EFFECTIVE DATES OF PUBLIC ACTS

1970 CONSTITUTION, ARTICLE IV

"§ 10. Effective Date of Laws
The General Assembly shall provide by law for a uniform effective date for laws passed prior to July 1 of a calendar year. The General Assembly may provide for a different effective date in any law passed prior to July 1. A bill passed after June 30 shall not become effective prior to July 1 of the next calendar year unless the General Assembly by the vote of three-fifths of the members elected to each house provides for an earlier effective date."

5 ILLINOIS COMPILED STATUTES CHAPTER 75

75/1. Effective Date of Laws
"§1 (a) A bill passed after June 30 of a calendar year shall become effective on July 1 of the next calendar year unless the General Assembly by a vote of three-fifths of the members elected to each house provides for an earlier effective date in the terms of the bill or unless the General Assembly provides for a later effective date in the terms of the bill; provided that if the effective date provided in the terms of the bill is prior to the date the bill becomes a law then the date the bill becomes a law shall be the effective date."

(b) A bill passed prior to July 1 of a calendar year that does not provide for an effective date in the terms of the bill shall become effective on January 1 of the following year, or upon its becoming a law, whichever is later.

75/2. Special Effective Dates
"§2 A bill passed after June 30 of a calendar year shall become effective on July 1 of the next calendar year unless the General Assembly by a vote of three-fifths of the members elected to each house provides for an earlier effective date in the terms of the bill or unless the General Assembly provides for a later effective date in the terms of the bill; provided that if the effective date provided in the terms of the bill is prior to the date the bill becomes a law then the date the bill becomes a law shall be the effective date."

AN ACT concerning criminal law.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Criminal Code of 1961 is amended by changing Section 36-1.5 as follows:
(720 ILCS 5/36-1.5)
Sec. 36-1.5. Preliminary Review.
(a) Within 14 days of the seizure, the State shall seek a preliminary determination from the circuit court as to whether there is probable cause that the property may be subject to forfeiture.
(b) The rules of evidence shall not apply to any proceeding conducted under this Section.
(c) The court may conduct the review under subsection (a) simultaneously with a proceeding pursuant to Section 109-1 of the Code of Criminal Procedure of 1963 for a related criminal offense if a prosecution is commenced by information or complaint.
(d) The court may accept a finding of probable cause at a preliminary hearing following the filing of an information or complaint charging a related criminal offense or following the return of indictment by a grand jury charging the related offense as sufficient evidence of probable cause as required under subsection (a).
(e) Upon making a finding of probable cause as required under this Section, the circuit court shall order the property subject to the provisions of the applicable forfeiture Act held until the conclusion of any forfeiture proceeding.
For seizures of conveyances, within 7 days of a finding of probable cause under subsection (a), the registered owner or other claimant may file a motion in writing supported by sworn affidavits claiming that denial of the use of the conveyance during the pendency of the forfeiture proceedings creates a substantial hardship. The court shall consider the following factors in determining whether a substantial hardship has been proven:
(1) the nature of the claimed hardship;
(2) the availability of public transportation or other available means of transportation; and

New matter indicated by italics - deletions by strikeout
(3) any available alternatives to alleviate the hardship other than the return of the seized conveyance.

If the court determines that a substantial hardship has been proven, the court shall then balance the nature of the hardship against the State's interest in safeguarding the conveyance. If the court determines that the hardship outweighs the State's interest in safeguarding the conveyance, the court may temporarily release the conveyance to the registered owner or the registered owner's authorized designee, or both, until the conclusion of the forfeiture proceedings or for such shorter period as ordered by the court provided that the person to whom the conveyance is released provides proof of insurance and a valid driver's license and all State and local registrations for operation of the conveyance are current. The court shall place conditions on the conveyance limiting its use to the stated hardship and restricting the conveyance’s use to only those individuals authorized to use the conveyance by the registered owner. The court shall revoke the order releasing the conveyance and order that the conveyance be reseized by law enforcement if the conditions of release are violated or if the conveyance is used in the commission of any offense identified in subsection (a) of Section 6-205 of the Illinois Vehicle Code.

If the court orders the release of the conveyance during the pendency of the forfeiture proceedings, the registered owner or his or her authorized designee shall post a cash security with the Clerk of the Court as ordered by the court. The court shall consider the following factors in determining the amount of the cash security:

(A) the full market value of the conveyance;
(B) the nature of the hardship;
(C) the extent and length of the usage of the conveyance;

and

(D) such other conditions as the court deems necessary to safeguard the conveyance.

If the conveyance is released, the court shall order that the registered owner or his or her designee safeguard the conveyance, not remove the conveyance from the jurisdiction, not conceal, destroy, or otherwise dispose of the conveyance, not encumber the conveyance, and not diminish the value of the conveyance in any way. The court shall also make a determination of the full market value of the conveyance prior to it being released based on a source or sources defined in 50 Ill. Adm. Code 919.80(c)(2)(A) or 919.80(c)(2)(B).

If the conveyance subject to forfeiture is released under this Section and is subsequently forfeited, the person to whom the conveyance was released shall return the conveyance to the law enforcement agency that seized the conveyance within 7 days from the date of the declaration of forfeiture or order of forfeiture. If the conveyance is not returned within 7 days, the cash security shall be forfeited in the same manner as the conveyance subject to forfeiture. If the cash security was less than the full market value, a judgment shall be entered against the parties to whom the conveyance was released and the registered owner, jointly and severally, for the difference between the full market value and the amount of the cash security. If the conveyance is returned in a condition other than the condition in which it was released, the cash security shall be returned to the surety who posted the security minus the amount of the diminished value, and that amount shall be forfeited in the same manner as the conveyance subject to forfeiture. Additionally, the court may enter an order allowing any law enforcement agency in the State of Illinois to seize the conveyance wherever it may be found in the State to satisfy the judgment if the cash security was less than the full market value of the conveyance. Upon making a finding of probable cause as required under this Section, and after taking into account the respective interests of all known claimants to the property including the State, the circuit court shall enter a restraining order or injunction, or take other appropriate action, as necessary to ensure that the property is not removed from the court's jurisdiction and is not concealed, destroyed, or otherwise disposed of by the property owner or interest holder before a forfeiture hearing is conducted.

(725 ILCS 150/3.5)

Sec. 3.5. Preliminary Review.

(a) Within 14 days of the seizure, the State shall seek a preliminary determination from the circuit court as to whether there is probable cause that the property may be subject to forfeiture.

(b) The rules of evidence shall not apply to any proceeding conducted under this Section.

(c) The court may conduct the review under subsection (a) simultaneously with a proceeding pursuant to Section 109-1 of the Code of

Criminal Procedure of 1963 for a related criminal offense if a prosecution is commenced by information or complaint.

(d) The court may accept a finding of probable cause at a preliminary hearing following the filing of an information or complaint charging a related criminal offense or following the return of indictment by a grand jury charging the related offense as sufficient evidence of probable cause as required under subsection (a).

(e) Upon making a finding of probable cause as required under this Section, the circuit court shall order the property subject to the provisions of the applicable forfeiture Act held until the conclusion of any forfeiture proceeding.

For seizures of conveyances, within 7 days of a finding of probable cause under subsection (a), the registered owner or other claimant may file a motion in writing supported by sworn affidavits claiming that denial of the use of the conveyance during the pendency of the forfeiture proceedings creates a substantial hardship. The court shall consider the following factors in determining whether a substantial hardship has been proven:

(1) the nature of the claimed hardship;
(2) the availability of public transportation or other available means of transportation; and
(3) any available alternatives to alleviate the hardship other than the return of the seized conveyance.

If the court determines that a substantial hardship has been proven, the court shall then balance the nature of the hardship against the State's interest in safeguarding the conveyance. If the court determines that the hardship outweighs the State's interest in safeguarding the conveyance, the court may temporarily release the conveyance to the registered owner or the registered owner's authorized designee, or both, until the conclusion of the forfeiture proceedings or for such shorter period as ordered by the court provided that the person to whom the conveyance is released provides proof of insurance and a valid driver's license and all State and local registrations for operation of the conveyance are current. The court shall place conditions on the conveyance limiting its use to the stated hardship and restricting the conveyance's use to only those individuals authorized to use the conveyance by the registered owner. The court shall revoke the order releasing the conveyance and order that the conveyance be reseized by law enforcement if the conditions of release are violated or if the
conveyance is used in the commission of any offense identified in subsection (a) of Section 6-205 of the Illinois Vehicle Code.

If the court orders the release of the conveyance during the pendency of the forfeiture proceedings, the registered owner or his or her authorized designee shall post a cash security with the Clerk of the Court as ordered by the court.

The court shall consider the following factors in determining the amount of the cash security:

(A) the full market value of the conveyance;
(B) the nature of the hardship;
(C) the extent and length of the usage of the conveyance;
and
(D) such other conditions as the court deems necessary to safeguard the conveyance.

If the conveyance is released, the court shall order that the registered owner or his or her designee safeguard the conveyance, not remove the conveyance from the jurisdiction, not conceal, destroy, or otherwise dispose of the conveyance, not encumber the conveyance, and not diminish the value of the conveyance in any way. The court shall also make a determination of the full market value of the conveyance prior to it being released based on a source or sources defined in 50 Ill. Adm. Code 919.80(c)(2)(A) or 919.80(c)(2)(B).

If the conveyance subject to forfeiture is released under this Section and is subsequently forfeited, the person to whom the conveyance was released shall return the conveyance to the law enforcement agency that seized the conveyance within 7 days from the date of the declaration of forfeiture or order of forfeiture. If the conveyance is not returned within 7 days, the cash security shall be forfeited in the same manner as the conveyance subject to forfeiture. If the cash security was less than the full market value, a judgment shall be entered against the parties to whom the conveyance was released and the registered owner, jointly and severally, for the difference between the full market value and the amount of the cash security. If the conveyance is returned in a condition other than the condition in which it was released, the cash security shall be returned to the surety who posted the security minus the amount of the diminished value, and that amount shall be forfeited in the same manner as the conveyance subject to forfeiture. meeting the requirements for renewal as required by this Act and
prescribed by the State Board of Education in consultation with the State
Teacher Certification Board. An elementary supervisory certificate shall
not be renewed at the end of the first four-year period covered by the
certificate unless the holder thereof has filed certified evidence with the
State Teacher Certification Board that he has a master's degree or that he
has earned 8 semester hours of credit in the field of educational
administration and supervision in a recognized institution of higher
learning. The holder shall continue to earn 8 semester hours of credit each
four-year period until such time as he has earned a master's degree.

All certificates not renewed as provided in this Section or
registered in accordance with this Code shall lapse after a period of 6
months from the expiration of the last year of registration. Such
certificates may be immediately reinstated upon payment by the applicant
to the State Board of Education of (1) any and all back fees, including
without limitation registration fees, owed from the time of expiration of
the certificate until the date of reinstatement; and (2) a $500 penalty or
the demonstration of proficiency by completing 9 semester hours of
coursework from a regionally accredited institution of higher education in
the content area that most aligns with the educator's endorsement area or
areas; provided that, until September 1, 2012, certificates that have lapsed
solely for the failure to pay a registration fee may be immediately
reinstated upon payment only of any and all back fees, including without
limitation registration fees, owed from the time of expiration of the
certificate until the date of reinstatement. Any and all back fees and
penalty amounts shall be deposited by the State Board of Education into
the Teacher Certificate Fee Revolving Fund. The certificate may be
reinstated once the applicant has demonstrated proficiency by completing
9 semester hours of coursework from a regionally accredited institution of
higher education in the content area that most aligns with the educator's
endorsement area or areas. Before the certificate may be reinstated, the
applicant shall pay all back fees owed from the time of expiration of the
certificate until the date of reinstatement. Any certificate may be
voluntarily surrendered by the certificate holder. A voluntarily surrendered
certificate shall be treated as a revoked certificate.

(b) When those teaching certificates issued before February 15,
2000 are renewed for the first time after February 15, 2000, all such
teaching certificates shall be exchanged for Standard Teaching Certificates

Teaching Certificates, including those issued to persons who previously held teaching certificates issued before February 15, 2000, shall be renewable under the conditions set forth in this subsection (b).

Initial Teaching Certificates are valid for 4 years of teaching, as provided in subsection (b) of Section 21-2 of this Code, and are renewable every 4 years until the person completes 4 years of teaching. If the holder of an Initial Certificate has completed 4 years of teaching but has not completed the requirements set forth in paragraph (2) of subsection (c) of Section 21-2 of this Code, then the Initial Certificate may be reinstated for one year, during which the requirements must be met. A holder of an Initial Certificate who has not completed 4 years of teaching may continuously register the certificate for additional 4-year periods without penalty. Initial Certificates that are not registered shall lapse consistent with subsection (a) of this Section and may be reinstated only in accordance with subsection (a). Standard Teaching Certificates are renewable every 5 years as provided in subsection (c) of Section 21-2 and subsection (c) of this Section. For purposes of this Section, "teaching" is defined as employment and performance of services in an Illinois public or State-operated elementary school, secondary school, or cooperative or joint agreement with a governing body or board of control, in a certificated teaching position, or a charter school operating in compliance with the Charter Schools Law.

(c) In compliance with subsection (c) of Section 21-2 of this Code, which provides that a Standard Teaching Certificate may be renewed by the State Teacher Certification Board based upon proof of continuing professional development, the State Board of Education and the State Teacher Certification Board shall jointly:

1. establish a procedure for renewing Standard Teaching Certificates, which shall include but not be limited to annual timelines for the renewal process and the components set forth in subsections (d) through (k) of this Section;
2. establish the standards for certificate renewal;
3. approve or disapprove the providers of continuing professional development activities;
4. determine the maximum credit for each category of continuing professional development activities, based upon recommendations submitted by a continuing professional development activity task force, which shall consist of 6 staff members from the State Board of Education, appointed by the...
State Superintendent of Education, and 6 teacher representatives, 3 of whom are selected by the Illinois Education Association and 3 of whom are selected by the Illinois Federation of Teachers;

(5) designate the type and amount of documentation required to show that continuing professional development activities have been completed; and

(6) provide, on a timely basis to all Illinois teachers, certificate holders, regional superintendents of schools, school districts, and others with an interest in continuing professional development, information about the standards and requirements established pursuant to this subsection (c).

(d) Any Standard Teaching Certificate held by an individual employed and performing services in an Illinois public or State-operated elementary school, secondary school, or cooperative or joint agreement with a governing body or board of control in a certificated teaching position or a charter school in compliance with the Charter Schools Law must be maintained Valid and Active through certificate renewal activities specified in the certificate renewal procedure established pursuant to subsection (c) of this Section, provided that a holder of a Valid and Active certificate who is only employed on either a part-time basis or day-to-day basis as a substitute teacher shall pay only the required registration fee to renew his or her certificate and maintain it as Valid and Active. All other Standard Teaching Certificates held may be maintained as Valid and Exempt through the registration process provided for in the certificate renewal procedure established pursuant to subsection (c) of this Section. A Valid and Exempt certificate must be immediately activated, through procedures developed jointly by the State Board of Education and the State Teacher Certification Board, upon the certificate holder becoming employed and performing services in an Illinois public or State-operated elementary school, secondary school, or cooperative or joint agreement with a governing body or board of control in a certificated teaching position or a charter school operating in compliance with the Charter Schools Law. A holder of a Valid and Exempt certificate may activate his or her certificate through procedures provided for in the certificate renewal procedure established pursuant to subsection (c) of this Section.

field; (ii) completing at least 8 semester hours of coursework as described in subdivision (B) of paragraph (3) of this subsection (e); (iii) (blank); (iv) completing the National Board for Professional Teaching Standards process as described in subdivision (D) of paragraph (3) of this subsection (e); or (v) earning 120 continuing professional development units ("CPDU") as described in subdivision (E) of paragraph (3) of this subsection (e). The maximum continuing professional development units for each continuing professional development activity identified in subdivisions (F) through (J) of paragraph (3) of this subsection (e) shall be jointly determined by the State Board of Education and the State Teacher Certification Board. If, however, the certificate holder has maintained the certificate as Valid and Exempt for a portion of the 5-year period of validity, the number of continuing professional development units needed to renew the certificate as Valid and Active shall be proportionately reduced by the amount of time the certificate was Valid and Exempt. Furthermore, if a certificate holder is employed and performs teaching services on a part-time basis for all or a portion of the certificate's 5-year period of validity, the number of continuing professional development units needed to renew the certificate as Valid and Active shall be reduced by 50% for the amount of time the certificate holder has been employed and performed teaching services on a part-time basis. Part-time shall be defined as less than 50% of the school day or school term.

Notwithstanding any other requirements to the contrary, if a Standard Teaching Certificate has been maintained as Valid and Active for the 5 years of the certificate's validity and the certificate holder has completed his or her certificate renewal plan before July 1, 2002, the certificate shall be renewed as Valid and Active.

(2) Beginning July 1, 2004, in order to satisfy the requirements for continuing professional development provided for in subsection (c) of Section 21-2 of this Code, each Valid and Active Standard Teaching Certificate holder shall complete professional development activities that address the certificate or those certificates that are required of his or her certificated teaching position, if the certificate holder is employed and performing services in an Illinois public or State-operated elementary school, secondary school, or cooperative or joint agreement with a governing body or board of control, or that certificate or those certificates most closely related to his or her teaching position, if the certificate holder is employed in a charter school. Except as otherwise provided in this subsection (e), the certificate holder's activities must address purposes (A),

(B) Develop the certificate holder's knowledge and skills in areas determined to be critical for all Illinois teachers, as defined by the State Board of Education, known as "State priorities".

(C) Address the knowledge, skills, and goals of the certificate holder's local school improvement plan, if the teacher is employed in an Illinois public or State-operated elementary school, secondary school, or cooperative or joint agreement with a governing body or board of control.

(D) Expand the certificate holder's knowledge and skills in an additional teaching field or toward the acquisition of another teaching certificate, endorsement, or relevant education degree.

(E) Address the needs of serving students with disabilities, including adapting and modifying the general curriculum related to the Illinois Learning Standards to meet the needs of students with disabilities and serving such students in the least restrictive environment. Teachers who hold certificates endorsed for special education must devote at least 50% of their continuing professional development activities to this purpose. Teachers holding other certificates must devote at least 20% of their activities to this purpose.

ILLINOIS STREET GANG AND RACKETEER INFLUENCED AND CORRUPT ORGANIZATIONS LAW
(720 ILCS 5/33G-1 new)
Sec. 33G-1. Short title. This Article may be cited as the Illinois Street Gang and Racketeer Influenced and Corrupt Organizations Law (or "RICO").

(720 ILCS 5/33G-2 new)
Sec. 33G-2. Legislative declaration. The substantial harm inflicted on the people and economy of this State by pervasive violent street gangs and other forms of enterprise criminality, is legitimately a matter of grave concern to the people of this State who have a basic right to be protected from that criminal activity and to be given adequate remedies to redress its harms. Whereas the current laws of this State provide inadequate remedies, procedures and punishments, the Illinois General Assembly hereby gives the supplemental remedies of the Illinois Street Gang and Racketeer Influenced and Corrupt Organizations Law full force and effect under law for the common good of this State and its people.

Sec. 33G-4. Prohibited activities.
(a) It is unlawful for any person, who intentionally participates in the operation or management of an enterprise, directly or indirectly, to:
(1) knowingly do so, directly or indirectly, through a pattern of predicate activity;
(2) knowingly cause another to violate this Article; or
(3) knowingly conspire to violate this Article.

Notwithstanding any other provision of law, in any prosecution for a conspiracy to violate this Article, no person may be convicted of that conspiracy unless an overt act in furtherance of the agreement is alleged and proved to have been committed by him, her, or by a coconspirator, but the commission of the overt act need not itself constitute predicate activity underlying the specific violation of this Article.

(b) It is unlawful for any person knowingly to acquire or maintain, directly or indirectly, through a pattern of predicate activity any interest in, or control of, to any degree, of any enterprise, real property, or personal property of any character, including money.

(c) Nothing in this Article shall be construed as to make unlawful any activity which is arguably protected or prohibited by the National Labor Relations Act, the Illinois Educational Labor Relations Act, the Illinois Public Labor Relations Act, or the Railway Labor Act.

(d) The following organizations, and any officer or agent of those organizations acting in his or her official capacity as an officer or agent, may not be sued in civil actions under this Article:
(1) a labor organization; or
(2) any business defined in Division D, E, F, G, H, or I of the Standard Industrial Classification as established by the
Occupational Safety and Health Administration, U.S. Department of Labor.

(e) Any person prosecuted under this Article may be convicted and sentenced either:

(1) for the offense of conspiring to violate this Article, and for any other particular offense or offenses that may be one of the objects of a conspiracy to violate this Article; or

(2) for the offense of violating this Article, and for any other particular offense or offenses that may constitute predicate activity underlying a violation of this Article.

(f) The State's Attorney, or a person designated by law to act for him or her and to perform his or her duties during his or her absence or disability, may authorize a criminal prosecution under this Article. Prior to any State's Attorney authorizing a criminal prosecution under this Article, the State's Attorney shall adopt rules and procedures governing the investigation and prosecution of any offense enumerated in this Article. These rules and procedures shall set forth guidelines which require that any potential prosecution under this Article be subject to an internal approval process in which it is determined, in a written prosecution memorandum prepared by the State's Attorney's Office, that

(1) a prosecution under this Article is necessary to ensure that the indictment adequately reflects the nature and extent of the criminal conduct involved in a way that prosecution only on the underlying predicate activity would not, and (2) a prosecution under this Article would provide the basis for an appropriate sentence under all the circumstances of the case in a way that a prosecution only on the underlying predicate activity would not. No State's Attorney, or person designated by law to act for him or her and to perform his or her duties during his or her absence or disability, may authorize a criminal prosecution under this Article prior to reviewing the prepared written prosecution memorandum. However, any internal memorandum shall remain protected from disclosure under the attorney-client privilege, and this provision does not create any enforceable right on behalf of any defendant or party, nor does it subject the exercise of prosecutorial discretion to judicial review.

(g) A labor organization and any officer or agent of that organization acting in his or her capacity as an officer or agent of the labor organization are exempt from prosecution under this Article.

(c) Wherever the unlawful death of any person or persons results as a necessary or natural consequence of any violation of this Article, the sentence imposed on the defendant shall include an enhanced term of imprisonment of at least 25 years up to natural life, in addition to any other penalty imposed by the court, provided:

(1) the death or deaths were reasonably foreseeable to the defendant to be sentenced; and

(2) the death or deaths occurred when the defendant was otherwise engaged in the violation of this Article as a whole.

The Department is authorized to implement the provisions of this amendatory Act of the 95th General Assembly by adopting the medical assistance rules in effect as of October 1, 2007, at 89 Ill. Admin. Code 125, and at 89 Ill. Admin. Code 120.32 along with only those changes necessary to conform to federal Medicaid requirements, federal laws, and federal regulations, including but not limited to Section 1931 of the Social Security Act (42 U.S.C. Sec. 1396u-1), as interpreted by the U.S. Department of Health and Human Services, and the countable income eligibility standard authorized by this paragraph 15. A person shall be considered to need treatment if, in the opinion of the person's treating physician, the person requires therapy directed toward cure or palliation of prostate or testicular cancer, including recurrent metastatic cancer that is a known or presumed complication of prostate or testicular cancer and complications resulting from the treatment modalities themselves. Section 99. Effective date. This Act takes effect upon becoming law; however, no part of this Act takes effect until both Senate Bill 2840, AS AMENDED, of the 97th General Assembly and Senate Bill 3397, AS AMENDED, of the 97th General Assembly have become law.

Approved June 14, 2012.

Effective June 14, 2012.

June 14, 2012

To the Honorable Members
of the 97th General Assembly,

Today, I sign Senate Bill 2194. Since I laid out this mission to save Medicaid from collapse in my budget address and convened a legislative working group to reduce the Medicaid liability by $2.7 billion, we have made significant progress as a state. This package marks the first step in a bi-partisan effort to save Medicaid and preserve the system for those who need it most. It includes program changes, liability reductions, and new revenue streams, and allows us to access federal matching dollars to achieve that goal.

New matter indicated by italics - deletions by strikeout
This bill consists of three main parts: an increase in the price of cigarettes, an enhanced hospital assessment, and a clarification of requirements for hospital tax exemptions.

Raising the price of cigarettes is not only good fiscal policy, but good health policy. This legislation will help an estimated 60,000 people quit smoking, reduce Medicaid costs from smoking-related conditions and raise $700 million in revenue for Medicaid programs, half of which comes as dollar-for-dollar matching funds from the federal government. The enhanced hospital assessment will raise $480 million to support the health care system in Illinois, plus $100 million to help pay Medicaid bills. The assessment program expires on December 31, 2014 and it is my strong expectation that all parties will work together in the next year to begin implementing hospital rate reforms with all deliberate speed and develop a plan to transition from static payments prior to that date.

Senate Bill 2194 also sets standards on how non-profit hospitals may qualify for continued property tax exemptions, and how investor-owned hospitals may qualify for an income-tax credit, based on the provision of charitable care. Hospitals have sought clarity on this issue, following the Illinois Supreme Court’s ruling in the Provena Covenant Medical Center v. Dept. of Revenue case. I encouraged a legislative solution that would uphold the Illinois Constitution, preserve the integrity of our state’s tax code and continue to incent hospitals to provide charity care to those in need.

The Illinois Constitution is clear that property tax exemptions may be granted only to property that is “used exclusively for charitable purposes.” Senate Bill 2194 provides a standard for charity care and allows hospitals to count a variety of activities and expenses toward this threshold beyond direct provision of care. The real test will be in how these provisions, in combination with SB 3162, are implemented in Illinois hospitals and what Illinois hospitals do, going forward, to help the people most in need. It is my hope that together, SB 2194 and SB 3162, result in more charity care being provided to the uninsured in our state.

Sincerely,

PAT QUINN
Governor
AN ACT concerning revenue.

However, if such amount is not refunded to the customer for any reason, the cigarette machine operator is liable to pay such amount to the Department.

Section 1-15. Cigarette machine operator license. No person may engage in the business of operating a cigarette machine in this State on or after August 1, 2012 without first having obtained a license from the Department. Application for a license shall be made to the Department on a form furnished and prescribed by the Department. Each applicant for a license under this Section shall furnish the following information to the Department on a form signed and verified by the applicant under penalty of perjury:

(1) the name and address of the applicant;
(2) the address of the location at which the applicant proposes to engage in the business of operating a cigarette machine in this State; and
(3) any other additional information the Department may reasonably require.

The annual license fee payable to the Department for each cigarette machine operator license is $250. Each applicant for a license shall pay that fee to the Department at the time of submitting an application for license to the Department.

Every applicant who is required to procure a cigarette machine operator license shall file with his or her application a joint and several bond. Such bond shall be executed to the Department of Revenue, with good and sufficient surety or sureties residing or licensed to do business within the State of Illinois, in the amount of $2,500, conditioned upon the true and faithful compliance by the licensee with all of the provisions of

this Act. Such bond, or a reissue thereof, or a substitute therefore, shall be kept in effect during the entire period covered by the license. A separate application for license shall be made, a separate annual license fee paid, and a separate bond filed, for each place of business at which a person who is required to procure a cigarette machine operator license under this Section proposes to engage in business as a cigarette machine operator in Illinois under this Act.

The following are ineligible to receive a cigarette machine operator license under this Act:

1. a person who is not of good character and reputation in the community in which he resides;

2. a person who has been convicted of a felony under any federal or State law, if the Department, after investigation and a hearing, if requested by the applicant, determines that such person has not been sufficiently rehabilitated to warrant the public trust;

3. a corporation, if any officer, manager, or director thereof, or any stockholder or stockholders owning in the aggregate more than 5% of the stock of such corporation, would not be eligible to receive a license under this Act for any reason; or

4. a person, or any person who owns more than 15% of the ownership interests in an entity or a related party, who:

   A. owes, at the time of application, any delinquent cigarette taxes or tobacco taxes that have been determined by law to be due and unpaid, unless the license applicant has entered into an agreement approved by the Department to pay the amount due;

   B. has had a license under this Act, the Cigarette Tax Act, the Cigarette Use Tax Act, or the Tobacco Products Tax Act of 1995 revoked within the past 2 years by the Department for misconduct relating to stolen or contraband cigarettes or has been convicted of a State or federal crime, punishable by imprisonment of one year or more, relating to stolen or contraband cigarettes;

   C. has been found by the Department, after notice and a hearing, to have imported or caused to be imported into the United States for sale or distribution any cigarette in violation of 19 U.S.C. 1681a;

   D. has been found by the Department, after notice and a hearing, to have imported or caused to be imported
into the United States for sale or distribution, or manufactured for sale or distribution in the United States, any cigarette that does not fully comply with the Federal Cigarette Labeling and Advertising Act (15 U.S.C. 1331, et seq.); or

(E) has been found by the Department, after notice and a hearing, to have made a material false statement in the application or has failed to produce records required to be maintained by this Act.

The Department, upon receipt of an application, license fee, and bond in proper form from a person who is eligible to receive a cigarette machine operator license under this Act, shall issue to such applicant a license in a form as prescribed by the Department. That license shall permit the applicant to whom it is issued to engage in business as a cigarette machine operator at the place shown in his or her application. All licenses issued by the Department under this Section shall be valid for a period not to exceed one year after issuance unless sooner revoked, canceled, or suspended as provided in this Act. No license issued under this Section is transferable or assignable. Such license shall be conspicuously displayed in the place of business conducted by the licensee in Illinois under such license. No cigarette machine operator acquires any vested interest or compensable property right in a license issued under this Act.

A cigarette machine operator shall notify the Department of any change in the information contained on the application form, including any change in ownership, and shall do so within 30 days after that change.

Every prior continuous compliance taxpayer shall be exempt from all requirements under this Section concerning the furnishing of bond as a condition precedent to his being authorized to engage in the business licensed under this Act. This exemption shall continue for each prior continuous compliance taxpayer until such time as he may be determined by the Department to be delinquent in the filing of any returns, or is determined by the Department (either through the Department's issuance of a final assessment which has become final under the Act, or by the taxpayer's filing of a return which admits tax to be due that is not paid) to be delinquent or deficient in the paying of any tax under this Act, at which time that taxpayer shall become subject to the bond requirements of this Section and, as a condition of being allowed to continue to engage in the business licensed under this Act, shall be required to furnish bond to the

Department in such form as provided in this Section. The taxpayer shall furnish such bond for a period of 2 years, after which, if the taxpayer has not been delinquent in the filing of any returns, or delinquent or deficient in the paying of any tax under this Act, the Department may reinstate that person as a prior continuance compliance taxpayer. Any taxpayer who fails to pay an admitted or established liability under this Act may also be required by the Department to post bond or other acceptable security with the Department guaranteeing the payment of that admitted or established liability.

The Department shall discharge any surety and shall release and return any bond or security deposited, assigned, pledged, or otherwise provided to it by a taxpayer under this Section within 30 days after:

(1) that taxpayer becomes a prior continuous compliance taxpayer; or

(2) that taxpayer has ceased to collect receipts on which he is required to remit tax to the Department, has filed a final tax return, and has paid to the Department an amount sufficient to discharge his remaining tax liability as determined by the Department under this Act. The Department shall make a final determination of the taxpayer's outstanding tax liability as expeditiously as possible after his final tax return has been filed. If the Department cannot make the final determination within 45 days after receiving the final tax return, it shall so notify the taxpayer within that period, stating its reasons therefore.

Any person aggrieved by any decision of the Department under this Section may, within 20 days after receiving notice of the decision, protest and request a hearing. Upon receiving a written request for a hearing, the Department shall give notice to the person requesting the hearing of the time and place fixed for the hearing and shall hold a hearing in conformity with the provisions of this Act and then issue its final administrative decision in the matter to that person. In the absence of a protest and request for a hearing within 20 days, the Department's decision shall become final without any further determination being made or notice given.

Section 1-20. Revocation, cancellation, or suspension of license. The Department may, after notice and hearing as provided for by this Act, revoke, cancel, or suspend the license of any cigarette machine operator for the violation of any provision of this Act, or for noncompliance with the provisions of this Act, or for any noncompliance with any lawful rule
or regulation promulgated by the Department under this Act, or because the licensee is determined to be ineligible for a cigarette machine operator's license for any one or more of the reasons provided for in Section 1-15 of this Act.

Any cigarette machine operator aggrieved by any decision of the Department under this Section may, within 20 days after notice of the decision, protest and request a hearing. Upon receiving a written request for a hearing, the Department shall give notice in writing to the cigarette machine operator requesting the hearing that contains a statement of the charges preferred against the cigarette machine operator and that states the time and place fixed for the hearing. The Department shall hold the hearing in conformity with the provisions of this Act and then issue its final administrative decision in the matter to the cigarette machine operator. In the absence of a written protest and request for a hearing within 20 days, the Department's decision shall become final without any further determination being made or notice given.

No license so revoked shall be reissued to any cigarette machine operator for a period of 6 months after the date of the final determination of such revocation. No license shall be reissued at all so long as the person who would receive the license is ineligible to receive a cigarette machine operator's license under this Act for any one or more of the reasons provided for in Section 1-15 of this Act.

The Department, upon complaint filed in the circuit court, may, by injunction, restrain any person who fails or refuses to comply with any of the provisions of this Act from acting as a cigarette machine operator in this State.

Section 1-25. Restriction on tobacco used in cigarette machines.

(a) Only roll-your-own tobacco products of a brand family and manufacturer identified on the State of Illinois Directory of Participating Manufacturers or the Illinois Directory of Compliant Non-Participating Manufacturers maintained by the Office of the Attorney General may be sold by cigarette machine operators to customers for use in cigarette machines possessed by the cigarette machine operator.

(b) Only roll-your-own tobacco products meeting the requirements of subsection (a) and purchased at the place of business of the cigarette machine operator may be used in a cigarette machine at that location.

Section 1-30. Cigarette tubes used in cigarette machines.

(a) All cigarette tubes used in cigarette machines in the possession of cigarette machine operators licensed under Section 1-15 of this Act
shall be constructed of paper of a type determined by the Attorney General, pursuant to rules promulgated by the Attorney General under the provisions of the Administrative Procedure Act, to reduce the likely ignition propensity of cigarettes made by those tubes.

(b) A cigarette machine operator is not required to comply with subsection (a) of this Section until the Attorney General has promulgated rules implementing subsection (a) and the rules have become effective. The effective date for such rules shall be no earlier than January 1, 2014.

Section 1-35. Cigarette machine operators; sale of cigarettes.
(a) The cigarette machine operator is responsible for complying with all State and federal laws and regulations regarding packaging and labeling of original packages of cigarettes.

(b) A person possessing a cigarette machine operator license may not purchase unstamped cigarettes from an in-State or out-of-State manufacturer or distributor of cigarettes.

(c) Cigarettes made or fabricated by a cigarette machine may not be sold or distributed to, or possessed by, manufacturers, distributors, secondary distributors, manufacturer representatives, or retailers, except the cigarette machine operator.

(d) A cigarette machine possessed by a cigarette machine operator shall have a secure meter that counts the number of cigarettes made or fabricated by the cigarette machine and that cannot be accessed, altered, or reset by the machine operator, except for the sole purpose of taking meter readings.

Section 1-40. Returns.
(a) Cigarette machine operators shall file a return and remit the tax imposed by Section 1-10 by the 15th day of each month covering the preceding calendar month. Each such return shall show: the quantity of cigarettes made or fabricated during the period covered by the return; the beginning and ending meter reading for each cigarette machine for the period covered by the return; the quantity of such cigarettes sold or otherwise disposed of during the period covered by the return; the brand family and manufacturer and quantity of tobacco products used to make or fabricate cigarettes by use of a cigarette machine; the license number of each distributor from whom tobacco products are purchased; the type and quantity of cigarette tubes purchased for use in a cigarette machine; the type and quantity of cigarette tubes used in a cigarette machine; and such other information as the Department may require. Such returns shall be filed on forms prescribed and furnished by the Department. The
Department may promulgate rules to require that the cigarette machine operator's return be accompanied by appropriate computer-generated magnetic media supporting schedule data in the format required by the Department, unless, as provided by rule, the Department grants an exception upon petition of a cigarette machine operator.

Cigarette machine operators shall send a copy of those returns, together with supporting schedule data, to the Attorney General's Office by the 15th day of each month for the period covering the preceding calendar month.

(b) Cigarette machine operators may take a credit against any tax due under Section 1-10 of this Act for taxes imposed and paid under the Tobacco Products Tax Act of 1995 on tobacco products sold to a customer and used in a rolling machine located at the cigarette machine operator's place of business. To be eligible for such credit, the tobacco product must meet the requirements of subsection (a) of Section 1-25 of this Act. This subsection (b) is exempt from the provisions of Section 1-155 of this Act.

Section 1-45. Examination and correction of returns.

(a) As soon as practicable after any return is filed, the Department shall examine that return and shall correct the return according to its best judgment and information, which return so corrected by the Department shall be prima facie correct and shall be prima facie evidence of the correctness of the amount of tax due, as shown on the corrected return. Instead of requiring the cigarette machine operator to file an amended return, the Department may simply notify the cigarette machine operator of the correction or corrections it has made. Proof of the correction by the Department may be made at any hearing before the Department or in any legal proceeding by a reproduced copy of the Department's record relating thereto in the name of the Department under the certificate of the Director of Revenue. Such reproduced copy shall, without further proof, be admitted into evidence before the Department or in any legal proceeding and shall be prima facie proof of the correctness of the amount of tax due, as shown on the reproduced copy. If the Department finds that any amount of tax is due from the cigarette machine operator, the Department shall issue the cigarette machine operator a notice of tax liability for the amount of tax claimed by the Department to be due, together with a penalty in an amount determined in accordance with Sections 3-3, 3-5 and 3-6 of the Uniform Penalty and Interest Act. If, in administering the provisions of this Act, comparison of a return or returns of a cigarette machine operator with the books, records, and inventories of such cigarette machine operator

discloses a deficiency that cannot be allocated by the Department to a particular month or months, the Department shall issue the cigarette machine operator a notice of tax liability for the amount of tax claimed by the Department to be due for a given period, but without any obligation upon the Department to allocate that deficiency to any particular month or months, together with a penalty in an amount determined in accordance with Sections 3-3, 3-5, and 3-6 of the Uniform Penalty and Interest Act, under which circumstances the aforesaid notice of tax liability shall be prima facie correct and shall be prima facie evidence of the correctness of the amount of tax due, as shown therein; and proof of such correctness may be made in accordance with, and the admissibility of a reproduced copy of such notice of tax liability shall be governed by, all the provisions of this Act applicable to corrected returns. If any cigarette machine operator filing any return dies or becomes a person under legal disability at any time before the Department issues its notice of tax liability, such notice shall be issued to the administrator, executor, or other legal representative of the cigarette machine operator.

(b) If, within 60 days after such notice of tax liability, the cigarette machine operator or his or her legal representative files a written protest to such notice of tax liability and requests a hearing thereon, the Department shall give notice to such cigarette machine operator or legal representative of the time and place fixed for such hearing, and shall hold a hearing in conformity with the provisions of this Act, and pursuant thereto shall issue a final assessment to such cigarette machine operator or legal representative for the amount found to be due as a result of such hearing. If a written protest to the notice of tax liability and a request for a hearing thereon is not filed within 60 days after such notice of tax liability, such notice of tax liability shall become final without the necessity of a final assessment being issued and shall be deemed to be a final assessment.

(c) In case of failure to pay the tax, or any portion thereof, or any penalty provided for in this Act, when due, the Department may bring suit to recover the amount of such tax, or portion thereof, or penalty; or, if the taxpayer dies or becomes incompetent, by filing claim therefore against his or her estate; provided that no such action with respect to any tax, or portion thereof, or penalty, shall be instituted more than 2 years after the cause of action accrues, except with the consent of the person from whom such tax or penalty is due.

After the expiration of the period within which the person assessed may file an action for judicial review under the Administrative Review
Law without such an action being filed, a certified copy of the final assessment or revised final assessment of the Department may be filed with the circuit court of the county in which the taxpayer has his or her principal place of business, or of Sangamon County in those cases in which the taxpayer does not have his or her principal place of business in this State. The certified copy of the final assessment or revised final assessment shall be accompanied by a certification which recites facts that are sufficient to show that the Department complied with the jurisdictional requirements of the law in arriving at its final assessment or its revised final assessment and that the taxpayer had his or her opportunity for an administrative hearing and for judicial review, whether he or she availed himself or herself of either or both of these opportunities or not. If the court is satisfied that the Department complied with the jurisdictional requirements of the law in arriving at its final assessment or its revised final assessment and that the taxpayer had his or her opportunity for an administrative hearing and for judicial review, whether he or she availed himself or herself of either or both of these opportunities or not, the court shall enter judgment in favor of the Department and against the taxpayer for the amount shown to be due by the final assessment or the revised final assessment, and such judgment shall be filed of record in the court. Such judgment shall bear the rate of interest set in the Uniform Penalty and Interest Act, but otherwise shall have the same effect as other judgments. The judgment may be enforced, and all laws applicable to sales for the enforcement of a judgment shall be applicable to sales made under such judgments. The Department shall file the certified copy of its assessment, as herein provided, with the circuit court within 2 years after such assessment becomes final except when the taxpayer consents in writing to an extension of such filing period.

If, when the cause of action for a proceeding in court accrues against a person, he or she is out of the State, the action may be commenced within the times herein limited, after his or her coming into or returning to the State; and if, after the cause of action accrues, he or she departs from and remains out of the State, the time of his or her absence is no part of the time limited for the commencement of the action; but the foregoing provisions concerning absence from the State shall not apply to any case in which, at the time the cause of action accrues, the party against whom the cause of action accrues is not a resident of this State. The time within which a court action is to be commenced by the Department hereunder shall not run while the taxpayer is a debtor in any proceeding
under the federal Bankruptcy Code nor thereafter until 90 days after the
Department is notified by such debtor of being discharged in bankruptcy.

No claim shall be filed against the estate of any deceased person or
a person under legal disability for any tax or penalty or part of either
except in the manner prescribed and within the time limited by the Probate
Act of 1975.

The remedies provided for herein shall not be exclusive, but all
remedies available to creditors for the collection of debts shall be available
for the collection of any tax or penalty due hereunder.

The collection of tax or penalty by any means provided for herein
shall not be a bar to any prosecution under this Act.

The certificate of the Director of the Department to the effect that a
tax or amount required to be paid by this Act has not been paid, that a
return has not been filed, or that information has not been supplied
pursuant to the provisions of this Act, shall be prima facie evidence
thereof.

All of the provisions of Sections 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5i and 5j
of the Retailers' Occupation Tax Act, which are not inconsistent with this
Act, shall apply, as far as practicable, to the subject matter of this Act to
the same extent as if such provisions were included herein. References in
such incorporated Sections of the Retailers' Occupation Tax Act to
retailers, to sellers, or to persons engaged in the business of selling
tangible personal property shall mean cigarette machine operator when
used in this Act.

Section 1-50. Failure to file return or pay tax; penalty; protest.

In case any person who is required to file a return under this Act
fails to file a return, or files a return and fails to remit the correct amount
of tax, the Department shall determine the amount of tax due from him
according to its best judgment and information, which amount so fixed by
the Department shall be prima facie correct and shall be prima facie
evidence of the correctness of the amount of tax due, as shown in such
determination. Proof of such determination by the Department may be
made at any hearing before the Department or in any legal proceeding by a
reproduced copy of the Department's record relating thereto in the name of
the Department under the certificate of the Director of Revenue. Such
reproduced copy shall, without further proof, be admitted into evidence
before the Department or in any legal proceeding and shall be prima facie
proof of the correctness of the amount of tax due, as shown therein. The
Department shall issue such person a notice of tax liability for the amount

of tax claimed by the Department to be due, together with a penalty in an amount determined in accordance with Sections 3-3, 3-5 and 3-6 of the Uniform Penalty and Interest Act. If such person or the legal representative of such person, within 60 days after such notice, files a written protest to such notice of tax liability and requests a hearing thereon, the Department shall give notice to such person or the legal representative of such person of the time and place fixed for such hearing and shall hold a hearing in conformity with the provisions of this Act, and pursuant thereto shall issue a final assessment to such person or to the legal representative of such person for the amount found to be due as a result of such hearing. If a written protest to the notice of tax liability and a request for a hearing thereon is not filed within 60 days after such notice of tax liability, such notice of tax liability shall become final without the necessity of a final assessment being issued and shall be deemed to be a final assessment.

Section 1-55. Claims; credit memorandum or refunds. If it appears, after claim is filed with the Department, that an amount of tax or penalty has been paid which was not due under this Act, whether as the result of a mistake of fact or an error of law, except as hereinafter provided, then the Department shall issue a credit memorandum or refund to the person who made the erroneous payment or, if that person has died or become a person under legal disability, to his or her legal representative.

If it is determined that the Department should issue a credit or refund under this Act, the Department may first apply the amount thereof against any amount of tax or penalty due under this Act, the Cigarette Tax Act, the Cigarette Use Tax Act, or the Tobacco Products Act of 1995 from the person entitled to that credit or refund. For this purpose, if proceedings are pending to determine whether or not any tax or penalty is due under this Act or under the Cigarette Tax Act, Cigarette Use Tax Act, or the Tobacco Products Act of 1995 from the person, the Department may withhold issuance of the credit or refund pending the final disposition of such proceedings and may apply such credit or refund against any amount found to be due to the Department under this Act, the Cigarette Tax Act, the Cigarette Use Tax Act, or the Tobacco Products Act of 1995 as a result of such proceedings. The balance, if any, of the credit or refund shall be issued to the person entitled thereto.

If no tax or penalty is due and no proceeding is pending to determine whether such taxpayer is indebted to the Department for the payment of a tax or penalty, the credit memorandum or refund shall be issued to the claimant; or (in the case of a credit memorandum) the credit

memorandum may be assigned and set over by the lawful holder thereof, subject to reasonable rules of the Department, to any other person who is subject to this Act, the Cigarette Tax Act, the Cigarette Use Tax Act, or the Tobacco Products Act of 1995, and the amount thereof shall be applied by the Department against any tax or penalty due or to become due under this Act, the Cigarette Tax Act, the Cigarette Use Tax Act, or the Tobacco Products Act of 1995 from such assignee.

As to any claim filed hereunder with the Department on and after each January 1 and July 1, no amount of tax or penalty erroneously paid (either in total or partial liquidation of a tax or penalty under this Act) more than 3 years prior to such January 1 and July 1, respectively, shall be credited or refunded, except that, if both the Department and the taxpayer have agreed to an extension of time to issue a notice of tax liability under this Act, the claim may be filed at any time prior to the expiration of the period agreed upon.

Any credit or refund that is allowed under this Act shall bear interest at the rate and in the manner set forth in the Uniform Penalty and Interest Act.

In case the Department determines that the claimant is entitled to a refund, such refund shall be made only from appropriations available for that purpose. If it appears unlikely that the amount appropriated would permit everyone having a claim allowed during the period covered by such appropriation to elect to receive a cash refund, the Department, by rule or regulation, shall provide for the payment of refunds in hardship cases and shall define what types of cases qualify as hardship cases.

The provisions of Sections 6a, 6b, and 6c of the Retailers' Occupation Tax Act which are not inconsistent with this Act shall apply, as far as practicable, to the subject matter of this Act to the same extent as if such provisions were included herein.

Section 1-60. Investigations and hearings. The Department, or any officer or employee designated in writing by the Director thereof, for the purpose of administering and enforcing the provisions of this Act, may hold investigations and hearings concerning any matters covered by this Act, and may examine books, papers, records, or memoranda bearing upon the sale or other disposition of cigarettes or tobacco products by a cigarette machine operator, and may issue subpoenas requiring the attendance of a cigarette machine operator, or any officer or employee of a cigarette machine operator, or any person having knowledge of the facts, and may take testimony and require proof, and may issue subpoenas duces tecum to

compel the production of relevant books, papers, records, and memoranda, for the information of the Department.

In the conduct of any investigation or hearing provided for by this Act, neither the Department, nor any officer or employee thereof, shall be bound by the technical rules of evidence, and no informality in the proceedings nor in the manner of taking testimony shall invalidate any rule, order, decision, or regulation made, approved, or confirmed by the Department.

The Director of Revenue, or any duly authorized officer or employee of the Department, shall have the power to administer oaths to such persons required by this Act to give testimony before the Department.

The books, papers, records, and memoranda of the Department, or parts thereof, may be proved in any hearing, investigation or legal proceeding by a reproduced copy thereof under the certificate of the Director of Revenue. Such reproduced copy shall, without further proof, be admitted into evidence before the Department or in any legal proceeding.

Section 1-65. Testimony and production of documents; immunity. No person shall be excused from testifying or from producing any books, papers, records, or memoranda in any investigation or upon any hearing, when ordered to do so by the Department or any officer or employee thereof, upon the ground that the testimony or evidence, documentary or otherwise, may tend to incriminate him or subject him to a criminal penalty, but no person shall be prosecuted or subjected to any criminal penalty for or on account of the subject matter of his or her testimony or the evidence produced before the Department or an officer or employee of the Department; provided that such immunity shall extend only to a natural person who, in obedience to a subpoena, gives testimony under oath or produces evidence under oath. No person so testifying shall be exempt from prosecution and punishment for perjury committed in so testifying.

Section 1-70. Confidentiality; official purposes. All information received by the Department from returns or reports filed under this Act, or from any investigation conducted under this Act, shall be confidential, except for official purposes, and any person who divulges any such information in any manner, except in accordance with a proper judicial order or as otherwise provided by law, shall be guilty of a Class A misdemeanor.

Nothing in this Act prevents the Director of Revenue from publishing or making available to the public the names and addresses of persons filing returns or reports under this Act, or reasonable statistics concerning the operation of the tax by grouping the contents of returns or reports so that the information in any individual return or report is not disclosed.

Nothing in this Act prevents the Director of Revenue from divulging to the United States government or the government of any other state, or any officer or agency thereof, for exclusively official purposes, information received by the Department in administering this Act, provided that such other governmental agency agrees to divulge requested tax information to the Department.

The furnishing upon request of the Auditor General, or his authorized agents, for official use, of returns or reports filed and information related thereto under this Act is deemed to be an official purpose within the meaning of this Section.

