ARTICLE 99
Section 99. Effective date. This Act takes effect July 1, 2010.
Passed in the General Assembly May 27, 2010.
Approved July 1, 2010.
Effective July 1, 2010.

PUBLIC ACT 96-0958
(Senate Bill No. 3660)

AN ACT concerning State government.
Be it enacted by the People of the State of Illinois, represented in
the General Assembly:

ARTICLE 1. EMERGENCY BUDGET ACT OF FISCAL YEAR 2011
Section 1-1. Short title. This Act may be cited as the Emergency
Budget Act of Fiscal Year 2011. References in this Article to "this Act"
mean this Article.

Section 1-5. Legislative intent and purpose. The General Assembly
hereby finds and declares that the State is confronted with an
unprecedented fiscal crisis. It is the purpose of this Act to authorize
changes in State programs that are necessary to implement the State fiscal
year 2011 budget. It is also the purpose of this Act to implement budget
measures that prioritize the payment of vouchers that (i) were submitted to
the State Comptroller prior to July 1, 2010 and (ii) are at least 60 days past
due on the effective date of this Act. This Act is to be liberally construed
and interpreted in a manner that allows the State to address the fiscal crisis
for the State fiscal year 2011.

Section 1-10. Designation of contingency reserve. Beginning on
July 1, 2010 and until January 9, 2011, the Governor may designate
amounts to be set aside as a contingency reserve from the amounts
appropriated from the General Revenue Fund, the Common School Fund,
the Education Assistance Fund, and any special fund of the State for State
fiscal year 2011 for all boards, commissions, agencies, institutions,
authorities, colleges, universities, and bodies politic and corporate of the
State, but not other constitutional officers, the legislative or judicial
branch, the office of the Executive Inspector General, or the Executive
Ethics Commission. The total contingency reserve may not exceed one-
third of the sum of (i) the total dollar amount of vouchers that have been
submitted to the State Comptroller for payment but for which warrants
have not been issued by the Comptroller as of July 1, 2010 and (ii) the

total dollar amount of any fiscal year 2010 mandated statutory transfers that have not been executed as of July 1, 2010. The State Comptroller shall certify the total dollar amount of those outstanding vouchers and transfers to the Governor on or before July 8, 2010.

Section 1-15. Contingency reserve restrictions. Until January 9, 2011, the amounts placed in contingency reserve shall not be transferred, obligated, encumbered, expended, or otherwise committed unless the Governor authorizes the removal of the amounts from the contingency reserve or the State, by an Act of the 96th General Assembly, generates incremental revenues sufficient to support such transfers, obligations, encumbrances, expenditures, or other commitments.

Section 1-20. All State programs subject to appropriation. Notwithstanding any other Act to the contrary, during State fiscal year 2011, any expenditure from State funds authorized or required by any State law are made subject to appropriation through January 9, 2011 of that fiscal year. No moneys shall be obligated or expended during that time unless they are supported by available State fiscal year 2011 appropriations that are not otherwise obligated or reserved pursuant to Section 1-10 of this Act. The provisions of this Section do not apply to non-appropriated funds, non-appropriated accounts, locally held funds, or appropriations with continuing authority.

Section 1-25. State agencies; review of contracts. As soon as possible after the effective date of this Act, each State agency of the executive branch shall review each of its existing contracts. Those State agencies shall seek to modify or terminate and re-bid those contracts if, upon review of the contract, the agency determines that it is in the best interest of the State to do so. For the purposes of this Section, "contract" has the meaning ascribed to that term in the Illinois Procurement Code.

Section 1-35. Act takes precedence. In case of any conflict between the provisions of this Act and any other law, executive order, or administrative regulation, the provisions of this Act prevail and control.

(b) The bonds of each issue shall be dated, shall bear interest (which may be includable in or excludable from the gross income of the owners for federal income tax purposes) at such fixed or variable rates, payable at or prior to maturity, and shall mature at such time or times, not more than 19 years after the date of issuance, as may be determined by the Authority and may be made redeemable before maturity, at the option of the Authority, at such price or prices and under such terms and conditions as may be fixed by the Authority. The principal and interest of such bonds may be made payable in any lawful medium. The resolution or the certificate of the officer of the Authority approving the issuance of the bonds shall determine the form of the bonds and the manner of execution of the bonds and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest thereof, which may be at any bank or trust company within or outside the State. If any officer whose signature or a facsimile thereof appears on any bonds shall cease to be such officer before the delivery of such bonds, such signature or facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery.

(c) The Authority may sell such bonds pursuant to notice of sale and public bid or by negotiated sale in accordance with the corresponding procedures applicable to like sales of general obligation bonds under Section 11 of the General Obligation Bond Act. The proceeds of such bonds shall be disbursed for the purposes for which such bonds were issued under such restrictions as the sale agreement and the resolution authorizing the issuance of such bonds or the related trust indenture may provide. Such bonds shall be issued upon approval of the Authority and without any other approvals, filings, proceedings or the happening of any other conditions or things other than the approvals, findings, proceedings, conditions, and things that are specified and required by this Act.
(d) Any pledge made by the Authority shall be valid and binding at the time the pledge is made. The assets, property, revenues, reserves, or earnings so pledged shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the Authority, irrespective of whether such parties have notice thereof. Notwithstanding any other provision of law to the contrary, neither the resolution nor any indenture or other instrument by which a pledge is created or by which the Authority's interest in pledged assets, property, revenues, reserves, or earnings thereon is assigned need be filed, perfected or recorded in any public records in order to protect the pledge thereof or perfect the lien thereof as against third parties, except that a copy thereof shall be filed in the records of the Authority.

(e) Whether or not the bonds of the Authority are of such form and character as to be negotiable instruments under the terms of the Uniform Commercial Code, the bonds are hereby made negotiable instruments for all purposes, subject only to the provisions of the bonds for registration.

(f) At the sole discretion of the Authority, any bonds issued by the Authority and any related bond facility made under the provisions of this Act shall be secured by a resolution or trust indenture by and between the Authority and the indenture trustee, which may be any trust company or bank having the powers of a trust company, whether located within or outside the State. Such trust indenture or resolution providing for the issuance of such bonds shall, without limitation, (i) provide for the creation and maintenance of such reserves as the Authority shall determine to be proper; (ii) include covenants setting forth the duties of the Authority in relation to the bonds, the income of the Authority, the related sale agreement and the related tobacco settlement revenues; (iii) contain provisions relating to the prompt transfer of the residual interest upon receipt of the tobacco settlement revenues; (iv) contain provisions respecting the custody, safeguarding, and application of all moneys and securities; (v) contain such provisions for protecting and enforcing against the Authority or the State the rights and remedies (pursuant thereto and to the sale agreement) of the owners of the bonds and any provider of a related bond facility as may be reasonable and proper and not in violation of law; and (vi) contain such other provisions as the Authority may deem reasonable and proper for priorities and subordination among the owners of the bonds and providers of related bond facilities. Any reference in this

Act to a resolution of the Authority shall include any trust indenture authorized thereby.

(g) The net proceeds of bonds and any earnings thereon shall never be pledged to, nor made available for, payment of the bonds or any interest or redemption price thereon or any other debt or obligation of the Authority. The net proceeds of bonds shall be deposited by the State in the Tobacco Settlement Bond Proceeds Account, and shall be used by the State (either directly or by reimbursement) for the payment of outstanding obligations of the General Revenue Fund or to supplement the Tobacco Settlement Residual Account to pay for appropriated obligations of the Tobacco Settlement Recovery Fund for State fiscal year 2011 through 2013. Any residual interest in tobacco settlement revenues shall be deposited in the Tobacco Settlement Residual Account, and shall be used by the State (either directly or by reimbursement) in accordance with Section 6z-43 of the State Finance Act for appropriated obligations of the Tobacco Settlement Recovery Fund. With respect to any bonds of the Authority, the interest on which is intended to be excludable from the gross income of the owners for federal income tax purposes, the Authority and the authorized officers may provide restrictions on the use of net proceeds of bonds and other amounts in the sale agreement or otherwise in a tax regulatory agreement only as necessary to assure such tax-exempt status.

(h) The Authority may enter into, amend, or terminate, as it determines to be necessary or appropriate, any related bond facility (i) to facilitate the issuance, sale, resale, purchase, repurchase, or payment of bonds, interest rate savings or market diversification, or the making or performance of swap contracts, including without limitation bond insurance, letters of credit and liquidity facilities, or (ii) to attempt to manage or hedge risk or achieve a desirable effective interest rate or cash flow. Such facility shall be made upon the terms and conditions established by the Authority, including without limitation provisions as to security, default, termination, payment, remedy, jurisdiction and consent to service of process.

(i) The Authority may enter into, amend, or terminate, as it deems to be necessary or appropriate, any related bond facility to place the obligations or investments of the Authority, as represented by the bonds or the investment of reserves securing the bonds or related bond facilities or other tobacco settlement revenues or its other assets, in whole or in part, on the interest rate, cash flow, or other basis approved by the Authority,
which facility may include without limitation contracts commonly known as interest rate swap agreements, forward purchase contracts, or guaranteed investment contracts and futures or contracts providing for payments based on levels of, or changes in, interest rates. These contracts or arrangements may be entered into by the Authority in connection with, or incidental to, entering into, or maintaining any (i) agreement which secures bonds of the Authority or (ii) investment or contract providing for investment of reserves or similar facility guaranteeing an investment rate for a period of years not to exceed the underlying term of the bonds. The determination by the Authority that a related bond facility or the amendment or termination thereof is necessary or appropriate as aforesaid shall be conclusive. Any related bond facility may contain such provisions as to security, default, termination, payment, remedy, jurisdiction, and consent to service of process and other terms and conditions as determined by the Authority, after giving due consideration to the creditworthiness of the counterparty or other obligated party, including any rating by any nationally recognized rating agency, and any other criteria as may be appropriate.

(j) Bonds or any related bond facility may contain a recital that they are issued or executed, respectively, pursuant to this Act, which recital shall be conclusive evidence of their validity, respectively, and the regularity of the proceedings relating thereto.

Section 3-7. State not liable on bonds or related bond facilities. No bond or related bond facility shall constitute an indebtedness or an obligation of the State of Illinois or any subdivision thereof, within the purview of any constitutional or statutory limitation or provision or a charge against the general credit or taxing powers, if any, of any of them but shall be payable solely from pledged tobacco revenues. No owner of any bond or provider of any related bond facility shall have the right to compel the exercise of the taxing power of the State to pay any principal installment of, redemption premium, if any, or interest on the bonds or to make any payment due under any related bond facility.

Section 3-8. Agreement with the State.

(a) The State pledges and agrees with the Authority, and the owners of the bonds of the Authority in which the Authority has included such pledge and agreement, that the State shall (i) irrevocably direct the escrow agent under the Master Settlement Agreement to transfer all pledged tobacco revenues directly to the Authority or its assignee, (ii) enforce its right to collect all moneys due from the participating

This pledge and agreement may be included in the sale agreement and the Authority may include this pledge and agreement in any contract with the bondholders of the Authority.

(b) The provisions of this Act, the bonds issued pursuant to this Act, and the pledges and agreements by the State and the Authority to the bondholders shall not be interpreted or construed to limit or impair the

Section 3-9. Enforcement of contract. The provisions of this Act and of any resolution or proceeding authorizing the issuance of bonds or a related bond facility shall constitute a contract with the holders of the bonds or the related bond facility, and the provisions thereof shall be enforceable either by mandamus or other proceeding in any Illinois court of competent jurisdiction to enforce and compel the performance of all duties required by this Act and by any resolution authorizing the issuance of bonds a related bond facility adopted in response hereto.

Section 3-10. Bonds as legal investments. The State and all counties, cities, villages, incorporated towns and other municipal corporations, political subdivisions and public bodies, and public officers of any thereof, all banks, bankers, trust companies, savings banks and institutions, building and loan associations, savings and loan associations, investment companies, and other persons carrying on a banking business, all insurance companies, insurance associations, and other persons carrying on an insurance business, and all executors, administrators, guardians, trustees, and other fiduciaries may legally invest any sinking funds, moneys, or other funds belonging to them or within their control in any bonds issued pursuant to this Act, it being the purpose of this Section to authorize the investment in such bonds of all sinking, insurance, retirement, compensation, pension, and trust funds, whether owned or controlled by private or public persons or officers; provided, however, that nothing contained in this Section may be construed as relieving any person, firm, or corporation from any duty of exercising reasonable care in selecting securities for purchase or investment.

Section 3-12. Exemption from taxation. It is hereby determined that the creation of the Authority and the carrying out of its corporate purposes are in all respects for the benefit of the people of the State and are public purposes. Accordingly, the property of the Authority, its income and its operations shall be exempt from taxation. The Authority shall not be required to pay any fees, taxes or assessments of any kind, whether state or local, including, but not limited to, fees, taxes, ad valorem taxes on real property, sales taxes or other taxes, upon or with respect to any property owned by it or under its jurisdiction, control or supervision, or upon the

uses thereof, or upon or with respect to its activities or operations in furtherance of the powers conferred upon it by this Act.

Section 3-15. Supplemental nature of Act; construction and purpose. The powers conferred by this Act shall be in addition to and supplemental to the powers conferred by any other law, general or special, and may be exercised notwithstanding the provisions of any other such law. Insofar as the provisions of this Act are inconsistent with the provisions of any other law, general or special, the provisions of this Act shall be controlling.

Section 3-16. Severability. If any provision of this Act is held invalid, such provision shall be deemed to be excised and the invalidity thereof shall not affect any of the other provisions of this Act. If the application of any provision of this Act to any person or circumstance is held invalid, it shall not affect the application of such provision to such persons or circumstances other than those as to which it is held invalid.

Except as otherwise provided in subsections (a-1) and (a-2), at the time of each payment of salary to an employee under the personal services line item, payment shall be made to the State Employees' Retirement System, from the amount appropriated for State contributions to the State Employees' Retirement System, of an amount calculated at the rate certified for the applicable fiscal year by the Board of Trustees of the State Employees' Retirement System under Section 14-135.08 of the Illinois Pension Code. If a line item appropriation to an employer for this purpose is exhausted or is unavailable due to any limitation on appropriations that may apply, (including, but not limited to, limitations on appropriations from the Road Fund under Section 8.3 of the State Finance Act), the amounts shall be paid under the continuing appropriation for this purpose contained in the State Pension Funds Continuing Appropriation Act.

(a-1) Beginning on the effective date of this amendatory Act of the 93rd General Assembly through the payment of the final payroll from fiscal year 2004 appropriations, appropriations for State contributions to the State Employees' Retirement System of Illinois shall be expended in the manner provided in this subsection (a-1). At the time of each payment of salary to an employee under the personal services line item from a fund other than the General Revenue Fund, payment shall be made for deposit into the General Revenue Fund from the amount appropriated for State contributions to the State Employees' Retirement System of an amount calculated at the rate certified for fiscal year 2004 by the Board of Trustees of the State Employees' Retirement System under Section 14-135.08 of the Illinois Pension Code. This payment shall be made to the extent that a line item appropriation to an employer for this purpose is available or unexhausted. No payment from appropriations for State contributions shall be made in conjunction with payment of salary to an employee under the personal services line item from the General Revenue Fund.

(a-2) For fiscal year 2010 only, at the time of each payment of salary to an employee under the personal services line item from a fund other than the General Revenue Fund, payment shall be made for deposit into the State Employees' Retirement System of Illinois from the amount appropriated for State contributions to the State Employees' Retirement System of Illinois of an amount calculated at the rate certified for fiscal year 2010 by the Board of Trustees of the State Employees' Retirement System.
System of Illinois under Section 14-135.08 of the Illinois Pension Code. This payment shall be made to the extent that a line item appropriation to an employer for this purpose is available or unexhausted. For fiscal year 2010 only, no payment from appropriations for State contributions shall be made in conjunction with payment of salary to an employee under the personal services line item from the General Revenue Fund.

(a-3) For fiscal year 2011 only, at the time of each payment of salary to an employee under the personal services line item from a fund other than the General Revenue Fund, payment shall be made for deposit into the State Employees' Retirement System of Illinois from the amount appropriated for State contributions to the State Employees' Retirement System of Illinois of an amount calculated at the rate certified for fiscal year 2011 by the Board of Trustees of the State Employees' Retirement System of Illinois under Section 14-135.08 of the Illinois Pension Code. This payment shall be made to the extent that a line item appropriation to an employer for this purpose is available or unexhausted. For fiscal year 2011 only, no payment from appropriations for State contributions shall be made in conjunction with payment of salary to an employee under the personal services line item from the General Revenue Fund.

(b) Except during the period beginning on the effective date of this amendatory Act of the 93rd General Assembly and ending at the time of the payment of the final payroll from fiscal year 2004 appropriations, the State Comptroller shall not approve for payment any payroll voucher that (1) includes payments of salary to eligible employees in the State Employees' Retirement System of Illinois and (2) does not include the corresponding payment of State contributions to that retirement system at the full rate certified under Section 14-135.08 for that fiscal year for eligible employees, unless the balance in the fund on which the payroll voucher is drawn is insufficient to pay the total payroll voucher, or unavailable due to any limitation on appropriations that may apply, including, but not limited to, limitations on appropriations from the Road Fund under Section 8.3 of the State Finance Act. If the State Comptroller approves a payroll voucher under this Section for which the fund balance is insufficient to pay the full amount of the required State contribution to the State Employees' Retirement System, the Comptroller shall promptly so notify the Retirement System.

(b-1) For fiscal year 2010 only, the State Comptroller shall not approve for payment any non-General Revenue Fund payroll voucher that (1) includes payments of salary to eligible employees in the State
Employees' Retirement System of Illinois and (2) does not include the corresponding payment of State contributions to that retirement system at the full rate certified under Section 14-135.08 for that fiscal year for eligible employees, unless the balance in the fund on which the payroll voucher is drawn is insufficient to pay the total payroll voucher, or unavailable due to any limitation on appropriations that may apply, including, but not limited to, limitations on appropriations from the Road Fund under Section 8.3 of the State Finance Act. If the State Comptroller approves a payroll voucher under this Section for which the fund balance is insufficient to pay the full amount of the required State contribution to the State Employees' Retirement System of Illinois, the Comptroller shall promptly so notify the retirement system.

(c) Notwithstanding any other provisions of law, beginning July 1, 2007, required State and employee contributions to the State Employees' Retirement System of Illinois relating to affected legislative staff employees shall be paid out of moneys appropriated for that purpose to the Commission on Government Forecasting and Accountability, rather than out of the lump-sum appropriations otherwise made for the payroll and other costs of those employees.

These payments must be made pursuant to payroll vouchers submitted by the employing entity as part of the regular payroll voucher process.

For the purpose of this subsection, "affected legislative staff employees" means legislative staff employees paid out of lump-sum appropriations made to the General Assembly, an Officer of the General Assembly, or the Senate Operations Commission, but does not include district-office staff or employees of legislative support services agencies.

Any service involving professional or artistic skills or any personal services by an employee whose compensation is subject to income tax withholding must be performed as of June 30 of the fiscal year in order to be considered an "outstanding liability as of June 30" that is thereby eligible for payment out of the expiring appropriation.

However, payment of tuition reimbursement claims under Section 14-7.03 or 18-3 of the School Code may be made by the State Board of Education from its appropriations for those respective purposes for any fiscal year, even though the claims reimbursed by the payment may be claims attributable to a prior fiscal year, and payments may be made at the direction of the State Superintendent of Education from the fund from which the appropriation is made without regard to any fiscal year limitations.

Department of Public Health under the Department of Human Services Act) from their respective appropriations for grants for medical care to or on behalf of persons suffering from chronic renal disease, persons suffering from hemophilia, rape victims, and premature and high-mortality risk infants and their mothers and for grants for supplemental food supplies provided under the United States Department of Agriculture Women, Infants and Children Nutrition Program, for any fiscal year without regard to the fact that the services being compensated for by such payment may have been rendered in a prior fiscal year.

(d) The Department of Public Health and the Department of Human Services (acting as successor to the Department of Public Health under the Department of Human Services Act) shall each annually submit to the State Comptroller, Senate President, Senate Minority Leader, Speaker of the House, House Minority Leader, and the respective Chairmen and Minority Spokesmen of the Appropriations Committees of the Senate and the House, on or before December 31, a report of fiscal year funds used to pay for services provided in any prior fiscal year. 2. Factors affecting the Department of Healthcare and Family Services' liabilities, including but not limited to numbers of aid recipients, levels of medical service utilization by aid recipients, and inflation in the cost of medical services.
3. The results of the Department's efforts to combat fraud and abuse.

(h) As provided in Section 4 of the General Assembly Compensation Act, any utility bill for service provided to a General Assembly member's district office for a period including portions of 2 consecutive fiscal years may be paid from funds appropriated for such expenditure in either fiscal year.

(i) An agency which administers a fund classified by the Comptroller as an internal service fund may issue rules for:
1. Billing user agencies in advance for payments or authorized inter-fund transfers based on estimated charges for goods or services;

ARTICLE 25. ADDITIONAL AMENDATORY PROVISIONS

Section 25-5. The State Budget Law of the Civil Administrative Code of Illinois is amended by changing Sections 50-5 and 50-10 and by adding Sections 50-7 and 50-25 as follows:

(15 ILCS 20/50-5)
Sec. 50-5. Governor to submit State budget.
(a) The Governor shall, as soon as possible and not later than the second Wednesday in March in 2010 (March 10, 2010) and the third Wednesday in February of each year beginning in 2011, except as otherwise provided in this Section, submit a State budget, embracing therein the amounts recommended by the Governor to be appropriated to the respective departments, offices, and institutions, and for all other public purposes, the estimated revenues from taxation, the estimated revenues from sources other than taxation, and an estimate of the amount required to be raised by taxation. The amounts recommended by the Governor for appropriation to the respective departments, offices and institutions shall be formulated according to the various functions and activities for which the respective department, office or institution of the State government (including the elective officers in the executive department and including the University of Illinois and the judicial
department) is responsible. The amounts relating to particular functions and activities shall be further formulated in accordance with the object classification specified in Section 13 of the State Finance Act. In addition, the amounts recommended by the Governor for appropriation shall take into account each State agency's effectiveness in achieving its prioritized goals for the previous fiscal year, as set forth in Section 50-25 of this Law, giving priority to agencies and programs that have demonstrated a focus on the prevention of waste and the maximum yield from resources.

