This additional tax may not be imposed on the sales of food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food which has been prepared for immediate consumption) and prescription and non-prescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes, and needles used by diabetics. The tax imposed by a county under this Section and all civil penalties that may be assessed as an incident of the tax shall be collected and enforced by the Illinois Department of Revenue and deposited into a special fund created for that purpose. The certificate of registration that is issued by the Department to a retailer under the Retailers' Occupation Tax Act shall permit the retailer to engage in a business that is taxable without registering separately with the Department under an ordinance or resolution under this Section. The Department has full power to administer and enforce this Section, to collect all taxes and penalties due under this Section, to dispose of taxes and penalties so collected in the manner provided in this Section, and to determine all rights to credit memoranda arising on account of the erroneous payment of a tax or penalty under this Section. In the administration of and compliance with this Section, the Department and persons who are subject to this Section shall (i) have the same rights, remedies, privileges, immunities, powers, and duties, (ii) be subject to the same conditions, restrictions, limitations, penalties, and definitions of terms, and (iii) employ the same modes of procedure as are prescribed in Sections 1, 1a, 1a-1, 1d, 1e, 1f, 1i, 1j, 1k, 1m, 1n, 2 through 2-70 (in respect to all provisions contained in those Sections other than the State rate of tax), 2a, 2b, 2c, 3 (except provisions relating to transaction returns and quarter monthly payments), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 7, 8, 9, 10, 11, 11a, 12, and 13 of the Retailers' Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act as if those provisions were set forth in this Section.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the County Public Safety or Transportation Retailers' Occupation Tax Fund.

(b) If a tax has been imposed under subsection (a), a service occupation tax shall also be imposed at the same rate upon all persons engaged, in the county, in the business of making sales of service, who, as an incident to making those sales of service, transfer tangible personal property within the county as an incident to a sale of service. This tax may not be imposed on sales of food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food prepared for immediate consumption) and prescription and non-prescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes, and needles used by diabetics. The tax imposed under this subsection and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the Department of Revenue. Service Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their serviceman's tax liability by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax that servicemen are authorized to collect under the Service Use Tax Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this subsection to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of the County Public Safety or Transportation Retailers' Occupation Fund.

Nothing in this subsection shall be construed to authorize the county to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by the State.

(c) The Department shall immediately pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected under this Section to be deposited into the County Public Safety or Transportation Retailers' Occupation Tax Fund, which shall be an unappropriated trust fund held outside of the State treasury. On or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to the counties from which retailers have paid taxes or penalties to the Department during the second preceding calendar month. The amount to be paid to each county, and deposited by the county into its special fund created for the purposes of this Section, shall be the amount (not including credit memoranda) collected under this Section during the second preceding calendar month by the Department plus an amount the Department determines is necessary to offset any amounts that were erroneously paid to a different taxing body, and not including (i) an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of the county and (ii) any amount that the Department determines is necessary to offset any amounts that were payable to a different taxing body but were erroneously paid to the county. Within 10 days after receipt by the Comptroller of the disbursement

certification to the counties provided for in this Section to be given to the
Comptroller by the Department, the Comptroller shall cause the orders to
be drawn for the respective amounts in accordance with directions
contained in the certification.

In addition to the disbursement required by the preceding
paragraph, an allocation shall be made in March of each year to each
county that received more than $500,000 in disbursements under the
preceding paragraph in the preceding calendar year. The allocation shall be
in an amount equal to the average monthly distribution made to each such
county under the preceding paragraph during the preceding calendar year
(excluding the 2 months of highest receipts). The distribution made in
March of each year subsequent to the year in which an allocation was
made pursuant to this paragraph and the preceding paragraph shall be
reduced by the amount allocated and disbursed under this paragraph in the
preceding calendar year. The Department shall prepare and certify to the
Comptroller for disbursement the allocations made in accordance with this
paragraph.

(d) For the purpose of determining the local governmental unit
whose tax is applicable, a retail sale by a producer of coal or another
mineral mined in Illinois is a sale at retail at the place where the coal or
other mineral mined in Illinois is extracted from the earth. This paragraph
does not apply to coal or another mineral when it is delivered or shipped
by the seller to the purchaser at a point outside Illinois so that the sale is
exempt under the United States Constitution as a sale in interstate or
foreign commerce.

(e) Nothing in this Section shall be construed to authorize a county
to impose a tax upon the privilege of engaging in any business that under
the Constitution of the United States may not be made the subject of
taxation by this State.

(e-5) If a county imposes a tax under this Section, the county board
may, by ordinance, discontinue or lower the rate of the tax. If the county
board lowers the tax rate or discontinues the tax, a referendum must be
held in accordance with subsection (a) of this Section in order to increase
the rate of the tax or to reimpose the discontinued tax.

(f) Beginning April 1, 1998, the results of any election authorizing
a proposition to impose a tax under this Section or effecting a change in
the rate of tax, or any ordinance lowering the rate or discontinuing the tax,
shall be certified by the county clerk and filed with the Illinois Department
of Revenue either (i) on or before the first day of April, whereupon the

Department shall proceed to administer and enforce the tax as of the first day of July next following the filing; or (ii) on or before the first day of October, whereupon the Department shall proceed to administer and enforce the tax as of the first day of January next following the filing.

(g) When certifying the amount of a monthly disbursement to a county under this Section, the Department shall increase or decrease the amounts by an amount necessary to offset any miscalculation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the previous 6 months from the time a miscalculation is discovered.

(h) This Section may be cited as the "Special County Occupation Tax For Public Safety, Public Facilities, or Transportation Law".

(i) For purposes of this Section, "public safety" includes, but is not limited to, crime prevention, detention, fire fighting, police, medical, ambulance, or other emergency services. The county may share tax proceeds received under this Section for public safety purposes, including proceeds received before the effective date of this amendatory Act of the 96th General Assembly, with any fire protection district located in the county. For the purposes of this Section, "transportation" includes, but is not limited to, the construction, maintenance, operation, and improvement of public highways, any other purpose for which a county may expend funds under the Illinois Highway Code, and passenger rail transportation. School boards are urged to encourage their teachers and other school personnel who coach school athletic programs and other extracurricular school activities to acquire, develop, and maintain the knowledge and skills necessary to properly administer first aid and cardiopulmonary resuscitation in accordance with standards and requirements established by the American Red Cross or another qualified certifying agency. Subject to appropriation, the State Board of Education shall establish and administer a matching grant program to pay for half of the cost that a school district incurs in training those teachers and other school personnel who express an interest in becoming qualified to administer cardiopulmonary resuscitation (which training must be in accordance with standards of the American Red Cross, the American Heart Association, or another nationally recognized certifying organization) or in learning how to use an automated external defibrillator. A school district that applies for a grant must demonstrate that it has funds to pay half of the cost of the training for which matching grant money is sought. The State Board of Education shall award the grants on a first-come, first-serve basis.

No pupil shall be required to take or participate in any class or course on AIDS or family life instruction if his parent or guardian submits written objection thereto, and refusal to take or participate in the course or program shall not be reason for suspension or expulsion of the pupil.

The instruction, which shall include matters relating to both the physical and legal effects and ramifications of drug and substance abuse, shall be integrated into existing curricula; and the State Board of Education shall develop and make available to all elementary and secondary schools in this State instructional materials and guidelines which will assist the schools in incorporating the instruction into their existing curricula. (a) There shall be no more than:  
(i) 3 subacute care hospital alternative health care models in the City of Chicago (one of which shall be located on a designated site and shall have been licensed as a hospital under the Illinois

(iii) 4 subacute care hospital alternative health care models in the demonstration program for rural areas.

In selecting among applicants for these licenses in rural areas, the Health Facilities Planning Board and the Department shall give preference to hospitals that may be unable for economic reasons to provide continued service to the community in which they are located unless the hospital were to receive an alternative health care model license.

(a-5) There shall be no more than a total of 12 postsurgical recovery care center alternative health care models in the demonstration program, located as follows:

1. Two in the City of Chicago.
2. Two in Cook County outside the City of Chicago. At least one of these shall be owned or operated by a hospital devoted exclusively to caring for children.

5. Two in rural areas, both of which shall be owned or operated by hospitals.

There shall be no postsurgical recovery care center alternative health care models located in counties with populations greater than 600,000 but less than 1,000,000. A proposed postsurgical recovery care center must be owned or operated by a hospital if it is to be located within,
or will primarily serve the residents of, a health service area in which more than 60% of the gross patient revenue of the hospitals within that health service area are derived from Medicaid and Medicare, according to the most recently available calendar year data from the Illinois Health Care Cost Containment Council. Nothing in this paragraph shall preclude a hospital and an ambulatory surgical treatment center from forming a joint venture or developing a collaborative agreement to own or operate a postsurgical recovery care center.

(a-10) There shall be no more than a total of 98 children's respite care center alternative health care models in the demonstration program, which shall be located as follows:

(1) Two One in the City of Chicago.
(2) One in Cook County outside the City of Chicago.
(3) A total of 2 in the area comprised of DuPage, Kane, Lake, McHenry, and Will counties.

(5) A total of 2 in rural areas, as defined by the Health Facilities Planning Board.

No more than one children's respite care model owned and operated by a licensed skilled pediatric facility shall be located in each of the areas designated in this subsection (a-10).

(a-25) There shall be no more than 10 birth center alternative health care models in the demonstration program, located as follows:

(1) Four in the area comprising Cook, DuPage, Kane, Lake, McHenry, and Will counties, one of which shall be owned or operated by a hospital and one of which shall be owned or operated by a federally qualified health center.

New matter indicated by italics - deletions by strikeout.
(2) Three in municipalities with a population of 50,000 or more not located in the area described in paragraph (1) of this subsection, one of which shall be owned or operated by a hospital and one of which shall be owned or operated by a federally qualified health center.

(3) Three in rural areas, one of which shall be owned or operated by a hospital and one of which shall be owned or operated by a federally qualified health center.

The first 3 birth centers authorized to operate by the Department shall be located in or predominantly serve the residents of a health professional shortage area as determined by the United States Department of Health and Human Services. There shall be no more than 2 birth centers authorized to operate in any single health planning area for obstetric services as determined under the Illinois Health Facilities Planning Act. If a birth center is located outside of a health professional shortage area, (i) the birth center shall be located in a health planning area with a demonstrated need for obstetrical service beds, as determined by the Illinois Health Facilities Planning Board or (ii) there must be a reduction in the existing number of obstetrical service beds in the planning area so that the establishment of the birth center does not result in an increase in the total number of obstetrical service beds in the health planning area.

(b) Alternative health care models, other than a model authorized under subsection (a-10) or subsection (a-20), shall obtain a certificate of need from the Illinois Health Facilities Planning Board under the Illinois Health Facilities Planning Act before receiving a license by the Department. If, after obtaining its initial certificate of need, an alternative health care delivery model that is a community based residential rehabilitation center seeks to increase the bed capacity of that center, it must obtain a certificate of need from the Illinois Health Facilities Planning Board before increasing the bed capacity. Alternative health care models in medically underserved areas shall receive priority in obtaining a certificate of need.

(c) An alternative health care model license shall be issued for a period of one year and shall be annually renewed if the facility or program is in substantial compliance with the Department's rules adopted under this Act. A licensed alternative health care model that continues to be in substantial compliance after the conclusion of the demonstration program shall be eligible for annual renewals unless and until a different licensure program for that type of health care model is established by legislation.
The Department may issue a provisional license to any alternative health care model that does not substantially comply with the provisions of this Act and the rules adopted under this Act if (i) the Department finds that the alternative health care model has undertaken changes and corrections which upon completion will render the alternative health care model in substantial compliance with this Act and rules and (ii) the health and safety of the patients of the alternative health care model will be protected during the period for which the provisional license is issued. The Department shall advise the licensee of the conditions under which the provisional license is issued, including the manner in which the alternative health care model fails to comply with the provisions of this Act and rules, and the time within which the changes and corrections necessary for the alternative health care model to substantially comply with this Act and rules shall be completed.

(d) Alternative health care models shall seek certification under Titles XVIII and XIX of the federal Social Security Act. In addition, alternative health care models shall provide charitable care consistent with that provided by comparable health care providers in the geographic area.

The Department of Healthcare and Family Services shall keep a record of services provided under the demonstration program to recipients of medical assistance under the Illinois Public Aid Code and shall submit an annual report of that information to the Illinois Department of Public Health.

(e) Alternative health care models shall, to the extent possible, link and integrate their services with nearby health care facilities.

(f) Each alternative health care model shall implement a quality assurance program with measurable benefits and at reasonable cost.

Section 99. Effective date. This Act takes effect upon becoming law.

Approved August 7, 2009.
Effective August 7, 2009.

PUBLIC ACT 96-0133
(Senate Bill No. 1624)

AN ACT concerning education.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 1. Short title. This Act may be cited as the Higher Education Veterans Service Act.
Section 5. Definitions. For purposes of this Act:
"Task Force" means the Task Force on Service Member and Veterans Education.

New matter indicated by italics - deletions by strikeout.
"Public colleges and universities" means public community colleges subject to the Public Community College Act, the University of Illinois, Southern Illinois University, Chicago State University, Eastern Illinois University, Governors State University, Illinois State University, Northeastern Illinois University, Northern Illinois University, and Western Illinois University.

Section 10. Findings.

(a) Pursuant to Public Act 95-736, the General Assembly created the Task Force on Service Member and Veterans Education to examine the manner in which public colleges and universities in the State of Illinois provided education to servicemen and servicewomen as well as veterans of the armed forces of the United States.

The Task Force conducted hearings and filed its findings with the General Assembly on September 16, 2008. Its report urges the General Assembly to recognize the sacrifice of American servicemen and women, and, in a small way, repay them by chartering a concerted effort by State government, in cooperation with our public institutions of higher learning, to make its best efforts to take positive, quantifiable steps to providing a superior learning environment for student veterans and service members.

The Task Force reviewed the unique needs of veterans and military personnel, combined with the large number of active duty personnel and military veterans seeking higher education since the onset of the Global War on Terrorism. The Task Force found that public universities and community colleges in this State have varying levels of assistance available for active duty service personnel and veterans.

(b) The Task Force has reported that veterans and active duty personnel have difficulty in finding and receiving various State and federal education-related benefits and services that they may be eligible to receive, such as educational loans, scholarships, grants, local employment opportunities, access to medical care, a social network for support of student veterans, and groups to help with the transition to becoming a civilian after service in an active duty unit, because such programs are administered by different arms of the government.

(c) The Task Force found that the various public colleges and universities in this State have a wide array of programs and services available to veterans and active duty service personnel, ranging from online educational opportunities, admission and academic counseling, medical services, and family housing information.

New matter indicated by italics - deletions by strikeout.
(d) The Task Force also found that certain other higher education institutions across the United States have adopted programs and services that seek to better promote and coordinate the assistance that is available for veterans and active duty personnel.

Section 15. Survey; coordinator; best practices report; best efforts.

(a) All public colleges and universities shall, within 60 days after the effective date of this Act, conduct a survey of the services and programs that are provided for veterans, active duty military personnel, and their families, at each of their respective campuses. This survey must be made available to all veterans matriculating at the college or university in the form of an orientation-related guidebook.

Each public college and university shall make the survey available on the homepage of all campus Internet links as soon as practical after the completion of the survey. As soon as possible after the completion of the survey, each public college and university shall provide a copy of its survey to the following:

The Coordinator of Veterans and Military Personnel Student Services shall be an ombudsperson serving the specific needs of student veterans and military personnel and their families and shall serve as an advocate before the administration of the college or university for the needs of student veterans. Each college and university campus that is required to have a Coordinator of Veterans and Military Personnel Student Services shall regularly and conspicuously advertise the office location, phone number, and Internet access to the Coordinator of Veterans and Military Personnel Student Services, along with a brief summary of the manner in which he or she can assist student veterans. The advertisement shall include, but is not necessarily limited to, the following:

(1) advertisements on each campus' Internet home page;

and

(2) any promotional mailings for student application.

The Coordinator of Veterans and Military Personnel Student Services shall facilitate other campus offices with the promotion of programs and services that are available.

(c) Upon receipt of all of the surveys under subsection (a) of this Section, the Board of Higher Education and the Department of Veterans' Affairs shall conduct a joint review of the surveys and post, on any Internet home page they may operate, a link to each survey as posted on the Internet website for the college or university. Upon receipt of all of the surveys, the Office of the Governor, through its military affairs advisors, shall similarly conduct a review of the surveys and post the surveys on its Internet website. Following its review of the surveys, the Office of the Governor shall submit an evaluation report to each college and university offering suggestions and insight on the conduct of student veteran-related policies and programs.

(d) The Board of Higher Education and the Department of Veterans' Affairs may issue a best practices report to highlight those programs and services that are most beneficial to veterans and active duty military personnel. The report shall contain a fiscal needs assessment in conjunction with any program recommendations.

(e) Each college and university campus that is required to have a Coordinator of Veterans and Military Personnel Student Services under subsection (b) of this Section shall make its best efforts to create academic and social programs and services for veterans and active duty military personnel that will provide reasonable opportunities for academic performance and success.

Each public college and university shall make its best efforts to determine how its online educational curricula can be expanded or altered to serve the needs of student veterans and currently-deployed military, including a determination of whether and to what extent the public colleges and universities can share existing technologies to improve the online curricula of peer institutions, provided such efforts are both practically and economically feasible.

Section 20. Fiscal impact and reporting. Beginning on September 1 of the year following the effective date of this Act and each subsequent September 1, each college and university that is required to have a Coordinator of Veterans and Military Personnel Student Services under subsection (b) of Section 20 of this Act shall report to the Board of Higher Education on the fiscal impact of the programs and services related to the requirements of this Act.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Children and Family Services Act is amended by changing Section 5 as follows:

(20 ILCS 505/5) (from Ch. 23, par. 5005)
Sec. 5. Direct child welfare services; Department of Children and Family Services. To provide direct child welfare services when not available through other public or private child care or program facilities.

(a) For purposes of this Section:

(1) "Children" means persons found within the State who are under the age of 18 years. The term also includes persons under age 19 who:

(A) were committed to the Department pursuant to the Juvenile Court Act or the Juvenile Court Act of 1987, as amended, prior to the age of 18 and who continue under the jurisdiction of the court; or

(B) were accepted for care, service and training by the Department prior to the age of 18 and whose best interest in the discretion of the Department would be served by continuing that care, service and training because of severe emotional disturbances, physical disability, social adjustment or any combination thereof, or because of the need to complete an educational or vocational training program.

(2) "Homeless youth" means persons found within the State who are under the age of 19, are not in a safe and stable living situation and cannot be reunited with their families.

(3) "Child welfare services" means public social services which are directed toward the accomplishment of the following purposes:

(A) protecting and promoting the health, safety and welfare of children, including homeless, dependent or neglected children;

(B) remedying, or assisting in the solution of problems which may result in, the neglect, abuse, exploitation or delinquency of children;

(C) preventing the unnecessary separation of children from their families by identifying family problems, assisting families in resolving their problems, and

preventing the breakup of the family where the prevention of child removal is desirable and possible when the child can be cared for at home without endangering the child's health and safety;

(D) restoring to their families children who have been removed, by the provision of services to the child and the families when the child can be cared for at home without endangering the child's health and safety;

(E) placing children in suitable adoptive homes, in cases where restoration to the biological family is not safe, possible or appropriate;

(F) assuring safe and adequate care of children away from their homes, in cases where the child cannot be returned home or cannot be placed for adoption. At the time of placement, the Department shall consider concurrent planning, as described in subsection (l-1) of this Section so that permanency may occur at the earliest opportunity. Consideration should be given so that if reunification fails or is delayed, the placement made is the best available placement to provide permanency for the child;

(G) (blank);

(H) (blank); and

(I) placing and maintaining children in facilities that provide separate living quarters for children under the age of 18 and for children 18 years of age and older, unless a child 18 years of age is in the last year of high school education or vocational training, in an approved individual or group treatment program, in a licensed shelter facility, or secure child care facility. The Department is not required to place or maintain children:

(i) who are in a foster home, or

(ii) who are persons with a developmental disability, as defined in the Mental Health and Developmental Disabilities Code, or

years of age and older and for children under 18 years of age.

(b) Nothing in this Section shall be construed to authorize the expenditure of public funds for the purpose of performing abortions.

(c) The Department shall establish and maintain tax-supported child welfare services and extend and seek to improve voluntary services throughout the State, to the end that services and care shall be available on an equal basis throughout the State to children requiring such services.

(d) The Director may authorize advance disbursements for any new program initiative to any agency contracting with the Department. As a prerequisite for an advance disbursement, the contractor must post a surety bond in the amount of the advance disbursement and have a purchase of service contract approved by the Department. The Department may pay up to 2 months operational expenses in advance. The amount of the advance disbursement shall be prorated over the life of the contract or the remaining months of the fiscal year, whichever is less, and the installment amount shall then be deducted from future bills. Advance disbursement authorizations for new initiatives shall not be made to any agency after that agency has operated during 2 consecutive fiscal years. The requirements of this Section concerning advance disbursements shall not apply with respect to the following: payments to local public agencies for child day care services as authorized by Section 5a of this Act; and youth service programs receiving grant funds under Section 17a-4.

(e) (Blank).

(f) (Blank).

(g) The Department shall establish rules and regulations concerning its operation of programs designed to meet the goals of child safety and protection, family preservation, family reunification, and adoption, including but not limited to:

(1) adoption;

(3) family counseling;
(4) protective services;

1987 in accordance with the federal Adoption Assistance and Child Welfare Act of 1980; and

(10) interstate services.

Rules and regulations established by the Department shall include provisions for training Department staff and the staff of Department grantees, through contracts with other agencies or resources, in alcohol and drug abuse screening techniques approved by the Department of Human Services, as a successor to the Department of Alcoholism and Substance Abuse, for the purpose of identifying children and adults who should be referred to an alcohol and drug abuse treatment program for professional evaluation.

(h) If the Department finds that there is no appropriate program or facility within or available to the Department for a ward and that no licensed private facility has an adequate and appropriate program or none agrees to accept the ward, the Department shall create an appropriate individualized, program-oriented plan for such ward. The plan may be developed within the Department or through purchase of services by the Department to the extent that it is within its statutory authority to do.

(i) Service programs shall be available throughout the State and shall include but not be limited to the following services:

(1) case management;
(2) homemakers;
(3) counseling;
(4) parent education;
(5) day care; and
(6) emergency assistance and advocacy.

In addition, the following services may be made available to assess and meet the needs of children and families:

(1) comprehensive family-based services;
(2) assessments;
(3) respite care; and
(4) in-home health services.

The Department shall provide transportation for any of the services it makes available to children or families or for which it refers children or families.

(j) The Department may provide categories of financial assistance and education assistance grants, and shall establish rules and regulations concerning the assistance and grants, to persons who adopt physically or mentally handicapped, older and other hard-to-place children who (i)

immediately prior to their adoption were legal wards of the Department or (ii) were determined eligible for financial assistance with respect to a prior adoption and who become available for adoption because the prior adoption has been dissolved and the parental rights of the adoptive parents have been terminated or because the child's adoptive parents have died. The Department may continue to provide financial assistance and education assistance grants for a child who was determined eligible for financial assistance under this subsection (j) in the interim period beginning when the child's adoptive parents died and ending with the finalization of the new adoption of the child by another adoptive parent or parents. The Department may also provide categories of financial assistance and education assistance grants, and shall establish rules and regulations for the assistance and grants, to persons appointed guardian of the person under Section 5-7 of the Juvenile Court Act or Section 2-27, 3-28, 4-25 or 5-740 of the Juvenile Court Act of 1987 for children who were wards of the Department for 12 months immediately prior to the appointment of the guardian.

The amount of assistance may vary, depending upon the needs of the child and the adoptive parents, as set forth in the annual assistance agreement. Special purpose grants are allowed where the child requires special service but such costs may not exceed the amounts which similar services would cost the Department if it were to provide or secure them as guardian of the child.

Any financial assistance provided under this subsection is inalienable by assignment, sale, execution, attachment, garnishment, or any other remedy for recovery or collection of a judgment or debt.

(j-5) The Department shall not deny or delay the placement of a child for adoption if an approved family is available either outside of the Department region handling the case, or outside of the State of Illinois.

(k) The Department shall accept for care and training any child who has been adjudicated neglected or abused, or dependent committed to it pursuant to the Juvenile Court Act or the Juvenile Court Act of 1987.

(l) Before July 1, 2000, the Department may provide, and beginning July 1, 2000, the Department shall offer family preservation services, as defined in Section 8.2 of the Abused and Neglected Child Reporting Act, to help families, including adoptive and extended families. Family preservation services shall be offered (i) to prevent the placement of children in substitute care when the children can be cared for at home or in the custody of the person responsible for the children's welfare, (ii) to
reunite children with their families, or (iii) to maintain an adoptive placement. Family preservation services shall only be offered when doing so will not endanger the children's health or safety. With respect to children who are in substitute care pursuant to the Juvenile Court Act of 1987, family preservation services shall not be offered if a goal other than those of subdivisions (A), (B), or (B-1) of subsection (2) of Section 2-28 of that Act has been set. Nothing in this paragraph shall be construed to create a private right of action or claim on the part of any individual or child welfare agency.

The Department shall notify the child and his family of the Department's responsibility to offer and provide family preservation services as identified in the service plan. The child and his family shall be eligible for services as soon as the report is determined to be "indicated". The Department may offer services to any child or family with respect to whom a report of suspected child abuse or neglect has been filed, prior to concluding its investigation under Section 7.12 of the Abused and Neglected Child Reporting Act. However, the child's or family's willingness to accept services shall not be considered in the investigation. The Department may also provide services to any child or family who is the subject of any report of suspected child abuse or neglect or may refer such child or family to services available from other agencies in the community, even if the report is determined to be unfounded, if the conditions in the child's or family's home are reasonably likely to subject the child or family to future reports of suspected child abuse or neglect. Acceptance of such services shall be voluntary.

The Department may, at its discretion except for those children also adjudicated neglected or dependent, accept for care and training any child who has been adjudicated addicted, as a truant minor in need of supervision or as a minor requiring authoritative intervention, under the Juvenile Court Act or the Juvenile Court Act of 1987, but no such child shall be committed to the Department by any court without the approval of the Department. A minor charged with a criminal offense under the Criminal Code of 1961 or adjudicated delinquent shall not be placed in the custody of or committed to the Department by any court, except a minor less than 15 years of age committed to the Department under Section 5-710 of the Juvenile Court Act of 1987 or a minor for whom an independent basis of abuse, neglect, or dependency exists, which must be defined by departmental rule. An independent basis exists when the allegations or adjudication of abuse, neglect, or dependency do not arise

from the same facts, incident, or circumstances which give rise to a charge or adjudication of delinquency.

As soon as is possible after the effective date of this amendatory Act of the 96th General Assembly, the Department shall develop and implement a special program of family preservation services to support intact, foster, and adoptive families who are experiencing extreme hardships due to the difficulty and stress of caring for a child who has been diagnosed with a pervasive developmental disorder if the Department determines that those services are necessary to ensure the health and safety of the child. The Department may offer services to any family whether or not a report has been filed under the Abused and Neglected Child Reporting Act. The Department may refer the child or family to services available from other agencies in the community if the conditions in the child's or family's home are reasonably likely to subject the child or family to future reports of suspected child abuse or neglect. Acceptance of these services shall be voluntary. The Department shall develop and implement a public information campaign to alert health and social service providers and the general public about these special family preservation services. The nature and scope of the services offered and the number of families served under the special program implemented under this paragraph shall be determined by the level of funding that the Department annually allocates for this purpose. The term "pervasive developmental disorder" under this paragraph means a neurological condition, including but not limited to, Asperger's Syndrome and autism, as defined in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders of the American Psychiatric Association.

(I-1) The legislature recognizes that the best interests of the child require that the child be placed in the most permanent living arrangement as soon as is practically possible. To achieve this goal, the legislature directs the Department of Children and Family Services to conduct concurrent planning so that permanency may occur at the earliest opportunity. Permanent living arrangements may include prevention of placement of a child outside the home of the family when the child can be cared for at home without endangering the child's health or safety; reunification with the family, when safe and appropriate, if temporary placement is necessary; or movement of the child toward the most permanent living arrangement and permanent legal status.

New matter indicated by italics - deletions by strikeout.
When determining reasonable efforts to be made with respect to a child, as described in this subsection, and in making such reasonable efforts, the child's health and safety shall be the paramount concern.

When a child is placed in foster care, the Department shall ensure and document that reasonable efforts were made to prevent or eliminate the need to remove the child from the child's home. The Department must make reasonable efforts to reunify the family when temporary placement of the child occurs unless otherwise required, pursuant to the Juvenile Court Act of 1987. At any time after the dispositional hearing where the Department believes that further reunification services would be ineffective, it may request a finding from the court that reasonable efforts are no longer appropriate. The Department is not required to provide further reunification services after such a finding.

A decision to place a child in substitute care shall be made with considerations of the child's health, safety, and best interests. At the time of placement, consideration should also be given so that if reunification fails or is delayed, the placement made is the best available placement to provide permanency for the child.

The Department shall adopt rules addressing concurrent planning for reunification and permanency. The Department shall consider the following factors when determining appropriateness of concurrent planning:

1. the likelihood of prompt reunification;
2. the past history of the family;
3. the barriers to reunification being addressed by the family;
4. the level of cooperation of the family;
5. the foster parents' willingness to work with the family to reunite;
6. the willingness and ability of the foster family to provide an adoptive home or long-term placement;
7. the age of the child;
8. placement of siblings.

The Department may assume temporary custody of any child if:

1. it has received a written consent to such temporary custody signed by the parents of the child or by the parent having custody of the child if the parents are not living together or by the

New matter indicated by italics - deletions by strikeout.
guardian or custodian of the child if the child is not in the custody of either parent, or

(2) the child is found in the State and neither a parent, guardian nor custodian of the child can be located.

If the child is found in his or her residence without a parent, guardian, custodian or responsible caretaker, the Department may, instead of removing the child and assuming temporary custody, place an authorized representative of the Department in that residence until such time as a parent, guardian or custodian enters the home and expresses a willingness and apparent ability to ensure the child's health and safety and resume permanent charge of the child, or until a relative enters the home and is willing and able to ensure the child's health and safety and assume charge of the child until a parent, guardian or custodian enters the home and expresses such willingness and ability to ensure the child's safety and resume permanent charge. After a caretaker has remained in the home for a period not to exceed 12 hours, the Department must follow those procedures outlined in Section 2-9, 3-11, 4-8, or 5-415 of the Juvenile Court Act of 1987.

The Department shall have the authority, responsibilities and duties that a legal custodian of the child would have pursuant to subsection (9) of Section 1-3 of the Juvenile Court Act of 1987. Whenever a child is taken into temporary custody pursuant to an investigation under the Abused and Neglected Child Reporting Act, or pursuant to a referral and acceptance under the Juvenile Court Act of 1987 of a minor in limited custody, the Department, during the period of temporary custody and before the child is brought before a judicial officer as required by Section 2-9, 3-11, 4-8, or 5-415 of the Juvenile Court Act of 1987, shall have the authority, responsibilities and duties that a legal custodian of the child would have under subsection (9) of Section 1-3 of the Juvenile Court Act of 1987.

The Department shall ensure that any child taken into custody is scheduled for an appointment for a medical examination.

A parent, guardian or custodian of a child in the temporary custody of the Department who would have custody of the child if he were not in the temporary custody of the Department may deliver to the Department a signed request that the Department surrender the temporary custody of the child. The Department may retain temporary custody of the child for 10 days after the receipt of the request, during which period the Department may cause to be filed a petition pursuant to the Juvenile Court Act of 1987. If a petition is so filed, the Department shall retain temporary

custody of the child until the court orders otherwise. If a petition is not filed within the 10 day period, the child shall be surrendered to the custody of the requesting parent, guardian or custodian not later than the expiration of the 10 day period, at which time the authority and duties of the Department with respect to the temporary custody of the child shall terminate.

(m-1) The Department may place children under 18 years of age in a secure child care facility licensed by the Department that cares for children who are in need of secure living arrangements for their health, safety, and well-being after a determination is made by the facility director and the Director or the Director's designate prior to admission to the facility subject to Section 2-27.1 of the Juvenile Court Act of 1987. This subsection (m-1) does not apply to a child who is subject to placement in a correctional facility operated pursuant to Section 3-15-2 of the Unified Code of Corrections, unless the child is a ward who was placed under the care of the Department before being subject to placement in a correctional facility and a court of competent jurisdiction has ordered placement of the child in a secure care facility.

(n) The Department may place children under 18 years of age in licensed child care facilities when in the opinion of the Department, appropriate services aimed at family preservation have been unsuccessful and cannot ensure the child's health and safety or are unavailable and such placement would be for their best interest. Payment for board, clothing, care, training and supervision of any child placed in a licensed child care facility may be made by the Department, by the parents or guardians of the estates of those children, or by both the Department and the parents or guardians, except that no payments shall be made by the Department for any child placed in a licensed child care facility for board, clothing, care, training and supervision of such a child that exceed the average per capita cost of maintaining and of caring for a child in institutions for dependent or neglected children operated by the Department. However, such restriction on payments does not apply in cases where children require specialized care and treatment for problems of severe emotional disturbance, physical disability, social adjustment, or any combination thereof and suitable facilities for the placement of such children are not available at payment rates within the limitations set forth in this Section. All reimbursements for services delivered shall be absolutely inalienable by assignment, sale, attachment, garnishment or otherwise.

New matter indicated by italics - deletions by strikeout.
(o) The Department shall establish an administrative review and appeal process for children and families who request or receive child welfare services from the Department. Children who are wards of the Department and are placed by private child welfare agencies, and foster families with whom those children are placed, shall be afforded the same procedural and appeal rights as children and families in the case of placement by the Department, including the right to an initial review of a private agency decision by that agency. The Department shall insure that any private child welfare agency, which accepts wards of the Department for placement, affords those rights to children and foster families. The Department shall accept for administrative review and an appeal hearing a complaint made by (i) a child or foster family concerning a decision following an initial review by a private child welfare agency or (ii) a prospective adoptive parent who alleges a violation of subsection (j-5) of this Section. An appeal of a decision concerning a change in the placement of a child shall be conducted in an expedited manner.

(p) There is hereby created the Department of Children and Family Services Emergency Assistance Fund from which the Department may provide special financial assistance to families which are in economic crisis when such assistance is not available through other public or private sources and the assistance is deemed necessary to prevent dissolution of the family unit or to reunite families which have been separated due to child abuse and neglect. The Department shall establish administrative rules specifying the criteria for determining eligibility for and the amount and nature of assistance to be provided. The Department may also enter into written agreements with private and public social service agencies to provide emergency financial services to families referred by the Department. Special financial assistance payments shall be available to a family no more than once during each fiscal year and the total payments to a family may not exceed $500 during a fiscal year.

(q) The Department may receive and use, in their entirety, for the benefit of children any gift, donation or bequest of money or other property which is received on behalf of such children, or any financial benefits to which such children are or may become entitled while under the jurisdiction or care of the Department.

The Department shall set up and administer no-cost, interest-bearing accounts in appropriate financial institutions for children for whom the Department is legally responsible and who have been determined eligible for Veterans' Benefits, Social Security benefits,

assistance allotments from the armed forces, court ordered payments, parental voluntary payments, Supplemental Security Income, Railroad Retirement payments, Black Lung benefits, or other miscellaneous payments. Interest earned by each account shall be credited to the account, unless disbursed in accordance with this subsection.

In disbursing funds from children's accounts, the Department shall:

(1) Establish standards in accordance with State and federal laws for disbursing money from children's accounts. In all circumstances, the Department's "Guardianship Administrator" or his or her designee must approve disbursements from children's accounts. The Department shall be responsible for keeping complete records of all disbursements for each account for any purpose.

(2) Calculate on a monthly basis the amounts paid from State funds for the child's board and care, medical care not covered under Medicaid, and social services; and utilize funds from the child's account, as covered by regulation, to reimburse those costs. Monthly, disbursements from all children's accounts, up to 1/12 of $13,000,000, shall be deposited by the Department into the General Revenue Fund and the balance over 1/12 of $13,000,000 into the DCFS Children's Services Fund.

(3) Maintain any balance remaining after reimbursing for the child's costs of care, as specified in item (2). The balance shall accumulate in accordance with relevant State and federal laws and shall be disbursed to the child or his or her guardian, or to the issuing agency.

(r) The Department shall promulgate regulations encouraging all adoption agencies to voluntarily forward to the Department or its agent names and addresses of all persons who have applied for and have been approved for adoption of a hard-to-place or handicapped child and the names of such children who have not been placed for adoption. A list of such names and addresses shall be maintained by the Department or its agent, and coded lists which maintain the confidentiality of the person seeking to adopt the child and of the child shall be made available, without charge, to every adoption agency in the State to assist the agencies in placing such children for adoption. The Department may delegate to an agent its duty to maintain and make available such lists. The Department shall ensure that such agent maintains the confidentiality of the person seeking to adopt the child and of the child.

(s) The Department of Children and Family Services may establish and implement a program to reimburse Department and private child welfare agency foster parents licensed by the Department of Children and Family Services for damages sustained by the foster parents as a result of the malicious or negligent acts of foster children, as well as providing third party coverage for such foster parents with regard to actions of foster children to other individuals. Such coverage will be secondary to the foster parent liability insurance policy, if applicable. The program shall be funded through appropriations from the General Revenue Fund, specifically designated for such purposes.

(t) The Department shall perform home studies and investigations and shall exercise supervision over visitation as ordered by a court pursuant to the Illinois Marriage and Dissolution of Marriage Act or the Adoption Act only if:

(1) an order entered by an Illinois court specifically directs the Department to perform such services; and
(2) the court has ordered one or both of the parties to the proceeding to reimburse the Department for its reasonable costs for providing such services in accordance with Department rules, or has determined that neither party is financially able to pay.

The Department shall provide written notification to the court of the specific arrangements for supervised visitation and projected monthly costs within 60 days of the court order. The Department shall send to the court information related to the costs incurred except in cases where the court has determined the parties are financially unable to pay. The court may order additional periodic reports as appropriate.

(u) In addition to other information that must be provided, whenever the Department places a child with a prospective adoptive parent or parents or in a licensed foster home, group home, child care institution, or in a relative home, the Department shall provide to the prospective adoptive parent or parents or other caretaker:

(1) available detailed information concerning the child's educational and health history, copies of immunization records (including insurance and medical card information), a history of the child's previous placements, if any, and reasons for placement changes excluding any information that identifies or reveals the location of any previous caretaker;
(2) a copy of the child's portion of the client service plan, including any visitation arrangement, and all amendments or revisions to it as related to the child; and

(3) information containing details of the child's individualized educational plan when the child is receiving special education services.

The caretaker shall be informed of any known social or behavioral information (including, but not limited to, criminal background, fire setting, perpetuation of sexual abuse, destructive behavior, and substance abuse) necessary to care for and safeguard the children to be placed or currently in the home. The Department may prepare a written summary of the information required by this paragraph, which may be provided to the foster or prospective adoptive parent in advance of a placement. The foster or prospective adoptive parent may review the supporting documents in the child's file in the presence of casework staff. In the case of an emergency placement, casework staff shall at least provide known information verbally, if necessary, and must subsequently provide the information in writing as required by this subsection.

The information described in this subsection shall be provided in writing. In the case of emergency placements when time does not allow prior review, preparation, and collection of written information, the Department shall provide such information as it becomes available. Within 10 business days after placement, the Department shall obtain from the prospective adoptive parent or parents or other caretaker a signed verification of receipt of the information provided. Within 10 business days after placement, the Department shall provide to the child's guardian ad litem a copy of the information provided to the prospective adoptive parent or parents or other caretaker. The information provided to the prospective adoptive parent or parents or other caretaker shall be reviewed and approved regarding accuracy at the supervisory level.

construction or expansion of a fire station by a fire department, a fire protection district, or a township fire department. Once the program receives funding, the Authority shall make loans based on need, as determined by the State Fire Marshal.

(b) The loan funds, subject to appropriation, may be paid out of the Fire Station Revolving Loan Fund, a special fund in the State treasury. All interest earned on moneys in the Fund shall be deposited into the Fund.

(c) A loan under the program may not exceed $2,000,000 to any fire department or fire protection district. The repayment period for the loan may not exceed 25 years. The fire department or fire protection district shall repay each year at least 5% of the principal amount borrowed or the remaining balance of the loan, whichever is less. All repayments of loans shall be deposited into the Fire Station Revolving Loan Fund.

Section 10. The State Finance Act is amended by adding Section 5.719 as follows:

Section 99. Effective date. This Act takes effect July 1, 2009.
Approved August 7, 2009.
Effective August 7, 2009.

To the Honorable Members of the General Assembly:

Today, I sign House Bill 88. With my signature, it becomes law. In accordance with the supreme executive power vested in the Governor as provided for Article V, Section 8 of the Illinois Constitution, and the authority to approve legislation in Article IV, Section 9, I am issuing this statement in connection with my approval of the bill to explain the effect of the law.

House Bill 88 creates the Lieutenant Governor Vacancy Act, amends the Executive Reorganization Implementation Act, and amends the Civil

Administrative Code. The Lieutenant Governor Vacancy Act is an initiative which will allow the Office of the Governor to carry out the many programs operated by the Office of the Lieutenant Governor while the Office of the Lieutenant Governor is unoccupied. The Office of the Lieutenant Governor, upon becoming vacant, remains unoccupied until the election of a new Lieutenant Governor. There is no mechanism in the Illinois Constitution for an interim replacement. As a result, there is no official to carry out the duties of the office when there is not a Lieutenant Governor. House Bill 88 provides the Governor the statutory authority to direct the affairs of the Lieutenant Governor’s office during a period of vacancy by reassigning programs to appropriate executive agencies under the control of the Governor. These are programs which protect the environment, help children, and honor veterans.

This bill also amends the Executive Reorganization Implementation Act and the Civil Administrative Code. The amendments to the Executive Reorganization Implementation Act and the Civil Administrative Code purport to supersede Executive Order 09-06 and Executive Order 09-08. These Executive Orders, which became effective under Article 5, Section 11 of the Illinois Constitution when neither was disapproved by either chamber of the General Assembly within 60 calendar days after delivery in accordance with Senate Rule 3-6(c) or House Rule 16(d), transferred the functions of the Illinois Historic Preservation Agency (IHPA) to the Department of Natural Resources (DNR) and transferred the functions of the Illinois Main Street Program to the Office of the Lieutenant Governor, respectively.

The intent of merging these agencies was to streamline the operations of government. However, late in the spring session, I became aware of objections to the merger. Although the merger has taken effect, and although effectuating the merger by executive order is within the authority of the Governor, I rescind Executive Order 09-06. In addition, since House Bill 88 accomplishes the restructuring of the Illinois Main Street Program by statute, Executive Order 09-08 is no longer necessary. In the interest of clarity, therefore, Executive Order 09-17 also rescinds Executive Order 09-08. As a result, these Executive Orders no longer exist. Therefore, the provisions of this bill that purport to supersede Executive Orders 09-06 and 09-08 are moot and are of no force and effect.
Although the portions of this bill dealing with reorganization are inconsistent with previous executive orders, I approve House Bill 88 as a reflection of my support for the Lieutenant Governor Vacancy Act.

Sincerely,

Pat Quinn
Governor

PUBLIC ACT 96-0136
(House Bill No. 0088)

AN ACT concerning State government.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Lieutenant Governor Vacancy Act.

Section 5. Definitions. As used in this Act:
(a) The term "position of Lieutenant Governor" refers to the position in State government created by that name in the Illinois Constitution.
(b) The term "Office of the Lieutenant Governor" refers to the administrative entity of that name which is under the direction of the Lieutenant Governor and assists in carrying out the duties and affairs of the Lieutenant Governor.

Section 10. Purpose. It is the purpose of this Act to provide for the exercise of the powers and duties of the Lieutenant Governor and the administration of the Office of the Lieutenant Governor during periods when the position of Lieutenant Governor is vacant.

Section 15. Powers of the Lieutenant Governor.
(a) Whenever the position of Lieutenant Governor is vacant, the Governor shall assume and exercise the powers and duties of the Lieutenant Governor that are prescribed by law or have been delegated by the Governor to the Lieutenant Governor. The Governor may delegate the exercise of any such power or duty to an appropriate State officer or agency under the jurisdiction and control of the Governor for so long as

New matter indicated by italics - deletions by strikeout.
the position of Lieutenant Governor remains vacant. For purposes of Section 9b of the State Finance Act, an officer or agency that is delegated activities is considered a successor.

(b) While the position of Lieutenant Governor is vacant, appropriations to the Lieutenant Governor, if any, may be obligated and expended by the Governor for the purposes specified in those appropriations that are for powers or duties that are not delegated. Those obligations and expenditures shall continue to be accounted for as obligations and expenditures of the Lieutenant Governor.

Section 20. Office of the Lieutenant Governor.
(a) While the position of Lieutenant Governor is vacant, the Governor may suspend any or all the activities of the administrative entity known as the Office of the Lieutenant Governor and delegate those activities to one or more appropriate State officers or agencies under the jurisdiction and control of the Governor for so long as the position of Lieutenant Governor remains vacant. For purposes of Section 9b of the State Finance Act, an officer or agency that is delegated activities is considered a successor.

(b) If the Governor does not suspend all of the activities of the Office of the Lieutenant Governor while the position of Lieutenant Governor is vacant, the Office shall continue in existence, under the direction of the Governor, as appropriate to carry out the activities of the Office, and appropriations to the Office of the Lieutenant Governor, if any, may be obligated and expended, with the approval of the Governor, for the purposes specified in those appropriations that are for activities that are not delegated. Those obligations and expenditures shall continue to be accounted for as obligations and expenditures of the Office of the Lieutenant Governor.

