Within one day after posting the name and other information of an applicant for an absentee ballot, the election authority shall transmit that name and other posted information to the State Board of Elections, which shall maintain those names and other information in an electronic format on its website, arranged by county and accessible to State and local political committees. Each election authority shall maintain a list of the name, street address, ward and precinct, or township and district number, as the case may be, of all applicants who have returned absentee ballots to such authority, and the name of such absent voter shall be added to such list within one business day from receipt of such ballot. If the absentee ballot envelope indicates that the voter was assisted in casting the ballot, the name of the person so assisting shall be included on the list. The list, the pages of which are to be numbered consecutively, shall be kept by each election authority in a conspicuous, open, and public place accessible to the public at the entrance of the office of the election authority and in a manner that the list may be viewed without necessity of requesting permission for viewing.

Each election authority shall maintain a list for each election of the voters to whom it has issued absentee ballots. The list shall be maintained for each precinct within the jurisdiction of the election authority. Prior to the opening of the polls on election day, the election authority shall deliver to the judges of election in each precinct the list of registered voters in that precinct to whom absentee ballots have been issued by mail.

Each election authority shall maintain a list for each election of voters to whom it has issued temporarily absent student ballots. Such judge shall deliver in person on the designated day the ballot to the applicant on the premises of the facility from which application was made. The election authority shall by mail notify the applicant in such facility that the ballot will be delivered by a judge of election on the designated day.

All applications for absentee ballots shall be available at the office of the election authority for public inspection upon request from the time of receipt thereof by the election authority until 30 days after the election, except during the time such applications are kept in the office of the election authority pursuant to Section 19-7, and except during the time such applications are in the possession of the judges of election.

made proper application to the election authority not later than 5 days
before the regular primary and general election of 1980 and before each
election thereafter shall be conducted on the premises of (i) federally
operated veterans' homes, hospitals, and facilities located in Illinois or (ii)
facilities licensed or certified pursuant to the Nursing Home Care Act, the
Specialized Mental Health Rehabilitation Act, or the ID/DD Community Care Act for the sole benefit of residents of such homes, hospitals, and

VA Hospital, Marion VA Medical Center, and Captain James A. Lovell Federal Health Care Center. Such voting shall be conducted during any continuous period sufficient to allow all applicants to cast their ballots between the hours of 9 a.m. and 7 p.m. either on the Friday, Saturday, Sunday or Monday immediately preceding the regular election. This absentee voting on one of said days designated by the election authority shall be supervised by two election judges who must be selected by the election authority in the following order of priority: (1) from the panel of judges appointed for the precinct in which such home, hospital, or facility is located, or from a panel of judges appointed for any other precinct within the jurisdiction of the election authority in the same ward or township, as the case may be, in which the home, hospital, or facility is located or, only in the case where a judge or judges from the precinct, township or ward are unavailable to serve, (3) from a panel of judges appointed for any other precinct within the jurisdiction of the election authority. The two judges shall be from different political parties. Not less than 30 days before each regular election, the election authority shall have arranged with the chief administrative officer of each home, hospital, or facility in his or its election jurisdiction a mutually convenient time period on the Friday, Saturday, Sunday or Monday immediately preceding the election for such voting on the premises of the home, hospital, or facility and shall post in a prominent place in his or its office a notice of the agreed day and time period for conducting such voting at each home, hospital, or facility; provided that the election authority shall not later than noon on the Thursday before the election also post the names and addresses of those homes, hospitals, and facilities from which no applications were received and in which no supervised absentee voting will be conducted. All provisions of this Code applicable to pollwatchers shall be applicable herein. To the maximum extent feasible, voting booths or screens shall be provided to insure the privacy of the voter. Voting procedures shall be as described in Article 17 of this Code, except that ballots shall be treated as absentee ballots and shall not be counted until the close of the polls on the following day. After the last voter has concluded voting, the judges shall seal the ballots in an envelope and affix their signatures across the flap of the envelope. Immediately thereafter, the judges shall bring the sealed envelope to the office of the election authority who shall deliver such ballots to the election authority's central ballot counting location prior to the closing of the polls on the day of election. The judges of election shall also report to the election authority.
the name of any applicant in the home, hospital, or facility who, due to unforeseen circumstance or condition or because of a religious holiday, was unable to vote. In this event, the election authority may appoint a qualified person from his or its staff to deliver the ballot to such applicant on the day of election. This staff person shall follow the same procedures prescribed for judges conducting absentee voting in such homes, hospitals, or facilities and shall return the ballot to the central ballot counting location before the polls close. However, if the home, hospital, or facility from which the application was made is also used as a regular precinct polling place for that voter, voting procedures heretofore prescribed may be implemented by 2 of the election judges of opposite party affiliation assigned to that polling place during the hours of voting on the day of the election. Judges of election shall be compensated not less than $25.00 for conducting absentee voting in such homes, hospitals, or facilities.

Not less than 120 days before each regular election, the Department of Public Health shall certify to the State Board of Elections a list of the facilities licensed or certified pursuant to the Nursing Home Care Act, the Specialized Mental Health Rehabilitation Act, or the ID/DD Community Care Act. The lists shall indicate the approved bed capacity and the name of the chief administrative officer of each such home, hospital, or facility, and the State Board of Elections shall certify the same to the appropriate election authority within 20 days thereafter.

Sec. 24-11. That portion of cardboard, paper or other material, placed on the front of the machine and containing the names of the candidates shall be known in this Article as a ballot label. The ballot labels shall be supplied by the election authority, and shall be printed in black ink on clear white material of such size as will fit the machine and in plain, clear type, and shall provide space, not less than one-half inch in height and one and one-half inches in width for the printing of each candidate's name with such other wording as is required by law. of candidates of the several parties shall be arranged as is in this Act provided, except that the lists may be placed in horizontal rows or vertical columns, which parties may, if desired be divided into parallel and contiguous rows or columns. Where presidential electors are to be voted for at any election, then there may be placed on the ballot labels a bracket in which are the names of the candidates for President and Vice President of the party or group. Each question or other proposition, to be submitted to a vote of the electors shall appear on the ballot labels, in the form prescribed therefor, but if no such form is prescribed then they shall be in brief form, not to exceed 75 words. The ballot label for each candidate or group of candidates nominated or seeking nomination by a political party shall contain the name of the political party.

In any election in which there is submitted a proposal or proposals for a constitutional amendment or amendments or for calling of a constitutional convention the ballot label for the separate ballot for such proposals shall be printed on blue, rather than white, material.

In elections held pursuant to the provisions of Section 12 of Article VI of the Constitution relating to retention of judges in office, the ballot label for the judicial retention propositions shall be printed on green, rather than white, material.

If any voting machine being used in an election or primary shall become out of order during such election or primary, it shall, if possible, be repaired or another machine substituted by the custodian or election authority, for which purpose the proper authorities may purchase as many extra voting machines as they may deem necessary, but in case such necessary repairs or substitution cannot be made immediately, paper ballots, printed or written and of suitable form, shall be used for the taking of votes. The paper ballots to be used in such event shall be prepared and distributed to the various precincts in the manner provided for in Sections 16-3 and 16-4 of this Election Code; except that the election authority shall supply a number of ballots to each precinct equal to at least 20% of the number of voters registered to vote in that precinct. If a method of election for any candidates is prescribed by law, in which the use of voting machines is not possible or practicable, or in case, at any election the number of candidates nominated or seeking nomination for any office renders the use of the voting machine for such office at such election impracticable, or if for any reason, at any election the use of voting machines is not practicable or possible, the proper officer or officers having charge of the preparation of the ballot labels for the machines may

arrange to have the voting for such or all candidates for officers conducted by paper ballots. In such cases ballots shall be printed for such or all candidates, and the election conducted by the election officers herein provided for, and the ballots counted and return thereof made in the manner required by law for such candidate or candidates or offices, insofar as paper ballots are used.

(15 ILCS 20/50-5)

Sec. 50-5. Governor to submit State budget.

(a) The Governor shall, as soon as possible and not later than the second Wednesday in March in 2010 (March 10, 2010) and the third Wednesday in February of each year beginning in 2011, except as otherwise provided in this Section, submit a State budget, embracing therein the amounts recommended by the Governor to be appropriated to the respective departments, offices, and institutions, and for all other public purposes, the estimated revenues from taxation, and the estimated revenues from sources other than taxation. Except with respect to the capital development provisions of the State budget, beginning with the revenue estimates prepared for fiscal year 2012, revenue estimates shall be based solely on: (i) revenue sources (including non-income resources), rates, and levels that exist as of the date of the submission of the State budget for the fiscal year and (ii) revenue sources (including non-income resources), rates, and levels that have been passed by the General Assembly as of the date of the submission of the State budget for the fiscal year and that are authorized to take effect in that fiscal year. Except with respect to the capital development provisions of the State budget, the Governor shall determine available revenue, deduct the cost of essential government services, including, but not limited to, pension payments and debt service, and assign a percentage of the remaining revenue to each statewide prioritized goal, as established in Section 50-25 of this Law, taking into consideration the proposed goals set forth in the report of the Commission established under that Section. The Governor shall also demonstrate how spending priorities for the fiscal year fulfill those statewide goals. The amounts recommended by the Governor for appropriation to the respective departments, offices and institutions shall be formulated according to each department's, office's, and institution's ability to effectively deliver services that meet the established statewide

goals. The amounts relating to particular functions and activities shall be further formulated in accordance with the object classification specified in Section 13 of the State Finance Act. In addition, the amounts recommended by the Governor for appropriation shall take into account each State agency's effectiveness in achieving its prioritized goals for the previous fiscal year, as set forth in Section 50-25 of this Law, giving priority to agencies and programs that have demonstrated a focus on the prevention of waste and the maximum yield from resources.

Beginning in fiscal year 2011, the Governor shall distribute written quarterly financial reports on operating funds, which may include general, State, or federal funds and may include funds related to agencies that have significant impacts on State operations, and budget statements on all appropriated funds to the General Assembly and the State Comptroller. The reports shall be submitted no later than 45 days after the last day of each quarter of the fiscal year and shall be posted on the Governor's Office of Management and Budget's website on the same day. The reports shall be prepared and presented for each State agency and on a statewide level in an executive summary format that may include, for the fiscal year to date, individual itemizations for each significant revenue type as well as itemizations of expenditures and obligations, by agency, with an appropriate level of detail. The reports shall include a calculation of the actual total budget surplus or deficit for the fiscal year to date. The Governor shall also present periodic budget addresses throughout the fiscal year at the invitation of the General Assembly.

The Governor shall not propose expenditures and the General Assembly shall not enact appropriations that exceed the resources estimated to be available, as provided in this Section. Appropriations may be adjusted during the fiscal year by means of one or more supplemental appropriation bills if any State agency either fails to meet or exceeds the goals set forth in Section 50-25 of this Law.

For the purposes of Article VIII, Section 2 of the 1970 Illinois Constitution, the State budget for the following funds shall be prepared on the basis of revenue and expenditure measurement concepts that are in concert with generally accepted accounting principles for governments:

1. General Revenue Fund.
2. Common School Fund.
4. Road Fund.

New matter indicated by italics - deletions by strikeout
(6) Agricultural Premium Fund.

These funds shall be known as the "budgeted funds". The revenue estimates used in the State budget for the budgeted funds shall include the estimated beginning fund balance, plus revenues estimated to be received during the budgeted year, plus the estimated receipts due the State as of June 30 of the budgeted year that are expected to be collected during the lapse period following the budgeted year, minus the receipts collected during the first 2 months of the budgeted year that became due to the State in the year before the budgeted year. Revenues shall also include estimated federal reimbursements associated with the recognition of Section 25 of the State Finance Act liabilities. For any budgeted fund for which current year revenues are anticipated to exceed expenditures, the surplus shall be considered to be a resource available for expenditure in the budgeted fiscal year.

Expenditure estimates for the budgeted funds included in the State budget shall include the costs to be incurred by the State for the budgeted year, to be paid in the next fiscal year, excluding costs paid in the budgeted year which were carried over from the prior year, where the payment is authorized by Section 25 of the State Finance Act. For any budgeted fund for which expenditures are expected to exceed revenues in the current fiscal year, the deficit shall be considered as a use of funds in the budgeted fiscal year.

Revenues and expenditures shall also include transfers between funds that are based on revenues received or costs incurred during the budget year.

Appropriations for expenditures shall also include all anticipated statutory continuing appropriation obligations that are expected to be incurred during the budgeted fiscal year.

By March 15 of each year, the Commission on Government Forecasting and Accountability shall prepare revenue and fund transfer estimates in accordance with the requirements of this Section and report those estimates to the General Assembly and the Governor.

For all funds other than the budgeted funds, the proposed expenditures shall not exceed funds estimated to be available for the fiscal year as shown in the budget. Appropriation for a fiscal year shall not exceed funds estimated by the General Assembly to be available during that year.
(b) By February 24, 2010, the Governor must file a written report with the Secretary of the Senate and the Clerk of the House of Representatives containing the following:

(1) for fiscal year 2010, the revenues for all budgeted funds, both actual to date and estimated for the full fiscal year;

(2) for fiscal year 2010, the expenditures for all budgeted funds, both actual to date and estimated for the full fiscal year;

(3) for fiscal year 2011, the estimated revenues for all budgeted funds, including without limitation the affordable General Revenue Fund appropriations, for the full fiscal year; and

(4) for fiscal year 2011, an estimate of the anticipated liabilities for all budgeted funds, including without limitation the affordable General Revenue Fund appropriations, debt service on bonds issued, and the State's contributions to the pension systems, for the full fiscal year.

Between July 1 and August 31 of each fiscal year, the members of the General Assembly and members of the public may make written budget recommendations to the Governor.

Beginning with budgets prepared for fiscal year 2013, the budgets submitted by the Governor and appropriations made by the General Assembly for all executive branch State agencies must adhere to a method of budgeting where each priority must be justified each year according to merit rather than according to the amount appropriated for the preceding year.

Section 45. The State Treasurer Act is amended by changing Section 16.5 as follows:

(15 ILCS 505/16.5)

Sec. 16.5. College Savings Pool. The State Treasurer may establish and administer a College Savings Pool to supplement and enhance the investment opportunities otherwise available to persons seeking to finance the costs of higher education. The State Treasurer, in administering the College Savings Pool, may receive moneys paid into the pool by a participant and may serve as the fiscal agent of that participant for the purpose of holding and investing those moneys.

"Participant", as used in this Section, means any person who has authority to withdraw funds, change the designated beneficiary, or otherwise exercise control over an account. "Donor", as used in this Section, means any person who makes investments in the pool. "Designated beneficiary", as used in this Section, means any person on whose behalf an account is established in the College Savings Pool by a participant. Both in-state and out-of-state persons may be participants, donors, and designated beneficiaries in the College Savings Pool. The College Savings Pool must be available to any individual with a valid social security number or taxpayer identification number for the benefit of any individual with a valid social security number or taxpayer identification number, unless a contract in effect on August 1, 2011 (the effective date of Public Act 97-233) this amendatory Act of the 97th General Assembly does not allow for taxpayer identification numbers, in which case taxpayer identification numbers must be allowed upon the expiration of the contract.

New accounts in the College Savings Pool may be processed through participating financial institutions. "Participating financial institution", as used in this Section, means any financial institution insured by the Federal Deposit Insurance Corporation and lawfully doing business in the State of Illinois and any credit union approved by the State Treasurer and lawfully doing business in the State of Illinois that agrees to process new accounts in the College Savings Pool. Participating financial institutions may charge a processing fee to participants to open an account in the pool that shall not exceed $30 until the year 2001. Beginning in 2001 and every year thereafter, the maximum fee limit shall be adjusted by the Treasurer based on the Consumer Price Index for the North Central Region as published by the United States Department of Labor, Bureau of...
Labor Statistics for the immediately preceding calendar year. Every contribution received by a financial institution for investment in the College Savings Pool shall be transferred from the financial institution to a location selected by the State Treasurer within one business day following the day that the funds must be made available in accordance with federal law. All communications from the State Treasurer to participants and donors shall reference the participating financial institution at which the account was processed.

The Treasurer may invest the moneys in the College Savings Pool in the same manner and in the same types of investments provided for the investment of moneys by the Illinois State Board of Investment. To enhance the safety and liquidity of the College Savings Pool, to ensure the diversification of the investment portfolio of the pool, and in an effort to keep investment dollars in the State of Illinois, the State Treasurer may make a percentage of each account available for investment in participating financial institutions doing business in the State. The State Treasurer may deposit with the participating financial institution at which the account was processed the following percentage of each account at a prevailing rate offered by the institution, provided that the deposit is federally insured or fully collateralized and the institution accepts the deposit: 10% of the total amount of each account for which the current age of the beneficiary is less than 7 years of age, 20% of the total amount of each account for which the beneficiary is at least 7 years of age and less than 12 years of age, and 50% of the total amount of each account for which the current age of the beneficiary is at least 12 years of age. The Treasurer shall develop, publish, and implement an investment policy covering the investment of the moneys in the College Savings Pool. The policy shall be published each year as part of the audit of the College Savings Pool by the Auditor General, which shall be distributed to all participants. The Treasurer shall notify all participants in writing, and the Treasurer shall publish in a newspaper of general circulation in both Chicago and Springfield, any changes to the previously published investment policy at least 30 calendar days before implementing the policy. Any investment policy adopted by the Treasurer shall be reviewed and updated if necessary within 90 days following the date that the State Treasurer takes office.

Participants shall be required to use moneys distributed from the College Savings Pool for qualified expenses at eligible educational institutions. "Qualified expenses", as used in this Section, means the

New matter indicated by italics - deletions by strikeout
following: (i) tuition, fees, and the costs of books, supplies, and equipment required for enrollment or attendance at an eligible educational institution and (ii) certain room and board expenses incurred while attending an eligible educational institution at least half-time. "Eligible educational institutions", as used in this Section, means public and private colleges, junior colleges, graduate schools, and certain vocational institutions that are described in Section 481 of the Higher Education Act of 1965 (20 U.S.C. 1088) and that are eligible to participate in Department of Education student aid programs. A student shall be considered to be enrolled at least half-time if the student is enrolled for at least half the full-time academic work load for the course of study the student is pursuing as determined under the standards of the institution at which the student is enrolled. Distributions made from the pool for qualified expenses shall be made directly to the eligible educational institution, directly to a vendor, or in the form of a check payable to both the beneficiary and the institution or vendor. Any moneys that are distributed in any other manner or that are used for expenses other than qualified expenses at an eligible educational institution shall be subject to a penalty of 10% of the earnings unless the beneficiary dies, becomes disabled, or receives a scholarship that equals or exceeds the distribution. Penalties shall be withheld at the time the distribution is made.

The Treasurer shall limit the contributions that may be made on behalf of a designated beneficiary based on the limitations established by the Internal Revenue Service. The contributions made on behalf of a beneficiary who is also a beneficiary under the Illinois Prepaid Tuition Program shall be further restricted to ensure that the contributions in both programs combined do not exceed the limit established for the College Savings Pool. The Treasurer shall provide the Illinois Student Assistance Commission each year at a time designated by the Commission, an electronic report of all participant accounts in the Treasurer's College Savings Pool, listing total contributions and disbursements from each individual account during the previous calendar year. As soon thereafter as is possible following receipt of the Treasurer's report, the Illinois Student Assistance Commission shall, in turn, provide the Treasurer with an electronic report listing those College Savings Pool participants who also participate in the State's prepaid tuition program, administered by the Commission. The Commission shall be responsible for filing any combined tax reports regarding State qualified savings programs required by the United States Internal Revenue Service. The Treasurer shall work

with the Illinois Student Assistance Commission to coordinate the marketing of the College Savings Pool and the Illinois Prepaid Tuition Program when considered beneficial by the Treasurer and the Director of the Illinois Student Assistance Commission. The Treasurer's office shall not publicize or otherwise market the College Savings Pool or accept any moneys into the College Savings Pool prior to March 1, 2000. Sec. 15. Before any person is released from a facility operated by the State pursuant to an absolute discharge or a conditional discharge from hospitalization under this Act, the facility director of the facility in which such person is hospitalized shall determine that such person is not currently in need of hospitalization and:

to be granted an absolute discharge or a conditional discharge is described under subparagraph (c) or (d) of this Section, the name and address of the continuing care facility or home to which such person is to be released shall be entered in the facility record. Where a discharge from a mental health facility is made under subparagraph (c), the Department shall assign the person so discharged to an existing community based not-for-profit agency for participation in day activities suitable to the person's needs, such as but not limited to social and vocational rehabilitation, and other recreational, educational and financial activities unless the community based not-for-profit agency is unqualified to accept such assignment. Where the clientele of any not-for-profit agency increases as a result of assignments under this amendatory Act of 1977 by more than 3% over the prior year, the Department shall fully reimburse such agency for the costs of providing services to such persons in excess of such 3% increase. The Department shall keep written records detailing how many persons have been assigned to a community based not-for-profit agency and how many persons were not so assigned because the community based agency was unable to accept the assignments, in accordance with criteria, standards, and procedures promulgated by rule. Whenever a community based agency is found to be unable to accept the assignments, the name of the agency and the reason for the finding shall be included in the report.

Insofar as desirable in the interests of the former recipient, the facility, program or home in which the discharged person is to be placed shall be located in or near the community in which the person resided prior to hospitalization or in the community in which the person's family or nearest next of kin presently reside. Out-of-state placements shall be subject to return of recipients so placed upon the availability of facilities, programs or homes within this State to accommodate these recipients, except where placement in a contiguous state results in locating a recipient in a facility or program closer to the recipient's home or family. If an appropriate facility or program becomes available equal to or closer to the recipient's home or family, the recipient shall be returned to and placed at the appropriate facility or program within this State.

Prior to any placement by the Department under this Section, a determination shall be made by the personnel of the Department, as to the capability and suitability of such facility to adequately meet the needs of the person to be discharged. When specialized programs are necessary in order to enable persons in need of supervised living to develop and improve in the community, the Department shall place such persons only in specialized residential care facilities which shall meet Department standards including restricted admission policy, special staffing and programming for social and vocational rehabilitation, in addition to the requirements of the appropriate State licensing agency. The Department shall not place any new person in a facility the license of which has been revoked or not renewed on grounds of inadequate programming, staffing, or medical or adjunctive services, regardless of the pendency of an action for administrative review regarding such revocation or failure to renew. Before the Department may transfer any person to a licensed nursing home, sheltered care home or home for the aged or place any person in a specialized residential care facility the Department shall notify the person to be transferred, or a responsible relative of such person, in writing, at least 30 days before the proposed transfer, with respect to all the relevant facts concerning such transfer, except in cases of emergency when such notice is not required. If either the person to be transferred or a responsible relative of such person objects to such transfer, in writing, to the Department, at any time after receipt of notice and before the transfer, the facility director of the facility in which the person was a recipient shall immediately schedule a hearing at the facility with the presence of the facility director, the person who objected to such proposed transfer, and a psychiatrist who is familiar with the record of the person to be transferred. Such person to be transferred or a responsible relative may be represented by such counsel or interested party as he may appoint, who may present such testimony with respect to the proposed transfer. Testimony presented at such hearing shall become a part of the facility record of the person-to-be-transferred. The record of testimony shall be held in the person-to-be-transferred's record in the central files of the facility. If such hearing is held a transfer may only be implemented, if at all, in accordance with the results of such hearing. Within 15 days after such hearing the facility director shall deliver his
findings based on the record of the case and the testimony presented at the hearing, by registered or certified mail, to the parties to such hearing. The findings of the facility director shall be deemed a final administrative decision of the Department. For purposes of this Section, "case of emergency" means those instances in which the health of the person to be transferred is imperiled and the most appropriate mental health care or medical care is available at a licensed nursing home, sheltered care home or home for the aged or a specialized residential care facility.

Prior to placement of any person in a facility under this Section the Department shall ensure that an appropriate training plan for staff is provided by the facility. Said training may include instruction and demonstration by Department personnel qualified in the area of mental illness or intellectual disabilities, as applicable to the person to be placed. Training may be given both at the facility from which the recipient is transferred and at the facility receiving the recipient, and may be available on a continuing basis subsequent to placement. In a facility providing services to former Department recipients, training shall be available as necessary for facility staff. Such training will be on a continuing basis as the needs of the facility and recipients change and further training is required.

The Department shall not place any person in a facility which does not have appropriately trained staff in sufficient numbers to accommodate the recipient population already at the facility. As a condition of further or future placements of persons, the Department shall require the employment of additional trained staff members at the facility where said persons are to be placed. The Secretary, or his or her designate, shall establish written guidelines for placement of persons in facilities under this Act. The Department shall keep written records detailing which facilities have been determined to have staff who have been appropriately trained by the Department and all training which it has provided or required under this Section.

Bills for the support for a person boarded out shall be payable monthly out of the proper maintenance funds and shall be audited as any other accounts of the Department. If a person is placed in a facility or program outside the Department, the Department may pay the actual costs of residence, treatment or maintenance in such facility and may collect such actual costs or a portion thereof from the recipient or the estate of a person placed in accordance with this Section.
Other than those placed in a family home the Department shall cause all persons who are placed in a facility, as defined by the ID/DD Community Care Act or the Specialized Mental Health Rehabilitation Act, or in designated community living situations or programs, to be visited at least once during the first month following placement, and once every month thereafter for the first year following placement when indicated, but at least quarterly. After the first year, the Department shall determine at what point the appropriate licensing entity for the facility or designated community living situation or program will assume the responsibility of ensuring that appropriate services are being provided to the resident. Once that responsibility is assumed, the Department may discontinue such visits. If a long term care facility has periodic care plan conferences, the visitor may participate in those conferences, if such participation is approved by the resident or the resident's guardian. Visits shall be made by qualified and trained Department personnel, or their designee, in the area of mental health or developmental disabilities applicable to the person visited, and shall be made on a more frequent basis when indicated. The Department may not use as designee any personnel connected with or responsible to the representatives of any facility in which persons who have been transferred under this Section are placed. In the course of such visit there shall be consideration of the following areas, but not limited thereto: effects of transfer on physical and mental health of the person, sufficiency of nursing care and medical coverage required by the person, sufficiency of staff personnel and ability to provide basic care for the person, social, recreational and programmatic activities available for the person, and other appropriate aspects of the person's environment.

A report containing the above observations shall be made to the Department, to the licensing agency, and to any other appropriate agency subsequent to each visitation. The report shall contain recommendations to improve the care and treatment of the resident, as necessary, which shall be reviewed by the facility's interdisciplinary team and the resident or the resident's legal guardian.

Upon the complaint of any person placed in accordance with this Section or any responsible citizen or upon discovery that such person has been abused, neglected, or improperly cared for, or that the placement does not provide the type of care required by the recipient's current condition, the Department immediately shall investigate, and determine if the well-being, health, care, or safety of any person is affected by any of the above occurrences, and if any one of the above occurrences is verified, the
Department shall remove such person at once to a facility of the Department or to another facility outside the Department, provided such person's needs can be met at said facility. The Department may also provide any person placed in accordance with this Section who is without available funds, and who is permitted to engage in employment outside the facility, such sums for the transportation, and other expenses as may be needed by him until he receives his wages for such employment.

The Department shall promulgate rules and regulations governing the purchase of care for persons who are wards of or who are receiving services from the Department. Such rules and regulations shall apply to all monies expended by any agency of the State of Illinois for services rendered by any person, corporate entity, agency, governmental agency or political subdivision whether public or private outside of the Department whether payment is made through a contractual, per-diem or other arrangement. No funds shall be paid to any person, corporation, agency, governmental entity or political subdivision without compliance with such rules and regulations.

The rules and regulations governing purchase of care shall describe categories and types of service deemed appropriate for purchase by the Department.

Any provider of services under this Act may elect to receive payment for those services, and the Department is authorized to arrange for that payment, by means of direct deposit transmittals to the service provider's account maintained at a bank, savings and loan association, or other financial institution. The financial institution shall be approved by the Department, and the deposits shall be in accordance with rules and regulations adopted by the Department.

information regarding surgical infections, complications, and direct admissions of outpatient cases to hospitals for selected procedures, as determined by the Department, based on review by the Department of its own, local, or national studies. Information disclosed pursuant to this paragraph on mortality and infection rates shall be based upon information hospitals and ambulatory surgical treatment centers have either (i) previously submitted to the Department pursuant to their obligations to report health care information under this Act or other public health reporting laws and regulations outside of this Act or (ii) submitted to the Department under the provisions of the Hospital Report Card Act.

(7) Publicly disclosed information must be provided in language that is easy to understand and accessible to consumers using an interactive query system. The guide shall include such additional information as is necessary to enhance decision making among consumer and health care purchasers, which shall include, at a minimum, appropriate guidance on how to interpret the data and an explanation of why the data may vary from provider to provider. The "Consumer Guide to Health Care" shall also cite standards that facilities meet under state and federal law and, if applicable, to achieve voluntary accreditation.

(8) None of the information the Department discloses to the public under this subsection may be made available unless the information has been reviewed, adjusted, and validated according to the following process:

(i) Hospitals, ambulatory surgical treatment centers, and organizations representing hospitals, ambulatory surgical treatment centers, purchasers, consumer groups, and health plans are meaningfully involved in providing advice and consultation to the Department in the development of all aspects of the Department's methodology for collecting, analyzing, and disclosing the information collected under this Act, including collection methods, formatting, and methods and means for release and dissemination;

(ii) The entire methodology for collecting and analyzing the data is disclosed to all relevant organizations and to all providers that are the subject of any information

to be made available to the public before any public disclosure of such information;

(iii) Data collection and analytical methodologies are used that meet accepted standards of validity and reliability before any information is made available to the public;

(v) To the greatest extent possible, comparative hospital and ambulatory surgical treatment center information initiatives use standard-based norms derived from widely accepted provider-developed practice guidelines;

(vi) Comparative hospital and ambulatory surgical treatment center information and other information that the Department has compiled regarding hospitals and ambulatory surgical treatment centers is shared with the hospitals and ambulatory surgical treatment centers under review prior to public dissemination of the information and these providers have an opportunity to make corrections and additions of helpful explanatory comments about the information before the publication;

(vii) Comparisons among hospitals and ambulatory surgical treatment centers adjust for patient case mix and other relevant risk factors and control for provider peer groups, if applicable;

(viii) Effective safeguards to protect against the unauthorized use or disclosure of hospital and ambulatory surgical treatment center information are developed and implemented;

(ix) Effective safeguards to protect against the dissemination of inconsistent, incomplete, invalid, inaccurate, or subjective provider data are developed and implemented;

(x) The quality and accuracy of hospital and ambulatory surgical treatment center information reported

New matter indicated by italics - deletions by strikeout
under this Act and its data collection, analysis, and dissemination methodologies are evaluated regularly; and

(xi) Only the most basic hospital or ambulatory surgical treatment center identifying information from mandatory reports is used. Information regarding a hospital or ambulatory surgical center may be released regardless of the number of employees or health care professionals whose data are reflected in the data for the hospital or ambulatory surgical treatment center as long as no specific information identifying an employee or a health care professional is released. Further, patient identifiable information is not released. The input data collected by the Department shall not be a public record under the Illinois Freedom of Information Act.

None of the information the Department discloses to the public under this Act may be used to establish a standard of care in a private civil action.

(9) The Department must develop and implement an outreach campaign to educate the public regarding the availability of the "Consumer Guide to Health Care".

(10) By January 1, 2006, the Department must study the most effective methods for public disclosure of patient claims and encounter data and health care quality information that will be useful to consumers in making health care decisions and report its recommendations to the Governor and to the General Assembly.

(11) The Department must undertake all steps necessary under State and Federal law to protect patient confidentiality in order to prevent the identification of individual patient records.

(12) The Department must adopt rules for inpatient and outpatient data collection and reporting no later than January 1, 2006.

(13) In addition to the data products indicated above, the Department shall respond to requests by government agencies, academic research organizations, and private sector organizations for purposes of clinical performance measurements and analyses of data collected pursuant to this Section.

(14) The Department, with the advice of and in consultation with hospitals, ambulatory surgical treatment centers, organizations representing hospitals, organizations representing ambulatory
treatment centers, purchasers, consumer groups, and health plans, must evaluate additional methods for comparing the performance of hospitals and ambulatory surgical treatment centers, including the value of disclosing additional measures that are adopted by the National Quality Forum, The Joint Commission on Accreditation of Healthcare Organizations, the Accreditation Association for Ambulatory Health Care, the Centers for Medicare and Medicaid Services, or similar national entities that establish standards to measure the performance of health care providers. The Department shall report its findings and recommendations on its Internet website and to the Governor and General Assembly no later than July 1, 2006.

Section 95. The Department of Public Health Powers and Duties Law of the Civil Administrative Code of Illinois is amended by changing Sections 2310-367, 2310-550, 2310-560, 2310-565, and 2310-625 as follows:

(20 ILCS 2310/2310-367)
Sec. 2310-367. Health Data Task Force; purpose; implementation plan.

(a) In accordance with the recommendations of the 2007 State Health Improvement Plan, it is the policy of the State that, to the extent possible and consistent with privacy and other laws, State public health data and health-related administrative data are to be used to understand and report on the scope of health problems, plan prevention programs, and evaluate program effectiveness at the State and community level. It is a priority to use data to address racial, ethnic, and other health disparities. This system is intended to support State and community level public health planning, and is not intended to supplant or replace data-use agreements between State agencies and academic researchers for more specific research needs.

(b) Within 30 days after August 24, 2007 (the effective date of Public Act 95-418), this amendatory Act of the 95th General Assembly, a Health Data Task Force shall be convened to create a system for public access to integrated health data. The Task Force shall consist of the following: the Director of Public Health or his or her designee; the Director of Healthcare and Family Services or his or her designee; the Secretary of Human Services or his or her designee; the Director of the

Department on Aging or his or her designee; the Director of Children and Family Services or his or her designee; the State Superintendent of Education or his or her designee; and other State officials as deemed appropriate by the Governor.

The Task Force shall be advised by a public advisory group consisting of community health data users, minority health advocates, local public health departments, and private data suppliers such as hospitals and other health care providers. Each member of the Task Force shall appoint 3 members of the public advisory group. The public advisory group shall assist the Task Force in setting goals, articulating user needs, and setting priorities for action.

The Department of Public Health is primarily responsible for providing staff and administrative support to the Task Force. The other State agencies represented on the Task Force shall work cooperatively with the Department of Public Health to provide administrative support to the Task Force. The Department of Public Health shall have ongoing responsibility for monitoring the implementation of the plan and shall have ongoing responsibility to identify new or emerging data or technology needs.

The State agencies represented on the Task Force shall review their health data, data collection, and dissemination policies for opportunities to coordinate and integrate data and make data available within and outside State government in support of this State policy. To the extent possible, existing data infrastructure shall be used to create this system of public access to data. The Illinois Department of Health Care and Family Services data warehouse and the Illinois Department of Public Health IPLAN Data System may be the foundation of this system.

(c) The Task Force shall produce a plan with a phased and prioritized implementation timetable focusing on assuring access to improving the quality of data necessary to understand health disparities. The Task Force shall submit an initial report to the General Assembly no later than July 1, 2008, and shall make annual reports to the General Assembly on or before July 1 of each year through 2011 of the progress toward implementing the plan.

Section 110. The Illinois Power Agency Act is amended by changing Sections 1-5, 1-10, 1-20, and 1-75 as follows:

(20 ILCS 3855/1-5)

Sec. 1-5. Legislative declarations and findings. The General Assembly finds and declares:

(1) The health, welfare, and prosperity of all Illinois citizens require the provision of adequate, reliable, affordable, efficient, and environmentally sustainable electric service at the lowest total cost over time, taking into account any benefits of price stability.

(2) The transition to retail competition is not complete. Some customers, especially residential and small commercial customers, have failed to benefit from lower electricity costs from retail and wholesale competition.

(3) Escalating prices for electricity in Illinois pose a serious threat to the economic well-being, health, and safety of the residents of and the commerce and industry of the State.

(4) To protect against this threat to economic well-being, health, and safety it is necessary to improve the process of procuring electricity to serve Illinois residents, to promote

New matter indicated by italics - deletions by strikeout
investment in energy efficiency and demand-response measures, and to support development of clean coal technologies and renewable resources.

(5) Procuring a diverse electricity supply portfolio will ensure the lowest total cost over time for adequate, reliable, efficient, and environmentally sustainable electric service.

(6) Including cost-effective renewable resources in that portfolio will reduce long-term direct and indirect costs to consumers by decreasing environmental impacts and by avoiding or delaying the need for new generation, transmission, and distribution infrastructure.

(7) Energy efficiency, demand-response measures, and renewable energy are resources currently underused in Illinois.

(8) The State should encourage the use of advanced clean coal technologies that capture and sequester carbon dioxide emissions to advance environmental protection goals and to demonstrate the viability of coal and coal-derived fuels in a carbon-constrained economy.

(9) The General Assembly enacted Public Act 96-0795 to reform the State's purchasing processes, recognizing that government procurement is susceptible to abuse if structural and procedural safeguards are not in place to ensure independence, insulation, oversight, and transparency.

(10) The principles that underlie the procurement reform legislation apply also in the context of power purchasing. The General Assembly therefore finds that it is necessary to create the Illinois Power Agency and that the goals and objectives of that Agency are to accomplish each of the following:

(A) Develop electricity procurement plans to ensure adequate, reliable, affordable, efficient, and environmentally sustainable electric service at the lowest total cost over time, taking into account any benefits of price stability, for electric utilities that on December 31, 2005 provided electric service to at least 100,000 customers in Illinois and for small multi-jurisdictional electric utilities that (i) on December 31, 2005 served less than 100,000 customers in Illinois and (ii) request a procurement plan for their Illinois jurisdictional load. The procurement plan shall be updated on an annual basis and shall include renewable energy resources sufficient to achieve the standards specified in this Act.
(B) Conduct competitive procurement processes to procure the supply resources identified in the procurement plan.

(C) Develop electric generation and co-generation facilities that use indigenous coal or renewable resources, or both, financed with bonds issued by the Illinois Finance Authority.

(D) Supply electricity from the Agency's facilities at cost to one or more of the following: municipal electric systems, governmental aggregators, or rural electric cooperatives in Illinois.

(E) Ensure that the process of power procurement is conducted in an ethical and transparent fashion, immune from improper influence.

(F) Continue to review its policies and practices to determine how best to meet its mission of providing the lowest cost power to the greatest number of people, at any given point in time, in accordance with applicable law.

(G) Operate in a structurally insulated, independent, and transparent fashion so that nothing impedes the Agency's mission to secure power at the best prices the market will bear, provided that the Agency meets all applicable legal requirements.

thermal energy, photovoltaic cells and panels, biodiesel, anaerobic digestion, crops and untreated and unadulterated organic waste biomass, tree waste, hydropower that does not involve new construction or significant expansion of hydropower dams, and other alternative sources of environmentally preferable energy. For purposes of this Act, landfill gas produced in the State is considered a renewable energy resource. "Renewable energy resources" does not include the incineration or burning of tires, garbage, general household, institutional, and commercial waste, industrial lunchroom or office waste, landscape waste other than tree waste, railroad crossties, utility poles, or construction or demolition debris, other than untreated and unadulterated waste wood.

"Revenue bond" means any bond, note, or other evidence of indebtedness issued by the Authority, the principal and interest of which is payable solely from revenues or income derived from any project or activity of the Agency.

"Sequester" means permanent storage of carbon dioxide by injecting it into a saline aquifer, a depleted gas reservoir, or an oil reservoir, directly or through an enhanced oil recovery process that may involve intermediate storage, regardless of whether these activities are conducted by a clean coal facility, a clean coal SNG facility, a clean coal SNG brownfield facility, or a party with which a clean coal facility, or clean coal SNG facility, or clean coal SNG brownfield facility has contracted for such purposes.

"Total resource cost test" or "TRC test" means a standard that is met if, for an investment in energy efficiency or demand-response measures, the benefit-cost ratio is greater than one. The benefit-cost ratio is the ratio of the net present value of the total benefits of the program to the net present value of the total costs as calculated over the lifetime of the measures. A total resource cost test compares the sum of avoided electric utility costs, representing the benefits that accrue to the system and the participant in the delivery of those efficiency measures, as well as other quantifiable societal benefits, including avoided natural gas utility costs, to the sum of all incremental costs of end-use measures that are implemented due to the program (including both utility and participant contributions), plus costs to administer, deliver, and evaluate each demand-side program, to quantify the net savings obtained by substituting the demand-side program for supply resources. In calculating avoided costs of power and energy that an electric utility would otherwise have had to acquire, reasonable estimates shall be included of financial costs likely to be imposed by future regulations and legislation on emissions of greenhouse gases.

Sec. 1-75. Planning and Procurement Bureau. The Planning and Procurement Bureau has the following duties and responsibilities:

(a) The Planning and Procurement Bureau shall each year, beginning in 2008, develop procurement plans and conduct competitive procurement processes in accordance with the requirements of Section 16-111.5 of the Public Utilities Act for the eligible retail customers of electric utilities that on December 31, 2005 provided electric service to at least 100,000 customers in Illinois. The Planning and Procurement Bureau shall also develop procurement plans and conduct competitive procurement processes in accordance with the requirements of Section 16-111.5 of the Public Utilities Act for the eligible retail customers of small multi-jurisdictional electric utilities that (i) on December 31, 2005 served less than 100,000 customers in Illinois and (ii) request a procurement plan for their Illinois jurisdictional load. This Section shall not apply to a small multi-jurisdictional utility until such time as a small multi-jurisdictional utility requests the Agency to prepare a procurement plan for their Illinois jurisdictional load. For the purposes of this Section, the term "eligible retail customers" has the same definition as found in Section 16-111.5(a) of the Public Utilities Act.

(1) The Agency shall each year, beginning in 2008, as needed, issue a request for qualifications for experts or expert consulting firms to develop the procurement plans in accordance with Section 16-111.5 of the Public Utilities Act. In order to qualify an expert or expert consulting firm must have:

(A) direct previous experience assembling large-scale power supply plans or portfolios for end-use customers;

(B) an advanced degree in economics, mathematics, engineering, risk management, or a related area of study;

(C) 10 years of experience in the electricity sector, including managing supply risk;

(D) expertise in wholesale electricity market rules, including those established by the Federal Energy Regulatory Commission and regional transmission organizations;

(E) expertise in credit protocols and familiarity with contract protocols;

New matter indicated by italics - deletions by strikeout
(F) adequate resources to perform and fulfill the required functions and responsibilities; and
(G) the absence of a conflict of interest and inappropriate bias for or against potential bidders or the affected electric utilities.

(2) The Agency shall each year, as needed, issue a request for qualifications for a procurement administrator to conduct the competitive procurement processes in accordance with Section 16-111.5 of the Public Utilities Act. In order to qualify an expert or expert consulting firm must have:

(A) direct previous experience administering a large-scale competitive procurement process;
(B) an advanced degree in economics, mathematics, engineering, or a related area of study;
(C) 10 years of experience in the electricity sector, including risk management experience;
(D) expertise in wholesale electricity market rules, including those established by the Federal Energy Regulatory Commission and regional transmission organizations;
(E) expertise in credit and contract protocols;
(F) adequate resources to perform and fulfill the required functions and responsibilities; and
(G) the absence of a conflict of interest and inappropriate bias for or against potential bidders or the affected electric utilities.

(3) The Agency shall provide affected utilities and other interested parties with the lists of qualified experts or expert consulting firms identified through the request for qualifications processes that are under consideration to develop the procurement plans and to serve as the procurement administrator. The Agency shall also provide each qualified expert's or expert consulting firm's response to the request for qualifications. All information provided under this subparagraph shall also be provided to the Commission. The Agency may provide by rule for fees associated with supplying the information to utilities and other interested parties. These parties shall, within 5 business days, notify the Agency in writing if they object to any experts or expert consulting firms on the lists. Objections shall be based on:

New matter indicated by italics - deletions by strikeout
(A) failure to satisfy qualification criteria;
(B) identification of a conflict of interest; or
(C) evidence of inappropriate bias for or against potential bidders or the affected utilities.

The Agency shall remove experts or expert consulting firms from the lists within 10 days if there is a reasonable basis for an objection and provide the updated lists to the affected utilities and other interested parties. If the Agency fails to remove an expert or expert consulting firm from a list, an objecting party may seek review by the Commission within 5 days thereafter by filing a petition, and the Commission shall render a ruling on the petition within 10 days. There is no right of appeal of the Commission's ruling.

(4) The Agency shall issue requests for proposals to the qualified experts or expert consulting firms to develop a procurement plan for the affected utilities and to serve as procurement administrator.

(5) The Agency shall select an expert or expert consulting firm to develop procurement plans based on the proposals submitted and shall award contracts of up to 5 years to those selected.

(6) The Agency shall select an expert or expert consulting firm, with approval of the Commission, to serve as procurement administrator based on the proposals submitted. If the Commission rejects, within 5 days, the Agency's selection, the Agency shall submit another recommendation within 3 days based on the proposals submitted. The Agency shall award a 5-year contract to the expert or expert consulting firm so selected with Commission approval.

(b) The experts or expert consulting firms retained by the Agency shall, as appropriate, prepare procurement plans, and conduct a competitive procurement process as prescribed in Section 16-111.5 of the Public Utilities Act, to ensure adequate, reliable, affordable, efficient, and environmentally sustainable electric service at the lowest total cost over time, taking into account any benefits of price stability, for eligible retail customers of electric utilities that on December 31, 2005 provided electric service to at least 100,000 customers in the State of Illinois, and for eligible Illinois retail customers of small multi-jurisdictional electric utilities that (i) on December 31, 2005 served less than 100,000 customers

in Illinois and (ii) request a procurement plan for their Illinois jurisdictional load.

(c) Renewable portfolio standard.

(1) The procurement plans shall include cost-effective renewable energy resources. A minimum percentage of each utility's total supply to serve the load of eligible retail customers, as defined in Section 16-111.5(a) of the Public Utilities Act, procured for each of the following years shall be generated from cost-effective renewable energy resources: at least 2% by June 1, 2008; at least 4% by June 1, 2009; at least 5% by June 1, 2010; at least 6% by June 1, 2011; at least 7% by June 1, 2012; at least 8% by June 1, 2013; at least 9% by June 1, 2014; at least 10% by June 1, 2015; and increasing by at least 1.5% each year thereafter to at least 25% by June 1, 2025. To the extent that it is available, at least 75% of the renewable energy resources used to meet these standards shall come from wind generation and, beginning on June 1, 2011, at least the following percentages of the renewable energy resources used to meet these standards shall come from photovoltaics on the following schedule: 0.5% by June 1, 2012, 1.5% by June 1, 2013; 3% by June 1, 2014; and 6% by June 1, 2015 and thereafter. Of the renewable energy resources procured pursuant to this Section, at least the following percentages shall come from distributed renewable energy generation devices: 0.5% by June 1, 2013, 0.75% by June 1, 2014, and 1% by June 1, 2015 and thereafter. To the extent available, half of the renewable energy resources procured from distributed renewable energy generation shall come from devices of less than 25 kilowatts in nameplate capacity. Renewable energy resources procured from distributed generation devices may also count towards the required percentages for wind and solar photovoltaics. Procurement of renewable energy resources from distributed renewable energy generation devices shall be done on an annual basis through multi-year contracts of no less than 5 years, and shall consist solely of renewable energy credits.

The Agency shall create credit requirements for suppliers of distributed renewable energy. In order to minimize the administrative burden on contracting entities, the Agency shall solicit the use of third-party organizations to aggregate distributed renewable energy into groups of no less than one megawatt in

New matter indicated by italics - deletions by strikeout
installed capacity. These third-party organizations shall administer contracts with individual distributed renewable energy generation device owners. An individual distributed renewable energy generation device owner shall have the ability to measure the output of his or her distributed renewable energy generation device.

For purposes of this subsection (c), "cost-effective" means that the costs of procuring renewable energy resources do not cause the limit stated in paragraph (2) of this subsection (c) to be exceeded and do not exceed benchmarks based on market prices for renewable energy resources in the region, which shall be developed by the procurement administrator, in consultation with the Commission staff, Agency staff, and the procurement monitor and shall be subject to Commission review and approval.

(2) For purposes of this subsection (c), the required procurement of cost-effective renewable energy resources for a particular year shall be measured as a percentage of the actual amount of electricity (megawatt-hours) supplied by the electric utility to eligible retail customers in the planning year ending immediately prior to the procurement. For purposes of this subsection (c), the amount paid per kilowatthour means the total amount paid for electric service expressed on a per kilowatthour basis. For purposes of this subsection (c), the total amount paid for electric service includes without limitation amounts paid for supply, transmission, distribution, surcharges, and add-on taxes.

Notwithstanding the requirements of this subsection (c), the total of renewable energy resources procured pursuant to the procurement plan for any single year shall be reduced by an amount necessary to limit the annual estimated average net increase due to the costs of these resources included in the amounts paid by eligible retail customers in connection with electric service to:

(A) in 2008, no more than 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007;

(B) in 2009, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2008 or 1% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007;

New matter indicated by italics - deletions by strikeout
(C) in 2010, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2009 or 1.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007;

(D) in 2011, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2010 or 2% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007; and

(E) thereafter, the amount of renewable energy resources procured pursuant to the procurement plan for any single year shall be reduced by an amount necessary to limit the estimated average net increase due to the cost of these resources included in the amounts paid by eligible retail customers in connection with electric service to no more than the greater of 2.015% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007 or the incremental amount per kilowatt hour paid for these resources in 2011.

No later than June 30, 2011, the Commission shall review the limitation on the amount of renewable energy resources procured pursuant to this subsection (c) and report to the General Assembly its findings as to whether that limitation unduly constrains the procurement of cost-effective renewable energy resources.

(3) Through June 1, 2011, renewable energy resources shall be counted for the purpose of meeting the renewable energy standards set forth in paragraph (1) of this subsection (c) only if they are generated from facilities located in the State, provided that cost-effective renewable energy resources are available from those facilities. If those cost-effective resources are not available in Illinois, they shall be procured in states that adjoin Illinois and may be counted towards compliance. If those cost-effective resources are not available in Illinois or in states that adjoin Illinois, they shall be purchased elsewhere and shall be counted towards compliance. After June 1, 2011, cost-effective renewable energy resources located in Illinois and in states that adjoin Illinois may be counted towards compliance with the standards set forth in

paragraph (1) of this subsection (c). If those cost-effective resources are not available in Illinois or in states that adjoin Illinois, they shall be purchased elsewhere and shall be counted towards compliance.

(4) The electric utility shall retire all renewable energy credits used to comply with the standard.

(5) Beginning with the year commencing June 1, 2010, an electric utility subject to this subsection (c) shall apply the lesser of the maximum alternative compliance payment rate or the most recent estimated alternative compliance payment rate for its service territory for the corresponding compliance period, established pursuant to subsection (d) of Section 16-115D of the Public Utilities Act to its retail customers that take service pursuant to the electric utility's hourly pricing tariff or tariffs. The electric utility shall retain all amounts collected as a result of the application of the alternative compliance payment rate or rates to such customers, and, beginning in 2011, the utility shall include in the information provided under item (1) of subsection (d) of Section 16-111.5 of the Public Utilities Act the amounts collected under the alternative compliance payment rate or rates for the prior year ending May 31. Notwithstanding any limitation on the procurement of renewable energy resources imposed by item (2) of this subsection (c), the Agency shall increase its spending on the purchase of renewable energy resources to be procured by the electric utility for the next plan year by an amount equal to the amounts collected by the utility under the alternative compliance payment rate or rates in the prior year ending May 31.

(d) Clean coal portfolio standard.

(1) The procurement plans shall include electricity generated using clean coal. Each utility shall enter into one or more sourcing agreements with the initial clean coal facility, as provided in paragraph (3) of this subsection (d), covering electricity generated by the initial clean coal facility representing at least 5% of each utility's total supply to serve the load of eligible retail customers in 2015 and each year thereafter, as described in paragraph (3) of this subsection (d), subject to the limits specified in paragraph (2) of this subsection (d). It is the goal of the State that by January 1, 2025, 25% of the electricity used in the State shall be generated by cost-effective clean coal facilities. For
purposes of this subsection (d), "cost-effective" means that the expenditures pursuant to such sourcing agreements do not cause the limit stated in paragraph (2) of this subsection (d) to be exceeded and do not exceed cost-based benchmarks, which shall be developed to assess all expenditures pursuant to such sourcing agreements covering electricity generated by clean coal facilities, other than the initial clean coal facility, by the procurement administrator, in consultation with the Commission staff, Agency staff, and the procurement monitor and shall be subject to Commission review and approval.

A utility party to a sourcing agreement shall immediately retire any emission credits that it receives in connection with the electricity covered by such agreement.

Utilities shall maintain adequate records documenting the purchases under the sourcing agreement to comply with this subsection (d) and shall file an accounting with the load forecast that must be filed with the Agency by July 15 of each year, in accordance with subsection (d) of Section 16-111.5 of the Public Utilities Act.

A utility shall be deemed to have complied with the clean coal portfolio standard specified in this subsection (d) if the utility enters into a sourcing agreement as required by this subsection (d).

(2) For purposes of this subsection (d), the required execution of sourcing agreements with the initial clean coal facility for a particular year shall be measured as a percentage of the actual amount of electricity (megawatt-hours) supplied by the electric utility to eligible retail customers in the planning year ending immediately prior to the agreement's execution. For purposes of this subsection (d), the amount paid per kilowatthour means the total amount paid for electric service expressed on a per kilowatthour basis. For purposes of this subsection (d), the total amount paid for electric service includes without limitation amounts paid for supply, transmission, distribution, surcharges and add-on taxes.

Notwithstanding the requirements of this subsection (d), the total amount paid under sourcing agreements with clean coal facilities pursuant to the procurement plan for any given year shall be reduced by an amount necessary to limit the annual estimated average net increase due to the costs of these resources included in
the amounts paid by eligible retail customers in connection with electric service to:

(A) in 2010, no more than 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2009;

(B) in 2011, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2010 or 1% of the amount paid per kilowatthour by those customers during the year ending May 31, 2009;

(C) in 2012, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2011 or 1.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2009;

(D) in 2013, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2012 or 2% of the amount paid per kilowatthour by those customers during the year ending May 31, 2009; and

(E) thereafter, the total amount paid under sourcing agreements with clean coal facilities pursuant to the procurement plan for any single year shall be reduced by an amount necessary to limit the estimated average net increase due to the cost of these resources included in the amounts paid by eligible retail customers in connection with electric service to no more than the greater of (i) 2.015% of the amount paid per kilowatthour by those customers during the year ending May 31, 2009 or (ii) the incremental amount per kilowatthour paid for these resources in 2013. These requirements may be altered only as provided by statute.

No later than June 30, 2015, the Commission shall review the limitation on the total amount paid under sourcing agreements, if any, with clean coal facilities pursuant to this subsection (d) and report to the General Assembly its findings as to whether that limitation unduly constrains the amount of electricity generated by cost-effective clean coal facilities that is covered by sourcing agreements.

(3) Initial clean coal facility. In order to promote development of clean coal facilities in Illinois, each electric utility subject to this Section shall execute a sourcing agreement to source electricity from a proposed clean coal facility in Illinois (the "initial clean coal facility") that will have a nameplate capacity of at least 500 MW when commercial operation commences, that has a final Clean Air Act permit on the effective date of this amendatory Act of the 95th General Assembly, and that will meet the definition of clean coal facility in Section 1-10 of this Act when commercial operation commences. The sourcing agreements with this initial clean coal facility shall be subject to both approval of the initial clean coal facility by the General Assembly and satisfaction of the requirements of paragraph (4) of this subsection (d) and shall be executed within 90 days after any such approval by the General Assembly. The Agency and the Commission shall have authority to inspect all books and records associated with the initial clean coal facility during the term of such a sourcing agreement. A utility's sourcing agreement for electricity produced by the initial clean coal facility shall include:

(A) a formula contractual price (the "contract price") approved pursuant to paragraph (4) of this subsection (d), which shall:

(i) be determined using a cost of service methodology employing either a level or deferred capital recovery component, based on a capital structure consisting of 45% equity and 55% debt, and a return on equity as may be approved by the Federal Energy Regulatory Commission, which in any case may not exceed the lower of 11.5% or the rate of return approved by the General Assembly pursuant to paragraph (4) of this subsection (d); and

(ii) provide that all miscellaneous net revenue, including but not limited to net revenue from the sale of emission allowances, if any, substitute natural gas, if any, grants or other support provided by the State of Illinois or the United States Government, firm transmission rights, if any, by-products produced by the facility, energy or capacity derived from the facility and not covered by a
sourcing agreement pursuant to paragraph (3) of this subsection (d) or item (5) of subsection (d) of Section 16-115 of the Public Utilities Act, whether generated from the synthesis gas derived from coal, from SNG, or from natural gas, shall be credited against the revenue requirement for this initial clean coal facility;

(B) power purchase provisions, which shall:

   (i) provide that the utility party to such sourcing agreement shall pay the contract price for electricity delivered under such sourcing agreement;

   (ii) require delivery of electricity to the regional transmission organization market of the utility that is party to such sourcing agreement;

   (iii) require the utility party to such sourcing agreement to buy from the initial clean coal facility in each hour an amount of energy equal to all clean coal energy made available from the initial clean coal facility during such hour times a fraction, the numerator of which is such utility's retail market sales of electricity (expressed in kilowatthours sold) in the State during the prior calendar month and the denominator of which is the total retail market sales of electricity (expressed in kilowatthours sold) in the State by utilities during such prior month and the sales of electricity (expressed in kilowatthours sold) in the State by alternative retail electric suppliers during such prior month that are subject to the requirements of this subsection (d) and paragraph (5) of subsection (d) of Section 16-115 of the Public Utilities Act, provided that the amount purchased by the utility in any year will be limited by paragraph (2) of this subsection (d); and

   (iv) be considered pre-existing contracts in such utility's procurement plans for eligible retail customers;

(C) contract for differences provisions, which shall:

   (i) require the utility party to such sourcing agreement to contract with the initial clean coal
facility in each hour with respect to an amount of energy equal to all clean coal energy made available from the initial clean coal facility during such hour times a fraction, the numerator of which is such utility's retail market sales of electricity (expressed in kilowatthours sold) in the utility's service territory in the State during the prior calendar month and the denominator of which is the total retail market sales of electricity (expressed in kilowatthours sold) in the State by utilities during such prior month and the sales of electricity (expressed in kilowatthours sold) in the State by alternative retail electric suppliers during such prior month that are subject to the requirements of this subsection (d) and paragraph (5) of subsection (d) of Section 16-115 of the Public Utilities Act, provided that the amount paid by the utility in any year will be limited by paragraph (2) of this subsection (d);

(ii) provide that the utility's payment obligation in respect of the quantity of electricity determined pursuant to the preceding clause (i) shall be limited to an amount equal to (1) the difference between the contract price determined pursuant to subparagraph (A) of paragraph (3) of this subsection (d) and the day-ahead price for electricity delivered to the regional transmission organization market of the utility that is party to such sourcing agreement (or any successor delivery point at which such utility's supply obligations are financially settled on an hourly basis) (the "reference price") on the day preceding the day on which the electricity is delivered to the initial clean coal facility busbar, multiplied by (2) the quantity of electricity determined pursuant to the preceding clause (i); and

(iii) not require the utility to take physical delivery of the electricity produced by the facility;

(D) general provisions, which shall:

New matter indicated by italics - deletions by strikeout
(i) specify a term of no more than 30 years, commencing on the commercial operation date of the facility;

(ii) provide that utilities shall maintain adequate records documenting purchases under the sourcing agreements entered into to comply with this subsection (d) and shall file an accounting with the load forecast that must be filed with the Agency by July 15 of each year, in accordance with subsection (d) of Section 16-111.5 of the Public Utilities Act.

(iii) provide that all costs associated with the initial clean coal facility will be periodically reported to the Federal Energy Regulatory Commission and to purchasers in accordance with applicable laws governing cost-based wholesale power contracts;

(iv) permit the Illinois Power Agency to assume ownership of the initial clean coal facility, without monetary consideration and otherwise on reasonable terms acceptable to the Agency, if the Agency so requests no less than 3 years prior to the end of the stated contract term;

(v) require the owner of the initial clean coal facility to provide documentation to the Commission each year, starting in the facility's first year of commercial operation, accurately reporting the quantity of carbon emissions from the facility that have been captured and sequestered and report any quantities of carbon released from the site or sites at which carbon emissions were sequestered in prior years, based on continuous monitoring of such sites. If, in any year after the first year of commercial operation, the owner of the facility fails to demonstrate that the initial clean coal facility captured and sequestered at least 50% of the total carbon emissions that the facility would otherwise emit or that sequestration of emissions from prior years has failed, resulting in the release of carbon

dioxide into the atmosphere, the owner of the facility must offset excess emissions. Any such carbon offsets must be permanent, additional, verifiable, real, located within the State of Illinois, and legally and practicably enforceable. The cost of such offsets for the facility that are not recoverable shall not exceed $15 million in any given year. No costs of any such purchases of carbon offsets may be recovered from a utility or its customers. All carbon offsets purchased for this purpose and any carbon emission credits associated with sequestration of carbon from the facility must be permanently retired. The initial clean coal facility shall not forfeit its designation as a clean coal facility if the facility fails to fully comply with the applicable carbon sequestration requirements in any given year, provided the requisite offsets are purchased. However, the Attorney General, on behalf of the People of the State of Illinois, may specifically enforce the facility's sequestration requirement and the other terms of this contract provision. Compliance with the sequestration requirements and offset purchase requirements specified in paragraph (3) of this subsection (d) shall be reviewed annually by an independent expert retained by the owner of the initial clean coal facility, with the advance written approval of the Attorney General. The Commission may, in the course of the review specified in item (vii), reduce the allowable return on equity for the facility if the facility willfully fails to comply with the carbon capture and sequestration requirements set forth in this item (v);

(vi) include limits on, and accordingly provide for modification of, the amount the utility is required to source under the sourcing agreement consistent with paragraph (2) of this subsection (d);

(vii) require Commission review: (1) to determine the justness, reasonableness, and
prudence of the inputs to the formula referenced in subparagraphs (A)(i) through (A)(iii) of paragraph (3) of this subsection (d), prior to an adjustment in those inputs including, without limitation, the capital structure and return on equity, fuel costs, and other operations and maintenance costs and (2) to approve the costs to be passed through to customers under the sourcing agreement by which the utility satisfies its statutory obligations. Commission review shall occur no less than every 3 years, regardless of whether any adjustments have been proposed, and shall be completed within 9 months;

(viii) limit the utility's obligation to such amount as the utility is allowed to recover through tariffs filed with the Commission, provided that neither the clean coal facility nor the utility waives any right to assert federal pre-emption or any other argument in response to a purported disallowance of recovery costs;

(ix) limit the utility's or alternative retail electric supplier's obligation to incur any liability until such time as the facility is in commercial operation and generating power and energy and such power and energy is being delivered to the facility busbar;

(x) provide that the owner or owners of the initial clean coal facility, which is the counterparty to such sourcing agreement, shall have the right from time to time to elect whether the obligations of the utility party thereto shall be governed by the power purchase provisions or the contract for differences provisions;

(xi) append documentation showing that the formula rate and contract, insofar as they relate to the power purchase provisions, have been approved by the Federal Energy Regulatory Commission pursuant to Section 205 of the Federal Power Act;

(xii) provide that any changes to the terms of the contract, insofar as such changes relate to the

power purchase provisions, are subject to review under the public interest standard applied by the Federal Energy Regulatory Commission pursuant to Sections 205 and 206 of the Federal Power Act; and

(xiii) conform with customary lender requirements in power purchase agreements used as the basis for financing non-utility generators.

(4) Effective date of sourcing agreements with the initial clean coal facility.

Any proposed sourcing agreement with the initial clean coal facility shall not become effective unless the following reports are prepared and submitted and authorizations and approvals obtained:

(i) Facility cost report. The owner of the initial clean coal facility shall submit to the Commission, the Agency, and the General Assembly a front-end engineering and design study, a facility cost report, method of financing (including but not limited to structure and associated costs), and an operating and maintenance cost quote for the facility (collectively "facility cost report"), which shall be prepared in accordance with the requirements of this paragraph (4) of subsection (d) of this Section, and shall provide the Commission and the Agency access to the work papers, relied upon documents, and any other backup documentation related to the facility cost report.

(ii) Commission report. Within 6 months following receipt of the facility cost report, the Commission, in consultation with the Agency, shall submit a report to the General Assembly setting forth its analysis of the facility cost report. Such report shall include, but not be limited to, a comparison of the costs associated with electricity generated by the initial clean coal facility to the costs associated with electricity generated by other types of generation facilities, an analysis of the rate impacts on residential and small business customers over the life of the sourcing agreements, and an analysis of the likelihood that the initial clean coal facility will commence commercial operation by and be delivering power to the facility's busbar by 2016. To assist in the preparation of its report, the

Commission, in consultation with the Agency, may hire one or more experts or consultants, the costs of which shall be paid for by the owner of the initial clean coal facility. The Commission and Agency may begin the process of selecting such experts or consultants prior to receipt of the facility cost report.

(iii) General Assembly approval. The proposed sourcing agreements shall not take effect unless, based on the facility cost report and the Commission's report, the General Assembly enacts authorizing legislation approving (A) the projected price, stated in cents per kilowatthour, to be charged for electricity generated by the initial clean coal facility, (B) the projected impact on residential and small business customers' bills over the life of the sourcing agreements, and (C) the maximum allowable return on equity for the project; and

(iv) Commission review. If the General Assembly enacts authorizing legislation pursuant to subparagraph (iii) approving a sourcing agreement, the Commission shall, within 90 days of such enactment, complete a review of such sourcing agreement. During such time period, the Commission shall implement any directive of the General Assembly, resolve any disputes between the parties to the sourcing agreement concerning the terms of such agreement, approve the form of such agreement, and issue an order finding that the sourcing agreement is prudent and reasonable.

The facility cost report shall be prepared as follows:

(A) The facility cost report shall be prepared by duly licensed engineering and construction firms detailing the estimated capital costs payable to one or more contractors or suppliers for the engineering, procurement and construction of the components comprising the initial clean coal facility and the estimated costs of operation and maintenance of the facility. The facility cost report shall include:

   (i) an estimate of the capital cost of the core plant based on one or more front end engineering and design studies for the gasification island and
related facilities. The core plant shall include all civil, structural, mechanical, electrical, control, and safety systems.

(ii) an estimate of the capital cost of the balance of the plant, including any capital costs associated with sequestration of carbon dioxide emissions and all interconnects and interfaces required to operate the facility, such as transmission of electricity, construction or backfeed power supply, pipelines to transport substitute natural gas or carbon dioxide, potable water supply, natural gas supply, water supply, water discharge, landfill, access roads, and coal delivery.

The quoted construction costs shall be expressed in nominal dollars as of the date that the quote is prepared and shall include capitalized financing costs during construction, taxes, insurance, and other owner's costs, and an assumed escalation in materials and labor beyond the date as of which the construction cost quote is expressed.

(B) The front end engineering and design study for the gasification island and the cost study for the balance of plant shall include sufficient design work to permit quantification of major categories of materials, commodities and labor hours, and receipt of quotes from vendors of major equipment required to construct and operate the clean coal facility.

(C) The facility cost report shall also include an operating and maintenance cost quote that will provide the estimated cost of delivered fuel, personnel, maintenance contracts, chemicals, catalysts, consumables, spares, and other fixed and variable operations and maintenance costs. The delivered fuel cost estimate will be provided by a recognized third party expert or experts in the fuel and transportation industries. The balance of the operating and maintenance cost quote, excluding delivered fuel costs, will be developed based on the inputs provided by duly licensed engineering and construction firms performing the construction cost quote, potential vendors under long-term

service agreements and plant operating agreements, or recognized third party plant operator or operators.

The operating and maintenance cost quote (including the cost of the front end engineering and design study) shall be expressed in nominal dollars as of the date that the quote is prepared and shall include taxes, insurance, and other owner's costs, and an assumed escalation in materials and labor beyond the date as of which the operating and maintenance cost quote is expressed.

(D) The facility cost report shall also include an analysis of the initial clean coal facility's ability to deliver power and energy into the applicable regional transmission organization markets and an analysis of the expected capacity factor for the initial clean coal facility.

(E) Amounts paid to third parties unrelated to the owner or owners of the initial clean coal facility to prepare the core plant construction cost quote, including the front end engineering and design study, and the operating and maintenance cost quote will be reimbursed through Coal Development Bonds.

(5) Re-powering and retrofitting coal-fired power plants previously owned by Illinois utilities to qualify as clean coal facilities. During the 2009 procurement planning process and thereafter, the Agency and the Commission shall consider sourcing agreements covering electricity generated by power plants that were previously owned by Illinois utilities and that have been or will be converted into clean coal facilities, as defined by Section 1-10 of this Act. Pursuant to such procurement planning process, the owners of such facilities may propose to the Agency sourcing agreements with utilities and alternative retail electric suppliers required to comply with subsection (d) of this Section and item (5) of subsection (d) of Section 16-115 of the Public Utilities Act, covering electricity generated by such facilities. In the case of sourcing agreements that are power purchase agreements, the contract price for electricity sales shall be established on a cost of service basis. In the case of sourcing agreements that are contracts for differences, the contract price from which the reference price is subtracted shall be established on a cost of service basis. The Agency and the Commission may approve any such utility sourcing agreement.
agreements that do not exceed cost-based benchmarks developed by the procurement administrator, in consultation with the Commission staff, Agency staff and the procurement monitor, subject to Commission review and approval. The Commission shall have authority to inspect all books and records associated with these clean coal facilities during the term of any such contract.

