred, directly or indirectly, to a person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304. The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income under Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the premiums and costs were directly or indirectly paid, incurred, or accrued. The preceding sentence does not apply to the extent that the same dividends caused a reduction to the addition modification required under Section 203(d)(2)(D-7) or Section 203(d)(2)(D-8) of this Act.

exempts income derived from bonds or other obligations from the tax imposed under this Act, the amount exempted shall be the interest net of bond premium amortization;

(H) For taxable years ending before December 31, 2009, any income of the partnership which constitutes personal service income as defined in Section 1348(b)(1) of the Internal Revenue Code (as in effect December 31, 1981) or a reasonable allowance for compensation paid or accrued for services rendered by partners to the partnership, whichever is greater;

(e) Gross income; adjusted gross income; taxable income.

(1) In general. Subject to the provisions of paragraph (2) and subsection (b) (3), for purposes of this Section and Section 803(e), a taxpayer's gross income, adjusted gross income, or taxable income for the taxable year shall mean the amount of gross income, adjusted gross income or taxable income properly reportable for federal income tax purposes for the taxable year under the provisions of the Internal Revenue Code. Taxable income may be less than zero. However, for taxable years ending on or after December 31, 1986, net operating loss carryforwards from taxable years ending prior to December 31, 1986, may not exceed the sum of federal taxable income for the taxable year before net operating loss deduction, plus the excess of addition modifications over subtraction modifications for the taxable year. For taxable years ending prior to December 31, 1986, taxable income may never be an amount in excess of the net operating loss for the taxable year as defined in subsections (c) and (d) of Section 172 of the Internal Revenue Code, provided that when taxable income of a corporation (other than a Subchapter S corporation), trust, or estate is less than zero and addition modifications, other than those provided by subparagraph (E) of paragraph (2) of subsection (b) for corporations or subparagraph (E) of paragraph (2) of subsection (c) for trusts and estates, exceed subtraction modifications, an addition modification must be made under those subparagraphs for any other taxable year to which the taxable income less than zero (net operating loss) is applied under Section 172 of the Internal Revenue Code or under subparagraph (E) of paragraph (2) of this subsection (e) applied in conjunction with Section 172 of the Internal Revenue Code.

(2) Special rule. For purposes of paragraph (1) of this subsection, the taxable income properly reportable for federal income tax purposes shall mean:

Section 801 of the Internal Revenue Code, life insurance company taxable income, plus the amount of distribution from pre-1984 policyholder surplus accounts as calculated under Section 815a of the Internal Revenue Code;

(B) Certain other insurance companies. In the case of mutual insurance companies subject to the tax imposed by Section 831 of the Internal Revenue Code, insurance company taxable income;

(C) Regulated investment companies. In the case of a regulated investment company subject to the tax imposed by Section 852 of the Internal Revenue Code, investment company taxable income;

(D) Real estate investment trusts. In the case of a real estate investment trust subject to the tax imposed by Section 857 of the Internal Revenue Code, real estate investment trust taxable income;

(E) Consolidated corporations. In the case of a corporation which is a member of an affiliated group of corporations filing a consolidated income tax return for the taxable year for federal income tax purposes, taxable income determined as if such corporation had filed a separate return for federal income tax purposes for the taxable year and each preceding taxable year for which it was a member of an affiliated group. For purposes of this subparagraph, the taxpayer’s separate taxable income shall be determined as if the election provided by Section 243(b) (2) of the Internal Revenue Code had been in effect for all such years;

(F) Cooperatives. In the case of a cooperative corporation or association, the taxable income of such organization determined in accordance with the provisions of Section 1381 through 1388 of the Internal Revenue Code;

(G) Subchapter S corporations. In the case of: (i) a Subchapter S corporation for which there is in effect an election for the taxable year under Section 1362 of the Internal Revenue Code, the taxable income of such corporation determined in accordance with Section 1363(b) of the Internal Revenue Code, except that taxable income
shall take into account those items which are required by Section 1363(b)(1) of the Internal Revenue Code to be separately stated; and (ii) a Subchapter S corporation for which there is in effect a federal election to opt out of the provisions of the Subchapter S Revision Act of 1982 and have applied instead the prior federal Subchapter S rules as in effect on July 1, 1982, the taxable income of such corporation determined in accordance with the federal Subchapter S rules as in effect on July 1, 1982; and

(H) Partnerships. In the case of a partnership, taxable income determined in accordance with Section 703 of the Internal Revenue Code, except that taxable income shall take into account those items which are required by Section 703(a)(1) to be separately stated but which would be taken into account by an individual in calculating his taxable income.

(3) Recapture of business expenses on disposition of asset or business. Notwithstanding any other law to the contrary, if in prior years income from an asset or business has been classified as business income and in a later year is demonstrated to be non-business income, then all expenses, without limitation, deducted in such later year and in the 2 immediately preceding taxable years related to that asset or business that generated the non-business income shall be added back and recaptured as business income in the year of the disposition of the asset or business. Such amount shall be apportioned to Illinois using the greater of the apportionment fraction computed for the business under Section 304 of this Act for the taxable year or the average of the apportionment fractions computed for the business under Section 304 of this Act for the taxable year and for the 2 immediately preceding taxable years.

(f) Valuation limitation amount.

(1) In general. The valuation limitation amount referred to in subsections (a) (2) (G), (c) (2) (I) and (d)(2) (E) is an amount equal to:

(A) The sum of the pre-August 1, 1969 appreciation amounts (to the extent consisting of gain reportable under the provisions of Section 1245 or 1250 of the Internal

Revenue Code) for all property in respect of which such gain was reported for the taxable year; plus

(B) The lesser of (i) the sum of the pre-August 1, 1969 appreciation amounts (to the extent consisting of capital gain) for all property in respect of which such gain was reported for federal income tax purposes for the taxable year, or (ii) the net capital gain for the taxable year, reduced in either case by any amount of such gain included in the amount determined under subsection (a) (2) (F) or (c) (2) (H).

(2) Pre-August 1, 1969 appreciation amount.

(A) If the fair market value of property referred to in paragraph (1) was readily ascertainable on August 1, 1969, the pre-August 1, 1969 appreciation amount for such property is the lesser of (i) the excess of such fair market value over the taxpayer's basis (for determining gain) for such property on that date (determined under the Internal Revenue Code as in effect on that date), or (ii) the total gain realized and reportable for federal income tax purposes in respect of the sale, exchange or other disposition of such property.

(B) If the fair market value of property referred to in paragraph (1) was not readily ascertainable on August 1, 1969, the pre-August 1, 1969 appreciation amount for such property is that amount which bears the same ratio to the total gain reported in respect of the property for federal income tax purposes for the taxable year, as the number of full calendar months in that part of the taxpayer's holding period for the property ending July 31, 1969 bears to the number of full calendar months in the taxpayer's entire holding period for the property.

(C) The Department shall prescribe such regulations as may be necessary to carry out the purposes of this paragraph.

(g) Double deductions. Unless specifically provided otherwise, nothing in this Section shall permit the same item to be deducted more than once.

(h) Legislative intention. Except as expressly provided by this Section there shall be no modifications or limitations on the amounts of
income, gain, loss or deduction taken into account in determining gross income, adjusted gross income or taxable income for federal income tax purposes for the taxable year, or in the amount of such items entering into the computation of base income and net income under this Act for such taxable year, whether in respect of property values as of August 1, 1969 or otherwise.

and (3) of Section 201 of this Act plus the amount of such refunds remaining approved but unpaid at the end of the preceding fiscal year, minus the amounts transferred into the Income Tax Refund Fund from the Tobacco Settlement Recovery Fund, and the denominator of which shall be the amounts which will be collected pursuant to subsections (a) and (b)(1), (2), and (3) of Section 201 of this Act during the preceding fiscal year; except that in State fiscal year 2002, the Annual Percentage shall in no event exceed 7.6%. The Director of Revenue shall certify the Annual Percentage to the Comptroller on the last business day of the fiscal year immediately preceding the fiscal year for which it is to be effective.

(2) Beginning on January 1, 1989 and thereafter, the Department shall deposit a percentage of the amounts collected pursuant to subsections (a) and (b)(6), (7), and (8), (c) and (d) of Section 201 of this Act into a fund in the State treasury known as the Income Tax Refund Fund. The Department shall deposit 18% of such amounts during the period beginning January 1, 1989 and ending on June 30, 1989. Beginning with State fiscal year 1990 and for each fiscal year thereafter, the percentage deposited into the Income Tax Refund Fund during a fiscal year shall be the Annual Percentage. For fiscal years 1999, 2000, and 2001, the Annual Percentage shall be 19%. For fiscal year 2003, the Annual Percentage shall be 27%. For fiscal year 2004, the Annual Percentage shall be 32%. Upon the effective date of this amendatory Act of the 93rd General Assembly, the Annual Percentage shall be 24% for fiscal year 2005. For fiscal year 2006, the Annual Percentage shall be 20%. For fiscal year 2007, the Annual Percentage shall be 17.5%. For fiscal year 2008, the Annual Percentage shall be 15.5%. For fiscal year 2009, the Annual Percentage shall be 17.5%. For fiscal year 2010, the Annual Percentage shall be 17.5%. For all other fiscal years, the Annual Percentage shall be calculated as a fraction, the numerator of which shall be the amount of refunds approved for payment by the Department during the preceding fiscal year as a result of overpayment of tax liability under subsections (a) and (b)(6), (7), and (8), (c) and (d) of Section 201 of this Act plus the amount of such refunds remaining approved but unpaid at the end of the preceding fiscal year, and the denominator of which shall be the amounts which will be collected pursuant to subsections (a) and

(b)(6), (7), and (8), (c) and (d) of Section 201 of this Act during the preceding fiscal year; except that in State fiscal year 2002, the Annual Percentage shall in no event exceed 23%. The Director of Revenue shall certify the Annual Percentage to the Comptroller on the last business day of the fiscal year immediately preceding the fiscal year for which it is to be effective.

(d) Expenditures from Income Tax Refund Fund.

(1) Beginning January 1, 1989, money in the Income Tax Refund Fund shall be expended exclusively for the purpose of paying refunds resulting from overpayment of tax liability under Section 201 of this Act, for paying rebates under Section 208.1 in the event that the amounts in the Homeowners' Tax Relief Fund are insufficient for that purpose, and for making transfers pursuant to this subsection (d).

(2) The Director shall order payment of refunds resulting from overpayment of tax liability under Section 201 of this Act from the Income Tax Refund Fund only to the extent that amounts collected pursuant to Section 201 of this Act and transfers pursuant to this subsection (d) and item (3) of subsection (c) have been deposited and retained in the Fund.

(3) As soon as possible after the end of each fiscal year, the Director shall order transferred and the State Treasurer and State Comptroller shall transfer from the Income Tax Refund Fund to the Personal Property Tax Replacement Fund an amount, certified by the Director to the Comptroller, equal to the excess of the amount collected pursuant to subsections (c) and (d) of Section 201 of this Act deposited into the Income Tax Refund Fund during the fiscal year over the amount of refunds resulting from overpayment of tax liability under subsections (c) and (d) of Section 201 of this Act paid from the Income Tax Refund Fund during the fiscal year.

certified by the Director to the Comptroller, equal to the excess of the amount of refunds resulting from overpayment of tax liability under subsections (c) and (d) of Section 201 of this Act paid from the Income Tax Refund Fund during the fiscal year over the amount collected pursuant to subsections (c) and (d) of Section 201 of this Act deposited into the Income Tax Refund Fund during the fiscal year.

(4.5) As soon as possible after the end of fiscal year 1999 and of each fiscal year thereafter, the Director shall order transferred and the State Treasurer and State Comptroller shall transfer from the Income Tax Refund Fund to the General Revenue Fund any surplus remaining in the Income Tax Refund Fund as of the end of such fiscal year; excluding for fiscal years 2000, 2001, and 2002 amounts attributable to transfers under item (3) of subsection (c) less refunds resulting from the earned income tax credit.

(5) This Act shall constitute an irrevocable and continuing appropriation from the Income Tax Refund Fund for the purpose of paying refunds upon the order of the Director in accordance with the provisions of this Section.

Section 5-50. The Motor Fuel Tax Law is amended by changing Section 8 as follows:
(35 ILCS 505/8) (from Ch. 120, par. 424)
Sec. 8. Except as provided in Section 8a, subdivision (h)(1) of Section 12a, Section 13a.6, and items 13, 14, 15, and 16 of Section 15, all money received by the Department under this Act, including payments made to the Department by member jurisdictions participating in the International Fuel Tax Agreement, shall be deposited in a special fund in the State treasury, to be known as the "Motor Fuel Tax Fund", and shall be used as follows:
(a) 2 1/2 cents per gallon of the tax collected on special fuel under paragraph (b) of Section 2 and Section 13a of this Act shall be transferred to the State Construction Account Fund in the State Treasury;
(b) $420,000 shall be transferred each month to the State Boating Act Fund to be used by the Department of Natural Resources for the purposes specified in Article X of the Boat Registration and Safety Act;
(c) $2,250,000 shall be transferred each month to the Grade Crossing Protection Fund to be used as follows: not less than $6,000,000 each fiscal year shall be used for the construction or reconstruction of rail highway grade separation structures; $2,250,000 in fiscal year 2004 and each fiscal year thereafter shall be transferred to the Transportation Regulatory Fund and shall be accounted for as part of the rail carrier portion of such funds and shall be used to pay the cost of administration of the Illinois Commerce Commission's railroad safety program in connection with its duties under subsection (3) of Section 18c-7401 of the Illinois Vehicle Code, with the remainder to be used by the Department of Transportation upon order of the Illinois Commerce Commission, to pay that part of the cost apportioned by such Commission to the State to cover the interest of the public in the use of highways, roads, streets, or pedestrian walkways in the county highway system, township and district road system, or municipal street system as defined in the Illinois Highway Code, as the same may from time to time be amended, for separation of grades, for installation, construction or reconstruction of crossing protection or reconstruction, alteration, relocation including construction or improvement of any existing highway necessary for access to property

or improvement of any grade crossing including the necessary highway approaches thereto of any railroad across the highway or public road, or for the installation, construction, reconstruction, or maintenance of a pedestrian walkway over or under a railroad right-of-way, as provided for in and in accordance with Section 18c-7401 of the Illinois Vehicle Code. The Commission shall not order more than $2,000,000 per year in Grade Crossing Protection Fund moneys for pedestrian walkways. In entering orders for projects for which payments from the Grade Crossing Protection Fund will be made, the Commission shall account for expenditures authorized by the orders on a cash rather than an accrual basis. For purposes of this requirement an "accrual basis" assumes that the total cost of the project is expended in the fiscal year in which the order is entered, while a "cash basis" allocates the cost of the project among fiscal years as expenditures are actually made. To meet the requirements of this subsection, the Illinois Commerce Commission shall develop annual and 5-year project plans of rail crossing capital improvements that will be paid for with moneys from the Grade Crossing Protection Fund. The annual project plan shall identify projects for the succeeding fiscal year and the 5-year project plan shall identify projects for the 5 directly succeeding fiscal years. The Commission shall submit the annual and 5-year project plans for this Fund to the Governor, the President of the Senate, the Senate Minority Leader, the Speaker of the House of Representatives, and the Minority Leader of the House of Representatives on the first Wednesday in April of each year;

(d) of the amount remaining after allocations provided for in subsections (a), (b) and (c), a sufficient amount shall be reserved to pay all of the following:

(1) the costs of the Department of Revenue in administering this Act;

(2) the costs of the Department of Transportation in performing its duties imposed by the Illinois Highway Code for supervising the use of motor fuel tax funds apportioned to municipalities, counties and road districts;

(3) refunds provided for in Section 13 of this Act and under the terms of the International Fuel Tax Agreement referenced in Section 14a;

(4) from October 1, 1985 until June 30, 1994, the administration of the Vehicle Emissions Inspection Law, which amount shall be certified monthly by the Environmental Protection

Agency to the State Comptroller and shall promptly be transferred by the State Comptroller and Treasurer from the Motor Fuel Tax Fund to the Vehicle Inspection Fund, and for the period July 1, 1994 through June 30, 2000, one-twelfth of $25,000,000 each month, for the period July 1, 2000 through June 30, 2003, one-twelfth of $30,000,000 each month, and $15,000,000 on July 1, 2003, and $15,000,000 on January 1, 2004, and $15,000,000 on each July 1 and October 1, or as soon thereafter as may be practical, during the period July 1, 2004 through June 30, 2009, for the administration of the Vehicle Emissions Inspection Law of 2005, to be transferred by the State Comptroller and Treasurer from the Motor Fuel Tax Fund into the Vehicle Inspection Fund;

(5) amounts ordered paid by the Court of Claims; and

(6) payment of motor fuel use taxes due to member jurisdictions under the terms of the International Fuel Tax Agreement. The Department shall certify these amounts to the Comptroller by the 15th day of each month; the Comptroller shall cause orders to be drawn for such amounts, and the Treasurer shall administer those amounts on or before the last day of each month;

(e) after allocations for the purposes set forth in subsections (a), (b), (c) and (d), the remaining amount shall be apportioned as follows:

(1) Until January 1, 2000, 58.4%, and beginning January 1, 2000, 45.6% shall be deposited as follows:

   (A) 37% into the State Construction Account Fund, and
   (B) 63% into the Road Fund, $1,250,000 of which shall be reserved each month for the Department of Transportation to be used in accordance with the provisions of Sections 6-901 through 6-906 of the Illinois Highway Code;

(2) Until January 1, 2000, 41.6%, and beginning January 1, 2000, 54.4% shall be transferred to the Department of Transportation to be distributed as follows:

   (A) 49.10% to the municipalities of the State,
   (B) 16.74% to the counties of the State having 1,000,000 or more inhabitants,
   (C) 18.27% to the counties of the State having less than 1,000,000 inhabitants,
(D) 15.89% to the road districts of the State.

As soon as may be after the first day of each month the Department of Transportation shall allot to each municipality its share of the amount apportioned to the several municipalities which shall be in proportion to the population of such municipalities as determined by the last preceding municipal census if conducted by the Federal Government or Federal census. If territory is annexed to any municipality subsequent to the time of the last preceding census the corporate authorities of such municipality may cause a census to be taken of such annexed territory and the population so ascertained for such territory shall be added to the population of the municipality as determined by the last preceding census for the purpose of determining the allotment for that municipality. If the population of any municipality was not determined by the last Federal census preceding any apportionment, the apportionment to such municipality shall be in accordance with any census taken by such municipality. Any municipal census used in accordance with this Section shall be certified to the Department of Transportation by the clerk of such municipality, and the accuracy thereof shall be subject to approval of the Department which may make such corrections as it ascertains to be necessary.

As soon as may be after the first day of each month the Department of Transportation shall allot to each county its share of the amount apportioned to the several counties of the State as herein provided. Each allotment to the several counties having less than 1,000,000 inhabitants shall be in proportion to the amount of motor vehicle license fees received from the residents of such counties, respectively, during the preceding calendar year. The Secretary of State shall, on or before April 15 of each year, transmit to the Department of Transportation a full and complete report showing the amount of motor vehicle license fees received from the residents of each county, respectively, during the preceding calendar year. The Department of Transportation shall, each month, use for allotment purposes the last such report received from the Secretary of State.

As soon as may be after the first day of each month, the Department of Transportation shall allot to the several counties their share of the amount apportioned for the use of road districts. The allotment shall be apportioned among the several counties in the State in the proportion which the total mileage of township or district roads in the respective counties bears to the total mileage of all township and district roads in the State. therein shall be allocated to the several road districts in the county in the proportion which the total mileage of such township or district roads in the respective road districts bears to the total mileage of all such township or district roads in the county. After July 1 of any year, no allocation shall be made for any road district unless it levied a tax for road and bridge purposes in an amount which will require the extension of such tax against the taxable property in any such road district at a rate of not less than either .08% of the value thereof, based upon the assessment for the year immediately prior to the year in which such tax was levied and as equalized by the Department of Revenue or, in DuPage County, an amount equal to or greater than $12,000 per mile of road under the jurisdiction of the road district, whichever is less. If any road district has levied a special tax for road purposes pursuant to Sections 6-601, 6-602 and 6-603 of the Illinois Highway Code, and such tax was levied in an amount which would require extension at a rate of not less than .08% of the value of the taxable property thereof, as equalized or assessed by the Department of Revenue, or, in DuPage County, an amount equal to or greater than $12,000 per mile of road under the jurisdiction of the road district, whichever is less, such levy shall, however, be deemed a proper compliance with this Section and shall qualify such road district for an allotment under this Section. If a township has transferred to the road and bridge fund money which, when added to the amount of any tax levy of the road district would be the equivalent of a tax levy requiring extension at a rate of at least .08%, or, in DuPage County, an amount equal to or greater than $12,000 per mile of road under the jurisdiction of the road district, whichever is less, such transfer, together with any such tax levy, shall be deemed a proper compliance with this Section and shall qualify the road district for an allotment under this Section.

In counties in which a property tax extension limitation is imposed under the Property Tax Extension Limitation Law, road districts may retain their entitlement to a motor fuel tax allotment if, at the time the property tax extension limitation was imposed, the road district was levying a road and bridge tax at a rate sufficient to entitle it to a motor fuel tax allotment and continues to levy the maximum allowable amount after the imposition of the property tax extension limitation. Any road district may in all circumstances retain its entitlement to a motor fuel tax allotment if it levied a road and bridge tax in an amount that will require the extension of the tax against the taxable property in the road district at a rate of not less than 0.08% of the assessed value of the property, based

upon the assessment for the year immediately preceding the year in which the tax was levied and as equalized by the Department of Revenue or, in DuPage County, an amount equal to or greater than $12,000 per mile of road under the jurisdiction of the road district, whichever is less.

As used in this Section the term "road district" means any road district, including a county unit road district, provided for by the Illinois Highway Code; and the term "township or district road" means any road in the township and district road system as defined in the Illinois Highway Code. For the purposes of this Section, "road district" also includes park districts, forest preserve districts and conservation districts organized under Illinois law and "township or district road" also includes such roads as are maintained by park districts, forest preserve districts and conservation districts. The Department of Transportation shall determine the mileage of all township and district roads for the purposes of making allotments and allocations of motor fuel tax funds for use in road districts.

Payment of motor fuel tax moneys to municipalities and counties shall be made as soon as possible after the allotment is made. The treasurer of the municipality or county may invest these funds until their use is required and the interest earned by these investments shall be limited to the same uses as the principal funds.

Section 5-50.5. The Illinois Pension Code is amended by changing Section 14-131 as follows:

(40 ILCS 5/14-131) (from Ch. 108 1/2, par. 14-131)
Sec. 14-131. Contributions by State.
(a) The State shall make contributions to the System by appropriations of amounts which, together with other employer contributions from trust, federal, and other funds, employee contributions, investment income, and other income, will be sufficient to meet the cost of maintaining and administering the System on a 90% funded basis in accordance with actuarial recommendations.

For the purposes of this Section and Section 14-135.08, references to State contributions refer only to employer contributions and do not include employee contributions that are picked up or otherwise paid by the State or a department on behalf of the employee.

(b) The Board shall determine the total amount of State contributions required for each fiscal year on the basis of the actuarial tables and other assumptions adopted by the Board, using the formula in subsection (e).

New matter indicated by italics - deletions by strikeout.
The Board shall also determine a State contribution rate for each fiscal year, expressed as a percentage of payroll, based on the total required State contribution for that fiscal year (less the amount received by the System from appropriations under Section 8.12 of the State Finance Act and Section 1 of the State Pension Funds Continuing Appropriation Act, if any, for the fiscal year ending on the June 30 immediately preceding the applicable November 15 certification deadline), the estimated payroll (including all forms of compensation) for personal services rendered by eligible employees, and the recommendations of the actuary.

For the purposes of this Section and Section 14.1 of the State Finance Act, the term "eligible employees" includes employees who participate in the System, persons who may elect to participate in the System but have not so elected, persons who are serving a qualifying period that is required for participation, and annuitants employed by a department as described in subdivision (a)(1) or (a)(2) of Section 14-111.

(c) Contributions shall be made by the several departments for each pay period by warrants drawn by the State Comptroller against their respective funds or appropriations based upon vouchers stating the amount to be so contributed. These amounts shall be based on the full rate certified by the Board under Section 14-135.08 for that fiscal year. From the effective date of this amendatory Act of the 93rd General Assembly through the payment of the final payroll from fiscal year 2004 appropriations, the several departments shall not make contributions for the remainder of fiscal year 2004 but shall instead make payments as required under subsection (a-1) of Section 14.1 of the State Finance Act. The several departments shall resume those contributions at the commencement of fiscal year 2005.

(c-1) Notwithstanding subsection (c) of this Section, for fiscal year 2010 only, contributions by the several departments are not required to be made for General Revenue Funds payrolls processed by the Comptroller. Payrolls paid by the several departments from all other State funds must continue to be processed pursuant to subsection (c) of this Section.

(c-2) For State fiscal year 2010 only, on or as soon as possible after the 15th day of each month the Board shall submit vouchers for payment of State contributions to the System, in a total monthly amount of one-twelfth of the fiscal year 2010 General Revenue Fund appropriation to the System.

New matter indicated by italics - deletions by strikeout.
(d) If an employee is paid from trust funds or federal funds, the department or other employer shall pay employer contributions from those funds to the System at the certified rate, unless the terms of the trust or the federal-State agreement preclude the use of the funds for that purpose, in which case the required employer contributions shall be paid by the State. From the effective date of this amendatory Act of the 93rd General Assembly through the payment of the final payroll from fiscal year 2004 appropriations, the department or other employer shall not pay contributions for the remainder of fiscal year 2004 but shall instead make payments as required under subsection (a-1) of Section 14.1 of the State Finance Act. The department or other employer shall resume payment of contributions at the commencement of fiscal year 2005.

(e) For State fiscal years 2011 through 2045, the minimum contribution to the System to be made by the State for each fiscal year shall be an amount determined by the System to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of State fiscal year 2045. In making these determinations, the required State contribution shall be calculated each year as a level percentage of payroll over the years remaining to and including fiscal year 2045 and shall be determined under the projected unit credit actuarial cost method.

For State fiscal years 1996 through 2005, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments so that by State fiscal year 2011, the State is contributing at the rate required under this Section; except that (i) for State fiscal year 1998, for all purposes of this Code and any other law of this State, the certified percentage of the applicable employee payroll shall be 5.052% for employees earning eligible creditable service under Section 14-110 and 6.500% for all other employees, notwithstanding any contrary certification made under Section 14-135.08 before the effective date of this amendatory Act of 1997, and (ii) in the following specified State fiscal years, the State contribution to the System shall not be less than the following indicated percentages of the applicable employee payroll, even if the indicated percentage will produce a State contribution in excess of the amount otherwise required under this subsection and subsection (a): 9.8% in FY 1999; 10.0% in FY 2000; 10.2% in FY 2001; 10.4% in FY 2002; 10.6% in FY 2003; and 10.8% in FY 2004.

New matter indicated by italics - deletions by strikeout.
Notwithstanding any other provision of this Article, the total required State contribution to the System for State fiscal year 2006 is $203,783,900.

Notwithstanding any other provision of this Article, the total required State contribution to the System for State fiscal year 2007 is $344,164,400.

For each of State fiscal years 2008 through 2010, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments from the required State contribution for State fiscal year 2007, so that by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

Beginning in State fiscal year 2008, the minimum State contribution for each fiscal year shall be the amount needed to maintain the total assets of the System at 90% of the total actuarial liabilities of the System.

Amounts received by the System pursuant to Section 25 of the Budget Stabilization Act or Section 8.12 of the State Finance Act in any fiscal year do not reduce and do not constitute payment of any portion of the minimum State contribution required under this Article in that fiscal year. Such amounts shall not reduce, and shall not be included in the calculation of, the required State contributions under this Article in any future year until the System has reached a funding ratio of at least 90%. A reference in this Article to the "required State contribution" or any substantially similar term does not include or apply to any amounts payable to the System under Section 25 of the Budget Stabilization Act.

Notwithstanding any other provision of this Section, the required State contribution for State fiscal year 2005 and for fiscal year 2008 and each fiscal year thereafter, as calculated under this Section and certified under Section 14-135.08, shall not exceed an amount equal to (i) the amount of the required State contribution that would have been calculated under this Section for that fiscal year if the System had not received any payments under subsection (d) of Section 7.2 of the General Obligation Bond Act, minus (ii) the portion of the State's total debt service payments for that fiscal year on the bonds issued for the purposes of that Section 7.2, as determined and certified by the Comptroller, that is the same as the System's portion of the total moneys distributed under subsection (d) of Section 7.2 of the General Obligation Bond Act. In determining this maximum for State fiscal years 2008 through 2010, however, the amount

referred to in item (i) shall be increased, as a percentage of the applicable employee payroll, in equal increments calculated from the sum of the required State contribution for State fiscal year 2007 plus the applicable portion of the State's total debt service payments for fiscal year 2007 on the bonds issued for the purposes of Section 7.2 of the General Obligation Bond Act, so that, by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

(f) After the submission of all payments for eligible employees from personal services line items in fiscal year 2004 have been made, the Comptroller shall provide to the System a certification of the sum of all fiscal year 2004 expenditures for personal services that would have been covered by payments to the System under this Section if the provisions of this amendatory Act of the 93rd General Assembly had not been enacted. Upon receipt of the certification, the System shall determine the amount due to the System based on the full rate certified by the Board under Section 14-135.08 for fiscal year 2004 in order to meet the State's obligation under this Section. The System shall compare this amount due to the amount received by the System in fiscal year 2004 through payments under this Section and under Section 6z-61 of the State Finance Act. If the amount due is more than the amount received, the difference shall be termed the "Fiscal Year 2004 Shortfall" for purposes of this Section, and the Fiscal Year 2004 Shortfall shall be satisfied under Section 1.2 of the State Pension Funds Continuing Appropriation Act. If the amount due is less than the amount received, the difference shall be termed the "Fiscal Year 2004 Overpayment" for purposes of this Section, and the Fiscal Year 2004 Overpayment shall be repaid by the System to the Pension Contribution Fund as soon as practicable after the certification.

(g) After the submission of all payments for eligible employees from personal services line items paid from the General Revenue Fund in fiscal year 2010 have been made, the Comptroller shall provide to the System a certification of the sum of all fiscal year 2010 expenditures for personal services that would have been covered by payments to the System under this Section if the provisions of this amendatory Act of the 96th General Assembly had not been enacted. Upon receipt of the certification, the System shall determine the amount due to the System based on the full rate certified by the Board under Section 14-135.08 for fiscal year 2010 in order to meet the State's obligation under this Section. The System shall compare this amount due to the amount received by the System in fiscal year 2010 through payments under this Section. If the amount due is more

than the amount received, the difference shall be termed the "Fiscal Year 2010 Shortfall" for purposes of this Section, and the Fiscal Year 2010 Shortfall shall be satisfied under Section 1.2 of the State Pension Funds Continuing Appropriation Act. If the amount due is less than the amount received, the difference shall be termed the "Fiscal Year 2010 Overpayment" for purposes of this Section, and the Fiscal Year 2010 Overpayment shall be repaid by the System to the General Revenue Fund as soon as practicable after the certification.

(a) From each fund from which an amount is appropriated for personal services to a department or other employer under Article 14 of the Illinois Pension Code, there is hereby appropriated to that department or other employer, on a continuing annual basis for each State fiscal year, an additional amount equal to the amount, if any, by which (1) an amount equal to the percentage of the personal services line item for that department or employer from that fund for that fiscal year that the Board of Trustees of the State Employees' Retirement System of Illinois has certified under Section 14-135.08 of the Illinois Pension Code to be necessary to meet the State's obligation under Section 14-131 of the Illinois Pension Code for that fiscal year, exceeds (2) the amounts otherwise appropriated to that department or employer from that fund for State contributions to the State Employees' Retirement System for that fiscal year. From the effective date of this amendatory Act of the 93rd General Assembly through the final payment from a department or employer's personal services line item for fiscal year 2004, payments to the State Employees' Retirement System that otherwise would have been made under this subsection (a) shall be governed by the provisions in subsection (a-1).

(a-1) If a Fiscal Year 2004 Shortfall is certified under subsection (f) of Section 14-131 of the Illinois Pension Code, there is hereby appropriated to the State Employees' Retirement System of Illinois on a continuing basis from the General Revenue Fund an additional aggregate amount equal to the Fiscal Year 2004 Shortfall.

(a-2) If a Fiscal Year 2010 Shortfall is certified under subsection (g) of Section 14-131 of the Illinois Pension Code, there is hereby appropriated to the State Employees' Retirement System of Illinois on a continuing basis from the General Revenue Fund an additional aggregate amount equal to the Fiscal Year 2010 Shortfall.

Section 5-51. The School Code is amended by changing Section 18-8.05 as follows:

(105 ILCS 5/18-8.05)

Sec. 18-8.05. Basis for apportionment of general State financial aid and supplemental general State aid to the common schools for the 1998-1999 and subsequent school years.

(A) General Provisions.

(1) The provisions of this Section apply to the 1998-1999 and subsequent school years. The system of general State financial aid provided for in this Section is designed to assure that, through a combination of State financial aid and required local resources, the financial support provided each pupil in Average Daily Attendance equals or exceeds a prescribed per pupil Foundation Level. This formula approach imputes a level of per pupil Available Local Resources and provides for the basis to calculate a per pupil level of general State financial aid that, when added to Available Local Resources, equals or exceeds the Foundation Level. The amount of per pupil general State financial aid for school districts, in general, varies in inverse relation to Available Local Resources. Per pupil amounts are based upon each school district's Average Daily Attendance as that term is defined in this Section.

(2) In addition to general State financial aid, school districts with specified levels or concentrations of pupils from low income households are eligible to receive supplemental general State financial aid grants as provided pursuant to subsection (H). The supplemental State aid grants provided for school districts under subsection (H) shall be appropriated for distribution to school districts as part of the same line item in which the

New matter indicated by italics - deletions by strikeout.
general State financial aid of school districts is appropriated under this Section.

(3) To receive financial assistance under this Section, school districts are required to file claims with the State Board of Education, subject to the following requirements:

(a) Any school district which fails for any given school year to maintain school as required by law, or to maintain a recognized school is not eligible to file for such school year any claim upon the Common School Fund. In case of nonrecognition of one or more attendance centers in a school district otherwise operating recognized schools, the claim of the district shall be reduced in the proportion which the Average Daily Attendance in the attendance center or centers bear to the Average Daily Attendance in the school district. A "recognized school" means any public school which meets the standards as established for recognition by the State Board of Education. A school district or attendance center not having recognition status at the end of a school term is entitled to receive State aid payments due upon a legal claim which was filed while it was recognized.

(b) School district claims filed under this Section are subject to Sections 18-9 and 18-12, except as otherwise provided in this Section.

(c) If a school district operates a full year school under Section 10-19.1, the general State aid to the school district shall be determined by the State Board of Education in accordance with this Section as near as may be applicable.

(d) (Blank).

(4) Except as provided in subsections (H) and (L), the board of any district receiving any of the grants provided for in this Section may apply those funds to any fund so received for which that board is authorized to make expenditures by law.

School districts are not required to exert a minimum Operating Tax Rate in order to qualify for assistance under this Section.

(5) As used in this Section the following terms, when capitalized, shall have the meaning ascribed herein:

(a) "Average Daily Attendance": A count of pupil attendance in school, averaged as provided for in subsection (C) and utilized in deriving per pupil financial support levels.
(b) "Available Local Resources": A computation of local financial support, calculated on the basis of Average Daily Attendance and derived as provided pursuant to subsection (D).

(c) "Corporate Personal Property Replacement Taxes": Funds paid to local school districts pursuant to "An Act in relation to the abolition of ad valorem personal property tax and the replacement of revenues lost thereby, and amending and repealing certain Acts and parts of Acts in connection therewith", certified August 14, 1979, as amended (Public Act 81-1st S.S.-1).

(d) "Foundation Level": A prescribed level of per pupil financial support as provided for in subsection (B).

(e) "Operating Tax Rate": All school district property taxes extended for all purposes, except Bond and Interest, Summer School, Rent, Capital Improvement, and Vocational Education Building purposes.

(B) Foundation Level.

(1) The Foundation Level is a figure established by the State representing the minimum level of per pupil financial support that should be available to provide for the basic education of each pupil in Average Daily Attendance. As set forth in this Section, each school district is assumed to exert a sufficient local taxing effort such that, in combination with the aggregate of general State financial aid provided the district, an aggregate of State and local resources are available to meet the basic education needs of pupils in the district.

(2) For the 1998-1999 school year, the Foundation Level of support is $4,225. For the 1999-2000 school year, the Foundation Level of support is $4,325. For the 2000-2001 school year, the Foundation Level of support is $4,425. For the 2001-2002 school year and 2002-2003 school year, the Foundation Level of support is $4,560. For the 2003-2004 school year, the Foundation Level of support is $4,810. For the 2004-2005 school year, the Foundation Level of support is $4,964. For the 2005-2006 school year, the Foundation Level of support is $5,164. For the 2006-2007 school year, the Foundation Level of support is $5,334. For the 2007-2008 school year, the Foundation Level of support is $5,734. For the 2008-2009 school year, the Foundation Level of support is $5,959.

(3) For the 2009-2010 school year and each school year thereafter, the Foundation Level of support is $6,119 or such greater amount as may be established by law by the General Assembly.

(C) Average Daily Attendance.