Section 25. Contracts; employment.
(a) The assumption or delegation of powers and duties under this Act shall not be deemed to change the terms or conditions of any contract, except that references in any contract to the Lieutenant Governor or the Office of the Lieutenant Governor may be deemed to refer to the Governor or other person or entity exercising the powers and duties of the Lieutenant Governor or the Office of the Lieutenant Governor with respect to that contract pursuant to this Act.

(b) The assumption or delegation of powers and duties under this Act shall not by itself be deemed to change any condition or status of employment; but in exercising such powers and duties the Governor shall
have all the powers of the Lieutenant Governor to supervise, direct, and reorganize the Office of the Lieutenant Governor and its employees.

(c) In the course of exercising any power or duty of the Lieutenant Governor that has been assumed by or delegated to a person under Section 15 or 20 of this Act, the person is not "serving as Lieutenant Governor" for the purposes of the Illinois Pension Code.

Section 30. Resumption of powers. When the position of Lieutenant Governor ceases to be vacant, the powers and duties assumed by the Governor under this Act, including any such powers that have been delegated by the Governor to a State employee, officer, or agency, shall once again be assumed and exercised by the Lieutenant Governor.

Section 35. Repeal. The Lieutenant Governor Vacancy Act (Sections 1 through 35) is repealed on January 10, 2011.

Section 90. The Executive Reorganization Implementation Act is amended by changing Section 5.5 as follows:

(15 ILCS 15/5.5)
Sec. 5.5. Executive order provisions superseded.

(a) Executive Order No. 2003-9, in subdivision II(E), provides in part: "All such personnel shall initially constitute probationary employees under the Personnel Code. The Department of Central Management Services shall establish a procedure for qualification and retention of personnel in accordance with the Personnel Code.". This language, which violates Section 4 of this Act and contravenes applicable provisions of the Personnel Code, is hereby superseded and of no force or effect. The status and rights of employees under the Personnel Code who are transferred by Executive Order No. 2003-9 shall not be affected by the reorganization under that Order.

(b) Executive Order No. 2003-10, subdivision I(C), provides: "The statutory powers, duties, rights, responsibilities and liabilities regarding internal auditing by agencies, offices, divisions, departments, bureaus, boards and commissions directly responsible to the Governor derive from, among others, the Fiscal Control and Internal Auditing Act, 30 ILCS 10/1001 et seq., and the Illinois State Auditing Act, 30 ILCS 5/1-1 et seq.". Executive Order No. 2003-10 addresses only internal auditing functions and does not address external auditing functions or the powers of the Auditor General. The reference to the Illinois State Auditing Act is therefore incorrect, and that reference is hereby superseded and of no force or effect.

To the extent that the language of subdivision I(D) of Executive Order No. 2003-10 may be construed to conflict with this subsection (c), that language in Executive Order No. 2003-10 is hereby superseded.

If any legal personnel (or their associated records or property) have been transferred from an agency to the Department of Central Management Services under the apparent direction of Executive Order No. 2003-10 but contrary to the provisions of this subsection (c), those legal personnel (and their associated records and property) shall be immediately transferred back to the original agency from the Department of Central Management Services.

This language, which violates Section 4 of this Act and contravenes applicable provisions of the Personnel Code, is hereby superseded and of no force or effect. Executive Order No. 2003-12 shall not be affected by the reorganization under that Order.

practices established by the Board of Directors and management of the credit union are being properly administered. The Supervisory Committee shall submit a report of that audit to the Board of Directors and a summary of that report to the members at the next annual meeting of the credit union. It shall make or cause to be made such supplementary audits as it deems necessary or as are required by the Director or by the Board of Directors, and submit reports of these supplementary audits to the Director or Board of Directors as applicable. If the Supervisory Committee has not engaged a public accountant registered by the Department of Professional Regulation to make the internal audit, the Supervisory Committee or other officials of the credit union shall not indicate or in any manner imply that such audit has been performed by a public accountant or that the audit represents the independent opinion of a public accountant. The Committee must retain its tapes and working papers of each internal audit for inspection by the Department. The report of this audit must be made on a form approved by the Director. A copy of the report must be promptly mailed to the Director.

(2) The Supervisory Committee shall make or cause to be made at least once each year a reasonable percentage verification of members' share and loan accounts, consistent with rules promulgated by the Director.

(3) The Supervisory Committee of a credit union with assets of $5,000,000 or more shall engage a public accountant registered by the Department of Professional Regulation to perform an annual external independent audit of the credit union's financial statements in accordance with generally accepted auditing standards. The Supervisory Committee of a credit union with assets of $3,000,000 or more, but less than $5,000,000, shall engage a public accountant registered by the Department of Professional Regulation to perform an external independent audit of the credit union's financial statements in accordance with generally accepted auditing standards at least once every 3 years. A copy of an external independent audit shall be mailed to the Director upon completion. If the annual internal audit of such a credit union is conducted by a public accountant registered by the Department of Professional Regulation and the annual internal audit is done in conjunction with the credit union's annual external audit, the requirements of subsection (1) of this Section shall be deemed met.

(4) In determining the appropriate balance in the allowance for loan losses account, a credit union may determine its historical loss rate using a defined period of time less than 5 years, provided that:

(B) supporting documentation is maintained for the technique used to develop the credit union loss rates, including the period of time used to accumulate historical loss data and the factors considered in establishing the time frames; and

(C) the external auditor conducting the credit union's financial statement audit has analyzed the methodology employed by the credit union and concludes that the financial statements, including the allowance for loan losses, are fairly stated in all material respects in accordance with U.S. Generally Accepted Accounting Principles, as promulgated by the Financial Accounting Standards Board.

Sec. 46. Loans and interest rate.

(1) A credit union may make loans to its members for such purpose and upon such security and terms, including rates of interest, as the Credit Committee, credit manager, or loan officer approves. Notwithstanding the provisions of any other law in connection with extensions of credit, a credit union may elect to contract for and receive interest and fees and other charges for extensions of credit subject only to the provisions of this

Act and rules promulgated under this Act, except that extensions of credit secured by residential real estate shall be subject to the laws applicable thereto. The rates of interest to be charged on loans to members shall be set by the Board of Directors of each individual credit union in accordance with Section 30 of this Act and such rates may be less than, but may not exceed, the maximum rate set forth in this Section. A borrower may repay his loan prior to maturity, in whole or in part, without penalty. The credit contract may provide for the payment by the member and receipt by the credit union of all costs and disbursements, including reasonable attorney’s fees and collection agency charges, incurred by the credit union to collect or enforce the debt in the event of a delinquency by the member, or in the event of a breach of any obligation of the member under the credit contract. A contingency or hourly arrangement established under an agreement entered into by a credit union with an attorney or collection agency to collect a loan of a member in default shall be presumed prima facie reasonable.

(2) Credit unions may make loans based upon the security of any interest or equity in real estate, subject to rules and regulations promulgated by the Director. In any contract or loan which is secured by a mortgage, deed of trust, or conveyance in the nature of a mortgage, on residential real estate, the interest which is computed, calculated, charged, or collected pursuant to such contract or loan, or pursuant to any regulation or rule promulgated pursuant to this Act, may not be computed, calculated, charged or collected for any period of time occurring after the date on which the total indebtedness, with the exception of late payment penalties, is paid in full.

For purposes of this subsection (2) of this Section 46, a prepayment shall mean the payment of the total indebtedness, with the exception of late payment penalties if incurred or charged, on any date before the date specified in the contract or loan agreement on which the total indebtedness shall be paid in full, or before the date on which all payments, if timely made, shall have been made. In the event of a prepayment of the indebtedness which is made on a date after the date on which interest on the indebtedness was last computed, calculated, charged, or collected but before the next date on which interest on the indebtedness was to be calculated, computed, charged, or collected, the lender may calculate, charge and collect interest on the indebtedness for the period which elapsed between the date on which the prepayment is made and the date on which interest on the indebtedness was last computed, calculated, charged

or collected at a rate equal to 1/360 of the annual rate for each day which
so elapsed, which rate shall be applied to the indebtedness outstanding as
of the date of prepayment. The lender shall refund to the borrower any
interest charged or collected which exceeds that which the lender may
charge or collect pursuant to the preceding sentence. The provisions of this
amendatory Act of 1985 shall apply only to contracts or loans entered into
on or after the effective date of this amendatory Act.

(3) Notwithstanding any other provision of this Act, a credit union
authorized under this Act to make loans secured by an interest or equity in
real estate may engage in making "reverse mortgage" loans to persons for
the purpose of making home improvements or repairs, paying insurance
premiums or paying real estate taxes on the homestead properties of such
persons. If made, such loans shall be made on such terms and conditions
as the credit union shall determine and as shall be consistent with the
provisions of this Section and such rules and regulations as the Director
shall promulgate hereunder. For purposes of this Section, a "reverse
mortgage" loan shall be a loan extended on the basis of existing equity in
homestead property and secured by a mortgage on such property. Such
loans shall be repaid upon the sale of the property or upon the death of the
owner or, if the property is in joint tenancy, upon the death of the last
surviving joint tenant who had such an interest in the property at the time
the loan was initiated, provided, however, that the credit union and its
member may by mutual agreement, establish other repayment terms. A
credit union, in making a "reverse mortgage" loan, may add deferred
interest to principal or otherwise provide for the charging of interest or
premiums on such deferred interest. "Homestead" property, for purposes
of this Section, means the domicile and contiguous real estate owned and
occupied by the mortgagor. The Director shall promulgate rules and
regulations under this Section; provided that such rules and regulations
need not be promulgated jointly with any other administrative agency of
this State.

(4) Notwithstanding any other provisions of this Act, a credit union
authorized under this Act to make loans secured by an interest or equity in
real property may engage in making revolving credit loans secured by
mortgages or deeds of trust on such real property or by security
assignments of beneficial interests in land trusts.

For purposes of this Section, "revolving credit" has the meaning
defined in Section 4.1 of the Interest Act.

New matter indicated by italics - deletions by strikeout.
Any mortgage or deed of trust given to secure a revolving credit loan may, and when so expressed therein shall, secure not only the existing indebtedness but also such future advances, whether such advances are obligatory or to be made at the option of the lender, or otherwise, as are made within twenty years from the date thereof, to the same extent as if such future advances were made on the date of the execution of such mortgage or deed of trust, although there may be no advance made at the time of execution of such mortgage or other instrument, and although there may be no indebtedness outstanding at the time any advance is made. The lien of such mortgage or deed of trust, as to third persons without actual notice thereof, shall be valid as to all such indebtedness and future advances form the time said mortgage or deed of trust is filed for record in the office of the Recorder of Deeds or the Registrar of Titles of the county where the real property described therein is located. The total amount of indebtedness that may be so secured may increase or decrease from time to time, but the total unpaid balance so secured at any one time shall not exceed a maximum principal amount which must be specified in such mortgage or deed of trust, plus interest thereon, and any disbursements made for the payment of taxes, special assessments, or insurance on said real property, with interest on such disbursements.

Any such mortgage or deed of trust shall be valid and have priority over all subsequent liens and encumbrances, including statutory liens, except taxes and assessments levied on said real property.

(5) Compliance with federal or Illinois preemptive laws or regulations governing loans made by a credit union chartered under this Act shall constitute compliance with this Act.

(6) Credit unions may make residential real estate mortgage loans on terms and conditions established by the United States Department of Agriculture through its Rural Development Housing and Community Facilities Program. The portion of any loan in excess of the appraised value of the real estate shall be allocable only to the guarantee fee required under the program.

(b) On and after the effective date of this amendatory Act of the 96th General Assembly through June 30, 2010, when any of the funds listed in subsection (a) have insufficient cash from which the State Comptroller may make expenditures properly supported by appropriations from the fund, then the State Treasurer and State Comptroller shall transfer from the General Revenue Fund to the fund only such amount as is immediately necessary to satisfy outstanding expenditure obligations on a timely basis, subject to the provisions of the State Prompt Payment Act. All or a portion of the amounts transferred from the General Revenue Fund to a fund pursuant to this subsection (b) from time to time may be re-transferred by the State Comptroller and the State Treasurer from the receiving fund into the General Revenue Fund as soon as and to the extent that deposits are made into or receipts are collected by the receiving fund.

(c) If the Director of the Governor's Office of Management and Budget determines that any transfer to the General Revenue Fund from a special fund under subsection (a) either (i) jeopardizes federal funding based on a written communication from a federal official or (ii) violates an order of a court of competent jurisdiction, then the Director may order the State Treasurer and State Comptroller, in writing, to transfer from the General Revenue Fund to that listed special fund all or part of the amounts transferred from that special fund under subsection (a).

Effective August 7, 2009.
AN ACT concerning education.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Section 18-8.05 as follows:

(105 ILCS 5/18-8.05)

Sec. 18-8.05. Basis for apportionment of general State financial aid and supplemental general State aid to the common schools for the 1998-1999 and subsequent school years.

(A) General Provisions.

(1) The provisions of this Section apply to the 1998-1999 and subsequent school years. The system of general State financial aid provided for in this Section is designed to assure that, through a combination of State financial aid and required local resources, the financial support provided each pupil in Average Daily Attendance equals or exceeds a prescribed per pupil Foundation Level. This formula approach imputes a level of per pupil Available Local Resources and provides for the basis to calculate a per pupil level of general State financial aid that, when added to Available Local Resources, equals or exceeds the Foundation Level. The amount of per pupil general State financial aid for school districts, in general, varies in inverse relation to Available Local Resources. Per pupil amounts are based upon each school district's Average Daily Attendance as that term is defined in this Section.

(2) In addition to general State financial aid, school districts with specified levels or concentrations of pupils from low income households are eligible to receive supplemental general State financial aid grants as provided pursuant to subsection (H). The supplemental State aid grants provided for school districts under subsection (H) shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section.

(3) To receive financial assistance under this Section, school districts are required to file claims with the State Board of Education, subject to the following requirements:

(a) Any school district which fails for any given school year to maintain school as required by law, or to maintain a recognized
school is not eligible to file for such school year any claim upon the Common School Fund. In case of nonrecognition of one or more attendance centers in a school district otherwise operating recognized schools, the claim of the district shall be reduced in the proportion which the Average Daily Attendance in the attendance center or centers bear to the Average Daily Attendance in the school district. A "recognized school" means any public school which meets the standards as established for recognition by the State Board of Education. A school district or attendance center not having recognition status at the end of a school term is entitled to receive State aid payments due upon a legal claim which was filed while it was recognized.

(b) School district claims filed under this Section are subject to Sections 18-9 and 18-12, except as otherwise provided in this Section.

(c) If a school district operates a full year school under Section 10-19.1, the general State aid to the school district shall be determined by the State Board of Education in accordance with this Section as near as may be applicable.

(d) (Blank).

(4) Except as provided in subsections (H) and (L), the board of any district receiving any of the grants provided for in this Section may apply those funds to any fund so received for which that board is authorized to make expenditures by law.

School districts are not required to exert a minimum Operating Tax Rate in order to qualify for assistance under this Section.

(5) As used in this Section the following terms, when capitalized, shall have the meaning ascribed herein:

(a) "Average Daily Attendance": A count of pupil attendance in school, averaged as provided for in subsection (C) and utilized in deriving per pupil financial support levels.

(b) "Available Local Resources": A computation of local financial support, calculated on the basis of Average Daily Attendance and derived as provided pursuant to subsection (D).

(c) "Corporate Personal Property Replacement Taxes": Funds paid to local school districts pursuant to "An Act in relation to the abolition of ad valorem personal property tax and the replacement of revenues lost thereby, and amending and repealing

New matter indicated by italics - deletions by strikeout.

(d) "Foundation Level": A prescribed level of per pupil financial support as provided for in subsection (B).

(e) "Operating Tax Rate": All school district property taxes extended for all purposes, except Bond and Interest, Summer School, Rent, Capital Improvement, and Vocational Education Building purposes.

(B) Foundation Level.

(1) The Foundation Level is a figure established by the State representing the minimum level of per pupil financial support that should be available to provide for the basic education of each pupil in Average Daily Attendance. As set forth in this Section, each school district is assumed to exert a sufficient local taxing effort such that, in combination with the aggregate of general State financial aid provided the district, an aggregate of State and local resources are available to meet the basic education needs of pupils in the district.

(2) For the 1998-1999 school year, the Foundation Level of support is $4,225. For the 1999-2000 school year, the Foundation Level of support is $4,325. For the 2000-2001 school year, the Foundation Level of support is $4,425. For the 2001-2002 school year and 2002-2003 school year, the Foundation Level of support is $4,560. For the 2003-2004 school year, the Foundation Level of support is $4,810. For the 2004-2005 school year, the Foundation Level of support is $4,964. For the 2005-2006 school year, the Foundation Level of support is $5,164. For the 2006-2007 school year, the Foundation Level of support is $5,334. For the 2007-2008 school year, the Foundation Level of support is $5,734.

(3) For the 2008-2009 school year and each school year thereafter, the Foundation Level of support is $5,959 or such greater amount as may be established by law by the General Assembly.

(C) Average Daily Attendance.

(1) For purposes of calculating general State aid pursuant to subsection (E), an Average Daily Attendance figure shall be utilized. The Average Daily Attendance figure for formula calculation purposes shall be the monthly average of the actual number of pupils in attendance of each school district, as further averaged for the best 3 months of pupil attendance for each school district. In compiling the figures for the number of pupils in attendance, school districts and the State Board of Education

New matter indicated by italics - deletions by strikeout.
shall, for purposes of general State aid funding, conform attendance figures to the requirements of subsection (F).

(2) The Average Daily Attendance figures utilized in subsection (E) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated or the average of the attendance data for the 3 preceding school years, whichever is greater. The Average Daily Attendance figures utilized in subsection (H) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated.

(D) Available Local Resources.

(1) For purposes of calculating general State aid pursuant to subsection (E), a representation of Available Local Resources per pupil, as that term is defined and determined in this subsection, shall be utilized. Available Local Resources per pupil shall include a calculated dollar amount representing local school district revenues from local property taxes and from Corporate Personal Property Replacement Taxes, expressed on the basis of pupils in Average Daily Attendance. Calculation of Available Local Resources shall exclude any tax amnesty funds received as a result of Public Act 93-26.

(2) In determining a school district's revenue from local property taxes, the State Board of Education shall utilize the equalized assessed valuation of all taxable property of each school district as of September 30 of the previous year. The equalized assessed valuation utilized shall be obtained and determined as provided in subsection (G).

(3) For school districts maintaining grades kindergarten through 12, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 3.00%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades kindergarten through 8, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 2.30%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades 9 through 12, local property tax revenues per pupil shall be the applicable equalized assessed valuation of the district multiplied by 1.05%, and divided by the district's Average Daily Attendance figure.

For partial elementary unit districts created pursuant to Article 11E of this Code, local property tax revenues per pupil shall be calculated as

New matter indicated by italics - deletions by strikeout.
the product of the equalized assessed valuation for property within the partial elementary unit district for elementary purposes, as defined in Article 11E of this Code, multiplied by 2.06% and divided by the district's Average Daily Attendance figure, plus the product of the equalized assessed valuation for property within the partial elementary unit district for high school purposes, as defined in Article 11E of this Code, multiplied by 0.94% and divided by the district's Average Daily Attendance figure.

(4) The Corporate Personal Property Replacement Taxes paid to each school district during the calendar year 2 years before the calendar year in which a school year begins, divided by the Average Daily Attendance figure for that district, shall be added to the local property tax revenues per pupil as derived by the application of the immediately preceding paragraph (3). The sum of these per pupil figures for each school district shall constitute Available Local Resources as that term is utilized in subsection (E) in the calculation of general State aid.

(E) Computation of General State Aid.

(1) For each school year, the amount of general State aid allotted to a school district shall be computed by the State Board of Education as provided in this subsection.

(2) For any school district for which Available Local Resources per pupil is less than the product of 0.93 times the Foundation Level, general State aid for that district shall be calculated as an amount equal to the Foundation Level minus Available Local Resources, multiplied by the Average Daily Attendance of the school district.

(3) For any school district for which Available Local Resources per pupil is equal to or greater than the product of 0.93 times the Foundation Level and less than the product of 1.75 times the Foundation Level, the general State aid per pupil shall be a decimal proportion of the Foundation Level derived using a linear algorithm. Under this linear algorithm, the calculated general State aid per pupil shall decline in direct linear fashion from 0.07 times the Foundation Level for a school district with Available Local Resources equal to the product of 0.93 times the Foundation Level, to 0.05 times the Foundation Level for a school district with Available Local Resources equal to the product of 1.75 times the Foundation Level. The allocation of general State aid for school districts subject to this paragraph 3 shall be the calculated general State aid per pupil figure multiplied by the Average Daily Attendance of the school district.

New matter indicated by italics - deletions by strikeout.
(4) For any school district for which Available Local Resources per pupil equals or exceeds the product of 1.75 times the Foundation Level, the general State aid for the school district shall be calculated as the product of $218 multiplied by the Average Daily Attendance of the school district.

(5) The amount of general State aid allocated to a school district for the 1999-2000 school year meeting the requirements set forth in paragraph (4) of subsection (G) shall be increased by an amount equal to the general State aid that would have been received by the district for the 1998-1999 school year by utilizing the Extension Limitation Equalized Assessed Valuation as calculated in paragraph (4) of subsection (G) less the general State aid allotted for the 1998-1999 school year. This amount shall be deemed a one time increase, and shall not affect any future general State aid allocations.

(F) Compilation of Average Daily Attendance.

(1) Each school district shall, by July 1 of each year, submit to the State Board of Education, on forms prescribed by the State Board of Education, attendance figures for the school year that began in the preceding calendar year. The attendance information so transmitted shall identify the average daily attendance figures for each month of the school year. Beginning with the general State aid claim form for the 2002-2003 school year, districts shall calculate Average Daily Attendance as provided in subdivisions (a), (b), and (c) of this paragraph (1).

(a) In districts that do not hold year-round classes, days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

(b) In districts in which all buildings hold year-round classes, days of attendance in July and August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

(c) In districts in which some buildings, but not all, hold year-round classes, for the non-year-round buildings, days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May. The average daily attendance for the year-round buildings shall be computed as provided in subdivision (b) of this paragraph (1). To calculate the Average Daily Attendance for the district, the average daily attendance for the year-round buildings shall be multiplied by the days in session for the non-year-round buildings for each month.

New matter indicated by italics - deletions by strikeout.
and added to the monthly attendance of the non-year-round buildings.

Except as otherwise provided in this Section, days of attendance by pupils shall be counted only for sessions of not less than 5 clock hours of school work per day under direct supervision of: (i) teachers, or (ii) non-teaching personnel or volunteer personnel when engaging in non-teaching duties and supervising in those instances specified in subsection (a) of Section 10-22.34 and paragraph 10 of Section 34-18, with pupils of legal school age and in kindergarten and grades 1 through 12.

Days of attendance by tuition pupils shall be accredited only to the districts that pay the tuition to a recognized school.

(2) Days of attendance by pupils of less than 5 clock hours of school shall be subject to the following provisions in the compilation of Average Daily Attendance.

(a) Pupils regularly enrolled in a public school for only a part of the school day may be counted on the basis of 1/6 day for every class hour of instruction of 40 minutes or more attended pursuant to such enrollment, unless a pupil is enrolled in a block-schedule format of 80 minutes or more of instruction, in which case the pupil may be counted on the basis of the proportion of minutes of school work completed each day to the minimum number of minutes that school work is required to be held that day.

(b) Days of attendance may be less than 5 clock hours on the opening and closing of the school term, and upon the first day of pupil attendance, if preceded by a day or days utilized as an institute or teachers' workshop.

(c) A session of 4 or more clock hours may be counted as a day of attendance upon certification by the regional superintendent, and approved by the State Superintendent of Education to the extent that the district has been forced to use daily multiple sessions.

(d) A session of 3 or more clock hours may be counted as a day of attendance (1) when the remainder of the school day or at least 2 hours in the evening of that day is utilized for an in-service training program for teachers, up to a maximum of 5 days per school year of which a maximum of 4 days of such 5 days may be used for parent-teacher conferences, provided a district conducts an in-service training program for teachers which has been approved by the State Superintendent of Education; or, in lieu of 4 such days,

New matter indicated by italics - deletions by strikeout.
2 full days may be used, in which event each such day may be counted as a day of attendance; and (2) when days in addition to those provided in item (1) are scheduled by a school pursuant to its school improvement plan adopted under Article 34 or its revised or amended school improvement plan adopted under Article 2, provided that (i) such sessions of 3 or more clock hours are scheduled to occur at regular intervals, (ii) the remainder of the school days in which such sessions occur are utilized for in-service training programs or other staff development activities for teachers, and (iii) a sufficient number of minutes of school work under the direct supervision of teachers are added to the school days between such regularly scheduled sessions to accumulate not less than the number of minutes by which such sessions of 3 or more clock hours fall short of 5 clock hours. Any full days used for the purposes of this paragraph shall not be considered for computing average daily attendance. Days scheduled for in-service training programs, staff development activities, or parent-teacher conferences may be scheduled separately for different grade levels and different attendance centers of the district.

(e) A session of not less than one clock hour of teaching hospitalized or homebound pupils on-site or by telephone to the classroom may be counted as 1/2 day of attendance, however these pupils must receive 4 or more clock hours of instruction to be counted for a full day of attendance.

(f) A session of at least 4 clock hours may be counted as a day of attendance for first grade pupils, and pupils in full day kindergartens, and a session of 2 or more hours may be counted as 1/2 day of attendance by pupils in kindergartens which provide only 1/2 day of attendance.

(g) For children with disabilities who are below the age of 6 years and who cannot attend 2 or more clock hours because of their disability or immaturity, a session of not less than one clock hour may be counted as 1/2 day of attendance; however for such children whose educational needs so require a session of 4 or more clock hours may be counted as a full day of attendance.

(h) A recognized kindergarten which provides for only 1/2 day of attendance by each pupil shall not have more than 1/2 day of attendance counted in any one day. However, kindergartens may count 2 1/2 days of attendance in any 5 consecutive school days.

New matter indicated by italics - deletions by strikeout.
When a pupil attends such a kindergarten for 2 half days on any one school day, the pupil shall have the following day as a day absent from school, unless the school district obtains permission in writing from the State Superintendent of Education. Attendance at kindergartens which provide for a full day of attendance by each pupil shall be counted the same as attendance by first grade pupils. Only the first year of attendance in one kindergarten shall be counted, except in case of children who entered the kindergarten in their fifth year whose educational development requires a second year of kindergarten as determined under the rules and regulations of the State Board of Education.

(i) On the days when the Prairie State Achievement Examination is administered under subsection (c) of Section 2-3.64 of this Code, the day of attendance for a pupil whose school day must be shortened to accommodate required testing procedures may be less than 5 clock hours and shall be counted towards the 176 days of actual pupil attendance required under Section 10-19 of this Code, provided that a sufficient number of minutes of school work in excess of 5 clock hours are first completed on other school days to compensate for the loss of school work on the examination days.

(G) Equalized Assessed Valuation Data.

(1) For purposes of the calculation of Available Local Resources required pursuant to subsection (D), the State Board of Education shall secure from the Department of Revenue the value as equalized or assessed by the Department of Revenue of all taxable property of every school district, together with (i) the applicable tax rate used in extending taxes for the funds of the district as of September 30 of the previous year and (ii) the limiting rate for all school districts subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law.

The Department of Revenue shall add to the equalized assessed value of all taxable property of each school district situated entirely or partially within a county that is or was subject to the provisions of Section 15-176 or 15-177 of the Property Tax Code (a) an amount equal to the total amount by which the homestead exemption allowed under Section 15-176 or 15-177 of the Property Tax Code for real property situated in that school district exceeds the total amount that would have been allowed in that school district if the maximum reduction under Section 15-176 was (i) $4,500 in Cook County or $3,500 in all other counties in tax year 2003

or (ii) $5,000 in all counties in tax year 2004 and thereafter and (b) an amount equal to the aggregate amount for the taxable year of all additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of $30,000 or less. The county clerk of any county that is or was subject to the provisions of Section 15-176 or 15-177 of the Property Tax Code shall annually calculate and certify to the Department of Revenue for each school district all homestead exemption amounts under Section 15-176 or 15-177 of the Property Tax Code and all amounts of additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of $30,000 or less. The county clerk of any county that is or was subject to the provisions of Section 15-176 or 15-177 of the Property Tax Code shall annually calculate and certify to the Department of Revenue for each school district all homestead exemption amounts under Section 15-176 or 15-177 of the Property Tax Code and all amounts of additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of $30,000 or less.

The intent of this paragraph that if the general homestead exemption for a parcel of property is determined under Section 15-176 or 15-177 of the Property Tax Code rather than Section 15-175, then the calculation of Available Local Resources shall not be affected by the difference, if any, between the amount of the general homestead exemption allowed for that parcel of property under Section 15-176 or 15-177 of the Property Tax Code and the amount that would have been allowed had the general homestead exemption for that parcel of property been determined under Section 15-175 of the Property Tax Code. It is further the intent of this paragraph that if additional exemptions are allowed under Section 15-175 of the Property Tax Code for owners with a household income of less than $30,000, then the calculation of Available Local Resources shall not be affected by the difference, if any, because of those additional exemptions.

This equalized assessed valuation, as adjusted further by the requirements of this subsection, shall be utilized in the calculation of Available Local Resources.

(2) The equalized assessed valuation in paragraph (1) shall be adjusted, as applicable, in the following manner:

(a) For the purposes of calculating State aid under this Section, with respect to any part of a school district within a redevelopment project area in respect to which a municipality has adopted tax increment allocation financing pursuant to the Tax Increment Allocation Redevelopment Act, Sections 11-74.4-1 through 11-74.4-11 of the Illinois Municipal Code or the Industrial Jobs Recovery Law, Sections 11-74.6-1 through 11-74.6-50 of the Illinois Municipal Code, no part of the current equalized assessed valuation of real property located in any such project area which is attributable to an increase above the total initial equalized assessed valuation of such property shall be used as part of the equalized

assessed valuation of the district, until such time as all redevelopment project costs have been paid, as provided in Section 11-74.4-8 of the Tax Increment Allocation Redevelopment Act or in Section 11-74.6-35 of the Industrial Jobs Recovery Law. For the purpose of the equalized assessed valuation of the district, the total initial equalized assessed valuation or the current equalized assessed valuation, whichever is lower, shall be used until such time as all redevelopment project costs have been paid.

(b) The real property equalized assessed valuation for a school district shall be adjusted by subtracting from the real property value as equalized or assessed by the Department of Revenue for the district an amount computed by dividing the amount of any abatement of taxes under Section 18-170 of the Property Tax Code by 3.00% for a district maintaining grades kindergarten through 12, by 2.30% for a district maintaining grades kindergarten through 8, or by 1.05% for a district maintaining grades 9 through 12 and adjusted by an amount computed by dividing the amount of any abatement of taxes under subsection (a) of Section 18-165 of the Property Tax Code by the same percentage rates for district type as specified in this subparagraph (b).

(3) For the 1999-2000 school year and each school year thereafter, if a school district meets all of the criteria of this subsection (G)(3), the school district's Available Local Resources shall be calculated under subsection (D) using the district's Extension Limitation Equalized Assessed Valuation as calculated under this subsection (G)(3).

For purposes of this subsection (G)(3) the following terms shall have the following meanings:

"Budget Year": The school year for which general State aid is calculated and awarded under subsection (E).

"Base Tax Year": The property tax levy year used to calculate the Budget Year allocation of general State aid.

"Preceding Tax Year": The property tax levy year immediately preceding the Base Tax Year.

"Base Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Base Tax Year multiplied by the limiting rate as calculated by the County Clerk and defined in the Property Tax Extension Limitation Law.

New matter indicated by italics - deletions by strikeout.
"Preceding Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Preceding Tax Year multiplied by the Operating Tax Rate as defined in subsection (A).

"Extension Limitation Ratio": A numerical ratio, certified by the County Clerk, in which the numerator is the Base Tax Year's Tax Extension and the denominator is the Preceding Tax Year's Tax Extension.

"Operating Tax Rate": The operating tax rate as defined in subsection (A).

If a school district is subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation of that district. For the 1999-2000 school year, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the district's 1996 Equalized Assessed Valuation and the district's Extension Limitation Ratio. Except as otherwise provided in this paragraph for a school district that has approved or does approve an increase in its limiting rate, for the 2000-2001 school year and each school year thereafter, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the Equalized Assessed Valuation last used in the calculation of general State aid and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of a school district as calculated under this subsection (G)(3) is less than the district's equalized assessed valuation as calculated pursuant to subsections (G)(1) and (G)(2), then for purposes of calculating the district's general State aid for the Budget Year pursuant to subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources under subsection (D).

For the 2009-2010 school year and each school year thereafter, if a school district has approved or does approve an increase in its limiting rate, pursuant to Section 18-190 of the Property Tax Code, affecting the Base Tax Year, the Extension Limitation Equalized Assessed Valuation of the school district, as calculated by the State Board of Education, shall be equal to the product of the Equalized Assessed Valuation last used in the calculation of general State aid times an amount equal to one plus the percentage increase, if any, in the Consumer Price Index for all Urban...

Consumers for all items published by the United States Department of Labor for the 12-month calendar year preceding the Base Tax Year, plus the Equalized Assessed Valuation of new property, annexed property, and recovered tax increment value and minus the Equalized Assessed Valuation of disconnected property. New property and recovered tax increment value shall have the meanings set forth in the Property Tax Extension Limitation Law.

Partial elementary unit districts created in accordance with Article 11E of this Code shall not be eligible for the adjustment in this subsection (G)(3) until the fifth year following the effective date of the reorganization.

(4) For the purposes of calculating general State aid for the 1999-2000 school year only, if a school district experienced a triennial reassessment on the equalized assessed valuation used in calculating its general State financial aid apportionment for the 1998-1999 school year, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation that would have been used to calculate the district's 1998-1999 general State aid. This amount shall equal the product of the equalized assessed valuation used to calculate general State aid for the 1997-1998 school year and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of the school district as calculated under this paragraph (4) is less than the district's equalized assessed valuation utilized in calculating the district's 1998-1999 general State aid allocation, then for purposes of calculating the district's general State aid pursuant to paragraph (5) of subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources.

(5) For school districts having a majority of their equalized assessed valuation in any county except Cook, DuPage, Kane, Lake, McHenry, or Will, if the amount of general State aid allocated to the school district for the 1999-2000 school year under the provisions of subsection (E), (H), and (J) of this Section is less than the amount of general State aid allocated to the district for the 1998-1999 school year under these subsections, then the general State aid of the district for the 1999-2000 school year only shall be increased by the difference between these amounts. The total payments made under this paragraph (5) shall not exceed $14,000,000. Claims shall be prorated if they exceed $14,000,000. (H) Supplemental General State Aid.

(1) In addition to the general State aid a school district is allotted pursuant to subsection (E), qualifying school districts shall receive a grant, paid in conjunction with a district's payments of general State aid, for supplemental general State aid based upon the concentration level of children from low-income households within the school district. Supplemental State aid grants provided for school districts under this subsection shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section. If the appropriation in any fiscal year for general State aid and supplemental general State aid is insufficient to pay the amounts required under the general State aid and supplemental general State aid calculations, then the State Board of Education shall ensure that each school district receives the full amount due for general State aid and the remainder of the appropriation shall be used for supplemental general State aid, which the State Board of Education shall calculate and pay to eligible districts on a prorated basis.

(1.5) This paragraph (1.5) applies only to those school years preceding the 2003-2004 school year. For purposes of this subsection (H), the term "Low-Income Concentration Level" shall be the low-income eligible pupil count from the most recently available federal census divided by the Average Daily Attendance of the school district. If, however, (i) the percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count of a high school district with fewer than 400 students exceeds by 75% or more the percentage change in the total low-income eligible pupil count of contiguous elementary school districts, whose boundaries are coterminous with the high school district, or (ii) a high school district within 2 counties and serving 5 elementary school districts, whose boundaries are coterminous with the high school district, has a percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count and there is a percentage increase in the total low-income eligible pupil count of a majority of the elementary school districts in excess of 50% from the 2 most recent federal censuses, then the high school district's low-income eligible pupil count from the earlier federal census shall be the number used as the low-income eligible pupil count for the high school district, for purposes of this subsection (H). The changes made to this paragraph (1) by Public Act 92-28 shall apply to supplemental general State aid grants for school years preceding the 2003-2004 school year that are paid in fiscal year 1999 or thereafter and to any State aid payments made in fiscal year

1994 through fiscal year 1998 pursuant to subsection 1(n) of Section 18-8 of this Code (which was repealed on July 1, 1998), and any high school district that is affected by Public Act 92-28 is entitled to a recomputation of its supplemental general State aid grant or State aid paid in any of those fiscal years. This recomputation shall not be affected by any other funding.

(1.10) This paragraph (1.10) applies to the 2003-2004 school year and each school year thereafter. For purposes of this subsection (H), the term "Low-Income Concentration Level" shall, for each fiscal year, be the low-income eligible pupil count as of July 1 of the immediately preceding fiscal year (as determined by the Department of Human Services based on the number of pupils who are eligible for at least one of the following low income programs: Medicaid, KidCare, TANF, or Food Stamps, excluding pupils who are eligible for services provided by the Department of Children and Family Services, averaged over the 2 immediately preceding fiscal years for fiscal year 2004 and over the 3 immediately preceding fiscal years for each fiscal year thereafter) divided by the Average Daily Attendance of the school district.

(2) Supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 1998-1999, 1999-2000, and 2000-2001 school years only:

(a) For any school district with a Low Income Concentration Level of at least 20% and less than 35%, the grant for any school year shall be $800 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level of at least 35% and less than 50%, the grant for the 1998-1999 school year shall be $1,100 multiplied by the low income eligible pupil count.

(c) For any school district with a Low Income Concentration Level of at least 50% and less than 60%, the grant for the 1998-99 school year shall be $1,500 multiplied by the low income eligible pupil count.

(d) For any school district with a Low Income Concentration Level of 60% or more, the grant for the 1998-99 school year shall be $1,900 multiplied by the low income eligible pupil count.

(e) For the 1999-2000 school year, the per pupil amount specified in subparagraphs (b), (c), and (d) immediately above shall be increased to $1,243, $1,600, and $2,000, respectively.

(f) For the 2000-2001 school year, the per pupil amounts specified in subparagraphs (b), (c), and (d) immediately above shall be $1,273, $1,640, and $2,050, respectively.

(2.5) Supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 2002-2003 school year:

(a) For any school district with a Low Income Concentration Level of less than 10%, the grant for each school year shall be $355 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level of at least 10% and less than 20%, the grant for each school year shall be $675 multiplied by the low income eligible pupil count.

(c) For any school district with a Low Income Concentration Level of at least 20% and less than 35%, the grant for each school year shall be $1,330 multiplied by the low income eligible pupil count.

(d) For any school district with a Low Income Concentration Level of at least 35% and less than 50%, the grant for each school year shall be $1,362 multiplied by the low income eligible pupil count.

(e) For any school district with a Low Income Concentration Level of at least 50% and less than 60%, the grant for each school year shall be $1,680 multiplied by the low income eligible pupil count.

(f) For any school district with a Low Income Concentration Level of 60% or more, the grant for each school year shall be $2,080 multiplied by the low income eligible pupil count.

(2.10) Except as otherwise provided, supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 2003-2004 school year and each school year thereafter:

(a) For any school district with a Low Income Concentration Level of 15% or less, the grant for each school year shall be $355 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level greater than 15%, the grant for each school year shall be $294.25 added to the product of $2,700 and the square of the Low Income Concentration Level, all multiplied by the low income eligible pupil count.
For the 2003-2004 school year and each school year thereafter through the 2008-2009 school year only, the grant shall be no less than the grant for the 2002-2003 school year. For the 2009-2010 school year only, the grant shall be no less than the grant for the 2002-2003 school year multiplied by 0.66. For the 2010-2011 school year only, the grant shall be no less than the grant for the 2002-2003 school year multiplied by 0.33. Notwithstanding the provisions of this paragraph to the contrary, if for any school year supplemental general State aid grants are prorated as provided in paragraph (1) of this subsection (H), then the grants under this paragraph shall be prorated.

For the 2003-2004 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.25 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year. For the 2004-2005 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.50 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year. For the 2005-2006 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.75 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year.

(3) School districts with an Average Daily Attendance of more than 1,000 and less than 50,000 that qualify for supplemental general State aid pursuant to this subsection shall submit a plan to the State Board of Education prior to October 30 of each year for the use of the funds resulting from this grant of supplemental general State aid for the improvement of instruction in which priority is given to meeting the education needs of disadvantaged children. Such plan shall be submitted in accordance with rules and regulations promulgated by the State Board of Education.

(4) School districts with an Average Daily Attendance of 50,000 or more that qualify for supplemental general State aid pursuant to this subsection shall be required to distribute from funds available pursuant to this Section, no less than $261,000,000 in accordance with the following requirements:

New matter indicated by italics - deletions by strikeout.
(a) The required amounts shall be distributed to the attendance centers within the district in proportion to the number of pupils enrolled at each attendance center who are eligible to receive free or reduced-price lunches or breakfasts under the federal Child Nutrition Act of 1966 and under the National School Lunch Act during the immediately preceding school year.

(b) The distribution of these portions of supplemental and general State aid among attendance centers according to these requirements shall not be compensated for or contravened by adjustments of the total of other funds appropriated to any attendance centers, and the Board of Education shall utilize funding from one or several sources in order to fully implement this provision annually prior to the opening of school.

(c) Each attendance center shall be provided by the school district a distribution of noncategorical funds and other categorical funds to which an attendance center is entitled under law in order that the general State aid and supplemental general State aid provided by application of this subsection supplements rather than supplants the noncategorical funds and other categorical funds provided by the school district to the attendance centers.

(d) Any funds made available under this subsection that by reason of the provisions of this subsection are not required to be allocated and provided to attendance centers may be used and appropriated by the board of the district for any lawful school purpose.

(e) Funds received by an attendance center pursuant to this subsection shall be used by the attendance center at the discretion of the principal and local school council for programs to improve educational opportunities at qualifying schools through the following programs and services: early childhood education, reduced class size or improved adult to student classroom ratio, enrichment programs, remedial assistance, attendance improvement, and other educationally beneficial expenditures which supplement the regular and basic programs as determined by the State Board of Education. Funds provided shall not be expended for any political or lobbying purposes as defined by board rule.

(f) Each district subject to the provisions of this subdivision (H)(4) shall submit an acceptable plan to meet the educational

needs of disadvantaged children, in compliance with the requirements of this paragraph, to the State Board of Education prior to July 15 of each year. This plan shall be consistent with the decisions of local school councils concerning the school expenditure plans developed in accordance with part 4 of Section 34-2.3. The State Board shall approve or reject the plan within 60 days after its submission. If the plan is rejected, the district shall give written notice of intent to modify the plan within 15 days of the notification of rejection and then submit a modified plan within 30 days after the date of the written notice of intent to modify. Districts may amend approved plans pursuant to rules promulgated by the State Board of Education.

Upon notification by the State Board of Education that the district has not submitted a plan prior to July 15 or a modified plan within the time period specified herein, the State aid funds affected by that plan or modified plan shall be withheld by the State Board of Education until a plan or modified plan is submitted.

If the district fails to distribute State aid to attendance centers in accordance with an approved plan, the plan for the following year shall allocate funds, in addition to the funds otherwise required by this subsection, to those attendance centers which were underfunded during the previous year in amounts equal to such underfunding.

For purposes of determining compliance with this subsection in relation to the requirements of attendance center funding, each district subject to the provisions of this subsection shall submit as a separate document by December 1 of each year a report of expenditure data for the prior year in addition to any modification of its current plan. If it is determined that there has been a failure to comply with the expenditure provisions of this subsection regarding contravention or supplanting, the State Superintendent of Education shall, within 60 days of receipt of the report, notify the district and any affected local school council. The district shall within 45 days of receipt of that notification inform the State Superintendent of Education of the remedial or corrective action to be taken, whether by amendment of the current plan, if feasible, or by adjustment in the plan for the following year. Failure to provide the expenditure report or the notification of

remedial or corrective action in a timely manner shall result in a withholding of the affected funds.

The State Board of Education shall promulgate rules and regulations to implement the provisions of this subsection. No funds shall be released under this subdivision (H)(4) to any district that has not submitted a plan that has been approved by the State Board of Education.

(J) Supplementary Grants in Aid.

(1) Notwithstanding any other provisions of this Section, the amount of the aggregate general State aid in combination with supplemental general State aid under this Section for which each school district is eligible shall be no less than the amount of the aggregate general State aid entitlement that was received by the district under Section 18-8 (exclusive of amounts received under subsections 5(p) and 5(p-5) of that Section) for the 1997-98 school year, pursuant to the provisions of that Section as it was then in effect. If a school district qualifies to receive a supplementary payment made under this subsection (J), the amount of the aggregate general State aid in combination with supplemental general State aid under this Section which that district is eligible to receive for each school year shall be no less than the amount of the aggregate general State aid entitlement that was received by the district under Section 18-8 (exclusive of amounts received under subsections 5(p) and 5(p-5) of that Section) for the 1997-1998 school year, pursuant to the provisions of that Section as it was then in effect.