(6) Costs incurred under this subsection (d) or pursuant to a contract entered into under this subsection (d) shall be deemed prudently incurred and reasonable in amount and the electric utility shall be entitled to full cost recovery pursuant to the tariffs filed with the Commission.

(e) The draft procurement plans are subject to public comment, as required by Section 16-111.5 of the Public Utilities Act.

(f) The Agency shall submit the final procurement plan to the Commission. The Agency shall revise a procurement plan if the Commission determines that it does not meet the standards set forth in Section 16-111.5 of the Public Utilities Act.

(g) The Agency shall assess fees to each affected utility to recover the costs incurred in preparation of the annual procurement plan for the utility.

(h) The Agency shall assess fees to each bidder to recover the costs incurred in connection with a competitive procurement process.

(6) Costs incurred under this subsection (d) or pursuant to a contract entered into under this subsection (d) shall be deemed prudently incurred and reasonable in amount and the electric utility shall be entitled to full cost recovery pursuant to the tariffs filed with the Commission.

(e) The draft procurement plans are subject to public comment, as required by Section 16-111.5 of the Public Utilities Act.

(f) The Agency shall submit the final procurement plan to the Commission. The Agency shall revise a procurement plan if the Commission determines that it does not meet the standards set forth in Section 16-111.5 of the Public Utilities Act.

(g) The Agency shall assess fees to each affected utility to recover the costs incurred in preparation of the annual procurement plan for the utility.

However, if a demonstration project under that Act applies for a certificate of need to convert to a nursing facility, it shall meet the licensure and certificate of need requirements in effect as of the date of application.

This Act does not apply to a dialysis facility that provides only dialysis training, support, and related services to individuals with end stage renal disease who have elected to receive home dialysis. This Act does not apply to a dialysis unit located in a licensed nursing home that offers or provides dialysis-related services to residents with end stage renal disease who have elected to receive home dialysis within the nursing home. (4) Develop criteria and standards for health care facilities planning, conduct statewide inventories of health care facilities, maintain an updated inventory on the Board's web site reflecting the most recent bed and service changes and updated need determinations when new census data become available or new need formulae are adopted, and develop health care facility plans which shall be utilized in the review of applications for permit under this Act. Such health facility plans shall be coordinated by the Board with pertinent State Plans. Inventories pursuant to this Section of skilled or intermediate care facilities licensed under the Nursing Home Care Act, skilled or intermediate care facilities licensed under the ID/DD Community Care Act, facilities licensed under the Specialized Mental Health Rehabilitation Act, or nursing homes licensed under the Hospital Licensing Act shall be conducted on an annual basis no later than July 1 of each year and shall include among the information requested a list of all services provided by a facility to its residents and to the community at large and differentiate between active and inactive beds.

(f) Multi-institutional planning and the establishment of multi-institutional systems where feasible;

(g) The financial and economic feasibility of proposed construction or modification; and

(h) In the case of health care facilities established by a religious body or denomination, the needs of the members of such religious body or denomination may be considered to be public need.

The health care facility plans which are developed and adopted in accordance with this Section shall form the basis for the plan of the State
to deal most effectively with statewide health needs in regard to health care facilities.

(5) Coordinate with the Center for Comprehensive Health Planning and other state agencies having responsibilities affecting health care facilities, including those of licensure and cost reporting.

(6) Solicit, accept, hold and administer on behalf of the State any grants or bequests of money, securities or property for use by the State Board or Center for Comprehensive Health Planning in the administration of this Act; and enter into contracts consistent with the appropriations for purposes enumerated in this Act.

(7) The State Board shall prescribe procedures for review, standards, and criteria which shall be utilized to make periodic reviews and determinations of the appropriateness of any existing health services being rendered by health care facilities subject to the Act. The State Board shall consider recommendations of the Board in making its determinations.

(8) Prescribe, in consultation with the Center for Comprehensive Health Planning, rules, regulations, standards, and criteria for the conduct of an expeditious review of applications for permits for projects of construction or modification of a health care facility, which projects are classified as emergency, substantive, or non-substantive in nature.

Six months after June 30, 2009 (the effective date of Public Act 96-31), substantive projects shall include no more than the following:

(a) Projects to construct (1) a new or replacement facility located on a new site or (2) a replacement facility located on the same site as the original facility and the cost of the replacement facility exceeds the capital expenditure minimum;

(b) Projects proposing a (1) new service or (2) discontinuation of a service, which shall be reviewed by the Board within 60 days; or

(c) Projects proposing a change in the bed capacity of a health care facility by an increase in the total number of beds or by a redistribution of beds among various categories of service or by a relocation of beds from one physical facility or site to another by more than 20 beds or more than 10% of total bed capacity, as defined by the State Board, whichever is less, over a 2-year period.

The Chairman may approve applications for exemption that meet the criteria set forth in rules or refer them to the full Board. The Chairman

may approve any unopposed application that meets all of the review
criteria or refer them to the full Board.

Such rules shall not abridge the right of the Center for
Comprehensive Health Planning to make recommendations on the
classification and approval of projects, nor shall such rules prevent the
conduct of a public hearing upon the timely request of an interested party. Such reviews shall not exceed 60 days from the date the application is
declared to be complete.

(9) Prescribe rules, regulations, standards, and criteria pertaining to
the granting of permits for construction and modifications which are
emergent in nature and must be undertaken immediately to prevent or
correct structural deficiencies or hazardous conditions that may harm or
injure persons using the facility, as defined in the rules and regulations of
the State Board. This procedure is exempt from public hearing
requirements of this Act.

(10) Prescribe rules, regulations, standards and criteria for the
conduct of an expeditious review, not exceeding 60 days, of applications
for permits for projects to construct or modify health care facilities which
are needed for the care and treatment of persons who have acquired
immunodeficiency syndrome (AIDS) or related conditions.

(11) Issue written decisions upon request of the applicant or an
adversely affected party to the Board within 30 days of the meeting in
which a final decision has been made. A "final decision" for purposes of
this Act is the decision to approve or deny an application, or take other
actions permitted under this Act, at the time and date of the meeting that
such action is scheduled by the Board. The staff of the State Board shall
prepare a written copy of the final decision and the State Board shall
approve a final copy for inclusion in the formal record.

(12) Require at least one of its members to participate in any public
hearing, after the appointment of the 9 members to the Board.

(13) Provide a mechanism for the public to comment on, and
request changes to, draft rules and standards.

(14) Implement public information campaigns to regularly inform
the general public about the opportunity for public hearings and public
hearing procedures.

(15) Establish a separate set of rules and guidelines for long-term
care that recognizes that nursing homes are a different business line and
service model from other regulated facilities. An open and transparent
process shall be developed that considers the following: how skilled
nursing fits in the continuum of care with other care providers, modernization of nursing homes, establishment of more private rooms, development of alternative services, and current trends in long-term care services. The Chairman of the Board shall appoint a permanent Health Services Review Board Long-term Care Facility Advisory Subcommittee that shall develop and recommend to the Board the rules to be established by the Board under this paragraph (15). The Subcommittee shall also provide continuous review and commentary on policies and procedures relative to long-term care and the review of related projects. In consultation with other experts from the health field of long-term care, the Board and the Subcommittee shall study new approaches to the current bed need formula and Health Service Area boundaries to encourage flexibility and innovation in design models reflective of the changing long-term care marketplace and consumer preferences. The Board shall file the proposed related administrative rules for the separate rules and guidelines for long-term care required by this paragraph (15) by September 1, 2010. The Subcommittee shall be provided a reasonable and timely opportunity to review and comment on any review, revision, or updating of the criteria, standards, procedures, and rules used to evaluate project applications as provided under Section 12.3 of this Act prior to approval by the Board and promulgation of related rules.

(20 ILCS 3960/13) (from Ch. 111 1/2, par. 1163)

(Section scheduled to be repealed on December 31, 2019)

Sec. 13. Investigation of applications for permits and certificates of recognition. The Agency or the State Board shall make or cause to be made such investigations as it or the State Board deems necessary in connection with an application for a permit or an application for a certificate of recognition, or in connection with a determination of whether or not construction or modification which has been commenced is in accord with the permit issued by the State Board or whether construction or modification has been commenced without a permit having been obtained. The State Board may issue subpoenas duces tecum requiring the production of records and may administer oaths to such witnesses.

Any circuit court of this State, upon the application of the State Board or upon the application of any party to such proceedings, may, in its discretion, compel the attendance of witnesses, the production of books, papers, records, or memoranda and the giving of testimony before the
State Board, by a proceeding as for contempt, or otherwise, in the same manner as production of evidence may be compelled before the court.

The State Board shall require all health facilities operating in this State to provide such reasonable reports at such times and containing such information as is needed by it to carry out the purposes and provisions of this Act. Prior to collecting information from health facilities, the State Board shall make reasonable efforts through a public process to consult with health facilities and associations that represent them to determine whether data and information requests will result in useful information for health planning, whether sufficient information is available from other sources, and whether data requested is routinely collected by health facilities and is available without retrospective record review. Data and information requests shall not impose undue paperwork burdens on health care facilities and personnel. Health facilities not complying with this requirement shall be reported to licensing, accrediting, certifying, or payment agencies as being in violation of State law. Health care facilities and other parties at interest shall have reasonable access, under rules established by the State Board, to all planning information submitted in accord with this Act pertaining to their area.

Among the reports to be required by the State Board are facility questionnaires for health care facilities licensed under the Ambulatory Surgical Treatment Center Act, the Hospital Licensing Act, the Nursing Home Care Act, the ID/DD Community Care Act, the Specialized Mental Health Rehabilitation Act, or the End Stage Renal Disease Facility Act. These questionnaires shall be conducted on an annual basis and compiled by the Agency. For health care facilities licensed under the Nursing Home Care Act, the Specialized Mental Health Rehabilitation Act, or the ID/DD Community Care Act, these reports shall include, but not be limited to, the identification of specialty services provided by the facility to patients, residents, and the community at large. For health care facilities that contain long term care beds, the reports shall also include the number of staffed long term care beds, physical capacity for long term care beds at the facility, and long term care beds available for immediate occupancy. For purposes of this paragraph, "long term care beds" means beds (i) licensed under the Nursing Home Care Act, (ii) licensed under the ID/DD Community Care Act, (iii) licensed under the Hospital Licensing Act, or (iv) licensed under the Specialized Mental Health Rehabilitation Act and certified as skilled nursing or nursing facility beds under Medicaid or Medicare.
Sec. 14.1. Denial of permit; other sanctions.

(a) The State Board may deny an application for a permit or may revoke or take other action as permitted by this Act with regard to a permit as the State Board deems appropriate, including the imposition of fines as set forth in this Section, for any one or a combination of the following:

1. The acquisition of major medical equipment without a permit or in violation of the terms of a permit.
2. The establishment, construction, or modification of a health care facility without a permit or in violation of the terms of a permit.
3. The violation of any provision of this Act or any rule adopted under this Act.
4. The failure, by any person subject to this Act, to provide information requested by the State Board or Agency within 30 days after a formal written request for the information.
5. The failure to pay any fine imposed under this Section within 30 days of its imposition.

(a-5) For facilities licensed under the ID/DD Community Care Act, no permit shall be denied on the basis of prior operator history, other than for actions specified under item (2), (4), or (5) of Section 3-117 of the ID/DD Community Care Act. For facilities licensed under the Specialized Mental Health Rehabilitation Act, no permit shall be denied on the basis of prior operator history, other than for actions specified under item (2), (4), or (5) of Section 3-117 of the Specialized Mental Health Rehabilitation Act. For facilities licensed under the Nursing Home Care Act, no permit shall be denied on the basis of prior operator history, other than for: (i) actions specified under item (2), (3), (4), (5), or (6) of Section 3-117 of the Nursing Home Care Act; (ii) actions specified under item (a)(6) of Section 3-119 of the Nursing Home Care Act; or (iii) actions within the preceding 5 years constituting a substantial and repeated failure to comply with the Nursing Home Care Act or the rules and regulations adopted by the Department under that Act. The State Board shall not deny a permit on account of any action described in this subsection (a-5) without also considering all such actions in the light of all relevant information available to the State Board, including whether the permit is sought to
substantially comply with a mandatory or voluntary plan of correction associated with any action described in this subsection (a-5).

(b) Persons shall be subject to fines as follows:

(1) A permit holder who fails to comply with the requirements of maintaining a valid permit shall be fined an amount not to exceed 1% of the approved permit amount plus an additional 1% of the approved permit amount for each 30-day period, or fraction thereof, that the violation continues.

(2) A permit holder who alters the scope of an approved project or whose project costs exceed the allowable permit amount without first obtaining approval from the State Board shall be fined an amount not to exceed the sum of (i) the lesser of $25,000 or 2% of the approved permit amount and (ii) in those cases where the approved permit amount is exceeded by more than $1,000,000, an additional $20,000 for each $1,000,000, or fraction thereof, in excess of the approved permit amount.

(3) A person who acquires major medical equipment or who establishes a category of service without first obtaining a permit or exemption, as the case may be, shall be fined an amount not to exceed $10,000 for each such acquisition or category of service established plus an additional $10,000 for each 30-day period, or fraction thereof, that the violation continues.

(4) A person who constructs, modifies, or establishes a health care facility without first obtaining a permit shall be fined an amount not to exceed $25,000 plus an additional $25,000 for each 30-day period, or fraction thereof, that the violation continues.

(5) A person who discontinues a health care facility or a category of service without first obtaining a permit shall be fined an amount not to exceed $10,000 plus an additional $10,000 for each 30-day period, or fraction thereof, that the violation continues. For purposes of this subparagraph (5), facilities licensed under the Nursing Home Care Act or the ID/DD Community Care Act, with the exceptions of facilities operated by a county or Illinois Veterans Homes, are exempt from this permit requirement. However, facilities licensed under the Nursing Home Care Act or the ID/DD Community Care Act must comply with Section 3-423 of the Nursing Home Care Act or Section 3-423 of the ID/DD Community Care Act and must provide the Board with 30-days' written notice of its intent to close.

(6) A person subject to this Act who fails to provide information requested by the State Board or Agency within 30 days of a formal written request shall be fined an amount not to exceed $1,000 plus an additional $1,000 for each 30-day period, or fraction thereof, that the information is not received by the State Board or Agency.

(c) Before imposing any fine authorized under this Section, the State Board shall afford the person or permit holder, as the case may be, an appearance before the State Board and an opportunity for a hearing before a hearing officer appointed by the State Board. The hearing shall be conducted in accordance with Section 10.

(d) All fines collected under this Act shall be transmitted to the State Treasurer, who shall deposit them into the Illinois Health Facilities Planning Fund.

In like manner, whenever any measure is amended on the floor of either house in such manner as to affect the number of judges in the State as stated in the judicial note relating to the measure prior to such amendment, a majority of such house may propose that no action shall be taken upon the amendment until the sponsor of the amendment shows to the members a statement of the judicial effect of his proposed amendment.

Notwithstanding any provision of the law to the contrary, the General Assembly hereby authorizes the use of such funds for the purposes set forth in this Section.

These provisions do not apply to funds classified by the Comptroller as federal trust funds or State trust funds. The Audit Expense Fund may receive transfers from those trust funds only as directed herein, except where prohibited by the terms of the trust fund agreement. The Auditor General shall notify the trustees of those funds of the estimated cost of the audit to be incurred under the Illinois State Auditing Act for the fund. The trustees of those funds shall direct the State Comptroller and Treasurer to transfer the estimated amount to the Audit Expense Fund.

The Auditor General may bill entities that are not subject to the above transfer provisions, including private entities, related organizations and entities whose funds are locally-held, for the cost of audits, studies, and investigations incurred on their behalf. Any revenues received under this provision shall be deposited into the Audit Expense Fund.

In the event that moneys on deposit in any fund are unavailable, by reason of deficiency or any other reason preventing their lawful transfer, the State Comptroller shall order transferred and the State Treasurer shall transfer the amount deficient or otherwise unavailable from the General Revenue Fund for deposit into the Audit Expense Fund.

Section 135. The General Obligation Bond Act is amended by changing Sections 2 and 9 as follows:

(30 ILCS 330/2) (from Ch. 127, par. 652)

The State of Illinois is authorized to issue, sell and provide for the retirement of General Obligation Bonds of the State of Illinois for the categories and specific purposes expressed in Sections 2 through 8 of this Act, in the total amount of $45,476,125,743 $41,314,125,743 $41,379,777,443.

The bonds authorized in this Section 2 and in Section 16 of this Act are herein called "Bonds".

Of the total amount of Bonds authorized in this Act, up to $2,200,000,000 in aggregate original principal amount may be issued and sold in accordance with the Baccalaureate Savings Act in the form of General Obligation College Savings Bonds.

Of the total amount of Bonds authorized in this Act, up to $300,000,000 in aggregate original principal amount may be issued and sold in accordance with the Retirement Savings Act in the form of General Obligation Retirement Savings Bonds.

Of the total amount of Bonds authorized in this Act, the additional $10,000,000,000 authorized by Public Act 93-2, the $3,466,000,000 authorized by Public Act 96-43, and the $4,096,348,300 authorized by this amendatory Act of the 96th General Assembly shall be used solely as provided in Section 7.2.

The issuance and sale of Bonds pursuant to the General Obligation Bond Act is an economical and efficient method of financing the long-term capital needs of the State. (a) Except as otherwise provided in this subsection, Bonds shall be issued and sold from time to time, in one or more series, in such amounts and at such prices as may be directed by the Governor, upon recommendation by the Director of the Governor's Office of Management and Budget. Bonds shall be in such form (either coupon, registered or book entry), in such denominations, payable within 25 years from their date, subject to such terms of redemption with or without premium, bear interest payable at such times and at such fixed or variable rate or rates, and be dated as shall be fixed and determined by the Director of the Governor's Office of Management and Budget in the order authorizing the issuance and sale of any series of Bonds, which order shall be approved by the Governor and is herein called a "Bond Sale Order"; provided however, that interest payable at fixed or variable rates shall not exceed that permitted in the Bond Authorization Act, as now or hereafter amended. Bonds shall be payable at such place or places, within or without the State of Illinois, and may be made registrable as to either principal or as to both principal and interest, as shall be specified in the Bond Sale Order. Bonds may be callable or subject to purchase and retirement or tender and remarketing as fixed and determined in the Bond Sale Order. Bonds, other than Bonds issued under Section 3 of this Act for the costs associated with the purchase and implementation of information technology, (i) except for refunding Bonds satisfying the requirements of Section 16 of this Act and sold during fiscal year 2009, 2010, or 2011, must be issued with principal or mandatory redemption amounts in equal amounts, with the first maturity issued occurring within the fiscal year in which the Bonds are issued or within the next succeeding fiscal year and (ii) must mature or be subject to mandatory redemption each fiscal year thereafter up to 25 years, except for refunding Bonds satisfying the requirements of Section 16 of this Act and sold during fiscal year 2009, 2010, or 2011 which must mature or be subject to mandatory redemption each fiscal year thereafter up to 16 years. Bonds issued under Section 3 of this Act for the costs associated with the purchase and implementation of information technology must be issued with principal or mandatory redemption amounts in equal amounts, with the first maturity issued occurring with the fiscal year in which the respective bonds are issued or with the next succeeding fiscal year, with the respective bonds issued maturing or

In the case of any series of Bonds bearing interest at a variable interest rate ("Variable Rate Bonds"), in lieu of determining the rate or rates at which such series of Variable Rate Bonds shall bear interest and the price or prices at which such Variable Rate Bonds shall be initially sold or remarketed (in the event of purchase and subsequent resale), the Bond Sale Order may provide that such interest rates and prices may vary from time to time depending on criteria established in such Bond Sale Order, which criteria may include, without limitation, references to indices or variations in interest rates as may, in the judgment of a remarketing agent, be necessary to cause Variable Rate Bonds of such series to be remarketable from time to time at a price equal to their principal amount, and may provide for appointment of a bank, trust company, investment bank, or other financial institution to serve as remarketing agent in that connection. The Bond Sale Order may provide that alternative interest rates or provisions for establishing alternative interest rates, different security or claim priorities, or different call or amortization provisions will apply during such times as Variable Rate Bonds of any series are held by a person providing credit or liquidity enhancement arrangements for such bonds.
Bonds as authorized in subsection (b) of this Section. The Bond Sale Order may also provide for such variable interest rates to be established pursuant to a process generally known as an auction rate process and may provide for appointment of one or more financial institutions to serve as auction agents and broker-dealers in connection with the establishment of such interest rates and the sale and remarketing of such Bonds.

(b) In connection with the issuance of any series of Bonds, the State may enter into arrangements to provide additional security and liquidity for such Bonds, including, without limitation, bond or interest rate insurance or letters of credit, lines of credit, bond purchase contracts, or other arrangements whereby funds are made available to retire or purchase Bonds, thereby assuring the ability of owners of the Bonds to sell or redeem their Bonds. The State may enter into contracts and may agree to pay fees to persons providing such arrangements, but only under circumstances where the Director of the Governor's Office of Management and Budget certifies that he or she reasonably expects the total interest paid or to be paid on the Bonds, together with the fees for the arrangements (being treated as if interest), would not, taken together, cause the Bonds to bear interest, calculated to their stated maturity, at a rate in excess of the rate that the Bonds would bear in the absence of such arrangements.

The State may, with respect to Bonds issued or anticipated to be issued, participate in and enter into arrangements with respect to interest rate protection or exchange agreements, guarantees, or financial futures contracts for the purpose of limiting, reducing, or managing interest rate exposure. The authority granted under this paragraph, however, shall not increase the principal amount of Bonds authorized to be issued by law. The arrangements may be executed and delivered by the Director of the Governor's Office of Management and Budget on behalf of the State. Net payments for such arrangements shall constitute interest on the Bonds and shall be paid from the General Obligation Bond Retirement and Interest Fund. The Director of the Governor's Office of Management and Budget shall at least annually certify to the Governor and the State Comptroller his or her estimate of the amounts of such net payments to be included in the calculation of interest required to be paid by the State.

(c) Prior to the issuance of any Variable Rate Bonds pursuant to subsection (a), the Director of the Governor's Office of Management and Budget shall adopt an interest rate risk management policy providing that the amount of the State's variable rate exposure with respect to Bonds shall
not exceed 20%. This policy shall remain in effect while any Bonds are outstanding and the issuance of Bonds shall be subject to the terms of such policy. The terms of this policy may be amended from time to time by the Director of the Governor's Office of Management and Budget but in no event shall any amendment cause the permitted level of the State's variable rate exposure with respect to Bonds to exceed 20%.

(d) "Build America Bonds" in this Section means Bonds authorized by Section 54AA of the Internal Revenue Code of 1986, as amended ("Internal Revenue Code"), and bonds issued from time to time to refund or continue to refund "Build America Bonds".

(e) Notwithstanding any other provision of this Section, Qualified School Construction Bonds shall be issued and sold from time to time, in one or more series, in such amounts and at such prices as may be directed by the Governor, upon recommendation by the Director of the Governor's Office of Management and Budget. Qualified School Construction Bonds shall be in such form (either coupon, registered or book entry), in such denominations, payable within 25 years from their date, subject to such terms of redemption with or without premium, and if the Qualified School Construction Bonds are issued with a supplemental coupon, bear interest payable at such times and at such fixed or variable rate or rates, and be dated as shall be fixed and determined by the Director of the Governor's Office of Management and Budget in the order authorizing the issuance and sale of any series of Qualified School Construction Bonds, which order shall be approved by the Governor and is herein called a "Bond Sale Order"; except that interest payable at fixed or variable rates, if any, shall not exceed that permitted in the Bond Authorization Act, as now or hereafter amended. Qualified School Construction Bonds shall be payable at such place or places, within or without the State of Illinois, and may be made registrable as to either principal or as to both principal and interest, as shall be specified in the Bond Sale Order. Qualified School Construction Bonds may be callable or subject to purchase and retirement or tender and remarketing as fixed and determined in the Bond Sale Order. Qualified School Construction Bonds must be issued with principal or mandatory redemption amounts or sinking fund payments into the General Obligation Bond Retirement and Interest Fund (or subaccount therefor) in equal amounts, with the first maturity issued, mandatory redemption payment or sinking fund payment occurring within the fiscal year in which the Qualified School Construction Bonds are issued or within the next succeeding fiscal year, with Qualified School Construction Bonds issued

maturing or subject to mandatory redemption or with sinking fund payments thereof deposited each fiscal year thereafter up to 25 years. Sinking fund payments set forth in this subsection shall be permitted only to the extent authorized in Section 54F of the Internal Revenue Code or as otherwise determined by the Director of the Governor's Office of Management and Budget. "Qualified School Construction Bonds" in this subsection means Bonds authorized by Section 54F of the Internal Revenue Code and for bonds issued from time to time to refund or continue to refund such "Qualified School Construction Bonds".

Beginning July 1, 1993, in any instance where a State official or agency is late in payment of a vendor's bill or invoice for goods or services furnished to the State, as defined in Section 1, properly approved in accordance with rules promulgated under Section 3-3, the State official or agency shall pay interest to the vendor in accordance with the following:

(1) Any bill, except a bill submitted under Article V of the Illinois Public Aid Code and except as provided under paragraph (1.05) of this Section, approved for payment under this Section must be paid or the payment issued to the payee within 60 days of receipt of a proper bill or invoice. issued to the payee within this 60-day period, an interest penalty of 2.0% of any amount approved and unpaid shall be added for each month or fraction thereof after the end of this 60-day period, until final payment is made. Any bill for pharmacy or nursing facility services or goods submitted under Article V of the Illinois Public Aid Code, except as provided under paragraph (1.05) of this Section, and approved for payment under this Section must be paid or the payment issued to the payee within 60 days of receipt of a proper bill or invoice. If payment is not issued to the payee within this 60-day period, an interest penalty of 1.0% of any amount approved and unpaid shall be added for each month or fraction thereof after the end of this 60-day period, until final payment is made.

(1.05) For State fiscal year 2012 and future fiscal years, any bill approved for payment under this Section must be paid or the payment issued to the payee within 90 days of receipt of a proper bill or invoice. If payment is not issued to the payee within this 90-day period, an interest penalty of 1.0% of any amount approved and unpaid shall be added for each month or fraction thereof after the end of this 90-day period, until final payment is made.

(2) Where a State official or agency is late in payment of a vendor's bill or invoice properly approved in accordance with this Act, and different late payment terms are not reduced to writing as a contractual agreement, the State official or agency shall automatically pay interest penalties required by this Section amounting to $50 or more to the appropriate vendor. Each agency
shall be responsible for determining whether an interest penalty is owed and for paying the interest to the vendor. Except as provided in paragraph (4), an individual interest payment amounting to $5 or less shall not be paid by the State. Interest due to a vendor that amounts to greater than $5 and less than $50 shall not be paid but shall be accrued until all interest due the vendor for all similar warrants exceeds $50, at which time the accrued interest shall be payable and interest will begin accruing again, except that interest accrued as of the end of the fiscal year that does not exceed $50 shall be payable at that time. In the event an individual has paid a vendor for services in advance, the provisions of this Section shall apply until payment is made to that individual.

Section 165. The Illinois Income Tax Act is amended by changing Sections 201.5 and 806 as follows:

Sec. 201.5. State spending limitation and tax reduction.

(a) If, beginning in State fiscal year 2012 and continuing through State fiscal year 2015, State spending for any fiscal year exceeds the State spending limitation set forth in subsection (b) of this Section, then the tax rates set forth in subsection (b) of Section 201 of this Act shall be reduced, according to the procedures set forth in this Section, to 3% of the taxpayer's net income for individuals, trusts, and estates and to 4.8% of the taxpayer's net income for corporations. For all taxable years following the taxable year in which the rate has been reduced pursuant to this Section, the tax rate set forth in subsection (b) of Section 201 of this Act shall be 3% of the taxpayer's net income for individuals, trusts, and estates and 4.8% of the taxpayer's net income for corporations.

(b) The State spending limitation for fiscal years 2012 through 2015 shall be as follows: (i) for fiscal year 2012, $36,818,000,000; (ii) for fiscal year 2013, $37,554,000,000; (iii) for fiscal year 2014, $38,305,000,000; and (iv) for fiscal year 2015, $39,072,000,000.

(c) Notwithstanding any other provision of law to the contrary, the Auditor General shall examine each Public Act authorizing State spending from State general funds and prepare a report no later than 30 days after receiving notification of the Public Act from the Secretary of State or 60 days after the effective date of the Public Act, whichever is earlier. The Auditor General shall file the report with the Secretary of State and copies with the Governor, the State Treasurer, the State Comptroller, the Senate, and the House of Representatives. The

New matter indicated by italics - deletions by strikeout
report shall indicate: (i) the amount of State spending set forth in the applicable Public Act; (ii) the total amount of State spending authorized by law for the applicable fiscal year as of the date of the report; and (iii) whether State spending exceeds the State spending limitation set forth in subsection (b). The Auditor General may examine multiple Public Acts in one consolidated report, provided that each Public Act is examined within the time period mandated by this subsection (c). The Auditor General shall issue reports in accordance with this Section through June 30, 2015 or the effective date of a reduction in the rate of tax imposed by subsections (a) and (b) of Section 201 of this Act pursuant to this Section, whichever is earlier.

At the request of the Auditor General, each State agency shall, without delay, make available to the Auditor General or his or her designated representative any record or information requested and shall provide for examination or copying all records, accounts, papers, reports, vouchers, correspondence, books and other documentation in the custody of that agency, including information stored in electronic data processing systems, which is related to or within the scope of a report prepared under this Section. The Auditor General shall report to the Governor each instance in which a State agency fails to cooperate promptly and fully with his or her office as required by this Section.

The Auditor General's report shall not be in the nature of a post-audit or examination and shall not lead to the issuance of an opinion as that term is defined in generally accepted government auditing standards.

(d) If the Auditor General reports that State spending has exceeded the State spending limitation set forth in subsection (b) and if the Governor has not been presented with a bill or bills passed by the General Assembly to reduce State spending to a level that does not exceed the State spending limitation within 45 calendar days of receipt of the Auditor General's report, then the Governor may, for the purpose of reducing State spending to a level that does not exceed the State spending limitation set forth in subsection (b), designate amounts to be set aside as a reserve from the amounts appropriated from the State general funds for all boards, commissions, agencies, institutions, authorities, colleges, universities, and bodies politic and corporate of the State, but not other constitutional officers, the legislative or judicial branch, the office of the Executive Inspector General, or the Executive Ethics Commission. Such a designation must be made within 15 calendar days after the end of that 45-day period. If the Governor designates amounts to be set aside as a reserve,
the Governor shall give notice of the designation to the Auditor General, the State Treasurer, the State Comptroller, the Senate, and the House of Representatives. The amounts placed in reserves shall not be transferred, obligated, encumbered, expended, or otherwise committed unless so authorized by law. Any amount placed in reserves is not State spending and shall not be considered when calculating the total amount of State spending. Any Public Act authorizing the use of amounts placed in reserve by the Governor is considered State spending, unless such Public Act authorizes the use of amounts placed in reserves in response to a fiscal emergency under subsection (g).

(e) If the Auditor General reports under subsection (c) that State spending has exceeded the State spending limitation set forth in subsection (b), then the Auditor General shall issue a supplemental report no sooner than the 61st day and no later than the 65th day after issuing the report pursuant to subsection (c). The supplemental report shall: (i) summarize details of actions taken by the General Assembly and the Governor after the issuance of the initial report to reduce State spending, if any, (ii) indicate whether the level of State spending has changed since the initial report, and (iii) indicate whether State spending exceeds the State spending limitation. The Auditor General shall file the report with the Secretary of State and copies with the Governor, the State Treasurer, the State Comptroller, the Senate, and the House of Representatives. If the supplemental report of the Auditor General provides that State spending exceeds the State spending limitation, then the rate of tax imposed by subsections (a) and (b) of Section 201 is reduced as provided in this Section beginning on the first day of the first month to occur not less than 30 days after issuance of the supplemental report.

(f) For any taxable year in which the rates of tax have been reduced under this Section, the tax imposed by subsections (a) and (b) of Section 201 shall be determined as follows:

(1) In the case of an individual, trust, or estate, the tax shall be imposed in an amount equal to the sum of (i) the rate applicable to the taxpayer under subsection (b) of Section 201 (without regard to the provisions of this Section) times the taxpayer's net income for any portion of the taxable year prior to the effective date of the reduction and (ii) 3% of the taxpayer's net income for any portion of the taxable year on or after the effective date of the reduction.

(2) In the case of a corporation, the tax shall be imposed in an amount equal to the sum of (i) the rate applicable to the
taxpayer under subsection (b) of Section 201 (without regard to the provisions of this Section) times the taxpayer's net income for any portion of the taxable year prior to the effective date of the reduction and (ii) 4.8% of the taxpayer's net income for any portion of the taxable year on or after the effective date of the reduction.

(3) For any taxpayer for whom the rate has been reduced under this Section for a portion of a taxable year, the taxpayer shall determine the net income for each portion of the taxable year following the rules set forth in Section 202.5 of this Act, using the effective date of the rate reduction rather than the January 1 dates found in that Section, and the day before the effective date of the rate reduction rather than the December 31 dates found in that Section.

(4) If the rate applicable to the taxpayer under subsection (b) of Section 201 (without regard to the provisions of this Section) changes during a portion of the taxable year to which that rate is applied under paragraphs (1) or (2) of this subsection (f), the tax for that portion of the taxable year for purposes of paragraph (1) or (2) of this subsection (f) shall be determined as if that portion of the taxable year were a separate taxable year, following the rules set forth in Section 202.5 of this Act. If the taxpayer elects to follow the rules set forth in subsection (b) of Section 202.5, the taxpayer shall follow the rules set forth in subsection (b) of Section 202.5 for all purposes of this Section for that taxable year.

(g) Notwithstanding the State spending limitation set forth in subsection (b) of this Section, the Governor may declare a fiscal emergency by filing a declaration with the Secretary of State and copies with the State Treasurer, the State Comptroller, the Senate, and the House of Representatives. The declaration must be limited to only one State fiscal year, set forth compelling reasons for declaring a fiscal emergency, and request a specific dollar amount. Unless, within 10 calendar days of receipt of the Governor's declaration, the State Comptroller or State Treasurer notifies the Senate and the House of Representatives that he or she does not concur in the Governor's declaration, State spending authorized by law to address the fiscal emergency in an amount no greater than the dollar amount specified in the declaration shall not be considered "State spending" for purposes of the State spending limitation.

(h) As used in this Section:

New matter indicated by italics - deletions by strikeout
"State general funds" means the General Revenue Fund, the Common School Fund, the General Revenue Common School Special Account Fund, the Education Assistance Fund, and the Budget Stabilization Fund.

"State spending" means (i) the total amount authorized for spending by appropriation or statutory transfer from the State general funds in the applicable fiscal year, and (ii) any amounts the Governor places in reserves in accordance with subsection (d) that are subsequently released from reserves following authorization by a Public Act. For the purpose of this definition, "appropriation" means authority to spend money from a State general fund for a specific amount, purpose, and time period, including any supplemental appropriation or continuing appropriation, but does not include reappropriations from a previous fiscal year. For the purpose of this definition, "statutory transfer" means authority to transfer funds from one State general fund to any other fund in the State treasury, but does not include transfers made from one State general fund to another State general fund.

"State spending limitation" means the amount described in subsection (b) of this Section for the applicable fiscal year.

(35 ILCS 5/806)

Sec. 806. Exemption from penalty. An individual taxpayer shall not be subject to a penalty for failing to pay estimated tax as required by Section 803 if the taxpayer is 65 years of age or older and is a permanent resident of a nursing home. For purposes of this Section, "nursing home" means a skilled nursing or intermediate long term care facility that is subject to licensure by the Illinois Department of Public Health under the Nursing Home Care Act, the Specialized Mental Health Rehabilitation Act, or the ID/DD Community Care Act.

(35 ILCS 120/1h) (from Ch. 120, par. 440h)

Sec. 1h. Upon request made on or after July 1, 1987, the Department shall furnish to any county or municipality a list containing the name of each corporation, society, association, foundation or institution organized and operated exclusively for charitable, religious or educational purposes, and each not-for-profit corporation, society,
association, foundation, institution or organization which has no
compensated officers or employees and which is organized and operated
primarily for the recreation of persons 55 years of age or older, which had
a valid exemption identification number on the first day of January or July,
as the case may be, proceeding the date on which such request is received
and which is located within the corporate limits of such municipality or the
unincorporated territory of such county, except that the list need not
include subsidiary organizations using an exemption identification number
issued to its parent organization as provided by Section 1g of this Act.

Section 175. The Property Tax Code is amended by changing
Sections 15-168, 15-170, and 15-172 as follows:

(35 ILCS 200/15-168)
Sec. 15-168. Disabled persons' homestead exemption.
(a) Beginning with taxable year 2007, an annual homestead
exemption is granted to disabled persons in the amount of $2,000, except
as provided in subsection (c), to be deducted from the property's value as
equalized or assessed by the Department of Revenue. The disabled person
shall receive the homestead exemption upon meeting the following
requirements:

(1) The property must be occupied as the primary residence
by the disabled person.
(2) The disabled person must be liable for paying the real
estate taxes on the property.
(3) The disabled person must be an owner of record of the
property or have a legal or equitable interest in the property as
evidenced by a written instrument. In the case of a leasehold
interest in property, the lease must be for a single family residence.
A person who is disabled during the taxable year is eligible to
apply for this homestead exemption during that taxable year. Application
must be made during the application period in effect for the county of
residence. If a homestead exemption has been granted under this Section
and the person awarded the exemption subsequently becomes a resident of
a facility licensed under the Nursing Home Care Act, the Specialized
Mental Health Rehabilitation Act, or the ID/DD Community Care Act,
then the exemption shall continue (i) so long as the residence continues to
be occupied by the qualifying person's spouse or (ii) if the residence
remains unoccupied but is still owned by the person qualified for the
homestead exemption.
(b) For the purposes of this Section, "disabled person" means a person unable to engage in any substantial gainful activity by reason of a medically determinable physical or mental impairment which can be expected to result in death or has lasted or can be expected to last for a continuous period of not less than 12 months. Disabled persons filing claims under this Act shall submit proof of disability in such form and manner as the Department shall by rule and regulation prescribe. Proof that a claimant is eligible to receive disability benefits under the Federal Social Security Act shall constitute proof of disability for purposes of this Act. Issuance of an Illinois Disabled Person Identification Card stating that the claimant is under a Class 2 disability, as defined in Section 4A of The Illinois Identification Card Act, shall constitute proof that the person named thereon is a disabled person for purposes of this Act. A disabled person not covered under the Federal Social Security Act and not presenting a Disabled Person Identification Card stating that the claimant is under a Class 2 disability shall be examined by a physician designated by the Department, and his status as a disabled person determined using the same standards as used by the Social Security Administration. The costs of any required examination shall be borne by the claimant.

(c) For land improved with (i) an apartment building owned and operated as a cooperative or (ii) a life care facility as defined under Section 2 of the Life Care Facilities Act that is considered to be a cooperative, the maximum reduction from the value of the property, as equalized or assessed by the Department, shall be multiplied by the number of apartments or units occupied by a disabled person. The disabled person shall receive the homestead exemption upon meeting the following requirements:

1. The property must be occupied as the primary residence by the disabled person.
2. The disabled person must be liable by contract with the owner or owners of record for paying the apportioned property taxes on the property of the cooperative or life care facility. In the case of a life care facility, the disabled person must be liable for paying the apportioned property taxes under a life care contract as defined in Section 2 of the Life Care Facilities Act.
3. The disabled person must be an owner of record of a legal or equitable interest in the cooperative apartment building. A leasehold interest does not meet this requirement.

New matter indicated by italics - deletions by strikeout
If a homestead exemption is granted under this subsection, the cooperative association or management firm shall credit the savings resulting from the exemption to the apportioned tax liability of the qualifying disabled person. The chief county assessment officer may request reasonable proof that the association or firm has properly credited the exemption. A person who willfully refuses to credit an exemption to the qualified disabled person is guilty of a Class B misdemeanor.

(d) The chief county assessment officer shall determine the eligibility of property to receive the homestead exemption according to guidelines established by the Department. After a person has received an exemption under this Section, an annual verification of eligibility for the exemption shall be mailed to the taxpayer.

In counties with fewer than 3,000,000 inhabitants, the chief county assessment officer shall provide to each person granted a homestead exemption under this Section a form to designate any other person to receive a duplicate of any notice of delinquency in the payment of taxes assessed and levied under this Code on the person's qualifying property. The duplicate notice shall be in addition to the notice required to be provided to the person receiving the exemption and shall be given in the manner required by this Code. The person filing the request for the duplicate notice shall pay an administrative fee of $5 to the chief county assessment officer. The assessment officer shall then file the executed designation with the county collector, who shall issue the duplicate notices as indicated by the designation. A designation may be rescinded by the disabled person in the manner required by the chief county assessment officer.

(e) A taxpayer who claims an exemption under Section 15-165 or 15-169 may not claim an exemption under this Section.

Before taxable year 2004, the maximum reduction shall be $2,500 in
counties with 3,000,000 or more inhabitants and $2,000 in all other
counties. For taxable years 2004 through 2005, the maximum reduction
shall be $3,000 in all counties. For taxable years 2006 and 2007, the
maximum reduction shall be $3,500 and, for taxable years 2008 and
thereafter, the maximum reduction is $4,000 in all counties.

For land improved with an apartment building owned and operated
as a cooperative, the maximum reduction from the value of the property,
as equalized by the Department, shall be multiplied by the number of
apartments or units occupied by a person 65 years of age or older who is
liable, by contract with the owner or owners of record, for paying property
taxes on the property and is an owner of record of a legal or equitable
interest in the cooperative apartment building, other than a leasehold
interest. For land improved with a life care facility, the maximum
reduction from the value of the property, as equalized by the Department,
shall be multiplied by the number of apartments or units occupied by
persons 65 years of age or older, irrespective of any legal, equitable, or
leasehold interest in the facility, who are liable, under a contract with the
owner or owners of record of the facility, for paying property taxes on the
property. In a cooperative or a life care facility where a homestead
exemption has been granted, the cooperative association or the
management firm of the cooperative or facility shall credit the savings
resulting from that exemption only to the apportioned tax liability of the
owner or resident who qualified for the exemption. Any person who
willfully refuses to so credit the savings shall be guilty of a Class B
misdemeanor. Under this Section and Sections 15-175, 15-176, and 15-
177, "life care facility" means a facility, as defined in Section 2 of the Life
Care Facilities Act, with which the applicant for the homestead exemption
has a life care contract as defined in that Act.

When a homestead exemption has been granted under this Section
and the person qualifying subsequently becomes a resident of a facility
licensed under the Assisted Living and Shared Housing Act, the Nursing
Home Care Act, the Specialized Mental Health Rehabilitation Act, or the
ID/DD Community Care Act, the exemption shall continue so long as the
residence continues to be occupied by the qualifying person's spouse if the

A person who will be 65 years of age during the current assessment year shall be eligible to apply for the homestead exemption during that assessment year. Application shall be made during the application period in effect for the county of his residence.

Beginning with assessment year 2003, for taxes payable in 2004, property that is first occupied as a residence after January 1 of any assessment year by a person who is eligible for the senior citizens homestead exemption under this Section must be granted a pro-rata exemption for the assessment year. The amount of the pro-rata exemption is the exemption allowed in the county under this Section divided by 365 and multiplied by the number of days during the assessment year the property is occupied as a residence by a person eligible for the exemption under this Section. The chief county assessment officer must adopt reasonable procedures to establish eligibility for this pro-rata exemption.

The assessor or chief county assessment officer may determine the eligibility of a life care facility to receive the benefits provided by this Section, by affidavit, application, visual inspection, questionnaire or other reasonable methods in order to insure that the tax savings resulting from the exemption are credited by the management firm to the apportioned tax liability of each qualifying resident. The assessor may request reasonable proof that the management firm has so credited the exemption.

The chief county assessment officer of each county with less than 3,000,000 inhabitants shall provide to each person allowed a homestead exemption under this Section a form to designate any other person to receive a duplicate of any notice of delinquency in the payment of taxes assessed and levied under this Code on the property of the person receiving the exemption. The duplicate notice shall be in addition to the notice required to be provided to the person receiving the exemption, and shall be given in the manner required by this Code. The person filing the request for the duplicate notice shall pay a fee of $5 to cover administrative costs to the supervisor of assessments, who shall then file the executed designation with the county collector. Notwithstanding any other provision of this Code to the contrary, the filing of such an executed designation requires the county collector to provide duplicate notices as indicated by the designation. A designation may be rescinded by the person who executed such designation at any time, in the manner and form required by the chief county assessment officer.

The assessor or chief county assessment officer may determine the eligibility of residential property to receive the homestead exemption provided by this Section by application, visual inspection, questionnaire or other reasonable methods. The determination shall be made in accordance with guidelines established by the Department.

In counties with 3,000,000 or more inhabitants, beginning in taxable year 2010, each taxpayer who has been granted an exemption under this Section must reapply on an annual basis. The chief county assessment officer shall mail the application to the taxpayer. In counties with less than 3,000,000 inhabitants, the county board may by resolution provide that if a person has been granted a homestead exemption under this Section, the person qualifying need not reapply for the exemption.

In counties with less than 3,000,000 inhabitants, if the assessor or chief county assessment officer requires annual application for verification of eligibility for an exemption once granted under this Section, the application shall be mailed to the taxpayer.

The assessor or chief county assessment officer shall notify each person who qualifies for an exemption under this Section that the person may also qualify for deferral of real estate taxes under the Senior Citizens Real Estate Tax Deferral Act. The notice shall set forth the qualifications needed for deferral of real estate taxes, the address and telephone number of county collector, and a statement that applications for deferral of real estate taxes may be obtained from the county collector.

Notwithstanding Sections 6 and 8 of the State Mandates Act, no reimbursement by the State is required for the implementation of any mandate created by this Section.

Sec. 15-172. Senior Citizens Assessment Freeze Homestead Exemption.

(a) This Section may be cited as the Senior Citizens Assessment Freeze Homestead Exemption.

(b) As used in this Section:

"Applicant" means an individual who has filed an application under this Section.

"Base amount" means the base year equalized assessed value of the residence plus the first year's equalized assessed value of any added
improvements which increased the assessed value of the residence after the base year.

"Base year" means the taxable year prior to the taxable year for which the applicant first qualifies and applies for the exemption provided that in the prior taxable year the property was improved with a permanent structure that was occupied as a residence by the applicant who was liable for paying real property taxes on the property and who was either (i) an owner of record of the property or had legal or equitable interest in the property as evidenced by a written instrument or (ii) had a legal or equitable interest as a lessee in the parcel of property that was single family residence. If in any subsequent taxable year for which the applicant applies and qualifies for the exemption the equalized assessed value of the residence is less than the equalized assessed value in the existing base year (provided that such equalized assessed value is not based on an assessed value that results from a temporary irregularity in the property that reduces the assessed value for one or more taxable years), then that subsequent taxable year shall become the base year until a new base year is established under the terms of this paragraph. For taxable year 1999 only, the Chief County Assessment Officer shall review (i) all taxable years for which the applicant applied and qualified for the exemption and (ii) the existing base year. The assessment officer shall select as the new base year the year with the lowest equalized assessed value. An equalized assessed value that is based on an assessed value that results from a temporary irregularity in the property that reduces the assessed value for one or more taxable years shall not be considered the lowest equalized assessed value. The selected year shall be the base year for taxable year 1999 and thereafter until a new base year is established under the terms of this paragraph.

"Chief County Assessment Officer" means the County Assessor or Supervisor of Assessments of the county in which the property is located.

"Equalized assessed value" means the assessed value as equalized by the Illinois Department of Revenue.

"Household" means the applicant, the spouse of the applicant, and all persons using the residence of the applicant as their principal place of residence.

"Household income" means the combined income of the members of a household for the calendar year preceding the taxable year.

"Income" has the same meaning as provided in Section 3.07 of the Senior Citizens and Disabled Persons Property Tax Relief and
Pharmaceutical Assistance Act, except that, beginning in assessment year 2001, "income" does not include veteran's benefits.

"Internal Revenue Code of 1986" means the United States Internal Revenue Code of 1986 or any successor law or laws relating to federal income taxes in effect for the year preceding the taxable year.

"Life care facility that qualifies as a cooperative" means a facility as defined in Section 2 of the Life Care Facilities Act.

"Maximum income limitation" means:

- (1) $35,000 prior to taxable year 1999;
- (2) $40,000 in taxable years 1999 through 2003;
- (3) $45,000 in taxable years 2004 through 2005;
- (4) $50,000 in taxable years 2006 and 2007; and
- (5) $55,000 in taxable year 2008 and thereafter.

"Residence" means the principal dwelling place and appurtenant structures used for residential purposes in this State occupied on January 1 of the taxable year by a household and so much of the surrounding land, constituting the parcel upon which the dwelling place is situated, as is used for residential purposes. If the Chief County Assessment Officer has established a specific legal description for a portion of property constituting the residence, then that portion of property shall be deemed the residence for the purposes of this Section.

"Taxable year" means the calendar year during which ad valorem property taxes payable in the next succeeding year are levied.

(c) Beginning in taxable year 1994, a senior citizens assessment freeze homestead exemption is granted for real property that is improved with a permanent structure that is occupied as a residence by an applicant who (i) is 65 years of age or older during the taxable year, (ii) has a household income that does not exceed the maximum income limitation, (iii) is liable for paying real property taxes on the property, and (iv) is an owner of record of the property or has a legal or equitable interest in the property as evidenced by a written instrument. This homestead exemption shall also apply to a leasehold interest in a parcel of property improved with a permanent structure that is a single family residence that is occupied as a residence by a person who (i) is 65 years of age or older during the taxable year, (ii) has a household income that does not exceed the maximum income limitation, (iii) has a legal or equitable ownership interest in the property as lessee, and (iv) is liable for the payment of real property taxes on that property.

In counties of 3,000,000 or more inhabitants, the amount of the exemption for all taxable years is the equalized assessed value of the residence in the taxable year for which application is made minus the base amount. In all other counties, the amount of the exemption is as follows: (i) through taxable year 2005 and for taxable year 2007 and thereafter, the amount of this exemption shall be the equalized assessed value of the residence in the taxable year for which application is made minus the base amount; and (ii) for taxable year 2006, the amount of the exemption is as follows:

1. For an applicant who has a household income of $45,000 or less, the amount of the exemption is the equalized assessed value of the residence in the taxable year for which application is made minus the base amount.
2. For an applicant who has a household income exceeding $45,000 but not exceeding $46,250, the amount of the exemption is (i) the equalized assessed value of the residence in the taxable year for which application is made minus the base amount (ii) multiplied by 0.8.
3. For an applicant who has a household income exceeding $46,250 but not exceeding $47,500, the amount of the exemption is (i) the equalized assessed value of the residence in the taxable year for which application is made minus the base amount (ii) multiplied by 0.6.
4. For an applicant who has a household income exceeding $47,500 but not exceeding $48,750, the amount of the exemption is (i) the equalized assessed value of the residence in the taxable year for which application is made minus the base amount (ii) multiplied by 0.4.
5. For an applicant who has a household income exceeding $48,750 but not exceeding $50,000, the amount of the exemption is (i) the equalized assessed value of the residence in the taxable year for which application is made minus the base amount (ii) multiplied by 0.2.

When the applicant is a surviving spouse of an applicant for a prior year for the same residence for which an exemption under this Section has been granted, the base year and base amount for that residence are the same as for the applicant for the prior year.

Each year at the time the assessment books are certified to the County Clerk, the Board of Review or Board of Appeals shall give to the

County Clerk a list of the assessed values of improvements on each parcel qualifying for this exemption that were added after the base year for this parcel and that increased the assessed value of the property.

In the case of land improved with an apartment building owned and operated as a cooperative or a building that is a life care facility that qualifies as a cooperative, the maximum reduction from the equalized assessed value of the property is limited to the sum of the reductions calculated for each unit occupied as a residence by a person or persons (i) 65 years of age or older, (ii) with a household income that does not exceed the maximum income limitation, (iii) who is liable, by contract with the owner or owners of record, for paying real property taxes on the property, and (iv) who is an owner of record of a legal or equitable interest in the cooperative apartment building, other than a leasehold interest. In the instance of a cooperative where a homestead exemption has been granted under this Section, the cooperative association or its management firm shall credit the savings resulting from that exemption only to the apportioned tax liability of the owner who qualified for the exemption. Any person who willfully refuses to credit that savings to an owner who qualifies for the exemption is guilty of a Class B misdemeanor.

When a homestead exemption has been granted under this Section and an applicant then becomes a resident of a facility licensed under the Assisted Living and Shared Housing Act, the Nursing Home Care Act, the Specialized Mental Health Rehabilitation Act, or the ID/DD Community Care Act, the exemption shall be granted in subsequent years so long as the residence (i) continues to be occupied by the qualified applicant's spouse or (ii) if remaining unoccupied, is still owned by the qualified applicant for the homestead exemption.

Beginning January 1, 1997, when an individual dies who would have qualified for an exemption under this Section, and the surviving spouse does not independently qualify for this exemption because of age, the exemption under this Section shall be granted to the surviving spouse for the taxable year preceding and the taxable year of the death, provided that, except for age, the surviving spouse meets all other qualifications for the granting of this exemption for those years.

When married persons maintain separate residences, the exemption provided for in this Section may be claimed by only one of such persons and for only one residence.

For taxable year 1994 only, in counties having less than 3,000,000 inhabitants, to receive the exemption, a person shall submit an application
by February 15, 1995 to the Chief County Assessment Officer of the county in which the property is located. In counties having 3,000,000 or more inhabitants, for taxable year 1994 and all subsequent taxable years, to receive the exemption, a person may submit an application to the Chief County Assessment Officer of the county in which the property is located during such period as may be specified by the Chief County Assessment Officer. The Chief County Assessment Officer in counties of 3,000,000 or more inhabitants shall annually give notice of the application period by mail or by publication. In counties having less than 3,000,000 inhabitants, beginning with taxable year 1995 and thereafter, to receive the exemption, a person shall submit an application by July 1 of each taxable year to the Chief County Assessment Officer of the county in which the property is located. A county may, by ordinance, establish a date for submission of applications that is different than July 1. The applicant shall submit with the application an affidavit of the applicant's total household income, age, marital status (and if married the name and address of the applicant's spouse, if known), and principal dwelling place of members of the household on January 1 of the taxable year. The Department shall establish, by rule, a method for verifying the accuracy of affidavits filed by applicants under this Section, and the Chief County Assessment Officer may conduct audits of any taxpayer claiming an exemption under this Section to verify that the taxpayer is eligible to receive the exemption. Each application shall contain or be verified by a written declaration that it is made under the penalties of perjury. A taxpayer's signing a fraudulent application under this Act is perjury, as defined in Section 32-2 of the Criminal Code of 1961. The applications shall be clearly marked as applications for the Senior Citizens Assessment Freeze Homestead Exemption and must contain a notice that any taxpayer who receives the exemption is subject to an audit by the Chief County Assessment Officer.

Notwithstanding any other provision to the contrary, in counties having fewer than 3,000,000 inhabitants, if an applicant fails to file the application required by this Section in a timely manner and this failure to file is due to a mental or physical condition sufficiently severe so as to render the applicant incapable of filing the application in a timely manner, the Chief County Assessment Officer may extend the filing deadline for a period of 30 days after the applicant regains the capability to file the application, but in no case may the filing deadline be extended beyond 3 months of the original filing deadline. In order to receive the extension provided in this paragraph, the applicant shall provide the Chief County

Beginning January 1, 1998, notwithstanding any other provision to the contrary, in counties having fewer than 3,000,000 inhabitants, if an applicant fails to file the application required by this Section in a timely manner and this failure to file is due to a mental or physical condition sufficiently severe so as to render the applicant incapable of filing the application in a timely manner, the Chief County Assessment Officer may extend the filing deadline for a period of 3 months. In order to receive the extension provided in this paragraph, the applicant shall provide the Chief County Assessment Officer with a signed statement from the applicant's physician stating the nature and extent of the condition, and that, in the physician's opinion, the condition was so severe that it rendered the applicant incapable of filing the application in a timely manner.

In counties having less than 3,000,000 inhabitants, if an applicant was denied an exemption in taxable year 1994 and the denial occurred due to an error on the part of an assessment official, or his or her agent or employee, then beginning in taxable year 1997 the applicant's base year, for purposes of determining the amount of the exemption, shall be 1993 rather than 1994. In addition, in taxable year 1997, the applicant's exemption shall also include an amount equal to (i) the amount of any exemption denied to the applicant in taxable year 1995 as a result of using 1994, rather than 1993, as the base year, (ii) the amount of any exemption denied to the applicant in taxable year 1996 as a result of using 1994, rather than 1993, as the base year, and (iii) the amount of the exemption erroneously denied for taxable year 1994.

For purposes of this Section, a person who will be 65 years of age during the current taxable year shall be eligible to apply for the homestead exemption during that taxable year. Application shall be made during the application period in effect for the county of his or her residence.

The Chief County Assessment Officer may determine the eligibility of a life care facility that qualifies as a cooperative to receive the benefits provided by this Section by use of an affidavit, application, visual inspection, questionnaire, or other reasonable method in order to insure that the tax savings resulting from the exemption are credited by the management firm to the apportioned tax liability of each qualifying

Except as provided in this Section, all information received by the chief county assessment officer or the Department from applications filed under this Section, or from any investigation conducted under the provisions of this Section, shall be confidential, except for official purposes or pursuant to official procedures for collection of any State or local tax or enforcement of any civil or criminal penalty or sanction imposed by this Act or by any statute or ordinance imposing a State or local tax. Any person who divulges any such information in any manner, except in accordance with a proper judicial order, is guilty of a Class A misdemeanor.

Nothing contained in this Section shall prevent the Director or chief county assessment officer from publishing or making available reasonable statistics concerning the operation of the exemption contained in this Section in which the contents of claims are grouped into aggregates in such a way that information contained in any individual claim shall not be disclosed.

(d) Each Chief County Assessment Officer shall annually publish a notice of availability of the exemption provided under this Section. The notice shall be published at least 60 days but no more than 75 days prior to the date on which the application must be submitted to the Chief County Assessment Officer of the county in which the property is located. The notice shall appear in a newspaper of general circulation in the county.

Notwithstanding Sections 6 and 8 of the State Mandates Act, no reimbursement by the State is required for the implementation of any mandate created by this Section.

(40 ILCS 5/2-124) (from Ch. 108 1/2, par. 2-124)
Sec. 2-124. Contributions by State.

(a) The State shall make contributions to the System by appropriations of amounts which, together with the contributions of participants, interest earned on investments, and other income will meet the cost of maintaining and administering the System on a 90% funded basis in accordance with actuarial recommendations.

New matter indicated by italics - deletions by strikeout
(b) The Board shall determine the amount of State contributions required for each fiscal year on the basis of the actuarial tables and other assumptions adopted by the Board and the prescribed rate of interest, using the formula in subsection (c).

(c) For State fiscal years 2012 through 2045, the minimum contribution to the System to be made by the State for each fiscal year shall be an amount determined by the System to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of State fiscal year 2045. In making these determinations, the required State contribution shall be calculated each year as a level percentage of payroll over the years remaining to and including fiscal year 2045 and shall be determined under the projected unit credit actuarial cost method.

For State fiscal years 1996 through 2005, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments so that by State fiscal year 2011, the State is contributing at the rate required under this Section.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2006 is $4,157,000.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2007 is $5,220,300.

For each of State fiscal years 2008 through 2009, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments from the required State contribution for State fiscal year 2007, so that by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2010 is $10,454,000 and shall be made from the proceeds of bonds sold in fiscal year 2010 pursuant to Section 7.2 of the General Obligation Bond Act, less (i) the pro rata share of bond sale expenses determined by the System's share of total bond proceeds, (ii) any amounts received from the General Revenue Fund in fiscal year 2010, and (iii) any reduction in bond proceeds due to the issuance of discounted bonds, if applicable.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2011 is the amount recertified by the System on or before April 1, 2011 pursuant to Section 2-134 and shall be made from the proceeds of bonds sold in fiscal year 2011.
pursuant to Section 7.2 of the General Obligation Bond Act, less (i) the pro rata share of bond sale expenses determined by the System's share of total bond proceeds, (ii) any amounts received from the General Revenue Fund in fiscal year 2011, and (iii) any reduction in bond proceeds due to the issuance of discounted bonds, if applicable.

Beginning in State fiscal year 2046, the minimum State contribution for each fiscal year shall be the amount needed to maintain the total assets of the System at 90% of the total actuarial liabilities of the System.

Amounts received by the System pursuant to Section 25 of the Budget Stabilization Act or Section 8.12 of the State Finance Act in any fiscal year do not reduce and do not constitute payment of any portion of the minimum State contribution required under this Article in that fiscal year. Such amounts shall not reduce, and shall not be included in the calculation of, the required State contributions under this Article in any future year until the System has reached a funding ratio of at least 90%. A reference in this Article to the "required State contribution" or any substantially similar term does not include or apply to any amounts payable to the System under Section 25 of the Budget Stabilization Act.

Notwithstanding any other provision of this Section, the required State contribution for State fiscal year 2005 and for fiscal year 2008 and each fiscal year thereafter, as calculated under this Section and certified under Section 2-134, shall not exceed an amount equal to (i) the amount of the required State contribution that would have been calculated under this Section for that fiscal year if the System had not received any payments under subsection (d) of Section 7.2 of the General Obligation Bond Act, minus (ii) the portion of the State's total debt service payments for that fiscal year on the bonds issued in fiscal year 2003 for the purposes of that Section 7.2, as determined and certified by the Comptroller, that is the same as the System's portion of the total moneys distributed under subsection (d) of Section 7.2 of the General Obligation Bond Act. In determining this maximum for State fiscal years 2008 through 2010, however, the amount referred to in item (i) shall be increased, as a percentage of the applicable employee payroll, in equal increments calculated from the sum of the required State contribution for State fiscal year 2007 plus the applicable portion of the State's total debt service payments for fiscal year 2007 on the bonds issued in fiscal year 2003 for the purposes of Section 7.2 of the General Obligation Bond Act, so that,
by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

(d) For purposes of determining the required State contribution to the System, the value of the System's assets shall be equal to the actuarial value of the System's assets, which shall be calculated as follows:

As of June 30, 2008, the actuarial value of the System's assets shall be equal to the market value of the assets as of that date. In determining the actuarial value of the System's assets for fiscal years after June 30, 2008, any actuarial gains or losses from investment return incurred in a fiscal year shall be recognized in equal annual amounts over the 5-year period following that fiscal year.

(e) For purposes of determining the required State contribution to the system for a particular year, the actuarial value of assets shall be assumed to earn a rate of return equal to the system's actuarially assumed rate of return.

(b) Time spent providing fire protection on a part-time basis for a village or incorporated town with a population of greater than 10,000 but less than 11,000 located in a county with a population of greater than 600,000 and less than 700,000, as estimated by the United States Census on July 1, 2004, shall be calculated at the rate of one year of creditable service for each 5 years of time spent providing such fire protection, if the firefighter (i) has at least 5 years of creditable service as an active firefighter.
firefighter, (ii) has at least 5 years of such service with a qualifying village or incorporated town, (iii) applies for the creditable service within 30 days after the effective date of this amendatory Act of the 94th General Assembly, and (iv) contributes to the Fund an amount representing employee contributions for the number of years of creditable service granted under this subsection (b) based on the salary and contribution rate in effect for the firefighter at the date of entry into the fund, as determined by the Board. The amount of creditable service granted under this subsection (b) may not exceed 3 years.

Sec. 5-136. Widow's annuity - all employees attaining age 57 in service. The annuity for the wife of an employee who attains age 57 in service, and who thereafter withdraws from or dies in service, shall be fixed, in the case of a future entrant, as of her age at the date of his withdrawal or death, whichever first occurs, and, in the case of a present employee, as of her age when the employee withdraws from or dies in service.

The widow is entitled to annuity from and after the employee's death, as follows:

If the employee withdraws from service and enters upon annuity, the annuity shall be that amount provided from his credit for widow's annuity, and widow's prior service annuity (if a present employee), at the time he withdraws from or dies in service after attainment of age 57, but shall not be less than 40% of the amount of annuity earned by the employee at the time of his withdrawal from the service after his attainment of age 57 or not less than 40% of the amount of annuity accrued to the credit of the employee on date of his death in service after his attainment of age 57 computed according to Section 5-132, subject to the limitations of Section 5-148, but shall not be less than $100 per month. If the widow is more than 5 years younger than her husband, the 40% annuity for the widow shall be reduced to the actuarial equivalent of her attained age, on the basis of the Combined Annuity Table 3% interest.

The widow of a policeman who retires from service after December 31, 1975 or who dies while in service after December 31, 1975 and on or after the date on which he becomes eligible to retire under Section 5-132 shall, if she is otherwise eligible for a widow's annuity under this Article and if the amount determined under this paragraph is more than the total combined amounts of her widow's annuity and widow's

Sec. 7-109. Employee.

(1) "Employee" means any person who:

(a) 1. Receives earnings as payment for the performance of personal services or official duties out of the general fund of a municipality, or out of any special fund or funds controlled by a municipality, or by an instrumentality thereof, or a participating instrumentality, including, in counties, the fees or earnings of any county fee office; and

2. Under the usual common law rules applicable in determining the employer-employee relationship, has the status of an employee with a municipality, or any instrumentality thereof, or a participating instrumentality, including aldermen, county supervisors and other persons (excepting those employed as independent contractors) who are paid compensation, fees, allowances or other emolument for official duties, and, in counties, the several county fee offices.
(b) Serves as a township treasurer appointed under the School Code, as heretofore or hereafter amended, and who receives for such services regular compensation as distinguished from per diem compensation, and any regular employee in the office of any township treasurer whether or not his earnings are paid from the income of the permanent township fund or from funds subject to distribution to the several school districts and parts of school districts as provided in the School Code, or from both such sources; or is the chief executive officer, chief educational officer, chief fiscal officer, or other employee of a Financial Oversight Panel established pursuant to Article 1H of the School Code, other than a superintendent or certified school business official, except that such person shall not be treated as an employee under this Section if that person has negotiated with the Financial Oversight Panel, in conjunction with the school district, a contractual agreement for exclusion from this Section.

(c) Holds an elective office in a municipality, instrumentality thereof or participating instrumentality.

(2) "Employee" does not include persons who:

(a) Are eligible for inclusion under any of the following laws:

2. Articles 15 and 16 of this Code.

However, such persons shall be included as employees to the extent of earnings that are not eligible for inclusion under the foregoing laws for services not of an instructional nature of any kind.

However, any member of the armed forces who is employed as a teacher of subjects in the Reserve Officers Training Corps of any school and who is not certified under the law governing the certification of teachers shall be included as an employee.

within any such pension fund, they shall be included within this Article; provided, that such persons shall not be excluded to the extent of concurrent service and earnings not designated as being for police or fire protection duties. However, (i) any head of a police department who was a participant under this Article immediately before October 1, 1977 and did not elect, under Section 3-109 of this Act, to participate in a police pension fund shall be an "employee", and (ii) any chief of police who elects to participate in this Fund under Section 3-109.1 of this Code, regardless of whether such person continues to be employed as chief of police or is employed in some other rank or capacity within the police department, shall be an employee under this Article for so long as such person is employed to perform police duties by a participating municipality and has not lawfully rescinded that election.

Nothing in this paragraph shall affect service credit or creditable service for any period of service prior to August 26, 2011 the effective date of this amendatory Act of the 97th General Assembly, and this paragraph shall not apply to individuals who are participating in the Fund prior to August 26, 2011 the effective date of this amendatory Act of the 97th General Assembly.

(3) All persons, including, without limitation, public defenders and probation officers, who receive earnings from general or special funds of a county for performance of personal services or official duties within the territorial limits of the county, are employees of the county (unless excluded by subsection (2) of this Section) notwithstanding that they may be appointed by and are subject to the direction of a person or persons other than a county board or a county officer. It is hereby established that an employer-employee relationship under the usual common law rules exists between such employees and the county paying their salaries by reason of the fact that the county boards fix their rates of compensation,
appropriate funds for payment of their earnings and otherwise exercise control over them. This finding and this amendatory Act shall apply to all such employees from the date of appointment whether such date is prior to or after the effective date of this amendatory Act and is intended to clarify existing law pertaining to their status as participating employees in the Fund.

Sec. 7-205. Reserves for annuities. Appropriate reserves shall be created for payment of all annuities granted under this Article at the time such annuities are granted and in amounts determined to be necessary under actuarial tables adopted by the Board upon recommendation of the actuary of the fund. All annuities payable shall be charged to the annuity reserve.

1. Amounts credited to annuity reserves shall be derived by transfer of all the employee credits from the appropriate employee reserves and by charges to the municipality reserve of those municipalities in which the retiring employee has accumulated service. If a retiring employee has accumulated service in more than one participating municipality or participating instrumentality, the municipality charges for non-concurrent service shall be calculated as follows:

   (A) for purposes of calculating the annuity reserve, an annuity will be calculated based on service and adjusted earnings with each employer (without regard to the vesting requirement contained in subsection (a) of Section 7-142); and
   (B) the difference between the municipality charges for the actual annuity granted and the aggregation of the municipality charges based upon the ratio of each from those calculations to the aggregated total from paragraph (A) of this item 1.

