Such conduct shall be grounds for professional discipline by the Department of Financial and Professional Regulation.

The institutional review board may exempt from ongoing review research or treatment initiated on a resident before the individual's admission to a facility and for which the board determines there is adequate ongoing oversight by another institutional review board. Nothing in this Section shall prevent a facility, any facility employee, or any other person from assisting or participating in any experimental research on or treatment of a resident, if the research or treatment began before the person's admission to a facility, until the board has reviewed the research or treatment and decided to grant or deny approval or to exempt the research or treatment from ongoing review.

its designee at the end of the 90-day period, at 6 months, and annually thereafter to assess their continuing need for nursing facility care and shall be advised of all other available care options.

(b) The Department of Human Services, by rule, shall provide for a prohibition on conflicts of interest for pre-admission screeners. The rule shall provide for waiver of those conflicts by the Department of Human Services if the Department of Human Services determines that a scarcity of qualified pre-admission screeners exists in a given community and that, absent a waiver of conflict, an insufficient number of pre-admission screeners would be available. If a conflict is waived, the pre-admission screener shall disclose the conflict of interest to the screened individual in the manner provided for by rule of the Department of Human Services. For the purposes of this subsection, a "conflict of interest" includes, but is not limited to, the existence of a professional or financial relationship between (i) a PAS-MH corporate or a PAS-MH agent performing the rescreening and (ii) a community provider or long-term care facility.

"Psychotropic medication" means medication that is used for or listed as used for antipsychotic, antidepressant, antimanic, or antianxiety behavior modification or behavior management purposes in the latest editions of the AMA Drug Evaluations or the Physician's Desk Reference. The Department shall adopt, by rule, a protocol specifying how informed consent for psychotropic medication may be obtained or refused. The protocol shall require, at a minimum, a discussion between (i) the resident or the resident's authorized representative and (ii) the resident's physician, a registered pharmacist (who is not a dispensing pharmacist for the facility where the resident

lives), or a licensed nurse about the possible risks and benefits of a recommended medication and the use of standardized consent forms designated by the Department. Each form developed by the Department (i) shall be written in plain language, (ii) shall be able to be downloaded from the Department's official website, (iii) shall include information specific to the psychotropic medication for which consent is being sought, and (iv) shall be used for every resident for whom psychotropic drugs are prescribed. In addition to creating those forms, the Department shall approve the use of any other informed consent forms that meet criteria developed by the Department.

In addition to any other penalty prescribed by law, a facility that is found to have violated this subsection, or the federal certification requirement that informed consent be obtained before administering a psychotropic medication, shall thereafter be required to obtain the signatures of 2 licensed health care professionals on every form purporting to give informed consent for the administration of a psychotropic medication, certifying the personal knowledge of each health care professional that the consent was obtained in compliance with the requirements of this subsection.

(c) The requirements of this Section are intended to control in a conflict with the requirements of Sections 2-102 and 2-107.2 of the Mental Health and Developmental Disabilities Code with respect to the administration of psychotropic medication.

For the purposes of this subsection, a "conflict of interest" includes, but is not limited to, the existence of a professional or financial relationship between (i) a PAS-MH corporate or a PAS-MH agent and (ii) a community provider or long-term care facility.

(b) In addition to the screening required by subsection (a), a facility, except for those licensed as long term care for under age 22 facilities, shall, within 24 hours after admission, request a criminal history background check pursuant to the Uniform Conviction Information Act for all persons age 18 or older seeking admission to the facility, unless a background check was initiated by a hospital pursuant to subsection (d) of Section 6.09 of the Hospital Licensing Act. Background checks conducted pursuant to this Section shall be based on the resident's name, date of birth, and other identifiers as required by the Department of State Police. If the results of the background check are inconclusive, the facility shall initiate a fingerprint-based check, unless the fingerprint check is waived by the Director of Public Health based on verification by the facility that the resident is completely immobile or that the resident meets other criteria related to the resident's health or lack of potential risk which may be established by Departmental rule. A waiver issued pursuant to this Section shall be valid only while the resident is immobile or while the criteria supporting the waiver exist. The facility shall provide for or arrange for any required fingerprint-based checks to be taken on the premises of the

A resident shall not be listed in the database until a Department survey confirms the accuracy of the listing. The names of persons listed in the database and information that would allow them to be individually identified shall not be made public. Neither the Department nor any other agency of State government may use information in the database to take any action against any individual, licensee, or other entity, unless the Department or agency receives the information independent of this subsection (e). All information collected, maintained, or developed under the authority of this subsection (e) for the purposes of the database maintained under this
subsection (e) shall be treated in the same manner as information that is

The Department, at its discretion, may provide an additional 90-day period for the facility to meet the requirements for certification if it finds that the facility has made a good faith effort to comply with all certification requirements and will achieve total compliance with the requirements before the end of the 90-day period. The facility shall be prohibited from admitting residents with serious mental illness until the Department certifies the facility to be in compliance with the requirements of this Section.

(4) Quality assessment and improvement requirements, in addition to those contained in this Act on the effective date of this amendatory Act of the 96th General Assembly, specific to a facility's residential psychiatric rehabilitation services, which shall be made available to the Department upon request. Sec. 3-212. Inspection.
(a) The Department, whenever it deems necessary in accordance 
with subsection (b), shall inspect, survey and evaluate every facility to 
determine compliance with applicable licensure requirements and 
standards. Submission of a facility's current Consumer Choice Information 
Report required by Section 2-214 shall be verified at time of inspection. 
An inspection should occur within 120 days prior to license renewal. The 
Department may periodically visit a facility for the purpose of 
consultation. An inspection, survey, or evaluation, other than an inspection 
of financial records, shall be conducted without prior notice to the facility. 
A visit for the sole purpose of consultation may be announced. The 
Department shall provide training to surveyors about the appropriate
assessment, care planning, and care of persons with mental illness (other than Alzheimer's disease or related disorders) to enable its surveyors to determine whether a facility is complying with State and federal requirements about the assessment, care planning, and care of those persons.

(a-1) An employee of a State or unit of local government agency charged with inspecting, surveying, and evaluating facilities who directly or indirectly gives prior notice of an inspection, survey, or evaluation, other than an inspection of financial records, to a facility or to an employee of a facility is guilty of a Class A misdemeanor.

An inspector or an employee of the Department who intentionally prenotifies a facility, orally or in writing, of a pending complaint investigation or inspection shall be guilty of a Class A misdemeanor. Superiors of persons who have prenotified a facility shall be subject to the same penalties, if they have knowingly allowed the prenotification. A person found guilty of prenotifying a facility shall be subject to disciplinary action by his or her employer.

If the Department has a good faith belief, based upon information that comes to its attention, that a violation of this subsection has occurred, it must file a complaint with the Attorney General or the State's Attorney in the county where the violation took place within 30 days after discovery of the information.

(a-2) An employee of a State or unit of local government agency charged with inspecting, surveying, or evaluating facilities who willfully profits from violating the confidentiality of the inspection, survey, or evaluation process shall be guilty of a Class 4 felony and that conduct shall be deemed unprofessional conduct that may subject a person to loss of his or her professional license. An action to prosecute a person for violating this subsection (a-2) may be brought by either the Attorney General or the State's Attorney in the county where the violation took place.

(b) In determining whether to make more than the required number of unannounced inspections, surveys and evaluations of a facility the Department shall consider one or more of the following: previous inspection reports; the facility's history of compliance with standards, rules and regulations promulgated under this Act and correction of violations, penalties or other enforcement actions; the number and severity of complaints received about the facility; any allegations of resident abuse or neglect; weather conditions; health emergencies; other reasonable belief that deficiencies exist.
(b-1) The Department shall not be required to determine whether a facility certified to participate in the Medicare program under Title XVIII of the Social Security Act, or the Medicaid program under Title XIX of the Social Security Act, and which the Department determines by inspection under this Section or under Section 3-702 of this Act to be in compliance with the certification requirements of Title XVIII or XIX, is in compliance with any requirement of this Act that is less stringent than or duplicates a federal certification requirement. In accordance with subsection (a) of this Section or subsection (d) of Section 3-702, the Department shall determine whether a certified facility is in compliance with requirements of this Act that exceed federal certification requirements. If a certified facility is found to be out of compliance with federal certification requirements, the results of an inspection conducted pursuant to Title XVIII or XIX of the Social Security Act may be used as the basis for enforcement remedies authorized and commenced, with the Department's discretion to evaluate whether penalties are warranted, under this Act. Enforcement of this Act against a certified facility shall be commenced pursuant to the requirements of this Act, unless enforcement remedies sought pursuant to Title XVIII or XIX of the Social Security Act exceed those authorized by this Act. As used in this subsection, "enforcement remedy" means a sanction for violating a federal certification requirement or this Act.

(c) Upon completion of each inspection, survey and evaluation, the appropriate Department personnel who conducted the inspection, survey or evaluation shall submit a copy of their report to the licensee upon exiting the facility, and shall submit the actual report to the appropriate regional office of the Department. Such report and any recommendations for action by the Department under this Act shall be transmitted to the appropriate offices of the associate director of the Department, together with related comments or documentation provided by the licensee which may refute findings in the report, which explain extenuating circumstances that the facility could not reasonably have prevented, or which indicate methods and timetables for correction of deficiencies described in the report. Without affecting the application of subsection (a) of Section 3-303, any documentation or comments of the licensee shall be provided within 10 days of receipt of the copy of the report. Such report shall recommend to the Director appropriate action under this Act with respect to findings against a facility. The Director shall then determine whether the report's findings constitute a violation or violations of which the facility must be given notice. Such determination shall be based upon the severity of the

(a) The situation, condition or practice constituting a Type "AA" violation or a Type "A" violation shall be abated or eliminated immediately unless a fixed period of time, not exceeding 15 days, as determined by the Department and specified in the notice of violation, is required for correction.

(b) At the time of issuance of a notice of a Type "B" violation, the Department shall request a plan of correction which is subject to the Department's approval. The facility shall have 10 days after receipt of notice of violation in which to prepare and submit a plan of correction. The Department may extend this period up to 30 days where correction involves substantial capital improvement. The plan shall include a fixed time period not in excess of 90 days within which violations are to be corrected. If the Department rejects a plan of correction, it shall send notice of the rejection and the reason for the rejection to the facility. The facility shall have 10 days after receipt of the notice of rejection in which to submit a modified plan. If the modified plan is not timely submitted, or if the modified plan is rejected, the facility shall follow an approved plan of correction imposed by the Department.

(c) If the violation has been corrected prior to submission and approval of a plan of correction, the facility may submit a report of correction in place of a plan of correction. Such report shall be signed by the administrator under oath.

(d) Upon a licensee's petition, the Department shall determine whether to grant a licensee's request for an extended correction time. Such
petition shall be served on the Department prior to expiration of the correction time originally approved. The burden of proof is on the petitioning facility to show good cause for not being able to comply with the original correction time approved.

(e) If a facility desires to contest any Department action under this Section it shall send a written request for a hearing under Section 3-703 to the Department within 10 days of receipt of notice of the contested action. The Department shall commence the hearing as provided under Section 3-703. Whenever possible, all action of the Department under this Section arising out of a violation shall be contested and determined at a single hearing. Issues decided after a hearing may not be reheard at subsequent hearings under this Section.

Any administrative warning shall be served upon the facility in the same manner as the notice of violation under Section 3-301. The facility shall be responsible for correcting the situation, condition or practice; however, no written plan of correction need be submitted for an administrative warning, except for violations of Sections 3-401 through 3-413 or the rules promulgated thereunder. A written plan of correction is required to be filed for an administrative warning issued for violations of Sections 3-401 through 3-413 or the rules promulgated thereunder.

(b) If, however, the situation, condition or practice which resulted in the issuance of an administrative warning, with the exception of administrative warnings issued pursuant to Sections 3-401 through 3-413 or the rules promulgated thereunder, is not corrected by the next on-site inspection by the Department which occurs no earlier than 90 days from the issuance of the administrative warning, a written plan of correction must be submitted in the same manner as provided in subsection (b) of Section 3-303.

(c) The Department shall, by rule, adopt criteria to identify non-Medicaid-certified facilities that are distressed and shall publish this list quarterly beginning October 1, 2011.

(d) The Department shall notify each facility of its distressed designation, and of the calculation on which it is based.

(f) Independent consultant. A facility that has been designated a distressed facility may contract with an independent consultant to develop and assist in the implementation of a plan of improvement to bring and keep the facility in compliance with this Act and, if applicable, with federal certification requirements. A facility that contracts with an independent consultant shall have 90 days to develop a plan of improvement and demonstrate a good faith effort at implementation, and another 90 days to achieve compliance and take whatever additional actions are called for in the improvement plan to maintain compliance. A facility that the Department determines has a plan of improvement likely to bring and keep the facility in compliance and that has demonstrated good faith efforts at implementation within the first 90 days may be eligible to receive a grant under the Equity in Long-term Care Quality Act to assist it in achieving and maintaining compliance. In this subsection, "independent" consultant means an individual who has no professional or financial relationship with the facility, any person with a reportable ownership interest in the facility, or any related parties. In this subsection, "related parties" has the meaning attributed to it in the instructions for completing Medicaid cost reports.

(f) Monitor and temporary managers. A distressed facility that does not contract with a consultant shall be assigned a monitor or a temporary manager at the Department's discretion. The cost of the temporary manager shall be paid by the facility. The temporary manager shall have the authority determined by the Department, which may grant
the temporary manager any or all of the authority a court may grant a receiver. The temporary manager may apply to the Equity in Long-term Care Quality Fund for grant funds to implement the plan of improvement.

(g) The Department shall by rule establish a mentor program for owners of distressed facilities.

(h) The Department shall by rule establish sanctions (in addition to those authorized elsewhere in this Article) against distressed facilities that are not in compliance with this Act and (if applicable) with federal certification requirements. Criteria for imposing sanctions shall take into account a facility's actions to address the violations and deficiencies that caused its designation as a distressed facility, and its compliance with this Act and with federal certification requirements (if applicable), subsequent to its designation as a distressed facility, including mandatory revocations if criteria can be agreed upon by the Department, resident advocates, and representatives of the nursing home profession. By February 1, 2011, the Department shall report to the General Assembly on the results of negotiations about creating criteria for mandatory license revocations of distressed facilities and make recommendations about any statutory changes it believes are appropriate to protect the health, safety, and welfare of nursing home residents.

(i) The Department may establish by rule criteria for restricting the owner of a facility on the distressed list from acquiring additional skilled nursing facilities.

Sec. 3-305. The license of a facility which is in violation of this Act or any rule adopted thereunder may be subject to the penalties or fines levied by the Department as specified in this Section.

(1) A licensee who commits a Type "AA" violation as defined in Section 1-128.5 is automatically issued a conditional license for a period of 6 months to coincide with an acceptable plan of correction and assessed a fine up to $25,000 per violation computed at a rate of $5.00 per resident in the facility plus 20 cents per resident for each day of the violation, commencing on the date a notice of the violation is served under Section 3-301 and ending on the date the violation is corrected, or a fine of not less than $5,000, or when death, serious mental or physical harm, permanent disability, or disfigurement results, a fine of not less than $10,000, whichever is greater.

(1.5) A licensee who commits a Type "A" violation as defined in Section 1-129 is automatically issued a conditional license for a period of 6 months to coincide with an acceptable plan of correction and assessed a fine of up to $12,500 per violation.

(2) A licensee who commits a Type "B" violation as defined in Section 1-130 shall be assessed a fine of up to $1,100 per violation or who is issued an administrative warning for a violation of Sections 3-401 through 3-413 or the rules promulgated thereunder is subject to a penalty computed at a rate of $3 per resident in the facility, plus 15 cents per resident for each day of the violation, commencing on the date a notice of the violation is served under Section 3-301 and ending on the date the violation is corrected, or a fine not less than $500, whichever is greater. Such fine shall be assessed on the date of notice of the violation and shall be suspended for violations that continue after such date upon completion of a plan of correction in accordance with Section 3-308 in relation to the assessment of fines and correction. Failure to correct such violation within the time period approved under a plan of correction shall result in a fine and conditional license as provided under subsection (5).

(2.5) A licensee who commits 10 or more Type "C" violations, as defined in Section 1-132, in a single survey shall be assessed a fine of up to $250 per violation. A licensee who commits one or more Type "C" violations with a high risk designation, as defined by rule, shall be assessed a fine of up to $500 per violation.

(3) A licensee who commits a Type "AA" or Type "A" violation as defined in Section 1-128.5 or 1-129 which continues beyond the time specified in paragraph (a) of Section 3-303 which is cited as a repeat violation shall have its license revoked and shall be assessed a fine of 3 times the fine computed per resident per day under subsection (1).

(4) A licensee who fails to satisfactorily comply with an accepted plan of correction for a Type "B" violation or an administrative warning issued pursuant to Sections 3-401 through 3-413 or the rules promulgated thereunder shall be automatically issued a conditional license for a period of not less than 6 months. A second or subsequent acceptable plan of correction shall be filed. A fine shall be assessed in accordance with subsection (2) when cited for the repeat violation. This fine shall be computed for all days of the violation, including the duration of the first plan of correction compliance time.

(5) For the purpose of computing a penalty under subsections (2) through (4), the number of residents per day shall be based on the average
number of residents in the facility during the 30 days preceding the
discovery of the violation.

(6) When the Department finds that a provision of Article II has
been violated with regard to a particular resident, the Department shall
issue an order requiring the facility to reimburse the resident for injuries
incurred, or $100, whichever is greater. In the case of a violation involving
any action other than theft of money belonging to a resident, reimbursement
shall be ordered only if a provision of Article II has been
violated with regard to that or any other resident of the facility within the 2
years immediately preceding the violation in question.

(7) For purposes of assessing fines under this Section, a repeat
violation shall be a violation which has been cited during one inspection of
the facility for which an accepted plan of correction was not complied with
or unless the licensee is not substantially addressing the issue routinely
throughout the facility.

(7.5) If an occurrence results in more than one type of violation as
defined in this Act (that is, a Type "AA", Type "A", Type "B", or Type "C"
violation), the maximum fine that may be assessed for that occurrence is
the maximum fine that may be assessed for the most serious type of
violation charged. For purposes of the preceding sentence, a Type "AA"
violation is the most serious type of violation that may be charged,
followed by a Type "A", Type "B", or Type "C" violation, in that order.

(8) The minimum and maximum fines that may be assessed
pursuant to this Section shall be twice those otherwise specified for any
facility that willfully makes a misstatement of fact to the Department, or
willfully fails to make a required notification to the Department, if that
misstatement or failure delays the start of a survey or impedes a survey.

(9) High risk designation. If the Department finds that a facility
has violated a provision of the Illinois Administrative Code that has a high
risk designation, or that a facility has violated the same provision of the
Illinois Administrative Code 3 or more times in the previous 12 months,
the Department may assess a fine of up to 2 times the maximum fine
otherwise allowed.

(10) If a licensee has paid a civil monetary penalty imposed
pursuant to the Medicare and Medicaid Certification Program for the
equivalent federal violation giving rise to a fine under this Section, the
Department shall offset the fine by the amount of the civil monetary

Sec. 3-306. In determining whether a penalty is to be imposed and in determining the amount of the penalty to be imposed, if any, for a violation, the Director shall consider the following factors:

(1) The gravity of the violation, including the probability that death or serious physical or mental harm to a resident will result or has resulted; the severity of the actual or potential harm, and the extent to which the provisions of the applicable statutes or regulations were violated;

(2) The reasonable diligence exercised by the licensee and efforts to correct violations.

Instead of requesting a hearing pursuant to Section 3-703, a facility may, within 10 business days after receipt of the notice of violation and fine assessment, transmit to the Department (i) 65% of the amount assessed for each violation specified in the penalty assessment or (ii) in the case of a fine subject to offset under paragraph (10) of Section 3-305, up to 75% of the amount assessed.

A facility choosing to waive the right to a hearing under Section 3-309 shall submit a payment totaling 65% of the original fine amount along with the written waiver. A penalty assessed under this Act shall be collected by the Department and shall be deposited with the State Treasurer into the Long Term Care Monitor/Receiver Fund. a written demand for payment within 30 days, the Director shall issue an order to do any of the following:

(1) Direct the State Treasurer or Comptroller to deduct the amount of the fine from amounts otherwise due from the State for the penalty, including any payments to be made from the Medicaid Long Term Care Provider Participation Fee Trust Fund established under Section 5-4.31 of the Illinois Public Aid Code, and remit that amount to the Department;

(2) Add the amount of the penalty to the facility's licensing fee; if the licensee refuses to make the payment at the time of application for renewal of its license, the license shall not be renewed; or

(3) Bring an action in circuit court to recover the amount of the penalty.

With the approval of the federal centers for Medicaid and Medicare services, the Director of Public Health shall set aside 50% of the federal civil monetary penalties collected each year to be used to award grants under the Equity Innovations in Long-term Care Quality Grants Act.

(a) When an emergency transfer or discharge is ordered by the resident's attending physician because of the resident's health care needs.

(b) When the transfer or discharge is mandated by the physical safety of other residents, the facility staff, or facility visitors, as documented in the clinical record. There is no violation of this Section, however, if the facility demonstrates by clear and convincing evidence that it would have taken the same unfavorable personnel action in the absence of that conduct.

(d) The employee of the facility may be awarded all remedies necessary to make the employee whole and to prevent future violations of this Section. Remedies imposed by the court may include, but are not limited to, all of the following:

(1) Reinstatement of the employee to either the same position held before the retaliatory action or to an equivalent position.

services are ordered, the hospital must inform its designated case coordination unit, as defined in 89 Ill. Adm. Code 240.260, of the pending discharge and must provide the patient with the case coordination unit’s telephone number and other contact information.

(b) Every hospital shall develop procedures for a physician with medical staff privileges at the hospital or any appropriate medical staff member to provide the discharge notice prescribed in subsection (a) of this Section. The procedures must include prohibitions against discharging or referring a patient to any of the following if unlicensed, uncertified, or unregistered: (i) a board and care facility, as defined in the Board and Care Home Act; (ii) an assisted living and shared housing establishment, as defined in the Assisted Living and Shared Housing Act; (iii) a facility licensed under the Nursing Home Care Act; (iv) a supportive living facility, as defined in Section 5-5.01a of the Illinois Public Aid Code; or (v) a free-standing hospice facility licensed under the Hospice Program Licensing Act if licensure, certification, or registration is required. The Department of Public Health shall annually provide hospitals with a list of licensed, certified, or registered board and care facilities, assisted living and shared housing establishments, nursing homes, supportive living facilities, and hospice facilities. Reliance upon this list by a hospital shall satisfy compliance with this requirement. The procedure may also include a waiver for any case in which a discharge notice is not feasible due to a short length of stay in the hospital by the patient, or for any case in which the patient voluntarily desires to leave the hospital before the expiration of the 24 hour period.

(c) At least 24 hours prior to discharge from the hospital, the patient shall receive written information on the patient's right to appeal the discharge pursuant to the federal Medicare program, including the steps to follow to appeal the discharge and the appropriate telephone number to call in case the patient intends to appeal the discharge.

(d) Before transfer of a patient to a long term care facility licensed under the Nursing Home Care Act where elderly persons reside, a hospital shall as soon as practicable initiate a name-based criminal history background check by electronic submission to the Department of State Police for all persons between the ages of 18 and 70 years; provided, however, that a hospital shall be required to initiate such a background check only with respect to patients who:

(3) are reasonably expected to remain at the long term care facility for more than 30 days;

(5) are independently ambulatory or mobile for more than a temporary period of time.

A hospital may also request a criminal history background check for a patient who does not meet any of the criteria set forth in items (1) through (5).

A hospital shall notify a long term care facility if the hospital has initiated a criminal history background check on a patient being discharged to that facility. In all circumstances in which the hospital is required by this subsection to initiate the criminal history background check, the transfer to the long term care facility may proceed regardless of the availability of criminal history results. Upon receipt of the results, the hospital shall promptly forward the results to the appropriate long term care facility. If the results of the background check are inconclusive, the hospital shall have no additional duty or obligation to seek additional information from, or about, the patient.

(a) The Director after notice and opportunity for hearing to the applicant or licensee may deny, suspend, or revoke a permit to establish a hospital or deny, suspend, or revoke a license to open, conduct, operate, and maintain a hospital in any case in which he finds that there has been a substantial failure to comply with the provisions of this Act, the Hospital Report Card Act, or the Illinois Adverse Health Care Events Reporting Law of 2005 or the standards, rules, and regulations established by virtue of any of those Acts. The Department may impose fines on hospitals, not to exceed $500 per occurrence, for failing to initiate a criminal background check on a patient that meets the criteria for hospital-initiated background checks. In assessing whether to impose such a fine, the Department shall consider various factors including, but not limited to, whether the hospital has engaged in a pattern or practice of failing to initiate criminal background checks. Money from fines shall be deposited into the Long Term Care Provider Fund.

(b) Such notice shall be effected by registered mail or by personal service setting forth the particular reasons for the proposed action and fixing a date, not less than 15 days from the date of such mailing or service, at which time the applicant or licensee shall be given an opportunity for a hearing. Such hearing shall be conducted by the Director or by an employee of the Department designated in writing by the Director as Hearing Officer to conduct the hearing. On the basis of any such hearing, or upon default of the applicant or licensee, the Director shall

denial to an applicant of a permit to establish a hospital, such
determination shall specify the subsection of Section 6 under which the
permit was denied and shall contain findings of fact forming the basis of
such denial. A copy of such determination shall be sent by registered mail

suspending, or revoking a permit or a license shall become final 35 days
after it is so mailed or served, unless the applicant or licensee, within such
35 day period, petitions for review pursuant to Section 13.

(c) The procedure governing hearings authorized by this Section
shall be in accordance with rules promulgated by the Department and
approved by the Hospital Licensing Board. A full and complete record
shall be kept of all proceedings, including the notice of hearing, complaint,
and all other documents in the nature of pleadings, written motions filed in
the proceedings, and the report and orders of the Director and Hearing
Officer. All testimony shall be reported but need not be transcribed unless
the decision is appealed pursuant to Section 13. A copy or copies of the
transcript may be obtained by any interested party on payment of the cost
of preparing such copy or copies.

(d) The Director or Hearing Officer shall upon his own motion, or
on the written request of any party to the proceeding, issue subpoenas
requiring the attendance and the giving of testimony by witnesses, and
subpoenas duces tecum requiring the production of books, papers, records,
or memoranda. All subpoenas and subpoenas duces tecum issued under
the terms of this Act may be served by any person of full age. The fees of
witnesses for attendance and travel shall be the same as the fees of
witnesses before the Circuit Court of this State, such fees to be paid when
the witness is excused from further attendance. When the witness is
subpoenaed at the instance of the Director, or Hearing Officer, such fees
shall be paid in the same manner as other expenses of the Department, and
when the witness is subpoenaed at the instance of any other party to any
such proceeding the Department may require that the cost of service of the
subpoena or subpoena duces tecum and the fee of the witness be borne by
the party at whose instance the witness is summoned. In such case, the
Department in its discretion, may require a deposit to cover the cost of
such service and witness fees. A subpoena or subpoena duces tecum issued

Section 33. The Medical Practice Act of 1987 is amended by changing Sections 23 and 36 as follows:

(225 ILCS 60/23) (from Ch. 111, par. 4400-23)
(Section scheduled to be repealed on December 31, 2010)
Sec. 23. Reports relating to professional conduct and capacity.
(A) Entities required to report.

(1) Health care institutions. The chief administrator or executive officer of any health care institution licensed by the Illinois Department of Public Health shall report to the Disciplinary Board when any person's clinical privileges are terminated or are restricted based on a final determination, in accordance with that institution's by-laws or rules and regulations, that a person has either committed an act or acts which may directly threaten patient care, and not of an administrative nature, or that a person may be mentally or physically disabled in such a manner as to endanger patients under that person's care. Such officer also shall report if a person accepts voluntary termination or restriction of clinical privileges in lieu of formal action based upon conduct related directly to patient care and not of an administrative nature, or in lieu of formal action seeking to determine whether a person may be mentally or physically disabled in such a manner as to endanger patients under that person's care. The Medical Disciplinary Board shall, by rule, provide for the reporting to it of all instances in which a person, licensed under this Act, who is

impaired by reason of age, drug or alcohol abuse or physical or mental impairment, is under supervision and, where appropriate, is in a program of rehabilitation. Such reports shall be strictly confidential and may be reviewed and considered only by the members of the Disciplinary Board, or by authorized staff as provided by rules of the Disciplinary Board. Provisions shall be made for the periodic report of the status of any such person not less than twice annually in order that the Disciplinary Board shall have current information upon which to determine the status of any such person. Such initial and periodic reports of impaired physicians shall not be considered records within the meaning of The State Records Act and shall be disposed of, following a determination by the Disciplinary Board that such reports are no longer required, in a manner and at such time as the Disciplinary Board shall determine by rule. The filing of such reports shall be construed as the filing of a report for purposes of subsection (C) of this Section.

(2) Professional associations. The President or chief executive officer of any association or society, of persons licensed under this Act, operating within this State shall report to the Disciplinary Board when the association or society renders a final determination that a person has committed unprofessional conduct related directly to patient care or that a person may be mentally or physically disabled in such a manner as to endanger patients under that person's care.

(3) Professional liability insurers. Every insurance company which offers policies of professional liability insurance to persons licensed under this Act, or any other entity which seeks to indemnify the professional liability of a person licensed under this Act, shall report to the Disciplinary Board the settlement of any claim or cause of action, or final judgment rendered in any cause of action, which alleged negligence in the furnishing of medical care by such licensed person when such settlement or final judgment is in favor of the plaintiff.

(4) State's Attorneys. The State's Attorney of each county shall report to the Disciplinary Board all instances in which a person licensed under this Act is convicted or otherwise found guilty of the commission of any felony. The State's Attorney of each county may report to the Disciplinary Board through a
verified complaint any instance in which the State's Attorney believes that a physician has willfully violated the notice requirements of the Parental Notice of Abortion Act of 1995.

(5) State agencies. All agencies, boards, commissions, departments, or other instrumentalities of the government of the State of Illinois shall report to the Disciplinary Board any instance arising in connection with the operations of such agency, including the administration of any law by such agency, in which a person licensed under this Act has either committed an act or acts which may be a violation of this Act or which may constitute unprofessional conduct related directly to patient care or which indicates that a person licensed under this Act may be mentally or physically disabled in such a manner as to endanger patients under that person's care.

(B) Mandatory reporting. All reports required by items (34), (35), and (36) of subsection (A) of Section 22 and by Section 23 shall be submitted to the Disciplinary Board in a timely fashion. The reports shall be filed in writing within 60 days after a determination that a report is required under this Act. All reports shall contain the following information:

(1) The name, address and telephone number of the person making the report.
(2) The name, address and telephone number of the person who is the subject of the report.
(3) The name and date of birth of any patient or patients whose treatment is a subject of the report, if available, or other means of identification if such information is not available, identification of the hospital or other healthcare facility where the care at issue in the report was rendered, provided, however, no medical records may be revealed.
(4) A brief description of the facts which gave rise to the issuance of the report, including the dates of any occurrences deemed to necessitate the filing of the report.
(5) If court action is involved, the identity of the court in which the action is filed, along with the docket number and date of filing of the action.
(6) Any further pertinent information which the reporting party deems to be an aid in the evaluation of the report.
The Disciplinary Board or Department may also exercise the power under Section 38 of this Act to subpoena copies of hospital or medical records in mandatory report cases alleging death or permanent bodily injury. Appropriate rules shall be adopted by the Department with the approval of the Disciplinary Board.

When the Department has received written reports concerning incidents required to be reported in items (34), (35), and (36) of subsection (A) of Section 22, the licensee's failure to report the incident to the Department under those items shall not be the sole grounds for disciplinary action.

Nothing contained in this Section shall act to in any way, waive or modify the confidentiality of medical reports and committee reports to the extent provided by law. Any information reported or disclosed shall be kept for the confidential use of the Disciplinary Board, the Medical Coordinators, the Disciplinary Board's attorneys, the medical investigative staff, and authorized clerical staff, as provided in this Act, and shall be afforded the same status as is provided information concerning medical studies in Part 21 of Article VIII of the Code of Civil Procedure, except that the Department may disclose information and documents to a federal, State, or local law enforcement agency pursuant to a subpoena in an ongoing criminal investigation or to a health care licensing body of this State or another state or jurisdiction pursuant to an official request made by that licensing body. Furthermore, information and documents disclosed to a federal, State, or local law enforcement agency may be used by that agency only for the investigation and prosecution of a criminal offense, or, in the case of disclosure to a health care licensing body, only for investigations and disciplinary action proceedings with regard to a license. Information and documents disclosed to the Department of Public Health may be used by that Department only for investigation and disciplinary action regarding the license of a health care institution licensed by the Department of Public Health.

(C) Immunity from prosecution. Any individual or organization acting in good faith, and not in a wilful and wanton manner, in complying with this Act by providing any report or other information to the Disciplinary Board or a peer review committee, or assisting in the investigation or preparation of such information, or by voluntarily reporting to the Disciplinary Board or a peer review committee information regarding alleged errors or negligence by a person licensed under this Act, or by participating in proceedings of the Disciplinary Board

New matter indicated by italics - deletions by strikeout
or a peer review committee, or by serving as a member of the Disciplinary Board or a peer review committee, shall not, as a result of such actions, be subject to criminal prosecution or civil damages.

(D) Indemnification. Members of the Disciplinary Board, the Medical Coordinators, the Disciplinary Board's attorneys, the medical investigative staff, physicians retained under contract to assist and advise the medical coordinators in the investigation, and authorized clerical staff shall be indemnified by the State for any actions occurring within the scope of services on the Disciplinary Board, done in good faith and not wilful and wanton in nature. The Attorney General shall defend all such actions unless he or she determines either that there would be a conflict of interest in such representation or that the actions complained of were not in good faith or were wilful and wanton.

Should the Attorney General decline representation, the member shall have the right to employ counsel of his or her choice, whose fees shall be provided by the State, after approval by the Attorney General, unless there is a determination by a court that the member's actions were not in good faith or were wilful and wanton.

The member must notify the Attorney General within 7 days of receipt of notice of the initiation of any action involving services of the Disciplinary Board. Failure to so notify the Attorney General shall constitute an absolute waiver of the right to a defense and indemnification.

The Attorney General shall determine within 7 days after receiving such notice, whether he or she will undertake to represent the member.

(E) Deliberations of Disciplinary Board. Upon the receipt of any report called for by this Act, other than those reports of impaired persons licensed under this Act required pursuant to the rules of the Disciplinary Board, the Disciplinary Board shall notify in writing, by certified mail, the person who is the subject of the report. Such notification shall be made within 30 days of receipt by the Disciplinary Board of the report.

The notification shall include a written notice setting forth the person's right to examine the report. Included in such notification shall be the address at which the file is maintained, the name of the custodian of the reports, and the telephone number at which the custodian may be reached. The person who is the subject of the report shall submit a written statement responding, clarifying, adding to, or proposing the amending of the report previously filed. The person who is the subject of the report shall also submit with the written statement any medical records related to the report. The statement and accompanying medical records shall become

New matter indicated by italics - deletions by strikeout
a permanent part of the file and must be received by the Disciplinary Board no more than 30 days after the date on which the person was notified by the Disciplinary Board of the existence of the original report.

The Disciplinary Board shall review all reports received by it, together with any supporting information and responding statements submitted by persons who are the subject of reports. The review by the Disciplinary Board shall be in a timely manner but in no event, shall the Disciplinary Board's initial review of the material contained in each disciplinary file be less than 61 days nor more than 180 days after the receipt of the initial report by the Disciplinary Board.

When the Disciplinary Board makes its initial review of the materials contained within its disciplinary files, the Disciplinary Board shall, in writing, make a determination as to whether there are sufficient facts to warrant further investigation or action. Failure to make such determination within the time provided shall be deemed to be a determination that there are not sufficient facts to warrant further investigation or action.

Should the Disciplinary Board find that there are not sufficient facts to warrant further investigation, or action, the report shall be accepted for filing and the matter shall be deemed closed and so reported to the Secretary. The Secretary shall then have 30 days to accept the Medical Disciplinary Board's decision or request further investigation. The Secretary shall inform the Board in writing of the decision to request further investigation, including the specific reasons for the decision. The individual or entity filing the original report or complaint and the person who is the subject of the report or complaint shall be notified in writing by the Secretary of any final action on their report or complaint.

(F) Summary reports. The Disciplinary Board shall prepare, on a timely basis, but in no event less than once every other month, a summary report of final actions taken upon disciplinary files maintained by the Disciplinary Board. The summary reports shall be made available to the public upon request and payment of the fees set by the Department. This publication may be made available to the public on the Department's Internet website.

(G) Any violation of this Section shall be a Class A misdemeanor.

(H) If any such person violates the provisions of this Section an action may be brought in the name of the People of the State of Illinois, through the Attorney General of the State of Illinois, for an order enjoining such violation or for an order enforcing compliance with this Section.

New matter indicated by italics - deletions by strikeout
Upon filing of a verified petition in such court, the court may issue a temporary restraining order without notice or bond and may preliminarily or permanently enjoin such violation, and if it is established that such person has violated or is violating the injunction, the court may punish the offender for contempt of court. Proceedings under this paragraph shall be in addition to, and not in lieu of, all other remedies and penalties provided for by this Section.

(Section scheduled to be repealed on December 31, 2010)

Sec. 36. Upon the motion of either the Department or the Disciplinary Board or upon the verified complaint in writing of any person setting forth facts which, if proven, would constitute grounds for suspension or revocation under Section 22 of this Act, the Department shall investigate the actions of any person, so accused, who holds or represents that they hold a license. Such person is hereinafter called the accused.

The Department shall, before suspending, revoking, placing on probationary status, or taking any other disciplinary action as the Department may deem proper with regard to any license at least 30 days prior to the date set for the hearing, notify the accused in writing of any charges made and the time and place for a hearing of the charges before the Disciplinary Board, direct them to file their written answer thereto under oath within 20 days after the service on them of such notice and inform them that if they fail to file such answer default will be taken against them and their license may be suspended, revoked, placed on probationary status, or have other disciplinary action, including limiting the scope, nature or extent of their practice, as the Department may deem proper taken with regard thereto.

Where a physician has been found, upon complaint and investigation of the Department, and after hearing, to have performed an abortion procedure in a wilful and wanton manner upon a woman who was not pregnant at the time such abortion procedure was performed, the Department shall automatically revoke the license of such physician to practice medicine in Illinois.

Such written notice and any notice in such proceedings thereafter may be served by delivery of the same, personally, to the accused person, or by mailing the same by registered or certified mail to the address last

theretofore specified by the accused in their last notification to the Department.

All information gathered by the Department during its investigation including information subpoenaed under Section 23 or 38 of this Act and the investigative file shall be kept for the confidential use of the Secretary, Disciplinary Board, the Medical Coordinators, persons employed by contract to advise the Medical Coordinator or the Department, the Disciplinary Board's attorneys, the medical investigative staff, and authorized clerical staff, as provided in this Act and shall be afforded the same status as is provided information concerning medical studies in Part 21 of Article VIII of the Code of Civil Procedure, except that the Department may disclose information and documents to a federal, State, or local law enforcement agency pursuant to a subpoena in an ongoing criminal investigation to a health care licensing body of this State or another state or jurisdiction pursuant to an official request made by that licensing body. Furthermore, information and documents disclosed to a federal, State, or local law enforcement agency may be used by that agency only for the investigation and prosecution of a criminal offense or, in the case of disclosure to a health care licensing body, only for investigations and disciplinary action proceedings with regard to a license issued by that licensing body.

(9) A finding by the Department that the licensee, after having his or her license placed on probationary status has violated the terms of probation.

(10) Willfully making or filing false records or reports in his or her practice, including but not limited to false records filed with State agencies or departments.

(11) Physical illness, mental illness, or other impairment or disability, including, but not limited to, deterioration through the aging process, or loss of motor skill that results in the inability to practice the profession with reasonable judgment, skill or safety.

(18) Violation of the Nursing Home Care Act or of any rule issued under the Nursing Home Care Act. *A final adjudication of a Type "AA" violation of the Nursing Home Care Act made by the Illinois Department of Public Health, as identified by rule, relating to the hiring, training, planning, organizing, directing, or supervising the operation of a nursing home and a licensee's failure to comply with this Act or the rules adopted under this Act, shall create a rebuttable presumption of a violation of this subsection.*

(19) Failure to report to the Department any adverse final action taken against the licensee by a licensing authority of another state, territory of the United States, or foreign country; or by any governmental or law enforcement agency; or by any court for acts or conduct similar to acts or conduct that would constitute grounds for disciplinary action under this Section.

(20) Failure to report to the Department the surrender of a license or authorization to practice as a nursing home administrator in another state or jurisdiction for acts or conduct similar to acts or conduct that would constitute grounds for disciplinary action under this Section.

(21) Failure to report to the Department any adverse judgment, settlement, or award arising from a liability claim related to acts or conduct similar to acts or conduct that would constitute grounds for disciplinary action under this Section.

All proceedings to suspend, revoke, place on probationary status, or take any other disciplinary action as the Department may deem proper, with regard to a license on any of the foregoing grounds, must be commenced within 5 years next after receipt by the Department of (i) a complaint alleging the commission of or notice of the conviction order for any of the acts described herein or (ii) a referral for investigation under Section 3-108 of the Nursing Home Care Act.

The entry of an order or judgment by any circuit court establishing that any person holding a license under this Act is a person in need of mental treatment operates as a suspension of that license. That person may resume their practice only upon the entry of a Department order based upon a finding by the Board that they have been determined to be

recovered from mental illness by the court and upon the Board's recommendation that they be permitted to resume their practice.

The Department, upon the recommendation of the Board, may adopt rules which set forth standards to be used in determining what constitutes:

(iii) immoral conduct in the commission of any act related to the licensee's practice; and
(iv) professional incompetence in the practice of nursing home administration.

However, no such rule shall be admissible into evidence in any civil action except for review of a licensing or other disciplinary action under this Act.

In enforcing this Section, the Department or Board, upon a showing of a possible violation, may compel any individual licensed to practice under this Act, or who has applied for licensure pursuant to this Act, to submit to a mental or physical examination, or both, as required by and at the expense of the Department. The examining physician or physicians shall be those specifically designated by the Department or Board. The Department or Board may order the examining physician to present testimony concerning this mental or physical examination of the licensee or applicant. No information shall be excluded by reason of any common law or statutory privilege relating to communications between the licensee or applicant and the examining physician. The individual to be examined may have, at his or her own expense, another physician of his or her choice present during all aspects of the examination. Failure of any individual to submit to mental or physical examination, when directed, shall be grounds for suspension of his or her license until such time as the individual submits to the examination if the Department finds, after notice and hearing, that the refusal to submit to the examination was without reasonable cause.

If the Department or Board finds an individual unable to practice because of the reasons set forth in this Section, the Department or Board shall require such individual to submit to care, counseling, or treatment by physicians approved or designated by the Department or Board, as a condition, term, or restriction for continued, reinstated, or renewed
licensure to practice; or in lieu of care, counseling, or treatment, the Department may file, or the Board may recommend to the Department to file, a complaint to immediately suspend, revoke, or otherwise discipline the license of the individual. Any individual whose license was granted pursuant to this Act or continued, reinstated, renewed, disciplined or supervised, subject to such terms, conditions or restrictions who shall fail to comply with such terms, conditions or restrictions shall be referred to the Secretary for a determination as to whether the licensee shall have his or her license suspended immediately, pending a hearing by the Department. In instances in which the Secretary immediately suspends a license under this Section, a hearing upon such person's license must be convened by the Board within 30 days after such suspension and completed without appreciable delay. The Department and Board shall have the authority to review the subject administrator's record of treatment and counseling regarding the impairment, to the extent permitted by applicable federal statutes and regulations safeguarding the confidentiality of medical records.

An individual licensed under this Act, affected under this Section, shall be afforded an opportunity to demonstrate to the Department or Board that he or she can resume practice in compliance with acceptable and prevailing standards under the provisions of his or her license.

(b) Any individual or organization acting in good faith, and not in a wilful and wanton manner, in complying with this Act by providing any report or other information to the Department, or assisting in the investigation or preparation of such information, or by participating in proceedings of the Department, or by serving as a member of the Board, shall not, as a result of such actions, be subject to criminal prosecution or civil damages.

(c) Members of the Board, and persons retained under contract to assist and advise in an investigation, shall be indemnified by the State for any actions occurring within the scope of services on or for the Board, done in good faith and not wilful and wanton in nature. The Attorney General shall defend all such actions unless he or she determines either that there would be a conflict of interest in such representation or that the actions complained of were not in good faith or were wilful and wanton.

Should the Attorney General decline representation, a person entitled to indemnification under this Section shall have the right to employ counsel of his or her choice, whose fees shall be provided by the State, after approval by the Attorney General, unless there is a

New matter indicated by italics - deletions by strikeout
determination by a court that the member's actions were not in good faith or were wilful and wanton.

A person entitled to indemnification under this Section must notify the Attorney General within 7 days of receipt of notice of the initiation of any action involving services of the Board. Failure to so notify the Attorney General shall constitute an absolute waiver of the right to a defense and indemnification.

The Attorney General shall determine within 7 days after receiving such notice, whether he or she will undertake to represent a person entitled to indemnification under this Section.

(d) The determination by a circuit court that a licensee is subject to involuntary admission or judicial admission as provided in the Mental Health and Developmental Disabilities Code, as amended, operates as an automatic suspension. Such suspension will end only upon a finding by a court that the patient is no longer subject to involuntary admission or judicial admission and issues an order so finding and discharging the patient; and upon the recommendation of the Board to the Secretary that the licensee be allowed to resume his or her practice.

(e) The Department may refuse to issue or may suspend the license of any person who fails to file a return, or to pay the tax, penalty or interest shown in a filed return, or to pay any final assessment of tax, penalty or interest, as required by any tax Act administered by the Department of Revenue, until such time as the requirements of any such tax Act are satisfied.

(f) The Department of Public Health shall transmit to the Department a list of those facilities which receive an "A" violation as defined in Section 1-129 of the Nursing Home Care Act.

(16) Professional incompetence in the practice of nursing home administration.

(18) Violation of the Nursing Home Care Act or the MR/DD Community Care Act or of any rule issued under the Nursing Home Care Act or the MR/DD Community Care Act. A final adjudication of a Type "AA" violation of the Nursing Home Care Act made by the Illinois Department of Public Health, as identified by rule, relating to the hiring, training, planning, organizing, directing, or supervising the operation of a nursing home and a licensee's failure to comply with this Act or the rules adopted under this Act, shall create a rebuttable presumption of a violation of this subsection.

(19) Failure to report to the Department any adverse final action taken against the licensee by a licensing authority of another state, territory of the United States, or foreign country; or by any governmental or law enforcement agency; or by any court for acts or conduct similar to acts or conduct that would constitute grounds for disciplinary action under this Section.

(20) Failure to report to the Department the surrender of a license or authorization to practice as a nursing home administrator in another state or jurisdiction for acts or conduct similar to acts or conduct that would constitute grounds for disciplinary action under this Section.

(21) Failure to report to the Department any adverse judgment, settlement, or award arising from a liability claim related to acts or conduct similar to acts or conduct that would constitute grounds for disciplinary action under this Section.

All proceedings to suspend, revoke, place on probationary status, or take any other disciplinary action as the Department may deem proper, with regard to a license on any of the foregoing grounds, must be commenced within 5 years next after receipt by the Department of (i) a complaint alleging the commission of or notice of the conviction order for any of the acts described herein or (ii) a referral for investigation under Section 3-108 of the Nursing Home Care Act.

The entry of an order or judgment by any circuit court establishing that any person holding a license under this Act is a person in need of

mental treatment operates as a suspension of that license. That person may resume their practice only upon the entry of a Department order based upon a finding by the Board that they have been determined to be recovered from mental illness by the court and upon the Board's recommendation that they be permitted to resume their practice.

The Department, upon the recommendation of the Board, may adopt rules which set forth standards to be used in determining what constitutes:

(i) when a person will be deemed sufficiently rehabilitated to warrant the public trust;
(ii) dishonorable, unethical or unprofessional conduct of a character likely to deceive, defraud, or harm the public;
(iii) immoral conduct in the commission of any act related to the licensee's practice; and
(iv) professional incompetence in the practice of nursing home administration.

However, no such rule shall be admissible into evidence in any civil action except for review of a licensing or other disciplinary action under this Act.

In enforcing this Section, the Department or Board, upon a showing of a possible violation, may compel any individual licensed to practice under this Act, or who has applied for licensure pursuant to this Act, to submit to a mental or physical examination, or both, as required by and at the expense of the Department. The examining physician or physicians shall be those specifically designated by the Department or Board. The Department or Board may order the examining physician to present testimony concerning this mental or physical examination of the licensee or applicant. No information shall be excluded by reason of any common law or statutory privilege relating to communications between the licensee or applicant and the examining physician. The individual to be examined may have, at his or her own expense, another physician of his or her choice present during all aspects of the examination. Failure of any individual to submit to mental or physical examination, when directed, shall be grounds for suspension of his or her license until such time as the individual submits to the examination if the Department finds, after notice and hearing, that the refusal to submit to the examination was without reasonable cause.

shall require such individual to submit to care, counseling, or treatment by physicians approved or designated by the Department or Board, as a condition, term, or restriction for continued, reinstated, or renewed licensure to practice; or in lieu of care, counseling, or treatment, the Department may file, or the Board may recommend to the Department to file, a complaint to immediately suspend, revoke, or otherwise discipline the license of the individual. Any individual whose license was granted pursuant to this Act or continued, reinstated, renewed, disciplined or supervised, subject to such terms, conditions or restrictions who shall fail to comply with such terms, conditions or restrictions shall be referred to the Secretary for a determination as to whether the licensee shall have his or her license suspended immediately, pending a hearing by the Department. In instances in which the Secretary immediately suspends a license under this Section, a hearing upon such person's license must be convened by the Board within 30 days after such suspension and completed without appreciable delay. The Department and Board shall have the authority to review the subject administrator's record of treatment and counseling regarding the impairment, to the extent permitted by applicable federal statutes and regulations safeguarding the confidentiality of medical records.

An individual licensed under this Act, affected under this Section, shall be afforded an opportunity to demonstrate to the Department or Board that he or she can resume practice in compliance with acceptable and prevailing standards under the provisions of his or her license.

(b) Any individual or organization acting in good faith, and not in a wilful and wanton manner, in complying with this Act by providing any report or other information to the Department, or assisting in the investigation or preparation of such information, or by participating in proceedings of the Department, or by serving as a member of the Board, shall not, as a result of such actions, be subject to criminal prosecution or civil damages.

(c) Members of the Board, and persons retained under contract to assist and advise in an investigation, shall be indemnified by the State for any actions occurring within the scope of services on or for the Board, done in good faith and not wilful and wanton in nature. The Attorney General shall defend all such actions unless he or she determines either that there would be a conflict of interest in such representation or that the actions complained of were not in good faith or were wilful and wanton.
Should the Attorney General decline representation, a person entitled to indemnification under this Section shall have the right to employ counsel of his or her choice, whose fees shall be provided by the State, after approval by the Attorney General, unless there is a determination by a court that the member's actions were not in good faith or were wilful and wanton.

A person entitled to indemnification under this Section must notify the Attorney General within 7 days of receipt of notice of the initiation of any action involving services of the Board. Failure to so notify the Attorney General shall constitute an absolute waiver of the right to a defense and indemnification.

The Attorney General shall determine within 7 days after receiving such notice, whether he or she will undertake to represent a person entitled to indemnification under this Section.

(d) The determination by a circuit court that a licensee is subject to involuntary admission or judicial admission as provided in the Mental Health and Developmental Disabilities Code, as amended, operates as an automatic suspension. Such suspension will end only upon a finding by a court that the patient is no longer subject to involuntary admission or judicial admission and issues an order so finding and discharging the patient; and upon the recommendation of the Board to the Secretary that the licensee be allowed to resume his or her practice.

(e) The Department may refuse to issue or may suspend the license of any person who fails to file a return, or to pay the tax, penalty or interest shown in a filed return, or to pay any final assessment of tax, penalty or interest, as required by any tax Act administered by the Department of Revenue, until such time as the requirements of any such tax Act are satisfied.

(f) The Department of Public Health shall transmit to the Department a list of those facilities which receive an "A" violation as defined in Section 1-129 of the Nursing Home Care Act.

Sec. 17.1. Reports of violations of Act or other conduct.

(a) The owner or licensee of a long term care facility licensed under the Nursing Home Care Act who employs or contracts with a licensee under this Act shall report to the Department any instance of which he or she has knowledge arising in connection with operations of the health care institution, including the administration of any law by the
institution, in which a licensee under this Act has either committed an act or acts which may constitute a violation of this Act or unprofessional conduct related directly to patient care, or which may indicate that the licensee may be mentally or physically disabled in such a manner as to endanger patients under that licensee's care. Additionally, every nursing home shall report to the Department any instance when a licensee is terminated for cause which would constitute a violation of this Act. The Department may take disciplinary or non-disciplinary action if the termination is based upon unprofessional conduct related to planning, organizing, directing, or supervising the operation of a nursing home as defined by this Act or other conduct by the licensee that would be a violation of this Act or rules.

For the purposes of this subsection, "owner" does not mean the owner of the real estate or physical plant who does not hold management or operational control of the licensed long term care facility.

(b) Any insurance company that offers policies of professional liability insurance to licensees, or any other entity that seeks to indemnify the professional liability of a licensee, shall report the settlement of any claim or adverse final judgment rendered in any action that alleged negligence in planning, organizing, directing, or supervising the operation of a nursing home by the licensee.

(c) The State's Attorney of each county shall report to the Department each instance in which a licensee is convicted of or enters a plea of guilty or nolo contendere to any crime that is a felony, or of which an essential element is dishonesty, or that is directly related to the practice of the profession of nursing home administration.

(d) Any agency, board, commission, department, or other instrumentality of the government of the State of Illinois shall report to the Department any instance arising in connection with the operations of the agency, including the administration of any law by the agency, in which a licensee under this Act has either committed an act or acts which may constitute a violation of this Act or unprofessional conduct related directly to planning, organizing, directing or supervising the operation of a nursing home, or which may indicate that a licensee may be mentally or physically disabled in such a manner as to endanger others.

(e) All reports required by items (19), (20), and (21) of subsection (a) of Section 17 and by this Section 17.1 shall be submitted to the Department in a timely fashion. The reports shall be filed in writing within
60 days after a determination that a report is required under this Section. All reports shall contain the following information:

(1) The name, address, and telephone number of the person making the report.

(2) The name, address, and telephone number of the person who is the subject of the report.

(3) The name and date of birth of any person or persons whose treatment is a subject of the report, or other means of identification if that information is not available, and identification of the nursing home facility where the care at issue in the report was rendered.

(4) A brief description of the facts which gave rise to the issuance of the report, including the dates of any occurrences deemed to necessitate the filing of the report.

(5) If court action is involved, the identity of the court in which the action is filed, along with the docket number and the date the action was filed.

(6) Any further pertinent information that the reporting party deems to be an aid in evaluating the report.

If the Department receives a written report concerning an incident required to be reported under item (19), (20), or (21) of subsection (a) of Section 17, then the licensee's failure to report the incident to the Department within 60 days may not be the sole ground for any disciplinary action against the licensee.

(f) Any individual or organization acting in good faith, and not in a wilful and wanton manner, in complying with this Section by providing any report or other information to the Department, by assisting in the investigation or preparation of such information, by voluntarily reporting to the Department information regarding alleged errors or negligence by a licensee, or by participating in proceedings of the Department, shall not, as a result of such actions, be subject to criminal prosecution or civil damages.

(g) Upon the receipt of any report required by this Section, the Department shall notify in writing, by certified mail, the person who is the subject of the report. The notification shall be made within 30 days after the Department's receipt of the report.

The notification shall include a written notice setting forth the person's right to examine the report. The notification shall also include the address at which the file is maintained, the name of the custodian of the

file, and the telephone number at which the custodian may be reached. The person who is the subject of the report shall submit a written statement responding, clarifying, adding to, or proposing the amending of the report previously filed. The statement shall become a permanent part of the file and must be received by the Department no more than 30 days after the date on which the person was notified by the Department of the existence of the original report.

The Department shall review a report received by it, together with any supporting information and responding statements submitted by the person who is the subject of the report. The review by the Department shall be in a timely manner, but in no event shall the Department's initial review of the material contained in each disciplinary file last less than 61 days nor more than 180 days after the receipt of the initial report by the Department.

When the Department makes its initial review of the materials contained within its disciplinary files, the Department shall, in writing, make a determination as to whether there are sufficient facts to warrant further investigation or action. Failure to make such a determination within the time provided shall be deemed to be a determination that there are not sufficient facts to warrant further investigation or action. The Department shall notify the person who is the subject of the report of any final action on the report.

(h) A violation of this Section is a Class A misdemeanor.

(i) If any person or entity violates this Section, then an action may be brought in the name of the People of the State of Illinois, through the Attorney General of the State of Illinois, for an order enjoining the violation or for an order enforcing compliance with this Section. Upon filing of a verified petition in the court, the court may issue a temporary restraining order without notice or bond and may preliminarily or permanently enjoin the violation. If it is established that the person or entity has violated or is violating the injunction, the court may punish the offender for contempt of court. Proceedings under this subsection (i) shall be in addition to, and not in lieu of, all other remedies and penalties provided for by this Section.

Sec. 38. Whistleblower protection. Any individual or organization acting in good faith, and not in a willful and wanton manner, in complying with this Act by providing any report or other information to the Department, or assisting in the investigation or preparation of such
information, or by voluntarily reporting to the Department information regarding alleged errors or negligence by a licensee, or by participating in proceedings of the Department, shall not, as a result of such actions, be subject to criminal prosecution or civil damages.

However, the Illinois Department may set the rate of reimbursement for the acquisition cost, by rule, at a percentage of the current average wholesale acquisition cost.

(e) The Department shall cooperate with the Department of Public Health and the Department of Human Services Division of Mental Health in identifying psychotropic medications that, when given in a particular form, manner, duration, or frequency (including "as needed") in a dosage, or in conjunction with other psychotropic medications to a nursing home resident, may constitute a chemical restraint or an "unnecessary drug" as defined by the Nursing Home Care Act or Titles XVIII and XIX of the Social Security Act and the implementing rules and regulations. The Department shall require prior approval for any such medication prescribed for a nursing home resident that appears to be a chemical restraint or an unnecessary drug. The Department shall consult with the
Department of Human Services Division of Mental Health in developing a protocol and criteria for deciding whether to grant such prior approval. (Source: P.A. 93-106, eff. 7-8-03; 94-48, eff. 7-1-05.)

The custodian or guardian, within 10 days after such citation, shall make the report, either in writing verified by affidavit or orally under oath in open court, or otherwise as the court directs. Upon the hearing of the report the court may remove the custodian or guardian and appoint another in his stead or restore the minor to the custody of his parents or former guardian or custodian. However, custody of the minor shall not be restored to any parent, guardian or legal custodian in any case in which the minor is found to be neglected or abused under Section 2-3 or dependent under Section 2-4 of this Act, unless the minor can be cared for at home without endangering the minor's health or safety and it is in the best interests of the minor, and if such neglect, abuse, or dependency is found by the court under paragraph (1) of Section 2-21 of this Act to have come about due to the acts or omissions or both of such parent, guardian or legal custodian, until such time as an investigation is made as provided in paragraph (5) and a hearing is held on the issue of the fitness of such parent, guardian or legal custodian to care for the minor and the court enters an order that such parent, guardian or legal custodian is fit to care for the minor.

(2) The first permanency hearing shall be conducted by the judge. Subsequent permanency hearings may be heard by a judge or by hearing officers appointed or approved by the court in the manner set forth in Section 2-28.1 of this Act. The initial hearing shall be held (a) within 12 months from the date temporary custody was taken, (b) if the parental rights of both parents have been terminated in accordance with the procedure described in subsection (5) of Section 2-21, within 30 days of the order for termination of parental rights and appointment of a guardian with power to consent to adoption, or (c) in accordance with subsection (2) of Section 2-13.1. Subsequent permanency hearings shall be held every 6 months or more frequently if necessary in the court’s determination following the initial permanency hearing, in accordance with the standards set forth in this Section, until the court determines that the plan and goal have been achieved. Once the plan and goal have been achieved, if the

minor remains in substitute care, the case shall be reviewed at least every 6 months thereafter, subject to the provisions of this Section, unless the minor is placed in the guardianship of a suitable relative or other person and the court determines that further monitoring by the court does not further the health, safety or best interest of the child and that this is a stable permanent placement. The permanency hearings must occur within the time frames set forth in this subsection and may not be delayed in anticipation of a report from any source or due to the agency's failure to timely file its written report (this written report means the one required under the next paragraph and does not mean the service plan also referred to in that paragraph).

The public agency that is the custodian or guardian of the minor, or another agency responsible for the minor's care, shall ensure that all parties to the permanency hearings are provided a copy of the most recent service plan prepared within the prior 6 months at least 14 days in advance of the hearing. If not contained in the plan, the agency shall also include a report setting forth (i) any special physical, psychological, educational, medical, emotional, or other needs of the minor or his or her family that are relevant to a permanency or placement determination and (ii) for any minor age 16 or over, a written description of the programs and services that will enable the minor to prepare for independent living. The agency's written report must detail what progress or lack of progress the parent has made in correcting the conditions requiring the child to be in care; whether the child can be returned home without jeopardizing the child's health, safety, and welfare, and if not, what permanency goal is recommended to be in the best interests of the child, and why the other permanency goals are not appropriate. The caseworker must appear and testify at the permanency hearing. If a permanency hearing has not previously been scheduled by the court, the moving party shall move for the setting of a permanency hearing and the entry of an order within the time frames set forth in this subsection.

At the permanency hearing, the court shall determine the future status of the child. The court shall set one of the following permanency goals:

(A) The minor will be returned home by a specific date within 5 months.

(B) The minor will be in short-term care with a continued goal to return home within a period not to exceed one year, where
the progress of the parent or parents is substantial giving particular consideration to the age and individual needs of the minor.

(B-1) The minor will be in short-term care with a continued goal to return home pending a status hearing. When the court finds that a parent has not made reasonable efforts or reasonable progress to date, the court shall identify what actions the parent and the Department must take in order to justify a finding of reasonable efforts or reasonable progress and shall set a status hearing to be held not earlier than 9 months from the date of adjudication nor later than 11 months from the date of adjudication during which the parent's progress will again be reviewed.

(C) The minor will be in substitute care pending court determination on termination of parental rights.

(D) Adoption, provided that parental rights have been terminated or relinquished.

(E) The guardianship of the minor will be transferred to an individual or couple on a permanent basis provided that goals (A) through (D) have been ruled out.

(F) The minor over age 15 will be in substitute care pending independence.

(G) The minor will be in substitute care because he or she cannot be provided for in a home environment due to developmental disabilities or mental illness or because he or she is a danger to self or others, provided that goals (A) through (D) have been ruled out.

In selecting any permanency goal, the court shall indicate in writing the reasons the goal was selected and why the preceding goals were ruled out. Where the court has selected a permanency goal other than (A), (B), or (B-1), the Department of Children and Family Services shall not provide further reunification services, but shall provide services consistent with the goal selected.

(H) Notwithstanding any other provision in this Section, the court may select the goal of continuing foster care as a permanency goal if:

1. The Department of Children and Family Services has custody and guardianship of the minor;
2. The court has ruled out all other permanency goals based on the child's best interest;

New matter indicated by italics - deletions by strikeout
(3) The court has found compelling reasons, based on written documentation reviewed by the court, to place the minor in continuing foster care. Compelling reasons include:

   (a) the child does not wish to be adopted or to be placed in the guardianship of his or her relative or foster care placement;

   (b) the child exhibits an extreme level of need such that the removal of the child from his or her placement would be detrimental to the child; or

   (c) the child who is the subject of the permanency hearing has existing close and strong bonds with a sibling, and achievement of another permanency goal would substantially interfere with the subject child's sibling relationship, taking into consideration the nature and extent of the relationship, and whether ongoing contact is in the subject child's best interest, including long-term emotional interest, as compared with the legal and emotional benefit of permanence;

(4) The child has lived with the relative or foster parent for at least one year; and

(5) The relative or foster parent currently caring for the child is willing and capable of providing the child with a stable and permanent environment.

The court shall set a permanency goal that is in the best interest of the child. In determining that goal, the court shall consult with the minor in an age-appropriate manner regarding the proposed permanency or transition plan for the minor. The court's determination shall include the following factors:

   (1) Age of the child.

   (2) Options available for permanence, including both out-of-State and in-State placement options.

   (3) Current placement of the child and the intent of the family regarding adoption.

   (4) Emotional, physical, and mental status or condition of the child.

New matter indicated by italics - deletions by strikeout
(5) Types of services previously offered and whether or not the services were successful and, if not successful, the reasons the services failed.

(6) Availability of services currently needed and whether the services exist.

(7) Status of siblings of the minor.

The court shall consider (i) the permanency goal contained in the service plan, (ii) the appropriateness of the services contained in the plan and whether those services have been provided, (iii) whether reasonable efforts have been made by all the parties to the service plan to achieve the goal, and (iv) whether the plan and goal have been achieved. All evidence relevant to determining these questions, including oral and written reports, may be admitted and may be relied on to the extent of their probative value.

The court shall make findings as to whether, in violation of Section 8.2 of the Abused and Neglected Child Reporting Act, any portion of the service plan compels a child or parent to engage in any activity or refrain from any activity that is not reasonably related to remedying a condition or conditions that gave rise or which could give rise to any finding of child abuse or neglect. The services contained in the service plan shall include services reasonably related to remedy the conditions that gave rise to removal of the child from the home of his or her parents, guardian, or legal custodian or that the court has found must be remedied prior to returning the child home. Any tasks the court requires of the parents, guardian, or legal custodian or child prior to returning the child home, must be reasonably related to remedying a condition or conditions that gave rise to or which could give rise to any finding of child abuse or neglect.

If the permanency goal is to return home, the court shall make findings that identify any problems that are causing continued placement of the children away from the home and identify what outcomes would be considered a resolution to these problems. The court shall explain to the parents that these findings are based on the information that the court has at that time and may be revised, should additional evidence be presented to the court.

If the goal has been achieved, the court shall enter orders that are necessary to conform the minor's legal custody and status to those findings.

New matter indicated by italics - deletions by strikeout
If, after receiving evidence, the court determines that the services contained in the plan are not reasonably calculated to facilitate achievement of the permanency goal, the court shall put in writing the factual basis supporting the determination and enter specific findings based on the evidence. The court also shall enter an order for the Department to develop and implement a new service plan or to implement changes to the current service plan consistent with the court's findings. The new service plan shall be filed with the court and served on all parties within 45 days of the date of the order. The court shall continue the matter until the new service plan is filed. Unless otherwise specifically authorized by law, the court is not empowered under this subsection (2) or under subsection (3) to order specific placements, specific services, or specific service providers to be included in the plan.

A guardian or custodian appointed by the court pursuant to this Act shall file updated case plans with the court every 6 months.

Rights of wards of the court under this Act are enforceable against any public agency by complaints for relief by mandamus filed in any proceedings brought under this Act.

(3) Following the permanency hearing, the court shall enter a written order that includes the determinations required under subsection (2) of this Section and sets forth the following:

(a) The future status of the minor, including the permanency goal, and any order necessary to conform the minor's legal custody and status to such determination; or

(b) If the permanency goal of the minor cannot be achieved immediately, the specific reasons for continuing the minor in the care of the Department of Children and Family Services or other agency for short term placement, and the following determinations:

   (i) (Blank).

   (ii) Whether the services required by the court and by any service plan prepared within the prior 6 months have been provided and (A) if so, whether the services were reasonably calculated to facilitate the achievement of the permanency goal or (B) if not provided, why the services were not provided.

   (iii) Whether the minor's placement is necessary, and appropriate to the plan and goal, recognizing the right of minors to the least restrictive (most family-like) setting available and in close proximity to the parents' home.