(2) If, as provided in paragraph (1) of this subsection (J), a school district is to receive aggregate general State aid in combination with supplemental general State aid under this Section for the 1998-99 school year and any subsequent school year that in any such school year is less than the amount of the aggregate general State aid entitlement that the district received for the 1997-98 school year, the school district shall also receive, from a separate appropriation made for purposes of this subsection (J), a supplementary payment that is equal to the amount of the difference in the aggregate State aid figures as described in paragraph (1).

(3) (Blank).

(K) Grants to Laboratory and Alternative Schools.

In calculating the amount to be paid to the governing board of a public university that operates a laboratory school under this Section or to any alternative school that is operated by a regional superintendent of
schools, the State Board of Education shall require by rule such reporting requirements as it deems necessary.

As used in this Section, "laboratory school" means a public school which is created and operated by a public university and approved by the State Board of Education. The governing board of a public university which receives funds from the State Board under this subsection (K) may not increase the number of students enrolled in its laboratory school from a single district, if that district is already sending 50 or more students, except under a mutual agreement between the school board of a student's district of residence and the university which operates the laboratory school. A laboratory school may not have more than 1,000 students, excluding students with disabilities in a special education program.

As used in this Section, "alternative school" means a public school which is created and operated by a Regional Superintendent of Schools and approved by the State Board of Education. Such alternative schools may offer courses of instruction for which credit is given in regular school programs, courses to prepare students for the high school equivalency testing program or vocational and occupational training. A regional superintendent of schools may contract with a school district or a public community college district to operate an alternative school. An alternative school serving more than one educational service region may be established by the regional superintendents of schools of the affected educational service regions. An alternative school serving more than one educational service region may be operated under such terms as the regional superintendents of schools of those educational service regions may agree.

Each laboratory and alternative school shall file, on forms provided by the State Superintendent of Education, an annual State aid claim which states the Average Daily Attendance of the school's students by month. The best 3 months' Average Daily Attendance shall be computed for each school. The general State aid entitlement shall be computed by multiplying the applicable Average Daily Attendance by the Foundation Level as determined under this Section.

(L) Payments, Additional Grants in Aid and Other Requirements.

(1) For a school district operating under the financial supervision of an Authority created under Article 34A, the general State aid otherwise payable to that district under this Section, but not the supplemental general State aid, shall be reduced by an amount equal to the budget for the operations of the Authority as certified by the Authority to the State Board

of Education, and an amount equal to such reduction shall be paid to the
Authority created for such district for its operating expenses in the manner
provided in Section 18-11. The remainder of general State school aid for
any such district shall be paid in accordance with Article 34A when that
Article provides for a disposition other than that provided by this Article.

(3) Summer school. Summer school payments shall be made as
provided in Section 18-4.3.

(M) Education Funding Advisory Board.

The Education Funding Advisory Board, hereinafter in this
subsection (M) referred to as the "Board", is hereby created. The Board
shall consist of 5 members who are appointed by the Governor, by and
with the advice and consent of the Senate. The members appointed shall
include representatives of education, business, and the general public. One
of the members so appointed shall be designated by the Governor at the
time the appointment is made as the chairperson of the Board. The initial
members of the Board may be appointed any time after the effective date
of this amendatory Act of 1997. The regular term of each member of the
Board shall be for 4 years from the third Monday of January of the year in
which the term of the member's appointment is to commence, except that
of the 5 initial members appointed to serve on the Board, the member who
is appointed as the chairperson shall serve for a term that commences on
the date of his or her appointment and expires on the third Monday of
January, 2002, and the remaining 4 members, by lots drawn at the first
meeting of the Board that is held after all 5 members are appointed, shall
determine 2 of their number to serve for terms that commence on the date
of their respective appointments and expire on the third Monday of
January, 2001, and 2 of their number to serve for terms that commence on
the date of their respective appointments and expire on the third Monday
of January, 2000. All members appointed to serve on the Board shall serve
until their respective successors are appointed and confirmed. Vacancies
shall be filled in the same manner as original appointments. If a vacancy in
membership occurs at a time when the Senate is not in session, the
Governor shall make a temporary appointment until the next meeting of
the Senate, when he or she shall appoint, by and with the advice and
consent of the Senate, a person to fill that membership for the unexpired
term. If the Senate is not in session when the initial appointments are
made, those appointments shall be made as in the case of vacancies.

New matter indicated by italics - deletions by strikeout.
The Education Funding Advisory Board shall be deemed established, and the initial members appointed by the Governor to serve as members of the Board shall take office, on the date that the Governor makes his or her appointment of the fifth initial member of the Board, whether those initial members are then serving pursuant to appointment and confirmation or pursuant to temporary appointments that are made by the Governor as in the case of vacancies.

The State Board of Education shall provide such staff assistance to the Education Funding Advisory Board as is reasonably required for the proper performance by the Board of its responsibilities.

For school years after the 2000-2001 school year, the Education Funding Advisory Board, in consultation with the State Board of Education, shall make recommendations as provided in this subsection (M) to the General Assembly for the foundation level under subdivision (B)(3) of this Section and for the supplemental general State aid grant level under subsection (H) of this Section for districts with high concentrations of children from poverty. The recommended foundation level shall be determined based on a methodology which incorporates the basic education expenditures of low-spending schools exhibiting high academic performance. The Education Funding Advisory Board shall make such recommendations to the General Assembly on January 1 of odd numbered years, beginning January 1, 2001.

(1) References in other laws to the various subdivisions of Section 18-8 as that Section existed before its repeal and replacement by this Section 18-8.05 shall be deemed to refer to the corresponding provisions of this Section 18-8.05, to the extent that those references remain applicable.

(2) References in other laws to State Chapter 1 funds shall be deemed to refer to the supplemental general State aid provided under subsection (H) of this Section.

(P) Public Act 93-838 and Public Act 93-808 make inconsistent changes to this Section. Under Section 6 of the Statute on Statutes there is an irreconcilable conflict between Public Act 93-808 and Public Act 93-838. Public Act 93-838, being the last acted upon, is controlling. The text of Public Act 93-838 is the law regardless of the text of Public Act 93-808.

AN ACT concerning public health.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Farm Fresh Schools Program Act.

Section 5. Findings. The General Assembly finds all of the following:

(1) According to the Centers for Disease Control and Prevention, less than 20% of young people eat the recommended 5 or more servings of fruits and vegetables each day. A recent study in the New England Journal of Medicine finds that, unless reversed, in the next 50 years obesity will shorten life expectancy in the United States by 2 to 5 years, exceeding the impact of cancer or heart disease. Studies by the Yale University School of Public Health have found that, due to obesity and related diseases, the current generation of young people may be the first in American history whose life expectancy is projected to be less than that of their parents.

(2) Farm-to-school programs link schools with local and regional farms in order to provide schools with fresh and minimally processed farm commodities for inclusion in school meals, vending machines, salad bars, and snacks. These programs also help children develop nutritional awareness and healthy eating habits.

(3) In addition to procuring farm fresh foods for school food offerings, farm-to-school programs often include activities that provide pupils with hands-on learning opportunities, such as farm visits, cooking demonstrations, and school gardening and

composting programs, and integrate nutritional and agricultural education into school curricula.

(4) It is in the interest of this State to promote farm-to-school programs that emphasize the purchase of farm fresh foods by schools in order to improve child nutrition and strengthen local and regional farm economies.

Section 10. Farm Fresh Schools Program. The Department of Agriculture, in cooperation with the State Board of Education and the Department of Public Health, shall create the Farm Fresh Schools Program. The intent of the Program is to reduce obesity and improve nutrition and public health, as well as strengthen local agricultural economies by increasing access to and promoting the consumption of locally grown fruits and vegetables in schools and increasing physical activities and programs that promote pupil wellness.

Section 15. Grants.
(a) The Department of Agriculture and the State Board of Education shall jointly administer a process to review grant proposals and award grants on a competitive basis to eligible applicants to implement the Farm Fresh Schools Program.
(b) The first 6 grants awarded pursuant to the Farm Fresh Schools Program shall be awarded in 6 different counties, including 3 urban counties and 3 rural counties with a significant agricultural economy.

Section 20. Farm Fresh Schools Program Fund. The Farm Fresh Schools Program Fund is created as a special fund in the State treasury. Moneys in the Fund shall be used, subject to appropriation, by the Department of Agriculture and the State Board of Education for the purposes of this Act.

Section 25. Rules. The Department of Agriculture, with the cooperation of the Department of Public Health and the State Board of Education, shall adopt rules for the implementation of this Act.

Section 90. The State Finance Act is amended by adding Section 5.719 as follows:

Sec. 5.719. The Farm Fresh Schools Program Fund.

To the Honorable Members of the General Assembly:

Today, with my signature, House Bill 796 becomes law. In accordance with the supreme executive power vested in the Governor pursuant to Article V, Section 8 of the Illinois Constitution, and the authority to approve legislation provided for in Article IV, Section 9, I am issuing this statement in connection with my approval of this legislation to explain its effect.

House Bill 796 amends the Energy Assistance Act by expanding eligibility for the State’s energy assistance programs. Making these programs more accessible carries the additional benefit of allowing Illinois to become eligible for additional Federal funds under the American Recovery and Reinvestment Act.

This bill also amends the Good Samaritan Energy Plan Act, the Illinois Economic Opportunity Act and further amends the Energy Assistance Act to transfer the administration of the Low Income Energy Assistance Program (LIHEAP) and the Weatherization Assistance Program from the Department of Healthcare and Family Services to the Department of Commerce and Economic Opportunity. Transferring this program by statute, however, is redundant and is declarative of existing law. Executive Order 09-02, which became effective May 10, 2009 in accordance with Article V, Section 11 of the Illinois Constitution when it was not disapproved by either chamber of the General Assembly within 60 calendar days after its delivery, has already effectuated this transfer. This executive agency reorganization order, moreover, has the force and effect of statute. ILLINOIS CONST., Article V, Section 11; 15 ILCS 15/1 et. seq.

With this statement, I expressly withhold my approval of any part of House Bill 796 that would contradict Executive Order 09-02. Therefore, nothing in this legislation supersedes Executive Order 09-02.

Sincerely,

(f) The Department may, if sufficient funds are available, provide additional benefits to certain qualified applicants:

PUBLIC ACT 96-0155
(House Bill No. 3767)

AN ACT concerning public health.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 1. Short title. This Act may be cited as the Obesity Prevention Initiative Act.

New matter indicated by italics - deletions by strikeout.
Section 5. Legislative findings. The General Assembly makes all of the following findings:

1. Nearly 25% of Illinois adults are obese and 37% are overweight, 62% of Illinois adults in total.

2. The percentage of normal-weight Illinois adults has steadily decreased as the percentage who are overweight or obese has steadily increased.

3. More than 31% of Illinois children ages 10 through 17 years are considered overweight or obese.

4. A majority (56%) of publicly insured children are overweight or obese (the highest state prevalence in the nation) and nearly 2 in 5 (39%) black, non-Hispanic children are overweight or obese (the third highest state prevalence).

5. Today's overweight and obese children are likely to become tomorrow's overweight and health-impaired adults, at risk for premature death.

6. Being overweight and obese puts people at increased risk for coronary heart disease, type 2 diabetes, certain cancers, hypertension, dyslipidemia (high cholesterol or triglycerides or both), stroke, liver and gallbladder disease, sleep apnea and respiratory problems, osteoarthritis, and gynecological problems.

7. Overweight and obesity-related diseases cause premature death.

8. The economic costs associated with treating these diseases is substantial and increasing, accounting for more than 9% of total health care costs, approximately half of which are born by public resources via Medicare and Medicaid and the majority of the remainder born by employers.

9. Obese people suffer more injuries and disabilities and have more non-productive work days in total, creating loss of earnings for Illinois employees and loss of productivity for Illinois employers.

10. Research has shown that 27% of health care charges for adults over age 40 are associated with people being physically inactive, overweight, or obese.

11. From 1987 to 2001, obesity-related spending accounted for an estimated 27% of the increase in inflation-adjusted per capita health spending.

New matter indicated by italics - deletions by strikeout.
(12) Research has shown that each additional day of physical activity per week can reduce medical charges by 4.7%.

(13) The non-economic costs of being overweight or obese that is experienced by Illinois citizens are immeasurable in terms of pain, mobility, self-esteem, bias and stigma, the grief associated with the premature death of loved ones, and other quality of life issues.

(14) Food and exercise habits are strongly linked to the food and exercise habits of the communities in which the individuals live, work, attend school, and socialize.

(15) Individual and community food and exercise habits are strongly linked to environmental factors, such as access to healthy food and safe opportunities for physical activity.

(16) Public health interventions focusing on healthy eating, physical activity, and environmental change to facilitate these behaviors have been shown to be successful in reducing obesity and promoting healthy weight and physical activity among children and adults. Communities in Illinois are developing and implementing promising models that should be evaluated and supported.

(17) Obesity is a significant contributing factor to many chronic diseases faced by Illinois residents and that obesity and its effects on human health are best addressed in an evidence-based, holistic manner, including policy change, environmental change, and community public health and wellness efforts.

(18) The General Assembly has recognized the importance of studying obesity and passed the Obesity Study and Prevention Fund Act in 2004. The Illinois State Health Improvement Plan (SHIP) identified obesity and physical activity as strategic priority health conditions that demand action, including without limitation the following:

(A) Increased efforts to educate the public on the health risks associated with obesity and poor nutrition, effective methods for improving nutrition and physical activity, and resources to help individuals to adopt healthy lifestyles.

(B) Promoting changes in State and local policies designed to support healthy eating and physical activity,

including improving community access to healthy food and safe opportunities for physical activity.

Section 10. Obesity Prevention Initiative. Within 60 days after the effective date of this Act, and subject to the availability of public, private, and contributed in-kind resources, the Department of Public Health shall work with the Department of Human Services and other public, private, and voluntary stakeholders to plan, organize, and publicize at least 3 hearings on the health and social costs of obesity and the need to address the obesity epidemic with community, policy, and individual health behavior change. The purpose of these hearings shall be to (1) highlight existing State and community level initiatives, (2) identify existing plans and opportunities for action and the expansion of initiatives, (3) inform policy makers and the public about effective solutions to the problem, and (4) identify and engage stakeholders to promote action to reduce obesity, improve nutrition, and increase physical activity. The hearing officers shall include: the Chair of the State Board of Health or her designee and up to 3 additional members of the State Board of Health; the Chair of the Chronic Disease Task Force, if appointed, and up to 3 additional members of the Chronic Disease Task Force, if appointed; 2 members of the House of Representatives, one of whom shall be named by the Speaker of the House and one of whom shall be named by the Minority Leader of the House; and 2 members of the Senate, one of whom shall be named by the President of the Senate and one of whom shall be named by the Minority Leader of the Senate. The Department shall provide or work with stakeholders to provide logistical and support staff for hearings.

No later than February 1, 2010, and subject to the availability of public, private, and contributed in-kind resources, a report on these hearings shall be provided to the members of the General Assembly and the State Board of Health to inform and support action on implementing the 2009 State Health Improvement Plan. Pursuant to Public Act 95-0900, the Chronic Disease Task Force shall also use the report to inform the Plan that is due July 1, 2010 to the General Assembly.

Within 60 days after the completion of the report on the hearings, but no later than April 1, 2010, and subject to appropriation for that purpose, the Department of Public Health shall grant funds to one or more non-profit organizations or local public health departments to conduct a statewide education and engagement campaign focusing on the health effects of obesity, the social costs of obesity, and the need to address the

obesity epidemic with community, policy, and individual health behavior change.

Section 99. Effective date. This Act takes effect upon becoming law.

Nothing in this Section shall limit the free choice of practitioners, hospitals, and other providers of medical services by clients. In order to ensure patient freedom of choice, the Illinois Department shall immediately promulgate all rules and take all other necessary actions so that provided services may be accessed from therapeutically certified optometrists to the full extent of the Illinois Optometric Practice Act of 1987 without discriminating between service providers.

The rules and regulations of the Illinois Department shall require that a written statement including the required opinion of a physician shall accompany any claim for reimbursement for abortions, or induced miscarriages or premature births. This statement shall indicate what procedures were used in providing such medical services.

The Illinois Department shall require all dispensers of medical services, other than an individual practitioner or group of practitioners, desiring to participate in the Medical Assistance program established under this Article to disclose all financial, beneficial, ownership, equity, surety or other interests in any and all firms, corporations, partnerships, associations, business enterprises, joint ventures, agencies, institutions or other legal entities providing any form of health care services in this State under this Article.

The Illinois Department may require that all dispensers of medical services desiring to participate in the medical assistance program established under this Article disclose, under such terms and conditions as the Illinois Department may by rule establish, all inquiries from clients and attorneys regarding medical bills paid by the Illinois Department, which inquiries could indicate potential existence of claims or liens for the Illinois Department.

Such rules shall provide, but not be limited to, the following services: (1) immediate repair or replacement of such devices by recipients without medical authorization; and (2) rental, lease, purchase or lease-purchase of durable medical equipment in a cost-effective manner, taking into consideration the recipient's medical prognosis, the extent of the recipient's needs, and the requirements and costs for maintaining such equipment. PUBLIC ACT 96-0157
(Senate Bill No. 1629)

AN ACT concerning public aid.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Energy Assistance Act is amended by changing Section 6 as follows:

(305 ILCS 20/6) (from Ch. 111 2/3, par. 1406)

Sec. 6. Eligibility, Conditions of Participation, and Energy Assistance.

(a) Any person who is a resident of the State of Illinois and whose household income is not greater than an amount determined annually by the Department, in consultation with the Policy Advisory Council, may apply for assistance pursuant to this Act in accordance with regulations promulgated by the Department. In setting the annual eligibility level, the Department shall consider the amount of available funding and may not set a limit higher than 150% of the federal nonfarm poverty level as established by the federal Office of Management and Budget.

(b) Applicants who qualify for assistance pursuant to subsection (a) of this Section shall, subject to appropriation from the General Assembly

New matter indicated by italics - deletions by strikeout.
and subject to availability of funds to the Department, receive energy assistance as provided by this Act. The Department, upon receipt of monies authorized pursuant to this Act for energy assistance, shall commit funds for each qualified applicant in an amount determined by the Department. In determining the amounts of assistance to be provided to or on behalf of a qualified applicant, the Department shall ensure that the highest amounts of assistance go to households with the greatest energy costs in relation to household income. The Department shall include factors such as energy costs, household size, household income, and region of the State when determining individual household benefits. In setting assistance levels, the Department shall attempt to provide assistance to approximately the same number of households who participated in the 1991 Residential Energy Assistance Partnership Program. Such assistance levels shall be adjusted annually on the basis of funding availability and energy costs. In promulgating rules for the administration of this Section the Department shall assure that a minimum of 1/3 of funds available for benefits to eligible households with the lowest incomes and that elderly and disabled households are offered a priority application period.

(c) If the applicant is not a customer of record of an energy provider for winter energy services or an applicant for such service, such applicant shall receive a direct energy assistance payment in an amount established by the Department for all such applicants under this Act; provided, however, that such an applicant must have rental expenses for housing greater than 30% of household income.

(c-1) This subsection shall apply only in cases where: (1) the applicant is not a customer of record of an energy provider because energy services are provided by the owner of the unit as a portion of the rent; (2) the applicant resides in housing subsidized or developed with funds provided under the Rental Housing Support Program Act or under a similar locally funded rent subsidy program, or is the voucher holder who resides in a rental unit within the State of Illinois and whose monthly rent is subsidized by the tenant-based Housing Choice Voucher Program under Section 8 of the U.S. Housing Act of 1937; and (3) the rental expenses for housing are no more than 30% of household income. In such cases, the household may apply for an energy assistance payment under this Act and the owner of the housing unit shall cooperate with the applicant by providing documentation of the energy costs for that unit. Any compensation paid to the energy provider who supplied energy services to the household shall be paid on behalf of the owner of the housing unit.
providing energy services to the household. The Department shall report annually to the General Assembly on the number of households receiving energy assistance under this subsection and the cost of such assistance. The provisions of this subsection (c-1), other than this sentence, are inoperative after August 31, 2012.

(d) If the applicant is a customer of an energy provider, such applicant shall receive energy assistance in an amount established by the Department for all such applicants under this Act, such amount to be paid by the Department to the energy provider supplying winter energy service to such applicant. Such applicant shall:

(i) make all reasonable efforts to apply to any other appropriate source of public energy assistance; and

(ii) sign a waiver permitting the Department to receive income information from any public or private agency providing income or energy assistance and from any employer, whether public or private.

(e) Any qualified applicant pursuant to this Section may receive or have paid on such applicant's behalf an emergency assistance payment to enable such applicant to obtain access to winter energy services. Any such payments shall be made in accordance with regulations of the Department.

(f) The Department may, if sufficient funds are available, provide additional benefits to certain qualified applicants:

(i) for the reduction of past due amounts owed to energy providers; and

(ii) to assist the household in responding to excessively high summer temperatures or energy costs. Households containing elderly members, children, a person with a disability, or a person with a medical need for conditioned air shall receive priority for receipt of such benefits.

Approved August 7, 2009.
Effective September 1, 2009.
AN ACT concerning education.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Breakfast and Lunch Program Act is amended by changing Sections 2.5 and 4 as follows:

(105 ILCS 125/2.5)

Sec. 2.5. Breakfast incentive program. The State Board of Education shall fund a breakfast incentive program comprised of the components described in paragraphs (1), (2), and (3) of this Section, provided that a separate appropriation is made for the purposes of this Section. The State Board of Education may allocate the appropriation among the program components in whatever manner the State Board of Education finds will best serve the goal of increasing participation in school breakfast programs. If the amount of the appropriation allocated under paragraph (1), (2), or (3) of this Section is insufficient to fund all claims submitted under that particular paragraph, the claims under that paragraph shall be prorated.

(1) Additional funding incentive. The State Board of Education may reimburse each sponsor of a school breakfast program at least an additional $0.10 for each free, reduced-price, and paid breakfast served over and above the number of such breakfasts served in the same month during the preceding year, provided that the number of breakfasts served in a participating school building in that month is at least 10% greater than the number of breakfasts served in the same month during the preceding year.

(2) Start-up incentive. The State Board of Education may make grants to school boards and welfare centers that agree to start a school breakfast program in one or more schools or other sites. First priority for these grants shall be given through August 15 to schools in which 40% or more of their students are eligible for free and reduced price meals, based on the school district's previous year's October claim, under the National School Lunch Act (42 U.S.C. 1751 et seq.). Depending on the availability of funds and the rate at which funds are being utilized, the State Board of Education is authorized to allow additional schools or other sites to

receive these grants in the order in which they are received by the State Board of Education. In making additional grants, the State Board of Education shall provide for priority to be given to schools with the highest percentage of students eligible for free and reduced price lunches under the National School Lunch Act. The amount of the grant shall be $3,500 for each qualifying school or site in which a school breakfast program is started. The grants shall be used to pay the start-up costs for the school breakfast program, including equipment, supplies, and program promotion, but shall not be used for food, labor, or other recurring operational costs. Applications for the grants shall be made to the State Board of Education on forms designated by the State Board of Education. Any grantee that fails to operate a school breakfast program for at least 3 years after receipt of a grant shall refund the amount of the grant to the State Board of Education.

(3) Non-traditional breakfast incentive. Understanding that there are barriers to implementing a school breakfast program in a traditional setting such as in a cafeteria, the State Board of Education may make grants to school boards and welfare centers to offer the school breakfast program in non-traditional settings or using non-traditional methods. Priority will be given to applications through August 15 of each year from schools that are on the Early Academic Warning List. Depending on the availability of funds and the rate at which funds are being utilized, the State Board of Education is authorized to allow additional schools or other sites to receive these grants in the order in which they are received by the State Board of Education. The State Board of Education may reimburse a school board for each free, reduced-price, or paid breakfast served in a school breakfast program located in a school in which 80% or more of the students are eligible to receive free or reduced price lunches under the National School Lunch Act (42 U.S.C. 1751 et seq.) in an amount equal to the difference between (i) the current amount reimbursed by the federal government for a free breakfast and (ii) the amount actually reimbursed by the federal government for that free, reduced-price, or paid breakfast. A school board that receives reimbursement under this paragraph (3) shall not be eligible in the same year to receive reimbursement under paragraph (1) of this Section.

Sec. 4. Accounts; copies of menus served; free lunch program required; report. School boards and welfare centers shall keep an accurate, detailed and separate account of all moneys expended for school breakfast programs, school lunch programs, free breakfast programs, free lunch programs, and summer food service programs, and of the amounts for which they are reimbursed by any governmental agency, moneys received from students and from any other contributors to the program. School boards and welfare centers shall also keep on file a copy of all menus served under the programs, which together with all records of receipts and disbursements, shall be made available to representatives of the State Board of Education at any time.

(3.5) A list of school districts and schools granted an exemption from a regional superintendent of schools for operating

a school breakfast program in the next year and the reason or reasons why.

In 2007, 2009, and 2011 the report required by this Section shall also include information that documents the results of surveys designed to identify parental interest in school breakfast programs and documents barriers to establishing school breakfast programs. To develop the surveys for school administrators and for parents, the State Board of Education shall work with local committees that involve parents, teachers, principals, superintendents, business, and anti-hunger advocates, organized by the State Board of Education to foster community involvement. The State Board of Education is authorized to distribute the surveys in all schools where there are no school breakfast programs.

Using the data from the previous school year, the board of education of each school district in the State shall determine which schools within their districts will be required to implement and operate a school breakfast program.

(b) School districts may charge students who do not meet federal criteria for free school meals for the breakfasts served to these students within the allowable limits set by federal regulations.

(c) School breakfast programs established under this Section shall be supported entirely by federal funds and commodities, charges to students and other participants, and other available State and local

(d) A school district shall be allowed to opt out a school or schools from the school breakfast program requirement of this Section if it is determined that, due to circumstances specific to that school district, the expense reimbursement would not fully cover the costs of implementing and operating a school breakfast program. "Renewable energy credit" means a tradable credit that represents the environmental attributes of a certain amount of energy produced from a renewable energy resource.

"Renewable energy resources" includes energy and its associated renewable energy credit or renewable energy credits from wind, solar thermal energy, photovoltaic cells and panels, biodiesel, crops and untreated and unadulterated organic waste biomass, tree waste trimmings, hydropower that does not involve new construction or significant expansion of hydropower dams, and other alternative sources of environmentally preferable energy. For purposes of this Act, landfill gas produced in the State is considered a renewable energy resource. "Renewable energy resources" does not include the incineration or burning of tires, garbage, general household, institutional, and commercial waste, industrial lunchroom or office waste, landscape waste other than trees and tree waste trimmings, railroad crossties, utility poles, or construction or demolition debris, other than untreated and unadulterated waste wood.

"Revenue bond" means any bond, note, or other evidence of indebtedness issued by the Authority, the principal and interest of which is payable solely from revenues or income derived from any project or activity of the Agency.

"Total resource cost test" or "TRC test" means a standard that is met if, for an investment in energy efficiency or demand-response measures, the benefit-cost ratio is greater than one. The benefit-cost ratio is the ratio of the net present value of the total benefits of the program to the net present value of the total costs as calculated over the lifetime of the measures. A total resource cost test compares the sum of avoided electric utility costs, representing the benefits that accrue to the system and the participant in the delivery of those efficiency measures, to the sum of all incremental costs of end-use measures that are implemented due to the program (including both utility and participant contributions), plus costs to administer, deliver, and evaluate each demand-side program, to quantify the net savings obtained by substituting the demand-side program for supply resources. In calculating avoided costs of power and energy that an electric utility would otherwise have had to acquire, reasonable estimates shall be included of financial costs likely to be imposed by future regulations and legislation on emissions of greenhouse gases.

Sec. 1-75. Planning and Procurement Bureau. The Planning and Procurement Bureau has the following duties and responsibilities:

(a) The Planning and Procurement Bureau shall each year, beginning in 2008, develop procurement plans and conduct competitive procurement processes in accordance with the requirements of Section 16-111.5 of the Public Utilities Act for the eligible retail customers of electric utilities that on December 31, 2005 provided electric service to at least 100,000 customers in Illinois. For the purposes of this Section, the term "eligible retail customers" has the same definition as found in Section 16-111.5(a) of the Public Utilities Act.

(1) The Agency shall each year, beginning in 2008, as needed, issue a request for qualifications for experts or expert consulting firms to develop the procurement plans in

(E) expertise in credit and contract protocols;
(F) adequate resources to perform and fulfill the required functions and responsibilities; and
(G) the absence of a conflict of interest and inappropriate bias for or against potential bidders or the affected electric utilities.

(3) The Agency shall provide affected utilities and other interested parties with the lists of qualified experts or expert consulting firms identified through the request for qualifications processes that are under consideration to develop the procurement plans and to serve as the procurement administrator. The Agency shall also provide each qualified expert's or expert consulting firm's response to the request for qualifications. All information provided under this subparagraph shall also be provided to the Commission. The Agency may provide by rule for fees associated with supplying the information to utilities and other interested parties. These parties shall, within 5 business days, notify the Agency in writing if they object to any experts or expert consulting firms on the lists. Objections shall be based on:

(A) failure to satisfy qualification criteria;
(B) identification of a conflict of interest; or
(C) evidence of inappropriate bias for or against potential bidders or the affected utilities.

The Agency shall remove experts or expert consulting firms from the lists within 10 days if there is a reasonable basis for an objection and provide the updated lists to the affected utilities and other interested parties. If the Agency fails to remove an expert or expert consulting firm from a list, an objecting party may seek review by the Commission within 5 days thereafter by filing a petition, and the Commission shall render a ruling on the petition within 10 days. There is no right of appeal of the Commission's ruling.

(4) The Agency shall issue requests for proposals to the qualified experts or expert consulting firms to develop a
procurement plan for the affected utilities and to serve as procurement administrator.

(5) The Agency shall select an expert or expert consulting firm to develop procurement plans based on the proposals submitted and shall award one-year contracts to those selected with an option for the Agency for a one-year renewal.

(6) The Agency shall select an expert or expert consulting firm, with approval of the Commission, to serve as procurement administrator based on the proposals submitted. If the Commission rejects, within 5 days, the Agency's selection, the Agency shall submit another recommendation within 3 days based on the proposals submitted. The Agency shall award a one-year contract to the expert or expert consulting firm so selected with Commission approval with an option for the Agency for a one-year renewal.

(b) The experts or expert consulting firms retained by the Agency shall, as appropriate, prepare procurement plans, and conduct a competitive procurement process as prescribed in Section 16-111.5 of the Public Utilities Act, to ensure adequate, reliable, affordable, efficient, and environmentally sustainable electric service at the lowest total cost over time, taking into account any benefits of price stability, for eligible retail customers of electric utilities that on December 31, 2005 provided electric service to at least 100,000 customers in the State of Illinois.

(c) Renewable portfolio standard.

(1) The procurement plans shall include cost-effective renewable energy resources. A minimum percentage of each utility's total supply to serve the load of eligible retail customers, as defined in Section 16-111.5(a) of the Public Utilities Act, procured for each of the following years shall be generated from cost-effective renewable energy resources: at least 2% by June 1, 2008; at least 4% by June 1, 2009; at least 5% by June 1, 2010; at least 6% by June 1, 2011; at least 7% by June 1, 2012; at least 8% by June 1, 2013; at least 9% by June 1, 2014; at least 10% by June 1, 2015; and increasing by at least 1.5% each year thereafter to at least 25% by June 1, 2025. extent that it is available, at least 75% of the renewable energy resources used to meet these standards shall come from wind generation and, beginning on June 1, 2015, at least 6% of the renewable energy resources used to meet these standards shall come from photovoltaics. For purposes of this Section, "cost-effective" means that the costs of procuring renewable energy resources do not cause the limit stated in paragraph (2) of this subsection (c) to be exceeded.

(2) For purposes of this subsection (c), the required procurement of cost-effective renewable energy resources for a particular year shall be measured as a percentage of the actual amount of electricity (megawatt-hours) supplied by the electric utility to eligible retail customers in the planning year ending immediately prior to the procurement. For purposes of this subsection (c), the amount per kilowatthour means the total amount paid for electric service expressed on a per kilowatthour basis. For purposes of this subsection (c), the total amount paid for electric service includes without limitation amounts paid for supply, transmission, distribution, surcharges, and add-on taxes.

Notwithstanding the requirements of this subsection (c), the total of renewable energy resources procured pursuant to the procurement plan for any single year shall be reduced by an amount necessary to limit the annual estimated average net increase due to the costs of these resources included in the amounts paid by eligible retail customers in connection with electric service to:

(A) in 2008, no more than 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007;

(B) in 2009, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2008 or 1% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007;

(C) in 2010, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2009.
customers during the year ending May 31, 2009 or 1.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007;

(D) in 2011, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2010 or 2% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007; and

(E) thereafter, the amount of renewable energy resources procured pursuant to the procurement plan for any single year shall be reduced by an amount necessary to limit the estimated average net increase due to the cost of these resources included in the amounts paid by eligible retail customers in connection with electric service to no more than the greater of 2.015% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007 or the incremental amount per kilowatthour paid for these resources in 2011.

No later than June 30, 2011, the Commission shall review the limitation on the amount of renewable energy resources procured pursuant to this subsection (c) and report to the General Assembly its findings as to whether that limitation unduly constrains the procurement of cost-effective renewable energy resources.

(3) Through June 1, 2011, renewable energy resources shall be counted for the purpose of meeting the renewable energy standards set forth in paragraph (1) of this subsection (c) only if they are generated from facilities located in the State, provided that cost-effective renewable energy resources are available from those facilities. If those cost-effective resources are not available in Illinois, they shall be procured in states that adjoin Illinois and may be counted towards compliance. If those cost-effective resources are not available in Illinois or in states that adjoin Illinois, they shall be purchased elsewhere and shall be counted towards compliance. If those cost-effective resources are not available in Illinois or in states that adjoin Illinois, they shall be purchased elsewhere and shall be counted towards compliance.

(4) The electric utility shall retire all renewable energy credits used to comply with the standard.

(5) Beginning with the year commencing June 1, 2010, an electric utility subject to this subsection (c) shall apply the lesser of the maximum alternative compliance payment rate or the most recent estimated alternative compliance payment rate for its service territory for the corresponding compliance period, established pursuant to subsection (d) of Section 16-115D of the Public Utilities Act to its retail customers that take service pursuant to the electric utility's hourly pricing tariff or tariffs. The electric utility shall retain all amounts collected as a result of the application of the alternative compliance payment rate or rates to such customers, and, beginning in 2011, the utility shall include in the information provided under item (1) of subsection (d) of Section 16-111.5 of the Public Utilities Act the amounts collected under the alternative compliance payment rate or rates for the prior year ending May 31. Notwithstanding any limitation on the procurement of renewable energy resources imposed by item (2) of this subsection (c), the Agency shall increase its spending on the purchase of renewable energy resources to be procured by the electric utility for the next plan year by an amount equal to the amounts collected by the utility under the alternative compliance payment rate or rates in the prior year ending May 31.

(d) The draft procurement plans are subject to public comment, as required by Section 16-111.5 of the Public Utilities Act.

(e) The Agency shall submit the final procurement plan to the Commission. The Agency shall revise a procurement plan if the

Commission determines that it does not meet the standards set forth in Section 16-111.5 of the Public Utilities Act.

(f) The Agency shall assess fees to each affected utility to recover the costs incurred in preparation of the annual procurement plan for the utility.

(g) The Agency shall assess fees to each bidder to recover the costs incurred in connection with a competitive procurement process.

(A) in 2008, no more than 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007;

(B) in 2009, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2008 or 1% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007;

(C) in 2010, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2009 or 1.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007;

(D) in 2011, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2010 or 2% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007; and

(E) thereafter, the amount of renewable energy resources procured pursuant to the procurement plan for any single year shall be
reduced by an amount necessary to limit the estimated average net increase due to the cost of these resources included in the amounts paid by eligible retail customers in connection with electric service to no more than the greater of 2.015% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007 or the incremental amount per kilowatthour paid for these resources in 2011.

No later than June 30, 2011, the Commission shall review the limitation on the amount of renewable energy resources procured pursuant to this subsection (c) and report to the General Assembly its findings as to whether that limitation unduly constrains the procurement of cost-effective renewable energy resources.

(3) Through June 1, 2011, renewable energy resources shall be counted for the purpose of meeting the renewable energy standards set forth in paragraph (1) of this subsection (c) only if they are generated from facilities located in the State, provided that cost-effective renewable energy resources are available from those facilities. If those cost-effective resources are not available in Illinois, they shall be procured in states that adjoin Illinois and may be counted towards compliance. If those cost-effective resources are not available in Illinois or in states that adjoin Illinois, they shall be purchased elsewhere and shall be counted towards compliance. After June 1, 2011, cost-effective renewable energy resources located in Illinois and in states that adjoin Illinois may be counted towards compliance with the standards set forth in paragraph (1) of this subsection (c). If those cost-effective resources are not available in Illinois or in states that adjoin Illinois, they shall be purchased elsewhere and shall be counted towards compliance.

(4) The electric utility shall retire all renewable energy credits used to comply with the standard.

(5) Beginning with the year commencing June 1, 2010, an electric utility subject to this subsection (c) shall apply the lesser of the maximum alternative compliance
payment rate or the most recent estimated alternative compliance payment rate for its service territory for the corresponding compliance period, established pursuant to subsection (d) of Section 16-115D of the Public Utilities Act to its retail customers that take service pursuant to the electric utility's hourly pricing tariff or tariffs. The electric utility shall retain all amounts collected as a result of the application of the alternative compliance payment rate or rates to such customers, and, beginning in 2011, the utility shall include in the information provided under item (1) of subsection (d) of Section 16-111.5 of the Public Utilities Act the amounts collected under the alternative compliance payment rate or rates for the prior year ending May 31. Notwithstanding any limitation on the procurement of renewable energy resources imposed by item (2) of this subsection (c), the Agency shall increase its spending on the purchase of renewable energy resources to be procured by the electric utility for the next plan year by an amount equal to the amounts collected by the utility under the alternative compliance payment rate or rates in the prior year ending May 31.

(d) Clean coal portfolio standard.

(1) The procurement plans shall include electricity generated using clean coal. Each utility shall enter into one or more sourcing agreements with the initial clean coal facility, as provided in paragraph (3) of this subsection (d), covering electricity generated by the initial clean coal facility representing at least 5% of each utility's total supply to serve the load of eligible retail customers in 2015 and each year thereafter, as described in paragraph (3) of this subsection (d), subject to the limits specified in paragraph (2) of this subsection (d). It is the goal of the State that by January 1, 2025, 25% of the electricity used in the State shall be generated by cost-effective clean coal facilities. For purposes of this subsection (d), "cost-effective" means that the expenditures pursuant to such sourcing agreements do not cause the limit stated in paragraph (2) of this subsection (d) to be exceeded and do not exceed cost-based benchmarks, which shall be developed to assess all expenditures pursuant to such sourcing agreements covering electricity generated by clean coal facilities,
other than the initial clean coal facility, by the procurement administrator, in consultation with the Commission staff, Agency staff, and the procurement monitor and shall be subject to Commission review and approval.

(A) A utility party to a sourcing agreement shall immediately retire any emission credits that it receives in connection with the electricity covered by such agreement.

(B) Utilities shall maintain adequate records documenting the purchases under the sourcing agreement to comply with this subsection (d) and shall file an accounting with the load forecast that must be filed with the Agency by July 15 of each year, in accordance with subsection (d) of Section 16-111.5 of the Public Utilities Act.

(C) A utility shall be deemed to have complied with the clean coal portfolio standard specified in this subsection (d) if the utility enters into a sourcing agreement as required by this subsection (d).

(2) For purposes of this subsection (d), the required execution of sourcing agreements with the initial clean coal facility for a particular year shall be measured as a percentage of the actual amount of electricity (megawatt-hours) supplied by the electric utility to eligible retail customers in the planning year ending immediately prior to the agreement's execution. For purposes of this subsection (d), the amount paid per kilowatthour means the total amount paid for electric service expressed on a per kilowatthour basis. For purposes of this subsection (d), the total amount paid for electric service includes without limitation amounts paid for supply, transmission, distribution, surcharges and add-on taxes.

Notwithstanding the requirements of this subsection (d), the total amount paid under sourcing agreements with clean coal facilities pursuant to the procurement plan for any given year shall be reduced by an amount necessary to limit the annual estimated average net increase due to the costs of these resources included in the amounts paid by eligible retail customers in connection with electric service to:

(A) in 2010, no more than 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2009;
(B) in 2011, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2010 or 1% of the amount paid per kilowatthour by those customers during the year ending May 31, 2009;

(C) in 2012, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2011 or 1.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2009;

(D) in 2013, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2012 or 2% of the amount paid per kilowatthour by those customers during the year ending May 31, 2009; and

(E) thereafter, the total amount paid under sourcing agreements with clean coal facilities pursuant to the procurement plan for any single year shall be reduced by an amount necessary to limit the estimated average net increase due to the cost of these resources included in the amounts paid by eligible retail customers in connection with electric service to no more than the greater of (i) 2.015% of the amount paid per kilowatthour by those customers during the year ending May 31, 2009 or (ii) the incremental amount per kilowatthour paid for these resources in 2013. These requirements may be altered only as provided by statute. No later than June 30, 2015, the Commission shall review the limitation on the total amount paid under sourcing agreements, if any, with clean coal facilities pursuant to this subsection (d) and report to the General Assembly its findings as to whether that limitation unduly constrains the amount of electricity generated by cost-effective clean coal facilities that is covered by sourcing agreements.

(3) Initial clean coal facility. In order to promote development of clean coal facilities in Illinois, each electric utility subject to this Section shall execute a sourcing agreement to source electricity from a proposed clean coal facility in Illinois (the "initial clean coal facility") that will have a nameplate capacity of at least

500 MW when commercial operation commences, that has a final Clean Air Act permit on the effective date of this amendatory Act of the 95th General Assembly, and that will meet the definition of clean coal facility in Section 1-10 of this Act when commercial operation commences. The sourcing agreements with this initial clean coal facility shall be subject to both approval of the initial clean coal facility by the General Assembly and satisfaction of the requirements of paragraph (4) of this subsection (d) and shall be executed within 90 days after any such approval by the General Assembly. The Agency and the Commission shall have authority to inspect all books and records associated with the initial clean coal facility during the term of such a sourcing agreement. A utility's sourcing agreement for electricity produced by the initial clean coal facility shall include:

(A) a formula contractual price (the "contract price") approved pursuant to paragraph (4) of this subsection (d), which shall:

   (i) be determined using a cost of service methodology employing either a level or deferred capital recovery component, based on a capital structure consisting of 45% equity and 55% debt, and a return on equity as may be approved by the Federal Energy Regulatory Commission, which in any case may not exceed the lower of 11.5% or the rate of return approved by the General Assembly pursuant to paragraph (4) of this subsection (d); and

   (ii) provide that all miscellaneous net revenue, including but not limited to net revenue from the sale of emission allowances, if any, substitute natural gas, if any, grants or other support provided by the State of Illinois or the United States Government, firm transmission rights, if any, by-products produced by the facility, energy or capacity derived from the facility and not covered by a sourcing agreement pursuant to paragraph (3) of this subsection (d) or item (5) of subsection (d) of Section 16-115 of the Public Utilities Act, whether generated from the synthesis gas derived from coal, from SNG, or from natural gas, shall be credited

against the revenue requirement for this initial clean coal facility;
(B) power purchase provisions, which shall:
   (i) provide that the utility party to such sourcing agreement shall pay the contract price for electricity delivered under such sourcing agreement;
   (ii) require delivery of electricity to the regional transmission organization market of the utility that is party to such sourcing agreement;
   (iii) require the utility party to such sourcing agreement to buy from the initial clean coal facility in each hour an amount of energy equal to all clean coal energy made available from the initial clean coal facility during such hour times a fraction, the numerator of which is such utility's retail market sales of electricity (expressed in kilowatthours sold) in the State during the prior calendar month and the denominator of which is the total retail market sales of electricity (expressed in kilowatthours sold) in the State by utilities during such prior month and the sales of electricity (expressed in kilowatthours sold) in the State by alternative retail electric suppliers during such prior month that are subject to the requirements of this subsection (d) and paragraph (5) of subsection (d) of Section 16-115 of the Public Utilities Act, provided that the amount purchased by the utility in any year will be limited by paragraph (2) of this subsection (d); and
   (iv) be considered pre-existing contracts in such utility's procurement plans for eligible retail customers;
(C) contract for differences provisions, which shall:
   (i) require the utility party to such sourcing agreement to contract with the initial clean coal facility in each hour with respect to an amount of energy equal to all clean coal energy made available from the initial clean coal facility during such hour times a fraction, the numerator of which is such utility's retail market sales of electricity (expressed

in kilowatthours sold) in the utility's service territory in the State during the prior calendar month and the denominator of which is the total retail market sales of electricity (expressed in kilowatthours sold) in the State by utilities during such prior month and the sales of electricity (expressed in kilowatthours sold) in the State by alternative retail electric suppliers during such prior month that are subject to the requirements of this subsection (d) and paragraph (5) of subsection (d) of Section 16-115 of the Public Utilities Act, provided that the amount paid by the utility in any year will be limited by paragraph (2) of this subsection (d);

(ii) provide that the utility's payment obligation in respect of the quantity of electricity determined pursuant to the preceding clause (i) shall be limited to an amount equal to (1) the difference between the contract price determined pursuant to subparagraph (A) of paragraph (3) of this subsection (d) and the day-ahead price for electricity delivered to the regional transmission organization market of the utility that is party to such sourcing agreement (or any successor delivery point at which such utility's supply obligations are financially settled on an hourly basis) (the "reference price") on the day preceding the day on which the electricity is delivered to the initial clean coal facility busbar, multiplied by (2) the quantity of electricity determined pursuant to the preceding clause (i); and

(iii) not require the utility to take physical delivery of the electricity produced by the facility;

(D) general provisions, which shall:

(i) specify a term of no more than 30 years, commencing on the commercial operation date of the facility;

(ii) provide that utilities shall maintain adequate records documenting purchases under the sourcing agreements entered into to comply with this subsection (d) and shall file an accounting with
the load forecast that must be filed with the Agency by July 15 of each year, in accordance with subsection (d) of Section 16-111.5 of the Public Utilities Act.

