The findings shall be an official record or in writing.

In interpreting subsections (c) through (h), the courts should interpret these provisions so that they are interpreted consistently with the similar parallel provisions found in other parts of this Act.

(e) The board of directors shall have standing and capacity to act in a representative capacity in relation to matters involving the common areas of the master association or more than one unit, on behalf of the unit owners as their interests may appear.

(f) Administration of property prior to election of the initial board of directors.

(1) Until the election, by the unit owners or the boards of managers of the underlying condominium associations, of the initial board of directors of a master association whose declaration is recorded on or after August 10, 1990, the same rights, titles, powers, privileges, trusts, duties and obligations that are vested in or imposed upon the board of directors by this Act or in the declaration or other duly recorded covenant shall be held and performed by the developer.

(2) The election of the initial board of directors of a master association whose declaration is recorded on or after August 10, 1990, by the unit owners or the boards of managers of the underlying condominium associations, shall be held not later than 60 days after the conveyance by the developer of 75% of the units, or 3 years after the recording of the declaration, whichever is earlier. The developer shall give at least 21 days notice of the meeting to elect the initial board of directors and shall upon request provide to any unit owner, within 3 working days of the request, the names, addresses, and weighted vote of each unit owner entitled to vote at the meeting. Any unit owner shall upon receipt

of the request be provided with the same information, within 10 days of the request, with respect to each subsequent meeting to elect members of the board of directors.

(3) If the initial board of directors of a master association whose declaration is recorded on or after August 10, 1990 is not elected by the unit owners or the members of the underlying condominium association board of managers at the time established in subdivision (f)(2), the developer shall continue in office for a period of 30 days, whereupon written notice of his resignation shall be sent to all of the unit owners or members of the underlying condominium board of managers entitled to vote at an election for members of the board of directors.

(4) Within 60 days following the election of a majority of the board of directors, other than the developer, by unit owners, the developer shall deliver to the board of directors:

(i) All original documents as recorded or filed pertaining to the property, its administration, and the association, such as the declaration, articles of incorporation, other instruments, annual reports, minutes, rules and regulations, and contracts, leases, or other agreements entered into by the association. If any original documents are unavailable, a copy may be provided if certified by affidavit of the developer, or an officer or agent of the developer, as being a complete copy of the actual document recorded or filed.

(ii) A detailed accounting by the developer, setting forth the source and nature of receipts and expenditures in connection with the management, maintenance and operation of the property, copies of all insurance policies, and a list of any loans or advances to the association which are outstanding.

(iii) Association funds, which shall have been at all times segregated from any other moneys of the developer.

(iv) A schedule of all real or personal property, equipment and fixtures belonging to the association, including documents transferring the property, warranties, if any, for all real and personal property and equipment, deeds, title insurance policies, and all tax bills.

(vi) If the developer fails to fully comply with this paragraph (4) within the 60 days provided and fails to fully comply within 10 days of written demand mailed by registered or certified mail to his or her last known address, the board may bring an action to compel compliance with this paragraph (4). If the court finds that any of the required deliveries were not made within the required period, the board shall be entitled to recover its reasonable attorneys' fees and costs incurred from and after the date of expiration of the 10 day demand.

(5) With respect to any master association whose declaration is recorded on or after August 10, 1990, any contract, lease, or other agreement made prior to the election of a majority of the board of directors other than the developer by or on behalf of unit owners or underlying condominium associations, the association or the board of directors, which extends for a period of more than 2 years from the recording of the declaration, shall be subject to cancellation by more than 1/2 of the votes of the unit owners, other than the developer, cast at a special meeting of members called for that purpose during a period of 90 days prior to the expiration of the 2 year period if the board of managers is elected by the unit owners, otherwise by more than 1/2 of the underlying condominium board of managers. At least 60 days prior to the expiration of the 2 year period, the board of directors, or, if the board is still under developer control, then the board of managers or the developer shall send notice to every unit owner or underlying condominium board of managers, notifying them of this
provision, of what contracts, leases and other agreements are affected, and of the procedure for calling a meeting of the unit owners or for action by the underlying condominium board of managers for the purpose of acting to terminate such contracts, leases or other agreements. During the 90 day period the other party to the contract, lease, or other agreement shall also have the right of cancellation.

(6) The statute of limitations for any actions in law or equity which the master association may bring shall not begin to run until the unit owners or underlying condominium board of managers have elected a majority of the members of the board of directors.

when requested to do so in writing, within 30 days of receiving the request.

A reasonable fee covering the direct out-of-pocket cost of copying and providing such information may be charged by the association or its board of directors to the unit seller for providing the information.

(g-1) The purchaser of a unit of a common interest community at a judicial foreclosure sale, other than a mortgagee, who takes possession of a unit of a common interest community pursuant to a court order or a purchaser who acquires title from a mortgagee shall have the duty to pay the proportionate share, if any, of the common expenses for the unit that would have become due in the absence of any assessment acceleration during the 6 months immediately preceding institution of an action to enforce the collection of assessments and the court costs incurred by the association in an action to enforce the collection that remain unpaid by the owner during whose possession the assessments accrued. If the outstanding assessments and the court costs incurred by the association in an action to enforce the collection are paid at any time during any action to enforce the collection of assessments, the purchaser shall have no obligation to pay any assessments that accrued before he or she acquired title. The notice of sale of a unit of a common interest community under subsection (c) of Section 15-1507 of the Code of Civil Procedure shall state that the purchaser of the unit other than a mortgagee shall pay the assessments and court costs required by this subsection (g-1).

(h) Errors and omissions.

(1) If there is an omission or error in the declaration or other instrument of the master association, the master association may correct the error or omission by an amendment to the declaration or other instrument, as may be required to conform it to this Act, to any other applicable statute, or to the declaration. The amendment shall be adopted by vote of two-thirds of the members of the board of directors or by a majority vote of the unit owners at a meeting called for that purpose, unless the Act or the declaration of the master association specifically provides for greater percentages or different procedures.

(2) If, through a scrivener's error, a unit has not been designated as owning an appropriate undivided share of the common areas or does not bear an appropriate share of the common expenses, or if all of the common expenses or all of the common elements in the condominium have not been distributed in

New matter indicated by italics - deletions by strikeout
the declaration, so that the sum total of the shares of common areas which have been distributed or the sum total of the shares of the common expenses fail to equal 100%, or if it appears that more than 100% of the common elements or common expenses have been distributed, the error may be corrected by operation of law by filing an amendment to the declaration, approved by vote of two-thirds of the members of the board of directors or a majority vote of the unit owners at a meeting called for that purpose, which proportionately adjusts all percentage interests so that the total is equal to 100%, unless the declaration specifically provides for a different procedure or different percentage vote by the owners of the units and the owners of mortgages thereon affected by modification being made in the undivided interest in the common areas, the number of votes in the unit owners association or the liability for common expenses appertaining to the unit.

(3) If an omission or error or a scrivener's error in the declaration or other instrument is corrected by vote of two-thirds of the members of the board of directors pursuant to the authority established in subdivisions (h)(1) or (h)(2) of this Section, the board, upon written petition by unit owners with 20% of the votes of the association or resolutions adopted by the board of managers or board of directors of the condominium and common interest community associations which select 20% of the members of the board of directors of the master association, whichever is applicable, received within 30 days of the board action, shall call a meeting of the unit owners or the boards of the condominium and common interest community associations which select members of the board of directors of the master association within 30 days of the filing of the petition or receipt of the condominium and common interest community association resolution to consider the board action. Unless a majority of the votes of the unit owners of the association are cast at the meeting to reject the action, or board of managers or board of directors of condominium and common interest community associations which select over 50% of the members of the board of the master association adopt resolutions prior to the meeting rejecting the action of the board of directors of the master association, it is ratified whether or not a quorum is present.

New matter indicated by italics - deletions by strikeout
(4) The procedures for amendments set forth in this subsection (h) cannot be used if such an amendment would materially or adversely affect property rights of the unit owners unless the affected unit owners consent in writing. This Section does not restrict the powers of the association to otherwise amend the declaration, bylaws, or other condominium instruments, but authorizes a simple process of amendment requiring a lesser vote for the purpose of correcting defects, errors, or omissions when the property rights of the unit owners are not materially or adversely affected.

(5) If there is an omission or error in the declaration or other instruments that may not be corrected by an amendment procedure set forth in subdivision (h)(1) or (h)(2) of this Section, then the circuit court in the county in which the master association is located shall have jurisdiction to hear a petition of one or more of the unit owners thereon or of the association, to correct the error or omission, and the action may be a class action. The court may require that one or more methods of correcting the error or omission be submitted to the unit owners to determine the most acceptable correction. All unit owners in the association must be joined as parties to the action. Service of process on owners may be by publication, but the plaintiff shall furnish all unit owners not personally served with process with copies of the petition and final judgment of the court by certified mail, return receipt requested, at their last known address.

(6) Nothing contained in this Section shall be construed to invalidate any provision of a declaration authorizing the developer to amend an instrument prior to the latest date on which the initial membership meeting of the unit owners must be held, whether or not it has actually been held, to bring the instrument into compliance with the legal requirements of the Federal National Mortgage Association, the Federal Home Loan Mortgage Corporation, the Federal Housing Administration, the United States Veterans Administration or their respective successors and assigns.

(i) The provisions of subsections (c) through (h) are applicable to all declarations, other condominium instruments, and other duly recorded covenants establishing the powers and duties of the master association recorded under this Act. Any portion of a declaration, other condominium

instrument, or other duly recorded covenant establishing the powers and
duties of a master association which contains provisions contrary to the
provisions of subsection (c) through (h) shall be void as against public
policy and ineffective. Any declaration, other condominium instrument, or
other duly recorded covenant establishing the powers and duties of the
master association which fails to contain the provisions required by
subsections (c) through (h) shall be deemed to incorporate such provisions
by operation of law.

Sec. 7A-102. Procedures.

(A) Charge.

(1) Within 180 days after the date that a civil rights violation allegedly has been committed, a charge in writing under oath or affirmation may be filed with the Department by an aggrieved party or issued by the Department itself under the signature of the Director.

(2) The charge shall be in such detail as to substantially apprise any party properly concerned as to the time, place, and facts surrounding the alleged civil rights violation.

(3) Charges deemed filed with the Department pursuant to subsection (A-1) of this Section shall be deemed to be in compliance with this subsection.

New matter indicated by italics - deletions by strikeout

(1) If a charge is filed with the Equal Employment Opportunity Commission (EEOC) within 180 days after the date of the alleged civil rights violation, the charge shall be deemed filed with the Department on the date filed with the EEOC. If the EEOC is the governmental agency designated to investigate the charge first, the Department shall take no action until the EEOC makes a determination on the charge and after the complainant notifies the Department of the EEOC's determination. In such cases, after receiving notice from the EEOC that a charge was filed, the Department shall notify the parties that (i) a charge has been received by the EEOC and has been sent to the Department for dual filing purposes; (ii) the EEOC is the governmental agency responsible for investigating the charge and that the investigation shall be conducted pursuant to the rules and procedures adopted by the EEOC; (iii) it will take no action on the charge until the EEOC issues its determination; (iv) the complainant must submit a copy of the EEOC's determination within 30 days after service of the determination by the EEOC on complainant; and (v) that the time period to investigate the charge contained in subsection (G) of this Section is tolled from the date on which the charge is filed with the EEOC until the EEOC issues its determination.

(2) If the EEOC finds reasonable cause to believe that there has been a violation of federal law and if the Department is timely notified of the EEOC's findings by complainant, the Department shall notify complainant that the Department has adopted the EEOC's determination of reasonable cause and that complainant has the right, within 90 days after receipt of the Department's notice, to either file his or her own complaint with the Illinois Human Rights Commission or commence a civil action in the appropriate circuit court or other appropriate court of competent jurisdiction. The Department's notice to complainant that the Department has adopted the EEOC's determination of reasonable cause shall constitute the Department's Report for purposes of subparagraph (D) of this Section.

(3) For those charges alleging violations within the jurisdiction of both the EEOC and the Department and for which the EEOC either (i) does not issue a determination, but does issue the complainant a notice of a right to sue, including when the right

New matter indicated by italics - deletions by strikeout
to sue is issued at the request of the complainant, or (ii) determines that it is unable to establish that illegal discrimination has occurred and issues the complainant a right to sue notice, and if the Department is timely notified of the EEOC's determination by complainant, the Department shall notify the parties that the Department will adopt the EEOC's determination as a dismissal for lack of substantial evidence unless the complainant requests in writing within 35 days after receipt of the Department's notice that the Department review the EEOC's determination.

(a) If the complainant does not file a written request with the Department to review the EEOC's determination within 35 days after receipt of the Department's notice, the Department shall notify complainant that the decision of the EEOC has been adopted by the Department as a dismissal for lack of substantial evidence and that the complainant has the right, within 90 days after receipt of the Department's notice, to commence a civil action in the appropriate circuit court or other appropriate court of competent jurisdiction. The Department's notice to complainant that the Department has adopted the EEOC's determination shall constitute the Department's report for purposes of subparagraph (D) of this Section.

(b) If the complainant does file a written request with the Department to review the EEOC's determination, the Department shall review the EEOC's determination and any evidence obtained by the EEOC during its investigation. If, after reviewing the EEOC's determination and any evidence obtained by the EEOC, the Department determines there is no need for further investigation of the charge, the Department shall issue a report and the Director shall determine whether there is substantial evidence that the alleged civil rights violation has been committed pursuant to subsection (D) of Section 7A-102. If, after reviewing the EEOC's determination and any evidence obtained by the EEOC, the Department determines there is a need for further investigation of the charge, the Department may conduct any further investigation it deems necessary. After reviewing the EEOC's determination, the evidence obtained by the EEOC, and any additional
investigation conducted by the Department, the Department shall issue a report and the Director shall determine whether there is substantial evidence that the alleged civil rights violation has been committed pursuant to subsection (D) of Section 7A-102 of this Act.

(4) Pursuant to this Section, if the EEOC dismisses the charge or a portion of the charge of discrimination because, under federal law, the EEOC lacks jurisdiction over the charge, and if, under this Act, the Department has jurisdiction over the charge of discrimination, the Department shall investigate the charge or portion of the charge dismissed by the EEOC for lack of jurisdiction pursuant to subsections (A), (A-1), (B), (B-1), (C), (D), (E), (F), (G), (H), (I), (J), and (K) of Section 7A-102 of this Act.

(5) The time limit set out in subsection (G) of this Section is tolled from the date on which the charge is filed with the EEOC to the date on which the EEOC issues its determination.

(B) Notice and Response to Charge. The Department shall, within 10 days of the date on which the charge was filed, serve a copy of the charge on the respondent. This period shall not be construed to be jurisdictional. The charging party and the respondent may each file a position statement and other materials with the Department regarding the charge of alleged discrimination within 60 days of receipt of the notice of the charge. The position statements and other materials filed shall remain confidential unless otherwise agreed to by the party providing the information and shall not be served on or made available to the other party during pendency of a charge with the Department. The Department shall require the respondent to file a verified response to the allegations contained in the charge within 60 days of receipt of the notice of the charge. The respondent shall serve a copy of its response on the complainant or his representative. All allegations contained in the charge not timely denied by the respondent shall be deemed admitted, unless the respondent states that it is without sufficient information to form a belief with respect to such allegation. The Department may issue a notice of default directed to any respondent who fails to file a verified response to a charge within 60 days of receipt of the notice of the charge, unless the respondent can demonstrate good cause as to why such notice should not issue. The term "good cause" shall be defined by rule promulgated by the Department. Within 30 days of receipt of the respondent's response, the complainant may file a reply to said response and shall serve a copy of

said reply on the respondent or his representative. A party shall have the right to supplement his response or reply at any time that the investigation of the charge is pending. The Department shall, within 10 days of the date on which the charge was filed, and again no later than 335 days thereafter, send by certified or registered mail written notice to the complainant and to the respondent informing the complainant of the complainant's right to either file a complaint with the Human Rights Commission or commence a civil action in the appropriate circuit court under subparagraph (2) of paragraph (G), including in such notice the dates within which the complainant may exercise this right. In the notice the Department shall notify the complainant that the charge of civil rights violation will be dismissed with prejudice and with no right to further proceed if a written complaint is not timely filed with the Commission or with the appropriate circuit court by the complainant pursuant to subparagraph (2) of paragraph (G) or by the Department pursuant to subparagraph (1) of paragraph (G).

(B-1) Mediation. The complainant and respondent may agree to voluntarily submit the charge to mediation without waiving any rights that are otherwise available to either party pursuant to this Act and without incurring any obligation to accept the result of the mediation process. Nothing occurring in mediation shall be disclosed by the Department or admissible in evidence in any subsequent proceeding unless the complainant and the respondent agree in writing that such disclosure be made.

(C) Investigation.

(1) After the respondent has been notified, the Department shall conduct a full investigation of the allegations set forth in the charge.

(2) The Director or his or her designated representatives shall have authority to request any member of the Commission to issue subpoenas to compel the attendance of a witness or the production for examination of any books, records or documents whatsoever.

(3) If any witness whose testimony is required for any investigation resides outside the State, or through illness or any other good cause as determined by the Director is unable to be interviewed by the investigator or appear at a fact finding conference, his or her testimony or deposition may be taken, within or without the State, in the same manner as is provided for in the taking of depositions in civil cases in circuit courts.

New matter indicated by italics - deletions by strikeout
(4) Upon reasonable notice to the complainant and the respondent, the Department shall conduct a fact finding conference, unless prior to 365 days after the date on which the charge was filed the Director has determined whether there is substantial evidence that the alleged civil rights violation has been committed, the charge has been dismissed for lack of jurisdiction, or the parties voluntarily and in writing agree to waive the fact finding conference. Any party's failure to attend the conference without good cause shall result in dismissal or default. The term "good cause" shall be defined by rule promulgated by the Department. A notice of dismissal or default shall be issued by the Director. The notice of default issued by the Director shall notify the respondent that a request for review may be filed in writing with the Commission within 30 days of receipt of notice of default. The notice of dismissal issued by the Director shall give the complainant notice of his or her right to seek review of the dismissal before the Human Rights Commission or commence a civil action in the appropriate circuit court. If the complainant chooses to have the Human Rights Commission review the dismissal order, he or she shall file a request for review with the Commission within 90 days after receipt of the Director's notice. If the complainant chooses to file a request for review with the Commission, he or she may not later commence a civil action in a circuit court. If the complainant chooses to commence a civil action in a circuit court, he or she must do so within 90 days after receipt of the Director's notice.

(D) Report.

(1) Each charge shall be the subject of a report to the Director. The report shall be a confidential document subject to review by the Director, authorized Department employees, the parties, and, where indicated by this Act, members of the Commission or their designated hearing officers.

(2) Upon review of the report, the Director shall determine whether there is substantial evidence that the alleged civil rights violation has been committed. The determination of substantial evidence is limited to determining the need for further consideration of the charge pursuant to this Act and includes, but is not limited to, findings of fact and conclusions, as well as the reasons for the determinations on all material issues. Substantial

New matter indicated by italics - deletions by strikeout
evidence is evidence which a reasonable mind accepts as sufficient to support a particular conclusion and which consists of more than a mere scintilla but may be somewhat less than a preponderance.

(3) If the Director determines that there is no substantial evidence, the charge shall be dismissed by order of the Director and the Director shall give the complainant notice of his or her right to seek review of the dismissal order before the Commission or commence a civil action in the appropriate circuit court. If the complainant chooses to have the Human Rights Commission review the dismissal order, he or she shall file a request for review with the Commission within 90 days after receipt of the Director's notice. If the complainant chooses to file a request for review with the Commission, he or she may not later commence a civil action in a circuit court. If the complainant chooses to commence a civil action in a circuit court, he or she must do so within 90 days after receipt of the Director's notice.

(4) If the Director determines that there is substantial evidence, he or she shall notify the complainant and respondent of that determination. The Director shall also notify the parties that the complainant has the right to either commence a civil action in the appropriate circuit court or request that the Department of Human Rights file a complaint with the Human Rights Commission on his or her behalf. Any such complaint shall be filed within 90 days after receipt of the Director's notice. If the complainant chooses to have the Department file a complaint with the Human Rights Commission on his or her behalf, the complainant must, within 30 days after receipt of the Director's notice, request in writing that the Department file the complaint. If the complainant timely requests that the Department file the complaint, the Department shall file the complaint on his or her behalf. If the complainant fails to timely request that the Department file the complaint, the complainant may file his or her complaint with the Commission or commence a civil action in the appropriate circuit court. If the complainant files a complaint with the Human Rights Commission, the complainant shall give notice to the Department of the filing of the complaint with the Human Rights Commission.

(E) Conciliation.
(1) When there is a finding of substantial evidence, the Department may designate a Department employee who is an attorney licensed to practice in Illinois to endeavor to eliminate the effect of the alleged civil rights violation and to prevent its repetition by means of conference and conciliation.

(2) When the Department determines that a formal conciliation conference is necessary, the complainant and respondent shall be notified of the time and place of the conference by registered or certified mail at least 10 days prior thereto and either or both parties shall appear at the conference in person or by attorney.

(3) The place fixed for the conference shall be within 35 miles of the place where the civil rights violation is alleged to have been committed.

(4) Nothing occurring at the conference shall be disclosed by the Department unless the complainant and respondent agree in writing that such disclosure be made.

(5) The Department's efforts to conciliate the matter shall not stay or extend the time for filing the complaint with the Commission or the circuit court.

(F) Complaint.

(1) When the complainant requests that the Department file a complaint with the Commission on his or her behalf, the Department shall prepare a written complaint, under oath or affirmation, stating the nature of the civil rights violation substantially as alleged in the charge previously filed and the relief sought on behalf of the aggrieved party. The Department shall file the complaint with the Commission.

(2) If the complainant chooses to commence a civil action in a circuit court, he or she must do so in the circuit court in the county wherein the civil rights violation was allegedly committed. The form of the complaint in any such civil action shall be in accordance with the Illinois Code of Civil Procedure.

(G) Time Limit.

(1) When a charge of a civil rights violation has been properly filed, the Department, within 365 days thereof or within any extension of that period agreed to in writing by all parties, shall issue its report as required by subparagraph (D). Any such report shall be duly served upon both the complainant and the respondent.

(2) If the Department has not issued its report within 365 days after the charge is filed, or any such longer period agreed to in writing by all the parties, the complainant shall have 90 days to either file his or her own complaint with the Human Rights Commission or commence a civil action in the appropriate circuit court. If the complainant files a complaint with the Commission, the form of the complaint shall be in accordance with the provisions of paragraph (F)(1). If the complainant commences a civil action in a circuit court, the form of the complaint shall be in accordance with the Illinois Code of Civil Procedure. The aggrieved party shall notify the Department that a complaint has been filed and shall serve a copy of the complaint on the Department on the same date that the complaint is filed with the Commission or in circuit court. If the complainant files a complaint with the Commission, he or she may not later commence a civil action in circuit court.

(3) If an aggrieved party files a complaint with the Human Rights Commission or commences a civil action in circuit court pursuant to paragraph (2) of this subsection, or if the time period for filing a complaint has expired, the Department shall immediately cease its investigation and dismiss the charge of civil rights violation. Any final order entered by the Commission under this Section is appealable in accordance with paragraph (B)(1) of Section 8-111. Failure to immediately cease an investigation and dismiss the charge of civil rights violation as provided in this paragraph (3) constitutes grounds for entry of an order by the circuit court permanently enjoining the investigation. The Department may also be liable for any costs and other damages incurred by the respondent as a result of the action of the Department.

(4) The Department shall stay any administrative proceedings under this Section after the filing of a civil action by or on behalf of the aggrieved party under any federal or State law seeking relief with respect to the alleged civil rights violation.

obligation of a party to pay an instrument is subject to the following:

(1) a defense of the obligor based on (i) infancy of the
obligor to the extent it is a defense to a simple contract, (ii) duress,
lack of legal capacity, or illegality of the transaction which, under
the law, nullifies the obligation of the obligor, (iii) fraud that
induced the obligor to sign the instrument with neither knowledge
nor reasonable opportunity to learn of its character or its essential
terms, or (iv) discharge of the obligor in insolvency proceedings;

(2) a defense of the obligor stated in another Section of this
Article or a defense of the obligor that would be available if the
person entitled to enforce the instrument were enforcing a right to
payment under a simple contract; and

(3) a claim in recoupment of the obligor against the original
payee of the instrument if the claim arose from the transaction that

be asserted against a transferee of the instrument only to reduce the amount owing on the instrument at the time the action is brought.

(b) The right of a holder in due course to enforce the obligation of a party to pay the instrument is subject to defenses of the obligor stated in subsection (a)(1), but is not subject to defenses of the obligor stated in subsection (a)(2) or claims in recoupment stated in subsection (a)(3) against a person other than the holder.

(c) Except as stated in subsection (d), in an action to enforce the obligation of a party to pay the instrument, the obligor may not assert against the person entitled to enforce the instrument a defense, claim in recoupment, or claim to the instrument (Section 3-306) of another person, but the other person's claim to the instrument may be asserted by the obligor if the other person is joined in the action and personally asserts the claim against the person entitled to enforce the instrument. An obligor is not obliged to pay the instrument if the person seeking enforcement of the instrument does not have rights of a holder in due course and the obligor proves that the instrument is a lost or stolen instrument.

(d) In an action to enforce the obligation of an accommodation party to pay an instrument, the accommodation party may assert against the person entitled to enforce the instrument any defense or claim in recoupment under subsection (a) that the accommodated party could assert against the person entitled to enforce the instrument, except the defenses of discharge in insolvency proceedings, infancy, or lack of legal capacity.

Sec. 4A-211. Cancellation and amendment of payment order.

(a) A communication of the sender of a payment order cancelling or amending the order may be transmitted to the receiving bank orally, electronically, or in writing. If a security procedure is in effect between the sender and the receiving bank, the communication is not effective to cancel or amend the order unless the communication is verified pursuant to the security procedure or the bank agrees to the cancellation or amendment.

(b) Subject to subsection (a), a communication by the sender cancelling or amending a payment order is effective to cancel or amend the order if notice of the communication is received at a time and in a manner affording the receiving bank a reasonable opportunity to act on the communication before the bank accepts the payment order.
(c) After a payment order has been accepted, cancellation or amendment of the order is not effective unless the receiving bank agrees or a funds transfer system rule allows cancellation or amendment without agreement of the bank.

(1) With respect to a payment order accepted by a receiving bank other than the beneficiary's bank, cancellation or amendment is not effective unless a conforming cancellation or amendment of the payment order issued by the receiving bank is also made.

(2) With respect to a payment order accepted by the beneficiary's bank, cancellation or amendment is not effective unless the order was issued in execution of an unauthorized payment order, or because of a mistake by a sender in the funds transfer which resulted in the issuance of a payment order (i) that is a duplicate of a payment order previously issued by the sender, (ii) that orders payment to a beneficiary not entitled to receive payment from the originator, or (iii) that orders payment in an amount greater than that the amount the beneficiary was entitled to receive from the originator. If the payment order is canceled or amended, the beneficiary's bank is entitled to recover from the beneficiary any amount paid to the beneficiary to the extent allowed by the law governing mistake and restitution.

(d) An unaccepted payment order is canceled by operation of law at the close of the fifth funds transfer business day of the receiving bank after the execution date or payment date of the order.

(e) A canceled payment order cannot be accepted. If an accepted payment order is canceled, the acceptance is nullified and no person has any right or obligation based on the acceptance. Amendment of a payment order is deemed to be cancellation of the original order at the time of amendment and issue of a new payment order in the amended form at the same time.

(f) Unless otherwise provided in an agreement of the parties or in a funds transfer system rule, if the receiving bank, after accepting a payment order, agrees to cancellation or amendment of the order by the sender or is bound by a funds transfer system rule allowing cancellation or amendment without the bank's agreement, the sender, whether or not cancellation or amendment is effective, is liable to the bank for any loss and expenses, including reasonable attorney's fees, incurred by the bank as a result of the cancellation or amendment or attempted cancellation or amendment.

(g) A payment order is not revoked by the death or legal incapacity of the sender unless the receiving bank knows of the death or of an adjudication of incapacity by a court of competent jurisdiction and has reasonable opportunity to act before acceptance of the order.

Sec. 4A-507. Choice of law.

(a) The following rules apply unless the affected parties otherwise agree or subsection (c) applies:

(1) The rights and obligations between the sender of a payment order and the receiving bank are governed by the law of the jurisdiction in which the receiving bank is located.

(2) The rights and obligations between the beneficiary's bank and the beneficiary are governed by the law of the jurisdiction in which the beneficiary's bank is located.

(3) The issue of when payment is made pursuant to a funds transfer by the originator to the beneficiary is governed by the law of the jurisdiction in which the beneficiary's bank is located.

(b) If the parties described in each paragraph of subsection (a) have made an agreement selecting the law of a particular jurisdiction to govern rights and obligations between each other, the law of that jurisdiction governs those rights and obligations, whether or not the payment order or the funds transfer bears a reasonable relation to that jurisdiction.

(c) A funds transfer system rule may select the law of a particular jurisdiction to govern (i) rights and obligations between participating banks with respect to payment orders transmitted or processed through the system, or (ii) the rights and obligations of some or all parties to a funds transfer any part of which is carried out by means of the system. A choice of law made pursuant to clause (i) is binding on participating banks. A choice of law made pursuant to clause (ii) is binding on the originator, other sender, or a receiving bank having notice that the funds transfer system might be used in the funds transfer and of the choice of law by the system when the originator, other sender, or receiving bank issued or accepted a payment order. The beneficiary of a funds transfer is bound by the choice of law if, when the funds transfer is initiated, the beneficiary has notice that the funds transfer system might be used in the funds transfer and of the choice of law by the system. The law of a jurisdiction

selected pursuant to this subsection may govern, whether or not that law bears a reasonable relation to the matter in issue.

(d) In the event of inconsistency between an agreement under subsection (b) and a choice of law rule under subsection (c), the agreement under subsection (b) prevails.

(e) If a funds transfer is made by use of more than one funds transfer system and there is inconsistency between choice of law rules of the systems, the matter in issue is governed by the law of the selected jurisdiction that has the most significant relationship to the matter in issue.

Sec. 8. The amount of compensation which shall be paid to the employee for an accidental injury not resulting in death is:

(a) The employer shall provide and pay the negotiated rate, if applicable, or the lesser of the health care provider's actual charges or according to a fee schedule, subject to Section 8.2, in effect at the time the service was rendered for all the necessary first aid, medical and surgical services, and all necessary medical, surgical and hospital services thereafter incurred, limited, however, to that which is reasonably required to cure or relieve from the effects of the accidental injury, even if a health care provider sells, transfers, or otherwise assigns an account receivable for procedures, treatments, or services covered under this Act. The employee may at any time elect to secure his own physician, surgeon and hospital services at the employer's expense, or,

Upon agreement between the employer and the employees, or the employees' exclusive representative, and subject to the approval of the Illinois Workers' Compensation Commission, the employer shall maintain a list of physicians, to be known as a Panel of Physicians, who are accessible to the employees. The employer shall post this list in a place or places easily accessible to his employees. The employer shall have the right to make an alternative choice of physician from such Panel if he is not satisfied with the physician first selected. If, due to the nature of the injury or its occurrence away from the employer's place of business, the employee is unable to make a selection from the Panel, the selection process from the Panel shall not apply. The physician selected from the Panel may arrange for any consultation, referral or other specialized medical services outside the Panel at the employer's expense. Provided that, in the event the Commission shall find that a doctor selected by the employee is rendering improper or inadequate care, the Commission may order the employee to select another doctor certified or qualified in the medical field for which treatment is required. When the employee is working light duty on a part-time basis or full-time basis and earns less than he or she would be earning if employed in the full capacity of the job or jobs, then the employee shall be entitled to temporary partial disability benefits. Temporary partial disability benefits shall be equal to two-thirds of the difference between the average amount that the employee would be able to earn in the full performance of his or her duties in the occupation in which he or she was engaged at the time of accident and the gross amount which he or she is earning in the modified job provided to the employee by the employer or in any other job that the employee is working.

Every hospital, physician, surgeon or other person rendering treatment or services in accordance with the provisions of this Section shall upon written request furnish full and complete reports thereof to, and permit their records to be copied by, the employer, the employee or his dependents, as the case may be, or any other party to any proceeding for compensation before the Commission, or their attorneys.

(3) all medical, surgical and hospital services provided by any second physician, surgeon or hospital subsequently chosen by the employee or by any other physician, consultant, expert, institution or other provider of services recommended by said second service provider or any subsequent provider of medical services in the chain of referrals from said second service provider. Thereafter the employer shall select and pay for all necessary medical, surgical and hospital treatment and the employee may not select a provider of medical services at the employer's expense unless the employer agrees to such selection. At any time the employee may obtain any medical treatment he desires at his own expense. This paragraph shall not affect the duty to pay for rehabilitation referred to above.

(4) The following shall apply for injuries occurring on or after June 28, 2011 (the effective date of Public Act 97-18) this amendatory Act of the 97th General Assembly and only when an employer has an approved preferred provider program pursuant to Section 8.1a on the date the employee sustained his or her accidental injuries:

(A) The employer shall, in writing, on a form promulgated by the Commission, inform the employee of the preferred provider program;

(B) Subsequent to the report of an injury by an employee, the employee may choose in writing at any time to decline the preferred provider program, in which case that would constitute one of the two choices of medical providers to which the employee is entitled under subsection (a)(2) or (a)(3); and

(C) Prior to the report of an injury by an employee, when an employee chooses non-emergency treatment from a provider not within the preferred provider program, that would constitute the employee's one choice of medical providers to which the employee is entitled under subsection (a)(2) or (a)(3).

When an employer and employee so agree in writing, nothing in this Act prevents an employee whose injury or disability has been established under this Act, from relying in good faith, on treatment by prayer or spiritual means alone, in accordance with the tenets and practice of a recognized church or religious denomination, by a duly accredited practitioner thereof, and having nursing services appropriate therewith, without suffering loss or diminution of the compensation benefits under this Act. However, the employee shall submit to all physical examinations required by this Act. The cost of such treatment and nursing care shall be paid by the employee unless the employer agrees to make such payment.

Where the accidental injury results in the amputation of an arm, hand, leg or foot, or the enucleation of an eye, or the loss of any of the natural teeth, the employer shall furnish an artificial of any such members lost or damaged in accidental injury arising out of and in the course of employment, and shall also furnish the necessary braces in all proper and necessary cases. In cases of the loss of a member or members by amputation, the employer shall, whenever necessary, maintain in good repair, refit or replace the artificial limbs during the lifetime of the
employee. Where the accidental injury accompanied by physical injury results in damage to a denture, eye glasses or contact eye lenses, or where the accidental injury results in damage to an artificial member, the employer shall replace or repair such denture, glasses, lenses, or artificial member.

The furnishing by the employer of any such services or appliances is not an admission of liability on the part of the employer to pay compensation.

The furnishing of any such services or appliances or the servicing thereof by the employer is not the payment of compensation.

(b) If the period of temporary total incapacity for work lasts more than 3 working days, weekly compensation as hereinafter provided shall be paid beginning on the 4th day of such temporary total incapacity and continuing as long as the total temporary incapacity lasts. This percentage rate shall be increased by 10% for each spouse and child, not to exceed 100% of the total minimum wage calculation, nor exceed the employee's average weekly wage computed in accordance with the provisions of Section 10, whichever is less.

2. The compensation rate in all cases other than for temporary total disability under this paragraph (b), and other than for serious and permanent disfigurement under paragraph (c) and other than for permanent partial disability under subparagraph (2) of paragraph (d) or under paragraph (e), of this Section shall be equal to 66 2/3% of the employee's average weekly wage computed in accordance with the provisions of Section 10, provided that it shall be not less than 66 2/3% of the sum of the Federal minimum wage under the Fair Labor Standards Act, or the Illinois minimum wage under the Minimum Wage Law, whichever is more, multiplied by 40 hours. (d) 1. If, after the accidental injury has been sustained, the employee as a result thereof becomes partially incapacitated from pursuing his usual and customary line of employment, he shall, except in cases compensated under the specific schedule set forth in paragraph (e) of this Section, receive compensation for the duration of his disability, subject to the limitations as to maximum amounts fixed in paragraph (b) of this Section, equal to 66-2/3% of the difference between the average amount which he would be able to earn in the full performance of his duties in the occupation in which he was engaged at the time of the accident and the average amount which he is earning or is able to earn in some suitable employment or business after the accident. 16. For the permanent partial loss of use of a member or sight of an eye, or hearing of an ear, compensation during that proportion of the number of weeks in the foregoing schedule provided for the loss of such member or sight of an eye, or hearing of an ear, which the partial loss of use thereof bears to the total loss of use of such member, or sight of eye, or hearing of an ear.

   (a) Loss of hearing for compensation purposes shall be confined to the frequencies of 1,000, 2,000 and 3,000 cycles per second. Loss of hearing ability for frequency tones above 3,000 cycles per second are not to be considered as constituting disability for hearing.

   (b) The percent of hearing loss, for purposes of the determination of compensation claims for occupational

deafness, shall be calculated as the average in decibels for the thresholds of hearing for the frequencies of 1,000, 2,000 and 3,000 cycles per second. Pure tone air conduction audiometric instruments, approved by nationally recognized authorities in this field, shall be used for measuring hearing loss. If the losses of hearing average 30 decibels or less in the 3 frequencies, such losses of hearing shall not then constitute any compensable hearing disability. If the losses of hearing average 85 decibels or more in the 3 frequencies, then the same shall constitute and be total or 100% compensable hearing loss.

(c) In measuring hearing impairment, the lowest measured losses in each of the 3 frequencies shall be added together and divided by 3 to determine the average decibel loss. For every decibel of loss exceeding 30 decibels an allowance of 1.82% shall be made up to the maximum of 100% which is reached at 85 decibels.

(d) If a hearing loss is established to have existed on July 1, 1975 by audiometric testing the employer shall not be liable for the previous loss so established nor shall he be liable for any loss for which compensation has been paid or awarded.

(e) No consideration shall be given to the question of whether or not the ability of an employee to understand speech is improved by the use of a hearing aid.

(f) No claim for loss of hearing due to industrial noise shall be brought against an employer or allowed unless the employee has been exposed for a period of time sufficient to cause permanent impairment to noise levels in excess of the following:

This subparagraph (f) shall not be applied in cases of hearing loss resulting from trauma or explosion.

17. In computing the compensation to be paid to any employee who, before the accident for which he claims compensation, had before that time sustained an injury resulting in the loss by amputation or partial loss by amputation of any member, including hand, arm, thumb or fingers, leg, foot or any toes, such loss or partial loss of any such member shall be deducted from any award made for the subsequent injury. For the permanent loss of use or the permanent partial loss of use of any such member or the partial loss of sight of an eye, for which compensation has been paid, then such loss shall be taken into consideration and deducted from any award for the subsequent injury.

18. The specific case of loss of both hands, both arms, or both feet, or both legs, or both eyes, or of any two thereof, or the permanent and complete loss of the use thereof, constitutes total and permanent disability, to be compensated according to the compensation fixed by paragraph (f) of this Section. These specific cases of total and permanent disability do not exclude other cases.

Any employee who has previously suffered the loss or permanent and complete loss of the use of any of such members, and in a subsequent independent accident loses another or suffers the permanent and complete loss of the use of any one of such members the employer for whom the injured employee is working at the time of the last independent accident is liable to pay compensation only for the loss or permanent and complete loss of the use of the member occasioned by the last independent accident.

19. In a case of specific loss and the subsequent death of such injured employee from other causes than such injury leaving a widow, widower, or dependents surviving before payment or payment in full for such injury, then the amount due for such injury is payable to the widow or widower and, if there be no widow or widower, then to such dependents, in the proportion which such dependency bears to total dependency.

Beginning July 1, 1980, and every 6 months thereafter, the Commission shall examine the Second Injury Fund and when, after deducting all advances or loans made to such Fund, the amount therein is

$500,000 then the amount required to be paid by employers pursuant to paragraph (f) of Section 7 shall be reduced by one-half. When the Second Injury Fund reaches the sum of $600,000 then the payments shall cease entirely. However, when the Second Injury Fund has been reduced to $400,000, payment of one-half of the amounts required by paragraph (f) of Section 7 shall be resumed, in the manner herein provided, and when the Second Injury Fund has been reduced to $300,000, payment of the full amounts required by paragraph (f) of Section 7 shall be resumed, in the manner herein provided. The Commission shall make the changes in payment effective by general order, and the changes in payment become immediately effective for all cases coming before the Commission thereafter either by settlement agreement or final order, irrespective of the date of the accidental injury.

On August 1, 1996 and on February 1 and August 1 of each subsequent year, the Commission shall examine the special fund designated as the "Rate Adjustment Fund" and when, after deducting all advances or loans made to said fund, the amount therein is $4,000,000, the amount required to be paid by employers pursuant to paragraph (f) of Section 7 shall be reduced by one-half. When the Rate Adjustment Fund reaches the sum of $5,000,000 the payment therein shall cease entirely. However, when said Rate Adjustment Fund has been reduced to $3,000,000 the amounts required by paragraph (f) of Section 7 shall be resumed in the manner herein provided.

(f) In case of complete disability, which renders the employee wholly and permanently incapable of work, or in the specific case of total and permanent disability as provided in subparagraph 18 of paragraph (e) of this Section, compensation shall be payable at the rate provided in subparagraph 2 of paragraph (b) of this Section for life.

An employee entitled to benefits under paragraph (f) of this Section shall also be entitled to receive from the Rate Adjustment Fund provided in paragraph (f) of Section 7 of the supplementary benefits provided in paragraph (g) of this Section 8.

If any employee who receives an award under this paragraph afterwards returns to work or is able to do so, and earns or is able to earn as much as before the accident, payments under such award shall cease. If such employee returns to work, or is able to do so, and earns or is able to earn part but not as much as before the accident, such award shall be modified so as to conform to an award under paragraph (d) of this Section. If such award is terminated or reduced under the provisions of this

New matter indicated by italics - deletions by strikeout
paragraph, such employees have the right at any time within 30 months after the date of such termination or reduction to file petition with the Commission for the purpose of determining whether any disability exists as a result of the original accidental injury and the extent thereof.

Disability as enumerated in subdivision 18, paragraph (e) of this Section is considered complete disability.

If an employee who had previously incurred loss or the permanent and complete loss of use of one member, through the loss or the permanent and complete loss of the use of one hand, one arm, one foot, one leg, or one eye, incurs permanent and complete disability through the loss or the permanent and complete loss of the use of another member, he shall receive, in addition to the compensation payable by the employer and after such payments have ceased, an amount from the Second Injury Fund provided for in paragraph (f) of Section 7, which, together with the compensation payable from the employer in whose employ he was when the last accidental injury was incurred, will equal the amount payable for permanent and complete disability as provided in this paragraph of this Section.

The custodian of the Second Injury Fund provided for in paragraph (f) of Section 7 shall be joined with the employer as a party respondent in the application for adjustment of claim. The application for adjustment of claim shall state briefly and in general terms the approximate time and place and manner of the loss of the first member.

In its award the Commission or the Arbitrator shall specifically find the amount the injured employee shall be weekly paid, the number of weeks compensation which shall be paid by the employer, the date upon which payments begin out of the Second Injury Fund provided for in paragraph (f) of Section 7 of this Act, the length of time the weekly payments continue, the date upon which the pension payments commence and the monthly amount of the payments. The Commission shall 30 days after the date upon which payments out of the Second Injury Fund have begun as provided in the award, and every month thereafter, prepare and submit to the State Comptroller a voucher for payment for all compensation accrued to that date at the rate fixed by the Commission. The State Comptroller shall draw a warrant to the injured employee along with a receipt to be executed by the injured employee and returned to the Commission. The endorsed warrant and receipt is a full and complete acquittance to the Commission for the payment out of the Second Injury Fund. No other appropriation or warrant is necessary for payment out of

the Second Injury Fund. The Second Injury Fund is appropriated for the purpose of making payments according to the terms of the awards.

As of July 1, 1980 to July 1, 1982, all claims against and obligations of the Second Injury Fund shall become claims against and obligations of the Rate Adjustment Fund to the extent there is insufficient money in the Second Injury Fund to pay such claims and obligations. In that case, all references to "Second Injury Fund" in this Section shall also include the Rate Adjustment Fund.

(g) Every award for permanent total disability entered by the Commission on and after July 1, 1965 under which compensation payments shall become due and payable after the effective date of this amendatory Act, and every award for death benefits or permanent total disability entered by the Commission on and after the effective date of this amendatory Act shall be subject to annual adjustments as to the amount of the compensation rate therein provided. Such adjustments shall first be made on July 15, 1977, and all awards made and entered prior to July 1, 1975 and on July 15 of each year thereafter. In all other cases such adjustment shall be made on July 15 of the second year next following the date of the entry of the award and shall further be made on July 15 annually thereafter. If during the intervening period from the date of the entry of the award, or the last periodic adjustment, there shall have been an increase in the State's average weekly wage in covered industries under the Unemployment Insurance Act, the weekly compensation rate shall be proportionately increased by the same percentage as the percentage of increase in the State's average weekly wage in covered industries under the Unemployment Insurance Act. The increase in the compensation rate under this paragraph shall in no event bring the total compensation rate to an amount greater than the prevailing maximum rate at the time that the annual adjustment is made. Such increase shall be paid in the same manner as herein provided for payments under the Second Injury Fund to the injured employee, or his dependents, as the case may be, out of the Rate Adjustment Fund provided in paragraph (f) of Section 7 of this Act. Payments shall be made at the same intervals as provided in the award or, at the option of the Commission, may be made in quarterly payment on the 15th day of January, April, July and October of each year. In the event of a decrease in such average weekly wage there shall be no change in the then existing compensation rate. The within paragraph shall not apply to cases where there is disputed liability and in which a compromise lump sum settlement between the employer and the injured employee, or his

dependents, as the case may be, has been duly approved by the Illinois Workers' Compensation Commission.

Provided, that in cases of awards entered by the Commission for injuries occurring before July 1, 1975, the increases in the compensation rate adjusted under the foregoing provision of this paragraph (g) shall be limited to increases in the State's average weekly wage in covered industries under the Unemployment Insurance Act occurring after July 1, 1975.

For every accident occurring on or after July 20, 2005 but before the effective date of this amendatory Act of the 94th General Assembly (Senate Bill 1283 of the 94th General Assembly), the annual adjustments to the compensation rate in awards for death benefits or permanent total disability, as provided in this Act, shall be paid by the employer. The adjustment shall be made by the employer on July 15 of the second year next following the date of the entry of the award and shall further be made on July 15 annually thereafter. If during the intervening period from the date of the entry of the award, or the last periodic adjustment, there shall have been an increase in the State's average weekly wage in covered industries under the Unemployment Insurance Act, the employer shall increase the weekly compensation rate proportionately by the same percentage as the percentage of increase in the State's average weekly wage in covered industries under the Unemployment Insurance Act. The increase in the compensation rate under this paragraph shall in no event bring the total compensation rate to an amount greater than the prevailing maximum rate at the time that the annual adjustment is made. In the event of a decrease in such average weekly wage there shall be no change in the then existing compensation rate. Such increase shall be paid by the employer in the same manner and at the same intervals as the payment of compensation in the award. This paragraph shall not apply to cases where there is disputed liability and in which a compromise lump sum settlement between the employer and the injured employee, or his or her dependents, as the case may be, has been duly approved by the Illinois Workers' Compensation Commission.

The annual adjustments for every award of death benefits or permanent total disability involving accidents occurring before July 20, 2005 and accidents occurring on or after the effective date of this amendatory Act of the 94th General Assembly (Senate Bill 1283 of the 94th General Assembly) shall continue to be paid from the Rate Adjustment Fund pursuant to this paragraph and Section 7(f) of this Act.

(h) In case death occurs from any cause before the total compensation to which the employee would have been entitled has been paid, then in case the employee leaves any widow, widower, child, parent (or any grandchild, grandparent or other lineal heir or any collateral heir dependent at the time of the accident upon the earnings of the employee to the extent of 50% or more of total dependency) such compensation shall be paid to the beneficiaries of the deceased employee and distributed as provided in paragraph (g) of Section 7.

(h-1) In case an injured employee is under legal disability at the time when any right or privilege accrues to him or her under this Act, a guardian may be appointed pursuant to law, and may, on behalf of such person under legal disability, claim and exercise any such right or privilege with the same effect as if the employee himself or herself had claimed or exercised the right or privilege. No limitations of time provided by this Act run so long as the employee who is under legal disability is without a conservator or guardian.

(i) In case the injured employee is under 16 years of age at the time of the accident and is illegally employed, the amount of compensation payable under paragraphs (b), (c), (d), (e) and (f) of this Section is increased 50%.

However, where an employer has on file an employment certificate issued pursuant to the Child Labor Law or work permit issued pursuant to the Federal Fair Labor Standards Act, as amended, or a birth certificate properly and duly issued, such certificate, permit or birth certificate is conclusive evidence as to the age of the injured minor employee for the purposes of this Section.

Nothing herein contained repeals or amends the provisions of the Child Labor Law relating to the employment of minors under the age of 16 years.

(j) 1. In the event the injured employee receives benefits, including medical, surgical or hospital benefits under any group plan covering non-occupational disabilities contributed to wholly or partially by the employer, which benefits should not have been payable if any rights of recovery existed under this Act, then such amounts so paid to the employee from any such group plan as shall be consistent with, and limited to, the provisions of paragraph 2 hereof, shall be credited to or against any compensation payment for temporary total incapacity for work or any medical, surgical or hospital benefits made or to be made under this Act. In such event, the period of time for giving notice of accidental injury

and filing application for adjustment of claim does not commence to run until the termination of such payments. This paragraph does not apply to payments made under any group plan which would have been payable irrespective of an accidental injury under this Act. Any employer receiving such credit shall keep such employee safe and harmless from any and all claims or liabilities that may be made against him by reason of having received such payments only to the extent of such credit.

Any excess benefits paid to or on behalf of a State employee by the State Employees' Retirement System under Article 14 of the Illinois Pension Code on a death claim or disputed disability claim shall be credited against any payments made or to be made by the State of Illinois to or on behalf of such employee under this Act, except for payments for medical expenses which have already been incurred at the time of the award. The State of Illinois shall directly reimburse the State Employees' Retirement System to the extent of such credit.

2. Nothing contained in this Act shall be construed to give the employer or the insurance carrier the right to credit for any benefits or payments received by the employee other than compensation payments provided by this Act, and where the employee receives payments other than compensation payments, whether as full or partial salary, group insurance benefits, bonuses, annuities or any other payments, the employer or insurance carrier shall receive credit for each such payment only to the extent of the compensation that would have been payable during the period covered by such payment.

3. The extension of time for the filing of an Application for Adjustment of Claim as provided in paragraph 1 above shall not apply to those cases where the time for such filing had expired prior to the date on which payments or benefits enumerated herein have been initiated or resumed. Provided however that this paragraph 3 shall apply only to cases wherein the payments or benefits hereinabove enumerated shall be received after July 1, 1969.

Sec. 11. The compensation herein provided, together with the provisions of this Act, shall be the measure of the responsibility of any employer engaged in any of the enterprises or businesses enumerated in Section 3 of this Act, or of any employer who is not engaged in any such enterprises or businesses, but who has elected to provide and pay compensation for accidental injuries sustained by any employee arising out

of and in the course of the employment according to the provisions of this Act, and whose election to continue under this Act, has not been nullified by any action of his employees as provided for in this Act.

Accidental injuries incurred while participating in voluntary recreational programs including but not limited to athletic events, parties and picnics do not arise out of and in the course of the employment even though the employer pays some or all of the cost thereof. This exclusion shall not apply in the event that the injured employee was ordered or assigned by his employer to participate in the program.

Notwithstanding any other defense, accidental injuries incurred while the employee is engaged in the active commission of and as a proximate result of the active commission of (a) a forcible felony, (b) aggravated driving under the influence of alcohol, other drug or drugs, or intoxicating compound or compounds, or any combination thereof, or (c) reckless homicide and for which the employee was convicted do not arise out of and in the course of employment if the commission of that forcible felony, aggravated driving under the influence, or reckless homicide caused an accident resulting in the death or severe injury of another person. If an employee is acquitted of a forcible felony, aggravated driving under the influence, or reckless homicide that caused an accident resulting in the death or severe injury of another person or if these charges are dismissed, there shall be no presumption that the employee is eligible for benefits under this Act. No employee shall be entitled to additional compensation under Sections 19(k) or 19(l) of this Act or attorney's fees under Section 16 of this Act when the employee has been charged with a forcible felony, aggravated driving under the influence, or reckless homicide that caused an accident resulting in the death or severe injury of another person and the employer terminates benefits or refuses to pay benefits to the employee until the termination of any pending criminal proceedings.

Accidental injuries incurred while participating as a patient in a drug or alcohol rehabilitation program do not arise out of and in the course of employment even though the employer pays some or all of the costs thereof.

Any injury to or disease or death of an employee arising from the administration of a vaccine, including without limitation smallpox vaccine, to prepare for, or as a response to, a threatened or potential bioterrorist incident to the employee as part of a voluntary inoculation program in connection with the person's employment or in connection with

any governmental program or recommendation for the inoculation of workers in the employee's occupation, geographical area, or other category that includes the employee is deemed to arise out of and in the course of the employment for all purposes under this Act. This paragraph added by this amendatory Act of the 93rd General Assembly is declarative of existing law and is not a new enactment.

No compensation shall be payable if (i) the employee's intoxication is the proximate cause of the employee's accidental injury or (ii) at the time the employee incurred the accidental injury, the employee was so intoxicated that the intoxication constituted a departure from the employment. Admissible evidence of the concentration of (1) alcohol, (2) cannabis as defined in the Cannabis Control Act, (3) a controlled substance listed in the Illinois Controlled Substances Act, or (4) an intoxicating compound listed in the Use of Intoxicating Compounds Act in the employee's blood, breath, or urine at the time the employee incurred the accidental injury shall be considered in any hearing under this Act to determine whether the employee was intoxicated at the time the employee incurred the accidental injuries. If at the time of the accidental injuries, there was 0.08% or more by weight of alcohol in the employee's blood, breath, or urine or if there is any evidence of impairment due to the unlawful or unauthorized use of (1) cannabis as defined in the Cannabis Control Act, (2) a controlled substance listed in the Illinois Controlled Substances Act, or (3) an intoxicating compound listed in the Use of Intoxicating Compounds Act or if the employee refuses to submit to testing of blood, breath, or urine, then there shall be a rebuttable presumption that the employee was intoxicated and that the intoxication was the proximate cause of the employee's injury. The employee may overcome the rebuttable presumption by the preponderance of the admissible evidence that the intoxication was not the sole proximate cause or proximate cause of the accidental injuries. Percentage by weight of alcohol in the blood shall be based on grams of alcohol per 100 milliliters of blood. Percentage by weight of alcohol in the breath shall be based upon grams of alcohol per 210 liters of breath. Any testing that has not been performed by an accredited or certified testing laboratory shall not be admissible in any hearing under this Act to determine whether the employee was intoxicated at the time the employee incurred the accidental injury.
All sample collection and testing for alcohol and drugs under this Section shall be performed in accordance with rules to be adopted by the Commission. These rules shall ensure:

1. compliance with the National Labor Relations Act regarding collective bargaining agreements or regulations promulgated by the United States Department of Transportation;

2. that samples are collected and tested in conformance with national and State legal and regulatory standards for the privacy of the individual being tested, and in a manner reasonably calculated to prevent substitutions or interference with the collection or testing of reliable sample;

3. that split testing procedures are utilized;

4. that sample collection is documented, and the documentation procedures include:
   
   A. the labeling of samples in a manner so as to reasonably preclude the probability of erroneous identification of test result; and

   B. an opportunity for the employee to provide notification of any information which he or she considers relevant to the test, including identification of currently or recently used prescription or nonprescription drugs and other relevant medical information;

5. that sample collection, storage, and transportation to the place of testing is performed in a manner so as to reasonably preclude the probability of sample contamination or adulteration; and

6. that chemical analyses of blood, urine, breath, or other bodily substance are performed according to nationally scientifically accepted analytical methods and procedures.

The changes to this Section made by Public Act 97-18 apply only to accidental injuries that occur on or after September 1, 2011.

Sec. 5-5-6. In all convictions for offenses in violation of the Criminal Code of 1961 or of Section 11-501 of the Illinois Vehicle Code in which the person received any injury to his or her person or damage to his or her real or personal property as a result of the criminal act of the defendant, the court shall order restitution as provided in this Section. The court may consider restitution an appropriate sentence to be imposed on each defendant convicted of an offense in addition to a sentence of imprisonment. The sentence of the defendant to a term of imprisonment is not a mitigating factor that prevents the court from ordering the defendant to pay restitution. If the offender is sentenced to make restitution the Court shall determine the restitution as hereinafter set forth:

(a) At the sentence hearing, the court shall determine whether the property may be restored in kind to the possession of the owner or the person entitled to possession thereof; or whether the defendant is possessed of sufficient skill to repair and restore property damaged; or whether the defendant should be required to make restitution in cash, for out-of-pocket expenses, damages, losses, or injuries found to have been proximately caused by the conduct of the defendant or another for whom the defendant is legally accountable under the provisions of Article V of the Criminal Code of 1961.

(b) In fixing the amount of restitution to be paid in cash, the court shall allow credit for property returned in kind, for property damages ordered to be repaired by the defendant, and for property ordered to be restored by the defendant; and after granting the credit, the court shall assess the actual out-of-pocket expenses, losses, damages, and injuries suffered by the victim named in the charge and any other victims who may also have suffered out-of-pocket expenses, losses, damages, and injuries proximately caused by the same criminal conduct of the defendant, and insurance carriers who have indemnified the named victim or other victims for the out-of-pocket expenses, losses, damages, or injuries, provided that in no event shall restitution be ordered to be paid on account of pain and suffering. When a victim's out-of-pocket expenses have been paid pursuant to the Crime Victims Compensation Act, the court shall order restitution be paid to the compensation program. If a defendant is placed on supervision for, or convicted of, domestic battery, the defendant shall be required to pay restitution to any domestic violence shelter in which the victim and any other family or household members lived because of the domestic battery. The amount of the restitution shall equal the

actual expenses of the domestic violence shelter in providing housing and any other services for the victim and any other family or household members living at the shelter. If a defendant fails to pay restitution in the manner or within the time period specified by the court, the court may enter an order directing the sheriff to seize any real or personal property of a defendant to the extent necessary to satisfy the order of restitution and dispose of the property by public sale. All proceeds from such sale in excess of the amount of restitution plus court costs and the costs of the sheriff in conducting the sale shall be paid to the defendant. The defendant convicted of domestic battery, if a person under 18 years of age was present and witnessed the domestic battery of the victim, is liable to pay restitution for the cost of any counseling required for the child at the discretion of the court.

(c) In cases where more than one defendant is accountable for the same criminal conduct that results in out-of-pocket expenses, losses, damages, or injuries, each defendant shall be ordered to pay restitution in the amount of the total actual out-of-pocket expenses, losses, damages, or injuries to the victim proximately caused by the conduct of all of the defendants who are legally accountable for the offense.

(1) In no event shall the victim be entitled to recover restitution in excess of the actual out-of-pocket expenses, losses, damages, or injuries, proximately caused by the conduct of all of the defendants.

(2) As between the defendants, the court may apportion the restitution that is payable in proportion to each co-defendant's culpability in the commission of the offense.

(3) In the absence of a specific order apportioning the restitution, each defendant shall bear his pro rata share of the restitution.

(4) As between the defendants, each defendant shall be entitled to a pro rata reduction in the total restitution required to be paid to the victim for amounts of restitution actually paid by co-defendants, and defendants who shall have paid more than their pro rata share shall be entitled to refunds to be computed by the court as additional amounts are paid by co-defendants.

(d) In instances where a defendant has more than one criminal charge pending against him in a single case, or more than one case, and the defendant stands convicted of one or more charges, a plea agreement negotiated by the State's Attorney and the defendants may require the defendant to make restitution to victims of charges that have been dismissed or which it is contemplated will be dismissed under the terms of the plea agreement, and under the agreement, the court may impose a sentence of restitution on the charge or charges of which the defendant has been convicted that would require the defendant to make restitution to victims of other offenses as provided in the plea agreement.

(e) The court may require the defendant to apply the balance of the cash bond, after payment of court costs, and any fine that may be imposed to the payment of restitution.

(f) Taking into consideration the ability of the defendant to pay, including any real or personal property or any other assets of the defendant, the court shall determine whether restitution shall be paid in a single payment or in installments, and shall fix a period of time not in excess of 5 years, except for violations of Sections 16-1.3 and 17-56 of the Criminal Code of 1961, or the period of time specified in subsection (f-1), not including periods of incarceration, within which payment of restitution is to be paid in full. Complete restitution shall be paid in as short a time period as possible. However, if the court deems it necessary and in the best interest of the victim, the court may extend beyond 5 years the period of time within which the payment of restitution is to be paid. If the defendant is ordered to pay restitution and the court orders that restitution is to be paid over a period greater than 6 months, the court shall order that the defendant make monthly payments; the court may waive this requirement of monthly payments only if there is a specific finding of good cause for waiver.

(f-1)(1) In addition to any other penalty prescribed by law and any restitution ordered under this Section that did not include long-term physical health care costs, the court may, upon conviction of any misdemeanor or felony, order a defendant to pay restitution to a victim in accordance with the provisions of this subsection (f-1) if the victim has suffered physical injury as a result of the offense that is reasonably probable to require or has required

long-term physical health care for more than 3 months. As used in this subsection (f-1) "long-term physical health care" includes mental health care.

(2) The victim's estimate of long-term physical health care costs may be made as part of a victim impact statement under Section 6 of the Rights of Crime Victims and Witnesses Act or made separately. The court shall enter the long-term physical health care restitution order at the time of sentencing. An order of restitution made under this subsection (f-1) shall fix a monthly amount to be paid by the defendant for as long as long-term physical health care of the victim is required as a result of the offense. The order may exceed the length of any sentence imposed upon the defendant for the criminal activity. The court shall include as a special finding in the judgment of conviction its determination of the monthly cost of long-term physical health care.

(3) After a sentencing order has been entered, the court may from time to time, on the petition of either the defendant or the victim, or upon its own motion, enter an order for restitution for long-term physical care or modify the existing order for restitution for long-term physical care as to the amount of monthly payments. Any modification of the order shall be based only upon a substantial change of circumstances relating to the cost of long-term physical health care or the financial condition of either the defendant or the victim. The petition shall be filed as part of the original criminal docket.