New matter indicated by italics - deletions by strikeout
consistent with the health, safety, best interest and special needs of the minor and, if the minor is placed out-of-State, whether the out-of-State placement continues to be appropriate and consistent with the health, safety, and best interest of the minor.

(iv) (Blank).

(v) (Blank).

(4) The minor or any person interested in the minor may apply to the court for a change in custody of the minor and the appointment of a new custodian or guardian of the person or for the restoration of the minor to the custody of his parents or former guardian or custodian.

When return home is not selected as the permanency goal:

(a) The Department, the minor, or the current foster parent or relative caregiver seeking private guardianship may file a motion for private guardianship of the minor. Appointment of a guardian under this Section requires approval of the court.

(b) The State's Attorney may file a motion to terminate parental rights of any parent who has failed to make reasonable efforts to correct the conditions which led to the removal of the child or reasonable progress toward the return of the child, as defined in subdivision (D)(m) of Section 1 of the Adoption Act or for whom any other unfitness ground for terminating parental rights as defined in subdivision (D) of Section 1 of the Adoption Act exists.

When parental rights have been terminated for a minimum of 3 years and the child who is the subject of the permanency hearing is 13 years old or older and is not currently placed in a placement likely to achieve permanency, the Department of Children and Family Services shall make reasonable efforts to locate parents whose rights have been terminated, except when the Court determines that those efforts would be futile or inconsistent with the subject child's best interests. The Department of Children and Family Services shall assess the appropriateness of the parent whose rights have been terminated, and shall, as appropriate, foster and support connections between the parent whose rights have been terminated and the youth. The Department of Children and Family Services shall document its determinations and efforts to foster connections in the child's case plan.
Custody of the minor shall not be restored to any parent, guardian or legal custodian in any case in which the minor is found to be neglected or abused under Section 2-3 or dependent under Section 2-4 of this Act, unless the minor can be cared for at home without endangering his or her health or safety and it is in the best interest of the minor, and if such neglect, abuse, or dependency is found by the court under paragraph (1) of Section 2-21 of this Act to have come about due to the acts or omissions or both of such parent, guardian or legal custodian, until such time as an investigation is made as provided in paragraph (5) and a hearing is held on the issue of the health, safety and best interest of the minor and the fitness of such parent, guardian or legal custodian to care for the minor and the court enters an order that such parent, guardian or legal custodian is fit to care for the minor. In the event that the minor has attained 18 years of age and the guardian or custodian petitions the court for an order terminating his guardianship or custody, guardianship or custody shall terminate automatically 30 days after the receipt of the petition unless the court orders otherwise. No legal custodian or guardian of the person may be removed without his consent until given notice and an opportunity to be heard by the court.

When the court orders a child restored to the custody of the parent or parents, the court shall order the parent or parents to cooperate with the Department of Children and Family Services and comply with the terms of an after-care plan, or risk the loss of custody of the child and possible termination of their parental rights. The court may also enter an order of protective supervision in accordance with Section 2-24.

(5) Whenever a parent, guardian, or legal custodian files a motion for restoration of custody of the minor, and the minor was adjudicated neglected, abused, or dependent as a result of physical abuse, the court shall cause to be made an investigation as to whether the movant has ever been charged with or convicted of any criminal offense which would indicate the likelihood of any further physical abuse to the minor. Evidence of such criminal convictions shall be taken into account in determining whether the minor can be cared for at home without endangering his or her health or safety and fitness of the parent, guardian, or legal custodian.

(a) Any agency of this State or any subdivision thereof shall co-operate with the agent of the court in providing any information sought in the investigation.
(b) The information derived from the investigation and any conclusions or recommendations derived from the information shall be provided to the parent, guardian, or legal custodian seeking restoration of custody prior to the hearing on fitness and the movant shall have an opportunity at the hearing to refute the information or contest its significance.

(c) All information obtained from any investigation shall be confidential as provided in Section 5-150 of this Act.

(705 ILCS 405/2-34)

(Section scheduled to be repealed on August 21, 2013)

Sec. 2-34. Motion to reinstate parental rights.

(1) For purposes of this subsection (1), the term "parent" refers to the person or persons whose rights were terminated as described in paragraph (a) of this subsection; and the term "minor" means a person under the age of 21 years subject to this Act for whom the Department of Children and Family Services Guardianship Administrator is appointed the temporary custodian or guardian.

A motion to reinstate parental rights may be filed only by the Department of Children and Family Services regarding any minor who is presently a ward of the court under Article II of this Act when all the conditions set out in paragraphs (a), (b), (c), (d), (e), (f), and (g) of this subsection (1) are met:

(a) while the minor was under the jurisdiction of the court under Article II of this Act, the minor's parent or parents surrendered the minor for adoption to an agency legally authorized to place children for adoption, or the minor's parent or parents consented to his or her adoption, or the minor's parent or parents consented to his or her adoption by a specified person or persons, or the parent or parents' rights were terminated pursuant to a finding of unfitness pursuant to Section 2-29 of this Act and a guardian was appointed with the power to consent to adoption pursuant to Section 2-29 of this Act; and

(b) (i) since the signing of the surrender, the signing of the consent, or the unfitness finding, the minor has remained a ward of the Court under Article II of this Act; or

(ii) the minor was made a ward of the Court, the minor was placed in the private guardianship of an

individual or individuals, and after the appointment of a private guardian and a new petition alleging abuse, neglect, or dependency pursuant to Section 2-3 or 2-4 is filed, and the minor is again found by the court to be abused, neglected or dependent; or a supplemental petition to reinstate wardship is filed pursuant to Section 2-33, and the court reinstates wardship, the minor was again brought to the attention of the Juvenile Court and the private guardianship was vacated; or

(iii) the minor was made a ward of the Court, wardship was terminated after the minor was adopted, after the adoption a new petition alleging abuse, neglect, or dependency pursuant to Section 2-3 or 2-4 is filed, and the minor is again found by the court to be abused, neglected, or dependent, the minor was again brought to the attention of the Juvenile Court and made a ward of the Court under Article II of this Act, and either (i) the adoptive parent or parents are deceased, (ii) the adoptive parent or parents signed a surrender of parental rights, or (iii) the parental rights of the adoptive parent or parents were terminated;

(c) the minor is not currently in a placement likely to achieve permanency;

(d) it is in the minor's best interest that parental rights be reinstated;

(e) the parent named in the motion wishes parental rights to be reinstated and is currently appropriate to have rights reinstated;

(f) more than 3 years have lapsed since the signing of the consent or surrender, or the entry of the order appointing a guardian with the power to consent to adoption;

(g) (i) the child is 13 years of age or older or (ii) the child is the younger sibling of such child, 13 years of age or older, for whom reinstatement of parental rights is being sought and the younger sibling independently meets the criteria set forth in paragraphs (a) through (h) of this subsection; and

(h) if the court has previously denied a motion to reinstate parental rights filed by the Department, there has been a substantial change in circumstances following the denial of the earlier motion.

(2) The motion may be filed only by the Department of Children and Family Services. Unless excused by the court for good cause shown,
the movant shall give notice of the time and place of the hearing on the
motion, in person or by mail, to the parties to the juvenile court
proceeding. Notice shall be provided at least 14 days in advance of the
hearing date. The motion shall include the allegations required in
subsection (1) of this Section.

(3) Any party may file a motion to dismiss the motion with
prejudice on the basis that the parent has intentionally acted to prevent the
child from being adopted, after parental rights were terminated or the
parent intentionally acted to disrupt the child's adoption. If the court finds
by a preponderance of the evidence that the parent has intentionally acted
to prevent the child from being adopted, after parental rights were
terminated or that the parent intentionally acted to disrupt the child's
adoption, the court shall dismiss the petition with prejudice.

(4) The court shall not grant a motion for reinstatement of parental
rights unless the court finds that the motion is supported by clear and
convincing evidence. In ruling on a motion to reinstate parental rights, the
court shall make findings consistent with the requirements in subsection
(1) of this Section. The court shall consider the reasons why the child was
initially brought to the attention of the court, the history of the child's case
as it relates to the parent seeking reinstatement, and the current
circumstances of the parent for whom reinstatement of rights is sought. If
reinstatement is being considered subsequent to a finding of unfitness
pursuant to Section 2-29 of this Act having been entered with respect to
the parent whose rights are being restored, the court in determining the
minor's best interest shall consider, in addition to the factors set forth in
paragraph (4.05) of Section 1-3 of this Act, the specific grounds upon
which the unfitness findings were made. Upon the entry of an order
granting a motion to reinstate parental rights, parental rights of the parent
named in the order shall be reinstated, any previous order appointing a
guardian with the power to consent to adoption shall be void and with
respect to the parent named in the order, any consent shall be void.

(5) If the case is post-disposition, the court, upon the entry of an
order granting a motion to reinstate parental rights, shall schedule the
matter for a permanency hearing pursuant to Section 2-28 of this Act
within 45 days.

(6) Custody of the minor shall not be restored to the parent, except
by order of court pursuant to subsection (4) of Section 2-28 of this Act.

(7) In any case involving a child over the age of 13 who meets the
criteria established in this Section for reinstatement of parental rights, the

New matter indicated by italics - deletions by strikeout
Department of Children and Family Services shall conduct an assessment of the child's circumstances to assist in future planning for the child, including, but not limited to a determination regarding the appropriateness of filing a motion to reinstate parental rights.

PUBLIC ACT 96-1378
(House Bill No. 5007)

AN ACT concerning State government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Department of Juvenile Justice Mortality Review Team Act.

Section 5. State policy. The following statements are the policy of this State:

(1) Understanding that youth have different needs than adults, it is the mission of the Illinois Department of Juvenile Justice to preserve public safety by reducing recidivism. Youth committed to the Department will receive individualized services provided by qualified staff that give them the skills to become productive citizens.

(2) When a youth dies while committed to the custody of the Department of Juvenile Justice, the response by the State and the community to the death must include an accurate and complete determination of the cause of death and the factors contributing to the death and the development and implementation of measures where necessary and appropriate to prevent future deaths from similar causes.

(3) Professionals from diverse disciplines and agencies who have responsibilities for youth and expertise that can promote youth safety and well-being, particularly while in State custody, should share their expertise and knowledge so that the goals of determining the causes of youth deaths and preventing future youth deaths can be achieved.

(4) A greater understanding of the incidence and causes of deaths of youths in State custody is necessary to aid the prevention of such deaths in the future.

(5) Multidisciplinary and multiagency reviews of youth deaths can assist the Department of Juvenile Justice in (i) developing a greater understanding of the incidence and causes of youth deaths and the methods for preventing those deaths, (ii) identifying any deficiencies in services and systems within the
Department of Juvenile Justice that may place youth at greater risk for death while in the custody of the Department, and (iii) identifying and implementing improvements to the Department's systems for delivery of such services.

(6) Access to information regarding deceased youth and their families by multidisciplinary and multiagency mortality review teams is necessary for those teams to achieve their purposes and duties.

In the course of conducting its review, the team shall obtain assurance from law enforcement officials that acts taken in furtherance of the review will not impair any criminal investigation or prosecution.

(c) A mortality review team's purpose in conducting a review of a youth death is to do the following:

The team shall meet as needed in person or via teleconference or video conference following appointment of the team members. When necessary and upon request of the team, the Director may extend the deadline for a review up to an additional 90 days.

(Text of Section before amendment by P.A. 96-736)
Sec. 7. Exemptions.

(1) When a request is made to inspect or copy a public record that contains information that is exempt from disclosure under this Section, but also contains information that is not exempt from disclosure, the public body may elect to redact the information that is exempt. The public body
shall make the remaining information available for inspection and copying. Subject to this requirement, the following shall be exempt from inspection and copying:

(a) Information specifically prohibited from disclosure by federal or State law or rules and regulations implementing federal or State law.

(b) Private information, unless disclosure is required by another provision of this Act, a State or federal law or a court order.

(b-5) Files, documents, and other data or databases maintained by one or more law enforcement agencies and specifically designed to provide information to one or more law enforcement agencies regarding the physical or mental status of one or more individual subjects.

(c) Personal information contained within public records, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy, unless the disclosure is consented to in writing by the individual subjects of the information. "Unwarranted invasion of personal privacy" means the disclosure of information that is highly personal or objectionable to a reasonable person and in which the subject's right to privacy outweighs any legitimate public interest in obtaining the information. The disclosure of information that bears on the public duties of public employees and officials shall not be considered an invasion of personal privacy.

(d) Records in the possession of any public body created in the course of administrative enforcement proceedings, and any law enforcement or correctional agency for law enforcement purposes, but only to the extent that disclosure would:

(i) interfere with pending or actually and reasonably contemplated law enforcement proceedings conducted by any law enforcement or correctional agency that is the recipient of the request;

(ii) interfere with active administrative enforcement proceedings conducted by the public body that is the recipient of the request;

(iii) create a substantial likelihood that a person will be deprived of a fair trial or an impartial hearing;
(iv) unavoidably disclose the identity of a confidential source, confidential information furnished only by the confidential source, or persons who file complaints with or provide information to administrative, investigative, law enforcement, or penal agencies; except that the identities of witnesses to traffic accidents, traffic accident reports, and rescue reports shall be provided by agencies of local government, except when disclosure would interfere with an active criminal investigation conducted by the agency that is the recipient of the request;

(v) disclose unique or specialized investigative techniques other than those generally used and known or disclose internal documents of correctional agencies related to detection, observation or investigation of incidents of crime or misconduct, and disclosure would result in demonstrable harm to the agency or public body that is the recipient of the request;

(vi) endanger the life or physical safety of law enforcement personnel or any other person; or

(vii) obstruct an ongoing criminal investigation by the agency that is the recipient of the request.

(e) Records that relate to or affect the security of correctional institutions and detention facilities.

(f) Preliminary drafts, notes, recommendations, memoranda and other records in which opinions are expressed, or policies or actions are formulated, except that a specific record or relevant portion of a record shall not be exempt when the record is publicly cited and identified by the head of the public body. The exemption provided in this paragraph (f) extends to all those records of officers and agencies of the General Assembly that pertain to the preparation of legislative documents.

(g) Trade secrets and commercial or financial information obtained from a person or business where the trade secrets or commercial or financial information are furnished under a claim that they are proprietary, privileged or confidential, and that disclosure of the trade secrets or commercial or financial information would cause competitive harm to the person or business, and only insofar as the claim directly applies to the records requested.

apply to the aggregate financial performance information of a
private equity fund, nor to the identity of the fund's managers or
general partners. The exemption contained in this item does not
apply to the identity of a privately held company within the

into a contractor agreement with the body, until an award or final
selection is made. Information prepared by or for the body in
preparation of a bid solicitation shall be exempt until an award or
final selection is made.

(i) Valuable formulae, computer geographic systems,
designs, drawings and research data obtained or produced by any
public body when disclosure could reasonably be expected to
produce private gain or public loss. The exemption for "computer
geographic systems" provided in this paragraph (i) does not extend
to requests made by news media as defined in Section 2 of this Act
when the requested information is not otherwise exempt and the
only purpose of the request is to access and disseminate
information regarding the health, safety, welfare, or legal rights of
the general public.

The additional payment amounts required under Section 1886(d)(5)(F) of the Social Security Act, for hospitals serving a disproportionate share of low-income or indigent patients, are not required under this Section. For hospital inpatient services rendered on or after July 1, 1995, the Illinois Department shall reimburse hospitals using the relative weighting factors and the base payment rates calculated for each hospital that were in effect on June 30, 1995, less the portion of such rates attributed by the Illinois Department to the cost of medical education.
(1) The weighting factors established under Section 1886(d)(4) of the Social Security Act shall not be used in the reimbursement system established under this Section. Rather, the Illinois Department shall establish by rule Medicaid weighting factors to be used in the reimbursement system established under this Section.

(2) The Illinois Department shall define by rule those hospitals or distinct parts of hospitals that shall be exempt from the reimbursement system established under this Section. In defining such hospitals, the Illinois Department shall take into consideration those hospitals exempt from the Medicare Prospective Payment System as of September 1, 1991. For hospitals defined as exempt under this subsection, the Illinois Department shall by rule establish a reimbursement system for payment of inpatient hospital services rendered on and after September 1, 1991. For all hospitals that are children's hospitals as defined in Section 5-5.02 of this Code, the reimbursement methodology shall, through June 30, 1992, net of all applicable fees, at least equal each children's hospital 1990 ICARE payment rates, indexed to the current year by application of the DRI hospital cost index from 1989 to the year in which payments are made. Excepting county providers as defined in Article XV of this Code, hospitals licensed under the University of Illinois Hospital Act, and facilities operated by the Department of Mental Health and Developmental Disabilities (or its successor, the Department of Human Services) for hospital inpatient services rendered on or after July 1, 1995, the Illinois Department shall reimburse children's hospitals, as defined in 89 Illinois Administrative Code Section 149.50(c)(3), at the rates in effect on June 30, 1995, and shall reimburse all other hospitals at the rates in effect on June 30, 1995, less the portion of such rates attributed by the Illinois Department to the cost of medical education. For inpatient hospital services provided on or after August 1, 1998, the Illinois Department may establish by rule a means of adjusting the rates of children's hospitals, as defined in 89 Illinois Administrative Code Section 149.50(c)(3), that did not meet that definition on June 30, 1995, in order for the inpatient hospital rates of such hospitals to take into account the average inpatient hospital rates of those children's hospitals that did meet the definition of children's hospitals on June 30, 1995.

(4) Notwithstanding any other provision of this Section, hospitals that on August 31, 1991, have a contract with the Illinois Department under Section 3-4 of the Illinois Health Finance Reform Act may elect to continue to be reimbursed at rates stated in such contracts for general and specialty care.

(5) In addition to any payments made under this subsection (a), the Illinois Department shall make the adjustment payments required by Section 5-5.02 of this Code; provided, that in the case of any hospital reimbursed under a per case methodology, the Illinois Department shall add an amount equal to the product of the hospital's average length of stay, less one day, multiplied by 20, for inpatient hospital services rendered on or after September 1, 1991 and on or before September 30, 1992.

(b) (Blank)

(b-5) Excepting county providers as defined in Article XV of this Code, hospitals licensed under the University of Illinois Hospital Act, and facilities operated by the Illinois Department of Mental Health and Developmental Disabilities (or its successor, the Department of Human Services), for outpatient services rendered on or after July 1, 1995 and before July 1, 1998 the Illinois Department shall reimburse children's hospitals, as defined in the Illinois Administrative Code Section 149.50(c)(3), at the rates in effect on June 30, 1995, less that portion of such rates attributed by the Illinois Department to the outpatient indigent volume adjustment and shall reimburse all other hospitals at the rates in effect on June 30, 1995, less the portions of such rates attributed by the Illinois Department to the cost of medical education and attributed by the Illinois Department to the outpatient indigent volume adjustment. For outpatient services provided on or after July 1, 1998, reimbursement rates shall be established by rule.

(c) In addition to any other payments under this Code, the Illinois Department shall develop a hospital disproportionate share reimbursement methodology that, effective July 1, 1991, through September 30, 1992, shall reimburse hospitals sufficiently to expend the fee monies described in subsection (b) of Section 14-3 of this Code and the federal matching funds received by the Illinois Department as a result of expenditures made by the Illinois Department as required by this subsection (c) and Section 14-2 that are attributable to fee monies deposited in the Fund, less amounts applied to adjustment payments under Section 5-5.02.

(d) Critical Care Access Payments.

(1) In addition to any other payments made under this Code, the Illinois Department shall develop a reimbursement methodology that shall reimburse Critical Care Access Hospitals for the specialized services that qualify them as Critical Care Access Hospitals. No adjustment payments shall be made under this subsection on or after July 1, 1995.

(2) "Critical Care Access Hospitals" includes, but is not limited to, hospitals that meet at least one of the following criteria:

   (A) Hospitals located outside of a metropolitan statistical area that are designated as Level II Perinatal Centers and that provide a disproportionate share of perinatal services to recipients; or

   (B) Hospitals that are designated as Level I Trauma Centers (adult or pediatric) and certain Level II Trauma Centers as determined by the Illinois Department; or

   (C) Hospitals located outside of a metropolitan statistical area and that provide a disproportionate share of obstetrical services to recipients.

(e) Inpatient high volume adjustment. For hospital inpatient services, effective with rate periods beginning on or after October 1, 1993, in addition to rates paid for inpatient services by the Illinois Department, the Illinois Department shall make adjustment payments for inpatient services furnished by Medicaid high volume hospitals. The Illinois Department shall establish by rule criteria for qualifying as a Medicaid high volume hospital and shall establish by rule a reimbursement methodology for calculating these adjustment payments to Medicaid high volume hospitals. No adjustment payment shall be made under this subsection for services rendered on or after July 1, 1995.

(f) The Illinois Department shall modify its current rules governing adjustment payments for targeted access, critical care access, and uncompensated care to classify those adjustment payments as not being payments to disproportionate share hospitals under Title XIX of the federal Social Security Act. Rules adopted under this subsection shall not be effective with respect to services rendered on or after July 1, 1995. The Illinois Department has no obligation to adopt or implement any rules or make any payments under this subsection for services rendered on or after July 1, 1995.
(f-5) The State recognizes that adjustment payments to hospitals providing certain services or incurring certain costs may be necessary to assure that recipients of medical assistance have adequate access to necessary medical services. These adjustments include payments for teaching costs and uncompensated care, trauma center payments, rehabilitation hospital payments, perinatal center payments, obstetrical care payments, targeted access payments, Medicaid high volume payments, and outpatient indigent volume payments. On or before April 1, 1995, the Illinois Department shall issue recommendations regarding (i) reimbursement mechanisms or adjustment payments to reflect these costs and services, including methods by which the payments may be calculated and the method by which the payments may be financed, and (ii) reimbursement mechanisms or adjustment payments to reflect costs and services of federally qualified health centers with respect to recipients of medical assistance.

(g) If one or more hospitals file suit in any court challenging any part of this Article XIV, payments to hospitals under this Article XIV shall be made only to the extent that sufficient monies are available in the Fund and only to the extent that any monies in the Fund are not prohibited from disbursement under any order of the court.

(h) Payments under the disbursement methodology described in this Section are subject to approval by the federal government in an appropriate State plan amendment.

(i) The Illinois Department may by rule establish criteria for and develop methodologies for adjustment payments to hospitals participating under this Article.

(j) Hospital Residing Long Term Care Services. In addition to any other payments made under this Code, the Illinois Department may by rule establish criteria and develop methodologies for payments to hospitals for Hospital Residing Long Term Care Services.

(k) Critical Access Hospital outpatient payments. In addition to any other payments authorized under this Code, the Illinois Department shall reimburse critical access hospitals, as designated by the Illinois Department of Public Health in accordance with 42 CFR 485, Subpart F, for outpatient services at an amount that is no less than the cost of providing such services, based on Medicare cost principles. Payments under this subsection shall be subject to appropriation.

AN ACT concerning revenue.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

ARTICLE 5
Section 5-1. Short title. This Act may be cited as the Reciprocal Tax Collection Act.

Section 5-5. Collection of tax liabilities of other states and the District of Columbia.

(a) Definitions. For purposes of this Section:

(1) "Taxpayer" means any person identified by a claimant state under this Section as owing taxes to a claimant state.

(2) "Claimant state" means any other state of the United States or the District of Columbia with whom the Director has entered an agreement for reciprocal collection of taxes under Section 2505-640 of the Department of Revenue Law of the Civil Administrative Code of Illinois.

(3) "Taxes" means any amount of tax imposed under the laws of the claimant state or any political subdivision of the claimant state, including additions to tax for penalties and interest, that is finally due and payable to the claimant state by a taxpayer, and with respect to which all administrative or judicial remedies, other than a claim for refund of amounts collected in payment of the tax, have been exhausted or have lapsed, and that is legally enforceable under the laws of the claimant state against the taxpayer, whether or not there is an outstanding judgment for that sum.

(4) "Tax officer" means a unit or official of a claimant state, or the duly authorized agent of that unit or official, charged with the imposition, assessment, or collection of taxes of that state.

(5) "Director" means the Illinois Director of Revenue.

(b) Request of claimant state for collection.

(1) Upon the request and certification of the tax officer of a claimant state to the Director that a taxpayer owes taxes to that
claimant state, the Director may collect those taxes, using all legal authority available to the Department of Revenue to collect debt, and shall deposit the amounts collected into the Reciprocal Tax Collection Fund and order payment to the claimant state under Section 5-10 of this Act.

(2) The certification shall include:
   (A) the full name and address of the taxpayer;
   (B) the taxpayer's Social Security number or federal employer identification number;
   (C) the amount of the tax for the taxable period sought to be collected, including a detailed statement for each taxable period showing tax, interest, and penalty;
   (D) a statement whether the taxpayer filed a tax return with the claimant state for the tax, and, if so, whether that tax return was filed under protest; and
   (E) a statement that all administrative or judicial remedies, other than a claim for refund of amounts collected in payment of the tax, have been exhausted or have lapsed and that the amount of taxes is legally enforceable under the laws of that state against the taxpayer.

(3) Upon receipt by the Director of the required certification, the Director shall notify the taxpayer by first-class mail to the taxpayer's last-known address that the Director has received a request from the claimant state to collect taxes from the taxpayer, that the taxpayer has the right to protest the collection of those taxes by the Director for the claimant state, that failure to file a protest in accordance with item (4) of subsection (b) of this Section shall constitute a waiver of any demand against this State on account of the collection of those taxes and that the amount, upon collection, will be paid over to the claimant state. The notice shall include a copy of the certification by the tax officer of the claimant state. Sixty days after the date on which it is mailed, a notice under this subsection shall be final except only for such amounts as to which the taxpayer has filed, as provided in item (4) of subsection (b) of this Section, a written protest with the Director.

(4) Any taxpayer notified in accordance with item (3) of subsection (b) of this Section may, on or before the 60th day after
the mailing of the notice by the Director, protest the collection of all or a portion of such taxes by filing with the Director a written protest in which the taxpayer shall set forth the grounds on which the protest is based. If a timely protest is filed, the Director shall refrain from collecting the taxes and shall send a copy of the protest to the claimant state for determination of the protest on its merits in accordance with the laws of that state. In the case of a taxpayer that did not file a tax return for the tax for the taxable period sought to be collected and where the amount of taxes owed to the claimant state is based on an assessment made against the taxpayer by the tax officer of the claimant state, and where the taxpayer has filed a timely protest under this subsection, the Director shall require the claimant state to certify that the assessment was contested before and adjudicated by an administrative or judicial tribunal of competent jurisdiction in the claimant state. If the Director is satisfied that the taxpayer's written protest is based on a bona fide contention that the claimant state did not have jurisdiction to tax the taxpayer, the Director shall require the claimant state to certify that the assessment was contested before and adjudicated by a judicial tribunal of competent jurisdiction in the claimant state. If the claimant state fails, on or before the 45th day after the sending of the copy of the protest by the Director to the claimant state, to certify to the Director that the claimant state has reviewed the stated grounds on which the protest is based, and to renew the certification described in item (2) of subsection (b) of this Section, the Director shall not collect the taxes. If the certifications are made within that time period, and if the Director is satisfied that the certifications are true, accurate, and complete, the Director shall collect the tax.

Section 5-10. Expenditures from the Reciprocal Tax Collection Fund.

(a) The Director shall order paid and the State Comptroller shall pay from the Reciprocal Tax Collection Fund to the claimant state the amount of taxes certified by the Director to the Comptroller as collected under this Act on behalf of the claimant state pursuant to a request under subsection (b) of Section 5-5 of this Act.

(b) This Act shall constitute an irrevocable and continuing appropriation from the Reciprocal Tax Collection Fund for the purpose of
paying amounts collected to claimant states upon the order of the Director in accordance with the provisions of this Section.

Section 5-15. Effect of payment to claimant state. Upon payment to a claimant state of an amount certified in a request for collection under subsection (b) of Section 5-5 of this Act, the Director and this State shall be discharged of any obligation or liability to a taxpayer with respect to the amounts collected from the taxpayer and paid to the claimant state pursuant to this Act. Any action for refund of those amounts shall lie only against the claimant state.

Section 5-90. The Department of Revenue Law of the Civil Administrative Code of Illinois is amended by adding Section 2505-640 as follows:

(20 ILCS 2505/2505-640 new)
Sec. 2505-640. Collection of taxes of other states.
(a) The Department may enter into agreements with any other state for the reciprocal collection by the Department pursuant to the Reciprocal Tax Collection Act of taxes owed to that state and collection by the other state pursuant to a provision of its law similar to the Reciprocal Tax Collection Act of taxes owed to this State.
(b) An agreement under this Section shall contain provisions relating to:
   (1) safeguards against the disclosure or inappropriate use of any information that identifies, directly or indirectly, a particular taxpayer obtained or maintained pursuant to the agreement, or that is required to be kept confidential under the applicable laws of either state or of the United States; and
   (2) a minimum threshold for the amount of taxes owed by a taxpayer to a state that would trigger the operation of the agreement.

Section 5-95. The State Finance Act is amended by adding Section 5.756 as follows:

(30 ILCS 105/5.756 new)
Sec. 5.756. The Reciprocal Tax Collection Fund.

agency on or after July 1, 2010, any fee charged to the State by the
collection agency (i) may not exceed 25% of the liability referred to the
collection agency unless the liability is for a tax debt, (ii) is considered an
additional liability owed to the State, (iii) is immediately subject to all
collection procedures applicable to the liability referred to the collection
agency, and (iv) must be separately stated in any statement or notice of the
liability issued by the collection agency to the debtor.

(30 ILCS 210/10)

Sec. 10. Department of Revenue Debt Collection Bureau to assume
collection duties.

(a) The Department of Revenue's Debt Collection Bureau shall
serve as the primary debt collecting entity for the State and in that role
shall collect debts on behalf of agencies of the State. All debts owed the
State of Illinois shall be referred to the Bureau, subject to such limitations
as the Department of Revenue shall by rule establish. The Bureau shall
utilize the Comptroller's offset system and private collection agencies, as
well as its own collections personnel. The Bureau shall collect debt using
all legal authority available to the Department of Revenue to collect debt
and all legal authority available to the referring agency.

(b) The Bureau shall have the sole authority to let contracts with
persons specializing in debt collection for the collection of debt referred to
and accepted by the Bureau. Any contract with the debt collector shall
specify that the collector's fee shall be on a contingency basis and that the
debt collector shall not be entitled to collect a contingency fee for any debt
collected through the efforts of any State offset system.

(c) The Department of Revenue shall adopt rules for the
certification of debt from referring agencies and shall adopt rules for the
certification of collection specialists to be employed by the Bureau.

(d) The Department of Revenue shall adopt rules for determining
when a debt referred by an agency shall be deemed by the Bureau to be
uncollectible.

(e) Once an agency's debt is deemed by the Bureau to be
uncollectible, the Bureau shall return the debt to the referring agency
which shall then write the debt off as uncollectible in accordance with the
requirements of the Uncollected State Claims Act or return the debt to the
Bureau for additional collection efforts. The Bureau shall refuse to accept
debt that has been deemed uncollectible absent factual assertions from the
referring agency that due to circumstances not known at the time the debt

was deemed uncollectible that the debt is worthy of additional collection efforts.

(f) For each debt referred, the State agency shall retain all documents and records relating to or supporting the debt. In the event a debtor shall raise a reasonable doubt as to the validity of the debt, the Bureau may in its discretion refer the debt back to the referring agency for further review and recommendation.

(g) The Department of Healthcare and Family Services shall be exempt from the requirements of this Section with regard to child support debts, the collection of which is governed by the requirements of Title IV, Part D of the federal Social Security Act. The Department of Healthcare and Family Services may refer child support debts to the Bureau, provided that the debt satisfies the requirements for referral of delinquent debt as established by rule by the Department of Revenue. The Bureau shall use all legal means available to collect child support debt, including those authorizing the Department of Revenue to collect debt and those authorizing the Department of Healthcare and Family Services to collect debt. All such referred debt shall remain an obligation under the Department of Healthcare and Family Services' Child Support Enforcement Program subject to the requirements of Title IV, Part D of the federal Social Security Act, including the continued use of federally mandated enforcement remedies and techniques by the Department of Healthcare and Family Services.

(g-1) The Department of Employment Security is exempt from subsection (a) with regard to debts to any federal account, including but not limited to the Unemployment Trust Fund, and penalties and interest assessed under the Unemployment Insurance Act. The Department of Employment Security may refer those debts to the Bureau, provided the debt satisfies the requirements for referral of delinquent debt as established by rule by the Department of Revenue. The Bureau shall use all legal means available to collect the debts, including those authorizing the Department of Revenue to collect debt and those authorizing the Department of Employment Security to collect debt. All referred debt shall remain an obligation to the account to which it is owed.

(h) The Bureau may collect its costs of collecting debts on behalf of other State agencies from those agencies in a manner to be determined by the Director of Revenue, except that the Bureau shall not recover any such cost on any accounts referred by the General Assembly, the Supreme Court and other courts of this State, and the State executive branch

constitutional officers. The Debt Collection Fund is created as a special fund in the State treasury. Debt collection contractors under this Act shall receive a contingency fee as provided by the terms of their contracts with the Department of Revenue. Thereafter, 20% of all amounts collected by the Bureau, excluding amounts collected on behalf of the Departments of Healthcare and Family Services (formerly Public Aid) and Revenue, shall be deposited into the Debt Collection Fund, except that the Bureau shall not impose the 20% collection fee on any accounts referred by the General Assembly, the Supreme Court and several courts of this State, and the State executive branch constitutional officers. All remaining amounts collected shall be deposited into the General Revenue Fund unless the funds are owed to any State fund or funds other than the General Revenue Fund. Moneys in the Debt Collection Fund shall be appropriated only for the administrative costs of the Bureau. On the last day of each fiscal year, unappropriated moneys and moneys otherwise deemed unneeded for the next fiscal year remaining in the Debt Collection Fund may be transferred into the General Revenue Fund at the Governor's reasonable discretion. The provisions of this subsection do not apply to debt that is exempt from subsection (a) pursuant to subsection (g-1) or child support debt referred to the Bureau by the Department of Healthcare and Family Services (formerly Department of Public Aid) pursuant to this amendatory Act of the 93rd General Assembly. Collections arising from referrals from the Department of Healthcare and Family Services (formerly Department of Public Aid) shall be deposited into such fund or funds as the Department of Healthcare and Family Services shall direct, in accordance with the requirements of Title IV, Part D of the federal Social Security Act, applicable provisions of State law, and the rules of the Department of Healthcare and Family Services. Collections arising from referrals from the Department of Employment Security shall be deposited into the fund or funds that the Department of Employment Security shall direct, in accordance with the requirements of Section 3304(a)(3) of the federal Unemployment Tax Act, Section 303(a)(4) of the federal Social Security Act, and the Unemployment Insurance Act.

(i) The Attorney General and the State Comptroller may assist in the debt collection efforts of the Bureau, as requested by the Department of Revenue.

(j) The Director of Revenue shall report annually to the General Assembly and State Comptroller upon the debt collection efforts of the

Bureau. Each report shall include an analysis of the overdue debts owed to the State.

(k) The Department of Revenue shall adopt rules and procedures for the administration of this amendatory Act of the 93rd General Assembly. The rules shall be adopted under the Department of Revenue's emergency rulemaking authority within 90 days following the effective date of this amendatory Act of the 93rd General Assembly due to the budget crisis threatening the public interest.

(l) The Department of Revenue's Debt Collection Bureau's obligations under this Section 10 shall be subject to appropriation by the General Assembly.

Section 10-10. The Retailers' Occupation Tax Act is amended by changing Section 5 as follows:

(35 ILCS 120/5) (from Ch. 120, par. 444)

Sec. 5. In case any person engaged in the business of selling tangible personal property at retail fails to file a return when and as herein required, but thereafter, prior to the Department's issuance of a notice of tax liability under this Section, files a return and pays the tax, he shall also pay a penalty in an amount determined in accordance with Section 3-3 of the Uniform Penalty and Interest Act.

In case any person engaged in the business of selling tangible personal property at retail files the return at the time required by this Act but fails to pay the tax, or any part thereof, when due, a penalty in an amount determined in accordance with Section 3-3 of the Uniform Penalty and Interest Act shall be added thereto.

In case any person engaged in the business of selling tangible personal property at retail fails to file a return when and as herein required, but thereafter, prior to the Department's issuance of a notice of tax liability under this Section, files a return but fails to pay the entire tax, a penalty in an amount determined in accordance with Section 3-3 of the Uniform Penalty and Interest Act shall be added thereto.

In case any person engaged in the business of selling tangible personal property at retail fails to file a return, the Department shall determine the amount of tax due from him according to its best judgment and information, which amount so fixed by the Department shall be prima facie correct and shall be prima facie evidence of the correctness of the amount of tax due, as shown in such determination. In making any such determination of tax due, it shall be permissible for the Department to
show a figure that represents the tax due for any given period of 6 months instead of showing the amount of tax due for each month separately. Proof of such determination by the Department may be made at any hearing before the Department or in any legal proceeding by a reproduced copy or computer print-out of the Department's record relating thereto in the name of the Department under the certificate of the Director of Revenue. If reproduced copies of the Department's records are offered as proof of such determination, the Director must certify that those copies are true and exact copies of records on file with the Department. If computer print-outs of the Department's records are offered as proof of such determination, the Director must certify that those computer print-outs are true and exact representations of records properly entered into standard electronic computing equipment, in the regular course of the Department's business, at or reasonably near the time of the occurrence of the facts recorded, from trustworthy and reliable information. Such certified reproduced copy or certified computer print-out shall, without further proof, be admitted into evidence before the Department or in any legal proceeding and shall be prima facie proof of the correctness of the amount of tax due, as shown therein. The Department shall issue the taxpayer a notice of tax liability for the amount of tax claimed by the Department to be due, together with a penalty of 30% thereof.

However, where the failure to file any tax return required under this Act on the date prescribed therefor (including any extensions thereof), is shown to be unintentional and nonfraudulent and has not occurred in the 2 years immediately preceding the failure to file on the prescribed date or is due to other reasonable cause the penalties imposed by this Act shall not apply.

If such person or the legal representative of such person files, within 60 days after such notice, a protest to such notice of tax liability and requests a hearing thereon, the Department shall give notice to such person or the legal representative of such person of the time and place fixed for such hearing, and shall hold a hearing in conformity with the provisions of this Act, and pursuant thereto shall issue a final assessment to such person or to the legal representative of such person for the amount found to be due as a result of such hearing.

If a protest to the notice of tax liability and a request for a hearing thereon is not filed within 60 days after such notice, such notice of tax liability shall become final without the necessity of a final assessment being issued and shall be deemed to be a final assessment.

New matter indicated by italics - deletions by strikeout
After the issuance of a final assessment, or a notice of tax liability which becomes final without the necessity of actually issuing a final assessment as hereinbefore provided, the Department, at any time before such assessment is reduced to judgment, may (subject to rules of the Department) grant a rehearing (or grant departmental review and hold an original hearing if no previous hearing in the matter has been held) upon the application of the person aggrieved. Pursuant to such hearing or rehearing, the Department shall issue a revised final assessment to such person or his legal representative for the amount found to be due as a result of such hearing or rehearing.

Except in case of failure to file a return, or with the consent of the person to whom the notice of tax liability is to be issued, no notice of tax liability shall be issued on and after each July 1 and January 1 covering gross receipts received during any month or period of time more than 3 years prior to such July 1 and January 1, respectively, except that if a return is not filed at the required time, a notice of tax liability may be issued not later than 3 years after the time the return is filed. The foregoing limitations upon the issuance of a notice of tax liability shall not apply to the issuance of any such notice with respect to any period of time prior thereto in cases where the Department has, within the period of limitation then provided, notified a person of the amount of tax computed even though the Department had not determined the amount of tax due from such person in the manner required herein prior to the issuance of such notice, but in no case shall the amount of any such notice of tax liability for any period otherwise barred by this Act exceed for such period the amount shown in the notice theretofore issued.

If, when a tax or penalty under this Act becomes due and payable, the person alleged to be liable therefor is out of the State, the notice of tax liability may be issued within the times herein limited after his or her coming into or return to the State; and if, after the tax or penalty under this Act becomes due and payable, the person alleged to be liable therefor departs from and remains out of the State, the time of his or her absence is no part of the time limited for the issuance of the notice of tax liability; but the foregoing provisions concerning absence from the State shall not apply to any case in which, at the time when a tax or penalty becomes due under this Act, the person allegedly liable therefor is not a resident of this State.

The time limitation period on the Department's right to issue a notice of tax liability shall not run during any period of time in which the...
order of any court has the effect of enjoining or restraining the Department from issuing the notice of tax liability.

In case of failure to pay the tax, or any portion thereof, or any penalty provided for in this Act, or interest, when due, the Department may bring suit to recover the amount of such tax, or portion thereof, or penalty or interest; or, if the taxpayer has died or become a person under legal disability, may file a claim therefor against his estate; provided that no such suit with respect to any tax, or portion thereof, or penalty, or interest shall be instituted more than 6 2 years after the date any proceedings in court for review thereof have terminated or the time for the taking thereof has expired without such proceedings being instituted, except with the consent of the person from whom such tax or penalty or interest is due; nor, except with such consent, shall such suit be instituted more than 6 2 years after the date any return is filed with the Department in cases where the return constitutes the basis for the suit for unpaid tax, or portion thereof, or penalty provided for in this Act, or interest: Provided that the time limitation period on the Department's right to bring any such suit shall not run during any period of time in which the order of any court has the effect of enjoining or restraining the Department from bringing such suit.

After the expiration of the period within which the person assessed may file an action for judicial review under the Administrative Review Law without such an action being filed, a certified copy of the final assessment or revised final assessment of the Department may be filed with the Circuit Court of the county in which the taxpayer has his principal place of business, or of Sangamon County in those cases in which the taxpayer does not have his principal place of business in this State. The certified copy of the final assessment or revised final assessment shall be accompanied by a certification which recites facts that are sufficient to show that the Department complied with the jurisdictional requirements of the Act in arriving at its final assessment or its revised final assessment and that the taxpayer had his opportunity for an administrative hearing and for judicial review, whether he availed himself or herself of either or both of these opportunities or not. If the court is satisfied that the Department complied with the jurisdictional requirements of the Act in arriving at its final assessment or its revised final assessment and that the taxpayer had his opportunity for an administrative hearing and for judicial review, whether he availed himself of either or both of these opportunities or not, the court shall render judgment in favor of the Department and against the

New matter indicated by italics - deletions by strikeout
taxpayer for the amount shown to be due by the final assessment or the revised final assessment, plus any interest which may be due, and such judgment shall be entered in the judgment docket of the court. Such judgment shall bear the rate of interest as set by the Uniform Penalty and Interest Act, but otherwise shall have the same effect as other judgments. The judgment may be enforced, and all laws applicable to sales for the enforcement of a judgment shall be applicable to sales made under such judgments. The Department shall file the certified copy of its assessment, as herein provided, with the Circuit Court within 6 2 years after such assessment becomes final except when the taxpayer consents in writing to an extension of such filing period, and except that the time limitation period on the Department's right to file the certified copy of its assessment with the Circuit Court shall not run during any period of time in which the order of any court has the effect of enjoining or restraining the Department from filing such certified copy of its assessment with the Circuit Court.

If, when the cause of action for a proceeding in court accrues against a person, he or she is out of the State, the action may be commenced within the times herein limited, after his or her coming into or return to the State; and if, after the cause of action accrues, he or she departs from and remains out of the State, the time of his or her absence is no part of the time limited for the commencement of the action; but the foregoing provisions concerning absence from the State shall not apply to any case in which, at the time the cause of action accrues, the party against whom the cause of action accrues is not a resident of this State. If the time for making or completing an audit of a taxpayer's books and records is extended with the taxpayer's consent, at the request of and for the convenience of the Department, beyond the date on which the statute of limitations upon the issuance of a notice of tax liability by the Department otherwise would run, no interest shall accrue during the period of such extension or until a Notice of Tax Liability is issued, whichever occurs first.

In addition to any other remedy provided by this Act, and regardless of whether the Department is making or intends to make use of such other remedy, where a corporation or limited liability company registered under this Act violates the provisions of this Act or of any rule or regulation promulgated thereunder, the Department may give notice to the Attorney General of the identity of such a corporation or limited liability company and of the violations committed by such a corporation or limited liability company, for such action as is not already provided for by this Act and as the Attorney General may deem appropriate.

The prepayment requirement provided for in this Section does not apply to liquid propane gas.

(b) Beginning on July 1, 2000 and through December 31, 2000, the Retailers' Occupation Tax paid to the distributor, supplier, or other reseller shall be an amount equal to $0.01 per gallon of the motor fuel, except gasohol as defined in Section 2-10 of this Act which shall be an amount equal to $0.01 per gallon, purchased from the distributor, supplier, or other reseller.

(c) Before July 1, 2000 and then beginning on January 1, 2001 and through June 30, 2003, the Retailers' Occupation Tax paid to the distributor, supplier, or other reseller shall be an amount equal to $0.04 per gallon of the motor fuel, except gasohol as defined in Section 2-10 of this Act which shall be an amount equal to $0.03 per gallon, purchased from the distributor, supplier, or other reseller.

(d) Beginning July 1, 2003 and through December 31, 2010 thereafter, the Retailers' Occupation Tax paid to the distributor, supplier, or other reseller shall be an amount equal to $0.06 per gallon of the motor fuel, except gasohol as defined in Section 2-10 of this Act which shall be an amount equal to $0.05 per gallon, purchased from the distributor, supplier, or other reseller.

(e) Beginning on January 1, 2011 and thereafter, the Retailers' Occupation Tax paid to the distributor, supplier, or other reseller shall be at the rate established by the Department under this subsection. The rate shall be established by the Department on January 1 and July 1 of each year using the average selling price, as defined in Section 1 of this Act, per gallon of motor fuel sold in the State during the previous 6 months and multiplying that amount by 6.25% to determine the cents per gallon rate. In the case of biodiesel blends, as defined in Section 3-42 of the Use Tax Act, with no less than 1% and no more than 10% biodiesel, and in the case of gasohol, as defined in Section 3-40 of the Use Tax Act, the rate shall be 80% of the rate established by the Department under this subsection for motor fuel. The Department shall provide persons subject to this Section notice of the rate established under this subsection at least 20 days prior to each January 1 and July 1. Publication of the established rate on the Department's internet website shall constitute sufficient notice under this Section. The Department may use data derived from independent surveys conducted or accumulated by third parties to determine the average selling price per gallon of motor fuel sold in the State.

(f) Any person engaged in the business of selling motor fuel at retail shall be entitled to a credit against tax due under this Act in an amount equal to the tax paid to the distributor, supplier, or other reseller.
(g) Every distributor, supplier, or other reseller registered as provided in Section 2a or Section 2c of this Act shall remit the prepaid tax on all motor fuel that is due from any person engaged in the business of selling at retail motor fuel with the returns filed under Section 2f or Section 3 of this Act, but the vendors discount provided in Section 3 shall not apply to the amount of prepaid tax that is remitted. Any distributor or supplier who fails to properly collect and remit the tax shall be liable for the tax. Sec. 1.2. Distributor. "Distributor" means a person who either (i) produces, refines, blends, compounds or manufactures motor fuel in this State, or (ii) transports motor fuel into this State, or (iii) exports motor fuel out of this State, or (iv) engages in the distribution of motor fuel primarily by tank car or tank truck, or both, and who operates an Illinois bulk plant where he or she has active bulk storage capacity of not less than 30,000 gallons for gasoline as defined in item (A) of Section 5 of this Law.

The tax imposed in this paragraph (c) shall be in addition to all other taxes imposed by the State of Illinois or any unit of local government in this State.

(d) Except as provided in Section 2a, the collection of a tax based on gallonage of gasoline used for the propulsion of any aircraft is prohibited on and after October 1, 1979.

(e) The collection of a tax, based on gallonage of all products commonly or commercially known or sold as 1-K kerosene, regardless of its classification or uses, is prohibited (i) on and after July 1, 1992 until December 31, 1999, except when the 1-K kerosene is either: (1) delivered into bulk storage facilities of a bulk user, or (2) delivered directly into the fuel supply tanks of motor vehicles and (ii) on and after January 1, 2000. Beginning on January 1, 2000, the collection of a tax, based on gallonage of all products commonly or commercially known or sold as 1-K kerosene, regardless of its classification or uses, is prohibited except when the 1-K kerosene is delivered directly into a storage tank that is located at a facility that has withdrawal facilities that are readily accessible to and are capable of dispensing 1-K kerosene into the fuel supply tanks of motor vehicles. For purposes of this subsection (e), a facility is considered to have withdrawal facilities that are not "readily accessible to and capable of dispensing 1-K kerosene into the fuel supply tanks of motor vehicles" only if the 1-K kerosene is delivered from: (i) a dispenser hose that is short enough so that it will not reach the fuel supply tank of a motor vehicle or (ii) a dispenser that is enclosed by a fence or other physical barrier so that a vehicle cannot pull alongside the dispenser to permit fueling.

Any person who sells or uses 1-K kerosene for use in motor vehicles upon which the tax imposed by this Law has not been paid shall be liable for any tax due on the sales or use of 1-K kerosene.

Sec. 3. No person shall act as a distributor of motor fuel within this State without first securing a license to act as a distributor of motor fuel from the Department. Application for such license shall be made to the Department upon blanks furnished by it. The application shall be signed and verified, and shall contain such information as the Department deems necessary. A blender shall, in addition to securing a distributor's license, make application to the Department for a blender's permit, setting forth in the application such information as the Department deems necessary. The applicant for a distributor's license shall also file with the Department a bond on a form to be approved by and with a surety or sureties satisfactory to the Department conditioned upon such applicant paying to the State of Illinois all monies becoming due by reason of the sale, export, or use of motor fuel by the applicant, together with all penalties and interest thereon. The Department shall fix the penalty of such bond in each case taking into consideration the amount of motor fuel expected to be sold, distributed, exported, and used by such applicant and the penalty fixed by the Department shall be such, as in its opinion, will protect the State of Illinois against failure to pay the amount hereinafter provided on motor fuel sold, distributed, exported, and used, but the amount of the penalty fixed by the Department shall not exceed twice the monthly amount that would be collectable as a tax in the event of a sale on all the motor fuel sold, distributed, exported, and used by the distributor inclusive of tax-free sales, exports, use, or distribution. Upon receipt of the application and bond in proper form, the Department shall issue to the applicant a license to act as a distributor. No person who is in default to the State for monies due under this Act for the sale, distribution, export, or use of motor fuel shall receive a license to act as a distributor.

A license shall not be granted to any person whose principal place of business is in a state other than Illinois, unless such person is licensed for motor fuel distribution or export in the state in which the principal place of business is located and that such person is not in default to that State for any monies due for the sale, distribution, export, or use of motor fuel.

Sec. 3a. No person, other than a licensed distributor, shall act as a supplier of special fuel within this State without first securing a license to act as a supplier of special fuel from the Department.

Application for such license shall be made to the Department upon blanks furnished by it. The application shall be signed and verified and shall contain such information as the Department deems necessary.

The applicant for a supplier's license shall also file, with the Department, a bond on a form to be approved by and with a surety or sureties satisfactory to the Department, conditioned upon such applicant paying to the State of Illinois all moneys becoming due by reason of the sale or use of special fuel by the applicant, together with all penalties and interest thereon. The Department shall fix the penalty of such bond in each case, taking into consideration the amount of special fuel expected to be sold, distributed, exported, and used by such applicant, and the penalty fixed by the Department shall be such, as in its opinion, will protect the State of Illinois against failure to pay the amount hereinafter provided on special fuel sold, distributed, exported, and used, but the amount of the penalty fixed by the Department shall not exceed twice the monthly amount of tax liability that would be collectable as a tax in the event of a taxable sale on all the special fuel sold, distributed, exported, and used by the supplier inclusive of tax-free sales, use, exports, or distribution.

Upon receipt of the application and bond in proper form, the Department shall issue to the applicant a license to act as a supplier. No person who is in default to the State for moneys due under this Act for the sale, distribution, export, or use of motor fuel shall receive a license to act as a supplier.

A license shall not be granted to any person whose principal place of business is in a state other than Illinois, unless such person is licensed for motor fuel distribution or export in the State in which the principal place of business is located and that other State requires such license and that such person is not in default to that State for any moneys due for the sale, distribution, export, or use of motor fuel.

Sec. 5. Except as hereinafter provided, a person holding a valid unrevoked license to act as a distributor of motor fuel shall, between the 1st and 20th days of each calendar month, make return to the Department, showing an itemized statement of the number of invoiced gallons of motor fuel of the types specified in this Section which were purchased, acquired,
of received, or exported during the preceding calendar month; the amount of such motor fuel produced, refined, compounded, manufactured, blended, sold, distributed, exported, and used by the licensed distributor during the preceding calendar month; the amount of such motor fuel lost or destroyed during the preceding calendar month; the amount of such motor fuel on hand at the close of business for such month; and such other reasonable information as the Department may require. If a distributor's only activities with respect to motor fuel are either: (1) production of alcohol in quantities of less than 10,000 proof gallons per year or (2) blending alcohol in quantities of less than 10,000 proof gallons per year which such distributor has produced, he shall file returns on an annual basis with the return for a given year being due by January 20 of the following year. Distributors whose total production of alcohol (whether blended or not) exceeds 10,000 proof gallons per year, based on production during the preceding (calendar) year or as reasonably projected by the Department if one calendar year's record of production cannot be established, shall file returns between the 1st and 20th days of each calendar month as hereinabove provided.

The types of motor fuel referred to in the preceding paragraph are: (A) All products commonly or commercially known or sold as gasoline (including casing-head and absorption or natural gasoline), gasohol, motor benzol or motor benzene regardless of their classification or uses; and (B) all combustible gases which exist in a gaseous state at 60 degrees Fahrenheit and at 14.7 pounds per square inch absolute including, but not limited to, liquefied petroleum gases used for highway purposes; and (C) special fuel. Only those quantities of combustible gases (example (B) above) which are used or sold by the distributor to be used to propel motor vehicles on the public highways, or which are delivered into a storage tank that is located at a facility that has withdrawal facilities which are readily accessible to and are capable of dispensing combustible gases into the fuel supply tanks of motor vehicles, shall be subject to return. For purposes of this Section, a facility is considered to have withdrawal facilities that are not "readily accessible to and capable of dispensing combustible gases into the fuel supply tanks of motor vehicles" only if the combustible gases are delivered from: (i) a dispenser hose that is short enough so that it will not reach the fuel supply tank of a motor vehicle or (ii) a dispenser that is enclosed by a fence or other physical barrier so that a vehicle cannot pull alongside the dispenser to permit fueling. For the purposes of this Act, liquefied petroleum gases shall mean and include any material having a
vapor pressure not exceeding that allowed for commercial propane composed predominantly of the following hydrocarbons, either by themselves or as mixtures: Propane, Propylene, Butane (normal butane or iso-butane) and Butylene (including isomers).

In case of a sale of special fuel to someone other than a licensed distributor, or a licensed supplier, for a use other than in motor vehicles, the distributor shall show in his return the amount of invoiced gallons sold and the name and address of the purchaser in addition to any other information the Department may require.

All special fuel sold or used for non-highway purposes must have a dye added in accordance with Section 4d of this Law.

In case of a tax-free sale, as provided in Section 6, of motor fuel which the distributor is required by this Section to include in his return to the Department, the distributor in his return shall show: (1) If the sale is made to another licensed distributor the amount sold and the name, address and license number of the purchasing distributor; (2) if the sale is made to a person where delivery is made outside of this State the name and address of such purchaser and the point of delivery together with the date and amount delivered; (3) if the sale is made to the Federal Government or its instrumentalities the amount sold; (4) if the sale is made to a municipal corporation owning and operating a local transportation system for public service in this State the name and address of such purchaser, and the amount sold, as evidenced by official forms of exemption certificates properly executed and furnished by such purchaser; (5) if the sale is made to a privately owned public utility owning and operating 2-axle vehicles designed and used for transporting more than 7 passengers, which vehicles are used as common carriers in general transportation of passengers, are not devoted to any specialized purpose and are operated entirely within the territorial limits of a single municipality or of any group of contiguous municipalities or in a close radius thereof, and the operations of which are subject to the regulations of the Illinois Commerce Commission, then the name and address of such purchaser and the amount sold as evidenced by official forms of exemption certificates properly executed and furnished by the purchaser; (6) if the product sold is special fuel and if the sale is made to a licensed supplier under conditions which qualify the sale for tax exemption under Section 6 of this Act, the amount sold and the name, address and license number of the purchaser; and (7) if a sale of special fuel is made to someone other than a licensed distributor, or a licensed supplier, for a use

other than in motor vehicles, by making a specific notation thereof on the invoice or sales slip covering such sales and obtaining such supporting documentation as may be required by the Department.

All special fuel sold or used for non-highway purposes must have a dye added in accordance with Section 4d of this Law.

A person whose license to act as a distributor of motor fuel has been revoked shall make a return to the Department covering the period from the date of the last return to the date of the revocation of the license, which return shall be delivered to the Department not later than 10 days from the date of the revocation or termination of the license of such distributor; the return shall in all other respects be subject to the same provisions and conditions as returns by distributors licensed under the provisions of this Act.

The records, waybills and supporting documents kept by railroads and other common carriers in the regular course of business shall be prima facie evidence of the contents and receipt of cars or tanks covered by those records, waybills or supporting documents.

If the Department has reason to believe and does believe that the amount shown on the return as purchased, acquired, received, exported, sold, used, lost or destroyed is incorrect, or that an amount of motor fuel of the types required by the second paragraph of this Section to be reported to the Department has not been correctly reported the Department shall fix an amount for such receipt, sales, export, use, loss or destruction according to its best judgment and information, which amount so fixed by the Department shall be prima facie correct. All returns shall be made on forms prepared and furnished by the Department, and shall contain such other information as the Department may reasonably require. The return must be accompanied by appropriate computer-generated magnetic media supporting schedule data in the format required by the Department, unless, as provided by rule, the Department grants an exception upon petition of a taxpayer. All licensed distributors shall report all losses of motor fuel sustained on account of fire, theft, spillage, spoilage, leakage, or any other provable cause when filing the return for the period during which the loss occurred. If the distributor reports losses due to fire or theft, then the distributor must include fire department or police department reports and any other documentation that the Department may require. The mere making of the report does not assure the allowance of the loss as a reduction in tax liability. gallons in storage at the beginning of the month, plus the receipts of gallonage during the month, minus the gallonage remaining in storage at the end of the month. Any loss reported that is in excess of 1% shall be subject to the tax imposed by Section 2 of this Law. On and after July 1, 2001, for each 6-month period January through June, net losses of motor fuel (for each category of motor fuel that is required to be reported on a return) as the result of evaporation or shrinkage due to temperature variations may not exceed 1% of the total gallons in storage at the beginning of each January, plus the receipts of gallonage each January through June, minus the gallonage remaining in storage at the end of each June. On and after July 1, 2001, for each 6-month period July through December, net losses of motor fuel (for each category of motor fuel that is required to be reported on a return) as the result of evaporation or shrinkage due to temperature variations may not exceed 1% of the total gallons in storage at the beginning of each July, plus the receipts of gallonage each July through December, minus the gallonage remaining in storage at the end of each December. Any net loss reported that is in excess of this amount shall be subject to the tax imposed by Section 2 of this Law. For purposes of this Section, "net loss" means the number of gallons gained through temperature variations minus the number of gallons lost through temperature variations or evaporation for each of the respective 6-month periods.

Sec. 5a. A person holding a valid unrevoked license to act as a supplier of special fuel shall, between the 1st and 20th days of each calendar month, make return to the Department showing an itemized statement of the number of invoiced gallons of special fuel acquired, received, purchased, sold, exported, or used during the preceding calendar month; the amount of special fuel sold, distributed, exported, and used by the licensed supplier during the preceding calendar month; the amount of special fuel lost or destroyed during the preceding calendar month; the amount of special fuel on hand at the close of business for the preceding calendar month; and such other reasonable information as the Department may require.

A person whose license to act as a supplier of special fuel has been revoked shall make a return to the Department covering the period from the date of the last return to the date of the revocation of the license, which return shall be delivered to the Department not later than 10 days from the
date of the revocation or termination of the license of such supplier. The
return shall in all other respects be subject to the same provisions and
conditions as returns by suppliers licensed under this Act.

The records, waybills and supporting documents kept by railroads
and other common carriers in the regular course of business shall be prima
facie evidence of the contents and receipt of cars or tanks covered by those
records, waybills or supporting documents.

If the Department has reason to believe and does believe that the
amount shown on the return as purchased, acquired, received, sold,
exported, used, or lost is incorrect, or that an amount of special fuel of the
type required by the 1st paragraph of this Section to be reported to the
Department by suppliers has not been correctly reported as a purchase,
receipt, sale, use, export, or loss the Department shall fix an amount for
such purchase, receipt, sale, use, export, or loss according to its best
judgment and information, which amount so fixed by the Department shall
be prima facie correct. All licensed suppliers shall report all losses of
special fuel sustained on account of fire, theft, spillage, spoilage, leakage,
or any other provable cause when filing the return for the period during
which the loss occurred. If the supplier reports losses due to fire or theft,
then the supplier must include fire department or police department
reports and any other documentation that the Department may require.
The mere making of the report does not assure the allowance of the loss as
a reduction in tax liability. Losses of special fuel as the result of
evaporation or shrinkage due to temperature variations may not exceed 1%
of the total gallons in storage at the beginning of the month, plus the
receipts of gallonage during the month, minus the gallonage remaining in
storage at the end of the month.

Any loss reported that is in excess of 1% shall be subject to the tax
imposed by Section 2 of this Law. On and after July 1, 2001, for each 6-
month period January through June, net losses of special fuel (for each
category of special fuel that is required to be reported on a return) as the
result of evaporation or shrinkage due to temperature variations may not
exceed 1% of the total gallons in storage at the beginning of each January,
plus the receipts of gallonage each January through June, minus the
gallonage remaining in storage at the end of each June. On and after July
1, 2001, for each 6-month period July through December, net losses of
special fuel (for each category of special fuel that is required to be reported
on a return) as the result of evaporation or shrinkage due to temperature
variations may not exceed 1% of the total gallons in storage at the
beginning of each July, plus the receipts of gallonage each July through December, minus the gallonage remaining in storage at the end of each December. Any net loss reported that is in excess of this amount shall be subject to the tax imposed by Section 2 of this Law. For purposes of this Section, "net loss" means the number of gallons gained through temperature variations minus the number of gallons lost through temperature variations or evaporation for each of the respective 6-month periods.

In case of a sale of special fuel to someone other than a licensed distributor or licensed supplier for a use other than in motor vehicles, the supplier shall show in his return the amount of invoiced gallons sold and the name and address of the purchaser in addition to any other information the Department may require.

All special fuel sold or used for non-highway purposes must have a dye added in accordance with Section 4d of this Law.

In case of a tax-free sale, as provided in Section 6a, of special fuel which the supplier is required by this Section to include in his return to the Department, the supplier in his return shall show: (1) If the sale of special fuel is made to the Federal Government or its instrumentalities; (2) if the sale of special fuel is made to a municipal corporation owning and operating a local transportation system for public service in this State, the name and address of such purchaser and the amount sold, as evidenced by official forms of exemption certificates properly executed and furnished by such purchaser; (3) if the sale of special fuel is made to a privately owned public utility owning and operating 2-axle vehicles designed and used for transporting more than 7 passengers, which vehicles are used as common carriers in general transportation of passengers, are not devoted to any specialized purpose and are operated entirely within the territorial limits of a single municipality or of any group of contiguous municipalities or in a close radius thereof, and the operations of which are subject to the regulations of the Illinois Commerce Commission, then the name and address of such purchaser and the amount sold, as evidenced by official forms of exemption certificates properly executed and furnished by such
purchaser; (4) if the product sold is special fuel and if the sale is made to a licensed supplier or to a licensed distributor under conditions which qualify the sale for tax exemption under Section 6a of this Act, the amount sold and the name, address and license number of such purchaser; (5) if a sale of special fuel is made to a person where delivery is made outside of this State, the name and address of such purchaser and the point of delivery together with the date and amount of invoiced gallons delivered; and (6) if a sale of special fuel is made to someone other than a licensed distributor or a licensed supplier, for a use other than in motor vehicles, by making a specific notation thereof on the invoice or sales slip covering that sale and obtaining such supporting documentation as may be required by the Department.

Sec. 6. Collection of tax; distributors. A distributor who sells or distributes any motor fuel, which he is required by Section 5 to report to the Department when filing a return, shall (except as hereinafter provided) collect at the time of such sale and distribution, the amount of tax imposed under this Act on all such motor fuel sold and distributed, and at the time of making a return, the distributor shall pay to the Department the amount so collected less a discount of 2% through June 30, 2003 and 1.75% thereafter which is allowed to reimburse the distributor for the expenses incurred in keeping records, preparing and filing returns, collecting and remitting the tax and supplying data to the Department on request, and shall also pay to the Department an amount equal to the amount that would be collectible as a tax in the event of a sale thereof on all such motor fuel used by said distributor during the period covered by the return. However, no payment shall be made based upon dyed diesel fuel used by the distributor for non-highway purposes. The discount shall only be applicable to the amount of tax payment which accompanies a return which is filed timely in accordance with Section 5 of this Act. In each subsequent sale of motor fuel on which the amount of tax imposed under this Act has been collected as provided in this Section, the amount so collected shall be added to the selling price, so that the amount of tax is paid ultimately by the user of the motor fuel. However, no collection or payment shall be made in the case of the sale or use of any motor fuel to the extent to which such sale or use of motor fuel may not, under the

constitution and statutes of the United States, be made the subject of
taxation by this State. A person whose license to act as a distributor of fuel
has been revoked shall, at the time of making a return, also pay to the
Department an amount equal to the amount that would be collectible as a
tax in the event of a sale thereof on all motor fuel, which he is required by
the second paragraph of Section 5 to report to the Department in making a
return, and which he had on hand on the date on which the license was
revoked, and with respect to which no tax had been previously paid under
this Act.

A distributor may make tax free sales of motor fuel, with respect to
which he is otherwise required to collect the tax, when the motor fuel is
delivered from a dispensing facility that has withdrawal facilities capable
of dispensing motor fuel into the fuel supply tanks of motor vehicles only
as specified in the following items 3, 4, and 5. A distributor may make tax-
free sales of motor fuel, with respect to which he is otherwise required to
collect the tax, when the motor fuel is delivered from other facilities only
as specified in the following items 1 through 7.

1. When the sale is made to a person holding a valid
unrevoked license as a distributor, by making a specific notation
thereof on invoices or sales slip covering each sale.

2. When the sale is made with delivery to a purchaser
outside of this State.

3. When the sale is made to the Federal Government or its
instrumentalities.

4. When the sale is made to a municipal corporation
owning and operating a local transportation system for public
service in this State when an official certificate of exemption is
obtained in lieu of the tax.

5. When the sale is made to a privately owned public utility
owning and operating 2 axle vehicles designed and used for
transporting more than 7 passengers, which vehicles are used as
common carriers in general transportation of passengers, are not
devoted to any specialized purpose and are operated entirely within
the territorial limits of a single municipality or of any group of
contiguous municipalities, or in a close radius thereof, and the
operations of which are subject to the regulations of the Illinois
Commerce Commission, when an official certificate of exemption
is obtained in lieu of the tax.
6. When a sale of special fuel is made to a person holding a valid, unrevoked license as a supplier, by making a specific notation thereof on the invoice or sales slip covering each such sale.

7. When a sale of dyed diesel special fuel is made to someone other than a licensed distributor or a licensed supplier for non-highway purposes and the fuel is (i) delivered from a vehicle designed for the specific purpose of such sales and delivered directly into a stationary bulk storage tank that displays the notice required by Section 4f of this Act, (ii) delivered from a vehicle designed for the specific purpose of such sales and delivered directly into the fuel supply tanks of non-highway vehicles that are not required to be registered for highway use, or (iii) dispensed from a dyed diesel fuel dispensing facility that has withdrawal facilities that are not readily accessible to and are not capable of dispensing dyed diesel fuel into the fuel supply tank of a motor vehicle for a use other than in motor vehicles, by making a specific notation thereof on the invoice or sales slip covering such sales, and any obtaining such supporting documentation that may be required by the Department must be obtained by the distributor. The distributor shall obtain and keep the supporting documentation in such form as the Department may require by rule.