New matter indicated by italics - deletions by strikeout.
(1) For purposes of calculating general State aid pursuant to subsection (E), an Average Daily Attendance figure shall be utilized. The Average Daily Attendance figure for formula calculation purposes shall be the monthly average of the actual number of pupils in attendance of each school district, as further averaged for the best 3 months of pupil attendance for each school district. In compiling the figures for the number of pupils in attendance, school districts and the State Board of Education shall, for purposes of general State aid funding, conform attendance figures to the requirements of subsection (F).

(2) The Average Daily Attendance figures utilized in subsection (E) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated or the average of the attendance data for the 3 preceding school years, whichever is greater. The Average Daily Attendance figures utilized in subsection (H) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated.

(D) Available Local Resources.

(1) For purposes of calculating general State aid pursuant to subsection (E), a representation of Available Local Resources per pupil, as that term is defined and determined in this subsection, shall be utilized. Available Local Resources per pupil shall include a calculated dollar amount representing local school district revenues from local property taxes and from Corporate Personal Property Replacement Taxes, expressed on the basis of pupils in Average Daily Attendance. Calculation of Available Local Resources shall exclude any tax amnesty funds received as a result of Public Act 93-26.

(2) In determining a school district's revenue from local property taxes, the State Board of Education shall utilize the equalized assessed valuation of all taxable property of each school district as of September 30 of the previous year. The equalized assessed valuation utilized shall be obtained and determined as provided in subsection (G).

(3) For school districts maintaining grades kindergarten through 12, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 3.00%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades kindergarten through 8, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 2.30%, and

New matter indicated by italics - deletions by strikeout.
divided by the district's Average Daily Attendance figure. For school districts maintaining grades 9 through 12, local property tax revenues per pupil shall be the applicable equalized assessed valuation of the district multiplied by 1.05%, and divided by the district's Average Daily Attendance figure.

For partial elementary unit districts created pursuant to Article 11E of this Code, local property tax revenues per pupil shall be calculated as the product of the equalized assessed valuation for property within the partial elementary unit district for elementary purposes, as defined in Article 11E of this Code, multiplied by 2.06% and divided by the district's Average Daily Attendance figure, plus the product of the equalized assessed valuation for property within the partial elementary unit district for high school purposes, as defined in Article 11E of this Code, multiplied by 0.94% and divided by the district's Average Daily Attendance figure.

(4) The Corporate Personal Property Replacement Taxes paid to each school district during the calendar year 2 years before the calendar year in which a school year begins, divided by the Average Daily Attendance figure for that district, shall be added to the local property tax revenues per pupil as derived by the application of the immediately preceding paragraph (3). The sum of these per pupil figures for each school district shall constitute Available Local Resources for that year is utilized in subsection (E) in the calculation of general State aid.

(E) Computation of General State Aid.

(1) For each school year, the amount of general State aid allotted to a school district shall be computed by the State Board of Education as provided in this subsection.

(2) For any school district for which Available Local Resources per pupil is less than the product of 0.93 times the Foundation Level, general State aid for that district shall be calculated as an amount equal to the Foundation Level minus Available Local Resources, multiplied by the Average Daily Attendance of the school district.

(3) For any school district for which Available Local Resources per pupil is equal to or greater than the product of 0.93 times the Foundation Level and less than the product of 1.75 times the Foundation Level, the general State aid per pupil shall be a decimal proportion of the Foundation Level derived using a linear algorithm. Under this linear algorithm, the calculated general State aid per pupil shall decline in direct linear fashion from 0.07 times the Foundation Level for a school district with Available

New matter indicated by italics - deletions by strikeout.
Local Resources equal to the product of 0.93 times the Foundation Level, to 0.05 times the Foundation Level for a school district with Available Local Resources equal to the product of 1.75 times the Foundation Level. The allocation of general State aid for school districts subject to this paragraph 3 shall be the calculated general State aid per pupil figure multiplied by the Average Daily Attendance of the school district.

(4) For any school district for which Available Local Resources per pupil equals or exceeds the product of 1.75 times the Foundation Level, the general State aid for the school district shall be calculated as the product of $218 multiplied by the Average Daily Attendance of the school district.

(5) The amount of general State aid allocated to a school district for the 1999-2000 school year meeting the requirements set forth in paragraph (4) of subsection (G) shall be increased by an amount equal to the general State aid that would have been received by the district for the 1998-1999 school year by utilizing the Extension Limitation Equalized Assessed Valuation as calculated in paragraph (4) of subsection (G) less the general State aid allotted for the 1998-1999 school year. This amount shall be deemed a one time increase, and shall not affect any future general State aid allocations.

(F) Compilation of Average Daily Attendance.

(1) Each school district shall, by July 1 of each year, submit to the State Board of Education, on forms prescribed by the State Board of Education, attendance figures for the school year that began in the preceding calendar year. The attendance information so transmitted shall identify the average daily attendance figures for each month of the school year. Beginning with the general State aid claim form for the 2002-2003 school year, districts shall calculate Average Daily Attendance as provided in subdivisions (a), (b), and (c) of this paragraph (1).

(a) In districts that do not hold year-round classes, days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

(b) In districts in which all buildings hold year-round classes, days of attendance in July and August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

(c) In districts in which some buildings, but not all, hold year-round classes, for the non-year-round buildings, days of attendance in August shall be added to the month of September and

New matter indicated by italics - deletions by strikeout.
any days of attendance in June shall be added to the month of May. The average daily attendance for the year-round buildings shall be computed as provided in subdivision (b) of this paragraph (1). To calculate the Average Daily Attendance for the district, the average daily attendance for the year-round buildings shall be multiplied by the days in session for the non-year-round buildings for each month and added to the monthly attendance of the non-year-round buildings.

Except as otherwise provided in this Section, days of attendance by pupils shall be counted only for sessions of not less than 5 clock hours of school work per day under direct supervision of: (i) teachers, or (ii) non-teaching personnel or volunteer personnel when engaging in non-teaching duties and supervising in those instances specified in subsection (a) of Section 10-22.34 and paragraph 10 of Section 34-18, with pupils of legal school age and in kindergarten and grades 1 through 12.

Days of attendance by tuition pupils shall be accredited only to the districts that pay the tuition to a recognized school.

(2) Days of attendance by pupils of less than 5 clock hours of school shall be subject to the following provisions in the compilation of Average Daily Attendance.

(a) Pupils regularly enrolled in a public school for only a part of the school day may be counted on the basis of 1/6 day for every class hour of instruction of 40 minutes or more attended pursuant to such enrollment, unless a pupil is enrolled in a block-schedule format of 80 minutes or more of instruction, in which case the pupil may be counted on the basis of the proportion of minutes of school work completed each day to the minimum number of minutes that school work is required to be held that day.

(b) Days of attendance may be less than 5 clock hours on the opening and closing of the school term, and upon the first day of pupil attendance, if preceded by a day or days utilized as an institute or teachers' workshop.

(c) A session of 4 or more clock hours may be counted as a day of attendance upon certification by the regional superintendent, and approved by the State Superintendent of Education to the extent that the district has been forced to use daily multiple sessions.

(d) A session of 3 or more clock hours may be counted as a day of attendance (1) when the remainder of the school day or at

least 2 hours in the evening of that day is utilized for an in-service training program for teachers, up to a maximum of 5 days per school year of which a maximum of 4 days of such 5 days may be used for parent-teacher conferences, provided a district conducts an in-service training program for teachers which has been approved by the State Superintendent of Education; or, in lieu of 4 such days, 2 full days may be used, in which event each such day may be counted as a day of attendance; and (2) when days in addition to those provided in item (1) are scheduled by a school pursuant to its school improvement plan adopted under Article 34 or its revised or amended school improvement plan adopted under Article 2, provided that (i) such sessions of 3 or more clock hours are scheduled to occur at regular intervals, (ii) the remainder of the school days in which such sessions occur are utilized for in-service training programs or other staff development activities for teachers, and (iii) a sufficient number of minutes of school work under the direct supervision of teachers are added to the school days between such regularly scheduled sessions to accumulate not less than the number of minutes by which such sessions of 3 or more clock hours fall short of 5 clock hours. Any full days used for the purposes of this paragraph shall not be considered for computing average daily attendance. Days scheduled for in-service training programs, staff development activities, or parent-teacher conferences may be scheduled separately for different grade levels and different attendance centers of the district.

(e) A session of not less than one clock hour of teaching hospitalized or homebound pupils on-site or by telephone to the classroom may be counted as 1/2 day of attendance, however these pupils must receive 4 or more clock hours of instruction to be counted for a full day of attendance.

(f) A session of at least 4 clock hours may be counted as a day of attendance for first grade pupils, and pupils in full day kindergartens, and a session of 2 or more hours may be counted as 1/2 day of attendance by pupils in kindergartens which provide only 1/2 day of attendance.

(g) For children with disabilities who are below the age of 6 years and who cannot attend 2 or more clock hours because of their disability or immaturity, a session of not less than one clock hour may be counted as 1/2 day of attendance; however for such

New matter indicated by italics - deletions by strikeout.
children whose educational needs so require a session of 4 or more clock hours may be counted as a full day of attendance.

(h) A recognized kindergarten which provides for only 1/2 day of attendance by each pupil shall not have more than 1/2 day of attendance counted in any one day. However, kindergartens may count 2 1/2 days of attendance in any 5 consecutive school days. When a pupil attends such a kindergarten for 2 half days on any one school day, the pupil shall have the following day as a day absent from school, unless the school district obtains permission in writing from the State Superintendent of Education. Attendance at kindergartens which provide for a full day of attendance by each pupil shall be counted the same as attendance by first grade pupils. Only the first year of attendance in one kindergarten shall be counted, except in case of children who entered the kindergarten in their fifth year whose educational development requires a second year of kindergarten as determined under the rules and regulations of the State Board of Education.

(i) On the days when the Prairie State Achievement Examination is administered under subsection (c) of Section 2-3.64 of this Code, the day of attendance for a pupil whose school day must be shortened to accommodate required testing procedures may be less than 5 clock hours and shall be counted towards the 176 days of actual pupil attendance required under Section 10-19 of this Code, provided that a sufficient number of minutes of school work in excess of 5 clock hours are first completed on other school days to compensate for the loss of school work on the examination days.

(G) Equalized Assessed Valuation Data.

(1) For purposes of the calculation of Available Local Resources required pursuant to subsection (D), the State Board of Education shall secure from the Department of Revenue the value as equalized or assessed by the Department of Revenue of all taxable property of every school district, together with (i) the applicable tax rate used in extending taxes for the funds of the district as of September 30 of the previous year and (ii) the limiting rate for all school districts subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law.

The Department of Revenue shall add to the equalized assessed value of all taxable property of each school district situated entirely or partially within a county that is or was subject to the provisions of Section

New matter indicated by italics - deletions by strikeout.
15-176 or 15-177 of the Property Tax Code (a) an amount equal to the total amount by which the homestead exemption allowed under Section 15-176 or 15-177 of the Property Tax Code for real property situated in that school district exceeds the total amount that would have been allowed in that school district if the maximum reduction under Section 15-176 was (i) $4,500 in Cook County or $3,500 in all other counties in tax year 2003 or (ii) $5,000 in all counties in tax year 2004 and thereafter and (b) an amount equal to the aggregate amount for the taxable year of all additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of $30,000 or less. The county clerk of any county that is or was subject to the provisions of Section 15-176 or 15-177 of the Property Tax Code shall annually calculate and certify to the Department of Revenue for each school district all homestead exemption amounts under Section 15-176 or 15-177 of the Property Tax Code and all amounts of additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of $30,000 or less. It is the intent of this paragraph that if the general homestead exemption for a parcel of property is determined under Section 15-176 or 15-177 of the Property Tax Code rather than Section 15-175, then the calculation of Available Local Resources shall not be affected by the difference, if any, between the amount of the general homestead exemption allowed for that parcel of property under Section 15-176 or 15-177 of the Property Tax Code and the amount that would have been allowed had the general homestead exemption for that parcel of property been determined under Section 15-175 of the Property Tax Code. It is further the intent of this paragraph that if additional exemptions are allowed under Section 15-175 of the Property Tax Code for owners with a household income of less than $30,000, then the calculation of Available Local Resources shall not be affected by the difference, if any, because of those additional exemptions.

This equalized assessed valuation, as adjusted further by the requirements of this subsection, shall be utilized in the calculation of Available Local Resources.

(2) The equalized assessed valuation in paragraph (1) shall be adjusted, as applicable, in the following manner:

(a) For the purposes of calculating State aid under this Section, with respect to any part of a school district within a redevelopment project area in respect to which a municipality has adopted tax increment allocation financing pursuant to the Tax Increment Allocation Redevelopment Act, Sections 11-74.4-1

New matter indicated by italics - deletions by strikeout.
through 11-74.4-11 of the Illinois Municipal Code or the Industrial Jobs Recovery Law, Sections 11-74.6-1 through 11-74.6-50 of the Illinois Municipal Code, no part of the current equalized assessed valuation of real property located in any such project area which is attributable to an increase above the total initial equalized assessed valuation of such property shall be used as part of the equalized assessed valuation of the district, until such time as all redevelopment project costs have been paid, as provided in Section 11-74.4-8 of the Tax Increment Allocation Redevelopment Act or in Section 11-74.6-35 of the Industrial Jobs Recovery Law. For the purpose of the equalized assessed valuation of the district, the total initial equalized assessed valuation or the current equalized assessed valuation, whichever is lower, shall be used until such time as all redevelopment project costs have been paid.

(b) The real property equalized assessed valuation for a school district shall be adjusted by subtracting from the real property value as equalized or assessed by the Department of Revenue for the district an amount computed by dividing the amount of any abatement of taxes under Section 18-170 of the Property Tax Code by 3.00% for a district maintaining grades kindergarten through 12, by 2.30% for a district maintaining grades kindergarten through 8, or by 1.05% for a district maintaining grades 9 through 12 and adjusted by an amount computed by dividing the amount of any abatement of taxes under subsection (a) of Section 18-165 of the Property Tax Code by the same percentage rates for district type as specified in this subparagraph (b).

(3) For the 1999-2000 school year and each school year thereafter, if a school district meets all of the criteria of this subsection (G)(3), the school district’s Available Local Resources shall be calculated under subsection (D) using the district’s Extension Limitation Equalized Assessed Valuation as calculated under this subsection (G)(3).

For purposes of this subsection (G)(3) the following terms shall have the following meanings:

"Budget Year": The school year for which general State aid is calculated and awarded under subsection (E).

"Base Tax Year": The property tax levy year used to calculate the Budget Year allocation of general State aid.

New matter indicated by italics - deletions by strikeout.
"Preceding Tax Year": The property tax levy year immediately preceding the Base Tax Year.

"Base Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Base Tax Year multiplied by the limiting rate as calculated by the County Clerk and defined in the Property Tax Extension Limitation Law.

"Preceding Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Preceding Tax Year multiplied by the Operating Tax Rate as defined in subsection (A).

"Extension Limitation Ratio": A numerical ratio, certified by the County Clerk, in which the numerator is the Base Tax Year's Tax Extension and the denominator is the Preceding Tax Year's Tax Extension.

"Operating Tax Rate": The operating tax rate as defined in subsection (A).

If a school district is subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation of that district. For the 1999-2000 school year, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the district's 1996 Equalized Assessed Valuation and the district's Extension Limitation Ratio. For the 2000-2001 school year and each school year thereafter, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the Equalized Assessed Valuation last used in the calculation of general State aid and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of a school district as calculated under this subsection (G)(3) is less than the district's equalized assessed valuation as calculated pursuant to subsections (G)(1) and (G)(2), then for purposes of calculating the district's general State aid for the Budget Year pursuant to subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources under subsection (D).

Partial elementary unit districts created in accordance with Article 11E of this Code shall not be eligible for the adjustment in this subsection.
(G)(3) until the fifth year following the effective date of the reorganization.

(4) For the purposes of calculating general State aid for the 1999-2000 school year only, if a school district experienced a triennial reassessment on the equalized assessed valuation used in calculating its general State financial aid apportionment for the 1998-1999 school year, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation that would have been used to calculate the district's 1998-1999 general State aid. This amount shall equal the product of the equalized assessed valuation used to calculate general State aid for the 1997-1998 school year and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of the school district as calculated under this paragraph (4) is less than the district's equalized assessed valuation utilized in calculating the district's 1998-1999 general State aid allocation, then for purposes of calculating the district's general State aid pursuant to paragraph (5) of subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources.

(5) For school districts having a majority of their equalized assessed valuation in any county except Cook, DuPage, Kane, Lake, McHenry, or Will, if the amount of general State aid allocated to the school district for the 1999-2000 school year under the provisions of subsection (E), (H), and (J) of this Section is less than the amount of general State aid allocated to the district for the 1998-1999 school year under these subsections, then the general State aid of the district for the 1999-2000 school year only shall be increased by the difference between these amounts. The total payments made under this paragraph (5) shall not exceed $14,000,000. Claims shall be prorated if they exceed $14,000,000.

(H) Supplemental General State Aid.

(1) In addition to the general State aid a school district is allotted pursuant to subsection (E), qualifying school districts shall receive a grant, paid in conjunction with a district's payments of general State aid, for supplemental general State aid based upon the concentration level of children from low-income households within the school district. Supplemental State aid grants provided for school districts under this subsection shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section. If the appropriation in any fiscal year for general State aid and supplemental general State aid is

New matter indicated by italics - deletions by strikeout.
insufficient to pay the amounts required under the general State aid and supplemented general State aid calculations, then the State Board of Education shall ensure that each school district receives the full amount due for general State aid and the remainder of the appropriation shall be used for supplemental general State aid, which the State Board of Education shall calculate and pay to eligible districts on a prorated basis.

(1.5) This paragraph (1.5) applies only to those school years preceding the 2003-2004 school year. For purposes of this subsection (H), the term "Low-Income Concentration Level" shall be the low-income eligible pupil count from the most recently available federal census divided by the Average Daily Attendance of the school district. If, however, (i) the percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count of a high school district with fewer than 400 students exceeds by 75% or more the percentage change in the total low-income eligible pupil count of contiguous elementary school districts, whose boundaries are coterminous with the high school district, or (ii) a high school district within 2 counties and serving 5 elementary school districts, whose boundaries are coterminous with the high school district, has a percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count and there is a percentage increase in the total low-income eligible pupil count of a majority of the elementary school districts in excess of 50% from the 2 most recent federal censuses, then the high school district's low-income eligible pupil count from the earlier federal census shall be the number used as the low-income eligible pupil count for the high school district, for purposes of this subsection (H). The changes made to this paragraph (1) by Public Act 92-28 shall apply to supplemental general State aid grants for school years preceding the 2003-2004 school year that are paid in fiscal year 1999 or thereafter and to any State aid payments made in fiscal year 1994 through fiscal year 1998 pursuant to subsection 1(n) of Section 18-8 of this Code (which was repealed on July 1, 1998), and any high school district that is affected by Public Act 92-28 is entitled to a recomputation of its supplemental general State aid grant or State aid paid in any of those fiscal years. This recomputation shall not be affected by any other funding.

(3) School districts with an Average Daily Attendance of more than 1,000 and less than 50,000 that qualify for supplemental general State aid pursuant to this subsection shall submit a plan to the State Board of Education prior to October 30 of each year for the use of the funds resulting from this grant of supplemental general State aid for the improvement of instruction in which priority is given to meeting the education needs of disadvantaged children. Such plan shall be submitted in accordance with rules and regulations promulgated by the State Board of Education.

(4) School districts with an Average Daily Attendance of 50,000 or more that qualify for supplemental general State aid pursuant to this subsection shall be required to distribute from funds available pursuant to this Section, no less than $261,000,000 in accordance with the following requirements:

(a) The required amounts shall be distributed to the attendance centers within the district in proportion to the number of pupils enrolled at each attendance center who are eligible to receive free or reduced-price lunches or breakfasts under the federal Child Nutrition Act of 1966 and under the National School Lunch Act during the immediately preceding school year.

(b) The distribution of these portions of supplemental and general State aid among attendance centers according to these

requirements shall not be compensated for or contravened by adjustments of the total of other funds appropriated to any attendance centers, and the Board of Education shall utilize funding from one or several sources in order to fully implement this provision annually prior to the opening of school.

(c) Each attendance center shall be provided by the school district a distribution of noncategorical funds and other categorical funds to which an attendance center is entitled under law in order that the general State aid and supplemental general State aid provided by application of this subsection supplements rather than supplants the noncategorical funds and other categorical funds provided by the school district to the attendance centers.

(d) Any funds made available under this subsection that by reason of the provisions of this subsection are not required to be allocated and provided to attendance centers may be used and appropriated by the board of the district for any lawful school purpose.

(f) Each district subject to the provisions of this subdivision (H)(4) shall submit an acceptable plan to meet the educational needs of disadvantaged children, in compliance with the requirements of this paragraph, to the State Board of Education prior to July 15 of each year. This plan shall be consistent with the decisions of local school councils concerning the school expenditure plans developed in accordance with part 4 of Section 34-2.3. The State Board shall approve or reject the plan within 60 days after its submission. If the plan is rejected, the district shall give written notice of intent to modify the plan within 15 days of

the notification of rejection and then submit a modified plan within
30 days after the date of the written notice of intent to modify.
Districts may amend approved plans pursuant to rules promulgated
by the State Board of Education.

Upon notification by the State Board of Education that the
district has not submitted a plan prior to July 15 or a modified plan
within the time period specified herein, the State aid funds affected
by that plan or modified plan shall be withheld by the State Board
of Education until a plan or modified plan is submitted.

If the district fails to distribute State aid to attendance
centers in accordance with an approved plan, the plan for the
following year shall allocate funds, in addition to the funds
otherwise required by this subsection, to those attendance centers
which were underfunded during the previous year in amounts equal
to such underfunding.

For purposes of determining compliance with this
subsection in relation to the requirements of attendance center
funding, each district subject to the provisions of this subsection
shall submit as a separate document by December 1 of each year a
report of expenditure data for the prior year in addition to any
modification of its current plan. If it is determined that there has
been a failure to comply with the expenditure provisions of this
subsection regarding contravention or supplanting, the State
Superintendent of Education shall, within 60 days of receipt of the
report, notify the district and any affected local school council. The
district shall within 45 days of receipt of that notification inform
the State Superintendent of Education of the remedial or corrective
action to be taken, whether by amendment of the current plan, if
feasible, or by adjustment in the plan for the following year. Failure to provide the expenditure report or the notification of
remedial or corrective action in a timely manner shall result in a
withholding of the affected funds.

The State Board of Education shall promulgate rules and
regulations to implement the provisions of this subsection. No
funds shall be released under this subdivision (H)(4) to any district
that has not submitted a plan that has been approved by the State
Board of Education.

If a school district qualifies to receive a supplementary payment made under this subsection (J), the amount of the aggregate general State aid in combination with supplemental general State aid under this Section which that district is eligible to receive for each school year shall be no less than the amount of the aggregate general State aid entitlement that was received by the district under Section 18-8 (exclusive of amounts received under subsections 5(p) and 5(p-5) of that Section) for the 1997-1998 school year, pursuant to the provisions of that Section as it was then in effect.

(2) If, as provided in paragraph (1) of this subsection (J), a school district is to receive aggregate general State aid in combination with supplemental general State aid under this Section for the 1998-99 school year and any subsequent school year that in any such school year is less than the amount of the aggregate general State aid entitlement that the district received for the 1997-98 school year, the school district shall also receive, from a separate appropriation made for purposes of this subsection (J), a supplementary payment that is equal to the amount of the difference in the aggregate State aid figures as described in paragraph (1).

In calculating the amount to be paid to the governing board of a public university that operates a laboratory school under this Section or to any alternative school that is operated by a regional superintendent of schools, the State Board of Education shall require by rule such reporting requirements as it deems necessary.

As used in this Section, "laboratory school" means a public school which is created and operated by a public university and approved by the State Board of Education. The governing board of a public university which receives funds from the State Board under this subsection (K) may not increase the number of students enrolled in its laboratory school from a single district, if that district is already sending 50 or more students, except under a mutual agreement between the school board of a student's district

Each laboratory and alternative school shall file, on forms provided by the State Superintendent of Education, an annual State aid claim which states the Average Daily Attendance of the school’s students by month. The best 3 months’ Average Daily Attendance shall be computed for each school. The general State aid entitlement shall be computed by multiplying the applicable Average Daily Attendance by the Foundation Level as determined under this Section.

(L) Payments, Additional Grants in Aid and Other Requirements.

(1) For a school district operating under the financial supervision of an Authority created under Article 34A, the general State aid otherwise payable to that district under this Section, but not the supplemental general State aid, shall be reduced by an amount equal to the budget for the operations of the Authority as certified by the Authority to the State Board of Education, and an amount equal to such reduction shall be paid to the Authority created for such district for its operating expenses in the manner provided in Section 18-11. All members appointed to serve on the Board shall serve until their respective successors are appointed and confirmed. Vacancies shall be filled in the same manner as original appointments. If a vacancy in membership occurs at a time when the Senate is not in session, the Governor shall make a temporary appointment until the next meeting of the Senate, when he or she shall appoint, by and with the advice and consent of the Senate, a person to fill that membership for the unexpired term. If the Senate is not in session when the initial appointments are made, those appointments shall be made as in the case of vacancies.

The Education Funding Advisory Board shall be deemed established, and the initial members appointed by the Governor to serve as members of the Board shall take office, on the date that the Governor makes his or her appointment of the fifth initial member of the Board, whether those initial members are then serving pursuant to appointment and confirmation or pursuant to temporary appointments that are made by the Governor as in the case of vacancies.

The recommended foundation level shall be determined based on a methodology which incorporates the basic education expenditures of low-spending schools exhibiting high academic performance. The Education Funding Advisory Board shall make such recommendations to the General Assembly on January 1 of odd numbered years, beginning January 1, 2001.

The Department shall develop the new payment methodology to meet the unique needs of Illinois nursing home residents while remaining subject to the appropriations provided by the General Assembly. A transition period from the payment methodology in effect on June 30, 2003 to the payment methodology in effect on July 1, 2003 shall be provided for a period not exceeding 3 years and 184 days after implementation of the new payment methodology as follows:

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the support component of the rates taking effect on January 1, 2008 shall be computed using the most recent cost reports on file with the Department of Healthcare and Family Services no later than April 1, 2005, updated for inflation to January 1, 2006.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or as long-term care facilities for residents under 22 years of age, the rates taking effect on July 1, 2003 shall include a statewide increase of 4%, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or as Long Term Care for Under Age 22 facilities, the rates taking effect on the first day of the month that begins at least 45 days after the effective date of this amendatory Act of the 95th General Assembly shall include a statewide increase of 2.5%, as defined by the Department.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, effective January 1, 2005, facility rates shall be increased by the difference between (i) a facility's per diem property, liability, and malpractice insurance costs as reported in the cost report filed with the Department of Public Aid and used to establish rates effective July 1, 2001 and (ii) those same costs as reported in the facility's 2002 cost report. These costs shall be passed through to the facility without caps or limitations, except for adjustments required under normal auditing procedures.

Rates established effective each July 1 shall govern payment for services rendered throughout that fiscal year, except that rates established on July 1, 1996 shall be increased by 6.8% for services provided on or after January 1, 1997. Such rates will be based upon the rates calculated for the year beginning July 1, 1990, and for subsequent years thereafter until June 30, 2001 shall be based on the facility cost reports for the facility fiscal year ending at any point in time during the previous calendar year, updated to the midpoint of the rate year. The cost report shall be on

In determining rates for services rendered on and after July 1, 1985, fixed time shall not be computed at less than zero. The Department shall not make any alterations of regulations which would reduce any component of the Medicaid rate to a level below what that component would have been utilizing in the rate effective on July 1, 1984.

(2) Shall take into account the actual costs incurred by facilities in providing services for recipients of skilled nursing and intermediate care services under the medical assistance program.

(3) Shall take into account the medical and psycho-social characteristics and needs of the patients.

(4) Shall take into account the actual costs incurred by facilities in meeting licensing and certification standards imposed and prescribed by the State of Illinois, any of its political subdivisions or municipalities and by the U.S. Department of Health and Human Services pursuant to Title XIX of the Social Security Act.

The Department of Healthcare and Family Services shall develop precise standards for payments to reimburse nursing facilities for any utilization of appropriate rehabilitative personnel for the provision of rehabilitative services which is authorized by federal regulations, including reimbursement for services provided by qualified therapists or qualified assistants, and which is in accordance with accepted professional practices. Reimbursement also may be made for utilization of other supportive personnel under appropriate supervision.

Section 5-53. The Veterans' Health Insurance Program Act of 2008 is amended by changing Sections 3, 5, 15, 20, 30, 40, and 45 as follows:

(330 ILCS 126/3)

(Section scheduled to be repealed on January 1, 2012)

New matter indicated by italics - deletions by strikeout.
Sec. 3. Legislative intent. The General Assembly finds that those who have served their country honorably in military service and who are residing in this State deserve access to affordable, comprehensive health insurance. Many veterans are uninsured and unable to afford healthcare. This lack of healthcare, including preventative care, often exacerbates health conditions. The effects of lack of insurance negatively impact those residents of the State who are insured because the cost of paying for care to the uninsured is often shifted to those who have insurance in the form of higher health insurance premiums. It is, therefore, the intent of this legislation to provide access to affordable health insurance for veterans and their spouses residing in Illinois who are unable to afford such coverage. However, the State has only a limited amount of resources, and the General Assembly therefore declares that while it intends to cover as many such veterans and spouses as possible, the State may not be able to cover every eligible person who qualifies for this Program as a matter of entitlement due to limited funding.

AN ACT concerning business.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Consumer Fraud and Deceptive Business Practices Act is amended by changing and renumbering Section 2AAA, as added by Public Act 95-765, as follows:

(815 ILCS 505/2CCC)
Sec. 2CCC 2AAA. Internet game gaming service provider; cancellation.
(a) As used in this Section:
"Internet game gaming service provider" means a person who provides a web site that includes information, software, data, text, photographs, graphics, sound, or video that may be accessed by a consumer on a paid subscription basis for a fee for the purpose of the consumer playing a single player or multiplayer game through the Internet or that may be downloaded for the consumer to play on his or her computer outside of the Internet.

New matter indicated by italics - deletions by strikeout.
"Internet game gaming service provider" does not include online gambling or other gaming where a consumer can enter to win money.

(b) This Section applies only to agreements under which an Internet game gaming service provider provides service to consumers, for home and personal use, for a stated term that is automatically renewed for another term unless the consumer cancels the service.

(c) An Internet game gaming service provider must give a consumer who is an Illinois resident a disclosure of the methods the consumer may use to cancel the service. One of the methods of cancellation must provide for online cancellation of the service via email, chat, instant messaging, web-based forms, or any other means of communicating information over a computer network the following: (1) a secure method at the Internet gaming service provider's web site that the consumer may use to cancel the service, which method shall not require the consumer to make a telephone call or send U.S. Postal Service mail to effectuate the cancellation; and (2) instructions that the consumer may follow to cancel the service at the Internet gaming service provider's web site.

(d) This Section does not apply to any entity that merely provides the host platform on the web site to the Internet game gaming service provider.

(e) A person who violates this Section commits an unlawful practice within the meaning of this Act.

Section 99. Effective date. This Act takes effect upon becoming law.

Approved July 17, 2009.
Effective July 17, 2009.
Sec. 15-15. Complaints; investigations; hearings; summary suspension of license. The Department shall conduct regular inspections of all funeral establishments to determine compliance with the provisions of this Code. The Department may upon its own motion and shall upon the verified complaint in writing of any person setting forth facts that if proved would constitute grounds for refusal, suspension, revocation, or other disciplinary action investigate the action of any person holding or claiming to hold a license under this Code. The Department shall report to the Board, on at least a quarterly basis, the status or disposition of all complaints against, and investigations of, license holders. The Department shall, before refusing to issue or renew, suspending, revoking, or taking any other disciplinary action with respect to any license and at least 30 days before the date set for the hearing, notify in writing the licensee of any charges made and shall direct that person to file a written answer to the Board under oath within 20 days after the service of the notice and inform that person that failure to file an answer may result in default being taken and the person's license or certificate may be suspended, revoked, placed on probationary status, or other disciplinary action may be taken, including limiting the scope, nature or extent of practice, as the Secretary Director may deem proper. The Department shall afford the licensee an opportunity to be heard in person or by counsel in reference to the charges. Written notice may be served by personal delivery to the licensee or by mailing it by registered mail to the last known business address of licensee. In case the person fails to file an answer after receiving notice, his or her license or certificate may, in the discretion of the Department, be suspended, revoked, or placed on probationary status, or the Department may take whatever disciplinary action deemed proper, including limiting the scope, nature, or extent of the person's practice or the imposition of a fine, without a hearing, if the act or acts charged constitute sufficient grounds for such action under this Act. The hearing on the charges shall be at a time and place as the Department shall prescribe. The Department may appoint a hearing officer to conduct the hearing. The Department shall notify the Board of the time and place of the hearing and Board members shall be allowed to sit at the hearing. The Department has the power to subpoena and bring before it any person in this State, or take testimony of any person by deposition, with the same fees and mileage, in the same manner as prescribed by law in judicial proceedings in circuit courts of
this State in civil cases. If the Department determines that any licensee is guilty of a violation of any of the provisions of this Code, disciplinary action shall be taken against the licensee. The Department may take disciplinary action without a formal hearing subject to Section 10-70 of the Illinois Administrative Procedure Act.

The Secretary may summarily suspend the license of any person licensed under this Act without a hearing, simultaneously with the institution of proceedings for a hearing provided for in this Section, if the Secretary finds that evidence in the possession of the Secretary indicates that the continuation of practice by the licensee would constitute an imminent danger to the public. In the event that the Secretary summarily suspends the license of an individual without a hearing, a hearing must be held within 30 days after the suspension has occurred.

AN ACT concerning local government.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The North Shore Sanitary District Act is amended by changing Sections 11, 12, and 29 as follows:

(70 ILCS 2305/11) (from Ch. 42, par. 287)

Sec. 11. Except as otherwise provided in this Section, all contracts for purchases or sales by the municipality, the expense of which will exceed the mandatory competitive bid threshold, shall be let to the lowest responsible bidder therefor upon not less than 14 days' public notice of the terms and conditions upon which the contract is to be let, having been given by publication in a newspaper of general circulation published in the district, and the board may reject any and all bids and readvertise. In determining the lowest responsible bidder, the board shall take into consideration the qualities and serviceability of the articles supplied, their conformity with specifications, their suitability to the requirements of the

New matter indicated by italics - deletions by strikeout.
district, the availability of support services, the uniqueness of the service, materials, equipment, or supplies as it applies to network integrated computer systems, the compatibility of the service, materials, equipment or supplies with existing equipment, and the delivery terms. Contracts for services in excess of the mandatory competitive bid threshold may, subject to the provisions of this Section, be let by competitive bidding at the discretion of the district board of trustees. All contracts for purchases or sales that will not exceed the mandatory competitive bid threshold may be made in the open market without publication in a newspaper as above provided, but whenever practical shall be based on at least 3 competitive bids. For purposes of this Section, the "mandatory competitive bid threshold" is a dollar amount equal to 0.1% of the total general fixed assets of the district as reported in the most recent required audit report. In no event, however, shall the mandatory competitive bid threshold dollar amount be less than $10,000, nor more than $40,000.

Cash, a cashier's check, a certified check, or a bid bond with adequate surety approved by the board of trustees as a deposit of good faith, in a reasonable amount, but not in excess of 10% of the contract amount, may be required of each bidder by the district on all bids involving amounts in excess of the mandatory competitive bid threshold and, if so required, the advertisement for bids shall so specify.

Contracts which by their nature are not adapted to award by competitive bidding, including, without limitation, contracts for the services of individuals, groups or firms possessing a high degree of professional skill where the ability or fitness of the individual or organization plays an important part, contracts for financial management services undertaken pursuant to "An Act relating to certain investments of public funds by public agencies", approved July 23, 1943, as now or hereafter amended, contracts for the purchase or sale of utilities, contracts for commodities including supply contracts for natural gas and electricity, contracts for materials economically procurable only from a single source of supply, contracts for services, supplies, materials, parts, or equipment which are available only from a single source or contracts for maintenance, repairs, OEM supplies, or OEM parts from the manufacturer or from a source authorized by the manufacturer, contracts for the use, purchase, delivery, movement, or installation of data processing equipment, software, or services and telecommunications and interconnect equipment, software, or services, contracts for duplicating machines and supplies, contracts for goods or services procured from

another governmental agency, purchases of equipment previously owned by an entity other than the district itself, *purchases of used equipment, purchases at auction or similar transactions which by their very nature are not suitable to competitive bids*, and leases of real property where the sanitary district is the lessee shall not be subject to the competitive bidding requirements of this Section.

The District may use a design-build procurement method for any public project which shall not be subject to the competitive bidding requirements of this Section provided the Board of Trustees approves the contract for the public project by a vote of 4 of the 5 trustees. For the purposes of this Section, "design-build" means a delivery system that provides responsibility within a single contract for the furnishing of architecture, engineering, land surveying and related services as required, and the labor, materials, equipment, and other construction services for the project.