(g) In addition to the sentences provided for in Sections 11-1.20, 11-1.30, 11-1.40, 11-1.50, 11-1.60, 11-19.2, 11-20.1, 11-20.1B, 11-20.3, 12-13, 12-14, 12-14.1, 12-15, and 12-16, and subdivision (a)(4) of Section 11-14.4, of the Criminal Code of 1961, the court may order any person who is convicted of violating any of those Sections or who was charged with any of those offenses and which charge was reduced to another charge as a result of a plea agreement under subsection (d) of this Section to meet all or any portion of the financial obligations of treatment, including but not limited to medical, psychiatric, or rehabilitative treatment or psychological counseling, prescribed for the victim or victims of the offense.
The payments shall be made by the defendant to the clerk of the circuit court and transmitted by the clerk to the appropriate person or agency as directed by the court. Except as otherwise provided in subsection (f-1), the order may require such payments to be made for a period not to exceed 5 years after sentencing, not including periods of incarceration.

(h) The judge may enter an order of withholding to collect the amount of restitution owed in accordance with Part 8 of Article XII of the Code of Civil Procedure.

(i) A sentence of restitution may be modified or revoked by the court if the offender commits another offense, or the offender fails to make restitution as ordered by the court, but no sentence to make restitution shall be revoked unless the court shall find that the offender has had the financial ability to make restitution, and he has wilfully refused to do so. When the offender's ability to pay restitution was established at the time an order of restitution was entered or modified, or when the offender's ability to pay was based on the offender's willingness to make restitution as part of a plea agreement made at the time the order of restitution was entered or modified, there is a rebuttable presumption that the facts and circumstances considered by the court at the hearing at which the order of restitution was entered or modified regarding the offender's ability or willingness to pay restitution have not materially changed. If the court shall find that the defendant has failed to make restitution and that the failure is not wilful, the court may impose an additional period of time within which to make restitution. The length of the additional period shall not be more than 2 years. The court shall retain all of the incidents of the original sentence, including the authority to modify or enlarge the conditions, and to revoke or further modify the sentence if the conditions of payment are violated during the additional period.

(j) The procedure upon the filing of a Petition to Revoke a sentence to make restitution shall be the same as the procedures set forth in Section 5-6-4 of this Code governing violation, modification, or revocation of Probation, of Conditional Discharge, or of Supervision.

(k) Nothing contained in this Section shall preclude the right of any party to proceed in a civil action to recover for any damages incurred due to the criminal misconduct of the defendant.
(l) Restitution ordered under this Section shall not be subject to disbursement by the circuit clerk under Section 27.5 of the Clerks of Courts Act.

(m) A restitution order under this Section is a judgment lien in favor of the victim that:

(1) Attaches to the property of the person subject to the order;

(2) May be perfected in the same manner as provided in Part 3 of Article 9 of the Uniform Commercial Code;

(3) May be enforced to satisfy any payment that is delinquent under the restitution order by the person in whose favor the order is issued or the person's assignee; and

(4) Expires in the same manner as a judgment lien created in a civil proceeding.

When a restitution order is issued under this Section, the issuing court shall send a certified copy of the order to the clerk of the circuit court in the county where the charge was filed. Upon receiving the order, the clerk shall enter and index the order in the circuit court judgment docket.

(n) An order of restitution under this Section does not bar a civil action for:

(1) Damages that the court did not require the person to pay to the victim under the restitution order but arise from an injury or property damages that is the basis of restitution ordered by the court; and

(2) Other damages suffered by the victim.

The restitution order is not discharged by the completion of the sentence imposed for the offense.

A restitution order under this Section is not discharged by the liquidation of a person's estate by a receiver. A restitution order under this Section may be enforced in the same manner as judgment liens are enforced under Article XII of the Code of Civil Procedure.

The provisions of Section 2-1303 of the Code of Civil Procedure, providing for interest on judgments, apply to judgments for restitution entered under this Section.

The petition shall set forth the reasons for which review is sought and a recitation of any additional evidence the applicant desires to present to the Court. A copy of the petition shall be provided to the Attorney General. Documentation to be presented at a hearing of the Court of Claims must be submitted to the Attorney General at least 10 working days before the hearing date. Failure to do so may result in a continuance of the hearing.
(b) At hearings held under this Act before Commissioners of the Court of Claims, any statement, document, information or matter may be received in evidence if in the opinion of the Court or its Commissioner such evidence would contribute to a determination of the claim, regardless of whether such evidence would be admissible in a court of law.
(c) Petition for rehearing.
(1) The Court of Claims may order a rehearing of a matter decided after a hearing, if, in reaching its decision:
(A) the court has overlooked, misapplied, or failed to consider a statute, decision, or directly controlling principle;
(B) the court has overlooked or misconceived some material fact or proposition of law; or
(C) the court has overlooked or misconceived a material question in the case.
(2) A rehearing may not be granted if it is sought merely for the purpose of obtaining a reargument on and reconsideration of matters which have already been fully considered by the court.
(3) The petition shall specify which of the grounds in paragraph (1) of this subsection (c) exists and shall specifically
designate that portion of the opinion, or the record, or that particular authority, which the petitioner wishes the court to consider. A copy of the petition shall be served on the opposing party. No petition for rehearing shall exceed 10 typewritten pages. No memoranda or briefs in support of a petition for rehearing, and no response to a petition for rehearing, shall be received unless requested by the court.

(740 ILCS 45/17) (from Ch. 70, par. 87)

Sec. 17. (a) Subrogation. The Court of Claims may award compensation on the condition that the applicant subrogate to the State his rights to collect damages from the assailant or any third party who may be liable in damages to the applicant. In such a case the Attorney General may, on behalf of the State, bring an action against an assailant or third party for money damages, but must first notify the applicant and give him an opportunity to participate in the prosecution of the action. The excess of the amount recovered in such action over the amount of the compensation offered and accepted or awarded under this Act plus costs of the action and attorneys' fees actually incurred shall be paid to the applicant.

(b) Nothing in this Act affects the right of the applicant to seek civil damages from the assailant and any other party, but that applicant must give written notice to the Attorney General within 10 days after of the making of a claim or the filing of an action for such damages, and within 10 days after the conclusion of the claim or action. The applicant must attach to the written notice a copy of the complaint, settlement agreement, jury verdict, or judgment. Failure to timely notify the Attorney General of such claims and actions at the time they are instituted or at the time an application is filed is a willful omission of fact and the applicant thereby becomes subject to the provisions of Section 20 of this Act.

(c) The State has a charge for the amount of compensation paid under this Act upon all claims or causes of action against an assailant and any other party to recover for the injuries or death of a victim which were the basis for that payment of compensation. At the time compensation is ordered to be paid under this Act, the Court of Claims shall give written notice of this charge to the applicant. The charge attaches to any verdict or judgment entered and to any money or property which is recovered on account of the claim or cause of action against the assailant or any other party after the notice is given. On petition filed by the Attorney General on behalf of the State or by the applicant, the circuit court, on written notice

to all interested parties, shall adjudicate the right of the parties and enforce the charge. This subsection does not affect the priority of a lien under "AN ACT creating attorney's lien and for enforcement of same", filed June 16, 1909, as amended.

Only the Court of Claims may reduce the State's lien under this Act. The Court of Claims may consider the nature and extent of the injury, economic loss, settlements, hospital costs, physician costs, attorney's fees and costs, and all other appropriate costs. The burden of producing evidence sufficient to support the exercise by the Court of Claims of its discretion to reduce the amount of a proven charge sought to be enforced against the recovery shall rest with the party seeking such reduction. The charges of the State described in this Section, however, shall take priority over all other liens and charges existing under the laws of the State of Illinois.

(d) Where compensation is awarded under this Act and the person receiving same also receives any sum required to be, and that has not been deducted under Section 10.1, he shall refund to the State the amount of compensation paid to him which would have been deducted at the time the award was made.

(e) An amount not to exceed 25% of all money recovered under subsections (b) or (c) of this Section shall be placed in the Violent Crime Victims Assistance Fund to assist with costs related to recovery efforts. "Recovery efforts" means those activities that are directly attributable to obtaining restitution, civil suit recoveries, and other reimbursements.

(f) The applicant must give written notice to the Attorney General within 10 days after an offender is ordered by a court to pay restitution. The applicant shall attach a copy of the restitution order or judgment to the written notice. Failure to timely notify the Attorney General of court-ordered restitution is a willful omission of fact and the applicant thereby becomes subject to the provisions of Section 20 of this Act. The Attorney General may file a written copy of the Court of Claims' decision awarding crime victims compensation in a criminal case in which the offender has been ordered to pay restitution for the victim's expenses incurred as a result of the same criminal conduct. Upon the filing of the order, the circuit court clerk shall send restitution payments directly to the compensation program for any paid expense reflected in the Court of Claims' decision.

Sec. 18. Claims against awards. 
(a) An award is not subject to enforcement, attachment, garnishment, or other process, except that an award is not exempt from a claim of a creditor to the extent that he or she provided products, services, or accommodations the costs of which are included in the award. 
(b) An assignment or agreement to assign a right to compensation for loss accruing in the future is unenforceable, except:
   (1) an assignment of a right to compensation for work loss to secure payment of maintenance or child support; or 
   (2) an assignment of a right to compensation to the extent of the cost of products, services, or accommodations necessitated by the injury or death on which the claim is based and are provided or to be provided by the assignee. 
(c) The court may order that all or a portion of an award be paid jointly to the applicant and another person or solely and directly to another person to the extent that such other person has provided products, services or accommodations, the costs of which are included in the award, or to another person to the extent that such other person paid or became obligated to pay expenses incurred by the victim or applicant. The provisions of this amendatory Act of 1994 apply to all pending claims in existence on the effective date of this amendatory Act of 1994. 
(d) If an award under subsection (c) of this Section is offset by the Comptroller, pursuant to the Uncollected State Claims Act, the intended individual or entity must credit the applicant's or victim's account for the amount ordered by the Court of Claims, and the intended individual or entity is prohibited from pursuing payment from the applicant or victim for any portion that is offset. The Comptroller shall provide notice as provided in Section 10.05 of the State Comptroller Act. (Source: P.A. 92-286, eff. 1-1-02.)

months after the effective date of this amendatory Act of the 96th General Assembly and makes investments that cause the retention of a minimum of 500 full-time equivalent jobs in 2009 and 2010, 675 full-time jobs in Illinois in 2011, 850 full-time jobs in 2012, and 1,000 full-time jobs in 2013, in the manufacturing sector as defined by the North American Industry Classification System; and

The Department of Commerce and Economic Opportunity shall determine the period during which such exemption from the charges imposed under Section 9-222 is in effect which shall not exceed 30 years or the certified term of the enterprise zone, whichever period is shorter, except that the exemption period for a business enterprise qualifying under item (iii) of clause (1) of this Section shall not exceed 30 years.

However, no business enterprise shall be required, as a condition for certification under clause (3) of this Section, to attest that its decision to invest under clause (1) of this Section and to locate under clause (2) of this Section is predicated upon the availability of the exemptions authorized by this Section.

A business enterprise shall be exempt, in whole or in part, from the pass-on charges of municipal utility taxes imposed under Section 9-221,
only if it meets the criteria specified in clauses (1) through (3) of this Section and the municipality has adopted an ordinance authorizing the exemption under paragraph (e) of Section 8-11-2 of the Illinois Municipal Code. Upon certification of the business enterprises by the Department of Commerce and Economic Opportunity, the Department of Commerce and Economic Opportunity shall notify the Department of Revenue of such certification. The Department of Revenue shall notify the public utilities of the exemption status of business enterprises from the pass-on charges of State and municipal utility taxes. Approved July 18, 2012.
Effective January 1, 2013.
Section 5. The Illinois Power Agency Act is amended by changing Section 1-92 as follows:

(20 ILCS 3855/1-92)
Sec. 1-92. Aggregation of electrical load by municipalities, townships, and counties.

(a) The corporate authorities of a municipality, township board, or county board of a county may adopt an ordinance under which it may aggregate in accordance with this Section residential and small commercial retail electrical loads located, respectively, within the municipality, the township, or the unincorporated areas of the county and, for that purpose, may solicit bids and enter into service agreements to facilitate for those loads the sale and purchase of electricity and related services and equipment.

The corporate authorities, township board, or county board may also exercise such authority jointly with any other municipality, township, or county. Two or more municipalities, townships, or counties, or a combination of both, may initiate a process jointly to authorize aggregation by a majority vote of each particular municipality, township, or county as required by this Section.

If the corporate authorities, township board, or the county board seek to operate the aggregation program as an opt-out program for residential and small commercial retail customers, then prior to the adoption of an ordinance with respect to aggregation of residential and small commercial retail electric loads, the corporate authorities of a municipality, the township board, or the county board of a county shall submit a referendum to its residents to determine whether or not the aggregation program shall operate as an opt-out program for residential and small commercial retail customers.

In addition to the notice and conduct requirements of the general election law, notice of the referendum shall state briefly the purpose of the referendum. The question of whether the corporate authorities, the township board, or the county board shall adopt an opt-out aggregation program for residential and small commercial retail customers shall be submitted to the electors of the municipality, township board, or county board at a regular election and approved by a majority of the electors voting on the question. The corporate authorities, township board, or county board must certify to the proper election authority, which must submit the question at an election in accordance with the Election Code.

New matter indicated by italics - deletions by strikeout
The election authority must submit the question in substantially the following form:

Shall the (municipality, township, or county in which the question is being voted upon) have the authority to arrange for the supply of electricity for its residential and small commercial retail customers who have not opted out of such program?

The election authority must record the votes as "Yes" or "No".

If a majority of the electors voting on the question vote in the affirmative, then the corporate authorities, township board, or county board may implement an opt-out aggregation program for residential and small commercial retail customers.

A referendum must pass in each particular municipality, township, or county that is engaged in the aggregation program. If the referendum fails, then the corporate authorities, township board, or county board shall operate the aggregation program as an opt-in program for residential and small commercial retail customers.

An ordinance under this Section shall specify whether the aggregation will occur only with the prior consent of each person owning, occupying, controlling, or using an electric load center proposed to be aggregated. Nothing in this Section, however, authorizes the aggregation of electric loads that are served or authorized to be served by an electric cooperative as defined by and pursuant to the Electric Supplier Act or loads served by a municipality that owns and operates its own electric distribution system. No aggregation shall take effect unless approved by a majority of the members of the corporate authority, township board, or county board voting upon the ordinance.

A governmental aggregator under this Section is not a public utility or an alternative retail electric supplier.

For purposes of this Section, "township" means the portion of a township that is an unincorporated portion of a county that is not otherwise a part of a municipality. In addition to such other limitations as are included in this Section, a township board shall only have authority to aggregate residential and small commercial customer loads in accordance with this Section if the county board of the county in which the township is located (i) is not also submitting a referendum to its residents at the same general election that the township board proposes to submit a referendum under this subsection (a), (ii) has not received authorization through passage of a referendum to operate an opt-out aggregation program for residential and small commercial retail customers under this subsection.
(a), and (iii) has not otherwise enacted an ordinance under this subsection
(a) authorizing the operation of an opt-in aggregation program for
residential and small commercial retail customers as described in this
Section.

(b) Upon the applicable requisite authority under this Section, the
corporate authorities, the township board, or the county board, with
assistance from the Illinois Power Agency, shall develop a plan of
operation and governance for the aggregation program so authorized.
Before adopting a plan under this Section, the corporate authorities,
township board, or county board shall hold at least 2 public hearings on
the plan. Before the first hearing, the corporate authorities, township
board, or county board shall publish notice of the hearings once a week for
2 consecutive weeks in a newspaper of general circulation in the
jurisdiction. The notice shall summarize the plan and state the date, time,
and location of each hearing. Any load aggregation plan established
pursuant to this Section shall:

(1) provide for universal access to all applicable residential
customers and equitable treatment of applicable residential
customers;

(2) describe demand management and energy efficiency
services to be provided to each class of customers; and

(3) meet any requirements established by law concerning
aggregated service offered pursuant to this Section.

(c) The process for soliciting bids for electricity and other related
services and awarding proposed agreements for the purchase of electricity
and other related services shall be conducted in the following order:

(1) The corporate authorities, township board, or county
board may solicit bids for electricity and other related services.

(1.5) A township board shall request from the electric
utility those residential and small commercial customers within
their aggregate area either by zip code or zip codes or other means
as determined by the electric utility. The electric utility shall then
provide to the township board the residential and small
commercial customers, including the names and addresses of
residential and small commercial customers, electronically. The
township board shall be responsible for authenticating the
residential and small commercial customers contained in this
listing and providing edits of the data to affirm, add, or delete the
residential and small commercial customers located within its

New matter indicated by italics - deletions by strikeout
jurisdiction. The township board shall provide the edited list to the electric utility in an electronic format or other means selected by the electric utility and certify that the information is accurate.

(2) Notwithstanding Section 16-122 of the Public Utilities Act and Section 2HH of the Consumer Fraud and Deceptive Business Practices Act, an electric utility that provides residential and small commercial retail electric service in the aggregate area must, upon request of the corporate authorities, township board, or the county board in the aggregate area, submit to the requesting party, in an electronic format, those account numbers, names, and addresses of residential and small commercial retail customers in the aggregate area that are reflected in the electric utility's records at the time of the request; provided, however, that any township board has first provided an accurate customer list to the electric utility as provided for herein.

Any corporate authority, township board, or county board receiving customer information from an electric utility shall be subject to the limitations on the disclosure of the information described in Section 16-122 of the Public Utilities Act and Section 2HH of the Consumer Fraud and Deceptive Business Practices Act, and an electric utility shall not be held liable for any claims arising out of the provision of information pursuant to this item (2).

(d) If the corporate authorities, township board, or county board operate under an opt-in program for residential and small commercial retail customers, then the corporate authorities, township board, or county board shall comply with all of the following:

(1) Within 60 days after receiving the bids, the corporate authorities, township board, or county board shall allow residential and small commercial retail customers to commit to the terms and conditions of a bid that has been selected by the corporate authorities, township board, or county board.

(2) If (A) the corporate authorities, township board, or county board award proposed agreements for the purchase of electricity and other related services and (B) an agreement is reached between the corporate authorities, township board, or county board for those services, then customers committed to the terms and conditions according to item (1) of this subsection (d) shall be committed to the agreement.

New matter indicated by italics - deletions by strikeout
(e) If the corporate authorities, township board, or county board operate as an opt-out program for residential and small commercial retail customers, then it shall be the duty of the aggregated entity to fully inform residential and small commercial retail customers in advance that they have the right to opt out of the aggregation program. The disclosure shall prominently state all charges to be made and shall include full disclosure of the cost to obtain service pursuant to Section 16-103 of the Public Utilities Act, how to access it, and the fact that it is available to them without penalty, if they are currently receiving service under that Section. The Illinois Power Agency shall furnish, without charge, to any citizen a list of all supply options available to them in a format that allows comparison of prices and products.

The Illinois Power Agency shall provide assistance to municipalities, townships, counties, or associations working with municipalities to help complete the plan and bidding process.

This Section does not prohibit municipalities or counties from entering into an intergovernmental agreement to aggregate residential and small commercial retail electric loads.

economic growth, enhance the continued diversification of Illinois' energy resource mix, and protect the Illinois environment.

(b) As used in this Section, (i) "eligible customer" means a retail customer that owns or operates a solar, wind, or other eligible renewable electrical generating facility with a rated capacity of not more than 2,000 kilowatts that is located on the customer's premises and is intended primarily to offset the customer's own electrical requirements; (ii) "electricity provider" means an electric utility or alternative retail electric supplier; (iii) "eligible renewable electrical generating facility" means a generator powered by solar electric energy, wind, dedicated crops grown for electricity generation, agricultural residues, untreated and unadulterated wood waste, landscape trimmings, livestock manure, anaerobic digestion of livestock or food processing waste, fuel cells or microturbines powered by renewable fuels, or hydroelectric energy; and (iv) "net electricity metering" (or "net metering") means the measurement, during the billing period applicable to an eligible customer, of the net amount of electricity supplied by an electricity provider to the customer's premises or provided to the electricity provider by the customer.

(c) A net metering facility shall be equipped with metering equipment that can measure the flow of electricity in both directions at the same rate.

(1) For eligible customers whose electric service has not been declared competitive pursuant to Section 16-113 of this Act as of July 1, 2011 and whose electric delivery service is provided and measured on a kilowatt-hour basis and electric supply service is not provided based on hourly pricing, this shall typically be accomplished through use of a single, bi-directional meter. If the eligible customer's existing electric revenue meter does not meet this requirement, the electricity provider shall arrange for the local electric utility or a meter service provider to install and maintain a new revenue meter at the electricity provider's expense.

(2) For eligible customers whose electric service has not been declared competitive pursuant to Section 16-113 of this Act as of July 1, 2011 and whose electric delivery service is provided and measured on a kilowatt demand basis and electric supply service is not provided based on hourly pricing, this shall typically be accomplished through use of a dual channel meter capable of measuring the flow of electricity both into and out of the customer's facility at the same rate and ratio. If such customer's
existing electric revenue meter does not meet this requirement, then the electricity provider shall arrange for the local electric utility or a meter service provider to install and maintain a new revenue meter at the electricity provider's expense.

(3) For all other eligible customers, the electricity provider may arrange for the local electric utility or a meter service provider to install and maintain metering equipment capable of measuring the flow of electricity both into and out of the customer's facility at the same rate and ratio, typically through the use of a dual channel meter. If the eligible customer's existing electric revenue meter does not meet this requirement, then the costs of installing such equipment shall be paid for by the customer.

(d) An electricity provider shall measure and charge or credit for the net electricity supplied to eligible customers or provided by eligible customers whose electric service has not been declared competitive pursuant to Section 16-113 of the Act as of July 1, 2011 and whose electric delivery service is provided and measured on a kilowatt-hour basis and electric supply service is not provided based on hourly pricing in the following manner:

(1) If the amount of electricity used by the customer during the billing period exceeds the amount of electricity produced by the customer, the electricity provider shall charge the customer for the net electricity supplied to and used by the customer as provided in subsection (e-5) of this Section.

(2) If the amount of electricity produced by a customer during the billing period exceeds the amount of electricity used by the customer during that billing period, the electricity provider supplying that customer shall apply a 1:1 kilowatt-hour credit to a subsequent bill for service to the customer for the net electricity supplied to the electricity provider. The electricity provider shall continue to carry over any excess kilowatt-hour credits earned and apply those credits to subsequent billing periods to offset any customer-generator consumption in those billing periods until all credits are used or until the end of the annualized period.

(3) At the end of the year or annualized over the period that service is supplied by means of net metering, or in the event that the retail customer terminates service with the electricity provider prior to the end of the year or the annualized period, any remaining credits in the customer's account shall expire.

New matter indicated by italics - deletions by strikeout
(d-5) An electricity provider shall measure and charge or credit for the net electricity supplied to eligible customers or provided by eligible customers whose electric service has not been declared competitive pursuant to Section 16-113 of this Act as of July 1, 2011 and whose electric delivery service is provided and measured on a kilowatt-hour basis and electric supply service is provided based on hourly pricing in the following manner:

1. If the amount of electricity used by the customer during any hourly period exceeds the amount of electricity produced by the customer, the electricity provider shall charge the customer for the net electricity supplied to and used by the customer according to the terms of the contract or tariff to which the same customer would be assigned to or be eligible for if the customer was not a net metering customer.

2. If the amount of electricity produced by a customer during any hourly period exceeds the amount of electricity used by the customer during that hourly period, the energy provider shall apply a credit for the net kilowatt-hours produced in such period. The credit shall consist of an energy credit and a delivery service credit. The energy credit shall be valued at the same price per kilowatt-hour as the electric service provider would charge for kilowatt-hour energy sales during that same hourly period. The delivery credit shall be equal to the net kilowatt-hours produced in such hourly period times a credit that reflects all kilowatt-hour based charges in the customer's electric service rate, excluding energy charges.

(e) An electricity provider shall measure and charge or credit for the net electricity supplied to eligible customers whose electric service has not been declared competitive pursuant to Section 16-113 of this Act as of July 1, 2011 and whose electric delivery service is provided and measured on a kilowatt demand basis and electric supply service is not provided based on hourly pricing in the following manner:

1. If the amount of electricity used by the customer during the billing period exceeds the amount of electricity produced by the customer, then the electricity provider shall charge the customer for the net electricity supplied to and used by the customer as provided in subsection (e-5) of this Section. The electricity provider shall assess and the customer shall remain responsible for all taxes, fees, and utility delivery charges.
that would otherwise be applicable to the *net* gross amount of electricity used by kilowatt-hours supplied to the eligible customer by the electricity provider.

(2) If the amount of electricity produced by a customer during the billing period exceeds the amount of electricity used by the customer during that billing period, then the electricity provider supplying that customer shall apply a 1:1 kilowatt-hour credit that reflects the kilowatt-hour based charges in the customer's electric service rate to a subsequent bill for service to the customer for the net electricity supplied to the electricity provider. The electricity provider shall continue to carry over any excess kilowatt-hour credits earned and apply those credits to subsequent billing periods to offset any customer-generator consumption in those billing periods until all credits are used or until the end of the annualized period.

(3) At the end of the year or annualized over the period that service is supplied by means of net metering, or in the event that the retail customer terminates service with the electricity provider prior to the end of the year or the annualized period, any remaining credits in the customer's account shall expire.

(e-5) An electricity provider shall provide electric service to eligible customers whose electric service has not been declared competitive pursuant to Section 16-113 of this Act and whose electric supply service is not provided based on hourly pricing who utilize net metering at non-discriminatory rates that are identical, with respect to rate structure, retail rate components, and any monthly charges, to the rates that the customer would be charged if not a net metering customer. An electricity provider shall not charge net metering customers any fee or charge or require additional equipment, insurance, or any other requirements not specifically authorized by interconnection standards authorized by the Commission, unless the fee, charge, or other requirement would apply to other similarly situated customers who are not net metering customers. The customer will remain responsible for all taxes, fees, and utility delivery charges that would otherwise be applicable to the net amount of electricity used by the customer. Subsections (c) through (e) of this Section shall not be construed to prevent an arms-length agreement between an electricity provider and an eligible customer that sets forth different prices, terms, and conditions for the provision of net metering.
service, including, but not limited to, the provision of the appropriate metering equipment for non-residential customers.

(f) Notwithstanding the requirements of subsections (c) through (e-5) of this Section, an electricity provider must require dual-channel metering for customers operating eligible renewable electrical generating facilities with a nameplate rating up to 2,000 kilowatts and to whom the provisions of neither subsection (d), (d-5), nor (e) of this Section apply. In such cases, electricity charges and credits shall be determined as follows:

(1) The electricity provider shall assess and the customer remains responsible for all taxes, fees, and utility delivery charges that would otherwise be applicable to the gross amount of kilowatt-hours supplied to the eligible customer by the electricity provider.

(2) Each month that service is supplied by means of dual-channel metering, the electricity provider shall compensate the eligible customer for any excess kilowatt-hour credits at the electricity provider's avoided cost of electricity supply over the monthly period or as otherwise specified by the terms of a power-purchase agreement negotiated between the customer and electricity provider.

(3) For all eligible net metering customers taking service from an electricity provider under contracts or tariffs employing time of use rates, any monthly consumption of electricity shall be calculated according to the terms of the contract or tariff to which the same customer would be assigned to or be eligible for if the customer was not a net metering customer. When those same customer-generators are net generators during any discrete time of use period, the net kilowatt-hours produced shall be valued at the same price per kilowatt-hour as the electric service provider would charge for retail kilowatt-hour sales during that same time of use period.

(g) For purposes of federal and State laws providing renewable energy credits or greenhouse gas credits, the eligible customer shall be treated as owning and having title to the renewable energy attributes, renewable energy credits, and greenhouse gas emission credits related to any electricity produced by the qualified generating unit. The electricity provider may not condition participation in a net metering program on the signing over of a customer's renewable energy credits; provided, however, this subsection (g) shall not be construed to prevent an arms-length

New matter indicated by italics - deletions by strikeout
agreement between an electricity provider and an eligible customer that
sets forth the ownership or title of the credits.

(h) Within 120 days after the effective date of this amendatory Act
of the 95th General Assembly, the Commission shall establish standards
for net metering and, if the Commission has not already acted on its own
initiative, standards for the interconnection of eligible renewable
generating equipment to the utility system. The interconnection standards
shall address any procedural barriers, delays, and administrative costs
associated with the interconnection of customer-generation while ensuring
the safety and reliability of the units and the electric utility system. The
Commission shall consider the Institute of Electrical and Electronics
Engineers (IEEE) Standard 1547 and the issues of (i) reasonable and fair
fees and costs, (ii) clear timelines for major milestones in the
interconnection process, (iii) nondiscriminatory terms of agreement, and
(iv) any best practices for interconnection of distributed generation.

(i) All electricity providers shall begin to offer net metering no
later than April 1, 2008.

(j) An electricity provider shall provide net metering to eligible
customers until the load of its net metering customers equals 5% of the
total peak demand supplied by that electricity provider during the previous
year. Electricity providers are authorized to offer net metering beyond the
5% level if they so choose.

(k) Each electricity provider shall maintain records and report
annually to the Commission the total number of net metering customers
served by the provider, as well as the type, capacity, and energy sources of
the generating systems used by the net metering customers. Nothing in this
Section shall limit the ability of an electricity provider to request the
redaction of information deemed by the Commission to be confidential
business information. Each electricity provider shall notify the
Commission when the total generating capacity of its net metering
customers is equal to or in excess of the 5% cap specified in subsection (j)
of this Section.

(l) Notwithstanding the definition of "eligible customer" in item (i)
of subsection (b) of this Section, each electricity provider shall consider
whether to allow meter aggregation for the purposes of net metering on:

(1) properties owned or leased by multiple customers that
contribute to the operation of an eligible renewable electrical
generating facility, such as a community-owned wind project, a
community-owned biomass project, a community-owned solar

New matter indicated by italics - deletions by strikeout
project, or a community methane digester processing livestock waste from multiple sources; and

(2) individual units, apartments, or properties owned or leased by multiple customers and collectively served by a common eligible renewable electrical generating facility, such as an apartment building served by photovoltaic panels on the roof.

For the purposes of this subsection (l), "meter aggregation" means the combination of reading and billing on a pro rata basis for the types of eligible customers described in this Section.

(m) Nothing in this Section shall affect the right of an electricity provider to continue to provide, or the right of a retail customer to continue to receive service pursuant to a contract for electric service between the electricity provider and the retail customer in accordance with the prices, terms, and conditions provided for in that contract. Either the electricity provider or the customer may require compliance with the prices, terms, and conditions of the contract.

Sec. 16-111.5B. Provisions relating to energy efficiency procurement.

(a) Beginning in 2012, procurement plans prepared pursuant to Section 16-111.5 of this Act shall be subject to the following additional requirements:

(1) The analysis included pursuant to paragraph (2) of subsection (b) of Section 16-111.5 shall also include the impact of energy efficiency building codes or appliance standards, both current and projected.

(2) The procurement plan components described in subsection (b) of Section 16-111.5 shall also include an assessment of opportunities to expand the programs promoting energy efficiency measures that have been offered under plans approved pursuant to Section 8-103 of this Act or to implement additional cost-effective energy efficiency programs or measures.

(3) In addition to the information provided pursuant to paragraph (1) of subsection (d) of Section 16-111.5 of this Act, each Illinois utility procuring power pursuant to that Section shall annually provide to the Illinois Power Agency by July 15 of each year, or such other date as may be required by the Commission or Agency, an assessment of cost-effective energy efficiency
programs or measures that could be included in the procurement plan. The assessment shall include the following:

(A) A comprehensive energy efficiency potential study for the utility's service territory that was completed within the past 3 years.

(B) Beginning in 2014, the most recent analysis submitted pursuant to Section 8-103A of this Act and approved by the Commission under subsection (f) of Section 8-103 of this Act.

(C) Identification of new or expanded cost-effective energy efficiency programs or measures that are incremental to those included in energy efficiency and demand-response plans approved by the Commission pursuant to Section 8-103 of this Act and that would be offered to all retail customers whose electric service has not been declared competitive under Section 16-113 of this Act and who are eligible to purchase power and energy from the utility under fixed-price bundled service tariffs, regardless of whether such customers actually do purchase such power and energy from the utility eligible retail customers.

(D) Analysis showing that the new or expanded cost-effective energy efficiency programs or measures would lead to a reduction in the overall cost of electric service.

(E) Analysis of how the cost of procuring additional cost-effective energy efficiency measures compares over the life of the measures to the prevailing cost of comparable supply.

(F) An energy savings goal, expressed in megawatt-hours, for the year in which the measures will be implemented.

(G) For each expanded or new program, the estimated amount that the program may reduce the agency's need to procure supply.

In preparing such assessments, a utility shall conduct an annual solicitation process for purposes of requesting proposals from third-party vendors, the results of which shall be provided to the Agency as part of the assessment, including documentation of

all bids received. The utility shall develop requests for proposals consistent with the manner in which it develops requests for proposals under plans approved pursuant to Section 8-103 of this Act, which considers input from the Agency and interested stakeholders.

(4) The Illinois Power Agency shall include in the procurement plan prepared pursuant to paragraph (2) of subsection (d) of Section 16-111.5 of this Act energy efficiency programs and measures it determines are cost-effective and the associated annual energy savings goal included in the annual solicitation process and assessment submitted pursuant to paragraph (3) of this subsection (a).

(5) Pursuant to paragraph (4) of subsection (d) of Section 16-111.5 of this Act, the Commission shall also approve the energy efficiency programs and measures included in the procurement plan, including the annual energy savings goal, if the Commission determines they fully capture the potential for all achievable cost-effective savings, to the extent practicable, and otherwise satisfy the requirements of Section 8-103 of this Act.

In the event the Commission approves the procurement of additional energy efficiency, it shall reduce the amount of power to be procured under the procurement plan to reflect the additional energy efficiency and shall direct the utility to undertake the procurement of such energy efficiency, which shall not be subject to the requirements of subsection (e) of Section 16-111.5 of this Act. The utility shall consider input from the Agency and interested stakeholders on the procurement and administration process.

(6) An electric utility shall recover its costs incurred under this Section related to the implementation of energy efficiency programs and measures approved by the Commission in its order approving the procurement plan under Section 16-111.5 of this Act, including, but not limited to, all costs associated with complying with this Section and all start-up and administrative costs and the costs for any evaluation, measurement, and verification of the measures, from all retail customers whose electric service has not been declared competitive under Section 16-113 of this Act and who are eligible to purchase power and energy from the utility under fixed-price bundled service tariffs, regardless of whether such customers actually do purchase such

power and energy from the utility eligible retail customers through the automatic adjustment clause tariff established pursuant to Section 8-103 of this Act, provided, however, that the limitations described in subsection (d) of that Section shall not apply to the costs incurred pursuant to this Section or Section 16-111.7 of this Act.

(b) For purposes of this Section, the term "energy efficiency" shall have the meaning set forth in Section 1-10 of the Illinois Power Agency Act, and the term "cost-effective" shall have the meaning set forth in subsection (a) of Section 8-103 of this Act. In addition, the estimated costs to acquire an additional energy efficiency measure, when divided by the number of kilowatt-hours expected to be saved over the life of the measure, shall be less than or equal to the electricity costs that would be avoided as a result of the energy efficiency measure.

(b) The Commission shall have perpetual succession, power to contract and be contracted with, to sue and be sued in its corporate name, but judgment shall not in any case be issued against any property of the Commission except in actions sounding in tort, to plead and be impleaded, to have and use a common seal, and to alter the same at pleasure. The Commission shall obtain, pursuant to the provisions of the Personnel Code, such personnel as to the Commission shall seem advisable to carry out the purposes of this Act and the work of the Commission. The Commission may appoint a General Attorney and define the duties of that General Attorney.

The Commission shall hold regular meetings annually for the election of a president, vice-president, secretary, and treasurer and for the adoption of a budget. All such structures and improvements shall be erected and
constructed in accordance with the Illinois Purchasing Act, to the same extent as if the Commission were a Code Department. The Commission shall administer and exercise ultimate authority with respect to the development and operation of the Chicago Technology Park, and any extensions or expansion thereof. In addition, the Commission may create a development area within the area of the District located south of Roosevelt Road, called the District Development Area in this Act. Within the District Development Area the Commission may cause to be acquired or constructed commercial and other types of development, public and private, if the Commission determines that the commercial developments are ancillary to and necessary for the support of facilities within the District and any other purposes of the District, after a public hearing held by a commissioner or the person authorized by the Commission to conduct the hearing. The Commissioner or other authorized persons shall have the power to administer oaths and affirmations, take the testimony of witnesses, receive pertinent evidence, and certify the record of the hearing to the Commission. The record of the hearing shall become part of the Commission's records. Notice of the time, place, and purpose of the hearing shall be given by a single publication notice in a secular newspaper of general circulation in the City of Chicago at least 10 days before the date of the hearing. In addition to the powers set forth above, the Commission may sell, lease, develop, operate, and manage for any person, firm, partnership, or corporation, either public or private, all or any part of the land, buildings, facilities, equipment, or other property included in the District Development Area and any medical research and high technology park or the designated commercial development area upon the terms and conditions the Commission may deem advisable, and may enter into any contract or agreement with any person, firm, partnership, or corporation, either public or private, or any combination of the foregoing, as may be necessary or suitable for the creation, marketing, development, construction, reconstruction, rehabilitation, financing, operation and maintenance, and management of the District Development Area and any technology park or designated commercial development area; and may sell or lease to any person, firm, partnership, or corporation, either public or private, any part or all of the land, building, facilities, equipment, or other property of the park or the designated commercial development area upon the rentals, terms, and conditions as the Commission may deem advisable; and may finance all or part of the cost of the Commission's development and operation of the District Development Area as well as any park or the

Section 5. The Open Meetings Act is amended by changing Section 2.02 as follows:

(5 ILCS 120/2.02) (from Ch. 102, par. 42.02)
Sec. 2.02. Public notice of all meetings, whether open or closed to the public, shall be given as follows:
(a) Every public body shall give public notice of the schedule of regular meetings at the beginning of each calendar or fiscal year and shall state the regular dates, times, and places of such meetings. An agenda for each regular meeting shall be posted at the principal office of the public body and at the location where the meeting is to be held at least 48 hours in advance of the holding of the meeting. A public body that has a website that the full-time staff of the public body maintains shall also post on its website the agenda of any regular meetings of the governing body of that public body. Any agenda of a regular meeting that is posted on a public body's website shall remain posted on the website until the regular meeting is concluded. The requirement of a regular meeting agenda shall not preclude the consideration of items not specifically set forth in the agenda.

New matter indicated by italics - deletions by strikeout
Public notice of any special meeting except a meeting held in the event of a bona fide emergency, or of any rescheduled regular meeting, or of any reconvened meeting, shall be given at least 48 hours before such meeting, which notice shall also include the agenda for the special, rescheduled, or reconvened meeting, but the validity of any action taken by the public body which is germane to a subject on the agenda shall not be affected by other errors or omissions in the agenda. The requirement of public notice of reconvened meetings does not apply to any case where the meeting was open to the public and (1) it is to be reconvened within 24 hours, or (2) an announcement of the time and place of the reconvened meeting was made at the original meeting and there is no change in the agenda. Notice of an emergency meeting shall be given as soon as practicable, but in any event prior to the holding of such meeting, to any news medium which has filed an annual request for notice under subsection (b) of this Section.

(b) Public notice shall be given by posting a copy of the notice at the principal office of the body holding the meeting or, if no such office exists, at the building in which the meeting is to be held. In addition, a public body that has a website that the full-time staff of the public body maintains shall post notice on its website of all meetings of the governing body of the public body. Any notice of an annual schedule of meetings shall remain on the website until a new public notice of the schedule of regular meetings is approved. Any notice of a regular meeting that is posted on a public body's website shall remain posted on the website until the regular meeting is concluded. The body shall supply copies of the notice of its regular meetings, and of the notice of any special, emergency, rescheduled or reconvened meeting, to any news medium that has filed an annual request for such notice. Any such news medium shall also be given the same notice of all special, emergency, rescheduled or reconvened meetings in the same manner as is given to members of the body provided such news medium has given the public body an address or telephone number within the territorial jurisdiction of the public body at which such notice may be given. The failure of a public body to post on its website notice of any meeting or the agenda of any meeting shall not invalidate any meeting or any actions taken at a meeting.

(c) Any agenda required under this Section shall set forth the general subject matter of any resolution or ordinance that will be the subject of final action at the meeting. The public body conducting a public meeting shall ensure that at least one copy of any requested notice and agenda for the meeting is continuously available for public review during the meeting.

Posting of the notice and agenda on a website that is maintained by the public body satisfies the requirement for continuous posting under this subsection (c). PUBLIC ACT 97-0831
(Senate Bill No. 2888)

AN ACT concerning criminal law.
Be it enacted by the People of the State of Illinois, represented in
the General Assembly:
Section 5. The Unified Code of Corrections is amended by
changing Section 5-6-1 as follows:
(730 ILCS 5/5-6-1) (from Ch. 38, par. 1005-6-1)
Sec. 5-6-1. Sentences of Probation and of Conditional Discharg e
and Disposition of Supervision. The General Assembly finds that in order
to protect the public, the criminal justice system must compel compliance
with the conditions of probation by responding to violations with swift,
certain and fair punishments and intermediate sanctions. The Chief Judge
of each circuit shall adopt a system of structured, intermediate sanctions
for violations of the terms and conditions of a sentence of probation,
conditional discharge or disposition of supervision.
(a) Except where specifically prohibited by other provisions of this
Code, the court shall impose a sentence of probation or conditional
discharge upon an offender unless, having regard to the nature and
circumstance of the offense, and to the history, character and condition of
the offender, the court is of the opinion that:
(1) his imprisonment or periodic imprisonment is necessary
for the protection of the public; or
(2) probation or conditional discharge would deprecate the
seriousness of the offender's conduct and would be inconsistent
with the ends of justice; or

New matter indicated by italics - deletions by strikeout
(3) a combination of imprisonment with concurrent or consecutive probation when an offender has been admitted into a drug court program under Section 20 of the Drug Court Treatment Act is necessary for the protection of the public and for the rehabilitation of the offender.

The court shall impose as a condition of a sentence of probation, conditional discharge, or supervision, that the probation agency may invoke any sanction from the list of intermediate sanctions adopted by the chief judge of the circuit court for violations of the terms and conditions of the sentence of probation, conditional discharge, or supervision, subject to the provisions of Section 5-6-4 of this Act.

(b) The court may impose a sentence of conditional discharge for an offense if the court is of the opinion that neither a sentence of imprisonment nor of periodic imprisonment nor of probation supervision is appropriate.

(b-1) Subsections (a) and (b) of this Section do not apply to a defendant charged with a misdemeanor or felony under the Illinois Vehicle Code or reckless homicide under Section 9-3 of the Criminal Code of 1961 if the defendant within the past 12 months has been convicted of or pleaded guilty to a misdemeanor or felony under the Illinois Vehicle Code or reckless homicide under Section 9-3 of the Criminal Code of 1961.

(c) The court may, upon a plea of guilty or a stipulation by the defendant of the facts supporting the charge or a finding of guilt, defer further proceedings and the imposition of a sentence, and enter an order for supervision of the defendant, if the defendant is not charged with: (i) a Class A misdemeanor, as defined by the following provisions of the Criminal Code of 1961: Sections 11-9.1; 12-3.2; 11-1.50 or 12-15; 26-5; 31-1; 31-6; 31-7; subsections (b) and (c) of Section 21-1; paragraph (1) through (5), (8), (10), and (11) of subsection (a) of Section 24-1; (ii) a Class A misdemeanor violation of Section 3.01, 3.03-1, or 4.01 of the Humane Care for Animals Act; or (iii) a felony. If the defendant is not barred from receiving an order for supervision as provided in this subsection, the court may enter an order for supervision after considering the circumstances of the offense, and the history, character and condition of the offender, if the court is of the opinion that:

(1) the offender is not likely to commit further crimes;
(2) the defendant and the public would be best served if the defendant were not to receive a criminal record; and

New matter indicated by italics - deletions by strikeout
(3) in the best interests of justice an order of supervision is more appropriate than a sentence otherwise permitted under this Code.

Sec. 3-117.1. When junking certificates or salvage certificates must
be obtained.
(a) Except as provided in Chapter 4 of this Code, a person who
possesses a junk vehicle shall within 15 days cause the certificate of title,
salvage certificate, certificate of purchase, or a similarly acceptable out of
state document of ownership to be surrendered to the Secretary of State

vehicle.
A licensee who possesses a junk vehicle and a Certificate of Title,
Salvage Certificate, Certificate of Purchase, or a similarly acceptable out-of-state document of ownership for such junk vehicle, may transport the
junk vehicle to another licensee prior to applying for or obtaining a
junking certificate, by executing a uniform invoice. The licensee transferor

certificate shall be issued in the name of the insurance company. Notwithstanding the foregoing, an insurer making payment of damages on a total loss claim for the theft of a vehicle shall not be required to apply for a salvage certificate unless the vehicle is recovered and has incurred damage that initially would have caused the vehicle to be declared a total loss by the insurer.

(1.1) When a vehicle of a self-insured company is to be sold in the State of Illinois and has sustained damaged by collision, fire, theft, rust corrosion, or other means so that the self-insured company determines the vehicle to be a total loss, or if the cost of repairing the damage, including labor, would be greater than 50% of its fair market value without that damage, the vehicle shall be considered salvage. The self-insured company shall promptly deliver the certificate of title along with proper application and fee to the Secretary of State, and a salvage certificate shall be issued in the name of the self-insured company. A self-insured company making payment of damages on a total loss claim for the theft of a vehicle may exchange the salvage certificate for a certificate of title if the vehicle is recovered without damage. In such a situation, the self-insured shall fill out and sign a form prescribed by the Secretary of State which contains an affirmation under penalty of perjury that the vehicle was recovered without damage and the Secretary of State may, by rule, require photographs to be submitted.

(2) When a vehicle the ownership of which has been transferred to any person through a certificate of purchase from acquisition of the vehicle at an auction, other dispositions as set forth in Sections 4-208 and 4-209 of this Code, a lien arising under Section 18a-501 of this Code, or a public sale under the Abandoned Mobile Home Act shall be deemed salvage or junk at the option of the purchaser. The person acquiring such vehicle in such manner shall promptly deliver or mail, within 20 days after the acquisition of the vehicle, the certificate of purchase, the proper application and fee, and, if the vehicle is an abandoned mobile home under the Abandoned Mobile Home Act, a certification from a local law enforcement agency that the vehicle was purchased or acquired at a public sale under the Abandoned Mobile Home Act to the Secretary of State and a salvage certificate or junking certificate shall be issued in the name of that person. The salvage
certificate or junking certificate issued by the Secretary of State under this Section shall be free of any lien that existed against the vehicle prior to the time the vehicle was acquired by the applicant under this Code.

(3) A vehicle which has been repossessed by a lienholder shall be considered to be salvage only when the repossessed vehicle, on the date of repossession by the lienholder, has sustained damage by collision, fire, theft, rust corrosion, or other means so that the cost of repairing such damage, including labor, would be greater than 33 1/3% of its fair market value without such damage. If the lienholder determines that such vehicle is damaged in excess of 33 1/3% of such fair market value, the lienholder shall, before sale, transfer or assignment of the vehicle, make application for a salvage certificate, and shall submit with such application the proper fee and evidence of possession. If the facts required to be shown in subsection (f) of Section 3-114 are satisfied, the Secretary of State shall issue a salvage certificate in the name of the lienholder making the application. In any case wherein the vehicle repossessed is not damaged in excess of 33 1/3% of its fair market value, the lienholder shall comply with the requirements of subsections (f), (f-5), and (f-10) of Section 3-114, except that the affidavit of repossession made by or on behalf of the lienholder shall also contain an affirmation under penalty of perjury that the vehicle on the date of sale is not damaged in excess of 33 1/3% of its fair market value. If the facts required to be shown in subsection (f) of Section 3-114 are satisfied, the Secretary of State shall issue a certificate of title as set forth in Section 3-116 of this Code. The Secretary of State may by rule or regulation require photographs to be submitted.

(4) A vehicle which is a part of a fleet of more than 5 commercial vehicles registered in this State or any other state or registered proportionately among several states shall be considered to be salvage when such vehicle has sustained damage by collision, fire, theft, rust, corrosion or similar means so that the cost of repairing such damage, including labor, would be greater than 33 1/3% of the fair market value of the vehicle without such damage. If the owner of a fleet vehicle desires to sell, transfer, or assign his interest in such vehicle to a person within this State other than an insurance company licensed to do business within this State, and
the owner determines that such vehicle, at the time of the proposed sale, transfer or assignment is damaged in excess of 33 1/3% of its fair market value, the owner shall, before such sale, transfer or assignment, make application for a salvage certificate. The application shall contain with it evidence of possession of the vehicle. If the fleet vehicle at the time of its sale, transfer, or assignment is not damaged in excess of 33 1/3% of its fair market value, the owner shall so state in a written affirmation on a form prescribed by the Secretary of State by rule or regulation. The Secretary of State may by rule or regulation require photographs to be submitted. Upon sale, transfer or assignment of the fleet vehicle the owner shall mail the affirmation to the Secretary of State.

(5) A vehicle that has been submerged in water to the point that rising water has reached over the door sill and has entered the passenger or trunk compartment is a "flood vehicle". A flood vehicle shall be considered to be salvage only if the vehicle has sustained damage so that the cost of repairing the damage, including labor, would be greater than 33 1/3% of the fair market value of the vehicle without that damage. The salvage certificate issued under this Section shall indicate the word "flood", and the word "flood" shall be conspicuously entered on subsequent titles for the vehicle. A person who possesses or acquires a flood vehicle that is not damaged in excess of 33 1/3% of its fair market value shall make application for title in accordance with Section 3-116 of this Code, designating the vehicle as "flood" in a manner prescribed by the Secretary of State. The certificate of title issued shall indicate the word "flood", and the word "flood" shall be conspicuously entered on subsequent titles for the vehicle.

(6) When any licensed rebuilder, repairer, new or used vehicle dealer, or remittance agent has submitted an application for title to a vehicle (other than an application for title to a rebuilt vehicle) that he or she knows or reasonably should have known to have sustained damages in excess of 33 1/3% of the vehicle's fair market value without that damage; provided, however, that any application for a salvage certificate for a vehicle recovered from theft and acquired from an insurance company shall be made as required by paragraph (1) of this subsection (b).

(c) Any person who without authority acquires, sells, exchanges, gives away, transfers or destroys or offers to acquire, sell, exchange, give
away, transfer or destroy the certificate of title to any vehicle which is a junk or salvage vehicle shall be guilty of a Class 3 felony.

  (d) Any person who knowingly fails to surrender to the Secretary of State a certificate of title, salvage certificate, certificate of purchase or a similarly acceptable out-of-state document of ownership as required under the provisions of this Section is guilty of a Class A misdemeanor for a first offense and a Class 4 felony for a subsequent offense; except that a person licensed under this Code who violates paragraph (5) of subsection (b) of this Section is guilty of a business offense and shall be fined not less than $1,000 nor more than $5,000 for a first offense and is guilty of a Class 4 felony for a second or subsequent violation.

  (e) Any vehicle which is salvage or junk may not be driven or operated on roads and highways within this State. A violation of this subsection is a Class A misdemeanor. A salvage vehicle displaying valid special plates issued under Section 3-601(b) of this Code, which is being driven to or from an inspection conducted under Section 3-308 of this Code, is exempt from the provisions of this subsection. A salvage vehicle for which a short term permit has been issued under Section 3-307 of this Code is exempt from the provisions of this subsection for the duration of the permit.

Notice of such an election shall state that the amount of indebtedness proposed to be incurred would exceed the debt limitation otherwise applicable to the school district. The ballot for such proposition shall state what percentage of the equalized assessed valuation will be outstanding in bonds if the proposed issuance of bonds is approved by the voters; or

Any person found guilty of this offense, while in actual physical control of a motor vehicle, shall have an entry made in the court record by the judge that this offense did occur while the person was in actual physical control of a motor vehicle and order the clerk of the court to report the violation to the Secretary of State as such. After the cancellation, the Secretary of State shall not issue a new license or permit for a period of one year after the date of cancellation. However, upon application, the Secretary of State may, if satisfied that the person applying will not endanger the public safety, or welfare, issue a restricted driving permit granting the privilege of driving a motor vehicle between the petitioner's residence and petitioner's place of employment or within the scope of the petitioner's employment related duties, or to allow transportation for the petitioner or a household member of the petitioner's family for the receipt of necessary medical care, or provide transportation for the petitioner to and from alcohol or drug remedial or rehabilitative activity recommended by a licensed service provider, or for the petitioner to attend classes, as a student, in an accredited educational institution. The petitioner must demonstrate that no alternative means of transportation is reasonably available; provided that the Secretary's discretion shall be limited to cases where undue hardship, as defined by the rules of the Secretary of State, would result from a failure to issue such restricted driving permit. In each case the Secretary of State may issue such restricted driving permit for such period as he deems appropriate, except that such permit shall expire within one year from the date of issuance. A restricted driving permit issued hereunder shall be subject to cancellation,

The Secretary of State may, as a condition to the issuance of a restricted driving permit, require the applicant to participate in a driver remedial or rehabilitative program. In accordance with 49 C.F.R. 384, the Secretary of State may not issue a restricted driving permit for the operation of a commercial motor vehicle to a person holding a CDL whose driving privileges have been revoked, suspended, cancelled, or disqualified under this Code; or

Sec. 11-501.6. Driver involvement in personal injury or fatal motor vehicle accident not involving an arrest for a violation of Section 11-501; driving under the influence of alcohol, other drug or drugs, intoxicating compounds, or any combination thereof; chemical test.

(a) Any person who drives or is in actual control of a motor vehicle upon the public highways of this State and who has been involved in a personal injury or fatal motor vehicle accident, shall be deemed to have given consent to a breath test using a portable device as approved by the Department of State Police or to a chemical test or tests of blood, breath, or urine for the purpose of determining the content of alcohol, other drug or drugs, or intoxicating compound or compounds of such person's blood if arrested as evidenced by the issuance of a Uniform Traffic Ticket for any violation of the Illinois Vehicle Code or a similar provision of a local ordinance, with the exception of equipment violations contained in Chapter 12 of this Code, or similar provisions of local ordinances. This Section shall not apply to those persons arrested for a violation of Section 11-501 or a similar violation of a local ordinance, in which case the provisions of Section 11-501.1 shall apply. The test or tests shall be administered at the direction of the arresting officer. The law enforcement agency employing the officer shall designate which of the aforesaid tests shall be administered. A urine test may be administered even after a blood or breath test or both has been administered. Compliance with this Section does not relieve such person from the requirements of Section 11-501.1 of this Code.

(b) Any person who is dead, unconscious or who is otherwise in a condition rendering such person incapable of refusal shall be deemed not to have withdrawn the consent provided by subsection (a) of this Section. In addition, if a driver of a vehicle is receiving medical treatment as a result of a motor vehicle accident, any physician licensed to practice medicine, licensed physician assistant, licensed advanced practice nurse,
registered nurse or a phlebotomist acting under the direction of a licensed physician shall withdraw blood for testing purposes to ascertain the presence of alcohol, other drug or drugs, or intoxicating compound or compounds, upon the specific request of a law enforcement officer. However, no such testing shall be performed until, in the opinion of the medical personnel on scene, the withdrawal can be made without interfering with or endangering the well-being of the patient.

(c) A person requested to submit to a test as provided above shall be warned by the law enforcement officer requesting the test that a refusal to submit to the test, or submission to the test resulting in an alcohol concentration of 0.08 or more, or any amount of a drug, substance, or intoxicating compound resulting from the unlawful use or consumption of cannabis, as covered by the Cannabis Control Act, a controlled substance listed in the Illinois Controlled Substances Act, an intoxicating compound listed in the Use of Intoxicating Compounds Act, or methamphetamine as listed in the Methamphetamine Control and Community Protection Act as detected in such person's blood or urine, may result in the suspension of such person's privilege to operate a motor vehicle and may result in the disqualification of the person's privilege to operate a commercial motor vehicle, as provided in Section 6-514 of this Code, if the person is a CDL holder. The length of the suspension shall be the same as outlined in Section 6-208.1 of this Code regarding statutory summary suspensions.

(d) If the person refuses testing or submits to a test which discloses an alcohol concentration of 0.08 or more, or any amount of a drug, substance, or intoxicating compound in such person's blood or urine resulting from the unlawful use or consumption of cannabis listed in the Cannabis Control Act, a controlled substance listed in the Illinois Controlled Substances Act, an intoxicating compound listed in the Use of Intoxicating Compounds Act, or methamphetamine as listed in the Methamphetamine Control and Community Protection Act, the law enforcement officer shall immediately submit a sworn report to the Secretary of State on a form prescribed by the Secretary, certifying that the test or tests were requested pursuant to subsection (a) and the person refused to submit to a test or tests or submitted to testing which disclosed an alcohol concentration of 0.08 or more, or any amount of a drug, substance, or intoxicating compound in such person's blood or urine, resulting from the unlawful use or consumption of cannabis listed in the Cannabis Control Act, a controlled substance listed in the Illinois Controlled Substances Act, an intoxicating compound listed in the Use of Intoxicating Compounds Act, or methamphetamine as listed in the Methamphetamine Control and Community Protection Act.
Intoxicating Compounds Act, or methamphetamine as listed in the Methamphetamine Control and Community Protection Act.

Upon receipt of the sworn report of a law enforcement officer, the Secretary shall enter the suspension and disqualification to the individual's driving record and the suspension and disqualification shall be effective on the 46th day following the date notice of the suspension was given to the person.

The law enforcement officer submitting the sworn report shall serve immediate notice of this suspension on the person and such suspension and disqualification shall be effective on the 46th day following the date notice was given.

In cases where the blood alcohol concentration of 0.08 or more, or any amount of a drug, substance, or intoxicating compound resulting from the unlawful use or consumption of cannabis as listed in the Cannabis Control Act, a controlled substance listed in the Illinois Controlled Substances Act, an intoxicating compound listed in the Use of Intoxicating Compounds Act, or methamphetamine as listed in the Methamphetamine Control and Community Protection Act, is established by a subsequent analysis of blood or urine collected at the time of arrest, the arresting officer shall give notice as provided in this Section or by deposit in the United States mail of such notice in an envelope with postage prepaid and addressed to such person at his address as shown on the Uniform Traffic Ticket and the suspension and disqualification shall be effective on the 46th day following the date notice was given.

Upon receipt of the sworn report of a law enforcement officer, the Secretary shall also give notice of the suspension and disqualification to the driver by mailing a notice of the effective date of the suspension and disqualification to the individual. However, should the sworn report be defective by not containing sufficient information or be completed in error, the notice of the suspension and disqualification shall not be mailed to the person or entered to the driving record, but rather the sworn report shall be returned to the issuing law enforcement agency.

(e) A driver may contest this suspension of his or her driving privileges and disqualification of his or her CDL privileges by requesting an administrative hearing with the Secretary in accordance with Section 2-118 of this Code. At the conclusion of a hearing held under Section 2-118 of this Code, the Secretary may rescind, continue, or modify the orders of suspension and disqualification. If the Secretary does not rescind the orders of suspension and disqualification, a restricted driving permit may

be granted by the Secretary upon application being made and good cause shown. A restricted driving permit may be granted to relieve undue hardship to allow driving for employment, educational, and medical purposes as outlined in Section 6-206 of this Code. The provisions of Section 6-206 of this Code shall apply. In accordance with 49 C.F.R. 384, the Secretary of State may not issue a restricted driving permit for the operation of a commercial motor vehicle to a person holding a CDL whose driving privileges have been suspended, revoked, cancelled, or disqualified.

(f) (Blank).

(g) For the purposes of this Section, a personal injury shall include any type A injury as indicated on the traffic accident report completed by a law enforcement officer that requires immediate professional attention in either a doctor's office or a medical facility. A type A injury shall include severely bleeding wounds, distorted extremities, and injuries that require the injured party to be carried from the scene.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Uniform Commercial Code is amended by changing Sections 9-510 and 9-516 and by adding Section 9-501.1 as follows:

(810 ILCS 5/9-501.1 new)

Sec. 9-501.1. Fraudulent records.

(a) No person shall cause to be communicated to the filing office for filing a false record the person knows or reasonably should know:

1. is not authorized or permitted under Section 9-509, 9-708, or 9-808 of this Article;

2. is not related to a valid existing or potential commercial or financial transaction, an existing agricultural or other lien, or a judgment of a court of competent jurisdiction; and

3. is filed with the intent to harass or defraud the person identified as debtor in the record or any other person.

(b) A person who violates subsection (a) is guilty of a Class A misdemeanor for a first offense and a Class 4 felony for a second or subsequent offense.

(c) A person who violates subsection (a) shall be liable in a civil action to each injured person for:

1. the greater of the actual damages caused by the violation or up to $10,000 in lieu of actual damages;

2. reasonable attorney's fees;

3. court costs and other related expenses of bringing an action, including reasonable investigative expenses; and

4. in the discretion of the court, exemplary damages in an amount determined by the court or jury.

(d) A person identified as debtor in a filed record the person believes was caused to be communicated to the filing office in violation of subsection (a) may, under penalty of perjury, file with the Secretary of State an affidavit to that effect. The Secretary of State shall adopt and make available a form affidavit for use under this Section.

(e) Upon receipt of an affidavit filed under this Section, or upon administrative action by the Secretary of State, the Secretary of State shall communicate to the secured party of record on the record to which the affidavit or administrative action relates and to the person that communicated the record to the filing office, if different and known to the office, a request for additional documentation supporting the effectiveness of the record. The Department of Business Services of the Office of the
Secretary of State and the Office of the General Counsel shall review all such documentation received within 30 days after the first request for additional documentation is sent. The Secretary of State may terminate the record effective 30 days after the first request for additional documentation is sent if it has a reasonable basis for concluding that the record was communicated to the filing office in violation of subsection (a).

The Secretary of State may initiate an administrative action under the first paragraph of this subsection (e) with regard to a filed record if it has reason to believe, from information contained in the record or obtained from the person that communicated the record to the filing office, that the record was communicated to the filing office in violation of subsection (a). The Secretary of State may give heightened scrutiny to a record that indicates that the debtor is a transmitting utility or that indicates that the transaction to which the record relates is a manufactured-home transaction or a public-finance transaction.

(f) The Secretary of State shall not charge a fee to file an affidavit under this Section and shall not return any fee paid for filing a record terminated under this Section.