For purposes of this item 7, a dyed diesel fuel dispensing facility is considered to have withdrawal facilities that are "not readily accessible to and not capable of dispensing dyed diesel fuel into the fuel supply tank of a motor vehicle" only if the dyed diesel fuel is delivered from: (i) a dispenser hose that is short enough so that it will not reach the fuel supply tank of a motor vehicle or (ii) a dispenser that is enclosed by a fence or other physical barrier so that a vehicle cannot pull alongside the dispenser to permit fueling.

Sec. 6a. Collection of tax; suppliers. A supplier, other than a licensed distributor, who sells or distributes any special fuel, which he is required by Section 5a to report to the Department when filing a return, shall (except as hereinafter provided) collect at the time of such sale and distribution, the amount of tax imposed under this Act on all such special fuel sold and distributed, and at the time of making a return, the supplier shall pay to the Department the amount so collected less a discount of 2% through June 30, 2003 and 1.75% thereafter which is allowed to reimburse the supplier for the expenses incurred in keeping records, preparing and filing returns, collecting and remitting the tax and supplying data to the Department on request, and shall also pay to the Department an amount equal to the amount that would be collectible as a tax in the event of a sale thereof on all such special fuel used by said supplier during the period covered by the return. However, no payment shall be made based upon dyed diesel fuel used by said supplier for non-highway purposes. However, no collection or payment shall be made in the case of the sale or use of any special fuel to the extent to which such sale or use of motor fuel may not, under the Constitution and statutes of the United States, be made the subject of taxation by this State.

A person whose license to act as supplier of special fuel has been revoked shall, at the time of making a return, also pay to the Department an amount equal to the amount that would be collectible as a tax in the event of a sale thereof on all special fuel, which he is required by the 1st paragraph of Section 5a to report to the Department in making a return.

A supplier may make tax-free sales of special fuel, with respect to which he is otherwise required to collect the tax, when the motor fuel is delivered from a dispensing facility that has withdrawal facilities capable of dispensing special fuel into the fuel supply tanks of motor vehicles only as specified in the following items 1, 2, and 3. Sec. 8. Except as provided in Section 8a, subdivision (h)(1) of Section 12a, Section 13a.6, and items 13, 14, 15, and 16 of Section 15, all money received by the Department under this Act, including payments made to the Department by member jurisdictions participating in the International Fuel Tax Agreement, shall be deposited in a special fund in the State treasury, to be known as the "Motor Fuel Tax Fund", and shall be used as follows:

(a) 2 1/2 cents per gallon of the tax collected on special fuel under paragraph (b) of Section 2 and Section 13a of this Act shall be transferred to the State Construction Account Fund in the State Treasury;

(b) $420,000 shall be transferred each month to the State Boating Act Fund to be used by the Department of Natural Resources for the purposes specified in Article X of the Boat Registration and Safety Act;

(c) $3,500,000 shall be transferred each month to the Grade Crossing Protection Fund to be used as follows: not less than $12,000,000 each fiscal year shall be used for the construction or reconstruction of rail highway grade separation structures; $2,250,000 in fiscal years 2004 through 2009 and $3,000,000 in fiscal year 2010 and each fiscal year thereafter shall be transferred to the Transportation Regulatory Fund and shall be accounted for as part of the rail carrier portion of such funds and

shall be used to pay the cost of administration of the Illinois Commerce Commission's railroad safety program in connection with its duties under subsection (3) of Section 18c-7401 of the Illinois Vehicle Code, with the remainder to be used by the Department of Transportation upon order of the Illinois Commerce Commission, to pay that part of the cost apportioned by such Commission to the State to cover the interest of the public in the use of highways, roads, streets, or pedestrian walkways in the county highway system, township and district road system, or municipal street system as defined in the Illinois Highway Code, as the same may from time to time be amended, for separation of grades, for installation, construction or reconstruction of crossing protection or reconstruction, alteration, relocation including construction or improvement of any existing highway necessary for access to property or improvement of any grade crossing and grade crossing surface including the necessary highway approaches thereto of any railroad across the highway or public road, or for the installation, construction, reconstruction, or maintenance of a pedestrian walkway over or under a railroad right-of-way, as provided for in and in accordance with Section 18c-7401 of the Illinois Vehicle Code. The Commission may order up to $2,000,000 per year in Grade Crossing Protection Fund moneys for the improvement of grade crossing surfaces and up to $300,000 per year for the maintenance and renewal of 4-quadrant gate vehicle detection systems located at non-high speed rail grade crossings. The Commission shall not order more than $2,000,000 per year in Grade Crossing Protection Fund moneys for pedestrian walkways. In entering orders for projects for which payments from the Grade Crossing Protection Fund will be made, the Commission shall account for expenditures authorized by the orders on a cash rather than an accrual basis. For purposes of this requirement an "accrual basis" assumes that the total cost of the project is expended in the fiscal year in which the order is entered, while a "cash basis" allocates the cost of the project among fiscal years as expenditures are actually made. To meet the requirements of this subsection, the Illinois Commerce Commission shall develop annual and 5-year project plans of rail crossing capital improvements that will be paid for with moneys from the Grade Crossing Protection Fund. The annual project plan shall identify projects for the succeeding fiscal year and the 5-year project plan shall identify projects for the 5 directly succeeding fiscal years. The Commission shall submit the annual and 5-year project plans for this Fund to the Governor, the President of the Senate, the Senate Minority Leader, the Speaker of the
(d) of the amount remaining after allocations provided for in subsections (a), (b) and (c), a sufficient amount shall be reserved to pay all of the following:

1. the costs of the Department of Revenue in administering this Act;
2. the costs of the Department of Transportation in performing its duties imposed by the Illinois Highway Code for supervising the use of motor fuel tax funds apportioned to municipalities, counties and road districts;
3. refunds provided for in Section 13 of this Act, refunds for overpayment of decal fees paid under Section 13a.4 of this Act, and refunds provided for under the terms of the International Fuel Tax Agreement referenced in Section 14a;
4. from October 1, 1985 until June 30, 1994, the administration of the Vehicle Emissions Inspection Law, which amount shall be certified monthly by the Environmental Protection Agency to the State Comptroller and shall promptly be transferred by the State Comptroller and Treasurer from the Motor Fuel Tax Fund to the Vehicle Inspection Fund, and for the period July 1, 1994 through June 30, 2000, one-twelfth of $25,000,000 each month, for the period July 1, 2000 through June 30, 2003, one-twelfth of $30,000,000 each month, and $15,000,000 on July 1, 2003, and $15,000,000 on January 1, 2004, and $15,000,000 on each July 1 and October 1, or as soon thereafter as may be practical, during the period July 1, 2004 through June 30, 2010, for the administration of the Vehicle Emissions Inspection Law of 2005, to be transferred by the State Comptroller and Treasurer from the Motor Fuel Tax Fund into the Vehicle Inspection Fund;
5. amounts ordered paid by the Court of Claims; and
6. payment of motor fuel use taxes due to member jurisdictions under the terms of the International Fuel Tax Agreement. The Department shall certify these amounts to the Comptroller by the 15th day of each month; the Comptroller shall cause orders to be drawn for such amounts, and the Treasurer shall administer those amounts on or before the last day of each month;
(e) after allocations for the purposes set forth in subsections (a), (b), (c) and (d), the remaining amount shall be apportioned as follows:
(1) Until January 1, 2000, 58.4%, and beginning January 1, 2000, 45.6% shall be deposited as follows:
   (A) 37% into the State Construction Account Fund, and
   (B) 63% into the Road Fund, $1,250,000 of which shall be reserved each month for the Department of Transportation to be used in accordance with the provisions of Sections 6-901 through 6-906 of the Illinois Highway Code;

(2) Until January 1, 2000, 41.6%, and beginning January 1, 2000, 54.4% shall be transferred to the Department of Transportation to be distributed as follows:
   (A) 49.10% to the municipalities of the State,
   (B) 16.74% to the counties of the State having 1,000,000 or more inhabitants,
   (C) 18.27% to the counties of the State having less than 1,000,000 inhabitants,
   (D) 15.89% to the road districts of the State.

As soon as may be after the first day of each month the Department of Transportation shall allot to each municipality its share of the amount apportioned to the several municipalities which shall be in proportion to the population of such municipalities as determined by the last preceding municipal census if conducted by the Federal Government or Federal census. If territory is annexed to any municipality subsequent to the time of the last preceding census the corporate authorities of such municipality may cause a census to be taken of such annexed territory and the population so ascertained for such territory shall be added to the population of the municipality as determined by the last preceding census for the purpose of determining the allotment for that municipality. If the population of any municipality was not determined by the last Federal census preceding any apportionment, the apportionment to such municipality shall be in accordance with any census taken by such municipality. Any municipal census used in accordance with this Section shall be certified to the Department of Transportation by the clerk of such municipality, and the accuracy thereof shall be subject to approval of the Department which may make such corrections as it ascertains to be necessary.

As soon as may be after the first day of each month the Department of Transportation shall allot to each county its share of the amount

apportioned to the several counties of the State as herein provided. Each
allotment to the several counties having less than 1,000,000 inhabitants
shall be in proportion to the amount of motor vehicle license fees received
from the residents of such counties, respectively, during the preceding
calendar year. The Secretary of State shall, on or before April 15 of each
year, transmit to the Department of Transportation a full and complete
report showing the amount of motor vehicle license fees received from the
residents of each county, respectively, during the preceding calendar year.
The Department of Transportation shall, each month, use for allotment
purposes the last such report received from the Secretary of State.

As soon as may be after the first day of each month, the
Department of Transportation shall allot to the several counties their share
of the amount apportioned for the use of road districts. The allotment shall
be apportioned among the several counties in the State in the proportion
which the total mileage of township or district roads in the respective
counties bears to the total mileage of all township and district roads in the
State. Funds allotted to the respective counties for the use of road districts
therein shall be allocated to the several road districts in the county in the
proportion which the total mileage of such township or district roads in the
respective road districts bears to the total mileage of all such township or
district roads in the county. After July 1 of any year, no allocation shall be
made for any road district unless it levied a tax for road and bridge
purposes in an amount which will require the extension of such tax against
the taxable property in any such road district at a rate of not less than
either .08% of the value thereof, based upon the assessment for the year
immediately prior to the year in which such tax was levied and as
equalized by the Department of Revenue or, in DuPage County, an amount
equal to or greater than $12,000 per mile of road under the jurisdiction of
the road district, whichever is less. If any road district has levied a special
tax for road purposes pursuant to Sections 6-601, 6-602 and 6-603 of the
Illinois Highway Code, and such tax was levied in an amount which would
require extension at a rate of not less than .08% of the value of the taxable
property thereof, as equalized or assessed by the Department of Revenue,
or, in DuPage County, an amount equal to or greater than $12,000 per mile
of road under the jurisdiction of the road district, whichever is less, such
levy shall, however, be deemed a proper compliance with this Section and
shall qualify such road district for an allotment under this Section. If a
township has transferred to the road and bridge fund money which, when
added to the amount of any tax levy of the road district would be the

equivalent of a tax levy requiring extension at a rate of at least .08%, or, in DuPage County, an amount equal to or greater than $12,000 per mile of road under the jurisdiction of the road district, whichever is less, such transfer, together with any such tax levy, shall be deemed a proper compliance with this Section and shall qualify the road district for an allotment under this Section.

In counties in which a property tax extension limitation is imposed under the Property Tax Extension Limitation Law, road districts may retain their entitlement to a motor fuel tax allotment if, at the time the property tax extension limitation was imposed, the road district was levying a road and bridge tax at a rate sufficient to entitle it to a motor fuel tax allotment and continues to levy the maximum allowable amount after the imposition of the property tax extension limitation. Any road district may in all circumstances retain its entitlement to a motor fuel tax allotment if it levied a road and bridge tax in an amount that will require the extension of the tax against the taxable property in the road district at a rate of not less than 0.08% of the assessed value of the property, based upon the assessment for the year immediately preceding the year in which the tax was levied and as equalized by the Department of Revenue or, in DuPage County, an amount equal to or greater than $12,000 per mile of road under the jurisdiction of the road district, whichever is less.

As used in this Section the term "road district" means any road district, including a county unit road district, provided for by the Illinois Highway Code; and the term "township or district road" means any road in the township and district road system as defined in the Illinois Highway Code. For the purposes of this Section, "road district" also includes park districts, forest preserve districts and conservation districts organized under Illinois law and "township or district road" also includes such roads as are maintained by park districts, forest preserve districts and conservation districts. The Department of Transportation shall determine the mileage of all township and district roads for the purposes of making allotments and allocations of motor fuel tax funds for use in road districts.

Payment of motor fuel tax moneys to municipalities and counties shall be made as soon as possible after the allotment is made. The treasurer of the municipality or county may invest these funds until their use is required and the interest earned by these investments shall be limited to the same uses as the principal funds.

Sec. 13. Refund of tax paid. Any person other than a distributor or supplier, who loses motor fuel through any cause or uses motor fuel (upon which he has paid the amount required to be collected under Section 2 of this Act) for any purpose other than operating a motor vehicle upon the public highways or waters, shall be reimbursed and repaid the amount so paid.

Any person who purchases motor fuel in Illinois and uses that motor fuel in another state and that other state imposes a tax on the use of such motor fuel shall be reimbursed and repaid the amount of Illinois tax paid under Section 2 of this Act on the motor fuel used in such other state. Reimbursement and repayment shall be made by the Department upon receipt of adequate proof of taxes directly paid to another state and the amount of motor fuel used in that state.

Claims based in whole or in part on taxes paid to another state shall include (i) a certified copy of the tax return filed with such other state by the claimant; (ii) a copy of either the cancelled check paying the tax due on such return, or a receipt acknowledging payment of the tax due on such tax return; and (iii) such other information as the Department may reasonably require. This paragraph shall not apply to taxes paid on returns filed under Section 13a.3 of this Act.

Any person who purchases motor fuel use tax decals as required by Section 13a.4 and pays an amount of fees for such decals that exceeds the amount due shall be reimbursed and repaid the amount of the decal fees that are deemed by the department to be in excess of the amount due.

Claims for such reimbursement must be made to the Department of Revenue, duly verified by the claimant (or by the claimant's legal representative if the claimant has died or become a person under legal disability), upon forms prescribed by the Department. The claim must state such facts relating to the purchase, importation, manufacture or production of the motor fuel by the claimant as the Department may deem necessary, and the time when, and the circumstances of its loss or the specific purpose for which it was used (as the case may be), together with such other information as the Department may reasonably require. No claim based upon idle time shall be allowed. Claims for reimbursement for overpayment of decal fees shall be made to the Department of Revenue, duly verified by the claimant (or by the claimant's legal representative if the claimant has died or become a person under legal disability), upon forms prescribed by the Department. The claim shall state facts relating to
the overpayment of decal fees, together with such other information as the Department may reasonably require. Claims for reimbursement of overpayment of decal fees paid on or after January 1, 2011 must be filed not later than one year after the date on which the fees were paid by the claimant. If it is determined that the Department should reimburse a claimant for overpayment of decal fees, the Department shall first apply the amount of such refund against any tax or penalty or interest due by the claimant under Section 13a of this Act.

Claims for full reimbursement for taxes paid on or before December 31, 1999 must be filed not later than one year after the date on which the tax was paid by the claimant. If, however, a claim for such reimbursement otherwise meeting the requirements of this Section is filed more than one year but less than 2 years after that date, the claimant shall be reimbursed at the rate of 80% of the amount to which he would have been entitled if his claim had been timely filed.

Claims for full reimbursement for taxes paid on or after January 1, 2000 must be filed not later than 2 years after the date on which the tax was paid by the claimant.

The Department may make such investigation of the correctness of the facts stated in such claims as it deems necessary. When the Department has approved any such claim, it shall pay to the claimant (or to the claimant's legal representative, as such if the claimant has died or become a person under legal disability) the reimbursement provided in this Section, out of any moneys appropriated to it for that purpose.

Any distributor or supplier who has paid the tax imposed by Section 2 of this Act upon motor fuel lost or used by such distributor or supplier for any purpose other than operating a motor vehicle upon the public highways or waters may file a claim for credit or refund to recover the amount so paid. Such claims shall be filed on forms prescribed by the Department. Such claims shall be made to the Department, duly verified by the claimant (or by the claimant's legal representative if the claimant has died or become a person under legal disability), upon forms prescribed by the Department. The claim shall state such facts relating to the purchase, importation, manufacture or production of the motor fuel by the claimant as the Department may deem necessary and the time when the loss or nontaxable use occurred, and the circumstances of its loss or the specific purpose for which it was used (as the case may be), together with such other information as the Department may reasonably require. Claims

must be filed not later than one year after the date on which the tax was paid by the claimant.

The Department may make such investigation of the correctness of the facts stated in such claims as it deems necessary. When the Department approves a claim, the Department shall issue a refund or credit memorandum as requested by the taxpayer, to the distributor or supplier who made the payment for which the refund or credit is being given or, if the distributor or supplier has died or become incompetent, to such distributor's or supplier's legal representative, as such. The amount of such credit memorandum shall be credited against any tax due or to become due under this Act from the distributor or supplier who made the payment for which credit has been given.

Any credit or refund that is allowed under this Section shall bear interest at the rate and in the manner specified in the Uniform Penalty and Interest Act.

In case the distributor or supplier requests and the Department determines that the claimant is entitled to a refund, such refund shall be made only from such appropriation as may be available for that purpose. If it appears unlikely that the amount appropriated would permit everyone having a claim allowed during the period covered by such appropriation to elect to receive a cash refund, the Department, by rule or regulation, shall provide for the payment of refunds in hardship cases and shall define what types of cases qualify as hardship cases.

In any case in which there has been an erroneous refund of tax or fees payable under this Section, a notice of tax liability may be issued at any time within 3 years from the making of that refund, or within 5 years from the making of that refund if it appears that any part of the refund was induced by fraud or the misrepresentation of material fact. The amount of any proposed assessment set forth by the Department shall be limited to the amount of the erroneous refund.

If no tax is due and no proceeding is pending to determine whether such distributor or supplier is indebted to the Department for tax, the credit memorandum so issued may be assigned and set over by the lawful holder thereof, subject to reasonable rules of the Department, to any other licensed distributor or supplier who is subject to this Act, and the amount thereof applied by the Department against any tax due or to become due under this Act from such assignee.

If the payment for which the distributor's or supplier's claim is filed is held in the protest fund of the State Treasury during the pendency of the

claim for credit proceedings pursuant to the order of the court in accordance with Section 2a of the State Officers and Employees Money Disposition Act and if it is determined by the Department or by the final order of a reviewing court under the Administrative Review Law that the claimant is entitled to all or a part of the credit claimed, the claimant, instead of receiving a credit memorandum from the Department, shall receive a cash refund from the protest fund as provided for in Section 2a of the State Officers and Employees Money Disposition Act.

If any person ceases to be licensed as a distributor or supplier while still holding an unused credit memorandum issued under this Act, such person may, at his election (instead of assigning the credit memorandum to a licensed distributor or licensed supplier under this Act), surrender such unused credit memorandum to the Department and receive a refund of the amount to which such person is entitled.

For claims based upon taxes paid on or before December 31, 2000, a claim based upon the use of undyed diesel fuel shall not be allowed except (i) if allowed under the following paragraph or (ii) for undyed diesel fuel used by a commercial vehicle, as that term is defined in Section 1-111.8 of the Illinois Vehicle Code, for any purpose other than operating the commercial vehicle upon the public highways and unlicensed commercial vehicles operating on private property. Claims shall be limited to commercial vehicles that are operated for both highway purposes and any purposes other than operating such vehicles upon the public highways.

For claims based upon taxes paid on or after January 1, 2000, a claim based upon the use of undyed diesel fuel shall not be allowed except (i) if allowed under the preceding paragraph or (ii) for claims for the following:

(1) Undyed diesel fuel used (i) in a manufacturing process, as defined in Section 2-45 of the Retailers' Occupation Tax Act, wherein the undyed diesel fuel becomes a component part of a product or by-product, other than fuel or motor fuel, when the use of dyed diesel fuel in that manufacturing process results in a product that is unsuitable for its intended use or (ii) for testing machinery and equipment in a manufacturing process, as defined in Section 2-45 of the Retailers' Occupation Tax Act, wherein the testing takes place on private property.

(2) Undyed diesel fuel used by a manufacturer on private property in the research and development, as defined in Section 1.29, of machinery or equipment intended for manufacture.

New matter indicated by italics - deletions by strikeout
(3) Undyed diesel fuel used by a single unit self-propelled agricultural fertilizer implement, designed for on and off road use, equipped with flotation tires and specially adapted for the application of plant food materials or agricultural chemicals.

(4) Undyed diesel fuel used by a commercial motor vehicle for any purpose other than operating the commercial motor vehicle upon the public highways. Claims shall be limited to commercial motor vehicles that are operated for both highway purposes and any purposes other than operating such vehicles upon the public highways.

(5) Undyed diesel fuel used by a unit of local government in its operation of an airport if the undyed diesel fuel is used directly in airport operations on airport property.

(6) Undyed diesel fuel used by refrigeration units that are permanently mounted to a semitrailer, as defined in Section 1.28 of this Law, wherein the refrigeration units have a fuel supply system dedicated solely for the operation of the refrigeration units.

(7) Undyed diesel fuel used by power take-off equipment as defined in Section 1.27 of this Law.

(8) Beginning on the effective date of this amendatory Act of the 94th General Assembly, undyed diesel fuel used by tugs and spotter equipment to shift vehicles or parcels on both private and airport property. Any claim under this item (8) may be made only by a claimant that owns tugs and spotter equipment and operates that equipment on both private and airport property. The aggregate of all credits or refunds resulting from claims filed under this item (8) by a claimant in any calendar year may not exceed $100,000. A claim may not be made under this item (8) by the same claimant more often than once each quarter. For the purposes of this item (8), "tug" means a vehicle designed for use on airport property that shifts custom-designed containers of parcels from loading docks to aircraft, and "spotter equipment" means a vehicle designed for use on both private and airport property that shifts trailers containing parcels between staging areas and loading docks.

Any person who has paid the tax imposed by Section 2 of this Law upon undyed diesel fuel that is unintentionally mixed with dyed diesel fuel and who owns or controls the mixture of undyed diesel fuel and dyed diesel fuel may file a claim for refund to recover the amount paid. The amount of undyed diesel fuel unintentionally mixed must equal 500
gallons or more. Any claim for refund of unintentionally mixed undyed diesel fuel and dyed diesel fuel shall be supported by documentation showing the date and location of the unintentional mixing, the number of gallons involved, the disposition of the mixed diesel fuel, and any other information that the Department may reasonably require. Any unintentional mixture of undyed diesel fuel and dyed diesel fuel shall be sold or used only for non-highway purposes.

The Department shall promulgate regulations establishing specific limits on the amount of undyed diesel fuel that may be claimed for refund.

For purposes of claims for refund, "loss" means the reduction of motor fuel resulting from fire, theft, spillage, spoilage, leakage, or any other provable cause, but does not include a reduction resulting from evaporation, or shrinkage due to temperature variations. In the case of losses due to fire or theft, the claimant must include fire department or police department reports and any other documentation that the Department may require.

Sec. 13a.4. Except as provided in Section 13a.5 of this Act, no motor carrier shall operate in Illinois without first securing a motor fuel use tax license and decals from the Department or a motor fuel use tax license and decals issued under the International Fuel Tax Agreement by any member jurisdiction. Notwithstanding any other provision of this Section to the contrary, however, the Director of Revenue or his designee may, upon determining that a disaster exists in Illinois or in any other state, temporarily waive the licensing requirements of this Section for commercial motor vehicles that travel through Illinois, or return to Illinois from a point outside Illinois, for the purpose of assisting in disaster relief efforts. Temporary waiver of the licensing requirements of this Section shall not exceed a period of 30 days from the date the Director temporarily waives the licensing requirements of this Section. For purposes of this Section, a disaster includes flood, tornado, hurricane, fire, earthquake, or any other disaster that causes or threatens loss of life or destruction or damage to property of such a magnitude as to endanger the public health, safety, and welfare. The licensing requirements of this Section shall be temporarily waived only if the operator of the commercial motor vehicle can provide proof by manifest that the commercial motor vehicle is traveling through Illinois or returning to Illinois from a point outside Illinois for purposes of assisting in disaster relief efforts.

Application for such license and decals shall be made annually to the Department on forms prescribed by the Department. The application shall be under oath, and shall contain such information as the Department deems necessary. The Department, for cause, may require an applicant to post a bond on a form to be approved by and with a surety or sureties satisfactory to the Department conditioned upon such applicant paying to the State of Illinois all monies becoming due by reason of the sale or use of motor fuel by the applicant, together with all penalties and interest thereon. If a bond is required, it shall be equal to at least twice the estimated average tax liability of a quarterly return. The Department shall fix the penalty of such bond in each case taking into consideration the amount of motor fuel expected to be used by such applicant and the penalty fixed by the Department shall be such as, in its opinion, will protect the State of Illinois against failure to pay the amount hereinafter provided on motor fuel used. No person who is in default to the State for monies due under this Act for the sale, distribution or use of motor fuel shall receive such a license or decal.

Upon receipt of the application for license in proper form, and upon payment of any required $100 reinstatement fee, and upon approval by the Department of the bond furnished by the applicant, the Department may issue to such applicant a license which allows the operation of commercial motor vehicles in Illinois, and decals for each commercial motor vehicle operating in Illinois. Prior to January 1, 1985, motor fuel use tax licenses shall be conspicuously displayed in the cab of each commercial motor vehicle operating in Illinois. After January 1, 1986, motor fuel use tax licenses shall be carried in the cab of each commercial motor vehicle operating in Illinois.

The Department shall, by regulation, provide for the use of reproductions of original motor fuel use tax licenses in lieu of issuing multiple original motor fuel use tax licenses to licensees.

On and after January 1, 1985, external motor fuel tax decals shall be conspicuously displayed on the passenger side of each commercial motor vehicle propelled by motor fuel operating in Illinois, except buses, which may display such devices on the driver's side of the vehicle. Beginning with the effective date of this amendatory Act of 1993 or the membership of the State of Illinois in the International Fuel Tax Agreement, whichever is later, the decals issued to the licensee shall be placed on both exterior sides of the cab. In the case of transporters, manufacturers, dealers, or driveway operations, the decals need not be

permanently affixed but may be temporarily displayed in a visible manner on the exterior sides of the cab. Failure to display the decals in the required locations may subject the vehicle operator to the purchase of a trip permit and a citation. Such motor fuel tax decals shall be issued by the Department and remain valid for a period of 2 calendar years, beginning January 1, 1985. The decals shall expire at the end of the regular 2 year issuance period, with new decals required to be displayed at that time. Beginning January 1, 1993, the motor fuel decals shall be issued by the Department and remain valid for a period of one calendar year. The decals shall expire at the end of the regular one year issuance period, with new decals required to be displayed at that time. Decals shall be no larger than 3 inches by 3 inches. Prior to January 1, 1993, a fee of $7.50 shall be charged by the Department for each decal issued prior to and during the 2 calendar years such decal is valid. Beginning January 1, 1993, a fee of $3.75 shall be charged by the Department for each decal issued prior to and during the calendar year such decal is valid. Beginning January 1, 1994, $3.75 shall be charged for a set of 2 decals. The Department may also prescribe procedures for the issuance of replacement decals, with a maximum fee of $2 for each set of replacement decals issued. The transfer of decals from one vehicle to another vehicle or from one motor carrier to another motor carrier is prohibited. The fees paid for the decals issued under this Section shall be deposited in the Motor Fuel Tax Fund, and may be appropriated to the Department for administration of this Section and enforcement of the tax imposed by Section 13a of this Act.

To avoid duplicate reporting of mileage and payment of any tax arising therefrom under Section 13a.3 of this Act, the Department shall, by regulation, provide for the allocation between lessors and lessees of the same commercial motor vehicle or vehicles of the responsibility as a motor carrier for the reporting of mileage and the liability for tax arising under Section 13a.3 of this Act, and for registration, furnishing of bond, carrying of motor fuel use tax licenses, and display of decals under this Section, and for all other duties imposed upon motor carriers by this Act.

Sec. 13a.5. As to a commercial motor vehicle operated in Illinois in the course of interstate traffic by a motor carrier not holding a motor fuel use tax license issued under this Act, a single trip permit authorizing operation of such commercial motor vehicle for a single trip into the State of Illinois, through the State of Illinois, or from a point on the border of
this State to a point within and return to the border may be issued by the Department or its agents after proper application. The fee for each single trip permit shall be $40 and such single trip permit shall be valid for a period of 96 hours. This fee shall be in lieu of the tax required by Section 13a of this Act, all reports required by Section 13a.3 of this Act, and the registration, decal display and furnishing of bond required by Section 13a.4 of this Act. Notwithstanding any other provision of this Section to the contrary, however, the Director of Revenue or his designee may, upon determining that a disaster exists in Illinois or in any other state, temporarily waive the permit provisions of this Section for commercial motor vehicles that travel into the State of Illinois, through Illinois, or return to Illinois from a point outside Illinois, for the purpose of assisting in disaster relief efforts. Temporary waiver of the permit provisions of this Section shall not exceed a period of 30 days from the date the Director waives the permit provisions of this Section. For purposes of this Section, a disaster includes flood, tornado, hurricane, fire, earthquake, or any other disaster that causes or threatens loss of life or destruction or damage to property of such a magnitude as to endanger the public health, safety, and welfare. The permit provisions of this Section shall be temporarily waived only if the operator of the commercial motor vehicle can provide proof by manifest that the commercial motor vehicle is traveling through Illinois or returning to Illinois from a point outside Illinois for purposes of assisting in disaster relief efforts. Rules or regulations promulgated by the Department under this Section shall provide for reasonable and proper limitations and restrictions governing application for and issuance and use of, single trip permits, so as to preclude evasion of the license requirement in Section 13a.4.

(g) Any municipality or county, other than a municipality or county establishing standing, parking, and compliance regulations pursuant to Section 11-208.3 or automated traffic law regulations under Section 11-208.6 or 11-1201.1, may provide by ordinance for the sending of a notice of impending drivers license suspension to the person who has failed to satisfy any fine or penalty imposed by final judgment for 10 or more violations of local standing, parking, or compliance regulations or 5 or more automated traffic law violations after exhaustion of judicial review procedures. An ordinance so providing shall specify that the notice sent to the person liable for any fine or penalty shall state that failure to pay the fine or penalty owing within 45 days of the notice's date will result in the municipality or county notifying the Secretary of State that the person's drivers license is eligible for suspension pursuant to this Section. The notice of impending drivers license suspension shall be sent by first class United States mail, postage prepaid, to the address recorded with the Secretary of State or at the last address known to the lessor of the cited vehicle at the time of lease or, if any notice sent under Section 11-208.3 of this Code is returned as undeliverable, to the last known address recorded in a United States Post Office approved database.

(h) An administrative hearing to contest an impending suspension or a suspension made pursuant to this Section may be had upon filing a written request with the Secretary of State. The filing fee for this hearing shall be $20, to be paid at the time the request is made. A municipality or county which files a certified report with the Secretary of State pursuant to this Section shall reimburse the Secretary for all reasonable costs incurred by the Secretary as a result of the filing of the report, including but not limited to the costs of providing the notice required pursuant to subsection...
(b) and the costs incurred by the Secretary in any hearing conducted with respect to the report pursuant to this subsection and any appeal from such a hearing.

   (i) The provisions of this Section shall apply on and after January 1, 1988.

   (j) For purposes of this Section, the term "compliance violation" is defined as in Section 11-208.3.

(625 ILCS 5/11-208.3) (from Ch. 95 1/2, par. 11-208.3)

Sec. 11-208.3. Administrative adjudication of violations of traffic regulations concerning the standing, parking, or condition of vehicles and automated traffic law violations.

   (a) Any municipality or county may provide by ordinance for a system of administrative adjudication of vehicular standing and parking violations and vehicle compliance violations as defined in this subsection and automated traffic law violations as defined in Section 11-208.6 or 11-1201.1. The administrative system shall have as its purpose the fair and efficient enforcement of municipal or county regulations through the administrative adjudication of automated traffic law violations and violations of municipal or county ordinances regulating the standing and parking of vehicles, the condition and use of vehicle equipment, and the display of municipal or county wheel tax licenses within the municipality's or county's borders. The administrative system shall only have authority to adjudicate civil offenses carrying fines not in excess of $500 or requiring the completion of a traffic education program, or both, that occur after the effective date of the ordinance adopting such a system under this Section. For purposes of this Section, "compliance violation" means a violation of a municipal or county regulation governing the condition or use of equipment on a vehicle or governing the display of a municipal or county wheel tax license.

   (b) Any ordinance establishing a system of administrative adjudication under this Section shall provide for:

        (1) A traffic compliance administrator authorized to adopt, distribute and process parking, compliance, and automated traffic law violation notices and other notices required by this Section, collect money paid as fines and penalties for violation of parking and compliance ordinances and automated traffic law violations, and operate an administrative adjudication system. The traffic

compliance administrator also may make a certified report to the Secretary of State under Section 6-306.5.

(2) A parking, standing, compliance, or automated traffic law violation notice that shall specify the date, time, and place of violation of a parking, standing, compliance, or automated traffic law regulation; the particular regulation violated; any requirement to complete a traffic education program; the fine and any penalty that may be assessed for late payment or failure to complete a required traffic education program, or both, when so provided by ordinance; the vehicle make and state registration number; and the identification number of the person issuing the notice. With regard to automated traffic law violations, vehicle make shall be specified on the automated traffic law violation notice if the make is available and readily discernible. With regard to municipalities or counties with a population of 1 million or more, it shall be grounds for dismissal of a parking violation if the state registration number or vehicle make specified is incorrect. The violation notice shall state that the completion of any required traffic education program, the payment of any indicated fine, and the payment of any applicable penalty for late payment or failure to complete a required traffic education program, or both, shall operate as a final disposition of the violation. The notice shall contain information as to the availability of a hearing in which the violation may be contested on its merits. The violation notice shall specify the time and manner in which a hearing may be had.

(3) Service of the parking, standing, or compliance violation notice by affixing the original or a facsimile of the notice to an unlawfully parked vehicle or by handing the notice to the operator of a vehicle if he or she is present and service of an automated traffic law violation notice by mail to the address of the registered owner of the cited vehicle as recorded with the Secretary of State within 30 days after the Secretary of State notifies the municipality or county of the identity of the owner of the vehicle, but in no event later than 90 days after the violation. A person authorized by ordinance to issue and serve parking, standing, and compliance violation notices shall certify as to the correctness of the facts entered on the violation notice by signing his or her name to the notice at the time of service or in the case of a notice produced by a computerized device, by signing a single certificate
to be kept by the traffic compliance administrator attesting to the 
correctness of all notices produced by the device while it was under 
his or her control. In the case of an automated traffic law violation, 
the ordinance shall require a determination by a technician 
employed or contracted by the municipality or county that, based 
on inspection of recorded images, the motor vehicle was being 
operated in violation of Section 11-208.6 or 11-1201.1 or a local 
ordinance. If the technician determines that the vehicle entered the 
intersection as part of a funeral procession or in order to yield the 
right-of-way to an emergency vehicle, a citation shall not be issued. 
The original or a facsimile of the violation notice or, in the case of 
a notice produced by a computerized device, a printed record 
generated by the device showing the facts entered on the notice, 
shall be retained by the traffic compliance administrator, and shall 
be a record kept in the ordinary course of business. A parking, 
standing, compliance, or automated traffic law violation notice 
issued, signed and served in accordance with this Section, a copy 
of the notice, or the computer generated record shall be prima facie 
correct and shall be prima facie evidence of the correctness of the 
facts shown on the notice. The notice, copy, or computer generated 
record shall be admissible in any subsequent administrative or 
legal proceedings.

(4) An opportunity for a hearing for the registered owner of 
the vehicle cited in the parking, standing, compliance, or 
automated traffic law violation notice in which the owner may 
contest the merits of the alleged violation, and during which formal 
or technical rules of evidence shall not apply; provided, however, 
that under Section 11-1306 of this Code the lessee of a vehicle 
cited in the violation notice likewise shall be provided an 
opportunity for a hearing of the same kind afforded the registered 
owner. The hearings shall be recorded, and the person conducting 
the hearing on behalf of the traffic compliance administrator shall 
be empowered to administer oaths and to secure by subpoena both 
the attendance and testimony of witnesses and the production of 
relevant books and papers. Persons appearing at a hearing under 
this Section may be represented by counsel at their expense. The 
ordinance may also provide for internal administrative review 
following the decision of the hearing officer.
(5) Service of additional notices, sent by first class United States mail, postage prepaid, to the address of the registered owner of the cited vehicle as recorded with the Secretary of State or, if any notice to that address is returned as undeliverable, to the last known address recorded in a United States Post Office approved database, or, under Section 11-1306 of this Code, to the lessee of the cited vehicle at the last address known to the lessor of the cited vehicle at the time of lease or, if any notice to that address is returned as undeliverable, to the last known address recorded in a United States Post Office approved database. The service shall be deemed complete as of the date of deposit in the United States mail. The notices shall be in the following sequence and shall include but not be limited to the information specified herein:

(i) A second notice of parking, standing, or compliance violation. This notice shall specify the date and location of the violation cited in the parking, standing, or compliance violation notice, the particular regulation violated, the vehicle make and state registration number, any requirement to complete a traffic education program, the fine and any penalty that may be assessed for late payment or failure to complete a traffic education program, or both, when so provided by ordinance, the availability of a hearing in which the violation may be contested on its merits, and the time and manner in which the hearing may be had. The notice of violation shall also state that failure to complete a required traffic education program, to pay the indicated fine and any applicable penalty, or to appear at a hearing on the merits in the time and manner specified, will result in a final determination of violation liability for the cited violation in the amount of the fine or penalty indicated, and that, upon the occurrence of a final determination of violation liability for the failure, and the exhaustion of, or failure to exhaust, available administrative or judicial procedures for review, any incomplete traffic education program or any unpaid fine or penalty, or both, will constitute a debt due and owing to the municipality or county.

(ii) A notice of final determination of parking, standing, compliance, or automated traffic law violation

liability. This notice shall be sent following a final determination of parking, standing, compliance, or automated traffic law violation liability and the conclusion of judicial review procedures taken under this Section. The notice shall state that the incomplete traffic education program or the unpaid fine or penalty, or both, is a debt due and owing the municipality or county. The notice shall contain warnings that failure to complete any required traffic education program or to pay any fine or penalty due and owing the municipality or county, or both, within the time specified may result in the municipality's or county's filing of a petition in the Circuit Court to have the incomplete traffic education program or unpaid fine or penalty, or both, rendered a judgment as provided by this Section, or may result in suspension of the person's drivers license for failure to complete a traffic education program or to pay fines or penalties, or both, for 10 or more parking violations under Section 6-306.5 or 5 or more automated traffic law violations under Section 11-208.6.

(6) A notice of impending drivers license suspension. This notice shall be sent to the person liable for failure to complete a required traffic education program or to pay any fine or penalty that remains due and owing, or both, on 10 or more parking violations or 5 or more unpaid automated traffic law violations. The notice shall state that failure to complete a required traffic education program or to pay the fine or penalty owing, or both, within 45 days of the notice's date will result in the municipality or county notifying the Secretary of State that the person is eligible for initiation of suspension proceedings under Section 6-306.5 of this Code. The notice shall also state that the person may obtain a photostatic copy of an original ticket imposing a fine or penalty by sending a self addressed, stamped envelope to the municipality or county along with a request for the photostatic copy. The notice of impending drivers license suspension shall be sent by first class United States mail, postage prepaid, to the address recorded with the Secretary of State or, if any notice to that address is returned as undeliverable, to the last known address recorded in a United States Post Office approved database.
(7) Final determinations of violation liability. A final determination of violation liability shall occur following failure to complete the required traffic education program or to pay the fine or penalty, or both, after a hearing officer's determination of violation liability and the exhaustion of or failure to exhaust any administrative review procedures provided by ordinance. Where a person fails to appear at a hearing to contest the alleged violation in the time and manner specified in a prior mailed notice, the hearing officer's determination of violation liability shall become final: (A) upon denial of a timely petition to set aside that determination, or (B) upon expiration of the period for filing the petition without a filing having been made.

(8) A petition to set aside a determination of parking, standing, compliance, or automated traffic law violation liability that may be filed by a person owing an unpaid fine or penalty. A petition to set aside a determination of liability may also be filed by a person required to complete a traffic education program. The petition shall be filed with and ruled upon by the traffic compliance administrator in the manner and within the time specified by ordinance. The grounds for the petition may be limited to: (A) the person not having been the owner or lessee of the cited vehicle on the date the violation notice was issued, (B) the person having already completed the required traffic education program or paid the fine or penalty, or both, for the violation in question, and (C) excusable failure to appear at or request a new date for a hearing. With regard to municipalities or counties with a population of 1 million or more, it shall be grounds for dismissal of a parking violation if the state registration number, or vehicle make if specified, is incorrect. After the determination of parking, standing, compliance, or automated traffic law violation liability has been set aside upon a showing of just cause, the registered owner shall be provided with a hearing on the merits for that violation.

(9) Procedures for non-residents. Procedures by which persons who are not residents of the municipality or county may contest the merits of the alleged violation without attending a hearing.

(10) A schedule of civil fines for violations of vehicular standing, parking, compliance, or automated traffic law regulations enacted by ordinance pursuant to this Section, and a schedule of

penalties for late payment of the fines or failure to complete required traffic education programs, provided, however, that the total amount of the fine and penalty for any one violation shall not exceed $250, except as provided in subsection (c) of Section 11-1301.3 of this Code.

(11) Other provisions as are necessary and proper to carry into effect the powers granted and purposes stated in this Section.

(c) Any municipality or county establishing vehicular standing, parking, compliance, or automated traffic law regulations under this Section may also provide by ordinance for a program of vehicle immobilization for the purpose of facilitating enforcement of those regulations. The program of vehicle immobilization shall provide for immobilizing any eligible vehicle upon the public way by presence of a restraint in a manner to prevent operation of the vehicle. Any ordinance establishing a program of vehicle immobilization under this Section shall provide:

(1) Criteria for the designation of vehicles eligible for immobilization. A vehicle shall be eligible for immobilization when the registered owner of the vehicle has accumulated the number of incomplete traffic education programs or unpaid final determinations of parking, standing, compliance, or automated traffic law violation liability, or both, as determined by ordinance.

(2) A notice of impending vehicle immobilization and a right to a hearing to challenge the validity of the notice by disproving liability for the incomplete traffic education programs or unpaid final determinations of parking, standing, compliance, or automated traffic law violation liability, or both, listed on the notice.

(3) The right to a prompt hearing after a vehicle has been immobilized or subsequently towed without the completion of the required traffic education program or payment of the outstanding fines and penalties on parking, standing, compliance, or automated traffic law violations, or both, for which final determinations have been issued. An order issued after the hearing is a final administrative decision within the meaning of Section 3-101 of the Code of Civil Procedure.

(4) A post immobilization and post-towing notice advising the registered owner of the vehicle of the right to a hearing to challenge the validity of the impoundment.

New matter indicated by italics - deletions by strikeout
(d) Judicial review of final determinations of parking, standing, compliance, or automated traffic law violations and final administrative decisions issued after hearings regarding vehicle immobilization and impoundment made under this Section shall be subject to the provisions of the Administrative Review Law.

(e) Any fine, penalty, incomplete traffic education program, or part of any fine or any penalty remaining unpaid after the exhaustion of, or the failure to exhaust, administrative remedies created under this Section and the conclusion of any judicial review procedures shall be a debt due and owing the municipality or county and, as such, may be collected in accordance with applicable law. Completion of any required traffic education program and payment in full of any fine or penalty resulting from a standing, parking, compliance, or automated traffic law violation shall constitute a final disposition of that violation.

(f) After the expiration of the period within which judicial review may be sought for a final determination of parking, standing, compliance, or automated traffic law violation, the municipality or county may commence a proceeding in the Circuit Court for purposes of obtaining a judgment on the final determination of violation. Nothing in this Section shall prevent a municipality or county from consolidating multiple final determinations of parking, standing, compliance, or automated traffic law violations against a person in a proceeding. Upon commencement of the action, the municipality or county shall file a certified copy or record of the final determination of parking, standing, compliance, or automated traffic law violation, which shall be accompanied by a certification that recites facts sufficient to show that the final determination of violation was issued in accordance with this Section and the applicable municipal or county ordinance. Service of the summons and a copy of the petition may be by any method provided by Section 2-203 of the Code of Civil Procedure or by certified mail, return receipt requested, provided that the total amount of fines and penalties for final determinations of parking, standing, compliance, or automated traffic law violations does not exceed $2500. If the court is satisfied that the final determination of parking, standing, compliance, or automated traffic law violation was entered in accordance with the requirements of this Section and the applicable municipal or county ordinance, and that the registered owner or the lessee, as the case may be, had an opportunity for an administrative hearing and for judicial review as provided in this Section, the court shall render judgment in favor of the municipality or county and against the registered

owner or the lessee for the amount indicated in the final determination of parking, standing, compliance, or automated traffic law violation, plus costs. The judgment shall have the same effect and may be enforced in the same manner as other judgments for the recovery of money.

(g) The fee for participating in a traffic education program under this Section shall not exceed $25.

A low-income individual required to complete a traffic education program under this Section who provides proof of eligibility for the federal earned income tax credit under Section 32 of the Internal Revenue Code or the Illinois earned income tax credit under Section 212 of the Illinois Income Tax Act shall not be required to pay any fee for participating in a required traffic education program.

PUBLIC ACT 96-1388
(Senate Bill No. 0459)

AN ACT concerning revenue.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Income Tax Act is amended by adding Section 502.1 as follows:

(35 ILCS 5/502.1 new)

Sec. 502.1. Use tax. Beginning with taxable years ending on or after December 31, 2010, individual purchasers with an annual use tax liability that does not exceed $600 may, in lieu of the filing and payment requirements of Section 10 of the Use Tax Act, file and pay in compliance with this Section.

Beginning with taxable years ending on or after December 31, 2010, the Department shall print on its standard individual income tax form a provision indicating that if the taxpayer's annual individual use tax liability does not exceed $600, he or she may report and pay individual use tax liability at the same time as his or her individual income tax liability. If the taxpayer elects to report and pay his or her individual use tax liability at the same time as his or her standard individual income tax liability in accordance with this Section, then the use tax shown due on the return may be (i) treated as being due at the same time as the income tax obligation, (ii) assessed, collected, and deposited in the same manner as income taxes, and (iii) treated as an income tax liability for all purposes.

The individual income tax return instructions shall include information explaining the tax imposed under the Use Tax Act and informing taxpayers how to report and pay their use tax obligations,
including specific information on how to report and pay individual use tax at the same time as the individual income tax return is filed.

This Section shall not apply to any amended return.

Section 10. The Use Tax Act is amended by changing Section 10 and by adding Section 10.5 as follows:

(35 ILCS 105/10) (from Ch. 120, par. 439.10)

Sec. 10. Except as to motor vehicles, aircraft, watercraft, and trailers, and except as to cigarettes as defined in the Cigarette Use Tax Act, when tangible personal property is purchased from a retailer for use in this State by a purchaser who did not pay the tax imposed by this Act to the retailer, and who does not file returns with the Department as a retailer under Section 9 of this Act, such purchaser (by the last day of the month following the calendar month in which such purchaser makes any payment upon the selling price of such property) shall, except as otherwise provided in this Section, file a return with the Department and pay the tax upon that portion of the selling price so paid by the purchaser during the preceding calendar month. When tangible personal property, including but not limited to motor vehicles and aircraft, is purchased by a lessor, under a lease for one year or longer, executed or in effect at the time of purchase to an interstate carrier for hire, who did not pay the tax imposed by this Act to the retailer, such lessor (by the last day of the month following the calendar month in which such property reverts to the use of such lessor) shall file a return with the Department and pay the tax upon the fair market value of such property on the date of such reversion. However, in determining the fair market value at the time of reversion, the fair market value of such property shall not exceed the original purchase price of the property that was paid by the lessor at the time of purchase. Such return shall be filed on a form prescribed by the Department and shall contain such information as the Department may reasonably require. Such return and payment from the purchaser shall be submitted to the Department sooner than the last day of the month after the month in which the purchase is made to the extent that that may be necessary in order to secure the title to a motor vehicle or the certificate of registration for an aircraft. However, except as to motor vehicles and aircraft, and except as to cigarettes as defined in the Cigarette Use Tax Act, if the purchaser's annual use tax liability does not exceed $600, the purchaser may file the return on an annual basis on or before April 15th of the year following the year use tax liability was incurred. Individual purchasers with an annual use tax liability that does not exceed $600 may, in lieu of the filing and payment

requirements in this Section, file and pay in compliance with Section 502.1 of the Illinois Income Tax Act.

If cigarettes, as defined in the Cigarette Use Tax Act, are purchased from a retailer for use in this State by a purchaser who did not pay the tax imposed by this Act to the retailer, and who does not file returns with the Department as a retailer under Section 9 of this Act, such purchaser must, within 30 days after acquiring the cigarettes, file a return with the Department and pay the tax upon that portion of the selling price so paid by the purchaser for the cigarettes.

In addition with respect to motor vehicles, aircraft, watercraft, and trailers, a purchaser of such tangible personal property for use in this State, who purchases such tangible personal property from an out-of-state retailer, shall file with the Department, upon a form to be prescribed and supplied by the Department, a return for each such item of tangible personal property purchased, except that if, in the same transaction, (i) a purchaser of motor vehicles, aircraft, watercraft, or trailers who is a retailer of motor vehicles, aircraft, watercraft, or trailers purchases more than one motor vehicle, aircraft, watercraft, or trailer for the purpose of resale or (ii) a purchaser of motor vehicles, aircraft, watercraft, or trailers purchases more than one motor vehicle, aircraft, watercraft, or trailer for use as qualifying rolling stock as provided in Section 3-55 of this Act, then the purchaser may report the purchase of all motor vehicles, aircraft, watercraft, or trailers involved in that transaction to the Department on a single return prescribed by the Department. Such return in the case of motor vehicles and aircraft must show the name and address of the seller, the name, address of purchaser, the amount of the selling price including the amount allowed by the retailer for traded in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 2 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the purchaser with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance if that is claimed to be the fact); the place and date of the sale, a sufficient identification of the property sold, and such other information as the Department may reasonably require.

Such return shall be filed not later than 30 days after such motor vehicle or aircraft is brought into this State for use.
For purposes of this Section, "watercraft" means a Class 2, Class 3, or Class 4 watercraft as defined in Section 3-2 of the Boat Registration and Safety Act, a personal watercraft, or any boat equipped with an inboard motor.

The return and tax remittance or proof of exemption from the tax that is imposed by this Act may be transmitted to the Department by way of the State agency with which, or State officer with whom, the tangible personal property must be titled or registered (if titling or registration is required) if the Department and such agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

With each such return, the purchaser shall remit the proper amount of tax due (or shall submit satisfactory evidence that the sale is not taxable if that is the case), to the Department or its agents, whereupon the Department shall issue, in the purchaser's name, a tax receipt (or a certificate of exemption if the Department is satisfied that the particular sale is tax exempt) which such purchaser may submit to the agency with which, or State officer with whom, he must title or register the tangible personal property that is involved (if titling or registration is required) in support of such purchaser's application for an Illinois certificate or other evidence of title or registration to such tangible personal property.

When a purchaser pays a tax imposed by this Act directly to the Department, the Department (upon request therefor from such purchaser) shall issue an appropriate receipt to such purchaser showing that he has paid such tax to the Department. Such receipt shall be sufficient to relieve the purchaser from further liability for the tax to which such receipt may refer.

A user who is liable to pay use tax directly to the Department only occasionally and not on a frequently recurring basis, and who is not required to file returns with the Department as a retailer under Section 9 of this Act, or under the "Retailers' Occupation Tax Act", or as a registrant with the Department under the "Service Occupation Tax Act" or the "Service Use Tax Act", need not register with the Department. However, if such a user has a frequently recurring direct use tax liability to pay to the Department, such user shall be required to register with the Department on forms prescribed by the Department and to obtain and display a certificate of registration from the Department. In that event, all of the provisions of Section 9 of this Act concerning the filing of regular monthly, quarterly or annual tax returns and all of the provisions of Section 2a of the "Retailers'
Occupation Tax Act concerning the requirements for registrants to post bond or other security with the Department, as the provisions of such sections now exist or may hereafter be amended, shall apply to such users to the same extent as if such provisions were included herein.

(b) The board of commissioners may impose a County Water Commission Retailers' Occupation Tax upon all persons engaged in the business of selling tangible personal property at retail in the territory of the commission at a rate of 1/4% of the gross receipts from the sales made in the course of such business within the territory. The tax imposed under this paragraph and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The Department shall have full power to administer and enforce this paragraph; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with, this paragraph, the Department and persons who are subject to this paragraph shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions and definitions of terms, and employ the same modes of procedure, as are prescribed in Sections 1, 1a, 1a-1, 1c, 1d, 1e, 1f, 1i, 1j, 2 through 2-65 (in respect to all provisions therein other than the State rate of tax except that food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food that has been prepared for immediate consumption) and prescription and nonprescription medicine, drugs, medical appliances and insulin, urine testing materials, syringes, and needles used by diabetics, for human use, shall not be subject to tax hereunder), 2c, 3 (except as to the disposition of taxes and penalties collected), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 7, 8, 9, 10, 11, 12 and 13 of the Retailers' Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Whenever the Department determines that a refund should be made under this paragraph to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of a county water commission tax fund established under paragraph (g) of this Section.

If a tax is imposed under this subsection (b) a tax shall also be imposed under subsections (c) and (d) of this Section.

No tax shall be imposed or collected under this subsection on the sale of a motor vehicle in this State to a resident of another state if that motor vehicle will not be titled in this State.

The tax rate shall be 1/4% of the selling price of tangible personal property so transferred within the territory. The tax imposed under this paragraph and all civil penalties that may be assessed as an incident thereof shall be collected and
enforced by the State Department of Revenue. The Department shall have
full power to administer and enforce this paragraph; to collect all taxes and
penalties due hereunder; to dispose of taxes and penalties so collected in
the manner hereinafter provided; and to determine all rights to credit
memoranda arising on account of the erroneous payment of tax or penalty
hereunder. In the administration of, and compliance with, this paragraph,
the Department and persons who are subject to this paragraph shall have
the same rights, remedies, privileges, immunities, powers and duties, and
be subject to the same conditions, restrictions, limitations, penalties,
exclusions, exemptions and definitions of terms, and employ the same
modes of procedure, as are prescribed in Sections 1a-1, 2 (except that the

those provisions were set forth herein.

Persons subject to any tax imposed under the authority granted in
this paragraph may reimburse themselves for their serviceman's tax
liability hereunder by separately stating the tax as an additional charge,
which charge may be stated in combination, in a single amount, with State
tax that servicemen are authorized to collect under the Service Use Tax
Act, and any tax for which servicemen may be liable under subsection (f)
of Sec. 4.03 of the Regional Transportation Authority Act, in accordance
with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this paragraph to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of a county water commission tax fund established under paragraph (g) of this Section.

Nothing in this paragraph shall be construed to authorize a county water commission to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by the State.

(d) If a tax has been imposed under subsection (b), a tax shall also imposed upon the privilege of using, in the territory of the commission, any item of tangible personal property that is purchased outside the territory at retail from a retailer, and that is titled or registered with an agency of this State's government, at a rate of 1/4% of the selling price of the tangible personal property within the territory, as "selling price" is defined in the Use Tax Act. The tax shall be collected from persons whose Illinois address for titling or registration purposes is given as being in the territory. The tax shall be collected by the Department of Revenue for a county water commission. The tax must be paid to the State, or an exemption determination must be obtained from the Department of Revenue, before the title or certificate of registration for the property may be issued. The tax or proof of exemption may be transmitted to the Department by way of the State agency with which, or the State officer with whom, the tangible personal property must be titled or registered if the Department and the State agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

The Department shall have full power to administer and enforce this paragraph; to collect all taxes, penalties and interest due hereunder; to dispose of taxes, penalties and interest so collected in the manner hereinafter provided; and to determine all rights to credit memoranda or refunds arising on account of the erroneous payment of tax, penalty or interest hereunder. Whenever the Department determines that a refund should be made under this paragraph to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of a county water commission tax fund established under paragraph (g) of this Section.

(e) A certificate of registration issued by the State Department of Revenue to a retailer under the Retailers' Occupation Tax Act or under the Service Occupation Tax Act shall permit the registrant to engage in a business that is taxed under the tax imposed under paragraphs (b), (c) or (d) of this Section and no additional registration shall be required under the tax. A certificate issued under the Use Tax Act or the Service Use Tax Act shall be applicable with regard to any tax imposed under paragraph (c) of this Section.

(f) Any ordinance imposing or discontinuing any tax under this Section shall be adopted and a certified copy thereof filed with the Department on or before June 1, whereupon the Department of Revenue shall proceed to administer and enforce this Section on behalf of the county water commission as of September 1 next following the adoption and filing. Beginning January 1, 1992, an ordinance or resolution imposing or discontinuing the tax hereunder shall be adopted and a certified copy thereof filed with the Department on or before the first day of July, whereupon the Department shall proceed to administer and enforce this

(g) The State Department of Revenue shall, upon collecting any taxes as provided in this Section, pay the taxes over to the State Treasurer as trustee for the commission. The taxes shall be held in a trust fund outside the State Treasury. On or before the 25th day of each calendar month, the State Department of Revenue shall prepare and certify to the Comptroller of the State of Illinois the amount to be paid to the commission, which shall be the then balance in the fund, less any amount determined by the Department to be necessary for the payment of refunds. Within 10 days after receipt by the Comptroller of the certification of the amount to be paid to the commission, the Comptroller shall cause an order to be drawn for the payment for the amount in accordance with the direction in the certification.

(h) Beginning June 1, 2016, any tax imposed pursuant to this Section may no longer be imposed or collected, unless a continuation of the tax is approved by the voters at a referendum as set forth in this Section.

In the application for an owners license, the applicant shall state the dock at which the riverboat is based and the water on which the riverboat will be located. The Board shall issue 5 licenses to become effective not earlier than January 1, 1991. Three of such licenses shall authorize riverboat gambling on the Mississippi River, or, with approval by the municipality in which the riverboat was docked on August 7, 2003 and with Board approval, be authorized to relocate to a new location, in a municipality that (1) borders on the Mississippi River or is within 5 miles of the city limits of a municipality that borders on the Mississippi River and (2), on August 7, 2003, had a riverboat conducting riverboat gambling operations pursuant to a license issued under this Act; one of which shall authorize riverboat gambling from a home dock in the city of East St. Louis. (f) The first 10 owners licenses issued under this Act shall permit the holder to own up to 2 riverboats and equipment thereon for a period of 3 years after the effective date of the license. Holders of the first 10 owners licenses must pay the annual license fee for each of the 3 years during which they are authorized to own riverboats.

(g) Upon the termination, expiration, or revocation of each of the first 10 licenses, which shall be issued for a 3 year period, all licenses are renewable annually upon payment of the fee and a determination by the Board that the licensee continues to meet all of the requirements of this Act and the Board's rules. However, for licenses renewed on or after May 1, 1998, renewal shall be for a period of 4 years, unless the Board sets a shorter period.

A licensee may operate both of its riverboats concurrently, provided that the total number of gambling participants on both riverboats does not exceed 1,200. 4. have demonstrated a level of skill or knowledge which the Board determines to be necessary in order to operate gambling aboard a riverboat; and

Furthermore, such rules shall
provide that each such entity shall be permitted to manage gambling operations for only one licensed owner.

(b) Each application for an occupational license shall be on forms prescribed by the Board and shall contain all information required by the Board. The applicant shall set forth in the application: whether he has been issued prior gambling related licenses; whether he has been licensed in any other state under any other name, and, if so, such name and his age; and whether or not a permit or license issued to him in any other state has been suspended, restricted or revoked, and, if so, for what period of time.

(c) Each applicant shall submit with his application, on forms provided by the Board, 2 sets of his fingerprints. The Board shall charge each applicant a fee set by the Department of State Police to defray the costs associated with the search and classification of fingerprints obtained by the Board with respect to the applicant's application. These fees shall be paid into the State Police Services Fund.

(d) The Board may in its discretion refuse an occupational license to any person: (1) who is unqualified to perform the duties required of such applicant; (2) who fails to disclose or states falsely any information called for in the application; (3) who has been found guilty of a violation of this Act or whose prior gambling related license or application therefor has been suspended, restricted, revoked or denied for just cause in any other state; or (4) for any other just cause.

(e) The Board may suspend, revoke or restrict any occupational licensee: (1) for violation of any provision of this Act; (2) for violation of any of the rules and regulations of the Board; (3) for any cause which, if known to the Board, would have disqualified the applicant from receiving such license; or (4) for default in the payment of any obligation or debt due to the State of Illinois; or (5) for any other just cause.

Sec. 11. Conduct of gambling. Gambling may be conducted by licensed owners or licensed managers on behalf of the State aboard riverboats, subject to the following standards:

(1) A licensee may conduct riverboat gambling authorized under this Act regardless of whether it conducts excursion cruises. A licensee may permit the continuous ingress and egress of passengers on a riverboat not used for excursion cruises for the purpose of gambling. Excursion cruises shall not exceed 4 hours for a round trip. However, the Board may grant express approval for an extended cruise on a case-by-case basis.

(2) (Blank).

(3) Minimum and maximum wagers on games shall be set by the licensee.

(4) Agents of the Board and the Department of State Police may board and inspect any riverboat at any time for the purpose of determining whether this Act is being complied with. Every riverboat, if under way and being hailed by a law enforcement officer or agent of the Board, must stop immediately and lay to.

(5) Employees of the Board shall have the right to be present on the riverboat or on adjacent facilities under the control of the licensee.

(6) Gambling equipment and supplies customarily used in conducting riverboat gambling must be purchased or leased only from suppliers licensed for such purpose under this Act. The Board may approve the transfer, sale, or lease of gambling equipment and supplies by a licensed owner from or to an affiliate of the licensed owner as long as the gambling equipment and supplies were initially acquired from a supplier licensed in Illinois.

(7) Persons licensed under this Act shall permit no form of wagering on gambling games except as permitted by this Act.

(8) Wagers may be received only from a person present on a licensed riverboat. No person present on a licensed riverboat shall place or attempt to place a wager on behalf of another person who is not present on the riverboat.

(9) Wagering shall not be conducted with money or other negotiable currency.

(10) A person under age 21 shall not be permitted on an area of a riverboat where gambling is being conducted, except for a person at least 18 years of age who is an employee of the riverboat gambling operation. No employee under age 21 shall perform any function involved in gambling by the patrons. No person under age 21 shall be permitted to make a wager under this Act, and any winnings that are a result of a wager by a person under age 21, whether or not paid by a licensee, shall be treated as winnings for the privilege tax purposes, confiscated, and forfeited to the State and deposited into the Education Assistance Fund.

(11) Gambling excursion cruises are permitted only when the waterway for which the riverboat is licensed is navigable, as determined by the Board in consultation with the U.S. Army Corps of Engineers. This paragraph (11) does not limit the ability of a licensee to conduct gambling authorized under this Act when gambling excursion cruises are not permitted.

(12) All tokens, chips or electronic cards used to make wagers must be purchased from a licensed owner or manager either aboard a riverboat or at an onshore facility which has been approved by the Board and which is located where the riverboat docks. The tokens, chips or electronic cards may be purchased by means of an agreement under which the owner or manager extends credit to the patron. Such tokens, chips or electronic cards may be used while aboard the riverboat only for the purpose of making wagers on gambling games.

(13) Notwithstanding any other Section of this Act, in addition to the other licenses authorized under this Act, the Board may issue special event licenses allowing persons who are not otherwise licensed to conduct riverboat gambling to conduct such gambling on a specified date or series of dates. Riverboat gambling under such a license may take place on a riverboat not normally used for riverboat gambling. The Board shall establish standards, fees and fines for, and limitations upon, such licenses, which may differ from the standards, fees, fines and limitations otherwise applicable under this Act. All such fees shall be deposited into the State Gaming Fund. All such fines shall be deposited into the

An amount equal to the amount of wagering taxes collected under this subsection (a-3) that are in addition to the amount of wagering taxes that would have been collected if the wagering tax rates under subsection (a-2) were in effect shall be paid into the Common School Fund.

The privilege tax imposed under this subsection (a-3) shall no longer be imposed beginning on the earlier of (i) July 1, 2005; (ii) the first date after June 20, 2003 that riverboat gambling operations are conducted pursuant to a dormant license; or (iii) the first day that riverboat gambling operations are conducted under the authority of an owners license that is in addition to the 10 owners licenses initially authorized under this Act. For the purposes of this subsection (a-3), the term "dormant license" means an owners license that is authorized by this Act under which no riverboat gambling operations are being conducted on June 20, 2003.

(a-4) Beginning on the first day on which the tax imposed under subsection (a-3) is no longer imposed, a privilege tax is imposed on persons engaged in the business of conducting riverboat gambling operations, other than licensed managers conducting riverboat gambling operations on behalf of the State, based on the adjusted gross receipts received by a licensed owner from gambling games authorized under this Act at the following rates:

(a-8) Riverboat gambling operations conducted by a licensed manager on behalf of the State are not subject to the tax imposed under this Section.

(a-10) The taxes imposed by this Section shall be paid by the licensed owner to the Board not later than 5:00 o'clock p.m. of the day after the day when the wagers were made.

(a-15) If the privilege tax imposed under subsection (a-3) is no longer imposed pursuant to item (i) of the last paragraph of subsection (a-3), then by June 15 of each year, each owners licensee, other than an owners licensee that admitted 1,000,000 persons or fewer in calendar year 2004, must, in addition to the payment of all amounts otherwise due under this Section, pay to the Board a reconciliation payment in the amount, if any, by which the licensed owner's base amount exceeds the amount of net privilege tax paid by the licensed owner to the Board in the then current State fiscal year. A licensed owner's net privilege tax obligation due for the balance of the State fiscal year shall be reduced up to the total of the amount paid by the licensed owner in its June 15 reconciliation payment. The obligation imposed by this subsection (a-15) is binding on any person, firm, corporation, or other entity that acquires an ownership interest in any such owners license. The obligation imposed under this subsection (a-15) terminates on the earliest of: (i) July 1, 2007, (ii) the first day after the effective date of this amendatory Act of the 94th General Assembly that riverboat gambling operations are conducted pursuant to a dormant license, (iii) the first day that riverboat gambling operations are conducted under the authority of an owners license that is in addition to the 10 owners licenses initially authorized under this Act, or (iv) the first day that a licensee under the Illinois Horse Racing Act of 1975 conducts gaming operations.
operations with slot machines or other electronic gaming devices. The Board must reduce the obligation imposed under this subsection (a-15) by an amount the Board deems reasonable for any of the following reasons: (A) an act or acts of God, (B) an act of bioterrorism or terrorism or a bioterrorism or terrorism threat that was investigated by a law enforcement agency, or (C) a condition beyond the control of the owners licensee that does not result from any act or omission by the owners licensee or any of its agents and that poses a hazardous threat to the health and safety of patrons. If an owners licensee pays an amount in excess of its liability under this Section, the Board shall apply the overpayment to future payments required under this Section.

For purposes of this subsection (a-15):
"Act of God" means an incident caused by the operation of an extraordinary force that cannot be foreseen, that cannot be avoided by the exercise of due care, and for which no person can be held liable.
"Base amount" means the following:
- For a riverboat in Alton, $31,000,000.
- For a riverboat in East Peoria, $43,000,000.
- For the Empress riverboat in Joliet, $86,000,000.

- For a riverboat in East St. Louis, $48,500,000.
- For a riverboat in Elgin, $198,000,000.

"Dormant license" has the meaning ascribed to it in subsection (a-3).
"Net privilege tax" means all privilege taxes paid by a licensed owner to the Board under this Section, less all payments made from the State Gaming Fund pursuant to subsection (b) of this Section.