   Aggregate municipality charges for concurrent service shall be prorated based on the employee's earnings. The municipality charges for retirement annuities calculated under subparagraph a. of paragraph subparagraph 1. of subsection (a) of Section 7-142 shall be prorated based on actual contributions.

   2. Supplemental annuities shall be handled as a separate annuity and amounts to be credited to the annuity reserve therefor shall be derived in the same manner as a regular annuity.

   3. When a retirement annuity is granted to an employee with a spouse eligible for a surviving spouse annuity, there shall be credited to

the annuity reserve an amount to fund the cost of both the retirement and surviving spouse annuity as a joint and survivors annuity.

4. Beginning January 1, 1989, when a retirement annuity is awarded, an amount equal to the present value of the $3,000 death benefit payable upon the death of the annuitant shall be transferred to the annuity reserve from the appropriate municipality reserves in the same manner as the transfer for annuities.

5. All annuity reserves shall be revalued annually as of December 31. Beginning as of December 31, 1973, adjustment required therein by such revaluation shall be charged or credited to the earnings and experience variation reserve.

6. There shall be credited to the annuity reserve all of the payments made by annuitants under Section 7-144.2, plus an additional amount from the earnings and experience variation reserve to fund the cost of the incremental annuities granted to annuitants making these payments.

7. As of December 31, 1972, the excess in the annuity reserve shall be transferred to the municipality reserves. An amount equal to the deficiency in the reserve of participating municipalities and participating instrumentalities which have no participating employees shall be allocated to their reserves. The remainder shall be allocated in amounts proportionate to the present value, as of January 1, 1972, of annuities of annuitants of the remaining participating municipalities and participating instrumentalities.

(40 ILCS 5/15-155) (from Ch. 108 1/2, par. 15-155)

Sec. 15-155. Employer contributions.

(a) The State of Illinois shall make contributions by appropriations of amounts which, together with the other employer contributions from trust, federal, and other funds, employee contributions, income from investments, and other income of this System, will be sufficient to meet the cost of maintaining and administering the System on a 90% funded basis in accordance with actuarial recommendations.

The Board shall determine the amount of State contributions required for each fiscal year on the basis of the actuarial tables and other assumptions adopted by the Board and the recommendations of the actuary, using the formula in subsection (a-1).

(a-1) For State fiscal years 2012 through 2045, the minimum contribution to the System to be made by the State for each fiscal year shall be an amount determined by the System to be sufficient to bring the
total assets of the System up to 90% of the total actuarial liabilities of the System by the end of State fiscal year 2045. In making these determinations, the required State contribution shall be calculated each year as a level percentage of payroll over the years remaining to and including fiscal year 2045 and shall be determined under the projected unit credit actuarial cost method.

For State fiscal years 1996 through 2005, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments so that by State fiscal year 2011, the State is contributing at the rate required under this Section.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2006 is $166,641,900.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2007 is $252,064,100.

For each of State fiscal years 2008 through 2009, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments from the required State contribution for State fiscal year 2007, so that by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2010 is $702,514,000 and shall be made from the State Pensions Fund and proceeds of bonds sold in fiscal year 2010 pursuant to Section 7.2 of the General Obligation Bond Act, less (i) the pro rata share of bond sale expenses determined by the System's share of total bond proceeds, (ii) any amounts received from the General Revenue Fund in fiscal year 2010, (iii) any reduction in bond proceeds due to the issuance of discounted bonds, if applicable.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2011 is the amount recertified by the System on or before April 1, 2011 pursuant to Section 15-165 and shall be made from the State Pensions Fund and proceeds of bonds sold in fiscal year 2011 pursuant to Section 7.2 of the General Obligation Bond Act, less (i) the pro rata share of bond sale expenses determined by the System's share of total bond proceeds, (ii) any amounts received from the General Revenue Fund in fiscal year 2011, and (iii) any reduction in bond proceeds due to the issuance of discounted bonds, if applicable.
Beginning in State fiscal year 2046, the minimum State contribution for each fiscal year shall be the amount needed to maintain the total assets of the System at 90% of the total actuarial liabilities of the System.

Amounts received by the System pursuant to Section 25 of the Budget Stabilization Act or Section 8.12 of the State Finance Act in any fiscal year do not reduce and do not constitute payment of any portion of the minimum State contribution required under this Article in that fiscal year. Such amounts shall not reduce, and shall not be included in the calculation of, the required State contributions under this Article in any future year until the System has reached a funding ratio of at least 90%. A reference in this Article to the "required State contribution" or any substantially similar term does not include or apply to any amounts payable to the System under Section 25 of the Budget Stabilization Act.

Notwithstanding any other provision of this Section, the required State contribution for State fiscal year 2005 and for fiscal year 2008 and each fiscal year thereafter, as calculated under this Section and certified under Section 15-165, shall not exceed an amount equal to (i) the amount of the required State contribution that would have been calculated under this Section for that fiscal year if the System had not received any payments under subsection (d) of Section 7.2 of the General Obligation Bond Act, minus (ii) the portion of the State's total debt service payments for that fiscal year on the bonds issued in fiscal year 2003 for the purposes of that Section 7.2, as determined and certified by the Comptroller, that is the same as the System's portion of the total moneys distributed under subsection (d) of Section 7.2 of the General Obligation Bond Act. In determining this maximum for State fiscal years 2008 through 2010, however, the amount referred to in item (i) shall be increased, as a percentage of the applicable employee payroll, in equal increments calculated from the sum of the required State contribution for State fiscal year 2007 plus the applicable portion of the State's total debt service payments for fiscal year 2007 on the bonds issued in fiscal year 2003 for the purposes of Section 7.2 of the General Obligation Bond Act, so that, by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

(b) If an employee is paid from trust or federal funds, the employer shall pay to the Board contributions from those funds which are sufficient to cover the accruing normal costs on behalf of the employee. However, universities having employees who are compensated out of local auxiliary

funds, income funds, or service enterprise funds are not required to pay such contributions on behalf of those employees. The local auxiliary funds, income funds, and service enterprise funds of universities shall not be considered trust funds for the purpose of this Article, but funds of alumni associations, foundations, and athletic associations which are affiliated with the universities included as employers under this Article and other employers which do not receive State appropriations are considered to be trust funds for the purpose of this Article.

(b-1) The City of Urbana and the City of Champaign shall each make employer contributions to this System for their respective firefighter employees who participate in this System pursuant to subsection (h) of Section 15-107. The rate of contributions to be made by those municipalities shall be determined annually by the Board on the basis of the actuarial assumptions adopted by the Board and the recommendations of the actuary, and shall be expressed as a percentage of salary for each such employee. The Board shall certify the rate to the affected municipalities as soon as may be practical. The employer contributions required under this subsection shall be remitted by the municipality to the System at the same time and in the same manner as employee contributions.

(c) Through State fiscal year 1995: The total employer contribution shall be apportioned among the various funds of the State and other employers, whether trust, federal, or other funds, in accordance with actuarial procedures approved by the Board. State of Illinois contributions for employers receiving State appropriations for personal services shall be payable from appropriations made to the employers or to the System. The contributions for Class I community colleges covering earnings other than those paid from trust and federal funds, shall be payable solely from appropriations to the Illinois Community College Board or the System for employer contributions.

(d) Beginning in State fiscal year 1996, the required State contributions to the System shall be appropriated directly to the System and shall be payable through vouchers issued in accordance with subsection (c) of Section 15-165, except as provided in subsection (g).

(e) The State Comptroller shall draw warrants payable to the System upon proper certification by the System or by the employer in accordance with the appropriation laws and this Code.

(f) Normal costs under this Section means liability for pensions and other benefits which accrues to the System because of the credits earned

for service rendered by the participants during the fiscal year and expenses
of administering the System, but shall not include the principal of or any
redemption premium or interest on any bonds issued by the Board or any
expenses incurred or deposits required in connection therewith.

(g) If the amount of a participant's earnings for any academic year
used to determine the final rate of earnings, determined on a full-time
equivalent basis, exceeds the amount of his or her earnings with the same
employer for the previous academic year, determined on a full-time
equivalent basis, by more than 6%, the participant's employer shall pay to
the System, in addition to all other payments required under this Section
and in accordance with guidelines established by the System, the present
value of the increase in benefits resulting from the portion of the increase
in earnings that is in excess of 6%. This present value shall be computed
by the System on the basis of the actuarial assumptions and tables used in
the most recent actuarial valuation of the System that is available at the
time of the computation. The System may require the employer to provide
any pertinent information or documentation.

Whenever it determines that a payment is or may be required under
this subsection (g), the System shall calculate the amount of the payment
and bill the employer for that amount. The bill shall specify the
calculations used to determine the amount due. If the employer disputes
the amount of the bill, it may, within 30 days after receipt of the bill, apply
to the System in writing for a recalculation. The application must specify
in detail the grounds of the dispute and, if the employer asserts that the
calculation is subject to subsection (h) or (i) of this Section, must include
an affidavit setting forth and attesting to all facts within the employer's
knowledge that are pertinent to the applicability of subsection (h) or (i).
Upon receiving a timely application for recalculation, the System shall
review the application and, if appropriate, recalculate the amount due.

The employer contributions required under this subsection (f) may
be paid in the form of a lump sum within 90 days after receipt of the bill.
If the employer contributions are not paid within 90 days after receipt of
the bill, then interest will be charged at a rate equal to the System's annual
actuarially assumed rate of return on investment compounded annually
from the 91st day after receipt of the bill. Payments must be concluded
within 3 years after the employer's receipt of the bill.

(h) This subsection (h) applies only to payments made or salary
increases given on or after June 1, 2005 but before July 1, 2011. The
changes made by Public Act 94-1057 shall not require the System to

refund any payments received before July 31, 2006 (the effective date of
Public Act 94-1057).

When assessing payment for any amount due under subsection (g),
the System shall exclude earnings increases paid to participants under
contracts or collective bargaining agreements entered into, amended, or
renewed before June 1, 2005.

When assessing payment for any amount due under subsection (g),
the System shall exclude earnings increases paid to a participant at a time
when the participant is 10 or more years from retirement eligibility under
Section 15-135.

When assessing payment for any amount due under subsection (g),
the System shall exclude earnings increases resulting from overload work,
including a contract for summer teaching, or overtime when the employer
has certified to the System, and the System has approved the certification,
that: (i) in the case of overloads (A) the overload work is for the sole
purpose of academic instruction in excess of the standard number of
instruction hours for a full-time employee occurring during the academic
year that the overload is paid and (B) the earnings increases are equal to or
less than the rate of pay for academic instruction computed using the
participant's current salary rate and work schedule; and (ii) in the case of
overtime, the overtime was necessary for the educational mission.

When assessing payment for any amount due under subsection (g),
the System shall exclude any salary increase described in subsection
(h) of this Section given on or after July 1, 2011 but before July 1, 2014
under a contract or collective bargaining agreement entered into, amended,
or renewed on or after June 1, 2005 but before July 1, 2011. Notwithstanding any other provision of this Section, any payments made

or salary increases given after June 30, 2014 shall be used in assessing payment for any amount due under subsection (g) of this Section.

(j) The System shall prepare a report and file copies of the report with the Governor and the General Assembly by January 1, 2007 that contains all of the following information:

(1) The number of recalculation required by the changes made to this Section by Public Act 94-1057 for each employer.

(2) The dollar amount by which each employer's contribution to the System was changed due to recalculation required by Public Act 94-1057.

(3) The total amount the System received from each employer as a result of the changes made to this Section by Public Act 94-4.

(4) The increase in the required State contribution resulting from the changes made to this Section by Public Act 94-1057.

(k) The Illinois Community College Board shall adopt rules for recommending lists of promotional positions submitted to the Board by community colleges and for reviewing the promotional lists on an annual basis. When recommending promotional lists, the Board shall consider the similarity of the positions submitted to those positions recognized for State universities by the State Universities Civil Service System. The Illinois Community College Board shall file a copy of its findings with the System. The System shall consider the findings of the Illinois Community College Board when making determinations under this Section. The System shall not exclude any earnings increases resulting from a promotion when the promotion was not submitted by a community college. Nothing in this subsection (k) shall require any community college to submit any information to the Community College Board.

(l) For purposes of determining the required State contribution to the System, the value of the System's assets shall be equal to the actuarial value of the System's assets, which shall be calculated as follows:

As of June 30, 2008, the actuarial value of the System's assets shall be equal to the market value of the assets as of that date. In determining the actuarial value of the System's assets for fiscal years after June 30, 2008, any actuarial gains or losses from investment return incurred in a fiscal year shall be recognized in equal annual amounts over the 5-year period following that fiscal year.

(m) For purposes of determining the required State contribution to the system for a particular year, the actuarial value of assets shall be
assumed to earn a rate of return equal to the system's actuarially assumed rate of return.

Sec. 16-158. Contributions by State and other employing units.
(a) The State shall make contributions to the System by means of appropriations from the Common School Fund and other State funds of amounts which, together with other employer contributions, employee contributions, investment income, and other income, will be sufficient to meet the cost of maintaining and administering the System on a 90% funded basis in accordance with actuarial recommendations.

The Board shall determine the amount of State contributions required for each fiscal year on the basis of the actuarial tables and other assumptions adopted by the Board and the recommendations of the actuary, using the formula in subsection (b-3).

(a-1) Annually, on or before November 15, the Board shall certify to the Governor the amount of the required State contribution for the coming fiscal year. The certification shall include a copy of the actuarial recommendations upon which it is based.

On or before May 1, 2004, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2005, taking into account the amounts appropriated to and received by the System under subsection (d) of Section 7.2 of the General Obligation Bond Act.

On or before July 1, 2005, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2006, taking into account the changes in required State contributions made by this amendatory Act of the 94th General Assembly.

(b) Through State fiscal year 1995, the State contributions shall be paid to the System in accordance with Section 18-7 of the School Code.

(b-1) Beginning in State fiscal year 1996, on the 15th day of each month, or as soon thereafter as may be practicable, the Board shall submit vouchers for payment of State contributions to the System, in a total monthly amount of one-twelfth of the required annual State contribution certified under subsection (a-1). From the effective date of this amendatory Act of the 93rd General Assembly through June 30, 2004, the Board shall not submit vouchers for the remainder of fiscal year 2004 in excess of the fiscal year 2004 certified contribution amount determined under this Section after taking into consideration the transfer to the System under subsection (a) of Section 6z-61 of the State Finance Act. These vouchers shall be paid by the State Comptroller and Treasurer by warrants drawn on the funds appropriated to the System for that fiscal year.

If in any month the amount remaining unexpended from all other appropriations to the System for the applicable fiscal year (including the appropriations to the System under Section 8.12 of the State Finance Act and Section 1 of the State Pension Funds Continuing Appropriation Act) is less than the amount lawfully vouchered under this subsection, the difference shall be paid from the Common School Fund under the continuing appropriation authority provided in Section 1.1 of the State Pension Funds Continuing Appropriation Act.

(b-2) Allocations from the Common School Fund apportioned to school districts not coming under this System shall not be diminished or affected by the provisions of this Article.

(b-3) For State fiscal years 2012 through 2045, the minimum contribution to the System to be made by the State for each fiscal year shall be an amount determined by the System to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of State fiscal year 2045. In making these determinations, the required State contribution shall be calculated each year as a level percentage of payroll over the years remaining to and including fiscal year 2045 and shall be determined under the projected unit credit actuarial cost method.

For State fiscal years 1996 through 2005, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments so that by State fiscal year 2011, the State is contributing at the rate required under this Section; except that in the following specified State fiscal years, the State contribution to the System shall not be less than the following indicated percentages of the applicable employee payroll, even if the indicated percentage will produce

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2006 is $534,627,700.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2007 is $738,014,500.

For each of State fiscal years 2008 through 2009, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments from the required State contribution for State fiscal year 2007, so that by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2010 is $2,089,268,000 and shall be made from the proceeds of bonds sold in fiscal year 2010 pursuant to Section 7.2 of the General Obligation Bond Act, less (i) the pro rata share of bond sale expenses determined by the System's share of total bond proceeds, (ii) any amounts received from the Common School Fund in fiscal year 2010, and (iii) any reduction in bond proceeds due to the issuance of discounted bonds, if applicable.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2011 is the amount recertified by the System on or before April 1, 2011 pursuant to subsection (a-1) of this Section and shall be made from the proceeds of bonds sold in fiscal year 2011 pursuant to Section 7.2 of the General Obligation Bond Act, less (i) the pro rata share of bond sale expenses determined by the System's share of total bond proceeds, (ii) any amounts received from the Common School Fund in fiscal year 2011, and (iii) any reduction in bond proceeds due to the issuance of discounted bonds, if applicable. This amount shall include, in addition to the amount certified by the System, an amount necessary to meet employer contributions required by the State as an employer under paragraph (e) of this Section, which may also be used by the System for contributions required by paragraph (a) of Section 16-127.
Beginning in State fiscal year 2046, the minimum State contribution for each fiscal year shall be the amount needed to maintain the total assets of the System at 90% of the total actuarial liabilities of the System.

Amounts received by the System pursuant to Section 25 of the Budget Stabilization Act or Section 8.12 of the State Finance Act in any fiscal year do not reduce and do not constitute payment of any portion of the minimum State contribution required under this Article in that fiscal year. Such amounts shall not reduce, and shall not be included in the calculation of, the required State contributions under this Article in any future year until the System has reached a funding ratio of at least 90%. A reference in this Article to the "required State contribution" or any substantially similar term does not include or apply to any amounts payable to the System under Section 25 of the Budget Stabilization Act.

Notwithstanding any other provision of this Section, the required State contribution for State fiscal year 2005 and for fiscal year 2008 and each fiscal year thereafter, as calculated under this Section and certified under subsection (a-1), shall not exceed an amount equal to (i) the amount of the required State contribution that would have been calculated under this Section for that fiscal year if the System had not received any payments under subsection (d) of Section 7.2 of the General Obligation Bond Act, minus (ii) the portion of the State's total debt service payments for that fiscal year on the bonds issued in fiscal year 2003 for the purposes of that Section 7.2, as determined and certified by the Comptroller, that is the same as the System's portion of the total moneys distributed under subsection (d) of Section 7.2 of the General Obligation Bond Act. In determining this maximum for State fiscal years 2008 through 2010, however, the amount referred to in item (i) shall be increased, as a percentage of the applicable employee payroll, in equal increments calculated from the sum of the required State contribution for State fiscal year 2007 plus the applicable portion of the State's total debt service payments for fiscal year 2007 on the bonds issued in fiscal year 2003 for the purposes of Section 7.2 of the General Obligation Bond Act, so that, by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

(c) Payment of the required State contributions and of all pensions, retirement annuities, death benefits, refunds, and other benefits granted under or assumed by this System, and all expenses in connection with the administration and operation thereof, are obligations of the State.

If members are paid from special trust or federal funds which are administered by the employing unit, whether school district or other unit, the employing unit shall pay to the System from such funds the full accruing retirement costs based upon that service, as determined by the System. Employer contributions, based on salary paid to members from federal funds, may be forwarded by the distributing agency of the State of Illinois to the System prior to allocation, in an amount determined in accordance with guidelines established by such agency and the System.

(d) Effective July 1, 1986, any employer of a teacher as defined in paragraph (8) of Section 16-106 shall pay the employer's normal cost of benefits based upon the teacher's service, in addition to employee contributions, as determined by the System. Such employer contributions shall be forwarded monthly in accordance with guidelines established by the System.

However, with respect to benefits granted under Section 16-133.4 or 16-133.5 to a teacher as defined in paragraph (8) of Section 16-106, the employer's contribution shall be 12% (rather than 20%) of the member's highest annual salary rate for each year of creditable service granted, and the employer shall also pay the required employee contribution on behalf of the teacher. For the purposes of Sections 16-133.4 and 16-133.5, a teacher as defined in paragraph (8) of Section 16-106 who is serving in that capacity while on leave of absence from another employer under this Article shall not be considered an employee of the employer from which the teacher is on leave.

(e) Beginning July 1, 1998, every employer of a teacher shall pay to the System an employer contribution computed as follows:

(1) Beginning July 1, 1998 through June 30, 1999, the employer contribution shall be equal to 0.3% of each teacher's salary.

(2) Beginning July 1, 1999 and thereafter, the employer contribution shall be equal to 0.58% of each teacher's salary.

The school district or other employing unit may pay these employer contributions out of any source of funding available for that purpose and shall forward the contributions to the System on the schedule established for the payment of member contributions.

These employer contributions are intended to offset a portion of the cost to the System of the increases in retirement benefits resulting from this amendatory Act of 1998.

Each employer of teachers is entitled to a credit against the contributions required under this subsection (e) with respect to salaries paid to teachers for the period January 1, 2002 through June 30, 2003, equal to the amount paid by that employer under subsection (a-5) of Section 6.6 of the State Employees Group Insurance Act of 1971 with respect to salaries paid to teachers for that period.

The additional 1% employee contribution required under Section 16-152 by this amendatory Act of 1998 is the responsibility of the teacher and not the teacher's employer, unless the employer agrees, through collective bargaining or otherwise, to make the contribution on behalf of the teacher.

If an employer is required by a contract in effect on May 1, 1998 between the employer and an employee organization to pay, on behalf of all its full-time employees covered by this Article, all mandatory employee contributions required under this Article, then the employer shall be excused from paying the employer contribution required under this subsection (e) for the balance of the term of that contract. The employer and the employee organization shall jointly certify to the System the existence of the contractual requirement, in such form as the System may prescribe. This exclusion shall cease upon the termination, extension, or renewal of the contract at any time after May 1, 1998.

(f) If the amount of a teacher's salary for any school year used to determine final average salary exceeds the member's annual full-time salary rate with the same employer for the previous school year by more than 6%, the teacher's employer shall pay to the System, in addition to all other payments required under this Section and in accordance with guidelines established by the System, the present value of the increase in benefits resulting from the portion of the increase in salary that is in excess of 6%. This present value shall be computed by the System on the basis of the actuarial assumptions and tables used in the most recent actuarial valuation of the System that is available at the time of the computation. If a teacher's salary for the 2005-2006 school year is used to determine final average salary under this subsection (f), then the changes made to this subsection (f) by Public Act 94-1057 shall apply in calculating whether the increase in his or her salary is in excess of 6%. For the purposes of this Section, change in employment under Section 10-21.12 of the School Code on or after June 1, 2005 shall constitute a change in employer. The System may require the employer to provide any pertinent information or documentation. The changes made to this subsection (f) by this
amendatory Act of the 94th General Assembly apply without regard to whether the teacher was in service on or after its effective date.

Whenever it determines that a payment is or may be required under this subsection, the System shall calculate the amount of the payment and bill the employer for that amount. The bill shall specify the calculations used to determine the amount due. If the employer disputes the amount of the bill, it may, within 30 days after receipt of the bill, apply to the System in writing for a recalculation. The application must specify in detail the grounds of the dispute and, if the employer asserts that the calculation is subject to subsection (g) or (h) of this Section, must include an affidavit setting forth and attesting to all facts within the employer's knowledge that are pertinent to the applicability of that subsection. Upon receiving a timely application for recalculation, the System shall review the application and, if appropriate, recalculate the amount due.

The employer contributions required under this subsection (f) may be paid in the form of a lump sum within 90 days after receipt of the bill. If the employer contributions are not paid within 90 days after receipt of the bill, then interest will be charged at a rate equal to the System's annual actuarially assumed rate of return on investment compounded annually from the 91st day after receipt of the bill. Payments must be concluded within 3 years after the employer's receipt of the bill.

(g) This subsection (g) applies only to payments made or salary increases given on or after June 1, 2005 but before July 1, 2011. The changes made by Public Act 94-1057 shall not require the System to refund any payments received before July 31, 2006 (the effective date of Public Act 94-1057).

When assessing payment for any amount due under subsection (f), the System shall exclude salary increases paid to teachers under contracts or collective bargaining agreements entered into, amended, or renewed before June 1, 2005.

When assessing payment for any amount due under subsection (f), the System shall exclude salary increases paid to a teacher at a time when the teacher is 10 or more years from retirement eligibility under Section 16-132 or 16-133.2.

When assessing payment for any amount due under subsection (f), the System shall exclude salary increases resulting from overload work, including summer school, when the school district has certified to the System, and the System has approved the certification, that (i) the overload work is for the sole purpose of classroom instruction in excess of the
standard number of classes for a full-time teacher in a school district
during a school year and (ii) the salary increases are equal to or less than
the rate of pay for classroom instruction computed on the teacher's current
salary and work schedule.

When assessing payment for any amount due under subsection (f),
the System shall exclude a salary increase resulting from a promotion (i)
for which the employee is required to hold a certificate or supervisory
endorsement issued by the State Teacher Certification Board that is a
different certification or supervisory endorsement than is required for the
teacher's previous position and (ii) to a position that has existed and been
filled by a member for no less than one complete academic year and the
salary increase from the promotion is an increase that results in an amount
no greater than the lesser of the average salary paid for other similar
positions in the district requiring the same certification or the amount
stipulated in the collective bargaining agreement for a similar position
requiring the same certification.

When assessing payment for any amount due under subsection (f),
the System shall exclude any payment to the teacher from the State of
Illinois or the State Board of Education over which the employer does not
have discretion, notwithstanding that the payment is included in the
computation of final average salary.

(h) When assessing payment for any amount due under subsection
(f), the System shall exclude any salary increase described in subsection
(g) of this Section given on or after July 1, 2011 but before July 1, 2014
under a contract or collective bargaining agreement entered into, amended,
or renewed on or after June 1, 2005 but before July 1, 2011.
Notwithstanding any other provision of this Section, any payments made
or salary increases given after June 30, 2014 shall be used in assessing
payment for any amount due under subsection (f) of this Section.

(i) The System shall prepare a report and file copies of the report
with the Governor and the General Assembly by January 1, 2007 that
contains all of the following information:

(1) The number of recalculation required by the changes
made to this Section by Public Act 94-1057 for each employer.

(2) The dollar amount by which each employer's
contribution to the System was changed due to recalculation
required by Public Act 94-1057.

(3) The total amount the System received from each employer as a result of the changes made to this Section by Public Act 94-4.

(4) The increase in the required State contribution resulting from the changes made to this Section by Public Act 94-1057.

(j) For purposes of determining the required State contribution to the System, the value of the System's assets shall be equal to the actuarial value of the System's assets, which shall be calculated as follows:

As of June 30, 2008, the actuarial value of the System's assets shall be equal to the market value of the assets as of that date. In determining the actuarial value of the System's assets for fiscal years after June 30, 2008, any actuarial gains or losses from investment return incurred in a fiscal year shall be recognized in equal annual amounts over the 5-year period following that fiscal year.

(k) For purposes of determining the required State contribution to the system for a particular year, the actuarial value of assets shall be assumed to earn a rate of return equal to the system's actuarially assumed rate of return.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2010 is $78,832,000 and shall be made from the proceeds of bonds sold in fiscal year 2010 pursuant to Section 7.2 of the General Obligation Bond Act, less (i) the pro rata share of bond sale expenses determined by the System's share of total bond proceeds, (ii) any amounts received from the General Revenue Fund in fiscal year 2010, and (iii) any reduction in bond proceeds due to the issuance of discounted bonds, if applicable.

Sec. 22-101. Retirement Plan for Chicago Transit Authority Employees.

(a) There shall be established and maintained by the Authority created by the "Metropolitan Transit Authority Act", approved April 12, 1945, as amended, (referred to in this Section as the "Authority") a financially sound pension and retirement system adequate to provide for all payments when due under such established system or as modified from time to time by ordinance of the Chicago Transit Board or collective bargaining agreement. For this purpose, the Board must make contributions to the established system as required under this Section and may make any additional contributions provided for by Board ordinance or collective bargaining agreement. The participating employees shall make such periodic payments to the established system as required under this Section and may make any additional contributions provided for by Board ordinance or collective bargaining agreement.

Provisions shall be made by the Board for all officers, except those who first become members on or after January 1, 2012, and employees of the Authority appointed pursuant to the "Metropolitan Transit Authority Act" to become, subject to reasonable rules and regulations, participants of the pension or retirement system with uniform rights, privileges, obligations and status as to the class in which such officers and employees belong. The terms, conditions and provisions of any pension or retirement system or of any amendment or modification thereof affecting employees who are members of any labor organization may be established, amended or modified by agreement with such labor organization, provided the terms, conditions and provisions must be consistent with this Act, the annual funding levels for the retirement system established by law must be met and the benefits paid to future participants in the system may not exceed the benefit ceilings set for future participants under this Act and the contribution levels required by the Authority and its employees may not be less than the contribution levels established under this Act.

(b) The Board of Trustees shall consist of 11 members appointed as follows: (i) 5 trustees shall be appointed by the Chicago Transit Board; (ii) 3 trustees shall be appointed by an organization representing the highest number of Chicago Transit Authority participants; (iii) one trustee shall be appointed by an organization representing the second-highest number of Chicago Transit Authority participants; (iv) one trustee shall be appointed by the recognized coalition representatives of participants who are not represented by an organization with the highest or second-highest number of Chicago Transit Authority participants; and (v) one trustee shall be selected by the Regional Transportation Authority Board of Directors, and the trustee shall be a professional fiduciary who has experience in the area of collectively bargained pension plans. Trustees shall serve until a successor has been appointed and qualified, or until resignation, death, incapacity, or disqualification.

Any person appointed as a trustee of the board shall qualify by taking an oath of office that he or she will diligently and honestly administer the affairs of the system and will not knowingly violate or willfully permit the violation of any of the provisions of law applicable to the Plan, including Sections 1-109, 1-109.1, 1-109.2, 1-110, 1-111, 1-114, and 1-115 of the Illinois Pension Code.

Each trustee shall cast individual votes, and a majority vote shall be final and binding upon all interested parties, provided that the Board of Trustees may require a supermajority vote with respect to the investment of the assets of the Retirement Plan, and may set forth that requirement in the Retirement Plan documents, by-laws, or rules of the Board of Trustees. Each trustee shall have the rights, privileges, authority, and obligations as are usual and customary for such fiduciaries.

The Board of Trustees may cause amounts on deposit in the Retirement Plan to be invested in those investments that are permitted investments for the investment of moneys held under any one or more of the pension or retirement systems of the State, any unit of local government or school district, or any agency or instrumentality thereof. The Board, by a vote of at least two-thirds of the trustees, may transfer investment management to the Illinois State Board of Investment, which is hereby authorized to manage these investments when so requested by the Board of Trustees.

Transit Board on or after January 1, 2012 shall not be eligible to participate in this Retirement Plan.

(c) All individuals who were previously participants in the Retirement Plan for Chicago Transit Authority Employees shall remain participants, and shall receive the same benefits established by the Retirement Plan for Chicago Transit Authority Employees, except as provided in this amendatory Act or by subsequent legislative enactment or amendment to the Retirement Plan. For Authority employees hired on or after the effective date of this amendatory Act of the 95th General Assembly, the Retirement Plan for Chicago Transit Authority Employees shall be the exclusive retirement plan and such employees shall not be eligible for any supplemental plan, except for a deferred compensation plan funded only by employee contributions.

For all Authority employees who are first hired on or after the effective date of this amendatory Act of the 95th General Assembly and are participants in the Retirement Plan for Chicago Transit Authority Employees, the following terms, conditions and provisions with respect to retirement shall be applicable:

(1) Such participant shall be eligible for an unreduced retirement allowance for life upon the attainment of age 64 with 25 years of continuous service.

(2) Such participant shall be eligible for a reduced retirement allowance for life upon the attainment of age 55 with 10 years of continuous service.

(3) For the purpose of determining the retirement allowance to be paid to a retiring employee, the term "Continuous Service" as used in the Retirement Plan for Chicago Transit Authority Employees shall also be deemed to include all pension credit for service with any retirement system established under Article 8 or Article 11 of this Code, provided that the employee forfeits and relinquishes all pension credit under Article 8 or Article 11 of this Code, and the contribution required under this subsection is made by the employee. The Retirement Plan's actuary shall determine the contribution paid by the employee as an amount equal to the normal cost of the benefit accrued, had the service been rendered as an employee, plus interest per annum from the time such service was rendered until the date the payment is made.

(d) From the effective date of this amendatory Act through December 31, 2008, all participating employees shall contribute to the
Retirement Plan in an amount not less than 6% of compensation, and the Authority shall contribute to the Retirement Plan in an amount not less than 12% of compensation.

(e)(1) Beginning January 1, 2009 the Authority shall make contributions to the Retirement Plan in an amount equal to twelve percent (12%) of compensation and participating employees shall make contributions to the Retirement Plan in an amount equal to six percent (6%) of compensation. These contributions may be paid by the Authority and participating employees on a payroll or other periodic basis, but shall in any case be paid to the Retirement Plan at least monthly.

(2) For the period ending December 31, 2040, the amount paid by the Authority in any year with respect to debt service on bonds issued for the purposes of funding a contribution to the Retirement Plan under Section 12c of the Metropolitan Transit Authority Act, other than debt service paid with the proceeds of bonds or notes issued by the Authority for any year after calendar year 2008, shall be treated as a credit against the amount of required contribution to the Retirement Plan by the Authority under subsection (e)(1) for the following year up to an amount not to exceed 6% of compensation paid by the Authority in that following year.

(3) By September 15 of each year beginning in 2009 and ending on December 31, 2039, on the basis of a report prepared by an enrolled actuary retained by the Plan, the Board of Trustees of the Retirement Plan shall determine the estimated funded ratio of the total assets of the Retirement Plan to its total actuarially determined liabilities. A report containing that determination and the actuarial assumptions on which it is based shall be filed with the Authority, the representatives of its participating employees, the Auditor General of the State of Illinois, and the Regional Transportation Authority. If the funded ratio is projected to decline below 60% in any year before 2040, the Board of Trustees shall also determine the increased contribution required each year as a level percentage of payroll over the years remaining until 2040 using the projected unit credit actuarial cost method so the funded ratio does not decline below 60% and include that determination in its report. If the actual funded ratio declines below 60% in any year prior to 2040, the Board of Trustees shall also determine the increased contribution required each year as a level percentage of payroll during the years after the then current year using the projected unit credit actuarial cost method so the funded ratio is projected to reach at least 60% no later than 10 years after the then current year and include that determination in its report. 60 days after receiving the report, the Auditor General shall review the determination and the assumptions on which it is based, and if he finds that the determination and the assumptions on which it is based are unreasonable in the aggregate, he shall issue a new determination of the funded ratio, the assumptions on which it is based and the increased contribution required each year as a level percentage of payroll over the years remaining until 2040 using the projected unit credit actuarial cost method so the funded ratio does not decline below 60%, or, in the event of an actual decline below 60%, so the funded ratio is projected to reach 60% by no later than 10 years after the then current year. If the Board of Trustees or the Auditor General determine that an increased contribution is required to meet the funded ratio required by the subsection, effective January 1 following the determination or 30 days after such determination, whichever is later, one-third of the increased contribution shall be paid by participating employees and two-thirds by the Authority, in addition to the contributions required by this subsection (1).

(4) For the period beginning 2040, the minimum contribution to the Retirement Plan for each fiscal year shall be an amount determined by the Board of Trustees of the Retirement Plan to be sufficient to bring the total assets of the Retirement Plan up to 90% of its total actuarial liabilities by the end of 2059. Participating employees shall be responsible for one-third of the required contribution and the Authority shall be responsible for two-thirds of the required contribution. In making these determinations, the Board of Trustees shall calculate the required contribution each year as a level percentage of payroll over the years remaining to and including fiscal year 2059 using the projected unit credit actuarial cost method. A report containing that determination and the actuarial assumptions on which it is based shall be filed by September 15 of each year with the Authority, the representatives of its participating employees, the Auditor General of the State of Illinois and the Regional Transportation Authority. If the funded ratio is projected to fail to reach 90% by December 31, 2059, the Board of Trustees shall also determine the increased contribution required each year as a level percentage of payroll over the years remaining until December 31, 2059 using the projected unit credit actuarial cost method so the funded ratio will meet 90% by December 31, 2059 and include that determination in its report. The changes made by this amendatory Act of the 95th General Assembly, to the extent that they affect the rights or privileges of Authority employees that are currently the subject of collective bargaining, have been agreed to between the authorized representatives of these employees and of the Authority prior to enactment of this amendatory Act, as evidenced by a Memorandum of Understanding between these representatives that will be filed with the Secretary of State Index Department and designated as "95-GA-C05". The General Assembly finds and declares that those changes are consistent with 49 U.S.C. 5333(b) (also known as Section 13(c) of the Federal Transit Act) because of this agreement between authorized representatives of these employees and of the Authority, and that any future amendments to the provisions of this amendatory Act of the 95th General Assembly, to the extent those amendments would affect the rights and privileges of Authority employees that are currently the subject of collective bargaining, would be consistent with 49 U.S.C. 5333(b) if and only if those amendments were agreed to between these authorized representatives prior to enactment.

"Affected pension plan" means a defined-benefit pension plan supported in whole or in part by employer contributions and maintained by the Regional Transportation Authority, the Suburban Bus Division, or the Commuter Rail Division, or any combination thereof, under the general authority of the Regional Transportation Authority Act, including but not limited to any such plan that has been established under or is subject to a collective bargaining agreement or is limited to employees covered by a collective bargaining agreement. "Affected pension plan" does not include any pension fund or retirement system subject to Section 22-101 of this Section.

New matter indicated by italics - deletions by strikeout
"Authority" means the Regional Transportation Authority created under the Regional Transportation Authority Act.

"Contributing employer" means an employer that is required to make contributions to an affected pension plan under the terms of that plan.

"Under-funded pension plan" or "under-funded" means an affected pension plan that, at the time of its last actuarial valuation, has a funding ratio of less than 90%.

(b) The contributing employers of each affected pension plan have a general duty to make the required employer contributions to the affected pension plan in a timely manner in accordance with the terms of the plan. A contributing employer must make contributions to the affected pension plan as required under this subsection and, if applicable, subsection (c); a contributing employer may make any additional contributions provided for by the board of the employer or collective bargaining agreement.

(c) In the case of an affected pension plan that is under-funded on January 1, 2009 or becomes under-funded at any time after that date, the contributing employers shall contribute to the affected pension plan, in addition to all amounts otherwise required, amounts sufficient to bring the funding ratio of the affected pension plan up to 90% in accordance with an amortization schedule adopted jointly by the contributing employers and the trustee of the affected pension plan. The amortization schedule may extend for any period up to a maximum of 50 years and shall provide for additional employer contributions in substantially equal annual amounts over the selected period. If the contributing employers and the trustee of the affected pension plan do not agree on an appropriate period for the amortization schedule within 6 months of the date of determination that the plan is under-funded, then the amortization schedule shall be based on a period of 50 years.

In the case of an affected pension plan that has more than one contributing employer, each contributing employer's share of the total additional employer contributions required under this subsection shall be determined: (i) in proportion to the amounts, if any, by which the respective contributing employers have failed to meet their contribution obligations under the terms of the affected pension plan; or (ii) if all of the

If an under-funded pension plan is determined to have achieved a funding ratio of at least 90% during the period when an amortization schedule is in force under this Section, the contributing employers and the trustee of the affected pension plan, acting jointly, may cancel the amortization schedule and the contributing employers may cease making additional contributions under this subsection for as long as the affected pension plan retains a funding ratio of at least 90%.

(d) Beginning January 1, 2009, if the Authority fails to pay to an affected pension fund within 30 days after it is due (i) any employer contribution that it is required to make as a contributing employer, (ii) any additional employer contribution that it is required to pay under subsection (c), or (iii) any payment that it is required to make under Section 4.02a or 4.02b of the Regional Transportation Authority Act, the trustee of the affected pension fund shall promptly so notify the Commission on Government Forecasting and Accountability, the Mayor of Chicago, the Governor, and the General Assembly.

(e) For purposes of determining employer contributions, assets, and actuarial liabilities under this subsection, contributions, assets, and liabilities relating to health care benefits shall not be included.

(f) This amendatory Act of the 94th General Assembly does not affect or impair the right of any contributing employer or its employees to collectively bargain the amount or level of employee contributions to an affected pension plan, to the extent that the plan includes employees subject to collective bargaining.

Section 190. The Counties Code is amended by changing Sections 5-1006.7, 5-1069.3, and 5-12001.1 as follows:

(55 ILCS 5/5-1006.7)
Sec. 5-1006.7. School facility occupation taxes.
(a) In any county, a tax shall be imposed upon all persons engaged in the business of selling tangible personal property, other than personal property titled or registered with an agency of this State's government, at retail in the county on the gross receipts from the sales made in the course

of business to provide revenue to be used exclusively for school facility purposes if a proposition for the tax has been submitted to the electors of that county and approved by a majority of those voting on the question as provided in subsection (c). The tax under this Section shall be imposed only in one-quarter percent increments and may not exceed 1%.

This additional tax may not be imposed on the sale of food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food that has been prepared for immediate consumption) and prescription and non-prescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes and needles used by diabetics. The Department of Revenue has full power to administer and enforce this subsection, to collect all taxes and penalties due under this subsection, to dispose of taxes and penalties so collected in the manner provided in this subsection, and to determine all rights to credit memoranda arising on account of the erroneous payment of a tax or penalty under this subsection. The Department shall deposit all taxes and penalties collected under this subsection into a special fund created for that purpose.

In the administration of and compliance with this subsection, the Department and persons who are subject to this subsection (i) have the same rights, remedies, privileges, immunities, powers, and duties, (ii) are subject to the same conditions, restrictions, limitations, penalties, and definitions of terms, and (iii) shall employ the same modes of procedure as are set forth in Sections 1 through 10, 2 through 2-70 (in respect to all provisions contained in those Sections other than the State rate of tax), 2a through 2h, 3 (except as to the disposition of taxes and penalties collected), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 7, 8, 9, 10, 11, 11a, 12, and 13 of the Retailers' Occupation Tax Act and all provisions of the Uniform Penalty and Interest Act as if those provisions were set forth in this subsection.

The certificate of registration that is issued by the Department to a retailer under the Retailers' Occupation Tax Act permits the retailer to engage in a business that is taxable without registering separately with the Department under an ordinance or resolution under this subsection.

Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their seller's tax liability by separately stating that tax as an additional charge, which may be stated in combination, in a single amount, with State tax that sellers are required to
collect under the Use Tax Act, pursuant to any bracketed schedules set forth by the Department.

(b) If a tax has been imposed under subsection (a), then a service occupation tax must also be imposed at the same rate upon all persons engaged, in the county, in the business of making sales of service, who, as an incident to making those sales of service, transfer tangible personal property within the county as an incident to a sale of service.

This tax may not be imposed on sales of food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food prepared for immediate consumption) and prescription and non-prescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes, and needles used by diabetics.

The tax imposed under this subsection and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the Department and deposited into a special fund created for that purpose. The Department has full power to administer and enforce this subsection, to collect all taxes and penalties due under this subsection, to dispose of taxes and penalties so collected in the manner provided in this subsection, and to determine all rights to credit memoranda arising on account of the erroneous payment of a tax or penalty under this subsection.

In the administration of and compliance with this subsection, the Department and persons who are subject to this subsection shall (i) have the same rights, remedies, privileges, immunities, powers and duties, (ii) be subject to the same conditions, restrictions, limitations, penalties and definition of terms, and (iii) employ the same modes of procedure as are set forth in Sections 2 (except that that reference to State in the definition of supplier maintaining a place of business in this State means the county), 2a through 2d, 3 through 3-50 (in respect to all provisions contained in those Sections other than the State rate of tax), 4 (except that the reference to the State shall be to the county), 5, 7, 8 (except that the jurisdiction to which the tax is a debt to the extent indicated in that Section 8 is the county), 9 (except as to the disposition of taxes and penalties collected), 10, 11, 12 (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State means the county), Section 15, 16, 17, 18, 19, and 20 of the Service Occupation Tax Act and all provisions of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.
Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their serviceman's tax liability by separately stating the tax as an additional charge, which may be stated in combination, in a single amount, with State tax that servicemen are authorized to collect under the Service Use Tax Act, pursuant to any bracketed schedules set forth by the Department.

(c) The tax under this Section may not be imposed until the question of imposing the tax has been submitted to the electors of the county at a regular election and approved by a majority of the electors voting on the question. For all regular elections held prior to the effective date of this amendatory Act of the 97th General Assembly, upon a resolution by the county board or a resolution by school district boards that represent at least 51% of the student enrollment within the county, the county board must certify the question to the proper election authority in accordance with the Election Code.

For all regular elections held prior to the effective date of this amendatory Act of the 97th General Assembly, the election authority must submit the question in substantially the following form:

Shall (name of county) be authorized to impose a retailers' occupation tax and a service occupation tax (commonly referred to as a "sales tax") at a rate of (insert rate) to be used exclusively for school facility purposes?

The election authority must record the votes as "Yes" or "No".

If a majority of the electors voting on the question vote in the affirmative, then the county may, thereafter, impose the tax.

For all regular elections held on or after the effective date of this amendatory Act of the 97th General Assembly, the regional superintendent of schools for the county must, upon receipt of a resolution or resolutions of school district boards that represent more than 50% of the student enrollment within the county, certify the question to the proper election authority for submission to the electors of the county at the next regular election at which the question lawfully may be submitted to the electors, all in accordance with the Election Code.

For all regular elections held on or after the effective date of this amendatory Act of the 97th General Assembly, the election authority must submit the question in substantially the following form:

Shall a retailers' occupation tax and a service occupation tax (commonly referred to as a "sales tax") be imposed in (name of
count) at a rate of (insert rate) to be used exclusively for school facility purposes?
The election authority must record the votes as "Yes" or "No".
If a majority of the electors voting on the question vote in the affirmative, then the tax shall be imposed at the rate set forth in the question.
For the purposes of this subsection (c), "enrollment" means the head count of the students residing in the county on the last school day of September of each year, which must be reported on the Illinois State Board of Education Public School Fall Enrollment/Housing Report.
(d) The Department shall immediately pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected under this Section to be deposited into the School Facility Occupation Tax Fund, which shall be an unappropriated trust fund held outside the State treasury.
On or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to the regional superintendents of schools in counties from which retailers or servicemen have paid taxes or penalties to the Department during the second preceding calendar month. The amount to be paid to each regional superintendent of schools and disbursed to him or her in accordance with Section 3-14.31 of the School Code, is equal to the amount (not including credit memoranda) collected from the county under this Section during the second preceding calendar month by the Department, (i) less 2% of that amount, which shall be deposited into the Tax Compliance and Administration Fund and shall be used by the Department, subject to appropriation, to cover the costs of the Department in administering and enforcing the provisions of this Section, on behalf of the county, (ii) plus an amount that the Department determines is necessary to offset any amounts that were erroneously paid to a different taxing body; (iii) less an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of the county; and (iv) less any amount that the Department determines is necessary to offset any amounts that were payable to a different taxing body but were erroneously paid to the county. When certifying the amount of a monthly disbursement to a regional superintendent of schools under this Section, the Department shall increase or decrease the amounts by an amount necessary to offset any miscalculation of previous disbursements within the previous 6 months from the time a miscalculation is discovered.
Within 10 days after receipt by the Comptroller from the Department of the disbursement certification to the regional superintendents of the schools provided for in this Section, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with directions contained in the certification.

If the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, then the Department shall notify the Comptroller, who shall cause the order to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the Treasurer out of the School Facility Occupation Tax Fund.

(e) For the purposes of determining the local governmental unit whose tax is applicable, a retail sale by a producer of coal or another mineral mined in Illinois is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This subsection does not apply to coal or another mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the United States Constitution as a sale in interstate or foreign commerce.

(f) Nothing in this Section may be construed to authorize a tax to be imposed upon the privilege of engaging in any business that under the Constitution of the United States may not be made the subject of taxation by this State.

(g) If a county board imposes a tax under this Section pursuant to a referendum held before the effective date of this amendatory Act of the 97th General Assembly at a rate below the rate set forth in the question approved by a majority of electors of that county voting on the question as provided in subsection (c), then the county board may, by ordinance, increase the rate of the tax up to the rate set forth in the question approved by a majority of electors of that county voting on the question as provided in subsection (c). If a county board imposes a tax under this Section pursuant to a referendum held before the effective date of this amendatory Act of the 97th General Assembly, then the board may, by ordinance, discontinue or reduce the rate of the tax. If a tax is imposed under this Section pursuant to a referendum held on or after the effective date of this amendatory Act of the 97th General Assembly, then the county board may reduce or discontinue the tax, but only in accordance with subsection (h-5) of this Section. If, however, a school board issues bonds that are secured by the proceeds of the tax under this Section, then the county board may

not reduce the tax rate or discontinue the tax if that rate reduction or discontinuance would adversely affect the school board's ability to pay the principal and interest on those bonds as they become due or necessitate the extension of additional property taxes to pay the principal and interest on those bonds. If the county board reduces the tax rate or discontinues the tax, then a referendum must be held in accordance with subsection (c) of this Section in order to increase the rate of the tax or to reimpose the discontinued tax.

The results of any election that imposes, reduces, or discontinues a tax under this Section must be certified by the election authority, and any ordinance that increases or lowers the rate or discontinues the tax must be certified by the county clerk and, in each case, filed with the Illinois Department of Revenue either (i) on or before the first day of April, whereupon the Department shall proceed to administer and enforce the tax or change in the rate as of the first day of July next following the filing; or (ii) on or before the first day of October, whereupon the Department shall proceed to administer and enforce the tax or change in the rate as of the first day of January next following the filing.

(h) For purposes of this Section, "school facility purposes" means (i) the acquisition, development, construction, reconstruction, rehabilitation, improvement, financing, architectural planning, and installation of capital facilities consisting of buildings, structures, and durable equipment and for the acquisition and improvement of real property and interest in real property required, or expected to be required, in connection with the capital facilities and (ii) the payment of bonds or other obligations heretofore or hereafter issued, including bonds or other obligations heretofore or hereafter issued to refund or to continue to refund bonds or other obligations issued, for school facility purposes, provided that the taxes levied to pay those bonds are abated by the amount of the taxes imposed under this Section that are used to pay those bonds. "School-facility purposes" also includes fire prevention, safety, energy conservation, disabled accessibility, school security, and specified repair purposes set forth under Section 17-2.11 of the School Code.

(h-5) A county board in a county where a tax has been imposed under this Section pursuant to a referendum held on or after the effective date of this amendatory Act of the 97th General Assembly may, by ordinance or resolution, submit to the voters of the county the question of reducing or discontinuing the tax. In the ordinance or resolution, the county board shall certify the question to the proper election authority in

    Shall the school facility retailers' occupation tax and service occupation tax (commonly referred to as the "school facility sales tax") currently imposed in (name of county) at a rate of (insert rate) be (reduced to (insert rate))(discontinued)?

If a majority of the electors voting on the question vote in the affirmative, then, subject to the provisions of subsection (g) of this Section, the tax shall be reduced or discontinued as set forth in the question.

If a county, including a home rule county, is a self-insurer for purposes of providing health insurance coverage for its employees, the coverage shall include coverage for the post-mastectomy care benefits required to be covered by a policy of accident and health insurance under Section 356t and the coverage required under Sections 356g, 356g.5, 356g.5-1, 356u, 356w, 356x, 356z.6, 356z.8, 356z.9, 356z.10, 356z.11, 356z.12, 356z.13, 356z.14, and 356z.15 of the Illinois Insurance Code. The coverage shall comply with Sections Section 155.22a and 356z.19 of the Illinois Insurance Code. The requirement that health benefits be covered as provided in this Section is an exclusive power and function of the State and is a denial and limitation under Article VII, Section 6, subsection (h) of the Illinois Constitution. A home rule county to which this Section applies must comply with every provision of this Section.

Rulemaking authority to implement Public Act 95-1045, if any, is conditioned on the rules being adopted in accordance with all provisions of the Illinois Administrative Procedure Act and all rules and procedures of the Joint Committee on Administrative Rules; any purported rule not so adopted, for whatever reason, is unauthorized.

Sec. 5-12001.1. Authority to regulate certain specified facilities of a telecommunications carrier and to regulate, pursuant to subsections (a) through (g), AM broadcast towers and facilities.

New matter indicated by italics - deletions by strikeout
(a) Notwithstanding any other Section in this Division, the county board or board of county commissioners of any county shall have the power to regulate the location of the facilities, as defined in subsection (c), of a telecommunications carrier or AM broadcast station established outside the corporate limits of cities, villages, and incorporated towns that have municipal zoning ordinances in effect. The power shall only be exercised to the extent and in the manner set forth in this Section.

(b) The provisions of this Section shall not abridge any rights created by or authority confirmed in the federal Telecommunications Act of 1996, P.L. 104-104.

(c) As used in this Section, unless the context otherwise requires:
   
   (1) "county jurisdiction area" means those portions of a county that lie outside the corporate limits of cities, villages, and incorporated towns that have municipal zoning ordinances in effect;
   
   (2) "county board" means the county board or board of county commissioners of any county;
   
   (3) "residential zoning district" means a zoning district that is designated under a county zoning ordinance and is zoned predominantly for residential uses;
   
   (4) "non-residential zoning district" means the county jurisdiction area of a county, except for those portions within a residential zoning district;
   
   (5) "residentially zoned lot" means a zoning lot in a residential zoning district;
   
   (6) "non-residentially zoned lot" means a zoning lot in a non-residential zoning district;
   
   (7) "telecommunications carrier" means a telecommunications carrier as defined in the Public Utilities Act as of January 1, 1997;
   
   (8) "facility" means that part of the signal distribution system used or operated by a telecommunications carrier or AM broadcast station under a license from the FCC consisting of a combination of improvements and equipment including (i) one or more antennas, (ii) a supporting structure and the hardware by which antennas are attached; (iii) equipment housing; and (iv) ancillary equipment such as signal transmission cables and miscellaneous hardware;
(9) "FAA" means the Federal Aviation Administration of the United States Department of Transportation;
(10) "FCC" means the Federal Communications Commission;
(11) "antenna" means an antenna device by which radio signals are transmitted, received, or both;
(12) "supporting structure" means a structure, whether an antenna tower or another type of structure, that supports one or more antennas as part of a facility;
(13) "qualifying structure" means a supporting structure that is (i) an existing structure, if the height of the facility, including the structure, is not more than 15 feet higher than the structure just before the facility is installed, or (ii) a substantially similar, substantially same-location replacement of an existing structure, if the height of the facility, including the replacement structure, is not more than 15 feet higher than the height of the existing structure just before the facility is installed;
(14) "equipment housing" means a combination of one or more equipment buildings or enclosures housing equipment that operates in conjunction with the antennas of a facility, and the equipment itself;
(15) "height" of a facility means the total height of the facility's supporting structure and any antennas that will extend above the top of the supporting structure; however, if the supporting structure's foundation extends more than 3 feet above the uppermost ground level along the perimeter of the foundation, then each full foot in excess of 3 feet shall be counted as an additional foot of facility height. The height of a facility's supporting structure is to be measured from the highest point of the supporting structure's foundation;
(16) "facility lot" means the zoning lot on which a facility is or will be located;
(17) "principal residential building" has its common meaning but shall not include any building under the same ownership as the land of the facility lot. "Principal residential building" shall not include any structure that is not designed for human habitation;
(18) "horizontal separation distance" means the distance measured from the center of the base of the facility's supporting structure.
structure to the point where the ground meets a vertical wall of a principal residential building;

(19) "lot line set back distance" means the distance measured from the center of the base of the facility's supporting structure to the nearest point on the common lot line between the facility lot and the nearest residentially zoned lot. If there is no common lot line, the measurement shall be made to the nearest point on the lot line of the nearest residentially zoned lot without deducting the width of any intervening right of way; and

(20) "AM broadcast station" means a facility and one or more towers for the purpose of transmitting communication in the 540 kHz to 1700 kHz band for public reception authorized by the FCC.

(d) In choosing a location for a facility, a telecommunications carrier or AM broadcast station shall consider the following:

(1) A non-residentially zoned lot is the most desirable location.

(2) A residentially zoned lot that is not used for residential purposes is the second most desirable location.

(3) A residentially zoned lot that is 2 acres or more in size and is used for residential purposes is the third most desirable location.

(4) A residentially zoned lot that is less than 2 acres in size and is used for residential purposes is the least desirable location.

The size of a lot shall be the lot's gross area in square feet without deduction of any unbuildable or unusable land, any roadway, or any other easement.

(e) In designing a facility, a telecommunications carrier or AM broadcast station shall consider the following guidelines:

(1) No building or tower that is part of a facility should encroach onto any recorded easement prohibiting the encroachment unless the grantees of the easement have given their approval.

(2) Lighting should be installed for security and safety purposes only. Except with respect to lighting required by the FCC or FAA, all lighting should be shielded so that no glare extends substantially beyond the boundaries of a facility.

(3) No facility should encroach onto an existing septic field.

(4) Any facility located in a special flood hazard area or wetland should meet the legal requirements for those lands.

New matter indicated by italics - deletions by strikeout
(5) Existing trees more than 3 inches in diameter should be preserved if reasonably feasible during construction. If any tree more than 3 inches in diameter is removed during construction a tree 3 inches or more in diameter of the same or a similar species shall be planted as a replacement if reasonably feasible. Tree diameter shall be measured at a point 3 feet above ground level.

(6) If any elevation of a facility faces an existing, adjoining residential use within a residential zoning district, low maintenance landscaping should be provided on or near the facility lot to provide at least partial screening of the facility. The quantity and type of that landscaping should be in accordance with any county landscaping regulations of general applicability, except that paragraph (5) of this subsection (e) shall control over any tree-related regulations imposing a greater burden.

(7) Fencing should be installed around a facility. The height and materials of the fencing should be in accordance with any county fence regulations of general applicability.

(8) Any building that is part of a facility located adjacent to a residentially zoned lot should be designed with exterior materials and colors that are reasonably compatible with the residential character of the area.

(f) The following provisions shall apply to all facilities established in any county jurisdiction area (i) after the effective date of the amendatory Act of 1997 with respect to telecommunications carriers and (ii) after the effective date of this amendatory Act of the 94th General Assembly with respect to AM broadcast stations:

1. Except as provided in this Section, no yard or setback regulations shall apply to or be required for a facility.

2. A facility may be located on the same zoning lot as one or more other structures or uses without violating any ordinance or regulation that prohibits or limits multiple structures, buildings, or uses on a zoning lot.

3. No minimum lot area, width, or depth shall be required for a facility, and unless the facility is to be manned on a regular, daily basis, no off-street parking spaces shall be required for a facility. If the facility is to be manned on a regular, daily basis, one off-street parking space shall be provided for each employee regularly at the facility. No loading facilities are required.
(4) No portion of a facility's supporting structure or equipment housing shall be less than 15 feet from the front lot line of the facility lot or less than 10 feet from any other lot line.

(5) No bulk regulations or lot coverage, building coverage, or floor area ratio limitations shall be applied to a facility or to any existing use or structure coincident with the establishment of a facility. Except as provided in this Section, no height limits or restrictions shall apply to a facility.

(6) A county's review of a building permit application for a facility shall be completed within 30 days. If a decision of the county board is required to permit the establishment of a facility, the county's review of the application shall be simultaneous with the process leading to the county board's decision.

(7) The improvements and equipment comprising the facility may be wholly or partly freestanding or wholly or partly attached to, enclosed in, or installed in or on a structure or structures.

(8) Any public hearing authorized under this Section shall be conducted in a manner determined by the county board. Notice of any such public hearing shall be published at least 15 days before the hearing in a newspaper of general circulation published in the county. Notice of any such public hearing shall also be sent by certified mail at least 15 days prior to the hearing to the owners of record of all residential property that is adjacent to the lot upon which the facility is proposed to be sited.

(9) Any decision regarding a facility by the county board or a county agency or official shall be supported by written findings of fact. The circuit court shall have jurisdiction to review the reasonableness of any adverse decision and the plaintiff shall bear the burden of proof, but there shall be no presumption of the validity of the decision.

(10) Thirty days prior to the issuance of a building permit for a facility necessitating the erection of a new tower, the permit applicant shall provide written notice of its intent to construct the facility to the State Representative and the State Senator of the district in which the subject facility is to be constructed and all county board members for the county board district in the county in which the subject facility is to be constructed. This notice shall include, but not be limited to, the following information: (i) the
name, address, and telephone number of the company responsible for the construction of the facility; (ii) the name, address, and telephone number of the governmental entity authorized to issue the building permit; and (iii) the location of the proposed facility. The applicant shall demonstrate compliance with the notice requirements set forth in this item (10) by submitting certified mail receipts or equivalent mail service receipts at the same time that the applicant submits the permit application.

(g) The following provisions shall apply to all facilities established (i) after the effective date of this amendatory Act of 1997 with respect to telecommunications carriers and (ii) after the effective date of this amendatory Act of the 94th General Assembly with respect to AM broadcast stations in the county jurisdiction of any county with a population of less than 180,000:

(1) A facility is permitted if its supporting structure is a qualifying structure or if both of the following conditions are met:

   (A) the height of the facility shall not exceed 200 feet, except that if a facility is located more than one and one-half miles from the corporate limits of any municipality with a population of 25,000 or more the height of the facility shall not exceed 350 feet; and

   (B) the horizontal separation distance to the nearest principal residential building shall not be less than the height of the supporting structure; except that if the supporting structure exceeds 99 feet in height, the horizontal separation distance to the nearest principal residential building shall be at least 100 feet or 80% of the height of the supporting structure, whichever is greater.

Compliance with this paragraph shall only be evaluated as of the time that a building permit application for the facility is submitted. If the supporting structure is not an antenna tower this paragraph is satisfied.

(2) Unless a facility is permitted under paragraph (1) of this subsection (g), a facility can be established only after the county board gives its approval following consideration of the provisions of paragraph (3) of this subsection (g). The county board may give its approval after one public hearing on the proposal, but only by the favorable vote of a majority of the members present at a meeting held no later than 75 days after submission of a complete

New matter indicated by italics - deletions by strikeout
application by the telecommunications carrier. If the county board fails to act on the application within 75 days after its submission, the application shall be deemed to have been approved. No more than one public hearing shall be required.

(3) For purposes of paragraph (2) of this subsection (g), the following siting considerations, but no other matter, shall be considered by the county board or any other body conducting the public hearing:

(A) the criteria in subsection (d) of this Section;

(B) whether a substantial adverse effect on public safety will result from some aspect of the facility's design or proposed construction, but only if that aspect of design or construction is modifiable by the applicant;

(C) the benefits to be derived by the users of the services to be provided or enhanced by the facility and whether public safety and emergency response capabilities would benefit by the establishment of the facility;

(D) the existing uses on adjacent and nearby properties; and

(E) the extent to which the design of the proposed facility reflects compliance with subsection (e) of this Section.

(4) On judicial review of an adverse decision, the issue shall be the reasonableness of the county board's decision in light of the evidence presented on the siting considerations and the well-reasoned recommendations of any other body that conducts the public hearing.

(h) The following provisions shall apply to all facilities established after the effective date of this amendatory Act of 1997 in the county jurisdiction area of any county with a population of 180,000 or more. A facility is permitted in any zoning district subject to the following:

(1) A facility shall not be located on a lot under paragraph (4) of subsection (d) unless a variation is granted by the county board under paragraph (4) of this subsection (h).

(2) Unless a height variation is granted by the county board, the height of a facility shall not exceed 75 feet if the facility will be located in a residential zoning district or 200 feet if the facility will be located in a non-residential zoning district. However, the height of a facility may exceed the height limit in this paragraph, and no

New matter indicated by italics - deletions by strikeout
height variation shall be required, if the supporting structure is a qualifying structure.

(3) The improvements and equipment of the facility shall be placed to comply with the requirements of this paragraph at the time a building permit application for the facility is submitted. If the supporting structure is an antenna tower other than a qualifying structure then (i) if the facility will be located in a residential zoning district the lot line setback distance to the nearest residentially zoned lot shall be at least 50% of the height of the facility's supporting structure or (ii) if the facility will be located in a non-residential zoning district the horizontal separation distance to the nearest principal residential building shall be at least equal to the height of the facility's supporting structure.

(4) The county board may grant variations for any of the regulations, conditions, and restrictions of this subsection (h), after one public hearing on the proposed variations held at a zoning or other appropriate committee meeting with proper notice given as provided in this Section, by a favorable vote of a majority of the members present at a meeting held no later than 75 days after submission of an application by the telecommunications carrier. If the county board fails to act on the application within 75 days after submission, the application shall be deemed to have been approved. In its consideration of an application for variations, the county board, and any other body conducting the public hearing, shall consider the following, and no other matters:

   (A) whether, but for the granting of a variation, the service that the telecommunications carrier seeks to enhance or provide with the proposed facility will be less available, impaired, or diminished in quality, quantity, or scope of coverage;

   (B) whether the conditions upon which the application for variations is based are unique in some respect or, if not, whether the strict application of the regulations would result in a hardship on the telecommunications carrier;

   (C) whether a substantial adverse effect on public safety will result from some aspect of the facility's design or proposed construction, but only if that aspect of design or construction is modifiable by the applicant;

New matter indicated by italics - deletions by strikeout
(D) whether there are benefits to be derived by the users of the services to be provided or enhanced by the facility and whether public safety and emergency response capabilities would benefit by the establishment of the facility; and

(E) the extent to which the design of the proposed facility reflects compliance with subsection (e) of this Section.

No more than one public hearing shall be required.

(5) On judicial review of an adverse decision, the issue shall be the reasonableness of the county board's decision in light of the evidence presented and the well-reasoned recommendations of any other body that conducted the public hearing.

(i) Notwithstanding any other provision of law to the contrary, 30 days prior to the issuance of any permits for a new telecommunications facility within a county, the telecommunications carrier constructing the facility shall provide written notice of its intent to construct the facility. The notice shall include, but not be limited to, the following information: (i) the name, address, and telephone number of the company responsible for the construction of the facility, (ii) the address and telephone number of the governmental entity that is to issue the building permit for the telecommunications facility, (iii) a site plan and site map of sufficient specificity to indicate both the location of the parcel where the telecommunications facility is to be constructed and the location of all the telecommunications facilities within that parcel, and (iv) the property index number and common address of the parcel where the telecommunications facility is to be located. The notice shall not contain any material that appears to be an advertisement for the telecommunications carrier or any services provided by the telecommunications carrier. The notice shall be provided in person, by overnight private courier, or by certified mail to all owners of property within 250 feet of the parcel in which the telecommunications carrier has a leasehold or ownership interest. For the purposes of this notice requirement, "owners" means those persons or entities identified from the authentic tax records of the county in which the telecommunications facility is to be located. If, after a bona fide effort by the telecommunications carrier to determine the owner and his or her address, the owner of the property on whom the notice must be served cannot be found at the owner's last known address, or if the mailed notice is returned
because the owner cannot be found at the last known address, the notice requirement of this paragraph is deemed satisfied.

(b) If a majority of the votes cast upon the proposition are in favor
thereof, such tax levy shall be authorized and the county shall levy a tax

Section 200. The Illinois Municipal Code is amended by changing
Sections 8-11-1.7, 10-2.1-4, 10-4-2.3, 11-23-4, 11-124-5, and 11-126-4 as
follows:

(65 ILCS 5/8-11-1.7)
Sec. 8-11-1.7. Non-home rule municipal service occupation tax;
municipalities between 20,000 and 25,000. The corporate authorities of a
non-home rule municipality with a population of more than 20,000 but
less than 25,000 as determined by the last preceding decennial census that
has, prior to January 1, 1987, established a Redevelopment Project Area
that has been certified as a State Sales Tax Boundary and has issued bonds
or otherwise incurred indebtedness to pay for costs in excess of
$5,000,000, which is secured in part by a tax increment allocation fund, in
accordance with the provisions of Division 11-74.4 et seq., of this Code
may, by passage of an ordinance, impose a tax upon all persons engaged in
the municipality in the business of making sales of service. If imposed, the
tax shall only be imposed in .25% increments of the selling price of all
tangible personal property transferred by such servicemen either in the
form of tangible personal property or in the form of real estate as an

New matter indicated by italics - deletions by strikeout
incident to a sale of service. This tax may not be imposed on the sales of food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food that has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes, and needles used by diabetics. The tax imposed by a municipality under this Sec. and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. An ordinance imposing a tax hereunder or effecting a change in the rate thereof shall be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon the Department shall proceed to administer and enforce this Section as of the first day of January next following such adoption and filing. The certificate of registration that is issued by the Department to a retailer under the Retailers' Occupation Tax Act or under the Service Occupation Tax Act shall permit the registrant to engage in a business that is taxable under any ordinance or resolution enacted under this Section without registering separately with the Department under the ordinance or resolution or under this Section. The Department shall have full power to administer and enforce this Section, to collect all taxes and penalties due hereunder, to dispose of taxes and penalties so collected in a manner hereinafter provided, and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of and compliance with this Section, the Department and persons who are subject to this Section shall have the same rights, remedies, privileges, immunities, powers, and duties, and be subject to the same conditions, restrictions, limitations, penalties and definitions of terms, and employ the same modes of procedure, as are prescribed in Sections 1a-1, 2, 2a, 3 through 3-50 (in respect to all provisions therein other than the State rate of tax), 4 (except that the reference to the State shall be to the taxing municipality), 5, 7, 8 (except that the jurisdiction to which the tax shall be a debt to the extent indicated in that Section 8 shall be the taxing municipality), 9 (except as to the disposition of taxes and penalties collected, and except that the returned merchandise credit for this municipal tax may not be taken against any State tax), 10, 11, 12, (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State shall mean the taxing municipality), the first paragraph of Sections 15, 16, 17, 18, 19, and 20 of
the Service Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

A tax may not be imposed by a municipality under this Section unless the municipality also imposes a tax at the same rate under Section 8-11-1.6 of this Act.