In the case of an emergency affecting the public health or safety so declared by the Board of Trustees of the municipality at a meeting thereof duly convened, which declaration shall require the affirmative vote of four of the five Trustees elected, and shall set forth the nature of the danger to the public health or safety, contracts totaling not more than the emergency contract cap may be let to the extent necessary to resolve such emergency without public advertisement or competitive bidding. For purposes of this Section, the "emergency contract cap" is a dollar amount equal to 0.4% of the total general fixed assets of the district as reported in the most recent required audit report. In no event, however, shall the emergency contract cap dollar amount be less than $40,000, nor more than $250,000. The Resolution or Ordinance in which such declaration is embodied shall fix the date upon which such emergency shall terminate which date may be extended or abridged by the Board of Trustees as in their judgment the circumstances require. A full written account of any such emergency, together with a requisition for the materials, supplies, labor or equipment required therefor shall be submitted immediately upon completion and shall be open to public inspection for a period of at least one year subsequent to the date of such emergency purchase. Within 30 days after the passage of the resolution or ordinance declaring an emergency affecting the public health or safety, the municipality shall submit to the Illinois Environmental Protection Agency the full written account of any such emergency along with a copy of the resolution or ordinance declaring

the emergency, in accordance with requirements as may be provided by rule.

To address operating emergencies not affecting the public health or safety, the Board of Trustees shall authorize, in writing, officials or employees of the sanitary district to purchase in the open market and without advertisement any supplies, materials, equipment, or services for immediate delivery to meet the bona fide operating emergency, without filing a requisition or estimate therefor, in an amount not in excess of $100,000; provided that the Board of Trustees must be notified of the operating emergency. A full, written account of each operating emergency and a requisition for the materials, supplies, equipment, and services required to meet the operating emergency must be immediately submitted by the officials or employees authorized to make purchases to the Board of Trustees. The account must be available for public inspection for a period of at least one year after the date of the operating emergency purchase. The exercise of authority with respect to purchases for a bona fide operating emergency is not dependent on a declaration of an operating emergency by the Board of Trustees.

The competitive bidding requirements of this Section do not apply to contracts, including contracts for both materials and services incidental thereto, for the repair or replacement of a sanitary district's treatment plant, sewers, equipment, or facilities damaged or destroyed as the result of a sudden or unexpected occurrence, including, but not limited to, a flood, fire, tornado, earthquake, storm, or other natural or man-made disaster, if the board of trustees determines in writing that the awarding of those contracts without competitive bidding is reasonably necessary for the sanitary district to maintain compliance with a permit issued under the National Pollution Discharge Elimination System (NPDES) or any successor system or with any outstanding order relating to that compliance issued by the United States Environmental Protection Agency, the Illinois Environmental Protection Agency, or the Illinois Pollution Control Board. The authority to issue contracts without competitive bidding pursuant to this paragraph expires 6 months after the date of the writing determining that the awarding of contracts without competitive bidding is reasonably necessary.

No Trustee shall be interested, directly or indirectly, in any contract, work or business of the municipality, or in the sale of any article, whenever the expense, price or consideration of the contract work, business or sale is paid either from the treasury or by any assessment

levied by any Statute or Ordinance. No Trustee shall be interested, directly or indirectly, in the purchase of any property which (1) belongs to the municipality, or (2) is sold for taxes or assessments of the municipality, or (3) is sold by virtue of legal process in the suit of the municipality.

A contract for any work or other public improvement, to be paid for in whole or in part by special assessment or special taxation, shall be entered into and the performance thereof controlled by the provisions of Division 2 of Article 9 of the "Illinois Municipal Code", approved May 29, 1961, as heretofore or hereafter amended, as near as may be. However, contracts may be let for making proper and suitable connections between the mains and outlets of the respective sanitary sewers in the district with any conduit, conduits, main pipe or pipes that may be constructed by such sanitary district.

(70 ILCS 2305/12) (from Ch. 42, par. 288)

Sec. 12. The board of trustees may levy and collect other taxes for corporate purposes upon property within the territorial limits of the sanitary district, the aggregate amount of which for each year may not exceed .083% of value, as equalized or assessed by the Department of Revenue, except that if a higher rate has been established by referendum before August 2, 1965, it shall continue. If the board desires to levy such taxes at a rate in excess of .083% but not in excess of .35% of the value of all taxable property within the district as equalized or assessed by the Department of Revenue, they shall order the question to be submitted at an election to be held within the district. The certification and submission of the question and the election shall be governed by the general election law. Upon the filing of a petition signed by 10% of the registered voters of the district, the right to levy an additional tax, or any portion thereof, authorized by the legal voters, may at any time after one or more tax levies thereunder, be terminated by a majority vote of the electors of the district at a referendum. The trustees of the district shall certify the proposition to the proper election officials, who shall submit the proposition at an election in accordance with the general election law.

In addition to the other taxes authorized by this Section, the board of trustees may levy and collect, without referendum, a tax for the purpose of paying the cost of operation of the chlorination of sewage, or other means of disinfection or additional treatment as may be required by water quality standards approved or adopted by the Pollution Control Board or by the court, which tax is not subject to the rate limitations imposed by

Sec. 39.6. Illinois State Police Precursor Tracking Program; general provisions.

(a) Purposes. The purposes of this Section are: to establish a pilot program based in Adams, Madison, St. Clair, and Vermilion Counties to track purchases of targeted methamphetamine precursors at multiple locations; to identify persons obtaining or distributing targeted methamphetamine precursors for the likely purpose of manufacturing methamphetamine; to starve methamphetamine manufacturers of the methamphetamine precursors they need to make methamphetamine; to locate and shut down methamphetamine laboratories; and ultimately to reduce the harm that methamphetamine manufacturing and manufacturers are inflicting on individuals, families, communities, first responders, the economy, and the environment in Illinois and beyond. In authorizing this pilot program, the General Assembly recognizes that, although this Act has significantly reduced the number of methamphetamine laboratories in Illinois, some persons continue to violate the Act, evade detection, and support the manufacture of methamphetamine by obtaining targeted methamphetamine precursor at multiple locations. The General Assembly further recognizes that putting an end to this practice and others like it will require an effort to track purchases of targeted methamphetamine precursor across multiple locations, and that a pilot program coordinated by the Illinois State Police in Adams, Madison, St. Clair, and Vermilion Counties will advance this important goal.

(b) Structure.

(1) There is established a pilot program coordinated by the Illinois State Police in Adams, Madison, St. Clair, and Vermilion Counties, known as the Illinois State Police Precursor Tracking
Program or Pilot Program, to track purchases of targeted methamphetamine precursor across multiple locations for the purposes stated in subsection (a) of this Section.

(2) The Pilot Program known as the Illinois State Police Precursor Tracking Program or the Pilot Program Authority shall be operated by the Illinois State Police in accordance with the provisions of Sections 39.6, 39.7, 39.8, and 39.8-5 of this Act.

(3) The Pilot Program Authority shall designate a Central Repository for the collection of required information, and the Central Repository shall operate according to the provisions of Sections 39.6, 39.7, 39.8, and 39.8-5 of this Act.

(4) Every covered pharmacy shall participate in the Pilot Program, and any non-covered pharmacy may participate on a voluntary basis and be known as a voluntary participant.

(c) Transmission of electronic transaction records. Except as provided in Section 39.8:

(1) Each time a covered pharmacy distributes a targeted methamphetamine precursor to a recipient under Section 25 of this Act, the covered pharmacy shall transmit an electronic transaction record to the Central Repository.

(2) Each covered pharmacy shall transmit electronic transaction records through the secure website described in Section 39.7 of this Act.

(d) Operation and Timeline for implementation.

(1) Except as stated in this subsection, this amendatory Act of the 96th General Assembly shall be operational upon the effective date of this amendatory Act.

(2) Covered pharmacies are not required to transmit any electronic transaction records and exempt pharmacies are not required to send any handwritten logs to the Central Repository until the reporting start date set by the Pilot Program Authority.

(3) The Pilot Program Authority shall announce the "reporting start date" within 90 days after the date this legislation becomes law.

(4) The reporting start date shall be no sooner than 90 days after the date on which the Pilot Program Authority announces the reporting start date.

(5) Starting on the reporting start date, and continuing for a period of one year thereafter, covered pharmacies shall transmit

New matter indicated by italics - deletions by strikeout.
electronic transaction records as described in Section 39.7 of this Act.

(6) Nothing in this Act shall preclude covered pharmacies and exempt pharmacies from voluntarily participating in the Pilot Program before the start date or continuing to participate in the Pilot Program after one year after the reporting start date.

(e) Funding. Funding for the Pilot Program shall be provided by the Illinois State Police, drawing upon federal grant money and other available sources. If funding is delayed, curtailed, or otherwise unavailable, the Pilot Program Authority may delay implementation of the Pilot Program, reduce the number of counties covered by the Pilot Program, or end the Pilot Program early. Should funding become available to implement a state-wide Illinois State Police Precursor Tracking Program, this pilot program may be expended to encompass all covered pharmacies in the State of Illinois. If any such change becomes necessary, the Illinois State Police shall inform every covered pharmacy in writing.

(f) Training. The Illinois State Police shall provide, free of charge, training and assistance to any pharmacy playing any role in the Pilot Program.

(g) Relationship between the Illinois State Police Precursor Tracking Program and other laws and rules. Nothing in Sections 39.6, 39.7, 39.8, and 39.8-5 of this Act shall supersede, nullify, or diminish the force of any requirement stated in any other Section of this Act or in any other State or federal law or rule.

(h) Duration and report to the Governor and General Assembly. The duration of the Illinois State Police Precursor Tracking Program shall be 2 years. The Illinois State Police shall prior to the end of this 2-year period report to the Governor and General Assembly on the implementation and efficacy of the Pilot Program and may recommend to them the continuation, modification, or termination of the Program.

(720 ILCS 648/39.7 new)

Sec. 39.7. Illinois State Police Precursor Tracking Program; secure website.

(a) Transmission of electronic transaction records through a secure website; in general.

(1) The Illinois State Police shall establish a secure website for the transmission of electronic transaction records and make it
available free of charge to any covered pharmacy that elects to use it.

(2) The secure website shall enable any covered pharmacy to transmit to the Central Repository an electronic transaction record each time the pharmacy distributes a targeted methamphetamine precursor to a recipient under Section 25 of this Act.

(3) If the secure website becomes unavailable to a covered pharmacy, the covered pharmacy may, during the period in which the secure website is not available, continue to distribute targeted methamphetamine precursor without using the secure website if, during this period, the covered pharmacy maintains and transmits handwritten logs as described in subsection (b) of Section 39.8 of this Act.

(b) Assistance to covered pharmacies using the secure website.

(1) The purpose of this subsection is to ensure that participation in the Pilot Program does not impose substantial costs on covered pharmacies that elect to transmit electronic transaction records to the Central Repository by means of the secure website.

(2) If a covered pharmacy that elects to transmit electronic transaction records by means of the secure website does not have computer hardware or software or related equipment sufficient to make use of the secure website, then the covered pharmacy may obtain and install such hardware or software or related equipment at its own cost, or it may request assistance from the Illinois State Police, or some combination of the two.

(3) Nothing in this subsection shall preclude the Illinois State Police from providing additional or other assistance to any pharmacy or retail distributor.

(c) Any covered pharmacy that elects to transmit electronic transaction records by means of the secure website described in this Section must use the secure website as its exclusive means of complying with subsections (d) and (f) of Section 25 of this Act. To facilitate this option, the Pilot Program shall do the following:

(1) The Illinois State Police shall provide to any covered pharmacy a means to capture a handwritten signature.

(2) The Illinois State Police shall provide the covered pharmacy with an official letter indicating that:

(C) Any law enforcement officer seeking to inspect or copy the covered pharmacy's logs should direct the request to the Illinois State Police through means described in the letter.

(720 ILCS 648/39.8 new)

Sec. 39.8. Illinois State Police Precursor Tracking Program; exempt pharmacies.

(1) The covered pharmacy:

the 60-day period preceding the date the written request is transmitted; and

(2) An exempt covered pharmacy shall transmit copies of handwritten logs to the Central Repository in person, by facsimile, through the United States Postal Service, or by other reasonably reliable and prompt means.

(4) The qualified outside entity does not have a history known to the Illinois State Police of violating this agreement or similar agreements or of breaching the confidentiality of sensitive information.

Section 5. The School Code is amended by changing Section 24-6 as follows:

(105 ILCS 5/24-6) (from Ch. 122, par. 24-6)
Sec. 24-6. Sick leave. The school boards of all school districts, including special charter districts, but not including school districts in municipalities of 500,000 or more, shall grant their full-time teachers, and also shall grant such of their other employees as are eligible to participate in the Illinois Municipal Retirement Fund under the "600-Hour Standard" established, or under such other eligibility participation standard as may from time to time be established, by rules and regulations now or hereafter promulgated by the Board of that Fund under Section 7-198 of the Illinois Pension Code, as now or hereafter amended, sick leave provisions not less in amount than 10 days at full pay in each school year. If any such teacher or employee does not use the full amount of annual leave thus allowed, the unused amount shall be allowed to accumulate to a minimum available leave of 180 days at full pay, including the leave of the current year. Sick

leave shall be interpreted to mean personal illness, quarantine at home, serious illness or death in the immediate family or household, or birth, adoption, or placement for adoption. The school board may require a certificate from a physician licensed in Illinois to practice medicine and surgery in all its branches, an advanced practice nurse who has a written collaborative agreement with a collaborating physician that authorizes the advanced practice nurse to perform health examinations, or a physician assistant who has been delegated the authority to perform health examinations by his or her supervising physician, or, if the treatment is by prayer or spiritual means, that of a spiritual adviser or practitioner of the teacher's or employee's such person's faith, as a basis for pay during leave after an absence of 3 days for personal illness or 30 days for birth; or as the school board may deem necessary in other cases. If the school board does require a certificate as a basis for pay during leave of less than 3 days for personal illness, the school board shall pay, from school funds, the expenses incurred by the teachers or other employees in obtaining the certificate. For paid leave for adoption or placement for adoption, the school board may require that the teacher or other employee provide evidence that the formal adoption process is underway, and such leave is limited to 30 days unless a longer leave has been negotiated with the exclusive bargaining representative.

If, by reason of any change in the boundaries of school districts, or by reason of the creation of a new school district, the employment of a teacher is transferred to a new or different board, the accumulated sick leave of such teacher is not thereby lost, but is transferred to such new or different district.

For purposes of this Section, "immediate family" shall include parents, spouse, brothers, sisters, children, grandparents, grandchildren, parents-in-law, brothers-in-law, sisters-in-law, and legal guardians.

(625 ILCS 5/11-605) (from Ch. 95 1/2, par. 11-605)

(3) A public, private, or religious nursery school.

On a school day when school children are present and so close thereto that a potential hazard exists because of the close proximity of the motorized traffic, no person shall drive a motor vehicle at a speed in excess of 20 miles per hour while passing a school zone or while traveling on a roadway on public school property or upon any public thoroughfare where children pass going to and from school.

(b) (Blank).

(c) Nothing in this Chapter shall prohibit the use of electronic speed-detecting devices within 500 feet of signs within a special school speed zone indicating such zone, as defined in this Section, nor shall evidence obtained thereby be inadmissible in any prosecution for speeding provided the use of such device shall apply only to the enforcement of the speed limit in such special school speed zone.

Section 5. The Income Withholding for Support Act is amended by changing Section 35 as follows:

New matter indicated by italics - deletions by strikeout.
(750 ILCS 28/35)
Sec. 35. Duties of payor.
(a) It shall be the duty of any payor who has been served with an income withholding notice to deduct and pay over income as provided in this Section. The payor shall deduct the amount designated in the income withholding notice, as supplemented by any notice provided pursuant to subsection (f) of Section 45, beginning no later than the next payment of income which is payable or creditable to the obligor that occurs 14 days following the date the income withholding notice was mailed, sent by facsimile or other electronic means, or placed for personal delivery to or service on the payor. The payor may combine all amounts withheld for the benefit of an obligee or public office into a single payment and transmit the payment with a listing of obligors from whom withholding has been effected. The payor shall pay the amount withheld to the State Disbursement Unit within 7 business days after the date the amount would (but for the duty to withhold income) have been paid or credited to the obligor. If the payor knowingly fails to withhold the amount designated in the income withholding notice or to pay any amount withheld to the State Disbursement Unit within 7 business days after the date the amount would have been paid or credited to the obligor, then the payor shall pay a penalty of $100 for each day that the amount designated in the income withholding notice (whether or not withheld by the payor) is not paid to the State Disbursement Unit after the period of 7 business days has expired. The failure of a payor, on more than one occasion, to pay amounts withheld to the State Disbursement Unit within 7 business days after the date the amount would have been paid or credited to the obligor creates a presumption that the payor knowingly failed to pay over the amounts. This penalty may be collected in a civil action which may be brought against the payor in favor of the obligee or public office. A finding of a payor's nonperformance within the time required under this Act must be documented by a certified mail return receipt or a sheriff's or private process server's proof of service showing the date the income withholding notice was served on the payor. For purposes of this Act, a withheld amount shall be considered paid by a payor on the date it is mailed by the payor, or on the date an electronic funds transfer of the amount has been initiated by the payor, or on the date delivery of the amount has been initiated by the payor. For each deduction, the payor shall provide the State Disbursement Unit, at the time of transmittal, with the date the amount

would (but for the duty to withhold income) have been paid or credited to the obligor.

After June 30, 2000, every payor that has 250 or more employees shall use electronic funds transfer to pay all amounts withheld under this Section. During the year 2001 and during each year thereafter, every payor that has fewer than 250 employees and that withheld income under this Section pursuant to 10 or more income withholding notices during December of the preceding year shall use electronic funds transfer to pay all amounts withheld under this Section.

Upon receipt of an income withholding notice requiring that a minor child be named as a beneficiary of a health insurance plan available through an employer or labor union or trade union, the employer or labor union or trade union shall immediately enroll the minor child as a beneficiary in the health insurance plan designated by the income withholding notice. The employer shall withhold any required premiums and pay over any amounts so withheld and any additional amounts the employer pays to the insurance carrier in a timely manner. The employer or labor union or trade union shall mail to the obligee, within 15 days of enrollment or upon request, notice of the date of coverage, information on the dependent coverage plan, and all forms necessary to obtain reimbursement for covered health expenses, such as would be made available to a new employee. When an order for dependent coverage is in effect and the insurance coverage is terminated or changed for any reason, the employer or labor union or trade union shall notify the obligee within 10 days of the termination or change date along with notice of conversion privileges.

For withholding of income, the payor shall be entitled to receive a fee not to exceed $5 per month to be taken from the income to be paid to the obligor.

(b) Whenever the obligor is no longer receiving income from the payor, the payor shall return a copy of the income withholding notice to the obligee or public office and shall provide information for the purpose of enforcing this Act.

(c) Withholding of income under this Act shall be made without regard to any prior or subsequent garnishments, attachments, wage assignments, or any other claims of creditors. Withholding of income under this Act shall not be in excess of the maximum amounts permitted under the federal Consumer Credit Protection Act. Income available for withholding shall be applied first to the current support obligation, then to

any premium required for employer, labor union, or trade union-related health insurance coverage ordered under the order for support, and then to payments required on past-due support obligations. If there is insufficient available income remaining to pay the full amount of the required health insurance premium after withholding of income for the current support obligation, then the remaining available income shall be applied to payments required on past-due support obligations. If the payor has been served with more than one income withholding notice pertaining to the same obligor, the payor shall allocate income available for withholding on a proportionate share basis, giving priority to current support payments. A payor who complies with an income withholding notice that is regular on its face shall not be subject to civil liability with respect to any individual, any agency, or any creditor of the obligor for conduct in compliance with the notice.

(d) No payor shall discharge, discipline, refuse to hire or otherwise penalize any obligor because of the duty to withhold income.

(19) that special meetings of the board of managers can be called by the president or 25% of the members of the board; and

(20) that the board of managers may establish and maintain a system of master metering of public utility services and collect payments in connection therewith, subject to the requirements of the Tenant Utility Payment Disclosure Act.

(b) (1) What percentage of the unit owners, if other than 20%, shall constitute a quorum provided that, for condominiums with 20 or more units, the percentage of unit owners constituting a quorum shall be 20% unless the unit owners holding a majority of the percentage interest in the association provide for a higher percentage, provided that in voting on amendments to the association's bylaws, a unit owner who is in arrears on the unit owner's regular or separate assessments for 60 days or more, shall not be counted for purposes of determining if a quorum is present, but that unit owner retains the right to vote on amendments to the association's bylaws;

(2) that the association shall have one class of membership;

(3) that the members shall hold an annual meeting, one of the purposes of which shall be to elect members of the board of managers;

(4) the method of calling meetings of the unit owners;

(5) that special meetings of the members can be called by the president, board of managers, or by 20% of unit owners;

(6) that written notice of any membership meeting shall be mailed or delivered giving members no less than 10 and no more than 30 days notice of the time, place and purpose of such meeting;

(7) that voting shall be on a percentage basis, and that the percentage vote to which each unit is entitled is the percentage interest of the undivided ownership of the common elements appurtenant thereto, provided that the bylaws may provide for approval by unit owners in connection with matters where the requisite approval on a percentage basis is not specified in this Act, on the basis of one vote per unit;

(8) that, where there is more than one owner of a unit, if only one of the multiple owners is present at a meeting of the association, he is entitled to cast all the votes allocated to that unit, if more than one of the multiple owners are present, the votes allocated to that unit may be cast only in accordance with the
agreement of a majority in interest of the multiple owners, unless the declaration expressly provides otherwise, that there is majority agreement if any one of the multiple owners cast the votes allocated to that unit without protest being made promptly to the person presiding over the meeting by any of the other owners of the unit;

(9)(A) that unless the Articles of Incorporation or the bylaws otherwise provide, and except as provided in subparagraph (B) of this paragraph (9) in connection with board elections, a unit owner may vote by proxy executed in writing by the unit owner or by his duly authorized attorney in fact; that the proxy must bear the date of execution and, unless the condominium instruments or the written proxy itself provide otherwise, is invalid after 11 months from the date of its execution;

(B) that if a rule adopted at least 120 days before a board election or the declaration or bylaws provide for balloting as set forth in this subsection, unit owners may not vote by proxy in board elections, but may vote only (i) by submitting an association-issued ballot in person at the election meeting or (ii) by submitting an association-issued ballot to the association or its designated agent by mail or other means of delivery specified in the declaration, bylaws, or rule; that the ballots shall be mailed or otherwise distributed to unit owners not less than 10 and not more than 30 days before the election meeting, and the board shall give unit owners not less than 21 days' prior written notice of the deadline for inclusion of a candidate's name on the ballots; that the deadline shall be no more than 7 days before the ballots are mailed or otherwise distributed to unit owners; that every such ballot must include the names of all candidates who have given the board or its authorized agent timely written notice of their candidacy and must give the person casting the ballot the opportunity to cast votes for candidates whose names do not appear on the ballot; that a ballot received by the association or its designated agent after the close of voting shall not be counted; that a unit owner who submits a ballot by mail or other means of delivery specified in the declaration, bylaws, or rule may request and cast a ballot in person at the election meeting, and thereby void any ballot previously submitted by that unit owner;

(C) that if a written petition by unit owners with at least 20% of the votes of the association is delivered to the board within 14 days after the board's approval of a rule adopted pursuant to subparagraph (B) of this paragraph (9), the board shall call a meeting of the unit owners within 30 days after the date of delivery of the petition; that unless a majority of the total votes of the unit owners are cast at the meeting to reject the rule, the rule is ratified;

(10) that the association may, upon adoption of the appropriate rules by the board of managers, conduct elections by secret ballot whereby the voting ballot is marked only with the percentage interest for the unit and the vote itself, provided that the board further adopt rules to verify the status of the unit owner issuing a proxy or casting a ballot; and further, that a candidate for election to the board of managers or such candidate's representative shall have the right to be present at the counting of ballots at such election;

(11) that in the event of a resale of a condominium unit the purchaser of a unit from a seller other than the developer pursuant to an installment contract for purchase shall during such times as he or she resides in the unit be counted toward a quorum for purposes of election of members of the board of managers at any meeting of the unit owners called for purposes of electing members of the board, shall have the right to vote for the election of members of the board of managers and to be elected to and serve on the board of managers unless the seller expressly retains in writing any or all of such rights. In no event may the seller and purchaser both be counted toward a quorum, be permitted to vote for a particular office or be elected and serve on the board. Satisfactory evidence of the installment contact shall be made available to the association or its agents. For purposes of this subsection, "installment contract" shall have the same meaning as set forth in Section 1 (e) of "An Act relating to installment contracts to sell dwelling structures", approved August 11, 1967, as amended;

(12) the method by which matters subject to the approval of unit owners set forth in this Act, or in the condominium instruments, will be submitted to the unit owners at special membership meetings called for such purposes; and
(13) that matters subject to the affirmative vote of not less than 2/3 of the votes of unit owners at a meeting duly called for that purpose, shall include, but not be limited to:

   (i) merger or consolidation of the association;
   (ii) sale, lease, exchange, or other disposition (excluding the mortgage or pledge) of all, or substantially all of the property and assets of the association; and
   (iii) the purchase or sale of land or of units on behalf of all unit owners.

   (c) Election of a president from among the board of managers, who shall preside over the meetings of the board of managers and of the unit owners.

   (d) Election of a secretary from among the board of managers, who shall keep the minutes of all meetings of the board of managers and of the unit owners and who shall, in general, perform all the duties incident to the office of secretary.

   (e) Election of a treasurer from among the board of managers, who shall keep the financial records and books of account.

   (f) Maintenance, repair and replacement of the common elements and payments therefor, including the method of approving payment vouchers.

   (g) An association with 30 or more units shall obtain and maintain fidelity insurance covering persons who control or disburse funds of the association for the maximum amount of coverage available to protect funds in the custody or control of the association plus the association reserve fund. All management companies which are responsible for the funds held or administered by the association shall maintain and furnish to the association a fidelity bond for the maximum amount of coverage available to protect funds in the custody of the management company at any time. The association shall bear the cost of the fidelity insurance and fidelity bond, unless otherwise provided by contract between the association and a management company. The association shall be the direct obligee of any such fidelity bond. A management company holding reserve funds of an association shall at all times maintain a separate account for each association, provided, however, that for investment purposes, the Board of Managers of an association may authorize a management company to maintain the association’s reserve funds in a single interest bearing account with similar funds of other associations. The management company shall at all times maintain records identifying

all moneys of each association in such investment account. The management company may hold all operating funds of associations which it manages in a single operating account but shall at all times maintain records identifying all moneys of each association in such operating account. Such operating and reserve funds held by the management company for the association shall not be subject to attachment by any creditor of the management company.

For the purpose of this subsection a management company shall be defined as a person, partnership, corporation, or other legal entity entitled to transact business on behalf of others, acting on behalf of or as an agent for a unit owner, unit owners or association of unit owners for the purpose of carrying out the duties, responsibilities, and other obligations necessary for the day to day operation and management of any property subject to this Act. For purposes of this subsection, the term "fiduciary insurance coverage" shall be defined as both a fidelity bond and directors and officers liability coverage, the fidelity bond in the full amount of association funds and association reserves that will be in the custody of the association, and the directors and officers liability coverage at a level as shall be determined to be reasonable by the board of managers, if not otherwise established by the declaration or by laws.

Until one year after the effective date of this amendatory Act of 1985, if a condominium association has reserves plus assessments in excess of $250,000 and cannot reasonably obtain 100% fidelity bond coverage for such amount, then it must obtain a fidelity bond coverage of $250,000.

(h) Method of estimating the amount of the annual budget, and the manner of assessing and collecting from the unit owners their respective shares of such estimated expenses, and of any other expenses lawfully agreed upon.

(i) That upon 10 days notice to the manager or board of managers and payment of a reasonable fee, any unit owner shall be furnished a statement of his account setting forth the amount of any unpaid assessments or other charges due and owing from such owner.

(j) Designation and removal of personnel necessary for the maintenance, repair and replacement of the common elements.

(k) Such restrictions on and requirements respecting the use and maintenance of the units and the use of the common elements, not set forth in the declaration, as are designed to prevent unreasonable interference
with the use of their respective units and of the common elements by the several unit owners.

   (l) Method of adopting and of amending administrative rules and regulations governing the operation and use of the common elements.

   (m) The percentage of votes required to modify or amend the bylaws, but each one of the particulars set forth in this section shall always be embodied in the bylaws.

   (n) (i) The provisions of this Act, the declaration, bylaws, other condominium instruments, and rules and regulations that relate to the use of the individual unit or the common elements shall be applicable to any person leasing a unit and shall be deemed to be incorporated in any lease executed or renewed on or after the effective date of this amendatory Act of 1984. (ii) With regard to any lease entered into subsequent to the effective date of this amendatory Act of 1989, the unit owner leasing the unit shall deliver a copy of the signed lease to the board or if the lease is oral, a memorandum of the lease, not later than the date of occupancy or 10 days after the lease is signed, whichever occurs first. In addition to any other remedies, by filing an action jointly against the tenant and the unit owner, an association may seek to enjoin a tenant from occupying a unit or seek to evict a tenant under the provisions of Article IX of the Code of Civil Procedure for failure of the lessor-owner to comply with the leasing requirements prescribed by this Section or by the declaration, bylaws, and rules and regulations. The board of managers may proceed directly against a tenant, at law or in equity, or under the provisions of Article IX of the Code of Civil Procedure, for any other breach by tenant of any covenants, rules, regulations or bylaws.

   (o) The association shall have no authority to forbear the payment of assessments by any unit owner.

   (p) That when 30% or fewer of the units, by number, possess over 50% in the aggregate of the votes in the association, any percentage vote of members specified herein or in the condominium instruments shall require the specified percentage by number of units rather than by percentage of interest in the common elements allocated to units that would otherwise be applicable. For purposes of this subsection (p), when making a determination of whether 30% or fewer of the units, by number, possess over 50% in the aggregate of the votes in the association, a unit shall not include a garage unit or a storage unit.

   (q) That a unit owner may not assign, delegate, transfer, surrender, or avoid the duties, responsibilities, and liabilities of a unit owner under

this Act, the condominium instruments, or the rules and regulations of the Association; and that such an attempted assignment, delegation, transfer, surrender, or avoidance shall be deemed void.

The provisions of this Section are applicable to all condominium instruments recorded under this Act. Any portion of a condominium instrument which contains provisions contrary to these provisions shall be void as against public policy and ineffective. Any such instrument which fails to contain the provisions required by this Section shall be deemed to incorporate such provisions by operation of law.

(Senate Bill No. 0187)

AN ACT concerning education.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Section 21-7.1 as follows:

(105 ILCS 5/21-7.1) (from Ch. 122, par. 21-7.1)
Sec. 21-7.1. Administrative certificate.
(a) After July 1, 1999, an administrative certificate valid for 5 years of supervising and administering in the public common schools (unless changed under subsection (a-5) of this Section) may be issued to persons who have graduated from a regionally accredited institution of higher learning with a master's degree and who have been recommended by a recognized institution of higher learning as having completed a program of preparation for one or more of these endorsements. Such programs of academic and professional preparation required for endorsement shall be administered by the institution in accordance with standards set forth by the State Superintendent of Education in consultation with the State Teacher Certification Board.

(a-5) Beginning July 1, 2003, if an administrative certificate holder holds a Standard Teaching Certificate, the validity period of the administrative certificate shall be changed, if necessary, so that the validity period of the administrative certificate coincides with the validity period of
the Standard Teaching Certificate. Beginning July 1, 2003, if an administrative certificate holder holds a Master Teaching Certificate, the validity period of the administrative certificate shall be changed so that the validity period of the administrative certificate coincides with the validity period of the Master Teaching Certificate.

(b) No administrative certificate shall be issued for the first time after June 30, 1987 and no endorsement provided for by this Section shall be made or affixed to an administrative certificate for the first time after June 30, 1987 unless the person to whom such administrative certificate is to be issued or to whose administrative certificate such endorsement is to be affixed has been required to demonstrate as a part of a program of academic or professional preparation for such certification or endorsement: (i) an understanding of the knowledge called for in establishing productive parent-school relationships and of the procedures fostering the involvement which such relationships demand; and (ii) an understanding of the knowledge required for establishing a high quality school climate and promoting good classroom organization and management, including rules of conduct and instructional procedures appropriate to accomplishing the tasks of schooling; and (iii) a demonstration of the knowledge and skills called for in providing instructional leadership. The standards for demonstrating an understanding of such knowledge shall be set forth by the State Board of Education in consultation with the State Teacher Certification Board, and shall be administered by the recognized institutions of higher learning as part of the programs of academic and professional preparation required for certification and endorsement under this Section. As used in this subsection: "establishing productive parent-school relationships" means the ability to maintain effective communication between parents and school personnel, to encourage parental involvement in schooling, and to motivate school personnel to engage parents in encouraging student achievement, including the development of programs and policies which serve to accomplish this purpose; and "establishing a high quality school climate" means the ability to promote academic achievement, to maintain discipline, to recognize substance abuse problems among students and utilize appropriate law enforcement and other community resources to address these problems, to support teachers and students in their education endeavors, to establish learning objectives and to provide instructional leadership, including the development of policies and programs which serve to accomplish this purpose; and "providing instructional leadership"
means the ability to effectively evaluate school personnel, to possess general communication and interpersonal skills, and to establish and maintain appropriate classroom learning environments. The provisions of this subsection shall not apply to or affect the initial issuance or making on or before June 30, 1987 of any administrative certificate or endorsement provided for under this Section, nor shall such provisions apply to or affect the renewal after June 30, 1987 of any such certificate or endorsement initially issued or made on or before June 30, 1987.

(c) Administrative certificates shall be renewed every 5 years with the first renewal being 5 years following the initial receipt of an administrative certificate, unless the validity period for the administrative certificate has been changed under subsection (a-5) of this Section, in which case the certificate shall be renewed at the same time that the Standard or Master Teaching Certificate is renewed.

(c-5) Before July 1, 2003, renewal requirements for administrators whose positions require certification shall be based upon evidence of continuing professional education which promotes the following goals: (1) improving administrators' knowledge of instructional practices and administrative procedures; (2) maintaining the basic level of competence required for initial certification; and (3) improving the mastery of skills and knowledge regarding the improvement of teaching performance in clinical settings and assessment of the levels of student performance in their schools. Evidence of continuing professional education must include verification of biennial attendance in a program developed by the Illinois Administrators' Academy and verification of annual participation in a school district approved activity which contributes to continuing professional education.

(c-10) Beginning July 1, 2003, except as otherwise provided in subsection (c-15) of this Section, persons holding administrative certificates must follow the certificate renewal procedure set forth in this subsection (c-10), provided that those persons holding administrative certificates on June 30, 2003 who are renewing those certificates on or after July 1, 2003 shall be issued new administrative certificates valid for 5 years (unless changed under subsection (a-5) of this Section), which may be renewed thereafter as set forth in this subsection (c-10).

A person holding an administrative certificate and employed in a position requiring administrative certification, including a regional superintendent of schools, must satisfy the continuing professional development requirements of this Section to renew his or her

administrative certificate. The continuing professional development must include without limitation the following continuing professional development purposes:

(1) To improve the administrator's knowledge of instructional practices and administrative procedures in accordance with the Illinois Professional School Leader Standards.
(2) To maintain the basic level of competence required for initial certification.
(3) To improve the administrator's mastery of skills and knowledge regarding the improvement of teaching performance in clinical settings and assessment of the levels of student performance in the schools.

The continuing professional development must include the following in order for the certificate to be renewed:

(A) Participation in continuing professional development activities, which must total a minimum of 100 hours of continuing professional development. The participation must consist of a minimum of 5 activities per validity period of the certificate, and the certificate holder must maintain documentation of completion of each activity.

(B) Participation every year in an Illinois Administrators' Academy course, which participation must total a minimum of 30 continuing professional development hours during the period of the certificate's validity and which must include completion of applicable required coursework, including completion of a communication, dissemination, or application component, as defined by the State Board of Education.

The certificate holder must complete a verification form developed by the State Board of Education and certify that 100 hours of continuing professional development activities and 5 Administrators' Academy courses have been completed. The regional superintendent of schools shall review and validate the verification form for a certificate holder. Based on compliance with all of the requirements for renewal, the regional superintendent of schools shall forward a recommendation for renewal or non-renewal to the State Superintendent of Education and shall notify the certificate holder of the recommendation. The State Superintendent of Education shall review the recommendation to renew or non-renew and shall notify, in writing, the certificate holder of a decision denying renewal of his or her certificate. Any decision regarding non-renewal of an
administrative certificate may be appealed to the State Teacher Certification Board.

The State Board of Education, in consultation with the State Teacher Certification Board, shall adopt rules to implement this subsection (c-10).

The regional superintendent of schools shall monitor the process for renewal of administrative certificates established in this subsection (c-10).

(c-15) This subsection (c-15) applies to the first period of an administrative certificate's validity during which the holder becomes subject to the requirements of subsection (c-10) of this Section if the certificate has less than 5 years' validity or has less than 5 years' validity remaining when the certificate holder becomes subject to the requirements of subsection (c-10) of this Section. With respect to this period, the 100 hours of continuing professional development and 5 activities per validity period specified in clause (A) of subsection (c-10) of this Section shall instead be deemed to mean 20 hours of continuing professional development and one activity per year of the certificate's validity or remaining validity and the 30 continuing professional development hours specified in clause (B) of subsection (c-10) of this Section shall instead be deemed to mean completion of at least one course per year of the certificate's validity or remaining validity. Certificate holders who evaluate certified staff must complete a 2-day teacher evaluation course, in addition to the 30 continuing professional development hours.