(g) The Secretary of State shall promptly communicate to the secured party of record a notice of the termination of a record under subsection (e). A secured party of record that believes in good faith that the record was not communicated to the filing office in violation of subsection (a) may file an action to require that the record be reinstated by the filing office. A person that communicated a record to the filing office that the filing office rejected in reliance on Section 9-516(b)(3.5), who believes in good faith that the record was not communicated to the filing office in violation of Section 9-516(b)(3.5), may file an action to require that the record be accepted by the filing office.

(h) If a court or tribunal in an action under this Section determines that a record terminated under this Section or rejected in reliance on Section 9-516(b)(3.5) should be reinstated or accepted, the court or tribunal shall provide a copy of its order to that effect to the Secretary of State. On receipt of an order reinstating a terminated record, the Secretary of State shall refile the record along with a notice indicating that the record was refiled pursuant to this Section and its initial filing date. On receipt of an order requiring that a rejected record be accepted, the Secretary of State shall promptly file the record along with a notice indicating that the record was filed pursuant to this Section and the date on which it was communicated for filing. A rejected record that is filed

pursuant to an order of a court or tribunal shall have the effect described in Section 9-516(d) for a record the filing office refuses to accept for a reason other than one set forth in Section 9-516(b).

(i) A terminated record that is refilled under subsection (h) is effective as a filed record from the initial filing date. If the period of effectiveness of a refilled record would have lapsed during the period of termination, the secured party may file a continuation statement within 30 days after the record is refilled and the continuation statement shall have the same effect as if it had been filed during the 6-month period described in Section 9-515(d). A refilled record shall be considered never to have been ineffective against all persons and for all purposes except that it shall not be effective as against a purchaser of the collateral that gave value in reasonable reliance on the absence of the record from the files.

(j) Neither the filing office nor any of its employees shall incur liability for the termination or failure to terminate a record under this Section or for the refusal to accept a record for filing in the lawful performance of the duties of the office or employee.

(k) This Section does not apply to a record communicated to the filing office by a regulated financial institution or by a representative of a regulated financial institution except that the Secretary of State may request from the secured party of record on the record or from the person that communicated the record to the filing office, if different and known to the office, additional documentation supporting that the record was communicated to the filing office by a regulated financial institution or by a representative of a regulated financial institution. The term "regulated financial institution" means a financial institution subject to regulatory oversight or examination by a State or federal agency and includes banks, savings banks, savings associations, building and loan associations, credit unions, consumer finance companies, industrial banks, industrial loan companies, insurance companies, investment companies, investment funds, installment sellers, mortgage servicers, sales finance companies, and leasing companies.

(l) If a record was communicated to the filing office for filing before the effective date of this Section and its communication would have constituted a violation of subsection (a) if it had occurred on or after the effective date of the Section: (i) subsections (b) and (c) are not applicable; and (ii) the other subsections of this Section are applicable.

Sec. 9-510. Effectiveness of filed record.

New matter indicated by italics - deletions by strikeout
(a) Filed record effective if authorized. A filed record is effective only to the extent that it was filed by a person that may file it under Section 9-509.

(b) Authorization by one secured party of record. A record authorized by one secured party of record does not affect the financing statement with respect to another secured party of record.

(c) Continuation statement not timely filed. A continuation statement that is not filed within the six-month period prescribed by Section 9-515(d) is ineffective.

(d) A filed record ceases to be effective if the filing office terminates the record pursuant to Section 9-501.1.

Sec. 9-516. What constitutes filing; effectiveness of filing.

(a) What constitutes filing. Except as otherwise provided in subsection (b), communication of a record to a filing office and tender of the filing fee or acceptance of the record by the filing office constitutes filing.

(b) Refusal to accept record; filing does not occur. Filing does not occur with respect to a record that a filing office refuses to accept because:

(1) the record is not communicated by a method or medium of communication authorized by the filing office;

(2) an amount equal to or greater than the applicable filing fee is not tendered;

(3) the filing office is unable to index the record because:

(A) in the case of an initial financing statement, the record does not provide a name for the debtor;

(B) in the case of an amendment or correction statement, the record:

(i) does not identify the initial financing statement as required by Section 9-512 or 9-518, as applicable; or

(ii) identifies an initial financing statement whose effectiveness has lapsed under Section 9-515; or

(iii) identifies an initial financing statement which was terminated pursuant to Section 9-501.1;

(C) in the case of an initial financing statement that provides the name of a debtor identified as an individual or
an amendment that provides a name of a debtor identified as an individual which was not previously provided in the financing statement to which the record relates, the record does not identify the debtor's last name;

(D) in the case of a record filed or recorded in the filing office described in Section 9-501(a)(1), the record does not provide a sufficient description of the real property to which it relates; or

PUBLIC ACT 97-0837
(House Bill No. 5362)

AN ACT concerning local government.

Be it enacted by the People of the State of Illinois, represented in
the General Assembly:

Section 5. The Illinois Municipal Code is amended by changing Sections 8-11-1.3, 8-11-1.4, and 8-11-1.5 as follows:

(65 ILCS 5/8-11-1.3) (from Ch. 24, par. 8-11-1.3)

Sec. 8-11-1.3. Non-Home Rule Municipal Retailers' Occupation Tax Act. The corporate authorities of a non-home rule municipality may impose a tax upon all persons engaged in the business of selling tangible personal property, other than on an item of tangible personal property which is titled and registered by an agency of this State's Government, at retail in the municipality for expenditure on public infrastructure or for property tax relief or both as defined in Section 8-11-1.2 if approved by referendum as provided in Section 8-11-1.1, of the gross receipts from such sales made in the course of such business. If the tax is approved by referendum on or after July 14, 2010 (the effective date of Public Act 96-1057), the corporate authorities of a non-home rule municipality may, until December 31, 2015, use the proceeds of the tax for expenditure on municipal operations, in addition to or in lieu of any expenditure on public infrastructure or for property tax relief. The tax imposed may not be more than 1% and may be imposed only in 1/4% increments. The tax may not be imposed on the sale of food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food that has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances, and insulin, urine testing materials, syringes, and needles used by diabetics. The tax imposed by a municipality pursuant to this Section and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The certificate of registration which is issued by the Department to a retailer under the Retailers' Occupation Tax Act shall permit such retailer to engage in a business which is taxable under any ordinance or resolution enacted pursuant to this Section without registering separately with the Department under such ordinance or resolution or under this

Section. The Department shall have full power to administer and enforce this Section; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided, and to determine all rights to credit memoranda, arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with, this Section, the Department and persons who are subject to this Section shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties and definitions of terms, and employ the same modes of procedure, as are prescribed in Sections 1, 1a, 1a-1, 1d, 1e, 1f, 1i, 1j, 2 through 2-65 (in respect to all provisions therein other than the State rate of tax), 2c, 3 (except as to the disposition of taxes and penalties collected), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 7, 8, 9, 10, 11, 12 and 13 of the Retailers' Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act as fully as if those provisions were set forth herein.

No municipality may impose a tax under this Section unless the municipality also imposes a tax at the same rate under Section 8-11-1.4 of this Code.

Persons subject to any tax imposed pursuant to the authority granted in this Section may reimburse themselves for their seller's tax liability hereunder by separately stating such tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax which sellers are required to collect under the Use Tax Act, pursuant to such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named, in such notification from the Department. Such refund shall be paid by the State Treasurer out of the non-home rule municipal retailers' occupation tax fund.

The Department shall forthwith pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected hereunder.

As soon as possible after the first day of each month, beginning January 1, 2011, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Innovation Development and Economy Act, collected under this

Section during the second preceding calendar month for sales within a STAR bond district.

After the monthly transfer to the STAR Bonds Revenue Fund, on or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to named municipalities, the municipalities to be those from which retailers have paid taxes or penalties hereunder to the Department during the second preceding calendar month. The amount to be paid to each municipality shall be the amount (not including credit memoranda) collected hereunder during the second preceding calendar month by the Department plus an amount the Department determines is necessary to offset any amounts which were erroneously paid to a different taxing body, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of such municipality, and not including any amount which the Department determines is necessary to offset any amounts which were payable to a different taxing body but were erroneously paid to the municipality, and not including any amounts that are transferred to the STAR Bonds Revenue Fund. Within 10 days after receipt, by the Comptroller, of the disbursement certification to the municipalities, provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in such certification.

For the purpose of determining the local governmental unit whose tax is applicable, a retail sale, by a producer of coal or other mineral mined in Illinois, is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or other mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the Federal Constitution as a sale in interstate or foreign commerce.

Nothing in this Section shall be construed to authorize a municipality to impose a tax upon the privilege of engaging in any business which under the constitution of the United States may not be made the subject of taxation by this State.

When certifying the amount of a monthly disbursement to a municipality under this Section, the Department shall increase or decrease such amount by an amount necessary to offset any misallocation of previous disbursements. The offset amount shall be the amount

17. A second or subsequent conviction of illegal possession, while operating or in actual physical control, as a driver, of a motor vehicle, of any controlled substance prohibited under the Illinois Controlled Substances Act, any cannabis prohibited under the Cannabis Control Act, or any methamphetamine prohibited under the Methamphetamine Control and Community Protection Act. A defendant found guilty of this offense while operating a motor vehicle shall have an entry made in the court record by the presiding judge that this offense did occur while the defendant was operating a motor vehicle and order the clerk of the court to report the violation to the Secretary of State.

(b) The Secretary of State shall also immediately revoke the license or permit of any driver in the following situations:

(c)(1) Whenever a person is convicted of any of the offenses enumerated in this Section, the court may recommend and the Secretary of State in his discretion, without regard to whether the recommendation is made by the court may, upon application, issue to the person a restricted driving permit granting the privilege of driving a motor vehicle between the petitioner's residence and petitioner's place of employment or within the scope of the petitioner's employment related duties, or to allow the petitioner to transport himself or herself or a family member of the petitioner's household to a medical facility for the receipt of necessary medical care or to allow the petitioner to transport himself or herself to and from alcohol or drug remedial or rehabilitative activity recommended by a licensed service provider, or to allow the petitioner to transport himself or herself or a family member of the petitioner's household to classes, as a student, at an accredited educational institution, or to allow the petitioner to transport children, elderly persons, or disabled persons who do not hold driving privileges and are living in the petitioner's household to and from daycare; if the petitioner is able to demonstrate that no alternative means of transportation is reasonably available and that the petitioner will not endanger the public safety or welfare; provided that the Secretary's discretion shall be limited to cases where undue hardship, as defined by the rules of the Secretary of State, would result from a failure to issue the restricted driving permit. Those multiple offenders identified in subdivision (b)4 of Section 6-208 of this Code, however, shall not be eligible for the issuance of a restricted driving permit.

(2) If a person's license or permit is revoked or suspended due to 2 or more convictions of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense, or Section 9-3 of the Criminal Code of 1961, where the use of alcohol or other drugs is recited as an element of the offense, or a similar out-of-state offense, or a combination of these offenses, arising out of separate occurrences, that person, if issued a restricted driving permit, may not operate a vehicle unless it has

been equipped with an ignition interlock device as defined in Section 1-129.1.

(3) If:

(A) a person's license or permit is revoked or suspended 2 or more times within a 10 year period due to any combination of:

(i) a single conviction of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense, or Section 9-3 of the Criminal Code of 1961, where the use of alcohol or other drugs is recited as an element of the offense, or a similar out-of-state offense; or

(ii) a statutory summary suspension or revocation under Section 11-501.1; or

(iii) a suspension pursuant to Section 6-203.1;

arising out of separate occurrences; or

(B) a person has been convicted of one violation of Section 6-303 of this Code committed while his or her driver's license, permit, or privilege was revoked because of a violation of Section 9-3 of the Criminal Code of 1961, relating to the offense of reckless homicide where the use of alcohol or other drugs was recited as an element of the offense, or a similar provision of a law of another state;

that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

(4) The person issued a permit conditioned on the use of an ignition interlock device must pay to the Secretary of State DUI Administration Fund an amount not to exceed $30 per month. The Secretary shall establish by rule the amount and the procedures, terms, and conditions relating to these fees.

(5) If the restricted driving permit is issued for employment purposes, then the prohibition against operating a motor vehicle that is not equipped with an ignition interlock device does not apply to the operation of an occupational vehicle owned or leased by that person's employer when used solely for employment purposes.

(6) In each case the Secretary of State may issue a restricted driving permit for a period he deems appropriate, except that the permit shall expire within one year from the date of issuance. The Secretary may not, however, issue a restricted driving permit to any person whose current revocation is the result of a second or subsequent conviction for a violation of Section 11-501 of this Code or a similar provision of a local ordinance or any similar out-of-state offense, or Section 9-3 of the Criminal Code of 1961, where the use of alcohol or other drugs is recited as an element of the offense, or any similar out-of-state offense, or any combination of these offenses, until the expiration of at least one year from the date of the revocation. A restricted driving permit issued under this Section shall be subject to cancellation, revocation, and suspension by the Secretary of State in like manner and for like cause as a driver's license issued under this Code may be cancelled, revoked, or suspended; except that a conviction upon one or more offenses against laws or ordinances regulating the movement of traffic shall be deemed sufficient cause for the revocation, suspension, or cancellation of a restricted driving permit. The Secretary of State may, as a condition to the issuance of a restricted driving permit, require the petitioner to participate in a designated driver remedial or rehabilitative program. The Secretary of State is authorized to cancel a restricted driving permit if the permit holder does not successfully complete the program. However, if an individual's driving privileges have been revoked in accordance with paragraph 13 of subsection (a) of this Section, no restricted driving permit shall be issued until the individual has served 6 months of the revocation period.

(c-5) (Blank).

(c-6) If a person is convicted of a second violation of operating a motor vehicle while the person's driver's license, permit or privilege was revoked, where the revocation was for a violation of Section 9-3 of the Criminal Code of 1961 relating to the offense of reckless homicide or a similar out-of-state offense, the person's driving privileges shall be revoked pursuant to subdivision (a)(15) of this Section. The person may not make application for a license or permit until the expiration of five years from the effective date of the revocation or the expiration of five years from the date of release from a term of imprisonment, whichever is later.

(c-7) If a person is convicted of a third or subsequent violation of operating a motor vehicle while the person's driver's license, permit or privilege was revoked, where the revocation was for a violation of Section 9-3 of the Criminal Code of 1961 relating to the offense of reckless homicide or a similar out-of-state offense, the person may never apply for a license or permit.

(d)(1) Whenever a person under the age of 21 is convicted under Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense, the Secretary of State shall revoke the driving privileges of that person. One year after the date of revocation, and upon application, the Secretary of State may, if satisfied that the person applying will not endanger the public safety or welfare, issue a restricted driving permit granting the privilege of driving a motor vehicle only between the hours of 5 a.m. and 9 p.m. or as otherwise provided by this Section for a period of one year. After this one year period, and upon reapplication for a license as provided in Section 6-106, upon payment of the appropriate reinstatement fee provided under paragraph (b) of Section 6-118, the Secretary of State, in his discretion, may reinstate the petitioner's driver's license and driving privileges, or extend the restricted driving permit as many times as the Secretary of State deems appropriate, by additional periods of not more than 12 months each.

(2) If a person's license or permit is revoked or suspended due to 2 or more convictions of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense, or Section 9-3 of the Criminal Code of 1961, where the use of alcohol or other drugs is recited as an element of the offense, or a similar out-of-state offense, or a combination of these offenses, arising out of separate occurrences, that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

(3) If a person's license or permit is revoked or suspended 2 or more times within a 10 year period due to any combination of:

(A) a single conviction of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense, or Section 9-3 of the Criminal Code of 1961, where the use of alcohol or other drugs is recited as an element of the offense, or a similar out-of-state offense; or

New matter indicated by italics - deletions by strikeout
(B) a statutory summary suspension or revocation under Section 11-501.1; or
(C) a suspension pursuant to Section 6-203.1;

arising out of separate occurrences, that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

(4) The person issued a permit conditioned upon the use of an interlock device must pay to the Secretary of State DUI Administration Fund an amount not to exceed $30 per month. The Secretary shall establish by rule the amount and the procedures, terms, and conditions relating to these fees.

(5) If the restricted driving permit is issued for employment purposes, then the prohibition against driving a vehicle that is not equipped with an ignition interlock device does not apply to the operation of an occupational vehicle owned or leased by that person's employer when used solely for employment purposes.

(6) A restricted driving permit issued under this Section shall be subject to cancellation, revocation, and suspension by the Secretary of State in like manner and for like cause as a driver's license issued under this Code may be cancelled, revoked, or suspended; except that a conviction upon one or more offenses against laws or ordinances regulating the movement of traffic shall be deemed sufficient cause for the revocation, suspension, or cancellation of a restricted driving permit.

(d-5) The revocation of the license, permit, or driving privileges of a person convicted of a third or subsequent violation of Section 6-303 of this Code committed while his or her driver's license, permit, or privilege was revoked because of a violation of Section 9-3 of the Criminal Code of 1961, relating to the offense of reckless homicide, or a similar provision of a law of another state, is permanent. The Secretary may not, at any time, issue a license or permit to that person.

(e) This Section is subject to the provisions of the Driver License Compact.

(f) Any revocation imposed upon any person under subsections 2 and 3 of paragraph (b) that is in effect on December 31, 1988 shall be converted to a suspension for a like period of time.
(g) The Secretary of State shall not issue a restricted driving permit to a person under the age of 16 years whose driving privileges have been revoked under any provisions of this Code.

(h) The Secretary of State shall require the use of ignition interlock devices on all vehicles owned by a person who has been convicted of a second or subsequent offense under Section 11-501 of this Code or a similar provision of a local ordinance. The person must pay to the Secretary of State DUI Administration Fund an amount not to exceed $30 for each month that he or she uses the device. The Secretary shall establish by rule and regulation the procedures for certification and use of the interlock system, the amount of the fee, and the procedures, terms, and conditions relating to these fees.

2. If the Secretary of State suspends the driver's license of a person under subsection 2 of paragraph (a) of this Section, a person's privilege to operate a vehicle as an occupation shall not be suspended, provided an affidavit is properly completed, the appropriate fee received, and a permit issued prior to the effective date of the suspension, unless 5 offenses were committed, at least 2 of which occurred while operating a commercial vehicle in connection with the driver's regular occupation. All other driving privileges shall be suspended by the Secretary of State. Any driver prior to operating a vehicle for occupational purposes only must submit the affidavit on forms to be provided by the Secretary of State setting forth the facts of the person's occupation. The affidavit shall also state the number of offenses committed while operating a vehicle in connection with the driver's regular occupation. The affidavit shall be accompanied by the driver's license. Upon receipt of a properly completed affidavit, the Secretary of State shall issue the driver a permit to operate a vehicle in connection with the driver's regular occupation only. Unless the permit is issued by the Secretary of State prior to the date of suspension, the privilege to drive any motor vehicle shall be suspended as set forth in the notice that was mailed under this Section. If an affidavit is received subsequent to the effective date of this suspension, a permit may be issued for the remainder of the suspension period.

The provisions of this subparagraph shall not apply to any driver required to possess a CDL for the purpose of operating a commercial motor vehicle.

Any person who falsely states any fact in the affidavit required herein shall be guilty of perjury under Section 6-302 and upon conviction thereof shall have all driving privileges revoked without further rights.

3. At the conclusion of a hearing under Section 2-118 of this Code, the Secretary of State shall either rescind or continue an order of revocation or shall substitute an order of suspension; or, good cause appearing therefor, rescind, continue, change, or extend the order of suspension. If the Secretary of State does not rescind

the order, the Secretary may upon application, to relieve undue hardship (as defined by the rules of the Secretary of State), issue a restricted driving permit granting the privilege of driving a motor vehicle between the petitioner's residence and petitioner's place of employment or within the scope of the petitioner's employment related duties, or to allow the petitioner to transport himself or herself, or a family member of the petitioner's household to a medical facility, to receive necessary medical care, to allow the petitioner to transport himself or herself to and from alcohol or drug remedial or rehabilitative activity recommended by a licensed service provider, or to allow the petitioner to transport himself or herself or a family member of the petitioner's household to classes, as a student, at an accredited educational institution, or to allow the petitioner to transport children, elderly persons, or disabled persons who do not hold driving privileges and are living in the petitioner's household to and from daycare. The petitioner must demonstrate that no alternative means of transportation is reasonably available and that the petitioner will not endanger the public safety or welfare. Those multiple offenders identified in subdivision (b)4 of Section 6-208 of this Code, however, shall not be eligible for the issuance of a restricted driving permit.

(A) If a person's license or permit is revoked or suspended due to 2 or more convictions of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense, or Section 9-3 of the Criminal Code of 1961, where the use of alcohol or other drugs is recited as an element of the offense, or a similar out-of-state offense, or a combination of these offenses, arising out of separate occurrences, that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

(B) If a person's license or permit is revoked or suspended 2 or more times within a 10 year period due to any combination of:

(i) a single conviction of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense or Section 9-3 of the Criminal Code of 1961, where
the use of alcohol or other drugs is recited as an element of the offense, or a similar out-of-state offense; or

(ii) a statutory summary suspension or revocation under Section 11-501.1; or

(iii) a suspension under Section 6-203.1;

arising out of separate occurrences; that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

(C) The person issued a permit conditioned upon the use of an ignition interlock device must pay to the Secretary of State DUI Administration Fund an amount not to exceed $30 per month. The Secretary shall establish by rule the amount and the procedures, terms, and conditions relating to these fees.

(D) If the restricted driving permit is issued for employment purposes, then the prohibition against operating a motor vehicle that is not equipped with an ignition interlock device does not apply to the operation of an occupational vehicle owned or leased by that person's employer when used solely for employment purposes.

(E) In each case the Secretary may issue a restricted driving permit for a period deemed appropriate, except that all permits shall expire within one year from the date of issuance. The Secretary may not, however, issue a restricted driving permit to any person whose current revocation is the result of a second or subsequent conviction for a violation of Section 11-501 of this Code or a similar provision of a local ordinance or any similar out-of-state offense, or Section 9-3 of the Criminal Code of 1961, where the use of alcohol or other drugs is recited as an element of the offense, or any similar out-of-state offense, or any combination of those offenses, until the expiration of at least one year from the date of the revocation. A restricted driving permit issued under this Section shall be subject to cancellation, revocation, and suspension by the Secretary of State in like manner and for like cause as a driver's license issued under this Code may be cancelled,
revoked, or suspended; except that a conviction upon one
or more offenses against laws or ordinances regulating the
movement of traffic shall be deemed sufficient cause for
the revocation, suspension, or cancellation of a restricted
driving permit. The Secretary of State may, as a condition
to the issuance of a restricted driving permit, require the
applicant to participate in a designated driver remedial or
rehabilitative program. The Secretary of State is authorized
to cancel a restricted driving permit if the permit holder
does not successfully complete the program.

(c-3) In the case of a suspension under paragraph 43 of subsection
(a), reports received by the Secretary of State under this Section shall,
except during the actual time the suspension is in effect, be privileged
information and for use only by the courts, police officers, prosecuting
authorities, the driver licensing administrator of any other state, the
Secretary of State, or the parent or legal guardian of a driver under the age
of 18. However, beginning January 1, 2008, if the person is a CDL holder,
the suspension shall also be made available to the driver licensing
administrator of any other state, the U.S. Department of Transportation,
and the affected driver or motor carrier or prospective motor carrier upon
request.

(c-4) In the case of a suspension under paragraph 43 of subsection
(a), the Secretary of State shall notify the person by mail that his or her
driving privileges and driver's license will be suspended one month after
the date of the mailing of the notice.

(c-5) The Secretary of State may, as a condition of the reissuance
of a driver's license or permit to an applicant whose driver's license or
permit has been suspended before he or she reached the age of 21 years
pursuant to any of the provisions of this Section, require the applicant to
participate in a driver remedial education course and be retested under
Section 6-109 of this Code.

(d) This Section is subject to the provisions of the Drivers License
Compact.

(e) The Secretary of State shall not issue a restricted driving permit
to a person under the age of 16 years whose driving privileges have been
suspended or revoked under any provisions of this Code.

(f) In accordance with 49 C.F.R. 384, the Secretary of State may
not issue a restricted driving permit for the operation of a commercial
motor vehicle to a person holding a CDL whose driving privileges have

PUBLIC ACT 97-0841
(Senate Bill No. 3453)

AN ACT concerning regulation.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The State Finance Act is amended by adding Sections 5.811 and 6z-93 as follows:

(30 ILCS 105/5.811 new)
Sec. 5.811. The Energy Efficiency Portfolio Standards Fund.

New matter indicated by italics - deletions by strikeout
Sec. 6z-93. Energy Efficiency Portfolio Standards Fund.

(a) The Energy Efficiency Portfolio Standards Fund is created as a special fund in the State treasury. All moneys received by the Department of Commerce and Economic Opportunity under Sections 8-103 and 8-104 of the Public Utilities Act shall be deposited into the Energy Efficiency Portfolio Standards Fund. Subject to appropriation, moneys in the Energy Efficiency Portfolio Standards Fund may be used only for the purposes authorized by Sections 8-103 and 8-104 of the Public Utilities Act.

(b) As soon as possible after June 1, 2012, and in no event later than July 31, 2012, the Director of Commerce and Economic Opportunity shall certify the balance in the DCEO Energy Projects Fund, less any federal moneys and less any amounts obligated, and the State Comptroller shall transfer such amount from the DCEO Energy Projects Fund to the Energy Efficiency Portfolio Standards Fund.

Section 10. The Public Utilities Act is amended by changing Sections 8-103 and 8-104 as follows:

(220 ILCS 5/8-103)

Sec. 8-103. Energy efficiency and demand-response measures.

(a) It is the policy of the State that electric utilities are required to use cost-effective energy efficiency and demand-response measures to reduce delivery load. Requiring investment in cost-effective energy efficiency and demand-response measures will reduce direct and indirect costs to consumers by decreasing environmental impacts and by avoiding or delaying the need for new generation, transmission, and distribution infrastructure. It serves the public interest to allow electric utilities to recover costs for reasonably and prudently incurred expenses for energy efficiency and demand-response measures. As used in this Section, "cost-effective" means that the measures satisfy the total resource cost test. The low-income measures described in subsection (f)(4) of this Section shall not be required to meet the total resource cost test. For purposes of this Section, the terms "energy-efficiency", "demand-response", "electric utility", and "total resource cost test" shall have the meanings set forth in the Illinois Power Agency Act. For purposes of this Section, the amount per kilowatthour means the total amount paid for electric service expressed on a per kilowatthour basis. For purposes of this Section, the total amount paid for electric service includes without limitation estimated amounts paid for supply, transmission, distribution, surcharges, and add-on-taxes.
(b) Electric utilities shall implement cost-effective energy efficiency measures to meet the following incremental annual energy savings goals:

(1) 0.2% of energy delivered in the year commencing June 1, 2008;
(2) 0.4% of energy delivered in the year commencing June 1, 2009;
(3) 0.6% of energy delivered in the year commencing June 1, 2010;
(4) 0.8% of energy delivered in the year commencing June 1, 2011;
(5) 1% of energy delivered in the year commencing June 1, 2012;
(6) 1.4% of energy delivered in the year commencing June 1, 2013;
(7) 1.8% of energy delivered in the year commencing June 1, 2014; and
(8) 2% of energy delivered in the year commencing June 1, 2015 and each year thereafter.

(c) Electric utilities shall implement cost-effective demand-response measures to reduce peak demand by 0.1% over the prior year for eligible retail customers, as defined in Section 16-111.5 of this Act, and for customers that elect hourly service from the utility pursuant to Section 16-107 of this Act, provided those customers have not been declared competitive. This requirement commences June 1, 2008 and continues for 10 years.

(d) Notwithstanding the requirements of subsections (b) and (c) of this Section, an electric utility shall reduce the amount of energy efficiency and demand-response measures implemented in any single year by an amount necessary to limit the estimated average increase in the amounts paid by retail customers in connection with electric service due to the cost of those measures to:

(1) in 2008, no more than 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007;
(2) in 2009, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2008 or 1% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007;

New matter indicated by italics - deletions by strikeout
(3) in 2010, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2009 or 1.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007;

(4) in 2011, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2010 or 2% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007; and

(5) thereafter, the amount of energy efficiency and demand-response measures implemented for any single year shall be reduced by an amount necessary to limit the estimated average net increase due to the cost of these measures included in the amounts paid by eligible retail customers in connection with electric service to no more than the greater of 2.015% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007 or the incremental amount per kilowatthour paid for these measures in 2011.

No later than June 30, 2011, the Commission shall review the limitation on the amount of energy efficiency and demand-response measures implemented pursuant to this Section and report to the General Assembly its findings as to whether that limitation unduly constrains the procurement of energy efficiency and demand-response measures.

(e) Electric utilities shall be responsible for overseeing the design, development, and filing of energy efficiency and demand-response plans with the Commission. Electric utilities shall implement 100% of the demand-response measures in the plans. Electric utilities shall implement 75% of the energy efficiency measures approved by the Commission, and may, as part of that implementation, outsource various aspects of program development and implementation. The remaining 25% of those energy efficiency measures approved by the Commission shall be implemented by the Department of Commerce and Economic Opportunity, and must be designed in conjunction with the utility and the filing process. The Department may outsource development and implementation of energy efficiency measures. A minimum of 10% of the entire portfolio of cost-effective energy efficiency measures shall be procured from units of local government, municipal corporations, school districts, and community college districts. The Department shall coordinate the implementation of these measures.
The apportionment of the dollars to cover the costs to implement the Department's share of the portfolio of energy efficiency measures shall be made to the Department once the Department has executed rebate agreements, grants, or contracts for energy efficiency measures and provided supporting documentation for those rebate agreements, grants, and the contracts to the utility. The Department is authorized to adopt any rules necessary and prescribe procedures in order to ensure compliance by applicants in carrying out the purposes of rebate agreements for energy efficiency measures implemented by the Department made under this Section.

The details of the measures implemented by the Department shall be submitted by the Department to the Commission in connection with the utility's filing regarding the energy efficiency and demand-response measures that the utility implements.

A utility providing approved energy efficiency and demand-response measures in the State shall be permitted to recover costs of those measures through an automatic adjustment clause tariff filed with and approved by the Commission. The tariff shall be established outside the context of a general rate case. Each year the Commission shall initiate a review to reconcile any amounts collected with the actual costs and to determine the required adjustment to the annual tariff factor to match annual expenditures.

Each utility shall include, in its recovery of costs, the costs estimated for both the utility's and the Department's implementation of energy efficiency and demand-response measures. Costs collected by the utility for measures implemented by the Department shall be submitted to the Department pursuant to Section 605-323 of the Civil Administrative Code of Illinois, shall be deposited into the Energy Efficiency Portfolio Standards Fund, and shall be used by the Department solely for the purpose of implementing these measures. A utility shall not be required to advance any moneys to the Department but only to forward such funds as it has collected. The Department shall report to the Commission on an annual basis regarding the costs actually incurred by the Department in the implementation of the measures. Any changes to the costs of energy efficiency measures as a result of plan modifications shall be appropriately reflected in amounts recovered by the utility and turned over to the Department.

The portfolio of measures, administered by both the utilities and the Department, shall, in combination, be designed to achieve the annual
savings targets described in subsections (b) and (c) of this Section, as modified by subsection (d) of this Section.

The utility and the Department shall agree upon a reasonable portfolio of measures and determine the measurable corresponding percentage of the savings goals associated with measures implemented by the utility or Department.

No utility shall be assessed a penalty under subsection (f) of this Section for failure to make a timely filing if that failure is the result of a lack of agreement with the Department with respect to the allocation of responsibilities or related costs or target assignments. In that case, the Department and the utility shall file their respective plans with the Commission and the Commission shall determine an appropriate division of measures and programs that meets the requirements of this Section.

If the Department is unable to meet incremental annual performance goals for the portion of the portfolio implemented by the Department, then the utility and the Department shall jointly submit a modified filing to the Commission explaining the performance shortfall and recommending an appropriate course going forward, including any program modifications that may be appropriate in light of the evaluations conducted under item (7) of subsection (f) of this Section. In this case, the utility obligation to collect the Department's costs and turn over those funds to the Department under this subsection (e) shall continue only if the Commission approves the modifications to the plan proposed by the Department.

(f) No later than November 15, 2007, each electric utility shall file an energy efficiency and demand-response plan with the Commission to meet the energy efficiency and demand-response standards for 2008 through 2010. No later than October 1, 2010, each electric utility shall file an energy efficiency and demand-response plan with the Commission to meet the energy efficiency and demand-response standards for 2011 through 2013. Every 3 years thereafter, each electric utility shall file, no later than September 1, an energy efficiency and demand-response plan with the Commission. If a utility does not file such a plan by September 1 of an applicable year, it shall face a penalty of $100,000 per day until the plan is filed. Each utility's plan shall set forth the utility's proposals to meet the utility's portion of the energy efficiency standards identified in subsection (b) and the demand-response standards identified in subsection (c) of this Section as modified by subsections (d) and (e), taking into account the unique circumstances of the utility's service territory. The
Commission shall seek public comment on the utility's plan and shall issue an order approving or disapproving each plan within 5 months after its submission. If the Commission disapproves a plan, the Commission shall, within 30 days, describe in detail the reasons for the disapproval and describe a path by which the utility may file a revised draft of the plan to address the Commission's concerns satisfactorily. If the utility does not refile with the Commission within 60 days, the utility shall be subject to penalties at a rate of $100,000 per day until the plan is filed. This process shall continue, and penalties shall accrue, until the utility has successfully filed a portfolio of energy efficiency and demand-response measures. Penalties shall be deposited into the Energy Efficiency Trust Fund. In submitting proposed energy efficiency and demand-response plans and funding levels to meet the savings goals adopted by this Act the utility shall:

(1) Demonstrate that its proposed energy efficiency and demand-response measures will achieve the requirements that are identified in subsections (b) and (c) of this Section, as modified by subsections (d) and (e).

(2) Present specific proposals to implement new building and appliance standards that have been placed into effect.

(3) Present estimates of the total amount paid for electric service expressed on a per kilowatthour basis associated with the proposed portfolio of measures designed to meet the requirements that are identified in subsections (b) and (c) of this Section, as modified by subsections (d) and (e).

(4) Coordinate with the Department to present a portfolio of energy efficiency measures proportionate to the share of total annual utility revenues in Illinois from households at or below 150% of the poverty level. The energy efficiency programs shall be targeted to households with incomes at or below 80% of area median income.

(5) Demonstrate that its overall portfolio of energy efficiency and demand-response measures, not including programs covered by item (4) of this subsection (f), are cost-effective using the total resource cost test and represent a diverse cross-section of opportunities for customers of all rate classes to participate in the programs.

(6) Include a proposed cost-recovery tariff mechanism to fund the proposed energy efficiency and demand-response

measures and to ensure the recovery of the prudently and reasonably incurred costs of Commission-approved programs.

(7) Provide for an annual independent evaluation of the performance of the cost-effectiveness of the utility's portfolio of measures and the Department's portfolio of measures, as well as a full review of the 3-year results of the broader net program impacts and, to the extent practical, for adjustment of the measures on a going-forward basis as a result of the evaluations. The resources dedicated to evaluation shall not exceed 3% of portfolio resources in any given year.

(g) No more than 3% of energy efficiency and demand-response program revenue may be allocated for demonstration of breakthrough equipment and devices.

(h) This Section does not apply to an electric utility that on December 31, 2005 provided electric service to fewer than 100,000 customers in Illinois.

(i) If, after 2 years, an electric utility fails to meet the efficiency standard specified in subsection (b) of this Section, as modified by subsections (d) and (e), it shall make a contribution to the Low-Income Home Energy Assistance Program. The combined total liability for failure to meet the goal shall be $1,000,000, which shall be assessed as follows: a large electric utility shall pay $665,000, and a medium electric utility shall pay $335,000. If, after 3 years, an electric utility fails to meet the efficiency standard specified in subsection (b) of this Section, as modified by subsections (d) and (e), it shall make a contribution to the Low-Income Home Energy Assistance Program. The combined total liability for failure to meet the goal shall be $1,000,000, which shall be assessed as follows: a large electric utility shall pay $665,000, and a medium electric utility shall pay $335,000. In addition, the responsibility for implementing the energy efficiency measures of the utility making the payment shall be transferred to the Illinois Power Agency if, after 3 years, or in any subsequent 3-year period, the utility fails to meet the efficiency standard specified in subsection (b) of this Section, as modified by subsections (d) and (e). The Agency shall implement a competitive procurement program to procure resources necessary to meet the standards specified in this Section as modified by subsections (d) and (e), with costs for those resources to be recovered in the same manner as products purchased through the procurement plan as provided in Section 16-111.5. The Director shall
implement this requirement in connection with the procurement plan as provided in Section 16-111.5.

For purposes of this Section, (i) a "large electric utility" is an electric utility that, on December 31, 2005, served more than 2,000,000 electric customers in Illinois; (ii) a "medium electric utility" is an electric utility that, on December 31, 2005, served 2,000,000 or fewer but more than 100,000 electric customers in Illinois; and (iii) Illinois electric utilities that are affiliated by virtue of a common parent company are considered a single electric utility.

(j) If, after 3 years, or any subsequent 3-year period, the Department fails to implement the Department's share of energy efficiency measures required by the standards in subsection (b), then the Illinois Power Agency may assume responsibility for and control of the Department's share of the required energy efficiency measures. The Agency shall implement a competitive procurement program to procure resources necessary to meet the standards specified in this Section, with the costs of these resources to be recovered in the same manner as provided for the Department in this Section.

(k) No electric utility shall be deemed to have failed to meet the energy efficiency standards to the extent any such failure is due to a failure of the Department or the Agency.

Sec. 8-104. Natural gas energy efficiency programs.

(a) It is the policy of the State that natural gas utilities and the Department of Commerce and Economic Opportunity are required to use cost-effective energy efficiency to reduce direct and indirect costs to consumers. It serves the public interest to allow natural gas utilities to recover costs for reasonably and prudently incurred expenses for cost-effective energy efficiency measures.

(b) For purposes of this Section, "energy efficiency" means measures that reduce the amount of energy required to achieve a given end use and "cost-effective" means that the measures satisfy the total resource cost test which, for purposes of this Section, means a standard that is met if, for an investment in energy efficiency, the benefit-cost ratio is greater than one. The benefit-cost ratio is the ratio of the net present value of the total benefits of the measures to the net present value of the total costs as calculated over the lifetime of the measures. The total resource cost test

compares the sum of avoided natural gas utility costs, representing the benefits that accrue to the system and the participant in the delivery of those efficiency measures, as well as other quantifiable societal benefits, including avoided electric utility costs, to the sum of all incremental costs of end use measures (including both utility and participant contributions), plus costs to administer, deliver, and evaluate each demand-side measure, to quantify the net savings obtained by substituting demand-side measures for supply resources. In calculating avoided costs, reasonable estimates shall be included for financial costs likely to be imposed by future regulation of emissions of greenhouse gases. The low-income programs described in item (4) of subsection (f) of this Section shall not be required to meet the total resource cost test.

(c) Natural gas utilities shall implement cost-effective energy efficiency measures to meet at least the following natural gas savings requirements, which shall be based upon the total amount of gas delivered to retail customers, other than the customers described in subsection (m) of this Section, during calendar year 2009 multiplied by the applicable percentage. Natural gas utilities may comply with this Section by meeting the annual incremental savings goal in the applicable year or by showing that total savings associated with measures implemented after May 31, 2011 were equal to the sum of each annual incremental savings requirement from May 31, 2011 through the end of the applicable year:

1. 0.2% by May 31, 2012;
2. an additional 0.4% by May 31, 2013, increasing total savings to .6%;
3. an additional 0.6% by May 31, 2014, increasing total savings to 1.2%;
4. an additional 0.8% by May 31, 2015, increasing total savings to 2.0%;
5. an additional 1% by May 31, 2016, increasing total savings to 3.0%;
6. an additional 1.2% by May 31, 2017, increasing total savings to 4.2%;
7. an additional 1.4% by May 31, 2018, increasing total savings to 5.6%;
8. an additional 1.5% by May 31, 2019, increasing total savings to 7.1%; and
9. an additional 1.5% in each 12-month period thereafter.

(d) Notwithstanding the requirements of subsection (c) of this Section, a natural gas utility shall limit the amount of energy efficiency implemented in any 3-year reporting period established by subsection (f) of Section 8-104 of this Act, by an amount necessary to limit the estimated average increase in the amounts paid by retail customers in connection with natural gas service to no more than 2% in the applicable 3-year reporting period. The energy savings requirements in subsection (c) of this Section may be reduced by the Commission for the subject plan, if the utility demonstrates by substantial evidence that it is highly unlikely that the requirements could be achieved without exceeding the applicable spending limits in any 3-year reporting period. No later than September 1, 2013, the Commission shall review the limitation on the amount of energy efficiency measures implemented pursuant to this Section and report to the General Assembly, in the report required by subsection (k) of this Section, its findings as to whether that limitation unduly constrains the procurement of energy efficiency measures.

(e) Natural gas utilities shall be responsible for overseeing the design, development, and filing of their efficiency plans with the Commission. The utility shall utilize 75% of the available funding associated with energy efficiency programs approved by the Commission, and may outsource various aspects of program development and implementation. The remaining 25% of available funding shall be used by the Department of Commerce and Economic Opportunity to implement energy efficiency measures that achieve no less than 20% of the requirements of subsection (c) of this Section. Such measures shall be designed in conjunction with the utility and approved by the Commission. The Department may outsource development and implementation of energy efficiency measures. A minimum of 10% of the entire portfolio of cost-effective energy efficiency measures shall be procured from local government, municipal corporations, school districts, and community college districts. Five percent of the entire portfolio of cost-effective energy efficiency measures may be granted to local government and municipal corporations for market transformation initiatives. The Department shall coordinate the implementation of these measures and shall integrate delivery of natural gas efficiency programs with electric efficiency programs delivered pursuant to Section 8-103 of this Act, unless the Department can show that integration is not feasible.

The apportionment of the dollars to cover the costs to implement the Department's share of the portfolio of energy efficiency measures shall
be made to the Department once the Department has executed rebates agreements, grants, or contracts for energy efficiency measures and provided supporting documentation for those rebates agreements, grants, and the contracts to the utility. The Department is authorized to adopt any rules necessary and prescribe procedures in order to ensure compliance by applicants in carrying out the purposes of rebate agreements for energy efficiency measures implemented by the Department made under this Section.

The details of the measures implemented by the Department shall be submitted by the Department to the Commission in connection with the utility's filing regarding the energy efficiency measures that the utility implements.

A utility providing approved energy efficiency measures in this State shall be permitted to recover costs of those measures through an automatic adjustment clause tariff filed with and approved by the Commission. The tariff shall be established outside the context of a general rate case and shall be applicable to the utility's customers other than the customers described in subsection (m) of this Section. Each year the Commission shall initiate a review to reconcile any amounts collected with the actual costs and to determine the required adjustment to the annual tariff factor to match annual expenditures.

Each utility shall include, in its recovery of costs, the costs estimated for both the utility's and the Department's implementation of energy efficiency measures. Costs collected by the utility for measures implemented by the Department shall be submitted to the Department pursuant to Section 605-323 of the Civil Administrative Code of Illinois, shall be deposited into the Energy Efficiency Portfolio Standards Fund, and shall be used by the Department solely for the purpose of implementing these measures. A utility shall not be required to advance any moneys to the Department but only to forward such funds as it has collected. The Department shall report to the Commission on an annual basis regarding the costs actually incurred by the Department in the implementation of the measures. Any changes to the costs of energy efficiency measures as a result of plan modifications shall be appropriately reflected in amounts recovered by the utility and turned over to the Department.

The portfolio of measures, administered by both the utilities and the Department, shall, in combination, be designed to achieve the annual

energy savings requirements set forth in subsection (c) of this Section, as modified by subsection (d) of this Section.

The utility and the Department shall agree upon a reasonable portfolio of measures and determine the measurable corresponding percentage of the savings goals associated with measures implemented by the Department.

No utility shall be assessed a penalty under subsection (f) of this Section for failure to make a timely filing if that failure is the result of a lack of agreement with the Department with respect to the allocation of responsibilities or related costs or target assignments. In that case, the Department and the utility shall file their respective plans with the Commission and the Commission shall determine an appropriate division of measures and programs that meets the requirements of this Section.

If the Department is unable to meet performance requirements for the portion of the portfolio implemented by the Department, then the utility and the Department shall jointly submit a modified filing to the Commission explaining the performance shortfall and recommending an appropriate course going forward, including any program modifications that may be appropriate in light of the evaluations conducted under item (8) of subsection (f) of this Section. In this case, the utility obligation to collect the Department's costs and turn over those funds to the Department under this subsection (e) shall continue only if the Commission approves the modifications to the plan proposed by the Department.

(f) No later than October 1, 2010, each gas utility shall file an energy efficiency plan with the Commission to meet the energy efficiency standards through May 31, 2014. Every 3 years thereafter, each utility shall file, no later than October 1, an energy efficiency plan with the Commission. If a utility does not file such a plan by October 1 of the applicable year, then it shall face a penalty of $100,000 per day until the plan is filed. Each utility's plan shall set forth the utility's proposals to meet the utility's portion of the energy efficiency standards identified in subsection (c) of this Section, as modified by subsection (d) of this Section, taking into account the unique circumstances of the utility's service territory. The Commission shall seek public comment on the utility's plan and shall issue an order approving or disapproving each plan. If the Commission disapproves a plan, the Commission shall, within 30 days, describe in detail the reasons for the disapproval and describe a path by which the utility may file a revised draft of the plan to address the Commission's concerns satisfactorily. If the utility does not refile with the Commission, the Commission shall disapprove the plan.
Commission within 60 days after the disapproval, the utility shall be subject to penalties at a rate of $100,000 per day until the plan is filed. This process shall continue, and penalties shall accrue, until the utility has successfully filed a portfolio of energy efficiency measures. Penalties shall be deposited into the Energy Efficiency Trust Fund and the cost of any such penalties may not be recovered from ratepayers. In submitting proposed energy efficiency plans and funding levels to meet the savings goals adopted by this Act the utility shall:

1. Demonstrate that its proposed energy efficiency measures will achieve the requirements that are identified in subsection (c) of this Section, as modified by subsection (d) of this Section.

2. Present specific proposals to implement new building and appliance standards that have been placed into effect.

3. Present estimates of the total amount paid for gas service expressed on a per therm basis associated with the proposed portfolio of measures designed to meet the requirements that are identified in subsection (c) of this Section, as modified by subsection (d) of this Section.

4. Coordinate with the Department to present a portfolio of energy efficiency measures proportionate to the share of total annual utility revenues in Illinois from households at or below 150% of the poverty level. Such programs shall be targeted to households with incomes at or below 80% of area median income.

5. Demonstrate that its overall portfolio of energy efficiency measures, not including programs covered by item (4) of this subsection (f), are cost-effective using the total resource cost test and represent a diverse cross section of opportunities for customers of all rate classes to participate in the programs.

6. Demonstrate that a gas utility affiliated with an electric utility that is required to comply with Section 8-103 of this Act has integrated gas and electric efficiency measures into a single program that reduces program or participant costs and appropriately allocates costs to gas and electric ratepayers. The Department shall integrate all gas and electric programs it delivers in any such utilities' service territories, unless the Department can show that integration is not feasible or appropriate.

7. Include a proposed cost recovery tariff mechanism to fund the proposed energy efficiency measures and to ensure the
recovery of the prudently and reasonably incurred costs of Commission-approved programs.

(8) Provide for quarterly status reports tracking implementation of and expenditures for the utility's portfolio of measures and the Department's portfolio of measures, an annual independent review, and a full independent evaluation of the 3-year results of the performance and the cost-effectiveness of the utility's and Department's portfolios of measures and broader net program impacts and, to the extent practical, for adjustment of the measures on a going forward basis as a result of the evaluations. The resources dedicated to evaluation shall not exceed 3% of portfolio resources in any given 3-year period.

(g) No more than 3% of expenditures on energy efficiency measures may be allocated for demonstration of breakthrough equipment and devices.

(h) Illinois natural gas utilities that are affiliated by virtue of a common parent company may, at the utilities' request, be considered a single natural gas utility for purposes of complying with this Section.

(i) If, after 3 years, a gas utility fails to meet the efficiency standard specified in subsection (c) of this Section as modified by subsection (d), then it shall make a contribution to the Low-Income Home Energy Assistance Program. The total liability for failure to meet the goal shall be assessed as follows:

1. a large gas utility shall pay $600,000;
2. a medium gas utility shall pay $400,000; and
3. a small gas utility shall pay $200,000.

For purposes of this Section, (i) a "large gas utility" is a gas utility that on December 31, 2008, served more than 1,500,000 gas customers in Illinois; (ii) a "medium gas utility" is a gas utility that on December 31, 2008, served fewer than 1,500,000, but more than 500,000 gas customers in Illinois; and (iii) a "small gas utility" is a gas utility that on December 31, 2008, served fewer than 500,000 and more than 100,000 gas customers in Illinois. The costs of this contribution may not be recovered from ratepayers.

If a gas utility fails to meet the efficiency standard specified in subsection (c) of this Section, as modified by subsection (d) of this Section, in any 2 consecutive 3-year planning periods, then the responsibility for implementing the utility's energy efficiency measures shall be transferred to an independent program administrator selected by

the Commission. Reasonable and prudent costs incurred by the independent program administrator to meet the efficiency standard specified in subsection (c) of this Section, as modified by subsection (d) of this Section, may be recovered from the customers of the affected gas utilities, other than customers described in subsection (m) of this Section. The utility shall provide the independent program administrator with all information and assistance necessary to perform the program administrator's duties including but not limited to customer, account, and energy usage data, and shall allow the program administrator to include inserts in customer bills. The utility may recover reasonable costs associated with any such assistance.

(j) No utility shall be deemed to have failed to meet the energy efficiency standards to the extent any such failure is due to a failure of the Department.

(k) Not later than January 1, 2012, the Commission shall develop and solicit public comment on a plan to foster statewide coordination and consistency between statutorily mandated natural gas and electric energy efficiency programs to reduce program or participant costs or to improve program performance. Not later than September 1, 2013, the Commission shall issue a report to the General Assembly containing its findings and recommendations.

(l) This Section does not apply to a gas utility that on January 1, 2009, provided gas service to fewer than 100,000 customers in Illinois.

(m) Subsections (a) through (k) of this Section do not apply to customers of a natural gas utility that have a North American Industry Classification System code number that is 22111 or any such code number beginning with the digits 31, 32, or 33 and (i) annual usage in the aggregate of 4 million therms or more within the service territory of the affected gas utility or with aggregate usage of 8 million therms or more in this State and complying with the provisions of item (l) of this subsection (m); or (ii) using natural gas as feedstock and meeting the usage requirements described in item (i) of this subsection (m), to the extent such annual feedstock usage is greater than that 60% of the customer's total annual usage of natural gas.

(1) Customers described in this subsection (m) of this Section shall apply, on a form approved on or before October 1, 2009 by the Department, to the Department to be designated as a self-directing customer ("SDC") or as an exempt customer using natural gas as a feedstock from which other products are made,

including, but not limited to, feedstock for a hydrogen plant, on or before the 1st day of February, 2010. Thereafter, application may be made not less than 6 months before the filing date of the gas utility energy efficiency plan described in subsection (f) of this Section; however, a new customer that commences taking service from a natural gas utility after February 1, 2010 may apply to become a SDC or exempt customer up to 30 days after beginning service. Such application shall contain the following:

(A) the customer's certification that, at the time of its application, it qualifies to be a SDC or exempt customer described in this subsection (m) of this Section;

(B) in the case of a SDC, the customer's certification that it has established or will establish by the beginning of the utility's 3-year planning period commencing subsequent to the application, and will maintain for accounting purposes, an energy efficiency reserve account and that the customer will accrue funds in said account to be held for the purpose of funding, in whole or in part, energy efficiency measures of the customer's choosing, which may include, but are not limited to, projects involving combined heat and power systems that use the same energy source both for the generation of electrical or mechanical power and the production of steam or another form of useful thermal energy or the use of combustible gas produced from biomass, or both;

(C) in the case of a SDC, the customer's certification that annual funding levels for the energy efficiency reserve account will be equal to 2% of the customer's cost of natural gas, composed of the customer's commodity cost and the delivery service charges paid to the gas utility, or $150,000, whichever is less;

(D) in the case of a SDC, the customer's certification that the required reserve account balance will be capped at 3 years' worth of accruals and that the customer may, at its option, make further deposits to the account to the extent such deposit would increase the reserve account balance above the designated cap level;

(E) in the case of a SDC, the customer's certification that by October 1 of each year, beginning no sooner than
October 1, 2012, the customer will report to the Department information, for the 12-month period ending May 31 of the same year, on all deposits and reductions, if any, to the reserve account during the reporting year, and to the extent deposits to the reserve account in any year are in an amount less than $150,000, the basis for such reduced deposits; reserve account balances by month; a description of energy efficiency measures undertaken by the customer and paid for in whole or in part with funds from the reserve account; an estimate of the energy saved, or to be saved, by the measure; and that the report shall include a verification by an officer or plant manager of the customer or by a registered professional engineer or certified energy efficiency trade professional that the funds withdrawn from the reserve account were used for the energy efficiency measures;

(F) in the case of an exempt customer, the customer's certification of the level of gas usage as feedstock in the customer's operation in a typical year and that it will provide information establishing this level, upon request of the Department;

(G) in the case of either an exempt customer or a SDC, the customer's certification that it has provided the gas utility or utilities serving the customer with a copy of the application as filed with the Department;

(H) in the case of either an exempt customer or a SDC, certification of the natural gas utility or utilities serving the customer in Illinois including the natural gas utility accounts that are the subject of the application; and

(I) in the case of either an exempt customer or a SDC, a verification signed by a plant manager or an authorized corporate officer attesting to the truthfulness and accuracy of the information contained in the application.

(2) The Department shall review the application to determine that it contains the information described in provisions (A) through (I) of item (1) of this subsection (m), as applicable. The review shall be completed within 30 days after the date the application is filed with the Department. Absent a determination by the Department within the 30-day period, the applicant shall be
considered to be a SDC or exempt customer, as applicable, for all subsequent 3-year planning periods, as of the date of filing the application described in this subsection (m). If the Department determines that the application does not contain the applicable information described in provisions (A) through (I) of item (1) of this subsection (m), it shall notify the customer, in writing, of its determination that the application does not contain the required information and identify the information that is missing, and the customer shall provide the missing information within 15 working days after the date of receipt of the Department's notification.

(3) The Department shall have the right to audit the information provided in the customer's application and annual reports to ensure continued compliance with the requirements of this subsection. Based on the audit, if the Department determines the customer is no longer in compliance with the requirements of items (A) through (I) of item (1) of this subsection (m), as applicable, the Department shall notify the customer in writing of the noncompliance. The customer shall have 30 days to establish its compliance, and failing to do so, may have its status as a SDC or exempt customer revoked by the Department. The Department shall treat all information provided by any customer seeking SDC status or exemption from the provisions of this Section as strictly confidential.

(4) Upon request, or on its own motion, the Commission may open an investigation, no more than once every 3 years and not before October 1, 2014, to evaluate the effectiveness of the self-directing program described in this subsection (m).

(n) The applicability of this Section to customers described in subsection (m) of this Section is conditioned on the existence of the SDC program. In no event will any provision of this Section apply to such customers after January 1, 2020.

Section 99. Effective date. This Act takes effect upon becoming law.

Approved July 20, 2012.
Effective July 20, 2012.
AN ACT concerning public aid.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Public Aid Code is amended by changing Section 5-4.2 as follows:

(305 ILCS 5/5-4.2) (from Ch. 23, par. 5-4.2)
Sec. 5-4.2. Ambulance services payments.
  (a) For ambulance services provided to a recipient of aid under this Article on or after January 1, 1993, the Illinois Department shall reimburse ambulance service providers at rates calculated in accordance with this Section. It is the intent of the General Assembly to provide adequate reimbursement for ambulance services so as to ensure adequate access to services for recipients of aid under this Article and to provide appropriate incentives to ambulance service providers to provide services in an efficient and cost-effective manner. Thus, it is the intent of the General Assembly that the Illinois Department implement a reimbursement system for ambulance services that, to the extent practicable and subject to the availability of funds appropriated by the General Assembly for this purpose, is consistent with the payment principles of Medicare. To ensure uniformity between the payment principles of Medicare and Medicaid, the Illinois Department shall follow, to the extent necessary and practicable and subject to the availability of funds appropriated by the General Assembly for this purpose, the statutes, laws, regulations, policies, procedures, principles, definitions, guidelines, and manuals used to determine the amounts paid to ambulance service providers under Title XVIII of the Social Security Act (Medicare).
  (b) For ambulance services provided to a recipient of aid under this Article on or after January 1, 1996, the Illinois Department shall reimburse ambulance service providers based upon the actual distance traveled if a natural disaster, weather conditions, road repairs, or traffic congestion necessitates the use of a route other than the most direct route.
  (c) For purposes of this Section, "ambulance services" includes medical transportation services provided by means of an ambulance, medicar, service car, or taxi.
  (c-1) For purposes of this Section, "ground ambulance service" means medical transportation services that are described as ground
ambulance services by the Centers for Medicare and Medicaid Services and provided in a vehicle that is licensed as an ambulance by the Illinois Department of Public Health pursuant to the Emergency Medical Services (EMS) Systems Act.

(c-2) For purposes of this Section, "ground ambulance service provider" means a vehicle service provider as described in the Emergency Medical Services (EMS) Systems Act that operates licensed ambulances for the purpose of providing emergency ambulance services, or non-emergency ambulance services, or both. For purposes of this Section, this includes both ambulance providers and ambulance suppliers as described by the Centers for Medicare and Medicaid Services.

(d) This Section does not prohibit separate billing by ambulance service providers for oxygen furnished while providing advanced life support services.

(e) Beginning with services rendered on or after July 1, 2008, all providers of non-emergency medi-car and service car transportation must certify that the driver and employee attendant, as applicable, have completed a safety program approved by the Department to protect both the patient and the driver, prior to transporting a patient. The provider must maintain this certification in its records. The provider shall produce such documentation upon demand by the Department or its representative. Failure to produce documentation of such training shall result in recovery of any payments made by the Department for services rendered by a non-certified driver or employee attendant. Medi-car and service car providers must maintain legible documentation in their records of the driver and, as applicable, employee attendant that actually transported the patient. Providers must recertify all drivers and employee attendants every 3 years. Notwithstanding the requirements above, any public transportation provider of medi-car and service car transportation that receives federal funding under 49 U.S.C. 5307 and 5311 need not certify its drivers and employee attendants under this Section, since safety training is already federally mandated.

(f) With respect to any policy or program administered by the Department or its agent regarding approval of non-emergency medical transportation by ground ambulance service providers, including, but not limited to, the Non-Emergency Transportation Services Prior Approval Program (NETSPAP), the Department shall establish by rule a process by which ground ambulance service providers of non-emergency medical transportation may appeal any decision by the Department or its agent for
which no denial was received prior to the time of transport that either (i) denies a request for approval for payment of non-emergency transportation by means of ground ambulance service or (ii) grants a request for approval of non-emergency transportation by means of ground ambulance service at a level of service that entitles the ground ambulance service provider to a lower level of compensation from the Department than the ground ambulance service provider would have received as compensation for the level of service requested. The rule shall be established within 12 months after the effective date of this amendatory Act of the 97th General Assembly and shall provide that, for any decision rendered by the Department or its agent on or after the date the rule takes effect, the ground ambulance service provider shall have 60 days from the date the decision is received to file an appeal. The rule established by the Department shall be, insofar as is practical, consistent with the Illinois Administrative Procedure Act. The Director's decision on an appeal under this Section shall be a final administrative decision subject to review under the Administrative Review Law.

(g) Beginning 90 days after the effective date of this amendatory Act of the 97th General Assembly, (i) no denial of a request for approval for payment of non-emergency transportation by means of ground ambulance service, and (ii) no approval of non-emergency transportation by means of ground ambulance service at a level of service that entitles the ground ambulance service provider to a lower level of compensation from the Department than would have been received at the level of service submitted by the ground ambulance service provider, may be issued by the Department or its agent unless the Department has submitted the criteria for determining the appropriateness of the transport for first notice publication in the Illinois Register pursuant to Section 5-40 of the Illinois Administrative Procedure Act.

New matter indicated by italics - deletions by strikeout
14. Violation of paragraph (a) of Section 11-506 of this Code or a similar provision of a local ordinance relating to the offense of street racing;

15. A second or subsequent conviction of driving while the person's driver's license, permit or privileges was revoked for reckless homicide or a similar out-of-state offense;

16. Any offense against any provision in this Code, or any local ordinance, regulating the movement of traffic when that offense was the proximate cause of the death of any person. Any person whose driving privileges have been revoked pursuant to this paragraph may seek to have the revocation terminated or to have the length of revocation reduced by requesting an administrative hearing with the Secretary of State prior to the projected driver's license application eligibility date;

17. Violation of subsection (a-2) of Section 11-1301.3 of this Code or a similar provision of a local ordinance.

(b) The Secretary of State shall also immediately revoke the license or permit of any driver in the following situations:

1. Of any minor upon receiving the notice provided for in Section 5-901 of the Juvenile Court Act of 1987 that the minor has been adjudicated under that Act as having committed an offense relating to motor vehicles prescribed in Section 4-103 of this Code;

2. Of any person when any other law of this State requires either the revocation or suspension of a license or permit;

3. Of any person adjudicated under the Juvenile Court Act of 1987 based on an offense determined to have been committed in furtherance of the criminal activities of an organized gang as provided in Section 5-710 of that Act, and that involved the operation or use of a motor vehicle or the use of a driver's license or permit. The revocation shall remain in effect for the period determined by the court. Upon the direction of the court, the Secretary shall issue the person a judicial driving permit, also known as a JDP. The JDP shall be subject to the same terms as a JDP issued under Section 6-206.1, except that the court may direct that a JDP issued under this subdivision (b)(3) be effective immediately.