(iii) provide that all costs associated with the initial clean coal facility will be periodically reported to the Federal Energy Regulatory Commission and to purchasers in accordance with applicable laws governing cost-based wholesale power contracts;

(iv) permit the Illinois Power Agency to assume ownership of the initial clean coal facility, without monetary consideration and otherwise on reasonable terms acceptable to the Agency, if the Agency so requests no less than 3 years prior to the end of the stated contract term;

(v) require the owner of the initial clean coal facility to provide documentation to the Commission each year, starting in the facility's first year of commercial operation, accurately reporting the quantity of carbon emissions from the facility that have been captured and sequestered and report any quantities of carbon released from the site or sites at which carbon emissions were sequestered in prior years, based on continuous monitoring of such sites. If, in any year after the first year of commercial operation, the owner of the facility fails to demonstrate that the initial clean coal facility captured and sequestered at least 50% of the total carbon emissions that the facility would otherwise emit or that sequestration of emissions from prior years has failed, resulting in the release of carbon dioxide into the atmosphere, the owner of the facility must offset excess emissions. Any such carbon offsets must be permanent, additional, verifiable, real, located within the State of Illinois, and legally and practicably enforceable. The cost of such offsets for the facility that are not recoverable shall not exceed $15 million in any given year. No

costs of any such purchases of carbon offsets may be recovered from a utility or its customers. All carbon offsets purchased for this purpose and any carbon emission credits associated with sequestration of carbon from the facility must be permanently retired. The initial clean coal facility shall not forfeit its designation as a clean coal facility if the facility fails to fully comply with the applicable carbon sequestration requirements in any given year, provided the requisite offsets are purchased. However, the Attorney General, on behalf of the People of the State of Illinois, may specifically enforce the facility's sequestration requirement and the other terms of this contract provision. Compliance with the sequestration requirements and offset purchase requirements specified in paragraph (3) of this subsection (d) shall be reviewed annually by an independent expert retained by the owner of the initial clean coal facility, with the advance written approval of the Attorney General. The Commission may, in the course of the review specified in item (vii), reduce the allowable return on equity for the facility if the facility wilfully fails to comply with the carbon capture and sequestration requirements set forth in this item (v);

(vi) include limits on, and accordingly provide for modification of, the amount the utility is required to source under the sourcing agreement consistent with paragraph (2) of this subsection (d);

(vii) require Commission review: (1) to determine the justness, reasonableness, and prudence of the inputs to the formula referenced in subparagraphs (A)(i) through (A)(iii) of paragraph (3) of this subsection (d), prior to an adjustment in those inputs including, without limitation, the capital structure and return on equity, fuel costs, and other operations and maintenance costs and (2) to approve the costs to be passed through to customers
under the sourcing agreement by which the utility satisfies its statutory obligations. Commission review shall occur no less than every 3 years, regardless of whether any adjustments have been proposed, and shall be completed within 9 months;

(viii) limit the utility's obligation to such amount as the utility is allowed to recover through tariffs filed with the Commission, provided that neither the clean coal facility nor the utility waives any right to assert federal pre-emption or any other argument in response to a purported disallowance of recovery costs;

(ix) limit the utility's or alternative retail electric supplier's obligation to incur any liability until such time as the facility is in commercial operation and generating power and energy and such power and energy is being delivered to the facility busbar;

(x) provide that the owner or owners of the initial clean coal facility, which is the counterparty to such sourcing agreement, shall have the right from time to time to elect whether the obligations of the utility party thereto shall be governed by the power purchase provisions or the contract for differences provisions;

(xi) append documentation showing that the formula rate and contract, insofar as they relate to the power purchase provisions, have been approved by the Federal Energy Regulatory Commission pursuant to Section 205 of the Federal Power Act;

(xii) provide that any changes to the terms of the contract, insofar as such changes relate to the power purchase provisions, are subject to review under the public interest standard applied by the Federal Energy Regulatory Commission pursuant to Sections 205 and 206 of the Federal Power Act; and

(xiii) conform with customary lender requirements in power purchase agreements used as the basis for financing non-utility generators.

New matter indicated by italics - deletions by strikeout.
(4) Effective date of sourcing agreements with the initial clean coal facility. Any proposed sourcing agreement with the initial clean coal facility shall not become effective unless the following reports are prepared and submitted and authorizations and approvals obtained:

   (i) Facility cost report. The owner of the initial clean coal facility shall submit to the Commission, the Agency, and the General Assembly a front-end engineering and design study, a facility cost report, method of financing (including but not limited to structure and associated costs), and an operating and maintenance cost quote for the facility (collectively "facility cost report"), which shall be prepared in accordance with the requirements of this paragraph (4) of subsection (d) of this Section, and shall provide the Commission and the Agency access to the work papers, relied upon documents, and any other backup documentation related to the facility cost report.

   (ii) Commission report. Within 6 months following receipt of the facility cost report, the Commission, in consultation with the Agency, shall submit a report to the General Assembly setting forth its analysis of the facility cost report. Such report shall include, but not be limited to, a comparison of the costs associated with electricity generated by the initial clean coal facility to the costs associated with electricity generated by other types of generation facilities, an analysis of the rate impacts on residential and small business customers over the life of the sourcing agreements, and an analysis of the likelihood that the initial clean coal facility will commence commercial operation by and be delivering power to the facility’s busbar by 2016. To assist in the preparation of its report, the Commission, in consultation with the Agency, may hire one or more experts or consultants, the costs of which shall be paid for by the owner of the initial clean coal facility. The Commission and Agency
may begin the process of selecting such experts or consultants prior to receipt of the facility cost report.

(iii) General Assembly approval. The proposed sourcing agreements shall not take effect unless, based on the facility cost report and the Commission's report, the General Assembly enacts authorizing legislation approving (A) the projected price, stated in cents per kilowatthour, to be charged for electricity generated by the initial clean coal facility, (B) the projected impact on residential and small business customers' bills over the life of the sourcing agreements, and (C) the maximum allowable return on equity for the project; and

(iv) Commission review. If the General Assembly enacts authorizing legislation pursuant to subparagraph (iii) approving a sourcing agreement, the Commission shall, within 90 days of such enactment, complete a review of such sourcing agreement. During such time period, the Commission shall implement any directive of the General Assembly, resolve any disputes between the parties to the sourcing agreement concerning the terms of such agreement, approve the form of such agreement, and issue an order finding that the sourcing agreement is prudent and reasonable.

The facility cost report shall be prepared as follows:

(A) The facility cost report shall be prepared by duly licensed engineering and construction firms detailing the estimated capital costs payable to one or more contractors or suppliers for the engineering, procurement and construction of the components comprising the initial clean coal facility and the estimated costs of operation and maintenance of the facility. The facility cost report shall include:

(i) an estimate of the capital cost of the core plant based on one or more front end engineering and design studies for the gasification island and related facilities. The core plant shall include all

civil, structural, mechanical, electrical, control, and safety systems.

(ii) an estimate of the capital cost of the balance of the plant, including any capital costs associated with sequestration of carbon dioxide emissions and all interconnects and interfaces required to operate the facility, such as transmission of electricity, construction or backfeed power supply, pipelines to transport substitute natural gas or carbon dioxide, potable water supply, natural gas supply, water supply, water discharge, landfill, access roads, and coal delivery.

The quoted construction costs shall be expressed in nominal dollars as of the date that the quote is prepared and shall include (1) capitalized financing costs during construction, (2) taxes, insurance, and other owner's costs, and (3) an assumed escalation in materials and labor beyond the date as of which the construction cost quote is expressed.

(B) The front end engineering and design study for the gasification island and the cost study for the balance of plant shall include sufficient design work to permit quantification of major categories of materials, commodities and labor hours, and receipt of quotes from vendors of major equipment required to construct and operate the clean coal facility.

(C) The facility cost report shall also include an operating and maintenance cost quote that will provide the estimated cost of delivered fuel, personnel, maintenance contracts, chemicals, catalysts, consumables, spares, and other fixed and variable operations and maintenance costs.

(a) The delivered fuel cost estimate will be provided by a recognized third party expert or experts in the fuel and transportation industries.

(b) The balance of the operating and maintenance cost quote, excluding delivered fuel costs will be developed based on the inputs provided by duly licensed engineering and construction firms performing the construction cost

quote, potential vendors under long-term service agreements and plant operating agreements, or recognized third party plant operator or operators.

The operating and maintenance cost quote (including the cost of the front end engineering and design study) shall be expressed in nominal dollars as of the date that the quote is prepared and shall include (1) taxes, insurance, and other owner's costs, and (2) an assumed escalation in materials and labor beyond the date as of which the operating and maintenance cost quote is expressed.

(D) The facility cost report shall also include (i) an analysis of the initial clean coal facility's ability to deliver power and energy into the applicable regional transmission organization markets and (ii) an analysis of the expected capacity factor for the initial clean coal facility.

(E) Amounts paid to third parties unrelated to the owner or owners of the initial clean coal facility to prepare the core plant construction cost quote, including the front end engineering and design study, and the operating and maintenance cost quote will be reimbursed through Coal Development Bonds.

(5) Re-powering and retrofitting coal-fired power plants previously owned by Illinois utilities to qualify as clean coal facilities. During the 2009 procurement planning process and thereafter, the Agency and the Commission shall consider sourcing agreements covering electricity generated by power plants that were previously owned by Illinois utilities and that have been or will be converted into clean coal facilities, as defined by Section 1-10 of this Act. Pursuant to such procurement planning process, the owners of such facilities may propose to the Agency sourcing agreements with utilities and alternative retail electric suppliers required to comply with subsection (d) of this Section and item (5) of subsection (d) of Section 16-115 of the Public Utilities Act, covering electricity generated by such facilities. In the case of sourcing agreements that are power purchase agreements, the contract price for electricity sales shall be established on a cost of service basis. In the case of sourcing agreements that are contracts for differences, the contract price from which the reference price is

subtracted shall be established on a cost of service basis. The Agency and the Commission may approve any such utility sourcing agreements that do not exceed cost-based benchmarks developed by the procurement administrator, in consultation with the Commission staff, Agency staff and the procurement monitor, subject to Commission review and approval. The Commission shall have authority to inspect all books and records associated with these clean coal facilities during the term of any such contract.

(6) Costs incurred under this subsection (d) or pursuant to a contract entered into under this subsection (d) shall be deemed prudently incurred and reasonable in amount and the electric utility shall be entitled to full cost recovery pursuant to the tariffs filed with the Commission.

(e) The draft procurement plans are subject to public comment, as required by Section 16-111.5 of the Public Utilities Act.

(f) The Agency shall submit the final procurement plan to the Commission. The Agency shall revise a procurement plan if the Commission determines that it does not meet the standards set forth in Section 16-111.5 of the Public Utilities Act.

(g) The Agency shall assess fees to each affected utility to recover the costs incurred in preparation of the annual procurement plan for the utility.

(h) The Agency shall assess fees to each bidder to recover the costs incurred in connection with a competitive procurement process.

(30 ILCS 500/20-10)

Sec. 20-10. Competitive sealed bidding.

(a) Conditions for use. All contracts shall be awarded by competitive sealed bidding except as otherwise provided in Section 20-5.
(b) Invitation for bids. An invitation for bids shall be issued and shall include a purchase description and the material contractual terms and conditions applicable to the procurement.

(c) Public notice. Public notice of the invitation for bids shall be published in the Illinois Procurement Bulletin at least 14 days before the date set in the invitation for the opening of bids.

(d) Bid opening. Bids shall be opened publicly in the presence of one or more witnesses at the time and place designated in the invitation for bids. The name of each bidder, the amount of each bid, and other relevant information as may be specified by rule shall be recorded. After the award of the contract, the winning bid and the record of each unsuccessful bid shall be open to public inspection.

(e) Bid acceptance and bid evaluation. Bids shall be unconditionally accepted without alteration or correction, except as authorized in this Code. Bids shall be evaluated based on the requirements set forth in the invitation for bids, which may include criteria to determine acceptability such as inspection, testing, quality, workmanship, delivery, and suitability for a particular purpose. Those criteria that will affect the bid price and be considered in evaluation for award, such as discounts, transportation costs, and total or life cycle costs, shall be objectively measurable. The invitation for bids shall set forth the evaluation criteria to be used.

(f) Correction or withdrawal of bids. Correction or withdrawal of inadvertently erroneous bids before or after award, or cancellation of awards of contracts based on bid mistakes, shall be permitted in accordance with rules. After bid opening, no changes in bid prices or other provisions of bids prejudicial to the interest of the State or fair competition shall be permitted. All decisions to permit the correction or withdrawal of bids based on bid mistakes shall be supported by written determination made by a State purchasing officer.

(g) Award. The contract shall be awarded with reasonable promptness by written notice to the lowest responsible and responsive bidder whose bid meets the requirements and criteria set forth in the invitation for bids, except when a State purchasing officer determines it is not in the best interest of the State and by written explanation determines another bidder shall receive the award. The explanation shall appear in the appropriate volume of the Illinois Procurement Bulletin.

(h) Multi-step sealed bidding. When it is considered impracticable to initially prepare a purchase description to support an award based on

Section 20. The Public Utilities Act is amended by changing Sections 8-103 and 16-115 and by adding Section 16-115D as follows:

(220 ILCS 5/8-103)
Sec. 8-103. Energy efficiency and demand-response measures.
(a) It is the policy of the State that electric utilities are required to use cost-effective energy efficiency and demand-response measures to reduce delivery load. Requiring investment in cost-effective energy efficiency and demand-response measures will reduce direct and indirect costs to consumers by decreasing environmental impacts and by avoiding or delaying the need for new generation, transmission, and distribution infrastructure. It serves the public interest to allow electric utilities to recover costs for reasonably and prudently incurred expenses for energy efficiency and demand-response measures. As used in this Section, "cost-effective" means that the measures satisfy the total resource cost test. The low-income measures described in subsection (f)(4) of this Section shall not be required to meet the total resource cost test. For purposes of this Section, the terms "energy-efficiency", "demand-response", "electric utility", and "total resource cost test" shall have the meanings set forth in the Illinois Power Agency Act. For purposes of this Section, the amount per kilowatthour means the total amount paid for electric service expressed on a per kilowatthour basis. For purposes of this Section, the total amount paid for electric service includes without limitation estimated amounts paid for supply, transmission, distribution, surcharges, and add-on-taxes.

New matter indicated by italics - deletions by strikeout.
(b) Electric utilities shall implement cost-effective energy efficiency measures to meet the following incremental annual energy savings goals:

1. 0.2% of energy delivered in the year commencing June 1, 2008;
2. 0.4% of energy delivered in the year commencing June 1, 2009;
3. 0.6% of energy delivered in the year commencing June 1, 2010;
4. 0.8% of energy delivered in the year commencing June 1, 2011;
5. 1% of energy delivered in the year commencing June 1, 2012;
6. 1.4% of energy delivered in the year commencing June 1, 2013;
7. 1.8% of energy delivered in the year commencing June 1, 2014; and
8. 2% of energy delivered in the year commencing June 1, 2015 and each year thereafter.

(c) Electric utilities shall implement cost-effective demand-response measures to reduce peak demand by 0.1% over the prior year for eligible retail customers, as defined in Section 16-111.5 of this Act, and for customers that elect hourly service from the utility pursuant to Section 16-107 of this Act, provided those customers have not been declared competitive. This requirement commences June 1, 2008 and continues for 10 years.

(d) Notwithstanding the requirements of subsections (b) and (c) of this Section, an electric utility shall reduce the amount of energy efficiency and demand-response measures implemented in any single year by an amount necessary to limit the estimated average increase in the amounts paid by retail customers in connection with electric service due to the cost of those measures to:

1. in 2008, no more than 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007;
2. in 2009, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2008 or 1% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007;

(3) in 2010, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2009 or 1.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007;

(4) in 2011, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2010 or 2% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007; and

(5) thereafter, the amount of energy efficiency and demand-response measures implemented for any single year shall be reduced by an amount necessary to limit the estimated average net increase due to the cost of these measures included in the amounts paid by eligible retail customers in connection with electric service to no more than the greater of 2.015% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007 or the incremental amount per kilowatthour paid for these measures in 2011.

No later than June 30, 2011, the Commission shall review the limitation on the amount of energy efficiency and demand-response measures implemented pursuant to this Section and report to the General Assembly its findings as to whether that limitation unduly constrains the procurement of energy efficiency and demand-response measures.

(e) Electric utilities shall be responsible for overseeing the design, development, and filing of energy efficiency and demand-response plans with the Commission. Electric utilities shall implement 100% of the demand-response measures in the plans. Electric utilities shall implement 75% of the energy efficiency measures approved by the Commission, and may, as part of that implementation, outsource various aspects of program development and implementation. The remaining 25% of those energy efficiency measures approved by the Commission shall be implemented by the Department of Commerce and Economic Opportunity, and must be designed in conjunction with the utility and the filing process. The Department may outsource development and implementation of energy efficiency measures. A minimum of 10% of the entire portfolio of cost-effective energy efficiency measures shall be procured from units of local government, municipal corporations, school districts, and community college districts. The Department shall coordinate the implementation of these measures.

The apportionment of the dollars to cover the costs to implement the Department's share of the portfolio of energy efficiency measures shall be made to the Department once the Department has executed grants or contracts for energy efficiency measures and provided supporting documentation for those grants and the contracts to the utility.

The details of the measures implemented by the Department shall be submitted by the Department to the Commission in connection with the utility's filing regarding the energy efficiency and demand-response measures that the utility implements.

A utility providing approved energy efficiency and demand-response measures in the State shall be permitted to recover costs of those measures through an automatic adjustment clause tariff filed with and approved by the Commission. The tariff shall be established outside the context of a general rate case. Each year the Commission shall initiate a review to reconcile any amounts collected with the actual costs and to determine the required adjustment to the annual tariff factor to match annual expenditures.

Each utility shall include, in its recovery of costs, the costs estimated for both the utility's and the Department's implementation of energy efficiency and demand-response measures. Costs collected by the utility for measures implemented by the Department shall be submitted to the Department pursuant to Section 605-323 of the Civil Administrative Code of Illinois and shall be used by the Department solely for the purpose of implementing these measures. A utility shall not be required to advance any moneys to the Department but only to forward such funds as it has collected. The Department shall report to the Commission on an annual basis regarding the costs actually incurred by the Department in the implementation of the measures. Any changes to the costs of energy efficiency measures as a result of plan modifications shall be appropriately reflected in amounts recovered by the utility and turned over to the Department.

The portfolio of measures, administered by both the utilities and the Department, shall, in combination, be designed to achieve the annual savings targets described in subsections (b) and (c) of this Section, as modified by subsection (d) of this Section.

The utility and the Department shall agree upon a reasonable portfolio of measures and determine the measurable corresponding percentage of the savings goals associated with measures implemented by the utility or Department.

New matter indicated by italics - deletions by strikeout.
No utility shall be assessed a penalty under subsection (f) of this Section for failure to make a timely filing if that failure is the result of a lack of agreement with the Department with respect to the allocation of responsibilities or related costs or target assignments. In that case, the Department and the utility shall file their respective plans with the Commission and the Commission shall determine an appropriate division of measures and programs that meets the requirements of this Section.

If the Department is unable to meet incremental annual performance goals for the portion of the portfolio implemented by the Department, then the utility and the Department shall jointly submit a modified filing to the Commission explaining the performance shortfall and recommending an appropriate course going forward, including any program modifications that may be appropriate in light of the evaluations conducted under item (7) of subsection (f) of this Section. In this case, the utility obligation to collect the Department's costs and turnover those funds to the Department under this subsection (e) shall continue only if the Commission approves the modifications to the plan proposed by the Department. (f) No later than November 15, 2007, each electric utility shall file an energy efficiency and demand-response plan with the Commission to meet the energy efficiency and demand-response standards for 2008 through 2010. Every 3 years thereafter, each electric utility shall file an energy efficiency and demand-response plan with the Commission. If a utility does not file such a plan, it shall face a penalty of $100,000 per day until the plan is filed. Each utility's plan shall set forth the utility's proposals to meet the utility's portion of the energy efficiency standards identified in subsection (b) and the demand-response standards identified in subsection (c) of this Section as modified by subsections (d) and (e), taking into account the unique circumstances of the utility's service territory. The Commission shall seek public comment on the utility's plan and shall issue an order approving or disapproving each plan within 3 months after its submission. If the Commission disapproves a plan, the Commission shall, within 30 days, describe in detail the reasons for the disapproval and describe a path by which the utility may file a revised draft of the plan to address the Commission's concerns satisfactorily. If the utility does not refile with the Commission within 60 days, the utility shall be subject to penalties at a rate of $100,000 per day until the plan is filed. This process shall continue, and penalties shall accrue, until the utility has successfully filed a portfolio of energy efficiency and demand-response measures. Penalties shall be deposited into the Energy Efficiency Trust Fund.

Fund. In submitting proposed energy efficiency and demand-response plans and funding levels to meet the savings goals adopted by this Act the utility shall:

(1) Demonstrate that its proposed energy efficiency and demand-response measures will achieve the requirements that are identified in subsections (b) and (c) of this Section, as modified by subsections (d) and (e).

(2) Present specific proposals to implement new building and appliance standards that have been placed into effect.

(3) Present estimates of the total amount paid for electric service expressed on a per kilowatthour basis associated with the proposed portfolio of measures designed to meet the requirements that are identified in subsections (b) and (c) of this Section, as modified by subsections (d) and (e).

(4) Coordinate with the Department of Healthcare and Family Services to present a portfolio of energy efficiency measures targeted to households at or below 150% of the poverty level at a level proportionate to those households' share of total annual utility revenues in Illinois from households at or below 150% of the poverty level. The energy efficiency programs shall be targeted to households with incomes at or below 80% of area median income.

(5) Demonstrate that its overall portfolio of energy efficiency and demand-response measures, not including programs covered by item (4) of this subsection (f), are cost-effective using the total resource cost test and represent a diverse cross-section of opportunities for customers of all rate classes to participate in the programs.

(6) Include a proposed cost-recovery tariff mechanism to fund the proposed energy efficiency and demand-response measures and to ensure the recovery of the prudently and reasonably incurred costs of Commission-approved programs.

(7) Provide for an annual independent evaluation of the performance of the cost-effectiveness of the utility's portfolio of measures and the Department's portfolio of measures, as well as a full review of the 3-year results of the broader net program impacts and, to the extent practical, for adjustment of the measures on a going-forward basis as a result of the evaluations. The resources

dedicated to evaluation shall not exceed 3% of portfolio resources in any given year.

(g) No more than 3% of energy efficiency and demand-response program revenue may be allocated for demonstration of breakthrough equipment and devices.

(h) This Section does not apply to an electric utility that on December 31, 2005 provided electric service to fewer than 100,000 customers in Illinois.

(i) If, after 2 years, an electric utility fails to meet the efficiency standard specified in subsection (b) of this Section, as modified by subsections (d) and (e), it shall make a contribution to the Low-Income Home Energy Assistance Program. The combined total liability for failure to meet the goal shall be $1,000,000, which shall be assessed as follows: a large electric utility shall pay $665,000, and a medium electric utility shall pay $335,000. If, after 3 years, an electric utility fails to meet the efficiency standard specified in subsection (b) of this Section, as modified by subsections (d) and (e), it shall make a contribution to the Low-Income Home Energy Assistance Program. The combined total liability for failure to meet the goal shall be $1,000,000, which shall be assessed as follows: a large electric utility shall pay $665,000, and a medium electric utility shall pay $335,000. In addition, the responsibility for implementing the energy efficiency measures of the utility making the payment shall be transferred to the Illinois Power Agency if, after 3 years, or in any subsequent 3-year period, the utility fails to meet the efficiency standard specified in subsection (b) of this Section, as modified by subsections (d) and (e). The Agency shall implement a competitive procurement program to procure resources necessary to meet the standards specified in this Section as modified by subsections (d) and (e), with costs for those resources to be recovered in the same manner as products purchased through the procurement plan as provided in Section 16-111.5. The Director shall implement this requirement in connection with the procurement plan as provided in Section 16-111.5.

For purposes of this Section, (i) a "large electric utility" is an electric utility that, on December 31, 2005, served more than 2,000,000 electric customers in Illinois; (ii) a "medium electric utility" is an electric utility that, on December 31, 2005, served 2,000,000 or fewer but more than 100,000 electric customers in Illinois; and (iii) Illinois electric utilities that are affiliated by virtue of a common parent company are considered a single electric utility.

(j) If, after 3 years, or any subsequent 3-year period, the Department fails to implement the Department's share of energy efficiency measures required by the standards in subsection (b), then the Illinois Power Agency may assume responsibility for and control of the Department's share of the required energy efficiency measures. The Agency shall implement a competitive procurement program to procure resources necessary to meet the standards specified in this Section, with the costs of these resources to be recovered in the same manner as provided for the Department in this Section.

(k) No electric utility shall be deemed to have failed to meet the energy efficiency standards to the extent any such failure is due to a failure of the Department or the Agency.

Sec. 16-115. Certification of alternative retail electric suppliers.

(a) Any alternative retail electric supplier must obtain a certificate of service authority from the Commission in accordance with this Section before serving any retail customer or other user located in this State. An alternative retail electric supplier may request, and the Commission may grant, a certificate of service authority for the entire State or for a specified geographic area of the State.

(b) An alternative retail electric supplier seeking a certificate of service authority shall file with the Commission a verified application containing information showing that the applicant meets the requirements of this Section. The alternative retail electric supplier shall publish notice of its application in the official State newspaper within 10 days following the date of its filing. No later than 45 days after the application is properly filed with the Commission, and such notice is published, the Commission shall issue its order granting or denying the application.

(c) An application for a certificate of service authority shall identify the area or areas in which the applicant intends to offer service and the types of services it intends to offer. Applicants that seek to serve residential or small commercial retail customers within a geographic area that is smaller than an electric utility's service area shall submit evidence demonstrating that the designation of this smaller area does not violate Section 16-115A. An applicant that seeks to serve residential or small commercial retail customers may state in its application for certification
any limitations that will be imposed on the number of customers or maximum load to be served.

(d) The Commission shall grant the application for a certificate of service authority if it makes the findings set forth in this subsection based on the verified application and such other information as the applicant may submit:

(1) That the applicant possesses sufficient technical, financial and managerial resources and abilities to provide the service for which it seeks a certificate of service authority. In determining the level of technical, financial and managerial resources and abilities which the applicant must demonstrate, the Commission shall consider (i) the characteristics, including the size and financial sophistication, of the customers that the applicant seeks to serve, and (ii) whether the applicant seeks to provide electric power and energy using property, plant and equipment which it owns, controls or operates;

(2) That the applicant will comply with all applicable federal, State, regional and industry rules, policies, practices and procedures for the use, operation, and maintenance of the safety, integrity and reliability, of the interconnected electric transmission system;

(3) That the applicant will only provide service to retail customers in an electric utility's service area that are eligible to take delivery services under this Act;

(4) That the applicant will comply with such informational or reporting requirements as the Commission may by rule establish and provide the information required by Section 16-112. Any data related to contracts for the purchase and sale of electric power and energy shall be made available for review by the Staff of the Commission on a confidential and proprietary basis and only to the extent and for the purposes which the Commission determines are reasonably necessary in order to carry out the purposes of this Act;

(5) That the applicant will procure renewable energy resources in accordance with Section 16-115D of this Act, and will source electricity from clean coal facilities, as defined in Section 1-10 of the Illinois Power Agency Act, in amounts at least equal to the percentages set forth in subsections (c) and (d) of Section 1-75 of the Illinois Power Agency Act. For purposes of this Section:

(i) (Blank);

(ii) (Blank);

(iii) the required sourcing of electricity generated by clean coal facilities, other than the initial clean coal facility, shall be limited to the amount of electricity that can be procured or sourced at a price at or below the benchmarks approved by the Commission each year in accordance with item (1) of subsection (c) and items (1) and (5) of subsection (d) of Section 1-75 of the Illinois Power Agency Act;

(iv) all alternative retail electric suppliers shall execute a sourcing agreement to source electricity from the initial clean coal facility, on the terms set forth in paragraphs (3) and (4) of subsection (d) of Section 1-75 of the Illinois Power Agency Act, except that in lieu of the requirements in subparagraphs (A)(v), (B)(i), (C)(v), and (C)(vi) of paragraph (3) of that subsection (d), the applicant shall execute one or more of the following:

1. if the sourcing agreement is a power purchase agreement, a contract with the initial clean coal facility to purchase in each hour an amount of electricity equal to all clean coal energy made available from the initial clean coal facility during such hour, which the utilities are not required to procure under the terms of subsection (d) of Section 1-75 of the Illinois Power Agency Act, multiplied by a fraction, the numerator of which is the alternative retail electric supplier's retail market sales of electricity (expressed in kilowatt-hours sold) in the State during the prior calendar month and the denominator of which is the total sales of electricity (expressed in kilowatt-hours sold) in the State by alternative retail electric suppliers during such prior month that are subject to the requirements of this paragraph (5) of subsection (d) of this Section and subsection (d) of Section 1-75 of the Illinois Power Agency Act plus the total sales of electricity (expressed in kilowatt-hours sold) by utilities outside of their service areas

New matter indicated by italics - deletions by strikeout.
(2) if the sourcing agreement is a contract for differences, a contract with the initial clean coal facility in each hour with respect to an amount of electricity equal to all clean coal energy made available from the initial clean coal facility during such hour, which the utilities are not required to procure under the terms of subsection (d) of Section 1-75 of the Illinois Power Agency Act, multiplied by a fraction, the numerator of which is the alternative retail electric supplier’s retail market sales of electricity (expressed in kilowatt-hours sold) in the State during the prior calendar month and the denominator of which is the total sales of electricity (expressed in kilowatt-hours sold) in the State by alternative retail electric suppliers during such prior month that are subject to the requirements of this paragraph (5) of subsection (d) of this Section and subsection (d) of Section 1-75 of the Illinois Power Agency Act plus the total sales of electricity (expressed in kilowatt-hours sold) by utilities outside of their service areas during such prior month, pursuant to subsection (c) of Section 16-116 of this Act;

(v) if, in any year after the first year of commercial operation, the owner of the clean coal facility fails to demonstrate to the Commission that the initial clean coal facility captured and sequestered at least 50% of the total carbon emissions that the facility would otherwise emit or that sequestration of emissions from prior years has failed, resulting in the release of carbon into the atmosphere, the owner of the facility must offset excess emissions. Any such carbon offsets must be permanent, additional, verifiable, real, located within the State of Illinois, and legally and practicably enforceable. The costs of any such offsets that are not recoverable shall not exceed $15 million in any given year. No costs of any such purchases of carbon offsets may be recovered from an alternative retail electric

supplier or its customers. All carbon offsets purchased for this purpose and any carbon emission credits associated with sequestration of carbon from the facility must be permanently retired. The initial clean coal facility shall not forfeit its designation as a clean coal facility if the facility fails to fully comply with the applicable carbon sequestration requirements in any given year, provided the requisite offsets are purchased. However, the Attorney General, on behalf of the People of the State of Illinois, may specifically enforce the facility’s sequestration requirement and the other terms of this contract provision. Compliance with the sequestration requirements and offset purchase requirements that apply to the initial clean coal facility shall be reviewed annually by an independent expert retained by the owner of the initial clean coal facility, with the advance written approval of the Attorney General;

(vi) The Commission shall, after notice and hearing, revoke the certification of any alternative retail electric supplier that fails to execute a sourcing agreement with the initial clean coal facility as required by item (5) of subsection (d) of this Section. The sourcing agreements with this initial clean coal facility shall be subject to both approval of the initial clean coal facility by the General Assembly and satisfaction of the requirements of item (4) of subsection (d) of Section 1-75 of the Illinois Power Agency Act, and shall be executed within 90 days after any such approval by the General Assembly. The Commission shall not accept an application for certification from an alternative retail electric supplier that has lost certification under this subsection (d), or any corporate affiliate thereof, for at least one year from the date of revocation;

(6) With respect to an applicant that seeks to serve residential or small commercial retail customers, that the area to be served by the applicant and any limitations it proposes on the number of customers or maximum amount of load to be served meet the provisions of Section 16-115A, provided, that the Commission can extend the time for considering such a certificate

request by up to 90 days, and can schedule hearings on such a request;

(7) That the applicant meets the requirements of subsection (a) of Section 16-128; and

(8) That the applicant will comply with all other applicable laws and regulations.

(e) A retail customer that owns a cogeneration or self-generation facility and that seeks certification only to provide electric power and energy from such facility to retail customers at separate locations which customers are both (i) owned by, or a subsidiary or other corporate affiliate of, such applicant and (ii) eligible for delivery services, shall be granted a certificate of service authority upon filing an application and notifying the Commission that it has entered into an agreement with the relevant electric utilities pursuant to Section 16-118. Provided, however, that if the retail customer owning such cogeneration or self-generation facility would not be charged a transition charge due to the exemption provided under subsection (f) of Section 16-108 prior to the certification, and the retail customers at separate locations are taking delivery services in conjunction with purchasing power and energy from the facility, the retail customer on whose premises the facility is located shall not thereafter be required to pay transition charges on the power and energy that such retail customer takes from the facility.

(f) The Commission shall have the authority to promulgate rules and regulations to carry out the provisions of this Section. On or before May 1, 1999, the Commission shall adopt a rule or rules applicable to the certification of those alternative retail electric suppliers that seek to serve only nonresidential retail customers with maximum electrical demands of one megawatt or more which shall provide for (i) expedited and streamlined procedures for certification of such alternative retail electric suppliers and (ii) specific criteria which, if met by any such alternative retail electric supplier, shall constitute the demonstration of technical, financial and managerial resources and abilities to provide service required by subsection (d) (1) of this Section, such as a requirement to post a bond or letter of credit, from a responsible surety or financial institution, of sufficient size for the nature and scope of the services to be provided; demonstration of adequate insurance for the scope and nature of the services to be provided; and experience in providing similar services in other jurisdictions.

Sec. 16-115. Certification of alternative retail electric suppliers.

(a) Any alternative retail electric supplier must obtain a certificate of service authority from the Commission in accordance with this Section before serving any retail customer or other user located in this State. An alternative retail electric supplier may request, and the Commission may grant, a certificate of service authority for the entire State or for a specified geographic area of the State.

The alternative retail electric supplier shall publish notice of its application in the official State newspaper within 10 days following the date of its filing. No later than 45 days after the application is properly filed with the Commission, and such notice is published, the Commission shall issue its order granting or denying the application.

(c) An application for a certificate of service authority shall identify the area or areas in which the applicant intends to offer service and the types of services it intends to offer. Applicants that seek to serve residential or small commercial retail customers within a geographic area that is smaller than an electric utility's service area shall submit evidence demonstrating that the designation of this smaller area does not violate Section 16-115A. An applicant that seeks to serve residential or small commercial retail customers may state in its application for certification any limitations that will be imposed on the number of customers or maximum load to be served.

(d) The Commission shall grant the application for a certificate of service authority if it makes the findings set forth in this subsection based on the verified application and such other information as the applicant may submit:

1. That the applicant possesses sufficient technical, financial and managerial resources and abilities to provide the service for which it seeks a certificate of service authority. For purposes of this Section:

(i) (Blank); the required procurement of renewable energy resources shall be measured as a percentage of the actual amount of electricity (megawatt-hours) supplied by the alternative retail electric supplier in the prior calendar year, as reported for that year to the Commission. This obligation applies to all electricity supplied pursuant to retail contracts executed, extended, or otherwise revised after the effective date of this amendatory Act, provided the alternative retail electric supplier submits all documentation needed by the Commission to determine the actual amount of electricity supplied under contracts that may be excluded under this limitation;

(ii) (Blank); an alternative retail electric supplier need not actually deliver electricity to its customers to comply with this Section, provided that if the alternative

Alternative retail electric suppliers shall maintain adequate records documenting the contractual disposition of all electricity procured to comply with this Section and shall file an accounting in the report which must be filed with the Commission on April 1 of each year, starting in 2010, in accordance with subsection (d-5) of this Section:

(iii) the required procurement of renewable energy resources and sourcing of electricity generated by clean coal facilities, other than the initial clean coal facility, shall be limited to the amount of electricity that can be procured or sourced at a price at or below the benchmarks approved by the Commission each year in accordance with item (1) of subsection (c) and items (1) and (5) of subsection (d) of Section 1-75 of the Illinois Power Agency Act;

(d-5) (Blank). The Commission shall, after notice and hearing, revoke the certification of any alternative retail electric supplier that fails to execute a sourcing agreement with the initial clean coal facility, as required by item (5) of subsection (d) of this Section. The sourcing agreements with this initial clean coal facility shall be subject to both approval of the initial clean coal facility by the General Assembly and satisfaction of the requirements of paragraph (4) of subsection (d) of Section 1-75 of the Illinois Power Agency Act, and shall be executed within 90 days after any such approval by the General Assembly. The Commission shall also revoke the certification of any alternative retail electric supplier that, on April 1, 2010 or on April 1 of any year thereafter, fails to demonstrate that the electricity provided to the alternative retail electricity supplier’s Illinois customers during the previous year was generated by renewable energy resources and clean coal facilities in amounts at least equal to the percentages set forth in subsections (c) and (d) of Section 1-75 of the Illinois Power Agency Act, as limited by subsection (d)(5)(iii) of this Section. The Commission shall not accept an application for certification from an alternative retail electric supplier that has lost certification under this subsection (d-5), or any corporate affiliate thereof, for at least one year from the date of revocation.

(e) A retail customer that owns a cogeneration or self-generation facility and that seeks certification only to provide electric power and energy from such facility to retail customers at separate locations which customers are both (i) owned by, or a subsidiary or other corporate affiliate of, such applicant and (ii) eligible for delivery services, shall be granted a certificate of service authority upon filing an application and notifying the Commission that it has entered into an agreement with the relevant electric

utilities pursuant to Section 16-118. Provided, however, that if the retail customer owning such cogeneration or self-generation facility would not be charged a transition charge due to the exemption provided under subsection (f) of Section 16-108 prior to the certification, and the retail customers at separate locations are taking delivery services in conjunction with purchasing power and energy from the facility, the retail customer on whose premises the facility is located shall not thereafter be required to pay transition charges on the power and energy that such retail customer takes from the facility.

(f) The Commission shall have the authority to promulgate rules and regulations to carry out the provisions of this Section. On or before May 1, 1999, the Commission shall adopt a rule or rules applicable to the certification of those alternative retail electric suppliers that seek to serve only nonresidential retail customers with maximum electrical demands of one megawatt or more which shall provide for (i) expedited and streamlined procedures for certification of such alternative retail electric suppliers and (ii) specific criteria which, if met by any such alternative retail electric supplier, shall constitute the demonstration of technical, financial and managerial resources and abilities to provide service required by subsection (d) (1) of this Section, such as a requirement to post a bond or letter of credit, from a responsible surety or financial institution, of sufficient size for the nature and scope of the services to be provided; demonstration of adequate insurance for the scope and nature of the services to be provided; and experience in providing similar services in other jurisdictions.

Sec. 16-115D. Renewable portfolio standard for alternative retail electric suppliers and electric utilities operating outside their service territories.

(a) An alternative retail electric supplier shall be responsible for procuring cost-effective renewable energy resources as required under item (5) of subsection (d) of Section 16-115 of this Act as outlined herein:

(1) The definition of renewable energy resources contained in Section 1-10 of the Illinois Power Agency Act applies to all renewable energy resources required to be procured by alternative retail electric suppliers.

(2) The quantity of renewable energy resources shall be measured as a percentage of the actual amount of metered

electricity (megawatt-hours) delivered by the alternative retail electric supplier to Illinois retail customers during the 12-month period June 1 through May 31, commencing June 1, 2009, and the comparable 12-month period in each year thereafter except as provided in item (6) of this subsection (a).

(3) The quantity of renewable energy resources shall be in amounts at least equal to the annual percentages set forth in item (1) of subsection (c) of Section 1-75 of the Illinois Power Agency Act. At least 60% of the renewable energy resources procured pursuant to items (1) through (3) of subsection (b) of this Section shall come from wind generation and, starting June 1, 2015, at least 6% of the renewable energy resources procured pursuant to items (1) through (3) of subsection (b) of this Section shall come from solar photovoltaics. If, in any given year, an alternative retail electric supplier does not purchase at least these levels of renewable energy resources, then the alternative retail electric supplier shall make alternative compliance payments, as described in subsection (d) of this Section.

(4) The quantity and source of renewable energy resources shall be independently verified through the PJM Environmental Information System Generation Attribute Tracking System (PJM-GATS) or the Midwest Renewable Energy Tracking System (M-RETS), which shall document the location of generation, resource type, month, and year of generation for all qualifying renewable energy resources that an alternative retail electric supplier uses to comply with this Section. No later than June 1, 2009, the Illinois Power Agency shall provide PJM-GATS, M-RETS, and alternative retail electric suppliers with all information necessary to identify resources located in Illinois, within states that adjoin Illinois or within portions of the PJM and MISO footprint in the United States that qualify under the definition of renewable energy resources in Section 1-10 of the Illinois Power Agency Act for compliance with this Section 16-115D. Alternative retail electric suppliers shall not be subject to the requirements in item (3) of subsection (c) of Section 1-75 of the Illinois Power Agency Act.

(5) All renewable energy credits used to comply with this Section shall be permanently retired.

(6) The required procurement of renewable energy resources by an alternative retail electric supplier shall apply to
all metered electricity delivered to Illinois retail customers by the alternative retail electric supplier pursuant to contracts executed or extended after March 15, 2009.

(b) An alternative retail electric supplier shall comply with the renewable energy portfolio standards by making an alternative compliance payment, as described in subsection (d) of this Section, to cover at least one-half of the alternative retail electric supplier's compliance obligation and any one or combination of the following means to cover the remainder of the alternative retail electric supplier's compliance obligation:

(1) Generating electricity using renewable energy resources identified pursuant to item (4) of subsection (a) of this Section.

(2) Purchasing electricity generated using renewable energy resources identified pursuant to item (4) of subsection (a) of this Section through an energy contract.

(3) Purchasing renewable energy credits from renewable energy resources identified pursuant to item (4) of subsection (a) of this Section.

(4) Making an alternative compliance payment as described in subsection (d) of this Section.

(c) Use of renewable energy credits.

(1) Renewable energy credits that are not used by an alternative retail electric supplier to comply with a renewable portfolio standard in a compliance year may be banked and carried forward up to 2 12-month compliance periods after the compliance period in which the credit was generated for the purpose of complying with a renewable portfolio standard in those 2 subsequent compliance periods. For the 2009-2010 and 2010-2011 compliance periods, an alternative retail electric supplier may use renewable credits generated after December 31, 2008 and before June 1, 2009 to comply with this Section.

(2) An alternative retail electric supplier is responsible for demonstrating that a renewable energy credit used to comply with a renewable portfolio standard is derived from a renewable energy resource and that the alternative retail electric supplier has not used, traded, sold, or otherwise transferred the credit.

(3) The same renewable energy credit may be used by an alternative retail electric supplier to comply with a federal
renewable portfolio standard and a renewable portfolio standard established under this Act. An alternative retail electric supplier that uses a renewable energy credit to comply with a renewable portfolio standard imposed by any other state may not use the same credit to comply with a renewable portfolio standard established under this Act.

(d) Alternative compliance payments.

(1) The Commission shall establish and post on its website, within 5 business days after entering an order approving a procurement plan pursuant to Section 1-75 of the Illinois Power Agency Act, maximum alternative compliance payment rates, expressed on a per kilowatt-hour basis, that will be applicable in the first compliance period following the plan approval. A separate maximum alternative compliance payment rate shall be established for the service territory of each electric utility that is subject to subsection (c) of Section 1-75 of the Illinois Power Agency Act. Each maximum alternative compliance payment rate shall be equal to the maximum allowable annual estimated average net increase due to the costs of the utility's purchase of renewable energy resources included in the amounts paid by eligible retail customers in connection with electric service, as described in item (2) of subsection (c) of Section 1-75 of the Illinois Power Agency Act for the compliance period, and as established in the approved procurement plan. Following each procurement event through which renewable energy resources are purchased for one or more of these utilities for the compliance period, the Commission shall establish and post on its website estimates of the alternative compliance payment rates, expressed on a per kilowatt-hour basis, that shall apply for that compliance period. Posting of the estimates shall occur no later than 10 business days following the procurement event, however, the Commission shall not be required to establish and post such estimates more often than once per calendar month. By July 1 of each year, the Commission shall establish and post on its website the actual alternative compliance payment rates for the preceding compliance year. Each alternative compliance payment rate shall be equal to the total amount of dollars for which the utility contracted to spend on renewable resources for the compliance period divided by the forecasted load of eligible retail customers, at the customers' meters, as previously

established in the Commission-approved procurement plan for that compliance year. The actual alternative compliance payment rates may not exceed the maximum alternative compliance payment rates established for the compliance period. For purposes of this subsection (d), the term "eligible retail customers" has the same meaning as found in Section 16-111.5 of this Act.