Beginning in fiscal year 2011, the Governor shall distribute written quarterly budget statements to the General Assembly and the State Comptroller. The statements shall be submitted on Wednesday of the last week of the last month of each quarter of the fiscal year and, as is currently the practice on the effective date of this amendatory Act of the 96th General Assembly, shall be posted on the Comptroller's website on the same day. The statements shall be prepared and presented in an executive summary format that includes, for the fiscal year to date, individual itemizations for each revenue source as well as individual itemizations of expenditures and obligations, by the classified line items set forth in Section 13 of the State Finance Act and for other purposes, with an appropriate level of detail. The statement shall include a calculation of the actual total budget surplus or deficit. The Governor shall also present periodic budget addresses throughout the fiscal year at the invitation of the General Assembly.

The Governor shall not propose expenditures and the General Assembly shall not enact appropriations that exceed the resources estimated to be available, as provided in this Section. Appropriations may be adjusted during the fiscal year by means of one or more supplemental appropriation bills if any State agency either fails to meet or exceeds the goals set forth in Section 50-25 of this Law.

For the purposes of Article VIII, Section 2 of the 1970 Illinois Constitution, the State budget for the following funds shall be prepared on the basis of revenue and expenditure measurement concepts that are in concert with generally accepted accounting principles for governments:

1. General Revenue Fund.
2. Common School Fund.
4. Road Fund.

New matter indicate by italics - deletions by strikeout
These funds shall be known as the "budgeted funds". The revenue estimates used in the State budget for the budgeted funds shall include the estimated beginning fund balance, plus revenues estimated to be received during the budgeted year, plus the estimated receipts due the State as of June 30 of the budgeted year that are expected to be collected during the lapse period following the budgeted year, minus the receipts collected during the first 2 months of the budgeted year that became due to the State in the year before the budgeted year. Revenues shall also include estimated federal reimbursements associated with the recognition of Section 25 of the State Finance Act liabilities. For any budgeted fund for which current year revenues are anticipated to exceed expenditures, the surplus shall be considered to be a resource available for expenditure in the budgeted fiscal year.

Expenditure estimates for the budgeted funds included in the State budget shall include the costs to be incurred by the State for the budgeted year, to be paid in the next fiscal year, excluding costs paid in the budgeted year which were carried over from the prior year, where the payment is authorized by Section 25 of the State Finance Act. For any budgeted fund for which expenditures are expected to exceed revenues in the current fiscal year, the deficit shall be considered as a use of funds in the budgeted fiscal year.

Revenues and expenditures shall also include transfers between funds that are based on revenues received or costs incurred during the budget year.

Appropriations for expenditures shall also include all anticipated statutory continuing appropriation obligations that are expected to be incurred during the budgeted fiscal year.

By March 15 of each year, the Commission on Government Forecasting and Accountability shall prepare revenue and fund transfer estimates in accordance with the requirements of this Section and report those estimates to the General Assembly and the Governor.

For all funds other than the budgeted funds, the proposed expenditures shall not exceed funds estimated to be available for the fiscal year as shown in the budget. Appropriation for a fiscal year shall not exceed funds estimated by the General Assembly to be available during that year.

(b) This subsection applies only to the process for the proposed fiscal year 2011 budget.
By February 24, 2010, the Governor must file a written report with the Secretary of the Senate and the Clerk of the House of Representatives containing the following:

1. for fiscal year 2010, the revenues for all budgeted funds, both actual to date and estimated for the full fiscal year;
2. for fiscal year 2010, the expenditures for all budgeted funds, both actual to date and estimated for the full fiscal year;
3. for fiscal year 2011, the estimated revenues for all budgeted funds, including without limitation the affordable General Revenue Fund appropriations, for the full fiscal year; and
4. for fiscal year 2011, an estimate of the anticipated liabilities for all budgeted funds, including without limitation the affordable General Revenue Fund appropriations, debt service on bonds issued, and the State's contributions to the pension systems, for the full fiscal year.

Between February 24, 2010 and March 10, 2010, the members of the General Assembly and members of the public may make written budget recommendations to the Governor, and the Governor shall promptly make those recommendations available to the public through the Governor's Internet website.

In addition, each other constitutional officer of the executive branch, in consultation with the appropriation committees of the General Assembly, shall: (i) prioritize outcomes that are most important for his or her office to achieve for the next fiscal year and (ii) set goals to accomplish those outcomes according to the priority of the outcome. (4) Prepare annually a State economic report.
(5) Provide information for all appropriate legislative organizations and personnel on economic trends in relation to long range planning and budgeting.
(6) Study and make such recommendations as it deems appropriate to the General Assembly on local and regional economic and fiscal policy and on federal fiscal policy as it may affect Illinois.
(7) Review capital expenditures, appropriations and authorizations for both the State's general obligation and revenue bonding authorities. At the direction of the Commission, specific reviews may include economic feasibility reviews of existing or proposed revenue bond projects to determine the accuracy of the original estimate of useful life of the projects, maintenance requirements and ability to meet debt service requirements through their operating expenses.
(8) Receive and review all executive agency and revenue bonding authority annual and 3 year plans. The Commission shall prepare a consolidated review of these plans, an updated assessment of current State agency capital plans, a report on the outstanding and unissued bond authorizations, an evaluation of the State's ability to market further bond issues and shall submit them as the "Legislative Capital Plan Analysis" to
the House and Senate Appropriations Committees at least once a year. The Commission shall annually submit to the General Assembly on the first Wednesday of April a report on the State's long-term capital needs, with particular emphasis upon and detail of the 5-year period in the immediate future.

(9) Study and make recommendations it deems appropriate to the General Assembly on State bond financing, bondability guidelines, and debt management. At the direction of the Commission, specific studies and reviews may take into consideration short and long-run implications of State bonding and debt management policy.

(10) Comply with the provisions of the "State Debt Impact Note Act" as now or hereafter amended.

(11) Comply with the provisions of the Pension Impact Note Act, as now or hereafter amended.

(12) By August 1st of each year, the Commission must prepare and cause to be published a summary report of State appropriations for the State fiscal year beginning the previous July 1st. The summary report must discuss major categories of appropriations, the issues the General Assembly faced in allocating appropriations, comparisons with appropriations for previous State fiscal years, and other matters helpful in providing the citizens of Illinois with an overall understanding of appropriations for that fiscal year. The summary report must be written in plain language and designed for readability. Publication must be in newspapers of general circulation in the various areas of the State to ensure distribution statewide. The summary report must also be published on the General Assembly's web site.

(13) Comply with the provisions of the State Facilities Closure Act.

(14) For fiscal year 2012 and thereafter, develop a 3-year budget forecast for the State, including opportunities and threats concerning anticipated revenues and expenditures, with an appropriate level of detail.

The requirement for reporting to the General Assembly shall be satisfied by filing copies of the report with the Speaker, the Minority Leader and the Clerk of the House of Representatives and the President, the Minority Leader and the Secretary of the Senate and the Legislative Research Unit, as required by Section 3.1 of the General Assembly Organization Act, and filing such additional copies with the State Government Report Distribution Center for the General Assembly as is required under paragraph (t) of Section 7 of the State Library Act.
Sec. 4. (a) The Commission shall publish, at the convening of each regular session of the General Assembly, a report on the estimated income of the State from all applicable revenue sources for the next ensuing fiscal year and of any other funds estimated to be available for such fiscal year. The Commission, in its discretion, may consult with the Governor's Office of Management and Budget in preparing the report. On the third Wednesday in March after the session convenes, the Commission shall issue a revised and updated set of revenue figures reflecting the latest available information. The House and Senate by joint resolution shall adopt or modify such estimates as may be appropriate. The joint resolution shall constitute the General Assembly's estimate, under paragraph (b) of Section 2 of Article VIII of the Constitution, of the funds estimated to be available during the next fiscal year.

(b) On the third Wednesday in March, the Commission shall issue estimated:

(1) pension funding requirements under P.A. 86-273; and
(2) liabilities of the State employee group health insurance program.

These estimated costs shall be for the fiscal year beginning the following July 1.

(c) The requirement for reporting to the General Assembly shall be satisfied by filing copies of the report with the Speaker, the Minority Leader and the Clerk of the House of Representatives and the President, the Minority Leader and the Secretary of the Senate and the Legislative Research unit, as required by Section 3.1 of the General Assembly Organization Act, and filing such additional copies with the State Government Report Distribution Center for the General Assembly as is required under paragraph (t) of Section 7 of the State Library Act.

and committee minority spokesmen shall receive additional amounts per year for their services as such officers, committee chairmen and committee minority spokesmen respectively, as set by the Compensation Review Board or, as follows, whichever is greater: Beginning the second Wednesday in January 1989, the Speaker and the minority leader of the House of Representatives and the President and the minority leader of the Senate, $16,000 each; the majority leader in the House of Representatives $13,500; 6 assistant majority leaders and 5 assistant minority leaders in the Senate, $12,000 each; 6 assistant majority leaders and 6 assistant minority leaders in the House of Representatives, $10,500 each; 2 Deputy Majority leaders in the House of Representatives $11,500 each; and 2 Deputy Minority leaders in the House of Representatives, $11,500 each; the majority caucus chairman and minority caucus chairman in the Senate, $12,000 each; and beginning the second Wednesday in January, 1989, the majority conference chairman and the minority conference chairman in the House of Representatives, $10,500 each; beginning the second Wednesday in January, 1989, the chairman and minority spokesman of each standing committee of the Senate, except the Rules Committee, the Committee on Committees, and the Committee on Assignment of Bills, $6,000 each; and beginning the second Wednesday in January, 1989, the chairman and minority spokesman of each standing and select committee of the House of Representatives, $6,000 each. A member who serves in more than one position as an officer, committee chairman, or committee minority spokesman shall receive only one additional amount based on the position paying the highest additional amount. The compensation provided for in this Section to be paid per year to members of the General Assembly, including the additional sums payable per year to officers of the General Assembly shall be paid in 12 equal monthly installments. The first such installment is payable on January 31, 1977. All subsequent equal monthly installments are payable on the last working day of the month. A member who has held office any part of a month is entitled to compensation for an entire month.

Mileage shall be paid at the rate of 20 cents per mile before January 9, 1985, and at the mileage allowance rate in effect under regulations promulgated pursuant to 5 U.S.C. 5707(b)(2) beginning January 9, 1985, for the number of actual highway miles necessarily and conveniently traveled by the most feasible route to be present upon convening of the sessions of the General Assembly by such member in each and every trip during each session in going to and returning from the
seat of government, to be computed by the Comptroller. A member traveling by public transportation for such purposes, however, shall be paid his actual cost of that transportation instead of on the mileage rate if his cost of public transportation exceeds the amount to which he would be entitled on a mileage basis. No member may be paid, whether on a mileage basis or for actual costs of public transportation, for more than one such trip for each week the General Assembly is actually in session. Each member shall also receive an allowance of $36 per day for lodging and meals while in attendance at sessions of the General Assembly before January 9, 1985; beginning January 9, 1985, such food and lodging allowance shall be equal to the amount per day permitted to be deducted for such expenses under the Internal Revenue Code; however, beginning May 31, 1995, no allowance for food and lodging while in attendance at sessions is authorized for periods of time after the last day in May of each calendar year, except (i) if the General Assembly is convened in special session by either the Governor or the presiding officers of both houses, as provided by subsection (b) of Section 5 of Article IV of the Illinois Constitution or (ii) if the General Assembly is convened to consider bills vetoed, item vetoed, reduced, or returned with specific recommendations for change by the Governor as provided in Section 9 of Article IV of the Illinois Constitution. Notwithstanding any other provision, for fiscal year 2011 only (i) the allowance for lodging and meals is $111 per day and (ii) mileage for automobile travel shall be reimbursed at a rate of $0.39 per mile.

If a member dies having received only a portion of the amount payable as compensation, the unpaid balance shall be paid to the surviving spouse of such member, or, if there be none, to the estate of such member. (Source: P.A. 89-405, eff. 11-8-95.)

Sec. 13.2. Transfers among line item appropriations.
(a) Transfers among line item appropriations from the same treasury fund for the objects specified in this Section may be made in the manner provided in this Section when the balance remaining in one or more such line item appropriations is insufficient for the purpose for which the appropriation was made.

During State fiscal year 2005, an agency may transfer amounts among its appropriations within the same treasury fund for personal services, employee retirement contributions paid by employer, and State Contributions to retirement systems; notwithstanding and in addition to the transfers authorized in subsection (c) of this Section, the fiscal year 2005 transfers authorized in this sentence may be made in an amount not to exceed 2% of the aggregate amount appropriated to an agency within the same treasury fund. (a-3) Further, if an agency receives a separate appropriation for employee retirement contributions paid by the employer, any transfer by that agency into an appropriation for personal services must be accompanied by a corresponding transfer into the appropriation for employee retirement contributions paid by the employer, in an amount sufficient to meet the employer share of the employee contributions required to be remitted to the retirement system.
(b) In addition to the general transfer authority provided under subsection (c), the following agencies have the specific transfer authority granted in this subsection:

The Department of Healthcare and Family Services is authorized to make transfers representing savings attributable to not increasing grants due to the births of additional children from line items for payments of cash grants to line items for payments for employment and social services for the purposes outlined in subsection (f) of Section 4-2 of the Illinois Public Aid Code.

The State Board of Education is authorized to make transfers from line item appropriations within the same treasury fund for General State Aid and General State Aid - Hold Harmless, provided that no such transfer may be made unless the amount transferred is no longer required for the purpose for which that appropriation was made, to the line item appropriation for Transitional Assistance when the balance remaining in such line item appropriation is insufficient for the purpose for which the appropriation was made.

(c-1) Special provisions for State fiscal year 2003. Notwithstanding any other provision of this Section to the contrary, for State fiscal year 2003 only, transfers among line item appropriations to an agency from the same treasury fund may be made provided that the sum of such transfers for an agency in State fiscal year 2003 shall not exceed 3% of the

(3) As soon as possible after the end of each fiscal year, the Director shall order transferred and the State Treasurer and State Comptroller shall transfer from the Income Tax Refund Fund to the Personal Property Tax Replacement Fund an amount, certified by the Director to the Comptroller, equal to the excess of the amount collected pursuant to subsections (c) and (d) of Section 201 of this Act deposited into the Income Tax Refund Fund during the fiscal year over the amount of refunds resulting from overpayment of tax liability under subsections (c) and (d) of Section 201 of this Act paid from the Income Tax Refund Fund during the fiscal year.

(4) As soon as possible after the end of each fiscal year, the Director shall order transferred and the State Treasurer and State Comptroller shall transfer from the Personal Property Tax Replacement Fund to the Income Tax Refund Fund an amount, certified by the Director to the Comptroller, equal to the excess of the amount of refunds resulting from overpayment of tax liability under subsections (c) and (d) of Section 201 of this Act paid from the Income Tax Refund Fund during the fiscal year over the amount collected pursuant to subsections (c) and (d) of Section 201 of this Act deposited into the Income Tax Refund Fund during the fiscal year.

(4.5) As soon as possible after the end of fiscal year 1999 and of each fiscal year thereafter, the Director shall order transferred and the State Treasurer and State Comptroller shall transfer from the Income Tax Refund Fund to the General Revenue Fund any surplus remaining in the Income Tax Refund Fund as of

the end of such fiscal year; excluding for fiscal years 2000, 2001, and 2002 amounts attributable to transfers under item (3) of subsection (c) less refunds resulting from the earned income tax credit.

(5) This Act shall constitute an irrevocable and continuing appropriation from the Income Tax Refund Fund for the purpose of paying refunds upon the order of the Director in accordance with the provisions of this Section.

Beginning July 1, 1991, and continuing through January 31, 1993, of the amounts collected pursuant to subsections (a) and (b) of Section 201 of the Illinois Income Tax Act, minus deposits into the Income Tax Refund Fund, the Department shall deposit 3.0% into the Income Tax Surcharge Local Government Distributive Fund in the State Treasury. Sec. 8. Except as provided in Section 8a, subdivision (h)(1) of Section 12a, Section 13a.6, and items 13, 14, 15, and 16 of Section 15, all money received by the Department under this Act, including payments made to the Department by member jurisdictions participating in the International Fuel Tax Agreement, shall be deposited in a special fund in

the State treasury, to be known as the "Motor Fuel Tax Fund", and shall be used as follows:

(a) 2 1/2 cents per gallon of the tax collected on special fuel under paragraph (b) of Section 2 and Section 13a of this Act shall be transferred to the State Construction Account Fund in the State Treasury;

(b) $420,000 shall be transferred each month to the State Boating Act Fund to be used by the Department of Natural Resources for the purposes specified in Article X of the Boat Registration and Safety Act;

(c) $3,500,000 shall be transferred each month to the Grade Crossing Protection Fund to be used as follows: not less than $12,000,000 each fiscal year shall be used for the construction or reconstruction of rail highway grade separation structures; $2,250,000 in fiscal years 2004 through 2009 and $3,000,000 in fiscal year 2010 and each fiscal year thereafter shall be transferred to the Transportation Regulatory Fund and shall be accounted for as part of the rail carrier portion of such funds and shall be used to pay the cost of administration of the Illinois Commerce Commission's railroad safety program in connection with its duties under subsection (3) of Section 18c-7401 of the Illinois Vehicle Code, with the remainder to be used by the Department of Transportation upon order of the Illinois Commerce Commission, to pay that part of the cost apportioned by such Commission to the State to cover the interest of the public in the use of highways, roads, streets, or pedestrian walkways in the county highway system, township and district road system, or municipal street system as defined in the Illinois Highway Code, as the same may from time to time be amended, for separation of grades, for installation, construction or reconstruction of crossing protection or reconstruction, alteration, relocation including construction or improvement of any existing highway necessary for access to property or improvement of any grade crossing and grade crossing surface including the necessary highway approaches thereto of any railroad across the highway or public road, or for the installation, construction, reconstruction, or maintenance of a pedestrian walkway over or under a railroad right-of-way, as provided for in and in accordance with Section 18c-7401 of the Illinois Vehicle Code. The Commission may order up to $2,000,000 per year in Grade Crossing Protection Fund moneys for the improvement of grade crossing surfaces and up to $300,000 per year for the maintenance and renewal of 4-quadrant gate vehicle detection systems located at non-high speed rail grade crossings. The Commission shall not order more than $2,000,000 per year in Grade Crossing Protection Fund moneys for pedestrian

walkways. In entering orders for projects for which payments from the Grade Crossing Protection Fund will be made, the Commission shall account for expenditures authorized by the orders on a cash rather than an accrual basis. For purposes of this requirement an "accrual basis" assumes that the total cost of the project is expended in the fiscal year in which the order is entered, while a "cash basis" allocates the cost of the project among fiscal years as expenditures are actually made. To meet the requirements of this subsection, the Illinois Commerce Commission shall develop annual and 5-year project plans of rail crossing capital improvements that will be paid for with moneys from the Grade Crossing Protection Fund. The annual project plan shall identify projects for the succeeding fiscal year and the 5-year project plan shall identify projects for the 5 directly succeeding fiscal years. The Commission shall submit the annual and 5-year project plans for this Fund to the Governor, the President of the Senate, the Senate Minority Leader, the Speaker of the House of Representatives, and the Minority Leader of the House of Representatives on the first Wednesday in April of each year;

(d) of the amount remaining after allocations provided for in subsections (a), (b) and (c), a sufficient amount shall be reserved to pay all of the following:

(1) the costs of the Department of Revenue in administering this Act;
(2) the costs of the Department of Transportation in performing its duties imposed by the Illinois Highway Code for supervising the use of motor fuel tax funds apportioned to municipalities, counties and road districts;
(3) refunds provided for in Section 13 of this Act and under the terms of the International Fuel Tax Agreement referenced in Section 14a;
(4) from October 1, 1985 until June 30, 1994, the administration of the Vehicle Emissions Inspection Law, which amount shall be certified monthly by the Environmental Protection Agency to the State Comptroller and shall promptly be transferred by the State Comptroller and Treasurer from the Motor Fuel Tax Fund to the Vehicle Inspection Fund, and for the period July 1, 1994 through June 30, 2000, one-twelfth of $25,000,000 each month, for the period July 1, 2000 through June 30, 2003, one-twelfth of $30,000,000 each month, and $15,000,000 on July 1, 2003, and $15,000,000 on January 1, 2004, and $15,000,000 on
each July 1 and October 1, or as soon thereafter as may be practical, during the period July 1, 2004 through June 30, 2010, for the administration of the Vehicle Emissions Inspection Law of 2005, to be transferred by the State Comptroller and Treasurer from the Motor Fuel Tax Fund into the Vehicle Inspection Fund;

(5) amounts ordered paid by the Court of Claims; and
(6) payment of motor fuel use taxes due to member jurisdictions under the terms of the International Fuel Tax Agreement. The Department shall certify these amounts to the Comptroller by the 15th day of each month; the Comptroller shall cause orders to be drawn for such amounts, and the Treasurer shall administer those amounts on or before the last day of each month;
(e) after allocations for the purposes set forth in subsections (a), (b), (c) and (d), the remaining amount shall be apportioned as follows:

(1) Until January 1, 2000, 58.4%, and beginning January 1, 2000, 45.6% shall be deposited as follows:

(A) 37% into the State Construction Account Fund, and
(B) 63% into the Road Fund, $1,250,000 of which shall be reserved each month for the Department of Transportation to be used in accordance with the provisions of Sections 6-901 through 6-906 of the Illinois Highway Code;
(2) Until January 1, 2000, 41.6%, and beginning January 1, 2000, 54.4% shall be transferred to the Department of Transportation to be distributed as follows:

(A) 49.10% to the municipalities of the State,
(B) 16.74% to the counties of the State having 1,000,000 or more inhabitants,
(C) 18.27% to the counties of the State having less than 1,000,000 inhabitants,
(D) 15.89% to the road districts of the State.