(c)(1) Whenever a person is convicted of any of the offenses enumerated in this Section, the court may recommend and the Secretary of State in his discretion, without regard to whether the recommendation is
made by the court may, upon application, issue to the person a restricted driving permit granting the privilege of driving a motor vehicle between the petitioner's residence and petitioner's place of employment or within the scope of the petitioner's employment related duties, or to allow the petitioner to transport himself or herself or a family member of the petitioner's household to a medical facility for the receipt of necessary medical care or to allow the petitioner to transport himself or herself to and from alcohol or drug remedial or rehabilitative activity recommended by a licensed service provider, or to allow the petitioner to transport himself or herself or a family member of the petitioner's household to classes, as a student, at an accredited educational institution, or to allow the petitioner to transport children, elderly persons, or disabled persons who do not hold driving privileges and are living in the petitioner's household to and from daycare; if the petitioner is able to demonstrate that no alternative means of transportation is reasonably available and that the petitioner will not endanger the public safety or welfare; provided that the Secretary's discretion shall be limited to cases where undue hardship, as defined by the rules of the Secretary of State, would result from a failure to issue the restricted driving permit. Those multiple offenders identified in subdivision (b)4 of Section 6-208 of this Code, however, shall not be eligible for the issuance of a restricted driving permit.

(2) If a person's license or permit is revoked or suspended due to 2 or more convictions of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense, or Section 9-3 of the Criminal Code of 1961, where the use of alcohol or other drugs is recited as an element of the offense, or a similar out-of-state offense, or a combination of these offenses, arising out of separate occurrences, that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

(3) If:

(A) a person's license or permit is revoked or suspended 2 or more times within a 10 year period due to any combination of:

(i) a single conviction of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense, or Section 9-3 of the Criminal Code of 1961, where
the use of alcohol or other drugs is recited as an element of the offense, or a similar out-of-state offense; or

(ii) a statutory summary suspension or revocation under Section 11-501.1; or

(iii) a suspension pursuant to Section 6-203.1;

arising out of separate occurrences; or

(B) a person has been convicted of one violation of Section 6-303 of this Code committed while his or her driver's license, permit, or privilege was revoked because of a violation of Section 9-3 of the Criminal Code of 1961, relating to the offense of reckless homicide where the use of alcohol or other drugs was recited as an element of the offense, or a similar provision of a law of another state;

that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

(4) The person issued a permit conditioned on the use of an ignition interlock device must pay to the Secretary of State DUI Administration Fund an amount not to exceed $30 per month. The Secretary shall establish by rule the amount and the procedures, terms, and conditions relating to these fees.

(5) If the restricted driving permit is issued for employment purposes, then the prohibition against operating a motor vehicle that is not equipped with an ignition interlock device does not apply to the operation of an occupational vehicle owned or leased by that person's employer when used solely for employment purposes.

(6) In each case the Secretary of State may issue a restricted driving permit for a period he deems appropriate, except that the permit shall expire within one year from the date of issuance. The Secretary may not, however, issue a restricted driving permit to any person whose current revocation is the result of a second or subsequent conviction for a violation of Section 11-501 of this Code or a similar provision of a local ordinance or any similar out-of-state offense, or Section 9-3 of the Criminal Code of 1961, where the use of alcohol or other drugs is recited as an element of the offense, or any similar out-of-state offense, or any combination

of these offenses, until the expiration of at least one year from the date of the revocation. A restricted driving permit issued under this Section shall be subject to cancellation, revocation, and suspension by the Secretary of State in like manner and for like cause as a driver's license issued under this Code may be cancelled, revoked, or suspended; except that a conviction upon one or more offenses against laws or ordinances regulating the movement of traffic shall be deemed sufficient cause for the revocation, suspension, or cancellation of a restricted driving permit. The Secretary of State may, as a condition to the issuance of a restricted driving permit, require the petitioner to participate in a designated driver remedial or rehabilitative program. The Secretary of State is authorized to cancel a restricted driving permit if the permit holder does not successfully complete the program. However, if an individual's driving privileges have been revoked in accordance with paragraph 13 of subsection (a) of this Section, no restricted driving permit shall be issued until the individual has served 6 months of the revocation period.

(c-5) (Blank).

(c-6) If a person is convicted of a second violation of operating a motor vehicle while the person's driver's license, permit or privilege was revoked, where the revocation was for a violation of Section 9-3 of the Criminal Code of 1961 relating to the offense of reckless homicide or a similar out-of-state offense, the person's driving privileges shall be revoked pursuant to subdivision (a)(15) of this Section. The person may not make application for a license or permit until the expiration of five years from the effective date of the revocation or the expiration of five years from the date of release from a term of imprisonment, whichever is later.

(c-7) If a person is convicted of a third or subsequent violation of operating a motor vehicle while the person's driver's license, permit or privilege was revoked, where the revocation was for a violation of Section 9-3 of the Criminal Code of 1961 relating to the offense of reckless homicide or a similar out-of-state offense, the person may never apply for a license or permit.

(d)(1) Whenever a person under the age of 21 is convicted under Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense, the Secretary of State shall revoke the driving privileges of that person. One year after the date of revocation, and upon

application, the Secretary of State may, if satisfied that the person applying
will not endanger the public safety or welfare, issue a restricted driving
permit granting the privilege of driving a motor vehicle only between the
hours of 5 a.m. and 9 p.m. or as otherwise provided by this Section for a
period of one year. After this one year period, and upon reapplication for a
license as provided in Section 6-106, upon payment of the appropriate
reinstatement fee provided under paragraph (b) of Section 6-118, the
Secretary of State, in his discretion, may reinstate the petitioner's driver's
license and driving privileges, or extend the restricted driving permit as
many times as the Secretary of State deems appropriate, by additional
periods of not more than 12 months each.

(2) If a person's license or permit is revoked or suspended
due to 2 or more convictions of violating Section 11-501 of this
Code or a similar provision of a local ordinance or a similar out-of-
state offense, or Section 9-3 of the Criminal Code of 1961, where
the use of alcohol or other drugs is recited as an element of the
offense, or a similar out-of-state offense, or a combination of these
offenses, arising out of separate occurrences, that person, if issued
a restricted driving permit, may not operate a vehicle unless it has
been equipped with an ignition interlock device as defined in
Section 1-129.1.

(3) If a person's license or permit is revoked or suspended 2
or more times within a 10 year period due to any combination of:

(A) a single conviction of violating Section 11-501
of this Code or a similar provision of a local ordinance or a
similar out-of-state offense, or Section 9-3 of the Criminal
Code of 1961, where the use of alcohol or other drugs is
recited as an element of the offense, or a similar out-of-
state offense; or

(B) a statutory summary suspension or revocation
under Section 11-501.1; or

(C) a suspension pursuant to Section 6-203.1;
 arising out of separate occurrences, that person, if issued a
restricted driving permit, may not operate a vehicle unless it has
been equipped with an ignition interlock device as defined in
Section 1-129.1.

(4) The person issued a permit conditioned upon the use of
an interlock device must pay to the Secretary of State DUI
Administration Fund an amount not to exceed $30 per month. The

Secretary shall establish by rule the amount and the procedures, terms, and conditions relating to these fees.

(5) If the restricted driving permit is issued for employment purposes, then the prohibition against driving a vehicle that is not equipped with an ignition interlock device does not apply to the operation of an occupational vehicle owned or leased by that person's employer when used solely for employment purposes.

(6) A restricted driving permit issued under this Section shall be subject to cancellation, revocation, and suspension by the Secretary of State in like manner and for like cause as a driver's license issued under this Code may be cancelled, revoked, or suspended; except that a conviction upon one or more offenses against laws or ordinances regulating the movement of traffic shall be deemed sufficient cause for the revocation, suspension, or cancellation of a restricted driving permit.

(d-5) The revocation of the license, permit, or driving privileges of a person convicted of a third or subsequent violation of Section 6-303 of this Code committed while his or her driver's license, permit, or privilege was revoked because of a violation of Section 9-3 of the Criminal Code of 1961, relating to the offense of reckless homicide, or a similar provision of a law of another state, is permanent. The Secretary may not, at any time, issue a license or permit to that person.

(e) This Section is subject to the provisions of the Driver License Compact.

(f) Any revocation imposed upon any person under subsections 2 and 3 of paragraph (b) that is in effect on December 31, 1988 shall be converted to a suspension for a like period of time.

(g) The Secretary of State shall not issue a restricted driving permit to a person under the age of 16 years whose driving privileges have been revoked under any provisions of this Code.

(h) The Secretary of State shall require the use of ignition interlock devices on all vehicles owned by a person who has been convicted of a second or subsequent offense under Section 11-501 of this Code or a similar provision of a local ordinance. The person must pay to the Secretary of State DUI Administration Fund an amount not to exceed $30 for each month that he or she uses the device. The Secretary shall establish by rule and regulation the procedures for certification and use of the interlock system, the amount of the fee, and the procedures, terms, and conditions relating to these fees.

For purposes of paragraphs 5, 9, 10, 12, 14, 19, 25, 26, and 27 of this subsection, license means any driver's license, any traffic ticket issued when the person's driver's license is deposited in lieu of bail, a suspension notice issued by the Secretary of State, a duplicate or corrected driver's license, a probationary driver's license or a temporary driver's license.

(b) If any conviction forming the basis of a suspension or revocation authorized under this Section is appealed, the Secretary of State may rescind or withhold the entry of the order of suspension or revocation, as the case may be, provided that a certified copy of a stay order of a court is filed with the Secretary of State. If the conviction is affirmed on appeal, the date of the conviction shall relate back to the time the original judgment of conviction was entered and the 6 month limitation prescribed shall not apply.

privileges shall be suspended by the Secretary of State. Any driver prior to operating a vehicle for occupational purposes only must submit the affidavit on forms to be provided by the Secretary of State setting forth the facts of the person's occupation. The affidavit shall also state the number of offenses committed while operating a vehicle in connection with the driver's regular occupation. The affidavit shall be accompanied by the driver's license. Upon receipt of a properly completed affidavit, the Secretary of State shall issue the driver a permit to operate a vehicle in connection with the driver's regular occupation only. Unless the permit is issued by the Secretary of State prior to the date of suspension, the privilege to drive any motor vehicle shall be suspended as set forth in the notice that was mailed under this Section. If an affidavit is received subsequent to the effective date of this suspension, a permit may be issued for the remainder of the suspension period.

The provisions of this subparagraph shall not apply to any driver required to possess a CDL for the purpose of operating a commercial motor vehicle.

Any person who falsely states any fact in the affidavit required herein shall be guilty of perjury under Section 6-302 and upon conviction thereof shall have all driving privileges revoked without further rights.

3. At the conclusion of a hearing under Section 2-118 of this Code, the Secretary of State shall either rescind or continue an order of revocation or shall substitute an order of suspension; or, good cause appearing therefor, rescind, continue, change, or extend the order of suspension. If the Secretary of State does not rescind the order, the Secretary may upon application, to relieve undue hardship (as defined by the rules of the Secretary of State), issue a restricted driving permit granting the privilege of driving a motor vehicle between the petitioner's residence and petitioner's place of employment or within the scope of the petitioner's employment related duties, or to allow the petitioner to transport himself or herself, or a family member of the petitioner's household to a medical facility, to receive necessary medical care, to allow the petitioner to transport himself or herself to and from alcohol or drug remedial or rehabilitative activity recommended by a licensed service provider, or to allow the petitioner to transport himself or

herself or a family member of the petitioner's household to classes, as a student, at an accredited educational institution, or to allow the petitioner to transport children, elderly persons, or disabled persons who do not hold driving privileges and are living in the petitioner's household to and from daycare. The petitioner must demonstrate that no alternative means of transportation is reasonably available and that the petitioner will not endanger the public safety or welfare. Those multiple offenders identified in subdivision (b)4 of Section 6-208 of this Code, however, shall not be eligible for the issuance of a restricted driving permit.

(A) If a person's license or permit is revoked or suspended due to 2 or more convictions of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense, or Section 9-3 of the Criminal Code of 1961, where the use of alcohol or other drugs is recited as an element of the offense, or a similar out-of-state offense, or a combination of these offenses, arising out of separate occurrences, that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

(B) If a person's license or permit is revoked or suspended 2 or more times within a 10 year period due to any combination of:

(i) a single conviction of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense or Section 9-3 of the Criminal Code of 1961, where the use of alcohol or other drugs is recited as an element of the offense, or a similar out-of-state offense; or

(ii) a statutory summary suspension or revocation under Section 11-501.1; or

(iii) a suspension under Section 6-203.1; arising out of separate occurrences; that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

(C) The person issued a permit conditioned upon the use of an ignition interlock device must pay to the Secretary of State DUI Administration Fund an amount not to exceed $30 per month. The Secretary shall establish by rule the amount and the procedures, terms, and conditions relating to these fees.

(D) If the restricted driving permit is issued for employment purposes, then the prohibition against operating a motor vehicle that is not equipped with an ignition interlock device does not apply to the operation of an occupational vehicle owned or leased by that person's employer when used solely for employment purposes.

(E) In each case the Secretary may issue a restricted driving permit for a period deemed appropriate, except that all permits shall expire within one year from the date of issuance. The Secretary may not, however, issue a restricted driving permit to any person whose current revocation is the result of a second or subsequent conviction for a violation of Section 11-501 of this Code or a similar provision of a local ordinance or any similar out-of-state offense, or Section 9-3 of the Criminal Code of 1961, where the use of alcohol or other drugs is recited as an element of the offense, or any similar out-of-state offense, or any combination of those offenses, until the expiration of at least one year from the date of the revocation. A restricted driving permit issued under this Section shall be subject to cancellation, revocation, and suspension by the Secretary of State in like manner and for like cause as a driver's license issued under this Code may be cancelled, revoked, or suspended; except that a conviction upon one or more offenses against laws or ordinances regulating the movement of traffic shall be deemed sufficient cause for the revocation, suspension, or cancellation of a restricted driving permit. The Secretary of State may, as a condition to the issuance of a restricted driving permit, require the applicant to participate in a designated driver remedial or rehabilitative program. The Secretary of State is authorized to cancel a restricted driving permit if the permit holder does not successfully complete the program.
(c-3) In the case of a suspension under paragraph 43 of subsection (a), reports received by the Secretary of State under this Section shall, except during the actual time the suspension is in effect, be privileged information and for use only by the courts, police officers, prosecuting authorities, the driver licensing administrator of any other state, the Secretary of State, or the parent or legal guardian of a driver under the age of 18. However, beginning January 1, 2008, if the person is a CDL holder, the suspension shall also be made available to the driver licensing administrator of any other state, the U.S. Department of Transportation, and the affected driver or motor carrier or prospective motor carrier upon request.

(c-4) In the case of a suspension under paragraph 43 of subsection (a), the Secretary of State shall notify the person by mail that his or her driving privileges and driver's license will be suspended one month after the date of the mailing of the notice.

(c-5) The Secretary of State may, as a condition of the reissuance of a driver's license or permit to an applicant whose driver's license or permit has been suspended before he or she reached the age of 21 years pursuant to any of the provisions of this Section, require the applicant to participate in a driver remedial education course and be retested under Section 6-109 of this Code.

(d) This Section is subject to the provisions of the Drivers License Compact.

(e) The Secretary of State shall not issue a restricted driving permit to a person under the age of 16 years whose driving privileges have been suspended or revoked under any provisions of this Code.

(f) In accordance with 49 C.F.R. 384, the Secretary of State may not issue a restricted driving permit for the operation of a commercial motor vehicle to a person holding a CDL whose driving privileges have been suspended, revoked, cancelled, or disqualified under any provisions of this Code.

disabilities, as defined by Section 1-159.1, pursuant to Sections 3-616, 11-1301.1 or 11-1301.2, or to a disabled veteran pursuant to Section 3-609 of this Act, as evidence that the vehicle is operated by or for a person with disabilities or disabled veteran, in any parking place, including any private or public onstreet parking facility, specifically reserved, by the posting of an official sign as designated under Section 11-301, for motor vehicles displaying such registration plates. It shall be prohibited to park any motor vehicle in a designated access aisle adjacent to any parking place specifically reserved for persons with disabilities, by the posting of an official sign as designated under Section 11-301, for motor vehicles displaying such registration plates. When using the parking privileges for persons with disabilities, the parking decal or device must be displayed properly in the vehicle where it is clearly visible to law enforcement personnel, either hanging from the rearview mirror or placed on the dashboard of the vehicle in clear view. Disability license plates and parking decals and devices are not transferable from person to person. Proper usage of the disability license plate or parking decal or device requires the authorized holder to be present and enter or exit the vehicle at the time the parking privileges are being used. It is a violation of this Section to park in a space reserved for a person with disabilities if the authorized holder of the disability license plate or parking decal or device does not enter or exit the vehicle at the time the parking privileges are being used. Any motor vehicle properly displaying a disability license plate or a parking decal or device containing the International symbol of access issued to persons with disabilities by any local authority, state, district, territory or foreign country shall be recognized by State and local authorities as a valid license plate or device and receive the same parking privileges as residents of this State.

(a-1) An individual with a vehicle displaying disability license plates or a parking decal or device issued to a qualified person with a disability under Sections 3-616, 11-1301.1, or 11-1301.2 or to a disabled veteran under Section 3-609 is in violation of this Section if (i) the person using the disability license plate or parking decal or device is not the authorized holder of the disability license plate or parking decal or device or is not transporting the authorized holder of the disability license plate or parking decal or device to or from the parking location and (ii) the person uses the disability license plate or parking decal or device to exercise any privileges granted through the disability license plate or parking decals or devices under this Code.
(a-2) A driver of a vehicle displaying disability license plates or a parking decal or device issued to a qualified person with a disability under Section 3-616, 11-1301.1, or 11-1301.2 or to a disabled veteran under Section 3-609 is in violation of this Section if (i) the person to whom the disability license plate or parking decal or device was issued is deceased and (ii) the driver uses the disability license plate or parking decal or device to exercise any privileges granted through a disability license plate or parking decal or device under this Code.

(b) Any person or local authority owning or operating any public or private offstreet parking facility may, after notifying the police or sheriff's department, remove or cause to be removed to the nearest garage or other place of safety any vehicle parked within a stall or space reserved for use by a person with disabilities which does not display person with disabilities registration plates or a special decal or device as required under this Section.

c) Any person found guilty of violating the provisions of subsection (a) shall be fined $250 in addition to any costs or charges connected with the removal or storage of any motor vehicle authorized under this Section; but municipalities by ordinance may impose a fine up to $350 and shall display signs indicating the fine imposed. If the amount of the fine is subsequently changed, the municipality shall change the sign to indicate the current amount of the fine. It shall not be a defense to a charge under this Section that either the sign posted pursuant to this Section or the intended accessible parking place does not comply with the technical requirements of Section 11-301, Department regulations, or local ordinance if a reasonable person would be made aware by the sign or notice on or near the parking place that the place is reserved for a person with disabilities.

c-1) Any person found guilty of violating the provisions of subsection (a-1) a first time shall be fined $500. Any person found guilty of violating subsection (a-1) a second or subsequent time shall be fined $1,000. Any person who violates subsection (a-2) is guilty of a Class A misdemeanor and (a-1) a third or subsequent time shall be fined $2,500. The circuit clerk shall distribute 50% of the fine imposed on any person who is found guilty of or pleads guilty to violating this Section, including any person placed on court supervision for violating this Section, to the law enforcement agency that issued the citation or made the arrest. If more than one law enforcement agency is responsible for issuing the citation or making the arrest, the 50% of the

fine imposed shall be shared equally. If an officer of the Secretary of State Department of Police arrested a person for a violation of this Section, 50% of the fine imposed shall be deposited into the Secretary of State Police Services Fund.

(d) Local authorities shall impose fines as established in subsections (c) and (c-1) for violations of this Section.

(e) As used in this Section, "authorized holder" means an individual issued a disability license plate under Section 3-616 of this Code, an individual issued a parking decal or device under Section 11-1301.2 of this Code, or an individual issued a disabled veteran's license plate under Section 3-609 of this Code.

(f) Any person who commits a violation of subsection (a-1) or a similar provision of a local ordinance may have his or her driving privileges suspended or revoked by the Secretary of State for a period of time determined by the Secretary of State. Any person who commits a violation of subsection (a-2) or a similar provision of a local ordinance shall have his or her driving privileges revoked by the Secretary of State. The Secretary of State may also suspend or revoke the disability license plates or parking decal or device for a period of time determined by the Secretary of State.

(g) Any police officer may seize the parking decal or device from any person who commits a violation of this Section. Any police officer may seize the disability license plate upon authorization from the Secretary of State. Any police officer may request that the Secretary of State revoke the parking decal or device or the disability license plate of any person who commits a violation of this Section.

"Unlawfully altered disability license plate or parking permit or device" means any disability license plate or parking permit or device, or any license plate issued to a disabled veteran under Section 3-609 of this Code, issued by the Secretary of State or an authorized unit of local government that has been physically altered or changed in such manner that false information appears on the license plate or parking decal or device.

Person with disabilities decals or devices issued and displayed pursuant to this Section shall be recognized and honored by all local authorities regardless of which local authority issued such decal or device.

The decal or device shall be issued only upon a showing by adequate documentation that the person for whose benefit the decal or device is to be used has a temporary disability as defined in Section 1-159.1 of this Code.

(b) The local governing authorities shall be responsible for the provision of such decal or device, its issuance and designated placement within the vehicle. The cost of such decal or device shall be at the discretion of such local governing authority.

(3) approach a parking meter due to his or her use of a wheelchair or other device for mobility; or

(4) walk more than 20 feet due to an orthopedic, neurological, cardiovascular, or lung condition in which the degree of debilitation is so severe that it almost completely impedes the ability to walk.

The application for a meter-exempt parking decal or device shall contain a statement certified by a licensed physician, physician assistant, or advanced practice nurse attesting to the nature and estimated duration of the applicant's condition and verifying that the applicant meets the physical qualifications specified in this subsection (c-5).

Sec. 11-1301.3. Unauthorized use of parking places reserved for persons with disabilities.

(a) It shall be prohibited to park any motor vehicle which is not properly displaying registration plates or decals issued to a person with disabilities, as defined by Section 1-159.1, pursuant to Sections 3-616, 11-1301.1 or 11-1301.2, or to a disabled veteran pursuant to Section 3-609 of this Act, as evidence that the vehicle is operated by or for a person with disabilities or disabled veteran, in any parking place, including any private or public offstreet parking facility, specifically reserved, by the posting of an official sign as designated under Section 11-301, for motor vehicles displaying such registration plates. It shall be prohibited to park any motor vehicle in a designated access aisle adjacent to any parking place specifically reserved for persons with disabilities, by the posting of an official sign as designated under Section 11-301, for motor vehicles displaying such registration plates. When using the parking privileges for persons with disabilities, the parking decal or device must be displayed properly in the vehicle where it is clearly visible to law enforcement personnel, either hanging from the rearview mirror or placed on the dashboard of the vehicle in clear view. Disability license plates and parking decals and devices are not transferable from person to person. Proper usage of the disability license plate or parking decal or device requires the authorized holder to be present and enter or exit the vehicle at the time the parking privileges are being used. It is a violation of this Section to park in a space reserved for a person with disabilities if the authorized holder of the disability license plate or parking decal or device does not enter or exit the vehicle at the time the parking privileges are being used. Any motor vehicle properly displaying a disability license plate or a parking decal or device containing the International symbol of access issued to persons with disabilities by any local authority, state, district, territory or foreign country shall be recognized by State and local authorities as a valid license plate or device and receive the same parking privileges as residents of this State.

(a-1) An individual with a vehicle displaying disability license plates or a parking decal or device issued to a qualified person with a disability under Sections 3-616, 11-1301.1, or 11-1301.2 or to a disabled veteran under Section 3-609 is in violation of this Section if (i) the person using the disability license plate or parking decal or device is not the authorized holder of the disability license plate or parking decal or device or is not transporting the authorized holder of the disability license plate or

parking decal or device to or from the parking location and (ii) the person uses the disability license plate or parking decal or device to exercise any privileges granted through the disability license plate or parking decals or devices under this Code.

(b) Any person or local authority owning or operating any public or private offstreet parking facility may, after notifying the police or sheriff's department, remove or cause to be removed to the nearest garage or other place of safety any vehicle parked within a stall or space reserved for use by a person with disabilities which does not display person with disabilities registration plates or a special decal or device as required under this Section.

(c) Any person found guilty of violating the provisions of subsection (a) shall be fined $250 in addition to any costs or charges connected with the removal or storage of any motor vehicle authorized under this Section; but municipalities by ordinance may impose a fine up to $350 and shall display signs indicating the fine imposed. If the amount of the fine is subsequently changed, the municipality shall change the sign to indicate the current amount of the fine. It shall not be a defense to a charge under this Section that either the sign posted pursuant to this Section or the intended accessible parking place does not comply with the technical requirements of Section 11-301, Department regulations, or local ordinance if a reasonable person would be made aware by the sign or notice on or near the parking place that the place is reserved for a person with disabilities.

(c-1) Any person found guilty of violating the provisions of subsection (a-1) a first time shall be fined $600. Any person found guilty of violating subsection (a-1) a second time shall be fined $750. Any person found guilty of violating subsection (a-1) a third or subsequent time shall be fined $1,000. The circuit clerk shall distribute 50% of the fine imposed on any person who is found guilty of or pleads guilty to violating this Section, including any person placed on court supervision for violating this Section, to the law enforcement agency that issued the citation or made the arrest. If more than one law enforcement agency is responsible for issuing the citation or making the arrest, the 50% of the fine imposed shall be shared equally. If an officer of the Secretary of State Department of Police arrested a person for a violation of this Section, 50% of the fine imposed shall be deposited into the Secretary of State Police Services Fund.

(f) Any person who commits a violation of subsection (a-1) may have his or her driving privileges suspended or revoked by the Secretary of State for a period of time determined by the Secretary of State. The Secretary of State may also suspend or revoke the disability license plates or parking decal or device for a period of time determined by the Secretary of State.

(g) Any police officer may seize the parking decal or device from any person who commits a violation of this Section. ARTICLE III. CRIMINAL PROVISIONS
Section 3-1. Unlawful publication of personal information. It is unlawful for any person to knowingly publicly post on the Internet the personal information of a judicial officer or of the judicial officer's immediate family if the person knows or reasonably should know that publicly posting the personal information poses an imminent and serious threat to the health and safety of the judicial officer or the judicial officer's immediate family, and the violation is a proximate cause of bodily injury or death of the judicial officer or a member of the judicial officer's immediate family. A person who violates this Section is guilty of a Class 3 felony.

Section 3-5. Exceptions for employees of government agencies. Provided that the employee of a government agency has complied with the conditions set forth in Article II of this Act, it is not a violation of Section 3-1 if an employee of a government agency publishes personal information, in good faith, on the website of the government agency in the ordinary course of carrying out public functions.

ARTICLE IV. MISCELLANEOUS

(b) Private information, unless disclosure is required by another provision of this Act, a State or federal law or a court order.

(b-5) Files, documents, and other data or databases maintained by one or more law enforcement agencies and specifically designed to provide information to one or more law enforcement agencies regarding the physical or mental status of one or more individual subjects.

(c) Personal information contained within public records, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy, unless the disclosure is consented to in writing by the individual subjects of the information. "Unwarranted invasion of personal privacy" means the disclosure of information that is highly personal or objectionable to a reasonable person and in which the subject's right to privacy outweighs any legitimate public interest in obtaining the information. The disclosure of information that bears on the public duties of public employees and officials shall not be considered an invasion of personal privacy.

(d) Records in the possession of any public body created in the course of administrative enforcement proceedings, and any law enforcement or correctional agency for law enforcement purposes, but only to the extent that disclosure would:

   (i) interfere with pending or actually and reasonably contemplated law enforcement proceedings conducted by any law enforcement or correctional agency that is the recipient of the request;

(v) disclose unique or specialized investigative techniques other than those generally used and known or disclose internal documents of correctional agencies related to detection, observation or investigation of incidents of crime or misconduct, and disclosure would result in demonstrable harm to the agency or public body that is the recipient of the request;

(vi) endanger the life or physical safety of law enforcement personnel or any other person; or

(vii) obstruct an ongoing criminal investigation by the agency that is the recipient of the request.

(e) Records that relate to or affect the security of correctional institutions and detention facilities.

(f) Preliminary drafts, notes, recommendations, memoranda and other records in which opinions are expressed, or policies or actions are formulated, except that a specific record or relevant portion of a record shall not be exempt when the record is publicly cited and identified by the head of the public body. The exemption provided in this paragraph (f) extends to all those records of officers and agencies of the General Assembly that pertain to the preparation of legislative documents.

(g) Trade secrets and commercial or financial information obtained from a person or business where the trade secrets or commercial or financial information are furnished under a claim that they are proprietary, privileged or confidential, and that disclosure of the trade secrets or commercial or financial information would cause competitive harm to the person or business, and only insofar as the claim directly applies to the records requested.

The information included under this exemption includes all trade secrets and commercial or financial information obtained by a
public body, including a public pension fund, from a private equity fund or a privately held company within the investment portfolio of a private equity fund as a result of either investing or evaluating a potential investment of public funds in a private equity fund. The exemption contained in this item does not apply to the aggregate financial performance information of a private equity fund, nor to the identity of the fund's managers or general partners. The exemption contained in this item does not apply to the identity of a privately held company within the investment portfolio of a private equity fund, unless the disclosure of the identity of a privately held company may cause competitive harm.

Nothing contained in this paragraph (g) shall be construed to prevent a person or business from consenting to disclosure.

(h) Proposals and bids for any contract, grant, or agreement, including information which if it were disclosed would frustrate procurement or give an advantage to any person proposing to enter into a contractor agreement with the body, until an award or final selection is made. Information prepared by or for the body in preparation of a bid solicitation shall be exempt until an award or final selection is made.

(i) Valuable formulae, computer geographic systems, designs, drawings and research data obtained or produced by any public body when disclosure could reasonably be expected to produce private gain or public loss. The exemption for "computer geographic systems" provided in this paragraph (i) does not extend to requests made by news media as defined in Section 2 of this Act when the requested information is not otherwise exempt and the only purpose of the request is to access and disseminate information regarding the health, safety, welfare, or legal rights of the general public.

(j) The following information pertaining to educational matters:

(i) test questions, scoring keys and other examination data used to administer an academic examination;

(ii) information received by a primary or secondary school, college, or university under its procedures for the evaluation of faculty members by their academic peers;

New matter indicated by italics - deletions by strikeout
(iii) information concerning a school or university's adjudication of student disciplinary cases, but only to the extent that disclosure would unavoidably reveal the identity of the student; and

(iv) course materials or research materials used by faculty members.

(l) Minutes of meetings of public bodies closed to the public as provided in the Open Meetings Act until the public body makes the minutes available to the public under Section 2.06 of the Open Meetings Act.

(m) Communications between a public body and an attorney or auditor representing the public body that would not be subject to discovery in litigation, and materials prepared or compiled by or for a public body in anticipation of a criminal, civil or administrative proceeding upon the request of an attorney advising the public body, and materials prepared or compiled with respect to internal audits of public bodies.

(n) Records relating to a public body's adjudication of employee grievances or disciplinary cases; however, this exemption shall not extend to the final outcome of cases in which discipline is imposed.

The records, documents and information relating to a real estate sale shall be exempt until a sale is consummated.

(15 ILCS 335/4) (from Ch. 124, par. 24)
Sec. 4. Identification Card.

(a) The Secretary of State shall issue a standard Illinois Identification Card to any natural person who is a resident of the State of Illinois who applies for such card, or renewal thereof, or who applies for a standard Illinois Identification Card upon release as a committed person on parole, mandatory supervised release, final discharge, or pardon from the Department of Corrections by submitting an identification card issued by the Department of Corrections under Section 3-14-1 of the Unified Code of Corrections, together with the prescribed fees. No identification card shall be issued to any person who holds a valid foreign state identification card, license, or permit unless the person first surrenders to the Secretary of State the valid foreign state identification card, license, or permit. The card shall be prepared and supplied by the Secretary of State and shall include a photograph and signature or mark of the applicant. However, the Secretary of State may provide by rule for the issuance of Illinois Identification Cards without photographs if the applicant has a bona fide religious objection to being photographed or to the display of his or her photograph. The Illinois Identification Card may be used for identification purposes in any lawful situation only by the person to whom it was issued. As used in this Act, "photograph" means any color photograph or digitally produced and captured image of an applicant for an identification card. As used in this Act, "signature" means the name of a person as written by that person and captured in a manner acceptable to the Secretary of State.

(a-5) If an applicant for an identification card has a current driver's license or instruction permit issued by the Secretary of State, the Secretary may require the applicant to utilize the same residence address and name on the identification card, driver's license, and instruction permit records maintained by the Secretary. The Secretary may promulgate rules to implement this provision.

(a-10) If the applicant is a judicial officer as defined in Section 1-10 of the Judicial Privacy Act, the applicant may elect to have his or her
office or work address listed on the card instead of the applicant's residence or mailing address. The Secretary may promulgate rules to implement this provision.

(b) The Secretary of State shall issue a special Illinois Identification Card, which shall be known as an Illinois Disabled Person Identification Card, to any natural person who is a resident of the State of Illinois, who is a disabled person as defined in Section 4A of this Act, who applies for such card, or renewal thereof. No Disabled Person Identification Card shall be issued to any person who holds a valid foreign state identification card, license, or permit unless the person first surrenders to the Secretary of State the valid foreign state identification card, license, or permit. The Secretary of State shall charge no fee to issue such card. The card shall be prepared and supplied by the Secretary of State, and shall include a photograph and signature or mark of the applicant, a designation indicating that the card is an Illinois Disabled Person Identification Card, and shall include a comprehensible designation of the type and classification of the applicant's disability as set out in Section 4A of this Act. However, the Secretary of State may provide by rule for the issuance of Illinois Disabled Person Identification Cards without photographs if the applicant has a bona fide religious objection to being photographed or to the display of his or her photograph. If the applicant so requests, the card shall include a description of the applicant's disability and any information about the applicant's disability or medical history which the Secretary determines would be helpful to the applicant in securing emergency medical care. If a mark is used in lieu of a signature, such mark shall be affixed to the card in the presence of two witnesses who attest to the authenticity of the mark. The Illinois Disabled Person Identification Card may be used for identification purposes in any lawful situation by the person to whom it was issued.

The Illinois Disabled Person Identification Card may be used as adequate documentation of disability in lieu of a physician's determination of disability, a determination of disability from a physician assistant who has been delegated the authority to make this determination by his or her supervising physician, a determination of disability from an advanced practice nurse who has a written collaborative agreement with a collaborating physician that authorizes the advanced practice nurse to make this determination, or any other documentation of disability whenever any State law requires that a disabled person provide such documentation of disability, however an Illinois Disabled Person Identification Card...
Identification Card shall not qualify the cardholder to participate in any program or to receive any benefit which is not available to all persons with like disabilities. Notwithstanding any other provisions of law, an Illinois Disabled Person Identification Card, or evidence that the Secretary of State has issued an Illinois Disabled Person Identification Card, shall not be used by any person other than the person named on such card to prove that the person named on such card is a disabled person or for any other purpose unless the card is used for the benefit of the person named on such card, and the person named on such card consents to such use at the time the card is so used.

An optometrist's determination of a visual disability under Section 4A of this Act is acceptable as documentation for the purpose of issuing an Illinois Disabled Person Identification Card.

When medical information is contained on an Illinois Disabled Person Identification Card, the Office of the Secretary of State shall not be liable for any actions taken based upon that medical information.

(b-10) Any action properly initiated under this Section may proceed notwithstanding an absent or incomplete Income and Asset Form, and a judgment debtor may be examined for the purpose of allowing the judgment creditor to discover income and assets belonging to the judgment debtor or in which the judgment debtor has an interest.

(c) When assets or income of the judgment debtor not exempt from the satisfaction of a judgment, a deduction order or garnishment are discovered, the court may, by appropriate order or judgment:

1. Compel the judgment debtor to deliver up, to be applied in satisfaction of the judgment, in whole or in part, money, choses in action, property or effects in his or her possession or control, so discovered, capable of delivery and to which his or her title or right of possession is not substantially disputed.

2. Compel the judgment debtor to pay to the judgment creditor or apply on the judgment, in installments, a portion of his or her income, however or whenever earned or acquired, as the court may deem proper, having due regard for the reasonable requirements of the judgment debtor and his or her family, if dependent upon him or her, as well as any payments required to be made by prior order of court or under wage assignments outstanding; provided that the judgment debtor shall not be compelled to pay income which would be considered exempt as wages under the Wage Deduction Statute. The court may modify an order for installment payments, from time to time, upon application of either party upon notice to the other.

3. Compel any person cited, other than the judgment debtor, to deliver up any assets so discovered, to be applied in satisfaction of the judgment, in whole or in part, when those assets are held under such circumstances that in an action by the judgment debtor he or she could recover them in specie or obtain a judgment for the proceeds or value thereof as for conversion or embezzlement. A judgment creditor may recover a corporate judgment debtor's property on behalf of the judgment debtor for use of the judgment creditor by filing an appropriate petition within the citation proceedings.
(4) Enter any order upon or judgment against the person cited that could be entered in any garnishment proceeding.

(5) Compel any person cited to execute an assignment of any chose in action or a conveyance of title to real or personal property or resign memberships in exchanges, clubs, or other entities in the same manner and to the same extent as a court could do in any proceeding by a judgment creditor to enforce payment of a judgment or in aid of the enforcement of a judgment.

(6) Authorize the judgment creditor to maintain an action against any person or corporation that, it appears upon proof satisfactory to the court, is indebted to the judgment debtor, for the recovery of the debt, forbid the transfer or other disposition of the debt until an action can be commenced and prosecuted to judgment, direct that the papers or proof in the possession or control of the debtor and necessary in the prosecution of the action be delivered to the creditor or impounded in court, and provide for the disposition of any moneys in excess of the sum required to pay the judgment creditor's judgment and costs allowed by the court.

(c-5) If a citation is directed to a judgment debtor who is a natural person, no payment order shall be entered under subsection (c) unless the Income and Asset Form was served upon the judgment debtor as required by subsection (b-1), the judgment debtor has had an opportunity to assert exemptions, and the payments are from non-exempt sources.

(d) No order or judgment shall be entered under subsection (c) in favor of the judgment creditor unless there appears of record a certification of mailing showing that a copy of the citation and a copy of the citation notice was mailed to the judgment debtor as required by subsection (b).

(d-5) If upon examination the court determines that the judgment debtor does not possess any non-exempt income or assets, then the citation shall be dismissed.

(e) All property ordered to be delivered up shall, except as otherwise provided in this Section, be delivered to the sheriff to be collected by the sheriff or sold at public sale and the proceeds thereof applied towards the payment of costs and the satisfaction of the judgment. If the judgment debtor's property is of such a nature that it is not readily delivered up to the sheriff for public sale or if another method of sale is more appropriate to liquidate the property or enhance its value at sale, the court may order the sale of such property by the debtor, third party respondent, or by a selling agent other than the sheriff upon such terms as

are just and equitable. The proceeds of sale, after deducting reasonable and necessary expenses, are to be turned over to the creditor and applied to the balance due on the judgment.

(f) (1) The citation may prohibit the party to whom it is directed from making or allowing any transfer or other disposition of, or interfering with, any property not exempt from the enforcement of a judgment therefrom, a deduction order or garnishment, belonging to the judgment debtor or to which he or she may be entitled or which may thereafter be acquired by or become due to him or her, and from paying over or otherwise disposing of any moneys not so exempt which are due or to become due to the judgment debtor, until the further order of the court or the termination of the proceeding, whichever occurs first. The third party may not be obliged to withhold the payment of any moneys beyond double the amount of the balance due sought to be enforced by the judgment creditor. The court may punish any party who violates the restraining provision of a citation as and for a contempt, or if the party is a third party may enter judgment against him or her in the amount of the unpaid portion of the judgment and costs allowable under this Section, or in the amount of the value of the property transferred, whichever is lesser.

(2) The court may enjoin any person, whether or not a party to the supplementary proceeding, from making or allowing any transfer or other disposition of, or interference with, the property of the judgment debtor not exempt from the enforcement of a judgment, a deduction order or garnishment, or the property or debt not so exempt concerning which any person is required to attend and be examined until further direction in the premises. The injunction order shall remain in effect until vacated by the court or until the proceeding is terminated, whichever first occurs.

(g) If it appears that any property, chose in action, credit or effect discovered, or any interest therein, is claimed by any person, the court shall, as in garnishment proceedings, permit or require the claimant to appear and maintain his or her right. The rights of the person cited and the rights of any adverse claimant shall be asserted and determined pursuant to the law relating to garnishment proceedings.

(h) Costs in proceedings authorized by this Section shall be allowed, assessed and paid in accordance with rules, provided that if the court determines, in its discretion, that costs incurred by the judgment

creditor were improperly incurred, those costs shall be paid by the judgment creditor.

(i) This Section is in addition to and does not affect enforcement of judgments or proceedings supplementary thereto, by any other methods now or hereafter provided by law.

(j) This Section does not grant the power to any court to order installment or other payments from, or compel the sale, delivery, surrender, assignment or conveyance of any property exempt by statute from the enforcement of a judgment thereon, a deduction order, garnishment, attachment, sequestration, process or other levy or seizure.

(k) (Blank).

(k-5) If the court determines that any property held by a third party respondent is wages pursuant to Section 12-801, the court shall proceed as if a wage deduction proceeding had been filed and proceed to enter such necessary and proper orders as would have been entered in a wage deduction proceeding including but not limited to the granting of the statutory exemptions allowed by Section 12-803 and all other remedies allowed plaintiff and defendant pursuant to Part 8 of Article 12 of this Act.

(k-10) If a creditor discovers personal property of the judgment debtor that is subject to the lien of a citation to discover assets, the creditor may have the court impress a lien against a specific item of personal property, including a beneficial interest in a land trust. The lien survives the termination of the citation proceedings and remains as a lien against the personal property in the same manner that a judgment lien recorded against real property pursuant to Section 12-101 remains a lien on real property. If the judgment is revived before dormancy, the lien shall remain. A lien against personal property may, but need not, be recorded in the office of the recorder or filed as an informational filing pursuant to the Uniform Commercial Code.

(l) At any citation hearing at which the judgment debtor appears and seeks a declaration that certain of his or her income or assets are exempt, the court shall proceed to determine whether the property which the judgment debtor declares to be exempt is exempt from judgment. At any time before the return date specified on the citation, the judgment debtor may request, in writing, a hearing to declare exempt certain income and assets by notifying the clerk of the court before that time, using forms as may be provided by the clerk of the court. The clerk of the court will obtain a prompt hearing date from the court and will provide the necessary forms that must be prepared by the judgment debtor or the attorney for the

judgment debtor and sent to the judgment creditor, or the judgment creditor's attorney, regarding the time and location of the hearing. This notice may be sent by regular first class mail. At the hearing, the court shall immediately, unless for good cause shown that the hearing is to be continued, shall proceed to determine whether the property which the judgment debtor declares to be exempt is exempt from judgment. The restraining provisions of subsection (f) shall not apply to any property determined by the court to be exempt.

(m) The judgment or balance due on the judgment becomes a lien when a citation is served in accordance with subsection (a) of this Section. The lien binds nonexempt personal property, including money, choses in action, and effects of the judgment debtor as follows:

(1) When the citation is directed against the judgment debtor, upon all personal property belonging to the judgment debtor in the possession or control of the judgment debtor or which may thereafter be acquired or come due to the judgment debtor to the time of the disposition of the citation.

(2) When the citation is directed against a third party, upon all personal property belonging to the judgment debtor in the possession or control of the third party or which thereafter may be acquired or come due the judgment debtor and comes into the possession or control of the third party to the time of the disposition of the citation.

The lien established under this Section does not affect the rights of citation respondents in property prior to the service of the citation upon them and does not affect the rights of bona fide purchasers or lenders without notice of the citation. The lien is effective for the period specified by Supreme Court Rule.

This subsection (m), as added by Public Act 88-48, is a declaration of existing law.

(n) If any provision of this Act or its application to any person or circumstance is held invalid, the invalidity of that provision or application does not affect the provisions or applications of the Act that can be given effect without the invalid provision or application.

(o) The changes to this Section made by this amendatory Act of the 97th General Assembly apply only to supplementary proceedings commenced under this Section on or after the effective date of this amendatory Act of the 97th General Assembly. The requirements or limitations set forth in subsections (b-1), (b-5), (b-10), (c-5), and (d-5) do

(b) The notice shall be an order to show cause.

(c) Any order issued pursuant to subsection (a) shall expire one year after the date of issue.

(d) The first order issued pursuant to subsection (a) and directed to a respondent may be in the nature of a recognizance bond in the sum of no more than $1,000.

(e) Upon discharge of any bond secured by the posting of funds, the funds shall be returned to the respondent or other party posting the bond, less applicable fees, unless the court after inquiry determines that: (1) the judgment debtor willfully has refused to comply with a payment order entered in accordance with Section 2-1402 or an otherwise validly entered order; (2) the bond money belongs to the debtor as opposed to a third party; and (3) that any part of the funds constitute non-exempt funds of the judgment debtor, in which case the court may cause the non-exempt portion of the funds to be paid over to the judgment creditor.

PUBLIC ACT 97-0851
(House Bill No. 3892)

AN ACT concerning local government.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Downstate Forest Preserve District Act is amended by changing Sections 6 and 8 as follows:

(70 ILCS 805/6) (from Ch. 96 1/2, par. 6309)
Sec. 6. Acquisition of property. Any such District shall have power to acquire lands and grounds for the aforesaid purposes by lease, or in fee simple by gift, grant, legacy, purchase or condemnation, or to acquire easements in land, and to construct, lay out, improve and maintain wells, power plants, comfort stations, shelter houses, paths, driveways, public roads, roadways and other improvements and facilities in and through such forest preserves as they shall deem necessary or desirable for the use of such forest preserves by the public and may acquire, develop, improve and maintain waterways in conjunction with the district. No district with a population less than 600,000 shall have the power to purchase, condemn, lease or acquire an easement in property within a municipality without the concurrence of the governing body of the municipality, except where such district is acquiring land for a linear park or trail not to exceed 100 yards in width or is acquiring land contiguous to an existing park or forest preserve, and no municipality shall annex any land for the purpose of defeating a District acquisition once the District has given notice of intent to acquire a specified parcel of land. No district with a population of less
than 500,000 shall (i) have the power to condemn property for a linear park or trail within a municipality without the concurrence of the governing body of the municipality or (ii) have the power to condemn property for a linear park or trail in an unincorporated area without the concurrence of the governing body of the township within which the property is located or (iii) once having commenced a proceeding to acquire land by condemnation, dismiss or abandon that proceeding without the consent of the property owners. No district shall establish a trail surface within 50 feet of an occupied dwelling which was in existence prior to the approval of the acquisition by the district without obtaining permission of the owners of the premises or the concurrence of the governing body of the municipality or township within which the property is located. All acquisitions of land by a district with a population less than 600,000 within 1 1/2 miles of a municipality shall be preceded by a conference with the mayor or president of the municipality or his designated agent. If a forest preserve district is in negotiations for acquisition of land with owners of land adjacent to a municipality, the annexation of that land shall be deferred for 6 months. The district shall have no power to acquire an interest in real estate situated outside the district by the exercise of the right of eminent domain, by purchase or by lease, but shall have the power to acquire any such property, or an easement in any such property, which is contiguous to the district by gift, legacy, grant, or lease by the State of Illinois, subject to approval of the county board of the county, and of any forest preserve district or conservation district, within which the property is located. The district shall have the same control of and power over land, an interest in which it has so acquired, as over forest preserves within the district. If any of the powers to acquire lands and hold or improve the same given to Forest Preserve Districts, by Sections 5 and 6 of this Act should be held invalid, such invalidity shall not invalidate the remainder of this Act or any of the other powers herein given and conferred upon the Forest Preserve Districts. Such Forest Preserve Districts shall also have power to lease not to exceed 40 acres of the lands and grounds acquired by it, for a term of not more than 99 years to veterans' organizations as grounds for convalescing sick and disabled veterans, and as a place upon which to construct rehabilitation quarters, or to a county as grounds for a county nursing home or convalescent home. Any such Forest Preserve District shall also have power to grant licenses, easements and rights-of-way for the construction, operation and maintenance upon, under or across any property of such District of facilities for water, sewage, telephone,
telegraph, electric, gas or other public service, subject to such terms and conditions as may be determined by such District.

Any such District may purchase, but not condemn, a parcel of land and sell a portion thereof for not less than fair market value pursuant to resolution of the Board. Such resolution shall be passed by the affirmative vote of at least 2/3 of all members of the board within 30 days after acquisition by the district of such parcel.

The corporate authorities of a forest preserve district that (i) is located in a county that has more than 700,000 inhabitants, (ii) borders a county that has 1,000,000 or more inhabitants, and (iii) also borders another state, by ordinance or resolution, may authorize the sale or public auction of a structure located on land owned by the district if (i) the structure existed on the land prior to the district's acquisition of the land, (ii) two-thirds of the members of the board of commissioners then holding office find that the structure is not necessary or is not useful to or for the best interest of the forest preserve district, (iii) a condition of sale or auction requires the transferee of the structure to remove the structure from district land, and (iv) prior to the sale or auction, the fair market value of the structure is determined by a written MAI-certified appraisal or by a written certified appraisal of a State certified or licensed real estate appraiser and the appraisal is available for public inspection. The ordinance or resolution shall (i) direct the sale to be conducted by the staff of the district, a listing with local licensed real estate agencies (in which case the terms of the agent's compensation shall be included in the ordinance or resolution), or by public auction, (ii) be published within 7 days after its passage in a newspaper published in the district, and (iii) contain pertinent information concerning the nature of the structure and any terms or conditions of sale or auction. No earlier than 14 days after the publication, the corporate authorities may accept any offer for the structure determined by them to be in the best interest of the district by a vote of two-thirds of the corporate authorities then holding office.

Whenever the board of any forest preserve district determines that the public interest will be subserved by vacating any street, roadway, or driveway, or part thereof, located within a forest preserve, it may vacate that street, roadway, or driveway, or part thereof, by an ordinance passed by the affirmative vote of at least 3/4 of all the members of the board, except that the affirmative vote of at least 6/7 of all the members of the board is required if the board members are elected under Section 3c of this
Act. This vote shall be taken by ayes and nays and entered in the records of the board.

The determination of the board that the nature and extent of the public use or public interest to be subserved is such as to warrant the vacation of any street, roadway, or driveway, or part thereof, is conclusive, and the passage of such an ordinance is sufficient evidence of that determination, whether so recited in the ordinance or not. The relief to the public from further burden and responsibility of maintaining any street, roadway or driveway, or part thereof, constitutes a public use or public interest authorizing the vacation.

Nothing contained in this Section shall be construed to authorize the board of any forest preserve district to vacate any street, roadway, or driveway, or part thereof, that is part of any State or county highway.

When property is damaged by the vacation or closing of any street, roadway, or driveway, or part thereof, damage shall be ascertained and paid as provided by law.

Except in cases where the deed, or other instrument dedicating a street, roadway, or driveway, or part thereof, has expressly provided for a specific devolution of the title thereto upon the abandonment or vacation thereof, and except where such street, roadway or driveway, or part thereof, is held by the district by lease, or where the district holds an easement in the land included within the street, roadway or driveway, whenever any street, roadway, or driveway, or part thereof is vacated under or by virtue of any ordinance of any forest preserve district, the title to the land in fee simple included within the street, roadway, or driveway, or part thereof, so vacated vests in the forest preserve district.

The board of any forest preserve district is authorized to sell at fair market price, gravel, sand, earth and any other material obtained from the lands and waters owned by the district.

For the purposes of this Section, "acquiring land" includes acquiring a fee simple, lease or easement in land.

Sec. 8. Powers and duties of corporate authority and officers; contracts; salaries.

(a) The board shall be the corporate authority of such forest preserve district and shall have power to pass and enforce all necessary ordinances, rules and regulations for the management of the property and conduct of the business of such district. The president of such board shall
have power to appoint such employees as may be necessary. In counties with population of less than 3,000,000, within 60 days after their selection the commissioners appointed under the provisions of Section 3a of this Act shall organize by selecting from their members a president, secretary, treasurer and such other officers as are deemed necessary who shall hold office for the fiscal year in which elected and until their successors are selected and qualify. In the one district in existence on July 1, 1977, that is managed by an appointed board of commissioners, the incumbent president and the other officers appointed in the manner as originally prescribed in this Act shall hold such offices until the completion of their respective terms or in the case of the officers other than president until their successors are appointed by said president, but in all cases not to extend beyond January 1, 1980 and until their successors are selected and qualify. Thereafter, the officers shall be selected in the manner as prescribed in this Section except that their first term of office shall not expire until June 30, 1981 and until their successors are selected and qualify.

(b) In any county, city, village, incorporated town or sanitary district where the corporate authorities act as the governing body of a forest preserve district, the person exercising the powers of the president of the board shall have power to appoint a secretary and an assistant secretary and treasurer and an assistant treasurer and such other officers and such employees as may be necessary. The assistant secretary and assistant treasurer shall perform the duties of the secretary and treasurer, respectively in case of death of such officers or when such officers are unable to perform the duties of their respective offices. All contracts for supplies, material or work involving an expenditure in excess of $20,000 shall be let to the lowest responsible bidder, after advertising at least once in one or more newspapers of general circulation within the district, excepting work requiring personal confidence or necessary supplies under the control of monopolies, where competitive bidding is impossible. Contracts for supplies, material or work involving an expenditure of $20,000 or less may be let without advertising for bids, but whenever practicable, at least 3 competitive bids shall be obtained before letting such contract. All contracts for supplies, material or work shall be signed by the president of the board of commissioners or by any such other officer as the board in its discretion may designate.

(c) The president of any board of commissioners appointed under the provisions of Section 3a of this Act shall receive a salary not to exceed
the sum of $2500 per annum and the salary of other members of the board so appointed shall not exceed $1500 per annum. Salaries of the commissioners, officers and employees shall be fixed by ordinance.

(d) Whenever a forest preserve district owns any personal property that, in the opinion of three-fifths of the members of the board of commissioners is no longer necessary, useful to, or for the best interests of the forest preserve district, then three-fifths of the members of the board, at any regular meeting or any special meeting called for that purpose by an ordinance or resolution that includes a general description of the personal property, may authorize the conveyance or sale of that personal property in any manner that they may designate, with or without advertising the sale.

PUBLIC ACT 97-0855
(Senate Bill No. 3217)

AN ACT concerning regulation.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Credit Union Act is amended by changing Sections 15 and 20 and adding Section 64.5 as follows:

(205 ILCS 305/15) (from Ch. 17, par. 4416)

Sec. 15. Membership defined.

(1) The membership of a credit union shall be limited to and consist of the subscribers to the articles of incorporation and such other persons within the common bond, as defined in this Act and as set forth in the credit union's articles of incorporation, as have been duly admitted members, have paid the required entrance fee or membership fee, or both, if any, have subscribed for one or more shares, and have paid the initial installment thereon, and have complied with such other requirements as the articles of incorporation or bylaws specify. Two or more persons within the common bond who have jointly subscribed for one or more shares under a joint account and have complied with all membership requirements may each be admitted to membership. The surviving spouse of a credit union member may, within 6 months of the member's death, become a member of the credit union by paying the required entrance fee or membership fee or both, if any, by subscribing for one or more shares and paying the initial installment thereon, and by complying with such other requirements as the articles of incorporation or bylaws specify.

(2) Any member may withdraw from a credit union at any time upon giving notice of withdrawal as required by the bylaws.

(3) Any member may be expelled by a 2/3 vote of the members present at any regular or special meeting called to consider the matter, but only after an opportunity has been given to the member to be heard.

New matter indicated by italics - deletions by strikeout
(4) A member who has caused a loss to the credit union, failed to maintain one or more shares at the credit union, or violated board policy applicable to members may be expelled by a majority vote of a quorum of directors if the board has adopted a policy providing for expulsion under those circumstances. In maintaining and enforcing a policy based on loss, the board may consider, without limitation, a member's failure to pay amounts due under a loan, failure to provide collected funds to cover withdrawals or personal share drafts or credit union drafts where the member is a remitter, or failure to pay fees or charges due the credit union. If a policy is adopted by the board pursuant to this subsection (4), written notice of the policy and the effective date of the policy shall be mailed to each member of the credit union at the member's current address appearing on the records of the credit union. The policy shall be mailed to members not fewer than 30 days prior to the effective date of the policy. In addition, new members shall be provided written notice of the policy prior to or upon applying for membership.

(5) All or any part of the amount paid on shares of a withdrawing member or expelled member with any declared dividends or interest on the date of withdrawal or expulsion must, after deducting all amounts due from the member to the credit union, be paid to him. The credit union may require not more than 60 days' written notice of intention to withdraw shares, but a notice of withdrawal does not entitle the member to any preferred or prior claim in the event of liquidation. Withdrawing or expelled members have no further rights in the credit union, but are not, by withdrawal or expulsion, released from any obligation they owe to the credit union.

(6) A member who has caused a loss to the credit union or has violated board policy applicable to members may be denied any or all credit union services in accordance with board policy, however, members who are denied services shall be allowed to maintain a share account and to vote on all issues put to a vote of the membership.

(7) If a member fails to maintain one fully paid share, the credit union, at its option, may permit the member to re-subscribe and pay for one or more shares within 30 days after the date the member failed to maintain one fully paid share, without affecting the member's status or rights as a member during that period. A member that fails to re-subscribe for at least one fully paid share within the 30-day period shall be automatically expelled from the credit union and treated as an expelled member under subsection (5) of this Section 15.

New matter indicated by italics - deletions by strikeout
Sec. 20. Election or appointment of officials.

(1) The credit union shall be directed by a board of directors consisting of no less than 7 in number, to be elected at the annual meeting by and from the members. Directors shall hold office until the next annual meeting, unless their terms are staggered. Upon amendment of its bylaws, a credit union may divide the directors into 2 or 3 classes with each class as nearly equal in number as possible. The term of office of the directors of the first class shall expire at the first annual meeting after their election, that of the second class shall expire at the second annual meeting after their election, and that of the third class, if any, shall expire at the third annual meeting after their election. At each annual meeting after the classification, the number of directors equal to the number of directors whose terms expire at the time of the meeting shall be elected to hold office until the second succeeding annual meeting if there are 2 classes or until the third succeeding annual meeting if there are 3 classes. A director shall hold office for the term for which he or she is elected and until his or her successor is elected and qualified.

(1.5) Except as provided in subsection (1.10), in all elections for directors, every member has the right to vote, in person or by proxy, the number of shares owned by him, or in the case of a member other than a natural person, the member's one vote, for as many persons as there are directors to be elected, or to cumulate such shares, and give one candidate as many votes as the number of directors multiplied by the number of his shares equals, or to distribute them on the same principle among as many candidates as he may desire and the directors shall not be elected in any other manner. Shares held in a joint account owned by more than one member may be voted by any one of the members, however, the number of cumulative votes cast may not exceed a total equal to the number of shares multiplied by the number of directors to be elected. A majority of the shares entitled to vote shall be represented either in person or by proxy for the election of directors. Each director shall wholly take and subscribe to an oath that he will diligently and honestly perform his duties in administering the affairs of the credit union, that while he may delegate to another the performance of those administrative duties he is not thereby relieved from his responsibility for their performance, that he will not knowingly violate or permit to be violated any law applicable to the credit union, and that he is the owner of at least one share of the credit union.
(1.10) Upon amendment of a credit union's bylaws approved by the members, in all elections for directors, every member who is a natural person shall have the right to cast one vote, regardless of the number of his or her shares, in person or by proxy, for as many persons as there are directors to be elected.

(1.15) If the board of directors has adopted a policy addressing age eligibility standards on voting, holding office, or petitioning the board, then a credit union may require (i) that members be at least 18 years of age by the date of the meeting in order to vote at meetings of the members, sign nominating petitions, or sign petitions requesting special meetings, and (ii) that members be at least 18 years of age by the date of election or appointment in order to hold elective or appointive office.

(2) The board of directors shall appoint from among the members of the credit union, a supervisory committee of not less than 3 members at the organization meeting and within 30 days following each annual meeting of the members for such terms as the bylaws provide. Members of the supervisory committee may, but need not be, on the board of directors, but shall not be officers of the credit union, members of the credit committee, or the credit manager if no credit committee has been appointed.

(3) The board of directors may appoint, from among the members of the credit union, a credit committee consisting of an odd number, not less than 3 for such terms as the bylaws provide. Members of the credit committee may, but need not be, directors or officers of the credit union, but shall not be members of the supervisory committee.

(4) The board of directors may appoint from among the members of the credit union a membership committee of one or more persons. If appointed, the committee shall act upon all applications for membership and submit a report of its actions to the board of directors at the next regular meeting for review. If no membership committee is appointed, credit union management shall act upon all applications for membership and submit a report of its actions to the board of directors at the next regular meeting for review.

The net proceeds, if any, arising out of a transportation project or public-private agreement undertaken by the Department pursuant to this Act shall be deposited into the Public-Private Partnerships for Transportation State Construction Account Fund. The net proceeds arising out of a transportation project or public-private agreement undertaken by the Authority pursuant to this Act shall be
deposited into the Illinois State Toll Highway Authority Fund and shall be used only as authorized by Section 23 of the Toll Highway Act.

(b) The Authority shall not enter into a public-private agreement involving a lease or other transfer of any toll highway, or portions thereof, under the Authority's jurisdiction which were open to vehicular traffic on the effective date of this Act. The Authority shall not enter into a public-private agreement for the purpose of making roadway improvements, including but not limited to reconstruction, adding lanes, and adding ramps, to any toll highway, or portions thereof, under the Authority's jurisdiction which were open to vehicular traffic on the effective date of this Act. The Authority shall not use any revenue generated by any toll highway, or portions thereof, under the Authority's jurisdiction which were open to vehicular traffic on the effective date of this Act to enter into or provide funding for a public-private agreement. The Authority shall not use any asset, or the proceeds from the sale or lease of any such asset, which was owned by the Authority on the effective date of this Act to enter into or provide funding for a public-private agreement. (2) the power to develop, finance, and operate the transportation facility and to impose user fees in connection with the use of the transportation facility, subject to the terms of the public-private agreement.

No tolls or user fees may be imposed by the contractor except as set forth in a public-private agreement.

(d) Each year, at least 30 days prior to the beginning of the transportation agency's fiscal year, and at other times the transportation...
agency deems necessary, the Department and the Authority shall submit for review to the General Assembly a description of potential projects that the transportation agency is considering undertaking under this Act. Any submission from the Authority shall indicate which of its potential projects, if any, will involve the proposer operating the transportation facility for a period of one year or more. Prior to the issuance of any request for qualifications or request for proposals with respect to any potential project undertaken by the Department or the Authority pursuant to Section 20 of this Act, the commencement of a procurement process for that particular potential project shall be authorized by joint resolution of the General Assembly.

(e) Each year, at least 30 days prior to the beginning of the transportation agency's fiscal year, the transportation agency shall submit a description of potential projects that the transportation agency is considering undertaking under this Act to each county, municipality, and metropolitan planning organization, with respect to each project located within its boundaries.

