(20 ILCS 5/5-565) (was 20 ILCS 5/6.06)

Sec. 5-565. In the Department of Public Health.

(a) The General Assembly declares it to be the public policy of this State that all citizens of Illinois are entitled to lead healthy lives. Governmental public health has a specific responsibility to ensure that a system is in place to allow the public health mission to be achieved. To develop a system requires certain core functions to be performed by government. The State Board of Health is to assume the leadership role in advising the Director in meeting the following functions:

(1) Needs assessment.

(3) Policy development.
(4) Assurance of access to necessary services.

The Board shall review the proposed rules within 90 days of submission by the Department. The Department shall take into consideration any comments and recommendations of the Board regarding the proposed rules prior to submission to the Secretary of State for initial publication. If the Department disagrees with the recommendations of the Board, it shall submit a written response outlining the reasons for not accepting the recommendations.

In the case of proposed administrative rules or amendments to administrative rules regarding immunization of children against preventable communicable diseases designated by the Director under the Communicable Disease Prevention Act, after the Immunization Advisory Committee has made its recommendations, the Board shall conduct 3 public hearings, geographically distributed throughout the State. At the conclusion of the hearings, the State Board of Health shall issue a report, including its recommendations, to the Director. The Director shall take into consideration any comments or recommendations made by the Board based on these hearings.

(10) To deliver to the Governor for presentation to the General Assembly a State Health Improvement Plan. The first and second such plans shall be delivered to the Governor on January 1, 2006 and on January 1, 2009 respectively, and then every 4 years thereafter.

The Plan shall also take into consideration priorities and strategies developed at the community level through the Illinois Project for Local Assessment of Needs (IPLAN) and any regional health improvement plans that may be developed. The Plan shall focus on prevention as a key strategy for long-term health improvement in Illinois.

The Plan shall examine and make recommendations on the contributions and strategies of the public and private sectors for improving health status and the public health system in the State. In addition to recommendations on health status improvement priorities and strategies for the population of the State as a whole, the Plan shall make recommendations regarding priorities and strategies for reducing and eliminating health disparities in Illinois; including racial, ethnic, gender, age, socio-economic and geographic disparities.

This Team shall include: the directors of State agencies with public health responsibilities (or their designees), including but not limited to the Illinois Departments of Public Health and Department of Human Services, representatives of local health departments, representatives of local community health partnerships, and individuals with expertise who represent an array of organizations and constituencies engaged in public health improvement and prevention.

The State Board of Health shall hold at least 3 public hearings addressing drafts of the Plan in representative geographic areas of the State. Members of the Planning Team shall receive no compensation for their services, but may be reimbursed for their necessary expenses.

(11) Upon the request of the Governor, to recommend to the Governor candidates for Director of Public Health when vacancies occur in the position.

(12) To adopt bylaws for the conduct of its own business, including the authority to establish ad hoc committees to address specific public health programs requiring resolution.

(13) To review and comment upon the Comprehensive Health Plan submitted by the Center for Comprehensive Health
Planning as provided under Section 2310-217 of the Department of Public Health Powers and Duties Law of the Civil Administrative Code of Illinois.

Upon appointment, the Board shall elect a chairperson from among its members.

Members of the Board shall receive compensation for their services at the rate of $150 per day, not to exceed $10,000 per year, as designated by the Director for each day required for transacting the business of the Board and shall be reimbursed for necessary expenses incurred in the performance of their duties. The Board shall meet from time to time at the call of the Department, at the call of the chairperson, or upon the request of 3 of its members, but shall not meet less than 4 times per year.

(b) (Blank).

(c) An Advisory Board on Necropsy Service to Coroners, which shall counsel and advise with the Director on the administration of the Autopsy Act. The Advisory Board shall consist of 11 members, including a senior citizen age 60 or over, appointed by the Governor, one of whom shall be designated as chairman by a majority of the members of the Board. In the appointment of the first Board the Governor shall appoint 3 members to serve for terms of 1 year, 3 for terms of 2 years, and 3 for terms of 3 years. The members first appointed under Public Act 83-1538 shall serve for a term of 3 years. All members appointed thereafter shall be appointed for terms of 3 years, except that when an appointment is made to fill a vacancy, the appointment shall be for the remaining term of the position vacant. The members of the Board shall be citizens of the State of Illinois. In the appointment of members of the Advisory Board the Governor shall appoint 3 members who shall be persons licensed to practice medicine and surgery in the State of Illinois, at least 2 of whom shall have received post-graduate training in the field of pathology; 3 members who are duly elected coroners in this State; and 5 members who shall have interest and abilities in the field of forensic medicine but who shall be neither persons licensed to practice any branch of medicine in this State nor coroners. In the appointment of medical and coroner members of the Board, the Governor shall invite nominations from recognized medical and coroners organizations in this State respectively. Board members, while serving on business of the Board, shall receive actual necessary travel and subsistence expenses while so serving away from their places of residence.
Section 60. The Children and Family Services Act is amended by changing Sections 5 and 34.11 as follows:

Sec. 5. Direct child welfare services; Department of Children and Family Services. To provide direct child welfare services when not available through other public or private child care or program facilities.

(a) For purposes of this Section:

(1) "Children" means persons found within the State who are under the age of 18 years. The term also includes persons under age 21 who:

(A) were committed to the Department pursuant to the Juvenile Court Act or the Juvenile Court Act of 1987, as amended, prior to the age of 18 and who continue under the jurisdiction of the court; or

(B) were accepted for care, service and training by the Department prior to the age of 18 and whose best interest in the discretion of the Department would be served by continuing that care, service and training because of severe emotional disturbances, physical disability, social adjustment or any combination thereof, or because of the need to complete an educational or vocational training program.

(2) "Homeless youth" means persons found within the State who are under the age of 19, are not in a safe and stable living situation and cannot be reunited with their families.

(3) "Child welfare services" means public social services which are directed toward the accomplishment of the following purposes:

(A) protecting and promoting the health, safety and welfare of children, including homeless, dependent or neglected children;

(B) remedying, or assisting in the solution of problems which may result in, the neglect, abuse, exploitation or delinquency of children;

(C) preventing the unnecessary separation of children from their families by identifying family problems, assisting families in resolving their problems, and preventing the breakup of the family where the prevention

of child removal is desirable and possible when the child can be cared for at home without endangering the child's health and safety;

(D) restoring to their families children who have been removed, by the provision of services to the child and the families when the child can be cared for at home without endangering the child's health and safety;

(E) placing children in suitable adoptive homes, in cases where restoration to the biological family is not safe, possible or appropriate;

(F) assuring safe and adequate care of children away from their homes, in cases where the child cannot be returned home or cannot be placed for adoption. At the time of placement, the Department shall consider concurrent planning, as described in subsection (l-1) of this Section so that permanency may occur at the earliest opportunity. Consideration should be given so that if reunification fails or is delayed, the placement made is the best available placement to provide permanency for the child;

(G) (blank);

(H) (blank); and

(I) placing and maintaining children in facilities that provide separate living quarters for children under the age of 18 and for children 18 years of age and older, unless a child 18 years of age is in the last year of high school education or vocational training, in an approved individual or group treatment program, in a licensed shelter facility, or secure child care facility. The Department is not required to place or maintain children:

(i) who are in a foster home, or

(ii) who are persons with a developmental disability, as defined in the Mental Health and Developmental Disabilities Code, or

(iii) who are female children who are pregnant, pregnant and parenting or parenting, or

(iv) who are siblings, in facilities that provide separate living quarters for children 18 years of age and older and for children under 18 years of age.

(b) Nothing in this Section shall be construed to authorize the expenditure of public funds for the purpose of performing abortions.

(c) The Department shall establish and maintain tax-supported child welfare services and extend and seek to improve voluntary services throughout the State, to the end that services and care shall be available on an equal basis throughout the State to children requiring such services.

(d) The Director may authorize advance disbursements for any new program initiative to any agency contracting with the Department. As a prerequisite for an advance disbursement, the contractor must post a surety bond in the amount of the advance disbursement and have a purchase of service contract approved by the Department. The Department may pay up to 2 months operational expenses in advance. The amount of the advance disbursement shall be prorated over the life of the contract or the remaining months of the fiscal year, whichever is less, and the installment amount shall then be deducted from future bills. Advance disbursement authorizations for new initiatives shall not be made to any agency after that agency has operated during 2 consecutive fiscal years. The requirements of this Section concerning advance disbursements shall not apply with respect to the following: payments to local public agencies for child day care services as authorized by Section 5a of this Act; and youth service programs receiving grant funds under Section 17a-4.

(e) (Blank).

(f) (Blank).

(g) The Department shall establish rules and regulations concerning its operation of programs designed to meet the goals of child safety and protection, family preservation, family reunification, and adoption, including but not limited to:

1. adoption;
2. foster care;
3. family counseling;
4. protective services;
5. (blank);
6. homemaker service;
7. return of runaway children;
8. (blank);
9. placement under Section 5-7 of the Juvenile Court Act or Section 2-27, 3-28, 4-25 or 5-740 of the Juvenile Court Act of 1987 in accordance with the federal Adoption Assistance and Child Welfare Act of 1980; and

(10) interstate services.

Rules and regulations established by the Department shall include provisions for training Department staff and the staff of Department grantees, through contracts with other agencies or resources, in alcohol and drug abuse screening techniques approved by the Department of Human Services, as a successor to the Department of Alcoholism and Substance Abuse, for the purpose of identifying children and adults who should be referred to an alcohol and drug abuse treatment program for professional evaluation.

(h) If the Department finds that there is no appropriate program or facility within or available to the Department for a ward and that no licensed private facility has an adequate and appropriate program or none agrees to accept the ward, the Department shall create an appropriate individualized, program-oriented plan for such ward. The plan may be developed within the Department or through purchase of services by the Department to the extent that it is within its statutory authority to do.

(i) Service programs shall be available throughout the State and shall include but not be limited to the following services:

(1) case management;
(2) homemakers;
(3) counseling;
(4) parent education;
(5) day care; and
(6) emergency assistance and advocacy.

In addition, the following services may be made available to assess and meet the needs of children and families:

(1) comprehensive family-based services;
(2) assessments;
(3) respite care; and
(4) in-home health services.

The Department shall provide transportation for any of the services it makes available to children or families or for which it refers children or families.

(j) The Department may provide categories of financial assistance and education assistance grants, and shall establish rules and regulations concerning the assistance and grants, to persons who adopt physically or mentally handicapped, older and other hard-to-place children who (i) immediately prior to their adoption were legal wards of the Department or (ii) were determined eligible for financial assistance with respect to a prior

New matter indicate by italics - deletions by strikeout
adoption and who become available for adoption because the prior adoption has been dissolved and the parental rights of the adoptive parents have been terminated or because the child's adoptive parents have died. The Department may continue to provide financial assistance and education assistance grants for a child who was determined eligible for financial assistance under this subsection (j) in the interim period beginning when the child's adoptive parents died and ending with the finalization of the new adoption of the child by another adoptive parent or parents. The Department may also provide categories of financial assistance and education assistance grants, and shall establish rules and regulations for the assistance and grants, to persons appointed guardian of the person under Section 5-7 of the Juvenile Court Act or Section 2-27, 3-28, 4-25 or 5-740 of the Juvenile Court Act of 1987 for children who were wards of the Department for 12 months immediately prior to the appointment of the guardian.

The amount of assistance may vary, depending upon the needs of the child and the adoptive parents, as set forth in the annual assistance agreement. Special purpose grants are allowed where the child requires special service but such costs may not exceed the amounts which similar services would cost the Department if it were to provide or secure them as guardian of the child.

Any financial assistance provided under this subsection is inalienable by assignment, sale, execution, attachment, garnishment, or any other remedy for recovery or collection of a judgment or debt.

(j-5) The Department shall not deny or delay the placement of a child for adoption if an approved family is available either outside of the Department region handling the case, or outside of the State of Illinois.

(k) The Department shall accept for care and training any child who has been adjudicated neglected or abused, or dependent committed to it pursuant to the Juvenile Court Act or the Juvenile Court Act of 1987.

(l) The Department shall offer family preservation services, as defined in Section 8.2 of the Abused and Neglected Child Reporting Act, to help families, including adoptive and extended families. Family preservation services shall be offered (i) to prevent the placement of children in substitute care when the children can be cared for at home or in the custody of the person responsible for the children's welfare, (ii) to reunite children with their families, or (iii) to maintain an adoptive placement. Family preservation services shall only be offered when doing so will not endanger the children's health or safety. With respect to

New matter indicate by italics - deletions by strikeout
children who are in substitute care pursuant to the Juvenile Court Act of 1987, family preservation services shall not be offered if a goal other than those of subdivisions (A), (B), or (B-1) of subsection (2) of Section 2-28 of that Act has been set. Nothing in this paragraph shall be construed to create a private right of action or claim on the part of any individual or child welfare agency, except that when a child is the subject of an action under Article II of the Juvenile Court Act of 1987 and the child's service plan calls for services to facilitate achievement of the permanency goal, the court hearing the action under Article II of the Juvenile Court Act of 1987 may order the Department to provide the services set out in the plan, if those services are not provided with reasonable promptness and if those services are available.

The Department shall notify the child and his family of the Department's responsibility to offer and provide family preservation services as identified in the service plan. The child and his family shall be eligible for services as soon as the report is determined to be "indicated". The Department may offer services to any child or family with respect to whom a report of suspected child abuse or neglect has been filed, prior to concluding its investigation under Section 7.12 of the Abused and Neglected Child Reporting Act. However, the child's or family's willingness to accept services shall not be considered in the investigation. The Department may also provide services to any child or family who is the subject of any report of suspected child abuse or neglect or may refer such child or family to services available from other agencies in the community, even if the report is determined to be unfounded, if the conditions in the child's or family's home are reasonably likely to subject the child or family to future reports of suspected child abuse or neglect. Acceptance of such services shall be voluntary. The Department may also provide services to any child or family after completion of a family assessment, as an alternative to an investigation, as provided under the "differential response program" provided for in subsection (a-5) of Section 7.4 of the Abused and Neglected Child Reporting Act.

The Department may, at its discretion except for those children also adjudicated neglected or dependent, accept for care and training any child who has been adjudicated addicted, as a truant minor in need of supervision or as a minor requiring authoritative intervention, under the Juvenile Court Act or the Juvenile Court Act of 1987, but no such child shall be committed to the Department by any court without the approval of the Department. A minor charged with a criminal offense under the
Criminal Code of 1961 or adjudicated delinquent shall not be placed in the
custody of or committed to the Department by any court, except (i) a
minor less than 15 years of age committed to the Department under
Section 5-710 of the Juvenile Court Act of 1987, (ii) a minor for whom an
independent basis of abuse, neglect, or dependency exists, which must be
declared by departmental rule, or (iii) a minor for whom the court has
granted a supplemental petition to reinstate wardship pursuant to
subsection (2) of Section 2-33 of the Juvenile Court Act of 1987. An
independent basis exists when the allegations or adjudication of abuse,
neglect, or dependency do not arise from the same facts, incident, or
circumstances which give rise to a charge or adjudication of delinquency.

As soon as is possible after August 7, 2009 (the effective date of
Public Act 96-134) this amendatory Act of the 96th General Assembly, the
Department shall develop and implement a special program of family
preservation services to support intact, foster, and adoptive families who
are experiencing extreme hardships due to the difficulty and stress of
caring for a child who has been diagnosed with a pervasive developmental
disorder if the Department determines that those services are necessary to
ensure the health and safety of the child. The Department may offer
services to any family whether or not a report has been filed under the
Abused and Neglected Child Reporting Act. The Department may refer the
child or family to services available from other agencies in the community
if the conditions in the child's or family's home are reasonably likely to
subject the child or family to future reports of suspected child abuse or
neglect. Acceptance of these services shall be voluntary. The Department
shall develop and implement a public information campaign to alert health
and social service providers and the general public about these special
family preservation services. The nature and scope of the services offered
and the number of families served under the special program implemented
under this paragraph shall be determined by the level of funding that the
Department annually allocates for this purpose. The term "pervasive
developmental disorder" under this paragraph means a neurological
condition, including but not limited to, Asperger's Syndrome and autism,
as defined in the most recent edition of the Diagnostic and Statistical
Manual of Mental Disorders of the American Psychiatric Association.

(I-1) The legislature recognizes that the best interests of the child
require that the child be placed in the most permanent living arrangement
as soon as is practically possible. To achieve this goal, the legislature
directs the Department of Children and Family Services to conduct

concurrent planning so that permanency may occur at the earliest opportunity. Permanent living arrangements may include prevention of placement of a child outside the home of the family when the child can be cared for at home without endangering the child's health or safety; reunification with the family, when safe and appropriate, if temporary placement is necessary; or movement of the child toward the most permanent living arrangement and permanent legal status.

When determining reasonable efforts to be made with respect to a child, as described in this subsection, and in making such reasonable efforts, the child's health and safety shall be the paramount concern.

When a child is placed in foster care, the Department shall ensure and document that reasonable efforts were made to prevent or eliminate the need to remove the child from the child's home. The Department must make reasonable efforts to reunify the family when temporary placement of the child occurs unless otherwise required, pursuant to the Juvenile Court Act of 1987. At any time after the dispositional hearing where the Department believes that further reunification services would be ineffective, it may request a finding from the court that reasonable efforts are no longer appropriate. The Department is not required to provide further reunification services after such a finding.

A decision to place a child in substitute care shall be made with considerations of the child's health, safety, and best interests. At the time of placement, consideration should also be given so that if reunification fails or is delayed, the placement made is the best available placement to provide permanency for the child.

The Department shall adopt rules addressing concurrent planning for reunification and permanency. The Department shall consider the following factors when determining appropriateness of concurrent planning:

(1) the likelihood of prompt reunification;
(2) the past history of the family;
(3) the barriers to reunification being addressed by the family;
(4) the level of cooperation of the family;
(5) the foster parents' willingness to work with the family to reunite;
(6) the willingness and ability of the foster family to provide an adoptive home or long-term placement;
(7) the age of the child;

(8) placement of siblings.

(m) The Department may assume temporary custody of any child if:

(1) it has received a written consent to such temporary custody signed by the parents of the child or by the parent having custody of the child if the parents are not living together or by the guardian or custodian of the child if the child is not in the custody of either parent, or

(2) the child is found in the State and neither a parent, guardian nor custodian of the child can be located.

If the child is found in his or her residence without a parent, guardian, custodian or responsible caretaker, the Department may, instead of removing the child and assuming temporary custody, place an authorized representative of the Department in that residence until such time as a parent, guardian or custodian enters the home and expresses a willingness and apparent ability to ensure the child's health and safety and resume permanent charge of the child, or until a relative enters the home and is willing and able to ensure the child's health and safety and assume charge of the child until a parent, guardian or custodian enters the home and expresses such willingness and ability to ensure the child's safety and resume permanent charge. After a caretaker has remained in the home for a period not to exceed 12 hours, the Department must follow those procedures outlined in Section 2-9, 3-11, 4-8, or 5-415 of the Juvenile Court Act of 1987.

The Department shall have the authority, responsibilities and duties that a legal custodian of the child would have pursuant to subsection (9) of Section 1-3 of the Juvenile Court Act of 1987. Whenever a child is taken into temporary custody pursuant to an investigation under the Abused and Neglected Child Reporting Act, or pursuant to a referral and acceptance under the Juvenile Court Act of 1987 of a minor in limited custody, the Department, during the period of temporary custody and before the child is brought before a judicial officer as required by Section 2-9, 3-11, 4-8, or 5-415 of the Juvenile Court Act of 1987, shall have the authority, responsibilities and duties that a legal custodian of the child would have under subsection (9) of Section 1-3 of the Juvenile Court Act of 1987.

The Department shall ensure that any child taken into custody is scheduled for an appointment for a medical examination.

A parent, guardian or custodian of a child in the temporary custody of the Department who would have custody of the child if he were not in

the temporary custody of the Department may deliver to the Department a signed request that the Department surrender the temporary custody of the child. The Department may retain temporary custody of the child for 10 days after the receipt of the request, during which period the Department may cause to be filed a petition pursuant to the Juvenile Court Act of 1987. If a petition is so filed, the Department shall retain temporary custody of the child until the court orders otherwise. If a petition is not filed within the 10 day period, the child shall be surrendered to the custody of the requesting parent, guardian or custodian not later than the expiration of the 10 day period, at which time the authority and duties of the Department with respect to the temporary custody of the child shall terminate.

(m-1) The Department may place children under 18 years of age in a secure child care facility licensed by the Department that cares for children who are in need of secure living arrangements for their health, safety, and well-being after a determination is made by the facility director and the Director or the Director's designate prior to admission to the facility subject to Section 2-27.1 of the Juvenile Court Act of 1987. This subsection (m-1) does not apply to a child who is subject to placement in a correctional facility operated pursuant to Section 3-15-2 of the Unified Code of Corrections, unless the child is a ward who was placed under the care of the Department before being subject to placement in a correctional facility and a court of competent jurisdiction has ordered placement of the child in a secure care facility.

(n) The Department may place children under 18 years of age in licensed child care facilities when in the opinion of the Department, appropriate services aimed at family preservation have been unsuccessful and cannot ensure the child's health and safety or are unavailable and such placement would be for their best interest. Payment for board, clothing, care, training and supervision of any child placed in a licensed child care facility may be made by the Department, by the parents or guardians of the estates of those children, or by both the Department and the parents or guardians, except that no payments shall be made by the Department for any child placed in a licensed child care facility for board, clothing, care, training and supervision of such a child that exceed the average per capita cost of maintaining and of caring for a child in institutions for dependent or neglected children operated by the Department. However, such restriction on payments does not apply in cases where children require specialized care and treatment for problems of severe emotional
disturbance, physical disability, social adjustment, or any combination thereof and suitable facilities for the placement of such children are not available at payment rates within the limitations set forth in this Section. All reimbursements for services delivered shall be absolutely inalienable by assignment, sale, attachment, garnishment or otherwise.

(n-1) The Department shall provide or authorize child welfare services, aimed at assisting minors to achieve sustainable self-sufficiency as independent adults, for any minor eligible for the reinstatement of wardship pursuant to subsection (2) of Section 2-33 of the Juvenile Court Act of 1987, whether or not such reinstatement is sought or allowed, provided that the minor consents to such services and has not yet attained the age of 21. The Department shall have responsibility for the development and delivery of services under this Section. An eligible youth may access services under this Section through the Department of Children and Family Services or by referral from the Department of Human Services. Youth participating in services under this Section shall cooperate with the assigned case manager in developing an agreement identifying the services to be provided and how the youth will increase skills to achieve self-sufficiency. A homeless shelter is not considered appropriate housing for any youth receiving child welfare services under this Section. The Department shall continue child welfare services under this Section to any eligible minor until the minor becomes 21 years of age, no longer consents to participate, or achieves self-sufficiency as identified in the minor's service plan. The Department of Children and Family Services shall create clear, readable notice of the rights of former foster youth to child welfare services under this Section and how such services may be obtained. The Department of Children and Family Services and the Department of Human Services shall disseminate this information statewide. The Department shall adopt regulations describing services intended to assist minors in achieving sustainable self-sufficiency as independent adults.

(o) The Department shall establish an administrative review and appeal process for children and families who request or receive child welfare services from the Department. Children who are wards of the Department and are placed by private child welfare agencies, and foster families with whom those children are placed, shall be afforded the same procedural and appeal rights as children and families in the case of placement by the Department, including the right to an initial review of a private agency decision by that agency. The Department shall insure that

An appeal of a decision concerning a change in the placement of a child shall be conducted in an expedited manner.

(p) There is hereby created the Department of Children and Family Services Emergency Assistance Fund from which the Department may provide special financial assistance to families which are in economic crisis when such assistance is not available through other public or private sources and the assistance is deemed necessary to prevent dissolution of the family unit or to reunite families which have been separated due to child abuse and neglect. The Department shall establish administrative rules specifying the criteria for determining eligibility for and the amount and nature of assistance to be provided. The Department may also enter into written agreements with private and public social service agencies to provide emergency financial services to families referred by the Department. Special financial assistance payments shall be available to a family no more than once during each fiscal year and the total payments to a family may not exceed $500 during a fiscal year.

(q) The Department may receive and use, in their entirety, for the benefit of children any gift, donation or bequest of money or other property which is received on behalf of such children, or any financial benefits to which such children are or may become entitled while under the jurisdiction or care of the Department.

Monthly, disbursements from all children's accounts, up to 1/12 of $13,000,000, shall be deposited by the Department into the General Revenue Fund and the balance over 1/12 of $13,000,000 into the DCFS Children's Services Fund.

A list of such names and addresses shall be maintained by the Department or its agent, and coded lists which maintain the confidentiality of the person seeking to adopt the child and of the child shall be made available, without charge, to every adoption agency in the State to assist the agencies in placing such children for adoption. The Department may delegate to an agent its duty to maintain and make available such lists. The Department shall ensure that such agent maintains the confidentiality of the person seeking to adopt the child and of the child.

(s) The Department of Children and Family Services may establish and implement a program to reimburse Department and private child welfare agency foster parents licensed by the Department of Children and Family Services for damages sustained by the foster parents as a result of the malicious or negligent acts of foster children, as well as providing third party coverage for such foster parents with regard to actions of foster children to other individuals. Such coverage will be secondary to the foster parent liability insurance policy, if applicable. The program shall be

The Department shall provide written notification to the court of the specific arrangements for supervised visitation and projected monthly costs within 60 days of the court order. The Department shall send to the court information related to the costs incurred except in cases where the court has determined the parties are financially unable to pay. The court may order additional periodic reports as appropriate.

(u) In addition to other information that must be provided, whenever the Department places a child with a prospective adoptive parent or parents or in a licensed foster home, group home, child care institution, or in a relative home, the Department shall provide to the prospective adoptive parent or parents or other caretaker:

The Department shall comply with all certification requirements and provide certified operators who have been trained by personnel from the Department of State Police. In addition, one Office of the Inspector General investigator shall have training in the use of the criminal history information access system and have access to the terminal. The Department of Children and Family Services and its employees shall abide by rules and regulations established by the Department of State Police relating to the access and dissemination of this information.

(v-1) Prior to final approval for placement of a child, the Department shall conduct a criminal records background check of the prospective foster or adoptive parent, including fingerprint-based checks of national crime information databases. Final approval for placement shall not be granted if the record check reveals a felony conviction for child abuse or neglect, for spousal abuse, for a crime against children, or for a crime involving violence, including rape, sexual assault, or homicide, but not including other physical assault or battery, or if there is a felony conviction for physical assault, battery, or a drug-related offense committed within the past 5 years.

(v-2) Prior to final approval for placement of a child, the Department shall check its child abuse and neglect registry for information concerning prospective foster and adoptive parents, and any adult living in the home. If any prospective foster or adoptive parent or other adult living in the home has resided in another state in the preceding 5 years, the Department shall request a check of that other state's child abuse and neglect registry.

(w) Within 120 days of August 20, 1995 (the effective date of Public Act 89-392), the Department shall prepare and submit to the Governor and the General Assembly, a written plan for the development of in-state licensed secure child care facilities that care for children who are in need of secure living arrangements for their health, safety, and well-being. For purposes of this subsection, secure care facility shall mean a facility that is designed and operated to ensure that all entrances and exits from the facility, a building or a distinct part of the building, are under the exclusive control of the staff of the facility, whether or not the child has the freedom of movement within the perimeter of the facility, building, or distinct part of the building. The plan shall include descriptions of the types of facilities that are needed in Illinois; the cost of developing these

The Department shall conduct such credit checks starting when a ward turns 12 years old and each year thereafter for the duration of the guardianship as terminated pursuant to the Juvenile Court Act of 1987. The Department shall determine if financial exploitation of the child's personal information has occurred. If financial exploitation appears to have taken place or is presently ongoing, the Department shall notify the proper law enforcement agency, the proper State's Attorney, or the Attorney General.

(20 ILCS 505/34.11)
Sec. 34.11. Lou Jones Grandparent Child Care Program.
(a) The General Assembly finds and declares the following:

(1) An increasing number of children under the age of 18, including many children who would otherwise be at risk of abuse or neglect, are in the care of a grandparent or other nonparent relative.

(2) The principal causes of this increase include parental substance abuse, chronic illness, child abuse, mental illness, military deployment, poverty, homelessness, deportation, and death, as well as concerted efforts by families and by the child welfare service system to keep children with relatives whenever possible.

(3) Grandparents and older relatives providing primary care for at-risk children may experience unique resultant problems, such as financial stress due to limited incomes, emotional difficulties dealing with the loss of the child's parents or the child's unique behaviors, and decreased physical stamina coupled with a much higher incidence of chronic illness.

(4) Many children being raised by nonparent relatives experience one or a combination of emotional, behavioral,
psychological, academic, or medical problems, especially those born to a substance-abusing mother or at risk of child abuse, neglect, or abandonment.

(5) Grandparents and other relatives providing primary care for children lack appropriate information about the issues of kinship care, the special needs (both physical and psychological) of children born to a substance-abusing mother or at risk of child abuse, neglect, or abandonment, and the support resources currently available to them.

(6) An increasing number of grandparents and other relatives age 60 or older are adopting or becoming the subsidized guardians of children placed in their care by the Department. Some of these children will experience the death of their adoptive parent or guardian before reaching the age of 18. For most of these children, no legal plan has been made for the child's future care and custody in the event of the caregiver's death or incapacity.

(7) Grandparents and other relatives providing primary care for children lack appropriate information about future care and custody planning for children in their care. They also lack access to resources that may assist them in developing future legal care and custody plans for children in their legal custody.

(b) The Department may establish an informational and educational program for grandparents and other relatives who provide primary care for children who are at risk of child abuse, neglect, or abandonment or who were born to substance-abusing mothers. As a part of the program, the Department may develop, publish, and distribute an informational brochure for grandparents and other relatives who provide primary care for children who are at risk of child abuse, neglect, or abandonment or who were born to substance-abusing mothers. The information provided under the program authorized by this Section may include, but is not limited to the following:

(1) The most prevalent causes of kinship care, especially the risk of (i) substance exposure, (ii) child abuse, neglect, or abandonment, (iii) chronic illness, (iv) mental illness, (v) military deployment, or (vi) death.

(2) The problems experienced by children being raised by nonparent caregivers.
(3) The problems experienced by grandparents and other nonparent relatives providing primary care for children who have special needs.
(4) The legal system as it relates to children and their nonparent primary caregivers.
(5) The benefits available to children and their nonparent primary caregivers.
(6) A list of support groups and resources located throughout the State.

The brochure may be distributed through hospitals, public health nurses, child protective services, medical professional offices, elementary and secondary schools, senior citizen centers, public libraries, community action agencies selected by the Department, and the Department of Human Services.

The Kinship Navigator established under the Kinship Navigator Act shall coordinate the grandparent child care program under this Section with the programs and services established and administered by the Department of Human Services under the Kinship Navigator Act.

(c) In addition to other provisions of this Section, the Department shall establish a program of information, social work services, and legal services for any person age 60 or over and any other person who may be in need of a future legal care and custody plan who adopt, have adopted, take guardianship of, or have taken guardianship of children previously in the Department's custody. This program shall also assist families of deceased adoptive parents and guardians. As part of the program, the Department shall:

(1) Develop a protocol for identification of persons age 60 or over and others who may be in need of future care and custody plans, including ill caregivers, who are adoptive parents, prospective adoptive parents, guardians, or prospective guardians of children who are or have been in Department custody.

(2) Provide outreach to caregivers before and after adoption and guardianship, and to the families of deceased caregivers, regarding Illinois legal options for future care and custody of children.

(3) Provide training for Department and private agency staff on methods of assisting caregivers before and after adoption and guardianship, and the families of older and ill caregivers, who wish to make future care and custody plans for children who have been
wards of the Department and who are or will be adopted by or are or will become wards of those caregivers.

(4) Ensure that all caregivers age 60 or over who will adopt or will become guardians of children previously in Department custody have specifically designated future caregivers for children in their care. The Department shall document this designation, and the Department shall also document acceptance of this responsibility by any future caregiver. Documentation of future care designation shall be included in each child's case file and adoption or guardianship subsidy files as applicable to the child.

(5) Ensure that any designated future caregiver and the family of a deceased caregiver have information on the financial needs of the child and future resources that may be available to support the child, including any adoption assistance and subsidized guardianship for which the child is or may be eligible.

(6) With respect to programs of social work and legal services:

(i) Provide contracted social work services to older and ill caregivers, and the families of deceased caregivers, including those who will or have adopted or will take or have taken guardianship of children previously in Department custody. Social work services to caregivers will have the goal of securing a future care and custody plan for children in their care. Such services will include providing information to the caregivers and families on standby guardianship, guardianship, standby adoption, and adoption. The Department will assist the caregiver in developing a plan for the child if the caregiver becomes incapacitated or terminally ill, or dies while the child is a minor. The Department shall develop a form to document the information given to caregivers and to document plans for future custody, in addition to the documentation described in subsection (b) (4). This form shall be included in each child's case file and adoption or guardianship subsidy files as applicable to the child.

(ii) Through a program of contracted legal services, assist older and ill caregivers, and the families of deceased caregivers, with the goal of securing court-ordered future care and custody plans for children in their care. Court-
ordered future care and custody plans may include: standby guardianship, successor guardianship, standby adoption, and successor adoption. The program will also study ways in which to provide timely and cost-effective legal services to older and ill caregivers, and to families of deceased caregivers in order to ensure permanency for children in their care.

(7) Ensure that future caregivers designated by adoptive parents or guardians, and the families of deceased caregivers, understand their rights and potential responsibilities and shall be able to provide adequate support and education for children who may become their legal responsibility.

(8) Ensure that future caregivers designated by adoptive parents and guardians, and the families of deceased caregivers, understand the problems of children who have experienced multiple caregivers and who may have experienced abuse, neglect, or abandonment or may have been born to substance-abusing mothers.

(9) Ensure that future caregivers designated by adoptive parents and guardians, and the families of deceased caregivers, understand the problems experienced by older and ill caregivers of children, including children with special needs, such as financial stress due to limited income and increased financial responsibility, emotional difficulties associated with the loss of a child's parent or the child's unique behaviors, the special needs of a child who may come into their custody or whose parent or guardian is already deceased, and decreased physical stamina and a higher rate of chronic illness and other health concerns.

(10) Provide additional services as needed to families in which a designated caregiver appointed by the court or a caregiver designated in a will or other legal document cannot or will not fulfill the responsibilities as adoptive parent, guardian, or legal custodian of the child.

(d) The Department shall consult with the Department on Aging and any other agency it deems appropriate as the Department develops the program required by subsection (c).

(e) Rulemaking authority to implement Public Act 95-1040 this amendatory Act of the 95th General Assembly, if any, is conditioned on the rules being adopted in accordance with all provisions of the Illinois
Administrative Procedure Act and all rules and procedures of the Joint Committee on Administrative Rules; any purported rule not so adopted, for whatever reason, is unauthorized.

Section 65. The Child Death Review Team Act is amended by changing Section 45 as follows:
(20 ILCS 515/45)
Sec. 45. Child Death Investigation Task Force; pilot program. The Child Death Review Teams Executive Council may, from funds appropriated by the Illinois General Assembly to the Department and provided to the Child Death Review Teams Executive Council for this purpose, or from funds that may otherwise be provided for this purpose from other public or private sources, establish a 3-year pilot program in the Southern Region of the State, as designated by the Department, under which a special Child Death Investigation Task Force will be created by the Child Death Review Teams Executive Council to develop and implement a plan for the investigation of sudden, unexpected, or unexplained deaths of children under 18 years of age occurring within that region. The plan shall include a protocol to be followed by child death review teams in the review of child deaths authorized under paragraph (a)(5) of Section 20 of this Act. The plan must include provisions for local or State law enforcement agencies, hospitals, or coroners to promptly notify the Task Force of a death or serious life-threatening injury to a child, and for the Child Death Investigation Task Force to review the death and submit a report containing findings and recommendations to the Child Death Review Teams Executive Council, the Director, the Department of Children and Family Services Inspector General, the appropriate State's Attorney, and the State Representative and State Senator in whose legislative districts the case arose. The plan may include coordination with any investigation conducted under the Children's Advocacy Center Act. By January 1, 2010, the Child Death Review Teams Executive Council shall submit a report to the Director, the General Assembly, and the Governor summarizing the results of the pilot program together with any recommendations for statewide implementation of a protocol for the investigating of all sudden, unexpected, or unexplained child deaths.

The facility or agency shall be allowed an additional 30 days to send notice of completion of the action or to send an updated implementation report. If the action has not been completed within the additional 30 day period, the facility or agency shall send updated implementation reports every 60 days until completion. The Inspector General shall conduct a review of any implementation plan that takes more than 120 days after approval to complete, and shall monitor compliance through a random review of approved written responses, which may include, but are not limited to: (i) site visits, (ii) telephone contact, and (iii) requests for additional documentation evidencing compliance.

(r) Sanctions. (2) Notice to employee. Prior to reporting the name of an employee, the employee shall be notified of the Department's obligation to report and shall be granted an opportunity to request an administrative hearing, the sole purpose of which is to
determine if the substantiated finding warrants reporting to the registry. Notice to the employee shall contain a clear and concise statement of the grounds on which the report to the registry is based, offer the employee an opportunity for a hearing, and identify the process for requesting such a hearing. Notice is sufficient if provided by certified mail to the employee's last known address. If the employee fails to request a hearing within 30 days from the date of the notice, the Inspector General shall report the name of the employee to the registry. Nothing in this subdivision (s)(2) shall diminish or impair the rights of a person who is a member of a collective bargaining unit under the Illinois Public Labor Relations Act or under any other federal labor statute.

(3) Registry hearings. If the employee requests an administrative hearing, the employee shall be granted an opportunity to appear before an administrative law judge to present reasons why the employee's name should not be reported to the registry. The Department shall bear the burden of presenting evidence that establishes, by a preponderance of the evidence, that the substantiated finding warrants reporting to the registry. After considering all the evidence presented, the administrative law judge shall make a recommendation to the Secretary as to whether the substantiated finding warrants reporting the name of the employee to the registry. The Secretary shall render the final decision. The Department and the employee shall have the right to request that the administrative law judge consider a stipulated disposition of these proceedings.

(4) Testimony at registry hearings. A person who makes a report or who investigates a report under this Act shall testify fully in any judicial proceeding resulting from such a report, as to any evidence of abuse or neglect, or the cause thereof. Testimony at hearings is exempt from the confidentiality requirements of subsection (f) of Section 10 of the Mental Health and Developmental Disabilities Confidentiality Act.

(5) Employee's rights to collateral action. No reporting to the registry shall occur and no hearing shall be set or proceed if an
employee notifies the Inspector General in writing, including any supporting documentation, that he or she is formally contesting an adverse employment action resulting from a substantiated finding by complaint filed with the Illinois Civil Service Commission, or which otherwise seeks to enforce the employee's rights pursuant to any applicable collective bargaining agreement. If an action taken by an employer against an employee as a result of a finding of physical abuse, sexual abuse, or egregious neglect is overturned through an action filed with the Illinois Civil Service Commission or under any applicable collective bargaining agreement and if that employee's name has already been sent to the registry, the employee's name shall be removed from the registry.

(6) Removal from registry. At any time after the report to the registry, but no more than once in any 12-month period, an employee may petition the Department in writing to remove his or her name from the registry. Upon receiving notice of such request, the Inspector General shall conduct an investigation into the petition. Upon receipt of such request, an administrative hearing will be set by the Department. At the hearing, the employee shall bear the burden of presenting evidence that establishes, by a preponderance of the evidence, that removal of the name from the registry is in the public interest. The parties may jointly request that the administrative law judge consider a stipulated disposition of these proceedings.

(t) Review of Administrative Decisions. The Department shall preserve a record of all proceedings at any formal hearing conducted by the Department involving health care worker registry hearings. Final administrative decisions of the Department are subject to judicial review pursuant to provisions of the Administrative Review Law.

   (2) Notice to employee. Prior to reporting the name of an employee, the employee shall be notified of the Department's obligation to report and shall be granted an opportunity to request an administrative hearing, the sole purpose of which is to determine if the substantiated finding warrants reporting to the registry. Notice to the employee shall contain a clear and concise statement of the grounds on which the report to the registry is based, offer the employee an opportunity for a hearing, and identify the process for requesting such a hearing. Notice is sufficient if provided by certified mail to the employee's last known address. If the employee fails to request a hearing within 30 days from the date of the notice, the Inspector General shall report the name of the employee to the registry. Nothing in this subdivision (s)(2) shall diminish or impair the rights of a person who is a member of a collective bargaining unit under the Illinois Public Labor Relations Act or under any other federal labor statute.

The Secretary shall render the final decision. The Department and the employee shall have the right to request that the administrative law judge consider a stipulated disposition of these proceedings.

(4) Testimony at registry hearings. A person who makes a report or who investigates a report under this Act shall testify fully in any judicial proceeding resulting from such a report, as to any evidence of abuse or neglect, or the cause thereof. No evidence shall be excluded by reason of any common law or statutory privilege relating to communications between the alleged perpetrator of abuse or neglect, or the individual alleged as the victim in the report, and the person making or investigating the report. Testimony at hearings is exempt from the confidentiality requirements of subsection (f) of Section 10 of the Mental Health and Developmental Disabilities Confidentiality Act.

(5) Employee's rights to collateral action. No reporting to the registry shall occur and no hearing shall be set or proceed if an employee notifies the Inspector General in writing, including any supporting documentation, that he or she is formally contesting an adverse employment action resulting from a substantiated finding by complaint filed with the Illinois Civil Service Commission, or which otherwise seeks to enforce the employee's rights pursuant to any applicable collective bargaining agreement. If an action taken by an employer against an employee as a result of a finding of physical abuse, sexual abuse, or egregious neglect is overturned through an action filed with the Illinois Civil Service Commission or under any applicable collective bargaining agreement and if that employee's name has already been sent to the registry, the employee's name shall be removed from the registry.

(6) Removal from registry. At any time after the report to the registry, but no more than once in any 12-month period, an employee may petition the Department in writing to remove his or her name from the registry. Upon receiving notice of such request,
the Inspector General shall conduct an investigation into the petition. Upon receipt of such request, an administrative hearing will be set by the Department. At the hearing, the employee shall bear the burden of presenting evidence that establishes, by a preponderance of the evidence, that removal of the name from the registry is in the public interest. The parties may jointly request that the administrative law judge consider a stipulated disposition of these proceedings.

(t) Review of Administrative Decisions. The Department shall preserve a record of all proceedings at any formal hearing conducted by the Department involving health care worker registry hearings. Final administrative decisions of the Department are subject to judicial review pursuant to provisions of the Administrative Review Law.

One of the members shall be designated as chairman by the Governor. Of the initial appointments made by the Governor, 4 Board members shall each be appointed for a term of 4 years and 3 members shall each be appointed for a term of 2 years. Upon the expiration of each member's term, a successor shall be appointed for a term of 4 years. In the case of a vacancy in the office of any member, the Governor shall appoint a successor for the remainder of the unexpired term.

Members appointed by the Governor shall be qualified by professional knowledge or experience in the area of law, investigatory techniques, or in the area of care of the mentally ill or developmentally disabled. Two members appointed by the Governor shall be persons with a disability or a parent of a person with a disability. The report shall detail the imposition of sanctions, if any, and the final disposition of any corrective or administrative action directed by the Secretary. The summaries shall not contain any confidential or identifying information of any individual, but shall include objective data identifying any trends in the number of reported allegations, the timeliness of the Office of the Inspector General's investigations, and their disposition, for each facility and Department-wide, for the most recent 3-year time period. The report shall also identify, by facility, the staff-to-patient ratios taking account of direct care staff only. The report shall also include detailed recommended administrative actions and matters for consideration by the General Assembly.

(w) Program audit. The Auditor General shall conduct a program audit of the Office of the Inspector General on an as-needed basis, as determined by the Auditor General. (x) Nothing in this Section shall be construed to mean that a patient is a victim of abuse or neglect because of health care services appropriately provided or not provided by health care professionals.

(y) Nothing in this Section shall require a facility, including its employees, agents, medical staff members, and health care professionals, to provide a service to a patient in contravention of that patient's stated or
implied objection to the provision of that service on the ground that that
service conflicts with the patient's religious beliefs or practices, nor shall

these paving projects utilizing material having the lowest life-cycle cost. All pavement design life shall ensure that State and State-appropriated funds are utilized as efficiently as possible. When alternative material options are substantially equivalent on a life-cycle cost basis, the Department may make a decision based on other criteria. At the discretion of the Department, interstate highways with high traffic volumes or experimental projects may be exempt from this requirement.

(c) Except as otherwise provided in this Section, a life-cycle cost analysis shall compare equivalent designs based upon this State's actual historic project schedules and costs as recorded by the pavement management system, and may include estimates of user costs throughout the entire pavement life.

(d) For pavement projects for which this State has no actual historic project schedules and costs as recorded by the pavement management system, the Department may use actual historical and comparable data for equivalent designs from states with similar climates, soil structures, or vehicle traffic.

Section 115. The Illinois State Agency Historic Resources Preservation Act is amended by changing Section 4 as follows:

Sec. 4. State agency undertakings.

(a) As early in the planning process as may be practicable and prior to the approval of the final design or plan of any undertaking by a State agency, or prior to the funding of any undertaking by a State agency, or prior to an action of approval or entitlement of any private undertaking by a State agency, written notice of the project shall be given to the Director either by the State agency or the recipients of its funds, permits or licenses. The State agency shall consult with the Director to determine the documentation requirements necessary for identification and treatment of historic resources. For the purposes of identification and evaluation of historic resources, the Director may require archaeological and historic investigations. Responsibility for notice and documentation may be delegated by the State agency to a local or private designee.

(b) Within 30 days after receipt of complete and correct documentation of a proposed undertaking, the Director shall review and comment to the agency on the likelihood that the undertaking will have an adverse effect on a historic resource. In the case of a private undertaking,

the Director shall, not later than 30 days following the receipt of an application with complete documentation of the undertaking, either approve that application allowing the undertaking to proceed or tender to the applicant a written statement setting forth the reasons for the requirement of an archaeological investigation. If there is no action within 30 days after the filing of the application with the complete documentation of the undertaking, the applicant may deem the application approved and may proceed with the undertaking. Thereafter, all requirements for archaeological investigations are waived under this Act.

(c) If the Director finds that an undertaking will adversely affect an historic resource or is inconsistent with agency policies, the State agency shall consult with the Director and shall discuss alternatives to the proposed undertaking which could eliminate, minimize, or mitigate its adverse effect. During the consultation process, the State agency shall explore all feasible and prudent plans which eliminate, minimize, or mitigate adverse effects on historic resources. Grantees, permittees, licensees, or other parties in interest and representatives of national, State, and local units of government and public and private organizations may participate in the consultation process. The process may involve on-site inspections and public informational meetings pursuant to regulations issued by the Historic Preservation Agency.

(d) The State agency and the Director may agree that there is a feasible and prudent alternative which eliminates, minimizes, or mitigates the adverse effect of the undertaking. Upon such agreement, or if the State agency and the Director agree that there are no feasible and prudent alternatives which eliminate, minimize, or mitigate the adverse effect, the Director shall prepare a Memorandum of Agreement describing the alternatives or stating the finding. The State agency may proceed with the undertaking once a Memorandum of Agreement has been signed by both the State agency and the Director.

(e) After the consultation process, the Director and the State agency may fail to agree on the existence of a feasible and prudent alternative which would eliminate, minimize, or mitigate the adverse effect of the undertaking on the historic resource. If no agreement is reached, the agency shall call a public meeting in the county where the undertaking is proposed within 60 days. If, within 14 days following conclusion of the public meeting, the State agency and the Director fail to agree on a feasible and prudent alternative, the proposed undertaking, with supporting documentation, shall be submitted to the Historic Preservation

Mediation Committee. The document shall be sufficient to identify each alternative considered by the Agency and the Director during the consultation process and the reason for its rejection.

(f) The Mediation Committee shall consist of the Director and 5 persons appointed by the Director for terms of 3 years each, each of whom shall be no lower in rank than a division chief and each of whom shall represent a different State agency. An agency that is a party to mediation shall be notified of all hearings and deliberations and shall have the right to participate in deliberations as a non-voting member of the Committee. Within 30 days after submission of the proposed undertaking, the Committee shall meet with the Director and the submitting agency to review each alternative considered by the State agency and the Director and to evaluate the existence of a feasible and prudent alternative. In the event that the Director and the submitting agency continue to disagree, the Committee shall provide a statement of findings or comments setting forth an alternative to the proposed undertaking or stating the finding that there is no feasible or prudent alternative. The State agency shall consider the written comments of the Committee and shall respond in writing to the Committee before proceeding with the undertaking.

(g) When an undertaking is being reviewed pursuant to Section 106 of the National Historic Preservation Act of 1966, the procedures of this law shall not apply and any review or comment by the Director on such undertaking shall be within the framework or procedures of the federal law. When an undertaking involves a structure listed on the Illinois Register of Historic Places, the rules and procedures of the Illinois Historic Preservation Act shall apply. This subsection shall not prevent the Illinois Historic Preservation Agency from entering into an agreement with the Advisory Council on Historic Preservation pursuant to Section 106 of the National Historic Preservation Act to substitute this Act and its procedures for procedures set forth in Council regulations found in 36 C.F.R. Part 800.7. A State undertaking that is necessary to prevent an immediate and imminent threat to life or property shall be exempt from the requirements of this Act. Where possible, the Director shall be consulted in the determination of the exemption. In all cases, the agency shall provide the Director with a statement of the reasons for the exemption and shall have an opportunity to comment on the exemption. The statement and the comments of the Director shall be included in the annual report of the Historic Preservation Agency as a guide to future actions. The provisions of this Act do not apply to undertakings pursuant to the Illinois Oil and

These transfers shall be made notwithstanding any other provision of State law to the contrary.

(b) On and after the effective date of this amendatory Act of the 96th General Assembly through June 30, 2010, when any of the funds listed in subsection (a) have insufficient cash from which the State Comptroller may make expenditures properly supported by appropriations from the fund, then the State Treasurer and State Comptroller shall transfer from the General Revenue Fund to the fund such amount as is immediately necessary to satisfy outstanding expenditure obligations on a timely basis, subject to the provisions of the State Prompt Payment Act.

(c) If the Director of the Governor's Office of Management and Budget determines that any transfer to the General Revenue Fund from a special fund under subsection (a) either (i) jeopardizes federal funding based on a written communication from a federal official or (ii) violates an order of a court of competent jurisdiction, then the Director may order the

Sec. 8h. Transfers to General Revenue Fund.

(a) Except as otherwise provided in this Section and Section 8n of this Act, and notwithstanding any other State law to the contrary, the Governor may, through June 30, 2007, from time to time direct the State Treasurer and Comptroller to transfer a specified sum from any fund held by the State Treasurer to the General Revenue Fund in order to help defray the State's operating costs for the fiscal year. The total transfer under this Section from any fund in any fiscal year shall not exceed the lesser of (i) 8% of the revenues to be deposited into the fund during that fiscal year or (ii) an amount that leaves a remaining fund balance of 25% of the July 1 fund balance of that fiscal year. In fiscal year 2005 only, prior to calculating the July 1, 2004 final balances, the Governor may calculate and direct the State Treasurer with the Comptroller to transfer additional amounts determined by applying the formula authorized in Public Act 93-839 to the funds balances on July 1, 2003. No transfer may be made from a fund under this Section that would have the effect of reducing the available balance in the fund to an amount less than the amount remaining unexpended and unreserved from the total appropriation from that fund estimated to be expended for that fiscal year. This Section does not apply to any funds that are restricted by federal law to a specific use, to any funds in the Motor Fuel Tax Fund, the Intercity Passenger Rail Fund, the Hospital Provider Fund, the Medicaid Provider Relief Fund, the Teacher Health Insurance Security Fund, the Voters' Guide Fund, the Foreign Language Interpreter Fund, the Lawyers' Assistance Program Fund, the Supreme Court Federal Projects Fund, the Supreme Court Special State Projects Fund, the Supplemental Low-Income Energy Assistance Fund, the Good Samaritan Energy Trust Fund, the Low-Level Radioactive Waste Facility Development and Operation Fund, the Horse Racing Equity Trust Fund, the Metabolic Screening and Treatment Fund, or the Hospital Basic Services Preservation Fund, or to any funds to which Section 70-50 of the Nurse Practice Act applies. No transfers may be made under this Section from the Pet Population Control Fund. Notwithstanding any other provision of this Section, for fiscal year 2004, the total transfer under this

authorized by Public Act 96-43, this amendatory Act of the 96th General Assembly shall be used solely as provided in Section 7.2.

The issuance and sale of Bonds pursuant to the General Obligation Bond Act is an economical and efficient method of financing the long-term capital needs of the State. This Act will permit the issuance of a multi-purpose General Obligation Bond with uniform terms and features. This will not only lower the cost of registration but also reduce the overall cost of issuing debt by improving the marketability of Illinois General Obligation Bonds.

Section 160. The State Prompt Payment Act is amended by changing Section 3-2 as follows:

(30 ILCS 540/3-2)

Sec. 3-2. Beginning July 1, 1993, in any instance where a State official or agency is late in payment of a vendor's bill or invoice for goods or services furnished to the State, as defined in Section 1, properly approved in accordance with rules promulgated under Section 3-3, the State official or agency shall pay interest to the vendor in accordance with the following:

(1) Any bill, except a bill submitted under Article V of the Illinois Public Aid Code, approved for payment under this Section must be paid or the payment issued to the payee within 60 days of receipt of a proper bill or invoice. If payment is not issued to the payee within this 60 day period, an interest penalty of 1.0% of any amount approved and unpaid shall be added for each month or fraction thereof after the end of this 60 day period, until final payment is made. Any bill submitted under Article V of the Illinois Public Aid Code approved for payment under this Section must be paid or the payment issued to the payee within 60 days after receipt of a proper bill or invoice, and, if payment is not issued to the payee within this 60-day period, an interest penalty of 2.0% of any amount approved and unpaid shall be added for each month or fraction thereof after the end of this 60-day period, until final payment is made.

(1.1) A State agency shall review in a timely manner each bill or invoice after its receipt. If the State agency determines that the bill or invoice contains a defect making it unable to process the payment request, the agency shall notify the vendor requesting payment as soon as possible after discovering the defect pursuant to rules promulgated under Section 3-3; provided, however, that the notice for construction related bills or invoices must be given not later than 30 days after the bill or invoice was first submitted. The notice shall identify the defect and any additional information necessary to correct the defect. If one or more items on a construction related bill or invoice are disapproved, but not the

(2) Where a State official or agency is late in payment of a vendor's bill or invoice properly approved in accordance with this Act, and different late payment terms are not reduced to writing as a contractual agreement, the State official or agency shall automatically pay interest penalties required by this Section to the appropriate vendor. Each agency shall be responsible for determining whether an interest penalty is owed and for paying the interest to the vendor. Section 165. The Public Construction Bond Act is amended by changing Sections 1 and 3 as follows:

(30 ILCS 550/1) (from Ch. 29, par. 15)

Sec. 1. Except as otherwise provided by this Act, all officials, boards, commissions, or agents of this State in making contracts for public work of any kind costing over $50,000 to be performed for the State, and all officials, boards, commissions, or agents of any political subdivision of this State in making contracts for public work of any kind costing over $5,000 to be performed for the political subdivision, shall require every contractor for the work to furnish, supply and deliver a bond to the State, or to the political subdivision thereof entering into the contract, as the case may be, with good and sufficient sureties. The amount of the bond shall be fixed by the officials, boards, commissions, commissioners or agents, and the bond, among other conditions, shall be conditioned for the completion of the contract, for the payment of material used in the work and for all labor performed in the work, whether by subcontractor or otherwise.

If the contract is for emergency repairs as provided in the Illinois Procurement Code, proof of payment for all labor, materials, apparatus, fixtures, and machinery may be furnished in lieu of the bond required by this Section.

Each such bond is deemed to contain the following provisions whether such provisions are inserted in such bond or not:

"The principal and sureties on this bond agree that all the undertakings, covenants, terms, conditions and agreements of the contract or contracts entered into between the principal and the State or any political subdivision thereof will be performed and fulfilled and to pay all

persons, firms and corporations having contracts with the principal or with subcontractors, all just claims due them under the provisions of such contracts for labor performed or materials furnished in the performance of the contract on account of which this bond is given, when such claims are not satisfied out of the contract price of the contract on account of which this bond is given, after final settlement between the officer, board, commission or agent of the State or of any political subdivision thereof and the principal has been made."

Each bond securing contracts between the Capital Development Board or any board of a public institution of higher education and a contractor shall contain the following provisions, whether the provisions are inserted in the bond or not:

"Upon the default of the principal with respect to undertakings, covenants, terms, conditions, and agreements, the termination of the contractor's right to proceed with the work, and written notice of that default and termination by the State or any political subdivision to the surety ("Notice"), the surety shall promptly remedy the default by taking one of the following actions:

(1) The surety shall complete the work pursuant to a written takeover agreement, using a completing contractor jointly selected by the surety and the State or any political subdivision; or

(2) The surety shall pay a sum of money to the obligee, up to the penal sum of the bond, that represents the reasonable cost to complete the work that exceeds the unpaid balance of the contract sum.

The surety shall respond to the Notice within 15 working days of receipt indicating the course of action that it intends to take or advising that it requires more time to investigate the default and select a course of action. If the surety requires more than 15 working days to investigate the default and select a course of action or if the surety elects to complete the work with a completing contractor that is not prepared to commence performance within 15 working days after receipt of Notice, and if the State or any political subdivision determines it is in the best interest of the State to maintain the progress of the work, the State or any political subdivision may continue to work until the completing contractor is prepared to commence performance. Unless otherwise agreed to by the procuring agency, in no case may the surety take longer than 30 working days to advise the State or political subdivision on the course of action it intends to take. The surety shall be liable for reasonable costs incurred by
the State or any political subdivision to maintain the progress to the extent
the costs exceed the unpaid balance of the contract sum, subject to the
penal sum of the bond.”.

The surety bond required by this Section may be acquired from the
company, agent or broker of the contractor's choice. The bond and sureties
shall be subject to the right of reasonable approval or disapproval,
including suspension, by the State or political subdivision thereof
concerned. In the case of State construction contracts, a contractor shall
not be required to post a cash bond or letter of credit in addition to or as a
substitute for the surety bond required by this Section.

When other than motor fuel tax funds, federal-aid funds, or other
funds received from the State are used, a political subdivision may allow
the contractor to provide a non-diminishing irrevocable bank letter of
credit, in lieu of the bond required by this Section, on contracts under
$100,000 to comply with the requirements of this Section. Any such bank
letter of credit shall contain all provisions required for bonds by this
Section.

Sec. 3. Builder or developer cash bond or other surety.

(a) A county or municipality may not require a cash bond,
irrevocable letter of credit, surety bond, or letter of commitment issued by
a bank, savings and loan association, surety, or insurance company from a
builder or developer to guarantee completion of a project improvement
when the builder or developer has filed with the county or municipal clerk
a current, irrevocable letter of credit, surety bond, or letter of commitment
issued by a bank, savings and loan association, surety, or insurance
company, deemed good and sufficient by the county or municipality
accepting such security, in an amount equal to or greater than 110% of the
amount of the bid on each project improvement. A builder or developer
has the option to utilize a cash bond, irrevocable letter of credit, surety
bond, or letter of commitment, issued by a bank, savings and loan
association, surety, or insurance company, deemed good and sufficient by
the county or municipality, to satisfy any cash bond requirement
established by a county or municipality. Except for a municipality or
county with a population of 1,000,000 or more, the county or municipality
must approve and deem a surety or insurance company good and sufficient
for the purposes set forth in this Section if the surety or insurance company

is authorized by the Illinois Department of Insurance to sell and issue sureties in the State of Illinois.

(b) If a county or municipality receives a cash bond, irrevocable letter of credit, or surety bond from a builder or developer to guarantee completion of a project improvement, the county or municipality shall (i) register the bond under the address of the project and the construction permit number and (ii) give the builder or developer a receipt for the bond. The county or municipality shall establish and maintain a separate account for all cash bonds received from builders and developers to guarantee completion of a project improvement.

(c) The county or municipality shall refund a cash bond to a builder or developer, or release the irrevocable letter of credit or surety bond, within 60 days after the builder or developer notifies the county or municipality in writing of the completion of the project improvement for which the bond was required. For these purposes, "completion" means that the county or municipality has determined that the project improvement for which the bond was required is complete or a licensed engineer or licensed architect has certified to the builder or developer and the county or municipality that the project improvement has been completed to the applicable codes and ordinances. The county or municipality shall pay interest to the builder or developer, beginning 60 days after the builder or developer notifies the county or municipality in writing of the completion of the project improvement, on any bond not refunded to a builder or developer, at the rate of 1% per month.

(d) A home rule county or municipality may not require or maintain cash bonds, irrevocable letters of credit, surety bonds, or letters of commitment issued by a bank, savings and loan association, surety, or insurance company from builders or developers in a manner inconsistent with this Section. This Section supersedes and controls over other provisions of the Counties Code or Illinois Municipal Code as they apply to and guarantee completion of a project improvement that is required by the county or municipality, regardless of whether the project improvement is a condition of annexation agreements. This Section is a denial and limitation under subsection (i) of Section 6 of Article VII of the Illinois Constitution on the concurrent exercise by a home rule county or municipality of powers and functions exercised by the State.