The furnishing of financial information to a home rule unit with a population in excess of 2,000,000 that has imposed a tax similar to that imposed by this Act under its home rule powers, upon request of the Chief Executive of the home rule unit, is an official purpose within the meaning of this Section, provided the home rule unit agrees in writing to the requirements of this Section. Information so provided is subject to all confidentiality provisions of this Section. The written agreement shall provide for reciprocity, limitations on access, disclosure, and procedures for requesting information.

The Director may make available to any State agency, including the Illinois Supreme Court, that licenses persons to engage in any occupation, information that a person licensed by such agency has failed to file returns under this Act or pay the tax, penalty, and interest shown therein, or has failed to pay any final assessment of tax, penalty, or interest due under this Act or has failed to file reports under this Act. An assessment is final when all proceedings in court for review of such assessment have terminated or the time for the taking thereof has expired without such proceedings being instituted.

The Director shall make available for public inspection in the Department's principal office and for publication, at cost, administrative decisions issued on or after January 1, 2013. These decisions are to be made available in a manner so that the following taxpayer or licensee information is not disclosed:

New matter indicated by italics - deletions by strikeout
(1) The names, addresses, and identification numbers of the taxpayer or licensee, related entities, and employees.

(2) At the sole discretion of the Director, trade secrets or other confidential information identified as such by the taxpayer or licensee no later than 30 days after receipt of an administrative decision, by such means as the Department shall provide by rule.

The Director shall determine the appropriate extent of the deletions allowed in paragraph (2). In the event the taxpayer or licensee does not submit deletions, the Director shall make only the deletions specified in paragraph (1).

The Director shall make available for public inspection and publication each administrative decision within 180 days after the issuance of the administrative decision. The term "administrative decision" has the same meaning as defined in Section 3-101 of the Code of Civil Procedure. Costs collected under this Section shall be paid into the Tax Compliance and Administration Fund.

Nothing contained in this Act shall prevent the Director from divulging information to any person pursuant to a request or authorization made by the taxpayer or licensee or by an authorized representative of the taxpayer or licensee.

Section 1-75. Records. Every cigarette machine operator who is required to procure a license under this Act shall keep within Illinois, at his licensed address: complete and accurate records of the quantity of such cigarettes made or fabricated; meter readings for each cigarette machine; the quantity of such cigarettes sold or otherwise disposed of; the brand family and manufacturer and quantity of tobacco products purchased and the brand family and manufacturer and quantity of tobacco products used to make or fabricate cigarettes by use of a cigarette machine; the name, address, and license number of each distributor from whom the cigarette machine operator purchases tobacco products; the type and quantity of cigarette tubes purchased for use in a cigarette machine; the type and quantity of cigarette tubes used in a cigarette machine; and such other information as the Department may require, and shall preserve and keep within Illinois at his licensed address all invoices, bills of lading, sales records, copies of bills of sale, inventory at the close of each period for which a return is required of all cigarettes, tobacco products and cigarette tubes on hand, and other pertinent papers and documents relating to the manufacture, purchase, sale, or disposition of cigarettes and tobacco products. All books and records and other papers and documents that are

required by this Act to be kept shall be kept in the English language, and shall, at all times during the usual business hours of the day, be subject to inspection by the Department or its duly authorized agents and employees. The Department may adopt rules that establish requirements, including record forms and formats, for records required to be kept and maintained by taxpayers. For purposes of this Section, "records" means all data maintained by the taxpayer, including data on paper, microfilm, microfiche or any type of machine-sensible data compilation. Those books, records, papers and documents shall be preserved for a period of at least 3 years after the date of the documents, or the date of the entries appearing in the records, unless the Department, in writing, authorizes their destruction or disposal at an earlier date. At all times during the usual business hours of the day, any duly authorized agent or employee of the Department may enter any place of business of the cigarette machine operator, without a search warrant, and inspect the premises and the stock or packages of cigarettes, tobacco products, cigarette tubes, and the cigarette machines therein contained, to determine whether any of the provisions of this Act are being violated. If such agent or employee is denied free access or is hindered or interfered with in making such examination as herein provided, the license of the cigarette machine operator at such premises shall be subject to revocation by the Department.

Section 1-80. Subpoenas and witnesses; depositions. The Department, or any officer or employee of the Department designated in writing by the Director, shall, at its, his, or her own instance, or on the written request of any cigarette machine operator or other interested party to the proceeding, issue subpoenas requiring the attendance of and the giving of testimony by witnesses, and subpoenas duces tecum requiring the production of books, papers, records or memoranda. All subpoenas and subpoenas duces tecum issued under the terms of this Act may be served by any person of full age. The fees of witnesses for attendance and travel shall be the same as the fees of witnesses before the circuit court of this State; such fees to be paid when the witness is excused from further attendance. When the witness is subpoenaed at the instance of the Department or any officer or employee thereof, such fees shall be paid in the same manner as other expenses of the Department, and when the witness is subpoenaed at the instance of any other party to any such proceeding, the cost of service of the subpoena or subpoena duces tecum and the fee of the witness shall be borne by the party at whose instance the witness is summoned. In such case, the Department, in its discretion, may

require a deposit to cover the cost of such service and witness fees. A subpoena or subpoena duces tecum so issued shall be served in the same manner as a subpoena or subpoena duces tecum issued out of a court.

Any circuit court of this State, upon the application of the Department or any officer or employee thereof, or upon the application of any other party to the proceeding, may, in its discretion, compel the attendance of witnesses, the production of books, papers, records or memoranda and the giving of testimony before the Department or any officer or employee thereof conducting an investigation or holding a hearing authorized by this Act, by an attachment for contempt, or otherwise, in the same manner as production of evidence may be compelled before the court.

The Department or any officer or employee thereof, or any other party in an investigation or hearing before the Department, may cause the depositions of witnesses within the State to be taken in the manner prescribed by law for like depositions, or depositions for discovery in civil actions in courts of this State, and to that end compel the attendance of witnesses and the production of books, papers, records or memoranda, in the same manner provided herein.

Section 1-85. Regulations and rules; notice; hearings. The Department may adopt and enforce such reasonable rules and regulations relating to the administration and enforcement of this Act as may be deemed expedient.

Whenever notice is required by this Act, such notice may be given by United States certified or registered mail, addressed to the person concerned at his last known address, and proof of such mailing shall be sufficient for the purposes of this Act. Notice of any hearing provided for by this Act shall be so given not less than 7 days prior to the day fixed for the hearing.

Hearings provided for in this Act shall be held:

(1) in Cook County, if the taxpayer's or licensee's principal place of business is in that county;

(2) at the Department's office nearest the taxpayer's or licensee's principal place of business, if the taxpayer's or licensee's principal place of business is in Illinois but outside Cook County; or

(3) in Sangamon County, if the taxpayer's or licensee's principal place of business is outside Illinois.
The circuit court of the county wherein the hearing is held has power to review all final administrative decisions of the Department in administering this Act. The provisions of the Administrative Review Law, and all amendments and modifications thereof, and the rules adopted pursuant thereto, shall apply to and govern all proceedings for the judicial review of final administrative decisions of the Department under this Act. The term "administrative decision" is defined as in Section 3-101 of the Code of Civil Procedure.

Service upon the Director of Revenue or Assistant Director of Revenue of summons issued in any action to review a final administrative decision shall be service upon the Department. The Department shall certify the record of its proceedings if the cigarette machine operator pays to it the sum of 75¢ per page of testimony taken before the Department and 25¢ per page of all other matters contained in such record, except that these charges may be waived where the Department is satisfied that the aggrieved party is an indigent person who cannot afford to pay such charges. Before the delivery of such record to the person applying for it, payment of these charges must be made, and if the record is not paid for within 30 days after notice that such record is available, the complaint may be dismissed by the court upon motion of the Department.

No stay order shall be entered by the circuit court unless the cigarette machine operator files with the court a bond, in an amount fixed and approved by the court, to indemnify the State against all loss and injury which may be sustained by it on account of the review proceedings and to secure all costs which may be occasioned by such proceedings.

Whenever any proceeding provided by this Act is begun before the Department, either by the Department or by a person subject to this Act, and such person thereafter dies or becomes a person under legal disability before such proceeding is concluded, the legal representative of the deceased person or of the person under legal disability shall notify the Department of such death or legal disability. Such legal representative, as such, shall then be substituted by the Department for such person. If the legal representative fails to notify the Department of his or her appointment as such legal representative, the Department may, upon its own motion, substitute such legal representative in the proceeding pending before the Department for the person who died or became a person under legal disability.

Section 1-90. The Illinois Administrative Procedure Act. The Illinois Administrative Procedure Act is hereby expressly adopted and
shall apply to all administrative rules and procedures of the Department of Revenue under this Act, except that: (1) paragraph (b) of Section 5-10 of the Illinois Administrative Procedure Act does not apply to final orders, decisions and opinions of the Department; (2) subparagraph (a)(ii) of Section 5-10 of the Illinois Administrative Procedure Act does not apply to forms established by the Department for use under this Act; and (3) the provisions of Section 10-45 of the Illinois Administrative Procedure Act regarding proposals for decision are excluded and not applicable to the Department under this Act.

Section 1-95. Legal proceedings. All legal proceedings under this Act, whether civil or criminal, shall be instituted and prosecuted by the Attorney General or by the State's Attorney for the county in which an offense under this Act is committed, and all civil actions may be brought in the name of the Department of Revenue.

Section 1-100. Arrest and seizure. Any duly authorized employee of the Department may: arrest without warrant any person committing in his presence a violation of any of the provisions of this Act; may without a search warrant inspect all cigarettes and cigarette machines located in any place of business; and may seize any contraband cigarettes and any cigarette machines in which such contraband cigarettes may be found or may be made, and such packages or cigarette machines so seized shall be subject to confiscation and forfeiture as provided in Section 1-105 of this Act.

Section 1-105. Hearings regarding seized cigarettes and cigarette machines. After seizing any cigarettes or cigarette machines, as provided in Section 1-100 of this Act, the Department shall hold a hearing and shall determine whether such cigarettes, at the time of their seizure by the Department, were contraband cigarettes, or whether such cigarette machines, at the time of their seizure by the Department, contained or made contraband cigarettes. The Department shall give not less than 7 days' notice of the time and place of such hearing to the owner of such property, if he is known, and also to the person in whose possession the property so taken was found, if such person is known and if such person in possession is not the owner of said property. In case neither the owner nor the person in possession of such property is known, the Department shall cause publication of the time and place of such hearing to be made at least once in each week for 3 weeks successively in a newspaper of general circulation in the county where such hearing is to be held.
If, as the result of such hearing, the Department determines that the cigarettes seized were, at the time of seizure, contraband cigarettes, or that any cigarette machine at the time of its seizure contained or made contraband cigarettes, the Department shall enter an order declaring such cigarettes or such cigarette machine confiscated and forfeited to the State, and to be held by the Department for disposal as provided in this Section. The Department shall give notice of such order to the owner of such property if he is known, and also to the person in whose possession the property so taken was found, if such person is known, and if such person in possession is not the owner of the property. In case neither the owner nor the person in possession of such property is known, the Department shall cause publication of such order to be made at least once in each week for 3 weeks successively in a newspaper of general circulation in the county where such hearing was held.

When any cigarettes or any cigarette machine shall have been declared forfeited to the State by the Department, as provided hereunder, and when all proceedings for the judicial review of the Department's decision have terminated, the Department shall, to the extent that its decision is sustained on review, destroy or maintain and use such property in an undercover capacity.

Section 1-110. Filing of a complaint.

Whenever any peace officer of the State or any duly authorized officer or employee of the Department shall have reason to believe that any violation of this Act has occurred and that the person so violating the Act has in that person's possession contraband cigarettes, or any cigarette machine containing or making contraband cigarettes, he or she may file or cause to be filed his complaint in writing, verified by affidavit, with any court within whose jurisdiction the premises to be searched are situated, stating the facts upon which such belief is founded, the premises to be searched, and the property to be seized, and procure a search warrant and execute the same. Upon the execution of such search warrant, the peace officer, or officer or employee of the Department, executing such search warrant shall make due return thereof to the court issuing the same, together with an inventory of the property taken thereunder. The court shall thereupon issue process against the owner of such property if he is known; otherwise, such process shall be issued against the person in whose possession the property so taken is found, if such person is known. In case of inability to serve such process upon the owner or the person in possession of the property at the time of its seizure, notice of the

proceedings before the court shall be given as required by the statutes of the State governing cases of attachment. Upon the return of the process duly served or upon the posting or publishing of notice made, as herein provided, the court or jury, if a jury shall be demanded, shall proceed to determine whether or not such property so seized was held or possessed in violation of this Act, or whether, if a cigarette machine has been so seized, it contained or was making at the time of its seizure contraband cigarettes. In case of a finding that any cigarette machine so seized contained or was making at the time of its seizure contraband cigarettes, judgment shall be entered confiscating and forfeiting the property to the State and ordering its delivery to the Department, and, in addition thereto, the court shall have power to tax and assess the costs of the proceedings.

When any cigarettes or any cigarette machine is declared forfeited to the State by any court, and when such confiscated and forfeited property is delivered to the Department as provided in this Act, the Department shall destroy or maintain and use such property in an undercover capacity.

Section 1-115. False or fraudulent reports. Any person required by this Act to make, file, render, sign, or verify any report or return, or any officer, agent, or employee of that person, who makes any false or fraudulent report or return or files any false or fraudulent report or return, or who fails to make such report or return or file such report or return when due, is guilty of a Class 4 felony.

Section 1-120. Possession of more than 200 contraband cigarettes; penalty. Any person possessing more than 200 contraband cigarettes is liable to pay, to the Department, for deposit into the Tax Compliance and Administration Fund, a penalty of $1 for each such cigarette in excess of 200, unless reasonable cause can be established by the person upon whom the penalty is imposed. This penalty is in addition to the taxes imposed by this Act. Reasonable cause shall be determined in each situation in accordance with rules adopted by the Department. The provisions of the Uniform Penalty and Interest Act do not apply to this Section.

Section 1-125. Possession of not less than 20 and not more than 200 contraband cigarettes; penalty. Any person possessing not less than 20 and not more than 200 contraband cigarettes is liable to pay to the Department, for deposit into the Tax Compliance and Administration Fund, a penalty of $0.50 for each such cigarette, unless reasonable cause can be established by the person upon whom the penalty is imposed. rules adopted by the Department. The provisions of the Uniform Penalty and Interest Act do not apply to this Section.

Section 1-130. Punishment for sale or possession of contraband cigarettes.

(a) Possession or sale of 200 or less contraband cigarettes. Any person who has in his or her possession or sells 200 or less contraband cigarettes is guilty of a Class A misdemeanor.

(b) Possession or sale of more than 200 and not more than 1000 contraband cigarettes. Any person who has in his or her possession or sells more than 200 and not more than 1000 contraband cigarettes is guilty of a Class A misdemeanor for a first offense and a Class 4 felony for each subsequent offense.

(c) Possession or sale of more than 1000 contraband cigarettes. Any person who has in his or her possession or sells more than 1000 contraband cigarettes is guilty of a Class 4 felony.

Section 1-135. Unlawful operation of cigarette machines. Whoever operates a cigarette machine without a license is guilty of a Class 4 felony. Notwithstanding this Section, and any other provisions of this Act, an individual may own a cigarette machine for that individual's own use, and not for the purpose of resale of cigarettes.

Section 1-140. Failure to keep records; penalty. Any person required by this Act to keep records of any kind, who fails to keep the required records or falsifies those records, is guilty of a Class 4 felony.

Section 1-145. Failure to preserve records; penalty. Any person who fails to safely preserve the records required by Section 1-75 of this Act for the period of 3 years, as required by that Section, in such manner as to insure permanency and accessibility for inspection by the Department, shall be guilty of a business offense and may be fined up to $5,000.

Section 1-150. Forfeit of bond. If a cigarette machine operator is convicted of the violation of any of the provisions of this Act, or if his or her license is revoked and no review is had of the order or revocation, or if on review thereof the decision is adverse to the cigarette machine operator, or if a cigarette machine operator fails to pay an assessment as to which no judicial review is sought and which has become final, or pursuant to which, upon review thereof, the circuit court has entered a judgment that is in favor of the Department and that has become final, the bond filed pursuant to this Act shall thereupon be forfeited, and the Department may institute a suit upon such bond in its own name for the entire amount of

such bond and costs. Such suit upon the bond shall be in addition to any other remedy provided for herein.

Section 1-155. Sunset of exemptions, credits, and deductions. The application of every exemption, credit, and deduction against tax imposed by this Act that becomes law after the effective date of this Act shall be limited by a reasonable and appropriate sunset date. A taxpayer is not entitled to take the exemption, credit, or deduction beginning on the sunset date and thereafter. If a reasonable and appropriate sunset date is not specified in the Public Act that creates the exemption, credit, or deduction, a taxpayer shall not be entitled to take the exemption, credit, or deduction beginning 5 years after the effective date of the Public Act creating the exemption, credit, or deduction and thereafter.

Section 1-160. Distribution of receipts by the Department. All moneys received by the Department under this Act shall be deposited into the Healthcare Provider Relief Fund.

Section 1-165. Exemption. Persons who are not operating cigarette machines as defined in this Act and are engaged in the business of renting, leasing or selling cigarette machines to persons are exempt from the provisions of this Act.

Section 1-170. Notice. Any person who distributes or offers for sale or rent a cigarette machine in this State shall provide notice to any potential purchaser, lessee, or lessor of that cigarette machine or any retail space containing a cigarette machine. The notice shall contain information about this Act, including: (i) licensure requirements for cigarette machine operators; (ii) tax collection and remittance duties of cigarette machine operators; (iii) any product limitations imposed on cigarette machines by this Act; and (iv) packaging and labeling requirements.

ARTICLE 5. AMENDATORY PROVISIONS
Section 5-5. The Illinois Income Tax Act is amended by adding Section 223 as follows:

(35 ILCS 5/223 new)
Sec. 223. Hospital credit.
(a) For tax years ending on or after December 31, 2012, a taxpayer that is the owner of a hospital licensed under the Hospital Licensing Act, but not including an organization that is exempt from federal income taxes under the Internal Revenue Code, is entitled to a credit against the taxes imposed under subsections (a) and (b) of Section 201 of this Act in an amount equal to the lesser of the amount of real property taxes paid during the tax year on real property used for hospital

purposes during the prior tax year or the cost of free or discounted services provided during the tax year pursuant to the hospital's charitable financial assistance policy, measured at cost.

(b) If the taxpayer is a partnership or Subchapter S corporation, the credit is allowed to the partners or shareholders in accordance with the determination of income and distributive share of income under Sections 702 and 704 and Subchapter S of the Internal Revenue Code. A transfer of this credit may be made by the taxpayer earning the credit within one year after the credit is earned in accordance with rules adopted by the Department. The Department shall prescribe rules to enforce and administer provisions of this Section. If the amount of the credit exceeds the tax liability for the year, then the excess credit may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit year. The credit shall be applied to the earliest year for which there is a tax liability. If there are credits from more than one tax year that are available to offset a liability, the earlier credit shall be applied first. In no event shall a credit under this Section reduce the taxpayer's liability to less than zero.

Section 5-10. The Use Tax Act is amended by adding Section 3-8 as follows:

(35 ILCS 105/3-8 new)
Sec. 3-8. Hospital exemption.
(a) Tangible personal property sold to or used by a hospital owner that owns one or more hospitals licensed under the Hospital Licensing Act or operated under the University of Illinois Hospital Act, or a hospital affiliate that is not already exempt under another provision of this Act and meets the criteria for an exemption under this Section, is exempt from taxation under this Act.

(b) A hospital owner or hospital affiliate satisfies the conditions for an exemption under this Section if the value of qualified services or activities listed in subsection (c) of this Section for the hospital year equals or exceeds the relevant hospital entity's estimated property tax liability, without regard to any property tax exemption granted under Section 15-86 of the Property Tax Code, for the calendar year in which exemption or renewal of exemption is sought. For purposes of making the calculations required by this subsection (b), if the relevant hospital entity is a hospital owner that owns more than one hospital, the value of the services or activities listed in subsection (c) shall be calculated on the basis of only those services and activities relating to the hospital that

New matter indicated by italics - deletions by strikeout
includes the subject property, and the relevant hospital entity's estimated property tax liability shall be calculated only with respect to the properties comprising that hospital. In the case of a multi-state hospital system or hospital affiliate, the value of the services or activities listed in subsection (c) shall be calculated on the basis of only those services and activities that occur in Illinois and the relevant hospital entity's estimated property tax liability shall be calculated only with respect to its property located in Illinois.

(c) The following services and activities shall be considered for purposes of making the calculations required by subsection (b):

1. Charity care. Free or discounted services provided pursuant to the relevant hospital entity's financial assistance policy, measured at cost, including discounts provided under the Hospital Uninsured Patient Discount Act.

2. Health services to low-income and underserved individuals. Other unreimbursed costs of the relevant hospital entity for providing without charge, paying for, or subsidizing goods, activities, or services for the purpose of addressing the health of low-income or underserved individuals. Those activities or services may include, but are not limited to: financial or in-kind support to affiliated or unaffiliated hospitals, hospital affiliates, community clinics, or programs that treat low-income or underserved individuals; paying for or subsidizing health care professionals who care for low-income or underserved individuals; providing or subsidizing outreach or educational services to low-income or underserved individuals for disease management and prevention; free or subsidized goods, supplies, or services needed by low-income or underserved individuals because of their medical condition; and prenatal or childbirth outreach to low-income or underserved persons.

3. Subsidy of State or local governments. Direct or indirect financial or in-kind subsidies of State or local governments by the relevant hospital entity that pay for or subsidize activities or programs related to health care for low-income or underserved individuals.

4. Support for State health care programs for low-income individuals. At the election of the hospital applicant for each applicable year, either (A) 10% of payments to the relevant hospital entity and any hospital affiliate designated by the relevant

New matter indicated by italics - deletions by strikeout
hospital entity (provided that such hospital affiliate's operations provide financial or operational support for or receive financial or operational support from the relevant hospital entity) under Medicaid or other means-tested programs, including, but not limited to, General Assistance, the Covering ALL KIDS Health Insurance Act, and the State Children's Health Insurance Program or (B) the amount of subsidy provided by the relevant hospital entity and any hospital affiliate designated by the relevant hospital entity (provided that such hospital affiliate's operations provide financial or operational support for or receive financial or operational support from the relevant hospital entity) to State or local government in treating Medicaid recipients and recipients of means-tested programs, including but not limited to General Assistance, the Covering ALL KIDS Health Insurance Act, and the State Children's Health Insurance Program. The amount of subsidy for purpose of this item (4) is calculated in the same manner as unreimbursed costs are calculated for Medicaid and other means-tested government programs in the Schedule H of IRS Form 990 in effect on the effective date of this amendatory Act of the 97th General Assembly.

(5) Dual-eligible subsidy. The amount of subsidy provided to government by treating dual-eligible Medicare/Medicaid patients. The amount of subsidy for purposes of this item (5) is calculated by multiplying the relevant hospital entity's unreimbursed costs for Medicare, calculated in the same manner as determined in the Schedule H of IRS Form 990 in effect on the effective date of this amendatory Act of the 97th General Assembly, by the relevant hospital entity's ratio of dual-eligible patients to total Medicare patients.

(6) Relief of the burden of government related to health care. Except to the extent otherwise taken into account in this subsection, the portion of unreimbursed costs of the relevant hospital entity attributable to providing, paying for, or subsidizing goods, activities, or services that relieve the burden of government related to health care for low-income individuals. Such activities or services shall include, but are not limited to, providing emergency, trauma, burn, neonatal, psychiatric, rehabilitation, or other special services; providing medical education; and conducting medical research or training of health care

New matter indicated by italics - deletions by strikeout
professionals. The portion of those unreimbursed costs attributable to benefiting low-income individuals shall be determined using the ratio calculated by adding the relevant hospital entity's costs attributable to charity care, Medicaid, other means-tested government programs, disabled Medicare patients under age 65, and dual-eligible Medicare/Medicaid patients and dividing that total by the relevant hospital entity's total costs. Such costs for the numerator and denominator shall be determined by multiplying gross charges by the cost to charge ratio taken from the hospital's most recently filed Medicare cost report (CMS 2252-10 Worksheet, Part I). In the case of emergency services, the ratio shall be calculated using costs (gross charges multiplied by the cost to charge ratio taken from the hospital's most recently filed Medicare cost report (CMS 2252-10 Worksheet, Part I)) of patients treated in the relevant hospital entity's emergency department.

(7) Any other activity by the relevant hospital entity that the Department determines relieves the burden of government or addresses the health of low-income or underserved individuals.

(d) The hospital applicant shall include information in its exemption application establishing that it satisfies the requirements of subsection (b). For purposes of making the calculations required by subsection (b), the hospital applicant may for each year elect to use either (1) the value of the services or activities listed in subsection (e) for the hospital year or (2) the average value of those services or activities for the 3 fiscal years ending with the hospital year. If the relevant hospital entity has been in operation for less than 3 completed fiscal years, then the latter calculation, if elected, shall be performed on a pro rata basis.

(e) For purposes of making the calculations required by this Section:

(1) particular services or activities eligible for consideration under any of the paragraphs (1) through (7) of subsection (c) may not be counted under more than one of those paragraphs; and

(2) the amount of unreimbursed costs and the amount of subsidy shall not be reduced by restricted or unrestricted payments received by the relevant hospital entity as contributions deductible under Section 170(a) of the Internal Revenue Code.
(g) Estimation of Exempt Property Tax Liability. The estimated property tax liability used for the determination in subsection (b) shall be calculated as follows:

(1) "Estimated property tax liability" means the estimated dollar amount of property tax that would be owed, with respect to the exempt portion of each of the relevant hospital entity's properties that are already fully or partially exempt, or for which an exemption in whole or in part is currently being sought, and then aggregated as applicable, as if the exempt portion of those properties were subject to tax, calculated with respect to each such property by multiplying:

(A) the lesser of (i) the actual assessed value, if any, of the portion of the property for which an exemption is sought or (ii) an estimated assessed value of the exempt portion of such property as determined in item (2) of this subsection (g), by

(B) the applicable State equalization rate (yielding the equalized assessed value), by

(C) the applicable tax rate.

(2) The estimated assessed value of the exempt portion of the property equals the sum of (i) the estimated fair market value of buildings on the property, as determined in accordance with subparagraphs (A) and (B) of this item (2), multiplied by the applicable assessment factor, and (ii) the estimated assessed value of the land portion of the property, as determined in accordance with subparagraph (C).

(A) The "estimated fair market value of buildings on the property" means the replacement value of any exempt portion of buildings on the property, minus depreciation, determined utilizing the cost replacement method whereby the exempt square footage of all such buildings is multiplied by the replacement cost per square foot for Class A Average building found in the most recent edition of the Marshall & Swift Valuation Services Manual, adjusted by any appropriate current cost and local multipliers.

(B) Depreciation, for purposes of calculating the estimated fair market value of buildings on the property, is applied by utilizing a weighted mean life for the buildings.
based on original construction and assuming a 40-year life for hospital buildings and the applicable life for other types of buildings as specified in the American Hospital Association publication "Estimated Useful Lives of Depreciable Hospital Assets". In the case of hospital buildings, the remaining life is divided by 40 and this ratio is multiplied by the replacement cost of the buildings to obtain an estimated fair market value of buildings. If a hospital building is older than 35 years, a remaining life of 5 years for residual value is assumed; and if a building is less than 8 years old, a remaining life of 32 years is assumed.

(C) The estimated assessed value of the land portion of the property shall be determined by multiplying (i) the per square foot average of the assessed values of three parcels of land (not including farm land, and excluding the assessed value of the improvements thereon) reasonably comparable to the property, by (ii) the number of square feet comprising the exempt portion of the property's land square footage.

(3) The assessment factor, State equalization rate, and tax rate (including any special factors such as Enterprise Zones) used in calculating the estimated property tax liability shall be for the most recent year that is publicly available from the applicable chief county assessment officer or officers at least 90 days before the end of the hospital year.

(4) The method utilized to calculate estimated property tax liability for purposes of this Section 15-86 shall not be utilized for the actual valuation, assessment, or taxation of property pursuant to the Property Tax Code.

(h) For the purpose of this Section, the following terms shall have the meanings set forth below:

(1) "Hospital" means any institution, place, building, buildings on a campus, or other health care facility located in Illinois that is licensed under the Hospital Licensing Act and has a hospital owner.

(2) "Hospital owner" means a not-for-profit corporation that is the titleholder of a hospital, or the owner of the beneficial interest in an Illinois land trust that is the titleholder of a hospital.
(3) "Hospital affiliate" means any corporation, partnership, limited partnership, joint venture, limited liability company, association or other organization, other than a hospital owner, that directly or indirectly controls, is controlled by, or is under common control with one or more hospital owners and that supports, is supported by, or acts in furtherance of the exempt health care purposes of at least one of those hospital owners' hospitals.

(4) "Hospital system" means a hospital and one or more other hospitals or hospital affiliates related by common control or ownership.

(5) "Control" relating to hospital owners, hospital affiliates, or hospital systems means possession, direct or indirect, of the power to direct or cause the direction of the management and policies of the entity, whether through ownership of assets, membership interest, other voting or governance rights, by contract or otherwise.

(6) "Hospital applicant" means a hospital owner or hospital affiliate that files an application for an exemption or renewal of exemption under this Section.

(7) "Relevant hospital entity" means (A) the hospital owner, in the case of a hospital applicant that is a hospital owner, and (B) at the election of a hospital applicant that is a hospital affiliate, either (i) the hospital affiliate or (ii) the hospital system to which the hospital applicant belongs, including any hospitals or hospital affiliates that are related by common control or ownership.

(8) "Subject property" means property used for the calculation under subsection (b) of this Section.

(9) "Hospital year" means the fiscal year of the relevant hospital entity, or the fiscal year of one of the hospital owners in the hospital system if the relevant hospital entity is a hospital system with members with different fiscal years, that ends in the year for which the exemption is sought.

Section 5-15. The Service Use Tax Act is amended by adding Section 3-8 as follows:

or operated under the University of Illinois Hospital Act, or a hospital affiliate that is not already exempt under another provision of this Act and meets the criteria for an exemption under this Section, is exempt from taxation under this Act.

(b) A hospital owner or hospital affiliate satisfies the conditions for an exemption under this Section if the value of qualified services or activities listed in subsection (c) of this Section for the hospital year equals or exceeds the relevant hospital entity's estimated property tax liability, without regard to any property tax exemption granted under Section 15-86 of the Property Tax Code, for the calendar year in which exemption or renewal of exemption is sought. For purposes of making the calculations required by this subsection (b), if the relevant hospital entity is a hospital owner that owns more than one hospital, the value of the services or activities listed in subsection (c) shall be calculated on the basis of only those services and activities relating to the hospital that includes the subject property, and the relevant hospital entity's estimated property tax liability shall be calculated only with respect to the properties comprising that hospital. In the case of a multi-state hospital system or hospital affiliate, the value of the services or activities listed in subsection (c) shall be calculated on the basis of only those services and activities that occur in Illinois and the relevant hospital entity's estimated property tax liability shall be calculated only with respect to its property located in Illinois.

(c) The following services and activities shall be considered for purposes of making the calculations required by subsection (b):

(1) Charity care. Free or discounted services provided pursuant to the relevant hospital entity's financial assistance policy, measured at cost, including discounts provided under the Hospital Uninsured Patient Discount Act.

(2) Health services to low-income and underserved individuals. Other unreimbursed costs of the relevant hospital entity for providing without charge, paying for, or subsidizing goods, activities, or services for the purpose of addressing the health of low-income or underserved individuals. Those activities or services may include, but are not limited to: financial or in-kind support to affiliated or unaffiliated hospitals, hospital affiliates, community clinics, or programs that treat low-income or underserved individuals; paying for or subsidizing health care professionals who care for low-income or underserved individuals;
providing or subsidizing outreach or educational services to low-income or underserved individuals for disease management and prevention; free or subsidized goods, supplies, or services needed by low-income or underserved individuals because of their medical condition; and prenatal or childbirth outreach to low-income or underserved persons.

(3) Subsidy of State or local governments. Direct or indirect financial or in-kind subsidies of State or local governments by the relevant hospital entity that pay for or subsidize activities or programs related to health care for low-income or underserved individuals.

(4) Support for State health care programs for low-income individuals. At the election of the hospital applicant for each applicable year, either (A) 10% of payments to the relevant hospital entity and any hospital affiliate designated by the relevant hospital entity (provided that such hospital affiliate's operations provide financial or operational support for or receive financial or operational support from the relevant hospital entity) under Medicaid or other means-tested programs, including, but not limited to, General Assistance, the Covering ALL KIDS Health Insurance Act, and the State Children's Health Insurance Program or (B) the amount of subsidy provided by the relevant hospital entity and any hospital affiliate designated by the relevant hospital entity (provided that such hospital affiliate's operations provide financial or operational support for or receive financial or operational support from the relevant hospital entity) to State or local government in treating Medicaid recipients and recipients of means-tested programs, including but not limited to General Assistance, the Covering ALL KIDS Health Insurance Act, and the State Children's Health Insurance Program. The amount of subsidy for purposes of this item (4) is calculated in the same manner as unreimbursed costs are calculated for Medicaid and other means-tested government programs in the Schedule H of IRS Form 990 in effect on the effective date of this amendatory Act of the 97th General Assembly.

(5) Dual-eligible subsidy. The amount of subsidy provided to government by treating dual-eligible Medicare/Medicaid patients. The amount of subsidy for purposes of this item (5) is calculated by multiplying the relevant hospital entity's

unreimbursed costs for Medicare, calculated in the same manner as determined in the Schedule H of IRS Form 990 in effect on the effective date of this amendatory Act of the 97th General Assembly, by the relevant hospital entity's ratio of dual-eligible patients to total Medicare patients.

(6) Relief of the burden of government related to health care. Except to the extent otherwise taken into account in this subsection, the portion of unreimbursed costs of the relevant hospital entity attributable to providing, paying for, or subsidizing goods, activities, or services that relieve the burden of government related to health care for low-income individuals. Such activities or services shall include, but are not limited to, providing emergency, trauma, burn, neonatal, psychiatric, rehabilitation, or other special services; providing medical education; and conducting medical research or training of health care professionals. The portion of those unreimbursed costs attributable to benefiting low-income individuals shall be determined using the ratio calculated by adding the relevant hospital entity's costs attributable to charity care, Medicaid, other means-tested government programs, disabled Medicare patients under age 65, and dual-eligible Medicare/Medicaid patients and dividing that total by the relevant hospital entity's total costs. Such costs for the numerator and denominator shall be determined by multiplying gross charges by the cost to charge ratio taken from the hospital's most recently filed Medicare cost report (CMS 2252-10 Worksheet, Part I). In the case of emergency services, the ratio shall be calculated using costs (gross charges multiplied by the cost to charge ratio taken from the hospital's most recently filed Medicare cost report (CMS 2252-10 Worksheet, Part I)) of patients treated in the relevant hospital entity's emergency department.

(7) Any other activity by the relevant hospital entity that the Department determines relieves the burden of government or addresses the health of low-income or underserved individuals.

(d) The hospital applicant shall include information in its exemption application establishing that it satisfies the requirements of subsection (b). For purposes of making the calculations required by subsection (b), the hospital applicant may for each year elect to use either (1) the value of the services or activities listed in subsection (e) for the hospital year or (2) the average value of those services or activities for the
3 fiscal years ending with the hospital year. If the relevant hospital entity has been in operation for less than 3 completed fiscal years, then the latter calculation, if elected, shall be performed on a pro rata basis.

(e) For purposes of making the calculations required by this Section:

(1) particular services or activities eligible for consideration under any of the paragraphs (1) through (7) of subsection (c) may not be counted under more than one of those paragraphs; and

(2) the amount of unreimbursed costs and the amount of subsidy shall not be reduced by restricted or unrestricted payments received by the relevant hospital entity as contributions deductible under Section 170(a) of the Internal Revenue Code.

(g) Estimation of Exempt Property Tax Liability. The estimated property tax liability used for the determination in subsection (b) shall be calculated as follows:

(1) "Estimated property tax liability" means the estimated dollar amount of property tax that would be owed, with respect to the exempt portion of each of the relevant hospital entity’s properties that are already fully or partially exempt, or for which an exemption in whole or in part is currently being sought, and then aggregated as applicable, as if the exempt portion of those properties were subject to tax, calculated with respect to each such property by multiplying:

   (A) the lesser of (i) the actual assessed value, if any, of the portion of the property for which an exemption is sought or (ii) an estimated assessed value of the exempt portion of such property as determined in item (2) of this subsection (g), by

   (B) the applicable State equalization rate (yielding the equalized assessed value), by

   (C) the applicable tax rate.

(2) The estimated assessed value of the exempt portion of the property equals the sum of (i) the estimated fair market value of buildings on the property, as determined in accordance with subparagraphs (A) and (B) of this item (2), multiplied by the applicable assessment factor, and (ii) the estimated assessed value of the land portion of the property, as determined in accordance with subparagraph (C).

(A) The "estimated fair market value of buildings on the property" means the replacement value of any exempt portion of buildings on the property, minus depreciation, determined utilizing the cost replacement method whereby the exempt square footage of all such buildings is multiplied by the replacement cost per square foot for Class A Average building found in the most recent edition of the Marshall & Swift Valuation Services Manual, adjusted by any appropriate current cost and local multipliers.

(B) Depreciation, for purposes of calculating the estimated fair market value of buildings on the property, is applied by utilizing a weighted mean life for the buildings based on original construction and assuming a 40-year life for hospital buildings and the applicable life for other types of buildings as specified in the American Hospital Association publication "Estimated Useful Lives of Depreciable Hospital Assets". In the case of hospital buildings, the remaining life is divided by 40 and this ratio is multiplied by the replacement cost of the buildings to obtain an estimated fair market value of buildings. If a hospital building is older than 35 years, a remaining life of 5 years for residual value is assumed; and if a building is less than 8 years old, a remaining life of 32 years is assumed.

(C) The estimated assessed value of the land portion of the property shall be determined by multiplying (i) the per square foot average of the assessed values of three parcels of land (not including farm land, and excluding the assessed value of the improvements thereon) reasonably comparable to the property, by (ii) the number of square feet comprising the exempt portion of the property's land square footage.

(3) The assessment factor, State equalization rate, and tax rate (including any special factors such as Enterprise Zones) used in calculating the estimated property tax liability shall be for the most recent year that is publicly available from the applicable chief county assessment officer or officers at least 90 days before the end of the hospital year.

(4) The method utilized to calculate estimated property tax liability for purposes of this Section 15-86 shall not be utilized for the actual valuation, assessment, or taxation of property pursuant to the Property Tax Code.

(a) Tangible personal property sold to or used by a hospital owner that owns one or more hospitals licensed under the Hospital Licensing Act or operated under the University of Illinois Hospital Act, or a hospital affiliate that is not already exempt under another provision of this Act and meets the criteria for an exemption under this Section, is exempt from taxation under this Act.

(b) A hospital owner or hospital affiliate satisfies the conditions for an exemption under this Section if the value of qualified services or activities listed in subsection (c) of this Section for the hospital year equals or exceeds the relevant hospital entity's estimated property tax liability, without regard to any property tax exemption granted under Section 15-86 of the Property Tax Code, for the calendar year in which exemption or renewal of exemption is sought. For purposes of making the calculations required by this subsection (b), if the relevant hospital entity is a hospital owner that owns more than one hospital, the value of the services or activities listed in subsection (c) shall be calculated on the basis of only those services and activities relating to the hospital that includes the subject property, and the relevant hospital entity's estimated property tax liability shall be calculated only with respect to the properties comprising that hospital. In the case of a multi-state hospital system or hospital affiliate, the value of the services or activities listed in subsection (c) shall be calculated on the basis of only those services and activities that occur in Illinois and the relevant hospital entity's estimated property tax liability shall be calculated only with respect to its property located in Illinois.

On and after December 1, 1985, in addition to any other tax imposed by this Act, a tax is imposed upon any person engaged in business as a retailer of cigarettes in this State at a rate of 4 mills per cigarette sold or otherwise disposed of in the course of such business in this State. Of the additional tax imposed by this amendatory Act of 1985, $9,000,000 of the moneys received by the Department of Revenue pursuant to this Act shall be paid each month into the Commonwealth School Fund. On and after the effective date of this amendatory Act of 1989, in addition to any other tax imposed by this Act, a tax is imposed upon any person engaged in business as a retailer of cigarettes at the rate of 5 mills per cigarette sold or otherwise disposed of in the course of such business in this State. otherwise disposed of in the course of such business in this State. All moneys received by the Department of Revenue under this Act and the Cigarette Use Tax Act from the additional taxes imposed by this amendatory Act of the 97th General Assembly shall be paid each month into the Healthcare Provider Relief Fund. The payment of such taxes shall be evidenced by a stamp affixed to each original package of cigarettes, or an authorized substitute for such stamp imprinted on each original package of such cigarettes underneath the sealed transparent outside wrapper of such original package, as hereinafter provided. However, such taxes are not imposed upon any activity in such business in interstate commerce or otherwise, which activity may not under the Constitution and statutes of the United States be made the subject of taxation by this State.

Beginning on the effective date of this amendatory Act of the 92nd General Assembly and through June 30, 2006, all of the moneys received by the Department of Revenue pursuant to this Act and the Cigarette Use Tax Act, other than the moneys that are dedicated to the Common School Fund, shall be distributed each month as follows: first, there shall be paid into the General Revenue Fund an amount which, when added to the amount paid into the Common School Fund for that month, equals $33,300,000, except that in the month of August of 2004, this amount shall equal $83,300,000; then, from the moneys remaining, if any amounts required to be paid into the General Revenue Fund in previous months remain unpaid, those amounts shall be paid into the General Revenue Fund; then, beginning on April 1, 2003, from the moneys remaining, $5,000,000 per month shall be paid into the School Infrastructure Fund; then, if any amounts required to be paid into the School Infrastructure Fund in previous months remain unpaid, those amounts shall be paid into the School Infrastructure Fund; then the moneys remaining, if any, shall be paid into the Long-Term Care Provider Fund. payments to the General Revenue Fund and Common School Fund by that same excess amount.

Beginning on July 1, 2006, all of the moneys received by the Department of Revenue pursuant to this Act and the Cigarette Use Tax Act, other than the moneys that are dedicated to the Common School Fund and, beginning on the effective date of this amendatory Act of the 97th General Assembly, other than the moneys from the additional taxes imposed by this amendatory Act of the 97th General Assembly that must be paid each month into the Healthcare Provider Relief Fund, shall be distributed each month as follows: first, there shall be paid into the General Revenue Fund an amount that, when added to the amount paid into the Common School Fund for that month, equals $29,200,000; then, from the moneys remaining, if any amounts required to be paid into the General Revenue Fund in previous months remain unpaid, those amounts shall be paid into the General Revenue Fund; then from the moneys remaining, $5,000,000 per month shall be paid into the School Infrastructure Fund; then, if any amounts required to be paid into the School Infrastructure Fund in previous months remain unpaid, those amounts shall be paid into the School Infrastructure Fund; then the moneys remaining, if any, shall be paid into the Long-Term Care Provider Fund.

When any tax imposed herein terminates or has terminated, distributors who have bought stamps while such tax was in effect and who therefore paid such tax, but who can show, to the Department's satisfaction, that they sold the cigarettes to which they affixed such stamps after such tax had terminated and did not recover the tax or its equivalent from purchasers, shall be allowed by the Department to take credit for such absorbed tax against subsequent tax stamp purchases from the Department by such distributor.

The impact of the tax levied by this Act is imposed upon the retailer and shall be prepaid or pre-collected by the distributor for the purpose of convenience and facility only, and the amount of the tax shall be added to the price of the cigarettes sold by such distributor. Collection of the tax shall be evidenced by a stamp or stamps affixed to each original package of cigarettes, as hereinafter provided.

Each distributor shall collect the tax from the retailer at or before the time of the sale, shall affix the stamps as hereinafter required, and shall remit the tax collected from retailers to the Department, as hereinafter provided. Any distributor who fails to properly collect and pay the tax imposed by this Act shall be liable for the tax. Any distributor having

Any distributor having cigarettes to which stamps have been affixed in his or her possession for sale at 12:01 a.m. on the effective date of this amendatory Act of 1993, is required to pay the additional tax imposed by this amendatory Act of 1993 on such stamped cigarettes. This payment, less the discount provided in subsection (b), shall be due when the distributor first makes a purchase of cigarette tax stamps after the effective date of this amendatory Act of 1993, or on the first due date of a return under this Act after the effective date of this amendatory Act of 1993, whichever occurs first. Any distributor having cigarettes to which stamps have been affixed in his possession for sale on December 15, 1997 shall not be required to pay the additional tax imposed by this amendatory Act of 1997 on such stamped cigarettes.

Any distributor having cigarettes to which stamps have been affixed in his or her possession for sale on July 1, 2002 shall not be required to pay the additional tax imposed by this amendatory Act of the 92nd General Assembly on those stamped cigarettes.

Any retailer having cigarettes in his or her possession on June 24, 2012 to which tax stamps have been affixed is not required to pay the additional tax that begins on June 24, 2012 imposed by this amendatory Act of the 97th General Assembly on those stamped cigarettes. Any distributor having cigarettes in his or her possession on June 24, 2012 to which tax stamps have been affixed, and any distributor having stamps in his or her possession on June 24, 2012 that have not been affixed to packages of cigarettes before June 24, 2012, is required to pay the additional tax that begins on June 24, 2012 imposed by this amendatory Act of the 97th General Assembly to the extent the calendar year 2012 average monthly volume of cigarette stamps in the distributor's possession exceeds the average monthly volume of cigarette stamps purchased by the distributor in calendar year 2011. This payment, less the discount provided in subsection (b), is due when the distributor first makes a purchase of cigarette stamps on or after June 24, 2012 or on the first due date of a return under this Act occurring on or after June 24, 2012, whichever occurs first. Those distributors may elect to pay the additional tax on packages of cigarettes to which stamps have been affixed and on any stamps in the distributor's possession that have not been affixed to packages of cigarettes over a period not to exceed 12 months from the due
date of the additional tax by notifying the Department in writing. The first payment for distributors making such election is due when the distributor first makes a purchase of cigarette tax stamps on or after June 24, 2012 or on the first due date of a return under this Act occurring on or after June 24, 2012, whichever occurs first. Distributors making such an election are not entitled to take the discount provided in subsection (b) on such payments.

Distributors making sales of cigarettes to secondary distributors shall add the amount of the tax to the price of the cigarettes sold by the distributors. Secondary distributors making sales of cigarettes to retailers shall include the amount of the tax in the price of the cigarettes sold to retailers. The amount of tax shall not be less than the amount of taxes imposed by the State and all local jurisdictions. The amount of local taxes shall be calculated based on the location of the retailer's place of business shown on the retailer's certificate of registration or sub-registration issued to the retailer pursuant to Section 2a of the Retailers' Occupation Tax Act. The original packages of cigarettes sold to the retailer shall bear all the required stamps, or other indicia, for the taxes included in the price of cigarettes.

The amount of the Cigarette Tax imposed by this Act shall be separately stated, apart from the price of the goods, by distributors, manufacturer representatives, secondary distributors, and retailers, in all bills and sales invoices.

(b) The distributor shall be required to collect the taxes provided under paragraph (a) hereof, and, to cover the costs of such collection, shall be allowed a discount during any year commencing July 1st and ending the following June 30th in accordance with the schedule set out hereinbelow, which discount shall be allowed at the time of purchase of the stamps when purchase is required by this Act, or at the time when the tax is remitted to the Department without the purchase of stamps from the Department when that method of paying the tax is required or authorized by this Act. Section 5-55. The Property Tax Code is amended by changing Section 15-10 and by adding Section 15-86 as follows:

(35 ILCS 200/15-10)

Sec. 15-10. Exempt property; procedures for certification.

(a) All property granted an exemption by the Department pursuant to the requirements of Section 15-5 and described in the Sections following Section 15-30 and preceding Section 16-5, to the extent therein limited, is exempt from taxation. In order to maintain that exempt status, the titleholder or the owner of the beneficial interest of any property that is exempt must file with the chief county assessment officer, on or before January 31 of each year (May 31 in the case of property exempted by Section 15-170), an affidavit stating whether there has been any change in the ownership or use of the property, or the status of the owner-resident, or the satisfaction by a relevant hospital entity of the condition for an exemption under Section 15-86, or that a disabled veteran who qualifies under Section 15-165 owned and used the property as of January 1 of that year. The nature of any change shall be stated in the affidavit. Failure to file an affidavit shall, in the discretion of the assessment officer, constitute cause to terminate the exemption of that property, notwithstanding any other provision of this Code. Owners of 5 or more such exempt parcels within a county may file a single annual affidavit in lieu of an affidavit for

New matter indicated by italics - deletions by strikeout
each parcel. The assessment officer, upon request, shall furnish an affidavit form to the owners, in which the owner may state whether there has been any change in the ownership or use of the property or status of the owner or resident as of January 1 of that year. The owner of 5 or more exempt parcels shall list all the properties giving the same information for each parcel as required of owners who file individual affidavits.

(b) However, titleholders or owners of the beneficial interest in any property exempted under any of the following provisions are not required to submit an annual filing under this Section:

(1) Section 15-45 (burial grounds) in counties of less than 3,000,000 inhabitants and owned by a not-for-profit organization.
(2) Section 15-40.
(3) Section 15-50 (United States property).

(c) If there is a change in use or ownership, however, notice must be filed pursuant to Section 15-20.

(d) An application for homestead exemptions shall be filed as provided in Section 15-170 (senior citizens homestead exemption), Section 15-172 (senior citizens assessment freeze homestead exemption), and Sections 15-175 (general homestead exemption), 15-176 (general alternative homestead exemption), and 15-177 (long-time occupant homestead exemption), respectively.

(e) For purposes of determining satisfaction of the condition for an exemption under Section 15-86:

(1) The "year for which exemption is sought" is the year prior to the year in which the affidavit is due.