Person subject to any tax imposed under the authority granted in this Section may reimburse themselves for their servicemen's tax liability hereunder by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax that servicemen are authorized to collect under the Service Use Tax Act, under such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named, in such notification from the Department. The refund shall be paid by the State Treasurer out of the Non-Home Rule Municipal Retailers' Occupation Tax Fund.

The Department shall forthwith pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected hereunder.

As soon as possible after the first day of each month, beginning January 1, 2011, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Innovation Development and Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district.

After the monthly transfer to the STAR Bonds Revenue Fund, on or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to named municipalities, the municipalities to be those from which suppliers and servicemen have paid taxes or penalties hereunder to the Department during the second preceding calendar month. The amount to be paid to each municipality shall be the amount (not including credit memoranda) collected hereunder during the second preceding calendar month by the Department, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of such municipality, and not including any amounts that are transferred to the STAR Bonds Revenue Fund. Within 10
days after receipt by the Comptroller of the disbursement certification to the municipalities and the General Revenue Fund, provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in the certification.

When certifying the amount of a monthly disbursement to a municipality under this Section, the Department shall increase or decrease the amount by an amount necessary to offset any misallocation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the previous 6 months from the time a misallocation is discovered.

Nothing in this Section shall be construed to authorize a municipality to impose a tax upon the privilege of engaging in any business which under the constitution of the United States may not be made the subject of taxation by this State.

(65 ILCS 5/10-2.1-4) (from Ch. 24, par. 10-2.1-4)

Sec. 10-2.1-4. Fire and police departments; Appointment of members; Certificates of appointments.

The board of fire and police commissioners shall appoint all officers and members of the fire and police departments of the municipality, including the chief of police and the chief of the fire department, unless the council or board of trustees shall by ordinance as to them otherwise provide; except as otherwise provided in this Section, and except that in any municipality which adopts or has adopted this Division 2.1 and also adopts or has adopted Article 5 of this Code, the chief of police and the chief of the fire department shall be appointed by the municipal manager, if it is provided by ordinance in such municipality that such chiefs, or either of them, shall not be appointed by the board of fire and police commissioners.

If the chief of the fire department or the chief of the police department or both of them are appointed in the manner provided by ordinance, they may be removed or discharged by the appointing authority. In such case the appointing authority shall file with the corporate authorities the reasons for such removal or discharge, which removal or discharge shall not become effective unless confirmed by a majority vote of the corporate authorities.

If a member of the department is appointed chief of police or chief of the fire department prior to being eligible to retire on pension, he shall

be considered as on furlough from the rank he held immediately prior to his appointment as chief. If he resigns as chief or is discharged as chief prior to attaining eligibility to retire on pension, he shall revert to and be established in whatever rank he currently holds, except for previously appointed positions, and thereafter be entitled to all the benefits and emoluments of that rank, without regard as to whether a vacancy then exists in that rank.

All appointments to each department other than that of the lowest rank, however, shall be from the rank next below that to which the appointment is made except as otherwise provided in this Section, and except that the chief of police and the chief of the fire department may be appointed from among members of the police and fire departments, respectively, regardless of rank, unless the council or board of trustees shall have by ordinance as to them otherwise provided. A chief of police or the chief of the fire department, having been appointed from among members of the police or fire department, respectively, shall be permitted, regardless of rank, to take promotional exams and be promoted to a higher classified rank than he currently holds, without having to resign as chief of police or chief of the fire department.

The sole authority to issue certificates of appointment shall be vested in the Board of Fire and Police Commissioners and all certificates of appointments issued to any officer or member of the fire or police department of a municipality shall be signed by the chairman and secretary respectively of the board of fire and police commissioners of such municipality, upon appointment of such officer or member of the fire and police department of such municipality by action of the board of fire and police commissioners. In any municipal fire department that employs full-time firefighters and is subject to a collective bargaining agreement, a person who has not qualified for regular appointment under the provisions of this Division 2.1 shall not be used as a temporary or permanent substitute for classified members of a municipality's fire department or for regular appointment as a classified member of a municipality's fire department unless mutually agreed to by the employee's certified bargaining agent. Such agreement shall be considered a permissive subject of bargaining. Municipal fire departments covered by the changes made by this amendatory Act of the 95th General Assembly that are using non-certificated employees as substitutes immediately prior to the effective date of this amendatory Act of the 95th General Assembly may, by mutual agreement with the certified bargaining agent, continue the existing
practice or a modified practice and that agreement shall be considered a permissive subject of bargaining. A home rule unit may not regulate the hiring of temporary or substitute members of the municipality's fire department in a manner that is inconsistent with this Section. This Section is a limitation under subsection (i) of Section 6 of Article VII of the Illinois Constitution on the concurrent exercise by home rule units of powers and functions exercised by the State.

The term "policemen" as used in this Division does not include auxiliary police officers except as provided for in Section 10-2.1-6.

Any full-time member of a regular fire or police department of any municipality which comes under the provisions of this Division or adopts this Division 2.1 or which has adopted any of the prior Acts pertaining to fire and police commissioners, is a city officer.

Notwithstanding any other provision of this Section, the Chief of Police of a department in a non-home rule municipality of more than 130,000 inhabitants may, without the advice or consent of the Board of Fire and Police Commissioners, appoint up to 6 officers who shall be known as deputy chiefs or assistant deputy chiefs, and whose rank shall be immediately below that of Chief. The deputy or assistant deputy chiefs may be appointed from any rank of sworn officers of that municipality, but no person who is not such a sworn officer may be so appointed. Such deputy chief or assistant deputy chief shall have the authority to direct and issue orders to all employees of the Department holding the rank of captain or any lower rank. A deputy chief of police or assistant deputy chief of police, having been appointed from any rank of sworn officers of that municipality, shall be permitted, regardless of rank, to take promotional exams and be promoted to a higher classified rank than he currently holds, without having to resign as deputy chief of police or assistant deputy chief of police.

Notwithstanding any other provision of this Section, a non-home rule municipality of 130,000 or fewer inhabitants, through its council or board of trustees, may, by ordinance, provide for a position of deputy chief to be appointed by the chief of the police department. The ordinance shall provide for no more than one deputy chief position if the police department has fewer than 25 full-time police officers and for no more than 2 deputy chief positions if the police department has 25 or more full-time police officers. The deputy chief position shall be an exempt rank immediately below that of Chief. The deputy chief may be appointed from any rank of sworn, full-time officers of the municipality's police
department, but must have at least 5 years of full-time service as a police officer in that department. A deputy chief shall serve at the discretion of the Chief and, if removed from the position, shall revert to the rank currently held, without regard as to whether a vacancy exists in that rank. A deputy chief of police, having been appointed from any rank of sworn full-time officers of that municipality's police department, shall be permitted, regardless of rank, to take promotional exams and be promoted to a higher classified rank than he currently holds, without having to resign as deputy chief of police.

No municipality having a population less than 1,000,000 shall require that any firefighter appointed to the lowest rank serve a probationary employment period of longer than one year. The limitation on periods of probationary employment provided in this amendatory Act of 1989 is an exclusive power and function of the State. Pursuant to subsection (h) of Section 6 of Article VII of the Illinois Constitution, a home rule municipality having a population less than 1,000,000 must comply with this limitation on periods of probationary employment, which is a denial and limitation of home rule powers. Notwithstanding anything to the contrary in this Section, the probationary employment period limitation may be extended for a firefighter who is required, as a condition of employment, to be a certified paramedic, during which time the sole reason that a firefighter may be discharged without a hearing is for failing to meet the requirements for paramedic certification.

To the extent that this Section or any other Section in this Division conflicts with Section 10-2.1-6.3 or 10-2.1-6.4, then Section 10-2.1-6.3 or 10-2.1-6.4 shall control.

Sec. 10-4-2.3. Required health benefits. If a municipality, including a home rule municipality, is a self-insurer for purposes of providing health insurance coverage for its employees, the coverage shall include coverage for the post-mastectomy care benefits required to be covered by a policy of accident and health insurance under Section 356t and the coverage required under Sections 356g, 356g.5, 356g.5-1, 356u, 356w, 356x, 356z.6, 356z.8, 356z.9, 356z.10, 356z.11, 356z.12, 356z.13, 356z.14, and 356z.15 of the Illinois Insurance Code. The coverage shall comply with Sections 155.22a and 356z.19 of the Illinois Insurance Code. The requirement that health benefits be covered as provided in this is an exclusive power and function of the State and is a denial and limitation

One of the directors shall hold office for one year, one for 2 years, and one for 3 years, from the first day of July following their appointments. At their first regular meeting the directors shall cast lots for the respective terms. Before the first day of July each year thereafter, the mayor, with the approval of the city council, shall appoint one director to take the place of the retiring director, who shall hold office for 3 years, and until his successor is appointed.

The city council may, by resolution, increase the membership of the board to 5 directors. Such resolution shall not affect the terms of the incumbent directors. Before the first day of July following the adoption of such resolution the mayor with the approval of the city council, shall appoint 3 directors, one to succeed the incumbent whose term expires and the 2 additional provided for in the resolution, for terms of 3, 4 and 5 years from July 1 of the year of the appointment. Sec. 11-124-5. Acquisition of water systems by eminent domain.
(a) In addition to other provisions providing for the acquisition of water systems or water works, whenever a public utility subject to the Public Utilities Act utilizes public property (including, but not limited to, right-of-way) of a municipality for the installation or maintenance of all or part of its water distribution system, the municipality has the right to exercise eminent domain to acquire all or part of the water system, in accordance with this Section. Unless it complies with the provisions set forth in this Section, a municipality is not permitted to acquire by eminent domain that portion of a system located in another incorporated municipality without agreement of that municipality, but this provision shall not prevent the acquisition of that portion of the water system existing within the acquiring municipality.

(b) Where a water system that is owned by a public utility (as defined in the Public Utilities Act) provides water to customers located in 2 or more municipalities, the system may be acquired by a majority of the municipalities by eminent domain. If the system is to be acquired by more than one municipality, then there must be an intergovernmental agreement in existence between the acquiring municipalities providing for the acquisition.

(c) If a water system that is owned by a public utility provides water to customers located in one or more municipalities and also to customers in an unincorporated area and if at least 70% of the customers of the system or portion thereof are located within the municipality or municipalities, then the system, or portion thereof as determined by the
corporate authorities, may be acquired, using eminent domain or otherwise, by either a municipality under subsection (a) or an entity created by agreement between municipalities where at least 70% of the customers reside. For the purposes of determining "customers of the system", only retail customers directly billed by the company shall be included in the computation. The number of customers of the system most recently reported to the Illinois Commerce Commission for any calendar year preceding the year a resolution is passed by a municipality or municipalities expressing preliminary intent to purchase the water system or portion thereof shall be presumed to be the total number of customers within the system. The public utility shall provide information relative to the number of customers within each municipality and within the system within 60 days after any such request by a municipality.

(d) In the case of acquisition by a municipality or municipalities or a public entity created by law to own or operate a water system under this Section, service and water supply must be provided to persons who are customers of the system on the effective date of this amendatory Act of the 94th General Assembly without discrimination based on whether the customer is located within or outside of the boundaries of the acquiring municipality or municipalities or entity, and a supply contract existing on the effective date of this amendatory Act of the 94th General Assembly must be honored by an acquiring municipality, municipalities, or entity according to the terms so long as the agreement does not conflict with any other existing agreement.

(e) For the purposes of this Section, "system" includes all assets reasonably necessary to provide water service to a contiguous or compact geographical service area or to an area served by a common pipeline and include, but are not limited to, interests in real estate, all wells, pipes, treatment plants, pumps and other physical apparatus, data and records of facilities and customers, fire hydrants, equipment, or vehicles and also includes service agreements and obligations derived from use of the assets, whether or not the assets are contiguous to the municipality, municipalities, or entity created for the purpose of owning or operating a water system.

(f) Before making a good faith offer, a municipality may pass a resolution of intent to study the feasibility of purchasing or exercising its power of eminent domain to acquire any water system or water works, sewer system or sewer works, or combined water and sewer system or works, or part thereof. Upon the passage of such a resolution, the
municipality shall have the right to review and inspect all financial and other records, and both corporeal and incorporeal assets of such utility related to the condition and the operation of the system or works, or part thereof, as part of the study and determination of feasibility of the proposed acquisition by purchase or exercise of the power of eminent domain, and the utility shall make knowledgeable persons who have access to all relevant facts and information regarding the subject system or works available to answer inquiries related to the study and determination.

The right to review and inspect shall be upon reasonable notice to the utility, with reasonable inspection and review time limitations and reasonable response times for production, copying, and answer. In addition, the utility may utilize a reasonable security protocol for personnel on the municipality's physical inspection team.

In the absence of other agreement, the utility must respond to any notice by the municipality concerning its review and inspection within 21 days after receiving the notice. The review and inspection of the assets of the company shall be over such period of time and carried out in such manner as is reasonable under the circumstances.

Information requested that is not privileged or protected from discovery under the Illinois Code of Civil Procedure but is reasonably claimed to be proprietary, including, without limitation, information that constitutes trade secrets or information that involves system security concerns, shall be provided, but shall not be considered a public record and shall be kept confidential by the municipality.

In addition, the municipality must, upon request, reimburse the utility for the actual, reasonable costs and expenses, excluding attorneys' fees, incurred by the utility as a result of the municipality's inspection and requests for information. Upon written request, the utility shall issue a statement itemizing, with reasonable detail, the costs and expenses for which reimbursement is sought by the utility. Where such written request for a statement has been made, no payment shall be required until 30 days after receipt of the statement. Such reimbursement by the municipality shall be considered income for purposes of any rate proceeding or other financial request before the Illinois Commerce Commission by the utility.

The municipality and the utility shall cooperate to resolve any dispute arising under this subsection. In the event the dispute under this subsection cannot be resolved, either party may request relief from the circuit court in any county in which the water system is located, with the prevailing party to be awarded such relief as the court deems appropriate.

under the discovery abuse sanctions currently set forth in the Illinois Code of Civil Procedure.

The municipality's right to inspect physical assets and records in connection with the purpose of this Section shall not be exercised with respect to any system more than one time during a 5-year period, unless a substantial change in the size of the system or condition of the operating assets of the system has occurred since the previous inspection. Rights under franchise agreements and other agreements or statutory or regulatory provisions are not limited by this Section and are preserved.

The passage of time between an inspection of the utilities and physical assets and the making of a good faith offer or initiation of an eminent domain action because of the limit placed on inspections by this subsection shall not be used as a basis for challenging the good faith of any offer or be used as the basis for attacking any appraisal, expert, argument, or position before a court related to an acquisition by purchase or eminent domain.

(g) Notwithstanding any other provision of law, the Illinois Commerce Commission has no approval authority of any eminent domain action brought by any governmental entity or combination of such entities to acquire water systems or water works.

(h) The provisions of this Section are severable under Section 1.31 of the Statute on Statutes.

(i) This Section does not apply to any public utility company that, on January 1, 2006, supplied a total of 70,000 or fewer meter connections in the State unless and until (i) that public utility company receives approval from the Illinois Commerce Commission under Section 7-204 of the Public Utilities Act for the reorganization of the public utility company or (ii) the majority control of the company changes through a stock sale, a sale of assets, a merger (other than an internal reorganization) or otherwise. For the purpose of this Section, "public utility company" means the public utility providing water service and includes any of its corporate parents, subsidiaries, or affiliates possessing a franchised water service in the State.

(j) Any contractor or subcontractor that performs work on a water system acquired by a municipality or municipalities under this Section shall comply with the requirements of Section 30-22 of the Illinois Procurement Code. The contractor or subcontractor shall submit evidence of compliance with Section 30-22 to the municipality or municipalities.
(k) The municipality or municipalities acquiring the water system shall offer available employee positions to the qualified employees of the acquired water system.

Sec. 11-126-4. The corporate authorities of each municipality _may_ make and enforce all needful rules and regulations in the construction and management of such a system of waterworks, and for the use of the water supplied thereby.

The corporate authorities of each municipality also may make and enforce all needful rules, regulations, and enact ordinances for the improvement, care, and protection from pollution or other injury of any impounding reservoir or artificial lake constructed or maintained by the municipality for water supply purposes and any adjacent zone of land which the municipality may acquire or control. If the leasing of portions of such adjacent zone of land will, in the discretion of the corporate authorities, aid in the protection from pollution or other injury of the impounding reservoir or artificial lake by promoting forestation, development or care of other suitable vegetation, and the improvement, care and maintenance of the premises, the corporate authorities may lease those portions of that land jointly or severally to custodians of good reputation and character for periods not to exceed 60 years, and permit those custodians to construct, maintain, use, and occupy dwelling houses and other structures thereon for such rental and on such other terms and conditions and subject to such rules and regulations and with such powers and duties as may be determined by the corporate authorities.

The corporate authorities of each municipality have the power to fix and collect from the inhabitants thereof the rent or rates for the use and benefit of water used or supplied to them by such a system of waterworks, as the corporate authorities shall deem just and expedient. These rents or rates shall be paid and collected in such manner as the corporate authorities by ordinance shall provide. Such charges, rents, or rates are liens upon the real estate upon or for which water service is supplied whenever the charges, rents, or rates become delinquent as provided by the ordinance of the municipality fixing a delinquency date. However, the municipality has no preference over the rights of any purchaser, mortgagee, judgment creditor, or other lien holder arising prior to the filing of the notice of such a lien in the office of the recorder of the county in which such real estate is located, or in the office of the registrar of titles.
of such county if the property affected is registered under "An Act concerning land titles", approved May 1, 1897, as amended. This notice shall consist of a sworn statement setting out (1) a description of such real estate sufficient for the identification thereof, (2) the amount of money due for such water service, and (3) the date when such amount became delinquent. The municipality may foreclose this lien in the same manner and with the same effect as in the foreclosure of mortgages on real estate.

Sec. 4.03. Taxes.
(a) In order to carry out any of the powers or purposes of the Authority, the Board may by ordinance adopted with the concurrence of 12 of the then Directors, impose throughout the metropolitan region any or all of the taxes provided in this Section. Except as otherwise provided in this Act, taxes imposed under this Section and civil penalties imposed incident thereto shall be collected and enforced by the State Department of Revenue. The Department shall have the power to administer and enforce the taxes and to determine all rights for refunds for erroneous payments of the taxes. Nothing in this amendatory Act of the 95th General Assembly is intended to invalidate any taxes currently imposed by the Authority. The increased vote requirements to impose a tax shall only apply to actions taken after the effective date of this amendatory Act of the 95th General Assembly.

(b) The Board may impose a public transportation tax upon all persons engaged in the metropolitan region in the business of selling at retail motor fuel for operation of motor vehicles upon public highways.

New matter indicated by italics - deletions by strikeout
The tax shall be at a rate not to exceed 5% of the gross receipts from the sales of motor fuel in the course of the business. As used in this Act, the term "motor fuel" shall have the same meaning as in the Motor Fuel Tax Law. The Board may provide for details of the tax. The provisions of any tax shall conform, as closely as may be practicable, to the provisions of the Municipal Retailers Occupation Tax Act, including without limitation, conformity to penalties with respect to the tax imposed and as to the powers of the State Department of Revenue to promulgate and enforce rules and regulations relating to the administration and enforcement of the provisions of the tax imposed, except that reference in the Act to any municipality shall refer to the Authority and the tax shall be imposed only with regard to receipts from sales of motor fuel in the metropolitan region, at rates as limited by this Section.

(c) In connection with the tax imposed under paragraph (b) of this Section the Board may impose a tax upon the privilege of using in the metropolitan region motor fuel for the operation of a motor vehicle upon public highways, the tax to be at a rate not in excess of the rate of tax imposed under paragraph (b) of this Section. The Board may provide for details of the tax.

(d) The Board may impose a motor vehicle parking tax upon the privilege of parking motor vehicles at off-street parking facilities in the metropolitan region at which a fee is charged, and may provide for reasonable classifications in and exemptions to the tax, for administration and enforcement thereof and for civil penalties and refunds thereunder and may provide criminal penalties thereunder, the maximum penalties not to exceed the maximum criminal penalties provided in the Retailers' Occupation Tax Act. The Authority may collect and enforce the tax itself or by contract with any unit of local government. The State Department of Revenue shall have no responsibility for the collection and enforcement unless the Department agrees with the Authority to undertake the collection and enforcement. As used in this paragraph, the term "parking facility" means a parking area or structure having parking spaces for more than 2 vehicles at which motor vehicles are permitted to park in return for an hourly, daily, or other periodic fee, whether publicly or privately owned, but does not include parking spaces on a public street, the use of which is regulated by parking meters.

(e) The Board may impose a Regional Transportation Authority Retailers' Occupation Tax upon all persons engaged in the business of selling tangible personal property at retail in the metropolitan region. In
Cook County the tax rate shall be 1.25% of the gross receipts from sales of food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food that has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes and needles used by diabetics, and 1% of the gross receipts from other taxable sales made in the course of that business. In DuPage, Kane, Lake, McHenry, and Will Counties, the tax rate shall be 0.75% of the gross receipts from all taxable sales made in the course of that business. The tax imposed under this Section and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The Department shall have full power to administer and enforce this Section; to collect all taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with this Section, the Department and persons who are subject to this Section shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions and definitions of terms, and employ the same modes of procedure, as are prescribed in Sections 1, 1a, 1a-1, 1c, 1d, 1e, 1f, 1i, 1j, 2 through 2-65 (in respect to all provisions therein other than the State rate of tax), 2c, 3 (except as to the disposition of taxes and penalties collected), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 7, 8, 9, 10, 11, 12 and 13 of the Retailers’ Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the authority granted in this Section may reimburse themselves for their seller's tax liability hereunder by separately stating the tax as an additional charge, which charge may be stated in combination in a single amount with State taxes that sellers are required to collect under the Use Tax Act, under any bracket schedules the Department may prescribe.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State

Treasurer out of the Regional Transportation Authority tax fund established under paragraph (n) of this Section.

If a tax is imposed under this subsection (e), a tax shall also be imposed under subsections (f) and (g) of this Section.

For the purpose of determining whether a tax authorized under this Section is applicable, a retail sale by a producer of coal or other mineral mined in Illinois, is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or other mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the Federal Constitution as a sale in interstate or foreign commerce.

No tax shall be imposed or collected under this subsection on the sale of a motor vehicle in this State to a resident of another state if that motor vehicle will not be titled in this State.

Nothing in this Section shall be construed to authorize the Regional Transportation Authority to impose a tax upon the privilege of engaging in any business that under the Constitution of the United States may not be made the subject of taxation by this State.

(f) If a tax has been imposed under paragraph (e), a Regional Transportation Authority Service Occupation Tax shall also be imposed upon all persons engaged, in the metropolitan region in the business of making sales of service, who as an incident to making the sales of service, transfer tangible personal property within the metropolitan region, either in the form of tangible personal property or in the form of real estate as an incident to a sale of service. In Cook County, the tax rate shall be: (1) 1.25% of the serviceman's cost price of food prepared for immediate consumption and transferred incident to a sale of service subject to the service occupation tax by an entity licensed under the Hospital Licensing Act, the Nursing Home Care Act, the Specialized Mental Health Rehabilitation Act, or the ID/DD Community Care Act that is located in the metropolitan region; (2) 1.25% of the selling price of food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food that has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes and needles used by diabetics; and (3) 1% of the selling price from other taxable sales of tangible personal property transferred. In DuPage, Kane, Lake, McHenry and Will Counties the rate shall be 0.75% of the selling price of all tangible personal property transferred.

Persons subject to any tax imposed under the authority granted in this paragraph may reimburse themselves for their serviceman's tax liability hereunder by separately stating the tax as an additional charge, that charge may be stated in combination in a single amount with State tax that servicemen are authorized to collect under the Service Use Tax Act, under any bracket schedules the Department may prescribe.

Whenever the Department determines that a refund should be made under this paragraph to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the Regional Transportation Authority tax fund established under paragraph (n) of this Section.

Nothing in this paragraph shall be construed to authorize the Authority to impose a tax upon the privilege of engaging in any business
that under the Constitution of the United States may not be made the subject of taxation by the State.

(g) If a tax has been imposed under paragraph (e), a tax shall also be imposed upon the privilege of using in the metropolitan region, any item of tangible personal property that is purchased outside the metropolitan region at retail from a retailer, and that is titled or registered with an agency of this State's government. In DuPage, Kane, Lake, McHenry and Will counties the tax rate shall be 0.75% of the selling price of the tangible personal property, as "selling price" is defined in the Use Tax Act. The tax shall be collected from persons whose Illinois address for titling or registration purposes is given as being in the metropolitan region. The tax shall be collected by the Department of Revenue for the Regional Transportation Authority. The tax must be paid to the State, or an exemption determination must be obtained from the Department of Revenue, before the title or certificate of registration for the property may be issued. The tax or proof of exemption may be transmitted to the Department by way of the State agency with which, or the State officer with whom, the tangible personal property must be titled or registered if the Department and the State agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

The Department shall have full power to administer and enforce this paragraph; to collect all taxes, penalties and interest due hereunder; to dispose of taxes, penalties and interest collected in the manner hereinafter provided; and to determine all rights to credit memoranda or refunds arising on account of the erroneous payment of tax, penalty or interest hereunder. In the administration of and compliance with this paragraph, the Department and persons who are subject to this paragraph shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions and definitions of terms and employ the same modes of procedure, as are prescribed in Sections 2 (except the definition of "retailer maintaining a place of business in this State"), 3 through 3-80 (except provisions pertaining to the State rate of tax, and except provisions concerning collection or refunding of the tax by retailers), 4, 11, 12, 12a, 14, 15, 19 (except the portions pertaining to claims by retailers and except the last paragraph concerning refunds), 20, 21 and 22 of the Use Tax Act,
and are not inconsistent with this paragraph, as fully as if those provisions were set forth herein.

Whenever the Department determines that a refund should be made under this paragraph to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the Regional Transportation Authority tax fund established under paragraph (n) of this Section.

(h) The Authority may impose a replacement vehicle tax of $50 on any passenger car as defined in Section 1-157 of the Illinois Vehicle Code purchased within the metropolitan region by or on behalf of an insurance company to replace a passenger car of an insured person in settlement of a total loss claim. The tax imposed may not become effective before the first day of the month following the passage of the ordinance imposing the tax and receipt of a certified copy of the ordinance by the Department of Revenue. The Department of Revenue shall collect the tax for the Authority in accordance with Sections 3-2002 and 3-2003 of the Illinois Vehicle Code.

After the monthly transfer to the STAR Bonds Revenue Fund, on or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to the Authority. The amount to be paid to the Authority shall be the amount collected hereunder during the second preceding calendar month by the Department, less any amount determined by the Department to be necessary for the payment of refunds, and less any amounts that are transferred to the STAR Bonds Revenue Fund. Within 10 days after receipt by the Comptroller of the disbursement certification to the Authority provided for in this Section to be given to the Comptroller by
the Department, the Comptroller shall cause the orders to be drawn for that amount in accordance with the directions contained in the certification.

(i) The Board may not impose any other taxes except as it may from time to time be authorized by law to impose.

(j) A certificate of registration issued by the State Department of Revenue to a retailer under the Retailers' Occupation Tax Act or under the Service Occupation Tax Act shall permit the registrant to engage in a business that is taxed under the tax imposed under paragraphs (b), (e), (f) or (g) of this Section and no additional registration shall be required under the tax. A certificate issued under the Use Tax Act or the Service Use Tax Act shall be applicable with regard to any tax imposed under paragraph (c) of this Section.

(k) The provisions of any tax imposed under paragraph (c) of this Section shall conform as closely as may be practicable to the provisions of the Use Tax Act, including without limitation conformity as to penalties with respect to the tax imposed and as to the powers of the State Department of Revenue to promulgate and enforce rules and regulations relating to the administration and enforcement of the provisions of the tax imposed. The taxes shall be imposed only on use within the metropolitan region and at rates as provided in the paragraph.

(l) The Board in imposing any tax as provided in paragraphs (b) and (c) of this Section, shall, after seeking the advice of the State Department of Revenue, provide means for retailers, users or purchasers of motor fuel for purposes other than those with regard to which the taxes may be imposed as provided in those paragraphs to receive refunds of taxes improperly paid, which provisions may be at variance with the refund provisions as applicable under the Municipal Retailers Occupation Tax Act. The State Department of Revenue may provide for certificates of registration for users or purchasers of motor fuel for purposes other than those with regard to which taxes may be imposed as provided in paragraphs (b) and (c) of this Section to facilitate the reporting and nontaxability of the exempt sales or uses.

(m) Any ordinance imposing or discontinuing any tax under this Section shall be adopted and a certified copy thereof filed with the Department on or before June 1, whereupon the Department of Revenue shall proceed to administer and enforce this Section on behalf of the Regional Transportation Authority as of September 1 next following such adoption and filing. Beginning January 1, 1992, an ordinance or resolution imposing or discontinuing the tax hereunder shall be adopted and a
certified copy thereof filed with the Department on or before the first day of July, whereupon the Department shall proceed to administer and enforce this Section as of the first day of October next following such adoption and filing. Beginning January 1, 1993, an ordinance or resolution imposing, increasing, decreasing, or discontinuing the tax hereunder shall be adopted and a certified copy thereof filed with the Department, whereupon the Department shall proceed to administer and enforce this Section as of the first day of the first month to occur not less than 60 days following such adoption and filing. Any ordinance or resolution of the Authority imposing a tax under this Section and in effect on August 1, 2007 shall remain in full force and effect and shall be administered by the Department of Revenue under the terms and conditions and rates of tax established by such ordinance or resolution until the Department begins administering and enforcing an increased tax under this Section as authorized by this amendatory Act of the 95th General Assembly. The tax rates authorized by this amendatory Act of the 95th General Assembly are effective only if imposed by ordinance of the Authority.

(n) The State Department of Revenue shall, upon collecting any taxes as provided in this Section, pay the taxes over to the State Treasurer as trustee for the Authority. The taxes shall be held in a trust fund outside the State Treasury. On or before the 25th day of each calendar month, the State Department of Revenue shall prepare and certify to the Comptroller of the State of Illinois and to the Authority (i) the amount of taxes collected in each County other than Cook County in the metropolitan region, (ii) the amount of taxes collected within the City of Chicago, and (iii) the amount collected in that portion of Cook County outside of Chicago, each amount less the amount necessary for the payment of refunds to taxpayers located in those areas described in items (i), (ii), and (iii). Within 10 days after receipt by the Comptroller of the certification of the amounts, the Comptroller shall cause an order to be drawn for the payment of two-thirds of the amounts certified in item (i) of this subsection to the Authority and one-third of the amounts certified in item (i) of this subsection to the respective counties other than Cook County and the amount certified in items (ii) and (iii) of this subsection to the Authority.

In addition to the disbursement required by the preceding paragraph, an allocation shall be made in July 1991 and each year thereafter to the Regional Transportation Authority. The allocation shall be made in an amount equal to the average monthly distribution during the

preceding calendar year (excluding the 2 months of lowest receipts) and the allocation shall include the amount of average monthly distribution from the Regional Transportation Authority Occupation and Use Tax Replacement Fund. The distribution made in July 1992 and each year thereafter under this paragraph and the preceding paragraph shall be reduced by the amount allocated and disbursed under this paragraph in the preceding calendar year. The Department of Revenue shall prepare and certify to the Comptroller for disbursement the allocations made in accordance with this paragraph.

(o) Failure to adopt a budget ordinance or otherwise to comply with Section 4.01 of this Act or to adopt a Five-year Capital Program or otherwise to comply with paragraph (b) of Section 2.01 of this Act shall not affect the validity of any tax imposed by the Authority otherwise in conformity with law.

(p) At no time shall a public transportation tax or motor vehicle parking tax authorized under paragraphs (b), (c) and (d) of this Section be in effect at the same time as any retailers' occupation, use or service occupation tax authorized under paragraphs (e), (f) and (g) of this Section is in effect.

Any taxes imposed under the authority provided in paragraphs (b), (c) and (d) shall remain in effect only until the time as any tax authorized by paragraphs (e), (f) or (g) of this Section are imposed and becomes effective. Once any tax authorized by paragraphs (e), (f) or (g) is imposed the Board may not reimpose taxes as authorized in paragraphs (b), (c) and (d) of the Section unless any tax authorized by paragraphs (e), (f) or (g) of this Section becomes ineffective by means other than an ordinance of the Board.

(q) Any existing rights, remedies and obligations (including enforcement by the Regional Transportation Authority) arising under any tax imposed under paragraphs (b), (c) or (d) of this Section shall not be affected by the imposition of a tax under paragraphs (e), (f) or (g) of this Section.

Sec. 1D-1. Block grant funding.

(a) For fiscal year 1996 and each fiscal year thereafter, the State Board of Education shall award to a school district having a population exceeding 500,000 inhabitants a general education block grant and an educational services block grant, determined as provided in this Section, in lieu of distributing to the district separate State funding for the programs described in subsections (b) and (c). The provisions of this Section, however, do not apply to any federal funds that the district is entitled to receive. In accordance with Section 2-3.32, all block grants are subject to an audit. Therefore, block grant receipts and block grant expenditures shall be recorded to the appropriate fund code for the designated block grant.

(b) The general education block grant shall include the following programs: REI Initiative, Summer Bridges, Preschool At Risk, K-6 Comprehensive Arts, School Improvement Support, Urban Education, Scientific Literacy, Substance Abuse Prevention, Second Language Planning, Staff Development, Outcomes and Assessment, K-6 Reading Improvement, 7-12 Continued Reading Improvement, Truant's Optional Education, Hispanic Programs, Agriculture Education, Parental Education, Prevention Initiative, Report Cards, and Criminal Background Investigations. Notwithstanding any other provision of law, all amounts paid under the general education block grant from State appropriations to a school district in a city having a population exceeding 500,000 inhabitants shall be appropriated and expended by the board of that district for any of the programs included in the block grant or any of the board's lawful purposes.

(c) The educational services block grant shall include the following programs: Regular and Vocational Transportation, State Lunch and Free Breakfast Program, Special Education (Personnel, Transportation, Orphanage, Private Tuition), funding for children requiring special education services, Summer School, Educational Service Centers, and Administrator's Academy. This subsection (c) does not relieve the district of its obligation to provide the services required under a program that is included within the educational services block grant. It is the intention of the General Assembly in enacting the provisions of this subsection (c) to relieve the district of the administrative burdens that impede efficiency and

accompany single-program funding. The General Assembly encourages the board to pursue mandate waivers pursuant to Section 2-3.25g.

The funding program included in the educational services block grant for funding for children requiring special education services in each fiscal year shall be treated in that fiscal year as a payment to the school district in respect of services provided or costs incurred in the prior fiscal year, calculated in each case as provided in this Section. Nothing in this Section shall change the nature of payments for any program that, apart from this Section, was on the basis of a payment in a fiscal year in respect of services provided or costs incurred in the prior fiscal year, calculated in each case as provided in this Section.

(d) For fiscal year 1996 and each fiscal year thereafter, the amount of the district's block grants shall be determined as follows: (i) with respect to each program that is included within each block grant, the district shall receive an amount equal to the same percentage of the current fiscal year appropriation made for that program as the percentage of the appropriation received by the district from the 1995 fiscal year appropriation made for that program, and (ii) the total amount that is due the district under the block grant shall be the aggregate of the amounts that the district is entitled to receive for the fiscal year with respect to each program that is included within the block grant that the State Board of Education shall award the district under this Section for that fiscal year. In the case of the Summer Bridges program, the amount of the district's block grant shall be equal to 44% of the amount of the current fiscal year appropriation made for that program.

(e) The district is not required to file any application or other claim in order to receive the block grants to which it is entitled under this Section. The State Board of Education shall make payments to the district of amounts due under the district's block grants on a schedule determined by the State Board of Education.

(f) A school district to which this Section applies shall report to the State Board of Education on its use of the block grants in such form and detail as the State Board of Education may specify. In addition, the report must include the following description for the district, which must also be reported to the General Assembly: block grant allocation and expenditures by program; population and service levels by program; and administrative expenditures by program. The State Board of Education shall ensure that

New matter indicated by italics - deletions by strikeout
the reporting requirements for the district are the same as for all other school districts in this State.

(g) This paragraph provides for the treatment of block grants under Article 1C for purposes of calculating the amount of block grants for a district under this Section. Those block grants under Article 1C are, for this purpose, treated as included in the amount of appropriation for the various programs set forth in paragraph (b) above. The appropriation in each current fiscal year for each block grant under Article 1C shall be treated for these purposes as appropriations for the individual program included in that block grant. The proportion of each block grant so allocated to each such program included in it shall be the proportion which the appropriation for that program was of all appropriations for such purposes now in that block grant, in fiscal 1995.

Payments to the school district under this Section with respect to each program for which payments to school districts generally, as of the date of this amendatory Act of the 92nd General Assembly, are on a reimbursement basis shall continue to be made to the district on a reimbursement basis, pursuant to the provisions of this Code governing those programs.

(h) Notwithstanding any other provision of law, any school district receiving a block grant under this Section may classify all or a portion of the funds that it receives in a particular fiscal year from any block grant authorized under this Code or from general State aid pursuant to Section 18-8.05 of this Code (other than supplemental general State aid) as funds received in connection with any funding program for which it is entitled to receive funds from the State in that fiscal year (including, without limitation, any funding program referred to in subsection (c) of this Section), regardless of the source or timing of the receipt. The district may not classify more funds as funds received in connection with the funding program than the district is entitled to receive in that fiscal year for that program. Any classification by a district must be made by a resolution of its board of education. The resolution must identify the amount of any block grant or general State aid to be classified under this subsection (h) and must specify the funding program to which the funds are to be treated as received in connection therewith. This resolution is controlling as to the classification of funds referenced therein. A certified copy of the resolution must be sent to the State Superintendent of Education. The resolution shall still take effect even though a copy of the resolution has not been sent to the State Superintendent of Education in a timely manner.
No classification under this subsection (h) by a district shall affect the total amount or timing of money the district is entitled to receive under this Code. No classification under this subsection (h) by a district shall in any way relieve the district from or affect any requirements that otherwise would apply with respect to the block grant as provided in this Section, including any accounting of funds by source, reporting expenditures by original source and purpose, reporting requirements, or requirements of provision of services.

Sec. 2-3.153. Survey of learning conditions. The State Board of Education shall select for statewide administration an instrument to provide feedback from, at a minimum, students in grades 6 through 12 and teachers on the instructional environment within a school after giving consideration to the recommendations of the Performance Evaluation Advisory Council made pursuant to subdivision (6) of subsection (a) of Section 24A-20 of this Code. Subject to appropriation to the State Board of Education for the State's cost of development and administration and commencing with the 2012-2013 school year, each school district shall administer, at least biannually, the instrument in every public school attendance center by a date specified by the State Superintendent of Education, and data resulting from the instrument's administration must be provided to the State Board of Education. The survey component that requires completion by the teachers must be administered during teacher meetings or professional development days or at other times that would not interfere with the teachers' regular classroom and direct instructional duties. The State Superintendent, following consultation with teachers, principals, and other appropriate stakeholders, shall publicly report on selected indicators of learning conditions resulting from administration of the instrument at the individual school, district, and State levels and shall identify whether the indicators result from an anonymous administration of the instrument. If in any year the appropriation to the State Board of Education is insufficient for the State's costs associated with statewide administration of the instrument, the State Board of Education shall give priority to districts with low-performing schools and a representative sample of other districts.

Sec. 2-3.154. Low Performing Schools Intervention Program. From any funds appropriated to the State Board of Education for the purposes of intervening in low performing schools, the State Superintendent may, in his or her discretion, select school districts and schools in which to directly or indirectly intervene; provided however that such school districts and schools are within the lowest 5% in terms of performance in the State as determined by the State Superintendent. Intervention may take the form of a needs assessment or additional, more intensive intervention, as determined by the State Superintendent. Expenditures from funds appropriated for this purpose may include, without limitation, contracts, grants and travel to support the intervention.

Sec. 2-3.155. Textbook block grant program.
(a) The provisions of this Section are in the public interest, for the public benefit, and serve secular public purposes.
(b) As used in this Section, "textbook" means any book or book substitute that a pupil uses as a text or text substitute, including electronic textbooks. "Textbook" includes books, reusable workbooks, manuals, whether bound or in loose-leaf form, instructional computer software, and electronic textbooks and the technological equipment necessary to gain access to and use electronic textbooks intended as a principal source of study material for a given class or group of students. "Textbook" also includes science curriculum materials in a kit format that includes pre-packaged consumable materials if (i) it is shown that the materials serve as a textbook substitute, (ii) the materials are for use by the pupils as a principal learning source, (iii) each component of the materials is integrally necessary to teach the requirements of the intended course, (iv) the kit includes teacher guidance materials, and (v) the purchase of individual consumable materials is not allowed.
(c) Beginning July 1, 2011, subject to annual appropriation by the General Assembly, the State Board of Education is authorized to provide annual funding to public school districts and State-recognized, non-public schools serving students in grades kindergarten through 12 for the purchase of selected textbooks. The textbooks authorized to be purchased under this Section are limited without exception to textbooks that have been preapproved and designated by the State Board of Education for use in any public school and that are secular, non-religious, and non-sectarian. The State Board of Education shall annually publish a list of the textbooks

authorized to be purchased under this Section. Each public school district and State-recognized, non-public school shall, subject to appropriations for that purpose, receive a per pupil grant for the purchase of secular textbooks. The per pupil grant amount must be calculated by the State Board of Education utilizing the total appropriation made for these purposes divided by the most current student enrollment data available.

(d) The State Board of Education may adopt rules as necessary for the implementation of this Section and to ensure the religious neutrality of the textbook block grant program, as well as provide for the monitoring of all textbooks authorized in this Section to be purchased directly by State-recognized, nonpublic schools serving students in grades kindergarten through 12.

Sec. 10-20.54. Student athletes; concussions and head injuries.

(a) The General Assembly recognizes all of the following:

1. Concussions are one of the most commonly reported injuries in children and adolescents who participate in sports and recreational activities. The Centers for Disease Control and Prevention estimates that as many as 3,900,000 sports-related and recreation-related concussions occur in the United States each year. A concussion is caused by a blow or motion to the head or body

New matter indicated by italics - deletions by strikeout
that causes the brain to move rapidly inside the skull. The risk of catastrophic injuries or death are significant when a concussion or head injury is not properly evaluated and managed.

(2) Concussions are a type of brain injury that can range from mild to severe and can disrupt the way the brain normally works. Concussions can occur in any organized or unorganized sport or recreational activity and can result from a fall or from players colliding with each other, the ground, or with obstacles. Concussions occur with or without loss of consciousness, but the vast majority of concussions occur without loss of consciousness.

(3) Continuing to play with a concussion or symptoms of a head injury leaves a young athlete especially vulnerable to greater injury and even death. The General Assembly recognizes that, despite having generally recognized return-to-play standards for concussions and head injuries, some affected youth athletes are prematurely returned to play, resulting in actual or potential physical injury or death to youth athletes in this State.

(b) Each school board shall adopt a policy regarding student athlete concussions and head injuries that is in compliance with the protocols, policies, and by-laws of the Illinois High School Association. Information on the school board's concussion and head injury policy must be a part of any agreement, contract, code, or other written instrument that a school district requires a student athlete and his or her parents or guardian to sign before participating in practice or interscholastic competition.

(c) The Illinois High School Association shall make available to all school districts, including elementary school districts, education materials, such as visual presentations and other written materials, that describe the nature and risk of concussions and head injuries. Each school district shall use education materials provided by the Illinois High School Association to educate coaches, student athletes, and parents and guardians of student athletes about the nature and risk of concussions and head injuries, including continuing play after a concussion or head injury.

Sec. 10-21.9. Criminal history records checks and checks of the Statewide Sex Offender Database and Statewide Murderer and Violent Offender Against Youth Database.

(a) Certified and noncertified applicants for employment with a school district, except school bus driver applicants, are required as a
condition of employment to authorize a fingerprint-based criminal history
records check to determine if such applicants have been convicted of any
of the enumerated criminal or drug offenses in subsection (c) of this
Section or have been convicted, within 7 years of the application for
employment with the school district, of any other felony under the laws of
this State or of any offense committed or attempted in any other state or
against the laws of the United States that, if committed or attempted in this
State, would have been punishable as a felony under the laws of this State.
Authorization for the check shall be furnished by the applicant to the
school district, except that if the applicant is a substitute teacher seeking
employment in more than one school district, a teacher seeking concurrent
part-time employment positions with more than one school district (as a
reading specialist, special education teacher or otherwise), or an
educational support personnel employee seeking employment positions
with more than one district, any such district may require the applicant to
furnish authorization for the check to the regional superintendent of the
educational service region in which are located the school districts in
which the applicant is seeking employment as a substitute or concurrent
part-time teacher or concurrent educational support personnel employee.
Upon receipt of this authorization, the school district or the appropriate
regional superintendent, as the case may be, shall submit the applicant's
name, sex, race, date of birth, social security number, fingerprint images,
and other identifiers, as prescribed by the Department of State Police, to
the Department. The regional superintendent submitting the requisite
information to the Department of State Police shall promptly notify the
school districts in which the applicant is seeking employment as a
substitute or concurrent part-time teacher or concurrent educational
support personnel employee that the check of the applicant has been
requested. The Department of State Police and the Federal Bureau of
Investigation shall furnish, pursuant to a fingerprint-based criminal history
records check, records of convictions, until expunged, to the president of
the school board for the school district that requested the check, or to the
regional superintendent who requested the check. The Department shall
charge the school district or the appropriate regional superintendent a fee
for conducting such check, which fee shall be deposited in the State Police
Services Fund and shall not exceed the cost of the inquiry; and the
applicant shall not be charged a fee for such check by the school district or
by the regional superintendent, except that those applicants seeking
employment as a substitute teacher with a school district may be charged a

fee not to exceed the cost of the inquiry. Subject to appropriations for these purposes, the State Superintendent of Education shall reimburse school districts and regional superintendents for fees paid to obtain criminal history records checks under this Section.

(a-5) The school district or regional superintendent shall further perform a check of the Statewide Sex Offender Database, as authorized by the Sex Offender Community Notification Law, for each applicant.

(a-6) The school district or regional superintendent shall further perform a check of the Statewide Murderer and Violent Offender Against Youth Database, as authorized by the Murderer and Violent Offender Against Youth Community Notification Law, for each applicant.

(b) Any information concerning the record of convictions obtained by the president of the school board or the regional superintendent shall be confidential and may only be transmitted to the superintendent of the school district or his designee, the appropriate regional superintendent if the check was requested by the school district, the presidents of the appropriate school boards if the check was requested from the Department of State Police by the regional superintendent, the State Superintendent of Education, the State Teacher Certification Board, any other person necessary to the decision of hiring the applicant for employment, or for clarification purposes the Department of State Police or Statewide Sex Offender Database, or both. A copy of the record of convictions obtained from the Department of State Police shall be provided to the applicant for employment. Upon the check of the Statewide Sex Offender Database, the school district or regional superintendent shall notify an applicant as to whether or not the applicant has been identified in the Database as a sex offender. If a check of an applicant for employment as a substitute or concurrent part-time teacher or concurrent educational support personnel employee in more than one school district was requested by the regional superintendent, and the Department of State Police upon a check ascertains that the applicant has not been convicted of any of the enumerated criminal or drug offenses in subsection (c) or has not been convicted, within 7 years of the application for employment with the school district, of any other felony under the laws of this State or of any offense committed or attempted in any other state or against the laws of the United States that, if committed or attempted in this State, would have been punishable as a felony under the laws of this State and so notifies the regional superintendent and if the regional superintendent upon a check ascertains that the applicant has not been identified in the Sex Offender

Database as a sex offender, then the regional superintendent shall issue to the applicant a certificate evidencing that as of the date specified by the Department of State Police the applicant has not been convicted of any of the enumerated criminal or drug offenses in subsection (c) or has not been convicted, within 7 years of the application for employment with the school district, of any other felony under the laws of this State or of any offense committed or attempted in any other state or against the laws of the United States that, if committed or attempted in this State, would have been punishable as a felony under the laws of this State and evidencing that as of the date that the regional superintendent conducted a check of the Statewide Sex Offender Database, the applicant has not been identified in the Database as a sex offender. The school board of any school district may rely on the certificate issued by any regional superintendent to that substitute teacher, concurrent part-time teacher, or concurrent educational support personnel employee or may initiate its own criminal history records check of the applicant through the Department of State Police and its own check of the Statewide Sex Offender Database as provided in subsection (a). Any person who releases any confidential information concerning any criminal convictions of an applicant for employment shall be guilty of a Class A misdemeanor, unless the release of such information is authorized by this Section.

(c) No school board shall knowingly employ a person who has been convicted of any offense that would subject him or her to license suspension or revocation pursuant to Section 21B-80 of this Code. Further, no school board shall knowingly employ a person who has been found to be the perpetrator of sexual or physical abuse of any minor under 18 years of age pursuant to proceedings under Article II of the Juvenile Court Act of 1987.

(d) No school board shall knowingly employ a person for whom a criminal history records check and a Statewide Sex Offender Database check has not been initiated.

(e) Upon receipt of the record of a conviction of or a finding of child abuse by a holder of any certificate issued pursuant to Article 21 or Section 34-8.1 or 34-83 of the School Code, the State Superintendent of Education may initiate certificate suspension and revocation proceedings as authorized by law.

(e-5) The superintendent of the employing school board shall, in writing, notify the State Superintendent of Education and the applicable regional superintendent of schools of any certificate holder whom he or
she has reasonable cause to believe has committed an intentional act of abuse or neglect with the result of making a child an abused child or a neglected child, as defined in Section 3 of the Abused and Neglected Child Reporting Act, and that act resulted in the certificate holder's dismissal or resignation from the school district. This notification must be submitted within 30 days after the dismissal or resignation. The certificate holder must also be contemporaneously sent a copy of the notice by the superintendent. All correspondence, documentation, and other information so received by the regional superintendent of schools, the State Superintendent of Education, the State Board of Education, or the State Teacher Certification Board under this subsection (e-5) is confidential and must not be disclosed to third parties, except (i) as necessary for the State Superintendent of Education or his or her designee to investigate and prosecute pursuant to Article 21 of this Code, (ii) pursuant to a court order, (iii) for disclosure to the certificate holder or his or her representative, or (iv) as otherwise provided in this Article and provided that any such information admitted into evidence in a hearing is exempt from this confidentiality and non-disclosure requirement. Except for an act of willful or wanton misconduct, any superintendent who provides notification as required in this subsection (e-5) shall have immunity from any liability, whether civil or criminal or that otherwise might result by reason of such action.

(f) After January 1, 1990 the provisions of this Section shall apply to all employees of persons or firms holding contracts with any school district including, but not limited to, food service workers, school bus drivers and other transportation employees, who have direct, daily contact with the pupils of any school in such district. For purposes of criminal history records checks and checks of the Statewide Sex Offender Database on employees of persons or firms holding contracts with more than one school district and assigned to more than one school district, the regional superintendent of the educational service region in which the contracting school districts are located may, at the request of any such school district, be responsible for receiving the authorization for a criminal history records check prepared by each such employee and submitting the same to the Department of State Police and for conducting a check of the Statewide Sex Offender Database for each employee. Any information concerning the record of conviction and identification as a sex offender of any such employee obtained by the regional superintendent shall be promptly reported to the president of the appropriate school board or school boards.

(g) In order to student teach in the public schools, a person is required to authorize a fingerprint-based criminal history records check and checks of the Statewide Sex Offender Database and Statewide Murderer and Violent Offender Against Youth Database prior to participating in any field experiences in the public schools. Authorization for and payment of the costs of the checks must be furnished by the student teacher. Results of the checks must be furnished to the higher education institution where the student teacher is enrolled and the superintendent of the school district where the student is assigned.

(h) Upon request of a school, school district, community college district, or private school, any information obtained by a school district pursuant to subsection (f) of this Section within the last year must be made available to that school, school district, community college district, or private school.

Sec. 10-22.6. Suspension or expulsion of pupils; school searches.
(a) To expel pupils guilty of gross disobedience or misconduct, including gross disobedience or misconduct perpetuated by electronic means, and no action shall lie against them for such expulsion. Expulsion
shall take place only after the parents have been requested to appear at a meeting of the board, or with a hearing officer appointed by it, to discuss their child's behavior. Such request shall be made by registered or certified mail and shall state the time, place and purpose of the meeting. The board, or a hearing officer appointed by it, at such meeting shall state the reasons for dismissal and the date on which the expulsion is to become effective. If a hearing officer is appointed by the board he shall report to the board a written summary of the evidence heard at the meeting and the board may take such action thereon as it finds appropriate. An expelled pupil may be immediately transferred to an alternative program in the manner provided in Article 13A or 13B of this Code. A pupil must not be denied transfer because of the expulsion, except in cases in which such transfer is deemed to cause a threat to the safety of students or staff in the alternative program.

(b) To suspend or by policy to authorize the superintendent of the district or the principal, assistant principal, or dean of students of any school to suspend pupils guilty of gross disobedience or misconduct, or to suspend pupils guilty of gross disobedience or misconduct on the school bus from riding the school bus, and no action shall lie against them for such suspension. The board may by policy authorize the superintendent of the district or the principal, assistant principal, or dean of students of any school to suspend pupils guilty of such acts for a period not to exceed 10 school days. If a pupil is suspended due to gross disobedience or misconduct on a school bus, the board may suspend the pupil in excess of 10 school days for safety reasons. Any suspension shall be reported immediately to the parents or guardian of such pupil along with a full statement of the reasons for such suspension and a notice of their right to a review. The school board must be given a summary of the notice, including the reason for the suspension and the suspension length. Upon request of the parents or guardian the school board or a hearing officer appointed by it shall review such action of the superintendent or principal, assistant principal, or dean of students. At such review the parents or guardian of the pupil may appear and discuss the suspension with the board or its hearing officer. If a hearing officer is appointed by the board he shall report to the board a written summary of the evidence heard at the meeting. After its hearing or upon receipt of the written report of its hearing officer, the board may take such action as it finds appropriate. A pupil who is suspended in excess of 20 school days may be immediately transferred to an alternative program in the manner provided in Article

13A or 13B of this Code. A pupil must not be denied transfer because of the suspension, except in cases in which such transfer is deemed to cause a threat to the safety of students or staff in the alternative program.

(c) The Department of Human Services shall be invited to send a representative to consult with the board at such meeting whenever there is evidence that mental illness may be the cause for expulsion or suspension.

(d) The board may expel a student for a definite period of time not to exceed 2 calendar years, as determined on a case by case basis. A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of not less than one year:

(1) A firearm. For the purposes of this Section, "firearm" means any gun, rifle, shotgun, weapon as defined by Section 921 of Title 18 of the United States Code, firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act, or firearm as defined in Section 24-1 of the Criminal Code of 1961. The expulsion period under this subdivision (1) may be modified by the superintendent, and the superintendent's determination may be modified by the board on a case-by-case basis.

(2) A knife, brass knuckles or other knuckle weapon regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including "look alikes" of any firearm as defined in subdivision (1) of this subsection (d). The expulsion requirement under this subdivision (2) may be modified by the superintendent, and the superintendent's determination may be modified by the board on a case-by-case basis.

Expulsion or suspension shall be construed in a manner consistent with the Federal Individuals with Disabilities Education Act. A student who is subject to suspension or expulsion as provided in this Section may be eligible for a transfer to an alternative school program in accordance with Article 13A of the School Code. The provisions of this subsection (d) apply in all school districts, including special charter districts and districts organized under Article 34.

exceed 2 calendar years, as determined on a case by case basis, if (i) that student has been determined to have made an explicit threat on an Internet website against a school employee, a student, or any school-related personnel, (ii) the Internet website through which the threat was made is a site that was accessible within the school at the time the threat was made or was available to third parties who worked or studied within the school grounds at the time the threat was made, and (iii) the threat could be reasonably interpreted as threatening to the safety and security of the threatened individual because of his or her duties or employment status or status as a student inside the school. The provisions of this subsection (d-5) apply in all school districts, including special charter districts and districts organized under Article 34 of this Code.

(e) To maintain order and security in the schools, school authorities may inspect and search places and areas such as lockers, desks, parking lots, and other school property and equipment owned or controlled by the school, as well as personal effects left in those places and areas by students, without notice to or the consent of the student, and without a search warrant. As a matter of public policy, the General Assembly finds that students have no reasonable expectation of privacy in these places and areas or in their personal effects left in these places and areas. School authorities may request the assistance of law enforcement officials for the purpose of conducting inspections and searches of lockers, desks, parking lots, and other school property and equipment owned or controlled by the school for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs. If a search conducted in accordance with this Section produces evidence that the student has violated or is violating either the law, local ordinance, or the school's policies or rules, such evidence may be seized by school authorities, and disciplinary action may be taken. School authorities may also turn over such evidence to law enforcement authorities. The provisions of this subsection (e) apply in all school districts, including special charter districts and districts organized under Article 34.

(f) Suspension or expulsion may include suspension or expulsion from school and all school activities and a prohibition from being present on school grounds.

(g) A school district may adopt a policy providing that if a student is suspended or expelled for any reason from any public or private school in this or any other state, the student must complete the entire term of the
suspension or expulsion in an alternative school program under Article 13A of this Code or an alternative learning opportunities program under Article 13B of this Code before being admitted into the school district if there is no threat to the safety of students or staff in the alternative program. This subsection (g) applies to all school districts, including special charter districts and districts organized under Article 34 of this Code.

Sec. 18-8.05. Basis for apportionment of general State financial aid and supplemental general State aid to the common schools for the 1998-1999 and subsequent school years.

(A) General Provisions.

(1) The provisions of this Section apply to the 1998-1999 and subsequent school years. The system of general State financial aid provided for in this Section is designed to assure that, through a combination of State financial aid and required local resources, the financial support provided each pupil in Average Daily Attendance equals or exceeds a prescribed per pupil Foundation Level. This formula approach imputes a level of per pupil Available Local Attendance equals or exceeds the Foundation Level. The amount of per pupil general State financial aid for school districts, in general, varies in inverse relation to Available Local Resources. Per pupil amounts are based upon each school district's Average Daily Attendance as that term is defined in this Section.

(2) In addition to general State financial aid, school districts with specified levels or concentrations of pupils from low income households are eligible to receive supplemental general State financial aid grants as provided pursuant to subsection (H). The supplemental State aid grants provided for school districts under subsection (H) shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section.

(3) To receive financial assistance under this Section, school districts are required to file claims with the State Board of Education, subject to the following requirements:

New matter indicated by italics - deletions by strikeout
(a) Any school district which fails for any given school year to maintain school as required by law, or to maintain a recognized school is not eligible to file for such school year any claim upon the Common School Fund. In case of nonrecognition of one or more attendance centers in a school district otherwise operating recognized schools, the claim of the district shall be reduced in the proportion which the Average Daily Attendance in the attendance center or centers bear to the Average Daily Attendance in the school district. A "recognized school" means any public school which meets the standards as established for recognition by the State Board of Education. A school district or attendance center not having recognition status at the end of a school term is entitled to receive State aid payments due upon a legal claim which was filed while it was recognized.

(b) School district claims filed under this Section are subject to Sections 18-9 and 18-12, except as otherwise provided in this Section.

(c) If a school district operates a full year school under Section 10-19.1, the general State aid to the school district shall be determined by the State Board of Education in accordance with this Section as near as may be applicable.

(d) (Blank).

(4) Except as provided in subsections (H) and (L), the board of any district receiving any of the grants provided for in this Section may apply those funds to any fund so received for which that board is authorized to make expenditures by law.

School districts are not required to exert a minimum Operating Tax Rate in order to qualify for assistance under this Section.

(5) As used in this Section the following terms, when capitalized, shall have the meaning ascribed herein:

(a) "Average Daily Attendance": A count of pupil attendance in school, averaged as provided for in subsection (C) and utilized in deriving per pupil financial support levels.

(b) "Available Local Resources": A computation of local financial support, calculated on the basis of Average Daily Attendance and derived as provided pursuant to subsection (D).

(c) "Corporate Personal Property Replacement Taxes": Funds paid to local school districts pursuant to "An Act in relation to the abolition of ad valorem personal property tax and the
new matter indicated by italics - deletions by strikeout

replacement of revenues lost thereby, and amending and repealing certain Acts and parts of Acts in connection therewith", certified August 14, 1979, as amended (Public Act 81-1st S.S.-1).

(d) "Foundation Level": A prescribed level of per pupil financial support as provided for in subsection (B).

(e) "Operating Tax Rate": All school district property taxes extended for all purposes, except Bond and Interest, Summer School, Rent, Capital Improvement, and Vocational Education Building purposes.

(B) Foundation Level.

(1) The Foundation Level is a figure established by the State representing the minimum level of per pupil financial support that should be available to provide for the basic education of each pupil in Average Daily Attendance. As set forth in this Section, each school district is assumed to exert a sufficient local taxing effort such that, in combination with the aggregate of general State financial aid provided the district, an aggregate of State and local resources are available to meet the basic education needs of pupils in the district.

(2) For the 1998-1999 school year, the Foundation Level of support is $4,225. For the 1999-2000 school year, the Foundation Level of support is $4,325. For the 2000-2001 school year, the Foundation Level of support is $4,425. For the 2001-2002 school year and 2002-2003 school year, the Foundation Level of support is $4,560. For the 2003-2004 school year, the Foundation Level of support is $4,810. For the 2004-2005 school year, the Foundation Level of support is $4,964. For the 2005-2006 school year, the Foundation Level of support is $5,164. For the 2006-2007 school year, the Foundation Level of support is $5,334. For the 2007-2008 school year, the Foundation Level of support is $5,734. For the 2008-2009 school year, the Foundation Level of support is $5,959.

(3) For the 2009-2010 school year and each school year thereafter, the Foundation Level of support is $6,119 or such greater amount as may be established by law by the General Assembly.

(C) Average Daily Attendance.

(1) For purposes of calculating general State aid pursuant to subsection (E), an Average Daily Attendance figure shall be utilized. The Average Daily Attendance figure for formula calculation purposes shall be the monthly average of the actual number of pupils in attendance of each school district, as further averaged for the best 3 months of pupil attendance for each school district. In compiling the figures for the number

New matter indicated by italics - deletions by strikeout
of pupils in attendance, school districts and the State Board of Education shall, for purposes of general State aid funding, conform attendance figures to the requirements of subsection (F).

(2) The Average Daily Attendance figures utilized in subsection (E) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated or the average of the attendance data for the 3 preceding school years, whichever is greater. The Average Daily Attendance figures utilized in subsection (H) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated.

(D) Available Local Resources.

(1) For purposes of calculating general State aid pursuant to subsection (E), a representation of Available Local Resources per pupil, as that term is defined and determined in this subsection, shall be utilized. Available Local Resources per pupil shall include a calculated dollar amount representing local school district revenues from local property taxes and from Corporate Personal Property Replacement Taxes, expressed on the basis of pupils in Average Daily Attendance. Calculation of Available Local Resources shall exclude any tax amnesty funds received as a result of Public Act 93-26.

(2) In determining a school district's revenue from local property taxes, the State Board of Education shall utilize the equalized assessed valuation of all taxable property of each school district as of September 30 of the previous year. The equalized assessed valuation utilized shall be obtained and determined as provided in subsection (G).

(3) For school districts maintaining grades kindergarten through 12, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 3.00%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades kindergarten through 8, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 2.30%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades 9 through 12, local property tax revenues per pupil shall be the applicable equalized assessed valuation of the district multiplied by 1.05%, and divided by the district's Average Daily Attendance figure.
For partial elementary unit districts created pursuant to Article 11E of this Code, local property tax revenues per pupil shall be calculated as the product of the equalized assessed valuation for property within the partial elementary unit district for elementary purposes, as defined in Article 11E of this Code, multiplied by 2.06% and divided by the district's Average Daily Attendance figure, plus the product of the equalized assessed valuation for property within the partial elementary unit district for high school purposes, as defined in Article 11E of this Code, multiplied by 0.94% and divided by the district's Average Daily Attendance figure.

(4) The Corporate Personal Property Replacement Taxes paid to each school district during the calendar year one year before the calendar year in which a school year begins, divided by the Average Daily Attendance figure for that district, shall be added to the local property tax revenues per pupil as derived by the application of the immediately preceding paragraph (3). The sum of these per pupil figures for each school district shall constitute Available Local Resources as that term is utilized in subsection (E) in the calculation of general State aid.

(E) Computation of General State Aid.

(1) For each school year, the amount of general State aid allotted to a school district shall be computed by the State Board of Education as provided in this subsection.

(2) For any school district for which Available Local Resources per pupil is less than the product of 0.93 times the Foundation Level, general State aid for that district shall be calculated as an amount equal to the Foundation Level minus Available Local Resources, multiplied by the Average Daily Attendance of the school district.

(3) For any school district for which Available Local Resources per pupil is equal to or greater than the product of 0.93 times the Foundation Level and less than the product of 1.75 times the Foundation Level, the general State aid per pupil shall be a decimal proportion of the Foundation Level derived using a linear algorithm. Under this linear algorithm, the calculated general State aid per pupil shall decline in direct linear fashion from 0.07 times the Foundation Level for a school district with Available Local Resources equal to the product of 0.93 times the Foundation Level, to 0.05 times the Foundation Level for a school district with Available Local Resources equal to the product of 1.75 times the Foundation Level. The allocation of general State aid for school districts subject to this
paragraph 3 shall be the calculated general State aid per pupil figure multiplied by the Average Daily Attendance of the school district.

(4) For any school district for which Available Local Resources per pupil equals or exceeds the product of 1.75 times the Foundation Level, the general State aid for the school district shall be calculated as the product of $218 multiplied by the Average Daily Attendance of the school district.

(5) The amount of general State aid allocated to a school district for the 1999-2000 school year meeting the requirements set forth in paragraph (4) of subsection (G) shall be increased by an amount equal to the general State aid that would have been received by the district for the 1998-1999 school year by utilizing the Extension Limitation Equalized Assessed Valuation as calculated in paragraph (4) of subsection (G) less the general State aid allotted for the 1998-1999 school year. This amount shall be deemed a one time increase, and shall not affect any future general State aid allocations.

(F) Compilation of Average Daily Attendance.

(1) Each school district shall, by July 1 of each year, submit to the State Board of Education, on forms prescribed by the State Board of Education, attendance figures for the school year that began in the preceding calendar year. The attendance information so transmitted shall identify the average daily attendance figures for each month of the school year. Beginning with the general State aid claim form for the 2002-2003 school year, districts shall calculate Average Daily Attendance as provided in subdivisions (a), (b), and (c) of this paragraph (1).

(a) In districts that do not hold year-round classes, days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

(b) In districts in which all buildings hold year-round classes, days of attendance in July and August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

(c) In districts in which some buildings, but not all, hold year-round classes, for the non-year-round buildings, days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May. The average daily attendance for the year-round buildings shall be computed as provided in subdivision (b) of this paragraph (1). To calculate the Average Daily Attendance for the district, the average

New matter indicated by italics - deletions by strikeout
daily attendance for the year-round buildings shall be multiplied by
the days in session for the non-year-round buildings for each month
and added to the monthly attendance of the non-year-round
buildings.

Except as otherwise provided in this Section, days of attendance by
pupils shall be counted only for sessions of not less than 5 clock hours of
school work per day under direct supervision of: (i) teachers, or (ii) non-
teaching personnel or volunteer personnel when engaging in non-teaching
duties and supervising in those instances specified in subsection (a) of
Section 10-22.34 and paragraph 10 of Section 34-18, with pupils of legal
school age and in kindergarten and grades 1 through 12.

Days of attendance by tuition pupils shall be accredited only to the
districts that pay the tuition to a recognized school.

(2) Days of attendance by pupils of less than 5 clock hours of
school shall be subject to the following provisions in the compilation of
Average Daily Attendance.

(a) Pupils regularly enrolled in a public school for only a
part of the school day may be counted on the basis of 1/6 day for
every class hour of instruction of 40 minutes or more attended
pursuant to such enrollment, unless a pupil is enrolled in a block-
schedule format of 80 minutes or more of instruction, in which
case the pupil may be counted on the basis of the proportion of
minutes of school work completed each day to the minimum
number of minutes that school work is required to be held that day.

(b) Days of attendance may be less than 5 clock hours on
the opening and closing of the school term, and upon the first day
of pupil attendance, if preceded by a day or days utilized as an
institute or teachers' workshop.

(c) A session of 4 or more clock hours may be counted as a
day of attendance upon certification by the regional superintendent,
and approved by the State Superintendent of Education to the
extent that the district has been forced to use daily multiple
sessions.