(c-20) The State Board of Education, in consultation with the State Teacher Certification Board, shall develop procedures for implementing this Section and shall administer the renewal of administrative certificates. Failure to submit satisfactory evidence of continuing professional education which contributes to promoting the goals of this Section shall result in a loss of administrative certification.

(d) Any limited or life supervisory certificate issued prior to July 1, 1968 shall continue to be valid for all administrative and supervisory positions in the public schools for which it is valid as of that date as long as its holder meets the requirements for registration or renewal as set forth in the statutes or until revoked according to law.

(e) The administrative or supervisory positions for which the certificate shall be valid shall be determined by one or more of 3 endorsements: general supervisory, general administrative and superintendent.
Subject to the provisions of Section 21-1a, endorsements shall be made under conditions set forth in this Section. The State Board of Education shall, in consultation with the State Teacher Certification Board, adopt rules pursuant to the Illinois Administrative Procedure Act, establishing requirements for obtaining administrative certificates where the minimum administrative or supervisory requirements surpass those set forth in this Section.

The State Teacher Certification Board shall file with the State Board of Education a written recommendation when considering additional administrative or supervisory requirements. All additional requirements shall be based upon the requisite knowledge necessary to perform those tasks required by the certificate. The State Board of Education shall in consultation with the State Teacher Certification Board, establish standards within its rules which shall include the academic and professional requirements necessary for certification. These standards shall at a minimum contain, but not be limited to, those used by the State Board of Education in determining whether additional knowledge will be required. Additionally, the State Board of Education shall in consultation with the State Teacher Certification Board, establish provisions within its rules whereby any member of the educational community or the public may file a formal written recommendation or inquiry regarding requirements.

(1) Until July 1, 2003, the general supervisory endorsement shall be affixed to the administrative certificate of any holder who has at least 16 semester hours of graduate credit in professional education including 8 semester hours of graduate credit in curriculum and research and who has at least 2 years of full-time teaching experience or school service personnel experience in public schools, schools under the supervision of the Department of Corrections, schools under the administration of the Department of Rehabilitation Services, or nonpublic schools meeting the standards established by the State Superintendent of Education or comparable out-of-state recognition standards approved by the State Superintendent of Education.

Such endorsement shall be required for supervisors, curriculum directors and for such similar and related positions as determined by the State Superintendent of Education in consultation with the State Teacher Certification Board.
(2) The general administrative endorsement shall be affixed to the administrative certificate of any holder who has at least 20 semester hours of graduate credit in educational administration and supervision and who has at least 2 years of full-time teaching experience or school service personnel experience in public schools, schools under the supervision of the Department of Corrections, schools under the administration of the Department of Rehabilitation Services, or nonpublic schools meeting the standards established by the State Superintendent of Education or comparable out-of-state recognition standards approved by the State Superintendent of Education.

Such endorsement shall be required for principal, assistant principal, assistant or associate superintendent, junior college dean and for related or similar positions as determined by the State Superintendent of Education in consultation with the State Teacher Certification Board.

Notwithstanding any other provisions of this Act, after January 1, 1990 and until January 1, 1991, any teacher employed by a district subject to Article 34 shall be entitled to receive an administrative certificate with a general administrative endorsement affixed thereto if he or she: (i) had at least 3 years of experience as a certified teacher for such district prior to August 1, 1985; (ii) obtained a Master's degree prior to August 1, 1985; (iii) completed at least 20 hours of graduate credit in education courses (including at least 12 hours in educational administration and supervision) prior to September 1, 1987; and (iv) has received a rating of superior for at least each of the last 5 years. After June 30, 1977, such endorsement shall be required for any individual first employed as a chief school business official.

After June 30, 1968, such endorsement shall be required for a superintendent of schools, except as provided in the second paragraph of this Section and in Section 34-6.

Any person appointed to the position of superintendent between the effective date of this Act and June 30, 1993 in a school district organized pursuant to Article 32 with an enrollment of at least 20,000 pupils shall be exempt from the provisions of this paragraph (4) until June 30, 1996.

(f) All official interpretations or acts of issuing or denying administrative certificates or endorsements by the State Teacher's Certification Board, State Board of Education or the State Superintendent of Education, from the passage of P.A. 81-1208 on November 8, 1979 through September 24, 1981 are hereby declared valid and legal acts in all respects and further that the purported repeal of the provisions of this Section by P.A. 81-1208 and P.A. 81-1509 is declared null and void.

Section 5. The Code of Civil Procedure is amended by changing Sections 9-117 and 15-1701 as follows:

(735 ILCS 5/9-117) (from Ch. 110, par. 9-117)

Sec. 9-117. Expiration of Judgment. No judgment for possession obtained in an action brought under this Article may be enforced more than 120 days after judgment is entered, unless upon motion by the plaintiff the court grants an extension of the period of enforcement of the judgment. Plaintiff's notice of motion shall contain the following notice directed to the defendant:

"Your landlord, (insert name), obtained an eviction judgment against you on (insert date), but the sheriff did not evict you within the 120 days that the landlord has to evict after a judgment in court. On the date stated in this notice, your landlord will be asking the court to allow the sheriff to evict you based on that judgment. You must attend the court hearing if you want the court to stop the landlord from having you evicted. To prevent the eviction, you must be able to prove that (1) the landlord and you made an agreement after the judgment (for instance, to pay up back rent or to comply with the lease) and you have lived up to the agreement; or (2) the reason the landlord brought the original eviction case has been resolved or forgiven, and the eviction the landlord now wants the court to grant is based on a new or different reason; or (3) that you have another legal or equitable reason why the court should not grant the landlord's request for your eviction."

The court shall grant the motion for the extension of the judgment of possession unless the defendant establishes that the tenancy has been reinstated, that the breach upon which the judgment was issued has been cured or waived, that the plaintiff and defendant entered into a post-judgment agreement whose terms the defendant has performed, or that other legal or equitable grounds exist that bar enforcement of the judgment. This Section does not apply to any action based upon a breach of a contract entered into on or after July 1, 1962, for the purchase of premises in which the court has entered a stay under Section 9-110; nor shall this Section apply to any action to which the provisions of Section 9-111 apply; nor shall this Section affect the rights of Boards of Managers under Section 9-104.2.

Sec. 15-1701. Right to possession.
(a) General. The provisions of this Article shall govern the right to possession of the mortgaged real estate during foreclosure. Possession under this Article includes physical possession of the mortgaged real estate to the same extent to which the mortgagor, absent the foreclosure, would have been entitled to physical possession. For the purposes of Part 17, real estate is residential real estate only if it is residential real estate at the time the foreclosure is commenced.

(b) Pre-Judgment. Prior to the entry of a judgment of foreclosure:
   (1) In the case of residential real estate, the mortgagor shall be entitled to possession of the real estate except if (i) the mortgagee shall object and show good cause, (ii) the mortgagee is so authorized by the terms of the mortgage or other written instrument, and (iii) the court is satisfied that there is a reasonable probability that the mortgagee will prevail on a final hearing of the cause, the court shall upon request place the mortgagee in possession. If the residential real estate consists of more than one dwelling unit, then for the purpose of this Part residential real estate shall mean only that dwelling unit or units occupied by persons described in clauses (i), (ii) and (iii) of Section 15-1219.

   (2) In all other cases, if (i) the mortgagee is so authorized by the terms of the mortgage or other written instrument, and (ii) the court is satisfied that there is a reasonable probability that the mortgagee will prevail on a final hearing of the cause, the mortgagee shall upon request be placed in possession of the real estate, except that if the mortgagor shall object and show good cause, the court shall allow the mortgagor to remain in possession.

(c) Judgment Through 30 Days After Sale Confirmation. After the entry of a judgment of foreclosure and through the 30th day after a foreclosure sale is confirmed:
   (1) Subsection (b) of Section 15-1701 shall be applicable, regardless of the provisions of the mortgage or other instrument, except that after a sale pursuant to the judgment the holder of the certificate of sale (or, if none, the purchaser at the sale) shall have the mortgagee's right to be placed in possession, with all rights and duties of a mortgagee in possession under this Article.

   (2) Notwithstanding paragraph (1) of subsection (b) and paragraph (1) of subsection (c) of Section 15-1701, upon request of the mortgagee, a mortgagor of residential real estate shall not be
allowed to remain in possession between the expiration of the
redemption period and through the 30th day after sale confirmation
unless (i) the mortgagor pays to the mortgagee or such holder or
purchaser, whichever is applicable, monthly the lesser of the
interest due under the mortgage calculated at the mortgage rate of
interest applicable as if no default had occurred or the fair rental
value of the real estate, or (ii) the mortgagor otherwise shows good
cause. Any amounts paid by the mortgagor pursuant to this
subsection shall be credited against the amounts due from the
mortgagor.

(d) After 30 Days After Sale Confirmation. The holder of the
certificate of sale or deed issued pursuant to that certificate or, if no
certificate or deed was issued, the purchaser, except to the extent the
holder or purchaser may consent otherwise, shall be entitled to possession
of the mortgaged real estate, as of the date 30 days after the order
confirming the sale is entered, against those parties to the foreclosure
whose interests the court has ordered terminated, without further notice to
any party, further order of the court, or resort to proceedings under any
other statute other than this Article. This right to possession shall be
limited by the provisions governing entering and enforcing orders of
possession under subsection (g) of Section 15-1508. If the holder or
purchaser determines that there are occupants of the mortgaged real estate
who have not been made parties to the foreclosure and had their interests
terminated therein, the holder or purchaser may bring a proceeding under
subsection (h) of this Section or under Article 9 of this Code to terminate
the rights of possession of any such occupants. The holder or purchaser
shall not be entitled to proceed against any such occupant under Article 9
of this Code until after 30 days after the order confirming the sale is
entered.

(e) Termination of Leases. A lease of all or any part of the
mortgaged real estate shall not be terminated automatically solely by virtue
of the entry into possession by (i) a mortgagee or receiver prior to the entry
of an order confirming the sale, (ii) the holder of the certificate of sale, (iii)
the holder of the deed issued pursuant to that certificate, or (iv) if no
certificate or deed was issued, the purchaser at the sale.

(f) Other Statutes; Instruments. The provisions of this Article
providing for possession of mortgaged real estate shall supersede any other
inconsistent statutory provisions. In particular, and without limitation,
whenever a receiver is sought to be appointed in any action in which a

New matter indicated by italics - deletions by strikeout.
foreclosure is also pending, a receiver shall be appointed only in accordance with this Article. Except as may be authorized by this Article, no mortgage or other instrument may modify or supersede the provisions of this Article.

(g) Certain Leases. Leases of the mortgaged real estate entered into by a mortgagee in possession or a receiver and approved by the court in a foreclosure shall be binding on all parties, including the mortgagor after redemption, the purchaser at a sale pursuant to a judgment of foreclosure and any person acquiring an interest in the mortgaged real estate after entry of a judgment of foreclosure in accordance with Sections 15-1402 and 15-1403.

(h) Proceedings Against Certain Occupants.

(1) The mortgagee-in-possession of the mortgaged real estate under Section 15-1703, a receiver appointed under Section 15-1704, a holder of the certificate of sale or deed, or the purchaser may, at any time during the pendency of the foreclosure and up to 90 days after the date of the order confirming the sale, file a supplemental petition for possession against a person not personally named as a party to the foreclosure. The supplemental petition for possession shall name each such occupant against whom possession is sought and state the facts upon which the claim for relief is premised.

(2) The petitioner shall serve upon each named occupant the petition, a notice of hearing on the petition, and, if any, a copy of the certificate of sale or deed. The proceeding for the termination of such occupant’s possessory interest, including service of the notice of the hearing and the petition, shall in all respects comport with the requirements of Article 9 of this Code, except as otherwise specified in this Section. The hearing shall be no less than 21 days from the date of service of the notice.

(3) The supplemental petition shall be heard as part of the foreclosure proceeding and without the payment of additional filing fees. An order for possession obtained under this Section shall name each occupant whose interest has been terminated, shall recite that it is only effective as to the occupant so named and those holding under them, and shall be enforceable for no more than 120 days after its entry, except that the 120-day period may be extended to the extent and in the manner provided in Section 9-
117 of Article 9 and except as provided in item (4) of this subsection (h).

(4) In a case of foreclosure where the tenant is current on his or her rent, or where timely written notice of to whom and where the rent is to be paid has not been provided to the tenant, or where the tenant has made good-faith efforts to make rental payments in order to keep current, any order of possession must allow the tenant to retain possession of the property covered in his or her rental agreement (i) for 120 days following the notice of the hearing on the supplemental petition that has been properly served upon the tenant, or (ii) through the duration of his or her lease, whichever is shorter. If the tenant has been given timely written notice of to whom and where the rent is to be paid, this item (4) shall only apply if the tenant continues to pay his or her rent in full during the 120-day period or has made good-faith efforts to pay the rent in full during that period. No mortgagee-in-possession, receiver or holder of a certificate of sale or deed, or purchaser who fails to file a supplemental petition under this subsection during the pendency of a mortgage foreclosure shall file a forcible entry and detainer action against a tenant of the mortgaged real estate until 90 days after a notice of intent to file such action has been properly served upon the tenant.

(5) The court records relating to a supplemental petition for possession filed under this subsection (h) against a tenant who is entitled to notice under item (4) of this subsection (h), or relating to a forcible entry and detainer action brought against a tenant who would have lawful possession of the premises but for the foreclosure of a mortgage on the property, shall be ordered sealed and shall not be disclosed to any person, other than a law enforcement officer or any other representative of a governmental entity, except upon further order of the court.

Each supervising physician shall file a notice of supervision of such physician assistant according to the rules of the Department. However, the alternate supervising physician may supervise more than 2 physician assistants when the supervising physician is unable to provide such supervision consistent with the definition of alternate physician in Section 4. Physician assistants shall be supervised only by physicians as defined in this Act who are engaged in clinical practice, or in clinical practice in public health or other community health facilities.

Nothing in this Act shall be construed to limit the delegation of tasks or duties by a physician to a nurse or other appropriately trained personnel.

Nothing in this Act shall be construed to prohibit the employment of physician assistants by a hospital, nursing home or other health care
facility where such physician assistants function under the supervision of a supervising physician.

Physician assistants may be employed by the Department of Corrections or the Department of Human Services (as successor to the Department of Mental Health and Developmental Disabilities) for service in facilities maintained by such Departments and affiliated training facilities in programs conducted under the authority of the Director of Corrections or the Secretary of Human Services. A physician assistant may be employed by a practice group or other entity employing multiple physicians at one or more locations. In that case, one of the physicians practicing at a location shall be designated the supervising physician. The other physicians with that practice group or other entity who practice in the same general type of practice or specialty as the supervising physician may supervise the physician assistant with respect to their patients without being deemed alternate supervising physicians for the purpose of this Act.

(b) A physician assistant licensed in this State, or licensed or authorized to practice in any other U.S. jurisdiction or credentialed by his or her federal employer as a physician assistant, who is responding to a need for medical care created by an emergency or by a state or local disaster may render such care that the physician assistant is able to provide without supervision as it is defined in this Section or with such supervision as is available. For purposes of this Section, an "emergency situation" shall not include one that occurs in the place of one's employment.

Any physician who supervises a physician assistant providing medical care in response to such an emergency or state or local disaster shall not be required to meet the requirements set forth in this Section for a supervising physician.

If more than one law enforcement agency is responsible for issuing the citation or making the arrest, the 50% of the fine imposed shall be shared equally. If an officer of the Secretary of State Department of Police arrested a person for a violation of this Section, 50% of the fine imposed shall be deposited into the Secretary of State Police Services Fund.

Section 1. Short title. This Act may be cited as the Green Buildings Act.

Section 5. Findings. The General Assembly finds that an efficient green building plan is essential to:

(1) reduce the increasing costs of energy for public buildings and reduce the State's overall energy usage;
(2) preserve the environment and make State buildings better for those who work and study in them, as well as the area around them; and
(3) cut pollution, moderate peak energy demand, better assure the reliability of energy studies, and stabilize energy costs.

Section 10. Definitions. In this Act:
"Board" means the Capital Development Board.
"USGBC" means the United States Green Building Council.
"LEED" means the USGBC Leadership in Energy and Environmental Design green building rating standard.
"GBI" means The Green Building Initiative.
"Green Globes" means the GBI green building construction model.
"Major renovation" means a project with a construction budget that equals 40% or more of the building's current replacement cost.

Section 15. Green Buildings Standards.

New matter indicated by italics - deletions by strikeout.
(a) All new State-funded building construction and major renovations of existing State-owned facilities are required to seek LEED, Green Globes, or equivalent certification.

(b) All construction and major renovation projects, regardless of size, must achieve the highest level of certification practical within the project budget.

(1) New buildings and major renovations of less than 10,000 square feet must meet the highest standard of the Leadership in Energy and Environmental Design's rating system for new commercial construction and major renovation projects, as established by the United States Green Building Council, or an equivalent standard, including, but not limited to, the Green Building Initiative's Green Globes USA design program. USGBC LEED, GBI Green Globes, or the equivalent certification is not required.

(2) New buildings and major renovations of 10,000 square feet or more must achieve the silver building rating of the Leadership in Energy and Environmental Design's rating system for new commercial construction and major renovation projects, as established by the United States Green Building Council, or an equivalent standard, including, but not limited to, a two-globe rating in the Green Globes USA design program. USGBC LEED, GBI Green Globes, or the equivalent certification is required.

(c) Exemptions to these standards are buildings that are not "comfort" conditioned as determined by the Board. However, the project design team must document and incorporate all appropriate sustainable building methods, strategies, and technologies in the final design.

(d) State agencies and the project design team may apply to the Board for a waiver from these standards.

(e) Waivers shall be granted by the Board or an appropriate agency when the applicant can demonstrate and document:

(1) An unreasonable financial burden, taking into account the operating and construction costs over the life of the building and the total cost of ownership of the building.

(2) An unreasonable impediment to construction.

(3) The standards would impair the principal function of the building.

(4) The standards would compromise the historic nature of the structure.

New matter indicated by italics - deletions by strikeout.
Documentation on the submittal must include at a minimum:
  (1) Life cycle cost analysis.
  (2) Energy modeling.

The design team must provide the documentation for the new project to confirm that LEED, Green Globes, or the equivalent construction standards have been followed.

(f) In addition to any required LEED, Green Globes, or the equivalent criteria, the Board shall require that all projects referenced in subsection (a) implement at least one LEED alternative transportation criterion for public transportation or bicycle access.

(g) The green building standards contained in this Act shall be analyzed and evaluated by the Board 5 years after the effective date of this Act or upon the completion of 10 Board green projects, whichever comes first.

Section 99. Effective date. This Act takes effect upon becoming law.

Sec. 405-216. Green cleaning policy. To require every State-owned building to establish a green cleaning policy whereby the building purchases and uses only environmentally-sensitive cleaning products, in compliance with the guidelines and specifications established by the Illinois Green Government Coordinating Council pursuant to Section 15 of the Green Cleaning Schools Act. The Department shall allow a State-owned building to deplete its existing cleaning and maintenance supply stocks and implement the new requirements in the procurement cycle for the following year and shall exempt a State-owned building from the green cleaning policy requirement if adhering to the requirement would not be economically feasible for the building.

For the purposes of this Section, adopting a green cleaning policy is not economically feasible if such adoption would result in an increase in the cleaning costs of the building.

Sec. 5. Legislative findings. Both children and adults are vulnerable to and may be severely affected by exposure to chemicals, hazardous waste, and other environmental hazards. The Federal Environmental Protection Agency estimates that human exposure to indoor air pollutants can be 2 to 5 times and up to 100 times higher than outdoor levels. Children, workers, teachers, janitors, and other staff members spend a significant amount of time inside school and other institutional buildings and are continuously exposed to chemicals from cleaners, waxes, deodorizers, and other maintenance products.

Section 5. Definitions. The following terms have the meanings indicated, unless the context requires otherwise:

"Authorizing agent" means a person who is legally entitled to authorize the cremation and final disposition of the cremated remains of the deceased person in accordance with the Disposition of Remains Act and the Crematory Regulation Act.

"Crematory authority" means a legal entity that is licensed by the Comptroller of the State of Illinois to operate a crematory and to perform cremations.

"Funeral director" means a person, known by the title of "funeral director" or other similar words or titles, licensed under the Funeral Directors and Embalmers Licensing Code and who practices funeral directing.

"Veteran" means an Illinois resident who has served as a member of the United States Armed Services on active duty, a member of the Illinois National Guard, or a member of the United States Reserve Forces, and who has received an honorable discharge.

"Veterans organization" means an association or other entity organized for the benefits of veterans that has been recognized or chartered by the United States Congress and includes, but is not limited to, the American Legion, the Legion of Honor, the Patriot Guard, the Missing in America Project, and the Vietnam Veterans of America.

Section 10. Funeral director or crematory authority responsibilities.

(a) A funeral director or crematory authority must make a reasonable effort to determine whether a deceased person, whose human

remains have been submitted to a funeral establishment for final disposition by cremation, is one of the following:

(1) a veteran;
(2) the spouse of a veteran; or
(3) the dependent child of a veteran.

(b) This determination must be made at, or shortly after, the time an at-need cremation authorization is signed by the authorizing agent. The funeral director or crematory authority must start his or her inquiry with the authorizing agent and notify the authorizing agent of the funeral director's or crematory authority's responsibilities under this Act. However, nothing in this Act shall apply to a pre-need cremation authorization until it becomes an at-need cremation authorization. Nothing in this Act shall delay the cremation of a deceased person's remains as authorized by an at-need cremation authorization.

(c) If the funeral director or crematory authority cannot determine with certainty the deceased person's status and no authorizing agent exists, then the funeral director or crematory authority may allow the National Cemetery Administration's National Cemetery Scheduling Office, any veterans organization whose primary purpose is to locate, identify, and inter the unclaimed cremated remains of American veterans, or any federally-chartered veterans service organization to have access to the cremated remains and all information regarding the deceased person in the possession of the funeral director or crematory authority so that it may attempt to determine whether the deceased person qualifies under subsection (a) of this Section.

(d) If the funeral director or crematory authority determines that the deceased person is either a veteran, the spouse of a veteran, or the dependent child of a veteran, then the funeral director or crematory authority must immediately notify the authorizing agent of this finding and advise the authorizing agent that the deceased person may be eligible to be interred at an appropriate veterans' cemetery.

(e) If the cremated remains of a veteran, the spouse of a veteran, or the dependent child of a veteran are not claimed by an authorizing agent, then the funeral director or crematory authority must hold any cremated remains for at least 60 days, as required by subsection (d) of Section 40 of the Crematory Regulation Act. After 60 days have expired, the funeral director or crematory authority must then send written notice to an authorizing agent requesting disposition instructions. If the funeral director or crematory authority does not receive a written response from an
authorizing agent within 30 days after this written notice is sent, then the funeral director or crematory authority must contact any veterans organization whose primary purpose is to locate, identify, and inter or inurn the unclaimed cremated remains of American veterans or any federally-chartered veterans service organization so that arrangements for the disposition of the cremated remains of the veteran, spouse of a veteran, or dependent child of a veteran may be made in a state or national veterans' cemetery.

(f) The funeral director or crematory authority may release any relevant information to the U.S. Department of Veterans Affairs or any federally-chartered veterans service organization to affect the timely and accurate identification and interment or inurnment of the cremated remains of a decedent as either a veteran, the spouse of a veteran, or the dependent child of a veteran.

Section 15. Immunity. A funeral director or crematory authority complying with this Act is immune from any criminal or civil liability regarding the release of information relating to (i) the determination of the deceased person's status as a veteran, the spouse of a veteran, or the dependant child of a veteran, (ii) the availability of interment or inurnment as a veteran, or (iii) the release of the cremated remains to a veterans' cemetery. A funeral director or crematory authority shall be immune from civil liability for any act or omission under this Act, except for willful or wanton misconduct. A veterans organization or federally-chartered veterans service organization shall be immune from civil liability for any act or omission related to the disposition of cremated remains under this Act, except for willful or wanton misconduct.

Section 99. Effective date. This Act takes effect upon becoming law.

Passed in the General Assembly May 19, 2009.

(330 ILCS 126/45)

(Section scheduled to be repealed on January 1, 2012)

Sec. 45. Reporting.

(a) The Department shall prepare an annual report for submission to the General Assembly. The report shall be due to the General Assembly by January 1 of each year beginning in 2009. This report shall include information regarding implementation of the Program, including the number of veterans enrolled and any available information regarding other benefits derived from the Program, including screening for and acquisition of other veterans' benefits through the Veterans' Service Officers and the Veterans' Assistance Commissions. This report may also include recommendations regarding improvements that may be made to the Program and regarding the extension of the repeal date set forth in Section 85 of this Act.

(b) The Department shall also arrange for the conducting of an evaluation regarding the availability of and access to health care for veterans who are residents of Illinois, taking into consideration the program established by this Act, programs and services provided by the U.S. Department of Veterans Affairs, and programs and services otherwise provided by and available through other public and private entities. The evaluation shall determine whether there are limitations or barriers to care, gaps in service, or other deficits that should be overcome to ensure that veterans are provided appropriate and high-quality care. Persons who were engaged in the active military or naval service of the United States for a period of at least one year and who were honorably discharged therefrom and all persons who were engaged in such military or naval service who are now or may hereafter be on inactive or reserve duty in such military or naval service, not including, however, persons who were convicted by court-martial of disobedience of orders, where such disobedience consisted in the refusal to perform military service on the ground of alleged religious or conscientious objections against war, shall be preferred for appointments to civil offices, positions, and places of employment in the classified service of any municipality coming under the provisions of this Division 1, provided they are found to possess the business capacity necessary for the proper discharge of the duties of such office, position, or place of employment as determined by examination. For purposes of this Section, if a person has been deployed, then "active duty military or naval service of the United States" includes training and service school attendance, as defined in 10 U.S.C. 101(d), which is ordered pursuant to 10 U.S.C. 12301(d).

The civil service commission shall give preference points for original appointment to qualified veterans whose names appear on any register of eligibles resulting from an examination for original entrance in the classified service of any municipality coming under the provisions of this Division 1 by adding to the final grade average that they receive or will receive as the result of any examination held for original entrance, 5 points. The numerical result thus attained shall be applied by the civil service commission in determining the position of those persons on any eligibility list that has been created as the result of any examination for original entrance for purposes of preference in certification and appointment from that eligibility list. Persons who were engaged in the active military or naval service of the United States for a period of at least one year and who were honorably discharged therefrom or who are now or who may hereafter be on inactive or reserve duty in such military or naval service, not including, however, persons who were convicted by court-martial of disobedience of orders where such disobedience consisted in the

The civil service commission shall give preference for promotional appointment to persons as hereinabove designated whose names appear on existing promotional eligible registers or promotional eligible registers that may hereafter be created by adding to the final grade average which they received or will receive as the result of any promotional examination seven-tenths of one point for each 6 months or fraction thereof of active military or naval service not exceeding 30 months. The numerical result thus attained shall be applied by the civil service commission in determining the position of such persons on any eligible list which has been created or will be created as the result of any promotional examination held hereunder for purposes of preference in certification and appointment from such eligible list.

No person shall receive the preference for a promotional appointment granted by this Section after he or she has received one promotion from an eligible list on which he or she was allowed such preference.

No person entitled to preference or credit for military or naval service hereunder shall be required to furnish evidence or record of honorable discharge from the armed forces before the publication or posting of any eligible register or list resulting from the examination. Such preference shall be given after the posting or publication of any eligible list or register resulting from such examination and before any certifications or appointments are made from such list or register.

Section 5. The Unified Code of Corrections is amended by changing Section 5-4-1 as follows:

(730 ILCS 5/5-4-1) (from Ch. 38, par. 1005-4-1)

Sec. 5-4-1. Sentencing Hearing.

(a) Except when the death penalty is sought under hearing procedures otherwise specified, after a determination of guilt, a hearing shall be held to impose the sentence. However, prior to the imposition of sentence on an individual being sentenced for an offense based upon a charge for a violation of Section 11-501 of the Illinois Vehicle Code or a similar provision of a local ordinance, the individual must undergo a professional evaluation to determine if an alcohol or other drug abuse problem exists and the extent of such a problem. Programs conducting these evaluations shall be licensed by the Department of Human Services. However, if the individual is not a resident of Illinois, the court may, in its discretion, accept an evaluation from a program in the state of such individual's residence. The court may in its sentencing order approve an eligible defendant for placement in a Department of Corrections impact incarceration program as provided in Section 5-8-1.1 or 5-8-1.3. The court may in its sentencing order recommend a defendant for placement in a Department of Corrections substance abuse treatment program as provided in paragraph (a) of subsection (1) of Section 3-2-2 conditioned upon the defendant being accepted in a program by the Department of Corrections. At the hearing the court shall:

(1) consider the evidence, if any, received upon the trial;
(2) consider any presentence reports;
(3) consider the financial impact of incarceration based on the financial impact statement filed with the clerk of the court by the Department of Corrections;
(4) consider evidence and information offered by the parties in aggravation and mitigation;
(4.5) consider substance abuse treatment, eligibility screening, and an assessment, if any, of the defendant by an agent

designated by the State of Illinois to provide assessment services for the Illinois courts;

(5) hear arguments as to sentencing alternatives;

(6) afford the defendant the opportunity to make a statement in his own behalf;

(7) afford the victim of a violent crime or a violation of Section 11-501 of the Illinois Vehicle Code, or a similar provision of a local ordinance, or a qualified individual affected by: (i) a violation of Section 405, 405.1, 405.2, or 407 of the Illinois Controlled Substances Act or a violation of Section 55 or Section 65 of the Methamphetamine Control and Community Protection Act, or (ii) a Class 4 felony violation of Section 11-14, 11-15, 11-17, 11-18, 11-18.1, or 11-19 of the Criminal Code of 1961, committed by the defendant the opportunity to make a statement concerning the impact on the victim and to offer evidence in aggravation or mitigation; provided that the statement and evidence offered in aggravation or mitigation must first be prepared in writing in conjunction with the State's Attorney before it may be presented orally at the hearing. Any sworn testimony offered by the victim is subject to the defendant's right to cross-examine. All statements and evidence offered under this paragraph (7) shall become part of the record of the court. For the purpose of this paragraph (7), "qualified individual" means any person who (i) lived or worked within the territorial jurisdiction where the offense took place when the offense took place; and (ii) is familiar with various public places within the territorial jurisdiction where the offense took place when the offense took place. For the purposes of this paragraph (7), "qualified individual" includes any peace officer, or any member of any duly organized State, county, or municipal peace unit assigned to the territorial jurisdiction where the offense took place when the offense took place;

(8) in cases of reckless homicide afford the victim's spouse, guardians, parents or other immediate family members an opportunity to make oral statements; and

(9) in cases involving a felony sex offense as defined under the Sex Offender Management Board Act, consider the results of the sex offender evaluation conducted pursuant to Section 5-3-2 of this Act.

(b) All sentences shall be imposed by the judge based upon his independent assessment of the elements specified above and any agreement as to sentence reached by the parties. The judge who presided at the trial or the judge who accepted the plea of guilty shall impose the sentence unless he is no longer sitting as a judge in that court. Where the judge does not impose sentence at the same time on all defendants who are convicted as a result of being involved in the same offense, the defendant or the State's Attorney may advise the sentencing court of the disposition of any other defendants who have been sentenced.

(c) In imposing a sentence for a violent crime or for an offense of operating or being in physical control of a vehicle while under the influence of alcohol, any other drug or any combination thereof, or a similar provision of a local ordinance, when such offense resulted in the personal injury to someone other than the defendant, the trial judge shall specify on the record the particular evidence, information, factors in mitigation and aggravation or other reasons that led to his sentencing determination. The full verbatim record of the sentencing hearing shall be filed with the clerk of the court and shall be a public record.

(c-1) In imposing a sentence for the offense of aggravated kidnapping for ransom, home invasion, armed robbery, aggravated vehicular hijacking, aggravated discharge of a firearm, or armed violence with a category I weapon or category II weapon, the trial judge shall make a finding as to whether the conduct leading to conviction for the offense resulted in great bodily harm to a victim, and shall enter that finding and the basis for that finding in the record.

(c-2) If the defendant is sentenced to prison, other than when a sentence of natural life imprisonment or a sentence of death is imposed, at the time the sentence is imposed the judge shall state on the record in open court the approximate period of time the defendant will serve in custody according to the then current statutory rules and regulations for early release found in Section 3-6-3 and other related provisions of this Code. This statement is intended solely to inform the public, has no legal effect on the defendant's actual release, and may not be relied on by the defendant on appeal.

The judge's statement, to be given after pronouncing the sentence, other than when the sentence is imposed for one of the offenses enumerated in paragraph (a)(3) of Section 3-6-3, shall include the following:

"The purpose of this statement is to inform the public of the actual period of time this defendant is likely to spend in prison as a result of this sentence. The actual period of prison time served is determined by the statutes of Illinois as applied to this sentence by the Illinois Department of Corrections and the Illinois Prisoner Review Board. In this case, assuming the defendant receives all of his or her good conduct credit, the period of estimated actual custody is ... years and ... months, less up to 180 days additional good conduct credit for meritorious service. If the defendant, because of his or her own misconduct or failure to comply with the institutional regulations, does not receive those credits, the actual time served in prison will be longer. The defendant may also receive an additional one-half day good conduct credit for each day of participation in vocational, industry, substance abuse, and educational programs as provided for by Illinois statute."

When the sentence is imposed for one of the offenses enumerated in paragraph (a)(3) of Section 3-6-3, other than when the sentence is imposed for one of the offenses enumerated in paragraph (a)(2) of Section 3-6-3 committed on or after June 19, 1998, and other than when the sentence is imposed for reckless homicide as defined in subsection (e) of Section 9-3 of the Criminal Code of 1961 if the offense was committed on or after January 1, 1999, and other than when the sentence is imposed for aggravated arson if the offense was committed on or after July 27, 2001 (the effective date of Public Act 92-176), the judge's statement, to be given after pronouncing the sentence, shall include the following:

"The purpose of this statement is to inform the public of the actual period of time this defendant is likely to spend in prison as a result of this sentence. When the sentence is imposed for one of the offenses enumerated in paragraph (a)(2) of Section 3-6-3, other than first degree murder, and the offense was committed on or after June 19, 1998, and when the sentence is imposed for reckless homicide as defined in subsection (e) of Section 9-3 of the Criminal Code of 1961 if the offense was committed on or after January 1, 1999, and when the sentence is imposed for aggravated driving under the influence of alcohol, other drug or drugs, or intoxicating compound or compounds, or any combination thereof as defined in subparagraph (F) of paragraph (1) of subsection (d) of Section 11-501 of the Illinois Vehicle Code, and when the sentence is imposed for aggravated arson if the offense was committed on or after July 27, 2001 (the effective date of Public Act 92-176), the judge's statement, to be given after pronouncing the sentence, shall include the following:

"The purpose of this statement is to inform the public of the actual period of time this defendant is likely to spend in prison as a result of this sentence. The actual period of prison time served is determined by the statutes of Illinois as applied to this sentence by the Illinois Department of Corrections and the Illinois Prisoner Review Board. In this case, the defendant is entitled to no more than 4 1/2 days of good conduct credit for each month of his or her sentence of imprisonment. Therefore, this defendant will serve at least 85% of his or her sentence. Assuming the defendant receives 4 1/2 days credit for each month of his or her sentence, the period of estimated actual custody is ... years and ... months. If the defendant, because of his or her own misconduct or failure to comply with the institutional regulations receives lesser credit, the actual time served in prison will be longer."

When a sentence of imprisonment is imposed for first degree murder and the offense was committed on or after June 19, 1998, the judge's statement, to be given after pronouncing the sentence, shall include the following:

"The purpose of this statement is to inform the public of the actual period of time this defendant is likely to spend in prison as a result of this sentence. The actual period of prison time served is determined by the statutes of Illinois as applied to this sentence by the Illinois Department of Corrections and the Illinois Prisoner Review Board. of Corrections facility and the crime was committed on or after September 1, 2003 (the effective date of Public Act 93-354), the judge's statement, in addition to any other judge's statement required under this Section, to be given after pronouncing the sentence, shall include the following:

"The purpose of this statement is to inform the public of the actual period of time this defendant is likely to spend in prison as a result of this sentence. The actual period of prison time served is determined by the statutes of Illinois as applied to this sentence by the Illinois Department of Corrections and the Illinois Prisoner Review Board. (c-4) Before the sentencing hearing and as part of the presentence investigation under Section 5-3-1, the court shall inquire of the defendant whether the defendant is currently serving in or is a veteran of the Armed Forces of the United States. If the defendant is currently serving in the Armed Forces of the United States or is a veteran of the Armed Forces of the United States and has been diagnosed as having a mental illness by a qualified psychiatrist or clinical psychologist or physician, the court may:

(1) order that the officer preparing the presentence report consult with the United States Department of Veterans Affairs, Illinois Department of Veterans' Affairs, or another agency or person with suitable knowledge or experience for the purpose of providing the court with information regarding treatment options available to the defendant, including federal, State, and local programming; and

(2) consider the treatment recommendations of any diagnosing or treating mental health professionals together with the treatment options available to the defendant in imposing sentence.

For the purposes of this subsection (c-4), "qualified psychiatrist" means a reputable physician licensed in Illinois to practice medicine in all its branches, who has specialized in the diagnosis and treatment of mental and nervous disorders for a period of not less than 5 years.

The clerk shall within 10 days after receiving any such statements transmit a copy to such department, agency or institution and a copy to the other party, provided, however, that this shall not be cause for delay in conveying the person to the department, agency or institution to which he has been committed.