(2) The "hospital year" is the fiscal year of the relevant hospital entity, or the fiscal year of one of the hospitals in the hospital system if the relevant hospital entity is a hospital system with members with different fiscal years, that ends in the year prior to the year in which the affidavit is due. However, if that fiscal year ends 3 months or less before the date on which the affidavit is due, the relevant hospital entity shall file an interim affidavit based on the currently available information, and shall file a supplemental affidavit within 90 days of date on which the application was due, if the information in the relevant hospital entity's audited financial statements changes the interim affidavit's statement concerning the entity's compliance with the calculation required by Section 15-86.
(3) The affidavit shall be accompanied by an exhibit prepared by the relevant hospital entity showing (A) the value of the relevant hospital entity's services and activities, if any, under items (1) through (7) of subsection (e) of Section 15-86, stated separately for each item, and (B) the value relating to the relevant hospital entity's estimated property tax liability under paragraphs (A), (B), and (C) of item (1) of subsection (g) of Section 15-86; under paragraphs (A), (B), and (C) of item (2) of subsection (g) of Section 15-86; and under item (3) of subsection (g) of Section 15-86.

(35 ILCS 200/15-86 new)
Sec. 15-86. Exemptions related to access to hospital and health care services by low-income and underserved individuals.

(a) The General Assembly finds:

(1) Despite the Supreme Court's decision in Provena Covenant Medical Center v. Dept. of Revenue, 236 Ill.2d 368, there is considerable uncertainty surrounding the test for charitable property tax exemption, especially regarding the application of a quantitative or monetary threshold. In Provena, the Department stated that the primary basis for its decision was the hospital's inadequate amount of charitable activity, but the Department has not articulated what constitutes an adequate amount of charitable activity. After Provena, the Department denied property tax exemption applications of 3 more hospitals, and, on the effective date of this amendatory Act of the 97th General Assembly, at least 20 other hospitals are awaiting rulings on applications for property tax exemption.

(2) In Provena, two Illinois Supreme Court justices opined that "setting a monetary or quantum standard is a complex decision which should be left to our legislature, should it so choose". The Appellate Court in Provena stated: "The language we use in the State of Illinois to determine whether real property is used for a charitable purpose has its genesis in our 1870 Constitution. It is obvious that such language may be difficult to apply to the modern face of our nation's health care delivery systems". The court noted the many significant changes in the health care system since that time, but concluded that taking these
changes into account is a matter of public policy, and "it is the legislature's job, not ours, to make public policy".

(3) It is essential to ensure that tax exemption law relating to hospitals accounts for the complexities of the modern health care delivery system. Health care is moving beyond the walls of the hospital. In addition to treating individual patients, hospitals are assuming responsibility for improving the health status of communities and populations. Low-income and underserved communities benefit disproportionately by these activities.

(4) The Supreme Court has explained that: "the fundamental ground upon which all exemptions in favor of charitable institutions are based is the benefit conferred upon the public by them, and a consequent relief, to some extent, of the burden upon the state to care for and advance the interests of its citizens". Hospitals relieve the burden of government in many ways, but most significantly through their participation in and substantial financial subsidization of the Illinois Medicaid program, which could not operate without the participation and partnership of Illinois hospitals.

(5) Working with the Illinois hospital community and other interested parties, the General Assembly has developed a comprehensive combination of related legislation that addresses hospital property tax exemption, significantly increases access to free health care for indigent persons, and strengthens the Medical Assistance program. It is the intent of the General Assembly to establish a new category of ownership for charitable property tax exemption to be applied to not-for-profit hospitals and hospital affiliates in lieu of the existing ownership category of "institutions of public charity". It is also the intent of the General Assembly to establish quantifiable standards for the issuance of charitable exemptions for such property. It is not the intent of the General Assembly to declare any property exempt ipso facto, but rather to establish criteria to be applied to the facts on a case-by-case basis.

(b) For the purpose of this Section and Section 15-10, the following terms shall have the meanings set forth below:

(1) "Hospital" means any institution, place, building, buildings on a campus, or other health care facility located in Illinois that is licensed under the Hospital Licensing Act and has a hospital owner.

New matter indicated by italics - deletions by strikeout
(2) "Hospital owner" means a not-for-profit corporation that is the titleholder of a hospital, or the owner of the beneficial interest in an Illinois land trust that is the titleholder of a hospital.

(3) "Hospital affiliate" means any corporation, partnership, limited partnership, joint venture, limited liability company, association or other organization, other than a hospital owner, that directly or indirectly controls, is controlled by, or is under common control with one or more hospital owners and that supports, is supported by, or acts in furtherance of the exempt health care purposes of at least one of those hospital owners' hospitals.

(4) "Hospital system" means a hospital and one or more other hospitals or hospital affiliates related by common control or ownership.

(5) "Control" relating to hospital owners, hospital affiliates, or hospital systems means possession, direct or indirect, of the power to direct or cause the direction of the management and policies of the entity, whether through ownership of assets, membership interest, other voting or governance rights, by contract or otherwise.

(6) "Hospital applicant" means a hospital owner or hospital affiliate that files an application for a property tax exemption pursuant to Section 15-5 and this Section.

(7) "Relevant hospital entity" means (A) the hospital owner, in the case of a hospital applicant that is a hospital owner, and (B) at the election of a hospital applicant that is a hospital affiliate, either (i) the hospital affiliate or (ii) the hospital system to which the hospital applicant belongs, including any hospitals or hospital affiliates that are related by common control or ownership.

(8) "Subject property" means property for which a hospital applicant files an application for an exemption pursuant to Section 15-5 and this Section.

(9) "Hospital year" means the fiscal year of the relevant hospital entity, or the fiscal year of one of the hospital owners in the hospital system if the relevant hospital entity is a hospital system with members with different fiscal years, that ends in the year for which the exemption is sought.

(c) A hospital applicant satisfies the conditions for an exemption under this Section with respect to the subject property, and shall be issued
a charitable exemption for that property, if the value of services or activities listed in subsection (e) for the hospital year equals or exceeds the relevant hospital entity's estimated property tax liability, as determined under subsection (g), for the year for which exemption is sought. For purposes of making the calculations required by this subsection (c), if the relevant hospital entity is a hospital owner that owns more than one hospital, the value of the services or activities listed in subsection (e) shall be calculated on the basis of only those services and activities relating to the hospital that includes the subject property, and the relevant hospital entity's estimated property tax liability shall be calculated only with respect to the properties comprising that hospital. In the case of a multi-state hospital system or hospital affiliate, the value of the services or activities listed in subsection (e) shall be calculated on the basis of only those services and activities that occur in Illinois and the relevant hospital entity's estimated property tax liability shall be calculated only with respect to its property located in Illinois.

Notwithstanding any other provisions of this Act, any parcel or portion thereof, that is owned by a for-profit entity whether part of the hospital system or not, or that is leased, licensed or operated by a for-profit entity regardless of whether healthcare services are provided on that parcel shall not qualify for exemption. If a parcel has both exempt and non-exempt uses, an exemption may be granted for the qualifying portion of that parcel. In the case of parking lots and common areas serving both exempt and non-exempt uses those parcels or portions thereof may qualify for an exemption in proportion to the amount of qualifying use.

(d) The hospital applicant shall include information in its exemption application establishing that it satisfies the requirements of subsection (c). For purposes of making the calculations required by subsection (c), the hospital applicant may for each year elect to use either (1) the value of the services or activities listed in subsection (e) for the hospital year or (2) the average value of those services or activities for the 3 fiscal years ending with the hospital year. If the relevant hospital entity has been in operation for less than 3 completed fiscal years, then the latter calculation, if elected, shall be performed on a pro rata basis.

(e) Services that address the health care needs of low-income or underserved individuals or relieve the burden of government with regard to health care services. The following services and activities shall be
considered for purposes of making the calculations required by subsection (c):

(1) Charity care. Free or discounted services provided pursuant to the relevant hospital entity's financial assistance policy, measured at cost, including discounts provided under the Hospital Uninsured Patient Discount Act.

(2) Health services to low-income and underserved individuals. Other unreimbursed costs of the relevant hospital entity for providing without charge, paying for, or subsidizing goods, activities, or services for the purpose of addressing the health of low-income or underserved individuals. Those activities or services may include, but are not limited to: financial or in-kind support to affiliated or unaffiliated hospitals, hospital affiliates, community clinics, or programs that treat low-income or underserved individuals; paying for or subsidizing health care professionals who care for low-income or underserved individuals; providing or subsidizing outreach or educational services to low-income or underserved individuals for disease management and prevention; free or subsidized goods, supplies, or services needed by low-income or underserved individuals because of their medical condition; and prenatal or childbirth outreach to low-income or underserved persons.

(3) Subsidy of State or local governments. Direct or indirect financial or in-kind subsidies of State or local governments by the relevant hospital entity that pay for or subsidize activities or programs related to health care for low-income or underserved individuals.

(4) Support for State health care programs for low-income individuals. At the election of the hospital applicant for each applicable year, either (A) 10% of payments to the relevant hospital entity and any hospital affiliate designated by the relevant hospital entity (provided that such hospital affiliate's operations provide financial or operational support for or receive financial or operational support from the relevant hospital entity) under Medicaid or other means-tested programs, including, but not limited to, General Assistance, the Covering ALL KIDS Health Insurance Act, and the State Children’s Health Insurance Program or (B) the amount of subsidy provided by the relevant hospital entity and any hospital affiliate designated by the relevant hospital

entity (provided that such hospital affiliate's operations provide financial or operational support for or receive financial or operational support from the relevant hospital entity) to State or local government in treating Medicaid recipients and recipients of means-tested programs, including but not limited to General Assistance, the Covering ALL KIDS Health Insurance Act, and the State Children's Health Insurance Program. The amount of subsidy for purposes of this item (4) is calculated in the same manner as unreimbursed costs are calculated for Medicaid and other means-tested government programs in the Schedule H of IRS Form 990 in effect on the effective date of this amendatory Act of the 97th General Assembly; provided, however, that in any event unreimbursed costs shall be net of fee-for-services payments, payments pursuant to an assessment, quarterly payments, and all other payments included on the schedule H of the IRS form 990.

(5) Dual-eligible subsidy. The amount of subsidy provided to government by treating dual-eligible Medicare/Medicaid patients. The amount of subsidy for purposes of this item (5) is calculated by multiplying the relevant hospital entity's unreimbursed costs for Medicare, calculated in the same manner as determined in the Schedule H of IRS Form 990 in effect on the effective date of this amendatory Act of the 97th General Assembly, by the relevant hospital entity's ratio of dual-eligible patients to total Medicare patients.

(6) Relief of the burden of government related to health care of low-income individuals. Except to the extent otherwise taken into account in this subsection, the portion of unreimbursed costs of the relevant hospital entity attributable to providing, paying for, or subsidizing goods, activities, or services that relieve the burden of government related to health care for low-income individuals. Such activities or services shall include, but are not limited to, providing emergency, trauma, burn, neonatal, psychiatric, rehabilitation, or other special services; providing medical education; and conducting medical research or training of health care professionals. The portion of those unreimbursed costs attributable to benefiting low-income individuals shall be determined using the ratio calculated by adding the relevant hospital entity's costs attributable to charity care, Medicaid, other means-tested government programs, disabled Medicare patients

New matter indicated by italics - deletions by strikeout
under age 65, and dual-eligible Medicare/Medicaid patients and dividing that total by the relevant hospital entity's total costs. Such costs for the numerator and denominator shall be determined by multiplying gross charges by the cost to charge ratio taken from the hospitals' most recently filed Medicare cost report (CMS 2252-10 Worksheet C, Part I). In the case of emergency services, the ratio shall be calculated using costs (gross charges multiplied by the cost to charge ratio taken from the hospitals' most recently filed Medicare cost report (CMS 2252-10 Worksheet C, Part I)) of patients treated in the relevant hospital entity's emergency department.

(7) Any other activity by the relevant hospital entity that the Department determines relieves the burden of government or addresses the health of low-income or underserved individuals.

(f) For purposes of making the calculations required by subsections (c) and (e):

(1) particular services or activities eligible for consideration under any of the paragraphs (1) through (7) of subsection (e) may not be counted under more than one of those paragraphs; and

(2) the amount of unreimbursed costs and the amount of subsidy shall not be reduced by restricted or unrestricted payments received by the relevant hospital entity as contributions deductible under Section 170(a) of the Internal Revenue Code.

(g) Estimation of Exempt Property Tax Liability. The estimated property tax liability used for the determination in subsection (c) shall be calculated as follows:

(1) "Estimated property tax liability" means the estimated dollar amount of property tax that would be owed, with respect to the exempt portion of each of the relevant hospital entity's properties that are already fully or partially exempt, or for which an exemption in whole or in part is currently being sought, and then aggregated as applicable, as if the exempt portion of those properties were subject to tax, calculated with respect to each such property by multiplying:

(A) the lesser of (i) the actual assessed value, if any, of the portion of the property for which an exemption is sought or (ii) an estimated assessed value of the exempt

New matter indicated by italics - deletions by strikeout
portion of such property as determined in item (2) of this subsection (g), by:

(B) the applicable State equalization rate (yielding the equalized assessed value), by

(C) the applicable tax rate.

(2) The estimated assessed value of the exempt portion of the property equals the sum of (i) the estimated fair market value of buildings on the property, as determined in accordance with subparagraphs (A) and (B) of this item (2), multiplied by the applicable assessment factor, and (ii) the estimated assessed value of the land portion of the property, as determined in accordance with subparagraph (C).

(A) The "estimated fair market value of buildings on the property" means the replacement value of any exempt portion of buildings on the property, minus depreciation, determined utilizing the cost replacement method whereby the exempt square footage of all such buildings is multiplied by the replacement cost per square foot for Class A Average building found in the most recent edition of the Marshall & Swift Valuation Services Manual, adjusted by any appropriate current cost and local multipliers.

(B) Depreciation, for purposes of calculating the estimated fair market value of buildings on the property, is applied by utilizing a weighted mean life for the buildings based on original construction and assuming a 40-year life for hospital buildings and the applicable life for other types of buildings as specified in the American Hospital Association publication "Estimated Useful Lives of Depreciable Hospital Assets". In the case of hospital buildings, the remaining life is divided by 40 and this ratio is multiplied by the replacement cost of the buildings to obtain an estimated fair market value of buildings. If a hospital building is older than 35 years, a remaining life of 5 years for residual value is assumed; and if a building is less than 8 years old, a remaining life of 32 years is assumed.

(C) The estimated assessed value of the land portion of the property shall be determined by multiplying (i) the
per square foot average of the assessed values of three parcels of land (not including farm land, and excluding the assessed value of the improvements thereon) reasonably comparable to the property, by (ii) the number of square feet comprising the exempt portion of the property's land square footage.

(3) The assessment factor, State equalization rate, and tax rate (including any special factors such as Enterprise Zones) used in calculating the estimated property tax liability shall be for the most recent year that is publicly available from the applicable chief county assessment officer or officers at least 90 days before the end of the hospital year.

(4) The method utilized to calculate estimated property tax liability for purposes of this Section 15-86 shall not be utilized for the actual valuation, assessment, or taxation of property pursuant to the Property Tax Code.

(h) Application. Each hospital applicant applying for a property tax exemption pursuant to Section 15-5 and this Section shall use an application form provided by the Department. The application form shall specify the records required in support of the application and those records shall be submitted to the Department with the application form. Each application or affidavit shall contain a verification by the Chief Executive Officer of the hospital applicant under oath or affirmation stating that each statement in the application or affidavit and each document submitted with the application or affidavit are true and correct. The records submitted with the application pursuant to this Section shall include an exhibit prepared by the relevant hospital entity showing (A) the value of the relevant hospital entity's services and activities, if any, under paragraphs (1) through (7) of subsection (e) of this Section stated separately for each paragraph, and (B) the value relating to the relevant hospital entity's estimated property tax liability under subsections (g)(1)(A), (B), and (C), subsections (g)(2)(A), (B), and (C), and subsection (g)(3) of this Section stated separately for each item. Such exhibit will be made available to the public by the chief county assessment officer. Nothing in this Section shall be construed as limiting the Attorney General's authority under the Illinois False Claims Act.

(i) Nothing in this Section shall be construed to limit the ability of otherwise eligible hospitals, hospital owners, hospital affiliates, or
hospital systems to obtain or maintain property tax exemptions pursuant to a provision of the Property Tax Code other than this Section.

Section 5-60. The Illinois Public Aid Code is amended by changing Sections 5A-1, 5A-2, 5A-4, 5A-5, 5A-8, 5A-10, 5A-13, and 5A-14 and by adding Sections 5A-12.4 and 5A-15 as follows:

(305 ILCS 5/5A-1) (from Ch. 23, par. 5A-1)
Sec. 5A-1. Definitions. As used in this Article, unless the context requires otherwise:

"Adjusted gross hospital revenue" shall be determined separately for inpatient and outpatient services for each hospital conducted, operated or maintained by a hospital provider, and means the hospital provider's total gross revenues less: (i) gross revenue attributable to non-hospital based services including home dialysis services, durable medical equipment, ambulance services, outpatient clinics and any other non-hospital based services as determined by the Illinois Department by rule; and (ii) gross revenues attributable to the routine services provided to persons receiving skilled or intermediate long-term care services within the meaning of Title XVIII or XIX of the Social Security Act; and (iii) Medicare gross revenue (excluding the Medicare gross revenue attributable to clauses (i) and (ii) of this paragraph and the Medicare gross revenue attributable to the routine services provided to patients in a psychiatric hospital, a rehabilitation hospital, a distinct part psychiatric unit, a distinct part rehabilitation unit, or swing beds). Adjusted gross hospital revenue shall be determined using the most recent data available from each hospital's 2003 Medicare cost report as contained in the Healthcare Cost Report Information System file, for the quarter ending on December 31, 2004, without regard to any subsequent adjustments or changes to such data. If a hospital's 2003 Medicare cost report is not contained in the Healthcare Cost Report Information System, the hospital provider shall furnish such cost report or the data necessary to determine its adjusted gross hospital revenue as required by rule by the Illinois Department.

"Fund" means the Hospital Provider Fund.

For purposes of this paragraph, "person" means any political subdivision of the State, municipal corporation, individual, firm, partnership, corporation, company, limited liability company, association, joint stock association, or trust, or a receiver, executor, trustee, guardian, or other representative appointed by order of any court.

"Medicare bed days" means, for each hospital, the sum of the number of days that each bed was occupied by a patient who was covered by Title XVIII of the Social Security Act, excluding days attributable to the routine services provided to persons receiving skilled or intermediate long term care services. Medicare bed days shall be computed separately for each hospital operated or maintained by a hospital provider.

"Occupied bed days" means the sum of the number of days that each bed was occupied by a patient for all beds, excluding days attributable to the routine services provided to persons receiving skilled or intermediate long term care services. (305 ILCS 5/5A-2) (from Ch. 23, par. 5A-2)
(Section scheduled to be repealed on July 1, 2014)
Sec. 5A-2. Assessment.

(a) Subject to Sections 5A-3 and 5A-10, an annual assessment on inpatient services is imposed on each hospital provider in an amount equal to the hospital's occupied bed days multiplied by $84.19 multiplied by the proration factor for State fiscal year 2004 and the hospital's occupied bed days multiplied by $84.19 for State fiscal year 2005.

For State fiscal years 2004 and 2005, the Department of Healthcare and Family Services shall use the number of occupied bed days as reported by each hospital on the Annual Survey of Hospitals conducted by the Department of Public Health to calculate the hospital's annual assessment. If the sum of a hospital's occupied bed days is not reported on the Annual Survey of Hospitals or if there are data errors in the reported sum of a
hospital's occupied bed days as determined by the Department of Healthcare and Family Services (formerly Department of Public Aid), then the Department of Healthcare and Family Services may obtain the sum of occupied bed days from any source available, including, but not limited to, records maintained by the hospital provider, which may be inspected at all times during business hours of the day by the Department of Healthcare and Family Services or its duly authorized agents and employees:

Subject to Sections 5A-3 and 5A-10, for the privilege of engaging in the occupation of hospital provider, beginning August 1, 2005, an annual assessment is imposed on each hospital provider for State fiscal years 2006, 2007, and 2008, in an amount equal to 2.5835% of the hospital provider's adjusted gross hospital revenue for inpatient services and 2.5835% of the hospital provider's adjusted gross hospital revenue for outpatient services. If the hospital provider's adjusted gross hospital revenue is not available, then the Illinois Department may obtain the hospital provider's adjusted gross hospital revenue from any source available, including, but not limited to, records maintained by the hospital provider, which may be inspected at all times during business hours of the day by the Illinois Department or its duly authorized agents and employees.

Subject to Sections 5A-3 and 5A-10, for State fiscal years 2009 through 2014, and from July 1, 2014 through December 31, 2014, an annual assessment on inpatient services is imposed on each hospital provider in an amount equal to $218.38 multiplied by the difference of the hospital's occupied bed days less the hospital's Medicare bed days.

For State fiscal years 2009 through 2014, and after a hospital's occupied bed days and Medicare bed days shall be determined using the most recent data available from each hospital's 2005 Medicare cost report as contained in the Healthcare Cost Report Information System file, for the quarter ending on December 31, 2006, without regard to any subsequent adjustments or changes to such data. If a hospital's 2005 Medicare cost report is not contained in the Healthcare Cost Report Information System, then the Illinois Department may obtain the hospital provider's occupied bed days and Medicare bed days from any source available, including, but not limited to, records maintained by the hospital provider, which may be inspected at all times during business hours of the day by the Illinois Department or its duly authorized agents and employees.

(b) (Blank).
(b-5) Subject to Sections 5A-3 and 5A-10, for State fiscal years 2013 through 2014, and July 1, 2014 through December 31, 2014, an annual assessment on outpatient services is imposed on each hospital provider in an amount equal to .008766 multiplied by the hospital's outpatient gross revenue.

For State fiscal years 2013 through 2014, and July 1, 2014 through December 31, 2014, a hospital's outpatient gross revenue shall be determined using the most recent data available from each hospital's 2009 Medicare cost report as contained in the Healthcare Cost Report Information System file, for the quarter ending on June 30, 2011, without regard to any subsequent adjustments or changes to such data. If a hospital's 2009 Medicare cost report is not contained in the Healthcare Cost Report Information System, then the Department may obtain the hospital provider's outpatient gross revenue from any source available, including, but not limited to, records maintained by the hospital provider, which may be inspected at all times during business hours of the day by the Department or its duly authorized agents and employees.

(c) (Blank).

(d) Notwithstanding any of the other provisions of this Section, the Department is authorized, during this 94th General Assembly, to adopt rules to reduce the rate of any annual assessment imposed under this Section, as authorized by Section 5-46.2 of the Illinois Administrative Procedure Act.

(e) Notwithstanding any other provision of this Section, any plan providing for an assessment on a hospital provider as a permissible tax under Title XIX of the federal Social Security Act and Medicaid-eligible payments to hospital providers from the revenues derived from that assessment shall be reviewed by the Illinois Department of Healthcare and Family Services, as the Single State Medicaid Agency required by federal law, to determine whether those assessments and hospital provider payments meet federal Medicaid standards. If the Department determines that the elements of the plan may meet federal Medicaid standards and a related State Medicaid Plan Amendment is prepared in a manner and form suitable for submission, that State Plan Amendment shall be submitted in a timely manner for review by the Centers for Medicare and Medicaid Services of the United States Department of Health and Human Services and subject to approval by the Centers for Medicare and Medicaid Services of the United States Department of Health and Human Services. No such plan shall become effective without approval by the Illinois Department of Healthcare and Family Services.

Sec. 5A-4. Payment of assessment; penalty.

(a) The annual assessment imposed by Section 5A-2 for State fiscal year 2004 shall be due and payable on June 18 of the year. The assessment imposed by Section 5A-2 for State fiscal year 2005 shall be due and payable in quarterly installments, each equaling one-fourth of the assessment for the year, on July 19, October 19, January 18, and April 19 of the year. The assessment imposed by Section 5A-2 for State fiscal years 2006 through 2008 shall be due and payable in quarterly installments, each equaling one-fourth of the assessment for the year, on the fourteenth State business day of September, December, March, and May. Except as provided in subsection (a-5) of this Section, the assessment imposed by Section 5A-2 for State fiscal year 2009 and each subsequent State fiscal year shall be due and payable in monthly installments, each equaling one-twelfth of the assessment for the year, on the fourteenth State business day of each month. No installment payment of an assessment imposed by Section 5A-2 shall be due and payable, however, until after the Comptroller has issued the payments required under this Article: (i) the Department notifies the hospital provider, in writing, that the payment methodologies to hospitals required under Section 5A-12, Section 5A-12.1, or Section 5A-12.2, whichever is applicable for that fiscal year, have been approved by the Centers for Medicare and Medicaid Services of the U.S. Department of Health and Human Services and the waiver under 42 CFR 433.68 for the assessment imposed by Section 5A-2, if necessary, has been granted by the Centers for Medicare and Medicaid Services of the U.S. Department of Health and Human Services; and (ii) the Comptroller has issued the payments required under Section 5A-12, Section 5A-12.1, or Section 5A-12.2, whichever is applicable for that fiscal year. Upon notification to the Department of approval of the payment methodologies required under Section 5A-12, Section 5A-12.1, or Section 5A-12.2, whichever is applicable for that fiscal year, and the waiver granted under 42 CFR 433.68, all installments otherwise due under Section 5A-2 prior to

the date of notification shall be due and payable to the Department upon written direction from the Department and issuance by the Comptroller of the payments required under Section 5A-12.1 or Section 5A-12.2, whichever is applicable for that fiscal year.

Except as provided in subsection (a-5) of this Section, the assessment imposed by subsection (b-5) of Section 5A-2 for State fiscal year 2013 and each subsequent State fiscal year shall be due and payable in monthly installments, each equaling one-twelfth of the assessment for the year, on the 14th State business day of each month. No installment payment of an assessment imposed by subsection (b-5) of Section 5A-2 shall be due and payable, however, until after: (i) the Department notifies the hospital provider, in writing, that the payment methodologies to hospitals required under Section 5A-12.4, have been approved by the Centers for Medicare and Medicaid Services of the U.S. Department of Health and Human Services, and the waiver under 42 CFR 433.68 for the assessment imposed by subsection (b-5) of Section 5A-2, if necessary, has been granted by the Centers for Medicare and Medicaid Services of the U.S. Department of Health and Human Services; and (ii) the Comptroller has issued the payments required under Section 5A-12.4. Upon notification to the Department of approval of the payment methodologies required under Section 5A-12.4 and the waiver granted under 42 CFR 433.68, if necessary, all installments otherwise due under subsection (b-5) of Section 5A-2 prior to the date of notification shall be due and payable to the Department upon written direction from the Department and issuance by the Comptroller of the payments required under Section 5A-12.4.

(a-5) The Illinois Department may, for the purpose of maximizing federal revenue, accelerate the schedule upon which assessment installments are due and payable by hospitals with a payment ratio greater than or equal to one. Such acceleration of due dates for payment of the assessment may be made only in conjunction with a corresponding acceleration in access payments identified in Section 5A-12.2 or Section 5A-12.4 to the same hospitals. For the purposes of this subsection (a-5), a hospital's payment ratio is defined as the quotient obtained by dividing the total payments for the State fiscal year, as authorized under Section 5A-12.2 or Section 5A-12.4, by the total assessment for the State fiscal year imposed under Section 5A-2 or subsection (b-5) of Section 5A-2.

(b) The Illinois Department is authorized to establish delayed payment schedules for hospital providers that are unable to make

installment payments when due under this Section due to financial
difficulties, as determined by the Illinois Department.

(c) If a hospital provider fails to pay the full amount of an
installment when due (including any extensions granted under subsection
(b)), there shall, unless waived by the Illinois Department for reasonable
cause, be added to the assessment imposed by Section 5A-2 a penalty
assessment equal to the lesser of (i) 5% of the amount of the installment
not paid on or before the due date plus 5% of the portion thereof remaining
unpaid on the last day of each 30-day period thereafter or (ii) 100% of the
installment amount not paid on or before the due date. For purposes of this
subsection, payments will be credited first to unpaid installment amounts
(rather than to penalty or interest), beginning with the most delinquent
installments.

(d) Any assessment amount that is due and payable to the Illinois
Department more frequently than once per calendar quarter shall be
remitted to the Illinois Department by the hospital provider by means of
electronic funds transfer. The Illinois Department may provide for
remittance by other means if (i) the amount due is less than $10,000 or (ii)
electronic funds transfer is unavailable for this purpose.

shall send a notice of assessment to every hospital provider subject to
assessment under this Article. The notice of assessment shall notify the
hospital of its assessment and shall be sent after receipt by the Department
of notification from the Centers for Medicare and Medicaid Services of the
U.S. Department of Health and Human Services that the payment
methodologies required under this Article Section 5A-12, Section 5A-12.1,
or Section 5A-12.2, whichever is applicable for that fiscal year, and, if
necessary, the waiver granted under 42 CFR 433.68 have been approved.
The notice shall be on a form prepared by the Illinois Department and shall
state the following:

(1) The name of the hospital provider.
(2) The address of the hospital provider's principal place of
business from which the provider engages in the occupation of
hospital provider in this State, and the name and address of each
hospital operated, conducted, or maintained by the provider in this State.

(3) The occupied bed days, occupied bed days less Medicare days, or adjusted gross hospital revenue, or outpatient gross revenue of the hospital provider (whichever is applicable), the amount of assessment imposed under Section 5A-2 for the State fiscal year for which the notice is sent, and the amount of each installment to be paid during the State fiscal year.

(4) (Blank).

(5) Other reasonable information as determined by the Illinois Department.

(b) If a hospital provider conducts, operates, or maintains more than one hospital licensed by the Illinois Department of Public Health, the provider shall pay the assessment for each hospital separately.

(c) Notwithstanding any other provision in this Article, in the case of a person who ceases to conduct, operate, or maintain a hospital in respect of which the person is subject to assessment under this Article as a hospital provider, the assessment for the State fiscal year in which the cessation occurs shall be adjusted by multiplying the assessment computed under Section 5A-2 by a fraction, the numerator of which is the number of days in the year during which the provider conducts, operates, or maintains the hospital and the denominator of which is 365. Immediately upon ceasing to conduct, operate, or maintain a hospital, the person shall pay the assessment for the year as so adjusted (to the extent not previously paid).

(d) Notwithstanding any other provision in this Article, a provider who commences conducting, operating, or maintaining a hospital, upon notice by the Illinois Department, shall pay the assessment computed under Section 5A-2 and subsection (e) in installments on the due dates stated in the notice and on the regular installment due dates for the State fiscal year occurring after the due dates of the initial notice.

(e) Notwithstanding any other provision in this Article, for State fiscal years 2004 and 2005, in the case of a hospital provider that did not conduct, operate, or maintain a hospital throughout calendar year 2001, the assessment for that State fiscal year shall be computed on the basis of hypothetical occupied bed days for the full calendar year as determined by the Illinois Department. Notwithstanding any other provision in this Article, for State fiscal years 2006 through 2008, in the case of a hospital provider that did not conduct, operate, or maintain a hospital in 2003, the assessment for that State fiscal year shall be computed on the basis of
hypothetical adjusted gross hospital revenue for the hospital's first full fiscal year as determined by the Illinois Department (which may be based on annualization of the provider's actual revenues for a portion of the year, or revenues of a comparable hospital for the year, including revenues realized by a prior provider of the same hospital during the year). Notwithstanding any other provision in this Article, for State fiscal years 2009 through 2014, in the case of a hospital provider that did not conduct, operate, or maintain a hospital in 2005, the assessment for that State fiscal year shall be computed on the basis of hypothetical occupied bed days for the full calendar year as determined by the Illinois Department. Notwithstanding any other provision in this Article, for State fiscal years 2013 through 2014, and for July 1, 2014 through December 31, 2014, in the case of a hospital provider that did not conduct, operate, or maintain a hospital in 2009, the assessment under subsection (b-5) of Section 5A-2 for that State fiscal year shall be computed on the basis of hypothetical gross outpatient revenue for the full calendar year as determined by the Illinois Department.

(f) Every hospital provider subject to assessment under this Article shall keep sufficient records to permit the determination of adjusted gross hospital revenue for the hospital's fiscal year. All such records shall be kept in the English language and shall, at all times during regular business hours of the day, be subject to inspection by the Illinois Department or its duly authorized agents and employees.

(g) The Illinois Department may, by rule, provide a hospital provider a reasonable opportunity to request a clarification or correction of any clerical or computational errors contained in the calculation of its assessment, but such corrections shall not extend to updating the cost report information used to calculate the assessment.

(b) Beginning January 1, 2011, and thereafter, light intermediate care shall be staffed at the same staffing ratio as intermediate care.

(c) Facilities shall notify the Department within 60 days after the effective date of this amendatory Act of the 96th General Assembly, in a form and manner prescribed by the Department, of the staffing ratios in effect on the effective date of this amendatory Act of the 96th General Assembly for both intermediate and skilled care and the number of residents receiving each level of care.

(d)(1) Effective July 1, 2010, for each resident needing skilled care, a minimum staffing ratio of 2.5 hours of nursing and personal care each day must be provided; for each resident needing intermediate care, 1.7 hours of nursing and personal care each day must be provided.

(3) Effective January 1, 2012, the minimum staffing ratios shall be increased to 3.0 hours of nursing and personal care each day for a resident needing skilled care and 2.1 hours of nursing and personal care each day for a resident needing intermediate care.

(4) Effective January 1, 2013, the minimum staffing ratios shall be increased to 3.4 hours of nursing and personal care each day for a resident
needing skilled care and 2.3 hours of nursing and personal care each day for a resident needing intermediate care.

(5) Effective January 1, 2014, the minimum staffing ratios shall be increased to 3.8 hours of nursing and personal care each day for a resident needing skilled care and 2.5 hours of nursing and personal care each day for a resident needing intermediate care.

(e) Ninety days after the effective date of this amendatory Act of the 97th General Assembly, a minimum of 25% of nursing and personal care time shall be provided by licensed nurses, with at least 10% of nursing and personal care time provided by registered nurses. These minimum requirements shall remain in effect until an acuity based registered nurse requirement is promulgated by rule concurrent with the adoption of the Resource Utilization Group classification-based payment methodology, as provided in Section 5-5.2 of the Illinois Public Aid Code. Registered nurses and licensed practical nurses employed by a facility in excess of these requirements may be used to satisfy the remaining 75% of the nursing and personal care time requirements. Notwithstanding this subsection, no staffing requirement in statute in effect on the effective date of this amendatory Act of the 97th General Assembly shall be reduced on account of this subsection.

(6) Issue an emergency suspension order for any provider or vehicle licensed under this Act when the Director or his or her designee has determined that an immediate or serious danger to the public health, safety, and welfare exists. Suspension or revocation proceedings that offer an opportunity for a hearing shall be promptly initiated after the emergency suspension order has been issued.

(8) Charge each stretcher van provider a fee, to be submitted with each application for licensure and license renewal.

(c) A stretcher van provider may provide transport of a passenger on a stretcher, provided the passenger meets all of the following requirements:

(1) (Blank). He or she needs no medical equipment, except self-administered medications.

(2) He or she needs no medical monitoring or clinical observation.

(3) He or she needs routine transportation to or from a medical appointment or service if the passenger is convalescent or otherwise bed-confined and does not require clinical observation, aid, care, or treatment during transport.

New matter indicated by italics - deletions by strikeout

(1) He or she is being transported to a hospital for emergency medical treatment. He or she is currently admitted to a hospital or is being transported to a hospital for admission or emergency treatment.

(2) He or she is experiencing an emergency medical condition or needs active medical monitoring, including isolation precautions, supplemental oxygen that is not self-administered, continuous airway management, suctioning during transport, or the administration of intravenous fluids during transport. (210 ILCS 155/35)

Sec. 35. LTAC supplemental per diem rate.

(a) The Department must pay an LTAC supplemental per diem rate calculated under this Section to LTAC hospitals that meet the requirements of Section 15 of this Act for patients:

New matter indicated by italics - deletions by strikeout
(1) who upon admission to the LTAC hospital meet LTAC hospital criteria; and
(2) whose care is primarily paid for by the Department under Title XIX of the Social Security Act or whose care is primarily paid for by the Department after the patient has exhausted his or her benefits under Medicare.

(b) The Department must not pay the LTAC supplemental per diem rate calculated under this Section if any of the following conditions are met:

(1) the LTAC hospital no longer meets the requirements under Section 15 of this Act or terminates the agreement specified under Section 15 of this Act;
(2) the patient does not meet the LTAC hospital criteria upon admission; or
(3) the patient's care is primarily paid for by Medicare and the patient has not exhausted his or her Medicare benefits, resulting in the Department becoming the primary payer.

(c) The Department may adjust the LTAC supplemental per diem rate calculated under this Section based only on the conditions and requirements described under Section 40 and Section 45 of this Act.

(d) The LTAC supplemental per diem rate shall be calculated using the LTAC hospital's inflated cost per diem, defined in subsection (f) of this Section, and subtracting the following:

(1) The LTAC hospital's Medicaid per diem inpatient rate as calculated under 89 Ill. Adm. Code 148.270(c)(4).
(2) The LTAC hospital's disproportionate share (DSH) rate as calculated under 89 Ill. Adm. Code 148.120.

(e) LTAC supplemental per diem rates are effective July 1, 2012 shall be the amount in effect as of October 1, 2010. No new hospital may qualify for the program after the effective date of this amendatory Act of the 97th General Assembly for 12 months beginning on October 1 of each year and must be updated every 12 months.

(f) For the purposes of this Section, "inflated cost per diem" means the quotient resulting from dividing the hospital's inpatient Medicaid costs

by the hospital's Medicaid inpatient days and inflating it to the most current period using methodologies consistent with the calculation of the rates described in paragraphs (2), (3), and (4) of subsection (d). The data is obtained from the LTAC hospital's most recent cost report submitted to the Department as mandated under 89 Ill. Adm. Code 148.210.

(g) On and after July 1, 2012, the Department shall reduce any rate of reimbursement for services or other payments or alter any methodologies authorized by this Act or the Illinois Public Aid Code to reduce any rate of reimbursement for services or other payments in accordance with Section 5-5e of the Illinois Public Aid Code.

Sec. 40. Rate adjustments for quality measures.

(a) The Department may adjust the LTAC supplemental per diem rate calculated under Section 35 of this Act based on the requirements of this Section.

(b) After the first year of operation of the Program established by this Act, the Department may reduce the LTAC supplemental per diem rate calculated under Section 35 of this Act by no more than 5% for an LTAC hospital that does not meet benchmarks or targets set by the Department under paragraph (2) of subsection (b) of Section 50.

(c) After the first year of operation of the Program established by this Act, the Department may increase the LTAC supplemental per diem rate calculated under Section 35 of this Act by no more than 5% for an LTAC hospital that exceeds the benchmarks or targets set by the Department under paragraph (2) of subsection (a) of Section 50.

(d) If an LTAC hospital misses a majority of the benchmarks for quality measures for 3 consecutive years, the Department may reduce the LTAC supplemental per diem rate calculated under Section 35 of this Act to zero.

(e) An LTAC hospital whose rate is reduced under subsection (d) of this Section may have the LTAC supplemental per diem rate calculated under Section 35 of this Act reinstated once the LTAC hospital achieves the necessary benchmarks or targets.

(f) The Department may apply the reduction described in subsection (d) of this Section after one year instead of 3 to an LTAC hospital that has had its rate previously reduced under subsection (d) of this Section and later has had it reinstated under subsection (e) of this Section.
(g) The rate adjustments described in this Section shall be determined and applied only at the beginning of each rate year.

(h) On and after July 1, 2012, the Department shall reduce any rate of reimbursement for services or other payments or alter any methodologies authorized by this Act or the Illinois Public Aid Code to reduce any rate of reimbursement for services or other payments in accordance with Section 5-5e of the Illinois Public Aid Code.

(210 ILCS 155/45)

Sec. 45. Program evaluation.

(a) By After the Program completes the 3rd full year of operation on September 30, 2012 2013, the Department must complete an evaluation of the Program to determine the actual savings or costs generated by the Program, both on an aggregate basis and on an LTAC hospital-specific basis. The evaluation must be conducted in each subsequent year.

(b) The Department shall consult with and qualified LTAC hospitals to determine the appropriate methodology to accurately calculate the Program's savings and costs. The calculation shall take into consideration, but shall not be limited to, the length of stay in an acute care hospital prior to transfer, the length of stay in the LTAC taking into account the acuity of the patient at the time of the LTAC admission, and admissions to the LTAC from settings other than an STAC hospital.

(c) The evaluation must also determine the effects the Program has had in improving patient satisfaction and health outcomes.

(d) If the evaluation indicates that the Program generates a net cost to the Department, the Department may prospectively adjust an individual hospital's LTAC supplemental per diem rate under Section 35 of this Act to establish cost neutrality. The rate adjustments applied under this subsection (d) do not need to be applied uniformly to all qualified LTAC hospitals as long as the adjustments are based on data from the evaluation on hospital-specific information. Cost neutrality under this Section means that the cost to the Department resulting from the LTAC supplemental per diem rate must not exceed the savings generated from transferring the patient from a STAC hospital.

(e) The rate adjustment described in subsection (d) of this Section, if necessary, shall be applied to the LTAC supplemental per diem rate for the rate year beginning October 1, 2014. The Department may apply this rate adjustment in subsequent rate years if the conditions under subsection (d) of this Section are met. The Department must apply the rate adjustment
to an individual LTAC hospital's LTAC supplemental per diem rate only in years when the Program evaluation indicates a net cost for the Department.

(f) The Department may establish a shared savings program for qualified LTAC hospitals. The rate adjustments described in this Section shall be determined and applied only at the beginning of each rate year.

Sec. 55. Demonstration care coordination program for post-acute care.

(a) The Department may develop a demonstration care coordination program for LTAC hospital appropriate patients with the goal of improving the continuum of care for patients who have been discharged from an LTAC hospital.

(b) The program shall require risk-sharing and quality targets.

Section 65. The Children's Health Insurance Program Act is amended by changing Sections 25 and 40 as follows:

(215 ILCS 106/25)

Sec. 25. Health benefits for children.

(a) The Department shall, subject to appropriation, provide health benefits coverage to eligible children by:

(1) Subsidizing the cost of privately sponsored health insurance, including employer based health insurance, to assist families to take advantage of available privately sponsored health insurance for their eligible children; and

(2) Purchasing or providing health care benefits for eligible children. The health benefits provided under this subdivision (a)(2) shall, subject to appropriation and without regard to any applicable cost sharing under Section 30, be identical to the benefits provided for children under the State's approved plan under Title XIX of the Social Security Act. Providers under this subdivision (a)(2) shall be subject to approval by the Department to provide health care under the Illinois Public Aid Code and shall be reimbursed at the same rate as providers under the State's approved plan under Title XIX of the Social Security Act. In addition, providers may retain co-payments when determined appropriate by the Department.

(b) The subsidization provided pursuant to subdivision (a)(1) shall be credited to the family of the eligible child.
(c) The Department is prohibited from denying coverage to a child who is enrolled in a privately sponsored health insurance plan pursuant to subdivision (a)(1) because the plan does not meet federal benchmarking standards or cost sharing and contribution requirements. To be eligible for inclusion in the Program, the plan shall contain comprehensive major medical coverage which shall consist of physician and hospital inpatient services. The Department is prohibited from denying coverage to a child who is enrolled in a privately sponsored health insurance plan pursuant to subdivision (a)(1) because the plan offers benefits in addition to physician and hospital inpatient services.

(d) The total dollar amount of subsidizing coverage per child per month pursuant to subdivision (a)(1) shall be equal to the average dollar payments, less premiums incurred, per child per month pursuant to subdivision (a)(2). The Department shall set this amount prospectively based upon the prior fiscal year's experience adjusted for incurred but not reported claims and estimated increases or decreases in the cost of medical care. Payments obligated before July 1, 1999, will be computed using State Fiscal Year 1996 payments for children eligible for Medical Assistance and income assistance under the Aid to Families with Dependent Children Program, with appropriate adjustments for cost and utilization changes through January 1, 1999. The Department is prohibited from providing a subsidy pursuant to subdivision (a)(1) that is more than the individual's monthly portion of the premium.

(e) An eligible child may obtain immediate coverage under this Program only once during a medical visit. If coverage lapses, re-enrollment shall be completed in advance of the next covered medical visit and the first month's required premium shall be paid in advance of any covered medical visit.

(f) In order to accelerate and facilitate the development of networks to deliver services to children in areas outside counties with populations in excess of 3,000,000, in the event less than 25% of the eligible children in a county or contiguous counties has enrolled with a Health Maintenance Organization pursuant to Section 5-11 of the Illinois Public Aid Code, the Department may develop and implement demonstration projects to create alternative networks designed to enhance enrollment and participation in the program. The Department shall prescribe by rule the criteria, standards, and procedures for effecting demonstration projects under this Section.

Sec. 40. Waivers. (a) The Department shall request any necessary waivers of federal requirements in order to allow receipt of federal funding for:

(1) the coverage of families with eligible children under this Act; and

(2) the coverage of children who would otherwise be eligible under this Act, but who have health insurance.

(b) The failure of the responsible federal agency to approve a waiver for children who would otherwise be eligible under this Act but who have health insurance shall not prevent the implementation of any Section of this Act provided that there are sufficient appropriated funds.

(c) Eligibility of a person under an approved waiver due to the relationship with a child pursuant to Article V of the Illinois Public Aid Code or this Act shall be limited to such a person whose countable income is determined by the Department to be at or below such income eligibility standard as the Department by rule shall establish. The income level established by the Department shall not be below 90% of the federal poverty level. Such persons who are determined to be eligible must reapply, or otherwise establish eligibility, at least annually. An eligible person shall be required, as determined by the Department by rule, to report promptly those changes in income and other circumstances that affect eligibility. The eligibility of a person may be redetermined based on the information reported or may be terminated based on the failure to report or failure to report accurately. A person may also be held liable to the Department for any payments made by the Department on such person's behalf that were inappropriate. An applicant shall be provided with notice of these obligations.

Sec. 35. Health care benefits for children.

(a) The Department shall purchase or provide health care benefits for eligible children that are identical to the benefits provided for children under the Illinois Children's Health Insurance Program Act, except for non-emergency transportation.

(b) As an alternative to the benefits set forth in subsection (a), and when cost-effective, the Department may offer families subsidies toward the cost of privately sponsored health insurance, including employer-sponsored health insurance.

(c) Notwithstanding clause (i) of subdivision (a)(3) of Section 20, the Department may consider offering, as an alternative to the benefits set forth in subsection (a), partial coverage to children who are enrolled in a high-deductible private health insurance plan.

(d) Notwithstanding clause (i) of subdivision (a)(3) of Section 20, the Department may consider offering, as an alternative to the benefits set forth in subsection (a), a limited package of benefits to children in families who have private or employer-sponsored health insurance that does not cover certain benefits such as dental or vision benefits.

(e) The content and availability of benefits described in subsections (b), (c), and (d), and the terms of eligibility for those benefits, shall be at the Department's discretion and the Department's determination of efficacy and cost-effectiveness as a means of promoting retention of private or employer-sponsored health insurance.

(f) On and after July 1, 2012, the Department shall reduce any rate of reimbursement for services or other payments or alter any methodologies authorized by this Act or the Illinois Public Aid Code to reduce any rate of reimbursement for services or other payments in accordance with Section 5-5e of the Illinois Public Aid Code.

(305 ILCS 5/3-1.2) (from Ch. 23, par. 3-1.2)

Sec. 3-1.2. Need. Income available to the person, when added to contributions in money, substance, or services from other sources, including contributions from legally responsible relatives, must be insufficient to equal the grant amount established by Department regulation for such person.

In determining earned income to be taken into account, consideration shall be given to any expenses reasonably attributable to the earning of such income. If federal law or regulations permit or require exemption of earned or other income and resources, the Illinois Department shall provide by rule and regulation that the amount of income to be disregarded be increased (1) to the maximum extent so required and (2) to the maximum extent permitted by federal law or regulation in effect as of the date this Amendatory Act becomes law. The Illinois Department may also provide by rule and regulation that the amount of resources to be disregarded be increased to the maximum extent so permitted or required. Subject to federal approval, resources (for example, land, buildings, equipment, supplies, or tools), including farmland property and personal property used in the income-producing operations related to the farmland (for example, equipment and supplies; motor vehicles, or tools), necessary for self-support, up to $6,000 of the person's equity in the income-producing property, provided that the property produces a net annual income of at least 6% of the excluded equity value of the property, are exempt. Equity value in excess of $6,000 shall not be excluded if the activity produces income that is less than 6% of the exempt equity due to reasons beyond the person's control (for example, the person's illness or crop failure) and there is a reasonable expectation that the property will again produce income equal to or greater than 6% of the equity value (for example, a medical prognosis that the person is expected to respond to treatment or that drought-resistant corn will be planted). If the person
owns more than one piece of property and each produces income, each piece of property shall be looked at to determine whether the 6% rule is met, and then the amounts of the person's equity in all of those properties shall be totaled to determine whether the total equity is $6,000 or less. The total equity value of all properties that is exempt shall be limited to $6,000.

In determining the resources of an individual or any dependents, the Department shall exclude from consideration the value of funeral and burial spaces, grave markers and other funeral and burial merchandise, funeral and burial insurance the proceeds of which can only be used to pay the funeral and burial expenses of the insured and funds specifically set aside for the funeral and burial arrangements of the individual or his or her dependents, including prepaid funeral and burial plans, to the same extent that such items are excluded from consideration under the federal Supplemental Security Income program (SSI).

Prepaid funeral or burial contracts are exempt to the following extent:

(1) Funds in a revocable prepaid funeral or burial contract are exempt up to $1,500, except that any portion of a contract that clearly represents the purchase of burial space, as that term is defined for purposes of the Supplemental Security Income program, is exempt regardless of value.

(2) Funds in an irrevocable prepaid funeral or burial contract are exempt up to $5,874, except that any portion of a contract that clearly represents the purchase of burial space, as that term is defined for purposes of the Supplemental Security Income program, is exempt regardless of value. This amount shall be adjusted annually for any increase in the Consumer Price Index. The amount exempted shall be limited to the price of the funeral goods and services to be provided upon death. The contract must provide a complete description of the funeral goods and services to be provided and the price thereof. Any amount in the contract not so specified shall be treated as a transfer of assets for less than fair market value.

(3) A prepaid, guaranteed-price funeral or burial contract, funded by an irrevocable assignment of a person's life insurance policy to a trust, is exempt. The amount exempted shall be limited to the amount of the insurance benefit designated for the cost of the funeral goods and services to be provided upon the person's death.