(d) A session of 3 or more clock hours may be counted as a
day of attendance (1) when the remainder of the school day or at
least 2 hours in the evening of that day is utilized for an in-service
training program for teachers, up to a maximum of 5 days per
school year, provided a district conducts an in-service training
program for teachers in accordance with Section 10-22.39 of this

Code; or, in lieu of 4 such days, 2 full days may be used, in which event each such day may be counted as a day required for a legal school calendar pursuant to Section 10-19 of this Code; (1.5) when, of the 5 days allowed under item (1), a maximum of 4 days are used for parent-teacher conferences, or, in lieu of 4 such days, 2 full days are used, in which case each such day may be counted as a calendar day required under Section 10-19 of this Code, provided that the full-day, parent-teacher conference consists of (i) a minimum of 5 clock hours of parent-teacher conferences, (ii) both a minimum of 2 clock hours of parent-teacher conferences held in the evening following a full day of student attendance, as specified in subsection (F)(1)(c), and a minimum of 3 clock hours of parent-teacher conferences held on the day immediately following evening parent-teacher conferences, or (iii) multiple parent-teacher conferences held in the evenings following full days of student attendance, as specified in subsection (F)(1)(c), in which the time used for the parent-teacher conferences is equivalent to a minimum of 5 clock hours; and (2) when days in addition to those provided in items (1) and (1.5) are scheduled by a school pursuant to its school improvement plan adopted under Article 34 or its revised or amended school improvement plan adopted under Article 2, provided that (i) such sessions of 3 or more clock hours are scheduled to occur at regular intervals, (ii) the remainder of the school days in which such sessions occur are utilized for in-service training programs or other staff development activities for teachers, and (iii) a sufficient number of minutes of school work under the direct supervision of teachers are added to the school days between such regularly scheduled sessions to accumulate not less than the number of minutes by which such sessions of 3 or more clock hours fall short of 5 clock hours. Any full days used for the purposes of this paragraph shall not be considered for computing average daily attendance. Days scheduled for in-service training programs, staff development activities, or parent-teacher conferences may be scheduled separately for different grade levels and different attendance centers of the district.

(e) A session of not less than one clock hour of teaching hospitalized or homebound pupils on-site or by telephone to the classroom may be counted as 1/2 day of attendance, however these
pupils must receive 4 or more clock hours of instruction to be counted for a full day of attendance.

(f) A session of at least 4 clock hours may be counted as a day of attendance for first grade pupils, and pupils in full day kindergartens, and a session of 2 or more hours may be counted as 1/2 day of attendance by pupils in kindergartens which provide only 1/2 day of attendance.

(g) For children with disabilities who are below the age of 6 years and who cannot attend 2 or more clock hours because of their disability or immaturity, a session of not less than one clock hour may be counted as 1/2 day of attendance; however for such children whose educational needs so require a session of 4 or more clock hours may be counted as a full day of attendance.

(h) A recognized kindergarten which provides for only 1/2 day of attendance by each pupil shall not have more than 1/2 day of attendance counted in any one day. However, kindergartens may count 2 1/2 days of attendance in any 5 consecutive school days. When a pupil attends such a kindergarten for 2 half days on any one school day, the pupil shall have the following day as a day absent from school, unless the school district obtains permission in writing from the State Superintendent of Education. Attendance at kindergartens which provide for a full day of attendance by each pupil shall be counted the same as attendance by first grade pupils. Only the first year of attendance in one kindergarten shall be counted, except in case of children who entered the kindergarten in their fifth year whose educational development requires a second year of kindergarten as determined under the rules and regulations of the State Board of Education.

(i) On the days when the Prairie State Achievement Examination is administered under subsection (c) of Section 2-3.64 of this Code, the day of attendance for a pupil whose school day must be shortened to accommodate required testing procedures may be less than 5 clock hours and shall be counted towards the 176 days of actual pupil attendance required under Section 10-19 of this Code, provided that a sufficient number of minutes of school work in excess of 5 clock hours are first completed on other school days to compensate for the loss of school work on the examination days.
(j) Pupils enrolled in a remote educational program established under Section 10-29 of this Code may be counted on the basis of one-fifth day of attendance for every clock hour of instruction attended in the remote educational program, provided that, in any month, the school district may not claim for a student enrolled in a remote educational program more days of attendance than the maximum number of days of attendance the district can claim (i) for students enrolled in a building holding year-round classes if the student is classified as participating in the remote educational program on a year-round schedule or (ii) for students enrolled in a building not holding year-round classes if the student is not classified as participating in the remote educational program on a year-round schedule.

(G) Equalized Assessed Valuation Data.

(1) For purposes of the calculation of Available Local Resources required pursuant to subsection (D), the State Board of Education shall secure from the Department of Revenue the value as equalized or assessed by the Department of Revenue of all taxable property of every school district, together with (i) the applicable tax rate used in extending taxes for the funds of the district as of September 30 of the previous year and (ii) the limiting rate for all school districts subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law.

The Department of Revenue shall add to the equalized assessed value of all taxable property of each school district situated entirely or partially within a county that is or was subject to the provisions of Section 15-176 or 15-177 of the Property Tax Code (a) an amount equal to the total amount by which the homestead exemption allowed under Section 15-176 or 15-177 of the Property Tax Code for real property situated in that school district exceeds the total amount that would have been allowed in that school district if the maximum reduction under Section 15-176 was (i) $4,500 in Cook County or $3,500 in all other counties in tax year 2003 or (ii) $5,000 in all counties in tax year 2004 and thereafter and (b) an amount equal to the aggregate amount for the taxable year of all additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of $30,000 or less. The county clerk of any county that is or was subject to the provisions of Section 15-176 or 15-177 of the Property Tax Code shall annually calculate and certify to the Department of Revenue for each school district all homestead exemption amounts under Section 15-176 or 15-177 of the Property Tax Code and all

amounts of additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of $30,000 or less. It is the intent of this paragraph that if the general homestead exemption for a parcel of property is determined under Section 15-176 or 15-177 of the Property Tax Code rather than Section 15-175, then the calculation of Available Local Resources shall not be affected by the difference, if any, between the amount of the general homestead exemption allowed for that parcel of property under Section 15-176 or 15-177 of the Property Tax Code and the amount that would have been allowed had the general homestead exemption for that parcel of property been determined under Section 15-175 of the Property Tax Code. It is further the intent of this paragraph that if additional exemptions are allowed under Section 15-175 of the Property Tax Code for owners with a household income of less than $30,000, then the calculation of Available Local Resources shall not be affected by the difference, if any, because of those additional exemptions.

This equalized assessed valuation, as adjusted further by the requirements of this subsection, shall be utilized in the calculation of Available Local Resources.

(2) The equalized assessed valuation in paragraph (1) shall be adjusted, as applicable, in the following manner:

(a) For the purposes of calculating State aid under this Section, with respect to any part of a school district within a redevelopment project area in respect to which a municipality has adopted tax increment allocation financing pursuant to the Tax Increment Allocation Redevelopment Act, Sections 11-74.4-1 through 11-74.4-11 of the Illinois Municipal Code or the Industrial Jobs Recovery Law, Sections 11-74.6-1 through 11-74.6-50 of the Illinois Municipal Code, no part of the current equalized assessed valuation of real property located in any such project area which is attributable to an increase above the total initial equalized assessed valuation of such property shall be used as part of the equalized assessed valuation of the district, until such time as all redevelopment project costs have been paid, as provided in Section 11-74.4-8 of the Tax Increment Allocation Redevelopment Act or in Section 11-74.6-35 of the Industrial Jobs Recovery Law. For the purpose of the equalized assessed valuation of the district, the total initial equalized assessed valuation or the current equalized assessed valuation, whichever is lower, shall be used until such time as all redevelopment project costs have been paid.

(b) The real property equalized assessed valuation for a school district shall be adjusted by subtracting from the real property value as equalized or assessed by the Department of Revenue for the district an amount computed by dividing the amount of any abatement of taxes under Section 18-170 of the Property Tax Code by 3.00% for a district maintaining grades kindergarten through 12, by 2.30% for a district maintaining grades kindergarten through 8, or by 1.05% for a district maintaining grades 9 through 12 and adjusted by an amount computed by dividing the amount of any abatement of taxes under subsection (a) of Section 18-165 of the Property Tax Code by the same percentage rates for district type as specified in this subparagraph (b).

(3) For the 1999-2000 school year and each school year thereafter, if a school district meets all of the criteria of this subsection (G)(3), the school district's Available Local Resources shall be calculated under subsection (D) using the district's Extension Limitation Equalized Assessed Valuation as calculated under this subsection (G)(3).

For purposes of this subsection (G)(3) the following terms shall have the following meanings:

"Budget Year": The school year for which general State aid is calculated and awarded under subsection (E).

"Base Tax Year": The property tax levy year used to calculate the Budget Year allocation of general State aid.

"Preceding Tax Year": The property tax levy year immediately preceding the Base Tax Year.

"Base Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Base Tax Year multiplied by the limiting rate as calculated by the County Clerk and defined in the Property Tax Extension Limitation Law.

"Preceding Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Preceding Tax Year multiplied by the Operating Tax Rate as defined in subsection (A).

"Extension Limitation Ratio": A numerical ratio, certified by the County Clerk, in which the numerator is the Base Tax Year's Tax Extension and the denominator is the Preceding Tax Year's Tax Extension.
"Operating Tax Rate": The operating tax rate as defined in subsection (A).

If a school district is subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation of that district. For the 1999-2000 school year, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the district's 1996 Equalized Assessed Valuation and the district's Extension Limitation Ratio. Except as otherwise provided in this paragraph for a school district that has approved or does approve an increase in its limiting rate, for the 2000-2001 school year and each school year thereafter, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the Equalized Assessed Valuation last used in the calculation of general State aid and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of a school district as calculated under this subsection (G)(3) is less than the district's equalized assessed valuation as calculated pursuant to subsections (G)(1) and (G)(2), then for purposes of calculating the district's general State aid for the Budget Year pursuant to subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources under subsection (D). For the 2009-2010 school year and each school year thereafter, if a school district has approved or does approve an increase in its limiting rate, pursuant to Section 18-190 of the Property Tax Code, affecting the Base Tax Year, the Extension Limitation Equalized Assessed Valuation of the school district, as calculated by the State Board of Education, shall be equal to the product of the Equalized Assessed Valuation last used in the calculation of general State aid times an amount equal to one plus the percentage increase, if any, in the Consumer Price Index for all Urban Consumers for all items published by the United States Department of Labor for the 12-month calendar year preceding the Base Tax Year, plus the Equalized Assessed Valuation of new property, annexed property, and recovered tax increment value and minus the Equalized Assessed Valuation of disconnected property. New property and recovered tax increment value shall have the meanings set forth in the Property Tax Extension Limitation Law.

Partial elementary unit districts created in accordance with Article 11E of this Code shall not be eligible for the adjustment in this subsection.

(G)(3) until the fifth year following the effective date of the reorganization.

(3.5) For the 2010-2011 school year and each school year thereafter, if a school district's boundaries span multiple counties, then the Department of Revenue shall send to the State Board of Education, for the purpose of calculating general State aid, the limiting rate and individual rates by purpose for the county that contains the majority of the school district's Equalized Assessed Valuation.

(4) For the purposes of calculating general State aid for the 1999-2000 school year only, if a school district experienced a triennial reassessment on the equalized assessed valuation used in calculating its general State financial aid apportionment for the 1998-1999 school year, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation that would have been used to calculate the district's 1998-1999 general State aid. This amount shall equal the product of the equalized assessed valuation used to calculate general State aid for the 1997-1998 school year and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of the school district as calculated under this paragraph (4) is less than the district's equalized assessed valuation utilized in calculating the district's 1998-1999 general State aid allocation, then for purposes of calculating the district's general State aid pursuant to paragraph (5) of subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources.

(5) For school districts having a majority of their equalized assessed valuation in any county except Cook, DuPage, Kane, Lake, McHenry, or Will, if the amount of general State aid allocated to the school district for the 1999-2000 school year under the provisions of subsection (E), (H), and (J) of this Section is less than the amount of general State aid allocated to the district for the 1998-1999 school year under these subsections, then the general State aid of the district for the 1999-2000 school year only shall be increased by the difference between these amounts. The total payments made under this paragraph (5) shall not exceed $14,000,000. Claims shall be prorated if they exceed $14,000,000.

(H) Supplemental General State Aid.

(1) In addition to the general State aid a school district is allotted pursuant to subsection (E), qualifying school districts shall receive a grant, paid in conjunction with a district's payments of general State aid, for supplemental general State aid based upon the concentration level of

children from low-income households within the school district. Supplemental State aid grants provided for school districts under this subsection shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section.

(1.5) This paragraph (1.5) applies only to those school years preceding the 2003-2004 school year. For purposes of this subsection (H), the term "Low-Income Concentration Level" shall be the low-income eligible pupil count from the most recently available federal census divided by the Average Daily Attendance of the school district. If, however, (i) the percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count of a high school district with fewer than 400 students exceeds by 75% or more the percentage change in the total low-income eligible pupil count of contiguous elementary school districts, whose boundaries are coterminous with the high school district, or (ii) a high school district within 2 counties and serving 5 elementary school districts, whose boundaries are coterminous with the high school district, has a percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count and there is a percentage increase in the total low-income eligible pupil count of a majority of the elementary school districts in excess of 50% from the 2 most recent federal censuses, then the high school district's low-income eligible pupil count from the earlier federal census shall be the number used as the low-income eligible pupil count for the high school district, for purposes of this subsection (H). The changes made to this paragraph (1) by Public Act 92-28 shall apply to supplemental general State aid grants for school years preceding the 2003-2004 school year that are paid in fiscal year 1999 or thereafter and to any State aid payments made in fiscal year 1994 through fiscal year 1998 pursuant to subsection 1(n) of Section 18-8 of this Code (which was repealed on July 1, 1998), and any high school district that is affected by Public Act 92-28 is entitled to a recomputation of its supplemental general State aid grant or State aid paid in any of those fiscal years. This recomputation shall not be affected by any other funding.

(1.10) This paragraph (1.10) applies to the 2003-2004 school year and each school year thereafter. For purposes of this subsection (H), the term "Low-Income Concentration Level" shall, for each fiscal year, be the low-income eligible pupil count as of July 1 of the immediately preceding fiscal year (as determined by the Department of Human Services based on the number of pupils who are eligible for at least one of the following low
income programs: Medicaid, the Children's Health Insurance Program, TANF, or Food Stamps, excluding pupils who are eligible for services provided by the Department of Children and Family Services, averaged over the 2 immediately preceding fiscal years for fiscal year 2004 and over the 3 immediately preceding fiscal years for each fiscal year thereafter) divided by the Average Daily Attendance of the school district.

(2) Supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 1998-1999, 1999-2000, and 2000-2001 school years only:

(a) For any school district with a Low Income Concentration Level of at least 20% and less than 35%, the grant for any school year shall be $800 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level of at least 35% and less than 50%, the grant for the 1998-1999 school year shall be $1,100 multiplied by the low income eligible pupil count.

(c) For any school district with a Low Income Concentration Level of at least 50% and less than 60%, the grant for the 1998-99 school year shall be $1,500 multiplied by the low income eligible pupil count.

(d) For any school district with a Low Income Concentration Level of 60% or more, the grant for the 1998-99 school year shall be $1,900 multiplied by the low income eligible pupil count.

(e) For the 1999-2000 school year, the per pupil amount specified in subparagraphs (b), (c), and (d) immediately above shall be increased to $1,243, $1,600, and $2,000, respectively.

(f) For the 2000-2001 school year, the per pupil amounts specified in subparagraphs (b), (c), and (d) immediately above shall be $1,273, $1,640, and $2,050, respectively.

(2.5) Supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 2002-2003 school year:

(a) For any school district with a Low Income Concentration Level of less than 10%, the grant for each school year shall be $355 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level of at least 10% and less than 20%, the grant

for each school year shall be $675 multiplied by the low income eligible pupil count.

(c) For any school district with a Low Income Concentration Level of at least 20% and less than 35%, the grant for each school year shall be $1,330 multiplied by the low income eligible pupil count.

(d) For any school district with a Low Income Concentration Level of at least 35% and less than 50%, the grant for each school year shall be $1,362 multiplied by the low income eligible pupil count.

(e) For any school district with a Low Income Concentration Level of at least 50% and less than 60%, the grant for each school year shall be $1,680 multiplied by the low income eligible pupil count.

(f) For any school district with a Low Income Concentration Level of 60% or more, the grant for each school year shall be $2,080 multiplied by the low income eligible pupil count.

2.10 Except as otherwise provided, supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 2003-2004 school year and each school year thereafter:

(a) For any school district with a Low Income Concentration Level of 15% or less, the grant for each school year shall be $355 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level greater than 15%, the grant for each school year shall be $294.25 added to the product of $2,700 and the square of the Low Income Concentration Level, all multiplied by the low income eligible pupil count.

For the 2003-2004 school year and each school year thereafter through the 2008-2009 school year only, the grant shall be no less than the grant for the 2002-2003 school year. For the 2009-2010 school year only, the grant shall be no less than the grant for the 2002-2003 school year multiplied by 0.66. For the 2010-2011 school year only, the grant shall be no less than the grant for the 2002-2003 school year multiplied by 0.33. Notwithstanding the provisions of this paragraph to the contrary, if for any school year supplemental general State aid grants are prorated as provided in paragraph (1) of this subsection (H), then the grants under this paragraph shall be prorated.
For the 2003-2004 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.25 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year. For the 2004-2005 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.50 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year. For the 2005-2006 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.75 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year.

(3) School districts with an Average Daily Attendance of more than 1,000 and less than 50,000 that qualify for supplemental general State aid pursuant to this subsection shall submit a plan to the State Board of Education prior to October 30 of each year for the use of the funds resulting from this grant of supplemental general State aid for the improvement of instruction in which priority is given to meeting the education needs of disadvantaged children. Such plan shall be submitted in accordance with rules and regulations promulgated by the State Board of Education.

(4) School districts with an Average Daily Attendance of 50,000 or more that qualify for supplemental general State aid pursuant to this subsection shall be required to distribute from funds available pursuant to this Section, no less than $261,000,000 in accordance with the following requirements:

(a) The required amounts shall be distributed to the attendance centers within the district in proportion to the number of pupils enrolled at each attendance center who are eligible to receive free or reduced-price lunches or breakfasts under the federal Child Nutrition Act of 1966 and under the National School Lunch Act during the immediately preceding school year.

(b) The distribution of these portions of supplemental and general State aid among attendance centers according to these requirements shall not be compensated for or contravened by adjustments of the total of other funds appropriated to any
attendance centers, and the Board of Education shall utilize funding from one or several sources in order to fully implement this provision annually prior to the opening of school.

(c) Each attendance center shall be provided by the school district a distribution of noncategorical funds and other categorical funds to which an attendance center is entitled under law in order that the general State aid and supplemental general State aid provided by application of this subsection supplements rather than supplants the noncategorical funds and other categorical funds provided by the school district to the attendance centers.

(d) Any funds made available under this subsection that by reason of the provisions of this subsection are not required to be allocated and provided to attendance centers may be used and appropriated by the board of the district for any lawful school purpose.

(e) Funds received by an attendance center pursuant to this subsection shall be used by the attendance center at the discretion of the principal and local school council for programs to improve educational opportunities at qualifying schools through the following programs and services: early childhood education, reduced class size or improved adult to student classroom ratio, enrichment programs, remedial assistance, attendance improvement, and other educationally beneficial expenditures which supplement the regular and basic programs as determined by the State Board of Education. Funds provided shall not be expended for any political or lobbying purposes as defined by board rule.

(f) Each district subject to the provisions of this subdivision (H)(4) shall submit an acceptable plan to meet the educational needs of disadvantaged children, in compliance with the requirements of this paragraph, to the State Board of Education prior to July 15 of each year. This plan shall be consistent with the decisions of local school councils concerning the school expenditure plans developed in accordance with part 4 of Section 34-2.3. The State Board shall approve or reject the plan within 60 days after its submission. If the plan is rejected, the district shall give written notice of intent to modify the plan within 15 days of the notification of rejection and then submit a modified plan within 30 days after the date of the written notice of intent to modify.

Districts may amend approved plans pursuant to rules promulgated by the State Board of Education.

Upon notification by the State Board of Education that the district has not submitted a plan prior to July 15 or a modified plan within the time period specified herein, the State aid funds affected by that plan or modified plan shall be withheld by the State Board of Education until a plan or modified plan is submitted.

If the district fails to distribute State aid to attendance centers in accordance with an approved plan, the plan for the following year shall allocate funds, in addition to the funds otherwise required by this subsection, to those attendance centers which were underfunded during the previous year in amounts equal to such underfunding.

For purposes of determining compliance with this subsection in relation to the requirements of attendance center funding, each district subject to the provisions of this subsection shall submit as a separate document by December 1 of each year a report of expenditure data for the prior year in addition to any modification of its current plan. If it is determined that there has been a failure to comply with the expenditure provisions of this subsection regarding contravention or supplanting, the State Superintendent of Education shall, within 60 days of receipt of the report, notify the district and any affected local school council. The district shall within 45 days of receipt of that notification inform the State Superintendent of Education of the remedial or corrective action to be taken, whether by amendment of the current plan, if feasible, or by adjustment in the plan for the following year. Failure to provide the expenditure report or the notification of remedial or corrective action in a timely manner shall result in a withholding of the affected funds.

The State Board of Education shall promulgate rules and regulations to implement the provisions of this subsection. No funds shall be released under this subdivision (H)(4) to any district that has not submitted a plan that has been approved by the State Board of Education.

(K) Grants to Laboratory and Alternative Schools.

New matter indicated by italics - deletions by strikeout
In calculating the amount to be paid to the governing board of a public university that operates a laboratory school under this Section or to any alternative school that is operated by a regional superintendent of schools, the State Board of Education shall require by rule such reporting requirements as it deems necessary.

As used in this Section, "laboratory school" means a public school which is created and operated by a public university and approved by the State Board of Education. The governing board of a public university which receives funds from the State Board under this subsection (K) may not increase the number of students enrolled in its laboratory school from a single district, if that district is already sending 50 or more students, except under a mutual agreement between the school board of a student's district of residence and the university which operates the laboratory school. A laboratory school may not have more than 1,000 students, excluding students with disabilities in a special education program.

As used in this Section, "alternative school" means a public school which is created and operated by a Regional Superintendent of Schools and approved by the State Board of Education. Such alternative schools may offer courses of instruction for which credit is given in regular school programs, courses to prepare students for the high school equivalency testing program or vocational and occupational training. A regional superintendent of schools may contract with a school district or a public community college district to operate an alternative school. An alternative school serving more than one educational service region may be established by the regional superintendents of schools of the affected educational service regions. An alternative school serving more than one educational service region may be operated under such terms as the regional superintendents of schools of those educational service regions may agree.

Each laboratory and alternative school shall file, on forms provided by the State Superintendent of Education, an annual State aid claim which states the Average Daily Attendance of the school's students by month. (M) Education Funding Advisory Board.

The Education Funding Advisory Board, hereinafter in this subsection (M) referred to as the "Board", is hereby created. The Board shall consist of 5 members who are appointed by the Governor, by and with the advice and consent of the Senate. The members appointed shall include representatives of education, business, and the general public. One of the members so appointed shall be designated by the Governor at the time the appointment is made as the chairperson of the Board. The initial members of the Board may be appointed any time after the effective date of this amendatory Act of 1997. The regular term of each member of the Board shall be for 4 years from the third Monday of January of the year in which the term of the member's appointment is to commence, except that of the 5 initial members appointed to serve on the Board, the member who is appointed as the chairperson shall serve for a term that commences on the date of his or her appointment and expires on the third Monday of January, 2002, and the remaining 4 members, by lots drawn at the first meeting of the Board that is held after all 5 members are appointed, shall determine 2 of their number to serve for terms that commence on the date of their respective appointments and expire on the third Monday of January, 2001, and 2 of their number to serve for terms that commence on the date of their respective appointments and expire on the third Monday of January, 2000. All members appointed to serve on the Board shall serve until their respective successors are appointed and confirmed. Vacancies shall be filled in the same manner as original appointments. If a vacancy in membership occurs at a time when the Senate is not in session, the Governor shall make a temporary appointment until the next meeting of the Senate, when he or she shall appoint, by and with the advice and consent of the Senate, a person to fill that membership for the unexpired
term. If the Senate is not in session when the initial appointments are
made, those appointments shall be made as in the case of vacancies.

The Education Funding Advisory Board shall be deemed
established, and the initial members appointed by the Governor to serve as
members of the Board shall take office, on the date that the Governor
makes his or her appointment of the fifth initial member of the Board,
whether those initial members are then serving pursuant to appointment
and confirmation or pursuant to temporary appointments that are made by
the Governor as in the case of vacancies.

The State Board of Education shall provide such staff assistance to
the Education Funding Advisory Board as is reasonably required for the
proper performance by the Board of its responsibilities.

For school years after the 2000-2001 school year, the Education
Funding Advisory Board, in consultation with the State Board of
Education, shall make recommendations as provided in this subsection
(M) to the General Assembly for the foundation level under subdivision
(B)(3) of this Section and for the supplemental general State aid grant
level under subsection (H) of this Section for districts with high
concentrations of children from poverty. The recommended foundation
level shall be determined based on a methodology which incorporates the
basic education expenditures of low-spending schools exhibiting high
academic performance. The Education Funding Advisory Board shall
make such recommendations to the General Assembly on January 1 of odd
numbered years, beginning January 1, 2001.

(O) References.

(1) References in other laws to the various subdivisions of Section
18-8 as that Section existed before its repeal and replacement by this
Section 18-8.05 shall be deemed to refer to the corresponding provisions
of this Section 18-8.05, to the extent that those references remain
applicable.

(2) References in other laws to State Chapter 1 funds shall be
deemed to refer to the supplemental general State aid provided under
subsection (H) of this Section. (P) Public Act 93-838 and Public Act 93-
808 make inconsistent changes to this Section. Under Section 6 of the
Statute on Statutes there is an irreconcilable conflict between Public Act
93-808 and Public Act 93-838. Public Act 93-838, being the last acted
upon, is controlling. The text of Public Act 93-838 is the law regardless of
the text of Public Act 93-808.

(c) Beginning on January 1, 2012, each application for endorsement of an existing teaching certificate must be accompanied by a $50 nonrefundable fee.

(d) There is hereby created a Teacher Certificate Fee Revolving Fund as a special fund within the State Treasury. The Teacher Certificate Fee Revolving Fund is not subject to administrative charge transfers authorized under Section 8h of the State Finance Act from the Teacher Certificate Fee Revolving Fund into any other fund of this State.

(e) The State Board of Education and each regional office of education are authorized to charge a service or convenience fee for the use

(e) The administrative or supervisory positions for which the certificate shall be valid shall be determined by one or more of the following endorsements: general supervisory, general administrative, principal, chief school business official, and superintendent.

Subject to the provisions of Section 21-1a, endorsements shall be made under conditions set forth in this Section. The State Board of Education shall, in consultation with the State Teacher Certification Board, adopt rules pursuant to the Illinois Administrative Procedure Act, establishing requirements for obtaining administrative certificates where the minimum administrative or supervisory requirements surpass those set forth in this Section.

"Part-time" means less than 50% of the school day or school term.

Beginning July 1, 2008, in order to satisfy the requirements for continuing professional development provided for in this Section, each Valid and Active school service personnel certificate holder shall complete professional development activities that address the certificate or those certificates that are required of his or her certificated position, if the certificate holder is employed and performing services in an Illinois public or State operated elementary school, secondary school, or cooperative or joint agreement with a governing body or board of control, or that certificate or those certificates most closely related to his or her teaching position, if the certificate holder is employed in a charter school. Except as otherwise provided in this subsection (e), the certificate holder's activities must address and must reflect the following continuing professional development purposes:

(2) Develop the certificate holder's knowledge and skills in areas determined by the State Board of Education to be critical for all school service personnel.

(3) Address the knowledge, skills, and goals of the certificate holder's local school improvement plan, if the certificate holder is employed in an Illinois public or State-operated elementary school, secondary school, or cooperative or joint agreement with a governing body or board of control.

The coursework or continuing professional development units ("CPDU") required under this subsection (e) must total 80 CPDUs or the equivalent and must address 4 of the 5 purposes described in items (1) through (5) of this subsection (e). Active. Proportionate reductions shall apply when the holder's status was Valid and Active for less than the 5-year period preceding the renewal.

(C) Teaching college or university courses in areas relevant to the certificate area being renewed, provided that the teaching may be counted only once during the course of 5 years.

Sec. 21B-75. Suspension or revocation of license.

(a) As used in this Section, "teacher" means any school district employee regularly required to be licensed, as provided in this Article, in order to teach or supervise in the public schools.

(b) The State Superintendent of Education has the exclusive authority, in accordance with this Section and any rules adopted by the State Board of Education, in consultation with the State Educator Preparation and Licensure Board, to initiate the suspension of up to 5 calendar years or revocation of any license issued pursuant to this Article for abuse or neglect of a child, immorality, a condition of health detrimental to the welfare of pupils, incompetency, unprofessional conduct (which includes the failure to disclose on an employment application any previous conviction for a sex offense, as defined in Section 21B-80 of this Code, or any other offense committed in any other state or against the laws of the United States that, if committed in this State, would be punishable as a sex offense, as defined in Section 21B-80 of this Code), the neglect of any professional duty, willful failure to report an instance of suspected child abuse or neglect as required by the Abused and Neglected Child Reporting Act, failure to establish satisfactory repayment on an educational loan guaranteed by the Illinois Student Assistance Commission, or other just cause. and other reports required by school officers. *Incompetency shall include, without limitation, 2 or more school terms of service for which the license holder has received an unsatisfactory rating on a performance evaluation conducted pursuant to Article 24A of this Code within a period of 7 school terms of service. In determining whether to initiate action against one or more licenses based on incompetency and the recommended sanction for such action, the State Superintendent shall consider factors that include without limitation all of the following:*

1. Whether the unsatisfactory evaluation ratings occurred prior to June 13, 2011 (the effective date of Public Act 97-8).
2. Whether the unsatisfactory evaluation ratings occurred prior to or after the implementation date, as defined in Section 24A-2.5 of this Code, of an evaluation system for teachers in a school district.
3. Whether the evaluator or evaluators who performed an unsatisfactory evaluation met the pre-licensure and training requirements set forth in Section 24A-3 of this Code.
4. The time between the unsatisfactory evaluation ratings.
5. The quality of the remediation plans associated with the unsatisfactory evaluation ratings and whether the license holder successfully completed the remediation plans.
6. Whether the unsatisfactory evaluation ratings were related to the same or different assignments performed by the license holder.
7. Whether one or more of the unsatisfactory evaluation ratings occurred in the first year of a teaching or administrative assignment.

When initiating an action against one or more licenses, the State Superintendent may seek required professional development as a sanction in lieu of or in addition to suspension or revocation. Any such required professional development must be at the expense of the license holder, who may use, if available and applicable to the requirements established by administrative or court order, training, coursework, or other professional development funds in accordance with the terms of an applicable collective bargaining agreement entered into after June 13, 2011 (the effective date of Public Act 97-8), unless that agreement specifically precludes use of funds for such purpose.

detrimental to the welfare of pupils, incompetency *(subject to subsection (b) of this Section)*, unprofessional conduct, the neglect of any professional duty, or other just cause, further investigate and, if and as appropriate, serve written notice to the individual and afford the individual opportunity for a hearing prior to suspension, or revocation, or other sanction; provided that the State Superintendent is under no obligation to initiate such an investigation if the Department of Children and Family Services is investigating the same or substantially similar allegations and its child protective service unit has not made its determination, as required under Section 7.12 of the Abused and Neglected Child Reporting Act. If the State Superintendent of Education does not receive from an individual a request for a hearing within 10 days after the individual receives notice, the suspension, or revocation, or other sanction shall immediately take effect in accordance with the notice. If a hearing is requested within 10 days after notice of an opportunity for hearing, it shall act as a stay of proceedings until the State Educator Preparation and Licensure Board issues a decision. Any hearing shall take place in the educational service region where the educator is or was last employed and in accordance with rules adopted by the State Board of Education, in consultation with the State Educator Preparation and Licensure Board, and such rules shall include without limitation provisions for discovery and the sharing of information between parties prior to the hearing. The standard of proof for any administrative hearing held pursuant to this Section shall be by the preponderance of the evidence. The decision of the State Educator Preparation and Licensure Board is a final administrative decision and is subject to judicial review by appeal of either party.

The State Board of Education may refuse to issue or may suspend the license of any person who fails to file a return or to pay the tax, penalty, or interest shown in a filed return or to pay any final assessment of tax, penalty, or interest, as required by any tax Act administered by the Department of Revenue, until such time as the requirements of any such tax Act are satisfied.

The exclusive authority of the State Superintendent of Education to initiate suspension or revocation of a license pursuant to this Section does not preclude a regional superintendent of schools from cooperating with the State Superintendent or a State's Attorney with respect to an investigation of alleged misconduct.

(d) The State Superintendent of Education or his or her designee may initiate and conduct such investigations as may be reasonably

necessary to establish the existence of any alleged misconduct. At any stage of the investigation, the State Superintendent may issue a subpoena requiring the attendance and testimony of a witness, including the license holder, and the production of any evidence, including files, records, correspondence, or documents, relating to any matter in question in the investigation. The subpoena shall require a witness to appear at the State Board of Education at a specified date and time and shall specify any evidence to be produced. The license holder is not entitled to be present, but the State Superintendent shall provide the license holder with a copy of any recorded testimony prior to a hearing under this Section. Such recorded testimony must not be used as evidence at a hearing, unless the license holder has adequate notice of the testimony and the opportunity to cross-examine the witness. Failure of a license holder to comply with a duly issued, investigatory subpoena may be grounds for revocation, suspension, or denial of a license.

(e) All correspondence, documentation, and other information so received by the regional superintendent of schools, the State Superintendent of Education, the State Board of Education, or the State Educator Preparation and Licensure Board under this Section is confidential and must not be disclosed to third parties, except (i) as necessary for the State Superintendent of Education or his or her designee to investigate and prosecute pursuant to this Article, (ii) pursuant to a court order, (iii) for disclosure to the license holder or his or her representative, or (iv) as otherwise required in this Article and provided that any such information admitted into evidence in a hearing is exempt from this confidentiality and non-disclosure requirement.

(f) The State Superintendent of Education or a person designated by him or her shall have the power to administer oaths to witnesses at any hearing conducted before the State Educator Preparation and Licensure Board pursuant to this Section. The State Superintendent of Education or a person designated by him or her is authorized to subpoena and bring before the State Educator Preparation and Licensure Board any person in this State and to take testimony either orally or by deposition or by exhibit, with the same fees and mileage and in the same manner as prescribed by law in judicial proceedings in civil cases in circuit courts of this State.

(g) Any circuit court, upon the application of the State Superintendent of Education or the license holder, may, by order duly entered, require the attendance of witnesses and the production of relevant books and papers as part of any investigation or at any hearing the State
Educator Preparation and Licensure Board is authorized to conduct pursuant to this Section, and the court may compel obedience to its orders by proceedings for contempt.

(h) The State Board of Education shall receive an annual line item appropriation to cover fees associated with the investigation and prosecution of alleged educator misconduct and hearings related thereto.

Sec. 27A-4. General Provisions.

(a) The General Assembly does not intend to alter or amend the provisions of any court-ordered desegregation plan in effect for any school district. A charter school shall be subject to all federal and State laws and constitutional provisions prohibiting discrimination on the basis of disability, race, creed, color, gender, national origin, religion, ancestry, marital status, or need for special education services.

(b) The total number of charter schools operating under this Article at any one time shall not exceed 120. Not more than 70 charter schools shall operate at any one time in any city having a population exceeding 500,000, with at least 5 charter schools devoted exclusively to students from low-performing or overcrowded schools operating at any one time in that city; and not more than 45 charter schools shall operate at any one time in the remainder of the State, with not more than one charter school that has been initiated by a board of education, or by an intergovernmental agreement between or among boards of education, operating at any one time in the school district where the charter school is located. In addition to these charter schools, up to but no more than 5 charter schools devoted exclusively to re-enrolled high school dropouts and/or students 16 or 15
years old at risk of dropping out may operate at any one time in any city having a population exceeding 500,000. Notwithstanding any provision to the contrary in subsection (b) of Section 27A-5 of this Code, each such dropout charter may operate up to 15 campuses within the city. Any of these dropout charters may have a maximum of 1,875 enrollment seats, any one of the campuses of the dropout charter may have a maximum of 165 enrollment seats, and each campus of the dropout charter must be operated, through a contract or payroll, by the same legal entity as that for which the charter is approved and certified.

For purposes of implementing this Section, the State Board shall assign a number to each charter submission it receives under Section 27A-6 for its review and certification, based on the chronological order in which the submission is received by it. The State Board shall promptly notify local school boards when the maximum numbers of certified charter schools authorized to operate have been reached.

c) No charter shall be granted under this Article that would convert any existing private, parochial, or non-public school to a charter school.

d) Enrollment in a charter school shall be open to any pupil who resides within the geographic boundaries of the area served by the local school board, provided that the board of education in a city having a population exceeding 500,000 may designate attendance boundaries for no more than one-third of the charter schools permitted in the city if the board of education determines that attendance boundaries are needed to relieve overcrowding or to better serve low-income and at-risk students. Students residing within an attendance boundary may be given priority for enrollment, but must not be required to attend the charter school.

e) Nothing in this Article shall prevent 2 or more local school boards from jointly issuing a charter to a single shared charter school, provided that all of the provisions of this Article are met as to those local school boards.

f) No local school board shall require any employee of the school district to be employed in a charter school.

g) No local school board shall require any pupil residing within the geographic boundary of its district to enroll in a charter school.

h) If there are more eligible applicants for enrollment in a charter school than there are spaces available, successful applicants shall be selected by lottery. However, priority shall be given to siblings of pupils enrolled in the charter school and to pupils who were enrolled in the
charter school the previous school year, unless expelled for cause, and priority may be given to pupils residing within the charter school's attendance boundary, if a boundary has been designated by the board of education in a city having a population exceeding 500,000. Dual enrollment at both a charter school and a public school or non-public school shall not be allowed. A pupil who is suspended or expelled from a charter school shall be deemed to be suspended or expelled from the public schools of the school district in which the pupil resides. Notwithstanding anything to the contrary in this subsection (h), any charter school with a mission exclusive to educating high school dropouts may grant priority admission to students who are high school dropouts and/or students 16 or 15 years old at risk of dropping out and any charter school with a mission exclusive to educating students from low-performing or overcrowded schools may restrict admission to students who are from low-performing or overcrowded schools. "Priority admission" for charter schools exclusively devoted to re-enrolled dropouts or students at risk of dropping out means a minimum of 90% of students enrolled shall be high school dropouts.

(i) (Blank).

(j) Notwithstanding any other provision of law to the contrary, a school district in a city having a population exceeding 500,000 shall not have a duty to collectively bargain with an exclusive representative of its employees over decisions to grant or deny a charter school proposal under Section 27A-8 of this Code, decisions to renew or revoke a charter under Section 27A-9 of this Code, and the impact of these decisions, provided that nothing in this Section shall have the effect of negating, abrogating, replacing, reducing, diminishing, or limiting in any way employee rights, guarantees, or privileges granted in Sections 2, 3, 7, 8, 10, 14, and 15 of the Illinois Educational Labor Relations Act.

(k) In this Section:

district, or a teacher seeking concurrent part-time employment positions with more than one school district (as a reading specialist, special education teacher or otherwise), or an educational support personnel employee seeking employment positions with more than one district, any such district may require the applicant to furnish authorization for the check to the regional superintendent of the educational service region in which are located the school districts in which the applicant is seeking employment as a substitute or concurrent part-time teacher or concurrent educational support personnel employee. Upon receipt of this authorization, the school district or the appropriate regional superintendent, as the case may be, shall submit the applicant's name, sex, race, date of birth, social security number, fingerprint images, and other identifiers, as prescribed by the Department of State Police, to the Department. The regional superintendent submitting the requisite information to the Department of State Police shall promptly notify the school districts in which the applicant is seeking employment as a substitute or concurrent part-time teacher or concurrent educational support personnel employee that the check of the applicant has been requested. The Department of State Police and the Federal Bureau of Investigation shall furnish, pursuant to a fingerprint-based criminal history records check, records of convictions, until expunged, to the president of the school board for the school district that requested the check, or to the regional superintendent who requested the check. The Department shall charge the school district or the appropriate regional superintendent a fee for conducting such check, which fee shall be deposited in the State Police Services Fund and shall not exceed the cost of the inquiry; and the applicant shall not be charged a fee for such check by the school district or by the regional superintendent. New matter indicated by italics - deletions by strikeout
(b) Any information concerning the record of convictions obtained by the president of the board of education or the regional superintendent shall be confidential and may only be transmitted to the general superintendent of the school district or his designee, the appropriate regional superintendent if the check was requested by the board of education for the school district, the presidents of the appropriate board of education or school boards if the check was requested from the Department of State Police by the regional superintendent, the State Superintendent of Education, the State Teacher Certification Board or any other person necessary to the decision of hiring the applicant for employment. A copy of the record of convictions obtained from the Department of State Police shall be provided to the applicant for employment. Upon the check of the Statewide Sex Offender Database, the school district or regional superintendent shall notify an applicant as to whether or not the applicant has been identified in the Database as a sex offender. If a check of an applicant for employment as a substitute or concurrent part-time teacher or concurrent educational support personnel employee in more than one school district was requested by the regional superintendent, and the Department of State Police upon a check ascertains that the applicant has not been convicted of any of the enumerated criminal or drug offenses in subsection (c) or has not been convicted, within 7 years of the application for employment with the school district, of any other felony under the laws of this State or of any offense committed or attempted in any other state or against the laws of the United States that, if committed or attempted in this State, would have been punishable as a felony under the laws of this State and so notifies the regional superintendent and if the regional superintendent upon a check ascertains that the applicant has not been identified in the Sex Offender Database as a sex offender, then the regional superintendent shall issue to the applicant a certificate evidencing that as of the date specified by the Department of State Police the applicant has not been convicted of any of the enumerated criminal or drug offenses in subsection (c) or has not been convicted, within 7 years of the application for employment with the school district, of any other felony under the laws of this State or of any offense committed or attempted in any other state or against the laws of the United States that, if committed or attempted in this State, would have been punishable as a felony under the laws of this State and evidencing that as of the date that the regional superintendent conducted a check of the Statewide Sex Offender Database, the applicant has not been identified
in the Database as a sex offender. The school board of any school district may rely on the certificate issued by any regional superintendent to that substitute teacher, concurrent part-time teacher, or concurrent educational support personnel employee or may initiate its own criminal history records check of the applicant through the Department of State Police and its own check of the Statewide Sex Offender Database as provided in subsection (a). Any person who releases any confidential information concerning any criminal convictions of an applicant for employment shall be guilty of a Class A misdemeanor, unless the release of such information is authorized by this Section.

(c) The board of education shall not knowingly employ a person who has been convicted of any offense that would subject him or her to license suspension or revocation pursuant to Section 21B-80 of this Code. Further, the board of education shall not knowingly employ a person who has been found to be the perpetrator of sexual or physical abuse of any minor under 18 years of age pursuant to proceedings under Article II of the Juvenile Court Act of 1987.

(d) The board of education shall not knowingly employ a person for whom a criminal history records check and a Statewide Sex Offender Database check has not been initiated.

(e-5) The general superintendent of schools shall, in writing, notify the State Superintendent of Education of any certificate holder whom he or she has reasonable cause to believe has committed an intentional act of abuse or neglect with the result of making a child an abused child or a neglected child, as defined in Section 3 of the Abused and Neglected Child Reporting Act, and that act resulted in the certificate holder's dismissal or resignation from the school district. This notification must be submitted within 30 days after the dismissal or resignation. The certificate holder must also be contemporaneously sent a copy of the notice by the superintendent. All correspondence, documentation, and other information so received by the State Superintendent of Education, the State Board of Education, or the State Teacher Certification Board under this subsection (e-5) is confidential and must not be disclosed to third parties, except (i) as necessary for the State Superintendent of Education or his or her designee.
to investigate and prosecute pursuant to Article 21 of this Code, (ii) pursuant to a court order, (iii) for disclosure to the certificate holder or his or her representative, or (iv) as otherwise provided in this Article and provided that any such information admitted into evidence in a hearing is exempt from this confidentiality and non-disclosure requirement. Except for an act of willful or wanton misconduct, any superintendent who provides notification as required in this subsection (e-5) shall have immunity from any liability, whether civil or criminal or that otherwise might result by reason of such action.

(f) After March 19, 1990, the provisions of this Section shall apply to all employees of persons or firms holding contracts with any school district including, but not limited to, food service workers, school bus drivers and other transportation employees, who have direct, daily contact with the pupils of any school in such district. For purposes of criminal history records checks and checks of the Statewide Sex Offender Database on employees of persons or firms holding contracts with more than one school district and assigned to more than one school district, the regional superintendent of the educational service region in which the contracting school districts are located may, at the request of any such school district, be responsible for receiving the authorization for a criminal history records check prepared by each such employee and submitting the same to the Department of State Police and for conducting a check of the Statewide Sex Offender Database for each employee. Any information concerning the record of conviction and identification as a sex offender of any such employee obtained by the regional superintendent shall be promptly reported to the president of the appropriate school board or school boards.

(g) In order to student teach in the public schools, a person is required to authorize a fingerprint-based criminal history records check and checks of the Statewide Sex Offender Database and Statewide Murderer and Violent Offender Against Youth Database prior to participating in any field experiences in the public schools. Authorization for and payment of the costs of the checks must be furnished by the student teacher. Results of the checks must be furnished to the higher education institution where the student teacher is enrolled and the general superintendent of schools.

Sec. 34-18.46. Student athletes; concussions and head injuries.

(a) The General Assembly recognizes all of the following:

(1) Concussions are one of the most commonly reported injuries in children and adolescents who participate in sports and recreational activities. The Centers for Disease Control and Prevention estimates that as many as 3,900,000 sports-related and recreation-related concussions occur in the United States each year. A concussion is caused by a blow or motion to the head or body that causes the brain to move rapidly inside the skull. The risk of catastrophic injuries or death are significant when a concussion or head injury is not properly evaluated and managed.

(2) Concussions are a type of brain injury that can range from mild to severe and can disrupt the way the brain normally works. Concussions can occur in any organized or unorganized sport or recreational activity and can result from a fall or from players colliding with each other, the ground, or with obstacles. Concussions occur with or without loss of consciousness, but the vast majority of concussions occur without loss of consciousness.

(3) Continuing to play with a concussion or symptoms of a head injury leaves a young athlete especially vulnerable to greater injury and even death. The General Assembly recognizes that, despite having generally recognized return-to-play standards for concussions and head injuries, some affected youth athletes are prematurely returned to play, resulting in actual or potential physical injury or death to youth athletes in this State.

(b) The board shall adopt a policy regarding student athlete concussions and head injuries that is in compliance with the protocols, policies, and by-laws of the Illinois High School Association. Information on the board's concussion and head injury policy must be a part of any agreement, contract, code, or other written instrument that the school district requires a student athlete and his or her parents or guardian to sign before participating in practice or interscholastic competition.

(c) The Illinois High School Association shall make available to the school district education materials, such as visual presentations and other written materials, that describe the nature and risk of concussions and head injuries. The school district shall use education materials provided by the Illinois High School Association to educate coaches, student athletes, and parents and guardians of student athletes about the nature and risk of concussions and head injuries, including continuing play after a concussion or head injury.

It may expel, suspend or, subject to the limitations of all policies established or adopted under Section 14-8.05, otherwise discipline any pupil found guilty of gross disobedience, misconduct or other violation of the by-laws, rules and regulations, including gross disobedience or misconduct perpetuated by electronic means. An expelled pupil may be immediately transferred to an alternative program in the manner provided in Article 13A or 13B of this Code. A pupil must not be denied transfer because of the expulsion, except in cases in which such transfer is deemed to cause a threat to the safety of pupils.

The Commissioner shall select such certified public accountant by advertising for bids or by such other fair and impartial means as he or she establishes by regulation.

(f) In lieu of the audit or compilation financial statement required by this Section, a licensee shall submit and the Commissioner may accept any audit made in conformance with the audit requirements of the U.S. Department of Housing and Urban Development.

(g) With respect to licensees who solely broker residential mortgage loans as defined in subsection (o) of Section 1-4, instead of the audit required by this Section, the Commissioner may accept compilation financial statements prepared at least every 12 months, and the compilation financial statement must be prepared by an independent certified public accountant licensed under the Illinois Public Accounting Act or by an equivalent state licensing law with full disclosure in accordance with generally accepted accounting principles and must be submitted within 90 days after the end of the licensee's fiscal year, or with the Nationwide Mortgage Licensing System and Registry, if applicable, pursuant to Mortgage Call Report requirements. All reports received through offices of the Department shall be forwarded to the central register, in a manner and form described by the Department. The Department shall be capable of receiving reports of suspected abuse and neglect 24 hours a day, 7 days a week. Such reports may in addition be made to the local law enforcement agency in the same manner. However, in the event a report is made to the local law enforcement agency, the reporter also shall immediately so inform the Department. The Department shall initiate an investigation of each report of resident abuse and neglect under this Act, whether oral or written, as provided for in Section 3-702 of the Nursing Home Care Act, Section 3-702 of the Specialized Mental Health Rehabilitation Act, or Section 3-702 of the ID/DD Community Care Act, except that reports of abuse which indicate that a resident's life or safety is in imminent danger shall be investigated within 24 hours of such report. The Department may delegate to law enforcement officials or other public agencies the duty to perform such investigation.

With respect to investigations of reports of suspected abuse or neglect of residents of mental health and developmental disabilities institutions under the jurisdiction of the Department of Human Services, the Department shall transmit copies of such reports to the Department of State Police, the Department of Human Services, and the Inspector General appointed under Section 1-17 of the Department of Human Services Act. When requested by the Director of the Guardianship and Advocacy Commission, the agency designated by the Governor pursuant to the Protection and Advocacy for Developmentally Disabled Persons Act, or the Department of Financial and Professional Regulation, the Department, the Department of Human Services and the Department of State Police shall make available a copy of
the final investigative report regarding investigations conducted by their respective agencies on incidents of suspected abuse or neglect of residents of mental health and developmental disabilities institutions or individuals receiving services at community agencies under the jurisdiction of the Department of Human Services. Such final investigative report shall not contain witness statements, investigation notes, draft summaries, results of lie detector tests, investigative files or other raw data which was used to compile the final investigative report. Specifically, the final investigative report of the Department of State Police shall mean the Director's final transmittal letter. The Department of Human Services shall also make available a copy of the results of disciplinary proceedings of employees involved in incidents of abuse or neglect to the Directors. All identifiable information in reports provided shall not be further disclosed except as provided by the Mental Health and Developmental Disabilities Confidentiality Act. Nothing in this Section is intended to limit or construe the power or authority granted to the agency designated by the Governor pursuant to the Protection and Advocacy for Developmentally Disabled Persons Act, pursuant to any other State or federal statute.

With respect to investigations of reported resident abuse or neglect, the Department shall effect with appropriate law enforcement agencies formal agreements concerning methods and procedures for the conduct of investigations into the criminal histories of any administrator, staff assistant or employee of the nursing home or other person responsible for the residents care, as well as for other residents in the nursing home who may be in a position to abuse, neglect or exploit the patient. Pursuant to the formal agreements entered into with appropriate law enforcement agencies, the Department may request information with respect to whether the person or persons set forth in this paragraph have ever been charged with a crime and if so, the disposition of those charges. Unless the criminal histories of the subjects involved crimes of violence or resident abuse or neglect, the Department shall be entitled only to information limited in scope to charges and their dispositions. In cases where prior crimes of violence or resident abuse or neglect are involved, a more detailed report can be made available to authorized representatives of the Department, pursuant to the agreements entered into with appropriate law enforcement agencies. Any criminal charges and their disposition information obtained by the Department shall be confidential and may not be transmitted outside the Department, except as required herein, to authorized representatives or delegates of the Department, and may not be

The Department shall adopt and implement methods and procedures to promote statewide uniformity in the handling of reports of abuse and neglect under this Act, and those methods and procedures shall be adhered to by personnel of the Department involved in such investigations and reporting. The Department shall also make information required by this Act available to authorized personnel within the Department, as well as its authorized representatives.

The Department shall keep a continuing record of all reports made pursuant to this Act, including indications of the final determination of any investigation and the final disposition of all reports.

The Department shall report annually to the General Assembly on the incidence of abuse and neglect of long term care facility residents, with special attention to residents who are mentally disabled. The report shall include but not be limited to data on the number and source of reports of suspected abuse or neglect filed under this Act, the nature of any injuries to residents, the final determination of investigations, the type and number of cases where abuse or neglect is determined to exist, and the final disposition of cases.

Sec. 3-202.5. Facility plan review; fees.

(a) Before commencing construction of a new facility or specified types of alteration or additions to an existing long term care facility involving major construction, as defined by rule by the Department, with an estimated cost greater than $100,000, architectural drawings and specifications for the facility shall be submitted to the Department for review and approval. A facility may submit architectural drawings and specifications for other construction projects for Department review according to subsection (b) that shall not be subject to fees under subsection (d). Review of drawings and specifications shall be conducted by an employee of the Department meeting the qualifications established by the Department of Central Management Services class specifications for such an individual's position or by a person contracting with the Department who meets those class specifications. Final approval of the drawings and specifications for compliance with design and construction standards shall be obtained from the Department before the alteration, addition, or new construction is begun.

(b) The Department shall inform an applicant in writing within 10 working days after receiving drawings and specifications and the required fee, if any, from the applicant whether the applicant's submission is complete or incomplete. Failure to provide the applicant with this notice within 10 working days shall result in the submission being deemed complete for purposes of initiating the 60-day review period under this Section. If the submission is incomplete, the Department shall inform the applicant of the deficiencies with the submission in writing. If the submission is complete the required fee, if any, has been paid, the Department shall approve or disapprove drawings and specifications submitted to the Department no later than 60 days following receipt by the Department. The drawings and specifications shall be of sufficient detail,
as provided by Department rule, to enable the Department to render a determination of compliance with design and construction standards under this Act. If the Department finds that the drawings are not of sufficient detail for it to render a determination of compliance, the plans shall be determined to be incomplete and shall not be considered for purposes of initiating the 60 day review period. If a submission of drawings and specifications is incomplete, the applicant may submit additional information. The 60-day review period shall not commence until the Department determines that a submission of drawings and specifications is complete or the submission is deemed complete. If the Department has not approved or disapproved the drawings and specifications within 60 days, the construction, major alteration, or addition shall be deemed approved. If the drawings and specifications are disapproved, the Department shall state in writing, with specificity, the reasons for the disapproval. The entity submitting the drawings and specifications may submit additional information in response to the written comments from the Department or request a reconsideration of the disapproval. A final decision of approval or disapproval shall be made within 45 days of the receipt of the additional information or reconsideration request. If denied, the Department shall state the specific reasons for the denial.

(c) The Department shall provide written approval for occupancy pursuant to subsection (g) and shall not issue a violation to a facility as a result of a licensure or complaint survey based upon the facility's physical structure if:

(1) the Department reviewed and approved or deemed approved the drawings and specifications for compliance with design and construction standards;
(2) the construction, major alteration, or addition was built as submitted;
(3) the law or rules have not been amended since the original approval; and
(4) the conditions at the facility indicate that there is a reasonable degree of safety provided for the residents.

(d) The Department shall charge the following fees in connection with its reviews conducted before June 30, 2004 under this Section:

New matter indicated by italics - deletions by strikeout

(4) If the estimated dollar value of the alteration, addition, or new construction is $500,000 or more but less than $1,000,000, the fee shall be the greater of $6,000 or 0.96% of that value.

(5) If the estimated dollar value of the alteration, addition, or new construction is $1,000,000 or more but less than $5,000,000, the fee shall be the greater of $9,600 or 0.22% of that value.

(6) If the estimated dollar value of the alteration, addition, or new construction is $5,000,000 or more, the fee shall be the greater of $11,000 or 0.11% of that value, but shall not exceed $40,000.

The fees provided in this subsection (d) shall not apply to major construction projects involving facility changes that are required by Department rule amendments.

The fees provided in this subsection (d) shall also not apply to major construction projects if 51% or more of the estimated cost of the project is attributed to capital equipment. For major construction projects where 51% or more of the estimated cost of the project is attributed to capital equipment, the Department shall by rule establish a fee that is reasonably related to the cost of reviewing the project.

The Department shall not commence the facility plan review process under this Section until the applicable fee has been paid.

(e) All fees received by the Department under this Section shall be deposited into the Health Facility Plan Review Fund, a special fund created in the State Treasury. All fees paid by long-term care facilities under subsection (d) shall be used only to cover the costs relating to the Department's review of long-term care facility projects under this Section. Moneys shall be appropriated from that Fund to the Department only to pay the costs of conducting reviews under this Section or under Section 3-202.5 of the ID/DD Community Care Act or under Section 3-202.5 of the Specialized Mental Health Rehabilitation Act. None of the moneys in the Health Facility Plan Review Fund shall be used to reduce the amount of General Revenue Fund moneys appropriated to the Department for facility plan reviews conducted pursuant to this Section.

(f) (1) The provisions of this amendatory Act of 1997 concerning drawings and specifications shall apply only to drawings and specifications.
(2) On and after the effective date of this amendatory Act of 1997 and before October 1, 1997, an applicant may submit or resubmit drawings and specifications to the Department and pay the fees provided in subsection (d). If an applicant pays the fees provided in subsection (d) under this paragraph (2), the provisions of subsection (b) shall apply with regard to those drawings and specifications.

(g) The Department shall conduct an on-site inspection of the completed project no later than 30 days after notification from the applicant that the project has been completed and all certifications required by the Department have been received and accepted by the Department. The Department shall provide written approval for occupancy to the applicant within 5 working days of the Department's final inspection, provided the applicant has demonstrated substantial compliance as defined by Department rule. Occupancy of new major construction is prohibited until Department approval is received, unless the Department has not acted within the time frames provided in this subsection (g), in which case the construction shall be deemed approved. Occupancy shall be authorized after any required health inspection by the Department has been conducted.

(h) The Department shall establish, by rule, a procedure to conduct interim on-site review of large or complex construction projects.

(i) The Department shall establish, by rule, an expedited process for emergency repairs or replacement of like equipment.

(j) Nothing in this Section shall be construed to apply to maintenance, upkeep, or renovation that does not affect the structural integrity of the building, does not add beds or services over the number for which the long-term care facility is licensed, and provides a reasonable degree of safety for the residents.

(Source: P.A. 96-339, eff. 7-1-10; 97-38, eff. 6-28-11; 97-227, eff. 1-1-12; revised 9-28-11.)

(210 ILCS 45/3-304.2)

Sec. 3-304.2. Designation of distressed facilities.

(a) By May 1, 2011, and quarterly thereafter, the Department shall generate and publish quarterly a list of distressed facilities. Criteria for inclusion of certified facilities on the list shall be those used by the U.S.
General Accounting Office in report 9-689, until such time as the Department by rule modifies the criteria.

(b) In deciding whether and how to modify the criteria used by the General Accounting Office, the Department shall complete a test run of any substitute criteria to determine their reliability by comparing the number of facilities identified as distressed against the number of distressed facilities generated using the criteria contained in the General Accounting Office report. The Department may not adopt substitute criteria that generate fewer facilities with a distressed designation than are produced by the General Accounting Office criteria during the test run.

(c) The Department shall, by rule, adopt criteria to identify non-Medicaid-certified facilities that are distressed and shall publish this list quarterly beginning October 1, 2011.

(d) The Department shall notify each facility of its distressed designation, and of the calculation on which it is based.

(e) A distressed facility may contract with an independent consultant meeting criteria established by the Department. If the distressed facility does not seek the assistance of an independent consultant, the Department shall place a monitor or a temporary manager in the facility, depending on the Department's assessment of the condition of the facility.

(f) Independent consultant. A facility that has been designated a distressed facility may contract with an independent consultant to develop and assist in the implementation of a plan of improvement to bring and keep the facility in compliance with this Act and, if applicable, with federal certification requirements. A facility that contracts with an independent consultant shall have 90 days to develop a plan of improvement and demonstrate a good faith effort at implementation, and another 90 days to achieve compliance and take whatever additional actions are called for in the improvement plan to maintain compliance. A facility that the Department determines has a plan of improvement likely to bring and keep the facility in compliance and that has demonstrated good faith efforts at implementation within the first 90 days may be eligible to receive a grant under the Equity in Long-term Care Quality Act to assist it in achieving and maintaining compliance. In this subsection, "independent" consultant means an individual who has no professional or financial relationship with the facility, any person with a reportable ownership interest in the facility, or any related parties. In this subsection, "related parties" has the meaning attributed to it in the instructions for completing Medicaid cost reports.
(f-5) Monitor and temporary managers. A distressed facility that does not contract with a consultant shall be assigned a monitor or a temporary manager at the Department's discretion. The cost of the temporary manager shall be paid by the facility. The temporary manager shall have the authority determined by the Department, which may grant the temporary manager any or all of the authority a court may grant a receiver. The temporary manager may apply to the Equity in Long-term Care Quality Fund for grant funds to implement the plan of improvement.

(g) The Department shall by rule establish a mentor program for owners of distressed facilities.

(h) The Department shall by rule establish sanctions (in addition to those authorized elsewhere in this Article) against distressed facilities that are not in compliance with this Act and (if applicable) with federal certification requirements. Criteria for imposing sanctions shall take into account a facility's actions to address the violations and deficiencies that caused its designation as a distressed facility, and its compliance with this Act and with federal certification requirements (if applicable), subsequent to its designation as a distressed facility, including mandatory revocations if criteria can be agreed upon by the Department, resident advocates, and representatives of the nursing home profession. By February 1, 2011, the Department shall report to the General Assembly on the results of negotiations about creating criteria for mandatory license revocations of distressed facilities and make recommendations about any statutory changes it believes are appropriate to protect the health, safety, and welfare of nursing home residents.

(i) The Department may establish by rule criteria for restricting the owner of a facility on the distressed list from acquiring additional skilled nursing facilities.

Section 310. The ID/DD Community Care Act is amended by changing Section 3-310 as follows:

(210 ILCS 47/3-310)

Sec. 3-310. Collection of penalties. All penalties shall be paid to the Department within 10 days of receipt of notice of assessment or, if the penalty is contested under Section 3-309, within 10 days of receipt of the final decision, unless the decision is appealed and the order is stayed by court order under Section 3-713. A facility choosing to waive the right to a hearing under Section 3-309 shall submit a payment totaling 65% of the original fine amount along with the written waiver. A penalty assessed
under this Act shall be collected by the Department and shall be deposited with the State Treasurer into the Long Term Care Monitor/Receiver Fund. If the person or facility against whom a penalty has been assessed does not comply with a written demand for payment within 30 days, the Director shall issue an order to do any of the following:

1. Direct the State Treasurer or Comptroller to deduct the amount of the fine from amounts otherwise due from the State for the penalty, including any payments to be made from the Developmentally Disabled Care Provider Fund established under Section 5C-7 of the Illinois Public Aid Code, and remit that amount to the Department;

2. Add the amount of the penalty to the facility's licensing fee; if the licensee refuses to make the payment at the time of application for renewal of its license, the license shall not be renewed; or

3. Bring an action in circuit court to recover the amount of the penalty.

(210 ILCS 48/3-305)

Sec. 3-305. Licensee subject to penalties; fines. The license of a facility that is in violation of this Act or any rule adopted under this Act may be subject to the penalties or fines levied by the Department as specified in this Section.

(1) A licensee who commits a Type "AA" violation as defined in Section 1-128.5 is automatically issued a conditional license for a period of 6 months to coincide with an acceptable plan of correction and assessed a fine up to $25,000 per violation.

(1.5) A licensee who commits a Type "A" violation as defined in Section 1-129 is automatically issued a conditional license for a period of 6 months to coincide with an acceptable plan of correction and assessed a fine of up to $12,500 per violation.

(2) A licensee who commits a Type "B" violation as defined in Section 1-130 shall be assessed a fine of up to $1,100 per violation.

(2.5) A licensee who commits 10 or more Type "C" violations, as defined in Section 1-132, in a single survey shall be assessed a fine of up to $250 per violation. A licensee who commits one or more Type "C" violations with a high-risk designation, as defined by rule, shall be assessed a fine of up to $500 per violation.

New matter indicated by italics - deletions by strikeout
(3) A licensee who commits a Type "AA" or Type "A" violation as defined in Section 1-128.5 or 1-129 that continues beyond the time specified in paragraph (a) of Section 3-303 which is cited as a repeat violation shall have its license revoked and shall be assessed a fine of 3 times the fine computed per resident per day under subsection (1).

(4) A licensee who fails to satisfactorily comply with an accepted plan of correction for a Type "B" violation or an administrative warning issued pursuant to Sections 3-401 through 3-413 or the rules promulgated thereunder shall be automatically issued a conditional license for a period of not less than 6 months. A second or subsequent acceptable plan of correction shall be filed. A fine shall be assessed in accordance with subsection (2) when cited for the repeat violation. This fine shall be computed for all days of the violation, including the duration of the first plan of correction compliance time.

(5) For the purpose of computing a penalty under subsections (2) through (4), the number of residents per day shall be based on the average number of residents in the facility during the 30 days preceding the discovery of the violation.

(6) When the Department finds that a provision of Article II has been violated with regard to a particular resident, the Department shall issue an order requiring the facility to reimburse the resident for injuries incurred, or $100, whichever is greater. In the case of a violation involving any action other than theft of money belonging to a resident, reimbursement shall be ordered only if a provision of Article II has been violated with regard to that or any other resident of the facility within the 2 years immediately preceding the violation in question.

(7) For purposes of assessing fines under this Section, a repeat violation shall be a violation which has been cited during one inspection of the facility for which an accepted plan of correction was not complied with or a new citation of the same rule if the licensee is not substantially addressing the issue routinely throughout the facility. Violations of the Nursing Home Care Act and the ID/DD Community Care Act shall be deemed violations of this Act.

(7.5) If an occurrence results in more than one type of violation as defined in this Act, the Nursing Home Care Act, or the ID/DD Community Care Act (that is, a Type "AA", Type "A", Type "B", or Type "C" violation), the maximum fine that may be assessed for that occurrence is the maximum fine that may be assessed for the most serious type of violation charged. For purposes of the preceding sentence, a Type "AA"
violation is the most serious type of violation that may be charged, followed by a Type "A", Type "B", or Type "C" violation, in that order.

(8) The minimum and maximum fines that may be assessed pursuant to this Section shall be twice those otherwise specified for any facility that willfully makes a misstatement of fact to the Department, or willfully fails to make a required notification to the Department, if that misstatement or failure delays the start of a survey or impedes a survey.

(9) If the Department finds that a facility has violated a provision of the Illinois Administrative Code that has a high-risk designation, or that a facility has violated the same provision of the Illinois Administrative Code 3 or more times in the previous 12 months, the Department may assess a fine of up to 2 times the maximum fine otherwise allowed.

(10) If a licensee has paid a civil monetary penalty imposed pursuant to the Medicare and Medicaid Certification Program for the equivalent federal violation giving rise to a fine under this Section, the Department shall offset the fine by the amount of the civil monetary penalty. The offset may not reduce the fine by more than 75% of the original fine, however.

Sec. 10.10. Nurse Staffing by Patient Acuity.

(a) Findings. The Legislature finds and declares all of the
following:

New matter indicated by italics - deletions by strikeout
(1) The State of Illinois has a substantial interest in promoting quality care and improving the delivery of health care services.

(2) Evidence-based studies have shown that the basic principles of staffing in the acute care setting should be based on the complexity of patients' care needs aligned with available nursing skills to promote quality patient care consistent with professional nursing standards.

(3) Compliance with this Section promotes an organizational climate that values registered nurses' input in meeting the health care needs of hospital patients.

(b) Definitions. As used in this Section:

"Acuity model" means an assessment tool selected and implemented by a hospital, as recommended by a nursing care committee, that assesses the complexity of patient care needs requiring professional nursing care and skills and aligns patient care needs and nursing skills consistent with professional nursing standards.

"Department" means the Department of Public Health.

"Direct patient care" means care provided by a registered professional nurse with direct responsibility to oversee or carry out medical regimens or nursing care for one or more patients.

"Nursing care committee" means an existing or newly created hospital-wide committee or committees of nurses whose functions, in part or in whole, contribute to the development, recommendation, and review of the hospital's nurse staffing plan established pursuant to subsection (d).

"Written staffing plan for nursing care services" means a written plan for guiding the assignment of patient care nursing staff based on multiple nurse and patient considerations that yield minimum staffing levels for inpatient care units and the adopted acuity model aligning patient care needs with nursing skills required for quality patient care consistent with professional nursing standards.

(c) Written staffing plan.

(1) Every hospital shall implement a written hospital-wide staffing plan, recommended by a nursing care committee or committees, that provides for minimum direct care professional registered nurse-to-patient staffing needs for each inpatient care
unit. The written hospital-wide staffing plan shall include, but need not be limited to, the following considerations:

(A) The complexity of complete care, assessment on patient admission, volume of patient admissions, discharges and transfers, evaluation of the progress of a patient's problems, ongoing physical assessments, planning for a patient's discharge, assessment after a change in patient condition, and assessment of the need for patient referrals.