As soon as may be after the first day of each month the Department of Transportation shall allot to each municipality its share of the amount apportioned to the several municipalities which shall be in proportion to the population of such municipalities as determined by the last preceding municipal census if conducted by the Federal Government or Federal census. If territory is annexed to any municipality subsequent to the time

New matter indicate by italics - deletions by strikeout
of the last preceding census the corporate authorities of such municipality may cause a census to be taken of such annexed territory and the population so ascertained for such territory shall be added to the population of the municipality as determined by the last preceding census for the purpose of determining the allotment for that municipality. If the population of any municipality was not determined by the last Federal census preceding any apportionment, the apportionment to such municipality shall be in accordance with any census taken by such municipality. Any municipal census used in accordance with this Section shall be certified to the Department of Transportation by the clerk of such municipality, and the accuracy thereof shall be subject to approval of the Department which may make such corrections as it ascertains to be necessary.

As soon as may be after the first day of each month the Department of Transportation shall allot to each county its share of the amount apportioned to the several counties of the State as herein provided. Each allotment to the several counties having less than 1,000,000 inhabitants shall be in proportion to the amount of motor vehicle license fees received from the residents of such counties, respectively, during the preceding calendar year. The Secretary of State shall, on or before April 15 of each year, transmit to the Department of Transportation a full and complete report showing the amount of motor vehicle license fees received from the residents of each county, respectively, during the preceding calendar year. The Department of Transportation shall, each month, use for allotment purposes the last such report received from the Secretary of State.

As soon as may be after the first day of each month, the Department of Transportation shall allot to the several counties their share of the amount apportioned for the use of road districts. The allotment shall be apportioned among the several counties in the State in the proportion which the total mileage of township or district roads in the respective counties bears to the total mileage of all township and district roads in the State. Funds allotted to the respective counties for the use of road districts therein shall be allocated to the several road districts in the county in the proportion which the total mileage of such township or district roads in the respective road districts bears to the total mileage of all such township or district roads in the county. After July 1 of any year, no allocation shall be made for any road district unless it levied a tax for road and bridge purposes in an amount which will require the extension of such tax against the taxable property in any such road district at a rate of not less than

New matter indicate by italics - deletions by strikeout
either .08% of the value thereof, based upon the assessment for the year immediately prior to the year in which such tax was levied and as equalized by the Department of Revenue or, in DuPage County, an amount equal to or greater than $12,000 per mile of road under the jurisdiction of the road district, whichever is less. If any road district has levied a special tax for road purposes pursuant to Sections 6-601, 6-602 and 6-603 of the Illinois Highway Code, and such tax was levied in an amount which would require extension at a rate of not less than .08% of the value of the taxable property thereof, as equalized or assessed by the Department of Revenue, or, in DuPage County, an amount equal to or greater than $12,000 per mile of road under the jurisdiction of the road district, whichever is less, such levy shall, however, be deemed a proper compliance with this Section and shall qualify such road district for an allotment under this Section. If a township has transferred to the road and bridge fund money which, when added to the amount of any tax levy of the road district would be the equivalent of a tax levy requiring extension at a rate of at least .08%, or, in DuPage County, an amount equal to or greater than $12,000 per mile of road under the jurisdiction of the road district, whichever is less, such transfer, together with any such tax levy, shall be deemed a proper compliance with this Section and shall qualify the road district for an allotment under this Section.

In counties in which a property tax extension limitation is imposed under the Property Tax Extension Limitation Law, road districts may retain their entitlement to a motor fuel tax allotment if, at the time the property tax extension limitation was imposed, the road district was levying a road and bridge tax at a rate sufficient to entitle it to a motor fuel tax allotment and continues to levy the maximum allowable amount after the imposition of the property tax extension limitation. Any road district may in all circumstances retain its entitlement to a motor fuel tax allotment if it levied a road and bridge tax in an amount that will require the extension of the tax against the taxable property in the road district at a rate of not less than 0.08% of the assessed value of the property, based upon the assessment for the year immediately preceding the year in which the tax was levied and as equalized by the Department of Revenue or, in DuPage County, an amount equal to or greater than $12,000 per mile of road under the jurisdiction of the road district, whichever is less.

As used in this Section the term "road district" means any road district, including a county unit road district, provided for by the Illinois Highway Code; and the term "township or district road" means any road in
the township and district road system as defined in the Illinois Highway Code. For the purposes of this Section, "road district" also includes park districts, forest preserve districts and conservation districts organized under Illinois law and "township or district road" also includes such roads as are maintained by park districts, forest preserve districts and conservation districts. The Department of Transportation shall determine the mileage of all township and district roads for the purposes of making allotments and allocations of motor fuel tax funds for use in road districts.

Payment of motor fuel tax moneys to municipalities and counties shall be made as soon as possible after the allotment is made. The treasurer of the municipality or county may invest these funds until their use is required and the interest earned by these investments shall be limited to the same uses as the principal funds.

Section 5-47. The School Code is amended by changing Section 18-8.05 as follows:

(105 ILCS 5/18-8.05)

Sec. 18-8.05. Basis for apportionment of general State financial aid and supplemental general State aid to the common schools for the 1998-1999 and subsequent school years.

(A) General Provisions.

(1) The provisions of this Section apply to the 1998-1999 and subsequent school years. The system of general State financial aid provided for in this Section is designed to assure that, through a combination of State financial aid and required local resources, the financial support provided each pupil in Average Daily Attendance equals or exceeds a prescribed per pupil Foundation Level. This formula approach imputes a level of per pupil Available Local Resources and provides for the basis to calculate a per pupil level of general State financial aid that, when added to Available Local Resources, equals or exceeds the Foundation Level. The amount of per pupil general State financial aid for school districts, in general, varies in inverse relation to Available Local Resources. Per pupil amounts are based upon each school district's Average Daily Attendance as that term is defined in this Section.

(2) In addition to general State financial aid, school districts with specified levels or concentrations of pupils from low income households are eligible to receive supplemental general State financial aid grants as provided pursuant to subsection (H). The supplemental State aid grants
provided for school districts under subsection (H) shall be appropriated for
distribution to school districts as part of the same line item in which the
general State financial aid of school districts is appropriated under this
Section.

(3) To receive financial assistance under this Section, school
districts are required to file claims with the State Board of Education,
subject to the following requirements:

(a) Any school district which fails for any given school year
to maintain school as required by law, or to maintain a recognized
school is not eligible to file for such school year any claim upon
the Common School Fund. In case of nonrecognition of one or
more attendance centers in a school district otherwise operating
recognized schools, the claim of the district shall be reduced in the
proportion which the Average Daily Attendance in the attendance
center or centers bear to the Average Daily Attendance in the
school district. A "recognized school" means any public school
which meets the standards as established for recognition by the
State Board of Education. A school district or attendance center not
having recognition status at the end of a school term is entitled to
receive State aid payments due upon a legal claim which was filed
while it was recognized.

(b) School district claims filed under this Section are
subject to Sections 18-9 and 18-12, except as otherwise provided in
this Section.

(c) If a school district operates a full year school under
Section 10-19.1, the general State aid to the school district shall be
determined by the State Board of Education in accordance with this
Section as near as may be applicable.

(d) (Blank).

(4) Except as provided in subsections (H) and (L), the board of any
district receiving any of the grants provided for in this Section may apply
those funds to any fund so received for which that board is authorized to
make expenditures by law. School districts are not required to exert a
minimum Operating Tax Rate in order to qualify for assistance under this
Section.

(5) As used in this Section the following terms, when capitalized,
shall have the meaning ascribed herein:

New matter indicate by italics - deletions by strikeout
(a) "Average Daily Attendance": A count of pupil attendance in school, averaged as provided for in subsection (C) and utilized in deriving per pupil financial support levels.

(b) "Available Local Resources": A computation of local financial support, calculated on the basis of Average Daily Attendance and derived as provided pursuant to subsection (D).

(c) "Corporate Personal Property Replacement Taxes": Funds paid to local school districts pursuant to "An Act in relation to the abolition of ad valorem personal property tax and the replacement of revenues lost thereby, and amending and repealing certain Acts and parts of Acts in connection therewith", certified August 14, 1979, as amended (Public Act 81-1st S.S.-1).

(d) "Foundation Level": A prescribed level of per pupil financial support as provided for in subsection (B).

(e) "Operating Tax Rate": All school district property taxes extended for all purposes, except Bond and Interest, Summer School, Rent, Capital Improvement, and Vocational Education Building purposes.

(B) Foundation Level.

(1) The Foundation Level is a figure established by the State representing the minimum level of per pupil financial support that should be available to provide for the basic education of each pupil in Average Daily Attendance. As set forth in this Section, each school district is assumed to exert a sufficient local taxing effort such that, in combination with the aggregate of general State financial aid provided the district, an aggregate of State and local resources are available to meet the basic education needs of pupils in the district.

(2) For the 1998-1999 school year, the Foundation Level of support is $4,225. For the 1999-2000 school year, the Foundation Level of support is $4,325. For the 2000-2001 school year, the Foundation Level of support is $4,425. For the 2001-2002 school year and 2002-2003 school year, the Foundation Level of support is $4,560. For the 2003-2004 school year, the Foundation Level of support is $4,810. For the 2004-2005 school year, the Foundation Level of support is $4,964. For the 2005-2006 school year, the Foundation Level of support is $5,164. For the 2006-2007 school year, the Foundation Level of support is $5,334. For the 2007-2008 school year, the Foundation Level of support is $5,734. For the 2008-2009 school year, the Foundation Level of support is $5,959.

New matter indicate by italics - deletions by strikeout
(3) For the 2009-2010 school year and each school year thereafter, the Foundation Level of support is $6,119 or such greater amount as may be established by law by the General Assembly.

(C) Average Daily Attendance.

(1) For purposes of calculating general State aid pursuant to subsection (E), an Average Daily Attendance figure shall be utilized. The Average Daily Attendance figure for formula calculation purposes shall be the monthly average of the actual number of pupils in attendance of each school district, as further averaged for the best 3 months of pupil attendance for each school district. In compiling the figures for the number of pupils in attendance, school districts and the State Board of Education shall, for purposes of general State aid funding, conform attendance figures to the requirements of subsection (F).

(2) The Average Daily Attendance figures utilized in subsection (E) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated or the average of the attendance data for the 3 preceding school years, whichever is greater. The Average Daily Attendance figures utilized in subsection (H) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated.

(D) Available Local Resources.

(1) For purposes of calculating general State aid pursuant to subsection (E), a representation of Available Local Resources per pupil, as that term is defined and determined in this subsection, shall be utilized. Available Local Resources per pupil shall include a calculated dollar amount representing local school district revenues from local property taxes and from Corporate Personal Property Replacement Taxes, expressed on the basis of pupils in Average Daily Attendance. Calculation of Available Local Resources shall exclude any tax amnesty funds received as a result of Public Act 93-26.

(2) In determining a school district's revenue from local property taxes, the State Board of Education shall utilize the equalized assessed valuation of all taxable property of each school district as of September 30 of the previous year. The equalized assessed valuation utilized shall be obtained and determined as provided in subsection (G).

(3) For school districts maintaining grades kindergarten through 12, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by

New matter indicate by italics - deletions by strikeout
3.00%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades kindergarten through 8, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 2.30%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades 9 through 12, local property tax revenues per pupil shall be the applicable equalized assessed valuation of the district multiplied by 1.05%, and divided by the district's Average Daily Attendance figure.

For partial elementary unit districts created pursuant to Article 11E of this Code, local property tax revenues per pupil shall be calculated as the product of the equalized assessed valuation for property within the partial elementary unit district for elementary purposes, as defined in Article 11E of this Code, multiplied by 2.06% and divided by the district's Average Daily Attendance figure, plus the product of the equalized assessed valuation for property within the partial elementary unit district for high school purposes, as defined in Article 11E of this Code, multiplied by 0.94% and divided by the district's Average Daily Attendance figure.

(4) The Corporate Personal Property Replacement Taxes paid to each school district during the calendar year one year before the calendar year in which a school year begins, divided by the Average Daily Attendance figure for that district, shall be added to the local property tax revenues per pupil as derived by the application of the immediately preceding paragraph (3). The sum of these per pupil figures for each school district shall constitute Available Local Resources as that term is utilized in subsection (E) in the calculation of general State aid.

(E) Computation of General State Aid.

(1) For each school year, the amount of general State aid allotted to a school district shall be computed by the State Board of Education as provided in this subsection.

(2) For any school district for which Available Local Resources per pupil is less than the product of 0.93 times the Foundation Level, general State aid for that district shall be calculated as an amount equal to the Foundation Level minus Available Local Resources, multiplied by the Average Daily Attendance of the school district.

(3) For any school district for which Available Local Resources per pupil is equal to or greater than the product of 0.93 times the Foundation Level and less than the product of 1.75 times the Foundation Level, the
general State aid per pupil shall be a decimal proportion of the Foundation Level derived using a linear algorithm. Under this linear algorithm, the calculated general State aid per pupil shall decline in direct linear fashion from 0.07 times the Foundation Level for a school district with Available Local Resources equal to the product of 0.93 times the Foundation Level, to 0.05 times the Foundation Level for a school district with Available Local Resources equal to the product of 1.75 times the Foundation Level. The allocation of general State aid for school districts subject to this paragraph 3 shall be the calculated general State aid per pupil figure multiplied by the Average Daily Attendance of the school district.

(4) For any school district for which Available Local Resources per pupil equals or exceeds the product of 1.75 times the Foundation Level, the general State aid for the school district shall be calculated as the product of $218 multiplied by the Average Daily Attendance of the school district.

(5) The amount of general State aid allocated to a school district for the 1999-2000 school year meeting the requirements set forth in paragraph (4) of subsection (G) shall be increased by an amount equal to the general State aid that would have been received by the district for the 1998-1999 school year by utilizing the Extension Limitation Equalized Assessed Valuation as calculated in paragraph (4) of subsection (G) less the general State aid allotted for the 1998-1999 school year. This amount shall be deemed a one time increase, and shall not affect any future general State aid allocations.

(F) Compilation of Average Daily Attendance.

(1) Each school district shall, by July 1 of each year, submit to the State Board of Education, on forms prescribed by the State Board of Education, attendance figures for the school year that began in the preceding calendar year. The attendance information so transmitted shall identify the average daily attendance figures for each month of the school year. Beginning with the general State aid claim form for the 2002-2003 school year, districts shall calculate Average Daily Attendance as provided in subdivisions (a), (b), and (c) of this paragraph (1).

(a) In districts that do not hold year-round classes, days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

(b) In districts in which all buildings hold year-round classes, days of attendance in July and August shall be added to the
Public Act 96-0959

The average daily attendance for the year-round buildings shall be computed as provided in subdivision (b) of this paragraph (1). To calculate the Average Daily Attendance for the district, the average daily attendance for the year-round buildings shall be multiplied by the days in session for the non-year-round buildings for each month and added to the monthly attendance of the non-year-round buildings.

Except as otherwise provided in this Section, days of attendance by pupils shall be counted only for sessions of not less than 5 clock hours of school work per day under direct supervision of: (i) teachers, or (ii) non-teaching personnel or volunteer personnel when engaging in non-teaching duties and supervising in those instances specified in subsection (a) of Section 10-22.34 and paragraph 10 of Section 34-18, with pupils of legal school age and in kindergarten and grades 1 through 12.

Days of attendance by tuition pupils shall be accredited only to the districts that pay the tuition to a recognized school.

(2) Days of attendance by pupils of less than 5 clock hours of school shall be subject to the following provisions in the compilation of Average Daily Attendance.

(a) Pupils regularly enrolled in a public school for only a part of the school day may be counted on the basis of 1/6 day for every class hour of instruction of 40 minutes or more attended pursuant to such enrollment, unless a pupil is enrolled in a block-schedule format of 80 minutes or more of instruction, in which case the pupil may be counted on the basis of the proportion of minutes of school work completed each day to the minimum number of minutes that school work is required to be held that day.

(b) Days of attendance may be less than 5 clock hours on the opening and closing of the school term, and upon the first day of pupil attendance, if preceded by a day or days utilized as an institute or teachers' workshop.

(c) A session of 4 or more clock hours may be counted as a day of attendance upon certification by the regional superintendent,
and approved by the State Superintendent of Education to the extent that the district has been forced to use daily multiple sessions.

(d) A session of 3 or more clock hours may be counted as a day of attendance (1) when the remainder of the school day or at least 2 hours in the evening of that day is utilized for an in-service training program for teachers, up to a maximum of 5 days per school year, provided a district conducts an in-service training program for teachers in accordance with Section 10-22.39 of this Code; or, in lieu of 4 such days, 2 full days may be used, in which event each such day may be counted as a day required for a legal school calendar pursuant to Section 10-19 of this Code; (1.5) when, of the 5 days allowed under item (1), a maximum of 4 days are used for parent-teacher conferences, or, in lieu of 4 such days, 2 full days are used, in which case each such day may be counted as a calendar day required under Section 10-19 of this Code, provided that the full-day, parent-teacher conference consists of (i) a minimum of 5 clock hours of parent-teacher conferences, (ii) both a minimum of 2 clock hours of parent-teacher conferences held in the evening following a full day of student attendance, as specified in subsection (F)(1)(c), and a minimum of 3 clock hours of parent-teacher conferences held on the day immediately following evening parent-teacher conferences, or (iii) multiple parent-teacher conferences held in the evenings following full days of student attendance, as specified in subsection (F)(1)(c), in which the time used for the parent-teacher conferences is equivalent to a minimum of 5 clock hours; and (2) when days in addition to those provided in items (1) and (1.5) are scheduled by a school pursuant to its school improvement plan adopted under Article 34 or its revised or amended school improvement plan adopted under Article 2, provided that (i) such sessions of 3 or more clock hours are scheduled to occur at regular intervals, (ii) the remainder of the school days in which such sessions occur are utilized for in-service training programs or other staff development activities for teachers, and (iii) a sufficient number of minutes of school work under the direct supervision of teachers are added to the school days between such regularly scheduled sessions to accumulate not less than the number of minutes by which such sessions of 3 or more clock hours fall short of 5 clock hours. Any full days used for the
purposes of this paragraph shall not be considered for computing average daily attendance. Days scheduled for in-service training programs, staff development activities, or parent-teacher conferences may be scheduled separately for different grade levels and different attendance centers of the district.

(e) A session of not less than one clock hour of teaching hospitalized or homebound pupils on-site or by telephone to the classroom may be counted as 1/2 day of attendance, however these pupils must receive 4 or more clock hours of instruction to be counted for a full day of attendance.

(f) A session of at least 4 clock hours may be counted as a day of attendance for first grade pupils, and pupils in full day kindergartens, and a session of 2 or more hours may be counted as 1/2 day of attendance by pupils in kindergartens which provide only 1/2 day of attendance.

(g) For children with disabilities who are below the age of 6 years and who cannot attend 2 or more clock hours because of their disability or immaturity, a session of not less than one clock hour may be counted as 1/2 day of attendance; however for such children whose educational needs so require a session of 4 or more clock hours may be counted as a full day of attendance.

(h) A recognized kindergarten which provides for only 1/2 day of attendance by each pupil shall not have more than 1/2 day of attendance counted in any one day. However, kindergartens may count 2 1/2 days of attendance in any 5 consecutive school days. When a pupil attends such a kindergarten for 2 half days on any one school day, the pupil shall have the following day as a day absent from school, unless the school district obtains permission in writing from the State Superintendent of Education. Attendance at kindergartens which provide for a full day of attendance by each pupil shall be counted the same as attendance by first grade pupils. Only the first year of attendance in one kindergarten shall be counted, except in case of children who entered the kindergarten in their fifth year whose educational development requires a second year of kindergarten as determined under the rules and regulations of the State Board of Education.

(i) On the days when the Prairie State Achievement Examination is administered under subsection (c) of Section 2-3.64 of this Code, the day of attendance for a pupil whose school day
must be shortened to accommodate required testing procedures may be less than 5 clock hours and shall be counted towards the 176 days of actual pupil attendance required under Section 10-19 of this Code, provided that a sufficient number of minutes of school work in excess of 5 clock hours are first completed on other school days to compensate for the loss of school work on the examination days.

(G) Equalized Assessed Valuation Data.

(1) For purposes of the calculation of Available Local Resources required pursuant to subsection (D), the State Board of Education shall secure from the Department of Revenue the value as equalized or assessed by the Department of Revenue of all taxable property of every school district, together with (i) the applicable tax rate used in extending taxes for the funds of the district as of September 30 of the previous year and (ii) the limiting rate for all school districts subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law.

The Department of Revenue shall add to the equalized assessed value of all taxable property of each school district situated entirely or partially within a county that is or was subject to the provisions of Section 15-176 or 15-177 of the Property Tax Code (a) an amount equal to the total amount by which the homestead exemption allowed under Section 15-176 or 15-177 of the Property Tax Code for real property situated in that school district exceeds the total amount that would have been allowed in that school district if the maximum reduction under Section 15-176 was (i) $4,500 in Cook County or $3,500 in all other counties in tax year 2003 or (ii) $5,000 in all counties in tax year 2004 and thereafter and (b) an amount equal to the aggregate amount for the taxable year of all additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of $30,000 or less. The county clerk of any county that is or was subject to the provisions of Section 15-176 or 15-177 of the Property Tax Code shall annually calculate and certify to the Department of Revenue for each school district all homestead exemption amounts under Section 15-176 or 15-177 of the Property Tax Code and all amounts of additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of $30,000 or less. It is the intent of this paragraph that if the general homestead exemption for a parcel of property is determined under Section 15-176 or 15-177 of the Property Tax Code rather than Section 15-175, then the calculation of Available Local Resources shall not be affected by the difference, if any,
between the amount of the general homestead exemption allowed for that parcel of property under Section 15-176 or 15-177 of the Property Tax Code and the amount that would have been allowed had the general homestead exemption for that parcel of property been determined under Section 15-175 of the Property Tax Code. It is further the intent of this paragraph that if additional exemptions are allowed under Section 15-175 of the Property Tax Code for owners with a household income of less than $30,000, then the calculation of Available Local Resources shall not be affected by the difference, if any, because of those additional exemptions.

This equalized assessed valuation, as adjusted further by the requirements of this subsection, shall be utilized in the calculation of Available Local Resources.