New matter indicated by italics - deletions by strikeout
The contract must provide a complete description of the funeral goods and services to be provided and the price thereof. Any amount in the contract not so specified shall be treated as a transfer of assets for less than fair market value. The trust must include a statement that, upon the death of the person, the State will receive all amounts remaining in the trust, including any remaining payable proceeds under the insurance policy up to an amount equal to the total medical assistance paid on behalf of the person. The trust is responsible for ensuring that the provider of funeral services under the contract receives the proceeds of the policy when it provides the funeral goods and services specified under the contract. The irrevocable assignment of ownership of the insurance policy must be acknowledged by the insurance company.

Notwithstanding any other provision of this Code to the contrary, an irrevocable trust containing the resources of a person who is determined to have a disability shall be considered exempt from consideration. Such trust must be established and managed by a non-profit association that pools funds but maintains a separate account for each beneficiary. The trust may be established by the person, a parent, grandparent, legal guardian, or court. It must be established for the sole benefit of the person and language contained in the trust shall stipulate that any amount remaining in the trust (up to the amount expended by the Department on medical assistance) that is not retained by the trust for reasonable administrative costs related to wrapping up the affairs of the subaccount shall be paid to the Department upon the death of the person. After a person reaches age 65, any funding by or on behalf of the person to the trust shall be treated as a transfer of assets for less than fair market value unless the person is a ward of a county public guardian or the State guardian pursuant to Section 13-5 of the Probate Act of 1975 or Section 30 of the Guardianship and Advocacy Act and lives in the community, or the person is a ward of a county public guardian or the State guardian pursuant to Section 13-5 of the Probate Act of 1975 or Section 30 of the Guardianship and Advocacy Act and a court has found that any expenditures from the trust will maintain or enhance the person’s quality of life. If the trust contains proceeds from a personal injury settlement, any Department charge must be satisfied in order for the transfer to the trust to be treated as a transfer for fair market value.

The homestead shall be exempt from consideration except to the extent that it meets the income and shelter needs of the person.

New matter indicated by italics - deletions by strikeout
"Homestead" means the dwelling house and contiguous real estate owned and occupied by the person, regardless of its value. Subject to federal approval, a person shall not be eligible for long-term care services, however, if the person's equity interest in his or her homestead exceeds the minimum home equity as allowed and increased annually under federal law. Subject to federal approval, on and after the effective date of this amendatory Act of the 97th General Assembly, homestead property transferred to a trust shall no longer be considered homestead property.

Occasional or irregular gifts in cash, goods or services from persons who are not legally responsible relatives which are of nominal value or which do not have significant effect in meeting essential requirements shall be disregarded. The Illinois Department may, after appropriate investigation, establish and implement a consolidated standard to determine need and eligibility for and amount of benefits under this Article or a uniform cash supplement to the federal Supplemental Security Income program for all or any part of the then current recipients under this Article; provided, however, that the establishment or implementation of such a standard or supplement shall not result in reductions in benefits under this Article for the then current recipients of such benefits.

Admin. Code 125, and at 89 Ill. Admin. See: 1396u-1), as interpreted by the U.S. Department of Health and Human Services, and the countable income eligibility standard authorized by this paragraph 15. The Department may not otherwise adopt any rule to implement this increase except as authorized by law, to meet the eligibility standards authorized by the federal government in the Medicaid State Plan or the Title XXI Plan, or to meet an order from the federal government or any court.

16. Subject to appropriation, uninsured persons who are not otherwise eligible under this Section who have been certified and referred by the Department of Public Health as having been screened and found to need diagnostic evaluation or treatment, or both diagnostic evaluation and treatment, for prostate or testicular cancer. For the purposes of this paragraph 16, uninsured persons are those who do not have creditable coverage, as defined under the Health Insurance Portability and Accountability Act, or have otherwise exhausted any insurance benefits they may have had, for prostate or testicular cancer diagnostic evaluation or treatment, or both diagnostic evaluation and treatment. To be eligible, a person must furnish a Social Security number. A person's assets are exempt from consideration in determining eligibility under this paragraph 16. Such persons shall be eligible for medical assistance under this paragraph 16 for so long as they need treatment for the cancer. A person shall be considered to need treatment if, in the opinion of the person's treating physician, the person requires therapy directed toward cure or palliation of prostate or testicular cancer, including recurrent metastatic cancer that is a known or presumed complication of prostate or testicular cancer and complications resulting from the treatment modalities themselves. Persons who require only routine monitoring services are not considered to need treatment. "Medical assistance" under this paragraph 16 shall be identical to the benefits provided under the State's approved plan under Title XIX of the Social Security Act. Notwithstanding any other provision of law, the Department (i) does not have a claim against the estate of a deceased recipient of services under this paragraph 16 and (ii) does not have a lien against any homestead property or other legal or equitable real property interest owned by a recipient of services under this paragraph 16.
In implementing the provisions of Public Act 96-20, the Department is authorized to adopt only those rules necessary, including emergency rules. Nothing in Public Act 96-20 permits the Department to adopt rules or issue a decision that expands eligibility for the FamilyCare Program to a person whose income exceeds 185% of the Federal Poverty Level as determined from time to time by the U.S. Department of Health and Human Services, unless the Department is provided with express statutory authority.

The Illinois Department and the Governor shall provide a plan for coverage of the persons eligible under paragraph 7 as soon as possible after July 1, 1984.

The eligibility of any such person for medical assistance under this Article is not affected by the payment of any grant under the Senior Citizens and Disabled Persons Property Tax Relief and Pharmaceutical Assistance Act or any distributions or items of income described under subparagraph (X) of paragraph (2) of subsection (a) of Section 203 of the Illinois Income Tax Act. The Department shall by rule establish the amounts of assets to be disregarded in determining eligibility for medical assistance, which shall at a minimum equal the amounts to be disregarded under the Federal Supplemental Security Income Program. The amount of assets of a single person to be disregarded shall not be less than $2,000, and the amount of assets of a married couple to be disregarded shall not be less than $3,000.

To the extent permitted under federal law, any person found guilty of a second violation of Article VIIIA shall be ineligible for medical assistance under this Article, as provided in Section 8A-8.

The eligibility of any person for medical assistance under this Article shall not be affected by the receipt by the person of donations or benefits from fundraisers held for the person in cases of serious illness, as long as neither the person nor members of the person's family have actual control over the donations or benefits or the disbursement of the donations or benefits.

and after September 1, 2012, subject to federal approval, medical assistance under this Article shall be available to children who qualify as persons with a disability, as defined under the federal Supplemental Security Income program and who are medically fragile and technology dependent. The program shall allow eligible children to receive the medical assistance provided under this Article in the community, shall be limited to families with income up to 500% of the federal poverty level, and must maximize, to the fullest extent permissible under federal law, federal reimbursement and family cost-sharing, including co-pays, premiums, or any other family contributions, except that the Department shall be permitted to incentivize the utilization of selected services through the use of cost-sharing adjustments. The Department shall establish the policies, procedures, standards, services, and criteria for this program by rule.

Sec. 5-2.1d. Retroactive eligibility. An applicant for medical assistance may be eligible for up to 3 months prior to the date of application if the person would have been eligible for medical assistance at the time he or she received the services if he or she had applied, regardless of whether the individual is alive when the application for medical assistance is made. In determining financial eligibility for medical assistance for retroactive months, the Department shall consider the amount of income and resources and exemptions available to a person as of the first day of each of the backdated months for which eligibility is sought.

(a) The amount and nature of medical assistance shall be determined by the County Departments in accordance with the standards, rules, and regulations of the Department of Healthcare and Family Services, with due regard to the requirements and conditions in each case, including contributions available from legally responsible relatives. However, the amount and nature of such medical assistance shall not be affected by the payment of any grant under the Senior Citizens and Disabled Persons Property Tax Relief and Pharmaceutical Assistance Act or any distributions or items of income described under subparagraph (X) of paragraph (2) of subsection (a) of Section 203 of the Illinois Income Tax Act. serious illness, as long as neither the person nor members of the person's family have actual control over the donations or benefits or the disbursement of the donations or benefits.

In determining the income and resources available to the institutionalized spouse and to the community spouse, the Department of Healthcare and Family Services shall follow the procedures established by federal law. If an institutionalized spouse or community spouse refuses to comply with the requirements of Title XIX of the federal Social Security Act and the regulations duly promulgated thereunder by failing to provide the total value of assets, including income and resources, to the extent either the institutionalized spouse or community spouse has an ownership interest in them pursuant to 42 U.S.C. 1396r-5, such refusal may result in the institutionalized spouse being denied eligibility and continuing to remain ineligible for the medical assistance program based on failure to cooperate.

Subject to federal approval, the community spouse resource allowance shall be established and maintained at the higher of $109,560 or the minimum level permitted pursuant to Section 1924(f)(2) of the Social Security Act, as now or hereafter amended, or an amount set after a fair hearing, whichever is greater. The monthly maintenance allowance for the community spouse shall be established and maintained at the higher of $2,739 per month or the minimum level permitted pursuant to Section 1924(d)(3)(C) of the Social Security Act, as now or hereafter amended, or an amount set after a fair hearing, whichever is greater. Subject to the approval of the Secretary of the United States Department of Health and Human Services, the provisions of this Section shall be extended to persons who but for the provision of home or community-based services under Section 4.02 of the Illinois Act on the Aging, would require the level of care provided in an institution, as is provided for in federal law.

(b) Spousal support for institutionalized spouses receiving medical assistance.

(i) The Department may seek support for an institutionalized spouse, who has assigned his or her right of support from his or her spouse to the State, from the resources and income available to the community spouse.

(ii) The Department may bring an action in the circuit court to establish support orders or itself establish administrative support orders by any means and procedures authorized in this
Code, as applicable, except that the standard and regulations for determining ability to support in Section 10-3 shall not limit the amount of support that may be ordered.

(iii) Proceedings may be initiated to obtain support, or for the recovery of aid granted during the period such support was not provided, or both, for the obtainment of support and the recovery of the aid provided. Proceedings for the recovery of aid may be taken separately or they may be consolidated with actions to obtain support. Such proceedings may be brought in the name of the person or persons requiring support or may be brought in the name of the Department, as the case requires.

(iv) The orders for the payment of moneys for the support of the person shall be just and equitable and may direct payment thereof for such period or periods of time as the circumstances require, including support for a period before the date the order for support is entered. In no event shall the orders reduce the community spouse resource allowance below the level established in subsection (a) of this Section or an amount set after a fair hearing, whichever is greater, or reduce the monthly maintenance allowance for the community spouse below the level permitted pursuant to subsection (a) of this Section. The Department of Human Services shall notify in writing each institutionalized spouse who is a recipient of medical assistance under this Article, and each such person’s community spouse, of the changes in treatment of income and resources, including provisions for protecting income for a community spouse and permitting the transfer of resources to a community spouse, required by enactment of the federal Medicare Catastrophic Coverage Act of 1988 (Public Law 100-360). The notification shall be in language likely to be easily understood by those persons. The Department of Human Services also shall reassess the amount of medical assistance for which each such recipient is eligible as a result of the enactment of that federal Act, whether or not a recipient requests such a reassessment.

Sec. 5-4.1. Co-payments. The Department may by rule provide that recipients under any Article of this Code shall pay a fee as a co-payment for services. Co-payments shall be maximized to the extent permitted by
federal law, except that the Department shall impose a co-pay of $2 on generic drugs. Provided, however, that any such rule must provide that no co-payment requirement can exist for renal dialysis, radiation therapy, cancer chemotherapy, or insulin, and other products necessary on a recurring basis, the absence of which would be life threatening, or where co-payment expenditures for required services and/or medications for chronic diseases that the Illinois Department shall by rule designate shall cause an extensive financial burden on the recipient, and provided no co-payment shall exist for emergency room encounters which are for medical emergencies. The Department shall seek approval of a State plan amendment that allows pharmacies to refuse to dispense drugs in circumstances where the recipient does not pay the required co-payment. In the event the State plan amendment is rejected, co-payments may not exceed $2 for brand name drugs, $1 for other pharmacy services other than for generic drugs, and $2 for physician services, dental services, optical services and supplies, chiropractic services, podiatry services, and encounter rate clinic services. There shall be no co-payment for generic drugs. Co-payments may not exceed $10 for emergency room use for a non-emergency situation as defined by the Department by rule and subject to federal approval.

Sec. 5-4.2. Ambulance services payments.

(a) For ambulance services provided to a recipient of aid under this Article on or after January 1, 1993, the Illinois Department shall reimburse ambulance service providers at rates calculated in accordance with this Section. It is the intent of the General Assembly to provide adequate reimbursement for ambulance services so as to ensure adequate access to services for recipients of aid under this Article and to provide appropriate incentives to ambulance service providers to provide services in an efficient and cost-effective manner. Thus, it is the intent of the General Assembly that the Illinois Department implement a reimbursement system for ambulance services that, to the extent practicable and subject to the availability of funds appropriated by the General Assembly for this purpose, is consistent with the payment principles of Medicare. To ensure uniformity between the payment principles of Medicare and Medicaid, the Illinois Department shall follow, to the extent necessary and practicable and subject to the availability of funds appropriated by the General Assembly for this purpose, the statutes, laws, regulations, policies,
procedures, principles, definitions, guidelines, and manuals used to determine the amounts paid to ambulance service providers under Title XVIII of the Social Security Act (Medicare).

(b) For ambulance services provided to a recipient of aid under this Article on or after January 1, 1996, the Illinois Department shall reimburse ambulance service providers based upon the actual distance traveled if a natural disaster, weather conditions, road repairs, or traffic congestion necessitates the use of a route other than the most direct route.

(c) For purposes of this Section, "ambulance services" includes medical transportation services provided by means of an ambulance, medi-car, service car, or taxi.

(c-1) For purposes of this Section, "ground ambulance service" means medical transportation services that are described as ground ambulance services by the Centers for Medicare and Medicaid Services and provided in a vehicle that is licensed as an ambulance by the Illinois Department of Public Health pursuant to the Emergency Medical Services (EMS) Systems Act.

(c-2) For purposes of this Section, "ground ambulance service provider" means a vehicle service provider as described in the Emergency Medical Services (EMS) Systems Act that operates licensed ambulances for the purpose of providing emergency ambulance services, or non-emergency ambulance services, or both. For purposes of this Section, this includes both ambulance providers and ambulance suppliers as described by the Centers for Medicare and Medicaid Services.

(d) This Section does not prohibit separate billing by ambulance service providers for oxygen furnished while providing advanced life support services.

(e) Beginning with services rendered on or after July 1, 2008, all providers of non-emergency medi-car and service car transportation must certify that the driver and employee attendant, as applicable, have completed a safety program approved by the Department to protect both the patient and the driver, prior to transporting a patient. The provider must maintain this certification in its records. The provider shall produce such documentation upon demand by the Department or its representative. Failure to produce documentation of such training shall result in recovery of any payments made by the Department for services rendered by a non-certified driver or employee attendant. Medi-car and service car providers must maintain legible documentation in their records of the driver and, as
applicable, employee attendant that actually transported the patient. Providers must recertify all drivers and employee attendants every 3 years.

Notwithstanding the requirements above, any public transportation provider of medi-car and service car transportation that receives federal funding under 49 U.S.C. 5307 and 5311 need not certify its drivers and employee attendants under this Section, since safety training is already federally mandated.

(f) With respect to any policy or program administered by the Department or its agent regarding approval of non-emergency medical transportation by ground ambulance service providers, including, but not limited to, the Non-Emergency Transportation Services Prior Approval Program (NETSPAP), the Department shall establish by rule a process by which ground ambulance service providers of non-emergency medical transportation may appeal any decision by the Department or its agent for which no denial was received prior to the time of transport that either (i) denies a request for approval for payment of non-emergency transportation by means of ground ambulance service or (ii) grants a request for approval of non-emergency transportation by means of ground ambulance service at a level of service that entitles the ground ambulance service provider to a lower level of compensation from the Department than the ground ambulance service provider would have received as compensation for the level of service requested. The rule shall be filed by December 15, 2012 established within 12 months after the effective date of this amendatory Act of the 97th General Assembly and shall provide that, for any decision rendered by the Department or its agent on or after the date the rule takes effect, the ground ambulance service provider shall have 60 days from the date the decision is received to file an appeal. The rule established by the Department shall be, insofar as is practical, consistent with the Illinois Administrative Procedure Act. The Director's decision on an appeal under this Section shall be a final administrative decision subject to review under the Administrative Review Law.

(g) Whenever a patient covered by a medical assistance program under this Code or by another medical program administered by the Department is being discharged from a facility, a physician discharge order as described in this Section shall be required for each patient whose discharge requires medically supervised ground ambulance services. Facilities shall develop procedures for a physician with medical staff privileges to provide a written and signed physician discharge order. The physician discharge order shall specify the level of ground ambulance

services needed and complete a medical certification establishing the
criteria for approval of non-emergency ambulance transportation, as
published by the Department of Healthcare and Family Services, that is
met by the patient. This order and the medical certification shall be
completed prior to ordering an ambulance service and prior to patient
discharge.

Pursuant to subsection (E) of Section 12-4.25 of this Code, the
Department is entitled to recover overpayments paid to a provider or
vendor, including, but not limited to, from the discharging physician, the
discharging facility, and the ground ambulance service provider, in
instances where a non-emergency ground ambulance service is rendered
as the result of improper or false certification.

(h) On and after July 1, 2012, the Department shall reduce any
rate of reimbursement for services or other payments or alter any
methodologies authorized by this Code to reduce any rate of
reimbursement for services or other payments in accordance with Section
5-5e.

Notwithstanding any other provision of this Code and subject to federal approval, the Department may adopt rules to allow a dentist who is volunteering his or her service at no cost to render dental services through an enrolled not-for-profit health clinic without the dentist personally enrolling as a participating provider in the medical assistance program. A not-for-profit health clinic shall include a public health clinic or Federally Qualified Health Center or other enrolled provider, as determined by the Department, through which dental services covered under this Section are performed. The Department shall establish a process for payment of claims for reimbursement for covered dental services rendered under this provision.

The Illinois Department, by rule, may distinguish and classify the medical services to be provided only in accordance with the classes of persons designated in Section 5-2.

The Department of Healthcare and Family Services must provide coverage and reimbursement for amino acid-based elemental formulas, regardless of delivery method, for the diagnosis and treatment of (i) eosinophilic disorders and (ii) short bowel syndrome when the prescribing physician has issued a written order stating that the amino acid-based elemental formula is medically necessary.

All screenings shall include a physical breast exam, instruction on self-examination and information regarding the frequency of self-examination and its value as a preventative tool. For purposes of this Section, "low-dose mammography" means the x-ray examination of the breast using equipment dedicated specifically for mammography, including the x-ray tube, filter, compression device, and image receptor, with an average radiation exposure delivery of less than one rad per breast for 2 views of an average size breast. The term also includes digital mammography.

On and after January 1, 2012, providers participating in a quality improvement program approved by the Department shall be reimbursed for screening and diagnostic mammography at the same rate as the Medicare program's rates, including the increased reimbursement for digital mammography.

The Department shall convene an expert panel including representatives of hospitals, free-standing mammography facilities, and doctors, including radiologists, to establish quality standards.

Subject to federal approval, the Department shall establish a rate methodology for mammography at federally qualified health centers and other encounter-rate clinics. These clinics or centers may also collaborate with other hospital-based mammography facilities.

The Department shall establish a methodology to remind women who are age-appropriate for screening mammography, but who have not received a mammogram within the previous 18 months, of the importance and benefit of screening mammography.

The Department shall establish a performance goal for primary care providers with respect to their female patients over age 40 receiving an annual mammogram. This performance goal shall be used to provide additional reimbursement in the form of a quality performance bonus to primary care providers who meet that goal.

The Department shall devise a means of case-managing or patient navigation for beneficiaries diagnosed with breast cancer. This program shall initially operate as a pilot program in areas of the State with the highest incidence of mortality related to breast cancer. The Department of Healthcare and Family Services shall assure coverage for the cost of treatment of the drug abuse or addiction for pregnant recipients in accordance with the Illinois Medicaid Program in conjunction with the Department of Human Services.

The Illinois Department, in cooperation with the Departments of Human Services (as successor to the Department of Alcoholism and Substance Abuse) and Public Health, through a public awareness campaign, may provide information concerning treatment for alcoholism and drug abuse and addiction, prenatal health care, and other pertinent programs directed at reducing the number of drug-affected infants born to recipients of medical assistance.

Neither the Department of Healthcare and Family Services nor the Department of Human Services shall sanction the recipient solely on the basis of her substance abuse.

Physician services must include prenatal and obstetrical care. The Illinois Department shall reimburse medical services delivered by Partnership providers to clients in target areas according to provisions of this Article and the Illinois Health Finance Reform Act, except that:

(1) Physicians participating in a Partnership and providing certain services, which shall be determined by the Illinois Department, to persons in areas covered by the Partnership may receive an additional surcharge for such services.

(2) The Department may elect to consider and negotiate financial incentives to encourage the development of Partnerships and the efficient delivery of medical care.

(3) Persons receiving medical services through Partnerships may receive medical and case management services above the level usually offered through the medical assistance program. Medical providers shall be required to meet certain qualifications to participate in Partnerships to ensure the delivery of high quality medical services. Nothing in this Section shall limit the free choice of practitioners, hospitals, and other providers of medical services by clients. In order to ensure patient freedom of choice, the Illinois Department shall immediately promulgate all rules and take all other necessary actions so that provided services may be accessed from therapeutically certified optometrists to the full extent of the Illinois Optometric Practice Act of 1987 without discriminating between service providers.

The Department shall apply for a waiver from the United States Health Care Financing Administration to allow for the implementation of Partnerships under this Section.

The Illinois Department shall require health care providers to maintain records that document the medical care and services provided to recipients of Medical Assistance under this Article. Such records must be retained for a period of not less than 6 years from the date of service or as provided by applicable State law, whichever period is longer, except that if an audit is initiated within the required retention period then the records must be retained until the audit is completed and every exception is resolved. The Illinois Department shall require health care providers to make available, when authorized by the patient, in writing, the medical records in a timely fashion to other health care providers who are treating or serving persons eligible for Medical Assistance under this Article. All dispensers of medical services shall be required to maintain and retain business and professional records sufficient to fully and accurately document the nature, scope, details and receipt of the health care provided to persons eligible for medical assistance under this Code, in accordance with regulations promulgated by the Illinois Department. The rules and regulations shall require that proof of the receipt of prescription drugs, dentures, prosthetic devices and eyeglasses by eligible persons under this Section accompany each claim for reimbursement submitted by the dispenser of such medical services. No such claims for reimbursement shall be approved for payment by the Illinois Department without such proof of receipt, unless the Illinois Department shall have put into effect and shall be operating a system of post-payment audit and review which shall, on a sampling basis, be deemed adequate by the Illinois Department to assure that such drugs, dentures, prosthetic devices and eyeglasses for

Within 90 days after the effective date of this amendatory Act of 1984, the Illinois Department shall establish a current list of acquisition costs for all prosthetic devices and any other items recognized as medical equipment and supplies reimbursable under this Article and shall update such list on a quarterly basis, except that the acquisition costs of all prescription drugs shall be updated no less frequently than every 30 days as required by Section 5-5.12.

The rules and regulations of the Illinois Department shall require that a written statement including the required opinion of a physician shall accompany any claim for reimbursement for abortions, or induced miscarriages or premature births. This statement shall indicate what procedures were used in providing such medical services.

The Illinois Department shall require all dispensers of medical services, other than an individual practitioner or group of practitioners, desiring to participate in the Medical Assistance program established under this Article to disclose all financial, beneficial, ownership, equity, surety or other interests in any and all firms, corporations, partnerships, associations, business enterprises, joint ventures, agencies, institutions or other legal entities providing any form of health care services in this State under this Article.

The Illinois Department may require that all dispensers of medical services desiring to participate in the medical assistance program established under this Article disclose, under such terms and conditions as the Illinois Department may by rule establish, all inquiries from clients and attorneys regarding medical bills paid by the Illinois Department, which inquiries could indicate potential existence of claims or liens for the Illinois Department.

Enrollment of a vendor that provides non-emergency medical transportation, defined by the Department by rule, shall be subject to a provisional period and shall be conditional for one year. During the period of conditional enrollment that time, the Department of Healthcare and Family Services may terminate the vendor's eligibility to participate in, or may disenroll the vendor from, the medical assistance program without cause. Unless otherwise specified, such termination of eligibility or disenrollment is not subject to the Department's hearing process. However, a disenrolled vendor may reapply without penalty.

The Department has the discretion to limit the conditional enrollment period for vendors based upon category of risk of the vendor.

New matter indicated by italics - deletions by strikeout
Prior to enrollment and during the conditional enrollment period in the medical assistance program, all vendors shall be subject to enhanced oversight, screening, and review based on the risk of fraud, waste, and abuse that is posed by the category of risk of the vendor. The Illinois Department shall establish the procedures for oversight, screening, and review, which may include, but need not be limited to: criminal and financial background checks; fingerprinting; license, certification, and authorization verifications; unscheduled or unannounced site visits; database checks; prepayment audit reviews; audits; payment caps; payment suspensions; and other screening as required by federal or State law.

To be eligible for payment consideration, a vendor's payment claim or bill, either as an initial claim or as a resubmitted claim following prior rejection, must be received by the Illinois Department, or its fiscal intermediary, no later than 180 days after the latest date on the claim on which medical goods or services were provided, with the following exceptions:

(1) In the case of a provider whose enrollment is in process by the Illinois Department, the 180-day period shall not begin until the date on the written notice from the Illinois Department that the provider enrollment is complete.

(2) In the case of errors attributable to the Illinois Department or any of its claims processing intermediaries which result in an inability to receive, process, or adjudicate a claim, the 180-day period shall not begin until the provider has been notified of the error.

(3) In the case of a provider for whom the Illinois Department initiates the monthly billing process.

For claims for services rendered during a period for which a recipient received retroactive eligibility, claims must be filed within 180

In the case of long term care facilities, admission documents shall be submitted within 30 days of an admission to the facility through the Medical Electronic Data Interchange (MEDI) or the Recipient Eligibility Verification (REV) System, or shall be submitted directly to the Department of Human Services using required admission forms. Confirmation numbers assigned to an accepted transaction shall be retained by a facility to verify timely submittal. Once an admission transaction has been completed, all resubmitted claims following prior rejection are subject to receipt no later than 180 days after the admission transaction has been completed.

Claims that are not submitted and received in compliance with the foregoing requirements shall not be eligible for payment under the medical assistance program, and the State shall have no liability for payment of those claims.

To the extent consistent with applicable information and privacy, security, and disclosure laws, State and federal agencies and departments shall provide the Illinois Department access to confidential and other information and data necessary to perform eligibility and payment verifications and other Illinois Department functions. Such a request for information shall not be considered as a request for proposal or as an obligation on the part of the Illinois Department to take any action or acquire any products or services.

The Illinois Department shall establish policies, procedures, standards and criteria by rule for the acquisition, repair and replacement of orthotic and prosthetic devices and durable medical equipment. Such rules shall provide, but not be limited to, the following services: (1) immediate repair or replacement of such devices by recipients without medical authorization; and (2) rental, lease, purchase or lease-purchase of durable medical equipment in a cost-effective manner, taking into consideration the recipient's medical prognosis, the extent of the recipient's needs, and the requirements and costs for maintaining such equipment. In order to select the minimum level of care eligibility criteria, the Governor shall establish a workgroup that includes affected agency representatives and stakeholders representing the institutional and home and community-based long term care interests. This Section shall not restrict the Department from implementing lower level of care eligibility criteria for community-based services in circumstances where federal approval has been granted.

Sec. 5-5.02. Hospital reimbursements.

(a) Reimbursement to Hospitals; July 1, 1992 through September 30, 1992. Notwithstanding any other provisions of this Code or the Illinois Department's Rules promulgated under the Illinois Administrative Procedure Act, reimbursement to hospitals for services provided during the period July 1, 1992 through September 30, 1992, shall be as follows:

1. For inpatient hospital services rendered, or if applicable, for inpatient hospital discharges occurring, on or after July 1, 1992 and on or before September 30, 1992, the Illinois Department shall reimburse hospitals for inpatient services under the reimbursement methodologies in effect for each hospital, and at the inpatient payment rate calculated for each hospital, as of June 30, 1992. For purposes of this paragraph, "reimbursement methodologies" means all reimbursement methodologies that pertain to the provision of inpatient hospital services, including, but not limited to, any adjustments for disproportionate share, targeted access, critical care access and uncompensated care, as defined by the Illinois Department on June 30, 1992.

2. For the purpose of calculating the inpatient payment rate for each hospital eligible to receive quarterly adjustment payments for targeted access and critical care, as defined by the Illinois Department on June 30, 1992, the adjustment payment for the period July 1, 1992 through September 30, 1992, shall be 25% of the annual adjustment payments calculated for each eligible hospital, as of June 30, 1992. The Illinois Department shall
determine by rule the adjustment payments for targeted access and critical care beginning October 1, 1992.

(3) For the purpose of calculating the inpatient payment rate for each hospital eligible to receive quarterly adjustment payments for uncompensated care, as defined by the Illinois Department on June 30, 1992, the adjustment payment for the period August 1, 1992 through September 30, 1992, shall be one-sixth of the total uncompensated care adjustment payments calculated for each eligible hospital for the uncompensated care rate year, as defined by the Illinois Department, ending on July 31, 1992. The Illinois Department shall determine by rule the adjustment payments for uncompensated care beginning October 1, 1992.

(b) Inpatient payments. For inpatient services provided on or after October 1, 1993, in addition to rates paid for hospital inpatient services pursuant to the Illinois Health Finance Reform Act, as now or hereafter amended, or the Illinois Department's prospective reimbursement methodology, or any other methodology used by the Illinois Department for inpatient services, the Illinois Department shall make adjustment payments, in an amount calculated pursuant to the methodology described in paragraph (c) of this Section, to hospitals that the Illinois Department determines satisfy any one of the following requirements:

(1) Hospitals that are described in Section 1923 of the federal Social Security Act, as now or hereafter amended; or

(2) Illinois hospitals that have a Medicaid inpatient utilization rate which is at least one-half a standard deviation above the mean Medicaid inpatient utilization rate for all hospitals in Illinois receiving Medicaid payments from the Illinois Department; or

(3) Illinois hospitals that on July 1, 1991 had a Medicaid inpatient utilization rate, as defined in paragraph (h) of this Section, that was at least the mean Medicaid inpatient utilization rate for all hospitals in Illinois receiving Medicaid payments from the Illinois Department and which were located in a planning area with one-third or fewer excess beds as determined by the Health Facilities and Services Review Board, and that, as of June 30, 1992, were located in a federally designated Health Manpower Shortage Area; or

(4) Illinois hospitals that:
(A) have a Medicaid inpatient utilization rate that is at least equal to the mean Medicaid inpatient utilization rate for all hospitals in Illinois receiving Medicaid payments from the Department; and

(B) also have a Medicaid obstetrical inpatient utilization rate that is at least one standard deviation above the mean Medicaid obstetrical inpatient utilization rate for all hospitals in Illinois receiving Medicaid payments from the Department for obstetrical services; or

(5) Any children's hospital, which means a hospital devoted exclusively to caring for children. A hospital which includes a facility devoted exclusively to caring for children shall be considered a children's hospital to the degree that the hospital's Medicaid care is provided to children if either (i) the facility devoted exclusively to caring for children is separately licensed as a hospital by a municipality prior to September 30, 1998 or (ii) the hospital has been designated by the State as a Level III perinatal care facility, has a Medicaid Inpatient Utilization rate greater than 55% for the rate year 2003 disproportionate share determination, and has more than 10,000 qualified children days as defined by the Department in rulemaking.

(c) Inpatient adjustment payments. The adjustment payments required by paragraph (b) shall be calculated based upon the hospital's Medicaid inpatient utilization rate as follows:

(1) hospitals with a Medicaid inpatient utilization rate below the mean shall receive a per day adjustment payment equal to $25;

(2) hospitals with a Medicaid inpatient utilization rate that is equal to or greater than the mean Medicaid inpatient utilization rate but less than one standard deviation above the mean Medicaid inpatient utilization rate shall receive a per day adjustment payment equal to the sum of $25 plus $1 for each one percent that the hospital's Medicaid inpatient utilization rate exceeds the mean Medicaid inpatient utilization rate;

In addition to the adjustment payments described in paragraph (c), hospitals as defined in clauses (1) through (5) of paragraph (b), excluding county hospitals (as defined in subsection (c) of Section 15-1 of this Code) and a hospital organized under the University of Illinois Hospital Act, shall be paid supplemental inpatient adjustment payments of $60 per day. For purposes of Title XIX of the federal Social Security Act, these supplemental adjustment payments shall not be classified as adjustment payments to disproportionate share hospitals.

(e) The inpatient adjustment payments described in paragraphs (c) and (d) shall be increased on October 1, 1993 and annually thereafter by a percentage equal to the lesser of (i) the increase in the DRI hospital cost index for the most recent 12 month period for which data are available, or (ii) the percentage increase in the statewide average hospital payment rate over the previous year's statewide average hospital payment rate. The sum of the inpatient adjustment payments under paragraphs (c) and (d) to a hospital, other than a county hospital (as defined in subsection (c) of Section 15-1 of this Code) or a hospital organized under the University of Illinois Hospital Act, however, shall not exceed $275 per day; that limit shall be increased on October 1, 1993 and annually thereafter by a percentage equal to the lesser of (i) the increase in the DRI hospital cost index for the most recent 12-month period for which data are available or (ii) the percentage increase in the statewide average hospital payment rate over the previous year's statewide average hospital payment rate.

(f) Children's hospital inpatient adjustment payments. For children's hospitals, as defined in clause (5) of paragraph (b), the adjustment payments required pursuant to paragraphs (c) and (d) shall be multiplied by 2.0.
(g) County hospital inpatient adjustment payments. For county hospitals, as defined in subsection (c) of Section 15-1 of this Code, there shall be an adjustment payment as determined by rules issued by the Illinois Department.

(h) For the purposes of this Section the following terms shall be defined as follows:

(1) "Medicaid inpatient utilization rate" means a fraction, the numerator of which is the number of a hospital's inpatient days provided in a given 12-month period to patients who, for such days, were eligible for Medicaid under Title XIX of the federal Social Security Act, and the denominator of which is the total number of the hospital's inpatient days in that same period.

(2) "Mean Medicaid inpatient utilization rate" means the total number of Medicaid inpatient days provided by all Illinois Medicaid-participating hospitals divided by the total number of inpatient days provided by those same hospitals.

(3) "Medicaid obstetrical inpatient utilization rate" means the ratio of Medicaid obstetrical inpatient days to total Medicaid inpatient days for all Illinois hospitals receiving Medicaid payments from the Illinois Department.

Sec. 5-5.3. Conditions of Payment - Prospective Rates - Accounting Principles. This amendatory Act establishes certain conditions for the Department of Healthcare and Family Services in instituting rates for the care of recipients of medical assistance in nursing facilities and ICF/DDs. Such conditions shall assure a method under which the payment for nursing facility and ICF/DD services provided to recipients under the Medical Assistance Program shall be on a reasonable cost related basis, which is prospectively determined at least annually by the Department of Public Aid (now Healthcare and Family Services). The annually established payment rate shall take effect on July 1 in 1984 and subsequent years. There shall be no rate increase during calendar year 1983 and the first six months of calendar year 1984.

The determination of the payment shall be made on the basis of generally accepted accounting principles that shall take into account the actual costs to the facility of providing nursing facility and ICF/DD services to recipients under the medical assistance program.

The resultant total rate for a specified type of service shall be an amount which shall have been determined to be adequate to reimburse allowable costs of a facility that is economically and efficiently operated. The Department shall establish an effective date for each facility or group of facilities after which rates shall be paid on a reasonable cost related basis which shall be no sooner than the effective date of this amendatory Act of 1977.

On and after July 1, 2012, the Department shall reduce any rate of reimbursement for services or other payments or alter any methodologies authorized by this Code to reduce any rate of reimbursement for services or other payments in accordance with Section 5-5e.

Sec. 5-5.4. Standards of Payment - Department of Healthcare and Family Services. The Department of Healthcare and Family Services shall develop standards of payment of nursing facility and ICF/DD services in facilities providing such services under this Article which:

(1) Provide for the determination of a facility's payment for nursing facility or ICF/DD services on a prospective basis. The amount of the payment rate for all nursing facilities certified by the Department of Public Health under the ID/DD Community Care Act or the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities, Long Term Care for Under Age 22 facilities, Skilled Nursing facilities, or Intermediate Care facilities under the medical assistance program shall be prospectively established annually on the basis of historical, financial, and statistical data reflecting actual costs from prior years, which shall be applied to the current rate year and updated for inflation, except that the capital cost element for newly constructed facilities shall be based upon projected budgets. The annually established payment rate shall take effect on July 1 in 1984 and subsequent years. No rate increase and no update for inflation shall be provided on or after July 1, 1994 and before July 1, 2012, unless specifically provided for in this Section. The changes made by Public Act 93-841 extending the duration of the prohibition against a rate increase or update for inflation are effective retroactive to July 1, 2004.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on July 1, 1998 shall include an increase of 3%. For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Skilled Nursing facilities or Intermediate Care facilities, the rates taking effect on July 1, 1998 shall include an increase of 3% plus $1.10 per resident-day, as defined by the Department. For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care Facilities for the Developmentally Disabled or Long Term Care for Under Age 22 facilities, the rates taking effect on January 1, 2006 shall include an increase of 3%. For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care Facilities for the Developmentally Disabled or Long Term Care for Under Age 22 facilities, the rates taking effect on January 1, 2009 shall include an increase sufficient to provide a $0.50 per hour wage increase for non-executive staff.
For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on July 1, 1999 shall include an increase of 1.6% plus $3.00 per resident-day, as defined by the Department. For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Skilled Nursing facilities or Intermediate Care facilities, the rates taking effect on July 1, 1999 shall include an increase of 1.6% and, for services provided on or after October 1, 1999, shall be increased by $4.00 per resident-day, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on July 1, 2000 shall include an increase of 2.5% per resident-day, as defined by the Department. For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Skilled Nursing facilities or Intermediate Care facilities, the rates taking effect on July 1, 2000 shall include an increase of 2.5% per resident-day, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, a new payment methodology must be implemented for the nursing component of the rate effective July 1, 2003. The Department of Public Aid (now Healthcare and Family Services) shall develop the new payment methodology using the Minimum Data Set (MDS) as the instrument to collect information concerning nursing home resident condition necessary to compute the rate. The Department shall develop the new payment methodology to meet the unique needs of Illinois nursing home residents while remaining subject to the appropriations provided by the General Assembly. A transition period from the payment methodology in effect on June 30, 2003 to the payment methodology in effect on July 1, 2003 shall be provided for a period not exceeding 3 years and 184 days after implementation of the new payment methodology as follows:

(A) For a facility that would receive a lower nursing component rate per patient day under the new system than the facility received effective on the date immediately preceding the date that the Department implements the new payment methodology, the nursing component rate per patient day for the facility shall be held at the level in effect on the date immediately
preceding the date that the Department implements the new payment methodology until a higher nursing component rate of reimbursement is achieved by that facility.

(B) For a facility that would receive a higher nursing component rate per patient day under the payment methodology in effect on July 1, 2003 than the facility received effective on the date immediately preceding the date that the Department implements the new payment methodology, the nursing component rate per patient day for the facility shall be adjusted.

(C) Notwithstanding paragraphs (A) and (B), the nursing component rate per patient day for the facility shall be adjusted subject to appropriations provided by the General Assembly.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on March 1, 2001 shall include a statewide increase of 7.85%, as defined by the Department.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, except facilities participating in the Department's demonstration program pursuant to the provisions of Title 77, Part 300, Subpart T of the Illinois Administrative Code, the numerator of the ratio used by the Department of Healthcare and Family Services to compute the rate payable under this Section using the Minimum Data Set (MDS) methodology shall incorporate the following annual amounts as the additional funds appropriated to the Department specifically to pay for rates based on the MDS nursing component methodology in excess of the funding in effect on December 31, 2006:

(i) For rates taking effect January 1, 2007, $60,000,000.
(ii) For rates taking effect January 1, 2008, $110,000,000.
(iii) For rates taking effect January 1, 2009, $194,000,000.
(iv) For rates taking effect April 1, 2011, or the first day of the month that begins at least 45 days after the effective date of this amendatory Act of the 96th General Assembly, $416,500,000 or an amount as may be necessary to complete the transition to the MDS methodology for the nursing component of the rate. Increased payments under this item (iv) are not due and payable, however, until (i) the methodologies described in this paragraph are

approved by the federal government in an appropriate State Plan amendment and (ii) the assessment imposed by Section 5B-2 of this Code is determined to be a permissible tax under Title XIX of the Social Security Act.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the support component of the rates taking effect on January 1, 2008 shall be computed using the most recent cost reports on file with the Department of Healthcare and Family Services no later than April 1, 2005, updated for inflation to January 1, 2006.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on April 1, 2002 shall include a statewide increase of 2.0%, as defined by the Department. This increase terminates on July 1, 2002; beginning July 1, 2002 these rates are reduced to the level of the rates in effect on March 31, 2002, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the rates taking effect on July 1, 2001 shall be computed using the most recent cost reports on file with the Department of Public Aid no later than April 1, 2000, updated for inflation to January 1, 2001. For rates effective July 1, 2001 only, rates shall be the greater of the rate computed for July 1, 2001 or the rate effective on June 30, 2001.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the Illinois Department shall determine by rule the rates taking effect on July 1, 2002, which shall be 5.9% less than the rates in effect on June 30, 2002.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, if the payment methodologies required under Section 5A-12 and the waiver granted under 42 CFR 433.68 are approved by the United States Centers for Medicare and Medicaid Services, the rates taking effect on July 1, 2004 shall be 3.0% greater than the rates in effect on June 30, 2004. These rates shall take effect only upon approval and implementation of the payment methodologies required under Section 5A-12.

Notwithstanding any other provisions of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the rates taking effect on January 1, 2005 shall be 3% more than the rates in effect on December 31, 2004.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, effective January 1, 2009, the per diem support component of the rates effective on January 1, 2008, computed using the most recent cost reports on file with the Department of Healthcare and Family Services no later than April 1, 2005, updated for inflation to January 1, 2006, shall be increased to the amount that would have been derived using standard Department of Healthcare and Family Services methods, procedures, and inflators.

Notwithstanding any other provisions of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as intermediate care facilities that are federally defined as Institutions for Mental Disease, or facilities licensed by the Department of Public Health under the Specialized Mental Health Rehabilitation Facilities Act, a socio-development component rate equal to 6.6% of the facility's nursing component rate as of January 1, 2006 shall be established and paid effective July 1, 2006. The socio-development component of the rate shall be increased by a factor of 2.53 on the first day of the month that begins at least 45 days after January 11, 2008 (the effective date of Public Act 95-707). As of August 1, 2008, the socio-development component rate shall be equal to 6.6% of the facility's nursing component rate as of January 1, 2006, multiplied by a factor of 3.53. For services provided on or after April 1, 2011, or the first day of the month that begins at least 45 days after the effective date of this amendatory Act of the 96th General Assembly, whichever is later, the Illinois Department may by rule adjust these socio-development component rates, and may use different adjustment methodologies for those facilities participating, and those not participating, in the Illinois Department's demonstration program pursuant to the provisions of Title 77, Part 300, Subpart T of the Illinois Administrative Code, but in no case may such rates be diminished below those in effect on August 1, 2008.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or as long-term care facilities for residents under 22...
years of age, the rates taking effect on July 1, 2003 shall include a statewide increase of 4%, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on the first day of the month that begins at least 45 days after the effective date of this amendatory Act of the 95th General Assembly shall include a statewide increase of 2.5%, as defined by the Department.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, effective January 1, 2005, facility rates shall be increased by the difference between (i) a facility's per diem property, liability, and malpractice insurance costs as reported in the cost report filed with the Department of Public Aid and used to establish rates effective July 1, 2001 and (ii) those same costs as reported in the facility's 2002 cost report. These costs shall be passed through to the facility without caps or limitations, except for adjustments required under normal auditing procedures.

Rates established effective each July 1 shall govern payment for services rendered throughout that fiscal year, except that rates established on July 1, 1996 shall be increased by 6.8% for services provided on or after January 1, 1997. Such rates will be based upon the rates calculated for the year beginning July 1, 1990, and for subsequent years thereafter until June 30, 2001 shall be based on the facility cost reports for the facility fiscal year ending at any point in time during the previous calendar year, updated to the midpoint of the rate year. The cost report shall be on file with the Department no later than April 1 of the current rate year. Should the cost report not be on file by April 1, the Department shall base the rate on the latest cost report filed by each skilled care facility and intermediate care facility, updated to the midpoint of the current rate year. In determining rates for services rendered on and after July 1, 1985, fixed time shall not be computed at less than zero. The Department shall not make any alterations of regulations which would reduce any component of the Medicaid rate to a level below what that component would have been utilizing in the rate effective on July 1, 1984.

(3) Shall take into account the medical and psycho-social characteristics and needs of the patients.

(4) Shall take into account the actual costs incurred by facilities in meeting licensing and certification standards imposed and prescribed by the State of Illinois, any of its political subdivisions or municipalities and by the U.S. Department of Health and Human Services pursuant to Title XIX of the Social Security Act.

The Department of Healthcare and Family Services shall develop precise standards for payments to reimburse nursing facilities for any utilization of appropriate rehabilitative personnel for the provision of rehabilitative services which is authorized by federal regulations, including reimbursement for services provided by qualified therapists or qualified assistants, and which is in accordance with accepted professional practices. Reimbursement also may be made for utilization of other supportive personnel under appropriate supervision.

The Department shall develop enhanced payments to offset the additional costs incurred by a facility serving exceptional need residents and shall allocate at least $8,000,000 of the funds collected from the assessment established by Section 5B-2 of this Code for such payments. For the purpose of this Section, "exceptional needs" means, but need not be limited to, ventilator care, tracheotomy care, bariatric care, complex wound care, and traumatic brain injury care. The enhanced payments for exceptional need residents under this paragraph are not due and payable, however, until (i) the methodologies described in this paragraph are approved by the federal government in an appropriate State Plan amendment and (ii) the assessment imposed by Section 5B-2 of this Code is determined to be a permissible tax under Title XIX of the Social Security Act.

(5) Beginning January 1, 2014 the methodologies for reimbursement of nursing facility services as provided under this Section 5-5.4 shall no longer be applicable for services provided on or after January 1, 2014 bills payable for State fiscal years 2012 and thereafter.

(6) No payment increase under this Section for the MDS methodology, exceptional care residents, or the socio-development component rate established by Public Act 96-1530 of the 96th General Assembly and funded by the assessment imposed under Section 5B-2 of this Code shall be due and payable until after the Department notifies the long-term care providers, in writing, that the payment methodologies to long-term care providers required under this Section have been approved.

Sec. 5-5.5. Elements of Payment Rate.
(a) The Department of Healthcare and Family Services shall develop a prospective method for determining payment rates for nursing facility and ICF/DD services in nursing facilities composed of the following cost elements:

   (1) Standard Services, with the cost of this component being determined by taking into account the actual costs to the facilities of these services subject to cost ceilings to be defined in the Department's rules.

   (2) Resident Services, with the cost of this component being determined by taking into account the actual costs, needs and utilization of these services, as derived from an assessment of the resident needs in the nursing facilities.

   (3) Ancillary Services, with the payment rate being developed for each individual type of service. Payment shall be made only when authorized under procedures developed by the Department of Healthcare and Family Services.

   (4) Nurse's Aide Training, with the cost of this component being determined by taking into account the actual cost to the facilities of such training.

   (5) Real Estate Taxes, with the cost of this component being determined by taking into account the figures contained in the most currently available cost reports (with no imposition of maximums) updated to the midpoint of the current rate year for long term care services rendered between July 1, 1984 and June 30, 1985, and with the cost of this component being determined by taking into account the actual 1983 taxes for which the nursing homes were assessed (with no imposition of maximums) updated to the midpoint of the current rate year for long term care services rendered between July 1, 1985 and June 30, 1986.

(b) In developing a prospective method for determining payment rates for nursing facility and ICF/DD services in nursing facilities and ICF/DDs, the Department of Healthcare and Family Services shall consider the following cost elements:

New matter indicated by italics - deletions by strikeout
(1) Reasonable capital cost determined by utilizing incurred interest rate and the current value of the investment, including land, utilizing composite rates, or by utilizing such other reasonable cost related methods determined by the Department. However, beginning with the rate reimbursement period effective July 1, 1987, the Department shall be prohibited from establishing, including, and implementing any depreciation factor in calculating the capital cost element.

(2) Profit, with the actual amount being produced and accruing to the providers in the form of a return on their total investment, on the basis of their ability to economically and efficiently deliver a type of service. The method of payment may assure the opportunity for a profit, but shall not guarantee or establish a specific amount as a cost.

(c) The Illinois Department may implement the amendatory changes to this Section made by this amendatory Act of 1991 through the use of emergency rules in accordance with the provisions of Section 5.02 of the Illinois Administrative Procedure Act. For purposes of the Illinois Administrative Procedure Act, the adoption of rules to implement the amendatory changes to this Section made by this amendatory Act of 1991 shall be deemed an emergency and necessary for the public interest, safety and welfare.

(d) No later than January 1, 2001, the Department of Public Aid shall file with the Joint Committee on Administrative Rules, pursuant to the Illinois Administrative Procedure Act, a proposed rule, or a proposed amendment to an existing rule, regarding payment for appropriate services, including assessment, care planning, discharge planning, and treatment provided by nursing facilities to residents who have a serious mental illness.

Sec. 5-5.8b. Payment to Campus Facilities. There is hereby established a separate payment category for campus facilities. A "campus
facility" is defined as an entity which consists of a long term care facility (or group of facilities if the facilities are on the same contiguous parcel of real estate) which meets all of the following criteria as of May 1, 1987: the entity provides care for both children and adults; residents of the entity reside in three or more separate buildings with congregate and small group living arrangements on a single campus; the entity provides three or more separate licensed levels of care; the entity (or a part of the entity) is enrolled with the Department of Healthcare and Family Services as a provider of long term care services and receives payments from that Department; the entity (or a part of the entity) receives funding from the Department of Human Services; and the entity (or a part of the entity) holds a current license as a child care institution issued by the Department of Children and Family Services.