Section 185. The Illinois Income Tax Act is amended by changing Sections 201, 606, and 807 and by setting forth, renumbering, and changing multiple versions of Section 507SS as follows:

(35 ILCS 5/201) (from Ch. 120, par. 2-201)

Sec. 201. Tax Imposed.

(a) In general. A tax measured by net income is hereby imposed on every individual, corporation, trust and estate for each taxable year ending after July 31, 1969 on the privilege of earning or receiving income in or as a resident of this State. Such tax shall be in addition to all other occupation or privilege taxes imposed by this State or by any municipal corporation or political subdivision thereof.

(b) Rates. The tax imposed by subsection (a) of this Section shall be determined as follows, except as adjusted by subsection (d-1):

1. In the case of an individual, trust or estate, for taxable years ending prior to July 1, 1989, an amount equal to 2 1/2% of the taxpayer's net income for the taxable year.

2. In the case of an individual, trust or estate, for taxable years beginning prior to July 1, 1989 and ending after June 30, 1989, an amount equal to the sum of (i) 2 1/2% of the taxpayer's net income for the period prior to July 1, 1989, as calculated under Section 202.3, and (ii) 3% of the taxpayer's net income for the period after June 30, 1989, as calculated under Section 202.3.
(3) In the case of an individual, trust or estate, for taxable years beginning after June 30, 1989, an amount equal to 3% of the taxpayer's net income for the taxable year.

(4) (Blank).

(5) (Blank).

(6) In the case of a corporation, for taxable years ending prior to July 1, 1989, an amount equal to 4% of the taxpayer's net income for the taxable year.

(7) In the case of a corporation, for taxable years beginning prior to July 1, 1989 and ending after June 30, 1989, an amount equal to the sum of (i) 4% of the taxpayer's net income for the period prior to July 1, 1989, as calculated under Section 202.3, and (ii) 4.8% of the taxpayer's net income for the period after June 30, 1989, as calculated under Section 202.3.

(8) In the case of a corporation, for taxable years beginning after June 30, 1989, an amount equal to 4.8% of the taxpayer's net income for the taxable year.

(c) Personal Property Tax Replacement Income Tax. Beginning on July 1, 1979 and thereafter, in addition to such income tax, there is also hereby imposed the Personal Property Tax Replacement Income Tax measured by net income on every corporation (including Subchapter S corporations), partnership and trust, for each taxable year ending after June 30, 1979. Such taxes are imposed on the privilege of earning or receiving income in or as a resident of this State. The Personal Property Tax Replacement Income Tax shall be in addition to the income tax imposed by subsections (a) and (b) of this Section and in addition to all other occupation or privilege taxes imposed by this State or by any municipal corporation or political subdivision thereof.

(d) Additional Personal Property Tax Replacement Income Tax Rates. The personal property tax replacement income tax imposed by this subsection and subsection (c) of this Section in the case of a corporation, other than a Subchapter S corporation and except as adjusted by subsection (d-1), shall be an additional amount equal to 2.85% of such taxpayer's net income for the taxable year, except that beginning on January 1, 1981, and thereafter, the rate of 2.85% specified in this subsection shall be reduced to 2.5%, and in the case of a partnership, trust or a Subchapter S corporation shall be an additional amount equal to 1.5% of such taxpayer's net income for the taxable year.
(d-1) Rate reduction for certain foreign insurers. In the case of a foreign insurer, as defined by Section 35A-5 of the Illinois Insurance Code, whose state or country of domicile imposes on insurers domiciled in Illinois a retaliatory tax (excluding any insurer whose premiums from reinsurance assumed are 50% or more of its total insurance premiums as determined under paragraph (2) of subsection (b) of Section 304, except that for purposes of this determination premiums from reinsurance do not include premiums from inter-affiliate reinsurance arrangements), beginning with taxable years ending on or after December 31, 1999, the sum of the rates of tax imposed by subsections (b) and (d) shall be reduced (but not increased) to the rate at which the total amount of tax imposed under this Act, net of all credits allowed under this Act, shall equal (i) the total amount of tax that would be imposed on the foreign insurer's net income allocable to Illinois for the taxable year by such foreign insurer's state or country of domicile if that net income were subject to all income taxes and taxes measured by net income imposed by such foreign insurer's state or country of domicile, net of all credits allowed or (ii) a rate of zero if no such tax is imposed on such income by the foreign insurer's state of domicile. For the purposes of this subsection (d-1), an inter-affiliate includes a mutual insurer under common management.

(1) For the purposes of subsection (d-1), in no event shall the sum of the rates of tax imposed by subsections (b) and (d) be reduced below the rate at which the sum of:

(A) the total amount of tax imposed on such foreign insurer under this Act for a taxable year, net of all credits allowed under this Act, plus

(B) the privilege tax imposed by Section 409 of the Illinois Insurance Code, the fire insurance company tax imposed by Section 12 of the Fire Investigation Act, and the fire department taxes imposed under Section 11-10-1 of the Illinois Municipal Code, equals 1.25% for taxable years ending prior to December 31, 2003, or 1.75% for taxable years ending on or after December 31, 2003, of the net taxable premiums written for the taxable year, as described by subsection (1) of Section 409 of the Illinois Insurance Code. This paragraph will in no event increase the rates imposed under subsections (b) and (d).

(2) Any reduction in the rates of tax imposed by this subsection shall be applied first against the rates imposed by
subsection (b) and only after the tax imposed by subsection (a) net of all credits allowed under this Section other than the credit allowed under subsection (i) has been reduced to zero, against the rates imposed by subsection (d).

This subsection (d-1) is exempt from the provisions of Section 250.

(e) Investment credit. A taxpayer shall be allowed a credit against the Personal Property Tax Replacement Income Tax for investment in qualified property.

(1) A taxpayer shall be allowed a credit equal to .5% of the basis of qualified property placed in service during the taxable year, provided such property is placed in service on or after July 1, 1984. There shall be allowed an additional credit equal to .5% of the basis of qualified property placed in service during the taxable year, provided such property is placed in service on or after July 1, 1986, and the taxpayer's base employment within Illinois has increased by 1% or more over the preceding year as determined by the taxpayer's employment records filed with the Illinois Department of Employment Security. Taxpayers who are new to Illinois shall be deemed to have met the 1% growth in base employment for the first year in which they file employment records with the Illinois Department of Employment Security. The provisions added to this Section by Public Act 85-1200 (and restored by Public Act 87-895) shall be construed as declaratory of existing law and not as a new enactment. If, in any year, the increase in base employment within Illinois over the preceding year is less than 1%, the additional credit shall be limited to that percentage times a fraction, the numerator of which is .5% and the denominator of which is 1%, but shall not exceed .5%. The investment credit shall not be allowed to the extent that it would reduce a taxpayer's liability in any tax year below zero, nor may any credit for qualified property be allowed for any year other than the year in which the property was placed in service in Illinois. For tax years ending on or after December 31, 1987, and on or before December 31, 1988, the credit shall be allowed for the tax year in which the property is placed in service, or, if the amount of the credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable

years following the excess credit years if the taxpayer (i) makes investments which cause the creation of a minimum of 2,000 full-time equivalent jobs in Illinois, (ii) is located in an enterprise zone established pursuant to the Illinois Enterprise Zone Act and (iii) is certified by the Department of Commerce and Community Affairs (now Department of Commerce and Economic Opportunity) as complying with the requirements specified in clause (i) and (ii) by July 1, 1986. The Department of Commerce and Community Affairs (now Department of Commerce and Economic Opportunity) shall notify the Department of Revenue of all such certifications immediately. For tax years ending after December 31, 1988, the credit shall be allowed for the tax year in which the property is placed in service, or, if the amount of the credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit years. The credit shall be applied to the earliest year for which there is a liability. If there is credit from more than one tax year that is available to offset a liability, earlier credit shall be applied first.

(2) The term "qualified property" means property which:

(A) is tangible, whether new or used, including buildings and structural components of buildings and signs that are real property, but not including land or improvements to real property that are not a structural component of a building such as landscaping, sewer lines, local access roads, fencing, parking lots, and other appurtenances;

(B) is depreciable pursuant to Section 167 of the Internal Revenue Code, except that "3-year property" as defined in Section 168(c)(2)(A) of that Code is not eligible for the credit provided by this subsection (e);

(C) is acquired by purchase as defined in Section 179(d) of the Internal Revenue Code;

(D) is used in Illinois by a taxpayer who is primarily engaged in manufacturing, or in mining coal or fluorite, or in retailing, or was placed in service on or after July 1, 2006 in a River Edge Redevelopment Zone established pursuant to the River Edge Redevelopment Zone Act; and

New matter indicate by italics - deletions by strikeout
(E) has not previously been used in Illinois in such a manner and by such a person as would qualify for the credit provided by this subsection (e) or subsection (f).

(3) For purposes of this subsection (e), "manufacturing" means the material staging and production of tangible personal property by procedures commonly regarded as manufacturing, processing, fabrication, or assembling which changes some existing material into new shapes, new qualities, or new combinations. For purposes of this subsection (e) the term "mining" shall have the same meaning as the term "mining" in Section 613(c) of the Internal Revenue Code. For purposes of this subsection (e), the term "retailing" means the sale of tangible personal property for use or consumption and not for resale, or services rendered in conjunction with the sale of tangible personal property for use or consumption and not for resale. For purposes of this subsection (e), "tangible personal property" has the same meaning as when that term is used in the Retailers' Occupation Tax Act, and, for taxable years ending after December 31, 2008, does not include the generation, transmission, or distribution of electricity.

(4) The basis of qualified property shall be the basis used to compute the depreciation deduction for federal income tax purposes.

(5) If the basis of the property for federal income tax depreciation purposes is increased after it has been placed in service in Illinois by the taxpayer, the amount of such increase shall be deemed property placed in service on the date of such increase in basis.

(6) The term "placed in service" shall have the same meaning as under Section 46 of the Internal Revenue Code.

(7) If during any taxable year, any property ceases to be qualified property in the hands of the taxpayer within 48 months after being placed in service, or the situs of any qualified property is moved outside Illinois within 48 months after being placed in service, the Personal Property Tax Replacement Income Tax for such taxable year shall be increased. Such increase shall be determined by (i) recomputing the investment credit which would have been allowed for the year in which credit for such property was originally allowed by eliminating such property from such
computation and, (ii) subtracting such recomputed credit from the amount of credit previously allowed. For the purposes of this paragraph (7), a reduction of the basis of qualified property resulting from a redetermination of the purchase price shall be deemed a disposition of qualified property to the extent of such reduction.

(8) Unless the investment credit is extended by law, the basis of qualified property shall not include costs incurred after December 31, 2013, except for costs incurred pursuant to a binding contract entered into on or before December 31, 2013.

(9) Each taxable year ending before December 31, 2000, a partnership may elect to pass through to its partners the credits to which the partnership is entitled under this subsection (e) for the taxable year. A partner may use the credit allocated to him or her under this paragraph only against the tax imposed in subsections (c) and (d) of this Section. If the partnership makes that election, those credits shall be allocated among the partners in the partnership in accordance with the rules set forth in Section 704(b) of the Internal Revenue Code, and the rules promulgated under that Section, and the allocated amount of the credits shall be allowed to the partners for that taxable year. The partnership shall make this election on its Personal Property Tax Replacement Income Tax return for that taxable year. The election to pass through the credits shall be irrevocable.

For taxable years ending on or after December 31, 2000, a partner that qualifies its partnership for a subtraction under subparagraph (I) of paragraph (2) of subsection (d) of Section 203 or a shareholder that qualifies a Subchapter S corporation for a subtraction under subparagraph (S) of paragraph (2) of subsection (b) of Section 203 shall be allowed a credit under this subsection (e) equal to its share of the credit earned under this subsection (e) during the taxable year by the partnership or Subchapter S corporation, determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and Subchapter S of the Internal Revenue Code. This paragraph is exempt from the provisions of Section 250.

(f) Investment credit; Enterprise Zone; River Edge Redevelopment Zone.
(1) A taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for investment in qualified property which is placed in service in an Enterprise Zone created pursuant to the Illinois Enterprise Zone Act or, for property placed in service on or after July 1, 2006, a River Edge Redevelopment Zone established pursuant to the River Edge Redevelopment Zone Act. For partners, shareholders of Subchapter S corporations, and owners of limited liability companies, if the liability company is treated as a partnership for purposes of federal and State income taxation, there shall be allowed a credit under this subsection (f) to be determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and Subchapter S of the Internal Revenue Code. The credit shall be .5% of the basis for such property. The credit shall be available only in the taxable year in which the property is placed in service in the Enterprise Zone or River Edge Redevelopment Zone and shall not be allowed to the extent that it would reduce a taxpayer's liability for the tax imposed by subsections (a) and (b) of this Section to below zero. For tax years ending on or after December 31, 1985, the credit shall be allowed for the tax year in which the property is placed in service, or, if the amount of the credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit year. The credit shall be applied to the earliest year for which there is a liability. If there is credit from more than one tax year that is available to offset a liability, the credit accruing first in time shall be applied first.

(2) The term qualified property means property which:
   (A) is tangible, whether new or used, including buildings and structural components of buildings;
   (B) is depreciable pursuant to Section 167 of the Internal Revenue Code, except that "3-year property" as defined in Section 168(c)(2)(A) of that Code is not eligible for the credit provided by this subsection (f);
   (C) is acquired by purchase as defined in Section 179(d) of the Internal Revenue Code;

(D) is used in the Enterprise Zone or River Edge Redevelopment Zone by the taxpayer; and

(E) has not been previously used in Illinois in such a manner and by such a person as would qualify for the credit provided by this subsection (f) or subsection (e).

(3) The basis of qualified property shall be the basis used to compute the depreciation deduction for federal income tax purposes.

(4) If the basis of the property for federal income tax depreciation purposes is increased after it has been placed in service in the Enterprise Zone or River Edge Redevelopment Zone by the taxpayer, the amount of such increase shall be deemed property placed in service on the date of such increase in basis.

(5) The term "placed in service" shall have the same meaning as under Section 46 of the Internal Revenue Code.

(6) If during any taxable year, any property ceases to be qualified property in the hands of the taxpayer within 48 months after being placed in service, or the situs of any qualified property is moved outside the Enterprise Zone or River Edge Redevelopment Zone within 48 months after being placed in service, the tax imposed under subsections (a) and (b) of this Section for such taxable year shall be increased. Such increase shall be determined by (i) recomputing the investment credit which would have been allowed for the year in which credit for such property was originally allowed by eliminating such property from such computation, and (ii) subtracting such recomputed credit from the amount of credit previously allowed. For the purposes of this paragraph (6), a reduction of the basis of qualified property resulting from a redetermination of the purchase price shall be deemed a disposition of qualified property to the extent of such reduction.

(7) There shall be allowed an additional credit equal to 0.5% of the basis of qualified property placed in service during the taxable year in a River Edge Redevelopment Zone, provided such property is placed in service on or after July 1, 2006, and the taxpayer's base employment within Illinois has increased by 1% or more over the preceding year as determined by the taxpayer's employment records filed with the Illinois Department of Employment Security. Taxpayers who are new to Illinois shall be

deemed to have met the 1% growth in base employment for the first year in which they file employment records with the Illinois Department of Employment Security. If, in any year, the increase in base employment within Illinois over the preceding year is less than 1%, the additional credit shall be limited to that percentage times a fraction, the numerator of which is 0.5% and the denominator of which is 1%, but shall not exceed 0.5%.

(g) Jobs Tax Credit; Enterprise Zone, River Edge Redevelopment Zone, and Foreign Trade Zone or Sub-Zone.

(1) A taxpayer conducting a trade or business in an enterprise zone or a High Impact Business designated by the Department of Commerce and Economic Opportunity or for taxable years ending on or after December 31, 2006, in a River Edge Redevelopment Zone conducting a trade or business in a federally designated Foreign Trade Zone or Sub-Zone shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section in the amount of $500 per eligible employee hired to work in the zone during the taxable year.

(2) To qualify for the credit:

(A) the taxpayer must hire 5 or more eligible employees to work in an enterprise zone, River Edge Redevelopment Zone, or federally designated Foreign Trade Zone or Sub-Zone during the taxable year;

(B) the taxpayer's total employment within the enterprise zone, River Edge Redevelopment Zone, or federally designated Foreign Trade Zone or Sub-Zone must increase by 5 or more full-time employees beyond the total employed in that zone at the end of the previous tax year for which a jobs tax credit under this Section was taken, or beyond the total employed by the taxpayer as of December 31, 1985, whichever is later; and

(C) the eligible employees must be employed 180 consecutive days in order to be deemed hired for purposes of this subsection.

(3) An "eligible employee" means an employee who is:

(A) Certified by the Department of Commerce and Economic Opportunity as "eligible for services" pursuant to regulations promulgated in accordance with Title II of the Job Training Partnership Act, Training Services for the
Disadvantaged or Title III of the Job Training Partnership Act, Employment and Training Assistance for Dislocated Workers Program.

(B) Hired after the enterprise zone, River Edge Redevelopment Zone, or federally designated Foreign Trade Zone or Sub-Zone was designated or the trade or business was located in that zone, whichever is later.

(C) Employed in the enterprise zone, River Edge Redevelopment Zone, or Foreign Trade Zone or Sub-Zone. An employee is employed in an enterprise zone or federally designated Foreign Trade Zone or Sub-Zone if his services are rendered there or it is the base of operations for the services performed.

(D) A full-time employee working 30 or more hours per week.

(4) For tax years ending on or after December 31, 1985 and prior to December 31, 1988, the credit shall be allowed for the tax year in which the eligible employees are hired. For tax years ending on or after December 31, 1988, the credit shall be allowed for the tax year immediately following the tax year in which the eligible employees are hired. If the amount of the credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit year. The credit shall be applied to the earliest year for which there is a liability. If there is credit from more than one tax year that is available to offset a liability, earlier credit shall be applied first.

(5) The Department of Revenue shall promulgate such rules and regulations as may be deemed necessary to carry out the purposes of this subsection (g).

(6) The credit shall be available for eligible employees hired on or after January 1, 1986.

(h) Investment credit; High Impact Business.

(1) Subject to subsections (b) and (b-5) of Section 5.5 of the Illinois Enterprise Zone Act, a taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for investment in qualified property which is placed in service by a Department of Commerce and Economic Opportunity
designated High Impact Business. The credit shall be .5% of the basis for such property. The credit shall not be available (i) until the minimum investments in qualified property set forth in subdivision (a)(3)(A) of Section 5.5 of the Illinois Enterprise Zone Act have been satisfied or (ii) until the time authorized in subsection (b-5) of the Illinois Enterprise Zone Act for entities designated as High Impact Businesses under subdivisions (a)(3)(B), (a)(3)(C), and (a)(3)(D) of Section 5.5 of the Illinois Enterprise Zone Act, and shall not be allowed to the extent that it would reduce a taxpayer's liability for the tax imposed by subsections (a) and (b) of this Section to below zero. The credit applicable to such investments shall be taken in the taxable year in which such investments have been completed. The credit for additional investments beyond the minimum investment by a designated high impact business authorized under subdivision (a)(3)(A) of Section 5.5 of the Illinois Enterprise Zone Act shall be available only in the taxable year in which the property is placed in service and shall not be allowed to the extent that it would reduce a taxpayer's liability for the tax imposed by subsections (a) and (b) of this Section to below zero. For tax years ending on or after December 31, 1987, the credit shall be allowed for the tax year in which the property is placed in service, or, if the amount of the credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit year. The credit shall be applied to the earliest year for which there is a liability. If there is credit from more than one tax year that is available to offset a liability, the credit accruing first in time shall be applied first.

Changes made in this subdivision (h)(1) by Public Act 88-670 restore changes made by Public Act 85-1182 and reflect existing law.

(2) The term qualified property means property which:

(A) is tangible, whether new or used, including buildings and structural components of buildings;

(B) is depreciable pursuant to Section 167 of the Internal Revenue Code, except that "3-year property" as defined in Section 168(c)(2)(A) of that Code is not eligible for the credit provided by this subsection (h);

New matter indicate by italics - deletions by strikeout
(C) is acquired by purchase as defined in Section 179(d) of the Internal Revenue Code; and

(D) is not eligible for the Enterprise Zone Investment Credit provided by subsection (f) of this Section.

(3) The basis of qualified property shall be the basis used to compute the depreciation deduction for federal income tax purposes.

(4) If the basis of the property for federal income tax depreciation purposes is increased after it has been placed in service in a federally designated Foreign Trade Zone or Sub-Zone located in Illinois by the taxpayer, the amount of such increase shall be deemed property placed in service on the date of such increase in basis.

(5) The term "placed in service" shall have the same meaning as under Section 46 of the Internal Revenue Code.

(6) If during any taxable year ending on or before December 31, 1996, any property ceases to be qualified property in the hands of the taxpayer within 48 months after being placed in service, or the situs of any qualified property is moved outside Illinois within 48 months after being placed in service, the tax imposed under subsections (a) and (b) of this Section for such taxable year shall be increased. Such increase shall be determined by (i) recomputing the investment credit which would have been allowed for the year in which credit for such property was originally allowed by eliminating such property from such computation, and (ii) subtracting such recomputed credit from the amount of credit previously allowed. For the purposes of this paragraph (6), a reduction of the basis of qualified property resulting from a redetermination of the purchase price shall be deemed a disposition of qualified property to the extent of such reduction.

(7) Beginning with tax years ending after December 31, 1996, if a taxpayer qualifies for the credit under this subsection (h) and thereby is granted a tax abatement and the taxpayer relocates its entire facility in violation of the explicit terms and length of the contract under Section 18-183 of the Property Tax Code, the tax imposed under subsections (a) and (b) of this Section shall be increased for the taxable year in which the taxpayer relocated its

facility by an amount equal to the amount of credit received by the taxpayer under this subsection (h).

(i) Credit for Personal Property Tax Replacement Income Tax. For tax years ending prior to December 31, 2003, a credit shall be allowed against the tax imposed by subsections (a) and (b) of this Section for the tax imposed by subsections (c) and (d) of this Section. This credit shall be computed by multiplying the tax imposed by subsections (c) and (d) of this Section by a fraction, the numerator of which is base income allocable to Illinois and the denominator of which is Illinois base income, and further multiplying the product by the tax rate imposed by subsections (a) and (b) of this Section.

Any credit earned on or after December 31, 1986 under this subsection which is unused in the year the credit is computed because it exceeds the tax liability imposed by subsections (a) and (b) for that year (whether it exceeds the original liability or the liability as later amended) may be carried forward and applied to the tax liability imposed by subsections (a) and (b) of the 5 taxable years following the excess credit year, provided that no credit may be carried forward to any year ending on or after December 31, 2003. This credit shall be applied first to the earliest year for which there is a liability. If there is a credit under this subsection from more than one tax year that is available to offset a liability the earliest credit arising under this subsection shall be applied first.

If, during any taxable year ending on or after December 31, 1986, the tax imposed by subsections (c) and (d) of this Section for which a taxpayer has claimed a credit under this subsection (i) is reduced, the amount of credit for such tax shall also be reduced. Such reduction shall be determined by recomputing the credit to take into account the reduced tax imposed by subsections (c) and (d). If any portion of the reduced amount of credit has been carried to a different taxable year, an amended return shall be filed for such taxable year to reduce the amount of credit claimed.

(j) Training expense credit. Beginning with tax years ending on or after December 31, 1986 and prior to December 31, 2003, a taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) under this Section for all amounts paid or accrued, on behalf of all persons employed by the taxpayer in Illinois or Illinois residents employed outside of Illinois by a taxpayer, for educational or vocational training in semi-technical or technical fields or semi-skilled or skilled fields, which were deducted from gross income in the computation of taxable income. The

credit against the tax imposed by subsections (a) and (b) shall be 1.6% of such training expenses. For partners, shareholders of subchapter S corporations, and owners of limited liability companies, if the liability company is treated as a partnership for purposes of federal and State income taxation, there shall be allowed a credit under this subsection (j) to be determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and subchapter S of the Internal Revenue Code.

Any credit allowed under this subsection which is unused in the year the credit is earned may be carried forward to each of the 5 taxable years following the year for which the credit is first computed until it is used. This credit shall be applied first to the earliest year for which there is a liability. If there is a credit under this subsection from more than one tax year that is available to offset a liability the earliest credit arising under this subsection shall be applied first. No carryforward credit may be claimed in any tax year ending on or after December 31, 2003.

(k) Research and development credit.

For tax years ending after July 1, 1990 and prior to December 31, 2003, and beginning again for tax years ending on or after December 31, 2004, a taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for increasing research activities in this State. The credit allowed against the tax imposed by subsections (a) and (b) shall be equal to 6 1/2% of the qualifying expenditures for increasing research activities in this State. For partners, shareholders of subchapter S corporations, and owners of limited liability companies, if the liability company is treated as a partnership for purposes of federal and State income taxation, there shall be allowed a credit under this subsection to be determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and subchapter S of the Internal Revenue Code.

immediately preceding the taxable year for which the determination is being made.

Any credit in excess of the tax liability for the taxable year may be carried forward. A taxpayer may elect to have the unused credit shown on its final completed return carried over as a credit against the tax liability for the following 5 taxable years or until it has been fully used, whichever occurs first; provided that no credit earned in a tax year ending prior to December 31, 2003 may be carried forward to any year ending on or after December 31, 2003.

If an unused credit is carried forward to a given year from 2 or more earlier years, that credit arising in the earliest year will be applied first against the tax liability for the given year. If a tax liability for the given year still remains, the credit from the next earliest year will then be applied, and so on, until all credits have been used or no tax liability for the given year remains. Any remaining unused credit or credits then will be carried forward to the next following year in which a tax liability is incurred, except that no credit can be carried forward to a year which is more than 5 years after the year in which the expense for which the credit is given was incurred.

No inference shall be drawn from this amendatory Act of the 91st General Assembly in construing this Section for taxable years beginning before January 1, 1999.

For purposes of this Section, "unreimbursed eligible remediation costs" means costs approved by the Illinois Environmental Protection Agency ("Agency") under Section 58.14 of the Environmental Protection Act that were paid in performing environmental remediation at a site for which a No Further Remediation Letter was issued by the Agency and recorded under Section 58.10 of the Environmental Protection Act. The credit must be claimed for the taxable year in which Agency approval of the eligible remediation costs is granted. The credit is not available to any taxpayer if the taxpayer or any related party caused or contributed to, in any material respect, a release of regulated substances on, in, or under the site that was identified
and addressed by the remedial action pursuant to the Site Remediation Program of the Environmental Protection Act. After the Pollution Control Board rules are adopted pursuant to the Illinois Administrative Procedure Act for the administration and enforcement of Section 58.9 of the Environmental Protection Act, determinations as to credit availability for purposes of this Section shall be made consistent with those rules. For purposes of this Section, "taxpayer" includes a person whose tax attributes the taxpayer has succeeded to under Section 381 of the Internal Revenue Code and "related party" includes the persons disallowed a deduction for losses by paragraphs (b), (c), and (f)(1) of Section 267 of the Internal Revenue Code by virtue of being a related taxpayer, as well as any of its partners. The credit allowed against the tax imposed by subsections (a) and (b) shall be equal to 25% of the unreimbursed eligible remediation costs in excess of $100,000 per site, except that the $100,000 threshold shall not apply to any site contained in an enterprise zone as determined by the Department of Commerce and Community Affairs (now Department of Commerce and Economic Opportunity). The total credit allowed shall not exceed $40,000 per year with a maximum total of $150,000 per site. For partners and shareholders of subchapter S corporations, there shall be allowed a credit under this subsection to be determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and subchapter S of the Internal Revenue Code.

(ii) A credit allowed under this subsection that is unused in the year the credit is earned may be carried forward to each of the 5 taxable years following the year for which the credit is first earned until it is used. The term "unused credit" does not include any amounts of unreimbursed eligible remediation costs in excess of the maximum credit per site authorized under paragraph (i). This credit shall be applied first to the earliest year for which there is a liability. If there is a credit under this subsection from more than one tax year that is available to offset a liability, the earliest credit arising under this subsection shall be applied first. A credit allowed under this subsection may be sold to a buyer as part of a sale of all or part of the remediation site for which the credit was granted. The purchaser of a remediation site and the tax credit shall succeed

intent to sell the remediation site and the amount of the tax credit
to be transferred as a portion of the sale. In no event may a credit
be transferred to any taxpayer if the taxpayer or a related party
would not be eligible under the provisions of subsection (i).

(iii) For purposes of this Section, the term "site" shall have
the same meaning as under Section 58.2 of the Environmental
Protection Act.

after December 31, 1999, a taxpayer who is the custodian of one or more

incurred on behalf of the qualifying pupils. The credit shall be equal to
25% of qualified education expenses, but in no event may the total credit
under this subsection claimed by a family that is the custodian of
qualifying pupils exceed $500. In no event shall a credit under this
subsection reduce the taxpayer's liability under this Act to less than zero.
This subsection is exempt from the provisions of Section 250 of this Act.

For purposes of this subsection:
"Qualifying pupils" means individuals who (i) are residents of the
State of Illinois, (ii) are under the age of 21 at the close of the school year
for which a credit is sought, and (iii) during the school year for which a
credit is sought were full-time pupils enrolled in a kindergarten through
twelfth grade education program at any school, as defined in this
subsection.
"Qualified education expense" means the amount incurred on
behalf of a qualifying pupil in excess of $250 for tuition, book fees, and

The credit must be claimed for the taxable year in which Agency approval of the eligible remediation costs is granted. The credit is not available to any taxpayer if the taxpayer or any related party caused or contributed to, in any material respect, a release of regulated substances on, in, or under the site that was identified and addressed by the remedial action pursuant to the Site Remediation Program of the Environmental Protection Act. Determinations as to credit availability for purposes of this Section shall be made consistent with rules adopted by the Pollution Control Board pursuant to the Illinois Administrative Procedure Act for the administration and enforcement of Section 58.9 of the Environmental Protection Act. For purposes of this Section, "taxpayer" includes a person whose tax attributes the taxpayer has succeeded to under Section 381 of the Internal Revenue Code and "related party" includes the persons disallowed a deduction for losses by paragraphs (b), (c), and (f)(1) of Section 267 of the Internal Revenue Code by virtue of being a related taxpayer, as well as any of its partners. With respect to food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food that has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances, modifications to a motor vehicle for the purpose of rendering it usable by a disabled person, and insulin, urine testing materials, syringes, and needles used by diabetics, for human use, the tax is imposed at the rate of 1%. For the purposes of this Section, until September 1, 2009: the term "soft drinks" means any complete, finished, ready-to-use, non-alcoholic drink, whether carbonated or not, including but not limited to soda water, cola, fruit juice, vegetable juice, carbonated water, and all other preparations commonly known as soft drinks of whatever kind or description that are contained in any closed or sealed bottle, can, carton, or container, regardless of size; but "soft drinks" does not include coffee, tea, non-carbonated water, infant formula, milk or milk products as defined in the Grade A Pasteurized Milk and Milk Products Act, or drinks containing 50% or more natural fruit or vegetable juice.

Notwithstanding any other provisions of this Act, beginning September 1, 2009, "soft drinks" means non-alcoholic beverages that contain natural or artificial sweeteners. "Soft drinks" do not include beverages that contain milk or milk products, soy, rice or similar milk substitutes, or greater than 50% of vegetable or fruit juice by volume.

Until August 1, 2009, and notwithstanding any other provisions of this Act, "food for human consumption that is to be consumed off the premises where it is sold" includes all food sold through a vending machine, except soft drinks; and food products that are dispensed hot from a vending machine, regardless of the location of the vending machine. Beginning August 1, 2009, and notwithstanding any other provisions of this Act, "food for human consumption that is to be consumed off the premises where it is sold" includes all food sold through a vending machine, except soft drinks, candy, and food products that are dispensed hot from a vending machine, regardless of the location of the vending machine.

Notwithstanding any other provisions of this Act, beginning September 1, 2009, "food for human consumption that is to be consumed off the premises where it is sold" does not include candy. For purposes of
this Section, "candy" means a preparation of sugar, honey, or other natural or artificial sweeteners in combination with chocolate, fruits, nuts or other ingredients or flavorings in the form of bars, drops, or pieces. "Candy" does not include any preparation that contains flour or requires refrigeration.

Notwithstanding any other provisions of this Act, beginning September 1, 2009, "nonprescription medicines and drugs" does not include grooming and hygiene products. For purposes of this Section, "grooming and hygiene products" includes, but is not limited to, soaps and cleaning solutions, shampoo, toothpaste, mouthwash, antiperspirants, and sun tan lotions and screens, unless those products are available by prescription only, regardless of whether the products meet the definition of "over-the-counter-drugs". For the purposes of this paragraph, "over-the-counter-drug" means a drug for human use that contains a label that identifies the product as a drug as required by 21 C.F.R. § 201.66. The "over-the-counter-drug" label includes:

(A) A "Drug Facts" panel; or
(B) A statement of the "active ingredient(s)" with a list of those ingredients contained in the compound, substance or preparation.

If the property that is purchased at retail from a retailer is acquired outside Illinois and used outside Illinois before being brought to Illinois for use here and is taxable under this Act, the "selling price" on which the tax is computed shall be reduced by an amount that represents a reasonable allowance for depreciation for the period of prior out-of-state use.

Sec. 10. Except as to motor vehicles, aircraft, watercraft, and trailers, and except as to cigarettes as defined in the Cigarette Use Tax Act, when tangible personal property is purchased from a retailer for use in this State by a purchaser who did not pay the tax imposed by this Act to the retailer, and who does not file returns with the Department as a retailer under Section 9 of this Act, such purchaser (by the last day of the month following the calendar month in which such purchaser makes any payment upon the selling price of such property) shall, except as provided in this Section, file a return with the Department and pay the tax upon that portion of the selling price so paid by the purchaser during the preceding calendar month. When tangible personal property, including but not

limited to motor vehicles and aircraft, is purchased by a lessor, under a lease for one year or longer, executed or in effect at the time of purchase to an interstate carrier for hire, who did not pay the tax imposed by this Act to the retailer, such lessor (by the last day of the month following the calendar month in which such property reverts to the use of such lessor) shall file a return with the Department and pay the tax upon the fair market value of such property on the date of such reversion. However, in determining the fair market value at the time of reversion, the fair market value of such property shall not exceed the original purchase price of the property that was paid by the lessor at the time of purchase. Such return shall be filed on a form prescribed by the Department and shall contain such information as the Department may reasonably require. Such return and payment from the purchaser shall be submitted to the Department sooner than the last day of the month after the month in which the purchase is made to the extent that that may be necessary in order to secure the title to a motor vehicle or the certificate of registration for an aircraft. However, except as to motor vehicles and aircraft, and except as to cigarettes as defined in the Cigarette Use Tax Act, if the purchaser's annual use tax liability does not exceed $600, the purchaser may file the return on an annual basis on or before April 15th of the year following the year use tax liability was incurred.

If cigarettes, as defined in the Cigarette Use Tax Act, are purchased from a retailer for use in this State by a purchaser who did not pay the tax imposed by this Act to the retailer, and who does not file returns with the Department as a retailer under Section 9 of this Act, such purchase must, within 30 days after acquiring the cigarettes, file a return with the Department and pay the tax upon that portion of the selling price so paid by the purchaser for the cigarettes.

In addition with respect to motor vehicles, aircraft, watercraft, and trailers, a purchaser of such tangible personal property for use in this State, who purchases such tangible personal property from an out-of-state retailer, shall file with the Department, upon a form to be prescribed and supplied by the Department, a return for each such item of tangible personal property purchased, except that if, in the same transaction, (i) a purchaser of motor vehicles, aircraft, watercraft, or trailers who is a retailer of motor vehicles, aircraft, watercraft, or trailers purchases more than one motor vehicle, aircraft, watercraft, or trailer for the purpose of resale or (ii) a purchaser of motor vehicles, aircraft, watercraft, or trailer for

use as qualifying rolling stock as provided in Section 3-55 of this Act, then
the purchaser may report the purchase of all motor vehicles, aircraft,
watercraft, or trailers involved in that transaction to the Department on a
single return prescribed by the Department. Such return in the case of
motor vehicles and aircraft must show the name and address of the seller,
the name, address of purchaser, the amount of the selling price including
the amount allowed by the retailer for traded in property, if any; the
amount allowed by the retailer for the traded-in tangible personal property,
if any, to the extent to which Section 2 of this Act allows an exemption for
the value of traded-in property; the balance payable after deducting such
trade-in allowance from the total selling price; the amount of tax due from
the purchaser with respect to such transaction; the amount of tax collected
from the purchaser by the retailer on such transaction (or satisfactory
evidence that such tax is not due in that particular instance if that is
claimed to be the fact); the place and date of the sale, a sufficient
identification of the property sold, and such other information as the
Department may reasonably require.

Such return shall be filed not later than 30 days after such motor
vehicle or aircraft is brought into this State for use.

For purposes of this Section, "watercraft" means a Class 2, Class 3,
or Class 4 watercraft as defined in Section 3-2 of the Boat Registration and
Safety Act, a personal watercraft, or any boat equipped with an inboard
motor.

The return and tax remittance or proof of exemption from the tax
that is imposed by this Act may be transmitted to the Department by way
of the State agency with which, or State officer with whom, the tangible
personal property must be titled or registered (if titling or registration is
required) if the Department and such agency or State officer determine that
this procedure will expedite the processing of applications for title or
registration.

With each such return, the purchaser shall remit the proper amount
of tax due (or shall submit satisfactory evidence that the sale is not taxable
if that is the case), to the Department or its agents, whereupon the
Department shall issue, in the purchaser's name, a tax receipt (or a
certificate of exemption if the Department is satisfied that the particular
sale is tax exempt) which such purchaser may submit to the agency with
which, or State officer with whom, he must title or register the tangible
personal property that is involved (if titling or registration is required) in
support of such purchaser's application for an Illinois certificate or other evidence of title or registration to such tangible personal property.

When a purchaser pays a tax imposed by this Act directly to the Department, the Department (upon request therefor from such purchaser) shall issue an appropriate receipt to such purchaser showing that he has paid such tax to the Department. Such receipt shall be sufficient to relieve the purchaser from further liability for the tax to which such receipt may refer.

A user who is liable to pay use tax directly to the Department only occasionally and not on a frequently recurring basis, and who is not required to file returns with the Department as a retailer under Section 9 of this Act, or under the "Retailers' Occupation Tax Act", or as a registrant with the Department under the "Service Occupation Tax Act" or the "Service Use Tax Act", need not register with the Department. However, if such a user has a frequently recurring direct use tax liability to pay to the Department, such user shall be required to register with the Department on forms prescribed by the Department and to obtain and display a certificate of registration from the Department. In that event, all of the provisions of Section 9 of this Act concerning the filing of regular monthly, quarterly or annual tax returns and all of the provisions of Section 2a of the "Retailers' Occupation Tax Act" concerning the requirements for registrants to post bond or other security with the Department, as the provisions of such sections now exist or may hereafter be amended, shall apply to such users to the same extent as if such provisions were included herein.

Sec. 3-10. Rate of tax. Unless otherwise provided in this Section, the tax imposed by this Act is at the rate of 6.25% of the selling price of tangible personal property transferred as an incident to the sale of service, but, for the purpose of computing this tax, in no event shall the selling price be less than the cost price of the property to the serviceman.

Beginning on July 1, 2000 and through December 31, 2000, with respect to motor fuel, as defined in Section 1.1 of the Motor Fuel Tax Law, and gasohol, as defined in Section 3-40 of the Use Tax Act, the tax is imposed at the rate of 1.25%.

With respect to gasohol, as defined in the Use Tax Act, the tax imposed by this Act applies to (i) 70% of the selling price of property transferred as an incident to the sale of service on or after January 1, 1990, and before July 1, 2003, (ii) 80% of the selling price of property transferred as an incident to the sale of service on or after July 1, 2003 and on or before December 31, 2013, and (iii) 100% of the selling price thereafter. If, at any time, however, the tax under this Act on sales of gasohol, as defined in the Use Tax Act, is imposed at the rate of 1.25%, then the tax imposed by this Act applies to 100% of the proceeds of sales of gasohol made during that time.

With respect to majority blended ethanol fuel, as defined in the Use Tax Act, the tax imposed by this Act does not apply to the selling price of property transferred as an incident to the sale of service on or after July 1, 2003 and on or before December 31, 2013 but applies to 100% of the selling price thereafter.

With respect to biodiesel blends, as defined in the Use Tax Act, with no less than 1% and no more than 10% biodiesel, the tax imposed by this Act applies to (i) 80% of the selling price of property transferred as an incident to the sale of service on or after July 1, 2003 and on or before December 31, 2013 and (ii) 100% of the proceeds of the selling price thereafter. If, at any time, however, the tax under this Act on sales of biodiesel blends, as defined in the Use Tax Act, with no less than 1% and no more than 10% biodiesel is imposed at the rate of 1.25%, then the tax imposed by this Act applies to 100% of the proceeds of sales of biodiesel blends with no less than 1% and no more than 10% biodiesel made during that time.

With respect to 100% biodiesel, as defined in the Use Tax Act, and biodiesel blends, as defined in the Use Tax Act, with more than 10% but no more than 99% biodiesel, the tax imposed by this Act does not apply to the proceeds of the selling price of property transferred as an incident to
the sale of service on or after July 1, 2003 and on or before December 31, 2013 but applies to 100% of the selling price thereafter.

At the election of any registered serviceman made for each fiscal year, sales of service in which the aggregate annual cost price of tangible personal property transferred as an incident to the sales of service is less than 35%, or 75% in the case of servicemen transferring prescription drugs or servicemen engaged in graphic arts production, of the aggregate annual total gross receipts from all sales of service, the tax imposed by this Act shall be based on the serviceman's cost price of the tangible personal property transferred as an incident to the sale of those services.

The tax shall be imposed at the rate of 1% on food prepared for immediate consumption and transferred incident to a sale of service subject to this Act or the Service Occupation Tax Act by an entity licensed under the Hospital Licensing Act, the Nursing Home Care Act, or the Child Care Act of 1969. The tax shall also be imposed at the rate of 1% on food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food that has been prepared for immediate consumption and is not otherwise included in this paragraph) and prescription and nonprescription medicines, drugs, medical appliances, modifications to a motor vehicle for the purpose of rendering it usable by a disabled person, and insulin, urine testing materials, syringes, and needles used by diabetics, for human use. For the purposes of this Section, until September 1, 2009: the term "soft drinks" means any complete, finished, ready-to-use, non-alcoholic drink, whether carbonated or not, including but not limited to soda water, cola, fruit juice, vegetable juice, carbonated water, and all other preparations commonly known as soft drinks of whatever kind or description that are contained in any closed or sealed bottle, can, carton, or container, regardless of size; but "soft drinks" does not include coffee, tea, non-carbonated water, infant formula, milk or milk products as defined in the Grade A Pasteurized Milk and Milk Products Act, or drinks containing 50% or more natural fruit or vegetable juice.

Notwithstanding any other provisions of this Act, beginning September 1, 2009, "soft drinks" means non-alcoholic beverages that contain natural or artificial sweeteners. "Soft drinks" do not include beverages that contain milk or milk products, soy, rice or similar milk substitutes, or greater than 50% of vegetable or fruit juice by volume.

Until August 1, 2009, and notwithstanding any other provisions of this Act, "food for human consumption that is to be consumed off the
premises where it is sold" includes all food sold through a vending machine, except soft drinks; and food products that are dispensed hot from a vending machine, regardless of the location of the vending machine. Beginning August 1, 2009, and notwithstanding any other provisions of this Act, "food for human consumption that is to be consumed off the premises where it is sold" includes all food sold through a vending machine, except soft drinks, candy, and food products that are dispensed hot from a vending machine, regardless of the location of the vending machine.

Notwithstanding any other provisions of this Act, beginning September 1, 2009, "food for human consumption that is to be consumed off the premises where it is sold" does not include candy. For purposes of this Section, "candy" means a preparation of sugar, honey, or other natural or artificial sweeteners in combination with chocolate, fruits, nuts or other ingredients or flavorings in the form of bars, drops, or pieces. "Candy" does not include any preparation that contains flour or requires refrigeration.

Notwithstanding any other provisions of this Act, beginning September 1, 2009, "nonprescription medicines and drugs" does not include grooming and hygiene products. For purposes of this Section, "grooming and hygiene products" includes, but is not limited to, soaps and cleaning solutions, shampoo, toothpaste, mouthwash, antiperspirants, and sun tan lotions and screens, unless those products are available by prescription only, regardless of whether the products meet the definition of "over-the-counter-drugs". For the purposes of this paragraph, "over-the-counter-drug" means a drug for human use that contains a label that identifies the product as a drug as required by 21 C.F.R. § 201.66. The "over-the-counter-drug" label includes:

(A) A "Drug Facts" panel; or
(B) A statement of the "active ingredient(s)" with a list of those ingredients contained in the compound, substance or preparation.

If the property that is acquired from a serviceman is acquired outside Illinois and used outside Illinois before being brought to Illinois for use here and is taxable under this Act, the "selling price" on which the tax is computed shall be reduced by an amount that represents a reasonable allowance for depreciation for the period of prior out-of-state use.

For the purpose of computing this tax, in no event shall the "selling price" be less than the cost price to the serviceman of the tangible personal property transferred. The selling price of each item of tangible personal property transferred as an incident of a sale of service may be shown as a distinct and separate item on the serviceman's billing to the

service customer. If the selling price is not so shown, the selling price of the tangible personal property is deemed to be 50% of the serviceman's entire billing to the service customer. When, however, a serviceman contracts to design, develop, and produce special order machinery or equipment, the tax imposed by this Act shall be based on the serviceman's cost price of the tangible personal property transferred incident to the completion of the contract.

Beginning on July 1, 2000 and through December 31, 2000, with respect to motor fuel, as defined in Section 1.1 of the Motor Fuel Tax Law, and gasohol, as defined in Section 3-40 of the Use Tax Act, the tax is imposed at the rate of 1.25%.

If, at any time, however, the tax under this Act on sales of gasohol, as defined in the Use Tax Act, is imposed at the rate of 1.25%, then the tax imposed by this Act applies to 100% of the proceeds of sales of gasohol made during that time.

With respect to majority blended ethanol fuel, as defined in the Use Tax Act, the tax imposed by this Act does not apply to the selling price of property transferred as an incident to the sale of service on or after July 1, 2003 and on or before December 31, 2013 but applies to 100% of the selling price thereafter.

If, at any time, however, the tax under this Act on sales of biodiesel blends, as defined in the Use Tax Act, with no less than 1% and no more than 10% biodiesel is imposed at the rate of 1.25%, then the tax imposed by this Act applies to 100% of the proceeds of sales of biodiesel blends with no less than 1% and no more than 10% biodiesel made during that time.

With respect to 100% biodiesel, as defined in the Use Tax Act, and biodiesel blends, as defined in the Use Tax Act, with more than 10% but

no more than 99% biodiesel material, the tax imposed by this Act does not apply to the proceeds of the selling price of property transferred as an incident to the sale of service on or after July 1, 2003 and on or before December 31, 2013 but applies to 100% of the selling price thereafter.

At the election of any registered serviceman made for each fiscal year, sales of service in which the aggregate annual cost price of tangible personal property transferred as an incident to the sales of service is less than 35%, or 75% in the case of servicemen transferring prescription drugs or servicemen engaged in graphic arts production, of the aggregate annual total gross receipts from all sales of service, the tax imposed by this Act shall be based on the serviceman's cost price of the tangible personal property transferred incident to the sale of those services.

The tax shall be imposed at the rate of 1% on food prepared for immediate consumption and transferred incident to a sale of service subject to this Act or the Service Occupation Tax Act by an entity licensed under the Hospital Licensing Act, the Nursing Home Care Act, or the Child Care Act of 1969. The tax shall also be imposed at the rate of 1% on food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food that has been prepared for immediate consumption and is not otherwise included in this paragraph) and prescription and nonprescription medicines, drugs, medical appliances, modifications to a motor vehicle for the purpose of rendering it usable by a disabled person, and insulin, urine testing materials, syringes, and needles used by diabetics, for human use. For the purposes of this Section, until September 1, 2009: the term "soft drinks" means any complete, finished, ready-to-use, non-alcoholic drink, whether carbonated or not, including but not limited to soda water, cola, fruit juice, vegetable juice, carbonated water, and all other preparations commonly known as soft drinks of whatever kind or description that are contained in any closed or sealed can, carton, or container, regardless of size; but "soft drinks" does not include coffee, tea, non-carbonated water, infant formula, milk or milk products as defined in the Grade A Pasteurized Milk and Milk Products Act, or drinks containing 50% or more natural fruit or vegetable juice.

Notwithstanding any other provisions of this Act, beginning September 1, 2009, "soft drinks" means non-alcoholic beverages that contain natural or artificial sweeteners. "Soft drinks" do not include beverages that contain milk or milk products, soy, rice or similar milk substitutes, or greater than 50% of vegetable or fruit juice by volume.
Until August 1, 2009, and notwithstanding any other provisions of this Act, "food for human consumption that is to be consumed off the premises where it is sold" includes all food sold through a vending machine, except soft drinks; and food products that are dispensed hot from a vending machine, regardless of the location of the vending machine. Beginning August 1, 2009, and notwithstanding any other provisions of this Act, "food for human consumption that is to be consumed off the premises where it is sold" includes all food sold through a vending machine, except soft drinks, candy, and food products that are dispensed hot from a vending machine, regardless of the location of the vending machine.

Notwithstanding any other provisions of this Act, beginning September 1, 2009, "food for human consumption that is to be consumed off the premises where it is sold" does not include candy. For purposes of this Section, "candy" means a preparation of sugar, honey, or other natural or artificial sweeteners in combination with chocolate, fruits, nuts or other ingredients or flavorings in the form of bars, drops, or pieces. "Candy" does not include any preparation that contains flour or requires refrigeration.

Notwithstanding any other provisions of this Act, beginning September 1, 2009, "nonprescription medicines and drugs" does not include grooming and hygiene products. For purposes of this Section, "grooming and hygiene products" includes, but is not limited to, soaps and cleaning solutions, shampoo, toothpaste, mouthwash, antiperspirants, and sun tan lotions and screens, unless those products are available by prescription only, regardless of whether the products meet the definition of "over-the-counter-drugs". For the purposes of this paragraph, "over-the-counter-drug" means a drug for human use that contains a label that identifies the product as a drug as required by 21 C.F.R. § 201.66. The "over-the-counter-drug" label includes:

(A) A "Drug Facts" panel; or
(B) A statement of the "active ingredient(s)" with a list of those ingredients contained in the compound, substance or preparation.

defined in Section 2 of the Service Use Tax Act, of the tangible personal property. For the purpose of computing this tax, in no event shall the "selling price" be less than the cost price to the serviceman of the tangible personal property transferred. The selling price of each item of tangible personal property transferred as an incident of a sale of service may be shown as a distinct and separate item on the serviceman's billing to the service customer. If the selling price is not so shown, the selling price of the tangible personal property is deemed to be 50% of the serviceman's entire billing to the service customer. When, however, a serviceman contracts to design, develop, and produce special order machinery or equipment, the tax imposed by this Act shall be based on the serviceman's cost price of the tangible personal property transferred incident to the completion of the contract.

Beginning on July 1, 2000 and through December 31, 2000, with respect to motor fuel, as defined in Section 1.1 of the Motor Fuel Tax Law, and gasohol, as defined in Section 3-40 of the Use Tax Act, the tax is imposed at the rate of 1.25%.

With respect to gasohol, as defined in the Use Tax Act, the tax imposed by this Act shall apply to (i) 70% of the cost price of property transferred as an incident to the sale of service on or after January 1, 1990, and before July 1, 2003, (ii) 80% of the selling price of property transferred as an incident to the sale of service on or after July 1, 2003 and on or before December 31, 2013, and (iii) 100% of the cost price thereafter. If, at any time, however, the tax under this Act on sales of gasohol, as defined in the Use Tax Act, is imposed at the rate of 1.25%, then the tax imposed by this Act applies to 100% of the proceeds of sales of gasohol made during that time.

With respect to majority blended ethanol fuel, as defined in the Use Tax Act, the tax imposed by this Act does not apply to the selling price of property transferred as an incident to the sale of service on or after July 1, 2003 and on or before December 31, 2013 but applies to 100% of the selling price thereafter.

With respect to biodiesel blends, as defined in the Use Tax Act, with no less than 1% and no more than 10% biodiesel, the tax imposed by this Act applies to (i) 80% of the selling price of property transferred as an incident to the sale of service on or after July 1, 2003 and on or before December 31, 2013 and (ii) 100% of the proceeds of the selling price thereafter. If, at any time, however, the tax under this Act on sales of biodiesel blends, as defined in the Use Tax Act, with no less than 1% and
no more than 10% biodiesel is imposed at the rate of 1.25%, then the tax imposed by this Act applies to 100% of the proceeds of sales of biodiesel blends with no less than 1% and no more than 10% biodiesel made during that time.

With respect to 100% biodiesel, as defined in the Use Tax Act, and biodiesel blends, as defined in the Use Tax Act, with more than 10% but no more than 99% biodiesel material, the tax imposed by this Act does not apply to the proceeds of the selling price of property transferred as an incident to the sale of service on or after July 1, 2003 and on or before December 31, 2013 but applies to 100% of the selling price thereafter.

The tax shall be imposed at the rate of 1% on food prepared for immediate consumption and transferred incident to a sale of service subject to this Act or the Service Occupation Tax Act by an entity licensed under the Hospital Licensing Act, the Nursing Home Care Act, the MR/DD Community Care Act, or the Child Care Act of 1969. In addition, the retailer must retain a signed copy of the statement in his or her records. Nothing in this item shall be construed to require the removal of the vehicle from this state following the filing of an intent to title the vehicle in the purchaser's state of residence if the purchaser titles the vehicle in his or her state of residence within 30 days after the date of sale. The tax collected under this Act in accordance with this item (25-5) shall be proportionately distributed as if the tax were collected at the 6.25% general rate imposed under this Act.

91.407;

(2) the aircraft is not based or registered in this State after the sale of the aircraft; and

(3) the seller retains in his or her books and records and provides to the Department a signed and dated certification from the purchaser, on a form prescribed by the Department, certifying that the requirements of this item (25-7) are met. With respect to biodiesel blends, as defined in the Use Tax Act, with no less than 1% and no more than 10% biodiesel, the tax imposed by this Act applies to (i) 80% of the proceeds of sales made on or after July 1, 2003 and on or before December 31, 2013 and (ii) 100% of the proceeds of sales made thereafter. If, at any time, however, the tax under this Act on sales of biodiesel blends, as defined in the Use Tax Act, with no less than 1% and no more than 10% biodiesel is imposed at the rate of 1.25%, then the tax imposed by this Act applies to 100% of the proceeds of sales of biodiesel blends with no less than 1% and no more than 10% biodiesel made during that time.

With respect to 100% biodiesel, as defined in the Use Tax Act, and biodiesel blends, as defined in the Use Tax Act, with more than 10% but no more than 99% biodiesel, the tax imposed by this Act does not apply to the proceeds of sales made on or after July 1, 2003 and on or before December 31, 2013 but applies to 100% of the proceeds of sales made thereafter.

With respect to food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food that has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances, modifications to a motor vehicle for the purpose of rendering it usable by a disabled person, and insulin, urine testing materials, syringes, and needles used by diabetics, for human use, the tax is imposed at the rate of 1%. For the purposes of this Section, until September 1, 2009: the term "soft drinks" means any complete, finished,
ready-to-use, non-alcoholic drink, whether carbonated or not, including but not limited to soda water, cola, fruit juice, vegetable juice, carbonated water, and all other preparations commonly known as soft drinks of whatever kind or description that are contained in any closed or sealed bottle, can, carton, or container, regardless of size; but "soft drinks" does not include coffee, tea, non-carbonated water, infant formula, milk or milk products as defined in the Grade A Pasteurized Milk and Milk Products Act, or drinks containing 50% or more natural fruit or vegetable juice.

Notwithstanding any other provisions of this Act, beginning September 1, 2009, "soft drinks" means non-alcoholic beverages that contain natural or artificial sweeteners. "Soft drinks" do not include beverages that contain milk or milk products, soy, rice or similar milk substitutes, or greater than 50% of vegetable or fruit juice by volume.

Until August 1, 2009, and notwithstanding any other provisions of this Act, "food for human consumption that is to be consumed off the premises where it is sold" includes all food sold through a vending machine, except soft drinks; and food products that are dispensed hot from a vending machine, regardless of the location of the vending machine. Beginning August 1, 2009, and notwithstanding any other provisions of this Act, "food for human consumption that is to be consumed off the premises where it is sold" includes all food sold through a vending machine, except soft drinks, candy, and food products that are dispensed hot from a vending machine, regardless of the location of the vending machine.

Notwithstanding any other provisions of this Act, beginning September 1, 2009, "food for human consumption that is to be consumed off the premises where it is sold" does not include candy. For purposes of this Section, "candy" means a preparation of sugar, honey, or other natural or artificial sweeteners in combination with chocolate, fruits, nuts or other ingredients or flavorings in the form of bars, drops, or pieces. "Candy" does not include any preparation that contains flour or requires refrigeration.

Notwithstanding any other provisions of this Act, beginning September 1, 2009, "nonprescription medicines and drugs" does not include grooming and hygiene products. For purposes of this Section, "grooming and hygiene products" includes, but is not limited to, soaps and cleaning solutions, shampoo, toothpaste, mouthwash, antiperspirants, and suntan lotions and screens, unless those products are available by prescription only, regardless of whether the products meet the definition of

"over-the-counter-drugs". For the purposes of this paragraph, "over-the-counter-drug" means a drug for human use that contains a label that identifies the product as a drug as required by 21 C.F.R. § 201.66. The "over-the-counter-drug" label includes:

(A) A "Drug Facts" panel; or

Sec. 15-170. Senior Citizens Homestead Exemption. An annual homestead exemption limited, except as described here with relation to cooperatives or life care facilities, to a maximum reduction set forth below from the property's value, as equalized or assessed by the Department, is granted for property that is occupied as a residence by a person 65 years of age or older who is liable for paying real estate taxes on the property and is an owner of record of the property or has a legal or equitable interest therein as evidenced by a written instrument, except for a leasehold interest, other than a leasehold interest of land on which a single family residence is located, which is occupied as a residence by a person 65 years or older who has an ownership interest therein, legal, equitable or as a lessee, and on which he or she is liable for the payment of property taxes. Before taxable year 2004, the maximum reduction shall be $2,500 in counties with 3,000,000 or more inhabitants and $2,000 in all other counties. For taxable years 2004 through 2005, the maximum reduction shall be $3,000 in all counties. For taxable years 2006 and 2007, the maximum reduction shall be $3,500 and, for taxable years 2008 and thereafter, the maximum reduction is $4,000 in all counties.

For land improved with an apartment building owned and operated as a cooperative, the maximum reduction from the value of the property, as equalized by the Department, shall be multiplied by the number of apartments or units occupied by a person 65 years of age or older who is liable, by contract with the owner or owners of record, for paying property taxes on the property and is an owner of record of a legal or equitable interest in the cooperative apartment building, other than a leasehold

interest. For land improved with a life care facility, the maximum reduction from the value of the property, as equalized by the Department, shall be multiplied by the number of apartments or units occupied by persons 65 years of age or older, irrespective of any legal, equitable, or leasehold interest in the facility, who are liable, under a contract with the owner or owners of record of the facility, for paying property taxes on the property. In a cooperative or a life care facility where a homestead exemption has been granted, the cooperative association or the management firm of the cooperative or facility shall credit the savings resulting from that exemption only to the apportioned tax liability of the owner or resident who qualified for the exemption. Any person who willfully refuses to so credit the savings shall be guilty of a Class B misdemeanor. Under this Section and Sections 15-175, 15-176, and 15-177, "life care facility" means a facility, as defined in Section 2 of the Life Care Facilities Act, with which the applicant for the homestead exemption has a life care contract as defined in that Act.

When a homestead exemption has been granted under this Section and the person qualifying subsequently becomes a resident of a facility licensed under the Assisted Living and Shared Housing Act or the Nursing Home Care Act, the exemption shall continue so long as the residence continues to be occupied by the qualifying person's spouse if the spouse is 65 years of age or older, or if the residence remains unoccupied but is still owned by the person qualified for the homestead exemption.

A person who will be 65 years of age during the current assessment year shall be eligible to apply for the homestead exemption during that assessment year. Application shall be made during the application period in effect for the county of his residence.

Beginning with assessment year 2003, for taxes payable in 2004, property that is first occupied as a residence after January 1 of any assessment year by a person who is eligible for the senior citizens homestead exemption under this Section must be granted a pro-rata exemption for the assessment year. The amount of the pro-rata exemption is the exemption allowed in the county under this Section divided by 365 and multiplied by the number of days during the assessment year the property is occupied as a residence by a person eligible for the exemption under this Section. The chief county assessment officer must adopt reasonable procedures to establish eligibility for this pro-rata exemption.