(f) Any project undertaken under this Act shall be subject to all applicable planning requirements otherwise required by law, including land use planning, regional planning, transportation planning, and environmental compliance requirements.

(g) Any new transportation facility developed as a project under this Act must be consistent with the regional plan then in existence of any metropolitan planning organization in whose boundaries the project is located.

(h) The transportation agency shall hold one or more public hearings within 30 days of each of its submittals to the General Assembly under subsection (d) of this Section. These public hearings shall address potential projects that the transportation agency submitted to the General Assembly for review under subsection (d). The transportation agency shall publish a notice of the hearing or hearings at least 7 days before a hearing takes place, and shall include the following in the notice: (i) the date, time, and place of the hearing and the address of the transportation agency; (ii) a brief description of the potential projects that the transportation agency is considering undertaking; and (iii) a statement that the public may comment on the potential projects.

Sec. 20. Procurement process.

New matter indicated by italics - deletions by strikeout
(a) A transportation agency seeking to enter into a public-private partnership with a private entity for the development, finance, and operation of a transportation facility as a transportation project shall determine and set forth the criteria for the selection process. The transportation agency shall use (i) a competitive sealed bidding process, (ii) a competitive sealed proposal process, or (iii) a design-build procurement process in accordance with Section 25 of this Act. Before using one of these processes the transportation agency may use a request for information to obtain information relating to possible public-private partnerships.

(b) If a transportation project will require the performance of design work, the transportation agency shall use the shortlist selection process set forth in subsection (g) of this Section to evaluate and shortlist private entities based on qualifications, including but not limited to design qualifications.

A request for qualifications, request for proposals, or public-private agreement awarded to a contractor for a transportation project shall require that any subsequent need for architectural, engineering, or land surveying services which arises after the submittal of the request for qualifications or request for proposals or the awarding of the public-private agreement shall be procured by the contractor using a qualifications-based selection process consisting of:

(1) the publication of notice of availability of services;
(2) a statement of desired qualifications;
(3) an evaluation based on the desired qualifications;
(4) the development of a shortlist ranking the firms in order of qualifications; and
(5) negotiations with the ranked firms for a fair and reasonable fee.

Compliance with the Architectural, Engineering, and Land Surveying Qualifications Based Selection Act shall be deemed prima facie compliance with this subsection (b). Every transportation project contract shall include provisions setting forth the requirements of this subsection (b).

(c) Prior to commencing a procurement for a transportation project under this Act, the transportation agency shall notify any other applicable public agency, including the Authority, in all cases involving toll facilities where the Department would commence the procurement, of its interest in undertaking the procurement and shall provide the other

public agency or agencies with an opportunity to offer to develop and implement the transportation project. The transportation agency shall supply the other public agency or agencies with no less than the same level and type of information concerning the project that the transportation agency would supply to private entities in the procurement, unless that information is not then available, in which case the transportation agency shall supply the other public agency or agencies with the maximum amount of relevant information about the project as is then reasonably available. The transportation agency shall make available to the other public agencies the same subsidies, benefits, concessions, and other consideration that it intends to make available to the private entities in the procurement.

The public agencies shall have a maximum period of 60 days to review the information about the proposed transportation project and to respond to the transportation agency in writing to accept or reject the opportunity to develop and implement the transportation project. If a public agency rejects the opportunity during the 60-day period, then the public agency may not participate in the procurement for the proposed transportation project by submitting a proposal of its own. If a public agency fails to accept or reject this opportunity in writing within the 60-day period, it shall be deemed to have rejected the opportunity.

If a public agency accepts the opportunity within the 60-day period, then the public agency shall have up to 120 days (or a longer period, if extended by the transportation agency), to (i) submit to the transportation agency a reasonable plan for development of the transportation project; (ii) if applicable, make an offer of reasonable consideration for the opportunity to undertake the transportation project; and (iii) negotiate a mutually acceptable intergovernmental agreement with the transportation agency that facilitates the development of the transportation project and requires that the transportation agency follow its procurement procedures under the Illinois Procurement Code and applicable rules rather than this Act. In considering whether a public agency's plan for developing and implementing the project is reasonable, the transportation agency shall consider the public agency's history of developing and implementing similar projects, the public agency's current capacity to develop and implement the proposed project, the user charges, if any, contemplated by the public agency's plan and how these user charges compare with user charges that would be imposed by a private entity developing and implementing the same project, the project delivery

schedule proposed by the public agency, and other reasonable factors that are necessary, including consideration of risks and whether subsidy costs may be reduced, to determine whether development and implementation of the project by the public agency is in the best interest of the people of this State.

(d) If the transportation agency rejects or fails to negotiate mutually acceptable terms regarding a public agency’s plan for developing and implementing the transportation project during the 120-day period described in subsection (c), then the public agency may not participate in the procurement for the proposed transportation project by submitting a proposal of its own. Following a rejection or failure to reach agreement regarding a public agency’s plan, if the transportation agency later proceeds with a procurement in which it materially changes (i) the nature or scope of the project; (ii) any subsidies, benefits, concessions, or other significant project-related considerations made available to the bidders; or (iii) any other terms of the project, as compared to when the transportation agency supplied information about the project to public agencies under subsection (c), then the transportation agency shall give public agencies another opportunity in accordance with subsection (c) to provide proposals for developing and implementing the project.

(e) Nothing in this Section 20 requires a transportation agency to go through a procurement process prior to developing and implementing a project through a public agency as described in subsection (c).

The selection of professional design firms by a transportation agency or private entity shall comply with the Architectural, Engineering, and Land Surveying Qualifications Based Selection Act or Section 25 of this Act.

Nothing in this Act shall preclude a public agency, including the Department or the Authority, from submitting a proposal to develop or operate, or to develop and operate, a transportation facility as a transportation project. The transportation agency shall give a proposal submitted by a public agency equal consideration as it gives proposals submitted by private entities, and, for that purpose, treat the public agency as a private entity.

(f) All procurement processes shall incorporate requirements and set forth goals for participation by disadvantaged business enterprises as allowed under State and federal law.

(g) (b) The transportation agency shall establish a process to shortlist for prequalification of all potential private entities. The
transportation agency shall: (i) provide a public notice of the shortlisting process for such period as deemed appropriate by the agency; (ii) set forth requirements and evaluation criteria in a request for prequalification applications, if any, meet the minimum requirements and best satisfy the evaluation criteria set forth in the request for qualifications; and (iv) allow only those entities, or groups of entities such as unincorporated joint ventures, that have been shortlisted to submit proposals or bids. Throughout the procurement period and as necessary following the award of a contract, the transportation agency shall make publicly available on its website information regarding firms that are prequalified by the transportation agency pursuant to Section 20 of the Architectural, Engineering, and Land Surveying Qualifications Based Selection Act to provide architectural, engineering, and land surveying services. The transportation agencies shall require private entities to use firms prequalified under this Act to provide architectural, engineering, and land surveying services. Firms identified to provide architectural, engineering, and land surveying services in a statement of qualifications shall be prequalified under the Act to provide the identified services prior to the transportation agency's award of the contract for such services.

(h) Competitive sealed bidding requirements:

(1) All contracts shall be awarded by competitive sealed bidding except as otherwise provided in subsection (i) of this Section and Section 25 of this Act.

(2) An invitation for bids shall be issued and shall include a description of the public-private partnership with a private entity for the development, finance, and operation of a transportation facility as a transportation project, and the material contractual terms and conditions applicable to the procurement.

(3) Public notice of the invitation for bids shall be published in the State of Illinois Procurement Bulletin at least 21 days before the date set in the invitation for the opening of bids.

(4) Bids shall be opened publicly in the presence of one or more witnesses at the time and place designated in the invitation for bids. The name of each bidder, the amount of each bid, and other relevant information as may be specified by rule shall be available for public inspection. recorded. After the award of the contract, the winning bid and the record of each unsuccessful bid shall be open to public inspection.

(5) Bids shall be unconditionally accepted without alteration or correction, except as authorized in this Act. Bids shall be evaluated based on the requirements set forth in the invitation for bids, which may include criteria to determine acceptability such as inspection, testing, quality, workmanship, delivery, and suitability for a particular purpose. Those criteria that will affect the bid price and be considered in evaluation for award, such as discounts, transportation costs, and total or life cycle costs, shall be objectively measurable. The invitation for bids shall set forth the evaluation criteria to be used.

(6) Correction or withdrawal of inadvertently erroneous bids before or after award, or cancellation of awards of contracts based on bid mistakes, shall be permitted in accordance with rules. After bid opening, no changes in bid prices or other provisions of bids prejudicial to the interest of the State or fair competition shall be permitted. All decisions to permit the correction or withdrawal of bids based on bid mistakes shall be supported by written determination made by the transportation agency.

(7) The contract shall be awarded with reasonable promptness by written notice to the lowest responsible and responsive bidder whose bid meets the requirements and criteria set forth in the invitation for bids, except when the transportation agency determines it is not in the best interest of the State and by written explanation determines another bidder shall receive the award. The explanation shall appear in the appropriate volume of the State of Illinois Procurement Bulletin. The written explanation must include:

(A) a description of the agency's needs;
(B) a determination that the anticipated cost will be fair and reasonable;
(C) a listing of all responsible and responsive bidders; and
(D) the name of the bidder selected, pricing, and the reasons for selecting that bidder.

(8) When it is considered impracticable to initially prepare a purchase description to support an award based on price, an invitation for bids may be issued requesting the submission of

unpriced offers to be followed by an invitation for bids limited to those bidders whose offers have been qualified under the criteria set forth in the first solicitation.

(i) (d) Competitive sealed proposal requirements:

(1) When the transportation agency determines in writing that the use of competitive sealed bidding or design-build procurement is either not practicable or not advantageous to the State, a contract may be entered into by competitive sealed proposals.

(2) Proposals shall be solicited through a request for proposals.

(3) Public notice of the request for proposals shall be published in the State of Illinois Procurement Bulletin at least 21 days before the date set in the invitation for the opening of proposals.

(4) Proposals shall be opened publicly in the presence of one or more witnesses at the time and place designated in the request for proposals, but proposals shall be opened in a manner to avoid disclosure of contents to competing offerors during the process of negotiation. A record of proposals shall be prepared and shall be open for public inspection after contract award.

(5) The requests for proposals shall state the relative importance of price and other evaluation factors. Proposals shall be submitted in 2 parts: (i) covering items except price; and (ii) covering price. The first part of all proposals shall be evaluated and ranked independently of the second part of all proposals.

(6) As provided in the request for proposals and under any applicable rules, discussions may be conducted with responsible offerors who submit proposals determined to be reasonably susceptible of being selected for award for the purpose of clarifying and assuring full understanding of and responsiveness to the solicitation requirements. Those offerors shall be accorded fair and equal treatment with respect to any opportunity for discussion and revision of proposals. Revisions may be permitted after submission and before award for the purpose of obtaining best and final offers. In conducting discussions there shall be no disclosure of any information derived from proposals submitted by competing offerors. If information is disclosed to any offeror, it shall be provided to all competing offerors.
(7) Awards shall be made to the responsible offeror whose proposal is determined in writing to be the most advantageous to the State, taking into consideration price and the evaluation factors set forth in the request for proposals. The contract file shall contain the basis on which the award is made.

(j) In the case of a proposal or proposals to the Department or the Authority, the transportation agency shall determine, based on its review and evaluation of the proposal or proposals received in response to the request for proposals, which one or more proposals, if any, best serve the public purpose of this Act and satisfy the criteria set forth in the request for proposals and, with respect to such proposal or proposals, shall:

(1) submit the proposal or proposals to the Commission on Government Forecasting and Accountability, which, within 20 days of submission by the transportation agency, shall complete a review of the proposal or proposals and report on the value of the proposal or proposals to the State;

(2) hold one or more public hearings on the proposal or proposals, publish notice of the hearing or hearings at least 7 days before the hearing, and include the following in the notice: (i) the date, time, and place of the hearing and the address of the transportation agency, (ii) the subject matter of the hearing, (iii) a description of the agreement to be awarded, (iv) the determination made by the transportation agency that such proposal or proposals best serve the public purpose of this Act and satisfy the criteria set forth in the request for proposals, and (v) that the public may be heard on the proposal or proposals during the public hearing; and

(3) determine whether or not to recommend to the Governor that the Governor approve the proposal or proposals.

The Governor may approve one or more proposals recommended by the Department or the Authority based upon the review, evaluation, and recommendation of the transportation agency, the review and report of the Commission on Government Forecasting and Accountability, the public hearing, and the best interests of the State.

(k) In addition to any other rights under this Act, in connection with any procurement under this Act, the following rights are reserved to each transportation agency:

(1) to withdraw a request for information, a request for qualifications, or a request for proposals at any time, and to publish
a new request for information, request for qualifications, or request for proposals;
(2) to not approve a proposal for any reason;
(3) to not award a public-private agreement for any reason;
(4) to request clarifications to any statement of information, qualifications, or proposal received, to seek one or more revised proposals or one or more best and final offers, or to conduct negotiations with one or more private entities that have submitted proposals;
(5) to modify, during the pendency of a procurement, the terms, provisions, and conditions of a request for information, request for qualifications, or request for proposals or the technical specifications or form of a public-private agreement;
(6) to interview proposers; and
(7) any other rights available to the transportation agency under applicable law and regulations.

(l) (g) If a proposal is approved, the transportation agency shall execute the public-private agreement, publish notice of the execution of the public-private agreement on its website and in a newspaper or newspapers of general circulation within the county or counties in which the transportation project is to be located, and publish the entire agreement on its website. Any action to contest the validity of a public-private agreement entered into under this Act must be brought no later than 60 days after the date of publication of the notice of execution of the public-private agreement.

(m) (h) For any transportation project with an estimated construction cost of over $50,000,000, the transportation agency may also require the approved proposer to pay the costs for an independent audit of any and all traffic and cost estimates associated with the approved proposal, as well as a review of all public costs and potential liabilities to which taxpayers could be exposed (including improvements to other transportation facilities that may be needed as a result of the approved proposal, failure by the approved proposer to reimburse the transportation agency for services provided, and potential risk and liability in the event the approved proposer defaults on the public-private agreement or on bonds issued for the project). If required by the transportation agency, this independent audit must be conducted by an independent consultant selected by the transportation agency, and all information from the review must be fully disclosed.

Sec. 25. Design-build procurement.

(a) This Section 25 shall apply only to transportation projects for which the Department or the Authority intends to execute a design-build agreement, in which case the Department or the Authority shall abide by the requirements and procedures of this Section 25 in addition to other applicable requirements and procedures set forth in this Act.

(b)(1) The transportation agency must issue a notice of intent to receive proposals for the project at least 14 days before issuing the request for the qualifications. The transportation agency must publish the advance notice in a daily newspaper of general circulation in the county where the transportation agency is located. The transportation agency is encouraged to use publication of the notice in related construction industry service publications. A brief description of the proposed procurement must be included in the notice. The transportation agency must provide a copy of the request for qualifications to any party requesting a copy.

(2) The request for qualifications shall be prepared for each project and must contain, without limitation, the following information: (i) the name of the transportation agency; (ii) a preliminary schedule for the completion of the contract; (iii) the proposed budget for the project and the source of funds, to the extent not already reflected in the Department's Multi-Year Highway Improvement Program and the currently available funds at the time the request for proposal is submitted; (iv) the shortlisting process prequalification criteria for design-build entities or groups of entities such as unincorporated joint ventures wishing to submit proposals (the transportation agency shall include, at a minimum, its normal prequalification, licensing, registration, and other requirements, but nothing contained herein precludes the use of additional prequalification criteria by the transportation agency); (v) a summary of anticipated material requirements of the contract, including but not limited to, the proposed terms and conditions, required performance and payment bonds, insurance, and the entity's plan to comply with the utilization goals established by the corporate authorities of the transportation agency for minority and women business enterprises and compliance to comply with
Section 2-105 of the Illinois Human Rights Act; and (vi) the performance criteria; (vii) the evaluation criteria for each phase of the solicitation; and (viii) the anticipated number of entities that will be shortlisted considered for the request for proposals phase.

(3) The transportation agency may include any other relevant information in the request for qualifications that it chooses to supply. The private entity shall be entitled to rely upon the accuracy of this documentation in the development of its statement of qualifications and its proposal only to the extent expressly warranted by the transportation agency.

(4) The date that statements of qualifications are due must be at least 21 calendar days after the date of the issuance of the request for qualifications. In the event the cost of the project is estimated to exceed $12,000,000, then the statement of qualifications due date must be at least 28 calendar days after the date of the issuance of the request for qualifications. The transportation agency shall include in the request for proposals a minimum of 30 days to develop the proposals after the selection of entities from the evaluation of the statements of qualifications is completed.

(c)(1) The transportation agency shall develop, with the assistance of a licensed design professional, the request for qualifications and the request for proposals, which shall include scope and performance criteria. The scope and performance criteria must be in sufficient detail and contain adequate information to reasonably apprise the private entities of the transportation agency's overall programmatic needs and goals, including criteria and preliminary design plans, general budget parameters, schedule, and delivery requirements.

(2) Each request for qualifications and request for proposals shall also include a description of the level of design to be provided in the proposals. This description must include the scope and type of renderings, drawings, and specifications that, at a minimum, will be required by the transportation agency to be produced by the private entities.

(3) The scope and performance criteria shall be prepared by a design professional who is an employee of the transportation agency, or the transportation agency may contract with an independent design professional selected under the Architectural, Engineering, and Land Surveying Qualifications Based Selection Act to provide these services.
(4) The design professional that prepares the scope and performance criteria is prohibited from participating in any private entity proposal for the project.

(d)(1) The transportation agency must use a two phase procedure for the selection of the successful design-build entity. The request for qualifications phase will evaluate and shortlist the private entities based on qualifications, and the request for proposals will evaluate the technical and cost proposals.

(2) The transportation agency shall include in the request for qualifications the evaluating factors to be used in the request for qualifications phase. These factors are in addition to any prequalification requirements of private entities that the transportation agency has set forth. Each request for qualifications shall establish the relative importance assigned to each evaluation factor and subfactor, including any weighting of criteria to be employed by the transportation agency. The transportation agency may include any additional relevant criteria in the request for qualifications phase that it deems necessary for a proper qualification review.

Upon completion of the qualifications evaluation, the transportation agency shall create a shortlist of the most highly qualified private entities.

New matter indicated by italics - deletions by strikeout
The transportation agency shall notify the entities selected for the shortlist in writing. This notification shall commence the period for the preparation of the request for proposals phase technical and cost evaluations. The transportation agency must allow sufficient time for the shortlist entities to prepare their proposals considering the scope and detail requested by the transportation agency.

(3) The transportation agency shall include in the request for proposals the evaluating factors to be used in the technical and cost submission components. Each request for proposals shall establish, for both the technical and cost submission components, the relative importance assigned to each evaluation factor and subfactor, including any weighting of criteria to be employed by the transportation agency. The transportation agency must maintain a record of the evaluation scoring to be disclosed in event of a protest regarding the solicitation.

The transportation agency shall include the following criteria in every request for proposals phase technical evaluation of private entities:

PUBLIC ACT 97-0859
(Senate Bill No. 3325)

AN ACT concerning children.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Abused and Neglected Child Reporting Act is amended by changing Section 8.2 as follows:

(325 ILCS 5/8.2) (from Ch. 23, par. 2058.2)

Sec. 8.2. If the Child Protective Service Unit determines, following an investigation made pursuant to Section 7.4 of this Act, that there is credible evidence that the child is abused or neglected, the Department shall assess the family's need for services, and, as necessary, develop, with the family, an appropriate service plan for the family's voluntary acceptance or refusal. In any case where there is evidence that the

New matter indicated by italics - deletions by strikeout
perpetrator of the abuse or neglect is an addict or alcoholic as defined in the Alcoholism and Other Drug Abuse and Dependency Act, the Department, when making referrals for drug or alcohol abuse services, shall make such referrals to facilities licensed by the Department of Human Services or the Department of Public Health. The Department shall comply with Section 8.1 by explaining its lack of legal authority to compel the acceptance of services and may explain its concomitant authority to petition the Circuit court under the Juvenile Court Act of 1987 or refer the case to the local law enforcement authority or State's attorney for criminal prosecution.

For purposes of this Act, the term "family preservation services" refers to all services to help families, including adoptive and extended families. Family preservation services shall be offered, where safe and appropriate, to prevent the placement of children in substitute care when the children can be cared for at home or in the custody of the person responsible for the children's welfare without endangering the children's health or safety, to reunite them with their families if so placed when reunification is an appropriate goal, or to maintain an adoptive placement. The term "homemaker" includes emergency caretakers, homemakers, caretakers, housekeepers and chore services. The term "counseling" includes individual therapy, infant stimulation therapy, family therapy, group therapy, self-help groups, drug and alcohol abuse counseling, vocational counseling and post-adoptive services. The term "day care" includes protective day care and day care to meet educational, prevocational or vocational needs. The term "emergency assistance and advocacy" includes coordinated services to secure emergency cash, food, housing and medical assistance or advocacy for other subsistence and family protective needs.

Before July 1, 2000, appropriate family preservation services shall, subject to appropriation, be included in the service plan if the Department has determined that those services will ensure the child's health and safety, are in the child's best interests, and will not place the child in imminent risk of harm. Beginning July 1, 2000, appropriate family preservation services shall be uniformly available throughout the State. The Department shall promptly notify children and families of the Department's responsibility to offer and provide family preservation services as identified in the service plan. Such plans may include but are not limited to: case management services; homemakers; counseling; parent education; day care; emergency assistance and advocacy assessments; respite care; in-

home health care; transportation to obtain any of the above services; and medical assistance. Nothing in this paragraph shall be construed to create a private right of action or claim on the part of any individual or child welfare agency, except that when a child is the subject of an action under Article II of the Juvenile Court Act of 1987 and the child's service plan calls for services to facilitate achievement of the permanency goal, the court hearing the action under Article II of the Juvenile Court Act of 1987 may order the Department to provide the services set out in the plan, if those services are not provided with reasonable promptness and if those services are available.

The Department shall provide a preliminary report to the General Assembly no later than January 1, 1991, in regard to the provision of services authorized pursuant to this Section. The report shall include:

(a) the number of families and children served, by type of services;

(b) the outcome from the provision of such services, including the number of families which remained intact at least 6 months following the termination of services;

(c) the number of families which have been subjects of founded reports of abuse following the termination of services;

(d) an analysis of general family circumstances in which family preservation services have been determined to be an effective intervention;

(e) information regarding the number of families in need of services but unserved due to budget or program criteria guidelines;

(f) an estimate of the time necessary for and the annual cost of statewide implementation of such services;

(g) an estimate of the length of time before expansion of these services will be made to include families with children over the age of 6; and

(h) recommendations regarding any proposed legislative changes to this program.

Each Department field office shall maintain on a local basis directories of services available to children and families in the local area where the Department office is located.

The Department shall refer children and families served pursuant to this Section to private agencies and governmental agencies, where available.

Where there are 2 equal proposals from both a not-for-profit and a for-profit agency to provide services, the Department shall give preference to the proposal from the not-for-profit agency.

No service plan shall compel any child or parent to engage in any activity or refrain from any activity which is not reasonably related to remedying a condition or conditions that gave rise or which could give rise to any finding of child abuse or neglect.

Under no circumstances shall any person in charge of such institution, facility, board and care home, or agency, or his or her designated agent to whom the notification has been made, exercise any control, restraint, modification, or other change in the report or the forwarding of the report to an agency designated to receive such reports under this Act or to the Department. The privileged quality of communication between any professional person required to report and his or her patient or client shall not apply to situations involving abused, neglected, or financially exploited eligible adults and shall not constitute grounds for failure to report as required by this Act.

(a-7) A person making a report under this Act in the belief that it is in the alleged victim's best interest shall be immune from criminal or civil liability or professional disciplinary action on account of making the report, notwithstanding any requirements concerning the confidentiality of information with respect to such eligible adult which might otherwise be applicable.

Any person, institution or agency authorized by the Department to provide assessment, intervention, or administrative services under this Act shall, in the good faith performance of those services, have immunity from any civil, criminal or
other liability in any civil, criminal, or other proceeding brought as a consequence of the performance of those services. For the purposes of any civil, criminal, or other proceeding, the good faith of any person required to report, permitted to report, or participating in an investigation of a report of alleged or suspected abuse, neglect, financial exploitation, or self-neglect shall be presumed.

(c) The identity of a person making a report of alleged or suspected abuse, neglect, financial exploitation, or self-neglect under this Act may be disclosed by the Department or other agency provided for in this Act only with such person's written consent or by court order.

(d) The Department shall by rule establish a system for filing and compiling reports made under this Act.

AN ACT concerning State government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The State Budget Law of the Civil Administrative Code of Illinois is amended by changing Section 50-30 as follows:

(15 ILCS 20/50-30)

Sec. 50-30. Long-term care rebalancing. In light of the increasing demands confronting the State in meeting the needs of individuals utilizing long-term care services under the medical assistance program and any other long-term care related benefit program administered by the State, it is the intent of the General Assembly to address the needs of both the...
State and the individuals eligible for such services by cost effective and efficient means through the advancement of a long-term care rebalancing initiative. Notwithstanding any State law to the contrary, and subject to federal laws, regulations, and court decrees, the following shall apply to the long-term care rebalancing initiative:

(1) "Long-term care rebalancing", as used in this Section, means removing barriers to community living for people of all ages with disabilities and long-term illnesses by offering individuals utilizing long-term care services a reasonable array of options, in particular adequate choices of community and institutional options, to achieve a balance between the proportion of total Medicaid long-term support expenditures used for institutional services and those used for community-based supports, taking into account the relative costs associated with caring for medically compromised, frail older adults who need institutional care and the costs associated with providing support services to higher functioning, less medically compromised older adults who are able to live independently in the community.

(2) Subject to the provisions of this Section, the Governor shall create a unified budget report identifying the budgets of all State agencies offering long-term care services to persons in either institutional or community settings, including the budgets of State-operated facilities for persons with developmental disabilities that shall include, but not be limited to, the following service and financial data:

(A) A breakdown of long-term care services, defined as institutional or community care, by the State agency primarily responsible for administration of the program.

(B) Actual and estimated enrollment, caseload, service hours, or service days provided for long-term care services described in a consistent format for those services, for each of the following age groups: older adults 65 years of age and older, younger adults 21 years of age through 64 years of age, and children under 21 years of age.

(C) Funding sources for long-term care services.

(D) Comparison of service and expenditure data, by services, both in aggregate and per person enrolled.
(3) For each fiscal year, the unified budget report described in subdivision (2) shall be prepared with reference to the prioritized outcomes for that fiscal year contemplated by Sections 50-5 and 50-25 of this Code.

(4) Each State agency responsible for the administration of long-term care services shall provide an analysis of the progress being made by the agency to transition persons from institutional to community settings, where appropriate, as part of the State's long-term care rebalancing initiative.

(5) The Governor may designate amounts set aside for institutional services appropriated from the General Revenue Fund or any other State fund that receives monies for long-term care services to be transferred to all State agencies responsible for the administration of community-based long-term care programs, including, but not limited to, community-based long-term care programs administered by the Department of Healthcare and Family Services, the Department of Human Services, and the Department on Aging, provided that the Director of Healthcare and Family Services first certifies that the amounts being transferred are necessary for the purpose of assisting persons in or at risk of being in institutional care to transition to community-based settings, including the financial data needed to prove the need for the transfer of funds. The total amounts transferred shall not exceed 4% in total of the amounts appropriated from the General Revenue Fund or any other State fund that receives monies for long-term care services for each fiscal year. A notice of the fund transfer must be made to the General Assembly and posted at a minimum on the Department of Healthcare and Family Services website, the Governor's Office of Management and Budget website, and any other website the Governor sees fit. These postings shall serve as notice to the General Assembly of the amounts to be transferred. Notice shall be given at least 30 days prior to transfer.

(6) This Section shall be liberally construed and interpreted in a manner that allows the State to advance its long-term care rebalancing initiatives.

Sec. 6. (a) When an authorized agent of the Director finds or has probable cause to believe that any food, drug, device or cosmetic is adulterated or so misbranded as to be dangerous or fraudulent within the meaning of this Act, or is in violation of Section 12, 17 or 17.1 of this Act, or is suspected to be a synthetic drug product, he or she shall affix to such article a tag or other appropriate marking giving notice that the article is or is suspected of being adulterated or misbranded and has been detained or embargoed and warning all persons not to remove or dispose of such article by sale or otherwise until permission for removal or disposal is given by such agent or the court. It is unlawful for any person to remove or dispose of such detained or embargoed article by sale or otherwise without such permission.

(c) If the court finds that a detained or embargoed article is adulterated or misbranded, such article shall, after entry of the judgment, be destroyed at the expense of the claimant thereof, under the supervision of such agent, and all court costs and fees, and storage and other proper expenses, shall be taxed against the claimant of such article or his or her agent. However, when the adulteration or misbranding can be corrected by proper labeling or processing of the article, the court, after entry of the judgment and after such costs, fees and expenses have been paid and a good and sufficient bond, conditioned that such article shall be so labeled or processed, has been executed, may by order direct that such article be delivered to the claimant thereof for such labeling or processing under the supervision of an agent of the Director. The expense of such supervision shall be paid by the claimant. The article shall be returned to the claimant and the bond shall be discharged on the representation to the court by the Director that the article is no longer in violation of this Act, and that the expenses of such supervision have been paid.

such amendatory Act of 1987 shall not apply until the termination of such collective bargaining agreement or January 1, 1990, whichever occurs first.

(C)(1) For purposes of this Act, the term "disability" shall not include any employee or applicant who is currently engaging in the illegal use of drugs, when an employer acts on the basis of such use.

(2) Paragraph (1) shall not apply where an employee or applicant for employment:

Section 99. Effective date. This Act takes effect upon becoming law.

Approved August 2, 2012.
Effective August 2, 2012.
PUBLIC ACT 97-0878
(House Bill No. 3960)

AN ACT concerning civil law.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Marriage and Dissolution of Marriage Act is amended by changing Section 505 as follows:

(750 ILCS 5/505) (from Ch. 40, par. 505)
Sec. 505. Child support; contempt; penalties.
(a) In a proceeding for dissolution of marriage, legal separation, declaration of invalidity of marriage, a proceeding for child support following dissolution of the marriage by a court which lacked personal jurisdiction over the absent spouse, a proceeding for modification of a previous order for child support under Section 510 of this Act, or any proceeding authorized under Section 501 or 601 of this Act, the court may order either or both parents owing a duty of support to a child of the marriage to pay an amount reasonable and necessary for his support, without regard to marital misconduct. The duty of support owed to a child includes the obligation to provide for the reasonable and necessary physical, mental and emotional health needs of the child. For purposes of this Section, the term "child" shall include any child under age 18 and any child under age 19 who is still attending high school.

(1) The Court shall determine the minimum amount of support by using the following guidelines:

<table>
<thead>
<tr>
<th>Number of Children</th>
<th>Percent of Supporting Party's Net Income</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>20%</td>
</tr>
<tr>
<td>2</td>
<td>28%</td>
</tr>
<tr>
<td>3</td>
<td>32%</td>
</tr>
<tr>
<td>4</td>
<td>40%</td>
</tr>
<tr>
<td>5</td>
<td>45%</td>
</tr>
<tr>
<td>6 or more</td>
<td>50%</td>
</tr>
</tbody>
</table>

(2) The above guidelines shall be applied in each case unless the court makes a finding that application of the guidelines would be inappropriate, after considering the best interests of the child in light of evidence including but not limited to one or more of the following relevant factors:

(a) the financial resources and needs of the child;

New matter indicated by italics - deletions by strikeout
(b) the financial resources and needs of the custodial parent;
(c) the standard of living the child would have enjoyed had the marriage not been dissolved;
(d) the physical and emotional condition of the child, and his educational needs; and
(e) the financial resources and needs of the non-custodial parent.

If the court deviates from the guidelines, the court's finding shall state the amount of support that would have been required under the guidelines, if determinable. The court shall include the reason or reasons for the variance from the guidelines.

(3) "Net income" is defined as the total of all income from all sources, minus the following deductions:

(a) Federal income tax (properly calculated withholding or estimated payments);
(b) State income tax (properly calculated withholding or estimated payments);
(c) Social Security (FICA payments);
(d) Mandatory retirement contributions required by law or as a condition of employment;
(e) Union dues;
(f) Dependent and individual health/hospitalization insurance premiums and life insurance premiums for life insurance ordered by the court to reasonably secure payment of ordered child support or support ordered pursuant to Section 513, any such order to entail provisions on which the parties agree or, otherwise, in accordance with the limitations set forth in subsection 504(f)(1) and (2);
(g) Prior obligations of support or maintenance actually paid pursuant to a court order;
(h) Expenditures for repayment of debts that represent reasonable and necessary expenses for the production of income, medical expenditures necessary to preserve life or health, reasonable expenditures for the benefit of the child and the other parent, exclusive of gifts. The court shall reduce net income in determining the minimum amount of support to be ordered only for the period that such payments are due and shall enter an order

New matter indicated by italics - deletions by strikeout
containing provisions for its self-executing modification upon termination of such payment period;

(i) Foster care payments paid by the Department of Children and Family Services for providing licensed foster care to a foster child.

(4) In cases where the court order provides for health/hospitalization insurance coverage pursuant to Section 505.2 of this Act, the premiums for that insurance, or that portion of the premiums for which the supporting party is responsible in the case of insurance provided through an employer's health insurance plan where the employer pays a portion of the premiums, shall be subtracted from net income in determining the minimum amount of support to be ordered.

(4.5) In a proceeding for child support following dissolution of the marriage by a court that lacked personal jurisdiction over the absent spouse, and in which the court is requiring payment of support for the period before the date an order for current support is entered, there is a rebuttable presumption that the supporting party's net income for the prior period was the same as his or her net income at the time the order for current support is entered.

(5) If the net income cannot be determined because of default or any other reason, the court shall order support in an amount considered reasonable in the particular case. The final order in all cases shall state the support level in dollar amounts. However, if the court finds that the child support amount cannot be expressed exclusively as a dollar amount because all or a portion of the payor's net income is uncertain as to source, time of payment, or amount, the court may order a percentage amount of support in addition to a specific dollar amount and enter such other orders as may be necessary to determine and enforce, on a timely basis, the applicable support ordered.

(6) If (i) the non-custodial parent was properly served with a request for discovery of financial information relating to the non-custodial parent's ability to provide child support, (ii) the non-custodial parent failed to comply with the request, despite having been ordered to do so by the court, and (iii) the non-custodial parent is not present at the hearing to determine support despite having received proper notice, then any relevant financial

New matter indicated by italics - deletions by strikeout
information concerning the non-custodial parent's ability to provide child support that was obtained pursuant to subpoena and proper notice shall be admitted into evidence without the need to establish any further foundation for its admission.

(a-5) In an action to enforce an order for support based on the respondent's failure to make support payments as required by the order, notice of proceedings to hold the respondent in contempt for that failure may be served on the respondent by personal service or by regular mail addressed to the respondent's last known address. The respondent's last known address may be determined from records of the clerk of the court, from the Federal Case Registry of Child Support Orders, or by any other reasonable means.

(b) Failure of either parent to comply with an order to pay support shall be punishable as in other cases of contempt. In addition to other penalties provided by law the Court may, after finding the parent guilty of contempt, order that the parent be:

(1) placed on probation with such conditions of probation as the Court deems advisable;
(2) sentenced to periodic imprisonment for a period not to exceed 6 months; provided, however, that the Court may permit the parent to be released for periods of time during the day or night to:
   (A) work; or
   (B) conduct a business or other self-employed occupation.

The Court may further order any part or all of the earnings of a parent during a sentence of periodic imprisonment paid to the Clerk of the Circuit Court or to the parent having custody or to the guardian having custody of the children of the sentenced parent for the support of said children until further order of the Court.

If there is a unity of interest and ownership sufficient to render no financial separation between a non-custodial parent and another person or persons or business entity, the court may pierce the ownership veil of the person, persons, or business entity to discover assets of the non-custodial parent held in the name of that person, those persons, or that business entity. The following circumstances are sufficient to authorize a court to order discovery of the assets of a person, persons, or business entity and to compel the application of any discovered assets toward payment on the judgment for support:

New matter indicated by italics - deletions by strikeout
(1) the non-custodial parent and the person, persons, or business entity maintain records together.

(2) the non-custodial parent and the person, persons, or business entity fail to maintain an arms length relationship between themselves with regard to any assets.

(3) the non-custodial parent transfers assets to the person, persons, or business entity with the intent to perpetrate a fraud on the custodial parent.

With respect to assets which are real property, no order entered under this paragraph shall affect the rights of bona fide purchasers, mortgagees, judgment creditors, or other lien holders who acquire their interests in the property prior to the time a notice of lis pendens pursuant to the Code of Civil Procedure or a copy of the order is placed of record in the office of the recorder of deeds for the county in which the real property is located.

The court may also order in cases where the parent is 90 days or more delinquent in payment of support or has been adjudicated in arrears in an amount equal to 90 days obligation or more, that the parent's Illinois driving privileges be suspended until the court determines that the parent is in compliance with the order of support. The court may also order that the parent be issued a family financial responsibility driving permit that would allow limited driving privileges for employment and medical purposes in accordance with Section 7-702.1 of the Illinois Vehicle Code. The clerk of the circuit court shall certify the order suspending the driving privileges of the parent or granting the issuance of a family financial responsibility driving permit to the Secretary of State on forms prescribed by the Secretary. Upon receipt of the authenticated documents, the Secretary of State shall suspend the parent's driving privileges until further order of the court and shall, if ordered by the court, subject to the provisions of Section 7-702.1 of the Illinois Vehicle Code, issue a family financial responsibility driving permit to the parent.

In addition to the penalties or punishment that may be imposed under this Section, any person whose conduct constitutes a violation of Section 15 of the Non-Support Punishment Act may be prosecuted under that Act, and a person convicted under that Act may be sentenced in accordance with that Act. The sentence may include but need not be limited to a requirement that the person perform community service under Section 50 of that Act or participate in a work alternative program under Section 50 of that Act. A person may not be required to participate in a

New matter indicated by italics - deletions by strikeout
work alternative program under Section 50 of that Act if the person is currently participating in a work program pursuant to Section 505.1 of this Act.

A support obligation, or any portion of a support obligation, which becomes due and remains unpaid as of the end of each month, excluding the child support that was due for that month to the extent that it was not paid in that month, shall accrue simple interest as set forth in Section 12-109 of the Code of Civil Procedure. An order for support entered or modified on or after January 1, 2006 shall contain a statement that a support obligation required under the order, or any portion of a support obligation required under the order, that becomes due and remains unpaid as of the end of each month, excluding the child support that was due for that month to the extent that it was not paid in that month, shall accrue simple interest as set forth in Section 12-109 of the Code of Civil Procedure. Failure to include the statement in the order for support does not affect the validity of the order or the accrual of interest as provided in this Section.

(c) A one-time charge of 20% is imposable upon the amount of past-due child support owed on July 1, 1988 which has accrued under a support order entered by the court. The charge shall be imposed in accordance with the provisions of Section 10-21 of the Illinois Public Aid Code and shall be enforced by the court upon petition.

(d) Any new or existing support order entered by the court under this Section shall be deemed to be a series of judgments against the person obligated to pay support thereunder, each such judgment to be in the amount of each payment or installment of support and each such judgment to be deemed entered as of the date the corresponding payment or installment becomes due under the terms of the support order. Each such judgment shall have the full force, effect and attributes of any other judgment of this State, including the ability to be enforced. Notwithstanding any other State or local law to the contrary, a lien arises by operation of law against the real and personal property of the noncustodial parent for each installment of overdue support owed by the noncustodial parent.

(e) When child support is to be paid through the clerk of the court in a county of 1,000,000 inhabitants or less, the order shall direct the obligor to pay to the clerk, in addition to the child support payments, all fees imposed by the county board under paragraph (3) of subsection (u) of Section 27.1 of the Clerks of Courts Act. Unless paid in cash or pursuant
to an order for withholding, the payment of the fee shall be by a separate instrument from the support payment and shall be made to the order of the Clerk.

(f) All orders for support, when entered or modified, shall include a provision requiring the obligor to notify the court and, in cases in which a party is receiving child and spouse services under Article X of the Illinois Public Aid Code, the Department of Healthcare and Family Services, within 7 days, (i) of the name and address of any new employer of the obligor, (ii) whether the obligor has access to health insurance coverage through the employer or other group coverage and, if so, the policy name and number and the names of persons covered under the policy, and (iii) of any new residential or mailing address or telephone number of the non-custodial parent. In any subsequent action to enforce a support order, upon a sufficient showing that a diligent effort has been made to ascertain the location of the non-custodial parent, service of process or provision of notice necessary in the case may be made at the last known address of the non-custodial parent in any manner expressly provided by the Code of Civil Procedure or this Act, which service shall be sufficient for purposes of due process.

(g) An order for support shall include a date on which the current support obligation terminates. The termination date shall be no earlier than the date on which the child covered by the order will attain the age of 18. However, if the child will not graduate from high school until after attaining the age of 18, then the termination date shall be no earlier than the earlier of the date on which the child's high school graduation will occur or the date on which the child will attain the age of 19. The order for support shall state that the termination date does not apply to any arrearage that may remain unpaid on that date. Nothing in this subsection shall be construed to prevent the court from modifying the order or terminating the order in the event the child is otherwise emancipated.

(g-5) If there is an unpaid arrearage or delinquency (as those terms are defined in the Income Withholding for Support Act) equal to at least one month's support obligation on the termination date stated in the order for support or, if there is no termination date stated in the order, on the date the child attains the age of majority or is otherwise emancipated, the periodic amount required to be paid for current support of that child immediately prior to that date shall automatically continue to be an obligation, not as current support but as periodic payment toward satisfaction of the unpaid arrearage or delinquency. That periodic payment

New matter indicated by italics - deletions by strikeout
shall be in addition to any periodic payment previously required for satisfaction of the arrearage or delinquency. The total periodic amount to be paid toward satisfaction of the arrearage or delinquency may be enforced and collected by any method provided by law for enforcement and collection of child support, including but not limited to income withholding under the Income Withholding for Support Act. Each order for support entered or modified on or after the effective date of this amendatory Act of the 93rd General Assembly must contain a statement notifying the parties of the requirements of this subsection. Failure to include the statement in the order for support does not affect the validity of the order or the operation of the provisions of this subsection with regard to the order. This subsection shall not be construed to prevent or affect the establishment or modification of an order for support of a minor child or the establishment or modification of an order for support of a non-minor child or educational expenses under Section 513 of this Act.

(h) An order entered under this Section shall include a provision requiring the obligor to report to the obligee and to the clerk of court within 10 days each time the obligor obtains new employment, and each time the obligor's employment is terminated for any reason. The report shall be in writing and shall, in the case of new employment, include the name and address of the new employer. Failure to report new employment or the termination of current employment, if coupled with nonpayment of support for a period in excess of 60 days, is indirect criminal contempt. For any obligor arrested for failure to report new employment bond shall be set in the amount of the child support that should have been paid during the period of unreported employment. An order entered under this Section shall also include a provision requiring the obligor and obligee parents to advise each other of a change in residence within 5 days of the change except when the court finds that the physical, mental, or emotional health of a party or that of a child, or both, would be seriously endangered by disclosure of the party's address.

(i) The court does not lose the powers of contempt, driver's license suspension, or other child support enforcement mechanisms, including, but not limited to, criminal prosecution as set forth in this Act, upon the emancipation of the minor child or children.

(805 ILCS 5/8.75) (from Ch. 32, par. 8.75)

Sec. 8.75. Indemnification of officers, directors, employees and agents; insurance.

(a) A corporation may indemnify any person who was or is a party, or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of the corporation) by reason of the fact that he or she is or was a director, officer, employee or agent of the corporation, or who is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with such action, suit or proceeding, if such person acted in good faith and in a manner he or she reasonably believed to be in, or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his or her conduct was unlawful. The termination of any action, suit or proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith and in a manner which he or she reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his or her conduct was unlawful.

(b) A corporation may indemnify any person who was or is a party, or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the corporation to procure a judgment in its favor by reason of the fact that such person is or was a
director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys' fees) actually and reasonably incurred by such person in connection with the defense or settlement of such action or suit, if such person acted in good faith and in a manner he or she reasonably believed to be in, or not opposed to, the best interests of the corporation, provided that no indemnification shall be made with respect to any claim, issue, or matter as to which such person has been adjudged to have been liable to the corporation, unless, and only to the extent that the court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability, but in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses as the court shall deem proper.

(c) To the extent that a present or former director, officer or employee of a corporation has been successful, on the merits or otherwise, in the defense of any action, suit or proceeding referred to in subsections (a) and (b), or in defense of any claim, issue or matter therein, such person shall be indemnified against expenses (including attorneys' fees) actually and reasonably incurred by such person in connection therewith, if the person acted in good faith and in a manner he or she reasonably believed to be in, or not opposed to, the best interests of the corporation.

(d) Any indemnification under subsections (a), and (b), or (c) (unless ordered by a court) shall be made by the corporation only as authorized in the specific case, upon a determination that indemnification of the present or former director, officer, employee or agent is proper in the circumstances because he or she has met the applicable standard of conduct set forth in subsections (a), (b), or (c) (b). Such determination shall be made with respect to a person who is a director or officer of the corporation at the time of the determination: (1) by the majority vote of the directors who are not parties to such action, suit or proceeding, even though less than a quorum, (2) by a committee of such the directors who are not parties to such action, suit, or proceeding, even though less than a quorum, designated by a majority vote of such the directors, (3) if there are no such directors, or if such the directors so direct, by independent legal counsel in a written opinion, or (4) by the shareholders.

(e) Expenses (including attorney's fees) incurred by an officer or director of the corporation in defending a civil or criminal action, suit or
proceeding may be paid by the corporation in advance of the final disposition of such action, suit or proceeding upon receipt of an undertaking by or on behalf of such director or officer to repay such amount if it shall ultimately be determined that such person is not entitled to be indemnified by the corporation as authorized in this Section. Such expenses (including attorney’s fees) incurred by former directors and officers or other employees and agents of the corporation or by persons serving at the request of the corporation as directors, officers, employees or agents of another corporation, partnership, joint venture, trust or other enterprise may be so paid on such terms and conditions, if any, as the corporation deems appropriate.

(f) The indemnification and advancement of expenses provided by or granted under the other subsections of this Section shall not be deemed exclusive of any other rights to which those seeking indemnification or advancement of expenses may be entitled under any by-law, agreement, vote of shareholders or disinterested directors, or otherwise, both as to action in his or her official capacity and as to action in another capacity while holding such office. A right to indemnification or to advancement of expenses arising under a provision of the articles of incorporation or a by-law shall not be eliminated or impaired by an amendment to such provision after the occurrence of the act or omission that is the subject of the civil, criminal, administrative or investigative action, suit or proceeding for which indemnification or advancement of expenses is sought, unless the provision in effect at the time of such act or omission explicitly authorizes such elimination or impairment after such act or omission has occurred.

(g) A corporation may purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of the corporation, or who is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against any liability asserted against such person and incurred by such person in any such capacity, or arising out of his or her status as such, whether or not the corporation would have the power to indemnify such person against such liability under the provisions of this Section.

(h) If a corporation indemnifies or advances expenses to a director or officer under subsection (b) of this Section, the corporation shall report the indemnification or advance in writing to the shareholders with or before the notice of the next shareholders meeting.
(i) For purposes of this Section, references to "the corporation" shall include, in addition to the surviving corporation, any merging corporation (including any corporation having merged with a merging corporation) absorbed in a merger which, if its separate existence had continued, would have had the power and authority to indemnify its directors, officers, and employees or agents, so that any person who was a director, officer, employee or agent of such merging corporation, or was serving at the request of such merging corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, shall stand in the same position under the provisions of this Section with respect to the surviving corporation as such person would have with respect to such merging corporation if its separate existence had continued.

(j) For purposes of this Section, references to "other enterprises" shall include employee benefit plans; references to "fines" shall include any excise taxes assessed on a person with respect to an employee benefit plan; and references to "serving at the request of the corporation" shall include any service as a director, officer, employee or agent of the corporation which imposes duties on, or involves services by such director, officer, employee, or agent with respect to an employee benefit plan, its participants, or beneficiaries. A person who acted in good faith and in a manner he or she reasonably believed to be in the best interests of the participants and beneficiaries of an employee benefit plan shall be deemed to have acted in a manner "not opposed to the best interest of the corporation" as referred to in this Section.

(k) The indemnification and advancement of expenses provided by or granted under this Section shall, unless otherwise provided when authorized or ratified, continue as to a person who has ceased to be a director, officer, employee, or agent and shall inure to the benefit of the heirs, executors, and administrators of that person.

(l) The changes to this Section made by this amendatory Act of the 92nd General Assembly apply only to actions commenced on or after the effective date of this amendatory Act of the 92nd General Assembly.

(b) A corporation may indemnify any person who was or is a party, or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the corporation to procure a judgment in its favor by reason of the fact that such person is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys' fees) actually and reasonably incurred by such person in connection with the defense or settlement of such action or suit, if such person acted in good faith and in a manner he or she reasonably believed to be in, or not opposed to, the best interests of the corporation, provided that no indemnification shall be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable for negligence or misconduct in the performance of his or her duty to the corporation, unless, and only to the extent that the court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability, but in view of all the
circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses as the court shall deem proper.

(c) To the extent that a present or former director, officer or employee of a corporation has been successful, on the merits or otherwise, in the defense of any action, suit or proceeding referred to in subsections (a) and (b), or in defense of any claim, issue or matter therein, such person shall be indemnified against expenses (including attorneys' fees) actually and reasonably incurred by such person in connection therewith, if that person acted in good faith and in a manner he or she reasonably believed to be in, or not opposed to, the best interests of the corporation.

(a) This Act shall be applicable to all benefit corporations.
(b) The existence of a provision of this Act shall not of itself create an implication that a contrary or different rule of law is applicable to a corporation which is not a benefit corporation. This Act shall not affect a statute or rule of law that is applicable to a business corporation that is not a benefit corporation.

(3) If a licensee is other than an individual, any ultimate equitable owner, officer, director, or member of the licensed partnership, association, corporation, or other entity has so acted or failed to act as would be cause for suspending or revoking a license to that party as an individual.

The Commissioner shall publish notice of such order in the Illinois Register and post notice of the order on an agency Internet site maintained by the Commissioner or on the Nationwide Mortgage Licensing System and Registry and shall forthwith serve a copy of such order upon the licensee. AN ACT concerning housing.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

New matter indicated by italics - deletions by strikeout
Section 5. The Rental Housing Support Program Act is amended by changing Sections 5 and 25 and by adding Section 95 as follows:

(310 ILCS 105/5)

Sec. 5. Legislative findings and purpose. The General Assembly finds that in many parts of this State, large numbers of citizens are faced with the inability to secure affordable rental housing. Due to either insufficient wages or a shortage of affordable rental housing stock, or both, many families have difficulty securing decent housing, are subjected to overcrowding, pay too large a portion of their total monthly income for housing and consequently suffer the lack of other basic needs, live in substandard or unhealthy housing, or experience chronic housing instability. Instability and inadequacy in housing limits the employability and productivity of many citizens, adversely affects family health and stress levels, and impedes children's ability to learn; such instability, and produces corresponding drains on public resources and contributes to an overall decline in real estate values. It is the purpose of this Act to create a State program to help localities address the need for decent, affordable, permanent rental housing.

(310 ILCS 105/25)

Sec. 25. Criteria for awarding grants. The Authority shall adopt rules to govern the awarding of grants and the continuing eligibility for grants under Sections 15 and 20. Requests for proposals under Section 20 must specify that proposals must satisfy these rules. The rules must contain and be consistent with, but need not be limited to, the following criteria:

(1) Eligibility for tenancy in the units supported by grants to local administering agencies must be limited to households with gross income at or below 30% of the median family income for the area in which the grant will be made. Fifty percent of the units that are supported by any grant must be set aside for households whose income is at or below 15% of the area median family income for the area in which the grant will be made, provided that local administering agencies may negotiate flexibility in this set-aside with the Authority if they demonstrate that they have been unable to locate sufficient tenants in this lower income range. Income eligibility for units supported by grants to local administering agencies must be verified annually by landlords and submitted to local administering agencies. Tenants must have sufficient income

to be able to afford the tenant's share of the rent. For grants awarded under Section 20, eligibility for tenancy in units supported by grants must be limited to households with a gross income at or below 30% of area median family income for the area in which the grant will be made. Fifty percent of the units that are supported by any grant must be set aside for households whose income is at or below 15% of the median family income for the area in which the grant will be made, provided that developers may negotiate flexibility in this set-aside with the Authority or municipality as defined in subsection (b) of Section 10 if it demonstrates that it has been unable to locate sufficient tenants in this lower income range. The Authority shall determine what sources qualify as a tenant's income.

(2) Local administering agencies must include 2-bedroom, 3-bedroom, and 4-bedroom units among those intended to be supported by grants under the program. In grants under Section 15, the precise number of these units among all the units intended to be supported by a grant must be based on need in the community for larger units and other factors that the Authority specifies in rules. The local administering agency must specify the basis for the numbers of these units that are proposed for support under a grant. Local administering agencies must make a good faith effort to comply with this allocation of unit sizes. In grants awarded under Section 20, developers and the Authority or municipality, as defined in subsection (b) of Section 10, shall negotiate the numbers and sizes of units to be built in a project and supported by the grant.

(3) Under grants awarded under Section 15, local administering agencies must enter into a payment contract with the landlord that defines the method of payment and must pay subsidies to landlords on a quarterly basis and in advance of the quarter paid for.

(4) Local administering agencies and developers must specify how vacancies in units supported by a grant must be advertised and they must include provisions for outreach to local homeless shelters, organizations that work with people with disabilities, and others interested in affordable housing.

(5) The local administering agency or developer must establish a schedule for the tenant's rental obligation for units
supported by a grant. The tenant's share of the rent must be a flat amount, calculated annually, based on the size of the unit and the household's income category. In establishing the schedule for the tenant's rental obligation, the local administering agency or developer must use 30% of gross income within an income range as a guide, and it may charge an additional or lesser amount.

(6) The amount of the subsidy provided under a grant for a unit must be the difference between the amount of the tenant's obligation and the total amount of rent for the unit. The total amount of rent for the unit must be negotiated between the local administering authority and the landlord under Section 15, or between the Authority or municipality, as defined in subsection (b) of Section 10, and the developer under Section 20, using comparable rents for units of comparable size and condition in the surrounding community as a guideline.

(7) Local administering agencies and developers, pursuant to criteria the Authority develops in rules, must ensure that there are procedures in place to maintain the safety and habitability of units supported under grants. Local administering agencies must inspect units before supporting them under a grant awarded under Section 15.

(8) Local administering agencies must provide or ensure that tenants are provided with a "bill of rights" with their lease setting forth local landlord-tenant laws and procedures and contact information for the local administering agency.

(9) A local administering agency must create a plan detailing a process for helping to provide information, when necessary, on how to access education, training, and other supportive services to tenants living in units supported under the grant. The plan must be submitted as a part of the administering agency's proposal to the Authority required under Section 15.

(10) Local administering agencies and developers may not use funding under the grant to develop or support housing that requires that a tenant has a particular diagnosis or type of disability as a condition of eligibility for occupancy unless the requirement is mandated by another funding source for the housing. Local administering agencies and developers may use grant funding to develop integrated housing opportunities for

New matter indicated by italics - deletions by strikeout
persons with disabilities, but not housing restricted to a specific disability type.

(11) In order to plan for periodic fluctuations in program revenue, the Authority shall establish by rule a mechanism for establishing a reserve fund and the level of funding that shall be held in reserve either by the Authority or by local administering agencies.

All ordinances, orders, rules, resolutions and regulations passed by the board of commissioners must, before they take effect, be approved by the president of the board of commissioners. If he approves thereof, he shall sign them, and such as he does not approve he shall return to the board of commissioners with his objections in writing at the next regular meeting of the board of commissioners occurring after the passage thereof. Such veto may extend to any one or more items or appropriations contained in any ordinance making an appropriation, or to the entire ordinance. If the veto extends to a part of such ordinance, the residue takes effect. If the president of such board of commissioners fails to return any ordinance, order, rule, resolution or regulation with his objections thereto in the time required, he is deemed to have approved it, and it takes effect accordingly. Upon the return of any ordinance, order, rule, resolution, or regulation by the president, the vote by which it was passed must be reconsidered by the board of commissioners, and if upon such reconsideration two-thirds of all the members agree by yeas and nays to pass it, it takes effect notwithstanding the president's refusal to approve thereof.

It is the policy of this State that all powers granted, either expressly or by necessary implication, by this Act or any other Illinois statute to the District may be exercised by the District notwithstanding effects on competition. It is the intention of the General Assembly that the "State action exemption" to the application of federal antitrust statutes be fully available to the District to the extent its activities are authorized by law as stated herein.

Sec. 13-503. Tax levy. Until fiscal year 2013, the Water Reclamation District shall annually levy a tax upon all the taxable real property within the District at a rate which, when extended, will produce a sum that (i) when added to the amounts deducted from the salaries of employees, interest income on investments, and other income, will be sufficient to meet the requirements of the Fund on an actuarially funded basis, but (ii) shall not exceed an amount equal to the total amount of contributions by the employees to the Fund made in the calendar year 2 years prior to the year for which the tax is levied, multiplied by 2.19, except that the amount of employee contributions made on or after January 1, 2003 towards the purchase of additional optional benefits under Section 13-304.1 shall only be multiplied by 1.00.

Beginning in fiscal year 2013, the District shall annually levy a tax upon all the taxable real property within the District at a rate which, when extended, will produce a sum that (i) will be sufficient to meet the Fund’s actuarially determined contribution requirement, but (ii) shall not exceed an amount equal to the total employee contributions 2 years prior multiplied by 4.19. The actuarially determined contribution requirement is equal to the employer’s normal cost plus the annual amount needed to amortize the unfunded liability by the year 2050 as a level percent of payroll. The funding goal is to attain a funded ratio of at least 90% by the year 2050, with the funded ratio being the ratio of the actuarial value of assets to the total actuarial liability.

The tax shall be levied and collected in the same manner as the general taxes of the District.

The tax shall be exclusive of and in addition to the amount of tax the District is now or may hereafter be authorized to levy for general purposes under the Metropolitan Water Reclamation District Act or under any other laws which may limit the amount of tax for general purposes. The county clerk of any county, in reducing tax levies as may be authorized by law, shall not consider any such tax as a part of the general tax levy for District purposes, and shall not include the same in any limitation of the percent of the assessed valuation upon which taxes are required to be extended.

Revenues derived from the tax shall be paid to the Fund for the benefit of the Fund.

If the funds available for the purposes of this Article are insufficient during any year to meet the requirements of this Article, the

District may issue tax anticipation warrants or notes, as provided by law, against the current tax levy.

(30 ILCS 805/8.36 new)

Sec. 8.36. Exempt mandate. Notwithstanding Sections 6 and 8 of this Act, no reimbursement by the State is required for the implementation of any mandate created by this amendatory Act of the 97th General Assembly.

Section 99. Effective date. This Act takes effect upon becoming law.

Approved August 3, 2012.
Effective August 3, 2012.

August 3, 2012

To the Honorable Members
of the 97th General Assembly,

Today I sign into law Senate Bill 2958, which makes significant changes to the State’s procurement process. This bill strengthens our ongoing efforts to improve the State’s workers’ compensation system by bringing in a third-party, private vendor to help administer workers’ compensation.

I take this action to continue the reforms to the State’s procurement process, ensure an open and transparent process, and continue to strengthen Illinois’ business climate. With the participation of various members of the business community, the General Assembly, the State’s Chief Procurement Officers, and several members of the executive branch, Senate Bill 2958 is the product of a bi-partisan effort to address the needs of the citizens of Illinois and the State’s business partners. Our intention is to facilitate a timely and cost-effective procurement process, while also ensuring ethics and integrity in this process. Efficient procurement is
essential for the State, its citizens and the partners with whom the State conducts business.

The procurement reforms made by this law reinforce my resolve to accomplish other necessary reforms to the State’s procurement process. Additional reform legislation can improve the efficiency and cost-effectiveness of the State in procuring goods and services, while fostering competition and encouraging innovative ideas for Illinois. We must also continue to improve our procurement process to overcome barriers to many businesses that seek contracting opportunities with the State. We should continue to prioritize and focus on improving contract opportunities for minority-and female-owned businesses, people with disabilities, veterans, and small businesses. I remain committed to working in a bi-partisan way to pursue additional reforms in the next General Assembly.

While I endorse bringing in a third-party, private vendor to help administer the State’s worker’s compensation process, I note that Senate Bill 2958 contains a provision providing that the Chief Procurement Officer shall procure that private vendor. Under current law, the Department of Central Management Services would ordinarily procure under the oversight of the Chief Procurement Officer and could only enter into a contract with the approval of the Chief Procurement Officer.

In signing this law, I regret that the General Assembly decided to include this new provision in the final version of the bill, which is unnecessary and deviates from normal, statutory process. As a matter of appropriate checks and balances, best practices, and the intent of 2009’s statutory overhaul of procurement, the Chief Procurement Officer should not wear the two hats of both the procurer and the regulator of that procurement. Such deviations from the normal, statutory procurement process and best practices should be avoided in the future.

Having raised these concerns, I am committed to working with the General Assembly to assure that any third-party, private vendor is adequately funded and ensure that those entities who are currently, successfully administering workers’ compensation outside of the Department of Central Management Services —namely the Illinois Tollway Authority and the University of Illinois—may continue to do so.

Sincerely,

Pat Quinn

(3) Prepare a plan for centralizing the purchase of property and casualty insurance on State property under a master policy or policies and purchase the insurance contracted for as provided in the Illinois Purchasing Act.

(4) Evaluate existing provisions for fidelity bonds required of State employees and recommend changes that are appropriate commensurate with risk experience and the determinations respecting self-insurance or reinsurance so as to permit reduction of costs without loss of coverage.

(5) Investigate procedures for inclusion of school districts, public community college districts, and other units of local government in programs for the centralized purchase of insurance.

(6) Implement recommendations of the State Property Insurance Study Commission that the Department finds necessary
or desirable in the performance of its powers and duties under this Section to achieve efficient and comprehensive risk management.