The Department of Healthcare and Family Services, the Department of Human Services, and the Department of Children and Family Services shall develop jointly a rate methodology or methodologies for campus facilities. Such methodology or methodologies may establish a single rate to be paid by all the agencies, or a separate rate to be paid by each agency, or separate components to be paid to different parts of the campus facility. All campus facilities shall receive the same rate of payment for similar services. Any methodology developed pursuant to this section shall take into account the actual costs to the facility of providing services to residents, and shall be adequate to reimburse the allowable costs of a campus facility which is economically and efficiently operated. Any methodology shall be established on the basis of historical, financial, and statistical data submitted by campus facilities, and shall take into account the actual costs incurred by campus facilities in providing services, and in meeting licensing and certification standards imposed and prescribed by the State of Illinois, any of its political subdivisions or municipalities and by the United States Department of Health and Human Services. Rates may be established on a prospective or retrospective basis. Any methodology shall provide reimbursement for appropriate payment elements, including the following: standard services, patient services, real estate taxes, and capital costs.

On and after July 1, 2012, the Department shall reduce any rate of reimbursement for services or other payments or alter any methodologies authorized by this Code to reduce any rate of reimbursement for services or other payments in accordance with Section 5-5e.

(b) Pharmacies providing prescription drugs under this Article shall be reimbursed at a rate which shall include a professional dispensing fee as determined by the Illinois Department, plus the current acquisition cost of the prescription drug dispensed. The Illinois Department shall update its information on the acquisition costs of all prescription drugs no less frequently than every 30 days. However, the Illinois Department may set the rate of reimbursement for the acquisition cost, by rule, at a percentage of the current average wholesale acquisition cost.

(c) (Blank).

(d) The Department shall not impose requirements for prior approval based on a preferred drug list for anti-retroviral, anti-hemophilia factor concentrates, or any atypical antipsychotics, conventional antipsychotics, or anticonvulsants used for the treatment of serious mental illnesses until 30 days after it has conducted a study of the impact of such requirements on patient care and submitted a report to the Speaker of the House of Representatives and the President of the Senate. The Department shall review utilization of narcotic medications in the medical assistance program and impose utilization controls that protect against abuse.

(e) When making determinations as to which drugs shall be on a prior approval list, the Department shall include as part of the analysis for this determination, the degree to which a drug may affect individuals in different ways based on factors including the gender of the person taking the medication.

(f) The Department shall cooperate with the Department of Public Health and the Department of Human Services Division of Mental Health in identifying psychotropic medications that, when given in a particular form, manner, duration, or frequency (including "as needed") in a dosage, or in conjunction with other psychotropic medications to a nursing home resident or to a resident of a facility licensed under the ID/DD MR/DD Community Care Act, may constitute a chemical restraint or an "unnecessary drug" as defined by the Nursing Home Care Act or Titles XVIII and XIX of the Social Security Act and the implementing rules and regulations. The Department shall require prior approval for any such
medication prescribed for a nursing home resident or to a resident of a facility licensed under the ID/DD MR/DD Community Care Act, that appears to be a chemical restraint or an unnecessary drug. The Department shall consult with the Department of Human Services Division of Mental Health in developing a protocol and criteria for deciding whether to grant such prior approval.

(g) The Department may by rule provide for reimbursement of the dispensing of a 90-day supply of a generic or brand name, non-narcotic maintenance medication in circumstances where it is cost effective.

(g-5) On and after July 1, 2012, the Department may require the dispensing of drugs to nursing home residents be in a 7-day supply or other amount less than a 31-day supply. The Department shall pay only one dispensing fee per 31-day supply.

(h) Effective July 1, 2011, the Department shall discontinue coverage of select over-the-counter drugs, including analgesics and cough and cold and allergy medications.

(h-5) On and after July 1, 2012, the Department shall impose utilization controls, including, but not limited to, prior approval on specialty drugs, oncolytic drugs, drugs for the treatment of HIV or AIDS, immunosuppressant drugs, and biological products in order to maximize savings on these drugs. The Department may adjust payment methodologies for non-pharmacy billed drugs in order to incentivize the selection of lower-cost drugs. For drugs for the treatment of AIDS, the Department shall take into consideration the potential for non-adherence by certain populations, and shall develop protocols with organizations or providers primarily serving those with HIV/AIDS, as long as such measures intend to maintain cost neutrality with other utilization management controls such as prior approval. For hemophilia, the Department shall develop a program of utilization review and control which may include, in the discretion of the Department, prior approvals. The Department may impose special standards on providers that dispense blood factors which shall include, in the discretion of the Department, staff training and education; patient outreach and education; case management; in-home patient assessments; assay management; maintenance of stock; emergency dispensing timeframes; data collection and reporting; dispensing of supplies related to blood factor infusions; cold chain management and packaging practices; care coordination; product recalls; and emergency clinical consultation. (i) (Blank). The Department shall seek any necessary waiver from the federal government in order to establish a program limiting the pharmacies eligible to dispense specialty drugs and shall issue a Request for Proposals in order to maximize savings on these drugs. The Department shall by rule establish the drugs required to be dispensed in this program.

(j) On and after July 1, 2012, the Department shall impose limitations on prescription drugs such that the Department shall not provide reimbursement for more than 4 prescriptions, including 3 brand name prescriptions, for distinct drugs in a 30-day period, unless prior approval is received for all prescriptions in excess of the 4-prescription limit. Drugs in the following therapeutic classes shall not be subject to prior approval as a result of the 4-prescription limit: immunosuppressant drugs, oncolytic drugs, and anti-retroviral drugs.

(k) No medication therapy management program implemented by the Department shall be contrary to the provisions of the Pharmacy Practice Act.

(l) Any provider enrolled with the Department that bills the Department for outpatient drugs and is eligible to enroll in the federal Drug Pricing Program under Section 340B of the federal Public Health Services Act shall enroll in that program. Sec. 5-17. Programs to improve access to hospital care.
(a) (1) The General Assembly finds:
   (A) That while hospitals have traditionally provided charitable care to indigent patients, this burden is not equally borne by all hospitals operating in this State. Some hospitals continue to provide significant amounts of care to low-income persons while others provide very little such care; and
   (B) That access to hospital care in this State by the indigent citizens of Illinois would be seriously impaired by the closing of hospitals that provide significant amounts of care to low-income persons.

(2) To help expand the availability of hospital care for all citizens of this State, it is the policy of the State to implement programs that more equitably distribute the burden of providing hospital care to Illinois' low-income population and that improve access to health care in Illinois.

(3) The Illinois Department may develop and implement a program that lessens the burden of providing hospital care to Illinois' low-income population, taking into account the costs that must be incurred by hospitals providing significant amounts of care to low-income persons, and may develop adjustments to increase rates to improve access to health care in Illinois. The Illinois Department shall prescribe by rule the criteria, standards and procedures for effecting such adjustments in the rates of hospital payments for services provided to eligible low-income persons (under Articles V, VI and VII of this Code) under this Article.
(b) The Illinois Department shall require hospitals certified to participate in the federal Medicaid program to:
   (1) provide equal access to available services to low-income persons who are eligible for assistance under Articles V, VI and VII of this Code;
(2) provide data and reports on the provision of uncompensated care.
(c) From the effective date of this amendatory Act of 1992 until July 1, 1992, nothing in this Section 5-17 shall be construed as creating a private right of action on behalf of any individual.

Sec. 5-24. Disease management programs and services for chronic conditions; pilot project.

(a) In this Section, "disease management programs and services" means services administered to patients in order to improve their overall health and to prevent clinical exacerbations and complications, using cost-effective, evidence-based practice guidelines and patient self-management strategies. Disease management programs and services include all of the following:

(1) A population identification process.

(2) Evidence-based or consensus-based clinical practice guidelines, risk identification, and matching of interventions with clinical need.

(3) Patient self-management and disease education.

(4) Process and outcomes measurement, evaluation, management, and reporting.

(b) Subject to appropriations, the Department of Healthcare and Family Services may undertake a pilot project to study patient outcomes, for patients with chronic diseases or patients at risk of low birth weight or premature birth, associated with the use of disease management programs and services for chronic condition management. "Chronic diseases" include, but are not limited to, diabetes, congestive heart failure, and chronic obstructive pulmonary disease. Low birth weight and premature birth include all medical and other conditions that lead to poor birth outcomes or problematic pregnancies.

(c) The disease management programs and services pilot project shall examine whether chronic disease management programs and services for patients with specific chronic conditions do any or all of the following:

Sec. 5-30. Care coordination.

(a) At least 50% of recipients eligible for comprehensive medical benefits in all medical assistance programs or other health benefit programs administered by the Department, including the Children's Health Insurance Program Act and the Covering ALL KIDS Health Insurance Act, shall be enrolled in a care coordination program by no later than January 1, 2015. For purposes of this Section, "coordinated care" or "care coordination" means delivery systems where recipients will receive their care from providers who participate under contract in integrated delivery systems that are responsible for providing or arranging the majority of care, including primary care physician services, referrals from primary care physicians, diagnostic and treatment services, behavioral health services, in-patient and outpatient hospital services, dental services, and rehabilitation and long-term care services. The Department shall designate or contract for such integrated delivery systems (i) to ensure enrollees have a choice of systems and of primary care providers within such systems; (ii) to ensure that enrollees receive quality care in a culturally and linguistically appropriate manner; and (iii) to ensure that coordinated care programs meet the diverse needs of enrollees with developmental, mental health, physical, and age-related disabilities.
(b) Payment for such coordinated care shall be based on arrangements where the State pays for performance related to health care outcomes, the use of evidence-based practices, the use of primary care delivered through comprehensive medical homes, the use of electronic medical records, and the appropriate exchange of health information electronically made either on a capitated basis in which a fixed monthly premium per recipient is paid and full financial risk is assumed for the delivery of services, or through other risk-based payment arrangements.

(c) To qualify for compliance with this Section, the 50% goal shall be achieved by enrolling medical assistance enrollees from each medical assistance enrollment category, including parents, children, seniors, and people with disabilities to the extent that current State Medicaid payment laws would not limit federal matching funds for recipients in care coordination programs. In addition, services must be more comprehensively defined and more risk shall be assumed than in the Department's primary care case management program as of the effective date of this amendatory Act of the 96th General Assembly.

(d) The Department shall report to the General Assembly in a separate part of its annual medical assistance program report, beginning April, 2012 until April, 2016, on the progress and implementation of the care coordination program initiatives established by the provisions of this amendatory Act of the 96th General Assembly. The Department shall include in its April 2011 report a full analysis of federal laws or regulations regarding upper payment limitations to providers and the necessary revisions or adjustments in rate methodologies and payments to providers under this Code that would be necessary to implement coordinated care with full financial risk by a party other than the Department.

(e) Integrated Care Program for individuals with chronic mental health conditions.

(1) The Integrated Care Program shall encompass services administered to recipients of medical assistance under this Article to prevent exacerbations and complications using cost-effective, evidence-based practice guidelines and mental health management strategies.

(2) The Department may utilize and expand upon existing contractual arrangements with integrated care plans under the Integrated Care Program for providing the coordinated care provisions of this Section.

New matter indicated by italics - deletions by strikeout
(3) Payment for such coordinated care shall be based on arrangements where the State pays for performance related to mental health outcomes on a capitated basis in which a fixed monthly premium per recipient is paid and full financial risk is assumed for the delivery of services, or through other risk-based payment arrangements such as provider-based care coordination.

(4) The Department shall examine whether chronic mental health management programs and services for recipients with specific chronic mental health conditions do any or all of the following:

(A) Improve the patient's overall mental health in a more expeditious and cost-effective manner.

(B) Lower costs in other aspects of the medical assistance program, such as hospital admissions, emergency room visits, or more frequent and inappropriate psychotropic drug use.

(5) The Department shall work with the facilities and any integrated care plan participating in the program to identify and correct barriers to the successful implementation of this subsection (e) prior to and during the implementation to best facilitate the goals and objectives of this subsection (e).

(f) A hospital that is located in a county of the State in which the Department mandates some or all of the beneficiaries of the Medical Assistance Program residing in the county to enroll in a Care Coordination Program, as set forth in Section 5-30 of this Code, shall not be eligible for any non-claims based payments not mandated by Article V-A of this Code for which it would otherwise be qualified to receive, unless the hospital is a Coordinated Care Participating Hospital no later than 60 days after the effective date of this amendatory Act of the 97th General Assembly or 60 days after the first mandatory enrollment of a beneficiary in a Coordinated Care program. For purposes of this subsection, "Coordinated Care Participating Hospital" means a hospital that meets one of the following criteria:

(1) The hospital has entered into a contract to provide hospital services to enrollees of the care coordination program.

(2) The hospital has not been offered a contract by a care coordination plan that pays at least as much as the Department would pay, on a fee-for-service basis, not including disproportionate share hospital adjustment payments or any other

Sec. 5A-1. Definitions. As used in this Article, unless the context requires otherwise:

"Adjusted gross hospital revenue" shall be determined separately for inpatient and outpatient services for each hospital conducted, operated or maintained by a hospital provider, and means the hospital provider's total gross revenues less: (i) gross revenue attributable to non-hospital based services including home dialysis services, durable medical equipment, ambulance services, outpatient clinics and any other non-hospital based services as determined by the Illinois Department by rule; and (ii) gross revenues attributable to the routine services provided to persons receiving skilled or intermediate long-term care services within the meaning of Title XVIII or XIX of the Social Security Act; and (iii) Medicare gross revenue (excluding the Medicare gross revenue attributable to clauses (i) and (ii) of this paragraph and the Medicare gross revenue attributable to the routine services provided to patients in a psychiatric hospital, a rehabilitation hospital, a distinct part psychiatric unit, a distinct part rehabilitation unit, or swing beds). Adjusted gross hospital revenue shall be determined using the most recent data available from each hospital's 2003 Medicare cost report as contained in the Healthcare Cost Report Information System file, for the quarter ending on December 31, 2004, without regard to any subsequent adjustments or changes to such data. If a hospital's 2003 Medicare cost report is not contained in the Healthcare Cost Report Information System, the hospital provider shall furnish such cost report or the data necessary to determine its adjusted gross hospital revenue as required by rule by the Illinois Department.

"Fund" means the Hospital Provider Fund.

"Hospital" means an institution, place, building, or agency located in this State that is subject to licensure by the Illinois Department of Public Health under the Hospital Licensing Act, whether public or private and whether organized for profit or not-for-profit.

"Hospital provider" means a person licensed by the Department of Public Health to conduct, operate, or maintain a hospital, regardless of whether the person is a Medicaid provider. For purposes of this paragraph, "person" means any political subdivision of the State, municipal
corporation, individual, firm, partnership, corporation, company, limited liability company, association, joint stock association, or trust, or a receiver, executor, trustee, guardian, or other representative appointed by order of any court.

"Medicare bed days" means, for each hospital, the sum of the number of days that each bed was occupied by a patient who was covered by Title XVIII of the Social Security Act, excluding days attributable to the routine services provided to persons receiving skilled or intermediate long term care services. Medicare bed days shall be computed separately for each hospital operated or maintained by a hospital provider.

"Occupied bed days" means the sum of the number of days that each bed was occupied by a patient for all beds, excluding days attributable to the routine services provided to persons receiving skilled or intermediate long term care services. Occupied bed days shall be computed separately for each hospital operated or maintained by a hospital provider.

"Proration factor" means a fraction, the numerator of which is 53 and the denominator of which is 365.

(Section scheduled to be repealed on July 1, 2014)

Sec. 5A-2. Assessment.

(a) Subject to Sections 5A-3 and 5A-10, an annual assessment on inpatient services is imposed on each hospital provider in an amount equal to the hospital's occupied bed days multiplied by $84.19 multiplied by the proration factor for State fiscal year 2004 and the hospital's occupied bed days multiplied by $84.19 for State fiscal year 2005.

For State fiscal years 2004 and 2005, the Department of Healthcare and Family Services shall use the number of occupied bed days as reported by each hospital on the Annual Survey of Hospitals conducted by the Department of Public Health to calculate the hospital's annual assessment. If the sum of a hospital's occupied bed days is not reported on the Annual Survey of Hospitals or if there are data errors in the reported sum of a hospital's occupied bed days as determined by the Department of Healthcare and Family Services (formerly Department of Public Aid), then the Department of Healthcare and Family Services may obtain the sum of occupied bed days from any source available, including, but not limited to, records maintained by the hospital provider, which may be inspected at all

times during business hours of the day by the Department of Healthcare and Family Services or its duly authorized agents and employees.

Subject to Sections 5A-3 and 5A-10, for the privilege of engaging in the occupation of hospital provider, beginning August 1, 2005, an annual assessment is imposed on each hospital provider for State fiscal years 2006, 2007, and 2008, in an amount equal to 2.5835% of the hospital provider's adjusted gross hospital revenue for inpatient services and 2.5835% of the hospital provider's adjusted gross hospital revenue for outpatient services. If the hospital provider's adjusted gross hospital revenue is not available, then the Illinois Department may obtain the hospital provider's adjusted gross hospital revenue from any source available, including, but not limited to, records maintained by the hospital provider, which may be inspected at all times during business hours of the day by the Illinois Department or its duly authorized agents and employees.

Subject to Sections 5A-3 and 5A-10, for State fiscal years 2009 through 2014 and July 1, 2014 through December 31, 2014, an annual assessment on inpatient services is imposed on each hospital provider in an amount equal to $218.38 multiplied by the difference of the hospital's occupied bed days less the hospital's Medicare bed days.

For State fiscal years 2009 through 2014 and after, a hospital's occupied bed days and Medicare bed days shall be determined using the most recent data available from each hospital's 2005 Medicare cost report as contained in the Healthcare Cost Report Information System file, for the quarter ending on December 31, 2006, without regard to any subsequent adjustments or changes to such data. If a hospital's 2005 Medicare cost report is not contained in the Healthcare Cost Report Information System, then the Illinois Department may obtain the hospital provider's occupied bed days and Medicare bed days from any source available, including, but not limited to, records maintained by the hospital provider, which may be inspected at all times during business hours of the day by the Illinois Department or its duly authorized agents and employees.

(e) Notwithstanding any other provision of this Section, any plan providing for an assessment on a hospital provider as a permissible tax under Title XIX of the federal Social Security Act and Medicaid-eligible payments to hospital providers from the revenues derived from that assessment shall be reviewed by the Illinois Department of Healthcare and Family Services, as the Single State Medicaid Agency required by federal law, to determine whether those assessments and hospital provider payments meet federal Medicaid standards. If the Department determines that the elements of the plan may meet federal Medicaid standards and a related State Medicaid Plan Amendment is prepared in a manner and form suitable for submission, that State Plan Amendment shall be submitted in a timely manner for review by the Centers for Medicare and Medicaid Services of the United States Department of Health and Human Services and subject to approval by the Centers for Medicare and Medicaid Services of the United States Department of Health and Human Services. No such plan shall become effective without approval by the Illinois General Assembly by the enactment into law of related legislation. Notwithstanding any other provision of this Section, the Department is authorized to adopt rules to reduce the rate of any annual assessment imposed under this Section. Any such rules may be adopted by the Department under Section 5-50 of the Illinois Administrative Procedure Act.

Sec. 5A-4. Payment of assessment; penalty.

(a) The annual assessment imposed by Section 5A-2 for State fiscal year 2004 shall be due and payable on June 18 of the year. The assessment imposed by Section 5A-2 for State fiscal year 2005 shall be due and payable in quarterly installments, each equaling one-fourth of the assessment for the year, on July 19, October 19, January 18, and April 19 of the year. The assessment imposed by Section 5A-2 for State fiscal years 2006 through 2008 shall be due and payable in quarterly installments, each equaling one-fourth of the assessment for the year, on the fourteenth State business day of September, December, March, and May. Except as provided in subsection (a-5) of this Section, the assessment imposed by Section 5A-2 for State fiscal year 2009 and each subsequent State fiscal year shall be due and payable in monthly installments, each equaling one-twelfth of the assessment for the year, on the fourteenth State business day of each month. No installment payment of an assessment imposed by
Section 5A-2 shall be due and payable, however, until after the Comptroller has issued the payments required under this Article. (i) the Department notifies the hospital provider, in writing, that the payment methodologies to hospitals required under Section 5A-12, Section 5A-12.1, or Section 5A-12.2, whichever is applicable for that fiscal year, have been approved by the Centers for Medicare and Medicaid Services of the U.S. Department of Health and Human Services and the waiver under 42 CFR 433.68 for the assessment imposed by Section 5A-2, if necessary, has been granted by the Centers for Medicare and Medicaid Services of the U.S. Department of Health and Human Services; and (ii) the Comptroller has issued the payments required under Section 5A-12, Section 5A-12.1, or Section 5A-12.2, whichever is applicable for that fiscal year. Upon notification to the Department of approval of the payment methodologies required under Section 5A-12, Section 5A-12.1, or Section 5A-12.2, whichever is applicable for that fiscal year, and the waiver granted under 42 CFR 433.68, all installments otherwise due under Section 5A-2 prior to the date of notification shall be due and payable to the Department upon written direction from the Department and issuance by the Comptroller of the payments required under Section 5A-12.1 or Section 5A-12.2, whichever is applicable for that fiscal year.

(a-5) The Illinois Department may, for the purpose of maximizing federal revenue, accelerate the schedule upon which assessment installments are due and payable by hospitals with a payment ratio greater than or equal to one. Such acceleration of due dates for payment of the assessment may be made only in conjunction with a corresponding acceleration in access payments identified in Section 5A-12.2 to the same hospitals. For the purposes of this subsection (a-5), a hospital's payment ratio is defined as the quotient obtained by dividing the total payments for the State fiscal year, as authorized under Section 5A-12.2, by the total assessment for the State fiscal year imposed under Section 5A-2.

(b) The Illinois Department is authorized to establish delayed payment schedules for hospital providers that are unable to make installment payments when due under this Section due to financial difficulties, as determined by the Illinois Department.

(c) If a hospital provider fails to pay the full amount of an installment when due (including any extensions granted under subsection (b)), there shall, unless waived by the Illinois Department for reasonable cause, be added to the assessment imposed by Section 5A-2 a penalty assessment equal to the lesser of (i) 5% of the amount of the installment

not paid on or before the due date plus 5% of the portion thereof remaining unpaid on the last day of each 30-day period thereafter or (ii) 100% of the installment amount not paid on or before the due date. For purposes of this subsection, payments will be credited first to unpaid installment amounts (rather than to penalty or interest), beginning with the most delinquent installments.

(d) Any assessment amount that is due and payable to the Illinois Department more frequently than once per calendar quarter shall be remitted to the Illinois Department by the hospital provider by means of electronic funds transfer. The Illinois Department may provide for remittance by other means if (i) the amount due is less than $10,000 or (ii) electronic funds transfer is unavailable for this purpose.

The notice of assessment shall notify the hospital of its assessment and shall be sent after receipt by the Department of notification from the Centers for Medicare and Medicaid Services of the U.S. Department of Health and Human Services that the payment methodologies required under this Article Section 5A-12, Section 5A-12.1, or Section 5A-12.2, whichever is applicable, for that fiscal year, and, if necessary, the waiver granted under 42 CFR 433.68 have been approved. The notice shall be on a form prepared by the Illinois Department and shall state the following:

(1) The name of the hospital provider.

(2) The address of the hospital provider's principal place of business from which the provider engages in the occupation of hospital provider in this State, and the name and address of each hospital operated, conducted, or maintained by the provider in this State.

(3) The occupied bed days, occupied bed days less Medicare days, or adjusted gross hospital revenue of the hospital provider (whichever is applicable), the amount of assessment imposed under Section 5A-2 for the State fiscal year for which the notice is sent, and the amount of each installment to be paid during the State fiscal year.

(5) Other reasonable information as determined by the Illinois Department.

(b) If a hospital provider conducts, operates, or maintains more than one hospital licensed by the Illinois Department of Public Health, the provider shall pay the assessment for each hospital separately.

(c) Notwithstanding any other provision in this Article, in the case of a person who ceases to conduct, operate, or maintain a hospital in respect of which the person is subject to assessment under this Article as a hospital provider, the assessment for the State fiscal year in which the cessation occurs shall be adjusted by multiplying the assessment computed under Section 5A-2 by a fraction, the numerator of which is the number of days in the year during which the provider conducts, operates, or maintains the hospital and the denominator of which is 365. Immediately upon ceasing to conduct, operate, or maintain a hospital, the person shall pay the assessment for the year as so adjusted (to the extent not previously paid).

(d) Notwithstanding any other provision in this Article, a provider who commences conducting, operating, or maintaining a hospital, upon notice by the Illinois Department, shall pay the assessment computed under Section 5A-2 and subsection (e) in installments on the due dates stated in the notice and on the regular installment due dates for the State fiscal year occurring after the due dates of the initial notice.

(e) Notwithstanding any other provision in this Article, for State fiscal years 2004 and 2005, in the case of a hospital provider that did not conduct, operate, or maintain a hospital throughout calendar year 2001, the assessment for that State fiscal year shall be computed on the basis of hypothetical occupied bed days for the full calendar year as determined by the Illinois Department. Notwithstanding any other provision in this Article, for State fiscal years 2006 through 2008, in the case of a hospital provider that did not conduct, operate, or maintain a hospital in 2003, the assessment for that State fiscal year shall be computed on the basis of hypothetical adjusted gross hospital revenue for the hospital's first full fiscal year as determined by the Illinois Department (which may be based on annualization of the provider's actual revenues for a portion of the year, or revenues of a comparable hospital for the year, including revenues realized by a prior provider of the same hospital during the year). Notwithstanding any other provision in this Article, for State fiscal years 2009 through 2015, in the case of a hospital provider that did not conduct, operate, or maintain a hospital in 2005, the assessment for that

All such records shall be kept in the English language and shall, at all times during regular business hours of the day, be subject to inspection by the Illinois Department or its duly authorized agents and employees.

(g) The Illinois Department may, by rule, provide a hospital provider a reasonable opportunity to request a clarification or correction of any clerical or computational errors contained in the calculation of its assessment, but such corrections shall not extend to updating the cost report information used to calculate the assessment.

New matter indicated by italics - deletions by strikeout
as those terms have been given in the Illinois Department's administrative rules as in effect on March 1, 2008. Other terms shall be defined by the Illinois Department by rule.

As used in this Section, unless the context requires otherwise:

"Base inpatient payments" means, for a given hospital, the sum of base payments for inpatient services made on a per diem or per admission (DRG) basis, excluding those portions of per admission payments that are classified as capital payments. Disproportionate share hospital adjustment payments, Medicaid Percentage Adjustments, Medicaid High Volume Adjustments, and outlier payments, as defined by rule by the Department as of January 1, 2008, are not base payments.

"Capital costs" means, for a given hospital, the total capital costs determined using the most recent 2005 Medicare cost report as contained in the Healthcare Cost Report Information System file, for the quarter ending on December 31, 2006, divided by the total inpatient days from the same cost report to calculate a capital cost per day. The resulting capital cost per day is inflated to the midpoint of State fiscal year 2009 utilizing the national hospital market price proxies (DRI) hospital cost index. If a hospital's 2005 Medicare cost report is not contained in the Healthcare Cost Report Information System, the Department may obtain the data necessary to compute the hospital's capital costs from any source available, including, but not limited to, records maintained by the hospital provider, which may be inspected at all times during business hours of the day by the Illinois Department or its duly authorized agents and employees.

"Case mix index" means, for a given hospital, the sum of the DRG relative weighting factors in effect on January 1, 2005, for all general acute care admissions for State fiscal year 2005, excluding Medicare crossover admissions and transplant admissions reimbursed under 89 Ill. Adm. Code 148.82, divided by the total number of general acute care admissions for State fiscal year 2005, excluding Medicare crossover admissions and transplant admissions reimbursed under 89 Ill. Adm. Code 148.82.

"Medicaid inpatient day" means, for a given hospital, the sum of days of inpatient hospital days provided to recipients of medical assistance under Title XIX of the federal Social Security Act, excluding days for individuals eligible for Medicare under Title XVIII of that Act (Medicaid/Medicare crossover days), as tabulated from the Department's paid claims data for admissions occurring during State fiscal year 2005 that was adjudicated by the Department through March 23, 2007.
"Medicaid obstetrical day" means, for a given hospital, the sum of days of inpatient hospital days grouped by the Department to DRGs of 370 through 375 provided to recipients of medical assistance under Title XIX of the federal Social Security Act, excluding days for individuals eligible for Medicare under Title XVIII of that Act (Medicaid/Medicare crossover days), as tabulated from the Department's paid claims data for admissions occurring during State fiscal year 2005 that was adjudicated by the Department through March 23, 2007.

"Outpatient ambulatory procedure listing payments" means, for a given hospital, the sum of payments for ambulatory procedure listing services, as described in 89 Ill. Adm. Code 148.140(b), provided to recipients of medical assistance under Title XIX of the federal Social Security Act, excluding payments for individuals eligible for Medicare under Title XVIII of the Act (Medicaid/Medicare crossover days), as tabulated from the Department's paid claims data for services occurring in State fiscal year 2005 that were adjudicated by the Department through March 23, 2007.

(o) The Department may adjust payments made under this Section 5A-12.2 to comply with federal law or regulations regarding hospital-specific payment limitations on government-owned or government-operated hospitals.

(p) Notwithstanding any of the other provisions of this Section, the Department is authorized to adopt rules that change the hospital access improvement payments specified in this Section, but only to the extent necessary to conform to any federally approved amendment to the Title XIX State plan. Any such rules shall be adopted by the Department as authorized by Section 5-50 of the Illinois Administrative Procedure Act. Notwithstanding any other provision of law, any changes implemented as a result of this subsection (p) shall be given retroactive effect so that they shall be deemed to have taken effect as of the effective date of this Section.

(q) (Blank). For State fiscal years 2012 and 2013, the Department may make recommendations to the General Assembly regarding the use of more recent data for purposes of calculating the assessment authorized under Section 5A-2 and the payments authorized under this Section 5A-12.2.

(r) On and after July 1, 2012, the Department shall reduce any rate of reimbursement for services or other payments or alter any methodologies authorized by this Code to reduce any rate of reimbursement.

Such an individual may not be determined disabled by the Illinois Department for a period of 12 months, unless the individual shows that there has been a substantial change in his or her medical condition or that there has been a substantial change in other factors, such as age or work experience, that might change the determination of disability.

Sec. 11-5.2. Income, Residency, and Identity Verification System.

(a) The Department shall ensure that its proposed integrated eligibility system shall include the computerized functions of income, residency, and identity eligibility verification to verify eligibility, eliminate duplication of medical assistance, and deter fraud. Until the integrated eligibility system is operational, the Department may enter into a contract with the vendor selected pursuant to Section 11-5.3 as necessary to obtain the electronic data matching described in this Section. This contract shall be exempt from the Illinois Procurement Code pursuant to subsection (h) of Section 1-10 of that Code.

(b) Prior to awarding medical assistance at application under Article V of this Code, the Department shall, to the extent such databases are available to the Department, conduct data matches using the name, date of birth, address, and Social Security Number of each applicant or recipient or responsible relative of an applicant or recipient against the following:

1. Income tax information.
2. Employer reports of income and unemployment insurance payment information maintained by the Department of Employment Security.

2. If the information discovered results in the Department finding the applicant or recipient ineligible for assistance, the Department shall provide notice as set forth in Section 11-7 of this Article.

3. If the information discovered is insufficient to determine that the applicant or recipient is eligible or ineligible, the Department shall provide written notice to the applicant or recipient which shall describe in sufficient detail the circumstances of the discrepancy, the information or documentation required, the manner in which the applicant or recipient may respond, and the consequences of failing to take action. The applicant or recipient shall have 10 business days to respond.

Sec. 11-5.3. Procurement of vendor to verify eligibility for assistance under Article V.

(a) No later than 60 days after the effective date of this amendatory Act of the 97th General Assembly, the Chief Procurement Officer for General Services, in consultation with the Department of Healthcare and
Family Services, shall conduct and complete any procurement necessary to procure a vendor to verify eligibility for assistance under Article V of this Code. Such authority shall include procuring a vendor to assist the Chief Procurement Officer in conducting the procurement. The Chief Procurement Officer and the Department shall jointly negotiate final contract terms with a vendor selected by the Chief Procurement Officer. Within 30 days of selection of an eligibility verification vendor, the Department of Healthcare and Family Services shall enter into a contract with the selected vendor. The Department of Healthcare and Family Services and the Department of Human Services shall cooperate with and provide any information requested by the Chief Procurement Officer to conduct the procurement.

(b) Notwithstanding any other provision of law, any procurement or contract necessary to comply with this Section shall be exempt from: (i) the Illinois Procurement Code pursuant to Section 1-10(h) of the Illinois Procurement Code, except that bidders shall comply with the disclosure requirement in Sections 50-10.5(a) through (d), 50-13, 50-35, and 50-37 of the Illinois Procurement Code and a vendor awarded a contract under this Section shall comply with Section 50-37 of the Illinois Procurement Code; (ii) any administrative rules of this State pertaining to procurement or contract formation; and (iii) any State or Department policies or procedures pertaining to procurement, contract formation, contract award, and Business Enterprise Program approval.

(c) Upon becoming operational, the contractor shall conduct data matches using the name, date of birth, address, and Social Security Number of each applicant and recipient against public records to verify eligibility. The contractor, upon preliminary determination that an enrollee is eligible or ineligible, shall notify the Department. Within 20 business days of such notification, the Department shall accept the recommendation or reject it with a stated reason. The Department shall retain final authority over eligibility determinations. The contractor shall keep a record of all preliminary determinations of ineligibility communicated to the Department. Within 30 days of the end of each calendar quarter, the Department and contractor shall file a joint report on a quarterly basis to the Governor, the Speaker of the House of Representatives, the Minority Leader of the House of Representatives, the Senate President, and the Senate Minority Leader. The report shall include, but shall not be limited to, monthly recommendations of preliminary determinations of eligibility or ineligibility communicated by
the contractor, the actions taken on those preliminary determinations by the Department, and the stated reasons for those recommendations that the Department rejected.

(d) An eligibility verification vendor contract shall be awarded for an initial 2-year period with up to a maximum of 2 one-year renewal options. Nothing in this Section shall compel the award of a contract to a vendor that fails to meet the needs of the Department. A contract with a vendor to assist in the procurement shall be awarded for a period of time not to exceed 6 months.

Sec. 11-13. Conditions For Receipt of Vendor Payments - Limitation Period For Vendor Action - Penalty For Violation. A vendor payment, as defined in Section 2-5 of Article II, shall constitute payment in full for the goods or services covered thereby. Acceptance of the payment by or in behalf of the vendor shall bar him from obtaining, or attempting to obtain, additional payment therefor from the recipient or any other person. A vendor payment shall not, however, bar recovery of the value of goods and services the obligation for which, under the rules and regulations of the Illinois Department, is to be met from the income and resources available to the recipient, and in respect to which the vendor payment of the Illinois Department or the local governmental unit represents supplementation of such available income and resources.

Vendors seeking to enforce obligations of a governmental unit or the Illinois Department for goods or services (1) furnished to or in behalf of recipients and (2) subject to a vendor payment as defined in Section 2-5, shall commence their actions in the appropriate Circuit Court or the Court of Claims, as the case may require, within one year next after the cause of action accrued.

A cause of action accrues within the meaning of this Section upon the following date:

(1) If the vendor can prove that he submitted a bill for the service rendered to the Illinois Department or a governmental unit within 180 days after 12 months of the date the service was rendered, then (a) upon the date the Illinois Department or a governmental unit mails to the vendor information that it is paying a bill in part or is refusing to pay a bill in whole or in part, or (b) upon the date one year following the date the vendor submitted such bill if the Illinois Department or a governmental unit fails to mail to the vendor such payment information within one year following the date the vendor submitted the bill; or

(2) If the vendor cannot prove that he submitted a bill for the service rendered within 180 days after the date the service was rendered, then upon the date 12 months following the date the vendor rendered the service to the recipient.

In the case of long term care facilities, where the Illinois Department initiates the monthly billing process for the vendor, the cause of action shall accrue 12 months after the last day of the month the service was rendered.

This paragraph governs only vendor payments as defined in this Code and as limited by regulations of the Illinois Department; it does not apply to goods or services purchased or contracted for by a recipient under circumstances in which the payment is to be made directly by the recipient.

Any vendor who accepts a vendor payment and who knowingly obtains or attempts to obtain additional payment for the goods or services covered by the vendor payment from the recipient or any other person shall be guilty of a Class B misdemeanor.

(305 ILCS 5/11-26) (from Ch. 23, par. 11-26)

Sec. 11-26. Recipient's abuse of medical care; restrictions on access to medical care.

(a) When the Department determines, on the basis of statistical norms and medical judgment, that a medical care recipient has received medical services in excess of need and with such frequency or in such a manner as to constitute an abuse of the recipient's medical care privileges, the recipient's access to medical care may be restricted.

(b) When the Department has determined that a recipient is abusing his or her medical care privileges as described in this Section, it may require that the recipient designate a primary provider type of the recipient's own choosing to assume responsibility for the recipient's care. For the purposes of this subsection, "primary provider type" means a provider type as determined by the Department: primary care provider, primary care pharmacy, primary dentist, primary podiatrist, or primary durable medical equipment provider. Instead of requiring a recipient to make a designation as provided in this subsection, the Department, pursuant to rules adopted by the Department and without regard to any choice of an entity that the recipient might otherwise make, may initially designate a primary provider type provided that the primary provider type is willing to provide that care.

New matter indicated by italics - deletions by strikeout
(c) When the Department has requested that a recipient designate a primary provider type and the recipient fails or refuses to do so, the Department may, after a reasonable period of time, assign the recipient to a primary provider type of its own choice and determination, provided such primary provider type is willing to provide such care.

(d) When a recipient has been restricted to a designated primary provider type, the recipient may change the primary provider type:

(1) when the designated source becomes unavailable, as the Department shall determine by rule; or

(2) when the designated primary provider type notifies the Department that it wishes to withdraw from any obligation as primary provider type; or

(3) in other situations, as the Department shall provide by rule.

The Department shall, by rule, establish procedures for providing medical or pharmaceutical services when the designated source becomes unavailable or wishes to withdraw from any obligation as primary provider type, shall, by rule, take into consideration the need for emergency or temporary medical assistance and shall ensure that the recipient has continuous and unrestricted access to medical care from the date on which such unavailability or withdrawal becomes effective until such time as the recipient designates a primary provider type or a primary provider type willing to provide such care is designated by the Department consistent with subsections (b) and (c) and such restriction becomes effective.

(e) Prior to initiating any action to restrict a recipient's access to medical or pharmaceutical care, the Department shall notify the recipient of its intended action. Such notification shall be in writing and shall set forth the reasons for and nature of the proposed action. In addition, the notification shall:

(1) inform the recipient that (i) the recipient has a right to designate a primary provider type of the recipient's own choosing willing to accept such designation and that the recipient's failure to do so within a reasonable time may result in such designation being made by the Department or (ii) the Department has designated a primary provider type to assume responsibility for the recipient's care; and

(2) inform the recipient that the recipient has a right to appeal the Department's determination to restrict the recipient's access to medical care and provide the recipient with an

explanation of how such appeal is to be made. The notification shall also inform the recipient of the circumstances under which unrestricted medical eligibility shall continue until a decision is made on appeal and that if the recipient chooses to appeal, the recipient will be able to review the medical payment data that was utilized by the Department to decide that the recipient's access to medical care should be restricted.

(f) The Department shall, by rule or regulation, establish procedures for appealing a determination to restrict a recipient's access to medical care, which procedures shall, at a minimum, provide for a reasonable opportunity to be heard and, where the appeal is denied, for a written statement of the reason or reasons for such denial.

(g) Except as otherwise provided in this subsection, when a recipient has had his or her medical card restricted for 4 full quarters (without regard to any period of ineligibility for medical assistance under this Code, or any period for which the recipient voluntarily terminates his or her receipt of medical assistance, that may occur before the expiration of those 4 full quarters), the Department shall reevaluate the recipient's medical usage to determine whether it is still in excess of need and with such frequency or in such a manner as to constitute an abuse of the receipt of medical assistance. If it is still in excess of need, the restriction shall be continued for another 4 full quarters. If it is no longer in excess of need, the restriction shall be discontinued. If a recipient's access to medical care has been restricted under this Section and the Department then determines, either at reevaluation or after the restriction has been discontinued, to restrict the recipient's access to medical care a second or subsequent time, the second or subsequent restriction may be imposed for a period of more than 4 full quarters. If the Department restricts a recipient's access to medical care for a period of more than 4 full quarters, as determined by rule, the Department shall reevaluate the recipient's medical usage after the end of the restriction period rather than after the end of 4 full quarters. The Department shall notify the recipient, in writing, of any decision to continue the restriction and the reason or reasons therefor. A "quarter", for purposes of this Section, shall be defined as one of the following 3-month periods of time: January-March, April-June, July-September or October-December.

(h) In addition to any other recipient whose acquisition of medical care is determined to be in excess of need, the Department may restrict the medical care privileges of the following persons:

(1) recipients found to have loaned or altered their cards or misused or falsely represented medical coverage;

(2) recipients found in possession of blank or forged prescription pads;

(3) recipients who knowingly assist providers in rendering excessive services or defrauding the medical assistance program.

The procedural safeguards in this Section shall apply to the above individuals.

(i) Restrictions under this Section shall be in addition to and shall not in any way be limited by or limit any actions taken under Article VIII-A of this Code.

As used in this subsection, "credible allegation" is defined to include an allegation from any source, including, but not limited to, fraud hotline complaints, claims data mining, patterns identified through provider audits, civil actions filed under the False Claims Act, and law enforcement investigations. An allegation is considered to be credible when it has indicia of reliability.

(1) immediately, if such vendor is not properly licensed, certified, or authorized;

(2) within 30 days of the date when such vendor's professional license, certification or other authorization has been refused renewal, restricted, or has been revoked, suspended, or otherwise terminated; or

(3) if such vendor has been convicted of a violation of this Code, as provided in Article VIIIA.

(C) Upon termination, suspension, or exclusion of a vendor of goods or services from participation in the medical assistance program authorized by this Article, a person with management responsibility for such vendor during the time of any conduct which served as the basis for that vendor's termination, suspension, or exclusion is barred from participation in the medical assistance program.

Upon termination, suspension, or exclusion of a corporate vendor, the officers and persons owning, directly or indirectly, 5% or more of the shares of stock or other evidences of ownership in the vendor during the time of any conduct which served as the basis for that vendor's termination, suspension, or exclusion are barred from participation in the medical assistance program. A person who owns, directly or indirectly, 5% or more of the shares of stock or other evidences of ownership in a terminated, suspended, or excluded corporate vendor may not transfer his or her ownership interest in that vendor to his or her spouse, child, brother, sister, parent, grandparent, grandchild, uncle, aunt, niece, nephew, cousin, or relative by marriage.

Rules adopted by the Illinois Department to implement these provisions shall specifically include a definition of the term "management responsibility" as used in this Section. Such definition shall include, but not be limited to, typical job titles, and duties and descriptions which will be considered as within the definition of individuals with management responsibility for a provider.

A vendor or a prior vendor who has been terminated, excluded, or suspended from the medical assistance program, or from another state or federal medical assistance or health care program, and any individual currently or previously barred from the medical assistance program, or from another state or federal medical assistance or health care program, as a result of being an officer or a person owning, directly or indirectly, 5% or more of the shares of stock or other evidences of ownership in a corporate or limited liability company vendor during the time of any conduct which served as the basis for that vendor's termination, suspension, or exclusion, may be required to post a surety bond as part of a condition of enrollment or participation in the medical assistance program. The Illinois Department shall establish, by rule, the criteria and requirements for determining when a surety bond must be posted and the value of the bond.

The Illinois Department shall establish, by rule, the criteria and requirements for determining when a surety bond must be posted and the value of the bond.

(D) If a vendor has been suspended from the medical assistance program under Article V of the Code, the Director may require that such vendor correct any deficiencies which served as the basis for the suspension. The Director shall specify in the suspension order a specific period of time, which shall not exceed one year from the date of the order, during which a suspended vendor shall not be eligible to participate. At the conclusion of the period of suspension the Director shall reinstate such vendor, unless he finds that such vendor has not corrected deficiencies upon which the suspension was based.

If a vendor has been terminated, suspended, or excluded from the medical assistance program under Article V, such vendor shall be barred from participation for at least one year, except that if a vendor has been terminated, suspended, or excluded based on a conviction of a violation of Article VIIIA or a conviction of a felony based on fraud or a willful misrepresentation related to (i) the medical assistance program under Article V, (ii) a federal or another state's medical assistance or health care program in another state that is of the kind provided under Article V, (iii) the Medicare program under Title XVIII of the Social Security Act, or (iii) (iv) the provision of health care services, then the vendor shall be barred from participation for 5 years or for the length of the vendor's sentence for that conviction, whichever is longer. At the end of one year a vendor who has been terminated, suspended, or excluded may apply for reinstatement to the program. Upon proper application to be reinstated such vendor may be deemed eligible by the Director providing that such vendor meets the requirements for eligibility under this Code. If such vendor is deemed not eligible for reinstatement, he shall be barred from again applying for reinstatement for one year from the date his application for reinstatement is denied.

If a vendor has been terminated, suspended, or excluded and reinstated to the medical assistance program under Article V and the vendor is terminated, suspended, or excluded a second or subsequent time from the medical assistance program, the vendor shall be barred from participation for at least 2 years, except that if a vendor has been terminated, suspended, or excluded a second time based on a conviction of a violation of Article VIIIA or a conviction of a felony based on fraud or a willful misrepresentation related to (i) the medical assistance program under Article V, (ii) a federal or another state's medical assistance or health care program in another state that is of the kind provided under Article V, (iii) the Medicare program under Title XVIII of the Social Security Act, or (iii) (iv) the provision of health care services, then the vendor shall be barred from participation for life. At the end of 2 years, a vendor who has been terminated, suspended, or excluded may apply for reinstatement to the program. (E) The Illinois Department may recover money improperly or erroneously paid, or overpayments, either by setoff, crediting against future billings or by requiring direct repayment to the Illinois Department. (1) Payments may be suspended, denied, or recovered from a vendor or alternate payee: (i) for services rendered in violation of the Illinois Department's provider notices, statutes, rules, and regulations; (ii) for services rendered in violation of the terms and conditions prescribed by the Illinois Department in its vendor agreement; (iii) for any vendor who fails to grant the Office of Inspector General timely access to full and complete records, including, but not limited to, records relating to recipients under

(2) Notwithstanding any other provision of law, if a vendor has the same taxpayer identification number (assigned under Section 6109 of the Internal Revenue Code of 1986) as is assigned to a vendor with past-due financial obligations to the Illinois Department, the Illinois Department may make any necessary adjustments to payments to that vendor in order to satisfy any past-due obligations, regardless of whether the vendor is assigned a different billing number under the medical assistance program.

If the Illinois Department establishes through an administrative hearing that the overpayments resulted from the vendor or alternate payee knowingly willfully making, using, or causing to be made or used, a false record or statement to obtain payment or other benefit from or misrepresentation of a material fact in connection with billings and payments under the medical assistance program under Article V, the Department may recover interest on the amount of the payment or other benefit overpayments at the rate of 5% per annum. In addition to any other penalties that may be prescribed by law, such a vendor or alternate payee shall be subject to civil penalties consisting of an amount not to exceed 3 times the amount of payment or other benefit resulting from each such false record or statement, and the sum of $2,000 for each such false record or statement for payment or other benefit. The Illinois Department shall state by rule with as much specificity as practicable the conditions under which payments will not be withheld during the pendency of any proceeding under this Section. Payments may be denied for bills submitted with service dates occurring during the pendency of a proceeding, after a final decision has been rendered, or after the conclusion of any administrative appeal, where the final administrative decision is to terminate, exclude, or suspend eligibility to participate in the medical assistance program. The Illinois Department shall state by rule with as much specificity as practicable the conditions under which payments will not be denied for such bills. The Illinois Department shall state by rule a process and criteria by which a vendor or alternate payee may request full or partial release of payments withheld under this subsection. The Department must complete a proceeding under this Section in a timely manner.

Notwithstanding recovery allowed under subsection (E) or this subsection (F), the Illinois Department may withhold payments to any vendor or alternate payee who is not properly licensed, certified, or in compliance with State or federal agency regulations. Payments may be denied for bills submitted with service dates occurring during the period of time that a vendor is not properly licensed, certified, or in compliance with State or federal regulations. If the Illinois Department withholds payments to a vendor or alternate payee under this subsection, the Department shall not release those payments to the vendor or alternate payee while any criminal proceeding related to the indictment or charge is pending unless the Department determines that there is good cause to release the payments before completion of the proceeding. If the indictment or charge results in the individual's conviction, the Illinois Department shall retain all withheld payments, which shall be considered forfeited to the Department. If the indictment or charge does not result in the individual's conviction, the Illinois Department shall release to the vendor or alternate payee all withheld payments.

(F-10) If the Illinois Department establishes that the vendor or alternate payee owes a debt to the Illinois Department, and the vendor or alternate payee subsequently fails to pay or make satisfactory payment arrangements with the Illinois Department for the debt owed, the Illinois Department may seek all remedies available under the law of this State to recover the debt, including, but not limited to, wage garnishment or the filing of claims or liens against the vendor or alternate payee.

(3) In any case in which any person or entity has failed to comply with a judgment ordering or imposing any fine or other sanction, any expenses incurred by the Illinois Department to enforce the judgment, including, but not limited to, attorney's fees, court costs, and costs related to property demolition or foreclosure, after they are fixed by a court of competent jurisdiction or the Director, shall be a debt due and owing the State and may be collected in accordance with applicable law. The notice shall set the date for such a hearing, which shall not be less than 7 days from the date that notice is served.    (A) the Department has initiated a notice of termination, suspension, or exclusion of the vendor from participation in the medical assistance program; or
   
   (B) the Department has issued notification of its withholding of payments pursuant to subsection (F-5) of this Section; or

In instances in which the Illinois Department immediately suspends the medical assistance program participation of a vendor under this Section, a hearing upon the vendor's participation must be convened by the Illinois Department within 15 days after such suspension and completed without appreciable delay. Such hearing shall be held to determine whether to recommend to the Director that the vendor's medical assistance program participation be denied, terminated, suspended, placed on provisional status, or reinstated. In the hearing, any evidence relevant to the vendor constituting an immediate danger to the public may be introduced against such vendor; provided, however, that the vendor, or his or her counsel, shall have the opportunity to discredit, impeach, and submit evidence rebutting such evidence.