(2) In any given compliance year, an alternative retail electric supplier may elect to use alternative compliance payments to comply with all or a part of the applicable renewable portfolio standard. In the event that an alternative retail electric supplier elects to make alternative compliance payments to comply with all or a part of the applicable renewable portfolio standard, such payments shall be made by September 1, 2010 for the period of June 1, 2009 to May 1, 2010 and by September 1 of each year thereafter for the subsequent compliance period, in the manner and form as determined by the Commission. Any election by an alternative retail electric supplier to use alternative compliance payments is subject to review by the Commission under subsection (e) of this Section.

(3) An alternative retail electric supplier's alternative compliance payments shall be computed separately for each electric utility's service territory within which the alternative retail electric supplier provided retail service during the compliance period, provided that the electric utility was subject to subsection (c) of Section 1-75 of the Illinois Power Agency Act. For each service territory, the alternative retail electric supplier's alternative compliance payment shall be equal to (i) the actual alternative compliance payment rate established in item (1) of this subsection (d), multiplied by (ii) the actual amount of metered electricity delivered by the alternative retail electric supplier to retail customers within the service territory during the compliance period, multiplied by (iii) the result of one minus the ratios of the quantity of renewable energy resources used by the alternative retail electric supplier to comply with the requirements of this Section within the service territory to the product of the percentage of renewable energy resources required under item (3) of subsection (a) of this Section and the actual amount of metered electricity delivered by the alternative retail electric supplier to

New matter indicated by italics - deletions by strikeout.
retail customers within the service territory during the compliance period.

(4) All alternative compliance payments by alternative retail electric suppliers shall be deposited in the Illinois Power Agency Renewable Energy Resources Fund and used to purchase renewable energy credits, in accordance with Section 1-56 of the Illinois Power Agency Act.

(5) The Commission, in consultation with the Illinois Power Agency, shall establish a process or proceeding to consider the impact of a federal renewable portfolio standard, if enacted, on the operation of the alternative compliance mechanism, which shall include, but not be limited to, developing, to the extent permitted by the applicable federal statute, an appropriate methodology to apportion renewable energy credits retired as a result of alternative compliance payments made in accordance with this Section. The Commission shall commence any such process or proceeding within 35 days after enactment of a federal renewable portfolio standard.

(e) Each alternative retail electric supplier shall, by September 1, 2010 and by September 1 of each year thereafter, prepare and submit to the Commission a report, in a format to be specified by the Commission on or before December 31, 2009, that provides information certifying compliance by the alternative retail electric supplier with this Section, including copies of all PJM-GATS and M-RETS reports, and documentation relating to banking, retiring renewable energy credits, and any other information that the Commission determines necessary to ensure compliance with this Section. An alternative retail electric supplier may file commercially or financially sensitive information or trade secrets with the Commission as provided under the rules of the Commission. To be filed confidentially, the information shall be accompanied by an affidavit that sets forth both the reasons for the confidentiality and a public synopsis of the information.

(f) The Commission may initiate a contested case to review allegations that the alternative retail electric supplier has violated this Section, including an order issued or rule promulgated under this Section. In any such proceeding, the alternative retail electric supplier shall have the burden of proof. If the Commission finds, after notice and hearing, that an alternative retail electric supplier has violated this Section, then the
Commission shall issue an order requiring the alternative retail electric supplier to:

(1) immediately comply with this Section; and

(2) if the violation involves a failure to procure the requisite quantity of renewable energy resources or pay the applicable alternative compliance payment by the annual deadline, the Commission shall require the alternative retail electric supplier to double the applicable alternative compliance payment that would otherwise be required to bring the alternative retail electric supplier into compliance with this Section.

If an alternative retail electric supplier fails to comply with the renewable energy resource portfolio requirement in this Section more than once in a 5-year period, then the Commission shall revoke the alternative electric supplier's certificate of service authority. The Commission shall not accept an application for a certificate of service authority from an alternative retail electric supplier that has lost certification under this subsection (f), or any corporate affiliate thereof, for at least one year after the date of revocation.

(g) All of the provisions of this Section apply to electric utilities operating outside their service area except under item (2) of subsection (a) of this Section the quantity of renewable energy resources shall be measured as a percentage of the actual amount of electricity (megawatt-hours) supplied in the State outside of the utility's service territory during the 12-month period June 1 through May 31, commencing June 1, 2009, and the comparable 12-month period in each year thereafter except as provided in item (6) of subsection (a) of this Section.

If any such utility fails to procure the requisite quantity of renewable energy resources by the annual deadline, then the Commission shall require the utility to double the alternative compliance payment that would otherwise be required to bring the utility into compliance with this Section.

If any such utility fails to comply with the renewable energy resource portfolio requirement in this Section more than once in a 5-year period, then the Commission shall order the utility to cease all sales outside of the utility's service territory for a period of at least one year.

(d) If the county board retains jurisdiction under subsection (c) of this Section, the annexing municipality may file a request for jurisdiction with the county board on a case by case basis. If the county board agrees by the affirmative vote of a majority of its members, then the property covered by the annexation agreement shall be subject to the ordinances, control, and jurisdiction of the annexing municipality.

Section 5. The Metropolitan Water Reclamation District Act is amended by changing Section 12 as follows:

(70 ILCS 2605/12) (from Ch. 42, par. 332)

Sec. 12. Power to levy taxes. The board of commissioners annually may levy taxes for corporate purposes upon property within the territorial limits of such sanitary district, the aggregate amount of which, exclusive of the amount levied for (a) the payment of bonded indebtedness and the interest on bonded indebtedness (b) employees' annuity and benefit purposes (c) construction purposes, and (d) for the purpose of establishing and maintaining a reserve fund for the payment of claims, awards, losses, judgments or liabilities which might be imposed on such sanitary district under the Workers' Compensation Act or the Workers' Occupational Diseases Act, and any claim in tort, including but not limited to, any claim imposed upon such sanitary district under the Local Governmental and Governmental Employees Tort Immunity Act, and for all costs related to the repair or replacement of any property owned by such sanitary district which is damaged by fire, flood, explosion, vandalism or any other peril, natural or manmade, shall not exceed the sum produced by extending the rate of .46% for each of the years 1979 through 2004 and by extending the rate of 0.41% for the year 2005 and each year thereafter, upon the assessed valuation of all taxable property within the sanitary district as equalized and determined for State and local taxes.

In addition, for stormwater management purposes, including but not limited to those provided in subsection (f) of Section 7(h), the board of commissioners may levy taxes for the year 2005 and each year thereafter at a rate not to exceed 0.05% of the assessed valuation of all taxable property within the District as equalized and determined for State and local taxes.

And in addition thereto, for construction purposes as defined in Section 5.2 of this Act, the board of commissioners may levy taxes for the year 1985 and each year thereafter which shall be at a rate not to exceed .10% of the assessed valuation of all taxable property within the sanitary district as equalized and determined for State and local taxes. Amounts realized from taxes so levied for construction purposes shall be limited for
use to such purposes and shall not be available for appropriation or used to defray the cost of repairs to or expense of maintaining or operating existing or future facilities, but such restrictions, however, shall not apply to additions, alterations, enlargements, and replacements which will add appreciably to the value, utility, or the useful life of said facilities. Such rates shall be extended against the assessed valuation of the taxable property within the corporate limits as the same shall be assessed and equalized for the county taxes for the year in which the levy is made and said board shall cause the amount to be raised by taxation in each year to be certified to the county clerk on or before the thirtieth day of March; provided, however, that if during the budget year the General Assembly authorizes an increase in such rates, the board of commissioners may adopt a supplemental levy and shall make such certification to the County Clerk on or before the thirtieth day of December.

For the purpose of establishing and maintaining a reserve fund for the payment of claims, awards, losses, judgments or liabilities which might be imposed on such sanitary district under the Workers' Compensation Act or the Workers' Occupational Diseases Act, and any claim in tort, including but not limited to, any claim imposed upon such sanitary district under the Local Governmental and Governmental Employees Tort Immunity Act, and for all costs related to the repair or replacement, where the cost thereof exceeds the sum of $10,000, of any property owned by such sanitary district which is damaged by fire, flood, explosion, vandalism or any other peril, natural or man-made, such sanitary district may also levy annually upon all taxable property within its territorial limits a tax not to exceed .005% of the assessed valuation of said taxable property as equalized and determined for State and local taxes; provided, however, the aggregate amount which may be accumulated in such reserve fund shall not exceed .05% of such assessed valuation.

All taxes so levied and certified shall be collected and enforced in the same manner and by the same officers as State and county taxes, and shall be paid over by the officer collecting the same to the treasurer of the sanitary district, in the manner and at the time provided by the general revenue law. No part of the taxes hereby authorized shall be used by such sanitary district for the construction of permanent, fixed, immovable bridges across any channel constructed under the provisions of this Act. All bridges built across such channel shall not necessarily interfere with or obstruct the navigation of such channel, when the same becomes a navigable stream, as provided in Section 24 of this Act, but such bridges

shall be so constructed that they can be raised, swung or moved out of the way of vessels, tugs, boats or other water craft navigating such channel. Nothing in this Act shall be so construed as to compel said district to maintain or operate said bridges, as movable bridges, for a period of 9 years from and after the time when the water has been turned into said channel pursuant to law, unless the needs of general navigation of the Des Plaines and Illinois Rivers, when connected by said channel, sooner require it. In levying taxes the board of commissioners, in order to produce the net amount required by the levies for payment of bonds and interest thereon, shall include an amount or rate estimated to be sufficient to cover losses in collection of taxes, the cost of collecting taxes, abatements in the amount of such taxes as extended on the collector's books and the amount of such taxes collection of which will be deferred; the amount so added for the purpose of producing the net amount required shall not exceed any applicable maximum tax rate or amount.

PUBLIC ACT 96-0174
(House Bill No. 0688)

AN ACT concerning civil law.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Legislative findings. The General Assembly finds that it is imperative for municipalities to reclaim certain housing stock that has been used in various fraudulent schemes and that now creates a nuisance to the municipality. Distressed condominiums create a hazard and blight to the general public and community, diminish the local tax base, distort the true value of property in the community (thereby creating illusory market values that harm innocent developers and buyers), and remove housing from the rental market, especially for low and moderate income renters. While normal conservation and building code enforcement methods can adequately deal with housing code violations found in legitimately created condominium buildings which are managed by functioning condominium associations, this Act is necessary because those normal code enforcement procedures are not effective in dealing with distressed condominiums,

New matter indicated by italics - deletions by strikeout.
because there often is no functioning condominium board which can take responsibility for the necessary code repairs. In that situation the repairs may take years to complete, and the delay can result in a property with such serious problems that the property cannot be restored and instead must be demolished.

Section 5. The Condominium Property Act is amended by adding Section 14.5 as follows:

(765 ILCS 605/14.5 new)
Sec. 14.5. Distressed condominium property.
(a) As used in this Section:

(1) "Distressed condominium property" means a parcel containing condominium units which are operated in a manner or have conditions which may constitute a danger, blight, or nuisance to the surrounding community or to the general public, including but not limited to 2 or more of the following conditions:
   (A) 50% or more of the condominium units are not occupied by persons with a legal right to reside in the units;
   (B) the building has serious violations of any applicable local building code or zoning ordinance;
   (C) 60% or more of the condominium units are in foreclosure or are units against which a judgment of foreclosure was entered within the last 18 months;
   (D) there has been a recording of more condominium units on the parcel than physically exist;
   (E) any of the essential utilities to the parcel or to 40% or more of the condominium units is either terminated or threatened with termination; or
   (F) there is a delinquency on the property taxes for at least 60% of the condominium units.

(2) "Owner" means any unit owner or owner of record of the condominium property.

(3) "Other party in interest" means any mortgagee of record, lien holder of record, judgment creditor, tax purchaser, or other party of record, other than the owner, having legal or equitable title or other interest in the distressed condominium property or in a unit of the property.

(4) "Municipality" means a city, village, or incorporated town in which the distressed condominium property is located.

New matter indicated by italics - deletions by strikeout.
(b) A proceeding under this Section shall be commenced by a municipality filing a verified petition or verified complaint in the circuit court in the county in which the property is located. The petition or complaint shall allege conditions specified in paragraph (1) of subsection (a) of this Section and shall request the relief available under this Section. All owners shall be named as defendants in the petition or complaint and summons shall be issued and service shall be had as in other civil cases. All known other parties in interest shall be provided written notice and a copy of the petition or complaint either by United States certified mail, return receipt requested, within 30 days of the issuance of the summons or by personal service of the complaint. The hearing upon the suit shall be expedited by the court and shall be given precedence over other actions.

(c) If a court finds that the property is a distressed condominium property:

(1) the court may order the appointment of a receiver for the property with the powers specified in this Section; or

(2) the court, after a hearing held upon giving notice to all interested parties as provided in subsection (b), may appoint a receiver for the property and if the court further finds that the property is not viable as a condominium, then the court may declare:

   (A) that the property is no longer a condominium;
   (B) that the property shall be deemed to be owned in common by the unit owners;
   (C) that the undivided interest in the property which shall appertain to each unit owner shall be the percentage of undivided interest previously owned by the owner in the common elements; and
   (D) that any liens affecting any unit shall be deemed to be attached to the undivided interest of the unit owner in the property as provided herein.

A copy of the court’s declaration under paragraph (2) of this subsection (c) shall be recorded by the municipality in the office of the recorder of deeds in the county where the property is located against both the individual units and owners and the general property. The court’s declaration shall be forwarded to the county assessor’s office in the county where the property is located.

(d) If a court finds that property is subject to paragraph (2) of subsection (c) of this Section, the court may upon a motion filed, notice

given to all owners and other parties in interest as provided in subsection (b) and those parties having an opportunity to be heard, authorize the receiver to enter into a sales contract and transfer the title of the property on behalf of the owners of the property. In the event of such a sale, the net proceeds of the sale, after payment of all the receiver's costs, time, expenses, and fees as approved by the court, shall be deposited into an escrow account. Proceeds in the escrow account shall be segregated into the respective shares of each unit owner as determined under subparagraph (C) of paragraph (2) of subsection (c) of this Section and shall be distributed from each respective share as follows: (1) to pay taxes attributable to the unit owner; then (2) to pay other liens attributable to the unit owner; and then (3) to pay each unit owner any remaining sums from his or her respective share.

(e) A receiver appointed under this Section shall have possession of the property and shall have full power and authority to operate, manage, and conserve the property. A receiver appointed pursuant to this Section must manage the property as would a prudent person. A receiver may, without an order of the court, delegate managerial functions to a person in the business of managing real estate of the kind involved who is financially responsible and prudently selected.

Without limiting the foregoing, a receiver during such time shall have the power and authority to:

(1) secure, clean, board and enclose, and keep secure, clean, boarded and enclosed, the property or any portion of the property;

(2) secure tenants and execute leases for the property, the duration and terms of which are reasonable and customary for the type of use involved, and the leases shall have the same priority as if made by the owner of the property;

(3) collect the rents, issues, and profits, including assessments which have been or may be levied;

(4) insure the property against loss by fire or other casualty;

(5) employ counsel, custodians, janitors, and other help;

(6) pay taxes which may have been or may be levied against the property;

(7) maintain or disconnect, as appropriate, any essential utility to the property;

New matter indicated by italics - deletions by strikeout.
(8) make repairs and improvements necessary to comply with building, housing, and other similar codes;

(9) hold receipts as reserves as reasonably required for the foregoing purposes; and

(10) exercise the other powers as are granted to the receiver by the appointing court.

(f) If the court orders the appointment of a receiver, the receiver may use the rents and issues of the property toward maintenance, repair, and rehabilitation of the property prior to and despite any assignment of rents; and the court may further authorize the receiver to recover the cost of any feasibility study, sale, management, maintenance, repair, and rehabilitation by the issuance and sale of notes or receiver's certificates bearing such interest as the court may fix, and the notes or certificates, after their initial issuance and transfer by the receiver, shall be freely transferable and when sold or transferred by the receiver in return for a valuable consideration in money, material, labor, or services shall be a first lien upon the real estate and the rents and issues thereof and shall be superior to all prior assignments of rents and all prior existing liens and encumbrances, except taxes; provided, that within 90 days of the sale or transfer for value by the receiver of a note or certificate, the holder thereof shall file notice of the lien in the office of the recorder in the county in which the real estate is located. The notice of the lien filed shall set forth (i) a description of the real estate affected sufficient for the identification thereof, (ii) the face amount of the receiver's note or certificate, together with the interest payable thereon, and (iii) the date when the receiver's note or certificate was sold or transferred for value by the receiver. Upon payment to the holder of the receiver's note or certificate of the face amount thereof together with any interest thereon to the date of payment, and upon the filing of record of a sworn statement of such payment, the lien of such certificate shall be released. The lien may be enforced by proceedings to foreclose as in the case of a mortgage or a mechanics lien, and the action to foreclose the lien may be commenced at any time after the date of default. For the purposes of this subsection, the date of default shall be deemed to occur 30 days from the date of issuance of the receiver's certificate if at that time the certificate remains unpaid in whole or in part. The receiver's lien shall be paid upon the sale of the property as set forth in subsection (d) of this Section.

(b) In a county in which one commissioner was elected at the general election in 1992 to serve for a term of 4 years and in which 2 commissioners will be elected at the general election in 1994, the commissioner elected in 1994 and receiving the greatest number of votes shall serve for a term of 6 years. Section 5. The Illinois Power Agency Act is amended by adding
Section 1-92 as follows:

(20 ILCS 3855/1-92 new)

New matter indicated by italics - deletions by strikeout.
Sec. 1-92. Aggregation of electrical load by municipalities and counties.

(a) The corporate authorities of a municipality or county board of a county may adopt an ordinance under which it may aggregate in accordance with this Section residential and small commercial retail electrical loads located, respectively, within the municipality or the unincorporated areas of the county and, for that purpose, may solicit bids and enter into service agreements to facilitate for those loads the sale and purchase of electricity and related services and equipment.

The corporate authorities or county board may also exercise such authority jointly with any other municipality or county. Two or more municipalities or counties, or a combination of both, may initiate a process jointly to authorize aggregation by a majority vote of each particular municipality or county as required by this Section.

If the corporate authorities or the county board seek to operate the aggregation program as an opt-out program for residential and small commercial retail customers, then prior to the adoption of an ordinance with respect to aggregation of residential and small commercial retail electric loads, the corporate authorities of a municipality or the county board of a county shall submit a referendum to its residents to determine whether or not the aggregation program shall operate as an opt-out program for residential and small commercial retail customers.

In addition to the notice and conduct requirements of the general election law, notice of the referendum shall state briefly the purpose of the referendum. The question of whether the corporate authorities or the county board shall adopt an opt-out aggregation program for residential and small commercial retail customers shall be submitted to the electors of the municipality or county board at a regular election and approved by a majority of the electors voting on the question. The corporate authorities or county board must certify to the proper election authority, which must submit the question at an election in accordance with the Election Code.

The election authority must submit the question in substantially the following form:

Shall the (municipality or county in which the question is being voted upon) have the authority to arrange for the supply of electricity for its residential and small commercial retail customers who have not opted out of such program?

The election authority must record the votes as "Yes" or "No".

New matter indicated by italics - deletions by strikeout.
If a majority of the electors voting on the question vote in the affirmative, then the corporate authorities or county board may implement an opt-out aggregation program for residential and small commercial retail customers.

A referendum must pass in each particular municipality or county that is engaged in the aggregation program. If the referendum fails, then the corporate authorities or county board shall operate the aggregation program as an opt-in program for residential and small commercial retail customers.

An ordinance under this Section shall specify whether the aggregation will occur only with the prior consent of each person owning, occupying, controlling, or using an electric load center proposed to be aggregated. Nothing in this Section, however, authorizes the aggregation of electric loads that are served or authorized to be served by an electric cooperative as defined by and pursuant to the Electric Supplier Act or loads served by a municipality that owns and operates its own electric distribution system. No aggregation shall take effect unless approved by a majority of the members of the corporate authority or county board voting upon the ordinance.

A governmental aggregator under this Section is not a public utility or an alternative retail electric supplier.

(b) Upon the applicable requisite authority under this Section, the corporate authorities or the county board, with assistance from the Illinois Power Agency, shall develop a plan of operation and governance for the aggregation program so authorized. Before adopting a plan under this Section, the corporate authorities or county board shall hold at least 2 public hearings on the plan. Before the first hearing, the corporate authorities or county board shall publish notice of the hearings once a week for 2 consecutive weeks in a newspaper of general circulation in the jurisdiction. The notice shall summarize the plan and state the date, time, and location of each hearing. Any load aggregation plan established pursuant to this Section shall:

(1) provide for universal access to all applicable residential customers and equitable treatment of applicable residential customers;

(2) describe demand management and energy efficiency services to be provided to each class of customers; and

(3) meet any requirements established by law concerning aggregated service offered pursuant to this Section.

New matter indicated by italics - deletions by strikeout.
(c) The process for soliciting bids for electricity and other related services and awarding proposed agreements for the purchase of electricity and other related services shall be conducted in the following order:

(1) The corporate authorities or county board may solicit bids for electricity and other related services.

(2) Notwithstanding Section 16-122 of the Public Utilities Act and Section 2HH of the Consumer Fraud and Deceptive Business Practices Act, an electric utility that provides residential and small commercial retail electric service in the aggregate area must, upon request of the corporate authorities or the county board in the aggregate area, submit to the requesting party, in an electronic format, those names and addresses of residential and small commercial retail customers in the aggregate area that are reflected in the electric utility's records at the time of the request. Any corporate authority or county board receiving customer information from an electric utility shall be subject to the limitations on the disclosure of the information described in Section 16-122 of the Public Utilities Act and Section 2HH of the Consumer Fraud and Deceptive Business Practices Act, and an electric utility shall not be held liable for any claims arising out of the provision of information pursuant to this item (2).

(d) If the corporate authorities or county board operate under an opt-in program for residential and small commercial retail customers, then the corporate authorities or county board shall comply with all of the following:

(1) Within 60 days after receiving the bids, the corporate authorities or county board shall allow residential and small commercial retail customers to commit to the terms and conditions of a bid that has been selected by the corporate authorities or county board.

(2) If (A) the corporate authorities or county board award proposed agreements for the purchase of electricity and other related services and (B) an agreement is reached between the corporate authorities or county board for those services, then customers committed to the terms and conditions according to item (1) of this subsection (d) shall be committed to the agreement.

(e) If the corporate authorities or county board operate as an opt-out program for residential and small commercial retail customers, then it shall be the duty of the aggregated entity to fully inform residential and

small commercial retail customers in advance that they have the right to opt out of the aggregation program. The disclosure shall prominently state all charges to be made and shall include full disclosure of the cost to obtain service pursuant to Section 16-103 of the Public Utilities Act, how to access it, and the fact that it is available to them without penalty, if they are currently receiving service under that Section. The Illinois Power Agency shall furnish, without charge, to any citizen a list of all supply options available to them in a format that allows comparison of prices and products.

The Illinois Power Agency shall provide assistance to municipalities, counties, or associations working with municipalities to help complete the plan and bidding process.

This Section does not prohibit municipalities or counties from entering into an intergovernmental agreement to aggregate residential and small commercial retail electric loads.

Article 2. Jurisdiction
Section 201. Definitions; significant connection factors.
(a) In this Article:

(1) "Emergency" means a circumstance that likely will result in substantial harm to a respondent's health, safety, or welfare, and for which the appointment of a guardian is necessary because no other person has authority and is willing to act on the respondent's behalf.

(2) "Home state" means the state in which the respondent was physically present, including any period of temporary absence, for at least six consecutive months immediately before the filing of a petition for a protective order or the appointment of a guardian; or if none, the state in which the respondent was physically present, including any period of temporary absence, for at least six consecutive months ending within the six months prior to the filing of the petition.

(3) "Significant-connection state" means a state, other than the home state, with which a respondent has a significant connection other than mere physical presence and in which substantial evidence concerning the respondent is available.

(b) In determining under Section 203 and Section 301(e) whether a respondent has a significant connection with a particular state, the court shall consider:

(1) the location of the respondent's family and other persons required to be notified of the guardianship or protective proceeding;

(2) the length of time the respondent at any time was physically present in the state and the duration of any absence;

(3) the location of the respondent's property; and

Section 202. Exclusive basis. This Article provides the exclusive jurisdictional basis for a court of this state to appoint a guardian or issue a protective order for an adult.

Section 203. Jurisdiction. A court of this state has jurisdiction to appoint a guardian or issue a protective order for a respondent if:

(1) this state is the respondent’s home state;
(2) on the date the petition is filed, this state is a significant-connection state and:
   (A) the respondent does not have a home state or a court of the respondent's home state has declined to exercise jurisdiction because this state is a more appropriate forum; or
   (B) the respondent has a home state, a petition for an appointment or order is not pending in a court of that state or another significant-connection state, and, before the court makes the appointment or issues the order:
      (i) a petition for an appointment or order is not filed in the respondent's home state;
      (ii) an objection to the court's jurisdiction is not filed by a person required to be notified of the proceeding; and
      (iii) the court in this state concludes that it is an appropriate forum under the factors set forth in Section 206;
(3) this state does not have jurisdiction under either paragraph (1) or (2), the respondent's home state and all significant-connection states have declined to exercise jurisdiction because this state is the more appropriate forum, and jurisdiction in this state is consistent with the constitutions of this state and the United States; or
(4) the requirements for special jurisdiction under Section 204 are met.

Section 204. Special jurisdiction.

(a) A court of this state lacking jurisdiction under Section 203(1) through (3) has special jurisdiction to do any of the following:

Section 205. Exclusive and continuing jurisdiction. Except as otherwise provided in Section 204, a court that has appointed a guardian or issued a protective order consistent with this Act has exclusive and continuing jurisdiction over the proceeding until it is terminated by the court or the appointment or order expires by its own terms.

Section 206. Appropriate forum.

(a) A court of this state having jurisdiction under Section 203 to appoint a guardian or issue a protective order may decline to exercise its jurisdiction if it determines at any time that a court of another state is a more appropriate forum.

(b) If a court of this state declines to exercise its jurisdiction under subsection (a), it shall either dismiss or stay the proceeding. The court may impose any condition the court considers just and proper, including the condition that a petition for the appointment of a guardian or issuance of a protective order be filed promptly in another state.

(c) In determining whether it is an appropriate forum, the court shall consider all relevant factors, including:

(1) any expressed preference of the respondent;

(2) whether abuse, neglect, or exploitation of the respondent has occurred or is likely to occur and which state could best protect the respondent from the abuse, neglect, or exploitation;

(9) if an appointment were made, the court's ability to monitor the conduct of the guardian or conservator.

Section 207. Jurisdiction declined by reason of conduct.
(a) If at any time a court of this state determines that it acquired jurisdiction to appoint a guardian or issue a protective order because of unjustifiable conduct, the court may:
(1) decline to exercise jurisdiction;
(2) exercise jurisdiction for the limited purpose of fashioning an appropriate remedy to ensure the health, safety, and welfare of the respondent or the protection of the respondent's property or prevent a repetition of the unjustifiable conduct, including staying the proceeding until a petition for the appointment of a guardian or issuance of a protective order is filed in a court of another state having jurisdiction; or
(3) continue to exercise jurisdiction after considering:
   (A) the extent to which the respondent and all persons required to be notified of the proceedings have acquiesced in the exercise of the court's jurisdiction;
   (B) whether it is a more appropriate forum than the court of any other state under the factors set forth in Section 206(c); and
   (C) whether the court of any other state would have jurisdiction under factual circumstances in substantial conformity with the jurisdictional standards of Section 203.
(b) If a court of this state determines that it acquired jurisdiction to appoint a guardian or issue a protective order because a party seeking to invoke its jurisdiction engaged in unjustifiable conduct, it may assess against that party necessary and reasonable expenses, including attorney's fees, investigative fees, court costs, communication expenses, witness fees and expenses, and travel expenses. The court may not assess fees, costs, or expenses of any kind against this state or a governmental subdivision, agency, or instrumentality of this state unless authorized by law other than this Act.

New matter indicated by italics - deletions by strikeout.
Section 208. Notice of proceeding. If a petition for the appointment of a guardian or issuance of a protective order is brought in this state and this state was not the respondent’s home state on the date the petition was filed, in addition to complying with the notice requirements of this state, notice of the petition must be given to those persons who would be entitled to notice of the petition if a proceeding were brought in the respondent’s home state. The notice must be given in the same manner as notice is required to be given in this state.

Section 209. Proceedings in more than one state. Except for a petition for the appointment of a guardian in an emergency or issuance of a protective order limited to property located in this state under Section 204(a)(1) or (a)(2), if a petition for the appointment of a guardian or issuance of a protective order is filed in this state and in another state and neither petition has been dismissed or withdrawn, the following rules apply:

(1) If the court in this state has jurisdiction under Section 203, it may proceed with the case unless a court in another state acquires jurisdiction under provisions similar to Section 203 before the appointment or issuance of the order.

(2) If the court in this state does not have jurisdiction under Section 203, whether at the time the petition is filed or at any time before the appointment or issuance of the order, the court shall stay the proceeding and communicate with the court in the other state. If the court in the other state has jurisdiction, the court in this state shall dismiss the petition unless the court in the other state determines that the court in this state is a more appropriate forum.

Article 3. Transfer of Guardianship or Conservatorship

Section 301. Transfer of guardianship or conservatorship to another state.

(a) A guardian or conservator appointed in this state may petition the court to transfer the guardianship or conservatorship to another state.

(c) On the court's own motion or on request of the guardian or conservator, the incapacitated or protected person, or other person required to be notified of the petition, the court shall hold a hearing on a petition filed pursuant to subsection (a).

New matter indicated by italics - deletions by strikeout.
(d) The court shall issue an order provisionally granting a petition to transfer a guardianship and shall direct the guardian to petition for guardianship in the other state if the court is satisfied that the guardianship will be accepted by the court in the other state and the court finds that:

1. the incapacitated person is physically present in or is reasonably expected to move permanently to the other state;
2. an objection to the transfer has not been made or, if an objection has been made, the objector has not established that the transfer would be contrary to the interests of the incapacitated person; and
3. plans for care and services for the incapacitated person in the other state are reasonable and sufficient.

(e) The court shall issue a provisional order granting a petition to transfer a conservatorship and shall direct the conservator to petition for conservatorship in the other state if the court is satisfied that the conservatorship will be accepted by the court of the other state and the court finds that:

1. the protected person is physically present in or is reasonably expected to move permanently to the other state, or the protected person has a significant connection to the other state considering the factors in Section 201(b);
2. an objection to the transfer has not been made or, if an objection has been made, the objector has not established that the transfer would be contrary to the interests of the protected person; and
3. adequate arrangements will be made for management of the protected person's property.

(f) The court shall issue a final order confirming the transfer and terminating the guardianship or conservatorship upon its receipt of:

1. a provisional order accepting the proceeding from the court to which the proceeding is to be transferred which is issued under provisions similar to Section 302; and
2. the documents required to terminate a guardianship or conservatorship in this state.

guardianship or conservatorship. The petition must include a certified copy of the other state's provisional order of transfer.

(b) Notice of a petition under subsection (a) must be given to those persons that would be entitled to notice if the petition were a petition for the appointment of a guardian or issuance of a protective order in both the transferring state and this state. The notice must be given in the same manner as notice is required to be given in this state.

(c) On the court's own motion or on request of the guardian or conservator, the incapacitated or protected person, or other person required to be notified of the proceeding, the court shall hold a hearing on a petition filed pursuant to subsection (a).

(d) The court shall issue an order provisionally granting a petition filed under subsection (a) unless:

1. an objection is made and the objector establishes that transfer of the proceeding would be contrary to the interests of the incapacitated or protected person; or
2. the guardian or conservator is ineligible for appointment in this state.

(e) The court shall issue a final order accepting the proceeding and appointing the guardian or conservator as guardian or conservator in this state upon its receipt from the court from which the proceeding is being transferred of a final order issued under provisions similar to Section 301 transferring the proceeding to this state.

(f) Not later than 90 days after issuance of a final order accepting transfer of a guardianship or conservatorship, the court shall determine whether the guardianship or conservatorship needs to be modified to conform to the law of this state.

(g) In granting a petition under this Section, the court shall recognize a guardianship or conservatorship order from the other state, including the determination of the incapacitated or protected person's incapacity and the appointment of the guardian or conservator.

(h) The denial by a court of this state of a petition to accept a guardianship or conservatorship transferred from another state does not affect the ability of the guardian or conservator to seek appointment as guardian or conservator in this state under the Probate Act of 1975 if the court has jurisdiction to make an appointment other than by reason of the provisional order of transfer.

(705 ILCS 405/5-745)
Sec. 5-745. Court review.
(1) The court may require any legal custodian or guardian of the person appointed under this Act to report periodically to the court or may cite him or her into court and require him or her, or his or her agency, to make a full and accurate report of his or her or its doings in behalf of the minor. This study shall address the extent to which Illinois currently complies with the provisions of P.L. 102-321 and the rules promulgated pursuant thereto.

As part of its report, the Commission shall provide the following essential information:

New matter indicated by italics - deletions by strikeout.
(i) the number of retail distributors of tobacco products, by type and geographic area, in the State;

To obtain the data necessary to comply with the provisions of P.L. 102-321 and the requirements of this report, the Commission shall conduct random, unannounced inspections of a geographically and scientifically representative sample of the State's retail tobacco distributors.

The Commission shall consult with the Department of Public Health, the Department of Human Services, the Illinois State Police and any other executive branch agency, and private organizations that may have information relevant to this report.

(14) On or before April 30, 2008 and every 2 years thereafter, the Commission shall present a written report to the Governor and the General Assembly that shall be based on a study of the impact of this amendatory Act of the 95th General Assembly on the business of soliciting, selling, and shipping wine from inside and outside of this State directly to residents of this State. As part of its report, the Commission shall provide all of the following information:

(A) The amount of State excise and sales tax revenues generated.

New matter indicated by italics - deletions by strikeout.
(B) The amount of licensing fees received.
(C) The number of cases of wine shipped from inside and outside of this State directly to residents of this State.
(D) The number of alcohol compliance operations conducted.
(E) The number of winery shipper's licenses issued.
(F) The number of each of the following: reported violations; cease and desist notices issued by the Commission; notices of violations issued by the Commission and to the Department of Revenue; and notices and complaints of violations to law enforcement officials, including, without limitation, the Illinois Attorney General and the U.S. Department of Treasury's Alcohol and Tobacco Tax and Trade Bureau.

(15) As a means to reduce the underage consumption of alcoholic liquors, the Commission shall conduct alcohol compliance operations to investigate whether businesses that are soliciting, selling, and shipping wine from inside or outside of this State directly to residents of this State are licensed by this State or are selling or attempting to sell wine to persons under 21 years of age in violation of this Act.

(16) The Commission shall, in addition to notifying any appropriate law enforcement agency, submit notices of complaints or violations of Sections 6-29 and 6-29.1 by persons who do not hold a winery shipper's license under this amendatory Act to the Illinois Attorney General and to the U.S. Department of Treasury's Alcohol and Tobacco Tax and Trade Bureau.

(17) (A) A person licensed to make wine under the laws of another state who has a winery shipper's license under this amendatory Act and annually produces less than 25,000 gallons of wine or a person who has a first-class or second-class wine manufacturer's license, a first-class or second-class wine-maker's license, or a limited wine manufacturer's license under this Act and annually produces less than 25,000 gallons of wine may make application to the Commission for a self-distribution exemption to allow the sale of not more than 5,000 gallons of the exemption holder's wine to retail licensees per year.

New matter indicated by italics - deletions by strikeout.
(B) In the application, which shall be sworn under penalty of perjury, such person shall state (1) the date it was established; (2) its volume of production and sales for each year since its establishment; (3) its efforts to establish distributor relationships; (4) that a self-distribution exemption is necessary to facilitate the marketing of its wine; and (5) that it will comply with the liquor and revenue laws of the United States, this State, and any other state where it is licensed.

(C) The Commission shall approve the application for a self-distribution exemption if such person: (1) is in compliance with State revenue and liquor laws; (2) is not a member of any affiliated group that produces more than 25,000 gallons of wine per annum or produces any other alcoholic liquor; (3) will not annually produce for sale more than 25,000 gallons of wine; and (4) will not annually sell more than 5,000 gallons of its wine to retail licensees.

(D) A self-distribution exemption holder shall annually certify to the Commission its production of wine in the previous 12 months and its anticipated production and sales for the next 12 months. The Commission may fine, suspend, or revoke a self-distribution exemption after a hearing if it finds that the exemption holder has made a material misrepresentation in its application, violated a revenue or liquor law of Illinois, exceeded production of 25,000 gallons of wine in any calendar year, or become part of an affiliated group producing more than 25,000 gallons of wine or any other alcoholic liquor.

(E) Except in hearings for violations of this Act or amendatory Act or a bona fide investigation by duly sworn law enforcement officials, the Commission, or its agents, the Commission shall maintain the production and sales information of a self-distribution exemption holder as confidential and shall not release such information to any person.

(F) The Commission shall issue regulations governing self-distribution exemptions consistent with this Section and this Act.

New matter indicated by italics - deletions by strikeout.
(G) Nothing in this subsection (17) shall prohibit a self-distribution exemption holder from entering into or simultaneously having a distribution agreement with a licensed Illinois distributor.

(H) It is the intent of this subsection (17) to promote and continue orderly markets. The General Assembly finds that in order to preserve Illinois’ regulatory distribution system it is necessary to create an exception for smaller makers of wine as their wines are frequently adjusted in varietals, mixes, vintages, and taste to find and create market niches sometimes too small for distributor or importing distributor business strategies. Limited self-distribution rights will afford and allow smaller makers of wine access to the marketplace in order to develop a customer base without impairing the integrity of the 3-tier system.

(b) On or before April 30, 1999, the Commission shall present a written report to the Governor and the General Assembly that shall be based on a study of the impact of this amendatory Act of 1998 on the business of soliciting, selling, and shipping alcoholic liquor from outside of this State directly to residents of this State.

As part of its report, the Commission shall provide the following information:

(i) the amount of State excise and sales tax revenues generated as a result of this amendatory Act of 1998;
(ii) the amount of licensing fees received as a result of this amendatory Act of 1998;
(iii) the number of reported violations, the number of cease and desist notices issued by the Commission, the number of notices of violations issued to the Department of Revenue, and the number of notices and complaints of violations to law enforcement officials.

This subsection (e) is a limitation under subsection (i) of Section 6 of Article VII of the Illinois Constitution on the concurrent exercise by home rule units of powers and functions exercised by the State.

(f) A licensee who is the subject of an enforcement action or "sting operation" under this Section and is found, pursuant to the enforcement
action, to be in compliance with this Act shall be notified by the enforcement agency action that no violation was found within 30 days after the finding.

(1) The court may enter an order of continuance under supervision for an offense other than first degree murder, a Class X felony or a forcible felony (a) upon an admission or stipulation by the appropriate respondent or minor respondent of the facts supporting the petition and before proceeding to adjudication, or after hearing the evidence at the trial, and (b) in the absence of objection made in open court by the minor, his or her parent, guardian, or legal custodian, the minor's attorney or the State's Attorney.

(2) If the minor, his or her parent, guardian, or legal custodian, the minor's attorney or State's Attorney objects in open court to any continuance and insists upon proceeding to findings and adjudication, the court shall so proceed.

(3) Nothing in this Section limits the power of the court to order a continuance of the hearing for the production of additional evidence or for any other proper reason.

(4) When a hearing where a minor is alleged to be a delinquent is continued pursuant to this Section, the period of continuance under supervision may not exceed 24 months. motion, or that of the State's Attorney, or, at the request of the minor after
notice and hearing.
(7) If a petition is filed charging a violation of a condition of the
continuance under supervision, the court shall conduct a hearing. If the
court finds that a condition of supervision has not been fulfilled, the court
may proceed to findings and adjudication and disposition. The filing of a

determination of the charge, and the term of the continuance under
supervision shall not run until the hearing and disposition of the petition
for violation; provided where the petition alleges conduct that does not

the filing of the petition unless a delay shall continue the tolling of the
period of continuance under supervision for the period of the delay.
(8) When a hearing in which a minor is alleged to be a delinquent
for reasons that include a violation of Section 21-1.3 of the Criminal Code

community service for not less than 30 and not more than 120 hours, if
community service is available in the jurisdiction. The community service
shall include, but need not be limited to, the cleanup and repair of the
damage that was caused by the alleged violation or similar damage to

(8.5) When a hearing in which a minor is alleged to be a delinquent for reasons that include a violation of Section 3.02 or Section 3.03 of the Humane Care for Animals Act or paragraph (d) of subsection (1) of Section 21-1 of the Criminal Code of 1961 is continued under this Section, the court shall, as a condition of the continuance under supervision, require the minor to undergo medical or psychiatric treatment rendered by a psychiatrist or psychological treatment rendered by a clinical psychologist. The condition may be in addition to any other condition.

(9) When a hearing in which a minor is alleged to be a delinquent is continued under this Section, the court, before continuing the case, shall make a finding whether the offense alleged to have been committed either: (i) was related to or in furtherance of the activities of an organized gang or was motivated by the minor's membership in or allegiance to an organized gang, or (ii) is a violation of paragraph (13) of subsection (a) of Section 12-2 of the Criminal Code of 1961, a violation of any Section of Article 24 of the Criminal Code of 1961, or a violation of any statute that involved the unlawful use of a firearm. If the court determines the question in the affirmative the court shall, as a condition of the continuance under supervision and as part of or in addition to any other condition of the supervision, require the minor to perform community service for not less than 30 hours, provided that community service is available in the jurisdiction and is funded and approved by the county board of the county where the offense was committed. The community service shall include, but need not be limited to, the cleanup and repair of any damage caused by an alleged violation of Section 21-1.3 of the Criminal Code of 1961 and similar damage to property located in the municipality or county in which the alleged violation occurred. When possible and reasonable, the community service shall be performed in the minor's neighborhood. For the purposes of this Section, "organized gang" has the meaning ascribed to it in Section 10 of the Illinois Streetgang Terrorism Omnibus Prevention Act.

(10) The court shall impose upon a minor placed on supervision, as a condition of the supervision, a fee of $25 for each month of supervision ordered by the court, unless after determining the inability of the minor placed on supervision to pay the fee, the court assesses a lesser amount. The court may not impose the fee on a minor who is made a ward of the

State under this Act while the minor is in placement. The fee shall be imposed only upon a minor who is actively supervised by the probation and court services department. A court may order the parent, guardian, or legal custodian of the minor to pay some or all of the fee on the minor’s behalf.

(11) If a minor is placed on supervision for a violation of subsection (a-7) of Section 1 of the Prevention of Tobacco Use by Minors Act, the court may, in its discretion, and upon recommendation by the State’s Attorney, order that minor and his or her parents or legal guardian to attend a smoker's education or youth diversion program as defined in that Act if that program is available in the jurisdiction where the offender resides. Attendance at a smoker's education or youth diversion program shall be time-credited against any community service time imposed for any first violation of subsection (a-7) of Section 1 of that Act. In addition to any other penalty that the court may impose for a violation of subsection (a-7) of Section 1 of that Act, the court, upon request by the State’s Attorney, may in its discretion require the offender to remit a fee for his or her attendance at a smoker's education or youth diversion program.

For purposes of this Section, "smoker's education program" or "youth diversion program" includes, but is not limited to, a seminar designed to educate a person on the physical and psychological effects of smoking tobacco products and the health consequences of smoking tobacco products that can be conducted with a locality's youth diversion program.

In addition to any other penalty that the court may impose under this subsection (11):

(a) If a minor violates subsection (a-7) of Section 1 of the Prevention of Tobacco Use by Minors Act, the court may impose a sentence of 15 hours of community service or a fine of $25 for a first violation.

(b) A second violation by a minor of subsection (a-7) of Section 1 of that Act that occurs within 12 months after the first violation is punishable by a fine of $50 and 25 hours of community service.

(c) A third or subsequent violation by a minor of subsection (a-7) of Section 1 of that Act that occurs within 12 months after the first violation is punishable by a $100 fine and 30 hours of community service.

New matter indicated by italics - deletions by strikeout.
(d) Any second or subsequent violation not within the 12-month time period after the first violation is punishable as provided for a first violation.

(i) put on probation or conditional discharge and released to his or her parents, guardian or legal custodian, provided, however, that any such minor who is not committed to the Department of Juvenile Justice under this subsection and who is found to be a delinquent for an offense which is first degree murder, a Class X felony, or a forcible felony shall be placed on probation;

AN ACT concerning transportation.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Vehicle Code is amended by changing Sections 2-118 and 6-206.1 as follows:

(625 ILCS 5/2-118) (from Ch. 95 1/2, par. 2-118)
Sec. 2-118. Hearings.
(a) Upon the suspension, revocation or denial of the issuance of a license, permit, registration or certificate of title under this Code of any person the Secretary of State shall immediately notify such person in writing and upon his written request shall, within 20 days after receipt thereof, set a date for a hearing to commence within 90 calendar days from the date of the written request for all requests related to a suspension, revocation, or the denial of the issuance of a license, permit, registration, or certificate of title occurring after July 1, 2002, in the County of Sangamon, the County of Jefferson, or the County of Cook, as such person may specify, unless both parties agree that such hearing may be held in some other county. The Secretary may require the payment of a fee of not more than $50 for the filing of any petition, motion, or request for hearing conducted pursuant to this Section. These fees must be deposited into the Secretary of State DUI Administration Fund, a special fund created in the State treasury, and, subject to appropriation and as directed by the Secretary of State, shall be used for operation of the Department of Administrative Hearings of the Office of the Secretary of State and for no other purpose. The Secretary shall establish by rule the amount and the procedures, terms, and conditions relating to these fees.