(B) The complexity of clinical professional nursing judgment needed to design and implement a patient's nursing care plan, the need for specialized equipment and technology, the skill mix of other personnel providing or supporting direct patient care, and involvement in quality improvement activities, professional preparation, and experience.

(C) Patient acuity and the number of patients for whom care is being provided.

The report, which was developed by a steering committee of community providers, trade associations, and designated representatives from the Departments of Children and Family Services, Healthcare and Family Services, Human Services, and Public Health,

At the time of the annual registry checks, if a current employee's name has been placed on a registry with disqualifying convictions or disqualifying substantiated cases of abuse or neglect, then the employee must be terminated. Disqualifying convictions or disqualifying substantiated cases of abuse or neglect are defined for the Department of Children and Family Services' State Central Register by the Department of Children and Family Services' standards for background checks in Part 385 of Title 89 of the Illinois Administrative Code. Disqualifying convictions or disqualifying substantiated cases of abuse or neglect are defined for the Health Care Worker Registry by the Health Care Worker Background Check Act and

An insurer that issues, delivers, amends, or renews an individual or group policy of accident and health insurance in this State after the effective date of this amendatory Act of the 92nd General Assembly and arranges, contracts with, or administers contracts with a provider whereby beneficiaries are provided an incentive to use the services of such provider must include the following disclosure on its contracts and evidences of coverage: "WARNING, LIMITED BENEFITS WILL BE PAID WHEN NON-PARTICIPATING PROVIDERS ARE USED. You should be aware that when you elect to utilize the services of a non-participating provider for a covered service in non-emergency situations, benefit payments to such non-participating provider are not based upon the amount billed. Sec. 356z.21 356z.19. Tobacco use cessation programs; coverage offer.

(a) Tobacco use is the number one cause of preventable disease and death in Illinois, costing $4.1 billion annually in direct health care costs and an additional $4.35 billion in lost productivity. In Illinois, the smoking rates are highest among African Americans (25.8%). Smoking rates among lesbian, gay, and bisexual adults range from 25% to 44%. The U.S. Public Health Service Clinical Practice Guideline 2008 Update found that tobacco dependence treatments are both clinically effective and highly cost effective. A study in the Journal of Preventive Medicine concluded that comprehensive smoking cessation treatment is one of the 3 most important and cost effective preventive services that can be provided in medical practice. Greater efforts are needed to achieve more of this potential value by increasing current low levels of performance.

(b) In this Section, "tobacco use cessation program" means a program recommended by a physician that follows evidence-based treatment, such as is outlined in the United States Public Health Service guidelines for tobacco use cessation. "Tobacco use cessation program" includes education and medical treatment components designed to assist a person in ceasing the use of tobacco products. "Tobacco use cessation program" includes education and counseling by physicians or associated medical personnel and all FDA approved medications for the treatment of tobacco dependence irrespective of whether they are available only over the counter, only by prescription, or both over the counter and by prescription.

(c) On or after the effective date of this amendatory Act of the 97th General Assembly, every insurer that amends, delivers, issues, or renews group accident and health policies providing coverage for hospital or medical treatment or services on an expense-incurred basis shall offer, for an additional premium and subject to the insurer's standard of insurability, optional coverage or optional reimbursement of up to $500 annually for a tobacco use cessation program for a person enrolled in the plan who is 18 years of age or older.

(d) The coverage required by this Section shall be subject to other general exclusions and limitations of the policy, including coordination of benefits, participating provider requirements, restrictions on services provided by family or household members, utilization review of health care services, including review of medical necessity, case management,
experimental and investigational treatments, and other managed care provisions.

(e) For the coverage provided under this Section, an insurer may not penalize or reduce or limit the reimbursement of an attending provider or provide incentives, monetary or otherwise, to an attending provider to induce the provider to provide care to an insured in a manner inconsistent with the coverage under this Section.

Sec. 364.01. Qualified clinical cancer trials.

(a) No individual or group policy of accident and health insurance issued or renewed in this State may be cancelled or non-renewed for any individual based on that individual's participation in a qualified clinical cancer trial.

(b) Qualified clinical cancer trials must meet the following criteria:

(1) the effectiveness of the treatment has not been determined relative to established therapies;

(2) the trial is under clinical investigation as part of an approved cancer research trial in Phase II, Phase III, or Phase IV of investigation;

(3) the trial is:

(A) approved by the Food and Drug Administration;

or

(B) approved and funded by the National Institutes of Health, the Centers for Disease Control and Prevention, the Agency for Healthcare Research and Quality, the United States Department of Defense, the United States Department of Veterans Affairs, or the United States Department of Energy in the form of an investigational new drug application, or a cooperative group or center of any entity described in this subdivision (B); and

(4) the patient's primary care physician, if any, is involved in the coordination of care.

(c) No group policy of accident and health insurance shall exclude coverage for any routine patient care administered to an insured who is a qualified individual participating in a qualified clinical cancer trial, if the policy covers that same routine patient care of insureds not enrolled in a qualified clinical cancer trial.

New matter indicated by italics - deletions by strikeout
(d) The coverage that may not be excluded under subsection (c) of this Section is subject to all terms, conditions, restrictions, exclusions, and limitations that apply to the same routine patient care received by an insured not enrolled in a qualified clinical cancer trial, including the application of any authorization requirement, utilization review, or medical management practices. The insured or enrollee shall incur no greater out-of-pocket liability than had the insured or enrollee not enrolled in a qualified clinical cancer trial.

(e) If the group policy of accident and health insurance uses a preferred provider program and a preferred provider provides routine patient care in connection with a qualified clinical cancer trial, then the insurer may require the insured to use the preferred provider if the preferred provider agrees to provide to the insured that routine patient care.

(f) A qualified clinical cancer trial may not pay or refuse to pay for routine patient care of an individual participating in the trial, based in whole or in part on the person's having or not having coverage for routine patient care under a group policy of accident and health insurance.

(g) Nothing in this Section shall be construed to limit an insurer's coverage with respect to clinical trials.

(h) Nothing in this Section shall require coverage for out-of-network services where the underlying health benefit plan does not provide coverage for out-of-network services.

(i) As used in this Section, "routine patient care" means all health care services provided in the qualified clinical cancer trial that are otherwise generally covered under the policy if those items or services were not provided in connection with a qualified clinical cancer trial consistent with the standard of care for the treatment of cancer, including the type and frequency of any diagnostic modality, that a provider typically provides to a cancer patient who is not enrolled in a qualified clinical cancer trial. "Routine patient care" does not include, and a group policy of accident and health insurance may exclude, coverage for:

1. a health care service, item, or drug that is the subject of the cancer clinical trial;
2. a health care service, item, or drug provided solely to satisfy data collection and analysis needs for the qualified clinical cancer trial that is not used in the direct clinical management of the patient;

New matter indicated by italics - deletions by strikeout
(3) an investigational drug or device that has not been approved for market by the United States Food and Drug Administration;

(4) transportation, lodging, food, or other expenses for the patient or a family member or companion of the patient that are associated with the travel to or from a facility providing the qualified clinical cancer trial, unless the policy covers these expenses for a cancer patient who is not enrolled in a qualified clinical cancer trial;

(5) a health care service, item, or drug customarily provided by the qualified clinical cancer trial sponsors free of charge for any patient;

(6) a health care service or item, which except for the fact that it is being provided in a qualified clinical cancer trial, is otherwise specifically excluded from coverage under the insured's policy, including:

(A) costs of extra treatments, services, procedures, tests, or drugs that would not be performed or administered except for the fact that the insured is participating in the cancer clinical trial; and

(B) costs of nonhealth care services that the patient is required to receive as a result of participation in the approved cancer clinical trial;

(7) costs for services, items, or drugs that are eligible for reimbursement from a source other than a patient's contract or policy providing for third-party payment or prepayment of health or medical expenses, including the sponsor of the approved cancer clinical trial; or

(8) costs associated with approved cancer clinical trials designed exclusively to test toxicity or disease pathophysiology, unless the policy covers these expenses for a cancer patient who is not enrolled in a qualified clinical cancer trial; or

(9) a health care service or item that is eligible for reimbursement by a source other than the insured's policy, including the sponsor of the qualified clinical cancer trial.

The definitions of the terms "health care services", "Non-Preferred Provider", "Preferred Provider", and "Preferred Provider Program", stated in 50 IL Adm. Code Part 2051 Preferred Provider Programs apply to these terms in this Section.

Sec. 368a. Timely payment for health care services.
(a) This Section applies to insurers, health maintenance organizations, managed care plans, health care plans, preferred provider organizations, third party administrators, independent practice associations, and physician-hospital organizations (hereinafter referred to as "payors") that provide periodic payments, which are payments not requiring a claim, bill, capitation encounter data, or capitation reconciliation reports, such as prospective capitation payments, to health care professionals and health care facilities to provide medical or health care services for insureds or enrollees.

(1) A payor shall make periodic payments in accordance with item (3). Failure to make periodic payments within the period of time specified in item (3) shall entitle the health care professional or health care facility to interest at the rate of 9% per year from the date payment was required to be made to the date of the late payment, provided that interest amounting to less than $1 need not be paid. Any required interest payments shall be made within 30 days after the payment.

(2) When a payor requires selection of a health care professional or health care facility, the selection shall be completed by the insured or enrollee no later than 30 days after enrollment. The payor shall provide written notice of this requirement to all insureds and enrollees. Nothing in this Section shall be construed to require a payor to select a health care professional or health care facility for an insured or enrollee.

(3) A payor shall provide the health care professional or health care facility with notice of the selection as a health care professional or health care facility by an insured or enrollee and the effective date of the selection within 60 calendar days after the selection. No later than the 60th day following the date an insured or enrollee has selected a health care professional or health care facility or the date that selection becomes effective, whichever is later, or in cases of retrospective enrollment only, 30 days after notice by an employer to the payor of the selection, a payor shall

begin periodic payment of the required amounts to the insured's or enrollee's health care professional or health care facility, or the designee of either, calculated from the date of selection or the date the selection becomes effective, whichever is later. All subsequent payments shall be made in accordance with a monthly periodic cycle.

(b) Notwithstanding any other provision of this Section, independent practice associations and physician-hospital organizations shall make periodic payment of the required amounts in accordance with a monthly periodic schedule after an insured or enrollee has selected a health care professional or health care facility or after that selection becomes effective, whichever is later.

Notwithstanding any other provision of this Section, independent practice associations and physician-hospital organizations shall make all other payments for health services within 30 days after receipt of due proof of loss. Independent practice associations and physician-hospital organizations shall notify the insured, insured's assignee, health care professional, or health care facility of any failure to provide sufficient documentation for a due proof of loss within 30 days after receipt of the claim for health services.

Failure to pay within the required time period shall entitle the payee to interest at the rate of 9% per year from the date the payment is due to the date of the late payment, provided that interest amounting to less than $1 need not be paid. Any required interest payments shall be made within 30 days after the payment.

(c) All insurers, health maintenance organizations, managed care plans, health care plans, preferred provider organizations, and third party administrators shall ensure that all claims and indemnities concerning health care services other than for any periodic payment shall be paid within 30 days after receipt of due written proof of such loss. An insured, insured's assignee, health care professional, or health care facility shall be notified of any known failure to provide sufficient documentation for a due proof of loss within 30 days after receipt of the claim for health care services. Failure to pay within such period shall entitle the payee to interest at the rate of 9% per year from the 30th day after receipt of such proof of loss to the date of late payment, provided that interest amounting to less than one dollar need not be paid. Any required interest payments shall be made within 30 days after the payment.

d. Deductibles and coinsurance.

New matter indicated by italics - deletions by strikeout
The Plan coverage defined in Section 6 shall provide for a choice of deductibles per individual as authorized by the Board. If 2 individual members of the same family household, who are both covered persons under the Plan, satisfy the same applicable deductibles, no other member of that family who is also a covered person under the Plan shall be required to meet any deductibles for the balance of that calendar year. The deductibles must be applied first to the authorized amount of covered expenses incurred by the covered person. A mandatory coinsurance requirement shall be imposed at the rate authorized by the Board in excess of the mandatory deductible, the coinsurance in the aggregate not to exceed such amounts as are authorized by the Board per annum. At its discretion the Board may, however, offer catastrophic coverages or other policies that provide for larger deductibles with or without coinsurance requirements. The deductibles and coinsurance factors may be adjusted annually according to the Medical Component of the Consumer Price Index.

e. Scope of coverage.

(1) In approving any of the benefit plans to be offered by the Plan, the Board shall establish such benefit levels, deductibles, coinsurance factors, exclusions, and limitations as it may deem appropriate and that it believes to be generally reflective of and commensurate with health insurance coverage that is provided in the individual market in this State.

(2) The benefit plans approved by the Board may also provide for and employ various cost containment measures and other requirements including, but not limited to, preadmission certification, prior approval, second surgical opinions, concurrent utilization review programs, individual case management, preferred provider organizations, health maintenance organizations, and other cost effective arrangements for paying for covered expenses.

f. Preexisting conditions.

(1) Except for federally eligible individuals qualifying for Plan coverage under Section 15 of this Act or eligible persons who qualify for the waiver authorized in paragraph (3) of this subsection, plan coverage shall exclude charges or expenses incurred during the first 6 months following the effective date of coverage as to any condition for which medical advice, care or
treatment was recommended or received during the 6 month period immediately preceding the effective date of coverage.

(2) (Blank).

(3) Waiver: The preexisting condition exclusions as set forth in paragraph (1) of this subsection shall be waived to the extent to which the eligible person (a) has satisfied similar exclusions under any prior individual health insurance policy that was involuntarily terminated because of the insolvency of the issuer of the policy and (b) has applied for Plan coverage within 90 days following the involuntary termination of that individual health insurance coverage.

(4) Waiver: The preexisting condition exclusions as set forth in paragraph (1) of this subsection shall be waived to the extent to which the eligible person (a) has satisfied the exclusion under prior Comprehensive Health Insurance Plan coverage that was involuntarily terminated because of meeting a lower lifetime benefit limit and (b) has reapplied for Plan coverage within 90 days following an increase in the lifetime benefit limit set forth in Section 8 of this Act.

g. Other sources primary; nonduplication of benefits.

(1) The Plan shall be the last payor of benefits whenever any other benefit or source of third party payment is available. Subject to the provisions of subsection e of Section 7, benefits otherwise payable under Plan coverage shall be reduced by all amounts paid or payable by Medicare or any other government program or through any health insurance coverage or group health plan, whether by insurance, reimbursement, or otherwise, or through any third party liability, settlement, judgment, or award, regardless of the date of the settlement, judgment, or award, whether the settlement, judgment, or award is in the form of a contract, agreement, or trust on behalf of a minor or otherwise and whether the settlement, judgment, or award is payable to the covered person, his or her dependent, estate, personal representative, or guardian in a lump sum or over time, and by all hospital or medical expense benefits paid or payable under any worker's compensation coverage, automobile medical payment, or liability insurance, whether provided on the basis of fault or nonfault, and by any hospital or medical benefits paid or payable under or provided pursuant to any State or federal law or program.

New matter indicated by italics - deletions by strikeout
(2) The Plan shall have a cause of action against any covered person or any other person or entity for the recovery of any amount paid to the extent the amount was for treatment, services, or supplies not covered in this Section or in excess of benefits as set forth in this Section.

(3) Whenever benefits are due from the Plan because of sickness or an injury to a covered person resulting from a third party's wrongful act or negligence and the covered person has recovered or may recover damages from a third party or its insurer, the Plan shall have the right to reduce benefits or to refuse to pay benefits that otherwise may be payable by the amount of damages that the covered person has recovered or may recover regardless of the date of the sickness or injury or the date of any settlement, judgment, or award resulting from that sickness or injury.

During the pendency of any action or claim that is brought by or on behalf of a covered person against a third party or its insurer, any benefits that would otherwise be payable except for the provisions of this paragraph (3) shall be paid if payment by or for the third party has not yet been made and the covered person or, if incapable, that person's legal representative agrees in writing to pay back promptly the benefits paid as a result of the sickness or injury to the extent of any future payments made by or for the third party for the sickness or injury. This agreement is to apply whether or not liability for the payments is established or admitted by the third party or whether those payments are itemized.

Any amounts due the plan to repay benefits may be deducted from other benefits payable by the Plan after payments by or for the third party are made.

(4) Benefits due from the Plan may be reduced or refused as an offset against any amount otherwise recoverable under this Section.

h. Right of subrogation; recoveries.

(1) Whenever the Plan has paid benefits because of sickness or an injury to any covered person resulting from a third party's wrongful act or negligence, or for which an insurer is liable in accordance with the provisions of any policy of insurance, and the covered person has recovered or may recover damages from a third party that is liable for the damages, the Plan shall have the right to recover the benefits it paid from any amounts that the Plan.

New matter indicated by italics - deletions by strikeout
covered person has received or may receive regardless of the date of the sickness or injury or the date of any settlement, judgment, or award resulting from that sickness or injury. The Plan shall be subrogated to any right of recovery the covered person may have under the terms of any private or public health care coverage or liability coverage, including coverage under the Workers' Compensation Act or the Workers' Occupational Diseases Act, without the necessity of assignment of claim or other authorization to secure the right of recovery. To enforce its subrogation right, the Plan may (i) intervene or join in an action or proceeding brought by the covered person or his personal representative, including his guardian, conservator, estate, dependents, or survivors, against any third party or the third party's insurer that may be liable or (ii) institute and prosecute legal proceedings against any third party or the third party's insurer that may be liable for the sickness or injury in an appropriate court either in the name of the Plan or in the name of the covered person or his personal representative, including his guardian, conservator, estate, dependents, or survivors.

(2) If any action or claim is brought by or on behalf of a covered person against a third party or the third party's insurer, the covered person or his personal representative, including his guardian, conservator, estate, dependents, or survivors, shall notify the Plan by personal service or registered mail of the action or claim and of the name of the court in which the action or claim is brought, filing proof thereof in the action or claim. The Plan may, at any time thereafter, join in the action or claim upon its motion so that all orders of court after hearing and judgment shall be made for its protection. No release or settlement of a claim for damages and no satisfaction of judgment in the action shall be valid without the written consent of the Plan to the extent of its interest in the settlement or judgment and of the covered person or his personal representative.

(3) In the event that the covered person or his personal representative fails to institute a proceeding against any appropriate third party before the fifth month before the action would be barred, the Plan may, in its own name or in the name of the covered person or personal representative, commence a proceeding against any appropriate third party for the recovery of damages on
account of any sickness, injury, or death to the covered person. The covered person shall cooperate in doing what is reasonably necessary to assist the Plan in any recovery and shall not take any action that would prejudice the Plan's right to recovery. The Plan shall pay to the covered person or his personal representative all sums collected from any third party by judgment or otherwise in excess of amounts paid in benefits under the Plan and amounts paid or to be paid as costs, attorneys fees, and reasonable expenses incurred by the Plan in making the collection or enforcing the judgment.

(4) In the event that a covered person or his personal representative, including his guardian, conservator, estate, dependents, or survivors, recovers damages from a third party for sickness or injury caused to the covered person, the covered person or the personal representative shall pay to the Plan from the damages recovered the amount of benefits paid or to be paid on behalf of the covered person.

(5) When the action or claim is brought by the covered person alone and the covered person incurs a personal liability to pay attorney's fees and costs of litigation, the Plan's claim for reimbursement of the benefits provided to the covered person shall be the full amount of benefits paid to or on behalf of the covered person under this Act less a pro rata share that represents the Plan's reasonable share of attorney's fees paid by the covered person and that portion of the cost of litigation expenses determined by multiplying by the ratio of the full amount of the expenditures to the full amount of the judgement, award, or settlement.

(6) In the event of judgment or award in a suit or claim against a third party or insurer, the court shall first order paid from any judgement or award the reasonable litigation expenses incurred in preparation and prosecution of the action or claim, together with reasonable attorney's fees. After payment of those expenses and attorney's fees, the court shall apply out of the balance of the judgment or award an amount sufficient to reimburse the Plan the full amount of benefits paid on behalf of the covered person under this Act, provided the court may reduce and apportion the Plan's portion of the judgement proportionate to the recovery of the covered person. The burden of producing evidence sufficient to support the exercise by the court of its discretion to reduce the
amount of a proven charge sought to be enforced against the recovery shall rest with the party seeking the reduction. The court may consider the nature and extent of the injury, economic and non-economic loss, settlement offers, comparative negligence as it applies to the case at hand, hospital costs, physician costs, and all other appropriate costs. The Plan shall pay its pro rata share of the attorney fees based on the Plan's recovery as it compares to the total judgment. Any reimbursement rights of the Plan shall take priority over all other liens and charges existing under the laws of this State with the exception of any attorney liens filed under the Attorneys Lien Act.

(7) The Plan may compromise or settle and release any claim for benefits provided under this Act or waive any claims for benefits, in whole or in part, for the convenience of the Plan or if the Plan determines that collection would result in undue hardship upon the covered person.

liability company who, in any such capacity described by this subsection
(e), commits viatical settlement fraud.

Section 385. The Public Utilities Act is amended by changing Sections 2-203, 3-101, 8-104, 13-517, and 16-111.5 as follows:

New matter indicated by italics - deletions by strikeout
Sec. 2-203. Public Utility Fund base maintenance contribution. Each electric utility as defined in Section 16-102 of this Act providing service to more than 12,500 customers in this State on January 1, 1995 shall contribute annually a pro rata share of a total amount of $5,500,000 based upon the number of kilowatt-hours delivered to retail customers within this State by each such electric utility in the 12 months preceding the year of contribution. On or before May 1 of each year, the Illinois Commerce Commission shall determine and notify the Illinois Department of Revenue of the pro rata share owed by each electric utility based upon information supplied annually to the Commission. On or before June 1 of each year, the Department of Revenue shall send written notification to each electric utility of the amount of pro rata share they owe. These contributions shall be remitted to the Department of Revenue no earlier than July 1 and no later than July 31 of each year the contribution is due by a return prescribed and furnished by the Department of Revenue showing such information as the Department of Revenue may reasonably require. The Department of Revenue shall place the funds remitted under this Section in the Public Utility Fund in the State treasury. The funds received pursuant to this Section shall be subject to appropriation by the General Assembly. If an electric utility does not remit its pro rata share to the Department of Revenue, the Department of Revenue must inform the Illinois Commerce Commission of such failure. The Illinois Commerce Commission may then revoke the certification of that electric utility. This Section is repealed on January 1, 2014.

Sec. 8-104. Natural gas energy efficiency programs.

(a) It is the policy of the State that natural gas utilities and the Department of Commerce and Economic Opportunity are required to use cost-effective energy efficiency to reduce direct and indirect costs to consumers. It serves the public interest to allow natural gas utilities to
recover costs for reasonably and prudently incurred expenses for cost-effective energy efficiency measures.

(b) For purposes of this Section, "energy efficiency" means measures that reduce the amount of energy required to achieve a given end use and "cost-effective" means that the measures satisfy the total resource cost test which, for purposes of this Section, means a standard that is met if, for an investment in energy efficiency, the benefit-cost ratio is greater than one. The benefit-cost ratio is the ratio of the net present value of the total benefits of the measures to the net present value of the total costs as calculated over the lifetime of the measures. The total resource cost test compares the sum of avoided natural gas utility costs, representing the benefits that accrue to the system and the participant in the delivery of those efficiency measures, as well as other quantifiable societal benefits, including avoided electric utility costs, to the sum of all incremental costs of end use measures (including both utility and participant contributions), plus costs to administer, deliver, and evaluate each demand-side measure, to quantify the net savings obtained by substituting demand-side measures for supply resources. In calculating avoided costs, reasonable estimates shall be included for financial costs likely to be imposed by future regulation of emissions of greenhouse gases. The low-income programs described in item (4) of subsection (f) of this Section shall not be required to meet the total resource cost test.

(c) Natural gas utilities shall implement cost-effective energy efficiency measures to meet at least the following natural gas savings requirements, which shall be based upon the total amount of gas delivered to retail customers, other than the customers described in subsection (m) of this Section, during calendar year 2009 multiplied by the applicable percentage. Natural gas utilities may comply with this Section by meeting the annual incremental savings goal in the applicable year or by showing that total savings associated with measures implemented after May 31, 2011 were equal to the sum of each annual incremental savings requirement from May 31, 2011 through the end of the applicable year:

(1) 0.2% by May 31, 2012;
(2) an additional 0.4% by May 31, 2013, increasing total savings to .6%;
(3) an additional 0.6% by May 31, 2014, increasing total savings to 1.2%;
(4) an additional 0.8% by May 31, 2015, increasing total savings to 2.0%;

New matter indicated by italics - deletions by strikeout
(5) an additional 1% by May 31, 2016, increasing total savings to 3.0%;
(6) an additional 1.2% by May 31, 2017, increasing total savings to 4.2%;
(7) an additional 1.4% by May 31, 2018, increasing total savings to 5.6%;
(8) an additional 1.5% by May 31, 2019, increasing total savings to 7.1%; and
(9) an additional 1.5% in each 12-month period thereafter.

(d) Notwithstanding the requirements of subsection (c) of this Section, a natural gas utility shall limit the amount of energy efficiency implemented in any 3-year reporting period established by subsection (f) of Section 8-104 of this Act, by an amount necessary to limit the estimated average increase in the amounts paid by retail customers in connection with natural gas service to no more than 2% in the applicable 3-year reporting period. The energy savings requirements in subsection (c) of this Section may be reduced by the Commission for the subject plan, if the utility demonstrates by substantial evidence that it is highly unlikely that the requirements could be achieved without exceeding the applicable spending limits in any 3-year reporting period. No later than September 1, 2013, the Commission shall review the limitation on the amount of energy efficiency measures implemented pursuant to this Section and report to the General Assembly, in the report required by subsection (k) of this Section, its findings as to whether that limitation unduly constrains the procurement of energy efficiency measures.

(e) Natural gas utilities shall be responsible for overseeing the design, development, and filing of their efficiency plans with the Commission. The utility shall utilize 75% of the available funding associated with energy efficiency programs approved by the Commission, and may outsource various aspects of program development and implementation. The remaining 25% of available funding shall be used by the Department of Commerce and Economic Opportunity to implement energy efficiency measures that achieve no less than 20% of the requirements of subsection (c) of this Section. Such measures shall be designed in conjunction with the utility and approved by the Commission. The Department may outsource development and implementation of energy efficiency measures. A minimum of 10% of the entire portfolio of cost-effective energy efficiency measures shall be procured from local government, municipal corporations, school districts, and community
college districts. Five percent of the entire portfolio of cost-effective energy efficiency measures may be granted to local government and municipal corporations for market transformation initiatives. The Department shall coordinate the implementation of these measures and shall integrate delivery of natural gas efficiency programs with electric efficiency programs delivered pursuant to Section 8-103 of this Act, unless the Department can show that integration is not feasible.

The apportionment of the dollars to cover the costs to implement the Department's share of the portfolio of energy efficiency measures shall be made to the Department once the Department has executed grants or contracts for energy efficiency measures and provided supporting documentation for those grants and the contracts to the utility.

The details of the measures implemented by the Department shall be submitted by the Department to the Commission in connection with the utility's filing regarding the energy efficiency measures that the utility implements.

A utility providing approved energy efficiency measures in this State shall be permitted to recover costs of those measures through an automatic adjustment clause tariff filed with and approved by the Commission. The tariff shall be established outside the context of a general rate case and shall be applicable to the utility's customers other than the customers described in subsection (m) of this Section. Each year the Commission shall initiate a review to reconcile any amounts collected with the actual costs and to determine the required adjustment to the annual tariff factor to match annual expenditures.

Each utility shall include, in its recovery of costs, the costs estimated for both the utility's and the Department's implementation of energy efficiency measures. Costs collected by the utility for measures implemented by the Department shall be submitted to the Department pursuant to Section 605-323 of the Civil Administrative Code of Illinois and shall be used by the Department solely for the purpose of implementing these measures. A utility shall not be required to advance any moneys to the Department but only to forward such funds as it has collected. The Department shall report to the Commission on an annual basis regarding the costs actually incurred by the Department in the implementation of the measures. Any changes to the costs of energy efficiency measures as a result of plan modifications shall be appropriately reflected in amounts recovered by the utility and turned over to the Department.

New matter indicated by italics - deletions by strikeout
The portfolio of measures, administered by both the utilities and the Department, shall, in combination, be designed to achieve the annual energy savings requirements set forth in subsection (c) of this Section, as modified by subsection (d) of this Section.

The utility and the Department shall agree upon a reasonable portfolio of measures and determine the measurable corresponding percentage of the savings goals associated with measures implemented by the Department.

No utility shall be assessed a penalty under subsection (f) of this Section for failure to make a timely filing if that failure is the result of a lack of agreement with the Department with respect to the allocation of responsibilities or related costs or target assignments. In that case, the Department and the utility shall file their respective plans with the Commission and the Commission shall determine an appropriate division of measures and programs that meets the requirements of this Section.

If the Department is unable to meet performance requirements for the portion of the portfolio implemented by the Department, then the utility and the Department shall jointly submit a modified filing to the Commission explaining the performance shortfall and recommending an appropriate course going forward, including any program modifications that may be appropriate in light of the evaluations conducted under item (8) of subsection (f) of this Section. In this case, the utility obligation to collect the Department's costs and turn over those funds to the Department under this subsection (e) shall continue only if the Commission approves the modifications to the plan proposed by the Department.

(f) No later than October 1, 2010, each gas utility shall file an energy efficiency plan with the Commission to meet the energy efficiency standards through May 31, 2014. Every 3 years thereafter, each utility shall file, no later than October 1, an energy efficiency plan with the Commission. If a utility does not file such a plan by October 1 of the applicable year, then it shall face a penalty of $100,000 per day until the plan is filed. Each utility's plan shall set forth the utility's proposals to meet the utility's portion of the energy efficiency standards identified in subsection (c) of this Section, as modified by subsection (d) of this Section, taking into account the unique circumstances of the utility's service territory. The Commission shall seek public comment on the utility's plan and shall issue an order approving or disapproving each plan. If the Commission disapproves a plan, the Commission shall, within 30 days, describe in detail the reasons for the disapproval and describe a path
by which the utility may file a revised draft of the plan to address the Commission's concerns satisfactorily. If the utility does not refile with the Commission within 60 days after the disapproval, the utility shall be subject to penalties at a rate of $100,000 per day until the plan is filed. This process shall continue, and penalties shall accrue, until the utility has successfully filed a portfolio of energy efficiency measures. Penalties shall be deposited into the Energy Efficiency Trust Fund and the cost of any such penalties may not be recovered from ratepayers. In submitting proposed energy efficiency plans and funding levels to meet the savings goals adopted by this Act the utility shall:

(1) Demonstrate that its proposed energy efficiency measures will achieve the requirements that are identified in subsection (c) of this Section, as modified by subsection (d) of this Section.

(2) Present specific proposals to implement new building and appliance standards that have been placed into effect.

(3) Present estimates of the total amount paid for gas service expressed on a per therm basis associated with the proposed portfolio of measures designed to meet the requirements that are identified in subsection (c) of this Section, as modified by subsection (d) of this Section.

(4) Coordinate with the Department to present a portfolio of energy efficiency measures proportionate to the share of total annual utility revenues in Illinois from households at or below 150% of the poverty level. Such programs shall be targeted to households with incomes at or below 80% of area median income.

(5) Demonstrate that its overall portfolio of energy efficiency measures, not including programs covered by item (4) of this subsection (f), are cost-effective using the total resource cost test and represent a diverse cross section of opportunities for customers of all rate classes to participate in the programs.

(6) Demonstrate that a gas utility affiliated with an electric utility that is required to comply with Section 8-103 of this Act has integrated gas and electric efficiency measures into a single program that reduces program or participant costs and appropriately allocates costs to gas and electric ratepayers. The Department shall integrate all gas and electric programs it delivers in any such utilities' service territories, unless the Department can show that integration is not feasible or appropriate.
(7) Include a proposed cost recovery tariff mechanism to fund the proposed energy efficiency measures and to ensure the recovery of the prudently and reasonably incurred costs of Commission-approved programs.

(8) Provide for quarterly status reports tracking implementation of and expenditures for the utility's portfolio of measures and the Department's portfolio of measures, an annual independent review, and a full independent evaluation of the 3-year results of the performance and the cost-effectiveness of the utility's and Department's portfolios of measures and broader net program impacts and, to the extent practical, for adjustment of the measures on a going forward basis as a result of the evaluations. The resources dedicated to evaluation shall not exceed 3% of portfolio resources in any given 3-year period.

(g) No more than 3% of expenditures on energy efficiency measures may be allocated for demonstration of breakthrough equipment and devices.

(h) Illinois natural gas utilities that are affiliated by virtue of a common parent company may, at the utilities' request, be considered a single natural gas utility for purposes of complying with this Section.

(i) If, after 3 years, a gas utility fails to meet the efficiency standard specified in subsection (c) of this Section as modified by subsection (d), then it shall make a contribution to the Low-Income Home Energy Assistance Program. The total liability for failure to meet the goal shall be assessed as follows:

(1) a large gas utility shall pay $600,000;
(2) a medium gas utility shall pay $400,000; and
(3) a small gas utility shall pay $200,000.

For purposes of this Section, (i) a "large gas utility" is a gas utility that on December 31, 2008, served more than 1,500,000 gas customers in Illinois; (ii) a "medium gas utility" is a gas utility that on December 31, 2008, served fewer than 1,500,000, but more than 500,000 gas customers in Illinois; and (iii) a "small gas utility" is a gas utility that on December 31, 2008, served fewer than 500,000 and more than 100,000 gas customers in Illinois. The costs of this contribution may not be recovered from ratepayers.

If a gas utility fails to meet the efficiency standard specified in subsection (c) of this Section, as modified by subsection (d) of this Section, in any 2 consecutive 3-year planning periods, then the...
responsibility for implementing the utility's energy efficiency measures shall be transferred to an independent program administrator selected by the Commission. Reasonable and prudent costs incurred by the independent program administrator to meet the efficiency standard specified in subsection (c) of this Section, as modified by subsection (d) of this Section, may be recovered from the customers of the affected gas utilities, other than customers described in subsection (m) of this Section. The utility shall provide the independent program administrator with all information and assistance necessary to perform the program administrator's duties including but not limited to customer, account, and energy usage data, and shall allow the program administrator to include inserts in customer bills. The utility may recover reasonable costs associated with any such assistance.

(j) No utility shall be deemed to have failed to meet the energy efficiency standards to the extent any such failure is due to a failure of the Department.

(k) Not later than January 1, 2012, the Commission shall develop and solicit public comment on a plan to foster statewide coordination and consistency between statutorily mandated natural gas and electric energy efficiency programs to reduce program or participant costs or to improve program performance. Not later than September 1, 2013, the Commission shall issue a report to the General Assembly containing its findings and recommendations.

(l) This Section does not apply to a gas utility that on January 1, 2009, provided gas service to fewer than 100,000 customers in Illinois.

(m) Subsections (a) through (k) of this Section do not apply to customers of a natural gas utility that have a North American Industry Classification System code number that is 22111 or any such code number beginning with the digits 31, 32, or 33 and (i) annual usage in the aggregate of 4 million therms or more within the service territory of the affected gas utility or with aggregate usage of 8 million therms or more in this State and complying with the provisions of item (l) of this subsection (m); or (ii) using natural gas as feedstock and meeting the usage requirements described in item (i) of this subsection (m), to the extent such annual feedstock usage is greater than that 60% of the customer's total annual usage of natural gas.

(1) Customers described in this subsection (m) of this Section shall apply, on a form approved on or before October 1, 2009 by the Department, to the Department to be designated as a

self-directing customer ("SDC") or as an exempt customer using natural gas as a feedstock from which other products are made, including, but not limited to, feedstock for a hydrogen plant, on or before the 1st day of February, 2010. Thereafter, application may be made not less than 6 months before the filing date of the gas utility energy efficiency plan described in subsection (f) of this Section; however, a new customer that commences taking service from a natural gas utility after February 1, 2010 may apply to become a SDC or exempt customer up to 30 days after beginning service. Such application shall contain the following:

(A) the customer's certification that, at the time of its application, it qualifies to be a SDC or exempt customer described in this subsection (m) of this Section;

(B) in the case of a SDC, the customer's certification that it has established or will establish by the beginning of the utility's 3-year planning period commencing subsequent to the application, and will maintain for accounting purposes, an energy efficiency reserve account and that the customer will accrue funds in said account to be held for the purpose of funding, in whole or in part, energy efficiency measures of the customer's choosing, which may include, but are not limited to, projects involving combined heat and power systems that use the same energy source both for the generation of electrical or mechanical power and the production of steam or another form of useful thermal energy or the use of combustible gas produced from biomass, or both;

(C) in the case of a SDC, the customer's certification that annual funding levels for the energy efficiency reserve account will be equal to 2% of the customer's cost of natural gas, composed of the customer's commodity cost and the delivery service charges paid to the gas utility, or $150,000, whichever is less;

(D) in the case of a SDC, the customer's certification that the required reserve account balance will be capped at 3 years' worth of accruals and that the customer may, at its option, make further deposits to the account to the extent such deposit would increase the reserve account balance above the designated cap level;

New matter indicated by italics - deletions by strikeout
(E) in the case of a SDC, the customer's certification that by October 1 of each year, beginning no sooner than October 1, 2012, the customer will report to the Department information, for the 12-month period ending May 31 of the same year, on all deposits and reductions, if any, to the reserve account during the reporting year, and to the extent deposits to the reserve account in any year are in an amount less than $150,000, the basis for such reduced deposits; reserve account balances by month; a description of energy efficiency measures undertaken by the customer and paid for in whole or in part with funds from the reserve account; an estimate of the energy saved, or to be saved, by the measure; and that the report shall include a verification by an officer or plant manager of the customer or by a registered professional engineer or certified energy efficiency trade professional that the funds withdrawn from the reserve account were used for the energy efficiency measures;

(F) in the case of an exempt customer, the customer's certification of the level of gas usage as feedstock in the customer's operation in a typical year and that it will provide information establishing this level, upon request of the Department;

(G) in the case of either an exempt customer or a SDC, the customer's certification that it has provided the gas utility or utilities serving the customer with a copy of the application as filed with the Department;

(I) in the case of either an exempt customer or a SDC, a verification signed by a plant manager or an authorized corporate officer attesting to the truthfulness and accuracy of the information contained in the application.

(2) The Department shall review the application to determine that it contains the information described in provisions (A) through (I) of item (1) of this subsection (m), as applicable. The review shall be completed within 30 days after the date the

application is filed with the Department. Absent a determination by the Department within the 30-day period, the applicant shall be considered to be a SDC or exempt customer, as applicable, for all subsequent 3-year planning periods, as of the date of filing the application described in this subsection (m). If the Department determines that the application does not contain the applicable information described in provisions (A) through (I) of item (1) of this subsection (m), it shall notify the customer, in writing, of its determination that the application does not contain the required information and identify the information that is missing, and the customer shall provide the missing information within 15 working days after the date of receipt of the Department's notification.

(3) The Department shall have the right to audit the information provided in the customer's application and annual reports to ensure continued compliance with the requirements of this subsection. Based on the audit, if the Department determines the customer is no longer in compliance with the requirements of items (A) through (I) of item (1) of this subsection (m), as applicable, the Department shall notify the customer in writing of the noncompliance. The customer shall have 30 days to establish its compliance, and failing to do so, may have its status as a SDC or exempt customer revoked by the Department. The Department shall treat all information provided by any customer seeking SDC status or exemption from the provisions of this Section as strictly confidential.

(4) Upon request, or on its own motion, the Commission may open an investigation, no more than once every 3 years and not before October 1, 2014, to evaluate the effectiveness of the self-directing program described in this subsection (m).

(n) The applicability of this Section to customers described in subsection (m) of this Section is conditioned on the existence of the SDC program. In no event will any provision of this Section apply to such customers after January 1, 2020.

(a) Every Incumbent Local Exchange Carrier (telecommunications carrier that offers or provides a noncompetitive telecommunications services.)

service) shall offer or provide advanced telecommunications services to not less than 80% of its customers by January 1, 2005.

(b) The Commission is authorized to grant a full or partial waiver of the requirements of this Section upon verified petition of any Incumbent Local Exchange Carrier ("ILEC") which demonstrates that full compliance with the requirements of this Section would be unduly economically burdensome or technically infeasible or otherwise impractical in exchanges with low population density. Notice of any such petition must be given to all potentially affected customers. If no potentially affected customer requests the opportunity for a hearing on the waiver petition, the Commission may, in its discretion, allow the waiver request to take effect without hearing. The Commission shall grant such petition to the extent that, and for such duration as, the Commission determines that such waiver:

(1) is necessary:
   (A) to avoid a significant adverse economic impact on users of telecommunications services generally;
   (B) to avoid imposing a requirement that is unduly economically burdensome;
   (C) to avoid imposing a requirement that is technically infeasible; or
   (D) to avoid imposing a requirement that is otherwise impractical to implement in exchanges with low population density; and
(2) is consistent with the public interest, convenience, and necessity.

The Commission shall act upon any petition filed under this subsection within 180 days after receiving such petition. The Commission may by rule establish standards for granting any waiver of the requirements of this Section. The Commission may, upon complaint or on its own motion, hold a hearing to reconsider its grant of a waiver in whole or in part. In the event that the Commission, following hearing, determines that the affected ILEC no longer meets the requirements of item (2) of this subsection, the Commission shall by order rescind such waiver, in whole or in part. In the event and to the degree the Commission rescinds such waiver, the Commission shall establish an implementation schedule for compliance with the requirements of this Section.

(c) As used in this Section, "advanced telecommunications services" means services capable of supporting, in at least one direction, a
speed in excess of 200 kilobits per second (kbps) to the network demarcation point at the subscriber's premises.

Sec. 16-111.5. Provisions relating to procurement.

(a) An electric utility that on December 31, 2005 served at least 100,000 customers in Illinois shall procure power and energy for its eligible retail customers in accordance with the applicable provisions set forth in Section 1-75 of the Illinois Power Agency Act and this Section. A small multi-jurisdictional electric utility that on December 31, 2005 served less than 100,000 customers in Illinois may elect to procure power and energy for all or a portion of its eligible Illinois retail customers in accordance with the applicable provisions set forth in this Section and Section 1-75 of the Illinois Power Agency Act. This Section shall not apply to a small multi-jurisdictional utility until such time as a small multi-jurisdictional utility requests the Illinois Power Agency to prepare a procurement plan for its eligible retail customers. "Eligible retail customers" for the purposes of this Section means those retail customers that purchase power and energy from the electric utility under fixed-price bundled service tariffs, other than those retail customers whose service is declared or deemed competitive under Section 16-113 and those other customer groups specified in this Section, including self-generating customers, customers electing hourly pricing, or those customers who are otherwise ineligible for fixed-price bundled tariff service. Those customers that are excluded from the definition of "eligible retail customers" shall not be included in the procurement plan load requirements, and the utility shall procure any supply requirements, including capacity, ancillary services, and hourly priced energy, in the applicable markets as needed to serve those customers, provided that the utility may include in its procurement plan load requirements for the load that is associated with those retail customers whose service has been declared or deemed competitive pursuant to Section 16-113 of this Act to the extent that those customers are purchasing power and energy during one of the transition periods identified in subsection (b) of Section 16-113 of this Act.

(b) A procurement plan shall be prepared for each electric utility consistent with the applicable requirements of the Illinois Power Agency Act and this Section. For purposes of this Section, Illinois electric utilities that are affiliated by virtue of a common parent company are considered to be a single electric utility. Small multi-jurisdictional utilities may request a
procurement plan for a portion of or all of its Illinois load. Each procurement plan shall analyze the projected balance of supply and demand for eligible retail customers over a 5-year period with the first planning year beginning on June 1 of the year following the year in which the plan is filed. The plan shall specifically identify the wholesale products to be procured following plan approval, and shall follow all the requirements set forth in the Public Utilities Act and all applicable State and federal laws, statutes, rules, or regulations, as well as Commission orders. Nothing in this Section precludes consideration of contracts longer than 5 years and related forecast data. Unless specified otherwise in this Section, in the procurement plan or in the implementing tariff, any procurement occurring in accordance with this plan shall be competitively bid through a request for proposals process. Approval and implementation of the procurement plan shall be subject to review and approval by the Commission according to the provisions set forth in this Section. A procurement plan shall include each of the following components:

(1) Hourly load analysis. This analysis shall include:
   (i) multi-year historical analysis of hourly loads;
   (ii) switching trends and competitive retail market analysis;
   (iii) known or projected changes to future loads; and
   (iv) growth forecasts by customer class.

(2) Analysis of the impact of any demand side and renewable energy initiatives. This analysis shall include:
   (i) the impact of demand response programs and energy efficiency programs, both current and projected; for small multi-jurisdictional utilities, the impact of demand response and energy efficiency programs approved pursuant to Section 8-408 of this Act, both current and projected; and
   (ii) supply side needs that are projected to be offset by purchases of renewable energy resources, if any.

(3) A plan for meeting the expected load requirements that will not be met through preexisting contracts. This plan shall include:
   (i) definitions of the different Illinois retail customer classes for which supply is being purchased;

New matter indicated by italics - deletions by strikeout
(ii) the proposed mix of demand-response products for which contracts will be executed during the next year. For small multi-jurisdictional electric utilities that on December 31, 2005 served fewer than 100,000 customers in Illinois, these shall be defined as demand-response products offered in an energy efficiency plan approved pursuant to Section 8-408 of this Act. The cost-effective demand-response measures shall be procured whenever the cost is lower than procuring comparable capacity products, provided that such products shall:

(A) be procured by a demand-response provider from eligible retail customers;

(B) at least satisfy the demand-response requirements of the regional transmission organization market in which the utility's service territory is located, including, but not limited to, any applicable capacity or dispatch requirements;

(C) provide for customers' participation in the stream of benefits produced by the demand-response products;

(D) provide for reimbursement by the demand-response provider of the utility for any costs incurred as a result of the failure of the supplier of such products to perform its obligations thereunder; and

(E) meet the same credit requirements as apply to suppliers of capacity, in the applicable regional transmission organization market;

(iii) monthly forecasted system supply requirements, including expected minimum, maximum, and average values for the planning period;

(iv) the proposed mix and selection of standard wholesale products for which contracts will be executed during the next year, separately or in combination, to meet that portion of its load requirements not met through pre-existing contracts, including but not limited to monthly 5 x 16 peak period block energy, monthly off-peak wrap energy, monthly 7 x 24 energy, annual 5 x 16 energy, annual off-peak wrap energy, annual 7 x 24 energy,

New matter indicated by italics - deletions by strikeout
monthly capacity, annual capacity, peak load capacity obligations, capacity purchase plan, and ancillary services;

(v) proposed term structures for each wholesale product type included in the proposed procurement plan portfolio of products; and

(vi) an assessment of the price risk, load uncertainty, and other factors that are associated with the proposed procurement plan; this assessment, to the extent possible, shall include an analysis of the following factors: contract terms, time frames for securing products or services, fuel costs, weather patterns, transmission costs, market conditions, and the governmental regulatory environment; the proposed procurement plan shall also identify alternatives for those portfolio measures that are identified as having significant price risk.

(4) Proposed procedures for balancing loads. The procurement plan shall include, for load requirements included in the procurement plan, the process for (i) hourly balancing of supply and demand and (ii) the criteria for portfolio re-balancing in the event of significant shifts in load.

(c) The procurement process set forth in Section 1-75 of the Illinois Power Agency Act and subsection (e) of this Section shall be administered by a procurement administrator and monitored by a procurement monitor.

(1) The procurement administrator shall:

(i) design the final procurement process in accordance with Section 1-75 of the Illinois Power Agency Act and subsection (e) of this Section following Commission approval of the procurement plan;

(ii) develop benchmarks in accordance with subsection (e)(3) to be used to evaluate bids; these benchmarks shall be submitted to the Commission for review and approval on a confidential basis prior to the procurement event;

(iii) serve as the interface between the electric utility and suppliers;

(iv) manage the bidder pre-qualification and registration process;
(v) obtain the electric utilities' agreement to the final form of all supply contracts and credit collateral agreements;

(vi) administer the request for proposals process;

(vii) have the discretion to negotiate to determine whether bidders are willing to lower the price of bids that meet the benchmarks approved by the Commission; any post-bid negotiations with bidders shall be limited to price only and shall be completed within 24 hours after opening the sealed bids and shall be conducted in a fair and unbiased manner; in conducting the negotiations, there shall be no disclosure of any information derived from proposals submitted by competing bidders; if information is disclosed to any bidder, it shall be provided to all competing bidders;

(viii) maintain confidentiality of supplier and bidding information in a manner consistent with all applicable laws, rules, regulations, and tariffs;

(ix) submit a confidential report to the Commission recommending acceptance or rejection of bids;

(x) notify the utility of contract counterparties and contract specifics; and

(xi) administer related contingency procurement events.

(2) The procurement monitor, who shall be retained by the Commission, shall:

(i) monitor interactions among the procurement administrator, suppliers, and utility;

(ii) monitor and report to the Commission on the progress of the procurement process;

(iii) provide an independent confidential report to the Commission regarding the results of the procurement event;

(iv) assess compliance with the procurement plans approved by the Commission for each utility that on December 31, 2005 provided electric service to a least 100,000 customers in Illinois and for each small multi-jurisdictional utility that on December 31, 2005 served less than 100,000 customers in Illinois;

New matter indicated by italics - deletions by strikeout
(v) preserve the confidentiality of supplier and bidding information in a manner consistent with all applicable laws, rules, regulations, and tariffs;

(vi) provide expert advice to the Commission and consult with the procurement administrator regarding issues related to procurement process design, rules, protocols, and policy-related matters; and

(vii) consult with the procurement administrator regarding the development and use of benchmark criteria, standard form contracts, credit policies, and bid documents.

(d) Except as provided in subsection (j), the planning process shall be conducted as follows:

(1) Beginning in 2008, each Illinois utility procuring power pursuant to this Section shall annually provide a range of load forecasts to the Illinois Power Agency by July 15 of each year, or such other date as may be required by the Commission or Agency. The load forecasts shall cover the 5-year procurement planning period for the next procurement plan and shall include hourly data representing a high-load, low-load and expected-load scenario for the load of the eligible retail customers. The utility shall provide supporting data and assumptions for each of the scenarios.

(2) Beginning in 2008, the Illinois Power Agency shall prepare a procurement plan by August 15th of each year, or such other date as may be required by the Commission. The procurement plan shall identify the portfolio of demand-response and power and energy products to be procured. Cost-effective demand-response measures shall be procured as set forth in item (iii) of subsection (b) of this Section. Copies of the procurement plan shall be posted and made publicly available on the Agency's and Commission's websites, and copies shall also be provided to each affected electric utility. An affected utility shall have 30 days following the date of posting to provide comment to the Agency on the procurement plan. Other interested entities also may comment on the procurement plan. All comments submitted to the Agency shall be specific, supported by data or other detailed analyses, and, if objecting to all or a portion of the procurement plan, accompanied by specific alternative wording or proposals. All comments shall be posted on the Agency’s and Commission's websites. During this 30-day comment period, the Agency shall

New matter indicated by italics - deletions by strikeout
hold at least one public hearing within each utility's service area for the purpose of receiving public comment on the procurement plan. Within 14 days following the end of the 30-day review period, the Agency shall revise the procurement plan as necessary based on the comments received and file the procurement plan with the Commission and post the procurement plan on the websites.

(3) Within 5 days after the filing of the procurement plan, any person objecting to the procurement plan shall file an objection with the Commission. Within 10 days after the filing, the Commission shall determine whether a hearing is necessary. The Commission shall enter its order confirming or modifying the procurement plan within 90 days after the filing of the procurement plan by the Illinois Power Agency.

(4) The Commission shall approve the procurement plan, including expressly the forecast used in the procurement plan, if the Commission determines that it will ensure adequate, reliable, affordable, efficient, and environmentally sustainable electric service at the lowest total cost over time, taking into account any benefits of price stability.

(e) The procurement process shall include each of the following components:

(1) Solicitation, pre-qualification, and registration of bidders. The procurement administrator shall disseminate information to potential bidders to promote a procurement event, notify potential bidders that the procurement administrator may enter into a post-bid price negotiation with bidders that meet the applicable benchmarks, provide supply requirements, and otherwise explain the competitive procurement process. In addition to such other publication as the procurement administrator determines is appropriate, this information shall be posted on the Illinois Power Agency's and the Commission's websites. The procurement administrator shall also administer the prequalification process, including evaluation of credit worthiness, compliance with procurement rules, and agreement to the standard form contract developed pursuant to paragraph (2) of this subsection (e). The procurement administrator shall then identify and register bidders to participate in the procurement event.

(2) Standard contract forms and credit terms and instruments. The procurement administrator, in consultation with
the utilities, the Commission, and other interested parties and subject to Commission oversight, shall develop and provide standard contract forms for the supplier contracts that meet generally accepted industry practices. Standard credit terms and instruments that meet generally accepted industry practices shall be similarly developed. The procurement administrator shall make available to the Commission all written comments it receives on the contract forms, credit terms, or instruments. If the procurement administrator cannot reach agreement with the applicable electric utility as to the contract terms and conditions, the procurement administrator must notify the Commission of any disputed terms and the Commission shall resolve the dispute. The terms of the contracts shall not be subject to negotiation by winning bidders, and the bidders must agree to the terms of the contract in advance so that winning bids are selected solely on the basis of price.

(3) Establishment of a market-based price benchmark. As part of the development of the procurement process, the procurement administrator, in consultation with the Commission staff, Agency staff, and the procurement monitor, shall establish benchmarks for evaluating the final prices in the contracts for each of the products that will be procured through the procurement process. The benchmarks shall be based on price data for similar products for the same delivery period and same delivery hub, or other delivery hubs after adjusting for that difference. The price benchmarks may also be adjusted to take into account differences between the information reflected in the underlying data sources and the specific products and procurement process being used to procure power for the Illinois utilities. The benchmarks shall be confidential but shall be provided to, and will be subject to Commission review and approval, prior to a procurement event.

(4) Request for proposals competitive procurement process. The procurement administrator shall design and issue a request for proposals to supply electricity in accordance with each utility's procurement plan, as approved by the Commission. The request for proposals shall set forth a procedure for sealed, binding commitment bidding with pay-as-bid settlement, and provision for selection of bids on the basis of price.

(5) A plan for implementing contingencies in the event of supplier default or failure of the procurement process to fully meet

New matter indicated by italics - deletions by strikeout
the expected load requirement due to insufficient supplier participation, Commission rejection of results, or any other cause.

(i) Event of supplier default: In the event of supplier default, the utility shall review the contract of the defaulting supplier to determine if the amount of supply is 200 megawatts or greater, and if there are more than 60 days remaining of the contract term. If both of these conditions are met, and the default results in termination of the contract, the utility shall immediately notify the Illinois Power Agency that a request for proposals must be issued to procure replacement power, and the procurement administrator shall run an additional procurement event. If the contracted supply of the defaulting supplier is less than 200 megawatts or there are less than 60 days remaining of the contract term, the utility shall procure power and energy from the applicable regional transmission organization market, including ancillary services, capacity, and day-ahead or real time energy, or both, for the duration of the contract term to replace the contracted supply; provided, however, that if a needed product is not available through the regional transmission organization market it shall be purchased from the wholesale market.

(ii) Failure of the procurement process to fully meet the expected load requirement: If the procurement process fails to fully meet the expected load requirement due to insufficient supplier participation or due to a Commission rejection of the procurement results, the procurement administrator, the procurement monitor, and the Commission staff shall meet within 10 days to analyze potential causes of low supplier interest or causes for the Commission decision. If changes are identified that would likely result in increased supplier participation, or that would address concerns causing the Commission to reject the results of the prior procurement event, the procurement administrator may implement those changes and rerun the request for proposals process according to a schedule determined by those parties and consistent with Section 1-75 of the Illinois Power Agency Act and this subsection. In any event, a new request for proposals process shall be

New matter indicated by italics - deletions by strikeout
implemented by the procurement administrator within 90 days after the determination that the procurement process has failed to fully meet the expected load requirement.

(iii) In all cases where there is insufficient supply provided under contracts awarded through the procurement process to fully meet the electric utility's load requirement, the utility shall meet the load requirement by procuring power and energy from the applicable regional transmission organization market, including ancillary services, capacity, and day-ahead or real time energy or both; provided, however, that if a needed product is not available through the regional transmission organization market it shall be purchased from the wholesale market.

(6) The procurement process described in this subsection is exempt from the requirements of the Illinois Procurement Code, pursuant to Section 20-10 of that Code.

(f) Within 2 business days after opening the sealed bids, the procurement administrator shall submit a confidential report to the Commission. The report shall contain the results of the bidding for each of the products along with the procurement administrator's recommendation for the acceptance and rejection of bids based on the price benchmark criteria and other factors observed in the process. The procurement monitor also shall submit a confidential report to the Commission within 2 business days after opening the sealed bids. The report shall contain the procurement monitor's assessment of bidder behavior in the process as well as an assessment of the procurement administrator's compliance with the procurement process and rules. The Commission shall review the confidential reports submitted by the procurement administrator and procurement monitor, and shall accept or reject the recommendations of the procurement administrator within 2 business days after receipt of the reports.

(g) Within 3 business days after the Commission decision approving the results of a procurement event, the utility shall enter into binding contractual arrangements with the winning suppliers using the standard form contracts; except that the utility shall not be required either directly or indirectly to execute the contracts if a tariff that is consistent with subsection (l) of this Section has not been approved and placed into effect for that utility.
(h) The names of the successful bidders and the load weighted average of the winning bid prices for each contract type and for each contract term shall be made available to the public at the time of Commission approval of a procurement event. The Commission, the procurement monitor, the procurement administrator, the Illinois Power Agency, and all participants in the procurement process shall maintain the confidentiality of all other supplier and bidding information in a manner consistent with all applicable laws, rules, regulations, and tariffs. Confidential information, including the confidential reports submitted by the procurement administrator and procurement monitor pursuant to subsection (f) of this Section, shall not be made publicly available and shall not be discoverable by any party in any proceeding, absent a compelling demonstration of need, nor shall those reports be admissible in any proceeding other than one for law enforcement purposes.

(i) Within 2 business days after a Commission decision approving the results of a procurement event or such other date as may be required by the Commission from time to time, the utility shall file for informational purposes with the Commission its actual or estimated retail supply charges, as applicable, by customer supply group reflecting the costs associated with the procurement and computed in accordance with the tariffs filed pursuant to subsection (l) of this Section and approved by the Commission.

(j) Within 60 days following the effective date of this amendatory Act, each electric utility that on December 31, 2005 provided electric service to at least 100,000 customers in Illinois shall prepare and file with the Commission an initial procurement plan, which shall conform in all material respects to the requirements of the procurement plan set forth in subsection (b); provided, however, that the Illinois Power Agency Act shall not apply to the initial procurement plan prepared pursuant to this subsection. The initial procurement plan shall identify the portfolio of power and energy products to be procured and delivered for the period June 2008 through May 2009, and shall identify the proposed procurement administrator, who shall have the same experience and expertise as is required of a procurement administrator hired pursuant to Section 1-75 of the Illinois Power Agency Act. Copies of the procurement plan shall be posted and made publicly available on the Commission's website. The initial procurement plan may include contracts for renewable resources that extend beyond May 2009.
(i) Within 14 days following filing of the initial procurement plan, any person may file a detailed objection with the Commission contesting the procurement plan submitted by the electric utility. All objections to the electric utility's plan shall be specific, supported by data or other detailed analyses. The electric utility may file a response to any objections to its procurement plan within 7 days after the date objections are due to be filed. Within 7 days after the date the utility's response is due, the Commission shall determine whether a hearing is necessary. If it determines that a hearing is necessary, it shall require the hearing to be completed and issue an order on the procurement plan within 60 days after the filing of the procurement plan by the electric utility.

(ii) The order shall approve or modify the procurement plan, approve an independent procurement administrator, and approve or modify the electric utility's tariffs that are proposed with the initial procurement plan. The Commission shall approve the procurement plan if the Commission determines that it will ensure adequate, reliable, affordable, efficient, and environmentally sustainable electric service at the lowest total cost over time, taking into account any benefits of price stability.

(k) In order to promote price stability for residential and small commercial customers during the transition to competition in Illinois, and notwithstanding any other provision of this Act, each electric utility subject to this Section shall enter into one or more multi-year financial swap contracts that become effective on the effective date of this amendatory Act. These contracts may be executed with generators and power marketers, including affiliated interests of the electric utility. These contracts shall be for a term of no more than 5 years and shall, for each respective utility or for any Illinois electric utilities that are affiliated by virtue of a common parent company and that are thereby considered a single electric utility for purposes of this subsection (k), not exceed in the aggregate 3,000 megawatts for any hour of the year. The contracts shall be financial contracts and not energy sales contracts. The contracts shall be executed as transactions under a negotiated master agreement based on the form of master agreement for financial swap contracts sponsored by the International Swaps and Derivatives Association, Inc. and shall be considered pre-existing contracts in the utilities' procurement plans for residential and small commercial customers. Costs incurred pursuant to a contract authorized by this subsection (k) shall be deemed prudently

New matter indicated by italics - deletions by strikeout
incurred and reasonable in amount and the electric utility shall be entitled to full cost recovery pursuant to the tariffs filed with the Commission.

(k-5) In order to promote price stability for residential and small commercial customers during the infrastructure investment program described in subsection (b) of Section 16-108.5 of this Act, and notwithstanding any other provision of this Act or the Illinois Power Agency Act, for each electric utility that serves more than one million retail customers in Illinois, the Illinois Power Agency shall conduct a procurement event within 120 days after October 26, 2011 (the effective date of Public Act 97-616) this amendatory Act of the 97th General Assembly and may procure contracts for energy and renewable energy credits for the period June 1, 2013 through December 31, 2017 that satisfy the requirements of this subsection (k-5), including the benchmarks described in this subsection. These contracts shall be entered into as the result of a competitive procurement event, and, to the extent that any provisions of this Section or the Illinois Power Agency Act do not conflict with this subsection (k-5), such provisions shall apply to the procurement event. The energy contracts shall be for 24 hour by 7 day supply over a term that runs from the first delivery year through December 31, 2017. For a utility that serves over 2 million customers, the energy contracts shall be multi-year with pricing escalating at 2.5% per annum. The energy contracts may be designed as financial swaps or may require physical delivery.

Within 30 days of October 26, 2011 (the effective date of Public Act 97-616) this amendatory Act of the 97th General Assembly, each such utility shall submit to the Agency updated load forecasts for the period June 1, 2013 through December 31, 2017. The megawatt volume of the contracts shall be based on the updated load forecasts of the minimum monthly on-peak or off-peak average load requirements shown in the forecasts, taking into account any existing energy contracts in effect as well as the expected migration of the utility's customers to alternative retail electric suppliers. The renewable energy credit volume shall be based on the number of credits that would satisfy the requirements of subsection (c) of Section 1-75 of the Illinois Power Agency Act, subject to the rate impact caps and other provisions of subsection (c) of Section 1-75 of the Illinois Power Agency Act. The evaluation of contract bids in the competitive procurement events for energy and for renewable energy credits shall incorporate price benchmarks set collaboratively by the Agency, the procurement administrator, the staff of the Commission, and

New matter indicated by italics - deletions by strikeout
the procurement monitor. If the contracts are swap contracts, then they shall be executed as transactions under a negotiated master agreement based on the form of master agreement for financial swap contracts sponsored by the International Swaps and Derivatives Association, Inc. Costs incurred pursuant to a contract authorized by this subsection (k-5) shall be deemed prudently incurred and reasonable in amount and the electric utility shall be entitled to full cost recovery pursuant to the tariffs filed with the Commission.

The cost of administering the procurement event described in this subsection (k-5) shall be paid by the winning supplier or suppliers to the procurement administrator through a supplier fee. In the event that there is no winning supplier for a particular utility, such utility will pay the procurement administrator for the costs associated with the procurement event, and those costs shall not be a recoverable expense. Nothing in this subsection (k-5) is intended to alter the recovery of costs for any other procurement event.

(l) An electric utility shall recover its costs incurred under this Section, including, but not limited to, the costs of procuring power and energy demand-response resources under this Section. The utility shall file with the initial procurement plan its proposed tariffs through which its costs of procuring power that are incurred pursuant to a Commission-approved procurement plan and those other costs identified in this subsection (l), will be recovered. The tariffs shall include a formula rate or charge designed to pass through both the costs incurred by the utility in procuring a supply of electric power and energy for the applicable customer classes with no mark-up or return on the price paid by the utility for that supply, plus any just and reasonable costs that the utility incurs in arranging and providing for the supply of electric power and energy. The formula rate or charge shall also contain provisions that ensure that its application does not result in over or under recovery due to changes in customer usage and demand patterns, and that provide for the correction, on at least an annual basis, of any accounting errors that may occur. A utility shall recover through the tariff all reasonable costs incurred to implement or comply with any procurement plan that is developed and put into effect pursuant to Section 1-75 of the Illinois Power Agency Act and this Section, including any fees assessed by the Illinois Power Agency, costs associated with load balancing, and contingency plan costs. The electric utility shall also recover its full costs of procuring electric supply for which it contracted before the effective date of this Section in
conjunction with the provision of full requirements service under fixed-price bundled service tariffs subsequent to December 31, 2006. All such costs shall be deemed to have been prudently incurred. The pass-through tariffs that are filed and approved pursuant to this Section shall not be subject to review under, or in any way limited by, Section 16-111(i) of this Act.

(m) The Commission has the authority to adopt rules to carry out the provisions of this Section. For the public interest, safety, and welfare, the Commission also has authority to adopt rules to carry out the provisions of this Section on an emergency basis immediately following the effective date of this amendatory Act.

(n) Notwithstanding any other provision of this Act, any affiliated electric utilities that submit a single procurement plan covering their combined needs may procure for those combined needs in conjunction with that plan, and may enter jointly into power supply contracts, purchases, and other procurement arrangements, and allocate capacity and energy and cost responsibility therefor among themselves in proportion to their requirements.

(o) On or before June 1 of each year, the Commission shall hold an informal hearing for the purpose of receiving comments on the prior year's procurement process and any recommendations for change.

(p) An electric utility subject to this Section may propose to invest, lease, own, or operate an electric generation facility as part of its procurement plan, provided the utility demonstrates that such facility is the least-cost option to provide electric service to eligible retail customers. If the facility is shown to be the least-cost option and is included in a procurement plan prepared in accordance with Section 1-75 of the Illinois Power Agency Act and this Section, then the electric utility shall make a filing pursuant to Section 8-406 of this Act, and may request of the Commission any statutory relief required thereunder. (39) Requiring a party to a transaction who is not a client of the licensee to allow the licensee to retain a portion of the escrow moneys for payment of the licensee's commission or expenses as a condition for release of the escrow moneys to that party.

(40) Disregarding or violating any provision of this Act or the published rules promulgated by the Department to enforce this Act or aiding or abetting any individual, partnership, registered limited liability partnership, limited liability company, or corporation in disregarding any provision of this Act or the published rules promulgated by the Department to enforce this Act.

(41) Failing to provide the minimum services required by Section 15-75 of this Act when acting under an exclusive brokerage agreement.

(42) Habitual or excessive use or addiction to alcohol, narcotics, stimulants, or any other chemical agent or drug that results in a managing broker, broker, salesperson, or leasing agent's inability to practice with reasonable skill or safety.

(b) The Department may refuse to issue or renew or may suspend the license of any person who fails to file a return, pay the tax, penalty or interest shown in a filed return, or pay any final assessment of tax, penalty, or interest, as required by any tax Act administered by the Department of Revenue, until such time as the requirements of that tax Act are satisfied in accordance with subsection (g) of Section 2105-15 of the Civil Administrative Code of Illinois.

item (5) of subsection (g) of Section 2105-15 of the Civil Administrative Code of Illinois.

(e) In enforcing this Section, the Department or Board upon a showing of a possible violation may compel an individual licensed to practice under this Act, or who has applied for licensure under this Act, to submit to a mental or physical examination, or both, as required by and at the expense of the Department. The Department or Board may order the examining physician to present testimony concerning the mental or physical examination of the licensee or applicant. No information shall be excluded by reason of any common law or statutory privilege relating to communications between the licensee or applicant and the examining physician. The examining physicians shall be specifically designated by the Board or Department. The individual to be examined may have, at his or her own expense, another physician of his or her choice present during all aspects of this examination. Failure of an individual to submit to a mental or physical examination, when directed, shall be grounds for suspension of his or her license until the individual submits to the examination if the Department finds, after notice and hearing, that the refusal to submit to the examination was without reasonable cause.

If the Department or Board finds an individual unable to practice because of the reasons set forth in this Section, the Department or Board may require that individual to submit to care, counseling, or treatment by physicians approved or designated by the Department or Board, as a condition, term, or restriction for continued, reinstated, or renewed licensure to practice; or, in lieu of care, counseling, or treatment, the Department may file, or the Board may recommend to the Department to file, a complaint to immediately suspend, revoke, or otherwise discipline the license of the individual. An individual whose license was granted, continued, reinstated, renewed, disciplined or supervised subject to such terms, conditions, or restrictions, and who fails to comply with such terms, conditions, or restrictions, shall be referred to the Secretary for a determination as to whether the individual shall have his or her license suspended immediately, pending a hearing by the Department.