PUBLIC ACT 96-0095  
(House Bill No. 4236)

AN ACT concerning State government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Department of Veterans Affairs Act is amended by changing Section 2.03 as follows:

(20 ILCS 2805/2.03) (from Ch. 126 1/2, par. 67.03)
Sec. 2.03. Admissions. Admissions to an Illinois Veterans Home are subject to the rules and regulations adopted by the Department of Veterans' Affairs to govern the admission of applicants.

Each resident of a Home is liable for the payment of sums representing maintenance charges for care at the Home at a rate to be determined by the Department, based on the resident's ability to pay. However, the charges shall not exceed the average annual per capita cost of maintaining the resident in the Home. The Department, upon being furnished proof of payment, shall in its discretion make allowances for unusual expenses in determining the ability of the resident to pay maintenance charges.

Payment of maintenance charges shall be made first and to the fullest extent possible from sources of income other than pension or compensation paid by the U.S. Department of Veterans Affairs.

The basis upon which the payment of maintenance charges shall be calculated by the Department is the average per capita cost for the care of
all residents at each Home for the fiscal year immediately preceding the period for which the rate for each Home is being calculated.

The Department may require residents to pay charges monthly, quarterly, or otherwise as may be most suitably arranged for the individual members. The amounts received from each Home for the charges shall be transmitted to the Treasurer of the State of Illinois for deposit in each Veterans Home Fund, respectively.

The Department may investigate the financial condition of residents of a Home to determine their ability to pay maintenance charges and to establish standards as a basis of judgment for such determination. Such standards shall be recomputed periodically to reflect changes in the cost of living and other pertinent factors.

Refusal to pay the maintenance charges is cause for discharge of a resident from a Home.

The Department may collect any medical or health benefits to which a resident may become entitled through tax supported or privately financed systems of insurance, as a result of his or her care or treatment in the facilities provided by the Department, or because of care or treatment in other facilities when such care or treatment has been paid for by the Department.

Admission of a resident is not limited or conditioned in any manner by the financial status of the resident or his or her ability to pay maintenance charges.

The Department may accept and hold on behalf of the State, if for the public interest, a grant, gift, devise, or bequest of money or property to the Department made in trust for the maintenance or support of a resident of an Illinois Veterans Home or for any other legitimate purpose. The Department shall cause each gift, grant, devise, or bequest to be kept as a distinct fund and shall invest the same in the manner provided by the laws of this State relating to securities in which the deposit in savings banks may be invested. However, the Department may, at its discretion, deposit in a proper trust company, bank, or savings bank, during the continuance of the trust, any fund left in trust for the life of a person and shall adopt rules and regulations governing the deposit, transfer, or withdrawal of the fund. The Department shall, on the expiration of any trust as provided in any instrument creating the trust, dispose of the fund in the manner provided in the instrument. The Department shall include in its required reports a statement showing what funds are so held by it and the condition of the funds; provided that monies found on residents at the time of their

All types of retirement and pension benefits from private and public sources may be paid directly to the administrator of a Home for deposit to the resident trust fund account.

Section 5. The Department of Veterans Affairs Act is amended by changing Section 2.03 as follows:

(20 ILCS 2805/2.03) (from Ch. 126 1/2, par. 67.03)

Sec. 2.03. Admissions. Admissions to an Illinois Veterans Home are subject to the rules and regulations adopted by the Department of Veterans' Affairs to govern the admission of applicants.

Each resident of a Home is liable for the payment of sums representing maintenance charges for care at the Home at a rate to be determined by the Department, based on the resident's ability to pay. However, the charges shall not exceed the average annual per capita cost of maintaining the resident in the Home. The Department, upon being furnished proof of payment, shall in its discretion make allowances for unusual expenses in determining the ability of the resident to pay maintenance charges.

Payment of maintenance charges shall be made first and to the fullest extent possible from sources of income other than pension or compensation paid by the U.S. Department of Veterans Affairs.

New matter indicated by italics - deletions by strikeout.
The basis upon which the payment of maintenance charges shall be calculated by the Department is the average per capita cost for the care of all residents at each Home for the fiscal year immediately preceding the period for which the rate for each Home is being calculated.

The Department may require residents to pay charges monthly, quarterly, or otherwise as may be most suitably arranged for the individual members. The amounts received from each Home for the charges shall be transmitted to the Treasurer of the State of Illinois for deposit in each Veterans Home Fund, respectively.

The Department may investigate the financial condition of residents of a Home to determine their ability to pay maintenance charges and to establish standards as a basis of judgment for such determination. Such standards shall be recomputed periodically to reflect changes in the cost of living and other pertinent factors.

Refusal to pay the maintenance charges is cause for discharge of a resident from a Home.

The Department may collect any medical or health benefits to which a resident may become entitled through tax supported or privately financed systems of insurance, as a result of his or her care or treatment in the facilities provided by the Department, or because of care or treatment in other facilities when such care or treatment has been paid for by the Department.

Admission of a resident is not limited or conditioned in any manner by the financial status of the resident or his or her ability to pay maintenance charges.

The Department may accept and hold on behalf of the State, if for the public interest, a grant, gift, devise, or bequest of money or property to the Department made in trust for the maintenance or support of a resident of an Illinois Veterans Home or for any other legitimate purpose. The Department shall cause each gift, grant, devise, or bequest to be kept as a distinct fund and shall invest the same in the manner provided by the laws of this State relating to securities in which the deposit in savings banks may be invested. However, the Department may, at its discretion, deposit in a proper trust company, bank, or savings bank, during the continuance of the trust, any fund left in trust for the life of a person and shall adopt rules and regulations governing the deposit, transfer, or withdrawal of the fund. The Department shall, on the expiration of any trust as provided in any instrument creating the trust, dispose of the fund in the manner provided in the instrument. All types of retirement and pension benefits from private and public sources may be paid directly to the administrator of a Home for deposit to the resident trust fund account.

Sec. 34-8.3. Remediation and probation of attendance centers.

(a) The general superintendent shall monitor the performance of the attendance centers within the district and shall identify attendance centers, pursuant to criteria that the board shall establish, in which:

(1) there is a failure to develop, implement, or comply with a school improvement plan;

(2) there is a pervasive breakdown in the educational program as indicated by factors, including, but not limited to, the absence of improvement in student reading and math achievement scores, an increased drop-out rate, a decreased graduation rate, and a decrease in rate of student attendance;

(3) (blank); or

(4) there is a failure or refusal to comply with the provisions of this Act, other applicable laws, collective bargaining agreements, court orders, or with Board rules which the Board is authorized to promulgate.

(b) If the general superintendent identifies a nonperforming school as described herein, he or she shall place the attendance center on remediation by developing a remediation plan for the center. The purpose of the remediation plan shall be to correct the deficiencies in the performance of the attendance center by one or more of the following methods:

(1) drafting a new school improvement plan;

(2) applying to the board for additional funding for training for the local school council;

(3) directing implementation of a school improvement plan;

(4) mediating disputes or other obstacles to reform or improvement at the attendance center.

If, however, the general superintendent determines that the problems are not able to be remediated by these methods, the general superintendent shall place the attendance center on probation. The board shall establish guidelines that determine the factors for placing an attendance center on probation.

New matter indicated by italics - deletions by strikeout.
(c) Each school placed on probation shall have a school improvement plan and school budget for correcting deficiencies identified by the board. The plan shall include specific steps that the local school council and school staff must take to correct identified deficiencies and specific objective criteria by which the school's subsequent progress will be determined. The school budget shall include specific expenditures directly calculated to correct educational and operational deficiencies identified at the school by the probation team.

(d) Schools placed on probation that, after a maximum of one year, fail to make adequate progress in correcting deficiencies are subject to the following actions by the general superintendent with the approval of the board, after opportunity for a hearing:

2. Removing and replacing the principal.
3. Replacement of faculty members, subject to the provisions of Section 24A-5.
4. Reconstitution of the attendance center and replacement and reassignment by the general superintendent of all employees of the attendance center.
5. Intervention under Section 34-8.4.
5.5 Operating an attendance center as a contract turnaround school.
6. Closing of the school.

(e) Schools placed on probation shall remain on probation from year to year until deficiencies are corrected, even if such schools make acceptable annual progress. The board shall establish, in writing, criteria for determining whether or not a school shall remain on probation. If academic achievement tests are used as the factor for placing a school on probation, the general superintendent shall consider objective criteria, not just an increase in test scores, in deciding whether or not a school shall remain on probation. These criteria shall include attendance, test scores, student mobility rates, poverty rates, bilingual education eligibility, special education, and English language proficiency programs, with progress made in these areas being taken into consideration in deciding whether or not a school shall remain on probation.

(f) Where the board has reason to believe that violations of civil rights, or of civil or criminal law have occurred, or when the general superintendent deems that the school is in educational crisis it may take immediate corrective action, including the actions specified in this

(g) All persons serving as subdistrict superintendent on May 1, 1995 shall be deemed by operation of law to be serving under a performance contract which expires on June 30, 1995, and the employment of each such person as subdistrict superintendent shall terminate on June 30, 1995. The board shall have no obligation to compensate any such person as a subdistrict superintendent after June 30, 1995.

(h) The general superintendent shall, in consultation with local school councils, conduct an annual evaluation of each principal in the district pursuant to guidelines promulgated by the Board of Education.

No student shall be denied equal access to physical education and interscholastic athletic programs supported from school district funds or denied participation in comparable physical education and athletic programs solely by reason of the student's sex. Equal access to programs supported from school district funds and comparable programs will be defined in rules promulgated by the State Board of Education in consultation with the Illinois High School Association. Notwithstanding any other provision of this Article, neither the board of education nor any local school council or other school official shall recommend that children with disabilities be placed into regular education classrooms unless those children with disabilities are provided with supplementary services to assist them so that they benefit from the regular classroom instruction and are included on the teacher's regular education class register;

The board shall take into consideration the prevention of segregation and the elimination of separation of children in public schools because of color, race, sex, or nationality. Except that children may be committed to or attend parental and social adjustment schools established and maintained either for boys or girls only. All records pertaining to the creation, alteration or revision of attendance areas shall be open to the public. Nothing herein shall limit the board's authority to establish multi-area attendance centers or other student assignment systems for desegregation purposes or otherwise, and to apportion the pupils to the several schools. Furthermore, beginning in school year 1994-95, pursuant to a board plan adopted by October 1, 1993, the board shall offer, commencing on a phased-in basis, the opportunity for families within the school district to apply for enrollment of their children in any attendance center within the school district which does not have selective admission requirements approved by the board. The appropriate geographical area in which such open enrollment may be exercised shall be determined by the board of education. Such children may be admitted to any such attendance center on a space available basis after all children residing within such attendance center's area have been accommodated. If the number of applicants from outside the attendance area exceed the space available, then successful applicants shall be selected by lottery. The board of education's open enrollment plan must include provisions that allow low income students to have access to transportation needed to exercise school choice. Open enrollment shall be in compliance with the provisions of the Consent Decree and Desegregation Plan cited in Section 34-1.01;

8. To approve programs and policies for providing transportation services to students. The board shall prepare such reports related to minimal competency testing as may be requested by the State Board of Education, and in addition shall monitor and approve special education and bilingual education programs and policies within the district to assure that appropriate services are provided in accordance with applicable State and federal laws to children requiring services and education in those areas;

10. To employ non-teaching personnel or utilize volunteer personnel for: (i) non-teaching duties not requiring instructional judgment or evaluation of pupils, including library duties; and (ii) supervising study halls, long distance teaching reception areas used incident to instructional programs transmitted by electronic media such as computers, video, and audio, detention and discipline areas, and school-sponsored extracurricular activities. The board may further utilize volunteer non-certificated personnel or employ non-certificated personnel to assist in the instruction of pupils under the immediate supervision of a teacher holding a valid certificate, directly engaged in teaching subject matter or conducting activities; provided that the teacher shall be continuously aware of the non-certificated persons' activities and shall be able to control or modify them. The general superintendent shall determine qualifications of such personnel and shall prescribe rules for determining the duties and activities to be assigned to such personnel;

PUBLIC ACT 96-0106
(Senate Bill No. 1796)

AN ACT concerning education.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by adding Section 2-3.66b as follows:

(105 ILCS 5/2-3.66b new)
Sec. 2-3.66b. IHOPE Program.
(a) There is established the Illinois Hope and Opportunity Pathways through Education (IHOPE) Program. The State Board of Education shall implement and administer the IHOPE Program. The goal of the IHOPE Program is to develop a comprehensive system in this State to re-enroll significant numbers of high school dropouts in programs that will enable them to earn their high school diploma.
(b) The IHOPE Program shall award grants, subject to appropriation for this purpose, to educational service regions and a school district organized under Article 34 of this Code from appropriated funds to assist in establishing instructional programs and other services designed to re-enroll high school dropouts. From any funds appropriated for the IHOPE Program, the State Board of Education may use up to 5% for administrative costs, including the performance of a program

evaluation and the hiring of staff to implement and administer the program.

The IHOPE Program shall provide incentive grant funds for regional offices of education and a school district organized under Article 34 of this Code to develop partnerships with school districts, public community colleges, and community groups to build comprehensive plans to re-enroll high school dropouts in their regions or districts.

Programs funded through the IHOPE Program shall allow high school dropouts, up to and including age 21 notwithstanding Section 26-2 of this Code, to re-enroll in an educational program in conformance with rules adopted by the State Board of Education. Programs may include without limitation comprehensive year-round programming, evening school, summer school, community college courses, adult education, vocational training, work experience, programs to enhance self-concept, and parenting courses. Any student in the IHOPE Program who wishes to earn a high school diploma must meet the prerequisites to receiving a high school diploma specified in Section 27-22 of this Code and any other graduation requirements of the student’s district of residence. Any student who successfully completes the requirements for his or her graduation shall receive a diploma identifying the student as graduating from his or her district of residence.

(c) In order to be eligible for funding under the IHOPE Program, an interested regional office of education or a school district organized under Article 34 of this Code shall develop an IHOPE Plan to be approved by the State Board of Education. The State Board of Education shall develop rules for the IHOPE Program that shall set forth the requirements for the development of the IHOPE Plan. Each Plan shall involve school districts, public community colleges, and key community programs that work with high school dropouts located in an educational service region or the City of Chicago before the Plan is sent to the State Board for approval. No funds may be distributed to a regional office of education or a school district organized under Article 34 of this Code until the State Board has approved the Plan.

(d) A regional office of education or a school district organized under Article 34 of this Code may operate its own program funded by the IHOPE Program or enter into a contract with other not-for-profit entities, including school districts, public community colleges, and not-for-profit community-based organizations, to operate a program.

New matter indicated by italics - deletions by strikeout.
A regional office of education or a school district organized under Article 34 of this Code that receives an IHOPE grant from the State Board of Education may provide funds under a sub-grant, as specified in the IHOPE Plan, to other not-for-profit entities to provide services according to the IHOPE Plan that was developed. These other entities may include school districts, public community colleges, or not-for-profit community-based organizations or a cooperative partnership among these entities.

(e) In order to distribute funding based upon the need to ensure delivery of programs that will have the greatest impact, IHOPE Program funding must be distributed based upon the proportion of dropouts in the educational service region or school district, in the case of a school district organized under Article 34 of this Code, to the total number of dropouts in this State. This formula shall employ the dropout data provided by school districts to the State Board of Education.

A regional office of education or a school district organized under Article 34 of this Code may claim State aid under Section 18-8.05 of this Code for students enrolled in a program funded by the IHOPE Program, provided that the State Board of Education has approved the IHOPE Plan and that these students are receiving services that are meeting the requirements of Section 27-22 of this Code for receipt of a high school diploma and are otherwise eligible to be claimed for general State aid under Section 18-8.05 of this Code, including provisions related to the minimum number of days of pupil attendance pursuant to Section 10-19 of this Code and the minimum number of daily hours of school work and any exceptions thereto as defined by the State Board of Education in rules.

(f) IHOPE categories of programming may include the following:

(1) Full-time programs that are comprehensive, year-round programs.

(2) Part-time programs combining work and study scheduled at various times that are flexible to the needs of students.

(3) Online programs and courses in which students take courses and complete on-site, supervised tests that measure the student's mastery of a specific course needed for graduation. Students may take courses online and earn credit or students may prepare to take supervised tests for specific courses for credit leading to receipt of a high school diploma.

(4) Dual enrollment in which students attend high school classes in combination with community college classes or students

attend community college classes while simultaneously earning high school credit and eventually a high school diploma.

(g) In order to have successful comprehensive programs re-enrolling and graduating low-skilled high school dropouts, programs funded through the IHOPE Program shall include all of the following components:

1. Small programs (70 to 100 students) at a separate school site with a distinct identity. Programs may be larger with specific need and justification, keeping in mind that it is crucial to keep programs small to be effective.

2. Specific performance-based goals and outcomes and measures of enrollment, attendance, skills, credits, graduation, and the transition to college, training, and employment.

3. Strong, experienced leadership and teaching staff who are provided with ongoing professional development.

4. Voluntary enrollment.

5. High standards for student learning, integrating work experience, and education, including during the school year and after school, and summer school programs that link internships, work, and learning.

6. Comprehensive programs providing extensive support services.

7. Small teams of students supported by full-time paid mentors who work to retain and help those students graduate.

8. A comprehensive technology learning center with Internet access and broad-based curriculum focusing on academic and career subject areas.

9. Learning opportunities that incorporate action into study.

(h) Programs funded through the IHOPE Program must report data to the State Board of Education as requested. This information shall include, but is not limited to, student enrollment figures, attendance information, course completion data, graduation information, and post-graduation information, as available.

(i) Rules must be developed by the State Board of Education to set forth the fund distribution process to regional offices of education and a school district organized under Article 34 of this Code, the planning and the conditions upon which an IHOPE Plan would be approved by State Board, and other rules to develop the IHOPE Program.

AN ACT concerning education.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the P-20 Longitudinal Education Data System Act.

Section 5. Findings; declarations. The General Assembly finds and declares all of the following:

(1) Sound data collection, reporting, and analysis are critical to building a State education system capable of ensuring all Illinois students are adequately prepared for college and the global workforce. School districts and institutions of higher learning can improve instructional and educational decision-making using data that is collected and made available by this State.

(2) Reliable and sufficient education data is necessary to ensure that this State bases education policy decisions on valid, objective measures of student outcomes. Publicly accessible data on State, school district, and school performance allows the citizens of this State to assess local and statewide investments in education.

(3) A national collaborative effort among State education officials, national education organizations, and state and federal policymakers has defined the essential elements a State longitudinal data system should contain. Public Law 110-69, the America COMPETES Act, requires state longitudinal data systems to include all 10 elements identified by this national, collaborative effort for states to qualify for federal funding opportunities. The federal American Recovery and Reinvestment Act of 2009 requires states to establish longitudinal data systems with all 10 elements to qualify for federal funding for education, public safety, and other government services.
(4) Public Law 110-134 requires the Illinois Early Learning Council to develop recommendations regarding the establishment of a unified data collection system for public early childhood education and development programs and services throughout this State, and those efforts should be coordinated with the development of this State's longitudinal data system.

(5) State education policymaking benefits from partnerships between State education agencies and entities with expertise in education research, including school districts, institutions of higher learning, and research organizations. This State should establish systems and processes to permit qualified researchers to assist with State evaluation and research functions in a manner consistent with privacy protection laws.

(6) State education systems and national policymaking benefit from multi-state collaborations that are informed by high quality data collection systems.

(7) This State is committed to establishing and maintaining a longitudinal student unit record data system that educators and policymakers can use to analyze and assess student progress from early learning programs through postsecondary education and into employment. The State Board of Education, the Illinois Community College Board, and the Board of Higher Education have designed, built, and deployed some of the fundamental components of a longitudinal data system and have engaged in extensive efforts to effectively link and use available education data. However, the various education data components maintained by this State must be integrated and managed in a cooperative manner to establish a data-driven, decision-making environment for this State's education system.

(8) The longitudinal data system established by this Act is intended, among other purposes, to link student test scores, length of enrollment, and graduation records over time, as permitted by Section 1111(b)(3)(B) of the federal Elementary and Secondary Education Act (20 U.S.C. 6311(b)(3)(B)).

(9) Students will achieve improved learning outcomes as a result of the longitudinal data system established by this Act through instruction and educational programs informed by valid and reliable data.

New matter indicated by italics - deletions by strikeout.
(10) State use and management of education data must be in accordance with all legal requirements protecting student privacy and must protect personal information from intentional or accidental release to unauthorized persons and from intentional or accidental use for unauthorized purposes.

To the extent authorized by this Section and Section 20 of this Act:

   (1) the State Board is responsible for collecting and maintaining authoritative enrollment, completion, and student characteristic information on early learning, public school (kindergarten through grade 12), and non-public school (kindergarten through grade 12) students;

(3) Link data to instructional management tools that support instruction and assist collaboration among teachers and postsecondary instructors.

(4) Enhance and expand existing high school-to-postsecondary reporting systems to inform school and school district officials, education policymakers, and members of the public about public school students' performance in postsecondary education.

(5) Provide data reporting, analysis, and planning tools that assist with financial oversight, human resource management, and other education support functions.

(6) Improve student access to educational opportunities by linking data to student college and career planning portals, facilitating the submission of electronic transcripts and scholarship and financial aid applications, and enabling the transfer of student records to officials of a school or institution of higher learning where a student enrolls or seeks or intends to enroll.

(7) Establish a public Internet web interface that provides non-confidential data reports and permits queries so that parents, the media, and other members of the public can more easily access information pertaining to statewide, district, and school performance.

(8) Provide research and reports to the General Assembly that assist with evaluating the effectiveness of specific programs and that enable legislators to analyze educational performance within their legislative districts.

(9) Allow the State Education Authorities to efficiently meet federal and State reporting requirements by drawing data for required reports from multiple State systems.

(10) Establish a system to evaluate teacher and administrator preparation programs using student academic growth as one component of evaluation.

(11) In accordance with a data sharing agreement entered into between the State Education Authorities and the Illinois Student Assistance Commission, establish procedures and systems to evaluate the relationship between need-based financial aid and student enrollment and success in institutions of higher learning.

(12) In accordance with data sharing agreements entered into between the State Education Authorities and health and human

service agencies, establish procedures and systems to evaluate the relationship between education and other student and family support systems.

(13) In accordance with data sharing agreements entered into between the State Education Authorities and employment and workforce development agencies, establish procedures and systems to evaluate the relationship between education programs and outcomes and employment fields, employment locations, and employment outcomes.

(c) On or before June 30, 2013, subject to the availability of funding through appropriations made specifically for the purposes of this Act, the State Board shall establish a data warehouse that integrates data from multiple student unit record systems and supports all of the uses and functions of the longitudinal data system set forth in this Act. The data warehouse must be developed in cooperation with the Community College Board and the Board of Higher Education and must have the ability to integrate longitudinal data from early learning through the postsecondary level in accordance with one or more data sharing agreements entered into among the State Education Authorities. The data warehouse, as integrated with the longitudinal data system, must include, but is not limited to, all of the following elements:

1. A unique statewide student identifier that connects student data across key databases across years. The unique statewide student identifier must not be derived from a student's social security number and must be provided to institutions of higher learning to assist with linkages between early learning through secondary and postsecondary data.

2. Student-level enrollment, demographic, and program participation information, including information on participation in dual credit programs.

3. The ability to match individual students' elementary and secondary test records from year to year to measure academic growth.

4. Information on untested students in the elementary and secondary levels, and the reasons they were not tested.

teacher and student data through the longitudinal data system may not be used by a school district for decisions involving teacher pay or teacher benefits unless the district and the exclusive bargaining representative of the district's teachers, if any, have agreed to this use. Information able to be obtained only as a result of the linkage of teacher and student data through the longitudinal data system may not be used by a school district as part of an evaluation under Article 24A of the School Code unless, in good faith cooperation with the school district's teachers or, where applicable, the exclusive bargaining representative of the school district's teachers, the school district has developed an evaluation plan or substantive change to an evaluation plan that specifically describes the school district's rationale for using this information for evaluations, how this information will be used as part of the evaluation process, and how this information will relate to evaluation standards. However, nothing in this subdivision (5) or elsewhere in this Act limits or restricts (i) a district's use of any local or State data that has been obtained independently from the linkage of teacher and student data through the longitudinal data system or (ii) a charter school's use of any local or State data in connection with teacher pay, benefits, or evaluations.

(6) Student-level transcript information, including information on courses completed and grades earned, from middle and high schools. The State Board shall establish a statewide course classification system based upon the federal School Codes for Exchange of Data or a similar course classification system. Each school district and charter school shall map its course descriptions to the statewide course classification system for the purpose of State reporting. School districts and charter schools are not required to change or modify the locally adopted course descriptions used for all other purposes. The State Board shall establish or contract for the establishment of a technical support and training system to assist schools and districts with the implementation of this item (6) and shall, to the extent possible, collect transcript data using a system that permits automated reporting from district student information systems.

(7) Student-level college readiness test scores.

(8) Student-level graduation and dropout data.

(d) Using data provided to and maintained by the longitudinal data system, the State Education Authorities may, in addition to functions and activities specified elsewhere in this Section, perform and undertake the following:

(1) research for or on behalf of early learning programs, schools, school districts, or institutions of higher learning, which may be performed by one or more State Education Authorities or through agreements with research organizations meeting all of the requirements of this Act and privacy protection laws; and

(2) audits or evaluations of federal or State-supported education programs and activities to enforce federal or State legal requirements with respect to those programs. Each State Education Authority may assist another State Education Authority with audit, evaluation, or enforcement activities and may disclose education records with each other for those activities relating to any early learning through postsecondary program. The State Education Authorities may disclose student information to authorized officials of a student's former early learning program, school, or school district to assist with the evaluation of federal or State-supported education programs.
(e) In establishing, operating, and expanding the longitudinal data system, the State Education Authorities shall convene stakeholders and create opportunities for input and advice in the areas of data ownership, data use, research priorities, data management, confidentiality, data access, and reporting from the system. Such stakeholders include, but are not limited to, public and non-public institutions of higher learning, school districts, charter schools, non-public elementary and secondary schools, early learning programs, teachers, professors, parents, principals and administrators, school research consortiums, education policy and advocacy organizations, news media, the Illinois Student Assistance Commission, the Illinois Education Research Council, the Department of Commerce and Economic Opportunity, the Illinois Early Learning Council, and the Legislative Research Unit.

New matter indicated by italics - deletions by strikeout.
(f) Representatives of the State Education Authorities shall report to and advise the Illinois P-20 Council on the implementation, operation, and expansion of the longitudinal data system.

(g) Appropriations made to the State Education Authorities for the purposes of this Act shall be used exclusively for expenses for the development and operation of the longitudinal data system. Authorized expenses of the State Education Authorities may relate to contracts with outside vendors for the development and operation of the system, agreements with other governmental entities or research organizations for authorized uses and functions of the system, technical support and training for entities submitting data to the system, or regular or contractual employees necessary for the system's development or operation.

Section 20. Collection and maintenance of data.

(a) The State Board is authorized to collect and maintain data from school districts, schools, and early learning programs and disclose this data to the longitudinal data system for the purposes set forth in this Act. The State Board shall collect data from charter schools with more than one campus in a manner that can be disaggregated by campus site. The State Board may also disclose data to the longitudinal data system that the State Board is otherwise authorized by law to collect and maintain.

On or before July 1, 2010, the State Board shall establish procedures through which State-recognized, non-public schools may elect to participate in the longitudinal data system by disclosing data to the State Board for one or more of the purposes set forth in this Act.

Subject to the availability of funding through appropriations made specifically for the purposes of this Act, the State Board shall establish or contract for the establishment of a technical support and training system to assist school districts, schools, and early learning programs with data submission, use, and analysis.

(b) The Community College Board is authorized to collect and maintain data from community college districts and disclose this data to the longitudinal data system for the purposes set forth in this Act. The Community College Board may also disclose data to the longitudinal data system that the Community College Board is otherwise authorized by law to collect and maintain.

Subject to the availability of funding through appropriations made specifically for the purposes of this Act, the Community College Board shall establish or contract for the establishment of a technical support and
training system to assist community colleges with data submission, use, and analysis.

(c) The Board of Higher Education is authorized to collect and maintain data from any public institution of higher learning, other than community colleges, and disclose this data to the longitudinal data system for the purposes set forth in this Act. The Board of Higher Education may also disclose data to the longitudinal data system that the Board of Higher Education is otherwise authorized by law to collect and maintain.

Beginning on July 1, 2012, the Board of Higher Education is authorized to collect and maintain data from any non-public institution of higher learning enrolling one or more students receiving Monetary Award Program grants, pursuant to Section 35 of the Higher Education Student Assistance Act, and disclose this data to the longitudinal data system for the purposes set forth in this Act. Prior to July 1, 2012, any non-public institution of higher learning may elect to participate in the longitudinal data system by disclosing data for one or more of the purposes set forth in this Act to the Board of Higher Education or to a consortium that has contracted with the Board of Higher Education pursuant to this subsection (c).

The Board of Higher Education may contract with one or more voluntary consortiums of non-public institutions of higher learning established for the purpose of data sharing, research, and analysis. The contract may allow the consortium to collect data from participating institutions on behalf of the Board of Higher Education. The contract may provide for consultation with a representative committee of participating institutions and a representative of one or more organizations representing the participating institutions prior to the use of data from the consortium for a data sharing arrangement entered into with any party other than a State Education Authority pursuant to Section 25 of this Act. The contract may further provide that individual institutions of higher learning shall have the right to opt out of specific uses of their data or portions thereof for reasons specified in the contract. Student-level data submitted by each institution of higher learning participating in a consortium that has contracted with the Board of Higher Education pursuant to this paragraph shall remain the property of that institution. Upon notice to the consortium and the Board of Higher Education, any non-public institution of higher learning shall have the right to remove its data from the consortium if the institution has reasonable cause to believe that there is a threat to the security of its data or its data is used in a manner that violates the terms of

Of the 12th judicial circuit's 10 existing circuit judgeships (8 at large and 2 resident), but not the additional judgeships described in subsections (b) and (b-5), the second to be vacant or become vacant on or after the effective date of this amendatory Act of the 94th General Assembly shall be allotted as a 12th circuit resident judgeship under subsection (c).

(a-15) Of the at large judgeships of the 12th judicial circuit not affected by subsection (a-10), the first 2 that are or become vacant on or after the effective date of this amendatory Act of the 96th General Assembly shall become resident judgeships of the 12th judicial circuit to be allotted by the Supreme Court under subsection (c) and filled by election, except that the Supreme Court may fill those judgeships by appointment for any remainder of a vacated term until the resident judgeships are filled initially by election.

That additional resident judgeship may be filled by appointment by the Supreme Court until filled by election at the general election in 2008, regardless of whether the judgeships for subcircuits 1, 2, and 3 have been filled.

(c) The Supreme Court shall allot (i) the additional resident judgeships of the 12th circuit created by Public Act 93-541, and this amendatory Act of 2004, and this amendatory Act of the 96th General Assembly, and (ii) the second vacancy in the at large and resident judgeships of the 12th circuit as provided in subsection (a-10), and (iii) the 2 formerly at large judgeships described in subsection (a-15) as they become available, for election from the various subcircuits until, with the additional judge of the fourth subcircuit described in subsection (b-5), there are 2 resident judges to be elected from each subcircuit. (b) Other than the resident judgeship added by this amendatory Act of the 96th General Assembly, the 22nd circuit shall have one additional resident judgeship, as well as its 3 existing resident judgeships, for a total of 4 resident judgeships to be allotted to the 4 subcircuit resident judgeships. The additional resident judgeship created by this amendatory Act of the 93rd General Assembly shall be filled by election beginning at the general election in 2006 and shall not be filled by appointment before the general election in 2006. The General Assembly by law shall create the subcircuits, using population data as determined by the 2000 federal census, and shall determine a numerical order for the 4 subcircuits. That numerical order shall be the basis for the order in which resident judgeships are assigned to the subcircuits. Of the 17th circuit's associate judgeships, the first associate judgeship that is or becomes vacant on or after the effective date of this amendatory Act of the 93rd General Assembly shall become a resident judgeship of the 17th circuit to be allotted by the Supreme Court under subsection (c) as a resident subcircuit judgeship. These resident judgeships, and the one resident judgeship added by this amendatory Act of the 96th General Assembly, shall constitute all of the resident judgeships of the 17th circuit. As used in this subsection, a vacancy does not include the expiration of a term of a resident judge who seeks retention in that office at the next term. A vacancy does not exist or occur at the expiration of an associate judge's term if the associate judge is reappointed.

(b) The 17th circuit shall have a total of 4 judgeships (3 resident judgeships existing on April 7, 2005 and one associate judgeship), but not including the one resident judgeship added by this amendatory Act of the 96th General Assembly, available to be allotted to the 4 subcircuit resident judgeships.

(c) The Supreme Court shall allot (i) the 3 resident judgeships of the 17th circuit existing on April 7, 2005 as they are or become vacant as provided in subsection (a-10) and (ii) the one associate judgeship converted into a resident judgeship of the 17th circuit as it is or becomes vacant as provided in subsection (a-10), for election from the various subcircuits until there is one resident judge to be elected from each subcircuit. That numerical order shall be the basis for the order in which resident judgeships are assigned to the subcircuits. Once a resident judgeship is assigned to a subcircuit, it shall continue to be assigned to that subcircuit for all purposes.

(b) Of the 16th circuit’s 16 existing circuit judgeships existing on April 7, 2005 (7 at large and 9 resident), but not including the 3 resident judgeships added by this amendatory Act of the 96th General Assembly, 5 of the 9 resident judgeships shall be allotted as 16th circuit resident judgeships under subsection (c) as (i) the first resident judgeship of DeKalb County, (ii) the first resident judgeship of Kendall County, and (iii) the first 2 resident judgeships of Kane County are or become vacant on or after the effective date of this amendatory Act of the 93rd General Assembly, and (iv) the first resident judgeship of Kane County (in addition to the 2 vacancies under item (iii)) is or becomes vacant after the effective date of this amendatory Act of the 94th General Assembly. (735 ILCS 5/15-1701) (from Ch. 110, par. 15-1701)
Sec. 15-1701. Right to possession.

(a) General. The provisions of this Article shall govern the right to possession of the mortgaged real estate during foreclosure. Possession under this Article includes physical possession of the mortgaged real estate to the same extent to which the mortgagor, absent the foreclosure, would have been entitled to physical possession. For the purposes of Part 17, real estate is residential real estate only if it is residential real estate at the time the foreclosure is commenced.

(b) Pre-Judgment. Prior to the entry of a judgment of foreclosure:

(1) In the case of residential real estate, the mortgagor shall be entitled to possession of the real estate except if (i) the mortgagee shall object and show good cause, (ii) the mortgagee is
so authorized by the terms of the mortgage or other written instrument, and (iii) the court is satisfied that there is a reasonable probability that the mortgagee will prevail on a final hearing of the cause, the court shall upon request place the mortgagee in possession. If the residential real estate consists of more than one dwelling unit, then for the purpose of this Part residential real estate shall mean only that dwelling unit or units occupied by persons described in clauses (i), (ii) and (iii) of Section 15-1219.

(2) In all other cases, if (i) the mortgagee is so authorized by the terms of the mortgage or other written instrument, and (ii) the court is satisfied that there is a reasonable probability that the mortgagee will prevail on a final hearing of the cause, the mortgagee shall upon request be placed in possession of the real estate, except that if the mortgagor shall object and show good cause, the court shall allow the mortgagor to remain in possession.

(c) Judgment Through 30 Days After Sale Confirmation. After the entry of a judgment of foreclosure and through the 30th day after a foreclosure sale is confirmed:

(1) Subsection (b) of Section 15-1701 shall be applicable, regardless of the provisions of the mortgage or other instrument, except that after a sale pursuant to the judgment the holder of the certificate of sale (or, if none, the purchaser at the sale) shall have the mortgagee's right to be placed in possession, with all rights and duties of a mortgagee in possession under this Article.

(2) Notwithstanding paragraph (1) of subsection (b) and paragraph (1) of subsection (c) of Section 15-1701, upon request of the mortgagor, a mortgagor of residential real estate shall not be allowed to remain in possession between the expiration of the redemption period and through the 30th day after sale confirmation unless (i) the mortgagor pays to the mortgagee or such holder or purchaser, whichever is applicable, monthly the lesser of the interest due under the mortgage calculated at the mortgage rate of interest applicable as if no default had occurred or the fair rental value of the real estate, or (ii) the mortgagor otherwise shows good cause. Any amounts paid by the mortgagor pursuant to this subsection shall be credited against the amounts due from the mortgagor.

(d) After 30 Days After Sale Confirmation. The holder of the certificate of sale or deed issued pursuant to that certificate or, if no

certificate or deed was issued, the purchaser, except to the extent the holder or purchaser may consent otherwise, shall be entitled to possession of the mortgaged real estate, as of the date 30 days after the order confirming the sale is entered, against those parties to the foreclosure whose interests the court has ordered terminated, without further notice to any party, further order of the court, or resort to proceedings under any other statute other than this Article. This right to possession shall be limited by the provisions governing entering and enforcing orders of possession under subsection (g) of Section 15-1508. If the holder or purchaser determines that there are occupants of the mortgaged real estate who have not been made parties to the foreclosure and had their interests terminated therein, the holder or purchaser may bring a proceeding under subsection (h) of this Section or under Article 9 of this Code to terminate the rights of possession of any such occupants. The holder or purchaser shall not be entitled to proceed against any such occupant under Article 9 of this Code until after 30 days after the order confirming the sale is entered.