The assessor or chief county assessment officer may determine the eligibility of a life care facility to receive the benefits provided by this
Section, by affidavit, application, visual inspection, questionnaire or other reasonable methods in order to insure that the tax savings resulting from the exemption are credited by the management firm to the apportioned tax liability of each qualifying resident. The assessor may request reasonable proof that the management firm has so credited the exemption.

The chief county assessment officer of each county with less than 3,000,000 inhabitants shall provide to each person allowed a homestead exemption under this Section a form to designate any other person to receive a duplicate of any notice of delinquency in the payment of taxes assessed and levied under this Code on the property of the person receiving the exemption. The duplicate notice shall be in addition to the notice required to be provided to the person receiving the exemption, and shall be given in the manner required by this Code. The person filing the request for the duplicate notice shall pay a fee of $5 to cover administrative costs to the supervisor of assessments, who shall then file the executed designation with the county collector. Notwithstanding any other provision of this Code to the contrary, the filing of such an executed designation requires the county collector to provide duplicate notices as indicated by the designation. A designation may be rescinded by the person who executed such designation at any time, in the manner and form required by the chief county assessment officer.

The assessor or chief county assessment officer may determine the eligibility of residential property to receive the homestead exemption provided by this Section by application, visual inspection, questionnaire or other reasonable methods. The determination shall be made in accordance with guidelines established by the Department.

In counties with less than 3,000,000 inhabitants, the county board may by resolution provide that if a person has been granted a homestead exemption under this Section, the person qualifying need not reapply for the exemption.

In counties with less than 3,000,000 inhabitants, if the assessor or chief county assessment officer requires annual application for verification of eligibility for an exemption once granted under this Section, the application shall be mailed to the taxpayer.

The assessor or chief county assessment officer shall notify each person who qualifies for an exemption under this Section that the person may also qualify for deferral of real estate taxes under the Senior Citizens Real Estate Tax Deferral Act. The notice shall set forth the qualifications needed for deferral of real estate taxes, the address and telephone number

of county collector, and a statement that applications for deferral of real estate taxes may be obtained from the county collector.

Notwithstanding Sections 6 and 8 of the State Mandates Act, no reimbursement by the State is required for the implementation of any mandate created by this Section.

Sec. 15-170. Senior Citizens Homestead Exemption. An annual homestead exemption limited, except as described here with relation to cooperatives or life care facilities, to a maximum reduction set forth below from the property's value, as equalized or assessed by the Department, is granted for property that is occupied as a residence by a person 65 years of age or older who is liable for paying real estate taxes on the property and is an owner of record of the property or has a legal or equitable interest therein as evidenced by a written instrument, except for a leasehold interest, other than a leasehold interest of land on which a single family residence is located, which is occupied as a residence by a person 65 years or older who has an ownership interest therein, legal, equitable or as a lessee, and on which he or she is liable for the payment of property taxes. Before taxable year 2004, the maximum reduction shall be $2,500 in counties with 3,000,000 or more inhabitants and $2,000 in all other counties. For taxable years 2004 through 2005, the maximum reduction shall be $3,000 in all counties. For taxable years 2006 and 2007, the maximum reduction shall be $3,500 and, for taxable years 2008 and thereafter, the maximum reduction is $4,000 in all counties.

For land improved with an apartment building owned and operated as a cooperative, the maximum reduction from the value of the property, as equalized by the Department, shall be multiplied by the number of apartments or units occupied by a person 65 years of age or older who is liable, by contract with the owner or owners of record, for paying property taxes on the property and is an owner of record of a legal or equitable interest in the cooperative apartment building, other than a leasehold interest. For land improved with a life care facility, the maximum reduction from the value of the property, as equalized by the Department, shall be multiplied by the number of apartments or units occupied by persons 65 years of age or older, irrespective of any legal, equitable, or leasehold interest in the facility, who are liable, under a contract with the owner or owners of record of the facility, for paying property taxes on the
property. In a cooperative or a life care facility where a homestead exemption has been granted, the cooperative association or the management firm of the cooperative or facility shall credit the savings resulting from that exemption only to the apportioned tax liability of the owner or resident who qualified for the exemption. Any person who willfully refuses to so credit the savings shall be guilty of a Class B misdemeanor. Under this Section and Sections 15-175, 15-176, and 15-177, "life care facility" means a facility, as defined in Section 2 of the Life Care Facilities Act, with which the applicant for the homestead exemption has a life care contract as defined in that Act.

When a homestead exemption has been granted under this Section and the person qualifying subsequently becomes a resident of a facility licensed under the Assisted Living and Shared Housing Act, or the Nursing Home Care Act, or the MR/DD Community Care Act, the exemption shall continue so long as the residence continues to be occupied by the qualifying person's spouse if the spouse is 65 years of age or older, or if the residence remains unoccupied but is still owned by the person qualified for the homestead exemption.

A person who will be 65 years of age during the current assessment year shall be eligible to apply for the homestead exemption during that assessment year. Application shall be made during the application period in effect for the county of his residence.

Beginning with assessment year 2003, for taxes payable in 2004, property that is first occupied as a residence after January 1 of any assessment year by a person who is eligible for the senior citizens homestead exemption under this Section must be granted a pro-rata exemption for the assessment year. The amount of the pro-rata exemption is the exemption allowed in the county under this Section divided by 365 and multiplied by the number of days during the assessment year the property is occupied as a residence by a person eligible for the exemption under this Section. The chief county assessment officer must adopt reasonable procedures to establish eligibility for this pro-rata exemption.

The assessor or chief county assessment officer may determine the eligibility of a life care facility to receive the benefits provided by this Section, by affidavit, application, visual inspection, questionnaire or other reasonable methods in order to insure that the tax savings resulting from the exemption are credited by the management firm to the apportioned tax liability of each qualifying resident. The assessor may request reasonable proof that the management firm has so credited the exemption.

The chief county assessment officer of each county with less than 3,000,000 inhabitants shall provide to each person allowed a homestead exemption under this Section a form to designate any other person to receive a duplicate of any notice of delinquency in the payment of taxes assessed and levied under this Code on the property of the person receiving the exemption. The duplicate notice shall be in addition to the notice required to be provided to the person receiving the exemption, and shall be given in the manner required by this Code. The person filing the request for the duplicate notice shall pay a fee of $5 to cover administrative costs to the supervisor of assessments, who shall then file the executed designation with the county collector. Notwithstanding any other provision of this Code to the contrary, the filing of such an executed designation requires the county collector to provide duplicate notices as indicated by the designation. A designation may be rescinded by the person who executed such designation at any time, in the manner and form required by the chief county assessment officer.

The assessor or chief county assessment officer may determine the eligibility of residential property to receive the homestead exemption provided by this Section by application, visual inspection, questionnaire or other reasonable methods. The determination shall be made in accordance with guidelines established by the Department.

In counties with less than 3,000,000 inhabitants, the county board may by resolution provide that if a person has been granted a homestead exemption under this Section, the person qualifying need not reapply for the exemption.

In counties with less than 3,000,000 inhabitants, if the assessor or chief county assessment officer requires annual application for verification of eligibility for an exemption once granted under this Section, the application shall be mailed to the taxpayer.

The assessor or chief county assessment officer shall notify each person who qualifies for an exemption under this Section that the person may also qualify for deferral of real estate taxes under the Senior Citizens Real Estate Tax Deferral Act. The notice shall set forth the qualifications needed for deferral of real estate taxes, the address and telephone number of county collector, and a statement that applications for deferral of real estate taxes may be obtained from the county collector.

Notwithstanding Sections 6 and 8 of the State Mandates Act, no reimbursement by the State is required for the implementation of any mandate created by this Section.
Sec. 15-172. Senior Citizens Assessment Freeze Homestead Exemption.

(a) This Section may be cited as the Senior Citizens Assessment Freeze Homestead Exemption.

(b) As used in this Section:

"Applicant" means an individual who has filed an application under this Section.

"Base amount" means the base year equalized assessed value of the residence plus the first year's equalized assessed value of any added improvements which increased the assessed value of the residence after the base year.

"Base year" means the taxable year prior to the taxable year for which the applicant first qualifies and applies for the exemption provided that in the prior taxable year the property was improved with a permanent structure that was occupied as a residence by the applicant who was liable for paying real property taxes on the property and who was either (i) an owner of record of the property or had legal or equitable interest in the property as evidenced by a written instrument or (ii) had a legal or equitable interest as a lessee in the parcel of property that was single family residence. If in any subsequent taxable year for which the applicant applies and qualifies for the exemption the equalized assessed value of the residence is less than the equalized assessed value in the existing base year (provided that such equalized assessed value is not based on an assessed value that results from a temporary irregularity in the property that reduces the assessed value for one or more taxable years), then that subsequent taxable year shall become the base year until a new base year is established under the terms of this paragraph. For taxable year 1999 only, the Chief County Assessment Officer shall review (i) all taxable years for which the applicant applied and qualified for the exemption and (ii) the existing base year. The assessment officer shall select as the new base year the year with the lowest equalized assessed value. An equalized assessed value that is based on an assessed value that results from a temporary irregularity in the property that reduces the assessed value for one or more taxable years shall not be considered the lowest equalized assessed value. The selected year

shall be the base year for taxable year 1999 and thereafter until a new base year is established under the terms of this paragraph.

"Chief County Assessment Officer" means the County Assessor or Supervisor of Assessments of the county in which the property is located.

"Equalized assessed value" means the assessed value as equalized by the Illinois Department of Revenue.

"Household" means the applicant, the spouse of the applicant, and all persons using the residence of the applicant as their principal place of residence.

"Household income" means the combined income of the members of a household for the calendar year preceding the taxable year.

"Income" has the same meaning as provided in Section 3.07 of the Senior Citizens and Disabled Persons Property Tax Relief and Pharmaceutical Assistance Act, except that, beginning in assessment year 2001, "income" does not include veteran's benefits.

"Internal Revenue Code of 1986" means the United States Internal Revenue Code of 1986 or any successor law or laws relating to federal income taxes in effect for the year preceding the taxable year.

"Life care facility that qualifies as a cooperative" means a facility as defined in Section 2 of the Life Care Facilities Act.

"Maximum income limitation" means:
1. $35,000 prior to taxable year 1999;
2. $40,000 in taxable years 1999 through 2003;
3. $45,000 in taxable years 2004 through 2005;
4. $50,000 in taxable years 2006 and 2007; and
5. $55,000 in taxable year 2008 and thereafter.

"Residence" means the principal dwelling place and appurtenant structures used for residential purposes in this State occupied on January 1 of the taxable year by a household and so much of the surrounding land, constituting the parcel upon which the dwelling place is situated, as is used for residential purposes. If the Chief County Assessment Officer has established a specific legal description for a portion of property constituting the residence, then that portion of property shall be deemed the residence for the purposes of this Section.

"Taxable year" means the calendar year during which ad valorem property taxes payable in the next succeeding year are levied.

(c) Beginning in taxable year 1994, a senior citizens assessment freeze homestead exemption is granted for real property that is improved with a permanent structure that is occupied as a residence by an applicant
who (i) is 65 years of age or older during the taxable year, (ii) has a household income that does not exceed the maximum income limitation, (iii) is liable for paying real property taxes on the property, and (iv) is an owner of record of the property or has a legal or equitable interest in the property as evidenced by a written instrument. This homestead exemption shall also apply to a leasehold interest in a parcel of property improved with a permanent structure that is a single family residence that is occupied as a residence by a person who (i) is 65 years of age or older during the taxable year, (ii) has a household income that does not exceed the maximum income limitation, (iii) has a legal or equitable ownership interest in the property as lessee, and (iv) is liable for the payment of real property taxes on that property.

In counties of 3,000,000 or more inhabitants, the amount of the exemption for all taxable years is the equalized assessed value of the residence in the taxable year for which application is made minus the base amount. In all other counties, the amount of the exemption is as follows: (i) through taxable year 2005 and for taxable year 2007 and thereafter, the amount of this exemption shall be the equalized assessed value of the residence in the taxable year for which application is made minus the base amount; and (ii) for taxable year 2006, the amount of the exemption is as follows:

1. For an applicant who has a household income of $45,000 or less, the amount of the exemption is the equalized assessed value of the residence in the taxable year for which application is made minus the base amount.

2. For an applicant who has a household income exceeding $45,000 but not exceeding $46,250, the amount of the exemption is (i) the equalized assessed value of the residence in the taxable year for which application is made minus the base amount (ii) multiplied by 0.8.

3. For an applicant who has a household income exceeding $46,250 but not exceeding $47,500, the amount of the exemption is (i) the equalized assessed value of the residence in the taxable year for which application is made minus the base amount (ii) multiplied by 0.6.

4. For an applicant who has a household income exceeding $47,500 but not exceeding $48,750, the amount of the exemption is (i) the equalized assessed value of the residence in the taxable year for which application is made minus the base amount (ii) multiplied by 0.5.

New matter indicate by italics - deletions by strikeout
year for which application is made minus the base amount (ii) multiplied by 0.4.

(5) For an applicant who has a household income exceeding $48,750 but not exceeding $50,000, the amount of the exemption is (i) the equalized assessed value of the residence in the taxable year for which application is made minus the base amount (ii) multiplied by 0.2.

When the applicant is a surviving spouse of an applicant for a prior year for the same residence for which an exemption under this Section has been granted, the base year and base amount for that residence are the same as for the applicant for the prior year.

Each year at the time the assessment books are certified to the County Clerk, the Board of Review or Board of Appeals shall give to the County Clerk a list of the assessed values of improvements on each parcel qualifying for this exemption that were added after the base year for this parcel and that increased the assessed value of the property.

In the case of land improved with an apartment building owned and operated as a cooperative or a building that is a life care facility that qualifies as a cooperative, the maximum reduction from the equalized assessed value of the property is limited to the sum of the reductions calculated for each unit occupied as a residence by a person or persons (i) 65 years of age or older, (ii) with a household income that does not exceed the maximum income limitation, (iii) who is liable, by contract with the owner or owners of record, for paying real property taxes on the property, and (iv) who is an owner of record of a legal or equitable interest in the cooperative apartment building, other than a leasehold interest. In the instance of a cooperative where a homestead exemption has been granted under this Section, the cooperative association or its management firm shall credit the savings resulting from that exemption only to the apportioned tax liability of the owner who qualified for the exemption. Any person who willfully refuses to credit that savings to an owner who qualifies for the exemption is guilty of a Class B misdemeanor.

When a homestead exemption has been granted under this Section and an applicant then becomes a resident of a facility licensed under the Assisted Living and Shared Housing Act or the Nursing Home Care Act, the exemption shall be granted in subsequent years so long as the residence (i) continues to be occupied by the qualified applicant's spouse or (ii) if remaining unoccupied, is still owned by the qualified applicant for the homestead exemption.

New matter indicate by italics - deletions by strikeout
Beginning January 1, 1997, when an individual dies who would have qualified for an exemption under this Section, and the surviving spouse does not independently qualify for this exemption because of age, the exemption under this Section shall be granted to the surviving spouse for the taxable year preceding and the taxable year of the death, provided that, except for age, the surviving spouse meets all other qualifications for the granting of this exemption for those years.

When married persons maintain separate residences, the exemption provided for in this Section may be claimed by only one of such persons and for only one residence.

For taxable year 1994 only, in counties having less than 3,000,000 inhabitants, to receive the exemption, a person shall submit an application by February 15, 1995 to the Chief County Assessment Officer of the county in which the property is located. In counties having 3,000,000 or more inhabitants, for taxable year 1994 and all subsequent taxable years, to receive the exemption, a person may submit an application to the Chief County Assessment Officer of the county in which the property is located during such period as may be specified by the Chief County Assessment Officer. The Chief County Assessment Officer in counties of 3,000,000 or more inhabitants shall annually give notice of the application period by mail or by publication. In counties having less than 3,000,000 inhabitants, beginning with taxable year 1995 and thereafter, to receive the exemption, a person shall submit an application by July 1 of each taxable year to the Chief County Assessment Officer of the county in which the property is located. A county may, by ordinance, establish a date for submission of applications that is different than July 1. The applicant shall submit with the application an affidavit of the applicant's total household income, age, marital status (and if married the name and address of the applicant's spouse, if known), and principal dwelling place of members of the household on January 1 of the taxable year. The Department shall establish, by rule, a method for verifying the accuracy of affidavits filed by applicants under this Section, and the Chief County Assessment Officer may conduct audits of any taxpayer claiming an exemption under this Section to verify that the taxpayer is eligible to receive the exemption. Each application shall contain or be verified by a written declaration that it is made under the penalties of perjury. A taxpayer's signing a fraudulent application under this Act is perjury, as defined in Section 32-2 of the Criminal Code of 1961. The applications shall be clearly marked as applications for the Senior Citizens Assessment Freeze Homestead.
Exemption and must contain a notice that any taxpayer who receives the exemption is subject to an audit by the Chief County Assessment Officer.

Notwithstanding any other provision to the contrary, in counties having fewer than 3,000,000 inhabitants, if an applicant fails to file the application required by this Section in a timely manner and this failure to file is due to a mental or physical condition sufficiently severe so as to render the applicant incapable of filing the application in a timely manner, the Chief County Assessment Officer may extend the filing deadline for a period of 30 days after the applicant regains the capability to file the application, but in no case may the filing deadline be extended beyond 3 months of the original filing deadline. In order to receive the extension provided in this paragraph, the applicant shall provide the Chief County Assessment Officer with a signed statement from the applicant's physician stating the nature and extent of the condition, that, in the physician's opinion, the condition was so severe that it rendered the applicant incapable of filing the application in a timely manner, and the date on which the applicant regained the capability to file the application.

Beginning January 1, 1998, notwithstanding any other provision to the contrary, in counties having fewer than 3,000,000 inhabitants, if an applicant fails to file the application required by this Section in a timely manner and this failure to file is due to a mental or physical condition sufficiently severe so as to render the applicant incapable of filing the application in a timely manner, the Chief County Assessment Officer may extend the filing deadline for a period of 3 months. In order to receive the extension provided in this paragraph, the applicant shall provide the Chief County Assessment Officer with a signed statement from the applicant's physician stating the nature and extent of the condition, and that, in the physician's opinion, the condition was so severe that it rendered the applicant incapable of filing the application in a timely manner.

In counties having less than 3,000,000 inhabitants, if an applicant was denied an exemption in taxable year 1994 and the denial occurred due to an error on the part of an assessment official, or his or her agent or employee, then beginning in taxable year 1997 the applicant's base year, for purposes of determining the amount of the exemption, shall be 1993 rather than 1994. In addition, in taxable year 1997, the applicant's exemption shall also include an amount equal to (i) the amount of any exemption denied to the applicant in taxable year 1995 as a result of using 1994, rather than 1993, as the base year, (ii) the amount of any exemption denied to the applicant in taxable year 1996 as a result of using 1994,
rather than 1993, as the base year, and (iii) the amount of the exemption erroneously denied for taxable year 1994.

For purposes of this Section, a person who will be 65 years of age during the current taxable year shall be eligible to apply for the homestead exemption during that taxable year. Application shall be made during the application period in effect for the county of his or her residence.

The Chief County Assessment Officer may determine the eligibility of a life care facility that qualifies as a cooperative to receive the benefits provided by this Section by use of an affidavit, application, visual inspection, questionnaire, or other reasonable method in order to insure that the tax savings resulting from the exemption are credited by the management firm to the apportioned tax liability of each qualifying resident. The Chief County Assessment Officer may request reasonable proof that the management firm has so credited that exemption.

Except as provided in this Section, all information received by the chief county assessment officer or the Department from applications filed under this Section, or from any investigation conducted under the provisions of this Section, shall be confidential, except for official purposes or pursuant to official procedures for collection of any State or local tax or enforcement of any civil or criminal penalty or sanction imposed by this Act or by any statute or ordinance imposing a State or local tax. Any person who divulges any such information in any manner, except in accordance with a proper judicial order, is guilty of a Class A misdemeanor.

Nothing contained in this Section shall prevent the Director or chief county assessment officer from publishing or making available reasonable statistics concerning the operation of the exemption contained in this Section in which the contents of claims are grouped into aggregates in such a way that information contained in any individual claim shall not be disclosed.

(d) Each Chief County Assessment Officer shall annually publish a notice of availability of the exemption provided under this Section. The notice shall be published at least 60 days but no more than 75 days prior to the date on which the application must be submitted to the Chief County Assessment Officer of the county in which the property is located. The notice shall appear in a newspaper of general circulation in the county.

Notwithstanding Sections 6 and 8 of the State Mandates Act, no reimbursement by the State is required for the implementation of any mandate created by this Section.
Sec. 15-172. Senior Citizens Assessment Freeze Homestead Exemption.

(a) This Section may be cited as the Senior Citizens Assessment Freeze Homestead Exemption.

(b) As used in this Section:

"Applicant" means an individual who has filed an application under this Section.

"Base amount" means the base year equalized assessed value of the residence plus the first year's equalized assessed value of any added improvements which increased the assessed value of the residence after the base year.

"Base year" means the taxable year prior to the taxable year for which the applicant first qualifies and applies for the exemption provided that in the prior taxable year the property was improved with a permanent structure that was occupied as a residence by the applicant who was liable for paying real property taxes on the property and who was either (i) an owner of record of the property or had legal or equitable interest in the property as evidenced by a written instrument or (ii) had a legal or equitable interest as a lessee in the parcel of property that was single family residence. If in any subsequent taxable year for which the applicant applies and qualifies for the exemption the equalized assessed value of the residence is less than the equalized assessed value in the existing base year (provided that such equalized assessed value is not based on an assessed value that results from a temporary irregularity in the property that reduces the assessed value for one or more taxable years), then that subsequent taxable year shall become the base year until a new base year is established under the terms of this paragraph. For taxable year 1999 only, the Chief County Assessment Officer shall review (i) all taxable years for which the applicant applied and qualified for the exemption and (ii) the existing base year. The assessment officer shall select as the new base year the year with the lowest equalized assessed value. An equalized assessed value that is based on an assessed value that results from a temporary irregularity in the property that reduces the assessed value for one or more taxable years shall not be considered the lowest equalized assessed value. The selected year shall be the base year for taxable year 1999 and thereafter until a new base year is established under the terms of this paragraph.
"Chief County Assessment Officer" means the County Assessor or Supervisor of Assessments of the county in which the property is located.

"Equalized assessed value" means the assessed value as equalized by the Illinois Department of Revenue.

"Household" means the applicant, the spouse of the applicant, and all persons using the residence of the applicant as their principal place of residence.

"Household income" means the combined income of the members of a household for the calendar year preceding the taxable year.

"Income" has the same meaning as provided in Section 3.07 of the Senior Citizens and Disabled Persons Property Tax Relief and Pharmaceutical Assistance Act, except that, beginning in assessment year 2001, "income" does not include veteran's benefits.

"Internal Revenue Code of 1986" means the United States Internal Revenue Code of 1986 or any successor law or laws relating to federal income taxes in effect for the year preceding the taxable year.

"Life care facility that qualifies as a cooperative" means a facility as defined in Section 2 of the Life Care Facilities Act.

"Maximum income limitation" means:

1. $35,000 prior to taxable year 1999;
2. $40,000 in taxable years 1999 through 2003;
3. $45,000 in taxable years 2004 through 2005;
4. $50,000 in taxable years 2006 and 2007; and
5. $55,000 in taxable year 2008 and thereafter.

"Residence" means the principal dwelling place and appurtenant structures used for residential purposes in this State occupied on January 1 of the taxable year by a household and so much of the surrounding land, constituting the parcel upon which the dwelling place is situated, as is used for residential purposes. If the Chief County Assessment Officer has established a specific legal description for a portion of property constituting the residence, then that portion of property shall be deemed the residence for the purposes of this Section.

"Taxable year" means the calendar year during which ad valorem property taxes payable in the next succeeding year are levied.

(c) Beginning in taxable year 1994, a senior citizens assessment freeze homestead exemption is granted for real property that is improved with a permanent structure that is occupied as a residence by an applicant who (i) is 65 years of age or older during the taxable year, (ii) has a household income that does not exceed the maximum income limitation,
(iii) is liable for paying real property taxes on the property, and (iv) is an owner of record of the property or has a legal or equitable interest in the property as evidenced by a written instrument. This homestead exemption shall also apply to a leasehold interest in a parcel of property improved with a permanent structure that is a single family residence that is occupied as a residence by a person who (i) is 65 years of age or older during the taxable year, (ii) has a household income that does not exceed the maximum income limitation, (iii) has a legal or equitable ownership interest in the property as lessee, and (iv) is liable for the payment of real property taxes on that property.

In counties of 3,000,000 or more inhabitants, the amount of the exemption for all taxable years is the equalized assessed value of the residence in the taxable year for which application is made minus the base amount. In all other counties, the amount of the exemption is as follows: (i) through taxable year 2005 and for taxable year 2007 and thereafter, the amount of this exemption shall be the equalized assessed value of the residence in the taxable year for which application is made minus the base amount; and (ii) for taxable year 2006, the amount of the exemption is as follows:

(1) For an applicant who has a household income of $45,000 or less, the amount of the exemption is the equalized assessed value of the residence in the taxable year for which application is made minus the base amount.

(2) For an applicant who has a household income exceeding $45,000 but not exceeding $46,250, the amount of the exemption is (i) the equalized assessed value of the residence in the taxable year for which application is made minus the base amount (ii) multiplied by 0.8.

(3) For an applicant who has a household income exceeding $46,250 but not exceeding $47,500, the amount of the exemption is (i) the equalized assessed value of the residence in the taxable year for which application is made minus the base amount (ii) multiplied by 0.6.

(4) For an applicant who has a household income exceeding $47,500 but not exceeding $48,750, the amount of the exemption is (i) the equalized assessed value of the residence in the taxable year for which application is made minus the base amount (ii) multiplied by 0.4.
(5) For an applicant who has a household income exceeding $48,750 but not exceeding $50,000, the amount of the exemption is (i) the equalized assessed value of the residence in the taxable year for which application is made minus the base amount (ii) multiplied by 0.2.

When the applicant is a surviving spouse of an applicant for a prior year for the same residence for which an exemption under this Section has been granted, the base year and base amount for that residence are the same as for the applicant for the prior year.

Each year at the time the assessment books are certified to the County Clerk, the Board of Review or Board of Appeals shall give to the County Clerk a list of the assessed values of improvements on each parcel qualifying for this exemption that were added after the base year for this parcel and that increased the assessed value of the property.

In the case of land improved with an apartment building owned and operated as a cooperative or a building that is a life care facility that qualifies as a cooperative, the maximum reduction from the equalized assessed value of the property is limited to the sum of the reductions calculated for each unit occupied as a residence by a person or persons (i) 65 years of age or older, (ii) with a household income that does not exceed the maximum income limitation, (iii) who is liable, by contract with the owner or owners of record, for paying real property taxes on the property, and (iv) who is an owner of record of a legal or equitable interest in the cooperative apartment building, other than a leasehold interest. In the instance of a cooperative where a homestead exemption has been granted under this Section, the cooperative association or its management firm shall credit the savings resulting from that exemption only to the apportioned tax liability of the owner who qualified for the exemption. Any person who willfully refuses to credit that savings to an owner who qualifies for the exemption is guilty of a Class B misdemeanor.

When a homestead exemption has been granted under this Section and an applicant then becomes a resident of a facility licensed under the Assisted Living and Shared Housing Act, or the Nursing Home Care Act, or the MR/DD Community Care Act, the exemption shall be granted in subsequent years so long as the residence (i) continues to be occupied by the qualified applicant's spouse or (ii) if remaining unoccupied, is still owned by the qualified applicant for the homestead exemption.

Beginning January 1, 1997, when an individual dies who would have qualified for an exemption under this Section, and the surviving
spouse does not independently qualify for this exemption because of age, the exemption under this Section shall be granted to the surviving spouse for the taxable year preceding and the taxable year of the death, provided that, except for age, the surviving spouse meets all other qualifications for the granting of this exemption for those years.

When married persons maintain separate residences, the exemption provided for in this Section may be claimed by only one of such persons and for only one residence.

For taxable year 1994 only, in counties having less than 3,000,000 inhabitants, to receive the exemption, a person shall submit an application by February 15, 1995 to the Chief County Assessment Officer of the county in which the property is located. In counties having 3,000,000 or more inhabitants, for taxable year 1994 and all subsequent taxable years, to receive the exemption, a person may submit an application to the Chief County Assessment Officer of the county in which the property is located during such period as may be specified by the Chief County Assessment Officer. The Chief County Assessment Officer in counties of 3,000,000 or more inhabitants shall annually give notice of the application period by mail or by publication. In counties having less than 3,000,000 inhabitants, beginning with taxable year 1995 and thereafter, to receive the exemption, a person shall submit an application by July 1 of each taxable year to the Chief County Assessment Officer of the county in which the property is located. A county may, by ordinance, establish a date for submission of applications that is different than July 1. The applicant shall submit with the application an affidavit of the applicant's total household income, age, marital status (and if married the name and address of the applicant's spouse, if known), and principal dwelling place of members of the household on January 1 of the taxable year. The Department shall establish, by rule, a method for verifying the accuracy of affidavits filed by applicants under this Section, and the Chief County Assessment Officer may conduct audits of any taxpayer claiming an exemption under this Section to verify that the taxpayer is eligible to receive the exemption. Each application shall contain or be verified by a written declaration that it is made under the penalties of perjury. A taxpayer's signing a fraudulent application under this Act is perjury, as defined in Section 32-2 of the Criminal Code of 1961. The applications shall be clearly marked as applications for the Senior Citizens Assessment Freeze Homestead Exemption and must contain a notice that any taxpayer who receives the exemption is subject to an audit by the Chief County Assessment Officer.
Notwithstanding any other provision to the contrary, in counties having fewer than 3,000,000 inhabitants, if an applicant fails to file the application required by this Section in a timely manner and this failure to file is due to a mental or physical condition sufficiently severe so as to render the applicant incapable of filing the application in a timely manner, the Chief County Assessment Officer may extend the filing deadline for a period of 30 days after the applicant regains the capability to file the application, but in no case may the filing deadline be extended beyond 3 months of the original filing deadline. In order to receive the extension provided in this paragraph, the applicant shall provide the Chief County Assessment Officer with a signed statement from the applicant's physician stating the nature and extent of the condition, that, in the physician's opinion, the condition was so severe that it rendered the applicant incapable of filing the application in a timely manner, and the date on which the applicant regained the capability to file the application.

Beginning January 1, 1998, notwithstanding any other provision to the contrary, in counties having fewer than 3,000,000 inhabitants, if an applicant fails to file the application required by this Section in a timely manner and this failure to file is due to a mental or physical condition sufficiently severe so as to render the applicant incapable of filing the application in a timely manner, the Chief County Assessment Officer may extend the filing deadline for a period of 3 months. In order to receive the extension provided in this paragraph, the applicant shall provide the Chief County Assessment Officer with a signed statement from the applicant's physician stating the nature and extent of the condition, and that, in the physician's opinion, the condition was so severe that it rendered the applicant incapable of filing the application in a timely manner.

In counties having less than 3,000,000 inhabitants, if an applicant was denied an exemption in taxable year 1994 and the denial occurred due to an error on the part of an assessment official, or his or her agent or employee, then beginning in taxable year 1997 the applicant's base year, for purposes of determining the amount of the exemption, shall be 1993 rather than 1994. In addition, in taxable year 1997, the applicant's exemption shall also include an amount equal to (i) the amount of any exemption denied to the applicant in taxable year 1995 as a result of using 1994, rather than 1993, as the base year, (ii) the amount of any exemption denied to the applicant in taxable year 1996 as a result of using 1994, rather than 1993, as the base year, and (iii) the amount of the exemption erroneously denied for taxable year 1994.
For purposes of this Section, a person who will be 65 years of age during the current taxable year shall be eligible to apply for the homestead exemption during that taxable year. Application shall be made during the application period in effect for the county of his or her residence.

The Chief County Assessment Officer may determine the eligibility of a life care facility that qualifies as a cooperative to receive the benefits provided by this Section by use of an affidavit, application, visual inspection, questionnaire, or other reasonable method in order to insure that the tax savings resulting from the exemption are credited by the management firm to the apportioned tax liability of each qualifying resident. The Chief County Assessment Officer may request reasonable proof that the management firm has so credited that exemption.

Except as provided in this Section, all information received by the chief county assessment officer or the Department from applications filed under this Section, or from any investigation conducted under the provisions of this Section, shall be confidential, except for official purposes or pursuant to official procedures for collection of any State or local tax or enforcement of any civil or criminal penalty or sanction imposed by this Act or by any statute or ordinance imposing a State or local tax. Any person who divulges any such information in any manner, except in accordance with a proper judicial order, is guilty of a Class A misdemeanor.

Nothing contained in this Section shall prevent the Director or chief county assessment officer from publishing or making available reasonable statistics concerning the operation of the exemption contained in this Section in which the contents of claims are grouped into aggregates in such a way that information contained in any individual claim shall not be disclosed.

(d) Each Chief County Assessment Officer shall annually publish a notice of availability of the exemption provided under this Section. The notice shall be published at least 60 days but no more than 75 days prior to the date on which the application must be submitted to the Chief County Assessment Officer of the county in which the property is located. The notice shall appear in a newspaper of general circulation in the county.

Notwithstanding Sections 6 and 8 of the State Mandates Act, no reimbursement by the State is required for the implementation of any mandate created by this Section.

"Debt service extension base" means an amount equal to that portion of the extension for a taxing district for the 1994 levy year, or for those taxing districts subject to this Law in accordance with Section 18-213, except for those subject to paragraph (2) of subsection (e) of Section 18-213, for the levy year in which the referendum making this Law applicable to the taxing district is held, or for those taxing districts subject to this Law in accordance with paragraph (2) of subsection (e) of Section 18-213 for the 1996 levy year, constituting an extension for payment of principal and interest on bonds issued by the taxing district without referendum, increased each year, commencing with the 2009 levy year, by the lesser of 5% or the percentage increase in the Consumer Price Index during the 12-month calendar year preceding the levy year, but not including excluded non-referendum bonds. For park districts (i) that were
first subject to this Law in 1991 or 1995 and (ii) whose extension for the 1994 levy year for the payment of principal and interest on bonds issued by the park district without referendum (but not including excluded non-referendum bonds) was less than 51% of the amount for the 1991 levy year constituting an extension for payment of principal and interest on bonds issued by the park district without referendum (but not including excluded non-referendum bonds), "debt service extension base" means an amount equal to that portion of the extension for the 1991 levy year constituting an extension for payment of principal and interest on bonds issued by the park district without referendum (but not including excluded non-referendum bonds). The debt service extension base may be established or increased as provided under Section 18-212. "Excluded non-referendum bonds" means (i) bonds authorized by Public Act 88-503 and issued under Section 20a of the Chicago Park District Act for aquarium and museum projects; (ii) bonds issued under Section 15 of the Local Government Debt Reform Act; or (iii) refunding obligations issued to refund or to continue to refund obligations initially issued pursuant to referendum.

"Special purpose extensions" include, but are not limited to, extensions for levies made on an annual basis for unemployment and workers' compensation, self-insurance, contributions to pension plans, and extensions made pursuant to Section 6-601 of the Illinois Highway Code for a road district's permanent road fund whether levied annually or not. The extension for a special service area is not included in the aggregate extension.

"Aggregate extension base" means the taxing district's last preceding aggregate extension as adjusted under Sections 18-135, 18-215, and 18-230. An adjustment under Section 18-135 shall be made for the 2007 levy year and all subsequent levy years whenever one or more counties within which a taxing district is located (i) used estimated valuations or rates when extending taxes in the taxing district for the last preceding levy year that resulted in the over or under extension of taxes, or (ii) increased or decreased the tax extension for the last preceding levy year as required by Section 18-135(c). Whenever an adjustment is required under Section 18-135, the aggregate extension base of the taxing district shall be equal to the amount that the aggregate extension of the taxing district would have been for the last preceding levy year if either or both (i) actual, rather than estimated, valuations or rates had been used to calculate the extension of taxes for the last levy year, or (ii) the tax

extension for the last preceding levy year had not been adjusted as required by subsection (c) of Section 18-135.

"Levy year" has the same meaning as "year" under Section 1-155.

"New property" means (i) the assessed value, after final board of review or board of appeals action, of new improvements or additions to existing improvements on any parcel of real property that increase the assessed value of that real property during the levy year multiplied by the equalization factor issued by the Department under Section 17-30, (ii) the assessed value, after final board of review or board of appeals action, of real property not exempt from real estate taxation, which real property was exempt from real estate taxation for any portion of the immediately preceding levy year, multiplied by the equalization factor issued by the Department under Section 17-30, including the assessed value, upon final stabilization of occupancy after new construction is complete, of any real property located within the boundaries of an otherwise or previously exempt military reservation that is intended for residential use and owned by or leased to a private corporation or other entity, and (iii) in counties that classify in accordance with Section 4 of Article IX of the Illinois Constitution, an incentive property's additional assessed value resulting from a scheduled increase in the level of assessment as applied to the first year final board of review market value. In addition, the county clerk in a county containing a population of 3,000,000 or more shall include in the 1997 recovered tax increment value for any school district, any recovered tax increment value that was applicable to the 1995 tax year calculations.

"Qualified airport authority" means an airport authority organized under the Airport Authorities Act and located in a county bordering on the State of Wisconsin and having a population in excess of 200,000 and not greater than 500,000.

"Recovered tax increment value" means, except as otherwise provided in this paragraph, the amount of the current year's equalized assessed value, in the first year after a municipality terminates the designation of an area as a redevelopment project area previously established under the Tax Increment Allocation Development Act in the Illinois Municipal Code, previously established under the Industrial Jobs Recovery Law in the Illinois Municipal Code, previously established under the Economic Development Project Area Tax Increment Act of 1995, or previously established under the Economic Development Area Tax Increment Allocation Act, of each taxable lot, block, tract, or parcel of real property in the redevelopment project area over and above the initial

equalized assessed value of each property in the redevelopment project area. For the taxes which are extended for the 1997 levy year, the recovered tax increment value for a non-home rule taxing district that first became subject to this Law for the 1995 levy year because a majority of its 1994 equalized assessed value was in an affected county or counties shall be increased if a municipality terminated the designation of an area in 1993 as a redevelopment project area previously established under the Tax Increment Allocation Development Act in the Illinois Municipal Code, previously established under the Industrial Jobs Recovery Law in the Illinois Municipal Code, or previously established under the Economic Development Area Tax Increment Allocation Act, by an amount equal to the 1994 equalized assessed value of each taxable lot, block, tract, or parcel of real property in the redevelopment project area over and above the initial equalized assessed value of each property in the redevelopment project area. In the first year after a municipality removes a taxable lot, block, tract, or parcel of real property from a redevelopment project area established under the Tax Increment Allocation Development Act in the Illinois Municipal Code, the Industrial Jobs Recovery Law in the Illinois Municipal Code, or the Economic Development Area Tax Increment Allocation Act, "recovered tax increment value" means the amount of the current year's equalized assessed value of each taxable lot, block, tract, or parcel of real property removed from the redevelopment project area over and above the initial equalized assessed value of that real property before removal from the redevelopment project area.

Except as otherwise provided in this Section, "limiting rate" means a fraction the numerator of which is the last preceding aggregate extension base times an amount equal to one plus the extension limitation defined in this Section and the denominator of which is the current year's equalized assessed value of all real property in the territory under the jurisdiction of the taxing district during the prior levy year. For those taxing districts that reduced their aggregate extension for the last preceding levy year, the highest aggregate extension in any of the last 3 preceding levy years shall be used for the purpose of computing the limiting rate. The denominator shall not include new property or the recovered tax increment value. If a new rate, a rate decrease, or a limiting rate increase has been approved at an election held after March 21, 2006, then (i) the otherwise applicable limiting rate shall be increased by the amount of the new rate or shall be reduced by the amount of the rate decrease, as the case may be, or (ii) in the case of a limiting rate increase, the limiting rate shall be equal to the

rate set forth in the proposition approved by the voters for each of the years specified in the proposition, after which the limiting rate of the taxing district shall be calculated as otherwise provided.

Section 220. The Motor Fuel Tax Law is amended by changing Section 8 as follows:

(35 ILCS 505/8) (from Ch. 120, par. 424)
Sec. 8. Except as provided in Section 8a, subdivision (h)(1) of Section 12a, Section 13a.6, and items 13, 14, 15, and 16 of Section 15, all money received by the Department under this Act, including payments made to the Department by member jurisdictions participating in the International Fuel Tax Agreement, shall be deposited in a special fund in the State treasury, to be known as the "Motor Fuel Tax Fund", and shall be used as follows:

(a) 2 1/2 cents per gallon of the tax collected on special fuel under paragraph (b) of Section 2 and Section 13a of this Act shall be transferred to the State Construction Account Fund in the State Treasury;

(b) $420,000 shall be transferred each month to the State Boating Act Fund to be used by the Department of Natural Resources for the purposes specified in Article X of the Boat Registration and Safety Act;

(c) $3,500,000 shall be transferred each month to the Grade Crossing Protection Fund to be used as follows: not less than $12,000,000 each fiscal year shall be used for the construction or reconstruction of rail highway grade separation structures; $2,250,000 in fiscal years 2004 through 2009 and $3,000,000 in fiscal year 2010 and each fiscal year thereafter shall be transferred to the Transportation Regulatory Fund and shall be accounted for as part of the rail carrier portion of such funds and shall be used to pay the cost of administration of the Illinois Commerce Commission's railroad safety program in connection with its duties under subsection (3) of Section 18c-7401 of the Illinois Vehicle Code, with the remainder to be used by the Department of Transportation upon order of the Illinois Commerce Commission, to pay that part of the cost apportioned by such Commission to the State to cover the interest of the public in the use of highways, roads, streets, or pedestrian walkways in the county highway system, township and district road system, or municipal street system as defined in the Illinois Highway Code, as the same may from time to time be amended, for separation of grades, for installation,
construction or reconstruction of crossing protection or reconstruction, alteration, relocation including construction or improvement of any existing highway necessary for access to property or improvement of any grade crossing and grade crossing surface including the necessary highway approaches thereto of any railroad across the highway or public road, or for the installation, construction, reconstruction, or maintenance of a pedestrian walkway over or under a railroad right-of-way, as provided for in and in accordance with Section 18c-7401 of the Illinois Vehicle Code. The Commission may order up to $2,000,000 per year in Grade Crossing Protection Fund moneys for the improvement of grade crossing surfaces and up to $300,000 per year for the maintenance and renewal of 4-quadrant gate vehicle detection systems located at non-high speed rail grade crossings. The Commission shall not order more than $2,000,000 per year in Grade Crossing Protection Fund moneys for pedestrian walkways. In entering orders for projects for which payments from the Grade Crossing Protection Fund will be made, the Commission shall account for expenditures authorized by the orders on a cash rather than an accrual basis. For purposes of this requirement an "accrual basis" assumes that the total cost of the project is expended in the fiscal year in which the order is entered, while a "cash basis" allocates the cost of the project among fiscal years as expenditures are actually made. To meet the requirements of this subsection, the Illinois Commerce Commission shall develop annual and 5-year project plans of rail crossing capital improvements that will be paid for with moneys from the Grade Crossing Protection Fund. The annual project plan shall identify projects for the succeeding fiscal year and the 5-year project plan shall identify projects for the 5 directly succeeding fiscal years. The Commission shall submit the annual and 5-year project plans for this Fund to the Governor, the President of the Senate, the Senate Minority Leader, the Speaker of the House of Representatives, and the Minority Leader of the House of Representatives on the first Wednesday in April of each year;

(d) of the amount remaining after allocations provided for in subsections (a), (b) and (c), a sufficient amount shall be reserved to pay all of the following:

(1) the costs of the Department of Revenue in administering this Act;

(2) the costs of the Department of Transportation in performing its duties imposed by the Illinois Highway Code for

supervising the use of motor fuel tax funds apportioned to municipalities, counties and road districts;

(3) refunds provided for in Section 13 of this Act and under the terms of the International Fuel Tax Agreement referenced in Section 14a;

(4) from October 1, 1985 until June 30, 1994, the administration of the Vehicle Emissions Inspection Law, which amount shall be certified monthly by the Environmental Protection Agency to the State Comptroller and shall promptly be transferred by the State Comptroller and Treasurer from the Motor Fuel Tax Fund to the Vehicle Inspection Fund, and for the period July 1, 1994 through June 30, 2000, one-twelfth of $25,000,000 each month, for the period July 1, 2000 through June 30, 2003, one-twelfth of $30,000,000 each month, and $15,000,000 on July 1, 2003, and $15,000,000 on January 1, 2004, and $15,000,000 on each July 1 and October 1, or as soon thereafter as may be practical, during the period July 1, 2004 through June 30, 2010, for the administration of the Vehicle Emissions Inspection Law of 2005, to be transferred by the State Comptroller and Treasurer from the Motor Fuel Tax Fund into the Vehicle Inspection Fund;

(5) amounts ordered paid by the Court of Claims; and

(6) payment of motor fuel use taxes due to member jurisdictions under the terms of the International Fuel Tax Agreement. The Department shall certify these amounts to the Comptroller by the 15th day of each month; the Comptroller shall cause orders to be drawn for such amounts, and the Treasurer shall administer those amounts on or before the last day of each month;

(e) after allocations for the purposes set forth in subsections (a), (b), (c) and (d), the remaining amount shall be apportioned as follows:

(1) Until January 1, 2000, 58.4%, and beginning January 1, 2000, 45.6% shall be deposited as follows:

(A) 37% into the State Construction Account Fund, and

(B) 63% into the Road Fund, $1,250,000 of which shall be reserved each month for the Department of Transportation to be used in accordance with the provisions of Sections 6-901 through 6-906 of the Illinois Highway Code;

New matter indicate by italics - deletions by strikeout
(2) Until January 1, 2000, 41.6%, and beginning January 1, 2000, 54.4% shall be transferred to the Department of Transportation to be distributed as follows:

(A) 49.10% to the municipalities of the State,

(B) 16.74% to the counties of the State having 1,000,000 or more inhabitants,

(C) 18.27% to the counties of the State having less than 1,000,000 inhabitants,

(D) 15.89% to the road districts of the State.

As soon as may be after the first day of each month the Department of Transportation shall allot to each municipality its share of the amount apportioned to the several municipalities which shall be in proportion to the population of such municipalities as determined by the last preceding municipal census if conducted by the Federal Government or Federal census. If territory is annexed to any municipality subsequent to the time of the last preceding census the corporate authorities of such municipality may cause a census to be taken of such annexed territory and the population so ascertained for such territory shall be added to the population of the municipality as determined by the last preceding census for the purpose of determining the allotment for that municipality. If the population of any municipality was not determined by the last Federal census preceding any apportionment, the apportionment to such municipality shall be in accordance with any census taken by such municipality. Any municipal census used in accordance with this Section shall be certified to the Department of Transportation by the clerk of such municipality, and the accuracy thereof shall be subject to approval of the Department which may make such corrections as it ascertains to be necessary.

As soon as may be after the first day of each month the Department of Transportation shall allot to each county its share of the amount apportioned to the several counties of the State as herein provided. Each allotment to the several counties having less than 1,000,000 inhabitants shall be in proportion to the amount of motor vehicle license fees received from the residents of such counties, respectively, during the preceding calendar year. The Secretary of State shall, on or before April 15 of each year, transmit to the Department of Transportation a full and complete report showing the amount of motor vehicle license fees received from the residents of each county, respectively, during the preceding calendar year.
The Department of Transportation shall, each month, use for allotment purposes the last such report received from the Secretary of State.

As soon as may be after the first day of each month, the Department of Transportation shall allot to the several counties their share of the amount apportioned for the use of road districts. The allotment shall be apportioned among the several counties in the State in the proportion which the total mileage of township or district roads in the respective counties bears to the total mileage of all township and district roads in the State. Funds allotted to the respective counties for the use of road districts therein shall be allocated to the several road districts in the county in the proportion which the total mileage of such township or district roads in the respective road districts bears to the total mileage of all such township or district roads in the county. After July 1 of any year, no allocation shall be made for any road district unless it levied a tax for road and bridge purposes in an amount which will require the extension of such tax against the taxable property in any such road district at a rate of not less than either .08% of the value thereof, based upon the assessment for the year immediately prior to the year in which such tax was levied and as equalized by the Department of Revenue or, in DuPage County, an amount equal to or greater than $12,000 per mile of road under the jurisdiction of the road district, whichever is less. If any road district has levied a special tax for road purposes pursuant to Sections 6-601, 6-602 and 6-603 of the Illinois Highway Code, and such tax was levied in an amount which would require extension at a rate of not less than .08% of the value of the taxable property thereof, as equalized or assessed by the Department of Revenue, or, in DuPage County, an amount equal to or greater than $12,000 per mile of road under the jurisdiction of the road district, whichever is less, such levy shall, however, be deemed a proper compliance with this Section and shall qualify such road district for an allotment under this Section. If a township has transferred to the road and bridge fund money which, when added to the amount of any tax levy of the road district would be the equivalent of a tax levy requiring extension at a rate of at least .08%, or, in DuPage County, an amount equal to or greater than $12,000 per mile of road under the jurisdiction of the road district, whichever is less, such transfer, together with any such tax levy, shall be deemed a proper compliance with this Section and shall qualify the road district for an allotment under this Section.

In counties in which a property tax extension limitation is imposed under the Property Tax Extension Limitation Law, road districts may
retain their entitlement to a motor fuel tax allotment if, at the time the property tax extension limitation was imposed, the road district was levying a road and bridge tax at a rate sufficient to entitle it to a motor fuel tax allotment and continues to levy the maximum allowable amount after the imposition of the property tax extension limitation. Any road district may in all circumstances retain its entitlement to a motor fuel tax allotment if it levied a road and bridge tax in an amount that will require the extension of the tax against the taxable property in the road district at a rate of not less than 0.08% of the assessed value of the property, based upon the assessment for the year immediately preceding the year in which the tax was levied and as equalized by the Department of Revenue or, in DuPage County, an amount equal to or greater than $12,000 per mile of road under the jurisdiction of the road district, whichever is less.

As used in this Section the term "road district" means any road district, including a county unit road district, provided for by the Illinois Highway Code; and the term "township or district road" means any road in the township and district road system as defined in the Illinois Highway Code. For the purposes of this Section, "road district" also includes park districts, forest preserve districts and conservation districts organized under Illinois law and "township or district road" also includes such roads as are maintained by park districts, forest preserve districts and conservation districts. The Department of Transportation shall determine the mileage of all township and district roads for the purposes of making allotments and allocations of motor fuel tax funds for use in road districts.

Payment of motor fuel tax moneys to municipalities and counties shall be made as soon as possible after the allotment is made. The treasurer of the municipality or county may invest these funds until their use is required and the interest earned by these investments shall be limited to the same uses as the principal funds.

treasurer, clerk, marshal, or chief officer of the fire department, and the comptroller if there is one, or if not, the mayor; in each township, village or incorporated town, the president of the municipality's board of trustees, the village or town clerk, village or town attorney, village or town treasurer, and the chief officer of the fire department; and in each fire protection district, the president and other 2 members of its board of trustees and the marshal or chief officer of its fire department or service, as the case may be; and in all the municipalities above designated 3 additional persons chosen from their active firefighters and one other person who has retired under the "Firemen's Pension Fund Act of 1919", or this Article. Notwithstanding any provision of this Section to the contrary, the term of office of each member of a board established on or before the 3rd Monday in April, 2006 shall terminate on the 3rd Monday in April, 2006, but all incumbent members shall continue to exercise all of the powers and be subject to all of the duties of a member of the board until all the new members of the board take office.

Beginning on the 3rd Monday in April, 2006, the board for each municipality or fire protection district shall consist of 5 members. Two members of the board shall be appointed by the mayor or president of the board of trustees of the municipality or fire protection district involved. Two members of the board shall be active participants of the pension fund who are elected from the active participants of the fund. One member of the board shall be a person who is retired under the Firemen's Pension Fund Act of 1919 or this Article who is elected from persons retired under the Firemen's Pension Fund Act of 1919 or this Article.

For the purposes of this Section, a firefighter receiving a disability pension shall be considered a retired firefighter. In the event that there are no retired firefighters under the Fund or if none is willing to serve on the board, then an additional active firefighter shall be elected to the board in lieu of the retired firefighter that would otherwise be elected.

If the regularly constituted fire department of a municipality is dissolved and Section 4-106.1 is not applicable, the board shall continue to exist and administer the Fund so long as there continues to be any annuitant or deferred pensioner in the Fund. In such cases, elections shall continue to be held as specified in this Section, except that: (1) deferred pensioners shall be deemed to be active members for the purposes of such elections; (2) any otherwise unfillable positions on the board, including ex officio positions, shall be filled by election from the remaining firefighters and deferred pensioners of the Fund, to the extent possible; and (3) if the

membership of the board falls below 3 persons, the Illinois Director of Insurance or his designee shall be deemed a member of the board, ex officio.

The members chosen from the active and retired firefighters shall be elected by ballot at elections to be held on the 3rd Monday in April of the applicable years under the Australian ballot system, at such place or places, in the municipality, and under such regulations as shall be prescribed by the board.

No person shall cast more than one vote for each candidate for whom he or she is eligible to vote. In the elections for board members to be chosen from the active firefighters, all active firefighters and no others may vote. In the elections for board members to be chosen from retired firefighters, the retired firefighters and no others may vote.

Each member of the board so elected shall hold office for a term of 3 years and until his or her successor has been duly elected and qualified.

The board shall canvass the ballots and declare which persons have been elected and for what term or terms respectively. In case of a tie vote between 2 or more candidates, the board shall determine by lot which candidate or candidates have been elected and for what term or terms respectively. In the event of the failure, resignation, or inability to act of any board member, a successor shall be elected for the unexpired term at a special election called by the board and conducted in the same manner as a regular election.

The board shall elect annually from its members a president and secretary.

Board members shall not receive or have any right to receive any salary from a pension fund for services performed as board members.

Sec. 14-131. Contributions by State.

(a) The State shall make contributions to the System by appropriations of amounts which, together with other employer contributions from trust, federal, and other funds, employee contributions, investment income, and other income, will be sufficient to meet the cost of maintaining and administering the System on a 90% funded basis in accordance with actuarial recommendations.

For the purposes of this Section and Section 14-135.08, references to State contributions refer only to employer contributions and do not include employee contributions that are picked up or otherwise paid by the State or a department on behalf of the employee.

(b) The Board shall determine the total amount of State contributions required for each fiscal year on the basis of the actuarial tables and other assumptions adopted by the Board, using the formula in subsection (e).

The Board shall also determine a State contribution rate for each fiscal year, expressed as a percentage of payroll, based on the total required State contribution for that fiscal year (less the amount received by the System from appropriations under Section 8.12 of the State Finance Act and Section 1 of the State Pension Funds Continuing Appropriation Act, if any, for the fiscal year ending on the June 30 immediately preceding the applicable November 15 certification deadline), the estimated payroll (including all forms of compensation) for personal services rendered by eligible employees, and the recommendations of the actuary.

For the purposes of this Section and Section 14.1 of the State Finance Act, the term "eligible employees" includes employees who participate in the System, persons who may elect to participate in the System but have not so elected, persons who are serving a qualifying period that is required for participation, and annuitants employed by a department as described in subdivision (a)(1) or (a)(2) of Section 14-111.

(c) Contributions shall be made by the several departments for each pay period by warrants drawn by the State Comptroller against their respective funds or appropriations based upon vouchers stating the amount to be so contributed. These amounts shall be based on the full rate certified by the Board under Section 14-135.08 for that fiscal year. From the effective date of this amendatory Act of the 93rd General Assembly through the payment of the final payroll from fiscal year 2004 appropriations, the several departments shall not make contributions for the remainder of fiscal year 2004 but shall instead make payments as required under subsection (a-1) of Section 14.1 of the State Finance Act. The several departments shall resume those contributions at the commencement of fiscal year 2005.

(c-1) Notwithstanding subsection (c) of this Section, for fiscal year 2010 only, contributions by the several departments are not required to be made for General Revenue Funds payrolls processed by the Comptroller. Payrolls paid by the several departments from all other State funds must continue to be processed pursuant to subsection (c) of this Section.

(c-2) For State fiscal year 2010 only, on or as soon as possible after the 15th day of each month the Board shall submit vouchers for payment of State contributions to the System, in a total monthly amount of one-twelfth of the fiscal year 2010 General Revenue Fund appropriation to the System.

(d) If an employee is paid from trust funds or federal funds, the department or other employer shall pay employer contributions from those funds to the System at the certified rate, unless the terms of the trust or the federal-State agreement preclude the use of the funds for that purpose, in which case the required employer contributions shall be paid by the State. From the effective date of this amendatory Act of the 93rd General Assembly through the payment of the final payroll from fiscal year 2004 appropriations, the department or other employer shall not pay contributions for the remainder of fiscal year 2004 but shall instead make payments as required under subsection (a-1) of Section 14.1 of the State

Finance Act. The department or other employer shall resume payment of contributions at the commencement of fiscal year 2005.

(e) For State fiscal years 2011 through 2045, the minimum contribution to the System to be made by the State for each fiscal year shall be an amount determined by the System to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of State fiscal year 2045. In making these determinations, the required State contribution shall be calculated each year as a level percentage of payroll over the years remaining to and including fiscal year 2045 and shall be determined under the projected unit credit actuarial cost method.

For State fiscal years 1996 through 2005, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments so that by State fiscal year 2011, the State is contributing at the rate required under this Section; except that (i) for State fiscal year 1998, for all purposes of this Code and any other law of this State, the certified percentage of the applicable employee payroll shall be 5.052% for employees earning eligible creditable service under Section 14-110 and 6.500% for all other employees, notwithstanding any contrary certification made under Section 14-135.08 before the effective date of this amendatory Act of 1997, and (ii) in the following specified State fiscal years, the State contribution to the System shall not be less than the following indicated percentages of the applicable employee payroll, even if the indicated percentage will produce a State contribution in excess of the amount otherwise required under this subsection and subsection (a): 9.8% in FY 1999; 10.0% in FY 2000; 10.2% in FY 2001; 10.4% in FY 2002; 10.6% in FY 2003; and 10.8% in FY 2004.

Notwithstanding any other provision of this Article, the total required State contribution to the System for State fiscal year 2006 is $203,783,900.

Notwithstanding any other provision of this Article, the total required State contribution to the System for State fiscal year 2007 is $344,164,400.

For each of State fiscal years 2008 through 2009, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments from the required State contribution for State fiscal year 2007, so that by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.
Notwithstanding any other provision of this Article, the total required State General Revenue Fund contribution for State fiscal year 2010 is $723,703,100 and shall be made from the proceeds of bonds sold in fiscal year 2010 pursuant to Section 7.2 of the General Obligation Bond Act, less (i) the pro rata share of bond sale expenses determined by the System's share of total bond proceeds, (ii) any amounts received from the General Revenue Fund in fiscal year 2010, and (iii) any reduction in bond proceeds due to the issuance of discounted bonds, if applicable.

Beginning in State fiscal year 2046, the minimum State contribution for each fiscal year shall be the amount needed to maintain the total assets of the System at 90% of the total actuarial liabilities of the System.

Amounts received by the System pursuant to Section 25 of the Budget Stabilization Act or Section 8.12 of the State Finance Act in any fiscal year do not reduce and do not constitute payment of any portion of the minimum State contribution required under this Article in that fiscal year. Such amounts shall not reduce, and shall not be included in the calculation of, the required State contributions under this Article in any future year until the System has reached a funding ratio of at least 90%. A reference in this Article to the "required State contribution" or any substantially similar term does not include or apply to any amounts payable to the System under Section 25 of the Budget Stabilization Act.

Notwithstanding any other provision of this Section, the required State contribution for State fiscal year 2005 and for fiscal year 2008 and each fiscal year thereafter, as calculated under this Section and certified under Section 14-135.08, shall not exceed an amount equal to (i) the amount of the required State contribution that would have been calculated under this Section for that fiscal year if the System had not received any payments under subsection (d) of Section 7.2 of the General Obligation Bond Act, minus (ii) the portion of the State's total debt service payments for that fiscal year on the bonds issued for the purposes of that Section 7.2, as determined and certified by the Comptroller, that is the same as the System's portion of the total moneys distributed under subsection (d) of Section 7.2 of the General Obligation Bond Act. In determining this maximum for State fiscal years 2008 through 2010, however, the amount referred to in item (i) shall be increased, as a percentage of the applicable employee payroll, in equal increments calculated from the sum of the required State contribution for State fiscal year 2007 plus the applicable portion of the State's total debt service payments for fiscal year 2007 on
the bonds issued for the purposes of Section 7.2 of the General Obligation Bond Act, so that, by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

(f) After the submission of all payments for eligible employees from personal services line items in fiscal year 2004 have been made, the Comptroller shall provide to the System a certification of the sum of all fiscal year 2004 expenditures for personal services that would have been covered by payments to the System under this Section if the provisions of this amendatory Act of the 93rd General Assembly had not been enacted. Upon receipt of the certification, the System shall determine the amount due to the System based on the full rate certified by the Board under Section 14-135.08 for fiscal year 2004 in order to meet the State's obligation under this Section. The System shall compare this amount due to the amount received by the System in fiscal year 2004 through payments under this Section and under Section 6z-61 of the State Finance Act. If the amount due is more than the amount received, the difference shall be termed the "Fiscal Year 2004 Shortfall" for purposes of this Section, and the Fiscal Year 2004 Shortfall shall be satisfied under Section 1.2 of the State Pension Funds Continuing Appropriation Act. If the amount due is less than the amount received, the difference shall be termed the "Fiscal Year 2004 Overpayment" for purposes of this Section, and the Fiscal Year 2004 Overpayment shall be repaid by the System to the Pension Contribution Fund as soon as practicable after the certification.