(2) The equalized assessed valuation in paragraph (1) shall be adjusted, as applicable, in the following manner:

(a) For the purposes of calculating State aid under this Section, with respect to any part of a school district within a redevelopment project area in respect to which a municipality has adopted tax increment allocation financing pursuant to the Tax Increment Allocation Redevelopment Act, Sections 11-74.4-1 through 11-74.4-11 of the Illinois Municipal Code or the Industrial Jobs Recovery Law, Sections 11-74.6-1 through 11-74.6-50 of the Illinois Municipal Code, no part of the current equalized assessed valuation of real property located in any such project area which is attributable to an increase above the total initial equalized assessed valuation of such property shall be used as part of the equalized assessed valuation of the district, until such time as all redevelopment project costs have been paid, as provided in Section 11-74.4-8 of the Tax Increment Allocation Redevelopment Act or in Section 11-74.6-35 of the Industrial Jobs Recovery Law. For the purpose of the equalized assessed valuation of the district, the total initial equalized assessed valuation or the current equalized assessed valuation, whichever is lower, shall be used until such time as all redevelopment project costs have been paid.

(b) The real property equalized assessed valuation for a school district shall be adjusted by subtracting from the real property value as equalized or assessed by the Department of Revenue for the district an amount computed by dividing the amount of any abatement of taxes under Section 18-170 of the Property Tax Code by 3.00% for a district maintaining grades
kindergarten through 12, by 2.30% for a district maintaining grades
kindergarten through 8, or by 1.05% for a district maintaining
grades 9 through 12 and adjusted by an amount computed by
dividing the amount of any abatement of taxes under subsection (a)
of Section 18-165 of the Property Tax Code by the same
percentage rates for district type as specified in this subparagraph
(b).

(3) For the 1999-2000 school year and each school year thereafter,
if a school district meets all of the criteria of this subsection (G)(3), the
school district's Available Local Resources shall be calculated under
subsection (D) using the district's Extension Limitation Equalized
Assessed Valuation as calculated under this subsection (G)(3).

For purposes of this subsection (G)(3) the following terms shall
have the following meanings:

"Budget Year": The school year for which general State aid
is calculated and awarded under subsection (E).

"Base Tax Year": The property tax levy year used to
calculate the Budget Year allocation of general State aid.

"Preceding Tax Year": The property tax levy year
immediately preceding the Base Tax Year.

"Base Tax Year's Tax Extension": The product of the
equalized assessed valuation utilized by the County Clerk in the
Base Tax Year multiplied by the limiting rate as calculated by the
County Clerk and defined in the Property Tax Extension
Limitation Law.

"Preceding Tax Year's Tax Extension": The product of the
equalized assessed valuation utilized by the County Clerk in the
Preceding Tax Year multiplied by the Operating Tax Rate as
defined in subsection (A).

"Extension Limitation Ratio": A numerical ratio, certified
by the County Clerk, in which the numerator is the Base Tax Year's
Tax Extension and the denominator is the Preceding Tax Year's
Tax Extension.

"Operating Tax Rate": The operating tax rate as defined in
subsection (A).

If a school district is subject to property tax extension limitations
as imposed under the Property Tax Extension Limitation Law, the State
Board of Education shall calculate the Extension Limitation Equalized
Assessed Valuation of that district. For the 1999-2000 school year, the

New matter indicate by italics - deletions by strikeout
Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the district's 1996 Equalized Assessed Valuation and the district's Extension Limitation Ratio. Except as otherwise provided in this paragraph for a school district that has approved or does approve an increase in its limiting rate, for the 2000-2001 school year and each school year thereafter, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the district's Equalized Assessed Valuation last used in the calculation of general State aid and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of a school district as calculated under this subsection (G)(3) is less than the district's equalized assessed valuation as calculated pursuant to subsections (G)(1) and (G)(2), then for purposes of calculating the district's general State aid for the Budget Year pursuant to subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources under subsection (D). For the 2009-2010 school year and each school year thereafter, if a school district has approved or does approve an increase in its limiting rate, pursuant to Section 18-190 of the Property Tax Code, affecting the Base Tax Year, the Extension Limitation Equalized Assessed Valuation of the school district, as calculated by the State Board of Education, shall be equal to the product of the Equalized Assessed Valuation last used in the calculation of general State aid times an amount equal to one plus the percentage increase, if any, in the Consumer Price Index for all Urban Consumers for all items published by the United States Department of Labor for the 12-month calendar year preceding the Base Tax Year, plus the Equalized Assessed Valuation of new property, annexed property, and recovered tax increment value and minus the Equalized Assessed Valuation of disconnected property. New property and recovered tax increment value shall have the meanings set forth in the Property Tax Extension Limitation Law.

Partial elementary unit districts created in accordance with Article 11E of this Code shall not be eligible for the adjustment in this subsection (G)(3) until the fifth year following the effective date of the reorganization.

(4) For the purposes of calculating general State aid for the 1999-2000 school year only, if a school district experienced a triennial reassessment on the equalized assessed valuation used in calculating its general State financial aid apportionment for the 1998-1999 school year,
the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation that would have been used to calculate the district's 1998-1999 general State aid. This amount shall equal the product of the equalized assessed valuation used to calculate general State aid for the 1997-1998 school year and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of the school district as calculated under this paragraph (4) is less than the district's equalized assessed valuation utilized in calculating the district's 1998-1999 general State aid allocation, then for purposes of calculating the district's general State aid pursuant to paragraph (5) of subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources.

(5) For school districts having a majority of their equalized assessed valuation in any county except Cook, DuPage, Kane, Lake, McHenry, or Will, if the amount of general State aid allocated to the school district for the 1999-2000 school year under the provisions of subsection (E), (H), and (J) of this Section is less than the amount of general State aid allocated to the district for the 1998-1999 school year under these subsections, then the general State aid of the district for the 1999-2000 school year only shall be increased by the difference between these amounts. The total payments made under this paragraph (5) shall not exceed $14,000,000. Claims shall be prorated if they exceed $14,000,000.

(H) Supplemental General State Aid.

(1) In addition to the general State aid a school district is allotted pursuant to subsection (E), qualifying school districts shall receive a grant, paid in conjunction with a district's payments of general State aid, for supplemental general State aid based upon the concentration level of children from low-income households within the school district. Supplemental State aid grants provided for school districts under this subsection shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section. If the appropriation in any fiscal year for general State aid and supplemental general State aid is insufficient to pay the amounts required under the general State aid and supplemental general State aid calculations, then the State Board of Education shall ensure that each school district receives the full amount due for general State aid and the remainder of the appropriation shall be used for supplemental general State aid, which the State Board of Education shall calculate and pay to eligible districts on a prorated basis.

(1.5) This paragraph (1.5) applies only to those school years preceding the 2003-2004 school year. For purposes of this subsection (H), the term "Low-Income Concentration Level" shall be the low-income eligible pupil count from the most recently available federal census divided by the Average Daily Attendance of the school district. If, however, (i) the percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count of a high school district with fewer than 400 students exceeds by 75% or more the percentage change in the total low-income eligible pupil count of contiguous elementary school districts, whose boundaries are coterminous with the high school district, or (ii) a high school district within 2 counties and serving 5 elementary school districts, whose boundaries are coterminous with the high school district, has a percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count and there is a percentage increase in the total low-income eligible pupil count of a majority of the elementary school districts in excess of 50% from the 2 most recent federal censuses, then the high school district's low-income eligible pupil count from the earlier federal census shall be the number used as the low-income eligible pupil count for the high school district, for purposes of this subsection (H). The changes made to this paragraph (1) by Public Act 92-28 shall apply to supplemental general State aid grants for school years preceding the 2003-2004 school year that are paid in fiscal year 1999 or thereafter and to any State aid payments made in fiscal year 1994 through fiscal year 1998 pursuant to subsection 1(n) of Section 18-8 of this Code (which was repealed on July 1, 1998), and any high school district that is affected by Public Act 92-28 is entitled to a recomputation of its supplemental general State aid grant or State aid paid in any of those fiscal years. This recomputation shall not be affected by any other funding.

(1.10) This paragraph (1.10) applies to the 2003-2004 school year and each school year thereafter. For purposes of this subsection (H), the term "Low-Income Concentration Level" shall, for each fiscal year, be the low-income eligible pupil count as of July 1 of the immediately preceding fiscal year (as determined by the Department of Human Services based on the number of pupils who are eligible for at least one of the following low income programs: Medicaid, the Children's Health Insurance Program, TANF, or Food Stamps, excluding pupils who are eligible for services provided by the Department of Children and Family Services, averaged over the 2 immediately preceding fiscal years for fiscal year 2004 and over

the 3 immediately preceding fiscal years for each fiscal year thereafter) divided by the Average Daily Attendance of the school district.

(2) Supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 1998-1999, 1999-2000, and 2000-2001 school years only:

(a) For any school district with a Low Income Concentration Level of at least 20% and less than 35%, the grant for any school year shall be $800 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level of at least 35% and less than 50%, the grant for the 1998-1999 school year shall be $1,100 multiplied by the low income eligible pupil count.

(c) For any school district with a Low Income Concentration Level of at least 50% and less than 60%, the grant for the 1998-99 school year shall be $1,500 multiplied by the low income eligible pupil count.

(d) For any school district with a Low Income Concentration Level of 60% or more, the grant for the 1998-99 school year shall be $1,900 multiplied by the low income eligible pupil count.

(e) For the 1999-2000 school year, the per pupil amount specified in subparagraphs (b), (c), and (d) immediately above shall be increased to $1,243, $1,600, and $2,000, respectively.

(f) For the 2000-2001 school year, the per pupil amounts specified in subparagraphs (b), (c), and (d) immediately above shall be $1,273, $1,640, and $2,050, respectively.

(2.5) Supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 2002-2003 school year:

(a) For any school district with a Low Income Concentration Level of less than 10%, the grant for each school year shall be $355 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level of at least 10% and less than 20%, the grant for each school year shall be $675 multiplied by the low income eligible pupil count.

(c) For any school district with a Low Income Concentration Level of at least 20% and less than 35%, the grant

for each school year shall be $1,330 multiplied by the low income eligible pupil count.

(d) For any school district with a Low Income Concentration Level of at least 35% and less than 50%, the grant for each school year shall be $1,362 multiplied by the low income eligible pupil count.

(e) For any school district with a Low Income Concentration Level of at least 50% and less than 60%, the grant for each school year shall be $1,680 multiplied by the low income eligible pupil count.

(f) For any school district with a Low Income Concentration Level of 60% or more, the grant for each school year shall be $2,080 multiplied by the low income eligible pupil count.

(2.10) Except as otherwise provided, supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 2003-2004 school year and each school year thereafter:

(a) For any school district with a Low Income Concentration Level of 15% or less, the grant for each school year shall be $355 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level greater than 15%, the grant for each school year shall be $294.25 added to the product of $2,700 and the square of the Low Income Concentration Level, all multiplied by the low income eligible pupil count.

For the 2003-2004 school year and each school year thereafter through the 2008-2009 school year only, the grant shall be no less than the grant for the 2002-2003 school year. For the 2009-2010 school year only, the grant shall be no less than the grant for the 2002-2003 school year multiplied by 0.66. For the 2010-2011 school year only, the grant shall be no less than the grant for the 2002-2003 school year multiplied by 0.33.

Notwithstanding the provisions of this paragraph to the contrary, if for any school year supplemental general State aid grants are prorated as provided in paragraph (1) of this subsection (H), then the grants under this paragraph shall be prorated.

For the 2003-2004 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.25 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year. For
the 2004-2005 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.50 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year. For the 2005-2006 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.75 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year.

(3) School districts with an Average Daily Attendance of more than 1,000 and less than 50,000 that qualify for supplemental general State aid pursuant to this subsection shall submit a plan to the State Board of Education prior to October 30 of each year for the use of the funds resulting from this grant of supplemental general State aid for the improvement of instruction in which priority is given to meeting the education needs of disadvantaged children. Such plan shall be submitted in accordance with rules and regulations promulgated by the State Board of Education.

(4) School districts with an Average Daily Attendance of 50,000 or more that qualify for supplemental general State aid pursuant to this subsection shall be required to distribute from funds available pursuant to this Section, no less than $261,000,000 in accordance with the following requirements:

(a) The required amounts shall be distributed to the attendance centers within the district in proportion to the number of pupils enrolled at each attendance center who are eligible to receive free or reduced-price lunches or breakfasts under the federal Child Nutrition Act of 1966 and under the National School Lunch Act during the immediately preceding school year.

(b) The distribution of these portions of supplemental and general State aid among attendance centers according to these requirements shall not be compensated for or contravened by adjustments of the total of other funds appropriated to any attendance centers, and the Board of Education shall utilize funding from one or several sources in order to fully implement this provision annually prior to the opening of school.

(c) Each attendance center shall be provided by the school district a distribution of noncategorical funds and other categorical funds.

funds to which an attendance center is entitled under law in order that the general State aid and supplemental general State aid provided by application of this subsection supplements rather than supplants the noncategorical funds and other categorical funds provided by the school district to the attendance centers.

(d) Any funds made available under this subsection that by reason of the provisions of this subsection are not required to be allocated and provided to attendance centers may be used and appropriated by the board of the district for any lawful school purpose.

(e) Funds received by an attendance center pursuant to this subsection shall be used by the attendance center at the discretion of the principal and local school council for programs to improve educational opportunities at qualifying schools through the following programs and services: early childhood education, reduced class size or improved adult to student classroom ratio, enrichment programs, remedial assistance, attendance improvement, and other educationally beneficial expenditures which supplement the regular and basic programs as determined by the State Board of Education. Funds provided shall not be expended for any political or lobbying purposes as defined by board rule.

(f) Each district subject to the provisions of this subdivision (H)(4) shall submit an acceptable plan to meet the educational needs of disadvantaged children, in compliance with the requirements of this paragraph, to the State Board of Education prior to July 15 of each year. This plan shall be consistent with the decisions of local school councils concerning the school expenditure plans developed in accordance with part 4 of Section 34-2.3. The State Board shall approve or reject the plan within 60 days after its submission. If the plan is rejected, the district shall give written notice of intent to modify the plan within 15 days of the notification of rejection and then submit a modified plan within 30 days after the date of the written notice of intent to modify. Districts may amend approved plans pursuant to rules promulgated by the State Board of Education.

Upon notification by the State Board of Education that the district has not submitted a plan prior to July 15 or a modified plan within the time period specified herein, the State aid funds affected

by that plan or modified plan shall be withheld by the State Board of Education until a plan or modified plan is submitted.

If the district fails to distribute State aid to attendance centers in accordance with an approved plan, the plan for the following year shall allocate funds, in addition to the funds otherwise required by this subsection, to those attendance centers which were underfunded during the previous year in amounts equal to such underfunding.

For purposes of determining compliance with this subsection in relation to the requirements of attendance center funding, each district subject to the provisions of this subsection shall submit as a separate document by December 1 of each year a report of expenditure data for the prior year in addition to any modification of its current plan. If it is determined that there has been a failure to comply with the expenditure provisions of this subsection regarding contravention or supplanting, the State Superintendent of Education shall, within 60 days of receipt of the report, notify the district and any affected local school council. The district shall within 45 days of receipt of that notification inform the State Superintendent of Education of the remedial or corrective action to be taken, whether by amendment of the current plan, if feasible, or by adjustment in the plan for the following year. Failure to provide the expenditure report or the notification of remedial or corrective action in a timely manner shall result in a withholding of the affected funds.

The State Board of Education shall promulgate rules and regulations to implement the provisions of this subsection. No funds shall be released under this subdivision (H)(4) to any district that has not submitted a plan that has been approved by the State Board of Education.

(I) (Blank).

(J) Supplementary Grants in Aid.

(1) Notwithstanding any other provisions of this Section, the amount of the aggregate general State aid in combination with supplemental general State aid under this Section for which each school district is eligible shall be no less than the amount of the aggregate general State aid entitlement that was received by the district under Section 18-8 (exclusive of amounts received under subsections 5(p) and 5(p-5) of that Section) for the 1997-98 school year, pursuant to the provisions of that

Section as it was then in effect. If a school district qualifies to receive a supplementary payment made under this subsection (J), the amount of the aggregate general State aid in combination with supplemental general State aid under this Section which that district is eligible to receive for each school year shall be no less than the amount of the aggregate general State aid entitlement that was received by the district under Section 18-8 (exclusive of amounts received under subsections 5(p) and 5(p-5) of that Section) for the 1997-1998 school year, pursuant to the provisions of that Section as it was then in effect.

(2) If, as provided in paragraph (1) of this subsection (J), a school district is to receive aggregate general State aid in combination with supplemental general State aid under this Section for the 1998-99 school year and any subsequent school year that in any such school year is less than the amount of the aggregate general State aid entitlement that the district received for the 1997-98 school year, the school district shall also receive, from a separate appropriation made for purposes of this subsection (J), a supplementary payment that is equal to the amount of the difference in the aggregate State aid figures as described in paragraph (1).

(3) (Blank).

(K) Grants to Laboratory and Alternative Schools.

In calculating the amount to be paid to the governing board of a public university that operates a laboratory school under this Section or to any alternative school that is operated by a regional superintendent of schools, the State Board of Education shall require by rule such reporting requirements as it deems necessary.

As used in this Section, "laboratory school" means a public school which is created and operated by a public university and approved by the State Board of Education. The governing board of a public university which receives funds from the State Board under this subsection (K) may not increase the number of students enrolled in its laboratory school from a single district, if that district is already sending 50 or more students, except under a mutual agreement between the school board of a student's district of residence and the university which operates the laboratory school. A laboratory school may not have more than 1,000 students, excluding students with disabilities in a special education program.

As used in this Section, "alternative school" means a public school which is created and operated by a Regional Superintendent of Schools and approved by the State Board of Education. Such alternative schools may offer courses of instruction for which credit is given in regular school

programs, courses to prepare students for the high school equivalency testing program or vocational and occupational training. A regional superintendent of schools may contract with a school district or a public community college district to operate an alternative school. An alternative school serving more than one educational service region may be established by the regional superintendents of schools of the affected educational service regions. An alternative school serving more than one educational service region may be operated under such terms as the regional superintendents of schools of those educational service regions may agree.

Each laboratory and alternative school shall file, on forms provided by the State Superintendent of Education, an annual State aid claim which states the Average Daily Attendance of the school's students by month. The best 3 months' Average Daily Attendance shall be computed for each school. The general State aid entitlement shall be computed by multiplying the applicable Average Daily Attendance by the Foundation Level as determined under this Section.

(L) Payments, Additional Grants in Aid and Other Requirements.

(1) For a school district operating under the financial supervision of an Authority created under Article 34A, the general State aid otherwise payable to that district under this Section, but not the supplemental general State aid, shall be reduced by an amount equal to the budget for the operations of the Authority as certified by the Authority to the State Board of Education, and an amount equal to such reduction shall be paid to the Authority created for such district for its operating expenses in the manner provided in Section 18-11. The remainder of general State school aid for any such district shall be paid in accordance with Article 34A when that Article provides for a disposition other than that provided by this Article.

(2) (Blank).

(3) Summer school. Summer school payments shall be made as provided in Section 18-4.3.

(M) Education Funding Advisory Board.

The Education Funding Advisory Board, hereinafter in this subsection (M) referred to as the "Board", is hereby created. The Board shall consist of 5 members who are appointed by the Governor, by and with the advice and consent of the Senate. The members appointed shall include representatives of education, business, and the general public. One of the members so appointed shall be designated by the Governor at the time the appointment is made as the chairperson of the Board. The initial
members of the Board may be appointed any time after the effective date of this amendatory Act of 1997. The regular term of each member of the Board shall be for 4 years from the third Monday of January of the year in which the term of the member's appointment is to commence, except that of the 5 initial members appointed to serve on the Board, the member who is appointed as the chairperson shall serve for a term that commences on the date of his or her appointment and expires on the third Monday of January, 2002, and the remaining 4 members, by lots drawn at the first meeting of the Board that is held after all 5 members are appointed, shall determine 2 of their number to serve for terms that commence on the date of their respective appointments and expire on the third Monday of January, 2001, and 2 of their number to serve for terms that commence on the date of their respective appointments and expire on the third Monday of January, 2000. All members appointed to serve on the Board shall serve until their respective successors are appointed and confirmed. Vacancies shall be filled in the same manner as original appointments. If a vacancy in membership occurs at a time when the Senate is not in session, the Governor shall make a temporary appointment until the next meeting of the Senate, when he or she shall appoint, by and with the advice and consent of the Senate, a person to fill that membership for the unexpired term. If the Senate is not in session when the initial appointments are made, those appointments shall be made as in the case of vacancies.

The Education Funding Advisory Board shall be deemed established, and the initial members appointed by the Governor to serve as members of the Board shall take office, on the date that the Governor makes his or her appointment of the fifth initial member of the Board, whether those initial members are then serving pursuant to appointment and confirmation or pursuant to temporary appointments that are made by the Governor as in the case of vacancies.

The State Board of Education shall provide such staff assistance to the Education Funding Advisory Board as is reasonably required for the proper performance by the Board of its responsibilities.

For school years after the 2000-2001 school year, the Education Funding Advisory Board, in consultation with the State Board of Education, shall make recommendations as provided in this subsection (M) to the General Assembly for the foundation level under subdivision (B)(3) of this Section and for the supplemental general State aid grant level under subsection (H) of this Section for districts with high concentrations of children from poverty. The recommended foundation

level shall be determined based on a methodology which incorporates the basic education expenditures of low-spending schools exhibiting high academic performance. The Education Funding Advisory Board shall make such recommendations to the General Assembly on January 1 of odd numbered years, beginning January 1, 2001.

(N) (Blank).

(O) References.

(1) References in other laws to the various subdivisions of Section 18-8 as that Section existed before its repeal and replacement by this Section 18-8.05 shall be deemed to refer to the corresponding provisions of this Section 18-8.05, to the extent that those references remain applicable.

(2) References in other laws to State Chapter 1 funds shall be deemed to refer to the supplemental general State aid provided under subsection (H) of this Section.

(P) Public Act 93-838 and Public Act 93-808 make inconsistent changes to this Section. Under Section 6 of the Statute on Statutes there is an irreconcilable conflict between Public Act 93-808 and Public Act 93-838. Public Act 93-838, being the last acted upon, is controlling. The text of Public Act 93-838 is the law regardless of the text of Public Act 93-808.