(e) Termination of Leases. A lease of all or any part of the mortgaged real estate shall not be terminated automatically solely by virtue of the entry into possession by (i) a mortgagee or receiver prior to the entry of an order confirming the sale, (ii) the holder of the certificate of sale, (iii) the holder of the deed issued pursuant to that certificate, or (iv) if no certificate or deed was issued, the purchaser at the sale.

(f) Other Statutes; Instruments. The provisions of this Article providing for possession of mortgaged real estate shall supersede any other inconsistent statutory provisions. In particular, and without limitation, whenever a receiver is sought to be appointed in any action in which a foreclosure is also pending, a receiver shall be appointed only in accordance with this Article. Except as may be authorized by this Article, no mortgage or other instrument may modify or supersede the provisions of this Article.

(g) Certain Leases. Leases of the mortgaged real estate entered into by a mortgagee in possession or a receiver and approved by the court in a foreclosure shall be binding on all parties, including the mortgagor after redemption, the purchaser at a sale pursuant to a judgment of foreclosure and any person acquiring an interest in the mortgaged real estate after entry of a judgment of foreclosure in accordance with Sections 15-1402 and 15-1403.

(1) The mortgagee-in-possession of the mortgaged real estate under Section 15-1703, a receiver appointed under Section 15-1704, a holder of the certificate of sale or deed, or the purchaser may, at any time during the pendency of the foreclosure and up to 90 days after the date of the order confirming the sale, file a supplemental petition for possession against a person not personally named as a party to the foreclosure. The supplemental petition for possession shall name each such occupant against whom possession is sought and state the facts upon which the claim for relief is premised.

(2) The petitioner shall serve upon each named occupant the petition, a notice of hearing on the petition, and, if any, a copy of the certificate of sale or deed. The proceeding for the termination of such occupant's possessory interest, including service of the notice of the hearing and the petition, shall in all respects comport with the requirements of Article 9 of this Code, except as otherwise specified in this Section. The hearing shall be no less than 21 days from the date of service of the notice.

(3) The supplemental petition shall be heard as part of the foreclosure proceeding and without the payment of additional filing fees. An order for possession obtained under this Section shall name each occupant whose interest has been terminated, shall recite that it is only effective as to the occupant so named and those holding under them, and shall be enforceable for no more than 90 days after its entry, except that the 90-day period may be extended to the extent and in the manner provided in Section 9-117 of Article 9 and except as provided in item (4) of this subsection (h).

(4) In a case of foreclosure where the occupant tenant is current on his or her rent, or where timely written notice of to whom and where the rent is to be paid has not been provided to the occupant tenant, or where the occupant tenant has made good-faith efforts to make rental payments in order to keep current, any order of possession must allow the occupant tenant to retain possession of the property covered in his or her rental agreement (i) for 120 days following the notice of the hearing on the supplemental petition that has been properly served upon the occupant tenant, or (ii) through the duration of his or her lease, whichever is shorter, provided that if the duration of his or her lease is less than 30 days from the date of the order, the order shall allow the occupant to

retain possession for 30 days from the date of the order. A mortgagee in possession, receiver, holder of a certificate of sale or deed, or purchaser at the judicial sale, who asserts that the occupant is not current in rent, shall file an affidavit to that effect in the supplemental petition proceeding. If the occupant tenant has been given timely written notice of to whom and where the rent is to be paid, this item (4) shall only apply if the occupant tenant continues to pay his or her rent in full during the 120-day period or has made good-faith efforts to pay the rent in full during that period. No mortgagee-in-possession, receiver or holder of a certificate of sale or deed, or purchaser who fails to file a supplemental petition under this subsection during the pendency of a mortgage foreclosure shall file a forcible entry and detainer action against an occupant tenant of the mortgaged real estate until 90 days after a notice of intent to file such action has been properly served upon the occupant tenant.

(5) The court records relating to a supplemental petition for possession filed under this subsection (h) against an occupant tenant who is entitled to notice under item (4) of this subsection (h), or relating to a forcible entry and detainer action brought against an occupant tenant who would have lawful possession of the premises but for the foreclosure of a mortgage on the property, shall be ordered sealed and shall not be disclosed to any person, other than a law enforcement officer or any other representative of a governmental entity, except upon further order of the court.

After providing such notice, the mortgagee in possession may collect any and all rent otherwise due and owing the mortgagee in possession from the known occupant and may terminate the known occupant's tenancy for non-payment of such rent if the mortgagee in possession otherwise has such right to terminate.

(ii) An occupant who previously paid rent for the current rental period to the mortgagor, or other entity with the authority to operate, manage, and conserve the mortgaged real estate at the time of payment, shall not be held liable for that rent by the mortgagee in possession, and the occupant's tenancy shall not be terminated for non-payment of rent for that rental period.

Sec. 15-1704. Receivers. (a) Receiver. Notwithstanding the provisions of subsections (b), (c) and (d) of Section 15-1701, and except as provided in Section 15-1702, upon request of any party and a showing of good cause, the court shall appoint a receiver for the mortgaged real estate.

(b) Powers. A receiver appointed pursuant to this Article shall have possession of the mortgaged real estate and other property subject to the mortgage during the foreclosure, shall have full power and authority to operate, manage and conserve such property, and shall have all the usual powers of receivers in like cases. Without limiting the foregoing, a receiver shall have the power and authority to:

(1) secure tenants and execute leases for the real estate, the duration and terms of which are reasonable and customary for the type of use involved, and such leases shall have the same priority as if made by the owner of the real estate; but, unless approved by the Court, the receiver shall not execute oil, gas or other mineral leases, or (even if otherwise allowed by law) leases extending beyond the time of the receiver's possession; provided, however, with respect to residential real estate leased by the receiver, nothing in this Section shall affect the legal rights of any lessee with respect to the safety and habitability of the residential real estate;

(2) collect the rents, issues and profits from the mortgaged real estate;
(3) insure the mortgaged real estate against loss by fire or other casualty;
(4) employ counsel, custodians, janitors and other help; and
(5) pay taxes which may have been or may be levied against the mortgaged real estate.

(c) Duties. A receiver appointed pursuant to this Article must manage the mortgaged real estate as would a prudent person, taking into account the effect of the receiver's management on the interest of the mortgagor. A receiver may, without an order of the court, delegate managerial functions to a person in the business of managing real estate of the kind involved who is financially responsible, not related to the mortgagee or receiver and prudently selected. However, the receiver shall remain responsible to the mortgagor or other persons for the acts or omissions of such management agent. When fees are paid to such a management agent, the receiver's fees may be adjusted to the extent the court deems appropriate. In managing the mortgaged real estate and other property subject to the mortgage, a receiver or receiver's delegate, to the extent the receiver receives sufficient receipts from the mortgaged real estate, such other property or other sources, except to the extent ordered otherwise by the court:

extent that such assessments are or may become a lien against the mortgaged real estate;

(5) may pay the amounts due under any mortgage if the mortgagee thereof is not a party in the foreclosure;

(6) may carry such additional casualty and liability insurance as is reasonably available and reasonable as to amounts and risks covered;

(7) may make other repairs and improvements necessary to comply with building, housing, and other similar codes or with existing contractual obligations affecting the mortgaged real estate;

(8) may hold receipts as reserves reasonably required for the foregoing purposes; and

(9) may take such other actions as may be reasonably necessary to conserve the mortgaged real estate and other property subject to the mortgage, or as otherwise authorized by the court.

d) Allocation of Receipts. Receipts received from operation of the real estate and other property subject to the mortgage by the receiver shall be applied in the following order of priority.

(1) to reimbursement of the receiver for all reasonable costs and expenses incurred by the receiver or the receiver's delegates;

(2) to payment of insurance premiums authorized in paragraph (1) of subsection (c) of Section 15-1704;

(3) to payment of the receiver's delegates of any reasonable management fees for managing real estate of the type involved;

(4) to payment of receiver's fees allowed by the court;

(5) to payment of expenses authorized in paragraphs (2), (3) and (4) of subsection (c) of Section 15-1704;

(6) to payment of amounts authorized in paragraph (5) of subsection (c) of Section 15-1704;

(7) to payment of expenses authorized in paragraphs (6) and (7) of subsection (c) of Section 15-1704; and

(8) the balance, if any, shall be held or disbursed as ordered by the court.

e) Non-Liability for Allocations. A receiver shall in no event be liable to any person for the allocation of, or failure to allocate, receipts to possible expenditures within the same priority category.

order, the appointed receiver shall make a good faith effort to ascertain the identities and addresses of all occupants of dwelling units of the mortgaged real estate.

(2) Following an order appointing a receiver pursuant to Section 15-1704, but no later than 21 days after the entry of such order, the appointed receiver shall notify all known occupants of dwelling units of the mortgaged real estate that the receiver has been appointed receiver of the mortgaged real estate. Such notice shall be in writing and shall:

(i) identify the occupant being served by the name known to the receiver;

(ii) inform the occupant that the mortgaged real estate at which the dwelling unit is located is the subject of a foreclosure action and that control of the mortgaged real estate has changed;

(iii) provide the name, address, and telephone number of the individual or entity whom occupants may contact with concerns about the mortgaged real estate or to request repairs of that property;

(iv) include the following language, or language that is substantially similar: "This is NOT a notice to vacate the premises. You may wish to contact a lawyer or your local legal aid or housing counseling agency to discuss any rights that you may have."; and

(v) include the name of the case, the case number, and the court where the foreclosure action is pending.

(3) The written notice required by item (2) of this subsection (f) shall be served by delivering a copy thereof to the known occupant, or by leaving the same with some person of the age of 13 years or upwards, who is residing on or in possession of the premises; or by sending a copy of the notice to the known occupant by first-class mail, addressed to the occupant by the name known to the receiver.

(4) In the event that a receiver ascertains the identity and address of an occupant of a dwelling unit of the mortgaged real estate more than 21 days after appointment pursuant to Section 15-1704, the receiver shall provide the notice required by item (2) of this subsection (f) within 7 days of ascertaining the identity and address of the occupant.

(5)(i) A receiver who fails to comply with items (1), (2), (3), and (4) of this subsection (f) may not collect any rent due and owing from a known occupant, or terminate a known occupant's tenancy for non-payment of such rent, until the receiver has served the notice described in item (2) of this subsection (f) upon the known occupant. After providing such notice, the receiver may collect any and all rent otherwise due and owing the receiver from the known occupant and may terminate the known occupant's tenancy for non-payment of such rent if the receiver otherwise has such right to terminate.

(ii) An occupant who previously paid rent for the current rental period to the mortgagor, or other entity with the authority to operate, manage, and conserve the mortgaged real estate at the time of payment, shall not be held liable for that rent by the receiver, and the occupant's tenancy shall not be terminated for non-payment of rent for that rental period.

(6) Within 21 days of appointment, the receiver shall post a written notice on the primary entrance of each dwelling unit subject to the foreclosure action that informs occupants that the receiver has been appointed to operate and manage the property. This notice shall:

   (i) inform occupant that the dwelling unit is the subject of a foreclosure action and that control of the mortgaged real estate has changed;
   
   (ii) include the following language: "This is NOT a notice to vacate the premises."); and
   
   (iii) provide the name, address, and telephone number of the individual or entity whom occupants may contact with concerns about the mortgaged real estate or to request repairs of the property.

(7)(i) The provisions of item (5) of this subsection (f) shall be the exclusive remedy for the failure of a receiver to provide notice to a known occupant under this Section.

(ii) This Section shall not abrogate any right that a receiver may have to possession of the mortgaged real estate and to maintain a proceeding against an occupant of a dwelling unit for possession under Article 9 of this Code or subsection (h) of Section 15-1701.

(g) Increase of rents. Notwithstanding any other provision of this Article, a receiver shall not charge an occupant of the mortgaged real estate a rental amount above that which the occupant had been paying for use and occupancy of the mortgaged real estate prior to the appointment of a receiver without leave of court. The court may allow an increase of rent if, upon motion by the receiver, the court finds by a preponderance of the evidence, that the increase of rent is necessary to operate, manage, and conserve the mortgaged real estate pursuant to this Section. A list of the current rents for each unit in the mortgaged real estate, and a list of the proposed rent increase for each of those units, must be attached to a motion for a rent increase under this subsection (g). All occupants of the mortgaged real estate who may be affected by the motion for a rent increase, if not otherwise entitled to notice, shall be notified in writing of the nature of the motion, the date and time of the motion, and the court where the motion will be heard. Such notice shall be by personal service or first-class mail. In the event that the receiver and an occupant of a dwelling unit agree to a rent increase for that dwelling unit, the receiver is excused from the requirements of this subsection (g) as to that dwelling unit. Nothing in this subsection (g) shall alter the terms of any lease agreement.

(h) Removal. The court may remove a receiver upon a showing of good cause, in which case a new receiver may be appointed in accordance with subsection (b) of Section 15-1702 and subsection (a) of Section 15-1704.

Section 99. Effective date. This Act takes effect 90 days after becoming law.

Approved July 31 2009.
Effective October 29, 2009.
AN ACT concerning regulation.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Residential Mortgage License Act of 1987 is amended by changing Sections 1-2, 1-3, 1-4, 2-2, 2-3, 2-4, 2-6, 3-1, 3-2, 3-4, 4-1, 4-2, 4-5, 4-8.3, 7-1, and the heading of Article VII and by adding Sections 4-7, 4-8.1A, 4-9.1, 7-1A, 7-2, 7-3, 7-4, 7-5, 7-6, 7-7, 7-8, 7-9, 7-10, 7-11, 7-12, 7-13, and 7-14 as follows:

(205 ILCS 635/1-2) (from Ch. 17, par. 2321-2)
(a) The origination, funding, purchasing and brokering of residential mortgage loans and the type of entities involved in residential mortgage lending have undergone significant changes in recent years, due in part to developments in the general economy, specifically interest rate volatility, the sophistication of the national secondary market for mortgage loans and the market for mortgage backed securities. The recent trend toward deregulation in the financial services industry has accelerated the evolution of residential mortgage lending, dramatically increasing the types of mortgage loans offered and the manner in which they are advertised and marketed to consumers. Depository institutions, traditionally the major source of residential mortgage financing for individuals, now compete for capital and customers with mortgage bankers and other financial service organizations. Residential mortgage lenders of every type have increasingly relied on nonfinancial intermediaries, such as mortgage brokers, to find customers. These developments have raised questions as to whether all entities engaging in this banking function operate under appropriate regulatory scrutiny and as to whether all residential mortgage lenders are conducting their business in the best interests of Illinois homeowners and potential homeowners.

(b) The activities of lenders and their offering of financing for residential real property have a direct and immediate impact upon the housing industry, the neighborhoods and communities of this State, its homeowners and potential homeowners. The General Assembly finds that it is essential for the protection of the citizens of this State and the stability of the State's economy that reasonable standards governing the business practices of residential mortgage lenders and their agents be imposed. The
General Assembly further finds that the obligations of lenders and their agents to consumers in connection with making, soliciting, processing, placing or negotiating of residential mortgage loans are such as to warrant the uniform regulation of the residential mortgage lending process, including the application, solicitation, making and servicing of residential mortgage loans. The purpose of this Act is to protect Illinois consumers seeking residential mortgage loans and to ensure that the residential mortgage lending industry is operating fairly, honestly and efficiently, free from deceptive and anti-competitive practices. The purpose of this Act is to regulate residential mortgage lending to benefit our citizens by ensuring availability of residential mortgage funding, to benefit responsible providers of residential mortgage loans and services, and to avoid requirements inconsistent with legitimate and responsible business practices in the residential mortgage lending industry.

(c) The General Assembly finds that the provisions of this amendatory Act of the 96th General Assembly that set forth the authority and framework for State participation in a Nationwide Mortgage Licensing System and Registry are consistent with the purposes of this Section and for the purpose of complying with the federal Secure and Fair Enforcement for Mortgage Licensing Act of 2008.

To the Honorable Members of the
Illinois House of Representative
96th General Assembly

Today I return House Bill 2129 to the House of Representatives with a reduction totaling $106,685,300.

House Bill 2129 appropriates funds to the Illinois State Board of Education for fiscal year 2010. It is deeply painful to me to be forced to make these cuts in programs which I consider critical to the future of the

State of Illinois. When we invest in the education of our young people, we ensure decades of dividends, both economic and social. When we are forced to limit those early investments in our children’s academic potential, the results are felt for years to come.

Consistent with my principles, I am ensuring that Illinois will continue to secure the maximum funding available to us through the ARRA State Fiscal Stabilization Fund. I also will ensure that special education and transportation services are fully funded, as requested by the State Board of Education. Finally, despite unprecedented budget difficulties, I will provide a $160 per student increase in the Foundation Level, providing $6,119 per student through the General State Aid formula. I wish that I could provide a greater increase, but I cannot in good conscience support an increase in funding for General State Aid above the level provided last year.

This increase is consistent with my Administration’s ongoing commitment to provide quality education for all of the children of our State. Increasing the foundation level is a step towards providing the education that our children deserve. I am heartened that, by acting on this bill today, we can take that important step.

Earlier today, I announced the allocation of $3.4 billion in funds appropriated by the General Assembly. My allocation of those funds includes restoration of $150 million for the Illinois State Board of Education, including $85 million for early childhood education and $11 million for bilingual programs. By allocating these funds, I am providing only 90% of last year’s funding, but I believe I am ensuring that the State of Illinois continues to shoulder its obligations to our most vulnerable children, in hopes of providing them with brighter futures.

Unfortunately, even with our best efforts, the State of Illinois simply does not have adequate funds to meet all of its financial responsibilities in this fiscal year. Accordingly, our State’s inadequate financial resources compel the necessary reductions I am making today. I would add only that this action represents our very best effort to balance our responsibilities to the next generation against the grim realities of our State’s current fiscal condition.

Therefore, pursuant to Article IV, Section 9(d) of the Illinois Constitution of 1970, I hereby reduce and return an appropriation item included in House Bill 2129, entitled “AN ACT making appropriations” with a reduction totaling $106,685,300.

July 31, 2009

To the Honorable Members of the
Illinois House of Representative
96th General Assembly

Today I return House Bill 2132 with reduction vetoes in the amount of $24,787,470.

This bill appropriates funds to institutions of higher education for Fiscal Year 2010.

Throughout my life, I have been proud of the State of Illinois’s deep commitment to higher education. From 1862, when President Abraham Lincoln established land-grant universities, the State of Illinois has invested in higher education for its promising young people, making the rewards of learning available to everyone, not just the privileged few. Therefore, it is painful for me to take this action to reduce the State of Illinois’ financial support of its universities and community colleges. It is deeply unfortunate that our current revenues are simply inadequate to meet all of the State’s responsibilities to our students. Even with our best efforts, the State of Illinois simply does not have adequate funds to meet all of its financial responsibilities in this fiscal year. I would add that this action represents our very best effort to balance our responsibilities to our college students against the grim realities of our State’s current fiscal condition.

Although the state’s current financial straits force me to take this reduction action, I would stress that today’s action maintains funding at Fiscal Year 2009 levels. Consistent with my principles, I am ensuring that Illinois will continue to secure the maximum funding available to us through the ARRA State Fiscal Stabilization Fund. Also, earlier today, I announced the allocation of $3.4 billion in funds appropriated by the General Assembly. My allocation of those funds includes restoration of

$27 million for community adult education and GED services. I hope those funds will make it possible for adults across Illinois to access the education and training they need to find employment in these difficult times and work toward a brighter future.

I know that this reduction will be felt throughout our higher education system; I can only hope that our universities and community colleges will do their best to continue to provide unsurpassed educational opportunities to their students during this time of budget crisis.

Therefore, pursuant to Article IV, Section 9(d) of the Illinois Constitution of 1970, I hereby reduce and return several appropriation items included in House Bill 2132, entitled “AN ACT making appropriations” with reductions in the appropriations totaling $24,787,470.

**Reductions**

I hereby reduce the appropriation items listed below and approve each item in the amount set forth in the “Reduced Amount” column below:

PUBLIC ACT 96-0115

(Senate Bill No. 0256)

AN ACT concerning revenue.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Income Tax Act is amended by changing Section 201 as follows:

New matter indicated by italics - deletions by strikeout.
Sec. 201. Tax Imposed.

(a) In general. A tax measured by net income is hereby imposed on every individual, corporation, trust and estate for each taxable year ending after July 31, 1969 on the privilege of earning or receiving income in or as a resident of this State. Such tax shall be in addition to all other occupation or privilege taxes imposed by this State or by any municipal corporation or political subdivision thereof.

(b) Rates. The tax imposed by subsection (a) of this Section shall be determined as follows, except as adjusted by subsection (d-1):

(1) In the case of an individual, trust or estate, for taxable years ending prior to July 1, 1989, an amount equal to 2 1/2% of the taxpayer's net income for the taxable year.

(2) In the case of an individual, trust or estate, for taxable years beginning prior to July 1, 1989 and ending after June 30, 1989, an amount equal to the sum of (i) 2 1/2% of the taxpayer's net income for the period prior to July 1, 1989, as calculated under Section 202.3, and (ii) 3% of the taxpayer's net income for the period after June 30, 1989, as calculated under Section 202.3.

(3) In the case of an individual, trust or estate, for taxable years beginning after June 30, 1989, an amount equal to 3% of the taxpayer's net income for the taxable year.

(4) (Blank).

(5) (Blank).

(6) In the case of a corporation, for taxable years ending prior to July 1, 1989, an amount equal to 4% of the taxpayer's net income for the taxable year.

(7) In the case of a corporation, for taxable years beginning prior to July 1, 1989 and ending after June 30, 1989, an amount equal to the sum of (i) 4% of the taxpayer's net income for the period prior to July 1, 1989, as calculated under Section 202.3, and (ii) 4.8% of the taxpayer's net income for the period after June 30, 1989, as calculated under Section 202.3.

(8) In the case of a corporation, for taxable years beginning after June 30, 1989, an amount equal to 4.8% of the taxpayer's net income for the taxable year.

(c) Personal Property Tax Replacement Income Tax. Beginning on July 1, 1979 and thereafter, in addition to such income tax, there is also hereby imposed the Personal Property Tax Replacement Income Tax.
measured by net income on every corporation (including Subchapter S corporations), partnership and trust, for each taxable year ending after June 30, 1979. Such taxes are imposed on the privilege of earning or receiving income in or as a resident of this State. The Personal Property Tax Replacement Income Tax shall be in addition to the income tax imposed by subsections (a) and (b) of this Section and in addition to all other occupation or privilege taxes imposed by this State or by any municipal corporation or political subdivision thereof.

(d) Additional Personal Property Tax Replacement Income Tax Rates. The personal property tax replacement income tax imposed by this subsection and subsection (c) of this Section in the case of a corporation, other than a Subchapter S corporation and except as adjusted by subsection (d-1), shall be an additional amount equal to 2.85% of such taxpayer's net income for the taxable year, except that beginning on January 1, 1981, and thereafter, the rate of 2.85% specified in this subsection shall be reduced to 2.5%, and in the case of a partnership, trust or a Subchapter S corporation shall be an additional amount equal to 1.5% of such taxpayer's net income for the taxable year.

(d-1) Rate reduction for certain foreign insurers. In the case of a foreign insurer, as defined by Section 35A-5 of the Illinois Insurance Code, whose state or country of domicile imposes on insurers domiciled in Illinois a retaliatory tax (excluding any insurer whose premiums from reinsurance assumed are 50% or more of its total insurance premiums as determined under paragraph (2) of subsection (b) of Section 304, except that for purposes of this determination premiums from reinsurance do not include premiums from inter-affiliate reinsurance arrangements), beginning with taxable years ending on or after December 31, 1999, the sum of the rates of tax imposed by subsections (b) and (d) shall be reduced (but not increased) to the rate at which the total amount of tax imposed under this Act, net of all credits allowed under this Act, shall equal (i) the total amount of tax that would be imposed on the foreign insurer's net income allocable to Illinois for the taxable year by such foreign insurer's state or country of domicile if that net income were subject to all income taxes and taxes measured by net income imposed by such foreign insurer's state or country of domicile, net of all credits allowed or (ii) a rate of zero if no such tax is imposed on such income by the foreign insurer's state of domicile. For the purposes of this subsection (d-1), an inter-affiliate includes a mutual insurer under common management.

New matter indicated by italics - deletions by strikeout.
(1) For the purposes of subsection (d-1), in no event shall the sum of the rates of tax imposed by subsections (b) and (d) be reduced below the rate at which the sum of:
   (A) the total amount of tax imposed on such foreign insurer under this Act for a taxable year, net of all credits allowed under this Act, plus
   (B) the privilege tax imposed by Section 409 of the Illinois Insurance Code, the fire insurance company tax imposed by Section 12 of the Fire Investigation Act, and the fire department taxes imposed under Section 11-10-1 of the Illinois Municipal Code,
equals 1.25% for taxable years ending prior to December 31, 2003, or 1.75% for taxable years ending on or after December 31, 2003, of the net taxable premiums written for the taxable year, as described by subsection (1) of Section 409 of the Illinois Insurance Code. This paragraph will in no event increase the rates imposed under subsections (b) and (d).
   (2) Any reduction in the rates of tax imposed by this subsection shall be applied first against the rates imposed by subsection (b) and only after the tax imposed by subsection (a) net of all credits allowed under this Section other than the credit allowed under subsection (i) has been reduced to zero, against the rates imposed by subsection (d).
This subsection (d-1) is exempt from the provisions of Section 250.

(e) Investment credit. A taxpayer shall be allowed a credit against the Personal Property Tax Replacement Income Tax for investment in qualified property.
   (1) A taxpayer shall be allowed a credit equal to .5% of the basis of qualified property placed in service during the taxable year, provided such property is placed in service on or after July 1, 1984. There shall be allowed an additional credit equal to .5% of the basis of qualified property placed in service during the taxable year, provided such property is placed in service on or after July 1, 1986, and the taxpayer's base employment within Illinois has increased by 1% or more over the preceding year as determined by the taxpayer's employment records filed with the Illinois Department of Employment Security. Taxpayers who are new to Illinois shall be deemed to have met the 1% growth in base

employment for the first year in which they file employment records with the Illinois Department of Employment Security. The provisions added to this Section by Public Act 85-1200 (and restored by Public Act 87-895) shall be construed as declaratory of existing law and not as a new enactment. If, in any year, the increase in base employment within Illinois over the preceding year is less than 1%, the additional credit shall be limited to that percentage times a fraction, the numerator of which is .5% and the denominator of which is 1%, but shall not exceed .5%. The investment credit shall not be allowed to the extent that it would reduce a taxpayer's liability in any tax year below zero, nor may any credit for qualified property be allowed for any year other than the year in which the property was placed in service in Illinois. For tax years ending on or after December 31, 1987, and on or before December 31, 1988, the credit shall be allowed for the tax year in which the property is placed in service, or, if the amount of the credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit years if the taxpayer (i) makes investments which cause the creation of a minimum of 2,000 full-time equivalent jobs in Illinois, (ii) is located in an enterprise zone established pursuant to the Illinois Enterprise Zone Act and (iii) is certified by the Department of Commerce and Community Affairs (now Department of Commerce and Economic Opportunity) as complying with the requirements specified in clause (i) and (ii) by July 1, 1986. The Department of Commerce and Community Affairs (now Department of Commerce and Economic Opportunity) shall notify the Department of Revenue of all such certifications immediately. For tax years ending after December 31, 1988, the credit shall be allowed for the tax year in which the property is placed in service, or, if the amount of the credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit years. The credit shall be applied to the earliest year for which there is a liability. If there is credit from more than one tax year that is available to offset a liability, earlier credit shall be applied first.

New matter indicated by italics - deletions by strikeout.
(2) The term "qualified property" means property which:

(A) is tangible, whether new or used, including buildings and structural components of buildings and signs that are real property, but not including land or improvements to real property that are not a structural component of a building such as landscaping, sewer lines, local access roads, fencing, parking lots, and other appurtenances;

(B) is depreciable pursuant to Section 167 of the Internal Revenue Code, except that "3-year property" as defined in Section 168(c)(2)(A) of that Code is not eligible for the credit provided by this subsection (e);

(C) is acquired by purchase as defined in Section 179(d) of the Internal Revenue Code;

(D) is used in Illinois by a taxpayer who is primarily engaged in manufacturing, or in mining coal or fluorite, or in retailing, or was placed in service on or after July 1, 2006 in a River Edge Redevelopment Zone established pursuant to the River Edge Redevelopment Zone Act; and

(E) has not previously been used in Illinois in such a manner and by such a person as would qualify for the credit provided by this subsection (e) or subsection (f).

(3) For purposes of this subsection (e), "manufacturing" means the material staging and production of tangible personal property by procedures commonly regarded as manufacturing, processing, fabrication, or assembling which changes some existing material into new shapes, new qualities, or new combinations. For purposes of this subsection (e) the term "mining" shall have the same meaning as the term "mining" in Section 613(c) of the Internal Revenue Code. For purposes of this subsection (e), the term "retailing" means the sale of tangible personal property for use or consumption and not for resale, or services rendered in conjunction with the sale of tangible personal property for use or consumption and not for resale. For purposes of this subsection (e), "tangible personal property" has the same meaning as when that term is used in the Retailers' Occupation Tax Act, and, for taxable years ending after December 31, 2008, does not include the generation, transmission, or distribution of electricity or consumer goods or commodities.

New matter indicated by italics - deletions by strikeout.
(4) The basis of qualified property shall be the basis used to compute the depreciation deduction for federal income tax purposes.

(5) If the basis of the property for federal income tax depreciation purposes is increased after it has been placed in service in Illinois by the taxpayer, the amount of such increase shall be deemed property placed in service on the date of such increase in basis.

(6) The term "placed in service" shall have the same meaning as under Section 46 of the Internal Revenue Code.

(7) If during any taxable year, any property ceases to be qualified property in the hands of the taxpayer within 48 months after being placed in service, or the situs of any qualified property is moved outside Illinois within 48 months after being placed in service, the Personal Property Tax Replacement Income Tax for such taxable year shall be increased. Such increase shall be determined by (i) recomputing the investment credit which would have been allowed for the year in which credit for such property was originally allowed by eliminating such property from such computation and, (ii) subtracting such recomputed credit from the amount of credit previously allowed. For the purposes of this paragraph (7), a reduction of the basis of qualified property resulting from a redetermination of the purchase price shall be deemed a disposition of qualified property to the extent of such reduction.

(8) Unless the investment credit is extended by law, the basis of qualified property shall not include costs incurred after December 31, 2008, except for costs incurred pursuant to a binding contract entered into on or before December 31, 2008.

(9) Each taxable year ending before December 31, 2000, a partnership may elect to pass through to its partners the credits to which the partnership is entitled under this subsection (e) for the taxable year. A partner may use the credit allocated to him or her under this paragraph only against the tax imposed in subsections (c) and (d) of this Section. If the partnership makes that election, those credits shall be allocated among the partners in the partnership in accordance with the rules set forth in Section 704(b) of the Internal Revenue Code, and the rules promulgated under that Section, and the allocated amount of the credits shall be allowed to

the partners for that taxable year. The partnership shall make this election on its Personal Property Tax Replacement Income Tax return for that taxable year. The election to pass through the credits shall be irrevocable.

For taxable years ending on or after December 31, 2000, a partner that qualifies its partnership for a subtraction under subparagraph (I) of paragraph (2) of subsection (d) of Section 203 or a shareholder that qualifies a Subchapter S corporation for a subtraction under subparagraph (S) of paragraph (2) of subsection (b) of Section 203 shall be allowed a credit under this subsection (e) equal to its share of the credit earned under this subsection (e) during the taxable year by the partnership or Subchapter S corporation, determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and Subchapter S of the Internal Revenue Code. This paragraph is exempt from the provisions of Section 250.

(f) Investment credit; Enterprise Zone; River Edge Redevelopment Zone.

(1) A taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for investment in qualified property which is placed in service in an Enterprise Zone created pursuant to the Illinois Enterprise Zone Act or, for property placed in service on or after July 1, 2006, a River Edge Redevelopment Zone established pursuant to the River Edge Redevelopment Zone Act. For partners, shareholders of Subchapter S corporations, and owners of limited liability companies, if the liability company is treated as a partnership for purposes of federal and State income taxation, there shall be allowed a credit under this subsection (f) to be determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and Subchapter S of the Internal Revenue Code. The credit shall be .5% of the basis for such property. The credit shall be available only in the taxable year in which the property is placed in service in the Enterprise Zone or River Edge Redevelopment Zone and shall not be allowed to the extent that it would reduce a taxpayer's liability for the tax imposed by subsections (a) and (b) of this Section to below zero. For tax years ending on or after December 31, 1985, the credit shall be allowed for the tax year in which the property is placed in service, or, if the

amount of the credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit year. The credit shall be applied to the earliest year for which there is a liability. If there is credit from more than one tax year that is available to offset a liability, the credit accruing first in time shall be applied first.

(2) The term qualified property means property which:
   (A) is tangible, whether new or used, including buildings and structural components of buildings;
   (B) is depreciable pursuant to Section 167 of the Internal Revenue Code, except that "3-year property" as defined in Section 168(c)(2)(A) of that Code is not eligible for the credit provided by this subsection (f);
   (C) is acquired by purchase as defined in Section 179(d) of the Internal Revenue Code;
   (D) is used in the Enterprise Zone or River Edge Redevelopment Zone by the taxpayer; and
   (E) has not been previously used in Illinois in such a manner and by such a person as would qualify for the credit provided by this subsection (f) or subsection (e).

(3) The basis of qualified property shall be the basis used to compute the depreciation deduction for federal income tax purposes.

(4) If the basis of the property for federal income tax depreciation purposes is increased after it has been placed in service in the Enterprise Zone or River Edge Redevelopment Zone by the taxpayer, the amount of such increase shall be deemed property placed in service on the date of such increase in basis.

(5) The term "placed in service" shall have the same meaning as under Section 46 of the Internal Revenue Code.

(6) If during any taxable year, any property ceases to be qualified property in the hands of the taxpayer within 48 months after being placed in service, or the situs of any qualified property is moved outside the Enterprise Zone or River Edge Redevelopment Zone within 48 months after being placed in service, the tax imposed under subsections (a) and (b) of this Section for such taxable year shall be increased. Such increase

shall be determined by (i) recomputing the investment credit which would have been allowed for the year in which credit for such property was originally allowed by eliminating such property from such computation, and (ii) subtracting such recomputed credit from the amount of credit previously allowed. For the purposes of this paragraph (6), a reduction of the basis of qualified property resulting from a redetermination of the purchase price shall be deemed a disposition of qualified property to the extent of such reduction.

(7) There shall be allowed an additional credit equal to 0.5% of the basis of qualified property placed in service during the taxable year in a River Edge Redevelopment Zone, provided such property is placed in service on or after July 1, 2006, and the taxpayer's base employment within Illinois has increased by 1% or more over the preceding year as determined by the taxpayer's employment records filed with the Illinois Department of Employment Security. Taxpayers who are new to Illinois shall be deemed to have met the 1% growth in base employment for the first year in which they file employment records with the Illinois Department of Employment Security. If, in any year, the increase in base employment within Illinois over the preceding year is less than 1%, the additional credit shall be limited to that percentage times a fraction, the numerator of which is 0.5% and the denominator of which is 1%, but shall not exceed 0.5%.

(g) Jobs Tax Credit; Enterprise Zone, River Edge Redevelopment Zone, and Foreign Trade Zone or Sub-Zone.

(1) A taxpayer conducting a trade or business in an enterprise zone or a High Impact Business designated by the Department of Commerce and Economic Opportunity or for taxable years ending on or after December 31, 2006, in a River Edge Redevelopment Zone conducting a trade or business in a federally designated Foreign Trade Zone or Sub-Zone shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section in the amount of $500 per eligible employee hired to work in the zone during the taxable year.

(2) To qualify for the credit:

(A) the taxpayer must hire 5 or more eligible employees to work in an enterprise zone, River Edge
Redevelopment Zone, or federally designated Foreign Trade Zone or Sub-Zone during the taxable year;

(B) the taxpayer's total employment within the enterprise zone, River Edge Redevelopment Zone, or federally designated Foreign Trade Zone or Sub-Zone must increase by 5 or more full-time employees beyond the total employed in that zone at the end of the previous tax year for which a jobs tax credit under this Section was taken, or beyond the total employed by the taxpayer as of December 31, 1985, whichever is later; and

(C) the eligible employees must be employed 180 consecutive days in order to be deemed hired for purposes of this subsection.

(3) An "eligible employee" means an employee who is:

(A) Certified by the Department of Commerce and Economic Opportunity as "eligible for services" pursuant to regulations promulgated in accordance with Title II of the Job Training Partnership Act, Training Services for the Disadvantaged or Title III of the Job Training Partnership Act, Employment and Training Assistance for Dislocated Workers Program.

(B) Hired after the enterprise zone, River Edge Redevelopment Zone, or federally designated Foreign Trade Zone or Sub-Zone was designated or the trade or business was located in that zone, whichever is later.

(C) Employed in the enterprise zone, River Edge Redevelopment Zone, or Foreign Trade Zone or Sub-Zone. An employee is employed in an enterprise zone or federally designated Foreign Trade Zone or Sub-Zone if his services are rendered there or it is the base of operations for the services performed.

(D) A full-time employee working 30 or more hours per week.