(b) At any time after the suspension, revocation or denial of a license, permit, registration or certificate of title of any person as hereinbefore referred to, the Secretary of State, in his or her discretion and without the necessity of a request by such person, may hold such a hearing, upon not less than 10 days' notice in writing, in the Counties of Sangamon, Jefferson, or Cook or in any other county agreed to by the parties.

(c) Upon any such hearing, the Secretary of State, or his authorized agent may administer oaths and issue subpoenas for the attendance of witnesses and the production of relevant books and records and may require an examination of such person. Upon any such hearing, the

Secretary of State shall either rescind or, good cause appearing therefor, continue, change or extend the Order of Revocation or Suspension, or upon petition therefore and subject to the provisions of this Code, issue a restricted driving permit or reinstate the license or permit of such person.

(d) All hearings and hearing procedures shall comply with requirements of the Constitution, so that no person is deprived of due process of law nor denied equal protection of the laws. All hearings shall be held before the Secretary of State or before such persons as may be designated by the Secretary of State and appropriate records of such hearings shall be kept. Where a transcript of the hearing is taken, the person requesting the hearing shall have the opportunity to order a copy thereof at his own expense. The Secretary of State shall enter an order upon any hearing conducted under this Section, related to a suspension, revocation, or the denial of the issuance of a license, permit, registration, or certificate of title occurring after July 1, 2002, within 90 days of its conclusion and shall immediately notify the person in writing of his or her action.

(d-5) Any hearing over which the Secretary of State has jurisdiction because of a person's implied consent to testing of the person's blood, breath, or urine for the presence of alcohol, drugs, or intoxicating compounds may be conducted upon a review of the official police reports. Either party, however, may subpoena the arresting officer and any other law enforcement officer who was involved in the petitioner's arrest or processing after arrest, as well as any other person whose testimony may be probative to the issues at the hearing. The failure of a law enforcement officer to answer the subpoena shall be considered grounds for a continuance if, in the hearing officer's discretion, the continuance is appropriate. The failure of the arresting officer to answer a subpoena shall not, in and of itself, be considered grounds for the rescission of an implied consent suspension. Rather, the hearing shall proceed on the basis of the other evidence available, and the hearing officer shall assign this evidence whatever probative value is deemed appropriate. The decision whether to rescind shall be based upon the totality of the evidence.

(e) The action of the Secretary of State in suspending, revoking or denying any license, permit, registration, or certificate of title shall be subject to judicial review in the Circuit Court of Sangamon County, in the Circuit Court of Jefferson County, or in the Circuit Court of Cook County, and the provisions of the Administrative Review Law, and all amendments and modifications thereto, and the rules adopted pursuant thereto, are

(625 ILCS 5/6-206.1) (from Ch. 95 1/2, par. 6-206.1)

Sec. 6-206.1. Monitoring Device Driving Permit. Declaration of Policy. It is hereby declared a policy of the State of Illinois that the driver who is impaired by alcohol, other drug or drugs, or intoxicating compound or compounds is a threat to the public safety and welfare. Therefore, to provide a deterrent to such practice, a statutory summary driver's license suspension is appropriate. It is also recognized that driving is a privilege and therefore, that the granting of driving privileges, in a manner consistent with public safety, is warranted during the period of suspension in the form of a monitoring device driving permit. A person who drives and fails to comply with the requirements of the monitoring device driving permit commits a violation of Section 6-303 of this Code.

The following procedures shall apply whenever a first offender is arrested for any offense as defined in Section 11-501 or a similar provision of a local ordinance:

(a) Subsequent to a notification of a statutory summary suspension of driving privileges as provided in Section 11-501.1, the court, after informing the first offender, as defined in Section 11-500, of his or her right to a monitoring device driving permit, hereinafter referred to as a MDDP, and of the obligations of the MDDP, shall enter an order directing the Secretary of State (hereinafter referred to as the Secretary) to issue a MDDP to the offender, unless the offender has opted, in writing, not to have a MDDP issued. After opting out of having a MDDP issued, at any time during the summary suspension, the offender may petition the court for an order directing the Secretary to issue a MDDP. However, the court shall not enter the order directing the Secretary to issue the MDDP, in any instance, if the court finds:

(1) The offender's driver's license is otherwise invalid;
(2) Death or great bodily harm resulted from the arrest for Section 11-501;
(3) That the offender has been previously convicted of reckless homicide or aggravated driving under the influence involving death; or
(4) That the offender is less than 18 years of age.

Any court order for a MDDP shall order the person to pay the Secretary a MDDP Administration Fee in an amount not to exceed $30 per
month, to be deposited into the Monitoring Device Driving Permit Administration Fee Fund. The Secretary shall establish by rule the amount and the procedures, terms, and conditions relating to these fees. The order shall further specify that the offender must have an ignition interlock device installed within 14 days of the date the Secretary issues the MDDP. The ignition interlock device provider must notify the Secretary, in a manner and form prescribed by the Secretary, of the installation. If the Secretary does not receive notice of installation, the Secretary shall cancel the MDDP.

A MDDP shall not become effective prior to the 31st day of the original statutory summary suspension.

(a-1) A person issued a MDDP may drive for any purpose and at any time, subject to the rules adopted by the Secretary under subsection (g). The person must, at his or her own expense, drive only vehicles equipped with an ignition interlock device as defined in Section 1-129.1, but in no event shall such person drive a commercial motor vehicle.

(a-2) Persons who are issued a MDDP and must drive employer-owned vehicles in the course of their employment duties may seek permission to drive an employer-owned vehicle that does not have an ignition interlock device. The employer shall provide to the Secretary a form, as prescribed by the Secretary, completed by the employer verifying that the employee must drive an employer-owned vehicle in the course of employment. If approved by the Secretary, the form must be in the driver's possession while operating an employer-owned vehicle not equipped with an ignition interlock device. No person may use this exemption to drive a school bus, school vehicle, or a vehicle designed to transport more than 15 passengers. No person may use this exemption to drive an employer-owned motor vehicle that is owned by an entity that is wholly or partially owned by the person holding the MDDP, or by a family member of the person holding the MDDP. No person may use this exemption to drive an employer-owned vehicle that is made available to the employee for personal use. No person may drive the exempted vehicle more than 12 hours per day, 6 days per week.

(b) (Blank).

(c) (Blank).

(c-1) If the holder of the MDDP is convicted of or receives court supervision for a violation of Section 6-206.2, 6-303, 11-204, 11-204.1, 11-401, 11-501, 11-503, 11-506 or a similar provision of a local ordinance or a similar out-of-state offense or is convicted of or receives court

supervision for any offense for which alcohol or drugs is an element of the offense and in which a motor vehicle was involved (for an arrest other than the one for which the MDDP is issued), or de-installs the BAIID without prior authorization from the Secretary, the MDDP shall be cancelled.

(c-5) If the court determines that the person seeking the MDDP is indigent, the court shall provide the person with a written document, in a form prescribed by the Secretary, as evidence of that determination, and the person shall provide that written document to an ignition interlock device provider. The provider shall install an ignition interlock device on that person's vehicle without charge to the person, and seek reimbursement from the Indigent BAIID Fund. If the court has deemed an offender indigent, the BAIID provider shall also provide the normal monthly monitoring services and the de-installation without charge to the offender and seek reimbursement from the Indigent BAIID Fund. Any other monetary charges, such as a lockout fee or reset fee, shall be the responsibility of the MDDP holder. A BAIID provider may not seek a security deposit from the Indigent BAIID Fund. The court shall also forward a copy of the indigent determination to the Secretary, in a manner and form as prescribed by the Secretary.

(d) The Secretary shall, upon receiving a court order, issue a MDDP to a person who applies for a MDDP under this Section. Such court order shall contain the name, driver's license number, and legal address of the applicant. This information shall be available only to the courts, police officers, and the Secretary, except during the actual period the MDDP is valid, during which time it shall be a public record. The Secretary shall design and furnish to the courts an official court order form to be used by the courts when directing the Secretary to issue a MDDP.

Any submitted court order that contains insufficient data or fails to comply with this Code shall not be utilized for MDDP issuance or entered to the driver record but shall be returned to the issuing court indicating why the MDDP cannot be so entered. A notice of this action shall also be sent to the MDDP applicant by the Secretary.

(e) (Blank).

(f) (Blank).

(g) The Secretary shall adopt rules for implementing this Section. The rules adopted shall address issues including, but not limited to: compliance with the requirements of the MDDP; methods for determining compliance with those requirements; the consequences of noncompliance

with those requirements; what constitutes a violation of the MDDP; and
the duties of a person or entity that supplies the ignition interlock device.

(h) The rules adopted under subsection (g) shall provide, at a
minimum, that the person is not in compliance with the requirements of
the MDDP if he or she:

(1) tampers or attempts to tamper with or circumvent the
proper operation of the ignition interlock device;
(2) provides valid breath samples that register blood
alcohol levels in excess of the number of times allowed under the
rules;
(3) fails to provide evidence sufficient to satisfy the
Secretary that the ignition interlock device has been installed in the
designated vehicle or vehicles; or
(4) fails to follow any other applicable rules adopted by the
Secretary.

(i) Any person or entity that supplies an ignition interlock device as
provided under this Section shall, in addition to supplying only those
devices which fully comply with all the rules adopted under subsection (g),
provide the Secretary, within 7 days of inspection, all monitoring reports
of each person who has had an ignition interlock device installed. These
reports shall be furnished in a manner or form as prescribed by the
Secretary.

(j) Upon making a determination that a violation of the
requirements of the MDDP has occurred, the Secretary shall extend the
summary suspension period for an additional 3 months beyond the
originally imposed summary suspension period, during which time the
person shall only be allowed to drive vehicles equipped with an ignition
interlock device; provided further there are no limitations on the total
number of times the summary suspension may be extended. The Secretary
may, however, limit the number of extensions imposed for violations
occurring during any one monitoring period, as set forth by rule. Any
person whose summary suspension is extended pursuant to this Section
shall have the right to contest the extension through a hearing with the
Secretary, pursuant to Section 2-118 of this Code. If the summary
suspension has already terminated prior to the Secretary receiving the
monitoring report that shows a violation, the Secretary shall be authorized
to suspend the person's driving privileges for 3 months, provided that the
Secretary may, by rule, limit the number of suspensions to be entered
pursuant to this paragraph for violations occurring during any one

monitoring period. Any person whose license is suspended pursuant to this paragraph, after the summary suspension had already terminated, shall have the right to contest the suspension through a hearing with the Secretary, pursuant to Section 2-118 of this Code. The only permit the person shall be eligible for during this new suspension period is a MDDP.

(k) A person who has had his or her summary suspension extended for the third time, or has any combination of 3 extensions and new suspensions, entered as a result of a violation that occurred while holding the MDDP, so long as the extensions and new suspensions relate to the same summary suspension, shall have his or her vehicle impounded for a period of 30 days, at the person's own expense. A person who has his or her summary suspension extended for the fourth time, or has any combination of 4 extensions and new suspensions, entered as a result of a violation that occurred while holding the MDDP, so long as the extensions and new suspensions relate to the same summary suspension, shall have his or her vehicle subject to seizure and forfeiture. The Secretary shall notify the prosecuting authority of any third or fourth extensions or new suspension entered as a result of a violation that occurred while the person held a MDDP. Upon receipt of the notification, the prosecuting authority shall impound or forfeit the vehicle.

(l) A person whose driving privileges have been suspended under Section 11-501.1 of this Code and who had a MDDP that was cancelled, or would have been cancelled had notification of a violation been received prior to expiration of the MDDP, pursuant to subsection (c-1) of this Section, shall not be eligible for reinstatement when the summary suspension is scheduled to terminate. Instead, the person's driving privileges shall be suspended for a period of not less than twice the original summary suspension period, or for the length of any extensions entered under subsection (j), whichever is longer. During the period of suspension, the person shall be eligible only to apply for a restricted driving permit. If a restricted driving permit is granted, the offender may only operate vehicles equipped with an ignition interlock device BAIID in accordance with this Section, for a period of not less than twice the original summary suspension period, or for the length of any extensions entered under subsection (j), whichever is longer.

(m) Any person or entity that supplies an ignition interlock device under this Section shall, for each ignition interlock device installed, pay 5% of the total gross revenue received for the device, including monthly monitoring fees, into the Indigent BAIID Fund. This 5% shall be clearly

indicated as a separate surcharge on each invoice that is issued. The Secretary shall conduct an annual review of the fund to determine whether the surcharge is sufficient to provide for indigent users. The Secretary may increase or decrease this surcharge requirement as needed.

(n) Any person or entity that supplies an ignition interlock device under this Section that is requested to provide an ignition interlock device to a person who presents written documentation of indigency from the court, as provided in subsection (c-5) of this Section, shall install the device on the person's vehicle without charge to the person and shall seek reimbursement from the Indigent BAIID Fund.

(o) The Indigent BAIID Fund is created as a special fund in the State treasury. The Secretary shall, subject to appropriation by the General Assembly, use all money in the Indigent BAIID Fund to reimburse ignition interlock device providers who have installed devices in vehicles of indigent persons pursuant to court orders issued under this Section. The Secretary shall make payments to such providers every 3 months. If the amount of money in the fund at the time payments are made is not sufficient to pay all requests for reimbursement submitted during that 3 month period, the Secretary shall make payments on a pro-rata basis, and those payments shall be considered payment in full for the requests submitted.

(p) The Monitoring Device Driving Permit Administration Fee Fund is created as a special fund in the State treasury. The Secretary shall, subject to appropriation by the General Assembly, use the money paid into this fund to offset its administrative costs for administering MDDPs.

1. the maximum period of a term of imprisonment shall consist of the aggregate of the maximums of the imposed indeterminate terms, if any, plus the aggregate of the imposed determinate sentences for felonies plus the aggregate of the imposed determinate sentences for misdemeanors subject to paragraph (c) of this Section;

2. the parole or mandatory supervised release term shall be as provided in paragraph (e) of Section 5-8-1 of this Code for the most serious of the offenses involved;

(g) A sentence under Section 3-6-4 for escape or attempted escape shall be served consecutive to the terms under which the offender is held by the Department of Corrections.
(h) If a person charged with a felony commits a separate felony while on pre-trial release or in pretrial detention in a county jail facility or county detention facility, the sentences imposed upon conviction of these felonies shall be served consecutively regardless of the order in which the judgments of conviction are entered.

(h-1) If a person commits a battery against a county correctional officer or sheriff's employee while serving a sentence or in pretrial detention in a county jail facility, then the sentence imposed upon conviction of the battery shall be served consecutively with the sentence imposed upon conviction of the earlier misdemeanor or felony, regardless of the order in which the judgments of conviction are entered.

(i) If a person admitted to bail following conviction of a felony commits a separate felony while free on bond or if a person detained in a county jail facility or county detention facility following conviction of a felony commits a separate felony while in detention, any sentence following conviction of the separate felony shall be consecutive to that of the original sentence for which the defendant was on bond or detained.

(j) If a person is found to be in possession of an item of contraband, as defined in clause (c)(2) of Section 31A-1.1 of the Criminal Code of 1961, while serving a sentence in a penal institution or while in pre-trial detention in a county jail, the sentence imposed upon conviction for the offense of possessing contraband in a penal institution shall be served consecutively to the sentence imposed for the offense in which the person is serving sentence in the county jail or serving pretrial detention, regardless of the order in which the judgments of conviction are entered.

(30 ILCS 500/45-20)
Sec. 45-20. Recycled supplies materials. When a public contract is to be awarded to the lowest responsible bidder, an otherwise qualified bidder who will fulfill the contract through the use of products made of recycled supplies materials may, on a pilot basis or in accordance with a pilot study, be given preference over other bidders unable to do so, provided that the cost included in the bid of supplies products made of recycled materials does not constitute an undue economic or practical hardship is not more than 10% greater than the cost of products not made of recycled materials.

Sec. 45-26. Environmentally preferable procurement.
(a) Definitions. For the purposes of this Section:

(1) "Supplies" means all personal property, including but not limited to equipment, materials, printing, and insurance, and the financing of those supplies.

New matter indicated by italics - deletions by strikeout.
(2) "Services" means the furnishing of labor, time, or effort by a contractor, not involving the delivery of a specific end product other than reports or supplies that are incidental to the required performance.

(3) "Environmentally preferable supplies" means supplies that are less harmful to the natural environment and human health than substantially similar supplies for the same purpose. Attributes of environmentally preferable supplies include, but are not limited to, the following:

(i) made of recycled materials, to the maximum extent feasible;
(ii) not containing, emitting, or producing toxic substances;
(iii) constituted so as to minimize the production of waste; and
(iv) constituted so as to conserve energy and water resources over the course of production, transport, intended use, and disposal.

(4) "Environmentally preferable services" means services that are less harmful to the natural environment and human health than substantially similar services for the same purpose. Attributes of "environmentally preferable services" include, but are not limited to, the following:

Notwithstanding any rule, regulation, statute, order, or policy of any kind, with the exceptions of Sections 45-20 and 45-25 of this Code, State agencies shall contract for supplies and services that are environmentally preferable.
If, however, contracting for an environmentally preferable supply or service would impose an undue economic or practical hardship on the contracting State agency, or if an environmentally preferable supply or service cannot be used to meet the requirements of the State agency, then the State agency need not contract for an environmentally preferable supply or service. Specifications for contracts, at the discretion of the contracting State agency, may include a price preference of up to 10% for environmentally preferable supplies or services.

(D) An amount equal to the amount of the capital gain deduction allowable under the Internal Revenue Code, to the extent deducted from gross income in the computation of adjusted gross income;

(D-5) An amount, to the extent not included in adjusted gross income, equal to the amount of money withdrawn by the taxpayer in the taxable year from a medical care savings account and the interest earned on the account in the taxable year of a withdrawal pursuant to subsection (b) of Section 20 of the Medical Care Savings Account Act or subsection (b) of Section 20 of the Medical Care Savings Account Act of 2000;

taxable years under subparagraph (Z) with respect to that property.

If the taxpayer continues to own property through the last day of the last tax year for which the taxpayer may claim a depreciation deduction for federal income tax purposes and for which the taxpayer was allowed in any taxable year to make a subtraction modification under subparagraph (Z), then an amount equal to that subtraction modification.

The taxpayer is required to make the addition modification under this subparagraph only once with respect to any one piece of property;

(D-17) An amount equal to the amount otherwise allowed as a deduction in computing base income for interest paid, accrued, or incurred, directly or indirectly, (i) for taxable years ending on or after December 31, 2004, to a foreign person who would be a member of the same unitary business group but for the fact that foreign person's business activity outside the United States is 80% or more of the foreign person's total business activity and (ii) for taxable years ending on or after December 31, 2008, to a person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304. The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income under Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the interest was paid, accrued, or incurred.

(i) an item of interest paid, accrued, or incurred, directly or indirectly, to a person who is subject in a foreign country or state, other than a state which requires mandatory unitary reporting, to a tax on or measured by net income with respect to such interest; or

(ii) an item of interest paid, accrued, or incurred, directly or indirectly, to a person if the taxpayer can establish, based on a preponderance of the evidence, both of the following:

(a) the person, during the same taxable year, paid, accrued, or incurred, the interest to a person that is not a related member, and

(b) the transaction giving rise to the interest expense between the taxpayer and the person did not have as a principal purpose the avoidance of Illinois income tax, and is paid pursuant to a contract or agreement that reflects an arm's-length interest rate and terms; or

(iii) the taxpayer can establish, based on clear and convincing evidence, that the interest paid, accrued, or incurred relates to a contract or agreement entered into at arm's-length rates and terms and the principal purpose for the payment is not federal or Illinois tax avoidance; or

(iv) an item of interest paid, accrued, or incurred, directly or indirectly, to a person if the taxpayer establishes by clear and convincing evidence that the adjustments are unreasonable; or if the taxpayer and the Director agree in writing to the application or use of an alternative method of apportionment under Section 304(f).

Nothing in this subsection shall preclude the Director from making any other adjustment otherwise allowed under Section 404 of this Act for any tax year beginning after the effective date of this amendment provided such adjustment is made

pursuant to regulation adopted by the Department and such regulations provide methods and standards by which the Department will utilize its authority under Section 404 of this Act;

(D-18) An amount equal to the amount of intangible expenses and costs otherwise allowed as a deduction in computing base income, and that were paid, accrued, or incurred, directly or indirectly, (i) for taxable years ending on or after December 31, 2004, to a foreign person who would be a member of the same unitary business group but for the fact that the foreign person's business activity outside the United States is 80% or more of that person's total business activity and (ii) for taxable years ending on or after December 31, 2008, to a person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304. The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income under Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the intangible expenses and costs were directly or indirectly paid, incurred, or accrued. The preceding sentence does not apply to the extent that the same dividends caused a reduction to the addition modification required under Section 203(a)(2)(D-17) of this Act. As used in this subparagraph, the term "intangible expenses and costs" includes (1) expenses, losses, and costs for, or related to, the direct or indirect acquisition, use, maintenance or management, ownership, sale, exchange, or any other disposition of intangible property; (2) losses incurred, directly or indirectly, from factoring transactions or

For purposes of this subparagraph, "intangible property" includes patents, patent applications, trade names, trademarks, service marks, copyrights, mask works, trade secrets, and similar types of intangible assets.
This paragraph shall not apply to the following:
   (i) any item of intangible expenses or costs paid, accrued, or incurred, directly or indirectly, from a transaction with a person who is subject in a foreign country or state, other than a state which requires mandatory unitary reporting, to a tax on or measured by net income with respect to such item; or
   (ii) any item of intangible expense or cost paid, accrued, or incurred, directly or indirectly, if the taxpayer can establish, based on a preponderance of the evidence, both of the following:
      (a) the person during the same taxable year paid, accrued, or incurred, the intangible expense or cost to a person that is not a related member, and
      (b) the transaction giving rise to the intangible expense or cost between the taxpayer and the person did not have as a principal purpose the avoidance of Illinois income tax, and is paid pursuant to a contract or agreement that reflects arm's-length terms; or
   (iii) any item of intangible expense or cost paid, accrued, or incurred, directly or indirectly, from a transaction with a person if the taxpayer establishes by clear and convincing evidence, that the adjustments are unreasonable; or if the taxpayer and the Director agree in writing to the application or use of an alternative method of apportionment under Section 304(f);

Nothing in this subsection shall preclude the Director from making any other adjustment otherwise allowed under Section 404 of this Act for any tax year beginning after the effective date of this amendment provided such adjustment is made pursuant to regulation adopted by the Department and such regulations provide methods and standards by which the Department will utilize its authority under Section 404 of this Act;

(D-19) For taxable years ending on or after December 31, 2008, an amount equal to the amount of insurance premium expenses and costs otherwise allowed as a deduction in computing base income, and that were paid, accrued, or incurred, directly or indirectly, to a person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304. The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income under Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the premiums and costs were directly or indirectly paid, incurred, or accrued. The preceding sentence does not apply to the extent that the same dividends caused a reduction to the addition modification required under Section 203(a)(2)(D-17) or Section 203(a)(2)(D-18) of this Act.

(D-20) For taxable years beginning on or after January 1, 2002 and ending on or before December 31, 2006, in the case of a distribution from a qualified tuition program under Section 529 of the Internal Revenue Code, other than (i) a distribution from a College Savings Pool created under Section 16.5 of the State Treasurer Act or (ii)

For taxable years ending prior to December 31, 1986, taxable income may never be an amount in excess of the net operating loss for the taxable year as defined in subsections (c) and (d) of Section 172 of the Internal Revenue Code, provided that when taxable income of a corporation (other than a Subchapter S corporation), trust, or estate is less than zero and addition modifications, other than those provided by subparagraph (E) of paragraph (2) of subsection (b) for corporations or subparagraph (E) of paragraph (2) of subsection (c) for trusts and estates, exceed subtraction modifications, an addition modification must be made under those subparagraphs for any other taxable year to which the taxable income less than zero (net operating loss) is applied under Section 172 of the Internal Revenue Code or under subparagraph (E) of this subsection (e) applied in conjunction with Section 172 of the Internal Revenue Code.

For purposes of this subparagraph, the taxpayer's separate taxable income shall be determined as if the election provided by Section 243(b)(2) of the Internal Revenue Code had been in effect for all such years;

(F) Cooperatives. In the case of a cooperative corporation or association, the taxable income of such organization determined in accordance with the provisions of Section 1381 through 1388 of the Internal Revenue Code;

be taken into account by an individual in calculating his taxable income.

(3) Recapture of business expenses on disposition of asset or business. Notwithstanding any other law to the contrary, if in prior years income from an asset or business has been classified as business income and in a later year is demonstrated to be non-business income, then all expenses, without limitation, deducted in such later year and in the 2 immediately preceding taxable years related to that asset or business that generated the non-business income shall be added back and recaptured as business income in the year of the disposition of the asset or business. Such amount shall be apportioned to Illinois using the greater of the apportionment fraction computed for the business under Section 304 of this Act for the taxable year or the average of the apportionment fractions computed for the business under Section 304 of this Act for the taxable year and for the 2 immediately preceding taxable years.

value over the taxpayer's basis (for determining gain) for such property on that date (determined under the Internal Revenue Code as in effect on that date), or (ii) the total gain realized and reportable for federal income tax purposes in respect of the sale, exchange or other disposition of such property.

(B) If the fair market value of property referred to in paragraph (1) was not readily ascertainable on August 1, 1969, the pre-August 1, 1969 appreciation amount for such property is that amount which bears the same ratio to the total gain reported in respect of the property for federal income tax purposes for the taxable year, as the number of full calendar months in that part of the taxpayer's holding period for the property ending July 31, 1969 bears to the number of full calendar months in the taxpayer's entire holding period for the property.

(C) The Department shall prescribe such regulations as may be necessary to carry out the purposes of this paragraph.

(g) Double deductions. Unless specifically provided otherwise, nothing in this Section shall permit the same item to be deducted more than once.

(h) Legislative intention. (c) The credit may not be carried back. If the amount of the credit exceeds the tax liability for the year, the excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit year. The tax credit shall be applied to the earliest year for which there is a tax liability. If there are credits for more than one year that are available to offset a liability, the earlier credit shall be applied first.

Section 10. The Higher Education Student Assistance Act is amended by changing Sections 5 and 20 as follows:

(110 ILCS 947/5)

Sec. 5. Purpose. The General Assembly finds and declares that (1) the provision of a higher education for all residents of this State who desire a higher education and are properly qualified therefor is important to the welfare and security of this State and Nation and, consequently, is an important public purpose, and (2) many qualified students are deterred by financial considerations from completing their education, with a consequent irreparable loss to the State and Nation of talents vital to welfare and security. The number of qualified persons who desire a higher education is increasing rapidly, and the physical facilities, faculties, and staffs of the institutions of higher learning operated by, within and for the residents of the State will have to be expanded greatly to accommodate those persons, with an attendant sharp increase in the cost of educating

them. A system of financial assistance of scholarships, grants, and loans for qualified residents of college age will enable them to attend qualified institutions of their choice in the State, public or private. The adoption of new federal student loan legislation necessitates that the State update and broaden its system of financial student assistance.

As market conditions permit, the Commission is specifically encouraged to offer reasonable and affordable supplemental or alternative educational loans to students who seek to obtain these loans. As part of these alternative or supplemental direct lending initiatives, the Commission may give priority consideration to students assisted by the Commission's need-based programs.

The system of financial assistance provided under this Act includes prepaid programs for college savings, and the Commission is specifically encouraged to enlist employers in providing voluntary matching donations to the amount that their employees save through these prepaid programs.

(b) The Commission is authorized to participate in any programs for monetary assistance to students and to receive, hold, and disburse all such funds made available by any agency or organization for the purpose or purposes for which they are made available. The Commission is authorized to administer a program of grant assistance as authorized by the Baccalaureate Savings Act. The Commission is authorized to participate in any programs established to improve student financial aid services or the proficiency of persons engaged in student financial aid services and to receive, hold, and disburse all funds made available by any agency or organization for the purpose or purposes for which they are made available subject to the appropriations of the General Assembly.
(c) The Commission is authorized to deny a scholarship or a grant to any person who has defaulted on a guaranteed student loan and who is not maintaining a satisfactory repayment record. If a person has a defaulted guaranteed student loan but is otherwise eligible for assistance pursuant to Section 40, the Commission shall award one term of assistance during which a satisfactory repayment record must be established. If such a repayment record is not established, additional assistance shall be denied until a satisfactory repayment record is established.

(d) The Commission is authorized to participate with federal, state, county, local, and university law enforcement agencies in cooperative efforts to detect and prosecute incidents of fraud in student assistance programs.

(e) The Administrative Review Law shall apply to and govern all proceedings for the judicial review of final administrative decisions of the Commission.

(g) Unless otherwise provided by statute, the functions of the Commission shall be exercised without regard to any applicant's race, creed, sex, color, national origin, or ancestry.

(h) The Commission is authorized to establish systems and programs to encourage employers to match employee contributions to prepaid programs of college savings by making donations to the Commission for prepaid programs of college savings to make higher education affordable for all residents of the State and to receive, hold, and disburse all such funds made available through those programs for the purposes for which they are authorized by rule or by law.

Sec. 18-125. Retirement annuity amount.

(a) The annual retirement annuity for a participant who terminated service as a judge prior to July 1, 1971 shall be based on the law in effect at the time of termination of service.

(b) Effective July 1, 1971, the retirement annuity for any participant in service on or after such date shall be 3 1/2% of final average salary, as defined in this Section, for each of the first 10 years of service, and 5% of such final average salary for each year of service on excess of 10.

For purposes of this Section, final average salary for a participant who first serves a judge before the effective date of this amendatory Act of the 96th General Assembly shall be:

1. the average salary for the last 4 years of credited service as a judge for a participant who terminates service before July 1, 1975.

2. for a participant who terminates service after June 30, 1975 and before July 1, 1982, the salary on the last day of employment as a judge.

3. for any participant who terminates service after June 30, 1982 and before January 1, 1990, the average salary for the final year of service as a judge.

4. for a participant who terminates service on or after January 1, 1990 but before the effective date of this amendatory Act of 1995, the salary on the last day of employment as a judge.

However, in the case of a participant who elects to discontinue contributions as provided in subdivision (a)(2) of Section 18-133, the time of such election shall be considered the last day of employment in the determination of final average salary under this subsection.

For a participant who first serves a judge on or after the effective date of this amendatory Act of the 96th General Assembly, final average salary shall be the average monthly salary obtained by dividing the total salary of the participant during the period of: (1) the 48 consecutive months

months of service within the last 120 months of service in which the total compensation was the highest, or (2) the total period of service, if less than 48 months, by the number of months of service in that period.

The maximum retirement annuity for any participant shall be 85% of final average salary.

(c) The retirement annuity for a participant who retires prior to age 60 with less than 28 years of service in the System shall be reduced 1/2 of 1% for each month that the participant's age is under 60 years at the time the annuity commences. However, for a participant who retires on or after the effective date of this amendatory Act of the 91st General Assembly, the percentage reduction in retirement annuity imposed under this subsection shall be reduced by 5/12 of 1% for every month of service in this System in excess of 20 years, and therefore a participant with at least 26 years of service in this System may retire at age 55 without any reduction in annuity.

The reduction in retirement annuity imposed by this subsection shall not apply in the case of retirement on account of disability.

Before July 1, 1994, for the purposes of this Section, "criminal street gang" means any ongoing organization, association, or group of 3 or more persons, whether formal or informal, having as one of its primary activities the commission of one or more criminal acts and that has a common name or common identifying sign, symbol or specific color apparel displayed, and whose members individually or collectively engage in or have engaged in a pattern of criminal activity.

(3) Judges, hearing officers, prosecutors, probation officers, social workers or other individuals assigned by the court to conduct a pre-adjudication or predisposition investigation, and individuals responsible for supervising or providing temporary or permanent

(C) Except as otherwise provided in this subsection (C), juvenile court records shall not be made available to the general public but may be inspected by representatives of agencies, associations and news media or other properly interested persons by general or special order of the court presiding over matters pursuant to this Act.

(0.1) In cases where the records concern a pending juvenile court case, the party seeking to inspect the juvenile court records shall provide actual notice to the attorney or guardian ad litem of the minor whose records are sought.

(0.2) In cases where the records concern a juvenile court case that is no longer pending, the party seeking to inspect the juvenile court records shall provide actual notice to the minor or the minor's parent or legal guardian, and the matter shall be referred to the chief judge presiding over matters pursuant to this Act.

The State's Attorney, the minor, and the minor's parents, guardian, and counsel shall at all
times have the right to examine court files and records. For purposes of obtaining documents pursuant to this Section, a civil subpoena is not an order of the court.

PUBLIC ACT 96-0215
(Senate Bill No. 1353)

AN ACT concerning local government.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Fire Protection Training Act is amended by changing Section 9 as follows:

(50 ILCS 740/9) (from Ch. 85, par. 539)

Sec. 9. Training participation; funding. All local governmental agencies and individuals may elect to participate in the training programs under this Act, subject to the rules and regulations of the Office. The participation may be for certification only, or for certification and reimbursement for training expenses as further provided in this Act. To be eligible to receive reimbursement for training of individuals, a local governmental agency shall require by ordinance that a trainee complete a basic course approved by the Office, and pass the State test for certification at the basic level within the probationary period as established by the local governmental agency. A certified copy of the ordinance must be on file with the Office.

Individuals who have retired from active fire service duties and are officially affiliated with fire service training, mutual aid, incident command, fire ground operations, or staff support for public fire service organizations shall not be prohibited from receiving training certification from the Office on the ground that they are not employed or otherwise engaged by an organized Illinois fire department if they otherwise meet the minimum certification standards set by the Office.

New matter indicated by italics - deletions by strikeout.
The Office may by rule provide for reimbursement funding for trainees who are volunteers or paid on call fire protection personnel beyond their probationary period, but not to exceed 3 years from the date of initial employment. The Office may reimburse for basic or advanced training of individuals who were permanently employed fire protection personnel prior to the date of the ordinance. Individuals may receive reimbursement if employed by a unit of local government that participates for reimbursement funding and the individual is otherwise eligible.

Failure of any trainee to complete the basic training and certification within the required period will render that individual and local governmental agency ineligible for reimbursement funding for basic training for that individual in the fiscal year in which his probationary period ends. The individual may later become certified without reimbursement.

Any participating local governmental agency may elect to withdraw from the training program by repealing the original ordinance, and a certified copy of the ordinance must be filed with the Office.

Such timber growers may receive a cost share amount which is increased above the amount for which they would otherwise qualify by an amount equal to not to exceed 50% of the fees paid by the timber grower on his sales occurring in the 2 fiscal years immediately preceding the fiscal year in which the forest forestry management practices are approved and funded; provided, however, that the total cost share amount shall not exceed the total cost of the approved forest forestry management practices.

If the load on the transport vehicle blocks the visibility of the amber lighting from the rear of the vehicle, the vehicle must also be equipped with an illuminated rotating, oscillating, or flashing amber light or lights or a flashing amber strobe light or lights mounted on the rear of the load that are of sufficient intensity to be visible at 500 feet in normal sunlight.

If less than 5 of the 8 voting members of the Commission conclude by a preponderance of the evidence that there is sufficient evidence of torture to merit judicial review, the Commission shall conclude there is insufficient evidence of torture to merit judicial review. (a) If the Commission concludes there is sufficient evidence of torture to merit judicial review, the Chair of the Commission shall request the Chief Judge of the Circuit Court of Cook County for assignment to a
trial judge for consideration. The court may receive proof by affidavits, depositions, oral testimony, or other evidence. In its discretion the court may order the petitioner brought before the court for the hearing. Notwithstanding the status of any other postconviction proceedings relating to the petitioner, if the court finds in favor of the petitioner, it shall enter an appropriate order with respect to the judgment or sentence in the former proceedings and such supplementary orders as to rearraignment, retrial, custody, bail or discharge, or for such relief as may be granted under a petition for a certificate of innocence, as may be necessary and proper.

(65 ILCS 5/8-3-14) (from Ch. 24, par. 8-3-14)

Sec. 8-3-14. Municipal hotel operators' occupation tax. The corporate authorities of any municipality may impose a tax upon all persons engaged in such municipality in the business of renting, leasing or letting rooms in a hotel, as defined in "The Hotel Operators' Occupation Tax Act," at a rate not to exceed 6% in the City of East Peoria and in the Village of Morton and 5% in all other municipalities of the gross rental receipts from such renting, leasing or letting, excluding, however, from gross rental receipts, the proceeds of such renting, leasing or letting to permanent residents of that hotel and proceeds from the tax imposed under subsection (c) of Section 13 of the Metropolitan Pier and Exposition Authority Act, and may provide for the administration and enforcement of the tax, and for the collection thereof from the persons subject to the tax, as the corporate authorities determine to be necessary or practicable for the effective administration of the tax. Except as otherwise provided in this Section, and except as provided in Section 3c, 3d, and 3.5, the affairs of the district shall be managed by a board of commissioners consisting of 5 commissioners, who shall be appointed by the presiding officer of the county board of the county in which such forest preserve district is situated, with the advice and consent of such county board. The first appointment shall be made within 90 days and not sooner than 60 days after such forest preserve district has been organized as provided herein. Each member of such board so appointed shall be a legal voter in such district. The first commissioners shall be appointed to hold office for terms of one, 2, 3, 4, and 5 years, and until June 30 thereafter, respectively, as determined and fixed by lot. (415 ILCS 5/12.5)
Sec. 12.5. NPDES discharge fees; sludge permit fees.
(a) Beginning July 1, 2003, the Agency shall assess and collect annual fees (i) in the amounts set forth in subsection (e) for all discharges that require an NPDES permit under subsection (f) of Section 12, from each person holding an NPDES permit authorizing those discharges (including a person who continues to discharge under an expired permit pending renewal), and (ii) in the amounts set forth in subsection (f) of this Section for all activities that require a permit under subsection (b) of Section 12, from each person holding a domestic sewage sludge generator or user permit.

New matter indicated by italics - deletions by strikeout.
Each person subject to this Section must remit the applicable annual fee to the Agency in accordance with the requirements set forth in this Section and any rules adopted pursuant to this Section.

(b) Within 30 days after the effective date of this Section, and each year thereafter, except when a fee is not due because of the operation of subsection (c), the Agency shall send a fee notice by mail to each existing permittee subject to a fee under this Section at his or her address of record. The notice shall state the amount of the applicable annual fee and the date by which payment is required.

Except as provided in subsection (c) with respect to initial fees under new permits and certain modifications of existing permits, fees payable under this Section are due by the date specified in the fee notice, which shall be no less than 30 days after the date the fee notice is mailed by the Agency.

(c) The initial annual fee for discharges under a new NPDES permit or for activity under a new sludge generator or sludge user permit must be remitted to the Agency prior to the issuance of the permit. The Agency shall provide notice of the amount of the fee to the applicant during its review of the application. In the case of a new NPDES or sludge permit issued during the months of January through June, the Agency may prorate the initial annual fee payable under this Section.

The initial annual fee for discharges or other activity under a general NPDES permit must be remitted to the Agency as part of the application for coverage under that general permit.

Beginning January 1, 2010, in the case of construction site stormwater discharges for which a coverage letter under a general new NPDES permit or individual NPDES permit has been issued or for which the application for coverage under an NPDES permit has been filed with the Agency during the months of January through June, no annual fee shall be due after payment of an initial annual fee in the amount provided in subsection (e)(10) of this Section, for the 12 months beginning July 1 that immediately follow the period for which the initial annual fee was due.

If a requested modification to an existing NPDES permit causes a change in the applicable fee categories under subsection (e) that results in an increase in the required fee, the permittee must pay to the Agency the amount of the increase, prorated for the number of months remaining before the next July 1, before the modification is granted.

New matter indicated by italics - deletions by strikeout.
(d) Failure to submit the fee required under this Section by the due date constitutes a violation of this Section. Late payments shall incur an interest penalty, calculated at the rate in effect from time to time for tax delinquencies under subsection (a) of Section 1003 of the Illinois Income Tax Act, from the date the fee is due until the date the fee payment is received by the Agency.

(e) The annual fees applicable to discharges under NPDES permits are as follows:

(1) For NPDES permits for publicly owned treatment works, other facilities for which the wastewater being treated and discharged is primarily domestic sewage, and wastewater discharges from the operation of public water supply treatment facilities, the fee is:

(i) $1,500 for the 12 months beginning July 1, 2003 and $500 for each subsequent year, for facilities with a Design Average Flow rate of less than 100,000 gallons per day;

(ii) $5,000 for the 12 months beginning July 1, 2003 and $2,500 for each subsequent year, for facilities with a Design Average Flow rate of at least 100,000 gallons per day but less than 500,000 gallons per day;

(v) $30,000 for facilities with a Design Average Flow rate of at least 5,000,000 gallons per day but less than 10,000,000 gallons per day; and

(vi) $50,000 for facilities with a Design Average Flow rate of 10,000,000 gallons per day or more.

(2) For NPDES permits for treatment works or sewer collection systems that include combined sewer overflow outfalls, the fee is:

(i) $1,000 for systems serving a tributary population of 10,000 or less;
(ii) $5,000 for systems serving a tributary population that is greater than 10,000 but not more than 25,000; and

(iii) $20,000 for systems serving a tributary population that is greater than 25,000.

The fee amounts in this subdivision (e)(2) are in addition to the fees stated in subdivision (e)(1) when the combined sewer overflow outfall is contained within a permit subject to subsection (e)(1) fees.

(3) For NPDES permits for mines producing coal, the fee is $5,000.

(4) For NPDES permits for mines other than mines producing coal, the fee is $5,000.

(5) For NPDES permits for industrial activity where toxic substances are not regulated, other than permits covered under subdivision (e)(3) or (e)(4), the fee is:

(i) $1,000 for a facility with a Design Average Flow rate that is not more than 10,000 gallons per day;

(ii) $2,500 for a facility with a Design Average Flow rate that is more than 10,000 gallons per day but not more than 100,000 gallons per day; and

(8) For NPDES permits for municipal separate storm sewer systems, the fee is $1,000.

(9) For NPDES permits for construction site or industrial storm water, the fee is $500.

(10) For NPDES permits for construction site storm water, the fee

(B) for applications received on or after January 1, 2010 is:

(i) $250 if less than 5 acres are disturbed;
and

(ii) $750 if 5 or more acres are disturbed.

(f) The annual fee for activities under a permit that authorizes applying sludge on land is $2,500 for a sludge generator permit and $5,000 for a sludge user permit.

(g) More than one of the annual fees specified in subsections (e) and (f) may be applicable to a permit holder. These fees are in addition to any other fees required under this Act.

(h) The fees imposed under this Section do not apply to the State or any department or agency of the State, nor to any school district, or to any private sewage disposal system as defined in the Private Sewage Disposal Licensing Act (225 ILCS 225/).

(i) The Agency may adopt rules to administer the fee program established in this Section. The Agency may include provisions pertaining to invoices, notice of late payment, refunds, and disputes concerning the amount or timeliness of payment. The Agency may set forth procedures and criteria for the acceptance of payments. The absence of such rules does not affect the duty of the Agency to immediately begin the assessment and collection of fees under this Section.

(j) All fees and interest penalties collected by the Agency under this Section shall be deposited into the Illinois Clean Water Fund, which is hereby created as a special fund in the State treasury. Gifts, supplemental environmental project funds, and grants may be deposited into the Fund. Investment earnings on moneys held in the Fund shall be credited to the Fund.

Subject to appropriation, the moneys in the Fund shall be used by the Agency to carry out the Agency's clean water activities.
(k) Except as provided in subsection (l) or Agency rules, fees paid to the Agency under this Section are not refundable.

(l) The Agency may refund the difference between (a) the amount paid by any person under subsection (e)(1)(i) or (e)(1)(ii) of this Section for the 12 months beginning July 1, 2004 and (b) the amount due under subsection (e)(1)(i) or (e)(1)(ii) as established by this amendatory Act of the 93rd General Assembly.

Section 99. Effective date. This Act takes effect upon becoming law.

Approved August 11, 2009.
Effective August 11, 2009.

PUBLIC ACT 96-0246
(House Bill No. 0693)

AN ACT in relation to stalking.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Stalking No Contact Order Act.

Section 5. Purpose. Stalking generally refers to a course of conduct, not a single act. Stalking behavior includes following a person, conducting surveillance of the person, appearing at the person's home, work or school, making unwanted phone calls, sending unwanted emails or text messages, leaving objects for the person, vandalizing the person's property, or injuring a pet. Stalking is a serious crime. Victims experience fear for their safety, fear for the safety of others and suffer emotional distress. Many victims alter their daily routines to avoid the persons who are stalking them. Some victims are in such fear that they relocate to another city, town or state. While estimates suggest that 70% of victims know the individuals stalking them, only 30% of victims have dated or been in intimate relationships with their stalkers. All stalking victims should be able to seek a civil remedy requiring the offenders stay away from the victims and third parties.

Section 10. Definitions. For the purposes of this Act:
"Course of conduct" means 2 or more acts, including but not limited to acts in which a respondent directly, indirectly, or through third

parties, by any action, method, device, or means follows, monitors, observes, surveils, threatens, or communicates to or about, a person, engages in other contact, or interferes with or damages a person's property or pet. A course of conduct may include contact via electronic communications. The incarceration of a person in a penal institution who commits the course of conduct is not a bar to prosecution under this Section.

"Emotional distress" means significant mental suffering, anxiety or alarm.