(H) Nothing contained in this Code shall in any way limit or otherwise impair the authority or power of any State agency responsible for licensing of vendors.

(I) Based on a finding of noncompliance on the part of a nursing home with any requirement for certification under Title XVIII or XIX of the Social Security Act (42 U.S.C. The Illinois Department may condition those continued payments on the appointment of temporary management, sale of the facility to new owners or operators, or other arrangements that the Illinois Department determines best serve the needs of the facility's residents.

Except in the case of a facility that has a right to a hearing on the finding of noncompliance before an agency of the federal government, a facility may request a hearing before a State agency on any finding of noncompliance within 60 days after the notice of the intent to impose a remedy. Except in the case of civil money penalties, a request for a hearing shall not delay imposition of the penalty. The choice of remedies is not appealable at a hearing. The level of noncompliance may be challenged only in the case of a civil money penalty. The Illinois Department shall provide by rule for the State agency that will conduct the evidentiary hearings.

The Illinois Department may collect interest on unpaid civil money penalties.

The Illinois Department may adopt all rules necessary to implement this subsection (I).

(c) Registration as an alternate payee or alternate payees in the Illinois Medical Assistance Program shall be conditional. At any time, the Illinois Department may deny or cancel any alternate payee's registration in the Illinois Medical Assistance Program without cause. Any such denial or cancellation is not subject to an administrative hearing.

(K-5) The Illinois Department may withhold payments, in whole or in part, to a provider or alternate payee upon initiation of an audit, quality of care review, investigation when there is a credible allegation of fraud, or the provider or alternate payee demonstrating a clear failure to cooperate with the Illinois Department such that the circumstances give rise to the need for a withholding of payments. As used in this subsection,
"credible allegation" is defined to include an allegation from any source, including, but not limited to, fraud hotline complaints, claims data mining, patterns identified through provider audits, civil actions filed under the False Claims Act, and law enforcement investigations. An allegation is considered to be credible when it has indicia of reliability. A provider or alternate payee may request a hearing or a reconsideration of payment withholding, and the Illinois Department must grant such a request. The Illinois Department shall state by rule a process and criteria by which a provider or alternate payee may request a hearing or a reconsideration for the full or partial release of payments withheld under this subsection. This request may be made at any time after the Illinois Department first withholds such payments.

5. Inform the provider or alternate payee that a written request may be made to the Illinois Department for a hearing or a reconsideration for the full or partial release of withheld payments and that such requests may be made at any time after the Illinois Department first withholds such payments.
All withholding of payment actions under this subsection shall be temporary and shall not continue after any of the following:

1. The Illinois Department determines that there is insufficient evidence of fraud, or the provider or alternate payee demonstrates clear cooperation with the Illinois Department, as determined by the Illinois Department, such that the circumstances do not give rise to the need for withholding of payments; or

(305 ILCS 5/14-8) (from Ch. 23, par. 14-8)
Sec. 14-8. Disbursements to Hospitals.

(a) For inpatient hospital services rendered on and after September 1, 1991, the Illinois Department shall reimburse hospitals for inpatient services at an inpatient payment rate calculated for each hospital based upon the Medicare Prospective Payment System as set forth in Sections 1886(b), (d), (g), and (h) of the federal Social Security Act, and the regulations, policies, and procedures promulgated thereunder, except as modified by this Section. Payment rates for inpatient hospital services rendered on or after September 1, 1991 and on or before September 30, 1992 shall be calculated using the Medicare Prospective Payment rates in effect on September 1, 1991. Payment rates for inpatient hospital services rendered on or after October 1, 1992 and on or before March 31, 1994 shall be calculated using the Medicare Prospective Payment rates in effect on September 1, 1992. Payment rates for inpatient hospital services rendered on or after April 1, 1994 shall be calculated using the Medicare Prospective Payment rates (including the Medicare grouping methodology and weighting factors as adjusted pursuant to paragraph (1) of this subsection) in effect 90 days prior to the date of admission. For services rendered on or after July 1, 1995, the reimbursement methodology implemented under this subsection shall not include those costs referred to in Sections 1886(d)(5)(B) and 1886(h) of the Social Security Act. The
additional payment amounts required under Section 1886(d)(5)(F) of the Social Security Act, for hospitals serving a disproportionate share of low-income or indigent patients, are not required under this Section. For hospital inpatient services rendered on or after July 1, 1995, the Illinois Department shall reimburse hospitals using the relative weighting factors and the base payment rates calculated for each hospital that were in effect on June 30, 1995, less the portion of such rates attributed by the Illinois Department to the cost of medical education.

(1) The weighting factors established under Section 1886(d)(4) of the Social Security Act shall not be used in the reimbursement system established under this Section. Rather, the Illinois Department shall establish by rule Medicaid weighting factors to be used in the reimbursement system established under this Section.

(2) The Illinois Department shall define by rule those hospitals or distinct parts of hospitals that shall be exempt from the reimbursement system established under this Section. In defining such hospitals, the Illinois Department shall take into consideration those hospitals exempt from the Medicare Prospective Payment System as of September 1, 1991. For hospitals defined as exempt under this subsection, the Illinois Department shall by rule establish a reimbursement system for payment of inpatient hospital services rendered on and after September 1, 1991. For all hospitals that are children's hospitals as defined in Section 5-5.02 of this Code, the reimbursement methodology shall, through June 30, 1992, net of all applicable fees, at least equal each children's hospital 1990 ICARE payment rates, indexed to the current year by application of the DRI hospital cost index from 1989 to the year in which payments are made. Excepting county providers as defined in Article XV of this Code, hospitals licensed under the University of Illinois Hospital Act, and facilities operated by the Department of Mental Health and Developmental Disabilities (or its successor, the Department of Human Services) for hospital inpatient services rendered on or after July 1, 1995, the Illinois Department shall reimburse children's hospitals, as defined in 89 Illinois Administrative Code Section 149.50(c)(3), at the rates in effect on June 30, 1995, and shall reimburse all other hospitals at the rates in effect on June 30, 1995, less the portion of such rates attributed by the Illinois Department to the cost of medical education. For
inpatient hospital services provided on or after August 1, 1998, the Illinois Department may establish by rule a means of adjusting the rates of children's hospitals, as defined in 89 Illinois Administrative Code Section 149.50(c)(3), that did not meet that definition on June 30, 1995, in order for the inpatient hospital rates of such hospitals to take into account the average inpatient hospital rates of those children's hospitals that did meet the definition of children's hospitals on June 30, 1995.

(3) (Blank)

(4) Notwithstanding any other provision of this Section, hospitals that on August 31, 1991, have a contract with the Illinois Department under Section 3-4 of the Illinois Health Finance Reform Act may elect to continue to be reimbursed at rates stated in such contracts for general and specialty care.

(5) In addition to any payments made under this subsection (a), the Illinois Department shall make the adjustment payments required by Section 5-5.02 of this Code; provided, that in the case of any hospital reimbursed under a per case methodology, the Illinois Department shall add an amount equal to the product of the hospital's average length of stay, less one day, multiplied by 20, for inpatient hospital services rendered on or after September 1, 1991 and on or before September 30, 1992.

(b) (Blank)

(b-5) Excepting county providers as defined in Article XV of this Code, hospitals licensed under the University of Illinois Hospital Act, and facilities operated by the Illinois Department of Mental Health and Developmental Disabilities (or its successor, the Department of Human Services), for outpatient services rendered on or after July 1, 1995 and before July 1, 1998 the Illinois Department shall reimburse children's hospitals, as defined in the Illinois Administrative Code Section 149.50(c)(3), at the rates in effect on June 30, 1995, less that portion of such rates attributed by the Illinois Department to the outpatient indigent volume adjustment and shall reimburse all other hospitals at the rates in effect on June 30, 1995, less the portions of such rates attributed by the Illinois Department to the cost of medical education and attributed by the Illinois Department to the outpatient indigent volume adjustment. For outpatient services provided on or after July 1, 1998, reimbursement rates shall be established by rule.
(c) In addition to any other payments under this Code, the Illinois Department shall develop a hospital disproportionate share reimbursement methodology that, effective July 1, 1991, through September 30, 1992, shall reimburse hospitals sufficiently to expend the fee monies described in subsection (b) of Section 14-3 of this Code and the federal matching funds received by the Illinois Department as a result of expenditures made by the Illinois Department as required by this subsection (c) and Section 14-2 that are attributable to fee monies deposited in the Fund, less amounts applied to adjustment payments under Section 5-5.02.

(d) Critical Care Access Payments.

(1) In addition to any other payments made under this Code, the Illinois Department shall develop a reimbursement methodology that shall reimburse Critical Care Access Hospitals for the specialized services that qualify them as Critical Care Access Hospitals. No adjustment payments shall be made under this subsection on or after July 1, 1995.

(2) "Critical Care Access Hospitals" includes, but is not limited to, hospitals that meet at least one of the following criteria:

(A) Hospitals located outside of a metropolitan statistical area that are designated as Level II Perinatal Centers and that provide a disproportionate share of perinatal services to recipients; or

(B) Hospitals that are designated as Level I Trauma Centers (adult or pediatric) and certain Level II Trauma Centers as determined by the Illinois Department; or

(C) Hospitals located outside of a metropolitan statistical area and that provide a disproportionate share of obstetrical services to recipients.

(e) Inpatient high volume adjustment. For hospital inpatient services, effective with rate periods beginning on or after October 1, 1993, in addition to rates paid for inpatient services by the Illinois Department, the Illinois Department shall make adjustment payments for inpatient services furnished by Medicaid high volume hospitals. The Illinois Department shall establish by rule criteria for qualifying as a Medicaid high volume hospital and shall establish by rule a reimbursement methodology for calculating these adjustment payments to Medicaid high volume hospitals. No adjustment payment shall be made under this subsection for services rendered on or after July 1, 1995.
(f) The Illinois Department shall modify its current rules governing adjustment payments for targeted access, critical care access, and uncompensated care to classify those adjustment payments as not being payments to disproportionate share hospitals under Title XIX of the federal Social Security Act. Rules adopted under this subsection shall not be effective with respect to services rendered on or after July 1, 1995. The Illinois Department has no obligation to adopt or implement any rules or make any payments under this subsection for services rendered on or after July 1, 1995.

(f-5) The State recognizes that adjustment payments to hospitals providing certain services or incurring certain costs may be necessary to assure that recipients of medical assistance have adequate access to necessary medical services. These adjustments include payments for teaching costs and uncompensated care, trauma center payments, rehabilitation hospital payments, perinatal center payments, obstetrical care payments, targeted access payments, Medicaid high volume payments, and outpatient indigent volume payments. On or before April 1, 1995, the Illinois Department shall issue recommendations regarding (i) reimbursement mechanisms or adjustment payments to reflect these costs and services, including methods by which the payments may be calculated and the method by which the payments may be financed, and (ii) reimbursement mechanisms or adjustment payments to reflect costs and services of federally qualified health centers with respect to recipients of medical assistance.

(g) If one or more hospitals file suit in any court challenging any part of this Article XIV, payments to hospitals under this Article XIV shall be made only to the extent that sufficient monies are available in the Fund and only to the extent that any monies in the Fund are not prohibited from disbursement under any order of the court.

(h) Payments under the disbursement methodology described in this Section are subject to approval by the federal government in an appropriate State plan amendment.

(i) The Illinois Department may by rule establish criteria for and develop methodologies for adjustment payments to hospitals participating under this Article.

(j) Hospital Residing Long Term Care Services. In addition to any other payments made under this Code, the Illinois Department may by rule establish criteria and develop methodologies for payments to hospitals for Hospital Residing Long Term Care Services.

In addition to any other payments authorized under this Code, the Illinois Department shall reimburse critical access hospitals, as designated by the Illinois Department of Public Health in accordance with 42 CFR 485, Subpart F, for outpatient services at an amount that is no less than the cost of providing such services, based on Medicare cost principles. Payments under this subsection shall be subject to appropriation.

(l) On and after July 1, 2012, the Department shall reduce any rate of reimbursement for services or other payments or alter any methodologies authorized by this Code to reduce any rate of reimbursement for services or other payments in accordance with Section 5-5e.

Sec. 14-11. Hospital payment reform.

(a) The Department may, by rule, implement the All Patient Refined Diagnosis Related Groups (APR-DRG) payment system for inpatient services provided on or after July 1, 2013, in a manner consistent with the actions authorized in this Section.

(b) On or before October 1, 2012 and through June 30, 2013, the Department shall begin testing the APR-DRG system. (d) The Department in consultation with the current hospital technical advisory group shall review the test claims for inpatient and outpatient services at least monthly, including the estimated impact on hospitals, and, in developing the rules, policies, and procedures to implement the new payment systems, shall consider at least the following issues:

1. The use of national relative weights provided by the vendor of the APR-DRG system, adjusted to reflect characteristics of the Illinois Medical Assistance population.

2. An updated outlier payment methodology based on current data and consistent with the APR-DRG system.

3. The use of policy adjusters to enhance payments to hospitals treating a high percentage of individuals covered by the Medical Assistance program and uninsured patients.

4. Reimbursement for inpatient specialty services such as psychiatric, rehabilitation, and long-term acute care using updated per diem rates that account for service acuity.

6. Whether, beginning July 1, 2014, some of the static adjustment payments financed by General Revenue funds should be used as part of the base payment system, including as policy adjusters to recognize the additional costs of certain services, such as pediatric or neonatal, or providers, such as trauma centers, Critical Access Hospitals, or high Medicaid hospitals, or for services to uninsured patients.

(e) The Department shall provide the association representing the majority of hospitals in Illinois, as the statewide representative of the hospital community, with a monthly file of claims adjudicated under the test system for the purpose of review and analysis as part of the collaboration between the State and the hospital community. The file shall consist of a de-identified extract compliant with the Health Insurance Portability and Accountability Act (HIPAA).

(g) The payments to hospitals financed by the current hospital assessment, authorized under Article V-A of this Code, are scheduled to sunset on June 30, 2014. The continuation of or revisions to the hospital assessment program shall take into consideration the impact on hospitals and access to care as a result of the changes to the hospital payment system.

(h) Beginning July 1, 2014, the Department may transition current General Revenue funded supplemental payments into the claims based system over a period of no less than 2 years from the implementation date of the new payment systems and no more than 4 years from the implementation date of the new payment systems, provided however that the Department may adopt, by rule, supplemental payments to help ensure access to care in a geographic area or to help ensure access to specialty services. For any supplemental payments that are adopted that are based on historic data, the data shall be no older than 3 years and the supplemental payment shall be effective for no longer than 2 years before requiring the data to be updated.

(i) Any payments authorized under 89 Illinois Administrative Code 148 set to expire in State fiscal year 2012 and that were paid out to hospitals in State fiscal year 2012 shall remain in effect as long as the assessment imposed by Section 5A-2 is in effect.

(j) Subsections (a) and (c) of this Section shall remain operative unless the Auditor General has reported that: (i) the Department has not undertaken the required actions listed in the report required by subsection (a) of Section 2-20 of the Illinois State Auditing Act; or (ii) the Department has failed to comply with the reporting requirements of Section 2-20 of the Illinois State Auditing Act.

(a) In general. Any individual 65 years or older or any individual who will become 65 years old during the calendar year in which a claim is filed, and any surviving spouse of such a claimant, who at the time of death received or was entitled to receive a grant pursuant to this Section, which surviving spouse will become 65 years of age within the 24 months immediately following the death of such claimant and which surviving spouse but for his or her age is otherwise qualified to receive a grant pursuant to this Section, and any disabled person whose annual household income is less than the income eligibility limitation, as defined in subsection (a-5) and whose household is liable for payment of property taxes accrued or has paid rent constituting property taxes accrued and is domiciled in this State at the time he or she files his or her claim is entitled to claim a grant under this Act. With respect to claims filed by individuals who will become 65 years old during the calendar year in which a claim is filed, the amount of any grant to which that household is entitled shall be an amount equal to 1/12 of the amount to which the claimant would otherwise be entitled as provided in this Section, multiplied by the number of months in which the claimant was 65 in the calendar year in which the claim is filed.

(a-5) Income eligibility limitation. For purposes of this Section, "income eligibility limitation" means an amount for grant years 2008 and thereafter:

(1) less than $22,218 for a household containing one person;
(2) less than $29,480 for a household containing 2 persons;
or
(3) less than $36,740 for a household containing 3 or more persons.

For 2009 claim year applications submitted during calendar year 2010, a household must have annual household income of less than $27,610 for a household containing one person; less than $36,635 for a household containing 2 persons; or less than $45,657 for a household containing 3 or more persons.
The Department on Aging may adopt rules such that on January 1, 2011, and thereafter, the foregoing household income eligibility limits may be changed to reflect the annual cost of living adjustment in Social Security and Supplemental Security Income benefits that are applicable to the year for which those benefits are being reported as income on an application.

If a person files as a surviving spouse, then only his or her income shall be counted in determining his or her household income.

(b) Limitation. Except as otherwise provided in subsections (a) and (f) of this Section, the maximum amount of grant which a claimant is entitled to claim is the amount by which the property taxes accrued which were paid or payable during the last preceding tax year or rent constituting property taxes accrued upon the claimant's residence for the last preceding taxable year exceeds 3 1/2% of the claimant's household income for that year but in no event is the grant to exceed (i) $700 less 4.5% of household income for that year for those with a household income of $14,000 or less or (ii) $70 if household income for that year is more than $14,000.

(c) Public aid recipients. If household income in one or more months during a year includes cash assistance in excess of $55 per month from the Department of Healthcare and Family Services or the Department of Human Services (acting as successor to the Department of Public Aid under the Department of Human Services Act) which was determined under regulations of that Department on a measure of need that included an allowance for actual rent or property taxes paid by the recipient of that assistance, the amount of grant to which that household is entitled, except as otherwise provided in subsection (a), shall be the product of (1) the maximum amount computed as specified in subsection (b) of this Section and (2) the ratio of the number of months in which household income did not include such cash assistance over $55 to the number twelve. If household income did not include such cash assistance over $55 for any months during the year, the amount of the grant to which the household is entitled shall be the maximum amount computed as specified in subsection (b) of this Section. For purposes of this paragraph (c), "cash assistance" does not include any amount received under the federal Supplemental Security Income (SSI) program.

(d) Joint ownership. If title to the residence is held jointly by the claimant with a person who is not a member of his or her household, the amount of property taxes accrued used in computing the amount of grant to which he or she is entitled shall be the same percentage of property taxes accrued.
taxes accrued as is the percentage of ownership held by the claimant in the residence.

(e) More than one residence. If a claimant has occupied more than one residence in the taxable year, he or she may claim only one residence for any part of a month. In the case of property taxes accrued, he or she shall prorate 1/12 of the total property taxes accrued on his or her residence to each month that he or she owned and occupied that residence; and, in the case of rent constituting property taxes accrued, shall prorate each month's rent payments to the residence actually occupied during that month.

(f) (Blank).

(g) Effective January 1, 2006, there is hereby established a program of pharmaceutical assistance to the aged and disabled, entitled the Illinois Seniors and Disabled Drug Coverage Program, which shall be administered by the Department of Healthcare and Family Services and the Department on Aging in accordance with this subsection, to consist of coverage of specified prescription drugs on behalf of beneficiaries of the program as set forth in this subsection. Notwithstanding any provisions of this Act to the contrary, on and after July 1, 2012, pharmaceutical assistance under this Act shall no longer be provided, and on July 1, 2012 the Illinois Senior Citizens and Disabled Persons Pharmaceutical Assistance Program shall terminate. The following provisions that concern the Illinois Senior Citizens and Disabled Persons Pharmaceutical Assistance Program shall continue to apply on and after July 1, 2012 to the extent necessary to pursue any actions authorized by subsection (d) of Section 9 of this Act with respect to acts which took place prior to July 1, 2012.

To become a beneficiary under the program established under this subsection, a person must:

(1) be (i) 65 years of age or older or (ii) disabled; and
(2) be domiciled in this State; and
(3) enroll with a qualified Medicare Part D Prescription Drug Plan if eligible and apply for all available subsidies under Medicare Part D; and
(4) for the 2006 and 2007 claim years, have a maximum household income of (i) less than $21,218 for a household containing one person, (ii) less than $28,480 for a household containing 2 persons, or (iii) less than $35,740 for a household containing 3 or more persons; and
(5) for the 2008 claim year, have a maximum household income of (i) less than $22,218 for a household containing one person, (ii) $29,480 for a household containing 2 persons, or (iii) $36,740 for a household containing 3 or more persons; and

(6) for 2009 claim year applications submitted during calendar year 2010, have annual household income of less than (i) $27,610 for a household containing one person; (ii) less than $36,635 for a household containing 2 persons; or (iii) less than $45,657 for a household containing 3 or more persons; and

(7) as of September 1, 2011, have a maximum household income at or below 200% of the federal poverty level.

All individuals enrolled as of December 31, 2005, in the pharmaceutical assistance program operated pursuant to subsection (f) of this Section and all individuals enrolled as of December 31, 2005, in the SeniorCare Medicaid waiver program operated pursuant to Section 5-5.12a of the Illinois Public Aid Code shall be automatically enrolled in the program established by this subsection for the first year of operation without the need for further application, except that they must apply for Medicare Part D and the Low Income Subsidy under Medicare Part D. A person enrolled in the pharmaceutical assistance program operated pursuant to subsection (f) of this Section as of December 31, 2005, shall not lose eligibility in future years due only to the fact that they have not reached the age of 65.

To the extent permitted by federal law, the Department may act as an authorized representative of a beneficiary in order to enroll the beneficiary in a Medicare Part D Prescription Drug Plan if the beneficiary has failed to choose a plan and, where possible, to enroll beneficiaries in the low-income subsidy program under Medicare Part D or assist them in enrolling in that program.

Beneficiaries under the program established under this subsection shall be divided into the following 4 eligibility groups:

(A) Eligibility Group 1 shall consist of beneficiaries who are not eligible for Medicare Part D coverage and who are:

(i) disabled and under age 65; or

(ii) age 65 or older, with incomes over 200% of the Federal Poverty Level; or

(iii) age 65 or older, with incomes at or below 200% of the Federal Poverty Level and not eligible for federally funded means-tested benefits due to immigration status.

New matter indicated by italics - deletions by strikeout
(B) Eligibility Group 2 shall consist of beneficiaries who are eligible for Medicare Part D coverage.

(C) Eligibility Group 3 shall consist of beneficiaries age 65 or older, with incomes at or below 200% of the Federal Poverty Level, who are not barred from receiving federally funded means-tested benefits due to immigration status and are not eligible for Medicare Part D coverage.

If the State applies and receives federal approval for a waiver under Title XIX of the Social Security Act, persons in Eligibility Group 3 shall continue to receive benefits through the approved waiver, and Eligibility Group 3 may be expanded to include disabled persons under age 65 with incomes under 200% of the Federal Poverty Level who are not eligible for Medicare and who are not barred from receiving federally funded means-tested benefits due to immigration status.

(D) Eligibility Group 4 shall consist of beneficiaries who are otherwise described in Eligibility Group 2 who have a diagnosis of HIV or AIDS.

The program established under this subsection shall cover the cost of covered prescription drugs in excess of the beneficiary cost-sharing amounts set forth in this paragraph that are not covered by Medicare. The Department of Healthcare and Family Services may establish by emergency rule changes in cost-sharing necessary to conform the cost of the program to the amounts appropriated for State fiscal year 2012 and future fiscal years except that the 24-month limitation on the adoption of emergency rules and the provisions of Sections 5-115 and 5-125 of the Illinois Administrative Procedure Act shall not apply to rules adopted under this subsection (g). The adoption of emergency rules authorized by this subsection (g) shall be deemed to be necessary for the public interest, safety, and welfare.

For purposes of the program established under this subsection, the term "covered prescription drug" has the following meanings:

For Eligibility Group 1, "covered prescription drug" means: (1) any cardiovascular agent or drug; (2) any insulin or other prescription drug used in the treatment of diabetes, including syringe and needles used to administer the insulin; (3) any prescription drug used in the treatment of arthritis; (4) any prescription drug used in the treatment of cancer; (5) any prescription drug used in the treatment of Alzheimer's disease; (6)
any prescription drug used in the treatment of Parkinson's disease; (7) any prescription drug used in the treatment of glaucoma; (8) any prescription drug used in the treatment of lung disease and smoking-related illnesses; (9) any prescription drug used in the treatment of osteoporosis; and (10) any prescription drug used in the treatment of multiple sclerosis. The Department may add additional therapeutic classes by rule. The Department may adopt a preferred drug list within any of the classes of drugs described in items (1) through (10) of this paragraph. The specific drugs or therapeutic classes of covered prescription drugs shall be indicated by rule.

For Eligibility Group 2, "covered prescription drug" means those drugs covered by the Medicare Part D Prescription Drug Plan in which the beneficiary is enrolled.

For Eligibility Group 3, "covered prescription drug" means those drugs covered by the Medical Assistance Program under Article V of the Illinois Public Aid Code.

For Eligibility Group 4, "covered prescription drug" means those drugs covered by the Medicare Part D Prescription Drug Plan in which the beneficiary is enrolled.

Any person otherwise eligible for pharmaceutical assistance under this subsection whose covered drugs are covered by any public program is ineligible for assistance under this subsection to the extent that the cost of those drugs is covered by the other program.

The Department of Healthcare and Family Services shall establish by rule the methods by which it will provide for the coverage called for in this subsection. Those methods may include direct reimbursement to pharmacies or the payment of a capitated amount to Medicare Part D Prescription Drug Plans.

For a pharmacy to be reimbursed under the program established under this subsection, it must comply with rules adopted by the Department of Healthcare and Family Services regarding coordination of benefits with Medicare Part D Prescription Drug Plans. A pharmacy may not charge a Medicare-enrolled beneficiary of the program established under this subsection more for a covered prescription drug than the appropriate Medicare cost-sharing less any payment from or on behalf of the Department of Healthcare and Family Services.

The Department of Healthcare and Family Services or the Department on Aging, as appropriate, may adopt rules regarding
applications, counting of income, proof of Medicare status, mandatory
generic policies, and pharmacy reimbursement rates and any other rules
necessary for the cost-efficient operation of the program established under
this subsection.

Such agreement shall establish procedures for properly contracting for pharmacy services, validating reimbursement claims, validating compliance of dispensing pharmacists with the contracts for participation required under this Section, validating the reasonable costs of covered prescription drugs, and otherwise providing for the effective administration of this Act.

The Department shall promulgate rules and regulations to implement and administer the program of pharmaceutical assistance required by this Act, which shall include the following:

Sec. 5-105. Leave to sue or defend as an indigent person.

(a) As used in this Section:

(1) "Fees, costs, and charges" means payments imposed on a party in connection with the prosecution or defense of a civil action, including, but not limited to: filing fees; appearance fees; fees for service of process and other papers served either within or outside this State, including service by publication pursuant to Section 2-206 of this Code and publication of necessary legal notices; motion fees; jury demand fees; charges for participation in, or attendance at, any mandatory process or procedure including,

but not limited to, conciliation, mediation, arbitration, counseling, evaluation, "Children First", "Focus on Children" or similar programs; fees for supplementary proceedings; charges for translation services; guardian ad litem fees; charges for certified copies of court documents; and all other processes and procedures deemed by the court to be necessary to commence, prosecute, defend, or enforce relief in a civil action.

(2) "Indigent person" means any person who meets one or more of the following criteria:

   (i) He or she is receiving assistance under one or more of the following public benefits programs: Supplemental Security Income (SSI), Aid to the Aged, Blind and Disabled (AABD), Temporary Assistance for Needy Families (TANF), Food Stamps, General Assistance, State Transitional Assistance, or State Children and Family Assistance.

   (ii) His or her available income is 125% or less of the current poverty level as established by the United States Department of Health and Human Services, unless the applicant's assets that are not exempt under Part 9 or 10 of Article XII of this Code are of a nature and value that the court determines that the applicant is able to pay the fees, costs, and charges.

   (iii) He or she is, in the discretion of the court, unable to proceed in an action without payment of fees, costs, and charges and whose payment of those fees, costs, and charges would result in substantial hardship to the person or his or her family.

   (iv) He or she is an indigent person pursuant to Section 5-105.5 of this Code.

(b) On the application of any person, before, or after the commencement of an action, a court, on finding that the applicant is an indigent person, shall grant the applicant leave to sue or defend the action without payment of the fees, costs, and charges of the action.

(c) An application for leave to sue or defend an action as an indigent person shall be in writing and supported by the affidavit of the applicant or, if the applicant is a minor or an incompetent adult, by the affidavit of another person having knowledge of the facts. The contents of the affidavit shall be established by Supreme Court Rule. The court shall
provide, through the office of the clerk of the court, simplified forms consistent with the requirements of this Section and applicable Supreme Court Rules to any person seeking to sue or defend an action who indicates an inability to pay the fees, costs, and charges of the action. The application and supporting affidavit may be incorporated into one simplified form. The clerk of the court shall post in a conspicuous place in the courthouse a notice no smaller than 8.5 x 11 inches, using no smaller than 30-point typeface printed in English and in Spanish, advising the public that they may ask the court for permission to sue or defend a civil action without payment of fees, costs, and charges. The notice shall be substantially as follows:

"If you are unable to pay the fees, costs, and charges of an action you may ask the court to allow you to proceed without paying them. Ask the clerk of the court for forms."

(d) The court shall rule on applications under this Section in a timely manner based on information contained in the application unless the court, in its discretion, requires the applicant to personally appear to explain or clarify information contained in the application. If the court finds that the applicant is an indigent person, the court shall enter an order permitting the applicant to sue or defend without payment of fees, costs, or charges. If the application is denied, the court shall enter an order to that effect stating the specific reasons for the denial. The clerk of the court shall promptly mail or deliver a copy of the order to the applicant.

(e) The clerk of the court shall not refuse to accept and file any complaint, appearance, or other paper presented by the applicant if accompanied by an application to sue or defend in forma pauperis, and those papers shall be considered filed on the date the application is presented. If the application is denied, the order shall state a date certain by which the necessary fees, costs, and charges must be paid. The court, for good cause shown, may allow an applicant whose application is denied to defer payment of fees, costs, and charges, make installment payments, or make payment upon reasonable terms and conditions stated in the order. The court may dismiss the claims or defenses of any party failing to pay the fees, costs, or charges within the time and in the manner ordered by the court. A determination concerning an application to sue or defend in forma pauperis shall not be construed as a ruling on the merits.

(f) The court may order an indigent person to pay all or a portion of the fees, costs, or charges waived pursuant to this Section out of moneys recovered by the indigent person pursuant to a judgment or settlement.
resulting from the civil action. However, nothing in this Section shall be construed to limit the authority of a court to order another party to the action to pay the fees, costs, or charges of the action.

(g) A court, in its discretion, may appoint counsel to represent an indigent person, and that counsel shall perform his or her duties without fees, charges, or reward.

(h) Nothing in this Section shall be construed to affect the right of a party to sue or defend an action in forma pauperis without the payment of fees, costs, or charges, or the right of a party to court-appointed counsel, as authorized by any other provision of law or by the rules of the Illinois Supreme Court.

(i) The provisions of this Section are severable under Section 1.31 of the Statute on Statutes.

Section 105. The Unemployment Insurance Act is amended by changing Sections 1400.2, 1402, 1404, 1405, 1801.1, and 1900 as follows:

(820 ILCS 405/1400.2)

Sec. 1400.2. Annual reporting and paying; household workers. This Section applies to an employer who solely employs one or more household workers with respect to whom the employer files federal unemployment taxes as part of his or her federal income tax return, or could file federal unemployment taxes as part of his or her federal income tax return if the worker or workers were providing services in employment for purposes of the federal unemployment tax. For purposes of this Section, "household worker" has the meaning ascribed to it for purposes of Section 3510 of the federal Internal Revenue Code. If an employer to whom this Section applies notifies the Director, in writing, that he or she wishes to pay his or her contributions for each quarter and submit his or her wage and contribution reports for each month or quarter, as the case may be, on an annual basis, then the due date for filing the reports and paying the contributions shall be April 15 of the calendar year immediately following the close of the months or quarters to which the reports and quarters to which the contributions apply, except that the Director may, by rule, establish a different due date for good cause.

Sec. 1402. Penalties.

A. If any employer fails, within the time prescribed in this Act as amended and in effect on October 5, 1980, and the regulations of the
Director, to file a report of wages paid to each of his workers, or to file a sufficient report of such wages after having been notified by the Director to do so, for any period which begins prior to January 1, 1982, he shall pay to the Director as a penalty a sum determined in accordance with the provisions of this Act as amended and in effect on October 5, 1980.

B. Except as otherwise provided in this Section, any employer who fails to file a report of wages paid to each of his workers for any period which begins on or after January 1, 1982, within the time prescribed by the provisions of this Act and the regulations of the Director, or, if the Director pursuant to such regulations extends the time for filing the report, fails to file it within the extended time, shall, in addition to any sum otherwise payable by him under the provisions of this Act, pay to the Director as a penalty a sum equal to the lesser of (1) $5 for each $10,000 or fraction thereof of the total wages for insured work paid by him during the period or (2) $2,500, for each month or part thereof of such failure to file the report. With respect to an employer who has elected to file reports of wages on an annual basis pursuant to Section 1400.2, in assessing penalties for the failure to submit all reports by the due date established pursuant to that Section, the 30-day period immediately following the due date shall be considered as one month.

If the Director deems an employer's report of wages paid to each of his workers for any period which begins on or after January 1, 1982, insufficient, he shall notify the employer to file a sufficient report. If the employer fails to file such sufficient report within 30 days after the mailing of the notice to him, he shall, in addition to any sum otherwise payable by him under the provisions of this Act, pay to the Director as a penalty a sum determined in accordance with the provisions of the first paragraph of this subsection, for each month or part thereof of such failure to file such sufficient report after the date of the notice.

For wages paid in calendar years prior to 1988, the penalty or penalties which accrue under the two foregoing paragraphs with respect to a report for any period shall not be less than $100, and shall not exceed the lesser of (1) $10 for each $10,000 or fraction thereof of the total wages for insured work paid during the period or (2) $5,000. For wages paid in calendar years after 1987, the penalty or penalties which accrue under the 2 foregoing paragraphs with respect to a report for any period shall not be less than $50, and shall not exceed the lesser of (1) $10 for each $10,000 or fraction of the total wages for insured work paid during the period or (2) $5,000. With respect to an employer who has elected to file reports of
wages on an annual basis pursuant to Section 1400.2, for purposes of calculating the minimum penalty prescribed by this Section for failure to file the reports on a timely basis, a calendar year shall constitute a single period. For reports of wages paid after 1986, the Director shall not, however, impose a penalty pursuant to either of the two foregoing paragraphs on any employer who can prove within 30 working days after the mailing of a notice of his failure to file such a report, that (1) the failure to file the report is his first such failure during the previous 20 consecutive calendar quarters, and (2) the amount of the total contributions due for the calendar quarter of such report (or, in the case of an employer who is required to file the reports on a monthly basis, the amount of the total contributions due for the calendar quarter that includes the month of such report) is less than $500.

For any month which begins on or after January 1, 2013, a report of the wages paid to each of an employer's workers shall be due on or before the last day of the month next following the calendar month in which the wages were paid if the employer is required to report such wages electronically pursuant to the regulations of the Director; otherwise a report of the wages paid to each of the employer's workers shall be due on or before the last day of the month next following the calendar quarter in which the wages were paid.

Any employer who wilfully fails to pay any contribution or part thereof, based upon wages paid prior to 1987, when required by the provisions of this Act and the regulations of the Director, with intent to defraud the Director, shall in addition to such contribution or part thereof pay to the Director a penalty equal to 50 percent of the amount of such contribution or part thereof, as the case may be, provided that the penalty shall not be less than $200.

Any employer who willfully fails to pay any contribution or part thereof, based upon wages paid in 1987 and in each calendar year thereafter, when required by the provisions of this Act and the regulations of the Director, with intent to defraud the Director, shall in addition to such contribution or part thereof pay to the Director a penalty equal to 60% of the amount of such contribution or part thereof, as the case may be, provided that the penalty shall not be less than $400.

However, all or part of any penalty may be waived by the Director for good cause shown.

(820 ILCS 405/1404) (from Ch. 48, par. 554)
Sec. 1404. Payments in lieu of contributions by nonprofit organizations. A. For the year 1972 and for each calendar year thereafter, contributions shall accrue and become payable, pursuant to Section 1400, by each nonprofit organization (defined in Section 211.2) upon the wages paid by it with respect to employment after 1971, unless the nonprofit organization elects, in accordance with the provisions of this Section, to pay, in lieu of contributions, an amount equal to the amount of regular benefits and one-half the amount of extended benefits (defined in Section 409) paid to individuals, for any weeks which begin on or after the effective date of the election, on the basis of wages for insured work paid to them by such nonprofit organization during the effective period of such election. Notwithstanding the preceding provisions of this subsection and the provisions of subsection D, with respect to benefit years beginning prior to July 1, 1989, any adjustment after September 30, 1989 to the base period wages paid to the individual by any employer shall not affect the ratio for determining the payments in lieu of contributions of a nonprofit organization which has elected to make payments in lieu of contributions. Provided, however, that with respect to benefit years beginning on or after July 1, 1989, the nonprofit organization shall be required to make payments equal to 100% of regular benefits, including dependents' allowances, and 50% of extended benefits, including dependents' allowances, paid to an individual with respect to benefit years beginning during the effective period of the election, but only if the nonprofit organization: (a) is the last employer as provided in Section 1502.1 and (b) paid to the individual receiving benefits, wages for insured work during his base period. If the nonprofit organization described in this paragraph meets the requirements of (a) but not (b), with respect to benefit years beginning on or after July 1, 1989, it shall be required to make payments in an amount equal to 50% of regular benefits, including dependents' allowances, and 25% of extended benefits, including dependents' allowances, paid to an individual with respect to benefit years beginning during the effective period of the election.

1. Any employing unit which becomes a nonprofit organization on January 1, 1972, may elect to make payments in lieu of contributions for not less than one calendar year beginning with January 1, 1972, provided that it files its written election with the Director not later than January 31, 1972.

2. Any employing unit which becomes a nonprofit organization after January 1, 1972, may elect to make payments in lieu of contributions

for a period of not less than one calendar year beginning as of the first day with respect to which it would, in the absence of its election, incur liability for the payment of contributions, provided that it files its written election with the Director not later than 30 days immediately following the end of the calendar quarter in which it becomes a nonprofit organization.

3. A nonprofit organization which has incurred liability for the payment of contributions for at least 2 calendar years and is not delinquent in such payment and in the payment of any interest or penalties which may have accrued, may elect to make payments in lieu of contributions beginning January 1 of any calendar year, provided that it files its written election with the Director prior to such January 1, and provided, further, that such election shall be for a period of not less than 2 calendar years.

4. An election to make payments in lieu of contributions shall not terminate any liability incurred by an employer for the payment of contributions, interest or penalties with respect to any calendar quarter (or month, as the case may be) which ends prior to the effective period of the election.

5. A nonprofit organization which has elected, pursuant to paragraph 1, 2, or 3, to make payments in lieu of contributions may terminate the effective period of the election as of January 1 of any calendar year subsequent to the required minimum period of the election only if, prior to such January 1, it files with the Director a written notice to that effect. Upon such termination, the organization shall become liable for the payment of contributions upon wages for insured work paid by it on and after such January 1 and, notwithstanding such termination, it shall continue to be liable for payments in lieu of contributions with respect to benefits paid to individuals on and after such January 1, with respect to benefit years beginning prior to July 1, 1989, on the basis of wages for insured work paid to them by the nonprofit organization prior to such January 1, and, with respect to benefit years beginning after June 30, 1989, if such employer was the last employer as provided in Section 1502.1 during a benefit year beginning prior to such January 1.

6. Written elections to make payments in lieu of contributions and written notices of termination of election shall be filed in such form and shall contain such information as the Director may prescribe. Upon the filing of such election or notice, the Director shall either order it approved, or, if it appears to the Director that the nonprofit organization has not filed such election or notice within the time prescribed, he shall order it disapproved. The Director shall serve notice of his order upon the

nonprofit organization. The Director's order shall be final and conclusive upon the nonprofit organization unless, within 15 days after the date of mailing of notice thereof, the nonprofit organization files with the Director an application for its review, setting forth its reasons in support thereof. Upon receipt of an application for review within the time prescribed, the Director shall order it allowed, or shall order that it be denied, and shall serve notice upon the nonprofit organization of his order. All of the provisions of Section 1509, applicable to orders denying applications for review of determinations of employers' rates of contribution and not inconsistent with the provisions of this subsection, shall be applicable to an order denying an application for review filed pursuant to this subsection.

B. As soon as practicable following the close of each calendar quarter, the Director shall mail to each nonprofit organization which has elected to make payments in lieu of contributions a Statement of the amount due from it for the regular and one-half the extended benefits paid (or the amounts otherwise provided for in subsection A) during the calendar quarter, together with the names of its workers or former workers and the amounts of benefits paid to each of them during the calendar quarter, with respect to benefit years beginning prior to July 1, 1989, on the basis of wages for insured work paid to them by the nonprofit organization; or, with respect to benefit years beginning after June 30, 1989, if such nonprofit organization was the last employer as provided in Section 1502.1 with respect to a benefit year beginning during the effective period of the election. The amount due shall be payable, and the nonprofit organization shall make payment of such amount not later than 30 days after the date of mailing of the Statement. The Statement shall be final and conclusive upon the nonprofit organization unless, within 20 days after the date of mailing of the Statement, the nonprofit organization files with the Director an application for revision thereof. Such application shall specify wherein the nonprofit organization believes the Statement to be incorrect, and shall set forth its reasons for such belief. All of the provisions of Section 1508, applicable to applications for revision of Statements of Benefit Wages and Statements of Benefit Charges and not inconsistent with the provisions of this subsection, shall be applicable to an application for revision of a Statement filed pursuant to this subsection.

1. Payments in lieu of contributions made by any nonprofit organization shall not be deducted or deductible, in whole or in part, from the remuneration of individuals in the employ of the organization, nor

New matter indicated by italics - deletions by strikeout
shall any nonprofit organization require or accept any waiver of any right
under this Act by an individual in its employ. The making of any such
deduction or the requirement or acceptance of any such waiver is a Class
A misdemeanor. Any agreement by an individual in the employ of any
person or concern to pay all or any portion of a payment in lieu of
contributions, required under this Act from a nonprofit organization, is
void.

2. A nonprofit organization which fails to make any payment in
lieu of contributions when due under the provisions of this subsection
shall pay interest thereon at the rates specified in Section 1401. A
nonprofit organization which has elected to make payments in lieu of
contributions shall be subject to the penalty provisions of Section 1402. In
the making of any payment in lieu of contributions or in the payment of
any interest or penalties, a fractional part of a cent shall be disregarded
unless it amounts to one-half cent or more, in which case it shall be
increased to one cent.

3. All of the remedies available to the Director under the
provisions of this Act or of any other law to enforce the payment of
contributions, interest, or penalties under this Act, including the making of
determinations and assessments pursuant to Section 2200, are applicable
to the enforcement of payments in lieu of contributions and of interest and
penalties, due under the provisions of this Section. For the purposes of this
paragraph, the term "contribution" or "contributions" which appears in any
such provision means "payment in lieu of contributions" or "payments in
lieu of contributions." The term "contribution" which appears in Section
2800 also means "payment in lieu of contributions."

4. All of the provisions of Sections 2201 and 2201.1, applicable to
adjustment or refund of contributions, interest and penalties erroneously
paid and not inconsistent with the provisions of this Section, shall be
applicable to payments in lieu of contributions erroneously made or
interest or penalties erroneously paid by a nonprofit organization.

5. Payment in lieu of contributions shall be due with respect to any
sum erroneously paid as benefits to an individual unless such sum has
been recouped pursuant to Section 900 or has otherwise been recovered. If
such payment in lieu of contributions has been made, the amount thereof
shall be adjusted or refunded in accordance with the provisions of
paragraph 4 and Section 2201 if recoupment or other recovery has been
made.

6. A nonprofit organization which has elected to make payments in lieu of contributions and thereafter ceases to be an employer shall continue to be liable for payments in lieu of contributions with respect to benefits paid to individuals on and after the date it has ceased to be an employer, with respect to benefit years beginning prior to July 1, 1989, on the basis of wages for insured work paid to them by it prior to the date it ceased to be an employer, and, with respect to benefit years beginning after June 30, 1989, if such employer was the last employer as provided in Section 1502.1 prior to the date that it ceased to be an employer.

7. With respect to benefit years beginning prior to July 1, 1989, wages paid to an individual during his base period, by a nonprofit organization which elects to make payments in lieu of contributions, for less than full time work, performed during the same weeks in the base period during which the individual had other insured work, shall not be subject to payments in lieu of contributions (upon such employer's request pursuant to the regulation of the Director) so long as the employer continued after the end of the base period, and continues during the applicable benefit year, to furnish such less than full time work to the individual on the same basis and in substantially the same amount as during the base period. If the individual is paid benefits with respect to a week (in the applicable benefit year) after the employer has ceased to furnish the work hereinabove described, the nonprofit organization shall be liable for payments in lieu of contributions with respect to the benefits paid to the individual after the date on which the nonprofit organization ceases to furnish the work.

C. With respect to benefit years beginning prior to July 1, 1989, whenever benefits have been paid to an individual on the basis of wages for insured work paid to him by a nonprofit organization, and the organization incurred liability for the payment of contributions on some of the wages because only a part of the individual's base period was within the effective period of the organization's written election to make payments in lieu of contributions, the organization shall pay an amount in lieu of contributions which bears the same ratio to the total benefits paid to the individual as the total wages for insured work paid to him during the base period by the organization upon which it did not incur liability for the payment of contributions (for the aforesaid reason) bear to the total wages for insured work paid to the individual during the base period by the organization.
D. With respect to benefit years beginning prior to July 1, 1989, whenever benefits have been paid to an individual on the basis of wages for insured work paid to him by a nonprofit organization which has elected to make payments in lieu of contributions, and by one or more other employers, the nonprofit organization shall pay an amount in lieu of contributions which bears the same ratio to the total benefits paid to the individual as the wages for insured work paid to the individual during his base period by the nonprofit organization bear to the total wages for insured work paid to the individual during the base period by all of the employers. If the nonprofit organization incurred liability for the payment of contributions on some of the wages for insured work paid to the individual, it shall be treated, with respect to such wages, as one of the other employers for the purposes of this paragraph.

E. Two or more nonprofit organizations which have elected to make payments in lieu of contributions may file a joint application with the Director for the establishment of a group account, effective January 1 of any calendar year, for the purpose of sharing the cost of benefits paid on the basis of the wages for insured work paid by such nonprofit organizations, provided that such joint application is filed with the Director prior to such January 1. The application shall identify and authorize a group representative to act as the group's agent for the purposes of this paragraph, and shall be filed in such form and shall contain such information as the Director may prescribe. Upon his approval of a joint application, the Director shall, by order, establish a group account for the applicants and shall serve notice upon the group's representative of such order. Such account shall remain in effect for not less than 2 calendar years and thereafter until terminated by the Director for good cause or, as of the close of any calendar quarter, upon application by the group. Upon establishment of the account, the group shall be liable to the Director for payments in lieu of contributions in an amount equal to the total amount for which, in the absence of the group account, liability would have been incurred by all of its members; provided, with respect to benefit years beginning prior to July 1, 1989, that the liability of any member to the Director with respect to any payment in lieu of contributions, interest or penalties not paid by the group when due with respect to any calendar quarter shall be in an amount which bears the same ratio to the total benefits paid during such quarter on the basis of the wages for insured work paid by all members of the group as the total wages for insured work paid by such member during such quarter bear to the total wages for insured work paid by all members of the group during such quarter.

wages for insured work paid during the quarter by all members of the
group, and, with respect to benefit years beginning on or after July 1,
1989, that the liability of any member to the Director with respect to any
payment in lieu of contributions, interest or penalties not paid by the group
when due with respect to any calendar quarter shall be in an amount which
bears the same ratio to the total benefits paid during such quarter to
individuals with respect to whom any member of the group was the last
employer as provided in Section 1502.1 as the total wages for insured
work paid by such member during such quarter bear to the total wages for
insured work paid during the quarter by all members of the group. With
respect to calendar months and quarters beginning on or after January 1,
2013, the liability of any member to the Director with respect to any
penalties that are assessed for failure to file a timely and sufficient report
of wages and which are not paid by the group when due with respect to
the calendar month or quarter, as the case may be, shall be in an amount
which bears the same ratio to the total penalties due with respect to such
month or quarter as the total wages for insured work paid by such
member during such month or quarter bear to the total wages for insured
work paid during the month or quarter by all members of the group. All of
the provisions of this Section applicable to nonprofit organizations which
have elected to make payments in lieu of contributions, and not
inconsistent with the provisions of this paragraph, shall apply to a group
account and, upon its termination, to each former member thereof. The
Director shall by regulation prescribe the conditions for establishment,
maintenance and termination of group accounts, and for addition of new
members to and withdrawal of active members from such accounts.

F. Whenever service of notice is required by this Section, such
notice may be given and be complete by depositing it with the United
States Mail, addressed to the nonprofit organization (or, in the case of a
group account, to its representative) at its last known address. If such
organization is represented by counsel in proceedings before the Director,
service of notice may be made upon the nonprofit organization by mailing
the notice to such counsel.

(820 ILCS 405/1405) (from Ch. 48, par. 555)
Sec. 1405. Financing Benefits for Employees of Local
Governments.

A. 1. For the year 1978 and for each calendar year thereafter,
contributions shall accrue and become payable, pursuant to Section 1400,
by each governmental entity (other than the State of Illinois and its wholly
owned instrumentalities) referred to in clause (B) of Section 211.1, upon
the wages paid by such entity with respect to employment after 1977,
unless the entity elects to make payments in lieu of contributions pursuant
to the provisions of subsection B. Notwithstanding the provisions of
Sections 1500 to 1510, inclusive, a governmental entity which has not
made such election shall, for liability for contributions incurred prior to
January 1, 1984, pay contributions equal to 1 percent with respect to wages
for insured work paid during each such calendar year or portion of such
year as may be applicable. As used in this subsection, the word "wages",
developed in Section 234, is subject to all of the provisions of Section 235.

2. An Indian tribe for which service is exempted from the federal
unemployment tax under Section 3306(c)(7) of the Federal Unemployment
Tax Act may elect to make payments in lieu of contributions in the same
manner and subject to the same conditions as provided in this Section with
regard to governmental entities, except as otherwise provided in
paragraphs 7, 8, and 9 of subsection B.