The annually established payment rate shall take effect on July 1 in 1984 and subsequent years. No rate increase and no update for inflation shall be provided on or after July 1, 1994 and before July 1, 2011, unless specifically provided for in this Section. The changes made by Public Act 93-841 extending the duration of the prohibition against a rate increase or update for inflation are effective retroactive to July 1, 2004.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care Facilities for the Developmentally Disabled or Long Term Care for Under Age 22 facilities, the rates taking effect on January 1, 2006 shall include an increase of 3%. For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care Facilities for the Developmentally Disabled or Long Term Care for Under Age 22 facilities, the rates taking effect on January 1, 2009 shall include an increase sufficient to provide a $0.50 per hour wage increase for non-executive staff.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, a new payment methodology must be implemented for the nursing component of the rate effective July 1, 2003. The Department of Public Aid (now Healthcare and Family Services) shall develop the new payment methodology using the Minimum Data Set (MDS) as the instrument to collect information concerning nursing home resident condition necessary to compute the rate. The Department shall develop the new payment methodology to meet the unique needs of Illinois nursing home residents while remaining subject to the appropriations provided by the General Assembly. A transition period from the payment methodology in effect on June 30, 2003 to the payment methodology in effect on July 1, 2003 shall be provided for a period not exceeding 3 years and 184 days after implementation of the new payment methodology as follows:

(A) For a facility that would receive a lower nursing component rate per patient day under the new system than the facility received effective on the date immediately preceding the date that the Department implements the new payment methodology, the nursing component rate per patient day for the facility shall be held at the level in effect on the date immediately preceding the date that the Department implements the new payment methodology until a higher nursing component rate of reimbursement is achieved by that facility.

(B) For a facility that would receive a higher nursing component rate per patient day under the payment methodology in effect on July 1, 2003 than the facility received effective on the date immediately preceding the date that the Department implements the new payment methodology, the nursing component rate per patient day for the facility shall be adjusted.
(C) Notwithstanding paragraphs (A) and (B), the nursing component rate per patient day for the facility shall be adjusted subject to appropriations provided by the General Assembly.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on March 1, 2001 shall include a statewide increase of 7.85%, as defined by the Department.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the numerator of the ratio used by the Department of Healthcare and Family Services to compute the rate payable under this Section using the Minimum Data Set (MDS) methodology shall incorporate the following annual amounts as the additional funds appropriated to the Department specifically to pay for rates based on the MDS nursing component methodology in excess of the funding in effect on December 31, 2006:

(i) For rates taking effect January 1, 2007, $60,000,000.

(ii) For rates taking effect January 1, 2008, $110,000,000.

(iii) For rates taking effect January 1, 2009, $194,000,000.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the support component of the rates taking effect on January 1, 2008 shall be computed using the most recent cost reports on file with the Department of Healthcare and Family Services no later than April 1, 2005, updated for inflation to January 1, 2006.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on April 1, 2002 shall include a statewide increase of 2.0%, as defined by the Department. This increase terminates on July 1, 2002; beginning July 1, 2002 these rates are reduced to the level of the rates in effect on March 31, 2002, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the rates taking effect on July 1, 2001 shall be computed using the most recent cost reports on file with the Department of Public Aid no later than April 1, 2000, updated for inflation to January 1, 2001.

For rates effective July 1, 2001 only, rates shall be the greater of the rate computed for July 1, 2001 or the rate effective on June 30, 2001.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the Illinois Department shall determine by rule the rates taking effect on July 1, 2002, which shall be 5.9% less than the rates in effect on June 30, 2002.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, if the payment methodologies required under Section 5A-12 and the waiver granted under 42 CFR 433.68 are approved by the United States Centers for Medicare and Medicaid Services, the rates taking effect on July 1, 2004 shall be 3.0% greater than the rates in effect on June 30, 2004. These rates shall take effect only upon approval and implementation of the payment methodologies required under Section 5A-12.

Notwithstanding any other provisions of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the rates taking effect on January 1, 2005 shall be 3% more than the rates in effect on December 31, 2004.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as intermediate care facilities that are federally defined as Institutions for Mental Disease, a socio-development component rate equal to 6.6% of the facility's nursing component rate as of January 1, 2006 shall be established and paid effective July 1, 2006. The socio-development component of the rate shall be increased by a factor of 2.53 on the first day of the month that begins at least 45 days after January 11, 2008 (the effective date of Public Act 95-707). As of August 1, 2008, the socio-
development component rate shall be equal to 6.6% of the facility’s
nursing component rate as of January 1, 2006, multiplied by a factor of
3.53. The Illinois Department may by rule adjust these socio-development
component rates, but in no case may such rates be diminished.

For facilities licensed by the Department of Public Health under
the Nursing Home Care Act as Intermediate Care for the Developmentally
Disabled facilities or as long-term care facilities for residents under 22
years of age, the rates taking effect on July 1, 2003 shall include a
statewide increase of 4%, as defined by the Department.

For facilities licensed by the Department of Public Health under
the Nursing Home Care Act as Intermediate Care for the Developmentally
Disabled facilities or Long Term Care for Under Age 22 facilities, the
rates taking effect on the first day of the month that begins at least 45 days
after the effective date of this amendatory Act of the 95th General
Assembly shall include a statewide increase of 2.5%, as defined by the
Department.

Notwithstanding any other provision of this Section, for facilities
licensed by the Department of Public Health under the Nursing Home Care
Act as skilled nursing facilities or intermediate care facilities, effective
January 1, 2005, facility rates shall be increased by the difference between
(i) a facility's per diem property, liability, and malpractice insurance costs
as reported in the cost report filed with the Department of Public Aid and
used to establish rates effective July 1, 2001 and (ii) those same costs as
reported in the facility's 2002 cost report. These costs shall be passed
through to the facility without caps or limitations, except for adjustments
required under normal auditing procedures.

Rates established effective each July 1 shall govern payment for
services rendered throughout that fiscal year, except that rates established
on July 1, 1996 shall be increased by 6.8% for services provided on or
after January 1, 1997. Such rates will be based upon the rates calculated
for the year beginning July 1, 1990, and for subsequent years thereafter
until June 30, 2001 shall be based on the facility cost reports for the
facility fiscal year ending at any point in time during the previous calendar
year, updated to the midpoint of the rate year. The cost report shall be on
file with the Department no later than April 1 of the current rate year. Should
the cost report not be on file by April 1, the Department shall base
the rate on the latest cost report filed by each skilled care facility and
intermediate care facility, updated to the midpoint of the current rate year.
In determining rates for services rendered on and after July 1, 1985, fixed

(2) Shall take into account the actual costs incurred by facilities in providing services for recipients of skilled nursing and intermediate care services under the medical assistance program.

(3) Shall take into account the medical and psycho-social characteristics and needs of the patients.

(4) Shall take into account the actual costs incurred by facilities in meeting licensing and certification standards imposed and prescribed by the State of Illinois, any of its political subdivisions or municipalities and by the U.S. Department of Health and Human Services pursuant to Title XIX of the Social Security Act.

The Department of Healthcare and Family Services shall develop precise standards for payments to reimburse nursing facilities for any utilization of appropriate rehabilitative personnel for the provision of rehabilitative services which is authorized by federal regulations, including reimbursement for services provided by qualified therapists or qualified assistants, and which is in accordance with accepted professional practices. Reimbursement also may be made for utilization of other supportive personnel under appropriate supervision.

(a) On and after July 1, 2009, and until April 1, 2011, the nursing component of the nursing facility medical assistance rate computed under the Minimum Data Set (MDS) payment methodology shall be calculated and adjusted quarterly. The Department of Healthcare and Family Services may adopt rules necessary to implement this amendatory Act of the 96th General Assembly through the use of emergency rulemaking in accordance with Section 5-45 of the Illinois Administrative Procedure Act, except that the 24-month limitation on the adoption of emergency rules under Section 5-45 and the provisions of Sections 5-115 and 5-125 of that Act do not apply to rules adopted under this Section. (b) On April 1, 2011, the nursing component of the nursing facility medical assistance rate computed under the Minimum Data Set (MDS) payment methodology shall be frozen to allow the Department of Healthcare and Family Services to develop a rate methodology based on a federally mandated long term care data collection system. The rates in effect prior to and through the quarter ending March 31, 2011, shall continue to be subject to follow-up audits and retroactive rate adjustments pursuant to administrative rules of the Department for reviews of accuracy and resident assessment information. The reimbursement methodology for a Class I Institution for Mental Diseases shall also be frozen pending review of a federally mandated long term care data collection system.

Section 5-49. The Comprehensive Lead Education, Reduction, and Window Replacement Program Act is amended by changing Section 15 as follows:

(410 ILCS 43/15)

Sec. 15. Grant and loan program.

(a) Subject to appropriation, the Department, in consultation with the Advisory Council, shall establish and operate the CLEAR-WIN Program in two pilot area communities selected by the Department with advice from the Advisory Council. Pilot area communities shall be selected based upon the prevalence of low-income families whose children are lead poisoned, the age of the housing stock, and other sources of funding available to the communities to address lead-based paint hazards.

(b) The Department shall be responsible for administering the CLEAR-WIN grant program. The grant shall be used to correct lead-based paint hazards in residential buildings. Conditions for receiving a grant shall be developed by the Department based on criteria established by the Advisory Council. Criteria, including but not limited to the following program components, shall include (i) income eligibility for receipt of the grants, with priority given to low-income tenants or owners who rent to low-income tenants; (ii) properties to be covered under CLEAR-WIN; and (iii) the number of units to be covered in a property. Prior to making a grant, the Department must provide the grant recipient with a copy of the Lead Safe Housing Maintenance Standards generated by the Advisory Council. The property owner must certify that he or she has received the

Standards and intends to comply with them; has provided a copy of the Standards to all tenants in the building; will continue to rent to the same tenant or other low-income tenant for a period of not less than 5 years following completion of the work; and will continue to maintain the property as lead-safe. Failure to comply with the grant conditions may result in repayment of grant funds.

(c) The Advisory Council shall also consider development of a loan program to assist property owners not eligible for grants.

(d) All lead-based paint hazard control work performed with these grant or loan funds shall be conducted in conformance with the Lead Poisoning Prevention Act and the Illinois Lead Poisoning Prevention Code. Before contractors are paid for repair work conducted under the CLEAR-WIN Program, each dwelling unit assisted must be inspected by a lead risk assessor or lead inspector licensed in Illinois, and an appropriate number of dust samples must be collected from in and around the work areas for lead analysis, with results in compliance with levels set by the Lead Poisoning Prevention Act and the Illinois Lead Poisoning Prevention Code. All costs of evaluation shall be the responsibility of the property owner who received the grant or loan, but will be provided for by the Department for grant recipients and may be included in the amount of the loan. Additional repairs and clean-up costs associated with a failed clearance test, including follow-up tests, shall be the responsibility of the contractor.

(e) Within 6 months after the effective date of this Act, the Advisory Council shall recommend to the Department Lead Safe Housing Maintenance Standards for purposes of the CLEAR-WIN Program. Except for properties where all lead-based paint has been removed, the standards shall describe the responsibilities of property owners and tenants in maintaining lead-safe housing, including but not limited to, prescribing special cleaning, repair, and maintenance necessary to reduce the chance that properties will cause lead poisoning in child occupants. Recipients of CLEAR-WIN grants and loans shall be required to continue to maintain their properties in compliance with these Lead Safe Housing Maintenance Standards. Failure to maintain properties in accordance with these Standards may result in repayment of grant funds or termination of the loan.

(f) From funds appropriated, the Department may pay grants and reasonable administrative costs.

(a) The moneys in the State Pensions Fund shall be used exclusively for the administration of the Uniform Disposition of Unclaimed Property Act and for the funding of the unfunded liabilities of the designated retirement systems. Payments to the designated retirement systems under this Section shall be in addition to, and not in lieu of, any State contributions required under the Illinois Pension Code.

"Designated retirement systems" means:

(1) the State Employees' Retirement System of Illinois;
(2) the Teachers' Retirement System of the State of Illinois;

Each month, the Commissioner of the Office of Banks and Real Estate shall certify to the State Treasurer the actual expenditures that the Office of Banks and Real Estate incurred conducting unclaimed property examinations under the Uniform Disposition of Unclaimed Property Act during the immediately preceding month. Within a reasonable time following the acceptance of such certification by the State Treasurer, the State Treasurer shall pay from its appropriation from the State Pensions Fund to the Bank and Trust Company Fund and the Savings and Residential Finance Regulatory Fund an amount equal to the expenditures incurred by each Fund for that month.

Each month, the Director of Financial Institutions shall certify to the State Treasurer the actual expenditures that the Department of Financial Institutions incurred conducting unclaimed property examinations under the Uniform Disposition of Unclaimed Property Act during the immediately preceding month. (c) As soon as possible after the effective date of this amendatory Act of the 93rd General Assembly, the General Assembly shall appropriate from the State Pensions Fund (1) to the State Universities Retirement System the amount certified under Section 15-165 during the prior year, (2) to the Judges Retirement System of Illinois the amount certified under Section 18-140 during the prior year, and (3) to the General Assembly Retirement System the amount certified under Section 2-134 during the prior year as part of the required State contributions to each of those designated retirement systems; except that amounts appropriated under this subsection (c) in State fiscal year 2005 shall not reduce the amount in the State Pensions Fund below $5,000,000. If the amount in the State Pensions Fund does not exceed the sum of the amounts certified in Sections 15-165, 18-140, and 2-134 by at least $5,000,000, the amount paid to each designated retirement system under this subsection shall be reduced in proportion to the amount certified by each of those designated retirement systems.

(c-5) For fiscal years 2006, 2007, 2008, 2009, and 2010, and 2011 the General Assembly shall appropriate from the State Pensions Fund to the State Universities Retirement System the amount estimated to be available during the fiscal year in the State Pensions Fund; provided, however, that the amounts appropriated under this subsection (c-5) shall not reduce the amount in the State Pensions Fund below $5,000,000.

The State Comptroller and State Treasurer shall pay the apportioned amounts to the designated retirement systems to fund the unfunded liabilities of the designated retirement systems. The amount apportioned to each designated retirement system shall constitute a portion of the amount estimated to be available for appropriation from the State Pensions Fund that is the same as that retirement system's portion of the total actual reserve deficiency of the systems, as determined annually by the Governor's Office of Management and Budget at the request of the State Treasurer. The amounts apportioned under this subsection shall not reduce the amount in the State Pensions Fund below $5,000,000.

retirement systems. For this purpose, the Governor's Office of Management and Budget shall utilize the latest available audit and actuarial reports of each of the retirement systems and the relevant reports and statistics of the Public Employee Pension Fund Division of the Department of Insurance.

(d-1) As soon as practicable after the effective date of this amendatory Act of the 93rd General Assembly, the Comptroller shall direct and the Treasurer shall transfer from the State Pensions Fund to the General Revenue Fund, as funds become available, a sum equal to the amounts that would have been paid from the State Pensions Fund to the Teachers' Retirement System of the State of Illinois, the State Universities Retirement System, the Judges Retirement System of Illinois, the General Assembly Retirement System, and the State Employees' Retirement System of Illinois after the effective date of this amendatory Act during the remainder of fiscal year 2004 to the designated retirement systems from the appropriations provided for in this Section if the transfers provided in Section 6z-61 had not occurred. The transfers described in this subsection (d-1) are to partially repay the General Revenue Fund for the costs associated with the bonds used to fund the moneys transferred to the designated retirement systems under Section 6z-61.

(e) The changes to this Section made by this amendatory Act of 1994 shall first apply to distributions from the Fund for State fiscal year 1996.

(b) For State fiscal year 2011 only, a continuing appropriation is provided to the State Universities' Retirement System that shall not exceed the amount certified by the System on or before December 31, 2009; however, the continuing appropriation shall not reduce the amount in the State Pensions Fund below $5,000,000.

Sec. 7-142. Retirement annuities - Amount.

(a) The amount of a retirement annuity shall be the sum of the following, determined in accordance with the actuarial tables in effect at the time of the grant of the annuity:

1. For employees with 8 or more years of service, an annuity computed pursuant to subparagraphs a or b of this subparagraph 1, whichever is the higher, and for employees with less than 8 years of service the annuity computed pursuant to subparagraph a:

   a. The monthly annuity which can be provided from the total accumulated normal, municipality and prior service credits, as of the attained age of the employee on the date the annuity begins provided that such annuity shall not exceed 75% of the final rate of earnings of the employee.

   b. (i) The monthly annuity amount determined as follows by multiplying (a) 1 2/3% for annuitants with not more than 15 years or (b) 1 2/3% for the first 15 years and 2% for each year in excess of 15 years for annuitants with more than 15 years by the number of years plus fractional years, prorated on a basis of months, of creditable service and multiply the product thereof by the employee's final rate of earnings.

   (ii) For the sole purpose of computing the formula (and not for the purposes of the limitations hereinafter stated) $125 shall be considered the final rate of earnings in all cases where the final rate of earnings is less than such amount.

   (iii) The monthly annuity computed in accordance with this subparagraph b, shall not exceed an amount equal to 75% of the final rate of earnings.

   (iv) For employees who have less than 35 years of service, the annuity computed in accordance with this subparagraph b (as reduced by application of subparagraph (iii) above) shall be reduced by 0.25% thereof (0.5% if service was terminated before January 1, 1988) for each month or fraction thereof (1) that the employee's age is less than 60 years, or (2) if the employee has at least 30 years of
service credit, that the employee's service credit is less than 35 years, whichever is less, on the date the annuity begins.

2. The annuity which can be provided from the total accumulated additional credits as of the attained age of the employee on the date the annuity begins.

(b) If payment of an annuity begins prior to the earliest age at which the employee will become eligible for an old age insurance benefit under the Federal Social Security Act, he may elect that the annuity payments from this fund shall exceed those payable after his attaining such age by an amount, computed as determined by rules of the Board, but not in excess of his estimated Social Security Benefit, determined as of the effective date of the annuity, provided that in no case shall the total annuity payments made by this fund exceed in actuarial value the annuity which would have been payable had no such election been made.

(c) The retirement annuity shall be increased each year by 2%, not compounded, of the monthly amount of annuity, taking into consideration any adjustment under paragraph (b) of this Section. This increase shall be effective each January 1 and computed from the effective date of the retirement annuity, the first increase being .167% of the monthly amount times the number of months from the effective date to January 1. Beginning January 1, 1984 and thereafter, the retirement annuity shall be increased by 3% each year, not compounded. This increase shall not be applicable to annuitants who are not in service on or after September 8, 1971.

(d) Any elected county officer who was entitled to receive a stipend from the State on or after July 1, 2009 and on or before June 30, 2010 may establish earnings credit for the amount of stipend not received, if the elected county official applies in writing to the fund within 6 months after the effective date of this amendatory Act of the 96th General Assembly and pays to the fund an amount equal to (i) employee contributions on the amount of stipend not received, (ii) employer contributions determined by the Board equal to the employer’s normal cost of the benefit on the amount of stipend not received, plus (iii) interest on items (i) and (ii) at the actuarially assumed rate.

In no case shall the total monthly retirement annuity for persons who retire before July 1, 2004 exceed 75% of the monthly final rate of earnings. In no case shall the total monthly retirement annuity for persons who retire on or after July 1, 2004 exceed 80% of the monthly final rate of earnings.

(b) Whenever continued group insurance coverage is elected in accordance with the provisions of Section 367h of the Illinois Insurance Code, as now or hereafter amended, the total monthly premium for such continued group insurance coverage or such portion thereof as is not paid by the municipality shall, upon request of the person electing such continued group insurance coverage, be deducted from any monthly pension benefit otherwise payable to such person pursuant to this Section,
to be remitted by the Fund to the insurance company or other entity providing the group insurance coverage.

(c) A sheriff's law enforcement employee who has service in any other capacity may convert up to 10 years of that service into service as a sheriff's law enforcement employee by paying to the Fund an amount equal to (1) the additional employee contribution required under Section 7-173.1, plus (2) the additional employer contribution required under Section 7-172, plus (3) interest on items (1) and (2) at the prescribed rate from the date of the service to the date of payment.

(d) The changes to subsections (a) and (b) of this Section made by this amendatory Act of the 94th General Assembly apply only to persons in service on or after July 1, 2004. Sec. 7-145.1. Alternative annuity for county officers.

(a) The benefits provided in this Section and Section 7-145.2 are available only if the county board has filed with the Board of the Fund a resolution or ordinance expressly consenting to the availability of these benefits for its elected county officers. The county board's consent is irrevocable with respect to persons participating in the program, but may be revoked at any time with respect to persons who have not paid an additional optional contribution under this Section before the date of revocation.

New matter indicate by italics - deletions by strikeout
An elected county officer may elect to establish alternative credits for an alternative annuity by electing in writing to make additional optional contributions in accordance with this Section and procedures established by the board. These alternative credits are available only for periods of service as an elected county officer. The elected county officer may discontinue making the additional optional contributions by notifying the Fund in writing in accordance with this Section and procedures established by the board.

Additional optional contributions for the alternative annuity shall be as follows:

1. For service as an elected county officer after the option is elected, an additional contribution of 3% of salary shall be contributed to the Fund on the same basis and under the same conditions as contributions required under Section 7-173.

2. For service as an elected county officer before the option is elected, an additional contribution of 3% of the salary for the applicable period of service, plus interest at the effective rate from the date of service to the date of payment, plus any additional amount required by the county board under paragraph (3). All payments for past service must be paid in full before credit is given.

3. With respect to service as an elected county officer before the option is elected, if payment is made after the county board has filed with the Board of the Fund a resolution or ordinance requiring an additional contribution under this paragraph, then the contribution required under paragraph (2) shall include an amount to be determined by the Fund, equal to the actuarial present value of the additional employer cost that would otherwise result from the alternative credits being established for that service. A county board's resolution or ordinance requiring additional contributions under this paragraph (3) is irrevocable. No additional optional contributions may be made for any period of service for which credit has been previously forfeited by acceptance of a refund, unless the refund is repaid in full with interest at the effective rate from the date of refund to the date of repayment.