(4) For tax years ending on or after December 31, 1985 and prior to December 31, 1988, the credit shall be allowed for the tax year in which the eligible employees are hired. For tax years ending on or after December 31, 1988, the credit shall be allowed for the tax year immediately following the tax year in which the eligible employees are hired. If the amount of the credit exceeds the tax

liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit year. The credit shall be applied to the earliest year for which there is a liability. If there is credit from more than one tax year that is available to offset a liability, earlier credit shall be applied first.

(5) The Department of Revenue shall promulgate such rules and regulations as may be deemed necessary to carry out the purposes of this subsection (g).

(6) The credit shall be available for eligible employees hired on or after January 1, 1986.

(h) Investment credit; High Impact Business.

(1) Subject to subsections (b) and (b-5) of Section 5.5 of the Illinois Enterprise Zone Act, a taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for investment in qualified property which is placed in service by a Department of Commerce and Economic Opportunity designated High Impact Business. The credit shall be .5% of the basis for such property. The credit shall not be available (i) until the minimum investments in qualified property set forth in subdivision (a)(3)(A) of Section 5.5 of the Illinois Enterprise Zone Act have been satisfied or (ii) until the time authorized in subsection (b-5) of the Illinois Enterprise Zone Act for entities designated as High Impact Businesses under subdivisions (a)(3)(B), (a)(3)(C), and (a)(3)(D) of Section 5.5 of the Illinois Enterprise Zone Act, and shall not be allowed to the extent that it would reduce a taxpayer's liability for the tax imposed by subsections (a) and (b) of this Section to below zero. The credit applicable to such investments shall be taken in the taxable year in which such investments have been completed. The credit for additional investments beyond the minimum investment by a designated high impact business authorized under subdivision (a)(3)(A) of Section 5.5 of the Illinois Enterprise Zone Act shall be available only in the taxable year in which the property is placed in service and shall not be allowed to the extent that it would reduce a taxpayer's liability for the tax imposed by subsections (a) and (b) of this Section to below zero. For tax years ending on or after December 31, 1987, the credit shall be allowed for the tax year in

which the property is placed in service, or, if the amount of the credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit year. The credit shall be applied to the earliest year for which there is a liability. If there is credit from more than one tax year that is available to offset a liability, the credit accruing first in time shall be applied first.

Changes made in this subdivision (h)(1) by Public Act 88-670 restore changes made by Public Act 85-1182 and reflect existing law.

(2) The term qualified property means property which:
   (A) is tangible, whether new or used, including buildings and structural components of buildings;
   (B) is depreciable pursuant to Section 167 of the Internal Revenue Code, except that "3-year property" as defined in Section 168(c)(2)(A) of that Code is not eligible for the credit provided by this subsection (h);
   (C) is acquired by purchase as defined in Section 179(d) of the Internal Revenue Code; and
   (D) is not eligible for the Enterprise Zone Investment Credit provided by subsection (f) of this Section.

(3) The basis of qualified property shall be the basis used to compute the depreciation deduction for federal income tax purposes.

(4) If the basis of the property for federal income tax depreciation purposes is increased after it has been placed in service in a federally designated Foreign Trade Zone or Sub-Zone located in Illinois by the taxpayer, the amount of such increase shall be deemed property placed in service on the date of such increase in basis.

(5) The term "placed in service" shall have the same meaning as under Section 46 of the Internal Revenue Code.

(6) If during any taxable year ending on or before December 31, 1996, any property ceases to be qualified property in the hands of the taxpayer within 48 months after being placed in service, or the situs of any qualified property is moved outside Illinois within 48 months after being placed in service, the tax

imposed under subsections (a) and (b) of this Section for such taxable year shall be increased. Such increase shall be determined by (i) recomputing the investment credit which would have been allowed for the year in which credit for such property was originally allowed by eliminating such property from such computation, and (ii) subtracting such recomputed credit from the amount of credit previously allowed. For the purposes of this paragraph (6), a reduction of the basis of qualified property resulting from a redetermination of the purchase price shall be deemed a disposition of qualified property to the extent of such reduction.

(7) Beginning with tax years ending after December 31, 1996, if a taxpayer qualifies for the credit under this subsection (h) and thereby is granted a tax abatement and the taxpayer relocates its entire facility in violation of the explicit terms and length of the contract under Section 18-183 of the Property Tax Code, the tax imposed under subsections (a) and (b) of this Section shall be increased for the taxable year in which the taxpayer relocated its facility by an amount equal to the amount of credit received by the taxpayer under this subsection (h).

(i) Credit for Personal Property Tax Replacement Income Tax. For tax years ending prior to December 31, 2003, a credit shall be allowed against the tax imposed by subsections (a) and (b) of this Section for the tax imposed by subsections (c) and (d) of this Section. This credit shall be computed by multiplying the tax imposed by subsections (c) and (d) of this Section by a fraction, the numerator of which is base income allocable to Illinois and the denominator of which is Illinois base income, and further multiplying the product by the tax rate imposed by subsections (a) and (b) of this Section.

Any credit earned on or after December 31, 1986 under this subsection which is unused in the year the credit is computed because it exceeds the tax liability imposed by subsections (a) and (b) for that year (whether it exceeds the original liability or the liability as later amended) may be carried forward and applied to the tax liability imposed by subsections (a) and (b) of the 5 taxable years following the excess credit year, provided that no credit may be carried forward to any year ending on or after December 31, 2003. This credit shall be applied first to the earliest year for which there is a liability. If there is a credit under this subsection

from more than one tax year that is available to offset a liability the earliest credit arising under this subsection shall be applied first.

If, during any taxable year ending on or after December 31, 1986, the tax imposed by subsections (c) and (d) of this Section for which a taxpayer has claimed a credit under this subsection (i) is reduced, the amount of credit for such tax shall also be reduced. Such reduction shall be determined by recomputing the credit to take into account the reduced tax imposed by subsections (c) and (d). If any portion of the reduced amount of credit has been carried to a different taxable year, an amended return shall be filed for such taxable year to reduce the amount of credit claimed.

(j) Training expense credit. Beginning with tax years ending on or after December 31, 1986 and prior to December 31, 2003, a taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) under this Section for all amounts paid or accrued, on behalf of all persons employed by the taxpayer in Illinois or Illinois residents employed outside of Illinois by a taxpayer, for educational or vocational training in semi-technical or technical fields or semi-skilled or skilled fields, which were deducted from gross income in the computation of taxable income. The credit against the tax imposed by subsections (a) and (b) shall be 1.6% of such training expenses. For partners, shareholders of subchapter S corporations, and owners of limited liability companies, if the liability company is treated as a partnership for purposes of federal and State income taxation, there shall be allowed a credit under this subsection (j) to be determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and subchapter S of the Internal Revenue Code.

Any credit allowed under this subsection which is unused in the year the credit is earned may be carried forward to each of the 5 taxable years following the year for which the credit is first computed until it is used. This credit shall be applied first to the earliest year for which there is a liability. If there is a credit under this subsection from more than one tax year that is available to offset a liability the earliest credit arising under this subsection shall be applied first. No carryforward credit may be claimed in any tax year ending on or after December 31, 2003.

(k) Research and development credit.
For tax years ending after July 1, 1990 and prior to December 31, 2003, and beginning again for tax years ending on or after December 31, 2004, a taxpayer shall be allowed a credit against the tax imposed by

subsections (a) and (b) of this Section for increasing research activities in this State. The credit allowed against the tax imposed by subsections (a) and (b) shall be equal to 6 1/2% of the qualifying expenditures for increasing research activities in this State. For partners, shareholders of subchapter S corporations, and owners of limited liability companies, if the liability company is treated as a partnership for purposes of federal and State income taxation, there shall be allowed a credit under this subsection to be determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and subchapter S of the Internal Revenue Code.

For purposes of this subsection, "qualifying expenditures" means the qualifying expenditures as defined for the federal credit for increasing research activities which would be allowable under Section 41 of the Internal Revenue Code and which are conducted in this State, "qualifying expenditures for increasing research activities in this State" means the excess of qualifying expenditures for the taxable year in which incurred over qualifying expenditures for the base period, "qualifying expenditures for the base period" means the average of the qualifying expenditures for each year in the base period, and "base period" means the 3 taxable years immediately preceding the taxable year for which the determination is being made.

Any credit in excess of the tax liability for the taxable year may be carried forward. A taxpayer may elect to have the unused credit shown on its final completed return carried over as a credit against the tax liability for the following 5 taxable years or until it has been fully used, whichever occurs first; provided that no credit earned in a tax year ending prior to December 31, 2003 may be carried forward to any year ending on or after December 31, 2003.

If an unused credit is carried forward to a given year from 2 or more earlier years, that credit arising in the earliest year will be applied first against the tax liability for the given year. If a tax liability for the given year still remains, the credit from the next earliest year will then be applied, and so on, until all credits have been used or no tax liability for the given year remains. Any remaining unused credit or credits then will be carried forward to the next following year in which a tax liability is incurred, except that no credit can be carried forward to a year which is more than 5 years after the year in which the expense for which the credit is given was incurred.

(l) Environmental Remediation Tax Credit.

   (i) For tax years ending after December 31, 1997 and on or before December 31, 2001, a taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for certain amounts paid for unreimbursed eligible remediation costs, as specified in this subsection. For purposes of this Section, "unreimbursed eligible remediation costs" means costs approved by the Illinois Environmental Protection Agency ("Agency") under Section 58.14 of the Environmental Protection Act that were paid in performing environmental remediation at a site for which a No Further Remediation Letter was issued by the Agency and recorded under Section 58.10 of the Environmental Protection Act. The credit must be claimed for the taxable year in which Agency approval of the eligible remediation costs is granted. The credit is not available to any taxpayer if the taxpayer or any related party caused or contributed to, in any material respect, a release of regulated substances on, in, or under the site that was identified and addressed by the remedial action pursuant to the Site Remediation Program of the Environmental Protection Act. After the Pollution Control Board rules are adopted pursuant to the Illinois Administrative Procedure Act for the administration and enforcement of Section 58.9 of the Environmental Protection Act, determinations as to credit availability for purposes of this Section shall be made consistent with those rules. For purposes of this Section, "taxpayer" includes a person whose tax attributes the taxpayer has succeeded to under Section 381 of the Internal Revenue Code and "related party" includes the persons disallowed a deduction for losses by paragraphs (b), (c), and (f)(1) of Section 267 of the Internal Revenue Code by virtue of being a related taxpayer, as well as any of its partners. The credit allowed against the tax imposed by subsections (a) and (b) shall be equal to 25% of the unreimbursed eligible remediation costs in excess of $100,000 per site, except that the $100,000 threshold shall not apply to any site contained in an enterprise zone as determined by the Department of Commerce and Community Affairs (now Department of Commerce and Economic Opportunity). The total

For partners and shareholders of subchapter S corporations, there shall be allowed a credit under this subsection to be determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and subchapter S of the Internal Revenue Code.

(ii) A credit allowed under this subsection that is unused in the year the credit is earned may be carried forward to each of the 5 taxable years following the year for which the credit is first earned until it is used. The term "unused credit" does not include any amounts of unreimbursed eligible remediation costs in excess of the maximum credit per site authorized under paragraph (i). This credit shall be applied first to the earliest year for which there is a liability. If there is a credit under this subsection from more than one tax year that is available to offset a liability, the earliest credit arising under this subsection shall be applied first. A credit allowed under this subsection may be sold to a buyer as part of a sale of all or part of the remediation site for which the credit was granted. The purchaser of a remediation site and the tax credit shall succeed to the unused credit and remaining carry-forward period of the seller. To perfect the transfer, the assignor shall record the transfer in the chain of title for the site and provide written notice to the Director of the Illinois Department of Revenue of the assignor's intent to sell the remediation site and the amount of the tax credit to be transferred as a portion of the sale. In no event may a credit be transferred to any taxpayer if the taxpayer or a related party would not be eligible under the provisions of subsection (i).

(iii) For purposes of this Section, the term "site" shall have the same meaning as under Section 58.2 of the Environmental Protection Act.

(m) Education expense credit. Beginning with tax years ending after December 31, 1999, a taxpayer who is the custodian of one or more qualifying pupils shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for qualified education expenses incurred on behalf of the qualifying pupils. The credit shall be equal to 25% of qualified education expenses, but in no event may the total credit under this subsection claimed by a family that is the custodian of qualifying pupils exceed $500. In no event shall a credit under this

For purposes of this subsection:

"Qualifying pupils" means individuals who (i) are residents of the State of Illinois, (ii) are under the age of 21 at the close of the school year for which a credit is sought, and (iii) during the school year for which a credit is sought were full-time pupils enrolled in a kindergarten through twelfth grade education program at any school, as defined in this subsection.

"Qualified education expense" means the amount incurred on behalf of a qualifying pupil in excess of $250 for tuition, book fees, and lab fees at the school in which the pupil is enrolled during the regular school year.

"School" means any public or nonpublic elementary or secondary school in Illinois that is in compliance with Title VI of the Civil Rights Act of 1964 and attendance at which satisfies the requirements of Section 26-1 of the School Code, except that nothing shall be construed to require a child to attend any particular public or nonpublic school to qualify for the credit under this Section.

"Custodian" means, with respect to qualifying pupils, an Illinois resident who is a parent, the parents, a legal guardian, or the legal guardians of the qualifying pupils.

(n) River Edge Redevelopment Zone site remediation tax credit.

(i) For tax years ending on or after December 31, 2006, a taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for certain amounts paid for unreimbursed eligible remediation costs, as specified in this subsection. For purposes of this Section, "unreimbursed eligible remediation costs" means costs approved by the Illinois Environmental Protection Agency ("Agency") under Section 58.14a of the Environmental Protection Act that were paid in performing environmental remediation at a site within a River Edge Redevelopment Zone for which a No Further Remediation Letter was issued by the Agency and recorded under Section 58.10 of the Environmental Protection Act. The credit must be claimed for the taxable year in which Agency approval of the eligible remediation costs is granted. The credit is not available to any taxpayer if the taxpayer or any related party caused or contributed to, in any material respect, a release of regulated substances on, in,
or under the site that was identified and addressed by the remedial action pursuant to the Site Remediation Program of the Environmental Protection Act. Determinations as to credit availability for purposes of this Section shall be made consistent with rules adopted by the Pollution Control Board pursuant to the Illinois Administrative Procedure Act for the administration and enforcement of Section 58.9 of the Environmental Protection Act. For purposes of this Section, "taxpayer" includes a person whose tax attributes the taxpayer has succeeded to under Section 381 of the Internal Revenue Code and "related party" includes the persons disallowed a deduction for losses by paragraphs (b), (c), and (f)(1) of Section 267 of the Internal Revenue Code by virtue of being a related taxpayer, as well as any of its partners. The credit allowed against the tax imposed by subsections (a) and (b) shall be equal to 25% of the unreimbursed eligible remediation costs in excess of $100,000 per site.

(ii) A credit allowed under this subsection that is unused in the year the credit is earned may be carried forward to each of the 5 taxable years following the year for which the credit is first earned until it is used. This credit shall be applied first to the earliest year for which there is a liability. If there is a credit under this subsection from more than one tax year that is available to offset a liability, the earliest credit arising under this subsection shall be applied first. A credit allowed under this subsection may be sold to a buyer as part of a sale of all or part of the remediation site for which the credit was granted. The purchaser of a remediation site and the tax credit shall succeed to the unused credit and remaining carry-forward period of the seller. To perfect the transfer, the assignor shall record the transfer in the chain of title for the site and provide written notice to the Director of the Illinois Department of Revenue of the assignor's intent to sell the remediation site and the amount of the tax credit to be transferred as a portion of the sale. In no event may a credit be transferred to any taxpayer if the taxpayer or a related party would not be eligible under the provisions of subsection (i).

reinsurance assumed are 50% or more of its total insurance premiums as determined under paragraph (2) of subsection (b) of Section 304, except that for purposes of this determination premiums from reinsurance do not include premiums from inter-affiliate reinsurance arrangements), beginning with taxable years ending on or after December 31, 1999, the sum of the rates of tax imposed by subsections (b) and (d) shall be reduced (but not increased) to the rate at which the total amount of tax imposed under this Act, net of all credits allowed under this Act, shall equal (i) the total amount of tax that would be imposed on the foreign insurer's net income allocable to Illinois for the taxable year by such foreign insurer's state or country of domicile if that net income were subject to all income taxes and taxes measured by net income imposed by such foreign insurer's state or country of domicile, net of all credits allowed or (ii) a rate of zero if no such tax is imposed on such income by the foreign insurer's state of domicile. For the purposes of this subsection (d-1), an inter-affiliate includes a mutual insurer under common management.

(1) For the purposes of subsection (d-1), in no event shall the sum of the rates of tax imposed by subsections (b) and (d) be reduced below the rate at which the sum of:

(A) the total amount of tax imposed on such foreign insurer under this Act for a taxable year, net of all credits allowed under this Act, plus

This paragraph will in no event increase the rates imposed under subsections (b) and (d).

(2) Any reduction in the rates of tax imposed by this subsection shall be applied first against the rates imposed by subsection (b) and only after the tax imposed by subsection (a) net of all credits allowed under this Section other than the credit allowed under subsection (i) has been reduced to zero, against the rates imposed by subsection (d).

(e) Investment credit. A taxpayer shall be allowed a credit against the Personal Property Tax Replacement Income Tax for investment in qualified property.

(1) A taxpayer shall be allowed a credit equal to .5% of the basis of qualified property placed in service during the taxable year, provided such property is placed in service on or after July 1, 1984. There shall be allowed an additional credit equal to .5% of the basis of qualified property placed in service during the taxable year, provided such property is placed in service on or after July 1, 1986, and the taxpayer's base employment within Illinois has increased by 1% or more over the preceding year as determined by the taxpayer's employment records filed with the Illinois Department of Employment Security. Taxpayers who are new to Illinois shall be deemed to have met the 1% growth in base employment for the first year in which they file employment records with the Illinois Department of Employment Security. The provisions added to this Section by Public Act 85-1200 (and restored by Public Act 87-895) shall be construed as declaratory of existing law and not as a new enactment. If, in any year, the increase in base employment within Illinois over the preceding year is less than 1%, the additional credit shall be limited to that percentage times a fraction, the numerator of which is .5% and the denominator of which is 1%, but shall not exceed .5%. The investment credit shall not be allowed to the extent that it would reduce a taxpayer's liability in any tax year below zero, nor may any credit for qualified property be allowed for any year other than the year in which the property was placed in service in Illinois. For tax years ending on or after December 31, 1987, and on or before December 31, 1988, the credit shall be allowed for the tax year in which the property is placed in service, or, if the amount of the credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit years if the taxpayer (i) makes investments which cause the creation of a minimum of 2,000 full-time equivalent jobs in Illinois, (ii) is located in an enterprise zone established pursuant to the Illinois Enterprise Zone Act and (iii) is

certified by the Department of Commerce and Community Affairs (now Department of Commerce and Economic Opportunity) as complying with the requirements specified in clause (i) and (ii) by July 1, 1986. The Department of Commerce and Community Affairs (now Department of Commerce and Economic Opportunity) shall notify the Department of Revenue of all such certifications immediately. For tax years ending after December 31, 1988, the credit shall be allowed for the tax year in which the property is placed in service, or, if the amount of the credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit years. The credit shall be applied to the earliest year for which there is a liability. If there is credit from more than one tax year that is available to offset a liability, earlier credit shall be applied first.

(2) The term "qualified property" means property which:

   (A) is tangible, whether new or used, including buildings and structural components of buildings and signs that are real property, but not including land or improvements to real property that are not a structural component of a building such as landscaping, sewer lines, local access roads, fencing, parking lots, and other appurtenances;

   (B) is depreciable pursuant to Section 167 of the Internal Revenue Code, except that "3-year property" as defined in Section 168(c)(2)(A) of that Code is not eligible for the credit provided by this subsection (e);

   (C) is acquired by purchase as defined in Section 179(d) of the Internal Revenue Code;

   (D) is used in Illinois by a taxpayer who is primarily engaged in manufacturing, or in mining coal or fluorite, or in retailing, or was placed in service on or after July 1, 2006 in a River Edge Redevelopment Zone established pursuant to the River Edge Redevelopment Zone Act; and

   (E) has not previously been used in Illinois in such a manner and by such a person as would qualify for the credit provided by this subsection (e) or subsection (f).

(3) For purposes of this subsection (e), "manufacturing" means the material staging and production of tangible personal property by procedures commonly regarded as manufacturing, processing, fabrication, or assembling which changes some existing material into new shapes, new qualities, or new combinations. For purposes of this subsection (e), the term "retailing" means the sale of tangible personal property or services rendered in conjunction with the sale of tangible consumer goods or commodities.

(4) The basis of qualified property shall be the basis used to compute the depreciation deduction for federal income tax purposes.

(5) If the basis of the property for federal income tax depreciation purposes is increased after it has been placed in service in Illinois by the taxpayer, the amount of such increase shall be deemed property placed in service on the date of such increase in basis.

(6) The term "placed in service" shall have the same meaning as under Section 46 of the Internal Revenue Code.

(7) If during any taxable year, any property ceases to be qualified property in the hands of the taxpayer within 48 months after being placed in service, or the situs of any qualified property is moved outside Illinois within 48 months after being placed in service, the Personal Property Tax Replacement Income Tax for such taxable year shall be increased. Such increase shall be determined by (i) recomputing the investment credit which would have been allowed for the year in which credit for such property was originally allowed by eliminating such property from such computation and, (ii) subtracting such recomputed credit from the amount of credit previously allowed. For the purposes of this paragraph (7), a reduction of the basis of qualified property resulting from a redetermination of the purchase price shall be deemed a disposition of qualified property to the extent of such reduction.

(8) Unless the investment credit is extended by law, the basis of qualified property shall not include costs incurred after December 31, 2013, except for costs incurred pursuant to a

(9) Each taxable year ending before December 31, 2000, a partnership may elect to pass through to its partners the credits to which the partnership is entitled under this subsection (e) for the taxable year. A partner may use the credit allocated to him or her under this paragraph only against the tax imposed in subsections (c) and (d) of this Section. If the partnership makes that election, those credits shall be allocated among the partners in the partnership in accordance with the rules set forth in Section 704(b) of the Internal Revenue Code, and the rules promulgated under that Section, and the allocated amount of the credits shall be allowed to the partners for that taxable year. The partnership shall make this election on its Personal Property Tax Replacement Income Tax return for that taxable year. The election to pass through the credits shall be irrevocable.

For taxable years ending on or after December 31, 2000, a partner that qualifies its partnership for a subtraction under subparagraph (I) of paragraph (2) of subsection (d) of Section 203 or a shareholder that qualifies a Subchapter S corporation for a subtraction under subparagraph (S) of paragraph (2) of subsection (b) of Section 203 shall be allowed a credit under this subsection (e) equal to its share of the credit earned under this subsection (e) during the taxable year by the partnership or Subchapter S corporation, determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and Subchapter S of the Internal Revenue Code. This paragraph is exempt from the provisions of Section 250.

The credit shall be available only in the taxable year in which the property is placed in service in the Enterprise Zone or River Edge Redevelopment Zone and shall not be allowed to the extent that it would reduce a taxpayer's liability for the tax imposed by subsections (a) and (b) of this Section to below zero. For tax years ending on or after December 31, 1985, the credit shall be allowed for the tax year in which the property is placed in service, or, if the amount of the credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit year. The credit shall be applied to the earliest year for which there is a liability. If there is credit from more than one tax year that is available to offset a liability, the credit accruing first in time shall be applied first.

(6) If during any taxable year, any property ceases to be qualified property in the hands of the taxpayer within 48 months after being placed in service, or the situs of any qualified property is moved outside the Enterprise Zone or River Edge Redevelopment Zone within 48 months after being placed in service, the tax imposed under subsections (a) and (b) of this Section for such taxable year shall be increased. Such increase shall be determined by (i) recomputing the investment credit which would have been allowed for the year in which credit for such property was originally allowed by eliminating such property from such computation, and (ii) subtracting such recomputed credit from the amount of credit previously allowed. For the purposes of this paragraph (6), a reduction of the basis of qualified property resulting from a redetermination of the purchase price shall be deemed a disposition of qualified property to the extent of such reduction.

(7) There shall be allowed an additional credit equal to 0.5% of the basis of qualified property placed in service during the taxable year in a River Edge Redevelopment Zone, provided such property is placed in service on or after July 1, 2006, and the taxpayer's base employment within Illinois has increased by 1% or more over the preceding year as determined by the taxpayer's employment records filed with the Illinois Department of Employment Security. (5) The term "placed in service" shall have the same meaning as under Section 46 of the Internal Revenue Code.

(6) If during any taxable year ending on or before December 31, 1996, any property ceases to be qualified property in the hands of the taxpayer within 48 months after being placed in service, or the situs of any qualified property is moved outside Illinois within 48 months after being placed in service, the tax imposed under subsections (a) and (b) of this Section for such taxable year shall be increased. Such increase shall be determined by (i) recomputing the investment credit which would have been allowed for the year in which credit for such property was originally allowed by eliminating such property from such computation, and (ii) subtracting such recomputed credit from the amount of credit previously allowed. Any credit earned on or after December 31, 1986 under this subsection which is unused in the year the credit is computed because it exceeds the tax liability imposed by subsections (a) and (b) for that year (whether it exceeds the original liability or the liability as later amended) may be carried forward and applied to the tax liability imposed by subsections (a) and (b) of the 5 taxable years following the excess credit year, provided that no credit may be carried forward to any year ending on or after December 31, 2003. This credit shall be applied first to the earliest year for which there is a liability. If there is a credit under this subsection from more than one tax year that is available to offset a liability the earliest credit arising under this subsection shall be applied first.

If, during any taxable year ending on or after December 31, 1986, the tax imposed by subsections (c) and (d) of this Section for which a taxpayer has claimed a credit under this subsection (i) is reduced, the amount of credit for such tax shall also be reduced. Such reduction shall be determined by recomputing the credit to take into account the reduced tax imposed by subsections (c) and (d). If any portion of the reduced amount of credit has been carried to a different taxable year, an amended return shall be filed for such taxable year to reduce the amount of credit claimed.

(j) Training expense credit. Any credit allowed under this subsection which is unused in the year the credit is earned may be carried forward to each of the 5 taxable years following the year for which the credit is first computed until it is used. This credit shall be applied first to the earliest year for which there is a liability. If there is a credit under this subsection from more than one tax year that is available to offset a liability the earliest credit arising under this subsection shall be applied first. (k) Research and development credit.

For tax years ending after July 1, 1990 and prior to December 31, 2003, and beginning again for tax years ending on or after December 31, 2004, a taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for increasing research activities in this State. The credit allowed against the tax imposed by subsections (a) and (b) shall be equal to 6 1/2% of the qualifying expenditures for increasing research activities in this State. For partners, shareholders of subchapter S corporations, and owners of limited liability companies, if the liability company is treated as a partnership for purposes of federal and State income taxation, there shall be allowed a credit under this subsection to be determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and subchapter S of the Internal Revenue Code.

Any credit in excess of the tax liability for the taxable year may be carried forward. December 31, 2003 may be carried forward to any year ending on or after December 31, 2003.

If an unused credit is carried forward to a given year from 2 or more earlier years, that credit arising in the earliest year will be applied first against the tax liability for the given year. If a tax liability for the given year still remains, the credit from the next earliest year will then be applied, and so on, until all credits have been used or no tax liability for the given year remains. Any remaining unused credit or credits then will be carried forward to the next following year in which a tax liability is incurred, except that no credit can be carried forward to a year which is more than 5 years after the year in which the expense for which the credit is given was incurred.

(i) For tax years ending after December 31, 1997 and on or before December 31, 2001, a taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for certain amounts paid for unreimbursed eligible remediation costs, as specified in this subsection. For purposes of this Section, "unreimbursed eligible remediation costs" means costs approved by the Illinois Environmental Protection Agency ("Agency") under Section 58.14 of the Environmental Protection Act that were paid in performing environmental remediation at a site for which a No Further Remediation Letter was issued by the Agency and recorded under Section 58.10 of the Environmental Protection Act. The credit must be claimed for the taxable year in which Agency approval of the eligible remediation costs is granted. The credit is not available to any taxpayer if the taxpayer or any related party caused or contributed to, in any material respect, a release of regulated substances on, in, or under the site that was identified and addressed by the remedial action pursuant to the Site Remediation Program of the Environmental Protection Act. After the Pollution Control Board rules are adopted pursuant to the Illinois Administrative Procedure Act for the administration and enforcement of Section 58.9 of the Environmental Protection Act, determinations as to credit availability for purposes of this Section shall be made consistent with those rules. For purposes of this

The credit allowed against the tax imposed by subsections (a) and (b) shall be equal to 25% of the unreimbursed eligible remediation costs in excess of $100,000 per site, except that the $100,000 threshold shall not apply to any site contained in an enterprise zone as determined by the Department of Commerce and Community Affairs (now Department of Commerce and Economic Opportunity). The total credit allowed shall not exceed $40,000 per year with a maximum total of $150,000 per site. For partners and shareholders of subchapter S corporations, there shall be allowed a credit under this subsection to be determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and subchapter S of the Internal Revenue Code.

(ii) A credit allowed under this subsection that is unused in the year the credit is earned may be carried forward to each of the 5 taxable years following the year for which the credit is first earned until it is used. The term "unused credit" does not include any amounts of unreimbursed eligible remediation costs in excess of the maximum credit per site authorized under paragraph (i). This credit shall be applied first to the earliest year for which there is a liability. If there is a credit under this subsection from more than one tax year that is available to offset a liability, the earliest credit arising under this subsection shall be applied first. A credit allowed under this subsection may be sold to a buyer as part of a sale of all or part of the remediation site for which the credit was granted. The purchaser of a remediation site and the tax credit shall succeed to the unused credit and remaining carry-forward period of the seller. To perfect the transfer, the assignor shall record the transfer in the chain of title for the site and provide written notice to the Director of the Illinois Department of Revenue of the assignor's intent to sell the remediation site and the amount of the tax credit to be transferred as a portion of the sale. In no event may a credit

"Production related tangible personal property" does not include (i) tangible personal property used, within or without a manufacturing facility, in sales, purchasing, accounting, fiscal management, marketing, personnel recruitment or selection, or landscaping or (ii) tangible personal property required to be titled or registered with a department, agency, or unit of federal, state, or local government. The Manufacturer's Purchase Credit may be used, prior to October 1, 2003, to satisfy the tax arising either from the purchase of machinery and equipment on or after January 1, 1995 for
which the exemption provided by paragraph (18) of Section 3-5 of this Act was erroneously claimed, or the purchase of machinery and equipment on or after July 1, 1996 for which the exemption provided by paragraph (6) of Section 3-5 of this Act was erroneously claimed, but not in satisfaction of penalty, if any, and interest for failure to pay the tax when due. A purchaser of production related tangible personal property who is required to pay Illinois Use Tax or Service Use Tax on the purchase directly to the Department may, prior to October 1, 2003, utilize the Manufacturer's Purchase Credit in satisfaction of the tax arising from that purchase, but not in satisfaction of penalty and interest. A purchaser who uses the Manufacturer's Purchase Credit to purchase property which is later determined not to be production related tangible personal property may be liable for tax, penalty, and interest on the purchase of that property as of the date of purchase but shall be entitled to use the disallowed Manufacturer's Purchase Credit, so long as it has not expired and is used prior to October 1, 2003, on qualifying purchases of production related tangible personal property not previously subject to credit usage. The Manufacturer's Purchase Credit earned by a manufacturer or graphic arts producer expires the last day of the second calendar year following the calendar year in which the credit arose. No Manufacturer's Purchase Credit may be used after September 30, 2003 regardless of when that credit was earned.

A purchaser earning Manufacturer's Purchase Credit shall sign and file an annual Report of Manufacturer's Purchase Credit Earned for each calendar year no later than the last day of the sixth month following the calendar year in which a Manufacturer's Purchase Credit is earned. A Report of Manufacturer's Purchase Credit Earned shall be filed on forms as prescribed or approved by the Department and shall state, for each month of the calendar year: (i) the total purchase price of all purchases of exempt manufacturing or graphic arts machinery on which the credit was earned; (ii) the total State Use Tax or Service Use Tax which would have been due on those items; (iii) the percentage used to calculate the amount of credit earned; (iv) the amount of credit earned; and (v) such other information as the Department may reasonably require. A purchaser earning Manufacturer's Purchase Credit shall maintain records which identify, as to each purchase of manufacturing or graphic arts machinery and equipment on which the purchaser earned Manufacturer's Purchase Credit, the vendor (including, if applicable, either the vendor's registration number or Federal Employer Identification Number), the purchase price,
and the amount of Manufacturer's Purchase Credit earned on each purchase.

A purchaser using Manufacturer's Purchase Credit shall sign and file an annual Report of Manufacturer's Purchase Credit Used for each calendar year no later than the last day of the sixth month following the calendar year in which a Manufacturer's Purchase Credit is used. A Report of Manufacturer's Purchase Credit Used shall be filed on forms as prescribed or approved by the Department and shall state, for each month of the calendar year: (i) the total purchase price of production related tangible personal property purchased from Illinois suppliers; (ii) the total purchase price of production related tangible personal property purchased from out-of-state suppliers; (iii) the total amount of credit used during such month; and (iv) such other information as the Department may reasonably require. A purchaser using Manufacturer's Purchase Credit shall maintain records that identify, as to each purchase of production related tangible personal property on which the purchaser used Manufacturer's Purchase Credit, the vendor (including, if applicable, either the vendor's registration number or Federal Employer Identification Number), the purchase price, and the amount of Manufacturer's Purchase Credit used on each purchase.

No annual report shall be filed before May 1, 1996 or after June 30, 2004. A purchaser that fails to file an annual Report of Manufacturer's Purchase Credit Earned or an annual Report of Manufacturer's Purchase Credit Used by the last day of the sixth month following the end of the calendar year shall forfeit all Manufacturer's Purchase Credit for that calendar year unless it establishes that its failure to file was due to reasonable cause. Manufacturer's Purchase Credit reports may be amended to report and claim credit on qualifying purchases not previously reported at any time before the credit would have expired, unless both the Department and the purchaser have agreed to an extension of the statute of limitations for the issuance of a notice of tax liability as provided in Section 4 of the Retailers’ Occupation Tax Act. If the time for assessment or refund has been extended, then amended reports for a calendar year may be filed at any time prior to the date to which the statute of limitations for the calendar year or portion thereof has been extended. No Manufacturer's Purchase Credit report filed with the Department for periods prior to January 1, 1995 shall be approved. Manufacturer's Purchase Credit claimed on an amended report may be used, until October 1, 2003, to satisfy tax liability under the Use Tax Act or the Service Use Tax Act (i)

A purchaser shall not be entitled to any Manufacturer's Purchase Credit for a purchase that is required to be reported and is not timely reported as provided in this Section. A purchaser remains liable for (i) any tax that was satisfied by use of a Manufacturer's Purchase Credit, as of the date of purchase, if that use is not timely reported as required in this Section and (ii) for any applicable penalties and interest for failing to pay the tax when due. No Manufacturer's Purchase Credit may be used after September 30, 2003 to satisfy any tax liability imposed under this Act, including any audit liability.

The Manufacturer's Purchase Credit certification must be dated and shall include the name and address of the purchaser, the purchaser's registration number, if registered, the credit being applied, and a statement that the State Use Tax or Service Use Tax liability is being satisfied with the manufacturer's or graphic arts producer's accumulated purchase credit. Certification may be incorporated into the manufacturer's or graphic arts producer's purchase order. A manufacturer or graphic arts producer that enters into a contract involving the installation of tangible personal property into real estate within a manufacturing or graphic arts production facility may, on or after September 1, 2004, authorize a construction contractor to utilize credit accumulated by the manufacturer or graphic arts producer to purchase the tangible personal property. A manufacturer or graphic arts producer intending to use accumulated credit to purchase such tangible personal property shall execute a written contract authorizing the contractor to utilize a specified dollar amount of credit. The contractor shall furnish the supplier with the manufacturer's or graphic arts producer's name, registration or resale number, and a statement that a specific amount of the Use Tax or Service Use Tax liability, not to exceed 6.25% of the selling price, is being satisfied with the credit. The manufacturer or graphic arts producer shall remain liable to timely report all information required by the annual Report of Manufacturer's Purchase Credit Used for all credit utilized by a construction contractor.

(35 ILCS 110/3-70)
Sec. 3-70. Manufacturer's Purchase Credit. For purchases of machinery and equipment made on and after January 1, 1995 and through June 30, 2003, and on and after September 1, 2004 through August 30, 2014, a purchaser of manufacturing machinery and equipment that qualifies for the exemption provided by Section 2 of this Act earns a credit in an amount equal to a fixed percentage of the tax which would have been incurred under this Act on those purchases. For purchases of graphic arts machinery and equipment made on or after July 1, 1996 through June 30, 2003, and on and after September 1, 2004 through August 30, 2014, a purchase of graphic arts machinery and equipment that qualifies for the exemption provided by paragraph (5) of Section 3-5 of this Act earns a credit in an amount equal to a fixed percentage of the tax that would have been incurred under this Act on those purchases. The credit earned for the purchase of manufacturing machinery and equipment and graphic arts machinery and equipment shall be referred to as the Manufacturer's Purchase Credit. A graphic arts producer is a person engaged in graphic arts production as defined in Section 3-30 of the Service Occupation Tax Act. Beginning July 1, 1996, all references in this Section to manufacturers or manufacturing shall also refer to graphic arts producers or graphic arts production.