(7) Prepare and, in the discretion of the Director, implement a plan providing for the purchase of public liability insurance or for self-insurance for public liability or for a combination of purchased insurance and self-insurance for public liability (i) covering the State and drivers of motor vehicles owned, leased, or controlled by the State of Illinois pursuant to the provisions and limitations contained in the Illinois Vehicle Code, (ii) covering other public liability exposures of the State and its employees within the scope of their employment, and (iii) covering drivers of motor vehicles not owned, leased, or controlled by the State but used by a State employee on State business, in excess of liability covered by an insurance policy obtained by the owner of the motor vehicle or in excess of the dollar amounts that the Department shall determine to be reasonable. Any contract of insurance let under this Law shall be by bid in accordance with the procedure set forth in the Illinois Purchasing Act. Any provisions for self-insurance shall conform to subdivision (11).

The term "employee" as used in this subdivision (7) and in subdivision (11) means a person while in the employ of the State who is a member of the staff or personnel of a State agency, bureau, board, commission, committee, department, university, or college or who is a State officer, elected official, commissioner, member of or ex officio member of a State agency, bureau, board, commission, committee, department, university, or college, or a member of the National Guard while on active duty pursuant to orders of the Governor of the State of Illinois, or any other person while using a licensed motor vehicle owned, leased, or controlled by the State of Illinois with the authorization of the State of Illinois, provided the actual use of the motor vehicle is within the scope of that authorization and within the course of State service.

Subsequent to payment of a claim on behalf of an employee pursuant to this Section and after reasonable advance written notice to the employee, the Director may exclude the employee from future coverage or limit the coverage under the plan if (i) the Director determines that the claim resulted from an incident in which the employee was grossly negligent or had engaged in willful and wanton misconduct or (ii) the Director determines that

the employee is no longer an acceptable risk based on a review of prior accidents in which the employee was at fault and for which payments were made pursuant to this Section.

The Director is authorized to promulgate administrative rules that may be necessary to establish and administer the plan.

Appropriations from the Road Fund shall be used to pay auto liability claims and related expenses involving employees of the Department of Transportation, the Illinois State Police, and the Secretary of State.

(8) Charge, collect, and receive from all other agencies of the State government fees or monies equivalent to the cost of purchasing the insurance.

(9) Establish, through the Director, charges for risk management services rendered to State agencies by the Department. The State agencies so charged shall reimburse the Department by vouchers drawn against their respective appropriations. The reimbursement shall be determined by the Director as amounts sufficient to reimburse the Department for expenditures incurred in rendering the service.

The Department shall charge the employing State agency or university for workers' compensation payments for temporary total disability paid to any employee after the employee has received temporary total disability payments for 120 days if the employee's treating physician has issued a release to return to work with restrictions and the employee is able to perform modified duty work but the employing State agency or university does not return the employee to work at modified duty. Modified duty shall be duties assigned that may or may not be delineated as part of the duties regularly performed by the employee. Modified duties shall be assigned within the prescribed restrictions established by the treating physician and the physician who performed the independent medical examination. The amount of all reimbursements shall be deposited into the Workers' Compensation Revolving Fund which is hereby created as a revolving fund in the State treasury. In addition to any other purpose authorized by law, moneys in the Fund shall be used, subject to appropriation, to pay these or other temporary total disability claims of employees of State agencies and universities.
Beginning with fiscal year 1996, all amounts recovered by the Department through subrogation in workers' compensation and workers' occupational disease cases shall be deposited into the Workers' Compensation Revolving Fund created under this subdivision (9).

(10) Through December 31, 2012, establish rules, procedures, and forms to be used by State agencies in the administration and payment of workers' compensation claims. Through December 31, 2012, the Department shall initially evaluate and determine the compensability of any injury that is the subject of a workers' compensation claim and provide for the administration and payment of such a claim for all State agencies. Through December 31, 2012, the Director may delegate to any agency with the agreement of the agency head the responsibility for evaluation, administration, and payment of that agency's claims.

(10a) If the Director determines it would be in the best interests of the State and its employees, prepare and implement a plan providing for: (i) the purchase of workers' compensation insurance for workers' compensation liability; (ii) third-party administration of self-insurance, in whole or in part, for workers' compensation liability; or (iii) a combination of purchased insurance and self-insurance for workers' compensation liability, including reinsurance or stop-loss insurance. Any contract for insurance or third-party administration shall be on terms consistent with State policy; awarded in compliance with the Illinois Procurement Code; and based on, but not limited to, the following criteria: administrative cost, service capabilities of the carrier or other contractor and premiums, fees, or charges. By April 1 of each year prior to calendar year 2013, the Director must report and provide information to the State Workers' Compensation Program Advisory Board concerning the status of the State workers' compensation program for the next fiscal year. Information that the Director must provide to the State Workers' Compensation Program Advisory Board includes, but is not limited to, documents, reports of negotiations, bid invitations, requests for proposals, specifications, copies of proposed and final contracts or agreements, and any other materials concerning contracts or agreements for the program. By the first of each month prior to calendar year 2013 thereafter, the Director must provide updated,
and any new, information to the State Workers' Compensation Program Advisory Board until the State workers' compensation program for the next fiscal year is determined.

(10b) No later than January 1, 2013, the chief procurement officer appointed under paragraph (4) of subsection (a) of Section 10-20 of the Illinois Procurement Code (hereinafter "chief procurement officer"), in consultation with the Department of Central Management Services, shall procure one or more private vendors to administer, beginning January 1, 2013, the program providing payments for workers' compensation liability with respect to the employees of all State agencies. The chief procurement officer may procure a single contract applicable to all State agencies or multiple contracts applicable to one or more State agencies. If the chief procurement officer procures a single contract applicable to all State agencies, then the Department of Central Management Services shall be designated as the agency that enters into the contract and shall be responsible for the contract. If the chief procurement officer procures multiple contracts applicable to one or more State agencies, each agency to which the contract applies shall be designated as the agency that shall enter into the contract and shall be responsible for the contract. If the chief procurement officer procures contracts applicable to an individual State agency, the agency subject to the contract shall be designated as the agency responsible for the contract.

(10c) The procurement of private vendors for the administration of the workers' compensation program for State employees is subject to the provisions of the Illinois Procurement Code and administration by the chief procurement officer.

(10d) Contracts for the procurement of private vendors for the administration of the workers' compensation program for State employees shall be based upon, but limited to, the following criteria: (i) administrative cost, (ii) service capabilities of the vendor, and (iii) the compensation (including premiums, fees, or other charges). A vendor for the administration of the workers' compensation program for State employees shall provide services, including, but not limited to:

(A) providing a web-based case management system and provide access to the Office of the Attorney General;

New matter indicated by italics - deletions by strikeout
(B) ensuring claims adjusters are available to provide testimony or information as requested by the Office of the Attorney General;
(C) establishing a preferred provider program for all State agencies and facilities; and
(D) authorizing the payment of medical bills at the preferred provider discount rate.

(10e) By September 15, 2012, the Department of Central Management Services shall prepare a plan to effectuate the transfer of responsibility and administration of the workers' compensation program for State employees to the selected private vendors. The Department shall submit a copy of the plan to the General Assembly.

(11) Any plan for public liability self-insurance implemented under this Section shall provide that (i) the Department shall attempt to settle and may settle any public liability claim filed against the State of Illinois or any public liability claim filed against a State employee on the basis of an occurrence in the course of the employee's State employment; (ii) any settlement of such a claim is not subject to fiscal year limitations and must be approved by the Director and, in cases of settlements exceeding $100,000, by the Governor; and (iii) a settlement of any public liability claim against the State or a State employee shall require an unqualified release of any right of action against the State and the employee for acts within the scope of the employee's employment giving rise to the claim.

Whenever and to the extent that a State employee operates a motor vehicle or engages in other activity covered by self-insurance under this Section, the State of Illinois shall defend, indemnify, and hold harmless the employee against any claim in tort filed against the employee for acts or omissions within the scope of the employee's employment in any proper judicial forum and not settled pursuant to this subdivision (11), provided that this obligation of the State of Illinois shall not exceed a maximum liability of $2,000,000 for any single occurrence in connection with the operation of a motor vehicle or $100,000 per person per occurrence for any other single occurrence, or $500,000 for any single occurrence in connection with the provision of medical care by a licensed physician employee.

Any claims against the State of Illinois under a self-insurance plan that are not settled pursuant to this subdivision (11) shall be heard and determined by the Court of Claims and may not be filed or adjudicated in any other forum. The Attorney General of the State of Illinois or the Attorney General's designee shall be the attorney with respect to all public liability self-insurance claims that are not settled pursuant to this subdivision (11) and therefore result in litigation. The payment of any award of the Court of Claims entered against the State relating to any public liability self-insurance claim shall act as a release against any State employee involved in the occurrence.

(12) Administer a plan the purpose of which is to make payments on final settlements or final judgments in accordance with the State Employee Indemnification Act. The plan shall be funded through appropriations from the General Revenue Fund specifically designated for that purpose, except that indemnification expenses for employees of the Department of Transportation, the Illinois State Police, and the Secretary of State shall be paid from the Road Fund. The term "employee" as used in this subdivision (12) has the same meaning as under subsection (b) of Section 1 of the State Employee Indemnification Act. Subject to sufficient appropriation, the Director shall approve payment of any claim, without regard to fiscal year limitations, presented to the Director that is supported by a final settlement or final judgment when the Attorney General and the chief officer of the public body against whose employee the claim or cause of action is asserted certify to the Director that the claim is in accordance with the State Employee Indemnification Act and that they approve of the payment. In no event shall an amount in excess of $150,000 be paid from this plan to or for the benefit of any claimant.

(13) Administer a plan the purpose of which is to make payments on final settlements or final judgments for employee wage claims in situations where there was an appropriation relevant to the wage claim, the fiscal year and lapse period have expired, and sufficient funds were available to pay the claim. The plan shall be funded through appropriations from the General Revenue Fund specifically designated for that purpose. Subject to sufficient appropriation, the Director is authorized to pay any wage claim presented to the Director that is

supported by a final settlement or final judgment when the chief
officer of the State agency employing the claimant certifies to the
Director that the claim is a valid wage claim and that the fiscal year
and lapse period have expired. Payment for claims that are properly
submitted and certified as valid by the Director shall include
interest accrued at the rate of 7% per annum from the forty-fifth
day after the claims are received by the Department or 45 days
from the date on which the amount of payment is agreed upon,
whichever is later, until the date the claims are submitted to the
Comptroller for payment. When the Attorney General has filed an
appearance in any proceeding concerning a wage claim settlement
or judgment, the Attorney General shall certify to the Director that
the wage claim is valid before any payment is made. In no event
shall an amount in excess of $150,000 be paid from this plan to or
for the benefit of any claimant.

Nothing in Public Act 84-961 shall be construed to affect in
any manner the jurisdiction of the Court of Claims concerning
wage claims made against the State of Illinois.

(14) Prepare and, in the discretion of the Director,
implement a program for self-insurance for official fidelity and
surety bonds for officers and employees as authorized by the
Official Bond Act.

Sec. 405-411. Consolidation of workers' compensation functions.
(a) Notwithstanding any other law to the contrary, the Director of
Central Management Services, working in cooperation with the Director of
any other agency, department, board, or commission directly responsible
to the Governor, may direct the consolidation, within the Department of
Central Management Services, of those workers' compensation functions
at that agency, department, board, or commission that are suitable for
centralization.

Upon receipt of the written direction to transfer workers' compensation functions to the Department of Central Management Services, the personnel, equipment, and property (both real and personal) directly relating to the transferred functions shall be transferred to the Department of Central Management Services, and the relevant documents, records, and correspondence shall be transferred or copied, as the Director may prescribe.

New matter indicated by italics - deletions by strikeout
(b) Upon receiving written direction from the Director of Central Management Services, the Comptroller and Treasurer are authorized to transfer the unexpended balance of any appropriations related to the workers' compensation functions transferred to the Department of Central Management Services and shall make the necessary fund transfers from the General Revenue Fund, any special fund in the State treasury, or any other federal or State trust fund held by the Treasurer to the Workers' Compensation Revolving Fund for use by the Department of Central Management Services in support of workers' compensation functions or any other related costs or expenses of the Department of Central Management Services.

(c) The rights of employees and the State and its agencies under the Personnel Code and applicable collective bargaining agreements or under any pension, retirement, or annuity plan shall not be affected by any transfer under this Section.

(d) The functions transferred to the Department of Central Management Services by this Section shall be vested in and shall be exercised by the Department of Central Management Services. Each act done in the exercise of those functions shall have the same legal effect as if done by the agencies, offices, divisions, departments, bureaus, boards and commissions from which they were transferred.

Every person or other entity shall be subject to the same obligations and duties and any penalties, civil or criminal, arising therefrom, and shall have the same rights arising from the exercise of such rights, powers, and duties as had been exercised by the agencies, offices, divisions, departments, bureaus, boards, and commissions from which they were transferred.

Whenever reports or notices are now required to be made or given or papers or documents furnished or served by any person in regards to the functions transferred to or upon the agencies, offices, divisions, departments, bureaus, boards, and commissions from which the functions were transferred, the same shall be made, given, furnished or served in the same manner to or upon the Department of Central Management Services.

This Section does not affect any act done, ratified, or cancelled or any right occurring or established or any action or proceeding had or commenced in an administrative, civil, or criminal cause regarding the functions transferred, but those proceedings may be continued by the Department of Central Management Services.

New matter indicated by italics - deletions by strikeout
This Section does not affect the legality of any rules in the Illinois Administrative Code regarding the functions transferred in this Section that are in force on the effective date of this Section. If necessary, however, the affected agencies shall propose, adopt, or repeal rules, rule amendments, and rule recodifications as appropriate to effectuate this Section.

(e) There is hereby created within the Department of Central Management Services an advisory body to be known as the State Workers' Compensation Program Advisory Board to review, assess, and provide recommendations to improve the State workers' compensation program and to ensure that the State manages the program in the interests of injured workers and taxpayers. The Governor shall appoint one person to the Board, who shall serve as the Chairperson. The Speaker of the House of Representatives, the Minority Leader of the House of Representatives, the President of the Senate, and the Minority Leader of the Senate shall each appoint one person to the Board. Each member initially appointed to the Board shall serve a term ending December 31, 2013, and each Board member appointed thereafter shall serve a 3-year term. A Board member shall continue to serve on the Board until his or her successor is appointed. In addition, the Director of the Department of Central Management Services, the Attorney General, the Director of the Department of Insurance, the Secretary of the Department of Transportation, the Director of the Department of Corrections, the Secretary of the Department of Human Services, the Director of the Department of Revenue, and the Chairman of the Illinois Workers' Compensation Commission, or their designees, shall serve as ex officio, non-voting members of the Board. Members of the Board shall not receive compensation but shall be reimbursed from the Workers' Compensation Revolving Fund for reasonable expenses incurred in the necessary performance of their duties, and the Department of Central Management Services shall provide administrative support to the Board. The Board shall meet at least 3 times per year or more often if the Board deems it necessary or proper. By September 30, 2011, the Board shall issue a written report, to be delivered to the Governor, the Director of the Department of Central Management Services, and the General Assembly, with a recommended set of best practices for the State workers' compensation program. By July 1 of each year thereafter, the Board shall issue a written report, to be delivered to those same persons or entities, with recommendations on how to improve upon such practices.
(f) The Director of Central Management Services shall take all appropriate actions with respect to the State's workers' compensation obligations necessary to transfer administration of those obligations to an independent private vendor as provided by Section 405-105.

Sec. 1-13. Applicability to public institutions of higher education.

New matter indicated by italics - deletions by strikeout
(a) This Code shall apply to public institutions of higher education, regardless of the source of the funds with which contracts are paid, except as provided in this Section.

(b) Except as provided in this Section, this Code shall not apply to procurements made by or on behalf of public institutions of higher education for any of the following:

1. Memberships in professional, academic, or athletic organizations on behalf of a public institution of higher education, an employee of a public institution of higher education, or a student at a public institution of higher education.

2. Procurement expenditures for events or activities paid for exclusively by revenues generated by the event or activity, gifts or donations for the event or activity, private grants, or any combination thereof.

3. Procurement expenditures for events or activities for which the use of specific vendors is mandated or identified by the sponsor of the event or activity, provided that the sponsor is providing a majority of the funding for the event or activity.

4. Procurement expenditures necessary to provide artistic or musical services, performances, or productions held at a venue operated by a public institution of higher education.

5. Procurement expenditures for periodicals and books procured for use by a university library or academic department, except for expenditures related to procuring textbooks for student use or materials for resale or rental.

Notice of each contract entered into by a public institution of higher education that is related to the procurement of goods and services identified in items (1) through (5) of this subsection shall be published in the Procurement Bulletin within 14 days after contract execution. The Chief Procurement Officer shall prescribe the form and content of the notice. Each public institution of higher education shall provide the Chief Procurement Officer, on a monthly basis, in the form and content prescribed by the Chief Procurement Officer, a report of contracts that are related to the procurement of goods and services identified in this subsection. At a minimum, this report shall include the name of the contractor, a description of the supply or service provided, the total amount of the contract, the term of the contract, and the exception to the Code utilized. A copy of any or all of these contracts shall be made available to the Chief Procurement Officer immediately upon request. The
Chief Procurement Officer shall submit a report to the Governor and General Assembly no later than November 1 of each year that shall include, at a minimum, an annual summary of the monthly information reported to the Chief Procurement Officer.

(c) Procurements made by or on behalf of public institutions of higher education for any of the following shall be made in accordance with the requirements of this Code to the extent practical as provided in this subsection:

(1) Contracts with a foreign entity necessary for research or educational activities, provided that the foreign entity either does not maintain an office in the United States or is the sole source of the service or product.

(2) Procurements of FDA-regulated goods, products, and services necessary for the delivery of care and treatment at medical, dental, or veterinary teaching facilities utilized by the University of Illinois or Southern Illinois University.

(3) Contracts for programming and broadcast license rights for university-operated radio and television stations.

(4) Procurements required for fulfillment of a grant.

Upon the written request of a public institution of higher education, the Chief Procurement Officer may waive registration, certification, and hearing requirements of this Code if, based on the item to be procured or the terms of a grant, compliance is impractical. The public institution of higher education shall provide the Chief Procurement Officer with specific reasons for the waiver, including the necessity of contracting with a particular vendor, and shall certify that an effort was made in good faith to comply with the provisions of this Code. The Chief Procurement Officer shall provide written justification for any waivers. By November 1 of each year, the Chief Procurement Officer shall file a report with the General Assembly identifying each contract approved with waivers and providing the justification given for any waivers for each of those contracts. Notice of each waiver made under this subsection shall be published in the Procurement Bulletin within 14 days after contract execution. The Chief Procurement Officer shall prescribe the form and content of the notice.

(d) Notwithstanding this Section, a waiver of the registration requirements of Section 20-160 does not permit a business entity and any affiliated entities or affiliated persons to make campaign contributions if otherwise prohibited by Section 50-37. The total amount of contracts awarded in accordance with this Section shall be included in determining
the aggregate amount of contracts or pending bids of a business entity and any affiliated entities or affiliated persons.

(e) Notwithstanding subsection (e) of Section 50-10.5 of this Code, the Chief Procurement Officer, with the approval of the Executive Ethics Commission, may permit a public institution of higher education to accept a bid or enter into a contract with a business that assisted the public institution of higher education in determining whether there is a need for a contract or assisted in reviewing, drafting, or preparing documents related to a bid or contract, provided that the bid or contract is essential to research administered by the public institution of higher education and it is in the best interest of the public institution of higher education to accept the bid or contract. For purposes of this subsection, "business" includes all individuals with whom a business is affiliated, including, but not limited to, any officer, agent, employee, consultant, independent contractor, director, partner, manager, or shareholder of a business. The Executive Ethics Commission may promulgate rules and regulations for the implementation and administration of the provisions of this subsection (e).

Sec. 5-5. Procurement Policy Board.
(a) Creation. There is created a Procurement Policy Board, an agency of the State of Illinois.
(b) Authority and duties. The Board shall have the authority and responsibility to review, comment upon, and recommend, consistent with this Code, rules and practices governing the procurement, management, control, and disposal of supplies, services, professional or artistic services, construction, and real property and capital improvement leases procured by the State. The Board shall also have the authority to recommend a program for professional development and provide opportunities for training in procurement practices and policies to chief procurement officers and their staffs in order to ensure that all procurement is conducted in an efficient, professional, and appropriately transparent manner.

Upon a three-fifths vote of its members, the Board may review a contract. Upon a three-fifths vote of its members, the Board may propose procurement rules for consideration by chief procurement officers. These proposals shall be published in each volume of the Procurement Bulletin. Except as otherwise provided by law, the Board shall act upon the vote of a majority of its members who have been appointed and are serving.

(b-5) Reviews, studies, and hearings. The Board may review, study, and hold public hearings concerning the implementation and administration of this Code. Each chief procurement officer, State purchasing officer, procurement compliance monitor, and State agency shall cooperate with the Board, provide information to the Board, and be responsive to the Board in the Board's conduct of its reviews, studies, and hearings.
(c) Members. The Board shall consist of 5 members appointed one each by the 4 legislative leaders and the Governor. Each member shall have demonstrated sufficient business or professional experience in the area of procurement to perform the functions of the Board. No member may be a member of the General Assembly.

(d) Terms. Of the initial appointees, the Governor shall designate one member, as Chairman, to serve a one-year term, the President of the Senate and the Speaker of the House shall each appoint one member to serve 3-year terms, and the Minority Leader of the House and the Minority Leader of the Senate shall each appoint one member to serve 2-year terms. Subsequent terms shall be 4 years. Members may be reappointed for succeeding terms.

(e) Reimbursement. Members shall receive no compensation but shall be reimbursed for any expenses reasonably incurred in the performance of their duties.

(f) Staff support. Upon a three-fifths vote of its members, the Board may employ an executive director. Subject to appropriation, the Board also may employ a reasonable and necessary number of staff persons.

(g) Meetings. Meetings of the Board may be conducted telephonically, electronically, or through the use of other telecommunications. Written minutes of such meetings shall be created and available for public inspection and copying.

(h) Procurement recommendations. Upon a three-fifths vote of its members, the Board may review a proposal, bid, or contract and issue a recommendation to void a contract or reject a proposal or bid based on any violation of this Code or the existence of a conflict of interest as described in subsections (b) and (d) of Section 50-35. A chief procurement officer or State purchasing officer shall notify the Board if an alleged conflict of interest or violation of the Code is identified, discovered, or reasonably suspected to exist. Any person or entity may notify the Board of an alleged conflict of interest or violation of the Code. A recommendation of the Board shall be delivered to the appropriate chief procurement officer and Executive Ethics Commission within 5 days and must be published in the next volume of the Procurement Bulletin. In the event that an alleged conflict of interest or violation of the Code that was not originally disclosed with the bid, offer, or proposal is identified and filed with the Board, the Board shall provide written notice of the alleged conflict of interest or violation to the contractor or subcontractor on that contract. If

Sec. 15-35. Vendor portal. Each chief procurement officer may, in consultation with the agencies under his or her jurisdiction and the Procurement Policy Board, establish a vendor portal. The vendor portal shall allow a prospective vendor to provide certifications, disclosures, registrations, and other documentation needed to do business with a State agency in advance of any particular procurement. A prospective vendor who registers with the vendor portal and provides this information may submit its registration number, with a confirmation that the portal information remains current, as part of its response to a competitive selection or a contracting process, rather than submit the same information in full. One or more chief procurement officers may jointly operate a vendor portal if a single portal would better serve the needs of the State agencies and the vendor community. A chief procurement officer may accept, for use on procurements and contracts under his or her jurisdiction, the registration from another chief procurement officer’s vendor portal. This Section applies notwithstanding any laws to the contrary except for later enacted laws that specifically refer to this Section.

Nothing in this Section shall preclude a State agency from implementing its own pre-qualification, certification, disclosure, and registration requirements necessary to conduct and manage its program operation.

shall be open to public inspection.

(e) Bid acceptance and bid evaluation. Bids shall be
unconditionally accepted without alteration or correction, except as

transportation costs, and total or life cycle costs, shall be objectively
measurable. The invitation for bids shall set forth the evaluation criteria to
be used.

(f) Correction or withdrawal of bids. Correction or withdrawal of
inadvertently erroneous bids before or after award, or cancellation of
awards of contracts based on bid mistakes, shall be permitted in
accordance with rules. After bid opening, no changes in bid prices or other

shall be permitted. All decisions to permit the correction or withdrawal of
bids based on bid mistakes shall be supported by written determination
made by a State purchasing officer.

for inspection by the public, within 30 days after the agency's decision to award the contract.

(h) Multi-step sealed bidding. When it is considered impracticable to initially prepare a purchase description to support an award based on price, an invitation for bids may be issued requesting the submission of unpriced offers to be followed by an invitation for bids limited to those bidders whose offers have been qualified under the criteria set forth in the first solicitation.

(i) Alternative procedures. Notwithstanding any other provision of this Act to the contrary, the Director of the Illinois Power Agency may create alternative bidding procedures to be used in procuring professional services under subsection (a) of Section 1-75 and subsection (d) of Section 1-78 of the Illinois Power Agency Act and Section 16-111.5(c) of the Public Utilities Act and to procure renewable energy resources under Section 1-56 of the Illinois Power Agency Act. These alternative procedures shall be set forth together with the other criteria contained in the invitation for bids, and shall appear in the appropriate volume of the Illinois Procurement Bulletin.

(j) Reverse auction. Notwithstanding any other provision of this Section and in accordance with rules adopted by the Director of Central Management Services as chief procurement officer, a State purchasing officer under that chief procurement officer's jurisdiction may procure supplies or services through a competitive electronic auction bidding process after the purchasing officer explains in writing to the chief procurement officer the determination that the use of such a process will be in the best interest of the State. The chief procurement officer shall publish that determination in his or her next volume of the Illinois Procurement Bulletin.

An invitation for bids shall be issued and shall include (i) a procurement description, (ii) all contractual terms, whenever practical, and (iii) conditions applicable to the procurement, including a notice that bids will be received in an electronic auction manner.

Public notice of the invitation for bids shall be given in the same manner as provided in subsection (c).

Bids shall be accepted electronically at the time and in the manner designated in the invitation for bids. During the auction, a bidder's price shall be disclosed to other bidders. Bidders shall have the opportunity to reduce their bid prices during the auction. At the conclusion of the auction,
the record of the bid prices received and the name of each bidder shall be open to public inspection.

After the auction period has terminated, withdrawal of bids shall be permitted as provided in subsection (f).

The contract shall be awarded within 60 days after the auction by written notice to the lowest responsible bidder, or all bids shall be rejected except as otherwise provided in this Code. Extensions of the date for the award may be made by mutual written consent of the State purchasing officer and the lowest responsible bidder.

Sec. 20-25. Sole source procurements.

(a) In accordance with standards set by rule, contracts may be awarded without use of the specified method of source selection when there is only one economically feasible source for the item. A State contract may not be awarded as a sole source procurement unless an interested party submits a written request for approval by the chief procurement officer following a public hearing at which the chief procurement officer and purchasing agency present written justification for the procurement method. Any interested party may present testimony. A sole source contract where a hearing was requested by an interested party may be awarded after the hearing is conducted with the approval of the chief procurement officer.

(b) This Section may not be used as a basis for amending a contract for professional or artistic services if the amendment would result in an increase in the amount paid under the contract of more than 5% of the initial award, or would extend the contract term beyond the time reasonably needed for a competitive procurement, not to exceed 2 months.

(c) Notice of intent to enter into a sole source contract shall be provided to the Procurement Policy Board and published in the online electronic Bulletin at least 14 days before the public hearing required in subsection (a). The notice shall include the sole source procurement justification form prescribed by the Board, a description of the item to be procured, the intended sole source contractor, and the date, time, and location of the public hearing. A copy of the notice and all documents provided at the hearing shall be included in the subsequent Procurement Bulletin.

(d) By August 1 each year, each chief procurement officer shall file a report with the General Assembly identifying each contract the officer sought under the sole source procurement method and providing the justification given for seeking sole source as the procurement method for each of those contracts.

Sec. 20-120. Subcontractors.
(a) Any contract granted under this Code shall state whether the services of a subcontractor will or may be used. The contract shall include the names and addresses of all known subcontractors with subcontracts with an annual value of more than $50,000, $25,000 and the general type of work to be performed by these subcontractors, and the expected amount of money each will receive under the contract. Upon the request of the chief procurement officer appointed pursuant to paragraph (2) of subsection (a) of Section 10-20, the contractor shall provide the chief procurement officer a copy of any subcontract with an annual value of more than $25,000 so identified within 15 days after the request is made. A subcontractor, or contractor on behalf of a subcontractor, may identify information that is deemed proprietary or confidential. If the chief procurement officer determines the information is not relevant to the primary contract, the chief procurement officer may excuse the inclusion of the information. If the chief procurement officer determines the information is proprietary or could harm the business interest of the subcontractor, the chief procurement officer may, in his or her discretion, redact the information. Redacted information shall not become part of the public record.

(b) If at any time during the term of a contract, a contractor adds or changes any subcontractors, he or she shall promptly notify, in writing, the chief procurement officer, State purchasing officer, or their designee of the names and addresses of and the expected amount of money each new or replaced subcontractor and the general type of work to be performed. Upon the request of the chief procurement officer appointed pursuant to paragraph (2) of subsection (a) of Section 10-20, the contractor shall provide the chief procurement officer a copy of any new or amended subcontract so identified within 15 days after the request is made. The contractor shall provide to the responsible chief procurement officer a copy of the subcontract within 20 days after the execution of the subcontract.
(c) In addition to any other requirements of this Code, a subcontract subject to this Section must include all of the subcontractor's certifications required by Article 50 of the Code.

The changes made to this Section by this amendatory Act of the 97th General Assembly apply to procurements solicited on or after the effective date of this amendatory Act of the 97th General Assembly.

Sec. 20-155. Solicitation and contract documents.
(a) After award of a contract and subject to provisions of the Freedom of Information Act, the procuring agency shall make available for public inspection and copying all pre-award, post-award, administration, and close-out documents relating to that particular contract.

(b) A procurement file shall be maintained for all contracts, regardless of the method of procurement. The procurement file shall contain the basis on which the award is made, all submitted bids and proposals, all evaluation materials, score sheets and all other documentation related to or prepared in conjunction with evaluation, negotiation, and the award process. The procurement file shall contain a written determination, signed by the chief procurement officer or State purchasing officer, setting forth the reasoning for the contract award decision. (b) Every bid submitted to and every contract executed by the State on or after January 1, 2009 (the effective date of Public Act 95-971) shall...
contain (1) a certification by the bidder or contractor that either (i) the bidder or contractor is not required to register as a business entity with the State Board of Elections pursuant to this Section or (ii) the bidder or contractor has registered as a business entity with the State Board of Elections and acknowledges a continuing duty to update the registration and (2) a statement that the contract is voidable under Section 50-60 for the bidder's or contractor's failure to comply with this Section.

(c) Within 30 days after the effective date of this amendatory Act of the 95th General Assembly, each business entity (i) whose aggregate bids and proposals on State contracts annually total more than $50,000, (ii) whose aggregate bids and proposals on State contracts combined with the business entity's aggregate annual total value of State contracts exceed $50,000, or (iii) whose contracts with State agencies, in the aggregate, annually total more than $50,000 shall register with the State Board of Elections in accordance with Section 9-35 of the Election Code. A business entity required to register under this subsection due to item (iii) has a continuing duty to ensure that the registration is accurate in accordance with subsection (e).

(f) A business entity's continuing duty under this Section to ensure the accuracy of its registration includes the requirement that the business entity notify the State Board of Elections of any change in information, including but not limited to changes of affiliated entities or affiliated persons.

(1) the business has been finally adjudicated not guilty; or
(2) the business demonstrates to the governmental entity with which it seeks to contract or which is a signatory to the contract to which the subcontract relates, and that entity finds that the commission of the offense was not authorized, requested, commanded, or performed by a director, officer, or high managerial agent on behalf of the business as provided in paragraph (2) of subsection (a) of Section 5-4 of the Criminal Code of 1961.

(c) Conduct on behalf of business. For purposes of this Section, when an official, agent, or employee of a business committed the bribery or attempted bribery on behalf of the business and in accordance with the direction or authorization of a responsible official of the business, the business shall be chargeable with the conduct.

Every bid submitted to and contract executed by the State and every subcontract subject to Section 20-120 of this Code shall contain a certification by the contractor or the subcontractor, respectively, that the contractor or subcontractor is not barred from being awarded a contract or subcontract under this Section and acknowledges that the chief procurement officer may declare the related contract void if any certifications required by this Section are false. If the false certification is made by a subcontractor, then the contractor's submitted bid and the executed contract may not be declared void, unless the contractor refuses to terminate the subcontract upon the State's request after a finding that the subcontract's certification was false. Sec. 50-10.5. Prohibited bidders and contractors.

(a) Unless otherwise provided, no business shall bid or enter into a contract or subcontract under this Code if the business or any officer, director, partner, or other managerial agent of the business has been convicted of a felony under the Sarbanes-Oxley Act of 2002 or a Class 3 or Class 2 felony under the Illinois Securities Law of 1953 for a period of 5 years from the date of conviction.

(c) If a business is not a natural person, the prohibition in subsection (a) applies only if:

(1) the business itself is convicted of a felony referenced in subsection (a); or
(2) the business is ordered to pay punitive damages based on the conduct of any officer, director, partner, or other managerial agent who has been convicted of a felony referenced in subsection (a).

(d) A natural person who is convicted of a felony referenced in subsection (a) remains subject to Section 50-10.

(e) No person or business shall bid or enter into a contract under this Code if the person or business:

(1) assisted the State of Illinois or a State agency in determining whether there is a need for a contract except as part of a response to a publicly issued request for information; or

(2) assisted an employee of the State of Illinois, who, by the nature of his or her duties, has the authority to participate personally and substantially in the decision to award a State contract, or a State agency by reviewing, drafting, directing, or preparing any invitation for bids, a request for proposal, or request for information or provided similar assistance except as part of a publicly issued opportunity to review drafts of all or part of these documents.

This subsection does not prohibit a person or business from submitting a bid or proposal or entering into a contract if the person or business: (i) initiates a communication with an employee to provide general information about products, services, or industry best practices and, if applicable, that communication is documented in accordance with Section 50-39 or (ii) responds to a communication initiated by an employee of the State for the purposes of providing information to evaluate new products, trends, services, or technologies.

Nothing in this Section prohibits a vendor developing technology, goods, or services from bidding or offering to supply that technology or those goods or services if the subject demonstrated to the State represents industry trends and innovation and is not specifically designed to meet the State's needs.

For purposes of this subsection (e), "business" includes all individuals with whom a business is affiliated, including, but not limited to, any officer, agent, employee, consultant, independent contractor, director, partner, manager, or shareholder of a business.

For purposes of this Section, the phrase "delinquent in the payment of any debt" shall be determined by the Debt Collection Bureau. For purposes of this Section, the term "affiliate" means any entity that (1) directly, indirectly, or constructively controls another entity, (2) is directly, indirectly, or constructively controlled by another entity, or (3) is subject to the control of a common entity. For purposes of this Section, the term "affiliate" means any entity that (1) directly, indirectly, or constructively controls another entity, (2) is directly, indirectly, or constructively controlled by another entity, or (3) is subject to the control of a common entity. Sec. 2-18. Evidence.

(1) At the adjudicatory hearing, the court shall first consider only the question whether the minor is abused, neglected or dependent. The standard of proof and the rules of evidence in the nature of civil proceedings in this State are applicable to proceedings under this Article. If the petition also seeks the appointment of a guardian of the person with power to consent to adoption of the minor under Section 2-29, the court may also consider legally admissible evidence at the adjudicatory hearing that one or more grounds of unfitness exists under subdivision D of Section 1 of the Adoption Act.

(2) In any hearing under this Act, the following shall constitute prima facie evidence of abuse or neglect, as the case may be:

(a) proof that a minor has a medical diagnosis of battered child syndrome is prima facie evidence of abuse;

(b) proof that a minor has a medical diagnosis of failure to thrive syndrome is prima facie evidence of neglect;

(c) proof that a minor has a medical diagnosis of fetal alcohol syndrome is prima facie evidence of neglect;

(d) proof that a minor has a medical diagnosis at birth of withdrawal symptoms from narcotics or barbiturates is prima facie evidence of neglect;

(e) proof of injuries sustained by a minor or of the condition of a minor of such a nature as would ordinarily not be sustained or exist except by reason of the acts or omissions of the parent, custodian or guardian of such minor shall be prima facie evidence of abuse or neglect, as the case may be;

(f) proof that a parent, custodian or guardian of a minor repeatedly used a drug, to the extent that it has or would ordinarily
have the effect of producing in the user a substantial state of stupor, unconsciousness, intoxication, hallucination, disorientation or incompetence, or a substantial impairment of judgment, or a substantial manifestation of irrationality, shall be prima facie evidence of neglect;

(g) proof that a parent, custodian, or guardian of a minor repeatedly used a controlled substance, as defined in subsection (f) of Section 102 of the Illinois Controlled Substances Act, in the presence of the minor or a sibling of the minor is prima facie evidence of neglect. "Repeated use", for the purpose of this subsection, means more than one use of a controlled substance as defined in subsection (f) of Section 102 of the Illinois Controlled Substances Act;

(h) proof that a newborn infant's blood, urine, or meconium contains any amount of a controlled substance as defined in subsection (f) of Section 102 of the Illinois Controlled Substances Act, or a metabolite of a controlled substance, with the exception of controlled substances or metabolites of those substances, the presence of which is the result of medical treatment administered to the mother or the newborn, is prima facie evidence of neglect;

(i) proof that a minor was present in a structure or vehicle in which the minor's parent, custodian, or guardian was involved in the manufacture of methamphetamine constitutes prima facie evidence of abuse and neglect;

(j) proof that a parent, custodian, or guardian of a minor allows, encourages, or requires a minor to perform, offer, or agree to perform any act of sexual penetration as defined in Section 12-12 of the Criminal Code of 1961 for any money, property, token, object, or article or anything of value, or any touching or fondling of the sex organs of one person by another person, for any money, property, token, object, or article or anything of value, for the purpose of sexual arousal or gratification, constitutes prima facie evidence of abuse and neglect;

(k) proof that a parent, custodian, or guardian of a minor commits or allows to be committed the offense of involuntary servitude, involuntary sexual servitude of a minor, or trafficking in persons as defined in Section 10-9 of the Criminal Code of 1961, upon such minor, constitutes prima facie evidence of abuse and neglect.

A certification by the head or responsible employee of the hospital or agency that the writing, record, photograph or x-ray is the full and complete record of the condition, act, transaction, occurrence or event and that it satisfies the conditions of this paragraph shall be prima facie evidence of the facts contained in such certification. A certification by someone other than the head of the hospital or agency shall be accompanied by a photocopy of a delegation of authority signed by both the head of the hospital or agency and by such other employee. All other circumstances of the making of the memorandum, record, photograph or x-ray, including lack of personal knowledge of the maker, may be proved to affect the weight to be accorded such evidence, but shall not affect its admissibility.

(b) Any indicated report filed pursuant to the Abused and Neglected Child Reporting Act shall be admissible in evidence.

(c) Previous statements made by the minor relating to any allegations of abuse or neglect shall be admissible in evidence. However, no such statement, if uncorroborated and not subject to cross-examination, shall be sufficient in itself to support a finding of abuse or neglect.

(d) There shall be a rebuttable presumption that a minor is competent to testify in abuse or neglect proceedings. The court shall determine how much weight to give to the minor's testimony, and may allow the minor to testify in chambers with only the court, the court reporter and attorneys for the parties present.

(e) The privileged character of communication between any professional person and patient or client, except privilege between attorney and client, shall not apply to proceedings subject to this Article.

(5) In any hearing under this Act alleging neglect for failure to provide education as required by law under subsection (1) of Section 2-3, proof that a minor under 13 years of age who is subject to compulsory school attendance under the School Code is a chronic truant as defined under the School Code shall be prima facie evidence of neglect by the parent or guardian in any hearing under this Act and proof that a minor who is 13 years of age or older who is subject to compulsory school attendance under the School Code is a chronic truant shall raise a rebuttable presumption of neglect by the parent or guardian. This subsection (5) shall not apply in counties with 2,000,000 or more inhabitants.

(6) In any hearing under this Act, the court may take judicial notice of prior sworn testimony or evidence admitted in prior proceedings involving the same minor if (a) the parties were either represented by counsel at such prior proceedings or the right to counsel was knowingly waived and (b) the taking of judicial notice would not result in admitting hearsay evidence at a hearing where it would otherwise be prohibited. Sec. 116-2.1. Motion to vacate prostitution convictions for sex trafficking victims.

(a) A motion under this Section may be filed at any time following the entry of a verdict or finding of guilty where the conviction was under Section 11-14 (prostitution) or Section 11-14.2 (first offender; felony prostitution) of the Criminal Code of 1961 or a similar local ordinance and the defendant's participation in the offense was a result of having been a trafficking victim under Section 10-9 (involuntary servitude, involuntary sexual servitude of a minor, or trafficking in persons or trafﬁcking in persons for forced labor or services) of the Criminal Code of 1961; or a victim of a severe form of trafficking under the federal Trafficking Victims Protection Act (22 U.S.C. Section 7102(13)); provided that:

(1) a motion under this Section shall state why the facts giving rise to this motion were not presented to the trial court, and shall be made with due diligence, after the defendant has ceased to be a victim of such trafficking or has sought services for victims of
such trafficking, subject to reasonable concerns for the safety of the defendant, family members of the defendant, or other victims of such trafficking that may be jeopardized by the bringing of such motion, or for other reasons consistent with the purpose of this Section; and

(2) reasonable notice of the motion shall be served upon the State.

(b) The court may grant the motion if, in the discretion of the court, the violation was a result of the defendant having been a victim of human trafficking. Evidence of such may include, but is not limited to:

(1) certified records of federal or State court proceedings which demonstrate that the defendant was a victim of a trafficker charged with a trafficking offense under Section 10-9 of the Criminal Code of 1961 or under 22 U.S.C. Chapter 78;

(2) certified records of "approval notices" or "law enforcement certifications" generated from federal immigration proceedings available to such victims; or

(3) a sworn statement from a trained professional staff of a victim services organization, an attorney, a member of the clergy, or a medical or other professional from whom the defendant has sought assistance in addressing the trauma associated with being trafficked.

Alternatively, the court may consider such other evidence as it deems of sufficient credibility and probative value in determining whether the defendant is a trafficking victim or victim of a severe form of trafficking.

(c) If the court grants a motion under this Section, it must vacate the conviction and may take such additional action as is appropriate in the circumstances.

the General Assembly:

Section 5. The Illinois Municipal Code is amended by changing Sections 10-1-7, 10-1-7.1, 10-1-7.2, 10-2.1-6.3, and 10-2.1-6.4 as follows:

Sec. 10-1-7. Examination of applicants; disqualifications.

(a) All applicants for offices or places in the classified service, except those mentioned in Section 10-1-17, are subject to examination. The examination shall be public, competitive, and open to all citizens of the United States, with specified limitations as to residence, age, health, habits and moral character.

(b) Residency requirements in effect at the time an individual enters the fire or police service of a municipality (other than a municipality that has more than 1,000,000 inhabitants) cannot be made more restrictive for that individual during his or her period of service for that municipality, or be made a condition of promotion, except for the rank or position of Fire or Police Chief.

(c) No person with a record of misdemeanor convictions except those under Sections 11-1.50, 11-6, 11-7, 11-9, 11-14, 11-15, 11-17, 11-18, 11-19, 11-30, 11-35, 12-2, 12-6, 12-15, 14-4, 16-1, 21.1-3, 24-3.1, 24-5, 25-1, 28-3, 31-1, 31-4, 31-6, 31-7, 32-1, 32-2, 32-3, 32-4, and 32-8, subdivisions (a)(1) and (a)(2)(C) of Section 11-14.3, and subsections (1), (6) and (8) of Section 24-1 of the Criminal Code of 1961 or arrested for any cause but not convicted on that cause shall be disqualified from taking the examination on grounds of habits or moral character, unless the person is attempting to qualify for a position on the police department, in which case the conviction or arrest may be considered as a factor in determining the person's habits or moral character.

(d) Persons entitled to military preference under Section 10-1-16 shall not be subject to limitations specifying age unless they are applicants for a position as a fireman or a policeman having no previous employment status as a fireman or policeman in the regularly constituted fire or police department of the municipality, in which case they must not have attained their 35th birthday, except any person who has served as an auxiliary police officer under Section 3.1-30-20 for at least 5 years and is under 40 years of age.

(e) All employees of a municipality of less than 500,000 population (except those who would be excluded from the classified service as provided in this Division 1) who are holding that employment as of the date a municipality adopts this Division 1, or as of July 17, 1959, whichever date is the later, and who have held that employment for at least
2 years immediately before that later date, and all firemen and policemen regardless of length of service who were either appointed to their respective positions by the board of fire and police commissioners under the provisions of Division 2 of this Article or who are serving in a position (except as a temporary employee) in the fire or police department in the municipality on the date a municipality adopts this Division 1, or as of July 17, 1959, whichever date is the later, shall become members of the classified civil service of the municipality without examination.

(f) The examinations shall be practical in their character, and shall relate to those matters that will fairly test the relative capacity of the persons examined to discharge the duties of the positions to which they seek to be appointed. The examinations shall include tests of physical qualifications, health, and (when appropriate) manual skill. If an applicant is unable to pass the physical examination solely as the result of an injury received by the applicant as the result of the performance of an act of duty while working as a temporary employee in the position for which he or she is being examined, however, the physical examination shall be waived and the applicant shall be considered to have passed the examination. No questions in any examination shall relate to political or religious opinions or affiliations. Results of examinations and the eligible registers prepared from the results shall be published by the commission within 60 days after any examinations are held.

(g) The commission shall control all examinations, and may, whenever an examination is to take place, designate a suitable number of persons, either in or not in the official service of the municipality, to be examiners. The examiners shall conduct the examinations as directed by the commission and shall make a return or report of the examinations to the commission. If the appointed examiners are in the official service of the municipality, the examiners shall not receive extra compensation for conducting the examinations unless the examiners are subject to a collective bargaining agreement with the municipality. The commission may at any time substitute any other person, whether or not in the service of the municipality, in the place of any one selected as an examiner. The commission members may themselves at any time act as examiners without appointing examiners. The examiners at any examination shall not all be members of the same political party.

(h) In municipalities of 500,000 or more population, no person who has attained his or her 35th birthday shall be eligible to take an examination for a position as a fireman or a policeman unless the person
has had previous employment status as a policeman or fireman in the regularly constituted police or fire department of the municipality, except as provided in this Section.

(i) In municipalities of more than 5,000 but not more than 200,000 inhabitants, no person who has attained his or her 35th birthday shall be eligible to take an examination for a position as a fireman or a policeman unless the person has had previous employment status as a policeman or fireman in the regularly constituted police or fire department of the municipality, except as provided in this Section.

(j) In all municipalities, applicants who are 20 years of age and who have successfully completed 2 years of law enforcement studies at an accredited college or university may be considered for appointment to active duty with the police department. An applicant described in this subsection (j) who is appointed to active duty shall not have power of arrest, nor shall the applicant be permitted to carry firearms, until he or she reaches 21 years of age.

(k) In municipalities of more than 500,000 population, applications for examination for and appointment to positions as firefighters or police shall be made available at various branches of the public library of the municipality.

(l) No municipality having a population less than 1,000,000 shall require that any fireman appointed to the lowest rank serve a probationary employment period of longer than one year. The limitation on periods of probationary employment provided in this amendatory Act of 1989 is an exclusive power and function of the State. Pursuant to subsection (h) of Section 6 of Article VII of the Illinois Constitution, a home rule municipality having a population less than 1,000,000 must comply with this limitation on periods of probationary employment, which is a denial and limitation of home rule powers. Notwithstanding anything to the contrary in this Section, the probationary employment period limitation may be extended for a firefighter who is required, as a condition of employment, to be a certified paramedic, during which time the sole reason that a firefighter may be discharged without a hearing is for failing to meet the requirements for paramedic certification.

(m) To the extent that this Section or any other Section in this Division conflicts with Section 10-1-7.1 or 10-1-7.2, then Section 10-1-7.1 or 10-1-7.2 shall control.

Sec. 10-1-7.1. Original appointments; full-time fire department.

(a) Applicability. Unless a commission elects to follow the provisions of Section 10-1-7.2, this Section shall apply to all original appointments to an affected full-time fire department. Existing registers of eligibles shall continue to be valid until their expiration dates, or up to a maximum of 2 years after the effective date of this amendatory Act of the 97th General Assembly.

Notwithstanding any statute, ordinance, rule, or other law to the contrary, all original appointments to an affected department to which this Section applies shall be administered in the manner provided for in this Section. Provisions of the Illinois Municipal Code, municipal ordinances, and rules adopted pursuant to such authority and other laws relating to initial hiring of firefighters in affected departments shall continue to apply to the extent they are compatible with this Section, but in the event of a conflict between this Section and any other law, this Section shall control.

A home rule or non-home rule municipality may not administer its fire department process for original appointments in a manner that is less stringent than this Section. This Section is a limitation under subsection (i) of Section 6 of Article VII of the Illinois Constitution on the concurrent exercise by home rule units of the powers and functions exercised by the State.

A municipality that is operating under a court order or consent decree regarding original appointments to a full-time fire department before the effective date of this amendatory Act of the 97th General Assembly is exempt from the requirements of this Section for the duration of the court order or consent decree.

Notwithstanding any other provision of this subsection (a), this Section does not apply to a municipality with more than 1,000,000 inhabitants.

(b) Original appointments. All original appointments made to an affected fire department shall be made from a register of eligibles established in accordance with the processes established by this Section. Only persons who meet or exceed the performance standards required by this Section shall be placed on a register of eligibles for original appointment to an affected fire department.

Whenever an appointing authority authorizes action to hire a person to perform the duties of a firefighter or to hire a firefighter-paramedic to fill a position that is a new position or vacancy due to resignation, discharge, promotion, death, the granting of a disability or
retirement pension, or any other cause, the appointing authority shall appoint to that position the person with the highest ranking on the final eligibility list. If the appointing authority has reason to conclude that the highest ranked person fails to meet the minimum standards for the position or if the appointing authority believes an alternate candidate would better serve the needs of the department, then the appointing authority has the right to pass over the highest ranked person and appoint either: (i) any person who has a ranking in the top 5% of the register of eligibles or (ii) any person who is among the top 5 highest ranked persons on the list of eligibles if the number of people who have a ranking in the top 5% of the register of eligibles is less than 5 people.

Any candidate may pass on an appointment once without losing his or her position on the register of eligibles. Any candidate who passes a second time may be removed from the list by the appointing authority provided that such action shall not prejudice a person's opportunities to participate in future examinations, including an examination held during the time a candidate is already on the municipality's register of eligibles.

The sole authority to issue certificates of appointment shall be vested in the Civil Service Commission. All certificates of appointment issued to any officer or member of an affected department shall be signed by the chairperson and secretary, respectively, of the commission upon appointment of such officer or member to the affected department by the commission. Each person who accepts a certificate of appointment and successfully completes his or her probationary period shall be enrolled as a firefighter and as a regular member of the fire department.

For the purposes of this Section, "firefighter" means any person who has been prior to, on, or after the effective date of this amendatory Act of the 97th General Assembly appointed to a fire department or fire protection district or employed by a State university and sworn or commissioned to perform firefighter duties or paramedic duties, or both, except that the following persons are not included: part-time firefighters; auxiliary, reserve, or voluntary firefighters; clerks and dispatchers or other civilian employees of a fire department or fire protection district who are not routinely expected to perform firefighter duties; and elected officials.

(c) Qualification for placement on register of eligibles. The purpose of establishing a register of eligibles is to identify applicants who possess and demonstrate the mental aptitude and physical ability to perform the duties required of members of the fire department in order to
provide the highest quality of service to the public. To this end, all applicants for original appointment to an affected fire department shall be subject to examination and testing which shall be public, competitive, and open to all applicants unless the municipality shall by ordinance limit applicants to residents of the municipality, county or counties in which the municipality is located, State, or nation. Municipalities may establish educational, emergency medical service licensure, and other pre-requisites for participation in an examination or for hire as a firefighter. Any municipality may charge a fee to cover the costs of the application process.

Residency requirements in effect at the time an individual enters the fire service of a municipality cannot be made more restrictive for that individual during his or her period of service for that municipality, or be made a condition of promotion, except for the rank or position of fire chief and for no more than 2 positions that rank immediately below that of the chief rank which are appointed positions pursuant to the Fire Department Promotion Act.

No person who is 35 years of age or older shall be eligible to take an examination for a position as a firefighter unless the person has had previous employment status as a firefighter in the regularly constituted fire department of the municipality, except as provided in this Section. The age limitation does not apply to:

(1) any person previously employed as a full-time firefighter in a regularly constituted fire department of (i) any municipality or fire protection district located in Illinois, (ii) a fire protection district whose obligations were assumed by a municipality under Section 21 of the Fire Protection District Act, or (iii) a municipality whose obligations were taken over by a fire protection district, or

(2) any person who has served a municipality as a regularly enrolled volunteer, paid-on-call, or part-time firefighter for the 5 years immediately preceding the time that the municipality begins to use full-time firefighters to provide all or part of its fire protection service.

No person who is under 21 years of age shall be eligible for employment as a firefighter.

No applicant shall be examined concerning his or her political or religious opinions or affiliations. The examinations shall be conducted by the commissioners of the municipality or their designees and agents.
No municipality shall require that any firefighter appointed to the lowest rank serve a probationary employment period of longer than one year of actual active employment, which may exclude periods of training, or injury or illness leaves, including duty related leave, in excess of 30 calendar days. Notwithstanding anything to the contrary in this Section, the probationary employment period limitation may be extended for a firefighter who is required, as a condition of employment, to be a certified paramedic, during which time the sole reason that a firefighter may be discharged without a hearing is for failing to meet the requirements for paramedic certification.

In the event that any applicant who has been found eligible for appointment and whose name has been placed upon the final eligibility register provided for in this Division 1 has not been appointed to a firefighter position within one year after the date of his or her physical ability examination, the commission may cause a second examination to be made of that applicant's physical ability prior to his or her appointment. If, after the second examination, the physical ability of the applicant shall be found to be less than the minimum standard fixed by the rules of the commission, the applicant shall not be appointed. The applicant's name may be retained upon the register of candidates eligible for appointment and when next reached for certification and appointment that applicant may be again examined as provided in this Section, and if the physical ability of that applicant is found to be less than the minimum standard fixed by the rules of the commission, the applicant shall not be appointed, and the name of the applicant shall be removed from the register.

(d) Notice, examination, and testing components. Notice of the time, place, general scope, merit criteria for any subjective component, and fee of every examination shall be given by the commission, by a publication at least 2 weeks preceding the examination: (i) in one or more newspapers published in the municipality, or if no newspaper is published therein, then in one or more newspapers with a general circulation within the municipality, or (ii) on the municipality's Internet website. Additional notice of the examination may be given as the commission shall prescribe.

The examination and qualifying standards for employment of firefighters shall be based on: mental aptitude, physical ability, preferences, moral character, and health. The mental aptitude, physical ability, and preference components shall determine an applicant's qualification for and placement on the final register of eligibles. The examination may also include a subjective component based on merit.
criteria as determined by the commission. Scores from the examination must be made available to the public.

(e) Mental aptitude. No person who does not possess at least a high school diploma or an equivalent high school education shall be placed on a register of eligibles. Examination of an applicant's mental aptitude shall be based upon a written examination. The examination shall be practical in character and relate to those matters that fairly test the capacity of the persons examined to discharge the duties performed by members of a fire department. Written examinations shall be administered in a manner that ensures the security and accuracy of the scores achieved.

(f) Physical ability. All candidates shall be required to undergo an examination of their physical ability to perform the essential functions included in the duties they may be called upon to perform as a member of a fire department. For the purposes of this Section, essential functions of the job are functions associated with duties that a firefighter may be called upon to perform in response to emergency calls. The frequency of the occurrence of those duties as part of the fire department's regular routine shall not be a controlling factor in the design of examination criteria or evolutions selected for testing. These physical examinations shall be open, competitive, and based on industry standards designed to test each applicant's physical abilities in the following dimensions (or a similar test designed to ensure that the successful candidates are able to perform the essential functions of the firefighter's job description):

1. Muscular strength to perform tasks and evolutions that may be required in the performance of duties including grip strength, leg strength, and arm strength. Tests shall be conducted under anaerobic as well as aerobic conditions to test both the candidate's speed and endurance in performing tasks and evolutions. Tasks tested may be based on standards developed, or approved, by the local appointing authority.

2. The ability to climb ladders, operate from heights, walk or crawl in the dark along narrow and uneven surfaces, and operate in proximity to hazardous environments.

3. The ability to carry out critical, time-sensitive, and complex problem solving during physical exertion in stressful and hazardous environments. The testing environment may be hot and dark with tightly enclosed spaces, flashing lights, sirens, and other distractions.

New matter indicated by italics - deletions by strikeout
The tests utilized to measure each applicant's capabilities in each of these dimensions may be tests based on industry standards currently in use or equivalent tests approved by the Joint Labor-Management Committee of the Office of the State Fire Marshal.

Physical ability examinations administered under this Section shall be conducted with a reasonable number of proctors and monitors, open to the public, and subject to reasonable regulations of the commission.

(g) Scoring of examination components. Appointing authorities may create a preliminary eligibility register. A person shall be placed on the list based upon his or her passage of the written examination or the passage of the written examination and the physical ability component. Passage of the written examination means a score that is at or above the median score for all applicants participating in the written test. The appointing authority may conduct the physical ability component and any subjective components subsequent to the posting of the preliminary eligibility register.

The examination components for an initial eligibility register shall be graded on a 100-point scale. A person's position on the list shall be determined by the following: (i) the person's score on the written examination, (ii) the person successfully passing the physical ability component, and (iii) the person's results on any subjective component as described in subsection (d).

In order to qualify for placement on the final eligibility register, an applicant's total score on the written examination, before any applicable preference points or subjective points are applied, shall be at or above the median score plus 10%. The local appointing authority may prescribe the score to qualify for placement on the final eligibility register, but the score shall not be less than the median score plus 10%.

The commission shall prepare and keep a register of persons whose total score is not less than the minimum fixed by this Section and who have passed the physical ability examination. These persons shall take rank upon the register as candidates in the order of their relative excellence based on the highest to the lowest total points scored on the mental aptitude, subjective component, and preference components of the test administered in accordance with this Section. No more than 60 days after each examination, an initial eligibility list shall be posted by the commission. The list shall include the final grades of the candidates without reference to priority of the time of examination and subject to claim for preference credit.

New matter indicated by italics - deletions by strikeout
Commissions may conduct additional examinations, including without limitation a polygraph test, after a final eligibility register is established and before it expires with the candidates ranked by total score without regard to date of examination. No more than 60 days after each examination, an initial eligibility list shall be posted by the commission showing the final grades of the candidates without reference to priority of time of examination and subject to claim for preference credit.

(h) Preferences. The following are preferences:

(1) Veteran preference. Persons who were engaged in the military service of the United States for a period of at least one year of active duty and who were honorably discharged therefrom, or who are now or have been members on inactive or reserve duty in such military or naval service, shall be preferred for appointment to and employment with the fire department of an affected department.

(2) Fire cadet preference. Persons who have successfully completed 2 years of study in fire techniques or cadet training within a cadet program established under the rules of the Joint Labor and Management Committee (JLMC), as defined in Section 50 of the Fire Department Promotion Act, may be preferred for appointment to and employment with the fire department.

(3) Educational preference. Persons who have successfully obtained an associate's degree in the field of fire service or emergency medical services, or a bachelor's degree from an accredited college or university may be preferred for appointment to and employment with the fire department.

(4) Paramedic preference. Persons who have obtained certification as an Emergency Medical Technician-Paramedic (EMT-P) may be preferred for appointment to and employment with the fire department of an affected department providing emergency medical services.

(5) Experience preference. All persons employed by a municipality who have been paid-on-call or part-time certified Firefighter II, certified Firefighter III, State of Illinois or nationally licensed EMT-B or EMT-I, licensed paramedic, or any combination of those capacities may be awarded up to a maximum of 5 points. However, the applicant may not be awarded more than 0.5 points for each complete year of paid-on-call or part-time service. Applicants from outside the municipality who were
employed as full-time firefighters or firefighter-paramedics by a fire protection district or another municipality may be awarded up to 5 experience preference points. However, the applicant may not be awarded more than one point for each complete year of full-time service.

Upon request by the commission, the governing body of the municipality or in the case of applicants from outside the municipality the governing body of any fire protection district or any other municipality shall certify to the commission, within 10 days after the request, the number of years of successful paid-on-call, part-time, or full-time service of any person. A candidate may not receive the full amount of preference points under this subsection if the amount of points awarded would place the candidate before a veteran on the eligibility list. If more than one candidate receiving experience preference points is prevented from receiving all of their points due to not being allowed to pass a veteran, the candidates shall be placed on the list below the veteran in rank order based on the totals received if all points under this subsection were to be awarded. Any remaining ties on the list shall be determined by lot.

(6) Residency preference. Applicants whose principal residence is located within the fire department's jurisdiction may be preferred for appointment to and employment with the fire department.

Upon request by the commission, the governing body of the municipality or in the case of applicants from outside the municipality the governing body of any fire protection district or any other municipality shall certify to the commission, within 10 days after the request, the number of years of successful paid-on-call, part-time, or full-time service of any person. A candidate may not receive the full amount of preference points under this subsection if the amount of points awarded would place the candidate before a veteran on the eligibility list. If more than one candidate receiving experience preference points is prevented from receiving all of their points due to not being allowed to pass a veteran, the candidates shall be placed on the list below the veteran in rank order based on the totals received if all points under this subsection were to be awarded. Any remaining ties on the list shall be determined by lot.

New matter indicated by italics - deletions by strikeout
(7) Additional preferences. Up to 5 additional preference points may be awarded for unique categories based on an applicant's experience or background as identified by the commission.

(8) Scoring of preferences. The commission shall give preference for original appointment to persons designated in item (1) by adding to the final grade that they receive 5 points for the recognized preference achieved. The commission shall determine the number of preference points for each category except (1). The number of preference points for each category shall range from 0 to 5. In determining the number of preference points, the commission shall prescribe that if a candidate earns the maximum number of preference points in all categories, that number may not be less than 10 nor more than 30. The commission shall give preference for original appointment to persons designated in items (2) through (7) by adding the requisite number of points to the final grade for each recognized preference achieved. The numerical result thus attained shall be applied by the commission in determining the final eligibility list and appointment from the eligibility list. The local appointing authority may prescribe the total number of preference points awarded under this Section, but the total number of preference points shall not be less than 10 points or more than 30 points.