"Contact" includes any contact with the victim, that is initiated or continued without the victim's consent, or that is in disregard of the victim's expressed desire that the contact be avoided or discontinued, including but not limited to being in the physical presence of the victim; appearing within the sight of the victim; approaching or confronting the victim in a public place or on private property; appearing at the workplace or residence of the victim; entering onto or remaining on property owned, leased, or occupied by the victim; or placing an object on, or delivering an object to, property owned, leased, or occupied by the victim.

"Petitioner" means any named petitioner for the stalking no contact order or any named victim of stalking on whose behalf the petition is brought.

"Reasonable person" means a person in the petitioner's circumstances with the petitioner's knowledge of the respondent and the respondent's prior acts.

"Stalking" means engaging in a course of conduct directed at a specific person, and he or she knows or should know that this course of conduct would cause a reasonable person to fear for his or her safety or the safety of a third person or suffer emotional distress. Stalking does not include an exercise of the right to free speech or assembly that is otherwise lawful or picketing occurring at the workplace that is otherwise lawful and arises out of a bona fide labor dispute, including any controversy concerning wages, salaries, hours, working conditions or benefits, including health and welfare, sick leave, insurance, and pension or retirement provisions, the making or maintaining of collective bargaining agreements, and the terms to be included in those agreements.

"Stalking No Contact Order" means an emergency order or plenary order granted under this Act, which includes a remedy authorized by Section 80 of this Act.

New matter indicated by italics - deletions by strikeout.
Section 15. Persons protected by this Act. A petition for a stalking no contact order may be filed when relief is not available to the petitioner under the Illinois Domestic Violence Act of 1986:

(1) by any person who is a victim of stalking; or
(2) by a person on behalf of a minor child or an adult who is a victim of stalking but, because of age, disability, health, or inaccessibility, cannot file the petition.

Section 20. Commencement of action; filing fees.
(a) An action for a stalking no contact order is commenced:

(1) independently, by filing a petition for a stalking no contact order in any civil court, unless specific courts are designated by local rule or order; or
(2) in conjunction with a delinquency petition or a criminal prosecution, by filing a petition for a stalking no contact order under the same case number as the delinquency petition or criminal prosecution, to be granted during pre-trial release of a defendant, with any dispositional order issued under Section 5-710 of the Juvenile Court Act of 1987 or as a condition of release, supervision, conditional discharge, probation, periodic imprisonment, parole, or mandatory supervised release, or in conjunction with imprisonment or a bond forfeiture warrant, provided that (i) the violation is alleged in an information, complaint, indictment, or delinquency petition on file and the alleged victim is a person protected by this Act, and (ii) the petition, which is filed by the State's Attorney, names a victim of the alleged crime as a petitioner.

(b) Withdrawal or dismissal of any petition for a stalking no contact order prior to adjudication where the petitioner is represented by the State shall operate as a dismissal without prejudice. No action for a stalking no contact order shall be dismissed because the respondent is being prosecuted for a crime against the petitioner. For any action commenced under item (2) of subsection (a) of this Section, dismissal of the conjoined case (or a finding of not guilty) shall not require dismissal of the action for a stalking no contact order; instead, it may be treated as an independent action and, if necessary and appropriate, transferred to a different court or division.

(c) No fee shall be charged by the clerk of the court for filing petitions or modifying or certifying orders. No fee shall be charged by the

New matter indicated by italics - deletions by strikeout.
sheriff for service by the sheriff of a petition, rule, motion, or order in an action commenced under this Section.

(d) The court shall provide, through the office of the clerk of the court, simplified forms for filing of a petition under this Section by any person not represented by counsel.

Section 25. Pleading; non-disclosure of address.

(a) A petition for a stalking no contact order shall be in writing and verified or accompanied by affidavit and shall allege that the petitioner has been the victim of stalking by the respondent.

(b) If the petition states that disclosure of the petitioner's address would risk abuse of the petitioner or any member of the petitioner's family or household, that address may be omitted from all documents filed with the court. If the petitioner has not disclosed an address under this subsection, the petitioner shall designate an alternative address at which the respondent may serve notice of any motions.

Section 30. Application of rules of civil procedure; victim advocates.

(a) Any proceeding to obtain, modify, reopen or appeal a stalking no contact order shall be governed by the rules of civil procedure of this State. The standard of proof in such a proceeding is proof by a preponderance of the evidence. The Code of Civil Procedure and Supreme Court and local court rules applicable to civil proceedings shall apply, except as otherwise provided by this Act.

(b) In circuit courts, victim advocates shall be allowed to accompany the petitioner and confer with the petitioner, unless otherwise directed by the court. Court administrators shall allow victim advocates to assist victims of stalking in the preparation of petitions for stalking no contact orders. Victim advocates are not engaged in the unauthorized practice of law when providing assistance of the types specified in this subsection (b).

Section 35. Appointment of counsel. The court may appoint counsel to represent the petitioner if the respondent is represented by counsel.

Section 40. Trial by jury. There shall be no right to trial by jury in any proceeding to obtain, modify, vacate or extend any stalking no contact order under this Act. However, nothing in this Section shall deny any existing right to trial by jury in a criminal proceeding.

Section 45. Subject matter jurisdiction. Each of the circuit courts has the power to issue stalking no contact orders.

New matter indicated by italics - deletions by strikeout.
Section 50. Jurisdiction over persons. The courts of this State have jurisdiction to bind (1) State residents and (2) non-residents having minimum contacts with this State, to the extent permitted by the long-arm statute, Section 2-209 of the Code of Civil Procedure.

Section 55. Venue. A petition for a stalking no contact order may be filed in any county where (1) the petitioner resides, (2) the respondent resides, or (3) one or more acts of the alleged stalking occurred.

Section 60. Process.

(a) Any action for a stalking no contact order requires that a separate summons be issued and served. The summons shall be in the form prescribed by Supreme Court Rule 101(d), except that it shall require the respondent to answer or appear within 7 days. Attachments to the summons or notice shall include the petition for stalking no contact order and supporting affidavits, if any, and any emergency stalking no contact order that has been issued.

(b) The summons shall be served by the sheriff or other law enforcement officer at the earliest time and shall take precedence over other summonses except those of a similar emergency nature. Special process servers may be appointed at any time, and their designation shall not affect the responsibilities and authority of the sheriff or other official process servers.

(c) Service of process on a member of the respondent's household or by publication shall be adequate if: (1) the petitioner has made all reasonable efforts to accomplish actual service of process personally upon the respondent, but the respondent cannot be found to effect such service; and (2) the petitioner files an affidavit or presents sworn testimony as to those efforts.

(d) A plenary stalking no contact order may be entered by default for the remedy sought in the petition, if the respondent has been served or given notice in accordance with subsection (a) and if the respondent then fails to appear as directed or fails to appear on any subsequent appearance or hearing date agreed to by the parties or set by the court.

Section 65. Service of notice of hearings. Except as provided in Section 60, notice of hearings on petitions or motions shall be served in accordance with Supreme Court Rules 11 and 12, unless notice is excused by Section 100 of this Act or by the Code of Civil Procedure, Supreme Court Rules, or local rules.

Section 70. Hearings. A petition for a stalking no contact order shall be treated as an expedited proceeding, and no court may transfer or

New matter indicated by italics - deletions by strikeout.
otherwise decline to decide all or part of such petition. Nothing in this Section shall prevent the court from reserving issues if jurisdiction or notice requirements are not met.

Section 75. Continuances.

(a) Petitions for emergency remedies shall be granted or denied in accordance with the standards of Section 100, regardless of the respondent's appearance or presence in court.

(b) Any action for a stalking no contact order is an expedited proceeding. Continuances shall be granted only for good cause shown and kept to the minimum reasonable duration, taking into account the reasons for the continuance.

Section 80. Stalking no contact orders; remedies.

(a) If the court finds that the petitioner has been a victim of stalking, a stalking no contact order shall issue; provided that the petitioner must also satisfy the requirements of Section 95 on emergency orders or Section 100 on plenary orders. The petitioner shall not be denied a stalking no contact order because the petitioner or the respondent is a minor. The court, when determining whether or not to issue a stalking no contact order, may not require physical injury on the person of the petitioner. Modification and extension of prior stalking no contact orders shall be in accordance with this Act.

(b) A stalking no contact order shall order one or more of the following:

   (1) prohibit the respondent from threatening to commit or committing stalking;

   (2) order the respondent not to have any contact with the petitioner or a third person specifically named by the court;

   (3) prohibit the respondent from knowingly coming within, or knowingly remaining within a specified distance of the petitioner or the petitioner's residence, school, daycare, or place of employment, or any specified place frequented by the petitioner; however, the court may order the respondent to stay away from the respondent's own residence, school, or place of employment only if the respondent has been provided actual notice of the opportunity to appear and be heard on the petition;

   (4) prohibit the respondent from possessing a Firearm Owners Identification Card, or possessing or buying firearms; and

New matter indicated by italics - deletions by strikeout.
(5) order other injunctive relief the court determines to be necessary to protect the petitioner or third party specifically named by the court.

(c) The court may award the petitioner costs and attorneys fees if a stalking no contact order is granted.

(d) Monetary damages are not recoverable as a remedy.

Section 85. Mutual stalking no contact orders are prohibited. Correlative separate orders undermine the purposes of this Act. If separate orders are sought, both must comply with all provisions of this Act.

Section 90. Accountability for actions of others. For the purposes of issuing a stalking no contact order, deciding what remedies should be included and enforcing the order, Article 5 of the Criminal Code of 1961 shall govern whether respondent is legally accountable for the conduct of another person.

Section 95. Emergency stalking no contact order.

(a) An emergency stalking no contact order shall issue if the petitioner satisfies the requirements of this subsection (a). The petitioner shall establish that:

(1) the court has jurisdiction under Section 50;
(2) the requirements of Section 80 are satisfied; and
(3) there is good cause to grant the remedy, regardless of prior service of process or of notice upon the respondent, because the harm which that remedy is intended to prevent would be likely to occur if the respondent were given any prior notice, or greater notice than was actually given, of the petitioner's efforts to obtain judicial relief.

An emergency stalking no contact order shall be issued by the court if it appears from the contents of the petition and the examination of the petitioner that the averments are sufficient to indicate stalking by the respondent and to support the granting of relief under the issuance of the stalking no contact order.

An emergency stalking no contact order shall be issued if the court finds that items (1), (2), and (3) of this subsection (a) are met.

(b) If the respondent appears in court for this hearing for an emergency order, he or she may elect to file a general appearance and testify. Any resulting order may be an emergency order, governed by this Section. Notwithstanding the requirements of this Section, if all requirements of Section 100 have been met, the court may issue a plenary order.

New matter indicated by italics - deletions by strikeout.
(c) Emergency orders; court holidays and evenings.

(1) When the court is unavailable at the close of business, the petitioner may file a petition for a 21-day emergency order before any available circuit judge or associate judge who may grant relief under this Act. If the judge finds that there is an immediate and present danger of abuse against the petitioner and that the petitioner has satisfied the prerequisites set forth in subsection (a), that judge may issue an emergency stalking no contact order.

(2) The chief judge of the circuit court may designate for each county in the circuit at least one judge to be reasonably available to issue orally, by telephone, by facsimile, or otherwise, an emergency stalking no contact order at all times, whether or not the court is in session.

(3) Any order issued under this Section and any documentation in support of the order shall be certified on the next court day to the appropriate court. The clerk of that court shall immediately assign a case number, file the petition, order, and other documents with the court, and enter the order of record and file it with the sheriff for service, in accordance with Section 60. Filing the petition shall commence proceedings for further relief under Section 20. Failure to comply with the requirements of this paragraph (3) does not affect the validity of the order.

Section 100. Plenary stalking no contact order. A plenary stalking no contact order shall issue if the petitioner has served notice of the hearing for that order on the respondent, in accordance with Section 65, and satisfies the requirements of this Section. The petitioner must establish that:

(1) the court has jurisdiction under Section 50;
(2) the requirements of Section 80 are satisfied;
(3) a general appearance was made or filed by or for the respondent or process was served on the respondent in the manner required by Section 60; and
(4) the respondent has answered or is in default.

Section 105. Duration and extension of orders.

(a) Unless re-opened or extended or voided by entry of an order of greater duration, an emergency order shall be effective for not less than 14 nor more than 21 days.

(b) Except as otherwise provided in this Section, a plenary stalking no contact order shall be effective for a fixed period of time, not to exceed
2 years. A plenary stalking no contact order entered in conjunction with a criminal prosecution shall remain in effect as follows:

(1) if entered during pre-trial release, until disposition, withdrawal, or dismissal of the underlying charge; if however, the case is continued as an independent cause of action, the order's duration may be for a fixed period of time not to exceed 2 years;

(2) if in effect in conjunction with a bond forfeiture warrant, until final disposition or an additional period of time not exceeding 2 years; no stalking no contact order, however, shall be terminated by a dismissal that is accompanied by the issuance of a bond forfeiture warrant;

(3) permanent if a judgment of conviction for stalking is entered.

(c) Any emergency or plenary order may be extended one or more times, as required, provided that the requirements of Section 95 or 100, as appropriate, are satisfied. If the motion for extension is uncontested and the petitioner seeks no modification of the order, the order may be extended on the basis of the petitioner's motion or affidavit stating that there has been no material change in relevant circumstances since entry of the order and stating the reason for the requested extension. Extensions may be granted only in open court and not under the provisions of subsection (c) of Section 95, which applies only when the court is unavailable at the close of business or on a court holiday.

(d) Any stalking no contact order which would expire on a court holiday shall instead expire at the close of the next court business day.

(e) The practice of dismissing or suspending a criminal prosecution in exchange for the issuance of a stalking no contact order undermines the purposes of this Act. This Section shall not be construed as encouraging that practice.

Section 110. Contents of orders.

(a) Any stalking no contact order shall describe each remedy granted by the court, in reasonable detail and not by reference to any other document, so that the respondent may clearly understand what he or she must do or refrain from doing.

(b) A stalking no contact order shall further state the following:

(1) The name of each petitioner that the court finds was the victim of stalking by the respondent.
(2) The date and time the stalking no contact order was issued, whether it is an emergency or plenary order, and the duration of the order.

(3) The date, time, and place for any scheduled hearing for extension of that stalking no contact order or for another order of greater duration or scope.

(4) For each remedy in an emergency stalking no contact order, the reason for entering that remedy without prior notice to the respondent or greater notice than was actually given.

(5) For emergency stalking no contact orders, that the respondent may petition the court, in accordance with Section 120, to reopen the order if he or she did not receive actual prior notice of the hearing as required under Section 65 of this Act and if the respondent alleges that he or she had a meritorious defense to the order or that the order or its remedy is not authorized by this Act.

(c) A stalking no contact order shall include the following notice, printed in conspicuous type: "An initial knowing violation of a stalking no contact order is a Class A misdemeanor. Any second or subsequent knowing violation is a Class 4 felony."

Section 115. Notice of orders.

(a) Upon issuance of any stalking no contact order, the clerk shall immediately, or on the next court day if an emergency order is issued in accordance with subsection (c) of Section 95:

(1) enter the order on the record and file it in accordance with the circuit court procedures; and

(2) provide a file stamped copy of the order to the respondent, if present, and to the petitioner.

(b) The clerk of the issuing judge shall, or the petitioner may, on the same day that a stalking no contact order is issued, file a certified copy of that order with the sheriff or other law enforcement officials charged with maintaining Department of State Police records or charged with serving the order upon the respondent. If the order was issued in accordance with subsection (c) of Section 95, the clerk shall, on the next court day, file a certified copy of the order with the sheriff or other law enforcement officials charged with maintaining Department of State Police records.

(c) Unless the respondent was present in court when the order was issued, the sheriff, other law enforcement official, or special process server shall promptly serve that order upon the respondent and file proof of such

service in the manner provided for service of process in civil proceedings. If process has not yet been served upon the respondent, it shall be served with the order or short form notification.

(d) If the person against whom the stalking no contact order is issued is arrested and the written order is issued in accordance with subsection (c) of Section 95 and received by the custodial law enforcement agency before the respondent or arrestee is released from custody, the custodial law enforcement agent shall promptly serve the order upon the respondent or arrestee before the respondent or arrestee is released from custody. In no event shall detention of the respondent or arrestee be extended for hearing on the petition for stalking no contact order or receipt of the order issued under Section 95 of this Act.

(e) Any order extending, modifying, or revoking any stalking no contact order shall be promptly recorded, issued, and served as provided in this Section.

(f) Upon the request of the petitioner, within 24 hours of the issuance of a stalking no contact order, the clerk of the issuing judge shall send written notice of the order along with a certified copy of the order to any school, daycare, college, or university at which the petitioner is enrolled.

Section 120. Modification; reopening of orders.

(a) Except as otherwise provided in this Section, upon motion by the petitioner, the court may modify an emergency or plenary stalking no contact order by altering the remedy, subject to Section 80.

(b) After 30 days following entry of a plenary stalking no contact order, a court may modify that order only when a change in the applicable law or facts since that plenary order was entered warrants a modification of its terms.

(c) Upon 2 days' notice to the petitioner, or such shorter notice as the court may prescribe, a respondent subject to an emergency stalking no contact order issued under this Act may appear and petition the court to rehear the original or amended petition. Any petition to rehear shall be verified and shall allege the following:

1) that the respondent did not receive prior notice of the initial hearing in which the emergency order was entered under Sections 65 and 95; and

2) that the respondent had a meritorious defense to the order or any of its remedies or that the order or any of its remedies was not authorized by this Act.

Section 125. Violation. An initial knowing violation of a stalking no contact order is a Class A misdemeanor. A second or subsequent knowing violation is a Class 4 felony.

Section 130. Arrest without warrant.
(a) Any law enforcement officer may make an arrest without warrant if the officer has probable cause to believe that the person has committed or is committing a violation of a stalking no contact order.
(b) The law enforcement officer may verify the existence of a stalking no contact order by telephone or radio communication with his or her law enforcement agency or by referring to the copy of the order provided by the petitioner or the respondent.

Section 135. Data maintenance by law enforcement agencies.
(a) All sheriffs shall furnish to the Department of State Police, on the same day as received, in the form and detail the Department requires, copies of any recorded emergency or plenary stalking no contact orders issued by the court and transmitted to the sheriff by the clerk of the court in accordance with subsection (b) of Section 115 of this Act. Each stalking no contact order shall be entered in the Law Enforcement Agencies Data System on the same day it is issued by the court. If an emergency stalking no contact order was issued in accordance with subsection (c) of Section 100, the order shall be entered in the Law Enforcement Agencies Data System as soon as possible after receipt from the clerk of the court.
(b) The Department of State Police shall maintain a complete and systematic record and index of all valid and recorded stalking no contact orders issued under this Act. The data shall be used to inform all dispatchers and law enforcement officers at the scene of an alleged incident of stalking or violation of a stalking no contact order of any recorded prior incident of stalking involving the petitioner and the effective dates and terms of any recorded stalking no contact order.

(a) To provide supervision, housing accommodations, board or the payment of boarding costs, tuition, and treatment free of charge, except as otherwise specified in this Act, for residents of this State who are cared for in any institution, or for persons receiving services under any program under the jurisdiction of the Department. Residents of other states may be admitted upon payment of the costs of board, tuition, and treatment as determined by the Department; provided, that no resident of another state shall be received or retained to the exclusion of any resident of this State. (320 ILCS 42/25)

Sec. 25. Older adult services restructuring. No later than January 1, 2005, the Department shall commence the process of restructuring the older adult services delivery system. Priority shall be given to both the expansion of services and the development of new services in priority service areas. Subject to the availability of funding, the restructuring shall include, but not be limited to, the following:

(1) Planning. The Department on Aging and the Departments of Public Health and Healthcare and Family Services shall develop a plan to restructure the State's service delivery system for older adults pursuant to this Act no later than September 30, 2010. The plan shall include a schedule for the implementation of the initiatives outlined in this Act and all other initiatives identified by the participating agencies to fulfill the purposes of this Act and shall protect the rights of all older Illinoisans to services based on their health circumstances and functioning level, regardless of whether they receive their care in their homes, in a community setting, or in a residential facility. Financing for older adult services shall be based on the principle that "money follows the individual" taking into account individual preference, but shall not jeopardize the health, safety, or level of care of nursing home residents. The plan shall also identify potential impediments to delivery system restructuring and include any known regulatory or statutory barriers.

(2) Comprehensive case management. The Department shall implement a statewide system of holistic comprehensive case management. The system shall include the identification and implementation of a universal, comprehensive assessment tool to be used statewide to determine the level of functional, cognitive, socialization, and financial needs of older adults. (including the physical, functional, cognitive, psycho-social, and social needs of the individual); (ii) development and implementation of a service plan with the older adult to mobilize the formal and family resources and services identified in the assessment to meet the needs of the older adult, including coordination of the resources and services with any other plans that exist for various formal services, such as hospital discharge plans, and with the information and assistance services; (iii) coordination and monitoring of formal and family service delivery, including coordination and monitoring to ensure that services specified in the plan are being provided; (iv) periodic reassessment and revision of the status of the older adult with the older adult or, if necessary, the older adult's designated representative; and (v) in accordance with the wishes of the older adult, advocacy on behalf of the older adult for needed services or resources.

(3) Coordinated point of entry. The Department shall implement and publicize a statewide coordinated point of entry using a uniform name, identity, logo, and toll-free number.

(4) Public website. The Department shall develop a public website that provides links to available services, resources, and reference materials concerning caregiving, diseases, and best practices for use by professionals, older adults, and family caregivers.

(5) Expansion of older adult services. The Department shall expand older adult services that promote independence and permit older adults to remain in their own homes and communities.

(6) Consumer-directed home and community-based services. The Department shall expand the range of service options available to permit older adults to exercise maximum choice and control over their care.

(7) Comprehensive delivery system. The Department shall expand opportunities for older adults to receive services in systems that integrate acute and chronic care.

(8) Enhanced transition and follow-up services. The Department shall implement a program of transition from one residential setting to another and follow-up services, regardless of residential setting, pursuant to rules with respect to (i) resident eligibility, (ii) assessment of the resident's health, cognitive, social, and financial needs, (iii) development of transition plans, and (iv) the level of services that must be available before transitioning a resident from one setting to another.

(9) Family caregiver support. The Department shall develop strategies for public and private financing of services that supplement and support family caregivers.

New matter indicated by italics - deletions by strikeout.
(10) Quality standards and quality improvement. The Department shall establish a core set of uniform quality standards for all providers that focus on outcomes and take into consideration consumer choice and satisfaction, and the Department shall require each provider to implement a continuous quality improvement process to address consumer issues. The continuous quality improvement process must benchmark performance, be person-centered and data-driven, and focus on consumer satisfaction.

(11) Workforce. The Department shall develop strategies to attract and retain a qualified and stable worker pool, provide living wages and benefits, and create a work environment that is conducive to long-term employment and career development. Resources such as grants, education, and promotion of career opportunities may be used.

(12) Coordination of services. The Department shall identify methods to better coordinate service networks to maximize resources and minimize duplication of services and ease of application.

(13) Barriers to services. The Department shall identify barriers to the provision, availability, and accessibility of services and shall implement a plan to address those barriers. The plan shall: (i) identify barriers, including but not limited to, statutory and regulatory complexity, reimbursement issues, payment issues, and labor force issues; (ii) recommend changes to State or federal laws or administrative rules or regulations; (iii) recommend application for federal waivers to improve efficiency and reduce cost and paperwork; (iv) develop innovative service delivery models; and (v) recommend application for federal or private service grants.

(14) Reimbursement and funding. The Department shall investigate and evaluate costs and payments by defining costs to implement a uniform, audited provider cost reporting system to be considered by all Departments in establishing payments. To the extent possible, multiple cost reporting mandates shall not be imposed.

(15) Medicaid nursing home cost containment and Medicare utilization. The Department of Healthcare and Family Services (formerly Department of Public Aid), in collaboration with the Department on Aging and the Department of Public Health and in consultation with the Advisory Committee, shall propose a plan to contain Medicaid nursing home costs and maximize Medicare utilization. The plan must not impair the ability of an older adult to choose among available services. The plan shall include, but not be limited to, (i) techniques to maximize the use of the most cost-effective services without sacrificing quality and (ii) methods to identify

and serve older adults in need of minimal services to remain independent, but who are likely to develop a need for more extensive services in the absence of those minimal services.

(16) Bed reduction. The Department of Public Health shall implement a nursing home conversion program to reduce the number of Medicaid-certified nursing home beds in areas with excess beds. The Department of Healthcare and Family Services shall investigate changes to the Medicaid nursing facility reimbursement system in order to reduce beds. Such changes may include, but are not limited to, incentive payments that will enable facilities to adjust to the restructuring and expansion of services required by the Older Adult Services Act, including adjustments for the voluntary closure or layaway of nursing home beds certified under Title XIX of the federal Social Security Act. Any savings shall be reallocated to fund home-based or community-based older adult services pursuant to Section 20.

(17) Financing. The Department shall investigate and evaluate financing options for older adult services and shall make recommendations in the report required by Section 15 concerning the feasibility of these financing arrangements. These arrangements shall include, but are not limited to:

   (A) private long-term care insurance coverage for older adult services;
   (B) enhancement of federal long-term care financing initiatives;
   (C) employer benefit programs such as medical savings accounts for long-term care;
   (D) individual and family cost-sharing options;
   (E) strategies to reduce reliance on government programs;
   (F) fraudulent asset divestiture and financial planning prevention; and
   (G) methods to supplement and support family and community caregiving.

(18) Older Adult Services Demonstration Grants. The Department shall implement a program of demonstration grants that will assist in the restructuring of the older adult services delivery system, and shall provide funding for innovative service delivery models and system change and integration initiatives pursuant to subsection (g) of Section 20.

(19) Bed need methodology update. For the purposes of determining areas with excess beds, the Departments shall provide

information and assistance to the Health Facilities Planning Board to update the Bed Need Methodology for Long-Term Care to update the assumptions used to establish the methodology to make them consistent with modern older adult services.

(20) Affordable housing. The Departments shall utilize the recommendations of Illinois' Annual Comprehensive Housing Plan, as developed by the Affordable Housing Task Force through the Governor's Executive Order 2003-18, in their efforts to address the affordable housing needs of older adults.

The Older Adult Services Advisory Committee shall investigate innovative and promising practices operating as demonstration or pilot projects in Illinois and in other states. The Department on Aging shall provide the Older Adult Services Advisory Committee with a list of all demonstration or pilot projects funded by the Department on Aging, including those specified by rule, law, policy memorandum, or funding arrangement. The Committee shall work with the Department on Aging to evaluate the viability of expanding these programs into other areas of the State.

PUBLIC ACT 96-0249
(House Bill No. 0771)

AN ACT concerning local government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Public Library District Act of 1991 is amended by changing Section 15-85 as follows:

(75 ILCS 16/15-85)

Sec. 15-85. Automatic disconnection from district.

(a) Any territory within a public library district that is or has been annexed to a municipality (where that municipality maintains a public

New matter indicated by italics - deletions by strikeout.
library) is, by operation of law, disconnected from the public library
district as of the January first next after the territory is annexed.

(a-5) If at anytime prior to, on, or after the effective date of this
amendatory Act of the 96th General Assembly, the City of Springfield,
Illinois, annexes territory within the Chatham Area Public Library
District, or any successor thereto, for the development and construction of
the proposed Hunter Lake to serve as an additional water supply for the
City of Springfield and under subsection (a) that territory is disconnected
from the Chatham Area Public Library District, then all remaining
territory of the Chatham Area Public Library District is nevertheless
deemed contiguous for the purposes of this Act. The remaining territory
continues to be a part of the Chatham Area Public Library District or any
successor thereto.

(b) A disconnection by operation of law under this Section does
not occur if, within 60 days after the annexation, the public library district
files with the appropriate circuit court a petition alleging that the
disconnection will cause the territory remaining in the district to be
noncontiguous or that the loss of assessed valuation by reason of the
disconnection will impair the ability of the district to render fully adequate
library service to the territory remaining in the district.

(c) When a petition is filed under subsection (b), the court shall set
it for hearing. At the hearing, the district has the burden of proving the
truth of the allegations in its petition. In determining whether to grant the
petition, the court may consider at least the following factors:

(i) whether disconnection will cause the territory remaining
in the district to be noncontiguous;

(ii) whether the loss of assessed valuation by reason of the
disconnection will impair the ability of the district to render fully
adequate library service to the territory remaining in the district;

(iii) the convenience of the residents of the annexed
territory and whether a plan exists enabling the residents of the
annexed territory to use either the public library district facilities or
the library facilities of the city, village, or incorporated town to
which the territory has been annexed; and

(iv) whether the city, village, or incorporated town has
annexed any other territory within the district within the preceding
2 years and the cumulative effect of those annexations on the
financial viability of the district.

New matter indicated by italics - deletions by strikeout.
The Court may consider comments by the Illinois State Library, the annexing municipality and its public library, and the library system or systems to which the affected libraries belong. This does not create a right of intervention in these parties.

(d) After the hearing, the Court may grant the relief it deems appropriate, including, but not limited to, any of the following: (i) denial of the disconnection; (ii) disconnection of the territory from the public library district; (iii) disconnection of the territory from the public library district in parts over a specific period of time not to exceed 5 years; (iv) court approval of a voluntary agreement between the parties that provides for the sharing of real estate tax revenues from the annexed territory for a limited period of time not to exceed 5 years unless extended by mutual agreement of the parties; or (v) submission of the question of disconnection of the territory to the electors of the annexed territory at a referendum to be held at the next general election in accordance with the general election law. The proposition at such a referendum shall be in substantially the following form:

Shall (describe annexed territory) be disconnected from (name of public library district)?

If a referendum is held, the result of the election shall be entered of record in the Court. If a majority of votes cast upon the question in the annexed territory are for disconnection of the annexed territory from the public library district, the territory shall be disconnected from the public library district.

(e) If there are any general obligation bonds of the public library district outstanding and unpaid at the time the territory is disconnected from the public library district by operation of this Section, the disconnected territory shall remain liable for its proportionate share of that bonded indebtedness, and the public library district may continue to levy and extend taxes upon the taxable property in the territory for the purpose of amortizing the bonds until sufficient funds to retire the bonds have been collected.

(f) The county clerk must extend taxes to pay the principal of and interest on any general obligation bonds issued to refund any bond described in subsection (e), as provided in the bond ordinances on file in the office of the county clerk, against all taxable property in the district, including taxable property that was in the district on the date that the bonds being refunded were issued; provided, however, that (i) the net interest rate on the refunding bonds may not exceed the net interest rate on

the refunded bonds, (ii) the final maturity date of the refunding bonds may not extend beyond the final maturity date of the refunded bonds, and (iii) the debt service payable on the refunding bonds in any year may not exceed the debt service that would have been payable on the refunded bonds in that year. This subsection is inoperative after June 30, 2002.

PUBLIC ACT 96-0250
(House Bill No. 0860)

AN ACT concerning utilities.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Public Utility Fund base maintenance contribution; continuation; validation.

(a) The General Assembly finds and declares:

(1) Section 2-203 of the Public Utilities Act provided for its repeal on January 1, 2009.

(2) Senate Bill 1987 of the 95th General Assembly, among other things, changed the language of Section 2-203 repealing that Section on January 1, 2009 to January 1, 2014. Senate Bill 1987 passed both houses of the General Assembly on November 20, 2008. Senate Bill 1987 was approved by the Governor on January 12, 2009 and will take effect on June 1, 2009 as Public Act 95-1027. It was the intention of the General Assembly in passing Senate Bill 1987 that Section 2-203 of the Public Utilities Act not be repealed.

(3) The Statute on Statutes sets forth general rules on the repeal of statutes, but Section 1 of that Act also states that these rules will not be observed when the result would be "inconsistent with the manifest intent of the General Assembly or repugnant to the context of the statute".

(4) The actions of the General Assembly clearly manifest the intention of the General Assembly not to repeal Section 2-203

of the Public Utilities Act. Any construction of Public Act 95-1027 that results in the repeal of Section 2-203 of the Public Utilities Act on January 1, 2009 would be inconsistent with the manifest intent of the General Assembly.

(b) It is hereby declared to have been the intent of the General Assembly, in enacting Public Act 95-1027, that Section 2-203 of the Public Utilities Act be changed to, among other things, change its repeal to January 1, 2014 and that it not be subject to repeal on January 1, 2009.

(c) Section 2-203 of the Public Utilities Act is deemed to have been in continuous effect since its original effective date, and it shall continue to be in effect until it is otherwise repealed.

(d) All otherwise lawful actions taken in reliance on or pursuant to Section 2-203 of the Public Utilities Act before the effective date of this amendatory Act of the 96th General Assembly by any officer or agency of State government or any other person or entity are validated.

(e) To ensure the continuing effectiveness of Section 2-203 of the Public Utilities Act, it is set forth in full and re-enacted by this Act. This re-enactment is intended as a continuation of Section 2-203 of the Public Utilities Act.

(f) This amendatory Act of the 96th General Assembly applies to all claims, actions, proceedings, and returns pending on or filed on, before, or after the effective date of this amendatory Act of the 96th General Assembly.

Section 5. The Public Utilities Act is amended by reenacting Section 2-203 as follows:

(220 ILCS 5/2-203)

Sec. 2-203. Public Utility Fund base maintenance contribution. Each electric utility as defined in Section 16-102 of this Act providing service to more than 12,500 customers in this State on January 1, 1995 shall contribute annually a pro rata share of a total amount of $5,500,000 based upon the number of kilowatt-hours delivered to retail customers within this State by each such electric utility in the 12 months preceding the year of contribution. On or before May 1 of each year, the Illinois Commerce Commission shall determine and notify the Illinois Department of Revenue of the pro rata share owed by each electric utility based upon information supplied annually to the Commission. On or before June 1 of each year, the Department of Revenue shall send written notification to each electric utility of the amount of pro rata share they owe. These

contributions shall be remitted to the Department of Revenue no earlier that July 1 and no later than July 31 of each year the contribution is due on a return prescribed and furnished by the Department of Revenue showing such information as the Department of Revenue may reasonably require. The Department of Revenue shall place the funds remitted under this Section in the Public Utility Fund in the State treasury. The funds received pursuant to this Section shall be subject to appropriation by the General Assembly. If an electric utility does not remit its pro rata share to the Department of Revenue, the Department of Revenue must inform the Illinois Commerce Commission of such failure. The Illinois Commerce Commission may then revoke the certification of that electric utility. This Section is repealed on January 1, 2014.

AN ACT concerning public employee benefits.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Pension Code is amended by changing Sections 13-303, 13-308, 13-309, 13-314, and 13-601 as follows:

(40 ILCS 5/13-303) (from Ch. 108 1/2, par. 13-303)
Sec. 13-303. Reversionary annuity.
(a) An employee, prior to retirement on annuity, may elect a lesser amount of annuity and provide, with the actuarial value of the amount by which his annuity is reduced, a reversionary annuity for a wife, husband, parents, children, brothers or sisters. The election may be exercised by filing a written designation with the Board prior to retirement, and may be revoked by the employee at any time before retirement. The death of the employee prior to retirement shall automatically void the election.

annuity being paid to the retired employee annuitant shall remain unchanged and no reversionary annuity shall be payable.

No reversionary annuity shall be paid if the employee dies before the expiration of 730 days from the date the written designation was filed with the board, even though the employee retired and was receiving a reduced annuity.

(c) An employee exercising this option shall not reduce the annuity by more than 25%, nor elect to provide a reversionary annuity of less than $100 per month. No such option shall be permitted if the reversionary annuity for a surviving spouse, when added to the surviving spouse's annuity payable under this Article, exceeds 85% of the reduced annuity payable to the employee.

(d) A reversionary annuity shall begin on the day following the death of the annuitant, with the first payment due and payable one month later, and shall continue monthly thereafter until the death of the reversionary annuitant. Beginning on the first day of the month following the month in which this amendatory Act of the 96th General Assembly takes effect, a reversionary annuity shall begin on the first of the month following the annuitant's death and is payable for the full month if the reversionary annuitant is alive on the first day of the month.

(e) The increases in annuity provided in Section 13-302(d) shall, as to an employee so electing a reduced annuity, relate to the amount of reduced annuity, and such lesser amount shall constitute the annuity on which such increases shall be based.

(f) For determining the actuarial value under this option of the employee's annuity and the reversionary annuity, the Fund shall use an actuarial table recommended by the Fund's actuarial consultant and approved by the Board of Trustees.

Sec. 13-308. Child's annuity.

(a) Eligibility. A child's annuity shall be provided for each unmarried child under the age of 18 years (under the age of 23 years in the case of a full-time student) whose employee parent dies while in service, or whose deceased parent is an annuitant or former employee with at least 10 years of creditable service who did not take a refund of employee contributions. Eligibility for benefits to unmarried children over the age of 18 but under the age of 23 begins no earlier than September 1, 2005. The

first day of the month following the month in which this amendatory Act of the 94th General Assembly takes effect.

For purposes of this Section, "employee" includes a former employee, and "child" means the issue of an employee or a child adopted by an employee.

Payments shall cease when a child attains the age of 18 years (age of 23 years in the case of a full-time student) or marries, whichever first occurs. The annuity shall not be payable unless the employee has been employed as an employee for at least 36 months from the date of the employee's original entry into service (at least 24 months in the case of an employee who first entered service before June 13, 1997) and at least 12 months from the date of the employee's latest re-entry into service; provided, however, that if death arises out of and in the course of service to the employer and is compensable under either the Illinois Workers' Compensation Act or Illinois Workers' Occupational Diseases Act, the annuity is payable regardless of the employee's length of service.

(b) Amount. Beginning on the first day of the month following the month in which this amendatory Act of the 96th General Assembly takes effect, a child's annuity shall be $500 per month for each one child and $250 per month for each additional child, up to a maximum of $5,000 per month for all children of the employee, as provided in this Section, if a parent of the child is living. The child's annuity shall be $1,000 per month for each one child and $500 per month for each additional child, up to a maximum of $5,000 per month for all children of the employee, when neither parent is alive. The total amount payable to all children of the employee shall be divided equally among those children. Any child's annuity which commenced prior to July 12, 2001 shall be increased upon the first day of the month following the month in which that effective date occurs, to the amount set forth herein.

(c) Payment. Until a child attains the age of 18 years, a child's annuity shall be paid to the child's parent or other person who shall be providing for the child without requiring formal letters of guardianship, unless another person shall be appointed by a court of law as guardian. 

Beginning on the first day of the month following the month in which this amendatory Act of the 96th General Assembly takes effect, benefits shall begin on the first of the month following the employee's or annuitant's date of death and are payable for the full month if the annuitant was alive on the first day of the month.

Sec. 13-309. Duty disability benefit.

(a) Any employee who becomes disabled, which disability is the result of an injury or illness compensable under the Illinois Workers' Compensation Act or the Illinois Workers' Occupational Diseases Act, is entitled to a duty disability benefit during the period of disability for which the employee does not receive any part of salary, or any part of a retirement annuity under this Article; except that in the case of an employee who first enters service on or after June 13, 1997 and becomes disabled before August 18, 2005 (the effective date of Public Act 94-621) this amendatory Act of the 94th General Assembly, a duty disability benefit is not payable for the first 3 days of disability that would otherwise be payable under this Section if the disability does not continue for at least 11 additional days. The changes made to this Section by Public Act 94-621 this amendatory Act of the 94th General Assembly are prospective only and do not entitle an employee to a duty disability benefit for the first 3 days of any disability that occurred before that effective date and did not continue for at least 11 additional days. This benefit shall be 75% of salary at the date disability begins. However, if the disability in any measure resulted from any physical defect or disease which existed at the time such injury was sustained or such illness commenced, the duty disability benefit shall be 50% of salary.

Unless the employer acknowledges that the disability is a result of injury or illness compensable under the Workers' Compensation Act or the Workers' Occupational Diseases Act, the duty disability benefit shall not be payable until the issue of compensability under those Acts is finally adjudicated. The period of disability shall be as determined by the Illinois Workers' Compensation Commission or acknowledged by the employer.

An employee in service before June 13, 1997 shall also receive a child's disability benefit during the period of disability of $10 per month for each unmarried natural or adopted child of the employee under 18 years of age.

The first payment shall be made not later than one month after the benefit is granted, and subsequent payments shall be made at least monthly. The Board shall by rule prescribe for the payment of such benefits on the basis of the amount of salary lost during the period of disability.

(b) The benefit shall be allowed only if all of the following requirements are met by the employee:

New matter indicated by italics - deletions by strikeout.
(1) Application is made to the Board within 90 days from the date disability begins;

(2) A medical report is submitted by at least one licensed and practicing physician as part of the employee's application; and

(3) The employee is examined by at least one licensed and practicing physician appointed by the Board and found to be in a disabled physical condition, and shall be re-examined at least annually thereafter during the continuance of disability. The employee need not be examined re-examined by a licensed and practicing physician appointed by the Board if the attorney for the district certifies in writing that the employee is entitled to receive compensation under the Workers' Compensation Act or the Workers' Occupational Diseases Act. The Board may require other evidence of disability.

(c) The benefit shall terminate when:

(1) The employee returns to work or receives a retirement annuity paid wholly or in part under this Article;

(2) The disability ceases;

(3) The employee attains age 65, but if the employee becomes disabled at age 60 or later, benefits may be extended for a period of no more than 5 years after disablement;

(4) The employee (i) refuses to submit to reasonable examinations by physicians or other health professionals appointed by the Board, (ii) fails or refuses to consent to and sign an authorization allowing the Board to receive copies of or to examine the employee's medical and hospital records, or (iii) fails or refuses to provide complete information regarding any other employment for compensation he or she has received since becoming disabled; or

(5) The employee willfully and continuously refuses to follow medical advice and treatment to enable the employee to return to work. However this provision does not apply to an employee who relies in good faith on treatment by prayer through spiritual means alone in accordance with the tenets and practice of a recognized church or religious denomination, by a duly accredited practitioner thereof.

In the case of a duty disability recipient who returns to work, the employee must make application to the Retirement Board within 2 years from the date the employee last received duty disability benefits in order to

become again entitled to duty disability benefits based on the injury for which a duty disability benefit was theretofore paid.

(40 ILCS 5/13-314) (from Ch. 108 1/2, par. 13-314)  
(a) Transfer of credits. Any Water Reclamation District commissioner elected by vote of the people and who has elected to participate in this Fund may transfer to this Fund credits and creditable service accumulated under any other pension fund or retirement system established under Articles 2 through 18 of this Code, upon payment to the Fund of (1) the amount by which the employer and employee contributions that would have been required if he had participated in this Fund during the period for which credit is being transferred, plus interest, exceeds the amounts actually transferred from such other fund or system to this Fund, plus (2) interest thereon at 6% per year compounded annually from the date of transfer to the date of payment.  
(b) Alternative annuity. Any participant commissioner may elect to establish alternative credits for an alternative annuity by electing in writing to make additional optional contributions in accordance with this Section and procedures established by the Board. Unless and until such time as the U.S. Internal Revenue Service or the federal courts provide a favorable ruling as described in Section 13-502(f), a commissioner may discontinue making the additional optional contributions by notifying the Fund in writing in accordance with this Section and procedures established by the Board.  
Additional optional contributions for the alternative annuity shall be as follows:  
(1) For service after the option is elected, an additional contribution of 3% of salary shall be contributed to the Fund on the same basis and under the same conditions as contributions required under Section 13-502.  
(2) For contributions on past service, the additional contribution shall be 3% of the salary for the applicable period of service, plus interest at the annual rate from time to time as determined by the Board, compounded annually from the date of service to the date of payment. Contributions for service before the option is elected may be made in a lump sum payment to the Fund or by contributing to the Fund on the same basis and under the

same conditions as contributions required under Section 13-502. All payments for past service must be paid in full before credit is given. No additional optional contributions may be made for any period of service for which credit has been previously forfeited by acceptance of a refund, unless the refund is repaid in full with interest at the rate specified in Section 13-603, from the date of refund to the date of repayment.

In lieu of the retirement annuity otherwise payable under this Article, any commissioner who has elected to participate in the Fund and make additional optional contributions in accordance with this Section, has attained age 55, and has at least 6 years of service credit, may elect to have the retirement annuity computed as follows: 3% of the participant's average final salary as a commissioner for each of the first 8 years of service credit, plus 4% of such salary for each of the next 4 years of service credit, plus 5% of such salary for each year of service credit in excess of 12 years, subject to a maximum of 80% of such salary. To the extent such commissioner has made additional optional contributions with respect to only a portion of years of service credit, the retirement annuity will first be determined in accordance with this Section to the extent such additional optional contributions were made, and then in accordance with the remaining Sections of this Article to the extent of years of service credit with respect to which additional optional contributions were not made. The change in minimum retirement age (from 60 to 55) made by this amendatory Act of 1993 applies to persons who begin receiving a retirement annuity under this Section on or after January 25, 1993 (the effective date of Public Act 87-1265) this amendatory Act, without regard to whether they are in service on or after that date.

(c) Disability benefits. In lieu of the disability benefits otherwise payable under this Article, any commissioner who (1) has elected to participate in the Fund, and (2) has become permanently disabled and as a consequence is unable to perform the duties of office, and (3) was making optional contributions in accordance with this Section at the time the disability was incurred, may elect to receive a disability annuity calculated in accordance with the formula in subsection (b). For the purposes of this subsection, such commissioner shall be considered permanently disabled only if: (i) disability occurs while in service as a commissioner and is of such a nature as to prevent the reasonable performance of the duties of office at the time; and (ii) the Board has received a written certification by
at least 2 licensed physicians appointed by it stating that such commissioner is disabled and that the disability is likely to be permanent.

(d) Alternative survivor's benefits. In lieu of the survivor's benefits otherwise payable under this Article, the spouse or eligible child of any deceased commissioner who (1) had elected to participate in the Fund, and (2) was either making (or had already made) additional optional contributions on the date of death, or was receiving an annuity calculated under this Section at the time of death, may elect to receive an annuity beginning on the date of the commissioner's death, provided that the spouse and commissioner must have been married on the date of the last termination of a service as commissioner and for a continuous period of at least one year immediately preceding death.

The annuity shall be payable beginning on the date of the commissioner's death if the spouse is then age 50 or over, or beginning at age 50 if the age of the spouse is less than 50 years. If a minor unmarried child or children of the commissioner, under age 18 (age 23 in the case of a full-time student), also survive, and the child or children are under the care of the eligible spouse, the annuity shall begin as of the date of death of the commissioner without regard to the spouse's age. Beginning on the first day of the month following the month in which this amendatory Act of the 96th General Assembly takes effect, benefits shall begin on the first of the month following the commissioner's date of death if the spouse is then age 50 or over or, if a minor unmarried child or children of the commissioner, under age 18 (age 23 in the case of a full-time student), also survive, and the child or children are under the care of the eligible spouse. The benefit is payable for the full month if the annuitant was alive on the first day of the month.

The annuity to a spouse shall be the greater of (i) 66 2/3% of the amount of retirement annuity earned by the commissioner on the date of death, subject to a minimum payment of 10% of salary, provided that if an eligible spouse, regardless of age, has in his or her care at the date of death of the commissioner any unmarried child or children of the commissioner under age 18, the minimum annuity shall be 30% of the commissioner's salary, plus 10% of salary on account of each minor child of the commissioner, subject to a combined total payment on account of a spouse and minor children not to exceed 50% of the deceased commissioner's salary or (ii) for the spouse of a commissioner whose death occurs on or after August 18, 2005 (the effective date of Public Act 94-621) this amendatory Act of the 94th General Assembly, the surviving spouse

annuity shall be computed in the same manner as described in Section 13-306(a). The number of total service years used to calculate the commissioner's annuity shall be the number of service years used to calculate the annuity for that commissioner's surviving spouse. In the event there shall be no spouse of the commissioner surviving, or should a spouse die while eligible minor children still survive the commissioner, each such child shall be entitled to an annuity equal to 20% of salary of the commissioner subject to a combined total payment on account of all such children not to exceed 50% of salary of the commissioner. The salary to be used in the calculation of these benefits shall be the same as that prescribed for determining a retirement annuity as provided in subsection (b) of this Section.

Upon the death of a commissioner occurring after termination of a service or while in receipt of a retirement annuity, the combined total payment to a spouse and minor children, or to minor children alone if no eligible spouse survives, shall be limited to 85% of the amount of retirement annuity earned by the commissioner.

Marriage of a child or attainment of age 18 (age 23 in the case of a full-time student), whichever first occurs, shall render the child ineligible for further consideration in the payment of annuity to a spouse or in the increase in the amount thereof. Upon attainment of eligibility of the youngest minor child of the commissioner, the annuity shall immediately revert to the amount payable upon death of a commissioner leaving no minor children surviving. If the spouse is under age 50 at such time, the annuity as revised shall be deferred until such age is attained.

(e) Refunds. Refunds of additional optional contributions shall be made on the same basis and under the same conditions as provided under Section 13-601. Interest shall be credited on the same basis and under the same conditions as for other contributions.

Optional contributions shall be accounted for in a separate Commission's Optional Contribution Reserve. Optional contributions under this Section shall be included in the amount of employee contributions used to compute the tax levy under Section 13-503.

(f) Effective date. The effective date of this plan of optional alternative benefits and contributions shall be the date upon which approval was received from the U.S. Internal Revenue Service. The plan of optional alternative benefits and contributions shall not be available to any former employee receiving an annuity from the Fund on the effective date.

date, unless said former employee re-enters service and renders at least 3 years of additional service after the date of re-entry as a commissioner.

Sec. 13-601. Refunds.

(a) Withdrawal from service. Upon withdrawal from service, an employee under age 55 (age 50 if the employee first entered service before June 13, 1997), or an employee age 55 (age 50 if the employee first entered service before June 13, 1997) or over but less than 60 having less than 20 years of service, or an employee age 60 or over having less than 5 years of service shall be entitled, upon application, to a refund of total contributions from salary deductions or amounts otherwise paid under this Article by the employee. The refund shall not include interest credited to the contributions. The Board may, in its discretion, withhold payment of a refund for a period not to exceed one year from the date of filing an application for refund.

(b) Surviving spouse's annuity contributions. A refund of all amounts deducted from salary or otherwise contributed by an employee for the surviving spouse's annuity shall be paid upon retirement to any employee who on the date of retirement is either not married or is married but whose spouse is not eligible for a surviving spouse's annuity paid wholly or in part under this Article. The refund shall include interest on each contribution at the rate of 3% per annum compounded annually from the date of the contribution to the date of the refund.

(c) Payment of Refunds After Death. Whenever any refund is payable after the death of the employee or annuitant as provided for in this Article, the refund shall be paid as follows: to the employee's surviving spouse, but if there is no surviving spouse then in accordance with the employee's written designation of beneficiary filed with the Board on the prescribed form before the employee's death. If there is no such designation of beneficiary, then to the employee's surviving children in equal parts to each. If there are no such children, the refund shall be paid to the heirs of the employee according to the law of descent and distribution of the State of Illinois.

If a personal representative of the estate has not been appointed within 90 days from the date on which a refund became payable, the refund may be applied, in the discretion of the Board, toward the payment of the employee's or the surviving spouse's burial expenses. Any remaining

balance shall be paid to the heirs of the employee according to the law of
descent and distribution of the State of Illinois.

Whenever the total accumulations to the account of an employee
from employee contributions other than the contribution for the cost of
living increase, including interest to the employee's date of withdrawal,
have not been paid to the employee and surviving spouse as a retirement or
spouse's annuity before the death of the employee and spouse, a refund
shall be paid as follows: an amount equal to the excess of such amounts
over the amounts paid on such annuities without interest on either such
amount.

If a reversionary annuity becomes payable under Section 13-303,
the refund provided in this section shall not be paid until the death of the
reversionary annuitant and the refund otherwise payable under this section
shall be then further reduced by the amount of the reversionary annuity
paid.

(d) In lieu of annuity. Notwithstanding the provisions set forth in
subsection (a) of this section, whenever an employee's or surviving
spouse's annuity will be less than $200 per month, the employee or
surviving spouse, as the case may be, may elect to receive a refund of
accumulated employee contributions; provided, however, that if the
election is made by a surviving spouse the refund shall be reduced by any
amounts theretofore paid to the employee in the form of an annuity.

(e) Forfeiture of rights. An employee or surviving spouse who
receives a refund forfeits the right to receive an annuity or any other
benefit payable under this Article except that if the refund is to a surviving
spouse, any child or children of the employee shall not be deprived of the
right to receive a child's annuity as provided in Section 13-308 of this
Article, and the payment of a child's annuity shall not reduce the amount
refundable to the surviving spouse.

AN ACT concerning education.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Section 17-2.11 as follows:

(105 ILCS 5/17-2.11) (from Ch. 122, par. 17-2.11)

Sec. 17-2.11. School board power to levy a tax or to borrow money and issue bonds for fire prevention, safety, energy conservation, disabled accessibility, school security, and specified repair purposes.

(a) Whenever, as a result of any lawful order of any agency, other than a school board, having authority to enforce any school building code applicable to any facility that houses students, or any law or regulation for the protection and safety of the environment, pursuant to the Environmental Protection Act, any school district having a population of less than 500,000 inhabitants is required to alter or reconstruct any school building or permanent, fixed equipment; the district may, by proper resolution, levy a tax for the purpose of making such alteration or reconstruction, based on a survey report by an architect or engineer licensed in this State, upon all of the taxable property of the district at the value assessed by the Department of Revenue and at a rate not to exceed 0.05% per year for a period sufficient to finance such alteration or reconstruction, upon the following conditions:

(1) When there are not sufficient funds available in the operations and maintenance fund of the school district, the school facility occupation tax fund of the district, or the fire prevention and safety fund of the district, as determined by the district on the basis of rules adopted by the State Board of Education, to make such alteration or reconstruction or to purchase and install such permanent, fixed equipment so ordered or determined as necessary. Appropriate school district records must be made available to the State Superintendent of Education, upon request, to confirm this insufficiency.

New matter indicated by italics - deletions by strikeout.
(2) When a certified estimate of an architect or engineer licensed in this State stating the estimated amount necessary to make the alteration or reconstruction or to purchase and install the equipment so ordered has been secured by the school district, and the estimate has been approved by the regional superintendent of schools having jurisdiction over the district and the State Superintendent of Education. Approval must not be granted for any work that has already started without the prior express authorization of the State Superintendent of Education. If the estimate is not approved or is denied approval by the regional superintendent of schools within 3 months after the date on which it is submitted to him or her, the school board of the district may submit the estimate directly to the State Superintendent of Education for approval or denial.

In the case of an emergency situation, where the estimated cost to effectuate emergency repairs is less than the amount specified in Section 10-20.21 of this Code, the school district may proceed with such repairs prior to approval by the State Superintendent of Education, but shall comply with the provisions of subdivision (2) of this subsection (a) as soon thereafter as may be as well as Section 10-20.21 of this Code. If the estimated cost to effectuate emergency repairs is greater than the amount specified in Section 10-20.21 of this Code, then the school district shall proceed in conformity with Section 10-20.21 of this Code and with rules established by the State Board of Education to address such situations. The rules adopted by the State Board of Education to deal with these situations shall stipulate that emergency situations must be expedited and given priority consideration. For purposes of this paragraph, an emergency is a situation that presents an imminent and continuing threat to the health and safety of students or other occupants of a facility, requires complete or partial evacuation of a building or part of a building, or consumes one or more of the 5 emergency days built into the adopted calendar of the school or schools or would otherwise be expected to cause such school or schools to fall short of the minimum school calendar requirements.

(b) Whenever any such district determines that it is necessary for energy conservation purposes that any school building or permanent, fixed equipment should be altered or reconstructed and that such alterations or reconstruction will be made with funds not necessary for the completion of approved and recommended projects contained in any safety survey report

New matter indicated by italics - deletions by strikeout.
or amendments thereto authorized by Section 2-3.12 of this Act; the district may levy a tax or issue bonds as provided in subsection (a) of this Section.

(c) Whenever any such district determines that it is necessary for disabled accessibility purposes and to comply with the school building code that any school building or equipment should be altered or reconstructed and that such alterations or reconstruction will be made with funds not necessary for the completion of approved and recommended projects contained in any safety survey report or amendments thereto authorized under Section 2-3.12 of this Act, the district may levy a tax or issue bonds as provided in subsection (a) of this Section.

(d) Whenever any such district determines that it is necessary for school security purposes and the related protection and safety of pupils and school personnel that any school building or property should be altered or reconstructed or that security systems and equipment (including but not limited to intercom, early detection and warning, access control and television monitoring systems) should be purchased and installed, and that such alterations, reconstruction or purchase and installation of equipment will be made with funds not necessary for the completion of approved and recommended projects contained in any safety survey report or amendment thereto authorized by Section 2-3.12 of this Act and will deter and prevent unauthorized entry or activities upon school property by unknown or dangerous persons, assure early detection and advance warning of any such actual or attempted unauthorized entry or activities and help assure the continued safety of pupils and school staff if any such unauthorized entry or activity is attempted or occurs; the district may levy a tax or issue bonds as provided in subsection (a) of this Section.

(e) If a school district does not need funds for other fire prevention and safety projects, including the completion of approved and recommended projects contained in any safety survey report or amendments thereto authorized by Section 2-3.12 of this Act, and it is determined after a public hearing (which is preceded by at least one published notice (i) occurring at least 7 days prior to the hearing in a newspaper of general circulation within the school district and (ii) setting forth the time, date, place, and general subject matter of the hearing) that there is a substantial, immediate, and otherwise unavoidable threat to the health, safety, or welfare of pupils due to disrepair of school sidewalks, playgrounds, parking lots, or school bus turnarounds and repairs must be
made; then the district may levy a tax or issue bonds as provided in subsection (a) of this Section.

(f) For purposes of this Section a school district may replace a school building or build additions to replace portions of a building when it is determined that the effectuation of the recommendations for the existing building will cost more than the replacement costs. Such determination shall be based on a comparison of estimated costs made by an architect or engineer licensed in the State of Illinois. The new building or addition shall be equivalent in area (square feet) and comparable in purpose and grades served and may be on the same site or another site. Such replacement may only be done upon order of the regional superintendent of schools and the approval of the State Superintendent of Education.

(g) The filing of a certified copy of the resolution levying the tax when accompanied by the certificates of the regional superintendent of schools and State Superintendent of Education shall be the authority of the county clerk to extend such tax.

(h) The county clerk of the county in which any school district levying a tax under the authority of this Section is located, in reducing raised levies, shall not consider any such tax as a part of the general levy for school purposes and shall not include the same in the limitation of any other tax rate which may be extended.

Such tax shall be levied and collected in like manner as all other taxes of school districts, subject to the provisions contained in this Section.

(i) The tax rate limit specified in this Section may be increased to .10% upon the approval of a proposition to effect such increase by a majority of the electors voting on that proposition at a regular scheduled election. Such proposition may be initiated by resolution of the school board and shall be certified by the secretary to the proper election authorities for submission in accordance with the general election law.

(j) When taxes are levied by any school district for fire prevention, safety, energy conservation, and school security purposes as specified in this Section, and the purposes for which the taxes have been levied are accomplished and paid in full, and there remain funds on hand in the Fire Prevention and Safety Fund from the proceeds of the taxes levied, including interest earnings thereon, the school board by resolution shall use such excess and other board restricted funds, excluding bond proceeds and earnings from such proceeds, as follows:

New matter indicated by italics - deletions by strikeout.
(1) for other authorized fire prevention, safety, energy conservation, and school security purposes; or

(2) for transfer to the Operations and Maintenance Fund for the purpose of abating an equal amount of operations and maintenance purposes taxes.

(k) If any transfer is made to the Operation and Maintenance Fund, the secretary of the school board shall within 30 days notify the county clerk of the amount of that transfer and direct the clerk to abate the taxes to be extended for the purposes of operations and maintenance authorized under Section 17-2 of this Act by an amount equal to such transfer.

(l) If the proceeds from the tax levy authorized by this Section are insufficient to complete the work approved under this Section, the school board is authorized to sell bonds without referendum under the provisions of this Section in an amount that, when added to the proceeds of the tax levy authorized by this Section, will allow completion of the approved work.

(m) Any bonds issued pursuant to this Section shall bear interest at a rate not to exceed the maximum rate authorized by law at the time of the making of the contract, shall mature within 20 years from date, and shall be signed by the president of the school board and the treasurer of the school district.

(n) In order to authorize and issue such bonds, the school board shall adopt a resolution fixing the amount of bonds, the date thereof, the maturities thereof, rates of interest thereof, place of payment and denomination, which shall be in denominations of not less than $100 and not more than $5,000, and provide for the levy and collection of a direct annual tax upon all the taxable property in the school district sufficient to pay the principal and interest on such bonds to maturity. Upon the filing in the office of the county clerk of the county in which the school district is located of a certified copy of the resolution, it is the duty of the county clerk to extend the tax therefor in addition to and in excess of all other taxes heretofore or hereafter authorized to be levied by such school district.

(q) With respect to instruments for the payment of money issued under this Section either before, on, or after the effective date of Public Act 86-004 (June 6, 1989), it is, and always has been, the intention of the General Assembly (i) that the Omnibus Bond Acts are, and always have been, supplementary grants of power to issue instruments in accordance with the Omnibus Bond Acts, regardless of any provision of this Act that may appear to be or to have been more restrictive than those Acts, (ii) that the provisions of this Section are not a limitation on the supplementary authority granted by the Omnibus Bond Acts, and (iii) that instruments issued under this Section within the supplementary authority granted by the Omnibus Bond Acts are not invalid because of any provision of this Act that may appear to be or to have been more restrictive than those Acts.

(r) When the purposes for which the bonds are issued have been accomplished and paid for in full and there remain funds on hand from the proceeds of the bond sale and interest earnings therefrom, the board shall, by resolution, use such excess funds in accordance with the provisions of Section 10-22.14 of this Act.

PUBLIC ACT 96-0253
(House Bill No. 1116)

AN ACT concerning criminal law.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Unified Code of Corrections is amended by changing Section 5-6-1 as follows:

New matter indicated by italics - deletions by strikeout.
Sec. 5-6-1. Sentences of Probation and of Conditional Discharge and Disposition of Supervision. The General Assembly finds that in order to protect the public, the criminal justice system must compel compliance with the conditions of probation by responding to violations with swift, certain and fair punishments and intermediate sanctions. The Chief Judge of each circuit shall adopt a system of structured, intermediate sanctions for violations of the terms and conditions of a sentence of probation, conditional discharge or disposition of supervision.

(a) Except where specifically prohibited by other provisions of this Code, the court shall impose a sentence of probation or conditional discharge upon an offender unless, having regard to the nature and circumstance of the offense, and to the history, character and condition of the offender, the court is of the opinion that:

(1) his imprisonment or periodic imprisonment is necessary for the protection of the public; or
(2) probation or conditional discharge would deprecate the seriousness of the offender's conduct and would be inconsistent with the ends of justice; or
(3) a combination of imprisonment with concurrent or consecutive probation when an offender has been admitted into a drug court program under Section 20 of the Drug Court Treatment Act is necessary for the protection of the public and for the rehabilitation of the offender.

The court shall impose as a condition of a sentence of probation, conditional discharge, or supervision, that the probation agency may invoke any sanction from the list of intermediate sanctions adopted by the chief judge of the circuit court for violations of the terms and conditions of the sentence of probation, conditional discharge, or supervision, subject to the provisions of Section 5-6-4 of this Act.

(b) The court may impose a sentence of conditional discharge for an offense if the court is of the opinion that neither a sentence of imprisonment nor of periodic imprisonment nor of probation supervision is appropriate.

(b-1) Subsections (a) and (b) of this Section do not apply to a defendant charged with a misdemeanor or felony under the Illinois Vehicle Code or reckless homicide under Section 9-3 of the Criminal Code of 1961 if the defendant within the past 12 months has been convicted of or

pleaded guilty to a misdemeanor or felony under the Illinois Vehicle Code or reckless homicide under Section 9-3 of the Criminal Code of 1961.

(c) The court may, upon a plea of guilty or a stipulation by the defendant of the facts supporting the charge or a finding of guilt, defer further proceedings and the imposition of a sentence, and enter an order for supervision of the defendant, if the defendant is not charged with: (i) a Class A misdemeanor, as defined by the following provisions of the Criminal Code of 1961: Sections 11-9.1; 12-3.2; 12-15; 26-5; 31-1; 31-6; 31-7; subsections (b) and (c) of Section 21-1; paragraph (1) through (5), (8), (10), and (11) of subsection (a) of Section 24-1; (ii) a Class A misdemeanor violation of Section 3.01, 3.03-1, or 4.01 of the Humane Care for Animals Act; or (iii) a felony. If the defendant is not barred from receiving an order for supervision as provided in this subsection, the court may enter an order for supervision after considering the circumstances of the offense, and the history, character and condition of the offender, if the court is of the opinion that:

(1) the offender is not likely to commit further crimes;
(2) the defendant and the public would be best served if the defendant were not to receive a criminal record; and
(3) in the best interests of justice an order of supervision is more appropriate than a sentence otherwise permitted under this Code.

(c-5) Subsections (a), (b), and (c) of this Section do not apply to a defendant charged with a second or subsequent violation of Section 6-303 of the Illinois Vehicle Code committed while his or her driver's license, permit or privileges were revoked because of a violation of Section 9-3 of the Criminal Code of 1961, relating to the offense of reckless homicide, or a similar provision of a law of another state.

(d) The provisions of paragraph (c) shall not apply to a defendant charged with violating Section 11-501 of the Illinois Vehicle Code or a similar provision of a local ordinance when the defendant has previously been:

(2) assigned supervision for a violation of Section 11-501 of the Illinois Vehicle Code or a similar provision of a local ordinance or any similar law or ordinance of another state; or

New matter indicated by italics - deletions by strikeout.
(3) pleaded guilty to or stipulated to the facts supporting a charge or a finding of guilty to a violation of Section 11-503 of the Illinois Vehicle Code or a similar provision of a local ordinance or any similar law or ordinance of another state, and the plea or stipulation was the result of a plea agreement.

The court shall consider the statement of the prosecuting authority with regard to the standards set forth in this Section.

(e) The provisions of paragraph (c) shall not apply to a defendant charged with violating Section 16A-3 of the Criminal Code of 1961 if said defendant has within the last 5 years been:

The district may not classify more funds as funds received in connection with the funding program than the district is entitled to receive in that fiscal year for that program. Any classification by a district must be made by a resolution of its board of education. The resolution must identify the amount of any payments or general State aid to be classified under this paragraph and must specify the funding program to which the funds are to be treated as received in connection therewith. This resolution is controlling as to the classification of funds referenced therein. A certified copy of the resolution must be sent to the State Superintendent of Education. The resolution shall still take effect even though a copy of the resolution has not been sent to the State Superintendent of Education in a timely manner. No classification under this paragraph by a district shall affect the total amount or timing of money the district is entitled to receive under this Code. No classification under this paragraph by a district shall in any way relieve the district from or affect any requirements that otherwise would apply with respect to that funding program, including any accounting of funds by source, reporting expenditures by original source and purpose, reporting requirements, or requirements of providing services.

In counties where the state's attorney is the sole prosecutor, and in counties where a judge presides over cases involving a variety of misdemeanors, including alcohol-related traffic matters, assistant state's attorneys appointed and subsidized by this subsection (h) may also prosecute the different misdemeanor cases at the direction of the state's attorney.

If in any year the amount appropriated for the purposes of this subsection (h) is insufficient to pay all of the subsidies specified in this subsection, the amount appropriated shall first be prorated by the population classifications of this subsection (h) and then among the counties choosing to participate within each of those classifications. If any of the appropriated moneys for each population classification remain at the end of a fiscal year, the remainder of the moneys may be allocated to participating counties that were not fully funded during the course of the year. Nothing in this subsection prohibits 2 or more State's attorneys from combining their subsidies to appoint a joint assistant State's attorney to prosecute alcohol-related traffic offenses in multiple counties. Nothing in this subsection prohibits a State's attorney from appointing an assistant State's attorney by contract or otherwise.

prior to sale, the court shall conduct a hearing to confirm the sale. Unless the court finds that (i) a notice required in accordance with subsection (c) of Section 15-1507 was not given, (ii) the terms of sale were unconscionable, (iii) the sale was conducted fraudulently or (iv) that justice was otherwise not done, the court shall then enter an order confirming the sale. The confirmation order may also:

(1) approve the mortgagee's fees and costs arising between the entry of the judgment of foreclosure and the confirmation hearing, those costs and fees to be allowable to the same extent as provided in the note and mortgage and in Section 15-1504;

(2) provide for a personal judgment against any party for a deficiency; and

(3) determine the priority of the judgments of parties who deferred proving the priority pursuant to subsection (h) of Section 15-1506, but the court shall not defer confirming the sale pending the determination of such priority.

(b-5) Notice with respect to residential real estate. With respect to residential real estate, the notice required under subsection (b) of this Section shall be sent to the mortgagor even if the mortgagor has previously been held in default. In the event the mortgagor has filed an appearance, the notice shall be sent to the address indicated on the appearance. In all other cases, the notice shall be sent to the mortgagor at the common address of the foreclosed property. The notice shall be sent by first class mail. Unless the right to possession has been previously terminated by the court, the notice shall include the following language in 12-point boldface capitalized type:

IF YOU ARE THE MORTGAGOR (HOMEOWNER), YOU HAVE THE RIGHT TO REMAIN IN POSSESSION FOR 30 DAYS AFTER ENTRY OF AN ORDER OF POSSESSION, IN ACCORDANCE WITH SECTION 15-1701(c) OF THE ILLINOIS MORTGAGE FORECLOSURE LAW.

(c) Failure to Give Notice. If any sale is held without compliance with subsection (c) of Section 15-1507 of this Article, any party entitled to the notice provided for in paragraph (3) of that subsection (c) who was not so notified may, by motion supported by affidavit made prior to confirmation of such sale, ask the court which entered the judgment to set aside the sale, provided that such party shall guarantee or secure by bond a bid equal to the successful bid at the prior sale. Any such party shall guarantee or secure by bond a bid equal to the successful bid at the prior sale.
sale, unless the party seeking to set aside the sale is the mortgagor, the real estate sold at the sale is residential real estate, and the mortgagor occupies the residential real estate at the time the motion is filed. In that event, no guarantee or bond shall be required of the mortgagor. Any subsequent sale is subject to the same notice requirement as the original sale.

(d) Validity of Sale. Except as provided in subsection (c) of Section 15-1508, no sale under this Article shall be held invalid or be set aside because of any defect in the notice thereof or in the publication of the same, or in the proceedings of the officer conducting the sale, except upon good cause shown in a hearing pursuant to subsection (b) of Section 15-1508. At any time after a sale has occurred, any party entitled to notice under paragraph (3) of subsection (c) of Section 15-1507 may recover from the mortgagee any damages caused by the mortgagee's failure to comply with such paragraph (3). Any party who recovers damages in a judicial proceeding brought under this subsection may also recover from the mortgagee the reasonable expenses of litigation, including reasonable attorney's fees.

(e) Deficiency Judgment. In any order confirming a sale pursuant to the judgment of foreclosure, the court shall also enter a personal judgment for deficiency against any party (i) if otherwise authorized and (ii) to the extent requested in the complaint and proven upon presentation of the report of sale in accordance with Section 15-1508. Except as otherwise provided in this Article, a judgment may be entered for any balance of money that may be found due to the plaintiff, over and above the proceeds of the sale or sales, and enforcement may be had for the collection of such balance, the same as when the judgment is solely for the payment of money. Such judgment may be entered, or enforcement had, only in cases where personal service has been had upon the persons personally liable for the mortgage indebtedness, unless they have entered their appearance in the foreclosure action.

(f) Satisfaction. Upon confirmation of the sale, the judgment stands satisfied to the extent of the sale price less expenses and costs. If the order confirming the sale includes a deficiency judgment, the judgment shall become a lien in the manner of any other judgment for the payment of money.

(g) The order confirming the sale shall include, notwithstanding any previous orders awarding possession during the pendency of the foreclosure, an award to the purchaser of possession of the mortgaged real

estate, as of the date 30 days after the entry of the order, against the parties to the foreclosure whose interests have been terminated.

An order of possession authorizing the removal of a person from possession of the mortgaged real estate shall be entered and enforced only against those persons personally named as individuals in the complaint or the petition under subsection (h) of Section 15-1701 and in the order of possession and shall not be entered and enforced against any person who is only generically described as an unknown owner or nonrecord claimant or by another generic designation in the complaint.

Notwithstanding the preceding paragraph, the failure to personally name, include, or seek an award of possession of the mortgaged real estate against a person in the confirmation order shall not abrogate any right that the purchaser may have to possession of the mortgaged real estate and to maintain a proceeding against that person for possession under Article 9 of this Code or subsection (h) of Section 15-1701; and possession against a person who (1) has not been personally named as a party to the foreclosure and (2) has not been provided an opportunity to be heard in the foreclosure proceeding may be sought only by maintaining a proceeding under Article 9 of this Code or subsection (h) of Section 15-1701.

AN ACT concerning civil law.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Probate Act of 1975 is amended by adding Section 11a-17.1 as follows:

(755 ILCS 5/11a-17.1 new)
Sec. 11a-17.1. Sterilization of ward.
(a) A guardian of the person shall not consent to the sterilization of the ward without first obtaining an order from the court granting the guardian the authority to provide consent. For purposes of this Article XIa, "sterilization" means any procedure that has as its purpose rendering the ward permanently incapable of reproduction; provided, however, that an order from the court is not required for a procedure that is medically necessary to preserve the life of the ward or to prevent serious impairment to the health of the ward and which may result in sterilization.

(b) A guardian seeking authority to consent to the sterilization of the ward shall seek such authority by filing a verified motion. The verified motion shall allege facts which demonstrate that the proposed sterilization is warranted under subsection (f), (g) or (h) of this Section. The guardian ad litem will notify the ward of the motion in the manner set forth in subsection (c) of this Section.

(c) Upon the filing of a verified motion for authority to consent to sterilization, the court shall appoint a guardian ad litem to report to the court consistent with the provisions of this Section. If the guardian ad litem is not a licensed attorney, he or she shall be qualified, by training or experience, to work with or advocate for persons with a developmental disability, mental illness, physical disability, or disability because of mental deterioration, depending on the type of disability of the ward that is alleged in the motion. The court may allow the guardian ad litem reasonable compensation. The guardian ad litem may consult with a person who by training or experience is qualified to work with persons with a developmental disability, mental illness, physical disability, or disability because of mental deterioration, depending on the type of disability of the ward that is alleged. The guardian ad litem may also consult with health care providers knowledgeable about reproductive health matters including sterilization, other forms of contraception, and

childbirth. Outside the presence of the guardian, the guardian ad litem shall personally observe the ward prior to the hearing and shall inform the ward orally and in writing of the contents of the verified motion for authority to consent to sterilization. Outside the presence of the guardian, the guardian ad litem shall also attempt to elicit the ward's position concerning the motion, and any other areas of inquiry deemed appropriate by the court. At or before the hearing, the guardian ad litem shall file a written report detailing his or her observations of the ward; the responses of the ward to any of the inquiries detailed in this Section; the opinion of the guardian ad litem and any other professionals with whom the guardian ad litem consulted concerning the ward's understanding of and desire for or objection to, as well as what is in the ward's best interest relative to, sterilization, other forms of contraception, and childbirth; and any other material issue discovered by the guardian ad litem. The guardian ad litem shall appear at the hearing and testify, and may present witnesses, as to any issues presented in his or her report.

(d) The court (1) may appoint counsel for the ward if the court finds that the interests of the ward will be best served by the appointment, and (2) shall appoint counsel upon the ward's request, if the ward is objecting to the proposed sterilization, or if the ward takes a position adverse to that of the guardian ad litem. The ward shall be permitted to obtain the appointment of counsel either at the hearing or by any written or oral request communicated to the court prior to the hearing. The court shall inform the ward of this right to obtain appointed counsel. The court may allow counsel for the ward reasonable compensation.

(e) The court shall order a medical and psychological evaluation of the ward. The evaluation shall address the ward's decision making capacity with respect to the proposed sterilization, the existence of any less permanent alternatives, and any other material issue.

(f) The court shall determine, as a threshold inquiry, whether the ward has capacity to consent or withhold consent to the proposed sterilization and, if the ward lacks such capacity, whether the ward is likely to regain such capacity. The ward shall not be deemed to lack such capacity solely on the basis of the adjudication of disability and appointment of a guardian. In determining capacity, the court shall consider whether the ward is able, after being provided appropriate information, to understand the relationship between sexual activity and reproduction; the consequences of reproduction; and the nature and consequences of the proposed sterilization procedure. If the court finds
that (1) the ward has capacity to consent or withhold consent to the proposed sterilization, and (2) the ward objects or consents to the procedure, the court shall enter an order consistent with the ward's objection or consent and the proceedings on the verified motion shall be terminated.

(g) If the court finds that the ward does not have capacity to consent or withhold consent to the proposed sterilization and is unlikely to regain such capacity, the court shall determine whether the ward is expressing a clear desire for the proposed sterilization. If the ward is expressing a clear desire for the proposed sterilization, the court's decision regarding the proposed sterilization shall be made in accordance with the standards set forth in subsection (e) of Section 11a-17 of this Act.

(h) If the court finds that the ward does not have capacity to consent or withhold consent to the proposed sterilization and is unlikely to regain such capacity, and that the ward is not expressing a clear desire for the proposed sterilization, the court shall consider the standards set forth in subsection (e) of Section 11a-17 of this Act and enter written findings of fact and conclusions of law addressing those standards. In addition, the court shall not authorize the guardian to consent to the proposed sterilization unless the court finds, by clear and convincing evidence and based on written findings of fact and conclusions of law, that all of the following factors are present:

(1) The ward lacks decisional capacity regarding the proposed sterilization.
(2) The ward is fertile and capable of procreation.
(3) The benefits to the ward of the proposed sterilization outweigh the harm.
(4) The court has considered less intrusive alternatives and found them to be inadequate in this case.
(5) The proposed sterilization is in the best interest of the ward. In considering the ward's best interest, the court shall consider the following factors:

(A) The possibility that the ward will experience trauma or psychological damage if he or she has a child and, conversely, the possibility of trauma or psychological damage from the proposed sterilization.
(B) The ward is or is likely to become sexually active.

New matter indicated by italics - deletions by strikeout.
(C) The inability of the ward to understand reproduction or contraception and the likely permanence of that inability.

(D) Any other factors that assist the court in determining the best interest of the ward relative to the proposed sterilization.

Only an agent, officer, or investigator designated by the Director may be authorized in accordance with this Section to serve seizure notices, warrants, subpoenas, and summonses under the authority of this State.

(ii) the need to preserve the availability of the property through the entry of the requested order outweighs the hardship on any party against whom the order is to be entered.

Provided, however, that an order entered pursuant to subparagraph (B) shall be effective for not more than 90 days, unless extended by the court for good cause shown or unless an indictment, information, complaint, or administrative notice has been filed.

(2) A temporary restraining order under this subsection may be entered upon application of the State without notice or opportunity for a hearing when an indictment, information, complaint, or administrative notice has not yet been filed with respect to the property, if the State demonstrates that there is probable cause to believe that the property with respect to which the order is sought would be subject to forfeiture under this Section and that provision of notice will jeopardize the availability of the property for forfeiture. Such a temporary order shall expire not more than 30 days after the date on which it is entered, unless extended for good cause shown or unless the party against whom it is entered consents to an extension for a longer period. A hearing requested concerning an order entered under this paragraph shall be held at the earliest possible time and prior to the expiration of the temporary order.

(3) The court may receive and consider, at a hearing held pursuant to this subsection (f), evidence and information that would be inadmissible under the Illinois rules of evidence.

   (ii) no conveyance is subject to forfeiture under this Section by reason of any act or omission
which the owner proves to have been committed or omitted without his or her knowledge or consent;

New matter indicated by italics - deletions by strikeout.

Amounts distributed to the agency or agencies shall be used for the enforcement of laws.

(B)(i) 12.5% shall be distributed to the Office of the State's Attorney of the county in which the prosecution resulting in the forfeiture was instituted, deposited in a special fund in the county treasury and appropriated to the State's Attorney for use in the enforcement of laws. property that does not exceed $20,000 in value excluding the value of any
conveyance is seized, the following procedure shall be used:

(1) If, after review of the facts surrounding the seizure, the
State's Attorney is of the opinion that the seized property is subject

the subject of notice under paragraph (1) of this subsection (k),
must, in order to preserve any rights or claims to the property,

In lieu of a cost bond, a person claiming interest in the seized property may file, under penalty of perjury, an indigency affidavit which has been approved by a circuit court judge.

(1) If, after a review of the facts surrounding the seizure, the State's Attorney is of the opinion that the seized property is subject to forfeiture, then within 45 days of the receipt of notice of seizure by the seizing agency or the filing of the claim and cost bond, whichever is later, the State's Attorney shall institute judicial forfeiture proceedings by filing a verified complaint for forfeiture and, if the claimant has filed a claim and cost bond, by depositing the cost bond with the clerk of the court. When authorized by law, a forfeiture must be ordered by a court on an action in rem brought by a State's Attorney under a verified complaint for forfeiture.

(2) During the probable cause portion of the judicial in rem proceeding wherein the State presents its case-in-chief, the court must receive and consider, among other things, all relevant hearsay evidence and information. (6) The hearing must be held within 60 days after filing of the answer unless continued for good cause.

(7) The State shall show the existence of probable cause for forfeiture of the property. If the State shows probable cause, the claimant has the burden of showing by a preponderance of the evidence that the claimant's interest in the property is not subject to forfeiture.

(8) If the State does not show existence of probable cause, the court shall order the interest in the property returned or conveyed to the claimant and shall order all other property forfeited to the State. If the State does show existence of probable cause, the court shall order all property forfeited to the State.

(9) A defendant convicted in any criminal proceeding is precluded from later denying the essential allegations of the criminal offense of which the defendant was convicted in any proceeding under this Article regardless of the pendency of an appeal from that conviction. However, evidence of the pendency of an appeal is admissible.

(10) An acquittal or dismissal in a criminal proceeding does not preclude civil proceedings under this Article; however, for good cause shown, on a motion by the State's Attorney, the court may stay civil forfeiture proceedings during the criminal trial for a related criminal indictment or information alleging a money laundering violation. (o) Property constituting attorney fees. Nothing in this Article applies to property which constitutes reasonable bona fide attorney's fees paid to an attorney for services rendered or to be rendered in the forfeiture proceeding or criminal proceeding relating directly thereto where such property was paid before its seizure, before the issuance of any seizure warrant or court order prohibiting transfer of the property and where the attorney, at the time he or she received the property did not know that it was property subject to forfeiture under this Article.

(p) Construction. It is the intent of the General Assembly that the forfeiture provisions of this Article be liberally construed so as to effect their remedial purpose. The forfeiture of property and other remedies hereunder shall be considered to be in addition to, and not exclusive of, any sentence or other remedy provided by law.

described in paragraph (3) of subsection (k) of this Section. If a claim and cost bond is filed under this Section, then the procedures described in subsection (l) of this Section apply.

(r) Burden of proof of exemption or exception. It is not necessary for the State to negate any exemption or exception in this Article in any complaint, information, indictment or other pleading or in any trial, hearing, or other proceeding under this Article. The burden of proof of any exemption or exception is upon the person claiming it.

(s) Review of administrative decisions. All administrative findings, rulings, final determinations, findings, and conclusions of the State's Attorney's Office under this Article are final and conclusive decisions of the matters involved. Any person aggrieved by the decision may obtain review of the decision pursuant to the provisions of the Administrative Review Law and the rules adopted pursuant to that Law. Pending final decision on such review, the administrative acts, orders, and rulings of the State's Attorney's Office remain in full force and effect unless modified or suspended by order of court pending final judicial decision. Pending final decision on such review, the acts, orders, and rulings of the State's Attorney's Office remain in full force and effect, unless stayed by order of court. However, no stay of any decision of the administrative agency shall issue unless the person aggrieved by the decision establishes by a preponderance of the evidence that good cause exists for the stay. In determining good cause, the court shall find that the aggrieved party has established a substantial likelihood of prevailing on the merits and that granting the stay will not have an injurious effect on the general public.

(House Bill No. 2365)

AN ACT concerning children.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

New matter indicated by italics - deletions by strikeout.
Section 1. Short title. This Act may be cited as the Kinship Navigator Act.

Section 5. Definitions. In this Act:

(1) "Department" means the Department of Human Services.

(2) "NPO" means a not-for-profit organization.

(3) "Municipality" has the meaning ascribed to it in Section 1-1-2 of the Illinois Municipal Code.

(4) "Kinship care" means, as defined by Child Welfare League of America, the full time care, nurturing, and protection of children by relatives, members of their tribes or clans, grandparents, godparents, stepparents, or any adult who has physical custody and a kinship bond with a child. This definition is designed to be inclusive without age restrictions on the kinship caregiver and respectful of cultural values and ties of affection. It allows a child to grow to adulthood in a family environment.

(5) "Kinship Navigator" means a statewide program designed to ensure kinship caregivers the necessary resources for the preservation of the family.

Section 10. Legislative findings and intent.

(1) Caregivers often provide kinship care without compensation or support systems.

(2) Kinship caregivers are crucial to avoiding institutionalization of children and saving taxpayer dollars.

(3) Kinship caregivers are frequently under substantial physical, psychological, and financial stress. Unrelieved by support services available to the caregiver, this stress may lead to premature or unnecessary institutionalization for the care recipient or deterioration of the health condition and family circumstances of the kinship caregiver.

(4) Sudden responsibility for children often precludes kinship caregivers the opportunity to plan basic day to day responsibility.

(5) The Kinship Navigator shall be seamless, statewide, and coordinated among the Department of Human Services, Department on Aging, Illinois Housing Authority, Department of Children and Family Services, Department of Corrections, and federal and local governments as well as other public and private sources.

New matter indicated by italics - deletions by strikeout.
(6) Additional services provided under the Kinship Navigator shall be: organizing diverse, enriched, and culturally conscious kinship support groups and counseling; assisting with applying for benefits within the Illinois Department of Human Services' Family Community Resource Centers for those who qualify; publishing monthly newsletters; coordinating respite and crisis care services; assisting kinship caregivers with job readiness, job search, and job retention; and providing technical assistance to start up kinship support groups.

Section 15. Kinship Navigator conferences: promotion. The Department shall arrange for the conduct of 2 conferences, one in Cook County and one in Sangamon County, and provide for exhibits and activities for kinship caregivers and social service providers.

Section 20. Kinship Navigator administration. The Department, subject to appropriation, shall administer the Kinship Navigator through a contract with an NPO that has worked statewide with kinship families. The contract shall require that the program created by this Act will be coordinated with (i) the grandparent child care program administered by the Department of Children and Family Services under Section 34.11 of the Children and Family Services Act, (ii) the Department of Children and Family Services under Section 39.1 of the Children and Family Services Act, and (iii) the Department on Aging under Section 92 of the Family Caregiver Act.

Section 25. Rules. The Department shall adopt the rules necessary for the implementation and administration of this Act.

Section 90. The Children and Family Services Act is amended by changing Section 34.11 and adding Section 39.1 as follows:

(20 ILCS 505/34.11)
Sec. 34.11. Grandparent child care program.
(a) The General Assembly finds and declares the following:
(1) An increasing number of children under the age of 18, including many children who would otherwise be at risk of abuse or neglect, are in the care of a grandparent or other nonparent relative.

(2) The principal causes of this increase include parental substance abuse, chronic illness, child abuse, mental illness, military deployment, poverty, homelessness, deportation, and death, as well as concerted efforts by families and by the child

welfare service system to keep children with relatives whenever possible.

(3) Grandparents and older relatives providing primary care for at-risk children may experience unique resultant problems, such as financial stress due to limited incomes, emotional difficulties dealing with the loss of the child's parents or the child's unique behaviors, and decreased physical stamina coupled with a much higher incidence of chronic illness.

(4) Many children being raised by nonparent relatives experience one or a combination of emotional, behavioral, psychological, academic, or medical problems, especially those born to a substance-abusing mother or at risk of child abuse, neglect, or abandonment.

(5) Grandparents and other relatives providing primary care for children lack appropriate information about the issues of kinship care, the special needs (both physical and psychological) of children born to a substance-abusing mother or at risk of child abuse, neglect, or abandonment, and the support resources currently available to them.

(b) The Department may establish an informational and educational program for grandparents and other relatives who provide primary care for children who are at risk of child abuse, neglect, or abandonment or who were born to substance-abusing mothers. As a part of the program, the Department may develop, publish, and distribute an informational brochure for grandparents and other relatives who provide primary care for children who are at risk of child abuse, neglect, or abandonment or who were born to substance-abusing mothers. The information provided under the program authorized by this Section may include, but is not limited to the following:

(1) The most prevalent causes of kinship care, especially the risk of (i) substance exposure, (ii) or child abuse, neglect, or abandonment, (iii) chronic illness, (iv) mental illness, (v) military deployment, or (vi) death.

(2) The problems experienced by children being raised by nonparent caregivers.

(3) The problems experienced by grandparents and other nonparent relatives providing primary care for children who have special needs.

New matter indicated by italics - deletions by strikeout.
(4) The legal system as it relates to children and their nonparent primary caregivers.
(5) The benefits available to children and their nonparent primary caregivers.
(6) A list of support groups and resources located throughout the State.

The brochure may be distributed through hospitals, public health nurses, child protective services, medical professional offices, elementary and secondary schools, senior citizen centers, public libraries, community action agencies selected by the Department, and the Department of Human Services.

The Kinship Navigator established under the Kinship Navigator Act shall coordinate the grandparent child care program under this Section with the programs and services established and administered by the Department of Human Services under the Kinship Navigator Act.

An elected or appointed member of the governing body of the public entity having such an interest shall be deemed not to have a prohibited interest under this Section.

(d) Notwithstanding any other provision of this Section or any other law to the contrary, until January 1, 1994, a member of the city council of a municipality with a population under 20,000 may purchase real estate from the municipality, at a price of not less than 100% of the value of the real estate as determined by a written MAI certified appraisal or by a written certified appraisal of a State certified or licensed real estate appraiser, if the purchase is approved by a unanimous vote of the city council members then holding office (except for the member desiring to purchase the real estate, who shall not vote on the question).

(e) For the purposes of this Section only, a municipal officer shall not be deemed interested if the officer is an employee of a company or owns or holds an interest of 1% or less in the municipal officer's individual name in a company, or both, that company is involved in the transaction of business with the municipality, and that company's stock is traded on a nationally recognized securities market, provided the interested member: (i) publicly discloses the fact that he or she is an employee or holds an interest of 1% or less in a company before deliberation of the proposed award of the contract; (ii) refrains from evaluating, recommending, approving, deliberating, or otherwise participating in negotiation, approval, or both, of the contract, work, or business; (iii) abstains from voting on the award of the contract though he or she shall be considered present for purposes of establishing a quorum; and (iv) the contract is approved by a majority vote of those members currently holding office.