(b) In lieu of the retirement annuity otherwise payable under this Article, an elected county officer who (1) has elected to participate in the Fund and make additional optional contributions in accordance with this Section, (2) has held and made additional optional contributions with

respect to the same elected county office for at least 8 years, and (3) has attained age 55 with at least 8 years of service credit (or has attained age 50 with at least 20 years of service as a sheriff's law enforcement employee) may elect to have his retirement annuity computed as follows: 3% of the participant's salary for each of the first 8 years of service credit, plus 4% of that salary for each of the next 4 years of service credit, plus 5% of that salary for each year of service credit in excess of 12 years, subject to a maximum of 80% of that salary.

This formula applies only to service in an elected county office that the officer held for at least 8 years, and only to service for which additional optional contributions have been paid under this Section. If an elected county officer qualifies to have this formula applied to service in more than one elected county office, the qualifying service shall be accumulated for purposes of determining the applicable accrual percentages, but the salary used for each office shall be the separate salary calculated for that office, as defined in subsection (g).

To the extent that the elected county officer has service credit that does not qualify for this formula, his retirement annuity will first be determined in accordance with this formula with respect to the service to which this formula applies, and then in accordance with the remaining Sections of this Article with respect to the service to which this formula does not apply.

(c) In lieu of the disability benefits otherwise payable under this Article, an elected county officer who (1) has elected to participate in the Fund, and (2) has become permanently disabled and as a consequence is unable to perform the duties of his office, and (3) was making optional contributions in accordance with this Section at the time the disability was incurred, may elect to receive a disability annuity calculated in accordance with the formula in subsection (b). For the purposes of this subsection, an elected county officer shall be considered permanently disabled only if: (i) disability occurs while in service as an elected county officer and is of such a nature as to prevent him from reasonably performing the duties of his office at the time; and (ii) the board has received a written certification by at least 2 licensed physicians appointed by it stating that the officer is disabled and that the disability is likely to be permanent.

(d) Refunds of additional optional contributions shall be made on the same basis and under the same conditions as provided under Section 7-166, 7-167 and 7-168. Interest shall be credited at the effective rate on the same basis and under the same conditions as for other contributions.
If an elected county officer fails to hold that same elected county office for at least 8 years, he or she shall be entitled after leaving office to receive a refund of the additional optional contributions made with respect to that office, plus interest at the effective rate.

(e) The plan of optional alternative benefits and contributions shall be available to persons who are elected county officers and active contributors to the Fund on or after November 15, 1994. A person who was an elected county officer and an active contributor to the Fund on November 15, 1994 but is no longer an active contributor may apply to make additional optional contributions under this Section at any time within 90 days after the effective date of this amendatory Act of 1997; if the person is an annuitant, the resulting increase in annuity shall begin to accrue on the first day of the month following the month in which the required payment is received by the Fund.

(f) For the purposes of this Section and Section 7-145.2, the terms "elected county officer" and "elected county office" include, but are not limited to: (1) the county clerk, recorder, treasurer, coroner, assessor (if elected), auditor, sheriff, and State's Attorney; members of the county board; and the clerk of the circuit court; and (2) a person who has been appointed to fill a vacancy in an office that is normally filled by election on a countywide basis, for the duration of his or her service in that office. The terms "elected county officer" and "elected county office" do not include any officer or office of a county that has not consented to the availability of benefits under this Section and Section 7-145.2.

(g) For the purposes of this Section and Section 7-145.2, the term "salary" means the final rate of earnings for the elected county office held, calculated in a manner consistent with Section 7-116, but for that office only. If an elected county officer qualifies to have the formula in subsection (b) applied to service in more than one elected county office, a separate salary shall be calculated and applied with respect to each such office.

(h) The changes to this Section made by this amendatory Act of the 91st General Assembly apply to persons who first make an additional optional contribution under this Section on or after the effective date of this amendatory Act.

(i) Any elected county officer who was entitled to receive a stipend from the State on or after July 1, 2009 and on or before June 30, 2010 may establish earnings credit for the amount of stipend not received, if the elected county official applies in writing to the fund within 6 months after

Sec. 9-121.6. Alternative annuity for county officers.

(a) Any county officer elected by vote of the people may elect to establish alternative credits for an alternative annuity by electing in writing to make additional optional contributions in accordance with this Section and procedures established by the board. Such elected county officer may discontinue making the additional optional contributions by notifying the Fund in writing in accordance with this Section and procedures established by the board.

Additional optional contributions for the alternative annuity shall be as follows:

(1) For service after the option is elected, an additional contribution of 3% of salary shall be contributed to the Fund on the same basis and under the same conditions as contributions required under Sections 9-170 and 9-176.

(2) For service before the option is elected, an additional contribution of 3% of the salary for the applicable period of service, plus interest at the effective rate from the date of service to the date of payment. All payments for past service must be paid in full before credit is given. No additional optional contributions may be made for any period of service for which credit has been previously forfeited by acceptance of a refund, unless the refund is repaid in full with interest at the effective rate from the date of refund to the date of repayment.

(b) In lieu of the retirement annuity otherwise payable under this Article, any county officer elected by vote of the people who (1) has elected to participate in the Fund and make additional optional contributions in accordance with this Section, and (2) has attained age 60 with at least 10 years of service credit, or has attained age 65 with at least 8 years of service credit, may elect to have his retirement annuity computed as follows: 3% of the participant's salary at the time of
termination of service for each of the first 8 years of service credit, plus
4% of such salary for each of the next 4 years of service credit, plus 5% of
such salary for each year of service credit in excess of 12 years, subject to
a maximum of 80% of such salary. To the extent such elected county
officer has made additional optional contributions with respect to only a
portion of his years of service credit, his retirement annuity will first be
determined in accordance with this Section to the extent such additional
optional contributions were made, and then in accordance with the
remaining Sections of this Article to the extent of years of service credit
with respect to which additional optional contributions were not made.

(c) In lieu of the disability benefits otherwise payable under this
Article, any county officer elected by vote of the people who (1) has
elected to participate in the Fund, and (2) has become permanently
disabled and as a consequence is unable to perform the duties of his office,
and (3) was making optional contributions in accordance with this Section
at the time the disability was incurred, may elect to receive a disability
annuity calculated in accordance with the formula in subsection (b). For
the purposes of this subsection, such elected county officer shall be
considered permanently disabled only if: (i) disability occurs while in
service as an elected county officer and is of such a nature as to prevent
him from reasonably performing the duties of his office at the time; and
(ii) the board has received a written certification by at least 2 licensed
physicians appointed by it stating that such officer is disabled and that the
disability is likely to be permanent.

(d) Refunds of additional optional contributions shall be made on
the same basis and under the same conditions as provided under Section 9-
164, 9-166 and 9-167. Interest shall be credited at the effective rate on the
same basis and under the same conditions as for other contributions.
Optional contributions under this Section shall be included in the amount
of employee contributions used to compute the tax levy under Section 9-
169.

(e) The effective date of this plan of optional alternative benefits
and contributions shall be January 1, 1988, or the date upon which
approval is received from the U.S. Internal Revenue Service, whichever is
later. The plan of optional alternative benefits and contributions shall not
be available to any former county officer or employee receiving an annuity
from the Fund on the effective date of the plan, unless he re-enters service
as an elected county officer and renders at least 3 years of additional
service after the date of re-entry.

Section 5. The Illinois Credit Union Act is amended by changing Sections 19 and 34 as follows:

Sec. 19. Meeting of members.

(1) The annual meeting shall be held each year during the months of January, February or March or such other month as may be approved by the Department. The meeting shall be held at the time, place and in the manner set forth in the bylaws. Any special meetings of the members of the credit union shall be held at the time, place and in the manner set forth in the bylaws. Unless otherwise set forth in this Act, quorum requirements for meetings of members shall be established by a credit union in its bylaws. Notice of all meetings must be given by the Secretary of the credit union at least 7 days before the date of such meeting, either by handing a written or printed notice to each member of the credit union, by mailing the notice to the member at his address as listed on the books and records of the credit union, or by posting a notice of the meeting in three conspicuous places, including the office of the credit union.

(2) On all questions and at all elections, except election of directors, each member has one vote regardless of the number of his shares. There shall be no voting by proxy except on the election of directors, proposals for merger or voluntary dissolution. All voting on the election of directors shall be by ballot, but when there is no contest, written ballots need not be cast. The record date to be used for the purpose of determining which members are entitled to notice of or to vote at any meeting of members, may be fixed in advance by the directors on a date not more than 90 days nor less than 10 days prior to the date of the meeting. If no record date is fixed by the directors, the first day on which notice of the meeting is given, mailed or posted is the record date.

(3) Regardless of the number of shares owned by a society, association, club, partnership, other credit union or corporation, having membership in the credit union, it shall be entitled to only one vote and it may be represented and have its vote cast by its designated agent acting on its behalf pursuant to a resolution adopted by the organization's board of
directors or similar governing authority; provided that the credit union shall obtain a certified copy of such resolution before such vote may be cast.

(4) A member may revoke a proxy by delivery to the credit union of a written statement to that effect, by execution of a subsequently dated proxy, or by attendance at a meeting and voting in person.

(1) The Supervisory Committee shall make or cause to be made an annual internal audit of the books and affairs of the credit union to determine that the credit union's accounting records and reports are prepared promptly and accurately reflect operations and results, that internal controls are established and effectively maintained to safeguard the assets of the credit union, and that the policies, procedures and practices established by the Board of Directors and management of the credit union are being properly administered. The Supervisory Committee shall submit a report of that audit to the Board of Directors and a summary of that report to the members at the next annual meeting of the credit union. It shall make or cause to be made such supplementary audits as it deems necessary or as are required by the Director or by the Board of Directors, and submit reports of these supplementary audits to the Director or Board of Directors as applicable. If the Supervisory Committee has not engaged a public accountant registered by the Department of Professional Regulation to make the internal audit, the Supervisory Committee or other officials of the credit union shall not indicate or in any manner imply that such audit has been performed by a public accountant or that the audit represents the independent opinion of a public accountant. A copy of an external independent audit shall be completed and mailed to the Director no later than 90 days after December 31 of each year; provided that a credit union or group of credit unions may obtain an extension of the due date upon application to and receipt of written approval from the Director upon completion. If the annual internal audit of such a credit union is conducted by a public accountant registered by the Department of Professional Regulation and the annual internal audit is done in conjunction with the credit union's annual external audit, the requirements of subsection (1) of this Section shall be deemed met.

(4) In determining the appropriate balance in the allowance for loan losses account, a credit union may determine its historical loss rate using a defined period of time of less than 5 years, provided that:

Notwithstanding any provision of the law to the contrary, the General Assembly hereby authorizes the use of such funds for the purposes set forth in this Section.

These provisions do not apply to funds classified by the Comptroller as federal trust funds or State trust funds. The Audit Expense Fund may receive transfers from those trust funds only as directed herein, except where prohibited by the terms of the trust fund agreement. The Auditor General shall notify the trustees of those funds of the estimated

cost of the audit to be incurred under the Illinois State Auditing Act for the fund. The trustees of those funds shall direct the State Comptroller and Treasurer to transfer the estimated amount to the Audit Expense Fund.

The Auditor General may bill entities that are not subject to the above transfer provisions, including private entities, related organizations and entities whose funds are locally-held, for the cost of audits, studies, and investigations incurred on their behalf. Any revenues received under this provision shall be deposited into the Audit Expense Fund.

In the event that moneys on deposit in any fund are unavailable, by reason of deficiency or any other reason preventing their lawful transfer, the State Comptroller shall order transferred and the State Treasurer shall transfer the amount deficient or otherwise unavailable from the General Revenue Fund for deposit into the Audit Expense Fund.

On or before December 1, 1992, and each December 1 thereafter, the Auditor General shall notify the Governor's Office of Management and Budget (formerly Bureau of the Budget) of the amount estimated to be necessary to pay for audits, studies, and investigations in accordance with the Illinois State Auditing Act during the next succeeding fiscal year for each State fund for which a transfer or reimbursement is anticipated.

Beginning with fiscal year 1994 and during each fiscal year thereafter, the Auditor General may direct the State Comptroller and Treasurer to transfer moneys from funds authorized by the General Assembly for that fund. In the event funds, including federal and State trust funds but excluding the General Revenue Fund, are transferred, during fiscal year 1994 and during each fiscal year thereafter, in excess of the amount to pay actual costs attributable to audits, studies, and investigations as permitted or required by the Illinois State Auditing Act or specific action of the General Assembly, the Auditor General shall, on September 30, or as soon thereafter as is practicable, direct the State Comptroller and Treasurer to transfer the excess amount back to the fund from which it was originally transferred.

AN ACT concerning civil law.
Be it enacted by the People of the State of Illinois, represented in
the General Assembly:
Section 5. The Condominium Property Act is amended by

(765 ILCS 605/18) (from Ch. 30, par. 318)
Sec. 18. Contents of bylaws. The bylaws shall provide for at least
the following:
(a) (1) The election from among the unit owners of a board of
managers, the number of persons constituting such board, and that
the terms of at least one-third of the members of the board shall
expire annually and that all members of the board shall be elected
at large. If there are multiple owners of a single unit, only one of
the multiple owners shall be eligible to serve as a member of the
board at any one time.
   (2) the powers and duties of the board;
   (3) the compensation, if any, of the members of the board;
   (4) the method of removal from office of members of the

      to the adoption thereof by the board of managers, a copy of the
      proposed annual budget together with an indication of which
      portions are intended for reserves, capital expenditures or repairs or
      payment of real estate taxes;
   (7) that the board of managers shall annually supply to all

meeting of the board of managers concerning the adoption of the proposed annual budget and regular assessments pursuant thereto or to adopt a separate (special) assessment, (ii) that except as provided in subsection (iv) below, if an adopted budget or any separate assessment adopted by the board would result in the sum of all regular and separate assessments payable in the current fiscal year exceeding 115% of the sum of all regular and separate assessments payable during the preceding fiscal year, the board of managers, upon written petition by unit owners with 20 percent of the votes of the association delivered to the board within 14 days of the board action, shall call a meeting of the unit owners within 30 days of the date of delivery of the petition to consider the budget or separate assessment; unless a majority of the total votes of the unit owners are cast at the meeting to reject the budget or separate assessment, it is ratified, (iii) that any common expense not set forth in the budget or any increase in assessments over the amount adopted in the budget shall be separately assessed against all unit owners, (iv) that separate assessments for expenditures relating to emergencies or mandated by law may be adopted by the board of managers without being subject to unit owner approval or the provisions of item (ii) above or item (v) below. As used herein, "emergency" means an immediate danger to the structural integrity of the common elements or to the life, health, safety or property of the unit owners, (v) that assessments for additions and alterations to the common elements or to association-owned property not included in the adopted annual budget, shall be separately assessed and are subject to approval of two-thirds of the total votes of all unit owners, (vi) that the board of managers may adopt separate assessments payable over more than one fiscal year. With respect to multi-year assessments not governed by items (iv) and (v), the entire amount of the multi-year assessment shall be deemed considered and authorized in the first fiscal year in which the assessment is approved;

(9) that meetings of the board of managers shall be open to any unit owner, except for the portion of any meeting held (i) to discuss litigation when an action against or on behalf of the particular association has been filed and is pending in a court or administrative tribunal, or when the board of managers finds that such an action is probable or imminent, (ii) to consider information

regarding appointment, employment or dismissal of an employee, or (iii) to discuss violations of rules and regulations of the association or a unit owner's unpaid share of common expenses; that any vote on these matters shall be taken at a meeting or portion thereof open to any unit owner; that any unit owner may record the proceedings at meetings or portions thereof required to be open by this Act by tape, film or other means; that the board may prescribe reasonable rules and regulations to govern the right to make such recordings, that notice of such meetings shall be mailed or delivered at least 48 hours prior thereto, unless a written waiver of such notice is signed by the person or persons entitled to such notice pursuant to the declaration, bylaws, other condominium instrument, or provision of law other than this subsection before the meeting is convened, and that copies of notices of meetings of the board of managers shall be posted in entranceways, elevators, or other conspicuous places in the condominium at least 48 hours prior to the meeting of the board of managers except where there is no common entranceway for 7 or more units, the board of managers may designate one or more locations in the proximity of these units where the notices of meetings shall be posted;

(10) that the board shall meet at least 4 times annually;
(11) that no member of the board or officer shall be elected for a term of more than 2 years, but that officers and board members may succeed themselves;

members of the board to fill the vacancy for the unexpired portion of the term;

(14) what percentage of the board of managers, if other than a majority, shall constitute a quorum;

(15) provisions concerning notice of board meetings to members of the board;

(16) the board of managers may not enter into a contract with a current board member or with a corporation or partnership in which a board member or a member of the board member's immediate family has 25% or more interest, unless notice of intent to enter the contract is given to unit owners within 20 days after a decision is made to enter into the contract and the unit owners are afforded an opportunity by filing a petition, signed by 20% of the unit owners, for an election to approve or disapprove the contract; such petition shall be filed within 20 days after such notice and such election shall be held within 30 days after filing the petition; for purposes of this subsection, a board member's immediate family means the board member's spouse, parents, and children;

(17) that the board of managers may disseminate to unit owners biographical and background information about candidates for election to the board if (i) reasonable efforts to identify all candidates are made and all candidates are given an opportunity to include biographical and background information in the information to be disseminated; and (ii) the board does not express a preference in favor of any candidate;

(18) any proxy distributed for board elections by the board of managers gives unit owners the opportunity to designate any person as the proxy holder, and gives the unit owner the opportunity to express a preference for any of the known candidates for the board or to write in a name;

(19) that special meetings of the board of managers can be called by the president or 25% of the members of the board; and

(20) that the board of managers may establish and maintain a system of master metering of public utility services and collect payments in connection therewith, subject to the requirements of the Tenant Utility Payment Disclosure Act.

(b) (1) What percentage of the unit owners, if other than 20%, shall constitute a quorum provided that, for condominiums with 20 or more units, the percentage of unit owners constituting a quorum

shall be 20% unless the unit owners holding a majority of the percentage interest in the association provide for a higher percentage, provided that in voting on amendments to the association's bylaws, a unit owner who is in arrears on the unit owner's regular or separate assessments for 60 days or more, shall not be counted for purposes of determining if a quorum is present, but that unit owner retains the right to vote on amendments to the association's bylaws;

(2) that the association shall have one class of membership;

(3) that the members shall hold an annual meeting, one of the purposes of which shall be to elect members of the board of managers;

(4) the method of calling meetings of the unit owners;

(5) that special meetings of the members can be called by the president, board of managers, or by 20% of unit owners;

(6) that written notice of any membership meeting shall be mailed or delivered giving members no less than 10 and no more than 30 days notice of the time, place and purpose of such meeting;

(7) that voting shall be on a percentage basis, and that the percentage vote to which each unit is entitled is the percentage interest of the undivided ownership of the common elements appurtenant thereto, provided that the bylaws may provide for approval by unit owners in connection with matters where the requisite approval on a percentage basis is not specified in this Act, on the basis of one vote per unit;

(8) that, where there is more than one owner of a unit, if only one of the multiple owners is present at a meeting of the association, he is entitled to cast all the votes allocated to that unit, if more than one of the multiple owners are present, the votes allocated to that unit may be cast only in accordance with the agreement of a majority in interest of the multiple owners, unless the declaration expressly provides otherwise, that there is majority agreement if any one of the multiple owners cast the votes allocated to that unit without protest being made promptly to the person presiding over the meeting by any of the other owners of the unit;

(9)(A) that unless the Articles of Incorporation or the bylaws otherwise provide, and except as provided in subparagraph (B) of this paragraph (9) in connection with board elections, a unit
owner may vote by proxy executed in writing by the unit owner or by his duly authorized attorney in fact; that the proxy must bear the date of execution and, unless the condominium instruments or the written proxy itself provide otherwise, is invalid after 11 months from the date of its execution;

(B) that if a rule adopted at least 120 days before a board election or the declaration or bylaws provide for balloting as set forth in this subsection, unit owners may not vote by proxy in board elections, but may vote only (i) by submitting an association-issued ballot in person at the election meeting or (ii) by submitting an association-issued ballot to the association or its designated agent by mail or other means of delivery specified in the declaration, bylaws, or rule; that the ballots shall be mailed or otherwise distributed to unit owners not less than 10 and not more than 30 days before the election meeting, and the board shall give unit owners not less than 21 days' prior written notice of the deadline for inclusion of a candidate's name on the ballots; that the deadline shall be no more than 7 days before the ballots are mailed or otherwise distributed to unit owners; that every such ballot must include the names of all candidates who have given the board or its authorized agent timely written notice of their candidacy and must give the person casting the ballot the opportunity to cast votes for candidates whose names do not appear on the ballot; that a ballot received by the association or its designated agent after the close of voting shall not be counted; that a unit owner who submits a ballot by mail or other means of delivery specified in the declaration, bylaws, or rule may request and cast a ballot in person at the election meeting, and thereby void any ballot previously submitted by that unit owner;

(C) that if a written petition by unit owners with at least 20% of the votes of the association is delivered to the board within 14 days after the board's approval of a rule adopted pursuant to subparagraph (B) of this paragraph (9), the board shall call a meeting of the unit owners within 30 days after the date of delivery of the petition; that unless a majority of the total votes of the unit owners are cast at the meeting to reject the rule, the rule is ratified;

(10) that the association may, upon adoption of the appropriate rules by the board of managers, conduct elections by secret ballot whereby the voting ballot is marked only with the
percentage interest for the unit and the vote itself, provided that the board further adopt rules to verify the status of the unit owner issuing a proxy or casting a ballot; and further, that a candidate for election to the board of managers or such candidate's representative shall have the right to be present at the counting of ballots at such election;

(11) that in the event of a resale of a condominium unit the purchaser of a unit from a seller other than the developer pursuant to an installment contract for purchase shall during such times as he or she resides in the unit be counted toward a quorum for purposes of election of members of the board of managers at any meeting of the unit owners called for purposes of electing members of the board, shall have the right to vote for the election of members of the board of managers and to be elected to and serve on the board of managers unless the seller expressly retains in writing any or all of such rights. In no event may the seller and purchaser both be counted toward a quorum, be permitted to vote for a particular office or be elected and serve on the board. Satisfactory evidence of the installment contact shall be made available to the association or its agents. For purposes of this subsection, "installment contact" shall have the same meaning as set forth in Section 1 (e) of "An Act relating to installment contracts to sell dwelling structures", approved August 11, 1967, as amended;

(12) the method by which matters subject to the approval of unit owners set forth in this Act, or in the condominium instruments, will be submitted to the unit owners at special membership meetings called for such purposes; and

(13) that matters subject to the affirmative vote of not less than 2/3 of the votes of unit owners at a meeting duly called for that purpose, shall include, but not be limited to:

(i) merger or consolidation of the association;
(ii) sale, lease, exchange, or other disposition (excluding the mortgage or pledge) of all, or substantially all of the property and assets of the association; and
(iii) the purchase or sale of land or of units on behalf of all unit owners.

(c) Election of a president from among the board of managers, who shall preside over the meetings of the board of managers and of the unit owners.

(d) Election of a secretary from among the board of managers, who shall keep the minutes of all meetings of the board of managers and of the unit owners and who shall, in general, perform all the duties incident to the office of secretary.

(e) Election of a treasurer from among the board of managers, who shall keep the financial records and books of account.

(f) Maintenance, repair and replacement of the common elements and payments therefor, including the method of approving payment vouchers.

(g) An association with 30 or more units shall obtain and maintain fidelity insurance covering persons who control or disburse funds of the association for the maximum amount of coverage available to protect funds in the custody or control of the association plus the association reserve fund. All management companies which are responsible for the funds held or administered by the association shall maintain and furnish to the association a fidelity bond for the maximum amount of coverage available to protect funds in the custody of the management company at any time. The association shall bear the cost of the fidelity insurance and fidelity bond, unless otherwise provided by contract between the association and a management company. The association shall be the direct obligee of any such fidelity bond. A management company holding reserve funds of an association shall at all times maintain a separate account for each association, provided, however, that for investment purposes, the Board of Managers of an association may authorize a management company to maintain the association's reserve funds in a single interest bearing account with similar funds of other associations. The management company shall at all times maintain records identifying all moneys of each association in such investment account. The management company may hold all operating funds of associations which it manages in a single operating account but shall at all times maintain records identifying all moneys of each association in such operating account. Such operating and reserve funds held by the management company for the association shall not be subject to attachment by any creditor of the management company.

For the purpose of this subsection a management company shall be defined as a person, partnership, corporation, or other legal entity entitled
to transact business on behalf of others, acting on behalf of or as an agent for a unit owner, unit owners or association of unit owners for the purpose of carrying out the duties, responsibilities, and other obligations necessary for the day to day operation and management of any property subject to this Act. For purposes of this subsection, the term "fiduciary insurance coverage" shall be defined as both a fidelity bond and directors and officers liability coverage, the fidelity bond in the full amount of association funds and association reserves that will be in the custody of the association, and the directors and officers liability coverage at a level as shall be determined to be reasonable by the board of managers, if not otherwise established by the declaration or by laws.

Until one year after the effective date of this amendatory Act of 1985, if a condominium association has reserves plus assessments in excess of $250,000 and cannot reasonably obtain 100% fidelity bond coverage for such amount, then it must obtain a fidelity bond coverage of $250,000.

(h) Method of estimating the amount of the annual budget, and the manner of assessing and collecting from the unit owners their respective shares of such estimated expenses, and of any other expenses lawfully agreed upon.

(i) That upon 10 days notice to the manager or board of managers and payment of a reasonable fee, any unit owner shall be furnished a statement of his account setting forth the amount of any unpaid assessments or other charges due and owing from such owner.

(j) Designation and removal of personnel necessary for the maintenance, repair and replacement of the common elements.

(k) Such restrictions on and requirements respecting the use and maintenance of the units and the use of the common elements, not set forth in the declaration, as are designed to prevent unreasonable interference with the use of their respective units and of the common elements by the several unit owners.

(l) Method of adopting and of amending administrative rules and regulations governing the operation and use of the common elements.

(m) The percentage of votes required to modify or amend the bylaws, but each one of the particulars set forth in this section shall always be embodied in the bylaws.

(n) (i) The provisions of this Act, the declaration, bylaws, other condominium instruments, and rules and regulations that relate to the use of the individual unit or the common elements shall be applicable to any

person leasing a unit and shall be deemed to be incorporated in any lease executed or renewed on or after the effective date of this amendatory Act of 1984. (ii) With regard to any lease entered into subsequent to the effective date of this amendatory Act of 1989, the unit owner leasing the unit shall deliver a copy of the signed lease to the board or if the lease is oral, a memorandum of the lease, not later than the date of occupancy or 10 days after the lease is signed, whichever occurs first. In addition to any other remedies, by filing an action jointly against the tenant and the unit owner, an association may seek to enjoin a tenant from occupying a unit or seek to evict a tenant under the provisions of Article IX of the Code of Civil Procedure for failure of the lessor-owner to comply with the leasing requirements prescribed by this Section or by the declaration, bylaws, and rules and regulations. The board of managers may proceed directly against a tenant, at law or in equity, or under the provisions of Article IX of the Code of Civil Procedure, for any other breach by tenant of any covenants, rules, regulations or bylaws.

(o) The association shall have no authority to forbear the payment of assessments by any unit owner.

(p) That when 30% or fewer of the units, by number, possess over 50% in the aggregate of the votes in the association, any percentage vote of members specified herein or in the condominium instruments shall require the specified percentage by number of units rather than by percentage of interest in the common elements allocated to units that would otherwise be applicable and garage units or storage units, or both, shall have, in total, no more votes than their aggregate percentage of ownership in the common elements; this shall mean that if garage units or storage units, or both, are to be given a vote, or portion of a vote, that the association must add the total number of votes cast of garage units, storage units, or both, and divide the total by the number of garage units, storage units, or both, and multiply by the aggregate percentage of ownership of garage units and storage units to determine the vote, or portion of a vote, that garage units or storage units, or both, have. For purposes of this subsection (p), when making a determination of whether 30% or fewer of the units, by number, possess over 50% in the aggregate of the votes in the association, a unit shall not include a garage unit or a storage unit.

(q) That a unit owner may not assign, delegate, transfer, surrender, or avoid the duties, responsibilities, and liabilities of a unit owner under this Act, the condominium instruments, or the rules and regulations of the

Association; and that such an attempted assignment, delegation, transfer, surrender, or avoidance shall be deemed void.

The provisions of this Section are applicable to all condominium instruments recorded under this Act. Any portion of a condominium instrument which contains provisions contrary to these provisions shall be void as against public policy and ineffective. Any such instrument which fails to contain the provisions required by this Section shall be deemed to incorporate such provisions by operation of law.

Sec. 1-28. Certificate of Registration; Department of Financial and Professional Regulation. This Section applies only to a limited liability company that intends to provide, or does provide, professional services that require the individuals engaged in the profession to be licensed by the Department of Financial and Professional Regulation. Upon written application of the holder, the Department shall renew the certificate if it finds that the limited liability company has complied with its regulations and the provisions of this Act and the applicable licensing Act. Sec. 107.10. Informal action by members entitled to vote.
(a) Unless otherwise provided in the articles of incorporation or the bylaws, any action required by this Act to be taken at any annual or special meeting of the members entitled to vote, or any other action which may be taken at a meeting of the members entitled to vote, may be taken by ballot without a meeting in writing by mail, e-mail, or any other electronic means pursuant to which the members entitled to vote thereon are given the opportunity to vote for or against the proposed action, and the action receives approval by a majority of the members casting votes, or such larger number as may be required by the Act, the articles of incorporation, or the bylaws, provided that the number of members casting votes would constitute a quorum if such action had been taken at a meeting. Voting must remain open for not less than 5 days from the date the ballot is delivered; provided, however, in the case of a removal of one or more directors, a merger, consolidation, dissolution or sale, lease or exchange of assets, the voting must remain open for not less than 20 days from the date the ballot is delivered.

(c) In the event that the action which is approved is such as would have required the filing of a certificate under any other Section of this Act if such action had been voted on by the members at a meeting thereof, the certificate filed under such other Section shall state, in lieu of any statement required by such Section concerning any vote of members, that
an informal vote has been conducted in accordance with the provisions of this Section and that written notice has been delivered as provided in this Section.

(d) In addition, unless otherwise provided in the articles of incorporation or the bylaws, any action required by this Act to be taken at any annual or special meeting of the members entitled to vote, or any other action which may be taken at a meeting of members entitled to vote, may also be taken without a meeting and without a vote if a consent in writing, setting forth the action so taken, shall be approved by all the members entitled to vote with respect to the subject matter thereof.

is directly or indirectly a party to the transaction is not grounds for invalidating the transaction.

(b) In a proceeding contesting the validity of a transaction described in subsection (a), the person asserting validity has the burden of proving fairness unless:

(1) The material facts of the transaction and the director's interest or relationship were disclosed or known to the board of directors or a committee consisting entirely of directors and the board or committee authorized, approved or ratified the transaction by the affirmative votes of a majority of disinterested directors, even though the disinterested directors be less than a quorum; or

(c) The presence of the director, who is directly or indirectly a party to the transaction described in subsection (a), or a director who is otherwise not disinterested, may be counted in determining whether a quorum is present but may not be counted when the board of directors or a committee of the board takes action on the transaction.

(d) For purposes of this Section, a director is "indirectly" a party to a transaction if the other party to the transaction is an entity in which the director has a material financial interest or of which the director is an officer, director or general partner; except that if a director is an officer or director of both parties to a transaction involving a grant or contribution, without consideration, from one entity to the other, that director is not "indirectly" a party to the transaction provided the director does not have a material financial interest in the entity that receives the grant or contribution.

PUBLIC ACT 96-0998
(Senate Bill No. 3515)

AN ACT concerning education.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Sections 8-16, 10-7, 10-9, 10-16.5, 10-20.6, 10-20.19, 10-22.6, 10-23.5, and 24-23 as follows:

(105 ILCS 5/8-16) (from Ch. 122, par. 8-16)
Sec. 8-16. School orders; Teacher's wages. The school treasurer shall pay out funds of the school district only upon an order of the school board signed by the president and clerk or secretary or by a majority of the board, except payment of the obligations for Social Security taxes as required by the Social Security Enabling Act and payment of recurring bills, such as utility bills, may be made upon a certification by the clerk or secretary of the board of the amount of the obligation only. When an order issued for the wages of a teacher is presented to the treasurer and is not paid for want of funds, the treasurer shall endorse it over his signature, "not paid for want of funds" with the date of presentation, and shall make and keep a record of the endorsement. The order shall thereafter bear interest at the rate, not exceeding the maximum rate authorized by the Bond Authorization Act, as amended at the time of the making of the contract, established by the school board of the district, until the treasurer shall notify the clerk or secretary in writing that he has funds to pay the order. Whenever the treasurer obtains sufficient funds to pay any such order he shall set them aside for such purpose and shall not use them to pay any other order until the order previously presented and not paid is paid or otherwise discharged. The treasurer shall make and keep a record of the notices and hold the funds necessary to pay such order until it is

presented. The order shall draw no interest after notice is given to the clerk or secretary.

Nothing herein shall be construed to prevent the establishment of a voucher system of expenditures as provided in Section 10-23.5 of this Act.

With respect to instruments for the payment of money issued under this Section either before, on, or after June 6, 1989, it is and always has been the intention of the General Assembly (i) that the Omnibus Bond Acts are and always have been supplementary grants of power to issue instruments in accordance with the Omnibus Bond Acts, regardless of any provision of this Act that may appear to be or to have been more restrictive than those Acts, (ii) that the provisions of this Section are not a limitation on the supplementary authority granted by the Omnibus Bond Acts, and (iii) that instruments issued under this Section within the supplementary authority granted by the Omnibus Bond Acts are not invalid because of any provision of this Act that may appear to be or to have been more restrictive than those Acts.

Sec. 10-7. Secretary or clerk to record official acts - yeas and nays on expenditures. The secretary or clerk shall keep in a punctual, orderly and reliable manner a record of the official acts of the board which shall be signed by the president and the secretary or clerk, and submitted to the treasurer having custody of the funds of the district for his inspection and approval on the first Monday of April and October, and at such other times as the treasurer may require. On all questions involving the expenditure of money, the yeas and nays shall be taken and entered on the records of the proceedings of the board. Sec. 10-9. Interest of board member in contracts.

(a) No school board member shall be interested, directly or indirectly, in his own name or in the name of any other person, association, trust or corporation, in any contract, work or business of the district or in the sale of any article, whenever the expense, price or consideration of the contract, work, business or sale is paid either from the treasury or by any assessment levied by any statute or ordinance. A school board member shall not be deemed interested if the board member is an

employee of a business that is involved in the transaction of business with
the school district, provided that the board member has no financial
interests other than as an employee. No school board member shall be
interested, directly or indirectly, in the purchase of any property which (1)
belongs to the district, or (2) is sold for taxes or assessments, or (3) is sold
by virtue of legal process at the suit of the district.

(b) However, any board member may provide materials,
merchandise, property, services or labor, if:

A. the contract is with a person, firm, partnership,
association, corporation or cooperative association in which the
board member has less than a 7 1/2% share in the ownership; and

B. such interested board member publicly discloses the
nature and extent of his interest prior to or during deliberations
concerning the proposed award of the contract; and

C. such interested board member abstains from voting on
the award of the contract, though he shall be considered present for
the purposes of establishing a quorum; and

D. such contract is approved by a majority vote of those
board members presently holding office; and

E. the contract is awarded after sealed bids to the lowest
responsible bidder if the amount of the contract exceeds $1500, or
awarded without bidding if the amount of the contract is less than
$1500; and

F. the award of the contract would not cause the aggregate
amount of all such contracts so awarded to the same person, firm,
association, partnership, corporation or cooperative association in
the same fiscal year to exceed $25,000.

(c) In addition to the above exemption, any board member may
provide materials, merchandise, property, services or labor if:

A. the award of the contract is approved by a majority vote
of the board provided that any such interested member shall abstain
from voting; and

B. the amount of the contract does not exceed $1,000; and

C. the award of the contract would not cause the aggregate
amount of all such contracts so awarded to the same person, firm,
association, partnership, corporation, or cooperative association in
the same fiscal year to exceed $2,000, except with respect to a
board member of a school district in which the materials,
merchandise, property, services, or labor to be provided under the
contract are not available from any other person, firm, association, partnership, corporation, or cooperative association in the district, in which event the award of the contract shall not cause the aggregate amount of all contracts so awarded to that same person, firm, association, partnership, or cooperative association in the same fiscal year to exceed $5,000; and

D. such interested member publicly discloses the nature and extent of his interest prior to or during deliberations concerning the proposed award of the contract; and

E. such interested member abstains from voting on the award of the contract, though he shall be considered present for the purposes of establishing a quorum.

(d) In addition to exemptions otherwise authorized by this Section, any board member may purchase for use as the board member's primary place of residence a house constructed by the district's vocational education students on the same basis that any other person would be entitled to purchase the property. The sale of the house by the district must comply with the requirements set forth in Section 5-22 of The School Code.

(e) A contract for the procurement of public utility services by a district with a public utility company is not barred by this Section by one or more members of the board being an officer or employee of the public utility company or holding an ownership interest of no more than 7 1/2% in the public utility company, or holding an ownership interest of any size if the school district has a population of less than 7,500 and the public utility's rates are approved by the Illinois Commerce Commission. An elected or appointed member of the board having such an interest shall be deemed not to have a prohibited interest under this Section.

(f) Nothing contained in this Section, including the restrictions set forth in subsections (b), (c), (d) and (e), shall preclude a contract of deposit of monies, loans or other financial services by a school district with a local bank or local savings and loan association, regardless of whether a member or members of the governing body of the school district are interested in such bank or savings and loan association as an officer or employee or as a holder of less than 7 1/2% of the total ownership interest. A member or members holding such an interest in such a contract shall not be deemed to be holding a prohibited interest for purposes of this Act. Such interested member or members of the governing body must publicly state the nature and extent of their interest during deliberations concerning
the proposed award of such a contract, but shall not participate in any further deliberations concerning the proposed award. Such interested member or members shall not vote on such a proposed award. Any member or members abstaining from participation in deliberations and voting under this Section may be considered present for purposes of establishing a quorum. Award of such a contract shall require approval by a majority vote of those members presently holding office. Consideration and award of any such contract in which a member or members are interested may only be made at a regularly scheduled public meeting of the governing body of the school district.

(g) Any school board member who violates this Section is guilty of a Class 4 felony and in addition thereto any office held by such person so convicted shall become vacant and shall be so declared as part of the judgment of the court.

(105 ILCS 5/10-16.5)

Sec. 10-16.5. Oath of office. Each school board member, before taking his or her seat on the board, shall take an oath of office, administered as determined by the board, in substantially the following form:

I, (name of member or successful candidate), do solemnly swear (or affirm) that I will faithfully discharge the duties of the office of member of the Board of Education (or Board of School Directors, as the case may be) of (name of school district), in accordance with the Constitution of the United States, the Constitution of the State of Illinois, and the laws of the State of Illinois, to the best of my ability.

I further swear (or affirm) that:

I shall respect taxpayer interests by serving as a faithful protector of the school district's assets;

I shall encourage and respect the free expression of opinion by my fellow board members and others who seek a hearing before the board, while respecting the privacy of students and employees;

I shall recognize that a board member has no legal authority as an individual and that decisions can be made only by a majority vote at a public board meeting; and

I shall abide by majority decisions of the board, while retaining the right to seek changes in such decisions through ethical and constructive channels.

Sec. 10-20.6. Maintain Visit and inspect schools. To visit, inspect, and maintain the public schools under their jurisdiction as the good of the schools may require and in conformance with the code authorized in Section 2-3.12.

Sec. 10-20.19. Payment of orders. Subject to the provisions of Article 1B in the case of a school district receiving emergency State financial assistance, the school board shall pay all orders in accordance with Section 10-18 of this Act, except as herein provided:

(1) It shall be lawful for the school board to submit to the treasurer a certified copy of those portions of the board minutes, properly signed by the secretary and president, or a majority of the board, showing all bills approved for payment by the board and clearly showing to whom, and for what purpose each payment is to be made by the treasurer, and to what budgetary item each payment shall be debited, and such certified copy shall serve as full authority to the treasurer to make the payments as thus approved; this shall not preclude the use of a voucher system, or any other system of sound accounting and business procedure, provided that such system reflects the facts, and that the same is in accordance with the regulations prescribed by or approved by the Superintendent of Public Instruction.

(2) It shall be lawful for the school board by resolution to establish revolving funds for school cafeterias, lunch rooms, athletics, petty cash or similar purposes, provided such funds are in the custody of an employee who shall be bonded as provided in Article 8 of this Act for bonding school treasurers and who shall be responsible to the board and to the treasurer, subject to regular annual audit by licensed public accountants and other such examinations as the school board shall deem advisable and kept in accordance with regulations prescribed by the Superintendent of Public Instruction. A monthly report and an annual summary of all receipts and expenditures of the fund shall be submitted to the school board and the treasurer. All funds advanced by the treasurer to operate such revolving funds shall be carried on the treasurer's books as cash obligations due to the district and all receipts of such revolving funds shall be deposited daily in a bank or savings and loan association to be approved by the treasurer, unless there is no bank or savings and loan association in the community,
in which event receipts shall be deposited intact not less than once each week in the bank or savings and loan association approved by the treasurer. All reimbursements to any such revolving funds from the district funds shall be completely itemized as to whom paid, for what purpose, and against what budgetary item the expenditure is chargeable.

No bank or savings and loan association shall receive public funds as permitted by this Section, unless it has complied with the requirements established pursuant to Section 6 of "An Act relating to certain investments of public funds by public agencies", approved July 23, 1943, as now or hereafter amended.

(3) The school board shall establish rules and regulations governing conditions under which school classes, clubs, and associations may collect or acquire funds in the name of any school; and, under such regulations as the Superintendent of Public Instruction may prescribe, provide for the safeguarding of such funds for the educational, recreational, or cultural purposes they are designed to serve.

(4) It shall be lawful for the clerk or secretary of the board to certify to the school treasurer the amount of the obligation for Social Security taxes as required by the Social Security Enabling Act and the amount of recurring bills, such as utility bills, showing the amount and to whom payment is to be made and what budgetary item or items the payment shall be debited from, and such certification shall serve as full authority to the treasurer to make such payment.

(105 ILCS 5/10-22.6) (from Ch. 122, par. 10-22.6)
Sec. 10-22.6. Suspension or expulsion of pupils; school searches.
(a) To expel pupils guilty of gross disobedience or misconduct, and no action shall lie against them for such expulsion. Expulsion shall take place only after the parents have been requested to appear at a meeting of the board, or with a hearing officer appointed by it, to discuss their child's behavior. Such request shall be made by registered or certified mail and shall state the time, place and purpose of the meeting. The board, or a hearing officer appointed by it, at such meeting shall state the reasons for dismissal and the date on which the expulsion is to become effective. If a hearing officer is appointed by the board he shall report to the board a written summary of the evidence heard at the meeting and the board may take such action thereon as it finds appropriate.

(b) To suspend or by policy regulation to authorize the superintendent of the district or the principal, assistant principal, or dean

of students of any school to suspend pupils guilty of gross disobedience or misconduct, or to suspend pupils guilty of gross disobedience or misconduct on the school bus from riding the school bus, and no action shall lie against them for such suspension. The board may by policy regulation authorize the superintendent of the district or the principal, assistant principal, or dean of students of any school to suspend pupils guilty of such acts for a period not to exceed 10 school days. If a pupil is suspended due to gross disobedience or misconduct on a school bus, the board may suspend the pupil in excess of 10 school days for safety reasons. Any suspension shall be reported immediately to the parents or guardian of such pupil along with a full statement of the reasons for such suspension and a notice of their right to a review, a copy of which shall be given to the school board. The school board must be given a summary of the notice, including the reason for the suspension and the suspension length. Upon request of the parents or guardian the school board or a hearing officer appointed by it shall review such action of the superintendent or principal, assistant principal, or dean of students. At such review the parents or guardian of the pupil may appear and discuss the suspension with the board or its hearing officer. If a hearing officer is appointed by the board he shall report to the board a written summary of the evidence heard at the meeting. After its hearing or upon receipt of the written report of its hearing officer, the board may take such action as it finds appropriate.

(c) The Department of Human Services shall be invited to send a representative to consult with the board at such meeting whenever there is evidence that mental illness may be the cause for expulsion or suspension.

(d) The board may expel a student for a definite period of time not to exceed 2 calendar years, as determined on a case by case basis. A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of not less than one year:

(1) A firearm. For the purposes of this Section, "firearm" means any gun, rifle, shotgun, weapon as defined by Section 921 of Title 18 of the United States Code, firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act, or firearm as defined in Section 24-1 of the Criminal Code of 1961. The expulsion period under this subdivision (1) may be modified by the
superintendent, and the superintendent's determination may be modified by the board on a case-by-case basis.

(2) A knife, brass knuckles or other knuckle weapon regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including "look alikes" of any firearm as defined in subdivision (1) of this subsection (d). The expulsion requirement under this subdivision (2) may be modified by the superintendent, and the superintendent's determination may be modified by the board on a case-by-case basis.

Expulsion or suspension shall be construed in a manner consistent with the Federal Individuals with Disabilities Education Act. A student who is subject to suspension or expulsion as provided in this Section may be eligible for a transfer to an alternative school program in accordance with Article 13A of the School Code. The provisions of this subsection (d) apply in all school districts, including special charter districts and districts organized under Article 34.

(e) To maintain order and security in the schools, school authorities may inspect and search places and areas such as lockers, desks, parking lots, and other school property and equipment owned or controlled by the school, as well as personal effects left in those places and areas by students, without notice to or the consent of the student, and without a search warrant. As a matter of public policy, the General Assembly finds that students have no reasonable expectation of privacy in these places and areas or in their personal effects left in these places and areas. School authorities may request the assistance of law enforcement officials for the purpose of conducting inspections and searches of lockers, desks, parking lots, and other school property and equipment owned or controlled by the school for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs. If a search conducted in accordance with this Section produces evidence that the student has violated or is violating either the law, local ordinance, or the school's policies or rules, such evidence may be seized by school authorities, and disciplinary action may be taken. School authorities may also turn over such evidence to law enforcement authorities. The provisions of this subsection (e) apply in all school districts, including special charter districts and districts organized under Article 34.

(f) Suspension or expulsion may include suspension or expulsion from school and all school activities and a prohibition from being present on school grounds.

(g) A school district may adopt a policy providing that if a student is suspended or expelled for any reason from any public or private school in this or any other state, the student must complete the entire term of the suspension or expulsion before being admitted into the school district. This policy may allow placement of the student in an alternative school program established under Article 13A of this Code, if available, for the remainder of the suspension or expulsion. This subsection (g) applies to all school districts, including special charter districts and districts organized under Article 34 of this Code.

(105 ILCS 5/10-23.5) (from Ch. 122, par. 10-23.5)

Sec. 10-23.5. Educational support personnel employees.

(a) To employ such educational support personnel employees as it deems advisable and to define their employment duties; provided that residency within any school district shall not be considered in determining the employment or the compensation of any such employee, or whether to retain, promote, assign or transfer such employee. If an educational support personnel employee is removed or dismissed or the hours he or she works are reduced as a result of a decision of the school board (i) to decrease the number of educational support personnel employees employed by the board or (ii) to discontinue some particular type of educational support service, written notice shall be mailed to the employee and also given to the employee either by certified mail, return receipt requested, or personal delivery with receipt, at least 30 days before the employee is removed or dismissed or the hours he or she works are reduced, together with a statement of honorable dismissal and the reason therefor if applicable. However, if a reduction in hours is due to an unforeseen reduction in the student population, then the written notice must be mailed and given to the employee at least 5 days before the hours are reduced. The employee with the shorter length of continuing service with the district, within the respective category of position, shall be dismissed first unless an alternative method of determining the sequence of dismissal is established in a collective bargaining agreement or contract between the board and any exclusive bargaining agent and except that this provision shall not impair the operation of any affirmative action program in the district, regardless of whether it exists by operation of law or is
conducted on a voluntary basis by the board. If the board has any vacancies for the following school term or within one calendar year from the beginning of the following school term, the positions thereby becoming available within a specific category of position shall be tendered to the employees so removed or dismissed from that category or any other category of position, so far as they are qualified to hold such positions. Each board shall, in consultation with any exclusive employee representative or bargaining agent, each year establish a list, categorized by positions, showing the length of continuing service of each full time educational support personnel employee who is qualified to hold any such positions, unless an alternative method of determining a sequence of dismissal is established as provided for in this Section, in which case a list shall be made in accordance with the alternative method. Copies of the list shall be distributed to the exclusive employee representative or bargaining agent on or before February 1 of each year. Where an educational support personnel employee is dismissed by the board as a result of a decrease in the number of employees or the discontinuance of the employee's job, the employee shall be paid all earned compensation on or before the next regular pay date or third business day following his or her last day of employment.

The provisions of this amendatory Act of 1986 relating to residency within any school district shall not apply to cities having a population exceeding 500,000 inhabitants.

(b) In the case of a new school district or districts formed in accordance with Article 11E of this Code, a school district or districts that annex all of the territory of one or more entire other school districts in accordance with Article 7 of this Code, or a school district receiving students from a deactivated school facility in accordance with Section 10-22.22b of this Code, the employment of educational support personnel in the new, annexing, or receiving school district immediately following the reorganization shall be governed by this subsection (b). Lists of the educational support personnel employed in the individual districts for the school year immediately prior to the effective date of the new district or districts, annexation, or deactivation shall be combined for the districts forming the new district or districts, for the annexed and annexing districts, or for the deactivating and receiving districts, as the case may be. The combined list shall be categorized by positions, showing the length of continuing service of each full-time educational support personnel employee who is qualified to hold any such position. If there are more full-

New matter indicate by italics - deletions by strikeout
time educational support personnel employees on the combined list than there are available positions in the new, annexing, or receiving school district, then the employing school board shall first remove or dismiss those educational support personnel employees with the shorter length of continuing service within the respective category of position, following the procedures outlined in subsection (a) of this Section. The employment and position of each educational support personnel employee on the combined list not so removed or dismissed shall be transferred to the new, annexing, or receiving school board, and the new, annexing, or receiving school board is subject to this Code with respect to any educational support personnel employee so transferred as if the educational support personnel employee had been the new, annexing, or receiving board's employee during the time the educational support personnel employee was actually employed by the school board of the district from which the employment and position were transferred.

New matter indicate by italics - deletions by strikeout
(a) This Act may be cited as the First 2010 General Revisory Act.

(b) This Act is not intended to make any substantive change in the law. It reconciles conflicts that have arisen from multiple amendments and enactments and makes technical corrections and revisions in the law.

This Act revises and, where appropriate, renumbers certain Sections that have been added or amended by more than one Public Act. In certain cases in which a repealed Act or Section has been replaced with a successor law, this Act may incorporate amendments to the repealed Act or Section into the successor law. This Act also corrects errors, revises cross-references, and deletes obsolete text.

(c) In this Act, the reference at the end of each amended Section indicates the sources in the Session Laws of Illinois that were used in the preparation of the text of that Section. The text of the Section included in this Act is intended to include the different versions of the Section found in the Public Acts included in the list of sources, but may not include other versions of the Section to be found in Public Acts not included in the list of sources. The list of sources is not a part of the text of the Section.

(d) Public Acts 95-1004 through 96-856, with some exceptions because of other legislation pending action by the Governor, were considered in the preparation of the combining revisories included in this Act. Many of those combining revisories contain no striking or underscoring because no additional changes are being made in the material that is being combined.

If it is not feasible to furnish the public records in the specified electronic format, then the public body shall furnish it in the format in which it is maintained by the public body, or in paper format at the option of the requester. A public body may charge the requester for the actual cost of purchasing the recording medium, whether disc, diskette, tape, or other medium. A public body may not charge the requester for the costs of any search for and review of the records or other personnel costs associated with reproducing the records. Except to the extent that the General Assembly expressly provides, statutory fees applicable to copies of public records when furnished in a paper format shall not be applicable to those records when furnished in an electronic format.

(b) Except when a fee is otherwise fixed by statute, each public body may charge fees reasonably calculated to reimburse its actual cost for reproducing and certifying public records and for the use, by any person, of the equipment of the public body to copy records. Such fees shall be imposed according to a standard scale of fees, established and made public by the body imposing them. The cost for certifying a record shall not exceed $1.

(c) Documents shall be furnished without charge or at a reduced charge, as determined by the public body, if the person requesting the documents states the specific purpose for the request and indicates that a waiver or reduction of the fee is in the public interest. For purposes of this subsection, "commercial benefit" shall not apply to requests made by news...

(10 ILCS 5/7-14.1) (from Ch. 46, par. 7-14.1)

Sec. 7-14.1. Delegates and alternate delegates to national nominating conventions shall be chosen according to one of the following alternative methods of allocating delegates for election. The State central committee of each political party established pursuant to this Article 7 shall certify to the State Board of Elections, not less than 30 days prior to the first date for filing of petitions for election as delegate or alternate delegate to a national nominating convention, which of the following alternatives it wishes to be utilized in allocating the delegates and alternate delegates to which Illinois will be entitled at its national nominating convention. The State Board of Elections shall meet promptly and, not less than 20 days prior to the first date for filing of such petitions, shall publish and certify to the county clerk in each county the number of delegates or alternate delegates to be elected from each congressional district or from the State at large or State convention of a political party, as the case may be, according to the method chosen by each State central committee. If a State central committee fails to certify to the State Board of Elections its choice of one of the following methods prior to the aforementioned meeting of the State Board of Elections, the State Board of Elections shall certify delegates for that political party pursuant to whichever of the alternatives below was used by that political party pursuant to whichever of the alternatives below was used by that political party in the most recent

year in which delegates were selected, subject to any subsequent amendments.

Prior to the aforementioned meeting of the State Board of Elections at which the Board shall publish and certify to the county clerk the number of delegates or alternate delegates to be elected from each congressional district or the State at large or State convention, the Secretary of State shall ascertain from the call of the national convention of each political party the number of delegates and alternate delegates to which Illinois will be entitled at the respective national nominating conventions. The Secretary of State shall report the number of delegates and alternate delegates to which Illinois will be entitled at the respective national nominating conventions to the State Board of Elections convened as aforesaid to be utilized by the State Board of Elections in calculating the number of delegates and alternates to be elected from each congressional district in the State at large or State convention, as the case may be.

Alternative A: The State Board of Elections shall allocate the number of delegates and alternate delegates to which the State is entitled among the congressional districts in the State.

1. Of the number of delegates to which the State is entitled, 10, plus those remaining unallocated under paragraph 2, shall be delegates at large. The State central committee of the appropriate political party shall determine whether the delegates at large shall be (a) elected in the primary from the State at large, (b) selected by the State convention, or (c) chosen by a combination of these 2 methods. If the State central committee determines that all or a specified number of the delegates at large shall be elected in the primary, the committee shall file with the Board a report of such determination at the same time it certifies the alternative it wishes to use in allocating its delegates.

2. All delegates other than the delegates at large shall be elected from the congressional districts. Two delegates shall be allocated from this number to each district. After reserving 10 delegates to be delegates at large and allocating 2 delegates to each district, the Board shall allocate the remaining delegates to the congressional districts pursuant to the following formula:

(a) For each district, the number of remaining delegates shall be multiplied by a fraction, the numerator of which is the vote cast in the congressional district for the party's nominee in the last Presidential election, and the denominator of which is the vote cast in the State for the party's nominee in the last Presidential election.

New matter indicate by italics - deletions by strikeout
(b) The Board shall first allocate to each district a number of delegates equal to the whole number in the product resulting from the multiplication procedure in subparagraph (a).

(c) The Board shall then allocate any remaining delegates, one to each district, in the order of the largest fractional remainder in the product resulting from the multiplication procedure in subparagraph (a), omitting those districts for which that product is less than 1.875.

(d) The Board shall then allocate any remaining delegates, one to each district, in the order of the largest fractional remainder in the product resulting from the multiplication procedure in subparagraph (a), among those districts for which that product is at least one but less than 1.875.

(e) Any delegates remaining unallocated shall be delegates at large and shall be selected as determined by the State central committee under paragraph 1 of this Alternative A.

3. The alternate delegates at large shall be allocated in the same manner as the delegates at large. The alternate delegates other than the alternate delegates at large shall be allocated in the same manner as the delegates other than the delegates at large.

Alternative B: the chairman of the State central committee shall file with the State Board of Elections a statement of the number of delegates and alternate delegates to which the State is entitled and the number of such delegates and alternate delegates to be elected from congressional districts. The State Board of Elections shall allocate such number of delegates and alternate delegates, as the case may be, among the congressional districts in the State for election from the congressional districts.

The Board shall utilize the sum of 1/3 of each of the following formulae to determine the number of delegates and alternate delegates, as the case may be, to be elected from each congressional district:

(1) Formula 1 shall be determined by multiplying paragraphs (a) a, (b), b and (c) c together as follows:

(a) The fraction derived by dividing the population of the district by the population of the State and adding to that fraction the following: 1/2 of the fraction calculated by dividing the total district vote for the party's candidate in the most recent presidential election by the total statewide vote for that candidate in that election, plus 1/2 of the fraction calculated by dividing the total

district vote for the party's candidate in the second most recent Presidential election by the total statewide vote for that candidate in that election;

(b) 1/2;

(c) The number of delegates or alternate delegates, as the case may be, to which the State is entitled at the party's national nominating convention.

(2) Formula 2 shall be determined by multiplying paragraphs (a) a, (b), b and (c) c together as follows:

(a) The fraction calculated by dividing the total numbers of votes in the district for the party's candidate in the most recent Gubernatorial election by the total statewide vote for that candidate in that election, plus, the fraction calculated by dividing the total district vote for the party's candidate in the most recent presidential election by the total statewide vote for that candidate in that election;

(b) 1/2;

(c) The number of delegates or alternate delegates, as the case may be, to which the State is entitled at the party's national nominating convention.

(3) Formula 3 shall be determined by multiplying paragraphs (a) a, (b), b and (c) c together as follows:

(a) 1/2 of the fraction calculated by dividing the total district vote for the party's candidate in the most recent presidential election by the total statewide vote for that candidate in that election, plus 1/2 of the fraction calculated by dividing the total district vote for the party's candidate in the second most recent presidential election by the total statewide vote for that candidate in that election. This sum shall be added to the fraction calculated by dividing the total voter registration of the party in the district by the total voter registration of the party in the State as of January 1 of the year prior to the year in which the national nominating convention is held;

(b) 1/2;

(c) The number of delegates or alternate delegates, as the case may be, to which the State is entitled at the party's national nominating convention.

Fractional numbers of delegates and alternate delegates shall be rounded upward in rank order to the next whole number, largest fraction
first, until the total number of delegates and alternate delegates, respectively, to be so chosen have been allocated.

The remainder of the delegates and alternate delegates shall be selected as determined by the State central committee of the party and shall be certified to the State Board of Elections by the chairman of the State central committee.

Notwithstanding anything to the contrary contained herein, with respect to all aspects of the selection of delegates and alternate delegates to a national nominating convention under Alternative B, this Code shall be 

\textit{superseded} \textit{superseded} by the delegate selection rules and policies of the national political party including, but not limited to, the development of an affirmative action plan.

Section 40. The State Budget Law of the Civil Administrative Code of Illinois is amended by changing Section 50-5 as follows:

(15 ILCS 20/50-5)

Sec. 50-5. Governor to submit State budget. The Governor shall, as soon as possible and not later than the third Wednesday in March in 2009 (March 18, 2009) and the third Wednesday in February of each year beginning in 2010, except as otherwise provided in this Section, submit a State budget, embracing therein the amounts recommended by the Governor to be appropriated to the respective departments, offices, and institutions, and for all other public purposes, the estimated revenues from taxation, the estimated revenues from sources other than taxation, and an estimate of the amount required to be raised by taxation. The amounts recommended by the Governor for appropriation to the respective departments, offices and institutions shall be formulated according to the various functions and activities for which the respective department, office or institution of the State government (including the elective officers in the executive department and including the University of Illinois and the judicial department) is responsible. The amounts relating to particular functions and activities shall be further formulated in accordance with the object classification specified in Section 13 of the State Finance Act.

The Governor shall not propose expenditures and the General Assembly shall not enact appropriations that exceed the resources estimated to be available, as provided in this Section.
For the purposes of Article VIII, Section 2 of the 1970 Illinois Constitution, the State budget for the following funds shall be prepared on the basis of revenue and expenditure measurement concepts that are in concert with generally accepted accounting principles for governments:

1. General Revenue Fund.
2. Common School Fund.
4. Road Fund.

These funds shall be known as the "budgeted funds". The revenue estimates used in the State budget for the budgeted funds shall include the estimated beginning fund balance, plus revenues estimated to be received during the budgeted year, plus the estimated receipts due the State as of June 30 of the budgeted year that are expected to be collected during the lapse period following the budgeted year, minus the receipts collected during the first 2 months of the budgeted year that became due to the State in the year before the budgeted year. Revenues shall also include estimated federal reimbursements associated with the recognition of Section 25 of the State Finance Act liabilities. For any budgeted fund for which current year revenues are anticipated to exceed expenditures, the surplus shall be considered to be a resource available for expenditure in the budgeted fiscal year.

Expenditure estimates for the budgeted funds included in the State budget shall include the costs to be incurred by the State for the budgeted year, to be paid in the next fiscal year, excluding costs paid in the budgeted year which were carried over from the prior year, where the payment is authorized by Section 25 of the State Finance Act. For any budgeted fund for which expenditures are expected to exceed revenues in the current fiscal year, the deficit shall be considered as a use of funds in the budgeted fiscal year.

Revenues and expenditures shall also include transfers between funds that are based on revenues received or costs incurred during the budget year.

Appropriations for expenditures shall also include all anticipated statutory continuing appropriation obligations that are expected to be incurred during the budgeted fiscal year.

By March 15 of each year, the Commission on Government Forecasting and Accountability shall prepare revenue and fund transfer

estimates in accordance with the requirements of this Section and report those estimates to the General Assembly and the Governor.

For all funds other than the budgeted funds, the proposed expenditures shall not exceed funds estimated to be available for the fiscal year as shown in the budget. Appropriation for a fiscal year shall not exceed funds estimated by the General Assembly to be available during that year.

Section 45. The Attorney General Act is amended by changing Section 7 as follows:

(15 ILCS 205/7)

Sec. 7. Public Access Counselor.

(a) The General Assembly finds that members of the public have encountered obstacles in obtaining copies of public records from units of government, and that many of those obstacles result from difficulties that both members of the public and public bodies have had in interpreting and applying the Freedom of Information Act. The General Assembly further finds that members of the public have encountered difficulties in resolving alleged violations of the Open Meetings Act. The public's significant interest in access to public records and in open meetings would be better served if there were a central office available to provide advice and education with respect to the interpretation and implementation of the Freedom of Information Act and the Open Meetings Act.

(b) Therefore, there is created in the Office of the Attorney General the Office of Public Access Counselor. The Attorney General shall appoint a Public Access Counselor, who shall be an attorney licensed to practice in Illinois. The Public Access Counselor's Office shall be comprised of the Public Access Counselor and such assistant attorneys general and other staff as are deemed necessary by the Attorney General.

(c) Through the Public Access Counselor, the Attorney General shall have the power:

(1) to establish and administer a program to provide free training for public officials and to educate the public on the rights of the public and the responsibilities of public bodies under the Freedom of Information Act and the Open Meetings Act;

(2) to prepare and distribute interpretive or educational materials and programs;

(3) to resolve disputes involving a potential violation of the Open Meetings Act or the Freedom of Information Act in response
to a request for review initiated by an aggrieved party, as provided in those Acts, by mediating or otherwise informally resolving the dispute or by issuing a binding opinion; except that the Attorney General may not issue an opinion concerning a specific matter with respect to which a lawsuit has been filed under Section 3 of the Open Meetings Act or Section 11 of the Freedom of Information Act;

(4) to issue advisory opinions with respect to the Open Meetings Act and the Freedom of Information Act either in response to a request for review or otherwise;
(5) to respond to informal inquiries made by the public and public bodies;
(6) to conduct research on compliance issues;
(7) to make recommendations to the General Assembly concerning ways to improve access to public records and public access to the processes of government;
(8) to develop and make available on the Attorney General's website or by other means an electronic training curriculum for Freedom of Information officers;
(9) to develop and make available on the Attorney General's website or by other means an electronic Open Meetings Act training curriculum for employees, officers, and members designated by public bodies;
(10) to prepare and distribute to public bodies model policies for compliance with the Freedom of Information Act; and
(11) to promulgate rules to implement these powers.

(d) To accomplish the objectives and to carry out the duties prescribed by this Section, the Public Access Counselor, in addition to other powers conferred upon him or her by this Section, may request that subpoenas be issued by the Attorney General in accordance with the provisions of Section 9.5 of the Freedom of Information Act and Section 3.5 of the Open Meetings Act. Service by the Attorney General of any subpoena upon any person shall be made:

(1) (i) personally by delivery of a duly executed copy thereof to the person to be served, or in the case of a public body, in the manner provided in Section 2-211 of the Code of Civil Procedure; or

New matter indicate by italics - deletions by strikeout
(2) by mailing by certified mail a duly executed copy thereof to the person to be served at his or her last known abode or, in the case of a public body, to its principal place of business.

(e) If any person or public body fails or refuses to obey any subpoena issued pursuant to this Section, the Attorney General may file a complaint in the circuit court to:

(1) obtain compliance with the subpoena;

(2) obtain injunctive relief to prevent a violation of the Open Meetings Act or Freedom of Information Act; and

(3) obtain such other relief as may be required.

(f) The Attorney General has the authority to file an action in the circuit court of Cook or Sangamon County for injunctive or other relief to compel compliance with a binding opinion issued pursuant to Section 3.5 of the Open Meetings Act or Section 9.5 of the Freedom of Information Act, to prevent a violation of the Open Meetings Act or the Freedom of Information Act, and for such other relief as may be required.

(g) The Attorney General shall post his or her binding opinions issued pursuant to Section 3.5 of the Open Meetings Act or Section 9.5 of the Freedom of Information Act and any rules on the official website of the Office of the Attorney General, with links to those opinions from the official home page, and shall make them available for immediate inspection in his or her office.