B. Any governmental entity subject to subsection A may elect to
make payments in lieu of contributions, in amounts equal to the amounts
of regular and extended benefits paid to individuals, for any weeks which
begin on or after the effective date of the election, based on wages
for insured work paid to them by the entity during the effective period of
such election. Notwithstanding the preceding provisions of this subsection
and the provisions of subsection D of Section 1404, with respect to benefit
years beginning prior to July 1, 1989, any adjustment after September 30,
1989 to the base period wages paid to the individual by any employer shall
not affect the ratio for determining payments in lieu of contributions of a
governmental entity which has elected to make payments in lieu of
contributions. Provided, however, that with respect to benefit years
beginning on or after July 1, 1989, the governmental entity shall be
required to make payments equal to 100% of regular benefits, including
dependents' allowances, and 100% of extended benefits, including
dependents' allowances, paid to an individual with respect to benefit years
beginning during the effective period of the election, but only if the
governmental entity: (a) is the last employer as provided in Section 1502.1
and (b) paid to the individual receiving benefits, wages for insured work
during his base period. If the governmental entity described in this
paragraph meets the requirements of (a) but not (b), with respect to benefit
years beginning on or after July 1, 1989, it shall be required to make

payments in an amount equal to 50% of regular benefits, including dependents' allowances, and 50% of extended benefits, including dependents' allowances, paid to an individual with respect to benefit years beginning during the effective period of the election.

1. Any such governmental entity which becomes an employer on January 1, 1978 pursuant to Section 205 may elect to make payments in lieu of contributions for not less than one calendar year beginning with January 1, 1978, provided that it files its written election with the Director not later than January 31, 1978.

2. A governmental entity newly created after January 1, 1978, may elect to make payments in lieu of contributions for a period of not less than one calendar year beginning as of the first day with respect to which it would, in the absence of its election, incur liability for the payment of contributions, provided that it files its written election with the Director not later than 30 days immediately following the end of the calendar quarter in which it has been created.

3. A governmental entity which has incurred liability for the payment of contributions for at least 2 calendar years, and is not delinquent in such payment and in the payment of any interest or penalties which may have accrued, may elect to make payments in lieu of contributions beginning January 1 of any calendar year, provided that it files its written election with the Director prior to such January 1, and provided, further, that such election shall be for a period of not less than 2 calendar years.

4. An election to make payments in lieu of contributions shall not terminate any liability incurred by a governmental entity for the payment of contributions, interest or penalties with respect to any calendar quarter (or month, as the case may be) which ends prior to the effective period of the election.

5. The termination by a governmental entity of the effective period of its election to make payments in lieu of contributions, and the filing of and subsequent action upon written notices of termination of election, shall be governed by the provisions of paragraphs 5 and 6 of Section 1404A, pertaining to nonprofit organizations.

6. With respect to benefit years beginning prior to July 1, 1989, wages paid to an individual during his base period by a governmental entity which elects to make payments in lieu of contributions for less than full time work, performed during the same weeks in the base period during which the individual had other insured work, shall not be subject to

payments in lieu of contribution (upon such employer's request pursuant to
the regulation of the Director) so long as the employer continued after the
end of the base period, and continues during the applicable benefit year, to
furnish such less than full time work to the individual on the same basis
and in substantially the same amount as during the base period. If the
individual is paid benefits with respect to a week (in the applicable benefit
year) after the employer has ceased to furnish the work hereinabove
described, the governmental entity shall be liable for payments in lieu of
contributions with respect to the benefits paid to the individual after the
date on which the governmental entity ceases to furnish the work.

7. An Indian tribe may elect to make payments in lieu of
contributions for calendar year 2003, provided that it files its written
election with the Director not later than January 31, 2003, and provided
further that it is not delinquent in the payment of any contributions,
interest, or penalties.

8. Failure of an Indian tribe to make a payment in lieu of
contributions, or a payment of interest or penalties due under this Act,
within 90 days after the Department serves notice of the finality of a
determination and assessment shall cause the Indian tribe to lose the
option of making payments in lieu of contributions, effective as of the
calendar year immediately following the date on which the Department
serves the notice. Notice of the loss of the option to make payments in lieu
of contributions may be protested in the same manner as a determination
and assessment under Section 2200 of this Act.

9. An Indian tribe that, pursuant to paragraph 8, loses the option of
making payments in lieu of contributions may again elect to make
payments in lieu of contributions for a calendar year if: (a) the Indian tribe
has incurred liability for the payment of contributions for at least one
calendar year since losing the option pursuant to paragraph 8, (b) the
Indian tribe is not delinquent in the payment of any liabilities under the
Act, including interest or penalties, and (c) the Indian tribe files its written
election with the Director not later than January 31 of the year with respect
to which it is making the election.

C. As soon as practicable following the close of each calendar
quarter, the Director shall mail to each governmental entity which has
elected to make payments in lieu of contributions a Statement of the
amount due from it for all the regular and extended benefits paid during
the calendar quarter, together with the names of its workers or former
workers and the amounts of benefits paid to each of them during the

calendar quarter with respect to benefit years beginning prior to July 1, 1989, on the basis of wages for insured work paid to them by the governmental entity; or, with respect to benefit years beginning after June 30, 1989, if such governmental entity was the last employer as provided in Section 1502.1 with respect to a benefit year beginning during the effective period of the election. All of the provisions of subsection B of Section 1404 pertaining to nonprofit organizations, not inconsistent with the preceding sentence, shall be applicable to payments in lieu of contributions by a governmental entity.

D. The provisions of subsections C through F, inclusive, of Section 1404, pertaining to nonprofit organizations, shall be applicable to each governmental entity which has elected to make payments in lieu of contributions.

E. 1. If an Indian tribe fails to pay any liability under this Act (including assessments of interest or penalty) within 90 days after the Department issues a notice of the finality of a determination and assessment, the Director shall immediately notify the United States Internal Revenue Service and the United States Department of Labor.

2. Notices of payment and reporting delinquencies to Indian tribes shall include information that failure to make full payment within the prescribed time frame:
   a. will cause the Indian tribe to lose the exemption provided by Section 3306(c)(7) of the Federal Unemployment Tax Act with respect to the federal unemployment tax;
   b. will cause the Indian tribe to lose the option to make payments in lieu of contributions.

Sec. 1801.1. Directory of New Hires.

A. The Director shall establish and operate an automated directory of newly hired employees which shall be known as the "Illinois Directory of New Hires" which shall contain the information required to be reported by employers to the Department under subsection B. In the administration of the Directory, the Director shall comply with any requirements concerning the Employer New Hire Reporting Program established by the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996. The Director is authorized to use the information contained in the Directory of New Hires to administer any of the provisions of this Act.

New matter indicated by italics - deletions by strikeout
B. Each employer in Illinois, except a department, agency, or instrumentality of the United States, shall file with the Department a report in accordance with rules adopted by the Department (but in any event not later than 20 days after the date the employer hires the employee or, in the case of an employer transmitting reports magnetically or electronically, by 2 monthly transmissions, if necessary, not less than 12 days nor more than 16 days apart) providing the following information concerning each newly hired employee: the employee's name, address, and social security number, the date services for remuneration were first performed by the employee, the employee's projected monthly wages, and the employer's name, address, Federal Employer Identification Number assigned under Section 6109 of the Internal Revenue Code of 1986, and such other information as may be required by federal law or regulation, provided that each employer may voluntarily file the address to which the employer wants income withholding orders to be mailed, if it is different from the address given on the Federal Employer Identification Number. An employer in Illinois which transmits its reports electronically or magnetically and which also has employees in another state may report all newly hired employees to a single designated state in which the employer has employees if it has so notified the Secretary of the United States Department of Health and Human Services in writing. An employer may, at its option, submit information regarding any rehired employee in the same manner as information is submitted regarding a newly hired employee. Each report required under this subsection shall, to the extent practicable, be made on an Internal Revenue Service Form W-4 or, at the option of the employer, an equivalent form, and may be transmitted by first class mail, by telefax, magnetically, or electronically.

C. An employer which knowingly fails to comply with the reporting requirements established by this Section shall be subject to a civil penalty of $15 for each individual whom it fails to report. An employer shall be considered to have knowingly failed to comply with the reporting requirements established by this Section with respect to an individual if the employer has been notified by the Department that it has failed to report an individual, and it fails, without reasonable cause, to supply the required information to the Department within 21 days after the date of mailing of the notice. Any individual who knowingly conspires with the newly hired employee to cause the employer to fail to report the information required by this Section or who knowingly conspires with the newly hired employee to cause the employer to file a false or incomplete...
report shall be guilty of a Class B misdemeanor with a fine not to exceed $500 with respect to each employee with whom the individual so conspires.

D. As used in this Section, "newly hired employee" means an individual who is an employee within the meaning of Chapter 24 of the Internal Revenue Code of 1986, and whose reporting to work which results in earnings from the employer is the first instance within the preceding 180 days that the individual has reported for work for which earnings were received from that employer; however, "newly hired employee" does not include an employee of a federal or State agency performing intelligence or counterintelligence functions, if the head of that agency has determined that the filing of the report required by this Section with respect to the employee could endanger the safety of the employee or compromise an ongoing investigation or intelligence mission.

Notwithstanding Section 205, and for the purposes of this Section only, the term "employer" has the meaning given by Section 3401(d) of the Internal Revenue Code of 1986 and includes any governmental entity and labor organization as defined by Section 2(5) of the National Labor Relations Act, and includes any entity (also known as a hiring hall) which is used by the organization and an employer to carry out the requirements described in Section 8(f)(3) of that Act of an agreement between the organization and the employer.

Sec. 10.05. Deductions from warrants; statement of reason for deduction. party was entitled to a warrant or other payment, the amount deducted therefrom, and on what account, and directing the payment of the balance; which warrant or payment as so drawn shall be entered on the books of the Treasurer, and such balance only shall be paid. The Comptroller may deduct any one or more of the following: (i) the entire amount due and payable to the State or a portion of the amount due and payable to the State in accordance with the request of the notifying agency; (ii) the entire amount due and payable to the United States or a portion of the amount due and payable to the United States in accordance with a reciprocal offset agreement under subsection (i-1) of Section 10 of the Illinois State Collection Act of 1986; or (iii) the entire amount due and payable to the unit of local government, school district, or public institution of higher education or a portion of the amount due and payable to that entity in accordance with an intergovernmental agreement authorized under this Section and Section 10.05d. "Net amount" means that part of the earnings of an individual remaining after deduction of any amounts required by law to be withheld. For purposes of this provision, wage, salary or other payments for personal services shall not include final compensation payments for the value of accrued vacation, overtime or sick leave. Whenever the Comptroller draws a warrant or makes a payment involving a deduction ordered under this Section, the Comptroller shall notify the payee and the State agency that submitted the voucher of the reason for the deduction and he or she shall retain a record of such statement in his or her records. As used in this Section, an "account or claim in favor of the State" includes all amounts owing to "State agencies" as defined in Section 7 of this Act. However, the Comptroller shall not be required to accept accounts or claims owing to funds not held by the State Treasurer, where such accounts or claims do not exceed $50, nor shall the Comptroller deduct from funds held by the State Treasurer under the Senior Citizens and Disabled Persons Property Tax Relief and Pharmaceutical Assistance Act or for payments to institutions from the Illinois Prepaid Tuition Trust Fund (unless the Trust Fund moneys are used for child support). The Comptroller and the Department of Revenue shall enter into an interagency agreement to establish responsibilities,
duties, and procedures relating to deductions from lottery prizes awarded under Section 20.1 of the Illinois Lottery Law. The Comptroller may enter into an intergovernmental agreement with the Department of Revenue and the Secretary of the Treasury of the United States, or his or her delegate, to establish responsibilities, duties, and procedures relating to reciprocal offset of delinquent State and federal obligations pursuant to subsection (i-1) of Section 10 of the Illinois State Collection Act of 1986. The Comptroller may enter into intergovernmental agreements with any unit of local government, school district, or public institution of higher education to establish responsibilities, duties, and procedures to provide for the offset, by the Comptroller, of obligations owed to those entities.

(35 ILCS 200/15-172)

Sec. 15-172. Senior Citizens Assessment Freeze Homestead Exemption.

(a) This Section may be cited as the Senior Citizens Assessment Freeze Homestead Exemption.

(b) As used in this Section:

"Applicant" means an individual who has filed an application under this Section.

"Base amount" means the base year equalized assessed value of the residence plus the first year's equalized assessed value of any added improvements which increased the assessed value of the residence after the base year.

If in any subsequent taxable year for which the applicant applies and qualifies for the exemption the equalized assessed value of the residence is less than the equalized assessed value in the existing base year (provided that such equalized assessed value is not based on an assessed value that results from a temporary irregularity in the property that reduces the assessed value for one or more taxable years), then that subsequent taxable year shall become the base year until a new base year is established under the terms of this paragraph. For taxable year 1999 only, the Chief County Assessment Officer shall review (i) all taxable years for which the applicant applied and qualified for the exemption and (ii) the existing base year. The assessment officer shall select as the new base year the year with the lowest equalized assessed value. An equalized assessed value that is based on an assessed value that results from a temporary irregularity in the property that reduces the assessed value for one or more taxable years shall not be considered the lowest equalized assessed value. The selected year shall be the base year for taxable year 1999 and thereafter until a new base year is established under the terms of this paragraph.

New matter indicated by italics - deletions by strikeout

"Residence" means the principal dwelling place and appurtenant structures used for residential purposes in this State occupied on January 1 of the taxable year by a household and so much of the surrounding land, constituting the parcel upon which the dwelling place is situated, as is used for residential purposes. If the Chief County Assessment Officer has established a specific legal description for a portion of property constituting the residence, then that portion of property shall be deemed the residence for the purposes of this Section.

"Taxable year" means the calendar year during which ad valorem property taxes payable in the next succeeding year are levied.

(c) Beginning in taxable year 1994, a senior citizens assessment freeze homestead exemption is granted for real property that is improved with a permanent structure that is occupied as a residence by an applicant who (i) is 65 years of age or older during the taxable year, (ii) has a household income that does not exceed the maximum income limitation, (iii) is liable for paying real property taxes on the property, and (iv) is an owner of record of the property or has a legal or equitable interest in the property as evidenced by a written instrument. This homestead exemption shall also apply to a leasehold interest in a parcel of property improved with a permanent structure that is a single family residence that is occupied as a residence by a person who (i) is 65 years of age or older during the taxable year, (ii) has a household income that does not exceed the maximum income limitation, (iii) has a legal or equitable ownership interest in the property as lessee, and (iv) is liable for the payment of real property taxes on that property.

In counties of 3,000,000 or more inhabitants, the amount of the exemption for all taxable years is the equalized assessed value of the residence in the taxable year for which application is made minus the base

amount. In all other counties, the amount of the exemption is as follows: (i) through taxable year 2005 and for taxable year 2007 and thereafter, the amount of this exemption shall be the equalized assessed value of the residence in the taxable year for which application is made minus the base amount; and (ii) for taxable year 2006, the amount of the exemption is as follows:

1) For an applicant who has a household income of $45,000 or less, the amount of the exemption is the equalized assessed value of the residence in the taxable year for which application is made minus the base amount.

2) For an applicant who has a household income exceeding $45,000 but not exceeding $46,250, the amount of the exemption is (i) the equalized assessed value of the residence in the taxable year for which application is made minus the base amount (ii) multiplied by 0.8.

3) For an applicant who has a household income exceeding $46,250 but not exceeding $47,500, the amount of the exemption is (i) the equalized assessed value of the residence in the taxable year for which application is made minus the base amount (ii) multiplied by 0.6.

4) For an applicant who has a household income exceeding $47,500 but not exceeding $48,750, the amount of the exemption is (i) the equalized assessed value of the residence in the taxable year for which application is made minus the base amount (ii) multiplied by 0.4.

5) For an applicant who has a household income exceeding $48,750 but not exceeding $50,000, the amount of the exemption is (i) the equalized assessed value of the residence in the taxable year for which application is made minus the base amount (ii) multiplied by 0.2.

When the applicant is a surviving spouse of an applicant for a prior year for the same residence for which an exemption under this Section has been granted, the base year and base amount for that residence are the same as for the applicant for the prior year.

Each year at the time the assessment books are certified to the County Clerk, the Board of Review or Board of Appeals shall give to the County Clerk a list of the assessed values of improvements on each parcel qualifying for this exemption that were added after the base year for this parcel and that increased the assessed value of the property.

In the case of land improved with an apartment building owned and operated as a cooperative or a building that is a life care facility that qualifies as a cooperative, the maximum reduction from the equalized assessed value of the property is limited to the sum of the reductions calculated for each unit occupied as a residence by a person or persons (i) 65 years of age or older, (ii) with a household income that does not exceed the maximum income limitation, (iii) who is liable, by contract with the owner or owners of record, for paying real property taxes on the property, and (iv) who is an owner of record of a legal or equitable interest in the cooperative apartment building, other than a leasehold interest. In the instance of a cooperative where a homestead exemption has been granted under this Section, the cooperative association or its management firm shall credit the savings resulting from that exemption only to the apportioned tax liability of the owner who qualified for the exemption. Any person who willfully refuses to credit that savings to an owner who qualifies for the exemption is guilty of a Class B misdemeanor.

When a homestead exemption has been granted under this Section and an applicant then becomes a resident of a facility licensed under the Assisted Living and Shared Housing Act, the Nursing Home Care Act, the Specialized Mental Health Rehabilitation Act, or the ID/DD Community Care Act, the exemption shall be granted in subsequent years so long as the residence (i) continues to be occupied by the qualified applicant's spouse or (ii) if remaining unoccupied, is still owned by the qualified applicant for the homestead exemption.

Beginning January 1, 1997, when an individual dies who would have qualified for an exemption under this Section, and the surviving spouse does not independently qualify for this exemption because of age, the exemption under this Section shall be granted to the surviving spouse for the taxable year preceding and the taxable year of the death, provided that, except for age, the surviving spouse meets all other qualifications for the granting of this exemption for those years.

When married persons maintain separate residences, the exemption provided for in this Section may be claimed by only one of such persons and for only one residence.

For taxable year 1994 only, in counties having less than 3,000,000 inhabitants, to receive the exemption, a person shall submit an application by February 15, 1995 to the Chief County Assessment Officer of the county in which the property is located. In counties having 3,000,000 or more inhabitants, for taxable year 1994 and all subsequent taxable years,

to receive the exemption, a person may submit an application to the Chief County Assessment Officer of the county in which the property is located during such period as may be specified by the Chief County Assessment Officer. The Chief County Assessment Officer in counties of 3,000,000 or more inhabitants shall annually give notice of the application period by mail or by publication. In counties having less than 3,000,000 inhabitants, beginning with taxable year 1995 and thereafter, to receive the exemption, a person shall submit an application by July 1 of each taxable year to the Chief County Assessment Officer of the county in which the property is located. A county may, by ordinance, establish a date for submission of applications that is different than July 1. The applicant shall submit with the application an affidavit of the applicant's total household income, age, marital status (and if married the name and address of the applicant's spouse, if known), and principal dwelling place of members of the household on January 1 of the taxable year. The Department shall establish, by rule, a method for verifying the accuracy of affidavits filed by applicants under this Section, and the Chief County Assessment Officer may conduct audits of any taxpayer claiming an exemption under this Section to verify that the taxpayer is eligible to receive the exemption. Each application shall contain or be verified by a written declaration that it is made under the penalties of perjury. A taxpayer's signing a fraudulent application under this Act is perjury, as defined in Section 32-2 of the Criminal Code of 1961. The applications shall be clearly marked as applications for the Senior Citizens Assessment Freeze Homestead Exemption and must contain a notice that any taxpayer who receives the exemption is subject to an audit by the Chief County Assessment Officer.

Notwithstanding any other provision to the contrary, in counties having fewer than 3,000,000 inhabitants, if an applicant fails to file the application required by this Section in a timely manner and this failure to file is due to a mental or physical condition sufficiently severe so as to render the applicant incapable of filing the application in a timely manner, the Chief County Assessment Officer may extend the filing deadline for a period of 30 days after the applicant regains the capability to file the application, but in no case may the filing deadline be extended beyond 3 months of the original filing deadline. In order to receive the extension provided in this paragraph, the applicant shall provide the Chief County Assessment Officer with a signed statement from the applicant's physician stating the nature and extent of the condition, that, in the physician's opinion, the condition was so severe that it rendered the applicant

incapable of filing the application in a timely manner, and the date on which the applicant regained the capability to file the application.

Beginning January 1, 1998, notwithstanding any other provision to the contrary, in counties having fewer than 3,000,000 inhabitants, if an applicant fails to file the application required by this Section in a timely manner and this failure to file is due to a mental or physical condition sufficiently severe so as to render the applicant incapable of filing the application in a timely manner, the Chief County Assessment Officer may extend the filing deadline for a period of 3 months. In order to receive the extension provided in this paragraph, the applicant shall provide the Chief County Assessment Officer with a signed statement from the applicant's physician stating the nature and extent of the condition, and that, in the physician's opinion, the condition was so severe that it rendered the applicant incapable of filing the application in a timely manner.

In counties having less than 3,000,000 inhabitants, if an applicant was denied an exemption in taxable year 1994 and the denial occurred due to an error on the part of an assessment official, or his or her agent or employee, then beginning in taxable year 1997 the applicant's base year, for purposes of determining the amount of the exemption, shall be 1993 rather than 1994. In addition, in taxable year 1997, the applicant's exemption shall also include an amount equal to (i) the amount of any exemption denied to the applicant in taxable year 1995 as a result of using 1994, rather than 1993, as the base year, (ii) the amount of any exemption denied to the applicant in taxable year 1996 as a result of using 1994, rather than 1993, as the base year, and (iii) the amount of the exemption erroneously denied for taxable year 1994.

For purposes of this Section, a person who will be 65 years of age during the current taxable year shall be eligible to apply for the homestead exemption during that taxable year. Application shall be made during the application period in effect for the county of his or her residence.

The Chief County Assessment Officer may determine the eligibility of a life care facility that qualifies as a cooperative to receive the benefits provided by this Section by use of an affidavit, application, visual inspection, questionnaire, or other reasonable method in order to insure that the tax savings resulting from the exemption are credited by the management firm to the apportioned tax liability of each qualifying resident. The Chief County Assessment Officer may request reasonable proof that the management firm has so credited that exemption.

Except as provided in this Section, all information received by the chief county assessment officer or the Department from applications filed under this Section, or from any investigation conducted under the provisions of this Section, shall be confidential, except for official purposes or pursuant to official procedures for collection of any State or local tax or enforcement of any civil or criminal penalty or sanction imposed by this Act or by any statute or ordinance imposing a State or local tax. Any person who divulges any such information in any manner, except in accordance with a proper judicial order, is guilty of a Class A misdemeanor.

Nothing contained in this Section shall prevent the Director or chief county assessment officer from publishing or making available reasonable statistics concerning the operation of the exemption contained in this Section in which the contents of claims are grouped into aggregates in such a way that information contained in any individual claim shall not be disclosed.

(d) Each Chief County Assessment Officer shall annually publish a notice of availability of the exemption provided under this Section. The notice shall be published at least 60 days but no more than 75 days prior to the date on which the application must be submitted to the Chief County Assessment Officer of the county in which the property is located. The notice shall appear in a newspaper of general circulation in the county.

Notwithstanding Sections 6 and 8 of the State Mandates Act, no reimbursement by the State is required for the implementation of any mandate created by this Section.

Sec. 15-175. General homestead exemption. Except as provided in Sections 15-176 and 15-177, homestead property is entitled to an annual homestead exemption limited, except as described here with relation to cooperatives, to a reduction in the equalized assessed value of homestead property equal to the increase in equalized assessed value for the current assessment year above the equalized assessed value of the property for 1977, up to the maximum reduction set forth below. If however, the 1977 equalized assessed value upon which taxes were paid is subsequently determined by local assessing officials, the Property Tax Appeal Board, or a court to have been excessive, the equalized assessed value which should

have been placed on the property for 1977 shall be used to determine the amount of the exemption.

Except as provided in Section 15-176, the maximum reduction before taxable year 2004 shall be $4,500 in counties with 3,000,000 or more inhabitants and $3,500 in all other counties. Except as provided in Sections 15-176 and 15-177, for taxable years 2004 through 2007, the maximum reduction shall be $5,000, for taxable year 2008, the maximum reduction is $5,500, and, for taxable years 2009 and thereafter, the maximum reduction is $6,000 in all counties. If a county has elected to subject itself to the provisions of Section 15-176 as provided in subsection (k) of that Section, then, for the first taxable year only after the provisions of Section 15-176 no longer apply, for owners who, for the taxable year, have not been granted a senior citizens assessment freeze homestead exemption under Section 15-172 or a long-time occupant homestead exemption under Section 15-177, there shall be an additional exemption of $5,000 for owners with a household income of $30,000 or less.

In counties with fewer than 3,000,000 inhabitants, if, based on the most recent assessment, the equalized assessed value of the homestead property for the current assessment year is greater than the equalized assessed value of the property for 1977, the owner of the property shall automatically receive the exemption granted under this Section in an amount equal to the increase over the 1977 assessment up to the maximum reduction set forth in this Section.

If in any assessment year beginning with the 2000 assessment year, homestead property has a pro-rata valuation under Section 9-180 resulting in an increase in the assessed valuation, a reduction in equalized assessed valuation equal to the increase in equalized assessed value of the property for the year of the pro-rata valuation above the equalized assessed value of the property for 1977 shall be applied to the property on a proportionate basis for the period the property qualified as homestead property during the assessment year. The maximum proportionate homestead exemption shall not exceed the maximum homestead exemption allowed in the county under this Section divided by 365 and multiplied by the number of days the property qualified as homestead property.

"Homestead property" under this Section includes residential property that is occupied by its owner or owners as his or their principal dwelling place, or that is a leasehold interest on which a single family residence is situated, which is occupied as a residence by a person who has an ownership interest therein, legal or equitable or as a lessee, and on

New matter indicated by italics - deletions by strikeout
which the person is liable for the payment of property taxes. For land
improved with an apartment building owned and operated as a cooperative
or a building which is a life care facility as defined in Section 15-170 and
considered to be a cooperative under Section 15-170, the maximum
reduction from the equalized assessed value shall be limited to the increase
in the value above the equalized assessed value of the property for 1977,
up to the maximum reduction set forth above, multiplied by the number of
apartments or units occupied by a person or persons who is liable, by
contract with the owner or owners of record, for paying property taxes on
the property and is an owner of record of a legal or equitable interest in the
cooperative apartment building, other than a leasehold interest. For
purposes of this Section, the term "life care facility" has the meaning
stated in Section 15-170.

"Household", as used in this Section, means the owner, the spouse
of the owner, and all persons using the residence of the owner as their
principal place of residence.

"Household income", as used in this Section, means the combined
income of the members of a household for the calendar year preceding the
taxable year.

"Income", as used in this Section, has the same meaning as
provided in Section 3.07 of the Senior Citizens and Disabled Persons
Property Tax Relief and Pharmaceutical Assistance Act, except that
"income" does not include veteran's benefits.

In a cooperative where a homestead exemption has been granted,
the cooperative association or its management firm shall credit the savings
resulting from that exemption only to the apportioned tax liability of the
owner who qualified for the exemption. Any person who willfully refuses
to so credit the savings shall be guilty of a Class B misdemeanor.

Where married persons maintain and reside in separate residences
qualifying as homestead property, each residence shall receive 50% of the
total reduction in equalized assessed valuation provided by this Section.

In all counties, the assessor or chief county assessment officer may
determine the eligibility of residential property to receive the homestead
exemption and the amount of the exemption by application, visual
inspection, questionnaire or other reasonable methods. The determination
shall be made in accordance with guidelines established by the
Department, provided that the taxpayer applying for an additional general
exemption under this Section shall submit to the chief county assessment
officer an application with an affidavit of the applicant's total household

New matter indicated by italics - deletions by strikeout
income, age, marital status (and, if married, the name and address of the applicant's spouse, if known), and principal dwelling place of members of the household on January 1 of the taxable year. The Department shall issue guidelines establishing a method for verifying the accuracy of the affidavits filed by applicants under this paragraph. The applications shall be clearly marked as applications for the Additional General Homestead Exemption.

In counties with fewer than 3,000,000 inhabitants, in the event of a sale of homestead property the homestead exemption shall remain in effect for the remainder of the assessment year of the sale. The assessor or chief county assessment officer may require the new owner of the property to apply for the homestead exemption for the following assessment year.

Notwithstanding Sections 6 and 8 of the State Mandates Act, no reimbursement by the State is required for the implementation of any mandate created by this Section.

(b) a separate statement for each of the taxing districts of the dollar amount of tax due which is allocable to a tax levied under the Illinois Pension Code or to any other tax levied by a municipality or township for public pension or retirement purposes,

(c) the total tax rate,

(d) the total amount of tax due, and

(e) the amount by which the total tax and the tax allocable to each taxing district differs from the taxpayer's last prior tax bill.
The county treasurer shall ensure that only those taxing districts in which a parcel of property is located shall be listed on the bill for that property.

In all counties the statement shall also provide:

1. the property index number or other suitable description,
2. the assessment of the property,
3. the equalization factors imposed by the county and by the Department, and
4. the equalized assessment resulting from the application of the equalization factors to the basic assessment.

In all counties which do not classify property for purposes of taxation, for property on which a single family residence is situated the statement shall also include a statement to reflect the fair cash value determined for the property. In all counties which classify property for purposes of taxation in accordance with Section 4 of Article IX of the Illinois Constitution, for parcels of residential property in the lowest assessment classification the statement shall also include a statement to reflect the fair cash value determined for the property.

In all counties, the statement must include information that certain taxpayers may be eligible for tax exemptions, abatements, and other assistance programs and that, for more information, taxpayers should consult with the office of their township or county assessor and with the Illinois Department of Revenue.

In all counties, the statement shall include information that certain taxpayers may be eligible for the Senior Citizens and Disabled Persons Property Tax Relief and Pharmaceutical Assistance Act and that applications are available from the Illinois Department on Aging.

In counties which use the estimated or accelerated billing methods, these statements shall only be provided with the final installment of taxes due. The provisions of this Section create a mandatory statutory duty. They are not merely directory or discretionary. The failure or neglect of the collector to mail the bill, or the failure of the taxpayer to receive the bill, shall not affect the validity of any tax, or the liability for the payment of any tax.

(b) "Mailing" means any communication by a State agency, other than a mailing made under the Senior Citizens and Disabled Persons Property Tax Relief and Pharmaceutical Assistance Act, that is sent through the United States Postal Service to more than 50,000 persons within a 12-month period.

(c) "State agency" means any officer, department, board, commission, institution or entity of the executive or legislative branches of State government.

(2) To accomplish its powers and duties under Section 5 this Act, the corporation, subject to the following limitations, may prepare and furnish to any State agency an enclosure to be included with a mailing by that agency.

(a) A State agency furnished with an enclosure shall include the enclosure within the mailing designated by the corporation.

(b) An enclosure furnished by the corporation under this Section shall be provided to the State agency a reasonable period of time in advance of the mailing.

(c) An enclosure furnished by the corporation under this Section shall be limited to informing the reader of the purpose, nature and activities of the corporation as set forth in this Act and informing the reader that it may become a member in the corporation, maintain membership in the corporation and contribute money to the corporation directly.

(d) Prior to furnishing an enclosure to the State agency, the corporation shall seek and obtain approval of the content of the enclosure from the Illinois Commerce Commission. (305 ILCS 5/3-5) (from Ch. 23, par. 3-5)
Sec. 3-5. Amount of aid. The amount and nature of financial aid granted to or in behalf of aged, blind, or disabled persons shall be determined in accordance with the standards, grant amounts, rules and regulations of the Illinois Department. Due regard shall be given to the requirements and conditions existing in each case, and to the amount of property owned and the income, money contributions, and other support, and resources received or obtainable by the person, from whatever source. However, the amount and nature of any financial aid is not affected by the payment of any grant under the "Senior Citizens and Disabled Persons Property Tax Relief and Pharmaceutical Assistance Act" or any distributions or items of income described under subparagraph (X) of paragraph (2) of subsection (a) of Section 203 of the Illinois Income Tax Act. The aid shall be sufficient, when added to all other income, money contributions and support, to provide the person with a grant in the amount established by Department regulation for such a person, based upon standards providing a livelihood compatible with health and well-being. Financial aid under this Article granted to persons who have been found ineligible for Supplemental Security Income (SSI) due to expiration of the period of eligibility for refugees and asylees pursuant to 8 U.S.C. 1612(a)(2) shall not exceed $500 per month.

from his or her home, when added to contributions in money, substance or services from other sources, including income available from parents absent from the home or from a stepparent, contributions made for the benefit of the parent or other persons necessary to provide care and supervision to the child, and contributions from legally responsible relatives, must be equal to or less than the grant amount established by Department regulation for such a person. For purposes of eligibility for aid under this Article, the Department shall disregard all earned income between the grant amount and 50% of the Federal Poverty Level.

In considering income to be taken into account, consideration shall be given to any expenses reasonably attributable to the earning of such income. Three-fourths of the earned income of a household eligible for aid under this Article shall be disregarded when determining the level of assistance for which a household is eligible. The Illinois Department may also permit all or any portion of earned or other income to be set aside for the future identifiable needs of a child. The Illinois Department may provide by rule and regulation for the exemptions thus permitted or required. The eligibility of any applicant for or recipient of public aid under this Article is not affected by the payment of any grant under the "Senior Citizens and Disabled Persons Property Tax Relief and Pharmaceutical Assistance Act" or any distributions or items of income described under subparagraph (X) of paragraph (2) of subsection (a) of Section 203 of the Illinois Income Tax Act.

The Illinois Department may, by rule, set forth criteria under which an assistance unit is ineligible for cash assistance under this Article for a specified number of months due to the receipt of a lump sum payment.

Sec. 4-2. Amount of aid.

(a) The amount and nature of financial aid shall be determined in accordance with the grant amounts, rules and regulations of the Illinois Department. Due regard shall be given to the self-sufficiency requirements of the family and to the income, money contributions and other support and resources available, from whatever source. However, the amount and nature of any financial aid is not affected by the payment of any grant under the "Senior Citizens and Disabled Persons Property Tax Relief and Pharmaceutical Assistance Act" or any distributions or items of income described under subparagraph (X) of paragraph (2) of subsection (a) of Section 203 of the Illinois Income Tax Act. The aid shall be sufficient,
when added to all other income, money contributions and support to
provide the family with a grant in the amount established by Department
regulation.

Subject to appropriation, beginning on July 1, 2008, the
Department of Human Services shall increase TANF grant amounts in
effect on June 30, 2008 by 15%. The Department is authorized to
administer this increase but may not otherwise adopt any rule to
implement this increase.

(b) The Illinois Department may conduct special projects, which
may be known as Grant Diversion Projects, under which recipients of
financial aid under this Article are placed in jobs and their grants are
diverted to the employer who in turn makes payments to the recipients in
the form of salary or other employment benefits. The Illinois Department
shall by rule specify the terms and conditions of such Grant Diversion
Projects. Such projects shall take into consideration and be coordinated
with the programs administered under the Illinois Emergency Employment
Development Act.

(c) The amount and nature of the financial aid for a child requiring
care outside his own home shall be determined in accordance with the
rules and regulations of the Illinois Department, with due regard to the
needs and requirements of the child in the foster home or institution in
which he has been placed.

(d) If the Department establishes grants for family units consisting
exclusively of a pregnant woman with no dependent child or including her
husband if living with her, the grant amount for such a unit shall be equal
to the grant amount for an assistance unit consisting of one adult, or 2
persons if the husband is included. Other than as herein described, an
unborn child shall not be counted in determining the size of an assistance
unit or for calculating grants.

Payments for basic maintenance requirements of a child or children
and the relative with whom the child or children are living shall be
prescribed, by rule, by the Illinois Department.

Grants under this Article shall not be supplemented by General
Assistance provided under Article VI.

(e) Grants shall be paid to the parent or other person with whom
the child or children are living, except for such amount as is paid in behalf
of the child or his parent or other relative to other persons or agencies
pursuant to this Code or the rules and regulations of the Illinois
Department.

(f) Subject to subsection (f-5), an assistance unit, receiving financial aid under this Article or temporarily ineligible to receive aid under this Article under a penalty imposed by the Illinois Department for failure to comply with the eligibility requirements or that voluntarily requests termination of financial assistance under this Article and becomes subsequently eligible for assistance within 9 months, shall not receive any increase in the amount of aid solely on account of the birth of a child; except that an increase is not prohibited when the birth is (i) of a child of a pregnant woman who became eligible for aid under this Article during the pregnancy, or (ii) of a child born within 10 months after the date of implementation of this subsection, or (iii) of a child conceived after a family became ineligible for assistance due to income or marriage and at least 3 months of ineligibility expired before any reapplication for assistance. This subsection does not, however, prevent a unit from receiving a general increase in the amount of aid that is provided to all recipients of aid under this Article.

The Illinois Department is authorized to transfer funds, and shall use any budgetary savings attributable to not increasing the grants due to the births of additional children, to supplement existing funding for employment and training services for recipients of aid under this Article IV. The Illinois Department shall target, to the extent the supplemental funding allows, employment and training services to the families who do not receive a grant increase after the birth of a child. In addition, the Illinois Department shall provide, to the extent the supplemental funding allows, such families with up to 24 months of transitional child care pursuant to Illinois Department rules. All remaining supplemental funds shall be used for employment and training services or transitional child care support.

In making the transfers authorized by this subsection, the Illinois Department shall first determine, pursuant to regulations adopted by the Illinois Department for this purpose, the amount of savings attributable to not increasing the grants due to the births of additional children. Transfers may be made from General Revenue Fund appropriations for distributive purposes authorized by Article IV of this Code only to General Revenue Fund appropriations for employability development services including operating and administrative costs and related distributive purposes under Article IXA of this Code. The Director, with the approval of the Governor, shall certify the amount and affected line item appropriations to the State Comptroller.
Nothing in this subsection shall be construed to prohibit the Illinois Department from using funds under this Article IV to provide assistance in the form of vouchers that may be used to pay for goods and services deemed by the Illinois Department, by rule, as suitable for the care of the child such as diapers, clothing, school supplies, and cribs.

(f-5) Subsection (f) shall not apply to affect the monthly assistance amount of any family as a result of the birth of a child on or after January 1, 2004. As resources permit after January 1, 2004, the Department may cease applying subsection (f) to limit assistance to families receiving assistance under this Article on January 1, 2004, with respect to children born prior to that date. In any event, subsection (f) shall be completely inoperative on and after July 1, 2007.

(g) (Blank).

(h) Notwithstanding any other provision of this Code, the Illinois Department is authorized to reduce payment levels used to determine cash grants under this Article after December 31 of any fiscal year if the Illinois Department determines that the caseload upon which the appropriations for the current fiscal year are based have increased by more than 5% and the appropriation is not sufficient to ensure that cash benefits under this Article do not exceed the amounts appropriated for those cash benefits. Reductions in payment levels may be accomplished by emergency rule under Section 5-45 of the Illinois Administrative Procedure Act, except that the limitation on the number of emergency rules that may be adopted in a 24-month period shall not apply and the provisions of Sections 5-115 and 5-125 of the Illinois Administrative Procedure Act shall not apply. Increases in payment levels shall be accomplished only in accordance with Section 5-40 of the Illinois Administrative Procedure Act. Before any rule to increase payment levels promulgated under this Section shall become effective, a joint resolution approving the rule must be adopted by a roll call vote by a majority of the members elected to each chamber of the General Assembly.

In determining income to be taken into account:

(1) The first $75 of earned income in income assistance units comprised exclusively of one adult person shall be disregarded, and for not more than 3 months in any 12 consecutive months that portion of earned income beyond the first $75 that is the difference between the standard of assistance and the grant amount, shall be disregarded.

(2) For income assistance units not comprised exclusively of one adult person, when authorized by rules and regulations of the Illinois Department, a portion of earned income, not to exceed the first $25 a month plus 50% of the next $75, may be disregarded for the purpose of stimulating and aiding rehabilitative effort and self-support activity.

"Earned income" means money earned in self-employment or wages, salary, or commission for personal services performed as an employee. The eligibility of any applicant for or recipient of public aid under this Article is not affected by the payment of any grant under the "Senior Citizens and Disabled Persons Property Tax Relief and Pharmaceutical Assistance Act", any refund or payment of the federal Earned Income Tax Credit, or any distributions or items of income described under subparagraph (X) of paragraph (2) of subsection (a) of Section 203 of the Illinois Income Tax Act.

In local governmental units which do not receive State funds, the grant shall be sufficient when added to all other income, money contributions and support in excess of any excluded income or resources, to provide the person with a grant in the amount established for such a person by the local governmental unit based upon standards meeting basic maintenance requirements. In local governmental units which do receive State funds, the grant shall be sufficient when added to all other income, money contributions and support in excess of any excluded income or resources, to provide the person with a grant in the amount established for such a person by Department regulation based upon standards providing a livelihood compatible with health and well-being, as directed by Section 12-4.11 of this Code.

The Illinois Department may conduct special projects, which may be known as Grant Diversion Projects, under which recipients of financial aid under this Article are placed in jobs and their grants are diverted to the employer who in turn makes payments to the recipients in the form of salary or other employment benefits. The Illinois Department shall by rule specify the terms and conditions of such Grant Diversion Projects. Such projects shall take into consideration and be coordinated with the programs administered under the Illinois Emergency Employment Development Act.

The allowances provided under Article IX for recipients participating in the training and rehabilitation programs shall be in addition to such maximum payment.

Payments may also be made to provide persons receiving basic maintenance support with necessary treatment, care and supplies required because of illness or disability or with acute medical treatment, care, and supplies. Payments for necessary or acute medical care under this paragraph may be made to or in behalf of the person. Obligations incurred for such services but not paid for at the time of a recipient's death may be paid, subject to the rules and regulations of the Illinois Department, after the death of the recipient.

Section 965. The Senior Pharmaceutical Assistance Act is amended by changing Section 5 as follows:

(320 ILCS 50/5)

Sec. 5. Findings. The General Assembly finds:

(1) Senior citizens identify pharmaceutical assistance as the single most critical factor to their health, well-being, and continued independence.

(2) The State of Illinois currently operates 2 pharmaceutical assistance programs that benefit seniors: (i) the program of pharmaceutical assistance under the Senior Citizens and Disabled Persons Property Tax Relief and Pharmaceutical Assistance Act and (ii) the Aid to the Aged, Blind, or Disabled program under the Illinois Public Aid Code. The State has been given authority to establish a third program, SeniorRx Care, through a federal Medicaid waiver.

(3) Each year, numerous pieces of legislation are filed seeking to establish additional pharmaceutical assistance benefits for seniors or to make changes to the existing programs.

(4) Establishment of a pharmaceutical assistance review committee will ensure proper coordination of benefits, diminish the likelihood of duplicative benefits, and ensure that the best interests of seniors are served.

(5) In addition to the State pharmaceutical assistance programs, several private entities, such as drug manufacturers and pharmacies, also offer prescription drug discount or coverage programs.

(6) Many seniors are unaware of the myriad of public and private programs available to them.

(7) Establishing a pharmaceutical clearinghouse with a toll-free hot-line and local outreach workers will educate seniors about the vast array of options available to them and enable seniors to make an educated and informed choice that is best for them.

(8) Estimates indicate that almost one-third of senior citizens lack prescription drug coverage. The federal government, states, and the pharmaceutical industry each have a role in helping these uninsured seniors gain access to life-saving medications.

(9) The State of Illinois has recognized its obligation to assist Illinois' neediest seniors in purchasing prescription medications, and it is now time for pharmaceutical manufacturers to recognize their obligation to make their medications affordable to seniors.

The Board shall determine the amount of State contributions required for each fiscal year on the basis of the actuarial tables and other assumptions adopted by the Board and the recommendations of the actuary, using the formula in subsection (b-3).

(a-1) Annually, on or before November 15 until November 15, 2011, the Board shall certify to the Governor the amount of the required State contribution for the coming fiscal year. recommended changes in actuarial assumptions that the Board must consider before finalizing its certification of the required State contributions. On or before January 15, 2013 and each January 15 thereafter, the Board shall certify to the Governor and the General Assembly the amount of the required State contribution for the next fiscal year. The Board's certification must note any deviations from the State Actuary's recommended changes, the reason or reasons for not following the State Actuary's recommended changes, and the fiscal impact of not following the State Actuary’s recommended changes on the required State contribution.

(b) Through State fiscal year 1995, the State contributions shall be paid to the System in accordance with Section 18-7 of the School Code.

(b-1) Beginning in State fiscal year 1996, on the 15th day of each month, or as soon thereafter as may be practicable, the Board shall submit vouchers for payment of State contributions to the System, in a total monthly amount of one-twelfth of the required annual State contribution certified under subsection (a-1). These vouchers shall be paid by the State Comptroller and Treasurer by warrants drawn on the funds appropriated to the System for that fiscal year.

If in any month the amount remaining unexpended from all other appropriations to the System for the applicable fiscal year (including the appropriations to the System under Section 8.12 of the State Finance Act and Section 1 of the State Pension Funds Continuing Appropriation Act) is less than the amount lawfully vouchered under this subsection, the difference shall be paid from the Common School Fund under the continuing appropriation authority provided in Section 1.1 of the State Pension Funds Continuing Appropriation Act.

(b-2) Allocations from the Common School Fund apportioned to school districts not coming under this System shall not be diminished or affected by the provisions of this Article.

(b-3) For State fiscal years 2012 through 2045, the minimum contribution to the System to be made by the State for each fiscal year shall be an amount determined by the System to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System.
System by the end of State fiscal year 2045. In making these determinations, the required State contribution shall be calculated each year as a level percentage of payroll over the years remaining to and including fiscal year 2045 and shall be determined under the projected unit credit actuarial cost method.

For State fiscal years 1996 through 2005, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments so that by State fiscal year 2011, the State is contributing at the rate required under this Section; except that in the following specified State fiscal years, the State contribution to the System shall not be less than the following indicated percentages of the applicable employee payroll, even if the indicated percentage will produce a State contribution in excess of the amount otherwise required under this subsection and subsection (a), and notwithstanding any contrary certification made under subsection (a-1) before the effective date of this amendatory Act of 1998: 10.02% in FY 1999; 10.77% in FY 2000; 11.47% in FY 2001; 12.16% in FY 2002; 12.86% in FY 2003; and 13.56% in FY 2004.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2006 is $534,627,700.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2007 is $738,014,500.

For each of State fiscal years 2008 through 2009, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments from the required State contribution for State fiscal year 2007, so that by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2010 is $2,089,268,000 and shall be made from the proceeds of bonds sold in fiscal year 2010 pursuant to Section 7.2 of the General Obligation Bond Act, less (i) the pro rata share of bond sale expenses determined by the System's share of total bond proceeds, (ii) any amounts received from the Common School Fund in fiscal year 2010, and (iii) any reduction in bond proceeds due to the issuance of discounted bonds, if applicable.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2011 is the amount recertified by the System on or before April 1, 2011 pursuant to subsection

(a-1) of this Section and shall be made from the proceeds of bonds sold in fiscal year 2011 pursuant to Section 7.2 of the General Obligation Bond Act, less (i) the pro rata share of bond sale expenses determined by the System's share of total bond proceeds, (ii) any amounts received from the Common School Fund in fiscal year 2011, and (iii) any reduction in bond proceeds due to the issuance of discounted bonds, if applicable. This amount shall include, in addition to the amount certified by the System, an amount necessary to meet employer contributions required by the State as an employer under paragraph (e) of this Section, which may also be used by the System for contributions required by paragraph (a) of Section 16-127.

Beginning in State fiscal year 2046, the minimum State contribution for each fiscal year shall be the amount needed to maintain the total assets of the System at 90% of the total actuarial liabilities of the System.

Amounts received by the System pursuant to Section 25 of the Budget Stabilization Act or Section 8.12 of the State Finance Act in any fiscal year do not reduce and do not constitute payment of any portion of the minimum State contribution required under this Article in that fiscal year. Such amounts shall not reduce, and shall not be included in the calculation of, the required State contributions under this Article in any future year until the System has reached a funding ratio of at least 90%. A reference in this Article to the "required State contribution" or any substantially similar term does not include or apply to any amounts payable to the System under Section 25 of the Budget Stabilization Act.

Notwithstanding any other provision of this Section, the required State contribution for State fiscal year 2005 and for fiscal year 2008 and each fiscal year thereafter, as calculated under this Section and certified under subsection (a-1), shall not exceed an amount equal to (i) the amount of the required State contribution that would have been calculated under this Section for that fiscal year if the System had not received any payments under subsection (d) of Section 7.2 of the General Obligation Bond Act, minus (ii) the portion of the State's total debt service payments for that fiscal year on the bonds issued in fiscal year 2003 for the purposes of that Section 7.2, as determined and certified by the Comptroller, that is the same as the System's portion of the total moneys distributed under subsection (d) of Section 7.2 of the General Obligation Bond Act. In determining this maximum for State fiscal years 2008 through 2010, however, the amount referred to in item (i) shall be increased, as a
percentage of the applicable employee payroll, in equal increments calculated from the sum of the required State contribution for State fiscal year 2007 plus the applicable portion of the State's total debt service payments for fiscal year 2007 on the bonds issued in fiscal year 2003 for the purposes of Section 7.2 of the General Obligation Bond Act, so that, by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

(c) Payment of the required State contributions and of all pensions, retirement annuities, death benefits, refunds, and other benefits granted under or assumed by this System, and all expenses in connection with the administration and operation thereof, are obligations of the State.

If members are paid from special trust or federal funds which are administered by the employing unit, whether school district or other unit, the employing unit shall pay to the System from such funds the full accruing retirement costs based upon that service, as determined by the System. Employer contributions, based on salary paid to members from federal funds, may be forwarded by the distributing agency of the State of Illinois to the System prior to allocation, in an amount determined in accordance with guidelines established by such agency and the System.

(d) Effective July 1, 1986, any employer of a teacher as defined in paragraph (8) of Section 16-106 shall pay the employer's normal cost of benefits based upon the teacher's service, in addition to employee contributions, as determined by the System. Such employer contributions shall be forwarded monthly in accordance with guidelines established by the System.