(g) For purposes of determining the required State contribution to the System, the value of the System's assets shall be equal to the actuarial value of the System's assets, which shall be calculated as follows:

As of June 30, 2008, the actuarial value of the System's assets shall be equal to the market value of the assets as of that date. In determining the actuarial value of the System's assets for fiscal years after June 30, 2008, any actuarial gains or losses from investment return incurred in a fiscal year shall be recognized in equal annual amounts over the 5-year period following that fiscal year.

(h) For purposes of determining the required State contribution to the System for a particular year, the actuarial value of assets shall be assumed to earn a rate of return equal to the System's actuarially assumed rate of return.

(i) After the submission of all payments for eligible employees from personal services line items paid from the General Revenue Fund in fiscal year 2010 have been made, the Comptroller shall provide to the
System a certification of the sum of all fiscal year 2010 expenditures for personal services that would have been covered by payments to the System under this Section if the provisions of this amendatory Act of the 96th General Assembly had not been enacted. Upon receipt of the certification, the System shall determine the amount due to the System based on the full rate certified by the Board under Section 14-135.08 for fiscal year 2010 in order to meet the State's obligation under this Section. The System shall compare this amount due to the amount received by the System in fiscal year 2010 through payments under this Section. If the amount due is more than the amount received, the difference shall be termed the "Fiscal Year 2010 Shortfall" for purposes of this Section, and the Fiscal Year 2010 Shortfall shall be satisfied under Section 1.2 of the State Pension Funds Continuing Appropriation Act. If the amount due is less than the amount received, the difference shall be termed the "Fiscal Year 2010 Overpayment" for purposes of this Section, and the Fiscal Year 2010 Overpayment shall be repaid by the System to the General Revenue Fund as soon as practicable after the certification.

Sec. 18-125. Retirement annuity amount.

(a) The annual retirement annuity for a participant who terminated service as a judge prior to July 1, 1971 shall be based on the law in effect at the time of termination of service.

(b) Effective July 1, 1971, the retirement annuity for any participant in service on or after such date shall be 3 1/2% of final average salary, as defined in this Section, for each of the first 10 years of service, and 5% of such final average salary for each year of service on excess of 10.
For purposes of this Section, final average salary for a participant who first serves as a judge before August 10, 2009 (the effective date of Public Act 96-207) this amendatory Act of the 96th General Assembly shall be:

(1) the average salary for the last 4 years of credited service as a judge for a participant who terminates service before July 1, 1975.

(2) for a participant who terminates service after June 30, 1975 and before July 1, 1982, the salary on the last day of employment as a judge.

(3) for any participant who terminates service after June 30, 1982 and before January 1, 1990, the average salary for the final year of service as a judge.

(4) for a participant who terminates service on or after January 1, 1990 but before the effective date of this amendatory Act of 1995, the salary on the last day of employment as a judge.

(5) for a participant who terminates service on or after the effective date of this amendatory Act of 1995, the salary on the last day of employment as a judge, or the highest salary received by the participant for employment as a judge in a position held by the participant for at least 4 consecutive years, whichever is greater.

However, in the case of a participant who elects to discontinue contributions as provided in subdivision (a)(2) of Section 18-133, the time of such election shall be considered the last day of employment in the determination of final average salary under this subsection.

For a participant who first serves as a judge on or after August 10, 2009 (the effective date of Public Act 96-207) this amendatory Act of the 96th General Assembly, final average salary shall be the average monthly salary obtained by dividing the total salary of the participant during the period of: (1) the 48 consecutive months of service within the last 120 months of service in which the total compensation was the highest, or (2) the total period of service, if less than 48 months, by the number of months of service in that period.

The maximum retirement annuity for any participant shall be 85% of final average salary.

(c) The retirement annuity for a participant who retires prior to age 60 with less than 28 years of service in the System shall be reduced 1/2 of 1% for each month that the participant's age is under 60 years at the time the annuity commences. However, for a participant who retires on or after
the effective date of this amendatory Act of the 91st General Assembly, the percentage reduction in retirement annuity imposed under this subsection shall be reduced by 5/12 of 1% for every month of service in this System in excess of 20 years, and therefore a participant with at least 26 years of service in this System may retire at age 55 without any reduction in annuity.

The reduction in retirement annuity imposed by this subsection shall not apply in the case of retirement on account of disability.

(Text of Section before amendment by P.A. 96-845)

Sec. 5-1006.5. Special County Retailers' Occupation Tax For Public Safety, Public Facilities, or Transportation.

(a) The county board of any county may impose a tax upon all persons engaged in the business of selling tangible personal property, other than personal property titled or registered with an agency of this State's government, at retail in the county on the gross receipts from the sales made in the course of business to provide revenue to be used exclusively for public safety, public facility, or transportation purposes in that county, if a proposition for the tax has been submitted to the electors of that county and approved by a majority of those voting on the question. If imposed, this tax shall be imposed only in one-quarter percent increments. By resolution, the county board may order the proposition to be submitted at any election. If the tax is imposed for transportation purposes for expenditures for public highways or as authorized under the Illinois Highway Code, the county board must publish notice of the existence of its long-range highway transportation plan as required or described in Section 5-301 of the Illinois Highway Code and must make the plan publicly available prior to approval of the ordinance or resolution imposing the tax. If the tax is imposed for transportation purposes for expenditures for passenger rail transportation, the county board must publish notice of the existence of its long-range passenger rail transportation plan and must make the plan publicly available prior to approval of the ordinance or resolution imposing the tax.

If a tax is imposed for public facilities purposes, then the name of the project may be included in the proposition at the discretion of the county board as determined in the enabling resolution. For example, the "XXX Nursing Home" or the "YYY Museum".

The county clerk shall certify the question to the proper election authority, who shall submit the proposition at an election in accordance with the general election law.

(1) The proposition for public safety purposes shall be in substantially the following form:

"To pay for public safety purposes, shall (name of county) be authorized to impose an increase on its share of local sales taxes by (insert rate)?"

If the county board votes to include a sunset provision, the proposition for public safety purposes shall be in substantially the following form:

sales taxes by (insert rate) for a period not to exceed (insert number of years)"

As additional information on the ballot below the question shall appear the following:

For purposes of this Section, "public facilities purposes" means the acquisition, development, construction, reconstruction, rehabilitation, improvement, financing, architectural planning, and installation of capital facilities consisting of buildings, structures, and durable equipment and for the acquisition and improvement of real property and interest in real property required, or expected to be required, in connection with the public facilities, for use by the county for the furnishing of governmental services to its citizens, including but not limited to museums and nursing homes.

The votes shall be recorded as "Yes" or "No".

If a majority of the electors voting on the proposition vote in favor of it, the county may impose the tax. A county may not submit more than one proposition authorized by this Section to the electors at any one time.

This additional tax may not be imposed on the sales of food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food which has been prepared for immediate consumption) and prescription and non-prescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes, and needles used by diabetics. The tax imposed by a county under this Section and all civil penalties that may be assessed as an incident of the tax shall be collected and enforced by the Illinois Department of Revenue and deposited into a special fund created for that purpose. The certificate of registration that is issued by the Department to a retailer under the Retailers' Occupation Tax Act shall permit the retailer to engage in a business that is taxable without registering separately with the Department under an ordinance or resolution under this Section. The Department has full power to administer and enforce this Section, to collect all taxes and penalties due under this Section, to dispose of taxes and penalties so collected in the manner provided in this Section, and to determine all rights to credit memoranda arising on account of the
erroneous payment of a tax or penalty under this Section. In the administration of and compliance with this Section, the Department and persons who are subject to this Section shall (i) have the same rights, remedies, privileges, immunities, powers, and duties, (ii) be subject to the same conditions, restrictions, limitations, penalties, and definitions of terms, and (iii) employ the same modes of procedure as are prescribed in Sections 1, 1a, 1a-1, 1d, 1e, 1f, 1i, 1j, 1k, 1m, 1n, 2 through 2-70 (in respect to all provisions contained in those Sections other than the State rate of tax), 2a, 2b, 2c, 3 (except provisions relating to transaction returns and quarter monthly payments), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 7, 8, 9, 10, 11, 11a, 12, and 13 of the Retailers' Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act as if those provisions were set forth in this Section.

Persons subject to any tax imposed under the authority granted in this Section may reimburse themselves for their sellers' tax liability by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax which sellers are required to collect under the Use Tax Act, pursuant to such bracketed schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the County Public Safety or Transportation Retailers' Occupation Tax Fund.

(b) If a tax has been imposed under subsection (a), a service occupation tax shall also be imposed at the same rate upon all persons engaged, in the county, in the business of making sales of service, who, as an incident to making those sales of service, transfer tangible personal property within the county as an incident to a sale of service. This tax may not be imposed on sales of food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food prepared for immediate consumption) and prescription and non-prescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes, and needles used by diabetics. The tax imposed under this subsection and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the Department of Revenue. The Department has full power to administer
and enforce this subsection; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder.

In the administration of, and compliance with this subsection, the Department and persons who are subject to this paragraph shall (i) have the same rights, remedies, privileges, immunities, powers, and duties, (ii) be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions, and definitions of terms, and (iii) employ the same modes of procedure as are prescribed in Sections 2 (except that the reference to State in the definition of supplier maintaining a place of business in this State shall mean the county), 2a, 2b, 2c, 3 through 3-50 (in respect to all provisions therein other than the State rate of tax), 4 (except that the reference to the State shall be to the county), 5, 7, 8 (except that the jurisdiction to which the tax shall be a debt to the extent indicated in that Section 8 shall be the county), 9 (except as to the disposition of taxes and penalties collected), 10, 11, 12 (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State shall mean the county), Section 15, 16, 17, 18, 19 and 20 of the Service Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their serviceman's tax liability by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax that servicemen are authorized to collect under the Service Use Tax Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this subsection to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of the County Public Safety or Transportation Retailers' Occupation Fund.

Nothing in this subsection shall be construed to authorize the county to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by the State.

(c) The Department shall immediately pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected under this Section to be deposited into the County Public Safety or Transportation Retailers' Occupation Tax Fund, which shall be an unappropriated trust fund held outside of the State treasury. On or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to the counties from which retailers have paid taxes or penalties to the Department during the second preceding calendar month. The amount to be paid to each county, and deposited by the county into its special fund created for the purposes of this Section, shall be the amount (not including credit memoranda) collected under this Section during the second preceding calendar month by the Department plus an amount the Department determines is necessary to offset any amounts that were erroneously paid to a different taxing body, and not including (i) an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of the county and (ii) any amount that the Department determines is necessary to offset any amounts that were payable to a different taxing body but were erroneously paid to the county. Within 10 days after receipt by the Comptroller of the disbursement certification to the counties provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with directions contained in the certification.

In addition to the disbursement required by the preceding paragraph, an allocation shall be made in March of each year to each county that received more than $500,000 in disbursements under the preceding paragraph in the preceding calendar year. The allocation shall be in an amount equal to the average monthly distribution made to each such county under the preceding paragraph during the preceding calendar year (excluding the 2 months of highest receipts). The distribution made in March of each year subsequent to the year in which an allocation was made pursuant to this paragraph and the preceding paragraph shall be reduced by the amount allocated and disbursed under this paragraph in the preceding calendar year. The Department shall prepare and certify to the Comptroller for disbursement the allocations made in accordance with this paragraph.

mineral mined in Illinois is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or another mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the United States Constitution as a sale in interstate or foreign commerce.

(e) Nothing in this Section shall be construed to authorize a county to impose a tax upon the privilege of engaging in any business that under the Constitution of the United States may not be made the subject of taxation by this State.

(e-5) If a county imposes a tax under this Section, the county board may, by ordinance, discontinue or lower the rate of the tax. If the county board lowers the tax rate or discontinues the tax, a referendum must be held in accordance with subsection (a) of this Section in order to increase the rate of the tax or to reimpose the discontinued tax.

(f) Beginning April 1, 1998, the results of any election authorizing a proposition to impose a tax under this Section or effecting a change in the rate of tax, or any ordinance lowering the rate or discontinuing the tax, shall be certified by the county clerk and filed with the Illinois Department of Revenue either (i) on or before the first day of April, whereupon the Department shall proceed to administer and enforce the tax as of the first day of July next following the filing; or (ii) on or before the first day of October, whereupon the Department shall proceed to administer and enforce the tax as of the first day of January next following the filing.

(g) When certifying the amount of a monthly disbursement to a county under this Section, the Department shall increase or decrease the amounts by an amount necessary to offset any miscalculation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the previous 6 months from the time a miscalculation is discovered.

(h) This Section may be cited as the "Special County Occupation Tax For Public Safety, Public Facilities, or Transportation Law".

(i) For purposes of this Section, "public safety" includes, but is not limited to, crime prevention, detention, fire fighting, police, medical, ambulance, or other emergency services. The county may share tax proceeds received under this Section for public safety purposes, including proceeds received before August 4, 2009 (the effective date of Public Act 96-124), with any fire protection district located in the county. For the purposes of this Section,
"transportation" includes, but is not limited to, the construction, maintenance, operation, and improvement of public highways, any other purpose for which a county may expend funds under the Illinois Highway Code, and passenger rail transportation. For the purposes of this Section, "public facilities purposes" includes, but is not limited to, the acquisition, development, construction, reconstruction, rehabilitation, improvement, financing, architectural planning, and installation of capital facilities consisting of buildings, structures, and durable equipment and for the acquisition and improvement of real property and interest in real property required, or expected to be required, in connection with the public facilities, for use by the county for the furnishing of governmental services to its citizens, including but not limited to museums and nursing homes.

(j) The Department may promulgate rules to implement Public Act 95-1002 this amendatory Act of the 95th General Assembly only to the extent necessary to apply the existing rules for the Special County Retailers' Occupation Tax for Public Safety to this new purpose for public facilities.

Sec. 5-1006.5. Special County Retailers' Occupation Tax For Public Safety, Public Facilities, or Transportation.

(a) The county board of any county may impose a tax upon all persons engaged in the business of selling tangible personal property, other than personal property titled or registered with an agency of this State's government, at retail in the county on the gross receipts from the sales made in the course of business to provide revenue to be used exclusively for public safety, public facility, or transportation purposes in that county, if a proposition for the tax has been submitted to the electors of that county and approved by a majority of those voting on the question. If imposed, this tax shall be imposed only in one-quarter percent increments. By resolution, the county board may order the proposition to be submitted at any election. If the tax is imposed for transportation purposes for expenditures for public highways or as authorized under the Illinois Highway Code, the county board must publish notice of the existence of its long-range highway transportation plan as required or described in Section 5-301 of the Illinois Highway Code and must make the plan publicly available prior to approval of the ordinance or resolution imposing the tax. If the tax is imposed for transportation purposes for
expenditures for passenger rail transportation, the county board must publish notice of the existence of its long-range passenger rail transportation plan and must make the plan publicly available prior to approval of the ordinance or resolution imposing the tax.

If a tax is imposed for public facilities purposes, then the name of the project may be included in the proposition at the discretion of the county board as determined in the enabling resolution. For example, the "XXX Nursing Home" or the "YYY Museum".

The county clerk shall certify the question to the proper election authority, who shall submit the proposition at an election in accordance with the general election law.

(1) The proposition for public safety purposes shall be in substantially the following form:

"To pay for public safety purposes, shall (name of county) be authorized to impose an increase on its share of local sales taxes by (insert rate)?"

As additional information on the ballot below the question shall appear the following:

"This would mean that a consumer would pay an additional (insert amount) in sales tax for every $100 of tangible personal property bought at retail."

The county board may also opt to establish a sunset provision at which time the additional sales tax would cease being collected, if not terminated earlier by a vote of the county board. If the county board votes to include a sunset provision, the proposition for public safety purposes shall be in substantially the following form:

"To pay for public safety purposes, shall (name of county) be authorized to impose an increase on its share of local sales taxes by (insert rate) for a period not to exceed (insert number of years)?"

As additional information on the ballot below the question shall appear the following:

"This would mean that a consumer would pay an additional (insert amount) in sales tax for every $100 of tangible personal property bought at retail. If imposed, the additional tax would cease being collected at the end of (insert number of years), if not terminated earlier by a vote of the county board."
For the purposes of the paragraph, "public safety purposes" means crime prevention, detention, fire fighting, police, medical, ambulance, or other emergency services.

Votes shall be recorded as "Yes" or "No".

(2) The proposition for transportation purposes shall be in substantially the following form:

"To pay for improvements to roads and other transportation purposes, shall (name of county) be authorized to impose an increase on its share of local sales taxes by (insert rate)?"

As additional information on the ballot below the question shall appear the following:

"This would mean that a consumer would pay an additional (insert amount) in sales tax for every $100 of tangible personal property bought at retail."

The county board may also opt to establish a sunset provision at which time the additional sales tax would cease being collected, if not terminated earlier by a vote of the county board. If the county board votes to include a sunset provision, the proposition for transportation purposes shall be in substantially the following form:

"To pay for road improvements and other transportation purposes, shall (name of county) be authorized to impose an increase on its share of local sales taxes by (insert rate) for a period not to exceed (insert number of years)?"

As additional information on the ballot below the question shall appear the following:

"This would mean that a consumer would pay an additional (insert amount) in sales tax for every $100 of tangible personal property bought at retail. If imposed, the additional tax would cease being collected at the end of (insert number of years), if not terminated earlier by a vote of the county board."

For the purposes of this paragraph, transportation purposes means construction, maintenance, operation, and improvement of public highways, any other purpose for which a county may expend funds under the Illinois Highway Code, and passenger rail transportation.

The votes shall be recorded as "Yes" or "No".

(3) The proposition for public facilities purposes shall be in substantially the following form:

For purposes of this Section, "public facilities purposes" means the acquisition, development, construction, reconstruction, rehabilitation, improvement, financing, architectural planning, and installation of capital facilities consisting of buildings, structures, and durable equipment and for the acquisition and improvement of real property and interest in real property required, or expected to be required, in connection with the public facilities, for use by the county for the furnishing of governmental services to its citizens, including but not limited to museums and nursing homes.

The votes shall be recorded as "Yes" or "No."

If a majority of the electors voting on the proposition vote in favor of it, the county may impose the tax. A county may not submit more than one proposition authorized by this Section to the electors at any one time.
This additional tax may not be imposed on the sales of food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food which has been prepared for immediate consumption) and prescription and non-prescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes, and needles used by diabetics. The tax imposed by a county under this Section and all civil penalties that may be assessed as an incident of the tax shall be collected and enforced by the Illinois Department of Revenue and deposited into a special fund created for that purpose. The certificate of registration that is issued by the Department to a retailer under the Retailers' Occupation Tax Act shall permit the retailer to engage in a business that is taxable without registering separately with the Department under an ordinance or resolution under this Section. The Department has full power to administer and enforce this Section, to collect all taxes and penalties due under this Section, to dispose of taxes and penalties so collected in the manner provided in this Section, and to determine all rights to credit memoranda arising on account of the erroneous payment of a tax or penalty under this Section. In the administration of and compliance with this Section, the Department and persons who are subject to this Section shall (i) have the same rights, remedies, privileges, immunities, powers, and duties, (ii) be subject to the same conditions, restrictions, limitations, penalties, and definitions of terms, and (iii) employ the same modes of procedure as are prescribed in Sections 1, 1a, 1a-1, 1d, 1e, 1f, 1i, 1j, 1k, 1m, 1n, 2 through 2-70 (in respect to all provisions contained in those Sections other than the State rate of tax), 2a, 2b, 2c, 3 (except provisions relating to transaction returns and quarter monthly payments), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 7, 8, 9, 10, 11, 11a, 12, and 13 of the Retailers' Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act as if those provisions were set forth in this Section.

Persons subject to any tax imposed under the authority granted in this Section may reimburse themselves for their sellers' tax liability by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax which sellers are required to collect under the Use Tax Act, pursuant to such bracketed schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the
order to be drawn for the amount specified and to the person named in the
notification from the Department. The refund shall be paid by the State
Treasurer out of the County Public Safety or Transportation Retailers' 
Occupation Tax Fund.

(b) If a tax has been imposed under subsection (a), a service
occupation tax shall also be imposed at the same rate upon all persons 
engaged, in the county, in the business of making sales of service, who, as
an incident to making those sales of service, transfer tangible personal
property within the county as an incident to a sale of service. This tax may
not be imposed on sales of food for human consumption that is to be
consumed off the premises where it is sold (other than alcoholic
beverages, soft drinks, and food prepared for immediate consumption) and
prescription and non-prescription medicines, drugs, medical appliances
and insulin, urine testing materials, syringes, and needles used by
diabetics. The tax imposed under this subsection and all civil penalties that
may be assessed as an incident thereof shall be collected and enforced by
the Department of Revenue. The Department has full power to administer
and enforce this subsection; to collect all taxes and penalties due
hereunder; to dispose of taxes and penalties so collected in the manner
hereinafter provided; and to determine all rights to credit memoranda
arising on account of the erroneous payment of tax or penalty hereunder.
In the administration of, and compliance with this subsection, the
Department and persons who are subject to this paragraph shall (i) have
the same rights, remedies, privileges, immunities, powers, and duties, (ii)
be subject to the same conditions, restrictions, limitations, penalties,
exclusions, exemptions, and definitions of terms, and (iii) employ the
same modes of procedure as are prescribed in Sections 2 (except that the
reference to State in the definition of supplier maintaining a place of
business in this State shall mean the county), 2a, 2b, 2c, 3 through 3-50 (in
respect to all provisions therein other than the State rate of tax), 4 (except
that the reference to the State shall be to the county), 5, 7, 8 (except that
the jurisdiction to which the tax shall be a debt to the extent indicated in
that Section 8 shall be the county), 9 (except as to the disposition of taxes
and penalties collected), 10, 11, 12 (except the reference therein to Section
2b of the Retailers' Occupation Tax Act), 13 (except that any reference to
the State shall mean the county), Section 15, 16, 17, 18, 19 and 20 of the
Service Occupation Tax Act and Section 3-7 of the Uniform Penalty and
Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their serviceman's tax liability by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax that servicemen are authorized to collect under the Service Use Tax Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this subsection to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of the County Public Safety or Transportation Retailers' Occupation Fund.

Nothing in this subsection shall be construed to authorize the county to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by the State.

(c) The Department shall immediately pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected under this Section to be deposited into the County Public Safety or Transportation Retailers' Occupation Tax Fund, which shall be an unappropriated trust fund held outside of the State treasury. On or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to the counties from which retailers have paid taxes or penalties to the Department during the second preceding calendar month. The amount to be paid to each county, and deposited by the county into its special fund created for the purposes of this Section, shall be the amount (not including credit memoranda) collected under this Section during the second preceding calendar month by the Department plus an amount the Department determines is necessary to offset any amounts that were erroneously paid to a different taxing body, and not including (i) an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of the county and (ii) any amount that the Department determines is necessary to offset any amounts that were payable to a different taxing body but were erroneously paid to the county. Within 10 days after receipt by the Comptroller of the disbursement certification to the counties provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to
be drawn for the respective amounts in accordance with directions contained in the certification.

In addition to the disbursement required by the preceding paragraph, an allocation shall be made in March of each year to each county that received more than $500,000 in disbursements under the preceding paragraph in the preceding calendar year. The allocation shall be in an amount equal to the average monthly distribution made to each such county under the preceding paragraph during the preceding calendar year (excluding the 2 months of highest receipts). The distribution made in March of each year subsequent to the year in which an allocation was made pursuant to this paragraph and the preceding paragraph shall be reduced by the amount allocated and disbursed under this paragraph in the preceding calendar year. The Department shall prepare and certify to the Comptroller for disbursement the allocations made in accordance with this paragraph.

A county may direct, by ordinance, that all or a portion of the taxes and penalties collected under the Special County Retailers' Occupation Tax For Public Safety or Transportation be deposited into the Transportation Development Partnership Trust Fund.

(d) For the purpose of determining the local governmental unit whose tax is applicable, a retail sale by a producer of coal or another mineral mined in Illinois is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or another mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the United States Constitution as a sale in interstate or foreign commerce.

(e) Nothing in this Section shall be construed to authorize a county to impose a tax upon the privilege of engaging in any business that under the Constitution of the United States may not be made the subject of taxation by this State.

(e-5) If a county imposes a tax under this Section, the county board may, by ordinance, discontinue or lower the rate of the tax. If the county board lowers the tax rate or discontinues the tax, a referendum must be held in accordance with subsection (a) of this Section in order to increase the rate of the tax or to reimpose the discontinued tax.

(f) Beginning April 1, 1998, the results of any election authorizing a proposition to impose a tax under this Section or effecting a change in the rate of tax, or any ordinance lowering the rate or discontinuing the tax,
shall be certified by the county clerk and filed with the Illinois Department of Revenue either (i) on or before the first day of April, whereupon the Department shall proceed to administer and enforce the tax as of the first day of July next following the filing; or (ii) on or before the first day of October, whereupon the Department shall proceed to administer and enforce the tax as of the first day of January next following the filing.

(g) When certifying the amount of a monthly disbursement to a county under this Section, the Department shall increase or decrease the amounts by an amount necessary to offset any miscalculation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the previous 6 months from the time a miscalculation is discovered.

(h) This Section may be cited as the "Special County Occupation Tax For Public Safety, Public Facilities, or Transportation Law".

(i) For purposes of this Section, "public safety" includes, but is not limited to, crime prevention, detention, fire fighting, police, medical, ambulance, or other emergency services. The county may share tax proceeds received under this Section for public safety purposes, including proceeds received before August 4, 2009 (the effective date of Public Act 96-124) this amendatory Act of the 96th General Assembly, with any fire protection district located in the county. For the purposes of this Section, "transportation" includes, but is not limited to, the construction, maintenance, operation, and improvement of public highways, any other purpose for which a county may expend funds under the Illinois Highway Code, and passenger rail transportation. For the purposes of this Section, "public facilities purposes" includes, but is not limited to, the acquisition, development, construction, reconstruction, rehabilitation, improvement, financing, architectural planning, and installation of capital facilities consisting of buildings, structures, and durable equipment and for the acquisition and improvement of real property and interest in real property required, or expected to be required, in connection with the public facilities, for use by the county for the furnishing of governmental services to its citizens, including but not limited to museums and nursing homes.

(j) The Department may promulgate rules to implement Public Act 95-1002 this amendatory Act of the 95th General Assembly only to the extent necessary to apply the existing rules for the Special County Retailers' Occupation Tax for Public Safety to this new purpose for public facilities.
Sec. 5-1069.3. Required health benefits. If a county, including a home rule county, is a self-insurer for purposes of providing health insurance coverage for its employees, the coverage shall include coverage for the post-mastectomy care benefits required to be covered by a policy of accident and health insurance under Section 356t and the coverage required under Sections 356g, 356g.5, 356g.5-1, 356u, 356w, 356x, 356z.6, 356z.8, 356z.9, 356z.10, 356z.11, 356z.12, and 356z.13, and 356z.14, and 356z.15 of the Illinois Insurance Code. The requirement that health benefits be covered as provided in this Section is an exclusive power and function of the State and is a denial and limitation under Article VII, Section 6, subsection (h) of the Illinois Constitution. A home rule county to which this Section applies must comply with every provision of this Section.

Rulemaking authority to implement Public Act 95-1045 this amendatory Act of the 95th General Assembly, if any, is conditioned on the rules being adopted in accordance with all provisions of the Illinois Administrative Procedure Act and all rules and procedures of the Joint Committee on Administrative Rules; any purported rule not so adopted, for whatever reason, is unauthorized.

Sec. 5-1123. Builder or developer cash bond or other surety.

(a) A county may not require a cash bond, irrevocable letter of credit, surety bond, or letter of commitment issued by a bank, savings and loan association, surety, or insurance company from a builder or developer to guarantee completion of a project improvement when the builder or developer has filed with the county clerk a current, irrevocable letter of credit, surety bond, or letter of commitment, issued by a bank, savings and loan association, surety, or insurance company, deemed good and sufficient by the county accepting such security, in an amount equal to or greater than 110% of the amount of the bid on each project improvement. A builder or developer has the option to utilize a cash bond, irrevocable letter of credit, surety bond, or letter of commitment issued by a bank,
savings and loan association, surety, or insurance company, deemed good and sufficient by the county, to satisfy any cash bond requirement established by a county. The county must approve and deem a surety or insurance company good and sufficient for the purposes set forth in this Section if the surety or insurance company is authorized by the Illinois Department of Insurance to sell and issue sureties in the State of Illinois.

(b) If a county receives a cash bond, irrevocable letter of credit, or surety bond from a builder or developer to guarantee completion of a project improvement, the county shall (i) register the bond under the address of the project and the construction permit number and (ii) give the builder or developer a receipt for the bond. The county shall establish and maintain a separate account for all cash bonds received from builders and developers to guarantee completion of a project improvement.

(c) The county shall refund a cash bond to a builder or developer, or release the irrevocable letter of credit or surety bond, within 60 days after the builder or developer notifies the county in writing of the completion of the project improvement for which the bond was required. For these purposes, "completion" means that the county has determined that the project improvement for which the bond was required is complete or a licensed engineer or licensed architect has certified to the builder or developer and the county that the project improvement has been completed to the applicable codes and ordinances. The county shall pay interest to the builder or developer, beginning 60 days after the builder or developer notifies the county in writing of the completion of the project improvement, on any bond not refunded to a builder or developer, at the rate of 1% per month.

(d) A home rule county may not require or maintain cash bonds, irrevocable letters of credit, surety bonds, or other adequate securities from builders or developers in a manner inconsistent with this Section. This Section supersedes and controls over other provisions of this Code as they apply to and guarantee completion of a project improvement that is required by the county. This Section is a denial and limitation under subsection (i) of Section 6 of Article VII of the Illinois Constitution on the concurrent exercise by a home rule county of powers and functions exercised by the State.

Sec. 5-12020. Wind farms. A county may establish standards for wind farms and electric-generating wind devices. The standards may
include, without limitation, the height of the devices and the number of
devices that may be located within a geographic area. A county may also
regulate the siting of wind farms and electric-generating wind devices in
unincorporated areas of the county outside of the zoning jurisdiction of a
municipality and the 1.5 mile radius surrounding the zoning jurisdiction of
a municipality. There shall be at least one public hearing not more than 30
days prior to a siting decision by the county board. Notice of the hearing
shall be published in a newspaper of general circulation in the county.
Counties may allow test wind towers to be sited without formal approval
by the county board. Any provision of a county zoning ordinance
pertaining to wind farms that is in effect before the effective date of this
amendatory Act of the 95th General Assembly may continue in effect
notwithstanding any requirements of this Section.

A county may not require a wind tower or other renewable energy
system that is used exclusively by an end user to be setback more than 1.1
times the height of the renewable energy system from the end user's
property line.

(65 ILCS 5/7-1-1) (from Ch. 24, par. 7-1-1)

Sec. 7-1-1. Annexation of contiguous territory. Any territory that is not within the corporate limits of any municipality but is contiguous to a municipality may be annexed to the municipality as provided in this Article. For the purposes of this Article any territory to be annexed to a municipality shall be considered to be contiguous to the municipality notwithstanding that the territory is separated from the municipality by a strip parcel, railroad or public utility right-of-way, or former railroad right-of-way that has been converted to a recreational trail, but upon annexation the area included within that strip parcel, right-of-way, or former right-of-way shall not be considered to be annexed to the municipality. For purposes of this Section, "strip parcel" means a separation no wider than 30 feet between the territory to be annexed and the municipal boundary.

Except in counties with a population of more than 600,000 but less than 3,000,000, territory which is not contiguous to a municipality but is separated therefrom only by a forest preserve district, federal wildlife refuge, or open land or open space that is part of an open space program, as defined in Section 115-5 of the Township Code, may be annexed to the

municipality pursuant to Section 7-1-7 or 7-1-8, but only if the annexing municipality can show that the forest preserve district, federal wildlife refuge, open land, or open space creates an artificial barrier preventing the annexation and that the location of the forest preserve district, federal wildlife refuge, open land, or open space property prevents the orderly natural growth of the annexing municipality. It shall be conclusively presumed that the forest preserve district, federal wildlife refuge, open land, or open space does not create an artificial barrier if the property sought to be annexed is bounded on at least 3 sides by (i) one or more other municipalities (other than the municipality seeking annexation through the existing forest preserve district, federal wildlife refuge, open land, or open space), (ii) forest preserve district property, federal wildlife refuge, open land, or open space, or (iii) a combination of other municipalities and forest preserve district property, federal wildlife refuge property, open land, or open space. It shall also be conclusively presumed that the forest preserve district, federal wildlife refuge, open land, or open space does not create an artificial barrier if the municipality seeking annexation is not the closest municipality within the county to the property to be annexed. The territory included within such forest preserve district, federal wildlife refuge, open land, or open space shall not be annexed to the municipality nor shall the territory of the forest preserve district, federal wildlife refuge, open land, or open space be subject to rights-of-way for access or services between the parts of the municipality separated by the forest preserve district, federal wildlife refuge, open land, or open space without the consent of the governing body of the forest preserve district or federal wildlife refuge. The changes made to this Section by this amendatory Act of 91st General Assembly are declaratory of existing law and shall not be construed as a new enactment.

In counties that are contiguous to the Mississippi River with populations of more than 200,000 but less than 255,000, a municipality that is partially located in territory that is wholly surrounded by the Mississippi River and a canal, connected at both ends to the Mississippi River and located on property owned by the United States of America, may annex noncontiguous territory in the surrounded territory under Sections 7-1-7, 7-1-8, or 7-1-9 if that territory is separated from the municipality by property owned by the United States of America, but that federal property shall not be annexed without the consent of the federal government.

New matter indicate by italics - deletions by strikeout
For the purposes of this Article, any territory to be annexed to a municipality that is located in a county with more than 500,000 inhabitants shall be considered to be contiguous to the municipality if only a river and a national heritage corridor separate the territory from the municipality. Upon annexation, no river or national heritage corridor shall be considered annexed to the municipality.

When any land proposed to be annexed is part of any Fire Protection District or of any Public Library District and the annexing municipality provides fire protection or a public library, as the case may be, the Trustees of each District shall be notified in writing by certified or registered mail before any court hearing or other action is taken for annexation. The notice shall be served 10 days in advance. An affidavit that service of notice has been had as provided by this Section must be filed with the clerk of the court in which the annexation proceedings are pending or will be instituted or, when no court proceedings are involved, with the recorder for the county where the land is situated. No annexation of that land is effective unless service is had and the affidavit filed as provided in this Section.

The new boundary shall extend to the far side of any adjacent highway and shall include all of every highway within the area annexed. These highways shall be considered to be annexed even though not included in the legal description set forth in the petition for annexation. When any land proposed to be annexed includes any highway under the jurisdiction of any township, the Township Commissioner of Highways, the Board of Town Trustees, the Township Supervisor, and the Township Clerk shall be notified in writing by certified or registered mail before any court hearing or other action is taken for annexation. In the event that a municipality fails to notify the Township Commissioner of Highways, the Board of Town Trustees, the Township Supervisor, and the Township Clerk of the annexation of an area within the township, the municipality shall reimburse that township for any loss or liability caused by the failure to give notice. If any municipality has annexed any area before October 1, 1975, and the legal description in the petition for annexation did not include the entire adjacent highway, any such annexation shall be valid and any highway adjacent to the area annexed shall be considered to be annexed notwithstanding the failure of the petition to annex to include the description of the entire adjacent highway.

Any annexation, disconnection and annexation, or disconnection under this Article of any territory must be reported by certified or
registered mail by the corporate authority initiating the action to the election authorities having jurisdiction in the territory and the post office branches serving the territory within 30 days of the annexation, disconnection and annexation, or disconnection.

Failure to give notice to the required election authorities or post office branches will not invalidate the annexation or disconnection. For purposes of this Section "election authorities" means the county clerk where the clerk acts as the clerk of elections or the clerk of the election commission having jurisdiction.

No annexation, disconnection and annexation, or disconnection under this Article of territory having electors residing therein made (1) before any primary election to be held within the municipality affected thereby and after the time for filing petitions as a candidate for nomination to any office to be chosen at the primary election or (2) within 60 days before any general election to be held within the municipality shall be effective until the day after the date of the primary or general election, as the case may be.

For the purpose of this Section, a toll highway or connection between parcels via an overpass bridge over a toll highway shall not be considered a deterrent to the definition of contiguous territory.

When territory is proposed to be annexed by court order under this Article, the corporate authorities or petitioners initiating the action shall notify each person who pays real estate taxes on property within that territory unless the person is a petitioner. The notice shall be served by certified or registered mail, return receipt requested, at least 20 days before a court hearing or other court action. If the person who pays real estate taxes on the property is not the owner of record, then the payor shall notify the owner of record of the proposed annexation.

impacted land owners. The ordinance shall describe the territory annexed
and a copy thereof together with an accurate map of the annexed territory
shall be recorded in the office of the recorder of the county wherein the
annexed territory is situated and a document of annexation shall be filed

(c) When notice is given as described in subsection (b) of this Section, no other municipality may annex the proposed territory for a period of 60 days from the date the notice is mailed or delivered to the taxpayer of record unless that other municipality has initiated annexation proceedings or a valid petition as described in Section 7-1-2, 7-1-8, 7-1-11 or 7-1-12 of this Code has been received by the municipality prior to the publication and mailing of the notices required in subsection (b).

Sec. 10-4-2.3. Required health benefits. If a municipality, including a home rule municipality, is a self-insurer for purposes of providing health insurance coverage for its employees, the coverage shall include coverage for the post-mastectomy care benefits required to be covered by a policy of accident and health insurance under Section 356t and the coverage required under Sections 356g, 356g.5, 356g.5-1, 356u, 356w, 356x, 356z.6, 356z.8, 356z.9, 356z.10, 356z.11, 356z.12, 356z.13, and 356z.14, and 356z.15 of the Illinois Insurance Code. The requirement that health benefits be covered as provided in this is an exclusive power and function of the State and is a denial and limitation under Article VII, Section 6, subsection (h) of the Illinois Constitution. A home rule municipality to which this Section applies must comply with every provision of this Section.

Rulemaking authority to implement Public Act 95-1045 this amendatory Act of the 95th General Assembly, if any, is conditioned on the rules being adopted in accordance with all provisions of the Illinois Administrative Procedure Act and all rules and procedures of the Joint Committee on Administrative Rules; any purported rule not so adopted, for whatever reason, is unauthorized.

Sec. 11-15.1-2.1. Annexation agreement; municipal jurisdiction.

(a) Except as provided in subsections (b) and (c), property that is the subject of an annexation agreement adopted under this Division is subject to the ordinances, control, and jurisdiction of the annexing municipality in all respects the same as property that lies within the annexing municipality's corporate limits.

(b) This Section shall not apply in (i) a county with a population of more than 3,000,000, (ii) a county that borders a county with a population of more than 3,000,000 or (iii) a county with a population of more than
246,000 according to the 1990 federal census and bordered by the Mississippi River, unless the parties to the annexation agreement have, at the time the agreement is signed, ownership or control of all property that would make the property that is the subject of the agreement contiguous to the annexing municipality, in which case the property that is the subject of the annexation agreement is subject to the ordinances, control, and jurisdiction of the municipality in all respects the same as property owned by the municipality that lies within its corporate limits.

(b-5) The limitations of item (iii) of subsection (b) do not apply to property that is the subject of an annexation agreement adopted under this Division within one year after the effective date of this amendatory Act of the 95th General Assembly with a coterminous home rule municipality, as of June 1, 2009, that borders the Mississippi River, in a county with a population in excess of 258,000, according to the 2000 federal census, if all such agreements entered into by the municipality pertain to parcels that comprise a contiguous area of not more than 120 acres in the aggregate.

(c) Except for property located in a county referenced in subsection (b) of this Section, if property that is the subject of an annexation agreement is located more than 1.5 miles from the corporate boundaries of the annexing municipality, that property is subject to the ordinances, control, and jurisdiction of the annexing municipality unless the county board retains jurisdiction by the affirmative vote of two-thirds of its members.

(d) If the county board retains jurisdiction under subsection (c) of this Section, the annexing municipality may file a request for jurisdiction with the county board on a case by case basis. If the county board agrees by the affirmative vote of a majority of its members, then the property covered by the annexation agreement shall be subject to the ordinances, control, and jurisdiction of the annexing municipality.

Sec. 11-20-15. Lien for removal costs.

(a) If the municipality incurs a removal cost under Section 11-20-7, 11-20-8, 11-20-12, or 11-20-13 with respect to any underlying parcel, then that cost is a lien upon that underlying parcel. This lien is superior to all other liens and encumbrances, except tax liens and as otherwise provided in subsection (c) of this Section.
(b) To perfect a lien under this Section, the municipality must, within one year after the removal cost is incurred, file notice of lien in the office of the recorder in the county in which the underlying parcel is located or, if the underlying parcel is registered under the Torrens system, in the office of the Registrar of Titles of that county. The notice must consist of a sworn statement setting out:

(1) a description of the underlying parcel that sufficiently identifies the parcel;
(2) the amount of the removal cost; and
(3) the date or dates when the removal cost was incurred by the municipality.

If, for any one parcel, the municipality engaged in any removal activity on more than one occasion during the course of one year, then the municipality may combine any or all of the costs of each of those activities into a single notice of lien.

(c) A lien under this Section is not valid as to: (i) any purchaser whose rights in and to the underlying parcel arose after the removal activity but before the filing of the notice of lien; or (ii) any mortgagee, judgment creditor, or other lienor whose rights in and to the underlying parcel arose before the filing of the notice of lien.

(d) The removal cost is not a lien on the underlying parcel unless a notice is personally served on, or sent by certified mail to, the person to whom was sent the tax bill for the general taxes on the property for the taxable year immediately preceding the removal activities. The notice must be delivered or sent after the removal activities have been performed, and it must: (i) state the substance of this Section and the substance of any ordinance of the municipality implementing this Section; (ii) identify the underlying parcel, by common description; and (iii) describe the removal activity.

(e) A lien under this Section may be enforced by proceedings to foreclose as in case of mortgages or mechanics' liens. An action to foreclose a lien under this Section must be commenced within 2 years after the date of filing notice of lien.

(f) Any person who performs a removal activity by the authority of the municipality may, in his or her own name, file a lien and foreclose on that lien in the same manner as a municipality under this Section.

(g) A failure to file a foreclosure action does not, in any way, affect the validity of the lien against the underlying parcel.
(h) Upon payment of the lien cost by the owner of the underlying parcel after notice of lien has been filed, the municipality (or its agent under subsection (f)) shall release the lien, and the release may be filed of record by the owner at his or her sole expense as in the case of filing notice of lien.

(i) For the purposes of this Section:
"Lien cost" means the removal cost and the filing costs for any notice of lien under subsection (b).
"Removal activity" means any activity for which a removal cost was incurred.
"Removal cost" means a removal cost as defined under Section 11-20-7, 11-20-8, 11-20-12, or 11-20-13.
"Underlying parcel" means a parcel of private property upon which a removal activity was performed.
"Year" means a 365-day period.

(j) This Section applies only to liens filed after August 14, 2009 (the effective date of Public Act 96-462).

(k) This Section shall not apply to a lien filed pursuant to Section 11-20-15.1.

Sec. 11-20-16. Retail food establishments.
(a) A municipality in a county having a population of 2,000,000 or more inhabitants must regulate and inspect retail food establishments in the municipality. A municipality must regulate and inspect retail food establishments in accordance with applicable federal and State laws pertaining to the operation of retail food establishments including but not limited to the Illinois Food Handling Regulation Enforcement Act, the Illinois Food, Drug and Cosmetic Act, the Sanitary Food Preparation Act, the regulations of the Illinois Department of Public Health, and local ordinances and regulations. This subsection shall not apply to a municipality that is served by a certified local health department other than a county certified local health department.

A home rule unit may not regulate retail food establishments in a less restrictive manner than as provided in this Section. This Section is a limitation of home rule powers under subsection (i) of Section 6 of Article VII of the Illinois Constitution on the concurrent exercise by home rule units of the powers and functions exercised by the State.
(b) A municipality may enter into an intergovernmental agreement with a county that provides for the county's certified local health department to perform any or all inspection functions for the municipality. The municipality must pay the county's reasonable costs. An intergovernmental agreement shall not preclude a municipality from continuing to license retail food establishments within its jurisdiction.

(c) For the purpose of this Section, "retail food establishment" includes a food service establishment, a temporary food service establishment, and a retail food store as defined in the Food Service Sanitation Code, 77 Ill. Adm. Code Part 750, and the Retail Food Store Sanitation Code, 77 Ill. Adm. Code Part 760.

(65 ILCS 5/11-39-3)

Sec. 11-39-3. Builder or developer cash bond or other surety.

(a) A municipality may not require a cash bond, irrevocable letter of credit, surety bond, or letter of commitment issued by a bank, savings and loan association, surety, or insurance company from a builder or developer to guarantee completion of a project improvement when the builder or developer has filed with the municipal clerk a current, irrevocable letter of credit, surety bond, or letter of commitment issued by a bank, savings and loan association, surety, or insurance company, deemed good and sufficient by the municipality accepting such security, in an amount equal to or greater than 110% of the amount of the bid on each project improvement. A builder or developer has the option to utilize a cash bond, irrevocable letter of credit, surety bond, or letter of commitment, issued by a bank, savings and loan association, surety, or insurance company, deemed good and sufficient by the municipality, to satisfy any cash bond requirement established by a municipality. Except for a municipality or county with a population of 1,000,000 or more, the municipality must approve and deem a surety or insurance company good and sufficient for the purposes set forth in this Section if the surety or insurance company is authorized by the Illinois Department of Insurance to sell and issue sureties in the State of Illinois.

(b) If a municipality receives a cash bond, irrevocable letter of credit, or surety bond from a builder or developer to guarantee completion of a project improvement, the municipality shall (i) register the bond under the address of the project and the construction permit number and (ii) give the builder or developer a receipt for the bond. The municipality shall
establish and maintain a separate account for all cash bonds received from builders and developers to guarantee completion of a project improvement.

(c) The municipality shall refund a cash bond to a builder or developer, or release the irrevocable letter of credit or surety bond within 60 days after the builder or developer notifies the municipality in writing of the completion of the project improvement for which the bond was required. For these purposes, "completion" means that the municipality has determined that the project improvement for which the bond was required is complete or a licensed engineer or licensed architect has certified to the builder or developer and the municipality that the project improvement has been completed to the applicable codes and ordinances. The municipality shall pay interest to the builder or developer, beginning 60 days after builder or developer notifies the municipality in writing of the completion of the project improvement, on any bond not refunded to a builder or developer, at the rate of 1% per month.

(d) A home rule municipality may not require or maintain cash bonds, irrevocable letters of credit, surety bonds, or letters of commitment issued by a bank, savings and loan association, surety, or insurance company from builders or developers in a manner inconsistent with this Section. This Section supersedes and controls over other provisions of this Code as they apply to and guarantee completion of a project improvement that is required by the municipality, regardless of whether the project improvement is a condition of annexation agreements. This Section is a denial and limitation under subsection (i) of Section 6 of Article VII of the Illinois Constitution on the concurrent exercise by a home rule municipality of powers and functions exercised by the State.

(65 ILCS 5/11-74.4-3) (from Ch. 24, par. 11-74.4-3)

Sec. 11-74.4-3. Definitions. The following terms, wherever used or referred to in this Division 74.4 shall have the following respective meanings, unless in any case a different meaning clearly appears from the context.

(a) For any redevelopment project area that has been designated pursuant to this Section by an ordinance adopted prior to November 1, 1999 (the effective date of Public Act 91-478), "blighted area" shall have the meaning set forth in this Section prior to that date.

On and after November 1, 1999, "blighted area" means any improved or vacant area within the boundaries of a redevelopment project area located within the territorial limits of the municipality where:

New matter indicate by italics - deletions by strikeout
If improved, industrial, commercial, and residential buildings or improvements are detrimental to the public safety, health, or welfare because of a combination of 5 or more of the following factors, each of which is (i) present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) reasonably distributed throughout the improved part of the redevelopment project area:

(A) Dilapidation. An advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.

(B) Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.

(C) Deterioration. With respect to buildings, defects including, but not limited to, major defects in the secondary building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration, including, but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.

(D) Presence of structures below minimum code standards. All structures that do not meet the standards of zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.

(E) Illegal use of individual structures. The use of structures in violation of applicable federal, State, or local laws, exclusive of those applicable to the presence of structures below minimum code standards.

(F) Excessive vacancies. The presence of buildings that are unoccupied or under-utilized and that represent an
adverse influence on the area because of the frequency, extent, or duration of the vacancies.

(G) Lack of ventilation, light, or sanitary facilities. The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. Inadequate natural light and ventilation means the absence of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

(H) Inadequate utilities. Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.

(I) Excessive land coverage and overcrowding of structures and community facilities. The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are: (i) the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and (ii) the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels must exhibit one or more of the following conditions: insufficient provision for light and air within or around buildings, increased threat of spread of fire due to the close proximity of buildings, lack of adequate or proper access to
a public right-of-way, lack of reasonably required off-street parking, or inadequate provision for loading and service.

(J) Deleterious land use or layout. The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.

(K) Environmental clean-up. The proposed redevelopment project area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(L) Lack of community planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.

(M) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of

Labor or successor agency for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated.

(2) If vacant, the sound growth of the redevelopment project area is impaired by a combination of 2 or more of the following factors, each of which is (i) present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) reasonably distributed throughout the vacant part of the redevelopment project area to which it pertains:

(A) Obsolete platting of vacant land that results in parcels of limited or narrow size or configurations of parcels of irregular size or shape that would be difficult to develop on a planned basis and in a manner compatible with contemporary standards and requirements, or platting that failed to create rights-of-ways for streets or alleys or that created inadequate right-of-way widths for streets, alleys, or other public rights-of-way or that omitted easements for public utilities.

(B) Diversity of ownership of parcels of vacant land sufficient in number to retard or impede the ability to assemble the land for development.

(C) Tax and special assessment delinquencies exist or the property has been the subject of tax sales under the Property Tax Code within the last 5 years.

(D) Deterioration of structures or site improvements in neighboring areas adjacent to the vacant land.

(E) The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.
(F) The total equalized assessed value of the 
proposed redevelopment project area has declined for 3 of 
the last 5 calendar years prior to the year in which the 
redevelopment project area is designated or is increasing at 
an annual rate that is less than the balance of the 
municipality for 3 of the last 5 calendar years for which 
information is available or is increasing at an annual rate 
that is less than the Consumer Price Index for All Urban 
Consumers published by the United States Department of 
Labor or successor agency for 3 of the last 5 calendar years 
prior to the year in which the redevelopment project area is 
designated.

(3) If vacant, the sound growth of the redevelopment 
project area is impaired by one of the following factors that (i) is 
present, with that presence documented, to a meaningful extent so 
that a municipality may reasonably find that the factor is clearly 
present within the intent of the Act and (ii) is reasonably 
distributed throughout the vacant part of the redevelopment project 
area to which it pertains:

(A) The area consists of one or more unused 
quarries, mines, or strip mine ponds.

(B) The area consists of unused rail yards, rail 
tracks, or railroad rights-of-way.

(C) The area, prior to its designation, is subject to 
(i) chronic flooding that adversely impacts on real property 
in the area as certified by a registered professional engineer 
or appropriate regulatory agency or (ii) surface water that 
discharges from all or a part of the area and contributes to 
flooding within the same watershed, but only if the 
redevelopment project provides for facilities or 
improvements to contribute to the alleviation of all or part 
of the flooding.

(D) The area consists of an unused or illegal 
disposal site containing earth, stone, building debris, or 
similar materials that were removed from construction, 
demolition, excavation, or dredge sites.

(E) Prior to November 1, 1999, the area is not less 
than 50 nor more than 100 acres and 75% of which is 
vacant (notwithstanding that the area has been used for

commercial agricultural purposes within 5 years prior to the designation of the redevelopment project area), and the area meets at least one of the factors itemized in paragraph (1) of this subsection, the area has been designated as a town or village center by ordinance or comprehensive plan adopted prior to January 1, 1982, and the area has not been developed for that designated purpose.

(F) The area qualified as a blighted improved area immediately prior to becoming vacant, unless there has been substantial private investment in the immediately surrounding area.

(b) For any redevelopment project area that has been designated pursuant to this Section by an ordinance adopted prior to November 1, 1999 (the effective date of Public Act 91-478), "conservation area" shall have the meaning set forth in this Section prior to that date.

On and after November 1, 1999, "conservation area" means any improved area within the boundaries of a redevelopment project area located within the territorial limits of the municipality in which 50% or more of the structures in the area have an age of 35 years or more. Such an area is not yet a blighted area but because of a combination of 3 or more of the following factors is detrimental to the public safety, health, morals or welfare and such an area may become a blighted area:

1. Dilapidation. An advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.

2. Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.

3. Deterioration. With respect to buildings, defects including, but not limited to, major defects in the secondary building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration, including, but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.

(4) Presence of structures below minimum code standards. All structures that do not meet the standards of zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.

(5) Illegal use of individual structures. The use of structures in violation of applicable federal, State, or local laws, exclusive of those applicable to the presence of structures below minimum code standards.

(6) Excessive vacancies. The presence of buildings that are unoccupied or under-utilized and that represent an adverse influence on the area because of the frequency, extent, or duration of the vacancies.

(7) Lack of ventilation, light, or sanitary facilities. The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. Inadequate natural light and ventilation means the absence or inadequacy of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

(8) Inadequate utilities. Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.

(9) Excessive land coverage and overcrowding of structures and community facilities. The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are: the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and the presence of

multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels must exhibit one or more of the following conditions: insufficient provision for light and air within or around buildings, increased threat of spread of fire due to the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack of reasonably required off-street parking, or inadequate provision for loading and service.

(10) Deleterious land use or layout. The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.

(11) Lack of community planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.

(12) The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(13) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States

Department of Labor or successor agency for 3 of the last 5 calendar years for which information is available.

(c) "Industrial park" means an area in a blighted or conservation area suitable for use by any manufacturing, industrial, research or transportation enterprise, of facilities to include but not be limited to factories, mills, processing plants, assembly plants, packing plants, fabricating plants, industrial distribution centers, warehouses, repair overhaul or service facilities, freight terminals, research facilities, test facilities or railroad facilities.

(d) "Industrial park conservation area" means an area within the boundaries of a redevelopment project area located within the territorial limits of a municipality that is a labor surplus municipality or within 1 1/2 miles of the territorial limits of a municipality that is a labor surplus municipality if the area is annexed to the municipality; which area is zoned as industrial no later than at the time the municipality by ordinance designates the redevelopment project area, and which area includes both vacant land suitable for use as an industrial park and a blighted area or conservation area contiguous to such vacant land.

(e) "Labor surplus municipality" means a municipality in which, at any time during the 6 months before the municipality by ordinance designates an industrial park conservation area, the unemployment rate was over 6% and was also 100% or more of the national average unemployment rate for that same time as published in the United States Department of Labor Bureau of Labor Statistics publication entitled "The Employment Situation" or its successor publication. For the purpose of this subsection, if unemployment rate statistics for the municipality are not available, the unemployment rate in the municipality shall be deemed to be the same as the unemployment rate in the principal county in which the municipality is located.

(f) "Municipality" shall mean a city, village, incorporated town, or a township that is located in the unincorporated portion of a county with 3 million or more inhabitants, if the county adopted an ordinance that approved the township's redevelopment plan.

(g) "Initial Sales Tax Amounts" means the amount of taxes paid under the Retailers' Occupation Tax Act, Use Tax Act, Service Use Tax Act, the Service Occupation Tax Act, the Municipal Retailers' Occupation Tax Act, and the Municipal Service Occupation Tax Act by retailers and servicemen on transactions at places located in a State Sales Tax Boundary during the calendar year 1985.

(g-1) "Revised Initial Sales Tax Amounts" means the amount of taxes paid under the Retailers' Occupation Tax Act, Use Tax Act, Service Use Tax Act, the Service Occupation Tax Act, the Municipal Retailers' Occupation Tax Act, and the Municipal Service Occupation Tax Act by retailers and servicemen on transactions at places located within the State Sales Tax Boundary revised pursuant to Section 11-74.4-8a(9) of this Act.

(h) "Municipal Sales Tax Increment" means an amount equal to the increase in the aggregate amount of taxes paid to a municipality from the Local Government Tax Fund arising from sales by retailers and servicemen within the redevelopment project area or State Sales Tax Boundary, as the case may be, for as long as the redevelopment project area or State Sales Tax Boundary, as the case may be, exist over and above the aggregate amount of taxes as certified by the Illinois Department of Revenue and paid under the Municipal Retailers' Occupation Tax Act and the Municipal Service Occupation Tax Act by retailers and servicemen, on transactions at places of business located in the redevelopment project area or State Sales Tax Boundary, as the case may be, during the base year which shall be the calendar year immediately prior to the year in which the municipality adopted tax increment allocation financing. For purposes of computing the aggregate amount of such taxes for base years occurring prior to 1985, the Department of Revenue shall determine the Initial Sales Tax Amounts for such taxes and deduct therefrom an amount equal to 4% of the aggregate amount of taxes per year for each year the base year is prior to 1985, but not to exceed a total deduction of 12%. The amount so determined shall be known as the "Adjusted Initial Sales Tax Amounts". For purposes of determining the Municipal Sales Tax Increment, the Department of Revenue shall for each period subtract from the amount paid to the municipality from the Local Government Tax Fund arising from sales by retailers and servicemen on transactions located in the redevelopment project area or the State Sales Tax Boundary, as the case may be, the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts for the Municipal Retailers' Occupation Tax Act and the Municipal Service Occupation Tax Act. For the State Fiscal Year 1989, this calculation shall be made by utilizing the calendar year 1987 to determine the tax amounts received. For the State Fiscal Year 1990, this calculation shall be made by utilizing the period from January 1, 1988, until September 30, 1988, to determine the tax amounts received from retailers and servicemen pursuant to the Municipal Retailers' Occupation Tax and the Municipal Service
Occupation Tax Act, which shall have deducted therefrom nine-twelfths of
the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax
Amounts or the Revised Initial Sales Tax Amounts as appropriate. For the
State Fiscal Year 1991, this calculation shall be made by utilizing the
period from October 1, 1988, to June 30, 1989, to determine the tax
amounts received from retailers and servicemen pursuant to the Municipal
Retailers' Occupation Tax and the Municipal Service Occupation Tax Act
which shall have deducted therefrom nine-twelfths of the certified Initial
Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised
Initial Sales Tax Amounts as appropriate. For every State Fiscal Year
thereafter, the applicable period shall be the 12 months beginning July 1
and ending June 30 to determine the tax amounts received which shall
have deducted therefrom the certified Initial Sales Tax Amounts, the
Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax
Amounts, as the case may be.

(i) "Net State Sales Tax Increment" means the sum of the
following: (a) 80% of the first $100,000 of State Sales Tax Increment
annually generated within a State Sales Tax Boundary; (b) 60% of the
amount in excess of $100,000 but not exceeding $500,000 of State Sales
Tax Increment annually generated within a State Sales Tax Boundary; and
(c) 40% of all amounts in excess of $500,000 of State Sales Tax Increment
annually generated within a State Sales Tax Boundary. If, however, a
municipality established a tax increment financing district in a county with
a population in excess of 3,000,000 before January 1, 1986, and the
municipality entered into a contract or issued bonds after January 1, 1986,
but before December 31, 1986, to finance redevelopment project costs
within a State Sales Tax Boundary, then the Net State Sales Tax Increment
means, for the fiscal years beginning July 1, 1990, and July 1, 1991, 100%
of the State Sales Tax Increment annually generated within a State Sales
Tax Boundary; and notwithstanding any other provision of this Act, for
those fiscal years the Department of Revenue shall distribute to those
municipalities 100% of their Net State Sales Tax Increment before any
distribution to any other municipality and regardless of whether or not
those other municipalities will receive 100% of their Net State Sales Tax
Increment. For Fiscal Year 1999, and every year thereafter until the year
2007, for any municipality that has not entered into a contract or has not
issued bonds prior to June 1, 1988 to finance redevelopment project costs
within a State Sales Tax Boundary, the Net State Sales Tax Increment
shall be calculated as follows: By multiplying the Net State Sales Tax

Increment by 90% in the State Fiscal Year 1999; 80% in the State Fiscal Year 2000; 70% in the State Fiscal Year 2001; 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for State Fiscal Year 2008 and thereafter.

Municipalities that issued bonds in connection with a redevelopment project in a redevelopment project area within the State Sales Tax Boundary prior to July 29, 1991, or that entered into contracts in connection with a redevelopment project in a redevelopment project area before June 1, 1988, shall continue to receive their proportional share of the Illinois Tax Increment Fund distribution until the date on which the redevelopment project is completed or terminated. If, however, a municipality that issued bonds in connection with a redevelopment project in a redevelopment project area within the State Sales Tax Boundary prior to July 29, 1991 retires the bonds prior to June 30, 2007 or a municipality that entered into contracts in connection with a redevelopment project in a redevelopment project area before June 1, 1988 completes the contracts prior to June 30, 2007, then so long as the redevelopment project is not completed or is not terminated, the Net State Sales Tax Increment shall be calculated, beginning on the date on which the bonds are retired or the contracts are completed, as follows: By multiplying the Net State Sales Tax Increment by 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for State Fiscal Year 2008 and thereafter. Refunding of any bonds issued prior to July 29, 1991, shall not alter the Net State Sales Tax Increment.

(j) "State Utility Tax Increment Amount" means an amount equal to the aggregate increase in State electric and gas tax charges imposed on owners and tenants, other than residential customers, of properties located within the redevelopment project area under Section 9-222 of the Public Utilities Act, over and above the aggregate of such charges as certified by the Department of Revenue and paid by owners and tenants, other than residential customers, of properties within the redevelopment project area during the base year, which shall be the calendar year immediately prior to the year of the adoption of the ordinance authorizing tax increment allocation financing.

(k) "Net State Utility Tax Increment" means the sum of the following: (a) 80% of the first $100,000 of State Utility Tax Increment annually generated by a redevelopment project area; (b) 60% of the amount in excess of $100,000 but not exceeding $500,000 of the State Utility Tax Increment annually generated by a redevelopment project area; and (c) 40% of all amounts in excess of $500,000 of State Utility Tax Increment annually generated by a redevelopment project area. For the State Fiscal Year 1999, and every year thereafter until the year 2007, for any municipality that has not entered into a contract or has not issued bonds prior to June 1, 1988 to finance redevelopment project costs within a redevelopment project area, the Net State Utility Tax Increment shall be calculated as follows: By multiplying the Net State Utility Tax Increment by 90% in the State Fiscal Year 1999; 80% in the State Fiscal Year 2000; 70% in the State Fiscal Year 2001; 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for the State Fiscal Year 2008 and thereafter.

Municipalities that issue bonds in connection with the redevelopment project during the period from June 1, 1988 until 3 years after the effective date of this Amendatory Act of 1988 shall receive the Net State Utility Tax Increment, subject to appropriation, for 15 State Fiscal Years after the issuance of such bonds. For the 16th through the 20th State Fiscal Years after issuance of the bonds, the Net State Utility Tax Increment shall be calculated as follows: By multiplying the Net State Utility Tax Increment by 90% in year 16; 80% in year 17; 70% in year 18; 60% in year 19; and 50% in year 20. Refunding of any bonds issued prior to June 1, 1988, shall not alter the revised Net State Utility Tax Increment payments set forth above.

(l) "Obligations" mean bonds, loans, debentures, notes, special certificates or other evidence of indebtedness issued by the municipality to carry out a redevelopment project or to refund outstanding obligations.

(m) "Payment in lieu of taxes" means those estimated tax revenues from real property in a redevelopment project area derived from real property that has been acquired by a municipality which according to the redevelopment project or plan is to be used for a private use which taxing districts would have received had a municipality not acquired the real property and adopted tax increment allocation financing and which would result from levies made after the time of the adoption of tax increment
allocation financing to the time the current equalized value of real property in the redevelopment project area exceeds the total initial equalized value of real property in said area.

(n) "Redevelopment plan" means the comprehensive program of the municipality for development or redevelopment intended by the payment of redevelopment project costs to reduce or eliminate those conditions the existence of which qualified the redevelopment project area as a "blighted area" or "conservation area" or combination thereof or "industrial park conservation area," and thereby to enhance the tax bases of the taxing districts which extend into the redevelopment project area. On and after November 1, 1999 (the effective date of Public Act 91-478), no redevelopment plan may be approved or amended that includes the development of vacant land (i) with a golf course and related clubhouse and other facilities or (ii) designated by federal, State, county, or municipal government as public land for outdoor recreational activities or for nature preserves and used for that purpose within 5 years prior to the adoption of the redevelopment plan. For the purpose of this subsection, "recreational activities" is limited to mean camping and hunting. Each redevelopment plan shall set forth in writing the program to be undertaken to accomplish the objectives and shall include but not be limited to:

(A) an itemized list of estimated redevelopment project costs;
(B) evidence indicating that the redevelopment project area on the whole has not been subject to growth and development through investment by private enterprise;
(C) an assessment of any financial impact of the redevelopment project area on or any increased demand for services from any taxing district affected by the plan and any program to address such financial impact or increased demand;
(D) the sources of funds to pay costs;
(E) the nature and term of the obligations to be issued;
(F) the most recent equalized assessed valuation of the redevelopment project area;
(G) an estimate as to the equalized assessed valuation after redevelopment and the general land uses to apply in the redevelopment project area;
(H) a commitment to fair employment practices and an affirmative action plan;
(I) if it concerns an industrial park conservation area, the plan shall also include a general description of any proposed developer, user and tenant of any property, a description of the type, structure and general character of the facilities to be developed, a description of the type, class and number of new employees to be employed in the operation of the facilities to be developed; and

(J) if property is to be annexed to the municipality, the plan shall include the terms of the annexation agreement.

The provisions of items (B) and (C) of this subsection (n) shall not apply to a municipality that before March 14, 1994 (the effective date of Public Act 88-537) had fixed, either by its corporate authorities or by a commission designated under subsection (k) of Section 11-74.4-4, a time and place for a public hearing as required by subsection (a) of Section 11-74.4-5. No redevelopment plan shall be adopted unless a municipality complies with all of the following requirements:

(1) The municipality finds that the redevelopment project area on the whole has not been subject to growth and development through investment by private enterprise and would not reasonably be anticipated to be developed without the adoption of the redevelopment plan.

(2) The municipality finds that the redevelopment plan and project conform to the comprehensive plan for the development of the municipality as a whole, or, for municipalities with a population of 100,000 or more, regardless of when the redevelopment plan and project was adopted, the redevelopment plan and project either: (i) conforms to the strategic economic development or redevelopment plan issued by the designated planning authority of the municipality, or (ii) includes land uses that have been approved by the planning commission of the municipality.

(3) The redevelopment plan establishes the estimated dates of completion of the redevelopment project and retirement of obligations issued to finance redevelopment project costs. Those dates may not be later than the dates set forth under Section 11-74.4-3.5.

A municipality may by municipal ordinance amend an existing redevelopment plan to conform to this paragraph (3) as amended by Public Act 91-478, which municipal ordinance may be

adopted without further hearing or notice and without complying with the procedures provided in this Act pertaining to an amendment to or the initial approval of a redevelopment plan and project and designation of a redevelopment project area.

(3.5) The municipality finds, in the case of an industrial park conservation area, also that the municipality is a labor surplus municipality and that the implementation of the redevelopment plan will reduce unemployment, create new jobs and by the provision of new facilities enhance the tax base of the taxing districts that extend into the redevelopment project area.

(4) If any incremental revenues are being utilized under Section 8(a)(1) or 8(a)(2) of this Act in redevelopment project areas approved by ordinance after January 1, 1986, the municipality finds: (a) that the redevelopment project area would not reasonably be developed without the use of such incremental revenues, and (b) that such incremental revenues will be exclusively utilized for the development of the redevelopment project area.

(5) If the redevelopment plan will not result in displacement of residents from 10 or more inhabited residential units, and the municipality certifies in the plan that such displacement will not result from the plan, a housing impact study need not be performed. If, however, the redevelopment plan would result in the displacement of residents from 10 or more inhabited residential units, or if the redevelopment project area contains 75 or more inhabited residential units and no certification is made, then the municipality shall prepare, as part of the separate feasibility report required by subsection (a) of Section 11-74.4-5, a housing impact study.

Part I of the housing impact study shall include (i) data as to whether the residential units are single family or multi-family units, (ii) the number and type of rooms within the units, if that information is available, (iii) whether the units are inhabited or uninhabited, as determined not less than 45 days before the date that the ordinance or resolution required by subsection (a) of Section 11-74.4-5 is passed, and (iv) data as to the racial and ethnic composition of the residents in the inhabited residential units. The data requirement as to the racial and ethnic composition of the
residents in the inhabited residential units shall be deemed to be fully satisfied by data from the most recent federal census.

Part II of the housing impact study shall identify the inhabited residential units in the proposed redevelopment project area that are to be or may be removed. If inhabited residential units are to be removed, then the housing impact study shall identify (i) the number and location of those units that will or may be removed, (ii) the municipality's plans for relocation assistance for those residents in the proposed redevelopment project area whose residences are to be removed, (iii) the availability of replacement housing for those residents whose residences are to be removed, and shall identify the type, location, and cost of the housing, and (iv) the type and extent of relocation assistance to be provided.

(6) On and after November 1, 1999, the housing impact study required by paragraph (5) shall be incorporated in the redevelopment plan for the redevelopment project area.

(7) On and after November 1, 1999, no redevelopment plan shall be adopted, nor an existing plan amended, nor shall residential housing that is occupied by households of low-income and very low-income persons in currently existing redevelopment project areas be removed after November 1, 1999 unless the redevelopment plan provides, with respect to inhabited housing units that are to be removed for households of low-income and very low-income persons, affordable housing and relocation assistance not less than that which would be provided under the federal Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 and the regulations under that Act, including the eligibility criteria. Affordable housing may be either existing or newly constructed housing. For purposes of this paragraph (7), "low-income households", "very low-income households", and "affordable housing" have the meanings set forth in the Illinois Affordable Housing Act. The municipality shall make a good faith effort to ensure that this affordable housing is located in or near the redevelopment project area within the municipality.

(8) On and after November 1, 1999, if, after the adoption of the redevelopment plan for the redevelopment project area, any municipality desires to amend its redevelopment plan to remove more inhabited residential units than specified in its original

redevelopment plan, that change shall be made in accordance with the procedures in subsection (c) of Section 11-74.4-5.

(9) For redevelopment project areas designated prior to November 1, 1999, the redevelopment plan may be amended without further joint review board meeting or hearing, provided that the municipality shall give notice of any such changes by mail to each affected taxing district and registrant on the interested party registry, to authorize the municipality to expend tax increment revenues for redevelopment project costs defined by paragraphs (5) and (7.5), subparagraphs (E) and (F) of paragraph (11), and paragraph (11.5) of subsection (q) of Section 11-74.4-3, so long as the changes do not increase the total estimated redevelopment project costs set out in the redevelopment plan by more than 5% after adjustment for inflation from the date the plan was adopted.

(o) "Redevelopment project" means any public and private development project in furtherance of the objectives of a redevelopment plan. On and after November 1, 1999 (the effective date of Public Act 91-478), no redevelopment plan may be approved or amended that includes the development of vacant land (i) with a golf course and related clubhouse and other facilities or (ii) designated by federal, State, county, or municipal government as public land for outdoor recreational activities or for nature preserves and used for that purpose within 5 years prior to the adoption of the redevelopment plan. For the purpose of this subsection, "recreational activities" is limited to mean camping and hunting.

(p) "Redevelopment project area" means an area designated by the municipality, which is not less in the aggregate than 1 1/2 acres and in respect to which the municipality has made a finding that there exist conditions which cause the area to be classified as an industrial park conservation area or a blighted area or a conservation area, or a combination of both blighted areas and conservation areas.

(p-1) Notwithstanding any provision of this Act to the contrary, on and after August 25, 2009 (the effective date of Public Act 96-680), this amendatory Act of the 96th General Assembly, a redevelopment project area may include areas within a one-half mile radius of an existing or proposed Regional Transportation Authority Suburban Transit Access Route (STAR Line) station without a finding that the area is classified as an industrial park conservation area, a blighted area, a conservation area, or a combination thereof, but only if the municipality receives unanimous
consent from the joint review board created to review the proposed redevelopment project area.

(q) "Redevelopment project costs", except for redevelopment project areas created pursuant to subsection (p-1), means and includes the sum total of all reasonable or necessary costs incurred or estimated to be incurred, and any such costs incidental to a redevelopment plan and a redevelopment project. Such costs include, without limitation, the following:

(1) Costs of studies, surveys, development of plans, and specifications, implementation and administration of the redevelopment plan including but not limited to staff and professional service costs for architectural, engineering, legal, financial, planning or other services, provided however that no charges for professional services may be based on a percentage of the tax increment collected; except that on and after November 1, 1999 (the effective date of Public Act 91-478), no contracts for professional services, excluding architectural and engineering services, may be entered into if the terms of the contract extend beyond a period of 3 years. In addition, "redevelopment project costs" shall not include lobbying expenses. After consultation with the municipality, each tax increment consultant or advisor to a municipality that plans to designate or has designated a redevelopment project area shall inform the municipality in writing of any contracts that the consultant or advisor has entered into with entities or individuals that have received, or are receiving, payments financed by tax increment revenues produced by the redevelopment project area with respect to which the consultant or advisor has performed, or will be performing, service for the municipality. This requirement shall be satisfied by the consultant or advisor before the commencement of services for the municipality and thereafter whenever any other contracts with those individuals or entities are executed by the consultant or advisor;

(1.5) After July 1, 1999, annual administrative costs shall not include general overhead or administrative costs of the municipality that would still have been incurred by the municipality if the municipality had not designated a redevelopment project area or approved a redevelopment plan;

(1.6) The cost of marketing sites within the redevelopment project area to prospective businesses, developers, and investors;

(2) Property assembly costs, including but not limited to acquisition of land and other property, real or personal, or rights or interests therein, demolition of buildings, site preparation, site improvements that serve as an engineered barrier addressing ground level or below ground environmental contamination, including, but not limited to parking lots and other concrete or asphalt barriers, and the clearing and grading of land;

(3) Costs of rehabilitation, reconstruction or repair or remodeling of existing public or private buildings, fixtures, and leasehold improvements; and the cost of replacing an existing public building if pursuant to the implementation of a redevelopment project the existing public building is to be demolished to use the site for private investment or devoted to a different use requiring private investment; including any direct or indirect costs relating to Green Globes or LEED certified construction elements or construction elements with an equivalent certification;

(4) Costs of the construction of public works or improvements, including any direct or indirect costs relating to Green Globes or LEED certified construction elements or construction elements with an equivalent certification, except that on and after November 1, 1999, redevelopment project costs shall not include the cost of constructing a new municipal public building principally used to provide offices, storage space, or conference facilities or vehicle storage, maintenance, or repair for administrative, public safety, or public works personnel and that is not intended to replace an existing public building as provided under paragraph (3) of subsection (q) of Section 11-74.4-3 unless either (i) the construction of the new municipal building implements a redevelopment project that was included in a redevelopment plan that was adopted by the municipality prior to November 1, 1999 or (ii) the municipality makes a reasonable determination in the redevelopment plan, supported by information that provides the basis for that determination, that the new municipal building is required to meet an increase in the need for public safety purposes anticipated to result from the implementation of the redevelopment plan;

(5) Costs of job training and retraining projects, including the cost of "welfare to work" programs implemented by businesses located within the redevelopment project area;

(6) Financing costs, including but not limited to all necessary and incidental expenses related to the issuance of obligations and which may include payment of interest on any obligations issued hereunder including interest accruing during the estimated period of construction of any redevelopment project for which such obligations are issued and for not exceeding 36 months thereafter and including reasonable reserves related thereto;

(7) To the extent the municipality by written agreement accepts and approves the same, all or a portion of a taxing district's capital costs resulting from the redevelopment project necessarily incurred or to be incurred within a taxing district in furtherance of the objectives of the redevelopment plan and project.

(7.5) For redevelopment project areas designated (or redevelopment project areas amended to add or increase the number of tax-increment-financing assisted housing units) on or after November 1, 1999, an elementary, secondary, or unit school district's increased costs attributable to assisted housing units located within the redevelopment project area for which the developer or redeveloper receives financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the assisted housing sites necessary for the completion of that housing as authorized by this Act, and which costs shall be paid by the municipality from the Special Tax Allocation Fund when the tax increment revenue is received as a result of the assisted housing units and shall be calculated annually as follows:

(C) For any school district in a municipality with a population in excess of 1,000,000, the following restrictions shall apply to the reimbursement of increased costs under this paragraph (7.5):

(i) no increased costs shall be reimbursed unless the school district certifies that each of the schools affected by the assisted housing project is at or over its student capacity;

(ii) the amount reimbursable shall be reduced by the value of any land donated to the school district by the municipality or developer, and by the value of any physical improvements made to the schools by the municipality or developer; and

(iii) the amount reimbursed may not affect amounts otherwise obligated by the terms of any bonds, notes, or other funding instruments, or the terms of any redevelopment agreement.

Any school district seeking payment under this paragraph (7.5) shall, after July 1 and before September 30 of each year, provide the municipality with reasonable evidence to support its claim for reimbursement before the municipality shall be required to approve or make the payment to the school district. If the school district fails to provide the information during this period in any year, it shall forfeit any claim to reimbursement for that year. School districts may adopt a resolution waiving the right to all or a portion of the reimbursement otherwise required by this paragraph (7.5). By acceptance of this reimbursement the school district waives the right to directly or indirectly set aside, modify, or contest in any manner the establishment of the redevelopment project area or projects;

(7.7) For redevelopment project areas designated (or redevelopment project areas amended to add or increase the number of tax-increment-financing assisted housing units) on or after January 1, 2005 (the effective date of Public Act 93-961), a public library district's increased costs attributable to assisted housing units located within the redevelopment project area for which the developer or redeveloper receives financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the assisted housing sites necessary for the completion of that housing as authorized by this Act shall be paid to the library district by the municipality from the Special Tax Allocation Fund when the tax increment revenue is received as a result of the assisted housing units. This paragraph (7.7) applies only if (i) the library district is located in a county that is subject to the Property Tax Extension Limitation Law or (ii) the library district is not located in a county that is subject to the Property Tax Extension Limitation Law but the district is prohibited by any other law from increasing its tax levy rate without a prior voter referendum.

The amount paid to a library district under this paragraph (7.7) shall be calculated by multiplying (i) the net increase in the number of persons eligible to obtain a library card in that district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with
the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by (ii) the per-patron cost of providing library services so long as it does not exceed $120. The per-patron cost shall be the Total Operating Expenditures Per Capita as stated in the most recent Illinois Public Library Statistics produced by the Library Research Center at the University of Illinois. The municipality may deduct from the amount that it must pay to a library district under this paragraph any amount that it has voluntarily paid to the library district from the tax increment revenue. The amount paid to a library district under this paragraph (7.7) shall be no more than 2% of the amount produced by the assisted housing units and deposited into the Special Tax Allocation Fund.

A library district is not eligible for any payment under this paragraph (7.7) unless the library district has experienced an increase in the number of patrons from the municipality that created the tax-increment-financing district since the designation of the redevelopment project area.

Any library district seeking payment under this paragraph (7.7) shall, after July 1 and before September 30 of each year, provide the municipality with convincing evidence to support its claim for reimbursement before the municipality shall be required to approve or make the payment to the library district. If the library district fails to provide the information during this period in any year, it shall forfeit any claim to reimbursement for that year. Library districts may adopt a resolution waiving the right to all or a portion of the reimbursement otherwise required by this paragraph (7.7). By acceptance of such reimbursement, the library district shall forfeit any right to directly or indirectly set aside, modify, or contest in any manner whatsoever the establishment of the redevelopment project area or projects;

(8) Relocation costs to the extent that a municipality determines that relocation costs shall be paid or is required to make payment of relocation costs by federal or State law or in order to satisfy subparagraph (7) of subsection (n);

(9) Payment in lieu of taxes;
(10) Costs of job training, retraining, advanced vocational education or career education, including but not limited to courses in occupational, semi-technical or technical fields leading directly to employment, incurred by one or more taxing districts, provided that such costs (i) are related to the establishment and maintenance of additional job training, advanced vocational education or career education programs for persons employed or to be employed by employers located in a redevelopment project area; and (ii) when incurred by a taxing district or taxing districts other than the municipality, are set forth in a written agreement by or among the municipality and the taxing district or taxing districts, which agreement describes the program to be undertaken, including but not limited to the number of employees to be trained, a description of the training and services to be provided, the number and type of positions available or to be available, itemized costs of the program and sources of funds to pay for the same, and the term of the agreement. Such costs include, specifically, the payment by community college districts of costs pursuant to Sections 3-37, 3-38, 3-40 and 3-40.1 of the Public Community College Act and by school districts of costs pursuant to Sections 10-22.20a and 10-23.3a of the School Code;

(11) Interest cost incurred by a redeveloper related to the construction, renovation or rehabilitation of a redevelopment project provided that:

(A) such costs are to be paid directly from the special tax allocation fund established pursuant to this Act;

(B) such payments in any one year may not exceed 30% of the annual interest costs incurred by the redeveloper with regard to the redevelopment project during that year;

(C) if there are not sufficient funds available in the special tax allocation fund to make the payment pursuant to this paragraph (11) then the amounts so due shall accrue and be payable when sufficient funds are available in the special tax allocation fund;

(D) the total of such interest payments paid pursuant to this Act may not exceed 30% of the total (i) cost paid or incurred by the redeveloper for the redevelopment project plus (ii) redevelopment project costs excluding any
property assembly costs and any relocation costs incurred by a municipality pursuant to this Act; and

(E) the cost limits set forth in subparagraphs (B) and (D) of paragraph (11) shall be modified for the financing of rehabilitated or new housing units for low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act. The percentage of 75% shall be substituted for 30% in subparagraphs (B) and (D) of paragraph (11).

(F) Instead of the eligible costs provided by subparagraphs (B) and (D) of paragraph (11), as modified by this subparagraph, and notwithstanding any other provisions of this Act to the contrary, the municipality may pay from tax increment revenues up to 50% of the cost of construction of new housing units to be occupied by low-income households and very low-income households as defined in Section 3 of the Illinois Affordable Housing Act. The cost of construction of those units may be derived from the proceeds of bonds issued by the municipality under this Act or other constitutional or statutory authority or from other sources of municipal revenue that may be reimbursed from tax increment revenues or the proceeds of bonds issued to finance the construction of that housing.

The eligible costs provided under this subparagraph (F) of paragraph (11) shall be an eligible cost for the construction, renovation, and rehabilitation of all low and very low-income housing units, as defined in Section 3 of the Illinois Affordable Housing Act, within the redevelopment project area. If the low and very low-income units are part of a residential redevelopment project that includes units not affordable to low and very low-income households, only the low and very low-income units shall be eligible for benefits under subparagraph (F) of paragraph (11). The standards for maintaining the occupancy by low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act, of those units constructed with eligible costs made available under the provisions of this subparagraph (F) of paragraph (11) shall be established by guidelines adopted

by the municipality. The responsibility for annually documenting the initial occupancy of the units by low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act, shall be that of the then current owner of the property. For ownership units, the guidelines will provide, at a minimum, for a reasonable recapture of funds, or other appropriate methods designed to preserve the original affordability of the ownership units. For rental units, the guidelines will provide, at a minimum, for the affordability of rent to low and very low-income households. As units become available, they shall be rented to income-eligible tenants. The municipality may modify these guidelines from time to time; the guidelines, however, shall be in effect for as long as tax increment revenue is being used to pay for costs associated with the units or for the retirement of bonds issued to finance the units or for the life of the redevelopment project area, whichever is later.

(11.5) If the redevelopment project area is located within a municipality with a population of more than 100,000, the cost of day care services for children of employees from low-income families working for businesses located within the redevelopment project area and all or a portion of the cost of operation of day care centers established by redevelopment project area businesses to serve employees from low-income families working in businesses located in the redevelopment project area. For the purposes of this paragraph, "low-income families" means families whose annual income does not exceed 80% of the municipal, county, or regional median income, adjusted for family size, as the annual income and municipal, county, or regional median income are determined from time to time by the United States Department of Housing and Urban Development.

(12) Unless explicitly stated herein the cost of construction of new privately-owned buildings shall not be an eligible redevelopment project cost.

(13) After November 1, 1999 (the effective date of Public Act 91-478), none of the redevelopment project costs enumerated in this subsection shall be eligible redevelopment project costs if those costs would provide direct financial support to a retail entity.

initiating operations in the redevelopment project area while terminating operations at another Illinois location within 10 miles of the redevelopment project area but outside the boundaries of the redevelopment project area municipality. For purposes of this paragraph, termination means a closing of a retail operation that is directly related to the opening of the same operation or like retail entity owned or operated by more than 50% of the original ownership in a redevelopment project area, but it does not mean closing an operation for reasons beyond the control of the retail entity, as documented by the retail entity, subject to a reasonable finding by the municipality that the current location contained inadequate space, had become economically obsolete, or was no longer a viable location for the retailer or serviceman.

(14) No cost shall be a redevelopment project cost in a redevelopment project area if used to demolish, remove, or substantially modify a historic resource, after August 26, 2008 (the effective date of Public Act 95-934), unless no prudent and feasible alternative exists. "Historic resource" for the purpose of this item (14) means (i) a place or structure that is included or eligible for inclusion on the National Register of Historic Places or (ii) a contributing structure in a district on the National Register of Historic Places. This item (14) does not apply to a place or structure for which demolition, removal, or modification is subject to review by the preservation agency of a Certified Local Government designated as such by the National Park Service of the United States Department of the Interior.

If a special service area has been established pursuant to the Special Service Area Tax Act or Special Service Area Tax Law, then any tax increment revenues derived from the tax imposed pursuant to the Special Service Area Tax Act or Special Service Area Tax Law may be used within the redevelopment project area for the purposes permitted by that Act or Law as well as the purposes permitted by this Act.

(q-1) For redevelopment project areas created pursuant to subsection (p-1), "redevelopment project costs" are limited to those costs in paragraph (q) that are related to the existing or proposed Regional Transportation Authority Suburban Transit Access Route (STAR Line) station.

(r) "State Sales Tax Boundary" means the redevelopment project area or the amended redevelopment project area boundaries which are

determined pursuant to subsection (9) of Section 11-74.4-8a of this Act. The Department of Revenue shall certify pursuant to subsection (9) of Section 11-74.4-8a the appropriate boundaries eligible for the determination of State Sales Tax Increment.

(s) "State Sales Tax Increment" means an amount equal to the increase in the aggregate amount of taxes paid by retailers and servicemen, other than retailers and servicemen subject to the Public Utilities Act, on transactions at places of business located within a State Sales Tax Boundary pursuant to the Retailers' Occupation Tax Act, the Use Tax Act, the Service Use Tax Act, and the Service Occupation Tax Act, except such portion of such increase that is paid into the State and Local Sales Tax Reform Fund, the Local Government Distributive Fund, the Local Government Tax Fund and the County and Mass Transit District Fund, for as long as State participation exists, over and above the Initial Sales Tax Amount, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts for such taxes as certified by the Department of Revenue and paid under those Acts by retailers and servicemen on transactions at places of business located within the State Sales Tax Boundary during the base year which shall be the calendar year immediately prior to the year in which the municipality adopted tax increment allocation financing, less 3.0% of such amounts generated under the Retailers' Occupation Tax Act, Use Tax Act and Service Use Tax Act and the Service Occupation Tax Act, which sum shall be appropriated to the Department of Revenue to cover its costs of administering and enforcing this Section. For purposes of computing the aggregate amount of such taxes for base years occurring prior to 1985, the Department of Revenue shall compute the Initial Sales Tax Amount for such taxes and deduct therefrom an amount equal to 4% of the aggregate amount of taxes per year for each year the base year is prior to 1985, but not to exceed a total deduction of 12%. The amount so determined shall be known as the "Adjusted Initial Sales Tax Amount".

For purposes of determining the State Sales Tax Increment the Department of Revenue shall for each period subtract from the tax amounts received from retailers and servicemen on transactions located in the State Sales Tax Boundary, the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or Revised Initial Sales Tax Amounts for the Retailers' Occupation Tax Act, the Use Tax Act, the Service Use Tax Act and the Service Occupation Tax Act. For the State Fiscal Year 1989 this calculation shall be made by utilizing the calendar year 1987 to determine the tax amounts received. For the State Fiscal Year 1990, this calculation
shall be made by utilizing the period from January 1, 1988, until September 30, 1988, to determine the tax amounts received from retailers and servicemen, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For the State Fiscal Year 1991, this calculation shall be made by utilizing the period from October 1, 1988, until June 30, 1989, to determine the tax amounts received from retailers and servicemen, which shall have deducted therefrom nine-twelfths of the certified Initial State Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For every State Fiscal Year thereafter, the applicable period shall be the 12 months beginning July 1 and ending on June 30, to determine the tax amounts received which shall have deducted therefrom the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts. Municipalities intending to receive a distribution of State Sales Tax Increment must report a list of retailers to the Department of Revenue by October 31, 1988 and by July 31, of each year thereafter.

(v) As used in subsection (a) of Section 11-74.4-3 of this Act, "vacant land" means any parcel or combination of parcels of real property without industrial, commercial, and residential buildings which has not been used for commercial agricultural purposes within 5 years prior to the designation of the redevelopment project area, unless the parcel is included in an industrial park conservation area or the parcel has been subdivided; provided that if the parcel was part of a larger tract that has been divided into 3 or more smaller tracts that were accepted for recording during the period from 1950 to 1990, then the parcel shall be deemed to have been subdivided, and all proceedings and actions of the municipality taken in that connection with respect to any previously approved or designated redevelopment project area or amended redevelopment project.
area are hereby validated and hereby declared to be legally sufficient for all purposes of this Act. For purposes of this Section and only for land subject to the subdivision requirements of the Plat Act, land is subdivided when the original plat of the proposed Redevelopment Project Area or relevant portion thereof has been properly certified, acknowledged, approved, and recorded or filed in accordance with the Plat Act and a preliminary plat, if any, for any subsequent phases of the proposed Redevelopment Project Area or relevant portion thereof has been properly approved and filed in accordance with the applicable ordinance of the municipality.

(w) "Annual Total Increment" means the sum of each municipality's annual Net Sales Tax Increment and each municipality's annual Net Utility Tax Increment. The ratio of the Annual Total Increment of each municipality to the Annual Total Increment for all municipalities, as most recently calculated by the Department, shall determine the proportional shares of the Illinois Tax Increment Fund to be distributed to each municipality.

2013. The extension allowed by Public Act 87-1272 shall not apply to real property tax increment allocation financing under Section 11-74.4-8.

(e) Those dates, for purposes of real property tax increment allocation financing pursuant to Section 11-74.4-8 only, shall be not more than 35 years for redevelopment project areas that were adopted on or after December 16, 1986 and for which at least $8 million worth of municipal bonds were authorized on or after December 19, 1989 but before January 1, 1990; provided that the municipality elects to extend the life of the redevelopment project area to 35 years by the adoption of an ordinance after at least 14 but not more than 30 days' written notice to the taxing bodies, that would otherwise constitute the joint review board for the redevelopment project area, before the adoption of the ordinance.

(f) Those dates, for purposes of real property tax increment allocation financing pursuant to Section 11-74.4-8 only, shall be not more than 35 years for redevelopment project areas that were established on or after December 1, 1981 but before January 1, 1982 and for which at least $1,500,000 worth of tax increment revenue bonds were authorized on or after September 30, 1990 but before July 1, 1991; provided that the municipality elects to extend the life of the redevelopment project area to 35 years by the adoption of an ordinance after at least 14 but not more than 30 days' written notice to the taxing bodies, that would otherwise constitute the joint review board for the redevelopment project area, before the adoption of the ordinance.

(65 ILCS 5/11-74.4-7) (from Ch. 24, par. 11-74.4-7)
Sec. 11-74.4-7. Obligations secured by the special tax allocation fund set forth in Section 11-74.4-8 for the redevelopment project area may be issued to provide for redevelopment project costs. Such obligations, when so issued, shall be retired in the manner provided in the ordinance authorizing the issuance of such obligations by the receipts of taxes levied as specified in Section 11-74.4-9 against the taxable property included in the area, by revenues as specified by Section 11-74.4-8a and other revenue designated by the municipality. A municipality may in the ordinance pledge all or any part of the funds in and to be deposited in the special tax allocation fund created pursuant to Section 11-74.4-8 to the payment of the redevelopment project costs and obligations. Any pledge of funds in the special tax allocation fund shall provide for distribution to the taxing districts and to the Illinois Department of Revenue of moneys not required, pledged, earmarked, or otherwise designated for payment and securing of the obligations and anticipated redevelopment project costs and such excess funds shall be calculated annually and deemed to be "surplus" funds. In the event a municipality only applies or pledges a portion of the funds in the special tax allocation fund for the payment or securing of anticipated redevelopment project costs or of obligations, any such funds remaining in the special tax allocation fund after complying with the requirements of the application or pledge, shall also be calculated annually and deemed "surplus" funds. All surplus funds in the special tax allocation fund shall be distributed annually within 180 days after the close of the municipality's fiscal year by being paid by the municipal treasurer to the County Collector, to the Department of Revenue and to the municipality in direct proportion to the tax incremental revenue received as a result of an increase in the equalized assessed value of property in the redevelopment project area, tax incremental revenue received from the State and tax incremental revenue received from the municipality, but not to exceed as to each such source the total incremental revenue received from that source. The County Collector shall thereafter make distribution to the respective taxing districts in the same manner and proportion as the most recent distribution by the county collector to the affected districts of real property taxes from real property in the redevelopment project area.

Without limiting the foregoing in this Section, the municipality may in addition to obligations secured by the special tax allocation fund pledge for a period not greater than the term of the obligations towards payment of such obligations any part or any combination of the following: (a) net revenues of all or part of any redevelopment project; (b) taxes
levied and collected on any or all property in the municipality; (c) the full faith and credit of the municipality; (d) a mortgage on part or all of the redevelopment project; or (e) any other taxes or anticipated receipts that the municipality may lawfully pledge.

Such obligations may be issued in one or more series bearing interest at such rate or rates as the corporate authorities of the municipality shall determine by ordinance. Such obligations shall bear such date or dates, mature at such time or times not exceeding 20 years from their respective dates, be in such denomination, carry such registration privileges, be executed in such manner, be payable in such medium of payment at such place or places, contain such covenants, terms and conditions, and be subject to redemption as such ordinance shall provide. Obligations issued pursuant to this Act may be sold at public or private sale at such price as shall be determined by the corporate authorities of the municipalities. No referendum approval of the electors shall be required as a condition to the issuance of obligations pursuant to this Division except as provided in this Section.

In the event the municipality authorizes issuance of obligations pursuant to the authority of this Division secured by the full faith and credit of the municipality, which obligations are other than obligations which may be issued under home rule powers provided by Article VII, Section 6 of the Illinois Constitution, or pledges taxes pursuant to (b) or (c) of the second paragraph of this section, the ordinance authorizing the issuance of such obligations or pledging such taxes shall be published within 10 days after such ordinance has been passed in one or more newspapers, with general circulation within such municipality. The publication of the ordinance shall be accompanied by a notice of (1) the specific number of voters required to sign a petition requesting the question of the issuance of such obligations or pledging taxes to be submitted to the electors; (2) the time in which such petition must be filed; and (3) the date of the prospective referendum. The municipal clerk shall provide a petition form to any individual requesting one.

If no petition is filed with the municipal clerk, as hereinafter provided in this Section, within 30 days after the publication of the ordinance, the ordinance shall be in effect. But, if within that 30 day period a petition is filed with the municipal clerk, signed by electors in the municipality numbering 10% or more of the number of registered voters in the municipality, asking that the question of issuing obligations using full faith and credit of the municipality as security for the cost of paying for
redevelopment project costs, or of pledging taxes for the payment of such obligations, or both, be submitted to the electors of the municipality, the corporate authorities of the municipality shall call a special election in the manner provided by law to vote upon that question, or, if a general, State or municipal election is to be held within a period of not less than 30 or more than 90 days from the date such petition is filed, shall submit the question at the next general, State or municipal election. If it appears upon the canvass of the election by the corporate authorities that a majority of electors voting upon the question voted in favor thereof, the ordinance shall be in effect, but if a majority of the electors voting upon the question are not in favor thereof, the ordinance shall not take effect.

The ordinance authorizing the obligations may provide that the obligations shall contain a recital that they are issued pursuant to this Division, which recital shall be conclusive evidence of their validity and of the regularity of their issuance.

In the event the municipality authorizes issuance of obligations pursuant to this Section secured by the full faith and credit of the municipality, the ordinance authorizing the obligations may provide for the levy and collection of a direct annual tax upon all taxable property within the municipality sufficient to pay the principal thereof and interest thereon as it matures, which levy may be in addition to and exclusive of the maximum of all other taxes authorized to be levied by the municipality, which levy, however, shall be abated to the extent that monies from other sources are available for payment of the obligations and the municipality certifies the amount of said monies available to the county clerk.

A certified copy of such ordinance shall be filed with the county clerk of each county in which any portion of the municipality is situated, and shall constitute the authority for the extension and collection of the taxes to be deposited in the special tax allocation fund.

A municipality may also issue its obligations to refund in whole or in part, obligations theretofore issued by such municipality under the authority of this Act, whether at or prior to maturity, provided however, that the last maturity of the refunding obligations may not be later than the dates set forth under Section 11-74.4.3.5. or (NNN) if the ordinance was adopted on December 22, 1986 by the Village of Hoffman Estates.

In the event a municipality issues obligations under home rule powers or other legislative authority the proceeds of which are pledged to pay for redevelopment project costs, the municipality may, if it has

followed the procedures in conformance with this division, retire said obligations from funds in the special tax allocation fund in amounts and in such manner as if such obligations had been issued pursuant to the provisions of this division.

All obligations heretofore or hereafter issued pursuant to this Act shall not be regarded as indebtedness of the municipality issuing such obligations or any other taxing district for the purpose of any limitation imposed by law.

In addition, fire districts that operate an ambulance service pursuant to authorization by referendum, as provided in Section 22, may pay trustees an additional annual compensation not to exceed 50% of the amount otherwise authorized herein. The additional compensation shall be an administrative expense of the ambulance service and shall be paid from revenues raised by the ambulance tax levy. In addition, any trustee of a fire protection district who completes a training program on fire protection district administration approved by the Office of the State Fire Marshal may receive additional compensation above the compensation otherwise provided in this Section. In order to continue to receive the additional compensation, the trustee must attend annual training approved by the Office of the State Fire Marshal on a continuing basis thereafter.

(d) The trustees also have the express power to execute a note or notes and to execute a mortgage or trust deed to secure the payment of such note or notes; such trust deed or mortgage shall cover real estate, or some part thereof, or personal property owned by the district and the lien of the mortgage shall apply to the real estate or personal property so mortgaged by the district, and the proceeds of the note or notes may be used in the acquisition of personal property or of real estate or in the erection of improvements on such real estate.

The trustees have express power to purchase either real estate or personal property to be used for the purposes of the fire protection district through contracts which provide for the consideration for such purchase to be paid through installments to be made at stated intervals during a certain period of time, but, in no case, shall such contracts provide for the consideration to be paid during a period of time in excess of 25 years.

(e) The trustees have express power to provide for the benefit of its employees, volunteer firemen and paid firemen, group life, health, accident, hospital and medical insurance, or any combination thereof; and to pay for all or any portion of the premiums on such insurance. The amount of the incentives may not be greater than 2% of the annual levy amount when all incentive awards are combined.

"Design-bid-build" means the traditional delivery system used on public projects that incorporates the Local Government Professional Services Selection Act (50 ILCS 510/) and the principles of competitive selection.

"Design-build entity" means any individual, sole proprietorship, firm, partnership, joint venture, corporation, professional corporation, or other entity that proposes to design and construct any public project under this Act. Section 260. The School Code is amended by changing Sections 2-3.64, 2-3.117a, 10-20.21, 10-22.3f, 10-22.31, 10-22.39, 18-8.05, 19-1, 24-6, 27A-5, and 27A-8, by setting forth and renumbering multiple versions of Sections 2-3.148, 22-50, and 34-18.37, and by setting forth, renumbering, and changing multiple versions of Section 10-20.46 as follows:

(105 ILCS 5/2-3.64) (from Ch. 122, par. 2-3.64)
Sec. 2-3.64. State goals and assessment.
(a) Beginning in the 1998-1999 school year, the State Board of Education shall establish standards and periodically, in collaboration with local school districts, conduct studies of student performance in the learning areas of fine arts and physical development/health.

Beginning with the 1998-1999 school year until the 2004-2005 school year, the State Board of Education shall annually test: (i) all pupils enrolled in the 3rd, 5th, and 8th grades in English language arts (reading, writing, and English grammar) and mathematics; and (ii) all pupils enrolled in the 4th and 7th grades in the biological and physical sciences and the social sciences (history, geography, civics, economics, and government). Unless the testing required to be implemented no later than the 2005-2006 school year under this subsection (a) is implemented for the 2004-2005 school year, for the 2004-2005 school year, the State Board of Education shall test: (i) all pupils enrolled in the 3rd, 5th, and 8th grades in English language arts (reading and English grammar) and mathematics and (ii) all pupils enrolled in the 4th and 7th grades in the biological and physical sciences. The maximum time allowed for all actual testing required under this paragraph shall not exceed 25 hours, as allocated among the required tests by the State Board of Education, across all grades tested.

Beginning no later than the 2005-2006 school year, the State Board of Education shall annually test: (i) all pupils enrolled in the 3rd, 4th, 5th, 6th, 7th, and 8th grades in reading and mathematics and (ii) all pupils enrolled in the 4th and 7th grades in the biological and physical sciences. In addition, the State Board of Education shall test (1) all pupils enrolled in the 5th and 8th grades in writing during the 2006-2007 school year; (2) all pupils enrolled in the 5th, 6th, and 8th grades in writing during the
2007-2008 school year; and (3) all pupils enrolled in the 3rd, 5th, 6th, and 8th grades in writing during the 2008-2009 school year and each school year thereafter. After the addition of grades and change in subjects as delineated in this paragraph and including whatever other tests that may be approved from time to time no later than the 2005-2006 school year, the maximum time allowed for all State testing in grades 3 through 8 shall not exceed 38 hours across those grades.

Beginning with the 2004-2005 school year, the State Board of Education shall not test pupils under this subsection (a) in physical development and health, fine arts, and the social sciences (history, geography, civics, economics, and government). The State Board of Education shall not test pupils under this subsection (a) in writing during the 2005-2006 school year.

The State Board of Education shall establish the academic standards that are to be applicable to pupils who are subject to State tests under this Section beginning with the 1998-1999 school year. However, the State Board of Education shall not establish any such standards in final form without first providing opportunities for public participation and local input in the development of the final academic standards. Those opportunities shall include a well-publicized period of public comment, public hearings throughout the State, and opportunities to file written comments. Beginning with the 1998-99 school year and thereafter, the State tests will identify pupils in the 3rd grade or 5th grade who do not meet the State standards.

If, by performance on the State tests or local assessments or by teacher judgment, a student's performance is determined to be 2 or more grades below current placement, the student shall be provided a remediation program developed by the district in consultation with a parent or guardian. Such remediation programs may include, but shall not be limited to, increased or concentrated instructional time, a remedial summer school program of not less than 90 hours, improved instructional approaches, tutorial sessions, retention in grade, and modifications to instructional materials. Each pupil for whom a remediation program is developed under this subsection shall be required to enroll in and attend whatever program the district determines is appropriate for the pupil. Districts may combine students in remediation programs where appropriate and may cooperate with other districts in the design and delivery of those programs. The parent or guardian of a student required to attend a remediation program under this Section shall be given written

New matter indicate by italics - deletions by strikeout
notice of that requirement by the school district a reasonable time prior to commencement of the remediation program that the student is to attend. The State shall be responsible for providing school districts with the new and additional funding, under Section 2-3.51.5 or by other or additional means, that is required to enable the districts to operate remediation programs for the pupils who are required to enroll in and attend those programs under this Section. Every individualized educational program as described in Article 14 shall identify if the State test or components thereof are appropriate for that student. The State Board of Education shall develop rules and regulations governing the administration of alternative tests prescribed within each student's individualized educational program which are appropriate to the disability of each student.

All pupils who are in a State approved transitional bilingual education program or transitional program of instruction shall participate in the State tests. The time allotted to take the State tests, however, may be extended as determined by the State Board of Education by rule. Any student who has been enrolled in a State approved bilingual education program less than 3 cumulative academic years may take an accommodated Limited English Proficient student academic content assessment, as determined by the State Board of Education, if the student's lack of English as determined by an English language proficiency test would keep the student from understanding the regular State test. If the school district determines, on a case-by-case individual basis, that a Limited English Proficient student academic content assessment would likely yield more accurate and reliable information on what the student knows and can do, the school district may make a determination to assess the student using a Limited English Proficient student academic content assessment for a period that does not exceed 2 additional consecutive years, provided that the student has not yet reached a level of English language proficiency sufficient to yield valid and reliable information on what the student knows and can do on the regular State test.

Reasonable accommodations as prescribed by the State Board of Education shall be provided for individual students in the testing procedure. All test procedures prescribed by the State Board of Education shall require: (i) that each test used for State and local student testing under this Section identify by name the pupil taking the test; (ii) that the name of the pupil taking the test be placed on the test at the time the test is taken; (iii) that the results or scores of each test taken under this Section by a pupil of the school district be reported to that district and identify by
name the pupil who received the reported results or scores; and (iv) that
the results or scores of each test taken under this Section be made
available to the parents of the pupil. In addition, in each school year the
scores attained by a student on the Prairie State Achievement Examination
administered under subsection (c) of this Section and any Prairie State
Achievement Awards received by the student shall become part of the
student's permanent record and shall be entered on the student's transcript
pursuant to regulations that the State Board of Education shall promulgate
for that purpose in accordance with Section 3 and subsection (e) of Section
2 of the Illinois School Student Records Act. Beginning with the 1998-
1999 school year and in every school year thereafter, scores received by
students on the State assessment tests administered in grades 3 through 8
shall be placed into students' temporary records.

The State Board of Education shall establish a period of time, to be
referred to as the State test window, in each school year for which State
testing shall occur to meet the objectives of this Section. However, if the
schools of a district are closed and classes are not scheduled during any
week that is established by the State Board of Education as the State test
window, the school district may (at the discretion of the State Board of
Education) move its State test window one week earlier or one week later
than the established State test window, so long as the school district gives
the State Board of Education written notice of its intention to deviate from
the established schedule by December 1 of the school year in which falls
the State test window established by the State Board of Education for the
testing.

(a-5) All tests administered pursuant to this Section shall be
academically based. For the purposes of this Section "academically based
tests" shall mean tests consisting of questions and answers that are
measurable and quantifiable to measure the knowledge, skill, and ability of
students in the subject matters covered by tests. The scoring of
academically based tests shall be reliable, valid, unbiased and shall meet
the guidelines for test development and use prescribed by the American
Psychological Association, the National Council of Measurement and
Academically based tests shall not include assessments or evaluations of
attitudes, values, or beliefs, or testing of personality, self-esteem, or self-
concept. Nothing in this amendatory Act is intended, nor shall it be
construed, to nullify, supersede, or contradict the legislative intent on
academic testing expressed during the passage of HB 1005/P.A. 90-296.

Nothing in this Section is intended, nor shall it be construed, to nullify, supersede, or contradict the legislative intent on academic testing expressed in the preamble of this amendatory Act of the 93rd General Assembly.

The State Board of Education shall monitor the use of short answer questions in the math and reading assessments or in other assessments in order to demonstrate that the use of short answer questions results in a statistically significant improvement in student achievement as measured on the State assessments for math and reading or on other State assessments and is justifiable in terms of cost and student performance.

(b) It shall be the policy of the State to encourage school districts to continuously test pupil proficiency in the fundamental learning areas in order to: (i) provide timely information on individual students' performance relative to State standards that is adequate to guide instructional strategies; (ii) improve future instruction; and (iii) complement the information provided by the State testing system described in this Section. To assist school districts in testing pupil proficiency in reading in the primary grades, the State Board shall make optional reading inventories for diagnostic purposes available to each school district that requests such assistance. Districts that administer the reading inventories may develop remediation programs for students who perform in the bottom half of the student population. Those remediation programs may be funded by moneys provided under the School Safety and Educational Improvement Block Grant Program established under Section 2-3.51.5.

(c) Beginning with the 2000-2001 school year, each school district that operates a high school program for students in grades 9 through 12 shall annually administer the Prairie State Achievement Examination established under this subsection to its students as set forth below. The Prairie State Achievement Examination shall be developed by the State Board of Education to measure student performance in the academic areas of reading, writing, mathematics, science, and social sciences. Beginning with the 2004-2005 school year, however, the State Board of Education shall not test a student in the social sciences (history, geography, civics, economics, and government) as part of the Prairie State Achievement Examination unless the student is retaking the Prairie State Achievement Examination in the fall of 2004. In addition, the State Board of Education shall not test a student in writing as part of the Prairie State Achievement Examination during the 2005-2006 school year. The State Board of
Education shall establish the academic standards that are to apply in measuring student performance on the Prairie State Achievement Examination including the minimum examination score in each area that will qualify a student to receive a Prairie State Achievement Award from the State in recognition of the student's excellent performance. Each school district that is subject to the requirements of this subsection (c) shall afford all students one opportunity to take the Prairie State Achievement Examination beginning as late as practical during the spring semester of grade 11, but in no event before March 1. The State Board of Education shall annually notify districts of the weeks during which this test administration shall be required to occur. Every individualized educational program as described in Article 14 shall identify if the Prairie State Achievement Examination or components thereof are appropriate for that student. Each student, exclusive of a student whose individualized educational program developed under Article 14 identifies the Prairie State Achievement Examination as inappropriate for the student, shall be required to take the examination in grade 11. For each academic area the State Board of Education shall establish the score that qualifies for the Prairie State Achievement Award on that portion of the examination. Districts shall inform their students of the timelines and procedures applicable to their participation in every yearly administration of the Prairie State Achievement Examination. Students receiving special education services whose individualized educational programs identify the Prairie State Achievement Examination as inappropriate for them nevertheless shall have the option of taking the examination, which shall be administered to those students in accordance with standards adopted by the State Board of Education to accommodate the respective disabilities of those students. A student who successfully completes all other applicable high school graduation requirements but fails to receive a score on the Prairie State Achievement Examination that qualifies the student for receipt of a Prairie State Achievement Award shall nevertheless qualify for the receipt of a regular high school diploma. In no case, however, shall a student receive a regular high school diploma without taking the Prairie State Achievement Examination, unless the student is exempted from taking the Prairie State Achievement Examination under this subsection (c) because (i) the student's individualized educational program developed under Article 14 of this Code identifies the Prairie State Achievement Examination as inappropriate for the student, (ii) the student is exempt due to the student's lack of English language proficiency under subsection (a)
of this Section, (iii) the student is enrolled in a program of Adult and Continuing Education as defined in the Adult Education Act, (iv) the school district is not required to test the individual student for purposes of accountability under federal No Child Left Behind Act of 2001 requirements, or (v) the student is otherwise identified by the State Board of Education through rules as being exempt from the assessment.

(d) Beginning with the 2002-2003 school year, all schools in this State that are part of the sample drawn by the National Center for Education Statistics, in collaboration with their school districts and the State Board of Education, shall administer the biennial State academic assessments of 4th and 8th grade reading and mathematics under the National Assessment of Educational Progress carried out under Section 411(b)(2) of the National Education Statistics Act of 1994 (20 U.S.C. 9010) if the Secretary of Education pays the costs of administering the assessments.

(e) Beginning no later than the 2005-2006 school year, subject to available federal funds to this State for the purpose of student assessment, the State Board of Education shall provide additional tests and assessment resources that may be used by school districts for local diagnostic purposes. These tests and resources shall include without limitation additional high school writing, physical development and health, and fine arts assessments. The State Board of Education shall annually distribute a listing of these additional tests and resources, using funds available from appropriations made for student assessment purposes.

(f) For the assessment and accountability purposes of this Section, "all pupils" includes those pupils enrolled in a public or State-operated elementary school, secondary school, or cooperative or joint agreement with a governing body or board of control, a charter school operating in compliance with the Charter Schools Law, a school operated by a regional office of education under Section 13A-3 of this Code, or a public school administered by a local public agency or the Department of Human Services.

affordable and making the integration of technology in the classroom possible. School technology loans shall be made available to public school districts, charter schools, area vocational centers, laboratory schools, and State-recognized, non-public schools to purchase technology hardware for eligible grade levels on a 2-year rotating basis: grades 9 through 12 in fiscal year 2004 and each second year thereafter and grades K through 8 in fiscal year 2005 and each second year thereafter. However, priority shall be given to public school districts, charter schools, area vocational centers, and laboratory schools that apply prior to October 1 of each year.

The State Board of Education shall determine the interest rate the loans shall bear which shall not be greater than 50% of the rate for the most recent date shown in the 20 G.O. Bonds Index of average municipal bond yields as published in the most recent edition of The Bond Buyer, published in New York, New York. The repayment period for School Technology Revolving Loans shall not exceed 3 years. Participants shall use at least 90% of the loan proceeds for technology hardware investments for students and staff (including computer hardware, technology networks, related wiring, and other items as defined in rules adopted by the State Board of Education) and up to 10% of the loan proceeds for computer furniture. No participant whose equalized assessed valuation per pupil in average daily attendance is at the 99th percentile and above for all districts of the same type shall be eligible to receive a School Technology Revolving Loan under the provisions of this Section for that year.

The State Board of Education shall have the authority to adopt all rules necessary for the implementation and administration of the School Technology Revolving Loan Program, including, but not limited to, rules defining application procedures, prescribing a maximum amount per pupil that may be requested annually, requiring appropriate local commitments for technology investments, prescribing a mechanism for disbursing loan funds in the event requests exceed available funds, specifying collateral, prescribing actions necessary to protect the State's interest in the event of default, foreclosure, or noncompliance with the terms and conditions of the loans, and prescribing a mechanism for reclaiming any items or equipment purchased with the loan funds in the case of the closure of a non-public school.

(b) There is created in the State treasury the School Technology Revolving Loan Fund. The State Board shall have the authority to make expenditures from the Fund pursuant to appropriations made for the

purposes of this Section, including refunds. There shall be deposited into the Fund such amounts, including but not limited to:

(1) Transfers from the School Infrastructure Fund;
(2) All receipts, including principal and interest payments, from any loan made from the Fund;
(3) All proceeds of assets of whatever nature received by the State Board as a result of default or delinquency with respect to loans made from the Fund;
(4) Any appropriations, grants, or gifts made to the Fund; and
(5) Any income received from interest on investments of money in the Fund.

Sec. 2-3.148. Disability history and awareness campaign. The State Board of Education shall promote an annual campaign about disability history and awareness in this State. The campaign shall be designed to increase public awareness and respect for people with disabilities who comprise a substantial percentage of this State's population, teach future generations that people with disabilities have a rich history and have made valuable contributions throughout this State and the United States, and teach future generations that disability is a natural part of life and that people with disabilities have a right to be treated with civil, legal, and human rights and as full human beings above all else.

The State Board of Education and the Department of Public Health shall establish an ad hoc committee to develop the guidelines. The committee shall include experts in the field of food allergens, representatives on behalf of students with food allergies, representatives from the several public school management organizations, which shall include school administrators, principals, and school board members, and representatives from 2 statewide professional teachers' organizations. The guidelines shall include, but need not be limited to, the following:

(2) procedures for responding to life-threatening allergic reactions to food;

(3) a process for the implementation of individualized health care and food allergy action plans for every student with a life-threatening food allergy; and

(4) protocols to prevent exposure to food allergens.

(b) Not later than January 1, 2011, each school board shall implement a policy based on the guidelines developed pursuant to subsection (a) of this Section for the management of students with life-threatening food allergies enrolled in the schools under its jurisdiction. Nothing in this subsection (b) is intended to invalidate school district policies that were implemented before the development of guidelines pursuant to subsection (a) of this Section as long as such policies are consistent with the guidelines developed pursuant to subsection (a) of this Section.

(a) The General Assembly makes the following findings:

(1) The use of digital technologies in the kindergarten through grade 12 school environment is rapidly increasing in this State.

(2) There is a need for the State Board of Education to explore the expanded use of digital technologies in classrooms and the impact of technological innovation on both educational achievement and textbook weight.

(b) The State Board of Education shall implement a pilot program, subject to appropriation, to test digital technologies in 3 geographically diverse school districts on or before July 1, 2011. The pilot program shall examine the following issues:

Sec. 2-3.151. Green career and technical education programs.

(a) As used in this Section, "green industries" means industries that contribute directly to preserving or enhancing environmental quality by reducing waste and pollution or producing sustainable products using sustainable processes and materials and that provide opportunities for advancement along a career track of increasing skills and wages. Green industries include any of the following:

(1) Energy system retrofits to increase energy efficiency and conservation.

(2) The production and distribution of biofuels and vehicle retrofits for biofuels.

(3) Building design and construction that meet the equivalent of the best available technology in energy and environmental design standards.

(4) Organic and community food production.

(5) The manufacture of products from non-toxic, environmentally certified or recycled materials.

(6) The manufacture and production of sustainable technologies, including, but not limited to, solar panels, wind turbines, and fuel cells.

(7) Solar technology installation and maintenance.

(8) Recycling, green composting, and large-scale reuse of construction and demolition materials and debris.

(9) Water system retrofits to increase water efficiency and conservation.

(10) Horticulture.

(b) It is the purpose and intent of this Section to establish a State grant program that develops secondary programs that introduce students to developing green industries.

(c) Subject to appropriation, the State Board of Education shall establish a State grant program that develops, through a competitive process, 2-year pilot programs to assist in the creation and promotion of green career and technical education programs in public secondary schools in this State. Preference must be given to proposals that include the integration of academic and career and technical education content, arranged in sequences of courses that lead to post-secondary completion.

(d) The State Board of Education may adopt any rules necessary for the implementation of this Section.

(e) The State Board of Education may use up to 5% of the funds appropriated for the purposes of this Section for administrative costs, including the hiring of positions for the implementation and administration of the grant program, provided that if no appropriation is made to the State Board for a given fiscal year for the purposes of the grant program, then the State Board is not required to make any expenditures in support of the program during that fiscal year.

(105 ILCS 5/2-3.152)

(a) This Section applies beginning with the 2009-2010 school year.

(b) The General Assembly finds all of the following:

(1) All children are capable of success.

(2) Schools are the centers of vibrant communities.

(3) Strong families build strong educational communities.

(4) Children succeed when adults work together to foster positive educational outcomes.

(5) Schools work best when families take active roles in the education of children.

(6) Schools today are limited in their ability to dedicate time and resources to provide a wide range of educational opportunities to students because of the focus on standardized test outcomes.

New matter indicate by italics - deletions by strikeout
(7) By providing learning opportunities outside of normal school hours, including programs on life skills and health, students are more successful academically, more engaged in their communities, safer, and better prepared to make a successful transition from school to adulthood.

(8) A community school is a traditional school that actively partners with its community to leverage existing resources and identify new resources to support the transformation of the school to provide enrichment and additional life skill opportunities for students, parents, and community members at-large. Each community school is unique because its programming is designed by and for the school staff, in partnership with parents, community stakeholders, and students.

(9) Community schools currently exist in this State in urban, rural, and suburban communities.

(10) Research shows that community schools have a powerful positive impact on students, as demonstrated by increased academic success, a positive change in attitudes toward school and learning, and decreased behavioral problems.

(11) After-school and evening programs offered by community schools provide academic enrichment consistent with the Illinois Learning Standards and general school curriculum; an opportunity for physical fitness activities for students, fine arts programs, structured learning "play" time, and other recreational opportunities; a safe haven for students; and work supports for working families.

(12) Community schools are cost-effective because they leverage existing resources provided by local, State, federal, and private sources and bring programs to the schools, where the students are already congregated. Community schools have been shown to leverage between $5 to $8 in existing programming for every $1 spent on a community school.

(c) Subject to an appropriation or the availability of funding for such purposes, the State Board of Education shall make grants available to fund community schools and to enhance programs at community schools. A request-for-proposal process must be used in awarding grants under this subsection (c). Proposals may be submitted on behalf of a school, a school district, or a consortium of 2 or more schools or school districts. Proposals must be evaluated and scored on the basis of criteria consistent with this

Section and other factors developed and adopted by the State Board of Education. Technical assistance in grant writing must be made available to schools, school districts, or consortia of school districts through the State Board of Education directly or through a resource and referral directory established and maintained by the State Board of Education.

(d) In order to qualify for a community school grant under this Section, a school must, at a minimum, have the following components:

(1) Before and after-school programming each school day to meet the identified needs of students.

(2) Weekend programming.

(3) At least 4 weeks of summer programming.

(4) A local advisory group comprised of school leadership, parents, and community stakeholders that establishes school-specific programming goals, assesses program needs, and oversees the process of implementing expanded programming.

(5) A program director or resource coordinator who is responsible for establishing a local advisory group, assessing the needs of students and community members, identifying programs to meet those needs, developing the before and after-school, weekend, and summer programming and overseeing the implementation of programming to ensure high quality, efficiency, and robust participation.

(6) Programming that includes academic excellence aligned with the Illinois Learning Standards, life skills, healthy minds and bodies, parental support, and community engagement and that promotes staying in school and non-violent behavior and non-violent conflict resolution.

(7) Maintenance of attendance records in all programming components.

(8) Maintenance of measurable data showing annual participation and the impact of programming on the participating children and adults.

(9) Documentation of true collaboration between the school and community stakeholders, including local governmental units, civic organizations, families, businesses, and social service providers.

(10) A non-discrimination policy ensuring that the community school does not condition participation upon race, ethnic origin, religion, sex, or disability.

Sec. 10-20.21. Contracts.

(a) To award all contracts for purchase of supplies, materials or work or contracts with private carriers for transportation of pupils involving an expenditure in excess of $25,000 or a lower amount as required by board policy to the lowest responsible bidder, considering conformity with specifications, terms of delivery, quality and serviceability, after due advertisement, except the following: (i) contracts for the services of individuals possessing a high degree of professional skill where the ability or fitness of the individual plays an important part; (ii) contracts for the printing of finance committee reports and departmental reports; (iii) contracts for the printing or engraving of bonds, tax warrants and other evidences of indebtedness; (iv) contracts for the purchase of perishable foods and perishable beverages; (v) contracts for materials and work which have been awarded to the lowest responsible bidder after due advertisement, but due to unforeseen revisions, not the fault of the contractor for materials and work, must be revised causing expenditures not in excess of 10% of the contract price; (vi) contracts for the maintenance or servicing of, or provision of repair parts for, equipment which are made with the manufacturer or authorized service agent of that equipment where the provision of parts, maintenance, or servicing can best be performed by the manufacturer or authorized service agent; (vii) purchases and contracts for the use, purchase, delivery, movement, or installation of data processing equipment, software, or services and telecommunications and interconnect equipment, software, and services; (viii) contracts for duplicating machines and supplies; (ix) contracts for the purchase of natural gas when the cost is less than that offered by a public utility; (x) purchases of equipment previously owned by some entity other than the district itself; (xi) contracts for repair, maintenance, remodeling, renovation, or construction, or a single project involving an expenditure not to exceed $50,000 and not involving a change or increase in the size, type, or extent of an existing facility; (xii) contracts for goods or services procured from another governmental agency; (xiii) contracts for goods or services which are economically procurable from only one source, such as for the purchase of magazines, books, periodicals, pamphlets and reports, and for utility services such as water, light, heat, telephone or telegraph; (xiv) where funds are expended in an emergency and such emergency expenditure is approved by 3/4 of the members of the board; (xv) State
master contracts authorized under Article 28A of this Code; and (xvi) contracts providing for the transportation of pupils with special needs or disabilities, which contracts must be advertised in the same manner as competitive bids and awarded by first considering the bidder or bidders most able to provide safety and comfort for the pupils with special needs or disabilities, stability of service, and any other factors set forth in the request for proposal regarding quality of service, and then price.

All competitive bids for contracts involving an expenditure in excess of $25,000 or a lower amount as required by board policy must be sealed by the bidder and must be opened by a member or employee of the school board at a public bid opening at which the contents of the bids must be announced. Each bidder must receive at least 3 days' notice of the time and place of the bid opening. For purposes of this Section due advertisement includes, but is not limited to, at least one public notice at least 10 days before the bid date in a newspaper published in the district, or if no newspaper is published in the district, in a newspaper of general circulation in the area of the district. State master contracts and certified education purchasing contracts, as defined in Article 28A of this Code, are not subject to the requirements of this paragraph.

Under this Section, the acceptance of bids sealed by a bidder and the opening of these bids at a public bid opening may be permitted by an electronic process for communicating, accepting, and opening competitive bids. However, bids for construction purposes are prohibited from being communicated, accepted, or opened electronically. An electronic bidding process must provide for, but is not limited to, the following safeguards:

(1) On the date and time certain of a bid opening, the primary person conducting the competitive, sealed, electronic bid process shall log onto a specified database using a unique username and password previously assigned to the bidder to allow access to the bidder's specific bid project number.

(2) The specified electronic database must be on a network that (i) is in a secure environment behind a firewall; (ii) has specific encryption tools; (iii) maintains specific intrusion detection systems; (iv) has redundant systems architecture with data storage back-up, whether by compact disc or tape; and (v) maintains a disaster recovery plan.

It is the legislative intent of Public Act 96-841 this amendatory Act of the 96th General Assembly to maintain the integrity of the sealed bidding process provided for in this Section, to further limit any possibility of bid-

rigging, to reduce administrative costs to school districts, and to effect efficiencies in communications with bidders.

(b) To require, as a condition of any contract for goods and services, that persons bidding for and awarded a contract and all affiliates of the person collect and remit Illinois Use Tax on all sales of tangible personal property into the State of Illinois in accordance with the provisions of the Illinois Use Tax Act regardless of whether the person or affiliate is a "retailer maintaining a place of business within this State" as defined in Section 2 of the Use Tax Act. For purposes of this Section, the term "affiliate" means any entity that (1) directly, indirectly, or constructively controls another entity, (2) is directly, indirectly, or constructively controlled by another entity, or (3) is subject to the control of a common entity. For purposes of this subsection (b), an entity controls another entity if it owns, directly or individually, more than 10% of the voting securities of that entity. As used in this subsection (b), the term "voting security" means a security that (1) confers upon the holder the right to vote for the election of members of the board of directors or similar governing body of the business or (2) is convertible into, or entitles the holder to receive upon its exercise, a security that confers such a right to vote. A general partnership interest is a voting security.

To require that bids and contracts include a certification by the bidder or contractor that the bidder or contractor is not barred from bidding for or entering into a contract under this Section and that the bidder or contractor acknowledges that the school board may declare the contract void if the certification completed pursuant to this subsection (b) is false.

(b-5) To require all contracts and agreements that pertain to goods and services and that are intended to generate additional revenue and other remunerations for the school district in excess of $1,000, including without limitation vending machine contracts, sports and other attire, class rings, and photographic services, to be approved by the school board. The school board shall file as an attachment to its annual budget a report, in a form as determined by the State Board of Education, indicating for the prior year the name of the vendor, the product or service provided, and the actual net revenue and non-monetary remuneration from each of the contracts or agreements. In addition, the report shall indicate for what purpose the revenue was used and how and to whom the non-monetary remuneration was distributed.

(c) If the State education purchasing entity creates a master contract as defined in Article 28A of this Code, then the State education purchasing entity shall notify school districts of the existence of the master contract.

Sec. 10-20.48 +10-20.46. Radon testing.

(a) It is recommended that every occupied school building of a school district be tested every 5 years for radon pursuant to rules established by the Illinois Emergency Management Agency (IEMA).

(b) It is recommended that new schools of a school district be built using radon resistant new construction techniques, as shown in the United States Environmental Protection Agency document, Radon Prevention in the Design and Construction of Schools and Other Large Buildings.

(c) Each school district may maintain, make available for review, and notify parents and faculty of test results under this Section. The district shall report radon test results to the State Board of Education, which shall
prepare a report every 2 years of the results from all schools that have performed tests, to be submitted to the General Assembly and the Governor.

(d) If IEMA exempts an individual from being required to be a licensed radon professional, the individual does not need to be a licensed radon professional in order to perform screening tests under this Section. A school district may elect to have one or more employees from the district attend an IEMA-approved, Internet-based training course on school testing in order to receive an exemption to conduct testing in that school district. These school district employees must perform the measurements in accordance with procedures approved by IEMA. If an exemption from IEMA is not received, the school district must use a licensed radon professional to conduct measurements.

(e) If the results of a radon screening test under this Section are found to be 4.0 pCi/L or above, the school district may hire a licensed radon professional to perform measurements before any mitigation decisions are made. If radon levels of 4.0 pCi/L or above are found, it is recommended that affected areas be mitigated by a licensed radon mitigation professional with respect to both design and installation. IEMA may provide the school district with a list of licensed radon mitigation professionals.

(f) A screening test under this Section may be done with a test kit found in a hardware store, department store, or home improvement store or with a kit ordered through the mail or over the Internet. However, the kit must be provided by a laboratory licensed in accordance with the Radon Industry Licensing Act.

The salary compensation report shall include without limitation base salary, bonuses, pension contributions, retirement increases, the cost of health insurance, the cost of life insurance, paid sick and vacation day payouts, annuities, and any other form of compensation or income paid on behalf of the employee.

This report shall be presented at a regular school board meeting, subject to applicable notice requirements. In addition, each school district shall submit the completed report to the office of the district's regional superintendent of schools, which shall make copies available to any individual requesting them.

Per Section 10-20.40 of this Code, as added by Public Act 95-707, a school district must post the contract that a school board enters into with an exclusive bargaining representative. The school board must provide the terms of that contract online.

Sec. 10-20.51. Press boxes; accessibility. A school board does not have to comply with the Illinois Accessibility Code (71 Ill. Adm. Code 400) with respect to accessibility to press boxes that are on school property if the press boxes were constructed before August 25, 2009 (the effective date of Public Act 96-674) this amendatory Act of the 96th General Assembly.

Sec. 10-22.3f. Required health benefits. Insurance protection and benefits for employees shall provide the post-mastectomy care benefits required to be covered by a policy of accident and health insurance under Section 356t and the coverage required under Sections 356g, 356g.5, 356g.5-1, 356u, 356w, 356x, 356z.6, 356z.8, 356z.9, 356z.11, 356z.12, 356z.13, and 356z.14, and 356z.15 of the Illinois Insurance Code.

Rulemaking authority to implement Public Act 95-1045 this amendatory Act of the 95th General Assembly, if any, is conditioned on the rules being adopted in accordance with all provisions of the Illinois Administrative Procedure Act and all rules and procedures of the Joint Committee on Administrative Rules; any purported rule not so adopted, for whatever reason, is unauthorized.

Sec. 10-22.31. Special education.

(a) To enter into joint agreements with other school boards to provide the needed special educational facilities and to employ a director and other professional workers as defined in Section 14-1.10 and to establish facilities as defined in Section 14-1.08 for the types of children described in Sections 14-1.02 and 14-1.03a. The director (who may be employed under a contract as provided in subsection (c) of this Section) and other professional workers may be employed by one district, which shall be reimbursed on a mutually agreed basis by other districts that are parties to the joint agreement. Such agreements may provide that one district may supply professional workers for a joint program conducted in another district. Such agreement shall provide that any full-time professional worker who is employed by a joint agreement program and spends over 50% of his or her time in one school district shall not be required to work a different teaching schedule than the other professional worker in that district. Such agreement shall include, but not be limited to, provisions for administration, staff, programs, financing, housing, transportation, an advisory body, and the method or methods to be employed for disposing of property upon the withdrawal of a school district or dissolution of the joint agreement and shall specify procedures for the withdrawal of districts from the joint agreement as long as these procedures are consistent with subsection (g) of this Section. Such agreement may be amended at any time as provided in the joint agreement or, if the joint agreement does not so provide, then such agreement may be amended at any time upon the adoption of concurring resolutions by the school boards of all member districts, provided that no later than 6 months after August 28, 2009 (the effective date of Public Act 96-783), all existing agreements shall be amended to be consistent with Public Act 96-783. This amendment may include the removal of a school district from or the addition of a school district to the joint agreement without a petition as otherwise required in this Section if all member districts adopt concurring resolutions to that effect. A fully executed copy of any such agreement or amendment entered into on or after January 1, 1989 shall be filed with the State Board of Education. Petitions for withdrawal shall be made to the regional board or

boards of school trustees exercising oversight or governance over any of the districts in the joint agreement. Upon receipt of a petition for withdrawal, the regional board of school trustees shall publish notice of and conduct a hearing or, in instances in which more than one regional board of school trustees exercises oversight or governance over any of the districts in the joint agreement, a joint hearing, in accordance with rules adopted by the State Board of Education. In instances in which a single regional board of school trustees holds the hearing, approval of the petition must be by a two-thirds majority vote of the school trustees. In instances in which a joint hearing of 2 or more regional boards of school trustees is required, approval of the petition must be by a two-thirds majority of all those school trustees present and voting. Notwithstanding the provisions of Article 6 of this Code, in instances in which the competent regional board or boards of school trustees has been abolished, petitions for withdrawal shall be made to the school boards of those districts that fall under the oversight or governance of the abolished regional board of school trustees in accordance with rules adopted by the State Board of Education. If any petition is approved pursuant to this subsection (a), the withdrawal takes effect as provided in Section 7-9 of this Act. The changes to this Section made by Public Act 96-769 this amendatory Act of the 96th General Assembly apply to all changes to special education joint agreement membership initiated after July 1, 2009.

(b) To either (1) designate an administrative district to act as fiscal and legal agent for the districts that are parties to the joint agreement, or (2) designate a governing board composed of one member of the school board of each cooperating district and designated by such boards to act in accordance with the joint agreement. No such governing board may levy taxes and no such governing board may incur any indebtedness except within an annual budget for the joint agreement approved by the governing board and by the boards of at least a majority of the cooperating school districts or a number of districts greater than a majority if required by the joint agreement. The governing board may appoint an executive board of at least 7 members to administer the joint agreement in accordance with its terms. However, if 7 or more school districts are parties to a joint agreement that does not have an administrative district: (i) at least a majority of the members appointed by the governing board to the executive board shall be members of the school boards of the cooperating districts; or (ii) if the governing board wishes to appoint members who are
not school board members, they shall be superintendents from the cooperating districts.

(c) To employ a full-time director of special education of the joint agreement program under a one-year or multi-year contract. No such contract can be offered or accepted for less than one year. Such contract may be discontinued at any time by mutual agreement of the contracting parties, or may be extended for an additional one-year or multi-year period at the end of any year.

The contract year is July 1 through the following June 30th, unless the contract specifically provides otherwise. Notice of intent not to renew a contract when given by a controlling board or administrative district must be in writing stating the specific reason therefor. Notice of intent not to renew the contract must be given by the controlling board or the administrative district at least 90 days before the contract expires. Failure to do so will automatically extend the contract for one additional year.

By accepting the terms of the contract, the director of a special education joint agreement waives all rights granted under Sections 24-11 through 24-16 for the duration of his or her employment as a director of a special education joint agreement.

(d) To designate a district that is a party to the joint agreement as the issuer of bonds or notes for the purposes and in the manner provided in this Section. It is not necessary for such district to also be the administrative district for the joint agreement, nor is it necessary for the same district to be designated as the issuer of all series of bonds or notes issued hereunder. Any district so designated may, from time to time, borrow money and, in evidence of its obligation to repay the borrowing, issue its negotiable bonds or notes for the purpose of acquiring, constructing, altering, repairing, enlarging and equipping any building or portion thereof, together with any land or interest therein, necessary to provide special educational facilities and services as defined in Section 14-1.08. Title in and to any such facilities shall be held in accordance with the joint agreement.

Any such bonds or notes shall be authorized by a resolution of the board of education of the issuing district. The resolution may contain such covenants as may be deemed necessary or advisable by the district to assure the payment of the bonds or notes. The resolution shall be effective immediately upon its adoption.

Prior to the issuance of such bonds or notes, each school district that is a party to the joint agreement shall agree, whether by amendment to

the joint agreement or by resolution of the board of education, to be jointly and severally liable for the payment of the bonds and notes. The bonds or notes shall be payable solely and only from the payments made pursuant to such agreement.

Neither the bonds or notes nor the obligation to pay the bonds or notes under any joint agreement shall constitute an indebtedness of any district, including the issuing district, within the meaning of any constitutional or statutory limitation.

As long as any bonds or notes are outstanding and unpaid, the agreement by a district to pay the bonds and notes shall be irrevocable notwithstanding the district's withdrawal from membership in the joint special education program.

(e) If a district whose employees are on strike was, prior to the strike, sending students with disabilities to special educational facilities and services in another district or cooperative, the district affected by the strike shall continue to send such students during the strike and shall be eligible to receive appropriate State reimbursement.

(f) With respect to those joint agreements that have a governing board composed of one member of the school board of each cooperating district and designated by those boards to act in accordance with the joint agreement, the governing board shall have, in addition to its other powers under this Section, the authority to issue bonds or notes for the purposes and in the manner provided in this subsection. The governing board of the joint agreement may from time to time borrow money and, in evidence of its obligation to repay the borrowing, issue its negotiable bonds or notes for the purpose of acquiring, constructing, altering, repairing, enlarging and equipping any building or portion thereof, together with any land or interest therein, necessary to provide special educational facilities and services as defined in Section 14-1.08 and including also facilities for activities of administration and educational support personnel employees. Title in and to any such facilities shall be held in accordance with the joint agreement.

Any such bonds or notes shall be authorized by a resolution of the governing board. The resolution may contain such covenants as may be deemed necessary or advisable by the governing board to assure the payment of the bonds or notes and interest accruing thereon. The resolution shall be effective immediately upon its adoption.

Each school district that is a party to the joint agreement shall be automatically liable, by virtue of its membership in the joint agreement,
for its proportionate share of the principal amount of the bonds and notes plus interest accruing thereon, as provided in the resolution. Subject to the joint and several liability hereinafter provided for, the resolution may provide for different payment schedules for different districts except that the aggregate amount of scheduled payments for each district shall be equal to its proportionate share of the debt service in the bonds or notes based upon the fraction that its equalized assessed valuation bears to the total equalized assessed valuation of all the district members of the joint agreement as adjusted in the manner hereinafter provided. In computing that fraction the most recent available equalized assessed valuation at the time of the issuance of the bonds and notes shall be used, and the equalized assessed valuation of any district maintaining grades K to 12 shall be doubled in both the numerator and denominator of the fraction used for all of the districts that are members of the joint agreement. In case of default in payment by any member, each school district that is a party to the joint agreement shall automatically be jointly and severally liable for the amount of any deficiency. The bonds or notes and interest thereon shall be payable solely and only from the funds made available pursuant to the procedures set forth in this subsection. No project authorized under this subsection may require an annual contribution for bond payments from any member district in excess of 0.15% of the value of taxable property as equalized or assessed by the Department of Revenue in the case of districts maintaining grades K-8 or 9-12 and 0.30% of the value of taxable property as equalized or assessed by the Department of Revenue in the case of districts maintaining grades K-12. This limitation on taxing authority is expressly applicable to taxing authority provided under Section 17-9 and other applicable Sections of this Act. Nothing contained in this subsection shall be construed as an exception to the property tax limitations contained in Section 17-2, 17-2.2a, 17-5, or any other applicable Section of this Act.

Neither the bonds or notes nor the obligation to pay the bonds or notes under any joint agreement shall constitute an indebtedness of any district within the meaning of any constitutional or statutory limitation.

As long as any bonds or notes are outstanding and unpaid, the obligation of a district to pay its proportionate share of the principal of and interest on the bonds and notes as required in this Section shall be a general obligation of the district payable from any and all sources of revenue designated for that purpose by the board of education of the district and shall be irrevocable notwithstanding the district's withdrawal from membership in the joint special education program.

New matter indicate by italics - deletions by strikeout
(g) A member district wishing to withdraw from a joint agreement may obtain from its school board a written resolution approving the withdrawal. The withdrawing district must then present a written petition for withdrawal from the joint agreement to the other member districts within such timelines designated by the joint agreement. Upon approval by school board written resolution of all of the remaining member districts, the petitioning member district shall be withdrawn from the joint agreement effective the following July 1 and shall notify the State Board of Education of the approved withdrawal in writing.

(h) The changes to this Section made by Public Act 96-783 this amendatory Act of the 96th General Assembly apply to withdrawals from or dissolutions of special education joint agreements initiated after August 28, 2009 (the effective date of Public Act 96-783) this amendatory Act of the 96th General Assembly.

Sec. 10-22.39. In-service training programs.

(a) To conduct in-service training programs for teachers.

(b) In addition to other topics at in-service training programs, school guidance counselors, teachers and other school personnel who work with pupils in grades 7 through 12 shall be trained to identify the warning signs of suicidal behavior in adolescents and teens and shall be taught appropriate intervention and referral techniques.

(c) School guidance counselors, nurses, teachers and other school personnel who work with pupils may be trained to have a basic knowledge of matters relating to acquired immunodeficiency syndrome (AIDS), including the nature of the disease, its causes and effects, the means of detecting it and preventing its transmission, and the availability of appropriate sources of counseling and referral, and any other information that may be appropriate considering the age and grade level of such pupils. The School Board shall supervise such training. The State Board of Education and the Department of Public Health shall jointly develop standards for such training.

(d) In this subsection (d):

"Domestic violence" means abuse by a family or household member, as "abuse" and "family or household members" are defined in Section 103 of the Illinois Domestic Violence Act of 1986.

"Sexual violence" means sexual assault, abuse, or stalking of an adult or minor child proscribed in the Criminal Code of 1961 in Sections
12-7.3, 12-7.4, 12-7.5, 12-12, 12-13, 12-14, 12-14.1, 12-15, and 12-16, including sexual violence committed by perpetrators who are strangers to the victim and sexual violence committed by perpetrators who are known or related by blood or marriage to the victim.

At least once every 2 years, an in-service training program for school personnel who work with pupils, including, but not limited to, school and school district administrators, teachers, school guidance counselors, school social workers, school counselors, school psychologists, and school nurses, must be conducted by persons with expertise in domestic and sexual violence and the needs of expectant and parenting youth and shall include training concerning (i) communicating with and listening to youth victims of domestic or sexual violence and expectant and parenting youth, (ii) connecting youth victims of domestic or sexual violence and expectant and parenting youth to appropriate in-school services and other agencies, programs, and services as needed, and (iii) implementing the school district's policies, procedures, and protocols with regard to such youth, including confidentiality. At a minimum, school personnel must be trained to understand, provide information and referrals, and address issues pertaining to youth who are parents, expectant parents, or victims of domestic or sexual violence.

(e) At least every 2 years, an in-service training program for school personnel who work with pupils must be conducted by persons with expertise in anaphylactic reactions and management.

(f) (e) At least once every 2 years, a school board shall conduct in-service training on educator ethics, teacher-student conduct, and school employee-student conduct for all personnel.

Sec. 18-8.05. Basis for apportionment of general State financial aid and supplemental general State aid to the common schools for the 1998-1999 and subsequent school years.

(A) General Provisions.

(1) The provisions of this Section apply to the 1998-1999 and subsequent school years. The system of general State financial aid provided for in this Section is designed to assure that, through a combination of State financial aid and required local resources, the financial support provided each pupil in Average Daily Attendance equals or exceeds a prescribed per pupil Foundation Level. This formula

New matter indicate by italics - deletions by strikeout
approach imputes a level of per pupil Available Local Resources and provides for the basis to calculate a per pupil level of general State financial aid that, when added to Available Local Resources, equals or exceeds the Foundation Level. The amount of per pupil general State financial aid for school districts, in general, varies in inverse relation to Available Local Resources. Per pupil amounts are based upon each school district's Average Daily Attendance as that term is defined in this Section.

(2) In addition to general State financial aid, school districts with specified levels or concentrations of pupils from low income households are eligible to receive supplemental general State financial aid grants as provided pursuant to subsection (H). The supplemental State aid grants provided for school districts under subsection (H) shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section.

(3) To receive financial assistance under this Section, school districts are required to file claims with the State Board of Education, subject to the following requirements:

(a) Any school district which fails for any given school year to maintain school as required by law, or to maintain a recognized school is not eligible to file for such school year any claim upon the Common School Fund. In case of nonrecognition of one or more attendance centers in a school district otherwise operating recognized schools, the claim of the district shall be reduced in the proportion which the Average Daily Attendance in the attendance center or centers bear to the Average Daily Attendance in the school district. A "recognized school" means any public school which meets the standards as established for recognition by the State Board of Education. A school district or attendance center not having recognition status at the end of a school term is entitled to receive State aid payments due upon a legal claim which was filed while it was recognized.

(b) School district claims filed under this Section are subject to Sections 18-9 and 18-12, except as otherwise provided in this Section.

(c) If a school district operates a full year school under Section 10-19.1, the general State aid to the school district shall be determined by the State Board of Education in accordance with this Section as near as may be applicable.
(d) (Blank).

(4) Except as provided in subsections (H) and (L), the board of any district receiving any of the grants provided for in this Section may apply those funds to any fund so received for which that board is authorized to make expenditures by law.

School districts are not required to exert a minimum Operating Tax Rate in order to qualify for assistance under this Section.

(5) As used in this Section the following terms, when capitalized, shall have the meaning ascribed herein:

(a) "Average Daily Attendance": A count of pupil attendance in school, averaged as provided for in subsection (C) and utilized in deriving per pupil financial support levels.

(b) "Available Local Resources": A computation of local financial support, calculated on the basis of Average Daily Attendance and derived as provided pursuant to subsection (D).

(c) "Corporate Personal Property Replacement Taxes": Funds paid to local school districts pursuant to "An Act in relation to the abolition of ad valorem personal property tax and the replacement of revenues lost thereby, and amending and repealing certain Acts and parts of Acts in connection therewith", certified August 14, 1979, as amended (Public Act 81-1st S.S.-1).

(d) "Foundation Level": A prescribed level of per pupil financial support as provided for in subsection (B).

(e) "Operating Tax Rate": All school district property taxes extended for all purposes, except Bond and Interest, Summer School, Rent, Capital Improvement, and Vocational Education Building purposes.

(B) Foundation Level.

(1) The Foundation Level is a figure established by the State representing the minimum level of per pupil financial support that should be available to provide for the basic education of each pupil in Average Daily Attendance. As set forth in this Section, each school district is assumed to exert a sufficient local taxing effort such that, in combination with the aggregate of general State financial aid provided the district, an aggregate of State and local resources are available to meet the basic education needs of pupils in the district.

(2) For the 1998-1999 school year, the Foundation Level of support is $4,225. For the 1999-2000 school year, the Foundation Level of support is $4,325. For the 2000-2001 school year, the Foundation Level of support...
is $4,425. For the 2001-2002 school year and 2002-2003 school year, the Foundation Level of support is $4,560. For the 2003-2004 school year, the Foundation Level of support is $4,810. For the 2004-2005 school year, the Foundation Level of support is $4,964. For the 2005-2006 school year, the Foundation Level of support is $5,164. For the 2006-2007 school year, the Foundation Level of support is $5,334. For the 2007-2008 school year, the Foundation Level of support is $5,734. For the 2008-2009 school year, the Foundation Level of support is $5,959.

(3) For the 2009-2010 school year and each school year thereafter, the Foundation Level of support is $6,119 or such greater amount as may be established by law by the General Assembly.

(C) Average Daily Attendance.

(1) For purposes of calculating general State aid pursuant to subsection (E), an Average Daily Attendance figure shall be utilized. The Average Daily Attendance figure for formula calculation purposes shall be the monthly average of the actual number of pupils in attendance of each school district, as further averaged for the best 3 months of pupil attendance for each school district. In compiling the figures for the number of pupils in attendance, school districts and the State Board of Education shall, for purposes of general State aid funding, conform attendance figures to the requirements of subsection (F).

(2) The Average Daily Attendance figures utilized in subsection (E) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated or the average of the attendance data for the 3 preceding school years, whichever is greater. The Average Daily Attendance figures utilized in subsection (H) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated.

(D) Available Local Resources.

(1) For purposes of calculating general State aid pursuant to subsection (E), a representation of Available Local Resources per pupil, as that term is defined and determined in this subsection, shall be utilized. Available Local Resources per pupil shall include a calculated dollar amount representing local school district revenues from local property taxes and from Corporate Personal Property Replacement Taxes, expressed on the basis of pupils in Average Daily Attendance. Calculation of Available Local Resources shall exclude any tax amnesty funds received as a result of Public Act 93-26.

New matter indicate by italics - deletions by strikeout
(2) In determining a school district's revenue from local property taxes, the State Board of Education shall utilize the equalized assessed valuation of all taxable property of each school district as of September 30 of the previous year. The equalized assessed valuation utilized shall be obtained and determined as provided in subsection (G).

(3) For school districts maintaining grades kindergarten through 12, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 3.00%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades kindergarten through 8, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 2.30%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades 9 through 12, local property tax revenues per pupil shall be the applicable equalized assessed valuation of the district multiplied by 1.05%, and divided by the district's Average Daily Attendance figure.

For partial elementary unit districts created pursuant to Article 11E of this Code, local property tax revenues per pupil shall be calculated as the product of the equalized assessed valuation for property within the partial elementary unit district for elementary purposes, as defined in Article 11E of this Code, multiplied by 2.06% and divided by the district's Average Daily Attendance figure, plus the product of the equalized assessed valuation for property within the partial elementary unit district for high school purposes, as defined in Article 11E of this Code, multiplied by 0.94% and divided by the district's Average Daily Attendance figure.

(4) The Corporate Personal Property Replacement Taxes paid to each school district during the calendar year one year before the calendar year in which a school year begins, divided by the Average Daily Attendance figure for that district, shall be added to the local property tax revenues per pupil as derived by the application of the immediately preceding paragraph (3). The sum of these per pupil figures for each school district shall constitute Available Local Resources as that term is utilized in subsection (E) in the calculation of general State aid.

(E) Computation of General State Aid.

(1) For each school year, the amount of general State aid allotted to a school district shall be computed by the State Board of Education as provided in this subsection.

New matter indicate by italics - deletions by strikeout
(2) For any school district for which Available Local Resources per pupil is less than the product of 0.93 times the Foundation Level, general State aid for that district shall be calculated as an amount equal to the Foundation Level minus Available Local Resources, multiplied by the Average Daily Attendance of the school district.

(3) For any school district for which Available Local Resources per pupil is equal to or greater than the product of 0.93 times the Foundation Level and less than the product of 1.75 times the Foundation Level, the general State aid per pupil shall be a decimal proportion of the Foundation Level derived using a linear algorithm. Under this linear algorithm, the calculated general State aid per pupil shall decline in direct linear fashion from 0.07 times the Foundation Level for a school district with Available Local Resources equal to the product of 0.93 times the Foundation Level, to 0.05 times the Foundation Level for a school district with Available Local Resources equal to the product of 1.75 times the Foundation Level. The allocation of general State aid for school districts subject to this paragraph 3 shall be the calculated general State aid per pupil figure multiplied by the Average Daily Attendance of the school district.

(4) For any school district for which Available Local Resources per pupil equals or exceeds the product of 1.75 times the Foundation Level, the general State aid for the school district shall be calculated as the product of $218 multiplied by the Average Daily Attendance of the school district.

(5) The amount of general State aid allocated to a school district for the 1999-2000 school year meeting the requirements set forth in paragraph (4) of subsection (G) shall be increased by an amount equal to the general State aid that would have been received by the district for the 1998-1999 school year by utilizing the Extension Limitation Equalized Assessed Valuation as calculated in paragraph (4) of subsection (G) less the general State aid allotted for the 1998-1999 school year. This amount shall be deemed a one time increase, and shall not affect any future general State aid allocations.

(F) Compilation of Average Daily Attendance.

(1) Each school district shall, by July 1 of each year, submit to the State Board of Education, on forms prescribed by the State Board of Education, attendance figures for the school year that began in the preceding calendar year. The attendance information so transmitted shall identify the average daily attendance figures for each month of the school year. Beginning with the general State aid claim form for the 2002-2003
school year, districts shall calculate Average Daily Attendance as provided in subdivisions (a), (b), and (c) of this paragraph (1).

(a) In districts that do not hold year-round classes, days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

(b) In districts in which all buildings hold year-round classes, days of attendance in July and August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

(c) In districts in which some buildings, but not all, hold year-round classes, for the non-year-round buildings, days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May. The average daily attendance for the year-round buildings shall be computed as provided in subdivision (b) of this paragraph (1). To calculate the Average Daily Attendance for the district, the average daily attendance for the year-round buildings shall be multiplied by the days in session for the non-year-round buildings for each month and added to the monthly attendance of the non-year-round buildings.

Except as otherwise provided in this Section, days of attendance by pupils shall be counted only for sessions of not less than 5 clock hours of school work per day under direct supervision of: (i) teachers, or (ii) non-teaching personnel or volunteer personnel when engaging in non-teaching duties and supervising in those instances specified in subsection (a) of Section 10-22.34 and paragraph 10 of Section 34-18, with pupils of legal school age and in kindergarten and grades 1 through 12.

Days of attendance by tuition pupils shall be accredited only to the districts that pay the tuition to a recognized school.

(2) Days of attendance by pupils of less than 5 clock hours of school shall be subject to the following provisions in the compilation of Average Daily Attendance.

(a) Pupils regularly enrolled in a public school for only a part of the school day may be counted on the basis of 1/6 day for every class hour of instruction of 40 minutes or more attended pursuant to such enrollment, unless a pupil is enrolled in a block-schedule format of 80 minutes or more of instruction, in which case the pupil may be counted on the basis of the proportion of
minutes of school work completed each day to the minimum number of minutes that school work is required to be held that day.

(b) Days of attendance may be less than 5 clock hours on the opening and closing of the school term, and upon the first day of pupil attendance, if preceded by a day or days utilized as an institute or teachers' workshop.

(c) A session of 4 or more clock hours may be counted as a day of attendance upon certification by the regional superintendent, and approved by the State Superintendent of Education to the extent that the district has been forced to use daily multiple sessions.

(d) A session of 3 or more clock hours may be counted as a day of attendance (1) when the remainder of the school day or at least 2 hours in the evening of that day is utilized for an in-service training program for teachers, up to a maximum of 5 days per school year, provided a district conducts an in-service training program for teachers in accordance with Section 10-22.39 of this Code; or, in lieu of 4 such days, 2 full days may be used, in which event each such day may be counted as a day required for a legal school calendar pursuant to Section 10-19 of this Code; (1.5) when, of the 5 days allowed under item (1), a maximum of 4 days are used for parent-teacher conferences, or, in lieu of 4 such days, 2 full days are used, in which case each such day may be counted as a calendar day required under Section 10-19 of this Code, provided that the full-day, parent-teacher conference consists of (i) a minimum of 5 clock hours of parent-teacher conferences, (ii) both a minimum of 2 clock hours of parent-teacher conferences held in the evening following a full day of student attendance, as specified in subsection (F)(1)(c), and a minimum of 3 clock hours of parent-teacher conferences held on the day immediately following evening parent-teacher conferences, or (iii) multiple parent-teacher conferences held in the evenings following full days of student attendance, as specified in subsection (F)(1)(c), in which the time used for the parent-teacher conferences is equivalent to a minimum of 5 clock hours; and (2) when days in addition to those provided in items (1) and (1.5) are scheduled by a school pursuant to its school improvement plan adopted under Article 34 or its revised or amended school improvement plan adopted under Article 2, provided that (i) such sessions of 3 or more clock hours are
scheduled to occur at regular intervals, (ii) the remainder of the school days in which such sessions occur are utilized for in-service training programs or other staff development activities for teachers, and (iii) a sufficient number of minutes of school work under the direct supervision of teachers are added to the school days between such regularly scheduled sessions to accumulate not less than the number of minutes by which such sessions of 3 or more clock hours fall short of 5 clock hours. Any full days used for the purposes of this paragraph shall not be considered for computing average daily attendance. Days scheduled for in-service training programs, staff development activities, or parent-teacher conferences may be scheduled separately for different grade levels and different attendance centers of the district.

(e) A session of not less than one clock hour of teaching hospitalized or homebound pupils on-site or by telephone to the classroom may be counted as 1/2 day of attendance, however these pupils must receive 4 or more clock hours of instruction to be counted for a full day of attendance.

(f) A session of at least 4 clock hours may be counted as a day of attendance for first grade pupils, and pupils in full day kindergartens, and a session of 2 or more hours may be counted as 1/2 day of attendance by pupils in kindergartens which provide only 1/2 day of attendance.

(g) For children with disabilities who are below the age of 6 years and who cannot attend 2 or more clock hours because of their disability or immaturity, a session of not less than one clock hour may be counted as 1/2 day of attendance; however for such children whose educational needs so require a session of 4 or more clock hours may be counted as a full day of attendance.

(h) A recognized kindergarten which provides for only 1/2 day of attendance by each pupil shall not have more than 1/2 day of attendance counted in any one day. However, kindergartens may count 2 1/2 days of attendance in any 5 consecutive school days. When a pupil attends such a kindergarten for 2 half days on any one school day, the pupil shall have the following day as a day absent from school, unless the school district obtains permission in writing from the State Superintendent of Education. Attendance at kindergartens which provide for a full day of attendance by each pupil shall be counted the same as attendance by first grade pupils.

Only the first year of attendance in one kindergarten shall be counted, except in case of children who entered the kindergarten in their fifth year whose educational development requires a second year of kindergarten as determined under the rules and regulations of the State Board of Education.

(i) On the days when the Prairie State Achievement Examination is administered under subsection (c) of Section 2-3.64 of this Code, the day of attendance for a pupil whose school day must be shortened to accommodate required testing procedures may be less than 5 clock hours and shall be counted towards the 176 days of actual pupil attendance required under Section 10-19 of this Code, provided that a sufficient number of minutes of school work in excess of 5 clock hours are first completed on other school days to compensate for the loss of school work on the examination days.

(G) Equalized Assessed Valuation Data.

(1) For purposes of the calculation of Available Local Resources required pursuant to subsection (D), the State Board of Education shall secure from the Department of Revenue the value as equalized or assessed by the Department of Revenue of all taxable property of every school district, together with (i) the applicable tax rate used in extending taxes for the funds of the district as of September 30 of the previous year and (ii) the limiting rate for all school districts subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law.

The Department of Revenue shall add to the equalized assessed value of all taxable property of each school district situated entirely or partially within a county that is or was subject to the provisions of Section 15-176 or 15-177 of the Property Tax Code (a) an amount equal to the total amount by which the homestead exemption allowed under Section 15-176 or 15-177 of the Property Tax Code for real property situated in that school district exceeds the total amount that would have been allowed in that school district if the maximum reduction under Section 15-176 was (i) $4,500 in Cook County or $3,500 in all other counties in tax year 2003 or (ii) $5,000 in all counties in tax year 2004 and thereafter and (b) an amount equal to the aggregate amount for the taxable year of all additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of $30,000 or less. The county clerk of any county that is or was subject to the provisions of Section 15-176 or 15-177 of the Property Tax Code shall annually calculate and certify to the
Department of Revenue for each school district all homestead exemption amounts under Section 15-176 or 15-177 of the Property Tax Code and all amounts of additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of $30,000 or less. It is the intent of this paragraph that if the general homestead exemption for a parcel of property is determined under Section 15-176 or 15-177 of the Property Tax Code rather than Section 15-175, then the calculation of Available Local Resources shall not be affected by the difference, if any, between the amount of the general homestead exemption allowed for that parcel of property under Section 15-176 or 15-177 of the Property Tax Code and the amount that would have been allowed had the general homestead exemption for that parcel of property been determined under Section 15-175 of the Property Tax Code. It is further the intent of this paragraph that if additional exemptions are allowed under Section 15-175 of the Property Tax Code for owners with a household income of less than $30,000, then the calculation of Available Local Resources shall not be affected by the difference, if any, because of those additional exemptions.

This equalized assessed valuation, as adjusted further by the requirements of this subsection, shall be utilized in the calculation of Available Local Resources.

(2) The equalized assessed valuation in paragraph (1) shall be adjusted, as applicable, in the following manner:

(a) For the purposes of calculating State aid under this Section, with respect to any part of a school district within a redevelopment project area in respect to which a municipality has adopted tax increment allocation financing pursuant to the Tax Increment Allocation Redevelopment Act, Sections 11-74.4-1 through 11-74.4-11 of the Illinois Municipal Code or the Industrial Jobs Recovery Law, Sections 11-74.6-1 through 11-74.6-50 of the Illinois Municipal Code, no part of the current equalized assessed valuation of real property located in any such project area which is attributable to an increase above the total initial equalized assessed valuation of such property shall be used as part of the equalized assessed valuation of the district, until such time as all redevelopment project costs have been paid, as provided in Section 11-74.4-8 of the Tax Increment Allocation Redevelopment Act or in Section 11-74.6-35 of the Industrial Jobs Recovery Law. For the purpose of the equalized assessed valuation of the district, the total initial equalized assessed valuation or the current equalized

assessed valuation, whichever is lower, shall be used until such
time as all redevelopment project costs have been paid.

(b) The real property equalized assessed valuation for a
school district shall be adjusted by subtracting from the real
property value as equalized or assessed by the Department of
Revenue for the district an amount computed by dividing the
amount of any abatement of taxes under Section 18-170 of the
Property Tax Code by 3.00% for a district maintaining grades
kindergarten through 12, by 2.30% for a district maintaining grades
kindergarten through 8, or by 1.05% for a district maintaining
grades 9 through 12 and adjusted by an amount computed by
dividing the amount of any abatement of taxes under subsection (a)
of Section 18-165 of the Property Tax Code by the same
percentage rates for district type as specified in this subparagraph
(b).

(3) For the 1999-2000 school year and each school year thereafter,
if a school district meets all of the criteria of this subsection (G)(3), the
school district's Available Local Resources shall be calculated under
subsection (D) using the district's Extension Limitation Equalized
Assessed Valuation as calculated under this subsection (G)(3).

For purposes of this subsection (G)(3) the following terms shall
have the following meanings:

"Budget Year": The school year for which general State aid
is calculated and awarded under subsection (E).

"Base Tax Year": The property tax levy year used to
calculate the Budget Year allocation of general State aid.

"Preceding Tax Year": The property tax levy year
immediately preceding the Base Tax Year.

"Base Tax Year's Tax Extension": The product of the
equalized assessed valuation utilized by the County Clerk in the
Base Tax Year multiplied by the limiting rate as calculated by the
County Clerk and defined in the Property Tax Extension
Limitation Law.

"Preceding Tax Year's Tax Extension": The product of the
equalized assessed valuation utilized by the County Clerk in the
Preceding Tax Year multiplied by the Operating Tax Rate as
defined in subsection (A).

"Extension Limitation Ratio": A numerical ratio, certified
by the County Clerk, in which the numerator is the Base Tax Year's

New matter indicate by italics - deletions by strikeout
Tax Extension and the denominator is the Preceding Tax Year's Tax Extension.

"Operating Tax Rate": The operating tax rate as defined in subsection (A).

If a school district is subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation of that district. For the 1999-2000 school year, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the district's 1996 Equalized Assessed Valuation and the district's Extension Limitation Ratio. Except as otherwise provided in this paragraph for a school district that has approved or does approve an increase in its limiting rate, for the 2000-2001 school year and each school year thereafter, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the Equalized Assessed Valuation last used in the calculation of general State aid and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of a school district as calculated under this subsection (G)(3) is less than the district's equalized assessed valuation as calculated pursuant to subsections (G)(1) and (G)(2), then for purposes of calculating the district's general State aid for the Budget Year pursuant to subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources under subsection (D). For the 2009-2010 school year and each school year thereafter, if a school district has approved or does approve an increase in its limiting rate, pursuant to Section 18-190 of the Property Tax Code, affecting the Base Tax Year, the Extension Limitation Equalized Assessed Valuation of the school district, as calculated by the State Board of Education, shall be equal to the product of the Equalized Assessed Valuation last used in the calculation of general State aid times an amount equal to one plus the percentage increase, if any, in the Consumer Price Index for all Urban Consumers for all items published by the United States Department of Labor for the 12-month calendar year preceding the Base Tax Year, plus the Equalized Assessed Valuation of new property, annexed property, and recovered tax increment value and minus the Equalized Assessed Valuation of disconnected property. New property and recovered tax increment value shall have the meanings set forth in the Property Tax Extension Limitation Law.

Partial elementary unit districts created in accordance with Article 11E of this Code shall not be eligible for the adjustment in this subsection (G)(3) until the fifth year following the effective date of the reorganization.

(4) For the purposes of calculating general State aid for the 1999-2000 school year only, if a school district experienced a triennial reassessment on the equalized assessed valuation used in calculating its general State financial aid apportionment for the 1998-1999 school year, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation that would have been used to calculate the district's 1998-1999 general State aid. This amount shall equal the product of the equalized assessed valuation used to calculate general State aid for the 1997-1998 school year and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of the school district as calculated under this paragraph (4) is less than the district's equalized assessed valuation utilized in calculating the district's 1998-1999 general State aid allocation, then for purposes of calculating the district's general State aid pursuant to paragraph (5) of subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources.

(5) For school districts having a majority of their equalized assessed valuation in any county except Cook, DuPage, Kane, Lake, McHenry, or Will, if the amount of general State aid allocated to the school district for the 1999-2000 school year under the provisions of subsection (E), (H), and (J) of this Section is less than the amount of general State aid allocated to the district for the 1998-1999 school year under these subsections, then the general State aid of the district for the 1999-2000 school year only shall be increased by the difference between these amounts. The total payments made under this paragraph (5) shall not exceed $14,000,000. Claims shall be prorated if they exceed $14,000,000.

(H) Supplemental General State Aid.

(1) In addition to the general State aid a school district is allotted pursuant to subsection (E), qualifying school districts shall receive a grant, paid in conjunction with a district's payments of general State aid, for supplemental general State aid based upon the concentration level of children from low-income households within the school district. Supplemental State aid grants provided for school districts under this subsection shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school
districts is appropriated under this Section. If the appropriation in any fiscal year for general State aid and supplemental general State aid is insufficient to pay the amounts required under the general State aid and supplemental general State aid calculations, then the State Board of Education shall ensure that each school district receives the full amount due for general State aid and the remainder of the appropriation shall be used for supplemental general State aid, which the State Board of Education shall calculate and pay to eligible districts on a prorated basis.

(1.5) This paragraph (1.5) applies only to those school years preceding the 2003-2004 school year. For purposes of this subsection (H), the term "Low-Income Concentration Level" shall be the low-income eligible pupil count from the most recently available federal census divided by the Average Daily Attendance of the school district. If, however, (i) the percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count of a high school district with fewer than 400 students exceeds by 75% or more the percentage change in the total low-income eligible pupil count of contiguous elementary school districts, whose boundaries are coterminous with the high school district, or (ii) a high school district within 2 counties and serving 5 elementary school districts, whose boundaries are coterminous with the high school district, has a percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count and there is a percentage increase in the total low-income eligible pupil count of a majority of the elementary school districts in excess of 50% from the 2 most recent federal censuses, then the high school district's low-income eligible pupil count from the earlier federal census shall be the number used as the low-income eligible pupil count for the high school district, for purposes of this subsection (H). The changes made to this paragraph (1) by Public Act 92-28 shall apply to supplemental general State aid grants for school years preceding the 2003-2004 school year that are paid in fiscal year 1999 or thereafter and to any State aid payments made in fiscal year 1994 through fiscal year 1998 pursuant to subsection 1(n) of Section 18-8 of this Code (which was repealed on July 1, 1998), and any high school district that is affected by Public Act 92-28 is entitled to a recomputation of its supplemental general State aid grant or State aid paid in any of those fiscal years. This recomputation shall not be affected by any other funding.

(1.10) This paragraph (1.10) applies to the 2003-2004 school year and each school year thereafter. For purposes of this subsection (H), the term "Low-Income Concentration Level" shall, for each fiscal year, be the

New matter indicate by italics - deletions by strikeout
low-income eligible pupil count as of July 1 of the immediately preceding fiscal year (as determined by the Department of Human Services based on the number of pupils who are eligible for at least one of the following low income programs: Medicaid, the Children's Health Insurance Program, TANF, or Food Stamps, excluding pupils who are eligible for services provided by the Department of Children and Family Services, averaged over the 2 immediately preceding fiscal years for fiscal year 2004 and over the 3 immediately preceding fiscal years for each fiscal year thereafter) divided by the Average Daily Attendance of the school district.

(2) Supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 1998-1999, 1999-2000, and 2000-2001 school years only:

   (a) For any school district with a Low Income Concentration Level of at least 20% and less than 35%, the grant for any school year shall be $800 multiplied by the low income eligible pupil count.

   (b) For any school district with a Low Income Concentration Level of at least 35% and less than 50%, the grant for the 1998-1999 school year shall be $1,100 multiplied by the low income eligible pupil count.

   (c) For any school district with a Low Income Concentration Level of at least 50% and less than 60%, the grant for the 1998-99 school year shall be $1,500 multiplied by the low income eligible pupil count.

   (d) For any school district with a Low Income Concentration Level of 60% or more, the grant for the 1998-99 school year shall be $1,900 multiplied by the low income eligible pupil count.

   (e) For the 1999-2000 school year, the per pupil amount specified in subparagraphs (b), (c), and (d) immediately above shall be increased to $1,243, $1,600, and $2,000, respectively.

   (f) For the 2000-2001 school year, the per pupil amounts specified in subparagraphs (b), (c), and (d) immediately above shall be $1,273, $1,640, and $2,050, respectively.

(2.5) Supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 2002-2003 school year:

   (a) For any school district with a Low Income Concentration Level of less than 10%, the grant for each school
year shall be $355 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level of at least 10% and less than 20%, the grant for each school year shall be $675 multiplied by the low income eligible pupil count.

(c) For any school district with a Low Income Concentration Level of at least 20% and less than 35%, the grant for each school year shall be $1,330 multiplied by the low income eligible pupil count.

(d) For any school district with a Low Income Concentration Level of at least 35% and less than 50%, the grant for each school year shall be $1,362 multiplied by the low income eligible pupil count.

(e) For any school district with a Low Income Concentration Level of at least 50% and less than 60%, the grant for each school year shall be $1,680 multiplied by the low income eligible pupil count.

(f) For any school district with a Low Income Concentration Level of 60% or more, the grant for each school year shall be $2,080 multiplied by the low income eligible pupil count.

(2.10) Except as otherwise provided, supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 2003-2004 school year and each school year thereafter:

(a) For any school district with a Low Income Concentration Level of 15% or less, the grant for each school year shall be $355 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level greater than 15%, the grant for each school year shall be $294.25 added to the product of $2,700 and the square of the Low Income Concentration Level, all multiplied by the low income eligible pupil count.

For the 2003-2004 school year and each school year thereafter through the 2008-2009 school year only, the grant shall be no less than the grant for the 2002-2003 school year. For the 2009-2010 school year only, the grant shall be no less than the grant for the 2002-2003 school year multiplied by 0.66. For the 2010-2011 school year only, the grant shall be no less than the grant for the 2002-2003 school year multiplied by 0.33. Notwithstanding the provisions of this paragraph to the contrary, if for any
school year supplemental general State aid grants are prorated as provided in paragraph (1) of this subsection (H), then the grants under this paragraph shall be prorated.

For the 2003-2004 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.25 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year. For the 2004-2005 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.50 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year. For the 2005-2006 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.75 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year.

(3) School districts with an Average Daily Attendance of more than 1,000 and less than 50,000 that qualify for supplemental general State aid pursuant to this subsection shall submit a plan to the State Board of Education prior to October 30 of each year for the use of the funds resulting from this grant of supplemental general State aid for the improvement of instruction in which priority is given to meeting the education needs of disadvantaged children. Such plan shall be submitted in accordance with rules and regulations promulgated by the State Board of Education.

(4) School districts with an Average Daily Attendance of 50,000 or more that qualify for supplemental general State aid pursuant to this subsection shall be required to distribute from funds available pursuant to this Section, no less than $261,000,000 in accordance with the following requirements:

(a) The required amounts shall be distributed to the attendance centers within the district in proportion to the number of pupils enrolled at each attendance center who are eligible to receive free or reduced-price lunches or breakfasts under the federal Child Nutrition Act of 1966 and under the National School Lunch Act during the immediately preceding school year.
(b) The distribution of these portions of supplemental and general State aid among attendance centers according to these requirements shall not be compensated for or contravened by adjustments of the total of other funds appropriated to any attendance centers, and the Board of Education shall utilize funding from one or several sources in order to fully implement this provision annually prior to the opening of school.

(c) Each attendance center shall be provided by the school district a distribution of noncategorical funds and other categorical funds to which an attendance center is entitled under law in order that the general State aid and supplemental general State aid provided by application of this subsection supplements rather than supplants the noncategorical funds and other categorical funds provided by the school district to the attendance centers.

(d) Any funds made available under this subsection that by reason of the provisions of this subsection are not required to be allocated and provided to attendance centers may be used and appropriated by the board of the district for any lawful school purpose.

(e) Funds received by an attendance center pursuant to this subsection shall be used by the attendance center at the discretion of the principal and local school council for programs to improve educational opportunities at qualifying schools through the following programs and services: early childhood education, reduced class size or improved adult to student classroom ratio, enrichment programs, remedial assistance, attendance improvement, and other educationally beneficial expenditures which supplement the regular and basic programs as determined by the State Board of Education. Funds provided shall not be expended for any political or lobbying purposes as defined by board rule.

(f) Each district subject to the provisions of this subdivision (H)(4) shall submit an acceptable plan to meet the educational needs of disadvantaged children, in compliance with the requirements of this paragraph, to the State Board of Education prior to July 15 of each year. This plan shall be consistent with the decisions of local school councils concerning the school expenditure plans developed in accordance with part 4 of Section 34-2.3. The State Board shall approve or reject the plan within 60

days after its submission. If the plan is rejected, the district shall give written notice of intent to modify the plan within 15 days of the notification of rejection and then submit a modified plan within 30 days after the date of the written notice of intent to modify. Districts may amend approved plans pursuant to rules promulgated by the State Board of Education.

Upon notification by the State Board of Education that the district has not submitted a plan prior to July 15 or a modified plan within the time period specified herein, the State aid funds affected by that plan or modified plan shall be withheld by the State Board of Education until a plan or modified plan is submitted.

If the district fails to distribute State aid to attendance centers in accordance with an approved plan, the plan for the following year shall allocate funds, in addition to the funds otherwise required by this subsection, to those attendance centers which were underfunded during the previous year in amounts equal to such underfunding.

For purposes of determining compliance with this subsection in relation to the requirements of attendance center funding, each district subject to the provisions of this subsection shall submit as a separate document by December 1 of each year a report of expenditure data for the prior year in addition to any modification of its current plan. If it is determined that there has been a failure to comply with the expenditure provisions of this subsection regarding contravention or supplanting, the State Superintendent of Education shall, within 60 days of receipt of the report, notify the district and any affected local school council. The district shall within 45 days of receipt of that notification inform the State Superintendent of Education of the remedial or corrective action to be taken, whether by amendment of the current plan, if feasible, or by adjustment in the plan for the following year. Failure to provide the expenditure report or the notification of remedial or corrective action in a timely manner shall result in a withholding of the affected funds.

The State Board of Education shall promulgate rules and regulations to implement the provisions of this subsection. No funds shall be released under this subdivision (H)(4) to any district that has not submitted a plan that has been approved by the State Board of Education.

(J) Supplementary Grants in Aid.

(1) Notwithstanding any other provisions of this Section, the amount of the aggregate general State aid in combination with supplemental general State aid under this Section for which each school district is eligible shall be no less than the amount of the aggregate general State aid entitlement that was received by the district under Section 18-8 (exclusive of amounts received under subsections 5(p) and 5(p-5) of that Section) for the 1997-98 school year, pursuant to the provisions of that Section as it was then in effect. If a school district qualifies to receive a supplementary payment made under this subsection (J), the amount of the aggregate general State aid in combination with supplemental general State aid under this Section which that district is eligible to receive for each school year shall be no less than the amount of the aggregate general State aid entitlement that was received by the district under Section 18-8 (exclusive of amounts received under subsections 5(p) and 5(p-5) of that Section) for the 1997-1998 school year, pursuant to the provisions of that Section as it was then in effect.

(2) If, as provided in paragraph (1) of this subsection (J), a school district is to receive aggregate general State aid in combination with supplemental general State aid under this Section for the 1998-99 school year and any subsequent school year that in any such school year is less than the amount of the aggregate general State aid entitlement that the district received for the 1997-98 school year, the school district shall also receive, from a separate appropriation made for purposes of this subsection (J), a supplementary payment that is equal to the amount of the difference in the aggregate State aid figures as described in paragraph (1).

(3) (Blank).

(K) Grants to Laboratory and Alternative Schools.

In calculating the amount to be paid to the governing board of a public university that operates a laboratory school under this Section or to any alternative school that is operated by a regional superintendent of schools, the State Board of Education shall require by rule such reporting requirements as it deems necessary.

As used in this Section, "laboratory school" means a public school which is created and operated by a public university and approved by the State Board of Education. The governing board of a public university which receives funds from the State Board under this subsection (K) may not increase the number of students enrolled in its laboratory school from a

single district, if that district is already sending 50 or more students, except
under a mutual agreement between the school board of a student's district
of residence and the university which operates the laboratory school. A
laboratory school may not have more than 1,000 students, excluding
students with disabilities in a special education program.

As used in this Section, "alternative school" means a public school
which is created and operated by a Regional Superintendent of Schools
and approved by the State Board of Education. Such alternative schools
may offer courses of instruction for which credit is given in regular school
programs, courses to prepare students for the high school equivalency
testing program or vocational and occupational training. A regional
superintendent of schools may contract with a school district or a public
community college district to operate an alternative school. An alternative
school serving more than one educational service region may be
established by the regional superintendents of schools of the affected
educational service regions. An alternative school serving more than one
educational service region may be operated under such terms as the
regional superintendents of schools of those educational service regions
may agree.

Each laboratory and alternative school shall file, on forms provided
by the State Superintendent of Education, an annual State aid claim which
states the Average Daily Attendance of the school's students by month.
The best 3 months' Average Daily Attendance shall be computed for each
school. The general State aid entitlement shall be computed by multiplying
the applicable Average Daily Attendance by the Foundation Level as
determined under this Section.

(L) Payments, Additional Grants in Aid and Other Requirements.

(1) For a school district operating under the financial supervision
of an Authority created under Article 34A, the general State aid otherwise
payable to that district under this Section, but not the supplemental general
State aid, shall be reduced by an amount equal to the budget for the
operations of the Authority as certified by the Authority to the State Board
of Education, and an amount equal to such reduction shall be paid to the
Authority created for such district for its operating expenses in the manner
provided in Section 18-11. The remainder of general State school aid for
any such district shall be paid in accordance with Article 34A when that
Article provides for a disposition other than that provided by this Article.

(3) Summer school. Summer school payments shall be made as provided in Section 18-4.3.

(M) Education Funding Advisory Board.

The Education Funding Advisory Board, hereinafter in this subsection (M) referred to as the "Board", is hereby created. The Board shall consist of 5 members who are appointed by the Governor, by and with the advice and consent of the Senate. The members appointed shall include representatives of education, business, and the general public. One of the members so appointed shall be designated by the Governor at the time the appointment is made as the chairperson of the Board. The initial members of the Board may be appointed any time after the effective date of this amendatory Act of 1997. districts and other municipal corporations having a population of less than 300,000", approved February 15, 1928, as amended.

No school districts maintaining grades K through 8 or 9 through 12 shall become indebted in any manner or for any purpose to an amount, including existing indebtedness, in the aggregate exceeding 6.9% on the value of the taxable property therein to be ascertained by the last assessment for State and county taxes or, until January 1, 1983, if greater, the sum that is produced by multiplying the school district's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979, previous to the incurring of such indebtedness.

No school districts maintaining grades K through 12 shall become indebted in any manner or for any purpose to an amount, including existing indebtedness, in the aggregate exceeding 13.8% on the value of the taxable property therein to be ascertained by the last assessment for State and county taxes or, until January 1, 1983, if greater, the sum that is produced by multiplying the school district's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979, previous to the incurring of such indebtedness.

No partial elementary unit district, as defined in Article 11E of this Code, shall become indebted in any manner or for any purpose in an amount, including existing indebtedness, in the aggregate exceeding 6.9% of the value of the taxable property of the entire district, to be ascertained by the last assessment for State and county taxes, plus an amount, including existing indebtedness, in the aggregate exceeding 6.9% of the value of the taxable property of that portion of the district included in the elementary and high school classification, to be ascertained by the last assessment for State and county taxes. Moreover, no partial elementary unit district, as defined in Article 11E of this Code, shall become indebted on account of bonds issued by the district for high school purposes in the aggregate exceeding 6.9% of the value of the taxable property of the entire district, to be ascertained by the last assessment for State and county taxes, nor shall the district become indebted on account of bonds issued by the district for elementary purposes in the aggregate exceeding 6.9% of the value of the taxable property for that portion of the district included in the elementary and high school classification, to be ascertained by the last assessment for State and county taxes.

Notwithstanding the provisions of any other law to the contrary, in any case in which the voters of a school district have approved a proposition for the issuance of bonds of such school district at an election
held prior to January 1, 1979, and all of the bonds approved at such election have not been issued, the debt limitation applicable to such school district during the calendar year 1979 shall be computed by multiplying the value of taxable property therein, including personal property, as ascertained by the last assessment for State and county taxes, previous to the incurring of such indebtedness, by the percentage limitation applicable to such school district under the provisions of this subsection (a).

(b) Notwithstanding the debt limitation prescribed in subsection (a) of this Section, additional indebtedness may be incurred in an amount not to exceed the estimated cost of acquiring or improving school sites or constructing and equipping additional building facilities under the following conditions:

(1) Whenever the enrollment of students for the next school year is estimated by the board of education to increase over the actual present enrollment by not less than 35% or by not less than 200 students or the actual present enrollment of students has increased over the previous school year by not less than 35% or by not less than 200 students and the board of education determines that additional school sites or building facilities are required as a result of such increase in enrollment; and

(2) When the Regional Superintendent of Schools having jurisdiction over the school district and the State Superintendent of Education concur in such enrollment projection or increase and approve the need for such additional school sites or building facilities and the estimated cost thereof; and

(3) When the voters in the school district approve a proposition for the issuance of bonds for the purpose of acquiring or improving such needed school sites or constructing and equipping such needed additional building facilities at an election called and held for that purpose. Notice of such an election shall state that the amount of indebtedness proposed to be incurred would exceed the debt limitation otherwise applicable to the school district. The ballot for such proposition shall state what percentage of the equalized assessed valuation will be outstanding in bonds if the proposed issuance of bonds is approved by the voters; or

(4) Notwithstanding the provisions of paragraphs (1) through (3) of this subsection (b), if the school board determines that additional facilities are needed to provide a quality educational program and not less than 2/3 of those voting in an election called
by the school board on the question approve the issuance of bonds for the construction of such facilities, the school district may issue bonds for this purpose; or

(5) Notwithstanding the provisions of paragraphs (1) through (3) of this subsection (b), if (i) the school district has previously availed itself of the provisions of paragraph (4) of this subsection (b) to enable it to issue bonds, (ii) the voters of the school district have not defeated a proposition for the issuance of bonds since the referendum described in paragraph (4) of this subsection (b) was held, (iii) the school board determines that additional facilities are needed to provide a quality educational program, and (iv) a majority of those voting in an election called by the school board on the question approve the issuance of bonds for the construction of such facilities, the school district may issue bonds for this purpose.

In no event shall the indebtedness incurred pursuant to this subsection (b) and the existing indebtedness of the school district exceed 15% of the value of the taxable property therein to be ascertained by the last assessment for State and county taxes, previous to the incurring of such indebtedness or, until January 1, 1983, if greater, the sum that is produced by multiplying the school district's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979.

The indebtedness provided for by this subsection (b) shall be in addition to and in excess of any other debt limitation.

(c) Notwithstanding the debt limitation prescribed in subsection (a) of this Section, in any case in which a public question for the issuance of bonds of a proposed school district maintaining grades kindergarten through 12 received at least 60% of the valid ballots cast on the question at an election held on or prior to November 8, 1994, and in which the bonds approved at such election have not been issued, the school district pursuant to the requirements of Section 11A-10 (now repealed) may issue the total amount of bonds approved at such election for the purpose stated in the question.

(d) Notwithstanding the debt limitation prescribed in subsection (a) of this Section, a school district that meets all the criteria set forth in paragraphs (1) and (2) of this subsection (d) may incur an additional indebtedness in an amount not to exceed $4,500,000, even though the amount of the additional indebtedness authorized by this subsection (d), when incurred and added to the aggregate amount of indebtedness of the

also shall grant such of their other employees as are eligible to participate in the Illinois Municipal Retirement Fund under the "600-Hour Standard" established, or under such other eligibility participation standard as may from time to time be established, by rules and regulations now or hereafter promulgated by the Board of that Fund under Section 7-198 of the Illinois Pension Code, as now or hereafter amended, sick leave provisions not less in amount than 10 days at full pay in each school year. If any such teacher or employee does not use the full amount of annual leave thus allowed, the unused amount shall be allowed to accumulate to a minimum available leave of 180 days at full pay, including the leave of the current year. Sick leave shall be interpreted to mean personal illness, quarantine at home, serious illness or death in the immediate family or household, or birth, adoption, or placement for adoption. The school board may require a certificate from a physician licensed in Illinois to practice medicine and surgery in all its branches, a chiropractic physician licensed under the Medical Practice Act of 1987, an advanced practice nurse who has a written collaborative agreement with a collaborating physician that authorizes the advanced practice nurse to perform health examinations, a physician assistant who has been delegated the authority to perform health examinations by his or her supervising physician, or, if the treatment is by prayer or spiritual means, a spiritual adviser or practitioner of the teacher's or employee's faith as a basis for pay during leave after an absence of 3 days for personal illness or 30 days for birth or as the school board may deem necessary in other cases. If the school board does require a certificate as a basis for pay during leave of less than 3 days for personal illness, the school board shall pay, from school funds, the expenses incurred by the teachers or other employees in obtaining the certificate. For paid leave for adoption or placement for adoption, the school board may require that the teacher or other employee provide evidence that the formal adoption process is underway, and such leave is limited to 30 days unless a longer leave has been negotiated with the exclusive bargaining representative.

If, by reason of any change in the boundaries of school districts, or by reason of the creation of a new school district, the employment of a teacher is transferred to a new or different board, the accumulated sick leave of such teacher is not thereby lost, but is transferred to such new or different district.

Beginning on the effective date of this amendatory Act of the 93rd General Assembly, in all new applications submitted to the State Board or a local school board to establish a charter school in a city having a population exceeding 500,000, operation of the charter school shall be limited to one campus. The changes made to this Section by this amendatory Act of the 93rd General Assembly do not apply to charter schools existing or approved on or before the effective date of this amendatory Act.

(c) A charter school shall be administered and governed by its board of directors or other governing body in the manner provided in its charter. The governing body of a charter school shall be subject to the Freedom of Information Act and the Open Meetings Act.

(d) A charter school shall comply with all applicable health and safety requirements applicable to public schools under the laws of the State of Illinois.

(e) Except as otherwise provided in the School Code, a charter school shall not charge tuition; provided that a charter school may charge reasonable fees for textbooks, instructional materials, and student activities.

(f) A charter school shall be responsible for the management and operation of its fiscal affairs including, but not limited to, the preparation of its budget. An audit of each charter school's finances shall be conducted annually by an outside, independent contractor retained by the charter school. Annually, by December 1, every charter school must submit to the State Board a copy of its audit and a copy of the Form 990 the charter school filed that year with the federal Internal Revenue Service.

(g) A charter school shall comply with all provisions of this Article, the Illinois Educational Labor Relations Act, and its charter. A charter school is exempt from all other State laws and regulations in the
School Code governing public schools and local school board policies, except the following:

(h) A charter school may negotiate and contract with a school district, the governing body of a State college or university or public community college, or any other public or for-profit or nonprofit private entity for: (i) the use of a school building and grounds or any other real property or facilities that the charter school desires to use or convert for use as a charter school site, (ii) the operation and maintenance thereof, and (iii) the provision of any service, activity, or undertaking that the charter school is required to perform in order to carry out the terms of its charter. However, a charter school that is established on or after the effective date of this amendatory Act of the 93rd General Assembly and that operates in a city having a population exceeding 500,000 may not contract with a for-profit entity to manage or operate the school during the period that commences on the effective date of this amendatory Act of the 93rd General Assembly and concludes at the end of the 2004-2005 school year. Except as provided in subsection (i) of this Section, a school district may charge a charter school reasonable rent for the use of the district's buildings, grounds, and facilities. Any services for which a charter school
contracts with a school district shall be provided by the district at cost. Any services for which a charter school contracts with a local school board or with the governing body of a State college or university or public community college shall be provided by the public entity at cost.

(i) In no event shall a charter school that is established by converting an existing school or attendance center to charter school status be required to pay rent for space that is deemed available, as negotiated and provided in the charter agreement, in school district facilities. Sec. 27A-8. Evaluation of charter proposals.

(a) This Section does not apply to a charter school established by referendum under Section 27A-6.5. In evaluating any charter school proposal submitted to it, the local school board shall give preference to proposals that:

(2) set rigorous levels of expected pupil achievement and demonstrate feasible plans for attaining those levels of achievement; and

(3) are designed to enroll and serve a substantial proportion of at-risk children; provided that nothing in the Charter Schools Law shall be construed as intended to limit the establishment of charter schools to those that serve a substantial portion of at-risk children or to in any manner restrict, limit, or discourage the establishment of charter schools that enroll and serve other pupil populations under a nonexclusive, nondiscriminatory admissions policy.

(b) In the case of a proposal to establish a charter school by converting an existing public school or attendance center to charter school status, evidence that the proposed formation of the charter school has received majority support from certified teachers and from parents and

guardians in the school or attendance center affected by the proposed charter, and, if applicable, from a local school council, shall be demonstrated by a petition in support of the charter school signed by certified teachers and a petition in support of the charter school signed by parents and guardians and, if applicable, by a vote of the local school council held at a public meeting. In the case of all other proposals to establish a charter school, evidence of sufficient support to fill the number of pupil seats set forth in the proposal may be demonstrated by a petition in support of the charter school signed by parents and guardians of students eligible to attend the charter school. In all cases, the individuals, organizations, or entities who initiate the proposal to establish a charter school may elect, in lieu of including any petition referred to in this subsection as a part of the proposal submitted to the local school board, to demonstrate that the charter school has received the support referred to in this subsection by other evidence and information presented at the public meeting that the local school board is required to convene under this Section.

(c) Within 45 days of receipt of a charter school proposal, the local school board shall convene a public meeting to obtain information to assist the board in its decision to grant or deny the charter school proposal.

(d) Notice of the public meeting required by this Section shall be published in a community newspaper published in the school district in which the proposed charter is located and, if there is no such newspaper, then in a newspaper published in the county and having circulation in the school district. The notices shall be published not more than 10 days nor less than 5 days before the meeting and shall state that information regarding a charter school proposal will be heard at the meeting. Copies of the notice shall also be posted at appropriate locations in the school or attendance center proposed to be established as a charter school, the public schools in the school district, and the local school board office.

(e) Within 30 days of the public meeting, the local school board shall vote, in a public meeting, to either grant or deny the charter school proposal.

(f) Within 7 days of the public meeting required under subsection (e), the local school board shall file a report with the State Board granting or denying the proposal. Within 30 days of receipt of the local school board's report, the State Board shall determine whether the approved charter proposal is consistent with the provisions of this Article and, if the approved proposal complies, certify the proposal pursuant to Section 27A-
6; provided that for any charter proposal submitted to the State Board within one year after July 30, 2009 (the effective date of Public Act 96-105) this amendatory Act of the 96th General Assembly, the State Board shall have 60 days from receipt to determine such consistency and certify the proposal.

The General Assembly may appropriate additional funding for the testing program, to be distributed as grants through the Department of Public Health.

(g) Subdivision (1) of subsection (b) of this Section does not apply to the use by a student of a performance-enhancing substance that is dispensed, prescribed, delivered, or administered by a medical practitioner for a valid medical purpose and in the course of professional practice, and the student is not subject to a period of ineligibility under subdivision (8) of subsection (d) of this Section on the basis of that use as long as the student's coach has provided the student with a copy of the association's most current banned drug classes list, the student has consulted with his or her medical practitioner to confirm the valid use of the substance, and the student has notified his or her coach or a school administrator of a prescription for the use of the substance for valid medical purposes.

The training shall be in accordance with standards of the American Red Cross, the American Heart Association, or another nationally recognized certifying organization. certificate of need from the Health Facilities and Services Review Board under the Illinois Health Facilities Planning Act before receiving a license by the Department. If, after obtaining its initial certificate of need, an alternative health care delivery model that is a community based residential rehabilitation center seeks to increase the bed capacity of that center, it must obtain a certificate of need from the Health Facilities and Services Review Board before increasing the bed capacity. Alternative health care models in medically underserved areas shall receive priority in obtaining a certificate of need.

(c) An alternative health care model license shall be issued for a period of one year and shall be annually renewed if the facility or program is in substantial compliance with the Department's rules adopted under this Act. A licensed alternative health care model that continues to be in substantial compliance after the conclusion of the demonstration program shall be eligible for annual renewals unless and until a different licensure program for that type of health care model is established by legislation, except that a postsurgical recovery care center meeting the following requirements may apply within 3 years after August 25, 2009 (the effective date of Public Act 96-669) for a Certificate of Need permit to operate as a hospital:

The Department may issue a provisional license to any alternative health care model that does not substantially comply with the provisions of this Act and the rules adopted under this Act if (i) the Department finds that the alternative health care model has undertaken changes and
corrections which upon completion will render the alternative health care model in substantial compliance with this Act and rules and (ii) the health and safety of the patients of the alternative health care model will be protected during the period for which the provisional license is issued. The Department shall advise the licensee of the conditions under which the provisional license is issued, including the manner in which the alternative health care model fails to comply with the provisions of this Act and rules, and the time within which the changes and corrections necessary for the alternative health care model to substantially comply with this Act and rules shall be completed.

(d) Alternative health care models shall seek certification under Titles XVIII and XIX of the federal Social Security Act. In addition, alternative health care models shall provide charitable care consistent with that provided by comparable health care providers in the geographic area.

Sec. 3-305. Penalties or fines. The license of a facility which is in violation of this Act or any rule adopted thereunder may be subject to the penalties or fines levied by the Department as specified in this Section.

(1) Unless a greater penalty or fine is allowed under subsection (3), a licensee who commits a Type "A" violation as defined in Section 1-129 is automatically issued a conditional license for a period of 6 months to coincide with an acceptable plan of correction and assessed a fine computed at a rate of $5.00 per resident in the facility plus 20 cents per resident for each day of the violation, commencing on the date a notice of the violation is served under Section 3-301 and ending on the date the violation is corrected, or a fine of not less than $5,000, or when death, serious mental or physical harm, permanent disability, or disfigurement results, a fine of not less than $10,000, whichever is greater.
(2) A licensee who commits a Type "B" violation or who is issued an administrative warning for a violation of Sections 3-401 through 3-413 or the rules promulgated thereunder is subject to a penalty computed at a rate of $3 per resident in the facility, plus 15 cents per resident for each day of the violation, commencing on the date a notice of the violation is served under Section 3-301 and ending on the date the violation is corrected, or a fine not less than $500, whichever is greater. Such fine shall be assessed on the date of notice of the violation and shall be suspended for violations that continue after such date upon completion of a plan of correction in accordance with Section 3-308 in relation to the assessment of fines and correction. Failure to correct such violation within the time period approved under a plan of correction shall result in a fine and conditional license as provided under subsection (5).

(3) A licensee who commits a Type "A" violation as defined in Section 1-129 which continues beyond the time specified in paragraph (a) of Section 3-303, which is cited as a repeat violation shall have its license revoked and shall be assessed a fine of 3 times the fine computed per resident per day under subsection (1).

A second or subsequent acceptable plan of correction shall be filed. A fine shall be assessed in accordance with subsection (2) when cited for the repeat violation. This fine shall be computed for all days of the violation, including the duration of the first plan of correction compliance time.

(5) For the purpose of computing a penalty under subsections (2) through (4), the number of residents per day shall be based on the average number of residents in the facility during the 30 days preceding the discovery of the violation.

(6) When the Department finds that a provision of Article II has been violated with regard to a particular resident, the Department shall issue an order requiring the facility to reimburse the resident for injuries incurred, or $100, whichever is greater. In the case of a violation involving any action other than theft of...

(7) For purposes of assessing fines under this Section, a repeat violation shall be a violation which has been cited during one inspection of the facility for which an accepted plan of correction was not complied with. A repeat violation shall not be a new citation of the same rule, unless the licensee is not substantially addressing the issue routinely throughout the facility.

Sec. 190.1. Appeal of order directing liquidation - special claims procedure.

(1) Within 5 days of the effective date of this amendatory Act of 1982, or, if later, within 5 days after the filing of a notice of appeal of an order of liquidation, which order has not been stayed, the Director shall present for the circuit court's approval a plan for the continued performance of the defendant company's policy claims obligations, including the duty to defend insureds under liability insurance policies, during the pendency of an appeal. Such plan shall provide for the continued performance and payment of policy claims obligations in the normal course of events, notwithstanding the grounds alleged in support of the order of liquidation including the ground of insolvency. In the event the defendant company's financial condition will not, in the judgment of the Director, support the full performance of all policy claims obligations during the appeal pendency period, the plan may prefer the claims of certain policyholders and claimants over creditors and interested parties as well as other policyholders and claimants, as the Director finds to be fair and equitable considering the relative circumstances of such policyholders and claimants. The circuit court shall examine the plan submitted by the Director and if it finds the plan to be in the best interests of the parties, the circuit court shall approve the plan. No action shall lie against the Director or any of his deputies, agents, clerks, assistants or attorneys by any party based on preference in an appeal pendency plan approved by the circuit court.

(2) The appeal pendency plan shall not supersede affect the obligations of any insurance guaranty fund which under its own state law is required to pay covered claims obligations during the appeal pendency period.

(a) As used in this Section, "habilitative services" means occupational therapy, physical therapy, speech therapy, and other services prescribed by the insured's treating physician pursuant to a treatment plan to enhance the ability of a child to function with a congenital, genetic, or early acquired disorder. A congenital or genetic disorder includes, but is not limited to, hereditary disorders. An early acquired disorder refers to a disorder resulting from illness, trauma, injury, or some other event or
condition suffered by a child prior to that child developing functional life skills such as, but not limited to, walking, talking, or self-help skills. Congenital, genetic, and early acquired disorders may include, but are not limited to, autism or an autism spectrum disorder, cerebral palsy, and other disorders resulting from early childhood illness, trauma, or injury.

(d) Coverage under this Section does not apply to those services that are solely educational in nature or otherwise paid under State or federal law for purely educational services. Nothing in this subsection (d) relieves an insurer or similar third party from an otherwise valid obligation to provide or to pay for services provided to a child with a disability.

(e) Coverage under this Section for children under age 19 shall not apply to treatment of mental or emotional disorders or illnesses as covered under Section 370 of this Code as well as any other benefit based upon a specific diagnosis that may be otherwise required by law.

(g) Any denial of care for habilitative services shall be subject to appeal and external independent review procedures as provided by Section 45 of the Managed Care Reform and Patient Rights Act.

(h) Upon request of the reimbursing insurer, the provider under whose supervision the habilitative services are being provided shall furnish medical records, clinical notes, or other necessary data to allow the insurer to substantiate that initial or continued medical treatment is medically necessary and that the patient's condition is clinically improving. When the treating provider anticipates that continued treatment is or will be required to permit the patient to achieve demonstrable progress, the insurer may request that the provider furnish a treatment plan consisting of diagnosis, proposed treatment by type, frequency, anticipated duration of treatment, the anticipated goals of treatment, and how frequently the treatment plan will be updated.

(i) Rulemaking authority to implement this amendatory Act of the 95th General Assembly, if any, is conditioned on the rules being adopted in accordance with all provisions of the Illinois Administrative Procedure Act and all rules and procedures of the Joint Committee on Administrative Rules; any purported rule not so adopted, for whatever reason, is unauthorized.

(a) (1) On and after the effective date of this Section, every insurer which delivers, issues for delivery or renews or modifies group A&H policies providing coverage for hospital or medical treatment or services for illness on an expense-incurred basis shall offer to the applicant or group policyholder subject to the insurers standards of insurability, coverage for reasonable and necessary treatment and services for mental, emotional or nervous disorders or conditions, other than serious mental illnesses as defined in item (2) of subsection (b), up to the limits provided in the policy for other disorders or conditions, except (i) the insured may be required to pay up to 50% of expenses incurred as a result of the treatment or services, and (ii) the annual benefit limit may be limited to the lesser of $10,000 or 25% of the lifetime policy limit.

(2) Each insured that is covered for mental, emotional or nervous disorders or conditions shall be free to select the physician licensed to practice medicine in all its branches, licensed clinical psychologist, licensed clinical social worker, licensed clinical professional counselor, or licensed marriage and family therapist of his choice to treat such disorders, and the insurer shall pay the covered charges of such physician licensed to practice medicine in all its branches, licensed clinical psychologist, licensed clinical social worker, licensed clinical professional counselor, or licensed marriage and family therapist up to the limits of coverage, provided (i) the disorder or condition treated is covered by the policy, and (ii) the physician, licensed psychologist, licensed clinical social worker, licensed clinical professional counselor, or licensed marriage and family therapist is authorized to provide said services under the statutes of this State and in accordance with accepted principles of his profession.

(3) Insofar as this Section applies solely to licensed clinical social workers, licensed clinical professional counselors, and licensed marriage and family therapists, those persons who may provide services to individuals shall do so after the licensed clinical social worker, licensed clinical professional counselor, or licensed marriage and family therapist has informed the patient of the desirability of the patient conferring with the patient's primary care physician and the licensed clinical social worker, licensed clinical professional counselor, or licensed marriage and family therapist has provided written notification to the patient's primary care physician, if any, that services are being provided to the patient. That notification may, however, be waived by the patient on a written form. Those forms shall be retained by the licensed clinical social worker, licensed clinical professional counselor, or licensed marriage and family therapist for a period of not less than 5 years.

(b) (1) An insurer that provides coverage for hospital or medical expenses under a group policy of accident and health insurance or health care plan amended, delivered, issued, or renewed after the effective date of this amendatory Act of the 92nd General Assembly shall provide coverage under the policy for treatment of serious mental illness under the same terms and conditions as coverage for hospital or medical expenses related to other illnesses and diseases. The coverage required under this Section must provide for same durational limits, amount limits, deductibles, and co-insurance requirements for serious mental illness as are provided for other illnesses and diseases. This subsection does not apply to coverage provided to employees by employers who have 50 or fewer employees.
(2) "Serious mental illness" means the following psychiatric illnesses as defined in the most current edition of the Diagnostic and Statistical Manual (DSM) published by the American Psychiatric Association:

An insurer shall provide a mechanism for the timely review by a provider holding the same license and practicing in the same specialty as the patient's provider, who is unaffiliated with the insurer, jointly selected by the patient (or the patient's next of kin or legal representative if the patient is unable to act for himself or herself), the patient's provider, and the insurer in the event of a dispute between the insurer and patient's provider regarding the medical necessity of a treatment proposed by a patient's provider. If the reviewing provider determines the treatment to be medically necessary, the insurer shall provide reimbursement for the treatment. Future contractual or employment actions by the insurer regarding the patient's provider may not be based on the provider's participation in this procedure. Nothing prevents the insured from agreeing in writing to continue treatment at his or her expense. When making a determination of the medical necessity for a treatment modality for serious mental illness, an insurer must make the determination in a manner that is consistent with the manner used to make that determination with respect to other diseases or illnesses covered under the policy, including an appeals process.

(D) such other information as the Director shall require.

(d) The provisions of Article VIII 1/2 of the Illinois Insurance Code and this Section 5-3 shall apply to the sale by any health maintenance organization of greater than 10% of its enrollee population (including without limitation the health maintenance organization's right, title, and interest in and to its health care certificates).

(e) In considering any management contract or service agreement subject to Section 141.1 of the Illinois Insurance Code, the Director (i) shall, in addition to the criteria specified in Section 141.2 of the Illinois Insurance Code, take into account the effect of the management contract or service agreement on the continuation of benefits to enrollees and the financial condition of the health maintenance organization to be managed or serviced, and (ii) need not take into account the effect of the management contract or service agreement on competition.

(f) Except for small employer groups as defined in the Small Employer Rating, Renewability and Portability Health Insurance Act and except for medicare supplement policies as defined in Section 363 of the Illinois Insurance Code, a Health Maintenance Organization may by contract agree with a group or other enrollment unit to effect refunds or charge additional premiums under the following terms and conditions:

(i) the amount of, and other terms and conditions with respect to, the refund or additional premium are set forth in the group or enrollment unit contract agreed in advance of the period for which a refund is to be paid or additional premium is to be charged (which period shall not be less than one year); and

(ii) the amount of the refund or additional premium shall not exceed 20% of the Health Maintenance Organization's profitable or unprofitable experience with respect to the group or other enrollment unit for the period (and, for purposes of a refund or additional premium, the profitable or unprofitable experience shall be calculated taking into account a pro rata share of the Health Maintenance Organization's administrative and marketing
expenses, but shall not include any refund to be made or additional premium to be paid pursuant to this subsection (f)). The Health Maintenance Organization and the group or enrollment unit may agree that the profitable or unprofitable experience may be calculated taking into account the refund period and the immediately preceding 2 plan years.

The Health Maintenance Organization shall include a statement in the evidence of coverage issued to each enrollee describing the possibility of a refund or additional premium, and upon request of any group or enrollment unit, provide to the group or enrollment unit a description of the method used to calculate (1) the Health Maintenance Organization's profitable experience with respect to the group or enrollment unit and the resulting refund to the group or enrollment unit or (2) the Health Maintenance Organization's unprofitable experience with respect to the group or enrollment unit and the resulting additional premium to be paid by the group or enrollment unit.

In no event shall the Illinois Health Maintenance Organization Guaranty Association be liable to pay any contractual obligation of an insolvent organization to pay any refund authorized under this Section.

(g) Rulemaking authority to implement Public Act 95-1045, if any, is conditioned on the rules being adopted in accordance with all provisions of the Illinois Administrative Procedure Act and all rules and procedures of the Joint Committee on Administrative Rules; any purported rule not so adopted, for whatever reason, is unauthorized.

Section 415. The Public Utilities Act is amended by changing Sections 8-103, 19-105, and 19-112 and by setting forth, renumbering, and changing multiple versions of Section 16-111.8 as follows:

(220 ILCS 5/8-103)

Sec. 8-103. Energy efficiency and demand-response measures.

(a) It is the policy of the State that electric utilities are required to use cost-effective energy efficiency and demand-response measures to reduce delivery load. Requiring investment in cost-effective energy

efficiency and demand-response measures will reduce direct and indirect costs to consumers by decreasing environmental impacts and by avoiding or delaying the need for new generation, transmission, and distribution infrastructure. It serves the public interest to allow electric utilities to recover costs for reasonably and prudently incurred expenses for energy efficiency and demand-response measures. As used in this Section, "cost-effective" means that the measures satisfy the total resource cost test. The low-income measures described in subsection (f)(4) of this Section shall not be required to meet the total resource cost test. For purposes of this Section, the terms "energy-efficiency", "demand-response", "electric utility", and "total resource cost test" shall have the meanings set forth in the Illinois Power Agency Act. For purposes of this Section, the amount per kilowatthour means the total amount paid for electric service expressed on a per kilowatthour basis. For purposes of this Section, the total amount paid for electric service includes without limitation estimated amounts paid for supply, transmission, distribution, surcharges, and add-on-taxes.

(b) Electric utilities shall implement cost-effective energy efficiency measures to meet the following incremental annual energy savings goals:

(1) 0.2% of energy delivered in the year commencing June 1, 2008;
(2) 0.4% of energy delivered in the year commencing June 1, 2009;
(3) 0.6% of energy delivered in the year commencing June 1, 2010;
(4) 0.8% of energy delivered in the year commencing June 1, 2011;
(5) 1% of energy delivered in the year commencing June 1, 2012;
(6) 1.4% of energy delivered in the year commencing June 1, 2013;
(7) 1.8% of energy delivered in the year commencing June 1, 2014; and
(8) 2% of energy delivered in the year commencing June 1, 2015 and each year thereafter.

(c) Electric utilities shall implement cost-effective demand-response measures to reduce peak demand by 0.1% over the prior year for eligible retail customers, as defined in Section 16-111.5 of this Act, and for customers that elect hourly service from the utility pursuant to Section

16-107 of this Act, provided those customers have not been declared competitive. This requirement commences June 1, 2008 and continues for 10 years.

(d) Notwithstanding the requirements of subsections (b) and (c) of this Section, an electric utility shall reduce the amount of energy efficiency and demand-response measures implemented in any single year by an amount necessary to limit the estimated average increase in the amounts paid by retail customers in connection with electric service due to the cost of those measures to:

(1) in 2008, no more than 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007;

(2) in 2009, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2008 or 1% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007;

(3) in 2010, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2009 or 1.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007;

(4) in 2011, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2010 or 2% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007; and

(5) thereafter, the amount of energy efficiency and demand-response measures implemented for any single year shall be reduced by an amount necessary to limit the estimated average net increase due to the cost of these measures included in the amounts paid by eligible retail customers in connection with electric service to no more than the greater of 2.015% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007 or the incremental amount per kilowatthour paid for these measures in 2011.

No later than June 30, 2011, the Commission shall review the limitation on the amount of energy efficiency and demand-response measures implemented pursuant to this Section and report to the General Assembly its findings as to whether that limitation unduly constrains the procurement of energy efficiency and demand-response measures.

(e) Electric utilities shall be responsible for overseeing the design, development, and filing of energy efficiency and demand-response plans with the Commission. Electric utilities shall implement 100% of the demand-response measures in the plans. Electric utilities shall implement 75% of the energy efficiency measures approved by the Commission, and may, as part of that implementation, outsource various aspects of program development and implementation. The remaining 25% of those energy efficiency measures approved by the Commission shall be implemented by the Department of Commerce and Economic Opportunity, and must be designed in conjunction with the utility and the filing process. The Department may outsource development and implementation of energy efficiency measures. A minimum of 10% of the entire portfolio of cost-effective energy efficiency measures shall be procured from units of local government, municipal corporations, school districts, and community college districts. The Department shall coordinate the implementation of these measures.

The apportionment of the dollars to cover the costs to implement the Department's share of the portfolio of energy efficiency measures shall be made to the Department once the Department has executed grants or contracts for energy efficiency measures and provided supporting documentation for those grants and the contracts to the utility.

The details of the measures implemented by the Department shall be submitted by the Department to the Commission in connection with the utility's filing regarding the energy efficiency and demand-response measures that the utility implements.

A utility providing approved energy efficiency and demand-response measures in the State shall be permitted to recover costs of those measures through an automatic adjustment clause tariff filed with and approved by the Commission. The tariff shall be established outside the context of a general rate case. Each year the Commission shall initiate a review to reconcile any amounts collected with the actual costs and to determine the required adjustment to the annual tariff factor to match annual expenditures.

Each utility shall include, in its recovery of costs, the costs estimated for both the utility's and the Department's implementation of energy efficiency and demand-response measures. Costs collected by the utility for measures implemented by the Department shall be submitted to the Department pursuant to Section 605-323 of the Civil Administrative Code of Illinois and shall be used by the Department solely for the purpose

of implementing these measures. A utility shall not be required to advance any moneys to the Department but only to forward such funds as it has collected. The Department shall report to the Commission on an annual basis regarding the costs actually incurred by the Department in the implementation of the measures. Any changes to the costs of energy efficiency measures as a result of plan modifications shall be appropriately reflected in amounts recovered by the utility and turned over to the Department.

The portfolio of measures, administered by both the utilities and the Department, shall, in combination, be designed to achieve the annual savings targets described in subsections (b) and (c) of this Section, as modified by subsection (d) of this Section.

The utility and the Department shall agree upon a reasonable portfolio of measures and determine the measurable corresponding percentage of the savings goals associated with measures implemented by the utility or Department.

No utility shall be assessed a penalty under subsection (f) of this Section for failure to make a timely filing if that failure is the result of a lack of agreement with the Department with respect to the allocation of responsibilities or related costs or target assignments. In that case, the Department and the utility shall file their respective plans with the Commission and the Commission shall determine an appropriate division of measures and programs that meets the requirements of this Section.

If the Department is unable to meet incremental annual performance goals for the portion of the portfolio implemented by the Department, then the utility and the Department shall jointly submit a modified filing to the Commission explaining the performance shortfall and recommending an appropriate course going forward, including any program modifications that may be appropriate in light of the evaluations conducted under item (7) of subsection (f) of this Section. In this case, the utility obligation to collect the Department's costs and turn over those funds to the Department under this subsection (e) shall continue only if the Commission approves the modifications to the plan proposed by the Department.

(f) No later than November 15, 2007, each electric utility shall file an energy efficiency and demand-response plan with the Commission to meet the energy efficiency and demand-response standards for 2008 through 2010. Every 3 years thereafter, each electric utility shall file, no later than October 1, an energy efficiency and demand-response plan with
the Commission. If a utility does not file such a plan by October 1 of an applicable year, it shall face a penalty of $100,000 per day until the plan is filed. Each utility's plan shall set forth the utility's proposals to meet the utility's portion of the energy efficiency standards identified in subsection (b) and the demand-response standards identified in subsection (c) of this Section as modified by subsections (d) and (e), taking into account the unique circumstances of the utility's service territory. The Commission shall seek public comment on the utility's plan and shall issue an order approving or disapproving each plan within 3 months after its submission. If the Commission disapproves a plan, the Commission shall, within 30 days, describe in detail the reasons for the disapproval and describe a path by which the utility may file a revised draft of the plan to address the Commission's concerns satisfactorily. If the utility does not refile with the Commission within 60 days, the utility shall be subject to penalties at a rate of $100,000 per day until the plan is filed. This process shall continue, and penalties shall accrue, until the utility has successfully filed a portfolio of energy efficiency and demand-response measures. Penalties shall be deposited into the Energy Efficiency Trust Fund. In submitting proposed energy efficiency and demand-response plans and funding levels to meet the savings goals adopted by this Act the utility shall:

1. Demonstrate that its proposed energy efficiency and demand-response measures will achieve the requirements that are identified in subsections (b) and (c) of this Section, as modified by subsections (d) and (e).
2. Present specific proposals to implement new building and appliance standards that have been placed into effect.
3. Present estimates of the total amount paid for electric service expressed on a per kilowatthour basis associated with the proposed portfolio of measures designed to meet the requirements that are identified in subsections (b) and (c) of this Section, as modified by subsections (d) and (e).
4. Coordinate with the Department to present a portfolio of energy efficiency measures proportionate to the share of total annual utility revenues in Illinois from households at or below 150% of the poverty level. The energy efficiency programs shall be targeted to households with incomes at or below 80% of area median income.
5. Demonstrate that its overall portfolio of energy efficiency and demand-response measures, not including programs

New matter indicate by italics - deletions by strikeout
covered by item (4) of this subsection (f), are cost-effective using the total resource cost test and represent a diverse cross-section of opportunities for customers of all rate classes to participate in the programs.

(6) Include a proposed cost-recovery tariff mechanism to fund the proposed energy efficiency and demand-response measures and to ensure the recovery of the prudently and reasonably incurred costs of Commission-approved programs.

(7) Provide for an annual independent evaluation of the performance of the cost-effectiveness of the utility's portfolio of measures and the Department's portfolio of measures, as well as a full review of the 3-year results of the broader net program impacts and, to the extent practical, for adjustment of the measures on a going-forward basis as a result of the evaluations. The resources dedicated to evaluation shall not exceed 3% of portfolio resources in any given year.

(g) No more than 3% of energy efficiency and demand-response program revenue may be allocated for demonstration of breakthrough equipment and devices.

(h) This Section does not apply to an electric utility that on December 31, 2005 provided electric service to fewer than 100,000 customers in Illinois.

(i) If, after 2 years, an electric utility fails to meet the efficiency standard specified in subsection (b) of this Section, as modified by subsections (d) and (e), it shall make a contribution to the Low-Income Home Energy Assistance Program. The combined total liability for failure to meet the goal shall be $1,000,000, which shall be assessed as follows: a large electric utility shall pay $665,000, and a medium electric utility shall pay $335,000. If, after 3 years, an electric utility fails to meet the efficiency standard specified in subsection (b) of this Section, as modified by subsections (d) and (e), it shall make a contribution to the Low-Income Home Energy Assistance Program. The combined total liability for failure to meet the goal shall be $1,000,000, which shall be assessed as follows: a large electric utility shall pay $665,000, and a medium electric utility shall pay $335,000. In addition, the responsibility for implementing the energy efficiency measures of the utility making the payment shall be transferred to the Illinois Power Agency if, after 3 years, or in any subsequent 3-year period, the utility fails to meet the efficiency standard specified in subsection (b) of this Section, as modified by subsections (d) and (e). The
Agency shall implement a competitive procurement program to procure resources necessary to meet the standards specified in this Section as modified by subsections (d) and (e), with costs for those resources to be recovered in the same manner as products purchased through the procurement plan as provided in Section 16-111.5. The Director shall implement this requirement in connection with the procurement plan as provided in Section 16-111.5.

For purposes of this Section, (i) a "large electric utility" is an electric utility that, on December 31, 2005, served more than 2,000,000 electric customers in Illinois; (ii) a "medium electric utility" is an electric utility that, on December 31, 2005, served 2,000,000 or fewer but more than 100,000 electric customers in Illinois; and (iii) Illinois electric utilities that are affiliated by virtue of a common parent company are considered a single electric utility.

(j) If, after 3 years, or any subsequent 3-year period, the Department fails to implement the Department's share of energy efficiency measures required by the standards in subsection (b), then the Illinois Power Agency may assume responsibility for and control of the Department's share of the required energy efficiency measures. The Agency shall implement a competitive procurement program to procure resources necessary to meet the standards specified in this Section, with the costs of these resources to be recovered in the same manner as provided for the Department in this Section.

(k) No electric utility shall be deemed to have failed to meet the energy efficiency standards to the extent any such failure is due to a failure of the Department or the Agency.

Sec. 16-111.8. Automatic adjustment clause tariff; uncollectibles.

(a) An electric utility shall be permitted, at its election, to recover through an automatic adjustment clause tariff the incremental difference between its actual uncollectible amount as set forth in Account 904 in the utility's most recent annual FERC Form 1 and the uncollectible amount included in the utility's rates for the period reported in such annual FERC Form 1. The Commission may, in a proceeding to review a general rate case filed subsequent to the effective date of the tariff established under this Section, prospectively switch from using the actual uncollectible amount set forth in Account 904 to using net write-offs in such tariff, but
only if net write-offs are also used to determine the utility's uncollectible amount in rates. In the event the Commission requires such a change, it shall be made effective at the beginning of the first full calendar year after the new rates approved in such proceeding are first placed in effect and an adjustment shall be made, if necessary, to ensure the change does not result in double-recovery or unrecovered uncollectible amounts for any year. For purposes of this Section, "uncollectible amount" means the expense set forth in Account 904 of the utility's FERC Form 1 or cost of net write-offs as appropriate. In the event the utility's rates change during the period of time reported in its most recent annual FERC Form 1, the uncollectible amount included in the utility's rates during such period of time for purposes of this Section will be a weighted average, based on revenues earned during such period by the utility under each set of rates, of the uncollectible amount included in the utility's rates at the beginning of such period and at the end of such period. This difference may either be a charge or a credit to customers depending on whether the uncollectible amount is more or less than the uncollectible amount then included in the utility's rates.

(b) The tariff may be established outside the context of a general rate case filing and shall specify the terms of any applicable audit. The Commission shall review and by order approve, or approve as modified, the proposed tariff within 180 days after the date on which it is filed. Charges and credits under the tariff shall be allocated to the appropriate customer class or classes. In addition, customers who purchase their electric supply from an alternative retail electric supplier shall not be charged by the utility for uncollectible amounts associated with electric supply provided by the utility to the utility's customers, provided that nothing in this Section is intended to affect or alter the rights and obligations imposed pursuant to Section 16-118 of this Act and any Commission order issued thereunder. Upon approval of the tariff, the utility shall, based on the 2008 FERC Form 1, apply the appropriate credit or charge based on the full year 2008 amounts for the remainder of the 2010 calendar year. Starting with the 2009 FERC Form 1 reporting period and each subsequent period, the utility shall apply the appropriate credit or charge over a 12-month period beginning with the June billing period and ending with the May billing period, with the first such billing period beginning June 2010.

(c) The approved tariff shall provide that the utility shall file a petition with the Commission annually, no later than August 31st, seeking
initiation of an annual review to reconcile all amounts collected with the actual uncollectible amount in the prior period. As part of its review, the Commission shall verify that the utility collects no more and no less than its actual uncollectible amount in each applicable FERC Form 1 reporting period. The Commission shall review the prudence and reasonableness of the utility's actions to pursue minimization and collection of uncollectibles which shall include, at a minimum, the 6 enumerated criteria set forth in this Section. The Commission shall determine any required adjustments and may include suggestions for prospective changes in current practices. Nothing in this Section or the implementing tariffs shall affect or alter the electric utility's existing obligation to pursue collection of uncollectibles or the electric utility's right to disconnect service. A utility that has in effect a tariff authorized by this Section shall pursue minimization of and collection of uncollectibles through the following activities, including, but not limited to:

(1) identifying customers with late payments;
(2) contacting the customers in an effort to obtain payment;
(3) providing delinquent customers with information about possible options, including payment plans and assistance programs;
(4) serving disconnection notices;
(5) implementing disconnections based on the level of uncollectibles; and
(6) pursuing collection activities based on the level of uncollectibles.

(d) Nothing in this Section shall be construed to require a utility to immediately disconnect service for nonpayment.

Sec. 16-111.9. Rate relief; electricity suppliers. On and after August 14, 2009 (the effective date of Public Act 96-533) this amendatory Act of the 96th General Assembly, any electric utility providing rate relief pursuant to Section 16-111.5A of this Act shall not deem any residential or non-residential customer to be ineligible to receive that relief solely based upon that customer's purchase of electricity from a supplier other than that electric utility at the time the rate relief is to be credited to that customer. Nothing in this Section shall entitle customers of an electric utility that had been previously deemed ineligible prior to August 14, 2009 (the effective date of Public Act 96-533) this amendatory Act of the 96th General Assembly to become eligible for rate relief credits.

The Disciplinary Board shall have the authority to review the subject physician's record of treatment and counseling regarding the impairment, to the extent permitted by applicable federal statutes and regulations safeguarding the confidentiality of medical records.

An individual licensed under this Act, affected under this Section, shall be afforded an opportunity to demonstrate to the Disciplinary Board that they can resume practice in compliance with acceptable and prevailing standards under the provisions of their license.

The Department may promulgate rules for the imposition of fines in disciplinary cases, not to exceed $10,000 for each violation of this Act. Fines may be imposed in conjunction with other forms of disciplinary action, but shall not be the exclusive disposition of any disciplinary action arising out of conduct resulting in death or injury to a patient. Any funds collected from such fines shall be deposited in the Medical Disciplinary Fund.

(B) The Department shall revoke the license or visiting permit of any person issued under this Act to practice medicine or to treat human ailments without the use of drugs and without operative surgery, who has been convicted a second time of committing any felony under the Illinois Controlled Substances Act or the Methamphetamine Control and Community Protection Act, or who has been convicted a second time of committing a Class 1 felony under Sections 8A-3 and 8A-6 of the Illinois Public Aid Code. A person whose license or visiting permit is revoked under this subsection B of Section 22 of this Act shall be prohibited from
practicing medicine or treating human ailments without the use of drugs and without operative surgery.

(C) The Medical Disciplinary Board shall recommend to the Department civil penalties and any other appropriate discipline in disciplinary cases when the Board finds that a physician willfully performed an abortion with actual knowledge that the person upon whom the abortion has been performed is a minor or an incompetent person without notice as required under the Parental Notice of Abortion Act of 1995. Upon the Board's recommendation, the Department shall impose, for the first violation, a civil penalty of $1,000 and for a second or subsequent violation, a civil penalty of $5,000.

The Board or the Department may order the examining physician or clinical psychologist to present testimony concerning this mental or physical examination of the licensee or applicant. No information shall be excluded by reason of any common law or statutory privilege relating to communications between the licensee or applicant and the examining physician or clinical psychologist. Eye examinations may be provided by a licensed optometrist. The individual to be examined may have, at his or her own expense, another physician of his or her choice present during all aspects of the examination. Failure of any individual to submit to a mental or physical examination, when directed, shall be grounds for suspension of a license until such time as the individual submits to the examination if the Board finds, after notice and hearing, that the refusal to submit to the examination was without reasonable cause.

If the Board finds an individual unable to practice because of the reasons set forth in this Section, the Board shall require such individual to submit to care, counseling, or treatment by physicians or clinical psychologists approved or designated by the Board, as a condition, term, or restriction for continued, reinstated, or renewed licensure to practice, or in lieu of care, counseling, or treatment, the Board may recommend to the Department to file a complaint to immediately suspend, revoke, or otherwise discipline the license of the individual, or the Board may recommend to the Department to file a complaint to suspend, revoke, or otherwise discipline the license of the individual. Any individual whose license was granted pursuant to this Act, or continued, reinstated, renewed, disciplined, or supervised, subject to such conditions, terms, or restrictions, who shall fail to comply with such conditions, terms, or restrictions, shall be referred to the Secretary for a determination as to whether the individual shall have his or her license suspended immediately, pending a hearing by the Board.

(b) The determination by a circuit court that a licensee is subject to involuntary admission or judicial admission as provided in the Mental
Health and Developmental Disabilities Code operates as an automatic suspension. The suspension will end only upon a finding by a court that the patient is no longer subject to involuntary admission or judicial admission and issues an order so finding and discharging the patient; and upon the recommendation of the Board to the Secretary that the licensee be allowed to resume his or her practice.

Section 450. The Physician Assistant Practice Act of 1987 is amended by changing Section 7.5 as follows:

(225 ILCS 95/7.5)

(Section scheduled to be repealed on January 1, 2018)

Sec. 7.5. Prescriptions; written supervision agreements; prescriptive authority.

(a) A written supervision agreement is required for all physician assistants to practice in the State.

(1) A written supervision agreement shall describe the working relationship of the physician assistant with the supervising physician and shall authorize the categories of care, treatment, or procedures to be performed by the physician assistant. The written supervision agreement shall be defined to promote the exercise of professional judgment by the physician assistant commensurate
with his or her education and experience. The services to be provided by the physician assistant shall be services that the supervising physician is authorized to and generally provides to his or her patients in the normal course of his or her clinical medical practice. The written supervision agreement need not describe the exact steps that a physician assistant must take with respect to each specific condition, disease, or symptom but must specify which authorized procedures require the presence of the supervising physician as the procedures are being performed. The supervision relationship under a written supervision agreement shall not be construed to require the personal presence of a physician at all times at the place where services are rendered. Methods of communication shall be available for consultation with the supervising physician in person or by telecommunications in accordance with established written guidelines as set forth in the written supervision agreement.

(2) The written supervision agreement shall be adequate if a physician does each of the following:

(A) Participates in the joint formulation and joint approval of orders or guidelines with the physician assistant and he or she periodically reviews such orders and the services provided patients under such orders in accordance with accepted standards of medical practice and physician assistant practice.

(B) Meets in person with the physician assistant at least once a month to provide supervision.

(3) A copy of the signed, written supervision agreement must be available to the Department upon request from both the physician assistant and the supervising physician.

(4) A physician assistant shall inform each supervising physician of all written supervision agreements he or she has signed and provide a copy of these to any supervising physician upon request.

(b) A supervising physician may, but is not required to, delegate prescriptive authority to a physician assistant as part of a written supervision agreement. This authority may, but is not required to, include prescription of, selection of, orders for, administration of, storage of, acceptance of samples of, and dispensing over the counter medications, legend drugs, medical gases, and controlled substances categorized as

Schedule III through V controlled substances, as defined in Article II of the Illinois Controlled Substances Act, and other preparations, including, but not limited to, botanical and herbal remedies. The supervising physician must have a valid, current Illinois controlled substance license and federal registration with the Drug Enforcement Agency to delegate the authority to prescribe controlled substances.

(1) To prescribe Schedule I, II, IV, or V controlled substances under this Section, a physician assistant must obtain a mid-level practitioner controlled substances license. Medication orders issued by a physician assistant shall be reviewed periodically by the supervising physician.

(2) The supervising physician shall file with the Department notice of delegation of prescriptive authority to a physician assistant and termination of delegation, specifying the authority delegated or terminated. Upon receipt of this notice delegating authority to prescribe Schedule III, IV, or V controlled substances, the physician assistant shall be eligible to register for a mid-level practitioner controlled substances license under Section 303.05 of the Illinois Controlled Substances Act. Nothing in this Act shall be construed to limit the delegation of tasks or duties by the supervising physician to a nurse or other appropriately trained persons in accordance with Section 54.2 of the Medical Practice Act of 1987.

(3) In addition to the requirements of subsection (b) of this Section, a supervising physician may, but is not required to, delegate authority to a physician assistant to prescribe Schedule II controlled substances, if all of the following conditions apply:

(A) No more than 5 Schedule II controlled substances by oral dosage may be delegated.

(B) Any delegation must be controlled substances that the supervising physician prescribes.

(C) Any prescription must be limited to no more than a 30-day oral dosage, with any continuation authorized only after prior approval of the supervising physician.

(c) Nothing in this Act shall be construed to limit the delegation of tasks or duties by a physician to a licensed practical nurse, a registered professional nurse, or other persons.

The Board shall have 60 days from receipt of the report to review the report of the hearing officer and to present its findings of fact, conclusions of law, and recommendations to the Secretary and to all parties to the proceeding. If the Board fails to present its report within the 60-day period, the respondent may request in writing a direct appeal to the Secretary, in which case the Secretary shall, within 7 calendar days after such request, issue an order directing the Board to issue its findings of fact, conclusions of law, and recommendations to the Secretary within 30 calendar days of such order. If the Board fails to issue its findings of fact, conclusions of law, and recommendations within that time frame to the Secretary after the entry of such order, the Secretary shall, within 30 calendar days thereafter, issue an order based upon the report of the hearing officer and the record of the proceedings in accordance with such order. If (i) a direct appeal is requested, (ii) the Board fails to issue its findings of fact, conclusions of law, and recommendations within its 30-day mandate from the Secretary or the Secretary fails to order the Board to do so, and (iii) the Secretary fails to issue an order within 30 calendar days thereafter, then the hearing officer's report is deemed accepted and a final decision of the Secretary. Notwithstanding the foregoing, should the Secretary, upon review, determine that substantial justice has not been done in the revocation, suspension, or refusal to issue or renew a license, or other disciplinary action taken per the result of the entry of such hearing officer's report, the Secretary may order a rehearing by the same or another examiner. If the Secretary disagrees with the recommendation of the Board or hearing officer, he or she may issue an order in contravention of the recommendation.

(2) To have jurisdiction and supervision over all riverboat gambling operations in this State and all persons on riverboats where gambling operations are conducted.

(3) To promulgate rules and regulations for the purpose of administering the provisions of this Act and to prescribe rules, regulations and conditions under which all riverboat gambling in the State shall be conducted. Such rules and regulations are to provide for the prevention of practices detrimental to the public interest and for the best interests of riverboat gambling, including rules and regulations regarding the inspection of such riverboats and the review of any permits or licenses necessary to operate a riverboat under any laws or regulations applicable to riverboats, and to impose penalties for violations thereof.

(4) To enter the office, riverboats, facilities, or other places of business of a licensee, where evidence of the compliance or noncompliance with the provisions of this Act is likely to be found.

(5) To investigate alleged violations of this Act or the rules of the Board and to take appropriate disciplinary action against a licensee or a holder of an occupational license for a violation, or institute appropriate legal action for enforcement, or both.

(6) To adopt standards for the licensing of all persons under this Act, as well as for electronic or mechanical gambling games, and to establish fees for such licenses.

(7) To adopt appropriate standards for all riverboats and facilities.

(8) To require that the records, including financial or other statements of any licensee under this Act, shall be kept in such manner as prescribed by the Board and that any such licensee involved in the ownership or management of gambling operations submit to the Board an annual balance sheet and profit and loss statement, list of the stockholders or other persons having a 1% or greater beneficial interest in the gambling activities of each licensee, and any other information the Board deems necessary in order to effectively administer this Act and all rules, regulations, orders and final decisions promulgated under this Act.

(10) To prescribe a form to be used by any licensee involved in the ownership or management of gambling operations as an application for employment for their employees.

(11) To revoke or suspend licenses, as the Board may see fit and in compliance with applicable laws of the State regarding administrative procedures, and to review applications for the renewal of licenses. The Board may suspend an owners license, without notice or hearing upon a determination that the safety or health of patrons or employees is jeopardized by continuing a riverboat's operation. The suspension may remain in effect until the Board determines that the cause for suspension has been abated. The Board may revoke the owners license upon a determination that the owner has not made satisfactory progress toward abating the hazard.

(12) To eject or exclude or authorize the ejection or exclusion of, any person from riverboat gambling facilities where such person is in violation of this Act, rules and regulations thereunder, or final orders of the Board, or where such person's conduct or reputation is such that his presence within the riverboat gambling facilities may, in the opinion of the Board, call into question the honesty and integrity of the gambling operations or interfere with orderly conduct thereof; provided that the propriety of such ejection or exclusion is subject to subsequent hearing by the Board.

(13) To require all licensees of gambling operations to utilize a cashless wagering system whereby all players' money is converted to tokens, electronic cards, or chips which shall be used only for wagering in the gambling establishment.

the Board or any other action which, in the Board's discretion, is a

detriment or impediment to riverboat gambling operations.

(16) To hire employees to gather information, conduct

investigations and carry out any other tasks contemplated under

this Act.

(17) To establish minimum levels of insurance to be

maintained by licensees.

(18) To authorize a licensee to sell or serve alcoholic

liquors, wine or beer as defined in the Liquor Control Act of 1934

on board a riverboat and to have exclusive authority to establish

the hours for sale and consumption of alcoholic liquor on board a

riverboat, notwithstanding any provision of the Liquor Control Act

of 1934 or any local ordinance, and regardless of whether the

riverboat makes excursions. The establishment of the hours for sale

and consumption of alcoholic liquor on board a riverboat is an

exclusive power and function of the State. A home rule unit may

not establish the hours for sale and consumption of alcoholic liquor

on board a riverboat. This amendatory Act of 1991 is a denial and

limitation of home rule powers and functions under subsection (h)

of Section 6 of Article VII of the Illinois Constitution.

(19) After consultation with the U.S. Army Corps of

Engineers, to establish binding emergency orders upon the

concurrence of a majority of the members of the Board regarding

the navigability of water, relative to excursions, in the event of

extreme weather conditions, acts of God or other extreme

circumstances.

(20) To delegate the execution of any of its powers under

this Act for the purpose of administering and enforcing this Act

and its rules and regulations hereunder.

(20.6) To appoint investigators to conduct investigations,

searches, seizures, arrests, and other duties imposed under this Act,

as deemed necessary by the Board. These investigators have and

Department of Revenue for the use of trained and qualified Department of Revenue investigators to conduct investigations, searches, seizures, arrests, and other duties imposed under this Act and to exercise all of the rights and powers of peace officers, provided that the powers of Department of Revenue investigators under this subdivision (20.7) shall be limited to offenses or violations occurring or committed on a riverboat or dock, as defined in subsections (d) and (f) of Section 4, or as otherwise provided by this Act or any other law. In the event the Department of State Police or the Department of Revenue is unable to fill contracted police or investigative positions, the Board may appoint investigators to fill those positions pursuant to subdivision (20.6).

(21) To take any other action as may be reasonable or appropriate to enforce this Act and rules and regulations hereunder.

(d) The Board may seek and shall receive the cooperation of the Department of State Police in conducting background investigations of applicants and in fulfilling its responsibilities under this Section. Costs incurred by the Department of State Police as a result of such cooperation shall be paid by the Board in conformance with the requirements of Section 2605-400 of the Department of State Police Law (20 ILCS 2605/2605-400).

(e) The Board must authorize to each investigator and to any other employee of the Board exercising the powers of a peace officer a distinct badge that, on its face, (i) clearly states that the badge is authorized by the Board and (ii) contains a unique identifying number. limited to, an employee or independent contractor working for a
manufacturer, distributor, supplier, technician, or terminal operator

terminal, unless that person possesses a valid terminal handler's license
issued under this Act.

(e) Licensed establishment. No video gaming terminal may be
placed in any licensed establishment, licensed veterans establishment,
licensed truck stop establishment, or licensed fraternal establishment
unless the owner or agent of the owner of the licensed establishment,
licensed veterans establishment, licensed truck stop establishment, or
licensed fraternal establishment has entered into a written use agreement
with the terminal operator for placement of the terminals. A copy of the

(g) Financial interest restrictions. As used in this Act, "substantial interest" in a partnership, a corporation, an organization, an association, or a business means:

(B) When, with respect to a partnership, the individual or his or her spouse shares in any of the profits, or potential profits, of the partnership activities; or

(C) When, with respect to a corporation, an individual or his or her spouse is an officer or director, or the individual or his or her spouse is a holder, directly or beneficially, of 5% or more of any class of stock of the corporation; or

(E) When an individual or his or her spouse furnishes 5% or more of the capital, whether in cash, goods, or services, for the operation of any business, association, or organization during any calendar year.

(h) Location restriction. A licensed establishment, licensed truck stop establishment, licensed fraternal establishment, or licensed veterans establishment that is (i) located within 1,000 feet of a facility operated by an organizational licensee, an intertrack wagering licensee, or an intertrack wagering location licensee licensed under the Illinois Horse Racing Act of 1975 or the home dock of a riverboat licensed under the Riverboat Gambling Act or (ii) located within 100 feet of a school or a place of worship under the Religious Corporation Act, is ineligible to operate a video gaming terminal.
(i) The provisions of the Illinois Antitrust Act are fully and equally applicable to the activities of any licensee under this Act.

Section 495. The Liquor Control Act of 1934 is amended by changing Sections 3-12, 6-16.1, and 8-1 as follows:
(235 ILCS 5/3-12)
Sec. 3-12. Powers and duties of State Commission.
(a) The State commission shall have the following powers, functions and duties:

The fine imposed under this paragraph may not exceed $500 for each violation. Each day that the activity, which gave rise to the original fine, continues is a separate violation. Such complaints shall be in writing, signed and sworn to by the person making the complaint, and shall state with specificity the facts in relation to the alleged violation. If the Commission has reasonable grounds to believe that the complaint substantially alleges a violation of this Act or rules and regulations adopted pursuant to
this Act, it shall conduct an investigation. If, after conducting an investigation, the Commission is satisfied that the alleged violation did occur, it shall proceed with disciplinary action against the licensee as provided in this Act.

(6) To hear and determine appeals from orders of a local commission in accordance with the provisions of this Act, as hereinafter set forth. The commission, may, from time to time, alter, amend or repeal, in whole or in part, any uniform system of accounts, or the form and manner of keeping accounts.

(8) In the conduct of any hearing authorized to be held by the commission, to appoint, at the commission's discretion, hearing officers to conduct hearings involving complex issues or issues that will require a protracted period of time to resolve, to examine, or cause to be examined, under oath, any licensee, and to examine or cause to be examined the books and records of such licensee; to hear testimony and take proof material for its information in the
discharge of its duties hereunder; to administer or cause to be administered oaths; for any such purpose to issue subpoena or subpoenas to require the attendance of witnesses and the production of books, which shall be effective in any part of this State, and to adopt rules to implement its powers under this paragraph (8).

(12) To develop and maintain a repository of license and regulatory information.

(13) On or before January 15, 1994, the Commission shall issue a written report to the Governor and General Assembly that is to be based on a comprehensive study of the impact on and implications for the State of Illinois of Section 1926 of the Federal ADAMHA Reorganization Act of 1992 (Public Law 102-321).

New matter indicate by italics - deletions by strikeout
This study shall address the extent to which Illinois currently complies with the provisions of P.L. 102-321 and the rules promulgated pursuant thereto.

As part of its report, the Commission shall provide the following essential information:

(i) the number of retail distributors of tobacco products, by type and geographic area, in the State;

(ii) the number of reported citations and successful convictions, categorized by type and location of retail distributor, for violation of the Prevention of Tobacco Use by Minors and Sale and Distribution of Tobacco Products Act and the Smokeless Tobacco Limitation Act;

(iii) the extent and nature of organized educational and governmental activities that are intended to promote, encourage or otherwise secure compliance with any Illinois laws that prohibit the sale or distribution of tobacco products to minors; and

(iv) the level of access and availability of tobacco products to individuals under the age of 18.

To obtain the data necessary to comply with the provisions of P.L. 102-321 and the requirements of this report, the Commission shall conduct random, unannounced inspections of a geographically and scientifically representative sample of the State's retail tobacco distributors.

The Commission shall consult with the Department of Public Health, the Department of Human Services, the Illinois State Police and any other executive branch agency, and private organizations that may have information relevant to this report.

The Commission may contract with the Food and Drug Administration of the U.S. Department of Health and Human Services to conduct unannounced investigations of Illinois tobacco vendors to determine compliance with federal laws relating to the illegal sale of cigarettes and smokeless tobacco products to persons under the age of 18.

(14) On or before April 30, 2008 and every 2 years thereafter, the Commission shall present a written report to the Governor and the General Assembly that shall be based on a study of the impact of this amendatory Act of the 95th General Assembly on the business of soliciting, selling, and shipping wine from inside
and outside of this State directly to residents of this State. As part of its report, the Commission shall provide all of the following information:

(A) The amount of State excise and sales tax revenues generated.
(B) The amount of licensing fees received.
(C) The number of cases of wine shipped from inside and outside of this State directly to residents of this State.
(D) The number of alcohol compliance operations conducted.
(E) The number of winery shipper's licenses issued.
(F) The number of each of the following: reported violations; cease and desist notices issued by the Commission; notices of violations issued by the Commission and to the Department of Revenue; and notices and complaints of violations to law enforcement officials, including, without limitation, the Illinois Attorney General and the U.S. Department of Treasury's Alcohol and Tobacco Tax and Trade Bureau.

(15) As a means to reduce the under age consumption of alcoholic liquors, the Commission shall conduct alcohol compliance operations to investigate whether businesses that are soliciting, selling, and shipping wine from inside or outside of this State directly to residents of this State are licensed by this State or are selling or attempting to sell wine to persons under 21 years of age in violation of this Act.

(16) The Commission shall, in addition to notifying any appropriate law enforcement agency, submit notices of complaints or violations of Sections 6-29 and 6-29.1 by persons who do not hold a winery shipper's license under this amendatory Act to the Illinois Attorney General and to the U.S. Department of Treasury's Alcohol and Tobacco Tax and Trade Bureau.

(17) (A) A person licensed to make wine under the laws of another state who has a winery shipper's license under this amendatory Act and annually produces less than 25,000 gallons of wine or a person who has a first-class or second-class wine manufacturer's license, a first-class or second-class wine-maker's license, or a limited wine manufacturer's license under this Act and
annually produces less than 25,000 gallons of wine may make
application to the Commission for a self-distribution exemption to
allow the sale of not more than 5,000 gallons of the exemption
holder's wine to retail licensees per year.

(B) In the application, which shall be sworn under
penalty of perjury, such person shall state (1) the date it was
established; (2) its volume of production and sales for each
year since its establishment; (3) its efforts to establish
distributor relationships; (4) that a self-distribution
exemption is necessary to facilitate the marketing of its
wine; and (5) that it will comply with the liquor and
revenue laws of the United States, this State, and any other
state where it is licensed.

(C) The Commission shall approve the application
for a self-distribution exemption if such person: (1) is in
compliance with State revenue and liquor laws; (2) is not a
member of any affiliated group that produces more than
25,000 gallons of wine per annum or produces any other
alcoholic liquor; (3) will not annually produce for sale more
than 25,000 gallons of wine; and (4) will not annually sell
more than 5,000 gallons of its wine to retail licensees.

(D) A self-distribution exemption holder shall
annually certify to the Commission its production of wine
in the previous 12 months and its anticipated production
and sales for the next 12 months. The Commission may
fine, suspend, or revoke a self-distribution exemption after
a hearing if it finds that the exemption holder has made a
material misrepresentation in its application, violated a
revenue or liquor law of Illinois, exceeded production of
25,000 gallons of wine in any calendar year, or become part
of an affiliated group producing more than 25,000 gallons
of wine or any other alcoholic liquor.

(E) Except in hearings for violations of this Act or
amendatory Act or a bona fide investigation by duly sworn
law enforcement officials, the Commission, or its agents,
the Commission shall maintain the production and sales
information of a self-distribution exemption holder as
confidential and shall not release such information to any
person.

(F) The Commission shall issue regulations governing self-distribution exemptions consistent with this Section and this Act.

(G) Nothing in this subsection (17) shall prohibit a self-distribution exemption holder from entering into or simultaneously having a distribution agreement with a licensed Illinois distributor.

(H) It is the intent of this subsection (17) to promote and continue orderly markets. The General Assembly finds that in order to preserve Illinois' regulatory distribution system it is necessary to create an exception for smaller makers of wine as their wines are frequently adjusted in varietals, mixes, vintages, and taste to find and create market niches sometimes too small for distributor or importing distributor business strategies. Limited self-distribution rights will afford and allow smaller makers of wine access to the marketplace in order to develop a customer base without impairing the integrity of the 3-tier system.

(b) On or before April 30, 1999, the Commission shall present a written report to the Governor and the General Assembly that shall be based on a study of the impact of this amendatory Act of 1998 on the business of soliciting, selling, and shipping alcoholic liquor from outside of this State directly to residents of this State.

As part of its report, the Commission shall provide the following information:

(i) the amount of State excise and sales tax revenues generated as a result of this amendatory Act of 1998;
(ii) the amount of licensing fees received as a result of this amendatory Act of 1998;
(iii) the number of reported violations, the number of cease and desist notices issued by the Commission, the number of notices of violations issued to the Department of Revenue, and the number of notices and complaints of violations to law enforcement officials.

(c) The Illinois Law Enforcement Training Standards Board shall develop a model policy and guidelines for the operation of alcohol and tobacco compliance checks by local law enforcement officers. (235 ILCS 5/8-1)

Sec. 8-1. A tax is imposed upon the privilege of engaging in business as a manufacturer or as an importing distributor of alcoholic liquor other than beer at the rate of $0.185 per gallon until September 1, 2009 and $0.231 per gallon beginning September 1, 2009 for cider containing not less than 0.5% alcohol by volume nor more than 7% alcohol by volume, $0.73 per gallon until September 1, 2009 and $1.39 per gallon beginning September 1, 2009 for wine other than cider containing less than 7% alcohol by volume, and $4.50 per gallon until September 1, 2009 and $8.55 per gallon beginning September 1, 2009 on alcohol and spirits manufactured and sold or used by such manufacturer, or as agent for any other person, or sold or used by such importing distributor, or as agent for any other person. A tax is imposed upon the privilege of engaging in business as a manufacturer of beer or as an importing distributor of beer at the rate of $0.185 per gallon until September 1, 2009 and $0.231 per gallon beginning September 1, 2009 on all beer manufactured and sold or used by such manufacturer, or as agent for any other person, or sold or used by such importing distributor, or as agent for any other person. Any brewer manufacturing beer in this State shall be entitled to and given a credit or refund of 75% of the tax imposed on each gallon of beer up to 4.9 million gallons per year in any given calendar year for tax paid or payable on beer produced and sold in the State of Illinois.

For the purpose of this Section, "cider" means any alcoholic beverage obtained by the alcohol fermentation of the juice of apples or pears including, but not limited to, flavored, sparkling, or carbonated cider.

The credit or refund created by this Act shall apply to all beer taxes in the calendar years 1982 through 1986.

The increases made by this amendatory Act of the 91st General Assembly in the rates of taxes imposed under this Section shall apply beginning on July 1, 1999.

New matter indicate by italics - deletions by strikeout
A tax at the rate of 1¢ per gallon on beer and 48¢ per gallon on alcohol and spirits is also imposed upon the privilege of engaging in business as a retailer or as a distributor who is not also an importing distributor with respect to all beer and all alcohol and spirits owned or possessed by such retailer or distributor when this amendatory Act of 1969 becomes effective, and with respect to which the additional tax imposed by this amendatory Act upon manufacturers and importing distributors does not apply. Retailers and distributors who are subject to the additional tax imposed by this paragraph of this Section shall be required to inventory such alcoholic liquor and to pay this additional tax in a manner prescribed by the Department.

The provisions of this Section shall be construed to apply to any importing distributor engaging in business in this State, whether licensed or not.

However, such tax is not imposed upon any such business as to any alcoholic liquor shipped outside Illinois by an Illinois licensed manufacturer or importing distributor, nor as to any alcoholic liquor delivered in Illinois by an Illinois licensed manufacturer or importing distributor to a purchaser for immediate transportation by the purchaser to another state into which the purchaser has a legal right, under the laws of such state, to import such alcoholic liquor, nor as to any alcoholic liquor other than beer sold by one Illinois licensed manufacturer or importing distributor to another Illinois licensed manufacturer or importing distributor to the extent to which the sale of alcoholic liquor other than beer by one Illinois licensed manufacturer or importing distributor to another Illinois licensed manufacturer or importing distributor is authorized by the licensing provisions of this Act, nor to alcoholic liquor whether manufactured in or imported into this State when sold to a "non-beverage user" licensed by the State for use in the manufacture of any of the following when they are unfit for beverage purposes:

- Patent and proprietary medicines and medicinal, antiseptic, culinary and toilet preparations;
- Flavoring extracts and syrups and food products;
- Scientific, industrial and chemical products, excepting denatured alcohol;
- Or for scientific, chemical, experimental or mechanical purposes;

Nor is the tax imposed upon the privilege of engaging in any business in interstate commerce or otherwise, which business may not,
under the Constitution and Statutes of the United States, be made the
subject of taxation by this State.

The tax herein imposed shall be in addition to all other occupation
or privilege taxes imposed by the State of Illinois or political subdivision
thereof.

If any alcoholic liquor manufactured in or imported into this State
is sold to a licensed manufacturer or importing distributor by a licensed
manufacturer or importing distributor to be used solely as an ingredient in
the manufacture of any beverage for human consumption, the tax imposed
upon such purchasing manufacturer or importing distributor shall be
reduced by the amount of the taxes which have been paid by the selling
manufacturer or importing distributor under this Act as to such alcoholic
liquor so used to the Department of Revenue.

If any person received any alcoholic liquors from a manufacturer or
importing distributor, with respect to which alcoholic liquors no tax is
imposed under this Article, and such alcoholic liquor shall thereafter be
disposed of in such manner or under such circumstances as may cause the
same to become the base for the tax imposed by this Article, such person
shall make the same reports and returns, pay the same taxes and be subject
to all other provisions of this Article relating to manufacturers and
importing distributors.

Nothing in this Article shall be construed to require the payment to
the Department of the taxes imposed by this Article more than once with
respect to any quantity of alcoholic liquor sold or used within this State.

No tax is imposed by this Act on sales of alcoholic liquor by
Illinois licensed foreign importers to Illinois licensed importing
distributors.

All of the proceeds of the additional tax imposed by Public Act 96-
34 this amendatory Act of the 96th General Assembly shall be deposited
by the Department into the Capital Projects Fund. The remainder of the tax
imposed by this Act shall be deposited by the Department into the General
Revenue Fund.

The provisions of this Section 8-1 are severable under Section 1.31
of the Statute on Statutes.

Section 500. The Illinois Public Aid Code is amended by changing
Sections 4-2, 5-2, 5-5.4, 5-5, 12-4.11, and 12-4.201 and by setting forth
and renumbering multiple versions of Section 12-4.37 as follows:

Sec. 4-2. Amount of aid.

(a) The amount and nature of financial aid shall be determined in accordance with the grant amounts, rules and regulations of the Illinois Department. Due regard shall be given to the self-sufficiency requirements of the family and to the income, money contributions and other support and resources available, from whatever source. However, the amount and nature of any financial aid is not affected by the payment of any grant under the "Senior Citizens and Disabled Persons Property Tax Relief and Pharmaceutical Assistance Act" or any distributions or items of income described under subparagraph (X) of paragraph (2) of subsection (a) of Section 203 of the Illinois Income Tax Act. The aid shall be sufficient, when added to all other income, money contributions and support to provide the family with a grant in the amount established by Department regulation. **Beginning July 1, 2008, the Department of Human Services shall increase TANF grant amounts in effect on June 30, 2008 by 9%.**

Subject to appropriation, beginning on July 1, 2008, the Department of Human Services shall increase TANF grant amounts in effect on June 30, 2008 by 15%. The Department is authorized to administer this increase but may not otherwise adopt any rule to implement this increase.

(b) The Illinois Department may conduct special projects, which may be known as Grant Diversion Projects, under which recipients of financial aid under this Article are placed in jobs and their grants are diverted to the employer who in turn makes payments to the recipients in the form of salary or other employment benefits. The Illinois Department shall by rule specify the terms and conditions of such Grant Diversion Projects. Such projects shall take into consideration and be coordinated with the programs administered under the Illinois Emergency Employment Development Act.

(c) The amount and nature of the financial aid for a child requiring care outside his own home shall be determined in accordance with the rules and regulations of the Illinois Department, with due regard to the needs and requirements of the child in the foster home or institution in which he has been placed.

(d) If the Department establishes grants for family units consisting exclusively of a pregnant woman with no dependent child or including her husband if living with her, the grant amount for such a unit shall be equal to the grant amount for an assistance unit consisting of one adult, or 2

New matter indicate by italics - deletions by strikeout
persons if the husband is included. Other than as herein described, an unborn child shall not be counted in determining the size of an assistance unit or for calculating grants.

Payments for basic maintenance requirements of a child or children and the relative with whom the child or children are living shall be prescribed, by rule, by the Illinois Department.

Grants under this Article shall not be supplemented by General Assistance provided under Article VI.

(e) Grants shall be paid to the parent or other person with whom the child or children are living, except for such amount as is paid in behalf of the child or his parent or other relative to other persons or agencies pursuant to this Code or the rules and regulations of the Illinois Department.

(f) Subject to subsection (f-5), an assistance unit, receiving financial aid under this Article or temporarily ineligible to receive aid under this Article under a penalty imposed by the Illinois Department for failure to comply with the eligibility requirements or that voluntarily requests termination of financial assistance under this Article and becomes subsequently eligible for assistance within 9 months, shall not receive any increase in the amount of aid solely on account of the birth of a child; except that an increase is not prohibited when the birth is (i) of a child of a pregnant woman who became eligible for aid under this Article during the pregnancy, or (ii) of a child born within 10 months after the date of implementation of this subsection, or (iii) of a child conceived after a family became ineligible for assistance due to income or marriage and at least 3 months of ineligibility expired before any reapplication for assistance. This subsection does not, however, prevent a unit from receiving a general increase in the amount of aid that is provided to all recipients of aid under this Article.

The Illinois Department is authorized to transfer funds, and shall use any budgetary savings attributable to not increasing the grants due to the births of additional children, to supplement existing funding for employment and training services for recipients of aid under this Article IV. The Illinois Department shall target, to the extent the supplemental funding allows, employment and training services to the families who do not receive a grant increase after the birth of a child. In addition, the Illinois Department shall provide, to the extent the supplemental funding allows, such families with up to 24 months of transitional child care pursuant to Illinois Department rules. All remaining supplemental funds

shall be used for employment and training services or transitional child care support.

In making the transfers authorized by this subsection, the Illinois Department shall first determine, pursuant to regulations adopted by the Illinois Department for this purpose, the amount of savings attributable to not increasing the grants due to the births of additional children. Transfers may be made from General Revenue Fund appropriations for distributive purposes authorized by Article IV of this Code only to General Revenue Fund appropriations for employability development services including operating and administrative costs and related distributive purposes under Article IXA of this Code. The Director, with the approval of the Governor, shall certify the amount and affected line item appropriations to the State Comptroller.

Nothing in this subsection shall be construed to prohibit the Illinois Department from using funds under this Article IV to provide assistance in the form of vouchers that may be used to pay for goods and services deemed by the Illinois Department, by rule, as suitable for the care of the child such as diapers, clothing, school supplies, and cribs.

(f-5) Subsection (f) shall not apply to affect the monthly assistance amount of any family as a result of the birth of a child on or after January 1, 2004. As resources permit after January 1, 2004, the Department may cease applying subsection (f) to limit assistance to families receiving assistance under this Article on January 1, 2004, with respect to children born prior to that date. In any event, subsection (f) shall be completely inoperative on and after July 1, 2007.

(g) (Blank).

(h) Notwithstanding any other provision of this Code, the Illinois Department is authorized to reduce payment levels used to determine cash grants under this Article after December 31 of any fiscal year if the Illinois Department determines that the caseload upon which the appropriations for the current fiscal year are based have increased by more than 5% and the appropriation is not sufficient to ensure that cash benefits under this Article do not exceed the amounts appropriated for those cash benefits. Reductions in payment levels may be accomplished by emergency rule under Section 5-45 of the Illinois Administrative Procedure Act, except that the limitation on the number of emergency rules that may be adopted in a 24-month period shall not apply and the provisions of Sections 5-115 and 5-125 of the Illinois Administrative Procedure Act shall not apply. Increases in payment levels shall be accomplished only in accordance with

Section 5-40 of the Illinois Administrative Procedure Act. Before any rule
to increase payment levels promulgated under this Section shall become
effective, a joint resolution approving the rule must be adopted by a roll
call vote by a majority of the members elected to each chamber of the
General Assembly.

To be eligible, a person must furnish a Social Security number. A person's assets are exempt from consideration in determining eligibility under this paragraph 16. Such persons shall be eligible for medical assistance under this paragraph 16 for so long as they need treatment for the cancer. A person shall be considered to need treatment if, in the opinion of the person's treating physician, the person requires therapy directed toward cure or palliation of prostate or testicular cancer, including recurrent metastatic cancer that is a known or presumed complication of prostate or testicular cancer and complications resulting from the treatment modalities themselves. Persons who require only routine monitoring services are not considered to need treatment. "Medical assistance" under this paragraph 16 shall be identical to the benefits provided under the State's approved plan under Title XIX of the Social Security Act. The Illinois Department and the Governor shall provide a plan for coverage of the persons eligible under paragraph 7 as soon as possible after July 1, 1984.

The eligibility of any such person for medical assistance under this Article is not affected by the payment of any grant under the Senior Citizens and Disabled Persons Property Tax Relief and Pharmaceutical Assistance Act or any distributions or items of income described under subparagraph (X) of paragraph (2) of subsection (a) of Section 203 of the Illinois Income Tax Act. The Department shall by rule establish the amounts of assets to be disregarded in determining eligibility for medical assistance, which shall at a minimum equal the amounts to be disregarded under the Federal Supplemental Security Income Program. The amount of assets of a single person to be disregarded shall not be less than $2,000, and the amount of assets of a married couple to be disregarded shall not be less than $3,000.

To the extent permitted under federal law, any person found guilty of a second violation of Article VIIIA shall be ineligible for medical assistance under this Article, as provided in Section 8A-8.

The eligibility of any person for medical assistance under this Article shall not be affected by the receipt by the person of donations or benefits from fundraisers held for the person in cases of serious illness, as long as neither the person nor members of the person's family have actual control over the donations or benefits or the disbursement of the donations or benefits.

Sec. 5-5. Medical services. The Illinois Department, by rule, shall determine the quantity and quality of and the rate of reimbursement for the medical assistance for which payment will be authorized, and the medical services to be provided, which may include all or part of the following: (1) inpatient hospital services; (2) outpatient hospital services; (3) other laboratory and X-ray services; (4) skilled nursing home services; (5) physicians' services whether furnished in the office, the patient's home, a hospital, a skilled nursing home, or elsewhere; (6) medical care, or any
other type of remedial care furnished by licensed practitioners; (7) home health care services; (8) private duty nursing service; (9) clinic services; (10) dental services, including prevention and treatment of periodontal disease and dental caries disease for pregnant women, provided by an individual licensed to practice dentistry or dental surgery; for purposes of this item (10), "dental services" means diagnostic, preventive, or corrective procedures provided by or under the supervision of a dentist in the practice of his or her profession; (11) physical therapy and related services; (12) prescribed drugs, dentures, and prosthetic devices; and eyeglasses prescribed by a physician skilled in the diseases of the eye, or by an optometrist, whichever the person may select; (13) other diagnostic, screening, preventive, and rehabilitative services; (14) transportation and such other expenses as may be necessary; (15) medical treatment of sexual assault survivors, as defined in Section 1a of the Sexual Assault Survivors Emergency Treatment Act, for injuries sustained as a result of the sexual assault, including examinations and laboratory tests to discover evidence which may be used in criminal proceedings arising from the sexual assault; (16) the diagnosis and treatment of sickle cell anemia; and (17) any other medical care, and any other type of remedial care recognized under the laws of this State, but not including abortions, or induced miscarriages or premature births, unless, in the opinion of a physician, such procedures are necessary for the preservation of the life of the woman seeking such treatment, or except an induced premature birth intended to produce a live viable child and such procedure is necessary for the health of the mother or her unborn child. The Illinois Department, by rule, shall prohibit any physician from providing medical assistance to anyone eligible therefor under this Code where such physician has been found guilty of performing an abortion procedure in a wilful and wanton manner upon a woman who was not pregnant at the time such abortion procedure was performed. The term "any other type of remedial care" shall include nursing care and nursing home service for persons who rely on treatment by spiritual means alone through prayer for healing.

Notwithstanding any other provision of this Section, a comprehensive tobacco use cessation program that includes purchasing prescription drugs or prescription medical devices approved by the Food and Drug administration shall be covered under the medical assistance program under this Article for persons who are otherwise eligible for assistance under this Article.
Notwithstanding any other provision of this Code, the Illinois Department may not require, as a condition of payment for any laboratory test authorized under this Article, that a physician’s handwritten signature appear on the laboratory test order form. The Illinois Department may, however, impose other appropriate requirements regarding laboratory test order documentation.

The Department of Healthcare and Family Services shall provide the following services to persons eligible for assistance under this Article who are participating in education, training or employment programs operated by the Department of Human Services as successor to the Department of Public Aid:

(1) dental services provided by or under the supervision of a dentist; and

(2) eyeglasses prescribed by a physician skilled in the diseases of the eye, or by an optometrist, whichever the person may select.

The Illinois Department, by rule, may distinguish and classify the medical services to be provided only in accordance with the classes of persons designated in Section 5-2.

The Department of Healthcare and Family Services must provide coverage and reimbursement for amino acid-based elemental formulas, regardless of delivery method, for the diagnosis and treatment of (i) eosinophilic disorders and (ii) short bowel syndrome when the prescribing physician has issued a written order stating that the amino acid-based elemental formula is medically necessary.

The Illinois Department shall authorize the provision of, and shall authorize payment for, screening by low-dose mammography for the presence of occult breast cancer for women 35 years of age or older who are eligible for medical assistance under this Article, as follows:

(A) A baseline mammogram for women 35 to 39 years of age.

(B) An annual mammogram for women 40 years of age or older.

(C) A mammogram at the age and intervals considered medically necessary by the woman's health care provider for women under 40 years of age and having a family history of breast cancer, prior personal history of breast cancer, positive genetic testing, or other risk factors.
(D) A comprehensive ultrasound screening of an entire breast or breasts if a mammogram demonstrates heterogeneous or dense breast tissue, when medically necessary as determined by a physician licensed to practice medicine in all of its branches.

All screenings shall include a physical breast exam, instruction on self-examination and information regarding the frequency of self-examination and its value as a preventative tool. For purposes of this Section, "low-dose mammography" means the x-ray examination of the breast using equipment dedicated specifically for mammography, including the x-ray tube, filter, compression device, and image receptor, with an average radiation exposure delivery of less than one rad per breast for 2 views of an average size breast. The term also includes digital mammography.

On and after July 1, 2008, screening and diagnostic mammography shall be reimbursed at the same rate as the Medicare program's rates, including the increased reimbursement for digital mammography.

The Department shall convene an expert panel including representatives of hospitals, free-standing mammography facilities, and doctors, including radiologists, to establish quality standards. Based on these quality standards, the Department shall provide for bonus payments to mammography facilities meeting the standards for screening and diagnosis. The bonus payments shall be at least 15% higher than the Medicare rates for mammography.

Subject to federal approval, the Department shall establish a rate methodology for mammography at federally qualified health centers and other encounter-rate clinics. These clinics or centers may also collaborate with other hospital-based mammography facilities.

The Department shall establish a methodology to remind women who are age-appropriate for screening mammography, but who have not received a mammogram within the previous 18 months, of the importance and benefit of screening mammography.

The Department shall establish a performance goal for primary care providers with respect to their female patients over age 40 receiving an annual mammogram. This performance goal shall be used to provide additional reimbursement in the form of a quality performance bonus to primary care providers who meet that goal.

The Department shall devise a means of case-managing or patient navigation for beneficiaries diagnosed with breast cancer. This program shall initially operate as a pilot program in areas of the State with the
highest incidence of mortality related to breast cancer. At least one pilot program site shall be in the metropolitan Chicago area and at least one site shall be outside the metropolitan Chicago area. An evaluation of the pilot program shall be carried out measuring health outcomes and cost of care for those served by the pilot program compared to similarly situated patients who are not served by the pilot program.

Any medical or health care provider shall immediately recommend, to any pregnant woman who is being provided prenatal services and is suspected of drug abuse or is addicted as defined in the Alcoholism and Other Drug Abuse and Dependency Act, referral to a local substance abuse treatment provider licensed by the Department of Human Services or to a licensed hospital which provides substance abuse treatment services. The Department of Healthcare and Family Services shall assure coverage for the cost of treatment of the drug abuse or addiction for pregnant recipients in accordance with the Illinois Medicaid Program in conjunction with the Department of Human Services.

All medical providers providing medical assistance to pregnant women under this Code shall receive information from the Department on the availability of services under the Drug Free Families with a Future or any comparable program providing case management services for addicted women, including information on appropriate referrals for other social services that may be needed by addicted women in addition to treatment for addiction.

The Illinois Department, in cooperation with the Departments of Human Services (as successor to the Department of Alcoholism and Substance Abuse) and Public Health, through a public awareness campaign, may provide information concerning treatment for alcoholism and drug abuse and addiction, prenatal health care, and other pertinent programs directed at reducing the number of drug-affected infants born to recipients of medical assistance.

Neither the Department of Healthcare and Family Services nor the Department of Human Services shall sanction the recipient solely on the basis of her substance abuse.

The Illinois Department shall establish such regulations governing the dispensing of health services under this Article as it shall deem appropriate. The Department should seek the advice of formal professional advisory committees appointed by the Director of the Illinois Department for the purpose of providing regular advice on policy and administrative matters, information dissemination and educational activities for medical

and health care providers, and consistency in procedures to the Illinois Department.

The Illinois Department may develop and contract with Partnerships of medical providers to arrange medical services for persons eligible under Section 5-2 of this Code. Implementation of this Section may be by demonstration projects in certain geographic areas. The Partnership shall be represented by a sponsor organization. The Department, by rule, shall develop qualifications for sponsors of Partnerships. Nothing in this Section shall be construed to require that the sponsor organization be a medical organization.

The sponsor must negotiate formal written contracts with medical providers for physician services, inpatient and outpatient hospital care, home health services, treatment for alcoholism and substance abuse, and other services determined necessary by the Illinois Department by rule for delivery by Partnerships. Physician services must include prenatal and obstetrical care. The Illinois Department shall reimburse medical services delivered by Partnership providers to clients in target areas according to provisions of this Article and the Illinois Health Finance Reform Act, except that:

(1) Physicians participating in a Partnership and providing certain services, which shall be determined by the Illinois Department, to persons in areas covered by the Partnership may receive an additional surcharge for such services.

(2) The Department may elect to consider and negotiate financial incentives to encourage the development of Partnerships and the efficient delivery of medical care.

(3) Persons receiving medical services through Partnerships may receive medical and case management services above the level usually offered through the medical assistance program.

Medical providers shall be required to meet certain qualifications to participate in Partnerships to ensure the delivery of high quality medical services. These qualifications shall be determined by rule of the Illinois Department and may be higher than qualifications for participation in the medical assistance program. Partnership sponsors may prescribe reasonable additional qualifications for participation by medical providers, only with the prior written approval of the Illinois Department.

Nothing in this Section shall limit the free choice of practitioners, hospitals, and other providers of medical services by clients. In order to ensure patient freedom of choice, the Illinois Department shall
immediately promulgate all rules and take all other necessary actions so that provided services may be accessed from therapeutically certified optometrists to the full extent of the Illinois Optometric Practice Act of 1987 without discriminating between service providers.

The Department shall apply for a waiver from the United States Health Care Financing Administration to allow for the implementation of Partnerships under this Section.

The Illinois Department shall require health care providers to maintain records that document the medical care and services provided to recipients of Medical Assistance under this Article. The Illinois Department shall require health care providers to make available, when authorized by the patient, in writing, the medical records in a timely fashion to other health care providers who are treating or serving persons eligible for Medical Assistance under this Article. All dispensers of medical services shall be required to maintain and retain business and professional records sufficient to fully and accurately document the nature, scope, details and receipt of the health care provided to persons eligible for medical assistance under this Code, in accordance with regulations promulgated by the Illinois Department. The rules and regulations shall require that proof of the receipt of prescription drugs, dentures, prosthetic devices and eyeglasses by eligible persons under this Section accompany each claim for reimbursement submitted by the dispenser of such medical services. No such claims for reimbursement shall be approved for payment by the Illinois Department without such proof of receipt, unless the Illinois Department shall have put into effect and shall be operating a system of post-payment audit and review which shall, on a sampling basis, be deemed adequate by the Illinois Department to assure that such drugs, dentures, prosthetic devices and eyeglasses for which payment is being made are actually being received by eligible recipients. Within 90 days after the effective date of this amendatory Act of 1984, the Illinois Department shall establish a current list of acquisition costs for all prosthetic devices and any other items recognized as medical equipment and supplies reimbursable under this Article and shall update such list on a quarterly basis, except that the acquisition costs of all prescription drugs shall be updated no less frequently than every 30 days as required by Section 5-5.12.

The rules and regulations of the Illinois Department shall require that a written statement including the required opinion of a physician shall accompany any claim for reimbursement for abortions, or induced

miscarriages or premature births. This statement shall indicate what procedures were used in providing such medical services.

The Illinois Department shall require all dispensers of medical services, other than an individual practitioner or group of practitioners, desiring to participate in the Medical Assistance program established under this Article to disclose all financial, beneficial, ownership, equity, surety or other interests in any and all firms, corporations, partnerships, associations, business enterprises, joint ventures, agencies, institutions or other legal entities providing any form of health care services in this State under this Article.

The Illinois Department may require that all dispensers of medical services desiring to participate in the medical assistance program established under this Article disclose, under such terms and conditions as the Illinois Department may by rule establish, all inquiries from clients and attorneys regarding medical bills paid by the Illinois Department, which inquiries could indicate potential existence of claims or liens for the Illinois Department.

Enrollment of a vendor that provides non-emergency medical transportation, defined by the Department by rule, shall be conditional for 180 days. During that time, the Department of Healthcare and Family Services may terminate the vendor's eligibility to participate in the medical assistance program without cause. That termination of eligibility is not subject to the Department's hearing process.

The Illinois Department shall establish policies, procedures, standards and criteria by rule for the acquisition, repair and replacement of orthotic and prosthetic devices and durable medical equipment. Such rules shall provide, but not be limited to, the following services: (1) immediate repair or replacement of such devices by recipients without medical authorization; and (2) rental, lease, purchase or lease-purchase of durable medical equipment in a cost-effective manner, taking into consideration the recipient's medical prognosis, the extent of the recipient's needs, and the requirements and costs for maintaining such equipment. Such rules shall enable a recipient to temporarily acquire and use alternative or substitute devices or equipment pending repairs or replacements of any device or equipment previously authorized for such recipient by the Department.

The Department shall execute, relative to the nursing home prescreening project, written inter-agency agreements with the Department of Human Services and the Department on Aging, to effect the following:

The Illinois Department shall report annually to the General Assembly, no later than the second Friday in April of 1979 and each year thereafter, in regard to:

(a) actual statistics and trends in utilization of medical services by public aid recipients;
(b) actual statistics and trends in the provision of the various medical services by medical vendors;
(c) current rate structures and proposed changes in those rate structures for the various medical vendors; and
(d) efforts at utilization review and control by the Illinois Department.

The period covered by each report shall be the 3 years ending on the June 30 prior to the report. The report shall include suggested legislation for consideration by the General Assembly. The filing of one copy of the report with the Speaker, one copy with the Minority Leader and one copy with the Clerk of the House of Representatives, one copy with the President, one copy with the Minority Leader and one copy with the Secretary of the Senate, one copy with the Legislative Research Unit, and such additional copies with the State Government Report Distribution Center for the General Assembly as is required under paragraph (t) of Section 7 of the State Library Act shall be deemed sufficient to comply with this Section.

Rulemaking authority to implement Public Act 95-1045 this amendatory Act of the 95th General Assembly, if any, is conditioned on the rules being adopted in accordance with all provisions of the Illinois Administrative Procedure Act and all rules and procedures of the Joint Committee on Administrative Rules; any purported rule not so adopted, for whatever reason, is unauthorized.

Sec. 5-5.4. Standards of Payment - Department of Healthcare and Family Services. The Department of Healthcare and Family Services shall develop standards of payment of skilled nursing and intermediate care services in facilities providing such services under this Article which:

(1) Provide for the determination of a facility's payment for skilled nursing and intermediate care services on a prospective basis. The amount of the payment rate for all nursing facilities certified by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities, Long Term Care for Under Age 22 facilities, Skilled Nursing facilities, or Intermediate Care facilities under the medical assistance program shall be prospectively established annually on the basis of historical, financial, and statistical data reflecting actual costs from prior years, which shall be applied to the current rate year and updated for inflation, except that the capital cost element for newly constructed facilities shall be based upon projected budgets. The annually established payment rate shall take effect on July 1 in 1984 and
subsequent years. No rate increase and no update for inflation shall be provided on or after July 1, 1994 and before July 1, 2010, unless specifically provided for in this Section. For facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, a new payment methodology must be implemented for the nursing component of the rate effective July 1, 2003. The Department of Public Aid (now Healthcare and Family Services) shall develop the new payment methodology using the Minimum Data Set (MDS) as the instrument to collect information concerning nursing home resident condition necessary to compute the rate. The Department shall develop the new payment methodology to meet the unique needs of Illinois nursing home residents while remaining subject to the appropriations provided by the General Assembly. A transition period from the payment methodology in effect on June 30, 2003 to the payment methodology in effect on July 1, 2003 shall be provided for a period not exceeding 3 years and 184 days after implementation of the new payment methodology as follows:

(A) For a facility that would receive a lower nursing component rate per patient day under the new system than the facility received effective on the date immediately preceding the date that the Department implements the new payment methodology, the nursing component rate per patient day for the facility shall be held at the level in effect on the date immediately preceding the date that the Department implements the new payment methodology until a higher nursing component rate of reimbursement is achieved by that facility.

The socio-development component of the rate shall be increased by a factor of 2.53 on the first day of the month that begins at least 45 days after January 11, 2008 (the effective date of Public Act 95-707). As of August 1, 2008, the socio-development component rate shall be equal to 6.6% of the facility's nursing component rate as of January 1, 2006, multiplied by a factor of 3.53. The Illinois Department may by rule adjust these socio-development component rates, but in no case may such rates be diminished.

These costs shall be passed through to the facility without caps or limitations, except for adjustments required under normal auditing procedures.

Rates established effective each July 1 shall govern payment for services rendered throughout that fiscal year, except that rates established on July 1, 1996 shall be increased by 6.8% for services provided on or after January 1, 1997. Such rates will be based upon the rates calculated for the year beginning July 1, 1990, and for subsequent years thereafter until June 30, 2001 shall be based on the facility cost reports for the facility fiscal year ending at any point in time during the previous calendar year, updated to the midpoint of the rate year. The cost report shall be on file with the Department no later than April 1 of the current rate year. Should the cost report not be on file by April 1, the Department shall base the rate on the latest cost report filed by each skilled care facility and intermediate care facility, updated to the midpoint of the current rate year. If no person has agreed to pay the total cost of the (i) funeral and (ii) burial or cremation charges, the Department shall pay the vendor the actual costs of the (i) funeral and (ii) burial or cremation, or the minimum allowable amount for each service as established by the Department, whichever is less, provided that the Department reduces its payments by the amount available from the following sources: the decedent's assets and available resources and the anticipated amounts of any death benefits available to the decedent's estate, and amounts paid and arranged to be paid by the decedent's legally responsible relatives. The dental clinic must be willing to accept out-of-area clients who need dental services, including emergency services for adults and Early and Periodic Screening, Diagnosis and Treatment (EPSDT)-referral children. Sec. 12-4.201. (a) Data warehouse concerning medical and related services.

(a) The Department of Healthcare and Family Services may purchase services and materials associated with the costs of developing and implementing a data warehouse comprised of management and decision making information in regard to the liability associated with, and utilization of, medical and related services, out of moneys available for that purpose.

(b) The Department of Healthcare and Family Services shall perform all necessary administrative functions to expand its linearly-scalable data warehouse to encompass other healthcare data sources at both the Department of Human Services and the Department of Public Health. The Department of Healthcare and Family Services shall leverage the inherent capabilities of the data warehouse to accomplish this expansion with marginal additional technical administration. The purpose of this expansion is to allow for programmatic review and analysis including the interrelatedness among the various healthcare programs in order to ascertain effectiveness toward, and ultimate impact on, clients. Beginning July 1, 2005, the Department of Healthcare and Family Services (formerly Department of Public Aid) shall supply quarterly reports to the Commission on Government Forecasting and Accountability detailing progress toward this mandate.

(c) The Department of Healthcare and Family Services (HFS), the Illinois Department of Public Health, the Illinois Department of Human Services, and the Division of Specialized Care for Children, University of Illinois at Chicago, with necessary support from the Department of Central Management Services, shall integrate into the medical data warehouse individual record level data owned by one of these agencies that pertains to maternal and child health, including the following data sets:

(1) Vital Records as they relate to births, birth outcomes, and deaths.

New matter indicate by italics - deletions by strikeout
(2) Adverse Pregnancy Outcomes Reporting System (APORS).
(3) Genetics/Newborn Screenings/SIDS.
(4) Cornerstone (WIC, FCM, Teen Parents, Immunization).
(5) HFS medical claims data.
(6) I-CARE.

By September 1, 2009, the departments of Healthcare and Family Services, Public Health, and Human Services and the Division of Specialized Care for Children shall jointly prepare a work plan for fully integrating these data sets into the medical data warehouse. The work plan shall provide an overall project design, including defining a mutually acceptable transfer format for each discrete data set, the data update frequency, and a single method of data transfer for each data set. By October 1, 2009, the Department of Public Health shall grant to the Department of Healthcare and Family Services complete access to all vital records data. The Department of Public Health shall prepare a report detailing that this task has been accomplished and submit this report to the Commission on Government Forecasting and Accountability by October 15, 2009. By March 1, 2010, the data sets shall be completely loaded into the medical data warehouse. By July 1, 2010, data from the various sources shall be processed so as to be compatible with other data in the medical data warehouse and available for analysis in an integrated manner.

With the cooperation of the other agencies, HFS shall submit status reports on the progress of these efforts to the Governor and the General Assembly no later than October 1, 2009 and April 1, 2010, with a final report due no later than November 1, 2010.

On an ongoing basis, the 4 agencies shall review the feasibility of adding data from additional sources to the warehouse. Such review may take into account the cost effectiveness of adding the data, the utility of adding data that is not available as identifiable individual record level data, the requirements related to adding data owned by another entity or not available in electronic form, whether sharing of the data is otherwise prohibited by law and the resources required and available for effecting the addition.

The departments shall use analysis of the data in the medical data warehouse to improve maternal and child health outcomes, and in particular improve birth outcomes, and to reduce racial health disparities in this area.

New matter indicate by italics - deletions by strikeout
All access and use of the data shall be in compliance with all applicable federal and State laws, regulations, and mandates.

Notwithstanding anything in this Section, data incorporated into the data warehouse shall remain subject to the same provisions of law regarding confidentiality and use restrictions as they are subject to in the control of the contributing agency. The Department of Healthcare and Family Services shall develop measures to ensure that the interplay of the several data sets contributed to the data warehouse does not lead to the use or release of data from the data warehouse that would not otherwise be subject to use or release under State or federal law.

Section 505. The Energy Assistance Act is amended by changing Sections 6 and 13 as follows:
(305 ILCS 20/6) (from Ch. 111 2/3, par. 1406)
Sec. 6. Eligibility, Conditions of Participation, and Energy Assistance.

(a) Any person who is a resident of the State of Illinois and whose household income is not greater than an amount determined annually by the Department, in consultation with the Policy Advisory Council, may apply for assistance pursuant to this Act in accordance with regulations promulgated by the Department. In setting the annual eligibility level, the Department shall consider the amount of available funding and may not set a limit higher than 150% of the federal nonfarm poverty level as established by the federal Office of Management and Budget; except that for the period ending June 30, 2012, or until the expenditure of federal resources allocated for energy assistance programs by the American Recovery and Reinvestment Act, whichever occurs first, the Department may not establish limits higher than 200% of that poverty level.

(b) Applicants who qualify for assistance pursuant to subsection (a) of this Section shall, subject to appropriation from the General Assembly and subject to availability of funds to the Department, receive energy assistance as provided by this Act. The Department, upon receipt of monies authorized pursuant to this Act for energy assistance, shall commit funds for each qualified applicant in an amount determined by the Department. In determining the amounts of assistance to be provided to or on behalf of a qualified applicant, the Department shall ensure that the highest amounts of assistance go to households with the greatest energy costs in relation to household income. The Department shall include
factors such as energy costs, household size, household income, and region of the State when determining individual household benefits. In setting assistance levels, the Department shall attempt to provide assistance to approximately the same number of households who participated in the 1991 Residential Energy Assistance Partnership Program. Such assistance levels shall be adjusted annually on the basis of funding availability and energy costs. In promulgating rules for the administration of this Section the Department shall assure that a minimum of 1/3 of funds available for benefits to eligible households with the lowest incomes and that elderly and disabled households are offered a priority application period.

(c) If the applicant is not a customer of record of an energy provider for energy services or an applicant for such service, such applicant shall receive a direct energy assistance payment in an amount established by the Department for all such applicants under this Act; provided, however, that such an applicant must have rental expenses for housing greater than 30% of household income.

(c-1) This subsection shall apply only in cases where: (1) the applicant is not a customer of record of an energy provider because energy services are provided by the owner of the unit as a portion of the rent; (2) the applicant resides in housing subsidized or developed with funds provided under the Rental Housing Support Program Act or under a similar locally funded rent subsidy program, or is the voucher holder who resides in a rental unit within the State of Illinois and whose monthly rent is subsidized by the tenant-based Housing Choice Voucher Program under Section 8 of the U.S. Housing Act of 1937; and (3) the rental expenses for housing are no more than 30% of household income. In such cases, the household may apply for an energy assistance payment under this Act and the owner of the housing unit shall cooperate with the applicant by providing documentation of the energy costs for that unit. Any compensation paid to the energy provider who supplied energy services to the household shall be paid on behalf of the owner of the housing unit providing energy services to the household. The Department shall report annually to the General Assembly on the number of households receiving energy assistance under this subsection and the cost of such assistance. The provisions of this subsection (c-1), other than this sentence, are inoperative after August 31, 2012.

(d) If the applicant is a customer of an energy provider, such applicant shall receive energy assistance in an amount established by the Department for all such applicants under this Act, such amount to be paid
by the Department to the energy provider supplying winter energy service to such applicant. Such applicant shall:

(i) make all reasonable efforts to apply to any other appropriate source of public energy assistance; and

(ii) sign a waiver permitting the Department to receive income information from any public or private agency providing income or energy assistance and from any employer, whether public or private.

(e) Any qualified applicant pursuant to this Section may receive or have paid on such applicant's behalf an emergency assistance payment to enable such applicant to obtain access to winter energy services. Any such payments shall be made in accordance with regulations of the Department.

(f) The Department may, if sufficient funds are available, provide additional benefits to certain qualified applicants:

(i) for the reduction of past due amounts owed to energy providers; and

(ii) to assist the household in responding to excessively high summer temperatures or energy costs. Households containing elderly members, children, a person with a disability, or a person with a medical need for conditioned air shall receive priority for receipt of such benefits.

Subject to appropriation, the Department shall use moneys from the Supplemental Low-Income Energy Assistance Fund for payments to electric or gas public utilities, municipal electric or gas utilities, and electric cooperatives on behalf of their customers who are participants in the program authorized by Sections 4 and 18 of this Act, for the provision of

The delivering public utility, municipal electric or gas utility, or electric or gas cooperative for a self-assessing purchaser remains subject to the collection of the fee imposed by this Section. The monthly charge shall be as follows:

1. $0.48 per month on each account for residential electric service;
2. $0.48 per month on each account for residential gas service;
3. $4.80 per month on each account for non-residential electric service which had less than 10 megawatts of peak demand during the previous calendar year;

6. $360 per month on each account for non-residential gas service which had 4,000,000 or more therms of gas distributed to it during the previous calendar year.

The incremental change to such charges imposed by this amendatory Act of the 96th General Assembly shall not (i) be used for any purpose other than to directly assist customers and (ii) be applicable to utilities serving less than 100,000 customers in Illinois on January 1, 2009.
In addition, electric and gas utilities have committed, and shall contribute, a one-time payment of $22 million to the Fund, within 10 days after the effective date of the tariffs established pursuant to Sections 16-111.8 and 19-145 of the Public Utilities Act to be used for the Department's cost of implementing the programs described in Section 18 of this amendatory Act of the 96th General Assembly, the Arrearage Reduction Program described in Section 18, and the programs described in Section 8-105 of the Public Utilities Act. If a utility elects not to file a rider within 90 days after the effective date of this amendatory Act of the 96th General Assembly, then the contribution from such utility shall be made no later than February 1, 2010.

(c) For purposes of this Section:

(1) "residential electric service" means electric utility service for household purposes delivered to a dwelling of 2 or fewer units which is billed under a residential rate, or electric utility service for household purposes delivered to a dwelling unit or units which is billed under a residential rate and is registered by a separate meter for each dwelling unit;

(e) The Energy Assistance Charge assessed by electric and gas public utilities shall be considered a charge for public utility service.

Revenue all moneys received as payment of the Energy Assistance Charge on a return prescribed and furnished by the Department of Revenue showing such information as the Department of Revenue may reasonably require; provided, however, that a utility offering an Arrearage Reduction Program pursuant to Section 18 of this Act shall be entitled to net those amounts necessary to fund and recover the costs of such Program as authorized by that Section that is no more than the incremental change in such Energy Assistance Charge authorized by this amendatory Act of the 96th General Assembly. If a customer makes a partial payment, a public utility, municipal utility, or electric cooperative may elect either: (i) to apply such partial payments first to amounts owed to the utility or cooperative for its services and then to payment for the Energy Assistance Charge or (ii) to apply such partial payments on a pro-rata basis between amounts owed to the utility or cooperative for its services and to payment for the Energy Assistance Charge.

(g) The Department of Revenue shall deposit into the Supplemental Low-Income Energy Assistance Fund all moneys remitted to it in accordance with subsection (f) of this Section; provided, however, that the amounts remitted by each utility shall be used to provide assistance to that utility's customers. The utilities shall coordinate with the Department to establish an equitable and practical methodology for implementing this subsection (g) beginning with the 2010 program year.

(h) (Blank). On or before December 31, 2002, the Department shall prepare a report for the General Assembly on the expenditure of funds appropriated from the Low-Income Energy Assistance Block Grant Fund for the program authorized under Section 4 of this Act.

(k) The charges imposed by this Section shall only apply to customers of municipal electric or gas utilities and electric or gas cooperatives if the municipal electric or gas utility or electric or gas cooperative makes an affirmative decision to impose the charge. If a municipal electric or gas utility or an electric cooperative makes an affirmative decision to impose the charge provided by this Section, the municipal electric or gas utility or electric cooperative shall inform the Department of Revenue in writing of such decision when it begins to impose the charge. If a municipal electric or gas utility or electric or gas

cooperative does not assess this charge, the Department may not use funds from the Supplemental Low-Income Energy Assistance Fund to provide benefits to its customers under the program authorized by Section 4 of this Act.

In its use of federal funds under this Act, the Department may not cause a disproportionate share of those federal funds to benefit customers of systems which do not assess the charge provided by this Section.

This Section is repealed effective December 31, 2013 unless renewed by action of the General Assembly. The General Assembly shall consider the results of the evaluations described in Section 8 in its deliberations. (2) Comprehensive case management. The Department shall implement a statewide system of holistic comprehensive case management. The system shall include the identification and implementation of a universal, comprehensive assessment tool to be used statewide to determine the level of functional, cognitive, socialization, and financial needs of older adults. This tool shall be supported by an electronic intake, assessment, and care planning system linked to a central location. "Comprehensive case management" includes services and coordination such as (i) comprehensive assessment of the older adult (including the physical, functional, cognitive, psycho-social, and social needs of the individual); (ii) development and implementation of a service plan with the older adult to mobilize the formal and family resources and services identified in the assessment to meet the needs of the older adult, including coordination of the resources and services with any other plans that exist for various formal services, such as hospital discharge plans, and with the information and assistance services; (iii) coordination and monitoring of formal and family service delivery, including coordination and monitoring to ensure that services specified in the plan are being provided; (iv) periodic reassessment and revision of the status of the older adult with the older adult or, if necessary, the older adult's designated representative; and (v) in accordance with the wishes of the older adult, advocacy on behalf of the older adult for needed services or resources.

(3) Coordinated point of entry. The Department shall implement and publicize a statewide coordinated point of entry using a uniform name, identity, logo, and toll-free number.

(6) Consumer-directed home and community-based services. The Department shall expand the range of service options available to permit older adults to exercise maximum choice and control over their care.

(7) Comprehensive delivery system. The Department shall expand opportunities for older adults to receive services in systems that integrate acute and chronic care.

(10) Quality standards and quality improvement. The Department shall establish a core set of uniform quality standards for all providers that focus on outcomes and take into consideration consumer choice and satisfaction, and the Department shall require each provider to implement a continuous quality improvement process to address consumer issues. The continuous quality improvement process must benchmark performance, be person-centered and data-driven, and focus on consumer satisfaction.

(11) Workforce. To the extent possible, multiple cost reporting mandates shall not be imposed.

(15) Medicaid nursing home cost containment and Medicare utilization. The Department of Healthcare and Family Services (formerly Department of Public Aid), in collaboration with the Department on Aging and the Department of Public Health and in consultation with the Advisory Committee, shall propose a plan to contain Medicaid nursing home costs and maximize Medicare utilization. The plan shall include, but not be limited to, (i) techniques to maximize the use of the most cost-effective services without sacrificing quality and (ii) methods to identify and serve older adults in need of minimal services to remain independent, but who are likely to develop a need for more extensive services in the absence of those minimal services.

(16) Bed reduction. The Department of Public Health shall implement a nursing home conversion program to reduce the number of Medicaid-certified nursing home beds in areas with excess beds. The Department of Healthcare and Family Services shall investigate changes to the Medicaid nursing facility reimbursement system in order to reduce beds. Such changes may include, but are not limited to, incentive payments that will enable facilities to adjust to the restructuring and expansion of services required by the Older Adult Services Act, including adjustments for the voluntary closure or layaway of nursing home beds certified under Title XIX of the federal Social Security Act. Any savings shall be reallocated to fund home-based or community-based older adult services pursuant to Section 20.

Sec. 30. Nursing home conversion program.

(a) The Department of Public Health, in collaboration with the Department on Aging and the Department of Healthcare and Family Services, shall establish a nursing home conversion program. Start-up grants, pursuant to subsections (l) and (m) of this Section, shall be made available to nursing homes as appropriations permit as an incentive to reduce certified beds, retrofit, and retool operations to meet new service delivery expectations and demands.

(b) Grant moneys shall be made available for capital and other costs related to: (1) the conversion of all or a part of a nursing home to an assisted living establishment or a special program or unit for persons with Alzheimer's disease or related disorders licensed under the Assisted Living and Shared Housing Act or a supportive living facility established under Section 5-5.01a of the Illinois Public Aid Code; (2) the conversion of multi-resident bedrooms in the facility into single-occupancy rooms; and (3) the development of any of the services identified in a priority service plan that can be provided by a nursing home within the confines of a nursing home or transportation services. Grantees shall be required to provide a minimum of a 20% match toward the total cost of the project.

(c) Nothing in this Act shall prohibit the co-location of services or the development of multifunctional centers under subsection (f) of Section 20, including a nursing home offering community-based services or a community provider establishing a residential facility.

(d) A certified nursing home with at least 50% of its resident population having their care paid for by the Medicaid program is eligible to apply for a grant under this Section.

(e) Any nursing home receiving a grant under this Section shall reduce the number of certified nursing home beds by a number equal to or greater than the number of beds being converted for one or more of the permitted uses under item (1) or (2) of subsection (b). The nursing home shall retain the Certificate of Need for its nursing and sheltered care beds that were converted for 15 years. If the beds are reinstated by the provider or its successor in interest, the provider shall pay to the fund from which the grant was awarded, on an amortized basis, the amount of the grant. The Department shall establish, by rule, the bed reduction methodology for nursing homes that receive a grant pursuant to item (3) of subsection (b).

(f) Any nursing home receiving a grant under this Section shall agree that, for a minimum of 10 years after the date that the grant is awarded, a minimum of 50% of the nursing home's resident population
shall have their care paid for by the Medicaid program. If the nursing home provider or its successor in interest ceases to comply with the requirement set forth in this subsection, the provider shall pay to the fund from which the grant was awarded, on an amortized basis, the amount of the grant.

(g) Before awarding grants, the Department of Public Health shall seek recommendations from the Department on Aging and the Department of Healthcare and Family Services. The Department of Public Health shall attempt to balance the distribution of grants among geographic regions, and among small and large nursing homes. The Department of Public Health shall develop, by rule, the criteria for the award of grants based upon the following factors:

1. the unique needs of older adults (including those with moderate and low incomes), caregivers, and providers in the geographic area of the State the grantee seeks to serve;
2. whether the grantee proposes to provide services in a priority service area;
3. the extent to which the conversion or transition will result in the reduction of certified nursing home beds in an area with excess beds;
4. the compliance history of the nursing home; and
5. any other relevant factors identified by the Department, including standards of need.

(h) A conversion funded in whole or in part by a grant under this Section must not:

1. diminish or reduce the quality of services available to nursing home residents;
2. force any nursing home resident to involuntarily accept home-based or community-based services instead of nursing home services;
3. diminish or reduce the supply and distribution of nursing home services in any community below the level of need, as defined by the Department by rule; or
4. cause undue hardship on any person who requires nursing home care.

(i) The Department shall prescribe, by rule, the grant application process. At a minimum, every application must include:

1. the type of grant sought;
2. a description of the project;

New matter indicate by italics - deletions by strikeout
(3) the objective of the project;  
(4) the likelihood of the project meeting identified needs;

(7) the roles and capabilities of responsible individuals and organizations;  
(8) documentation of collaboration with other service providers, local community government leaders, and other stakeholders, other providers, and any other stakeholders in the community;  
(9) documentation of community support for the project, including support by other service providers, local community government leaders, and other stakeholders;  
(10) the total budget for the project;  
(11) the financial condition of the applicant; and  
(12) any other application requirements that may be established by the Department by rule.

(j) A conversion project funded in whole or in part by a grant under this Section is exempt from the requirements of the Illinois Health Facilities Planning Act. The Department of Public Health, however, shall send to the Health Facilities and Services Review Board a copy of each grant award made under this Section.

(k) Applications for grants are public information, except that nursing home financial condition and any proprietary data shall be classified as nonpublic data.

(l) The Department of Public Health may award grants from the Long Term Care Civil Money Penalties Fund established under Section 1919(h)(2)(A)(ii) of the Social Security Act and 42 CFR 488.422(g) if the award meets federal requirements.

(m) The Nursing Home Conversion Fund is created as a special fund in the State treasury. Moneys appropriated by the General Assembly or transferred from other sources for the purposes of this Section shall be deposited into the Fund. All interest earned on moneys in the fund shall be credited to the fund. Moneys contained in the fund shall be used to support the purposes of this Section.

(410 ILCS 535/12)

Sec. 12. Live births; place of registration.

(1) Each live birth which occurs in this State shall be registered with the local or subregistrar of the district in which the birth occurred as provided in this Section, within 7 days after the birth. When a birth occurs on a moving conveyance, the city, village, township, or road district in which the child is first removed from the conveyance shall be considered the place of birth and a birth certificate shall be filed in the registration district in which the place is located.

(2) When a birth occurs in an institution, the person in charge of the institution or his designated representative shall obtain and record all the personal and statistical particulars relative to the parents of the child that are required to properly complete the live birth certificate; shall secure the required personal signatures on the hospital worksheet; shall prepare the certificate from this worksheet; and shall file the certificate with the local registrar. The institution shall retain the hospital worksheet permanently or as otherwise specified by rule. The physician in attendance shall verify or provide the date of birth and medical information required by the certificate, within 24 hours after the birth occurs.

(3) When a birth occurs outside an institution, the certificate shall be prepared and filed by one of the following in the indicated order of priority:

(a) The physician in attendance at or immediately after the birth, or in the absence of such a person,
(b) Any other person in attendance at or immediately after
the birth, or in the absence of such a person,

(c) The father, the mother, or in the absence of the father
and the inability of the mother, the person in charge of the premises
where the birth occurred.

(4) Unless otherwise provided in this Act, if the mother was not
married to the father of the child at either the time of conception or the
time of birth, the name of the father shall be entered on the child's birth
certificate only if the mother and the person to be named as the father have
signed an acknowledgment of parentage in accordance with subsection (5).

Unless otherwise provided in this Act, if the mother was married at
the time of conception or birth and the presumed father (that is, the
mother's husband) is not the biological father of the child, the name of the
biological father shall be entered on the child's birth certificate only if, in
accordance with subsection (5), (i) the mother and the person to be named
as the father have signed an acknowledgment of parentage and (ii) the
mother and presumed father have signed a denial of paternity.

(5) Upon the birth of a child to an unmarried woman, or upon the
birth of a child to a woman who was married at the time of conception or
birth and whose husband is not the biological father of the child, the
institution at the time of birth and the local registrar or county clerk after
the birth shall do the following:

(a) Provide (i) an opportunity for the child's mother and
father to sign an acknowledgment of parentage and (ii) if the
presumed father is not the biological father, an opportunity for the
mother and presumed father to sign a denial of paternity. The
signing and witnessing of the acknowledgment of parentage or, if
the presumed father of the child is not the biological father, the
acknowledgment of parentage and denial of paternity conclusively
establishes a parent and child relationship in accordance with

The Department of Healthcare and Family Services shall

The acknowledgement of paternity and denial of paternity form
shall also include a statement informing the mother, the alleged

father, and the presumed father, if any, that they have the right to
request deoxyribonucleic acid (DNA) tests regarding the issue of
the child's paternity and that by signing the form, they expressly
waive such tests. The statement shall be set forth in bold-face
boldface capital letters not less than 0.25 inches in height.

(b) Provide the following documents, furnished by the
Department of Healthcare and Family Services, to the child's
mother, biological father, and (if the person presumed to be the
child's father is not the biological father) presumed father for their
review at the time the opportunity is provided to establish a parent
and child relationship:

(i) An explanation of the implications of,
alternatives to, legal consequences of, and the rights and
responsibilities that arise from signing an acknowledgment
of parentage and, if necessary, a denial of paternity,
including an explanation of the parental rights and
responsibilities of child support, visitation, custody,
retroactive support, health insurance coverage, and payment
of birth expenses.

signing an acknowledgment of parentage and, if necessary, a denial
(6) The institution, State or local registrar, or county clerk shall provide an opportunity for the child's father or mother to sign a rescission of parentage. The signing and witnessing of the rescission of parentage voids the acknowledgment of parentage and nullifies the presumption of paternity if executed and filed with the Department of Healthcare and Family Services (formerly Illinois Department of Public Aid) within the time frame contained in Section 5 of the Illinois Parentage Act of 1984. The Department of Healthcare and Family Services shall furnish the rescission of parentage form to institutions, county clerks, and State and local registrars' offices. The form shall include instructions to send the original signed and witnessed rescission of parentage to the Department of Healthcare and Family Services.

(7) An acknowledgment of paternity signed pursuant to Section 6 of the Illinois Parentage Act of 1984 may be challenged in court only on the basis of fraud, duress, or material mistake of fact, with the burden of proof upon the challenging party. Pending outcome of a challenge to the acknowledgment of paternity, the legal responsibilities of the signatories shall remain in full force and effect, except upon order of the court upon a showing of good cause.

(8) When the process for acknowledgment of parentage as provided for under subsection (5) establishes the paternity of a child whose certificate of birth is on file in another state, the Department of Healthcare and Family Services shall forward a copy of the acknowledgment of parentage, the denial of paternity, if applicable, and the rescission of parentage, if applicable, to the birth record agency of the state where the child's certificate of birth is on file.

(9) In the event the parent-child relationship has been established in accordance with subdivision (a)(1) of Section 6 of the Parentage Act of 1984, the names of the biological mother and biological father so established shall be entered on the child's birth certificate, and the names of the surrogate mother and surrogate mother's husband, if any, shall not be on the birth certificate.

If the decedent was under the age of 18 years at the time of his or her death, and the death was due to injuries suffered as a result of a motor vehicle backing over a child, or if the death occurred due to the power window of a motor vehicle, the coroner or medical examiner must send a copy of the medical certification, with

(5) the number, proximity in time, and gravity of previously adjudicated violations of this Act by the respondent;

(6) whether the respondent voluntarily self-disclosed, in accordance with subsection (i) of this Section, the non-compliance to the Agency; and

(7) whether the respondent has agreed to undertake a "supplemental environmental project," which means an environmentally beneficial project that a respondent agrees to undertake in settlement of an enforcement action brought under this Act, but which the respondent is not otherwise legally required to perform.

In determining the appropriate civil penalty to be imposed under subsection (a) or paragraph (1), (2), (3), or (5) of subsection (b) of this Section, the Board shall ensure, in all cases, that the penalty is at least as great as the economic benefits, if any, accrued by the respondent as a result of the violation, unless the Board finds that imposition of such penalty would result in an arbitrary or unreasonable financial hardship. However, such civil penalty may be off-set in whole or in part pursuant to a supplemental environmental project agreed to by the complainant and the respondent.

(i) A person who voluntarily self-discloses non-compliance to the Agency, of which the Agency had been unaware, is entitled to a 100% reduction in the portion of the penalty that is not based on the economic benefit of non-compliance if the person can establish the following:

(2) that the non-compliance was disclosed in writing within 30 days of the date on which the person discovered it;

(3) that the non-compliance was discovered and disclosed prior to:

(i) the commencement of an Agency inspection, investigation, or request for information;

New matter indicate by italics - deletions by strikeout
(ii) notice of a citizen suit;
(iii) the filing of a complaint by a citizen, the Illinois Attorney General, or the State's Attorney of the county in which the violation occurred;
(iv) the reporting of the non-compliance by an employee of the person without that person's knowledge; or
(v) imminent discovery of the non-compliance by the Agency;
(4) that the non-compliance is being corrected and any environmental harm is being remediated in a timely fashion;
(5) that the person agrees to prevent a recurrence of the non-compliance;
(6) that no related non-compliance events have occurred in the past 3 years at the same facility or in the past 5 years as part of a pattern at multiple facilities owned or operated by the person;
(7) that the non-compliance did not result in serious actual harm or present an imminent and substantial endangerment to human health or the environment or violate the specific terms of any judicial or administrative order or consent agreement;
(8) that the person cooperates as reasonably requested by the Agency after the disclosure; and
(9) that the non-compliance was identified voluntarily and not through a monitoring, sampling, or auditing procedure that is required by statute, rule, permit, judicial or administrative order, or consent agreement.

If a person can establish all of the elements under this subsection except the element set forth in paragraph (1) of this subsection, the person is entitled to a 75% reduction in the portion of the penalty that is not based upon the economic benefit of non-compliance.

(j) In addition to any other remedy or penalty that may apply, whether civil or criminal, any person who violates Section 22.52 of this Act shall be liable for an additional civil penalty of up to 3 times the gross amount of any pecuniary gain resulting from the violation.