The changes made to this subsection (a-15) by Public Act 94-839 are intended to restate and clarify the intent of Public Act 94-673 with respect to the amount of the payments required to be made under this subsection by an owners licensee to the Board.

(b) Until January 1, 1998, 25% of the tax revenue deposited in the State Gaming Fund under this Section shall be paid, subject to appropriation by the General Assembly, to the unit of local government which is designated as the home dock of the riverboat. Beginning January 1, 1998, from the tax revenue deposited in the State Gaming Fund under this Section, an amount equal to 5% of adjusted gross receipts generated

It is hereby found and declared: This Division 74.3 may be cited as the Business District Development and Redevelopment Law.

It is hereby found and declared:

(1) It is may be considered essential to the economic and social welfare of each municipality that business districts be developed,
redeveloped, improved, maintained, and revitalized, that jobs and opportunity for employment be created within the municipality, and that, if blighting conditions are present, blighting conditions be eradicated by assuring opportunities for development or redevelopment, encouraging private investment, and attracting sound and stable business and commercial growth. It is further found and determined that as a result of economic conditions unfavorable to the creation, development, improvement, maintenance, and redevelopment of certain business and commercial areas within municipalities opportunities for private investment and sound and stable commercial growth have been and will continue to be negatively impacted and business and commercial areas within many municipalities have deteriorated and will continue to deteriorate, thereby causing a serious menace to the health, safety, morals, and general welfare of the people of the entire State, unemployment, a decline in tax revenues, excessive and disproportionate expenditure of public funds, inadequate public and private investment, the unmarketability of property, and the growth of delinquencies and crime. In order to reduce threats to and to promote and protect the health, safety, morals, and welfare of the public and to provide incentives which will create employment and job opportunities, will retain commercial businesses in the State and related job opportunities and will eradicate blighting conditions if blighting conditions are present, and for the relief of unemployment and the maintenance of existing levels of employment, it is essential that plans for business districts be created and implemented and that business districts be created, developed, improved, maintained, and redeveloped.

(2) The creation, development, improvement, maintenance, and redevelopment of business districts will stimulate economic activity in the State, create and maintain jobs, increase tax revenues, encourage the creation of new and lasting infrastructure, other improvements, and facilities, and cause the attraction and retention of businesses and commercial enterprises which generate economic activity and services and increase the general tax base, including, but not limited to, increased retail sales, hotel or restaurant sales, manufacturing sales, or entertainment industry sales, thereby increasing employment and economic growth.

(3) It is hereby declared to be the policy of the State, in the interest of promoting the health, safety, morals, and general welfare of all the people of the State, to provide incentives which will create new job opportunities.
opportunities and retain existing commercial businesses within the State and related job opportunities, and it is further determined and declared that the relief of conditions of unemployment, the maintenance of existing levels of employment, the creation of new job opportunities, the retention of existing commercial businesses, the increase of industry and commerce within the State, the reduction of the evils attendant upon unemployment, and the increase and maintenance of the tax base of the State and its political subdivisions are public purposes and for the public safety, benefit, and welfare of the residents of this State.

(4) The exercise of the powers provided in this Law is dedicated to the promotion of the public interest, to the enhancement of the tax base within business districts, municipalities, and the State and its political subdivisions, the creation of employment, and the eradication of blight, if present within the business district, and the use of such powers for the creation, development, improvement, maintenance, and redevelopment of business districts of a municipality is hereby declared to be for the public safety, benefit, and welfare of the residents of the State and essential to the public interest and declared to be for public purposes.

(2) Such a result should conform with a comprehensive plan of the municipality and a specific plan for business districts officially approved by the corporate authorities of the municipality after public hearings.

(3) The exercise of the powers provided in this Division is dedicated to the promotion of the public interest and to the enhancement of the tax base of business districts, and the use of such powers for the development and redevelopment of business districts of a municipality is hereby declared to be a public use essential to the public interest.

The corporate authorities of the municipality shall deposit the proceeds of the taxes imposed under subsections (11) and (12) of Section 11-74.3-3(b), (c), and (d) into a special fund held by the corporate authorities of the municipality called the "[Name of] Business District Tax Allocation Fund" for the purpose of paying or reimbursing business district project costs and obligations incurred in the payment of those costs.

(b) The corporate authorities of a municipality that has designated established a business district under this Law Division 74.3 may, by ordinance or resolution, impose a Business District Retailers' Occupation Tax upon all persons engaged in the business of selling tangible personal property, other than an item of tangible personal property titled or registered with an agency of this State's government, at retail in the business district at a rate not to exceed 1% of the gross receipts from the sales made in the course of such business, to be imposed only in 0.25% increments. The tax may not be imposed on food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food that has been prepared for immediate consumption), prescription and nonprescription medicines, drugs, medical appliances, modifications to a motor vehicle for the purpose of rendering it usable by a disabled person, and insulin, urine testing materials, syringes, and needles used by diabetics, for human use.

The tax imposed under this subsection and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the Department of Revenue. The certificate of registration that is issued by the Department to a retailer under the Retailers' Occupation Tax Act shall permit the retailer to engage in a business that is taxable under any ordinance or resolution enacted pursuant to this subsection without registering separately with the Department under such ordinance or resolution or under this subsection. The Department of Revenue shall have full power to administer and enforce this subsection; to collect all taxes and penalties due under this subsection in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty under this subsection. In the administration of, and compliance with, this subsection, the Department and persons who are subject to this subsection shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the

same conditions, restrictions, limitations, penalties, exclusions, exemptions, and definitions of terms and employ the same modes of procedure, as are prescribed in Sections 1, 1a through 1o, 2 through 2-65 (in respect to all provisions therein other than the State rate of tax), 2c through 2h, 3 (except as to the disposition of taxes and penalties collected), 4, 5, 5a, 5c, 5d, 5e, 5f, 5g, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 7, 8, 9, 10, 11, 12, 13, and 14 of the Retailers' Occupation Tax Act and all provisions of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under this subsection may reimburse themselves for their seller's tax liability under this subsection by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State taxes that sellers are required to collect under the Use Tax Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this subsection to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the business district retailers' occupation tax fund.

The Department shall immediately pay over to the State Treasurer, ex officio, as trustee, all taxes, penalties, and interest collected under this subsection for deposit into the business district retailers' occupation tax fund. On or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to named municipalities from the business district retailers' occupation tax fund, the municipalities to be those from which retailers have paid taxes or penalties under this subsection to the Department during the second preceding calendar month. The amount to be paid to each municipality shall be the amount (not including credit memoranda) collected under this subsection during the second preceding calendar month by the Department plus an amount the Department determines is necessary to offset any amounts that were erroneously paid to a different taxing body, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department, less 2% of that amount, which shall be deposited into the Tax Compliance and Administration Fund and shall be used by the Department, subject to

appropriation, to cover the costs of the Department in administering and enforcing the provisions of this subsection, on behalf of such municipality, and not including any amount that the Department determines is necessary to offset any amounts that were payable to a different taxing body but were erroneously paid to the municipality. Within 10 days after receipt by the Comptroller of the disbursement certification to the municipalities provided for in this subsection to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in the certification. The proceeds of the tax paid to municipalities under this subsection shall be deposited into the Business District Tax Allocation Fund by the municipality.

An ordinance or resolution imposing or discontinuing the tax under this subsection or effecting a change in the rate thereof shall either (i) be adopted and a certified copy thereof filed with the Department on or before the first day of April, whereupon the Department, if all other requirements of this subsection are met, shall proceed to administer and enforce this subsection as of the first day of July next following the adoption and filing; or (ii) be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon, if all other requirements of this subsection are met, the Department shall proceed to administer and enforce this subsection as of the first day of January next following the adoption and filing.

The Department of Revenue shall not administer or enforce an ordinance imposing, discontinuing, or changing the rate of the tax under this subsection, until the municipality also provides, in the manner prescribed by the Department, the boundaries of the business district and each address in the business district in such a way that the Department can determine by its address whether a business is located in the business district. The municipality must provide this boundary and address information to the Department on or before April 1 for administration and enforcement of the tax under this subsection by the Department beginning on the following July 1 and on or before October 1 for administration and enforcement of the tax under this subsection by the Department beginning on the following January 1. The Department of Revenue shall not administer or enforce any change made to the boundaries of a business district or address change, addition, or deletion until the municipality reports the boundary change or address change, addition, or deletion to the Department in the manner prescribed by the Department. The

municipality must provide this boundary change information to the Department on or before April 1 for administration and enforcement by the Department of the change beginning on the following July 1 and on or before October 1 for administration and enforcement by the Department of the change beginning on the following January 1. The retailers in the business district shall be responsible for charging the tax imposed under this subsection. If a retailer is incorrectly included or excluded from the list of those required to collect the tax under this subsection, both the Department of Revenue and the retailer shall be held harmless if they reasonably relied on information provided by the municipality.

A municipality that imposes the tax under this subsection must submit to the Department of Revenue any other information as the Department may require for the administration and enforcement of the tax.

When certifying the amount of a monthly disbursement to a municipality under this subsection, the Department shall increase or decrease the amount by an amount necessary to offset any misallocation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the previous 6 months from the time a misallocation is discovered.

Nothing in this subsection shall be construed to authorize the municipality to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by this State.

If a tax is imposed under this subsection (b), a tax shall also be imposed under subsection (c) of this Section.

(c) If a tax has been imposed under subsection (b), a Business District Service Occupation Tax shall also be imposed upon all persons engaged, in the business district, in the business of making sales of service, who, as an incident to making those sales of service, transfer tangible personal property within the business district, either in the form of tangible personal property or in the form of real estate as an incident to a sale of service. The tax shall be imposed at the same rate as the tax imposed in subsection (b) and shall not exceed 1% of the selling price of tangible personal property so transferred within the business district, to be imposed only in 0.25% increments. The tax may not be imposed on food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food that has been prepared for immediate consumption), prescription and nonprescription medicines, drugs, medical appliances, modifications to a motor vehicle for

the purpose of rendering it usable by a disabled person, and insulin, urine testing materials, syringes, and needles used by diabetics, for human use.

The tax imposed under this subsection and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the Department of Revenue. The certificate of registration which is issued by the Department to a retailer under the Retailers’ Occupation Tax Act or under the Service Occupation Tax Act shall permit such registrant to engage in a business which is taxable under any ordinance or resolution enacted pursuant to this subsection without registering separately with the Department under such ordinance or resolution or under this subsection. The Department of Revenue shall have full power to administer and enforce this subsection; to collect all taxes and penalties due under this subsection; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty under this subsection. In the administration of, and compliance with this subsection, the Department and persons who are subject to this subsection shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions, and definitions of terms and employ the same modes of procedure as are prescribed in Sections 2, 2a through 2d, 3 through 3-50 (in respect to all provisions therein other than the State rate of tax), 4 (except that the reference to the State shall be to the business district), 5, 7, 8 (except that the jurisdiction to which the tax shall be a debt to the extent indicated in that Section 8 shall be the municipality), 9 (except as to the disposition of taxes and penalties collected, and except that the returned merchandise credit for this tax may not be taken against any State tax), 10, 11, 12 (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State shall mean the municipality), the first paragraph of Section 15, and Sections 16, 17, 18, 19 and 20 of the Service Occupation Tax Act and all provisions of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their serviceman's tax liability hereunder by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax that servicemen are authorized to collect under the Service Use Tax

Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this subsection to a claimant instead of issuing credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named, in such notification from the Department. Such refund shall be paid by the State Treasurer out of the business district retailers' occupation tax fund.

The Department shall forthwith pay over to the State Treasurer, ex-officio, as trustee, all taxes, penalties, and interest collected under this subsection for deposit into the business district retailers' occupation tax fund. On or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to named municipalities from the business district retailers' occupation tax fund, the municipalities to be those from which suppliers and servicemen have paid taxes or penalties under this subsection to the Department during the second preceding calendar month. The amount to be paid to each municipality shall be the amount (not including credit memoranda) collected under this subsection during the second preceding calendar month by the Department, less 2% of that amount, which shall be deposited into the Tax Compliance and Administration Fund and shall be used by the Department, subject to appropriation, to cover the costs of the Department in administering and enforcing the provisions of this subsection, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of such municipality. Within 10 days after receipt, by the Comptroller, of the disbursement certification to the municipalities, provided for in this subsection to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in such certification. The proceeds of the tax paid to municipalities under this subsection shall be deposited into the Business District Tax Allocation Fund by the municipality.

An ordinance or resolution imposing or discontinuing the tax under this subsection or effecting a change in the rate thereof shall either (i) be adopted and a certified copy thereof filed with the Department on or before the first day of April, whereupon the Department, if all other requirements of this subsection are met, shall proceed to administer and enforce this subsection as of the first day of July next following the adoption and
filing; or (ii) be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon, if all other conditions of this subsection are met, the Department shall proceed to administer and enforce this subsection as of the first day of January next following the adoption and filing.

The Department of Revenue shall not administer or enforce an ordinance imposing, discontinuing, or changing the rate of the tax under this subsection, until the municipality also provides, in the manner prescribed by the Department, the boundaries of the business district in such a way that the Department can determine by its address whether a business is located in the business district. The municipality must provide this boundary and address information to the Department on or before April 1 for administration and enforcement of the tax under this subsection by the Department beginning on the following July 1 and on or before October 1 for administration and enforcement of the tax under this subsection by the Department beginning on the following January 1. The Department of Revenue shall not administer or enforce any change made to the boundaries of a business district or address change, addition, or deletion until the municipality reports the boundary change or address change, addition, or deletion to the Department in the manner prescribed by the Department. The municipality must provide this boundary change information or address change, addition, or deletion to the Department on or before April 1 for administration and enforcement by the Department of the change beginning on the following July 1 and on or before October 1 for administration and enforcement by the Department of the change beginning on the following January 1. The retailers in the business district shall be responsible for charging the tax imposed under this subsection. If a retailer is incorrectly included or excluded from the list of those required to collect the tax under this subsection, both the Department of Revenue and the retailer shall be held harmless if they reasonably relied on information provided by the municipality.

A municipality that imposes the tax under this subsection must submit to the Department of Revenue any other information as the Department may require for the administration and enforcement of the tax.

Nothing in this subsection shall be construed to authorize the municipality to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by the State.

If a tax is imposed under this subsection (c), a tax shall also be imposed under subsection (b) of this Section.

(d) By ordinance, a municipality that has designated established a business district under this Law Division 74.3 may impose an occupation tax upon all persons engaged in the business district in the business of renting, leasing, or letting rooms in a hotel, as defined in the Hotel Operators' Occupation Tax Act, at a rate not to exceed 1% of the gross rental receipts from the renting, leasing, or letting of hotel rooms within the business district, to be imposed only in 0.25% increments, excluding, however, from gross rental receipts the proceeds of renting, leasing, or letting to permanent residents of a hotel, as defined in the Hotel Operators' Occupation Tax Act, and proceeds from the tax imposed under subsection (c) of Section 13 of the Metropolitan Pier and Exposition Authority Act.

The tax imposed by the municipality under this subsection and all civil penalties that may be assessed as an incident to that tax shall be collected and enforced by the municipality imposing the tax. The municipality shall have full power to administer and enforce this subsection, to collect all taxes and penalties due under this subsection, to dispose of taxes and penalties so collected in the manner provided in this subsection, and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty under this subsection. In the administration of and compliance with this subsection, the municipality and persons who are subject to this subsection shall have the same rights, remedies, privileges, immunities, powers, and duties, shall be subject to the same conditions, restrictions, limitations, penalties, and definitions of terms, and shall employ the same modes of procedure as are employed with respect to a tax adopted by the municipality under Section 8-3-14 of this Code.

Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their tax liability for that tax by separately stating that tax as an additional charge, which charge may be stated in combination, in a single amount, with State taxes imposed under the Hotel Operators' Occupation Tax Act, and with any other tax.

Nothing in this subsection shall be construed to authorize a municipality to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by this State.

The proceeds of the tax imposed under this subsection shall be deposited into the Business District Tax Allocation Fund.

(e) Obligations secured by the Business District Tax Allocation Fund may be issued to provide for the payment or reimbursement of business district project costs. Those obligations, when so issued, issued pursuant to subsection (14) of Section 11-74.3-3 shall be retired in the manner provided in the ordinance authorizing the issuance of those obligations by the receipts of taxes imposed pursuant to subsections (11) and (12) of Section 11-74.3-3 and by other revenue designated or pledged by the municipality. A municipality may in the ordinance pledge, for any period of time up to and including the dissolution date, all or any part of the funds in and to be deposited in the Business District Tax Allocation Fund to the payment of business district project costs and obligations. Whenever a municipality pledges all of the funds to the credit of a business district tax allocation fund to secure obligations issued or to be issued to pay or reimburse business district project costs, the municipality may specifically provide that funds remaining to the credit of such business district tax allocation fund after the payment of such obligations shall be accounted for annually and shall be deemed to be "surplus" funds, and such "surplus" funds shall be expended by the municipality for any business district project cost as approved in the business district plan. Whenever a municipality pledges less than all of the monies to the credit of a business district tax allocation fund to secure obligations issued or to be issued to pay or reimburse business district project costs, the municipality shall provide that monies to the credit of the business district tax allocation fund and not subject to such pledge or otherwise encumbered or required for payment of contractual obligations for specific business district project costs shall be calculated annually and shall be deemed to be "surplus" funds, and such "surplus" funds shall be expended by the municipality for any business district project cost as approved in the business district plan.

Obligations issued pursuant to subsection (14) of Section 11-74.3-3 may be sold at public or private sale at a price determined by the corporate authorities of the municipality and no referendum approval of the electors shall be required as a condition to the issuance of those obligations. The ordinance authorizing the obligations may require that the obligations contain a recital that they are issued pursuant to subsection (14) of Section 11-74.3-3 and this recital shall be conclusive evidence of their validity and of the regularity of their issuance. The corporate authorities of the municipality may also issue its obligations to refund, in whole or in part, obligations

previously issued by the municipality under the authority of this Code, whether at or prior to maturity. All obligations issued pursuant to subsection (14) of Section 11-74.3-3 shall not be regarded as indebtedness of the municipality issuing the obligations for the purpose of any limitation imposed by law.

No obligation issued pursuant to this Law and secured by a pledge of all or any portion of any revenues received or to be received by the municipality from the imposition of taxes pursuant to subsection (11) of Section 11-74.3-3, shall be deemed to constitute an economic incentive agreement under Section 8-11-20, notwithstanding the fact that such pledge provides for the sharing, rebate, or payment of retailers' occupation taxes or service occupation taxes imposed pursuant to subsection (11) of Section 11-74.3-3 and received or to be received by the municipality from the development or redevelopment of properties in the business district.

Without limiting the foregoing in this Section, the municipality may further secure obligations secured by the business district tax allocation fund with a pledge, for a period not greater than the term of the obligations and in any case not longer than the dissolution date, of any part or any combination of the following: (i) net revenues of all or part of any business district project; (ii) taxes levied or imposed by the municipality on any or all property in the municipality, including, specifically, taxes levied or imposed by the municipality in a special service area pursuant to the Special Service Area Tax Law; (iii) the full faith and credit of the municipality; (iv) a mortgage on part or all of the business district project; or (v) any other taxes or anticipated receipts that the municipality may lawfully pledge.

Such obligations may be issued in one or more series, bear such date or dates, become due at such time or times as therein provided, but in any case not later than (i) 20 years after the date of issue or (ii) the dissolution date, whichever is earlier, bear interest payable at such intervals and at such rate or rates as set forth therein, except as may be limited by applicable law, which rate or rates may be fixed or variable, be in such denominations, be in such form, either coupon, registered, or book-entry, carry such conversion, registration and exchange privileges, be subject to defeasance upon such terms, have such rank or priority, be executed in such manner, be payable in such medium or payment at such place or places within or without the State, make provision for a corporate trustee within or without the State with respect to such obligations,
prescribe the rights, powers, and duties thereof to be exercised for the benefit of the municipality and the benefit of the owners of such obligations, provide for the holding in trust, investment, and use of moneys, funds, and accounts held under an ordinance, provide for assignment of and direct payment of the moneys to pay such obligations or to be deposited into such funds or accounts directly to such trustee, be subject to such terms of redemption with or without premium, and be sold at such price, all as the corporate authorities shall determine. No referendum approval of the electors shall be required as a condition to the issuance of obligations pursuant to this Law except as provided in this Section.

In the event the municipality authorizes the issuance of obligations pursuant to the authority of this Law secured by the full faith and credit of the municipality, or pledges ad valorem taxes pursuant to this subsection, which obligations are other than obligations which may be issued under home rule powers provided by Section 6 of Article VII of the Illinois Constitution or which ad valorem taxes are other than ad valorem taxes which may be pledged under home rule powers provided by Section 6 of Article VII of the Illinois Constitution or which are levied in a special service area pursuant to the Special Service Area Tax Law, the ordinance authorizing the issuance of those obligations or pledging those taxes shall be published within 10 days after the ordinance has been adopted, in a newspaper having a general circulation within the municipality. The publication of the ordinance shall be accompanied by a notice of (i) the specific number of voters required to sign a petition requesting the question of the issuance of the obligations or pledging such ad valorem taxes to be submitted to the electors; (ii) the time within which the petition must be filed; and (iii) the date of the prospective referendum. The municipal clerk shall provide a petition form to any individual requesting one.

If no petition is filed with the municipal clerk, as hereinafter provided in this Section, within 21 days after the publication of the ordinance, the ordinance shall be in effect. However, if within that 21-day period a petition is filed with the municipal clerk, signed by electors numbering not less than 15% of the number of electors voting for the mayor or president at the last general municipal election, asking that the question of issuing obligations using full faith and credit of the municipality as security for the cost of paying or reimbursing business district project costs, or of pledging such ad valorem taxes for the

payment of those obligations, or both, be submitted to the electors of the municipality, the municipality shall not be authorized to issue obligations of the municipality using the full faith and credit of the municipality as security or pledging such ad valorem taxes for the payment of those obligations, or both, until the proposition has been submitted to and approved by a majority of the voters voting on the proposition at a regularly scheduled election. The municipality shall certify the proposition to the proper election authorities for submission in accordance with the general election law.

The ordinance authorizing the obligations may provide that the obligations shall contain a recital that they are issued pursuant to this Law, which recital shall be conclusive evidence of their validity and of the regularity of their issuance.

In the event the municipality authorizes issuance of obligations pursuant to this Law secured by the full faith and credit of the municipality, the ordinance authorizing the obligations may provide for the levy and collection of a direct annual tax upon all taxable property within the municipality sufficient to pay the principal thereof and interest thereon as it matures, which levy may be in addition to and exclusive of the maximum of all other taxes authorized to be levied by the municipality, which levy, however, shall be abated to the extent that monies from other sources are available for payment of the obligations and the municipality certifies the amount of those monies available to the county clerk.

A certified copy of the ordinance shall be filed with the county clerk of each county in which any portion of the municipality is situated, and shall constitute the authority for the extension and collection of the taxes to be deposited in the business district tax allocation fund.

A municipality may also issue its obligations to refund, in whole or in part, obligations theretofore issued by the municipality under the authority of this Law, whether at or prior to maturity. However, the last maturity of the refunding obligations shall not be expressed to mature later than the dissolution date.

In the event a municipality issues obligations under home rule powers or other legislative authority, the proceeds of which are pledged to pay or reimburse business district project costs, the municipality may, if it has followed the procedures in conformance with this Law, retire those obligations from funds in the business district tax allocation fund in amounts and in such manner as if those obligations had been issued pursuant to the provisions of this Law.

No obligations issued pursuant to this Law shall be regarded as indebtedness of the municipality issuing those obligations or any other taxing district for the purpose of any limitation imposed by law.

Obligations issued pursuant to this Law shall not be subject to the provisions of the Bond Authorization Act.

(f) When business district project costs, including, without limitation, all municipal obligations paying or reimbursing financing business district project costs incurred under Section 11-74.3-3 have been paid, any surplus funds then remaining in the Business District Tax Allocation Fund shall be distributed to the municipal treasurer for deposit into the municipal general corporate fund of the municipality. Upon payment of all business district project costs and retirement of all obligations paying or reimbursing business district project costs, but in no event more than 23 years after the date of adoption of the ordinance imposing taxes pursuant to subsections (11) or (12) of Section 11-74.3-3, the municipality shall adopt an ordinance immediately rescinding the taxes imposed pursuant to said subsections. Approving the business district development or redevelopment plan, the municipality shall adopt an ordinance immediately rescinding the taxes imposed pursuant to subsections (12) and (13) of Section 11-74.3-3.

AN ACT concerning floodplains.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Environmental Protection Act is amended by adding Sections 3.102 and 3.103 as follows:

(415 ILCS 5/3.102 new)
Sec. 3.102. 100-year flood. "100-year flood" means a flood that has a 1% or greater chance of recurring in any given year or a flood of a magnitude equaled or exceeded once in 100 years on the average over a significantly longer period.

(415 ILCS 5/3.103 new)
Sec. 3.103. 100-year floodplain. "100-year floodplain" means the lowland and relatively flat areas adjoining inland and coastal waters, including flood-prone areas of offshore islands, that are inundated by a 100-year flood. For the purposes of this Act, including for the purposes of granting permit and license applications filed or pending prior to the effective date of this amendatory Act of the 96th General Assembly, an area shall be deemed by operation of law not to be within the 100-year floodplain if the area lies within an area protected by a federal levee and is located in a flood prevention district established in accordance with the Flood Prevention District Act; provided, however, that an area that lies within a flood prevention district established in accordance with the Flood Prevention District Act shall be deemed by operation of law to be within the 100-year floodplain if, according to the currently adopted federal flood insurance rate map, the area is subject to inundation by a 100-year flood from bodies of water other than the Mississippi River.

Section 15. The Rivers, Lakes, and Streams Act is amended by adding Sections 18h, 18i, and 18j and by changing Sections 18f and 18g as follows:

Sec. 18f.
(a) The Department of Natural Resources shall define 100-year floodplains within the State of Illinois on a township by township basis and may issue permits for any construction within such 100-year floodplains on or after the effective date of this amendatory Act of 1971. The Department shall publish and distribute
suitable reports, together with mapping and hydrologic exhibits pertaining to 100-year floodplains defined and established under this Act. In defining applicable 100-year floodplains, the Department shall cooperate with, and shall consider planning and zoning requirements of, regional planning agencies created by statute, counties, municipalities and other units of government. A period of thirty days shall be allowed for any agency to submit written comments to the Department regarding any proposed 100-year floodplain area. If such agency fails to return comments to the Department within the specified time period the Department may proceed with the publication and institution of the 100-year floodplain permit procedure. The Department is charged with the planning, development, and evaluation of the most economic combination of retention storage, channel improvement, and floodplain preservation in defining and establishing 100-year floodplain areas. All construction undertaken on a defined 100-year floodplain area subsequent to the effective date of this amendatory Act, without benefit of a permit from the Department of Natural Resources, shall be unlawful and the Department, in its discretion, may in its discretion, proceed to obtain injunctive relief for abatement or removal of such unlawful construction. The Department, in its discretion, may make such investigations and conduct such hearings as may be necessary to the performance of its duties under this amendatory Act of 1971. Activity of the Department under this Section shall be limited to townships related to projects of the Department authorized by the General Assembly. The report of the Department shall be considered a final administrative decision and subject to judicial review in accordance with the provision of the Administrative Review Law.

For the purposes of this Section, an area shall be deemed by operation of law not to be within the 100-year floodplain if the area lies within an area protected by a federal levee and is located in a flood prevention district established in accordance with the Flood Prevention District Act;

(615 ILCS 5/18g) (from Ch. 19, par. 65g)

Sec. 18g. (a) The Department of Natural Resources shall define the 100-year floodway within metropolitan counties located in the area served by the Northeastern Illinois Planning Commission, except for the part of that area which is within any city with a population exceeding 1,500,000. In defining the 100-year floodway, the Department may rely on published data and maps which have been prepared by the Department itself, by the Illinois State Water Survey of the University of Illinois, by federal, State or local governmental agencies, or by any other private or public source which it determines to be reliable and appropriate.

(b) The Department may issue permits for construction that is an appropriate use of the designated 100-year floodway in such metropolitan counties. If a unit of local government has adopted an ordinance that establishes minimum standards for appropriate use of the floodway that are at least as restrictive as those established by the Department and this Section, and the unit of local government has adequate staff to enforce the ordinance, the Department may delegate to such unit of local government the authority to issue permits for construction that is an appropriate use of the floodway within its jurisdiction.

(c) No person may engage in any new construction within the 100-year floodway as designated by the Department in such metropolitan counties, unless such construction relates to an appropriate use of the floodway. No unit of local government, including home rule units, in such metropolitan counties may issue any building permit or other apparent authorization for any prohibited new construction within the 100-year floodway.

(d) For the purpose of this Section, including for the purposes of granting permit and license applications filed or pending prior to the effective date of this amendatory Act of the 96th General Assembly:

(1) "100-year floodway" means the channel and that portion of the 100-year floodplain adjacent to a stream or watercourse.

which is needed to store and convey the 100-year frequency flood discharge without a significant increase in stage.

(1.5) "100-year floodplain" means the lowland and relatively flat areas adjoining inland and coastal waters, including flood-prone areas of offshore islands, that are inundated by a flood that has a 1% or greater chance of recurring in any given year or a flood of a magnitude equalled or exceeded once in 100 years on the average over a significantly long period.

(2) "New construction" means the construction of any new building or structure or the placement of any fill or material, but does not include the repair, remodeling or maintenance of buildings or structures in existence on the effective date of this amendatory Act of 1987.

(3) "Appropriate use of the floodway" means use for (i) flood control structures, dikes, dams and other public works or private improvements relating to the control of drainage, flooding or erosion; (ii) structures or facilities relating to the use of, or requiring access to, the water or shoreline, including pumping and treatment facilities, and facilities and improvements related to recreational boats, commercial shipping and other functionally dependent uses; and (iii) any other purposes which the Department determines, by rule, to be appropriate to the 100-year floodway, and the periodic inundation of which will not pose a danger to the general health and welfare of the user, or require the expenditure of public funds or the provision of public resources or disaster relief services. Appropriate use of the floodway does not include construction of a new building unless such building is a garage, storage shed or other structure accessory to an existing building and such building does not increase flood stages.

(4) "Person" includes natural persons, corporations, associations, governmental entities, and all other legal entities.

(e) All construction undertaken on a designated 100-year floodway in such metropolitan counties, without benefit of a permit from the Department of Natural Resources, shall be unlawful and the Department or any affected unit of local government may, in its discretion, proceed to obtain injunctive relief for abatement or removal of such unlawful construction. The Department, in its discretion, may make such investigations and conduct such hearings and adopt such rules as may be necessary to the performance of its duties under this Section.

Section 5. The Property Tax Code is amended by changing Section 27-75 as follows:

(35 ILCS 200/27-75)

Sec. 27-75. Extension of tax levy. If a property tax is levied, the tax shall be extended by the county clerk in the special service area in the manner provided by Articles 1 through 26 of this Code based on equalized assessed values as established under Articles 1 through 26. The municipality or county shall file a certified copy of the ordinance creating the special service area, including an accurate map thereof, a copy of the public hearing notice, and a description of the special services to be provided, with the county clerk. The corporate authorities of the municipality or county may levy taxes in the special service area prior to the date the levy must be filed with the county clerk, for the same year in which the ordinance and map are filed with the county clerk. In addition, the corporate authorities shall file a certified copy of each ordinance levying taxes in the special service area on or before the last Tuesday of December of each year and shall file a certified copy of any ordinance authorizing the issuance of bonds and providing for a property tax levy in the area by December 31 of the year of the first levy.

In lieu of or in addition to an ad valorem property tax, a special tax may be levied and extended within the special service area on any other basis that provides a rational relationship between the amount of the tax levied against each lot, block, tract and parcel of land in the special service area and the special service benefit rendered. In that case, a special tax roll

shall be prepared containing: (a) a description of the special services to be provided, (b) an explanation of the method of spreading the special tax, (c) a list of lots, blocks, tracts and parcels of land in the special service area, and (d) the amount assessed against each. The special tax roll shall be included in the ordinance establishing the special service area or in an amendment of the ordinance, and shall be filed with the county clerk for use in extending the tax. The lien and foreclosure remedies provided in Article 9 of the Illinois Municipal Code shall apply upon non-payment of the special tax.

As an alternative to an ad valorem tax based on the whole equalized assessed value of the property, the corporate authorities may provide for the ad valorem tax to be extended solely upon the equalized assessed value of the land in a special service area, without regard to improvements, if the equalized assessed value of the land in the special service area is at least 75% of the total of the whole equalized assessed value of property within the special service area at the time that it was established. If the corporate authorities choose to provide for this method of taxation on the land value only, then each notice given in connection with the special service area must include a statement in substantially the following form: "The taxes to be extended shall be upon the equalized assessed value of the land in the proposed special service area, without regard to improvements. Section 10-30 of this Code does not apply to any property that is part of a special service area created under this paragraph, namely, property for which the ad valorem taxes are extended solely upon the equalized assessed value of the land in the special service area, without regard to improvements."

Sec. 3-607. Court ordered temporary detention and examination. When, as a result of personal observation and testimony in open court, any court has reasonable grounds to believe that a person appearing before it is subject to involuntary admission on an inpatient basis and in need of immediate hospitalization to protect such person or others from physical harm, the court may enter an order for the temporary detention and examination of such person. The order shall set forth in detail the facts which are the basis for its conclusion. The court may order a peace officer to take the person into custody and transport him to a mental health facility. The person may be detained for examination for no more than 24 hours to determine whether or not she or he is subject to involuntary admission and in need of immediate hospitalization. If a petition and certificate, as provided in this Article, are executed within the 24 hours, the person may be admitted provided that the certificate states that the person is both subject to involuntary admission and in need of immediate hospitalization. If the certificate states that the person is subject to involuntary admission but not in need of immediate hospitalization, the person may remain in his or her place of residence pending a hearing on the petition unless he or she voluntarily agrees to inpatient treatment. The provisions of this Article shall apply to all petitions and certificates executed pursuant to this Section. If no petition or certificate is executed, the person shall be released.

Sec. 3-801.5. Agreed order for admission on an outpatient basis alternative treatment or care and custody.

(a) At any time before the conclusion of the hearing and the entry of the court's findings, a respondent may enter into an agreement to be subject to an order for admission on an outpatient basis alternative treatment or care and custody as provided for in Sections 3-811, 3-812, 3-813, and 3-815 of this Code, provided that:

1. The court and the parties have been presented with a written report pursuant to Section 3-810 of this Code containing a recommendation for court-ordered admission on an outpatient basis alternative treatment or care and custody and setting forth in detail the conditions for such an order, and the court is satisfied that the proposal for admission on an outpatient basis alternative treatment or care and custody is in the best interest of the respondent and of the public.

2. The court advises the respondent of the conditions of the proposed order in open court and is satisfied that the respondent understands and agrees to the conditions of the proposed order for admission on an outpatient basis alternative treatment or care and custody.

3. The proposed custodian is advised of the recommendation for care and custody and agrees to abide by the terms of the proposed order.

4. No such order may require the respondent to be hospitalized except as provided in subsection (b) of this Section.

5. No order may include as one of its conditions the administration of psychotropic medication, unless the court
determines, based on the documented history of the respondent's treatment and illness, that the respondent is unlikely to continue to receive needed psychotropic medication in the absence of such an order.

(b) An agreed order of care and custody entered pursuant to this Section may grant the custodian the authority to admit a respondent to a hospital if the respondent fails to comply with the conditions of the agreed order. If necessary in order to obtain the hospitalization of the respondent, the custodian may apply to the court for an order authorizing an officer of the peace to take the respondent into custody and transport the respondent to the hospital specified in the agreed order. The provisions of Section 3-605 of this Code shall govern the transportation of the respondent to a mental health facility, except to the extent that those provisions are inconsistent with this Section. However, a person admitted to a hospital pursuant to powers granted under an agreed order for care and custody shall be treated as a voluntary recipient pursuant to Article IV of this Chapter and shall be advised immediately of his or her right to request a discharge pursuant to Section 3-403 of this Code.

(c) If the court has appointed counsel for the respondent pursuant to Section 3-805 of this Code, that appointment shall continue for the duration of any order entered under this Section, and the respondent shall be represented by counsel in any proceeding held pursuant to this Section.

(d) An order entered under this Section shall not constitute a finding that the respondent is subject to involuntary admission on an inpatient or outpatient basis.

(e) Nothing in this Section shall be deemed to create an agency relationship between the respondent and any custodian appointed pursuant to this Section.

(f) Notwithstanding any other provision of Illinois law, no respondent may be cited for contempt for violating the terms and conditions of his or her agreed order of care and custody.

The jury shall consist of 6 persons to be chosen in the same manner as are jurors in other civil proceedings. A respondent is not entitled to a jury on the question of whether psychotropic medication or electroconvulsive therapy may be administered under Section 2-107.1.

If the respondent is indigent or an appearance has not been entered on his behalf at the time the matter is set for hearing, the court shall appoint counsel for him. A hearing shall not proceed when a respondent is not represented by counsel unless, after conferring with counsel, the respondent requests to represent himself and the court is satisfied that the respondent has the capacity to make an informed waiver of his right to counsel. Counsel shall be allowed time for adequate preparation and shall not be prevented from conferring with the respondent at reasonable times nor from making an investigation of the matters in issue and presenting such relevant evidence as he believes is necessary.

1. If the court determines that the respondent is unable to obtain counsel, the court shall appoint as counsel an attorney employed by or under contract with the Guardianship and Mental Health Advocacy Commission, if available.

2. If an attorney from the Guardianship and Mental Health Advocacy Commission is not available, the court shall appoint as counsel the public defender or, only if no public defender is available, an attorney licensed to practice law in this State.

3. Upon filing with the court of a verified statement of legal services rendered by the private attorney appointed pursuant to paragraph (2) of this Section, the court shall determine a reasonable fee for such services. If the respondent is unable to pay the fee, the court shall enter an order upon the county to pay the entire fee or such amount as the respondent is unable to pay.

Sec. 3-807. (b) An order placing the respondent in the care and custody of a relative or other person shall specify the powers and duties of the custodian. An order of care and custody entered pursuant to this Section may grant the custodian the authority to admit a respondent to a hospital if the respondent fails to comply with the conditions of the order. If necessary in order to obtain the hospitalization of the respondent, the custodian may apply to the court for an order authorizing an officer of the peace to take the respondent into custody and transport the respondent to the hospital specified in the agreed order. If the court determines that the respondent has violated the order for alternative treatment in the community or that alternative treatment in the community will no longer provide adequate assurances for the safety of the respondent or others, the court may revoke the order for alternative treatment in the community and may order a peace officer to take the recipient into custody and transport him to an inpatient mental health facility. The provisions of Section 3-605 shall govern the transportation of the respondent to a mental health facility, except to the extent that those provisions are inconsistent with this Section. involuntary admission on an inpatient basis. If, following a hearing, the court determines that the respondent is subject to involuntary admission on an outpatient basis as provided in Section 3-812, the court may order the respondent committed on an outpatient basis for a period not to exceed 180 days.

(a-1) An initial order of commitment on an outpatient basis shall be for a period not to exceed 180 days. Prior to the expiration of the initial order, if the facility director or the custodian believes that the recipient continues to be subject to involuntary admission on an outpatient basis, a new petition and 2 new certificates may be filed with the court. If a petition is filed, the facility director or the custodian shall file with the court a current treatment plan which includes an evaluation of the recipient's progress and the extent to which he or she is benefiting from treatment. If no petition is filed prior to the expiration of the initial order, the recipient shall be discharged. Following a hearing, the court may order a second period of commitment on an outpatient basis not to exceed 180 days only if it finds that the recipient continues to be subject to involuntary admission on an outpatient basis.

(b) Additional 180 day periods of inpatient or outpatient commitment treatment may be sought pursuant to the procedures set out in this Section for so long as the recipient continues to meet the standard for such commitment treatment as having mental illness. The provisions of this chapter which apply whenever an initial order is sought shall apply whenever an additional period of inpatient or outpatient commitment treatment is sought.

Sec. 3-900. (a) Any person committed on an inpatient or outpatient basis hospitalized or admitted to alternative treatment or care and custody as having mental illness on court order under this Chapter or under any prior statute or any person on his behalf may file a petition for discharge at any time in the court of the county where the recipient resides or is found.

(b) The petition shall set forth: (1) the name of the recipient; (2) the underlying circumstances and date of the order; (3) a request for discharge from the order; and (4) the reasons for such request.

(405 ILCS 5/3-901) (from Ch. 91 1/2, par. 3-901)

Sec. 3-901. (a) Upon the filing of a petition under Section 3-900 or Section 3-906, the court shall set the matter for hearing to be held within 5
days, excluding Saturdays, Sundays, and holidays. The court shall direct that notice of the time and place of the hearing be given to the recipient, his attorney, his guardian, the facility director, the person having care and custody of the recipient, and to at least 2 persons whom the recipient may designate.

(b) Article VIII of this Chapter applies to hearings held under this Section. The court shall determine whether the recipient is: (i) subject to involuntary admission on an inpatient basis; (ii) subject to involuntary admission on an outpatient basis; or (iii) not subject to involuntary admission on either an inpatient or outpatient basis. If the court finds that the recipient is not subject to involuntary admission on an inpatient or outpatient basis, the court shall enter an order so finding and discharging the recipient. If the court orders the discharge of a recipient who was adjudicated as having mental illness pursuant to any prior statute of this State or who was otherwise adjudicated to be under legal disability, the court shall also enter an order restoring the recipient to legal status without disability unless the court finds that the recipient continues to be under legal disability. A copy of any order discharging the recipient shall be given to the recipient and to the facility director.

(b-1) If the court determines that the recipient is subject to involuntary admission on an outpatient basis, the court shall enter an appropriate order pursuant to Section 3-812.

(c) If the court determines that the recipient continues to be subject to involuntary admission on an inpatient basis, the court may continue or modify its original order in accordance with this Act. Thereafter, no new petition for discharge may be filed without leave of court.

Sec. 3-902. Director initiated discharge.

(a) The facility director may at any time discharge an informal, voluntary, or minor recipient who is clinically suitable for discharge.

(b) The facility director shall discharge a recipient admitted upon court order under this Chapter or any prior statute where he is no longer subject to involuntary admission on an inpatient basis. If the facility director believes that continuing treatment is advisable for such recipient, he shall inform the recipient of his right to remain as an informal or voluntary recipient. If the facility director determines that the recipient is subject to involuntary admission on an outpatient basis, he or she shall petition the court for such a commitment pursuant to this Chapter.
(c) When a facility director discharges or changes the status of a recipient pursuant to this Section he shall promptly notify the clerk of the court which entered the original order of the discharge or change in status. Upon receipt of such notice, the clerk of the court shall note the action taken in the court record. If the person being discharged is a person under legal disability, the facility director shall also submit a certificate regarding his legal status without disability pursuant to Section 3-907.

(d) When the facility director determines that discharge is appropriate for a recipient pursuant to this Section or Section 3-403 he or she shall notify the state's attorney of the county in which the recipient resided immediately prior to his admission to a mental health facility and the state's attorney of the county where the last petition for commitment was filed at least 48 hours prior to the discharge when either state's attorney has requested in writing such notification on that individual recipient or when the facility director regards a recipient as a continuing threat to the peace and safety of the community. Upon receipt of such notice, the state's attorney may take any court action or notify such peace officers that he deems appropriate. When the facility director determines that discharge is appropriate for a recipient pursuant to this Section or Section 3-403, he or she shall notify the person whose petition pursuant to Section 3-701 resulted in the current hospitalization of the recipient's discharge at least 48 hours prior to the discharge, if the petitioner has requested in writing such notification on that individual recipient.

(e) The facility director may grant a temporary release to a recipient whose condition is not considered appropriate for discharge where such release is considered to be clinically appropriate, provided that the release does not endanger the public safety.

(740 ILCS 110/10) (from Ch. 91 1/2, par. 810)
Sec. 10. (a) Except as provided herein, in any civil, criminal, administrative, or legislative proceeding, or in any proceeding preliminary thereto, a recipient, and a therapist on behalf and in the interest of a recipient, has the privilege to refuse to disclose and to prevent the disclosure of the recipient's record or communications.

(1) Records and communications may be disclosed in a civil, criminal or administrative proceeding in which the recipient introduces his mental condition or any aspect of his services received for such condition as an element of his claim or defense, if and only to the extent the court in which the proceedings have been brought, or, in the case of an administrative proceeding, the court to which an appeal or other action for review of an administrative determination may be taken, finds, after in camera examination of testimony or other evidence, that it is relevant, probative, not unduly prejudicial or inflammatory, and otherwise clearly admissible; that other satisfactory evidence is demonstrably unsatisfactory as evidence of the facts sought to be established by such evidence; and that disclosure is more important to the interests of substantial justice than protection from injury to the therapist-recipient relationship or to the recipient or other whom disclosure is likely to harm. Except in a criminal proceeding in which the recipient, who is accused in that proceeding, raises the defense of insanity, no record or communication between a therapist and a recipient shall be deemed relevant for purposes of this subsection, except the fact of treatment, the cost of services and the ultimate diagnosis unless the party seeking disclosure of the communication clearly establishes in the trial court a compelling need for its production. However, for purposes of this Act, in any action brought or defended under the Illinois Marriage and Dissolution of Marriage Act, or in any action in which pain and suffering is an element of the claim, mental condition shall not be deemed to be introduced merely by making such claim and shall be deemed to be introduced only if the recipient or a witness on his behalf first testifies concerning the record or communication.

(2) Records or communications may be disclosed in a civil proceeding after the recipient's death when the recipient's physical or mental condition has been introduced as an element of a claim or defense by any party claiming or defending through or as a beneficiary of the recipient, provided the court finds, after in

camera examination of the evidence, that it is relevant, probative, and otherwise clearly admissible; that other satisfactory evidence is not available regarding the facts sought to be established by such evidence; and that disclosure is more important to the interests of substantial justice than protection from any injury which disclosure is likely to cause.

(3) In the event of a claim made or an action filed by a recipient, or, following the recipient's death, by any party claiming as a beneficiary of the recipient for injury caused in the course of providing services to such recipient, the therapist and other persons whose actions are alleged to have been the cause of injury may disclose pertinent records and communications to an attorney or attorneys engaged to render advice about and to provide representation in connection with such matter and to persons working under the supervision of such attorney or attorneys, and may testify as to such records or communication in any administrative, judicial or discovery proceeding for the purpose of preparing and presenting a defense against such claim or action.

(4) Records and communications made to or by a therapist in the course of examination ordered by a court for good cause shown may, if otherwise relevant and admissible, be disclosed in a civil, criminal, or administrative proceeding in which the recipient is a party or in appropriate pretrial proceedings, provided such court has found that the recipient has been as adequately and as effectively as possible informed before submitting to such examination that such records and communications would not be considered confidential or privileged. Such records and communications shall be admissible only as to issues involving the recipient's physical or mental condition and only to the extent that these are germane to such proceedings.

(5) Records and communications may be disclosed in a proceeding under the Probate Act of 1975, to determine a recipient's competency or need for guardianship, provided that the disclosure is made only with respect to that issue.

(6) Records and communications may be disclosed when such are made during treatment which the recipient is ordered to undergo to render him fit to stand trial on a criminal charge, provided that the disclosure is made only with respect to the issue of fitness to stand trial.

New matter indicated by italics - deletions by strikeout
(7) Records and communications of the recipient may be disclosed in any civil or administrative proceeding involving the validity of or benefits under a life, accident, health or disability insurance policy or certificate, or Health Care Service Plan Contract, insuring the recipient, but only if and to the extent that the recipient's mental condition, or treatment or services in connection therewith, is a material element of any claim or defense of any party, provided that information sought or disclosed shall not be redisclosed except in connection with the proceeding in which disclosure is made.

(8) Records or communications may be disclosed when such are relevant to a matter in issue in any action brought under this Act and proceedings preliminary thereto, provided that any information so disclosed shall not be utilized for any other purpose nor be redisclosed except in connection with such action or preliminary proceedings.

(9) Records and communications of the recipient may be disclosed in investigations of and trials for homicide when the disclosure relates directly to the fact or immediate circumstances of the homicide.

(10) Records and communications of a deceased recipient may be disclosed to a coroner conducting a preliminary investigation into the recipient's death under Section 3-3013 of the Counties Code. However, records and communications of the deceased recipient disclosed in an investigation shall be limited solely to the deceased recipient's records and communications relating to the factual circumstances of the incident being investigated in a mental health facility.

(11) Records and communications of a recipient shall be disclosed in a proceeding where a petition or motion is filed under the Juvenile Court Act of 1987 and the recipient is named as a parent, guardian, or legal custodian of a minor who is the subject of a petition for wardship as described in Section 2-3 of that Act or a minor who is the subject of a petition for wardship as described in Section 2-4 of that Act alleging the minor is abused, neglected, or dependent or the recipient is named as a parent of a child who is the subject of a petition, supplemental petition, or motion to appoint a guardian with the power to consent to adoption under Section 2-29 of the Juvenile Court Act of 1987.

New matter indicated by italics - deletions by strikeout
(12) Records and communications of a recipient may be disclosed when disclosure is necessary to collect sums or receive third party payment representing charges for mental health or developmental disabilities services provided by a therapist or agency to a recipient; however, disclosure shall be limited to information needed to pursue collection, and the information so disclosed may not be used for any other purposes nor may it be redisclosed except in connection with collection activities. Whenever records are disclosed pursuant to this subdivision (12), the recipient of the records shall be advised in writing that any person who discloses mental health records and communications in violation of this Act may be subject to civil liability pursuant to Section 15 of this Act or to criminal penalties pursuant to Section 16 of this Act or both.

(b) Before a disclosure is made under subsection (a), any party to the proceeding or any other interested person may request an in camera review of the record or communications to be disclosed. The court or agency conducting the proceeding may hold an in camera review on its own motion. When, contrary to the express wish of the recipient, the therapist asserts a privilege on behalf and in the interest of a recipient, the court may require that the therapist, in an in camera hearing, establish that disclosure is not in the best interest of the recipient. The court or agency may prevent disclosure or limit disclosure to the extent that other admissible evidence is sufficient to establish the facts in issue. The court or agency may enter such orders as may be necessary in order to protect the confidentiality, privacy, and safety of the recipient or of other persons. Any order to disclose or to not disclose shall be considered a final order for purposes of appeal and shall be subject to interlocutory appeal.

(c) A recipient's records and communications may be disclosed to a duly authorized committee, commission or subcommittee of the General Assembly which possesses subpoena and hearing powers, upon a written request approved by a majority vote of the committee, commission or subcommittee members. The committee, commission or subcommittee may request records only for the purposes of investigating or studying possible violations of recipient rights. The request shall state the purpose for which disclosure is sought.

The facility shall notify the recipient, or his guardian, and therapist in writing of any disclosure request under this subsection within 5 business days after such request. Such notification shall also inform the recipient, or

New matter indicated by italics - deletions by strikeout
guardian, and therapist of their right to object to the disclosure within 10 business days after receipt of the notification and shall include the name, address and telephone number of the committee, commission or subcommittee member or staff person with whom an objection shall be filed. If no objection has been filed within 15 business days after the request for disclosure, the facility shall disclose the records and communications to the committee, commission or subcommittee. If an objection has been filed within 15 business days after the request for disclosure, the facility shall disclose the records and communications only after the committee, commission or subcommittee has permitted the recipient, guardian or therapist to present his objection in person before it and has renewed its request for disclosure by a majority vote of its members.

Disclosure under this subsection shall not occur until all personally identifiable data of the recipient and provider are removed from the records and communications. Disclosure under this subsection shall not occur in any public proceeding.

(d) No party to any proceeding described under paragraphs (1), (2), (3), (4), (7), or (8) of subsection (a) of this Section, nor his or her attorney, shall serve a subpoena seeking to obtain access to records or communications under this Act unless the subpoena is accompanied by a written order issued by a judge, authorizing the disclosure of the records or the issuance of the subpoena. No such written order shall be issued without written notice of the motion to the recipient and the treatment provider. Prior to issuance of the order, each party or other person entitled to notice shall be permitted an opportunity to be heard pursuant to subsection (b) of this Section. No person shall comply with a subpoena for records or communications under this Act, unless the subpoena is accompanied by a written order authorizing the issuance of the subpoena or the disclosure of the records. Each subpoena duces tecum issued by a court or administrative agency or served on any person pursuant to this subsection (d) shall include the following language: "No person shall comply with a subpoena for mental health records or communications pursuant to Section 10 of the Mental Health and Developmental Disabilities Confidentiality Act, 740 ILCS 110/10, unless the subpoena is accompanied by a written order that authorizes the issuance of the subpoena and the disclosure of records or communications."

(e) When a person has been transported by a peace officer to a mental health facility, then upon the request of a peace officer, if the
person is allowed to leave the mental health facility within 48 hours of arrival, excluding Saturdays, Sundays, and holidays, the facility director shall notify the local law enforcement authority prior to the release of the person. The local law enforcement authority may re-disclose the information as necessary to alert the appropriate enforcement or prosecuting authority.

(f) A recipient's records and communications shall be disclosed to the Inspector General of the Department of Human Services within 10 business days of a request by the Inspector General (i) in the course of an investigation authorized by the Department of Human Services Act and applicable rule or (ii) during the course of an assessment authorized by the Abuse of Adults with Disabilities Intervention Act and applicable rule. The request shall be in writing and signed by the Inspector General or his or her designee. The request shall state the purpose for which disclosure is sought. Any person who knowingly and willfully refuses to comply with such a request is guilty of a Class A misdemeanor. A recipient's records and communications shall also be disclosed pursuant to subsection (g-5) of Section 1-17 of the Department of Human Services Act in testimony at health care worker registry hearings or preliminary proceedings when such are relevant to the matter in issue, provided that any information so disclosed shall not be utilized for any other purpose nor be redisclosed except in connection with such action or preliminary proceedings.

(b) The election of the initial board, whose declaration is recorded on or after the effective date of this Act, shall be held not later than 60 days after the conveyance by the developer of 75% of the units, or 3 years after the recording of the declaration, whichever is earlier. The developer shall give at least 21 days' notice of the meeting to elect the initial board of directors and shall upon request provide to any unit owner, within 3 working days of the request, the names, addresses, and weighted vote of each unit owner entitled to vote at the meeting. (c) If a scrivener's error in the declaration or other instrument is corrected by vote of two-thirds of the members of the board pursuant to the authority established in subsection (a) or subsection (b), the board, upon written petition by unit owners with 20% of the votes of the association received within 30 days of the board action, shall call a meeting of the unit owners within 30 days of the filing of the petition to

Such operating and reserve funds held by the management company for the association shall not be subject to attachment by any creditor of the management company. A management company that provides common interest community association management services for more than one common interest community association shall maintain separate, segregated accounts for each common interest community association. The funds shall not, in any event, be commingled with funds of the management company, the firm of the management company, or any other common interest community association. An order of qualified probation (as defined in subsection (a)(1)(J)) successfully completed by the petitioner is not a conviction. An order of supervision or an order of qualified probation that is terminated unsatisfactorily is a conviction, unless the unsatisfactory termination is reversed, vacated, or modified and the judgment of conviction, if any, is reversed or vacated.

(D) "Criminal offense" means a petty offense, business offense, misdemeanor, felony, or municipal ordinance violation (as defined in subsection (a)(1)(H)). As used in this Section, a minor traffic offense (as defined in subsection (a)(1)(G)) shall not be considered a criminal offense.

(E) "Expunge" means to physically destroy the records or return them to the petitioner and to obliterate the petitioner's name from any official index or public record, or both. Nothing in this Act shall require the physical destruction of the circuit court file, but such records relating to arrests or charges, or both, ordered expunged shall be impounded as required by subsections (d)(9)(A)(ii) and (d)(9)(B)(ii).
(F) As used in this Section, "last sentence" means the sentence, order of supervision, or order of qualified probation (as defined by subsection (a)(1)(J)), for a criminal offense (as defined by subsection (a)(1)(D)) that terminates last in time in any jurisdiction, regardless of whether the petitioner has included the criminal offense for which the sentence or order of supervision or qualified probation was imposed in his or her petition. If multiple sentences, orders of supervision, or orders of qualified probation terminate on the same day and are last in time, they shall be collectively considered the "last sentence" regardless of whether they were ordered to run concurrently.

(G) "Minor traffic offense" means a petty offense, business offense, or Class C misdemeanor under the Illinois Vehicle Code or a similar provision of a municipal or local ordinance.

(H) "Municipal ordinance violation" means an offense defined by a municipal or local ordinance that is criminal in nature and with which the petitioner was charged or for which the petitioner was arrested and released without charging.

(I) "Petitioner" means an adult or a minor prosecuted as an adult who has applied for relief under this Section.

(J) "Qualified probation" means an order of probation under Section 10 of the Cannabis Control Act, Section 410 of the Illinois Controlled Substances Act, Section 70 of the Methamphetamine Control and Community Protection Act, Section 12-4.3(b)(1) and (2) of the Criminal Code of 1961 (as those provisions existed before their deletion by Public Act 89-313), Section 10-102 of the Illinois Alcoholism and Other Drug Dependency Act, Section 40-10 of the Alcoholism and Other Drug Abuse and Dependency Act, or Section 10 of the Steroid Control Act. For the purpose of this Section, "successful completion" of an order of qualified probation under Section 10-102 of the Illinois Alcoholism and Other Drug Dependency Act and Section 40-10 of the Alcoholism and Other Drug Abuse and Dependency Act means that the
probation was terminated satisfactorily and the judgment of conviction was vacated.

(K) "Seal" means to physically and electronically maintain the records, unless the records would otherwise be destroyed due to age, but to make the records unavailable without a court order, subject to the exceptions in Sections 12 and 13 of this Act. The petitioner's name shall also be obliterated from the official index required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act, but any index issued by the circuit court clerk before the entry of the order to seal shall not be affected.

(L) "Sexual offense committed against a minor" includes but is not limited to the offenses of indecent solicitation of a child or criminal sexual abuse when the victim of such offense is under 18 years of age.

(M) "Terminate" as it relates to a sentence or order of supervision or qualified probation includes either satisfactory or unsatisfactory termination of the sentence, unless otherwise specified in this Section.

(2) Minor Traffic Offenses. Orders of supervision or convictions for minor traffic offenses shall not affect a petitioner's eligibility to expunge or seal records pursuant to this Section.

(3) Exclusions. Except as otherwise provided in subsections (b)(5), (b)(6), and (e) of this Section, the court shall not order:

(A) the sealing or expungement of the records of arrests or charges not initiated by arrest that result in an order of supervision for or conviction of: (i) any sexual offense committed against a minor; (ii) Section 11-501 of the Illinois Vehicle Code or a similar provision of a local ordinance; or (iii) Section 11-503 of the Illinois Vehicle Code or a similar provision of a local ordinance.

(B) the sealing or expungement of records of minor traffic offenses (as defined in subsection (a)(1)(G)), unless the petitioner was arrested and released without charging.

New matter indicated by italics - deletions by strikeout

(iv) offenses which are Class A misdemeanors under the Humane Care for Animals Act; or

(v) any offense or attempted offense that would subject a person to registration under the Sex Offender Registration Act.

(D) the sealing of the records of an arrest which results in the petitioner being charged with a felony offense or records of a charge not initiated by arrest for a felony offense, regardless of the disposition, unless:

(i) the charge is amended to a misdemeanor and is otherwise eligible to be sealed pursuant to subsection (c);

(ii) the charge is brought along with another charge as a part of one case and the charge results in acquittal, dismissal, or conviction when the conviction was reversed or vacated, and another charge brought in the same case results in a disposition for a misdemeanor offense that is eligible to be sealed pursuant to subsection (c) or a disposition listed in paragraph (i), (iii) or (iv) of this subsection;

(iii) the charge results in first offender probation as set forth in subsection (c)(2)(E); or

(iv) the charge is for a Class 4 felony offense listed in subsection (c)(2)(F) or the charge is amended to a Class 4 felony offense listed in subsection (c)(2)(F). Records of arrests which result

in the petitioner being charged with a Class 4 felony offense listed in subsection (c)(2)(F), records of charges not initiated by arrest for Class 4 felony offenses listed in subsection (c)(2)(F), and records of charges amended to a Class 4 felony offense listed in (c)(2)(F) may be sealed, regardless of the disposition, subject to any waiting periods set forth in subsection (c)(3).

(b) Expungement.
(1) A petitioner may petition the circuit court to expunge the records of his or her arrests and charges not initiated by arrest when:

(A) He or she has never been convicted of a criminal offense; and

(B) Each arrest or charge not initiated by arrest sought to be expunged resulted in: (i) acquittal, dismissal, or the petitioner's release without charging, unless excluded by subsection (a)(3)(B); (ii) a conviction which was vacated or reversed, unless excluded by subsection (a)(3)(B); (iii) an order of supervision and such supervision was successfully completed by the petitioner, unless excluded by subsection (a)(3)(A) or (a)(3)(B); or (iv) an order of qualified probation (as defined in subsection (a)(1)(J)) and such probation was successfully completed by the petitioner.

(2) Time frame for filing a petition to expunge.

(A) When the arrest or charge not initiated by arrest sought to be expunged resulted in an acquittal, dismissal, the petitioner's release without charging, or the reversal or vacation of a conviction, there is no waiting period to petition for the expungement of such records.

(B) When the arrest or charge not initiated by arrest sought to be expunged resulted in an order of supervision, successfully completed by the petitioner, the following time frames will apply:

(i) Those arrests or charges that resulted in orders of supervision under Section 3-707, 3-708, 3-710, or 5-401.3 of the Illinois Vehicle Code or a similar provision of a local ordinance, or under

New matter indicated by italics - deletions by strikeout
Section 12-3.2, 12-15 or 16A-3 of the Criminal Code of 1961 or a similar provision of a local ordinance, shall not be eligible for expungement until 5 years have passed following the satisfactory termination of the supervision.

(ii) Those arrests or charges that resulted in orders of supervision for any other offenses shall not be eligible for expungement until 2 years have passed following the satisfactory termination of the supervision.

(C) When the arrest or charge not initiated by arrest sought to be expunged resulted in an order of qualified probation, successfully completed by the petitioner, such records shall not be eligible for expungement until 5 years have passed following the satisfactory termination of the probation.

(3) Those records maintained by the Department for persons arrested prior to their 17th birthday shall be expunged as provided in Section 5-915 of the Juvenile Court Act of 1987.

(4) Whenever a person has been arrested for or convicted of any offense, in the name of a person whose identity he or she has stolen or otherwise come into possession of, the aggrieved person from whom the identity was stolen or otherwise obtained without authorization, upon learning of the person having been arrested using his or her identity, may, upon verified petition to the chief judge of the circuit wherein the arrest was made, have a court order entered nunc pro tunc by the Chief Judge to correct the arrest record, conviction record, if any, and all official records of the arresting authority, the Department, other criminal justice agencies, the prosecutor, and the trial court concerning such arrest, if any, by removing his or her name from all such records in connection with the arrest and conviction, if any, and by inserting in the records the name of the offender, if known or ascertainable, in lieu of the aggrieved's name. The records of the circuit court clerk shall be sealed until further order of the court upon good cause shown and the name of the aggrieved person obliterated on the official index required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act, but the order shall not affect any index issued by the circuit court clerk before the entry of the order.
Nothing in this Section shall limit the Department of State Police or other criminal justice agencies or prosecutors from listing under an offender's name the false names he or she has used.

(5) Whenever a person has been convicted of criminal sexual assault, aggravated criminal sexual assault, predatory criminal sexual assault of a child, criminal sexual abuse, or aggravated criminal sexual abuse, the victim of that offense may request that the State's Attorney of the county in which the conviction occurred file a verified petition with the presiding trial judge at the petitioner's trial to have a court order entered to seal the records of the circuit court clerk in connection with the proceedings of the trial court concerning that offense. However, the records of the arresting authority and the Department of State Police concerning the offense shall not be sealed. The court, upon good cause shown, shall make the records of the circuit court clerk in connection with the proceedings of the trial court concerning the offense available for public inspection.

(6) If a conviction has been set aside on direct review or on collateral attack and the court determines by clear and convincing evidence that the petitioner was actually innocent of the charge, the court shall enter an expungement order as provided in subsection (b) of Section 5-5-4 of the Unified Code of Corrections.

(7) Nothing in this Section shall prevent the Department of State Police from maintaining all records of any person who is admitted to probation upon terms and conditions and who fulfills those terms and conditions pursuant to Section 10 of the Cannabis Control Act, Section 410 of the Illinois Controlled Substances Act, Section 70 of the Methamphetamine Control and Community Protection Act, Section 12-4.3 of the Criminal Code of 1961, Section 10-102 of the Illinois Alcoholism and Other Drug Dependency Act, Section 40-10 of the Alcoholism and Other Drug Abuse and Dependency Act, or Section 10 of the Steroid Control Act.

The study shall not disclose any data in a manner that would allow the identification of any particular individual or employing unit. Sec. 5-300. Early childhood construction grants.

(a) The Capital Development Board is authorized to make grants to
public school districts and not-for-profit entities for early childhood

appropriated for that purpose from the School Construction Fund. No
grants may be awarded to entities providing services within private

Sec. 27A-11.5. State financing. The State Board of Education shall make the following funds available to school districts and charter schools:

(1) From a separate appropriation made to the State Board for purposes of this subdivision (1), the State Board shall make transition impact aid available to school districts that approve a new charter school or that have funds withheld by the State Board to fund a new charter school that is chartered by the State Board. The amount of the aid shall equal 90% of the per capita funding paid to the charter school during the first year of its initial charter term, 65% of the per capita funding paid to the charter school during the second year of its initial term, and 35% of the per capita funding paid to the charter school during the third year of its initial term. This transition impact aid shall be paid to the local school board in equal quarterly installments, with the payment of the installment for the first quarter being made by August 1st immediately preceding the first, second, and third years of the initial term. State Board of Education shall pay approved claims only for charter schools with a valid charter granted prior to June 1, 2003. If any funds remain after these claims have been paid, then the State Board of Education may pay all other approved claims on a pro rata basis. Transition impact aid shall be paid beginning in the 1999-2000 school year for charter schools that are in the first, second, or third year of their initial term. Transition impact aid shall not be paid for any charter school that is proposed and created by one or more boards of education, as authorized under the provisions of Public Act 91-405.

(2) From a separate appropriation made for the purpose of this subdivision (2), the State Board shall make grants to charter schools to pay their start-up costs of acquiring educational materials and supplies, textbooks, electronic textbooks and the technological equipment necessary to gain access to and use electronic textbooks, furniture, and other equipment needed during their initial term. The State Board shall annually establish the time and manner of application for these grants, which shall not exceed $250 per student enrolled in the charter school.

(3) The Charter Schools Revolving Loan Fund is created as a special fund in the State treasury. Federal funds, such other funds as may be made available for costs associated with the establishment of charter schools in Illinois, and amounts repaid by charter schools that have received a loan from the Charter Schools Revolving Loan Fund shall be deposited into the Charter Schools Revolving Loan Fund, and the moneys in the Charter Schools Revolving Loan Fund shall be appropriated to the State Board and used to provide interest-free loans to charter schools. These funds shall be used to pay start-up costs of acquiring educational materials and supplies, textbooks, electronic textbooks and the technological equipment necessary to gain access to and use electronic textbooks, furniture, and other equipment needed in the initial term of the charter school and for acquiring and remodeling a suitable physical plant, within the initial term of the charter school. Loans shall be limited to one loan per charter school and shall not exceed $250 per student enrolled in the charter school. A loan shall be repaid by the end of the initial term of the charter school. The State Board may deduct amounts necessary to repay the loan from funds due to the charter school or may require that

the local school board that authorized the charter school deduct
such amounts from funds due the charter school and remit these
amounts to the State Board, provided that the local school board
shall not be responsible for repayment of the loan. The State Board
may use up to 3% of the appropriation to contract with a non-profit
entity to administer the loan program.

(4) A charter school may apply for and receive, subject to
the same restrictions applicable to school districts, any grant
administered by the State Board that is available for school
districts.

Sec. 34-2.3. Local school councils - Powers and duties. Each local school council shall have and exercise, consistent with the provisions of this Article and the powers and duties of the board of education, the following powers and duties:

1. (A) To annually evaluate the performance of the principal of the attendance center using a Board approved principal evaluation form, which shall include the evaluation of (i) student academic improvement, as defined by the school improvement plan, (ii) student absenteeism rates at the school, (iii) instructional leadership, (iv) the effective implementation of programs, policies, or strategies to improve student academic achievement, (v) school management, and (vi) any other factors deemed relevant by the local school council, including, without limitation, the principal's communication skills and ability to create and maintain a student-centered learning environment, to develop opportunities for professional development, and to encourage parental involvement and community partnerships to achieve school improvement;

(B) to determine in the manner provided by subsection (c) of Section 34-2.2 and subdivision 1.5 of this Section whether the performance contract of the principal shall be renewed; and

(C) to directly select, in the manner provided by subsection (c) of Section 34-2.2, a new principal (including a new principal to fill a vacancy) -- without submitting any list of candidates for that position to the general superintendent as provided in paragraph 2 of this Section -- to serve under a 4 year performance contract; provided that (i) the determination of whether the principal's performance contract is to be renewed, based upon the evaluation required by subdivision 1.5 of this Section, shall be made no later than 150 days prior to the expiration of the current performance-based contract of the principal, (ii) in cases where such performance contract is not renewed -- a direct selection of a new principal -- to serve under a 4 year performance contract shall be made by the local school council no later than 45 days prior to the expiration of the current performance contract of the principal, and (iii) a selection by the local school council of a new principal to fill a vacancy under a 4 year
performance contract shall be made within 90 days after the date such vacancy occurs. A Council shall be required, if requested by the principal, to provide in writing the reasons for the council's not renewing the principal's contract.

1.5. The local school council's determination of whether to renew the principal's contract shall be based on an evaluation to assess the educational and administrative progress made at the school during the principal's current performance-based contract. The local school council shall base its evaluation on (i) student academic improvement, as defined by the school improvement plan, (ii) student absenteeism rates at the school, (iii) instructional leadership, (iv) the effective implementation of programs, policies, or strategies to improve student academic achievement, (v) school management, and (vi) any other factors deemed relevant by the local school council, including, without limitation, the principal's communication skills and ability to create and maintain a student-centered learning environment, to develop opportunities for professional development, and to encourage parental involvement and community partnerships to achieve school improvement. If a local school council fails to renew the performance contract of a principal rated by the general superintendent, or his or her designee, in the previous years' evaluations as meeting or exceeding expectations, the principal, within 15 days after the local school council's decision not to renew the contract, may request a review of the local school council's principal non-retention decision by a hearing officer appointed by the American Arbitration Association. A local school council member or members or the general superintendent may support the principal's request for review. During the period of the hearing officer's review of the local school council's decision on whether or not to retain the principal, the local school council shall maintain all authority to search for and contract with a person to serve as interim or acting principal, or as the principal of the attendance center under a 4-year performance contract, provided that any performance contract entered into by the local school council shall be voidable or modified in accordance with the decision of the hearing officer. The principal may request review only once while at that attendance center. If a local school council renews the contract of a principal who failed to obtain a rating of "meets" or "exceeds expectations" in the general superintendent's evaluation for the previous year, the general superintendent, within 15 days after the local school council's decision to renew the contract, may request a review of the local school council's
principal retention decision by a hearing officer appointed by the
American Arbitration Association. The general superintendent may
request a review only once for that principal at that attendance center. All
requests to review the retention or non-retention of a principal shall be
submitted to the general superintendent, who shall, in turn, forward such
requests, within 14 days of receipt, to the American Arbitration
Association. The general superintendent shall send a contemporaneous
copy of the request that was forwarded to the American Arbitration
Association to the principal and to each local school council member and
shall inform the local school council of its rights and responsibilities under
the arbitration process, including the local school council's right to
representation and the manner and process by which the Board shall pay
the costs of the council's representation. If the local school council retains
the principal and the general superintendent requests a review of the
retention decision, the local school council and the general superintendent
shall be considered parties to the arbitration, a hearing officer shall be
chosen between those 2 parties pursuant to procedures promulgated by the
State Board of Education, and the principal may retain counsel and
participate in the arbitration. If the local school council does not retain the
principal and the principal requests a review of the retention decision, the
local school council and the principal shall be considered parties to the
arbitration and a hearing officer shall be chosen between those 2 parties
pursuant to procedures promulgated by the State Board of Education. The
hearing shall begin (i) within 45 days after the initial request for review is
submitted by the principal to the general superintendent or (ii) if the initial
request for review is made by the general superintendent, within 45 days
after that request is mailed to the American Arbitration Association. The
hearing officer shall render a decision within 45 days after the hearing
begins and within 90 days after the initial request for review. The Board
shall contract with the American Arbitration Association for all of the
hearing officer's reasonable and necessary costs. In addition, the Board
shall pay any reasonable costs incurred by a local school council for
representation before a hearing officer.

1.10. The hearing officer shall conduct a hearing, which shall
include (i) a review of the principal's performance, evaluations, and other
evidence of the principal's service at the school, (ii) reasons provided by
the local school council for its decision, and (iii) documentation
evidencing views of interested persons, including, without limitation,
students, parents, local school council members, school faculty and staff,

the principal, the general superintendent or his or her designee, and members of the community. The burden of proof in establishing that the local school council's decision was arbitrary and capricious shall be on the party requesting the arbitration, and this party shall sustain the burden by a preponderance of the evidence. The hearing officer shall set the local school council decision aside if that decision, in light of the record developed at the hearing, is arbitrary and capricious. The decision of the hearing officer may not be appealed to the Board or the State Board of Education. If the hearing officer decides that the principal shall be retained, the retention period shall not exceed 2 years.

2. In the event (i) the local school council does not renew the performance contract of the principal, or the principal fails to receive a satisfactory rating as provided in subsection (h) of Section 34-8.3, or the principal is removed for cause during the term of his or her performance contract in the manner provided by Section 34-85, or a vacancy in the position of principal otherwise occurs prior to the expiration of the term of a principal's performance contract, and (ii) the local school council fails to directly select a new principal to serve under a 4 year performance contract, the local school council in such event shall submit to the general superintendent a list of 3 candidates -- listed in the local school council's order of preference -- for the position of principal, one of which shall be selected by the general superintendent to serve as principal of the attendance center. If the general superintendent fails or refuses to select one of the candidates on the list to serve as principal within 30 days after being furnished with the candidate list, the general superintendent shall select and place a principal on an interim basis (i) for a period not to exceed one year or (ii) until the local school council selects a new principal with 7 affirmative votes as provided in subsection (c) of Section 34-2.2, whichever occurs first. If the local school council fails or refuses to select and appoint a new principal, as specified by subsection (c) of Section 34-2.2, the general superintendent may select and appoint a new principal on an interim basis for an additional year or until a new contract principal is selected by the local school council. There shall be no discrimination on the basis of race, sex, creed, color or disability unrelated to ability to perform in connection with the submission of candidates for, and the selection of a candidate to serve as principal of an attendance center. No person shall be directly selected, listed as a candidate for, or selected to serve as principal of an attendance center (i) if such person has been removed for cause from employment by the Board or (ii) if such
person does not hold a valid administrative certificate issued or exchanged under Article 21 and endorsed as required by that Article for the position of principal. A principal whose performance contract is not renewed as provided under subsection (c) of Section 34-2.2 may nevertheless, if otherwise qualified and certified as herein provided and if he or she has received a satisfactory rating as provided in subsection (h) of Section 34-8.3, be included by a local school council as one of the 3 candidates listed in order of preference on any candidate list from which one person is to be selected to serve as principal of the attendance center under a new performance contract. The initial candidate list required to be submitted by a local school council to the general superintendent in cases where the local school council does not renew the performance contract of its principal and does not directly select a new principal to serve under a 4 year performance contract shall be submitted not later than 30 days prior to the expiration of the current performance contract. In cases where the local school council fails or refuses to submit the candidate list to the general superintendent no later than 30 days prior to the expiration of the incumbent principal's contract, the general superintendent may appoint a principal on an interim basis for a period not to exceed one year, during which time the local school council shall be able to select a new principal with 7 affirmative votes as provided in subsection (c) of Section 34-2.2. In cases where a principal is removed for cause or a vacancy otherwise occurs in the position of principal and the vacancy is not filled by direct selection by the local school council, the candidate list shall be submitted by the local school council to the general superintendent within 90 days after the date such removal or vacancy occurs. In cases where the local school council fails or refuses to submit the candidate list to the general superintendent within 90 days after the date of the vacancy, the general superintendent may appoint a principal on an interim basis for a period of one year, during which time the local school council shall be able to select a new principal with 7 affirmative votes as provided in subsection (c) of Section 34-2.2.

2.5. Whenever a vacancy in the office of a principal occurs for any reason, the vacancy shall be filled in the manner provided by this Section by the selection of a new principal to serve under a 4 year performance contract.

3. To establish additional criteria to be included as part of the performance contract of its principal, provided that such additional criteria shall not discriminate on the basis of race, sex, creed, color or disability

unrelated to ability to perform, and shall not be inconsistent with the uniform 4 year performance contract for principals developed by the board as provided in Section 34-8.1 of the School Code or with other provisions of this Article governing the authority and responsibility of principals.

4. To approve the expenditure plan prepared by the principal with respect to all funds allocated and distributed to the attendance center by the Board. The expenditure plan shall be administered by the principal. Notwithstanding any other provision of this Act or any other law, any expenditure plan approved and administered under this Section 34-2.3 shall be consistent with and subject to the terms of any contract for services with a third party entered into by the Chicago School Reform Board of Trustees or the board under this Act.

Via a supermajority vote of 7 members of the local school council or 8 members of a high school local school council, the Council may transfer allocations pursuant to Section 34-2.3 within funds; provided that such a transfer is consistent with applicable law and collective bargaining agreements.

Beginning in fiscal year 1991 and in each fiscal year thereafter, the Board may reserve up to 1% of its total fiscal year budget for distribution on a prioritized basis to schools throughout the school system in order to assure adequate programs to meet the needs of special student populations as determined by the Board. This distribution shall take into account the needs catalogued in the Systemwide Plan and the various local school improvement plans of the local school councils. Information about these centrally funded programs shall be distributed to the local school councils so that their subsequent planning and programming will account for these provisions.

Beginning in fiscal year 1991 and in each fiscal year thereafter, from other amounts available in the applicable fiscal year budget, the board shall allocate a lump sum amount to each local school based upon such formula as the board shall determine taking into account the special needs of the student body. The local school principal shall develop an expenditure plan in consultation with the local school council, the professional personnel leadership committee and with all other school personnel, which reflects the priorities and activities as described in the school's local school improvement plan and is consistent with applicable law and collective bargaining agreements and with board policies and standards; however, the local school council shall have the right to request
waivers of board policy from the board of education and waivers of employee collective bargaining agreements pursuant to Section 34-8.1a.

The expenditure plan developed by the principal with respect to amounts available from the fund for prioritized special needs programs and the allocated lump sum amount must be approved by the local school council.

The lump sum allocation shall take into account the following principles:

a. Teachers: Each school shall be allocated funds equal to the amount appropriated in the previous school year for compensation for teachers (regular grades kindergarten through 12th grade) plus whatever increases in compensation have been negotiated contractually or through longevity as provided in the negotiated agreement. Adjustments shall be made due to layoff or reduction in force, lack of funds or work, change in subject requirements, enrollment changes, or contracts with third parties for the performance of services or to rectify any inconsistencies with system-wide allocation formulas or for other legitimate reasons.

b. Other personnel: Funds for other teacher certificated and uncertificated personnel paid through non-categorical funds shall be provided according to system-wide formulas based on student enrollment and the special needs of the school as determined by the Board.

c. Non-compensation items: Appropriations for all non-compensation items shall be based on system-wide formulas based on student enrollment and on the special needs of the school or factors related to the physical plant, including but not limited to textbooks, electronic textbooks and the technological equipment necessary to gain access to and use electronic textbooks, supplies, electricity, equipment, and routine maintenance.

d. Funds for categorical programs: Schools shall receive personnel and funds based on, and shall use such personnel and funds in accordance with State and Federal requirements applicable to each categorical program provided to meet the special needs of the student body (including but not limited to, Federal Chapter I, Bilingual, and Special Education).

d.1. Funds for State Title I: Each school shall receive funds based on State and Board requirements applicable to each State
Title I pupil provided to meet the special needs of the student body. Each school shall receive the proportion of funds as provided in Section 18-8 to which they are entitled. These funds shall be spent only with the budgetary approval of the Local School Council as provided in Section 34-2.3.

e. The Local School Council shall have the right to request the principal to close positions and open new ones consistent with the provisions of the local school improvement plan provided that these decisions are consistent with applicable law and collective bargaining agreements. If a position is closed, pursuant to this paragraph, the local school shall have for its use the system-wide average compensation for the closed position.

f. Operating within existing laws and collective bargaining agreements, the local school council shall have the right to direct the principal to shift expenditures within funds.

g. (Blank).

Any funds unexpended at the end of the fiscal year shall be available to the board of education for use as part of its budget for the following fiscal year.

5. To make recommendations to the principal concerning textbook selection and concerning curriculum developed pursuant to the school improvement plan which is consistent with systemwide curriculum objectives in accordance with Sections 34-8 and 34-18 of the School Code and in conformity with the collective bargaining agreement.

6. To advise the principal concerning the attendance and disciplinary policies for the attendance center, subject to the provisions of this Article and Article 26, and consistent with the uniform system of discipline established by the board pursuant to Section 34-19.

7. To approve a school improvement plan developed as provided in Section 34-2.4. The process and schedule for plan development shall be publicized to the entire school community, and the community shall be afforded the opportunity to make recommendations concerning the plan. At least twice a year the principal and local school council shall report publicly on progress and problems with respect to plan implementation.

8. To evaluate the allocation of teaching resources and other certificated and uncertificated staff to the attendance center to determine whether such allocation is consistent with and in furtherance of instructional objectives and school programs reflective of the school improvement plan adopted for the attendance center; and to make

recommendations to the board, the general superintendent and the principal concerning any reallocation of teaching resources or other staff whenever the council determines that any such reallocation is appropriate because the qualifications of any existing staff at the attendance center do not adequately match or support instructional objectives or school programs which reflect the school improvement plan.

9. To make recommendations to the principal and the general superintendent concerning their respective appointments, after August 31, 1989, and in the manner provided by Section 34-8 and Section 34-8.1, of persons to fill any vacant, additional or newly created positions for teachers at the attendance center or at attendance centers which include the attendance center served by the local school council.

10. To request of the Board the manner in which training and assistance shall be provided to the local school council. Pursuant to Board guidelines a local school council is authorized to direct the Board of Education to contract with personnel or not-for-profit organizations not associated with the school district to train or assist council members. If training or assistance is provided by contract with personnel or organizations not associated with the school district, the period of training or assistance shall not exceed 30 hours during a given school year; person shall not be employed on a continuous basis longer than said period and shall not have been employed by the Chicago Board of Education within the preceding six months. Council members shall receive training in at least the following areas:

1. school budgets;
2. educational theory pertinent to the attendance center's particular needs, including the development of the school improvement plan and the principal's performance contract; and
3. personnel selection.

Council members shall, to the greatest extent possible, complete such training within 90 days of election.

11. In accordance with systemwide guidelines contained in the System-Wide Educational Reform Goals and Objectives Plan, criteria for evaluation of performance shall be established for local school councils and local school council members. If a local school council persists in noncompliance with systemwide requirements, the Board may impose sanctions and take necessary corrective action, consistent with Section 34-8.3.
12. Each local school council shall comply with the Open Meetings Act and the Freedom of Information Act. Each local school council shall issue and transmit to its school community a detailed annual report accounting for its activities programmatically and financially. Each local school council shall convene at least 2 well-publicized meetings annually with its entire school community. These meetings shall include presentation of the proposed local school improvement plan, of the proposed school expenditure plan, and the annual report, and shall provide an opportunity for public comment.

13. Each local school council is encouraged to involve additional non-voting members of the school community in facilitating the council's exercise of its responsibilities.

14. The local school council may adopt a school uniform or dress code policy that governs the attendance center and that is necessary to maintain the orderly process of a school function or prevent endangerment of student health or safety, consistent with the policies and rules of the Board of Education. AN ACT concerning local government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The River Edge Redevelopment Zone Act is amended by adding Section 10-10.1 as follows:

(65 ILCS 115/10-10.1 new)
Sec. 10-10.1. Utility facilities.
(a) It is in the public interest that costs for redevelopment in a River Edge Redevelopment Zone impacting a public utility, as defined by Section 3-105 of the Public Utilities Act, or a public utility's property, as described in subsection (b) of this Section, should not be allocated solely to the entity engaging in economic redevelopment because this economic redevelopment benefits the utility service territory as a whole and not just the particular area where the redevelopment occurs.

(b) A public utility that has facilities or land affected by the clean-up, remediation, and redevelopment of a River Edge Redevelopment Zone and that incurs costs related to the remediation or the removing or relocating of utility facilities in the River Edge Redevelopment Zone may recover these costs pursuant to subsections (c) and (d) of this Section.

(c) The reasonable and prudent costs incurred by a public utility for facility removal or relocation described in subsection (b) of this Section shall be shared equally among the public utility, the municipality in which the facility is located, and any landowner that is located within 100 feet of the utility facility and that directly benefits from the removal or relocation of the utility facility or the redevelopment of the public utility's land. In no event shall the costs incurred by each municipality or landowner for a given project exceed an equal percentage of the total direct, indirect, and overhead project costs, or $3,667,000 each, whichever amount is less. The reasonable and prudent costs incurred by the public utility for facility removal or relocation that are not the responsibility of the municipality or landowner under this subsection (c) shall be recovered by the public utility from all retail customers located in the municipality or municipalities in which the removal or relocation occurs through an appropriate tariff mechanism, and the public utility may record and defer such costs as a regulatory asset until they are so recovered.

New matter indicated by italics - deletions by strikeout
(d) The Illinois Commerce Commission shall allow a public utility described in subsection (b) to fully recover from all retail customers in its service territory all reasonable and prudent costs that it incurs in conducting environmental remediation in the River Edge Redevelopment Zone related to the removal or relocation of utility facilities in the River Edge Redevelopment Zone, including, but not limited to, transmission and distribution lines, transformers, and poles. These environmental remediation costs also include, but are not limited to, direct, indirect, and overhead costs calculated by the public utility for taxes or other charges, cost adjustments made after the project has begun, and any other environmental remediation-related charges. The public utility shall record and defer such costs as a regulatory asset to be included in the public utility's total rate base and amortized in the public utility's next filing for a general increase in rates over a reasonable period that is shorter than the life of the affected facility or facilities. Such regulatory assets shall be collected from all residential and commercial ratepayers system-wide, and not only from ratepayers in the municipality's corporate limits. In the event the River Edge Redevelopment Zone is decertified, the public utility shall be permitted to recover all reasonable and prudent costs incurred as of the date of the decertification, as well as all reasonable and prudent costs incurred subsequent to decertification that are necessary to complete any projects commenced while the River Edge Redevelopment Zone was certified, consistent with this Section.

July 30, 2010

To the Honorable Members of the
96th General Assembly

As Governor, I am committed to ensuring that the video gaming industry in our State operates with the utmost integrity. I have always been a proponent of strong ethics reforms and the vigorous enforcement of our

laws and I affix my signature to this bill today with the confidence that the Illinois Gaming Board has the necessary tools right now to keep unsavory elements far from the video gaming industry.

My decision today was not made without deep consideration of its impact. After careful deliberation, it is evident to me that there are appropriate safeguards and ample authority in existing law to prevent objectionable operators from conducting video gaming in Illinois. The Gaming Board will be able to continue to deny licenses to those entities who pose a threat to the public interest of the State, present a threat to the security of video gaming, create a risk of unsuitable practices, or operate with unsound business practices. Moreover, the Gaming Board will also retain the ability to adopt appropriate administrative rules to safeguard the integrity of the video gaming industry.

It must also be noted that without the amendments contained in this bill, veterans and fraternal organizations across Illinois will lose their ability to operate machines for amusement purposes at midnight on August 1, 2010.

For years, these machines have been a source of recreation to veterans, their family members, and friends. There are more than 1000 veterans’ posts statewide that serve our communities and many of them have machines for amusement purposes. The sudden elimination of these machines will threaten the survival of scores of worthy veterans’ posts. I do not believe that organizations that serve our veterans should be confronted with having to close their doors.

Therefore, pursuant to Article IV, Section 9(a) of the Illinois Constitution of 1970, I hereby approve House Bill 4927, entitled “AN ACT concerning regulation.”

Sincerely,

PAT QUINN
Governor

Sec. 15. Minimum requirements for licensing and registration. Every video gaming terminal offered for play shall first be tested and approved pursuant to the rules of the Board, and each video gaming terminal offered in this State for play shall conform to an approved model. The Board may utilize the services of an independent outside testing.
laboratory for the examination of video gaming machines and associated
equipment as required by this Section. Every video gaming terminal
offered in this State for play must meet minimum standards set by an
independent outside testing laboratory approved by the Board. Each
approved model shall, at a minimum, meet the following criteria:

   (1) It must conform to all requirements of federal law and
   regulations, including FCC Class A Emissions Standards.

   (2) It must theoretically pay out a mathematically
demonstrable percentage during the expected lifetime of the
machine of all amounts played, which must not be less than 80%.
The Board shall establish a maximum payout percentage for
approved models by rule. Video gaming terminals that may be
affected by skill must meet this standard when using a method of
play that will provide the greatest return to the player over a period
of continuous play.

   (3) It must use a random selection process to determine the
outcome of each play of a game. The random selection process
must meet 99% confidence limits using a standard chi-squared test
for (randomness) goodness of fit.

   (4) It must display an accurate representation of the game
outcome.

   (5) It must not automatically alter pay tables or any function
of the video gaming terminal based on internal computation of
hold percentage or have any means of manipulation that affects the
random selection process or probabilities of winning a game.

   (6) It must not be adversely affected by static discharge or
other electromagnetic interference.

   (7) It must be capable of detecting and displaying the
following conditions during idle states or on demand: power reset;
door open; and door just closed.

   (8) It must have the capacity to display complete play
history (outcome, intermediate play steps, credits available, bets
placed, credits paid, and credits cashed out) for the most recent
game played and 10 games prior thereto.

   (9) The theoretical payback percentage of a video gaming
terminal must not be capable of being changed without making a
hardware or software change in the video gaming terminal, either
on site or via the central communications system.

New matter indicated by italics - deletions by strikeout
(10) Video gaming terminals must be designed so that replacement of parts or modules required for normal maintenance does not necessitate replacement of the electromechanical meters.

(11) It must have nonresettable meters housed in a locked area of the terminal that keep a permanent record of all cash inserted into the machine, all winnings made by the terminal printer, credits played in for video gaming terminals, and credits won by video gaming players. The video gaming terminal must provide the means for on-demand display of stored information as determined by the Board.

(12) Electronically stored meter information required by this Section must be preserved for a minimum of 180 days after a power loss to the service.

(13) It must have one or more mechanisms that accept cash in the form of bills. The mechanisms shall be designed to prevent obtaining credits without paying by stringing, slamming, drilling, or other means. If such attempts at physical tampering are made, the video gaming terminal shall suspend itself from operating until reset.

(14) It shall have accounting software that keeps an electronic record which includes, but is not limited to, the following: total cash inserted into the video gaming terminal; the value of winning tickets claimed by players; the total credits played; the total credits awarded by a video gaming terminal; and pay back percentage credited to players of each video game.

(15) It shall be linked by a central communications system to provide auditing program information as approved by the Board. The central communications system shall use a standard industry protocol, as defined by the Gaming Standards Association, and shall have the functionality to enable the Board or its designee to activate or deactivate individual gaming devices from the central communications system. In no event may the communications system approved by the Board limit participation to only one manufacturer of video gaming terminals by either the cost in implementing the necessary program modifications to communicate or the inability to communicate with the central communications system.

(16) The Board, in its discretion, may require video gaming terminals to display Amber Alert messages if the Board makes a
finding that it would be economically and technically feasible and
pose no risk to the integrity and security of the central
communications system and video gaming terminals.

The Board may adopt rules to establish additional criteria to
preserve the integrity and security of video gaming in this State. *The central communications system vendor may not hold any license issued by
the Board under this Act.*

issued under this Act. A terminal operator may only place video gaming terminals for use in Illinois in licensed establishments, licensed truck stop establishments, licensed fraternal establishments, and licensed veterans establishments. No terminal operator may give anything of value, including but not limited to a loan or financing arrangement, to a licensed establishment, licensed truck stop establishment, licensed fraternal establishment, or licensed veterans establishment as any incentive or inducement to locate video terminals in that establishment. Of the after-tax profits from a video gaming terminal, 50% shall be paid to the terminal operator and 50% shall be paid to the licensed establishment, licensed truck stop establishment, licensed fraternal establishment, or licensed veterans establishment, notwithstanding any agreement to the contrary. No terminal operator may own or have a substantial interest in more than 5% of the video gaming terminals licensed in this State. A video terminal operator that violates one or more requirements of this subsection is guilty of a Class 4 felony and is subject to termination of his or her license by the Board.

(d) Licensed technician. A person may not service, maintain, or repair a video gaming terminal in this State unless he or she (1) has a valid technician's license issued under this Act, (2) is a terminal operator, or (3) is employed by a terminal operator, distributor, or manufacturer.

(d-5) Licensed terminal handler. No person, including, but not limited to, an employee or independent contractor working for a manufacturer, distributor, supplier, technician, or terminal operator licensed pursuant to this Act, shall have possession or control of a video gaming terminal, or access to the inner workings of a video gaming terminal, unless that person possesses a valid terminal handler's license issued under this Act.

(e) Licensed establishment. No video gaming terminal may be placed in any licensed establishment, licensed veterans establishment, licensed truck stop establishment, or licensed fraternal establishment unless the owner or agent of the owner of the licensed establishment, licensed veterans establishment, licensed truck stop establishment, or licensed fraternal establishment has entered into a written use agreement with the terminal operator for placement of the terminals. A copy of the use agreement shall be on file in the terminal operator's place of business and available for inspection by individuals authorized by the Board. A licensed establishment, licensed truck stop establishment, licensed
veterans establishment, or licensed fraternal establishment may operate up to 5 video gaming terminals on its premises at any time.

(f) (Blank).

(g) Financial interest restrictions. As used in this Act, "substantial interest" in a partnership, a corporation, an organization, an association, or a business, or a limited liability company means:

(A) When, with respect to a sole proprietorship, an individual or his or her spouse owns, operates, manages, or conducts, directly or indirectly, the organization, association, or business, or any part thereof; or

(B) When, with respect to a partnership, the individual or his or her spouse shares in any of the profits, or potential profits, of the partnership activities; or

(C) When, with respect to a corporation, an individual or his or her spouse is an officer or director, or the individual or his or her spouse is a holder, directly or beneficially, of 5% or more of any class of stock of the corporation; or

(D) When, with respect to an organization not covered in (A), (B) or (C) above, an individual or his or her spouse is an officer or manages the business affairs, or the individual or his or her spouse is the owner of or otherwise controls 10% or more of the assets of the organization; or

(E) When an individual or his or her spouse furnishes 5% or more of the capital, whether in cash, goods, or services, for the operation of any business, association, or organization during any calendar year; or

(F) When, with respect to a limited liability company, an individual or his or her spouse is a member, or the individual or his or her spouse is a holder, directly or beneficially, of 5% or more of the membership interest of the limited liability company.

For purposes of this subsection (g), "individual" includes all individuals or their spouses whose combined interest would qualify as a substantial interest under this subsection (g) and whose activities with respect to an organization, association, or business are so closely aligned or coordinated as to constitute the activities of a single entity.

(h) Location restriction. A licensed establishment, licensed truck stop establishment, licensed fraternal establishment, or licensed veterans establishment that is (i) located within 1,000 feet of a facility operated by an organizational licensee, an inter-track wagering
licensee, or an inter-track wagering location licensee licensed under the Illinois Horse Racing Act of 1975 or the home dock of a riverboat licensed under the Riverboat Gambling Act or (ii) located within 100 feet of a school or a place of worship under the Religious Corporation Act, is ineligible to operate a video gaming terminal. The location restrictions in this subsection (h) do not apply if a facility operated by an organization licensee, an inter-track wagering licensee, or an inter-track wagering location licensee, a school, or a place of worship moves to or is established within the restricted area after a licensed establishment, licensed truck stop establishment, licensed fraternal establishment, or licensed veterans establishment becomes licensed under this Act. For the purpose of this subsection, "school" means an elementary or secondary public school, or an elementary or secondary private school registered with or recognized by the State Board of Education.

Notwithstanding the provisions of this subsection (h), the Board may waive the requirement that a licensed establishment, licensed truck stop establishment, licensed fraternal establishment, or licensed veterans establishment not be located within 1,000 feet from a facility operated by an organization licensee, an inter-track wagering licensee, or an inter-track wagering location licensee licensed under the Illinois Horse Racing Act of 1975 or the home dock of a riverboat licensed under the Riverboat Gambling Act. The Board shall not grant such waiver if there is any common ownership or control, shared business activity, or contractual arrangement of any type between the establishment and the organization licensee, inter-track wagering licensee, inter-track wagering location licensee, or owners licensee of a riverboat. The Board shall adopt rules to implement the provisions of this paragraph.

(i) Undue economic concentration. In addition to considering all other requirements under this Act, in deciding whether to approve the operation of video gaming terminals by a terminal operator in a location, the Board shall consider the impact of any economic concentration of such operation of video gaming terminals. The Board shall not allow a terminal operator to operate video gaming terminals if the Board determines such operation will result in undue economic concentration. For purposes of this Section, "undue economic concentration" means that a terminal operator would have such actual or potential influence over video gaming terminals in Illinois as to:

(1) substantially impede or suppress competition among terminal operators;

New matter indicated by italics - deletions by strikeout
(2) adversely impact the economic stability of the video gaming industry in Illinois; or
(3) negatively impact the purposes of the Video Gaming Act.

The Board shall adopt rules concerning undue economic concentration with respect to the operation of video gaming terminals in Illinois. The rules shall include, but not be limited to, (i) limitations on the number of video gaming terminals operated by any terminal operator within a defined geographic radius and (ii) guidelines on the discontinuation of operation of any such video gaming terminals the Board determines will cause undue economic concentration.

(j) The provisions of the Illinois Antitrust Act are fully and equally applicable to the activities of any licensee under this Act.

(3) Nothing in this Section limits the power of the court to order a continuance of the hearing for the production of additional evidence or for any other proper reason.

(4) When a hearing where a minor is alleged to be a delinquent is continued pursuant to this Section, the period of continuance under supervision may not exceed 24 months. Any offender that has been assigned to the supervision of a probation department, or has been transferred either under subsection (h) of this Section or under any interstate compact, shall be required to pay probation fees to the department supervising the offender, based on the offender's ability to pay.

This amendatory Act of the 93rd General Assembly deletes the $10 increase in the fee under this subsection that was imposed by Public Act 93-616. This deletion is intended to control over any other Act of the 93rd General Assembly that retains or incorporates that fee increase.

(k) Any offender who is sentenced to probation or conditional discharge for a felony sex offense as defined in the Sex Offender Management Board Act or any offense that the court or probation
department has determined to be sexually motivated as defined in the Sex Offender Management Board Act shall be required to refrain from any contact, directly or indirectly, with any persons specified by the court and shall be available for all evaluations and treatment programs required by the court or the probation department.

Additionally, the court shall order the defendant to perform no less than 30 hours of community service and not more than 120 hours of community service, if community service is available in the jurisdiction and is funded and approved by the county board where the offense was committed, when the offense (1) was related to or in furtherance of the criminal activities of an organized gang or was motivated by the defendant's membership in or allegiance to an organized gang; or (2) is a violation of any Section of Article 24 of the Criminal Code of 1961 where a disposition of supervision is not prohibited by Section 5-6-1 of this Code. The community service shall include, but not be limited to, the cleanup and repair of any damage caused by violation of Section 21-1.3 of the Criminal Code of 1961 and similar damages to property located within the municipality or county in which the violation occurred. (f) Discharge and dismissal upon a successful conclusion of a disposition of supervision shall be deemed without adjudication of guilt and shall not be termed a conviction for purposes of disqualification or disabilities imposed by law upon conviction of a crime. Of the amount collected as a probation fee, not to exceed $5 of that fee collected per month may be used to provide services to crime victims and their families.

The Court may only waive probation fees based on an offender's ability to pay. The probation department may re-evaluate an offender's ability to pay every 6 months, and, with the approval of the Director of Court Services or the Chief Probation Officer, adjust the monthly fee amount. An offender may elect to pay probation fees due in a lump sum. Any offender that has been assigned to the supervision of a probation department, or has been transferred either under subsection (h) of this Section or under any interstate compact, shall be required to pay probation fees to the department supervising the offender, based on the offender's ability to pay.

This subsection (k) does not apply to a defendant who has a high school diploma or has successfully passed the GED test. This subsection (k) does not apply to a defendant who is determined by the court to be developmentally disabled or otherwise mentally incapable of completing the educational or vocational program.

Section 5. The School Code is amended by changing Section 30-14.2 as follows:

(105 ILCS 5/30-14.2) (from Ch. 122, par. 30-14.2)
Sec. 30-14.2. MIA/POW scholarships.

(a) Any spouse, natural child, legally adopted child, or any step-child of an eligible veteran or serviceperson who possesses all necessary entrance requirements shall, upon application and proper proof, be awarded a MIA/POW Scholarship consisting of the equivalent of 4 calendar years of full-time enrollment including summer terms, to the state supported Illinois institution of higher learning of his choice, subject to the restrictions listed below.

"Eligible veteran or serviceperson" means any veteran or serviceperson, including an Illinois National Guard member who is on active duty or is active on a training assignment, who has been declared by the U. S. Department of Defense or the U.S. Department of Veterans' Affairs to be a prisoner of war, be missing in action, have died as the result of a service-connected disability or be permanently disabled from service-connected causes with 100% disability and who (i) at the time of entering service was an Illinois resident, (ii) or was an Illinois resident within 6 months after entering such service, or (iii) until July 1, 2014, became an Illinois resident within 6 months after leaving the service and can establish at least 30 years of continuous residency in the State of Illinois.

Full-time enrollment means 12 or more semester hours of courses per semester, or 12 or more quarter hours of courses per quarter, or the equivalent thereof per term. Scholarships utilized by dependents enrolled in less than full-time study shall be computed in the proportion which the number of hours so carried bears to full-time enrollment.

Scholarships awarded under this Section may be used by a spouse or child without regard to his or her age. The holder of a Scholarship awarded under this Section shall be subject to all examinations and academic standards, including the maintenance of minimum grade levels, that are applicable generally to other enrolled students at the Illinois institution of higher learning where the Scholarship is being used. If the surviving spouse remarries or if there is a divorce between the veteran or serviceperson and his or her spouse while the dependent is pursuing his or her course of study, Scholarship benefits will be terminated at the end of the term for which he or she is presently enrolled. Such dependents shall also be entitled, upon proper proof and application, to enroll in any
extension course offered by a State supported Illinois institution of higher learning without payment of tuition and approved fees.

The holder of a MIA/POW Scholarship authorized under this Section shall not be required to pay any matriculation or application fees, tuition, activities fees, graduation fees or other fees, except multipurpose building fees or similar fees for supplies and materials.

Any dependent who has been or shall be awarded a MIA/POW Scholarship shall be reimbursed by the appropriate institution of higher learning for any fees which he or she has paid and for which exemption is granted under this Section if application for reimbursement is made within 2 months following the end of the school term for which the fees were paid.

(b) In lieu of the benefit provided in subsection (a), any spouse, natural child, legally adopted child, or step-child of an eligible veteran or serviceperson, which spouse or child has a physical, mental or developmental disability, shall be entitled to receive, upon application and proper proof, a benefit to be used for the purpose of defraying the cost of the attendance or treatment of such spouse or child at one or more appropriate therapeutic, rehabilitative or educational facilities. The application and proof may be made by the parent or legal guardian of the spouse or child on his or her behalf.

The total benefit provided to any beneficiary under this subsection shall not exceed the cost equivalent of 4 calendar years of full-time enrollment, including summer terms, at the University of Illinois. Whenever practicable in the opinion of the Department of Veterans' Affairs, payment of benefits under this subsection shall be made directly to the facility, the cost of attendance or treatment at which is being defrayed, as such costs accrue.

(c) The benefits of this Section shall be administered by and paid for out of funds made available to the Illinois Department of Veterans' Affairs. The amounts that become due to any state supported Illinois institution of higher learning shall be payable by the Comptroller to such institution on vouchers approved by the Illinois Department of Veterans' Affairs. The amounts that become due under subsection (b) of this Section shall be payable by warrant upon vouchers issued by the Illinois Department of Veterans' Affairs and approved by the Comptroller. The Illinois Department of Veterans' Affairs shall determine the eligibility of the persons who make application for the benefits provided for in this Section.

The rules may also include limits on the use of recyclable concrete and asphalt as fill material at clean construction or demolition debris fill operations, taking into account factors such as technical feasibility, economic reasonableness, and the availability of markets for such materials.

(2) Until the effective date of the Board rules adopted under subdivision (f)(1) of this Section, and in addition to any other requirements, owners and operators of clean construction or demolition debris fill operations must do all of the following in subdivisions (f)(2)(A) through (f)(2)(D) of this Section for all clean construction or demolition debris and uncontaminated soil accepted for use as fill material. The requirements in subdivisions (f)(2)(A) through (f)(2)(D) of this Section shall not limit any rules adopted by the Board.

(A) Document the following information for each load of clean construction or demolition debris or uncontaminated soil received: (i) the name of the hauler, the address of the site of origin, and the owner and the operator of the site of origin of the clean construction or demolition debris or uncontaminated soil, (ii) the weight or volume of the clean construction or demolition debris or uncontaminated soil, and (iii) the date the clean construction or demolition debris or uncontaminated soil was received.

(B) For all soil, obtain either (i) a certification from the owner or operator of the site from which the soil was removed that the site has never been used for commercial or industrial purposes and is presumed to be uncontaminated soil or (ii) a certification from a licensed Professional Engineer that the soil is uncontaminated soil. Certifications required under this subdivision (f)(2)(B) must be on forms and in a format prescribed by the Agency.

(C) Confirm that the clean construction or demolition debris or uncontaminated soil was not removed from a site as part
of a cleanup or removal of contaminants, including, but not limited to, activities conducted under the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended; as part of a Closure or Corrective Action under the Resource Conservation and Recovery Act, as amended; or under an Agency remediation program, such as the Leaking Underground Storage Tank Program or Site Remediation Program, but excluding sites subject to Section 58.16 of this Act where there is no presence or likely presence of a release or a substantial threat of a release of a regulated substance at, on, or from the real property.

(D) Document all activities required under subdivision (f)(2) of this Section. Documentation of any chemical analysis must include, but is not limited to, (i) a copy of the lab analysis, (ii) accreditation status of the laboratory performing the analysis, and (iii) certification by an authorized agent of the laboratory that the analysis has been performed in accordance with the Agency's rules for the accreditation of environmental laboratories and the scope of accreditation.

(3) Owners and operators of clean construction or demolition debris fill operations must maintain all documentation required under subdivision (f)(2) of this Section for a minimum of 3 years following the receipt of each load of clean construction or demolition debris or uncontaminated soil, except that documentation relating to an appeal, litigation, or other disputed claim must be maintained until at least 3 years after the date of the final disposition of the appeal, litigation, or other disputed claim. Copies of the documentation must be made available to the Agency and to units of local government for inspection and copying during normal business hours. The Agency may prescribe forms and formats for the documentation required under subdivision (f)(2) of this Section.

Chemical analysis conducted under subdivision (f)(2) of this Section must be conducted in accordance with the requirements of 35 Ill. Adm. Code 742, as amended, and "Test Methods for Evaluating Solid Waste, Physical/Chemical Methods", USEPA Publication No. SW-846, as amended.

(g)(1) No person shall use soil other than uncontaminated soil as fill material at a clean construction or demolition debris fill operation.
(2) No person shall use construction or demolition debris other than clean construction or demolition debris as fill material at a clean construction or demolition debris fill operation.

Uncontaminated soil fill operations that first receive uncontaminated soil on or after the effective date of this amendatory Act of the 96th General Assembly must be registered with the Agency prior to the receipt of any uncontaminated soil. Registrations must be submitted on forms and in a format prescribed by the Agency.

(d)(1) No later than one year after the effective date of this amendatory Act of the 96th General Assembly, the Agency shall propose to the Board, and, no later than one year after the Board's receipt of the Agency's proposal, the Board shall adopt, rules for the use of uncontaminated soil as fill material at uncontaminated soil fill operations. The rules must include standards and procedures necessary to protect groundwater, which shall include, but shall not be limited to, testing and certification of soil used as fill material and requirements for recordkeeping.

(2) Until the effective date of the Board rules adopted under subdivision (d)(1) of this Section, owners and operators of uncontaminated soil fill operations must do all of the following in subdivisions (d)(2)(A) through (d)(2)(F) of this Section for all uncontaminated soil accepted for use as fill material. (D) Visually inspect each load to confirm that only uncontaminated soil is being accepted for use as fill material.

(E) Screen each load of uncontaminated soil using a device that is approved by the Agency and detects volatile organic compounds. Such a device may include, but is not limited to, a photo ionization detector or a flame ionization detector. All screening devices shall be operated and maintained in accordance with the manufacturer's specifications. Unacceptable soil must be rejected from the fill operation.

(F) Document all activities required under subdivision (d)(2) of this Section. Documentation of any chemical analysis must include, but is not limited to, (i) a copy of the lab analysis, (ii)
accreditation status of the laboratory performing the analysis, and

analysis has been performed in accordance with the Agency's rules
for the accreditation of environmental laboratories and the scope
of accreditation.

(3) Owners and operators of uncontaminated soil fill operations
must maintain all documentation required under subdivision (d)(2) of this
Section for a minimum of 3 years following the receipt of each load of
uncontaminated soil, except that documentation relating to an appeal,

Sec. 22.51b. Fees for permitted facilities accepting clean
construction or demolition debris or uncontaminated soil.

(a) The Agency shall assess and collect a fee from the owner or
operator of each clean construction or demolition debris fill operation
that is permitted or required to be permitted by the Agency. The fee
assessed and collected under this subsection shall be 20 cents per cubic
yard of clean construction or demolition debris or uncontaminated soil
accepted by the clean construction or demolition debris fill operation, or,
alternatively, the owner or operator may weigh the quantity of the clean
construction or demolition debris or uncontaminated soil with a device for
which certification has been obtained under the Weights and Measures
Act and pay a fee of 14 cents per ton of clean construction or demolition
debris or uncontaminated soil. The fee shall apply to construction or
demolition debris or uncontaminated soil if (i) the clean construction or
demolition debris fill operation is located off the site where the clean
construction or demolition debris or uncontaminated soil was generated
and (ii) the clean construction or demolition debris fill operation is

owned, controlled, and operated by a person other than the generator of
the clean construction or demolition debris or uncontaminated soil.

(b) The Agency shall establish rules relating to the collection of the
fees authorized by subsection (a) of this Section. These rules shall include,
but are not limited to, the following:

(1) Records identifying the quantities of clean construction
or demolition debris and uncontaminated soil received.

(2) The form and submission of reports to accompany the
payment of fees to the Agency.

(3) The time and manner of payment of fees to the Agency,
which payments shall not be more often than quarterly.

(c) Fees collected under this Section shall be in addition to any
other fees collected under any other Section.

(d) The Agency shall not refund any fee paid to it under this

(e) The Agency shall deposit all fees collected under this
subsection into the Environmental Protection Permit and Inspection Fund.
Pursuant to appropriation, all moneys collected under this Section shall
be used by the Agency for the implementation of this Section and for
permit and inspection activities.

(f) A unit of local government, as defined in the Local Solid Waste
Disposal Act, in which a clean construction or demolition debris fill
operation is located and which has entered into a delegation agreement
with the Agency pursuant to subsection (r) of Section 4 of this Act for
inspection, investigation, or enforcement functions related to clean
construction or demolition debris fill operations may establish a fee, tax,
or surcharge with regard to clean construction or demolition debris or
uncontaminated soil accepted by clean construction or demolition debris
fill operations. All fees, taxes, and surcharges collected under this
subsection shall be used for inspection, investigation, and enforcement
functions performed by the unit of local government pursuant to the
delegation agreement with the Agency. Fees, taxes, and surcharges
established under this subsection (f) shall not exceed a total of 10 cents
per cubic yard of clean construction or demolition debris or
uncontaminated soil accepted by the clean construction or demolition
debris fill operation, unless the owner or operator weighs the quantity of

Sec. 31.1. Administrative citation.

(a) The prohibitions specified in subsections (o) and (p) of Section 21 and subsection (k) of Section 55 of this Act shall be enforceable either by administrative citation under this Section or as otherwise provided by this Act. Violations of Section 22.51 and 22.51a of this Act shall be enforceable either by administrative citation under this Section or as otherwise provided by this Act.

(b) Whenever Agency personnel or personnel of a unit of local government to which the Agency has delegated its functions pursuant to subsection (r) of Section 4 of this Act, on the basis of direct observation, determine that any person has violated any provision of subsection (o) or (p) of Section 21, Section 22.51, Section 22.51a, or subsection (k) of Section 55 of this Act, the Agency or such unit of local government may issue and serve an administrative citation upon such person within not more than 60 days after the date of the observed violation. Each such citation issued shall be served upon the person named therein or such person's authorized agent for service of process, and shall include the following information:

Board shall adopt a final order, which shall include the administrative
citation and findings of violation as alleged in the citation, and shall
impose the penalty specified in subdivision (b)(4) or (b)(4-5) of Section
42.

(2) If a petition for review is filed before the Board to contest an
administrative citation issued under subsection (b) of this Section, the
Agency or unit of local government shall appear as a complainant at a
hearing before the Board to be conducted pursuant to Section 32 of this
Act at a time not less than 21 days after notice of such hearing has been
sent by the Board to the Agency or unit of local government and the
person named in the citation. In such hearings, the burden of proof shall be
on the Agency or unit of local government. If, based on the record, the
Board finds that the alleged violation occurred, it shall adopt a final order
which shall include the administrative citation and findings of violation as
alleged in the citation, and shall impose the penalty specified in
subdivision (b)(4) or (b)(4-5) of Section 42. However, if the Board finds

Any money so recovered shall be placed in the Wildlife and Fish Fund in the State Treasury.

(d) The penalties provided for in this Section may be recovered in a civil action.

(e) The State's Attorney of the county in which the violation occurred, or the Attorney General, may, at the request of the Agency or on his own motion, institute a civil action for an injunction, prohibitory or mandatory, to restrain violations of this Act, any rule or regulation adopted under this Act, any permit or term or condition of a permit, or any Board order, or to require such other actions as may be necessary to address violations of this Act, any rule or regulation adopted under this Act, any permit or term or condition of a permit, or any Board order.

Any funds collected under this subsection (f) in which the Attorney General has prevailed shall be deposited in the Hazardous Waste Fund created in Section 22.2 of this Act. Any funds collected under this subsection (f) in which a State's Attorney has prevailed shall be retained by the county in which he serves.

(g) All final orders imposing civil penalties pursuant to this Section shall prescribe the time for payment of such penalties. If any such penalty is not paid within the time prescribed, interest on such penalty at the rate
set forth in subsection (a) of Section 1003 of the Illinois Income Tax Act, shall be paid for the period from the date payment is due until the date payment is received. However, if the time for payment is stayed during the pendency of an appeal, interest shall not accrue during such stay.

(h) In determining the appropriate civil penalty to be imposed under subdivisions (a), (b)(1), (b)(2), (b)(3), or (b)(5) of this Section, the Board is authorized to consider any matters of record in mitigation or aggravation of penalty, including but not limited to the following factors:

1. the duration and gravity of the violation;
2. the presence or absence of due diligence on the part of the respondent in attempting to comply with requirements of this Act and regulations thereunder or to secure relief therefrom as provided by this Act;
3. any economic benefits accrued by the respondent because of delay in compliance with requirements, in which case the economic benefits shall be determined by the lowest cost alternative for achieving compliance;
4. the amount of monetary penalty which will serve to deter further violations by the respondent and to otherwise aid in enhancing voluntary compliance with this Act by the respondent and other persons similarly subject to the Act;
5. the number, proximity in time, and gravity of previously adjudicated violations of this Act by the respondent;
6. whether the respondent voluntarily self-disclosed, in accordance with subsection (i) of this Section, the non-compliance to the Agency; and
7. whether the respondent has agreed to undertake a "supplemental environmental project," which means an environmentally beneficial project that a respondent agrees to undertake in settlement of an enforcement action brought under this Act, but which the respondent is not otherwise legally required to perform.

In determining the appropriate civil penalty to be imposed under subsection (a) or paragraph (1), (2), (3), or (5) of subsection (b) of this Section, the Board shall ensure, in all cases, that the penalty is at least as great as the economic benefits, if any, accrued by the respondent as a result of the violation, unless the Board finds that imposition of such penalty would result in an arbitrary or unreasonable financial hardship. However, such civil penalty may be off-set in whole or in part pursuant to a
supplemental environmental project agreed to by the complainant and the respondent.

(i) A person who voluntarily self-discloses non-compliance to the Agency, of which the Agency had been unaware, is entitled to a 100% reduction in the portion of the penalty that is not based on the economic benefit of non-compliance if the person can establish the following:

   (1) that the non-compliance was discovered through an environmental audit or a compliance management system documented by the regulated entity as reflecting the regulated entity's due diligence in preventing, detecting, and correcting violations;

   (2) that the non-compliance was disclosed in writing within 30 days of the date on which the person discovered it;

   (3) that the non-compliance was discovered and disclosed prior to:

   (i) the commencement of an Agency inspection, investigation, or request for information;

   (ii) notice of a citizen suit;

   (iii) the filing of a complaint by a citizen, the Illinois Attorney General, or the State's Attorney of the county in which the violation occurred;

   (iv) the reporting of the non-compliance by an employee of the person without that person's knowledge; or

   (v) imminent discovery of the non-compliance by the Agency;

   (4) that the non-compliance is being corrected and any environmental harm is being remediated in a timely fashion;

   (5) that the person agrees to prevent a recurrence of the non-compliance;

   (6) that no related non-compliance events have occurred in the past 3 years at the same facility or in the past 5 years as part of a pattern at multiple facilities owned or operated by the person;

   (7) that the non-compliance did not result in serious actual harm or present an imminent and substantial endangerment to human health or the environment or violate the specific terms of any judicial or administrative order or consent agreement;

   (8) that the person cooperates as reasonably requested by the Agency after the disclosure; and

   New matter indicated by italics - deletions by strikeout
(9) that the non-compliance was identified voluntarily and not through a monitoring, sampling, or auditing procedure that is required by statute, rule, permit, judicial or administrative order, or consent agreement.

If a person can establish all of the elements under this subsection except the element set forth in paragraph (1) of this subsection, the person is entitled to a 75% reduction in the portion of the penalty that is not based upon the economic benefit of non-compliance.

(j) In addition to any other remedy or penalty that may apply, whether civil or criminal, any person who violates Section 22.52 of this Act shall be liable for an additional civil penalty of up to 3 times the gross amount of any pecuniary gain resulting from the violation.

Sec. 10. Family Military Leave Requirement.

(a) Any employer, as defined in Section 5 of this Act, that employs between 15 and 50 employees shall provide up to 15 days of unpaid family military leave to an employee during the time federal or State deployment orders are in effect, subject to the conditions set forth in this Section. (35 ILCS 200/15-167)

Sec. 15-167. Returning Veterans' Homestead Exemption.

(a) Beginning with taxable year 2007, a homestead exemption, limited to a reduction set forth under subsection (b), from the property's value, as equalized or assessed by the Department, is granted for property that is owned and occupied as the principal residence of a veteran returning from an armed conflict involving the armed forces of the United States who is liable for paying real estate taxes on the property and is an owner of record of the property or has a legal or equitable interest therein as evidenced by a written instrument, except for a leasehold interest, other than a leasehold interest of land on which a single family residence is located, which is occupied as the principal residence of a veteran returning from an armed conflict involving the armed forces of the United States who has an ownership interest therein, legal, equitable or as a lessee, and on which he or she is liable for the payment of property taxes. For purposes of the exemption under this Section, "veteran" means an Illinois resident who has served as a member of the United States Armed Forces, a

member of the Illinois National Guard, or a member of the United States Reserve Forces.

(b) In all counties, the reduction is $5,000 and only for the taxable year in which the veteran returns from active duty in an armed conflict involving the armed forces of the United States. Beginning in taxable year 2010, the reduction shall also be allowed for the taxable year after the taxable year in which the veteran returns from active duty in an armed conflict involving the armed forces of the United States. For land improved with an apartment building owned and operated as a cooperative, the maximum reduction from the value of the property, as equalized by the Department, must be multiplied by the number of apartments or units occupied by a veteran returning from an armed conflict involving the armed forces of the United States who is liable, by contract with the owner or owners of record, for paying property taxes on the property and is an owner of record of a legal or equitable interest in the cooperative apartment building, other than a leasehold interest. In a cooperative where a homestead exemption has been granted, the cooperative association or the management firm of the cooperative or facility shall credit the savings resulting from that exemption only to the apportioned tax liability of the owner or resident who qualified for the exemption. Any person who willfully refuses to so credit the savings is guilty of a Class B misdemeanor.

(c) Application must be made during the application period in effect for the county of his or her residence. The assessor or chief county assessment officer may determine the eligibility of residential property to receive the homestead exemption provided by this Section by application, visual inspection, questionnaire, or other reasonable methods. The determination must be made in accordance with guidelines established by the Department.

(d) The exemption under this Section is in addition to any other homestead exemption provided in this Article 15. Notwithstanding Sections 6 and 8 of the State Mandates Act, no reimbursement by the State is required for the implementation of any mandate created by this Section. Sec. 15-169. Disabled veterans standard homestead exemption.
(a) Beginning with taxable year 2007, an annual homestead exemption, limited to the amounts set forth in subsection (b), is granted for property that is used as a qualified residence by a disabled veteran.

New matter indicated by italics - deletions by strikeout
(b) The amount of the exemption under this Section is as follows:

(1) for veterans with a service-connected disability of at least (i) 75% for exemptions granted in taxable years 2007 through 2009 and (ii) 70% for exemptions granted in taxable year 2010 and each taxable year thereafter, as certified by the United States Department of Veterans Affairs, the annual exemption is $5,000; and

(2) for veterans with a service-connected disability of at least 50%, but less than (i) 75% for exemptions granted in taxable years 2007 through 2009 and (ii) 70% for exemptions granted in taxable year 2010 and each taxable year thereafter, as certified by the United States Department of Veterans Affairs, the annual exemption is $2,500.

(c) The tax exemption under this Section carries over to the benefit of the veteran's surviving spouse as long as the spouse holds the legal or beneficial title to the homestead, permanently resides thereon, and does not remarry. If the surviving spouse sells the property, an exemption not to exceed the amount granted from the most recent ad valorem tax roll may be transferred to his or her new residence as long as it is used as his or her primary residence and he or she does not remarry.

(d) The exemption under this Section applies for taxable year 2007 and thereafter. A taxpayer who claims an exemption under Section 15-165 or 15-168 may not claim an exemption under this Section.

(e) Each taxpayer who has been granted an exemption under this Section must reapply on an annual basis. Application must be made during the application period in effect for the county of his or her residence. The assessor or chief county assessment officer may determine the eligibility of residential property to receive the homestead exemption provided by this Section by application, visual inspection, questionnaire, or other reasonable methods. The determination must be made in accordance with guidelines established by the Department.

(f) For the purposes of this Section:

"Qualified residence" means real property, but less any portion of that property that is used for commercial purposes, with an equalized assessed value of less than $250,000 that is the disabled veteran's primary residence. Property rented for more than 6 months is presumed to be used for commercial purposes.

"Veteran" means an Illinois resident who has served as a member of the United States Armed Forces on active duty or State active duty, a

Sec. 15-170. Senior Citizens Homestead Exemption. An annual homestead exemption limited, except as described here with relation to cooperatives or life care facilities, to a maximum reduction set forth below from the property's value, as equalized or assessed by the Department, is granted for property that is occupied as a residence by a person 65 years of age or older who is liable for paying real estate taxes on the property and is an owner of record of the property or has a legal or equitable interest therein as evidenced by a written instrument, except for a leasehold interest, other than a leasehold interest of land on which a single family residence is located, which is occupied as a residence by a person 65 years or older who has an ownership interest therein, legal, equitable or as a lessee, and on which he or she is liable for the payment of property taxes. Before taxable year 2004, the maximum reduction shall be $2,500 in counties with 3,000,000 or more inhabitants and $2,000 in all other counties. For taxable years 2004 through 2005, the maximum reduction shall be $3,000 in all counties. For taxable years 2006 and 2007, the maximum reduction shall be $3,500 and, for taxable years 2008 and thereafter, the maximum reduction is $4,000 in all counties.

For land improved with an apartment building owned and operated as a cooperative, the maximum reduction from the value of the property, as equalized by the Department, shall be multiplied by the number of apartments or units occupied by a person 65 years of age or older who is liable, by contract with the owner or owners of record, for paying property taxes on the property and is an owner of record of a legal or equitable interest in the cooperative apartment building, other than a leasehold interest. For land improved with a life care facility, the maximum reduction from the value of the property, as equalized by the Department, shall be multiplied by the number of apartments or units occupied by persons 65 years of age or older, irrespective of any legal, equitable, or leasehold interest in the facility, who are liable, under a contract with the owner or owners of record of the facility, for paying property taxes on the property. In a cooperative or a life care facility where a homestead exemption has been granted, the cooperative association or the management firm of the cooperative or facility shall credit the savings

New matter indicated by italics - deletions by strikeout
resulting from that exemption only to the apportioned tax liability of the owner or resident who qualified for the exemption. Any person who willfully refuses to so credit the savings shall be guilty of a Class B misdemeanor. Under this Section and Sections 15-175, 15-176, and 15-177, "life care facility" means a facility, as defined in Section 2 of the Life Care Facilities Act, with which the applicant for the homestead exemption has a life care contract as defined in that Act.

When a homestead exemption has been granted under this Section and the person qualifying subsequently becomes a resident of a facility licensed under the Assisted Living and Shared Housing Act or the Nursing Home Care Act, the exemption shall continue so long as the residence continues to be occupied by the qualifying person's spouse if the spouse is 65 years of age or older, or if the residence remains unoccupied but is still owned by the person qualified for the homestead exemption.

A person who will be 65 years of age during the current assessment year shall be eligible to apply for the homestead exemption during that assessment year. Application shall be made during the application period in effect for the county of his residence.

Beginning with assessment year 2003, for taxes payable in 2004, property that is first occupied as a residence after January 1 of any assessment year by a person who is eligible for the senior citizens homestead exemption under this Section must be granted a pro-rata exemption for the assessment year. The amount of the pro-rata exemption is the exemption allowed in the county under this Section divided by 365 and multiplied by the number of days during the assessment year the property is occupied as a residence by a person eligible for the exemption under this Section. The chief county assessment officer must adopt reasonable procedures to establish eligibility for this pro-rata exemption.

The assessor or chief county assessment officer may determine the eligibility of a life care facility to receive the benefits provided by this Section, by affidavit, application, visual inspection, questionnaire or other reasonable methods in order to insure that the tax savings resulting from the exemption are credited by the management firm to the apportioned tax liability of each qualifying resident. The assessor may request reasonable proof that the management firm has so credited the exemption.

The chief county assessment officer of each county with less than 3,000,000 inhabitants shall provide to each person allowed a homestead exemption under this Section a form to designate any other person to receive a duplicate of any notice of delinquency in the payment of taxes
assessed and levied under this Code on the property of the person receiving the exemption. The duplicate notice shall be in addition to the notice required to be provided to the person receiving the exemption, and shall be given in the manner required by this Code. The person filing the request for the duplicate notice shall pay a fee of $5 to cover administrative costs to the supervisor of assessments, who shall then file the executed designation with the county collector. Notwithstanding any other provision of this Code to the contrary, the filing of such an executed designation requires the county collector to provide duplicate notices as indicated by the designation. A designation may be rescinded by the person who executed such designation at any time, in the manner and form required by the chief county assessment officer.

The assessor or chief county assessment officer may determine the eligibility of residential property to receive the homestead exemption provided by this Section by application, visual inspection, questionnaire or other reasonable methods. The determination shall be made in accordance with guidelines established by the Department.

In counties with 3,000,000 or more inhabitants, beginning in taxable year 2010, each taxpayer who has been granted an exemption under this Section must reapply on an annual basis. The chief county assessment officer shall mail the application to the taxpayer. In counties with less than 3,000,000 inhabitants, the county board may by resolution provide that if a person has been granted a homestead exemption under this Section, the person qualifying need not reapply for the exemption.

In counties with less than 3,000,000 inhabitants, if the assessor or chief county assessment officer requires annual application for verification of eligibility for an exemption once granted under this Section, the application shall be mailed to the taxpayer.

The assessor or chief county assessment officer shall notify each person who qualifies for an exemption under this Section that the person may also qualify for deferral of real estate taxes under the Senior Citizens Real Estate Tax Deferral Act. The notice shall set forth the qualifications needed for deferral of real estate taxes, the address and telephone number of county collector, and a statement that applications for deferral of real estate taxes may be obtained from the county collector.

Notwithstanding Sections 6 and 8 of the State Mandates Act, no reimbursement by the State is required for the implementation of any mandate created by this Section.
Sec. 15-170. Senior Citizens Homestead Exemption. An annual homestead exemption limited, except as described here with relation to cooperatives or life care facilities, to a maximum reduction set forth below from the property's value, as equalized or assessed by the Department, is granted for property that is occupied as a residence by a person 65 years of age or older who is liable for paying real estate taxes on the property and is an owner of record of the property or has a legal or equitable interest therein as evidenced by a written instrument, except for a leasehold interest, other than a leasehold interest of land on which a single family residence is located, which is occupied as a residence by a person 65 years or older who has an ownership interest therein, legal, equitable or as a lessee, and on which he or she is liable for the payment of property taxes. Before taxable year 2004, the maximum reduction shall be $2,500 in counties with 3,000,000 or more inhabitants and $2,000 in all other counties. For taxable years 2004 through 2005, the maximum reduction shall be $3,000 in all counties. For taxable years 2006 and 2007, the maximum reduction shall be $3,500 and, for taxable years 2008 and thereafter, the maximum reduction is $4,000 in all counties.

For land improved with an apartment building owned and operated as a cooperative, the maximum reduction from the value of the property, as equalized by the Department, shall be multiplied by the number of apartments or units occupied by a person 65 years of age or older who is liable, by contract with the owner or owners of record, for paying property taxes on the property and is an owner of record of a legal or equitable interest in the cooperative apartment building, other than a leasehold interest. For land improved with a life care facility, the maximum reduction from the value of the property, as equalized by the Department, shall be multiplied by the number of apartments or units occupied by persons 65 years of age or older, irrespective of any legal, equitable, or leasehold interest in the facility, who are liable, under a contract with the owner or owners of record of the facility, for paying property taxes on the property. In a cooperative or a life care facility where a homestead exemption has been granted, the cooperative association or the management firm of the cooperative or facility shall credit the savings resulting from that exemption only to the apportioned tax liability of the owner or resident who qualified for the exemption. Any person who

willfully refuses to so credit the savings shall be guilty of a Class B misdemeanor. Under this Section and Sections 15-175, 15-176, and 15-177, "life care facility" means a facility, as defined in Section 2 of the Life Care Facilities Act, with which the applicant for the homestead exemption has a life care contract as defined in that Act.

When a homestead exemption has been granted under this Section and the person qualifying subsequently becomes a resident of a facility licensed under the Assisted Living and Shared Housing Act, or the Nursing Home Care Act, or the MR/DD Community Care Act, the exemption shall continue so long as the residence continues to be occupied by the qualifying person's spouse if the spouse is 65 years of age or older, or if the residence remains unoccupied but is still owned by the person qualified for the homestead exemption.

A person who will be 65 years of age during the current assessment year shall be eligible to apply for the homestead exemption during that assessment year. Application shall be made during the application period in effect for the county of his residence.

Beginning with assessment year 2003, for taxes payable in 2004, property that is first occupied as a residence after January 1 of any assessment year by a person who is eligible for the senior citizens homestead exemption under this Section must be granted a pro-rata exemption for the assessment year. The amount of the pro-rata exemption is the exemption allowed in the county under this Section divided by 365 and multiplied by the number of days during the assessment year the property is occupied as a residence by a person eligible for the exemption under this Section. The chief county assessment officer must adopt reasonable procedures to establish eligibility for this pro-rata exemption.

The assessor or chief county assessment officer may determine the eligibility of a life care facility to receive the benefits provided by this Section, by affidavit, application, visual inspection, questionnaire or other reasonable methods in order to insure that the tax savings resulting from the exemption are credited by the management firm to the apportioned tax liability of each qualifying resident. The assessor may request reasonable proof that the management firm has so credited the exemption.

The chief county assessment officer of each county with less than 3,000,000 inhabitants shall provide to each person allowed a homestead exemption under this Section a form to designate any other person to receive a duplicate of any notice of delinquency in the payment of taxes assessed and levied under this Code on the property of the person.

receiving the exemption. The duplicate notice shall be in addition to the notice required to be provided to the person receiving the exemption, and shall be given in the manner required by this Code. The person filing the request for the duplicate notice shall pay a fee of $5 to cover administrative costs to the supervisor of assessments, who shall then file the executed designation with the county collector. Notwithstanding any other provision of this Code to the contrary, the filing of such an executed designation requires the county collector to provide duplicate notices as indicated by the designation. A designation may be rescinded by the person who executed such designation at any time, in the manner and form required by the chief county assessment officer.

The assessor or chief county assessment officer may determine the eligibility of residential property to receive the homestead exemption provided by this Section by application, visual inspection, questionnaire or other reasonable methods. The determination shall be made in accordance with guidelines established by the Department.

In counties with 3,000,000 or more inhabitants, beginning in taxable year 2010, each taxpayer who has been granted an exemption under this Section must reapply on an annual basis. The chief county assessment officer shall mail the application to the taxpayer. In counties with less than 3,000,000 inhabitants, the county board may by resolution provide that if a person has been granted a homestead exemption under this Section, the person qualifying need not reapply for the exemption.

In counties with less than 3,000,000 inhabitants, if the assessor or chief county assessment officer requires annual application for verification of eligibility for an exemption once granted under this Section, the application shall be mailed to the taxpayer.

The assessor or chief county assessment officer shall notify each person who qualifies for an exemption under this Section that the person may also qualify for deferral of real estate taxes under the Senior Citizens Real Estate Tax Deferral Act. The notice shall set forth the qualifications needed for deferral of real estate taxes, the address and telephone number of county collector, and a statement that applications for deferral of real estate taxes may be obtained from the county collector.

Notwithstanding Sections 6 and 8 of the State Mandates Act, no reimbursement by the State is required for the implementation of any mandate created by this Section.

Sec. 15-176. Alternative general homestead exemption.

(a) For the assessment years as determined under subsection (j), in any county that has elected, by an ordinance in accordance with subsection (k), to be subject to the provisions of this Section in lieu of the provisions of Section 15-175, homestead property is entitled to an annual homestead exemption equal to a reduction in the property's equalized assessed value calculated as provided in this Section.

(b) As used in this Section:

(1) "Assessor" means the supervisor of assessments or the chief county assessment officer of each county.

(2) "Adjusted homestead value" means the lesser of the following values:

   (A) The property's base homestead value increased by 7% for each tax year after the base year through and including the current tax year, or, if the property is sold or ownership is otherwise transferred, the property's base homestead value increased by 7% for each tax year after the year of the sale or transfer through and including the current tax year. The increase by 7% each year is an increase by 7% over the prior year.

   (B) The property's equalized assessed value for the current tax year minus: (i) $4,500 in Cook County or $3,500 in all other counties in tax year 2003; (ii) $5,000 in all counties in tax years 2004 and 2005; and (iii) the lesser of the amount of the general homestead exemption under Section 15-175 or an amount equal to the increase in the equalized assessed value for the current tax year above the equalized assessed value for 1977 in tax year 2006 and thereafter.

(3) "Base homestead value".

   (A) Except as provided in subdivision (b)(3)(A-5) or (b)(3)(B), "base homestead value" means the equalized assessed value of the property for the base year prior to exemptions, minus (i) $4,500 in Cook County or $3,500 in all other counties in tax year 2003, (ii) $5,000 in all counties in tax years 2004 and 2005, or (iii) the lesser of the amount of the general homestead exemption under Section 15-175 or an amount equal to the increase in the equalized
assessed value for the current tax year above the equalized assessed value for 1977 in tax year 2006 and thereafter, provided that it was assessed for that year as residential property qualified for any of the homestead exemptions under Sections 15-170 through 15-175 of this Code, then in force, and further provided that the property's assessment was not based on a reduced assessed value resulting from a temporary irregularity in the property for that year. Except as provided in subdivision (b)(3)(B), if the property did not have a residential equalized assessed value for the base year, then "base homestead value" means the base homestead value established by the assessor under subsection (c).

(A-5) On or before September 1, 2007, in Cook County, the base homestead value, as set forth under subdivision (b)(3)(A) and except as provided under subdivision (b)(3)(B), must be recalculated as the equalized assessed value of the property for the base year, prior to exemptions, minus:

1. if the general assessment year for the property was 2003, the lesser of (i) $4,500 or (ii) the amount equal to the increase in equalized assessed value for the 2002 tax year above the equalized assessed value for 1977;

2. if the general assessment year for the property was 2004, the lesser of (i) $4,500 or (ii) the amount equal to the increase in equalized assessed value for the 2003 tax year above the equalized assessed value for 1977;

3. if the general assessment year for the property was 2005, the lesser of (i) $5,000 or (ii) the amount equal to the increase in equalized assessed value for the 2004 tax year above the equalized assessed value for 1977.

(B) If the property is sold or ownership is otherwise transferred, other than sales or transfers between spouses or between a parent and a child, "base homestead value" means the equalized assessed value of the property at the time of the sale or transfer prior to exemptions, minus: (i)
$4,500 in Cook County or $3,500 in all other counties in tax year 2003; (ii) $5,000 in all counties in tax years 2004 and 2005; and (iii) the lesser of the amount of the general homestead exemption under Section 15-175 or an amount equal to the increase in the equalized assessed value for the current tax year above the equalized assessed value for 1977 in tax year 2006 and thereafter, provided that it was assessed as residential property qualified for any of the homestead exemptions under Sections 15-170 through 15-175 of this Code, then in force, and further provided that the property's assessment was not based on a reduced assessed value resulting from a temporary irregularity in the property.

(3.5) "Base year" means (i) tax year 2002 in Cook County or (ii) tax year 2008 or 2009 in all other counties in accordance with the designation made by the county as provided in subsection (k).

(4) "Current tax year" means the tax year for which the exemption under this Section is being applied.

(5) "Equalized assessed value" means the property's assessed value as equalized by the Department.

(6) "Homestead" or "homestead property" means:

(A) Residential property that as of January 1 of the tax year is occupied by its owner or owners as his, her, or their principal dwelling place, or that is a leasehold interest on which a single family residence is situated, that is occupied as a residence by a person who has a legal or equitable interest therein evidenced by a written instrument, as an owner or as a lessee, and on which the person is liable for the payment of property taxes. Residential units in an apartment building owned and operated as a cooperative, or as a life care facility, which are occupied by persons who hold a legal or equitable interest in the cooperative apartment building or life care facility as owners or lessees, and who are liable by contract for the payment of property taxes, shall be included within this definition of homestead property.

(B) A homestead includes the dwelling place, appurtenant structures, and so much of the surrounding land

New matter indicated by italics - deletions by strikeout
constituting the parcel on which the dwelling place is situated as is used for residential purposes. If the assessor has established a specific legal description for a portion of property constituting the homestead, then the homestead shall be limited to the property within that description.

(7) "Life care facility" means a facility as defined in Section 2 of the Life Care Facilities Act.

(c) If the property did not have a residential equalized assessed value for the base year as provided in subdivision (b)(3)(A) of this Section, then the assessor shall first determine an initial value for the property by comparison with assessed values for the base year of other properties having physical and economic characteristics similar to those of the subject property, so that the initial value is uniform in relation to assessed values of those other properties for the base year. The product of the initial value multiplied by the equalized factor for the base year for homestead properties in that county, less: (i) $4,500 in Cook County or $3,500 in all other counties in tax years 2003; (ii) $5,000 in all counties in tax year 2004 and 2005; and (iii) the lesser of the amount of the general homestead exemption under Section 15-175 or an amount equal to the increase in the equalized assessed value for the current tax year above the equalized assessed value for 1977 in tax year 2006 and thereafter, is the base homestead value.

For any tax year for which the assessor determines or adjusts an initial value and hence a base homestead value under this subsection (c), the initial value shall be subject to review by the same procedures applicable to assessed values established under this Code for that tax year.

(d) The base homestead value shall remain constant, except that the assessor may revise it under the following circumstances:

(1) If the equalized assessed value of a homestead property for the current tax year is less than the previous base homestead value for that property, then the current equalized assessed value (provided it is not based on a reduced assessed value resulting from a temporary irregularity in the property) shall become the base homestead value in subsequent tax years.

(2) For any year in which new buildings, structures, or other improvements are constructed on the homestead property that would increase its assessed value, the assessor shall adjust the base homestead value as provided in subsection (c) of this Section with due regard to the value added by the new improvements.
(3) If the property is sold or ownership is otherwise transferred, the base homestead value of the property shall be adjusted as provided in subdivision (b)(3)(B). This item (3) does not apply to sales or transfers between spouses or between a parent and a child.

(4) the recalculation required in Cook County under subdivision (b)(3)(A-5).

(e) The amount of the exemption under this Section is the equalized assessed value of the homestead property for the current tax year, minus the adjusted homestead value, with the following exceptions:

(1) In Cook County, the exemption under this Section shall not exceed $20,000 for any taxable year through tax year:

   (i) 2005, if the general assessment year for the property is 2003;
   (ii) 2006, if the general assessment year for the property is 2004; or
   (iii) 2007, if the general assessment year for the property is 2005.

(1.1) Thereafter, in Cook County, and in all other counties, the exemption is as follows:

   (i) if the general assessment year for the property is 2006, then the exemption may not exceed: $33,000 for taxable year 2006; $26,000 for taxable year 2007; and $20,000 for taxable years year 2008 and 2009; $16,000 for taxable year 2010; and $12,000 for taxable year 2011;
   
   (ii) if the general assessment year for the property is 2007, then the exemption may not exceed: $33,000 for taxable year 2007; $26,000 for taxable year 2008; and $20,000 for taxable years year 2009 and 2010; $16,000 for taxable year 2011; and $12,000 for taxable year 2012; and
   
   (iii) if the general assessment year for the property is 2008, then the exemption may not exceed: $33,000 for taxable year 2008; $26,000 for taxable year 2009; and $20,000 for taxable years year 2010 and 2011; $16,000 for taxable year 2012; and $12,000 for taxable year 2013.

(1.5) In Cook County, for the 2006 taxable year only, the maximum amount of the exemption set forth under subsection (e)(1.1)(i) of this Section may be increased: (i) by $7,000 if the equalized assessed value of the property in that taxable year exceeds the equalized assessed value of $190,000

New matter indicated by italics - deletions by strikeout
value of that property in 2002 by 100% or more; or (ii) by $2,000 if the
equalized assessed value of the property in that taxable year exceeds the
equalized assessed value of that property in 2002 by more than 80% but
less than 100%.

(2) In the case of homestead property that also qualifies for
the exemption under Section 15-172, the property is entitled to the
exemption under this Section, limited to the amount of (i) $4,500
in Cook County or $3,500 in all other counties in tax year 2003,
(ii) $5,000 in all counties in tax years 2004 and 2005, or (iii) the
lesser of the amount of the general homestead exemption under
Section 15-175 or an amount equal to the increase in the equalized
assessed value for the current tax year above the equalized assessed
value for 1977 in tax year 2006 and thereafter.

(f) In the case of an apartment building owned and operated as a
cooperative, or as a life care facility, that contains residential units that
qualify as homestead property under this Section, the maximum
cumulative exemption amount attributed to the entire building or facility
shall not exceed the sum of the exemptions calculated for each qualified
residential unit. The cooperative association, management firm, or other
person or entity that manages or controls the cooperative apartment
building or life care facility shall credit the exemption attributable to each
residential unit only to the apportioned tax liability of the owner or other
person responsible for payment of taxes as to that unit. Any person who
willfully refuses to so credit the exemption is guilty of a Class B
misdemeanor.

(g) When married persons maintain separate residences, the
exemption provided under this Section shall be claimed by only one such
person and for only one residence.

(h) In the event of a sale or other transfer in ownership of the
homestead property, the exemption under this Section shall remain in
effect for the remainder of the tax year and be calculated using the same
base homestead value in which the sale or transfer occurs, but (other than
for sales or transfers between spouses or between a parent and a child)
shall be calculated for any subsequent tax year using the new base
homestead value as provided in subdivision (b)(3)(B). The assessor may
require the new owner of the property to apply for the exemption in the
following year.

(i) The assessor may determine whether property qualifies as a
homestead under this Section by application, visual inspection,
questionnaire, or other reasonable methods. Each year, at the time the assessment books are certified to the county clerk by the board of review, the assessor shall furnish to the county clerk a list of the properties qualified for the homestead exemption under this Section. The list shall note the base homestead value of each property to be used in the calculation of the exemption for the current tax year.

(j) In counties with 3,000,000 or more inhabitants, the provisions of this Section apply as follows:

(k) To be subject to the provisions of this Section in lieu of Section 15-175, a county must adopt an ordinance to subject itself to the provisions of this Section within 6 months after the effective date of this amendatory Act of the 96th General Assembly. In a county other than Cook County, the ordinance must designate either tax year 2008 or tax year 2009 as the base year.

(l) Notwithstanding Sections 6 and 8 of the State Mandates Act, no reimbursement by the State is required for the implementation of any mandate created by this Section.

(20 ILCS 3805/7.31 new)

Sec. 7.31. Abandoned Residential Property Municipality Relief Program.

(a) The Authority shall establish and administer an Abandoned Residential Property Municipality Relief Program. The Authority shall use moneys in the Abandoned Residential Property Municipality Relief Fund, and any other funds appropriated for this purpose, to make grants to
municipalities to assist with removal costs and securing or enclosing costs incurred by the municipality pursuant to Section 11-20-15.1 of the Illinois Municipal Code, as approved by the Authority under the Program. The Authority shall promulgate rules for the administration, operation, and maintenance of the Program and may adopt emergency rules as soon as practicable to begin implementation of the Program.

(b) Subject to appropriation, the Authority shall make grants from the Abandoned Residential Property Municipality Relief Fund as follows:

(1) 75% of the moneys in the Fund shall be distributed to municipalities, other than the City of Chicago, to assist with removal costs and securing or enclosing costs incurred by the municipality pursuant to Section 11-20-15.1 of the Illinois Municipal Code.

(2) 25% of the moneys in the Fund shall be distributed to the City of Chicago to assist with removal costs and securing or enclosing costs incurred by the municipality pursuant to Section 11-20-15.1 of the Illinois Municipal Code.

Section 10. The Illinois Municipal Code is amended by changing Section 11-20-15.1 as follows:

(65 ILCS 5/11-20-15.1)

Sec. 11-20-15.1. Lien for costs of removal, securing, and enclosing on abandoned residential property.

(a) If the municipality elects to incur a removal cost pursuant to subsection (d) of Section 11-20-7, subsection (d) of Section 11-20-8, subsection (d) of Section 11-20-12, or subsection (e) of Section 11-20-13, or a securing or enclosing cost pursuant to Section 11-31-1.01 with respect to an abandoned residential property, then that cost is a lien upon the underlying parcel of that abandoned residential property. This lien is superior to all other liens and encumbrances, except tax liens and as otherwise provided in this Section.

(b) To perfect a lien under this Section, the municipality must, within one year after the cost is incurred for the activity, file notice of the lien in the office of the recorder in the county in which the abandoned residential property is located or, if the abandoned residential property is registered under the Torrens system, in the office of the Registrar of Titles of that county, a sworn statement setting out:

(1) a description of the abandoned residential property that sufficiently identifies the parcel;

(2) the amount of the cost of the activity;

New matter indicated by italics - deletions by strikeout
(3) the date or dates when the cost for the activity was incurred by the municipality; and

(4) a statement that the lien has been filed pursuant to subsection (d) of Section 11-20-7, subsection (d) of Section 11-20-8, subsection (d) of Section 11-20-12, subsection (e) of Section 11-20-13, or Section 11-31-1.01, as applicable.

If, for any abandoned residential property, the municipality engaged in any activity on more than one occasion during the course of one year, then the municipality may combine any or all of the costs of each of those activities into a single notice of lien.

(c) To enforce a lien pursuant to this Section, the municipality must maintain contemporaneous records that include, at a minimum: (i) a dated statement of finding by the municipality that the property for which the work is to be performed has become abandoned residential property, which shall include (1) the date when the property was first known or observed to be unoccupied by any lawful occupant or occupants, (2) a description of the actions taken by the municipality to contact the legal owner or owners of the property identified on the recorded mortgage, or, if known, any agent of the owner or owners, including the dates such actions were taken, and (3) a statement that no contacts were made with the legal owner or owners or their agents as a result of such actions, (ii) a dated certification by an authorized official of the municipality of the necessity and specific nature of the work to be performed, (iii) a copy of the agreement with the person or entity performing the work that includes the legal name of the person or entity, the rate or rates to be charged for performing the work, and an estimate of the total cost of the work to be performed, (iv) detailed invoices and payment vouchers for all payments made by the municipality for such work, and (v) a statement as to whether the work was engaged through a competitive bidding process, and if so, a copy of all proposals submitted by the bidders for such work.

(d) A lien under this Section shall be enforceable exclusively at the hearing for confirmation of sale of the abandoned residential property that is held pursuant to subsection (b) of Section 15-1508 of the Code of Civil Procedure and shall be limited to a claim of interest in the proceeds of the sale and subject to the requirements of this Section. Any mortgagee who holds a mortgage on the property, or any beneficiary or trustee who holds a deed of trust on the property, may contest the lien or the amount of the lien at any time during the foreclosure proceeding upon motion and notice in accordance with court rules applicable to motions generally. Grounds for
forfeiture of the lien or the superior status of the lien granted by subsection (a) of this Section shall include, but not be limited to, a finding by the court that: (i) the municipality has not complied with subsection (b) or (c) of this Section, (ii) the scope of the work was not reasonable under the circumstances, (iii) the work exceeded the authorization for the work to be performed under subsection (a) of Section 11-20-7, subsection (a) of Section 11-20-8, subsection (a) of Section 11-20-12, subsection (a) of Section 11-20-13, or subsection (a) of Section 11-31-1.01, as applicable, or (iv) the cost of the services rendered or materials provided was not commercially reasonable. Forfeiture of the superior status of the lien otherwise granted by this Section shall not constitute a forfeiture of the lien as a subordinate lien.

(e) Upon payment of the amount of a lien filed under this Section by the mortgagee, servicer, owner, or any other person, the municipality shall release the lien, and the release may be filed of record by the person making such payment at the person's sole expense as in the case of filing notice of lien.

(f) Notwithstanding any other provision of this Section, a municipality may not file a lien pursuant to this Section for activities performed pursuant to Section 11-20-7, Section 11-20-8, Section 11-20-12, Section 11-20-13, or Section 11-31-1.01, if: (i) the mortgagee or servicer of the abandoned residential property has provided notice to the municipality that the mortgagee or servicer has performed or will perform the remedial actions specified in the notice that the municipality otherwise might perform pursuant to subsection (d) of Section 11-20-7, subsection (d) of Section 11-20-8, subsection (d) of Section 11-20-12, subsection (e) of Section 11-20-13, or Section 11-31-1.01, provided that the remedial actions specified in the notice have been performed or are performed or initiated in good faith within 30 days of such notice; or (ii) the municipality has provided notice to the mortgagee or servicer of a problem with the property requiring the remedial actions specified in the notice that the municipality otherwise would perform pursuant to subsection (d) of Section 11-20-7, subsection (d) of Section 11-20-8, subsection (d) of Section 11-20-12, subsection (e) of Section 11-20-13, or Section 11-31-1.01, and the mortgagee or servicer has performed or performs or initiates in good faith the remedial actions specified in the notice within 30 days of such notice.

(g) This Section and subsection (d) of Section 11-20-7, subsection (d) of Section 11-20-8, subsection (d) of Section 11-20-12, subsection (e)
of Section 11-20-13, or Section 11-31-1.01 shall apply only to activities performed, costs incurred, and liens filed after the effective date of this amendatory Act of the 96th General Assembly.

(h) For the purposes of this Section and subsection (d) of Section 11-20-7, subsection (d) of Section 11-20-8, subsection (d) of Section 11-20-12, subsection (e) of Section 11-20-13, or Section 11-31-1.01:

"Abandoned residential property" means any type of permanent residential dwelling unit, including detached single family structures, and townhouses, condominium units and multifamily rental apartments covering the entire property, and manufactured homes treated under Illinois law as real estate and not as personal property, that has been unoccupied by any lawful occupant or occupants for at least 90 days, and for which after such 90 day period, the municipality has made good faith efforts to contact the legal owner or owners of the property identified on the recorded mortgage, or, if known, any agent of the owner or owners, and no contact has been made. A property for which the municipality has been given notice of the order of confirmation of sale pursuant to subsection (b-10) of Section 15-1508 of the Code of Civil Procedure shall not be deemed to be an abandoned residential property for the purposes of subsection (d) of Section 11-20-7, subsection (d) of Section 11-20-8, subsection (d) of Section 11-20-12, subsection (e) of Section 11-20-13, and Section 11-31-1.01 of this Code.

"MERS program" means the nationwide Mortgage Electronic Registration System approved by Fannie Mae, Freddie Mac, and Ginnie Mae that has been created by the mortgage banking industry with the mission of registering every mortgage loan in the United States to lawfully make information concerning each residential mortgage loan and the property securing it available by Internet access to mortgage originators, servicers, warehouse lenders, wholesale lenders, retail lenders, document custodians, settlement agents, title companies, insurers, investors, county recorders, units of local government, and consumers.

(i) Any entity or person who performs a removal, securing, or enclosing activity pursuant to the authority of a municipality under subsection (d) of Section 11-20-7, subsection (d) of Section 11-20-8, subsection (d) of Section 11-20-12, subsection (e) of Section 11-20-13, or Section 11-31-1.01, may, in its, his, or her own name, file a lien pursuant to subsection (b) of this Section and appear in a foreclosure action on that lien pursuant to subsection (d) of this Section in the place of the municipality, provided that the municipality shall remain subject to
subsection (c) of this Section, and such party shall be subject to all of the provisions in this Section as if such party were the municipality.

(i-5) All amounts received by the municipality for costs incurred pursuant to this Section for which the municipality has been reimbursed under Section 7.31 of the Illinois Housing Development Act shall be remitted to the State Treasurer for deposit into the Abandoned Residential Property Municipality Relief Fund.

(j) If prior to subsection (d) of Section 11-20-7, subsection (d) of Section 11-20-8, subsection (d) of Section 11-20-12, and subsection (e) of Section 11-20-13 becoming inoperative a lien is filed pursuant to any of those subsections, then the lien shall remain in full force and effect after the subsections have become inoperative, subject to all of the provisions of this Section. If prior to the repeal of Section 11-31-1.01 a lien is filed pursuant to Section 11-31-1.01, then the lien shall remain in full force and effect after the repeal of Section 11-31-1.01, subject to all of the provisions of this Section.

Section 15. The Code of Civil Procedure is amended by changing Section 15-1502.5 and by adding Sections 15-1504.1 and 15-1507.1 as follows:

(735 ILCS 5/15-1502.5)
(Section scheduled to be repealed on April 6, 2011)
Sec. 15-1502.5. Homeowner protection.
(a) As used in this Section:
"Approved counseling agency" means a housing counseling agency approved by the U.S. Department of Housing and Urban Development.
"Approved Housing Counseling" means in-person counseling provided by a counselor employed by an approved counseling agency to all borrowers, or documented telephone counseling where a hardship would be imposed on one or more borrowers. A hardship shall exist in instances in which the borrower is confined to his or her home due to medical conditions, as verified in writing by a physician or the borrower resides 50 miles or more from the nearest approved counseling agency. In instances of telephone counseling, the borrower must supply all necessary documents to the counselor at least 72 hours prior to the scheduled telephone counseling session.
"Delinquent" means past due with respect to a payment on a mortgage secured by residential real estate.
"Department" means the Department of Financial and Professional Regulation.

"Secretary" means the Secretary of Financial and Professional Regulation or other person authorized to act in the Secretary's stead.

"Sustainable loan workout plan" means a plan that the mortgagor and approved counseling agency believe shall enable the mortgagor to stay current on his or her mortgage payments for the foreseeable future when taking into account the mortgagor income and existing and foreseeable debts. A sustainable loan workout plan may include, but is not limited to, (1) a temporary suspension of payments, (2) a lengthened loan term, (3) a lowered or frozen interest rate, (4) a principal write down, (5) a repayment plan to pay the existing loan in full, (6) deferred payments, or (7) refinancing into a new affordable loan.

(b) Except in the circumstance in which a mortgagor has filed a petition for relief under the United States Bankruptcy Code, no mortgagee shall file a complaint to foreclose a mortgage secured by residential real estate until the requirements of this Section have been satisfied.

(c) Notwithstanding any other provision to the contrary, with respect to a particular mortgage secured by residential real estate, the procedures and forbearances described in this Section apply only once per subject mortgage.

Except for mortgages secured by residential real estate in which any mortgagor has filed for relief under the United States Bankruptcy Code, if a mortgage secured by residential real estate becomes delinquent by more than 30 days the mortgagee shall send via U.S. mail a notice advising the mortgagor that he or she may wish to seek approved housing counseling. Notwithstanding anything to the contrary in this Section, nothing shall preclude the mortgagor and mortgagee from communicating with each other during the initial 30 days of delinquency or reaching agreement on a sustainable loan workout plan, or both.

No foreclosure action under Part 15 of Article XV of the Code of Civil Procedure shall be instituted on a mortgage secured by residential real estate before mailing the notice described in this subsection (c).

The notice required in this subsection (c) shall state the date on which the notice was mailed, shall be headed in bold 14-point type "GRACE PERIOD NOTICE", and shall state the following in 14-point type: "YOUR LOAN IS MORE THAN 30 DAYS PAST DUE. YOU MAY BE EXPERIENCING FINANCIAL DIFFICULTY. IT MAY BE IN YOUR BEST INTEREST TO SEEK APPROVED HOUSING"
COUNSELING. YOU HAVE A GRACE PERIOD OF 30 DAYS FROM THE DATE OF THIS NOTICE TO OBTAIN APPROVED HOUSING COUNSELING. DURING THE GRACE PERIOD, THE LAW PROHIBITS US FROM TAKING ANY LEGAL ACTION AGAINST YOU. YOU MAY BE ENTITLED TO AN ADDITIONAL 30 DAY GRACE PERIOD IF YOU OBTAIN HOUSING COUNSELING FROM AN APPROVED HOUSING COUNSELING AGENCY. A LIST OF APPROVED COUNSELING AGENCIES MAY BE OBTAINED FROM THE ILLINOIS DEPARTMENT OF FINANCIAL AND PROFESSIONAL REGULATION."

The notice shall also list the Department's current consumer hotline, the Department's website, and the telephone number, fax number, and mailing address of the mortgagee. No language, other than language substantially similar to the language prescribed in this subsection (c), shall be included in the notice. Notwithstanding any other provision to the contrary, the grace period notice required by this subsection (c) may be combined with a counseling notification required under federal law.

The sending of the notice required under this subsection (c) means depositing or causing to be deposited into the United States mail an envelope with first-class postage prepaid that contains the document to be delivered. The envelope shall be addressed to the mortgagor at the common address of the residential real estate securing the mortgage.

(d) Until 30 days after mailing the notice provided for under subsection (c) of this Section, no legal action shall be instituted under Part 15 of Article XV of the Code of Civil Procedure.

(e) If, within the 30-day period provided under subsection (d) of this Section, an approved counseling agency provides written notice to the mortgagee that the mortgagor is seeking approved counseling services, then no legal action under Part 15 of Article XV of the Code of Civil Procedure shall be instituted for 30 days after the date of that notice. The date that such notice is sent shall be stated in the notice, and shall be sent to the address or fax number contained in the Grace Period Notice required under subsection (c) of this Section. During the 30-day period provided under this subsection (e), the mortgagor or counselor or both may prepare and proffer to the mortgagee a proposed sustainable loan workout plan. The mortgagee will then determine whether to accept the proposed sustainable loan workout plan. If the mortgagee and the mortgagor agree to a sustainable loan workout plan, then no legal action under Part 15 of...
Article XV of the Code of Civil Procedure shall be instituted for as long as the sustainable loan workout plan is complied with by the mortgagor.

The agreed sustainable loan workout plan and any modifications thereto must be in writing and signed by the mortgagee and the mortgagor.

Upon written notice to the mortgagee, the mortgagor may change approved counseling agencies, but such a change does not entitle the mortgagor to any additional period of forbearance.

(f) If the mortgagor fails to comply with the sustainable loan workout plan, then nothing in this Section shall be construed to impair the legal rights of the mortgagee to enforce the contract.

(g) A counselor employed by a housing counseling agency or the housing counseling agency that in good faith provides counseling shall not be liable to a mortgagee or mortgagor for civil damages, except for willful or wanton misconduct on the part of the counselor in providing the counseling.

(h) There shall be no waiver of any provision of this Section.

(i) It is the General Assembly's intent that compliance with this Section shall not prejudice a mortgagee in ratings of its bad debt collection or calculation standards or policies.

(j) This Section shall not apply, or shall cease to apply, to residential real estate that is not occupied as a principal residence by the mortgagor.

(k) This Section is repealed July 1, 2013 2 years after the effective date of this amendatory Act of the 95th General Assembly.

Any person who, without the required license, engages in conduct requiring a license under this Act, shall be liable to the Department in an amount equal to the greater of (1) $1,000 or (2) an amount equal to 4 times the amount of consumer debt enrolled. The Department shall cause any funds so recovered to be deposited in the Debt Management Service Consumer Protection Fund.

(205 ILCS 665/16.6 new)

Sec. 16.6. Debt Management Service Consumer Protection Fund.

(a) A special non-appropriated income-earning fund is hereby created in the State Treasury, known as the Debt Management Service Consumer Protection Fund. This Fund is not subject to appropriation by the Illinois General Assembly.

(b) All moneys paid into the Fund together with all accumulated, undistributed interest thereon shall be held as a special Fund in the State Treasury. All interest earned on the Fund is non-distributable and shall be returned to the Fund, and shall be invested and re-invested in the Fund by the Treasurer or his or her designee. The Fund shall be used solely for the
purpose of providing restitution to consumers who have suffered monetary loss arising out of a transaction regulated by this Act.

(c) The Fund shall be applied only to restitution when restitution has been ordered by the Secretary. Restitution shall not exceed the amount actually lost by the consumer. The Fund shall not be used for the payment of any attorney or other fees.

(d) The Fund shall be subrogated to the amount of the restitution, and the Secretary shall request the Attorney General to engage in all reasonable collection steps to collect restitution from the party responsible for the loss and reimburse the Fund.

(e) Notwithstanding any other provision of this Section, the payment of restitution from the Fund shall be a matter of grace and not of right, and no consumer shall have any vested rights in the Fund as a beneficiary or otherwise. Before seeking restitution from the Fund, the consumer or beneficiary seeking payment of restitution shall apply for restitution on a form provided by the Secretary. The form shall include any information the Secretary may reasonably require in order to determine that restitution is appropriate. All documentation required by the Secretary, including the form, is subject to audit. Distributions from the Fund shall be made solely at the discretion of the Secretary, except that no payments or distributions may be made under any circumstance if the Fund is depleted.

(f) All deposits to this Fund shall be made pursuant to Section 16.5 of this Act.

(g) Notwithstanding any other law to the contrary, the Fund is not subject to administrative charges or charge-backs that would in any way transfer moneys from the Fund into any other fund of the State.

Sec. 17. Injunction. To engage in debt management service, render financial service, or accept debtors' funds, as defined in this Act, without a valid license so to do, is hereby declared to be inimical to the public welfare and to constitute a public nuisance. The Secretary Director may, in the name of the people of the State of Illinois, through the Attorney General of the State of Illinois, file a complaint for an injunction in the circuit court to enjoin such person, from engaging in said business. Sec. 20. Cease and desist orders.

(a) The Secretary Director may issue a cease and desist order to any licensee, or other person doing business without the required license, when in the opinion of the Secretary Director, the licensee, or other person, is violating or is about to violate any provision of the Act or any rule or condition imposed in writing by the Department.

(b) The Secretary Director may issue a cease and desist order prior to a hearing.

(c) The Secretary Director shall serve notice of his action, including a statement of the reasons for his action either personally or by certified mail, return receipt requested. Service by mail shall be deemed completed if the notice is deposited in the U.S. Mail.

(e) The Secretary Director shall schedule either a status date or a hearing within 30 days after the request for a hearing unless otherwise agreed to by the parties.

(f) The Director shall have the authority to prescribe rules for the administration of this Section.

(g) If it is determined that the Secretary Director had the authority to issue the cease and desist order, he may issue such orders as may be reasonably necessary to correct, eliminate, or remedy such conduct.

(h) The powers vested in the Secretary Director by this Section are additional to any and all other powers and remedies vested in the Secretary Director by law, and nothing in this Section shall be construed as requiring that the Secretary Director shall employ the power conferred in this Section instead of or as a condition precedent to the exercise of any other power or remedy vested in the Secretary Director.

Sec. 20.5. Receivership.

New matter indicated by italics - deletions by strikeout
(a) If the Secretary Director determines that a licensee is insolvent or is violating this Act, he or she may appoint a receiver. Under the direction of the Secretary Director, the receiver shall, for the purpose of receivership, take possession of and title to the books, records, and assets of the licensee. The Secretary Director may require the receiver to provide security in an amount the Secretary Director deems proper. Upon appointment of the receiver, the Secretary Director shall have published, once each week for 4 consecutive weeks in a newspaper having a general circulation in the community, a notice informing all persons who have claims against the licensee to present them to the receiver. Within 10 days after the receiver takes possession, the licensee may apply to the Circuit Court of Sangamon County to enjoin further proceedings. The receiver may operate the business until the Secretary Director determines that possession should be restored to the licensee or that the business should be liquidated.

(b) If the Secretary Director determines that a business in receivership should be liquidated, he or she shall direct the Attorney General to file a complaint in the Circuit Court of the county in which the business is located, in the name of the People of the State of Illinois, for the orderly liquidation and dissolution of the business and for an injunction restraining the licensee and its officers and directors from continuing the operation of the business. Within 30 days after the day the Secretary Director determines that the business should be liquidated, the receiver shall file with the Secretary Director and with the clerk of the court that has charge of the liquidation a correct list of all creditors, as shown by the licensee's books and records, who have not presented their claims. The list shall state the amount of the claim after allowing all just credits, deductions, and set-offs as shown by the licensee's books. These claims shall be deemed proven unless some interested party files an objection within the time fixed by the Secretary Director or court that has charge of the liquidation.

(c) The General Assembly finds and declares that debt management services provide an important service and vital services to Illinois citizens. It is therefore declared to be the policy of this State that customers who receive these services must be protected from interruptions of services. To carry out this policy and to insure that customers of a licensee are protected if it is determined that a business in receivership should be liquidated, the Secretary Director shall make a distribution of moneys collected by the receiver in the following order of priority:

New matter indicated by italics - deletions by strikeout
(1) Allowed claims for the actual necessary expenses of the receivership of the business being liquidated, including:

(A) reasonable receiver's fees and receiver's attorney's fees approved by the Secretary Director;

(B) all expenses of any preliminary or other examinations into the condition of the receivership;

(C) all expenses incurred by the Secretary Director that are incident to possession and control of any property or records of the licensee's business; and

(D) reasonable expenses incurred by the Secretary Director as the result of business agreements or contractual arrangements necessary to insure that the services of the licensee are delivered to the community without interruption. These business agreements or contractual arrangements may include, but are not limited to, agreements made by the Secretary Director, or by the receiver with the approval of the Secretary Director, with banks, bonding companies, and other types of financial institutions.

(1.5) Secured claims.

(2) Allowed unsecured claims for wages or salaries, excluding vacation, severance, and sick leave pay earned by employees within 90 days before the appointment of a receiver.

(3) Allowed unsecured claims of any tax, and interest and penalty on the tax.

(4) Allowed unsecured claims, other than a kind specified in items (1), (2), and (3) of this subsection, filed with the Secretary Director within the time the Secretary Director fixes for filing claims.

(5) Allowed unsecured claims, other than a kind specified in items (1), (2), and (3) of this subsection, filed with the Secretary Director after the time fixed for filing claims by the Secretary Director.

(6) Allowed creditor claims asserted by an owner, member, or stockholder of the business in liquidation.

(7) After one year from the final dissolution of the licensee's business, all assets not used to satisfy allowed claims shall be distributed pro rata to the owner, owners, members, or stockholders of the business.

New matter indicated by italics - deletions by strikeout
The Secretary Director shall pay all claims of equal priority according to the schedule established in this subsection and shall not pay claims of lower priority until all higher priority claims are satisfied. If insufficient assets are available to meet all claims of equal priority, those assets shall be distributed pro rata among those claims. All unclaimed assets of a licensee and the licensee's business shall be deposited with the Secretary Director to be paid out when proper claims are presented to the Secretary Director.

(d) Upon the order of the circuit court of the county in which the business being liquidated is located, the receiver may sell or compound any bad or doubtful debt, and on like order may sell the personal property of the business on such terms as the court approves. The receiver shall succeed to whatever rights or remedies the unsecured creditors of the business may have against the owner or owners, operators, stockholders, directors, members, managers, or officers, arising out of their claims against the licensee's business, but nothing contained in this Section shall prevent those creditors from filing their claims in the liquidation proceeding. The receiver may enforce those rights or remedies in any court of competent jurisdiction.

(e) At the close of a receivership, the receiver shall turn over to the Secretary Director all books of account and ledgers of the business for preservation. The Secretary Director shall hold all records of receiverships received at any time for a period of 2 years after the close of the receivership. The records may be destroyed at the termination of the 2-year period. All expenses of the receivership including, but not limited to, reasonable receiver's and attorney's fees approved by the Secretary Director, all expenses of any preliminary or other examinations into the condition of the licensee's business or the receivership, and all expenses incident to the possession and control of any property or records of the business incurred by the Secretary Director shall be paid out of the assets of the licensee's business. These expenses shall be paid before all other claims.

(f) Upon the filing of a complaint by the Attorney General for the orderly liquidation and dissolution of a debt management service provider's licensee's business, as provided in this Act, all pending suits and actions upon unsecured claims against the business shall abate. Nothing contained in this Act, however, prevents these claimants from filing their claims in the liquidation proceeding. If a suit or an action is instituted or maintained by the receiver on any bond or policy of insurance issued

pursuant to the requirements of this Act, the bonding or insurance company sued shall not have the right to interpose or maintain any counterclaim based upon subrogation, upon any express or implied agreement of, or right to, indemnity or exoneration, or upon any other express or implied agreement with, or right against, the debt management service provider's licensee's business. Nothing contained in this Act prevents the bonding or insurance company from filing this type of claim in the liquidation proceeding.

(g) A debt management service provider licensee may not terminate its affairs and close up its business unless it has first deposited with the Secretary Director an amount of money equal to all of its debts, liabilities, and lawful demands against it including the costs and expenses of a proceeding under this Section, surrendered to the Secretary Director its license, and filed with the Secretary Director a statement of termination signed by the debt management service provider licensee containing a pronouncement of intent to close up its business and liquidate its liabilities and containing a sworn list itemizing in full all of its debts, liabilities, and lawful demands against it. Corporate licensees must attach to, and make a part of the statement of termination, a copy of a resolution providing for the termination and closing up of the licensee's affairs, certified by the secretary of the licensee and duly adopted at a shareholders' meeting by the holders of at least two-thirds of the outstanding shares entitled to vote at the meeting. Upon the filing with the Secretary Director of a statement of termination, the Secretary Director shall cause notice of that action to be published once each week for 3 consecutive weeks in a public newspaper of general circulation published in the city or village where the business is located, and if no newspaper is published in that place, then in a public newspaper of general circulation nearest to that city or village. The publication shall give notice that the debts, liabilities, and lawful demands against the business will be redeemed by the Secretary Director upon demand in writing made by the owner thereof, at any time within 3 years after the date of first publication. After the expiration of the 3-year period, the Secretary Director shall return to the person or persons designated in the statement of termination to receive repayment, and in the proportion specified in that statement, any balance of money remaining in his or her possession after first deducting all unpaid costs and expenses incurred in connection with a proceeding under this Section. The Secretary Director shall receive for his or her services, exclusive of costs and expenses, 2% of any amount up to $5,000 and 1% of any amount in excess of $5,000.
deposited with him or her under this Section by any business. Nothing contained in this Section shall affect or impair the liability of any bonding or insurance company on any bond or insurance policy issued under this Act relating to the business.

(Senate Bill No. 1118)

AN ACT concerning business.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Interest Act is amended by changing Section 4 as follows:

(815 ILCS 205/4) (from Ch. 17, par. 6404)

Sec. 4. General interest rate.

(1) Except as otherwise provided in Section 4.05, in all written contracts it shall be lawful for the parties to stipulate or agree that 9% per annum, or any less sum of interest, shall be taken and paid upon every $100 of money loaned or in any manner due and owing from any person to

any other person or corporation in this state, and after that rate for a greater or less sum, or for a longer or shorter time, except as herein provided.

The maximum rate of interest that may lawfully be contracted for is determined by the law applicable thereto at the time the contract is made. Any provision in any contract, whether made before or after July 1, 1969, which provides for or purports to authorize, contingent upon a change in the Illinois law after the contract is made, any rate of interest greater than the maximum lawful rate at the time the contract is made, is void.

It is lawful for a state bank or a branch of an out-of-state bank, as those terms are defined in Section 2 of the Illinois Banking Act, to receive or to contract to receive and collect interest and charges at any rate or rates agreed upon by the bank or branch and the borrower. It is lawful for a savings bank chartered under the Savings Bank Act or a savings association chartered under the Illinois Savings and Loan Act of 1985 to receive or contract to receive and collect interest and charges at any rate agreed upon by the savings bank or savings association and the borrower.

It is lawful to receive or to contract to receive and collect interest and charges as authorized by this Act and as authorized by the Consumer Installment Loan Act and by the "Consumer Finance Act", approved July 10, 1935, as now or hereafter amended, or by the Payday Loan Reform Act. It is lawful to charge, contract for, and receive any rate or amount of interest or compensation with respect to the following transactions:

(a) Any loan made to a corporation;

(b) Advances of money, repayable on demand, to an amount not less than $5,000, which are made upon warehouse receipts, bills of lading, certificates of stock, certificates of deposit, bills of exchange, bonds or other negotiable instruments pledged as collateral security for such repayment, if evidenced by a writing;

(c) Any credit transaction between a merchandise wholesaler and retailer; any business loan to a business association or copartnership or to a person owning and operating a business as sole proprietor or to any persons owning and operating a business as joint venturers, joint tenants or tenants in common, or to any limited partnership, or to any trustee owning and operating a business or whose beneficiaries own and operate a business, except that any loan which is secured (1) by an assignment of an individual obligor's salary, wages, commissions or other compensation for services, or (2) by his household furniture or

other goods used for his personal, family or household purposes shall be deemed not to be a loan within the meaning of this subsection; and provided further that a loan which otherwise qualifies as a business loan within the meaning of this subsection shall not be deemed as not so qualifying because of the inclusion, with other security consisting of business assets of any such obligor, of real estate occupied by an individual obligor solely as his residence. The term "business" shall be deemed to mean a commercial, agricultural or industrial enterprise which is carried on for the purpose of investment or profit, but shall not be deemed to mean the ownership or maintenance of real estate occupied by an individual obligor solely as his residence;

(d) Any loan made in accordance with the provisions of Subchapter I of Chapter 13 of Title 12 of the United States Code, which is designated as "Housing Renovation and Modernization";

(e) Any mortgage loan insured or upon which a commitment to insure has been issued under the provisions of the National Housing Act, Chapter 13 of Title 12 of the United States Code;

(f) Any mortgage loan guaranteed or upon which a commitment to guaranty has been issued under the provisions of the Veterans' Benefits Act, Subchapter II of Chapter 37 of Title 38 of the United States Code;

(g) Interest charged by a broker or dealer registered under the Securities Exchange Act of 1934, as amended, or registered under the Illinois Securities Law of 1953, approved July 13, 1953, as now or hereafter amended, on a debit balance in an account for a customer if such debit balance is payable at will without penalty and is secured by securities as defined in Uniform Commercial Code-Investment Securities;

(h) Any loan made by a participating bank as part of any loan guarantee program which provides for loans and for the refinancing of such loans to medical students, interns and residents and which are guaranteed by the American Medical Association Education and Research Foundation;

(i) Any loan made, guaranteed, or insured in accordance with the provisions of the Housing Act of 1949, Subchapter III of Chapter 8A of Title 42 of the United States Code and the

Consolidated Farm and Rural Development Act, Subchapters I, II, and III of Chapter 50 of Title 7 of the United States Code;

(j) Any loan by an employee pension benefit plan, as defined in Section 3 (2) of the Employee Retirement Income Security Act of 1974 (29 U.S.C.A. Sec. 1002), to an individual participating in such plan, provided that such loan satisfies the prohibited transaction exemption requirements of Section 408 (b) (1) (29 U.S.C.A. Sec. 1108 (b) (1)) or Section 2003 (a) (26 U.S.C.A. Sec. 4975 (d) (1)) of the Employee Retirement Income Security Act of 1974;

(k) Written contracts, agreements or bonds for deed providing for installment purchase of real estate;

(1) Loans secured by a mortgage on real estate;

(m) Loans made by a sole proprietorship, partnership, or corporation to an employee or to a person who has been offered employment by such sole proprietorship, partnership, or corporation made for the sole purpose of transferring an employee or person who has been offered employment to another office maintained and operated by the same sole proprietorship, partnership, or corporation;

(n) Loans to or for the benefit of students made by an institution of higher education.

(2) Except for loans described in subparagraph (a), (c), (d), (e), (f) or (i) of subsection (1) of this Section, and except to the extent permitted by the applicable statute for loans made pursuant to Section 4a or pursuant to the Consumer Installment Loan Act:

(a) Whenever the rate of interest exceeds 8% per annum on any written contract, agreement or bond for deed providing for the installment purchase of residential real estate, or on any loan secured by a mortgage on residential real estate, it shall be unlawful to provide for a prepayment penalty or other charge for prepayment.

(b) No agreement, note or other instrument evidencing a loan secured by a mortgage on residential real estate, or written contract, agreement or bond for deed providing for the installment purchase of residential real estate, may provide for any change in the contract rate of interest during the term thereof. However, if the Congress of the United States or any federal agency authorizes any class of lender to enter, within limitations, into mortgage contracts
or written contracts, agreements or bonds for deed in which the rate of interest may be changed during the term of the contract, any person, firm, corporation or other entity not otherwise prohibited from entering into mortgage contracts or written contracts, agreements or bonds for deed in Illinois may enter into mortgage contracts or written contracts, agreements or bonds for deed in which the rate of interest may be changed during the term of the contract, within the same limitations.

(3) In any contract or loan which is secured by a mortgage, deed of trust, or conveyance in the nature of a mortgage, on residential real estate, the interest which is computed, calculated, charged, or collected pursuant to such contract or loan, or pursuant to any regulation or rule promulgated pursuant to this Act, may not be computed, calculated, charged or collected for any period of time occurring after the date on which the total indebtedness, with the exception of late payment penalties, is paid in full.

(4) For purposes of this Section, a prepayment shall mean the payment of the total indebtedness, with the exception of late payment penalties if incurred or charged, on any date before the date specified in the contract or loan agreement on which the total indebtedness shall be paid in full, or before the date on which all payments, if timely made, shall have been made. In the event of a prepayment of the indebtedness which is made on a date after the date on which interest on the indebtedness was last computed, calculated, charged, or collected but before the next date on which interest on the indebtedness was to be calculated, computed, charged, or collected, the lender may calculate, charge and collect interest on the indebtedness for the period which elapsed between the date on which the prepayment is made and the date on which interest on the indebtedness was last computed, calculated, charged or collected at a rate equal to 1/360 of the annual rate for each day which so elapsed, which rate shall be applied to the indebtedness outstanding as of the date of prepayment. The lender shall refund to the borrower any interest charged or collected which exceeds that which the lender may charge or collect pursuant to the preceding sentence. The provisions of this amendatory Act of 1985 shall apply only to contracts or loans entered into on or after the effective date of this amendatory Act, but shall not apply to contracts or loans entered into on or after that date that are subject to Section 4a of this Act, the Consumer Installment Loan Act, the Payday Loan Reform Act, or the Retail Installment Sales Act, or that provide for the refund of precomputed interest on prepayment in the manner provided by such Act.

PUBLIC ACT 96-1422
(Senate Bill No. 2612)

AN ACT concerning local government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Electricity Infrastructure Maintenance Fee Law is amended by adding Section 5-10 as follows:

(35 ILCS 645/5-10 new)

Sec. 5-10. Municipal tax review; requests for information.

(a) A municipality may conduct an audit of fees under this Act to determine the accuracy of the fees paid by an electricity deliverer.

(b) Not more than once every 2 years, a municipality that has imposed a fee under this Law may, subject to the limitations and protections stated in Section 16-122 of the Public Utilities Act, request any information from an electricity deliverer that the municipality reasonably requires in order to perform an audit under subsection (a). The information that may be requested by the municipality includes, without limitation:

(1) in an electronic format, the database used by the electricity deliverer to determine the amount due to the municipality; provided, however, that, if the municipality has requested customer-specific billing, usage, and load shape data from an electricity deliverer that is an electric utility and has not provided the electric utility with the verifiable authorization required by Section 16-122 of the Public Utilities Act, then the

New matter indicated by italics - deletions by strikeout
electric utility shall remove from the database all customer-specific billing, usage, and load shape data before providing it to the municipality; and

(2) in a format used by the public utility in the ordinary course of its business, summary data, as needed by the municipality, to determine the unit consumption by providing the gross kilowatt-hours or other units of measurement subject to the fee imposed by this Law within the municipal jurisdiction.

(c) Each electricity deliverer must provide the information requested under subsection (b) within:

(1) 60 days after the date of the request if the population of the requesting municipality is 500,000 or less; or

(2) 90 days after the date of the request if the population of the requesting municipality exceeds 500,000.

The time in which an electricity deliverer must provide the information requested under subsection (b) may be extended by an agreement between the municipality and the electricity deliverer. If an electricity deliverer receives, during a single month, information requests from more than 2 municipalities, or the aggregate population of the requesting municipalities is 100,000 customers or more, the electricity deliverer is entitled to an additional 30 days to respond to those requests.

(d) If an audit by the municipality or its agents finds an error by the electricity deliverer in the amount of fees collected or paid by the electricity deliverer, then the municipality must notify the electricity deliverer of the error. Any such notice must be issued pursuant to Section 30 of the Local Government Taxpayers' Bill of Rights Act or a lesser period of time from the date the fee was due that may be specified in the municipal ordinance imposing the fee. Upon such a notice, any audit shall be conducted pursuant to Section 35 of the Local Government Taxpayers' Bill of Rights Act subject to the timelines set forth in this subsection (d). The electricity deliverer must submit a written response within 60 days after the date the notice was postmarked stating that it has corrected the error or stating the reason that the error is inapplicable or inaccurate. The municipality then has 60 days after the receipt of the electricity deliverer's response to review and contest the conclusion of the electricity deliverer. If the parties are unable to agree on the disposition of the audit findings within 120 days after the notification of the error to the electricity deliverer, then either party may submit the matter for appeal as outlined in Section 40 of the Local Government Taxpayers' Bill of Rights Act. If the

New matter indicated by italics - deletions by strikeout
appeals process does not produce a satisfactory result, then either party
may pursue the alleged error in a court of competent jurisdiction.

(e) Electricity deliverers and municipalities are not liable for any
error in past collections and payments that was unknown to either the
electricity deliverer or the municipality prior to the audit process unless
the error was due to negligence in the collection or processing of required
data. If, however, an error in past collections or payments resulted in a
customer, who should not have owed a fee to any municipality, having
paid a fee to a municipality, then the customer may, to the extent allowed
by Section 9-252 of the Public Utilities Act, recover the fee from the
electricity deliverer, and any amount so paid by the electricity deliverer
may be deducted by that electricity deliverer from any fees or taxes then or
thereafter owed by the electricity deliverer to that municipality.

(f) All account specific information provided by an electricity
deliverer under this Section may be used only for the purpose of an audit
of fees conducted under this Section and the enforcement of any related
claim. All such information must be held in strict confidence by the
municipality and its agents and may not be disclosed to the public under
the Freedom of Information Act or under any other similar statutes
allowing for or requiring public disclosure.

(g) The provisions of this Section shall not be construed as
diminishing or replacing any civil remedy available to a municipality,
taxpayer, or tax collector.

(h) This Section does not apply to any municipality having a
population greater than 1,000,000.

Section 10. The Local Government Taxpayers' Bill of Rights Act is
amended by changing Sections 10 and 35 as follows:

(50 ILCS 45/10)

Sec. 10. Application and home rule preemption. The limitations
provided by this Act shall take precedence over any provision of any tax
ordinance imposed by a unit of local government, as defined in this Act, in
Illinois, including without limitation any tax authorized under Section 8-11-2 of the Illinois Municipal Code.

Consistent with the limitations provided by this Act, a municipality,
other than a municipality having a population greater than 1,000,000,
may not impose any penalty with respect to a tax authorized by Section 8-11-2 of the Illinois Municipal Code or with respect to an audit authorized
by Section 8-11-2.5 of the Illinois Municipal Code, except as specified in
Sections 50, 55, and 60 of this Act.

(50 ILCS 45/35)

Sec. 35. Audit procedures. Taxpayers have the right to be treated by officers, employees, and agents of the local tax administrator with courtesy, fairness, uniformity, consistency, and common sense. This Section applies to any audit of a tax imposed by a unit of local government other than a municipality having a population greater than 1,000,000, except to the extent otherwise provided in Section 8-11-2.5 of the Illinois Municipal Code. Taxpayers must be notified in writing by the local jurisdiction of a proposed audit of the taxpayer's books and records clearly identifying who will be conducting the audit. For audits being conducted by third-party providers, the local jurisdiction must provide written authorization for the third-party provider to review the books and records of the taxpayer. No contact may be made by the third-party provider until the local-jurisdiction authorization is received by the taxpayer. The notice of audit must specify the tax and time period to be audited and must detail the minimum documentation or books and records to be made available to the auditor. Audits must be held only during reasonable times of the day and, unless impracticable, at times agreed to by the taxpayer. The auditor must sign a confidentiality agreement upon request by the taxpayer. Upon the completion of the audit, the local jurisdiction must issue an audit closure report to the taxpayer with the results of the audit. An auditor who determines that there has been an overpayment of tax during the course of the audit is obligated to identify the overpayment to the taxpayer so that the taxpayer can take the necessary steps to recover the overpayment. If the overpayment is the result of the application of some or all of the taxpayer's tax payment to an incorrect local government entity, then upon request by a unit of local government, the audit information must be given to any unit of local government that may be affected by an overpayment the auditor must notify the correct local government entity of the taxpayer's application error.

Section 15. The Counties Code is amended by adding Section 5-1095.1 as follows:
(55 ILCS 5/5-1095.1 new)
Sec. 5-1095.1. County franchise fee review; requests for information.

(a) If pursuant to its franchise agreement with a community antenna television system (CATV) operator, a county imposes a franchise fee authorized by 47 U.S.C. 542, then the county may conduct an audit of that CATV operator's franchise fees derived from the provision of cable and video services to subscribers within the franchise area to determine whether the amount of franchise fees paid by that CATV operator to the county was accurate. Any audit conducted under this subsection (a) shall determine any overpayment or underpayment to the county by the CATV operator, and the amount due to the county or CATV operator is limited to the net difference.

(b) Not more than once every 2 years, a county that has imposed a franchise fee authorized by 47 U.S.C. 542 may, subject to the limitations and protections stated in the Local Government Taxpayers' Bill of Rights Act, request information from the CATV operator in the format maintained by the CATV operator in the ordinary course of its business that the county reasonably requires in order to perform an audit under subsection (a). The information that may be requested by the county includes without limitation the following:

(1) in an electronic format used by the CATV operator in the ordinary course of its business, the database used by the CATV operator to determine the amount of the franchise fee due to the county; and

(2) in a format used by the CATV operator in the ordinary course of its business, summary data, as needed by the county, to determine the CATV operator's franchise fees derived from the provision of cable and video services to subscribers within the CATV operator's franchise area.

(c) The CATV operator must provide the information requested under subsection (b) within:

(1) 60 days after the receipt of the request if the population of the requesting county is 500,000 or less; or

(2) 90 days after the receipt of the request if the population of the requesting county exceeds 500,000.

The time in which a CATV operator must provide the information requested under subsection (b) may be extended by an agreement between the county and the CATV operator.

(d) If an audit by the county or its agents finds an error by the CATV operator in the amount of the franchise fees paid by the CATV operator to the county, then the county may notify the CATV operator of the error. Any such notice must be given to the CATV operator by the county within 90 days after the county discovers the error, and no later than 4 years after the date the franchise fee was due. Upon such a notice, the CATV operator must submit a written response within 60 days after receipt of the notice stating that the CATV operator has corrected the error on a prospective basis or stating the reason that the error is inapplicable or inaccurate. The county then has 60 days after the receipt of the CATV operator's response to review and contest the conclusion of the CATV operator. No legal proceeding to collect a deficiency based upon an alleged error shall be commenced unless within 180 days after the county's notification of the error to the CATV operator the parties are unable to agree on the disposition of the audit findings.

(e) No CATV operator is liable for any error in past franchise fee payments that was unknown by the CATV operator prior to the audit process unless (i) the error was due to negligence on the part of the CATV operator in the collection or processing of required data and (ii) the county had not failed to respond in writing in a timely manner to any written request of the CATV operator to review and correct information used by the CATV operator to calculate the appropriate franchise fees if a diligent review of such information by the county reasonably could have been expected to discover such error.

(f) All account specific information provided by a CATV operator under this Section may be used only for the purpose of an audit conducted under this Section and the enforcement of any franchise fee delinquent claim. All such information must be held in strict confidence by the county and its agents and may not be disclosed to the public under the Freedom of Information Act or under any other similar statutes allowing for or requiring public disclosure.

(g) For the purposes of this Section, "CATV operator" means a person or entity that provides cable and video services under a franchise agreement with a county pursuant to Section 5-1095 of the Counties Code and a holder authorized under Section 21-401 of the Cable and Video Competition Law of 2007 as consistent with Section 21-901 of that Law.

Assembly. This Section also does not apply to any franchise agreement that was entered into before the effective date of this amendatory Act of the 96th General Assembly unless the franchise agreement contains audit provisions but no specifics regarding audit procedures.

(i) The provisions of this Section shall not be construed as diminishing or replacing any civil remedy available to a county, taxpayer, or tax collector.

(j) If a contingent fee is paid to an auditor, then the payment must be based upon the net difference of the complete audit.

(k) Within 90 days after the effective date of this amendatory Act of the 96th General Assembly, a county shall provide to any CATV operator a complete list of addresses within the corporate limits of the county and shall annually update the list.

(l) This Section is a denial and limitation of home rule powers and functions under subsection (h) of Section 6 of Article VII of the Illinois Constitution.

Section 20. The Illinois Municipal Code is amended by adding Sections 8-11-2.5 and 11-42-11.05 as follows:

(65 ILCS 5/8-11-2.5 new)

Sec. 8-11-2.5. Municipal tax review; requests for information.

(a) If a municipality has imposed a tax under Section 8-11-2, then the municipality may conduct an audit of tax receipts collected from the public utility that is subject to the tax or that collects the tax from purchasers on behalf of the municipality to determine whether the amount of tax that was paid by the public utility was accurate.

(b) Not more than once every 2 years, a municipality that has imposed a tax under this Act may, subject to the limitations and protections stated in Section 16-122 of the Public Utilities Act and in the Local Government Taxpayers' Bill of Rights Act, request any information from a utility in the format maintained by the public utility in the ordinary course of its business that the municipality reasonably requires in order to perform an audit under subsection (a). The information that may be requested by the municipality includes, without limitation:

   (1) in an electronic format used by the public utility in the ordinary course of its business, the database used by the public utility to determine the amount of tax due to the municipality; provided, however, that, if the municipality has requested customer-specific billing, usage, and load shape data from a public utility that is an electric utility and has not provided the

electric utility with the verifiable authorization required by Section 16-122 of the Public Utilities Act, then the electric utility shall remove from the database all customer-specific billing, usage, and load shape data before providing it to the municipality; and

(2) in a format used by the public utility in the ordinary course of its business, summary data, as needed by the municipality, to determine the unit consumption of utility services by providing the gross therms, kilowatts, minutes, or other units of measurement being taxed within the municipal jurisdiction and the gross revenues collected and the associated taxes assessed.

(c) Each public utility must provide the information requested under subsection (b) within:

(1) 60 days after the date of the request if the population of the requesting municipality is 500,000 or less; or

(2) 90 days after the date of the request if the population of the requesting municipality exceeds 500,000.

The time in which a public utility must provide the information requested under subsection (b) may be extended by an agreement between the municipality and the public utility. If a public utility receives, during a single month, information requests from more than 2 municipalities, or the aggregate population of the requesting municipalities is 100,000 customers or more, the public utility is entitled to an additional 30 days to respond to those requests.

(d) If an audit by the municipality or its agents finds an error by the public utility in the amount of taxes paid by the public utility, then the municipality must notify the public utility of the error. Any such notice must be issued pursuant to Section 30 of the Local Government Taxpayers' Bill of Rights Act or a lesser period of time from the date the tax was due that may be specified in the municipal ordinance imposing the tax. Upon such a notice, any audit shall be conducted pursuant to Section 35 of the Local Government Taxpayers' Bill of Rights Act subject to the timelines set forth in this subsection (d). The public utility must submit a written response within 60 days after the date the notice was postmarked stating that it has corrected the error or stating the reason that the error is inapplicable or inaccurate. The municipality then has 60 days after the receipt of the public utility's response to review and contest the conclusion of the public utility. If the parties are unable to agree on the disposition of the audit findings within 120 days after the notification of the error to the public utility, then either party may submit the matter for appeal as

outlined in Section 40 of the Local Government Taxpayers’ Bill of Rights Act. If the appeals process does not produce a satisfactory result, then either party may pursue the alleged error in a court of competent jurisdiction.

(e) No public utility is liable for any error in past collections and payments that was unknown by it prior to the audit process unless (i) the error was due to negligence by the public utility in the collection or processing of required data and (ii) the municipality had not failed to respond in writing on an accurate and timely basis to any written request of the public utility to review and correct information used by the public utility to collect the municipality's tax if a diligent review of such information by the municipality reasonably could have been expected to discover such error. If, however, an error in past collections or payments resulted in a customer, who should not have owed a tax to any municipality, having paid a tax to a municipality, then the customer may, to the extent allowed by Section 9-252 of the Public Utilities Act, recover the tax from the public utility, and any amount so paid by the public utility may be deducted by that public utility from any taxes then or thereafter owed by the public utility to that municipality.

(f) All account specific information provided by a public utility under this Section may be used only for the purpose of an audit of taxes conducted under this Section and the enforcement of any related tax claim. All such information must be held in strict confidence by the municipality and its agents and may not be disclosed to the public under the Freedom of Information Act or under any other similar statutes allowing for or requiring public disclosure.

(g) The provisions of this Section shall not be construed as diminishing or replacing any civil remedy available to a municipality, taxpayer, or tax collector.

(h) This Section does not apply to any municipality having a population greater than 1,000,000.

AN ACT concerning education.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Sections 1A-8, 2-3.11d, 2-3.13a, 2-3.25g, 2-3.103, 14C-1, 21-7.1, 24A-4, 24A-5, 24A-7, and 26-2a as follows:

(105 ILCS 5/1A-8) (from Ch. 122, par. 1A-8)

Sec. 1A-8. Powers of the Board in Assisting Districts Deemed in Financial Difficulties. To promote the financial integrity of school districts, the State Board of Education shall be provided the necessary powers to promote sound financial management and continue operation of the public schools.

The State Superintendent of Education may require a school district, including any district subject to Article 34A of this Code, to share financial information relevant to a proper investigation of the district's financial condition and the delivery of appropriate State financial,
technical, and consulting services to the district if the district (i) has been designated, through the State Board of Education's School District Financial Profile System, as on financial warning or financial watch status, (ii) has failed to file an annual financial report, annual budget, deficit reduction plan, or other financial information as required by law, or (iii) has been identified, through the district's annual audit or other financial and management information, as in serious financial difficulty in the current or next school year, or (iv) is determined to be likely to fail to fully meet any regularly scheduled, payroll-period obligations when due or any debt service payments when due or both. In addition to financial, technical, and consulting services provided by the State Board of Education, at the request of a school district, the State Superintendent may provide for an independent financial consultant to assist the district review its financial condition and options.

The State Board of Education, after proper investigation of a district's financial condition, may certify that a district, including any district subject to Article 34A, is in financial difficulty when any of the following conditions occur:

1. The district has issued school or teacher orders for wages as permitted in Sections 8-16, 32-7.2 and 34-76 of this Code.
2. The district has issued tax anticipation warrants or tax anticipation notes in anticipation of a second year's taxes when warrants or notes in anticipation of current year taxes are still outstanding, as authorized by Sections 17-16, 34-23, 34-59 and 34-63 of this Code, or has issued short-term debt against 2 future revenue sources, such as, but not limited to, tax anticipation warrants and general State Aid certificates or tax anticipation warrants and revenue anticipation notes.
3. The district has for 2 consecutive years shown an excess of expenditures and other financing uses over revenues and other financing sources and beginning fund balances on its annual financial report for the aggregate totals of the Educational, Operations and Maintenance, Transportation, and Working Cash Funds.
4. The district refuses to provide financial information or cooperate with the State Superintendent in an investigation of the district's financial condition.

(5) The district is likely to fail to fully meet any regularly scheduled, payroll-period obligations when due or any debt service payments when due or both.

No school district shall be certified by the State Board of Education to be in financial difficulty solely by reason of any of the above circumstances arising as a result of (i) the failure of the county to make any distribution of property tax money due the district at the time such distribution is due or (ii) the failure of this State to make timely payments of general State aid or any of the mandated categoricals; or if the district clearly demonstrates to the satisfaction of the State Board of Education at the time of its determination that such condition no longer exists. If the State Board of Education certifies that a district in a city with 500,000 inhabitants or more is in financial difficulty, the State Board shall so notify the Governor and the Mayor of the city in which the district is located. The State Board of Education may require school districts certified in financial difficulty, except those districts subject to Article 34A, to develop, adopt and submit a financial plan within 45 days after certification of financial difficulty. The financial plan shall be developed according to guidelines presented to the district by the State Board of Education within 14 days of certification. Such guidelines shall address the specific nature of each district's financial difficulties. Any proposed budget of the district shall be consistent with the financial plan submitted to and approved by the State Board of Education.

A district certified to be in financial difficulty, other than a district subject to Article 34A, shall report to the State Board of Education at such times and in such manner as the State Board may direct, concerning the district's compliance with each financial plan. The State Board may review the district's operations, obtain budgetary data and financial statements, require the district to produce reports, and have access to any other information in the possession of the district that it deems relevant. The State Board may issue recommendations or directives within its powers to the district to assist in compliance with the financial plan. The district shall produce such budgetary data, financial statements, reports and other information and comply with such directives. If the State Board of Education determines that a district has failed to comply with its financial plan, the State Board of Education may rescind approval of the plan and appoint a Financial Oversight Panel for the district as provided in Section 1B-4. This action shall be taken only after the district has been given

notice and an opportunity to appear before the State Board of Education to
discuss its failure to comply with its financial plan.

No bonds, notes, teachers orders, tax anticipation warrants or other
evidences of indebtedness shall be issued or sold by a school district or be
legally binding upon or enforceable against a local board of education of a
district certified to be in financial difficulty unless and until the financial
plan required under this Section has been approved by the State Board of
Education.

Any financial profile compiled and distributed by the State Board
of Education in Fiscal Year 2009 or any fiscal year thereafter shall
incorporate such adjustments as may be needed in the profile scores to
reflect the financial effects of the inability or refusal of the State of Illinois
to make timely disbursements of any general State aid or mandated
categorical aid payments due school districts or to fully reimburse school
districts for mandated categorical programs pursuant to reimbursement
formulas provided in this School Code.

Sec. 2-3.13a. School records; transferring students.
(a) The State Board of Education shall establish and implement rules requiring all of the public schools and all private or nonpublic elementary and secondary schools located in this State, whenever any such school has a student who is transferring to any other public elementary or secondary school located in this or in any other state, to forward within 10 days of notice of the student's transfer an unofficial record of that student's grades to the school to which such student is transferring. Each public school at the same time also shall forward to the school to which the student is transferring the remainder of the student's school student records as required by the Illinois School Student Records Act. In addition, if a student is transferring from a public school, whether located in this or any other state, from which the student has been suspended or expelled for knowingly possessing in a school building or on school grounds a weapon as defined in the Gun Free Schools Act (20 U.S.C. 8921 et seq.), for knowingly possessing, selling, or delivering in a school building or on school grounds a controlled substance or cannabis, or for battering a staff member of the school, and if the period of suspension or expulsion has not expired at the time the student attempts to transfer into another public school in the same or any other school district: (i) any school student records required to be transferred shall include the date and duration of the period of suspension or expulsion; and (ii) with the exception of transfers into the Department of Juvenile Justice school district, the student shall not be permitted to attend class in the public school into which he or she is transferring until the student has served the entire period of the suspension or expulsion imposed by the school from which the student is transferring, provided that the school board may approve the placement of the student in an alternative school program established under Article 13A of this Code. A school district may adopt a policy providing that if a student is suspended or expelled for any reason from any public or private school in this or any other state, the student must complete the entire term of the

suspension or expulsion before being admitted into the school district. This policy may allow placement of the student in an alternative school program established under Article 13A of this Code, if available, for the remainder of the suspension or expulsion. Each public school and each private or nonpublic elementary or secondary school in this State shall within 10 days after the student has paid all of his or her outstanding fines and fees and at its own expense forward an official transcript of the scholastic records of each student transferring from that school in strict accordance with the provisions of this Section and the rules established by the State Board of Education as herein provided.

(b) The State Board of Education shall develop a one-page standard form that Illinois school districts are required to provide to any student who is moving out of the school district and that contains the information about whether or not the student is "in good standing" and whether or not his or her medical records are up-to-date and complete. As used in this Section, "in good standing" means that the student is not being disciplined by a suspension or expulsion, but is entitled to attend classes. No school district is required to admit a new student who is transferring from another Illinois school district unless he or she can produce the standard form from the student's previous school district enrollment. No school district is required to admit a new student who is transferring from an out-of-state public school unless the parent or guardian of the student certifies in writing that the student is not currently serving a suspension or expulsion imposed by the school from which the student is transferring.

(c) The State Board of Education shall, by rule, establish a system to provide for the accurate tracking of transfer students. This system shall, at a minimum, require that a student be counted as a dropout in the calculation of a school's or school district's annual student dropout rate unless the school or school district to which the student transferred (known hereafter in this subsection (c) as the transferee school or school district) sends notification to the school or school district from which the student transferred (known hereafter in this subsection (c) as the transferor school or school district) documenting that the student has enrolled in the transferee school or school district. This notification must occur on or before July 31 following the school year during which the student within 150 days after the date the student withdraws from the transferor school or school district or the student shall be counted in the calculation of the transferor school's or school district's annual student dropout rate. or school district seeking the student's academic transcripts or medical records shall be considered without limitation adequate documentation of enrollment. Each transferor school or school district shall keep documentation of such transfer students for the minimum period provided in the Illinois School Student Records Act. All records indicating the school or school district to which a student transferred are subject to the Illinois School Student Records Act.

(c) Eligible applicants, as a matter of inherent managerial policy, and any Independent Authority established under Section 2-3.25f may submit an application for a waiver or modification authorized under this Section. Each application must include a written request by the eligible applicant or Independent Authority and must demonstrate that the intent of the mandate can be addressed in a more effective, efficient, or economical manner or be based upon a specific plan for improved student performance and school improvement. Any eligible applicant requesting a waiver or modification for the reason that intent of the mandate can be addressed in a more economical manner shall include in the application a fiscal analysis showing current expenditures on the mandate and projected savings resulting from the waiver or modification. Applications and plans developed by eligible applicants must be approved by the board or regional superintendent of schools applying on behalf of schools or programs operated by the regional office of education following a public hearing on the application and plan and the opportunity for the board or regional superintendent to hear testimony from staff directly involved in its implementation, parents, and students. The time period for such testimony shall be separate from the time period established by the eligible applicant for public comment on other matters. If the applicant is a school district or joint agreement requesting a waiver or modification of Section 27-6 of this Code, the public hearing shall be held on a day other than the day on which a regular meeting of the board is held. If the applicant is a school district, the public hearing must be preceded by at least one published notice occurring at least 7 days prior to the hearing in a newspaper of general circulation within the school district that sets forth the time, date, place, and general subject matter of the hearing. If the applicant is a joint agreement or regional superintendent, the public hearing must be preceded by at least one published notice (setting forth the time, date, place, and general subject matter of the hearing) occurring at least 7 days prior to the hearing in a newspaper of general circulation in each school district that is a member of the joint agreement or that is served by the educational service region, provided that a notice appearing in a newspaper generally circulated in more than one school district shall

be deemed to fulfill this requirement with respect to all of the affected districts. The eligible applicant must notify in writing the affected exclusive collective bargaining agent and those State legislators representing the eligible applicant's territory of its intent to seek approval of a waiver or modification and of the hearing to be held to take testimony from staff. The affected exclusive collective bargaining agents shall be notified of such public hearing at least 7 days prior to the date of the hearing and shall be allowed to attend such public hearing. The eligible applicant shall attest to compliance with all of the notification and procedural requirements set forth in this Section.

(d) A request for a waiver or modification of administrative rules and regulations or for a modification of mandates contained in this School Code shall be submitted to the State Board of Education within 15 days after approval by the board or regional superintendent of schools. The application as submitted to the State Board of Education shall include a description of the public hearing. Following receipt of the request, the State Board shall have 45 days to review the application and request. If the State Board fails to disapprove the application within that 45 day period, the waiver or modification shall be deemed granted. The State Board may disapprove any request if it is not based upon sound educational practices, endangers the health or safety of students or staff, compromises equal opportunities for learning, or fails to demonstrate that the intent of the rule or mandate can be addressed in a more effective, efficient, or economical manner or have improved student performance as a primary goal. Any request disapproved by the State Board may be appealed to the General Assembly by the eligible applicant as outlined in this Section.

A request for a waiver from mandates contained in this School Code shall be submitted to the State Board within 15 days after approval by the board or regional superintendent of schools. The application as submitted to the State Board of Education shall include a description of the public hearing. The description shall include, but need not be limited to, the means of notice, the number of people in attendance, the number of people who spoke as proponents or opponents of the waiver, a brief description of their comments, and whether there were any written statements submitted. The State Board shall review the applications and requests for completeness and shall compile the requests in reports to be filed with the General Assembly. The State Board shall file reports outlining the waivers requested by eligible applicants and appeals by eligible applicants of requests disapproved by the State Board with the
Senate and the House of Representatives before each March 1 and October 1. The General Assembly may disapprove the report of the State Board in whole or in part within 60 calendar days after each house of the General Assembly next convenes after the report is filed by adoption of a resolution by a record vote of the majority of members elected in each house. If the General Assembly fails to disapprove any waiver request or appealed request within such 60 day period, the waiver or modification shall be deemed granted. Any resolution adopted by the General Assembly disapproving a report of the State Board in whole or in part shall be binding on the State Board.

(e) An approved waiver or modification (except a waiver from or modification to a physical education mandate) may remain in effect for a period not to exceed 5 school years and may be renewed upon application by the eligible applicant. However, such waiver or modification may be changed within that 5-year period by a board or regional superintendent of schools applying on behalf of schools or programs operated by the regional office of education following the procedure as set forth in this Section for the initial waiver or modification request. If neither the State Board of Education nor the General Assembly disapproves, the change is deemed granted.

An approved waiver from or modification to a physical education mandate may remain in effect for a period not to exceed 2 school years and may be renewed no more than 2 times upon application by the eligible applicant. An approved waiver from or modification to a physical education mandate may be changed within the 2-year period by the board or regional superintendent of schools, whichever is applicable, following the procedure set forth in this Section for the initial waiver or modification request. If neither the State Board of Education nor the General Assembly disapproves, the change is deemed granted.

(f) (Blank). On or before February 1, 1998, and each year thereafter, the State Board of Education shall submit a cumulative report summarizing all types of waivers of mandates and modifications of mandates granted by the State Board or the General Assembly. The report shall identify the topic of the waiver along with the number and percentage of eligible applicants for which the waiver has been granted. The report shall also include any recommendations from the State Board regarding the repeal or modification of waived mandates.

Sec. 14C-1. The General Assembly finds that there are large numbers of children in this State who come from environments where the primary language is other than English. Experience has shown that public school classes in which instruction is given only in English are often inadequate for the education of children whose native tongue is another language. The General Assembly believes that a program of transitional bilingual education can meet the needs of these children and facilitate their integration into the regular public school curriculum. Therefore, pursuant to the policy of this State to insure equal educational opportunity to every child, and in recognition of the educational needs of children of limited English-speaking ability, it is the purpose of this Act to provide for the establishment of transitional bilingual education programs in the public schools, and to provide supplemental financial assistance to help local school districts meet the extra costs of such programs, and to allow this State to directly or indirectly provide technical assistance and professional development to support transitional bilingual education programs statewide.

Sec. 21-7.1. Administrative certificate.

(a) After July 1, 1999, an administrative certificate valid for 5 years of supervising and administering in the public common schools (unless changed under subsection (a-5) of this Section) may be issued to persons who have graduated from a regionally accredited institution of higher learning with a master's degree or its equivalent and who have been recommended by a recognized institution of higher learning as having completed a program of preparation for one or more of these endorsements. Such programs of academic and professional preparation required for endorsement shall be administered by the institution in

accordance with standards set forth by the State Superintendent of Education in consultation with the State Teacher Certification Board.

(a-5) Beginning July 1, 2003, if an administrative certificate holder holds a Standard Teaching Certificate, the validity period of the administrative certificate shall be changed, if necessary, so that the validity period of the administrative certificate coincides with the validity period of the Standard Teaching Certificate. Beginning July 1, 2003, if an administrative certificate holder holds a Master Teaching Certificate, the validity period of the administrative certificate shall be changed so that the validity period of the administrative certificate coincides with the validity period of the Master Teaching Certificate.

(b) No administrative certificate shall be issued for the first time after June 30, 1987 and no endorsement provided for by this Section shall be made or affixed to an administrative certificate for the first time after June 30, 1987 unless the person to whom such administrative certificate is to be issued or to whose administrative certificate such endorsement is to be affixed has been required to demonstrate as a part of a program of academic or professional preparation for such certification or endorsement: (i) an understanding of the knowledge called for in establishing productive parent-school relationships and of the procedures fostering the involvement which such relationships demand; and (ii) an understanding of the knowledge required for establishing a high quality school climate and promoting good classroom organization and management, including rules of conduct and instructional procedures appropriate to accomplishing the tasks of schooling; and (iii) a demonstration of the knowledge and skills called for in providing instructional leadership. The standards for demonstrating an understanding of such knowledge shall be set forth by the State Board of Education in consultation with the State Teacher Certification Board, and shall be administered by the recognized institutions of higher learning as part of the programs of academic and professional preparation required for certification and endorsement under this Section. As used in this subsection: "establishing productive parent-school relationships" means the ability to maintain effective communication between parents and school personnel, to encourage parental involvement in schooling, and to motivate school personnel to engage parents in encouraging student achievement, including the development of programs and policies which serve to accomplish this purpose; and "establishing a high quality school climate" means the ability to promote academic achievement, to maintain
discipline, to recognize substance abuse problems among students and utilize appropriate law enforcement and other community resources to address these problems, to support teachers and students in their education endeavors, to establish learning objectives and to provide instructional leadership, including the development of policies and programs which serve to accomplish this purpose; and "providing instructional leadership" means the ability to effectively evaluate school personnel, to possess general communication and interpersonal skills, and to establish and maintain appropriate classroom learning environments. The provisions of this subsection shall not apply to or affect the initial issuance or making on or before June 30, 1987 of any administrative certificate or endorsement provided for under this Section, nor shall such provisions apply to or affect the renewal after June 30, 1987 of any such certificate or endorsement initially issued or made on or before June 30, 1987.

(c) Administrative certificates shall be renewed every 5 years with the first renewal being 5 years following the initial receipt of an administrative certificate, unless the validity period for the administrative certificate has been changed under subsection (a-5) of this Section, in which case the certificate shall be renewed at the same time that the Standard or Master Teaching Certificate is renewed.

(c-5) Before July 1, 2003, renewal requirements for administrators whose positions require certification shall be based upon evidence of continuing professional education which promotes the following goals: (1) improving administrators' knowledge of instructional practices and administrative procedures; (2) maintaining the basic level of competence required for initial certification; and (3) improving the mastery of skills and knowledge regarding the improvement of teaching performance in clinical settings and assessment of the levels of student performance in their schools. Evidence of continuing professional education must include verification of biennial attendance in a program developed by the Illinois Administrators' Academy and verification of annual participation in a school district approved activity which contributes to continuing professional education.

(c-10) Beginning July 1, 2003, except as otherwise provided in subsection (c-15) of this Section, persons holding administrative certificates must follow the certificate renewal procedure set forth in this subsection (c-10), provided that those persons holding administrative certificates on June 30, 2003 who are renewing those certificates on or after July 1, 2003 shall be issued new administrative certificates valid for 5
years (unless changed under subsection (a-5) of this Section), which may be renewed thereafter as set forth in this subsection (c-10).

A person holding an administrative certificate and employed in a position requiring administrative certification, including a regional superintendent of schools, must satisfy the continuing professional development requirements of this Section to renew his or her administrative certificate. The continuing professional development must include without limitation the following continuing professional development purposes:

(1) To improve the administrator's knowledge of instructional practices and administrative procedures in accordance with the Illinois Professional School Leader Standards.

(2) To maintain the basic level of competence required for initial certification.

(3) To improve the administrator's mastery of skills and knowledge regarding the improvement of teaching performance in clinical settings and assessment of the levels of student performance in the schools.

The continuing professional development must include the following in order for the certificate to be renewed:

(A) Participation in continuing professional development activities, which must total a minimum of 100 hours of continuing professional development. The participation must consist of a minimum of 5 activities per validity period of the certificate, and the certificate holder must maintain documentation of completion of each activity.

(B) Participation every year in an Illinois Administrators' Academy course, which participation must total a minimum of 30 continuing professional development hours during the period of the certificate's validity and which must include completion of applicable required coursework, including completion of a communication, dissemination, or application component, as defined by the State Board of Education.

The certificate holder must complete a verification form developed by the State Board of Education and certify that 100 hours of continuing professional development activities and 5 Administrators' Academy courses have been completed. The regional superintendent of schools shall review and validate the verification form for a certificate holder. Based on compliance with all of the requirements for renewal, the regional
superintendent of schools shall forward a recommendation for renewal or non-renewal to the State Superintendent of Education and shall notify the certificate holder of the recommendation. The State Superintendent of Education shall review the recommendation to renew or non-renew and shall notify, in writing, the certificate holder of a decision denying renewal of his or her certificate. Any decision regarding non-renewal of an administrative certificate may be appealed to the State Teacher Certification Board.

The State Board of Education, in consultation with the State Teacher Certification Board, shall adopt rules to implement this subsection (c-10).

The regional superintendent of schools shall monitor the process for renewal of administrative certificates established in this subsection (c-10).

(c-15) This subsection (c-15) applies to the first period of an administrative certificate's validity during which the holder becomes subject to the requirements of subsection (c-10) of this Section if the certificate has less than 5 years' validity or has less than 5 years' validity remaining when the certificate holder becomes subject to the requirements of subsection (c-10) of this Section. With respect to this period, the 100 hours of continuing professional development and 5 activities per validity period specified in clause (A) of subsection (c-10) of this Section shall instead be deemed to mean 20 hours of continuing professional development and one activity per year of the certificate's validity or remaining validity and the 30 continuing professional development hours specified in clause (B) of subsection (c-10) of this Section shall instead be deemed to mean completion of at least one course per year of the certificate's validity or remaining validity. Certificate holders who evaluate certified staff must complete a 2-day teacher evaluation course, in addition to the 30 continuing professional development hours.

(c-20) The State Board of Education, in consultation with the State Teacher Certification Board, shall develop procedures for implementing this Section and shall administer the renewal of administrative certificates. Failure to submit satisfactory evidence of continuing professional education which contributes to promoting the goals of this Section shall result in a loss of administrative certification.

(d) Any limited or life supervisory certificate issued prior to July 1, 1968 shall continue to be valid for all administrative and supervisory positions in the public schools for which it is valid as of that date as long

as its holder meets the requirements for registration or renewal as set forth in the statutes or until revoked according to law.

(e) The administrative or supervisory positions for which the certificate shall be valid shall be determined by one or more of 3 endorsements: general supervisory, general administrative and superintendent.

Subject to the provisions of Section 21-1a, endorsements shall be made under conditions set forth in this Section. The State Board of Education shall, in consultation with the State Teacher Certification Board, adopt rules pursuant to the Illinois Administrative Procedure Act, establishing requirements for obtaining administrative certificates where the minimum administrative or supervisory requirements surpass those set forth in this Section.

The State Teacher Certification Board shall file with the State Board of Education a written recommendation when considering additional administrative or supervisory requirements. All additional requirements shall be based upon the requisite knowledge necessary to perform those tasks required by the certificate. The State Board of Education shall in consultation with the State Teacher Certification Board, establish standards within its rules which shall include the academic and professional requirements necessary for certification. These standards shall at a minimum contain, but not be limited to, those used by the State Board of Education in determining whether additional knowledge will be required. Additionally, the State Board of Education shall in consultation with the State Teacher Certification Board, establish provisions within its rules whereby any member of the educational community or the public may file a formal written recommendation or inquiry regarding requirements.

(1) Until July 1, 2003, the general supervisory endorsement shall be affixed to the administrative certificate of any holder who has at least 16 semester hours of graduate credit in professional education including 8 semester hours of graduate credit in curriculum and research and who has at least 2 years of full-time teaching experience or school service personnel experience in public schools, schools under the supervision of the Department of Corrections, schools under the administration of the Department of Rehabilitation Services, or nonpublic schools meeting the standards established by the State Superintendent of Education or

(a) As used in this and the succeeding Sections, "teacher" means any and all school district employees regularly required to be certified under laws relating to the certification of teachers. Each school district shall develop, in cooperation with its teachers or, where applicable, the exclusive bargaining representatives of its teachers, an evaluation plan for all teachers.

(b) By no later than the applicable implementation date, each school district shall, in good faith cooperation with its teachers or, where applicable, the exclusive bargaining representatives of its teachers, incorporate the use of data and indicators on student growth as a significant factor in rating teaching performance, into its evaluation plan for all teachers, both those teachers in contractual continued service and those teachers not in contractual continued service. The plan shall at least meet the standards and requirements for student growth and teacher evaluation established under Section 24A-7, and specifically describe how student growth data and indicators will be used as part of the evaluation process, how this information will relate to evaluation standards, the assessments or other indicators of student performance that will be used in measuring student growth and the weight that each will have, the methodology that will be used to measure student growth, and the criteria other than student growth that will be used in evaluating the teacher and the weight that each will have.

To incorporate the use of data and indicators of student growth as a significant factor in rating teacher performance into the evaluation plan, the district shall use a joint committee composed of equal representation selected by the district and its teachers or, where applicable, the exclusive bargaining representative of its teachers. If, within 180 calendar days of the committee's first meeting, the committee does not reach agreement on the plan, then the district shall implement the model evaluation plan established under Section 24A-7 with respect to the use of data and indicators on student growth as a significant factor in rating teacher performance.

Sec. 24A-5. Content of evaluation plans. This Section does not apply to teachers assigned to schools identified in an agreement entered into between the board of a school district operating under Article 34 of this Code and the exclusive representative of the district's teachers in accordance with Section 34-85c of this Code.

Each school district to which this Article applies shall establish a teacher evaluation plan which ensures that each teacher in contractual continued service is evaluated at least once in the course of every 2 school years.

By no later than September 1, 2012, each school district shall establish a teacher evaluation plan that ensures that:

(1) each teacher not in contractual continued service is evaluated at least once every school year; and

(2) each teacher in contractual continued service is evaluated at least once in the course of every 2 school years.

However, any teacher in contractual continued service whose performance is rated as either "needs improvement" or "unsatisfactory" must be evaluated at least once in the school year following the receipt of such rating.

Notwithstanding anything to the contrary in this Section or any other Section of the School Code, a principal shall not be prohibited from evaluating any teachers within a school during his or her first year as principal of such school.

The evaluation plan shall comply with the requirements of this Section and of any rules adopted by the State Board of Education pursuant to this Section.
The plan shall include a description of each teacher's duties and responsibilities and of the standards to which that teacher is expected to conform, and shall include at least the following components:

(a) personal observation of the teacher in the classroom by the evaluator, unless the teacher has no classroom duties.

(b) consideration of the teacher's attendance, planning, instructional methods, classroom management, where relevant, and competency in the subject matter taught.

(c) by no later than the applicable implementation date, consideration of student growth as a significant factor in the rating of the teacher's performance.

(d) prior to September 1, 2012, rating of the performance of teachers in contractual continued service as either:
   (i) "excellent", "satisfactory" or "unsatisfactory"; or
   (ii) "excellent", "proficient", "needs improvement" or "unsatisfactory".

(e) on and after September 1, 2012, rating of the performance of teachers in contractual continued service as "excellent", "proficient", "needs improvement" or "unsatisfactory".

(f) specification as to the teacher's strengths and weaknesses, with supporting reasons for the comments made.

(g) inclusion of a copy of the evaluation in the teacher's personnel file and provision of a copy to the teacher.

(h) within 30 school days after the completion of an evaluation rating a teacher in contractual continued service as "needs improvement", development by the evaluator, in consultation with the teacher, and taking into account the teacher's on-going professional responsibilities including his or her regular teaching assignments, of a professional development plan directed to the areas that need improvement and any supports that the district will provide to address the areas identified as needing improvement.

(i) within 30 school days after completion of an evaluation rating a teacher in contractual continued service as "unsatisfactory", development and commencement by the district of a remediation plan designed to correct deficiencies cited, provided the deficiencies are deemed remediable. In all school districts the remediation plan for unsatisfactory, tenured teachers shall provide for 90 school days of remediation within the
classroom, unless an applicable collective bargaining agreement provides for a shorter duration. In all school districts evaluations issued pursuant to this Section shall be issued within 10 days after the conclusion of the respective remediation plan. However, the school board or other governing authority of the district shall not lose jurisdiction to discharge a teacher in the event the evaluation is not issued within 10 days after the conclusion of the respective remediation plan.

(j) participation in the remediation plan by the teacher in contractual continued service rated "unsatisfactory", an evaluator and a consulting teacher selected by the evaluator of the teacher who was rated "unsatisfactory", which consulting teacher is an educational employee as defined in the Educational Labor Relations Act, has at least 5 years' teaching experience, and a reasonable familiarity with the assignment of the teacher being evaluated, and who received an "excellent" rating on his or her most recent evaluation. Where no teachers who meet these criteria are available within the district, the district shall request and the applicable regional office of education shall supply, to participate in the remediation process, an individual who meets these criteria.

In a district having a population of less than 500,000 with an exclusive bargaining agent, the bargaining agent may, if it so chooses, supply a roster of qualified teachers from whom the consulting teacher is to be selected. That roster shall, however, contain the names of at least 5 teachers, each of whom meets the criteria for consulting teacher with regard to the teacher being evaluated, or the names of all teachers so qualified if that number is less than 5. In the event of a dispute as to qualification, the State Board shall determine qualification.

(k) a mid-point and final evaluation by an evaluator during and at the end of the remediation period, immediately following receipt of a remediation plan provided for under subsections (i) and (j) of this Section. Each evaluation shall assess the teacher's performance during the time period since the prior evaluation; provided that the last evaluation shall also include an overall evaluation of the teacher's performance during the remediation period. A written copy of the evaluations and ratings, in which any deficiencies in performance and recommendations for correction
are identified, shall be provided to and discussed with the teacher within 10 school days after the date of the evaluation, unless an applicable collective bargaining agreement provides to the contrary. These subsequent evaluations shall be conducted by an evaluator. The consulting teacher shall provide advice to the teacher rated "unsatisfactory" on how to improve teaching skills and to successfully complete the remediation plan. The consulting teacher shall participate in developing the remediation plan, but the final decision as to the evaluation shall be done solely by the evaluator, unless an applicable collective bargaining agreement provides to the contrary. Evaluations at the conclusion of the remediation process shall be separate and distinct from the required annual evaluations of teachers and shall not be subject to the guidelines and procedures relating to those annual evaluations. The evaluator may but is not required to use the forms provided for the annual evaluation of teachers in the district's evaluation plan.

(l) reinstatement to the evaluation schedule set forth in the district's evaluation plan for any teacher in contractual continued service who achieves a rating equal to or better than "satisfactory" or "proficient" in the school year following a rating of "needs improvement" or "unsatisfactory".

(m) dismissal in accordance with Section 24-12 or 34-85 of the School Code of any teacher who fails to complete any applicable remediation plan with a rating equal to or better than a "satisfactory" or "proficient" rating. Districts and teachers subject to dismissal hearings are precluded from compelling the testimony of consulting teachers at such hearings under Section 24-12 or 34-85, either as to the rating process or for opinions of performances by teachers under remediation.

Nothing in this Section or Section 24A-4 shall be construed as preventing immediate dismissal of a teacher for deficiencies which are deemed irremediable or for actions which are injurious to or endanger the health or person of students in the classroom or school, or preventing the dismissal or non-renewal of teachers not in contractual continued service for any reason not prohibited by applicable employment, labor, and civil rights laws. Failure to strictly comply with the time requirements contained in Section 24A-5 shall not invalidate the results of the remediation plan.

The Performance Evaluation Advisory Council shall meet at least quarterly following the effective date of this amendatory Act of the 96th General Assembly until June 30, 2017.

Prior to the applicable implementation date, these rules shall not apply to teachers assigned to schools identified in an agreement entered into between the board of a school district operating under Article 34 of this Code and the exclusive representative of the district's teachers in accordance with Section 34-85c of this Code.

Section 5. The Public Employee Disability Act is amended by changing Section 1 as follows:

(5 ILCS 345/1) (from Ch. 70, par. 91)

Sec. 1. Disability benefit.

(a) For the purposes of this Section, "eligible employee" means any part-time or full-time State correctional officer or any other full or part-time employee of the Department of Corrections, any full or part-time employee of the Prisoner Review Board, any full or part-time employee of the Department of Human Services working within a penal institution or a State mental health or developmental disabilities facility operated by the Department of Human Services, and any full-time law enforcement officer or full-time firefighter who is employed by the State of Illinois, any unit of local government (including any home rule unit), any State supported college or university, or any other public entity granted the power to employ persons for such purposes by law.

(b) Whenever an eligible employee suffers any injury in the line of duty which causes him to be unable to perform his duties, he shall continue to be paid by the employing public entity on the same basis as he was paid before the injury, with no deduction from his sick leave credits, compensatory time for overtime accumulations or vacation, or service credits in a public employee pension fund during the time he is unable to perform his duties due to the result of the injury, but not longer than one year in relation to the same injury. However, no injury to an employee of the Department of Corrections or the Prisoner Review Board working within a penal institution or an employee of the Department of Human Services working within a departmental mental health or developmental disabilities facility shall qualify the employee for benefits under this Section unless the injury is the direct or indirect result of violence by inmates of the penal institution or residents of the mental health or developmental disabilities facility.

(c) At any time during the period for which continuing compensation is required by this Act, the employing public entity may
order at the expense of that entity physical or medical examinations of the injured person to determine the degree of disability.

(d) During this period of disability, the injured person shall not be employed in any other manner, with or without monetary compensation. Any person who is employed in violation of this paragraph forfeits the continuing compensation provided by this Act from the time such employment begins. Any salary compensation due the injured person from workers' compensation or any salary due him from any type of insurance which may be carried by the employing public entity shall revert to that entity during the time for which continuing compensation is paid to him under this Act. Any disabled person receiving compensation under the provisions of this Act shall not be entitled to any benefits for which he would qualify because of his disability under the provisions of the Illinois Pension Code.

(e) Any employee of the State of Illinois, as defined in Section 14-103.05 of the Illinois Pension Code, who becomes permanently unable to perform the duties of such employment due to an injury received in the active performance of his duties as a State employee as a result of a willful act of violence by another employee of the State of Illinois, as so defined, committed during such other employee's course of employment and after January 1, 1988, shall be eligible for benefits pursuant to the provisions of this Section. For purposes of this Section, permanently disabled is defined as a diagnosis or prognosis of an inability to return to current job duties by a physician licensed to practice medicine in all of its branches.

(f) The compensation and other benefits provided to part-time employees covered by this Section shall be calculated based on the percentage of time the part-time employee was scheduled to work pursuant to his or her status as a part-time employee.

(g) Pursuant to paragraphs (h) and (i) of Section 6 of Article VII of the Illinois Constitution, this Act specifically denies and limits the exercise by home rule units of any power which is inconsistent herewith, and all existing laws and ordinances which are inconsistent herewith are hereby superseded. This Act does not preempt the concurrent exercise by home rule units of powers consistent herewith.

This Act does not apply to any home rule unit with a population of over 1,000,000.

(h) In those cases where the injury to a State employee for which a benefit is payable under this Act was caused under circumstances creating a legal liability for damages on the part of some person other than the
State employer, all of the rights and privileges, including the right to notice of suit brought against such other person and the right to commence or join in such suit, as given the employer, together with the conditions or obligations imposed under paragraph (b) of Section 5 of the Workers' Compensation Act, are also given and granted to the State, to the end that, with respect to State employees only, the State may be paid or reimbursed for the amount of benefit paid or to be paid by the State to the injured employee or his or her personal representative out of any judgment, settlement, or payment for such injury obtained by such injured employee or his or her personal representative from such other person by virtue of the injury.

Where any person is charged with a forcible felony while free on bail and is the subject of proceedings under Section 109-3 of this Code the judge conducting the preliminary examination may also conduct a hearing upon the application of the State pursuant to the provisions of Section 110-6 of this Code to increase or revoke the bail for that person's prior alleged offense.

(b) Upon depositing this sum and any bond fee authorized by law, the person shall be released from custody subject to the conditions of the bail bond.

(c) Once bail has been given and a charge is pending or is thereafter filed in or transferred to a court of competent jurisdiction the latter court shall continue the original bail in that court subject to the provisions of Section 110-6 of this Code.

In counties with a population of 3,000,000 or more, the court shall not order bail bond deposited by or on behalf of a defendant in one case to be used to satisfy financial obligations of that same defendant in a different case until the bail bond is first used to satisfy court costs and attorney's fees in the case in which the bail bond has been deposited and any other unpaid child support obligations are satisfied. In counties with a population of less than 3,000,000, the court shall not order bail bond deposited by or on behalf of a defendant in one case to be used to satisfy financial obligations of that same defendant in a different case until the bail bond is first used to satisfy court costs in the case in which the bail bond has been deposited.

At the request of the defendant the court may order such 90% of defendant's bail deposit, or whatever amount is repayable to defendant from such deposit, to be paid to defendant's attorney of record.

(g) If the accused does not comply with the conditions of the bail bond the court having jurisdiction shall enter an order declaring the bail to be forfeited. The deposit made in accordance with paragraph (a) shall be applied to the payment of costs. If judgment is entered and any amount of such deposit remains after the payment of costs it shall be applied to payment of the judgment and transferred to the treasury of the municipal corporation wherein the bond was taken if the offense was a violation of any penal ordinance of a political subdivision of this State, or to the treasury of the

The fee shall be in addition to any bail that the accused is required to deposit for the offense for which the accused has been charged and may not be used for the payment of court costs or fines assessed for the offense. The clerk of the court shall remit $70 of the fee assessed to the arresting agency who brings the offender in on the arrest warrant. The clerk of the court shall remit $5 of the fee assessed to the Circuit Court Clerk Operation and Administrative Fund as provided in Section 27.3d of the Clerks of Courts Act.

(d) A municipality, township, county, or other unit of local government may authorize, by ordinance or resolution, the operation of non-highway vehicles on roadways under its jurisdiction if the unit of local government determines that the public safety will not be jeopardized. The Department may authorize the operation of non-highway vehicles on the roadways under its jurisdiction if the Department determines that the public safety will not be jeopardized. The unit of local government or the Department may restrict the types of non-highway vehicles that are authorized to be used on its streets.

Before permitting the operation of non-highway vehicles on its roadways, a municipality, township, county, other unit of local government, or the Department must consider the volume, speed, and character of traffic on the roadway and determine whether non-highway vehicles may safely travel on or cross the roadway. Upon determining that non-highway vehicles may safely operate on a roadway and the adoption of an ordinance or resolution by a municipality, township, county, or other unit of local government, or authorization by the Department, appropriate signs shall be posted.

If a roadway is under the jurisdiction of more than one unit of government, non-highway vehicles may not be operated on the roadway unless each unit of government agrees and takes action as provided in this subsection.

Non-highway vehicles, as used in this subsection (h), shall not be subject to subsections (e) and (g) of this Section. However, if the non-highway vehicle, as used in this Section, is not covered under a motor vehicle insurance policy pursuant to subsection (g) of this Section, the vehicle must be covered under a farm, home, or non-highway vehicle insurance policy issued with coverage amounts no less than the minimum amounts set for bodily injury or death and for destruction of property under Section 7-203 of this Code. Non-highway vehicles operated on a county or township roadway at any time between one-half hour before sunset and one-half hour after sunrise must be equipped with head lamps and tail lamps, and the head lamps and tail lamps must be lighted.

Non-highway vehicles, as used in this subsection (h), shall not make a direct crossing upon or across any tollroad, interstate highway, or controlled access highway in this State.

(d) Before prohibiting the operation of low-speed vehicles on a street, the Department of Transportation or unit of local government must consider the volume, speed, and character of traffic on the street and determine whether allowing low-speed vehicles to operate on that street would jeopardize public safety. Upon determining that low-speed vehicles may not safely operate on a street, and upon the adoption of an ordinance or resolution by a unit of local government, or regulation by the Department of Transportation, the operation of low-speed vehicles may be prohibited. The unit of local government or the Department of Transportation may prohibit the operation of low-speed vehicles on any and all streets under its jurisdiction. Appropriate signs shall be posted in conformance with the State Manual on Uniform Traffic Control Devices adopted pursuant to Section 11-301 of this Code.

(e) If a street is under the jurisdiction of more than one unit of local government, or under the jurisdiction of the Department of Transportation and one or more units of local government, low-speed vehicles may be operated on the street unless each unit of local government and the Department of Transportation agree and take action to prohibit such operation as provided in this Section.

(f) No low-speed vehicle may be operated on any street unless, at a minimum, it has the following: brakes, a steering apparatus, tires, a
rearview mirror, red reflectorized warning devices in the front and rear, a

and the dashboard of the vehicle stating "This Vehicle May Not Be
Operated on Streets With Speed Limits in Excess of 30 m.p.h." The
lettering of the sign or decal on the rear of the vehicle shall be not less than
2 inches in height. The lettering on the sign or decal on the dashboard shall
be not less than one-half inch in height.

(g) A person may not operate a low-speed vehicle upon any street
in this State unless he or she has a valid driver's license issued in his or her
name by the Secretary of State or a foreign jurisdiction.

(h) The operation of a low-speed vehicle upon any street is subject
to the provisions of Chapter 11 of this Code concerning the Rules of the
Road, and applicable local ordinances.

(i) Every owner of a low-speed vehicle is subject to the mandatory
insurance requirements specified in Article VI of Chapter 7 of this Code.

(j) Any person engaged in the retail sale of low-speed vehicles are
required to comply with the motor vehicle dealer licensing, registration,
and bonding laws of this State, as specified in Sections 5-101 and 5-102 of
this Code.

(k) No action taken by a unit of local government under this
Section designates the operation of a low-speed vehicle as an intended or
permitted use of property with respect to Section 3-102 of the Local
Governmental and Governmental Employees Tort Immunity Act.

Section 20. The Uniform Penalty and Interest Act is amended by changing Sections 3-2, 3-3, 3-4, 3-5, 3-6, and 3-7.5 as follows:

(35 ILCS 735/3-2) (from Ch. 120, par. 2603-2)

Sec. 3-2. Interest.

(a) Interest paid by the Department to taxpayers and interest charged to taxpayers by the Department shall be paid at the annual rate determined by the Department. For periods prior to January 1, 2004, that rate shall be the underpayment rate established under Section 6621 of the Internal Revenue Code. For periods after December 31, 2003, that rate shall be:

1. for the one-year period beginning with the date of underpayment or overpayment, the short-term federal rate established under Section 6621 of the Internal Revenue Code.
2. for any period beginning the day after the one-year period described in paragraph (1) of this subsection (a), the underpayment rate established under Section 6621 of the Internal Revenue Code.

(b) The interest rate shall be adjusted on a semiannual basis, on January 1 and July 1, based upon the underpayment rate or short-term federal rate going into effect on that January 1 or July 1 under Section 6621 of the Internal Revenue Code.

(c) This subsection (c) is applicable to returns due on and before December 31, 2000. Interest shall be simple interest calculated on a daily basis. Interest shall accrue upon tax and penalty due. If notice and demand is made for the payment of any amount of tax due and if the amount due is paid within 30 days after the date of such notice and demand, interest under this Section on the amount so paid shall not be imposed for the period after the date of the notice and demand.

(c-5) This subsection (c-5) is applicable to returns due on and after January 1, 2001. Interest shall be simple interest calculated on a daily basis. Interest shall accrue upon tax due. If notice and demand is made for the payment of any amount of tax due and if the amount due is paid within 30 days after the date of the notice and demand, interest under this Section on the amount so paid shall not be imposed for the period after the date of the notice and demand.

(d) No interest shall be paid upon any overpayment of tax if the overpayment is refunded or a credit approved within 90 days after the last date prescribed for filing the original return, or within 90 days of the
receipt of the processable return, or within 90 days after the date of overpayment, whichever date is latest, as determined without regard to processing time by the Comptroller or without regard to the date on which the credit is applied to the taxpayer's account. In order for an original return to be processable for purposes of this Section, it must be in the form prescribed or approved by the Department, signed by the person authorized by law, and contain all information, schedules, and support documents necessary to determine the tax due and to make allocations of tax as prescribed by law. For the purposes of computing interest, a return shall be deemed to be processable unless the Department notifies the taxpayer that the return is not processable within 90 days after the receipt of the return; however, interest shall not accumulate for the period following this date of notice. Interest on amounts refunded or credited pursuant to the filing of an amended return or claim for refund shall be determined from the due date of the original return or the date of overpayment, whichever is later, to the date of payment by the Department without regard to processing time by the Comptroller or the date of credit by the Department or without regard to the date on which the credit is applied to the taxpayer's account. If a claim for refund relates to an overpayment attributable to a net loss carryback as provided by Section 207 of the Illinois Income Tax Act, the date of overpayment shall be the last day of the taxable year in which the loss was incurred.

(e) Interest on erroneous refunds. Any portion of the tax imposed by an Act to which this Act is applicable or any interest or penalty which has been erroneously refunded and which is recoverable by the Department shall bear interest from the date of payment of the refund. However, no interest will be charged if the erroneous refund is for an amount less than $500 and is due to a mistake of the Department.

(f) If a taxpayer has a tax liability for the taxable period ending after June 30, 1983 and prior to July 1, 2002 that is eligible for amnesty under the Tax Delinquency Amnesty Act and the taxpayer fails to satisfy the tax liability during the amnesty period provided for in that Act for that taxable period, then the interest charged by the Department under this Section shall be imposed at a rate that is 200% of the rate that would otherwise be imposed under this Section.

(g) If a taxpayer has a tax liability for the taxable period ending after June 30, 2002 and prior to July 1, 2009 that is eligible for amnesty under the Tax Delinquency Amnesty Act, except for any tax liability reported pursuant to Section 506(b) of the Illinois Income Tax Act (35
ILCS 5/506(b)) that is not final, and the taxpayer fails to satisfy the tax liability during the amnesty period provided for in that Act for that taxable period, then the interest charged by the Department under this Section shall be imposed in an amount that is 200% of the amount that would otherwise be imposed under this Section.

(h) No interest shall be paid to a taxpayer on any refund allowed under the Tax Delinquency Amnesty Act.

(35 ILCS 735/3-3) (from Ch. 120, par. 2603-3)

Sec. 3-3. Penalty for failure to file or pay.

(a) This subsection (a) is applicable before January 1, 1996. A penalty of 5% of the tax required to be shown due on a return shall be imposed for failure to file the tax return on or before the due date prescribed for filing determined with regard for any extension of time for filing (penalty for late filing or nonfiling). If any unprocessable return is corrected and filed within 21 days after notice by the Department, the late filing or nonfiling penalty shall not apply. If a penalty for late filing or nonfiling is imposed in addition to a penalty for late payment, the total penalty due shall be the sum of the late filing penalty and the applicable late payment penalty. Beginning on the effective date of this amendatory Act of 1995, in the case of any type of tax return required to be filed more frequently than annually, when the failure to file the tax return on or before the date prescribed for filing (including any extensions) is shown to be nonfraudulent and has not occurred in the 2 years immediately preceding the failure to file on the prescribed due date, the penalty imposed by Section 3-3(a) shall be abated.

(a-5) This subsection (a-5) is applicable to returns due on and after January 1, 1996 and on or before December 31, 2000. A penalty equal to 2% of the tax required to be shown due on a return, up to a maximum amount of $250, determined without regard to any part of the tax that is paid on time or by any credit that was properly allowable on the date the return was required to be filed, shall be imposed for failure to file the tax return on or before the due date prescribed for filing determined with regard for any extension of time for filing. However, if any return is not filed within 30 days after notice of nonfiling mailed by the Department to the last known address of the taxpayer contained in Department records, an additional penalty amount shall be imposed equal to the greater of $250 or 2% of the tax shown on the return. However, the additional penalty amount may not exceed $5,000 and is determined without regard to any

part of the tax that is paid on time or by any credit that was properly allowable on the date the return was required to be filed (penalty for late filing or nonfiling). If any unprocessable return is corrected and filed within 30 days after notice by the Department, the late filing or nonfiling penalty shall not apply. If a penalty for late filing or nonfiling is imposed in addition to a penalty for late payment, the total penalty due shall be the sum of the late filing penalty and the applicable late payment penalty. In the case of any type of tax return required to be filed more frequently than annually, when the failure to file the tax return on or before the date prescribed for filing (including any extensions) is shown to be nonfraudulent and has not occurred in the 2 years immediately preceding the failure to file on the prescribed due date, the penalty imposed by Section 3-3(a-5) shall be abated.

(a-10) This subsection (a-10) is applicable to returns due on and after January 1, 2001. A penalty equal to 2% of the tax required to be shown due on a return, up to a maximum amount of $250, reduced by any tax that is paid on time or by any credit that was properly allowable on the date the return was required to be filed, shall be imposed for failure to file the tax return on or before the due date prescribed for filing determined with regard for any extension of time for filing. However, if any return is not filed within 30 days after notice of nonfiling mailed by the Department to the last known address of the taxpayer contained in Department records, an additional penalty amount shall be imposed equal to the greater of $250 or 2% of the tax shown on the return. However, the additional penalty amount may not exceed $5,000 and is determined without regard to any part of the tax that is paid on time or by any credit that was properly allowable on the date the return was required to be filed (penalty for late filing or nonfiling). If any unprocessable return is corrected and filed within 30 days after notice by the Department, the late filing or nonfiling penalty shall not apply. If a penalty for late filing or nonfiling is imposed in addition to a penalty for late payment, the total penalty due shall be the sum of the late filing penalty and the applicable late payment penalty. In the case of any type of tax return required to be filed more frequently than annually, when the failure to file the tax return on or before the date prescribed for filing (including any extensions) is shown to be nonfraudulent and has not occurred in the 2 years immediately preceding the failure to file on the prescribed due date, the penalty imposed by Section 3-3(a-10) shall be abated.
(b) This subsection is applicable before January 1, 1998. A penalty of 15% of the tax shown on the return or the tax required to be shown due on the return shall be imposed for failure to pay:

(1) the tax shown due on the return on or before the due date prescribed for payment of that tax, an amount of underpayment of estimated tax, or an amount that is reported in an amended return other than an amended return timely filed as required by subsection (b) of Section 506 of the Illinois Income Tax Act (penalty for late payment or nonpayment of admitted liability); or

(2) the full amount of any tax required to be shown due on a return and which is not shown (penalty for late payment or nonpayment of additional liability), within 30 days after a notice of arithmetic error, notice and demand, or a final assessment is issued by the Department. In the case of a final assessment arising following a protest and hearing, the 30-day period shall not begin until all proceedings in court for review of the final assessment have terminated or the period for obtaining a review has expired without proceedings for a review having been instituted. In the case of a notice of tax liability that becomes a final assessment without a protest and hearing, the penalty provided in this paragraph (2) shall be imposed at the expiration of the period provided for the filing of a protest.

(b-5) This subsection is applicable to returns due on and after January 1, 1998 and on or before December 31, 2000. A penalty of 20% of the tax shown on the return or the tax required to be shown due on the return shall be imposed for failure to pay:

(1) the tax shown due on the return on or before the due date prescribed for payment of that tax, an amount of underpayment of estimated tax, or an amount that is reported in an amended return other than an amended return timely filed as required by subsection (b) of Section 506 of the Illinois Income Tax Act (penalty for late payment or nonpayment of admitted liability); or

(2) the full amount of any tax required to be shown due on a return and which is not shown (penalty for late payment or nonpayment of additional liability), within 30 days after a notice of arithmetic error, notice and demand, or a final assessment is issued by the Department. In the case of a final assessment arising

following a protest and hearing, the 30-day period shall not begin until all proceedings in court for review of the final assessment have terminated or the period for obtaining a review has expired without proceedings for a review having been instituted. In the case of a notice of tax liability that becomes a final assessment without a protest and hearing, the penalty provided in this paragraph (2) shall be imposed at the expiration of the period provided for the filing of a protest.

(b-10) This subsection (b-10) is applicable to returns due on and after January 1, 2001 and on or before December 31, 2003. A penalty shall be imposed for failure to pay:

(1) the tax shown due on a return on or before the due date prescribed for payment of that tax, an amount of underpayment of estimated tax, or an amount that is reported in an amended return other than an amended return timely filed as required by subsection (b) of Section 506 of the Illinois Income Tax Act (penalty for late payment or nonpayment of admitted liability). The amount of penalty imposed under this subsection (b-10)(1) shall be 2% of any amount that is paid no later than 30 days after the due date, 5% of any amount that is paid later than 30 days after the due date and not later than 90 days after the due date, 10% of any amount that is paid later than 90 days after the due date and not later than 180 days after the due date, and 15% of any amount that is paid later than 180 days after the due date. If notice and demand is made for the payment of any amount of tax due and if the amount due is paid within 30 days after the date of the notice and demand, then the penalty for late payment or nonpayment of admitted liability under this subsection (b-10)(1) on the amount so paid shall not accrue for the period after the date of the notice and demand.

(2) the full amount of any tax required to be shown due on a return and that is not shown (penalty for late payment or nonpayment of additional liability), within 30 days after a notice of arithmetic error, notice and demand, or a final assessment is issued by the Department. In the case of a final assessment arising following a protest and hearing, the 30-day period shall not begin until all proceedings in court for review of the final assessment have terminated or the period for obtaining a review has expired without proceedings for a review having been instituted. The amount of penalty imposed under this subsection (b-10)(2) shall be
20% of any amount that is not paid within the 30-day period. In the case of a notice of tax liability that becomes a final assessment without a protest and hearing, the penalty provided in this subsection (b-10)(2) shall be imposed at the expiration of the period provided for the filing of a protest.

(b-15) This subsection (b-15) is applicable to returns due on and after January 1, 2004 and on or before December 31, 2004. A penalty shall be imposed for failure to pay the tax shown due or required to be shown due on a return on or before the due date prescribed for payment of that tax, an amount of underpayment of estimated tax, or an amount that is reported in an amended return other than an amended return timely filed as required by subsection (b) of Section 506 of the Illinois Income Tax Act (penalty for late payment or nonpayment of admitted liability). The amount of penalty imposed under this subsection (b-15)(1) shall be 2% of any amount that is paid no later than 30 days after the due date, 10% of any amount that is paid later than 30 days after the due date and not later than 90 days after the due date, 15% of any amount that is paid later than 90 days after the due date and not later than 180 days after the due date, and 20% of any amount that is paid later than 180 days after the due date.

If notice and demand is made for the payment of any amount of tax due and if the amount due is paid within 30 days after the date of this notice and demand, then the penalty for late payment or nonpayment of admitted liability under this subsection (b-15)(1) on the amount so paid shall not accrue for the period after the date of the notice and demand.

(b-20) This subsection (b-20) is applicable to returns due on and after January 1, 2005.

(1) A penalty shall be imposed for failure to pay, prior to the due date for payment, any amount of tax the payment of which is required to be made prior to the filing of a return or without a return (penalty for late payment or nonpayment of estimated or accelerated tax). The amount of penalty imposed under this paragraph (1) shall be 2% of any amount that is paid no later than 30 days after the due date and 10% of any amount that is paid later than 30 days after the due date.

(2) A penalty shall be imposed for failure to pay the tax shown due or required to be shown due on a return on or before the due date prescribed for payment of that tax or an amount that is reported in an amended return other than an amended return timely filed as required by subsection (b) of Section 506 of the Illinois Income Tax Act (penalty for late payment or nonpayment of admitted liability). The amount of penalty imposed under this subsection (b-20)(1) shall be 2% of any amount that is paid no later than 30 days after the due date, 10% of any amount that is paid later than 30 days after the due date, and 20% of any amount that is paid later than 180 days after the due date.
Income Tax Act (penalty for late payment or nonpayment of tax). The amount of penalty imposed under this paragraph (2) shall be 2% of any amount that is paid no later than 30 days after the due date, 10% of any amount that is paid later than 30 days after the due date and prior to the date the Department has initiated an audit or investigation of the taxpayer, and 20% of any amount that is paid after the date the Department has initiated an audit or investigation of the taxpayer; provided that the penalty shall be reduced to 15% if the entire amount due is paid not later than 30 days after the Department has provided the taxpayer with an amended return (following completion of an occupation, use, or excise tax audit) or a form for waiver of restrictions on assessment (following completion of an income tax audit); provided further that the reduction to 15% shall be rescinded if the taxpayer makes any claim for refund or credit of the tax, penalties, or interest determined to be due upon audit, except in the case of a claim filed pursuant to subsection (b) of Section 506 of the Illinois Income Tax Act or to claim a carryover of a loss or credit, the availability of which was not determined in the audit. For purposes of this paragraph (2), any overpayment reported on an original return that has been allowed as a refund or credit to the taxpayer shall be deemed to have not been paid on or before the due date for payment and any amount paid under protest pursuant to the provisions of the State Officers and Employees Money Disposition Act shall be deemed to have been paid after the Department has initiated an audit and more than 30 days after the Department has provided the taxpayer with an amended return (following completion of an occupation, use, or excise tax audit) or a form for waiver of restrictions on assessment (following completion of an income tax audit).

(3) The penalty imposed under this subsection (b-20) shall be deemed assessed at the time the tax upon which the penalty is computed is assessed, except that, if the reduction of the penalty imposed under paragraph (2) of this subsection (b-20) to 15% is rescinded because a claim for refund or credit has been filed, the increase in penalty shall be deemed assessed at the time the claim for refund or credit is filed.

(c) For purposes of the late payment penalties, the basis of the penalty shall be the tax shown or required to be shown on a return,
whichever is applicable, reduced by any part of the tax which is paid on
time and by any credit which was properly allowable on the date the return
was required to be filed.

(d) A penalty shall be applied to the tax required to be shown even
if that amount is less than the tax shown on the return.

(e) This subsection (e) is applicable to returns due before January
1, 2001. If both a subsection (b)(1) or (b-5)(1) penalty and a subsection
(b)(2) or (b-5)(2) penalty are assessed against the same return, the
subsection (b)(2) or (b-5)(2) penalty shall be assessed against only the
additional tax found to be due.

(e-5) This subsection (e-5) is applicable to returns due on and after
January 1, 2001. If both a subsection (b-10)(1) penalty and a subsection (b-
10)(2) penalty are assessed against the same return, the subsection (b-
10)(2) penalty shall be assessed against only the additional tax found to be
due.

(f) If the taxpayer has failed to file the return, the Department shall
determine the correct tax according to its best judgment and information,
which amount shall be prima facie evidence of the correctness of the tax
due.

(g) The time within which to file a return or pay an amount of tax
due without imposition of a penalty does not extend the time within which
to file a protest to a notice of tax liability or a notice of deficiency.

(h) No return shall be determined to be unprocessable because of
the omission of any information requested on the return pursuant to
Section 2505-575 of the Department of Revenue Law (20 ILCS
2505/2505-575).

(i) If a taxpayer has a tax liability for the taxable period ending
after June 30, 1983 and prior to July 1, 2002 that is eligible for amnesty
under the Tax Delinquency Amnesty Act and the taxpayer fails to satisfy
the tax liability during the amnesty period provided for in that Act for that
taxable period, then the penalty imposed by the Department under this
Section shall be imposed in an amount that is 200% of the amount that
would otherwise be imposed under this Section.

(j) If a taxpayer has a tax liability for the taxable period ending
after June 30, 2002 and prior to July 1, 2009 that is eligible for amnesty
under the Tax Delinquency Amnesty Act, except for any tax liability
reported pursuant to Section 506(b) of the Illinois Income Tax Act (35

liability during the amnesty period provided for in that Act for that taxable

(2) Failures subject to penalty. The following failures are subject to the penalty imposed in paragraph (1) of this subsection (a):

"Solar energy" means radiant energy received from the sun at wave lengths suitable for heat transfer, photosynthetic use, or photovoltaic use.
"Solar collector" means:
(1) an assembly, structure, or design, including passive elements, used for gathering, concentrating, or absorbing direct and indirect solar energy, specially designed for holding a substantial amount of useful thermal energy and to transfer that energy to a gas, solid, or liquid or to use that energy directly; or
(2) a mechanism that absorbs solar energy and converts it into electricity; or
(3) a mechanism or process used for gathering solar energy through wind or thermal gradients; or
(4) a component used to transfer thermal energy to a gas, solid, or liquid, or to convert it into electricity.
"Solar storage mechanism" means equipment or elements (such as piping and transfer mechanisms, containers, heat exchangers, or controls thereof, and gases, solids, liquids, or combinations thereof) that are utilized for storing solar energy, gathered by a solar collector, for subsequent use.
"Solar energy system" means:
(1) a complete assembly, structure, or design of solar collector, or a solar storage mechanism, which uses solar energy for generating electricity or for heating or cooling gases, solids, liquids, or other materials; and
(2) the design, materials, or elements of a system and its maintenance, operation, and labor components, and the necessary components, if any, of supplemental conventional energy systems designed or constructed to interface with a solar energy system.

Section 15. Associations; prohibitions. Notwithstanding any provision of this Act or other provision of law, the adoption of a bylaw or exercise of any power by the governing entity of a homeowners' association, common interest community association, or condominium unit owners' association which prohibits or has the effect of prohibiting the installation of a solar energy system is expressly prohibited.

Section 20. Deed restrictions; covenants. No deed restrictions, covenants, or similar binding agreements running with the land shall

prohibit or have the effect of prohibiting a solar energy system from being installed on a building erected on a lot or parcel covered by the deed restrictions, covenants, or binding agreements, if the building is subject to a homeowners' association, common interest community association, or condominium unit owners' association. A property owner may not be denied permission to install a solar energy system by any entity granted the power or right in any deed restriction, covenant, or similar binding agreement to approve, forbid, control, or direct alteration of property. However, for purposes of this Act, the entity may determine the specific location where a solar energy system may be installed on the roof within an orientation to the south or within 45 degrees east or west of due south provided that the determination does not impair the effective operation of the solar energy system. Each homeowners' association, common interest community association, or condominium unit owners' association shall adopt an energy policy statement regarding the location, design, and architectural requirements of solar energy systems within 120 days after an association receives a request for a policy statement or an application from an association member. An association shall disclose, upon request, its energy policy statement and shall include the statement in its homeowners' common interest community, or condominium unit owners' association declaration.

Section 25. Standards and requirements. A solar energy system shall meet applicable standards and requirements imposed by State and local permitting authorities.

Section 30. Application for approval. Whenever approval is required for the installation or use of a solar energy system, the application for approval shall be processed by the appropriate approving entity of the association within 90 days after the submission of the application. However, if an application is submitted before an energy policy statement is adopted by an association, the 90 day period shall not begin to run until the date that the policy is adopted.

Section 35. Violations. Any entity, other than a public entity, that willfully violates this Act shall be liable to the applicant for actual damages occasioned thereby and for any other consequential damages. Any entity that complies with the requirements of this Act shall not be liable to any other resident or third party for such compliance.

Section 40. Costs; attorney's fees. In any litigation arising under this Act, the prevailing party shall be entitled to costs and reasonable attorney's fees.

Section 45. Inapplicability. This Act shall not apply to any building which is greater than 30 feet in height.
Approved August 17, 2010.
Effective January 1, 2011.

PUBLIC ACT 96-1437
(House Bill No. 6202)

AN ACT concerning utilities.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Illinois Power Agency Act is amended by changing Sections 1-56 and 1-75 as follows:
(20 ILCS 3855/1-56)
    (a) The Illinois Power Agency Renewable Energy Resources Fund is created as a special fund in the State treasury.
    (b) The Illinois Power Agency Renewable Energy Resources Fund shall be administered by the Agency to procure renewable energy resources. Prior to June 1, 2011, resources procured pursuant to this Section shall be procured from facilities located in Illinois, provided the resources are available from those facilities. If resources are not available in Illinois, then they shall be procured in states that adjoin Illinois. If resources are not available in Illinois or in states that adjoin Illinois, then they may be purchased elsewhere. Beginning June 1, 2011, resources procured pursuant to this Section shall be procured from facilities located in Illinois or states that adjoin Illinois. If resources are not available in Illinois or in states that adjoin Illinois, then they may be procured elsewhere. To the extent available, at least 75% of these renewable energy resources shall come from wind generation. Of the renewable energy resources procured pursuant to this Section at least the following specified percentages shall come from photovoltaics on the following schedule: 0.5% by June 1, 2012; 1.5% by June 1, 2013; 3% by June 1, 2014; and 6% by June 1, 2015 and thereafter and, starting June 1, 2015, at least 6% of the renewable energy resources used to meet these standards shall come from solar photovoltaics.

(c) The Agency shall procure renewable energy resources at least once each year in conjunction with a procurement event for electric utilities required to comply with Section 1-75 of the Act and shall, whenever possible, enter into long-term contracts.

(d) The price paid to procure renewable energy credits using monies from the Illinois Power Agency Renewable Energy Resources Fund shall not exceed the winning bid prices paid for like resources procured for electric utilities required to comply with Section 1-75 of this Act.

(e) All renewable energy credits procured using monies from the Illinois Power Agency Renewable Energy Resources Fund shall be permanently retired.

(f) The procurement process described in this Section is exempt from the requirements of the Illinois Procurement Code, pursuant to Section 20-10 of that Code.

(g) All disbursements from the Illinois Power Agency Renewable Energy Resources Fund shall be made only upon warrants of the Comptroller drawn upon the Treasurer as custodian of the Fund upon vouchers signed by the Director or by the person or persons designated by the Director for that purpose. The Comptroller is authorized to draw the warrant upon vouchers so signed. The Treasurer shall accept all warrants so signed and shall be released from liability for all payments made on those warrants.

(h) The Illinois Power Agency Renewable Energy Resources Fund shall not be subject to sweeps, administrative charges, or chargebacks, including, but not limited to, those authorized under Section 8h of the State Finance Act, that would in any way result in the transfer of any funds from this Fund to any other fund of this State or in having any such funds utilized for any purpose other than the express purposes set forth in this Section.

(20 ILCS 3855/1-75)

Sec. 1-75. Planning and Procurement Bureau. The Planning and Procurement Bureau has the following duties and responsibilities:

(a) The Planning and Procurement Bureau shall each year, beginning in 2008, develop procurement plans and conduct competitive procurement processes in accordance with the requirements of Section 16-111.5 of the Public Utilities Act for the eligible retail customers of electric utilities that on December 31,
2005 provided electric service to at least 100,000 customers in Illinois. For the purposes of this Section, the term "eligible retail customers" has the same definition as found in Section 16-111.5(a) of the Public Utilities Act.

1) The Agency shall each year, beginning in 2008, as needed, issue a request for qualifications for experts or expert consulting firms to develop the procurement plans in accordance with Section 16-111.5 of the Public Utilities Act. In order to qualify an expert or expert consulting firm must have:

(A) direct previous experience assembling large-scale power supply plans or portfolios for end-use customers;
(B) an advanced degree in economics, mathematics, engineering, risk management, or a related area of study;
(C) 10 years of experience in the electricity sector, including managing supply risk;
(D) expertise in wholesale electricity market rules, including those established by the Federal Energy Regulatory Commission and regional transmission organizations;
(E) expertise in credit protocols and familiarity with contract protocols;
(F) adequate resources to perform and fulfill the required functions and responsibilities; and
(G) the absence of a conflict of interest and inappropriate bias for or against potential bidders or the affected electric utilities.

2) The Agency shall each year, as needed, issue a request for qualifications for a procurement administrator to conduct the competitive procurement processes in accordance with Section 16-111.5 of the Public Utilities Act. In order to qualify an expert or expert consulting firm must have:

(A) direct previous experience administering a large-scale competitive procurement process;
(B) an advanced degree in economics, mathematics, engineering, or a related area of study;

(C) 10 years of experience in the electricity sector, including risk management experience;
(D) expertise in wholesale electricity market rules, including those established by the Federal Energy Regulatory Commission and regional transmission organizations;
(E) expertise in credit and contract protocols;
(F) adequate resources to perform and fulfill the required functions and responsibilities; and
(G) the absence of a conflict of interest and inappropriate bias for or against potential bidders or the affected electric utilities.

(3) The Agency shall provide affected utilities and other interested parties with the lists of qualified experts or expert consulting firms identified through the request for qualifications processes that are under consideration to develop the procurement plans and to serve as the procurement administrator. The Agency shall also provide each qualified expert's or expert consulting firm's response to the request for qualifications. All information provided under this subparagraph shall also be provided to the Commission. The Agency may provide by rule for fees associated with supplying the information to utilities and other interested parties. These parties shall, within 5 business days, notify the Agency in writing if they object to any experts or expert consulting firms on the lists. Objections shall be based on:

(A) failure to satisfy qualification criteria;
(B) identification of a conflict of interest; or
(C) evidence of inappropriate bias for or against potential bidders or the affected utilities.

The Agency shall remove experts or expert consulting firms from the lists within 10 days if there is a reasonable basis for an objection and provide the updated lists to the affected utilities and other interested parties. If the Agency fails to remove an expert or expert consulting firm from a list, an objecting party may seek review by the Commission within 5 days thereafter by filing a petition,
and the Commission shall render a ruling on the petition within 10 days. There is no right of appeal of the Commission's ruling.

(4) The Agency shall issue requests for proposals to the qualified experts or expert consulting firms to develop a procurement plan for the affected utilities and to serve as procurement administrator.

(5) The Agency shall select an expert or expert consulting firm to develop procurement plans based on the proposals submitted and shall award one-year contracts to those selected with an option for the Agency for a one-year renewal.

(6) The Agency shall select an expert or expert consulting firm, with approval of the Commission, to serve as procurement administrator based on the proposals submitted. If the Commission rejects, within 5 days, the Agency's selection, the Agency shall submit another recommendation within 3 days based on the proposals submitted. The Agency shall award a one-year contract to the expert or expert consulting firm so selected with Commission approval with an option for the Agency for a one-year renewal.

(b) The experts or expert consulting firms retained by the Agency shall, as appropriate, prepare procurement plans, and conduct a competitive procurement process as prescribed in Section 16-111.5 of the Public Utilities Act, to ensure adequate, reliable, affordable, efficient, and environmentally sustainable electric service at the lowest total cost over time, taking into account any benefits of price stability, for eligible retail customers of electric utilities that on December 31, 2005 provided electric service to at least 100,000 customers in the State of Illinois.

(c) Renewable portfolio standard.

(1) The procurement plans shall include cost-effective renewable energy resources. A minimum percentage of each utility's total supply to serve the load of eligible retail customers, as defined in Section 16-111.5(a) of the Public Utilities Act, procured for each of the following years shall be generated from cost-effective renewable energy resources: at least 2% by June 1, 2008; at
least 4% by June 1, 2009; at least 5% by June 1, 2010; at least 6% by June 1, 2011; at least 7% by June 1, 2012; at least 8% by June 1, 2013; at least 9% by June 1, 2014; at least 10% by June 1, 2015; and increasing by at least 1.5% each year thereafter to at least 25% by June 1, 2025. To the extent that it is available, at least 75% of the renewable energy resources used to meet these standards shall come from wind generation and, beginning on June 1, 2011, at least the following percentages of the renewable energy resources used to meet these standards shall come from photovoltaics on the following schedule: 0.5% by June 1, 2012, 1.5% by June 1, 2013; 3% by June 1, 2014; and 6% by June 1, 2015 and thereafter. For purposes of this subsection (c), "cost-effective" means that the costs of procuring renewable energy resources do not cause the limit stated in paragraph (2) of this subsection (c) to be exceeded and do not exceed benchmarks based on market prices for renewable energy resources in the region, which shall be developed by the procurement administrator, in consultation with the Commission staff, Agency staff, and the procurement monitor and shall be subject to Commission review and approval.

(2) For purposes of this subsection (c), the required procurement of cost-effective renewable energy resources for a particular year shall be measured as a percentage of the actual amount of electricity (megawatt-hours) supplied by the electric utility to eligible retail customers in the planning year ending immediately prior to the procurement. For purposes of this subsection (c), the amount paid per kilowatthour means the total amount paid for electric service expressed on a per kilowatthour basis. For purposes of this subsection (c), the total amount paid for electric service includes without limitation amounts paid for supply, transmission, distribution, surcharges, and add-on taxes.

Notwithstanding the requirements of this subsection (c), the total of renewable energy resources procured pursuant to the procurement plan for any single year shall be reduced by an amount necessary to limit the annual

estimated average net increase due to the costs of these resources included in the amounts paid by eligible retail customers in connection with electric service to:

(A) in 2008, no more than 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007;

(B) in 2009, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2008 or 1% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007;

(C) in 2010, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2009 or 1.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007;

(D) in 2011, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2010 or 2% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007; and

(E) thereafter, the amount of renewable energy resources procured pursuant to the procurement plan for any single year shall be reduced by an amount necessary to limit the estimated average net increase due to the cost of these resources included in the amounts paid by eligible retail customers in connection with electric service to no more than the greater of 2.015% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007 or the incremental amount per kilowatthour paid for these resources in 2011.

No later than June 30, 2011, the Commission shall review the limitation on the amount of renewable energy resources procured pursuant to this subsection (c) and report to the General Assembly its findings as to whether

New matter indicated by italics - deletions by strikeout
that limitation unduly constrains the procurement of cost-effective renewable energy resources.

(3) Through June 1, 2011, renewable energy resources shall be counted for the purpose of meeting the renewable energy standards set forth in paragraph (1) of this subsection (c) only if they are generated from facilities located in the State, provided that cost-effective renewable energy resources are available from those facilities. If those cost-effective resources are not available in Illinois, they shall be procured in states that adjoin Illinois and may be counted towards compliance. If those cost-effective resources are not available in Illinois or in states that adjoin Illinois, they shall be purchased elsewhere and shall be counted towards compliance. After June 1, 2011, cost-effective renewable energy resources located in Illinois and in states that adjoin Illinois may be counted towards compliance with the standards set forth in paragraph (1) of this subsection (c). If those cost-effective resources are not available in Illinois or in states that adjoin Illinois, they shall be purchased elsewhere and shall be counted towards compliance.

(4) The electric utility shall retire all renewable energy credits used to comply with the standard.

(5) Beginning with the year commencing June 1, 2010, an electric utility subject to this subsection (c) shall apply the lesser of the maximum alternative compliance payment rate or the most recent estimated alternative compliance payment rate for its service territory for the corresponding compliance period, established pursuant to subsection (d) of Section 16-115D of the Public Utilities Act to its retail customers that take service pursuant to the electric utility's hourly pricing tariff or tariffs. The electric utility shall retain all amounts collected as a result of the application of the alternative compliance payment rate or rates to such customers, and, beginning in 2011, the utility shall include in the information provided under item (1) of subsection (d) of Section 16-111.5 of the Public Utilities Act the amounts collected under the alternative compliance payment rate or rates for the prior year ending May 31.
Notwithstanding any limitation on the procurement of renewable energy resources imposed by item (2) of this subsection (c), the Agency shall increase its spending on the purchase of renewable energy resources to be procured by the electric utility for the next plan year by an amount equal to the amounts collected by the utility under the alternative compliance payment rate or rates in the prior year ending May 31.

(d) Clean coal portfolio standard.

(1) The procurement plans shall include electricity generated using clean coal. Each utility shall enter into one or more sourcing agreements with the initial clean coal facility, as provided in paragraph (3) of this subsection (d), covering electricity generated by the initial clean coal facility representing at least 5% of each utility's total supply to serve the load of eligible retail customers in 2015 and each year thereafter, as described in paragraph (3) of this subsection (d), subject to the limits specified in paragraph (2) of this subsection (d). It is the goal of the State that by January 1, 2025, 25% of the electricity used in the State shall be generated by cost-effective clean coal facilities. For purposes of this subsection (d), "cost-effective" means that the expenditures pursuant to such sourcing agreements do not cause the limit stated in paragraph (2) of this subsection (d) to be exceeded and do not exceed cost-based benchmarks, which shall be developed to assess all expenditures pursuant to such sourcing agreements covering electricity generated by clean coal facilities, other than the initial clean coal facility, by the procurement administrator, in consultation with the Commission staff, Agency staff, and the procurement monitor and shall be subject to Commission review and approval.

(A) A utility party to a sourcing agreement shall immediately retire any emission credits that it receives in connection with the electricity covered by such agreement.

(B) Utilities shall maintain adequate records documenting the purchases under the sourcing agreement to comply with this subsection (d) and shall file an accounting with the load forecast that must be filed with the Agency by July 15 of each year, in accordance with subsection (d) of Section 16-111.5 of the Public Utilities Act.

New matter indicated by italics - deletions by strikeout
(C) A utility shall be deemed to have complied with the clean coal portfolio standard specified in this subsection (d) if the utility enters into a sourcing agreement as required by this subsection (d).

(2) For purposes of this subsection (d), the required execution of sourcing agreements with the initial clean coal facility for a particular year shall be measured as a percentage of the actual amount of electricity (megawatt-hours) supplied by the electric utility to eligible retail customers in the planning year ending immediately prior to the agreement's execution. For purposes of this subsection (d), the amount paid per kilowatthour means the total amount paid for electric service expressed on a per kilowatthour basis. For purposes of this subsection (d), the total amount paid for electric service includes without limitation amounts paid for supply, transmission, distribution, surcharges and add-on taxes.

Notwithstanding the requirements of this subsection (d), the total amount paid under sourcing agreements with clean coal facilities pursuant to the procurement plan for any given year shall be reduced by an amount necessary to limit the annual estimated average net increase due to the costs of these resources included in the amounts paid by eligible retail customers in connection with electric service to:

(A) in 2010, no more than 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2009;
(B) in 2011, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2010 or 1% of the amount paid per kilowatthour by those customers during the year ending May 31, 2009;
(C) in 2012, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2011 or 1.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2009;
(D) in 2013, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2012 or
2% of the amount paid per kilowatthour by those customers during the year ending May 31, 2009; and

(E) thereafter, the total amount paid under sourcing agreements with clean coal facilities pursuant to the procurement plan for any single year shall be reduced by an amount necessary to limit the estimated average net increase due to the cost of these resources included in the amounts paid by eligible retail customers in connection with electric service to no more than the greater of (i) 2.015% of the amount paid per kilowatthour by those customers during the year ending May 31, 2009 or (ii) the incremental amount per kilowatthour paid for these resources in 2013. These requirements may be altered only as provided by statute. No later than June 30, 2015, the Commission shall review the limitation on the total amount paid under sourcing agreements, if any, with clean coal facilities pursuant to this subsection (d) and report to the General Assembly its findings as to whether that limitation unduly constrains the amount of electricity generated by cost-effective clean coal facilities that is covered by sourcing agreements.

(3) Initial clean coal facility. In order to promote development of clean coal facilities in Illinois, each electric utility subject to this Section shall execute a sourcing agreement to source electricity from a proposed clean coal facility in Illinois (the "initial clean coal facility") that will have a nameplate capacity of at least 500 MW when commercial operation commences, that has a final Clean Air Act permit on the effective date of this amendatory Act of the 95th General Assembly, and that will meet the definition of clean coal facility in Section 1-10 of this Act when commercial operation commences. The sourcing agreements with this initial clean coal facility shall be subject to both approval of the initial clean coal facility by the General Assembly and satisfaction of the requirements of paragraph (4) of this subsection (d) and shall be executed within 90 days after any such approval by the General Assembly. The Agency and the Commission shall have authority to
inspect all books and records associated with the initial clean coal facility during the term of such a sourcing agreement. A utility's sourcing agreement for electricity produced by the initial clean coal facility shall include:

(A) a formula contractual price (the "contract price") approved pursuant to paragraph (4) of this subsection (d), which shall:

(i) be determined using a cost of service methodology employing either a level or deferred capital recovery component, based on a capital structure consisting of 45% equity and 55% debt, and a return on equity as may be approved by the Federal Energy Regulatory Commission, which in any case may not exceed the lower of 11.5% or the rate of return approved by the General Assembly pursuant to paragraph (4) of this subsection (d); and

(ii) provide that all miscellaneous net revenue, including but not limited to net revenue from the sale of emission allowances, if any, substitute natural gas, if any, grants or other support provided by the State of Illinois or the United States Government, firm transmission rights, if any, by-products produced by the facility, energy or capacity derived from the facility and not covered by a sourcing agreement pursuant to paragraph (3) of this subsection (d) or item (5) of subsection (d) of Section 16-115 of the Public Utilities Act, whether generated from the synthesis gas derived from coal, from SNG, or from natural gas, shall be credited against the revenue requirement for this initial clean coal facility;

(B) power purchase provisions, which shall:

(i) provide that the utility party to such sourcing agreement shall pay the contract price for electricity delivered under such sourcing agreement;

(ii) require delivery of electricity to the regional transmission organization market of the utility that is party to such sourcing agreement;
(iii) require the utility party to such sourcing agreement to buy from the initial clean coal facility in each hour an amount of energy equal to all clean coal energy made available from the initial clean coal facility during such hour times a fraction, the numerator of which is such utility's retail market sales of electricity (expressed in kilowatthours sold) in the State during the prior calendar month and the denominator of which is the total retail market sales of electricity (expressed in kilowatthours sold) in the State by utilities during such prior month and the sales of electricity (expressed in kilowatthours sold) in the State by alternative retail electric suppliers during such prior month that are subject to the requirements of this subsection (d) and paragraph (5) of subsection (d) of Section 16-115 of the Public Utilities Act, provided that the amount purchased by the utility in any year will be limited by paragraph (2) of this subsection (d); and

(iv) be considered pre-existing contracts in such utility's procurement plans for eligible retail customers;

(C) contract for differences provisions, which shall:

(i) require the utility party to such sourcing agreement to contract with the initial clean coal facility in each hour with respect to an amount of energy equal to all clean coal energy made available from the initial clean coal facility during such hour times a fraction, the numerator of which is such utility's retail market sales of electricity (expressed in kilowatthours sold) in the utility's service territory in the State during the prior calendar month and the denominator of which is the total retail market sales of electricity (expressed in kilowatthours sold) in the State by utilities during such prior month and the sales of electricity (expressed in kilowatthours sold) in the State by alternative retail electric suppliers during such prior month that are subject to the requirements of this subsection (d);

subsection (d) and paragraph (5) of subsection (d) of Section 16-115 of the Public Utilities Act, provided that the amount paid by the utility in any year will be limited by paragraph (2) of this subsection (d);

(ii) provide that the utility's payment obligation in respect of the quantity of electricity determined pursuant to the preceding clause (i) shall be limited to an amount equal to (1) the difference between the contract price determined pursuant to subparagraph (A) of paragraph (3) of this subsection (d) and the day-ahead price for electricity delivered to the regional transmission organization market of the utility that is party to such sourcing agreement (or any successor delivery point at which such utility's supply obligations are financially settled on an hourly basis) (the "reference price") on the day preceding the day on which the electricity is delivered to the initial clean coal facility busbar, multiplied by (2) the quantity of electricity determined pursuant to the preceding clause (i); and

(iii) not require the utility to take physical delivery of the electricity produced by the facility;

(D) general provisions, which shall:

(i) specify a term of no more than 30 years, commencing on the commercial operation date of the facility;

(ii) provide that utilities shall maintain adequate records documenting purchases under the sourcing agreements entered into to comply with this subsection (d) and shall file an accounting with the load forecast that must be filed with the Agency by July 15 of each year, in accordance with subsection (d) of Section 16-111.5 of the Public Utilities Act.

(iii) provide that all costs associated with the initial clean coal facility will be periodically reported to the Federal Energy Regulatory Commission and to purchasers in accordance with
applicable laws governing cost-based wholesale power contracts;

(iv) permit the Illinois Power Agency to assume ownership of the initial clean coal facility, without monetary consideration and otherwise on reasonable terms acceptable to the Agency, if the Agency so requests no less than 3 years prior to the end of the stated contract term;

(v) require the owner of the initial clean coal facility to provide documentation to the Commission each year, starting in the facility's first year of commercial operation, accurately reporting the quantity of carbon emissions from the facility that have been captured and sequestered and report any quantities of carbon released from the site or sites at which carbon emissions were sequestered in prior years, based on continuous monitoring of such sites. If, in any year after the first year of commercial operation, the owner of the facility fails to demonstrate that the initial clean coal facility captured and sequestered at least 50% of the total carbon emissions that the facility would otherwise emit or that sequestration of emissions from prior years has failed, resulting in the release of carbon dioxide into the atmosphere, the owner of the facility must offset excess emissions. Any such carbon offsets must be permanent, additional, verifiable, real, located within the State of Illinois, and legally and practicably enforceable. The cost of such offsets for the facility that are not recoverable shall not exceed $15 million in any given year. No costs of any such purchases of carbon offsets may be recovered from a utility or its customers. All carbon offsets purchased for this purpose and any carbon emission credits associated with sequestration of carbon from the facility must be permanently retired. The initial clean coal facility shall not forfeit its designation as a clean coal facility if the facility fails to fully comply with the
applicable carbon sequestration requirements in any given year, provided the requisite offsets are purchased. However, the Attorney General, on behalf of the People of the State of Illinois, may specifically enforce the facility's sequestration requirement and the other terms of this contract provision. Compliance with the sequestration requirements and offset purchase requirements specified in paragraph (3) of this subsection (d) shall be reviewed annually by an independent expert retained by the owner of the initial clean coal facility, with the advance written approval of the Attorney General. The Commission may, in the course of the review specified in item (vii), reduce the allowable return on equity for the facility if the facility willfully fails to comply with the carbon capture and sequestration requirements set forth in this item (v);

(vi) include limits on, and accordingly provide for modification of, the amount the utility is required to source under the sourcing agreement consistent with paragraph (2) of this subsection (d);

(vii) require Commission review: (1) to determine the justness, reasonableness, and prudence of the inputs to the formula referenced in subparagraphs (A)(i) through (A)(iii) of paragraph (3) of this subsection (d), prior to an adjustment in those inputs including, without limitation, the capital structure and return on equity, fuel costs, and other operations and maintenance costs and (2) to approve the costs to be passed through to customers under the sourcing agreement by which the utility satisfies its statutory obligations. Commission review shall occur no less than every 3 years, regardless of whether any adjustments have been proposed, and shall be completed within 9 months;

(viii) limit the utility's obligation to such amount as the utility is allowed to recover through tariffs filed with the Commission, provided that

neither the clean coal facility nor the utility waives any right to assert federal pre-emption or any other argument in response to a purported disallowance of recovery costs;

(ix) limit the utility's or alternative retail electric supplier's obligation to incur any liability until such time as the facility is in commercial operation and generating power and energy and such power and energy is being delivered to the facility busbar;

(x) provide that the owner or owners of the initial clean coal facility, which is the counterparty to such sourcing agreement, shall have the right from time to time to elect whether the obligations of the utility party thereto shall be governed by the power purchase provisions or the contract for differences provisions;

(xi) append documentation showing that the formula rate and contract, insofar as they relate to the power purchase provisions, have been approved by the Federal Energy Regulatory Commission pursuant to Section 205 of the Federal Power Act;

(xii) provide that any changes to the terms of the contract, insofar as such changes relate to the power purchase provisions, are subject to review under the public interest standard applied by the Federal Energy Regulatory Commission pursuant to Sections 205 and 206 of the Federal Power Act; and

(xiii) conform with customary lender requirements in power purchase agreements used as the basis for financing non-utility generators.

(4) Effective date of sourcing agreements with the initial clean coal facility. Any proposed sourcing agreement with the initial clean coal facility shall not become effective unless the following reports are prepared and submitted and authorizations and approvals obtained:

(i) Facility cost report. The owner of the initial clean coal facility shall submit to the Commission, the Agency, and the General

Assembly a front-end engineering and design study, a facility cost report, method of financing (including but not limited to structure and associated costs), and an operating and maintenance cost quote for the facility (collectively "facility cost report"), which shall be prepared in accordance with the requirements of this paragraph (4) of subsection (d) of this Section, and shall provide the Commission and the Agency access to the work papers, relied upon documents, and any other backup documentation related to the facility cost report.

(ii) Commission report. Within 6 months following receipt of the facility cost report, the Commission, in consultation with the Agency, shall submit a report to the General Assembly setting forth its analysis of the facility cost report. Such report shall include, but not be limited to, a comparison of the costs associated with electricity generated by the initial clean coal facility to the costs associated with electricity generated by other types of generation facilities, an analysis of the rate impacts on residential and small business customers over the life of the sourcing agreements, and an analysis of the likelihood that the initial clean coal facility will commence commercial operation by and be delivering power to the facility's busbar by 2016. To assist in the preparation of its report, the Commission, in consultation with the Agency, may hire one or more experts or consultants, the costs of which shall be paid for by the owner of the initial clean coal facility. The Commission and Agency may begin the process of selecting such experts or consultants prior to receipt of the facility cost report.

(iii) General Assembly approval. The proposed sourcing agreements shall not take effect unless, based on the facility cost report and the Commission's report, the General Assembly enacts authorizing legislation approving (A) the projected

price, stated in cents per kilowatthour, to be charged for electricity generated by the initial clean coal facility, (B) the projected impact on residential and small business customers' bills over the life of the sourcing agreements, and (C) the maximum allowable return on equity for the project; and

(iv) Commission review. If the General Assembly enacts authorizing legislation pursuant to subparagraph (iii) approving a sourcing agreement, the Commission shall, within 90 days of such enactment, complete a review of such sourcing agreement. During such time period, the Commission shall implement any directive of the General Assembly, resolve any disputes between the parties to the sourcing agreement concerning the terms of such agreement, approve the form of such agreement, and issue an order finding that the sourcing agreement is prudent and reasonable.

The facility cost report shall be prepared as follows:

(A) The facility cost report shall be prepared by duly licensed engineering and construction firms detailing the estimated capital costs payable to one or more contractors or suppliers for the engineering, procurement and construction of the components comprising the initial clean coal facility and the estimated costs of operation and maintenance of the facility. The facility cost report shall include:

(i) an estimate of the capital cost of the core plant based on one or more front end engineering and design studies for the gasification island and related facilities. The core plant shall include all civil, structural, mechanical, electrical, control, and safety systems.

(ii) an estimate of the capital cost of the balance of the plant, including any capital costs associated with sequestration of carbon dioxide emissions and all interconnects and interfaces required to operate the facility, such as transmission of electricity, construction or backfeed power.
supply, pipelines to transport substitute natural gas or carbon dioxide, potable water supply, natural gas supply, water supply, water discharge, landfill, access roads, and coal delivery.

The quoted construction costs shall be expressed in nominal dollars as of the date that the quote is prepared and shall include (1) capitalized financing costs during construction, (2) taxes, insurance, and other owner's costs, and (3) an assumed escalation in materials and labor beyond the date as of which the construction cost quote is expressed.

(B) The front end engineering and design study for the gasification island and the cost study for the balance of plant shall include sufficient design work to permit quantification of major categories of materials, commodities and labor hours, and receipt of quotes from vendors of major equipment required to construct and operate the clean coal facility.

(C) The facility cost report shall also include an operating and maintenance cost quote that will provide the estimated cost of delivered fuel, personnel, maintenance contracts, chemicals, catalysts, consumables, spares, and other fixed and variable operations and maintenance costs.

(a) The delivered fuel cost estimate will be provided by a recognized third party expert or experts in the fuel and transportation industries.

(b) The balance of the operating and maintenance cost quote, excluding delivered fuel costs will be developed based on the inputs provided by duly licensed engineering and construction firms performing the construction cost quote, potential vendors under long-term service agreements and plant operating agreements, or recognized third party plant operator or operators.

The operating and maintenance cost quote (including the cost of the front end engineering and design study) shall be expressed in nominal dollars as of the date that the quote is prepared and shall include (1) taxes, insurance, and other owner's costs.
costs, and (2) an assumed escalation in materials
and labor beyond the date as of which the operating
and maintenance cost quote is expressed.

(D) The facility cost report shall also include (i) an
analysis of the initial clean coal facility's ability to deliver
power and energy into the applicable regional transmission
organization markets and (ii) an analysis of the expected
capacity factor for the initial clean coal facility.

(E) Amounts paid to third parties unrelated to the
owner or owners of the initial clean coal facility to prepare
the core plant construction cost quote, including the front
end engineering and design study, and the operating and
maintenance cost quote will be reimbursed through Coal
Development Bonds.

(5) Re-powering and retrofitting coal-fired power plants
previously owned by Illinois utilities to qualify as clean coal
facilities. During the 2009 procurement planning process and
thereafter, the Agency and the Commission shall consider sourcing
agreements covering electricity generated by power plants that
were previously owned by Illinois utilities and that have been or
will be converted into clean coal facilities, as defined by Section 1-
10 of this Act. Pursuant to such procurement planning process, the
owners of such facilities may propose to the Agency sourcing
agreements with utilities and alternative retail electric suppliers
required to comply with subsection (d) of this Section and item (5)
of subsection (d) of Section 16-115 of the Public Utilities Act,
covering electricity generated by such facilities. In the case of
sourcing agreements that are power purchase agreements, the
contract price for electricity sales shall be established on a cost of
service basis. In the case of sourcing agreements that are contracts
for differences, the contract price from which the reference price is
subtracted shall be established on a cost of service basis. The
Agency and the Commission may approve any such utility sourcing
agreements that do not exceed cost-based benchmarks developed
by the procurement administrator, in consultation with the
Commission staff, Agency staff and the procurement monitor,
subject to Commission review and approval. The Commission
shall have authority to inspect all books and records associated
with these clean coal facilities during the term of any such contract.

(6) Costs incurred under this subsection (d) or pursuant to a contract entered into under this subsection (d) shall be deemed prudently incurred and reasonable in amount and the electric utility shall be entitled to full cost recovery pursuant to the tariffs filed with the Commission.

(e) The draft procurement plans are subject to public comment, as required by Section 16-111.5 of the Public Utilities Act.

(f) The Agency shall submit the final procurement plan to the Commission. The Agency shall revise a procurement plan if the Commission determines that it does not meet the standards set forth in Section 16-111.5 of the Public Utilities Act.

(g) The Agency shall assess fees to each affected utility to recover the costs incurred in preparation of the annual procurement plan for the utility.

(h) The Agency shall assess fees to each bidder to recover the costs incurred in connection with a competitive procurement process.

Section 10. The Public Utilities Act is amended by changing Section 16-115D as follows:

(220 ILCS 5/16-115D)

Sec. 16-115D. Renewable portfolio standard for alternative retail electric suppliers and electric utilities operating outside their service territories.

(a) An alternative retail electric supplier shall be responsible for procuring cost-effective renewable energy resources as required under item (5) of subsection (d) of Section 16-115 of this Act as outlined herein:

1. The definition of renewable energy resources contained in Section 1-10 of the Illinois Power Agency Act applies to all renewable energy resources required to be procured by alternative retail electric suppliers.

2. The quantity of renewable energy resources shall be measured as a percentage of the actual amount of metered electricity (megawatt-hours) delivered by the alternative retail electric supplier to Illinois retail customers during the 12-month period June 1 through May 31, commencing June 1, 2009, and the
comparable 12-month period in each year thereafter except as provided in item (6) of this subsection (a).

(3) The quantity of renewable energy resources shall be in amounts at least equal to the annual percentages set forth in item (1) of subsection (c) of Section 1-75 of the Illinois Power Agency Act. At least 60% of the renewable energy resources procured pursuant to items (1) through (3) of subsection (b) of this Section shall come from wind generation and, starting June 1, 2015, at least 6% of the renewable energy resources procured pursuant to items (1) through (3) of subsection (b) of this Section shall come from solar photovoltaics. If, in any given year, an alternative retail electric supplier does not purchase at least these levels of renewable energy resources, then the alternative retail electric supplier shall make alternative compliance payments, as described in subsection (d) of this Section.

(4) The quantity and source of renewable energy resources shall be independently verified through the PJM Environmental Information System Generation Attribute Tracking System (PJM-GATS) or the Midwest Renewable Energy Tracking System (M-RETS), which shall document the location of generation, resource type, month, and year of generation for all qualifying renewable energy resources that an alternative retail electric supplier uses to comply with this Section. No later than June 1, 2009, the Illinois Power Agency shall provide PJM-GATS, M-RETS, and alternative retail electric suppliers with all information necessary to identify resources located in Illinois, within states that adjoin Illinois or within portions of the PJM and MISO footprint in the United States that qualify under the definition of renewable energy resources in Section 1-10 of the Illinois Power Agency Act for compliance with this Section 16-115D. Alternative retail electric suppliers shall not be subject to the requirements in item (3) of subsection (c) of Section 1-75 of the Illinois Power Agency Act.

(5) All renewable energy credits used to comply with this Section shall be permanently retired.

(6) The required procurement of renewable energy resources by an alternative retail electric supplier shall apply to all metered electricity delivered to Illinois retail customers by the alternative retail electric supplier pursuant to contracts executed or extended after March 15, 2009.

New matter indicated by italics - deletions by strikeout
(b) An alternative retail electric supplier shall comply with the renewable energy portfolio standards by making an alternative compliance payment, as described in subsection (d) of this Section, to cover at least one-half of the alternative retail electric supplier's compliance obligation and any one or combination of the following means to cover the remainder of the alternative retail electric supplier's compliance obligation:

(1) Generating electricity using renewable energy resources identified pursuant to item (4) of subsection (a) of this Section.

(2) Purchasing electricity generated using renewable energy resources identified pursuant to item (4) of subsection (a) of this Section through an energy contract.

(3) Purchasing renewable energy credits from renewable energy resources identified pursuant to item (4) of subsection (a) of this Section.

(4) Making an alternative compliance payment as described in subsection (d) of this Section.

(c) Use of renewable energy credits.

(1) Renewable energy credits that are not used by an alternative retail electric supplier to comply with a renewable portfolio standard in a compliance year may be banked and carried forward up to 2 12-month compliance periods after the compliance period in which the credit was generated for the purpose of complying with a renewable portfolio standard in those 2 subsequent compliance periods. For the 2009-2010 and 2010-2011 compliance periods, an alternative retail electric supplier may use renewable credits generated after December 31, 2008 and before June 1, 2009 to comply with this Section.

(2) An alternative retail electric supplier is responsible for demonstrating that a renewable energy credit used to comply with a renewable portfolio standard is derived from a renewable energy resource and that the alternative retail electric supplier has not used, traded, sold, or otherwise transferred the credit.

(3) The same renewable energy credit may be used by an alternative retail electric supplier to comply with a federal renewable portfolio standard and a renewable portfolio standard established under this Act. An alternative retail electric supplier that uses a renewable energy credit to comply with a renewable portfolio standard imposed by any other state may not use the same

credit to comply with a renewable portfolio standard established under this Act.

(d) Alternative compliance payments.

(1) The Commission shall establish and post on its website, within 5 business days after entering an order approving a procurement plan pursuant to Section 1-75 of the Illinois Power Agency Act, maximum alternative compliance payment rates, expressed on a per kilowatt-hour basis, that will be applicable in the first compliance period following the plan approval. A separate maximum alternative compliance payment rate shall be established for the service territory of each electric utility that is subject to subsection (c) of Section 1-75 of the Illinois Power Agency Act. Each maximum alternative compliance payment rate shall be equal to the maximum allowable annual estimated average net increase due to the costs of the utility's purchase of renewable energy resources included in the amounts paid by eligible retail customers in connection with electric service, as described in item (2) of subsection (c) of Section 1-75 of the Illinois Power Agency Act for the compliance period, and as established in the approved procurement plan. Following each procurement event through which renewable energy resources are purchased for one or more of these utilities for the compliance period, the Commission shall establish and post on its website estimates of the alternative compliance payment rates, expressed on a per kilowatt-hour basis, that shall apply for that compliance period. Posting of the estimates shall occur no later than 10 business days following the procurement event, however, the Commission shall not be required to establish and post such estimates more often than once per calendar month. By July 1 of each year, the Commission shall establish and post on its website the actual alternative compliance payment rates for the preceding compliance year. For compliance years beginning prior to June 1, 2014, each alternative compliance payment rate shall be equal to the total amount of dollars that for which the utility contracted to spend on renewable resources, excepting the additional incremental cost attributable to solar resources, for the compliance period divided by the forecasted load of eligible retail customers, at the customers' meters, as previously established in the Commission-approved procurement plan for that compliance year. For compliance years
commencing on or after June 1, 2014, each alternative compliance payment rate shall be equal to the total amount of dollars that the utility contracted to spend on all renewable resources for the compliance period divided by the forecasted load of eligible retail customers, at the customers' meters, as previously established in the Commission-approved procurement plan for that compliance year. The actual alternative compliance payment rates may not exceed the maximum alternative compliance payment rates established for the compliance period. For purposes of this subsection (d), the term "eligible retail customers" has the same meaning as found in Section 16-111.5 of this Act.

(2) In any given compliance year, an alternative retail electric supplier may elect to use alternative compliance payments to comply with all or a part of the applicable renewable portfolio standard. In the event that an alternative retail electric supplier elects to make alternative compliance payments to comply with all or a part of the applicable renewable portfolio standard, such payments shall be made by September 1, 2010 for the period of June 1, 2009 to May 1, 2010 and by September 1 of each year thereafter for the subsequent compliance period, in the manner and form as determined by the Commission. Any election by an alternative retail electric supplier to use alternative compliance payments is subject to review by the Commission under subsection (e) of this Section.

(3) An alternative retail electric supplier's alternative compliance payments shall be computed separately for each electric utility's service territory within which the alternative retail electric supplier provided retail service during the compliance period, provided that the electric utility was subject to subsection (c) of Section 1-75 of the Illinois Power Agency Act. For each service territory, the alternative retail electric supplier's alternative compliance payment shall be equal to (i) the actual alternative compliance payment rate established in item (1) of this subsection (d), multiplied by (ii) the actual amount of metered electricity delivered by the alternative retail electric supplier to retail customers within the service territory during the compliance period, multiplied by (iii) the result of one minus the ratios of the quantity of renewable energy resources used by the alternative retail electric supplier to comply with the requirements of this

New matter indicated by italics - deletions by strikeout
Section within the service territory to the product of the percentage of renewable energy resources required under item (3) of subsection (a) of this Section and the actual amount of metered electricity delivered by the alternative retail electric supplier to retail customers within the service territory during the compliance period.

(4) All alternative compliance payments by alternative retail electric suppliers shall be deposited in the Illinois Power Agency Renewable Energy Resources Fund and used to purchase renewable energy credits, in accordance with Section 1-56 of the Illinois Power Agency Act.

(5) The Commission, in consultation with the Illinois Power Agency, shall establish a process or proceeding to consider the impact of a federal renewable portfolio standard, if enacted, on the operation of the alternative compliance mechanism, which shall include, but not be limited to, developing, to the extent permitted by the applicable federal statute, an appropriate methodology to apportion renewable energy credits retired as a result of alternative compliance payments made in accordance with this Section. The Commission shall commence any such process or proceeding within 35 days after enactment of a federal renewable portfolio standard.

(e) Each alternative retail electric supplier shall, by September 1, 2010 and by September 1 of each year thereafter, prepare and submit to the Commission a report, in a format to be specified by the Commission on or before December 31, 2009, that provides information certifying compliance by the alternative retail electric supplier with this Section, including copies of all PJM-GATS and M-RETS reports, and documentation relating to banking, retiring renewable energy credits, and any other information that the Commission determines necessary to ensure compliance with this Section. An alternative retail electric supplier may file commercially or financially sensitive information or trade secrets with the Commission as provided under the rules of the Commission. To be filed confidentially, the information shall be accompanied by an affidavit that sets forth both the reasons for the confidentiality and a public synopsis of the information.

(f) The Commission may initiate a contested case to review allegations that the alternative retail electric supplier has violated this Section, including an order issued or rule promulgated under this Section.

New matter indicated by italics - deletions by strikeout
In any such proceeding, the alternative retail electric supplier shall have the burden of proof. If the Commission finds, after notice and hearing, that an alternative retail electric supplier has violated this Section, then the Commission shall issue an order requiring the alternative retail electric supplier to:

(1) immediately comply with this Section; and
(2) if the violation involves a failure to procure the requisite quantity of renewable energy resources or pay the applicable alternative compliance payment by the annual deadline, the Commission shall require the alternative retail electric supplier to double the applicable alternative compliance payment that would otherwise be required to bring the alternative retail electric supplier into compliance with this Section.

If an alternative retail electric supplier fails to comply with the renewable energy resource portfolio requirement in this Section more than once in a 5-year period, then the Commission shall revoke the alternative electric supplier's certificate of service authority. The Commission shall not accept an application for a certificate of service authority from an alternative retail electric supplier that has lost certification under this subsection (f), or any corporate affiliate thereof, for at least one year after the date of revocation.

(g) All of the provisions of this Section apply to electric utilities operating outside their service area except under item (2) of subsection (a) of this Section the quantity of renewable energy resources shall be measured as a percentage of the actual amount of electricity (megawatt-hours) supplied in the State outside of the utility's service territory during the 12-month period June 1 through May 31, commencing June 1, 2009, and the comparable 12-month period in each year thereafter except as provided in item (6) of subsection (a) of this Section.

If any such utility fails to procure the requisite quantity of renewable energy resources by the annual deadline, then the Commission shall require the utility to double the alternative compliance payment that would otherwise be required to bring the utility into compliance with this Section.

If any such utility fails to comply with the renewable energy resource portfolio requirement in this Section more than once in a 5-year period, then the Commission shall order the utility to cease all sales outside of the utility's service territory for a period of at least one year.

New matter indicated by italics - deletions by strikeout
(h) The provisions of this Section and the provisions of subsection (d) of Section 16-115 of this Act relating to procurement of renewable energy resources shall not apply to an alternative retail electric supplier that operates a combined heat and power system in this State or that has a corporate affiliate that operates such a combined heat and power system in this State that supplies electricity primarily to or for the benefit of: (i) facilities owned by the supplier, its subsidiary, or other corporate affiliate; (ii) facilities electrically integrated with the electrical system of facilities owned by the supplier, its subsidiary, or other corporate affiliate; or (iii) facilities that are adjacent to the site on which the combined heat and power system is located.

PUBLIC ACT 96-1438
(House Bill No. 0019)

AN ACT concerning education.
Be it enacted by the People of the State of Illinois, represented in
the General Assembly:

Section 5. The School Code is amended by changing Section 19-1
as follows:

(105 ILCS 5/19-1)
Sec. 19-1. Debt limitations of school districts.
(a) School districts shall not be subject to the provisions limiting
their indebtedness prescribed in "An Act to limit the indebtedness of
counties having a population of less than 500,000 and townships, school
districts and other municipal corporations having a population of less than
300,000", approved February 15, 1928, as amended.

No school districts maintaining grades K through 8 or 9 through 12
shall become indebted in any manner or for any purpose to an amount,
including existing indebtedness, in the aggregate exceeding 6.9% on the
value of the taxable property therein to be ascertained by the last
assessment for State and county taxes or, until January 1, 1983, if greater,
the sum that is produced by multiplying the school district's 1978

New matter indicated by italics - deletions by strikeout
equalized assessed valuation by the debt limitation percentage in effect on
January 1, 1979, previous to the incurring of such indebtedness.

No school districts maintaining grades K through 12 shall become
indebted in any manner or for any purpose to an amount, including
existing indebtedness, in the aggregate exceeding 13.8% on the value of
the taxable property therein to be ascertained by the last assessment for
State and county taxes or, until January 1, 1983, if greater, the sum that is
produced by multiplying the school district's 1978 equalized assessed
valuation by the debt limitation percentage in effect on January 1, 1979,
previous to the incurring of such indebtedness.

No partial elementary unit district, as defined in Article 11E of this
Code, shall become indebted in any manner or for any purpose in an
amount, including existing indebtedness, in the aggregate exceeding 6.9%
of the value of the taxable property of the entire district, to be ascertained
by the last assessment for State and county taxes, plus an amount,
including existing indebtedness, in the aggregate exceeding 6.9% of the
value of the taxable property of that portion of the district included in the
elementary and high school classification, to be ascertained by the last
assessment for State and county taxes. Moreover, no partial elementary
unit district, as defined in Article 11E of this Code, shall become indebted
on account of bonds issued by the district for high school purposes in the
aggregate exceeding 6.9% of the value of the taxable property of the entire
district, to be ascertained by the last assessment for State and county taxes,
nor shall the district become indebted on account of bonds issued by the
district for elementary purposes in the aggregate exceeding 6.9% of the
value of the taxable property for that portion of the district included in the
elementary and high school classification, to be ascertained by the last
assessment for State and county taxes.

Notwithstanding the provisions of any other law to the contrary, in
any case in which the voters of a school district have approved a
proposition for the issuance of bonds of such school district at an election
held prior to January 1, 1979, and all of the bonds approved at such
election have not been issued, the debt limitation applicable to such school
district during the calendar year 1979 shall be computed by multiplying the
value of taxable property therein, including personal property, as
ascertained by the last assessment for State and county taxes, previous to
the incurring of such indebtedness, by the percentage limitation applicable
to such school district under the provisions of this subsection (a).

(b) Notwithstanding the debt limitation prescribed in subsection (a) of this Section, additional indebtedness may be incurred in an amount not to exceed the estimated cost of acquiring or improving school sites or constructing and equipping additional building facilities under the following conditions:

(1) Whenever the enrollment of students for the next school year is estimated by the board of education to increase over the actual present enrollment by not less than 35% or by not less than 200 students or the actual present enrollment of students has increased over the previous school year by not less than 35% or by not less than 200 students and the board of education determines that additional school sites or building facilities are required as a result of such increase in enrollment; and

(2) When the Regional Superintendent of Schools having jurisdiction over the school district and the State Superintendent of Education concur in such enrollment projection or increase and approve the need for such additional school sites or building facilities and the estimated cost thereof; and

(3) When the voters in the school district approve a proposition for the issuance of bonds for the purpose of acquiring or improving such needed school sites or constructing and equipping such needed additional building facilities at an election called and held for that purpose. Notice of such an election shall state that the amount of indebtedness proposed to be incurred would exceed the debt limitation otherwise applicable to the school district. The ballot for such proposition shall state what percentage of the equalized assessed valuation will be outstanding in bonds if the proposed issuance of bonds is approved by the voters; or

(4) Notwithstanding the provisions of paragraphs (1) through (3) of this subsection (b), if the school board determines that additional facilities are needed to provide a quality educational program and not less than 2/3 of those voting in an election called by the school board on the question approve the issuance of bonds for the construction of such facilities, the school district may issue bonds for this purpose; or

(5) Notwithstanding the provisions of paragraphs (1) through (3) of this subsection (b), if (i) the school district has previously availed itself of the provisions of paragraph (4) of this subsection (b) to enable it to issue bonds, (ii) the voters of the

New matter indicated by italics - deletions by strikeout
school district have not defeated a proposition for the issuance of bonds since the referendum described in paragraph (4) of this subsection (b) was held, (iii) the school board determines that additional facilities are needed to provide a quality educational program, and (iv) a majority of those voting in an election called by the school board on the question approve the issuance of bonds for the construction of such facilities, the school district may issue bonds for this purpose.

In no event shall the indebtedness incurred pursuant to this subsection (b) and the existing indebtedness of the school district exceed 15% of the value of the taxable property therein to be ascertained by the last assessment for State and county taxes, previous to the incurring of such indebtedness or, until January 1, 1983, if greater, the sum that is produced by multiplying the school district's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979.

The indebtedness provided for by this subsection (b) shall be in addition to and in excess of any other debt limitation.

(c) Notwithstanding the debt limitation prescribed in subsection (a) of this Section, in any case in which a public question for the issuance of bonds of a proposed school district maintaining grades kindergarten through 12 received at least 60% of the valid ballots cast on the question at an election held on or prior to November 8, 1994, and in which the bonds approved at such election have not been issued, the school district pursuant to the requirements of Section 11A-10 (now repealed) may issue the total amount of bonds approved at such election for the purpose stated in the question.

(d) Notwithstanding the debt limitation prescribed in subsection (a) of this Section, a school district that meets all the criteria set forth in paragraphs (1) and (2) of this subsection (d) may incur an additional indebtedness in an amount not to exceed $4,500,000, even though the amount of the additional indebtedness authorized by this subsection (d), when incurred and added to the aggregate amount of indebtedness of the district existing immediately prior to the district incurring the additional indebtedness authorized by this subsection (d), causes the aggregate indebtedness of the district to exceed the debt limitation otherwise applicable to that district under subsection (a):

(1) The additional indebtedness authorized by this subsection (d) is incurred by the school district through the issuance of bonds under and in accordance with Section 17-2.11a.
for the purpose of replacing a school building which, because of
mine subsidence damage, has been closed as provided in paragraph
(2) of this subsection (d) or through the issuance of bonds under
and in accordance with Section 19-3 for the purpose of increasing
the size of, or providing for additional functions in, such
replacement school buildings, or both such purposes.

(2) The bonds issued by the school district as provided in
paragraph (1) above are issued for the purposes of construction by
the school district of a new school building pursuant to Section 17-
2.11, to replace an existing school building that, because of mine
subsidence damage, is closed as of the end of the 1992-93 school
year pursuant to action of the regional superintendent of schools of
the educational service region in which the district is located under
Section 3-14.22 or are issued for the purpose of increasing the size
of, or providing for additional functions in, the new school
building being constructed to replace a school building closed as
the result of mine subsidence damage, or both such purposes.

(e) (Blank).

(f) Notwithstanding the provisions of subsection (a) of this Section
or of any other law, bonds in not to exceed the aggregate amount of
$5,500,000 and issued by a school district meeting the following criteria
shall not be considered indebtedness for purposes of any statutory
limitation and may be issued in an amount or amounts, including existing
indebtedness, in excess of any heretofore or hereafter imposed statutory
limitation as to indebtedness:

(1) At the time of the sale of such bonds, the board of
education of the district shall have determined by resolution that
the enrollment of students in the district is projected to increase by
not less than 7% during each of the next succeeding 2 school years.

(2) The board of education shall also determine by
resolution that the improvements to be financed with the proceeds
of the bonds are needed because of the projected enrollment
increases.

(3) The board of education shall also determine by
resolution that the projected increases in enrollment are the result
of improvements made or expected to be made to passenger rail
facilities located in the school district.

Notwithstanding the provisions of subsection (a) of this Section or

PUBLIC ACT 96-1441
(House Bill No. 4711)

AN ACT concerning education.

New matter indicated by italics - deletions by strikeout
Be it enacted by the People of the State of Illinois, represented in
the General Assembly:

Section 5. The School Code is amended by adding Section 22-60
as follows:

(105 ILCS 5/22-60 new)
Sec. 22-60. Unfunded mandates prohibited.
(a) No public school district or private school is obligated to
comply with the following types of mandates unless a separate
appropriation has been enacted into law providing full funding for the
mandate for the school year during which the mandate is required:

(1) Any mandate in this Code enacted after the effective
date of this amendatory Act of the 96th General Assembly.

(2) Any regulatory mandate promulgated by the State
Board of Education and adopted by rule after the effective date of
this amendatory Act of the 96th General Assembly other than those
promulgated with respect to this Section or statutes already
enacted on or before the effective date of this amendatory Act of
the 96th General Assembly.

(b) If the amount appropriated to fund a mandate described in
subsection (a) of this Section does not fully fund the mandated activity,
then the school district or private school may choose to discontinue or
modify the mandated activity to ensure that the costs of compliance do not
exceed the funding received.

Before discontinuing or modifying the mandate, the school district
shall petition its regional superintendent of schools on or before February
15 of each year to request to be exempt from implementing the mandate in
a school or schools in the next school year. The petition shall include all
legitimate costs associated with implementing and operating the mandate,
the estimated reimbursement from State and federal sources, and any
unique circumstances the school district can verify that exist that would
cause the implementation and operation of such a mandate to be cost
prohibitive.

The regional superintendent of schools shall review the petition. In
accordance with the Open Meetings Act, he or she shall convene a public
hearing to hear testimony from the school district and interested
community members. The regional superintendent shall, on or before
March 15 of each year, inform the school district of his or her decision,
along with the reasons why the exemption was granted or denied, in
writing. The regional superintendent must also send notification to the

New matter indicated by italics - deletions by strikeout
State Board of Education detailing which school districts requested an exemption and the results.

If the regional superintendent grants an exemption to the school district, then the school district is relieved from the requirement to establish and implement the mandate in the school or schools granted an exemption for the next school year. If the regional superintendent of schools does not grant an exemption, then the school district shall implement the mandate in accordance with the applicable law or rule by the first student attendance day of the next school year. However, the school district or a resident of the school district may on or before April 15 appeal the decision of the regional superintendent to the State Superintendent of Education. The State Superintendent shall hear appeals on the decisions of regional superintendents of schools no later than May 15 of each year. The State Superintendent shall make a final decision at the conclusion of the hearing on the school district's request for an exemption from the mandate. If the State Superintendent grants an exemption, then the school district is relieved from the requirement to implement a mandate in the school or schools granted an exemption for the next school year. If the State Superintendent does not grant an exemption, then the school district shall implement the mandate in accordance with the applicable law or rule by the first student attendance day of the next school year.

If a school district or private school discontinues or modifies a mandated activity due to lack of full funding from the State, then the school district or private school shall annually maintain and update a list of discontinued or modified mandated activities. The list shall be provided to the State Board of Education upon request.

(c) This Section does not apply to (i) any new statutory or regulatory mandates related to revised learning standards developed through the Common Core State Standards Initiative and assessments developed to align with those standards or actions specified in this State's Phase 2 Race to the Top Grant application if the application is approved by the United States Department of Education or (ii) new statutory or regulatory mandates from the Race to the Top Grant through the federal American Recovery and Reinvestment Act of 2009 imposed on school districts designated as being in the lowest performing 5% of schools within the Race to the Top Grant application.

(d) In any instances in which this Section conflicts with the State Mandates Act, the State Mandates Act shall prevail.

Section 5. The Emergency Telephone System Act is amended by changing Sections 10, 11, and 15.4 and by adding Sections 2.21, 2.22, and 2.23 as follows:

(50 ILCS 750/2.21 new)

Sec. 2.21. Next generation 9-1-1 (NG9-1-1). "Next generation 9-1-1" or "(NG9-1-1)" means, for the purposes of a Regional Pilot Project, a system comprised of managed Internet Protocol-based networks and elements that augment or replace present day 9-1-1 features and functions and add new capabilities, which may enable the public to transmit text, images, video, or data, or a combination thereof, to the 9-1-1 system.

(50 ILCS 750/2.22 new)

Sec. 2.22. Regional Pilot Project. "Regional Pilot Project" means an experimental program designed to test the efficacy of next generation 9-1-1 (NG9-1-1) within a region that includes not less than 15 counties and not more than 19 counties with an aggregate population no greater than 500,000. Any Regional Pilot Project must be approved by the Commission and provide for an initial testing phase designed to demonstrate the ability of the technology to provide access to emergency services from new and existing sources with no reduction in existing service quality, reliability, or safety.

(50 ILCS 750/2.23 new)

Sec. 2.23. Qualified governmental entity. "Qualified governmental entity" means a unit of local government authorized to provide 9-1-1 services pursuant to the Emergency Telephone System Act where no emergency telephone system board exists.

Sec. 10. Technical and operational standards for the development of the local agency systems shall be established and reviewed by the Commission on or before December 31, 1979, after consultation with all agencies specified in Section 9.

For the limited purpose of permitting a board, a qualified governmental entity, a group of boards, or a group of governmental entities to participate in a Regional Pilot Project to implement next
generation 9-1-1, as defined in this Act, the Commission may forbear from applying any rule adopted under the Emergency Telephone Systems Act as it applies to conducting of the Regional Pilot Project to implement next generation 9-1-1, if the Commission determines, after notice and hearing, that:

(1) enforcement of the rule is not necessary to ensure the development and improvement of emergency communication procedures and facilities in such a manner as to be able to quickly respond to any person requesting 9-1-1 service from police, fire, medical, rescue, and other emergency services;
(2) enforcement of the rule or provision is not necessary for the protection of consumers; and
(3) forbearance from applying the provisions or rules is consistent with the public interest.

The Commission may exercise such forbearance with respect to one, and only one, Regional Pilot Project to implement next generation 9-1-1.

If the Commission authorizes a Regional Pilot Project, then telecommunications carriers shall not be liable for any civil damages as a result of any act or omission, except willful or wanton misconduct, in connection with developing, adopting, operating, implementing, or delivering or receiving calls in connection with any plan or system authorized by this Section and Section 11 of this Act.

(Source: P.A. 79-1092.)

Within one year after the implementation date or by January 31, 1980, whichever is later, all public agencies in a county having 100,000 or more inhabitants shall submit tentative plans of the establishment of a system required by this Act to the public utility or utilities providing public telephone service within the respective jurisdiction of each public agency. A copy of each such plan shall be filed with the Commission.

Within 2 years after the implementation date or by January 31, 1982, whichever is later, all public agencies in a county having 100,000 or more inhabitants shall submit final plans for the establishment of the system to such utilities, and shall make arrangements with such utilities for the implementation of the planned emergency telephone system no later than 3 years after the implementation date or by December 31, 1985, whichever is later. A copy of the plan required by this subdivision shall be

filed with the Commission. In order to secure compliance with the standards promulgated under Section 10, the Commission shall have the power to approve or disapprove such plan, unless such plan was announced before the effective date of this Act.

If any public agency has implemented or is a part of a system required by this Act on a deadline specified in this Section, such public agency shall submit in lieu of the tentative or final plan a report describing the system and stating its operational date.

A board, a qualified governmental entity, a group of boards, or a group of qualified governmental entities involved in a Regional Pilot Project to implement next generation 9-1-1, as defined in this Act, shall submit a plan to the Commission describing in detail the Regional Pilot Project no fewer than 180 days prior to the implementation of the plan. The Commission may approve the plan after notice and hearing to authorize such Regional Pilot Project. Such shall not exceed one year duration or other time period approved by the Commission. No entity may proceed with the Regional Pilot Project until it receives Commission approval. In approving any plan for a Regional Pilot Project under this Section, the Commission may impose such terms, conditions, or requirements as, in its judgment, are necessary to protect the interests of the public.

employee notifies the Inspector General in writing, including any supporting documentation, that he or she is formally contesting an adverse employment action resulting from a substantiated finding by complaint filed with the Illinois Civil Service Commission, or which otherwise seeks to enforce the employee's rights pursuant to any applicable collective bargaining agreement. If an action taken by an employer against an employee as a result of a finding of physical abuse, sexual abuse, or egregious neglect is overturned through an action filed with the Illinois Civil Service Commission or under any applicable collective bargaining agreement and if that employee's name has already been sent to the registry, the employee's name shall be removed from the registry.

(6) Removal from registry. At any time after the report to the registry, but no more than once in any 12-month period, an employee may petition the Department in writing to remove his or her name from the registry. (n) Written responses and reconsideration requests.

(1) Written responses. Within 30 calendar days from receipt of a substantiated investigative report or an investigative report which contains recommendations, absent a reconsideration request, the facility or agency shall file a written response that addresses, in a concise and reasoned manner, the actions taken to: (i) protect the individual; (ii) prevent recurrences; and (iii) eliminate the problems identified. The response shall include the implementation and completion dates of such actions. If the written response is not filed within the allotted 30 calendar day period, the Secretary shall determine the appropriate corrective action to be taken.

(2) Reconsideration requests. The facility, agency, victim or guardian, or the subject employee may request that the Office of Inspector General reconsider or clarify its finding based upon additional information.

(o) Disclosure of the finding by the Inspector General. The Inspector General shall disclose the finding of an investigation to the following persons: (i) the Governor, (ii) the Secretary, (iii) the director of the facility or agency, (iv) the alleged victims and their guardians, (v) the complainant, and (vi) the accused. This information shall include whether the allegations were deemed substantiated, unsubstantiated, or unfounded.

(p) Secretary review. Upon review of the Inspector General's investigative report and any agency's or facility's written response, the Secretary shall accept or reject the written response and notify the Inspector General of that determination. The Secretary may further direct

(q) Action by facility or agency. Within 30 days of the date the Secretary approves the written response or directs that further administrative action be taken, the facility or agency shall provide an implementation report to the Inspector General that provides the status of the action taken. The facility or agency shall be allowed an additional 30 days to send notice of completion of the action or to send an updated implementation report. If the action has not been completed within the additional 30 day period, the facility or agency shall send updated implementation reports every 60 days until completion. The Inspector General shall conduct a review of any implementation plan that takes more than 120 days after approval to complete, and shall monitor compliance through a random review of approved written responses, which may include, but are not limited to: (i) site visits, (ii) telephone contact, and (iii) requests for additional documentation evidencing compliance.

(r) Sanctions. Sanctions, if imposed by the Secretary under Subdivision (p)(iv) of this Section, shall be designed to prevent further acts of mental abuse, physical abuse, sexual abuse, neglect, egregious neglect, or financial exploitation or some combination of one or more of those acts at a facility or agency, and may include any one or more of the following:

   (1) Appointment of on-site monitors.
   (2) Transfer or relocation of an individual or individuals.

(s) Health care worker registry.

   (1) Reporting to the registry. The Inspector General shall report to the Department of Public Health's health care worker registry, a public registry, the identity and finding of each employee of a facility or agency against whom there is a final investigative report containing a
MR/DD Community Care Act

(2) Notice to employee. Prior to reporting the name of an employee, the employee shall be notified of the Department's obligation to report and shall be granted an opportunity to request an administrative hearing, the sole purpose of which is to determine if the substantiated finding warrants reporting to the registry. Notice to the employee shall contain a clear and concise statement of the grounds on which the report to the registry is based, offer the employee an opportunity for a hearing, and identify the process for requesting such a hearing. Notice is sufficient if provided by certified mail to the employee's last known address. If the employee fails to request a hearing within 30 days from the date of the notice, the Inspector General shall report the name of the employee to the registry. Nothing in this subdivision (s)(2) shall diminish or impair the rights of a person who is a member of a collective bargaining unit under the Illinois Public Labor Relations Act or under any other federal labor statute.

(3) Registry hearings. If the employee requests an administrative hearing, the employee shall be granted an opportunity to appear before an administrative law judge to present reasons why the employee's name should not be reported to the registry. The Department shall bear the burden of presenting evidence that establishes, by a preponderance of the evidence, that the substantiated finding warrants reporting to the registry. After considering all the evidence presented, the administrative law judge shall make a recommendation to the Secretary as to whether the substantiated finding warrants reporting the name of the employee to the registry. The Secretary shall render the final decision. The Department and the employee shall have the right to request that the administrative law judge consider a stipulated disposition of these proceedings.

(4) Testimony at registry hearings. A person who makes a report or who investigates a report under this Act shall testify fully in any judicial proceeding resulting from such a report, as to any evidence of abuse or neglect, or the cause thereof. No evidence shall be excluded by reason of any common law or statutory privilege relating to communications between the alleged perpetrator of abuse or neglect, or the individual alleged as the

requirements of subsection (f) of Section 10 of the Mental Health
and Developmental Disabilities Confidentiality Act.

(5) Employee's rights to collateral action. No reporting to
the registry shall occur and no hearing shall be set or proceed if an
employee notifies the Inspector General in writing, including any
supporting documentation, that he or she is formally contesting an
adverse employment action resulting from a substantiated finding
by complaint filed with the Illinois Civil Service Commission, or
which otherwise seeks to enforce the employee's rights pursuant to
any applicable collective bargaining agreement. If an action taken
by an employer against an employee as a result of a finding of
physical abuse, sexual abuse, or egregious neglect is overturned
through an action filed with the Illinois Civil Service Commission
or under any applicable collective bargaining agreement and if that
employee's name has already been sent to the registry, the
employee's name shall be removed from the registry.

(6) Removal from registry. At any time after the report to
the registry, but no more than once in any 12-month period, an
employee may petition the Department in writing to remove his or
her name from the registry. Upon receiving notice of such request,
the Inspector General shall conduct an investigation into the
petition. Upon receipt of such request, an administrative hearing
will be set by the Department. At the hearing, the employee shall
bear the burden of presenting evidence that establishes, by a
preponderance of the evidence, that removal of the name from the
registry is in the public interest. The parties may jointly request that
the administrative law judge consider a stipulated disposition of
these proceedings.

(t) Review of Administrative Decisions. The Department shall
preserve a record of all proceedings at any formal hearing conducted by
the Department involving health care worker registry hearings. Final
administrative decisions of the Department are subject to judicial review
pursuant to provisions of the Administrative Review Law.

The summaries shall not contain any confidential or identifying information of any individual, but

shall include objective data identifying any trends in the number of reported allegations, the timeliness of the Office of the Inspector General's investigations, and their disposition, for each facility and Department-wide, for the most recent 3-year time period. The report shall also identify, by facility, the staff-to-patient ratios taking account of direct care staff only. The report shall also include detailed recommended administrative actions and matters for consideration by the General Assembly.

(w) Program audit. The Auditor General shall conduct a program audit of the Office of the Inspector General on an as-needed basis, as determined by the Auditor General. The audit shall specifically include the Inspector General's compliance with the Act and effectiveness in investigating reports of allegations occurring in any facility or agency. The Auditor General shall conduct the program audit according to the provisions of the Illinois State Auditing Act and shall report its findings to the General Assembly no later than January 1 following the audit period.

(x) Nothing in this Section shall be construed to mean that a patient is a victim of abuse or neglect because of health care services appropriately provided or not provided by health care professionals.

(y) Nothing in this Section shall require a facility, including its employees, agents, medical staff members, and health care professionals, to provide a service to a patient in contravention of that patient's stated or implied objection to the provision of that service on the ground that that service conflicts with the patient's religious beliefs or practices, nor shall the failure to provide a service to a patient be considered abuse under this Section if the patient has objected to the provision of that service based on his or her religious beliefs or practices.

(325 ILCS 5/7.3) (from Ch. 23, par. 2057.3)
Sec. 7.3. (a) The Department shall be the sole agency responsible for receiving and investigating reports of child abuse or neglect made under this Act, including reports of adult resident abuse or neglect as defined in this Act, except where investigations by other agencies may be required with respect to reports alleging the death of a child, serious injury to a child or sexual abuse to a child made pursuant to Sections 4.1 or 7 of this Act, and except that the Department may delegate the performance of the investigation to the Department of State Police, a law enforcement agency and to those private social service agencies which have been designated for this purpose by the Department prior to July 1, 1980.

(b) Notwithstanding any other provision of this Act, the Department shall adopt rules expressly allowing law enforcement personnel to investigate reports of suspected child abuse or neglect concurrently with the Department, without regard to whether the Department determines a report to be "indicated" or "unfounded" or deems a report to be "undetermined".
(Source: P.A. 95-57, eff. 8-10-07.)
(325 ILCS 5/7.4) (from Ch. 23, par. 2057.4)
Sec. 7.4. (a) The Department shall be capable of receiving reports of suspected child abuse or neglect 24 hours a day, 7 days a week. Whenever the Department receives a report alleging that a child is a truant as defined in Section 26-2a of The School Code, as now or hereafter amended, the Department shall notify the superintendent of the school district in which the child resides and the appropriate superintendent of the educational service region. The notification to the appropriate officials by the Department shall not be considered an allegation of abuse or neglect under this Act.

(a-5) Beginning January 1, 2010, the Department of Children and Family Services may implement a 5-year demonstration of a "differential response program" in accordance with criteria, standards, and procedures prescribed by rule. The program may provide that, upon receiving a report, the Department shall determine whether to conduct a family assessment or an investigation as appropriate to prevent or provide a remedy for child abuse or neglect.

New matter indicated by italics - deletions by strikeout
For purposes of this subsection (a-5), "family assessment" means a comprehensive assessment of child safety, risk of subsequent child maltreatment, and family strengths and needs that is applied to a child maltreatment report that does not allege substantial child endangerment. "Family assessment" does not include a determination as to whether child maltreatment occurred but does determine the need for services to address the safety of family members and the risk of subsequent maltreatment.

For purposes of this subsection (a-5), "investigation" means fact-gathering related to the current safety of a child and the risk of subsequent abuse or neglect that determines whether a report of suspected child abuse or neglect should be indicated or unfounded and whether child protective services are needed.

Under the "differential response program" implemented under this subsection (a-5), the Department:

(1) Shall conduct an investigation on reports involving substantial child abuse or neglect.

(2) Shall begin an immediate investigation if, at any time when it is using a family assessment response, it determines that there is reason to believe that substantial child abuse or neglect or a serious threat to the child's safety exists.

(3) May conduct a family assessment for reports that do not allege substantial child endangerment. In determining that a family assessment is appropriate, the Department may consider issues including, but not limited to, child safety, parental cooperation, and the need for an immediate response.

(4) Shall promulgate criteria, standards, and procedures that shall be applied in making this determination, taking into consideration the Child Endangerment Risk Assessment Protocol of the Department.

(5) May conduct a family assessment on a report that was initially screened and assigned for an investigation.

In determining that a complete investigation is not required, the Department must document the reason for terminating the investigation and notify the local law enforcement agency or the Department of State Police if the local law enforcement agency or Department of State Police is conducting a joint investigation.

Once it is determined that a "family assessment" will be implemented, the case shall not be reported to the central register of abuse and neglect reports.
During a family assessment, the Department shall collect any available and relevant information to determine child safety, risk of subsequent abuse or neglect, and family strengths.

Information collected includes, but is not limited to, when relevant: information with regard to the person reporting the alleged abuse or neglect, including the nature of the reporter's relationship to the child and to the alleged offender, and the basis of the reporter's knowledge for the report; the child allegedly being abused or neglected; the alleged offender; the child's caretaker; and other collateral sources having relevant information related to the alleged abuse or neglect. Information relevant to the assessment must be asked for, and may include:

(A) The child's sex and age, prior reports of abuse or neglect, information relating to developmental functioning, credibility of the child's statement, and whether the information provided under this paragraph (A) is consistent with other information collected during the course of the assessment or investigation.

(B) The alleged offender's age, a record check for prior reports of abuse or neglect, and criminal charges and convictions. The alleged offender may submit supporting documentation relevant to the assessment.

(C) Collateral source information regarding the alleged abuse or neglect and care of the child. Collateral information includes, when relevant: (i) a medical examination of the child; (ii) prior medical records relating to the alleged maltreatment or care of the child maintained by any facility, clinic, or health care professional, and an interview with the treating professionals; and (iii) interviews with the child's caretakers, including the child's parent, guardian, foster parent, child care provider, teachers, counselors, family members, relatives, and other persons who may have knowledge regarding the alleged maltreatment and the care of the child.

(D) Information on the existence of domestic abuse and violence in the home of the child, and substance abuse.

Nothing in this subsection (a-5) precludes the Department from collecting other relevant information necessary to conduct the assessment or investigation. Nothing in this subsection (a-5) shall be construed to allow the name or identity of a reporter to be disclosed in violation of the protections afforded under Section 7.19 of this Act.
After conducting the family assessment, the Department shall determine whether services are needed to address the safety of the child and other family members and the risk of subsequent abuse or neglect.

Upon completion of the family assessment, if the Department concludes that no services shall be offered, then the case shall be closed. If the Department concludes that services shall be offered, the Department shall develop a family preservation plan and offer or refer services to the family.

At any time during a family assessment, if the Department believes there is any reason to stop the assessment and conduct an investigation based on the information discovered, the Department shall do so.

The procedures available to the Department in conducting investigations under this Act shall be followed as appropriate during a family assessment.

The Department shall arrange for an independent evaluation of the "differential response program" authorized and implemented under this subsection (a-5) to determine whether it is meeting the goals in accordance with Section 2 of this Act. The Department may adopt administrative rules necessary for the execution of this Section, in accordance with Section 4 of the Children and Family Services Act.

The demonstration conducted under this subsection (a-5) shall become a permanent program on January 1, 2015, upon completion of the demonstration project period.

(b) (1) The following procedures shall be followed in the investigation of all reports of suspected abuse or neglect of a child, except as provided in subsection (c) of this Section.

(2) If, during a family assessment authorized by subsection (a-5) or an investigation, it appears that the immediate safety or well-being of a child is endangered, that the family may flee or the child disappear, or that the facts otherwise so warrant, the Child Protective Service Unit shall commence an investigation immediately, regardless of the time of day or night. All other investigations shall be commenced within 24 hours of receipt of the report. Upon receipt of a report, the Child Protective Service Unit shall conduct a family assessment authorized by subsection (a-5) or begin an initial investigation and make an initial determination whether the report is a good faith indication of alleged child abuse or neglect.

New matter indicated by italics - deletions by strikeout
(3) Based on an initial investigation, if the Unit determines the report is a good faith indication of alleged child abuse or neglect, then a formal investigation shall commence and, pursuant to Section 7.12 of this Act, may or may not result in an indicated report. The formal investigation shall include: direct contact with the subject or subjects of the report as soon as possible after the report is received; an evaluation of the environment of the child named in the report and any other children in the same environment; a determination of the risk to such children if they continue to remain in the existing environments, as well as a determination of the nature, extent and cause of any condition enumerated in such report; the name, age and condition of other children in the environment; and an evaluation as to whether there would be an immediate and urgent necessity to remove the child from the environment if appropriate family preservation services were provided. After seeing to the safety of the child or children, the Department shall forthwith notify the subjects of the report in writing, of the existence of the report and their rights existing under this Act in regard to amendment or expungement. To fulfill the requirements of this Section, the Child Protective Service Unit shall have the capability of providing or arranging for comprehensive emergency services to children and families at all times of the day or night.

(4) If (i) at the conclusion of the Unit's initial investigation of a report, the Unit determines the report to be a good faith indication of alleged child abuse or neglect that warrants a formal investigation by the Unit, the Department, any law enforcement agency or any other responsible agency and (ii) the person who is alleged to have caused the abuse or neglect is employed or otherwise engaged in an activity resulting in frequent contact with children and the alleged abuse or neglect are in the course of such employment or activity, then the Department shall, except in investigations where the Director determines that such notification would be detrimental to the Department's investigation, inform the appropriate supervisor or administrator of that employment or activity that the Unit has commenced a formal investigation pursuant to this Act, which may or may not result in an indicated report. The Department shall also notify the person being

investigated, unless the Director determines that such notification would be detrimental to the Department's investigation.

(c) In an investigation of a report of suspected abuse or neglect of a child by a school employee at a school or on school grounds, the Department shall make reasonable efforts to follow the following procedures:

(1) Investigations involving teachers shall not, to the extent possible, be conducted when the teacher is scheduled to conduct classes. Investigations involving other school employees shall be conducted so as to minimize disruption of the school day. The school employee accused of child abuse or neglect may have his superior, his association or union representative and his attorney present at any interview or meeting at which the teacher or administrator is present. The accused school employee shall be informed by a representative of the Department, at any interview or meeting, of the accused school employee's due process rights and of the steps in the investigation process. The information shall include, but need not necessarily be limited to the right, subject to the approval of the Department, of the school employee to confront the accuser, if the accuser is 14 years of age or older, or the right to review the specific allegations which gave rise to the investigation, and the right to review all materials and evidence that have been submitted to the Department in support of the allegation. These due process rights shall also include the right of the school employee to present countervailing evidence regarding the accusations.

(2) If a report of neglect or abuse of a child by a teacher or administrator does not involve allegations of sexual abuse or extreme physical abuse, the Child Protective Service Unit shall make reasonable efforts to conduct the initial investigation in coordination with the employee's supervisor.

If the Unit determines that the report is a good faith indication of potential child abuse or neglect, it shall then commence a formal investigation under paragraph (3) of subsection (b) of this Section.

(3) If a report of neglect or abuse of a child by a teacher or administrator involves an allegation of sexual abuse or extreme physical abuse, the Child Protective Unit shall commence an investigation under paragraph (2) of subsection (b) of this Section.
(c-5) In any instance in which a report is made or caused to be made by a school district employee involving the conduct of a person employed by the school district, at the time the report was made, as required under Section 4 of this Act, the Child Protective Service Unit shall send a copy of its final finding report to the general superintendent of that school district.

(d) If the Department has contact with an employer, or with a religious institution or religious official having supervisory or hierarchical authority over a member of the clergy accused of the abuse of a child, in the course of its investigation, the Department shall notify the employer or the religious institution or religious official, in writing, when a report is unfounded so that any record of the investigation can be expunged from the employee's or member of the clergy's personnel or other records. The Department shall also notify the employee or the member of the clergy, in writing, that notification has been sent to the employer or to the appropriate religious institution or religious official informing the employer or religious institution or religious official that the Department's investigation has resulted in an unfounded report.

(e) Upon request by the Department, the Department of State Police and law enforcement agencies are authorized to provide criminal history record information as defined in the Illinois Uniform Conviction Information Act and information maintained in the adjudicatory and dispositional record system as defined in Section 2605-355 of the Department of State Police Law (20 ILCS 2605/2605-355) to properly designated employees of the Department of Children and Family Services if the Department determines the information is necessary to perform its duties under the Abused and Neglected Child Reporting Act, the Child Care Act of 1969, and the Children and Family Services Act. The request shall be in the form and manner required by the Department of State Police. Any information obtained by the Department of Children and Family Services under this Section is confidential and may not be transmitted outside the Department of Children and Family Services other than to a court of competent jurisdiction or unless otherwise authorized by law. Any employee of the Department of Children and Family Services who transmits confidential information in violation of this Section or causes the information to be transmitted in violation of this Section is guilty of a Class A misdemeanor unless the transmittal of the information is authorized by this Section or otherwise authorized by law.

Sec. 7.7. There shall be a central register of all cases of suspected child abuse or neglect reported and maintained by the Department under this Act. Through the recording of initial, preliminary, and final reports, the central register shall be operated in such a manner as to enable the Department to: (1) immediately identify and locate prior reports of child abuse or neglect; (2) continuously monitor the current status of all reports of child abuse or neglect being provided services under this Act; and (3) regularly evaluate the effectiveness of existing laws and programs through the development and analysis of statistical and other information.

The Department shall maintain in the central register a listing of unfounded reports where the subject of the unfounded report requests that the record not be expunged because the subject alleges an intentional false report was made. Such a request must be made by the subject in writing to the Department, within 10 days of the investigation.

The Department shall also maintain in the central register a listing of unfounded reports where the report was classified as a priority one or priority two report in accordance with the Department's rules or the report was made by a person mandated to report suspected abuse or neglect under this Act.

The Department shall maintain in the central register for 3 years a listing of unfounded reports involving the death of a child, the sexual abuse of a child, or serious physical injury to a child as defined by the Department in rules.

A preliminary report from a Child Protective Service Unit shall be made at the time of the first of any 30-day extensions made pursuant to Section 7.12 and shall describe the status of the related investigation up to that time, including an evaluation of the present family situation and danger to

Sec. 7.14. All reports in the central register shall be classified in one of three categories: "indicated", "unfounded" or "undetermined", as the case may be. After the report is classified, the person making the classification shall determine whether the child named in the report is the subject of an action under Article II of the Juvenile Court Act of 1987. If the child is the subject of an action under Article II of the Juvenile Court Act, the Department shall transmit a copy of the report to the guardian ad litem appointed for the child under Section 2-17 of the Juvenile Court Act.

All information identifying the subjects of an unfounded report shall be expunged from the register forthwith, except as provided in Section 7.7. Unfounded reports may only be made available to the Child Protective Service Unit when investigating a subsequent report of suspected abuse or maltreatment involving a child named in the unfounded report; and to the subject of the report, provided that the subject requests the report within 60 days of being notified that the report was unfounded. The Child Protective Service Unit shall not indicate the subsequent report solely based upon the existence of the prior unfounded report or reports. Notwithstanding any other provision of law to the contrary, an unfounded report shall not be admissible in any judicial or administrative proceeding or action. Identifying information on all other records shall be removed from the register no later than 5 years after the report is indicated.

However, if another report is received involving the same child, his sibling or offspring, or a child in the care of the persons responsible for the child's welfare, or involving the same alleged offender, the identifying information may be maintained in the register until 5 years after the subsequent case or report is closed.

Notwithstanding any other provision of this Section, identifying information in indicated reports involving serious physical injury to a child as defined by the Department in rules, may be retained longer than 5 years after the report is indicated or after the subsequent case or report is closed, and may not be removed from the register except as provided by the Department in rules. Identifying information in indicated reports involving sexual penetration of a child, sexual molestation of a child, sexual
exploitation of a child, torture of a child, or the death of a child, as defined by the Department in rules, shall be retained for a period of not less than 50 years after the report is indicated or after the subsequent case or report is closed.

However, if it appears that the child or family could benefit from other social services, the local service may suggest such services, including services under Section 8.2, for the family's voluntary acceptance or refusal. If the family declines such services, the Department shall take appropriate action in keeping with the best interest of the child, including referring a member of the child's family to a facility licensed by the Department of Human Services or the Department of Public Health.