In instances in which the Secretary immediately suspends a person's license under this Section, a hearing on that person's license must be convened by the Department within 30 days after the suspension and completed without appreciable delay. The Department and Board shall have the authority to review the subject individual's record of treatment and counseling regarding the impairment to the extent permitted by
applicable federal statutes and regulations safeguarding the confidentiality of medical records.

An individual licensed under this Act and affected under this Section shall be afforded an opportunity to demonstrate to the Department or Board that he or she can resume practice in compliance with acceptable and prevailing standards under the provisions of his or her license.

Section 465. The Private Employment Agency Act is amended by changing Sections 4 and 5 as follows:

(225 ILCS 515/4) (from Ch. 111, par. 904)
Sec. 4. It shall be unlawful for any person to act as an employment counsellor, or to advertise, or assume to act as an employment counsellor, without first obtaining a license as such employment counsellor, from the Department of Labor. It shall be unlawful for any person to engage in, operate or carry on the business of an employment agency unless each employee of such agency, who furnishes information to any person as to where employees or employment may be obtained or found, is a licensed employment counsellor. Where the license to conduct an employment agency is issued to a corporation and any officer of the corporation performs any function defined as those to be performed by an employment counsellor, he shall be considered an employee of the corporation and shall be required to secure a license as an employment counsellor.

Every person who desires to obtain a license, as employment counsellor, shall apply therefor to the Department of Labor, in writing, upon application blanks prepared and furnished by the Department of Labor. Each applicant shall set out in said application blanks such information as the Department may require, and said applications shall be accompanied by a permit fee of $50 and the affidavits of two persons of business or professional integrity. Such affiants shall state that they have known the applicant for a period of two years and that the applicant is a person of good moral character.

The Department shall issue to such person a temporary permit to act as an employment counsellor which permit shall be valid for 90 days pending examination of such person when:

(a) the applicant is employed by an employment agency, and the application states the name and address of such employment agency; and

(b) the applicant declares under oath his intention that he will complete the examination for the employment agency counsellor's license on a date scheduled for such examination by the Department of Labor within 60 days of the date of application.

Commencing January 1, 1974 the Department shall not issue a license to act as an employment counsellor to any person not previously licensed as such employment counsellor on such date unless he has taken and successfully completed a written examination based upon this Act. The Department of Labor shall conduct such examination at such times and places as it shall determine, but not less than once each month. The examination shall test the applicant's knowledge of the employment agency law, pertinent labor laws and laws against discrimination in employment. Upon successful completion of the
written examination and providing the requirements of this Section are met, the Department shall issue a license to act as an employment counsellor and no additional licensing fee shall be required.

In the event of failure to appear for the examination as scheduled or if the applicant appears and fails to pass, such person shall pay a fee of $10 for rescheduling at a later date. No person may be rescheduled for examination more than twice in any calendar year except in the event that he has failed to appear for examination and such failure to appear was not willful but was the result of illness of the applicant or a member of his immediate family or of some other emergency.

The Department of Labor may require such other proof as to the honesty, truthfulness and integrity of the applicant, as may be deemed necessary and desirable. If the applicant is shown to be honest, truthful and of known integrity, and has successfully completed the written examination required under this Section, the Department of Labor shall issue a license, which license shall set out the true name and address of the applicant, the name of the Employment agency by whom he is employed, and such additional information as the Department may prescribe. The license issued shall authorize the person named therein to act as an employment counsellor. Such license may be renewed at the end of each year by the payment of a renewal fee of $25.

The applicant must furnish satisfactory proof to the Department that he has never been a party to any fraud, has no jail record, belongs to no subversive societies and is of good moral character and business integrity.

In determining honesty, truthfulness, integrity, moral character and business integrity under this Section, the Department may take into consideration any felony conviction of the applicant, but such a conviction shall not operate as a bar to licensing.

The license of the employment counsellor shall be mailed to the employment agency by which he is employed, and shall be kept in the office of such agency and produced for inspection by any agent of the Department of Labor, at any time during business hours.

The Department of Labor, upon its own motion, or upon the filing of a verified complaint with the department, by any person, accompanied by such evidence, documentary or otherwise, as makes out a prima facie case that the licensee is unworthy to hold a license, shall notify the employment counsellor in writing that the question of his honesty, truthfulness, integrity, moral character, business integrity or felony

conviction is to be reopened and determined, de novo. This notice shall be served by delivering a copy to the licensed person, or by mailing a copy to him, by registered mail, at his last known business address. Thereupon, the Department of Labor shall require further proof of the licensee's honesty, truthfulness, integrity, moral character and business integrity, and if the proof is not satisfactory to the Department of Labor, it shall revoke his license.

If any employment counsellor is discharged or terminates his employment with the agency by which he is employed, such agency shall immediately deliver, or forward by mail, the employment counsellor's license, to the Department of Labor, together with the reasons for his discharge, if he was discharged. Failure to state that the employment counsellor was discharged will be conclusively presumed to indicate that he terminated his services voluntarily. Thereafter, it shall be unlawful for the employment counsellor to exercise any rights or privileges under such license, unless the Department of Labor transfers his license to another employment agency.

Each employment counsellor shall notify the Department of Labor of any change in his residence address. Failure to give such notice shall automatically work a revocation of his license.

The Department may refuse to issue or may suspend the license of any person who fails to file a return, or to pay the tax, penalty or interest shown in a filed return, or to pay any final assessment of tax, penalty or interest, as required by any tax Act administered by the Illinois Department of Revenue, until such time as the requirements of any such tax Act are satisfied.

Any person who violates any provisions of this section or who testifies falsely as to any matter required by the provisions of this section or of this Act, is guilty of a Class B misdemeanor.

(225 ILCS 515/5) (from Ch. 111, par. 905)

Sec. 5. No such licensee shall charge a registration fee without having first obtained a permit to charge such registration fee from the Department of Labor. Any such licensee desiring to charge a registration fee shall make application in writing to the Department of Labor, and shall set out in the application the type of applicants from whom they intend to accept a registration fee, the amount of the fee to be charged, and shall furnish any other information on the subject that the Department of Labor

may deem necessary to enable it to determine whether the agency's business methods and past record entitle the agency to a permit.

It is the duty of the Department of Labor to make an investigation, upon receipt of the application, as to the truthfulness of the application and the necessity of the charge of a registration fee; and if it is shown that the agency's method of doing business is of such a nature that a permit to charge a registration fee is necessary, and that the agency's record has been reasonable and fair, then the Department of Labor shall grant a permit to such agency. Such permit shall remain in force until revoked for cause. No permit shall be granted until after 10 days from the date of filing of the application.

When a permit is granted, such licensed person may charge a registration fee not to exceed $4. In all such cases a complete record of all such registration fees and references of applicants shall be kept on file, which record shall, during all business hours, be open for the inspection of the Department of Labor. It is the duty of such licensee to communicate in writing with at least 2 of the persons mentioned as reference by every applicant from whom a registration fee is accepted. Failure on the part of a licensee to make such investigation shall be deemed cause to revoke the permit to charge a registration fee. For such registration fee a receipt shall be given to the applicant for employees or employment, and shall state therein the name of such applicant, date and amount of payment, the character of position or employee applied for, and the name and address of such agency. If no position has been furnished by the licensed agency to the applicant, then the registration fee shall be returned to the applicant on demand after 30 days and within 6 months from the date of receipt thereof, less the amount that has been actually expended by the licensee in checking the references of the applicant, and an itemized account of such expenditures shall be presented to the applicant on request at the time of returning the unused portion of such registration fee.

Any such permit granted by the Department of Labor may be revoked by it upon due notice to the holder of said permit and due cause shown and hearing thereon.

No such licensee shall, as a condition to registering or obtaining employment for such applicant, require such applicant to subscribe to any publication or to any postal card service, or advertisement, or exact any other fees, compensation or reward, (except that in the case of applicants for positions paying salaries of $5,000 or more per annum, where the agency has secured from the Department of Labor a permit to furnish a

letter service in accordance with regulations of the department governing the furnishing of such service, a special fee not to exceed $250, to be credited on the fee charged for any placement resulting from such letter service, may be charged for furnishing such letter service) other than the aforesaid registration fee and a further fee, called a placement fee, the amount of which shall be agreed upon between such applicant and such licensee to be payable at such time as may be agreed upon in writing. The employment agency shall furnish to each applicant a copy of any contract or any form he signs with the agency regarding the method of payment of the placement or employment service fee. Such contract or form shall contain the name and address of such agency, and such other information as the Department of Labor may deem proper. The contract or form or copy thereof furnished the applicant must state immediately above, below or close to the place provided for the signature of the applicant that he has received a copy of the contract or form and his signature shall acknowledge receipt thereof. The placement or employment service fee shall not be received by such licensee before the applicant has accepted a position tendered by the employer. A copy of each contract or other form to which the applicant becomes a party with the licensee shall be given to the applicant by the licensee at the time of executing such contract or document and on any such form on which the word acceptance appears, and such contract or other form shall have the definition of acceptance as defined by this Act printed in not less than 10 point type immediately following the word acceptance. In the event the position so tendered is not accepted by or given to such applicant, the licensee shall refund all fees paid other than the registration fee and special fee aforesaid, within 3 days of demand therefor. The fee charged for placing an applicant in domestic service shall be a single fee for each placement and shall be based upon the applicant's compensation or salary for a period not to exceed one year.

No such licensee shall send out any applicant for employment unless the licensee has a bona fide job order for such employment and the job order is valid in accordance with the renewal requirements of Section 3 of this Act. If no position of the kind applied for was open at the place where the applicant was directed, then the licensee shall refund to such applicant on demand any sum paid or expended by the applicant for transportation in going to and returning from the place, and all fees paid by the applicant. However, in the event a substitute position is taken, the fee to be charged shall be computed on the salary agreed upon for such position.

New matter indicated by italics - deletions by strikeout
In addition to the receipt herein provided to be given for a registration fee, it shall be the duty of such licensee to give to every applicant for employment or employees from whom other fee, or fees shall be received, an additional receipt in which shall be stated the name of the applicant, the amount paid and the date of payment. All such receipts shall be in duplicate, numbered consecutively, shall contain the name and address of such agency, and such other information as the Department of Labor may deem proper. The duplicate receipt shall be kept on file in the agency for at least one year.

Every such licensee shall give to every applicant, who is sent out for a job or for an interview with a prospective employer, a card or printed paper or letter of introduction which shall be called a "referral slip" containing the name of the applicant, the name and address of the employer to whom the applicant is sent for employment, the name and address of the agency, the name of the person referring the applicant, and the probable duration of the work, whether temporary or permanent. The referral slip shall contain a blank space in which the employment counselor shall insert and specify in a prominent and legible manner whether the employment service fee is to be paid by the applicant or by the employer, or in the case of a split-fee, the percentage of the fee to be paid by the applicant and the percentage of the fee to be paid by the employer, or shall state whether the fee is to be negotiable between the employer and the employee. A duplicate of all such referral slips shall be kept on file in the agency for a period of one year. In the event that the applicant is referred to a job or to a prospective employer by telephone or telegraph, the referral slip shall be mailed to the applicant and to the prospective employer before the close of the business day on which the telephoned or telegraphed referral was given. No person shall be sent out for a job or to interview a prospective employer unless he has been personally interviewed by the agency or has corresponded with the agency with the purpose of securing employment.

If the employer pays the fee, and the employee fails to remain in the position for a period of 30 days, such licensee shall refund to the employer all fees, less an amount equal to 25% of the total salary or wages paid such employee during the period of such employment, within 3 days after the licensed person has been notified of the employee's failure to remain in the employment, provided such 25% does not exceed the amount charged for a permanent position of like nature.

New matter indicated by italics - deletions by strikeout
If the employee pays the fee and is discharged at any time within 30 days for any reason other than intoxication, dishonesty, unexcused tardiness, unexcused absenteeism or insubordination, or otherwise fails to remain in the position for a period of 30 days, thru no fault of his own, such licensee shall refund to the employee all fees less an amount equal to 25% of the total salary or wages paid such employee during the period of such employment within 3 days of the time such licensee has been notified of the employee's failure to remain in the employment, provided the 25% does not exceed the charge for a permanent position of like nature. All refunds shall be in cash or negotiable check.

If the employee has promised his prospective employer to report to work at a definite time and place and then fails to report to work, such circumstances shall be considered prima facie evidence that the employee has accepted the employment offered.

Where a dispute concerning a fee exists, the department may conduct a hearing to determine all facts concerning the dispute and shall after such hearing make such recommendations concerning such dispute as shall be reasonable.

Every such licensee shall post in a conspicuous place in the main room of the agency sections of this Act as required by the Department of Labor, to be supplied by the Department of Labor, and shall also post his license in the main room of the agency.

Every such licensee shall furnish the Department of Labor, under rules to be prescribed by such Department, annual statements showing the number and character of placements made.

The Department shall develop the new payment methodology to meet the unique needs of Illinois nursing home residents while remaining subject to the appropriations provided by the General Assembly. A transition period from the payment methodology in effect on June 30, 2003 to the payment methodology in effect on July 1, 2003 shall be provided for a period not exceeding 3 years and 184 days after implementation of the new payment methodology as follows:

(A) For a facility that would receive a lower nursing component rate per patient day under the new system than the facility received effective on the date immediately preceding the date that the Department implements the new payment methodology, the nursing component rate per patient day for the facility shall be held at the level in effect on the date immediately preceding the date that the Department implements the new payment methodology until a higher nursing component rate of reimbursement is achieved by that facility.

(B) For a facility that would receive a higher nursing component rate per patient day under the payment methodology in effect on July 1, 2003 than the facility received effective on the date immediately preceding the date that the Department

Assembly shall include a statewide increase of 2.5%, as defined by the Department.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, effective January 1, 2005, facility rates shall be increased by the difference between (i) a facility's per diem property, liability, and malpractice insurance costs as reported in the cost report filed with the Department of Public Aid and used to establish rates effective July 1, 2001 and (ii) those same costs as reported in the facility's 2002 cost report. These costs shall be passed through to the facility without caps or limitations, except for adjustments required under normal auditing procedures.

Rates established effective each July 1 shall govern payment for services rendered throughout that fiscal year, except that rates established on July 1, 1996 shall be increased by 6.8% for services provided on or after January 1, 1997. Such rates will be based upon the rates calculated for the year beginning July 1, 1990, and for subsequent years thereafter until June 30, 2001 shall be based on the facility cost reports for the facility fiscal year ending at any point in time during the previous calendar year, updated to the midpoint of the rate year. The cost report shall be on file with the Department no later than April 1 of the current rate year. Should the cost report not be on file by April 1, the Department shall base the rate on the latest cost report filed by each skilled care facility and intermediate care facility, updated to the midpoint of the current rate year. In determining rates for services rendered on and after July 1, 1985, fixed time shall not be computed at less than zero. The Department shall not make any alterations of regulations which would reduce any component of the Medicaid rate to a level below what that component would have been utilizing in the rate effective on July 1, 1984.

(3) Shall take into account the medical and psycho-social characteristics and needs of the patients.

(4) Shall take into account the actual costs incurred by facilities in meeting licensing and certification standards imposed and prescribed by the State of Illinois, any of its political subdivisions or municipalities and by the U.S. Department of Health and Human Services pursuant to Title XIX of the Social Security Act.

Reimbursement also may be made for utilization of other supportive personnel under appropriate supervision.

The Department shall develop enhanced payments to offset the additional costs incurred by a facility serving exceptional need residents and shall allocate at least $8,000,000 of the funds collected from the assessment established by Section 5B-2 of this Code for such payments. For the purpose of this Section, "exceptional needs" means, but need not be limited to, ventilator care, tracheotomy care, bariatric care, complex wound care, and traumatic brain injury care. The enhanced payments for exceptional need residents under this paragraph are not due and payable, however, until (i) the methodologies described in this paragraph are approved by the federal government in an appropriate State Plan amendment and (ii) the assessment imposed by Section 5B-2 of this Code is determined to be a permissible tax under Title XIX of the Social Security Act.

The Department of Healthcare and Family Services may, in conjunction with the Department of Public Health, develop in accordance with generally accepted accounting principles a uniform chart of accounts which each facility providing services under the medical assistance program shall adopt, after a reasonable period.

Facilities licensed under the Nursing Home Care Act, the Specialized Mental Health Rehabilitation Act, Act or the ID/DD Community Care Act and providers of adult developmental training services certified by the Department of Human Services pursuant to Section 15.2 of the Mental Health and Developmental Disabilities Administrative Act which provide services to clients eligible for medical assistance under this Article are responsible for submitting the required annual cost report to the Department of Healthcare and Family Services.

Following the end of this 3-year term, audits of the financial and statistical records will be performed each year in at least 20% of the facilities participating in the medical assistance program with at least 10% being selected on a random sample basis, and the remainder selected on the basis of exceptional profiles. All audits shall be conducted in accordance with generally accepted auditing standards.

The Department of Healthcare and Family Services shall establish prospective payment rates for categories or levels of services within each
licensure class, in order to more appropriately recognize the individual needs of patients in nursing facilities.

The Department of Healthcare and Family Services shall provide, during the process of establishing the payment rate for nursing facility, specialized mental health rehabilitation facility, or ICF/DD services, or when a substantial change in rates is proposed, an opportunity for public review and comment on the proposed rates prior to their becoming effective.

The Department shall require prior approval for any such medication prescribed for a nursing home resident or to a resident of a facility licensed under the ID/DD MR/DD Community Care Act, that appears to be a chemical restraint or an unnecessary drug. Sec. 5B-1. Definitions. As used in this Article, unless the context requires otherwise:

"Fund" means the Long-Term Care Provider Fund.

"Long-term care facility" means (i) a nursing facility, whether public or private and whether organized for profit or not-for-profit, that is subject to licensure by the Illinois Department of Public Health under the Nursing Home Care Act or the ID/DD Community Care Act, including a county nursing home directed and maintained under Section 5-1005 of the Counties Code, and (ii) a part of a hospital in which skilled or intermediate long-term care services within the meaning of Title XVIII or XIX of the Social Security Act are provided; except that the term "long-term care facility" does not include a facility operated by a State agency or operated solely as an intermediate care facility for the mentally retarded within the meaning of Title XIX of the Social Security Act.

"Long-term care provider" means (i) a person licensed by the Department of Public Health to operate and maintain a skilled nursing or intermediate long-term care facility or (ii) a hospital provider that provides skilled or intermediate long-term care services within the meaning of Title XVIII or XIX of the Social Security Act. For purposes of this paragraph, "person" means any political subdivision of the State, municipal corporation, individual, firm, partnership, corporation, company, limited liability company, association, joint stock association, or trust, or a receiver, executor, trustee, guardian, or other representative appointed by order of any court. "Hospital provider" means a person licensed by the Department of Public Health to conduct, operate, or maintain a hospital.

"Occupied bed days" shall be computed separately for each long-term care facility operated or maintained by a long-term care provider, and means the sum for all beds of the number of days during the month on which each bed was occupied by a resident, other than a resident for whom Medicare Part A is the primary payer.

(a) The assessment imposed by Section 5B-2 shall be due and payable monthly, on the last State business day of the month for occupied
bed days reported for the preceding third month prior to the month in which the tax is payable and due. A facility that has delayed payment due to the State's failure to reimburse for services rendered may request an extension on the due date for payment pursuant to subsection (b) and shall pay the assessment within 30 days of reimbursement by the Department. The Illinois Department may provide that county nursing homes directed and maintained pursuant to Section 5-1005 of the Counties Code may meet their assessment obligation by certifying to the Illinois Department that county expenditures have been obligated for the operation of the county nursing home in an amount at least equal to the amount of the assessment.

(a-5) The Illinois Department shall provide for an electronic submission process for each long-term care facility to report at a minimum the number of occupied bed days of the long-term care facility for the reporting period and other reasonable information the Illinois Department requires for the administration of its responsibilities under this Code. Beginning July 1, 2013, a separate electronic submission shall be completed for each long-term care facility in this State operated by a long-term care provider. The Illinois Department shall prepare an assessment bill stating the amount due and payable each month and submit it to each long-term care facility via an electronic process. Each assessment payment shall be accompanied by a copy of the assessment bill sent to the long-term care facility by the Illinois Department. To the extent practicable, the Department shall coordinate the assessment reporting requirements with other reporting required of long-term care facilities.

(b) The Illinois Department is authorized to establish delayed payment schedules for long-term care providers that are unable to make assessment payments when due under this Section due to financial difficulties, as determined by the Illinois Department. The Illinois Department may not deny a request for delay of payment of the assessment imposed under this Article if the long-term care provider has not been paid for services provided during the month on which the assessment is levied.

(c) If a long-term care provider fails to pay the full amount of an assessment payment when due (including any extensions granted under subsection (b)), there shall, unless waived by the Illinois Department for reasonable cause, be added to the assessment imposed by Section 5B-2 a penalty assessment equal to the lesser of (i) 5% of the amount of the assessment payment not paid on or before the due date plus 5% of the portion thereof remaining unpaid on the last day of each month thereafter.
or (ii) 100% of the assessment payment amount not paid on or before the
due date. For purposes of this subsection, payments will be credited first to
unpaid assessment payment amounts (rather than to penalty or interest),
beginning with the most delinquent assessment payments. Payment cycles
of longer than 60 days shall be one factor the Director takes into account
in granting a waiver under this Section.

(c-5) If a long-term care facility fails to file its assessment bill with
payment, there shall, unless waived by the Illinois Department for
reasonable cause, be added to the assessment due a penalty assessment
equal to 25% of the assessment due. After July 1, 2013, no penalty shall be
assessed under this Section if the Illinois Department does not provide a
process for the electronic submission of the information required by
subsection (a-5).

(d) Nothing in this amendatory Act of 1993 shall be construed to
prevent the Illinois Department from collecting all amounts due under this
Article pursuant to an assessment imposed before the effective date of this

(e) Nothing in this amendatory Act of the 96th General Assembly
shall be construed to prevent the Illinois Department from collecting all
amounts due under this Code pursuant to an assessment, tax, fee, or
penalty imposed before the effective date of this amendatory Act of the
96th General Assembly.

(f) No installment of the assessment imposed by Section 5B-2 shall
be due and payable until after the Department notifies the long-term care
providers, in writing, that the payment methodologies to long-term care
providers required under Section 5-5.4 of this Code have been approved
by the Centers for Medicare and Medicaid Services of the U.S.
Department of Health and Human Services and the waivers under 42 CFR
433.68 for the assessment imposed by this Section, if necessary, have been
granted by the Centers for Medicare and Medicaid Services of the U.S.
Department of Health and Human Services. Upon notification to the
Department of approval of the payment methodologies required under
Section 5-5.4 of this Code and the waivers granted under 42 CFR 433.68,
all installments otherwise due under Section 5B-4 prior to the date of
notification shall be due and payable to the Department upon written
direction from the Department within 90 days after issuance by the
Comptroller of the payments required under Section 5-5.4 of this Code.

Section 505. The Early Intervention Services System Act is amended by changing Section 13.15 as follows:

(325 ILCS 20/13.15)

Sec. 13.15. Billing of insurance carrier.

(a) Subject to the restrictions against private insurance use on the basis of material risk of loss of coverage, as determined under Section 13.25, each enrolled provider who is providing a family with early intervention services shall bill the child's insurance carrier for each unit of early intervention service for which coverage may be available. The lead agency may exempt from the requirement of this paragraph any early intervention service that it has deemed not to be covered by insurance plans. When the service is not exempted, providers who receive a denial of payment on the basis that the service is not covered under any circumstance under the plan are not required to bill that carrier for that service again until the following insurance benefit year. That explanation of benefits denying the claim, once submitted to the central billing office, shall be sufficient to meet the requirements of this paragraph as to subsequent services billed under the same billing code provided to that child during that insurance benefit year. Any time limit on a provider's filing of a claim for payment with the central billing office that is imposed through a policy, procedure, or rule of the lead agency shall be suspended until the provider receives an explanation of benefits or other final determination of the claim it files with the child's insurance carrier.

(b) In all instances when an insurance carrier has been billed for early intervention services, whether paid in full, paid in part, or denied by the carrier, the provider must provide the central billing office, within 90
days after receipt, with a copy of the explanation of benefits form and other information in the manner prescribed by the lead agency.

(c) When the insurance carrier has denied the claim or paid an amount for the early intervention service billed that is less than that the current State rate for early intervention services, the provider shall submit the explanation of benefits with a claim for payment, and the lead agency shall pay the provider the difference between the sum actually paid by the insurance carrier for each unit of service provided under the individualized family service plan and the current State rate for early intervention services. The State shall also pay the family's co-payment or co-insurance under its plan, but only to the extent that those payments plus the balance of the claim do not exceed the current State rate for early intervention services. The provider may under no circumstances bill the family for the difference between its charge for services and that which has been paid by the insurance carrier or by the State.

(b) Psychotropic medication or electroconvulsive therapy may be administered under this Section for up to 24 hours only if the circumstances leading up to the need for emergency treatment are set forth in writing in the recipient's record.

(c) Administration of medication or electroconvulsive therapy may not be continued unless the need for such treatment is redetermined at least every 24 hours based upon a personal examination of the recipient by a physician or a nurse under the supervision of a physician and the circumstances demonstrating that need are set forth in writing in the recipient's record.

(d) Neither psychotropic medication nor electroconvulsive therapy may be administered under this Section for a period in excess of 72 hours, excluding Saturdays, Sundays, and holidays, unless a petition is filed under Section 2-107.1 and the treatment continues to be necessary under subsection (a) of this Section. Once the petition has been filed, treatment may continue in compliance with subsections (a), (b), and (c) of this Section until the final outcome of the hearing on the petition.

Such rules shall be available for public inspection and copying during normal business hours.

If the physician determines that the recipient meets the standard for administration of psychotropic medication or electroconvulsive therapy under Section 2-107.1, the facility director or his or her designee shall petition the court for administration of psychotropic medication or electroconvulsive therapy pursuant to that Section unless the facility director or his or her designee states in writing in the recipient's record why the filing of such a petition is not warranted. This subsection (h) applies only to State-operated mental health facilities.

(4) To manage, administer, and invest the financial resources contained in the expanded mental health services fund.

In this regard, to the extent the Governing Commission chooses to retain the services of another public or private agency with respect to the provision of expanded mental health services under this Act, such selection shall be based upon receipt of a comprehensive plan addressing the following factors: the conducting of a thorough mental health needs assessment for the territory; the development of specific mental health programs and services tailored to this assessment; and the percentage of the proposed budget devoted to responding to these demonstrated needs. Within 14 days of the selection of any individual or organization, the Governing Commission shall provide a written report of its decision, with specific reference to the factors used in reaching its decision, to the Mayor of the municipality, the Governor, and the voters of the territory. Subsequent decisions by the Governing Commission to retain or terminate the services of a provider shall be based upon the provider's success in achieving its stated goals, especially with regards to servicing the maximum number of residents of the territory identified as needing mental health services in the initial needs assessment and subsequent updates to it.

(6) To disburse the funds collected annually from tax revenue in such a way that no less than that 85% of those funds are expended on direct mental and emotional health services provided by licensed mental health professionals or by mental health interns or persons with a bachelor's degree in social work supervised by those professionals.

Sec. 25. Expanded mental health services fund.
(a) The Governing Commission shall maintain the expanded mental health services fund for the purposes of paying the costs of administering the Program and carrying out its duties under this Act, subject to the limitations and procedures set forth in this Act.

(b) The expanded mental health services fund shall be raised by means of an annual tax levied on each property within the territory of the Program. The rate of this tax may be changed from year to year by majority vote of the Governing Commission, but in no case shall it exceed the ceiling rate established by the voters in the territory of the Program in the binding referendum to approve the creation of the Expanded Mental Health Services Program. The ceiling rate must be set within the range of .004 to .007 on each property in the territory of the Program. A higher ceiling rate for a territory may be established within that range only by the voters in a binding referendum, from time to time, to be held in a manner as set forth in this legislation. The commissioners shall cause the amount to be raised by taxation in each year to be certified to the county clerk in the manner provided by law, and any tax so levied and certified shall be collected and enforced in the same manner and by the same officers as those taxes for the purposes of the county and city within which the territory of the Governing Commission is located. Any such tax, when collected, shall be paid over to the proper officer of the Governing Commission who is authorized to receive and receipt for such tax. The Governing Commission may issue tax anticipation warrants against the taxes to be assessed for a calendar year.

(c) The moneys deposited in the expanded mental health services fund shall, as nearly as practicable, be fully and continuously invested or reinvested by the Governing Commission in investment obligations which shall be in such amounts, and shall mature at such times, that the maturity or date of redemption at the option of the holder of such investment obligations shall coincide, as nearly as practicable, with the times at which monies will be required for the purposes of the Program. For the purposes
of this Section, "investment obligation" means direct general municipal, state, or federal obligations which at the time are legal investments under the laws of this State and the payment of principal of and interest on which are unconditionally guaranteed by the governing body issuing them.

(d) The fund shall be used solely and exclusively for the purpose of providing expanded mental health services and no more than 15% of the annual levy may be used for reasonable salaries, expenses, bills, and fees incurred in administering the Program.

(e) The fund shall be maintained, invested, and expended exclusively by the Governing Commission of the Program for whose purposes it was created. Under no circumstances shall the fund be used by any person or persons, governmental body, or public or private agency or concern other than the Governing Commission of the Program for whose purposes it was created. Under no circumstances shall the fund be commingled with other funds or investments.

(f) No commissioner or family member of a commissioner, or employee or family member of an employee, may receive any financial benefit, either directly or indirectly, from the fund. Nothing in this subsection shall be construed to prohibit payment of expenses to a commissioner in accordance with subsection (g) of Section 15.

(g) Annually, the Governing Commission shall prepare for informational purposes in the appropriations process: (1) an annual budget showing the estimated receipts and intended disbursements pursuant to this Act for the fiscal year immediately following the date the budget is submitted, which date must be at least 30 days prior to the start of the fiscal year; and (2) an independent financial audit of the fund and the management of the Program detailing the income received and disbursements made pursuant to this Act during the fiscal year just preceding the date the annual report is submitted, which date must be within 90 days of the close of that fiscal year. These reports shall be made available to the public through any office of the Governing Commission or a public facility such as a local public library located within the territory of the Program. In addition, and in an effort to increase transparency of public programming, the Governing Commission shall effectively create and operate a publicly accessible website, which shall publish results of all audits for a period of no less than six months after the initial disclosure of the results and findings of each audit.

Section 525. The Community Services Act is amended by changing Section 4 as follows:

(405 ILCS 30/4) (from Ch. 91 1/2, par. 904)

Sec. 4. Financing for Community Services.

(a) The Department of Human Services is authorized to provide financial reimbursement to eligible private service providers, corporations, local government entities or voluntary associations for the provision of services to persons with mental illness, persons with a developmental disability and alcohol and drug dependent persons living in the community for the purpose of achieving the goals of this Act.

The Department shall utilize the following funding mechanisms for community services:

(1) Purchase of Care Contracts: services purchased on a predetermined fee per unit of service basis from private providers or governmental entities. Fee per service rates are set by an established formula which covers some portion of personnel, supplies, and other allowable costs, and which makes some allowance for geographic variations in costs as well as for additional program components.

(2) Grants: sums of money which the Department grants to private providers or governmental entities pursuant to the grant recipient's agreement to provide certain services, as defined by departmental grant guidelines, to an approximate number of service recipients. Grant levels are set through consideration of personnel, supply and other allowable costs, as well as other funds available to the program.

(3) Other Funding Arrangements: funding mechanisms may be established on a pilot basis in order to examine the feasibility of alternative financing arrangements for the provision of community services.

The Department shall establish and maintain an equitable system of payment which allows providers to improve persons with disabilities' capabilities for independence and reduces their reliance on State-operated services.

For services classified as entitlement services under federal law or guidelines, caps may not be placed on the total amount of payment a provider may receive in a fiscal year and the Department shall not require that a portion of the payments due be made in a subsequent fiscal year based on a yearly payment cap.

The Office of the Governor shall provide staff support for the commission.

(c) The first meeting of the commission shall be held within the first month after the creation and appointment of the commission, and a final report summarizing the commission's recommendations must be issued within 12 months after the first meeting, and no later than September 1, 2010, to the Governor and the General Assembly.

The commission shall also have the following ex-officio, nonvoting members:

(e) The funding methodologies must reflect economic factors inherent in providing services and supports, recognize individual disability needs, and consider geographic differences, transportation costs, required staffing ratios, and mandates not currently funded.
(f) In accepting Department funds, providers shall recognize their responsibility to be accountable to the Department and the State for the delivery of services which are consistent with the philosophies and goals of this Act and the rules and regulations promulgated under it.

In case of conflict with provisions of the Abused and Neglected Child Reporting Act or the Nursing Home Care Act, the provisions of those Acts shall apply.

(2) Pursue administrative, legal and other appropriate remedies to ensure the protection of the rights of mentally ill persons who are receiving care and treatment in this State.

(3) Pursue administrative, legal and other remedies on behalf of an individual who:

(a) was a mentally ill individual; and

New matter indicated by italics - deletions by strikeout
(b) is a resident of this State, but only with respect to matters which occur within 90 days after the date of the discharge of such individual from a facility providing care and treatment.

(4) Establish a board which shall:

(a) advise the protection and advocacy system on policies and priorities to be carried out in protecting and advocating the rights of mentally ill individuals; and

(b) include attorneys, mental health professionals, individuals from the public who are knowledgeable about mental illness, a provider of mental health services, individuals who have received or are receiving mental health services and family members of such individuals. At least one-half the members of the board shall be individuals who have received or are receiving mental health services or who are family members of such individuals.

(5) On January 1, 1988, and on January 1 of each succeeding year, prepare and transmit to the Secretary of the United States Department of Health and Human Services and to the Illinois Secretary of Human Services a report describing the activities, accomplishments and expenditures of the protection and advocacy system during the most recently completed fiscal year.

(B) The agency shall have access to all mental health facilities as defined in Sections 1-107 and 1-114 of the Mental Health and Developmental Disabilities Code, all facilities as defined in Section 1-113 of the Nursing Home Care Act, all facilities as defined in Section 1-113 of the Specialized Mental Health Rehabilitation Act, all facilities as defined in Section 1-113 of the ID/DD Community Care Act, all facilities as defined in Section 2.06 of the Child Care Act of 1969, as now or hereafter amended, and all other facilities providing care or treatment to mentally ill persons. Such access shall be granted for the purposes of meeting with residents and staff, informing them of services available from the agency, distributing written information about the agency and the rights of persons who are mentally ill, conducting scheduled and unscheduled visits, and performing other activities designed to protect the rights of mentally ill persons.

Confidentiality Act, the Nursing Home Care Act and the Child Care Act of 1969, as now or hereafter amended. If the mentally ill person has a legal guardian other than the State or a designee of the State, the facility director shall disclose the guardian's name, address and telephone number to the agency upon its request. In cases of conflict with provisions of the Abused and Neglected Child Reporting Act and the Nursing Home Care Act, the provisions of the Abused and Neglected Child Reporting Act and the Nursing Home Care Act shall apply. The agency shall also have access, for the purpose of inspection and copying, to the records of a mentally ill person (i) who by reason of his or her mental or physical condition is unable to authorize the agency to have such access; (ii) who does not have a legal guardian or for whom the State or a designee of the State is the legal guardian; and (iii) with respect to whom a complaint has been received by the agency or with respect to whom there is probable cause to believe that such person has been subjected to abuse or neglect.

The agency shall provide written notice to the mentally ill person and the State guardian of the nature of the complaint based upon which the agency has gained access to the records. No record or the contents of the record shall be redisclosed by the agency unless the person who is mentally ill and the State guardian are provided 7 days advance written notice, except in emergency situations, of the agency's intent to redisclose such record. Within such 7-day period, the mentally ill person or the State guardian may seek an injunction prohibiting the agency's redisclosure of such record on the grounds that such redisclosure is contrary to the interests of the mentally ill person.

Upon request, the authorized agency shall be entitled to inspect and copy any clinical or trust fund records of mentally ill persons which may further the agency's investigation of alleged problems affecting numbers of mentally ill persons. When required by law, any personally identifiable information of mentally ill persons shall be removed from the records. However, the agency may not inspect or copy any records or other materials when the removal of personally identifiable information imposes an unreasonable burden on any facility as defined by the Mental Health and Developmental Disabilities Code, the Nursing Home Care Act, the Specialized Mental Health Rehabilitation Act, or the Child Care Act of 1969, or any other facility providing care or treatment to mentally ill persons.

(D) Prior to instituting any legal action in a federal or State court on behalf of a mentally ill individual, an eligible protection and advocacy
system, or a State agency or nonprofit organization which entered into a contract with such an eligible system under Section 104(a) of the federal Protection and Advocacy for Mentally Ill Individuals Act of 1986, shall exhaust in a timely manner all administrative remedies where appropriate. If, in pursuing administrative remedies, the system, State agency or organization determines that any matter with respect to such individual will not be resolved within a reasonable time, the system, State agency or organization may pursue alternative remedies, including the initiation of appropriate legal action.

A determination of severe autism shall be based upon a comprehensive, documented assessment with an evaluation by a licensed clinical psychologist or psychiatrist. A determination of severe autism shall not be based solely on behaviors relating to environmental, cultural or economic differences.
(j) "Severe mental illness" means the manifestation of all of the following characteristics:

(1) A primary diagnosis of one of the major mental disorders in the current edition of the Diagnostic and Statistical Manual of Mental Disorders listed below:

psychologist or a psychiatrist, and shall not be based solely on behaviors relating to environmental, cultural or economic differences.

(l) "Severe and multiple impairments" means the manifestation of all of the following characteristics:

(1) The evaluation determines the presence of a developmental disability which is expected to continue indefinitely, constitutes a substantial handicap and is attributable to any of the following:

(A) Intellectual disability, which is defined as general intellectual functioning that is 2 or more standard deviations below the mean concurrent with impairment of adaptive behavior which is 2 or more standard deviations below the mean. Assessment of the individual's intellectual functioning must be measured by a standardized instrument for general intellectual functioning.

Sec. 2. The Department of Public Health shall administer the provisions of this Act and shall:

(a) Institute and carry on an intensive educational program among physicians, hospitals, public health nurses and the public concerning the diseases phenylketonuria, hypothyroidism, galactosemia and other metabolic diseases. This educational program shall include information about the nature of the diseases and examinations for the detection of the diseases in early infancy in order that measures may be taken to prevent the intellectual disabilities resulting from the diseases.
(a-5) Beginning July 1, 2002, provide all newborns with expanded screening tests for the presence of genetic, endocrine, or other metabolic disorders, including phenylketonuria, galactosemia, hypothyroidism, congenital adrenal hyperplasia, biotinidase deficiency, and sickling disorders, as well as other amino acid disorders, organic acid disorders, fatty acid oxidation disorders, and other abnormalities detectable through the use of a tandem mass spectrometer. If by July 1, 2002, the Department is unable to provide expanded screening using the State Laboratory, it shall temporarily provide such screening through an accredited laboratory selected by the Department until the Department has the capacity to provide screening through the State Laboratory. If expanded screening is provided on a temporary basis through an accredited laboratory, the Department shall substitute the fee charged by the accredited laboratory, plus a 5% surcharge for documentation and handling, for the fee authorized in subsection (e) of this Section.

(a-6) In accordance with the timetable specified in this subsection, provide all newborns with expanded screening tests for the presence of certain Lysosomal Storage Disorders known as Krabbe, Pompe, Gaucher, Fabry, and Niemann-Pick. The testing shall begin within 6 months following the occurrence of all of the following:

(i) the establishment and verification of relevant and appropriate performance specifications as defined under the federal Clinical Laboratory Improvement Amendments and regulations thereunder for Federal Drug Administration-cleared or in-house developed methods, performed under an institutional review board approved protocol, if required;

(ii) the availability of quality assurance testing methodology for these processes;

(iii) the acquisition and installment by the Department of the equipment necessary to implement the expanded screening tests;

(iv) establishment of precise threshold values ensuring defined disorder identification for each screening test;

(v) authentication of pilot testing achieving each milestone described in items (i) through (iv) of this subsection (a-6) for each disorder screening test; and

(vi) authentication achieving potentiality of high throughput standards for statewide volume of each disorder screening test.

concomitant with each milestone described in items (i) through (iv) of this subsection (a-6).

It is the goal of Public Act 97-532 that the expanded screening for the specified Lysosomal Storage Disorders begins within 2 years after August 23, 2011 (the effective date of Public Act 97-532). The Department is authorized to implement an additional fee for the screening prior to beginning the testing in order to accumulate the resources for start-up and other costs associated with implementation of the screening and thereafter to support the costs associated with screening and follow-up programs for the specified Lysosomal Storage Disorders.

(a-7) In accordance with the timetable specified in this subsection (a-7), provide all newborns with expanded screening tests for the presence of Severe Combined Immunodeficiency Disease (SCID). The testing shall begin within 12 months following the occurrence of all of the following:

(i) the establishment and verification of relevant and appropriate performance specifications as defined under the federal Clinical Laboratory Improvement Amendments and regulations thereunder for Federal Drug Administration-cleared or in-house developed methods, performed under an institutional review board approved protocol, if required;

(ii) the availability of quality assurance testing and comparative threshold values for SCID;

(iii) the acquisition and installment by the Department of the equipment necessary to implement the initial pilot and expanded statewide volume of screening tests for SCID;

(iv) establishment of precise threshold values ensuring defined disorder identification for SCID;

(v) authentication of pilot testing achieving each milestone described in items (i) through (iv) of this subsection (a-7) for SCID; and

(vi) authentication achieving potentiality of high throughput standards for statewide volume of the SCID screening test concomitant with each milestone described in items (i) through (iv) of this subsection (a-7).

It is the goal of Public Act 97-532 that the expanded screening for Severe Combined Immunodeficiency Disease begins within 2 years after August 23, 2011.

(b) Maintain a registry of cases including information of importance for the purpose of follow-up services to prevent intellectual disabilities.

(c) Supply the necessary metabolic treatment formulas where practicable for diagnosed cases of amino acid metabolism disorders, including phenylketonuria, organic acid disorders, and fatty acid oxidation disorders for as long as medically indicated, when the product is not available through other State agencies.

(d) Arrange for or provide public health nursing, nutrition and social services and clinical consultation as indicated.

(e) Require that all specimens collected pursuant to this Act or the rules and regulations promulgated hereunder be submitted for testing to the nearest Department of Public Health laboratory designated to perform such tests. The Department may develop a reasonable fee structure and may levy fees according to such structure to cover the cost of providing this testing service. Fees collected from the provision of this testing service shall be placed in a special fund in the State Treasury, hereafter known as the Metabolic Screening and Treatment Fund. Other State and federal funds for expenses related to metabolic screening, follow-up and treatment programs may also be placed in such Fund. Moneys shall be appropriated from such Fund to the Department of Public Health solely for the purposes of providing metabolic screening, follow-up and treatment programs. Nothing in this Act shall be construed to prohibit any licensed medical facility from collecting additional specimens for testing for metabolic or neonatal diseases or any other diseases or conditions, as it deems fit. Such person, firm or corporation may appear in person or by attorney before the Department of Agriculture or the Department of Public Health, as the case may be, within the time limited in the order, and shall be given an opportunity to be heard and to show why such order or instructions should not be obeyed. The hearing shall be under such rules and regulations as may be prescribed by the Department of Agriculture or the Department of Public Health, as the case may be. If after such hearing it appears that this Act has not been violated, the order shall be rescinded. If it appears that this Act is being violated, and that the person, firm or corporation notified is responsible therefor, the previous order shall be confirmed or amended, as the facts shall warrant, and shall thereupon be final, but such additional time as is necessary may be granted within which to comply with the final order. If such person, firm or corporation is not present or represented when such final order is made,
notice thereof shall be given as above provided. On failure of the party or parties to comply with the first order of the Department of Agriculture or the Department of Public Health, as the case may be, within the time prescribed, when no hearing is demanded, or upon failure to comply with the final order within the time specified, the Department shall certify the facts to the State's Attorney of the county in which such violation occurred, and such State's Attorney shall proceed against the party or parties for the fines and penalties provided by this Act, and also for the abatement of the nuisance: Provided, that the proceedings herein prescribed for the abatement of nuisances as defined in this Act shall not in any manner relieve the violator from prosecution in the first instance for every such violation, nor from the penalties for such violation prescribed by Section 13.

Sec. 2.37. Authority to kill wildlife responsible for damage. Subject to federal regulations and Section 3 of the Illinois Endangered Species Act, the Department may authorize owners and tenants of lands or their agents to remove or destroy any wild bird or wild mammal when the wild bird or wild mammal is known to be destroying property or causing a risk to human health or safety upon his or her land.

Upon receipt by the Department of information from the owner, tenant, or sharecropper that any one or more species of wildlife is damaging dams, levees, ditches, or other property on the land on which he resides or controls, together with a statement regarding location of the property damages, the nature and extent of the damage, and the particular species of wildlife committing the damage, the Department shall make an investigation.

If, after investigation, the Department finds that damage does exist and can be abated only by removing or destroying that wildlife, a permit shall be issued by the Department to remove or destroy the species responsible for causing the damage.

A permit to control the damage shall be for a period of up to 90 days, shall specify the means and methods by which and the person or persons by whom the wildlife may be removed or destroyed, and shall set forth the disposition procedure to be made of all wildlife taken and other
restrictions the Director considers necessary and appropriate in the circumstances of the particular case. Whenever possible, the specimens destroyed shall be given to a bona-fide public or State scientific, educational, or zoological institution.

The permittee shall advise the Department in writing, within 10 days after the expiration date of the permit, of the number of individual species of wildlife taken, disposition made of them, and any other information which the Department may consider necessary.

Subject to federal regulations and Section 3 of the Illinois Endangered Species Act, the Department may grant to an individual, corporation, association or a governmental body the authority to control species protected by this Code. The Department shall set forth applicable regulations in an Administrative Order and may require periodic reports listing species taken, numbers of each species taken, dates when taken, and other pertinent information.

Drainage Districts shall have the authority to control beaver provided that they must notify the Department in writing that a problem exists and of their intention to trap the animals at least 7 days before the trapping begins. The District must identify traps used in beaver control outside the dates of the furbearer trapping season with metal tags with the district's name legibly inscribed upon them. During the furtrapping season, traps must be identified as prescribed by law. Conibear traps at least size 330 shall be used except during the statewide furbearer trapping season. During that time trappers may use any device that is legal according to the Wildlife Code. Except during the statewide furbearer trapping season, beaver traps must be set in water at least 10 inches deep. Furbearers taken during the fur trapping season may be sold provided that they are taken by persons who have valid trapping licenses in their possession and are lawfully taken. The District must submit an annual report showing the species and numbers of animals caught. The report must indicate all species which were taken.

2. failed to give the required or correct information in his application; or
3. failed to pay any fees, civil penalties owed to the Illinois Commerce Commission, or taxes due under this Act and upon reasonable notice and demand; or
4. committed any fraud in the making of such application; or

7. has been convicted of violating the Cannabis Control Act, the Illinois Controlled Substances Act, the Methamphetamine Control and Community Protection Act, or the Use of Intoxicating Compounds Act while that individual was in actual physical control of a motor vehicle. For purposes of this Section, any person placed on probation under Section 10 of the Cannabis Control Act, Section 410 of the Illinois Controlled Substances Act, or Section 70 of the Methamphetamine Control and Community Protection Act shall not be considered convicted. Any person found guilty of this offense, while in actual physical control of a motor vehicle, shall have an entry made in the court record by the judge that this offense did occur while the person was in actual physical control of a motor vehicle and order the clerk of the court to report the violation to the Secretary of State as such. After the cancellation, the Secretary of State shall not issue a new license or permit for a period of one year after the date of cancellation. However, upon application, the Secretary of State may, if satisfied that the person applying will not endanger the public safety, or welfare, issue a restricted driving permit granting the privilege of driving a motor vehicle between the petitioner's residence and petitioner's place of employment or within the scope of the petitioner's employment related duties, or to allow transportation for the petitioner or a household member of the petitioner's family for the receipt of necessary medical care, or provide transportation for the petitioner to and from alcohol or drug remedial or rehabilitative activity recommended by a licensed service provider, or for the petitioner to attend classes, as a student, in an accredited educational institution. The petitioner must demonstrate that no alternative means of transportation is reasonably available; provided that the Secretary's discretion shall be limited to cases where undue hardship, as defined by the rules of the Secretary of State, would result from a failure to issue such restricted driving permit. In each case the Secretary of State may issue such restricted driving permit for such period as he deems appropriate, except that such permit shall expire within one year from the date of issuance. A restricted driving permit issued hereunder shall be subject to cancellation, revocation and suspension by the Secretary of State in like manner and for like cause as a driver's license issued hereunder may be cancelled, revoked or suspended; except that a conviction upon one...
or more offenses against laws or ordinances regulating the movement of traffic shall be deemed sufficient cause for the revocation, suspension or cancellation of a restricted driving permit. The Secretary of State may, as a condition to the issuance of a restricted driving permit, require the applicant to participate in a driver remedial or rehabilitative program. In accordance with 49 C.F.R. 384, the Secretary of State may not issue a restricted driving permit for the operation of a commercial motor vehicle to a person holding a CDL whose driving privileges have been revoked, suspended, cancelled, or disqualified under this Code; or

8. failed to submit a report as required by Section 6-116.5 of this Code; or

9. has been convicted of a sex offense as defined in the Sex Offender Registration Act. The driver's license shall remain cancelled until the driver registers as a sex offender as required by the Sex Offender Registration Act, proof of the registration is furnished to the Secretary of State and the sex offender provides proof of current address to the Secretary; or

10. is ineligible for a license or permit under Section 6-107, 6-107.1, or 6-108 of this Code; or

11. refused or neglected to appear at a Driver Services facility to have the license or permit corrected and a new license or permit issued or to present documentation for verification of identity; or

12. failed to submit a medical examiner's certificate or medical variance as required by 49 C.F.R. 383.71 or submitted a fraudulent medical examiner's certificate or medical variance.

(b) Upon such cancellation the licensee or permittee must surrender the license or permit so cancelled to the Secretary of State.

(c) Except as provided in Sections 6-206.1 and 7-702.1, the Secretary of State shall have exclusive authority to grant, issue, deny, cancel, suspend and revoke driving privileges, drivers' licenses and restricted driving permits.

(d) The Secretary of State may adopt rules to implement this Section.

(625 ILCS 5/6-206.1) (from Ch. 95 1/2, par. 6-206.1)

Sec. 6-206.1. Monitoring Device Driving Permit. Declaration of Policy. It is hereby declared a policy of the State of Illinois that the driver
who is impaired by alcohol, other drug or drugs, or intoxicating compound or compounds is a threat to the public safety and welfare. Therefore, to provide a deterrent to such practice, a statutory summary driver's license suspension is appropriate. It is also recognized that driving is a privilege and therefore, that the granting of driving privileges, in a manner consistent with public safety, is warranted during the period of suspension in the form of a monitoring device driving permit. A person who drives and fails to comply with the requirements of the monitoring device driving permit commits a violation of Section 6-303 of this Code.

The following procedures shall apply whenever a first offender, as defined in Section 11-500 of this Code, is arrested for any offense as defined in Section 11-501 or a similar provision of a local ordinance and is subject to the provisions of Section 11-501.1:

(a) Upon mailing of the notice of suspension of driving privileges as provided in subsection (h) of Section 11-501.1 of this Code, the Secretary shall also send written notice informing the person that he or she will be issued a monitoring device driving permit (MDDP). The notice shall include, at minimum, information summarizing the procedure to be followed for issuance of the MDDP, installation of the breath alcohol ignition installation device (BAIID), as provided in this Section, exemption from BAIID installation requirements, and procedures to be followed by those seeking indigent status, as provided in this Section. The notice shall also include information summarizing the procedure to be followed if the person wishes to decline issuance of the MDDP. A copy of the notice shall also be sent to the court of venue together with the notice of suspension of driving privileges, as provided in subsection (h) of Section 11-501. However, a MDDP shall not be issued if the Secretary finds that:

(1) The offender's driver's license is otherwise invalid;
(2) Death or great bodily harm resulted from the arrest for Section 11-501;
(3) The offender has been previously convicted of reckless homicide or aggravated driving under the influence involving death; or
(4) The offender is less than 18 years of age.

Any offender participating in the MDDP program must pay the Secretary a MDDP Administration Fee in an amount not to exceed $30 per month, to be deposited into the Monitoring Device Driving Permit Administration Fee Fund. The Secretary shall establish by rule the amount
and the procedures, terms, and conditions relating to these fees. The offender must have an ignition interlock device installed within 14 days of the date the Secretary issues the MDDP. The ignition interlock device provider must notify the Secretary, in a manner and form prescribed by the Secretary, of the installation. If the Secretary does not receive notice of installation, the Secretary shall cancel the MDDP.

A MDDP shall not become effective prior to the 31st day of the original statutory summary suspension.

Upon receipt of the notice, as provided in paragraph (a) of this Section, the person may file a petition to decline issuance of the MDDP with the court of venue. The court shall admonish the offender of all consequences of declining issuance of the MDDP including, but not limited to, the enhanced penalties for driving while suspended. After being so admonished, the offender shall be permitted, in writing, to execute a notice declining issuance of the MDDP. This notice shall be filed with the court and forwarded by the clerk of the court to the Secretary. The offender may, at any time thereafter, apply to the Secretary for issuance of a MDDP.

(a-1) A person issued a MDDP may drive for any purpose and at any time, subject to the rules adopted by the Secretary under subsection (g). The person must, at his or her own expense, drive only vehicles equipped with an ignition interlock device as defined in Section 1-129.1, but in no event shall such person drive a commercial motor vehicle.

(a-2) Persons who are issued a MDDP and must drive employer-owned vehicles in the course of their employment duties may seek permission to drive an employer-owned vehicle that does not have an ignition interlock device. The employer shall provide to the Secretary a form, as prescribed by the Secretary, completed by the employer verifying that the employee must drive an employer-owned vehicle in the course of employment. If approved by the Secretary, the form must be in the driver's possession while operating an employer-owner vehicle not equipped with an ignition interlock device. No person may use this exemption to drive a school bus, school vehicle, or a vehicle designed to transport more than 15 passengers. No person may use this exemption to drive an employer-owned motor vehicle that is owned by an entity that is wholly or partially owned by the person holding the MDDP, or by a family member of the person holding the MDDP. No person may use this exemption to drive an employer-owned vehicle that is made available to the employee for
personal use. No person may drive the exempted vehicle more than 12
hours per day, 6 days per week.

(a-3) Persons who are issued a MDDP and who must drive a farm
tractor to and from a farm, within 50 air miles from the originating farm
are exempt from installation of a BAIID on the farm tractor, so long as the
farm tractor is being used for the exclusive purpose of conducting farm
operations.

(b) (Blank).

c) (Blank).

c-1) If the holder of the MDDP is convicted of or receives court
supervision for a violation of Section 6-206.2, 6-303, 11-204, 11-204.1,
11-401, 11-501, 11-503, 11-506 or a similar provision of a local ordinance
or a similar out-of-state offense or is convicted of or receives court
supervision for any offense for which alcohol or drugs is an element of the
offense and in which a motor vehicle was involved (for an arrest other
than the one for which the MDDP is issued), or de-installs the BAIID
without prior authorization from the Secretary, the MDDP shall be
cancelled.

c-5) If the Secretary determines that the person seeking the MDDP
is indigent, the Secretary shall provide the person with a written document
as evidence of that determination, and the person shall provide that written
document to an ignition interlock device provider. The provider shall
install an ignition interlock device on that person's vehicle without charge
to the person, and seek reimbursement from the Indigent BAIID Fund. If
the Secretary has deemed an offender indigent, the BAIID provider shall
also provide the normal monthly monitoring services and the de-
installation without charge to the offender and seek reimbursement from
the Indigent BAIID Fund. Any other monetary charges, such as a lockout
fee or reset fee, shall be the responsibility of the MDDP holder. A BAIID
provider may not seek a security deposit from the Indigent BAIID Fund.

(d) MDDP information shall be available only to the courts, police
officers, and the Secretary, except during the actual period the MDDP is
valid, during which time it shall be a public record.

(e) (Blank).

(f) (Blank).

g) The Secretary shall adopt rules for implementing this Section.
The rules adopted shall address issues including, but not limited to:
compliance with the requirements of the MDDP; methods for determining
compliance with those requirements; the consequences of noncompliance

New matter indicated by italics - deletions by strikeout
with those requirements; what constitutes a violation of the MDDP; methods for determining indigency; and the duties of a person or entity that supplies the ignition interlock device.

(h) The rules adopted under subsection (g) shall provide, at a minimum, that the person is not in compliance with the requirements of the MDDP if he or she:

1. tampers or attempts to tamper with or circumvent the proper operation of the ignition interlock device;
2. provides valid breath samples that register blood alcohol levels in excess of the number of times allowed under the rules;
3. fails to provide evidence sufficient to satisfy the Secretary that the ignition interlock device has been installed in the designated vehicle or vehicles; or
4. fails to follow any other applicable rules adopted by the Secretary.

(i) Any person or entity that supplies an ignition interlock device as provided under this Section shall, in addition to supplying only those devices which fully comply with all the rules adopted under subsection (g), provide the Secretary, within 7 days of inspection, all monitoring reports of each person who has had an ignition interlock device installed. These reports shall be furnished in a manner or form as prescribed by the Secretary.

(j) Upon making a determination that a violation of the requirements of the MDDP has occurred, the Secretary shall extend the summary suspension period for an additional 3 months beyond the originally imposed summary suspension period, during which time the person shall only be allowed to drive vehicles equipped with an ignition interlock device; provided further there are no limitations on the total number of times the summary suspension may be extended. The Secretary may, however, limit the number of extensions imposed for violations occurring during any one monitoring period, as set forth by rule. Any person whose summary suspension is extended pursuant to this Section shall have the right to contest the extension through a hearing with the Secretary, pursuant to Section 2-118 of this Code. If the summary suspension has already terminated prior to the Secretary receiving the monitoring report that shows a violation, the Secretary shall be authorized to suspend the person's driving privileges for 3 months, provided that the Secretary may, by rule, limit the number of suspensions to be entered
pursuant to this paragraph for violations occurring during any one monitoring period. Any person whose license is suspended pursuant to this paragraph, after the summary suspension had already terminated, shall have the right to contest the suspension through a hearing with the Secretary, pursuant to Section 2-118 of this Code. The only permit the person shall be eligible for during this new suspension period is a MDDP.

(k) A person who has had his or her summary suspension extended for the third time, or has any combination of 3 extensions and new suspensions, entered as a result of a violation that occurred while holding the MDDP, so long as the extensions and new suspensions relate to the same summary suspension, shall have his or her vehicle impounded for a period of 30 days, at the person's own expense. A person who has his or her summary suspension extended for the fourth time, or has any combination of 4 extensions and new suspensions, entered as a result of a violation that occurred while holding the MDDP, so long as the extensions and new suspensions relate to the same summary suspension, shall have his or her vehicle subject to seizure and forfeiture. The Secretary shall notify the prosecuting authority of any third or fourth extensions or new suspension entered as a result of a violation that occurred while the person held a MDDP. Upon receipt of the notification, the prosecuting authority shall impound or forfeit the vehicle. The impoundment or forfeiture of a vehicle shall be conducted pursuant to the procedure specified in Article 36 of the Criminal Code of 1961.

(l) A person whose driving privileges have been suspended under Section 11-501.1 of this Code and who had a MDDP that was cancelled, or would have been cancelled had notification of a violation been received prior to expiration of the MDDP, pursuant to subsection (c-1) of this Section, shall not be eligible for reinstatement when the summary suspension is scheduled to terminate. Instead, the person's driving privileges shall be suspended for a period of not less than twice the original summary suspension period, or for the length of any extensions entered under subsection (j), whichever is longer. During the period of suspension, the person shall be eligible only to apply for a restricted driving permit. If a restricted driving permit is granted, the offender may only operate vehicles equipped with a BAIID in accordance with this Section.

(m) Any person or entity that supplies an ignition interlock device under this Section shall, for each ignition interlock device installed, pay 5% of the total gross revenue received for the device, including monthly

New matter indicated by italics - deletions by strikeout
monitoring fees, into the Indigent BAIID Fund. This 5% shall be clearly indicated as a separate surcharge on each invoice that is issued. The Secretary shall conduct an annual review of the fund to determine whether the surcharge is sufficient to provide for indigent users. The Secretary may increase or decrease this surcharge requirement as needed.

(n) Any person or entity that supplies an ignition interlock device under this Section that is requested to provide an ignition interlock device to a person who presents written documentation of indigency from the Secretary, as provided in subsection (c-5) of this Section, shall install the device on the person's vehicle without charge to the person and shall seek reimbursement from the Indigent BAIID Fund.

(o) The Indigent BAIID Fund is created as a special fund in the State treasury. The Secretary shall, subject to appropriation by the General Assembly, use all money in the Indigent BAIID Fund to reimburse ignition interlock device providers who have installed devices in vehicles of indigent persons. The Secretary shall make payments to such providers every 3 months. If the amount of money in the fund at the time payments are made is not sufficient to pay all requests for reimbursement submitted during that 3 month period, the Secretary shall make payments on a pro-rata basis, and those payments shall be considered payment in full for the requests submitted.

(p) The Monitoring Device Driving Permit Administration Fee Fund is created as a special fund in the State treasury. The Secretary shall, subject to appropriation by the General Assembly, use the money paid into this fund to offset its administrative costs for administering MDDPs.

(q) The Secretary is authorized to prescribe such forms as it deems necessary to carry out the provisions of this Section.

1. a CDL in the driver's possession;
2. having obtained a CDL;
(3) the proper class of CDL or endorsements or both for the specific vehicle group being operated or for the passengers or type of cargo being transported; or

(4) a copy of a medical variance document, if one exists, such as an exemption letter or a skill performance evaluation certificate.

(b) Except as otherwise provided by this Code, no person may drive a commercial motor vehicle on the highways while such person's driving privilege, license, or permit is:

(1) Suspended, revoked, cancelled, or subject to disqualification. Any person convicted of violating this provision or a similar provision of this or any other state shall have their driving privileges revoked under paragraph 12 of subsection (a) of Section 6-205 of this Code.

(2) Subject to or in violation of an "out-of-service" order. Any person who has been issued a CDL and is convicted of violating this provision or a similar provision of any other state shall be disqualified from operating a commercial motor vehicle under subsection (i) of Section 6-514 of this Code.

(3) Subject to or in violation of a driver or vehicle "out of service" order while operating a vehicle designed to transport 16 or more passengers, including the driver, or transporting hazardous materials required to be placarded. Any person who has been issued a CDL and is convicted of violating this provision or a similar provision of this or any other state shall be disqualified from operating a commercial motor vehicle under subsection (i) of Section 6-514 of this Code.

(b-3) Except as otherwise provided by this Code, no person may drive a commercial motor vehicle on the highways during a period which the commercial motor vehicle or the motor carrier operation is subject to an "out-of-service" order. Any person who is convicted of violating this provision or a similar provision of any other state shall be disqualified from operating a commercial motor vehicle under subsection (i) of Section 6-514 of this Code.

(b-5) Except as otherwise provided by this Code, no person may operate a vehicle designed to transport 16 or more passengers including the driver or hazardous materials of a type or quantity that requires the vehicle to be placarded during a period in which the commercial motor vehicle or the motor carrier operation is subject to an "out-of-service" order.
order. Any person who is convicted of violating this provision or a similar provision of any other state shall be disqualified from operating a commercial motor vehicle under subsection (i) of Section 6-514 of this Code.

(c) Pursuant to the options provided to the States by FHWA Docket No. MC-88-8, the driver of any motor vehicle controlled or operated by or for a farmer is waived from the requirements of this Section, when such motor vehicle is being used to transport: agricultural products; implements of husbandry; or farm supplies; to and from a farm, as long as such movement is not over 150 air miles from the originating farm. This waiver does not apply to the driver of any motor vehicle being used in a common or contract carrier type operation. However, for those drivers of any truck-tractor semitrailer combination or combinations registered under subsection (c) of Section 3-815 of this Code, this waiver shall apply only when the driver is a farmer or a member of the farmer's family and the driver is 21 years of age or more and has successfully completed any tests the Secretary of State deems necessary.

In addition, the farmer or a member of the farmer's family who operates a truck-tractor semitrailer combination or combinations pursuant to this waiver shall be granted all of the rights and shall be subject to all of the duties and restrictions with respect to Sections 6-514 and 6-515 of this Code applicable to the driver who possesses a commercial driver's license issued under this Code, except that the driver shall not be subject to any additional duties or restrictions contained in Part 382 of the Federal Motor Carrier Safety Regulations that are not otherwise imposed under Section 6-514 or 6-515 of this Code.

For purposes of this subsection (c), a member of the farmer's family is a natural or in-law spouse, child, parent, or sibling.

(c-10) A driver of a commercial motor vehicle used primarily in the transportation of propane winter heating fuel or a driver of a motor vehicle used to respond to a pipeline emergency is waived from the

requirements of this Section if such requirements would prevent the driver from responding to an emergency condition requiring immediate response as defined in 49 C.F.R. Part 390.5.

(d) Any person convicted of violating this Section, shall be guilty of a Class A misdemeanor.

(e) Any person convicted of violating paragraph (1) of subsection (b) of this Section, shall have all driving privileges revoked by the Secretary of State.

Where such test is made the following provisions shall apply:

1. Chemical analyses of the person's blood, urine, breath or other bodily substance to be considered valid under the provisions

New matter indicated by italics - deletions by strikeout
of this Section shall have been performed according to standards promulgated by the Department of State Police by a licensed physician, registered nurse, trained phlebotomist, certified paramedic, or other individual possessing a valid permit issued by that Department for this purpose. The Director of State Police is authorized to approve satisfactory techniques or methods, to ascertain the qualifications and competence of individuals to conduct such analyses, to issue permits which shall be subject to termination or revocation at the discretion of that Department and to certify the accuracy of breath testing equipment. The Department of State Police shall prescribe regulations as necessary to implement this Section.

2. When a person in this State shall submit to a blood test at the request of a law enforcement officer under the provisions of Section 11-501.1, only a physician authorized to practice medicine, a licensed physician assistant, a licensed advanced practice nurse, a registered nurse, trained phlebotomist, or certified paramedic, or other qualified person approved by the Department of State Police may withdraw blood for the purpose of determining the alcohol, drug, or alcohol and drug content therein. This limitation shall not apply to the taking of breath or urine specimens.

When a blood test of a person who has been taken to an adjoining state for medical treatment is requested by an Illinois law enforcement officer, the blood may be withdrawn only by a physician authorized to practice medicine in the adjoining state, a licensed physician assistant, a licensed advanced practice nurse, a registered nurse, a trained phlebotomist acting under the direction of the physician, or certified paramedic. The law enforcement officer requesting the test shall take custody of the blood sample, and the blood sample shall be analyzed by a laboratory certified by the Department of State Police for that purpose.

3. The person tested may have a physician, or a qualified technician, chemist, registered nurse, or other qualified person of their own choosing administer a chemical test or tests in addition to any administered at the direction of a law enforcement officer. The failure or inability to obtain an additional test by a person shall not preclude the admission of evidence relating to the test or tests taken at the direction of a law enforcement officer.
4. Upon the request of the person who shall submit to a chemical test or tests at the request of a law enforcement officer, full information concerning the test or tests shall be made available to the person or such person's attorney.

5. Alcohol concentration shall mean either grams of alcohol per 100 milliliters of blood or grams of alcohol per 210 liters of breath.

(b) Upon the trial of any civil or criminal action or proceeding arising out of acts alleged to have been committed by any person while driving or in actual physical control of a vehicle while under the influence of alcohol, the concentration of alcohol in the person's blood or breath at the time alleged as shown by analysis of the person's blood, urine, breath, or other bodily substance shall give rise to the following presumptions:

1. If there was at that time an alcohol concentration of 0.05 or less, it shall be presumed that the person was not under the influence of alcohol.

2. If there was at that time an alcohol concentration in excess of 0.05 but less than 0.08, such facts shall not give rise to any presumption that the person was or was not under the influence of alcohol, but such fact may be considered with other competent evidence in determining whether the person was under the influence of alcohol.

3. If there was at that time an alcohol concentration of 0.08 or more, it shall be presumed that the person was under the influence of alcohol.

4. The foregoing provisions of this Section shall not be construed as limiting the introduction of any other relevant evidence bearing upon the question whether the person was under the influence of alcohol.

(c) 1. If a person under arrest refuses to submit to a chemical test under the provisions of Section 11-501.1, evidence of refusal shall be admissible in any civil or criminal action or proceeding arising out of acts alleged to have been committed while the person under the influence of alcohol, other drug or drugs, or intoxicating compound or compounds, or any combination thereof was driving or in actual physical control of a motor vehicle.

2. Notwithstanding any ability to refuse under this Code to submit to these tests or any ability to revoke the implied consent to these tests, if a law enforcement officer has probable cause to believe that a motor vehicle

driven by or in actual physical control of a person under the influence of alcohol, other drug or drugs, or intoxicating compound or compounds, or any combination thereof has caused the death or personal injury to another, the law enforcement officer shall request, and that person shall submit, upon the request of a law enforcement officer, to a chemical test or tests of his or her blood, breath or urine for the purpose of determining the alcohol content thereof or the presence of any other drug or combination of both.

This provision does not affect the applicability of or imposition of driver's license sanctions under Section 11-501.1 of this Code.

3. For purposes of this Section, a personal injury includes any Type A injury as indicated on the traffic accident report completed by a law enforcement officer that requires immediate professional attention in either a doctor's office or a medical facility. A Type A injury includes severe bleeding wounds, distorted extremities, and injuries that require the injured party to be carried from the scene.

Sec. 13C-15. Inspections.
(a) Computer-Matched Inspections and Notification.
   (1) The provisions of this subsection (a) are operative until the implementation of the registration denial inspection and notification mechanisms required by subsection (b). Beginning with the implementation of the program required by this Chapter, every motor vehicle that is owned by a resident of an affected county, other than a vehicle that is exempt under paragraph (a)(6) or (a)(7), is subject to inspection under the program.
   The Agency shall send notice of the assigned inspection month, at least 15 days before the beginning of the assigned month, to the owner of each vehicle subject to the program. An initial emission inspection sticker or initial inspection certificate, as the case may be, expires on the last day of the third month following the month assigned by the Agency for the first inspection of the vehicle. A renewal inspection sticker or certificate expires on the last day of the third month following the month assigned for inspection in the year in which the vehicle's next inspection is required.
   The Agency or its agent may issue an interim emission inspection sticker or certificate for any vehicle subject to inspection that does not have a currently valid emission inspection sticker or certificate at the time the Agency is notified by the Secretary of State of its registration by a new owner, and for which an initial emission inspection sticker or certificate has already been issued. An interim emission inspection sticker or certificate expires no later than the last day of the sixth complete calendar month after the date the Agency issued the interim emission inspection sticker or certificate.
   The owner of each vehicle subject to inspection shall obtain an emission inspection sticker or certificate for the vehicle in accordance with this paragraph (1). Before the expiration of the emission inspection sticker or certificate, the owner shall have the vehicle inspected and, upon demonstration of compliance, obtain a

The beginning test schedule shall be set by the Agency and shall be consistent with the State's requirements for emission reductions as determined by the applicable United States Environmental Protection Agency vehicle emissions estimation model and applicable guidance and rules.

(3) A vehicle may be inspected at a time outside of its normal 2-year inspection schedule, if (i) the vehicle was acquired by a new owner and (ii) the vehicle was required to be in compliance with this Act at the time the vehicle was acquired by the new owner, but it was not then in compliance.

(4) The owner of a vehicle subject to inspection shall have the vehicle inspected and shall obtain and display on the vehicle or carry within the vehicle, in a manner specified by the Agency, a valid unexpired emission inspection sticker or certificate in the manner specified by the Agency. A person who violates this paragraph (4) is guilty of a petty offense, except that a third or subsequent violation within one year of the first violation is a Class C misdemeanor. The fine imposed for a violation of this paragraph (4) shall be not less than $50 if the violation occurred within 60 days following the date by which a new or renewal emission inspection sticker or certificate was required to be obtained for the vehicle, and not less than $300 if the violation occurred more than 60 days after that date.

(5) For a $20 fee, to be paid into the Vehicle Inspection Fund, the Agency may inspect:

(B) A vehicle presented for inspection on a voluntary basis.

Any fees collected under this paragraph (5) shall not offset Motor Fuel Tax Funds normally appropriated for the program.

Sec. 15-301. Permits for excess size and weight.

(a) The Department with respect to highways under its jurisdiction and local authorities with respect to highways under their jurisdiction may, in their discretion, upon application and good cause being shown therefor, issue a special permit authorizing the applicant to operate or move a vehicle or combination of vehicles of a size or weight of vehicle or load exceeding the maximum specified in this Act or otherwise not in conformity with this Act upon any highway under the jurisdiction of the party granting such permit and for the maintenance of which the party is responsible. Applications and permits other than those in written or printed form may only be accepted from and issued to the company or individual making the movement. Except for an application to move directly across a highway, it shall be the duty of the applicant to establish in the application that the load to be moved by such vehicle or combination cannot reasonably be dismantled or disassembled, the reasonableness of which shall be determined by the Secretary of the Department. For the purpose of over length movements, more than one object may be carried side by side as long as the height, width, and weight laws are not exceeded and the cause for the over length is not due to multiple objects. For the purpose of over height movements, more than one object may be carried as long as the cause for the over height is not due to multiple objects and the length, width, and weight laws are not exceeded. Any excess size or weight permit issued in violation of the provisions of this Section shall be void at issue and any movement made thereunder shall not be authorized under the terms of the void permit. In any prosecution for a violation of this Chapter when the authorization of an excess size or weight permit is at

issue, it is the burden of the defendant to establish that the permit was valid because the load to be moved could not reasonably be dismantled or disassembled, or was otherwise nondivisible.

(b) The application for any such permit shall: (1) state whether such permit is requested for a single trip or for limited continuous operation; (2) state if the applicant is an authorized carrier under the Illinois Motor Carrier of Property Law, if so, his certificate, registration or permit number issued by the Illinois Commerce Commission; (3) specifically describe and identify the vehicle or vehicles and load to be operated or moved except that for vehicles or vehicle combinations registered by the Department as provided in Section 15-319 of this Chapter, only the Illinois Department of Transportation's (IDT) registration number or classification need be given; (4) state the routing requested including the points of origin and destination, and may identify and include a request for routing to the nearest certified scale in accordance with the Department's rules and regulations, provided the applicant has approval to travel on local roads; and (5) state if the vehicles or loads are being transported for hire. No permits for the movement of a vehicle or load for hire shall be issued to any applicant who is required under the Illinois Motor Carrier of Property Law to have a certificate, registration or permit and does not have such certificate, registration or permit.

(c) The Department or local authority when not inconsistent with traffic safety is authorized to issue or withhold such permit at its discretion; or, if such permit is issued at its discretion to prescribe the route or routes to be traveled, to limit the number of trips, to establish seasonal or other time limitations within which the vehicles described may be operated on the highways indicated, or otherwise to limit or prescribe conditions of operations of such vehicle or vehicles, when necessary to assure against undue damage to the road foundations, surfaces or structures, and may require such undertaking or other security as may be deemed necessary to compensate for any injury to any roadway or road structure. The Department shall maintain a daily record of each permit issued along with the fee and the stipulated dimensions, weights, conditions and restrictions authorized and this record shall be presumed correct in any case of questions or dispute. The Department shall install an automatic device for recording applications received and permits issued by telephone. In making application by telephone, the Department and applicant waive all objections to the recording of the conversation.

(d) The Department shall, upon application in writing from any local authority, issue an annual permit authorizing the local authority to move oversize highway construction, transportation, utility and maintenance equipment over roads under the jurisdiction of the Department. The permit shall be applicable only to equipment and vehicles owned by or registered in the name of the local authority, and no fee shall be charged for the issuance of such permits.

(e) As an exception to paragraph (a) of this Section, the Department and local authorities, with respect to highways under their respective jurisdictions, in their discretion and upon application in writing may issue a special permit for limited continuous operation, authorizing the applicant to move loads of agricultural commodities on a 2 axle single vehicle registered by the Secretary of State with axle loads not to exceed 35%, on a 3 or 4 axle vehicle registered by the Secretary of State with axle loads not to exceed 20%, and on a 5 axle vehicle registered by the Secretary of State not to exceed 10% above those provided in Section 15-111. The total gross weight of the vehicle, however, may not exceed the maximum gross weight of the registration class of the vehicle allowed under Section 3-815 or 3-818 of this Code.

As used in this Section, "agricultural commodities" means:

(1) cultivated plants or agricultural produce grown including, but is not limited to, corn, soybeans, wheat, oats, grain sorghum, canola, and rice;

(2) livestock, including but not limited to hogs, equine, sheep, and poultry;

(3) ensilage; and

(4) fruits and vegetables.

Permits may be issued for a period not to exceed 40 days and moves may be made of a distance not to exceed 50 miles from a field, an on-farm grain storage facility, a warehouse as defined in the Illinois Grain Code, or a livestock management facility as defined in the Livestock Management Facilities Act over any highway except the National System of Interstate and Defense Highways. The operator of the vehicle, however, must abide by posted bridge and posted highway weight limits. All implements of husbandry operating under this Section between sunset and sunrise shall be equipped as prescribed in Section 12-205.1.

(e-1) Upon a declaration by the Governor that an emergency harvest situation exists, a special permit issued by the Department under this Section shall not be required from September 1 through December 31.
during harvest season emergencies, provided that the weight does not exceed 20% above the limits provided in Section 15-111. All other restrictions that apply to permits issued under this Section shall apply during the declared time period. With respect to highways under the jurisdiction of local authorities, the local authorities may, at their discretion, waive special permit requirements during harvest season emergencies. This permit exemption shall apply to all vehicles eligible to obtain permits under this Section, including commercial vehicles in use during the declared time period.

(f) The form and content of the permit shall be determined by the Department with respect to highways under its jurisdiction and by local authorities with respect to highways under their jurisdiction. Every permit shall be in written form and carried in the vehicle or combination of vehicles to which it refers and shall be open to inspection by any police officer or authorized agent of any authority granting the permit and no person shall violate any of the terms or conditions of such special permit. Violation of the terms and conditions of the permit shall not be deemed a revocation of the permit; however, any vehicle and load found to be off the route prescribed in the permit shall be held to be operating without a permit. Any off route vehicle and load shall be required to obtain a new permit or permits, as necessary, to authorize the movement back onto the original permit routing. No rule or regulation, nor anything herein shall be construed to authorize any police officer, court, or authorized agent of any authority granting the permit to remove the permit from the possession of the permittee unless the permittee is charged with a fraudulent permit violation as provided in paragraph (i). However, upon arrest for an offense of violation of permit, operating without a permit when the vehicle is off route, or any size or weight offense under this Chapter when the permittee plans to raise the issuance of the permit as a defense, the permittee, or his agent, must produce the permit at any court hearing concerning the alleged offense.

If the permit designates and includes a routing to a certified scale, the permittee, while enroute to the designated scale, shall be deemed in compliance with the weight provisions of the permit provided the axle or gross weights do not exceed any of the permitted limits by more than the following amounts:

(g) The Department is authorized to adopt, amend, and to make available to interested persons a policy concerning reasonable rules, limitations and conditions or provisions of operation upon highways under its jurisdiction in addition to those contained in this Section for the movement by special permit of vehicles, combinations, or loads which cannot reasonably be dismantled or disassembled, including manufactured and modular home sections and portions thereof. All rules, limitations and conditions or provisions adopted in the policy shall have due regard for the safety of the traveling public and the protection of the highway system and shall have been promulgated in conformity with the provisions of the Illinois Administrative Procedure Act. The requirements of the policy for flagmen and escort vehicles shall be the same for all moves of comparable size and weight. When escort vehicles are required, they shall meet the following requirements:

1. All operators shall be 18 years of age or over and properly licensed to operate the vehicle.
2. Vehicles escorting oversized loads more than 12-feet wide must be equipped with a rotating or flashing amber light mounted on top as specified under Section 12-215.

The Department shall establish reasonable rules and regulations regarding liability insurance or self insurance for vehicles with oversized loads promulgated under The Illinois Administrative Procedure Act. Police vehicles may be required for escort under circumstances as required by rules and regulations of the Department.

(h) Violation of any rule, limitation or condition or provision of any permit issued in accordance with the provisions of this Section shall not render the entire permit null and void but the violator shall be deemed guilty of violation of permit and guilty of exceeding any size, weight or load limitations in excess of those authorized by the permit. The prescribed route or routes on the permit are not mere rules, limitations, conditions, or provisions of the permit, but are also the sole extent of the authorization granted by the permit. If a vehicle and load are found to be off the route or routes prescribed by any permit authorizing movement, the vehicle and load are operating without a permit. Any off route movement shall be subject to the size and weight maximums, under the applicable provisions of this Chapter, as determined by the type or class highway upon which the vehicle and load are being operated.

(i) Whenever any vehicle is operated or movement made under a fraudulent permit the permit shall be void, and the person, firm, or
corporation to whom such permit was granted, the driver of such vehicle in addition to the person who issued such permit and any accessory, shall be guilty of fraud and either one or all persons may be prosecuted for such violation. Any person, firm, or corporation committing such violation shall be guilty of a Class 4 felony and the Department shall not issue permits to the person, firm or corporation convicted of such violation for a period of one year after the date of conviction. Penalties for violations of this Section shall be in addition to any penalties imposed for violation of other Sections of this Act.

(j) Whenever any vehicle is operated or movement made in violation of a permit issued in accordance with this Section, the person to whom such permit was granted, or the driver of such vehicle, is guilty of such violation and either, but not both, persons may be prosecuted for such violation as stated in this subsection (j). Any person, firm or corporation convicted of such violation shall be guilty of a petty offense and shall be fined for the first offense, not less than $50 nor more than $200 and, for the second offense by the same person, firm or corporation within a period of one year, not less than $200 nor more than $300 and, for the third offense by the same person, firm or corporation within a period of one year after the date of the first offense, not less than $300 nor more than $500 and the Department shall not issue permits to the person, firm or corporation convicted of a third offense during a period of one year after the date of conviction for such third offense.

(k) Whenever any vehicle is operated on local roads under permits for excess width or length issued by local authorities, such vehicle may be moved upon a State highway for a distance not to exceed one-half mile without a permit for the purpose of crossing the State highway.

(l) Notwithstanding any other provision of this Section, the Department, with respect to highways under its jurisdiction, and local authorities, with respect to highways under their jurisdiction, may at their discretion authorize the movement of a vehicle in violation of any size or weight requirement, or both, that would not ordinarily be eligible for a permit, when there is a showing of extreme necessity that the vehicle and load should be moved without unnecessary delay.

For the purpose of this subsection, showing of extreme necessity shall be limited to the following: shipments of livestock, hazardous materials, liquid concrete being hauled in a mobile cement mixer, or hot asphalt.

2. no rear tandem axle of the tow-truck exceeds 50,000 pounds;
2.1 no triple rear axle on a manufactured recovery unit exceeds 60,000 pounds;

5. during the tow operation the tow-truck does not violate any weight restriction sign;

12. the permit issued to the tow-truck is carried in the tow-truck and exhibited on demand by a police officer; and
13. the movement shall be valid only on state routes approved by the Department.

(p) In determining whether a load may be reasonably dismantled or disassembled for the purpose of paragraph (a), the Department shall consider whether there is a significant negative impact on the condition of the pavement and structures along the proposed route, whether the load or vehicle as proposed causes a safety hazard to the traveling public, whether dismantling or disassembling the load promotes or stifles economic development and whether the proposed route travels less than 5 miles. A load is not required to be dismantled or disassembled for the purposes of paragraph (a) if the Secretary of the Department determines there will be no significant negative impact to pavement or structures along the proposed route, the proposed load or vehicle causes no safety hazard to the traveling public, dismantling or disassembling the load does not promote economic development and the proposed route travels less than 5 miles. The Department may promulgate rules for the purpose of establishing the divisibility of a load pursuant to paragraph (a). Any load determined by the Secretary to be nondivisible shall otherwise comply with the existing size or weight maximums specified in this Chapter.

(8) Persons engaged in bona fide research, with the permission of the presiding judge of the juvenile court and the chief executive of the agency that prepared the particular records; provided that publication of such research results in no disclosure of a minor's identity and protects the confidentiality of the record.

(9) The Secretary of State to whom the Clerk of the Court shall report the disposition of all cases, as required in Section 6-204 of the Illinois Vehicle Code. Any records and any information obtained from those records under this paragraph (11) may be used only in sexually violent persons commitment proceedings.

(B) A minor who is the victim in a juvenile proceeding shall be provided the same confidentiality regarding disclosure of identity as the minor who is the subject of record.

(C) Except as otherwise provided in this subsection (C), juvenile court records shall not be made available to the general public but may be inspected by representatives of agencies, associations and news media or other properly interested persons by general or special order of the court presiding over matters pursuant to this Act.

(0.1) In cases where the records concern a pending juvenile court case, the party seeking to inspect the juvenile court records shall provide actual notice to the attorney or guardian ad litem of the minor whose records are sought.

(0.2) In cases where the records concern a juvenile court case that is no longer pending, the party seeking to inspect the juvenile court records shall provide actual notice to the minor or the minor's parent or legal guardian, and the matter shall be referred to the chief judge presiding over matters pursuant to this Act.

(0.3) In determining whether the records should be available for inspection, the court shall consider the minor's interest in confidentiality and rehabilitation over the moving party's interest in obtaining the information. The State's Attorney, the minor, and the minor's parents, guardian, and counsel shall at all times have the right to examine court files and records. For purposes of obtaining documents pursuant to this Section, a civil subpoena is not an order of the court.

(0.4) Any records obtained in violation of this subsection (C) shall not be admissible in any criminal or civil proceeding, or operate to disqualify a minor from subsequently holding public office, or operate as a forfeiture of any public benefit, right, privilege, or right to receive any license granted by public authority.

Section 620. The Criminal Code of 1961 is amended by changing Sections 10-5, 21-3, 24-3, 26-1, and 26-4 and the heading of Article 24.6 as follows:

(720 ILCS 5/10-5) (from Ch. 38, par. 10-5)
Sec. 10-5. Child abduction.

(a) For purposes of this Section, the following terms have the following meanings:

(1) "Child" means a person who, at the time the alleged violation occurred, was under the age of 18 or severely or profoundly intellectually disabled.

(2) "Detains" means taking or retaining physical custody of a child, whether or not the child resists or objects.

(2.1) "Express consent" means oral or written permission that is positive, direct, and unequivocal, requiring no inference or implication to supply its meaning.

(2.2) "Luring" means any knowing act to solicit, entice, tempt, or attempt to attract the minor.

(3) "Lawful custodian" means a person or persons granted legal custody of a child or entitled to physical possession of a child pursuant to a court order. It is presumed that, when the parties have never been married to each other, the mother has legal custody of the child unless a valid court order states otherwise. If an

adjudication of paternity has been completed and the father has been assigned support obligations or visitation rights, such a paternity order should, for the purposes of this Section, be considered a valid court order granting custody to the mother.

(4) "Putative father" means a man who has a reasonable belief that he is the father of a child born of a woman who is not his wife.

(5) "Unlawful purpose" means any misdemeanor or felony violation of State law or a similar federal or sister state law or local ordinance.

(b) A person commits the offense of child abduction when he or she does any one of the following:

(1) Intentionally violates any terms of a valid court order granting sole or joint custody, care, or possession to another by concealing or detaining the child or removing the child from the jurisdiction of the court.

(2) Intentionally violates a court order prohibiting the person from concealing or detaining the child or removing the child from the jurisdiction of the court.

(3) Intentionally conceals, detains, or removes the child without the consent of the mother or lawful custodian of the child if the person is a putative father and either: (A) the paternity of the child has not been legally established or (B) the paternity of the child has been legally established but no orders relating to custody have been entered. Notwithstanding the presumption created by paragraph (3) of subsection (a), however, a mother commits child abduction when she intentionally conceals or removes a child, whom she has abandoned or relinquished custody of, from an unadjudicated father who has provided sole ongoing care and custody of the child in her absence.

(4) Intentionally conceals or removes the child from a parent after filing a petition or being served with process in an action affecting marriage or paternity but prior to the issuance of a temporary or final order determining custody.

(5) At the expiration of visitation rights outside the State, intentionally fails or refuses to return or impedes the return of the child to the lawful custodian in Illinois.

(6) Being a parent of the child, and if the parents of that child are or have been married and there has been no court order of

New matter indicated by italics - deletions by strikeout
custody, knowingly conceals the child for 15 days, and fails to make reasonable attempts within the 15-day period to notify the other parent as to the specific whereabouts of the child, including a means by which to contact the child, or to arrange reasonable visitation or contact with the child. It is not a violation of this Section for a person fleeing domestic violence to take the child with him or her to housing provided by a domestic violence program.

(7) Being a parent of the child, and if the parents of the child are or have been married and there has been no court order of custody, knowingly conceals, detains, or removes the child with physical force or threat of physical force.

(8) Knowingly conceals, detains, or removes the child for payment or promise of payment at the instruction of a person who has no legal right to custody.

(9) Knowingly retains in this State for 30 days a child removed from another state without the consent of the lawful custodian or in violation of a valid court order of custody.

(10) Intentionally lures or attempts to lure a child under the age of 16 into a motor vehicle, building, housetrailer, or dwelling place without the consent of the child's parent or lawful custodian for other than a lawful purpose. For the purposes of this item (10), the trier of fact may infer that luring or attempted luring of a child under the age of 16 into a motor vehicle, building, housetrailer, or dwelling place without the express consent of the child's parent or lawful custodian or with the intent to avoid the express consent of the child's parent or lawful custodian was for other than a lawful purpose.

(11) With the intent to obstruct or prevent efforts to locate the child victim of a child abduction, knowingly destroys, alters, conceals, or disguises physical evidence or furnishes false information.

(c) It is an affirmative defense to subsections (b)(1) through (b)(10) of this Section that:

(1) the person had custody of the child pursuant to a court order granting legal custody or visitation rights that existed at the time of the alleged violation;

(2) the person had physical custody of the child pursuant to a court order granting legal custody or visitation rights and failed to
return the child as a result of circumstances beyond his or her control, and the person notified and disclosed to the other parent or legal custodian the specific whereabouts of the child and a means by which the child could be contacted or made a reasonable attempt to notify the other parent or lawful custodian of the child of those circumstances and made the disclosure within 24 hours after the visitation period had expired and returned the child as soon as possible;

(3) the person was fleeing an incidence or pattern of domestic violence; or

(4) the person lured or attempted to lure a child under the age of 16 into a motor vehicle, building, housetrailer, or dwelling place for a lawful purpose in prosecutions under paragraph (10) of subsection (b).

(d) A person convicted of child abduction under this Section is guilty of a Class 4 felony. A person convicted of child abduction under subsection (b)(10) shall undergo a sex offender evaluation prior to a sentence being imposed. A person convicted of a second or subsequent violation of paragraph (10) of subsection (b) of this Section is guilty of a Class 3 felony. A person convicted of child abduction under subsection (b)(10) when the person has a prior conviction of a sex offense as defined in the Sex Offender Registration Act or any substantially similar federal, Uniform Code of Military Justice, sister state, or foreign government offense is guilty of a Class 2 felony. It is a factor in aggravation under subsections (b)(1) through (b)(10) of this Section for which a court may impose a more severe sentence under Section 5-8-1 (730 ILCS 5/5-8-1) or Article 4.5 of Chapter V of the Unified Code of Corrections if, upon sentencing, the court finds evidence of any of the following aggravating factors:

(1) that the defendant abused or neglected the child following the concealment, detention, or removal of the child;

(2) that the defendant inflicted or threatened to inflict physical harm on a parent or lawful custodian of the child or on the child with intent to cause that parent or lawful custodian to discontinue criminal prosecution of the defendant under this Section;

(3) that the defendant demanded payment in exchange for return of the child or demanded that he or she be relieved of the

New matter indicated by italics - deletions by strikeout
financial or legal obligation to support the child in exchange for return of the child;

(4) that the defendant has previously been convicted of child abduction;

(5) that the defendant committed the abduction while armed with a deadly weapon or the taking of the child resulted in serious bodily injury to another; or

(6) that the defendant committed the abduction while in a school, regardless of the time of day or time of year; in a playground; on any conveyance owned, leased, or contracted by a school to transport students to or from school or a school related activity; on the real property of a school; or on a public way within 1,000 feet of the real property comprising any school or playground. For purposes of this paragraph (6), "playground" means a piece of land owned or controlled by a unit of local government that is designated by the unit of local government for use solely or primarily for children's recreation; and "school" means a public or private elementary or secondary school, community college, college, or university.

(e) The court may order the child to be returned to the parent or lawful custodian from whom the child was concealed, detained, or removed. In addition to any sentence imposed, the court may assess any reasonable expense incurred in searching for or returning the child against any person convicted of violating this Section.

(f) Nothing contained in this Section shall be construed to limit the court's contempt power.

(g) Every law enforcement officer investigating an alleged incident of child abduction shall make a written police report of any bona fide allegation and the disposition of that investigation. Every police report completed pursuant to this Section shall be compiled and recorded within the meaning of Section 5.1 of the Criminal Identification Act.

(h) Whenever a law enforcement officer has reasons to believe a child abduction has occurred, she or he shall provide the lawful custodian a summary of her or his rights under this Code, including the procedures and relief available to her or him.

(i) If during the course of an investigation under this Section the child is found in the physical custody of the defendant or another, the law enforcement officer shall return the child to the parent or lawful custodian from whom the child was concealed, detained, or removed, unless there is

   (1) knowingly and without lawful authority enters or remains within or on a building; or
   (2) enters upon the land of another, after receiving, prior to such entry, notice from the owner or occupant that such entry is forbidden; or
   (3) remains upon the land of another, after receiving notice from the owner or occupant to depart; or
   (3.5) presents false documents or falsely represents his or her identity orally to the owner or occupant of a building or land in order to obtain permission from the owner or occupant to enter or remain in the building or on the land;

For purposes of item (1) of this subsection, this Section shall not apply to being in a building which is open to the public while the building is open to the public during its normal hours of operation; nor shall this Section apply to a person who enters a public building under the reasonable belief that the building is still open to the public.
(a-5) Except as otherwise provided in this subsection, whoever enters upon any of the following areas in or on a motor vehicle (including an off-road vehicle, motorcycle, moped, or any other powered two-wheel vehicle) after receiving, prior to that entry, notice from the owner or occupant that the entry is forbidden or remains upon or in the area after receiving notice from the owner or occupant to depart commits a Class A misdemeanor:

(b) A person has received notice from the owner or occupant within the meaning of Subsection (a) if he has been notified personally, either orally or in writing including a valid court order as defined by subsection (7) of Section 112A-3 of the Code of Criminal Procedure of 1963 granting remedy (2) of subsection (b) of Section 112A-14 of that Code, or if a printed or written notice forbidding such entry has been conspicuously posted or exhibited at the main entrance to such land or the forbidden part thereof.

(b-5) Subject to the provisions of subsection (b-10), as an alternative to the posting of real property as set forth in subsection (b), the owner or lessee of any real property may post the property by placing identifying purple marks on trees or posts around the area to be posted. Each purple mark shall be:

(1) A vertical line of at least 8 inches in length and the bottom of the mark shall be no less than 3 feet nor more than 5 feet high. Such marks shall be placed no more than 100 feet apart and shall be readily visible to any person approaching the property; or

(2) A post capped or otherwise marked on at least its top 2 inches. The bottom of the cap or mark shall be not less than 3 feet but not more than 5 feet 6 inches high. Prior to applying a cap or mark which is visible from both sides of a fence shared by different property owners or lessees, all such owners or lessees shall concur in the decision to post their own property.

Nothing in this subsection (b-5) shall be construed to authorize the owner or lessee of any real property to place any purple marks on any tree or post or to install any post or fence if doing so would violate any applicable law, rule, ordinance, order, covenant, bylaw, declaration, regulation, restriction, contract, or instrument.

(b-10) Any owner or lessee who marks his or her real property using the method described in subsection (b-5) must also provide notice as described in subsection (b) of this Section. The public of this State shall be informed of the provisions of subsection (b-5) of this Section by the Illinois Department of Agriculture and the Illinois Department of Natural Resources. These Departments shall conduct an information campaign for the general public concerning the interpretation and implementation of subsection (b-5). The information shall inform the public about the marking requirements and the applicability of subsection (b-5) including

information regarding the size requirements of the markings as well as the manner in which the markings shall be displayed. The Departments shall also include information regarding the requirement that, until the date this subsection becomes inoperative, any owner or lessee who chooses to mark his or her property using paint, must also comply with one of the notice requirements listed in subsection (b). The Departments may prepare a brochure or may disseminate the information through agency websites. Non-governmental organizations including, but not limited to, the Illinois Forestry Association, Illinois Tree Farm and the Walnut Council may help to disseminate the information regarding the requirements and applicability of subsection (b-5) based on materials provided by the Departments. This subsection (b-10) is inoperative on and after January 1, 2013.

(b-15) Subsections (b-5) and (b-10) do not apply to real property located in a municipality of over 2,000,000 inhabitants.

(c) This Section does not apply to any person, whether a migrant worker or otherwise, living on the land with permission of the owner or of his agent having apparent authority to hire workers on such land and assign them living quarters or a place of accommodations for living thereon, nor to anyone living on such land at the request of, or by occupancy, leasing or other agreement or arrangement with the owner or his agent, nor to anyone invited by such migrant worker or other person so living on such land to visit him at the place he is so living upon the land.

For the purpose of this subsection, "unoccupied and abandoned residential and industrial property" means any real estate (1) in which the taxes have not been paid for a period of at least 2 years; and (2) which has been left unoccupied and abandoned for a period of at least one year; and "beautifies" means to landscape, clean up litter, or to repair dilapidated conditions on or to board up windows and doors.

(e) No person shall be liable in any civil action for money damages to the owner of unoccupied and abandoned residential and industrial property which that person beautifies pursuant to subsection (d) of this Section.

(f) This Section does not prohibit a person from entering a building or upon the land of another for emergency purposes. For purposes of this subsection (f), "emergency" means a condition or circumstance in which

A person may also be liable to the owner for court costs and reasonable attorney's fees. However, this paragraph (g) does not apply to: (1) the sale of a firearm to a law enforcement officer if the seller of the firearm knows that the person to whom he or she is selling the firearm is a law enforcement officer or the sale of a firearm to a person who desires to purchase a firearm for use in promoting the public interest incident to his or her employment as a bank guard, armed truck guard, or other similar employment; (2) a mail order sale of a firearm to a nonresident of Illinois under which the firearm is mailed to a point outside the boundaries of Illinois; (3) the sale of a firearm to a nonresident of Illinois while at a firearm showing or display recognized by the Illinois Department of State Police; or (4) the sale of a firearm to a dealer licensed as a federal firearms dealer under Section 923 of the federal Gun Control Act of 1968 (18 U.S.C. 923). For purposes of this paragraph, (1) "firearm" is defined as in the Firearm Owners Identification Card Act; and (2) "handgun" is defined as a firearm designed to be held and fired by the use of a single hand, and includes a combination of parts from which such a firearm can be assembled.

A person "engaged in the business" means a person who devotes time, attention, and labor to engaging in the activity as a regular course of trade or business with the principal objective of livelihood and profit, but does not include a person who makes occasional repairs of firearms or who occasionally fits special barrels, stocks, or trigger mechanisms to firearms.

"With the principal objective of livelihood and profit" means that the intent underlying the sale or disposition of firearms is predominantly one of obtaining livelihood and pecuniary gain, as opposed to other intents, such as improving or liquidating a personal firearms collection; however, proof of profit shall not be required as to a person who engages in the regular and repetitive purchase and disposition of firearms for criminal purposes or terrorism.

Sec. 5-105. Leave to sue or defend as an indigent person.

(a) As used in this Section:

(1) "Fees, costs, and charges" means payments imposed on a party in connection with the prosecution or defense of a civil action, including, but not limited to: filing fees; appearance fees; fees for service of process and other papers served either within or outside this State, including service by publication pursuant to Section 2-206 of this Code and publication of necessary legal notices; motion fees; jury demand fees; charges for participation in, or attendance at, any mandatory process or procedure including, but not limited to, conciliation, mediation, arbitration, counseling, evaluation, "Children First", "Focus on Children" or similar programs; fees for supplementary proceedings; charges for translation services; guardian ad litem fees; charges for certified copies of court documents; and all other processes and procedures deemed by the court to be necessary to commence, prosecute, defend, or enforce relief in a civil action.

(2) "Indigent person" means any person who meets one or more of the following criteria:

(i) He or she is receiving assistance under one or more of the following public benefits programs: Supplemental Security Income (SSI), Aid to the Aged, Blind and Disabled (AABD), Temporary Assistance for Needy Families (TANF), Food Stamps, General Assistance,
State Transitional Assistance, or State Children and Family Assistance.

(ii) His or her available income is 125% or less of the current poverty level as established by the United States Department of Health and Human Services, unless the applicant's assets that are not exempt under Part 9 or 10 of Article XII of this Code are of a nature and value that the court determines that the applicant is able to pay the fees, costs, and charges.

(iii) He or she is, in the discretion of the court, unable to proceed in an action without payment of fees, costs, and charges and whose payment of those fees, costs, and charges would result in substantial hardship to the person or his or her family.

(iv) He or she is an indigent person pursuant to Section 5-105.5 of this Code.

(b) On the application of any person, before, or after the commencement of an action, a court, on finding that the applicant is an indigent person, shall grant the applicant leave to sue or defend the action without payment of the fees, costs, and charges of the action.

(c) An application for leave to sue or defend an action as an indigent person shall be in writing and supported by the affidavit of the applicant or, if the applicant is a minor or an incompetent adult, by the affidavit of another person having knowledge of the facts. The contents of the affidavit shall be established by Supreme Court Rule. The court shall provide, through the office of the clerk of the court, simplified forms consistent with the requirements of this Section and applicable Supreme Court Rules to any person seeking to sue or defend an action who indicates an inability to pay the fees, costs, and charges of the action. The application and supporting affidavit may be incorporated into one simplified form. The clerk of the court shall post in a conspicuous place in the courthouse a notice no smaller than 8.5 x 11 inches, using no smaller than 30-point typeface printed in English and in Spanish, advising the public that they may ask the court for permission to sue or defend a civil action without payment of fees, costs, and charges. The notice shall be substantially as follows:

"If you are unable to pay the fees, costs, and charges of an action you may ask the court to allow you to proceed without paying them. Ask the clerk of the court for forms."

(d) The court shall rule on applications under this Section in a timely manner based on information contained in the application unless the court, in its discretion, requires the applicant to personally appear to explain or clarify information contained in the application. If the court finds that the applicant is an indigent person, the court shall enter an order permitting the applicant to sue or defend without payment of fees, costs, or charges. If the application is denied, the court shall enter an order to that effect stating the specific reasons for the denial. The clerk of the court shall promptly mail or deliver a copy of the order to the applicant.

(e) The clerk of the court shall not refuse to accept and file any complaint, appearance, or other paper presented by the applicant if accompanied by an application to sue or defend in forma pauperis, and those papers shall be considered filed on the date the application is presented. If the application is denied, the order shall state a date certain by which the necessary fees, costs, and charges must be paid. The court, for good cause shown, may allow an applicant whose application is denied to defer payment of fees, costs, and charges, make installment payments, or make payment upon reasonable terms and conditions stated in the order. The court may dismiss the claims or defenses of any party failing to pay the fees, costs, or charges within the time and in the manner ordered by the court. A determination concerning an application to sue or defend in forma pauperis shall not be construed as a ruling on the merits.

(f) The court may order an indigent person to pay all or a portion of the fees, costs, or charges waived pursuant to this Section out of moneys recovered by the indigent person pursuant to a judgment or settlement resulting from the civil action. However, nothing in this Section shall be construed to limit the authority of a court to order another party to the action to pay the fees, costs, or charges of the action.

(g) A court, in its discretion, may appoint counsel to represent an indigent person, and that counsel shall perform his or her duties without fees, charges, or reward.

(h) Nothing in this Section shall be construed to affect the right of a party to sue or defend an action in forma pauperis without the payment of fees, costs, or charges, or the right of a party to court-appointed counsel, as authorized by any other provision of law or by the rules of the Illinois Supreme Court.

(i) The provisions of this Section are severable under Section 1.31 of the Statute on Statutes.

(c) The court may grant and enforce the payment of maintenance during the pendency of an appeal as the court shall deem reasonable and proper.

(d) No maintenance shall accrue during the period in which a party is imprisoned for failure to comply with the court's order for the payment of such maintenance.

(e) When maintenance is to be paid through the clerk of the court in a county of 1,000,000 inhabitants or less, the order shall direct the obligor to pay to the clerk, in addition to the maintenance payments, all fees imposed by the county board under paragraph (3) of subsection (u) of Section 27.1 of the Clerks of Courts Act. Unless paid in cash or pursuant to an order for withholding, the payment of the fee shall be by a separate instrument from the support payment and shall be made to the order of the Clerk.

(f) An award ordered by a court upon entry of a dissolution judgment or upon entry of an award of maintenance following a reservation of maintenance in a dissolution judgment may be reasonably secured, in whole or in part, by life insurance on the payor's life on terms as to which the parties agree, or, if they do not agree, on such terms determined by the court, subject to the following:

(1) With respect to existing life insurance, provided the court is apprised through evidence, stipulation, or otherwise as to level of death benefits, premium, and other relevant data and makes findings relative thereto, the court may allocate death benefits, the right to assign death benefits, or the obligation for future premium payments between the parties as it deems just.

(2) To the extent the court determines that its award should be secured, in whole or in part, by new life insurance on the payor's life, the court may only order:

(i) that the payor cooperate on all appropriate steps for the payee to obtain such new life insurance; and

(ii) that the payee, at his or her sole option and expense, may obtain such new life insurance on the payor's

life up to a maximum level of death benefit coverage, or
descending death benefit coverage, as is set by the court,
such level not to exceed a reasonable amount in light of the
court's award, with the payee or the payee's designee being
the beneficiary of such life insurance.

In determining the maximum level of death benefit coverage, the
court shall take into account all relevant facts and circumstances,
including the impact on access to life insurance by the maintenance
payor. If in resolving any issues under paragraph (2) of this
subsection (f) a court reviews any submitted or proposed
application for new insurance on the life of a maintenance payor,
the review shall be in camera.

(3) A judgment shall expressly set forth that all death
benefits paid under life insurance on a payor's life maintained or
obtained pursuant to this subsection to secure maintenance are
designated as excludable from the gross income of the maintenance
payee under Section 71(b)(1)(B) of the Internal Revenue Code,
unless an agreement or stipulation of the parties otherwise
provides.

Sec. 505. Child support; contempt; penalties.

(a) In a proceeding for dissolution of marriage, legal separation,
declaration of invalidity of marriage, a proceeding for child support
following dissolution of the marriage by a court which lacked personal
jurisdiction over the absent spouse, a proceeding for modification of a
previous order for child support under Section 510 of this Act, or any
proceeding authorized under Section 501 or 601 of this Act, the court may
order either or both parents owing a duty of support to a child of the
marriage to pay an amount reasonable and necessary for his support,
without regard to marital misconduct. The duty of support owed to a child
includes the obligation to provide for the reasonable and necessary
physical, mental and emotional health needs of the child. For purposes of
this Section, the term "child" shall include any child under age 18 and any
child under age 19 who is still attending high school.

(1) The Court shall determine the minimum amount of
support by using the following guidelines:

<table>
<thead>
<tr>
<th>Number of Children</th>
<th>Percent of Supporting Party's Net Income</th>
</tr>
</thead>
</table>

New matter indicated by italics - deletions by strikeout
1 20%
2 28%
3 32%
4 40%
5 45%
6 or more 50%

(2) The above guidelines shall be applied in each case unless the court makes a finding that application of the guidelines would be inappropriate, after considering the best interests of the child in light of evidence including but not limited to one or more of the following relevant factors:
  (a) the financial resources and needs of the child;
  (b) the financial resources and needs of the custodial parent;
  (c) the standard of living the child would have enjoyed had the marriage not been dissolved;
  (d) the physical and emotional condition of the child, and his educational needs; and
  (e) the financial resources and needs of the non-custodial parent.

If the court deviates from the guidelines, the court's finding shall state the amount of support that would have been required under the guidelines, if determinable. The court shall include the reason or reasons for the variance from the guidelines.

(3) "Net income" is defined as the total of all income from all sources, minus the following deductions:
  (a) Federal income tax (properly calculated withholding or estimated payments);
  (b) State income tax (properly calculated withholding or estimated payments);
  (c) Social Security (FICA payments);
  (d) Mandatory retirement contributions required by law or as a condition of employment;
  (e) Union dues;
  (f) Dependent and individual health/hospitalization insurance premiums and life insurance premiums for life insurance ordered by the court to reasonably secure child support or support ordered pursuant to Section 513, any such order to entail provisions on which the parties agree

or, otherwise, in accordance with the limitations set forth in subsection 504(f)(1) and (2);

(g) Prior obligations of support or maintenance actually paid pursuant to a court order;

(h) Expenditures for repayment of debts that represent reasonable and necessary expenses for the production of income, medical expenditures necessary to preserve life or health, reasonable expenditures for the benefit of the child and the other parent, exclusive of gifts. The court shall reduce net income in determining the minimum amount of support to be ordered only for the period that such payments are due and shall enter an order containing provisions for its self-executing modification upon termination of such payment period;

(i) Foster care payments paid by the Department of Children and Family Services for providing licensed foster care to a foster child.

(4) In cases where the court order provides for health/hospitalization insurance coverage pursuant to Section 505.2 of this Act, the premiums for that insurance, or that portion of the premiums for which the supporting party is responsible in the case of insurance provided through an employer's health insurance plan where the employer pays a portion of the premiums, shall be subtracted from net income in determining the minimum amount of support to be ordered.

(4.5) In a proceeding for child support following dissolution of the marriage by a court that lacked personal jurisdiction over the absent spouse, and in which the court is requiring payment of support for the period before the date an order for current support is entered, there is a rebuttable presumption that the supporting party's net income for the prior period was the same as his or her net income at the time the order for current support is entered.

(5) If the net income cannot be determined because of default or any other reason, the court shall order support in an amount considered reasonable in the particular case. The final order in all cases shall state the support level in dollar amounts. However, if the court finds that the child support amount cannot be expressed exclusively as a dollar amount because all or a portion of

New matter indicated by italics - deletions by strikeout
the payor's net income is uncertain as to source, time of payment, or amount, the court may order a percentage amount of support in addition to a specific dollar amount and enter such other orders as may be necessary to determine and enforce, on a timely basis, the applicable support ordered.

(6) If (i) the non-custodial parent was properly served with a request for discovery of financial information relating to the non-custodial parent's ability to provide child support, (ii) the non-custodial parent failed to comply with the request, despite having been ordered to do so by the court, and (iii) the non-custodial parent is not present at the hearing to determine support despite having received proper notice, then any relevant financial information concerning the non-custodial parent's ability to provide child support that was obtained pursuant to subpoena and proper notice shall be admitted into evidence without the need to establish any further foundation for its admission.

(a-5) In an action to enforce an order for support based on the respondent's failure to make support payments as required by the order, notice of proceedings to hold the respondent in contempt for that failure may be served on the respondent by personal service or by regular mail addressed to the respondent's last known address. The respondent's last known address may be determined from records of the clerk of the court, from the Federal Case Registry of Child Support Orders, or by any other reasonable means.

(b) Failure of either parent to comply with an order to pay support shall be punishable as in other cases of contempt. In addition to other penalties provided by law the Court may, after finding the parent guilty of contempt, order that the parent be:

(1) placed on probation with such conditions of probation as the Court deems advisable;
(2) sentenced to periodic imprisonment for a period not to exceed 6 months; provided, however, that the Court may permit the parent to be released for periods of time during the day or night to:
   (A) work; or
   (B) conduct a business or other self-employed occupation.

The Court may further order any part or all of the earnings of a parent during a sentence of periodic imprisonment paid to the Clerk of the Circuit Court or to the parent having custody or to the guardian having

custody of the children of the sentenced parent for the support of said children until further order of the Court.

If there is a unity of interest and ownership sufficient to render no financial separation between a non-custodial parent and another person or persons or business entity, the court may pierce the ownership veil of the person, persons, or business entity to discover assets of the non-custodial parent held in the name of that person, those persons, or that business entity. The following circumstances are sufficient to authorize a court to order discovery of the assets of a person, persons, or business entity and to compel the application of any discovered assets toward payment on the judgment for support:

1. the non-custodial parent and the person, persons, or business entity maintain records together.

2. the non-custodial parent and the person, persons, or business entity fail to maintain an arms length relationship between themselves with regard to any assets.

3. the non-custodial parent transfers assets to the person, persons, or business entity with the intent to perpetrate a fraud on the custodial parent.

With respect to assets which are real property, no order entered under this paragraph shall affect the rights of bona fide purchasers, mortgagees, judgment creditors, or other lien holders who acquire their interests in the property prior to the time a notice of lis pendens pursuant to the Code of Civil Procedure or a copy of the order is placed of record in the office of the recorder of deeds for the county in which the real property is located.

The court may also order in cases where the parent is 90 days or more delinquent in payment of support or has been adjudicated in arrears in an amount equal to 90 days obligation or more, that the parent's Illinois driving privileges be suspended until the court determines that the parent is in compliance with the order of support. The court may also order that the parent be issued a family financial responsibility driving permit that would allow limited driving privileges for employment and medical purposes in accordance with Section 7-702.1 of the Illinois Vehicle Code. The clerk of the circuit court shall certify the order suspending the driving privileges of the parent or granting the issuance of a family financial responsibility driving permit to the Secretary of State on forms prescribed by the Secretary. Upon receipt of the authenticated documents, the Secretary of State shall suspend the parent's driving privileges until further
order of the court and shall, if ordered by the court, subject to the provisions of Section 7-702.1 of the Illinois Vehicle Code, issue a family financial responsibility driving permit to the parent.

In addition to the penalties or punishment that may be imposed under this Section, any person whose conduct constitutes a violation of Section 15 of the Non-Support Punishment Act may be prosecuted under that Act, and a person convicted under that Act may be sentenced in accordance with that Act. The sentence may include but need not be limited to a requirement that the person perform community service under Section 50 of that Act or participate in a work alternative program under Section 50 of that Act. A person may not be required to participate in a work alternative program under Section 50 of that Act if the person is currently participating in a work program pursuant to Section 505.1 of this Act.

A support obligation, or any portion of a support obligation, which becomes due and remains unpaid as of the end of each month, excluding the child support that was due for that month to the extent that it was not paid in that month, shall accrue simple interest as set forth in Section 12-109 of the Code of Civil Procedure. An order for support entered or modified on or after January 1, 2006 shall contain a statement that a support obligation required under the order, or any portion of a support obligation required under the order, that becomes due and remains unpaid as of the end of each month, excluding the child support that was due for that month to the extent that it was not paid in that month, shall accrue simple interest as set forth in Section 12-109 of the Code of Civil Procedure. Failure to include the statement in the order for support does not affect the validity of the order or the accrual of interest as provided in this Section.

(c) A one-time charge of 20% is imposable upon the amount of past-due child support owed on July 1, 1988 which has accrued under a support order entered by the court. The charge shall be imposed in accordance with the provisions of Section 10-21 of the Illinois Public Aid Code and shall be enforced by the court upon petition.

(d) Any new or existing support order entered by the court under this Section shall be deemed to be a series of judgments against the person obligated to pay support thereunder, each such judgment to be in the amount of each payment or installment of support and each such judgment to be deemed entered as of the date the corresponding payment or installment becomes due under the terms of the support order. Each such
A judgment shall have the full force, effect and attributes of any other judgment of this State, including the ability to be enforced. Notwithstanding any other State or local law to the contrary, a lien arises by operation of law against the real and personal property of the noncustodial parent for each installment of overdue support owed by the noncustodial parent.

(e) When child support is to be paid through the clerk of the court in a county of 1,000,000 inhabitants or less, the order shall direct the obligor to pay to the clerk, in addition to the child support payments, all fees imposed by the county board under paragraph (3) of subsection (u) of Section 27.1 of the Clerks of Courts Act. Unless paid in cash or pursuant to an order for withholding, the payment of the fee shall be by a separate instrument from the support payment and shall be made to the order of the Clerk.

(f) All orders for support, when entered or modified, shall include a provision requiring the obligor to notify the court and, in cases in which a party is receiving child and spouse services under Article X of the Illinois Public Aid Code, the Department of Healthcare and Family Services, within 7 days, (i) of the name and address of any new employer of the obligor, (ii) whether the obligor has access to health insurance coverage through the employer or other group coverage and, if so, the policy name and number and the names of persons covered under the policy, and (iii) of any new residential or mailing address or telephone number of the non-custodial parent. In any subsequent action to enforce a support order, upon a sufficient showing that a diligent effort has been made to ascertain the location of the non-custodial parent, service of process or provision of notice necessary in the case may be made at the last known address of the non-custodial parent in any manner expressly provided by the Code of Civil Procedure or this Act, which service shall be sufficient for purposes of due process.

(g) An order for support shall include a date on which the current support obligation terminates. The termination date shall be no earlier than the date on which the child covered by the order will attain the age of 18. However, if the child will not graduate from high school until after attaining the age of 18, then the termination date shall be no earlier than the earlier of the date on which the child's high school graduation will occur or the date on which the child will attain the age of 19. The order for support shall state that the termination date does not apply to any arrearage that may remain unpaid on that date. Nothing in this subsection shall be

New matter indicated by italics - deletions by strikeout
construed to prevent the court from modifying the order or terminating the order in the event the child is otherwise emancipated.

(g-5) If there is an unpaid arrearage or delinquency (as those terms are defined in the Income Withholding for Support Act) equal to at least one month's support obligation on the termination date stated in the order for support or, if there is no termination date stated in the order, on the date the child attains the age of majority or is otherwise emancipated, the periodic amount required to be paid for current support of that child immediately prior to that date shall automatically continue to be an obligation, not as current support but as periodic payment toward satisfaction of the unpaid arrearage or delinquency. That periodic payment shall be in addition to any periodic payment previously required for satisfaction of the arrearage or delinquency. The total periodic amount to be paid toward satisfaction of the arrearage or delinquency may be enforced and collected by any method provided by law for enforcement and collection of child support, including but not limited to income withholding under the Income Withholding for Support Act. Each order for support entered or modified on or after the effective date of this amendatory Act of the 93rd General Assembly must contain a statement notifying the parties of the requirements of this subsection. Failure to include the statement in the order for support does not affect the validity of the order or the operation of the provisions of this subsection with regard to the order. This subsection shall not be construed to prevent or affect the establishment or modification of an order for support of a minor child or the establishment or modification of an order for support of a non-minor child or educational expenses under Section 513 of this Act.

(h) An order entered under this Section shall include a provision requiring the obligor to report to the obligee and to the clerk of court within 10 days each time the obligor obtains new employment, and each time the obligor's employment is terminated for any reason. The report shall be in writing and shall, in the case of new employment, include the name and address of the new employer. Failure to report new employment or the termination of current employment, if coupled with nonpayment of support for a period in excess of 60 days, is indirect criminal contempt. For any obligor arrested for failure to report new employment bond shall be set in the amount of the child support that should have been paid during the period of unreported employment. An order entered under this Section shall also include a provision requiring the obligor and obligee parents to advise each other of a change in residence within 5 days of the change

except when the court finds that the physical, mental, or emotional health of a party or that of a child, or both, would be seriously endangered by disclosure of the party's address.

(i) The court does not lose the powers of contempt, driver's license suspension, or other child support enforcement mechanisms, including, but not limited to, criminal prosecution as set forth in this Act, upon the emancipation of the minor child or children.

Section 685. The Illinois Domestic Violence Act of 1986 is amended by changing Section 214 as follows:

(750 ILCS 60/214) (from Ch. 40, par. 2312-14)

Sec. 214. Order of protection; remedies.

(a) Issuance of order. If the court finds that petitioner has been abused by a family or household member or that petitioner is a high-risk adult who has been abused, neglected, or exploited, as defined in this Act, an order of protection prohibiting the abuse, neglect, or exploitation shall issue; provided that petitioner must also satisfy the requirements of one of the following Sections, as appropriate: Section 217 on emergency orders, Section 218 on interim orders, or Section 219 on plenary orders. Petitioner shall not be denied an order of protection because petitioner or respondent is a minor. The court, when determining whether or not to issue an order of protection, shall not require physical manifestations of abuse on the person of the victim. Modification and extension of prior orders of protection shall be in accordance with this Act.

(b) Remedies and standards. The remedies to be included in an order of protection shall be determined in accordance with this Section and one of the following Sections, as appropriate: Section 217 on emergency orders, Section 218 on interim orders, and Section 219 on plenary orders. The remedies listed in this subsection shall be in addition to other civil or criminal remedies available to petitioner.

(1) Prohibition of abuse, neglect, or exploitation. Prohibit respondent's harassment, interference with personal liberty, intimidation of a dependent, physical abuse, or willful deprivation, neglect or exploitation, as defined in this Act, or stalking of the petitioner, as defined in Section 12-7.3 of the Criminal Code of 1961, if such abuse, neglect, exploitation, or stalking has occurred or otherwise appears likely to occur if not prohibited.

New matter indicated by italics - deletions by strikeout
(2) Grant of exclusive possession of residence. Prohibit respondent from entering or remaining in any residence, household, or premises of the petitioner, including one owned or leased by respondent, if petitioner has a right to occupancy thereof. The grant of exclusive possession of the residence, household, or premises shall not affect title to real property, nor shall the court be limited by the standard set forth in Section 701 of the Illinois Marriage and Dissolution of Marriage Act.

(A) Right to occupancy. A party has a right to occupancy of a residence or household if it is solely or jointly owned or leased by that party, that party's spouse, a person with a legal duty to support that party or a minor child in that party's care, or by any person or entity other than the opposing party that authorizes that party's occupancy (e.g., a domestic violence shelter). Standards set forth in subparagraph (B) shall not preclude equitable relief.

(B) Presumption of hardships. If petitioner and respondent each has the right to occupancy of a residence or household, the court shall balance (i) the hardships to respondent and any minor child or dependent adult in respondent's care resulting from entry of this remedy with (ii) the hardships to petitioner and any minor child or dependent adult in petitioner's care resulting from continued exposure to the risk of abuse (should petitioner remain at the residence or household) or from loss of possession of the residence or household (should petitioner leave to avoid the risk of abuse). When determining the balance of hardships, the court shall also take into account the accessibility of the residence or household. Hardships need not be balanced if respondent does not have a right to occupancy.

The balance of hardships is presumed to favor possession by petitioner unless the presumption is rebutted by a preponderance of the evidence, showing that the hardships to respondent substantially outweigh the hardships to petitioner and any minor child or dependent adult in petitioner's care. The court, on the request of petitioner or on its own motion, may order respondent to
provide suitable, accessible, alternate housing for petitioner instead of excluding respondent from a mutual residence or household.

(3) Stay away order and additional prohibitions. Order respondent to stay away from petitioner or any other person protected by the order of protection, or prohibit respondent from entering or remaining present at petitioner's school, place of employment, or other specified places at times when petitioner is present, or both, if reasonable, given the balance of hardships. Hardships need not be balanced for the court to enter a stay away order or prohibit entry if respondent has no right to enter the premises.

(A) If an order of protection grants petitioner exclusive possession of the residence, or prohibits respondent from entering the residence, or orders respondent to stay away from petitioner or other protected persons, then the court may allow respondent access to the residence to remove items of clothing and personal adornment used exclusively by respondent, medications, and other items as the court directs. The right to access shall be exercised on only one occasion as the court directs and in the presence of an agreed-upon adult third party or law enforcement officer.

(B) When the petitioner and the respondent attend the same public, private, or non-public elementary, middle, or high school, the court when issuing an order of protection and providing relief shall consider the severity of the act, any continuing physical danger or emotional distress to the petitioner, the educational rights guaranteed to the petitioner and respondent under federal and State law, the availability of a transfer of the respondent to another school, a change of placement or a change of program of the respondent, the expense, difficulty, and educational disruption that would be caused by a transfer of the respondent to another school, and any other relevant facts of the case. The court may order that the respondent not attend the public, private, or non-public elementary, middle, or high school attended by the petitioner, order that the respondent accept a change of placement or change of

New matter indicated by italics - deletions by strikeout
program, as determined by the school district or private or non-public school, or place restrictions on the respondent's movements within the school attended by the petitioner. The respondent bears the burden of proving by a preponderance of the evidence that a transfer, change of placement, or change of program of the respondent is not available. The respondent also bears the burden of production with respect to the expense, difficulty, and educational disruption that would be caused by a transfer of the respondent to another school. A transfer, change of placement, or change of program is not unavailable to the respondent solely on the ground that the respondent does not agree with the school district's or private or non-public school's transfer, change of placement, or change of program or solely on the ground that the respondent fails or refuses to consent or otherwise does not take an action required to effectuate a transfer, change of placement, or change of program. When a court orders a respondent to stay away from the public, private, or non-public school attended by the petitioner and the respondent requests a transfer to another attendance center within the respondent's school district or private or non-public school, the school district or private or non-public school shall have sole discretion to determine the attendance center to which the respondent is transferred. In the event the court order results in a transfer of the minor respondent to another attendance center, a change in the respondent's placement, or a change of the respondent's program, the parents, guardian, or legal custodian of the respondent is responsible for transportation and other costs associated with the transfer or change.

(C) The court may order the parents, guardian, or legal custodian of a minor respondent to take certain actions or to refrain from taking certain actions to ensure that the respondent complies with the order. The court may order the parents, guardian, or legal custodian of a minor respondent to take certain actions or to refrain from taking certain actions to ensure that the respondent complies with the order. In the event the court orders a transfer of the

New matter indicated by italics - deletions by strikeout
respondent to another school, the parents, guardian, or legal custodian of the respondent is responsible for transportation and other costs associated with the change of school by the respondent.

(4) Counseling. Require or recommend the respondent to undergo counseling for a specified duration with a social worker, psychologist, clinical psychologist, psychiatrist, family service agency, alcohol or substance abuse program, mental health center guidance counselor, agency providing services to elders, program designed for domestic violence abusers or any other guidance service the court deems appropriate. The Court may order the respondent in any intimate partner relationship to report to an Illinois Department of Human Services protocol approved partner abuse intervention program for an assessment and to follow all recommended treatment.

(5) Physical care and possession of the minor child. In order to protect the minor child from abuse, neglect, or unwarranted separation from the person who has been the minor child's primary caretaker, or to otherwise protect the well-being of the minor child, the court may do either or both of the following: (i) grant petitioner physical care or possession of the minor child, or both, or (ii) order respondent to return a minor child to, or not remove a minor child from, the physical care of a parent or person in loco parentis.

If a court finds, after a hearing, that respondent has committed abuse (as defined in Section 103) of a minor child, there shall be a rebuttable presumption that awarding physical care to respondent would not be in the minor child's best interest.

(6) Temporary legal custody. Award temporary legal custody to petitioner in accordance with this Section, the Illinois Marriage and Dissolution of Marriage Act, the Illinois Parentage Act of 1984, and this State's Uniform Child-Custody Jurisdiction and Enforcement Act.

If a court finds, after a hearing, that respondent has committed abuse (as defined in Section 103) of a minor child, there shall be a rebuttable presumption that awarding temporary legal custody to respondent would not be in the child's best interest.

(7) Visitation. Determine the visitation rights, if any, of respondent in any case in which the court awards physical care or temporary legal custody of a minor child to petitioner. The court

New matter indicated by italics - deletions by strikeout
shall restrict or deny respondent's visitation with a minor child if the court finds that respondent has done or is likely to do any of the following: (i) abuse or endanger the minor child during visitation; (ii) use the visitation as an opportunity to abuse or harass petitioner or petitioner's family or household members; (iii) improperly conceal or detain the minor child; or (iv) otherwise act in a manner that is not in the best interests of the minor child. The court shall not be limited by the standards set forth in Section 607.1 of the Illinois Marriage and Dissolution of Marriage Act. If the court grants visitation, the order shall specify dates and times for the visitation to take place or other specific parameters or conditions that are appropriate. No order for visitation shall refer merely to the term "reasonable visitation".

Petitioner may deny respondent access to the minor child if, when respondent arrives for visitation, respondent is under the influence of drugs or alcohol and constitutes a threat to the safety and well-being of petitioner or petitioner's minor children or is behaving in a violent or abusive manner.

If necessary to protect any member of petitioner's family or household from future abuse, respondent shall be prohibited from coming to petitioner's residence to meet the minor child for visitation, and the parties shall submit to the court their recommendations for reasonable alternative arrangements for visitation. A person may be approved to supervise visitation only after filing an affidavit accepting that responsibility and acknowledging accountability to the court.

(8) Removal or concealment of minor child. Prohibit respondent from removing a minor child from the State or concealing the child within the State.

(9) Order to appear. Order the respondent to appear in court, alone or with a minor child, to prevent abuse, neglect, removal or concealment of the child, to return the child to the custody or care of the petitioner or to permit any court-ordered interview or examination of the child or the respondent.

(10) Possession of personal property. Grant petitioner exclusive possession of personal property and, if respondent has possession or control, direct respondent to promptly make it available to petitioner, if:
(i) petitioner, but not respondent, owns the property; or

(ii) the parties own the property jointly; sharing it would risk abuse of petitioner by respondent or is impracticable; and the balance of hardships favors temporary possession by petitioner.

If petitioner's sole claim to ownership of the property is that it is marital property, the court may award petitioner temporary possession thereof under the standards of subparagraph (ii) of this paragraph only if a proper proceeding has been filed under the Illinois Marriage and Dissolution of Marriage Act, as now or hereafter amended.

No order under this provision shall affect title to property.

(11) Protection of property. Forbid the respondent from taking, transferring, encumbering, concealing, damaging or otherwise disposing of any real or personal property, except as explicitly authorized by the court, if:

(i) petitioner, but not respondent, owns the property; or

(ii) the parties own the property jointly, and the balance of hardships favors granting this remedy.

If petitioner's sole claim to ownership of the property is that it is marital property, the court may grant petitioner relief under subparagraph (ii) of this paragraph only if a proper proceeding has been filed under the Illinois Marriage and Dissolution of Marriage Act, as now or hereafter amended.

The court may further prohibit respondent from improperly using the financial or other resources of an aged member of the family or household for the profit or advantage of respondent or of any other person.

(11.5) Protection of animals. Grant the petitioner the exclusive care, custody, or control of any animal owned, possessed, leased, kept, or held by either the petitioner or the respondent or a minor child residing in the residence or household of either the petitioner or the respondent and order the respondent to stay away from the animal and forbid the respondent from taking, transferring, encumbering, concealing, harming, or otherwise disposing of the animal.

(12) Order for payment of support. Order respondent to pay temporary support for the petitioner or any child in the petitioner's care or custody, when the respondent has a legal obligation to support that person, in accordance with the Illinois Marriage and Dissolution of Marriage Act, which shall govern, among other matters, the amount of support, payment through the clerk and withholding of income to secure payment. An order for child support may be granted to a petitioner with lawful physical care or custody of a child, or an order or agreement for physical care or custody, prior to entry of an order for legal custody. Such a support order shall expire upon entry of a valid order granting legal custody to another, unless otherwise provided in the custody order.

(13) Order for payment of losses. Order respondent to pay petitioner for losses suffered as a direct result of the abuse, neglect, or exploitation. Such losses shall include, but not be limited to, medical expenses, lost earnings or other support, repair or replacement of property damaged or taken, reasonable attorney's fees, court costs and moving or other travel expenses, including additional reasonable expenses for temporary shelter and restaurant meals.

(i) Losses affecting family needs. If a party is entitled to seek maintenance, child support or property distribution from the other party under the Illinois Marriage and Dissolution of Marriage Act, as now or hereafter amended, the court may order respondent to reimburse petitioner's actual losses, to the extent that such reimbursement would be "appropriate temporary relief", as authorized by subsection (a)(3) of Section 501 of that Act.

(ii) Recovery of expenses. In the case of an improper concealment or removal of a minor child, the court may order respondent to pay the reasonable expenses incurred or to be incurred in the search for and recovery of the minor child, including but not limited to legal fees, court costs, private investigator fees, and travel costs.

(14) Prohibition of entry. Prohibit the respondent from entering or remaining in the residence or household while the respondent is under the influence of alcohol or drugs and constitutes a threat to the safety and well-being of the petitioner or the petitioner's children.

(14.5) Prohibition of firearm possession.

(a) Prohibit a respondent against whom an order of protection was issued from possessing any firearms during the duration of the order if the order:

(1) was issued after a hearing of which such person received actual notice, and at which such person had an opportunity to participate;

(2) restrains such person from harassing, stalking, or threatening an intimate partner of such person or child of such intimate partner or person, or engaging in other conduct that would place an intimate partner in reasonable fear of bodily injury to the partner or child; and

(3)(i) includes a finding that such person represents a credible threat to the physical safety of such intimate partner or child; or (ii) by its terms explicitly prohibits the use, attempted use, or threatened use of physical force against such intimate partner or child that would reasonably be expected to cause bodily injury.

Any Firearm Owner's Identification Card in the possession of the respondent, except as provided in subsection (b), shall be ordered by the court to be turned over to the local law enforcement agency for safekeeping. The court shall issue a warrant for seizure of any firearm and Firearm Owner's Identification Card in the possession of the respondent, to be kept by the local law enforcement agency for safekeeping, except as provided in subsection (b). The period of safekeeping shall be for the duration of the order of protection. The firearm or firearms and Firearm Owner's Identification Card shall be returned to the respondent at the end of the order of protection.

(b) If the respondent is a peace officer as defined in Section 2-13 of the Criminal Code of 1961, the court shall order that any firearms used by the respondent in the performance of his or her duties as a peace officer be surrendered to the chief law enforcement executive of the agency in which the respondent is employed, who shall
retain the firearms for safekeeping for the duration of the order of protection.

(c) Upon expiration of the period of safekeeping, if the firearms or Firearm Owner's Identification Card cannot be returned to respondent because respondent cannot be located, fails to respond to requests to retrieve the firearms, or is not lawfully eligible to possess a firearm, upon petition from the local law enforcement agency, the court may order the local law enforcement agency to destroy the firearms, use the firearms for training purposes, or for any other application as deemed appropriate by the local law enforcement agency; or that the firearms be turned over to a third party who is lawfully eligible to possess firearms, and who does not reside with respondent.

(15) Prohibition of access to records. If an order of protection prohibits respondent from having contact with the minor child, or if petitioner's address is omitted under subsection (b) of Section 203, or if necessary to prevent abuse or wrongful removal or concealment of a minor child, the order shall deny respondent access to, and prohibit respondent from inspecting, obtaining, or attempting to inspect or obtain, school or any other records of the minor child who is in the care of petitioner.

(16) Order for payment of shelter services. Order respondent to reimburse a shelter providing temporary housing and counseling services to the petitioner for the cost of the services, as certified by the shelter and deemed reasonable by the court.

(17) Order for injunctive relief. Enter injunctive relief necessary or appropriate to prevent further abuse of a family or household member or further abuse, neglect, or exploitation of a high-risk adult with disabilities or to effectuate one of the granted remedies, if supported by the balance of hardships. If the harm to be prevented by the injunction is abuse or any other harm that one of the remedies listed in paragraphs (1) through (16) of this subsection is designed to prevent, no further evidence is necessary that the harm is an irreparable injury.

(c) Relevant factors; findings.

(1) In determining whether to grant a specific remedy, other than payment of support, the court shall consider relevant factors, including but not limited to the following:

New matter indicated by italics - deletions by strikeout
(i) the nature, frequency, severity, pattern and consequences of the respondent's past abuse, neglect or exploitation of the petitioner or any family or household member, including the concealment of his or her location in order to evade service of process or notice, and the likelihood of danger of future abuse, neglect, or exploitation to petitioner or any member of petitioner's or respondent's family or household; and

(ii) the danger that any minor child will be abused or neglected or improperly removed from the jurisdiction, improperly concealed within the State or improperly separated from the child's primary caretaker.

(2) In comparing relative hardships resulting to the parties from loss of possession of the family home, the court shall consider relevant factors, including but not limited to the following:

(i) availability, accessibility, cost, safety, adequacy, location and other characteristics of alternate housing for each party and any minor child or dependent adult in the party's care;

(ii) the effect on the party's employment; and

(iii) the effect on the relationship of the party, and any minor child or dependent adult in the party's care, to family, school, church and community.

(3) Subject to the exceptions set forth in paragraph (4) of this subsection, the court shall make its findings in an official record or in writing, and shall at a minimum set forth the following:

(i) That the court has considered the applicable relevant factors described in paragraphs (1) and (2) of this subsection.

(ii) Whether the conduct or actions of respondent, unless prohibited, will likely cause irreparable harm or continued abuse.

(iii) Whether it is necessary to grant the requested relief in order to protect petitioner or other alleged abused persons.

(4) For purposes of issuing an ex parte emergency order of protection, the court, as an alternative to or as a supplement to
making the findings described in paragraphs (c)(3)(i) through (c)(3)(iii) of this subsection, may use the following procedure:

When a verified petition for an emergency order of protection in accordance with the requirements of Sections 203 and 217 is presented to the court, the court shall examine petitioner on oath or affirmation. An emergency order of protection shall be issued by the court if it appears from the contents of the petition and the examination of petitioner that the averments are sufficient to indicate abuse by respondent and to support the granting of relief under the issuance of the emergency order of protection.

(5) Never married parties. No rights or responsibilities for a minor child born outside of marriage attach to a putative father until a father and child relationship has been established under the Illinois Parentage Act of 1984, the Illinois Public Aid Code, Section 12 of the Vital Records Act, the Juvenile Court Act of 1987, the Probate Act of 1985, the Revised Uniform Reciprocal Enforcement of Support Act, the Uniform Interstate Family Support Act, the Expedited Child Support Act of 1990, any judicial, administrative, or other act of another state or territory, any other Illinois statute, or by any foreign nation establishing the father and child relationship, any other proceeding substantially in conformity with the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (Pub. L. 104-193), or where both parties appeared in open court or at an administrative hearing acknowledging under oath or admitting by affirmation the existence of a father and child relationship. Absent such an adjudication, finding, or acknowledgement, no putative father shall be granted temporary custody of the minor child, visitation with the minor child, or physical care and possession of the minor child, nor shall an order of payment for support of the minor child be entered.