No person entitled to any preference shall be required to claim the credit before any examination held under the provisions of this Section, but the preference shall be given after the posting or publication of the initial eligibility list or register at the request of a person entitled to a credit before any certification or appointments are made from the eligibility register, upon the furnishing of verifiable evidence and proof of qualifying preference credit. Candidates who are eligible for preference credit shall make a claim in writing within 10 days after the posting of the initial eligibility list, or the claim shall be deemed waived. Final eligibility registers shall be established after the awarding of verified preference points. All employment shall be subject to the commission's initial hire background review including, but not limited to, criminal history, employment history, moral character, oral examination, and medical and psychological examinations, all on a pass-fail basis. The medical and psychological examinations must be conducted last, and may only be performed after a conditional offer of employment has been extended.
Any person placed on an eligibility list who exceeds the age requirement before being appointed to a fire department shall remain eligible for appointment until the list is abolished, or his or her name has been on the list for a period of 2 years. No person who has attained the age of 35 years shall be inducted into a fire department, except as otherwise provided in this Section.

The commission shall strike off the names of candidates for original appointment after the names have been on the list for more than 2 years.

(i) Moral character. No person shall be appointed to a fire department unless he or she is a person of good character; not a habitual drunkard, a gambler, or a person who has been convicted of a felony or a crime involving moral turpitude. However, no person shall be disqualified from appointment to the fire department because of the person's record of misdemeanor convictions except those under Sections 11-6, 11-7, 11-9, 11-14, 11-15, 11-17, 11-18, 11-19, 12-2, 12-6, 12-15, 14-4, 16-1, 21.1-3, 24-3.1, 24-5, 25-1, 28-3, 31-1, 31-4, 31-6, 31-7, 32-1, 32-2, 32-3, 32-4, 32-8, and subsections 1, 6, and 8 of Section 24-1 of the Criminal Code of 1961 or arrest for any cause without conviction thereon. Any such person who is in the department may be removed on charges brought for violating this subsection and after a trial as hereinafter provided.

A classifiable set of the fingerprints of every person who is offered employment as a certificated member of an affected fire department whether with or without compensation, shall be furnished to the Illinois Department of State Police and to the Federal Bureau of Investigation by the commission.

Whenever a commission is authorized or required by law to consider some aspect of criminal history record information for the purpose of carrying out its statutory powers and responsibilities, then, upon request and payment of fees in conformance with the requirements of Section 2605-400 of the State Police Law of the Civil Administrative Code of Illinois, the Department of State Police is authorized to furnish, pursuant to positive identification, the information contained in State files as is necessary to fulfill the request.

(j) Temporary appointments. In order to prevent a stoppage of public business, to meet extraordinary exigencies, or to prevent material impairment of the fire department, the commission may make temporary appointments, to remain in force only until regular appointments are made under the provisions of this Division, but never to exceed 60 days. No
temporary appointment of any one person shall be made more than twice in any calendar year.

(k) A person who knowingly divulges or receives test questions or answers before a written examination, or otherwise knowingly violates or subverts any requirement of this Section, commits a violation of this Section and may be subject to charges for official misconduct.

A person who is the knowing recipient of test information in advance of the examination shall be disqualified from the examination or discharged from the position to which he or she was appointed, as applicable, and otherwise subjected to disciplinary actions.

(65 ILCS 5/10-1-7.2)

Sec. 10-1-7.2. Alternative procedure; original appointment; full-time firefighter.

(a) Authority. The Joint Labor and Management Committee (JLMC), as defined in Section 50 of the Fire Department Promotion Act, may establish a community outreach program to market the profession of firefighter and firefighter-paramedic so as to ensure the pool of applicants recruited is of broad diversity and the highest quality.

For the purposes of this Section, "firefighter" means any person who has been prior to, on, or after the effective date of this amendatory Act of the 97th General Assembly appointed to a fire department or fire protection district or employed by a State university and sworn or commissioned to perform firefighter duties or paramedic duties, or both, except that the following persons are not included: part-time firefighters; auxiliary, reserve, or voluntary firefighters, including paid-on-call firefighters; clerks and dispatchers or other civilian employees of a fire department or fire protection district who are not routinely expected to perform firefighter duties; and elected officials.

(b) Eligibility. Persons eligible for placement on the master register of eligibles shall consist of the following:

Persons who have participated in and received a passing total score on the mental aptitude, physical ability, and preference components of a regionally administered test based on the standards described in this Section. The standards for administering these tests and the minimum passing score required for placement on this list shall be as is set forth in this Section.

Qualified candidates shall be listed on the master register of eligibles in highest to lowest rank order based upon their test scores.
scores without regard to their date of examination. Candidates listed on the master register of eligibles shall be eligible for appointment for 2 years after the date of the certification of their final score on the register without regard to the date of their examination. After 2 years, the candidate's name shall be struck from the list.

Any person currently employed as a full-time member of a fire department or any person who has experienced a non–voluntary (and non-disciplinary) separation from the active workforce due to a reduction in the number of departmental officers, who was appointed pursuant to this Division, Division 2.1 of Article 10 of the Illinois Municipal Code, or the Fire Protection District Act, and who during the previous 24 months participated in and received a passing score on the physical ability and mental aptitude components of the test may request that his or her name be added to the master register. Any eligible person may be offered employment by a local commission under the same procedures as provided by this Section except that the apprenticeship period may be waived and the applicant may be immediately issued a certificate of original appointment by the local commission.

(c) Qualifications for placement on register of eligibles. The purpose for establishing a master register of eligibles shall be to identify applicants who possess and demonstrate the mental aptitude and physical ability to perform the duties required of members of the fire department in order to provide the highest quality of service to the public. To this end, all applicants for original appointment to an affected fire department through examination conducted by the Joint Labor and Management Committee (JLMC) shall be subject to examination and testing which shall be public, competitive, and open to all applicants. Any subjective component of the testing must be administered by certified assessors. All qualifying and disqualifying factors applicable to examination processes for local commissions in this amendatory Act of the 97th General Assembly shall be applicable to persons participating in Joint Labor and Management Committee examinations unless specifically provided otherwise in this Section.

Notice of the time, place, general scope, and fee of every JLMC examination shall be given by the JLMC or designated testing agency, as applicable, by publication at least 30 days preceding the examination, in one or more newspapers published in the region, or if no newspaper is

published therein, then in one or more newspapers with a general circulation within the region. The JLMC may publish the notice on the JLMC’s Internet website. Additional notice of the examination may be given as the JLMC shall prescribe.

(d) Examination and testing components for placement on register of eligibles. The examination and qualifying standards for placement on the master register of eligibles and employment shall be based on the following components: mental aptitude, physical ability, preferences, moral character, and health. The mental aptitude, physical ability, and preference components shall determine an applicant's qualification for and placement on the master register of eligibles. The consideration of an applicant's general moral character and health shall be administered on a pass-fail basis after a conditional offer of employment is made by a local commission.

(e) Mental aptitude. Examination of an applicant's mental aptitude shall be based upon written examination and an applicant's prior experience demonstrating an aptitude for and commitment to service as a member of a fire department. Written examinations shall be practical in character and relate to those matters that fairly test the capacity of the persons examined to discharge the duties performed by members of a fire department. Written examinations shall be administered in a manner that ensures the security and accuracy of the scores achieved. Any subjective component of the testing must be administered by certified assessors. No person who does not possess a high school diploma or an equivalent high school education shall be placed on a register of eligibles. Local commissions may establish educational, emergency medical service licensure, and other pre-requisites for hire within their jurisdiction.

(f) Physical ability. All candidates shall be required to undergo an examination of their physical ability to perform the essential functions included in the duties they may be called upon to perform as a member of a fire department. For the purposes of this Section, essential functions of the job are functions associated with duties that a firefighter may be called upon to perform in response to emergency calls. The frequency of the occurrence of those duties as part of the fire department's regular routine shall not be a controlling factor in the design of examination criteria or evolutions selected for testing. These physical examinations shall be open, competitive, and based on industry standards designed to test each applicant's physical abilities in each of the following dimensions:
similar test designed to ensure that the successful candidates are able to perform the essential functions of a firefighter's job description):

(1) Muscular strength to perform tasks and evolutions that may be required in the performance of duties including grip strength, leg strength, and arm strength. Tests shall be conducted under anaerobic as well as aerobic conditions to test both the candidate's speed and endurance in performing tasks and evolutions. Tasks tested are to be based on industry standards developed by the JLMC by rule.

(2) The ability to climb ladders, operate from heights, walk or crawl in the dark along narrow and uneven surfaces, and operate in proximity to hazardous environments.

(3) The ability to carry out critical, time-sensitive, and complex problem solving during physical exertion in stressful and hazardous environments. The testing environment may be hot and dark with tightly enclosed spaces, flashing lights, sirens, and other distractions.

The tests utilized to measure each applicant's capabilities in each of these dimensions may be tests based on industry standards currently in use or equivalent tests approved by the Joint Labor-Management Committee of the Office of the State Fire Marshal.

(g) Scoring of examination components. The examination components shall be graded on a 100-point scale. A person's position on the master register of eligibles shall be determined by the person's score on the written examination, the person successfully passing the physical ability component, and the addition of any applicable preference points.

Applicants who have achieved at least the median mean score of all applicants participating in the written examination at the same time, and who successfully pass the physical ability examination shall be placed on the initial eligibility register. Applicable preference points shall be added to the written examination scores for all applicants who qualify for the initial eligibility register. Applicants who score in the top 70th percentile or higher, including any applicable preference points for placement on the final eligibility register, the passing score shall be determined by (i) calculating the mean score for all applicants participating in the written test; and (ii) adding 20% to the mean score. Applicants whose total scores, including any applicable preference points, are above the mean score plus 20%, shall be placed on the master register of eligibles by the JLMC.

New matter indicated by italics - deletions by strikeout
These persons shall take rank upon the register as candidates in the order of their relative excellence based on the highest to the lowest total points scored on the mental aptitude and physical ability components, plus any applicable preference points requested and verified by the JLMC, or approved testing agency.

No more than 60 days after each examination, a revised master register of eligibles shall be posted by the JLMC showing the final grades of the candidates without reference to priority of time of examination.

(h) Preferences. The board shall give military, education, and experience preference points to those who qualify for placement on the master register of eligibles, on the same basis as provided for examinations administered by a local commission.

No person entitled to preference or credit shall be required to claim the credit before any examination held under the provisions of this Section. The preference shall be given after the posting or publication of the applicant's initial score at the request of the person before finalizing the scores from all applicants taking part in a JLMC examination. Candidates who are eligible for preference credit shall make a claim in writing within 10 days after the posting of the initial scores from any JLMC test or the claim shall be deemed waived. Once preference points are awarded, the candidates shall be certified to the master register in accordance with their final score including preference points.

(i) Firefighter apprentice and firefighter-paramedic apprentice. The employment of an applicant to an apprentice position (including a currently employed full-time member of a fire department whose apprenticeship may be reduced or waived) shall be subject to the applicant passing the moral character standards and health examinations of the local commission. In addition, a local commission may require as a condition of employment that the applicant demonstrate current physical ability by either passing the local commission's approved physical ability examination, or by presenting proof of participating in and receiving a passing score on the physical ability component of a JLMC test within a period of up to 12 months before the date of the conditional offer of employment. Applicants shall be subject to the local commission's initial hire background review including criminal history, employment history, moral character, oral examination, and medical examinations which may include polygraph, psychological, and drug screening components, all on a pass-fail basis. The medical examinations must be conducted last, and may
only be performed after a conditional offer of employment has been extended.

(j) Selection from list. Any municipality or fire protection district that is a party to an intergovernmental agreement under the terms of which persons have been tested for placement on the master register of eligibles shall be entitled to offer employment to any person on the list irrespective of their ranking on the list. The offer of employment shall be to the position of firefighter apprentice or firefighter-paramedic apprentice.

Applicants passing these tests may be employed as a firefighter apprentice or a firefighter-paramedic apprentice who shall serve an apprenticeship period of 12 months or less according to the terms and conditions of employment as the employing municipality or district offers, or as provided for under the terms of any collective bargaining agreement then in effect. The apprenticeship period is separate from the probationary period.

Service during the apprenticeship period shall be on a probationary basis. During the apprenticeship period, the apprentice's training and performance shall be monitored and evaluated by a Joint Apprenticeship Committee.

The Joint Apprenticeship Committee shall consist of 4 members who shall be regular members of the fire department with at least 10 years of full-time work experience as a firefighter or firefighter-paramedic. The fire chief and the president of the exclusive bargaining representative recognized by the employer shall each appoint 2 members to the Joint Apprenticeship Committee. In the absence of an exclusive collective bargaining representative, the chief shall appoint the remaining 2 members who shall be from the ranks of company officer and firefighter with at least 10 years of work experience as a firefighter or firefighter-paramedic. In the absence of a sufficient number of qualified firefighters, the Joint Apprenticeship Committee members shall have the amount of experience and the type of qualifications as is reasonable given the circumstances of the fire department. In the absence of a full-time member in a rank between chief and the highest rank in a bargaining unit, the Joint Apprenticeship Committee shall be reduced to 2 members, one to be appointed by the chief and one by the union president, if any. If there is no exclusive bargaining representative, the chief shall appoint the second member of the Joint Apprenticeship Committee from among qualified members in the ranks of company officer and below. Before the conclusion of the apprenticeship period, the Joint Apprenticeship

Committee shall meet to consider the apprentice's progress and performance and vote to retain the apprentice as a member of the fire department or to terminate the apprenticeship. If 3 of the 4 members of the Joint Apprenticeship Committee affirmatively vote to retain the apprentice (if a 2 member Joint Apprenticeship Committee exists, then both members must affirmatively vote to retain the apprentice), the local commission shall issue the apprentice a certificate of original appointment to the fire department.

(k) A person who knowingly divulges or receives test questions or answers before a written examination, or otherwise knowingly violates or subverts any requirement of this Section, commits a violation of this Section and may be subject to charges for official misconduct.

A person who is the knowing recipient of test information in advance of the examination shall be disqualified from the examination or discharged from the position to which he or she was appointed, as applicable, and otherwise subjected to disciplinary actions.

(l) Applicability. This Section does not apply to a municipality with more than 1,000,000 inhabitants.

(65 ILCS 5/10-2.1-6.3)

Sec. 10-2.1-6.3. Original appointments; full-time fire department.

(a) Applicability. Unless a commission elects to follow the provisions of Section 10-2.1-6.4, this Section shall apply to all original appointments to an affected full-time fire department. Existing registers of eligibles shall continue to be valid until their expiration dates, or up to a maximum of 2 years after the effective date of this amendatory Act of the 97th General Assembly.

Notwithstanding any statute, ordinance, rule, or other law to the contrary, all original appointments to an affected department to which this Section applies shall be administered in the manner provided for in this Section. Provisions of the Illinois Municipal Code, municipal ordinances, and rules adopted pursuant to such authority and other laws relating to initial hiring of firefighters in affected departments shall continue to apply to the extent they are compatible with this Section, but in the event of a conflict between this Section and any other law, this Section shall control.

A home rule or non-home rule municipality may not administer its fire department process for original appointments in a manner that is less stringent than this Section. This Section is a limitation under subsection (i) of Section 6 of Article VII of the Illinois Constitution on the concurrent legislative power.
exercise by home rule units of the powers and functions exercised by the State.

A municipality that is operating under a court order or consent decree regarding original appointments to a full-time fire department before the effective date of this amendatory Act of the 97th General Assembly is exempt from the requirements of this Section for the duration of the court order or consent decree.

Notwithstanding any other provision of this subsection (a), this Section does not apply to a municipality with more than 1,000,000 inhabitants.

(b) Original appointments. All original appointments made to an affected fire department shall be made from a register of eligibles established in accordance with the processes established by this Section. Only persons who meet or exceed the performance standards required by this Section shall be placed on a register of eligibles for original appointment to an affected fire department.

Whenever an appointing authority authorizes action to hire a person to perform the duties of a firefighter or to hire a firefighter-paramedic to fill a position that is a new position or vacancy due to resignation, discharge, promotion, death, the granting of a disability or retirement pension, or any other cause, the appointing authority shall appoint to that position the person with the highest ranking on the final eligibility list. If the appointing authority has reason to conclude that the highest ranked person fails to meet the minimum standards for the position or if the appointing authority believes an alternate candidate would better serve the needs of the department, then the appointing authority has the right to pass over the highest ranked person and appoint either: (i) any person who has a ranking in the top 5% of the register of eligibles or (ii) any person who is among the top 5 highest ranked persons on the list of eligibles if the number of people who have a ranking in the top 5% of the register of eligibles is less than 5 people.

Any candidate may pass on an appointment once without losing his or her position on the register of eligibles. Any candidate who passes a second time may be removed from the list by the appointing authority provided that such action shall not prejudice a person's opportunities to participate in future examinations, including an examination held during the time a candidate is already on the municipality's register of eligibles.

The sole authority to issue certificates of appointment shall be vested in the board of fire and police commissioners. All certificates of
appointment issued to any officer or member of an affected department shall be signed by the chairperson and secretary, respectively, of the board upon appointment of such officer or member to the affected department by action of the board. Each person who accepts a certificate of appointment and successfully completes his or her probationary period shall be enrolled as a firefighter and as a regular member of the fire department.

For the purposes of this Section, "firefighter" means any person who has been prior to, on, or after the effective date of this amendatory Act of the 97th General Assembly appointed to a fire department or fire protection district or employed by a State university and sworn or commissioned to perform firefighter duties or paramedic duties, or both, except that the following persons are not included: part-time firefighters; auxiliary, reserve, or voluntary firefighters, including paid-on-call firefighters; clerks and dispatchers or other civilian employees of a fire department or fire protection district who are not routinely expected to perform firefighter duties; and elected officials.

(c) Qualification for placement on register of eligibles. The purpose of establishing a register of eligibles is to identify applicants who possess and demonstrate the mental aptitude and physical ability to perform the duties required of members of the fire department in order to provide the highest quality of service to the public. To this end, all applicants for original appointment to an affected fire department shall be subject to examination and testing which shall be public, competitive, and open to all applicants unless the municipality shall by ordinance limit applicants to residents of the municipality, county or counties in which the municipality is located, State, or nation. Municipalities may establish educational, emergency medical service licensure, and other pre-requisites for participation in an examination or for hire as a firefighter. Any municipality may charge a fee to cover the costs of the application process.

Residency requirements in effect at the time an individual enters the fire service of a municipality cannot be made more restrictive for that individual during his or her period of service for that municipality, or be made a condition of promotion, except for the rank or position of fire chief and for no more than 2 positions that rank immediately below that of the chief rank which are appointed positions pursuant to the Fire Department Promotion Act.

No person who is 35 years of age or older shall be eligible to take an examination for a position as a firefighter unless the person has had previous employment status as a firefighter in the regularly constituted fire
department of the municipality, except as provided in this Section. The age limitation does not apply to:

(1) any person previously employed as a full-time firefighter in a regularly constituted fire department of (i) any municipality or fire protection district located in Illinois, (ii) a fire protection district whose obligations were assumed by a municipality under Section 21 of the Fire Protection District Act, or (iii) a municipality whose obligations were taken over by a fire protection district, or

(2) any person who has served a municipality as a regularly enrolled volunteer, paid-on-call, or part-time firefighter for the 5 years immediately preceding the time that the municipality begins to use full-time firefighters to provide all or part of its fire protection service.

No person who is under 21 years of age shall be eligible for employment as a firefighter.

No applicant shall be examined concerning his or her political or religious opinions or affiliations. The examinations shall be conducted by the commissioners of the municipality or their designees and agents.

No municipality shall require that any firefighter appointed to the lowest rank serve a probationary employment period of longer than one year of actual active employment, which may exclude periods of training, or injury or illness leaves, including duty related leave, in excess of 30 calendar days. Notwithstanding anything to the contrary in this Section, the probationary employment period limitation may be extended for a firefighter who is required, as a condition of employment, to be a certified paramedic, during which time the sole reason that a firefighter may be discharged without a hearing is for failing to meet the requirements for paramedic certification.

In the event that any applicant who has been found eligible for appointment and whose name has been placed upon the final eligiblity register provided for in this Section has not been appointed to a firefighter position within one year after the date of his or her physical ability examination, the commission may cause a second examination to be made of that applicant's physical ability prior to his or her appointment. If, after the second examination, the physical ability of the applicant shall be found to be less than the minimum standard fixed by the rules of the commission, the applicant shall not be appointed. The applicant's name may be retained upon the register of candidates eligible for appointment.

New matter indicated by italics - deletions by strikeout
and when next reached for certification and appointment that applicant may be again examined as provided in this Section, and if the physical ability of that applicant is found to be less than the minimum standard fixed by the rules of the commission, the applicant shall not be appointed, and the name of the applicant shall be removed from the register.

(d) Notice, examination, and testing components. Notice of the time, place, general scope, merit criteria for any subjective component, and fee of every examination shall be given by the commission, by a publication at least 2 weeks preceding the examination: (i) in one or more newspapers published in the municipality, or if no newspaper is published therein, then in one or more newspapers with a general circulation within the municipality, or (ii) on the municipality's Internet website. Additional notice of the examination may be given as the commission shall prescribe.

The examination and qualifying standards for employment of firefighters shall be based on: mental aptitude, physical ability, preferences, moral character, and health. The mental aptitude, physical ability, and preference components shall determine an applicant's qualification for and placement on the final register of eligibles. The examination may also include a subjective component based on merit criteria as determined by the commission. Scores from the examination must be made available to the public.

(e) Mental aptitude. No person who does not possess at least a high school diploma or an equivalent high school education shall be placed on a register of eligibles. Examination of an applicant's mental aptitude shall be based upon a written examination. The examination shall be practical in character and relate to those matters that fairly test the capacity of the persons examined to discharge the duties performed by members of a fire department. Written examinations shall be administered in a manner that ensures the security and accuracy of the scores achieved.

(f) Physical ability. All candidates shall be required to undergo an examination of their physical ability to perform the essential functions included in the duties they may be called upon to perform as a member of a fire department. For the purposes of this Section, essential functions of the job are functions associated with duties that a firefighter may be called upon to perform in response to emergency calls. The frequency of the occurrence of those duties as part of the fire department's regular routine shall not be a controlling factor in the design of examination criteria or evolutions selected for testing. These physical examinations shall be open, competitive, and based on industry standards designed to test each
applicant's physical abilities in the following dimensions (or a similar test designed to ensure that the successful candidates are able to perform the essential functions of the firefighter's job description):

(1) Muscular strength to perform tasks and evolutions that may be required in the performance of duties including grip strength, leg strength, and arm strength. Tests shall be conducted under anaerobic as well as aerobic conditions to test both the candidate's speed and endurance in performing tasks and evolutions. Tasks tested may be based on standards developed, or approved, by the local appointing authority.

(2) The ability to climb ladders, operate from heights, walk or crawl in the dark along narrow and uneven surfaces, and operate in proximity to hazardous environments.

(3) The ability to carry out critical, time-sensitive, and complex problem solving during physical exertion in stressful and hazardous environments. The testing environment may be hot and dark with tightly enclosed spaces, flashing lights, sirens, and other distractions.

The tests utilized to measure each applicant's capabilities in each of these dimensions may be tests based on industry standards currently in use or equivalent tests approved by the Joint Labor-Management Committee of the Office of the State Fire Marshal.

Physical ability examinations administered under this Section shall be conducted with a reasonable number of proctors and monitors, open to the public, and subject to reasonable regulations of the commission.

(g) Scoring of examination components. Appointing authorities may create a preliminary eligibility register. A person shall be placed on the list based upon his or her passage of the written examination or the passage of the written examination and the physical ability component. Passage of the written examination means a score that is at or above the median score for all applicants participating in the written test. The appointing authority may conduct the physical ability component and any subjective components subsequent to the posting of the preliminary eligibility register.

The examination components for an initial eligibility register shall be graded on a 100-point scale. A person's position on the list shall be determined by the following: (i) the person's score on the written examination, (ii) the person successfully passing the physical ability component.
component, and (iii) the person's results on any subjective component as described in subsection (d).

In order to qualify for placement on the final eligibility register, an applicant's total score on the written examination, before any applicable preference points or subjective points are applied, shall be at or above the median score plus 10%. The local appointing authority may prescribe the score to qualify for placement on the final eligibility register, but the score shall not be less than the median score plus 10%.

The commission shall prepare and keep a register of persons whose total score is not less than the minimum fixed by this Section and who have passed the physical ability examination. These persons shall take rank upon the register as candidates in the order of their relative excellence based on the highest to the lowest total points scored on the mental aptitude, subjective component, and preference components of the test administered in accordance with this Section. No more than 60 days after each examination, an initial eligibility list shall be posted by the commission. The list shall include the final grades of the candidates without reference to priority of the time of examination and subject to claim for preference credit.

Commissions may conduct additional examinations, including without limitation a polygraph test, after a final eligibility register is established and before it expires with the candidates ranked by total score without regard to date of examination. No more than 60 days after each examination, an initial eligibility list shall be posted by the commission showing the final grades of the candidates without reference to priority of time of examination and subject to claim for preference credit.

(h) Preferences. The following are preferences:

(1) Veteran preference. Persons who were engaged in the military service of the United States for a period of at least one year of active duty and who were honorably discharged therefrom, or who are now or have been members on inactive or reserve duty in such military or naval service, shall be preferred for appointment to and employment with the fire department of an affected department.

(2) Fire cadet preference. Persons who have successfully completed 2 years of study in fire techniques or cadet training within a cadet program established under the rules of the Joint Labor and Management Committee (JLMC), as defined in Section

New matter indicated by italics - deletions by strikeout
50 of the Fire Department Promotion Act, may be preferred for appointment to and employment with the fire department.

(3) Educational preference. Persons who have successfully obtained an associate's degree in the field of fire service or emergency medical services, or a bachelor's degree from an accredited college or university may be preferred for appointment to and employment with the fire department.

(4) Paramedic preference. Persons who have obtained certification as an Emergency Medical Technician-Paramedic (EMT-P) shall be preferred for appointment to and employment with the fire department of an affected department providing emergency medical services.

(5) Experience preference. All persons employed by a municipality who have been paid-on-call or part-time certified Firefighter II, State of Illinois or nationally licensed EMT-B or EMT-I, or any combination of those capacities shall be awarded 0.5 point for each year of successful service in one or more of those capacities, up to a maximum of 5 points. Certified Firefighter III and State of Illinois or nationally licensed paramedics shall be awarded one point per year up to a maximum of 5 points. Applicants from outside the municipality who were employed as full-time firefighters or firefighter-paramedics by a fire protection district or another municipality for at least 2 years shall be awarded 5 experience preference points. These additional points presuppose a rating scale totaling 100 points available for the eligibility list. If more or fewer points are used in the rating scale for the eligibility list, the points awarded under this subsection shall be increased or decreased by a factor equal to the total possible points available for the examination divided by 100.

Upon request by the commission, the governing body of the municipality or in the case of applicants from outside the municipality the governing body of any fire protection district or any other municipality shall certify to the commission, within 10 days after the request, the number of years of successful paid-on-call, part-time, or full-time service of any person. A candidate may not receive the full amount of preference points under this subsection if the amount of points awarded would place the candidate before a veteran on the eligibility list. If more than one candidate receiving experience preference points is prevented from

receiving all of their points due to not being allowed to pass a veteran, the candidates shall be placed on the list below the veteran in rank order based on the totals received if all points under this subsection were to be awarded. Any remaining ties on the list shall be determined by lot.

(6) Residency preference. Applicants whose principal residence is located within the fire department's jurisdiction shall be preferred for appointment to and employment with the fire department.

Upon request by the commission, the governing body of the municipality or in the case of applicants from outside the municipality the governing body of any fire protection district or any other municipality shall certify to the commission, within 10 days after the request, the number of years of successful paid-on-call, part-time, or full-time service of any person. A candidate may not receive the full amount of preference points under this subsection if the amount of points awarded would place the candidate before a veteran on the eligibility list. If more than one candidate receiving experience preference points is prevented from receiving all of their points due to not being allowed to pass a veteran, the candidates shall be placed on the list below the veteran in rank order based on the totals received if all points under this subsection were to be awarded. Any remaining ties on the list shall be determined by lot.

(7) Additional preferences. Up to 5 additional preference points may be awarded for unique categories based on an applicant's experience or background as identified by the commission.

(8) Scoring of preferences. The commission shall give preference for original appointment to persons designated in item (1) by adding to the final grade that they receive 5 points for the recognized preference achieved. The commission shall determine the number of preference points for each category except (1). The number of preference points for each category shall range from 0 to 5. In determining the number of preference points, the commission shall prescribe that if a candidate earns the maximum number of preference points in all categories, that number may not be less than 10 nor more than 30. The commission shall give preference for original appointment to persons designated in items (2) through

New matter indicated by italics - deletions by strikeout
(7) by adding the requisite number of points to the final grade for each recognized preference achieved. The numerical result thus attained shall be applied by the commission in determining the final eligibility list and appointment from the eligibility list. The local appointing authority may prescribe the total number of preference points awarded under this Section, but the total number of preference points shall not be less than 10 points or more than 30 points.

No person entitled to any preference shall be required to claim the credit before any examination held under the provisions of this Section, but the preference shall be given after the posting or publication of the initial eligibility list or register at the request of a person entitled to a credit before any certification or appointments are made from the eligibility register, upon the furnishing of verifiable evidence and proof of qualifying preference credit. Candidates who are eligible for preference credit shall make a claim in writing within 10 days after the posting of the initial eligibility list, or the claim shall be deemed waived. Final eligibility registers shall be established after the awarding of verified preference points. All employment shall be subject to the commission's initial hire background review including, but not limited to, criminal history, employment history, moral character, oral examination, and medical and psychological examinations, all on a pass-fail basis. The medical and psychological examinations must be conducted last, and may only be performed after a conditional offer of employment has been extended.

Any person placed on an eligibility list who exceeds the age requirement before being appointed to a fire department shall remain eligible for appointment until the list is abolished, or his or her name has been on the list for a period of 2 years. No person who has attained the age of 35 years shall be inducted into a fire department, except as otherwise provided in this Section.

The commission shall strike off the names of candidates for original appointment after the names have been on the list for more than 2 years.

(i) Moral character. No person shall be appointed to a fire department unless he or she is a person of good character; not a habitual drunkard, a gambler, or a person who has been convicted of a felony or a crime involving moral turpitude. However, no person shall be disqualified from appointment to the fire department because of the person's record of misdemeanor convictions except those under Sections 11-6, 11-7, 11-9,
A classifiable set of the fingerprints of every person who is offered employment as a certificated member of an affected fire department whether with or without compensation, shall be furnished to the Illinois Department of State Police and to the Federal Bureau of Investigation by the commission.

Whenever a commission is authorized or required by law to consider some aspect of criminal history record information for the purpose of carrying out its statutory powers and responsibilities, then, upon request and payment of fees in conformance with the requirements of Section 2605-400 of the State Police Law of the Civil Administrative Code of Illinois, the Department of State Police is authorized to furnish, pursuant to positive identification, the information contained in State files as is necessary to fulfill the request.

(j) Temporary appointments. In order to prevent a stoppage of public business, to meet extraordinary exigencies, or to prevent material impairment of the fire department, the commission may make temporary appointments, to remain in force only until regular appointments are made under the provisions of this Division, but never to exceed 60 days. No temporary appointment of any one person shall be made more than twice in any calendar year.

(k) A person who knowingly divulges or receives test questions or answers before a written examination, or otherwise knowingly violates or subverts any requirement of this Section, commits a violation of this Section and may be subject to charges for official misconduct.

A person who is the knowing recipient of test information in advance of the examination shall be disqualified from the examination or discharged from the position to which he or she was appointed, as applicable, and otherwise subjected to disciplinary actions.

(65 ILCS 5/10-2.1-6.4)

Sec. 10-2.1-6.4. Alternative procedure; original appointment; full-time firefighter.
(a) Authority. The Joint Labor and Management Committee (JLMC), as defined in Section 50 of the Fire Department Promotion Act, may establish a community outreach program to market the profession of firefighter and firefighter-paramedic so as to ensure the pool of applicants recruited is of broad diversity and the highest quality.

For the purposes of this Section, "firefighter" means any person who has been prior to, on, or after the effective date of this amendatory Act of the 97th General Assembly appointed to a fire department or fire protection district or employed by a State university and sworn or commissioned to perform firefighter duties or paramedic duties, or both, except that the following persons are not included: part-time firefighters; auxiliary, reserve, or voluntary firefighters, including paid-on-call firefighters; clerks and dispatchers or other civilian employees of a fire department or fire protection district who are not routinely expected to perform firefighter duties; and elected officials.

(b) Eligibility. Persons eligible for placement on the master register of eligibles shall consist of the following:

Persons who have participated in and received a passing total score on the mental aptitude, physical ability, and preference components of a regionally administered test based on the standards described in this Section. The standards for administering these tests and the minimum passing score required for placement on this list shall be as is set forth in this Section.

Qualified candidates shall be listed on the master register of eligibles in highest to lowest rank order based upon their test scores without regard to their date of examination. Candidates listed on the master register of eligibles shall be eligible for appointment for 2 years after the date of the certification of their final score on the register without regard to the date of their examination. After 2 years, the candidate's name shall be struck from the list.

Any person currently employed as a full-time member of a fire department or any person who has experienced a non–voluntary (and non-disciplinary) separation from the active workforce due to a reduction in the number of departmental officers, who was appointed pursuant to Division 1 of Article 10 of the Illinois Municipal Code, Division 2.1 of Article 10 of the Illinois Municipal Code, or the Fire Protection District Act, and who during the previous 24 months participated in and received a
passing score on the physical ability and mental aptitude components of the test may request that his or her name be added to the master register. Any eligible person may be offered employment by a local commission under the same procedures as provided by this Section except that the apprenticeship period may be waived and the applicant may be immediately issued a certificate of original appointment by the local commission.

(c) Qualifications for placement on register of eligibles. The purpose for establishing a master register of eligibles shall be to identify applicants who possess and demonstrate the mental aptitude and physical ability to perform the duties required of members of the fire department in order to provide the highest quality of service to the public. To this end, all applicants for original appointment to an affected fire department through examination conducted by the Joint Labor and Management Committee (JLMC) shall be subject to examination and testing which shall be public, competitive, and open to all applicants. Any subjective component of the testing must be administered by certified assessors. All qualifying and disqualifying factors applicable to examination processes for local commissions in this amendatory Act of the 97th General Assembly shall be applicable to persons participating in Joint Labor and Management Committee examinations unless specifically provided otherwise in this Section.

Notice of the time, place, general scope, and fee of every JLMC examination shall be given by the JLMC or designated testing agency, as applicable, by a publication at least 30 days preceding the examination, in one or more newspapers published in the region, or if no newspaper is published therein, then in one or more newspapers with a general circulation within the region. The JLMC may publish the notice on the JLMC's Internet website. Additional notice of the examination may be given as the JLMC shall prescribe.

(d) Examination and testing components for placement on register of eligibles. The examination and qualifying standards for placement on the master register of eligibles and employment shall be based on the following components: mental aptitude, physical ability, preferences, moral character, and health. The mental aptitude, physical ability, and preference components shall determine an applicant's qualification for and placement on the master register of eligibles. The consideration of an applicant's general moral character and health shall be administered on a
pass-fail basis after a conditional offer of employment is made by a local commission.

(e) Mental aptitude. Examination of an applicant's mental aptitude shall be based upon written examination and an applicant's prior experience demonstrating an aptitude for and commitment to service as a member of a fire department. Written examinations shall be practical in character and relate to those matters that fairly test the capacity of the persons examined to discharge the duties performed by members of a fire department. Written examinations shall be administered in a manner that ensures the security and accuracy of the scores achieved. Any subjective component of the testing must be administered by certified assessors. No person who does not possess a high school diploma or an equivalent high school education shall be placed on a register of eligibles. Local commissions may establish educational, emergency medical service licensure, and other pre-requisites for hire within their jurisdiction.

(f) Physical ability. All candidates shall be required to undergo an examination of their physical ability to perform the essential functions included in the duties they may be called upon to perform as a member of a fire department. For the purposes of this Section, essential functions of the job are functions associated with duties that a firefighter may be called upon to perform in response to emergency calls. The frequency of the occurrence of those duties as part of the fire department's regular routine shall not be a controlling factor in the design of examination criteria or evolutions selected for testing. These physical examinations shall be open, competitive, and based on industry standards designed to test each applicant's physical abilities in each of the following dimensions (or a similar test designed to ensure that the successful candidates are able to perform the essential functions of a firefighter's job description):

1. Muscular strength to perform tasks and evolutions that may be required in the performance of duties including grip strength, leg strength, and arm strength. Tests shall be conducted under anaerobic as well as aerobic conditions to test both the candidate's speed and endurance in performing tasks and evolutions. Tests tested are to be based on industry standards developed by the JLMC by rule.

2. The ability to climb ladders, operate from heights, walk or crawl in the dark along narrow and uneven surfaces, and operate in proximity to hazardous environments.

New matter indicated by italics - deletions by strikeout
(3) The ability to carry out critical, time-sensitive, and complex problem solving during physical exertion in stressful and hazardous environments. The testing environment may be hot and dark with tightly enclosed spaces, flashing lights, sirens, and other distractions.

The tests utilized to measure each applicant's capabilities in each of these dimensions may be tests based on industry standards currently in use or equivalent tests approved by the Joint Labor-Management Committee of the Office of the State Fire Marshal.

(g) Scoring of examination components. The examination components shall be graded on a 100-point scale. A person's position on the master register of eligibles shall be determined by the person's score on the written examination, the person successfully passing the physical ability component, and the addition of any applicable preference points.

Applicants who have achieved at least the median mean score of all applicants participating in the written examination at the same time, and who successfully pass the physical ability examination shall be placed on the initial eligibility register. Applicable preference points shall be added to the written examination scores for all applicants who qualify for the initial eligibility register. Applicants who score in the top 70th percentile or higher, including any applicable preference points for placement on the final eligibility register, the passing score shall be determined by (i) calculating the mean score for all applicants participating in the written test; and (ii) adding 20% to the mean score. Applicants whose total scores, including any applicable preference points, are above the mean score plus 20%, shall be placed on the master register of eligibles by the JLMC.

These persons shall take rank upon the register as candidates in the order of their relative excellence based on the highest to the lowest total points scored on the mental aptitude and physical ability components, plus any applicable preference points requested and verified by the JLMC, or approved testing agency.

No more than 60 days after each examination, a revised master register of eligibles shall be posted by the JLMC showing the final grades of the candidates without reference to priority of time of examination.

(h) Preferences. The board shall give military, education, and experience preference points to those who qualify for placement on the master register of eligibles, on the same basis as provided for examinations administered by a local commission.
No person entitled to preference or credit shall be required to claim the credit before any examination held under the provisions of this Section. The preference shall be given after the posting or publication of the applicant's initial score at the request of the person before finalizing the scores from all applicants taking part in a JLMC examination. Candidates who are eligible for preference credit shall make a claim in writing within 10 days after the posting of the initial scores from any JLMC test or the claim shall be deemed waived. Once preference points are awarded, the candidates shall be certified to the master register in accordance with their final score including preference points.

(i) Firefighter apprentice and firefighter-paramedic apprentice. The employment of an applicant to an apprentice position (including a currently employed full-time member of a fire department whose apprenticeship may be reduced or waived) shall be subject to the applicant passing the moral character standards and health examinations of the local commission. In addition, a local commission may require as a condition of employment that the applicant demonstrate current physical ability by either passing the local commission's approved physical ability examination, or by presenting proof of participating in and receiving a passing score on the physical ability component of a JLMC test within a period of up to 12 months before the date of the conditional offer of employment. Applicants shall be subject to the local commission's initial hire background review including criminal history, employment history, moral character, oral examination, and medical examinations which may include polygraph, psychological, and drug screening components, all on a pass-fail basis. The medical examinations must be conducted last, and may only be performed after a conditional offer of employment has been extended.

(j) Selection from list. Any municipality or fire protection district that is a party to an intergovernmental agreement under the terms of which persons have been tested for placement on the master register of eligibles shall be entitled to offer employment to any person on the list irrespective of their ranking on the list. The offer of employment shall be to the position of firefighter apprentice or firefighter-paramedic apprentice.

Applicants passing these tests may be employed as a firefighter apprentice or a firefighter-paramedic apprentice who shall serve an apprenticeship period of 12 months or less according to the terms and conditions of employment as the employing municipality or district offers, or as provided for under the terms of any collective bargaining agreement.
then in effect. The apprenticeship period is separate from the probationary period.

Service during the apprenticeship period shall be on a probationary basis. During the apprenticeship period, the apprentice's training and performance shall be monitored and evaluated by a Joint Apprenticeship Committee.

The Joint Apprenticeship Committee shall consist of 4 members who shall be regular members of the fire department with at least 10 years of full-time work experience as a firefighter or firefighter-paramedic. The fire chief and the president of the exclusive bargaining representative recognized by the employer shall each appoint 2 members to the Joint Apprenticeship Committee. In the absence of an exclusive collective bargaining representative, the chief shall appoint the remaining 2 members who shall be from the ranks of company officer and firefighter with at least 10 years of work experience as a firefighter or firefighter-paramedic. In the absence of a sufficient number of qualified firefighters, the Joint Apprenticeship Committee members shall have the amount of experience and the type of qualifications as is reasonable given the circumstances of the fire department. In the absence of a full-time member in a rank between chief and the highest rank in a bargaining unit, the Joint Apprenticeship Committee shall be reduced to 2 members, one to be appointed by the chief and one by the union president, if any. If there is no exclusive bargaining representative, the chief shall appoint the second member of the Joint Apprenticeship Committee from among qualified members in the ranks of company officer and below. Before the conclusion of the apprenticeship period, the Joint Apprenticeship Committee shall meet to consider the apprentice's progress and performance and vote to retain the apprentice as a member of the fire department or to terminate the apprenticeship. If 3 of the 4 members of the Joint Apprenticeship Committee affirmatively vote to retain the apprentice (if a 2 member Joint Apprenticeship Committee exists, then both members must affirmatively vote to retain the apprentice), the local commission shall issue the apprentice a certificate of original appointment to the fire department.

(k) A person who knowingly divulges or receives test questions or answers before a written examination, or otherwise knowingly violates or subverts any requirement of this Section, commits a violation of this Section and may be subject to charges for official misconduct.

New matter indicated by italics - deletions by strikeout
A person who is the knowing recipient of test information in advance of the examination shall be disqualified from the examination or discharged from the position to which he or she was appointed, as applicable, and otherwise subjected to disciplinary actions.

(l) Applicability. This Section does not apply to a municipality with more than 1,000,000 inhabitants.

Section 10. The Fire Protection District Act is amended by changing Sections 16.06b and 16.06c as follows:

(70 ILCS 705/16.06b)

Sec. 16.06b. Original appointments; full-time fire department.

(a) Applicability. Unless a commission elects to follow the provisions of Section 16.06c, this Section shall apply to all original appointments to an affected full-time fire department. Existing registers of eligibles shall continue to be valid until their expiration dates, or up to a maximum of 2 years after the effective date of this amendatory Act of the 97th General Assembly.

Notwithstanding any statute, ordinance, rule, or other law to the contrary, all original appointments to an affected department to which this Section applies shall be administered in a no less stringent manner than the manner provided for in this Section. Provisions of the Illinois Municipal Code, Fire Protection District Act, fire district ordinances, and rules adopted pursuant to such authority and other laws relating to initial hiring of firefighters in affected departments shall continue to apply to the extent they are compatible with this Section, but in the event of a conflict between this Section and any other law, this Section shall control.

A fire protection district that is operating under a court order or consent decree regarding original appointments to a full-time fire department before the effective date of this amendatory Act of the 97th General Assembly is exempt from the requirements of this Section for the duration of the court order or consent decree.

(b) Original appointments. All original appointments made to an affected fire department shall be made from a register of eligibles established in accordance with the processes required by this Section. Only persons who meet or exceed the performance standards required by the Section shall be placed on a register of eligibles for original appointment to an affected fire department.

Whenever an appointing authority authorizes action to hire a person to perform the duties of a firefighter or to hire a firefighter-
paramedic to fill a position that is a new position or vacancy due to resignation, discharge, promotion, death, the granting of a disability or retirement pension, or any other cause, the appointing authority shall appoint to that position the person with the highest ranking on the final eligibility list. If the appointing authority has reason to conclude that the highest ranked person fails to meet the minimum standards for the position or if the appointing authority believes an alternate candidate would better serve the needs of the department, then the appointing authority has the right to pass over the highest ranked person and appoint either: (i) any person who has a ranking in the top 5% of the register of eligibles or (ii) any person who is among the top 5 highest ranked persons on the list of eligibles if the number of people who have a ranking in the top 5% of the register of eligibles is less than 5 people.

Any candidate may pass on an appointment once without losing his or her position on the register of eligibles. Any candidate who passes a second time may be removed from the list by the appointing authority provided that such action shall not prejudice a person's opportunities to participate in future examinations, including an examination held during the time a candidate is already on the fire district's register of eligibles.

The sole authority to issue certificates of appointment shall be vested in the board of fire commissioners, or board of trustees serving in the capacity of a board of fire commissioners. All certificates of appointment issued to any officer or member of an affected department shall be signed by the chairperson and secretary, respectively, of the commission upon appointment of such officer or member to the affected department by action of the commission. Each person who accepts a certificate of appointment and successfully completes his or her probationary period shall be enrolled as a firefighter and as a regular member of the fire department.

For the purposes of this Section, "firefighter" means any person who has been prior to, on, or after the effective date of this amendatory Act of the 97th General Assembly appointed to a fire department or fire protection district or employed by a State university and sworn or commissioned to perform firefighter duties or paramedic duties, or both, except that the following persons are not included: part-time firefighters; auxiliary, reserve, or voluntary firefighters, including paid-on-call firefighters; clerks and dispatchers or other civilian employees of a fire department or fire protection district who are not routinely expected to perform firefighter duties; and elected officials.

(c) Qualification for placement on register of eligibles. The purpose of establishing a register of eligibles is to identify applicants who possess and demonstrate the mental aptitude and physical ability to perform the duties required of members of the fire department in order to provide the highest quality of service to the public. To this end, all applicants for original appointment to an affected fire department shall be subject to examination and testing which shall be public, competitive, and open to all applicants unless the district shall by ordinance limit applicants to residents of the district, county or counties in which the district is located, State, or nation. Districts may establish educational, emergency medical service licensure, and other pre-requisites for participation in an examination or for hire as a firefighter. Any fire protection district may charge a fee to cover the costs of the application process.

Residency requirements in effect at the time an individual enters the fire service of a district cannot be made more restrictive for that individual during his or her period of service for that district, or be made a condition of promotion, except for the rank or position of fire chief and for no more than 2 positions that rank immediately below that of the chief rank which are appointed positions pursuant to the Fire Department Promotion Act.

No person who is 35 years of age or older shall be eligible to take an examination for a position as a firefighter unless the person has had previous employment status as a firefighter in the regularly constituted fire department of the district, except as provided in this Section. The age limitation does not apply to:

1. any person previously employed as a full-time firefighter in a regularly constituted fire department of (i) any municipality or fire protection district located in Illinois, (ii) a fire protection district whose obligations were assumed by a municipality under Section 21 of the Fire Protection District Act, or (iii) a municipality whose obligations were taken over by a fire protection district, or
2. any person who has served a fire district as a regularly enrolled volunteer, paid-on-call, or part-time firefighter for the 5 years immediately preceding the time that the district begins to use full-time firefighters to provide all or part of its fire protection service.

No person who is under 21 years of age shall be eligible for employment as a firefighter.

New matter indicated by italics - deletions by strikeout
No applicant shall be examined concerning his or her political or religious opinions or affiliations. The examinations shall be conducted by the commissioners of the district or their designees and agents.

No district shall require that any firefighter appointed to the lowest rank serve a probationary employment period of longer than one year of actual active employment, which may exclude periods of training, or injury or illness leaves, including duty related leave, in excess of 30 calendar days. Notwithstanding anything to the contrary in this Section, the probationary employment period limitation may be extended for a firefighter who is required, as a condition of employment, to be a certified paramedic, during which time the sole reason that a firefighter may be discharged without a hearing is for failing to meet the requirements for paramedic certification.

In the event that any applicant who has been found eligible for appointment and whose name has been placed upon the final eligibility register provided for in this Section has not been appointed to a firefighter position within one year after the date of his or her physical ability examination, the commission may cause a second examination to be made of that applicant's physical ability prior to his or her appointment. If, after the second examination, the physical ability of the applicant shall be found to be less than the minimum standard fixed by the rules of the commission, the applicant shall not be appointed. The applicant's name may be retained upon the register of candidates eligible for appointment and when next reached for certification and appointment that applicant may be again examined as provided in this Section, and if the physical ability of that applicant is found to be less than the minimum standard fixed by the rules of the commission, the applicant shall not be appointed, and the name of the applicant shall be removed from the register.

(d) Notice, examination, and testing components. Notice of the time, place, general scope, merit criteria for any subjective component, and fee of every examination shall be given by the commission, by a publication at least 2 weeks preceding the examination: (i) in one or more newspapers published in the district, or if no newspaper is published therein, then in one or more newspapers with a general circulation within the district, or (ii) on the fire protection district's Internet website. Additional notice of the examination may be given as the commission shall prescribe.

The examination and qualifying standards for employment of firefighters shall be based on: mental aptitude, physical ability,
preferences, moral character, and health. The mental aptitude, physical ability, and preference components shall determine an applicant's qualification for and placement on the final register of eligibles. The examination may also include a subjective component based on merit criteria as determined by the commission. Scores from the examination must be made available to the public.

(e) Mental aptitude. No person who does not possess at least a high school diploma or an equivalent high school education shall be placed on a register of eligibles. Examination of an applicant's mental aptitude shall be based upon a written examination. The examination shall be practical in character and relate to those matters that fairly test the capacity of the persons examined to discharge the duties performed by members of a fire department. Written examinations shall be administered in a manner that ensures the security and accuracy of the scores achieved.

(f) Physical ability. All candidates shall be required to undergo an examination of their physical ability to perform the essential functions included in the duties they may be called upon to perform as a member of a fire department. For the purposes of this Section, essential functions of the job are functions associated with duties that a firefighter may be called upon to perform in response to emergency calls. The frequency of the occurrence of those duties as part of the fire department's regular routine shall not be a controlling factor in the design of examination criteria or evolutions selected for testing. These physical examinations shall be open, competitive, and based on industry standards designed to test each applicant's physical abilities in the following dimensions (or a similar test designed to ensure that the successful candidates are able to perform the essential functions of the firefighter's job description):

(1) Muscular strength to perform tasks and evolutions that may be required in the performance of duties including grip strength, leg strength, and arm strength. Tests shall be conducted under anaerobic as well as aerobic conditions to test both the candidate's speed and endurance in performing tasks and evolutions. Tasks tested may be based on standards developed, or approved, by the local appointing authority.

(2) The ability to climb ladders, operate from heights, walk or crawl in the dark along narrow and uneven surfaces, and operate in proximity to hazardous environments.

(3) The ability to carry out critical, time-sensitive, and complex problem solving during physical exertion in stressful and
hazardous environments. The testing environment may be hot and
dark with tightly enclosed spaces, flashing lights, sirens, and other
distractions.

The tests utilized to measure each applicant's capabilities in each
of these dimensions may be tests based on industry standards currently in
use or equivalent tests approved by the Joint Labor-Management
Committee of the Office of the State Fire Marshal.

Physical ability examinations administered under this Section shall
be conducted with a reasonable number of proctors and monitors, open to
the public, and subject to reasonable regulations of the commission.

(g) Scoring of examination components. Appointing authorities
may create a preliminary eligibility register. A person shall be placed on
the list based upon his or her passage of the written examination or the
passage of the written examination and the physical ability component.
Passage of the written examination means a score that is at or above the
median mean score for all applicants participating in the written test. The
appointing authority may conduct the physical ability component and any
subjective components subsequent to the posting of the preliminary
eligibility register.

The examination components for an initial eligibility register shall
be graded on a 100-point scale. A person's position on the list shall be
determined by the following: (i) the person's score on the written
examination, (ii) the person successfully passing the physical ability
component, and (iii) the person's results on any subjective component as
described in subsection (d).

In order to qualify for placement on the final eligibility register, an
applicant's total score on the written examination, before any applicable
preference points or subjective points are applied, shall be at or above the
median mean score plus 10%. The local appointing authority may
prescribe the score to qualify for placement on the final eligibility register,
but the score shall not be less than the median mean score plus 10%.

The commission shall prepare and keep a register of persons whose
total score is not less than the minimum fixed by this Section and who
have passed the physical ability examination. These persons shall take
rank upon the register as candidates in the order of their relative excellence
based on the highest to the lowest total points scored on the mental
aptitude, subjective component, and preference components of the test
administered in accordance with this Section. No more than 60 days after
each examination, an initial eligibility list shall be posted by the
commission. The list shall include the final grades of the candidates without reference to priority of the time of examination and subject to claim for preference credit.

Commissions may conduct additional examinations, including without limitation a polygraph test, after a final eligibility register is established and before it expires with the candidates ranked by total score without regard to date of examination. No more than 60 days after each examination, an initial eligibility list shall be posted by the commission showing the final grades of the candidates without reference to priority of time of examination and subject to claim for preference credit.

(h) Preferences. The following are preferences:

(1) Veteran preference. Persons who were engaged in the military service of the United States for a period of at least one year of active duty and who were honorably discharged therefrom, or who are now or have been members on inactive or reserve duty in such military or naval service, shall be preferred for appointment to and employment with the fire department of an affected department.

(2) Fire cadet preference. Persons who have successfully completed 2 years of study in fire techniques or cadet training within a cadet program established under the rules of the Joint Labor and Management Committee (JLMC), as defined in Section 50 of the Fire Department Promotion Act, may be preferred for appointment to and employment with the fire department.

(3) Educational preference. Persons who have successfully obtained an associate's degree in the field of fire service or emergency medical services, or a bachelor's degree from an accredited college or university may be preferred for appointment to and employment with the fire department.

(4) Paramedic preference. Persons who have obtained certification as an Emergency Medical Technician-Paramedic (EMT-P) may be preferred for appointment to and employment with the fire department of an affected department providing emergency medical services.

(5) Experience preference. All persons employed by a district who have been paid-on-call or part-time certified Firefighter II, certified Firefighter III, State of Illinois or nationally licensed EMT-B or EMT-I, licensed paramedic, or any combination of those capacities may be awarded up to a maximum

New matter indicated by italics - deletions by strikeout
of 5 points. However, the applicant may not be awarded more than 0.5 points for each complete year of paid-on-call or part-time service. Applicants from outside the district who were employed as full-time firefighters or firefighter-paramedics by a fire protection district or municipality for at least 2 years may be awarded up to 5 experience preference points. However, the applicant may not be awarded more than one point for each complete year of full-time service.

Upon request by the commission, the governing body of the district or in the case of applicants from outside the district the governing body of any other fire protection district or any municipality shall certify to the commission, within 10 days after the request, the number of years of successful paid-on-call, part-time, or full-time service of any person. A candidate may not receive the full amount of preference points under this subsection if the amount of points awarded would place the candidate before a veteran on the eligibility list. If more than one candidate receiving experience preference points is prevented from receiving all of their points due to not being allowed to pass a veteran, the candidates shall be placed on the list below the veteran in rank order based on the totals received if all points under this subsection were to be awarded. Any remaining ties on the list shall be determined by lot.

(6) Residency preference. Applicants whose principal residence is located within the fire department's jurisdiction may be preferred for appointment to and employment with the fire department.

Upon request by the commission, the governing body of the district or in the case of applicants from outside the district the governing body of any other fire protection district or any municipality shall certify to the commission, within 10 days after the request, the number of years of successful paid-on-call, part-time, or full-time service of any person. A candidate may not receive the full amount of preference points under this subsection if the amount of points awarded would place the candidate before a veteran on the eligibility list. If more than one candidate receiving experience preference points is prevented from receiving all of their points due to not being allowed to pass a veteran, the candidates shall be placed on the list below the veteran in rank order based on the totals received if all points under this subsection were to be awarded. Any remaining ties on the list shall be determined by lot.

New matter indicated by italics - deletions by strikeout
order based on the totals received if all points under this subsection were to be awarded. Any remaining ties on the list shall be determined by lot.

(7) Additional preferences. Up to 5 additional preference points may be awarded for unique categories based on an applicant's experience or background as identified by the commission.

(8) Scoring of preferences. The commission shall give preference for original appointment to persons designated in item (1) by adding to the final grade that they receive 5 points for the recognized preference achieved. The commission shall determine the number of preference points for each category except (1). The number of preference points for each category shall range from 0 to 5. In determining the number of preference points, the commission shall prescribe that if a candidate earns the maximum number of preference points in all categories, that number may not be less than 10 nor more than 30. The commission shall give preference for original appointment to persons designated in items (2) through (7) by adding the requisite number of points to the final grade for each recognized preference achieved. The numerical result thus attained shall be applied by the commission in determining the final eligibility list and appointment from the eligibility list. The local appointing authority may prescribe the total number of preference points awarded under this Section, but the total number of preference points shall not be less than 10 points or more than 30 points.

No person entitled to any preference shall be required to claim the credit before any examination held under the provisions of this Section, but the preference shall be given after the posting or publication of the initial eligibility list or register at the request of a person entitled to a credit before any certification or appointments are made from the eligibility register, upon the furnishing of verifiable evidence and proof of qualifying preference credit. Candidates who are eligible for preference credit shall make a claim in writing within 10 days after the posting of the initial eligibility list, or the claim shall be deemed waived. Final eligibility registers shall be established after the awarding of verified preference points. All employment shall be subject to the commission's initial hire background review including, but not limited to, criminal history, employment history, moral character, oral examination, and medical and

New matter indicated by italics - deletions by strikeout
psychological examinations, all on a pass-fail basis. The medical and psychological examinations must be conducted last, and may only be performed after a conditional offer of employment has been extended.

Any person placed on an eligibility list who exceeds the age requirement before being appointed to a fire department shall remain eligible for appointment until the list is abolished, or his or her name has been on the list for a period of 2 years. No person who has attained the age of 35 years shall be inducted into a fire department, except as otherwise provided in this Section.

The commission shall strike off the names of candidates for original appointment after the names have been on the list for more than 2 years.

(i) Moral character. No person shall be appointed to a fire department unless he or she is a person of good character; not a habitual drunkard, a gambler, or a person who has been convicted of a felony or a crime involving moral turpitude. However, no person shall be disqualified from appointment to the fire department because of the person's record of misdemeanor convictions except those under Sections 11-6, 11-7, 11-9, 11-14, 11-15, 11-17, 11-18, 11-19, 12-2, 12-6, 12-15, 14-4, 16-1, 21.1-3, 24-3.1, 24-5, 25-1, 28-3, 31-1, 31-4, 31-6, 31-7, 32-1, 32-2, 32-3, 32-4, 32-8, and subsections 1, 6, and 8 of Section 24-1 of the Criminal Code of 1961 or arrest for any cause without conviction thereon. Any such person who is in the department may be removed on charges brought for violating this subsection and after a trial as hereinafter provided.

A classifiable set of the fingerprints of every person who is offered employment as a certificated member of an affected fire department whether with or without compensation, shall be furnished to the Illinois Department of State Police and to the Federal Bureau of Investigation by the commission.

Whenever a commission is authorized or required by law to consider some aspect of criminal history record information for the purpose of carrying out its statutory powers and responsibilities, then, upon request and payment of fees in conformance with the requirements of Section 2605-400 of the State Police Law of the Civil Administrative Code of Illinois, the Department of State Police is authorized to furnish, pursuant to positive identification, the information contained in State files as is necessary to fulfill the request.

(j) Temporary appointments. In order to prevent a stoppage of public business, to meet extraordinary exigencies, or to prevent material
impairment of the fire department, the commission may make temporary appointments, to remain in force only until regular appointments are made under the provisions of this Section, but never to exceed 60 days. No temporary appointment of any one person shall be made more than twice in any calendar year.

(k) A person who knowingly divulges or receives test questions or answers before a written examination, or otherwise knowingly violates or subverts any requirement of this Section, commits a violation of this Section and may be subject to charges for official misconduct.

A person who is the knowing recipient of test information in advance of the examination shall be disqualified from the examination or discharged from the position to which he or she was appointed, as applicable, and otherwise subjected to disciplinary actions.

(70 ILCS 705/16.06c)

Sec. 16.06c. Alternative procedure; original appointment; full-time firefighter.

(a) Authority. The Joint Labor and Management Committee (JLMC), as defined in Section 50 of the Fire Department Promotion Act, may establish a community outreach program to market the profession of firefighter and firefighter-paramedic so as to ensure the pool of applicants recruited is of broad diversity and the highest quality.

For the purposes of this Section, "firefighter" means any person who has been prior to, on, or after the effective date of this amendatory Act of the 97th General Assembly appointed to a fire department or fire protection district or employed by a State university and sworn or commissioned to perform firefighter duties or paramedic duties, or both, except that the following persons are not included: part-time firefighters; auxiliary, reserve, or voluntary firefighters, including paid-on-call firefighters; clerks and dispatchers or other civilian employees of a fire department or fire protection district who are not routinely expected to perform firefighter duties; and elected officials.

(b) Eligibility. Persons eligible for placement on the master register of eligibles shall consist of the following:

Persons who have participated in and received a passing total score on the mental aptitude, physical ability, and preference components of a regionally administered test based on the standards described in this Section. The standards for

New matter indicated by italics - deletions by strikeout
administering these tests and the minimum passing score required for placement on this list shall be as is set forth in this Section.

Qualified candidates shall be listed on the master register of eligibles in highest to lowest rank order based upon their test scores without regard to their date of examination. Candidates listed on the master register of eligibles shall be eligible for appointment for 2 years after the date of the certification of their final score on the register without regard to the date of their examination. After 2 years, the candidate's name shall be struck from the list.

Any person currently employed as a full-time member of a fire department or any person who has experienced a non–voluntary (and non-disciplinary) separation from the active workforce due to a reduction in the number of departmental officers, who was appointed pursuant to Division 1 of Article 10 of the Illinois Municipal Code, Division 2.1 of Article 10 of the Illinois Municipal Code, or the Fire Protection District Act, and who during the previous 24 months participated in and received a passing score on the physical ability and mental aptitude components of the test may request that his or her name be added to the master register. Any eligible person may be offered employment by a local commission under the same procedures as provided by this Section except that the apprenticeship period may be waived and the applicant may be immediately issued a certificate of original appointment by the local commission.