The amount of credit shall be a percentage of the tax that would have been incurred on the purchase of the manufacturing machinery and equipment or graphic arts machinery and equipment if the exemptions provided by Section 2 or paragraph (5) of Section 3-5 of this Act had not been applicable.

All purchases prior to October 1, 2003 of manufacturing machinery and equipment and graphic arts machinery and equipment that qualify for the exemptions provided by paragraph (5) of Section 2 or paragraph (5) of Section 3-5 of this Act qualify for the credit without regard to whether the serviceman elected, or could have elected, under paragraph (7) of Section 2 of this Act to exclude the transaction from this Act. If the serviceman's billing to the service customer separately states a selling price for the exempt manufacturing machinery or equipment or the exempt graphic arts machinery and equipment, the credit shall be calculated, as otherwise provided herein, based on that selling price. If the serviceman's billing does not separately state a selling price for the exempt manufacturing machinery or equipment or the exempt graphic arts machinery and equipment, the credit shall be calculated, as otherwise provided herein, based on 50% of the entire billing. If the serviceman contracts to design,
develop, and produce special order manufacturing machinery and equipment or special order graphic arts machinery and equipment, and the billing does not separately state a selling price for such special order machinery and equipment, the credit shall be calculated, as otherwise provided herein, based on 50% of the entire billing. The provisions of this paragraph are effective for purchases made on or after January 1, 1995.

The percentage shall be as follows:

1. 15% for purchases made on or before June 30, 1995.
2. 25% for purchases made after June 30, 1995, and on or before June 30, 1996.
3. 40% for purchases made after June 30, 1996, and on or before June 30, 1997.
4. 50% for purchases made on or after July 1, 1997.

(a) Manufacturer's Purchase Credit earned prior to July 1, 2003. This subsection (a) applies to Manufacturer's Purchase Credit earned prior to July 1, 2003. A purchaser of production related tangible personal property desiring to use the Manufacturer's Purchase Credit shall certify to the seller prior to October 1, 2003 that the purchaser is satisfying all or part of the liability under the Use Tax Act or the Service Use Tax Act that is due on the purchase of the production related tangible personal property by use of a Manufacturer's Purchase Credit. The Manufacturer's Purchase Credit certification must be dated and shall include the name and address of the purchaser, the purchaser's registration number, if registered, the credit being applied, and a statement that the State Use Tax or Service Use Tax liability is being satisfied with the manufacturer's or graphic arts producer's accumulated purchase credit. Certification may be incorporated into the manufacturer's or graphic arts producer's purchase order. Manufacturer's Purchase Credit certification provided by the manufacturer or graphic arts producer prior to October 1, 2003 may be used to satisfy the retailer's or serviceman's liability under the Retailers' Occupation Tax Act or Service Occupation Tax Act for the credit claimed, not to exceed 6.25% of the receipts subject to tax from a qualifying purchase, but only if the retailer or serviceman reports the Manufacturer's Purchase Credit claimed as required by the Department. A Manufacturer's Purchase Credit reported on any original or amended return filed under this Act after October 20, 2003 shall be disallowed. The Manufacturer's Purchase Credit earned by purchase of exempt manufacturing machinery and equipment or graphic arts machinery and equipment is a non-transferable credit. A manufacturer or graphic arts producer that enters into a contract involving

the installation of tangible personal property into real estate within a manufacturing or graphic arts production facility, prior to October 1, 2003, may authorize a construction contractor to utilize credit accumulated by the manufacturer or graphic arts producer to purchase the tangible personal property. A manufacturer or graphic arts producer intending to use accumulated credit to purchase such tangible personal property shall execute a written contract authorizing the contractor to utilize a specified dollar amount of credit. The contractor shall furnish, prior to October 1, 2003, the supplier with the manufacturer's or graphic arts producer's name, registration or resale number, and a statement that a specific amount of the Use Tax or Service Use Tax liability, not to exceed 6.25% of the selling price, is being satisfied with the credit. The manufacturer or graphic arts producer shall remain liable to timely report all information required by the annual Report of Manufacturer's Purchase Credit Used for credit utilized by a construction contractor.

No Manufacturer's Purchase Credit earned prior to July 1, 2003 may be used after October 1, 2003. The Manufacturer's Purchase Credit may be used to satisfy liability under the Use Tax Act or the Service Use Tax Act due on the purchase of production related tangible personal property (including purchases by a manufacturer, by a graphic arts producer, or a lessor who rents or leases the use of the property to a manufacturer or graphic arts producer) that does not otherwise qualify for the manufacturing machinery and equipment exemption or the graphic arts machinery and equipment exemption. "Production related tangible personal property" means (i) all tangible personal property used or consumed by the purchaser in a manufacturing facility in which a manufacturing process described in Section 2-45 of the Retailers' Occupation Tax Act takes place, including tangible personal property purchased for incorporation into real estate within a manufacturing facility and including, but not limited to, tangible personal property used or consumed in activities such as pre-production material handling, receiving, quality control, inventory control, storage, staging, and packaging for shipping and transportation purposes; (ii) all tangible personal property used or consumed by the purchaser in a graphic arts facility in which graphic arts production as described in Section 2-30 of the Retailers' Occupation Tax Act takes place, including tangible personal property purchased for incorporation into real estate within a graphic arts facility and including, but not limited to, all tangible personal property used or consumed in activities such as graphic arts preliminary or pre-press.
production, pre-production material handling, receiving, quality control, inventory control, storage, staging, sorting, labeling, mailing, tying, wrapping, and packaging; and (iii) all tangible personal property used or consumed by the purchaser for research and development. "Production related tangible personal property" does not include (i) tangible personal property used, within or without a manufacturing or graphic arts facility, in sales, purchasing, accounting, fiscal management, marketing, personnel recruitment or selection, or landscaping or (ii) tangible personal property required to be titled or registered with a department, agency, or unit of federal, state, or local government. The Manufacturer's Purchase Credit may be used, prior to October 1, 2003, to satisfy the tax arising either from the purchase of machinery and equipment on or after January 1, 1995 for which the manufacturing machinery and equipment exemption provided by Section 2 of this Act was erroneously claimed, or the purchase of machinery and equipment on or after July 1, 1996 for which the exemption provided by paragraph (5) of Section 3-5 of this Act was erroneously claimed, but not in satisfaction of penalty, if any, and interest for failure to pay the tax when due. A purchaser of production related tangible personal property who is required to pay Illinois Use Tax or Service Use Tax on the purchase directly to the Department may, prior to October 1, 2003, utilize the Manufacturer's Purchase Credit in satisfaction of the tax arising from that purchase, but not in satisfaction of penalty and interest. A purchaser who uses the Manufacturer's Purchase Credit to purchase property which is later determined not to be production related tangible personal property may be liable for tax, penalty, and interest on the purchase of that property as of the date of purchase but shall be entitled to use the disallowed Manufacturer's Purchase Credit, so long as it has not expired and is used prior to October 1, 2003, on qualifying purchases of production related tangible personal property not previously subject to credit usage. The Manufacturer's Purchase Credit earned by a manufacturer or graphic arts producer expires the last day of the second calendar year following the calendar year in which the credit arose. No Manufacturer's Purchase Credit may be used after September 30, 2003 regardless of when that credit was earned.

A purchaser earning Manufacturer's Purchase Credit shall sign and file an annual Report of Manufacturer's Purchase Credit Earned for each calendar year no later than the last day of the sixth month following the calendar year in which a Manufacturer's Purchase Credit is earned. A Report of Manufacturer's Purchase Credit Earned shall be filed on forms

as prescribed or approved by the Department and shall state, for each month of the calendar year: (i) the total purchase price of all purchases of exempt manufacturing or graphic arts machinery on which the credit was earned; (ii) the total State Use Tax or Service Use Tax which would have been due on those items; (iii) the percentage used to calculate the amount of credit earned; (iv) the amount of credit earned; and (v) such other information as the Department may reasonably require. A purchaser earning Manufacturer's Purchase Credit shall maintain records which identify, as to each purchase of manufacturing or graphic arts machinery and equipment on which the purchaser earned Manufacturer's Purchase Credit, the vendor (including, if applicable, either the vendor's registration number or Federal Employer Identification Number), the purchase price, and the amount of Manufacturer's Purchase Credit earned on each purchase.

A purchaser using Manufacturer's Purchase Credit shall sign and file an annual Report of Manufacturer's Purchase Credit Used for each calendar year no later than the last day of the sixth month following the calendar year in which a Manufacturer's Purchase Credit is used. A Report of Manufacturer's Purchase Credit Used shall be filed on forms as prescribed or approved by the Department and shall state, for each month of the calendar year: (i) the total purchase price of production related tangible personal property purchased from Illinois suppliers; (ii) the total purchase price of production related tangible personal property purchased from out-of-state suppliers; (iii) the total amount of credit used during such month; and (iv) such other information as the Department may reasonably require. No annual report shall be filed before May 1, 1996 or after June 30, 2004. A purchaser that fails to file an annual Report of Manufacturer's Purchase Credit Earned or an annual Report of Manufacturer's Purchase Credit Used by the last day of the sixth month following the end of the calendar year shall forfeit all Manufacturer's Purchase Credit for that calendar year unless it establishes that its failure to file was due to reasonable cause. Manufacturer's Purchase Credit reports may be amended.

to report and claim credit on qualifying purchases not previously reported at any time before the credit would have expired, unless both the Department and the purchaser have agreed to an extension of the statute of limitations for the issuance of a notice of tax liability as provided in Section 4 of the Retailers' Occupation Tax Act. If the time for assessment or refund has been extended, then amended reports for a calendar year may be filed at any time prior to the date to which the statute of limitations for the calendar year or portion thereof has been extended. No Manufacturer's Purchase Credit report filed with the Department for periods prior to January 1, 1995 shall be approved. Manufacturer's Purchase Credit claimed on an amended report may be used, prior to October 1, 2003, to satisfy tax liability under the Use Tax Act or the Service Use Tax Act (i) on qualifying purchases of production related tangible personal property made after the date the amended report is filed or (ii) assessed by the Department on qualifying purchases of production related tangible personal property made in the case of manufacturers on or after January 1, 1995, or in the case of graphic arts producers on or after July 1, 1996.

If the purchaser is not the manufacturer or a graphic arts producer, but rents or leases the use of the property to a manufacturer or a graphic arts producer, the purchaser may earn, report, and use Manufacturer's Purchase Credit in the same manner as a manufacturer or graphic arts producer.

A purchaser shall not be entitled to any Manufacturer's Purchase Credit for a purchase that is required to be reported and is not timely reported as provided in this Section. A purchaser remains liable for (i) any tax that was satisfied by use of a Manufacturer's Purchase Credit, as of the date of purchase, if that use is not timely reported as required in this Section and (ii) for any applicable penalties and interest for failing to pay the tax when due. No Manufacturer's Purchase Credit may be used after September 30, 2003 to satisfy any tax liability imposed under this Act, including any audit liability.

(b) Manufacturer's Purchase Credit earned on and after September 1, 2004. This subsection (b) applies to Manufacturer's Purchase Credit earned on or after September 1, 2004. Manufacturer's Purchase Credit earned on or after September 1, 2004 may only be used to satisfy the Use Tax or Service Use Tax liability incurred on production related tangible personal property purchased on or after September 1, 2004. A purchaser of production related tangible personal property desiring to use the Manufacturer's Purchase Credit shall certify to the seller that the purchaser

Whenever a court determines that a hearing shall be closed, access to the records of the hearing, including but not limited to transcripts and pleadings, shall be limited to the parties involved in the hearing, court personnel, and any person or agency providing mental health services that are the subject of the hearing. Access may also be granted, however, pursuant to the provisions of the Mental Health and Developmental Disabilities Confidentiality Act.

or

(3) not in need of mental health services.

While the impact statement to the court allowed under this subsection (d) may include the impact that the respondent's criminal conduct has had upon the victim, victim's representative, or victim's family or household member, the court may only consider the impact statement along with all other appropriate factors in determining the:

(i) threat of serious physical harm posed by the respondent to himself or herself, or to another person;
(ii) location of inpatient or outpatient mental health services ordered by the court, but only after complying with all other applicable administrative requirements, rules, and statutory requirements;

Section 5. The School Code is amended by changing Section 2-3.71 as follows:
(105 ILCS 5/2-3.71) (from Ch. 122, par. 2-3.71)
Sec. 2-3.71. Grants for preschool educational programs.
(a) Preschool program.
   (1) The State Board of Education shall implement and administer a grant program under the provisions of this subsection which shall consist of grants to public school districts and other eligible entities, as defined by the State Board of Education, to conduct voluntary preschool educational programs for children ages 3 to 5 which include a parent education component. A public school district which receives grants under this subsection may subcontract with other entities that are eligible to conduct a preschool educational program. These grants must be used to supplement, not supplant, funds received from any other source.
   (2) (Blank).
   (3) Any teacher of preschool children in the program authorized by this subsection shall hold an early childhood teaching certificate.
   (4) This paragraph (4) applies before July 1, 2006 and after June 30, 2010. The State Board of Education shall provide the primary source of funding through appropriations for the program. Such funds shall be distributed for the benefit of children who because of their home and community environment are subject to such language, cultural, economic and like disadvantages that they have been determined as a result of screening procedures to be at risk of academic failure. Such screening procedures shall be based on criteria established by the State Board of Education.
   (4.5) This paragraph (4.5) applies from July 1, 2006 through June 30, 2010. The State Board of Education shall provide the primary source of funding through appropriations for the program. families choose to participate in the program. Based on available appropriations, newly funded programs shall be selected through a process giving first priority to qualified programs serving primarily at-risk children and second priority to qualified programs serving primarily children with a family income of less than 4 times the poverty guidelines updated periodically in the Federal Register by the U.S. Department of Health and Human Services under the authority of 42 U.S.C. 9902(2). For purposes of this paragraph (4.5), at-risk children are those who because of their home and community environment are subject to such language, cultural, economic and like disadvantages to cause them to have been determined as a result of screening procedures to be at risk of academic failure. Such screening procedures shall be based on criteria established by the State Board of Education.

Except as otherwise provided in this paragraph (4.5), grantees under the program must enter into a memorandum of understanding with the appropriate local Head Start agency. This memorandum must be entered into no later than 3 months after the award of a grantee’s grant under the program, except that, in the case of the 2009-2010 program year, the memorandum must be entered into no later than the deadline set by the State Board of Education for applications to participate in the program in fiscal year 2011, and must address collaboration between the grantee’s program and the local Head Start agency on certain issues, which shall include without limitation the following:

(B) public information dissemination and access to programs for families contacting programs;
(C) service areas;

If the appropriate local Head Start agency is unable or unwilling to enter into a memorandum of understanding as required under this paragraph (4.5), the memorandum of understanding requirement shall not apply and the grantee under the program must notify the State Board of Education in writing of the Head Start agency's inability or unwillingness. The State Board of Education shall compile all such written notices and make them available to the public.

(5) The State Board of Education shall develop and provide evaluation tools, including tests, that school districts and other eligible entities may use to evaluate children for school readiness prior to age 5. The State Board of Education shall require school districts and other eligible entities to obtain consent from the parents or guardians of children before any evaluations are conducted. The State Board of Education shall encourage local school districts and other eligible entities to evaluate the population of preschool children in their communities and provide preschool programs, pursuant to this subsection, where appropriate.

(6) The State Board of Education shall report to the General Assembly by November 1, 2010 and every 3 years thereafter on the results and progress of students who were enrolled in preschool educational programs, including an assessment of which programs have been most successful in promoting academic excellence and alleviating academic failure. (D-17) An amount equal to the amount otherwise allowed as a deduction in computing base income for interest paid, accrued, or incurred, directly or indirectly, (i) for taxable years ending on or after December 31, 2004, to a foreign person who would be a member of the same unitary business group but for the fact that foreign person's business activity outside the United States is 80% or more of the foreign person's total business activity and (ii) for taxable years ending on or after December 31, 2008, to a person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304. The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income under Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the interest was paid, accrued, or incurred.

(ii) an item of interest paid, accrued, or incurred, directly or indirectly, to a person if the taxpayer can establish, based on a preponderance of the evidence, both of the following:

   (a) the person, during the same taxable year, paid, accrued, or incurred, the interest to a person that is not a related member, and

   (b) the transaction giving rise to the interest expense between the taxpayer and the person did not have as a principal purpose the avoidance of Illinois income tax, and is paid pursuant to a contract or agreement that reflects an arm's-length interest rate and terms; or

(iii) the taxpayer can establish, based on clear and convincing evidence, that the interest paid, accrued, or incurred relates to a contract or agreement entered into at arm's-length rates and terms and the principal purpose for the payment is not federal or Illinois tax avoidance; or

(iv) an item of interest paid, accrued, or incurred, directly or indirectly, to a person if the taxpayer establishes by clear and convincing evidence that the adjustments are unreasonable; or if the taxpayer and the Director agree in writing to the application or use of an alternative method of apportionment under Section 304(f).

The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income under Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the intangible expenses and costs were directly or indirectly paid, incurred, or accrued. The preceding sentence does not apply to the extent that the same dividends caused a reduction to the addition modification required under Section 203(a)(2)(D-17) of this Act. As used in this subparagraph, the term "intangible expenses and costs" includes (1) expenses, losses, and costs for, or related to, the direct or indirect acquisition, use, maintenance or management, ownership, sale, exchange, or any other disposition of intangible property; (2) losses incurred, directly or indirectly, from factoring transactions or

This paragraph shall not apply to the following:

(ii) any item of intangible expense or cost paid, accrued, or incurred, directly or indirectly, if the taxpayer can establish, based on a preponderance of the evidence, both of the following:

(a) the person during the same taxable year paid, accrued, or incurred, the intangible expense or cost to a person that is not a related member, and

(b) the transaction giving rise to the intangible expense or cost between the taxpayer and the person did not have as a principal purpose the avoidance of Illinois income tax, and is paid pursuant to a contract or agreement that reflects arm's-length terms; or

(iii) any item of intangible expense or cost paid, accrued, or incurred, directly or indirectly, from a transaction with a person if the taxpayer establishes by clear and convincing evidence, that the adjustments are unreasonable; or if the taxpayer and the Director agree in writing to the application or use of an alternative method of apportionment under Section 304(f);
Nothing in this subsection shall preclude the Director from making any other adjustment otherwise allowed under Section 404 of this Act for any tax year beginning after the effective date of this amendment provided such adjustment is made pursuant to regulation adopted by the Department and such regulations provide methods and standards by which the Department will utilize its authority under Section 404 of this Act;

(D-19) For taxable years ending on or after December 31, 2008, an amount equal to the amount of insurance premium expenses and costs otherwise allowed as a deduction in computing base income, and that were paid, accrued, or incurred, directly or indirectly, to a person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304. The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income under Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the premiums and costs were directly or indirectly paid, incurred, or accrued. The preceding sentence does not apply to the extent that the same dividends caused a reduction to the addition modification required under Section 203(a)(2)(D-17) or Section 203(a)(2)(D-18) of this Act.

(D-20) For taxable years beginning on or after January 1, 2002 and ending on or before December 31, 2006, in the case of a distribution from a qualified tuition program under Section 529 of the Internal Revenue Code, other than (i) a distribution from a College Savings Pool created under Section 16.5 of the State Treasurer Act or (ii)
a distribution from the Illinois Prepaid Tuition Trust Fund, an amount equal to the amount excluded from gross income under Section 529(c)(3)(B). For taxable years beginning on or after January 1, 2007, in the case of a distribution from a qualified tuition program under Section 529 of the Internal Revenue Code, other than (i) a distribution from a College Savings Pool created under Section 16.5 of the State Treasurer Act, (ii) a distribution from the Illinois Prepaid Tuition Trust Fund, or (iii) a distribution from a qualified tuition program under Section 529 of the Internal Revenue Code that (I) adopts and determines that its offering materials comply with the College Savings Plans Network's disclosure principles and (II) has made reasonable efforts to inform in-state residents of the existence of in-state qualified tuition programs by informing Illinois residents directly and, where applicable, to inform financial intermediaries distributing the program to inform in-state residents of the existence of in-state qualified tuition programs at least annually, an amount equal to the amount excluded from gross income under Section 529(c)(3)(B).

For the purposes of this subparagraph (D-20), a qualified tuition program has made reasonable efforts if it makes disclosures (which may use the term "in-state program" or "in-state plan" and need not specifically refer to Illinois or its qualified programs by name) (i) directly to prospective participants in its offering materials or makes a public disclosure, such as a website posting; and (ii) where applicable, to intermediaries selling the out-of-state program in the same manner that the out-of-state program distributes its offering materials;

(D-21) For taxable years beginning on or after January 1, 2007, in the case of transfer of moneys from a qualified tuition program under Section 529 of the Internal Revenue Code that is administered by the State to an out-of-state program, an amount equal to the amount of moneys previously deducted from base income under subsection (a)(2)(Y) of this Section;

(b) the transaction giving rise to the interest expense between the taxpayer and the person did not have as a principal purpose the avoidance of Illinois income tax, and is paid pursuant to a contract or agreement that reflects an arm's-length interest rate and terms; or

The amount of any modification otherwise required under this subsection shall, under regulations prescribed by the Department, be adjusted by any amounts included therein which were properly paid, credited, or required to be distributed, or permanently set aside for charitable purposes pursuant to Internal Revenue Code Section 642(c) during the taxable year.

(d) Partnerships.

(1) In general. In the case of a partnership, base income means an amount equal to the taxpayer's taxable income for the taxable year as modified by paragraph (2).

(2) Modifications. The taxable income referred to in paragraph (1) shall be modified by adding thereto the sum of the following amounts:

(A) An amount equal to all amounts paid or accrued to the taxpayer as interest or dividends during the taxable year to the extent excluded from gross income in the computation of taxable income;

(B) An amount equal to the amount of tax imposed by this Act to the extent deducted from gross income for the taxable year;

(C) The amount of deductions allowed to the partnership pursuant to Section 707 (c) of the Internal Revenue Code in calculating its taxable income;

(D) An amount equal to the amount of the capital gain deduction allowable under the Internal Revenue Code, to the extent deducted from gross income in the computation of taxable income;

(D-5) For taxable years 2001 and thereafter, an amount equal to the bonus depreciation deduction taken on the taxpayer's federal income tax return for the taxable year under subsection (k) of Section 168 of the Internal Revenue Code;

(D-6) If the taxpayer sells, transfers, abandons, or otherwise disposes of property for which the taxpayer was required in any taxable year to make an addition modification under subparagraph (D-5), then an amount equal to the aggregate amount of the deductions taken in all taxable years under subparagraph (O) with respect to that property.

If the taxpayer continues to own property through the last day of the last tax year for which the taxpayer may claim a depreciation deduction for federal income tax purposes and for which the taxpayer was allowed in any taxable year to make a subtraction modification under subparagraph (O), then an amount equal to that subtraction modification.

The taxpayer is required to make the addition modification under this subparagraph only once with respect to any one piece of property;

(D-7) An amount equal to the amount otherwise allowed as a deduction in computing base income for interest paid, accrued, or incurred, directly or indirectly, (i) for taxable years ending on or after December 31, 2004, to a foreign person who would be a member of the same unitary business group but for the fact the foreign person's business activity outside the United States is 80% or more of the foreign person's total business activity and (ii) for taxable years ending on or after December 31, 2008, to a person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily

required to apportion business income under different subsections of Section 304. The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income pursuant to Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the interest was paid, accrued, or incurred.

This paragraph shall not apply to the following:

(i) an item of interest paid, accrued, or incurred, directly or indirectly, to a person who is subject in a foreign country or state, other than a state which requires mandatory unitary reporting, to a tax on or measured by net income with respect to such interest; or

(ii) an item of interest paid, accrued, or incurred, directly or indirectly, to a person if the taxpayer can establish, based on a preponderance of the evidence, both of the following:

(a) the person, during the same taxable year, paid, accrued, or incurred, the interest to a person that is not a related member, and

(b) the transaction giving rise to the interest expense between the taxpayer and the person did not have as a principal purpose the avoidance of Illinois income tax, and is paid pursuant to a contract or agreement that reflects an arm's-length interest rate and terms; or

(iii) the taxpayer can establish, based on clear and convincing evidence, that the interest paid, accrued, or incurred relates to a contract or agreement entered into at arm's-length rates and

terms and the principal purpose for the payment is not federal or Illinois tax avoidance; or

(iv) an item of interest paid, accrued, or incurred, directly or indirectly, to a person if the taxpayer establishes by clear and convincing evidence that the adjustments are unreasonable; or if the taxpayer and the Director agree in writing to the application or use of an alternative method of apportionment under Section 304(f).

Nothing in this subsection shall preclude the Director from making any other adjustment otherwise allowed under Section 404 of this Act for any tax year beginning after the effective date of this amendment provided such adjustment is made pursuant to regulation adopted by the Department and such regulations provide methods and standards by which the Department will utilize its authority under Section 404 of this Act; and

(D-8) An amount equal to the amount of intangible expenses and costs otherwise allowed as a deduction in computing base income, and that were paid, accrued, or incurred, directly or indirectly, (i) for taxable years ending on or after December 31, 2004, to a foreign person who would be a member of the same unitary business group but for the fact that the foreign person's business activity outside the United States is 80% or more of that person's total business activity and (ii) for taxable years ending on or after December 31, 2008, to a person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304. Nothing in this subsection shall preclude the Director from making any other adjustment otherwise allowed under Section 404 of this Act for any tax year beginning after the effective date of this amendment provided such adjustment is made pursuant to regulation adopted by the Department and such regulations provide methods and standards by which the Department will utilize its authority under Section 404 of this Act;

(D-9) For taxable years ending on or after December 31, 2008, an amount equal to the amount of insurance premium expenses and costs otherwise allowed as a deduction in computing base income, and that were paid, accrued, or incurred, directly or indirectly, to a person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304. The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income under Sections 951 through 964 of the Internal Revenue Code and amounts included in

   (G) An amount equal to all amounts included in taxable income as modified by subparagraphs (A), (B), (C) and (D) which are exempt from taxation by this State either by reason of its statutes or Constitution or by reason of the Constitution, treaties or statutes of the United States; provided that, in the case of any statute of this State that exempts income derived from bonds or other obligations from the tax imposed under this Act, the amount exempted shall be the interest net of bond premium amortization;
   (H) Any income of the partnership which constitutes personal service income as defined in Section 1348 (b) (1) of the Internal Revenue Code (as in effect December 31, 1981) or a reasonable allowance for compensation paid or accrued for services rendered by partners to the partnership, whichever is greater;
   (I) An amount equal to all amounts of income distributable to an entity subject to the Personal Property Tax Replacement Income Tax imposed by subsections (c) and (d) of Section 201 of this Act including amounts distributable to organizations exempt from federal income tax by reason of Section 501(a) of the Internal Revenue Code;

(e) Gross income; adjusted gross income; taxable income.

(1) In general. Subject to the provisions of paragraph (2) and subsection (b)(3), for purposes of this Section and Section 803(e), a taxpayer's gross income, adjusted gross income, or taxable income for the taxable year shall mean the amount of gross income, adjusted gross income or taxable income properly reportable for federal income tax purposes for the taxable year under the provisions of the Internal Revenue Code. Taxable income may be less than zero. However, for taxable years ending on or after December 31, 1986, net operating loss carryforwards from taxable years ending prior to December 31, 1986, may not exceed the sum of federal taxable income for the taxable year before net operating loss deduction, plus the excess of addition modifications over subtraction modifications for the taxable year. For taxable years ending prior to December 31, 1986, taxable income may never be an amount in excess of the net operating loss for the taxable year as defined in subsections (c) and (d) of Section 172 of the Internal Revenue Code, provided that when taxable

income of a corporation (other than a Subchapter S corporation), trust, or estate is less than zero and addition modifications, other than those provided by subparagraph (E) of paragraph (2) of subsection (b) for corporations or subparagraph (E) of paragraph (2) of subsection (c) for trusts and estates, exceed subtraction modifications, an addition modification must be made under those subparagraphs for any other taxable year to which the taxable income less than zero (net operating loss) is applied under Section 172 of the Internal Revenue Code or under subparagraph (E) of paragraph (2) of this subsection (e) applied in conjunction with Section 172 of the Internal Revenue Code.

(2) Special rule. For purposes of paragraph (1) of this subsection, the taxable income properly reportable for federal income tax purposes shall mean:

(A) Certain life insurance companies. In the case of a life insurance company subject to the tax imposed by Section 801 of the Internal Revenue Code, life insurance company taxable income, plus the amount of distribution from pre-1984 policyholder surplus accounts as calculated under Section 815a of the Internal Revenue Code;

(B) Certain other insurance companies. In the case of mutual insurance companies subject to the tax imposed by Section 831 of the Internal Revenue Code, insurance company taxable income;

(C) Regulated investment companies. In the case of a regulated investment company subject to the tax imposed by Section 852 of the Internal Revenue Code, investment company taxable income;

(D) Real estate investment trusts. In the case of a real estate investment trust subject to the tax imposed by Section 857 of the Internal Revenue Code, real estate investment trust taxable income;

(E) Consolidated corporations. In the case of a corporation which is a member of an affiliated group of corporations filing a consolidated income tax return for the taxable year for federal income tax purposes, taxable income determined as if such corporation had filed a separate return for federal income tax purposes for the taxable year and each preceding taxable year for which it
was a member of an affiliated group. For purposes of this subparagraph, the taxpayer's separate taxable income shall be determined as if the election provided by Section 243(b)(2) of the Internal Revenue Code had been in effect for all such years;

(F) Cooperatives. In the case of a cooperative corporation or association, the taxable income of such organization determined in accordance with the provisions of Section 1381 through 1388 of the Internal Revenue Code;

(G) Subchapter S corporations. In the case of: (i) a Subchapter S corporation for which there is in effect an election for the taxable year under Section 1362 of the Internal Revenue Code, the taxable income of such corporation determined in accordance with Section 1363(b) of the Internal Revenue Code, except that taxable income shall take into account those items which are required by Section 1363(b)(1) of the Internal Revenue Code to be separately stated; and (ii) a Subchapter S corporation for which there is in effect a federal election to opt out of the provisions of the Subchapter S Revision Act of 1982 and have applied instead the prior federal Subchapter S rules as in effect on July 1, 1982, the taxable income of such corporation determined in accordance with the federal Subchapter S rules as in effect on July 1, 1982; and

(H) Partnerships. In the case of a partnership, taxable income determined in accordance with Section 703 of the Internal Revenue Code, except that taxable income shall take into account those items which are required by Section 703(a)(1) to be separately stated but which would be taken into account by an individual in calculating his taxable income.

(3) Recapture of business expenses on disposition of asset or business. Notwithstanding any other law to the contrary, if in prior years income from an asset or business has been classified as business income and in a later year is demonstrated to be non-business income, then all expenses, without limitation, deducted in such later year and in the 2 immediately preceding taxable years related to that asset or business that generated the non-business

income shall be added back and recaptured as business income in the year of the disposition of the asset or business. Such amount shall be apportioned to Illinois using the greater of the apportionment fraction computed for the business under Section 304 of this Act for the taxable year or the average of the apportionment fractions computed for the business under Section 304 of this Act for the taxable year and for the 2 immediately preceding taxable years.

(f) Valuation limitation amount.

(1) In general. The valuation limitation amount referred to in subsections (a) (2) (G), (c) (2) (I) and (d)(2) (E) is an amount equal to:

   (A) The sum of the pre-August 1, 1969 appreciation amounts (to the extent consisting of gain reportable under the provisions of Section 1245 or 1250 of the Internal Revenue Code) for all property in respect of which such gain was reported for the taxable year; plus

   (B) The lesser of (i) the sum of the pre-August 1, 1969 appreciation amounts (to the extent consisting of capital gain) for all property in respect of which such gain was reported for federal income tax purposes for the taxable year, or (ii) the net capital gain for the taxable year, reduced in either case by any amount of such gain included in the amount determined under subsection (a) (2) (F) or (c) (2) (H).

(2) Pre-August 1, 1969 appreciation amount.

   (A) If the fair market value of property referred to in paragraph (1) was readily ascertainable on August 1, 1969, the pre-August 1, 1969 appreciation amount for such property is the lesser of (i) the excess of such fair market value over the taxpayer's basis (for determining gain) for such property on that date (determined under the Internal Revenue Code as in effect on that date), or (ii) the total gain realized and reportable for federal income tax purposes in respect of the sale, exchange or other disposition of such property.

   (B) If the fair market value of property referred to in paragraph (1) was not readily ascertainable on August 1, 1969, the pre-August 1, 1969 appreciation amount for such

property is that amount which bears the same ratio to the total gain reported in respect of the property for federal income tax purposes for the taxable year, as the number of full calendar months in that part of the taxpayer's holding period for the property ending July 31, 1969 bears to the number of full calendar months in the taxpayer's entire holding period for the property.

(C) The Department shall prescribe such regulations as may be necessary to carry out the purposes of this paragraph.

(g) Double deductions. Unless specifically provided otherwise, nothing in this Section shall permit the same item to be deducted more than once.

(h) Legislative intention. Except as expressly provided by this Section there shall be no modifications or limitations on the amounts of income, gain, loss or deduction taken into account in determining gross income, adjusted gross income or taxable income for federal income tax purposes for the taxable year, or in the amount of such items entering into the computation of base income and net income under this Act for such taxable year, whether in respect of property values as of August 1, 1969 or otherwise.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Environmental Protection Act is amended by adding Section 22.55 as follows:

New matter indicated by italics - deletions by strikeout.
Sec. 22.55. Household Waste Drop-off Points.

(a) Findings; Purpose and Intent.

(1) The General Assembly finds that protection of human health and the environment can be enhanced if certain commonly generated household wastes are managed separately from the general household waste stream.

(2) The purpose of this Section is to provide, to the extent allowed under federal law, a method for managing certain types of household waste separately from the general household waste stream.

(b) Definitions. For the purposes of this Section:

"Controlled substance" means a controlled substance as defined in the Illinois Controlled Substances Act.

"Household waste" means waste generated from a single residence or multiple residences.

"Household waste drop-off point" means the portion of a site or facility used solely for the receipt and temporary storage of household waste.

"One-day household waste collection event" means a household waste drop-off point approved by the Agency under subsection (d) of this Section.

"Personal care product" means an item other than a pharmaceutical product that is consumed or applied by an individual for personal health, hygiene, or cosmetic reasons. Personal care products include, but are not limited to, items used in bathing, dressing, or grooming.

"Pharmaceutical product" means medicine or a product containing medicine. A pharmaceutical product may be sold by prescription or over the counter. "Pharmaceutical product" does not include (i) medicine that contains a radioactive component or a product that contains a radioactive component or (ii) a controlled substance.

(c) Except as otherwise provided in Agency rules, the following requirements apply to each household waste drop-off point other than a one-day household waste collection event:

(1) A household waste drop-off point must not accept waste other than the following types of household waste: pharmaceutical products, personal care products, batteries other than lead-acid

New matter indicated by italics - deletions by strikeout.
(2) Except as provided in subdivision (c)(2) of this Section, household waste drop-off points must be located at a site or facility where the types of products accepted at the household waste drop-off point are lawfully sold, distributed, or dispensed. For example, household waste drop-off points that accept prescription pharmaceutical products must be located at a site or facility where prescription pharmaceutical products are sold, distributed, or dispensed.

(A) Subdivision (c)(2) of this Section does not apply to household waste drop-off points operated by a government or school entity, or by an association or other organization of government or school entities.

(B) Household waste drop-off points that accept mercury thermometers can be located at any site or facility where non-mercury thermometers are sold, distributed, or dispensed.

(C) Household waste drop-off points that accept mercury thermostats can be located at any site or facility where non-mercury thermostats are sold, distributed, or dispensed.

(3) The location of acceptance for each type of waste accepted at the household waste drop-off point must be clearly identified. Locations where pharmaceutical products are accepted must also include a copy of the sign required under subsection (j) of this Section.

(4) Household waste must be accepted only from private individuals. Waste must not be accepted from other persons, including, but not limited to, owners and operators of rented or leased residences where the household waste was generated, commercial haulers, and other commercial, industrial, agricultural, and government operations or entities.

(5) If more than one type of household waste is accepted, each type of household waste must be managed separately prior to its packaging for off-site transfer.

(6) Household waste must not be stored for longer than 90 days after its receipt, except as otherwise approved by the Agency in writing.
(7) Household waste must be managed in a manner that protects against releases of the waste, prevents nuisances, and otherwise protects human health and the environment. Household waste must also be properly secured to prevent unauthorized public access to the waste, including, but not limited to, preventing access to the waste during the non-business hours of the site or facility on which the household waste drop-off point is located. Containers in which pharmaceutical products are collected must be clearly marked "No Controlled Substances".

(8) Management of the household waste must be limited to the following: (i) acceptance of the waste, (ii) temporary storage of the waste prior to transfer, and (iii) off-site transfer of the waste and packaging for off-site transfer.

(9) Off-site transfer of the household waste must comply with federal and State laws and regulations.

(d) One-day household waste collection events. To further aid in the collection of certain household wastes, the Agency may approve the operation of one-day household waste collection events. The Agency shall not approve a one-day household waste collection event at the same site or facility for more than one day each calendar quarter. Requests for approval must be submitted on forms prescribed by the Agency. The Agency must issue its approval in writing, and it may impose conditions as necessary to protect human health and the environment and to otherwise accomplish the purposes of this Act. One-day household waste collection events must be operated in accordance with the Agency's approval, including all conditions contained in the approval. The following requirements apply to all one-day household waste collection events, in addition to the conditions contained in the Agency's approval:
