(3) subject to any provision of Section 206 of this Article, any right to set off or net out any termination value, payment amount, or other transfer obligation arising under or in connection with one or more qualified financial contracts where the counterparty or its guarantor is organized under the laws of the United States or a state or a foreign jurisdiction approved by the Securities Valuation Office of the National Association of Insurance Commissioners as eligible for netting; or

(4) if a counterparty to a master netting agreement or a qualified financial contract with an insurer subject to a proceeding under this Article terminates, liquidates, closes out or accelerates the agreement or contract, then damages shall be measured as of the date or dates of termination, liquidation, close out, or acceleration; the amount of a claim for damages shall be actual

direct compensatory damages calculated in accordance with subsection (f) of this Section.

(b) Upon termination of a netting agreement or qualified financial contract, the net or settlement amount, if any, owed by a nondefaulting party to an insurer against which an application or petition has been filed under this Code shall be transferred to or on the order of the receiver for the insurer, even if the insurer is the defaulting party, notwithstanding any walkaway clause in the netting agreement or qualified financial contract.

For the purposes of this subsection (b), the term "walkaway clause" means a provision in a netting agreement or a qualified financial contract that, after calculation of a value of a party's position or an amount due to or from one of the parties in accordance with its terms upon termination, liquidation, or acceleration of the netting agreement or qualified financial contract, either does not create a payment obligation of a party or extinguishes a payment obligation of a party in whole or in part solely because of the party's status as a nondefaulting party. Any limited 2-way payment or first method provision in a netting agreement or qualified financial contract with an insurer that has defaulted shall be deemed to be a full 2-way payment or second method provision as against the defaulting insurer. Any such property or amount shall, except to the extent that it is subject to one or more secondary liens or encumbrances or rights of netting or setoff, be a general asset of the insurer.

(c) In making any transfer of a netting agreement or qualified financial contract of an insurer subject to a proceeding under this Code, the receiver shall either:

(1) transfer to one party (other than an insurer subject to a proceeding under this Article) all netting agreements and qualified financial contracts between a counterparty or any affiliate of the counterparty and the insurer that is the subject of the proceeding, including:

(A) all rights and obligations of each party under each netting agreement and qualified financial contract; and

(B) all property, including any guarantees or other credit enhancement, securing any claims of each party under each netting agreement and qualified financial contract; or

(2) transfer none of the netting agreements, qualified financial contracts, rights, obligations, or property referred to in
paragraph (1) of this subsection (c) (with respect to the counterparty and any affiliate of the counterparty).

(d) If a receiver for an insurer makes a transfer of one or more netting agreements or qualified financial contracts, then the receiver shall use its best efforts to notify any person who is party to the netting agreements or qualified financial contracts of the transfer by 12:00 noon (the receiver's local time) on the business day following the transfer. For the purposes of this subsection (d), "business day" means a day other than a Saturday, Sunday, or any day on which either the New York Stock Exchange or the Federal Reserve Bank of New York is closed.

(e) Notwithstanding any other provision of this Article, a receiver may not avoid a transfer of money or other property arising under or in connection with a netting agreement or qualified financial contract (or any pledge, security, collateral, or guarantee agreement or any other similar security arrangement or credit support document relating to a netting agreement or qualified financial contract) that is made before the commencement of a formal delinquency proceeding under this Article.

(f) The following provisions shall apply concerning disaffirmance and repudiation:

(1) In exercising the rights of disaffirmance or repudiation of a receiver with respect to any netting agreement or qualified financial contract to which an insurer is a party, the receiver for the insurer shall either:

(A) disaffirm or repudiate all netting agreements and qualified financial contracts between a counterparty or any affiliate of the counterparty and the insurer that is the subject of the proceeding; or

(B) disaffirm or repudiate none of the netting agreements and qualified financial contracts referred to in subparagraph (A) (with respect to the person or any affiliate of the person).

(2) Notwithstanding any other provision of this Article, any claim of a counterparty against the estate arising from the receiver's disaffirmance or repudiation of a netting agreement or qualified financial contract that has not been previously affirmed in the liquidation or immediately preceding a conservation or rehabilitation case shall be determined and shall be allowed or disallowed as if the claim had arisen before the date of the filing of the petition for liquidation or, if a conservation or rehabilitation

proceeding is converted to a liquidation proceeding, as if the claim had arisen before the date of the filing of the petition for conservation or rehabilitation. The amount of the claim shall be the actual direct compensatory damages determined as of the date of the disaffirmance or repudiation of the netting agreement or qualified financial contract. The term "actual direct compensatory damages" does not include punitive or exemplary damages, damages for lost profit or lost opportunity, or damages for pain and suffering, but does include normal and reasonable costs of cover or other reasonable measures of damages utilized in the derivatives, securities, or other market for the contract and agreement claims.

(g) The term "contractual right", as used in this Section, includes any right set forth in a rule or bylaw of a derivatives clearing organization, as defined in the Commodity Exchange Act; a multilateral clearing organization, as defined in the Federal Deposit Insurance Corporation Improvement Act of 1991; a national securities exchange; a national securities association; a securities clearing agency; a contract market designated under the Commodity Exchange Act; a derivatives transaction execution facility registered under the Commodity Exchange Act; or a board of trade, as defined in the Commodity Exchange Act or in a resolution of the governing board thereof and any right, whether or not evidenced in writing, arising under statutory or common law or under law merchant or by reason of normal business practice.

(h) The provisions of this Section shall not apply to persons who are affiliates of the insurer that is the subject of the proceeding.

(i) All rights of counterparties under this Article shall apply to netting agreements and qualified financial contracts entered into on behalf of the general account or separate accounts if the assets of each separate account are available only to counterparties to netting agreements and qualified financial contracts entered into on behalf of that separate account.

(1) The following provisions shall apply concerning proof and allowance of claims:

(a) Proof of claim shall consist of a statement signed by the claimant or on behalf of the claimant that includes all of the following that are applicable:

New matter indicated by italics - deletions by strikeout
(i) the particulars of the claim including the consideration given for it;
(ii) the identity and amount of the security on the claim;
(iii) the payments made on the debt, if any;
(iv) that the sum claimed is justly owing and that there is no setoff, counterclaim, or defense to the claim;
(v) any right of priority of payment or other specific right asserted by the claimant;
(vi) the name and address of the claimant and the attorney, if any, who represents the claimant; and
(vii) the claimant's social security or federal employer identification number.

(b) The Director may require that a prescribed form be used and may require that other information and documents be included.

(c) At any time the Director may require the claimant to present information or evidence supplementary to that required under paragraph (a) and may take testimony under oath, require production of affidavits or depositions, or otherwise obtain additional information or evidence.

(2) (1) A proof of claim shall consist of a written statement signed under oath setting forth the claim, the consideration for it, whether the claim is secured and, if so, how, what payments have been made on the claim, if any, and that the sum claimed is justly owing from the company. Whenever a claim is based upon a document, the document, unless lost or destroyed, shall be filed with the proof of claim. If the document is lost or destroyed, a statement of that fact and of the circumstances of the loss or destruction shall be included in the proof of claim. A claim may be allowed even if contingent or unliquidated as of the date fixed by the court pursuant to subsection (a) of Section 194 if it is filed in accordance with this subsection. Except as otherwise provided in subsection (7), a proof of claim required under this Section must identify a known loss or occurrence.

(2) At any time, the Director may require the claimant to present information or evidence supplementary to that required under subsection (1) and may take testimony under oath, require production of affidavits or depositions, or otherwise obtain additional information or evidence.
(3) Upon the liquidation, rehabilitation, or conservation of any company which has issued policies insuring the lives of persons, the Director shall, within a reasonable time, after the last day set for the filing of claims, make a list of the persons who have not filed proofs of claim with him and whose rights have not been reinsured, to whom it appears from the books of the company, there are owing amounts on such policies and he shall set opposite the name of each person such amount so owing to such person. The Director shall incur no personal liability by reason of any mistake in such list. Each person whose name shall appear upon said list shall be deemed to have duly filed prior to the last day set for filing of claims a proof of claim for the amount set opposite his name on said list.

(4)(a) When a Liquidation, Rehabilitation, or Conservation Order has been entered in a proceeding against an insurer under this Code, any insured under an insurance policy shall have the right to file a contingent claim. The Court at the time of the entry of the Order of Liquidation, Rehabilitation or Conservation shall fix the final date for the liquidation of insureds' contingent claims, but in no event shall said date be more than 3 years after the last day fixed for the filing of claims, provided, such date may be extended by the Court on petition of the Director should the Director determine that such extension will not delay distribution of assets under Section 210. Such a contingent claim shall be allowed if such claim is liquidated and the insured claimant presents evidence of payment of such claim to the Director on or before the last day fixed by the Court.

(b) When an insured has been unable to liquidate its claim under paragraph (a) of this subsection (4), the insured may have its claim allowed by estimation if (i) it may be reasonably inferred from the proof presented upon the claim that a claim exists under the policy; (ii) the insured has furnished suitable proof, unless the court for good cause shown shall otherwise direct, that no further valid claims against the insurer arising out of the cause of action other than those already presented can be made, and (iii) the total liability of the insurer to all claimants arising out of the same act shall be no greater than its total liability would be were it not in liquidation, rehabilitation, or conservation.

(5) The obligation of the insurer, if any, to defend or continue the defense of any claim or suit under a liability insurance policy shall terminate on the entry of the Order of Liquidation, Rehabilitation or Conservation, except during the appeal of an Order of Liquidation as provided by Section 190.1 or, unless upon the petition of the Director, the court directs otherwise. Insureds may include in contingent claims
reasonable attorneys fees for services rendered subsequent to the date of Liquidation, Rehabilitation or Conservation in defense of claims or suits covered by the insured's policy provided such attorneys fees have actually been paid by the assured and evidence of payment presented in the manner required for insured's contingent claims.

(6) When a liquidation, rehabilitation, or conservation order has been entered in a proceeding against an insurer under this Code, any person who has a cause of action against an insured of the insurer under an insurance policy issued by the insurer shall have the right to file a claim in the proceeding, regardless of the fact that the claim may be contingent, and the claim may be allowed by estimation (a) if it may be reasonably, inferred from proof presented upon the claim that the claimant would be able to obtain a judgment upon the cause of action against the insured; and (b) if the person has furnished suitable proof, unless the court for good cause shown shall otherwise direct, that no further valid claims against the insurer arising out of the cause of action other than those already presented can be made, and (c) the total liability of the insurer to all claimants arising out of the same act shall be no greater than its total liability would be were it not in liquidation, rehabilitation, or conservation.

(7) Contingent or unliquidated general creditors' and ceding insurers' claims that are not made absolute and liquidated by the last day fixed by the court pursuant to subsection (4) may be determined and allowed by estimation. Any such estimate shall be based upon an actuarial evaluation made with reasonable actuarial certainty or upon another accepted method of valuing claims with reasonable certainty and, with respect to ceding insurers' claims, may include an estimate of incurred but not reported losses.

(7.5) (a) The estimation and allowance of the loss development on a known loss or occurrence shall trigger a reinsurer's obligation to pay pursuant to its reinsurance contract with the insolvent company, provided that the allowance is made in accordance with paragraph (b) of subsection (4) or subsection (6). The Director shall have the authority to exercise all available remedies on behalf of the insolvent company to marshal these reinsurance recoverables.

(b) That portion of any estimated and allowed contingent claim that is attributable to claims incurred but not reported to the insolvent company's reinsured shall not be billable to the insolvent company's reinsurers, except to the extent that (A) such claims develop into known losses or occurrences and become billable under paragraph (a) of this

New matter indicated by italics - deletions by strikeout
subsection or (B) the reinsurance contract specifically provides for the payment of such losses or reserves.

(c) Notwithstanding any other provision of this Code, the liquidator may negotiate a voluntary commutation and release of all obligations arising from reinsurance contracts or other agreements.

(8) No judgment against such an insured or an insurer taken after the date of the entry of the liquidation, rehabilitation, or conservation order shall be considered in the proceedings as evidence of liability, or of the amount of damages, and no judgment against an insured or an insurer taken by default, or by collusion prior to the entry of the liquidation order shall be considered as conclusive evidence in the proceeding either of the liability of such insured to such person upon such cause of action or of the amount of damages to which such person is therein entitled.

(9) The value of securities held by secured creditors shall be determined by converting the same into money according to the terms of the agreement pursuant to which such securities were delivered to such creditors, or by such creditors and the Director by agreement, or by the court, and the amount of such value shall be credited upon the claims of such secured creditors and their claims allowed only for the balance.

(10) Claims of creditors or policyholders who have received preferences voidable under Section 204 or to whom conveyances or transfers, assignments or incumbrances have been made or given which are void under Section 204, shall not be allowed unless such creditors or policyholders shall surrender such preferences, conveyances, transfers, assignments or incumbrances.

(11) (a) When the Director denies a claim or allows a claim for less than the amount requested by the claimant, written notice of the determination and of the right to object shall be given promptly to the claimant or the claimant's representative by first class mail at the address shown on the proof of claim. Within 60 days from the mailing of the notice, the claimant may file his written objections with the Director. If no such filing is made on a timely basis, the claimant may not further object to the determination.

(b) Whenever objections are filed with the Director and he does not alter his determination as a result of the objection and the claimant continues to object, the Director shall petition the court for a hearing as soon as practicable and give notice of the hearing by first class mail to the claimant or his representative and to any other persons known by the
Director to be directly affected, not less than 10 days before the date of the hearing.

(12) The Director shall review all claims duly filed in the liquidation, rehabilitation, or conservation proceeding, unless otherwise directed by the court, and shall make such further investigation as he considers necessary. The Director may compound, compromise, or in any other manner negotiate the amount for which claims will be recommended to the court. Unresolved disputes shall be determined under subsection (11).

(13)(a) The Director shall present to the court reports of claims reviewed under subsection (12) with his recommendations as to each claim.

(b) The court may approve or disapprove any recommendations contained in the reports of claims filed by the Director, except that the Director's agreements with claimants shall be accepted as final by the court on claims settled for $10,000 or less.

(14) The changes made in this Section by this amendatory Act of 1993 apply to all liquidation, rehabilitation, or conservation proceedings that are pending on the effective date of this amendatory Act of 1993 and to all future liquidation, rehabilitation, or conservation proceedings, except that the changes made to the provisions of this Section by this amendatory Act of 1993 shall not apply to any company ordered into liquidation on or before January 1, 1982.

(15) The changes made in this Section by this amendatory Act of the 93rd General Assembly do not apply to any company ordered into liquidation on or before January 1, 2004.

(8) Exercise all the rights of the Director under Section 193(4) of this Code with respect to covered policies after the association becomes obligated by statute.

(9) Request information from a person seeking coverage from the Association in order to aid the Association in determining its obligations under this Article with respect to the person, and the person shall promptly comply with the request.

(10) Take other necessary or appropriate action to discharge its duties and obligations under this Article or to exercise its powers under this Article.

(o) With respect to covered policies for which the Association becomes obligated after an entry of an order of liquidation or rehabilitation, the Association may elect to succeed to the rights of the insolvent insurer arising after the date of the order of liquidation or rehabilitation under any contract of reinsurance to which the insolvent insurer was a party, to the extent that such contract provides coverage for losses occurring after the date of the order of liquidation or rehabilitation. As a condition to making this election, the Association must pay all unpaid premiums due under the contract for coverage relating to periods before and after the date of the order of liquidation or rehabilitation.

(p) A deposit in this State, held pursuant to law or required by the Director for the benefit of creditors, including policy owners, not turned over to the domiciliary liquidator upon the entry of a final order of liquidation or order approving a rehabilitation plan of an insurer domiciled in this State or in a reciprocal state, pursuant to Article XIII 1/2 of this Code, shall be promptly paid to the Association. The Association shall be entitled to retain a portion of any amount so paid to it equal to the percentage determined by dividing the aggregate amount of policy owners' claims related to that insolvency for which the Association has provided statutory benefits by the aggregate amount of all policy owners' claims in this State related to that insolvency and shall remit to the domiciliary receiver the amount so paid to the Association less the amount retained pursuant to this subsection (13). Any amount so paid to the Association and retained by it shall be treated as a distribution of estate assets pursuant to applicable State receivership law dealing with early access disbursements.

(q) The Board of Directors of the Association shall have discretion and may exercise reasonable business judgment to determine the means by which the Association is to provide the benefits of this Article in an economical and efficient manner.

(r) Where the Association has arranged or offered to provide the benefits of this Article to a covered person under a plan or arrangement that fulfills the Association's obligations under this Article, the person shall not be entitled to benefits from the Association in addition to or other than those provided under the plan or arrangement.

(s) Venue in a suit against the Association arising under the Article shall be in Cook County. The Association shall not be required to give any appeal bond in an appeal that relates to a cause of action arising under this Article.

(t) The Association may join an organization of one or more other State associations of similar purposes to further the purposes and administer the powers and duties of the Association.

(u) In carrying out its duties in connection with guaranteeing, assuming, or reinsuring policies or contracts under subsections (1) or (2), the Association may, subject to approval of the receivership court, issue substitute coverage for a policy or contract that provides an interest rate, crediting rate, or similar factor determined by use of an index or other external reference stated in the policy or contract employed in calculating returns or changes in value by issuing an alternative policy or contract in accordance with the following provisions:

   (1) in lieu of the index or other external reference provided for in the original policy or contract, the alternative policy or contract provides for (i) a fixed interest rate, or (ii) payment of dividends with minimum guarantees, or (iii) a different method for calculating interest or changes in value;

   (2) there is no requirement for evidence of insurability, waiting period, or other exclusion that would not have applied under the replaced policy or contract; and

   (3) the alternative policy or contract is substantially similar to the replaced policy or contract in all other material terms.

Sec. 531.09. Assessments.

(1) For the purpose of providing the funds necessary to carry out the powers and duties of the Association, the board of directors shall
assess the member insurers, separately for each account, at such times and for such amounts as the board finds necessary. Assessments shall be due not less than 30 days after written notice to the member insurers and shall accrue interest from the due date at such adjusted rate as is established under Section 6621 of Chapter 26 of the United States Code and such interest shall be compounded daily.

(2) There shall be 2 classes of assessments, as follows:

(a) Class A assessments shall be made for the purpose of meeting administrative costs and other general expenses and examinations conducted under the authority of the Director under subsection (5) of Section 531.12.

(b) Class B assessments shall be made to the extent necessary to carry out the powers and duties of the Association under Section 531.08 with regard to an impaired or insolvent domestic insurer or insolvent foreign or alien insurers.

(3)(a) The amount of any Class A assessment shall be determined at the discretion of the board of directors and such assessments shall be authorized and called on a non-pro rata basis. The amount of any Class B assessment shall be allocated for assessment purposes among the accounts and subaccounts pursuant to an allocation formula which may be based on the premiums or reserves of the impaired or insolvent insurer or any other standard deemed by the board in its sole discretion as being fair and reasonable under the circumstances.

(b) Class B assessments against member insurers for each account and subaccount shall be in the proportion that the premiums received on business in this State by each assessed member insurer on policies or contracts covered by each account or subaccount for the three most recent calendar years for which information is available preceding the year in which the insurer became impaired or insolvent, as the case may be, bears to such premiums received on business in this State for such calendar years by all assessed member insurers.

(c) Assessments for funds to meet the requirements of the Association with respect to an impaired or insolvent insurer shall not be made until necessary to implement the purposes of this Article. Classification of assessments under subsection (2) and computations of assessments under this subsection shall be made with a reasonable degree of accuracy, recognizing that exact determinations may not always be possible.

New matter indicated by italics - deletions by strikeout
(4) The Association may abate or defer, in whole or in part, the assessment of a member insurer if, in the opinion of the board, payment of the assessment would endanger the ability of the member insurer to fulfill its contractual obligations. In the event an assessment against a member insurer is abated or deferred in whole or in part the amount by which the assessment is abated or deferred may be assessed against the other member insurers in a manner consistent with the basis for assessments set forth in this Section. Once the conditions that caused a deferral have been removed or rectified, the member insurer shall pay all assessments that were deferred pursuant to a repayment plan approved by the Association.

(5) (a) Subject to the provisions of subparagraph (ii) of this paragraph, the total of all assessments authorized by the Association with respect to a member insurer for each subaccount of the life insurance and annuity account and for the health account shall not in one calendar year exceed 2% of that member insurer's average annual premiums received in this State on the policies and contracts covered by the subaccount or account during the 3 calendar years preceding the year in which the insurer became an impaired or insolvent insurer.

If 2 or more assessments are authorized in one calendar year with respect to insurers that become impaired or insolvent in different calendar years, the average annual premiums for purposes of the aggregate assessment percentage limitation referenced in subparagraph (a) of this paragraph shall be equal and limited to the higher of the 3-year average annual premiums for the applicable subaccount or account as calculated pursuant to this Section.

If the maximum assessment, together with the other assets of the Association in an account, does not provide in one year in either account an amount sufficient to carry out the responsibilities of the Association, the necessary additional funds shall be assessed as soon thereafter as permitted by this Article.

(b) The board may provide in the plan of operation a method of allocating funds among claims, whether relating to one or more impaired or insolvent insurers, when the maximum assessment will be insufficient to cover anticipated claims.

(c) If the maximum assessment for a subaccount of the life and annuity account in one year does not provide an amount sufficient to carry out the responsibilities of the Association, then pursuant to paragraph (b) of subsection (3), the board shall assess the other subaccounts of the life

New matter indicated by italics - deletions by strikeout
and annuity account for the necessary additional amount, subject to the maximum stated in paragraph (a) of this subsection.

(4) The Association may abate or defer, in whole or in part, the assessment of a member insurer if, in the opinion of the board, payment of the assessment would endanger the ability of the member insurer to fulfill its contractual obligations. The total of all assessments upon a member insurer for the life and annuity account and for each subaccount thereunder may not in any one calendar year exceed 2% and for the health account may not in any one calendar year exceed 2% of such insurer's average premiums received in this State on the policies and contracts covered by the account or subaccount during the three calendar years preceding the year in which the insurer became an impaired or insolvent insurer. If a one percent assessment for any subaccount of the life and annuity account in any one year does not provide an amount sufficient to carry out the responsibilities of the Association, then pursuant to subsection 3(b), the board shall access all subaccounts of the life and annuity account for the necessary additional amount, subject to the maximum stated in this subsection.

(5) In the event an assessment against a member insurer is abated, or deferred, in whole or in part, because of the limitations set forth in subsection (4) of this Section the amount by which such assessment is abated or deferred, may be assessed against the other member insurers in a manner consistent with the basis for assessments set forth in this Section. If the maximum assessment, together with the other assets of the Association in either account, does not provide in any one year in either account an amount sufficient to carry out the responsibilities of the Association, the necessary additional funds may be assessed as soon thereafter as permitted by this Article. The board may provide in the plan of operation a method of allocating funds among claims, whether relating to one or more impaired or insolvent insurers, when the maximum assessment will be insufficient to cover anticipated claims.

(6) The board may, by an equitable method as established in the plan of operation, refund to member insurers, in proportion to the contribution of each insurer to that account, the amount by which the assets of the account exceed the amount the board finds is necessary to carry out during the coming year the obligations of the Association with regard to that account, including assets accruing from net realized gains and income from investments. A reasonable amount may be retained in
any account to provide funds for the continuing expenses of the Association and for future losses if refunds are impractical.

(7) An assessment is deemed to occur on the date upon which the board votes such assessment. The board may defer calling the payment of the assessment or may call for payment in one or more installments.

(8) It is proper for any member insurer, in determining its premium rates and policyowner dividends as to any kind of insurance within the scope of this Article, to consider the amount reasonably necessary to meet its assessment obligations under this Article.

(9) The Association must issue to each insurer paying a Class B assessment under this Article a certificate of contribution, in a form acceptable to the Director, for the amount of the assessment so paid. All outstanding certificates are of equal dignity and priority without reference to amounts or dates of issue. A certificate of contribution may be shown by the insurer in its financial statement as an asset in such form and for such amount, if any, and period of time as the Director may approve, provided the insurer shall in any event at its option have the right to show a certificate of contribution as an admitted asset at percentages of the original face amount for calendar years as follows:

- 100% for the calendar year after the year of issuance;
- 80% for the second calendar year after the year of issuance;
- 60% for the third calendar year after the year of issuance;
- 40% for the fourth calendar year after the year of issuance;
- 20% for the fifth calendar year after the year of issuance.

(10) The Association may request information of member insurers in order to aid in the exercise of its power under this Section and member insurers shall promptly comply with a request.

The plan of operation and any amendments thereto become effective upon approval in writing by the Director.

(2) All member insurers must comply with the plan of operation.
(3) The plan of operation must, in addition to requirements enumerated elsewhere in this Article:
   (a) Establish procedures for handling the assets of the Association;
   (b) Establish the amount and method of reimbursing members of the board of directors under Section 531.07;
   (c) Establish regular places and times for meetings of the board of directors;

   (f) Establish any additional procedures for assessments under Section 531.09; and
   (g) Contain additional provisions necessary or proper for the execution of the powers and duties of the Association.

(4) The plan of operation shall establish a procedure for protest by any member insurer of assessments made by the Association pursuant to Section 531.09. Such procedures shall require that:
   (a) a member insurer that wishes to protest all or part of an assessment shall pay when due the full amount of the assessment as set forth in the notice provided by the Association. The payment shall be available to meet Association obligations during the pendency of the protest or any subsequent appeal. Payment shall be accompanied by a statement in writing that the payment is made under protest and setting forth a brief statement of the grounds for the protest;
   (b) Any member insurer that wishes to protest all or any part of an assessment for any year shall first pay the full amount of the assessment as set forth in the notice provided by the Association. Such payments shall be accompanied by a statement in writing that the payment is made under protest, setting forth a brief statement of the ground for the protest. The Association shall hold such payments in a separate interest bearing account.

New matter indicated by italics - deletions by strikeout
(b) within 30 days following the payment of an assessment under protest by any protesting member insurer, the Association must notify the member insurer in writing of its determination with respect to the protest unless the Association notifies the member that additional time is required to resolve the issues raised by the protest.

(c) in the event the Association determines that the protesting member insurer is entitled to a refund, such refund shall be made within 30 days following the date upon which the Association makes its determination.

(d) the decision of the Association with respect to a protest may be appealed to the Director pursuant to Section 531.11(3).

(e) in the alternative to rendering a decision with respect to any protest based on a question regarding the assessment base, the Association may refer such protests to the Director for final decision, with or without a recommendation from the Association.

(f) interest on any refund due a protesting member insurer shall be paid at the rate actually earned by the Association on the separate account.

(5) The plan of operation may provide that any or all powers and duties of the Association, except those under paragraph (c) of subsection (10) of Section 531.08 and Section 531.09 are delegated to a corporation, association or other organization which performs or will perform functions similar to those of this Association, or its equivalent, in 2 or more states. Such a corporation, association or organization shall be reimbursed for any payments made on behalf of the Association and shall be paid for its performance of any function of the Association. A delegation under this subsection shall take effect only with the approval of both the Board of Directors and the Director, and may be made only to a corporation, association or organization which extends protection not substantially less favorable and effective than that provided by this Act.

(b) To report to the board of directors when he has taken any of the actions set forth in subparagraph (a) of this paragraph or has received a report from any other commissioner indicating that any such action has been taken in another state. Such report to the board of directors shall contain all significant details of the action taken or the report received from another commissioner.

(c) To report to the board of directors when the Director has reasonable cause to believe from an examination, whether completed or in process, of any member insurer that the insurer may be an impaired or insolvent insurer.

(1) Nothing in this Article may be construed to reduce the liability for unpaid assessments of the insured of an impaired or insolvent insurer operating under a plan with assessment liability.

(2) Records must be kept of all negotiations and meetings in which the Association or its representatives are involved to discuss the activities of the Association in carrying out its powers and duties under Section 531.08. Records of such negotiations or meetings may be made public only upon the termination of a liquidation, rehabilitation, or conservation proceeding involving the impaired or insolvent insurer, upon the termination of the impairment or insolvency of the insurer, or upon the order of a court of competent jurisdiction. Nothing in this paragraph (2) limits the duty of the Association to render a report of its activities under Section 531.15.

(3) For the purpose of carrying out its obligations under this Article, the Association is deemed to be a creditor of the impaired or insolvent insurer to the extent of assets attributable to covered policies reduced by any amounts to which the Association is entitled as subrogee (under paragraph (8) of Section 531.08). All assets of the impaired or insolvent insurer attributable to covered policies must be used to continue all covered policies and pay all contractual obligations of the impaired insurer as required by this Article. "Assets attributable to covered policies", as used in this paragraph (3), is that proportion of the assets which the reserves that should have been established for such policies bear to the reserve that should have been established for all policies of insurance written by the impaired or insolvent insurer.

(4) (a) Prior to the termination of any liquidation, rehabilitation, or conservation proceeding, the court may take into consideration the contributions of the respective parties, including the Association, the shareholders and policyowners of the impaired or insolvent insurer, and any other party with a bona fide interest, in making an equitable
distribution of the ownership rights of such impaired or insolvent insurer. In such a determination, consideration must be given to the welfare of the policyholders of the continuing or successor insurer.

(b) No distribution to stockholders, if any, of an impaired or insolvent insurer may be made until and unless the total amount of valid claims of the Association for funds expended in carrying out its powers and duties under Section 531.08, with respect to such insurer have been fully recovered by the Association.

(5) (a) If an order for liquidation or rehabilitation of an insurer domiciled in this State has been entered, the receiver appointed under such order has a right to recover on behalf of the insurer, from any affiliate that controlled it, the amount of distributions, other than stock dividends paid by the insurer on its capital stock, made at any time during the 5 years preceding the petition for liquidation or rehabilitation subject to the limitations of paragraphs (b) to (d).

(b) No such dividend is recoverable if the insurer shows that when paid the distribution was lawful and reasonable, and that the insurer did not know and could not reasonably have known that the distribution might adversely affect the ability of the insurer to fulfill its contractual obligations.

(c) Any person who as an affiliate that controlled the insurer at the time the distributions were paid is liable up to the amount of distributions he received. Any person who was an affiliate that controlled the insurer at the time the distributions were declared, is liable up to the amount of distributions he would have received if they had been paid immediately. If 2 persons are liable with respect to the same distributions, they are jointly and severally liable.

(d) The maximum amount recoverable under subsection (5) of this Section is the amount needed in excess of all other available assets of the insolvent insurer to pay the contractual obligations of the insolvent insurer.

(e) If any person liable under paragraph (c) of subsection (5) of this Section is insolvent, all its affiliates that controlled it at the time the dividend was paid are jointly and severally liable for any resulting deficiency in the amount recovered from the insolvent affiliate.

(6) As a creditor of the impaired or insolvent insurer as established in subsection (3) of this Section and consistent with subsection (2) of Section 205 of this Code, the Association and other similar associations shall be entitled to receive a disbursement of assets out of the marshaled assets, from time to time as the assets become available to reimburse it, as
a credit against contractual obligations under this Article. If the liquidator has not, within 120 days after a final determination of insolvency of an insurer by the receivership court, made an application to the court for the approval of a proposal to disburse assets out of marshaled assets to guaranty associations having obligations because of the insolvency, then the Association shall be entitled to make application to the receivership court for approval of its own proposal to disburse these assets.

If the entry of an Order of Liquidation occurs on or after October 1, 1975 and before October 1, 1977, such obligations shall not: (i) exceed $100,000, or (ii) include any obligation to refund the first $100 of any unearned premium claim; and if the entry of an Order of Liquidation occurs on or after October 1, 1977 and before January 1, 1988, such obligations shall not: (i) exceed $150,000, except that this limitation shall not apply to any workers compensation claims, or (ii) include any obligation to refund the first $100 of any unearned premium claim; and if the entry of an Order of Liquidation occurs on or after January 1, 1988 and before January 1, 2011, such obligations shall not: (i) exceed $300,000, except that this limitation shall not apply to any workers compensation claims, or (ii) include any obligation to refund the first $100 of any unearned premium claim or to refund any unearned premium over $10,000
under any one policy. If the entry of an Order of Liquidation occurs on or after January 1, 2011, then such obligations shall not: (i) exceed $500,000, except that this limitation shall not apply to any workers compensation claims or (ii) include any obligation to refund the first $100 of any unearned premium claim or refund any unearned premium over $10,000 under any one policy. In no event shall the Fund be obligated to a policyholder or claimant in an amount in excess of the face amount of the policy from which the claim arises.

In no event shall the Fund be liable for any interest on any judgment entered against the insured or the insolvent company, or for any other interest claim against the insured or the insolvent company, regardless of whether the insolvent company would have been obligated to pay such interest under the terms of its policy. The Fund shall be liable for interest at the statutory rate on money judgments entered against the Fund until the judgment is satisfied.

Any obligation of the Fund to defend an insured shall cease upon the Fund's payment or tender of an amount equal to the lesser of the Fund's covered claim obligation limit or the applicable policy limit.

The Fund shall have all the rights, duties and obligations under the policy to the extent of the covered claim payment, provided the Fund shall have no cause of action against the insured of the insolvent company for any sums it has paid out except such causes of action as the insolvent company would have had if such sums had been paid by the insolvent company and except as provided in paragraph (d) of this Section.

(b) The Fund and any similar organization in another state shall be recognized as claimants in the liquidation of an insolvent company for any amounts paid by them on covered claims obligations as determined under this Article or similar laws in other states and shall receive dividends at the priority set forth in paragraph (d) of subsection (1) of Section 205 of this Code; provided that if, at the time that the Liquidator issues a cut-off notice to the Fund in anticipation of closing the estate, a reserve has been established by the Fund, or any similar organization in another state, for the amount of their future administrative expenses and loss development

The liquidator of an insolvent company shall be bound by determinations of covered claim eligibility under the Act and by settlements of claims made by the Fund or a similar organization in another state on the receipt of certification of such payments, to the extent those determinations or settlements satisfy obligations of the Fund, but the receiver shall not be bound in any way by those determinations or settlements to the extent that there remains a claim in the estate for amounts in excess of the payments by the Fund. In submitting their claim for covered claim payments the Fund and any similar organization in another state shall not be subject to the requirements of Sections 208 and 209 of this Code and shall not be affected by the failure of the person receiving a covered claim payment to file a proof of claim.

(c) The expenses of the Fund and of any similar organization in any other state, other than expenses incurred in the performance of duties under Section 547 or similar duties under the statute governing a similar organization in another state, shall be accorded the same priority as the liquidator's expenses. The liquidator shall make prompt reimbursement to the Fund and any similar organization for such expense payments.

(d) The Fund has the right to recover from the following persons the amount of any covered claims and allocated claims expenses which the Fund paid or incurred on behalf of such person in satisfaction, in whole or in part, of liability obligations of such person to any other person:

Sec. 6-8. Powers and duties of the Association. In addition to the powers and duties enumerated in other Sections of this Article, the Association shall have the powers set forth in this Section.

(1) If a domestic organization is an impaired organization, the Association may, subject to any conditions imposed by the Association other than those which impair the contractual obligations of the impaired organization, and approved by the impaired organization and the Director:

(a) guarantee, assume, or reinsure, or cause to be guaranteed, assumed or reinsured, any or all of the covered health care plan certificates of covered persons of the impaired organization;

(b) provide such monies, pledges, notes, guarantees, or other means as are proper to effectuate paragraph (a), and assure payment of the contractual obligations of the impaired organization pending action under paragraph (a); and

(c) loan money to the impaired organization.

(2) If a domestic, foreign, or alien organization is an insolvent organization, the Association shall, subject to the approval of the Director:

(a) guarantee, assume, indemnify or reinsure or cause to be guaranteed, assumed, indemnified or reinsured the covered health care plan benefits of covered persons of the insolvent organization; however, in the event that the Director of Healthcare and Family Services (formerly Director of the Department of Public Aid) assigns individuals that are recipients of public aid from an insolvent organization to another organization, the Director of Healthcare and Family Services shall, before fixing the rates to be paid by the Department of Healthcare and Family Services to the transferee organization on account of such individuals, consult with the Director of the Department of Insurance as to the reasonableness of such rates in light of the health care needs of such individuals and the costs of providing health care services to such individuals;

(b) assure payment of the contractual obligations of the insolvent organization to covered persons;
(c) make payments to providers of health care, or indemnity payments to covered persons, so as to assure the continued payment of benefits substantially similar to those provided for under covered health care plan certificate issued by the insolvent organization to covered persons; and

(d) provide such monies, pledges, notes, guaranties, or other means as are reasonably necessary to discharge such duties. This subsection (2) shall not apply when the Director has determined that the foreign or alien organization's domiciliary jurisdiction or state of entry provides, by statute, protection substantially similar to that provided by this Article for residents of this State and such protection will be provided in a timely manner.

(3) There shall be no liability on the part of and no cause of action shall arise against the Association or against any transferee from the Association in connection with the transfer by reinsurance or otherwise of all or any part of an impaired or insolvent organization's business by reason of any action taken or any failure to take any action by the impaired or insolvent organization at any time.

(4) If the Association fails to act within a reasonable period of time as provided in subsection (2) of this Section with respect to an insolvent organization, the Director shall have the powers and duties of the Association under this Article with regard to such insolvent organization.

(5) The Association or its designated representatives may render assistance and advice to the Director, upon his request, concerning rehabilitation, payment of claims, continuations of coverage, or the performance of other contractual obligations of any impaired or insolvent organization.

(6) The Association has standing to appear before any court concerning all matters germane to the powers and duties of the Association, including, but not limited to, proposals for reinsuring or guaranteeing the covered health care plan certificates of the impaired or insolvent organization and the determination of the covered health care plan certificates and contractual obligations.

(7) (a) Any person receiving benefits under this Article is deemed to have assigned the rights under the covered health care plan certificates to the Association to the extent of the benefits received because of this Article whether the benefits are payments of contractual obligations or continuation of coverage. The Association may require an assignment to it of such rights by any payee, enrollee or beneficiary as a condition

precedent to the receipt of any rights or benefits conferred by this Article upon such person. The Association is subrogated to these rights against the assets of any insolvent organization and against any other party who may be liable to such payee, enrollee or beneficiary.

(b) The subrogation rights of the Association under this subsection have the same priority against the assets of the insolvent organization as that possessed by the person entitled to receive benefits under this Article.

(8) (a) The contractual obligations of the insolvent organization for which the Association becomes or may become liable are as great as but no greater than the contractual obligations of the insolvent organization would have been in the absence of an insolvency unless such obligations are reduced as permitted by subsection (3), but the aggregate liability of the Association shall not exceed $300,000 with respect to any one natural person.

(b) Furthermore, the Association shall not be required to pay, and shall have no liability to, any provider of health care services to an enrollee:

   (i) if such provider, or his or its affiliates or members of his immediate family, at any time within the one year prior to the date of the issuance of the first order, by a court of competent jurisdiction, of conservation, rehabilitation or liquidation pertaining to the health maintenance organization:

       (A) was a securityholder of such organization (but excluding any securityholder holding an equity interest of 5% or less);

       (B) exercised control over the organization by means such as serving as an officer or director, through a management agreement or as a principal member of a not-for-profit organization;

       (C) had a representative serving by virtue or his or her official position as a representative of such provider on the board of any entity which exercised control over the organization;

       (D) received provider payments made by such organization pursuant to a contract which was not a product of arms-length bargaining; or

       (E) received distributions other than for physician services from a not-for-profit organization on account of such provider's status as a member of such organization.
For purposes of this subparagraph (i), the terms "affiliate," "person," "control" and "securityholder" shall have the meanings ascribed to such terms in Section 131.1 of the Illinois Insurance Code; or

(ii) if and to the extent such a provider has agreed by contract not to seek payment from the enrollee for services provided to such enrollee or if, and to the extent, as a matter of law such provider may not seek payment from the enrollee for services provided to such enrollee.

(iii) related to any policy, contract, or certificate providing any hospital, medical, prescription drug, or other health care benefits pursuant to Part C or Part D of Subchapter XVIII, Chapter 7 of Title 42 of the United States Code (commonly known as Medicare Part C & D) or any regulations issued pursuant thereto; or

(iv) for any portion of a policy, contract, or certificate to the extent that the assessments required by this Article with respect to the policy or contract are preempted or otherwise not permitted by federal or State law; or

(v) for any obligation that does not arise under the express written terms of the policy or contract issued by the organization to the contract owner or policy owner, including without limitation:

(A) claims based on marketing materials;
(B) claims based on side letters, riders, or other documents that were issued by the insurer without meeting applicable policy form filing or approval requirements;
(C) misrepresentations of or regarding policy benefits;
(D) extra-contractual claims; or
(E) claims for penalties or consequential or incidental damages.

(c) In no event shall the Association be required to pay any provider participating in the insolvent organization any amount for in-plan services rendered by such provider prior to the insolvency of the organization in excess of (1) the amount provided by a capitation contract between a physician provider and the insolvent organization for such services; or (2) the amounts provided by contract between a hospital provider and the Department of Healthcare and Family Services (formerly

Department of Public Aid for similar services to recipients of public aid; or (3) in the event neither (1) nor (2) above is applicable, then the amounts paid under the Medicare area prevailing rate for the area where the services were provided, or if no such rate exists with respect to such services, then 80% of the usual and customary rates established by the Health Insurance Association of America. The payments required to be made by the Association under this Section shall constitute full and complete payment for such provider services to the enrollee.

(d) The Association shall not be required to pay more than an aggregate of $300,000 for any organization which is declared to be insolvent prior to July 1, 1987, and such funds shall be distributed first to enrollees who are not public aid recipients pursuant to a plan recommended by the Association and approved by the Director and the court having jurisdiction over the liquidation.

(9) The Association may:
   (a) Enter into such contracts as are necessary or proper to carry out the provisions and purposes of this Article.
   (b) Sue or be sued, including taking any legal actions necessary or proper for recovery of any unpaid assessments under Section 6-9. The Association shall not be liable for punitive or exemplary damages.
   (c) Borrow money to effect the purposes of this Article. Any notes or other evidence of indebtedness of the Association not in default are legal investments for domestic organizations and may be carried as admitted assets.
   (d) Employ or retain such persons as are necessary to handle the financial transactions of the Association, and to perform such other functions as become necessary or proper under this Article.
   (e) Negotiate and contract with any liquidator, rehabilitator, conservator, or ancillary receiver to carry out the powers and duties of the Association.
   (f) Take such legal action as may be necessary to avoid payment of improper claims.
   (g) Exercise, for the purposes of this Article and to the extent approved by the Director, the powers of a domestic organization, but in no case may the Association issue evidence of coverage other than that issued to perform the contractual obligations of the impaired or insolvent organization.

(h) Exercise all the rights of the Director under Section 193(4) of the Illinois Insurance Code with respect to covered health care plan certificates after the association becomes obligated by statute.

(i) Request information from a person seeking coverage from the Association in order to aid the Association in determining its obligations under this Article with respect to the person and the person shall promptly comply with the request.

(j) Take other necessary or appropriate action to discharge its duties and obligations under this Article or to exercise its powers under this Article.

(10) The obligations of the Association under this Article shall not relieve any reinsurer, insurer or other person of its obligations to the insolvent organization (or its conservator, rehabilitator, liquidator or similar official) or its enrollees, including without limitation any reinsurer, insurer or other person liable to the insolvent insurer (or its conservator, rehabilitator, liquidator or similar official) or its enrollees under any contract of reinsurance, any contract providing stop loss coverage or similar coverage or any health care contract. With respect to covered health care plan certificates for which the Association becomes obligated after an entry of an order of liquidation or rehabilitation, the Association may elect to succeed to the rights of the insolvent organization arising after the date of the order of liquidation or rehabilitation under any contract of reinsurance, any contract providing stop loss coverage or similar coverages or any health care service contract to which the insolvent organization was a party, on the terms set forth under such contract, to the extent that such contract provides coverage for health care services provided after the date of the order of liquidation or rehabilitation. As a condition to making this election, the Association must pay premiums for coverage relating to periods after the date of the order of liquidation or rehabilitation.

(11) The Association shall be entitled to collect premiums due under or with respect to covered health care certificates for a period from the date on which the domestic, foreign, or alien organization became an insolvent organization until the Association no longer has obligations under subsection (2) of this Section with respect to such certificates. The Association's obligations under subsection (2) of this Section with respect to any covered health care plan certificates shall terminate in the event that all such premiums due under or with respect to such covered health care

plan certificates are not paid to the Association (i) within 30 days of the Association's demand therefor, or (ii) in the event that such certificates provide for a longer grace period for payment of premiums after notice of non-payment or demand therefor, within the lesser of (A) the period provided for in such certificates or (B) 60 days.

(12) The Board of Directors of the Association shall have discretion and may exercise reasonable business judgment to determine the means by which the Association is to provide the benefits of this Article in an economical and efficient manner.

(13) Where the Association has arranged or offered to provide the benefits of this Article to a covered person under a plan or arrangement that fulfills the Association's obligations under this Article, the person shall not be entitled to benefits from the Association in addition to or other than those provided under the plan or arrangement.

(14) Venue in a suit against the Association arising under the Article shall be in Cook County. The Association shall not be required to give any appeal bond in an appeal that relates to a cause of action arising under this Article.

Sec. 6-9. Assessments. (1) For the purpose of providing the funds necessary to carry out the powers and duties of the Association, the board of directors shall assess the member organizations, at such times and for such amounts as the board finds necessary. Assessments shall be due not less than 30 days after written notice to the member organizations and shall accrue interest from the due date at such adjusted rate as is established under Section 531.09 of the Illinois Insurance Code and such interest shall be compounded daily.

(2) There shall be 2 classes of assessments, as follows:

(a) Class A assessments shall be made for the purpose of meeting administrative costs and other general expenses and examinations conducted under the authority of the Director under subsection (5) of Section 6-12.

(b) Class B assessments shall be made to the extent necessary to carry out the powers and duties of the Association under Section 6-8 with regard to an impaired or insolvent domestic organization or insolvent foreign or alien organizations.

(3) (a) The amount of any Class A assessment shall be determined by the Board and may be made on a non-pro rata basis.

New matter indicated by italics - deletions by strikeout
(b) Class B assessments against member organizations shall be in the proportion that the premiums received on health maintenance organization business in this State by each assessed member organization on covered health care plan certificates for the calendar year preceding the assessment bears to such premiums received on health maintenance organization business in this State for the calendar year preceding the assessment by all assessed member organizations.

(c) Assessments to meet the requirements of the Association with respect to an impaired or insolvent organization shall not be made until necessary to implement the purposes of this Article. Classification of assessments under subsection (2) and computations of assessments under this subsection shall be made with a reasonable degree of accuracy, recognizing that exact determinations may not always be possible.

(4) (a) The Association may abate or defer, in whole or in part, the assessment of a member organization if, in the opinion of the board, payment of the assessment would endanger the ability of the member organization to fulfill its contractual obligations.

(b) The total of all assessments upon a member organization may not in any one calendar year exceed 2% of such organization's premiums in this State during the calendar year preceding the assessment on the covered health care plan certificates.

(5) In the event an assessment against a member organization is abated, or deferred, in whole or in part, because of the limitations set forth in subsection (4) of this Section, the amount by which such assessment is abated or deferred, may be assessed against the other member organizations in a manner consistent with the basis for assessments set forth in this Section. If the maximum assessment, together with the other assets of the Association, does not provide in any one year an amount sufficient to carry out the responsibilities of the Association, the necessary additional funds may be assessed as soon thereafter as permitted by this Article.

(6) The board may, by an equitable method as established in the plan of operation, refund to member organizations, in proportion to the contribution of each organization, the amount by which the assets of the fund exceed the amount the board finds is necessary to carry out during the coming year the obligations of the Association, including assets accruing from net realized gains and income from investments. A reasonable amount may be retained in the fund to provide moneys for the continuing

New matter indicated by italics - deletions by strikeout
expenses of the Association and for future losses if refunds are impractical.

(7) An assessment is deemed to occur on the date upon which the board votes such assessment. The board may defer calling the payment of the assessment or may call for payment in one or more installments.

(8) It is proper for any member organization, in determining its rates to consider the amount reasonably necessary to meet its assessment obligations under this Article.

(9) The Association must issue to each organization paying a Class B assessment under this Article a certificate of contribution, in a form prescribed by the Director, for the amount of the assessment so paid. All outstanding certificates are of equal dignity and priority without reference to amounts or dates of issue. A certificate of contribution may be shown by the organization in its financial statement as an admitted asset in such form and for such amount, if any, and period of time as the Director may approve, provided the organization shall in any event at its option have the right to show a certificate of contribution as an asset at percentages of the original face amount for calendar years as follows:

- 100% for the calendar year after the year of issuance;
- 80% for the second calendar year after the year of issuance;
- 60% for the third calendar year after the year of issuance;
- 40% for the fourth calendar year after the year of issuance;
- 20% for the fifth calendar year after the year of issuance.

(10) The Association may request information of member organizations in order to aid in the exercise of its power under this Section and member organizations shall promptly comply with a request.

Sec. 6-10. Plan of Operation. (1) (a) The Association must submit to the Director a plan of operation and any amendments thereto necessary or suitable to assure the fair, reasonable, and equitable administration of the Association. The plan of operation and any amendments thereto become effective upon approval in writing by the Director.

(b) If the Association fails to submit a suitable plan of operation within 90 days following the effective date of this Article or if at any time thereafter the Association fails to submit suitable amendments to the plan, the Director may, after notice and hearing, adopt and promulgate such reasonable rules as are necessary or advisable to effectuate the provisions of this Article. Such rules are in force until modified by the Director or

superseded by a plan submitted by the Association and approved by the Director.

(2) All member organizations must comply with the plan of operation.

(3) The plan of operation must, in addition to requirements enumerated elsewhere in this Article:
   (a) Establish procedures for handling the assets of the Association;
   (b) Establish the amount and method of reimbursing members of the board of directors under Section 6-7;
   (c) Establish regular places and times for meetings of the board of directors;
   (d) Establish procedures for records to be kept of all financial transactions of the Association, its agents, and the board of directors;
   (e) Establish the procedures whereby selections for the board of directors will be made and submitted to the Director;
   (f) Establish any additional procedures for assessments under Section 6-9; and
   (g) Contain additional provisions necessary or proper for the execution of the powers and duties of the Association.

(4) The plan of operation shall establish a procedure for protest by any member organization of assessments made by the Association pursuant to Section 6-9. Such procedures shall require that:
   (a) A member organization that wishes to protest all or part of an assessment shall pay when due the full amount of the assessment as set forth in the notice provided by the Association. The payment shall be available to meet Association obligations during the pendency of the protest or any subsequent appeal. Payment shall be accompanied by a statement in writing that the payment is made under protest and setting forth a brief statement of the grounds for the protest. Any member organization that wishes to protest all or any part of an assessment for any year shall first pay the full amount of the assessment as set forth in the notice provided by the Association. Such payments shall be accompanied by a statement in writing that the payment is made under protest, setting forth a brief statement of the grounds for the protest. The Association shall hold such payments in a separate interest bearing account.
   (b) Within 30 days following the payment of an assessment under protest by any protesting member organization, the Association must notify the member organization in writing of its determination with respect

New matter indicated by italics - deletions by strikeout
to the protest unless the Association notifies the member that additional time is required to resolve the issues raised by the protest.

(c) In the event the Association determines that the protesting member organization is entitled to a refund, such refund shall be made within 30 days following the date upon which the Association makes its determination.

(d) The decision of the Association with respect to a protest may be appealed to the Director pursuant to subsection (3) of Section 6-11.

(e) In the alternative to rendering a decision with respect to any protest based on a question regarding the assessment base, the Association may refer such protests to the Director for final decision, with or without a recommendation from the Association.

(f) Interest on any refund due a protesting member organization shall be paid at the rate actually earned by the Association on the separate account.

(5) The plan of operation may provide that any or all powers and duties of the Association, except those under paragraph (c) of subsection (10) of Section 6-8 and Section 6-9 are delegated to a corporation, association or other organization which performs or will perform functions similar to those of this Association, or its equivalent, in 2 or more states. Such a corporation, association or organization shall be reimbursed for any payments made on behalf of the Association and shall be paid for its performance of any function of the Association. A delegation under this subsection shall take effect only with the approval of both the Board of Directors and the Director, and may be made only to a corporation, association or organization which extends protection not substantially less favorable and effective than that provided by this Article.

(House Bill No. 5290)

AN ACT concerning civil law.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Code of Civil Procedure is amended by changing Section 2-202 and by adding Section 2-203.2 as follows:

Sec. 2-202. Persons authorized to serve process; Place of service; Failure to make return.

(a) Process shall be served by a sheriff, or if the sheriff is disqualified, by a coroner of some county of the State. A sheriff of a county with a population of less than 2,000,000 may employ civilian personnel to serve process. In counties with a population of less than 2,000,000, process may be served, without special appointment, by a person who is licensed or registered as a private detective under the Private Detective, Private Alarm, Private Security, Fingerprint Vendor, and Locksmith Act of 2004 or by a registered employee of a private detective agency certified under that Act. A private detective or licensed employee must supply the sheriff of any county in which he serves process with a copy of his license or certificate; however, the failure of a person to supply the copy shall not in any way impair the validity of process served by the person. The court may, in its discretion upon motion, order service to be made by a private person over 18 years of age and not a party to the action. It is not necessary that service be made by a sheriff or coroner of the county in which service is made. If served or sought to be served by a sheriff or coroner, he or she shall endorse his or her return thereon, and if by a private person the return shall be by affidavit.

(a-5) Upon motion and in its discretion, the court may appoint as a special process server a private detective agency certified under the Private Detective, Private Alarm, Private Security, Fingerprint Vendor, and Locksmith Act of 2004. Under the appointment, any employee of the private detective agency who is registered under that Act may serve the process. The motion and the order of appointment must contain the number of the certificate issued to the private detective agency by the Department of Professional Regulation under the Private Detective, Private Alarm, Private Security, Fingerprint Vendor, and Locksmith Act of 2004.

(b) Summons may be served upon the defendants wherever they may be found in the State, by any person authorized to serve process. An officer may serve summons in his or her official capacity outside his or her county, but fees for mileage outside the county of the officer cannot be
taxed as costs. The person serving the process in a foreign county may make return by mail.

(c) If any sheriff, coroner, or other person to whom any process is delivered, neglects or refuses to make return of the same, the plaintiff may petition the court to enter a rule requiring the sheriff, coroner, or other person, to make return of the process on a day to be fixed by the court, or to show cause on that day why that person should not be attached for contempt of the court. The plaintiff shall then cause a written notice of the rule to be served on the sheriff, coroner, or other person. If good and sufficient cause be not shown to excuse the officer or other person, the court shall adjudge him or her guilty of a contempt, and shall impose punishment as in other cases of contempt.

(d) If process is served by a sheriff or coroner, the court may tax the fee of the sheriff or coroner as costs in the proceeding. If process is served by a private person or entity, the court may establish a fee therefor and tax such fee as costs in the proceedings.

(e) In addition to the powers stated in Section 8.1a of the Housing Authorities Act, in counties with a population of 3,000,000 or more inhabitants, members of a housing authority police force may serve process for forcible entry and detainer actions commenced by that housing authority and may execute orders of possession for that housing authority.

(f) In counties with a population of 3,000,000 or more, process may be served, with special appointment by the court, by a private process server or a law enforcement agency other than the county sheriff in proceedings instituted under the Forcible Entry and Detainer Article of this Code as a result of a lessor or lessor's assignee declaring a lease void pursuant to Section 11 of the Controlled Substance and Cannabis Nuisance Act.

Authorization for the check shall be furnished by the applicant to the school district, except that if the applicant is a substitute teacher seeking employment in more than one school district, a teacher seeking concurrent part-time employment positions with more than one school district (as a reading specialist, special education teacher or otherwise), or an educational support personnel employee seeking employment positions with more than one district, any such district may require the applicant to furnish authorization for the check to the regional superintendent of the educational service region in which are located the school districts in which the applicant is seeking employment as a substitute or concurrent part-time teacher or concurrent educational support personnel employee. Upon receipt of this authorization, the school district or the appropriate regional superintendent, as the case may be, shall submit the applicant's name, sex, race, date of birth, social security number, fingerprint images, and other identifiers, as prescribed by the Department of State Police, to the Department. The regional superintendent submitting the requisite information to the Department of State Police shall promptly notify the school districts in which the applicant is seeking employment as a substitute or concurrent part-time teacher or concurrent educational support personnel employee that the check of the applicant has been requested. The Department of State Police and the Federal Bureau of Investigation shall furnish, pursuant to a fingerprint-based criminal history records check, records of convictions, until expunged, to the president of the school board for the school district that requested the check, or to the regional superintendent who requested the check. The Department shall charge the school district or the appropriate regional superintendent a fee for conducting such check, which fee shall be deposited in the State Police Services Fund and shall not exceed the cost of the inquiry; and the applicant shall not be charged a fee for such check by the school district or by the regional superintendent. A copy of the record of convictions obtained from the Department of State Police shall be provided to the applicant for employment. Upon the check of the Statewide Sex Offender Database, the school district or regional superintendent shall notify an applicant as to whether or not the applicant has been identified in the Database as a sex offender. If a check of an applicant for employment as a substitute or concurrent part-time teacher or concurrent educational support personnel employee in more than one school district was requested by the regional superintendent, and the Department of State Police upon a check ascertains that the applicant has not been convicted of any of the enumerated criminal or drug offenses in subsection (c) or has not been convicted, within 7 years of the application for employment with the school district, of any other felony under the laws of this State or of any offense committed or attempted in any other state or against the laws of the United States that, if committed or attempted in this State, would have been punishable as a felony under the laws of this State and so notifies the regional superintendent and if the regional superintendent upon a check ascertains that the applicant has not been identified in the Sex Offender Database as a sex offender, then the regional superintendent shall issue to the applicant a certificate evidencing that as of the date specified by the
Department of State Police the applicant has not been convicted of any of the enumerated criminal or drug offenses in subsection (c) or has not been convicted, within 7 years of the application for employment with the school district, of any other felony under the laws of this State or of any offense committed or attempted in any other state or against the laws of the United States that, if committed or attempted in this State, would have been punishable as a felony under the laws of this State and evidencing that as of the date that the regional superintendent conducted a check of the Statewide Sex Offender Database, the applicant has not been identified in the Database as a sex offender. Any person who releases any confidential information concerning any criminal convictions of an applicant for employment shall be guilty of a Class A misdemeanor, unless the release of such information is authorized by this Section.

This notification must be submitted within 30 days after the dismissal or resignation. The certificate holder must also be contemporaneously sent a copy of the notice by the superintendent. All correspondence, documentation, and other information so received by the regional superintendent of schools, the State Superintendent of Education, the State Board of Education, or the State Teacher Certification Board under this subsection (e-5) is confidential and must not be disclosed to third parties, except (i) as necessary for the State Superintendent of Education or his or her designee to investigate and prosecute pursuant to Article 21 of this Code, (ii) pursuant to a court order, (iii) for disclosure to the certificate holder or his or her representative, or (iv) as otherwise provided in this Article and provided that any such information admitted into evidence in a hearing is exempt from this confidentiality and non-disclosure requirement. Except for an act of willful or wanton misconduct, any superintendent who provides notification as required in this subsection (e-5) shall have immunity from any liability, whether civil or criminal or that otherwise might result by reason of such action.

The petition shall be prepared pursuant to paragraph (b) of Section 3-601 and shall be filed with the court in the county where the respondent resides or is present.

(b) The court may inquire of the petitioner whether there are reasonable grounds to believe that the facts stated in the petition are true and whether the respondent is subject to involuntary admission. The inquiry may proceed without notice to the respondent only if the petitioner alleges facts showing that an emergency exists such that immediate hospitalization is necessary and the petitioner testifies before the court as to the factual basis for the allegations.

(c) A petition for involuntary admission on an inpatient basis may be combined with or accompanied by a petition for involuntary admission on an outpatient basis under Article VII-A.

A certificate prepared in compliance with this Article shall state whether or not the respondent is in need of immediate hospitalization. Sec. 3-704. Examination; detention.
(a) The respondent shall be permitted to remain in his or her place of residence pending any examination. The respondent may be accompanied by one or more of his or her relatives or friends or by his or her attorney to the place of examination. If, however, the court finds that it is necessary in order to complete the examination the court may order that the person be admitted to a mental health facility pending examination and may order a peace officer or other person to transport the person there. The examination shall be conducted at a local mental health facility or hospital or, if possible, in the respondent's own place of residence. No person may be detained for examination under this Section for more than 24 hours. The person shall be released upon completion of the examination unless the physician, qualified examiner or clinical psychologist executes a certificate stating that the person is subject to involuntary admission on an inpatient basis and in need of immediate hospitalization to protect such person or others from physical harm. Upon admission under this Section treatment may be given pursuant to Section 3-608.

(a-5) Whenever a respondent has been transported to a mental health facility for an examination, the admitting facility shall inquire, upon the respondent's arrival, whether the respondent wishes any person or
persons to be notified of his or her detention at that facility. If the respondent does wish to have any person or persons notified of his or her detention at the facility, the facility must promptly make all reasonable attempts to locate the individual identified by the respondent, or at least 2 individuals identified by the respondent if more than one has been identified, and notify them of the respondent's detention at the facility for a mandatory examination pursuant to court order.

(b) Not later than 24 hours, excluding Saturdays, Sundays, and holidays, after admission under this Section, the respondent shall be asked if he desires the petition and the notice required under Section 3-206 sent to any other persons and at least 2 such persons designated by the respondent shall be sent the documents. At the time of his admission the respondent shall be allowed to complete not fewer than 2 telephone calls to such persons as he chooses.

Sec. 3-751. Involuntary admission; petition.

(a) Any person 18 years of age or older may execute a petition asserting that another person is subject to involuntary admission on an outpatient basis. The petition shall be prepared pursuant to paragraph (b) of Section 3-601 and shall be filed with the court in the county where the respondent resides or is present.

(b) The court may inquire of the petitioner whether there are reasonable grounds to believe that the facts stated in the petition are true and whether the respondent is subject to involuntary admission on an outpatient basis.

(c) A petition for involuntary admission on an outpatient basis may be combined with or accompanied by a petition for involuntary admission on an inpatient basis under Article VII.
Sec. 3-752. Certificate.

(a) The petition may be accompanied by the certificate of a physician, qualified examiner, psychiatrist, or clinical psychologist which certifies that the respondent is subject to involuntary admission on an outpatient basis. The certificate shall indicate that the physician, qualified examiner, or clinical psychologist personally examined the respondent not more than 72 hours prior to the completion of the certificate. It shall also contain the physician's, qualified examiner's, or clinical psychologist's clinical observations, other factual information relied upon in reaching a diagnosis, and a statement as to whether the respondent was advised of his or her rights under Section 3-208.

(b) Upon receipt of the petition either with or without a certificate, if the court finds the documents are in order, it may make such orders pursuant to Section 3-753 as are necessary to provide for examination of the respondent. If the petition is not accompanied by 2 certificates executed pursuant to Section 3-753, the court may order the respondent to present himself or herself for examination at a time and place designated by the court. If the petition is accompanied by 2 certificates executed pursuant to Section 3-753 and the court finds the documents are in order, the court shall set the matter for hearing.

The examining physician, clinical psychologist, qualified examiner or psychiatrist may interview by telephone or in person any witnesses or other persons listed in the petition for involuntary admission. If, as a result of an examination, a certificate is executed, the certificate shall be promptly filed with the court. If a certificate is executed, the examining physician, clinical psychologist, qualified examiner or psychiatrist may also submit for filing with the court a report in which his or her findings are described in detail, and may rely upon such findings for his opinion that the respondent is subject to involuntary admission.
Copies of the certificates shall be made available to the attorneys for the parties upon request prior to the hearing.

Sec. 3-754. Detention.

(a) The respondent shall be permitted to remain in his or her place of residence pending any examination. The respondent may be accompanied by one or more of his or her relatives or friends or by his or her attorney to the place of examination. If, however, the respondent refuses to cooperate with an examination on an outpatient basis, the court may order that the person be admitted to a mental health facility solely for the purpose of such examination and may order a peace officer or other person to transport the person there. The examination shall be conducted at a local mental health facility or hospital or, if possible, in the respondent's own place of residence. No person may be detained for examination under this Section for more than 24 hours. The person shall be released upon completion of the examination unless the physician, qualified examiner or clinical psychologist executes a certificate stating that the person is subject to involuntary admission on an inpatient basis and in need of immediate hospitalization to protect such person or others from physical harm and a petition is filed pursuant to Section 3-701. Upon admission under this Section treatment may be given pursuant to Section 3-608. If the respondent is admitted on an inpatient basis, the facility shall proceed pursuant to Article VII.

(b) Whenever a respondent has been transported to a mental health facility for an examination, the admitting facility shall inquire, upon the respondent's arrival, whether the respondent wishes any person or persons to be notified of his or her detention at that facility. If the respondent does wish to have any person or persons notified of his or her detention at the facility, the facility must promptly make all reasonable attempts to locate the individual identified by the respondent, or at least 2 individuals identified by the respondent if more than one has been identified, and notify them of the respondent's detention at the facility for a mandatory examination pursuant to court order.

Sec. 3-756. Court hearing. The court shall set a hearing to be held within 15 days, excluding Saturdays, Sundays, and holidays, after its receipt of the second certificate. The court shall direct that notice of the time and place of hearing be served upon the respondent, his or her attorney, and guardian, if any, and his or her responsible relatives. The respondent may remain at his residence pending the hearing. If, however, the court finds it necessary, it may order a peace officer or another person to have the respondent before the court at the time and place set for hearing.

Sec. 3-801. A respondent may request admission as an informal or voluntary recipient at any time prior to an adjudication that he is subject to involuntary admission on an inpatient or outpatient basis. The facility director shall approve such a request unless the facility director determines that the respondent lacks the capacity to consent to informal or voluntary admission or that informal or voluntary admission is clinically inappropriate. The director shall not find that voluntary admission is clinically inappropriate in the absence of a documented history of the respondent's illness and treatment demonstrating that the respondent is unlikely to continue to receive needed treatment following release from informal or voluntary admission and that an order for involuntary admission on an outpatient basis for alternative treatment or for care and custody is necessary in order to ensure continuity of treatment outside a mental health facility.

If the facility director approves such a request, the petitioner shall be notified of the request and of his or her right to object thereto, if the petitioner has requested such notification on that individual recipient. The court may dismiss the pending proceedings, but shall consider any objection made by either the petitioner or the State's Attorney and may require proof that such dismissal is in the best interest of the respondent and of the public. If voluntary admission is accepted and the petition is dismissed by the court, notice shall be provided to the petitioner, orally and in writing, of his or her right to receive notice of the recipient's discharge pursuant to Section 3-902(d).

Sec. 3-801.5. Agreed order for admission on an outpatient basis alternative treatment or care and custody.

(a) At any time before the conclusion of the hearing and the entry of the court's findings, a respondent may enter into an agreement to be subject to an order for admission on an outpatient basis alternative treatment or care and custody as provided for in Sections 3-811, 3-812, 3-813, and 3-815 of this Code, provided that:

(1) The court and the parties have been presented with a written report pursuant to Section 3-810 of this Code containing a recommendation for court-ordered admission on an outpatient basis alternative treatment or care and custody and setting forth in detail the conditions for such an order, and the court is satisfied that the proposal for admission on an outpatient basis alternative treatment or care and custody is in the best interest of the respondent and of the public.

(2) The court advises the respondent of the conditions of the proposed order in open court and is satisfied that the respondent understands and agrees to the conditions of the proposed order for admission on an outpatient basis alternative treatment or care and custody.

(3) The proposed custodian is advised of the recommendation for care and custody and agrees to abide by the terms of the proposed order.

(4) No such order may require the respondent to be hospitalized except as provided in subsection (b) of this Section.

(5) No order may include as one of its conditions the administration of psychotropic medication, unless the court determines, based on the documented history of the respondent's treatment and illness, that the respondent is unlikely to continue to receive needed psychotropic medication in the absence of such an order.

(b) An agreed order of care and custody entered pursuant to this Section may grant the custodian the authority to admit a respondent to a hospital if the respondent fails to comply with the conditions of the agreed order. If necessary in order to obtain the hospitalization of the respondent, the custodian may apply to the court for an order authorizing an officer of the peace to take the respondent into custody and transport the respondent to the hospital specified in the agreed order. The provisions of Section 3-
605 of this Code shall govern the transportation of the respondent to a mental health facility, except to the extent that those provisions are inconsistent with this Section. However, a person admitted to a hospital pursuant to powers granted under an agreed order for care and custody shall be treated as a voluntary recipient pursuant to Article IV of this Chapter and shall be advised immediately of his or her right to request a discharge pursuant to Section 3-403 of this Code.

(c) If the court has appointed counsel for the respondent pursuant to Section 3-805 of this Code, that appointment shall continue for the duration of any order entered under this Section, and the respondent shall be represented by counsel in any proceeding held pursuant to this Section.

(d) An order entered under this Section shall not constitute a finding that the respondent is subject to involuntary admission on an inpatient or outpatient basis.

(e) Nothing in this Section shall be deemed to create an agency relationship between the respondent and any custodian appointed pursuant to this Section.

(f) Notwithstanding any other provision of Illinois law, no respondent may be cited for contempt for violating the terms and conditions of his or her agreed order of care and custody.

Sec. 3-805. Every respondent alleged to be subject to involuntary admission on an inpatient or outpatient basis shall be represented by counsel. If the respondent is indigent or an appearance has not been entered on his behalf at the time the matter is set for hearing, the court shall appoint counsel for him. A hearing shall not proceed when a respondent is not represented by counsel unless, after conferring with counsel, the respondent requests to represent himself and the court is satisfied that the respondent has the capacity to make an informed waiver of his right to counsel. Counsel shall be allowed time for adequate
preparation and shall not be prevented from conferring with the respondent at reasonable times nor from making an investigation of the matters in issue and presenting such relevant evidence as he believes is necessary.

1. If the court determines that the respondent is unable to obtain counsel, the court shall appoint as counsel an attorney employed by or under contract with the Guardianship and Mental Health Advocacy Commission, if available.

2. If an attorney from the Guardianship and Mental Health Advocacy Commission is not available, the court shall appoint as counsel the public defender or, only if no public defender is available, an attorney licensed to practice law in this State.

3. Upon filing with the court of a verified statement of legal services rendered by the private attorney appointed pursuant to paragraph (2) of this Section, the court shall determine a reasonable fee for such services. If the respondent is unable to pay the fee, the court shall enter an order upon the county to pay the entire fee or such amount as the respondent is unable to pay.

Sec. 3-809. If the respondent is not found subject to involuntary admission on an inpatient or outpatient basis, the court shall dismiss the petition and order the respondent discharged. If the respondent is found subject to involuntary admission on an inpatient or outpatient basis, the court shall enter an order so specifying. If the court is not satisfied with the verdict of the jury finding the respondent subject to involuntary admission on an inpatient or outpatient basis, it may set aside such verdict and order the respondent discharged or it may order another hearing.
Sec. 3-810. Before disposition is determined, the facility director or such other person as the court may direct shall prepare a written report including information on the appropriateness and availability of alternative treatment settings, a social investigation of the respondent, a preliminary treatment plan, and any other information which the court may order. The treatment plan shall describe the respondent's problems and needs, the treatment goals, the proposed treatment methods, and a projected timetable for their attainment. If the respondent is found subject to involuntary admission on an inpatient or outpatient basis, the court shall consider the report in determining an appropriate disposition.

Sec. 3-811. Involuntary admission; alternative mental health facilities.

(a) If any person is found subject to involuntary admission on an inpatient basis, the court shall consider alternative mental health facilities which are appropriate for and available to the respondent, including but not limited to hospitalization. The court may order the respondent to undergo a program of hospitalization in a mental health facility designated by the Department, in a licensed private hospital or private mental health facility if it agrees, or in a facility of the United States Veterans Administration if it agrees. If any person is found subject to involuntary admission on an outpatient basis, the court may order the respondent to undergo a program of alternative treatment; or the court may place the respondent in the care and custody of a relative or other person willing and able to properly care for him or her. The court shall order the least restrictive alternative for treatment which is appropriate.

(b) Whenever a person is found subject to involuntary admission on an inpatient or outpatient basis, notice shall be provided to the petitioner, orally and in writing, of his or her right to receive notice of the recipient's discharge pursuant to Section 3-902(d).

Sec. 3-812. Court ordered admission on an outpatient basis; modification; revocation.

(a) If a respondent is found subject to involuntary admission on an outpatient basis, the court may issue an order: (i) placing the respondent...
in the care and custody of a relative or other person willing and able to properly care for him or her; or (ii) committing the respondent to alternative treatment at a community mental health provider.

(b) An order placing the respondent in the care and custody of a relative or other person shall specify the powers and duties of the custodian. An order of care and custody entered pursuant to this Section may grant the custodian the authority to admit a respondent to a hospital if the respondent fails to comply with the conditions of the order. If necessary in order to obtain the hospitalization of the respondent, the custodian may apply to the court for an order authorizing an officer of the peace to take the respondent into custody and transport the respondent to the hospital specified in the agreed order. The provisions of Section 3-605 shall govern the transportation of the respondent to a mental health facility, except to the extent that those provisions are inconsistent with this Section. No person admitted to a hospital pursuant to this subsection shall be detained for longer than 24 hours, excluding Saturdays, Sundays, and holidays, unless, within that period, a petition for involuntary admission on an inpatient basis and a certificate supporting such petition have been filed as provided in Section 3-611.

(c) Alternative treatment shall not be ordered unless the program being considered is capable of providing adequate and humane treatment in the least restrictive setting which is appropriate to the respondent's condition. The court shall have continuing authority to modify an order for alternative treatment if the recipient fails to comply with the order or is otherwise found unsuitable for alternative treatment. Prior to modifying such an order, the court shall receive a report from the facility director of the program specifying why the alternative treatment is unsuitable. The recipient shall be notified and given an opportunity to respond when modification of the order for alternative treatment is considered. If the court determines that the respondent has violated the order for alternative treatment in the community or that alternative treatment in the community will no longer provide adequate assurances for the safety of the respondent or others, the court may revoke the order for alternative treatment in the community and may order a peace officer to take the recipient into custody and transport him to an inpatient mental health facility. The provisions of Section 3-605 shall govern the transportation of the respondent to a mental health facility, except to the extent that those provisions are inconsistent with this Section. No person admitted to a hospital pursuant to this subsection shall be detained for

longer than 24 hours, excluding Saturdays, Sundays, and holidays, unless, within that period, a petition for involuntary admission on an inpatient basis and a certificate supporting such petition have been filed as provided in Section 3-611.

(b) If the court revokes an order for alternative treatment and orders a recipient hospitalized, it may order a peace officer to take the recipient into custody and transport him to the facility. The court may order the recipient to undergo a program of hospitalization at a licensed private hospital or private mental health facility, or a facility of the United States Veterans Administration, if such private or Veterans Administration facility agrees to such placement, or at a mental health facility designated by the Department.

Sec. 3-813. (a) An initial order for commitment on an inpatient basis shall be for a period not to exceed 90 days. Prior to the expiration of the initial order if the facility director believes that the recipient continues to be subject to involuntary admission on an inpatient or outpatient basis, a new petition and 2 new certificates may be filed with the court. If a petition is filed, the facility director shall file with the court a current treatment plan which includes an evaluation of the recipient's progress and the extent to which he is benefiting from treatment. If no petition is filed prior to the expiration of the initial order, the recipient shall be discharged. Following a hearing, the court may order a second period of commitment on an inpatient basis not to exceed 90 days only if it finds that the recipient continues to be subject to involuntary admission on an inpatient basis. If, following a hearing, the court determines that the respondent is subject to involuntary admission on an outpatient basis as provided in Section 3-812, the court may order the respondent committed on an outpatient basis for a period not to exceed 180 days.

(a-1) An initial order of commitment on an outpatient basis shall be for a period not to exceed 180 days. Prior to the expiration of the initial order, if the facility director or the custodian believes that the recipient continues to be subject to involuntary admission on an outpatient basis, a new petition and 2 new certificates may be filed with the court. If a petition is filed, the facility director or the custodian shall file with the court a current treatment plan which includes an evaluation of the recipient's progress and the extent to which he or she is benefiting from
treatment. If no petition is filed prior to the expiration of the initial order, the recipient shall be discharged. Following a hearing, the court may order a second period of commitment on an outpatient basis not to exceed 180 days only if it finds that the recipient continues to be subject to involuntary admission on an outpatient basis.

(b) Additional 180 day periods of inpatient or outpatient commitment treatment may be sought pursuant to the procedures set out in this Section for so long as the recipient continues to meet the standard for such commitment, to be subject to involuntary admission. The provisions of this chapter which apply whenever an initial order is sought shall apply whenever an additional period of inpatient or outpatient commitment treatment is sought.

The court shall direct that notice of the time and place of the hearing be given to the recipient, his attorney, his guardian, the facility director, the person having care and custody of the recipient, and to at least 2 persons whom the recipient may designate.

(b) Article VIII of this Chapter applies to hearings held under this Section. The court shall determine whether the recipient is: (i) subject to involuntary admission on an inpatient basis; (ii) subject to involuntary admission on an outpatient basis; or (iii) not subject to involuntary admission on either an inpatient or outpatient basis. If the court finds that the recipient is not subject to involuntary admission on an inpatient or outpatient basis, the court shall enter an order so finding and discharging the recipient. If the court orders the discharge of a recipient who was
adjudicated as having mental illness pursuant to any prior statute of this State or who was otherwise adjudicated to be under legal disability, the court shall also enter an order restoring the recipient to legal status without disability unless the court finds that the recipient continues to be under legal disability. A copy of any order discharging the recipient shall be given to the recipient and to the facility director.

(b-1) If the court determines that the recipient is subject to involuntary admission on an outpatient basis, the court shall enter an appropriate order pursuant to Section 3-812.

(a) The facility director may at any time discharge an informal, voluntary, or minor recipient who is clinically suitable for discharge.

(b) The facility director shall discharge a recipient admitted upon court order under this Chapter or any prior statute where he is no longer subject to involuntary admission on an inpatient basis. If the facility director believes that continuing treatment is advisable for such recipient, he shall inform the recipient of his right to remain as an informal or voluntary recipient. If the facility director determines that the recipient is subject to involuntary admission on an outpatient basis, he or she shall petition the court for such a commitment pursuant to this Chapter.

(c) When a facility director discharges or changes the status of a recipient pursuant to this Section he shall promptly notify the clerk of the court which entered the original order of the discharge or change in status. Upon receipt of such notice, the clerk of the court shall note the action taken in the court record. If the person being discharged is a person under legal disability, the facility director shall also submit a certificate regarding his legal status without disability pursuant to Section 3-907.

(d) When the facility director determines that discharge is appropriate for a recipient pursuant to this Section or Section 3-403 he or she shall notify the state's attorney of the county in which the recipient resided immediately prior to his admission to a mental health facility and the state's attorney of the county where the last petition for commitment was filed at least 48 hours prior to the discharge when either state's
attorney has requested in writing such notification on that individual recipient or when the facility director regards a recipient as a continuing threat to the peace and safety of the community. Upon receipt of such notice, the state's attorney may take any court action or notify such peace officers that he deems appropriate. When the facility director determines that discharge is appropriate for a recipient pursuant to this Section or Section 3-403, he or she shall notify the person whose petition pursuant to Section 3-701 resulted in the current hospitalization of the recipient's discharge at least 48 hours prior to the discharge, if the petitioner has requested in writing such notification on that individual recipient.

(740 ILCS 110/4) (from Ch. 91 1/2, par. 804)

Sec. 4. (a) The following persons shall be entitled, upon request, to inspect and copy a recipient's record or any part thereof:

(1) the parent or guardian of a recipient who is under 12 years of age;
(2) the recipient if he is 12 years of age or older;
(3) the parent or guardian of a recipient who is at least 12 but under 18 years, if the recipient is informed and does not object or if the therapist does not find that there are compelling reasons for denying the access. The parent or guardian who is denied access by either the recipient or the therapist may petition a court for access to the record. Nothing in this paragraph is intended to prohibit the parent or guardian of a recipient who is at least 12 but under 18 years from requesting and receiving the following information: current physical and mental condition, diagnosis,
treatment needs, services provided, and services needed, including medication, if any;

(4) the guardian of a recipient who is 18 years or older;

(5) an attorney or guardian ad litem who represents a minor 12 years of age or older in any judicial or administrative proceeding, provided that the court or administrative hearing officer has entered an order granting the attorney this right; or

(6) an agent appointed under a recipient's power of attorney for health care or for property, when the power of attorney authorizes the access;

(7) an attorney-in-fact appointed under the Mental Health Treatment Preference Declaration Act; or

(8) any person in whose care and custody the recipient has been placed pursuant to Section 3-811 of the Mental Health and Developmental Disabilities Code.

(b) Assistance in interpreting the record may be provided without charge and shall be provided if the person inspecting the record is under 18 years of age. However, access may in no way be denied or limited if the person inspecting the record refuses the assistance. A reasonable fee may be charged for duplication of a record. However, when requested to do so in writing by any indigent recipient, the custodian of the records shall provide at no charge to the recipient, or to the Guardianship and Advocacy Commission, the agency designated by the Governor under Section 1 of the Protection and Advocacy for Developmentally Disabled Persons Act or to any other not-for-profit agency whose primary purpose is to provide free legal services or advocacy for the indigent and who has received written authorization from the recipient under Section 5 of this Act to receive his records, one copy of any records in its possession whose disclosure is authorized under this Act.

(c) Any person entitled to access to a record under this Section may submit a written statement concerning any disputed or new information, which statement shall be entered into the record. Whenever any disputed part of a record is disclosed, any submitted statement relating thereto shall accompany the disclosed part. Additionally, any person entitled to access may request modification of any part of the record which he believes is incorrect or misleading. If the request is refused, the person may seek a court order to compel modification.

(d) Whenever access or modification is requested, the request and any action taken thereon shall be noted in the recipient's record.

Sec. 9.2. Interagency disclosure of recipient information. For the purposes of continuity of care, the Department of Human Services (as successor to the Department of Mental Health and Developmental Disabilities), community agencies funded by the Department of Human Services in that capacity, licensed private hospitals receiving payments from the Department of Human Services or the Department of Healthcare and Family Services, State correctional facilities, mental health facilities operated by a county, and jails operated by any county of this State may disclose a recipient's record or communications, without consent, to each other, but only for the purpose of admission, treatment, planning, or discharge. Entities shall not redisclose any personally identifiable information, unless necessary for admission, treatment, planning, or discharge of the identified recipient to another setting. No records or communications may be disclosed to a county jail or State correctional facility prison pursuant to this Section unless the Department has entered into a written agreement with the county jail or State correctional facility prison requiring that the county jail or State correctional facility prison adopt written policies and procedures designed to ensure that the records and communications are disclosed only to those persons employed by or under contract to the county jail or State correctional facility prison who are involved in the provision of mental health services to inmates and that the records and communications are protected from further disclosure.

Sec. 10. (a) Except as provided herein, in any civil, criminal, administrative, or legislative proceeding, or in any proceeding preliminary thereto, a recipient, and a therapist on behalf and in the interest of a recipient, has the privilege to refuse to disclose and to prevent the disclosure of the recipient's record or communications.

(1) Records and communications may be disclosed in a civil, criminal or administrative proceeding in which the recipient introduces his mental condition or any aspect of his services received for such condition as an element of his claim or defense, if and only to the extent the court in which the proceedings have been brought, or, in the case of an administrative proceeding, the court to which an appeal or other action for review of an...
administrative determination may be taken, finds, after in camera examination of testimony or other evidence, that it is relevant, probative, not unduly prejudicial or inflammatory, and otherwise clearly admissible; that other satisfactory evidence is demonstrably unsatisfactory as evidence of the facts sought to be established by such evidence; and that disclosure is more important to the interests of substantial justice than protection from injury to the therapist-recipient relationship or to the recipient or other whom disclosure is likely to harm. Except in a criminal proceeding in which the recipient, who is accused in that proceeding, raises the defense of insanity, no record or communication between a therapist and a recipient shall be deemed relevant for purposes of this subsection, except the fact of treatment, the cost of services and the ultimate diagnosis unless the party seeking disclosure of the communication clearly establishes in the trial court a compelling need for its production. However, for purposes of this Act, in any action brought or defended under the Illinois Marriage and Dissolution of Marriage Act, or in any action in which pain and suffering is an element of the claim, mental condition shall not be deemed to be introduced merely by making such claim and shall be deemed to be introduced only if the recipient or a witness on his behalf first testifies concerning the record or communication.

(2) Records or communications may be disclosed in a civil proceeding after the recipient's death when the recipient's physical or mental condition has been introduced as an element of a claim or defense by any party claiming or defending through or as a beneficiary of the recipient, provided the court finds, after in camera examination of the evidence, that it is relevant, probative, and otherwise clearly admissible; that other satisfactory evidence is not available regarding the facts sought to be established by such evidence; and that disclosure is more important to the interests of substantial justice than protection from any injury which disclosure is likely to cause.

(3) In the event of a claim made or an action filed by a recipient, or, following the recipient's death, by any party claiming as a beneficiary of the recipient for injury caused in the course of providing services to such recipient, the therapist and other persons whose actions are alleged to have been the cause of injury may disclose pertinent records and communications to an attorney or

attorneys engaged to render advice about and to provide representation in connection with such matter and to persons working under the supervision of such attorney or attorneys, and may testify as to such records or communication in any administrative, judicial or discovery proceeding for the purpose of preparing and presenting a defense against such claim or action.

(4) Records and communications made to or by a therapist in the course of examination ordered by a court for good cause shown may, if otherwise relevant and admissible, be disclosed in a civil, criminal, or administrative proceeding in which the recipient is a party or in appropriate pretrial proceedings, provided such court has found that the recipient has been as adequately and as effectively as possible informed before submitting to such examination that such records and communications would not be considered confidential or privileged. Such records and communications shall be admissible only as to issues involving the recipient's physical or mental condition and only to the extent that these are germane to such proceedings.

(5) Records and communications may be disclosed in a proceeding under the Probate Act of 1975, to determine a recipient's competency or need for guardianship, provided that the disclosure is made only with respect to that issue.

(6) Records and communications may be disclosed when such are made during treatment which the recipient is ordered to undergo to render him fit to stand trial on a criminal charge, provided that the disclosure is made only with respect to the issue of fitness to stand trial.

(7) Records and communications of the recipient may be disclosed in any civil or administrative proceeding involving the validity of or benefits under a life, accident, health or disability insurance policy or certificate, or Health Care Service Plan Contract, insuring the recipient, but only if and to the extent that the recipient's mental condition, or treatment or services in connection therewith, is a material element of any claim or defense of any party, provided that information sought or disclosed shall not be redisclosed except in connection with the proceeding in which disclosure is made.

(8) Records or communications may be disclosed when such are relevant to a matter in issue in any action brought under
this Act and proceedings preliminary thereto, provided that any information so disclosed shall not be utilized for any other purpose nor be redisclosed except in connection with such action or preliminary proceedings.

(9) Records and communications of the recipient may be disclosed in investigations of and trials for homicide when the disclosure relates directly to the fact or immediate circumstances of the homicide.

(10) Records and communications of a deceased recipient may be disclosed to a coroner conducting a preliminary investigation into the recipient's death under Section 3-3013 of the Counties Code. However, records and communications of the deceased recipient disclosed in an investigation shall be limited solely to the deceased recipient's records and communications relating to the factual circumstances of the incident being investigated in a mental health facility.

(11) Records and communications of a recipient shall be disclosed in a proceeding where a petition or motion is filed under the Juvenile Court Act of 1987 and the recipient is named as a parent, guardian, or legal custodian of a minor who is the subject of a petition for wardship as described in Section 2-3 of that Act or a minor who is the subject of a petition for wardship as described in Section 2-4 of that Act alleging the minor is abused, neglected, or dependent or the recipient is named as a parent of a child who is the subject of a petition, supplemental petition, or motion to appoint a guardian with the power to consent to adoption under Section 2-29 of the Juvenile Court Act of 1987.

(12) Records and communications of a recipient may be disclosed when disclosure is necessary to collect sums or receive third party payment representing charges for mental health or developmental disabilities services provided by a therapist or agency to a recipient; however, disclosure shall be limited to information needed to pursue collection, and the information so disclosed may not be used for any other purposes nor may it be redisclosed except in connection with collection activities. Whenever records are disclosed pursuant to this subdivision (12), the recipient of the records shall be advised in writing that any person who discloses mental health records and communications in violation of this Act may be subject to civil liability pursuant to
Section 15 of this Act or to criminal penalties pursuant to Section 16 of this Act or both.

(b) Before a disclosure is made under subsection (a), any party to the proceeding or any other interested person may request an in camera review of the record or communications to be disclosed. The court or agency conducting the proceeding may hold an in camera review on its own motion. When, contrary to the express wish of the recipient, the therapist asserts a privilege on behalf and in the interest of a recipient, the court may require that the therapist, in an in camera hearing, establish that disclosure is not in the best interest of the recipient. The court or agency may prevent disclosure or limit disclosure to the extent that other admissible evidence is sufficient to establish the facts in issue. The court or agency may enter such orders as may be necessary in order to protect the confidentiality, privacy, and safety of the recipient or of other persons. Any order to disclose or to not disclose shall be considered a final order for purposes of appeal and shall be subject to interlocutory appeal.

(c) A recipient's records and communications may be disclosed to a duly authorized committee, commission or subcommittee of the General Assembly which possesses subpoena and hearing powers, upon a written request approved by a majority vote of the committee, commission or subcommittee members. The committee, commission or subcommittee may request records only for the purposes of investigating or studying possible violations of recipient rights. The request shall state the purpose for which disclosure is sought. The facility shall notify the recipient, or his guardian, and therapist in writing of any disclosure request under this subsection within 5 business days after such request. Such notification shall also inform the recipient, or guardian, and therapist of their right to object to the disclosure within 10 business days after receipt of the notification and shall include the name, address and telephone number of the committee, commission or subcommittee member or staff person with whom an objection shall be filed. If no objection has been filed within 15 business days after the request for disclosure, the facility shall disclose the records and communications to the committee, commission or subcommittee. If an objection has been filed within 15 business days after the request for disclosure, the facility shall disclose the records and communications only after the committee, commission or subcommittee has permitted the recipient, guardian or therapist to present his objection in person before it
and has renewed its request for disclosure by a majority vote of its members. Disclosure under this subsection shall not occur until all personally identifiable data of the recipient and provider are removed from the records and communications. Disclosure under this subsection shall not occur in any public proceeding.

(d) No party to any proceeding described under paragraphs (1), (2), (3), (4), (7), or (8) of subsection (a) of this Section, nor his or her attorney, shall serve a subpoena seeking to obtain access to records or communications under this Act unless the subpoena is accompanied by a written order issued by a judge, authorizing the disclosure of the records or the issuance of the subpoena. No such written order shall be issued without written notice of the motion to the recipient and the treatment provider. Prior to issuance of the order, each party or other person entitled to notice shall be permitted an opportunity to be heard pursuant to subsection (b) of this Section. No person shall comply with a subpoena for records or communications under this Act, unless the subpoena is accompanied by a written order authorizing the issuance of the subpoena or the disclosure of the records. Each subpoena duces tecum issued by a court or administrative agency or served on any person pursuant to this subsection (d) shall include the following language: "No person shall comply with a subpoena for mental health records or communications pursuant to Section 10 of the Mental Health and Developmental Disabilities Confidentiality Act, 740 ILCS 110/10, unless the subpoena is accompanied by a written order that authorizes the issuance of the subpoena and the disclosure of records or communications."

(e) When a person has been transported by a peace officer to a mental health facility, then upon the request of a peace officer, if the person is allowed to leave the mental health facility within 48 hours of arrival, excluding Saturdays, Sundays, and holidays, the facility director shall notify the local law enforcement authority prior to the release of the person. The local law enforcement authority may re-disclose the information as necessary to alert the appropriate enforcement or prosecuting authority.

(f) A recipient's records and communications shall be disclosed to the Inspector General of the Department of Human Services within 10 business days of a request by the Inspector General (i) in the course of an investigation authorized by the Department of Human Services Act and applicable rule or (ii) during the course of an assessment authorized by the

Abuse of Adults with Disabilities Intervention Act and applicable rule. The request shall be in writing and signed by the Inspector General or his or her designee. The request shall state the purpose for which disclosure is sought. Any person who knowingly and willfully refuses to comply with such a request is guilty of a Class A misdemeanor. A recipient's records and communications shall also be disclosed pursuant to subsection (g-5) of Section 1-17 of the Department of Human Services Act in testimony at health care worker registry hearings or preliminary proceedings when such are relevant to the matter in issue, provided that any information so disclosed shall not be utilized for any other purpose nor be redisclosed except in connection with such action or preliminary proceedings.

Sec. 16. Title insurance agents.

(a) No person, firm, partnership, association, corporation or other legal entity shall act as or hold itself out to be a title insurance agent unless duly registered by a title insurance company with the Secretary.

(b) Each application for registration shall be made on a form specified by the Secretary and prepared in duplicate by each title insurance company which the agent represents. The title insurance company shall retain the copy of the application and forward the original to the Secretary with the appropriate fee.

(c) Every applicant for registration, except a firm, partnership, association or corporation, must be 18 years or more of age.

The

funds shall not be subject to any debts of the escrowee and shall be used only in accordance with the terms of the individual escrow, settlement, or closing under which the funds were accepted.

Interest received on funds deposited with the escrow agent in connection with any escrow, settlement, or closing shall be paid to the depositing party unless the instructions provide otherwise.

The escrow agent shall maintain separate records of all receipts and disbursements of escrow, settlement, or closing funds.

The escrow agent shall comply with any rules adopted by the Secretary pertaining to escrow, settlement, or closing transactions.

(f) A title insurance agent shall not act as an escrow agent in a nonresidential real property transaction where the amount of settlement funds on deposit with the escrow agent is less than $2,000,000 or in a residential real property transaction unless the title insurance agent, title insurance company, or another authorized title insurance agent has committed for the issuance of title insurance in that transaction and the title insurance agent is authorized to act as an escrow agent on behalf of the title insurance company for which the commitment for title insurance has been issued. The authorization under the preceding sentence shall be given either (1) by an agency contract with the title insurance company which contract, in compliance with the requirements set forth in subsection (g) of this Section, authorizes the title insurance agent to act as an escrow agent on behalf of the title insurance company or (2) by a closing protection letter in compliance with the requirements set forth in Section 16.1 of this Act, issued by the title insurance company to the seller, buyer, borrower, and lender. A closing protection letter shall not be issued by a title insurance agent. The provisions of this subsection (f) shall not apply to the authority of a title insurance agent to act as an escrow agent under subsection (g) of Section 17 of this Act.

(g) If an agency contract between the title insurance company and the title insurance agent is the source of the authority under subsection (f) of this Section for a title insurance agent to act as escrow agent for a real property transaction, then the agency contract shall provide for no less protection from the title insurance company to all parties to the real property transaction than the title insurance company would have provided to those parties had the title insurance company issued a closing protection letter in conformity with Section 16.1 of this Act.

(h) A title insurance company shall be liable for the acts or omissions of its title insurance agent as an escrow agent if the title

insurance company has authorized the title insurance agent under subsections (f) and (g) of this Section 16 and only to the extent of the liability undertaken by the title insurance company in the agency agreement or closing protection letter. The liability, if any, of the title insurance agent to the title insurance company for acts and omissions of the title insurance agent as an escrow agent shall not be limited or otherwise modified because the title insurance company has provided closing protection to a party or parties to a real property transaction escrow, settlement, or closing. The escrow agent shall not charge a fee for protection provided by a title insurance company to parties to real property transactions under subsections (f) and (g) of this Section 16 and Section 16.1, but shall collect from the parties the fee charged by the title insurance company and shall promptly remit the fee to the title insurance company. The title insurance company may charge the parties a reasonable fee for protection provided pursuant to subsections (f) and (g) of this Section 16 and Section 16.1 and shall not pay any portion of the fee to the escrow agent. The payment of any portion of the fee to the escrow agent by the title insurance company, shall be deemed a prohibited inducement or compensation in violation of Section 24 of this Act.

(i) The Secretary shall adopt and amend such rules as may be required for the proper administration and enforcement of this Section 16 consistent with the federal Real Estate Settlement Procedures Act and Section 24 of this Act.

Sec. 16.1. Closing or settlement protection.
(a) Notwithstanding the provisions of item (iii) of paragraph (B) of subsection (1) and subsections (3) and (8) of Section 3 and Section 16 of this Act, a title insurance company or title insurance agent is not authorized to act as an escrow agent in a nonresidential real property transaction where the amount of settlement funds on deposit with the escrow agent is less than $2,000,000 or in a residential real property transaction unless as part of the same transaction a commitment, binder, or title insurance policy and closing protection letters protecting the buyer's or borrower's, lender's, and seller's interests have been issued by the title insurance company on whose behalf the commitment, binder, or title insurance policy has been issued. Closing protection letters are not required when the authorization for the title insurance agent to act as an escrow agent is given by an agency contract with the title insurance company.
company pursuant to subsections (f), (g), and (h) of Section 16 of this Act, but shall be issued by the title insurance company upon the request of a party to a nonresidential real property transaction where the amount of settlement funds on deposit with the escrow agent is less than $2,000,000 or in a residential real property transaction.

(b) Unless otherwise agreed to between a title insurance company and a protected person or entity, a closing protection letter under this Section shall indemnify all parties to a real property transaction against actual loss, not to exceed the amount of the settlement funds deposited with the escrow agent. The closing protection letter shall in any event indemnify all parties to a real property transaction when such losses arise out of:

(1) failure of the escrow agent to comply with written closing instructions to the extent that they relate to (A) the status of the title to an interest in land or the validity, enforceability, and priority of the lien of a mortgage on an interest in land, including the obtaining of documents and the disbursement of funds necessary to establish the status of title or lien or (B) the obtaining of any other document specifically required by a party to the real property transaction, but only to the extent that the failure to obtain such other document affects the status of the title to an interest in land or the validity, enforceability, and priority of the lien of a mortgage on an interest in land; or

(2) fraud, dishonesty, or negligence of the escrow agent in handling funds or documents in connection with closings to the extent that the fraud, dishonesty, or negligence relates to the status of the title to the interest in land or to the validity, enforceability, and priority of the lien of a mortgage on an interest in land or, in the case of a seller, to the extent that the fraud, dishonesty, or negligence relates to funds paid to or on behalf of, or which should have been paid to or on behalf of, the seller.

(c) The indemnification under a closing protection letter may include limitations on the liability of the title insurance company for any of the following:

(1) Failure of the escrow agent to comply with closing instructions that require title insurance protection inconsistent with that set forth in the title insurance commitment for the real property transaction. Instructions that require the removal of specific exceptions to title or compliance with the requirements

contained in the title insurance commitment shall not be deemed to be inconsistent.

(2) Loss or impairment of funds in the course of collection or while on deposit with a bank due to bank failure, insolvency, or suspension, except such as shall result from failure of the escrow agent closer to comply with written closing instructions to deposit the funds in a bank that is designated by name by a party to the real property transaction.

(3) Mechanics' and materialmen's liens in connection with sale, purchase, lease, or construction loan transactions, except to the extent that protection against such liens is afforded by a title insurance commitment or policy issued by the escrow agent.

(4) Failure of the escrow agent to comply with written closing instructions to the extent that such instructions require a determination by the escrow agent of the validity, enforceability, or effectiveness of any document described in subitem (B) of item (1) of subsection (b) of this Section.

(5) Fraud, dishonesty, or negligence of an employee, agent, attorney, or broker, who is not also the escrow agent or an independent contract closer of the escrow agent, of the indemnified party to the real property transaction.

(6) The settlement or release of any claim by the indemnified party to the real property transaction without the written consent of the title insurance company.

9. To request that your identifying information remain confidential, unless required otherwise by Illinois law or court order, and to register with the Illinois Adoption Registry and Medical Information Exchange.

(Section scheduled to be repealed on January 1, 2013)

Sec. 1-15. Funeral directing; definition. Conducting or engaging in or representing or holding out oneself as conducting or engaged in any one or any combination of the following practices constitutes the practice of funeral directing:

(a) The practice of preparing, otherwise than by embalming, for the burial, cremation, or disposal and directing and supervising the burial or disposal of deceased human remains or performing
any act or service in connection with the preparing of dead human bodies. Preparation, direction, and supervision shall not be construed to mean those functions normally performed by cemetery and crematory personnel.

(b) The practice of operating a place for preparing for the disposition of deceased human bodies or for caring for deceased human bodies before their disposition. Nothing in this Code shall prohibit the ownership and management of such a place by an unlicensed owner if the place is operated in accordance with this Code and the unlicensed owner does not engage in any form of funeral directing.

(c) The removal of a deceased human body from its place of death, institution, or other location. A licensed funeral director and embalmer intern may remove a deceased human body from its place of death, institution, or other location without another licensee being present. The licensed funeral director may engage others who are not licensed funeral directors, licensed funeral director and embalmers, or licensed funeral director and embalmer interns to assist in the removal if the funeral director directs and instructs them in handling and precautionary procedures and accompanies them on all calls. The transportation of deceased human remains to a cemetery, crematory or other place of final disposition shall be under the immediate direct supervision of a licensee unless otherwise permitted by this Section. The transportation of deceased human remains that are embalmed or otherwise prepared and enclosed in an appropriate container to some other place that is not the place of final disposition, such as another funeral home or common carrier, or to a facility that shares common ownership with the transporting funeral home may be performed under the general supervision of a licensee, but the supervision need not be immediate or direct.

(d) The administering and conducting of, or assuming responsibility for administering and conducting of, at-need funeral arrangements.

(e) The assuming custody of, transportation, providing shelter, protection and care and disposition of deceased human remains and the furnishing of necessary funeral services, facilities and equipment.
Using in connection with a name or practice the word "funeral director", "undertaker", "mortician", "funeral home", "funeral parlor", "funeral chapel", or any other title implying that the person is engaged in the practice of funeral directing.

Within the existing scope of the practice of funeral directing or funeral directing and embalming, only a licensed funeral director, a licensed funeral director and embalmer, or a licensed funeral director and embalmer intern under the restrictions provided for in this Code, and not any other person employed or contracted by the licensee, may engage in the following activities at-need: (1) have direct contact with consumers and explain funeral or burial merchandise or services or (2) negotiate, develop, or finalize contracts with consumers. This paragraph shall not be construed or enforced in such a manner as to limit the functions of persons regulated under the Illinois Funeral or Burial Funds Act, the Illinois Pre-Need Cemetery Sales Act, the Cemetery Oversight Act, the Cemetery Care Act, the Cemetery Association Act, the Illinois Insurance Code, or any other related professional regulatory Act.

The practice of funeral directing shall not include the phoning in of obituary notices, ordering of flowers for the funeral, or reporting of prices on the firm's general price list as required by the Federal Trade Commission Funeral Rule by nonlicensed persons, or like clerical tasks incidental to the act of making funeral arrangements.

The making of funeral arrangements, at need, shall be done only by licensed funeral directors or licensed funeral directors and embalmers. Licensed funeral director and embalmer interns may, however, assist or participate in the arrangements under the direct supervision of a licensed funeral director or licensed funeral director and embalmer.

under this Article shall be set by rule. The holder of a license as a licensed funeral director may renew the license during the month preceding the expiration date of the license by paying the required fee. A licensed funeral director whose license has expired may have the license reinstated within 5 years from the date of expiration upon payment of the required reinstatement fee. The reinstatement shall be effective as of the date of reissuance of the license.

Any licensed funeral director whose license has been expired for more than 5 years may have the license restored only by fulfilling the requirements of the Department's rules and by paying the required restoration fee. However, any licensed funeral director whose license has expired while he or she has been engaged (1) in federal service on active duty with the United States Army, the United States Navy, the Marine Corps, the Air Force, or the Coast Guard, or the State Militia called into the service or training of the United States of America or (2) in training or education under the supervision of the United States preliminary to induction into the military service may have his or her license restored without paying any lapsed renewal fees or restoration fee or without passing any examination if, within 2 years after termination of the service, training or education other than by dishonorable discharge, he or she furnishes the Department with an affidavit to the effect that he or she has been so engaged and that his or her service, training or education has been so terminated.

In addition to any other requirement for renewal of a license or reinstatement or restoration of an expired license, as a condition for the renewal, or reinstatement, or restoration of a license as a licensed funeral director, each licensee shall provide evidence to the Department of completion of at least 12 hours of continuing education during the 24 months preceding the expiration date of the license, or in the case of reinstatement or restoration, during the 24 months preceding application for reinstatement or restoration. The Department shall establish by rule a means for verification of completion of the continuing education required by this Section. This verification may be accomplished through audits of records maintained by licensees, by requiring the filing of continued education certificates with the Department or a qualified organization selected by the Department to maintain these records, or by other means established by the Department.

A person who is licensed as a funeral director under this Code and who has engaged in the practice of funeral directing for at least 40 years shall be exempt from the continuing education requirements of this Section. In addition, the Department shall establish by rule an exemption or exception, for a limited period of time, for funeral directors who, by reason of advanced age, health or other extreme condition should reasonably be excused from the continuing education requirement upon explanation to the Board, the approval of the Secretary Director, or both. Those persons, identified above, who cannot attend on-site classes, shall have the opportunity to comply by completing home study courses designed for them by sponsors.

Any funeral director who notifies the Department in writing on forms prescribed by the Department may elect to place his or her license on an inactive status and shall, subject to rules of the Department, be excused from payment of renewal fees and completion of continuing education requirements until he or she notifies the Department in writing of an intent to restore or reinstate the license to active status. The Department may take disciplinary action without a formal hearing subject to Section 10-70 of the Illinois Administrative Procedure Act.

The Secretary may summarily suspend the license of any person licensed under this Code without a hearing, simultaneously with the institution of proceedings for a hearing provided for in this Section, if the Secretary finds that evidence in the possession of the Secretary indicates that the continuation of practice by the licensee would constitute an imminent danger to the public. In the event that the Secretary summarily suspends the license of an individual without a hearing, a hearing must be held within 30 days after the suspension has occurred and concluded as expeditiously as practical.

The Department shall furnish a transcript of the record to any person interested in the hearing upon payment of the actual cost of making the transcript.

The record of all proceedings at the hearing shall be submitted for review to the Board, which shall present to the Director a written report of its findings and recommendations based solely upon the record. The report of findings and recommendations of the Board shall be the basis for the Department's order unless the Director determines that the Board findings and recommendations are contrary to the manifest weight of the evidence.

A copy of that report and the Department's order shall be served upon the accused person, either personally, or by registered or certified mail to the address specified by the licensee in his last notification to the Director. Within 20 days after service, the accused person may present to the Department his or her motion in writing for a rehearing, which shall specify the particular grounds for rehearing. In making recommendations for any disciplinary action, the Board may take into consideration all facts and circumstances bearing upon the reasonableness of the conduct of the accused and the potential for future harm to the public, including, but not limited to, previous discipline of the accused by the Department, intent, degree of harm to the public and likelihood of harm in the future, any restitution made by the accused, and whether the incident or incidents contained in the complaint appear to be isolated or represent a continuing pattern of conduct. In making its recommendations for discipline, the Board shall endeavor to ensure that the severity of the discipline recommended is reasonably related to the severity of the violation.

The report of findings of fact, conclusions of law, and recommendation of the Board or hearing officer shall be the basis for the Department's order refusing to issue, restore, or renew a license, or otherwise disciplining a licensee. If the Secretary disagrees with the recommendations of the Board or hearing officer, the Secretary may issue an order in contravention of the Board or hearing officer's recommendations. The finding is not admissible in evidence against the person in a criminal prosecution brought for a violation of this Code, but the hearing and finding are not a bar to a criminal prosecution brought for a violation of this Code.

Sec. 15-41. Order or certified copy; prima facie proof. An order or certified copy thereof, over the seal of the Department and purporting to be signed by the Secretary, is prima facie proof that:

1. the signature is the genuine signature of the Secretary;

Sec. 15-45. Practice without license; injunction; cease and desist order; civil penalties.

(a) The practice of funeral directing and embalming or funeral directing by any person who has not been issued a license by the Department, whose license has been suspended or revoked, or whose license has not been renewed is hereby declared to be inimical to the public welfare and to constitute a public nuisance. The Secretary of Professional Regulation may, in the name of the People of the State of Illinois through the Attorney General of the State of Illinois, or the State's Attorney of any county in the State of Illinois, apply for an injunction in the circuit court to enjoin any person who has not been issued a license or whose license has been suspended or revoked, or whose license has not been renewed, from practicing funeral directing and embalming or funeral directing. Upon the filing of a verified complaint in court, the court, if satisfied by affidavit or otherwise that the person is or has been practicing funeral directing and embalming or funeral directing without having been issued a license or after his or her license has been suspended, revoked, or not renewed, may issue a temporary restraining order or preliminary injunction, without notice or bond, enjoining the defendant from further practicing funeral directing and embalming or funeral directing. A copy of the verified complaint shall be served upon the defendant and the proceedings shall thereafter be conducted as in other civil cases. If it is established that the defendant has been or is practicing funeral directing and embalming or funeral directing without having been issued a license or has been or is practicing funeral directing and embalming or funeral directing after his or her license has been suspended, revoked, or not renewed, the court may enter a judgment perpetually enjoining the defendant from further practicing funeral directing and embalming or
funeral directing. In case of violation of any injunction entered under this
Section, the court may summarily try and punish the offender for contempt
of court. Any injunction proceeding shall be in addition to, and not in lieu
of, all penalties and other remedies in this Code.

(b) Whenever, in the opinion of the Department, any person or
other entity violates any provision of this Code, the Department may
issue a notice to show cause why an order to cease and desist should not be
entered against that person or other entity. The rule shall clearly set forth
the grounds relied upon by the Department and shall provide a period of 7
days from the date of the rule to file an answer to the satisfaction of the
Department. Failure to answer to the satisfaction of the Department shall
cause an order to cease and desist to be issued immediately.

(c) (1) (Blank). In addition to any other penalty provided by law,
any person, sole proprietorship, professional service corporation, limited
liability company, partnership, or other entity that violates Section 1-15 or
1-20 of this Act shall forfeit and pay to the General Professions Dedicated
Fund a civil penalty in an amount determined by the Department of not
more than $10,000 for each offense. The penalty shall be assessed in
proceedings as provided in Sections 15-10 through 15-40 of this Act.

(2) (Blank). Unless the amount of the penalty is paid within 60

(b) proof that a minor has a medical diagnosis of failure to thrive syndrome is prima facie evidence of neglect;
(c) proof that a minor has a medical diagnosis of fetal alcohol syndrome is prima facie evidence of neglect;
(d) proof that a minor has a medical diagnosis at birth of withdrawal symptoms from narcotics or barbiturates is prima facie evidence of neglect;

(f) proof that a parent, custodian or guardian of a minor repeatedly used a drug, to the extent that it has or would ordinarily have the effect of producing in the user a substantial state of stupor, unconsciousness, intoxication, hallucination, disorientation or incompetence, or a substantial impairment of judgment, or a substantial manifestation of irrationality, shall be prima facie evidence of neglect;
(g) proof that a parent, custodian, or guardian of a minor repeatedly used a controlled substance, as defined in subsection (f) of Section 102 of the Illinois Controlled Substances Act, in the presence of the minor or a sibling of the minor is prima facie evidence of neglect. "Repeated use", for the purpose of this subsection, means more than one use of a controlled substance as defined in subsection (f) of Section 102 of the Illinois Controlled Substances Act;

public or private agency, whether in the form of an entry in a book or
otherwise, made as a memorandum or record of any condition, act,
transaction, occurrence or event relating to a minor in an abuse, neglect or

(b) Any indicated report filed pursuant to the Abused and Neglected Child Reporting Act shall be admissible in evidence.

(c) Previous statements made by the minor relating to any allegations of abuse or neglect shall be admissible in evidence. However, no such statement, if uncorroborated and not subject to cross-examination, shall be sufficient in itself to support a finding of abuse or neglect.

(d) There shall be a rebuttable presumption that a minor is competent to testify in abuse or neglect proceedings. The court shall determine how much weight to give to the minor's testimony, and may allow the minor to testify in chambers with only the court, the court reporter and attorneys for the parties present.

(e) The privileged character of communication between any professional person and patient or client, except privilege between attorney and client, shall not apply to proceedings subject to this Article.

(f) Proof of the impairment of emotional health or impairment of mental or emotional condition as a result of the failure of the respondent to exercise a minimum degree of care toward a minor may include competent opinion or expert testimony, and may include proof that such impairment lessened during a period when the minor was in the care, custody or supervision of a person or agency other than the respondent.

(1) At the adjudicatory hearing, the court shall first consider only the question whether the minor is abused, neglected or dependent. The standard of proof and the rules of evidence in the nature of civil proceedings in this State are applicable to proceedings under this Article. If the petition also seeks the appointment of a guardian of the person with power to consent to adoption of the minor under Section 2-29, the court may also consider legally admissible evidence at the adjudicatory hearing that one or more grounds of unfitness exists under subdivision D of Section 1 of the Adoption Act.

(2) In any hearing under this Act, the following shall constitute prima facie evidence of abuse or neglect, as the case may be:

New matter indicated by italics - deletions by strikeout

(c) proof that a minor has a medical diagnosis of fetal alcohol syndrome is prima facie evidence of neglect;
(d) proof that a minor has a medical diagnosis at birth of withdrawal symptoms from narcotics or barbiturates is prima facie evidence of neglect;

(f) proof that a parent, custodian or guardian of a minor repeatedly used a drug, to the extent that it has or would ordinarily have the effect of producing in the user a substantial state of stupor, unconsciousness, intoxication, hallucination, disorientation or incompetence, or a substantial impairment of judgment, or a substantial manifestation of irrationality, shall be prima facie evidence of neglect;
(g) proof that a parent, custodian, or guardian of a minor repeatedly used a controlled substance, as defined in subsection (f) of Section 102 of the Illinois Controlled Substances Act, in the presence of the minor or a sibling of the minor is prima facie evidence of neglect. "Repeated use", for the purpose of this subsection, means more than one use of a controlled substance as defined in subsection (f) of Section 102 of the Illinois Controlled Substances Act;
(h) proof that a newborn infant's blood, urine, or meconium contains any amount of a controlled substance as defined in subsection (f) of Section 102 of the Illinois Controlled Substances Act, or a metabolite of a controlled substance, with the exception of controlled substances or metabolites of those substances, the presence of which is the result of medical treatment administered to the mother or the newborn, is prima facie evidence of neglect;

(k) proof that a parent, custodian, or guardian of a minor commits or allows to be committed the offense of involuntary servitude, involuntary sexual servitude of a minor, or trafficking in persons for forced labor or services defined in Section 10-9 of the Criminal Code of 1961, upon such minor, constitutes prima facie evidence of abuse and neglect.

(3) In any hearing under this Act, proof of the abuse, neglect or dependency of one minor shall be admissible evidence on the issue of the abuse, neglect or dependency of any other minor for whom the respondent is responsible.

(4) (a) Any writing, record, photograph or x-ray of any hospital or public or private agency, whether in the form of an entry in a book or otherwise, made as a memorandum or record of any condition, act, transaction, occurrence or event relating to a minor in an abuse, neglect or dependency proceeding, shall be admissible in evidence as proof of that condition, act, transaction, occurrence or event, if the court finds that the document was made in the regular course of the business of the hospital or agency and that it was in the regular course of such business to make it, at the time of the act, transaction, occurrence or event, or within a reasonable time thereafter. (c) Previous statements made by the minor relating to any allegations of abuse or neglect shall be admissible in evidence. However, no such statement, if uncorroborated and not subject to cross-examination, shall be sufficient in itself to support a finding of abuse or neglect.

(d) There shall be a rebuttable presumption that a minor is competent to testify in abuse or neglect proceedings. The court shall determine how much weight to give to the minor's testimony, and may allow the minor to testify in chambers with only the court, the court reporter and attorneys for the parties present.

(e) The privileged character of communication between any professional person and patient or client, except privilege between attorney and client, shall not apply to proceedings subject to this Article.

(f) Proof of the impairment of emotional health or impairment of mental or emotional condition as a result of the failure of the respondent to exercise a minimum degree of care toward a minor may include competent opinion or expert testimony, and may include proof that such impairment lessened during a period when the minor was in the care, custody or supervision of a person or agency other than the respondent.

(5) In any hearing under this Act alleging neglect for failure to provide education as required by law under subsection (1) of Section 2-3, proof that a minor under 13 years of age who is subject to compulsory school attendance under the School Code is a chronic truant as defined under the School Code shall be prima facie evidence of neglect by the parent or guardian in any hearing under this Act and proof that a minor who is 13 years of age or older who is subject to compulsory school attendance under the School Code is a chronic truant shall raise a rebuttable presumption of neglect by the parent or guardian. (40 ILCS 5/9-157) (from Ch. 108 1/2, par. 9-157)

Sec. 9-157. Ordinary disability benefit. An employee while under age 65 and prior to January 1, 1979, or while under age 70 and after January 1, 1979, but prior to January 1, 1987, and regardless of age on or after January 1, 1987, who becomes disabled after becoming a contributor to the fund as the result of any cause other than injury incurred in the performance of an act of duty is entitled to ordinary disability benefit during such disability, after the first 30 days thereof.

No employee who becomes disabled and whose disability commences during any period of absence from duty without pay other than on paid vacation may receive ordinary disability benefit until he recovers from such disability and performs the duties of his position in the service for at least 15 consecutive days, Sundays and holidays excepted, after his recovery from such disability.

The benefit shall not be allowed unless application therefor is made while the disability exists, nor for any period of disability before 30 days before the application for such benefit is made. The foregoing limitations do not apply if the board finds from satisfactory evidence presented to it that there was reasonable cause for delay in filing such application within such periods of time.

The first payment shall be made not later than one month after the benefit is granted and each subsequent payment shall be made not later than one month after the last preceding payment.

The disability benefit prescribed herein shall cease when the first of the following dates shall occur and the employee, if still disabled, shall thereafter be entitled to such annuity as is otherwise provided in this Article:

(a) the date disability ceases.

(b) the date the disabled employee attains age 65 for disability commencing prior to January 1, 1979.
(c) the date the disabled employee attains 65 for disability commencing prior to attainment of age 60 in the service and after January 1, 1979.

(d) the date the disabled employee attains the age of 70 for disability commencing after attainment of age 60 in the service and after January 1, 1979.

(e) the date the payments of the benefit shall exceed in the aggregate, throughout the employee's service, a period equal to 1/4 of the total service rendered prior to the date of disability but in no event more than 5 years. In computing such total service any period during which the employee received ordinary disability benefit and any period of absence from duty other than paid vacation shall be excluded.

Any employee whose duty disability benefit was terminated on or after January 1, 1979 by reason of his attainment of age 65 and who continues to be disabled after age 65 may elect before July 1, 1986 to have such benefits resumed beginning at the time of such termination and continuing until termination is required under this Section as amended by this amendatory Act of 1985. The amount payable to any employee for such resumed benefit for any period shall be reduced by the amount of any retirement annuity paid to such employee under this Article for the same period of time or by any refund paid in lieu of annuity.

Any employee whose disability benefit was terminated on or after January 1, 1987 by reason of his attainment of age 70, and who continues to be disabled after age 70, may elect before March 31, 1988, to have such benefits resumed beginning at the time of such termination and continuing until termination is required under this Section as amended by this amendatory Act of 1987. The amount payable to any employee for such resumed benefit for any period shall be reduced by the amount of any retirement annuity paid to such employee under this Article for the same period of time or by any refund paid in lieu of annuity.

Ordinary disability benefit shall be 50% of the employee's salary at the date of disability. Instead of all amounts ordinarily contributed by an employee and by the county for age and service annuity and widow's annuity based on the salary at date of disability, the county shall contribute sums equal to such amounts for any period during which the employee receives ordinary disability and such is deemed for annuity and refund purposes as amounts contributed by him. The county shall also contribute 1/2 of 1% salary deductions required as a contribution from the employee under Section 9-133.
An employee who has withdrawn from service or was laid off for any reason, who is absent from service thereafter for 60 days or more who re-enters the service subsequent to such absence is not entitled to ordinary disability benefit unless he renders at least 6 months of service subsequent to the date of such last re-entry.

PUBLIC ACT 96-1467
(Senate Bill No. 2647)

AN ACT concerning education.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Section 19-1 as follows:

(105 ILCS 5/19-1)

Sec. 19-1. Debt limitations of school districts.
(a) School districts shall not be subject to the provisions limiting their indebtedness prescribed in "An Act to limit the indebtedness of counties having a population of less than 500,000 and townships, school districts and other municipal corporations having a population of less than 300,000", approved February 15, 1928, as amended.
No school districts maintaining grades K through 8 or 9 through 12 shall become indebted in any manner or for any purpose to an amount, including existing indebtedness, in the aggregate exceeding 6.9% on the value of the taxable property therein to be ascertained by the last assessment for State and county taxes or, until January 1, 1983, if greater, the sum that is produced by multiplying the school district's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979, previous to the incurring of such indebtedness.

No school districts maintaining grades K through 12 shall become indebted in any manner or for any purpose to an amount, including existing indebtedness, in the aggregate exceeding 13.8% on the value of the taxable property therein to be ascertained by the last assessment for State and county taxes or, until January 1, 1983, if greater, the sum that is produced by multiplying the school district's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979, previous to the incurring of such indebtedness.

No partial elementary unit district, as defined in Article 11E of this Code, shall become indebted in any manner or for any purpose in an amount, including existing indebtedness, in the aggregate exceeding 6.9% of the value of the taxable property of the entire district, to be ascertained by the last assessment for State and county taxes, plus an amount, including existing indebtedness, in the aggregate exceeding 6.9% of the value of the taxable property of that portion of the district included in the elementary and high school classification, to be ascertained by the last assessment for State and county taxes. Moreover, no partial elementary unit district, as defined in Article 11E of this Code, shall become indebted on account of bonds issued by the district for high school purposes in the aggregate exceeding 6.9% of the value of the taxable property of the entire district, to be ascertained by the last assessment for State and county taxes, nor shall the district become indebted on account of bonds issued by the district for elementary purposes in the aggregate exceeding 6.9% of the value of the taxable property for that portion of the district included in the elementary and high school classification, to be ascertained by the last assessment for State and county taxes.

Notwithstanding the provisions of any other law to the contrary, in any case in which the voters of a school district have approved a proposition for the issuance of bonds of such school district at an election held prior to January 1, 1979, and all of the bonds approved at such election have not been issued, the debt limitation applicable to such school

district during the calendar year 1979 shall be computed by multiplying the value of taxable property therein, including personal property, as ascertained by the last assessment for State and county taxes, previous to the incurring of such indebtedness, by the percentage limitation applicable to such school district under the provisions of this subsection (a).

(b) Notwithstanding the debt limitation prescribed in subsection (a) of this Section, additional indebtedness may be incurred in an amount not to exceed the estimated cost of acquiring or improving school sites or constructing and equipping additional building facilities under the following conditions:

(1) Whenever the enrollment of students for the next school year is estimated by the board of education to increase over the actual present enrollment by not less than 35% or by not less than 200 students or the actual present enrollment of students has increased over the previous school year by not less than 35% or by not less than 200 students and the board of education determines that additional school sites or building facilities are required as a result of such increase in enrollment; and

(2) When the Regional Superintendent of Schools having jurisdiction over the school district and the State Superintendent of Education concur in such enrollment projection or increase and approve the need for such additional school sites or building facilities and the estimated cost thereof; and

(3) When the voters in the school district approve a proposition for the issuance of bonds for the purpose of acquiring or improving such needed school sites or constructing and equipping such needed additional building facilities at an election called and held for that purpose. Notice of such an election shall state that the amount of indebtedness proposed to be incurred would exceed the debt limitation otherwise applicable to the school district. The ballot for such proposition shall state what percentage of the equalized assessed valuation will be outstanding in bonds if the proposed issuance of bonds is approved by the voters; or

(4) Notwithstanding the provisions of paragraphs (1) through (3) of this subsection (b), if the school board determines that additional facilities are needed to provide a quality educational program and not less than 2/3 of those voting in an election called by the school board on the question approve the issuance of bonds
for the construction of such facilities, the school district may issue bonds for this purpose; or

(5) Notwithstanding the provisions of paragraphs (1) through (3) of this subsection (b), if (i) the school district has previously availed itself of the provisions of paragraph (4) of this subsection (b) to enable it to issue bonds, (ii) the voters of the school district have not defeated a proposition for the issuance of bonds since the referendum described in paragraph (4) of this subsection (b) was held, (iii) the school board determines that additional facilities are needed to provide a quality educational program, and (iv) a majority of those voting in an election called by the school board on the question approve the issuance of bonds for the construction of such facilities, the school district may issue bonds for this purpose.

In no event shall the indebtedness incurred pursuant to this subsection (b) and the existing indebtedness of the school district exceed 15% of the value of the taxable property therein to be ascertained by the last assessment for State and county taxes, previous to the incurring of such indebtedness or, until January 1, 1983, if greater, the sum that is produced by multiplying the school district's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979.

The indebtedness provided for by this subsection (b) shall be in addition to and in excess of any other debt limitation.

(c) Notwithstanding the debt limitation prescribed in subsection (a) of this Section, in any case in which a public question for the issuance of bonds of a proposed school district maintaining grades kindergarten through 12 received at least 60% of the valid ballots cast on the question at an election held on or prior to November 8, 1994, and in which the bonds approved at such election have not been issued, the school district pursuant to the requirements of Section 11A-10 (now repealed) may issue the total amount of bonds approved at such election for the purpose stated in the question.

(d) Notwithstanding the debt limitation prescribed in subsection (a) of this Section, a school district that meets all the criteria set forth in paragraphs (1) and (2) of this subsection (d) may incur an additional indebtedness in an amount not to exceed $4,500,000, even though the amount of the additional indebtedness authorized by this subsection (d), when incurred and added to the aggregate amount of indebtedness of the district existing immediately prior to the district incurring the additional

indebtedness authorized by this subsection (d), causes the aggregate indebtedness of the district to exceed the debt limitation otherwise applicable to that district under subsection (a):

(1) The additional indebtedness authorized by this subsection (d) is incurred by the school district through the issuance of bonds under and in accordance with Section 17-2.11a for the purpose of replacing a school building which, because of mine subsidence damage, has been closed as provided in paragraph (2) of this subsection (d) or through the issuance of bonds under and in accordance with Section 19-3 for the purpose of increasing the size of, or providing for additional functions in, such replacement school buildings, or both such purposes.

(2) The bonds issued by the school district as provided in paragraph (1) above are issued for the purposes of construction by the school district of a new school building pursuant to Section 17-2.11, to replace an existing school building that, because of mine subsidence damage, is closed as of the end of the 1992-93 school year pursuant to action of the regional superintendent of schools of the educational service region in which the district is located under Section 3-14.22 or are issued for the purpose of increasing the size of, or providing for additional functions in, the new school building being constructed to replace a school building closed as the result of mine subsidence damage, or both such purposes.

(e) (Blank).

(f) Notwithstanding the provisions of subsection (a) of this Section or of any other law, bonds in not to exceed the aggregate amount of $5,500,000 and issued by a school district meeting the following criteria shall not be considered indebtedness for purposes of any statutory limitation and may be issued in an amount or amounts, including existing indebtedness, in excess of any heretofore or hereafter imposed statutory limitation as to indebtedness:

(1) At the time of the sale of such bonds, the board of education of the district shall have determined by resolution that the enrollment of students in the district is projected to increase by not less than 7% during each of the next succeeding 2 school years.

(2) The board of education shall also determine by resolution that the improvements to be financed with the proceeds of the bonds are needed because of the projected enrollment increases.

New matter indicated by italics - deletions by strikeout
(3) The board of education shall also determine by resolution that the projected increases in enrollment are the result of improvements made or expected to be made to passenger rail facilities located in the school district.

Notwithstanding the provisions of subsection (a) of this Section or of any other law, a school district that has availed itself of the provisions of this subsection (f) prior to July 22, 2004 (the effective date of Public Act 93-799) may also issue bonds approved by referendum up to an amount, including existing indebtedness, not exceeding 25% of the equalized assessed value of the taxable property in the district if all of the conditions set forth in items (1), (2), and (3) of this subsection (f) are met.

(g) Notwithstanding the provisions of subsection (a) of this Section or any other law, bonds in not to exceed an aggregate amount of 25% of the equalized assessed value of the taxable property of a school district and issued by a school district meeting the criteria in paragraphs (i) through (iv) of this subsection shall not be considered indebtedness for purposes of any statutory limitation and may be issued pursuant to resolution of the school board in an amount or amounts, including existing indebtedness, in excess of any statutory limitation of indebtedness heretofore or hereafter imposed:

(i) The bonds are issued for the purpose of constructing a new high school building to replace two adjacent existing buildings which together house a single high school, each of which is more than 65 years old, and which together are located on more than 10 acres and less than 11 acres of property.

(ii) At the time the resolution authorizing the issuance of the bonds is adopted, the cost of constructing a new school building to replace the existing school building is less than 60% of the cost of repairing the existing school building.

(iii) The sale of the bonds occurs before July 1, 1997.

(iv) The school district issuing the bonds is a unit school district located in a county of less than 70,000 and more than 50,000 inhabitants, which has an average daily attendance of less than 1,500 and an equalized assessed valuation of less than $29,000,000.

(h) Notwithstanding any other provisions of this Section or the provisions of any other law, until January 1, 1998, a community unit school district maintaining grades K through 12 may issue bonds up to an amount, including existing indebtedness, not exceeding 27.6% of the equalized assessed value of the taxable property of a school district.

(iv) The bonds are issued pursuant to Sections 19-2 through 19-7 of this Code.

PUBLIC ACT 96-1468  
(Senate Bill No. 3749) 

AN ACT concerning local government. 
Be it enacted by the People of the State of Illinois, represented in the 
General Assembly: 
Section 5. The Illinois Municipal Code is amended by changing 
Section 11-139-12 as follows: 
(65 ILCS 5/11-139-12) (from Ch. 24, par. 11-139-12) 
Sec. 11-139-12. For the purpose of acquiring, constructing, 
extending, or improving any combined waterworks and sewerage system 
under this Division 139, or any property necessary or appropriate therefor, 
any municipality has the right of eminent domain, as provided by the 
Eminent Domain Act. 
The fair cash market value of an existing waterworks and sewerage 
system, or portion thereof, acquired under this Division 139, which 
existing system is a special use property, may be determined by 
considering Section 15 of Article I of the Illinois Constitution, the Eminent 
Domain Act, and the Uniform Standards of Professional Appraisal 
Practice and giving due consideration to the income, cost, and market 
approaches to valuation based on the type and character of the assets 
being acquired. In making the valuation determination, the historical and 
projected revenue attributable to the assets, the costs of the assets, and the 
condition and remaining useful life of the assets may be considered while 
giving due account to the special use nature of the property as used for

water and sewerage purposes. In accordance with the following valuation principles:

Additionally, in determining the fair cash market value of existing utility facilities, whether real or personal, consideration may be given to the depreciated value of all facilities and fixtures constructed by the utility company and payments made by the utility company in connection with the acquisition or donation of any waterworks or sanitary sewage system.

The fair cash market value of existing facilities, whether real or personal, may be determined by utilizing the net earnings which are attributable to the facilities in question for the preceding fiscal year on the date the condemnation petition is filed, over the remaining useful life of the facilities. Said earnings may be capitalized under an annuity capitalization method and discounted to present value. The fair cash market value of any extensions, additions or improvements of the existing system made subsequent to the date that the condemnation petition is filed may be determined by utilizing the probable net earnings attributable to the facilities in question over the remaining life of the facilities. The probable earnings may be capitalized under an annuity capitalization method and discounted to present value.

The value of the land and easements upon which the facilities are situated may be determined in accordance with the foregoing principles, giving due account to the special use of the property for water and sewerage purposes.

For the purposes of this Section no prior approval of the Illinois Commerce Commission, or any other body having jurisdiction over the existing system, shall be required.

(6) Require that the EMS Medical Director of an ILS or ALS level EMS System be a physician licensed to practice medicine in all of its branches in Illinois, and certified by the American Board of Emergency Medicine or the American Board of Osteopathic Emergency Medicine, and that the EMS Medical Director of a BLS level EMS System be a physician licensed to practice medicine in all of its branches in Illinois, with regular and frequent involvement in pre-hospital emergency medical services. The Department may impose sanctions, as set forth in Section 3.140 of the Act, upon a Department determination that the hospital unreasonably went on bypass status in violation of the Act.

(10) Evaluate the capacity and performance of any freestanding emergency center established under Section 32.5 of this Act in meeting emergency medical service needs of the public, including compliance with applicable emergency medical standards and assurance of the availability of and immediate access to the highest quality of medical care possible.

PUBLIC ACT 96-1472
(House Bill No. 5306)

AN ACT concerning health.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 2. The Department of Human Services Act is amended by adding Section 1-40 as follows:

(20 ILCS 1305/1-40 new)
Sec. 1-40. Alcoholism and Substance Abuse; Mental Health; provider payments. For authorized Medicaid services to enrolled individuals, Division of Alcoholism and Substance Abuse and Division of Mental Health providers shall receive payment for such authorized services, with payment occurring no later than in the next fiscal year.

Section 5. The Community Services Act is amended by changing Section 4 as follows:

(405 ILCS 30/4) (from Ch. 91 1/2, par. 904)
Sec. 4. Financing for Community Services.
(a) The Department of Human Services is authorized to provide financial reimbursement to eligible private service providers, corporations, local government entities or voluntary associations for the provision of services to persons with mental illness, persons with a developmental disability and alcohol and drug dependent persons living in the community for the purpose of achieving the goals of this Act.

The Department shall utilize the following funding mechanisms for community services:

(1) Purchase of Care Contracts: services purchased on a predetermined fee per unit of service basis from private providers or governmental entities. Fee per service rates are set by an established formula which covers some portion of personnel,
supplies, and other allowable costs, and which makes some allowance for geographic variations in costs as well as for additional program components.

(2) Grants: sums of money which the Department grants to private providers or governmental entities pursuant to the grant recipient's agreement to provide certain services, as defined by departmental grant guidelines, to an approximate number of service recipients. Grant levels are set through consideration of personnel, supply and other allowable costs, as well as other funds available to the program.

(3) Other Funding Arrangements: funding mechanisms may be established on a pilot basis in order to examine the feasibility of alternative financing arrangements for the provision of community services.

The Department shall establish and maintain an equitable system of payment which allows providers to improve persons with disabilities' capabilities for independence and reduces their reliance on State-operated services.

For services classified as entitlement services under federal law or guidelines, caps may not be placed on the total amount of payment a provider may receive in a fiscal year and the Department shall not require that a portion of the payments due be made in a subsequent fiscal year based on a yearly payment cap.

(b) The Governor shall create a commission by September 1, 2009, or as soon thereafter as possible, to review funding methodologies, identify gaps in funding, identify revenue, and prioritize use of that revenue for community developmental disability services, mental health services, alcohol and substance abuse services, rehabilitation services, and early intervention services. The Office of the Governor shall provide staff support for the commission.

(c) The first meeting of the commission shall be held within the first month after the creation and appointment of the commission, and a final report summarizing the commission's recommendations must be issued within 12 months after the first meeting, and no later than September 1, 2010, to the Governor and the General Assembly.

(d) The commission shall have the following 13 voting members:

(A) one member of the House of Representatives, appointed by the Speaker of the House of Representatives;

(F) one person with a mental illness, or a family member or guardian of such a person, appointed by the Governor;
(G) two persons from unions that represent employees of community providers that serve people with developmental disabilities, mental illness, and alcohol and substance abuse disorders, appointed by the Governor; and
(H) five persons from statewide associations that represent community providers that provide residential, day training, and other developmental disability services, mental health services, alcohol and substance abuse services, rehabilitation services, or early intervention services, or any combination of those, appointed by the Governor.

The commission shall also have the following ex-officio, nonvoting members:

(I) the Director of the Governor's Office of Management and Budget or his or her designee;
(J) the Chief Financial Officer of the Department of Human Services or his or her designee;
(K) the Administrator of the Department of Healthcare and Family Services Division of Finance or his or her designee;
(L) the Director of the Department of Human Services Division of Developmental Disabilities or his or her designee;
(M) the Director of the Department of Human Services Division of Mental Health or his or her designee; and

(N) the Director of the Department of Human Services Division of Alcohol and Substance Abuse or his or her designee.

(e) The funding methodologies must reflect economic factors inherent in providing services and supports, recognize individual disability needs, and consider geographic differences, transportation costs, required staffing ratios, and mandates not currently funded.
(f) In accepting Department funds, providers shall recognize their responsibility to be accountable to the Department and the State for the delivery of services which are consistent with the philosophies and goals of this Act and the rules and regulations promulgated under it.

Section 5. The Open Meetings Act is amended by changing Section 2.06 as follows:

(5 ILCS 120/2.06) (from Ch. 102, par. 42.06)
Sec. 2.06. Minutes; right to speak.
(a) All public bodies shall keep written minutes of all their meetings, whether open or closed, and a verbatim record of all their closed meetings in the form of an audio or video recording. Minutes shall include, but need not be limited to:

(1) the date, time and place of the meeting;
(2) the members of the public body recorded as either present or absent and whether the members were physically present or present by means of video or audio conference; and
(3) a summary of discussion on all matters proposed, deliberated, or decided, and a record of any votes taken.

(b) A public body shall approve the minutes of its open meeting within 30 days after that meeting or at the public body's second subsequent regular meeting, whichever is later. The minutes of meetings open to the public shall be available for public inspection within 10 days after of the approval of such minutes by the public body. Beginning July 1, 2006, at the time it complies with the other requirements of this subsection, a public body that has a website that the full-time staff of the public body maintains shall post the minutes of a regular meeting of its

governing body open to the public on the public body’s website within 10 days after the approval of the minutes by the public body. Beginning July 1, 2006, any minutes of meetings open to the public posted on the public body’s website shall remain posted on the website for at least 60 days after their initial posting.

(c) The verbatim record may be destroyed without notification to or the approval of a records commission or the State Archivist under the Local Records Act or the State Records Act no less than 18 months after the completion of the meeting recorded but only after:

(1) the public body approves the destruction of a particular recording; and

(2) the public body approves minutes of the closed meeting that meet the written minutes requirements of subsection (a) of this Section.

(d) Each public body shall periodically, but no less than semi-annually, meet to review minutes of all closed meetings. At such meetings a determination shall be made, and reported in an open session that (1) the need for confidentiality still exists as to all or part of those minutes or (2) that the minutes or portions thereof no longer require confidential treatment and are available for public inspection. The failure of a public body to strictly comply with the semi-annual review of closed session written minutes, whether before or after the effective date of this amendatory Act of the 94th General Assembly, shall not cause the written minutes or related verbatim record to become public or available for inspection in any judicial proceeding, other than a proceeding involving an alleged violation of this Act, if the public body, within 60 days of discovering its failure to strictly comply with the technical requirements of this subsection, reviews the closed session minutes and determines and thereafter reports in open session that either (1) the need for confidentiality still exists as to all or part of the minutes or verbatim record, or (2) that the minutes or recordings or portions thereof no longer require confidential treatment and are available for public inspection.

(e) Unless the public body has made a determination that the verbatim recording no longer requires confidential treatment or otherwise consents to disclosure, the verbatim record of a meeting closed to the public shall not be open for public inspection or subject to discovery in any administrative or judicial proceeding other than one brought to enforce this Act. In the case of a civil action brought to enforce this Act, the court, if the judge believes such an examination is necessary, must conduct such
in camera examination of the verbatim record as it finds appropriate in order to determine whether there has been a violation of this Act. In the case of a criminal proceeding, the court may conduct an examination in order to determine what portions, if any, must be made available to the parties for use as evidence in the prosecution. Any such initial inspection must be held in camera. If the court determines that a complaint or suit brought for noncompliance under this Act is valid it may, for the purposes of discovery, redact from the minutes of the meeting closed to the public any information deemed to qualify under the attorney-client privilege. The provisions of this subsection do not supersede the privacy or confidentiality provisions of State or federal law.

(f) Minutes of meetings closed to the public shall be available only after the public body determines that it is no longer necessary to protect the public interest or the privacy of an individual by keeping them confidential.

(g) Any person shall be permitted an opportunity to address public officials under the rules established and recorded by the public body.

AN ACT concerning education.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Section 17-2.11 as follows:

(105 ILCS 5/17-2.11) (from Ch. 122, par. 17-2.11)

Sec. 17-2.11. School board power to levy a tax or to borrow money and issue bonds for fire prevention, safety, energy conservation, disabled accessibility, school security, and specified repair purposes.

(a) Whenever, as a result of any lawful order of any agency, other than a school board, having authority to enforce any school building code applicable to any facility that houses students, or any law or regulation for the protection and safety of the environment, pursuant to the

New matter indicated by italics - deletions by strikeout
Environmental Protection Act, any school district having a population of less than 500,000 inhabitants is required to alter or reconstruct any school building or permanent, fixed equipment; the district may, by proper resolution, levy a tax for the purpose of making such alteration or reconstruction, based on a survey report by an architect or engineer licensed in this State, upon all of the taxable property of the district at the value as assessed by the Department of Revenue and at a rate not to exceed 0.05% per year for a period sufficient to finance such alteration or reconstruction, upon the following conditions:

(1) When there are not sufficient funds available in the operations and maintenance fund of the school district, the school facility occupation tax fund of the district, or the fire prevention and safety fund of the district, as determined by the district on the basis of rules adopted by the State Board of Education, to make such alteration or reconstruction or to purchase and install such permanent, fixed equipment so ordered or determined as necessary. Appropriate school district records must be made available to the State Superintendent of Education, upon request, to confirm this insufficiency.

(2) When a certified estimate of an architect or engineer licensed in this State stating the estimated amount necessary to make the alteration or reconstruction or to purchase and install the equipment so ordered has been secured by the school district, and the estimate has been approved by the regional superintendent of schools having jurisdiction over the district and the State Superintendent of Education. Approval must not be granted for any work that has already started without the prior express authorization of the State Superintendent of Education. If the estimate is not approved or is denied approval by the regional superintendent of schools within 3 months after the date on which it is submitted to him or her, the school board of the district may submit the estimate directly to the State Superintendent of Education for approval or denial.

In the case of an emergency situation, where the estimated cost to effectuate emergency repairs is less than the amount specified in Section 10-20.21 of this Code, the school district may proceed with such repairs prior to approval by the State Superintendent of Education, but shall comply with the provisions of subdivision (2) of this subsection (a) as soon thereafter as may be as well as Section 10-20.21 of this Code. If the
estimated cost to effectuate emergency repairs is greater than the amount specified in Section 10-20.21 of this Code, then the school district shall proceed in conformity with Section 10-20.21 of this Code and with rules established by the State Board of Education to address such situations. The rules adopted by the State Board of Education to deal with these situations shall stipulate that emergency situations must be expedited and given priority consideration. For purposes of this paragraph, an emergency is a situation that presents an imminent and continuing threat to the health and safety of students or other occupants of a facility, requires complete or partial evacuation of a building or part of a building, or consumes one or more of the 5 emergency days built into the adopted calendar of the school or schools or would otherwise be expected to cause such school or schools to fall short of the minimum school calendar requirements.

(b) Whenever any such district determines that it is necessary for energy conservation purposes that any school building or permanent, fixed equipment should be altered or reconstructed and that such alterations or reconstruction will be made with funds not necessary for the completion of approved and recommended projects contained in any safety survey report or amendments thereto authorized by Section 2-3.12 of this Act; the district may levy a tax or issue bonds as provided in subsection (a) of this Section.

(c) Whenever any such district determines that it is necessary for disabled accessibility purposes and to comply with the school building code that any school building or equipment should be altered or reconstructed and that such alterations or reconstruction will be made with funds not necessary for the completion of approved and recommended projects contained in any safety survey report or amendments thereto authorized under Section 2-3.12 of this Act, the district may levy a tax or issue bonds as provided in subsection (a) of this Section.

(d) Whenever any such district determines that it is necessary for school security purposes and the related protection and safety of pupils and school personnel that any school building or property should be altered or reconstructed or that security systems and equipment (including but not limited to intercom, early detection and warning, access control and television monitoring systems) should be purchased and installed, and that such alterations, reconstruction or purchase and installation of equipment will be made with funds not necessary for the completion of approved and recommended projects contained in any safety survey report or amendment thereto authorized by Section 2-3.12 of this Act and will deter and prevent
unauthorized entry or activities upon school property by unknown or
dangerous persons, assure early detection and advance warning of any
such actual or attempted unauthorized entry or activities and help assure
the continued safety of pupils and school staff if any such unauthorized
entry or activity is attempted or occurs; the district may levy a tax or issue
bonds as provided in subsection (a) of this Section.

(e) If a school district does not need funds for other fire prevention
and safety projects, including the completion of approved and
recommended projects contained in any safety survey report or
amendments thereto authorized by Section 2-3.12 of this Act, and it is
determined after a public hearing (which is preceded by at least one
published notice (i) occurring at least 7 days prior to the hearing in a
newspaper of general circulation within the school district and (ii) setting
forth the time, date, place, and general subject matter of the hearing) that
there is a substantial, immediate, and otherwise unavoidable threat to the
health, safety, or welfare of pupils due to disrepair of school sidewalks,
playgrounds, parking lots, or school bus turnarounds and repairs must be
made; then the district may levy a tax or issue bonds as provided in
subsection (a) of this Section.

(f) For purposes of this Section a school district may replace a
school building or build additions to replace portions of a building when it
is determined that the effectuation of the recommendations for the existing
building will cost more than the replacement costs. Such determination
shall be based on a comparison of estimated costs made by an architect or
engineer licensed in the State of Illinois. The new building or addition
shall be equivalent in area (square feet) and comparable in purpose and
grades served and may be on the same site or another site. Such
replacement may only be done upon order of the regional superintendent
of schools and the approval of the State Superintendent of Education.

(g) The filing of a certified copy of the resolution levying the tax
when accompanied by the certificates of the regional superintendent of
schools and State Superintendent of Education shall be the authority of the
county clerk to extend such tax.

(h) The county clerk of the county in which any school district
levying a tax under the authority of this Section is located, in reducing
raised levies, shall not consider any such tax as a part of the general levy
for school purposes and shall not include the same in the limitation of any
other tax rate which may be extended.

New matter indicated by italics - deletions by strikeout
Such tax shall be levied and collected in like manner as all other taxes of school districts, subject to the provisions contained in this Section.

(i) The tax rate limit specified in this Section may be increased to .10% upon the approval of a proposition to effect such increase by a majority of the electors voting on that proposition at a regular scheduled election. Such proposition may be initiated by resolution of the school board and shall be certified by the secretary to the proper election authorities for submission in accordance with the general election law.

(j) When taxes are levied by any school district for fire prevention, safety, energy conservation, and school security purposes as specified in this Section, and the purposes for which the taxes have been levied are accomplished and paid in full, and there remain funds on hand in the Fire Prevention and Safety Fund from the proceeds of the taxes levied, including interest earnings thereon, the school board by resolution shall use such excess and other board restricted funds, excluding bond proceeds and earnings from such proceeds, as follows:

(1) for other authorized fire prevention, safety, energy conservation, and school security purposes; or

(2) for transfer to the Operations and Maintenance Fund for the purpose of abating an equal amount of operations and maintenance purposes taxes.

Notwithstanding subdivision (2) of this subsection (j), through June 30, 2013, the school board may, by proper resolution following a public hearing set by the school board or the president of the school board (that is preceded (i) by at least one published notice over the name of the clerk or secretary of the board, occurring at least 7 days and not more than 30 days prior to the hearing, in a newspaper of general circulation within the school district and (ii) by posted notice over the name of the clerk or secretary of the board, at least 48 hours before the hearing, at the principal office of the school board or at the building where the hearing is to be held if a principal office does not exist, with both notices setting forth the time, date, place, and subject matter of the hearing), transfer surplus life safety taxes and interest earnings thereon to the Operations and Maintenance Fund for building repair work.

(k) If any transfer is made to the Operation and Maintenance Fund, the secretary of the school board shall within 30 days notify the county clerk of the amount of that transfer and direct the clerk to abate the taxes.
to be extended for the purposes of operations and maintenance authorized under Section 17-2 of this Act by an amount equal to such transfer.

(l) If the proceeds from the tax levy authorized by this Section are insufficient to complete the work approved under this Section, the school board is authorized to sell bonds without referendum under the provisions of this Section in an amount that, when added to the proceeds of the tax levy authorized by this Section, will allow completion of the approved work.

(m) Any bonds issued pursuant to this Section shall bear interest at a rate not to exceed the maximum rate authorized by law at the time of the making of the contract, shall mature within 20 years from date, and shall be signed by the president of the school board and the treasurer of the school district.

(n) In order to authorize and issue such bonds, the school board shall adopt a resolution fixing the amount of bonds, the date thereof, the maturities thereof, rates of interest thereof, place of payment and denomination, which shall be in denominations of not less than $100 and not more than $5,000, and provide for the levy and collection of a direct annual tax upon all the taxable property in the school district sufficient to pay the principal and interest on such bonds to maturity. Upon the filing in the office of the county clerk of the county in which the school district is located of a certified copy of the resolution, it is the duty of the county clerk to extend the tax therefor in addition to and in excess of all other taxes heretofore or hereafter authorized to be levied by such school district.

(o) After the time such bonds are issued as provided for by this Section, if additional alterations or reconstructions are required to be made because of surveys conducted by an architect or engineer licensed in the State of Illinois, the district may levy a tax at a rate not to exceed .05% per year upon all the taxable property of the district or issue additional bonds, whichever action shall be the most feasible.

(p) This Section is cumulative and constitutes complete authority for the issuance of bonds as provided in this Section notwithstanding any other statute or law to the contrary.

(q) With respect to instruments for the payment of money issued under this Section either before, on, or after the effective date of Public Act 86-004 (June 6, 1989), it is, and always has been, the intention of the General Assembly (i) that the Omnibus Bond Acts are, and always have been, supplementary grants of power to issue instruments in accordance

with the Omnibus Bond Acts, regardless of any provision of this Act that may appear to be or to have been more restrictive than those Acts, (ii) that the provisions of this Section are not a limitation on the supplementary authority granted by the Omnibus Bond Acts, and (iii) that instruments issued under this Section within the supplementary authority granted by the Omnibus Bond Acts are not invalid because of any provision of this Act that may appear to be or to have been more restrictive than those Acts.

(r) When the purposes for which the bonds are issued have been accomplished and paid for in full and there remain funds on hand from the proceeds of the bond sale and interest earnings therefrom, the board shall, by resolution, use such excess funds in accordance with the provisions of Section 10-22.14 of this Act.

(s) Whenever any tax is levied or bonds issued for fire prevention, safety, energy conservation, and school security purposes, such proceeds shall be deposited and accounted for separately within the Fire Prevention and Safety Fund.

(4) the murdered individual was killed as a result of the hijacking of an airplane, train, ship, bus or other public conveyance; or
(5) the defendant committed the murder pursuant to a contract, agreement or understanding by which he was to receive

(6) the murdered individual was killed in the course of another felony if:

(a) the murdered individual:
   (i) was actually killed by the defendant, or
   (ii) received physical injuries personally inflicted by the defendant substantially contemporaneously with physical injuries caused by one or more persons for whose conduct the defendant is legally accountable under Section 5-2 of this Code, and the physical injuries inflicted by either the defendant or the other person or persons for whose conduct he is legally accountable caused the death of the murdered individual; and

(b) in performing the acts which caused the death of the murdered individual or which resulted in physical injuries personally inflicted by the defendant on the murdered individual under the circumstances of subdivision (ii) of subparagraph (a) of paragraph (6) of subsection (b) of this Section, the defendant acted with the intent to kill the murdered individual or with the knowledge that his acts created a strong probability of death or great bodily harm to the murdered individual or another; and

In this subparagraph (c), "inherently violent crime" includes, but is not limited to, armed robbery, robbery, predatory criminal sexual assault of a child, aggravated criminal sexual assault, aggravated kidnapping, aggravated vehicular hijacking, aggravated arson, aggravated stalking, residential burglary, and home invasion; or

(10) the defendant was incarcerated in an institution or facility of the Department of Corrections at the time of the murder, and while committing an offense punishable as a felony under Illinois law, or while engaged in a conspiracy or solicitation to commit such offense, intentionally killed an individual or counseled, commanded, induced, procured or caused the intentional killing of the murdered individual; or

(14) the murder was intentional and involved the infliction of torture. For the purpose of this Section torture means the infliction of or subjection to extreme physical pain, motivated by an intent to increase or prolong the pain, suffering or agony of the victim; or

(15) the murder was committed as a result of the intentional discharge of a firearm by the defendant from a motor vehicle and the victim was not present within the motor vehicle; or

(c) Consideration of factors in Aggravation and Mitigation.

The court shall consider, or shall instruct the jury to consider any aggravating and any mitigating factors which are relevant to the imposition of the death penalty. Aggravating factors may include but need not be limited to those factors set forth in subsection (b). Mitigating factors may include but need not be limited to the following:

1. the defendant has no significant history of prior criminal activity;
2. the murder was committed while the defendant was under the influence of extreme mental or emotional disturbance, although not such as to constitute a defense to prosecution;
3. the murdered individual was a participant in the defendant's homicidal conduct or consented to the homicidal act;
4. the defendant acted under the compulsion of threat or menace of the imminent infliction of death or great bodily harm;
5. the defendant was not personally present during commission of the act or acts causing death;
6. the defendant's background includes a history of extreme emotional or physical abuse;
7. the defendant suffers from a reduced mental capacity.

(d) Separate sentencing hearing.

Where requested by the State, the court shall conduct a separate sentencing proceeding to determine the existence of factors set forth in

New matter indicated by italics - deletions by strikeout
subsection (b) and to consider any aggravating or mitigating factors as indicated in subsection (c). The proceeding shall be conducted:

(1) before the jury that determined the defendant's guilt; or
(2) before a jury impanelled for the purpose of the proceeding if:

A. the defendant was convicted upon a plea of guilty; or
B. the defendant was convicted after a trial before the court sitting without a jury; or
C. the court for good cause shown discharges the jury that determined the defendant's guilt; or
(3) before the court alone if the defendant waives a jury for the separate proceeding.

(e) Evidence and Argument.

During the proceeding any information relevant to any of the factors set forth in subsection (b) may be presented by either the State or the defendant under the rules governing the admission of evidence at criminal trials. Any information relevant to any additional aggravating factors or any mitigating factors indicated in subsection (c) may be presented by the State or defendant regardless of its admissibility under the rules governing the admission of evidence at criminal trials. The State and the defendant shall be given fair opportunity to rebut any information received at the hearing.

(f) Proof.

The burden of proof of establishing the existence of any of the factors set forth in subsection (b) is on the State and shall not be satisfied unless established beyond a reasonable doubt.

(g) Procedure - Jury.

If at the separate sentencing proceeding the jury finds that none of the factors set forth in subsection (b) exists, the court shall sentence the defendant to a term of imprisonment under Chapter V of the Unified Code of Corrections. If there is a unanimous finding by the jury that one or more of the factors set forth in subsection (b) exist, the jury shall consider aggravating and mitigating factors as instructed by the court and shall determine whether the sentence of death shall be imposed. If the jury determines unanimously, after weighing the factors in aggravation and mitigation, that death is the appropriate sentence, the court shall sentence the defendant to death. If the court does not concur with the jury determination that death is the appropriate sentence, the court shall set

New matter indicated by italics - deletions by strikeout
forth reasons in writing including what facts or circumstances the court relied upon, along with any relevant documents, that compelled the court to non-concur with the sentence. This document and any attachments shall be part of the record for appellate review. The court shall be bound by the jury's sentencing determination.

If after weighing the factors in aggravation and mitigation, one or more jurors determines that death is not the appropriate sentence, the court shall sentence the defendant to a term of imprisonment under Chapter V of the Unified Code of Corrections.

(h) Procedure - No Jury.

In a proceeding before the court alone, if the court finds that none of the factors found in subsection (b) exists, the court shall sentence the defendant to a term of imprisonment under Chapter V of the Unified Code of Corrections.

If the Court determines that one or more of the factors set forth in subsection (b) exists, the Court shall consider any aggravating and mitigating factors as indicated in subsection (c). If the Court determines, after weighing the factors in aggravation and mitigation, that death is the appropriate sentence, the Court shall sentence the defendant to death.

If the court finds that death is not the appropriate sentence, the court shall sentence the defendant to a term of imprisonment under Chapter V of the Unified Code of Corrections.

(h-5) Decertification as a capital case.

In a case in which the defendant has been found guilty of first degree murder by a judge or jury, or a case on remand for resentencing, and the State seeks the death penalty as an appropriate sentence, on the court's own motion or the written motion of the defendant, the court may decertify the case as a death penalty case if the court finds that the only evidence supporting the defendant's conviction is the uncorroborated testimony of an informant witness, as defined in Section 115-21 of the Code of Criminal Procedure of 1963, concerning the confession or admission of the defendant or that the sole evidence against the defendant is a single eyewitness or single accomplice without any other corroborating evidence. If the court decertifies the case as a capital case under either of the grounds set forth above, the court shall issue a written finding. The State may pursue its right to appeal the decertification pursuant to Supreme Court Rule 604(a)(1). If the court does not decertify the case as a capital case, the matter shall proceed to the eligibility phase of the sentencing hearing.

New matter indicated by italics - deletions by strikeout
(i) Appellate Procedure.

The conviction and sentence of death shall be subject to automatic review by the Supreme Court. Such review shall be in accordance with rules promulgated by the Supreme Court. The Illinois Supreme Court may overturn the death sentence, and order the imposition of imprisonment under Chapter V of the Unified Code of Corrections if the court finds that the death sentence is fundamentally unjust as applied to the particular case. If the Illinois Supreme Court finds that the death sentence is fundamentally unjust as applied to the particular case, independent of any procedural grounds for relief, the Illinois Supreme Court shall issue a written opinion explaining this finding.

(j) Disposition of reversed death sentence.

In the event that the death penalty in this Act is held to be unconstitutional by the Supreme Court of the United States or of the State of Illinois, any person convicted of first degree murder shall be sentenced by the court to a term of imprisonment under Chapter V of the Unified Code of Corrections.

In the event that any death sentence pursuant to the sentencing provisions of this Section is declared unconstitutional by the Supreme Court of the United States or of the State of Illinois, the court having jurisdiction over a person previously sentenced to death shall cause the defendant to be brought before the court, and the court shall sentence the defendant to a term of imprisonment under Chapter V of the Unified Code of Corrections.

(k) Guidelines for seeking the death penalty.

The Attorney General and State's Attorneys Association shall consult on voluntary guidelines for procedures governing whether or not to seek the death penalty. The guidelines do not have the force of law and are only advisory in nature.

Manufactured home parks play an essential role in meeting the affordable housing needs of Illinois communities.
Manufactured home parks provide an unsubsidized affordable housing option that meets the needs of society's most vulnerable citizens:

New matter indicated by italics - deletions by strikeout
low-income and moderate-income socio-economic groups, including senior citizens and others that are less capable economically but still require safe and affordable housing.

Manufactured home parks are licensed, regulated, or inspected by government agencies to ensure that State, county, and municipal rules and regulations are enforced.

Manufactured home park owners pay for and provide their tenants with a substantial number of services that homeowners outside a manufactured home park obtain through taxpayer funded government sources and subsidies.

Manufactured home parks have a lease requirement that sets standards of behavior and responsibility through the enforcement of rules and regulations, and compliance with these requirements can significantly diminish local government police costs.

By August 1 each year, the Procurement Policy Board shall file a report with the General Assembly identifying for the previous fiscal year (i) the proposed extensions or renewals that were filed with the Board and whether the Board objected and (ii) the contracts exempt from this subsection.

Approved August 23, 2010.
Effective August 23, 2010.

PUBLIC ACT 96-1480
(Senate Bill No. 2499)

AN ACT concerning education.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Section 18-8.05 as follows:

(105 ILCS 5/18-8.05)

Sec. 18-8.05. Basis for apportionment of general State financial aid and supplemental general State aid to the common schools for the 1998-1999 and subsequent school years.
(A) General Provisions.

(1) The provisions of this Section apply to the 1998-1999 and subsequent school years. The system of general State financial aid provided for in this Section is designed to assure that, through a combination of State financial aid and required local resources, the financial support provided each pupil in Average Daily Attendance equals or exceeds a prescribed per pupil Foundation Level. This formula approach imputes a level of per pupil Available Local Resources and provides for the basis to calculate a per pupil level of general State financial aid that, when added to Available Local Resources, equals or exceeds the Foundation Level. The amount of per pupil general State financial aid for school districts, in general, varies in inverse relation to Available Local Resources. Per pupil amounts are based upon each school district's Average Daily Attendance as that term is defined in this Section.

(2) In addition to general State financial aid, school districts with specified levels or concentrations of pupils from low income households are eligible to receive supplemental general State financial aid grants as provided pursuant to subsection (H). The supplemental State aid grants provided for school districts under subsection (H) shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section.

(3) To receive financial assistance under this Section, school districts are required to file claims with the State Board of Education, subject to the following requirements:

(a) Any school district which fails for any given school year to maintain school as required by law, or to maintain a recognized school is not eligible to file for such school year any claim upon the Common School Fund. In case of nonrecognition of one or more attendance centers in a school district otherwise operating recognized schools, the claim of the district shall be reduced in the proportion which the Average Daily Attendance in the attendance center or centers bear to the Average Daily Attendance in the school district. A "recognized school" means any public school which meets the standards as established for recognition by the State Board of Education. A school district or attendance center not having recognition status at the end of a school term is entitled to receive State aid payments due upon a legal claim which was filed while it was recognized.

(b) School district claims filed under this Section are subject to Sections 18-9 and 18-12, except as otherwise provided in this Section.

(c) If a school district operates a full year school under Section 10-19.1, the general State aid to the school district shall be determined by the State Board of Education in accordance with this Section as near as may be applicable.

(d) (Blank).

(4) Except as provided in subsections (H) and (L), the board of any district receiving any of the grants provided for in this Section may apply those funds to any fund so received for which that board is authorized to make expenditures by law.

School districts are not required to exert a minimum Operating Tax Rate in order to qualify for assistance under this Section.
(5) As used in this Section the following terms, when capitalized, shall have the meaning ascribed herein:

(a) "Average Daily Attendance": A count of pupil attendance in school, averaged as provided for in subsection (C) and utilized in deriving per pupil financial support levels.

(b) "Available Local Resources": A computation of local financial support, calculated on the basis of Average Daily Attendance and derived as provided pursuant to subsection (D).

(c) "Corporate Personal Property Replacement Taxes": Funds paid to local school districts pursuant to "An Act in relation to the abolition of ad valorem personal property tax and the replacement of revenues lost thereby, and amending and repealing certain Acts and parts of Acts in connection therewith", certified August 14, 1979, as amended (Public Act 81-1st S.S.-1).

(d) "Foundation Level": A prescribed level of per pupil financial support as provided for in subsection (B).

(e) "Operating Tax Rate": All school district property taxes extended for all purposes, except Bond and Interest, Summer School, Rent, Capital Improvement, and Vocational Education Building purposes.

(B) Foundation Level.

(1) The Foundation Level is a figure established by the State representing the minimum level of per pupil financial support that should be available to provide for the basic education of each pupil in Average Daily Attendance. As set forth in this Section, each school district is assumed to exert a sufficient local taxing effort such that, in combination with the aggregate of general State financial aid provided the district, an aggregate of State and local resources are available to meet the basic education needs of pupils in the district.

(2) For the 1998-1999 school year, the Foundation Level of support is $4,225. For the 1999-2000 school year, the Foundation Level of support is $4,325. For the 2000-2001 school year, the Foundation Level of support is $4,425. For the 2001-2002 school year and 2002-2003 school year, the Foundation Level of support is $4,560. For the 2003-2004 school year, the Foundation Level of support is $4,810. For the 2004-2005 school year, the Foundation Level of support is $4,964. For the 2005-2006 school year, the Foundation Level of support is $5,164. For the 2006-2007 school year, the Foundation Level of support is $5,334. For the 2007-2008 school year, the
Foundation Level of support is $5,734. For the 2008-2009 school year, the Foundation Level of support is $5,959.

(3) For the 2009-2010 school year and each school year thereafter, the Foundation Level of support is $6,119 or such greater amount as may be established by law by the General Assembly.

(C) Average Daily Attendance.

(1) For purposes of calculating general State aid pursuant to subsection (E), an Average Daily Attendance figure shall be utilized. The Average Daily Attendance figure for formula calculation purposes shall be the monthly average of the actual number of pupils in attendance of each school district, as further averaged for the best 3 months of pupil attendance for each school district. In compiling the figures for the number of pupils in attendance, school districts and the State Board of Education shall, for purposes of general State aid funding, conform attendance figures to the requirements of subsection (F).

(2) The Average Daily Attendance figures utilized in subsection (E) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated or the average of the attendance data for the 3 preceding school years, whichever is greater. The Average Daily Attendance figures utilized in subsection (H) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated.

(D) Available Local Resources.

(1) For purposes of calculating general State aid pursuant to subsection (E), a representation of Available Local Resources per pupil, as that term is defined and determined in this subsection, shall be utilized. Available Local Resources per pupil shall include a calculated dollar amount representing local school district revenues from local property taxes and from Corporate Personal Property Replacement Taxes, expressed on the basis of pupils in Average Daily Attendance. Calculation of Available Local Resources shall exclude any tax amnesty funds received as a result of Public Act 93-26.

(2) In determining a school district’s revenue from local property taxes, the State Board of Education shall utilize the equalized assessed valuation of all taxable property of each school district as of September 30 of the previous year. The equalized assessed valuation utilized shall be obtained and determined as provided in subsection (G).
(3) For school districts maintaining grades kindergarten through 12, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 3.00%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades kindergarten through 8, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 2.30%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades 9 through 12, local property tax revenues per pupil shall be the applicable equalized assessed valuation of the district multiplied by 1.05%, and divided by the district's Average Daily Attendance figure.

For partial elementary unit districts created pursuant to Article 11E of this Code, local property tax revenues per pupil shall be calculated as the product of the equalized assessed valuation for property within the partial elementary unit district for elementary purposes, as defined in Article 11E of this Code, multiplied by 2.06% and divided by the district's Average Daily Attendance figure, plus the product of the equalized assessed valuation for property within the partial elementary unit district for high school purposes, as defined in Article 11E of this Code, multiplied by 0.94% and divided by the district's Average Daily Attendance figure.

(4) The Corporate Personal Property Replacement Taxes paid to each school district during the calendar year one year before the calendar year in which a school year begins, divided by the Average Daily Attendance figure for that district, shall be added to the local property tax revenues per pupil as derived by the application of the immediately preceding paragraph (3). The sum of these per pupil figures for each school district shall constitute Available Local Resources as that term is utilized in subsection (E) in the calculation of general State aid.

(E) Computation of General State Aid.

(1) For each school year, the amount of general State aid allotted to a school district shall be computed by the State Board of Education as provided in this subsection.

(2) For any school district for which Available Local Resources per pupil is less than the product of 0.93 times the Foundation Level, general State aid for that district shall be calculated as an amount equal to the Foundation Level minus Available Local Resources, multiplied by the Average Daily Attendance of the school district.
(3) For any school district for which Available Local Resources per pupil is equal to or greater than the product of 0.93 times the Foundation Level and less than the product of 1.75 times the Foundation Level, the general State aid per pupil shall be a decimal proportion of the Foundation Level derived using a linear algorithm. Under this linear algorithm, the calculated general State aid per pupil shall decline in direct linear fashion from 0.07 times the Foundation Level for a school district with Available Local Resources equal to the product of 0.93 times the Foundation Level, to 0.05 times the Foundation Level for a school district with Available Local Resources equal to the product of 1.75 times the Foundation Level. The allocation of general State aid for school districts subject to this paragraph 3 shall be the calculated general State aid per pupil figure multiplied by the Average Daily Attendance of the school district.

(4) For any school district for which Available Local Resources per pupil equals or exceeds the product of 1.75 times the Foundation Level, the general State aid for the school district shall be calculated as the product of $218 multiplied by the Average Daily Attendance of the school district.

(5) The amount of general State aid allocated to a school district for the 1999-2000 school year meeting the requirements set forth in paragraph (4) of subsection (G) shall be increased by an amount equal to the general State aid that would have been received by the district for the 1998-1999 school year by utilizing the Extension Limitation Equalized Assessed Valuation as calculated in paragraph (4) of subsection (G) less the general State aid allotted for the 1998-1999 school year. This amount shall be deemed a one time increase, and shall not affect any future general State aid allocations.

(F) Compilation of Average Daily Attendance.

(1) Each school district shall, by July 1 of each year, submit to the State Board of Education, on forms prescribed by the State Board of Education, attendance figures for the school year that began in the preceding calendar year. The attendance information so transmitted shall identify the average daily attendance figures for each month of the school year. Beginning with the general State aid claim form for the 2002-2003 school year, districts shall calculate Average Daily Attendance as provided in subdivisions (a), (b), and (c) of this paragraph (1).

(a) In districts that do not hold year-round classes, days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May.
(b) In districts in which all buildings hold year-round classes, days of attendance in July and August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

(c) In districts in which some buildings, but not all, hold year-round classes, for the non-year-round buildings, days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May. The average daily attendance for the year-round buildings shall be computed as provided in subdivision (b) of this paragraph (1). To calculate the Average Daily Attendance for the district, the average daily attendance for the year-round buildings shall be multiplied by the days in session for the non-year-round buildings for each month and added to the monthly attendance of the non-year-round buildings.

Except as otherwise provided in this Section, days of attendance by pupils shall be counted only for sessions of not less than 5 clock hours of school work per day under direct supervision of: (i) teachers, or (ii) non-teaching personnel or volunteer personnel when engaging in non-teaching duties and supervising in those instances specified in subsection (a) of Section 10-22.34 and paragraph 10 of Section 34-18, with pupils of legal school age and in kindergarten and grades 1 through 12.

Days of attendance by tuition pupils shall be accredited only to the districts that pay the tuition to a recognized school.

(2) Days of attendance by pupils of less than 5 clock hours of school shall be subject to the following provisions in the compilation of Average Daily Attendance.

(a) Pupils regularly enrolled in a public school for only a part of the school day may be counted on the basis of 1/6 day for every class hour of instruction of 40 minutes or more attended pursuant to such enrollment, unless a pupil is enrolled in a block-schedule format of 80 minutes or more of instruction, in which case the pupil may be counted on the basis of the proportion of minutes of school work completed each day to the minimum number of minutes that school work is required to be held that day.

(b) Days of attendance may be less than 5 clock hours on the opening and closing of the school term, and upon the first day of pupil attendance, if preceded by a day or days utilized as an institute or teachers' workshop.

New matter indicated by italics - deletions by strikeout
(c) A session of 4 or more clock hours may be counted as a day of attendance upon certification by the regional superintendent, and approved by the State Superintendent of Education to the extent that the district has been forced to use daily multiple sessions.

(d) A session of 3 or more clock hours may be counted as a day of attendance (1) when the remainder of the school day or at least 2 hours in the evening of that day is utilized for an in-service training program for teachers, up to a maximum of 5 days per school year, provided a district conducts an in-service training program for teachers in accordance with Section 10-22.39 of this Code; or, in lieu of 4 such days, 2 full days may be used, in which event each such day may be counted as a day required for a legal school calendar pursuant to Section 10-19 of this Code; (1.5) when, of the 5 days allowed under item (1), a maximum of 4 days are used for parent-teacher conferences, or, in lieu of 4 such days, 2 full days are used, in which case each such day may be counted as a calendar day required under Section 10-19 of this Code, provided that the full-day, parent-teacher conference consists of (i) a minimum of 5 clock hours of parent-teacher conferences, (ii) both a minimum of 2 clock hours of parent-teacher conferences held in the evening following a full day of student attendance, as specified in subsection (F)(1)(c), and a minimum of 3 clock hours of parent-teacher conferences held on the day immediately following evening parent-teacher conferences, or (iii) multiple parent-teacher conferences held in the evenings following full days of student attendance, as specified in subsection (F)(1)(c), in which the time used for the parent-teacher conferences is equivalent to a minimum of 5 clock hours; and (2) when days in addition to those provided in items (1) and (1.5) are scheduled by a school pursuant to its school improvement plan adopted under Article 34 or its revised or amended school improvement plan adopted under Article 2, provided that (i) such sessions of 3 or more clock hours are scheduled to occur at regular intervals, (ii) the remainder of the school days in which such sessions occur are utilized for in-service training programs or other staff development activities for teachers, and (iii) a sufficient number of minutes of school work under the direct supervision of teachers are added to the school days between such regularly scheduled sessions to accumulate not less than the

number of minutes by which such sessions of 3 or more clock hours fall short of 5 clock hours. Any full days used for the purposes of this paragraph shall not be considered for computing average daily attendance. Days scheduled for in-service training programs, staff development activities, or parent-teacher conferences may be scheduled separately for different grade levels and different attendance centers of the district.

(e) A session of not less than one clock hour of teaching hospitalized or homebound pupils on-site or by telephone to the classroom may be counted as 1/2 day of attendance, however these pupils must receive 4 or more clock hours of instruction to be counted for a full day of attendance.

(f) A session of at least 4 clock hours may be counted as a day of attendance for first grade pupils, and pupils in full day kindergartens, and a session of 2 or more hours may be counted as 1/2 day of attendance by pupils in kindergartens which provide only 1/2 day of attendance.

(g) For children with disabilities who are below the age of 6 years and who cannot attend 2 or more clock hours because of their disability or immaturity, a session of not less than one clock hour may be counted as 1/2 day of attendance; however for such children whose educational needs so require a session of 4 or more clock hours may be counted as a full day of attendance.

(h) A recognized kindergarten which provides for only 1/2 day of attendance by each pupil shall not have more than 1/2 day of attendance counted in any one day. However, kindergartens may count 2 1/2 days of attendance in any 5 consecutive school days. When a pupil attends such a kindergarten for 2 half days on any one school day, the pupil shall have the following day as a day absent from school, unless the school district obtains permission in writing from the State Superintendent of Education. Attendance at kindergartens which provide for a full day of attendance by each pupil shall be counted the same as attendance by first grade pupils. Only the first year of attendance in one kindergarten shall be counted, except in case of children who entered the kindergarten in their fifth year whose educational development requires a second year of kindergarten as determined under the rules and regulations of the State Board of Education.

New matter indicated by italics - deletions by strikeout
(i) On the days when the Prairie State Achievement Examination is administered under subsection (c) of Section 2-3.64 of this Code, the day of attendance for a pupil whose school day must be shortened to accommodate required testing procedures may be less than 5 clock hours and shall be counted towards the 176 days of actual pupil attendance required under Section 10-19 of this Code, provided that a sufficient number of minutes of school work in excess of 5 clock hours are first completed on other school days to compensate for the loss of school work on the examination days.

(G) Equalized Assessed Valuation Data.

(1) For purposes of the calculation of Available Local Resources required pursuant to subsection (D), the State Board of Education shall secure from the Department of Revenue the value as equalized or assessed by the Department of Revenue of all taxable property of every school district, together with (i) the applicable tax rate used in extending taxes for the funds of the district as of September 30 of the previous year and (ii) the limiting rate for all school districts subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law.

The Department of Revenue shall add to the equalized assessed value of all taxable property of each school district situated entirely or partially within a county that is or was subject to the provisions of Section 15-176 or 15-177 of the Property Tax Code (a) an amount equal to the total amount by which the homestead exemption allowed under Section 15-176 or 15-177 of the Property Tax Code for real property situated in that school district exceeds the total amount that would have been allowed in that school district if the maximum reduction under Section 15-176 was (i) $4,500 in Cook County or $3,500 in all other counties in tax year 2003 or (ii) $5,000 in all counties in tax year 2004 and thereafter and (b) an amount equal to the aggregate amount for the taxable year of all additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of $30,000 or less. The county clerk of any county that is or was subject to the provisions of Section 15-176 or 15-177 of the Property Tax Code shall annually calculate and certify to the Department of Revenue for each school district all homestead exemption amounts under Section 15-176 or 15-177 of the Property Tax Code and all amounts of additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of $30,000 or less. It is the intent of this paragraph that if the general homestead exemption for a
parcel of property is determined under Section 15-176 or 15-177 of the Property Tax Code rather than Section 15-175, then the calculation of Available Local Resources shall not be affected by the difference, if any, between the amount of the general homestead exemption allowed for that parcel of property under Section 15-176 or 15-177 of the Property Tax Code and the amount that would have been allowed had the general homestead exemption for that parcel of property been determined under Section 15-175 of the Property Tax Code. It is further the intent of this paragraph that if additional exemptions are allowed under Section 15-175 of the Property Tax Code for owners with a household income of less than $30,000, then the calculation of Available Local Resources shall not be affected by the difference, if any, because of those additional exemptions.

This equalized assessed valuation, as adjusted further by the requirements of this subsection, shall be utilized in the calculation of Available Local Resources.

(2) The equalized assessed valuation in paragraph (1) shall be adjusted, as applicable, in the following manner:

(a) For the purposes of calculating State aid under this Section, with respect to any part of a school district within a redevelopment project area in respect to which a municipality has adopted tax increment allocation financing pursuant to the Tax Increment Allocation Redevelopment Act, Sections 11-74.4-1 through 11-74.4-11 of the Illinois Municipal Code or the Industrial Jobs Recovery Law, Sections 11-74.6-1 through 11-74.6-50 of the Illinois Municipal Code, no part of the current equalized assessed valuation of real property located in any such project area which is attributable to an increase above the total initial equalized assessed valuation of such property shall be used as part of the equalized assessed valuation of the district, until such time as all redevelopment project costs have been paid, as provided in Section 11-74.4-8 of the Tax Increment Allocation Redevelopment Act or in Section 11-74.6-35 of the Industrial Jobs Recovery Law. For the purpose of the equalized assessed valuation of the district, the total initial equalized assessed valuation or the current equalized assessed valuation, whichever is lower, shall be used until such time as all redevelopment project costs have been paid.

(b) The real property equalized assessed valuation for a school district shall be adjusted by subtracting from the real property value as equalized or assessed by the Department of

(3) For the 1999-2000 school year and each school year thereafter, if a school district meets all of the criteria of this subsection (G)(3), the school district's Available Local Resources shall be calculated under subsection (D) using the district's Extension Limitation Equalized Assessed Valuation as calculated under this subsection (G)(3).

For purposes of this subsection (G)(3) the following terms shall have the following meanings:

"Budget Year": The school year for which general State aid is calculated and awarded under subsection (E).

"Base Tax Year": The property tax levy year used to calculate the Budget Year allocation of general State aid.

"Preceding Tax Year": The property tax levy year immediately preceding the Base Tax Year.

"Base Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Base Tax Year multiplied by the limiting rate as calculated by the County Clerk and defined in the Property Tax Extension Limitation Law.

"Preceding Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Preceding Tax Year multiplied by the Operating Tax Rate as defined in subsection (A).

"Extension Limitation Ratio": A numerical ratio, certified by the County Clerk, in which the numerator is the Base Tax Year's Tax Extension and the denominator is the Preceding Tax Year's Tax Extension.

"Operating Tax Rate": The operating tax rate as defined in subsection (A).

If a school district is subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation of that district. For the 1999-2000 school year, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the district's 1996 Equalized Assessed Valuation and the district's Extension Limitation Ratio. Except as otherwise provided in this paragraph for a school district that has approved or does approve an increase in its limiting rate, for the 2000-2001 school year and each school year thereafter, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the Equalized Assessed Valuation last used in the calculation of general State aid and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of a school district as calculated under this subsection (G)(3) is less than the district's equalized assessed valuation as calculated pursuant to subsections (G)(1) and (G)(2), then for purposes of calculating the district's general State aid for the Budget Year pursuant to subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources under subsection (D). For the 2009-2010 school year and each school year thereafter, if a school district has approved or does approve an increase in its limiting rate, pursuant to Section 18-190 of the Property Tax Code, affecting the Base Tax Year, the Extension Limitation Equalized Assessed Valuation of the school district, as calculated by the State Board of Education, shall be equal to the product of the Equalized Assessed Valuation last used in the calculation of general State aid times an amount equal to one plus the percentage increase, if any, in the Consumer Price Index for all Urban Consumers for all items published by the United States Department of Labor for the 12-month calendar year preceding the Base Tax Year, plus the Equalized Assessed Valuation of new property, annexed property, and recovered tax increment value and minus the Equalized Assessed Valuation of disconnected property. New property and recovered tax increment value shall have the meanings set forth in the Property Tax Extension Limitation Law.

Partial elementary unit districts created in accordance with Article 11E of this Code shall not be eligible for the adjustment in this subsection (G)(3) until the fifth year following the effective date of the reorganization.

(3.5) For the 2010-2011 school year and each school year thereafter, if a school district's boundaries span multiple counties, then the Department of Revenue shall send to the State Board of Education, for the purpose of calculating general State aid, the limiting rate and individual rates by purpose for the county that contains the majority of the school district's Equalized Assessed Valuation.

(4) For the purposes of calculating general State aid for the 1999-2000 school year only, if a school district experienced a triennial reassessment on the equalized assessed valuation used in calculating its general State financial aid apportionment for the 1998-1999 school year, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation that would have been used to calculate the district's 1998-1999 general State aid. This amount shall equal the product of the equalized assessed valuation used to calculate general State aid for the 1997-1998 school year and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of the school district as calculated under this paragraph (4) is less than the district's equalized assessed valuation utilized in calculating the district's 1998-1999 general State aid allocation, then for purposes of calculating the district's general State aid pursuant to paragraph (5) of subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources.

(5) For school districts having a majority of their equalized assessed valuation in any county except Cook, DuPage, Kane, Lake, McHenry, or Will, if the amount of general State aid allocated to the school district for the 1999-2000 school year under the provisions of subsection (E), (H), and (J) of this Section is less than the amount of general State aid allocated to the district for the 1998-1999 school year under these subsections, then the general State aid of the district for the 1999-2000 school year only shall be increased by the difference between these amounts. The total payments made under this paragraph (5) shall not exceed $14,000,000. Claims shall be prorated if they exceed $14,000,000.

(H) Supplemental General State Aid.

(1) In addition to the general State aid a school district is allotted pursuant to subsection (E), qualifying school districts shall receive a grant, paid in conjunction with a district's payments of general State aid, for supplemental general State aid based upon the concentration level of children from low-income households within the school district. Supplemental State aid grants provided for school districts under this paragraph (1) of subsection (H) shall not exceed 15% of the difference between the amount of general State aid otherwise allocable to a school district for the 1999-2000 school year and the amount of general State aid allocated to the school district for the 1998-1999 school year. The amount of this grant shall be prorated if it exceeds $21,000 per child from low-income households.
subsection shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section. If the appropriation in any fiscal year for general State aid and supplemental general State aid is insufficient to pay the amounts required under the general State aid and supplemental general State aid calculations, then the State Board of Education shall ensure that each school district receives the full amount due for general State aid and the remainder of the appropriation shall be used for supplemental general State aid, which the State Board of Education shall calculate and pay to eligible districts on a prorated basis.

(1.5) This paragraph (1.5) applies only to those school years preceding the 2003-2004 school year. For purposes of this subsection (H), the term "Low-Income Concentration Level" shall be the low-income eligible pupil count from the most recently available federal census divided by the Average Daily Attendance of the school district. If, however, (i) the percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count of a high school district with fewer than 400 students exceeds by 75% or more the percentage change in the total low-income eligible pupil count of contiguous elementary school districts, whose boundaries are coterminous with the high school district, or (ii) a high school district within 2 counties and serving 5 elementary school districts, whose boundaries are coterminous with the high school district, has a percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count and there is a percentage increase in the total low-income eligible pupil count of a majority of the elementary school districts in excess of 50% from the 2 most recent federal censuses, then the high school district's low-income eligible pupil count from the earlier federal census shall be the number used as the low-income eligible pupil count for the high school district, for purposes of this subsection (H). The changes made to this paragraph (1) by Public Act 92-28 shall apply to supplemental general State aid grants for school years preceding the 2003-2004 school year that are paid in fiscal year 1999 or thereafter and to any State aid payments made in fiscal year 1994 through fiscal year 1998 pursuant to subsection 1(n) of Section 18-8 of this Code (which was repealed on July 1, 1998), and any high school district that is affected by Public Act 92-28 is entitled to a recomputation of its supplemental general State aid grant or State aid paid in any of those fiscal years. This recomputation shall not be affected by any other funding.
(1.10) This paragraph (1.10) applies to the 2003-2004 school year and each school year thereafter. For purposes of this subsection (H), the term "Low-Income Concentration Level" shall, for each fiscal year, be the low-income eligible pupil count as of July 1 of the immediately preceding fiscal year (as determined by the Department of Human Services based on the number of pupils who are eligible for at least one of the following low income programs: Medicaid, the Children's Health Insurance Program, TANF, or Food Stamps, excluding pupils who are eligible for services provided by the Department of Children and Family Services, averaged over the 2 immediately preceding fiscal years for fiscal year 2004 and over the 3 immediately preceding fiscal years for each fiscal year thereafter) divided by the Average Daily Attendance of the school district.

(2) Supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 1998-1999, 1999-2000, and 2000-2001 school years only:

(a) For any school district with a Low Income Concentration Level of at least 20% and less than 35%, the grant for any school year shall be $800 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level of at least 35% and less than 50%, the grant for the 1998-1999 school year shall be $1,100 multiplied by the low income eligible pupil count.

(c) For any school district with a Low Income Concentration Level of at least 50% and less than 60%, the grant for the 1998-99 school year shall be $1,500 multiplied by the low income eligible pupil count.

(d) For any school district with a Low Income Concentration Level of 60% or more, the grant for the 1998-99 school year shall be $1,900 multiplied by the low income eligible pupil count.

(e) For the 1999-2000 school year, the per pupil amount specified in subparagraphs (b), (c), and (d) immediately above shall be increased to $1,243, $1,600, and $2,000, respectively.

(f) For the 2000-2001 school year, the per pupil amounts specified in subparagraphs (b), (c), and (d) immediately above shall be $1,273, $1,640, and $2,050, respectively.

(2.5) Supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 2002-2003 school year:

(f) For any school district with a Low Income Concentration Level of 60% or more, the grant for each school year shall be $2,080 multiplied by the low income eligible pupil count.

(2.10) Except as otherwise provided, supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 2003-2004 school year and each school year thereafter:

(a) For any school district with a Low Income Concentration Level of 15% or less, the grant for each school year shall be $355 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level greater than 15%, the grant for each school year shall be $294.25 added to the product of $2,700 and the square of the Low Income Concentration Level, all multiplied by the low income eligible pupil count.

For the 2003-2004 school year and each school year thereafter through the 2008-2009 school year only, the grant shall be no less than the grant for the 2002-2003 school year. For the 2009-2010 school year only, the grant shall be no less than the grant for the 2002-2003 school year multiplied by 0.66. For the 2010-2011 school year only, the grant shall be

no less than the grant for the 2002-2003 school year multiplied by 0.33. Notwithstanding the provisions of this paragraph to the contrary, if for any school year supplemental general State aid grants are prorated as provided in paragraph (1) of this subsection (H), then the grants under this paragraph shall be prorated. For the 2003-2004 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.25 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year. For the 2004-2005 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.50 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year. For the 2005-2006 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.75 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year.

(3) School districts with an Average Daily Attendance of more than 1,000 and less than 50,000 that qualify for supplemental general State aid pursuant to this subsection shall submit a plan to the State Board of Education prior to October 30 of each year for the use of the funds resulting from this grant of supplemental general State aid for the improvement of instruction in which priority is given to meeting the education needs of disadvantaged children. Such plan shall be submitted in accordance with rules and regulations promulgated by the State Board of Education.

(4) School districts with an Average Daily Attendance of 50,000 or more that qualify for supplemental general State aid pursuant to this subsection shall be required to distribute from funds available pursuant to this Section, no less than $261,000,000 in accordance with the following requirements:

(a) The required amounts shall be distributed to the attendance centers within the district in proportion to the number of pupils enrolled at each attendance center who are eligible to receive free or reduced-price lunches or breakfasts under the federal Child Nutrition Act of 1966 and under the National School Lunch Act during the immediately preceding school year.

(b) The distribution of these portions of supplemental and general State aid among attendance centers according to these requirements shall not be compensated for or contravened by adjustments of the total of other funds appropriated to any attendance centers, and the Board of Education shall utilize funding from one or several sources in order to fully implement this provision annually prior to the opening of school.

(c) Each attendance center shall be provided by the school district a distribution of noncategorical funds and other categorical funds to which an attendance center is entitled under law in order that the general State aid and supplemental general State aid provided by application of this subsection supplements rather than supplants the noncategorical funds and other categorical funds provided by the school district to the attendance centers.

(d) Any funds made available under this subsection that by reason of the provisions of this subsection are not required to be allocated and provided to attendance centers may be used and appropriated by the board of the district for any lawful school purpose.

(e) Funds received by an attendance center pursuant to this subsection shall be used by the attendance center at the discretion of the principal and local school council for programs to improve educational opportunities at qualifying schools through the following programs and services: early childhood education, reduced class size or improved adult to student classroom ratio, enrichment programs, remedial assistance, attendance improvement, and other educationally beneficial expenditures which supplement the regular and basic programs as determined by the State Board of Education. Funds provided shall not be expended for any political or lobbying purposes as defined by board rule.

(f) Each district subject to the provisions of this subdivision (H)(4) shall submit an acceptable plan to meet the educational needs of disadvantaged children, in compliance with the requirements of this paragraph, to the State Board of Education prior to July 15 of each year. This plan shall be consistent with the decisions of local school councils concerning the school expenditure plans developed in accordance with part 4 of Section 34-2.3. The State Board shall approve or reject the plan within 60

days after its submission. If the plan is rejected, the district shall give written notice of intent to modify the plan within 15 days of the notification of rejection and then submit a modified plan within 30 days after the date of the written notice of intent to modify. Districts may amend approved plans pursuant to rules promulgated by the State Board of Education.

Upon notification by the State Board of Education that the district has not submitted a plan prior to July 15 or a modified plan within the time period specified herein, the State aid funds affected by that plan or modified plan shall be withheld by the State Board of Education until a plan or modified plan is submitted.

If the district fails to distribute State aid to attendance centers in accordance with an approved plan, the plan for the following year shall allocate funds, in addition to the funds otherwise required by this subsection, to those attendance centers which were underfunded during the previous year in amounts equal to such underfunding.

For purposes of determining compliance with this subsection in relation to the requirements of attendance center funding, each district subject to the provisions of this subsection shall submit as a separate document by December 1 of each year a report of expenditure data for the prior year in addition to any modification of its current plan. If it is determined that there has been a failure to comply with the expenditure provisions of this subsection regarding contravention or supplanting, the State Superintendent of Education shall, within 60 days of receipt of the report, notify the district and any affected local school council. The district shall within 45 days of receipt of that notification inform the State Superintendent of Education of the remedial or corrective action to be taken, whether by amendment of the current plan, if feasible, or by adjustment in the plan for the following year. Failure to provide the expenditure report or the notification of remedial or corrective action in a timely manner shall result in a withholding of the affected funds.

The State Board of Education shall promulgate rules and regulations to implement the provisions of this subsection. No funds shall be released under this subdivision (H)(4) to any district that has not submitted a plan that has been approved by the State Board of Education.

(J) Supplementary Grants in Aid.

(1) Notwithstanding any other provisions of this Section, the amount of the aggregate general State aid in combination with supplemental general State aid under this Section for which each school district is eligible shall be no less than the amount of the aggregate general State aid entitlement that was received by the district under Section 18-8 (exclusive of amounts received under subsections 5(p) and 5(p-5) of that Section) for the 1997-98 school year, pursuant to the provisions of that Section as it was then in effect. If a school district qualifies to receive a supplementary payment made under this subsection (J), the amount of the aggregate general State aid in combination with supplemental general State aid under this Section which that district is eligible to receive for each school year shall be no less than the amount of the aggregate general State aid entitlement that was received by the district under Section 18-8 (exclusive of amounts received under subsections 5(p) and 5(p-5) of that Section) for the 1997-1998 school year, pursuant to the provisions of that Section as it was then in effect.

(2) If, as provided in paragraph (1) of this subsection (J), a school district is to receive aggregate general State aid in combination with supplemental general State aid under this Section for the 1998-99 school year and any subsequent school year that in any such school year is less than the amount of the aggregate general State aid entitlement that the district received for the 1997-98 school year, the school district shall also receive, from a separate appropriation made for purposes of this subsection (J), a supplementary payment that is equal to the amount of the difference in the aggregate State aid figures as described in paragraph (1).

In calculating the amount to be paid to the governing board of a public university that operates a laboratory school under this Section or to any alternative school that is operated by a regional superintendent of schools, the State Board of Education shall require by rule such reporting requirements as it deems necessary.

As used in this Section, "laboratory school" means a public school which is created and operated by a public university and approved by the State Board of Education. The governing board of a public university which receives funds from the State Board under this subsection (K) may not increase the number of students enrolled in its laboratory school from a

single district, if that district is already sending 50 or more students, except under a mutual agreement between the school board of a student's district of residence and the university which operates the laboratory school. A laboratory school may not have more than 1,000 students, excluding students with disabilities in a special education program.

As used in this Section, "alternative school" means a public school which is created and operated by a Regional Superintendent of Schools and approved by the State Board of Education. Such alternative schools may offer courses of instruction for which credit is given in regular school programs, courses to prepare students for the high school equivalency testing program or vocational and occupational training. An alternative school serving more than one educational service region may be established by the regional superintendents of schools of the affected educational service regions. An alternative school serving more than one educational service region may be operated under such terms as the regional superintendents of schools of those educational service regions may agree.

Each laboratory and alternative school shall file, on forms provided by the State Superintendent of Education, an annual State aid claim which states the Average Daily Attendance of the school's students by month. The best 3 months' Average Daily Attendance shall be computed for each school. The general State aid entitlement shall be computed by multiplying the applicable Average Daily Attendance by the Foundation Level as determined under this Section.

(L) Payments, Additional Grants in Aid and Other Requirements.

(1) For a school district operating under the financial supervision of an Authority created under Article 34A, the general State aid otherwise payable to that district under this Section, but not the supplemental general State aid, shall be reduced by an amount equal to the budget for the operations of the Authority as certified by the Authority to the State Board of Education, and an amount equal to such reduction shall be paid to the Authority created for such district for its operating expenses in the manner provided in Section 18-11. The remainder of general State school aid for any such district shall be paid in accordance with Article 34A when that Article provides for a disposition other than that provided by this Article.

(3) Summer school. Summer school payments shall be made as provided in Section 18-4.3.

(M) Education Funding Advisory Board.

The Education Funding Advisory Board, hereinafter in this subsection (M) referred to as the "Board", is hereby created. The Board shall consist of 5 members who are appointed by the Governor, by and with the advice and consent of the Senate. The members appointed shall include representatives of education, business, and the general public. One of the members so appointed shall be designated by the Governor at the time the appointment is made as the chairperson of the Board. The initial members of the Board may be appointed any time after the effective date of this amendatory Act of 1997. The regular term of each member of the Board shall be for 4 years from the third Monday of January of the year in which the term of the member's appointment is to commence, except that of the 5 initial members appointed to serve on the Board, the member who is appointed as the chairperson shall serve for a term that commences on the date of his or her appointment and expires on the third Monday of January, 2002, and the remaining 4 members, by lots drawn at the first meeting of the Board that is held after all 5 members are appointed, shall determine 2 of their number to serve for terms that commence on the date of their respective appointments and expire on the third Monday of January, 2001, and 2 of their number to serve for terms that commence on the date of their respective appointments and expire on the third Monday of January, 2000. All members appointed to serve on the Board shall serve until their respective successors are appointed and confirmed. Vacancies shall be filled in the same manner as original appointments. If a vacancy in membership occurs at a time when the Senate is not in session, the Governor shall make a temporary appointment until the next meeting of the Senate, when he or she shall appoint, by and with the advice and consent of the Senate, a person to fill that membership for the unexpired term. If the Senate is not in session when the initial appointments are made, those appointments shall be made as in the case of vacancies.

The Education Funding Advisory Board shall be deemed established, and the initial members appointed by the Governor to serve as members of the Board shall take office, on the date that the Governor makes his or her appointment of the fifth initial member of the Board, whether those initial members are then serving pursuant to appointment and confirmation or pursuant to temporary appointments that are made by the Governor as in the case of vacancies.

The State Board of Education shall provide such staff assistance to the Education Funding Advisory Board as is reasonably required for the proper performance by the Board of its responsibilities.

For school years after the 2000-2001 school year, the Education Funding Advisory Board, in consultation with the State Board of Education, shall make recommendations as provided in this subsection (M) to the General Assembly for the foundation level under subdivision (B)(3) of this Section and for the supplemental general State aid grant level under subsection (H) of this Section for districts with high concentrations of children from poverty. The recommended foundation level shall be determined based on a methodology which incorporates the basic education expenditures of low-spending schools exhibiting high academic performance. The Education Funding Advisory Board shall make such recommendations to the General Assembly on January 1 of odd numbered years, beginning January 1, 2001.

(O) References.

(1) References in other laws to the various subdivisions of Section 18-8 as that Section existed before its repeal and replacement by this Section 18-8.05 shall be deemed to refer to the corresponding provisions of this Section 18-8.05, to the extent that those references remain applicable.

(2) References in other laws to State Chapter 1 funds shall be deemed to refer to the supplemental general State aid provided under subsection (H) of this Section.

3. The Commission shall meet at least once during each calendar year. Additional meetings shall be held as set forth in the Bylaws.

Article VII. RULES & OPERATING PROCEDURES:
RULEMAKING FUNCTIONS OF THE COMMISSION AND OPTING OUT OF UNIFORM STANDARDS

1. Rulemaking Authority. The Commission shall promulgate reasonable Rules, including Uniform Standards, and Operating Procedures in order to effectively and efficiently achieve the purposes of this Compact. Notwithstanding the foregoing, in the event the Commission exercises its rulemaking authority in a manner that is beyond the scope of the purposes of this Act, or the powers granted hereunder, then such an action by the Commission shall be invalid and have no force and effect.

2. Rulemaking Procedure. Rules and Operating Procedures shall be made pursuant to a rulemaking process that conforms to the Model State Administrative Procedure Act of 1981 as amended, as may be appropriate to the operations of the Commission. Before the Commission adopts a Uniform Standard, the Commission shall give written notice to the relevant state legislative committee(s) in each Compacting State responsible for insurance issues of its intention to adopt the Uniform Standard. The Commission in adopting a Uniform Standard shall consider fully all submitted materials and issue a concise explanation of its decision.

3. Effective Date and Opt Out of a Uniform Standard. A Uniform Standard shall become effective ninety (90) days after its promulgation by the Commission or such later date as the Commission may determine; provided, however, that a Compacting State may opt out of a Uniform Standard as provided in this Article. "Opt out" shall be defined as any action by a Compacting State to decline to adopt or participate in a promulgated Uniform Standard. All other Rules and Operating Procedures, and amendments thereto, shall become effective as of the date specified in each Rule, Operating Procedure or amendment.

New matter indicated by italics - deletions by strikeout
4. Opt Out Procedure. A Compacting State may opt out of a Uniform Standard, either by legislation or regulation duly promulgated by the Insurance Department under the Compacting State's Administrative Procedure Act. If a Compacting State elects to opt out of a Uniform Standard by regulation, it must (a) give written notice to the Commission no later than ten (10) business days after the Uniform Standard is promulgated, or at the time the State becomes a Compacting State and (b) find that the Uniform Standard does not provide reasonable protections to the citizens of the State, given the conditions in the State. The Commissioner shall make specific findings of fact and conclusions of law, based on a preponderance of the evidence, detailing the conditions in the State which warrant a departure from the Uniform Standard and determining that the Uniform Standard would not reasonably protect the citizens of the State. The Commissioner must consider and balance the following factors and find that the conditions in the State and needs of the citizens of the State outweigh: (i) the intent of the legislature to participate in, and the benefits of, an interstate agreement to establish national uniform consumer protections for the Products subject to this Act; and (ii) the presumption that a Uniform Standard adopted by the Commission provides reasonable protections to consumers of the relevant Product.

Notwithstanding the foregoing, a Compacting State may, at the time of its enactment of this Compact, prospectively opt out of all Uniform Standards involving long-term care insurance products by expressly providing for such opt out in the enacted Compact, and such an opt out shall not be treated as a material variance in the offer or acceptance of any State to participate in this Compact. Such an opt out shall be effective at the time of enactment of this Compact by the Compacting State and shall apply to all existing Uniform Standards involving long-term care insurance products and those subsequently promulgated.

5. Effect of Opt Out. If a Compacting State elects to opt out of a Uniform Standard, the Uniform Standard shall remain applicable in the Compacting State electing to opt out until such time the opt out legislation is enacted into law or the regulation opting out becomes effective.

Once the opt out of a Uniform Standard by a Compacting State becomes effective as provided under the laws of that State, the Uniform Standard shall have no further force and effect in that State unless and until the legislation or regulation implementing the opt out is repealed or otherwise becomes ineffective under the laws of the State. If a Compacting State opts out of a Uniform Standard after the Uniform Standard has been

New matter indicated by italics - deletions by strikeout
made effective in that State, the opt out shall have the same prospective effect as provided under Article XIV for withdrawals.

6. Stay of Uniform Standard. If a Compacting State has formally initiated the process of opting out of a Uniform Standard by regulation, and while the regulatory opt out is pending, the Compacting State may petition the Commission, at least fifteen (15) days before the effective date of the Uniform Standard, to stay the effectiveness of the Uniform Standard in that State. The Commission may grant a stay if it determines the regulatory opt out is being pursued in a reasonable manner and there is a likelihood of success. If a stay is granted or extended by the Commission, the stay or extension thereof may postpone the effective date by up to ninety (90) days, unless affirmatively extended by the Commission; provided, a stay may not be permitted to remain in effect for more than one (1) year unless the Compacting State can show extraordinary circumstances which warrant a continuance of the stay, including, but not limited to, the existence of a legal challenge which prevents the Compacting State from opting out. A stay may be terminated by the Commission upon notice that the rulemaking process has been terminated.

7. Not later than thirty (30) days after a Rule or Operating Procedure is promulgated, any person may file a petition for judicial review of the Rule or Operating Procedure; provided, that the filing of such a petition shall not stay or otherwise prevent the Rule or Operating Procedure from becoming effective unless the court finds that the petitioner has a substantial likelihood of success. The court shall give deference to the actions of the Commission consistent with applicable law and shall not find the Rule or Operating Procedure to be unlawful if the Rule or Operating Procedure represents a reasonable exercise of the Commission's authority.

Article VIII. COMMISSION RECORDS AND ENFORCEMENT

1. The Commission shall promulgate Rules establishing conditions and procedures for public inspection and copying of its information and official records, except such information and records involving the privacy of individuals and insurers' trade secrets. The Commission may promulgate additional Rules under which it may make available to federal and state agencies, including law enforcement agencies, records and information otherwise exempt from disclosure, and may enter into agreements with such agencies to receive or exchange information or records subject to nondisclosure and confidentiality provisions.
2. Except as to privileged records, data and information, the laws of any Compacting State pertaining to confidentiality or nondisclosure shall not relieve any Compacting State Commissioner of the duty to disclose any relevant records, data or information to the Commission; provided, that disclosure to the Commission shall not be deemed to waive or otherwise affect any confidentiality requirement; and further provided, that, except as otherwise expressly provided in this Act, the Commission shall not be subject to the Compacting State's laws pertaining to confidentiality and nondisclosure with respect to records, data and information in its possession. Confidential information of the Commission shall remain confidential after such information is provided to any Commissioner.

3. The Commission shall monitor Compacting States for compliance with duly adopted Bylaws, Rules, including Uniform Standards, and Operating Procedures. The Commission shall notify any non-complying Compacting State in writing of its noncompliance with Commission Bylaws, Rules or Operating Procedures. If a non-complying Compacting State fails to remedy its noncompliance within the time specified in the notice of noncompliance, the Compacting State shall be deemed to be in default as set forth in Article XIV.

4. The Commissioner of any State in which an Insurer is authorized to do business, or is conducting the business of insurance, shall continue to exercise his or her authority to oversee the market regulation of the activities of the Insurer in accordance with the provisions of the State's law. The Commissioner's enforcement of compliance with the Compact is governed by the following provisions:

a. With respect to the Commissioner's market regulation of a Product or Advertisement that is approved or certified to the Commission, the content of the Product or Advertisement shall not constitute a violation of the provisions, standards or requirements of the Compact except upon a final order of the Commission, issued at the request of a Commissioner after prior notice to the Insurer and an opportunity for hearing before the Commission.

b. Before a Commissioner may bring an action for violation of any provision, standard or requirement of the Compact relating to the content of an Advertisement not approved or certified to the Commission, the Commission, or an authorized Commission officer or employee, must authorize the action. However, authorization pursuant to this Paragraph does not require notice to the Insurer, opportunity for hearing or disclosure.
of requests for authorization or records of the Commission's action on such requests.

Article IX. DISPUTE RESOLUTION
The Commission shall attempt, upon the request of a Member, to resolve any disputes or other issues that are subject to this Compact and which may arise between two or more Compacting States, or between Compacting States and Non-compacting States, and the Commission shall promulgate an Operating Procedure providing for resolution of such disputes.

Article X. PRODUCT FILING AND APPROVAL
1. Insurers and Third-Party Filers seeking to have a Product approved by the Commission shall file the Product with, and pay applicable filing fees to, the Commission. Nothing in this Act shall be construed to restrict or otherwise prevent an insurer from filing its Product with the insurance department in any State wherein the insurer is licensed to conduct the business of insurance, and such filing shall be subject to the laws of the States where filed.

2. The Commission shall establish appropriate filing and review processes and procedures pursuant to Commission Rules and Operating Procedures. Notwithstanding any provision herein to the contrary, the Commission shall promulgate Rules to establish conditions and procedures under which the Commission will provide public access to Product filing information. In establishing such Rules, the Commission shall consider the interests of the public in having access to such information, as well as protection of personal medical and financial information and trade secrets, that may be contained in a Product filing or supporting information.

3. Any Product approved by the Commission may be sold or otherwise issued in those Compacting States for which the Insurer is legally authorized to do business.

Article XI. REVIEW OF COMMISSION DECISIONS REGARDING FILINGS
1. Not later than thirty (30) days after the Commission has given notice of a disapproved Product or Advertisement filed with the Commission, the Insurer or Third Party Filer whose filing was disapproved may appeal the determination to a review panel appointed by the Commission. The Commission shall promulgate Rules to establish procedures for appointing such review panels and provide for notice and hearing. An allegation that the Commission, in disapproving a Product or
Advertisement filed with the Commission, acted arbitrarily, capriciously, or in a manner that is an abuse of discretion or otherwise not in accordance with the law, is subject to judicial review in accordance with Article III, section 5.

2. The Commission shall have authority to monitor, review and reconsider Products and Advertisement subsequent to their filing or approval upon a finding that the product does not meet the relevant Uniform Standard. Where appropriate, the Commission may withdraw or modify its approval after proper notice and hearing, subject to the appeal process in section 1 above.

Article XII. FINANCE

1. The Commission shall pay or provide for the payment of the reasonable expenses of its establishment and organization. To fund the cost of its initial operations, the Commission may accept contributions and other forms of funding from the National Association of Insurance Commissioners, Compacting States and other sources. Contributions and other forms of funding from other sources shall be of such a nature that the independence of the Commission concerning the performance of its duties shall not be compromised.

2. The Commission shall collect a filing fee from each Insurer and Third Party Filer filing a product with the Commission to cover the cost of the operations and activities of the Commission and its staff in a total amount sufficient to cover the Commission's annual budget.

3. The Commission's budget for a fiscal year shall not be approved until it has been subject to notice and comment as set forth in Article VII of this Compact.

4. The Commission shall be exempt from all taxation in and by the Compacting States.

5. The Commission shall not pledge the credit of any Compacting State, except by and with the appropriate legal authority of that Compacting State.

6. The Commission shall keep complete and accurate accounts of all its internal receipts, including grants and donations, and disbursements of all funds under its control. The internal financial accounts of the Commission shall be subject to the accounting procedures established under its Bylaws. The financial accounts and reports including the system of internal controls and procedures of the Commission shall be audited annually by an independent certified public accountant. Upon the determination of the Commission, but no less frequently than every three
(3) years, the review of the independent auditor shall include a management and performance audit of the Commission. The Commission shall make an Annual Report to the Governor and legislature of the Compacting States, which shall include a report of the independent audit. The Commission's internal accounts shall not be confidential and such materials may be shared with the Commissioner of any Compacting State upon request, provided, however, that any work papers related to any internal or independent audit and any information regarding the privacy of individuals and insurers' proprietary information, including trade secrets, shall remain confidential.

7. No Compacting State shall have any claim to or ownership of any property held by or vested in the Commission or to any Commission funds held pursuant to the provisions of this Compact.

Article XIII. COMPACTING STATES, EFFECTIVE DATE AND AMENDMENT

1. Any State is eligible to become a Compacting State.

2. The Compact shall become effective and binding upon legislative enactment of the Compact into law by two Compacting States; provided, the Commission shall become effective for purposes of adopting Uniform Standards for, reviewing, and giving approval or disapproval of, Products filed with the Commission that satisfy applicable Uniform Standards only after twenty-six (26) States are Compacting States or, alternatively, by States representing greater than forty percent (40%) of the premium volume for life insurance, annuity, disability income and long-term care insurance products, based on records of the NAIC for the prior year. Thereafter, it shall become effective and binding as to any other Compacting State upon enactment of the Compact into law by that State.

3. Amendments to the Compact may be proposed by the Commission for enactment by the Compacting States. No amendment shall become effective and binding upon the Commission and the Compacting States unless and until all Compacting States enact the amendment into law.

Article XIV. WITHDRAWAL, DEFAULT AND TERMINATION

a. Once effective, the Compact shall continue in force and remain binding upon each and every Compacting State; provided, that a Compacting State may withdraw from the Compact ("Withdrawing State") by enacting a statute specifically repealing the statute which enacted the Compact into law.
b. The effective date of withdrawal is the effective date of the repealing statute. However, the withdrawal shall not apply to any product filings approved or self-certified, or any Advertisement of such products, on the date the repealing statute becomes effective, except by mutual agreement of the Commission and the Withdrawing State unless the approval is rescinded by the Withdrawing State as provided in subsection e. of this section.

c. The Commissioner of the Withdrawing State shall immediately notify the Management Committee in writing upon the introduction of legislation repealing this Compact in the Withdrawing State.

d. The Commission shall notify the other Compacting States of the introduction of such legislation within ten (10) days after its receipt of notice thereof.

e. The Withdrawing State is responsible for all obligations, duties and liabilities incurred through the effective date of withdrawal, including any obligations, the performance of which extend beyond the effective date of withdrawal, except to the extent those obligations may have been released or relinquished by mutual agreement of the Commission and the Withdrawing State. The Commission's approval of Products and Advertisement prior to the effective date of withdrawal shall continue to be effective and be given full force and effect in the Withdrawing State, unless formally rescinded by the Withdrawing State in the same manner as provided by the laws of the Withdrawing State for the prospective disapproval of products or advertisement previously approved under state law.

f. Reinstatement following withdrawal of any Compacting State shall occur upon the effective date of the Withdrawing State reenacting the Compact.

2. Default.

a. If the Commission determines that any Compacting State has at any time defaulted ("Defaulting State") in the performance of any of its obligations or responsibilities under this Compact, the Bylaws or duly promulgated Rules or Operating Procedures, then, after notice and hearing as set forth in the Bylaws, all rights, privileges and benefits conferred by this Compact on the Defaulting State shall be suspended from the effective date of default as fixed by the Commission. The grounds for default include, but are not limited to, failure of a Compacting State to perform its obligations or responsibilities, and any other grounds designated in Commission Rules. The Commission shall immediately notify the

Defaulting State in writing of the Defaulting State's suspension pending a cure of the default. The Commission shall stipulate the conditions and the time period within which the Defaulting State must cure its default. If the Defaulting State fails to cure the default within the time period specified by the Commission, the Defaulting State shall be terminated from the Compact and all rights, privileges and benefits conferred by this Compact shall be terminated from the effective date of termination.

b. Product approvals by the Commission or product self-certifications, or any Advertisement in connection with such product, that are in force on the effective date of termination shall remain in force in the Defaulting State in the same manner as if the Defaulting State had withdrawn voluntarily pursuant to paragraph 1 of this Article.

c. Reinstatement following termination of any Compacting State requires a reenactment of the Compact.

3. Dissolution of Compact.
   a. The Compact dissolves effective upon the date of the withdrawal or default of the Compacting State which reduces membership in the Compact to one Compacting State.

For Advertisement that is subject to the Commission's authority, any Rule, Uniform Standard or other requirement of the Commission which governs the content of the Advertisement shall constitute the exclusive provision that a Commissioner may apply to the

Notwithstanding the foregoing, no action taken by the Commission shall abrogate or restrict: (i) the access of any person to state courts; (ii) remedies available under state law related to breach of contract, tort, or other laws not specifically directed to the content of the Product; (iii) state law relating to the construction of insurance contracts; or (iv) the authority of the attorney general of the state, including but not limited to maintaining any actions or proceedings, as authorized by law.

d. In the event any provision of this Compact exceeds the constitutional limits imposed on the legislature of any Compacting State, the obligations, duties, powers or jurisdiction sought to be conferred by that provision upon the Commission shall be ineffective as to that Compacting State, and those obligations, duties, powers or jurisdiction shall remain in the Compacting State and shall be exercised by the agency thereof to which those obligations, duties, powers or jurisdiction are delegated by law in effect at the time this Compact becomes effective.

Nothing in this paragraph (12) shall be construed to require an employment arrangement to receive professional fees for services rendered.}

(13) A finding by the Board that the licensee, after having his or her license placed on probationary status has violated the terms of probation.

(14) Willfully making or filing false records or reports, including but not limited to, false records or reports filed with State agencies or departments.

(15) Physical illness, including but not limited to, deterioration through the aging process, mental illness or disability that results in the inability to practice the profession with reasonable judgment, skill and safety.

(16) Willfully failing to report an instance of suspected child abuse or neglect as required by the Abused and Neglected Child Reporting Act.

(17) Being named as a perpetrator in an indicated report by the Department of Children and Family Services pursuant to the Abused and Neglected Child Reporting Act, and upon proof by clear and convincing evidence that the licensee has caused a child to be an abused child or neglected child as defined in the Abused and Neglected Child Reporting Act.

(18) Violation of the Health Care Worker Self-Referral Act.

(19) Making a material misstatement in furnishing information to the Department, any other State or federal agency, or any other entity.

The entry of an order by any circuit court establishing that any person holding a license under this Act is subject to involuntary admission or judicial admission as provided for in the Mental Health and Developmental Disabilities Code, operates as an automatic suspension of that license. That person may have his or her license restored only upon the determination by a circuit court that the patient is no longer subject to involuntary admission or judicial admission and the issuance of an order so finding and discharging the patient and upon the Board's recommendation to the Department that the license be restored. Where the circumstances so indicate, the Board may recommend to the Department that it require an examination prior to restoring any license so automatically suspended.

The Department may refuse to issue or may suspend the license of any person who fails to file a return, or to pay the tax, penalty or interest shown in a filed return, or to pay any final assessment of the tax penalty or interest, as required by any tax Act administered by the Illinois Department of Revenue, until such time as the requirements of any such tax Act are satisfied.

In enforcing this Section, the Board upon a showing of a possible violation may compel any person licensed to practice under this Act, or who has applied for licensure or certification pursuant to this Act, to submit to a mental or physical examination, or both, as required by and at the expense of the Department. The examining physicians or clinical psychologists shall be those specifically designated by the Board. The Board or the Department may order the examining physician or clinical psychologist to present testimony concerning this mental or physical

examination of the licensee or applicant. No information shall be excluded by reason of any common law or statutory privilege relating to communications between the licensee or applicant and the examining physician or clinical psychologist. The person to be examined may have, at his or her own expense, another physician or clinical psychologist of his or her choice present during all aspects of the examination. Failure of any person to submit to a mental or physical examination, when directed, shall be grounds for suspension of a license until the person submits to the examination if the Board finds, after notice and hearing, that the refusal to submit to the examination was without reasonable cause.

If the Board finds a person unable to practice because of the reasons set forth in this Section, the Board may require that person to submit to care, counseling or treatment by physicians or clinical psychologists approved or designated by the Board, as a condition, term, or restriction for continued, reinstated, or renewed licensure to practice; or, in lieu of care, counseling or treatment, the Board may recommend to the Department to file a complaint to immediately suspend, revoke or otherwise discipline the license of the person. Any person whose license was granted, continued, reinstated, renewed, disciplined or supervised subject to such terms, conditions or restrictions, and who fails to comply with such terms, conditions or restrictions, shall be referred to the Secretary for a determination as to whether the person shall have his or her license suspended immediately, pending a hearing by the Board.

In instances in which the Secretary immediately suspends a person's license under this Section, a hearing on that person's license must be convened by the Board within 15 days after the suspension and completed without appreciable delay. The Board shall have the authority to review the subject person's record of treatment and counseling regarding the impairment, to the extent permitted by applicable federal statutes and regulations safeguarding the confidentiality of medical records.

A person licensed under this Act and affected under this Section shall be afforded an opportunity to demonstrate to the Board that he or she can resume practice in compliance with acceptable and prevailing standards under the provisions of his or her license.

examinining physician to present testimony concerning the mental or physical examination of a licensee or applicant. No information may be excluded by reason of any common law or statutory privilege relating to communications between a licensee or applicant and the examining physician. An individual to be examined may have, at his or her own expense, another physician of his or her choice present during all aspects of the examination. Failure of an individual to submit to a mental or physical examination, when directed, is grounds for suspension of his or her license. The license must remain suspended until the time that the individual submits to the examination or the Board finds, after notice and a hearing, that the refusal to submit to the examination was with reasonable cause. If the Board finds that an individual is unable to practice because of the reasons set forth in this Section, the Board must require the individual to submit to care, counseling, or treatment by a physician approved by the Board, as a condition, term, or restriction for continued, reinstated, or renewed licensure to practice. In lieu of care, counseling, or treatment, the Board may recommend that the Department file a complaint to immediately suspend or revoke the license of the individual or otherwise discipline him or her. Any individual whose license was granted, continued, reinstated, or renewed subject to conditions, terms, or restrictions, as provided for in this Section, or any individual who was disciplined or placed on supervision pursuant to this Section must be referred to the Director for a determination as to whether the individual shall have his or her license suspended immediately, pending a hearing by the Board.

The Department shall deny any license or renewal under this Act to any person who has defaulted on an educational loan guaranteed by the Illinois Student Assistance Commission; however, the Department may issue a license or renewal if the person in default has established a satisfactory repayment record as determined by the Illinois Student Assistance Commission.

The determination by a circuit court that a registrant is subject to involuntary admission or judicial admission as provided in the Mental Health and Developmental Disabilities Code operates as an automatic suspension. This suspension will end only upon a finding by a court that the patient is no longer subject to involuntary admission or judicial admission, the issuance of an order so finding and discharging the patient, and the recommendation of the Board to the Director that the registrant be allowed to resume practice.

PUBLIC ACT 96-1485
(House Bill No. 6065)

AN ACT concerning education.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Care of Students with Diabetes Act.

Section 5. Legislative findings. The General Assembly finds the following:

(1) Diabetes is a serious chronic disease in which the pancreas does not make insulin (Type 1) or the body cannot use insulin properly (Type 2).

(2) Diabetes must be managed 24 hours a day to avoid the potentially life-threatening, short-term consequences of low blood sugar and prevent or delay the serious complications caused by blood sugar levels that are too high for too long, such as atherosclerosis, coronary artery disease, peripheral vascular disease, hypertension, blindness, kidney failure, amputation, and stroke.

New matter indicated by italics - deletions by strikeout
(4) Federal laws enforced consistently in schools provide students with diabetes equal educational opportunities and a healthy and safe environment.

(5) A school nurse is the most appropriate person in a school setting to provide for all students' healthcare needs; however, a school nurse may not be available when needed, and many schools do not have a full-time nurse.

(6) Many students are capable of checking their blood glucose levels, calculating a carbohydrate-to-insulin ratio, and administering insulin independently. Allowing capable students to manage diabetes independently in school is consistent with the recommendations of pediatric endocrinologists and certified diabetes educators and other specialists.

(7) Because appropriate and consistent diabetes care decreases the risks of serious short-term and long-term complications, increases a student's learning opportunities, and promotes individual and public health benefits, the General Assembly deems it in the public interest to enact this Act.

Section 10. Definitions. As used in this Act:
"Delegated care aide" means a school employee who has agreed to receive training in diabetes care and to assist students in implementing their diabetes care plan and has entered into an agreement with a parent or guardian and the school district or private school.

"Diabetes care plan" means a document that specifies the diabetes-related services needed by a student at school and at school-sponsored activities and identifies the appropriate staff to provide and supervise these services.

"Health care provider" means a physician licensed to practice medicine in all of its branches, advanced practice nurse who has a written agreement with a collaborating physician who authorizes the provision of diabetes care, or a physician assistant who has a written supervision agreement with a supervising physician who authorizes the provision of diabetes care.

"Principal" means the principal of the school.

"School" means any primary or secondary public, charter, or private school located in this State.

"School employee" means a person who is employed by a public school district or private school, a person who is employed by a local health department and assigned to a school, or a person who contracts with

a school or school district to perform services in connection with a student's diabetes care plan. This definition must not be interpreted as requiring a school district or private school to hire additional personnel for the sole purpose of serving as a designated care aide.

Section 15. Diabetes care plan.

(a) A diabetes care plan shall serve as the basis of a student's Section 504 plan (29 U.S.C. Sec. 794) and shall be signed by a student's parent or guardian and submitted to the school for any student with diabetes who seeks assistance with diabetes care in the school setting, unless the student has been managing his or her diabetes care in the school setting before the effective date of this Act, in which case the student's parent or guardian may sign and submit a diabetes care plan under this Act. It is the responsibility of the student's parent or guardian to share the health care provider's instructions concerning the student's diabetes management during the school day. The diabetes care plan shall include the treating health care provider's instructions concerning the student's diabetes management during the school day, including a copy of the signed prescription and the methods of insulin administration.

(b) The services and accommodations specified in a diabetes care plan shall be reasonable, reflect the current standard of diabetes care, include appropriate safeguards to ensure that syringes and lancets are disposed of properly, and include requirements for diet, glucose testing, insulin administration, and treatment for hypoglycemia, hyperglycemia, and emergency situations.

(c) A diabetes care plan shall include a uniform record of glucometer readings and insulin administered by the school nurse or delegated care aide during the school day using a standardized format provided by the State Board of Education.

(d) A diabetes care plan shall include procedures regarding when a delegated care aide shall consult with the parent or guardian, school nurse, where available, or health care provider to confirm that an insulin dosage is appropriate.

(e) A diabetes care plan shall be submitted to the school at the beginning of the school year; upon enrollment, as soon as practical following a student's diagnosis; or when a student's care needs change during the school year. Parents shall be responsible for informing the school in a timely manner of any changes to the diabetes care plan and their emergency contact numbers.

Section 20. Delegated care aides.
(a) Delegated care aides shall perform the duties necessary to assist a student with diabetes in accordance with his or her diabetes care plan and in compliance with any guidelines provided during training under Section 25 of this Act.

(b) In accordance with the diabetes care plan or when an unexpected snack or meal requires a dose of insulin not anticipated by a student's diabetes care plan, the delegated care aide shall consult with the parent or guardian, school nurse, where available, or health care provider to confirm that the insulin dosage is appropriate given the number of carbohydrates to be taken and the student's blood glucose level as determined by a glucometer reading.

(c) The principal shall facilitate compliance with the provisions of a diabetes care plan.

(d) Delegated care aides are authorized to provide assistance by a student's parents or guardian and the school district or private school.

Section 25. Training for school employees and delegated care aides.

(a) In schools that have a student with diabetes, all school employees shall receive training in the basics of diabetes care, how to identify when a student with diabetes needs immediate or emergency medical attention, and whom to contact in the case of an emergency during a regular in-service training as provided for by Section 10-22.39 of the School Code.

(b) Delegated care aides shall be trained to perform the tasks necessary to assist a student with diabetes in accordance with his or her diabetes care plan, including training to do the following:

1. check blood glucose and record results;
2. recognize and respond to the symptoms of hypoglycemia according to the diabetes care plan;
3. recognize and respond to the symptoms of hyperglycemia according to the diabetes care plan;
4. estimate the number of carbohydrates in a snack or lunch;
5. administer insulin according to the student's diabetes care plan and keep a record of the amount administered; and
6. respond in an emergency, including how to administer glucagon and call 911.

(c) The school district shall coordinate staff training.
(d) Initial training shall be provided by a licensed healthcare provider with expertise in diabetes or a certified diabetic educator and individualized by a student's parent or guardian. Training must be consistent with the guidelines provided by the U.S. Department of Health and Human Services in the guide for school personnel entitled "Helping the Student with Diabetes Succeed". The training shall be updated when the diabetes care plan is changed and at least annually.

(e) School nurses, where available, or health care providers may provide technical assistance or consultation or both to delegated care aides.

(f) An information sheet shall be provided to any school employee who transports a student for school-sponsored activities. It shall identify the student with diabetes, identify potential emergencies that may occur as a result of the student's diabetes and the appropriate responses to such emergencies, and provide emergency contact information.

Section 30. Self-management. Provided that the student is authorized according to his or her diabetes care plan, a student shall be permitted to do the following:

1. check blood glucose when and wherever needed;
2. administer insulin with the insulin delivery system used by the student;
3. treat hypoglycemia and hyperglycemia and otherwise attend to the care and management of his or her diabetes in the classroom, in any area of the school or school grounds and at any school-related activity or event in accordance with the diabetes care plan; and
4. possess on his or her person, at all times, the supplies and equipment necessary to monitor and treat diabetes, including, but not limited to, glucometers, lancets, test strips, insulin, syringes, insulin pens and needle tips, insulin pumps, infusion sets, alcohol swabs, a glucagon injection kit, glucose tablets, and food and drink, in accordance with the diabetes care plan.

Section 35. Restricting access to school prohibited. A school district shall not restrict the assignment of a student with diabetes to a particular school on the basis that the school does not have a full-time school nurse, nor shall a school deny a student access to any school or school-related activities on the basis that a student has diabetes.

Section 40. Protections against retaliation. A school employee shall not be subject to any penalty, sanction, reprimand, discharge, demotion,
denial of a promotion, withdrawal of benefits, or other disciplinary action for choosing not to agree to serve as a delegated care aide.

Section 45. Civil immunity.
(a) A school or a school employee is not liable for civil or other damages as a result of conduct, other than willful or wanton misconduct, related to the care of a student with diabetes.
(b) A school employee shall not be subject to any disciplinary proceeding resulting from an action taken in compliance with this Act, unless the action constitutes willful or wanton misconduct.

Section 50. Federal law. Nothing in this Act shall limit any rights available under federal law.

Section 95. The State Mandates Act is amended by adding Section 8.34 as follows:

(30 ILCS 805/8.34 new)
Sec. 8.34. Exempt mandate. Notwithstanding Sections 6 and 8 of this Act, no reimbursement by the State is required for the implementation of any mandate created by this amendatory Act of the 96th General Assembly.

Section 5. The Illinois Procurement Code is amended by changing Section 30-30 as follows:

(30 ILCS 500/30-30)
Sec. 30-30. Contracts in excess of $250,000. For building construction contracts in excess of $250,000, separate specifications shall be prepared for all equipment, labor, and materials in connection with the following 5 subdivisions of the work to be performed:

New matter indicated by italics - deletions by strikeout
(1) plumbing;
(2) heating, piping, refrigeration, and automatic temperature control systems, including the testing and balancing of those systems;
(3) ventilating and distribution systems for conditioned air, including the testing and balancing of those systems;
(4) electric wiring; and
(5) general contract work.

The specifications must be so drawn as to permit separate and independent bidding upon each of the 5 subdivisions of work. All contracts awarded for any part thereof shall award the 5 subdivisions of work separately to responsible and reliable persons, firms, or corporations engaged in these classes of work. The contracts, at the discretion of the construction agency, may be assigned to the successful bidder on the general contract work or to the successful bidder on the subdivision of work designated by the construction agency before the bidding as the prime subdivision of work, provided that all payments will be made directly to the contractors for the 5 subdivisions of work upon compliance with the conditions of the contract. A contract may be let for one or more buildings in any project to the same contractor. The specifications shall require, however, that unless the buildings are identical, a separate price shall be submitted for each building. The contract may be awarded to the lowest responsible bidder for each or all of the buildings included in the specifications.

Until a date 4 years after January 1, 2009 (the effective date of Public Act 95-758), the requirements of this Section do not apply to a construction project for which the Capital Development Board is the construction agency if: (i) the project budget is at least $20,000,000; (ii) the Capital Development Board has submitted to the Procurement Policy Board a written request for a public hearing on waiver of the application of the requirements of this Section to that project, including its reasons for seeking the waiver and why the waiver is in the best interest of the State; (iii) the Capital Development Board has posted notice of the waiver hearing on its procurement web page and on the online Procurement Bulletin at least 15 working days before the hearing; (iv) the Procurement Policy Board, after conducting the public hearing on the waiver request, reviews and approves the request in writing before the award of the contract; (v) the successful low bidder has prequalified with the Capital Development Board; (vi) the bid of the successful low bidder identifies the

name of the subcontractor, if any, and the bid proposal costs for each of the 5 subdivisions of work set forth in this Section; and (vii) the contract entered into with the successful bidder provides that no identified subcontractor may be terminated without the written consent of the Capital Development Board. With respect to any construction project described in this paragraph, the Capital Development Board shall: (i) provide to the Auditor General an affidavit that the waiver of the application of the requirements of this Section is in the best interest of the State; (ii) specify in writing as a public record that the project shall comply with the disadvantaged business practices of the Business Enterprise for Minorities, Females, and Persons with Disabilities Act and the equal employment practices of Section 2-105 of the Illinois Human Rights Act; and (iii) report annually to the Governor and the General Assembly on the bidding, award, and performance. On and after January 1, 2009 (the effective date of Public Act 95-758), the Capital Development Board may award in each year contracts with an aggregate total value of no more than $100,000,000 with respect to construction projects described in this paragraph. 

Until a date 11 5 years after November 29, 2005 (the effective date of Public Act 94-699), the requirements of this Section do not apply to the Capitol Building HVAC upgrade project if (i) the bid of the successful bidder identifies the name of the subcontractor, if any, and the bid proposal costs for each of the 5 subdivisions of work set forth in this Section, and (ii) the contract entered into with the successful bidder provides that no identified subcontractor may be terminated without the written consent of the Capital Development Board.

Section 5. The School Code is amended by changing Sections 10-21.9 and 21-9 as follows:

(105 ILCS 5/10-21.9) (from Ch. 122, par. 10-21.9)
Sec. 10-21.9. Criminal history records checks and checks of the Statewide Sex Offender Database and Statewide Child Murderer and Violent Offender Against Youth Database.
(a) Certified and noncertified applicants for employment with a school district, except school bus driver applicants, are required as a condition of employment to authorize a fingerprint-based criminal history records check to determine if such applicants have been convicted of any of the enumerated criminal or drug offenses in subsection (c) of this Section or have been convicted, within 7 years of the application for employment with the school district, of any other felony under the laws of this State or of any offense committed or attempted in any other state or against the laws of the United States that, if committed or attempted in this State, would have been punishable as a felony under the laws of this State. Authorization for the check shall be furnished by the applicant to the school district, except that if the applicant is a substitute teacher seeking employment in more than one school district, a teacher seeking concurrent part-time employment positions with more than one school district (as a reading specialist, special education teacher or otherwise), or an educational support personnel employee seeking employment positions with more than one district, any such district may require the applicant to furnish authorization for the check to the regional superintendent of the

educational service region in which are located the school districts in which the applicant is seeking employment as a substitute or concurrent part-time teacher or concurrent educational support personnel employee. Upon receipt of this authorization, the school district or the appropriate regional superintendent, as the case may be, shall submit the applicant's name, sex, race, date of birth, social security number, fingerprint images, and other identifiers, as prescribed by the Department of State Police, to the Department. The regional superintendent submitting the requisite information to the Department of State Police shall promptly notify the school districts in which the applicant is seeking employment as a substitute or concurrent part-time teacher or concurrent educational support personnel employee that the check of the applicant has been requested. The Department of State Police and the Federal Bureau of Investigation shall furnish, pursuant to a fingerprint-based criminal history records check, records of convictions, until expunged, to the president of the school board for the school district that requested the check, or to the regional superintendent who requested the check. The Department shall charge the school district or the appropriate regional superintendent a fee for conducting such check, which fee shall be deposited in the State Police Services Fund and shall not exceed the cost of the inquiry; and the applicant shall not be charged a fee for such check by the school district or by the regional superintendent, except that those applicants seeking employment as a substitute teacher with a school district may be charged a fee not to exceed the cost of the inquiry. Subject to appropriations for these purposes, the State Superintendent of Education shall reimburse school districts and regional superintendents for fees paid to obtain criminal history records checks under this Section.

(a-5) The school district or regional superintendent shall further perform a check of the Statewide Sex Offender Database, as authorized by the Sex Offender Community Notification Law, for each applicant.

(a-6) The school district or regional superintendent shall further perform a check of the Statewide Child Murderer and Violent Offender Against Youth Database, as authorized by the Child Murderer and Violent Offender Against Youth Community Notification Law, for each applicant.

(b) Any information concerning the record of convictions obtained by the president of the school board or the regional superintendent shall be confidential and may only be transmitted to the superintendent of the school district or his designee, the appropriate regional superintendent if the check was requested by the school district, the presidents of the

appropriate school boards if the check was requested from the Department of State Police by the regional superintendent, the State Superintendent of Education, the State Teacher Certification Board or any other person necessary to the decision of hiring the applicant for employment. A copy of the record of convictions obtained from the Department of State Police shall be provided to the applicant for employment. Upon the check of the Statewide Sex Offender Database, the school district or regional superintendent shall notify an applicant as to whether or not the applicant has been identified in the Database as a sex offender. If a check of an applicant for employment as a substitute or concurrent part-time teacher or concurrent educational support personnel employee in more than one school district was requested by the regional superintendent, and the Department of State Police upon a check ascertains that the applicant has not been convicted of any of the enumerated criminal or drug offenses in subsection (c) or has not been convicted, within 7 years of the application for employment with the school district, of any other felony under the laws of this State or of any offense committed or attempted in any other state or against the laws of the United States that, if committed or attempted in this State, would have been punishable as a felony under the laws of this State and so notifies the regional superintendent and if the regional superintendent upon a check ascertains that the applicant has not been identified in the Sex Offender Database as a sex offender, then the regional superintendent shall issue to the applicant a certificate evidencing that as of the date specified by the Department of State Police the applicant has not been convicted of any of the enumerated criminal or drug offenses in subsection (c) or has not been convicted, within 7 years of the application for employment with the school district, of any other felony under the laws of this State or of any offense committed or attempted in any other state or against the laws of the United States that, if committed or attempted in this State, would have been punishable as a felony under the laws of this State and evidencing that as of the date that the regional superintendent conducted a check of the Statewide Sex Offender Database, the applicant has not been identified in the Database as a sex offender. The school board of any school district may rely on the certificate issued by any regional superintendent to that substitute teacher, concurrent part-time teacher, or concurrent educational support personnel employee or may initiate its own criminal history records check of the applicant through the Department of State Police and its own check of the Statewide Sex Offender Database as provided in subsection (a). Further, no school board shall knowingly employ a person who has been found to be the perpetrator of sexual or physical abuse of any minor under 18 years of age pursuant to proceedings under Article II of the Juvenile Court Act of 1987.

(d) No school board shall knowingly employ a person for whom a criminal history records check and a Statewide Sex Offender Database check has not been initiated.

(e) Upon receipt of the record of a conviction of or a finding of child abuse by a holder of any certificate issued pursuant to Article 21 or Section 34-8.1 or 34-83 of the School Code, the State Superintendent of Education may initiate certificate suspension and revocation proceedings as authorized by law.

(e-5) The superintendent of the employing school board shall, in writing, notify the State Superintendent of Education and the applicable regional superintendent of schools of any certificate holder whom he or she has reasonable cause to believe has committed an intentional act of abuse or neglect with the result of making a child an abused child or a neglected child, as defined in Section 3 of the Abused and Neglected Child Reporting Act, and that act resulted in the certificate holder's dismissal or resignation from the school district. This notification must be submitted within 30 days after the dismissal or resignation. The certificate holder must also be contemporaneously sent a copy of the notice by the superintendent. All correspondence, documentation, and other information so received by the regional superintendent of schools, the State Superintendent of Education, the State Board of Education, or the State Teacher Certification Board under this subsection (e-5) is confidential and must not be disclosed to third parties, except (i) as necessary for the State Superintendent of Education or his or her designee to investigate and prosecute pursuant to Article 21 of this Code, (ii) pursuant to a court order, (iii) for disclosure to the certificate holder or his or her representative, or (iv) as otherwise provided in this Article and provided that any such information admitted into evidence in a hearing is exempt from this confidentiality and non-disclosure requirement. Except for an act of willful

or wanton misconduct, any superintendent who provides notification as required in this subsection (e-5) shall have immunity from any liability, whether civil or criminal or that otherwise might result by reason of such action.

(f) After January 1, 1990 the provisions of this Section shall apply to all employees of persons or firms holding contracts with any school district including, but not limited to, food service workers, school bus drivers and other transportation employees, who have direct, daily contact with the pupils of any school in such district. For purposes of criminal history records checks and checks of the Statewide Sex Offender Database on employees of persons or firms holding contracts with more than one school district and assigned to more than one school district, the regional superintendent of the educational service region in which the contracting school districts are located may, at the request of any such school district, be responsible for receiving the authorization for a criminal history records check prepared by each such employee and submitting the same to the Department of State Police and for conducting a check of the Statewide Sex Offender Database for each employee. Any information concerning the record of conviction and identification as a sex offender of any such employee obtained by the regional superintendent shall be promptly reported to the president of the appropriate school board or school boards.

Sec. 2-122. Re-entry after retirement. An annuitant who re-enters service as a member shall become a participant on the date of re-entry and retirement annuity payments shall cease at that time. The participant shall resume contributions to the system on the date of re-entry at the rates then in effect and shall begin to accrue additional service credit. He or she shall be entitled to all rights and privileges in the system, including death and disability benefits, subject to the limitations herein provided, except refund of retirement annuity contributions.

Upon subsequent retirement, the participant shall be entitled to a retirement annuity consisting of: (1) the amount of retirement annuity previously granted and terminated by re-entry into service; and (2) the amount of additional retirement annuity earned during the additional service based on the provisions in effect at the date of such subsequent retirement. However, the total retirement annuity shall not exceed the maximum retirement annuity applicable at the date of the participant's last retirement. If the salary of the participant following the latest re-entry into service is higher than that in effect at the date of the previous retirement

and the participant restores to the system all amounts previously received as retirement annuity payments, upon subsequent retirement, the retirement annuity shall be recalculated for all service credited under the system as though the participant had not previously retired.

The repayment of retirement annuity payments must be made by the participant in a single sum or by a withholding from salary within a period of 6 years from date of re-entry and in any event before subsequent retirement. If previous annuity payments have not been repaid to the system at the date of death of the participant, any remaining balance must be fully repaid to the system before any further annuity shall be payable.

Such member, if unmarried at date of his last retirement, shall also be entitled to a refund of widow's and widower's annuity contributions, without interest, covering the period from the date of re-entry into service to the date of last retirement.

Notwithstanding any other provision of this Article, if a person who first becomes a participant under this System on or after January 1, 2011 (the effective date of Public Act 96-889) and becomes a member or participant and accepts employment in a position covered under this Article or any other Article of this Code and is employed on a full-time basis, then the person's retirement annuity under this System shall be suspended during that employment. Upon termination of that employment, the person's retirement annuity shall resume and, if appropriate, be recalculated under the applicable provisions of this Article.

Sec. 2-126. Contributions by participants.

(a) Each participant shall contribute toward the cost of his or her retirement annuity a percentage of each payment of salary received by him or her for service as a member as follows: for service between October 31, 1947 and January 1, 1959, 5%; for service between January 1, 1959 and June 30, 1969, 6%; for service between July 1, 1969 and January 10, 1973, 6 1/2%; for service after January 10, 1973, 7%; and service after December 31, 1981, 8 1/2%.

subsection. A survivor's annuity shall not be payable upon the death of a person who has made this election, unless prior to that death the election has been revoked and the amount of the contributions that would have been paid under this subsection in the absence of the election is paid to the System, together with interest at the rate of 4% per year from the date the contributions would have been made to the date of payment.

(c) Beginning July 1, 1967, each participant shall contribute 1% of salary towards the cost of automatic increase in annuity provided in Section 2-119.1. These contributions shall be made concurrently with contributions for retirement annuity purposes.

(d) In addition, each participant serving as an officer of the General Assembly shall contribute, for the same purposes and at the same rates as are required of a regular participant, on each additional payment received as an officer. If the participant serves as an officer for at least 2 but less than 4 years, he or she shall contribute an amount equal to the amount that would have been contributed had the participant served as an officer for 4 years. Persons who serve as officers in the 87th General Assembly but cannot receive the additional payment to officers because of the ban on increases in salary during their terms may nonetheless make contributions based on those additional payments for the purpose of having the additional payments included in their highest salary for annuity purposes; however, persons electing to make these additional contributions must also pay an amount representing the corresponding employer contributions, as calculated by the System.

(e) Notwithstanding any other provision of this Article, the required contribution of a participant who first becomes a participant on or after January 1, 2011 shall not exceed the contribution that would be due under this Article if that participant's highest salary for annuity purposes were $106,800, plus any increases in that amount under Section 2-108.1.

(f) If a participant to whom subsection (a) of this Section applies is an employee for at least 6 months during the academic year in which his or
her employment is terminated, the annual final rate of earnings shall be 25% of the sum of (1) the annual basic compensation for that year, and (2) the amount earned during the 36 months immediately preceding that year, if this is greater than the final rate of earnings as calculated under the other provisions of this Section.

(g) In the determination of the final rate of earnings for an employee, that part of an employee's earnings for any academic year beginning after June 30, 1997, which exceeds the employee's earnings with that employer for the preceding year by more than 20 percent shall be excluded; in the event that an employee has more than one employer this limitation shall be calculated separately for the earnings with each employer. In making such calculation, only the basic compensation of employees shall be considered, without regard to vacation or overtime or to contracts for summer employment.

(h) The following are not considered as earnings in determining final rate of earnings: (1) severance or separation pay, (2) retirement pay, (3) payment for unused sick leave, and (4) payments from an employer for the period used in determining final rate of earnings for any purpose other than (i) services rendered, (ii) leave of absence or vacation granted during that period, and (iii) vacation of up to 56 work days allowed upon termination of employment; except that, if the benefit has been collectively bargained between the employer and the recognized collective bargaining agent pursuant to the Illinois Educational Labor Relations Act, payment received during a period of up to 2 academic years for unused sick leave may be considered as earnings in accordance with the applicable collective bargaining agreement, subject to the 20% increase limitation of this Section. Any unused sick leave considered as earnings under this Section shall not be taken into account in calculating service credit under Section 15-113.4.

(i) Intermittent periods of service shall be considered as consecutive in determining final rate of earnings.

shall be 3 1/2% of final average salary, as defined in this Section, for each of the first 10 years of service, and 5% of such final average salary for each year of service on excess of 10.

For purposes of this Section, final average salary for a participant who first serves as a judge before August 10, 2009 (the effective date of Public Act 96-207) shall be:

1. the average salary for the last 4 years of credited service as a judge for a participant who terminates service before July 1, 1975.
2. for a participant who terminates service after June 30, 1975 and before July 1, 1982, the salary on the last day of employment as a judge.
3. for any participant who terminates service after June 30, 1982 and before January 1, 1990, the average salary for the final year of service as a judge.
4. for a participant who terminates service on or after January 1, 1990 but before the effective date of this amendatory Act of 1995, the salary on the last day of employment as a judge.
5. for a participant who terminates service on or after the effective date of this amendatory Act of 1995, the salary on the last day of employment as a judge, or the highest salary received by the participant for employment as a judge in a position held by the participant for at least 4 consecutive years, whichever is greater.

However, in the case of a participant who elects to discontinue contributions as provided in subdivision (a)(2) of Section 18-133, the time of such election shall be considered the last day of employment in the determination of final average salary under this subsection.

For a participant who first serves as a judge on or after August 10, 2009 (the effective date of Public Act 96-207) and before January 1, 2011 (the effective date of Public Act 96-889) this amendatory Act of the 96th General Assembly, final average salary shall be the average monthly salary obtained by dividing the total salary of the participant during the period of:
1. the 48 consecutive months of service within the last 120 months of service in which the total compensation was the highest, or (2) the total period of service, if less than 48 months, by the number of months of service in that period.

The maximum retirement annuity for any participant shall be 85% of final average salary.

(b-5) Notwithstanding any other provision of this Article, for a participant who first serves as a judge on or after January 1, 2011 (the effective date of Public Act 96-889) this amendatory Act of the 96th General Assembly, the annual retirement annuity is 3% of the participant's final average salary for each year of service. The maximum retirement annuity payable shall be 60% of the participant's final average salary.

For a participant who first serves as a judge on or after January 1, 2011 (the effective date of Public Act 96-889) this amendatory Act of the 96th General Assembly, final average salary shall be the average monthly salary obtained by dividing the total salary of the judge during the 96 consecutive months of service within the last 120 months of service in which the total salary was the highest by the number of months of service in that period; however, beginning January 1, 2011, the annual final average salary may not exceed $106,800, except that that amount shall annually thereafter be increased by the lesser of (i) 3% of that amount, including all previous adjustments, or (ii) the annual unadjusted percentage increase (but not less than zero) the Social Security Covered Wage Base for 2010, and shall automatically be increased or decreased, as applicable, by a percentage equal to the percentage change in the consumer price index-u for the 12 months ending with the September preceding each November 1 during the preceding 12-month calendar year. "Consumer price index-u" means the index published by the Bureau of Labor Statistics of the United States Department of Labor that measures the average change in prices of goods and services purchased by all urban consumers, United States city average, all items, 1982-84 = 100. The new amount resulting from each annual adjustment shall be determined by the Public Pension Division of the Department of Insurance and made available to the Board by November 1st of each year.

(c) The retirement annuity for a participant who retires prior to age 60 with less than 28 years of service in the System shall be reduced 1/2 of 1% for each month that the participant's age is under 60 years at the time the annuity commences. However, for a participant who retires on or after the effective date of this amendatory Act of the 91st General Assembly, the percentage reduction in retirement annuity imposed under this subsection shall be reduced by 5/12 of 1% for every month of service in this System in excess of 20 years, and therefore a participant with at least 26 years of service in this System may retire at age 55 without any reduction in annuity.

Service credits earned in any other "participating system" as defined in Article 20 of this Code shall be considered for purposes of determining a judge's eligibility to discontinue contributions under this subdivision (a)(2).

(3) A participant who (i) has attained age 60, (ii) continues to serve as a judge after becoming eligible to receive the maximum rate of annuity, and (iii) has not elected to discontinue contributing to the System under subdivision (a)(2) of this Section (or has revoked any such election) may elect, through a written direction filed with the Board, to make contributions to the System based only on the amount of the increases in salary received by the judge on or after the date of the election, rather than the total salary received. If a judge who is making contributions to the System on the effective date of this amendatory Act of the 91st General Assembly makes an election to limit contributions under this subdivision (a)(3) within 90 days after that effective date, the election shall be deemed to become effective on that effective date and the judge shall be entitled to receive a refund of any excess contributions paid to the System during that 90-day period; any other election under this subdivision (a)(3) becomes effective on the first of the month following the date of the election. An election to limit contributions under this subdivision (a)(3) is irrevocable. Service credits earned in any other participating system as defined in Article 20 of this Code shall be considered for purposes of determining a judge's eligibility to make an election under this subdivision (a)(3).

(b) Beginning July 1, 1969, each participant is required to contribute 1% of each payment of salary towards the automatic increase in annuity provided in Section 18-125.1. However, such contributions need not be made by any participant who has elected prior to September 15, 1969, not to be subject to the automatic increase in annuity provisions.

(c) Effective July 13, 1953, each married participant subject to the survivor's annuity provisions is required to contribute 2 1/2% of each payment of salary, whether or not he or she is required to make any other

contributions under this Section. Such contributions shall be made concurrently with the contributions made for annuity purposes.

(d) Notwithstanding any other provision of this Article, the required contributions for a participant who first becomes a participant on or after January 1, 2011 shall not exceed the contributions that would be due under this Article if that participant’s highest salary for annuity purposes were $106,800, plus any increase in that amount under Section 18-125.

Sec. 5. Purpose. Recognizing that the FutureGen Project is a first-of-a-kind research project to permanently sequester underground captured CO2 carbon dioxide emissions from: (1) a coal-fueled power plant that uses as its primary fuel source high volatile bituminous rank coal with greater than 1.7 pounds of sulfur per million btu content or (2) other approved and permitted captured CO2 sources in the State of Illinois, and that such a project would have benefits to the economy and environment of Illinois, the purpose of this Act is to provide the FutureGen Alliance with adequate liability protection and permitting certainty to facilitate the

siting of the FutureGen Project in the State of Illinois, **to provide to the State of Illinois certain financial benefits from environmental attributes for the Project, and to help secure over $1 billion in federal funding for the Project.**

Sec. 10. Legislative findings. The General Assembly finds and determines that:

1. human-induced greenhouse gas emissions have been identified as contributing to global warming, the effects of which pose a threat to public health and safety and the economy of the State of Illinois;

2. in order to meet the energy needs of the State of Illinois, keep its economy strong and protect the environment while reducing its contribution to human-induced greenhouse gas emissions, the State of Illinois must be a leader in developing new low-carbon technologies;

3. carbon capture and storage is a low-carbon technology that involves capturing the **captured CO2** carbon dioxide from fossil fuel energy electric and hydrogen generating units and **other industrial facilities and** injecting it into secure geologic strata for permanent storage;

4. the FutureGen Project is a public-private partnership between the Federal Department of Energy and the FutureGen Alliance that proposes to use this new technology as part of a plan to transport and store **captured CO2** from a coal-fueled power plant that uses as its primary fuel source high-volatile bituminous rank coal with greater than 1.7 pounds of sulfur per million btu content and other **captured CO2 sources** that are approved by the **appropriate State of Illinois agency and permitted in the State of Illinois** **build and operate a near zero emission coal fueled power plant**;

5. the FutureGen Project will help ensure the long-term viability of Illinois Basin coal as a major energy source in the State of Illinois and throughout the nation and represents a significant step in the State of Illinois' efforts to become a self-sufficient, clean energy producer;

New matter indicated by italics - deletions by strikeout
(6) the FutureGen Project provides an opportunity for the State of Illinois to partner with the Federal Department of Energy and the FutureGen Alliance in the development of these innovative clean-coal technologies;

(7) the FutureGen Project will make the State of Illinois a center for developing and refining clean coal technology; hydrogen production and carbon capture and storage, and will result in the development of new technologies designed to improve the efficiency of the energy industry that will be replicated world wide;

(8) the FutureGen Project is an important coal development and conversion project that will create jobs in the State of Illinois during the construction and operational phases, contribute to the overall economy of the State of Illinois and help reinvigorate the Illinois Basin coal industry; and

(9) the FutureGen Project and the property necessary for the FutureGen Project serve a substantial public purpose as its advanced clean-coal coal gasification, electricity generation, hydrogen production, advanced emissions control and carbon capture and storage technologies will benefit the citizens of the State of Illinois.

(a) A police officer age 50 or more with 20 or more years of creditable service, who is not a participant in the self-managed plan under Section 3-109.3 and who is no longer in service as a police officer, shall receive a pension of 1/2 of the salary attached to the rank held by the officer on the police force for one year immediately prior to retirement or, beginning July 1, 1987 for persons terminating service on or after that date, the salary attached to the rank held on the last day of service or for one year prior to the last day, whichever is greater. The pension shall be increased by 2.5% of such salary for each additional year of service over 20 years of service through 30 years of service, to a maximum of 75% of such salary.

The changes made to this subsection (a) by this amendatory Act of the 91st General Assembly apply to all pensions that become payable under this subsection on or after January 1, 1999. All pensions payable under this subsection that began on or after January 1, 1999 and before the effective date of this amendatory Act shall be recalculated, and the amount of the increase accruing for that period shall be payable to the pensioner in a lump sum.

(a-5) No pension in effect on or granted after June 30, 1973 shall be less than $200 per month. Beginning July 1, 1987, the minimum retirement pension for a police officer having at least 20 years of creditable service shall be $400 per month, without regard to whether or not

retirement occurred prior to that date. If the minimum pension established in Section 3-113.1 is greater than the minimum provided in this subsection, the Section 3-113.1 minimum controls.

(b) A police officer mandatorily retired from service due to age by operation of law, having at least 8 but less than 20 years of creditable service, shall receive a pension equal to 2 1/2% of the salary attached to the rank he or she held on the police force for one year immediately prior to retirement or, beginning July 1, 1987 for persons terminating service on or after that date, the salary attached to the rank held on the last day of service or for one year prior to the last day, whichever is greater, for each year of creditable service.

A police officer who retires or is separated from service having at least 8 years but less than 20 years of creditable service, who is not mandatorily retired due to age by operation of law, and who does not apply for a refund of contributions at his or her last separation from police service, shall receive a pension upon attaining age 60 equal to 2.5% of the salary attached to the rank held by the police officer on the police force for one year immediately prior to retirement or, beginning July 1, 1987 for persons terminating service on or after that date, the salary attached to the rank held on the last day of service or for one year prior to the last day, whichever is greater, for each year of creditable service.

in the self-managed plan under Section 3-109.3 and who first becomes a police officer under this Article on or after January 1, 2011.

A police officer age 55 or more who has 10 or more years of service in that capacity shall be entitled at his option to receive a monthly pension for his service as a police officer computed by multiplying 2.5% for each year of such service by his or her final average salary.

The pension of a police officer who is retiring after attaining age 50 with 10 or more years of creditable service shall be reduced by one-half of 1% for each month that the police officer's age is under age 55.

The maximum pension under this subsection (d) shall be 75% of final average salary.

For the purposes of this subsection (d), "final average salary" means the average monthly salary obtained by dividing the total salary of the police officer during the 96 consecutive months of service within the last 120 months of service in which the total salary was the highest by the number of months of service in that period.

Beginning on January 1, 2011, for all purposes under this Code (including without limitation the calculation of benefits and employee contributions), the annual salary based on the plan year of a member or participant to whom this Section applies shall not exceed $106,800; however, that amount shall annually thereafter be increased by the lesser of (i) 3% of that amount, including all previous adjustments, or (ii) one-half the annual unadjusted percentage increase (but not less than zero) in the consumer price index-u for the 12 months ending with the September preceding each November 1, including all previous adjustments.

For the purposes of this subsection (d), "final average salary" means the average monthly salary obtained by dividing the total salary of the police officer during the 96 consecutive months of service within the last 120 months of service in which the total salary was the highest by the number of months of service in that period.

Beginning on January 1, 2011, for all purposes under this Code (including without limitation the calculation of benefits and employee contributions), the annual salary based on the plan year of a member or participant to whom this Section applies shall not exceed $106,800; however, that amount shall annually thereafter be increased by the lesser of (i) 3% of that amount, including all previous adjustments, or (ii) one-half the annual unadjusted percentage increase (but not less than zero) in the consumer price index-u for the 12 months ending with the September preceding each November 1, including all previous adjustments.

(40 ILCS 5/3-111.1) (from Ch. 108 1/2, par. 3-111.1)

Sec. 3-111.1. Increase in pension.

(a) Except as provided in subsection (e), the monthly pension of a police officer who retires after July 1, 1971, and prior to January 1, 1986, shall be increased, upon either the first of the month following the first anniversary of the date of retirement if the officer is 60 years of age or over at retirement date, or upon the first day of the month following attainment of age 60 if it occurs after the first anniversary of retirement, by 3% of the originally granted pension and by an additional 3% of the originally granted pension in January of each year thereafter.

(b) The monthly pension of a police officer who retired from service with 20 or more years of service, on or before July 1, 1971, shall be increased in January of the year following the year of attaining age 65.
or in January of 1972, if then over age 65, by 3% of the originally granted pension for each year the police officer received pension payments. In each January thereafter, he or she shall receive an additional increase of 3% of the original pension.

(c) The monthly pension of a police officer who retires on disability or is retired for disability shall be increased in January of the year following the year of attaining age 60, by 3% of the original grant of pension for each year he or she received pension payments. In each January thereafter, the police officer shall receive an additional increase of 3% of the original pension.

(d) The monthly pension of a police officer who retires after January 1, 1986, shall be increased, upon either the first of the month following the first anniversary of the date of retirement if the officer is 55 years of age or over, or upon the first day of the month following attainment of age 55 if it occurs after the first anniversary of retirement, by 1/12 of 3% of the originally granted pension for each full month that has elapsed since the pension began, and by an additional 3% of the originally granted pension in January of each year thereafter.

The changes made to this subsection (d) by this amendatory Act of the 91st General Assembly apply to all initial increases that become payable under this subsection on or after January 1, 1999. All initial increases that became payable under this subsection on or after January 1, 1999 and before the effective date of this amendatory Act shall be recalculated and the additional amount accruing for that period, if any, shall be payable to the pensioner in a lump sum.

(e) Notwithstanding the provisions of subsection (a), upon the first day of the month following (1) the first anniversary of the date of retirement, or (2) the attainment of age 55, or (3) July 1, 1987, whichever occurs latest, the monthly pension of a police officer who retired on or after January 1, 1977 and on or before January 1, 1986, and did not receive an increase under subsection (a) before July 1, 1987, shall be increased by 3% of the originally granted monthly pension for each full year that has elapsed since the pension began, and by an additional 3% of the originally granted pension in each January thereafter. The increases provided under this subsection are in lieu of the increases provided in subsection (a).

(f) Notwithstanding the other provisions of this Section, beginning with increases granted on or after July 1, 1993, the second and all subsequent automatic annual increases granted under subsection (a), (b), (d), or (e) of this Section shall be calculated as 3% of the amount of
pension payable at the time of the increase, including any increases previously granted under this Section, rather than 3% of the originally granted pension amount. Section 1-103.1 does not apply to this subsection (f).

(g) Notwithstanding any other provision of this Article, the monthly pension of a person who first becomes a police officer under this Article on or after January 1, 2011 shall be increased on the January 1 occurring either on or after the attainment of age 60 or the first anniversary of the pension start date, whichever is later. Each annual increase shall be calculated at 3% or one-half the annual unadjusted percentage increase (but not less than zero) in the consumer price index-u for the 12 months ending with the September preceding each November 1, whichever is less, of the originally granted pension. If the annual unadjusted percentage change in the consumer price index-u for a 12-month period ending in September is zero or, when compared with the preceding period, decreases, then the pension shall not be increased.

For the purposes of this subsection (g), "consumer price index-u" means the index published by the Bureau of Labor Statistics of the United States Department of Labor that measures the average change in prices of goods and services purchased by all urban consumers, United States city average, all items, 1982-84 = 100. The new amount resulting from each annual adjustment shall be determined by the Public Pension Division of the Department of Insurance and made available to the boards of the pension funds.

If there is no eligible surviving spouse and no eligible child, the dependent parent or parents of the officer shall be entitled to receive or share such pension until their death or marriage or remarriage after the death of the police officer.

Notwithstanding any other provision of this Article, for a person who first becomes a police officer under this Article on or after January 1, 2011, the pension to which the surviving spouse, children, or parents are entitled under this subsection (a) shall be in the amount of 66 2/3% of the police officer's earned pension at the date of death. Nothing in this subsection (a) shall act to diminish the survivor's benefits described in subsection (e) of this Section.

Notwithstanding any other provision of this Article, the monthly pension of a survivor of a person who first becomes a police officer under this Article on or after January 1, 2011 shall be increased on the January 1 after attainment of age 60 by the recipient of the survivor's pension and each January 1 thereafter by 3% or one-half the annual unadjusted percentage increase (but not less than zero) in the consumer price index-u for the 12 months ending with the September preceding each November 1, whichever is less, of the originally granted survivor's pension. If the annual unadjusted percentage change in the consumer price index-u for a 12-month period ending in September is zero or, when compared with the preceding period, decreases, then the survivor's pension shall not be increased.

For the purposes of this subsection (a), "consumer price index-u" means the index published by the Bureau of Labor Statistics of the United States Department of Labor that measures the average change in prices of goods and services purchased by all urban consumers, United States city average, all items, 1982-84 = 100. (b) Upon the death of a police officer while in service, having at least 20 years of creditable service, or upon the death of a police officer who retired from service with at least 20 years of creditable service, whether death occurs before or after attainment of age 50, the pension earned by the police officer as of the date of death as provided in Section 3-111 shall be paid to the survivors in the sequence provided in subsection (a) of this Section.

(c) Upon the death of a police officer while in service, having at least 10 but less than 20 years of service, a pension of 1/2 of the salary attached to the rank or ranks held by the officer for one year immediately prior to death shall be payable to the survivors in the sequence provided in subsection (a) of this Section. If death occurs as a result of the
performance of duty, the 10 year requirement shall not apply and the pension to survivors shall be payable after any period of service.

(d) Beginning July 1, 1987, a minimum pension of $400 per month shall be paid to all surviving spouses, without regard to the fact that the death of the police officer occurred prior to that date. If the minimum pension established in Section 3-113.1 is greater than the minimum provided in this subsection, the Section 3-113.1 minimum controls.

(e) The pension of the surviving spouse of a police officer who dies (i) on or after January 1, 2001, (ii) without having begun to receive either a retirement pension payable under Section 3-111 or a disability pension payable under Section 3-114.1, 3-114.2, 3-114.3, or 3-114.6, and (iii) as a result of sickness, accident, or injury incurred in or resulting from the performance of an act of duty shall not be less than 100% of the salary attached to the rank held by the deceased police officer on the last day of service, notwithstanding any provision in this Article to the contrary.

(a) The city council or the board of trustees of the municipality shall annually levy a tax upon all the taxable property of the municipality at the rate on the dollar which will produce an amount which, when added to the deductions from the salaries or wages of police officers, and revenues available from other sources, will equal a sum sufficient to meet the annual requirements of the police pension fund. The annual requirements to be provided by such tax levy are equal to (1) the normal cost of the pension fund for the year involved, plus (2) an amount sufficient to bring the total assets of the pension fund up to 90% of the total actuarial liabilities of the pension fund by the end of municipal fiscal year 2040, as annually updated and determined by an enrolled actuary employed by the Illinois Department of Insurance or by an enrolled actuary retained by the pension fund or the municipality. In making these determinations, the required minimum employer contribution shall be calculated each year as a level percentage of payroll over the years remaining up to and including fiscal year 2040 and shall be determined under the projected unit credit actuarial cost method necessary to amortize the fund's unfunded accrued liabilities as provided in Section 3-127. (2) In determining the actuarial value of the System's assets for fiscal years after March 30, 2011, any actuarial gains or losses from investment return incurred in a fiscal year shall be recognized in equal annual amounts over the 5-year period following that fiscal year.

(c) If a participating municipality fails to transmit to the fund contributions required of it under this Article for more than 90 days after the payment of those contributions is due, the fund may, after giving notice to the municipality, certify to the State Comptroller the amounts of the delinquent payments, and the Comptroller must, beginning in fiscal year 2016, deduct and deposit into the fund the certified amounts or a portion of those amounts from the following proportions of grants of State funds to the municipality:

(2) in fiscal year 2017, two-thirds of the total amount of any grants of State funds to the municipality; and
(3) in fiscal year 2018 and each fiscal year thereafter, the total amount of any grants of State funds to the municipality.

The State Comptroller may not deduct from any grants of State funds to the municipality more than the amount of delinquent payments certified to the State Comptroller by the fund.

Sec. 4-109. Pension.

(a) A firefighter age 50 or more with 20 or more years of creditable service, who is no longer in service as a firefighter, shall receive a monthly pension of 1/2 the monthly salary attached to the rank held by him or her in the fire service at the date of retirement.

The monthly pension shall be increased by 1/12 of 2.5% of such monthly salary for each additional month over 20 years of service through 30 years of service, to a maximum of 75% of such monthly salary.

The changes made to this subsection (a) by this amendatory Act of the 91st General Assembly apply to all pensions that become payable under this subsection on or after January 1, 1999. All pensions payable under this subsection that began on or after January 1, 1999 and before the effective date of this amendatory Act shall be recalculated, and the amount of the increase accruing for that period shall be payable to the pensioner in a lump sum.

(b) A firefighter who retires or is separated from service having at least 10 but less than 20 years of creditable service, who is not entitled to
receive a disability pension, and who did not apply for a refund of contributions at his or her last separation from service shall receive a monthly pension upon attainment of age 60 based on the monthly salary attached to his or her rank in the fire service on the date of retirement or separation from service according to the following schedule:

- For 10 years of service, 15% of salary;
- For 11 years of service, 17.6% of salary;
- For 12 years of service, 20.4% of salary;
- For 13 years of service, 23.4% of salary;
- For 14 years of service, 26.6% of salary;
- For 15 years of service, 30% of salary;
- For 16 years of service, 33.6% of salary;
- For 17 years of service, 37.4% of salary;
- For 18 years of service, 41.4% of salary;
- For 19 years of service, 45.6% of salary.

(c) Notwithstanding any other provision of this Article, the provisions of this subsection (c) apply to a person who first becomes a firefighter under this Article on or after January 1, 2011.

A firefighter age 55 or more who has 10 or more years of service in that capacity shall be entitled at his option to receive a monthly pension for his service as a firefighter computed by multiplying 2.5% for each year of such service by his or her final average salary.

The pension of a firefighter who is retiring after attaining age 50 with 10 or more years of creditable service shall be reduced by one-half of 1% for each month that the firefighter's age is under age 55.

The maximum pension under this subsection (c) shall be 75% of final average salary.

For the purposes of this subsection (c), "final average salary" means the average monthly salary obtained by dividing the total salary of the firefighter during the 96 consecutive months of service within the last 120 months of service in which the total salary was the highest by the number of months of service in that period.

Beginning on January 1, 2011, for all purposes under this Code (including without limitation the calculation of benefits and employee contributions), the annual salary based on the plan year of a member or participant to whom this Section applies shall not exceed $106,800; however, that amount shall annually thereafter be increased by the lesser of (i) 3% of that amount, including all previous adjustments, or (ii) one-half the annual unadjusted percentage increase (but not less than zero) in...

Sec. 4-109.1. Increase in pension.
(a) Except as provided in subsection (e), the monthly pension of a firefighter who retires after July 1, 1971 and prior to January 1, 1986, shall, upon either the first of the month following the first anniversary of the date of retirement if 60 years of age or over at retirement date, or upon the first day of the month following attainment of age 60 if it occurs after the first anniversary of retirement, be increased by 2% of the originally granted monthly pension and by an additional 2% in each January thereafter. Effective January 1976, the rate of the annual increase shall be 3% of the originally granted monthly pension.

(b) The monthly pension of a firefighter who retired from service with 20 or more years of service, on or before July 1, 1971, shall be increased, in January of the year following the year of attaining age 65 or in January 1972, if then over age 65, by 2% of the originally granted monthly pension, for each year the firefighter received pension payments. In each January thereafter, he or she shall receive an additional increase of 2% of the original monthly pension. Effective January 1976, the rate of the annual increase shall be 3%.

(c) The monthly pension of a firefighter who is receiving a disability pension under this Article shall be increased, in January of the year following the year the firefighter attains age 60, or in January 1974, if then over age 60, by 2% of the originally granted monthly pension for each year he or she received pension payments. In each January thereafter, the firefighter shall receive an additional increase of 2% of the original monthly pension. Effective January 1976, the rate of the annual increase shall be 3%.

(c-1) On January 1, 1998, every child's disability benefit payable on that date under Section 4-110 or 4-110.1 shall be increased by an amount equal to 1/12 of 3% of the amount of the benefit, multiplied by the number of months for which the benefit has been payable. On each January 1 thereafter, every child's disability benefit payable under Section 4-110 or 4-110.1 shall be increased by 3% of the amount of the benefit then being paid, including any previous increases received under this Article. These increases are not subject to any limitation on the maximum benefit amount included in Section 4-110 or 4-110.1.

(c-2) On July 1, 2004, every pension payable to or on behalf of a minor or disabled surviving child that is payable on that date under Section 4-114 shall be increased by an amount equal to 1/12 of 3% of the amount of the pension, multiplied by the number of months for which the benefit has been payable. On July 1, 2005, July 1, 2006, July 1, 2007, and July 1, 2008, every pension payable to or on behalf of a minor or disabled surviving child that is payable under Section 4-114 shall be increased by 3% of the amount of the pension then being paid, including any previous increases received under this Article. These increases are not subject to any limitation on the maximum benefit amount included in Section 4-114.

(d) The monthly pension of a firefighter who retires after January 1, 1986, shall, upon either the first of the month following the first anniversary of the date of retirement if 55 years of age or over, or upon the first day of the month following attainment of age 55 if it occurs after the first anniversary of retirement, be increased by 1/12 of 3% of the originally granted monthly pension for each full month that has elapsed since the pension began, and by an additional 3% in each January thereafter.

The changes made to this subsection (d) by this amendatory Act of the 91st General Assembly apply to all initial increases that become payable under this subsection on or after January 1, 1999. All initial increases that became payable under this subsection on or after January 1, 1999 and before the effective date of this amendatory Act shall be recalculated and the additional amount accruing for that period, if any, shall be payable to the pensioner in a lump sum.

(e) Notwithstanding the provisions of subsection (a), upon the first day of the month following (1) the first anniversary of the date of retirement, or (2) the attainment of age 55, or (3) July 1, 1987, whichever occurs latest, the monthly pension of a firefighter who retired on or after January 1, 1977 and on or before January 1, 1986 and did not receive an increase under subsection (a) before July 1, 1987, shall be increased by 3% of the originally granted monthly pension for each full year that has elapsed since the pension began, and by an additional 3% in each January thereafter. The increases provided under this subsection are in lieu of the increases provided in subsection (a).

(f) In July 2009, the monthly pension of a firefighter who retired before July 1, 1977 shall be recalculated and increased to reflect the amount that the firefighter would have received in July 2009 had the firefighter been receiving a 3% compounded increase for each year he or she received pension payments after January 1, 1986, plus any increases in

pension received for each year prior to January 1, 1986. In each January thereafter, he or she shall receive an additional increase of 3% of the amount of the pension then being paid. The changes made to this Section by this amendatory Act of the 96th General Assembly apply without regard to whether the firefighter was in service on or after its effective date.

(g) Notwithstanding any other provision of this Article, the monthly pension of a person who first becomes a firefighter under this Article on or after January 1, 2011 shall be increased on the January 1 occurring either on or after the attainment of age 60 or the first anniversary of the pension start date, whichever is later. Each annual increase shall be calculated at 3% or one-half the annual unadjusted percentage increase (but not less than zero) in the consumer price index-u for the 12 months ending with the September preceding each November 1, whichever is less, of the originally granted pension. If the annual unadjusted percentage change in the consumer price index-u for a 12-month period ending in September is zero or, when compared with the preceding period, decreases, then the pension shall not be increased.

For the purposes of this subsection (g), "consumer price index-u" means the index published by the Bureau of Labor Statistics of the United States Department of Labor that measures the average change in prices of goods and services purchased by all urban consumers, United States city average, all items, 1982-84 = 100. The new amount resulting from each annual adjustment shall be determined by the Public Pension Division of the Department of Insurance and made available to the boards of the pension funds.

(40 ILCS 5/4-114) (from Ch. 108 1/2, par. 4-114)

Sec. 4-114. Pension to survivors. If a firefighter who is not receiving a disability pension under Section 4-110 or 4-110.1 dies (1) as a result of any illness or accident, or (2) from any cause while in receipt of a disability pension under this Article, or (3) during retirement after 20 years service, or (4) while vested for or in receipt of a pension payable under subsection (b) of Section 4-109, or (5) while a deferred pensioner, having made all required contributions, a pension shall be paid to his or her survivors, based on the monthly salary attached to the firefighter's rank on the last day of service in the fire department, as follows:

(a)(1) To the surviving spouse, a monthly pension of 40% of the monthly salary, and to the guardian of any minor child or

New matter indicated by italics - deletions by strikeout
children including a child which has been conceived but not yet born, 12% of such monthly salary for each such child until attainment of age 18 or until the child's marriage, whichever occurs first. Beginning July 1, 1993, the monthly pension to the surviving spouse shall be 54% of the monthly salary for all persons receiving a surviving spouse pension under this Article, regardless of whether the deceased firefighter was in service on or after the effective date of this amendatory Act of 1993.

(2) Beginning July 1, 2004, unless the amount provided under paragraph (1) of this subsection (a) is greater, the total monthly pension payable under this paragraph (a), including any amount payable on account of children, to the surviving spouse of a firefighter who died (i) while receiving a retirement pension, (ii) while he or she was a deferred pensioner with at least 20 years of creditable service, or (iii) while he or she was in active service having at least 20 years of creditable service, regardless of age, shall be no less than 100% of the monthly retirement pension earned by the deceased firefighter at the time of death, regardless of whether death occurs before or after attainment of age 50, including any increases under Section 4-109.1. This minimum applies to all such surviving spouses who are eligible to receive a surviving spouse pension, regardless of whether the deceased firefighter was in service on or after the effective date of this amendatory Act of the 93rd General Assembly, and notwithstanding any limitation on maximum pension under paragraph (d) or any other provision of this Article.

(3) If the pension paid on and after July 1, 2004 to the surviving spouse of a firefighter who died on or after July 1, 2004 and before the effective date of this amendatory Act of the 93rd General Assembly was less than the minimum pension payable under paragraph (1) or (2) of this subsection (a), the fund shall pay a lump sum equal to the difference within 90 days after the effective date of this amendatory Act of the 93rd General Assembly.

The pension to the surviving spouse shall terminate in the event of the surviving spouse's remarriage prior to July 1, 1993; remarriage on or after that date does not affect the surviving spouse's pension, regardless of whether the deceased firefighter
was in service on or after the effective date of this amendatory Act of 1993.

The surviving spouse's pension shall be subject to the minimum established in Section 4-109.2.

(b) Upon the death of the surviving spouse leaving one or more minor children, to the duly appointed guardian of each such child, for support and maintenance of each such child until the child reaches age 18 or marries, whichever occurs first, a monthly pension of 20% of the monthly salary.

(c) If a deceased firefighter leaves no surviving spouse or unmarried minor children under age 18, but leaves a dependent father or mother, to each dependent parent a monthly pension of 18% of the monthly salary. To qualify for the pension, a dependent parent must furnish satisfactory proof that the deceased firefighter was at the time of his or her death the sole supporter of the parent or that the parent was the deceased's dependent for federal income tax purposes.

(d) The total pension provided under paragraphs (a), (b) and (c) of this Section shall not exceed 75% of the monthly salary of the deceased firefighter (1) when paid to the survivor of a firefighter who has attained 20 or more years of service credit and who receives or is eligible to receive a retirement pension under this Article, or (2) when paid to the survivor of a firefighter who dies as a result of illness or accident, or (3) when paid to the survivor of a firefighter who dies from any cause while in receipt of a disability pension under this Article, or (4) when paid to the survivor of a deferred pensioner. For all other survivors of deceased firefighters, the total pension provided under paragraphs (a), (b) and (c) of this Section shall not exceed 50% of the retirement annuity the firefighter would have received on the date of death.

The maximum pension limitations in this paragraph (d) do not control over any contrary provision of this Article explicitly establishing a minimum amount of pension or granting a one-time or annual increase in pension.

(e) If a firefighter leaves no eligible survivors under paragraphs (a), (b) and (c), the board shall refund to the firefighter's estate the amount of his or her accumulated contributions, less the
amount of pension payments, if any, made to the firefighter while living.

(f) (Blank).

(g) If a judgment of dissolution of marriage between a firefighter and spouse is judicially set aside subsequent to the firefighter's death, the surviving spouse is eligible for the pension provided in paragraph (a) only if the judicial proceedings are filed within 2 years after the date of the dissolution of marriage and within one year after the firefighter's death and the board is made a party to the proceedings. In such case the pension shall be payable only from the date of the court's order setting aside the judgment of dissolution of marriage.

(h) Benefits payable on account of a child under this Section shall not be reduced or terminated by reason of the child's attainment of age 18 if he or she is then dependent by reason of a physical or mental disability but shall continue to be paid as long as such dependency continues. Individuals over the age of 18 and adjudged as a disabled person pursuant to Article X1a of the Probate Act of 1975, except for persons receiving benefits under Article III of the Illinois Public Aid Code, shall be eligible to receive benefits under this Act.

(i) Beginning January 1, 2000, the pension of the surviving spouse of a firefighter who dies on or after January 1, 1994 as a result of sickness, accident, or injury incurred in or resulting from the performance of an act of duty or from the cumulative effects of acts of duty shall not be less than 100% of the salary attached to the rank held by the deceased firefighter on the last day of service, notwithstanding subsection (d) or any other provision of this Article.

(j) Beginning July 1, 2004, the pension of the surviving spouse of a firefighter who dies on or after January 1, 1988 as a result of sickness, accident, or injury incurred in or resulting from the performance of an act of duty or from the cumulative effects of acts of duty shall not be less than 100% of the salary attached to the rank held by the deceased firefighter on the last day of service, notwithstanding subsection (d) or any other provision of this Article.

Notwithstanding any other provision of this Article, if a person who first becomes a firefighter under this Article on or after January 1,
2011 and who is not receiving a disability pension under Section 4-110 or 4-110.1 dies (1) as a result of any illness or accident, (2) from any cause while in receipt of a disability pension under this Article, (3) during retirement after 20 years service, (4) while vested for or in receipt of a pension payable under subsection (b) of Section 4-109, or (5) while a deferred pensioner, having made all required contributions, then a pension shall be paid to his or her survivors in the amount of 66 2/3% of the firefighter's earned pension at the date of death. Nothing in this Section shall act to diminish the survivor's benefits described in subsection (j) of this Section.

Notwithstanding any other provision of this Article, the monthly pension of a survivor of a person who first becomes a firefighter under this Article on or after January 1, 2011 shall be increased on the January 1 after attainment of age 60 by the recipient of the survivor's pension and each January 1 thereafter by 3% or one-half the annual unadjusted percentage increase in the consumer price index-u for the 12 months ending with the September preceding each November 1, whichever is less, of the originally granted survivor's pension. If the annual unadjusted percentage change in the consumer price index-u for a 12-month period ending in September is zero or, when compared with the preceding period, decreases, then the survivor's pension shall not be increased.

For the purposes of this Section, "consumer price index-u" means the index published by the Bureau of Labor Statistics of the United States Department of Labor that measures the average change in prices of goods and services purchased by all urban consumers, United States city average, all items, 1982-84 = 100. The new amount resulting from each annual adjustment shall be determined by the Public Pension Division of the Department of Insurance and made available to the boards of the pension funds.

Sec. 4-118. Financing.

(a) The city council or the board of trustees of the municipality shall annually levy a tax upon all the taxable property of the municipality at the rate on the dollar which will produce an amount which, when added to the deductions from the salaries or wages of firefighters and revenues available from other sources, will equal a sum sufficient to meet the annual actuarial requirements of the pension fund, as determined by an enrolled actuary employed by the Illinois Department of Insurance or by an

enrolled actuary retained by the pension fund or municipality. For the purposes of this Section, the annual actuarial requirements of the pension fund are equal to (1) the normal cost of the pension fund, or 17.5% of the salaries and wages to be paid to firefighters for the year involved, whichever is greater, plus (2) an annual amount sufficient to bring the total assets of the pension fund up to 90% of the total actuarial liabilities of the pension fund by the end of municipal fiscal year 2040, as annually updated and determined by an enrolled actuary employed by the Illinois Department of Insurance or by an enrolled actuary retained by the pension fund or the municipality. In making these determinations, the required minimum employer contribution shall be calculated each year as a level percentage of payroll over the years remaining up to and including fiscal year 2040 and shall be determined under the projected unit credit actuarial cost method necessary to amortize the fund's unfunded accrued liabilities over a period of 40 years from July 1, 1993, as annually updated and determined by an enrolled actuary employed by the Illinois Department of Insurance or by an enrolled actuary retained by the pension fund or the municipality. The amount to be applied towards the amortization of the unfunded accrued liability in any year shall not be less than the annual amount required to amortize the unfunded accrued liability, including interest, as a level percentage of payroll over the number of years remaining in the 40 year amortization period.

(a-5) For purposes of determining the required employer contribution to a pension fund, the value of the pension fund's assets shall be equal to the actuarial value of the pension fund's assets, which shall be calculated as follows:

(1) On March 30, 2011, the actuarial value of a pension fund's assets shall be equal to the market value of the assets as of that date.

(2) In determining the actuarial value of the pension fund's assets for fiscal years after March 30, 2011, any actuarial gains or losses from investment return incurred in a fiscal year shall be recognized in equal annual amounts over the 5-year period following that fiscal year.

(b) The tax shall be levied and collected in the same manner as the general taxes of the municipality, and shall be in addition to all other taxes now or hereafter authorized to be levied upon all property within the municipality, and in addition to the amount authorized to be levied for general purposes, under Section 8-3-1 of the Illinois Municipal Code or
under Section 14 of the Fire Protection District Act. The tax shall be forwarded directly to the treasurer of the board within 30 business days of receipt by the county (or, in the case of amounts added to the tax levy under subsection (f), used by the municipality to pay the employer contributions required under subsection (b-1) of Section 15-155 of this Code).

(b-5) If a participating municipality fails to transmit to the fund contributions required of it under this Article for more than 90 days after the payment of those contributions is due, the fund may, after giving notice to the municipality, certify to the State Comptroller the amounts of the delinquent payments, and the Comptroller must, beginning in fiscal year 2016, deduct and deposit into the fund the certified amounts or a portion of those amounts from the following proportions of grants of State funds to the municipality:

(1) in fiscal year 2016, one-third of the total amount of any grants of State funds to the municipality;
(2) in fiscal year 2017, two-thirds of the total amount of any grants of State funds to the municipality; and
(3) in fiscal year 2018 and each fiscal year thereafter, the total amount of any grants of State funds to the municipality.

The State Comptroller may not deduct from any grants of State funds to the municipality more than the amount of delinquent payments certified to the State Comptroller by the fund.

(c) The board shall make available to the membership and the general public for inspection and copying at reasonable times the most recent Actuarial Valuation Balance Sheet and Tax Levy Requirement issued to the fund by the Department of Insurance.

(d) The firefighters' pension fund shall consist of the following moneys which shall be set apart by the treasurer of the municipality: (1) all moneys derived from the taxes levied hereunder; (2) contributions by firefighters as provided under Section 4-118.1; (3) all rewards in money, fees, gifts, and emoluments that may be paid or given for or on account of extraordinary service by the fire department or any member thereof, except when allowed to be retained by competitive awards; and (4) any money, real estate or personal property received by the board.

(e) For the purposes of this Section, "enrolled actuary" means an actuary: (1) who is a member of the Society of Actuaries or the American Academy of Actuaries; and (2) who is enrolled under Subtitle C of Title III of the Employee Retirement Income Security Act of 1974, or who has

been engaged in providing actuarial services to one or more public retirement systems for a period of at least 3 years as of July 1, 1983.

(f) The corporate authorities of a municipality that employs a person who is described in subdivision (d) of Section 4-106 may add to the tax levy otherwise provided for in this Section an amount equal to the projected cost of the employer contributions required to be paid by the municipality to the State Universities Retirement System under subsection (b-1) of Section 15-155 of this Code.

(g) The Commission on Government Forecasting and Accountability shall conduct a study of all funds established under this Article and shall report its findings to the General Assembly on or before January 1, 2013. To the fullest extent possible, the study shall include, but not be limited to, the following:

(1) fund balances;
(2) historical employer contribution rates for each fund;
(3) the actuarial formulas used as a basis for employer contributions, including the actual assumed rate of return for each year, for each fund;
(4) available contribution funding sources;
(5) the impact of any revenue limitations caused by PTELL and employer home rule or non-home rule status; and
(6) existing statutory funding procedures and funding enforcement mechanisms for all municipal pension funds.

January 1, 1996 for policemen born on or after January 1, 1940 but before January 1, 1945, and beginning January 1, 2000 for policemen born on or after January 1, 1945 but before January 1, 1950, and beginning January 1, 2005 for policemen born on or after January 1, 1950 but before January 1, 1955, such increases shall be 3% and such policemen shall not be subject to the 30% maximum increase.

Any policeman born before January 1, 1945 who qualifies for a minimum annuity and retires after September 1, 1967 but has not received the initial increase under this subsection before January 1, 1996 is entitled to receive the initial increase under this subsection on (1) January 1, 1996, (2) the first anniversary of the date of retirement, or (3) attainment of age 55, whichever occurs last. The changes to this Section made by Public Act 89-12 apply beginning January 1, 1996 and without regard to whether the policeman or annuitant terminated service before the effective date of that Act.

(c) To help defray the cost of such increases in annuity, there shall be deducted, beginning September 1, 1967, from each payment of salary to a policeman, 1/2 of 1% of each salary payment concurrently with and in addition to the salary deductions otherwise made for annuity purposes.

The city, in addition to the contributions otherwise made by it for annuity purposes under other provisions of this Article, shall make matching contributions concurrently with such salary deductions.

Each such 1/2 of 1% deduction from salary and each such contribution by the city of 1/2 of 1% of salary shall be credited to the Automatic Increase Reserve, to be used to defray the cost of the 1 1/2% annuity increase provided by this Section. Any balance in such reserve as of the beginning of each calendar year shall be credited with interest at the rate of 3% per annum.

Such deductions from salary and city contributions shall continue while the policeman is in service.

The salary deductions provided in this Section are not subject to refund, except to the policeman himself, in any case in which a policeman withdraws prior to qualification for minimum annuity and applies for refund or applies for annuity, and also where a term annuity becomes payable. In such cases, the total of such salary deductions shall be refunded to the policeman, without interest, and charged to the Automatic Increase Reserve.

(d) Notwithstanding any other provision of this Article, for a person who first becomes a policeman under this Article on or after January 1, 2011, the annuity to which the survivor is entitled under this subsection (d) shall be in the amount of 66 2/3% of the policeman's earned annuity at the date of death. Nothing in this subsection (d) shall act to diminish the survivor's benefits described in this Section.

Notwithstanding any other provision of this Article, the monthly annuity of a survivor of a person who first becomes a policeman under this Article on or after January 1, 2011 shall be increased on the January 1 after attainment of age 60 by the recipient of the survivor's annuity and each January 1 thereafter by 3% or one-half the annual unadjusted percentage increase (but not less than zero) in the consumer price index-u for the 12 months ending with the September preceding each November 1, whichever is less, of the originally granted annuity. If the annual unadjusted percentage change in the consumer price index-u for a 12-month period ending in September is zero or, when compared with the preceding period, decreases, then the annuity shall not be increased.

For the purposes of this subsection (d), "consumer price index-u" means the index published by the Bureau of Labor Statistics of the United States Department of Labor that measures the average change in prices of goods and services purchased by all urban consumers, United States city
average, all items, 1982-84 = 100. The new amount resulting from each annual adjustment shall be determined by the Public Pension Division of the Department of Insurance and made available to the boards of the pension funds.

(40 ILCS 5/5-168) (from Ch. 108 1/2, par. 5-168)

Sec. 5-168. Financing.

(a) Except as expressly provided in this Section, the city shall levy a tax annually upon all taxable property therein for the purpose of providing revenue for the fund.

The tax shall be at a rate that will produce a sum which, when added to the amounts deducted from the policemen's salaries and the amounts deposited in accordance with subsection (g), is sufficient for the purposes of the fund.

For the years 1968 and 1969, the city council shall levy a tax annually at a rate on the dollar of the assessed valuation of all taxable property that will produce, when extended, not to exceed $9,700,000. Beginning with the year 1970 and through 2014, each year thereafter the city council shall levy a tax annually at a rate on the dollar of the assessed valuation of all taxable property that will produce when extended an amount not to exceed the total amount of contributions by the policemen to the Fund made in the calendar year 2 years before the year for which the applicable annual tax is levied, multiplied by 1.40 for the tax levy year 1970; by 1.50 for the year 1971; by 1.65 for 1972; by 1.85 for 1973; by 1.90 for 1974; by 1.97 for 1975 through 1981; by 2.00 for 1982 and for each year through 2014 thereafter. Beginning in 2015, the city council shall levy a tax annually at a rate on the dollar of the assessed valuation of all taxable property that will produce when extended an annual amount that is equal to (1) the normal cost to the Fund, plus (2) an annual amount sufficient to bring the total assets of the Fund up to 90% of the total actuarial liabilities of the Fund by the end of fiscal year 2040, as annually updated and determined by an enrolled actuary employed by the Illinois Department of Insurance or by an enrolled actuary retained by the Fund or the city. In making these determinations, the required minimum employer contribution shall be calculated each year as a level percentage of payroll over the years remaining up to and including fiscal year 2040 and shall be determined under the projected unit credit actuarial cost method. For the purposes of this subsection (a), contributions by the

policeman to the Fund shall not include payments made by a policeman to establish credit under Section 5-214.2 of this Code.

(a-5) For purposes of determining the required employer contribution to the Fund, the value of the Fund's assets shall be equal to the actuarial value of the Fund's assets, which shall be calculated as follows:

(1) On March 30, 2011, the actuarial value of the Fund's assets shall be equal to the market value of the assets as of that date.

(2) In determining the actuarial value of the Fund's assets for fiscal years after March 30, 2011, any actuarial gains or losses from investment return incurred in a fiscal year shall be recognized in equal annual amounts over the 5-year period following that fiscal year.

(a-7) If the city fails to transmit to the Fund contributions required of it under this Article for more than 90 days after the payment of those contributions is due, the Fund may, after giving notice to the city, certify to the State Comptroller the amounts of the delinquent payments, and the Comptroller must, beginning in fiscal year 2016, deduct and deposit into the Fund the certified amounts or a portion of those amounts from the following proportions of grants of State funds to the city:

(1) in fiscal year 2016, one-third of the total amount of any grants of State funds to the city;

(2) in fiscal year 2017, two-thirds of the total amount of any grants of State funds to the city; and

(3) in fiscal year 2018 and each fiscal year thereafter, the total amount of any grants of State funds to the city.

The State Comptroller may not deduct from any grants of State funds to the city more than the amount of delinquent payments certified to the State Comptroller by the Fund.

(b) The tax shall be levied and collected in like manner with the general taxes of the city, and is in addition to all other taxes which the city is now or may hereafter be authorized to levy upon all taxable property therein, and is exclusive of and in addition to the amount of tax the city is now or may hereafter be authorized to levy for general purposes under any law which may limit the amount of tax which the city may levy for general purposes. The county clerk of the county in which the city is located, in reducing tax levies under Section 8-3-1 of the Illinois Municipal Code, shall not consider the tax herein authorized as a part of the general tax levy

for city purposes, and shall not include the tax in any limitation of the
percent of the assessed valuation upon which taxes are required to be
extended for the city.

(c) On or before January 10 of each year, the board shall notify the
city council of the requirement that the tax herein authorized be levied by
the city council for that current year. The board shall compute the amounts
necessary for the purposes of this fund to be credited to the reserves
established and maintained within the fund; shall make an annual
determination of the amount of the required city contributions; and shall
certify the results thereof to the city council.

As soon as any revenue derived from the tax is collected it shall be
paid to the city treasurer of the city and shall be held by him for the benefit
of the fund in accordance with this Article.

(d) If the funds available are insufficient during any year to meet
the requirements of this Article, the city may issue tax anticipation
warrants against the tax levy for the current fiscal year.

(e) The various sums, including interest, to be contributed by the
city, shall be taken from the revenue derived from such tax or otherwise as
expressly provided in this Section. Any moneys of the city derived from
any source other than the tax herein authorized shall not be used for any
purpose of the fund nor the cost of administration thereof, unless applied
to make the deposit expressly authorized in this Section or the additional
city contributions required under subsection (h).

(f) If it is not possible or practicable for the city to make its
contributions at the time that salary deductions are made, the city shall
make such contributions as soon as possible thereafter, with interest
thereon to the time it is made.

(g) In lieu of levying all or a portion of the tax required under this
Section in any year, the city may deposit with the city treasurer no later
than March 1 of that year for the benefit of the fund, to be held in
accordance with this Article, an amount that, together with the taxes levied
under this Section for that year, is not less than the amount of the city
contributions for that year as certified by the board to the city council. The
deposit may be derived from any source legally available for that purpose,
including, but not limited to, the proceeds of city borrowings. The making
of a deposit shall satisfy fully the requirements of this Section for that year
to the extent of the amounts so deposited. Amounts deposited under this
subsection may be used by the fund for any of the purposes for which the
proceeds of the tax levied under this Section may be used, including the

New matter indicated by italics - deletions by strikeout
payment of any amount that is otherwise required by this Article to be paid from the proceeds of that tax.

(h) In addition to the contributions required under the other provisions of this Article, by November 1 of the following specified years, the city shall deposit with the city treasurer for the benefit of the fund, to be held and used in accordance with this Article, the following specified amounts: $6,300,000 in 1999; $5,880,000 in 2000; $5,460,000 in 2001; $5,040,000 in 2002; and $4,620,000 in 2003.

The additional city contributions required under this subsection are intended to decrease the unfunded liability of the fund and shall not decrease the amount of the city contributions required under the other provisions of this Article. The additional city contributions made under this subsection may be used by the fund for any of its lawful purposes.

Sec. 5-238. Provisions applicable to new hires.

(a) Notwithstanding any other provision of this Article, the provisions of this Section apply to a person who first becomes a policeman under this Article on or after January 1, 2011.

(b) A policeman age 55 or more who has 10 or more years of service in that capacity shall be entitled at his option to receive a monthly retirement annuity for his service as a police officer computed by multiplying 2.5% for each year of such service by his or her final average salary.

The retirement annuity of a policeman who is retiring after attaining age 50 with 10 or more years of creditable service shall be reduced by one-half of 1% for each month that the police officer's age is under age 55.

The maximum retirement annuity under this subsection (b) shall be 75% of final average salary.

For the purposes of this subsection (b), "final average salary" means the average monthly salary obtained by dividing the total salary of the policeman during the 96 consecutive months of service within the last 120 months of service in which the total salary was the highest by the number of months of service in that period.

Beginning on January 1, 2011, for all purposes under this Code (including without limitation the calculation of benefits and employee contributions), the annual salary based on the plan year of a member or participant to whom this Section applies shall not exceed $106,800;

however, that amount shall annually thereafter be increased by the lesser of (i) 3% of that amount, including all previous adjustments, or (ii) one-half the annual unadjusted percentage increase (but not less than zero) in the consumer price index-u for the 12 months ending with the September preceding each November 1, including all previous adjustments.

(c) Notwithstanding any other provision of this Article, for a person who first becomes a policeman under this Article on or after January 1, 2011, the annuity to which the surviving spouse, children, or parents are entitled under this subsection (c) shall be in the amount of 66 2/3% of the policeman's earned annuity at the date of death.

Notwithstanding any other provision of this Article, the monthly annuity of a survivor of a person who first becomes a policeman under this Article on or after January 1, 2011 shall be increased on the January 1 after attainment of age 60 by the recipient of the survivor's annuity and each January 1 thereafter by 3% or one-half the annual unadjusted percentage increase (but not less than zero) in the consumer price index-u for the 12 months ending with the September preceding each November 1, whichever is less, of the originally granted survivor's annuity. If the unadjusted percentage change in the consumer price index-u for a 12-month period ending in September is zero or, when compared with the preceding period, decreases, then the annuity shall not be increased.

For the purposes of this Section, "consumer price index-u" means the index published by the Bureau of Labor Statistics of the United States Department of Labor that measures the average change in prices of goods and services purchased by all urban consumers, United States city average, all items, 1982-84 = 100. Sec. 6-164. Automatic annual increase; retirement after September 1, 1959.

(a) A fireman qualifying for a minimum annuity who retires from service after September 1, 1959 shall, upon either the first of the month following the first anniversary of his date of retirement if he is age 60 (age 55 if born before January 1, 1955) or over on that anniversary date, or upon the first of the month following his attainment of age 60 (age 55 if born before January 1, 1955) if that occurs after the first anniversary of his retirement date, have his then fixed and payable monthly annuity increased

by 1 1/2%, and such first fixed annuity as granted at retirement increased by an additional 1 1/2% in January of each year thereafter up to a maximum increase of 30%. Beginning July 1, 1982 for firemen born before January 1, 1930, and beginning January 1, 1990 for firemen born after December 31, 1929 and before January 1, 1940, and beginning January 1, 1996 for firemen born after December 31, 1939 but before January 1, 1945, and beginning January 1, 2004, for firemen born after December 31, 1944 but before January 1, 1955, such increases shall be 3% and such firemen shall not be subject to the 30% maximum increase.

Any fireman born before January 1, 1945 who qualifies for a minimum annuity and retires after September 1, 1967 but has not received the initial increase under this subsection before January 1, 1996 is entitled to receive the initial increase under this subsection on (1) January 1, 1996, (2) the first anniversary of the date of retirement, or (3) attainment of age 55, whichever occurs last. The changes to this Section made by this amendatory Act of 1995 apply beginning January 1, 1996 and apply without regard to whether the fireman or annuitant terminated service before the effective date of this amendatory Act of 1995.

Any fireman born before January 1, 1955 who qualifies for a minimum annuity and retires after September 1, 1967 but has not received the initial increase under this subsection before January 1, 2004 is entitled to receive the initial increase under this subsection on (1) January 1, 2004, (2) the first anniversary of the date of retirement, or (3) attainment of age 55, whichever occurs last. The changes to this Section made by this amendatory Act of the 93rd General Assembly apply without regard to whether the fireman or annuitant terminated service before the effective date of this amendatory Act.

(b) Subsection (a) of this Section is not applicable to an employee receiving a term annuity.

(c) To help defray the cost of such increases in annuity, there shall be deducted, beginning September 1, 1959, from each payment of salary to a fireman, 1/8 of 1% of each such salary payment and an additional 1/8 of 1% beginning on September 1, 1961, and September 1, 1963, respectively, concurrently with and in addition to the salary deductions otherwise made for annuity purposes.

Each such additional 1/8 of 1% deduction from salary which shall, on September 1, 1963, result in a total increase of 3/8 of 1% of salary, shall be credited to the Automatic Increase Reserve, to be used, together with city contributions as provided in this Article, to defray the cost of the
1 1/2% annuity increments herein specified. Any balance in such reserve as of the beginning of each calendar year shall be credited with interest at the rate of 3% per annum.

The salary deductions provided in this Section are not subject to refund, except to the fireman himself, in any case in which a fireman withdraws prior to qualification for minimum annuity and applies for refund, or applies for annuity, and also where a term annuity becomes payable. In such cases, the total of such salary deductions shall be refunded to the fireman, without interest, and charged to the aforementioned reserve.

(d) Notwithstanding any other provision of this Article, the monthly annuity of a person who first becomes a fireman under this Article on or after January 1, 2011 shall be increased on the January 1 occurring either on or after the attainment of age 60 or the first anniversary of the annuity start date, whichever is later. Each annual increase shall be calculated at 3% or one-half the annual unadjusted percentage increase (but not less than zero) in the consumer price index-u for the 12 months ending with the September preceding each November 1, whichever is less, of the originally granted retirement annuity. If the annual unadjusted percentage change in the consumer price index-u for a 12-month period ending in September is zero or, when compared with the preceding period, decreases, then the annuity shall not be increased.

equalized or assessed by the Department of Revenue, of all taxable property in the city. Beginning with the year 1972 and through 2014, each year thereafter the city shall levy a tax annually at a rate on the dollar of the value, as equalized or assessed by the Department of Revenue of all taxable property within such city that will produce, when extended, not to exceed an amount equal to the total amount of contributions by the employees to the fund made in the calendar year 2 years prior to the year for which the annual applicable tax is levied, multiplied by 2.23 through the calendar year 1981, and by 2.26 for the year 1982 and for each year through 2014 thereafter. Beginning in 2015, the city council shall levy a tax annually at a rate on the dollar of the assessed valuation of all taxable property that will produce when extended an annual amount that is equal to (1) the normal cost to the Fund, plus (2) an annual amount sufficient to bring the total assets of the Fund up to 90% of the total actuarial liabilities of the Fund by the end of fiscal year 2040, as annually updated and determined by an enrolled actuary employed by the Illinois Department of Insurance or by an enrolled actuary retained by the Fund or the city. In making these determinations, the required minimum employer contribution shall be calculated each year as a level percentage of payroll over the years remaining up to and including fiscal year 2040 and shall be determined under the projected unit credit actuarial cost method.

To provide revenue for the ordinary death benefit established by Section 6-150 of this Article, in addition to the contributions by the firemen for this purpose, the city council shall for the year 1962 and each year thereafter annually levy a tax, which shall be in addition to and exclusive of the taxes authorized to be levied under the foregoing provisions of this Section, upon all taxable property in the city, as equalized or assessed by the Department of Revenue, at such rate per cent of the value of such property as shall be sufficient to produce for each year the sum of $142,000.

(c) A sheriff's law enforcement employee who has service in any other capacity may convert up to 10 years of that service into service as a sheriff's law enforcement employee by paying to the Fund an amount equal to (1) the additional employee contribution required under Section 7-173.1, plus (2) the additional employer contribution required under Section 7-172, plus (3) interest on items (1) and (2) at the prescribed rate from the date of the service to the date of payment.

(d) The changes to subsections (a) and (b) of this Section made by this amendatory Act of the 94th General Assembly apply only to persons in service on or after July 1, 2004. In the case of such a person who begins to receive a retirement annuity before the effective date of this amendatory Act of the 94th General Assembly, the annuity shall be recalculated prospectively to reflect those changes, with the resulting increase beginning to accrue on the first annuity payment date following the effective date of this amendatory Act.

(e) Any elected county officer who was entitled to receive a stipend from the State on or after July 1, 2009 and on or before June 30, 2010 may establish earnings credit for the amount of stipend not received, if the elected county official applies in writing to the fund within 6 months after the effective date of this amendatory Act of the 96th General Assembly and pays to the fund an amount equal to (i) employee contributions on the amount of stipend not received, (ii) employer contributions determined by the Board equal to the employer's normal cost of the benefit on the amount of stipend not received, plus (iii) interest on items (i) and (ii) at the actuarially assumed rate.

(f) Notwithstanding any other provision of this Article, the provisions of this subsection (f) apply to a person who first becomes a
A sheriff’s law enforcement employee age 55 or more who has 10 or more years of service in that capacity shall be entitled at his option to receive a monthly retirement annuity for his or her service as a sheriff’s law enforcement employee computed by multiplying 2.5% for each year of such service by his or her final rate of earnings.

The retirement annuity of a sheriff’s law enforcement employee who is retiring after attaining age 50 with 10 or more years of creditable service shall be reduced by one-half of 1% for each month that the sheriff’s law enforcement employee’s age is under age 55.

The maximum retirement annuity under this subsection (f) shall be 75% of final rate of earnings.

For the purposes of this subsection (f), “final rate of earnings” means the average monthly earnings obtained by dividing the total salary of the sheriff’s law enforcement employee during the 96 consecutive months of service within the last 120 months of service in which the total earnings was the highest by the number of months of service in that period.

Notwithstanding any other provision of this Article, beginning on January 1, 2011, for all purposes under this Code (including without limitation the calculation of benefits and employee contributions), the annual earnings of a sheriff’s law enforcement employee to whom this Section applies shall not include overtime and shall not exceed $106,800; however, that amount shall annually thereafter be increased by the lesser of (i) 3% of that amount, including all previous adjustments, or (ii) one-half the annual unadjusted percentage increase (but not less than zero) in the consumer price index-u for the 12 months ending with the September preceding each November 1, including all previous adjustments.

(g) Notwithstanding any other provision of this Article, the monthly annuity of a person who first becomes a sheriff’s law enforcement employee under this Article on or after January 1, 2011 shall be increased on the January 1 occurring either on or after the attainment of age 60 or the first anniversary of the annuity start date, whichever is later. Each annual increase shall be calculated at 3% or one-half the annual unadjusted percentage increase (but not less than zero) in the consumer price index-u for the 12 months ending with the September preceding each November 1, whichever is less, of the originally granted retirement annuity. If the annual unadjusted percentage change in the consumer price
index-u for a 12-month period ending in September is zero or, when compared with the preceding period, decreases, then the annuity shall not be increased.

(h) Notwithstanding any other provision of this Article, for a person who first becomes a sheriff's law enforcement employee under this Article on or after January 1, 2011, the annuity to which the surviving spouse, children, or parents are entitled under this subsection (h) shall be in the amount of 66 2/3% of the sheriff's law enforcement employee's earned annuity at the date of death.

(i) Notwithstanding any other provision of this Article, the monthly annuity of a survivor of a person who first becomes a sheriff's law enforcement employee under this Article on or after January 1, 2011 shall be increased on the January 1 after attainment of age 60 by the recipient of the survivor's annuity and each January 1 thereafter by 3% or one-half the annual unadjusted percentage increase in the consumer price index-u for the 12 months ending with the September preceding each November 1, whichever is less, of the originally granted pension. If the annual unadjusted percentage change in the consumer price index-u for a 12-month period ending in September is zero or, when compared with the preceding period, decreases, then the annuity shall not be increased.

(j) For the purposes of this Section, "consumer price index-u" means the index published by the Bureau of Labor Statistics of the United States Department of Labor that measures the average change in prices of goods and services purchased by all urban consumers, United States city average, all items, 1982-84 = 100. The new amount resulting from each annual adjustment shall be determined by the Public Pension Division of the Department of Insurance and made available to the boards of the pension funds.

Beginning on July 1, 1979 and thereafter, in addition to such income tax, there is also hereby imposed the Personal Property Tax Replacement Income Tax measured by net income on every corporation (including Subchapter S corporations), partnership and trust, for each taxable year ending after June 30, 1979. Such taxes are imposed on the privilege of earning or receiving income in or as a resident of this State. The Personal Property Tax Replacement Income Tax shall be in addition to the income tax imposed by subsections (a) and (b) of this Section and in addition to all other occupation or privilege taxes imposed by this State or by any municipal corporation or political subdivision thereof.

(d) Additional Personal Property Tax Replacement Income Tax Rates. reinsurance assumed are 50% or more of its total insurance premiums as determined under paragraph (2) of subsection (b) of Section 304, except that for purposes of this determination premiums from reinsurance do not include premiums from inter-affiliate reinsurance arrangements), beginning with taxable years ending on or after December 31, 1999, the sum of the rates of tax imposed by subsections (b) and (d) shall be reduced (but not increased) to the rate at which the total amount of tax imposed under this Act, net of all credits allowed under this Act, shall equal (i) the total amount of tax that would be imposed on the foreign insurer's net income allocable to Illinois for the taxable year by such foreign insurer's state or country of domicile if that net income were subject to all income taxes and taxes measured by net income imposed by such foreign insurer's state or country of domicile, net of all credits allowed or (ii) a rate of zero if no such tax is imposed on such income by the foreign insurer's state of domicile. (1) For the purposes of subsection (d-1), in no event shall the sum of the rates of tax imposed by subsections (b) and (d) be reduced below the rate at which the sum of:

This subsection (d-1) is exempt from the provisions of Section 250.

(e) Investment credit. A taxpayer shall be allowed a credit against the Personal Property Tax Replacement Income Tax for investment in qualified property.

(1) A taxpayer shall be allowed a credit equal to .5% of the basis of qualified property placed in service during the taxable year, provided such property is placed in service on or after July 1, 1984. There shall be allowed an additional credit equal to .5% of the basis of qualified property placed in service during the taxable year, provided such property is placed in service on or after July 1, 1986, and the taxpayer's base employment within Illinois has increased by 1% or more over the preceding year as determined by the taxpayer's employment records filed with the Illinois Department of Employment Security. Taxpayers who are new to Illinois shall be deemed to have met the 1% growth in base employment for the first year in which they file employment records with the Illinois Department of Employment Security. The provisions added to this Section by Public Act 85-1200 (and restored by Public Act 87-895) shall be construed as declaratory of existing law and not as a new enactment. If, in any year, the increase in base employment within Illinois over the preceding year is less than 1%, the additional credit shall be limited to that percentage times a fraction, the numerator of which is .5% and the denominator of which is 1%, but shall not exceed .5%. The investment credit shall not be allowed to the extent that it would reduce a taxpayer's liability in any tax year below zero, nor may any credit for qualified property be allowed for any year other than the year in which the property was placed in service in Illinois. For tax years ending on or after December 31, 1987, and on or before December 31, 1988, the credit shall be allowed for the tax year in which the property is placed in service, or, if the amount of the credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit years if the taxpayer (i) makes investments which cause the creation of a minimum of 2,000 full-time equivalent jobs in Illinois, (ii) is located in an enterprise zone established pursuant to the Illinois Enterprise Zone Act and (iii) is

certified by the Department of Commerce and Community Affairs (now Department of Commerce and Economic Opportunity) as complying with the requirements specified in clause (i) and (ii) by July 1, 1986. The Department of Commerce and Community Affairs (now Department of Commerce and Economic Opportunity) shall notify the Department of Revenue of all such certifications immediately. For tax years ending after December 31, 1988, the credit shall be allowed for the tax year in which the property is placed in service, or, if the amount of the credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit years. The credit shall be applied to the earliest year for which there is a liability. If there is credit from more than one tax year that is available to offset a liability, earlier credit shall be applied first.

(2) The term "qualified property" means property which:

(A) is tangible, whether new or used, including buildings and structural components of buildings and signs that are real property, but not including land or improvements to real property that are not a structural component of a building such as landscaping, sewer lines, local access roads, fencing, parking lots, and other appurtenances;

(B) is depreciable pursuant to Section 167 of the Internal Revenue Code, except that "3-year property" as defined in Section 168(c)(2)(A) of that Code is not eligible for the credit provided by this subsection (e);

(C) is acquired by purchase as defined in Section 179(d) of the Internal Revenue Code;

(D) is used in Illinois by a taxpayer who is primarily engaged in manufacturing, or in mining coal or fluorite, or in retailing, or was placed in service on or after July 1, 2006 in a River Edge Redevelopment Zone established pursuant to the River Edge Redevelopment Zone Act; and

(E) has not previously been used in Illinois in such a manner and by such a person as would qualify for the credit provided by this subsection (e) or subsection (f).
(3) For purposes of this subsection (e), "manufacturing" means the material staging and production of tangible personal property by procedures commonly regarded as manufacturing, processing, fabrication, or assembling which changes some existing material into new shapes, new qualities, or new combinations. For purposes of this subsection (e) the term "mining" shall have the same meaning as the term "mining" in Section 613(c) of the Internal Revenue Code. For purposes of this subsection (e), the term "retailing" means the sale of tangible personal property for use or consumption and not for resale, or services rendered in conjunction with the sale of tangible personal property for use or consumption and not for resale. For purposes of this subsection (e), "tangible personal property" has the same meaning as when that term is used in the Retailers' Occupation Tax Act, and, for taxable years ending after December 31, 2008, does not include the generation, transmission, or distribution of electricity.

(4) The basis of qualified property shall be the basis used to compute the depreciation deduction for federal income tax purposes.

(5) If the basis of the property for federal income tax depreciation purposes is increased after it has been placed in service in Illinois by the taxpayer, the amount of such increase shall be deemed property placed in service on the date of such increase in basis.

(6) The term "placed in service" shall have the same meaning as under Section 46 of the Internal Revenue Code.

(7) If during any taxable year, any property ceases to be qualified property in the hands of the taxpayer within 48 months after being placed in service, or the situs of any qualified property is moved outside Illinois within 48 months after being placed in service, the Personal Property Tax Replacement Income Tax for such taxable year shall be increased. Such increase shall be determined by (i) recomputing the investment credit which would have been allowed for the year in which credit for such property was originally allowed by eliminating such property from such computation and, (ii) subtracting such recomputed credit from the amount of credit previously allowed. For the purposes of this paragraph (7), a reduction of the basis of qualified property

resulting from a redetermination of the purchase price shall be deemed a disposition of qualified property to the extent of such reduction.

(8) Unless the investment credit is extended by law, the basis of qualified property shall not include costs incurred after December 31, 2013, except for costs incurred pursuant to a binding contract entered into on or before December 31, 2013.

(9) Each taxable year ending before December 31, 2000, a partnership may elect to pass through to its partners the credits to which the partnership is entitled under this subsection (e) for the taxable year. A partner may use the credit allocated to him or her under this paragraph only against the tax imposed in subsections (c) and (d) of this Section. If the partnership makes that election, those credits shall be allocated among the partners in the partnership in accordance with the rules set forth in Section 704(b) of the Internal Revenue Code, and the rules promulgated under that Section, and the allocated amount of the credits shall be allowed to the partners for that taxable year. The partnership shall make this election on its Personal Property Tax Replacement Income Tax return for that taxable year. The election to pass through the credits shall be irrevocable.

For taxable years ending on or after December 31, 2000, a partner that qualifies its partnership for a subtraction under subparagraph (I) of paragraph (2) of subsection (d) of Section 203 or a shareholder that qualifies a Subchapter S corporation for a subtraction under subparagraph (S) of paragraph (2) of subsection (b) of Section 203 shall be allowed a credit under this subsection (e) equal to its share of the credit earned under this subsection (e) during the taxable year by the partnership or Subchapter S corporation, determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and Subchapter S of the Internal Revenue Code. This paragraph is exempt from the provisions of Section 250.

(f) Investment credit; Enterprise Zone; River Edge Redevelopment Zone.

(1) A taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for investment in qualified property which is placed in service in an Enterprise Zone created pursuant to the Illinois Enterprise Zone Act or, for
property placed in service on or after July 1, 2006, a River Edge Redevelopment Zone established pursuant to the River Edge Redevelopment Zone Act. For partners, shareholders of Subchapter S corporations, and owners of limited liability companies, if the liability company is treated as a partnership for purposes of federal and State income taxation, there shall be allowed a credit under this subsection (f) to be determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and Subchapter S of the Internal Revenue Code. The credit shall be .5% of the basis for such property. The credit shall be available only in the taxable year in which the property is placed in service in the Enterprise Zone or River Edge Redevelopment Zone and shall not be allowed to the extent that it would reduce a taxpayer's liability for the tax imposed by subsections (a) and (b) of this Section to below zero. For tax years ending on or after December 31, 1985, the credit shall be allowed for the tax year in which the property is placed in service, or, if the amount of the credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit year. The credit shall be applied to the earliest year for which there is a liability. If there is credit from more than one tax year that is available to offset a liability, the credit accruing first in time shall be applied first.

(2) The term qualified property means property which:

(A) is tangible, whether new or used, including buildings and structural components of buildings;
(B) is depreciable pursuant to Section 167 of the Internal Revenue Code, except that "3-year property" as defined in Section 168(c)(2)(A) of that Code is not eligible for the credit provided by this subsection (f);
(C) is acquired by purchase as defined in Section 179(d) of the Internal Revenue Code;
(D) is used in the Enterprise Zone or River Edge Redevelopment Zone by the taxpayer; and
(E) has not been previously used in Illinois in such a manner and by such a person as would qualify for the credit provided by this subsection (f) or subsection (e).

(3) The basis of qualified property shall be the basis used to compute the depreciation deduction for federal income tax purposes.

(4) If the basis of the property for federal income tax depreciation purposes is increased after it has been placed in service in the Enterprise Zone or River Edge Redevelopment Zone by the taxpayer, the amount of such increase shall be deemed property placed in service on the date of such increase in basis.

(5) The term "placed in service" shall have the same meaning as under Section 46 of the Internal Revenue Code.

(6) If during any taxable year, any property ceases to be qualified property in the hands of the taxpayer within 48 months after being placed in service, or the situs of any qualified property is moved outside the Enterprise Zone or River Edge Redevelopment Zone within 48 months after being placed in service, the tax imposed under subsections (a) and (b) of this Section for such taxable year shall be increased. Such increase shall be determined by (i) recomputing the investment credit which would have been allowed for the year in which credit for such property was originally allowed by eliminating such property from such computation, and (ii) subtracting such recomputed credit from the amount of credit previously allowed. For the purposes of this paragraph (6), a reduction of the basis of qualified property resulting from a redetermination of the purchase price shall be deemed a disposition of qualified property to the extent of such reduction.

(7) There shall be allowed an additional credit equal to 0.5% of the basis of qualified property placed in service during the taxable year in a River Edge Redevelopment Zone, provided such property is placed in service on or after July 1, 2006, and the taxpayer's base employment within Illinois has increased by 1% or more over the preceding year as determined by the taxpayer's employment records filed with the Illinois Department of Employment Security. Taxpayers who are new to Illinois shall be deemed to have met the 1% growth in base employment for the first year in which they file employment records with the Illinois Department of Employment Security. If, in any year, the increase in base employment within Illinois over the preceding year is less than 1%, the additional credit shall be limited to that percentage.

(1) A taxpayer conducting a trade or business in an enterprise zone or a High Impact Business designated by the Department of Commerce and Economic Opportunity or for taxable years ending on or after December 31, 2006, in a River Edge Redevelopment Zone conducting a trade or business in a federally designated Foreign Trade Zone or Sub-Zone shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section in the amount of $500 per eligible employee hired to work in the zone during the taxable year.

(2) To qualify for the credit:

(A) the taxpayer must hire 5 or more eligible employees to work in an enterprise zone, River Edge Redevelopment Zone, or federally designated Foreign Trade Zone or Sub-Zone during the taxable year;

(B) the taxpayer's total employment within the enterprise zone, River Edge Redevelopment Zone, or federally designated Foreign Trade Zone or Sub-Zone must increase by 5 or more full-time employees beyond the total employed in that zone at the end of the previous tax year for which a jobs tax credit under this Section was taken, or beyond the total employed by the taxpayer as of December 31, 1985, whichever is later; and

(C) the eligible employees must be employed 180 consecutive days in order to be deemed hired for purposes of this subsection.

(3) An "eligible employee" means an employee who is:

(C) Employed in the enterprise zone, River Edge Redevelopment Zone, or Foreign Trade Zone or Sub-Zone. An employee is employed in an enterprise zone or federally designated Foreign Trade Zone or Sub-Zone if his services are rendered there or it is the base of operations for the services performed.

(D) A full-time employee working 30 or more hours per week.

(4) For tax years ending on or after December 31, 1985 and prior to December 31, 1988, the credit shall be allowed for the tax year in which the eligible employees are hired. For tax years ending on or after December 31, 1988, the credit shall be allowed for the tax year immediately following the tax year in which the eligible employees are hired. If the amount of the credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit year. The credit shall be applied to the earliest year for which there is a liability. If there is credit from more than one tax year that is available to offset a liability, earlier credit shall be applied first.

(5) The Department of Revenue shall promulgate such rules and regulations as may be deemed necessary to carry out the purposes of this subsection (g).

(6) The credit shall be available for eligible employees hired on or after January 1, 1986.

(h) Investment credit; High Impact Business.

The credit shall be .5% of the basis for such property. The credit shall not be available (i) until the minimum investments in qualified property set forth in subdivision (a)(3)(A) of Section 5.5 of the Illinois Enterprise Zone Act have been satisfied or (ii) until the time authorized in
subsection (b-5) of the Illinois Enterprise Zone Act for entities designated as High Impact Businesses under subdivisions (a)(3)(B), (a)(3)(C), and (a)(3)(D) of Section 5.5 of the Illinois Enterprise Zone Act, and shall not be allowed to the extent that it would reduce a taxpayer's liability for the tax imposed by subsections (a) and (b) of this Section to below zero. The credit applicable to such investments shall be taken in the taxable year in which such investments have been completed. The credit for additional investments beyond the minimum investment by a designated high impact business authorized under subdivision (a)(3)(A) of Section 5.5 of the Illinois Enterprise Zone Act shall be available only in the taxable year in which the property is placed in service and shall not be allowed to the extent that it would reduce a taxpayer's liability for the tax imposed by subsections (a) and (b) of this Section to below zero. For tax years ending on or after December 31, 1987, the credit shall be allowed for the tax year in which the property is placed in service, or, if the amount of the credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit year. The credit shall be applied to the earliest year for which there is a liability. If there is credit from more than one tax year that is available to offset a liability, the credit accruing first in time shall be applied first.

(3) The basis of qualified property shall be the basis used to compute the depreciation deduction for federal income tax purposes.

(4) If the basis of the property for federal income tax depreciation purposes is increased after it has been placed in service in a federally designated Foreign Trade Zone or Sub-Zone located in Illinois by the taxpayer, the amount of such increase shall be deemed property placed in service on the date of such increase in basis.

(5) The term "placed in service" shall have the same meaning as under Section 46 of the Internal Revenue Code.

(6) If during any taxable year ending on or before December 31, 1996, any property ceases to be qualified property in the hands of the taxpayer within 48 months after being placed in service, or the situs of any qualified property is moved outside Illinois within 48 months after being placed in service, the tax imposed under subsections (a) and (b) of this Section for such taxable year shall be increased. Such increase shall be determined by (i) recomputing the investment credit which would have been allowed for the year in which credit for such property was originally allowed by eliminating such property from such computation, and (ii) subtracting such recomputed credit from the amount of credit previously allowed. For the purposes of this paragraph (6), a reduction of the basis of qualified property resulting from a redetermination of the purchase price shall be deemed a disposition of qualified property to the extent of such reduction.

(7) Beginning with tax years ending after December 31, 1996, if a taxpayer qualifies for the credit under this subsection (h) and thereby is granted a tax abatement and the taxpayer relocates its entire facility in violation of the explicit terms and length of the contract under Section 18-183 of the Property Tax Code, the tax imposed under subsections (a) and (b) of this Section shall be increased for the taxable year in which the taxpayer relocated its facility by an amount equal to the amount of credit received by the taxpayer under this subsection (h).

(i) Credit for Personal Property Tax Replacement Income Tax. For tax years ending prior to December 31, 2003, a credit shall be allowed against the tax imposed by subsections (a) and (b) of this Section for the
tax imposed by subsections (c) and (d) of this Section. This credit shall be computed by multiplying the tax imposed by subsections (c) and (d) of this Section by a fraction, the numerator of which is base income allocable to Illinois and the denominator of which is Illinois base income, and further multiplying the product by the tax rate imposed by subsections (a) and (b) of this Section.

Any credit earned on or after December 31, 1986 under this subsection which is unused in the year the credit is computed because it exceeds the tax liability imposed by subsections (a) and (b) for that year (whether it exceeds the original liability or the liability as later amended) may be carried forward and applied to the tax liability imposed by subsections (a) and (b) of the 5 taxable years following the excess credit year, provided that no credit may be carried forward to any year ending on or after December 31, 2003. This credit shall be applied first to the earliest year for which there is a liability. If there is a credit under this subsection from more than one tax year that is available to offset a liability the earliest credit arising under this subsection shall be applied first.

If, during any taxable year ending on or after December 31, 1986, the tax imposed by subsections (c) and (d) of this Section for which a taxpayer has claimed a credit under this subsection (i) is reduced, the amount of credit for such tax shall also be reduced. Such reduction shall be determined by recomputing the credit to take into account the reduced tax imposed by subsections (c) and (d). If any portion of the reduced amount of credit has been carried to a different taxable year, an amended return shall be filed for such taxable year to reduce the amount of credit claimed.

(j) Training expense credit. Beginning with tax years ending on or after December 31, 1986 and prior to December 31, 2003, a taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) under this Section for all amounts paid or accrued, on behalf of all persons employed by the taxpayer in Illinois or Illinois residents employed outside of Illinois by a taxpayer, for educational or vocational training in semi-technical or technical fields or semi-skilled or skilled fields, which were deducted from gross income in the computation of taxable income. The credit against the tax imposed by subsections (a) and (b) shall be 1.6% of such training expenses. For partners, shareholders of subchapter S corporations, and owners of limited liability companies, if the liability company is treated as a partnership for purposes of federal and State income taxation, there shall be allowed a credit under this subsection (j) to

be determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and subchapter S of the Internal Revenue Code.

Any credit allowed under this subsection which is unused in the year the credit is earned may be carried forward to each of the 5 taxable years following the year for which the credit is first computed until it is used. This credit shall be applied first to the earliest year for which there is a liability. If there is a credit under this subsection from more than one tax year that is available to offset a liability the earliest credit arising under this subsection shall be applied first. No carryforward credit may be claimed in any tax year ending on or after December 31, 2003.

(k) Research and development credit.

For tax years ending after July 1, 1990 and prior to December 31, 2003, and beginning again for tax years ending on or after December 31, 2004, and ending prior to January 1, 2011, a taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for increasing research activities in this State. The credit allowed against the tax imposed by subsections (a) and (b) shall be equal to 6 1/2% of the qualifying expenditures for increasing research activities in this State. For partners, shareholders of subchapter S corporations, and owners of limited liability companies, if the liability company is treated as a partnership for purposes of federal and State income taxation, there shall be allowed a credit under this subsection to be determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and subchapter S of the Internal Revenue Code.

For purposes of this subsection, "qualifying expenditures" means the qualifying expenditures as defined for the federal credit for increasing research activities which would be allowable under Section 41 of the Internal Revenue Code and which are conducted in this State, "qualifying expenditures for increasing research activities in this State" means the excess of qualifying expenditures for the taxable year in which incurred over qualifying expenditures for the base period, "qualifying expenditures for the base period" means the average of the qualifying expenditures for each year in the base period, and "base period" means the 3 taxable years immediately preceding the taxable year for which the determination is being made.

Any credit in excess of the tax liability for the taxable year may be carried forward. A taxpayer may elect to have the unused credit shown on its final completed return carried over as a credit against the tax liability.
for the following 5 taxable years or until it has been fully used, whichever occurs first; provided that no credit earned in a tax year ending prior to December 31, 2003 may be carried forward to any year ending on or after December 31, 2003, and no credit may be carried forward to any taxable year ending on or after January 1, 2011.

If an unused credit is carried forward to a given year from 2 or more earlier years, that credit arising in the earliest year will be applied first against the tax liability for the given year. If a tax liability for the given year still remains, the credit from the next earliest year will then be applied, and so on, until all credits have been used or no tax liability for the given year remains. Any remaining unused credit or credits then will be carried forward to the next following year in which a tax liability is incurred, except that no credit can be carried forward to a year which is more than 5 years after the year in which the expense for which the credit is given was incurred.

No inference shall be drawn from this amendatory Act of the 91st General Assembly in construing this Section for taxable years beginning before January 1, 1999.

(l) Environmental Remediation Tax Credit.

(i) For tax years ending after December 31, 1997 and on or before December 31, 2001, a taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for certain amounts paid for unreimbursed eligible remediation costs, as specified in this subsection. For purposes of this Section, "unreimbursed eligible remediation costs" means costs approved by the Illinois Environmental Protection Agency ("Agency") under Section 58.14 of the Environmental Protection Act that were paid in performing environmental remediation at a site for which a No Further Remediation Letter was issued by the Agency and recorded under Section 58.10 of the Environmental Protection Act. The credit must be claimed for the taxable year in which Agency approval of the eligible remediation costs is granted. The credit is not available to any taxpayer if the taxpayer or any related party caused or contributed to, in any material respect, a release of regulated substances on, in, or under the site that was identified and addressed by the remedial action pursuant to the Site Remediation Program of the Environmental Protection Act. After the Pollution Control Board rules are adopted pursuant to the Illinois Administrative Procedure Act for the administration and

enforcement of Section 58.9 of the Environmental Protection Act, determinations as to credit availability for purposes of this Section shall be made consistent with those rules. For purposes of this Section, "taxpayer" includes a person whose tax attributes the taxpayer has succeeded to under Section 381 of the Internal Revenue Code and "related party" includes the persons disallowed a deduction for losses by paragraphs (b), (c), and (f)(1) of Section 267 of the Internal Revenue Code by virtue of being a related taxpayer, as well as any of its partners. The credit allowed against the tax imposed by subsections (a) and (b) shall be equal to 25% of the unreimbursed eligible remediation costs in excess of $100,000 per site, except that the $100,000 threshold shall not apply to any site contained in an enterprise zone as determined by the Department of Commerce and Community Affairs (now Department of Commerce and Economic Opportunity). The total credit allowed shall not exceed $40,000 per year with a maximum total of $150,000 per site. For partners and shareholders of subchapter S corporations, there shall be allowed a credit under this subsection to be determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and subchapter S of the Internal Revenue Code.

(ii) A credit allowed under this subsection that is unused in the year the credit is earned may be carried forward to each of the 5 taxable years following the year for which the credit is first earned until it is used. The term "unused credit" does not include any amounts of unreimbursed eligible remediation costs in excess of the maximum credit per site authorized under paragraph (i). This credit shall be applied first to the earliest year for which there is a liability. If there is a credit under this subsection from more than one tax year that is available to offset a liability, the earliest credit arising under this subsection shall be applied first. A credit allowed under this subsection may be sold to a buyer as part of a sale of all or part of the remediation site for which the credit was granted. The purchaser of a remediation site and the tax credit shall succeed to the unused credit and remaining carry-forward period of the seller. To perfect the transfer, the assignor shall record the transfer in the chain of title for the site and provide written notice to the Director of the Illinois Department of Revenue of the assignor's

intent to sell the remediation site and the amount of the tax credit to be transferred as a portion of the sale. In no event may a credit be transferred to any taxpayer if the taxpayer or a related party would not be eligible under the provisions of subsection (i).

(iii) For purposes of this Section, the term "site" shall have the same meaning as under Section 58.2 of the Environmental Protection Act.

(m) Education expense credit. Beginning with tax years ending after December 31, 1999, a taxpayer who is the custodian of one or more qualifying pupils shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for qualified education expenses incurred on behalf of the qualifying pupils. The credit shall be equal to 25% of qualified education expenses, but in no event may the total credit under this subsection claimed by a family that is the custodian of qualifying pupils exceed $500. In no event shall a credit under this subsection reduce the taxpayer's liability under this Act to less than zero. This subsection is exempt from the provisions of Section 250 of this Act.

For purposes of this subsection:

"Qualifying pupils" means individuals who (i) are residents of the State of Illinois, (ii) are under the age of 21 at the close of the school year for which a credit is sought, and (iii) during the school year for which a credit is sought were full-time pupils enrolled in a kindergarten through twelfth grade education program at any school, as defined in this subsection.

"Qualified education expense" means the amount incurred on behalf of a qualifying pupil in excess of $250 for tuition, book fees, and lab fees at the school in which the pupil is enrolled during the regular school year.

"School" means any public or nonpublic elementary or secondary school in Illinois that is in compliance with Title VI of the Civil Rights Act of 1964 and attendance at which satisfies the requirements of Section 26-1 of the School Code, except that nothing shall be construed to require a child to attend any particular public or nonpublic school to qualify for the credit under this Section.

"Custodian" means, with respect to qualifying pupils, an Illinois resident who is a parent, the parents, a legal guardian, or the legal guardians of the qualifying pupils.

(n) River Edge Redevelopment Zone site remediation tax credit.
(i) For tax years ending on or after December 31, 2006, a taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for certain amounts paid for unreimbursed eligible remediation costs, as specified in this subsection. For purposes of this Section, "unreimbursed eligible remediation costs" means costs approved by the Illinois Environmental Protection Agency ("Agency") under Section 58.14a of the Environmental Protection Act that were paid in performing environmental remediation at a site within a River Edge Redevelopment Zone for which a No Further Remediation Letter was issued by the Agency and recorded under Section 58.10 of the Environmental Protection Act. The credit must be claimed for the taxable year in which Agency approval of the eligible remediation costs is granted. The credit is not available to any taxpayer if the taxpayer or any related party caused or contributed to, in any material respect, a release of regulated substances on, in, or under the site that was identified and addressed by the remedial action pursuant to the Site Remediation Program of the Environmental Protection Act. Determinations as to credit availability for purposes of this Section shall be made consistent with rules adopted by the Pollution Control Board pursuant to the Illinois Administrative Procedure Act for the administration and enforcement of Section 58.9 of the Environmental Protection Act. For purposes of this Section, "taxpayer" includes a person whose tax attributes the taxpayer has succeeded to under Section 381 of the Internal Revenue Code and "related party" includes the persons disallowed a deduction for losses by paragraphs (b), (c), and (f)(1) of Section 267 of the Internal Revenue Code by virtue of being a related taxpayer, as well as any of its partners. The credit allowed against the tax imposed by subsections (a) and (b) shall be equal to 25% of the unreimbursed eligible remediation costs in excess of $100,000 per site.

(ii) A credit allowed under this subsection that is unused in the year the credit is earned may be carried forward to each of the 5 taxable years following the year for which the credit is first earned until it is used. This credit shall be applied first to the earliest year for which there is a liability. If there is a credit under this subsection from more than one tax year that is available to offset a liability, the earliest credit arising under this subsection shall be

applied first. A credit allowed under this subsection may be sold to a buyer as part of a sale of all or part of the remediation site for which the credit was granted. The purchaser of a remediation site and the tax credit shall succeed to the unused credit and remaining carry-forward period of the seller. To perfect the transfer, the assignor shall record the transfer in the chain of title for the site and provide written notice to the Director of the Illinois Department of Revenue of the assignor's intent to sell the remediation site and the amount of the tax credit to be transferred as a portion of the sale. In no event may a credit be transferred to any taxpayer if the taxpayer or a related party would not be eligible under the provisions of subsection (i).

(iii) For purposes of this Section, the term "site" shall have the same meaning as under Section 58.2 of the Environmental Protection Act.

(iv) This subsection is exempt from the provisions of Section 250.

Sec. 201.5. State spending limitation and tax reduction.

(a) If, beginning in State fiscal year 2012 and continuing through State fiscal year 2015, State spending for any fiscal year exceeds the State spending limitation set forth in subsection (b) of this Section, then the tax rates set forth in subsection (b) of Section 201 of this Act shall be reduced, according to the procedures set forth in this Section, to 3% of the taxpayer's net income for individuals, trusts, and estates and to 4.8% of the taxpayer's net income for corporations. For all taxable years following the taxable year in which the rate has been reduced pursuant to this Section, the tax rate set forth in subsection (b) of Section 201 of this Act shall be 3% of the taxpayer's net income for individuals, trusts, and estates and 4.8% of the taxpayer's net income for corporations.

(b) The State spending limitation for fiscal years 2012 through 2015 shall be as follows: (i) for fiscal year 2012, $36,818,000,000; (ii) for fiscal year 2013, $37,554,000,000; (iii) for fiscal year 2014, $38,305,000,000; and (iv) for fiscal year 2015, $39,072,000,000.

(c) Notwithstanding any other provision of law to the contrary, the Auditor General shall examine each Public Act authorizing State spending from State general funds and prepare a report no later than 30
days after receiving notification of the Public Act from the Secretary of State or 60 days after the effective date of the Public Act, whichever is earlier. The Auditor General shall file the report with the Secretary of State and copies with the Governor, the State Treasurer, the State Comptroller, the Senate, and the House of Representatives. The report shall indicate: (i) the amount of State spending set forth in the applicable Public Act; (ii) the total amount of State spending authorized by law for the applicable fiscal year as of the date of the report; and (iii) whether State spending exceeds the State spending limitation set forth in subsection (b). The Auditor General may examine multiple Public Acts in one consolidated report, provided that each Public Act is examined within the time period mandated by this subsection (c). The Auditor General shall issue reports in accordance with this Section through June 30, 2015 or the effective date of a reduction in the rate of tax imposed by subsections (a) and (b) of Section 201 of this Act pursuant to this Section, whichever is earlier.

At the request of the Auditor General, each State agency shall, without delay, make available to the Auditor General or his or her designated representative any record or information requested and shall provide for examination or copying all records, accounts, papers, reports, vouchers, correspondence, books and other documentation in the custody of that agency, including information stored in electronic data processing systems, which is related to or within the scope of a report prepared under this Section. The Auditor General shall report to the Governor each instance in which a State agency fails to cooperate promptly and fully with his or her office as required by this Section.

The Auditor General's report shall not be in the nature of a post-audit or examination and shall not lead to the issuance of an opinion as that term is defined in generally accepted government auditing standards.

(d) If the Auditor General reports that State spending has exceeded the State spending limitation set forth in subsection (b) and if the Governor has not been presented with a bill or bills passed by the General Assembly to reduce State spending to a level that does not exceed the State spending limitation within 45 calendar days of receipt of the Auditor General's report, then the Governor may, for the purpose of reducing State spending to a level that does not exceed the State spending limitation set forth in subsection (b), designate amounts to be set aside as a reserve from the amounts appropriated from the State general funds for all boards, commissions, agencies, institutions, authorities, colleges,
universities, and bodies politic and corporate of the State, but not other constitutional officers, the legislative or judicial branch, the office of the Executive Inspector General, or the Executive Ethics Commission. Such a designation must be made within 15 calendar days after the end of that 45-day period. If the Governor designates amounts to be set aside as a reserve, the Governor shall give notice of the designation to the Auditor General, the State Treasurer, the State Comptroller, the Senate, and the House of Representatives. The amounts placed in reserves shall not be transferred, obligated, encumbered, expended, or otherwise committed unless so authorized by law. Any amount placed in reserves is not State spending and shall not be considered when calculating the total amount of State spending. Any Public Act authorizing the use of amounts placed in reserve by the Governor is considered State spending, unless such Public Act authorizes the use of amounts placed in reserves in response to a fiscal emergency under subsection (g).

(e) If the Auditor General reports under subsection (c) that State spending has exceeded the State spending limitation set forth in subsection (b), then the Auditor General shall issue a supplemental report no sooner than the 61st day and no later than the 65th day after issuing the report pursuant to subsection (c). The supplemental report shall: (i) summarize details of actions taken by the General Assembly and the Governor after the issuance of the initial report to reduce State spending, if any, (ii) indicate whether the level of State spending has changed since the initial report, and (iii) indicate whether State spending exceeds the State spending limitation. The Auditor General shall file the report with the Secretary of State and copies with the Governor, the State Treasurer, the State Comptroller, the Senate, and the House of Representatives. If the supplemental report of the Auditor General provides that State spending exceeds the State spending limitation, then the rate of tax imposed by subsections (a) and (b) of Section 201 is reduced as provided in this Section beginning on the first day of the first month to occur not less than 30 days after issuance of the supplemental report.

(f) For any taxable year in which the rates of tax have been reduced under this Section, the tax imposed by subsections (a) and (b) of Section 201 shall be determined as follows:

(1) In the case of an individual, trust, or estate, the tax shall be imposed in an amount equal to the sum of (i) the rate applicable to the taxpayer under subsection (b) of Section 201 (without regard to the provisions of this Section) times the taxpayer's net income
for any portion of the taxable year prior to the effective date of the reduction and (ii) 3% of the taxpayer's net income for any portion of the taxable year on or after the effective date of the reduction.

(2) In the case of a corporation, the tax shall be imposed in an amount equal to the sum of (i) the rate applicable to the taxpayer under subsection (b) of Section 201 (without regard to the provisions of this Section) times the taxpayer's net income for any portion of the taxable year prior to the effective date of the reduction and (ii) 4.8% of the taxpayer's net income for any portion of the taxable year on or after the effective date of the reduction.

(3) For any taxpayer for whom the rate has been reduced under this Section for a portion of a taxable year, the taxpayer shall determine the net income for each portion of the taxable year following the rules set forth in Section 202.5 of this Act, using the effective date of the rate reduction rather than the January 1 dates found in that Section, and the day before the effective date of the rate reduction rather than the December 31 dates found in that Section.

(4) If the rate applicable to the taxpayer under subsection (b) of Section 201 (without regard to the provisions of this Section) changes during a portion of the taxable year to which that rate is applied under paragraphs (1) or (2) of this subsection (f), the tax for that portion of the taxable year for purposes of paragraph (1) or (2) of this subsection (f) shall be determined as if that portion of the taxable year were a separate taxable year, following the rules set forth in Section 202.5 of this Act. If the taxpayer elects to follow the rules set forth in subsection (b) of Section 202.5, the taxpayer shall follow the rules set forth in subsection (b) of Section 202.5 for all purposes of this Section for that taxable year.

(g) Notwithstanding the State spending limitation set forth in subsection (b) of this Section, the Governor may declare a fiscal emergency by filing a declaration with the Secretary of State and copies with the State Treasurer, the State Comptroller, the Senate, and the House of Representatives. The declaration must be limited to only one State fiscal year, set forth compelling reasons for declaring a fiscal emergency, and request a specific dollar amount. Unless, within 10 calendar days of receipt of the Governor's declaration, the State Comptroller or State Treasurer notifies the Senate and the House of Representatives that he or
she does not concur in the Governor's declaration, State spending authorized by law to address the fiscal emergency in an amount no greater than the dollar amount specified in the declaration shall not be considered "State spending" for purposes of the State spending limitation.

(h) As used in this Section:

"State general funds" means the General Revenue Fund, the Common School Fund, the General Revenue Common School Special Account Fund, the Education Assistance Fund, and the Budget Stabilization Fund.

"State spending" means (i) the total amount authorized for spending by appropriation or statutory transfer from the State general funds in the applicable fiscal year, and (ii) any amounts the Governor places in reserves in accordance with subsection (d) that are subsequently released from reserves following authorization by a Public Act. For the purpose of this definition, "appropriation" means authority to spend money from a State general fund for a specific amount, purpose, and time period, including any supplemental appropriation or continuing appropriation, but does not include reappropriations from a previous fiscal year. For the purpose of this definition, "statutory transfer" means authority to transfer funds from one State general fund to any other fund in the State treasury, but does not include transfers made from one State general fund to another State general fund.

"State spending limitation" means the amount described in subsection (b) of this Section for the applicable fiscal year.

(b) Election to attribute income and deduction items specifically to the respective portions of a taxable year prior to January 1 of any year and after December 31 of the preceding year. In the case of a taxpayer with a taxable year beginning prior to January 1 of any year and ending after December 31 of the preceding year, the taxpayer may elect, instead of the procedure established in subsection (a) of this Section, to determine net income on a specific accounting basis for the 2 portions of the taxable year:

(1) from the beginning of the taxable year through December 31; and

(2) from January 1 through the end of the taxable year.

The election provided by this subsection must be made in form and manner that the Department requires by rule, and must be made no later than the due date (including any extensions thereof) for the filing of the return for the taxable year, and is irrevocable.

(c) If the taxpayer elects specific accounting under subsection (b):

(1) there shall be taken into account in computing base income for each of the 2 portions of the taxable year only those items earned, received, paid, incurred or accrued in each such period;

(2) for purposes of apportioning business income of the taxpayer, the provisions in Article 3 shall be applied on the basis of the taxpayer's full taxable year, without regard to this Section;

(3) the net loss carryforward deduction for the taxable year under Section 207 may not exceed combined net income of both portions of the taxable year, and shall be used against the net income of the portion of the taxable year from the beginning of the taxable year through December 31 before any remaining amount is used against the net income of the latter portion of the taxable year.

Sec. 207. Net Losses.

(a) If after applying all of the (i) modifications provided for in paragraph (2) of Section 203(b), paragraph (2) of Section 203(c) and paragraph (2) of Section 203(d) and (ii) the allocation and apportionment provisions of Article 3 of this Act and subsection (c) of this Section, the taxpayer's net income results in a loss:

(1) for any taxable year ending prior to December 31, 1999, such loss shall be allowed as a carryover or carryback deduction in
the manner allowed under Section 172 of the Internal Revenue Code;

(2) for any taxable year ending on or after December 31, 1999 and prior to December 31, 2003, such loss shall be allowed as a carryback to each of the 2 taxable years preceding the taxable year of such loss and shall be a net operating loss carryover to each of the 20 taxable years following the taxable year of such loss; and

(3) for any taxable year ending on or after December 31, 2003, such loss shall be allowed as a net operating loss carryover to each of the 12 taxable years following the taxable year of such loss, except as provided in subsection (d).

(a-5) Election to relinquish carryback and order of application of losses.

(A) For losses incurred in tax years ending prior to December 31, 2003, the taxpayer may elect to relinquish the entire carryback period with respect to such loss. Such election shall be made in the form and manner prescribed by the Department and shall be made by the due date (including extensions of time) for filing the taxpayer's return for the taxable year in which such loss is incurred, and such election, once made, shall be irrevocable.

(B) The entire amount of such loss shall be carried to the earliest taxable year to which such loss may be carried. The amount of such loss which shall be carried to each of the other taxable years shall be the excess, if any, of the amount of such loss over the sum of the deductions for carryback or carryover of such loss allowable for each of the prior taxable years to which such loss may be carried.

(b) Any loss determined under subsection (a) of this Section must be carried back or carried forward in the same manner for purposes of subsections (a) and (b) of Section 201 of this Act as for purposes of subsections (c) and (d) of Section 201 of this Act.

(c) Notwithstanding any other provision of this Act, for each taxable year ending on or after December 31, 2008, for purposes of computing the loss for the taxable year under subsection (a) of this Section and the deduction taken into account for the taxable year for a net operating loss carryover under paragraphs (1), (2), and (3) of subsection (a) of this Section, the loss and net operating loss carryover shall be reduced in an amount equal to the reduction to the net operating loss and

net operating loss carryover to the taxable year, respectively, required under Section 108(b)(2)(A) of the Internal Revenue Code, multiplied by a fraction, the numerator of which is the amount of discharge of indebtedness income that is excluded from gross income for the taxable year (but only if the taxable year ends on or after December 31, 2008) under Section 108(a) of the Internal Revenue Code and that would have been allocated and apportioned to this State under Article 3 of this Act but for that exclusion, and the denominator of which is the total amount of discharge of indebtedness income excluded from gross income under Section 108(a) of the Internal Revenue Code for the taxable year. The reduction required under this subsection (c) shall be made after the determination of Illinois net income for the taxable year in which the indebtedness is discharged.

(d) In the case of a corporation (other than a Subchapter S corporation), no carryover deduction shall be allowed under this Section for any taxable year ending after December 31, 2010 and prior to December 31, 2014; provided that, for purposes of determining the taxable years to which a net loss may be carried under subsection (a) of this Section, no taxable year for which a deduction is disallowed under this subsection shall be counted.

(A) In General. In the case of any required installment if a taxpayer establishes that the annualized income installment is less than the amount determined under paragraph (1),

(i) the amount of such required installment shall be the annualized income installment, and

(ii) any reduction in a required installment resulting from the application of this subparagraph shall be recaptured by increasing the amount of the next required installment determined under paragraph (1) by the amount of such reduction, and by increasing subsequent required installments to the extent that the reduction has not previously been recaptured under this clause.
(B) Determination of Annualized Income Installment. In the case of any required installment, the annualized income installment is the excess, if any, of

(i) an amount equal to the applicable percentage of the tax for the taxable year computed by placing on an annualized basis the net income for months in the taxable year ending before the due date for the installment, over

The penalty imposed by subsection (a) shall also not be imposed on any underpayments of estimated tax due before the effective date of this amendatory Act of 1998 which underpayments are solely attributable to the change in apportionment from subsection (a) to subsection (h) of Section 304. ARTICLE 5.

Section 3. The State Finance Act is amended by changing Section 14.1 as follows:

(30 ILCS 105/14.1) (from Ch. 127, par. 150.1)

Sec. 14.1. Appropriations for State contributions to the State Employees' Retirement System; payroll requirements.

(a) Appropriations for State contributions to the State Employees' Retirement System of Illinois shall be expended in the manner provided in this Section. Except as otherwise provided in subsections (a-1) and (a-2), at the time of each payment of salary to an employee under the personal services line item, payment shall be made to the State Employees' Retirement System, from the amount appropriated for State contributions to the State Employees' Retirement System, of an amount calculated at the rate certified for the applicable fiscal year by the Board of Trustees of the State Employees' Retirement System under Section 14-135.08 of the Illinois Pension Code. If a line item appropriation to an employer for this purpose is exhausted or is unavailable due to any limitation on appropriations that may apply, (including, but not limited to, limitations on appropriations from the Road Fund under Section 8.3 of the State Finance Act), the amounts shall be paid under the continuing appropriation for this purpose contained in the State Pension Funds Continuing Appropriation Act.

(a-1) Beginning on the effective date of this amendatory Act of the 93rd General Assembly through the payment of the final payroll from fiscal year 2004 appropriations, appropriations for State contributions to the State Employees' Retirement System of Illinois shall be expended in the manner provided in this subsection (a-1). At the time of each payment of salary to an employee under the personal services line item from a fund other than the General Revenue Fund, payment shall be made for deposit into the General Revenue Fund from the amount appropriated for State contributions to the State Employees' Retirement System of an amount calculated at the rate certified for fiscal year 2004 by the Board of Trustees of the State Employees' Retirement System under Section 14-135.08 of the Illinois Pension Code. This payment shall be made to the extent that a line item appropriation to an employer for this purpose is available or unexhausted. No payment from appropriations for State contributions shall
be made in conjunction with payment of salary to an employee under the
personal services line item from the General Revenue Fund.

(a-2) For fiscal year 2010 only, at the time of each payment of
salary to an employee under the personal services line item from a fund
other than the General Revenue Fund, payment shall be made for deposit
into the State Employees' Retirement System of Illinois from the amount
appropriated for State contributions to the State Employees' Retirement
System of Illinois of an amount calculated at the rate certified for fiscal
year 2010 by the Board of Trustees of the State Employees' Retirement
This payment shall be made to the extent that a line item appropriation to
an employer for this purpose is available or unexhausted. For fiscal year

personal services line item from the General Revenue Fund.

(a-3) For fiscal year 2011 only, at the time of each payment of
salary to an employee under the personal services line item from a fund
other than the General Revenue Fund, payment shall be made for deposit
into the State Employees' Retirement System of Illinois from the amount
appropriated for State contributions to the State Employees' Retirement
System of Illinois of an amount calculated at the rate certified for fiscal
year 2011 by the Board of Trustees of the State Employees' Retirement
This payment shall be made to the extent that a line item appropriation to
an employer for this purpose is available or unexhausted. For fiscal year
2011 only, no payment from appropriations for State contributions shall be
made in conjunction with payment of salary to an employee under the
personal services line item from the General Revenue Fund.

(b) Except during the period beginning on the effective date of this
amendatory Act of the 93rd General Assembly and ending at the time of
the payment of the final payroll from fiscal year 2004 appropriations, the
State Comptroller shall not approve for payment any payroll voucher that
(1) includes payments of salary to eligible employees in the State
Employees' Retirement System of Illinois and (2) does not include the
corresponding payment of State contributions to that retirement system at
the full rate certified under Section 14-135.08 for that fiscal year for
eligible employees, unless the balance in the fund on which the payroll
voucher is drawn is insufficient to pay the total payroll voucher, or
unavailable due to any limitation on appropriations that may apply,
including, but not limited to, limitations on appropriations from the Road Fund under Section 8.3 of the State Finance Act. If the State Comptroller approves a payroll voucher under this Section for which the fund balance is insufficient to pay the full amount of the required State contribution to the State Employees' Retirement System, the Comptroller shall promptly so notify the Retirement System.

(b-1) For fiscal year 2010 and fiscal year 2011 only, the State Comptroller shall not approve for payment any non-General Revenue Fund payroll voucher that (1) includes payments of salary to eligible employees in the State Employees' Retirement System of Illinois and (2) does not include the corresponding payment of State contributions to that retirement system at the full rate certified under Section 14-135.08 for that fiscal year for eligible employees, unless the balance in the fund on which the payroll voucher is drawn is insufficient to pay the total payroll voucher, or unavailable due to any limitation on appropriations that may apply, including, but not limited to, limitations on appropriations from the Road Fund under Section 8.3 of the State Finance Act. If the State Comptroller approves a payroll voucher under this Section for which the fund balance is insufficient to pay the full amount of the required State contribution to the State Employees' Retirement System of Illinois, the Comptroller shall promptly so notify the retirement system.

(c) Notwithstanding any other provisions of law, beginning July 1, 2007, required State and employee contributions to the State Employees' Retirement System of Illinois relating to affected legislative staff employees shall be paid out of moneys appropriated for that purpose to the Commission on Government Forecasting and Accountability, rather than out of the lump-sum appropriations otherwise made for the payroll and other costs of those employees.

These payments must be made pursuant to payroll vouchers submitted by the employing entity as part of the regular payroll voucher process.

For the purpose of this subsection, "affected legislative staff employees" means legislative staff employees paid out of lump-sum appropriations made to the General Assembly, an Officer of the General Assembly, or the Senate Operations Commission, but does not include district-office staff or employees of legislative support services agencies.

Section 5. The General Obligation Bond Act is amended by changing Sections 2, 2.5, 7.2, 9, 11, and 15 as follows:

New matter indicated by italics - deletions by strikeout
Sec. 2. Authorization for Bonds. The State of Illinois is authorized to issue, sell and provide for the retirement of General Obligation Bonds of the State of Illinois for the categories and specific purposes expressed in Sections 2 through 8 of this Act, in the total amount of $41,314,125,743.

The bonds authorized in this Section 2 and in Section 16 of this Act are herein called "Bonds".

Of the total amount of Bonds authorized in this Act, up to $2,200,000,000 in aggregate original principal amount may be issued and sold in accordance with the Baccalaureate Savings Act in the form of General Obligation College Savings Bonds.

Of the total amount of Bonds authorized in this Act, up to $300,000,000 in aggregate original principal amount may be issued and sold in accordance with the Retirement Savings Act in the form of General Obligation Retirement Savings Bonds.

Of the total amount of Bonds authorized in this Act, the additional $10,000,000,000 authorized by Public Act 93-2, the $3,466,000,000 authorized by Public Act 96-43, and the $4,096,348,300 authorized by this amendatory Act of the 96th General Assembly shall be used solely as provided in Section 7.2.

The issuance and sale of Bonds pursuant to the General Obligation Bond Act is an economical and efficient method of financing the long-term capital needs of the State. This Act will permit the issuance of a multi-purpose General Obligation Bond with uniform terms and features. This will not only lower the cost of registration but also reduce the overall cost of issuing debt by improving the marketability of Illinois General Obligation Bonds.

Sec. 2.5. Limitation on issuance of Bonds.

(a) Except as provided in subsection (b), no Bonds may be issued if, after the issuance, in the next State fiscal year after the issuance of the Bonds, the amount of debt service (including principal, whether payable at maturity or pursuant to mandatory sinking fund installments, and interest) on all then-outstanding Bonds, other than Bonds authorized by Public Act 96-43 and other than Bonds authorized by this amendatory Act of the 96th General Assembly,
would exceed 7% of the aggregate appropriations from the general funds (which consist of the General Revenue Fund, the Common School Fund, the General Revenue Common School Special Account Fund, and the Education Assistance Fund) and the Road Fund for the fiscal year immediately prior to the fiscal year of the issuance.

(b) If the Comptroller and Treasurer each consent in writing, Bonds may be issued even if the issuance does not comply with subsection (a).

For the purposes of this Section, "designated retirement systems" means the State Employees' Retirement System of Illinois; the Teachers' Retirement System of the State of Illinois; the State Universities Retirement System; the Judges Retirement System of Illinois; and the General Assembly Retirement System.

The amount of $3,466,000,000 of Bonds authorized by Public Act 96-43 this amendatory Act of the 96th General Assembly is authorized to be used for the purpose of making a portion of the State's Fiscal Year 2010 required contributions to the designated retirement systems.

The amount of $4,096,348,300 of Bonds authorized by this amendatory Act of the 96th General Assembly is authorized to be used for the purpose of making a portion of the State's Fiscal Year 2011 required contributions to the designated retirement systems.

(b) The Pension Contribution Fund is created as a special fund in the State Treasury.

The proceeds of the additional $10,000,000,000 of Bonds authorized by Public Act 93-2, less the amounts authorized in the Bond Sale Order to be deposited directly into the capitalized interest account of the General Obligation Bond Retirement and Interest Fund or otherwise directly paid out for bond sale expenses under Section 8, shall be deposited into the Pension Contribution Fund and used as provided in this Section.

The proceeds of the additional $3,466,000,000 of Bonds authorized by Public Act 96-43 this amendatory Act of the 96th General Assembly, less the amounts directly paid out for bond sale expenses under Section 8, shall be deposited into the Pension Contribution Fund, and the Comptroller and the Treasurer shall, as soon as practical, (i) first, transfer

New matter indicated by italics - deletions by strikeout
from the Pension Contribution Fund to the General Revenue Fund or Common School Fund an amount equal to the amount of payments, if any, made to the designated retirement systems from the General Revenue Fund or Common School Fund in State fiscal year 2010 and (ii) second, make transfers from the Pension Contribution Fund to the designated retirement systems pursuant to Sections 2-124, 14-131, 15-155, 16-158, and 18-131 of the Illinois Pension Code.

The proceeds of the additional $4,096,348,300 of Bonds authorized by this amendatory Act of the 96th General Assembly, less the amounts directly paid out for bond sale expenses under Section 8, shall be deposited into the Pension Contribution Fund, and the Comptroller and the Treasurer shall, as soon as practical, (i) first, transfer from the Pension Contribution Fund to the General Revenue Fund or Common School Fund an amount equal to the amount of payments, if any, made to the designated retirement systems from the General Revenue Fund or Common School Fund in State fiscal year 2011 and (ii) second, make transfers from the Pension Contribution Fund to the designated retirement systems pursuant to Sections 2-124, 14-131, 15-155, 16-158, and 18-131 of the Illinois Pension Code.

(c) Of the amount of Bond proceeds from the bond sale authorized by Public Act 93-2 first deposited into the Pension Contribution Fund, there shall be reserved for transfers under this subsection the sum of $300,000,000, representing the required State contributions to the designated retirement systems for the last quarter of State fiscal year 2003, plus the sum of $1,860,000,000, representing the required State contributions to the designated retirement systems for State fiscal year 2004.

Upon the deposit of sufficient moneys from the bond sale authorized by Public Act 93-2 into the Pension Contribution Fund, the Comptroller and Treasurer shall immediately transfer the sum of $300,000,000 from the Pension Contribution Fund to the General Revenue Fund.

Whenever any payment of required State contributions for State fiscal year 2004 is made to one of the designated retirement systems, the Comptroller and Treasurer shall, as soon as practicable, transfer from the Pension Contribution Fund to the General Revenue Fund an amount equal to the amount of that payment to the designated retirement system. Beginning on the effective date of this amendatory Act of the 93rd General Assembly, the transfers from the Pension Contribution Fund to the
General Revenue Fund shall be suspended until June 30, 2004, and the remaining balance in the Pension Contribution Fund shall be transferred directly to the designated retirement systems as provided in Section 6z-61 of the State Finance Act. On and after July 1, 2004, in the event that any amount is on deposit in the Pension Contribution Fund from time to time, the Comptroller and Treasurer shall continue to make such transfers based on fiscal year 2005 payments until the entire amount on deposit has been transferred.

(d) All amounts deposited into the Pension Contribution Fund, other than the amounts reserved for the transfers under subsection (c) from the bond sale authorized by Public Act 93-2, and other than amounts deposited into the Pension Contribution Fund from the bond sale authorized by Public Act 96-43 and other than amounts deposited into the Pension Contribution Fund from the bond sale authorized by this amendatory Act of the 96th General Assembly, shall be appropriated to the designated retirement systems to reduce their actuarial reserve deficiencies. The amount of the appropriation to each designated retirement system shall constitute a portion of the total appropriation under this subsection that is the same as that retirement system's portion of the total actuarial reserve deficiency of the systems, as most recently determined by the Governor's Office of Management and Budget under Section 8.12 of the State Finance Act.

With respect to proceeds from the bond sale authorized by Public Act 93-2 only, within 15 days after any Bond proceeds in excess of the amounts initially reserved under subsection (c) are deposited into the Pension Contribution Fund, the Governor's Office of Management and Budget shall (i) allocate those proceeds among the designated retirement systems in proportion to their respective actuarial reserve deficiencies, as most recently determined under Section 8.12 of the State Finance Act, and (ii) certify those allocations to the designated retirement systems and the Comptroller.

Upon receiving certification of an allocation under this subsection, a designated retirement system shall submit to the Comptroller a voucher for the amount of its allocation. The voucher shall be paid out of the amount appropriated to that designated retirement system from the Pension Contribution Fund pursuant to this subsection.

In the case of any series of Bonds bearing interest at a variable interest rate ("Variable Rate Bonds"), in lieu of determining the rate or rates at which such series of Variable Rate Bonds shall bear interest and the price or prices at which such Variable Rate Bonds shall be initially sold or remarketed (in the event of purchase and subsequent resale), the Bond Sale Order may provide that such interest rates and prices may vary from time to time depending on criteria established in such Bond Sale Order, which criteria may include, without limitation, references to indices or variations in interest rates as may, in the judgment of a remarketing agent, be necessary to cause Variable Rate Bonds of such series to be remarketable from time to time at a price equal to their principal amount, and may provide for appointment of a bank, trust company, investment bank, or other financial institution to serve as remarketing agent in that connection. The Bond Sale Order may provide that alternative interest rates or provisions for establishing alternative interest rates, different security or claim priorities, or different call or amortization provisions will apply during such times as Variable Rate Bonds of any series are held by a person providing credit or liquidity enhancement arrangements for such Bonds as authorized in subsection (b) of this Section. The Bond Sale
Order may also provide for such variable interest rates to be established pursuant to a process generally known as an auction rate process and may provide for appointment of one or more financial institutions to serve as auction agents and broker-dealers in connection with the establishment of such interest rates and the sale and remarketing of such Bonds.

(b) In connection with the issuance of any series of Bonds, the State may enter into arrangements to provide additional security and liquidity for such Bonds, including, without limitation, bond or interest rate insurance or letters of credit, lines of credit, bond purchase contracts, or other arrangements whereby funds are made available to retire or purchase Bonds, thereby assuring the ability of owners of the Bonds to sell or redeem their Bonds. The State may enter into contracts and may agree to pay fees to persons providing such arrangements, but only under circumstances where the Director of the Governor's Office of Management and Budget certifies that he or she reasonably expects the total interest paid or to be paid on the Bonds, together with the fees for the arrangements (being treated as if interest), would not, taken together, cause the Bonds to bear interest, calculated to their stated maturity, at a rate in excess of the rate that the Bonds would bear in the absence of such arrangements.

The State may, with respect to Bonds issued or anticipated to be issued, participate in and enter into arrangements with respect to interest rate protection or exchange agreements, guarantees, or financial futures contracts for the purpose of limiting, reducing, or managing interest rate exposure. The authority granted under this paragraph, however, shall not increase the principal amount of Bonds authorized to be issued by law. The arrangements may be executed and delivered by the Director of the Governor's Office of Management and Budget on behalf of the State. Net payments for such arrangements shall constitute interest on the Bonds and shall be paid from the General Obligation Bond Retirement and Interest Fund. The Director of the Governor's Office of Management and Budget shall at least annually certify to the Governor and the State Comptroller his or her estimate of the amounts of such net payments to be included in the calculation of interest required to be paid by the State.

(c) Prior to the issuance of any Variable Rate Bonds pursuant to subsection (a), the Director of the Governor's Office of Management and Budget shall adopt an interest rate risk management policy providing that the amount of the State's variable rate exposure with respect to Bonds shall not exceed 20%. This policy shall remain in effect while any Bonds are

outstanding and the issuance of Bonds shall be subject to the terms of such policy. The terms of this policy may be amended from time to time by the Director of the Governor's Office of Management and Budget but in no event shall any amendment cause the permitted level of the State's variable rate exposure with respect to Bonds to exceed 20%.

(d) "Build America Bonds" in this Section means Bonds authorized by Section 54AA of the Internal Revenue Code of 1986, as amended ("Internal Revenue Code"), and bonds issued from time to time to refund or continue to refund "Build America Bonds".

(e) Notwithstanding any other provision of this Section, Qualified School Construction Bonds shall be issued and sold from time to time, in one or more series, in such amounts and at such prices as may be directed by the Governor, upon recommendation by the Director of the Governor's Office of Management and Budget. Qualified School Construction Bonds shall be in such form (either coupon, registered or book entry), in such denominations, payable within 25 years from their date, subject to such terms of redemption with or without premium, and if the Qualified School Construction Bonds are issued with a supplemental coupon, bear interest payable at such times and at such fixed or variable rate or rates, and be dated as shall be fixed and determined by the Director of the Governor's Office of Management and Budget in the order authorizing the issuance and sale of any series of Qualified School Construction Bonds, which order shall be approved by the Governor and is herein called a "Bond Sale Order"; except that interest payable at fixed or variable rates, if any, shall not exceed that permitted in the Bond Authorization Act, as now or hereafter amended. Qualified School Construction Bonds shall be payable at such place or places, within or without the State of Illinois, and may be made registrable as to either principal or as to both principal and interest, as shall be specified in the Bond Sale Order. Qualified School Construction Bonds may be callable or subject to purchase and retirement or tender and remarketing as fixed and determined in the Bond Sale Order. Qualified School Construction Bonds must be issued with principal or mandatory redemption amounts or sinking fund payments into the General Obligation Bond Retirement and Interest Fund (or subaccount therefor) in equal amounts, with the first maturity issued, mandatory redemption payment or sinking fund payment occurring within the fiscal year in which the Qualified School Construction Bonds are issued or within the next succeeding fiscal year, with Qualified School Construction Bonds issued maturing or subject to mandatory redemption or with sinking fund.

payments thereof deposited each fiscal year thereafter up to 25 years. Sinking fund payments set forth in this subsection shall be permitted only to the extent authorized in Section 54F of the Internal Revenue Code or as otherwise determined by the Director of the Governor's Office of Management and Budget. "Qualified School Construction Bonds" in this subsection means Bonds authorized by Section 54F of the Internal Revenue Code and for bonds issued from time to time to refund or continue to refund such "Qualified School Construction Bonds".

Sec. 11. Sale of Bonds. Except as otherwise provided in this Section, Bonds shall be sold from time to time pursuant to notice of sale and public bid or by negotiated sale in such amounts and at such times as is directed by the Governor, upon recommendation by the Director of the Governor's Office of Management and Budget. At least 25%, based on total principal amount, of all Bonds issued each fiscal year shall be sold pursuant to notice of sale and public bid. At all times during each fiscal year, no more than 75%, based on total principal amount, of the Bonds issued each fiscal year, shall have been sold by negotiated sale. Failure to satisfy the requirements in the preceding 2 sentences shall not affect the validity of any previously issued Bonds; provided that all Bonds authorized by Public Act 96-43 and this amendatory Act of the 96th General Assembly shall not be included in determining compliance for any fiscal year with the requirements of the preceding 2 sentences; and further provided that refunding Bonds satisfying the requirements of Section 16 of this Act and sold during fiscal year 2009, 2010, or 2011 shall not be subject to the requirements in the preceding 2 sentences.

If any Bonds, including refunding Bonds, are to be sold by negotiated sale, the Director of the Governor's Office of Management and Budget shall comply with the competitive request for proposal process set forth in the Illinois Procurement Code and all other applicable requirements of that Code.

If Bonds are to be sold pursuant to notice of sale and public bid, the Director of the Governor's Office of Management and Budget shall, from time to time, as Bonds are to be sold, advertise the sale of the Bonds in at least 2 daily newspapers, one of which is published in the City of Springfield and one in the City of Chicago. The sale of the Bonds shall

also be advertised in the volume of the Illinois Procurement Bulletin that is published by the Department of Central Management Services. Each of the advertisements for proposals shall be published once at least 10 days prior to the date fixed for the opening of the bids. The Director of the Governor's Office of Management and Budget may reschedule the date of sale upon the giving of such additional notice as the Director deems adequate to inform prospective bidders of such change; provided, however, that all other conditions of the sale shall continue as originally advertised.

Executed Bonds shall, upon payment therefor, be delivered to the purchaser, and the proceeds of Bonds shall be paid into the State Treasury as directed by Section 12 of this Act.

Sec. 15. Computation of Principal and Interest; transfers.

(a) Upon each delivery of Bonds authorized to be issued under this Act, the Comptroller shall compute and certify to the Treasurer the total amount of principal of, interest on, and premium, if any, on Bonds issued that will be payable in order to retire such Bonds, the amount of principal of, interest on and premium, if any, on such Bonds that will be payable on each payment date according to the tenor of such Bonds during the then current and each succeeding fiscal year, and the amount of sinking fund payments needed to be deposited in connection with Qualified School Construction Bonds authorized by subsection (e) of Section 9. With respect to the interest payable on variable rate bonds, such certifications shall be calculated at the maximum rate of interest that may be payable during the fiscal year, after taking into account any credits permitted in the related indenture or other instrument against the amount of such interest required to be appropriated for such period pursuant to subsection (c) of Section 14 of this Act. With respect to the interest payable, such certifications shall include the amounts certified by the Director of the Governor's Office of Management and Budget under subsection (b) of Section 9 of this Act.

On or before the last day of each month the State Treasurer and Comptroller shall transfer from (1) the Road Fund with respect to Bonds issued under paragraph (a) of Section 4 of this Act or Bonds issued for the purpose of refunding such bonds, and from (2) the General Revenue Fund, with respect to all other Bonds issued under this Act, to the General Obligation Bond Retirement and Interest Fund an amount sufficient to pay
the aggregate of the principal of, interest on, and premium, if any, on Bonds payable, by their terms on the next payment date divided by the number of full calendar months between the date of such Bonds and the first such payment date, and thereafter, divided by the number of months between each succeeding payment date after the first. Such computations and transfers shall be made for each series of Bonds issued and delivered. Interest payable on variable rate bonds shall be calculated at the maximum rate of interest that may be payable for the relevant period, after taking into account any credits permitted in the related indenture or other instrument against the amount of such interest required to be appropriated for such period pursuant to subsection (c) of Section 14 of this Act. Computations of interest shall include the amounts certified by the Director of the Governor's Office of Management and Budget under subsection (b) of Section 9 of this Act. Interest for which moneys have already been deposited into the capitalized interest account within the General Obligation Bond Retirement and Interest Fund shall not be included in the calculation of the amounts to be transferred under this subsection. Notwithstanding any other provision in this Section, the transfer provisions provided in this paragraph shall not apply to transfers made in fiscal year 2010 or fiscal year 2011 with respect to Bonds issued in fiscal year 2010 or fiscal year 2011 pursuant to Section 7.2 of this Act. In the case of transfers made in fiscal year 2010 or fiscal year 2011 with respect to the Bonds issued in fiscal year 2010 or fiscal year 2011 pursuant to Section 7.2 of this Act, on or before the 15th day of the month prior to the required debt service payment, the State Treasurer and Comptroller shall transfer from the General Revenue Fund to the General Obligation Bond Retirement and Interest Fund an amount sufficient to pay the aggregate of the principal of, interest on, and premium, if any, on the Bonds payable in that next month.

The transfer of monies herein and above directed is not required if monies in the General Obligation Bond Retirement and Interest Fund are more than the amount otherwise to be transferred as herein above provided, and if the Governor or his authorized representative notifies the State Treasurer and Comptroller of such fact in writing.

(b) After the effective date of this Act, the balance of, and monies directed to be included in the Capital Development Bond Retirement and Interest Fund, Anti-Pollution Bond Retirement and Interest Fund, Transportation Bond, Series A Retirement and Interest Fund, Transportation Bond, Series B Retirement and Interest Fund, and Coal

This Fund shall be used to make debt service payments on the State's general obligation Bonds heretofore issued which are now outstanding and payable from the Funds herein listed as well as on Bonds issued under this Act.

(c) The unused portion of federal funds received for a capital facilities project, as authorized by Section 3 of this Act, for which monies from the Capital Development Fund have been expended shall be deposited upon completion of the project in the General Obligation Bond Retirement and Interest Fund. Any federal funds received as reimbursement for the completed construction of a capital facilities project, as authorized by Section 3 of this Act, for which monies from the Capital Development Fund have been expended shall be deposited in the General Obligation Bond Retirement and Interest Fund.

(40 ILCS 5/2-124) (from Ch. 108 1/2, par. 2-124)
Sec. 2-124. Contributions by State.
(a) The State shall make contributions to the System by appropriations of amounts which, together with the contributions of participants, interest earned on investments, and other income will meet the cost of maintaining and administering the System on a 90% funded basis in accordance with actuarial recommendations.

(b) The Board shall determine the amount of State contributions required for each fiscal year on the basis of the actuarial tables and other assumptions adopted by the Board and the prescribed rate of interest, using the formula in subsection (c).

(c) For State fiscal years 2012 through 2045, the minimum contribution to the System to be made by the State for each fiscal year shall be an amount determined by the System to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of State fiscal year 2045. In making these determinations, the required State contribution shall be calculated each year as a level percentage of payroll over the years remaining to and including fiscal year 2045 and shall be determined under the projected unit credit actuarial cost method.

For State fiscal years 1996 through 2005, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments so that by State fiscal year 2011, the State is contributing at the rate required under this Section.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2006 is $4,157,000.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2007 is $5,220,300.

For each of State fiscal years 2008 through 2009, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments from the required State contribution for State fiscal year 2007, so that by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2010 is $10,454,000 and shall be made from the proceeds of bonds sold in fiscal year 2010 pursuant to Section 7.2 of the General Obligation Bond Act, less (i) the pro rata share of bond sale expenses determined by the System's share of total bond proceeds, (ii) any amounts received from the General Revenue Fund in fiscal year 2010, and (iii) any reduction in bond proceeds due to the issuance of discounted bonds, if applicable.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2011 is the amount recertified by the System on or before June 15, 2010 pursuant to Section 2-134 and shall be made from the proceeds of bonds sold in fiscal year 2011 pursuant to Section 7.2 of the General Obligation Bond Act, less (i) the pro rata share of bond sale expenses determined by the System's share of total bond proceeds, (ii) any amounts received from the General Revenue Fund in fiscal year 2011, and (iii) any reduction in bond proceeds due to the issuance of discounted bonds, if applicable.

Beginning in State fiscal year 2046, the minimum State contribution for each fiscal year shall be the amount needed to maintain the total assets of the System at 90% of the total actuarial liabilities of the System.

Amounts received by the System pursuant to Section 25 of the Budget Stabilization Act or Section 8.12 of the State Finance Act in any fiscal year do not reduce and do not constitute payment of any portion of the minimum State contribution required under this Article in that fiscal year.

year. Such amounts shall not reduce, and shall not be included in the
calculation of, the required State contributions under this Article in any
future year until the System has reached a funding ratio of at least 90%. A
reference in this Article to the "required State contribution" or any
substantially similar term does not include or apply to any amounts
payable to the System under Section 25 of the Budget Stabilization Act.

Notwithstanding any other provision of this Section, the required
State contribution for State fiscal year 2005 and for fiscal year 2008 and
each fiscal year thereafter, as calculated under this Section and certified
under Section 2-134, shall not exceed an amount equal to (i) the amount of
the required State contribution that would have been calculated under this
Section for that fiscal year if the System had not received any payments
under subsection (d) of Section 7.2 of the General Obligation Bond Act,
minus (ii) the portion of the State's total debt service payments for that
fiscal year on the bonds issued for the purposes of that Section 7.2, as
determined and certified by the Comptroller, that is the same as the
System's portion of the total moneys distributed under subsection (d) of
Section 7.2 of the General Obligation Bond Act. In determining this
maximum for State fiscal years 2008 through 2010, however, the amount
referred to in item (i) shall be increased, as a percentage of the applicable
employee payroll, in equal increments calculated from the sum of the
required State contribution for State fiscal year 2007 plus the applicable
portion of the State's total debt service payments for fiscal year 2007 on
the bonds issued for the purposes of Section 7.2 of the General Obligation
Bond Act, so that, by State fiscal year 2011, the State is contributing at the
rate otherwise required under this Section.

(d) For purposes of determining the required State contribution to
the System, the value of the System's assets shall be equal to the actuarial
value of the System's assets, which shall be calculated as follows:

As of June 30, 2008, the actuarial value of the System's assets shall
be equal to the market value of the assets as of that date. In determining
the actuarial value of the System's assets for fiscal years after June 30,
2008, any actuarial gains or losses from investment return incurred in a
fiscal year shall be recognized in equal annual amounts over the 5-year
period following that fiscal year.

(e) For purposes of determining the required State contribution to
the system for a particular year, the actuarial value of assets shall be
assumed to earn a rate of return equal to the system's actuarially assumed
rate of return.

Sec. 2-134. To certify required State contributions and submit vouchers.

(a) The Board shall certify to the Governor on or before December 15 of each year the amount of the required State contribution to the System for the next fiscal year. The certification shall include a copy of the actuarial recommendations upon which it is based.

On or before May 1, 2004, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2005, taking into account the amounts appropriated to and received by the System under subsection (d) of Section 7.2 of the General Obligation Bond Act.

On or before July 1, 2005, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2006, taking into account the changes in required State contributions made by this amendatory Act of the 94th General Assembly.

On or before June 15, 2010, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2011, applying the changes made by Public Act 96-889 to the System's assets and liabilities as of June 30, 2009 as though Public Act 96-889 was approved on that date.

(b) Beginning in State fiscal year 1996, on or as soon as possible after the 15th day of each month the Board shall submit vouchers for payment of State contributions to the System, in a total monthly amount of one-twelfth of the required annual State contribution certified under subsection (a). From the effective date of this amendatory Act of the 93rd General Assembly through June 30, 2004, the Board shall not submit vouchers for the remainder of fiscal year 2004 in excess of the fiscal year 2004 certified contribution amount determined under this Section after taking into consideration the transfer to the System under subsection (d) of Section 6z-61 of the State Finance Act. These vouchers shall be paid by the State Comptroller and Treasurer by warrants drawn on the funds appropriated to the System for that fiscal year. If in any month the amount remaining unexpended from all other appropriations to the System for the applicable fiscal year (including the appropriations to the System under Section 8.12 of the State Finance Act and Section 1 of the State Pension Funds Continuing Appropriation Act) is less than the amount lawfully

vouchered under this Section, the difference shall be paid from the General Revenue Fund under the continuing appropriation authority provided in Section 1.1 of the State Pension Funds Continuing Appropriation Act.

(c) The full amount of any annual appropriation for the System for State fiscal year 1995 shall be transferred and made available to the System at the beginning of that fiscal year at the request of the Board. Any excess funds remaining at the end of any fiscal year from appropriations shall be retained by the System as a general reserve to meet the System's accrued liabilities.

Sec. 14-131. Contributions by State.

(a) The State shall make contributions to the System by appropriations of amounts which, together with other employer contributions from trust, federal, and other funds, employee contributions, investment income, and other income, will be sufficient to meet the cost of maintaining and administering the System on a 90% funded basis in accordance with actuarial recommendations.

For the purposes of this Section and Section 14-135.08, references to State contributions refer only to employer contributions and do not include employee contributions that are picked up or otherwise paid by the State or a department on behalf of the employee.

(b) The Board shall determine the total amount of State contributions required for each fiscal year on the basis of the actuarial tables and other assumptions adopted by the Board, using the formula in subsection (e).

The Board shall also determine a State contribution rate for each fiscal year, expressed as a percentage of payroll, based on the total required State contribution for that fiscal year (less the amount received by the System from appropriations under Section 8.12 of the State Finance Act and Section 1 of the State Pension Funds Continuing Appropriation Act, if any, for the fiscal year ending on the June 30 immediately preceding the applicable November 15 certification deadline), the estimated payroll (including all forms of compensation) for personal services rendered by eligible employees, and the recommendations of the actuary.

For the purposes of this Section and Section 14.1 of the State Finance Act, the term "eligible employees" includes employees who

New matter indicated by italics - deletions by strikeout
participate in the System, persons who may elect to participate in the System but have not so elected, persons who are serving a qualifying period that is required for participation, and annuitants employed by a department as described in subdivision (a)(1) or (a)(2) of Section 14-111.

(c) Contributions shall be made by the several departments for each pay period by warrants drawn by the State Comptroller against their respective funds or appropriations based upon vouchers stating the amount to be so contributed. These amounts shall be based on the full rate certified by the Board under Section 14-135.08 for that fiscal year. From the effective date of this amendatory Act of the 93rd General Assembly through the payment of the final payroll from fiscal year 2004 appropriations, the several departments shall not make contributions for the remainder of fiscal year 2004 but shall instead make payments as required under subsection (a-1) of Section 14.1 of the State Finance Act. The several departments shall resume those contributions at the commencement of fiscal year 2005.

(c-1) Notwithstanding subsection (c) of this Section, for fiscal year 2010 only, contributions by the several departments are not required to be made for General Revenue Funds payrolls processed by the Comptroller. Payrolls paid by the several departments from all other State funds must continue to be processed pursuant to subsection (c) of this Section.

(c-2) For State fiscal year 2010 only, on or as soon as possible after the 15th day of each month the Board shall submit vouchers for payment of State contributions to the System, in a total monthly amount of one-twelfth of the fiscal year 2010 General Revenue Fund appropriation to the System.

(d) If an employee is paid from trust funds or federal funds, the department or other employer shall pay employer contributions from those funds to the System at the certified rate, unless the terms of the trust or the federal-State agreement preclude the use of the funds for that purpose, in which case the required employer contributions shall be paid by the State. From the effective date of this amendatory Act of the 93rd General Assembly through the payment of the final payroll from fiscal year 2004 appropriations, the department or other employer shall not pay contributions for the remainder of fiscal year 2004 but shall instead make payments as required under subsection (a-1) of Section 14.1 of the State Finance Act. The department or other employer shall resume payment of contributions at the commencement of fiscal year 2005.
(e) For State fiscal years 2012 through 2045, the minimum contribution to the System to be made by the State for each fiscal year shall be an amount determined by the System to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of State fiscal year 2045. In making these determinations, the required State contribution shall be calculated each year as a level percentage of payroll over the years remaining to and including fiscal year 2045 and shall be determined under the projected unit credit actuarial cost method.

For State fiscal years 1996 through 2005, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments so that by State fiscal year 2011, the State is contributing at the rate required under this Section; except that (i) for State fiscal year 1998, for all purposes of this Code and any other law of this State, the certified percentage of the applicable employee payroll shall be 5.052% for employees earning eligible creditable service under Section 14-110 and 6.500% for all other employees, notwithstanding any contrary certification made under Section 14-135.08 before the effective date of this amendatory Act of 1997, and (ii) in the following specified State fiscal years, the State contribution to the System shall not be less than the following indicated percentages of the applicable employee payroll, even if the indicated percentage will produce a State contribution in excess of the amount otherwise required under this subsection and subsection (a): 9.8% in FY 1999; 10.0% in FY 2000; 10.2% in FY 2001; 10.4% in FY 2002; 10.6% in FY 2003; and 10.8% in FY 2004.

Notwithstanding any other provision of this Article, the total required State contribution to the System for State fiscal year 2006 is $203,783,900.

Notwithstanding any other provision of this Article, the total required State contribution to the System for State fiscal year 2007 is $344,164,400.

For each of State fiscal years 2008 through 2009, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments from the required State contribution for State fiscal year 2007, so that by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

Notwithstanding any other provision of this Article, the total required State General Revenue Fund contribution for State fiscal year
2010 is $723,703,100 and shall be made from the proceeds of bonds sold in fiscal year 2010 pursuant to Section 7.2 of the General Obligation Bond Act, less (i) the pro rata share of bond sale expenses determined by the System's share of total bond proceeds, (ii) any amounts received from the General Revenue Fund in fiscal year 2010, and (iii) any reduction in bond proceeds due to the issuance of discounted bonds, if applicable.

Notwithstanding any other provision of this Article, the total required State General Revenue Fund contribution for State fiscal year 2011 is the amount recertified by the System on or before June 15, 2010 pursuant to Section 14-135.08 and shall be made from the proceeds of bonds sold in fiscal year 2011 pursuant to Section 7.2 of the General Obligation Bond Act, less (i) the pro rata share of bond sale expenses determined by the System's share of total bond proceeds, (ii) any amounts received from the General Revenue Fund in fiscal year 2011, and (iii) any reduction in bond proceeds due to the issuance of discounted bonds, if applicable.

Beginning in State fiscal year 2046, the minimum State contribution for each fiscal year shall be the amount needed to maintain the total assets of the System at 90% of the total actuarial liabilities of the System.

Amounts received by the System pursuant to Section 25 of the Budget Stabilization Act or Section 8.12 of the State Finance Act in any fiscal year do not reduce and do not constitute payment of any portion of the minimum State contribution required under this Article in that fiscal year. Such amounts shall not reduce, and shall not be included in the calculation of, the required State contributions under this Article in any future year until the System has reached a funding ratio of at least 90%. A reference in this Article to the "required State contribution" or any substantially similar term does not include or apply to any amounts payable to the System under Section 25 of the Budget Stabilization Act.

Notwithstanding any other provision of this Section, the required State contribution for State fiscal year 2005 and for fiscal year 2008 and each fiscal year thereafter, as calculated under this Section and certified under Section 14-135.08, shall not exceed an amount equal to (i) the amount of the required State contribution that would have been calculated under this Section for that fiscal year if the System had not received any payments under subsection (d) of Section 7.2 of the General Obligation Bond Act, minus (ii) the portion of the State's total debt service payments for that fiscal year on the bonds issued for the purposes of that Section 7.2,
as determined and certified by the Comptroller, that is the same as the System's portion of the total moneys distributed under subsection (d) of Section 7.2 of the General Obligation Bond Act. In determining this maximum for State fiscal years 2008 through 2010, however, the amount referred to in item (i) shall be increased, as a percentage of the applicable employee payroll, in equal increments calculated from the sum of the required State contribution for State fiscal year 2007 plus the applicable portion of the State's total debt service payments for fiscal year 2007 on the bonds issued for the purposes of Section 7.2 of the General Obligation Bond Act, so that, by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

(f) After the submission of all payments for eligible employees from personal services line items in fiscal year 2004 have been made, the Comptroller shall provide to the System a certification of the sum of all fiscal year 2004 expenditures for personal services that would have been covered by payments to the System under this Section if the provisions of this amendatory Act of the 93rd General Assembly had not been enacted. Upon receipt of the certification, the System shall determine the amount due to the System based on the full rate certified by the Board under Section 14-135.08 for fiscal year 2004 in order to meet the State's obligation under this Section. The System shall compare this amount due to the amount received by the System in fiscal year 2004 through payments under this Section and under Section 6z-61 of the State Finance Act. If the amount due is more than the amount received, the difference shall be termed the "Fiscal Year 2004 Shortfall" for purposes of this Section, and the Fiscal Year 2004 Shortfall shall be satisfied under Section 1.2 of the State Pension Funds Continuing Appropriation Act. If the amount due is less than the amount received, the difference shall be termed the "Fiscal Year 2004 Overpayment" for purposes of this Section, and the Fiscal Year 2004 Overpayment shall be repaid by the System to the Pension Contribution Fund as soon as practicable after the certification.

(g) For purposes of determining the required State contribution to the System, the value of the System's assets shall be equal to the actuarial value of the System's assets, which shall be calculated as follows:

As of June 30, 2008, the actuarial value of the System's assets shall be equal to the market value of the assets as of that date. In determining the actuarial value of the System's assets for fiscal years after June 30, 2008, any actuarial gains or losses from investment return incurred in a
fiscal year shall be recognized in equal annual amounts over the 5-year period following that fiscal year.

(h) For purposes of determining the required State contribution to the System for a particular year, the actuarial value of assets shall be assumed to earn a rate of return equal to the System's actuarially assumed rate of return.

(i) After the submission of all payments for eligible employees from personal services line items paid from the General Revenue Fund in fiscal year 2010 have been made, the Comptroller shall provide to the System a certification of the sum of all fiscal year 2010 expenditures for personal services that would have been covered by payments to the System under this Section if the provisions of this amendatory Act of the 96th General Assembly had not been enacted. Upon receipt of the certification, the System shall determine the amount due to the System based on the full rate certified by the Board under Section 14-135.08 for fiscal year 2010 in order to meet the State's obligation under this Section. The System shall compare this amount due to the amount received by the System in fiscal year 2010 through payments under this Section. If the amount due is more than the amount received, the difference shall be termed the "Fiscal Year 2010 Shortfall" for purposes of this Section, and the Fiscal Year 2010 Shortfall shall be satisfied under Section 1.2 of the State Pension Funds Continuing Appropriation Act. If the amount due is less than the amount received, the difference shall be termed the "Fiscal Year 2010 Overpayment" for purposes of this Section, and the Fiscal Year 2010 Overpayment shall be repaid by the System to the General Revenue Fund as soon as practicable after the certification.

(j) After the submission of all payments for eligible employees from personal services line items paid from the General Revenue Fund in fiscal year 2011 have been made, the Comptroller shall provide to the System a certification of the sum of all fiscal year 2011 expenditures for personal services that would have been covered by payments to the System under this Section if the provisions of this amendatory Act of the 96th General Assembly had not been enacted. Upon receipt of the certification, the System shall determine the amount due to the System based on the full rate certified by the Board under Section 14-135.08 for fiscal year 2011 in order to meet the State's obligation under this Section. The System shall compare this amount due to the amount received by the System in fiscal year 2011 through payments under this Section. If the amount due is more than the amount received, the difference shall be termed the "Fiscal Year 2011 Shortfall" for purposes of this Section, and the Fiscal Year 2011 Shortfall shall be satisfied under Section 1.2 of the State Pension Funds Continuing Appropriation Act. If the amount due is less than the amount received, the difference shall be termed the "Fiscal Year 2011 Overpayment" for purposes of this Section, and the Fiscal Year 2011 Overpayment shall be repaid by the System to the General Revenue Fund as soon as practicable after the certification.

Sec. 14-135.08. To certify required State contributions.

(a) To certify to the Governor and to each department, on or before November 15 of each year, the required rate for State contributions to the System for the next State fiscal year, as determined under subsection (b) of Section 14-131. The certification to the Governor shall include a copy of the actuarial recommendations upon which the rate is based.

(b) The certification shall include an additional amount necessary to pay all principal of and interest on those general obligation bonds due the next fiscal year authorized by Section 7.2(a) of the General Obligation Bond Act and issued to provide the proceeds deposited by the State with the System in July 2003, representing deposits other than amounts reserved under Section 7.2(c) of the General Obligation Bond Act. For State fiscal year 2005, the Board shall make a supplemental certification of the additional amount necessary to pay all principal of and interest on those general obligation bonds due in State fiscal years 2004 and 2005 authorized by Section 7.2(a) of the General Obligation Bond Act and issued to provide the proceeds deposited by the State with the System in July 2003, representing deposits other than amounts reserved under Section 7.2(c) of the General Obligation Bond Act, as soon as practical after the effective date of this amendatory Act of the 93rd General Assembly.

On or before May 1, 2004, the Board shall recalculate and recertify to the Governor and to each department the amount of the required State contribution to the System and the required rates for State contributions to the System for State fiscal year 2005, taking into account the amounts appropriated to and received by the System under subsection (d) of Section 7.2 of the General Obligation Bond Act.

On or before July 1, 2005, the Board shall recalculate and recertify to the Governor and to each department the amount of the required State contribution to the System and the required rates for State contributions to the System for State fiscal year 2006, taking into account the amounts appropriated to and received by the System under subsection (d) of Section 7.2 of the General Obligation Bond Act.

required State contributions made by this amendatory Act of the 94th
General Assembly.

On or before June 15, 2010, the Board shall recalculate and
recertify to the Governor and to each department the amount of the
required State contribution to the System for State fiscal year 2011,

(40 ILCS 5/15-155) (from Ch. 108 1/2, par. 15-155)

Sec. 15-155. Employer contributions.

(a) The State of Illinois shall make contributtons by appropriations
of amounts which, together with the other employer contributions from
trust, federal, and other funds, employee contributions, income from
investments, and other income of this System, will be sufficient to meet
the cost of maintaining and administering the System on a 90% funded
basis in accordance with actuarial recommendations.

The Board shall determine the amount of State contributions
required for each fiscal year on the basis of the actuarial tables and other
assumptions adopted by the Board and the recommendations of the
actuary, using the formula in subsection (a-1).

(a-1) For State fiscal years 2012 through 2045, the minimum
contribution to the System to be made by the State for each fiscal year
shall be an amount determined by the System to be sufficient to bring the
total assets of the System up to 90% of the total actuarial liabilities of the
System by the end of State fiscal year 2045. In making these
determinations, the required State contribution shall be calculated each
year as a level percentage of payroll over the years remaining to and
including fiscal year 2045 and shall be determined under the projected unit
credit actuarial cost method.

For State fiscal years 1996 through 2005, the State contribution to
the System, as a percentage of the applicable employee payroll, shall be
increased in equal annual increments so that by State fiscal year 2011, the
State is contributing at the rate required under this Section.

Notwithstanding any other provision of this Article, the total
required State contribution for State fiscal year 2006 is $166,641,900.
Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2007 is $252,064,100.

For each of State fiscal years 2008 through 2009, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments from the required State contribution for State fiscal year 2007, so that by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2010 is $702,514,000 and shall be made from the State Pensions Fund and proceeds of bonds sold in fiscal year 2010 pursuant to Section 7.2 of the General Obligation Bond Act, less (i) the pro rata share of bond sale expenses determined by the System's share of total bond proceeds, (ii) any amounts received from the General Revenue Fund in fiscal year 2010, (iii) any reduction in bond proceeds due to the issuance of discounted bonds, if applicable.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2011 is the amount recertified by the System on or before June 15, 2010 pursuant to Section 15-165 and shall be made from the State Pensions Fund and proceeds of bonds sold in fiscal year 2011 pursuant to Section 7.2 of the General Obligation Bond Act, less (i) the pro rata share of bond sale expenses determined by the System's share of total bond proceeds, (ii) any amounts received from the General Revenue Fund in fiscal year 2011, and (iii) any reduction in bond proceeds due to the issuance of discounted bonds, if applicable.

Beginning in State fiscal year 2046, the minimum State contribution for each fiscal year shall be the amount needed to maintain the total assets of the System at 90% of the total actuarial liabilities of the System.

Amounts received by the System pursuant to Section 25 of the Budget Stabilization Act or Section 8.12 of the State Finance Act in any fiscal year do not reduce and do not constitute payment of any portion of the minimum State contribution required under this Article in that fiscal year. Such amounts shall not reduce, and shall not be included in the calculation of, the required State contributions under this Article in any future year until the System has reached a funding ratio of at least 90%. A reference in this Article to the "required State contribution" or any

substantially similar term does not include or apply to any amounts payable to the System under Section 25 of the Budget Stabilization Act.

Notwithstanding any other provision of this Section, the required State contribution for State fiscal year 2005 and for fiscal year 2008 and each fiscal year thereafter, as calculated under this Section and certified under Section 15-165, shall not exceed an amount equal to (i) the amount of the required State contribution that would have been calculated under this Section for that fiscal year if the System had not received any payments under subsection (d) of Section 7.2 of the General Obligation Bond Act, minus (ii) the portion of the State's total debt service payments for that fiscal year on the bonds issued for the purposes of that Section 7.2, as determined and certified by the Comptroller, that is the same as the System's portion of the total moneys distributed under subsection (d) of Section 7.2 of the General Obligation Bond Act. In determining this maximum for State fiscal years 2008 through 2010, however, the amount referred to in item (i) shall be increased, as a percentage of the applicable employee payroll, in equal increments calculated from the sum of the required State contribution for State fiscal year 2007 plus the applicable portion of the State's total debt service payments for fiscal year 2007 on the bonds issued for the purposes of Section 7.2 of the General Obligation Bond Act, so that, by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

(b) If an employee is paid from trust or federal funds, the employer shall pay to the Board contributions from those funds which are sufficient to cover the accruing normal costs on behalf of the employee. However, universities having employees who are compensated out of local auxiliary funds, income funds, or service enterprise funds are not required to pay such contributions on behalf of those employees. The local auxiliary funds, income funds, and service enterprise funds of universities shall not be considered trust funds for the purpose of this Article, but funds of alumni associations, foundations, and athletic associations which are affiliated with the universities included as employers under this Article and other employers which do not receive State appropriations are considered to be trust funds for the purpose of this Article.

(b-1) The City of Urbana and the City of Champaign shall each make employer contributions to this System for their respective firefighter employees who participate in this System pursuant to subsection (h) of Section 15-107. The rate of contributions to be made by those municipalities shall be determined annually by the Board on the basis of

the actuarial assumptions adopted by the Board and the recommendations of the actuary, and shall be expressed as a percentage of salary for each such employee. The Board shall certify the rate to the affected municipalities as soon as may be practical. The employer contributions required under this subsection shall be remitted by the municipality to the System at the same time and in the same manner as employee contributions.

(c) Through State fiscal year 1995: The total employer contribution shall be apportioned among the various funds of the State and other employers, whether trust, federal, or other funds, in accordance with actuarial procedures approved by the Board. State of Illinois contributions for employers receiving State appropriations for personal services shall be payable from appropriations made to the employers or to the System. The contributions for Class I community colleges covering earnings other than those paid from trust and federal funds, shall be payable solely from appropriations to the Illinois Community College Board or the System for employer contributions.

(d) Beginning in State fiscal year 1996, the required State contributions to the System shall be appropriated directly to the System and shall be payable through vouchers issued in accordance with subsection (c) of Section 15-165, except as provided in subsection (g).

(e) The State Comptroller shall draw warrants payable to the System upon proper certification by the System or by the employer in accordance with the appropriation laws and this Code.

(f) Normal costs under this Section means liability for pensions and other benefits which accrues to the System because of the credits earned for service rendered by the participants during the fiscal year and expenses of administering the System, but shall not include the principal of or any redemption premium or interest on any bonds issued by the Board or any expenses incurred or deposits required in connection therewith.

(g) If the amount of a participant's earnings for any academic year used to determine the final rate of earnings, determined on a full-time equivalent basis, exceeds the amount of his or her earnings with the same employer for the previous academic year, determined on a full-time equivalent basis, by more than 6%, the participant's employer shall pay to the System, in addition to all other payments required under this Section and in accordance with guidelines established by the System, the present value of the increase in benefits resulting from the portion of the increase in earnings that is in excess of 6%. This present value shall be computed.
by the System on the basis of the actuarial assumptions and tables used in
the most recent actuarial valuation of the System that is available at the
time of the computation. The System may require the employer to provide
any pertinent information or documentation.

Whenever it determines that a payment is or may be required under
this subsection (g), the System shall calculate the amount of the payment
and bill the employer for that amount. The bill shall specify the
calculations used to determine the amount due. If the employer disputes
the amount of the bill, it may, within 30 days after receipt of the bill, apply
to the System in writing for a recalculation. The application must specify
in detail the grounds of the dispute and, if the employer asserts that the
calculation is subject to subsection (h) or (i) of this Section, must include
an affidavit setting forth and attesting to all facts within the employer's
knowledge that are pertinent to the applicability of subsection (h) or (i).
Upon receiving a timely application for recalculation, the System shall
review the application and, if appropriate, recalculate the amount due.

The employer contributions required under this subsection (f) may
be paid in the form of a lump sum within 90 days after receipt of the bill.
If the employer contributions are not paid within 90 days after receipt of
the bill, then interest will be charged at a rate equal to the System's annual
actuarially assumed rate of return on investment compounded annually
from the 91st day after receipt of the bill. Payments must be concluded
within 3 years after the employer's receipt of the bill.

(h) This subsection (h) applies only to payments made or salary
increases given on or after June 1, 2005 but before July 1, 2011. The
changes made by Public Act 94-1057 shall not require the System to
refund any payments received before July 31, 2006 (the effective date of
Public Act 94-1057).

When assessing payment for any amount due under subsection (g),
the System shall exclude earnings increases paid to participants under
contracts or collective bargaining agreements entered into, amended, or
renewed before June 1, 2005.

When assessing payment for any amount due under subsection (g),
the System shall exclude earnings increases paid to a participant at a time
when the participant is 10 or more years from retirement eligibility under
Section 15-135.

When assessing payment for any amount due under subsection (g),
the System shall exclude earnings increases resulting from overload work,
including a contract for summer teaching, or overtime when the employer

has certified to the System, and the System has approved the certification, that: (i) in the case of overloads (A) the overload work is for the sole purpose of academic instruction in excess of the standard number of instruction hours for a full-time employee occurring during the academic year that the overload is paid and (B) the earnings increases are equal to or less than the rate of pay for academic instruction computed using the participant's current salary rate and work schedule; and (ii) in the case of overtime, the overtime was necessary for the educational mission.

When assessing payment for any amount due under subsection (g), the System shall exclude any earnings increase resulting from (i) a promotion for which the employee moves from one classification to a higher classification under the State Universities Civil Service System, (ii) a promotion in academic rank for a tenured or tenure-track faculty position, or (iii) a promotion that the Illinois Community College Board has recommended in accordance with subsection (k) of this Section. These earnings increases shall be excluded only if the promotion is to a position that has existed and been filled by a member for no less than one complete academic year and the earnings increase as a result of the promotion is an increase that results in an amount no greater than the average salary paid for other similar positions.

(i) When assessing payment for any amount due under subsection (g), the System shall exclude any salary increase described in subsection (h) of this Section given on or after July 1, 2011 but before July 1, 2014 under a contract or collective bargaining agreement entered into, amended, or renewed on or after June 1, 2005 but before July 1, 2011. Notwithstanding any other provision of this Section, any payments made or salary increases given after June 30, 2014 shall be used in assessing payment for any amount due under subsection (g) of this Section.

(j) The System shall prepare a report and file copies of the report with the Governor and the General Assembly by January 1, 2007 that contains all of the following information:

1. The number of recalculations required by the changes made to this Section by Public Act 94-1057 for each employer.
2. The dollar amount by which each employer's contribution to the System was changed due to recalculations required by Public Act 94-1057.
3. The total amount the System received from each employer as a result of the changes made to this Section by Public Act 94-4.

(4) The increase in the required State contribution resulting from the changes made to this Section by Public Act 94-1057.

(k) The Illinois Community College Board shall adopt rules for recommending lists of promotional positions submitted to the Board by community colleges and for reviewing the promotional lists on an annual basis. When recommending promotional lists, the Board shall consider the similarity of the positions submitted to those positions recognized for State universities by the State Universities Civil Service System. The Illinois Community College Board shall file a copy of its findings with the System. The System shall consider the findings of the Illinois Community College Board when making determinations under this Section. The System shall not exclude any earnings increases resulting from a promotion when the promotion was not submitted by a community college. Nothing in this subsection (k) shall require any community college to submit any information to the Community College Board.

(l) For purposes of determining the required State contribution to the System, the value of the System's assets shall be equal to the actuarial value of the System's assets, which shall be calculated as follows:

    As of June 30, 2008, the actuarial value of the System's assets shall be equal to the market value of the assets as of that date. In determining the actuarial value of the System's assets for fiscal years after June 30, 2008, any actuarial gains or losses from investment return incurred in a fiscal year shall be recognized in equal annual amounts over the 5-year period following that fiscal year.

(m) For purposes of determining the required State contribution to the system for a particular year, the actuarial value of assets shall be assumed to earn a rate of return equal to the system's actuarially assumed rate of return.

On or before May 1, 2004, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the

On or before July 1, 2005, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2006, taking into account the changes in required State contributions made by this amendatory Act of the 94th General Assembly.

From the effective date of this amendatory Act of the 93rd General Assembly through June 30, 2004, the Board shall not submit vouchers for the remainder of fiscal year 2004 in excess of the fiscal year 2004 certified contribution amount determined under this Section after taking into consideration the transfer to the System under subsection (b) of Section 6z-61 of the State Finance Act. These vouchers shall be paid by the State Comptroller and Treasurer by warrants drawn on the funds appropriated to the System for that fiscal year.

If in any month the amount remaining unexpended from all other appropriations to the System for the applicable fiscal year (including the appropriations to the System under Section 8.12 of the State Finance Act and Section 1 of the State Pension Funds Continuing Appropriation Act) is less than the amount lawfully vouchered under this Section, the difference shall be paid from the General Revenue Fund under the continuing appropriation authority provided in Section 1.1 of the State Pension Funds Continuing Appropriation Act.

(e) In the event that the System does not receive, as a result of legislative enactment or otherwise, payments sufficient to fully fund the employer contribution to the self-managed plan established under Section 15-158.2 and to fully fund that portion of the employer's portion of the normal costs of the System, as calculated in accordance with Section 15-155(a-1), then any payments received shall be applied proportionately to the optional retirement program established under Section 15-158.2 and to the employer's portion of the normal costs of the System, as calculated in accordance with Section 15-155(a-1).

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2007 is $738,014,500.

For each of State fiscal years 2008 through 2009, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments from the required State contribution for State fiscal year 2007, so that by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2010 is $2,089,268,000 and shall be made from the proceeds of bonds sold in fiscal year 2010 pursuant to Section 7.2 of the General Obligation Bond Act, less (i) the pro rata share of bond sale expenses determined by the System's share of total bond proceeds, (ii) any amounts received from the Common School Fund in fiscal year 2010, and (iii) any reduction in bond proceeds due to the issuance of discounted bonds, if applicable.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2011 is the amount recertified by the System on or before June 15, 2010 pursuant to subsection (a-1) of this Section and shall be made from the proceeds of bonds sold in fiscal year 2011 pursuant to Section 7.2 of the General Obligation Bond Act, less (i) the pro rata share of bond sale expenses...

This amount shall include, in addition to the amount certified by the System, an amount necessary to meet employer contributions required by the State as an employer under paragraph (e) of this Section, which may also be used by the System for contributions required by paragraph (a) of Section 16-127.

Amounts received by the System pursuant to Section 25 of the Budget Stabilization Act or Section 8.12 of the State Finance Act in any fiscal year do not reduce and do not constitute payment of any portion of the minimum State contribution required under this Article in that fiscal year. Such amounts shall not reduce, and shall not be included in the calculation of, the required State contributions under this Article in any future year until the System has reached a funding ratio of at least 90%. A reference in this Article to the "required State contribution" or any substantially similar term does not include or apply to any amounts payable to the System under Section 25 of the Budget Stabilization Act.

Notwithstanding any other provision of this Section, the required State contribution for State fiscal year 2005 and for fiscal year 2008 and each fiscal year thereafter, as calculated under this Section and certified under subsection (a-1), shall not exceed an amount equal to (i) the amount of the required State contribution that would have been calculated under this Section for that fiscal year if the System had not received any payments under subsection (d) of Section 7.2 of the General Obligation Bond Act, minus (ii) the portion of the State's total debt service payments for that fiscal year on the bonds issued for the purposes of that Section 7.2, as determined and certified by the Comptroller, that is the same as the System's portion of the total moneys distributed under subsection (d) of Section 7.2 of the General Obligation Bond Act. In determining this maximum for State fiscal years 2008 through 2010, however, the amount referred to in item (i) shall be increased, as a percentage of the applicable employee payroll, in equal increments calculated from the sum of the required State contribution for State fiscal year 2007 plus the applicable portion of the State's total debt service payments for fiscal year 2007 on
the bonds issued for the purposes of Section 7.2 of the General Obligation Bond Act, so that, by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

(c) Payment of the required State contributions and of all pensions, retirement annuities, death benefits, refunds, and other benefits granted under or assumed by this System, and all expenses in connection with the administration and operation thereof, are obligations of the State.

If members are paid from special trust or federal funds which are administered by the employing unit, whether school district or other unit, the employing unit shall pay to the System from such funds the full accruing retirement costs based upon that service, as determined by the System. Employer contributions, based on salary paid to members from federal funds, may be forwarded by the distributing agency of the State of Illinois to the System prior to allocation, in an amount determined in accordance with guidelines established by such agency and the System.

(d) Effective July 1, 1986, any employer of a teacher as defined in paragraph (8) of Section 16-106 shall pay the employer's normal cost of benefits based upon the teacher's service, in addition to employee contributions, as determined by the System. Such employer contributions shall be forwarded monthly in accordance with guidelines established by the System.

However, with respect to benefits granted under Section 16-133.4 or 16-133.5 to a teacher as defined in paragraph (8) of Section 16-106, the employer's contribution shall be 12% (rather than 20%) of the member's highest annual salary rate for each year of creditable service granted, and the employer shall also pay the required employee contribution on behalf of the teacher. For the purposes of Sections 16-133.4 and 16-133.5, a teacher as defined in paragraph (8) of Section 16-106 who is serving in that capacity while on leave of absence from another employer under this Article shall not be considered an employee of the employer from which the teacher is on leave.

(e) Beginning July 1, 1998, every employer of a teacher shall pay to the System an employer contribution computed as follows:

(1) Beginning July 1, 1998 through June 30, 1999, the employer contribution shall be equal to 0.3% of each teacher's salary.

(2) Beginning July 1, 1999 and thereafter, the employer contribution shall be equal to 0.58% of each teacher's salary.

New matter indicated by italics - deletions by strikeout
The school district or other employing unit may pay these employer contributions out of any source of funding available for that purpose and shall forward the contributions to the System on the schedule established for the payment of member contributions.

These employer contributions are intended to offset a portion of the cost to the System of the increases in retirement benefits resulting from this amendatory Act of 1998.

Each employer of teachers is entitled to a credit against the contributions required under this subsection (e) with respect to salaries paid to teachers for the period January 1, 2002 through June 30, 2003, equal to the amount paid by that employer under subsection (a-5) of Section 6.6 of the State Employees Group Insurance Act of 1971 with respect to salaries paid to teachers for that period.

The additional 1% employee contribution required under Section 16-152 by this amendatory Act of 1998 is the responsibility of the teacher and not the teacher's employer, unless the employer agrees, through collective bargaining or otherwise, to make the contribution on behalf of the teacher.

If an employer is required by a contract in effect on May 1, 1998 between the employer and an employee organization to pay, on behalf of all its full-time employees covered by this Article, all mandatory employee contributions required under this Article, then the employer shall be excused from paying the employer contribution required under this subsection (e) for the balance of the term of that contract. The employer and the employee organization shall jointly certify to the System the existence of the contractual requirement, in such form as the System may prescribe. This exclusion shall cease upon the termination, extension, or renewal of the contract at any time after May 1, 1998.

(f) If the amount of a teacher's salary for any school year used to determine final average salary exceeds the member's annual full-time salary rate with the same employer for the previous school year by more than 6%, the teacher's employer shall pay to the System, in addition to all other payments required under this Section and in accordance with guidelines established by the System, the present value of the increase in benefits resulting from the portion of the increase in salary that is in excess of 6%. This present value shall be computed by the System on the basis of the actuarial assumptions and tables used in the most recent actuarial valuation of the System that is available at the time of the computation. If a teacher's salary for the 2005-2006 school year is used to determine final

New matter indicated by italics - deletions by strikeout
average salary under this subsection (f), then the changes made to this
subsection (f) by Public Act 94-1057 shall apply in calculating whether the
increase in his or her salary is in excess of 6%. For the purposes of this
Section, change in employment under Section 10-21.12 of the School
Code on or after June 1, 2005 shall constitute a change in employer. The
System may require the employer to provide any pertinent information or
documentation. The changes made to this subsection (f) by this
amendatory Act of the 94th General Assembly apply without regard to
whether the teacher was in service on or after its effective date.

Whenever it determines that a payment is or may be required under
this subsection, the System shall calculate the amount of the payment and
bill the employer for that amount. The bill shall specify the calculations
used to determine the amount due. If the employer disputes the amount of
the bill, it may, within 30 days after receipt of the bill, apply to the System
in writing for a recalculation. The application must specify in detail the
grounds of the dispute and, if the employer asserts that the calculation is
subject to subsection (g) or (h) of this Section, must include an affidavit
setting forth and attesting to all facts within the employer's knowledge that
are pertinent to the applicability of that subsection. Upon receiving a
timely application for recalculation, the System shall review the
application and, if appropriate, recalculate the amount due.

The employer contributions required under this subsection (f) may
be paid in the form of a lump sum within 90 days after receipt of the bill.
If the employer contributions are not paid within 90 days after receipt of
the bill, then interest will be charged at a rate equal to the System's annual
actuarially assumed rate of return on investment compounded annually
from the 91st day after receipt of the bill. Payments must be concluded
within 3 years after the employer's receipt of the bill.

(g) This subsection (g) applies only to payments made or salary
increases given on or after June 1, 2005 but before July 1, 2011. The
changes made by Public Act 94-1057 shall not require the System to
refund any payments received before July 31, 2006 (the effective date of
Public Act 94-1057).

When assessing payment for any amount due under subsection (f),
the System shall exclude salary increases paid to teachers under contracts
or collective bargaining agreements entered into, amended, or renewed
before June 1, 2005.

When assessing payment for any amount due under subsection (f),
the System shall exclude salary increases paid to a teacher at a time when

the teacher is 10 or more years from retirement eligibility under Section 16-132 or 16-133.2.

When assessing payment for any amount due under subsection (f), the System shall exclude salary increases resulting from overload work, including summer school, when the school district has certified to the System, and the System has approved the certification, that (i) the overload work is for the sole purpose of classroom instruction in excess of the standard number of classes for a full-time teacher in a school district during a school year and (ii) the salary increases are equal to or less than the rate of pay for classroom instruction computed on the teacher's current salary and work schedule.

When assessing payment for any amount due under subsection (f), the System shall exclude a salary increase resulting from a promotion (i) for which the employee is required to hold a certificate or supervisory endorsement issued by the State Teacher Certification Board that is a different certification or supervisory endorsement than is required for the teacher's previous position and (ii) to a position that has existed and been filled by a member for no less than one complete academic year and the salary increase from the promotion is an increase that results in an amount no greater than the lesser of the average salary paid for other similar positions in the district requiring the same certification or the amount stipulated in the collective bargaining agreement for a similar position requiring the same certification.

When assessing payment for any amount due under subsection (f), the System shall exclude any payment to the teacher from the State of Illinois or the State Board of Education over which the employer does not have discretion, notwithstanding that the payment is included in the computation of final average salary.

(h) When assessing payment for any amount due under subsection (f), the System shall exclude any salary increase described in subsection (g) of this Section given on or after July 1, 2011 but before July 1, 2014 under a contract or collective bargaining agreement entered into, amended, or renewed on or after June 1, 2005 but before July 1, 2011. Notwithstanding any other provision of this Section, any payments made or salary increases given after June 30, 2014 shall be used in assessing payment for any amount due under subsection (f) of this Section.

(i) The System shall prepare a report and file copies of the report with the Governor and the General Assembly by January 1, 2007 that contains all of the following information:

New matter indicated by italics - deletions by strikeout
(1) The number of recalculations required by the changes made to this Section by Public Act 94-1057 for each employer.

(2) The dollar amount by which each employer's contribution to the System was changed due to recalculations required by Public Act 94-1057.

(3) The total amount the System received from each employer as a result of the changes made to this Section by Public Act 94-4.

(4) The increase in the required State contribution resulting from the changes made to this Section by Public Act 94-1057.

(j) For purposes of determining the required State contribution to the System, the value of the System's assets shall be equal to the actuarial value of the System's assets, which shall be calculated as follows:

As of June 30, 2008, the actuarial value of the System's assets shall be equal to the market value of the assets as of that date. In determining the actuarial value of the System's assets for fiscal years after June 30, 2008, any actuarial gains or losses from investment return incurred in a fiscal year shall be recognized in equal annual amounts over the 5-year period following that fiscal year.

(k) For purposes of determining the required State contribution to the system for a particular year, the actuarial value of assets shall be assumed to earn a rate of return equal to the system's actuarially assumed rate of return.

(a) The State of Illinois shall make contributions to this System by appropriations of the amounts which, together with the contributions of participants, net earnings on investments, and other income, will meet the costs of maintaining and administering this System on a 90% funded basis in accordance with actuarial recommendations.

(b) The Board shall determine the amount of State contributions required for each fiscal year on the basis of the actuarial tables and other assumptions adopted by the Board and the prescribed rate of interest, using the formula in subsection (c).

(c) For State fiscal years 2012 through 2045, the minimum contribution to the System to be made by the State for each fiscal year shall be an amount determined by the System to be sufficient to bring the

total assets of the System up to 90% of the total actuarial liabilities of the System by the end of State fiscal year 2045. In making these determinations, the required State contribution shall be calculated each year as a level percentage of payroll over the years remaining to and including fiscal year 2045 and shall be determined under the projected unit credit actuarial cost method.

For State fiscal years 1996 through 2005, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments so that by State fiscal year 2011, the State is contributing at the rate required under this Section.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2006 is $29,189,400.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2007 is $35,236,800.

For each of State fiscal years 2008 through 2009, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments from the required State contribution for State fiscal year 2007, so that by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2010 is $78,832,000 and shall be made from the proceeds of bonds sold in fiscal year 2010 pursuant to Section 7.2 of the General Obligation Bond Act, less (i) the pro rata share of bond sale expenses determined by the System's share of total bond proceeds, (ii) any amounts received from the General Revenue Fund in fiscal year 2010, and (iii) any reduction in bond proceeds due to the issuance of discounted bonds, if applicable.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2011 is the amount recertified by the System on or before June 15, 2010 pursuant to Section 18-140 and shall be made from the proceeds of bonds sold in fiscal year 2011 pursuant to Section 7.2 of the General Obligation Bond Act, less (i) the pro rata share of bond sale expenses determined by the System's share of total bond proceeds, (ii) any amounts received from the General Revenue Fund in fiscal year 2011, and (iii) any reduction in bond proceeds due to the issuance of discounted bonds, if applicable.

Beginning in State fiscal year 2046, the minimum State contribution for each fiscal year shall be the amount needed to maintain
the total assets of the System at 90% of the total actuarial liabilities of the System.

Amounts received by the System pursuant to Section 25 of the Budget Stabilization Act or Section 8.12 of the State Finance Act in any fiscal year do not reduce and do not constitute payment of any portion of the minimum State contribution required under this Article in that fiscal year. Such amounts shall not reduce, and shall not be included in the calculation of, the required State contributions under this Article in any future year until the System has reached a funding ratio of at least 90%. A reference in this Article to the "required State contribution" or any substantially similar term does not include or apply to any amounts payable to the System under Section 25 of the Budget Stabilization Act.

Notwithstanding any other provision of this Section, the required State contribution for State fiscal year 2005 and for fiscal year 2008 and each fiscal year thereafter, as calculated under this Section and certified under Section 18-140, shall not exceed an amount equal to (i) the amount of the required State contribution that would have been calculated under this Section for that fiscal year if the System had not received any payments under subsection (d) of Section 7.2 of the General Obligation Bond Act, minus (ii) the portion of the State's total debt service payments for that fiscal year on the bonds issued for the purposes of that Section 7.2, as determined and certified by the Comptroller, that is the same as the System's portion of the total moneys distributed under subsection (d) of Section 7.2 of the General Obligation Bond Act. In determining this maximum for State fiscal years 2008 through 2010, however, the amount referred to in item (i) shall be increased, as a percentage of the applicable employee payroll, in equal increments calculated from the sum of the required State contribution for State fiscal year 2007 plus the applicable portion of the State's total debt service payments for fiscal year 2007 on the bonds issued for the purposes of Section 7.2 of the General Obligation Bond Act, so that, by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

(d) For purposes of determining the required State contribution to the System, the value of the System's assets shall be equal to the actuarial value of the System's assets, which shall be calculated as follows:

As of June 30, 2008, the actuarial value of the System's assets shall be equal to the market value of the assets as of that date. In determining the actuarial value of the System's assets for fiscal years after June 30, 2008, any actuarial gains or losses from investment return incurred in a
fiscal year shall be recognized in equal annual amounts over the 5-year period following that fiscal year.

Sec. 18-140. To certify required State contributions and submit vouchers.

(a) The Board shall certify to the Governor, on or before November 15 of each year, the amount of the required State contribution to the System for the following fiscal year. The certification shall include a copy of the actuarial recommendations upon which it is based.

On or before May 1, 2004, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2005, taking into account the amounts appropriated to and received by the System under subsection (d) of Section 7.2 of the General Obligation Bond Act.

On or before July 1, 2005, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2006, taking into account the changes in required State contributions made by this amendatory Act of the 94th General Assembly.

On or before June 15, 2010, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2011, applying the changes made by Public Act 96-889 to the System's assets and liabilities as of June 30, 2009 as though Public Act 96-889 was approved on that date.

(b) Beginning in State fiscal year 1996, on or as soon as possible after the 15th day of each month the Board shall submit vouchers for payment of State contributions to the System, in a total monthly amount of one-twelfth of the required annual State contribution certified under subsection (a). From the effective date of this amendatory Act of the 93rd General Assembly through June 30, 2004, the Board shall not submit vouchers for the remainder of fiscal year 2004 in excess of the fiscal year 2004 certified contribution amount determined under this Section after taking into consideration the transfer to the System under subsection (c) of Section 6z-61 of the State Finance Act. These vouchers shall be paid by
the State Comptroller and Treasurer by warrants drawn on the funds appropriated to the System for that fiscal year.

If in any month the amount remaining unexpended from all other appropriations to the System for the applicable fiscal year (including the appropriations to the System under Section 8.12 of the State Finance Act and Section 1 of the State Pension Funds Continuing Appropriation Act) is less than the amount lawfully vouchered under this Section, the difference shall be paid from the General Revenue Fund under the continuing appropriation authority provided in Section 1.1 of the State Pension Funds Continuing Appropriation Act.

(1) for new employees who participated as worker-trainees in the Put Illinois to Work Program during 2010:

(A) in the first calendar year ending on or after the date that is 6 months after December 31, 2010, or the date of hire, whichever is later. Under this subparagraph, the applicant is entitled to one-half of the credit allowable for each new employee who is employed for at least 6 months after the date of hire; and

(B) in the first calendar year ending on or after the date that is 12 months after December 31, 2010, or the date of hire, whichever is later. Under this subparagraph, the applicant is entitled to one-half of the credit allowable for each new employee who is employed for at least 12 months after the date of hire;

(2) for all other new employees, in the first calendar years ending on or after the date that is 12 months after the date of hire of a new employee. (b) The Department shall make credit awards under this Act to further job creation.

(c) The credit shall be claimed for the first calendar year ending on or after the date on which the certificate is issued by the Department.

(d) The credit shall not exceed $2,500 per new employee hired.

(e) The net increase in full-time Illinois employees, measured on an annual full-time equivalent basis, shall be the total number of full-time Illinois employees of the applicant on June 30, 2011, minus the number of full-time Illinois employees employed by the employer on July 1, 2010. For purposes of the calculation, an employer that begins doing business in this State during the incentive period, as determined by the Director, shall be treated as having zero Illinois employees on July 1, 2010.

(f) The net increase in the number of full-time Illinois employees of the applicant under subsection (e) must be sustained continuously for at least 12 months, starting with the date of hire of a new employee during

the incentive period. Eligibility for the credit does not depend on the continuous employment of any particular individual. For purposes of this subsection (f), if a new employee ceases to be employed before the completion of the 12-month period for any reason, the net increase in the number of full-time Illinois employees shall be treated as continuous if a different new employee is hired as a replacement within a reasonable time for the same position.

(4) The net increase in the number of full-time Illinois employees of the applicant (including the new employees listed in the request) between the beginning of the incentive period and the dates on which the new employees listed in the request were hired. This requirement does not apply for tax credits the applicant is seeking because the new employee had participated as a worker-trainee in the Put Illinois to Work Program.

(5) An agreement that the Director is authorized to verify with the appropriate State agencies the information contained in the request before issuing a certificate to the applicant.

(6) Any other information the Department determines to be appropriate.

At the conclusion of the hearing, the hearing officer shall make findings of fact, conclusions of law, and recommendations, separately stated, and submit them to the State Fire Marshal and to all parties to the proceeding. Submission to the licensee shall be considered as having been made if done in a similar fashion as service of the notice of formal charges. Within 20 days after such service, any party to the proceeding may present to the State Fire Marshal a motion, in writing, for a rehearing which written motion shall specify the particular grounds therefor.

(e) The State Fire Marshal, following the time allowed for filing a motion for rehearing, shall review the hearing officer's findings of fact, conclusions of law, and recommendations, and any motions filed subsequent thereto. During all judicial proceedings incident to the disciplinary action, the sanctions imposed upon the accused by the State Fire Marshal shall remain in effect, unless the court feels justice requires a stay of the Order.

Section 105. Order; prima facie proof. An order of revocation, suspension, placing the license on probationary status or other formal disciplinary action as the State Fire Marshal may deem proper, or a certified copy thereof, over the seal of the State Fire Marshal and purporting to be signed by the State Fire Marshal, is prima facie proof that:

(3) the hearing officer is qualified to act on behalf of the State Fire Marshal.
Such proof may be rebutted.

other long-term care related benefit program administered by the State, it is the intent of the General Assembly to address the needs of both the State and the individuals eligible for such services by cost effective and efficient means through the advancement of a long-term care rebalancing initiative. Notwithstanding any State law to the contrary, and subject to federal laws, regulations, and court decrees, the following shall apply to the long-term care rebalancing initiative:

(1) "Long-term care rebalancing", as used in this Section, means removing barriers to community living for people of all ages with disabilities and long-term illnesses by offering individuals utilizing long-term care services a reasonable array of options, in particular adequate choices of community and institutional options, to achieve a balance between the proportion of total Medicaid long-term support expenditures used for institutional services and those used for community-based supports.

(2) Subject to the provisions of this Section, the Governor shall create a unified budget report identifying the budgets of all State agencies offering long-term care services to persons in either institutional or community settings, including the budgets of State-operated facilities for persons with developmental disabilities that shall include, but not be limited to, the following service and financial data:

(A) A breakdown of long-term care services, defined as institutional or community care, by the State agency primarily responsible for administration of the program.

(B) Actual and estimated enrollment, caseload, service hours, or service days provided for long-term care services described in a consistent format for those services, for each of the following age groups: older adults 65 years of age and older, younger adults 21 years of age through 64 years of age, and children under 21 years of age.

(C) Funding sources for long-term care services.

(D) Comparison of service and expenditure data, by services, both in aggregate and per person enrolled.

(3) For each fiscal year, the unified budget report described in subdivision (2) shall be prepared with reference to the prioritized outcomes for that fiscal year contemplated by Sections 50-5 and 50-25 of this Code.

(4) Each State agency responsible for the administration of long-term care services shall provide an analysis of the progress being made by the agency to transition persons from institutional to community settings, where appropriate, as part of the State's long-term care rebalancing initiative.

(5) The Governor may designate amounts set aside for institutional services appropriated from the General Revenue Fund or any other State fund that receives monies for long-term care services to be transferred to all State agencies responsible for the administration of community-based long-term care programs, including, but not limited to, community-based long-term care programs administered by the Department of Healthcare and Family Services, the Department of Human Services, and the Department on Aging, provided that the Director of Healthcare and Family Services first certifies that the amounts being transferred are necessary for the purpose of assisting persons in or at risk of being in institutional care to transition to community-based settings, including the financial data needed to prove the need for the transfer of funds. The total amounts transferred shall not exceed 4% in total of the amounts appropriated from the General Revenue Fund or any other State fund that receives monies for long-term care services for each fiscal year. A notice of the fund transfer must be made to the General Assembly and posted at a minimum on the Department of Healthcare and Family Services website, the Governor's Office of Management and Budget website, and any other website the Governor sees fit. These postings shall serve as notice to the General Assembly of the amounts to be transferred. Notice shall be given at least 30 days prior to transfer.

During State fiscal year 2005, an agency may transfer amounts among its appropriations within the same treasury fund for personal services, employee retirement contributions paid by employer, and State Contributions to retirement systems; notwithstanding and in addition to the transfers authorized in subsection (c) of this Section, the fiscal year 2005 transfers authorized in this sentence may be made in an amount not to exceed 2% of the aggregate amount appropriated to an agency within the same treasury fund. The total amounts transferred shall not exceed 4% in total of the amounts appropriated from the General Revenue Fund or any other State fund that receives monies for long-term care services for each fiscal year. A notice of the fund transfer must be made to the General Assembly and posted at a minimum on the Department of Healthcare and Family Services website, the Governor’s Office of Management and Budget website, and any other website the Governor sees fit. These postings shall serve as notice to the General Assembly of the amounts to be transferred. Notice shall be given at least 30 days prior to transfer.

fraction thereof after the end of this 60 day period, until final payment is made. Any bill, except a bill for pharmacy services or goods, submitted under Article V of the Illinois Public Aid Code approved for payment under this Section must be paid or the payment issued to the payee within 60 days after receipt of a proper bill or invoice, and, if payment is not issued to the payee within this 60-day period, an interest penalty of 2.0% of any amount approved and unpaid shall be added for each month or fraction thereof after the end of this 60-day period, until final payment is made. Each agency shall be responsible for determining whether an interest penalty is owed and for paying the interest to the vendor. Interest due to a vendor that amounts to less than $50 shall not be paid but shall be

Section 30. The Children's Health Insurance Program Act is amended by changing Section 15 and by adding Sections 7, 21, 23, and 26 as follows:

(215 ILCS 106/7 new)

Sec. 7. Eligibility verification. Notwithstanding any other provision of this Act, with respect to applications for benefits provided under the Program, eligibility shall be determined in a manner that ensures program integrity and that complies with federal law and regulations while minimizing unnecessary barriers to enrollment. To this end, as soon as practicable, and unless the Department receives written denial from the federal government, this Section shall be implemented:

(a) The Department of Healthcare and Family Services or its designees shall:

(1) By no later than July 1, 2011, require verification of, at a minimum, one month's income from all sources required for determining the eligibility of applicants to the Program. Such verification shall take the form of pay stubs, business or income and expense records for self-employed persons, letters from employers, and any other valid documentation of income including data obtained electronically by the Department or its designees from other sources as described in subsection (b) of this Section.

(2) By no later than October 1, 2011, require verification of, at a minimum, one month's income from all sources required for determining the continued eligibility of recipients at their annual review of eligibility under the Program. Such verification shall take the form of pay stubs, business or income and expense records for self-employed persons, letters from employers, and any other valid documentation of income including data obtained electronically by the Department or its designees from other sources as described in subsection (b) of this Section. The Department shall send a notice to the recipient at least 60 days prior to the end of the period of eligibility that informs them of the requirements for continued eligibility. If a recipient does not fulfill the requirements for continued eligibility by the deadline established in the notice, a notice of cancellation shall be issued to the recipient and coverage shall end on the last day of the eligibility period. A recipient's eligibility may be reinstated without requiring a new application if the recipient fulfills the requirements for continued eligibility prior to the end of the month.
following the last date of coverage. Nothing in this Section shall prevent an individual whose coverage has been cancelled from reapplying for health benefits at any time. (3) By no later than July 1, 2011, require verification of Illinois residency.

(b) The Department shall establish or continue cooperative arrangements with the Social Security Administration, the Illinois Secretary of State, the Department of Human Services, the Department of Revenue, the Department of Employment Security, and any other appropriate entity to gain electronic access, to the extent allowed by law, to information available to those entities that may be appropriate for electronically verifying any factor of eligibility for benefits under the Program. Data relevant to eligibility shall be provided for no other purpose than to verify the eligibility of new applicants or current recipients of health benefits under the Program. Data will be requested or provided for any new applicant or current recipient only insofar as that individual's circumstances are relevant to that individual's or another individual's eligibility.

(c) Within 90 days of the effective date of this amendatory Act of the 96th General Assembly, the Department of Healthcare and Family Services shall send notice to current recipients informing them of the changes regarding their eligibility verification.

(215 ILCS 106/15)

Sec. 15. Operation of the Program. There is hereby created a Children's Health Insurance Program. The Program shall operate subject to appropriation and shall be administered by the Department of Healthcare and Family Services. The Department shall have the powers and authority granted to the Department under the Illinois Public Aid Code, including, but not limited to, Section 11-5.1 of the Code. The Department may contract with a Third Party Administrator or other entities to administer and oversee any portion of this Program.

Sec. 21. Presumptive eligibility. Beginning on the effective date of this amendatory Act of the 96th General Assembly and except where federal law requires presumptive eligibility, no adult may be presumed eligible for health care coverage under the Program, and the Department may not cover any service rendered to an adult unless the adult has completed an application for benefits, all required verifications have been received and the Department or its designee has found the adult eligible.

for the date on which that service was provided. Nothing in this Section shall apply to pregnant women.

(215 ILCS 106/23 new)

Sec. 23. Care coordination.

(a) At least 50% of recipients eligible for comprehensive medical benefits in all medical assistance programs or other health benefit programs administered by the Department, including the Children's Health Insurance Program Act and the Covering ALL KIDS Health Insurance Act, shall be enrolled in a care coordination program by no later than January 1, 2015. For purposes of this Section, "coordinated care" or "care coordination" means delivery systems where recipients will receive their care from providers who participate under contract in integrated delivery systems that are responsible for providing or arranging the majority of care, including primary care physician services, referrals from primary care physicians, diagnostic and treatment services, behavioral health services, in-patient and outpatient hospital services, dental services, and rehabilitation and long-term care services. The Department shall designate or contract for such integrated delivery systems (i) to ensure enrollees have a choice of systems and of primary care providers within such systems; (ii) to ensure that enrollees receive quality care in a culturally and linguistically appropriate manner; and (iii) to ensure that coordinated care programs meet the diverse needs of enrollees with developmental, mental health, physical, and age-related disabilities.

(b) Payment for such coordinated care shall be based on arrangements where the State pays for performance related to health care outcomes, the use of evidence-based practices, the use of primary care delivered through comprehensive medical homes, the use of electronic medical records, and the appropriate exchange of health information electronically made either on a capitated basis in which a fixed monthly premium per recipient is paid and full financial risk is assumed for the delivery of services, or through other risk-based payment arrangements.

(c) To qualify for compliance with this Section, the 50% goal shall be achieved by enrolling medical assistance enrollees from each medical assistance enrollment category, including parents, children, seniors, and people with disabilities to the extent that current State Medicaid payment laws would not limit federal matching funds for recipients in care coordination programs. In addition, services must be more comprehensively defined and more risk shall be assumed than in the
Department’s primary care case management program as of the effective date of this amendatory Act of the 96th General Assembly.

(d) The Department shall report to the General Assembly in a separate part of its annual medical assistance program report, beginning April, 2012 until April, 2016, on the progress and implementation of the care coordination program initiatives established by the provisions of this amendatory Act of the 96th General Assembly. The Department shall include in its April 2011 report a full analysis of federal laws or regulations regarding upper payment limitations to providers and the necessary revisions or adjustments in rate methodologies and payments to providers under this Code that would be necessary to implement coordinated care with full financial risk by a party other than the Department.

(215 ILCS 106/26 new)

Sec. 26. Moratorium on eligibility expansions. Beginning on the effective date of this amendatory Act of the 96th General Assembly, there shall be a 2-year moratorium on the expansion of eligibility through increasing financial eligibility standards, or through increasing income disregards, or through the creation of new programs that would add new categories of eligible individuals under the medical assistance program under the Illinois Public Aid Code in addition to those categories covered on January 1, 2011. This moratorium shall not apply to expansions required as a federal condition of State participation in the medical assistance program.

Section 35. The Covering ALL KIDS Health Insurance Act is amended by changing Sections 15, 20, and 98 and by adding Sections 7, 21, 36, and 56 as follows:

(215 ILCS 170/7 new)

eligibility of applicants to the Program. Such verification shall take the form of pay stubs, business or income and expense records for self-employed persons, letters from employers, and any other valid documentation of income including data obtained electronically by the Department or its designees from other sources as described in subsection (b) of this Section.

(2) By October 1, 2011, require verification of, at a minimum, one month's income from all sources required for determining the continued eligibility of recipients at their annual review of eligibility under the Program. Such verification shall take the form of pay stubs, business or income and expense records for self-employed persons, letters from employers, and any other valid documentation of income including data obtained electronically by the Department or its designees from other sources as described in subsection (b) of this Section. The Department shall send a notice to recipients at least 60 days prior to the end of their period of eligibility that informs them of the requirements for continued eligibility. If a recipient does not fulfill the requirements for continued eligibility by the deadline established in the notice, a notice of cancellation shall be issued to the recipient and coverage shall end on the last day of the eligibility period. A recipient's eligibility may be reinstated without requiring a new application if the recipient fulfills the requirements for continued eligibility prior to the end of the month following the last date of coverage. Nothing in this Section shall prevent an individual whose coverage has been cancelled from reapplying for health benefits at any time.

(3) By July 1, 2011, require verification of Illinois residency.

(b) The Department shall establish or continue cooperative arrangements with the Social Security Administration, the Illinois Secretary of State, the Department of Human Services, the Department of Revenue, the Department of Employment Security, and any other appropriate entity to gain electronic access, to the extent allowed by law, to information available to those entities that may be appropriate for electronically verifying any factor of eligibility for benefits under the Program. (b) The Department shall monitor the availability and retention of employer-sponsored dependent health insurance coverage and shall modify the period described in subdivision (a)(3) if necessary to promote retention of private or employer-sponsored health insurance and timely access to healthcare services, but at no time shall the period described in subdivision (a)(3) be less than 6 months.

The Illinois Department shall, not later than June 30, 1993, enter into one or more co-operative arrangements with the Department of Mental Health and Developmental Disabilities providing that the Department of Mental Health and Developmental Disabilities will be responsible for administering or supervising all programs for services to persons in community care facilities for persons with developmental disabilities, including but not limited to intermediate care facilities, that are supported by State funds or by funding under Title XIX of the federal

Social Security Act. The responsibilities of the Department of Mental Health and Developmental Disabilities under these agreements are transferred to the Department of Human Services as provided in the Department of Human Services Act.

The Department may also contract with such State health and rehabilitation agencies and other public or private health care and rehabilitation organizations to act for it in supplying designated medical services to persons eligible therefor under this Article. Any contracts with health services or health maintenance organizations shall be restricted to organizations which have been certified as being in compliance with standards promulgated pursuant to the laws of this State governing the establishment and operation of health services or health maintenance organizations. The Department shall renegotiate the contracts with health maintenance organizations and managed care community networks that took effect August 1, 2003, so as to produce $70,000,000 savings to the Department net of resulting increases to the fee-for-service program for State fiscal year 2006. The Department may also contract with insurance companies or other corporate entities serving as fiscal intermediaries in this State for the Federal Government in respect to Medicare payments under Title XVIII of the Federal Social Security Act to act for the Department in paying medical care suppliers. The provisions of Section 9 of "An Act in relation to State finance", approved June 10, 1919, as amended, notwithstanding, such contracts with State agencies, other health care and rehabilitation organizations, or fiscal intermediaries may provide for advance payments.

(b) For purposes of this subsection (b), "managed care community network" means an entity, other than a health maintenance organization, that is owned, operated, or governed by providers of health care services within this State and that provides or arranges primary, secondary, and tertiary managed health care services under contract with the Illinois Department exclusively to persons participating in programs administered by the Illinois Department.

The Illinois Department may certify managed care community networks, including managed care community networks owned, operated, managed, or governed by State-funded medical schools, as risk-bearing entities eligible to contract with the Illinois Department as Medicaid managed care organizations. The Illinois Department may contract with those managed care community networks to furnish health care services to or arrange those services for individuals participating in programs.

administered by the Illinois Department. The rates for those provider-sponsored organizations may be determined on a prepaid, capitated basis. A managed care community network may choose to contract with the Illinois Department to provide only pediatric health care services. The Illinois Department shall by rule adopt the criteria, standards, and procedures by which a managed care community network may be permitted to contract with the Illinois Department and shall consult with the Department of Insurance in adopting these rules.

A county provider as defined in Section 15-1 of this Code may contract with the Illinois Department to provide primary, secondary, or tertiary managed health care services as a managed care community network without the need to establish a separate entity and shall be deemed a managed care community network for purposes of this Code only to the extent it provides services to participating individuals. A county provider is entitled to contract with the Illinois Department with respect to any contracting region located in whole or in part within the county. A county provider is not required to accept enrollees who do not reside within the county.

In order to (i) accelerate and facilitate the development of integrated health care in contracting areas outside counties with populations in excess of 3,000,000 and counties adjacent to those counties and (ii) maintain and sustain the high quality of education and residency programs coordinated and associated with local area hospitals, the Illinois Department may develop and implement a demonstration program from managed care community networks owned, operated, managed, or governed by State-funded medical schools. The Illinois Department shall prescribe by rule the criteria, standards, and procedures for effecting this demonstration program.

A managed care community network that contracts with the Illinois Department to furnish health care services to or arrange those services for enrollees participating in programs administered by the Illinois Department shall do all of the following:

1. Provide that any provider affiliated with the managed care community network may also provide services on a fee-for-service basis to Illinois Department clients not enrolled in such managed care entities.

2. Provide client education services as determined and approved by the Illinois Department, including but not limited to (i) education regarding appropriate utilization of health care services.
services in a managed care system, (ii) written disclosure of treatment policies and restrictions or limitations on health services, including, but not limited to, physical services, clinical laboratory tests, hospital and surgical procedures, prescription drugs and biologics, and radiological examinations, and (iii) written notice that the enrollee may receive from another provider those covered services that are not provided by the managed care community network.

(3) Provide that enrollees within the system may choose the site for provision of services and the panel of health care providers.

(4) Not discriminate in enrollment or disenrollment practices among recipients of medical services or enrollees based on health status.

(5) Provide a quality assurance and utilization review program that meets the requirements established by the Illinois Department in rules that incorporate those standards set forth in the Health Maintenance Organization Act.

(6) Issue a managed care community network identification card to each enrollee upon enrollment. The card must contain all of the following:

   (A) The enrollee's health plan.

   (B) The name and telephone number of the enrollee's primary care physician or the site for receiving primary care services.

   (C) A telephone number to be used to confirm eligibility for benefits and authorization for services that is available 24 hours per day, 7 days per week.

(7) Ensure that every primary care physician and pharmacy in the managed care community network meets the standards established by the Illinois Department for accessibility and quality of care. The Illinois Department shall arrange for and oversee an evaluation of the standards established under this paragraph (7) and may recommend any necessary changes to these standards.

(8) Provide a procedure for handling complaints that meets the requirements established by the Illinois Department in rules that incorporate those standards set forth in the Health Maintenance Organization Act.

(9) Maintain, retain, and make available to the Illinois Department records, data, and information, in a uniform manner.
determined by the Illinois Department, sufficient for the Illinois Department to monitor utilization, accessibility, and quality of care.

(10) (Blank) Provide that the pharmacy formulary used by the managed care community network and its contract providers be no more restrictive than the Illinois Department's pharmaceutical program on the effective date of this amendatory Act of 1998 and as amended after that date.

The Illinois Department shall contract with an entity or entities to provide external peer-based quality assurance review for the managed health care programs administered by the Illinois Department. The entity shall meet all federal requirements for an external quality review organization be representative of Illinois physicians licensed to practice medicine in all its branches and have statewide geographic representation in all specialties of medical care that are provided in managed health care programs administered by the Illinois Department. The entity may not be a third-party payer and shall maintain offices in locations around the State in order to provide service and continuing medical education to physician participants within those managed health care programs administered by the Illinois Department. The review process shall be developed and conducted by Illinois physicians licensed to practice medicine in all its branches. In consultation with the entity, the Illinois Department may contract with other entities for professional peer-based quality assurance review of individual categories of services other than services provided, supervised, or coordinated by physicians licensed to practice medicine in all its branches. The Illinois Department shall establish, by rule, criteria to avoid conflicts of interest in the conduct of quality assurance activities consistent with professional peer-review standards. All quality assurance activities shall be coordinated by the Illinois Department.

Each managed care community network must demonstrate its ability to bear the financial risk of serving individuals under this program. The Illinois Department shall by rule adopt standards for assessing the solvency and financial soundness of each managed care community network. Any solvency and financial standards adopted for managed care community networks shall be no more restrictive than the solvency and financial standards adopted under Section 1856(a) of the Social Security Act for provider-sponsored organizations under Part C of Title XVIII of the Social Security Act.
The Illinois Department may implement the amendatory changes to this Code made by this amendatory Act of 1998 through the use of emergency rules in accordance with Section 5-45 of the Illinois Administrative Procedure Act. For purposes of that Act, the adoption of rules to implement these changes is deemed an emergency and necessary for the public interest, safety, and welfare.

(c) Not later than June 30, 1996, the Illinois Department shall enter into one or more cooperative arrangements with the Department of Public Health for the purpose of developing a single survey for nursing facilities, including but not limited to facilities funded under Title XVIII or Title XIX of the federal Social Security Act or both, which shall be administered and conducted solely by the Department of Public Health. The Departments shall test the single survey process on a pilot basis, with both the Departments of Public Aid and Public Health represented on the consolidated survey team. The pilot will sunset June 30, 1997. After June 30, 1997, unless otherwise determined by the Governor, a single survey shall be implemented by the Department of Public Health which would not preclude staff from the Department of Healthcare and Family Services (formerly Department of Public Aid) from going on-site to nursing facilities to perform necessary audits and reviews which shall not replicate the single State agency survey required by this Act. This Section shall not apply to community or intermediate care facilities for persons with developmental disabilities.

(d) Nothing in this Code in any way limits or otherwise impairs the authority or power of the Illinois Department to enter into a negotiated contract pursuant to this Section with a managed care community network or a health maintenance organization, as defined in the Health Maintenance Organization Act, that provides for termination or nonrenewal of the contract without cause, upon notice as provided in the contract, and without a hearing.

Sec. 5-11a. Health Benefit Information Systems.

(a) It is the intent of the General Assembly to support unified electronic systems initiatives that will improve management of information related to medical assistance programs. This will include improved management capabilities and new systems for Eligibility, Verification, and Enrollment (EVE) that will simplify and increase efficiencies in and access to the medical assistance programs and ensure program integrity. The

Department of Healthcare and Family Services, in coordination with the Department of Human Services and other appropriate state agencies, shall develop a plan by July 1, 2011, that will:

(1) Subject to federal and State privacy and confidentiality laws and regulations, meet standards for timely eligibility verification and enrollment, and annual redetermination of eligibility, of applicants for and recipients of means-tested health benefits sponsored by the State, including medical assistance under this Code.

(2) Receive and update data electronically from the Social Security Administration, the U.S. Postal Service, the Illinois Secretary of State, the Department of Revenue, the Department of Employment Security, and other governmental entities, as appropriate and to the extent allowed by law, for verification of any factor of eligibility for medical assistance and for updating addresses of applicants and recipients of medical assistance and other health benefit programs administered by the Department. Data relevant to eligibility shall be provided for no other purpose than to verify the eligibility of new applicants or current recipients of health benefits provided by the State. Data shall be requested or provided for any individual only insofar as that new applicant or current recipient's circumstances are relevant to that individual's or another individual's eligibility for State-sponsored health benefits.

(3) Meet federal requirements for timely installation by January 1, 2014 to provide integration with a Health Benefits Exchange pursuant to the requirements of the federal Affordable Care Act and the Reconciliation Act and any subsequent amendments thereto and to ensure capture of the maximum available federal financial participation (FFP).

(4) Meet federal requirements for compliance with architectural standards, including, but not limited to, (i) the use of a module development as outlined by the Medicaid Information Technology Architecture standards, (ii) the use of federally approved open-interfaces where they exist, (iii) the use or the creation of open-interfaces where necessary, and (iv) the use of rules technology that can dynamically accept and modify rules in standard formats.
(5) Include plans to ensure coordination with the State of Illinois Framework Project that will (i) expedite and simplify access to services provided by Illinois human services programs; (ii) streamline administration and data sharing; (iii) enhance planning capacity, program evaluation, and fraud detection or prevention with access to cross-agency data; and (iv) simplify service reporting for contracted providers.

(b) The Department of Healthcare and Family Services shall continue to plan for and implement a new Medicaid Management Information System (MMIS) and upgrade the capabilities of the MMIS data warehouse. Upgrades shall include, among other things, enhanced capabilities in data analysis including the ability to identify risk factors that could impact the treatment and resulting quality of care, and tools that perform predictive analytics on data applying to newborns, women with high risk pregnancies, and other populations served by the Department.

(c) The Department of Healthcare and Family Services shall report in its annual Medical Assistance program report each April through April, 2015 on the progress and implementation of this plan.

(305 ILCS 5/5-29 new)

Sec. 5-29. Income Limits and Parental Responsibility. In light of the unprecedented fiscal crisis confronting the State, it is the intent of the General Assembly to explore whether the income limits and income counting methods established for children under the Covering ALL KIDS Health Insurance Act, pursuant to this amendatory Act of the 96th General Assembly, should apply to medical assistance programs available to children made eligible under the Illinois Public Aid Code, including through home and community based services waiver programs authorized under Section 1915(c) of the Social Security Act, where parental income is currently not considered in determining a child's eligibility for medical assistance. The Department of Healthcare and Family Services is hereby directed, with the participation of the Department of Human Services and stakeholders, to conduct an analysis of these programs to determine parental cost sharing opportunities, how these opportunities may impact the children currently in the programs, waivers and on the waiting list, and any other factors which may increase efficiencies and decrease State costs. The Department is further directed to review how services under these programs and waivers may be provided by the use of a combination of skilled, unskilled, and uncompensated care and to advise as to what

New matter indicated by italics - deletions by strikeout
revisions to the Nurse Practice Act, and Acts regulating other relevant professions, are necessary to accomplish this combination of care. The Department shall submit a written analysis on the children's programs and waivers as part of the Department's annual Medicaid reports due to the General Assembly in 2011 and 2012.

(305 ILCS 5/5-30 new)

Sec. 5-30. Care coordination.

(a) At least 50% of recipients eligible for comprehensive medical benefits in all medical assistance programs or other health benefit programs administered by the Department, including the Children's Health Insurance Program Act and the Covering ALL KIDS Health Insurance Act, shall be enrolled in a care coordination program by no later than January 1, 2015. For purposes of this Section, "coordinated care" or "care coordination" means delivery systems where recipients will receive their care from providers who participate under contract in integrated delivery systems that are responsible for providing or arranging the majority of care, including primary care physician services, referrals from primary care physicians, diagnostic and treatment services, behavioral health services, in-patient and outpatient hospital services, dental services, and rehabilitation and long-term care services. The Department shall designate or contract for such integrated delivery systems (i) to ensure enrollees have a choice of systems and of primary care providers within such systems; (ii) to ensure that enrollees receive quality care in a culturally and linguistically appropriate manner; and (iii) to ensure that coordinated care programs meet the diverse needs of enrollees with developmental, mental health, physical, and age-related disabilities.

(b) Payment for such coordinated care shall be based on arrangements where the State pays for performance related to health care outcomes, the use of evidence-based practices, the use of primary care delivered through comprehensive medical homes, the use of electronic medical records, and the appropriate exchange of health information electronically made either on a capitated basis in which a fixed monthly premium per recipient is paid and full financial risk is assumed for the delivery of services, or through other risk-based payment arrangements.

(c) To qualify for compliance with this Section, the 50% goal shall be achieved by enrolling medical assistance enrollees from each medical assistance enrollment category, including parents, children, seniors, and people with disabilities to the extent that current State Medicaid payment
laws would not limit federal matching funds for recipients in care coordination programs. In addition, services must be more comprehensively defined and more risk shall be assumed than in the Department's primary care case management program as of the effective date of this amendatory Act of the 96th General Assembly.

(d) The Department shall report to the General Assembly in a separate part of its annual medical assistance program report, beginning April, 2012 until April, 2016, on the progress and implementation of the care coordination program initiatives established by the provisions of this amendatory Act of the 96th General Assembly. The Department shall include in its April 2011 report a full analysis of federal laws or regulations regarding upper payment limitations to providers and the necessary revisions or adjustments in rate methodologies and payments to providers under this Code that would be necessary to implement coordinated care with full financial risk by a party other than the Department.

(305 ILCS 5/8A-2.5)
Sec. 8A-2.5. Unauthorized use of medical assistance.
(a) Any person who knowingly uses, acquires, possesses, or transfers a medical card in any manner not authorized by law or by rules and regulations of the Illinois Department, or who knowingly alters a medical card, or who knowingly uses, acquires, possesses, or transfers an altered medical card, is guilty of a violation of this Article and shall be punished as provided in Section 8A-6.

(b) Any person who knowingly obtains unauthorized medical benefits with or without use of a medical card is guilty of a violation of this Article and shall be punished as provided in Section 8A-6.

(c) The Department may seek to recover any and all State and federal monies for which it has improperly and erroneously paid benefits as a result of a fraudulent action and any civil penalties authorized in this Section. Pursuant to Section 11-14.5 of this Code, the Department may determine the monetary value of benefits improperly and erroneously received. The Department may recover the monies paid for such benefits and interest on that amount at the rate of 5% per annum for the period from which payment was made to the date upon which repayment is made to the State. Prior to the recovery of any amount paid for benefits allegedly obtained by fraudulent means, the recipient of such benefits shall be afforded an opportunity for a hearing after reasonable notice. The notice shall be served personally or by certified or registered mail or as
otherwise provided by law upon the parties or their agents appointed to receive service of process and shall include the following:

(1) A statement of the time, place and nature of the hearing.

(2) A statement of the legal authority and jurisdiction under which the hearing is to be held.

(3) A reference to the particular Sections of the substantive and procedural statutes and rules involved.

(4) Except where a more detailed statement is otherwise provided for by law, a short and plain statement of the matters asserted, the consequences of a failure to respond, and the official file or other reference number.

(5) A statement of the monetary value of the benefits fraudulently received by the person accused.

(6) A statement that, in addition to any other penalties provided by law, a civil penalty in an amount not to exceed $2,000 may be imposed for each fraudulent claim for benefits or payments.

(7) A statement providing that the determination of the monetary value may be contested by petitioning the Department for an administrative hearing within 30 days from the date of mailing the notice.

(8) The names and mailing addresses of the administrative law judge, all parties, and all other persons to whom the agency gives notice of the hearing unless otherwise confidential by law.

An opportunity shall be afforded all parties to be represented by legal counsel and to respond and present evidence and argument.

Unless precluded by law, disposition may be made of any contested case by stipulation, agreed settlement, consent order, or default.

Any final order, decision, or other determination made, issued or executed by the Director under the provisions of this Article whereby any person is aggrieved shall be subject to review in accordance with the provisions of the Administrative Review Law, and the rules adopted pursuant thereto, which shall apply to and govern all proceedings for the judicial review of final administrative decisions of the Director.

Upon entry of a final administrative decision for repayment of any benefits obtained by fraudulent means, or for any civil penalties assessed, a lien shall attach to all property and assets of such person, firm, corporation, association, agency, institution, or other legal entity until the judgment is satisfied.

Sec. 11-5.1. Eligibility verification. Notwithstanding any other
provision of this Code, with respect to applications for medical assistance
provided under Article V of this Code, eligibility shall be determined in a
manner that ensures program integrity and complies with federal laws and
regulations while minimizing unnecessary barriers to enrollment. To this
end, as soon as practicable, and unless the Department receives written
denial from the federal government, this Section shall be implemented:

(a) The Department of Healthcare and Family Services or its
designees shall:

(1) By no later than July 1, 2011, require verification of, at
a minimum, one month's income from all sources required for
determining the eligibility of applicants for medical assistance
under this Code. Such verification shall take the form of pay stubs,
business or income and expense records for self-employed persons,
letters from employers, and any other valid documentation of
income including data obtained electronically by the Department
or its designees from other sources as described in subsection (b)
of this Section.

(2) By no later than October 1, 2011, require verification
of, at a minimum, one month's income from all sources required for
determining the continued eligibility of recipients at their
annual review of eligibility for medical assistance under this Code.
Such verification shall take the form of pay stubs, business or
income and expense records for self-employed persons, letters
from employers, and any other valid documentation of income
including data obtained electronically by the Department or its
designees from other sources as described in subsection (b) of this
Section. The Department shall send a notice to recipients at least
60 days prior to the end of their period of eligibility that informs
them of the requirements for continued eligibility. If a recipient
does not fulfill the requirements for continued eligibility by the

deadline established in the notice a notice of cancellation shall be issued to the recipient and coverage shall end on the last day of the eligibility period. A recipient's eligibility may be reinstated without requiring a new application if the recipient fulfills the requirements for continued eligibility prior to the end of the month following the last date of coverage. Nothing in this Section shall prevent an individual whose coverage has been cancelled from reapplying for health benefits at any time.

(3) By no later than July 1, 2011, require verification of Illinois residency.

(b) The Department shall establish or continue cooperative arrangements with the Social Security Administration, the Illinois Secretary of State, the Department of Human Services, the Department of Revenue, the Department of Employment Security, and any other appropriate entity to gain electronic access, to the extent allowed by law, to information available to those entities that may be appropriate for electronically verifying any factor of eligibility for benefits under the Program. Data relevant to eligibility shall be provided for no other purpose than to verify the eligibility of new applicants or current recipients of health benefits under the Program. Data shall be requested or provided for any new applicant or current recipient only insofar as that individual's circumstances are relevant to that individual's or another individual's eligibility.

(c) Within 90 days of the effective date of this amendatory Act of the 96th General Assembly, the Department of Healthcare and Family Services shall send notice to current recipients informing them of the changes regarding their eligibility verification.

(305 ILCS 5/11-26) (from Ch. 23, par. 11-26)

Sec. 11-26. Recipient's abuse of medical care; restrictions on access to medical care.

(a) When the Department determines, on the basis of statistical norms and medical judgment, that a medical care recipient has received medical services in excess of need and with such frequency or in such a manner as to constitute an abuse of the recipient's medical care privileges, the recipient's access to medical care may be restricted.

(b) When the Department has determined that a recipient is abusing his or her medical care privileges as described in this Section, it may require that the recipient designate a primary provider type primary care provider, primary care pharmacy, or health maintenance organization of

New matter indicated by italics - deletions by strikeout
the recipient's own choosing to assume responsibility for the recipient's care. For the purposes of this subsection, "primary provider type" means a primary care provider, primary care pharmacy, primary dentist, primary podiatrist, or primary durable medical equipment provider. Instead of requiring a recipient to make a designation as provided in this subsection, the Department, pursuant to rules adopted by the Department and without regard to any choice of an entity that the recipient might otherwise make, may initially designate a primary provider type provided that the primary provider type is willing to provide that care.

(c) When the Department has requested that a recipient designate a primary provider type primary care provider, primary care pharmacy, or health maintenance organization and the recipient fails or refuses to do so, the Department may, after a reasonable period of time, assign the recipient to a primary provider type of its own choice and determination, provided such primary provider type is willing to provide such care.

(d) When a recipient has been restricted to a designated primary provider type primary care provider, primary care pharmacy, or health maintenance organization, the recipient may change the primary provider type:

(1) when the designated source becomes unavailable, as the Department shall determine by rule; or

(2) when the designated primary provider type primary care provider, primary care pharmacy, or health maintenance organization notifies the Department that it wishes to withdraw from any obligation as primary provider type primary care provider, primary care pharmacy, or health maintenance organization; or

(3) in other situations, as the Department shall provide by rule.
The Department shall, by rule, establish procedures for providing medical or pharmaceutical services when the designated source becomes unavailable or wishes to withdraw from any obligation as primary care provider, primary care pharmacy, or health maintenance organization, shall, by rule, take into consideration the need for emergency or temporary medical assistance and shall ensure that the recipient has continuous and unrestricted access to medical care from the date on which such unavailability or withdrawal becomes effective until such time as the recipient designates a primary care provider type or a primary care source or a primary care source willing to provide such care is designated by the Department consistent with subsections (b) and (c) and such restriction becomes effective.

(e) Prior to initiating any action to restrict a recipient's access to medical or pharmaceutical care, the Department shall notify the recipient of its intended action. Such notification shall be in writing and shall set forth the reasons for and nature of the proposed action. In addition, the notification shall:

(1) inform the recipient that (i) the recipient has a right to designate a primary care provider, primary care pharmacy, or health maintenance organization of the recipient's own choosing willing to accept such designation and that the recipient's failure to do so within a reasonable time may result in such designation being made by the Department or (ii) the Department has designated a primary care provider, primary care pharmacy, or health maintenance organization to assume responsibility for the recipient's care; and

(2) inform the recipient that the recipient has a right to appeal the Department's determination to restrict the recipient's access to medical care and provide the recipient with an explanation of how such appeal is to be made. The notification shall also inform the recipient of the circumstances under which unrestricted medical eligibility shall continue until a decision is made on appeal and that if the recipient chooses to appeal, the recipient will be able to review the medical payment data that was utilized by the Department to decide that the recipient's access to medical care should be restricted.

(f) The Department shall, by rule or regulation, establish procedures for appealing a determination to restrict a recipient's access to medical care, which procedures shall, at a minimum, provide for a
reasonable opportunity to be heard and, where the appeal is denied, for a written statement of the reason or reasons for such denial.

(g) Except as otherwise provided in this subsection, when a recipient has had his or her medical card restricted for 4 full quarters (without regard to any period of ineligibility for medical assistance under this Code, or any period for which the recipient voluntarily terminates his or her receipt of medical assistance, that may occur before the expiration of those 4 full quarters), the Department shall reevaluate the recipient's medical usage to determine whether it is still in excess of need and with such frequency or in such a manner as to constitute an abuse of the receipt of medical assistance. If it is still in excess of need, the restriction shall be continued for another 4 full quarters. If it is no longer in excess of need, the restriction shall be discontinued. If a recipient's access to medical care has been restricted under this Section and the Department then determines, either at reevaluation or after the restriction has been discontinued, to restrict the recipient's access to medical care a second or subsequent time, the second or subsequent restriction may be imposed for a period of more than 4 full quarters. If the Department restricts a recipient's access to medical care for a period of more than 4 full quarters, as determined by rule, the Department shall reevaluate the recipient's medical usage after the end of the restriction period rather than after the end of 4 full quarters. The Department shall notify the recipient, in writing, of any decision to continue the restriction and the reason or reasons therefor. A "quarter", for purposes of this Section, shall be defined as one of the following 3-month periods of time: January-March, April-June, July-September or October-December.

(h) In addition to any other recipient whose acquisition of medical care is determined to be in excess of need, the Department may restrict the medical care privileges of the following persons:

(1) recipients found to have loaned or altered their cards or misused or falsely represented medical coverage;
(2) recipients found in possession of blank or forged prescription pads;
(3) recipients who knowingly assist providers in rendering excessive services or defrauding the medical assistance program.

The procedural safeguards in this Section shall apply to the above individuals.

The towing or removal of any vehicle from private property without the consent of the registered owner or other legally authorized person in control of the vehicle is subject to compliance with the following conditions and restrictions:

3. If the registered owner or legally authorized person entitled to possession of the vehicle shall arrive at the scene prior to actual removal or towing of the vehicle, the vehicle shall be disconnected from the tow truck and that person shall be allowed to remove the vehicle without interference, upon the payment of a reasonable service fee of not more than one half the posted rate of the towing service as provided in paragraph 6 of this subsection, for which a receipt shall be given.

4. The rebate or payment of money or any other valuable consideration from the towing service or its owners, managers or employees to the owners or operators of the premises from which the vehicles are towed or removed, for the privilege of removing or towing those vehicles, is prohibited. Any individual who violates this paragraph shall be guilty of a Class A misdemeanor.
5. Except for property appurtenant to and obviously a part of a single family residence, and except for instances where notice is personally given to the owner or other legally authorized person in control of the vehicle that the area in which that vehicle is parked is reserved or otherwise unavailable to unauthorized vehicles and they are subject to being removed at the owner or operator's expense, any property owner or lessor, prior to towing or removing any vehicle from private property without the consent of the owner or other legally authorized person in control of that vehicle, must post a notice meeting the following requirements:

The towing and storage charges, however, shall not exceed the maximum allowed by the Illinois Commerce Commission under Section 18a-200.

7. No person shall engage in the removal of vehicles from private property as described in this Section without filing a notice of intent in each community where he intends to do such removal, and such notice shall be filed at least 7 days before commencing such towing.

A detailed, signed receipt showing the legal name of the towing service must be given to the person paying towing or storage charges at the time of payment, whether requested or not. In addition to the personal property excepted under paragraph (4), all other personal property in a vehicle subject to a lien under this subsection (g) is exempt from that lien and may be claimed by the vehicle owner if the vehicle owner provides the commercial vehicle relocator or towing service with proof that the vehicle owner has an insurance policy covering towing and storage fees. The regulation of liens on personal property and exceptions to those liens in the case of vehicles towed as a result of being involved in an accident are exclusive powers and functions of the State. The Association may require an assignment to it of such rights by any payee, enrollee or beneficiary as a condition precedent to the receipt of any rights or benefits conferred by this Article upon such person. The Association is subrogated to these rights against the assets of any insolvent organization and against any other party who may be liable to such payee, enrollee or beneficiary.

(b) The subrogation rights of the Association under this subsection have the same priority against the assets of the insolvent organization as that possessed by the person entitled to receive benefits under this Article.

(8) (a) The contractual obligations of the insolvent organization for which the Association becomes or may become liable are as great as but no greater than the contractual obligations of the insolvent organization would have been in the absence of an insolvency unless such obligations are reduced as permitted by subsection (3), but the aggregate liability of the Association shall not exceed $500,000 $300,000 with respect to any one natural person.
(b) Furthermore, the Association shall not be required to pay, and shall have no liability to, any provider of health care services to an enrollee:

(i) if such provider, or his or its affiliates or members of his immediate family, at any time within the one year prior to the date of the issuance of the first order, by a court of competent jurisdiction, of conservation, rehabilitation or liquidation pertaining to the health maintenance organization:

(A) was a securityholder of such organization (but excluding any securityholder holding an equity interest of 5% or less);

(B) exercised control over the organization by means such as serving as an officer or director, through a management agreement or as a principal member of a not-for-profit organization;

(C) had a representative serving by virtue of his or her official position as a representative of such provider on the board of any entity which exercised control over the organization;

(D) received provider payments made by such organization pursuant to a contract which was not a product of arms-length bargaining; or

(E) received distributions other than for physician services from a not-for-profit organization on account of such provider's status as a member of such organization.

For purposes of this subparagraph (i), the terms "affiliate," "person," "control" and "securityholder" shall have the meanings ascribed to such terms in Section 131.1 of the Illinois Insurance Code; or

(ii) if and to the extent such a provider has agreed by contract not to seek payment from the enrollee for services provided to such enrollee or if, and to the extent, as a matter of law such provider may not seek payment from the enrollee for services provided to such enrollee; or:

(iii) related to any policy, contract, or certificate providing any hospital, medical, prescription drug, or other health care benefits pursuant to Part C or Part D of Subchapter XVIII, Chapter 7 of Title 42 of the United States Code (commonly known as
Medicare Part C & D) or any regulations issued pursuant thereto; or

(iv) for any portion of a policy, contract, or certificate to the extent that the assessments required by this Article with respect to the policy or contract are preempted or otherwise not permitted by federal or State law; or

(v) for any obligation that does not arise under the express written terms of the policy or contract issued by the organization to the contract owner or policy owner, including without limitation:

(A) claims based on marketing materials;
(B) claims based on side letters, riders, or other documents that were issued by the insurer without meeting applicable policy form filing or approval requirements;
(C) misrepresentations of or regarding policy benefits;
(D) extra-contractual claims; or
(E) claims for penalties or consequential or incidental damages.

(c) In no event shall the Association be required to pay any provider participating in the insolvent organization any amount for in-plan services rendered by such provider prior to the insolvency of the organization in excess of (1) the amount provided by a capitation contract between a physician provider and the insolvent organization for such services; or (2) the amounts provided by contract between a hospital provider and the Department of Healthcare and Family Services (formerly Department of Public Aid) for similar services to recipients of public aid; or (3) in the event neither (1) nor (2) above is applicable, then the amounts paid under the Medicare area prevailing rate for the area where the services were provided, or if no such rate exists with respect to such services, then 80% of the usual and customary rates established by the Health Insurance Association of America. The payments required to be made by the Association under this Section shall constitute full and complete payment for such provider services to the enrollee.

(d) The Association shall not be required to pay more than an aggregate of $300,000 for any organization which is declared to be insolvent prior to July 1, 1987, and such funds shall be distributed first to enrollees who are not public aid recipients pursuant to a plan recommended by the Association and approved by the Director and the court having jurisdiction over the liquidation.
(9) The Association may:

(a) Enter into such contracts as are necessary or proper to carry out the provisions and purposes of this Article.

(b) Sue or be sued, including taking any legal actions necessary or proper for recovery of any unpaid assessments under Section 6-9. The Association shall not be liable for punitive or exemplary damages.

(c) Borrow money to effect the purposes of this Article. Any notes or other evidence of indebtedness of the Association not in default are legal investments for domestic organizations and may be carried as admitted assets.

(d) Employ or retain such persons as are necessary to handle the financial transactions of the Association, and to perform such other functions as become necessary or proper under this Article.

(e) Negotiate and contract with any liquidator, rehabilitator, conservator, or ancillary receiver to carry out the powers and duties of the Association.

(f) Take such legal action as may be necessary to avoid payment of improper claims.

(g) Exercise, for the purposes of this Article and to the extent approved by the Director, the powers of a domestic organization, but in no case may the Association issue evidence of coverage other than that issued to perform the contractual obligations of the impaired or insolvent organization.

(h) Exercise all the rights of the Director under Section 193(4) of the Illinois Insurance Code with respect to covered health care plan certificates after the association becomes obligated by statute.

(i) Request information from a person seeking coverage from the Association in order to aid the Association in determining its obligations under this Article with respect to the person and the person shall promptly comply with the request.

(j) Take other necessary or appropriate action to discharge its duties and obligations under this Article or to exercise its powers under this Article.

(10) The obligations of the Association under this Article shall not relieve any reinsurer, insurer or other person of its obligations to the insolvent organization (or its conservator, rehabilitator, liquidator or
similar official) or its enrollees, including without limitation any reinsurer, insurer or other person liable to the insolvent insurer (or its conservator, rehabilitator, liquidator or similar official) or its enrollees under any contract of reinsurance, any contract providing stop loss coverage or similar coverage or any health care contract. With respect to covered health care plan certificates for which the Association becomes obligated after an entry of an order of liquidation or rehabilitation, the Association may elect to succeed to the rights of the insolvent organization arising after the date of the order of liquidation or rehabilitation under any contract of reinsurance, any contract providing stop loss coverage or similar coverages or any health care service contract to which the insolvent organization was a party, on the terms set forth under such contract, to the extent that such contract provides coverage for health care services provided after the date of the order of liquidation or rehabilitation. As a condition to making this election, the Association must pay premiums for coverage relating to periods after the date of the order of liquidation or rehabilitation.

(11) The Association shall be entitled to collect premiums due under or with respect to covered health care certificates for a period from the date on which the domestic, foreign, or alien organization became an insolvent organization until the Association no longer has obligations under subsection (2) of this Section with respect to such certificates. The Association's obligations under subsection (2) of this Section with respect to any covered health care plan certificates shall terminate in the event that all such premiums due under or with respect to such covered health care plan certificates are not paid to the Association (i) within 30 days of the Association's demand therefor, or (ii) in the event that such certificates provide for a longer grace period for payment of premiums after notice of non-payment or demand therefor, within the lesser of (A) the period provided for in such certificates or (B) 60 days.

(12) The Board of Directors of the Association shall have discretion and may exercise reasonable business judgment to determine the means by which the Association is to provide the benefits of this Article in an economical and efficient manner.

(13) Where the Association has arranged or offered to provide the benefits of this Article to a covered person under a plan or arrangement that fulfills the Association's obligations under this Article, the person shall not be entitled to benefits from the Association in addition to or other than those provided under the plan or arrangement.

PUBLIC ACT 96-1511
(Senate Bill No. 1858)

AN ACT concerning public employee benefits.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. If and only if Senate Bill 3514 (as amended by House Amendment Nos. 3, 4, and 5) becomes law, the Illinois Pension Code is amended by changing Sections 2-124, 2-134, 14-131, 14-135.08, 15-155, 15-165, 16-158, 18-131, and 18-140 as follows:

(40 ILCS 5/2-124) (from Ch. 108 1/2, par. 2-124)

Sec. 2-124. Contributions by State.
(a) The State shall make contributions to the System by appropriations of amounts which, together with the contributions of participants, interest earned on investments, and other income will meet
the cost of maintaining and administering the System on a 90% funded basis in accordance with actuarial recommendations.

(b) The Board shall determine the amount of State contributions required for each fiscal year on the basis of the actuarial tables and other assumptions adopted by the Board and the prescribed rate of interest, using the formula in subsection (c).

(c) For State fiscal years 2012 through 2045, the minimum contribution to the System to be made by the State for each fiscal year shall be an amount determined by the System to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of State fiscal year 2045. In making these determinations, the required State contribution shall be calculated each year as a level percentage of payroll over the years remaining to and including fiscal year 2045 and shall be determined under the projected unit credit actuarial cost method.

For State fiscal years 1996 through 2005, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments so that by State fiscal year 2011, the State is contributing at the rate required under this Section.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2006 is $4,157,000.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2007 is $5,220,300.

For each of State fiscal years 2008 through 2009, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments from the required State contribution for State fiscal year 2007, so that by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2010 is $10,454,000 and shall be made from the proceeds of bonds sold in fiscal year 2010 pursuant to Section 7.2 of the General Obligation Bond Act, less (i) the pro rata share of bond sale expenses determined by the System's share of total bond proceeds, (ii) any amounts received from the General Revenue Fund in fiscal year 2010, and (iii) any reduction in bond proceeds due to the issuance of discounted bonds, if applicable.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2011 is the amount

pursuant to Section 2-134 and shall be made from the proceeds of bonds sold in fiscal year 2011 pursuant to Section 7.2 of the General Obligation Bond Act, less (i) the pro rata share of bond sale expenses determined by the System's share of total bond proceeds, (ii) any amounts received from the General Revenue Fund in fiscal year 2011, and (iii) any reduction in bond proceeds due to the issuance of discounted bonds, if applicable.

Beginning in State fiscal year 2046, the minimum State contribution for each fiscal year shall be the amount needed to maintain the total assets of the System at 90% of the total actuarial liabilities of the System.

Amounts received by the System pursuant to Section 25 of the Budget Stabilization Act or Section 8.12 of the State Finance Act in any fiscal year do not reduce and do not constitute payment of any portion of the minimum State contribution required under this Article in that fiscal year. Such amounts shall not reduce, and shall not be included in the calculation of, the required State contributions under this Article in any future year until the System has reached a funding ratio of at least 90%. A reference in this Article to the "required State contribution" or any substantially similar term does not include or apply to any amounts payable to the System under Section 25 of the Budget Stabilization Act.

Notwithstanding any other provision of this Section, the required State contribution for State fiscal year 2005 and for fiscal year 2008 and each fiscal year thereafter, as calculated under this Section and certified under Section 2-134, shall not exceed an amount equal to (i) the amount of the required State contribution that would have been calculated under this Section for that fiscal year if the System had not received any payments under subsection (d) of Section 7.2 of the General Obligation Bond Act, minus (ii) the portion of the State's total debt service payments for that fiscal year on the bonds issued for the purposes of that Section 7.2, as determined and certified by the Comptroller, that is the same as the System's portion of the total moneys distributed under subsection (d) of Section 7.2 of the General Obligation Bond Act. In determining this maximum for State fiscal years 2008 through 2010, however, the amount referred to in item (i) shall be increased, as a percentage of the applicable employee payroll, in equal increments calculated from the sum of the required State contribution for State fiscal year 2007 plus the applicable portion of the State's total debt service payments for fiscal year 2007 on the bonds issued for the purposes of Section 7.2 of the General Obligation
Bond Act, so that, by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

(d) For purposes of determining the required State contribution to the System, the value of the System's assets shall be equal to the actuarial value of the System's assets, which shall be calculated as follows:

As of June 30, 2008, the actuarial value of the System's assets shall be equal to the market value of the assets as of that date. In determining the actuarial value of the System's assets for fiscal years after June 30, 2008, any actuarial gains or losses from investment return incurred in a fiscal year shall be recognized in equal annual amounts over the 5-year period following that fiscal year.

(e) For purposes of determining the required State contribution to the System for a particular year, the actuarial value of assets shall be assumed to earn a rate of return equal to the System's actuarially assumed rate of return.

(40 ILCS 5/2-134) (from Ch. 108 1/2, par. 2-134)

Sec. 2-134. To certify required State contributions and submit vouchers.

(a) The Board shall certify to the Governor on or before December 15 of each year the amount of the required State contribution to the System for the next fiscal year. The certification shall include a copy of the actuarial recommendations upon which it is based.

On or before May 1, 2004, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2005, taking into account the amounts appropriated to and received by the System under subsection (d) of Section 7.2 of the General Obligation Bond Act.

On or before July 1, 2005, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2006, taking into account the changes in required State contributions made by this amendatory Act of the 94th General Assembly.

On or before April 1, 2011 June 15, 2010, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2011, applying the changes made by Public Act 96-889 to the System’s assets and liabilities as of June 30, 2009 as though Public Act 96-889 was approved on that date.

(b) Beginning in State fiscal year 1996, on or as soon as possible after the 15th day of each month the Board shall submit vouchers for payment of State contributions to the System, in a total monthly amount of one-twelfth of the required annual State contribution certified under subsection (a). From the effective date of this amendatory Act of the 93rd General Assembly through June 30, 2004, the Board shall not submit vouchers for the remainder of fiscal year 2004 in excess of the fiscal year 2004 certified contribution amount determined under this Section after taking into consideration the transfer to the System under subsection (d) of Section 6z-61 of the State Finance Act. These vouchers shall be paid by the State Comptroller and Treasurer by warrants drawn on the funds appropriated to the System for that fiscal year. If in any month the amount remaining unexpended from all other appropriations to the System for the applicable fiscal year (including the appropriations to the System under Section 8.12 of the State Finance Act and Section 1 of the State Pension Funds Continuing Appropriation Act) is less than the amount lawfully vouchered under this Section, the difference shall be paid from the General Revenue Fund under the continuing appropriation authority provided in Section 1.1 of the State Pension Funds Continuing Appropriation Act.

(c) The full amount of any annual appropriation for the System for State fiscal year 1995 shall be transferred and made available to the System at the beginning of that fiscal year at the request of the Board. Any excess funds remaining at the end of any fiscal year from appropriations shall be retained by the System as a general reserve to meet the System's accrued liabilities.

(40 ILCS 5/14-131)
Sec. 14-131. Contributions by State.
(a) The State shall make contributions to the System by appropriations of amounts which, together with other employer contributions from trust, federal, and other funds, employee contributions, investment income, and other income, will be sufficient to meet the cost of maintaining and administering the System on a 90% funded basis in accordance with actuarial recommendations.

For the purposes of this Section and Section 14-135.08, references to State contributions refer only to employer contributions and do not include employee contributions that are picked up or otherwise paid by the State or a department on behalf of the employee.

New matter indicated by italics - deletions by strikeout
(b) The Board shall determine the total amount of State contributions required for each fiscal year on the basis of the actuarial tables and other assumptions adopted by the Board, using the formula in subsection (e).

The Board shall also determine a State contribution rate for each fiscal year, expressed as a percentage of payroll, based on the total required State contribution for that fiscal year (less the amount received by the System from appropriations under Section 8.12 of the State Finance Act and Section 1 of the State Pension Funds Continuing Appropriation Act, if any, for the fiscal year ending on the June 30 immediately preceding the applicable November 15 certification deadline), the estimated payroll (including all forms of compensation) for personal services rendered by eligible employees, and the recommendations of the actuary.

For the purposes of this Section and Section 14.1 of the State Finance Act, the term "eligible employees" includes employees who participate in the System, persons who may elect to participate in the System but have not so elected, persons who are serving a qualifying period that is required for participation, and annuitants employed by a department as described in subdivision (a)(1) or (a)(2) of Section 14-111.

(c) Contributions shall be made by the several departments for each pay period by warrants drawn by the State Comptroller against their respective funds or appropriations based upon vouchers stating the amount to be so contributed. These amounts shall be based on the full rate certified by the Board under Section 14-135.08 for that fiscal year. From the effective date of this amendatory Act of the 93rd General Assembly through the payment of the final payroll from fiscal year 2004 appropriations, the several departments shall not make contributions for the remainder of fiscal year 2004 but shall instead make payments as required under subsection (a-1) of Section 14.1 of the State Finance Act. The several departments shall resume those contributions at the commencement of fiscal year 2005.

(c-1) Notwithstanding subsection (c) of this Section, for fiscal year 2010 only, contributions by the several departments are not required to be made for General Revenue Funds payrolls processed by the Comptroller. Payrolls paid by the several departments from all other State funds must continue to be processed pursuant to subsection (c) of this Section.

(c-2) For State fiscal year 2010 only, on or as soon as possible after the 15th day of each month the Board shall submit vouchers for payment

of State contributions to the System, in a total monthly amount of one-twelfth of the fiscal year 2010 General Revenue Fund appropriation to the System.

(d) If an employee is paid from trust funds or federal funds, the department or other employer shall pay employer contributions from those funds to the System at the certified rate, unless the terms of the trust or the federal-State agreement preclude the use of the funds for that purpose, in which case the required employer contributions shall be paid by the State. From the effective date of this amendatory Act of the 93rd General Assembly through the payment of the final payroll from fiscal year 2004 appropriations, the department or other employer shall not pay contributions for the remainder of fiscal year 2004 but shall instead make payments as required under subsection (a-1) of Section 14.1 of the State Finance Act. The department or other employer shall resume payment of contributions at the commencement of fiscal year 2005.

(e) For State fiscal years 2012 through 2045, the minimum contribution to the System to be made by the State for each fiscal year shall be an amount determined by the System to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of State fiscal year 2045. In making these determinations, the required State contribution shall be calculated each year as a level percentage of payroll over the years remaining to and including fiscal year 2045 and shall be determined under the projected unit credit actuarial cost method.

For State fiscal years 1996 through 2005, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments so that by State fiscal year 2011, the State is contributing at the rate required under this Section; except that (i) for State fiscal year 1998, for all purposes of this Code and any other law of this State, the certified percentage of the applicable employee payroll shall be 5.052% for employees earning eligible creditable service under Section 14-110 and 6.500% for all other employees, notwithstanding any contrary certification made under Section 14-135.08 before the effective date of this amendatory Act of 1997, and (ii) in the following specified State fiscal years, the State contribution to the System shall not be less than the following indicated percentages of the applicable employee payroll, even if the indicated percentage will produce a State contribution in excess of the amount otherwise required under this subsection and
subsection (a): 9.8% in FY 1999; 10.0% in FY 2000; 10.2% in FY 2001; 10.4% in FY 2002; 10.6% in FY 2003; and 10.8% in FY 2004.

Notwithstanding any other provision of this Article, the total required State contribution to the System for State fiscal year 2006 is $203,783,900.

Notwithstanding any other provision of this Article, the total required State contribution to the System for State fiscal year 2007 is $344,164,400.

For each of State fiscal years 2008 through 2009, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments from the required State contribution for State fiscal year 2007, so that by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

Notwithstanding any other provision of this Article, the total required State General Revenue Fund contribution for State fiscal year 2010 is $723,703,100 and shall be made from the proceeds of bonds sold in fiscal year 2010 pursuant to Section 7.2 of the General Obligation Bond Act, less (i) the pro rata share of bond sale expenses determined by the System's share of total bond proceeds, (ii) any amounts received from the General Revenue Fund in fiscal year 2010, and (iii) any reduction in bond proceeds due to the issuance of discounted bonds, if applicable.

Notwithstanding any other provision of this Article, the total required State General Revenue Fund contribution for State fiscal year 2011 is the amount recertified by the System on or before April 1, 2011 pursuant to Section 14-135.08 and shall be made from the proceeds of bonds sold in fiscal year 2011 pursuant to Section 7.2 of the General Obligation Bond Act, less (i) the pro rata share of bond sale expenses determined by the System's share of total bond proceeds, (ii) any amounts received from the General Revenue Fund in fiscal year 2011, and (iii) any reduction in bond proceeds due to the issuance of discounted bonds, if applicable.

Beginning in State fiscal year 2046, the minimum State contribution for each fiscal year shall be the amount needed to maintain the total assets of the System at 90% of the total actuarial liabilities of the System.

Amounts received by the System pursuant to Section 25 of the Budget Stabilization Act or Section 8.12 of the State Finance Act in any fiscal year do not reduce and do not constitute payment of any portion of

the minimum State contribution required under this Article in that fiscal year. Such amounts shall not reduce, and shall not be included in the calculation of, the required State contributions under this Article in any future year until the System has reached a funding ratio of at least 90%. A reference in this Article to the "required State contribution" or any substantially similar term does not include or apply to any amounts payable to the System under Section 25 of the Budget Stabilization Act.

Notwithstanding any other provision of this Section, the required State contribution for State fiscal year 2005 and for fiscal year 2008 and each fiscal year thereafter, as calculated under this Section and certified under Section 14-135.08, shall not exceed an amount equal to (i) the amount of the required State contribution that would have been calculated under this Section for that fiscal year if the System had not received any payments under subsection (d) of Section 7.2 of the General Obligation Bond Act, minus (ii) the portion of the State's total debt service payments for that fiscal year on the bonds issued for the purposes of that Section 7.2, as determined and certified by the Comptroller, that is the same as the System's portion of the total moneys distributed under subsection (d) of Section 7.2 of the General Obligation Bond Act. In determining this maximum for State fiscal years 2008 through 2010, however, the amount referred to in item (i) shall be increased, as a percentage of the applicable employee payroll, in equal increments calculated from the sum of the required State contribution for State fiscal year 2007 plus the applicable portion of the State's total debt service payments for fiscal year 2007 on the bonds issued for the purposes of Section 7.2 of the General Obligation Bond Act, so that, by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

(f) After the submission of all payments for eligible employees from personal services line items in fiscal year 2004 have been made, the Comptroller shall provide to the System a certification of the sum of all fiscal year 2004 expenditures for personal services that would have been covered by payments to the System under this Section if the provisions of this amendatory Act of the 93rd General Assembly had not been enacted. Upon receipt of the certification, the System shall determine the amount due to the System based on the full rate certified by the Board under Section 14-135.08 for fiscal year 2004 in order to meet the State's obligation under this Section. The System shall compare this amount due to the amount received by the System in fiscal year 2004 through payments under this Section and under Section 6z-61 of the State Finance Act. If the
amount due is more than the amount received, the difference shall be termed the "Fiscal Year 2004 Shortfall" for purposes of this Section, and the Fiscal Year 2004 Shortfall shall be satisfied under Section 1.2 of the State Pension Funds Continuing Appropriation Act. If the amount due is less than the amount received, the difference shall be termed the "Fiscal Year 2004 Overpayment" for purposes of this Section, and the Fiscal Year 2004 Overpayment shall be repaid by the System to the Pension Contribution Fund as soon as practicable after the certification.

(g) For purposes of determining the required State contribution to the system, the value of the System's assets shall be equal to the actuarial value of the System's assets, which shall be calculated as follows:

As of June 30, 2008, the actuarial value of the System's assets shall be equal to the market value of the assets as of that date. In determining the actuarial value of the System's assets for fiscal years after June 30, 2008, any actuarial gains or losses from investment return incurred in a fiscal year shall be recognized in equal annual amounts over the 5-year period following that fiscal year.

(h) For purposes of determining the required State contribution to the system for a particular year, the actuarial value of assets shall be assumed to earn a rate of return equal to the System's actuarially assumed rate of return.

(i) After the submission of all payments for eligible employees from personal services line items paid from the General Revenue Fund in fiscal year 2010 have been made, the Comptroller shall provide to the System a certification of the sum of all fiscal year 2010 expenditures for personal services that would have been covered by payments to the system under this Section if the provisions of this amendatory Act of the 96th General Assembly had not been enacted. Upon receipt of the certification, the System shall determine the amount due to the System based on the full rate certified by the Board under Section 14-135.08 for fiscal year 2010 in order to meet the State's obligation under this Section. The System shall compare this amount due to the amount received by the System in fiscal year 2010 through payments under this Section. If the amount due is more than the amount received, the difference shall be termed the "Fiscal Year 2010 Shortfall" for purposes of this Section, and the Fiscal Year 2010 Shortfall shall be satisfied under Section 1.2 of the State Pension Funds Continuing Appropriation Act. If the amount due is less than the amount received, the difference shall be termed the "Fiscal Year 2010 Overpayment" for purposes of this Section, and the Fiscal Year 2010

Sec. 15-155. Employer contributions.
(a) The State of Illinois shall make contributions by appropriations of amounts which, together with the other employer contributions from trust, federal, and other funds, employee contributions, income from investments, and other income of this System, will be sufficient to meet the cost of maintaining and administering the System on a 90% funded basis in accordance with actuarial recommendations.

The Board shall determine the amount of State contributions required for each fiscal year on the basis of the actuarial tables and other assumptions adopted by the Board and the recommendations of the actuary, using the formula in subsection (a-1).

New matter indicated by italics - deletions by strikeout
(a-1) For State fiscal years 2012 through 2045, the minimum contribution to the System to be made by the State for each fiscal year shall be an amount determined by the System to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of State fiscal year 2045. In making these determinations, the required State contribution shall be calculated each year as a level percentage of payroll over the years remaining to and including fiscal year 2045 and shall be determined under the projected unit credit actuarial cost method.

For State fiscal years 1996 through 2005, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments so that by State fiscal year 2011, the State is contributing at the rate required under this Section.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2006 is $166,641,900.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2007 is $252,064,100.

For each of State fiscal years 2008 through 2009, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments from the required State contribution for State fiscal year 2007, so that by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2010 is $702,514,000 and shall be made from the State Pensions Fund and proceeds of bonds sold in fiscal year 2010 pursuant to Section 7.2 of the General Obligation Bond Act, less (i) the pro rata share of bond sale expenses determined by the System’s share of total bond proceeds, (ii) any amounts received from the General Revenue Fund in fiscal year 2010, (iii) any reduction in bond proceeds due to the issuance of discounted bonds, if applicable.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2011 is the amount recertified by the System on or before April 1, 2011 June 15, 2010 pursuant to Section 15-165 and shall be made from the State Pensions Fund and proceeds of bonds sold in fiscal year 2011 pursuant to Section 7.2 of the General Obligation Bond Act, less (i) the pro rata share of bond sale expenses determined by the System’s share of total bond proceeds, (ii) any amounts received from the General Revenue Fund in fiscal year 2011,
and (iii) any reduction in bond proceeds due to the issuance of discounted bonds, if applicable.

Beginning in State fiscal year 2046, the minimum State contribution for each fiscal year shall be the amount needed to maintain the total assets of the System at 90% of the total actuarial liabilities of the System.

Amounts received by the System pursuant to Section 25 of the Budget Stabilization Act or Section 8.12 of the State Finance Act in any fiscal year do not reduce and do not constitute payment of any portion of the minimum State contribution required under this Article in that fiscal year. Such amounts shall not reduce, and shall not be included in the calculation of, the required State contributions under this Article in any future year until the System has reached a funding ratio of at least 90%. A reference in this Article to the "required State contribution" or any substantially similar term does not include or apply to any amounts payable to the System under Section 25 of the Budget Stabilization Act.

Notwithstanding any other provision of this Section, the required State contribution for State fiscal year 2005 and for fiscal year 2008 and each fiscal year thereafter, as calculated under this Section and certified under Section 15-165, shall not exceed an amount equal to (i) the amount of the required State contribution that would have been calculated under this Section for that fiscal year if the System had not received any payments under subsection (d) of Section 7.2 of the General Obligation Bond Act, minus (ii) the portion of the State's total debt service payments for that fiscal year on the bonds issued for the purposes of that Section 7.2, as determined and certified by the Comptroller, that is the same as the System's portion of the total moneys distributed under subsection (d) of Section 7.2 of the General Obligation Bond Act. In determining this maximum for State fiscal years 2008 through 2010, however, the amount referred to in item (i) shall be increased, as a percentage of the applicable employee payroll, in equal increments calculated from the sum of the required State contribution for State fiscal year 2007 plus the applicable portion of the State's total debt service payments for fiscal year 2007 on the bonds issued for the purposes of Section 7.2 of the General Obligation Bond Act, so that, by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

(b) If an employee is paid from trust or federal funds, the employer shall pay to the Board contributions from those funds which are sufficient to cover the accruing normal costs on behalf of the employee. However,
universities having employees who are compensated out of local auxiliary funds, income funds, or service enterprise funds are not required to pay such contributions on behalf of those employees. The local auxiliary funds, income funds, and service enterprise funds of universities shall not be considered trust funds for the purpose of this Article, but funds of alumni associations, foundations, and athletic associations which are affiliated with the universities included as employers under this Article and other employers which do not receive State appropriations are considered to be trust funds for the purpose of this Article.

(b-1) The City of Urbana and the City of Champaign shall each make employer contributions to this System for their respective firefighter employees who participate in this System pursuant to subsection (h) of Section 15-107. The rate of contributions to be made by those municipalities shall be determined annually by the Board on the basis of the actuarial assumptions adopted by the Board and the recommendations of the actuary, and shall be expressed as a percentage of salary for each such employee. The Board shall certify the rate to the affected municipalities as soon as may be practical. The employer contributions required under this subsection shall be remitted by the municipality to the System at the same time and in the same manner as employee contributions.

(c) Through State fiscal year 1995: The total employer contribution shall be apportioned among the various funds of the State and other employers, whether trust, federal, or other funds, in accordance with actuarial procedures approved by the Board. State of Illinois contributions for employers receiving State appropriations for personal services shall be payable from appropriations made to the employers or to the System. The contributions for Class I community colleges covering earnings other than those paid from trust and federal funds, shall be payable solely from appropriations to the Illinois Community College Board or the System for employer contributions.

(d) Beginning in State fiscal year 1996, the required State contributions to the System shall be appropriated directly to the System and shall be payable through vouchers issued in accordance with subsection (c) of Section 15-165, except as provided in subsection (g).

(e) The State Comptroller shall draw warrants payable to the System upon proper certification by the System or by the employer in accordance with the appropriation laws and this Code.

(f) Normal costs under this Section means liability for pensions and other benefits which accrues to the System because of the credits earned for service rendered by the participants during the fiscal year and expenses of administering the System, but shall not include the principal of or any redemption premium or interest on any bonds issued by the Board or any expenses incurred or deposits required in connection therewith.

(g) If the amount of a participant's earnings for any academic year used to determine the final rate of earnings, determined on a full-time equivalent basis, exceeds the amount of his or her earnings with the same employer for the previous academic year, determined on a full-time equivalent basis, by more than 6%, the participant's employer shall pay to the System, in addition to all other payments required under this Section and in accordance with guidelines established by the System, the present value of the increase in benefits resulting from the portion of the increase in earnings that is in excess of 6%. This present value shall be computed by the System on the basis of the actuarial assumptions and tables used in the most recent actuarial valuation of the System that is available at the time of the computation. The System may require the employer to provide any pertinent information or documentation.

Whenever it determines that a payment is or may be required under this subsection (g), the System shall calculate the amount of the payment and bill the employer for that amount. The bill shall specify the calculations used to determine the amount due. If the employer disputes the amount of the bill, it may, within 30 days after receipt of the bill, apply to the System in writing for a recalculation. The application must specify in detail the grounds of the dispute and, if the employer asserts that the calculation is subject to subsection (h) or (i) of this Section, must include an affidavit setting forth and attesting to all facts within the employer's knowledge that are pertinent to the applicability of subsection (h) or (i). Upon receiving a timely application for recalculation, the System shall review the application and, if appropriate, recalculate the amount due.

The employer contributions required under this subsection (f) may be paid in the form of a lump sum within 90 days after receipt of the bill. If the employer contributions are not paid within 90 days after receipt of the bill, then interest will be charged at a rate equal to the System's annual actuarially assumed rate of return on investment compounded annually from the 91st day after receipt of the bill. Payments must be concluded within 3 years after the employer's receipt of the bill.
(h) This subsection (h) applies only to payments made or salary increases given on or after June 1, 2005 but before July 1, 2011. The changes made by Public Act 94-1057 shall not require the System to refund any payments received before July 31, 2006 (the effective date of Public Act 94-1057).

When assessing payment for any amount due under subsection (g), the System shall exclude earnings increases paid to participants under contracts or collective bargaining agreements entered into, amended, or renewed before June 1, 2005.

When assessing payment for any amount due under subsection (g), the System shall exclude earnings increases paid to a participant at a time when the participant is 10 or more years from retirement eligibility under Section 15-135.

When assessing payment for any amount due under subsection (g), the System shall exclude earnings increases resulting from overload work, including a contract for summer teaching, or overtime when the employer has certified to the System, and the System has approved the certification, that: (i) in the case of overloads (A) the overload work is for the sole purpose of academic instruction in excess of the standard number of instruction hours for a full-time employee occurring during the academic year that the overload is paid and (B) the earnings increases are equal to or less than the rate of pay for academic instruction computed using the participant's current salary rate and work schedule; and (ii) in the case of overtime, the overtime was necessary for the educational mission.

When assessing payment for any amount due under subsection (g), the System shall exclude any earnings increase resulting from (i) a promotion for which the employee moves from one classification to a higher classification under the State Universities Civil Service System, (ii) a promotion in academic rank for a tenured or tenure-track faculty position, or (iii) a promotion that the Illinois Community College Board has recommended in accordance with subsection (k) of this Section. These earnings increases shall be excluded only if the promotion is to a position that has existed and been filled by a member for no less than one complete academic year and the earnings increase as a result of the promotion is an increase that results in an amount no greater than the average salary paid for other similar positions.

(i) When assessing payment for any amount due under subsection (g), the System shall exclude any salary increase described in subsection (h) of this Section given on or after July 1, 2011 but before July 1, 2014
under a contract or collective bargaining agreement entered into, amended, or renewed on or after June 1, 2005 but before July 1, 2011. Notwithstanding any other provision of this Section, any payments made or salary increases given after June 30, 2014 shall be used in assessing payment for any amount due under subsection (g) of this Section.

(j) The System shall prepare a report and file copies of the report with the Governor and the General Assembly by January 1, 2007 that contains all of the following information:

1. The number of recalculations required by the changes made to this Section by Public Act 94-1057 for each employer.
2. The dollar amount by which each employer's contribution to the System was changed due to recalculations required by Public Act 94-1057.
3. The total amount the System received from each employer as a result of the changes made to this Section by Public Act 94-4.
4. The increase in the required State contribution resulting from the changes made to this Section by Public Act 94-1057.

(k) The Illinois Community College Board shall adopt rules for recommending lists of promotional positions submitted to the Board by community colleges and for reviewing the promotional lists on an annual basis. When recommending promotional lists, the Board shall consider the similarity of the positions submitted to those positions recognized for State universities by the State Universities Civil Service System. The Illinois Community College Board shall file a copy of its findings with the System. The System shall consider the findings of the Illinois Community College Board when making determinations under this Section. The System shall not exclude any earnings increases resulting from a promotion when the promotion was not submitted by a community college. Nothing in this subsection (k) shall require any community college to submit any information to the Community College Board.

(l) For purposes of determining the required State contribution to the System, the value of the System's assets shall be equal to the actuarial value of the System's assets, which shall be calculated as follows:

As of June 30, 2008, the actuarial value of the System's assets shall be equal to the market value of the assets as of that date. In determining the actuarial value of the System's assets for fiscal years after June 30, 2008, any actuarial gains or losses from investment return incurred in a
fiscal year shall be recognized in equal annual amounts over the 5-year period following that fiscal year.

(m) For purposes of determining the required State contribution to the system for a particular year, the actuarial value of assets shall be assumed to earn a rate of return equal to the system's actuarially assumed rate of return.

Sec. 15-165. To certify amounts and submit vouchers.

(a) The Board shall certify to the Governor on or before November 15 of each year the appropriation required from State funds for the purposes of this System for the following fiscal year. The certification shall include a copy of the actuarial recommendations upon which it is based.

On or before May 1, 2004, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2005, taking into account the amounts appropriated to and received by the System under subsection (d) of Section 7.2 of the General Obligation Bond Act.

On or before July 1, 2005, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2006, taking into account the changes in required State contributions made by this amendatory Act of the 94th General Assembly.

On or before April 1, 2011 June 15, 2010, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2011, applying the changes made by Public Act 96-889 to the System's assets and liabilities as of June 30, 2009 as though Public Act 96-889 was approved on that date.

(b) The Board shall certify to the State Comptroller or employer, as the case may be, from time to time, by its president and secretary, with its seal attached, the amounts payable to the System from the various funds.

(c) Beginning in State fiscal year 1996, on or as soon as possible after the 15th day of each month the Board shall submit vouchers for payment of State contributions to the System, in a total monthly amount of one-twelfth of the required annual State contribution certified under subsection (a). From the effective date of this amendatory Act of the 93rd General Assembly through June 30, 2004, the Board shall not submit
vouchers for the remainder of fiscal year 2004 in excess of the fiscal year 2004 certified contribution amount determined under this Section after taking into consideration the transfer to the System under subsection (b) of Section 6z-61 of the State Finance Act. These vouchers shall be paid by the State Comptroller and Treasurer by warrants drawn on the funds appropriated to the System for that fiscal year.

If in any month the amount remaining unexpended from all other appropriations to the System for the applicable fiscal year (including the appropriations to the System under Section 8.12 of the State Finance Act and Section 1 of the State Pension Funds Continuing Appropriation Act) is less than the amount lawfully vouchered under this Section, the difference shall be paid from the General Revenue Fund under the continuing appropriation authority provided in Section 1.1 of the State Pension Funds Continuing Appropriation Act.

(d) So long as the payments received are the full amount lawfully vouchered under this Section, payments received by the System under this Section shall be applied first toward the employer contribution to the self-managed plan established under Section 15-158.2. Payments shall be applied second toward the employer's portion of the normal costs of the System, as defined in subsection (f) of Section 15-155. The balance shall be applied toward the unfunded actuarial liabilities of the System.

(e) In the event that the System does not receive, as a result of legislative enactment or otherwise, payments sufficient to fully fund the employer contribution to the self-managed plan established under Section 15-158.2 and to fully fund that portion of the employer's portion of the normal costs of the System, as calculated in accordance with Section 15-155(a-1), then any payments received shall be applied proportionately to the optional retirement program established under Section 15-158.2 and to the employer's portion of the normal costs of the System, as calculated in accordance with Section 15-155(a-1).

meet the cost of maintaining and administering the System on a 90% funded basis in accordance with actuarial recommendations.

The Board shall determine the amount of State contributions required for each fiscal year on the basis of the actuarial tables and other assumptions adopted by the Board and the recommendations of the actuary, using the formula in subsection (b-3).

(a-1) Annually, on or before November 15, the Board shall certify to the Governor the amount of the required State contribution for the coming fiscal year. The certification shall include a copy of the actuarial recommendations upon which it is based.

payroll, shall be increased in equal annual increments from the required State contribution for State fiscal year 2007, so that by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2010 is $2,089,268,000 and shall be made from the proceeds of bonds sold in fiscal year 2010 pursuant to Section 7.2 of the General Obligation Bond Act, less (i) the pro rata share of bond sale expenses determined by the System's share of total bond proceeds, (ii) any amounts received from the Common School Fund in fiscal year 2010, and (iii) any reduction in bond proceeds due to the issuance of discounted bonds, if applicable.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2011 is the amount recertified by the System on or before April 1, 2011 June 15, 2010 pursuant to subsection (a-1) of this Section and shall be made from the proceeds of bonds sold in fiscal year 2011 pursuant to Section 7.2 of the General Obligation Bond Act, less (i) the pro rata share of bond sale expenses determined by the System's share of total bond proceeds, (ii) any amounts received from the Common School Fund in fiscal year 2011, and (iii) any reduction in bond proceeds due to the issuance of discounted bonds, if applicable. This amount shall include, in addition to the amount certified by the System, an amount necessary to meet employer contributions required by the State as an employer under paragraph (e) of this Section, which may also be used by the System for contributions required by paragraph (a) of Section 16-127.

Beginning in State fiscal year 2046, the minimum State contribution for each fiscal year shall be the amount needed to maintain the total assets of the System at 90% of the total actuarial liabilities of the System.

Amounts received by the System pursuant to Section 25 of the Budget Stabilization Act or Section 8.12 of the State Finance Act in any fiscal year do not reduce and do not constitute payment of any portion of the minimum State contribution required under this Article in that fiscal year. Such amounts shall not reduce, and shall not be included in the calculation of, the required State contributions under this Article in any future year until the System has reached a funding ratio of at least 90%. substantially similar term does not include or apply to any amounts payable to the System under Section 25 of the Budget Stabilization Act.

Notwithstanding any other provision of this Section, the required State contribution for State fiscal year 2005 and for fiscal year 2008 and each fiscal year thereafter, as calculated under this Section and certified under subsection (a-1), shall not exceed an amount equal to (i) the amount of the required State contribution that would have been calculated under this Section for that fiscal year if the System had not received any payments under subsection (d) of Section 7.2 of the General Obligation Bond Act, minus (ii) the portion of the State's total debt service payments for that fiscal year on the bonds issued for the purposes of that Section 7.2, as determined and certified by the Comptroller, that is the same as the System's portion of the total moneys distributed under subsection (d) of Section 7.2 of the General Obligation Bond Act. In determining this maximum for State fiscal years 2008 through 2010, however, the amount referred to in item (i) shall be increased, as a percentage of the applicable employee payroll, in equal increments calculated from the sum of the required State contribution for State fiscal year 2007 plus the applicable portion of the State's total debt service payments for fiscal year 2007 on the bonds issued for the purposes of Section 7.2 of the General Obligation Bond Act, so that, by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

(c) Payment of the required State contributions and of all pensions, retirement annuities, death benefits, refunds, and other benefits granted under or assumed by this System, and all expenses in connection with the administration and operation thereof, are obligations of the State.

If members are paid from special trust or federal funds which are administered by the employing unit, whether school district or other unit, the employing unit shall pay to the System from such funds the full accruing retirement costs based upon that service, as determined by the System. Employer contributions, based on salary paid to members from federal funds, may be forwarded by the distributing agency of the State of Illinois to the System prior to allocation, in an amount determined in accordance with guidelines established by such agency and the System.

(d) Effective July 1, 1986, any employer of a teacher as defined in paragraph (8) of Section 16-106 shall pay the employer's normal cost of benefits based upon the teacher's service, in addition to employee contributions, as determined by the System. Such employer contributions
shall be forwarded monthly in accordance with guidelines established by the System.

However, with respect to benefits granted under Section 16-133.4 or 16-133.5 to a teacher as defined in paragraph (8) of Section 16-106, the employer's contribution shall be 12% (rather than 20%) of the member's highest annual salary rate for each year of creditable service granted, and the employer shall also pay the required employee contribution on behalf of the teacher. For the purposes of Sections 16-133.4 and 16-133.5, a teacher as defined in paragraph (8) of Section 16-106 who is serving in that capacity while on leave of absence from another employer under this Article shall not be considered an employee of the employer from which the teacher is on leave.

(e) Beginning July 1, 1998, every employer of a teacher shall pay to the System an employer contribution computed as follows:

1. Beginning July 1, 1998 through June 30, 1999, the employer contribution shall be equal to 0.3% of each teacher's salary.
2. Beginning July 1, 1999 and thereafter, the employer contribution shall be equal to 0.58% of each teacher's salary.

The school district or other employing unit may pay these employer contributions out of any source of funding available for that purpose and shall forward the contributions to the System on the schedule established for the payment of member contributions.

These employer contributions are intended to offset a portion of the cost to the System of the increases in retirement benefits resulting from this amendatory Act of 1998.

Each employer of teachers is entitled to a credit against the contributions required under this subsection (e) with respect to salaries paid to teachers for the period January 1, 2002 through June 30, 2003, equal to the amount paid by that employer under subsection (a-5) of Section 6.6 of the State Employees Group Insurance Act of 1971 with respect to salaries paid to teachers for that period.

The additional 1% employee contribution required under Section 16-152 by this amendatory Act of 1998 is the responsibility of the teacher and not the teacher's employer, unless the employer agrees, through collective bargaining or otherwise, to make the contribution on behalf of the teacher.

If an employer is required by a contract in effect on May 1, 1998 between the employer and an employee organization to pay, on behalf of
all its full-time employees covered by this Article, all mandatory employee contributions required under this Article, then the employer shall be excused from paying the employer contribution required under this subsection (e) for the balance of the term of that contract. The employer and the employee organization shall jointly certify to the System the existence of the contractual requirement, in such form as the System may prescribe. This exclusion shall cease upon the termination, extension, or renewal of the contract at any time after May 1, 1998.

(f) If the amount of a teacher's salary for any school year used to determine final average salary exceeds the member's annual full-time salary rate with the same employer for the previous school year by more than 6%, the teacher's employer shall pay to the System, in addition to all other payments required under this Section and in accordance with guidelines established by the System, the present value of the increase in benefits resulting from the portion of the increase in salary that is in excess of 6%. This present value shall be computed by the System on the basis of the actuarial assumptions and tables used in the most recent actuarial valuation of the System that is available at the time of the computation. If a teacher's salary for the 2005-2006 school year is used to determine final average salary under this subsection (f), then the changes made to this subsection (f) by Public Act 94-1057 shall apply in calculating whether the increase in his or her salary is in excess of 6%. For the purposes of this Section, change in employment under Section 10-21.12 of the School Code on or after June 1, 2005 shall constitute a change in employer. The System may require the employer to provide any pertinent information or documentation. The changes made to this subsection (f) by this amendatory Act of the 94th General Assembly apply without regard to whether the teacher was in service on or after its effective date.

Whenever it determines that a payment is or may be required under this subsection, the System shall calculate the amount of the payment and bill the employer for that amount. The bill shall specify the calculations used to determine the amount due. If the employer disputes the amount of the bill, it may, within 30 days after receipt of the bill, apply to the System in writing for a recalculation. The application must specify in detail the grounds of the dispute and, if the employer asserts that the calculation is subject to subsection (g) or (h) of this Section, must include an affidavit setting forth and attesting to all facts within the employer's knowledge that are pertinent to the applicability of that subsection. Upon receiving a
timely application for recalculation, the System shall review the application and, if appropriate, recalculate the amount due.

The employer contributions required under this subsection (f) may be paid in the form of a lump sum within 90 days after receipt of the bill. If the employer contributions are not paid within 90 days after receipt of the bill, then interest will be charged at a rate equal to the System's annual actuarially assumed rate of return on investment compounded annually from the 91st day after receipt of the bill. Payments must be concluded within 3 years after the employer's receipt of the bill.

(g) This subsection (g) applies only to payments made or salary increases given on or after June 1, 2005 but before July 1, 2011. The changes made by Public Act 94-1057 shall not require the System to refund any payments received before July 31, 2006 (the effective date of Public Act 94-1057).

When assessing payment for any amount due under subsection (f), the System shall exclude salary increases paid to teachers under contracts or collective bargaining agreements entered into, amended, or renewed before June 1, 2005.

When assessing payment for any amount due under subsection (f), the System shall exclude salary increases paid to a teacher at a time when the teacher is 10 or more years from retirement eligibility under Section 16-132 or 16-133.2.

When assessing payment for any amount due under subsection (f), the System shall exclude salary increases resulting from overload work, including summer school, when the school district has certified to the System, and the System has approved the certification, that (i) the overload work is for the sole purpose of classroom instruction in excess of the standard number of classes for a full-time teacher in a school district during a school year and (ii) the salary increases are equal to or less than the rate of pay for classroom instruction computed on the teacher's current salary and work schedule.

When assessing payment for any amount due under subsection (f), the System shall exclude a salary increase resulting from a promotion (i) for which the employee is required to hold a certificate or supervisory endorsement issued by the State Teacher Certification Board that is a different certification or supervisory endorsement than is required for the teacher's previous position and (ii) to a position that has existed and been filled by a member for no less than one complete academic year and the salary increase from the promotion is an increase that results in an amount

no greater than the lesser of the average salary paid for other similar positions in the district requiring the same certification or the amount stipulated in the collective bargaining agreement for a similar position requiring the same certification.

When assessing payment for any amount due under subsection (f), the System shall exclude any payment to the teacher from the State of Illinois or the State Board of Education over which the employer does not have discretion, notwithstanding that the payment is included in the computation of final average salary.

(h) When assessing payment for any amount due under subsection (f), the System shall exclude any salary increase described in subsection (g) of this Section given on or after July 1, 2011 but before July 1, 2014 under a contract or collective bargaining agreement entered into, amended, or renewed on or after June 1, 2005 but before July 1, 2011. Notwithstanding any other provision of this Section, any payments made or salary increases given after June 30, 2014 shall be used in assessing payment for any amount due under subsection (f) of this Section.

(i) The System shall prepare a report and file copies of the report with the Governor and the General Assembly by January 1, 2007 that contains all of the following information:

(1) The number of recalculations required by the changes made to this Section by Public Act 94-1057 for each employer.

(2) The dollar amount by which each employer's contribution to the System was changed due to recalculations required by Public Act 94-1057.

(3) The total amount the System received from each employer as a result of the changes made to this Section by Public Act 94-4.

(4) The increase in the required State contribution resulting from the changes made to this Section by Public Act 94-1057.

(j) For purposes of determining the required State contribution to the System, the value of the System's assets shall be equal to the actuarial value of the System's assets, which shall be calculated as follows:

As of June 30, 2008, the actuarial value of the System's assets shall be equal to the market value of the assets as of that date. In determining the actuarial value of the System's assets for fiscal years after June 30, 2008, any actuarial gains or losses from investment return incurred in a fiscal year shall be recognized in equal annual amounts over the 5-year period following that fiscal year.
(k) For purposes of determining the required State contribution to the system for a particular year, the actuarial value of assets shall be assumed to earn a rate of return equal to the system's actuarially assumed rate of return.

Sec. 18-131. Financing; employer contributions.

(a) The State of Illinois shall make contributions to this System by appropriations of the amounts which, together with the contributions of participants, net earnings on investments, and other income, will meet the costs of maintaining and administering this System on a 90% funded basis in accordance with actuarial recommendations.

(b) The Board shall determine the amount of State contributions required for each fiscal year on the basis of the actuarial tables and other assumptions adopted by the Board and the prescribed rate of interest, using the formula in subsection (c).

(c) For State fiscal years 2012 through 2045, the minimum contribution to the System to be made by the State for each fiscal year shall be an amount determined by the System to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of State fiscal year 2045. In making these determinations, the required State contribution shall be calculated each year as a level percentage of payroll over the years remaining to and including fiscal year 2045 and shall be determined under the projected unit credit actuarial cost method.

For State fiscal years 1996 through 2005, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments so that by State fiscal year 2011, the State is contributing at the rate required under this Section.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2006 is $29,189,400.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2007 is $35,236,800.

For each of State fiscal years 2008 through 2009, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments from the required State contribution for State fiscal year 2007, so that by State fiscal year
2011, the State is contributing at the rate otherwise required under this Section.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2010 is $78,832,000 and shall be made from the proceeds of bonds sold in fiscal year 2010 pursuant to Section 7.2 of the General Obligation Bond Act, less (i) the pro rata share of bond sale expenses determined by the System's share of total bond proceeds, (ii) any amounts received from the General Revenue Fund in fiscal year 2010, and (iii) any reduction in bond proceeds due to the issuance of discounted bonds, if applicable.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2011 is the amount recertified by the System on or before April 1, 2011 June 15, 2010 pursuant to Section 18-140 and shall be made from the proceeds of bonds sold in fiscal year 2011 pursuant to Section 7.2 of the General Obligation Bond Act, less (i) the pro rata share of bond sale expenses determined by the System's share of total bond proceeds, (ii) any amounts received from the General Revenue Fund in fiscal year 2011, and (iii) any reduction in bond proceeds due to the issuance of discounted bonds, if applicable.

Beginning in State fiscal year 2046, the minimum State contribution for each fiscal year shall be the amount needed to maintain the total assets of the System at 90% of the total actuarial liabilities of the System.

Amounts received by the System pursuant to Section 25 of the Budget Stabilization Act or Section 8.12 of the State Finance Act in any fiscal year do not reduce and do not constitute payment of any portion of the minimum State contribution required under this Article in that fiscal year. Such amounts shall not reduce, and shall not be included in the calculation of, the required State contributions under this Article in any future year until the System has reached a funding ratio of at least 90%. A reference in this Article to the "required State contribution" or any substantially similar term does not include or apply to any amounts payable to the System under Section 25 of the Budget Stabilization Act.

Notwithstanding any other provision of this Section, the required State contribution for State fiscal year 2005 and for fiscal year 2008 and each fiscal year thereafter, as calculated under this Section and certified under Section 18-140, shall not exceed an amount equal to (i) the amount of the required State contribution that would have been calculated under this Section for that fiscal year if the System had not received any

In determining this maximum for State fiscal years 2008 through 2010, however, the amount referred to in item (i) shall be increased, as a percentage of the applicable employee payroll, in equal increments calculated from the sum of the required State contribution for State fiscal year 2007 plus the applicable portion of the State's total debt service payments for fiscal year 2007 on the bonds issued for the purposes of Section 7.2 of the General Obligation Bond Act, so that, by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

(d) For purposes of determining the required State contribution to the System, the value of the System's assets shall be equal to the actuarial value of the System's assets, which shall be calculated as follows:

As of June 30, 2008, the actuarial value of the System's assets shall be equal to the market value of the assets as of that date. In determining the actuarial value of the System's assets for fiscal years after June 30, 2008, any actuarial gains or losses from investment return incurred in a fiscal year shall be recognized in equal annual amounts over the 5-year period following that fiscal year.

On or before July 1, 2005, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2006, taking into account the changes in required State contributions made by this amendatory Act of the 94th General Assembly.

On or before April 1, 2011 June 15, 2010, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2011, applying the changes made by Public Act 96-889 to the System's assets and liabilities as of June 30, 2009 as though Public Act 96-889 was approved on that date.

(b) Beginning in State fiscal year 1996, on or as soon as possible after the 15th day of each month the Board shall submit vouchers for payment of State contributions to the System, in a total monthly amount of one-twelfth of the required annual State contribution certified under subsection (a). From the effective date of this amendatory Act of the 93rd General Assembly through June 30, 2004, the Board shall not submit vouchers for the remainder of fiscal year 2004 in excess of the fiscal year 2004 certified contribution amount determined under this Section after taking into consideration the transfer to the System under subsection (c) of Section 6z-61 of the State Finance Act. These vouchers shall be paid by the State Comptroller and Treasurer by warrants drawn on the funds appropriated to the System for that fiscal year.

If in any month the amount remaining unexpended from all other appropriations to the System for the applicable fiscal year (including the appropriations to the System under Section 8.12 of the State Finance Act and Section 1 of the State Pension Funds Continuing Appropriation Act) is less than the amount lawfully vouchered under this Section, the difference shall be paid from the General Revenue Fund under the continuing appropriation authority provided in Section 1.1 of the State Pension Funds Continuing Appropriation Act.

(a) From each fund from which an amount is appropriated for personal services to a department or other employer under Article 14 of the Illinois Pension Code, there is hereby appropriated to that department or other employer, on a continuing annual basis for each State fiscal year, an additional amount equal to the percentage of the personal services line item for that department or employer from that fund for that fiscal year that the Board of Trustees of the State Employees' Retirement System of Illinois has certified under Section 14-135.08 of the Illinois Pension Code to be necessary to meet the State's obligation under Section 14-131 of the Illinois Pension Code for that fiscal year, exceeds (2) the amounts otherwise appropriated to that department or employer from that fund for State contributions to the State Employees' Retirement System for that fiscal year. New matter indicated by italics - deletions by strikeout
subsection (c) of Section 21-40, all applications for judgment and order of sale for taxes and special assessments on delinquent properties shall be made within 90 days after the second installment due date. In Cook County, all applications for judgment and order of sale for taxes and special assessments on delinquent properties shall be made (i) by July 1, 2011 for tax year 2009 and (ii) within 90 days after the second installment due date for tax year 2010 and each tax year thereafter. In those counties which have adopted an ordinance under Section 21-40, the application for judgment and order of sale for delinquent taxes shall be made in December. In the 10 years next following the completion of a general reassessment of property in any county with 3,000,000 or more inhabitants, made under an order of the Department, applications for judgment and order of sale shall be made as soon as may be and on the day specified in the advertisement required by Section 21-110 and 21-115. If for any cause the court is not held on the day specified, the cause shall stand continued, and it shall be unnecessary to re-advertise the list or notice.

Within 30 days after the day specified for the application for judgment the court shall hear and determine the matter. If judgment is rendered, the sale shall begin on the date within 5 business days specified in the notice as provided in Section 21-115. If the collector is prevented from advertising and obtaining judgment within 90 days after the second installment due date, the collector may obtain judgment at any time thereafter; but if the failure arises by the county collector's not complying with any of the requirements of this Code, he or she shall be held on his or her official bond for the full amount of all taxes and special assessments charged against him or her.