(c) Qualifications for placement on register of eligibles. The purpose for establishing a master register of eligibles shall be to identify applicants who possess and demonstrate the mental aptitude and physical ability to perform the duties required of members of the fire department in order to provide the highest quality of service to the public. To this end, all applicants for original appointment to an affected fire department through examination conducted by the Joint Labor and Management Committee (JLMC) shall be subject to examination and testing which shall be public, competitive, and open to all applicants. Any subjective component of the testing must be administered by certified assessors. All qualifying and disqualifying factors applicable to examination processes for local commissions in this amendatory Act of the 97th General Assembly shall be applicable to persons participating in Joint Labor and Management

New matter indicated by italics - deletions by strikeout
Committee examinations unless specifically provided otherwise in this Section.

Notice of the time, place, general scope, and fee of every JLMC examination shall be given by the JLMC or designated testing agency, as applicable, by a publication at least 30 days preceding the examination, in one or more newspapers published in the region, or if no newspaper is published therein, then in one or more newspapers with a general circulation within the region. The JLMC may publish the notice on the JLMC's Internet website. Additional notice of the examination may be given as the JLMC shall prescribe.

(d) Examination and testing components for placement on register of eligibles. The examination and qualifying standards for placement on the master register of eligibles and employment shall be based on the following components: mental aptitude, physical ability, preferences, moral character, and health. The mental aptitude, physical ability, and preference components shall determine an applicant's qualification for and placement on the master register of eligibles. The consideration of an applicant's general moral character and health shall be administered on a pass-fail basis after a conditional offer of employment is made by a local commission.

(e) Mental aptitude. Examination of an applicant's mental aptitude shall be based upon written examination and an applicant's prior experience demonstrating an aptitude for and commitment to service as a member of a fire department. Written examinations shall be practical in character and relate to those matters that fairly test the capacity of the persons examined to discharge the duties performed by members of a fire department. Written examinations shall be administered in a manner that ensures the security and accuracy of the scores achieved. Any subjective component of the testing must be administered by certified assessors. No person who does not possess a high school diploma or an equivalent high school education shall be placed on a register of eligibles. Local commissions may establish educational, emergency medical service licensure, and other pre-requisites for hire within their jurisdiction.

(f) Physical ability. All candidates shall be required to undergo an examination of their physical ability to perform the essential functions included in the duties they may be called upon to perform as a member of a fire department. For the purposes of this Section, essential functions of the job are functions associated with duties that a firefighter may be called upon to perform in response to emergency calls. The frequency of the

New matter indicated by italics - deletions by strikeout
occurrence of those duties as part of the fire department's regular routine shall not be a controlling factor in the design of examination criteria or evolutions selected for testing. These physical examinations shall be open, competitive, and based on industry standards designed to test each applicant's physical abilities in each of the following dimensions (or a similar test designed to ensure that the successful candidates are able to perform the essential functions of a firefighter's job description):

1) Muscular strength to perform tasks and evolutions that may be required in the performance of duties including grip strength, leg strength, and arm strength. Tests shall be conducted under anaerobic as well as aerobic conditions to test both the candidate's speed and endurance in performing tasks and evolutions. Tasks tested are to be based on industry standards developed by the JLMC by rule.

2) The ability to climb ladders, operate from heights, walk or crawl in the dark along narrow and uneven surfaces, and operate in proximity to hazardous environments.

3) The ability to carry out critical, time-sensitive, and complex problem solving during physical exertion in stressful and hazardous environments. The testing environment may be hot and dark with tightly enclosed spaces, flashing lights, sirens, and other distractions.

The tests utilized to measure each applicant's capabilities in each of these dimensions may be tests based on industry standards currently in use or equivalent tests approved by the Joint Labor-Management Committee of the Office of the State Fire Marshal.

(g) Scoring of examination components. The examination components shall be graded on a 100-point scale. A person's position on the master register of eligibles shall be determined by the person's score on the written examination, the person successfully passing the physical ability component, and the addition of any applicable preference points.

Applicants who have achieved at least the median score of all applicants participating in the written examination at the same time, and who successfully pass the physical ability examination shall be placed on the initial eligibility register. Applicable preference points shall be added to the written examination scores for all applicants who qualify for the initial eligibility register. Applicants who score in the top 70th percentile or higher, including any applicable preference points for placement on the final eligibility register, the passing score shall be

New matter indicated by italics - deletions by strikeout
determined by (i) calculating the mean score for all applicants participating in the written test; and (ii) adding 20% to the mean score. Applicants whose total scores, including any applicable preference points, are above the mean score plus 20%, shall be placed on the master register of eligibles by the JLMC.

These persons shall take rank upon the register as candidates in the order of their relative excellence based on the highest to the lowest total points scored on the mental aptitude and physical ability components, plus any applicable preference points requested and verified by the JLMC, or approved testing agency.

No more than 60 days after each examination, a revised master register of eligibles shall be posted by the JLMC showing the final grades of the candidates without reference to priority of time of examination.

(h) Preferences. The board shall give military, education, and experience preference points to those who qualify for placement on the master register of eligibles, on the same basis as provided for examinations administered by a local commission.

No person entitled to preference or credit shall be required to claim the credit before any examination held under the provisions of this Section. The preference shall be given after the posting or publication of the applicant's initial score at the request of the person before finalizing the scores from all applicants taking part in a JLMC examination. Candidates who are eligible for preference credit shall make a claim in writing within 10 days after the posting of the initial scores from any JLMC test or the claim shall be deemed waived. Once preference points are awarded, the candidates shall be certified to the master register in accordance with their final score including preference points.

(i) Firefighter apprentice and firefighter-paramedic apprentice. The employment of an applicant to an apprentice position (including a currently employed full-time member of a fire department whose apprenticeship may be reduced or waived) shall be subject to the applicant passing the moral character standards and health examinations of the local commission. In addition, a local commission may require as a condition of employment that the applicant demonstrate current physical ability by either passing the local commission's approved physical ability examination, or by presenting proof of participating in and receiving a passing score on the physical ability component of a JLMC test within a period of up to 12 months before the date of the conditional offer of employment. Applicants shall be subject to the local commission's initial
hire background review including criminal history, employment history, moral character, oral examination, and medical examinations which may include polygraph, psychological, and drug screening components, all on a pass-fail basis. The medical examinations must be conducted last, and may only be performed after a conditional offer of employment has been extended.

(j) Selection from list. Any municipality or fire protection district that is a party to an intergovernmental agreement under the terms of which persons have been tested for placement on the master register of eligibles shall be entitled to offer employment to any person on the list irrespective of their ranking on the list. The offer of employment shall be to the position of firefighter apprentice or firefighter-paramedic apprentice.

Applicants passing these tests may be employed as a firefighter apprentice or a firefighter-paramedic apprentice who shall serve an apprenticeship period of 12 months or less according to the terms and conditions of employment as the employing municipality or district offers, or as provided for under the terms of any collective bargaining agreement then in effect. The apprenticeship period is separate from the probationary period.

Service during the apprenticeship period shall be on a probationary basis. During the apprenticeship period, the apprentice's training and performance shall be monitored and evaluated by a Joint Apprenticeship Committee.

The Joint Apprenticeship Committee shall consist of 4 members who shall be regular members of the fire department with at least 10 years of full-time work experience as a firefighter or firefighter-paramedic. The fire chief and the president of the exclusive bargaining representative recognized by the employer shall each appoint 2 members to the Joint Apprenticeship Committee. In the absence of an exclusive collective bargaining representative, the chief shall appoint the remaining 2 members who shall be from the ranks of company officer and firefighter with at least 10 years of work experience as a firefighter or firefighter-paramedic. In the absence of a sufficient number of qualified firefighters, the Joint Apprenticeship Committee members shall have the amount of experience and the type of qualifications as is reasonable given the circumstances of the fire department. In the absence of a full-time member in a rank between chief and the highest rank in a bargaining unit, the Joint Apprenticeship Committee shall be reduced to 2 members, one to be appointed by the chief and one by the union president, if any. If there is no

New matter indicated by italics - deletions by strikeout
exclusive bargaining representative, the chief shall appoint the second
member of the Joint Apprenticeship Committee from among qualified
members in the ranks of company officer and below. Before the
conclusion of the apprenticeship period, the Joint Apprenticeship
Committee shall meet to consider the apprentice's progress and
performance and vote to retain the apprentice as a member of the fire
department or to terminate the apprenticeship. If 3 of the 4 members of the
Joint Apprenticeship Committee affirmatively vote to retain the apprentice
(if a 2 member Joint Apprenticeship Committee exists, then both members
must affirmatively vote to retain the apprentice), the local commission
shall issue the apprentice a certificate of original appointment to the fire
department.

(k) A person who knowingly divulges or receives test questions or
answers before a written examination, or otherwise knowingly violates or
subverts any requirement of this Section, commits a violation of this
Section and may be subject to charges for official misconduct.

A person who is the knowing recipient of test information in
advance of the examination shall be disqualified from the examination or
discharged from the position to which he or she was appointed, as
applicable, and otherwise subjected to disciplinary actions.

(2) a written Individualized Family Service Plan developed by a multidisciplinary team which includes the parent or guardian. The individualized family service plan shall be based on the multidisciplinary team's assessment of the resources, priorities, and concerns of the family and its identification of the supports and services necessary to enhance the family's capacity to meet the developmental needs of the infant or toddler, and shall include the identification of services appropriate to meet those needs, including the frequency, intensity, and method of delivering services. At the periodic reviews, the team shall determine whether modification or revision of the outcomes or services is necessary.

Parameters of the Plan shall be set forth in rules.

(e) The regional intake offices shall explain to each family, orally and in writing, all of the following:

(1) That the early intervention program will pay for all early intervention services set forth in the individualized family service plan that are not covered or paid under the family's public or private insurance plan or policy and not eligible for payment through any other third party payor.

(2) That services will not be delayed due to any rules or restrictions under the family's insurance plan or policy.

(3) That the family may request, with appropriate documentation supporting the request, a determination of an exemption from private insurance use under Section 13.25.

(4) That responsibility for co-payments or co-insurance under a family's private insurance plan or policy will be transferred to the lead agency's central billing office.

(5) That families will be responsible for payments of family fees, which will be based on a sliding scale according to income, and that these fees are payable to the central billing office, and that if the family encounters a catastrophic circumstance, as defined under subsection (f) of Section 13 of this Act, making it unable to

pay the fees, the lead agency may, upon proof of inability to pay, waive the fees.

PUBLIC ACT 97-0904
(Senate Bill No. 2869)

AN ACT concerning certain court orders.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Code of Criminal Procedure of 1963 is amended by changing Section 112A-22 as follows:
(725 ILCS 5/112A-22) (from Ch. 38, par. 112A-22)
Sec. 112A-22. Notice of orders.
  (a) Entry and issuance. Upon issuance of any order of protection, the clerk shall immediately, or on the next court day if an emergency order is issued in accordance with subsection (c) of Section 112A-17, (i) enter the order on the record and file it in accordance with the circuit court procedures and (ii) provide a file stamped copy of the order to respondent, if present, and to petitioner.
  (b) Filing with sheriff. The clerk of the issuing judge shall, or the petitioner may, on the same day that an order of protection is issued, file a copy of that order with the sheriff or other law enforcement officials charged with maintaining Department of State Police records or charged with serving the order upon respondent. If the order was issued in accordance with subsection (c) of Section 112A-17, the clerk shall on the next court day, file a certified copy of the order with the Sheriff or other law enforcement officials charged with maintaining Department of State Police records. If the respondent, at the time of the issuance of the order, is committed to the custody of the Illinois Department of Corrections or is on parole or mandatory supervised release, the sheriff or other law enforcement officials charged with maintaining Department of State Police records shall notify the Department of Corrections within 48 hours of receipt of a copy of the order of protection from the clerk of the issuing judge or the petitioner. Such notice shall include the name of the
respondent, the respondent's IDOC inmate number, the respondent's date of birth, and the LEADS Record Index Number.

(c) Service by sheriff. Unless respondent was present in court when the order was issued, the sheriff, other law enforcement official or special process server shall promptly serve that order upon respondent and file proof of such service, in the manner provided for service of process in civil proceedings. Instead of serving the order upon the respondent, however, the sheriff, other law enforcement official, special process server, or other persons defined in Section 112A-22.10 may serve the respondent with a short form notification as provided in Section 112A-22.10. If process has not yet been served upon the respondent, it shall be served with the order or short form notification if such service is made by the sheriff, other law enforcement official, or special process server.

(c-5) If the person against whom the order of protection is issued is arrested and the written order is issued in accordance with subsection (c) of Section 112A-17 and received by the custodial law enforcement agency before the respondent or arrestee is released from custody, the custodial law enforcement agent shall promptly serve the order upon the respondent or arrestee before the respondent or arrestee is released from custody. In no event shall detention of the respondent or arrestee be extended for hearing on the petition for order of protection or receipt of the order issued under Section 112A-17 of this Code.

(d) Extensions, modifications and revocations. Any order extending, modifying or revoking any order of protection shall be promptly recorded, issued and served as provided in this Section.

(e) Notice to health care facilities and health care practitioners. Upon the request of the petitioner, the clerk of the circuit court shall send a certified copy of the order of protection to any specified health care facility or health care practitioner requested by the petitioner at the mailing address provided by the petitioner.

(f) Disclosure by health care facilities and health care practitioners. After receiving a certified copy of an order of protection that prohibits a respondent's access to records, no health care facility or health care practitioner shall allow a respondent access to the records of any child who is a protected person under the order of protection, or release information in those records to the respondent, unless the order has expired or the respondent shows a certified copy of the court order vacating the corresponding order of protection that was sent to the health care facility or practitioner. Nothing in this Section shall be construed to require health
care facilities or health care practitioners to alter procedures related to billing and payment. The health care facility or health care practitioner may file the copy of the order of protection in the records of a child who is a protected person under the order of protection, or may employ any other method to identify the records to which a respondent is prohibited access. No health care facility or health care practitioner shall be civilly or professionally liable for reliance on a copy of an order of protection, except for willful and wanton misconduct.

(g) Notice to schools. Upon the request of the petitioner, within 24 hours of the issuance of an order of protection, the clerk of the issuing judge shall send a certified copy of the order of protection to the day-care facility, pre-school or pre-kindergarten, or private school or the principal office of the public school district or any college or university in which any child who is a protected person under the order of protection or any child of the petitioner is enrolled as requested by the petitioner at the mailing address provided by the petitioner. If the child transfers enrollment to another day-care facility, pre-school, pre-kindergarten, private school, public school, college, or university, the petitioner may, within 24 hours of the transfer, send to the clerk written notice of the transfer, including the name and address of the institution to which the child is transferring. Within 24 hours of receipt of notice from the petitioner that a child is transferring to another day-care facility, pre-school, pre-kindergarten, private school, public school, college, or university, the clerk shall send a certified copy of the order to the institution to which the child is transferring.

(h) Disclosure by schools. After receiving a certified copy of an order of protection that prohibits a respondent's access to records, neither a day-care facility, pre-school, pre-kindergarten, public or private school, college, or university nor its employees shall allow a respondent access to a protected child's records or release information in those records to the respondent. The school shall file the copy of the order of protection in the records of a child who is a protected person under the order of protection. When a child who is a protected person under the order of protection transfers to another day-care facility, pre-school, pre-kindergarten, public or private school, college, or university, the institution from which the child is transferring may, at the request of the petitioner, provide, within 24 hours of the transfer, written notice of the order of protection, along with a certified copy of the order, to the institution to which the child is transferring.

(e) Except for new wind power facilities contemplated under subdivision (a)(3)(E) of this Section, new proposed facilities which apply for designation as High Impact Business must provide the Department with proof of alternative non-Illinois sites which would receive the proposed investment and job creation in the event that the business is not designated as a High Impact Business.

(f) Except for businesses contemplated under subdivision (a)(3)(E) of this Section, in the event that a business is designated a High Impact Business and it is later determined after reasonable notice and an opportunity for a hearing as provided under the Illinois Administrative Procedure Act, that the business would have placed in service in qualified property the investments and created or retained the requisite number of jobs without the benefits of the High Impact Business designation, the Department shall be required to immediately revoke the designation and notify the Director of the Department of Revenue who shall begin proceedings to recover all wrongfully exempted State taxes with interest. The business shall also be ineligible for all State funded Department programs for a period of 10 years.

(g) The Department shall revoke a High Impact Business designation if the participating business fails to comply with the terms and conditions of the designation. However, the penalties for new wind power facilities or Wind Energy Businesses for failure to comply with any of the terms or conditions of the Illinois Prevailing Wage Act shall be only those penalties identified in the Illinois Prevailing Wage Act, and the Department shall not revoke a High Impact Business designation as a result of the failure to comply with any of the terms or conditions of the Illinois Prevailing Wage Act in relation to a new wind power facility or a Wind Energy Business.

(h) Prior to designating a business, the Department shall provide the members of the General Assembly and Commission on Government Forecasting and Accountability with a report setting forth the terms and
conditions of the designation and guarantees that have been received by the Department in relation to the proposed business being designated.

of other relevant programs, including but not limited to housing, community and economic development, small business, banking, financial assistance, and employment training programs which are carried on in an Enterprise Zone.

(5) In order to stimulate employment opportunities for Zone residents, the Department, in cooperation with the Department of Human Services and the Department of Employment Security, is to initiate a test of the following 2 programs within the 12 month period following designation and approval by the Department of the first enterprise zones: (i) the use of aid to families with dependent children benefits payable under Article IV of the Illinois Public Aid Code, General Assistance benefits payable under Article VI of the Illinois Public Aid Code, the unemployment insurance benefits payable under the Unemployment Insurance Act as training or employment subsidies leading to unsubsidized employment; and (ii) a program for voucher reimbursement of the cost of training zone residents eligible under the Targeted Jobs Tax Credit provisions of the Internal Revenue Code for employment in private industry. These programs shall not be designed to subsidize businesses, but are intended to open up job and training opportunities not otherwise available. These programs should be designed (i) for those individuals whose opportunities for job-finding are minimal without program participation, (ii) to minimize the period of benefit collection by such individuals, and (iii) to accelerate the transition of those individuals to unsubsidized employment. The Department is to seek agreement with business, organized labor and the appropriate State Department and agencies on the design, operation and evaluation of the test programs.

A report with recommendations including representative comments of these groups shall be submitted by the Department to the county or municipality which designated the area as an Enterprise Zone, Governor and General Assembly not later than 12 months after such test programs have commenced, or not later than 3 months following the termination of such test programs, whichever first occurs.

(14) In the case of a corporation, for taxable years beginning on or after January 1, 2025, an amount equal to 4.8% of the taxpayer's net income for the taxable year. The rates under this subsection (b) are subject to the provisions of Section 201.5.

(c) Personal Property Tax Replacement Income Tax. Beginning on July 1, 1979 and thereafter, in addition to such income tax, there is also hereby imposed the Personal Property Tax Replacement Income Tax measured by net income on every corporation (including Subchapter S corporations), partnership and trust, for each taxable year ending after June 30, 1979. Such taxes are imposed on the privilege of earning or receiving income in or as a resident of this State. The Personal Property Tax Replacement Income Tax shall be in addition to the income tax imposed by subsections (a) and (b) of this Section and in addition to all other occupation or privilege taxes imposed by this State or by any municipal corporation or political subdivision thereof.

(d) Additional Personal Property Tax Replacement Income Tax Rates. The personal property tax replacement income tax imposed by this subsection and subsection (c) of this Section in the case of a corporation, other than a Subchapter S corporation and except as adjusted by subsection (d-1), shall be an additional amount equal to 2.85% of such taxpayer's net income for the taxable year, except that beginning on January 1, 1981, and thereafter, the rate of 2.85% specified in this subsection shall be reduced to 2.5%, and in the case of a partnership, trust or a Subchapter S corporation shall be an additional amount equal to 1.5% of such taxpayer's net income for the taxable year.

(d-1) Rate reduction for certain foreign insurers. In the case of a foreign insurer, as defined by Section 35A-5 of the Illinois Insurance Code, whose state or country of domicile imposes on insurers domiciled in Illinois a retaliatory tax (excluding any insurer whose premiums from reinsurance assumed are 50% or more of its total insurance premiums as determined under paragraph (2) of subsection (b) of Section 304, except that for purposes of this determination premiums from reinsurance do not include premiums from inter-affiliate reinsurance arrangements), beginning with taxable years ending on or after December 31, 1999, the sum of the rates of tax imposed by subsections (b) and (d) shall be reduced (but not increased) to the rate at which the total amount of tax imposed under this Act, net of all credits allowed under this Act, shall equal (i) the total amount of tax that would be imposed on the foreign insurer's net income.
income allocable to Illinois for the taxable year by such foreign insurer's state or country of domicile if that net income were subject to all income taxes and taxes measured by net income imposed by such foreign insurer's state or country of domicile, net of all credits allowed or (ii) a rate of zero if no such tax is imposed on such income by the foreign insurer's state of domicile. For the purposes of this subsection (d-1), an inter-affiliate includes a mutual insurer under common management.

(1) For the purposes of subsection (d-1), in no event shall the sum of the rates of tax imposed by subsections (b) and (d) be reduced below the rate at which the sum of:

(A) the total amount of tax imposed on such foreign insurer under this Act for a taxable year, net of all credits allowed under this Act, plus

(B) the privilege tax imposed by Section 409 of the Illinois Insurance Code, the fire insurance company tax imposed by Section 12 of the Fire Investigation Act, and the fire department taxes imposed under Section 11-10-1 of the Illinois Municipal Code,

equals 1.25% for taxable years ending prior to December 31, 2003, or 1.75% for taxable years ending on or after December 31, 2003, of the net taxable premiums written for the taxable year, as described by subsection (1) of Section 409 of the Illinois Insurance Code. This paragraph will in no event increase the rates imposed under subsections (b) and (d).

(2) Any reduction in the rates of tax imposed by this subsection shall be applied first against the rates imposed by subsection (b) and only after the tax imposed by subsection (a) net of all credits allowed under this Section other than the credit allowed under subsection (i) has been reduced to zero, against the rates imposed by subsection (d).

This subsection (d-1) is exempt from the provisions of Section 250.

(e) Investment credit. A taxpayer shall be allowed a credit against the Personal Property Tax Replacement Income Tax for investment in qualified property.

(1) A taxpayer shall be allowed a credit equal to .5% of the basis of qualified property placed in service during the taxable year, provided such property is placed in service on or after July 1, 1984. There shall be allowed an additional credit equal to .5% of
the basis of qualified property placed in service during the taxable year, provided such property is placed in service on or after July 1, 1986, and the taxpayer's base employment within Illinois has increased by 1% or more over the preceding year as determined by the taxpayer's employment records filed with the Illinois Department of Employment Security. Taxpayers who are new to Illinois shall be deemed to have met the 1% growth in base employment for the first year in which they file employment records with the Illinois Department of Employment Security. The provisions added to this Section by Public Act 85-1200 (and restored by Public Act 87-895) shall be construed as declaratory of existing law and not as a new enactment. If, in any year, the increase in base employment within Illinois over the preceding year is less than 1%, the additional credit shall be limited to that percentage times a fraction, the numerator of which is .5% and the denominator of which is 1%, but shall not exceed .5%. The investment credit shall not be allowed to the extent that it would reduce a taxpayer's liability in any tax year below zero, nor may any credit for qualified property be allowed for any year other than the year in which the property was placed in service in Illinois. For tax years ending on or after December 31, 1987, and on or before December 31, 1988, the credit shall be allowed for the tax year in which the property is placed in service, or, if the amount of the credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit years if the taxpayer (i) makes investments which cause the creation of a minimum of 2,000 full-time equivalent jobs in Illinois, (ii) is located in an enterprise zone established pursuant to the Illinois Enterprise Zone Act and (iii) is certified by the Department of Commerce and Community Affairs (now Department of Commerce and Economic Opportunity) as complying with the requirements specified in clause (i) and (ii) by July 1, 1986. The Department of Commerce and Community Affairs (now Department of Commerce and Economic Opportunity) shall notify the Department of Revenue of all such certifications immediately. For tax years ending after December 31, 1988, the credit shall be allowed for the tax year in which the property is placed in service, or, if the amount of the credit exceeds

New matter indicated by italics - deletions by strikeout
the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit years. The credit shall be applied to the earliest year for which there is a liability. If there is credit from more than one tax year that is available to offset a liability, earlier credit shall be applied first.

(2) The term "qualified property" means property which:

(A) is tangible, whether new or used, including buildings and structural components of buildings and signs that are real property, but not including land or improvements to real property that are not a structural component of a building such as landscaping, sewer lines, local access roads, fencing, parking lots, and other appurtenances;

(B) is depreciable pursuant to Section 167 of the Internal Revenue Code, except that "3-year property" as defined in Section 168(c)(2)(A) of that Code is not eligible for the credit provided by this subsection (e);

(C) is acquired by purchase as defined in Section 179(d) of the Internal Revenue Code;

(D) is used in Illinois by a taxpayer who is primarily engaged in manufacturing, or in mining coal or fluorite, or in retailing, or was placed in service on or after July 1, 2006 in a River Edge Redevelopment Zone established pursuant to the River Edge Redevelopment Zone Act; and

(E) has not previously been used in Illinois in such a manner and by such a person as would qualify for the credit provided by this subsection (e) or subsection (f).

(3) For purposes of this subsection (e), "manufacturing" means the material staging and production of tangible personal property by procedures commonly regarded as manufacturing, processing, fabrication, or assembling which changes some existing material into new shapes, new qualities, or new combinations. For purposes of this subsection (e) the term "mining" shall have the same meaning as the term "mining" in Section 613(c) of the Internal Revenue Code. For purposes of this subsection (e), the term "retailing" means the sale of tangible personal property for use or consumption and not for resale, or

services rendered in conjunction with the sale of tangible personal property for use or consumption and not for resale. For purposes of this subsection (e), "tangible personal property" has the same meaning as when that term is used in the Retailers' Occupation Tax Act, and, for taxable years ending after December 31, 2008, does not include the generation, transmission, or distribution of electricity.

(4) The basis of qualified property shall be the basis used to compute the depreciation deduction for federal income tax purposes.

(5) If the basis of the property for federal income tax depreciation purposes is increased after it has been placed in service in Illinois by the taxpayer, the amount of such increase shall be deemed property placed in service on the date of such increase in basis.

(6) The term "placed in service" shall have the same meaning as under Section 46 of the Internal Revenue Code.

(7) If during any taxable year, any property ceases to be qualified property in the hands of the taxpayer within 48 months after being placed in service, or the situs of any qualified property is moved outside Illinois within 48 months after being placed in service, the Personal Property Tax Replacement Income Tax for such taxable year shall be increased. Such increase shall be determined by (i) recomputing the investment credit which would have been allowed for the year in which credit for such property was originally allowed by eliminating such property from such computation and, (ii) subtracting such recomputed credit from the amount of credit previously allowed. For the purposes of this paragraph (7), a reduction of the basis of qualified property resulting from a redetermination of the purchase price shall be deemed a disposition of qualified property to the extent of such reduction.

(8) Unless the investment credit is extended by law, the basis of qualified property shall not include costs incurred after December 31, 2013, except for costs incurred pursuant to a binding contract entered into on or before December 31, 2013.

(9) Each taxable year ending before December 31, 2000, a partnership may elect to pass through to its partners the credits to which the partnership is entitled under this subsection (e) for the

New matter indicated by italics - deletions by strikeout
taxable year. A partner may use the credit allocated to him or her under this paragraph only against the tax imposed in subsections (c) and (d) of this Section. If the partnership makes that election, those credits shall be allocated among the partners in the partnership in accordance with the rules set forth in Section 704(b) of the Internal Revenue Code, and the rules promulgated under that Section, and the allocated amount of the credits shall be allowed to the partners for that taxable year. The partnership shall make this election on its Personal Property Tax Replacement Income Tax return for that taxable year. The election to pass through the credits shall be irrevocable.

For taxable years ending on or after December 31, 2000, a partner that qualifies its partnership for a subtraction under subparagraph (I) of paragraph (2) of subsection (d) of Section 203 or a shareholder that qualifies a Subchapter S corporation for a subtraction under subparagraph (S) of paragraph (2) of subsection (b) of Section 203 shall be allowed a credit under this subsection (e) equal to its share of the credit earned under this subsection (e) during the taxable year by the partnership or Subchapter S corporation, determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and Subchapter S of the Internal Revenue Code. This paragraph is exempt from the provisions of Section 250.

(f) Investment credit; Enterprise Zone; River Edge Redevelopment Zone.

(1) A taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for investment in qualified property which is placed in service in an Enterprise Zone created pursuant to the Illinois Enterprise Zone Act or, for property placed in service on or after July 1, 2006, a River Edge Redevelopment Zone established pursuant to the River Edge Redevelopment Zone Act. For partners, shareholders of Subchapter S corporations, and owners of limited liability companies, if the liability company is treated as a partnership for purposes of federal and State income taxation, there shall be allowed a credit under this subsection (f) to be determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and Subchapter S of the Internal Revenue Code. The credit shall be .5% of the basis for such property. The
credit shall be available only in the taxable year in which the property is placed in service in the Enterprise Zone or River Edge Redevelopment Zone and shall not be allowed to the extent that it would reduce a taxpayer's liability for the tax imposed by subsections (a) and (b) of this Section to below zero. For tax years ending on or after December 31, 1985, the credit shall be allowed for the tax year in which the property is placed in service, or, if the amount of the credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit year. The credit shall be applied to the earliest year for which there is a liability. If there is credit from more than one tax year that is available to offset a liability, the credit accruing first in time shall be applied first.

(2) The term qualified property means property which:
   (A) is tangible, whether new or used, including buildings and structural components of buildings;
   (B) is depreciable pursuant to Section 167 of the Internal Revenue Code, except that "3-year property" as defined in Section 168(c)(2)(A) of that Code is not eligible for the credit provided by this subsection (f);
   (C) is acquired by purchase as defined in Section 179(d) of the Internal Revenue Code;
   (D) is used in the Enterprise Zone or River Edge Redevelopment Zone by the taxpayer; and
   (E) has not been previously used in Illinois in such a manner and by such a person as would qualify for the credit provided by this subsection (f) or subsection (e).

(3) The basis of qualified property shall be the basis used to compute the depreciation deduction for federal income tax purposes.

(4) If the basis of the property for federal income tax depreciation purposes is increased after it has been placed in service in the Enterprise Zone or River Edge Redevelopment Zone by the taxpayer, the amount of such increase shall be deemed property placed in service on the date of such increase in basis.

(5) The term "placed in service" shall have the same meaning as under Section 46 of the Internal Revenue Code.

(6) If during any taxable year, any property ceases to be qualified property in the hands of the taxpayer within 48 months after being placed in service, or the situs of any qualified property is moved outside the Enterprise Zone or River Edge Redevelopment Zone within 48 months after being placed in service, the tax imposed under subsections (a) and (b) of this Section for such taxable year shall be increased. Such increase shall be determined by (i) recomputing the investment credit which would have been allowed for the year in which credit for such property was originally allowed by eliminating such property from such computation, and (ii) subtracting such recomputed credit from the amount of credit previously allowed. For the purposes of this paragraph (6), a reduction of the basis of qualified property resulting from a redetermination of the purchase price shall be deemed a disposition of qualified property to the extent of such reduction.

(7) There shall be allowed an additional credit equal to 0.5% of the basis of qualified property placed in service during the taxable year in a River Edge Redevelopment Zone, provided such property is placed in service on or after July 1, 2006, and the taxpayer's base employment within Illinois has increased by 1% or more over the preceding year as determined by the taxpayer's employment records filed with the Illinois Department of Employment Security. Taxpayers who are new to Illinois shall be deemed to have met the 1% growth in base employment for the first year in which they file employment records with the Illinois Department of Employment Security. (g) Jobs Tax Credit; Enterprise Zone, River Edge Redevelopment Zone, and Foreign Trade Zone or Sub-Zone.

(1) A taxpayer conducting a trade or business, in an enterprise zone or a High Impact Business designated by the Department of Commerce and Economic Opportunity or for taxable years ending on or after December 31, 2006, in a River Edge Redevelopment Zone or conducting a trade or business in a federally designated Foreign Trade Zone or Sub-Zone shall be
allowed a credit against the tax imposed by subsections (a) and (b) of this Section in the amount of $500 per eligible employee hired to work in the zone during the taxable year.

(2) To qualify for the credit:

(A) the taxpayer must hire 5 or more eligible employees to work in an enterprise zone, River Edge Redevelopment Zone, or federally designated Foreign Trade Zone or Sub-Zone during the taxable year;

(B) the taxpayer's total employment within the enterprise zone, River Edge Redevelopment Zone, or federally designated Foreign Trade Zone or Sub-Zone must increase by 5 or more full-time employees beyond the total employed in that zone at the end of the previous tax year for which a jobs tax credit under this Section was taken, or beyond the total employed by the taxpayer as of December 31, 1985, whichever is later; and

(C) the eligible employees must be employed 180 consecutive days in order to be deemed hired for purposes of this subsection.

(3) An "eligible employee" means an employee who is:

(A) Certified by the Department of Commerce and Economic Opportunity as "eligible for services" pursuant to regulations promulgated in accordance with Title II of the Job Training Partnership Act, Training Services for the Disadvantaged or Title III of the Job Training Partnership Act, Employment and Training Assistance for Dislocated Workers Program.

(B) Hired after the enterprise zone, River Edge Redevelopment Zone, or federally designated Foreign Trade Zone or Sub-Zone was designated or the trade or business was located in that zone, whichever is later.

(C) Employed in the enterprise zone, River Edge Redevelopment Zone, or Foreign Trade Zone or Sub-Zone. An employee is employed in an enterprise zone or federally designated Foreign Trade Zone or Sub-Zone if his services are rendered there or it is the base of operations for the services performed.

(D) A full-time employee working 30 or more hours per week.
(4) For tax years ending on or after December 31, 1985 and prior to December 31, 1988, the credit shall be allowed for the tax year in which the eligible employees are hired. For tax years ending on or after December 31, 1988, the credit shall be allowed for the tax year immediately following the tax year in which the eligible employees are hired. If the amount of the credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit year. The credit shall be applied to the earliest year for which there is a liability. If there is credit from more than one tax year that is available to offset a liability, earlier credit shall be applied first.

(5) The Department of Revenue shall promulgate such rules and regulations as may be deemed necessary to carry out the purposes of this subsection (g).

(6) The credit shall be available for eligible employees hired on or after January 1, 1986.

(h) Investment credit; High Impact Business.

(1) Subject to subsections (b) and (b-5) of Section 5.5 of the Illinois Enterprise Zone Act, a taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for investment in qualified property which is placed in service by a Department of Commerce and Economic Opportunity designated High Impact Business. The credit shall be .5% of the basis for such property. The credit shall not be available (i) until the minimum investments in qualified property set forth in subdivision (a)(3)(A) of Section 5.5 of the Illinois Enterprise Zone Act have been satisfied or (ii) until the time authorized in subsection (b-5) of the Illinois Enterprise Zone Act for entities designated as High Impact Businesses under subdivisions (a)(3)(B), (a)(3)(C), and (a)(3)(D) of Section 5.5 of the Illinois Enterprise Zone Act, and shall not be allowed to the extent that it would reduce a taxpayer's liability for the tax imposed by subsections (a) and (b) of this Section to below zero. The credit applicable to such investments shall be taken in the taxable year in which such investments have been completed. The credit for additional investments beyond the minimum investment by a designated high impact business authorized under subdivision
(a)(3)(A) of Section 5.5 of the Illinois Enterprise Zone Act shall be available only in the taxable year in which the property is placed in service and shall not be allowed to the extent that it would reduce a taxpayer's liability for the tax imposed by subsections (a) and (b) of this Section to below zero. For tax years ending on or after December 31, 1987, the credit shall be allowed for the tax year in which the property is placed in service, or, if the amount of the credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit year. The credit shall be applied to the earliest year for which there is a liability. If there is credit from more than one tax year that is available to offset a liability, the credit accruing first in time shall be applied first.

Changes made in this subdivision (h)(1) by Public Act 88-670 restore changes made by Public Act 85-1182 and reflect existing law.

(2) The term qualified property means property which:
   (A) is tangible, whether new or used, including buildings and structural components of buildings;
   (B) is depreciable pursuant to Section 167 of the Internal Revenue Code, except that "3-year property" as defined in Section 168(c)(2)(A) of that Code is not eligible for the credit provided by this subsection (h);
   (C) is acquired by purchase as defined in Section 179(d) of the Internal Revenue Code; and
   (D) is not eligible for the Enterprise Zone Investment Credit provided by subsection (f) of this Section.

(3) The basis of qualified property shall be the basis used to compute the depreciation deduction for federal income tax purposes.

(4) If the basis of the property for federal income tax depreciation purposes is increased after it has been placed in service in a federally designated Foreign Trade Zone or Sub-Zone located in Illinois by the taxpayer, the amount of such increase shall be deemed property placed in service on the date of such increase in basis.
(5) The term "placed in service" shall have the same meaning as under Section 46 of the Internal Revenue Code.

(6) If during any taxable year ending on or before December 31, 1996, any property ceases to be qualified property in the hands of the taxpayer within 48 months after being placed in service, or the situs of any qualified property is moved outside Illinois within 48 months after being placed in service, the tax imposed under subsections (a) and (b) of this Section for such taxable year shall be increased. Such increase shall be determined by (i) recomputing the investment credit which would have been allowed for the year in which credit for such property was originally allowed by eliminating such property from such computation, and (ii) subtracting such recomputed credit from the amount of credit previously allowed. For the purposes of this paragraph (6), a reduction of the basis of qualified property resulting from a redetermination of the purchase price shall be deemed a disposition of qualified property to the extent of such reduction.

(7) Beginning with tax years ending after December 31, 1996, if a taxpayer qualifies for the credit under this subsection (h) and thereby is granted a tax abatement and the taxpayer relocates its entire facility in violation of the explicit terms and length of the contract under Section 18-183 of the Property Tax Code, the tax imposed under subsections (a) and (b) of this Section shall be increased for the taxable year in which the taxpayer relocated its facility by an amount equal to the amount of credit received by the taxpayer under this subsection (h).

(i) Credit for Personal Property Tax Replacement Income Tax. For tax years ending prior to December 31, 2003, a credit shall be allowed against the tax imposed by subsections (a) and (b) of this Section for the tax imposed by subsections (c) and (d) of this Section. This credit shall be computed by multiplying the tax imposed by subsections (c) and (d) of this Section by a fraction, the numerator of which is base income allocable to Illinois and the denominator of which is Illinois base income, and further multiplying the product by the tax rate imposed by subsections (a) and (b) of this Section.

Any credit earned on or after December 31, 1986 under this subsection which is unused in the year the credit is computed because it exceeds the tax liability imposed by subsections (a) and (b) for that year

(whether it exceeds the original liability or the liability as later amended) may be carried forward and applied to the tax liability imposed by subsections (a) and (b) of the 5 taxable years following the excess credit year, provided that no credit may be carried forward to any year ending on or after December 31, 2003. This credit shall be applied first to the earliest year for which there is a liability. If there is a credit under this subsection from more than one tax year that is available to offset a liability the earliest credit arising under this subsection shall be applied first.

If, during any taxable year ending on or after December 31, 1986, the tax imposed by subsections (c) and (d) of this Section for which a taxpayer has claimed a credit under this subsection (i) is reduced, the amount of credit for such tax shall also be reduced. Such reduction shall be determined by recomputing the credit to take into account the reduced tax imposed by subsections (c) and (d). If any portion of the reduced amount of credit has been carried to a different taxable year, an amended return shall be filed for such taxable year to reduce the amount of credit claimed.

(j) Training expense credit. Beginning with tax years ending on or after December 31, 1986 and prior to December 31, 2003, a taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) under this Section for all amounts paid or accrued, on behalf of all persons employed by the taxpayer in Illinois or Illinois residents employed outside of Illinois by a taxpayer, for educational or vocational training in semi-technical or technical fields or semi-skilled or skilled fields, which were deducted from gross income in the computation of taxable income. The credit against the tax imposed by subsections (a) and (b) shall be 1.6% of such training expenses. For partners, shareholders of subchapter S corporations, and owners of limited liability companies, if the liability company is treated as a partnership for purposes of federal and State income taxation, there shall be allowed a credit under this subsection (j) to be determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and subchapter S of the Internal Revenue Code.

Any credit allowed under this subsection which is unused in the year the credit is earned may be carried forward to each of the 5 taxable years following the year for which the credit is first computed until it is used. This credit shall be applied first to the earliest year for which there is a liability. If there is a credit under this subsection from more than one tax year that is available to offset a liability the earliest credit arising under
this subsection shall be applied first. No carryforward credit may be claimed in any tax year ending on or after December 31, 2003.

(k) Research and development credit.

For tax years ending after July 1, 1990 and prior to December 31, 2003, and beginning again for tax years ending on or after December 31, 2004, and ending prior to January 1, 2011, a taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for increasing research activities in this State. The credit allowed against the tax imposed by subsections (a) and (b) shall be equal to 6 1/2% of the qualifying expenditures for increasing research activities in this State. For purposes of federal and State income taxation, there shall be allowed a credit under this subsection to be determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and subchapter S of the Internal Revenue Code.

For purposes of this subsection, "qualifying expenditures" means the qualifying expenditures as defined for the federal credit for increasing research activities which would be allowable under Section 41 of the Internal Revenue Code and which are conducted in this State, "qualifying expenditures for increasing research activities in this State" means the excess of qualifying expenditures for the taxable year in which incurred over qualifying expenditures for the base period, "qualifying expenditures for the base period" means the average of the qualifying expenditures for each year in the base period, and "base period" means the 3 taxable years immediately preceding the taxable year for which the determination is being made.

Any credit in excess of the tax liability for the taxable year may be carried forward. A taxpayer may elect to have the unused credit shown on its final completed return carried over as a credit against the tax liability for the following 5 taxable years or until it has been fully used, whichever occurs first; provided that no credit earned in a taxable year ending prior to December 31, 2003 may be carried forward to any year ending on or after December 31, 2003, and no credit may be carried forward to any taxable year ending on or after January 1, 2011.

If an unused credit is carried forward to a given year from 2 or more earlier years, that credit arising in the earliest year will be applied first against the tax liability for the given year. If a tax liability for the given year still remains, the credit from the next earliest year will then be
applied, and so on, until all credits have been used or no tax liability for the given year remains. Any remaining unused credit or credits then will be carried forward to the next following year in which a tax liability is incurred, except that no credit can be carried forward to a year which is more than 5 years after the year in which the expense for which the credit is given was incurred.

No inference shall be drawn from this amendatory Act of the 91st General Assembly in construing this Section for taxable years beginning before January 1, 1999.

(l) Environmental Remediation Tax Credit.

   (i) For tax years ending after December 31, 1997 and on or before December 31, 2001, a taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for certain amounts paid for unreimbursed eligible remediation costs, as specified in this subsection. For purposes of this Section, "unreimbursed eligible remediation costs" means costs approved by the Illinois Environmental Protection Agency ("Agency") under Section 58.14 of the Environmental Protection Act that were paid in performing environmental remediation at a site for which a No Further Remediation Letter was issued by the Agency and recorded under Section 58.10 of the Environmental Protection Act. The credit must be claimed for the taxable year in which Agency approval of the eligible remediation costs is granted. The credit is not available to any taxpayer if the taxpayer or any related party caused or contributed to, in any material respect, a release of regulated substances on, in, or under the site that was identified and addressed by the remedial action pursuant to the Site Remediation Program of the Environmental Protection Act. After the Pollution Control Board rules are adopted pursuant to the Illinois Administrative Procedure Act for the administration and enforcement of Section 58.9 of the Environmental Protection Act, determinations as to credit availability for purposes of this Section shall be made consistent with those rules. For purposes of this Section, "taxpayer" includes a person whose tax attributes the taxpayer has succeeded to under Section 381 of the Internal Revenue Code and "related party" includes the persons disallowed a deduction for losses by paragraphs (b), (c), and (f)(1) of Section 267 of the Internal Revenue Code by virtue of being a related taxpayer, as well as any of its partners. The credit allowed against

New matter indicated by italics - deletions by strikeout
the tax imposed by subsections (a) and (b) shall be equal to 25% of
the unreimbursed eligible remediation costs in excess of $100,000
per site, except that the $100,000 threshold shall not apply to any
site contained in an enterprise zone as determined by the
Department of Commerce and Community Affairs (now
Department of Commerce and Economic Opportunity). The total
credit allowed shall not exceed $40,000 per year with a maximum
total of $150,000 per site. For partners and shareholders of
subchapter S corporations, there shall be allowed a credit under
this subsection to be determined in accordance with the
determination of income and distributive share of income under
Sections 702 and 704 and subchapter S of the Internal Revenue
Code.

(ii) A credit allowed under this subsection that is unused in
the year the credit is earned may be carried forward to each of the 5
taxable years following the year for which the credit is first earned
until it is used. The term "unused credit" does not include any
amounts of unreimbursed eligible remediation costs in excess of
the maximum credit per site authorized under paragraph (i). This
credit shall be applied first to the earliest year for which there is a
liability. If there is a credit under this subsection from more than
one tax year that is available to offset a liability, the earliest credit
arising under this subsection shall be applied first. A credit allowed
under this subsection may be sold to a buyer as part of a sale of all
or part of the remediation site for which the credit was granted.
The purchaser of a remediation site and the tax credit shall succeed
to the unused credit and remaining carry-forward period of the
seller. To perfect the transfer, the assignor shall record the transfer
in the chain of title for the site and provide written notice to the
Director of the Illinois Department of Revenue of the assignor's
intent to sell the remediation site and the amount of the tax credit
to be transferred as a portion of the sale. In no event may a credit
be transferred to any taxpayer if the taxpayer or a related party
would not be eligible under the provisions of subsection (i).

(iii) For purposes of this Section, the term "site" shall have
the same meaning as under Section 58.2 of the Environmental
Protection Act.

(m) Education expense credit. Beginning with tax years ending
after December 31, 1999, a taxpayer who is the custodian of one or more
qualifying pupils shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for qualified education expenses incurred on behalf of the qualifying pupils. The credit shall be equal to 25% of qualified education expenses, but in no event may the total credit under this subsection claimed by a family that is the custodian of qualifying pupils exceed $500. In no event shall a credit under this subsection reduce the taxpayer's liability under this Act to less than zero. This subsection is exempt from the provisions of Section 250 of this Act.

For purposes of this subsection:

"Qualifying pupils" means individuals who (i) are residents of the State of Illinois, (ii) are under the age of 21 at the close of the school year for which a credit is sought, and (iii) during the school year for which a credit is sought were full-time pupils enrolled in a kindergarten through twelfth grade education program at any school, as defined in this subsection.

"Qualified education expense" means the amount incurred on behalf of a qualifying pupil in excess of $250 for tuition, book fees, and lab fees at the school in which the pupil is enrolled during the regular school year.

"School" means any public or nonpublic elementary or secondary school in Illinois that is in compliance with Title VI of the Civil Rights Act of 1964 and attendance at which satisfies the requirements of Section 26-1 of the School Code, except that nothing shall be construed to require a child to attend any particular public or nonpublic school to qualify for the credit under this Section.

"Custodian" means, with respect to qualifying pupils, an Illinois resident who is a parent, the parents, a legal guardian, or the legal guardians of the qualifying pupils.

(n) River Edge Redevelopment Zone site remediation tax credit.

(i) For tax years ending on or after December 31, 2006, a taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for certain amounts paid for unreimbursed eligible remediation costs, as specified in this subsection. For purposes of this Section, "unreimbursed eligible remediation costs" means costs approved by the Illinois Environmental Protection Agency ("Agency") under Section 58.14a of the Environmental Protection Act that were paid in performing environmental remediation at a site within a River Edge Redevelopment Zone for which a No Further Remediation
Letter was issued by the Agency and recorded under Section 58.10 of the Environmental Protection Act. The credit must be claimed for the taxable year in which Agency approval of the eligible remediation costs is granted. The credit is not available to any taxpayer if the taxpayer or any related party caused or contributed to, in any material respect, a release of regulated substances on, in, or under the site that was identified and addressed by the remedial action pursuant to the Site Remediation Program of the Environmental Protection Act. Determinations as to credit availability for purposes of this Section shall be made consistent with rules adopted by the Pollution Control Board pursuant to the Illinois Administrative Procedure Act for the administration and enforcement of Section 58.9 of the Environmental Protection Act. For purposes of this Section, "taxpayer" includes a person whose tax attributes the taxpayer has succeeded to under Section 381 of the Internal Revenue Code and "related party" includes the persons disallowed a deduction for losses by paragraphs (b), (c), and (f)(1) of Section 267 of the Internal Revenue Code by virtue of being a related taxpayer, as well as any of its partners. The credit allowed against the tax imposed by subsections (a) and (b) shall be equal to 25% of the unreimbursed eligible remediation costs in excess of $100,000 per site.

(ii) A credit allowed under this subsection that is unused in the year the credit is earned may be carried forward to each of the 5 taxable years following the year for which the credit is first earned until it is used. This credit shall be applied first to the earliest year for which there is a liability. If there is a credit under this subsection from more than one tax year that is available to offset a liability, the earliest credit arising under this subsection shall be applied first. A credit allowed under this subsection may be sold to a buyer as part of a sale of all or part of the remediation site for which the credit was granted. The purchaser of a remediation site and the tax credit shall succeed to the unused credit and remaining carry-forward period of the seller. To perfect the transfer, the assignor shall record the transfer in the chain of title for the site and provide written notice to the Director of the Illinois Department of Revenue of the assignor's intent to sell the remediation site and the amount of the tax credit to be transferred as a portion of the sale. In no event may a credit be transferred to
any taxpayer if the taxpayer or a related party would not be eligible under the provisions of subsection (i).

(iii) For purposes of this Section, the term "site" shall have the same meaning as under Section 58.2 of the Environmental Protection Act.

The rates under this subsection (b) are subject to the provisions of Section 201.5.

(c) Personal Property Tax Replacement Income Tax. Beginning on July 1, 1979 and thereafter, in addition to such income tax, there is also hereby imposed the Personal Property Tax Replacement Income Tax measured by net income on every corporation (including Subchapter S corporations), partnership and trust, for each taxable year ending after June 30, 1979. Such taxes are imposed on the privilege of earning or receiving income in or as a resident of this State. The Personal Property Tax Replacement Income Tax shall be in addition to the income tax imposed by subsections (a) and (b) of this Section and in addition to all other occupation or privilege taxes imposed by this State or by any municipal corporation or political subdivision thereof.
(d) Additional Personal Property Tax Replacement Income Tax Rates. The personal property tax replacement income tax imposed by this subsection and subsection (c) of this Section in the case of a corporation, other than a Subchapter S corporation and except as adjusted by subsection (d-1), shall be an additional amount equal to 2.85% of such taxpayer's net income for the taxable year, except that beginning on January 1, 1981, and thereafter, the rate of 2.85% specified in this subsection shall be reduced to 2.5%, and in the case of a partnership, trust or a Subchapter S corporation shall be an additional amount equal to 1.5% of such taxpayer's net income for the taxable year.

(d-1) Rate reduction for certain foreign insurers. In the case of a foreign insurer, as defined by Section 35A-5 of the Illinois Insurance Code, whose state or country of domicile imposes on insurers domiciled in Illinois a retaliatory tax (excluding any insurer whose premiums from reinsurance assumed are 50% or more of its total insurance premiums as determined under paragraph (2) of subsection (b) of Section 304, except that for purposes of this determination premiums from reinsurance do not include premiums from inter-affiliate reinsurance arrangements), beginning with taxable years ending on or after December 31, 1999, the sum of the rates of tax imposed by subsections (b) and (d) shall be reduced (but not increased) to the rate at which the total amount of tax imposed under this Act, net of all credits allowed under this Act, shall equal (i) the total amount of tax that would be imposed on the foreign insurer's net income allocable to Illinois for the taxable year by such foreign insurer's state or country of domicile if that net income were subject to all income taxes and taxes measured by net income imposed by such foreign insurer's state or country of domicile, net of all credits allowed or (ii) a rate of zero if no such tax is imposed on such income by the foreign insurer's state of domicile. For the purposes of this subsection (d-1), an inter-affiliate includes a mutual insurer under common management.

(1) For the purposes of subsection (d-1), in no event shall the sum of the rates of tax imposed by subsections (b) and (d) be reduced below the rate at which the sum of:

(A) the total amount of tax imposed on such foreign insurer under this Act for a taxable year, net of all credits allowed under this Act, plus

(B) the privilege tax imposed by Section 409 of the Illinois Insurance Code, the fire insurance company tax imposed by Section 12 of the Fire Investigation Act, and

the fire department taxes imposed under Section 11-10-1 of the Illinois Municipal Code, equals 1.25% for taxable years ending prior to December 31, 2003, or 1.75% for taxable years ending on or after December 31, 2003, of the net taxable premiums written for the taxable year, as described by subsection (1) of Section 409 of the Illinois Insurance Code. This paragraph will in no event increase the rates imposed under subsections (b) and (d).

(2) Any reduction in the rates of tax imposed by this subsection shall be applied first against the rates imposed by subsection (b) and only after the tax imposed by subsection (a) net of all credits allowed under this Section other than the credit allowed under subsection (i) has been reduced to zero, against the rates imposed by subsection (d).

This subsection (d-1) is exempt from the provisions of Section 250.

(e) Investment credit. A taxpayer shall be allowed a credit against the Personal Property Tax Replacement Income Tax for investment in qualified property.

(1) A taxpayer shall be allowed a credit equal to .5% of the basis of qualified property placed in service during the taxable year, provided such property is placed in service on or after July 1, 1984. There shall be allowed an additional credit equal to .5% of the basis of qualified property placed in service during the taxable year, provided such property is placed in service on or after July 1, 1986, and the taxpayer's base employment within Illinois has increased by 1% or more over the preceding year as determined by the taxpayer's employment records filed with the Illinois Department of Employment Security. Taxpayers who are new to Illinois shall be deemed to have met the 1% growth in base employment for the first year in which they file employment records with the Illinois Department of Employment Security. The provisions added to this Section by Public Act 85-1200 (and restored by Public Act 87-895) shall be construed as declaratory of existing law and not as a new enactment. If, in any year, the increase in base employment within Illinois over the preceding year is less than 1%, the additional credit shall be limited to that percentage times a fraction, the numerator of which is .5% and the denominator of which is 1%, but shall not exceed .5%. investment credit shall not be allowed to the extent that it would reduce a taxpayer's liability in any tax year below zero, nor may any credit for qualified property be allowed for any year other than the year in which the property was placed in service in Illinois. For tax years ending on or after December 31, 1987, and on or before December 31, 1988, the credit shall be allowed for the tax year in which the property is placed in service, or, if the amount of the credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit years if the taxpayer (i) makes investments which cause the creation of a minimum of 2,000 full-time equivalent jobs in Illinois, (ii) is located in an enterprise zone established pursuant to the Illinois Enterprise Zone Act and (iii) is certified by the Department of Commerce and Community Affairs (now Department of Commerce and Economic Opportunity) as complying with the requirements specified in clause (i) and (ii) by July 1, 1986. The Department of Commerce and Community Affairs (now Department of Commerce and Economic Opportunity) shall notify the Department of Revenue of all such certifications immediately. For tax years ending after December 31, 1988, the credit shall be allowed for the tax year in which the property is placed in service, or, if the amount of the credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit years. The credit shall be applied to the earliest year for which there is a liability. If there is credit from more than one tax year that is available to offset a liability, earlier credit shall be applied first.

(2) The term "qualified property" means property which:

(A) is tangible, whether new or used, including buildings and structural components of buildings and signs that are real property, but not including land or improvements to real property that are not a structural component of a building such as landscaping, sewer lines, local access roads, fencing, parking lots, and other appurtenances;
(B) is depreciable pursuant to Section 167 of the Internal Revenue Code, except that "3-year property" as defined in Section 168(c)(2)(A) of that Code is not eligible for the credit provided by this subsection (e);

(C) is acquired by purchase as defined in Section 179(d) of the Internal Revenue Code;

(D) is used in Illinois by a taxpayer who is primarily engaged in manufacturing, or in mining coal or fluorite, or in retailing, or was placed in service on or after July 1, 2006 in a River Edge Redevelopment Zone established pursuant to the River Edge Redevelopment Zone Act; and

(E) has not previously been used in Illinois in such a manner and by such a person as would qualify for the credit provided by this subsection (e) or subsection (f).

(3) For purposes of this subsection (e), "manufacturing" means the material staging and production of tangible personal property by procedures commonly regarded as manufacturing, processing, fabrication, or assembling which changes some existing material into new shapes, new qualities, or new combinations. For purposes of this subsection (e) the term "mining" shall have the same meaning as the term "mining" in Section 613(c) of the Internal Revenue Code. For purposes of this subsection (e), the term "retailing" means the sale of tangible personal property for use or consumption and not for resale, or services rendered in conjunction with the sale of tangible personal property for use or consumption and not for resale. For purposes of this subsection (e), "tangible personal property" has the same meaning as when that term is used in the Retailers' Occupation Tax Act, and, for taxable years ending after December 31, 2008, does not include the generation, transmission, or distribution of electricity.

(4) The basis of qualified property shall be the basis used to compute the depreciation deduction for federal income tax purposes.

(5) If the basis of the property for federal income tax depreciation purposes is increased after it has been placed in service in Illinois by the taxpayer, the amount of such increase shall be deemed property placed in service on the date of such increase in basis.
(6) The term "placed in service" shall have the same meaning as under Section 46 of the Internal Revenue Code.

(7) If during any taxable year, any property ceases to be qualified property in the hands of the taxpayer within 48 months after being placed in service, or the situs of any qualified property is moved outside Illinois within 48 months after being placed in service, the Personal Property Tax Replacement Income Tax for such taxable year shall be increased. Such increase shall be determined by (i) recomputing the investment credit which would have been allowed for the year in which credit for such property was originally allowed by eliminating such property from such computation and, (ii) subtracting such recomputed credit from the amount of credit previously allowed. For the purposes of this paragraph (7), a reduction of the basis of qualified property resulting from a redetermination of the purchase price shall be deemed a disposition of qualified property to the extent of such reduction.

(8) Unless the investment credit is extended by law, the basis of qualified property shall not include costs incurred after December 31, 2018, except for costs incurred pursuant to a binding contract entered into on or before December 31, 2018.

(9) Each taxable year ending before December 31, 2000, a partnership may elect to pass through to its partners the credits to which the partnership is entitled under this subsection (e) for the taxable year. A partner may use the credit allocated to him or her under this paragraph only against the tax imposed in subsections (c) and (d) of this Section. If the partnership makes that election, those credits shall be allocated among the partners in the partnership in accordance with the rules set forth in Section 704(b) of the Internal Revenue Code, and the rules promulgated under that Section, and the allocated amount of the credits shall be allowed to the partners for that taxable year. The partnership shall make this election on its Personal Property Tax Replacement Income Tax return for that taxable year. The election to pass through the credits shall be irrevocable.

For taxable years ending on or after December 31, 2000, a partner that qualifies its partnership for a subtraction under subparagraph (I) of paragraph (2) of subsection (d) of Section 203 or a shareholder that qualifies a Subchapter S corporation for a...
subtraction under subparagraph (S) of paragraph (2) of subsection (b) of Section 203 shall be allowed a credit under this subsection (e) equal to its share of the credit earned under this subsection (e) during the taxable year by the partnership or Subchapter S corporation, determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and Subchapter S of the Internal Revenue Code. This paragraph is exempt from the provisions of Section 250.

(f) Investment credit; Enterprise Zone; River Edge Redevelopment Zone.

(1) A taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for investment in qualified property which is placed in service in an Enterprise Zone created pursuant to the Illinois Enterprise Zone Act or, for property placed in service on or after July 1, 2006, a River Edge Redevelopment Zone established pursuant to the River Edge Redevelopment Zone Act. For partners, shareholders of Subchapter S corporations, and owners of limited liability companies, if the liability company is treated as a partnership for purposes of federal and State income taxation, there shall be allowed a credit under this subsection (f) to be determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and Subchapter S of the Internal Revenue Code. The credit shall be .5% of the basis for such property. The credit shall be available only in the taxable year in which the property is placed in service in the Enterprise Zone or River Edge Redevelopment Zone and shall not be allowed to the extent that it would reduce a taxpayer's liability for the tax imposed by subsections (a) and (b) of this Section to below zero. For tax years ending on or after December 31, 1985, the credit shall be allowed for the tax year in which the property is placed in service, or, if the amount of the credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit year. The credit shall be applied to the earliest year for which there is a liability. If there is credit from more than one tax year that is available to offset a liability, the credit accruing first in time shall be applied first.
(2) The term qualified property means property which:
   (A) is tangible, whether new or used, including buildings and structural components of buildings;
   (B) is depreciable pursuant to Section 167 of the Internal Revenue Code, except that "3-year property" as defined in Section 168(c)(2)(A) of that Code is not eligible for the credit provided by this subsection (f);
   (C) is acquired by purchase as defined in Section 179(d) of the Internal Revenue Code;
   (D) is used in the Enterprise Zone or River Edge Redevelopment Zone by the taxpayer; and
   (E) has not been previously used in Illinois in such a manner and by such a person as would qualify for the credit provided by this subsection (f) or subsection (e).

(3) The basis of qualified property shall be the basis used to compute the depreciation deduction for federal income tax purposes.

(4) If the basis of the property for federal income tax depreciation purposes is increased after it has been placed in service in the Enterprise Zone or River Edge Redevelopment Zone by the taxpayer, the amount of such increase shall be deemed property placed in service on the date of such increase in basis.

(5) The term "placed in service" shall have the same meaning as under Section 46 of the Internal Revenue Code.

(6) If during any taxable year, any property ceases to be qualified property in the hands of the taxpayer within 48 months after being placed in service, or the situs of any qualified property is moved outside the Enterprise Zone or River Edge Redevelopment Zone within 48 months after being placed in service, the tax imposed under subsections (a) and (b) of this Section for such taxable year shall be increased. Such increase shall be determined by (i) recomputing the investment credit which would have been allowed for the year in which credit for such property was originally allowed by eliminating such property from such computation, and (ii) subtracting such recomputed credit from the amount of credit previously allowed. For the purposes of this paragraph (6), a reduction of the basis of qualified property resulting from a redetermination of the purchase price shall be
deemed a disposition of qualified property to the extent of such reduction.