However, with respect to benefits granted under Section 16-133.4 or 16-133.5 to a teacher as defined in paragraph (8) of Section 16-106, the employer's contribution shall be 12% (rather than 20%) of the member's highest annual salary rate for each year of creditable service granted, and the employer shall also pay the required employee contribution on behalf of the teacher. For the purposes of Sections 16-133.4 and 16-133.5, a teacher as defined in paragraph (8) of Section 16-106 who is serving in that capacity while on leave of absence from another employer under this Article shall not be considered an employee of the employer from which the teacher is on leave.

(e) Beginning July 1, 1998, every employer of a teacher shall pay to the System an employer contribution computed as follows:

New matter indicated by italics - deletions by strikeout
(1) Beginning July 1, 1998 through June 30, 1999, the employer contribution shall be equal to 0.3% of each teacher's salary.

(2) Beginning July 1, 1999 and thereafter, the employer contribution shall be equal to 0.58% of each teacher's salary.

The school district or other employing unit may pay these employer contributions out of any source of funding available for that purpose and shall forward the contributions to the System on the schedule established for the payment of member contributions.

These employer contributions are intended to offset a portion of the cost to the System of the increases in retirement benefits resulting from this amendatory Act of 1998.

Each employer of teachers is entitled to a credit against the contributions required under this subsection (e) with respect to salaries paid to teachers for the period January 1, 2002 through June 30, 2003, equal to the amount paid by that employer under subsection (a-5) of Section 6.6 of the State Employees Group Insurance Act of 1971 with respect to salaries paid to teachers for that period.

The additional 1% employee contribution required under Section 16-152 by this amendatory Act of 1998 is the responsibility of the teacher and not the teacher's employer, unless the employer agrees, through collective bargaining or otherwise, to make the contribution on behalf of the teacher.

If an employer is required by a contract in effect on May 1, 1998 between the employer and an employee organization to pay, on behalf of all its full-time employees covered by this Article, all mandatory employee contributions required under this Article, then the employer shall be excused from paying the employer contribution required under this subsection (e) for the balance of the term of that contract. The employer and the employee organization shall jointly certify to the System the existence of the contractual requirement, in such form as the System may prescribe. This exclusion shall cease upon the termination, extension, or renewal of the contract at any time after May 1, 1998.

(f) If the amount of a teacher's salary for any school year used to determine final average salary exceeds the member's annual full-time salary rate with the same employer for the previous school year by more than 6%, the teacher's employer shall pay to the System, in addition to all other payments required under this Section and in accordance with guidelines established by the System, the present value of the increase in

benefits resulting from the portion of the increase in salary that is in excess of 6%. This present value shall be computed by the System on the basis of the actuarial assumptions and tables used in the most recent actuarial valuation of the System that is available at the time of the computation. If a teacher's salary for the 2005-2006 school year is used to determine final average salary under this subsection (f), then the changes made to this subsection (f) by Public Act 94-1057 shall apply in calculating whether the increase in his or her salary is in excess of 6%. For the purposes of this Section, change in employment under Section 10-21.12 of the School Code on or after June 1, 2005 shall constitute a change in employer. The System may require the employer to provide any pertinent information or documentation. The changes made to this subsection (f) by this amendatory Act of the 94th General Assembly apply without regard to whether the teacher was in service on or after its effective date.

Whenever it determines that a payment is or may be required under this subsection, the System shall calculate the amount of the payment and bill the employer for that amount. The bill shall specify the calculations used to determine the amount due. If the employer disputes the amount of the bill, it may, within 30 days after receipt of the bill, apply to the System in writing for a recalculation. The application must specify in detail the grounds of the dispute and, if the employer asserts that the calculation is subject to subsection (g) or (h) of this Section, must include an affidavit setting forth and attesting to all facts within the employer's knowledge that are pertinent to the applicability of that subsection. Upon receiving a timely application for recalculation, the System shall review the application and, if appropriate, recalculate the amount due.

The employer contributions required under this subsection (f) may be paid in the form of a lump sum within 90 days after receipt of the bill. If the employer contributions are not paid within 90 days after receipt of the bill, then interest will be charged at a rate equal to the System's annual actuarially assumed rate of return on investment compounded annually from the 91st day after receipt of the bill. Payments must be concluded within 3 years after the employer's receipt of the bill.

(g) This subsection (g) applies only to payments made or salary increases given on or after June 1, 2005 but before July 1, 2011. The changes made by Public Act 94-1057 shall not require the System to refund any payments received before July 31, 2006 (the effective date of Public Act 94-1057).
When assessing payment for any amount due under subsection (f), the System shall exclude salary increases paid to teachers under contracts or collective bargaining agreements entered into, amended, or renewed before June 1, 2005.

When assessing payment for any amount due under subsection (f), the System shall exclude salary increases paid to a teacher at a time when the teacher is 10 or more years from retirement eligibility under Section 16-132 or 16-133.2.

When assessing payment for any amount due under subsection (f), the System shall exclude salary increases resulting from overload work, including summer school, when the school district has certified to the System, and the System has approved the certification, that (i) the overload work is for the sole purpose of classroom instruction in excess of the standard number of classes for a full-time teacher in a school district during a school year and (ii) the salary increases are equal to or less than the rate of pay for classroom instruction computed on the teacher's current salary and work schedule.

When assessing payment for any amount due under subsection (f), the System shall exclude a salary increase resulting from a promotion (i) for which the employee is required to hold a certificate or supervisory endorsement issued by the State Teacher Certification Board that is a different certification or supervisory endorsement than is required for the teacher's previous position and (ii) to a position that has existed and been filled by a member for no less than one complete academic year and the salary increase from the promotion is an increase that results in an amount no greater than the lesser of the average salary paid for other similar positions in the district requiring the same certification or the amount stipulated in the collective bargaining agreement for a similar position requiring the same certification.

When assessing payment for any amount due under subsection (f), the System shall exclude any payment to the teacher from the State of Illinois or the State Board of Education over which the employer does not have discretion, notwithstanding that the payment is included in the computation of final average salary.

(h) When assessing payment for any amount due under subsection (f), the System shall exclude any salary increase described in subsection (g) of this Section given on or after July 1, 2011 but before July 1, 2014 under a contract or collective bargaining agreement entered into, amended, or renewed on or after June 1, 2005 but before July 1, 2011.

Notwithstanding any other provision of this Section, any payments made or salary increases given after June 30, 2014 shall be used in assessing payment for any amount due under subsection (f) of this Section.

(i) The System shall prepare a report and file copies of the report with the Governor and the General Assembly by January 1, 2007 that contains all of the following information:

1. The number of recalculations required by the changes made to this Section by Public Act 94-1057 for each employer.
2. The dollar amount by which each employer's contribution to the System was changed due to recalculations required by Public Act 94-1057.
3. The total amount the System received from each employer as a result of the changes made to this Section by Public Act 94-4.
4. The increase in the required State contribution resulting from the changes made to this Section by Public Act 94-1057.

(j) For purposes of determining the required State contribution to the System, the value of the System's assets shall be equal to the actuarial value of the System's assets, which shall be calculated as follows:

As of June 30, 2008, the actuarial value of the System's assets shall be equal to the market value of the assets as of that date. In determining the actuarial value of the System's assets for fiscal years after June 30, 2008, any actuarial gains or losses from investment return incurred in a fiscal year shall be recognized in equal annual amounts over the 5-year period following that fiscal year.

(k) For purposes of determining the required State contribution to the system for a particular year, the actuarial value of assets shall be assumed to earn a rate of return equal to the system's actuarially assumed rate of return.

year. The certification shall include a copy of the actuarial recommendations upon which it is based and shall specifically identify the System's projected State normal cost for that fiscal year.

On or before November 1 of each year, beginning November 1, 2012, the Board shall submit to the State Actuary, the Governor, and the General Assembly a proposed certification of the amount of the required State contribution to the System for the next fiscal year, along with all of the actuarial assumptions, calculations, and data upon which that proposed certification is based. On or before January 1 of each year beginning January 1, 2013, the State Actuary shall issue a preliminary report concerning the proposed certification and identifying, if necessary, recommended changes in actuarial assumptions that the Board must consider before finalizing its certification of the required State contributions. On or before January 15, 2013 and every January 15 thereafter, the Board shall certify to the Governor and the General Assembly the amount of the required State contribution for the next fiscal year. The Board's certification must note any deviations from the State Actuary's recommended changes, the reason or reasons for not following the State Actuary's recommended changes, and the fiscal impact of not following the State Actuary's recommended changes on the required State contribution.

On or before May 1, 2004, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2005, taking into account the amounts appropriated to and received by the System under subsection (d) of Section 7.2 of the General Obligation Bond Act.

On or before July 1, 2005, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2006, taking into account the changes in required State contributions made by this amendatory Act of the 94th General Assembly.

On or before April 1, 2011, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2011, applying the changes made by Public Act 96-889 to the System's assets and liabilities as of June 30, 2009 as though Public Act 96-889 was approved on that date.

(b) Beginning in State fiscal year 1996, on or as soon as possible after the 15th day of each month the Board shall submit vouchers for payment of State contributions to the System, in a total monthly amount of

From the effective date of this amendatory Act of the 93rd General Assembly through June 30, 2004, the Board shall not submit vouchers for the remainder of fiscal year 2004 in excess of the fiscal year 2004 certified contribution amount determined under this Section after taking into consideration the transfer to the System under subsection (c) of Section 6z-61 of the State Finance Act. These vouchers shall be paid by the State Comptroller and Treasurer by warrants drawn on the funds appropriated to the System for that fiscal year.

If in any month the amount remaining unexpended from all other appropriations to the System for the applicable fiscal year (including the appropriations to the System under Section 8.12 of the State Finance Act and Section 1 of the State Pension Funds Continuing Appropriation Act) is less than the amount lawfully vouchered under this Section, the difference shall be paid from the General Revenue Fund under the continuing appropriation authority provided in Section 1.1 of the State Pension Funds Continuing Appropriation Act.

Two or more emergency rules having substantially the same purpose and effect shall be deemed to be a single rule for purposes of this Section.

(c-5) To facilitate the maintenance of the program of group health benefits provided to annuitants, survivors, and retired employees under the State Employees Group Insurance Act of 1971, rules to alter the contributions to be paid by the State, annuitants, survivors, retired employees, or any combination of those entities, for that program of group health benefits, shall be adopted as emergency rules. (a) The State shall pay the cost of basic non-contributory group life insurance and, subject to member paid contributions set by the Department or required by this Section and except as provided in this Section, the basic program of group health benefits on each eligible member, except a member, not otherwise covered by this Act, who has retired as a participating member under Article 2 of the Illinois Pension Code but is ineligible for the retirement annuity under Section 2-119 of the Illinois Pension Code, and part of each eligible member's and retired member's premiums for health insurance coverage for enrolled dependents as provided by Section 9. The State shall pay the cost of the basic program of group health benefits only after benefits are reduced by the amount of benefits covered by Medicare for all members and dependents who are eligible for benefits under Social Security or the Railroad Retirement system or who had sufficient Medicare-covered government employment, except that such reduction in benefits shall apply only to those members and dependents who (1) first become eligible for such Medicare coverage on or after July 1, 1992; or (2) are Medicare-eligible members or dependents of a local government unit which began participation in the program on or after July 1, 1992; or (3) remain eligible for, but no longer receive Medicare coverage which they had been receiving on or after July 1, 1992. The Department may determine the aggregate level of the State's contribution on the basis of actual cost of medical services adjusted for age, sex or geographic or other demographic characteristics which affect the costs of such programs.

The cost of participation in the basic program of group health benefits for the dependent or survivor of a living or deceased retired employee who was formerly employed by the University of Illinois in the Cooperative Extension Service and would be an annuitant but for the fact that he or she was made ineligible to participate in the State Universities Retirement System by clause (4) of subsection (a) of Section 15-107 of the Illinois Pension Code shall not be greater than the cost of participation that would otherwise apply to that dependent or survivor if he or she were the dependent or survivor of an annuitant under the State Universities Retirement System.

This coverage shall continue until expiration of authorized leave and return to active service, but not to exceed 24 months for leaves under item (1) or (2). This 24-month limitation and the requirement of returning to active service shall not apply to persons receiving ordinary or accidental disability benefits or retirement benefits through the appropriate State retirement system or benefits under the Workers' Compensation or Occupational Disease Act.

(d) The basic group life insurance coverage shall continue, with full State contribution, where such person is (1) absent from active service by reason of disability arising from any cause other than self-inflicted, (2) on authorized educational leave of absence or sabbatical leave, or (3) on military leave.

Such persons electing coverage may participate only by making payment equal to the amount normally contributed by the State for similarly situated employees. Such payments and coverage may be continued until such time as the person becomes an employee pursuant to this Act or such person's appointment is terminated.

(i) Any unit of local government within the State of Illinois may apply to the Director to have its employees, annuitants, and their dependents provided group health coverage under this Act on a non-insured basis. To participate, a unit of local government must agree to enroll all of its employees, who may select coverage under either the State group health benefits plan or a health maintenance organization that has contracted with the State to be available as a health care provider for employees as defined in this Act. A unit of local government must remit the entire cost of providing coverage under the State group health benefits plan or, for coverage under a health maintenance organization, an amount determined by the Director based on an analysis of the sex, age, geographic location, or other relevant demographic variables for its employees, except that the unit of local government shall not be required to enroll those of its employees who are covered spouses or dependents under this plan or another group policy or plan providing health benefits as long as (1) an appropriate official from the unit of local government attests that each employee not enrolled is a covered spouse or dependent under this plan or another group policy or plan, and (2) at least 50% of the employees are enrolled and the unit of local government remits the entire cost of providing coverage to those employees, except that a participating school district must have enrolled at least 50% of its full-time employees who have not waived coverage under the district's group health plan by participating in a component of the district's cafeteria plan. A participating school district is not required to enroll a full-time employee who has waived coverage under the district's health plan, provided that an appropriate official from the participating school district attests that the full-time employee has waived coverage by participating in a component of the district's cafeteria plan. For the purposes of this subsection,

Employees of a participating unit of local government who are not enrolled due to coverage under another group health policy or plan may enroll in the event of a qualifying change in status, special enrollment, special circumstance as defined by the Director, or during the annual Benefit Choice Period. A participating unit of local government may also elect to cover its annuitants. Dependent coverage shall be offered on an optional basis, with the costs paid by the unit of local government, its employees, or some combination of the two as determined by the unit of local government. The unit of local government shall be responsible for timely collection and transmission of dependent premiums.

The Director shall annually determine monthly rates of payment, subject to the following constraints:

   (1) In the first year of coverage, the rates shall be equal to the amount normally charged to State employees for elected optional coverages or for enrolled dependents coverages or other contributory coverages, or contributed by the State for basic insurance coverages on behalf of its employees, adjusted for differences between State employees and employees of the local government in age, sex, geographic location or other relevant demographic variables, plus an amount sufficient to pay for the additional administrative costs of providing coverage to employees of the unit of local government and their dependents.

   (2) In subsequent years, a further adjustment shall be made to reflect the actual prior years' claims experience of the employees of the unit of local government.

In the case of coverage of local government employees under a health maintenance organization, the Director shall annually determine for each participating unit of local government the maximum monthly amount the unit may contribute toward that coverage, based on an analysis of (i) the age, sex, geographic location, and other relevant demographic variables of the unit's employees and (ii) the cost to cover those employees under the State group health benefits plan. The Director may similarly determine the maximum monthly amount each unit of local government may contribute toward coverage of its employees' dependents under a health maintenance organization.

All revenues arising from the administration of the health benefits program established under this Section shall be deposited into the Local Government Health Insurance Reserve Fund. Any interest earned on moneys in the Local Government Health Insurance Reserve Fund shall be deposited into the Fund. All expenditures from this Fund shall be used for payments for health care benefits for local government and rehabilitation facility employees, annuitants, and dependents, and to reimburse the Department or its administrative service organization for all expenses incurred in the administration of benefits. No other State funds may be used for these purposes.

A local government employer's participation or desire to participate in a program created under this subsection shall not limit that employer's duty to bargain with the representative of any collective bargaining unit of its employees.

(j) Any rehabilitation facility within the State of Illinois may apply to the Director to have its employees, annuitants, and their eligible dependents provided group health coverage under this Act on a non-insured basis. To participate, a rehabilitation facility must agree to enroll all of its employees and remit the entire cost of providing such coverage for its employees, except that the rehabilitation facility shall not be required to enroll those of its employees who are covered spouses or dependents under this plan or another group policy or plan providing health benefits as long as (1) an appropriate official from the rehabilitation facility attests that each employee not enrolled is a covered spouse or dependent under this plan or another group policy or plan, and (2) at least 50% of the employees are enrolled and the rehabilitation facility remits the entire cost of providing coverage to those employees. Employees of a participating rehabilitation facility who are not enrolled due to coverage under another group health policy or plan may enroll in the event of a qualifying change in status, special enrollment, special circumstance as
defined by the Director, or during the annual Benefit Choice Period. A participating rehabilitation facility may also elect to cover its annuitants. Dependent coverage shall be offered on an optional basis, with the costs paid by the rehabilitation facility, its employees, or some combination of the 2 as determined by the rehabilitation facility. The rehabilitation facility shall be responsible for timely collection and transmission of dependent premiums.

The Director shall annually determine quarterly rates of payment, subject to the following constraints:

(1) In the first year of coverage, the rates shall be equal to the amount normally charged to State employees for elected optional coverages or for enrolled dependents coverages or other contributory coverages on behalf of its employees, adjusted for differences between State employees and employees of the rehabilitation facility in age, sex, geographic location or other relevant demographic variables, plus an amount sufficient to pay for the additional administrative costs of providing coverage to employees of the rehabilitation facility and their dependents.

(2) In subsequent years, a further adjustment shall be made to reflect the actual prior years' claims experience of the employees of the rehabilitation facility.

Monthly payments by the rehabilitation facility or its employees for group health benefits shall be deposited in the Local Government Health Insurance Reserve Fund.

(k) Any domestic violence shelter or service within the State of Illinois may apply to the Director to have its employees, annuitants, and their dependents provided group health coverage under this Act on a non-insured basis. To participate, a domestic violence shelter or service must agree to enroll all of its employees and pay the entire cost of providing such coverage for its employees. The domestic violence shelter shall not be required to enroll those of its employees who are covered spouses or dependents under this plan or another group policy or plan providing health benefits as long as (1) an appropriate official from the domestic violence shelter attests that each employee not enrolled is a covered spouse or dependent under this plan or another group policy or plan and (2) at least 50% of the employees are enrolled and the domestic violence shelter remits the entire cost of providing coverage to those employees. Employees of a participating domestic violence shelter who are not enrolled due to coverage under another group health policy or plan may not...
enroll in the event of a qualifying change in status, special enrollment, or special circumstance as defined by the Director or during the annual Benefit Choice Period. A participating domestic violence shelter may also elect to cover its annuitants. Dependent coverage shall be offered on an optional basis, with employees, or some combination of the 2 as determined by the domestic violence shelter or service. The domestic violence shelter or service shall be responsible for timely collection and transmission of dependent premiums.

The Director shall annually determine rates of payment, subject to the following constraints:

(1) In the first year of coverage, the rates shall be equal to the amount normally charged to State employees for elected optional coverages or for enrolled dependents coverages or other contributory coverages on behalf of its employees, adjusted for differences between State employees and employees of the domestic violence shelter or service in age, sex, geographic location or other relevant demographic variables, plus an amount sufficient to pay for the additional administrative costs of providing coverage to employees of the domestic violence shelter or service and their dependents.

(2) In subsequent years, a further adjustment shall be made to reflect the actual prior years' claims experience of the employees of the domestic violence shelter or service.

Monthly payments by the domestic violence shelter or service or its employees for group health insurance shall be deposited in the Local Government Health Insurance Reserve Fund.

(I) A public community college or entity organized pursuant to the Public Community College Act may apply to the Director initially to have only annuitants not covered prior to July 1, 1992 by the district's health plan provided health coverage under this Act on a non-insured basis. The community college must execute a 2-year contract to participate in the Local Government Health Plan. Any annuitant may enroll in the event of a qualifying change in status, special enrollment, special circumstance as defined by the Director, or during the annual Benefit Choice Period.

The Director shall annually determine monthly rates of payment subject to the following constraints: for those community colleges with annuitants only enrolled, first year rates shall be equal to the average cost to cover claims for a State member adjusted for demographics, Medicare participation, and other factors; and in the second year, a further
adjustment of rates shall be made to reflect the actual first year's claims experience of the covered annuitants.

(l-5) The provisions of subsection (l) become inoperative on July 1, 1999.

(m) The Director shall adopt any rules deemed necessary for implementation of this amendatory Act of 1989 (Public Act 86-978).

(n) Any child advocacy center within the State of Illinois may apply to the Director to have its employees, annuitants, and their dependents provided group health coverage under this Act on a non-insured basis. To participate, a child advocacy center must agree to enroll all of its employees and pay the entire cost of providing coverage for its employees. The child advocacy center shall not be required to enroll those of its employees who are covered spouses or dependents under this plan or another group policy or plan providing health benefits as long as (1) an appropriate official from the child advocacy center attests that each employee not enrolled is a covered spouse or dependent under this plan or another group policy or plan and (2) at least 50% of the employees are enrolled and the child advocacy center remits the entire cost of providing coverage to those employees. Employees of a participating child advocacy center who are not enrolled due to coverage under another group health policy or plan may enroll in the event of a qualifying change in status, special enrollment, or special circumstance as defined by the Director or during the annual Benefit Choice Period. A participating child advocacy center may also elect to cover its annuitants. Dependent coverage shall be offered on an optional basis, with the costs paid by the child advocacy center, its employees, or some combination of the 2 as determined by the child advocacy center. The child advocacy center shall be responsible for timely collection and transmission of dependent premiums.

The Director shall annually determine rates of payment, subject to the following constraints:

(1) In the first year of coverage, the rates shall be equal to the amount normally charged to State employees for elected optional coverages or for enrolled dependents coverages or other contributory coverages on behalf of its employees, adjusted for differences between State employees and employees of the child advocacy center in age, sex, geographic location, or other relevant demographic variables, plus an amount sufficient to pay for the additional administrative costs of providing coverage to employees of the child advocacy center and their dependents.
(2) In subsequent years, a further adjustment shall be made to reflect the actual prior years' claims experience of the employees of the child advocacy center. Monthly payments by the child advocacy center or its employees for group health insurance shall be deposited into the Local Government Health Insurance Reserve Fund.

The maintenance and implementation of such plan shall be contingent upon the availability of funds.

(b-1) To create and implement, on January 1, 2002, a pilot program to establish the effectiveness of pupillometer technology (the measurement of the pupil's reaction to light) as an alternative to a urine test for purposes of screening and evaluating persons committed to its custody who have alcohol or drug problems. (a) If prior to expiration or termination of the term of parole or mandatory supervised release, a person violates a condition set by the Prisoner Review Board or a condition of parole or mandatory supervised release under Section 3-3-7 of this Code to govern that term, the Board may:

(1) continue the existing term, with or without modifying or enlarging the conditions; or
(2) parole or release the person to a half-way house; or
(3) revoke the parole or mandatory supervised release and reconfine the person for a term computed in the following manner:

(i) (A) For those sentenced under the law in effect prior to this amendatory Act of 1977, the recommitment shall be for any portion of the imposed maximum term of imprisonment or confinement which had not been served at the time of parole and the parole term, less the time elapsed between the parole of the person and the commission of the violation for which parole was revoked;
(B) Except as set forth in paragraph (C), for those subject to mandatory supervised release under paragraph (d) of Section 5-8-1 of this Code, the recommitment shall be for the total mandatory supervised release term, less the time elapsed between the release of the person and the commission of the violation for which mandatory supervised release is revoked. The Board may also order that a prisoner serve up to one year of the sentence imposed by the court which was not served due to the accumulation of sentence good conduct credit;
(C) For those subject to sex offender supervision under clause (d)(4) of Section 5-8-1 of this Code, the recommitment period for violations of clauses (a)(3)
through (b-1)(15) of Section 3-3-7 shall not exceed 2 years from the date of reconfinement.

(b) The Board may revoke parole or mandatory supervised release for violation of a condition for the duration of the term and for any further period which is reasonably necessary for the adjudication of matters arising before its expiration. The issuance of a warrant of arrest for an alleged violation of the conditions of parole or mandatory supervised release shall toll the running of the term until the final determination of the charge. When parole or mandatory supervised release is not revoked that period shall be credited to the term, unless a community-based sanction is imposed as an alternative to revocation and reincarceration, including a diversion established by the Illinois Department of Corrections Parole Services Unit prior to the holding of a preliminary parole revocation hearing. Parolees who are diverted to a community-based sanction shall serve the entire term of parole or mandatory supervised release, if otherwise appropriate.

(d) Parole or mandatory supervised release shall not be revoked without written notice to the offender setting forth the violation of parole or mandatory supervised release charged against him.

(e) A hearing on revocation shall be conducted before at least one member of the Prisoner Review Board. The Board may meet and order its actions in panels of 3 or more members. A record of the hearing shall be made. At the hearing the offender shall be permitted to:

(f) The Board shall either revoke parole or mandatory supervised release or order the person's term continued with or without modification or enlargement of the conditions.

(g) Parole or mandatory supervised release shall not be revoked for failure to make payments under the conditions of parole or release unless the Board determines that such failure is due to the offender's willful refusal to pay.

The rules and regulations shall also provide that sentence credit, subject to the same offense limits and multiplier provided in this paragraph, may be provided to an inmate who was held in pre-trial detention prior to his or her current commitment to the Department of Corrections and successfully completed a full-time, 60-day or longer substance abuse program, educational program, behavior modification program, life skills course, or re-entry planning provided by the county department of corrections or county jail. Calculation of this county program credit shall be done at sentencing as provided in Section 5-4.5-100 of this Code and shall be included in the sentencing order. However, no inmate shall be eligible for the additional sentence good conduct credit under this paragraph (4) or (4.1) of this subsection (a) while assigned to a boot camp or electronic detention, or if convicted of an offense enumerated in subdivision (a)(2)(i), (ii), or (iii) of this Section that is committed on or after June 19, 1998 or subdivision (a)(2)(iv) of this Section that is committed on or after June 23, 2005 (the effective date of Public Act 94-71) or subdivision (a)(2)(v) of this Section that is committed on or after August 13, 2007 (the effective date of Public Act 95-134) or subdivision (a)(2)(vi) when the offense is committed on or after June 1, 2008 (the effective date of Public Act 95-625) or subdivision (a)(2)(vii) when the offense is committed on or after July 23, 2010 (the effective date of Public Act 96-1224), or if convicted of aggravated driving under the influence of alcohol, other drug or drugs, or intoxicating compound
or compounds or any combination thereof as defined in subparagraph (F) of paragraph (1) of subsection (d) of Section 11-501 of the Illinois Vehicle Code, or if convicted of aggravated driving under the influence of alcohol, other drug or drugs, or intoxicating compound or compounds or any combination thereof as defined in subparagraph (C) of paragraph (1) of subsection (d) of Section 11-501 of the Illinois Vehicle Code committed on or after January 1, 2011 (the effective date of Public Act 96-1230), or if convicted of an offense enumerated in paragraph (a)(2.4) of this Section that is committed on or after July 15, 1999 (the effective date of Public Act 91-121), or first degree murder, a Class X felony, criminal sexual assault, felony criminal sexual abuse, aggravated criminal sexual abuse, aggravated battery with a firearm as described in Section 12-4.2 or subdivision (e)(1), (e)(2), (e)(3), or (e)(4) of Section 12-3.05, or any predecessor or successor offenses with the same or substantially the same elements, or any inchoate offenses relating to the foregoing offenses. No inmate shall be eligible for the additional good conduct credit under this paragraph (4) who (i) has previously received increased good conduct credit under this paragraph (4) and has subsequently been convicted of a felony, or (ii) has previously served more than one prior sentence of imprisonment for a felony in an adult correctional facility.

Educational, vocational, substance abuse, behavior modification programs, life skills courses, re-entry planning, and correctional industry programs under which sentence good conduct credit may be increased under this paragraph (4) and paragraph (4.1) of this subsection (a) shall be evaluated by the Department on the basis of documented standards. The Department shall report the results of these evaluations to the Governor and the General Assembly by September 30th of each year. The reports shall include data relating to the recidivism rate among program participants.

Availability of these programs shall be subject to the limits of fiscal resources appropriated by the General Assembly for these purposes. Eligible inmates who are denied immediate admission shall be placed on a waiting list under criteria established by the Department. The inability of any inmate to become engaged in any such programs by reason of insufficient program resources or for

any other reason established under the rules and regulations of the Department shall not be deemed a cause of action under which the Department or any employee or agent of the Department shall be liable for damages to the inmate.

(4.1) The rules and regulations shall also provide that an additional 60 days of sentence good conduct credit shall be awarded to any prisoner who passes the high school level Test of General Educational Development (GED) while the prisoner is committed to the Department of Corrections incarcerated. The sentence good conduct credit awarded under this paragraph (4.1) shall be in addition to, and shall not affect, the award of sentence credit good conduct under any other paragraph of this Section, but shall also be pursuant to the guidelines and restrictions set forth in paragraph (4) of subsection (a) of this Section. The sentence good conduct credit provided for in this paragraph shall be available only to those prisoners who have not previously earned a high school diploma or a GED. If, after an award of the GED sentence good conduct credit has been made and the Department determines that the prisoner was not eligible, then the award shall be revoked. The Department may also award 60 days of sentence credit to any committed person who passed the high school level Test of General Educational Development (GED) while he or she was held in pre-trial detention prior to the current commitment to the Department of Corrections.

(4.5) The rules and regulations on sentence credit early release shall also provide that when the court's sentencing order recommends a prisoner for substance abuse treatment and the crime was committed on or after September 1, 2003 (the effective date of Public Act 93-354), the prisoner shall receive no sentence good conduct credit awarded under clause (3) of this subsection (a) unless he or she participates in and completes a substance abuse treatment program. The Director may waive the requirement to participate in or complete a substance abuse treatment program and award the sentence good conduct credit in specific instances if the prisoner is not a good candidate for a substance abuse treatment program for medical, programming, or operational reasons. Availability of substance abuse treatment shall be subject to the limits of fiscal resources appropriated by the General Assembly for these purposes. If treatment is not available and the requirement to

participate and complete the treatment has not been waived by the Director, the prisoner shall be placed on a waiting list under criteria established by the Department. The Director may allow a prisoner placed on a waiting list to participate in and complete a substance abuse education class or attend substance abuse self-help meetings in lieu of a substance abuse treatment program. A prisoner on a waiting list who is not placed in a substance abuse program prior to release may be eligible for a waiver and receive sentence good conduct credit under clause (3) of this subsection (a) at the discretion of the Director.

(4.6) The rules and regulations on sentence credit early release shall also provide that a prisoner who has been convicted of a sex offense as defined in Section 2 of the Sex Offender Registration Act shall receive no sentence good conduct credit unless he or she either has successfully completed or is participating in sex offender treatment as defined by the Sex Offender Management Board. However, prisoners who are waiting to receive such treatment, but who are unable to do so due solely to the lack of resources on the part of the Department, may, at the Director's sole discretion, be awarded sentence good conduct credit at a such rate as the Director shall determine.

(5) Whenever the Department is to release any inmate earlier than it otherwise would because of a grant of sentence good conduct credit for good conduct under paragraph (3) of subsection (a) of this Section meritorious service given at any time during the term, the Department shall give reasonable notice of the impending release not less than 14 days prior to the date of the release to the State's Attorney of the county where the prosecution of the inmate took place, and if applicable, the State's Attorney of the county into which the inmate will be released. The Department must also make identification information and a recent photo of the inmate being released accessible on the Internet by means of a hyperlink labeled "Community Notification of Inmate Early Release" on the Department's World Wide Web homepage. The identification information shall include the inmate's: name, any known alias, date of birth, physical characteristics, residence address, commitment offense and county where conviction was imposed. The identification information shall be placed on the website within 3 days of the inmate's release and the information may not be

removed until either: completion of the first year of mandatory supervised release or return of the inmate to custody of the Department.

(b) Whenever a person is or has been committed under several convictions, with separate sentences, the sentences shall be construed under Section 5-8-4 in granting and forfeiting of sentence credit good time.

(c) The Department shall prescribe rules and regulations for revoking sentence good conduct credit, including revoking sentence credit awarded for good conduct under paragraph (3) of subsection (a) of this Section. The Department shall prescribe rules and regulations for suspending or reducing the rate of accumulation of sentence good conduct credit for specific rule violations, during imprisonment. These rules and regulations shall provide that no inmate may be penalized more than one year of sentence good conduct credit for any one infraction.

When the Department seeks to revoke, suspend or reduce the rate of accumulation of any sentence good conduct credits for an alleged infraction of its rules, it shall bring charges therefor against the prisoner sought to be so deprived of sentence good conduct credits before the Prisoner Review Board as provided in subparagraph (a)(4) of Section 3-3-2 of this Code, if the amount of credit at issue exceeds 30 days or when during any 12 month period, the cumulative amount of credit revoked exceeds 30 days except where the infraction is committed or discovered within 60 days of scheduled release. In those cases, the Department of Corrections may revoke up to 30 days of sentence good conduct credit. The Board may subsequently approve the revocation of additional sentence good conduct credit, if the Department seeks to revoke sentence good conduct credit in excess of 30 days. However, the Board shall not be empowered to review the Department's decision with respect to the loss of 30 days of sentence good conduct credit within any calendar year for any prisoner or to increase any penalty beyond the length requested by the Department.

The Director of the Department of Corrections, in appropriate cases, may restore up to 30 days of sentence good conduct credits which have been revoked, suspended or reduced. Any restoration of sentence good conduct credits in excess of 30 days shall be subject to review by the Prisoner Review Board. However, the Board may not restore sentence good conduct credit in excess of the amount requested by the Director.
Nothing contained in this Section shall prohibit the Prisoner Review Board from ordering, pursuant to Section 3-3-9(a)(3)(i)(B), that a prisoner serve up to one year of the sentence imposed by the court that was not served due to the accumulation of sentence good conduct credit.

(d) If a lawsuit is filed by a prisoner in an Illinois or federal court against the State, the Department of Corrections, or the Prisoner Review Board, or against any of their officers or employees, and the court makes a specific finding that a pleading, motion, or other paper filed by the prisoner is frivolous, the Department of Corrections shall conduct a hearing to revoke up to 180 days of sentence good conduct credit by bringing charges against the prisoner sought to be deprived of the sentence good conduct credits before the Prisoner Review Board as provided in subparagraph (a)(8) of Section 3-3-2 of this Code. If the prisoner has not accumulated 180 days of sentence good conduct credit at the time of the finding, then the Prisoner Review Board may revoke all sentence good conduct credit accumulated by the prisoner.

For purposes of this subsection (d):

(1) "Frivolous" means that a pleading, motion, or other filing which purports to be a legal document filed by a prisoner in his or her lawsuit meets any or all of the following criteria:

(A) it lacks an arguable basis either in law or in fact;
(B) it is being presented for any improper purpose, such as to harass or to cause unnecessary delay or needless increase in the cost of litigation;
(C) the claims, defenses, and other legal contentions therein are not warranted by existing law or by a nonfrivolous argument for the extension, modification, or reversal of existing law or the establishment of new law;
(D) the allegations and other factual contentions do not have evidentiary support or, if specifically so identified, are not likely to have evidentiary support after a reasonable opportunity for further investigation or discovery; or
(E) the denials of factual contentions are not warranted on the evidence, or if specifically so identified, are not reasonably based on a lack of information or belief.

(2) "Lawsuit" means a motion pursuant to Section 116-3 of the Code of Criminal Procedure of 1963, a habeas corpus action under Article X of the Code of Civil Procedure or under federal law (28 U.S.C. 2254), a petition for claim under the Court of...
Claims Act, an action under the federal Civil Rights Act (42 U.S.C. 1983), or a second or subsequent petition for post-conviction relief under Article 122 of the Code of Criminal Procedure of 1963 whether filed with or without leave of court or a second or subsequent petition for relief from judgment under Section 2-1401 of the Code of Civil Procedure.

(e) Nothing in Public Act 90-592 or 90-593 affects the validity of Public Act 89-404.

(f) Whenever the Department is to release any inmate who has been convicted of a violation of an order of protection under Section 12-3.4 or 12-30 of the Criminal Code of 1961, earlier than it otherwise would because of a grant of sentence good conduct credit, the Department, as a condition of such early release, shall require that the person, upon release, be placed under electronic surveillance as provided in Section 5-8A-7 of this Code.

Sec. 3-7-6. Reimbursement for expenses.

(a) Responsibility of committed persons. For the purposes of this Section, "committed persons" mean those persons who through judicial determination have been placed in the custody of the Department on the basis of a conviction as an adult. Committed persons shall be responsible to reimburse the Department for the expenses incurred by their incarceration at a rate to be determined by the Department in accordance with this Section.

(1) Committed persons shall fully cooperate with the Department by providing complete financial information for the purposes under this Section.

(2) The failure of a committed person to fully cooperate as provided for in clauses (3) and (4) of subsection (a-5) shall be considered for purposes of a parole determination. Any committed person who willfully refuses to cooperate with the obligations set forth in this Section may be subject to the loss of sentence good conduct credit towards his or her sentence of up to 180 days.

(a-5) Assets information form.

New matter indicated by italics - deletions by strikeout
(1) The Department shall develop a form, which shall be used by the Department to obtain information from all committed persons regarding assets of the persons.

(2) In order to enable the Department to determine the financial status of the committed person, the form shall provide for obtaining the age and marital status of a committed person, the number and ages of children of the person, the number and ages of other dependents, the type and value of real estate, the type and value of personal property, cash and bank accounts, the location of any lock boxes, the type and value of investments, pensions and annuities and any other personalty of significant cash value, including but not limited to jewelry, art work and collectables, and all medical or dental insurance policies covering the committed person. The form may also provide for other information deemed pertinent by the Department in the investigation of a committed person's assets.

(3) Upon being developed, the form shall be submitted to each committed person as of the date the form is developed and to every committed person who thereafter is sentenced to imprisonment under the jurisdiction of the Department. The form may be resubmitted to a committed person by the Department for purpose of obtaining current information regarding the assets of the person.

(4) Every committed person shall complete the form or provide for completion of the form and the committed person shall swear under oath or affirm that to the best of his or her knowledge the information provided is complete and accurate.

(b) Expenses. The rate at which sums to be charged for the expenses incurred by a committed person for his or her confinement shall be computed by the Department as the average per capita cost per day for all inmates of that institution or facility for that fiscal year. The average per capita cost per day shall be computed by the Department based on the average per capita cost per day for the operation of that institution or facility for the fiscal year immediately preceding the period of incarceration for which the rate is being calculated. The Department shall establish rules and regulations providing for the computation of the above costs, and shall determine the average per capita cost per day for each of its institutions or facilities for each fiscal year. The Department shall have the power to modify its rules and regulations, so as to provide for the most

New matter indicated by italics - deletions by strikeout
accurate and most current average per capita cost per day computation. Where the committed person is placed in a facility outside the Department, the Department may pay the actual cost of services in that facility, and may collect reimbursement for the entire amount paid from the committed person receiving those services.

(c) Records. The records of the Department, including, but not limited to, those relating to: the average per capita cost per day for a particular institution or facility for a particular year, and the calculation of the average per capita cost per day; the average daily population of a particular Department correctional institution or facility for a particular year; the specific placement of a particular committed person in various Department correctional institutions or facilities for various periods of time; and the record of transactions of a particular committed person's trust account under Section 3-4-3 of this Act; may be proved in any legal proceeding, by a reproduced copy thereof or by a computer printout of Department records, under the certificate of the Director. If reproduced copies are used, the Director must certify that those are true and exact copies of the records on file with the Department. If computer printouts of records of the Department are offered as proof, the Director must certify that those computer printouts are true and exact representations of records properly entered into standard electronic computing equipment, in the regular course of the Department's business, at or reasonably near the time of the occurrence of the facts recorded, from trustworthy and reliable information. The reproduced copy or computer printout shall, without further proof, be admitted into evidence in any legal proceeding, and shall be prima facie correct and prima facie evidence of the accuracy of the information contained therein.

(d) Authority. The Director, or the Director's designee, may, when he or she knows or reasonably believes that a committed person, or the estate of that person, has assets which may be used to satisfy all or part of a judgment rendered under this Act, or when he or she knows or reasonably believes that a committed person is engaged in gang-related activity and has a substantial sum of money or other assets, provide for the forwarding to the Attorney General of a report on the committed person and that report shall contain a completed form under subsection (a-5) together with all other information available concerning the assets of the committed person and an estimate of the total expenses for that committed person, and authorize the Attorney General to institute proceedings to require the persons, or the estates of the persons, to reimburse the

Department for the expenses incurred by their incarceration. The Attorney General, upon authorization of the Director, or the Director's designee, shall institute actions on behalf of the Department and pursue claims on the Department's behalf in probate and bankruptcy proceedings, to recover from committed persons the expenses incurred by their confinement. For purposes of this subsection (d), "gang-related" activity has the meaning ascribed to it in Section 10 of the Illinois Streetgang Terrorism Omnibus Prevention Act.

(e) Scope and limitations.

(1) No action under this Section shall be initiated more than 2 years after the release or death of the committed person in question.

(2) The death of a convicted person, by execution or otherwise, while committed to a Department correctional institution or facility shall not act as a bar to any action or proceeding under this Section.

(3) The assets of a committed person, for the purposes of this Section, shall include any property, tangible or intangible, real or personal, belonging to or due to a committed or formerly committed person including income or payments to the person from social security, worker's compensation, veteran's compensation, pension benefits, or from any other source whatsoever and any and all assets and property of whatever character held in the name of the person, held for the benefit of the person, or payable or otherwise deliverable to the person. Any trust, or portion of a trust, of which a convicted person is a beneficiary, shall be construed as an asset of the person, to the extent that benefits thereunder are required to be paid to the person, or shall in fact be paid to the person. At the time of a legal proceeding by the Attorney General under this Section, if it appears that the committed person has any assets which ought to be subjected to the claim of the Department under this Section, the court may issue an order requiring any person, corporation, or other legal entity possessed or having custody of those assets to appropriate any of the assets or a portion thereof toward reimbursing the Department as provided for under this Section. No provision of this Section shall be construed in violation of any State or federal limitation on the collection of money judgments.
(4) Nothing in this Section shall preclude the Department from applying federal benefits that are specifically provided for the care and treatment of a committed person toward the cost of care provided by a State facility or private agency.

(730 ILCS 5/5-4-1) (from Ch. 38, par. 1005-4-1)

Sec. 5-4-1. Sentencing Hearing.

(a) Except when the death penalty is sought under hearing procedures otherwise specified, after a determination of guilt, a hearing shall be held to impose the sentence. However, prior to the imposition of sentence on an individual being sentenced for an offense based upon a charge for a violation of Section 11-501 of the Illinois Vehicle Code or a similar provision of a local ordinance, the individual must undergo a professional evaluation to determine if an alcohol or other drug abuse problem exists and the extent of such a problem. Programs conducting these evaluations shall be licensed by the Department of Human Services. However, if the individual is not a resident of Illinois, the court may, in its discretion, accept an evaluation from a program in the state of such individual's residence. The court may in its sentencing order approve an eligible defendant for placement in a Department of Corrections impact incarceration program as provided in Section 5-8-1.1 or 5-8-1.3. The court may in its sentencing order recommend a defendant for placement in a Department of Corrections substance abuse treatment program as provided in paragraph (a) of subsection (1) of Section 3-2-2 conditioned upon the defendant being accepted in a program by the Department of Corrections. At the hearing the court shall:

(1) consider the evidence, if any, received upon the trial;
(2) consider any presentence reports;
(3) consider the financial impact of incarceration based on the financial impact statement filed with the clerk of the court by the Department of Corrections;
(4) consider evidence and information offered by the parties in aggravation and mitigation;
(4.5) consider substance abuse treatment, eligibility screening, and an assessment, if any, of the defendant by an agent designated by the State of Illinois to provide assessment services for the Illinois courts;
(5) hear arguments as to sentencing alternatives;

New matter indicated by italics - deletions by strikeout
(6) afford the defendant the opportunity to make a statement in his own behalf;

(7) afford the victim of a violent crime or a violation of Section 11-501 of the Illinois Vehicle Code, or a similar provision of a local ordinance, or a qualified individual affected by: (i) a violation of Section 405, 405.1, 405.2, or 407 of the Illinois Controlled Substances Act or a violation of Section 55 or Section 65 of the Methamphetamine Control and Community Protection Act, or (ii) a Class 4 felony violation of Section 11-14, 11-14.3 except as described in subdivisions (a)(2)(A) and (a)(2)(B), 11-15, 11-17, 11-18, 11-18.1, or 11-19 of the Criminal Code of 1961, committed by the defendant the opportunity to make a statement concerning the impact on the victim and to offer evidence in aggravation or mitigation; provided that the statement and evidence offered in aggravation or mitigation must first be prepared in writing in conjunction with the State's Attorney before it may be presented orally at the hearing. Any sworn testimony offered by the victim is subject to the defendant's right to cross-examine. All statements and evidence offered under this paragraph (7) shall become part of the record of the court. For the purpose of this paragraph (7), "qualified individual" means any person who (i) lived or worked within the territorial jurisdiction where the offense took place when the offense took place; and (ii) is familiar with various public places within the territorial jurisdiction where the offense took place when the offense took place. For the purposes of this paragraph (7), "qualified individual" includes any peace officer, or any member of any duly organized State, county, or municipal peace unit assigned to the territorial jurisdiction where the offense took place when the offense took place;

(8) in cases of reckless homicide afford the victim's spouse, guardians, parents or other immediate family members an opportunity to make oral statements;

(9) in cases involving a felony sex offense as defined under the Sex Offender Management Board Act, consider the results of the sex offender evaluation conducted pursuant to Section 5-3-2 of this Act; and

(10) make a finding of whether a motor vehicle was used in the commission of the offense for which the defendant is being sentenced.

New matter indicated by italics - deletions by strikeout
(b) All sentences shall be imposed by the judge based upon his independent assessment of the elements specified above and any agreement as to sentence reached by the parties. The judge who presided at the trial or the judge who accepted the plea of guilty shall impose the sentence unless he is no longer sitting as a judge in that court. Where the judge does not impose sentence at the same time on all defendants who are convicted as a result of being involved in the same offense, the defendant or the State's Attorney may advise the sentencing court of the disposition of any other defendants who have been sentenced.

(c) In imposing a sentence for a violent crime or for an offense of operating or being in physical control of a vehicle while under the influence of alcohol, any other drug or any combination thereof, or a similar provision of a local ordinance, when such offense resulted in the personal injury to someone other than the defendant, the trial judge shall specify on the record the particular evidence, information, factors in mitigation and aggravation or other reasons that led to his sentencing determination. The full verbatim record of the sentencing hearing shall be filed with the clerk of the court and shall be a public record.

(c-1) In imposing a sentence for the offense of aggravated kidnapping for ransom, home invasion, armed robbery, aggravated vehicular hijacking, aggravated discharge of a firearm, or armed violence with a category I weapon or category II weapon, the trial judge shall make a finding as to whether the conduct leading to conviction for the offense resulted in great bodily harm to a victim, and shall enter that finding and the basis for that finding in the record.

(c-2) If the defendant is sentenced to prison, other than when a sentence of natural life imprisonment or a sentence of death is imposed, at the time the sentence is imposed the judge shall state on the record in open court the approximate period of time the defendant will serve in custody according to the then current statutory rules and regulations for sentence credit early release found in Section 3-6-3 and other related provisions of this Code. This statement is intended solely to inform the public, has no legal effect on the defendant's actual release, and may not be relied on by the defendant on appeal.

The judge's statement, to be given after pronouncing the sentence, other than when the sentence is imposed for one of the offenses enumerated in paragraph (a)(3) of Section 3-6-3, shall include the following:

New matter indicated by italics - deletions by strikeout
"The purpose of this statement is to inform the public of the actual period of time this defendant is likely to spend in prison as a result of this sentence. The actual period of prison time served is determined by the statutes of Illinois as applied to this sentence by the Illinois Department of Corrections and the Illinois Prisoner Review Board. In this case, assuming the defendant receives all of his or her sentence good conduct credit, the period of estimated actual custody is ... years and ... months, less up to 180 days additional sentence good conduct credit for good conduct meritorious service. If the defendant, because of his or her own misconduct or failure to comply with the institutional regulations, does not receive those credits, the actual time served in prison will be longer. The defendant may also receive an additional one-half day sentence good conduct credit for each day of participation in vocational, industry, substance abuse, and educational programs as provided for by Illinois statute."

When the sentence is imposed for one of the offenses enumerated in paragraph (a)(3) of Section 3-6-3, other than when the sentence is imposed for one of the offenses enumerated in paragraph (a)(2) of Section 3-6-3 committed on or after June 19, 1998, and other than when the sentence is imposed for reckless homicide as defined in subsection (e) of Section 9-3 of the Criminal Code of 1961 if the offense was committed on or after January 1, 1999, and other than when the sentence is imposed for aggravated arson if the offense was committed on or after July 27, 2001 (the effective date of Public Act 92-176), and other than when the sentence is imposed for aggravated driving under the influence of alcohol, other drug or drugs, or intoxicating compound or compounds, or any combination thereof as defined in subparagraph (C) of paragraph (1) of subsection (d) of Section 11-501 of the Illinois Vehicle Code committed on or after January 1, 2011 (the effective date of Public Act 96-1230), the judge's statement, to be given after pronouncing the sentence, shall include the following:

"The purpose of this statement is to inform the public of the actual period of time this defendant is likely to spend in prison as a result of this sentence. The actual period of prison time served is determined by the statutes of Illinois as applied to this sentence by the Illinois Department of Corrections and the Illinois Prisoner Review Board. In this case, assuming the defendant receives all of his or her sentence good conduct credit, the period of estimated actual custody is ... years and ... months, less up to 90 days additional sentence good conduct credit for good conduct meritorious service. If the defendant, because of his or her own misconduct or failure..."
to comply with the institutional regulations, does not receive those credits, the actual time served in prison will be longer. The defendant may also receive an additional one-half day sentence good conduct credit for each day of participation in vocational, industry, substance abuse, and educational programs as provided for by Illinois statute.

When the sentence is imposed for one of the offenses enumerated in paragraph (a)(2) of Section 3-6-3, other than first degree murder, and the offense was committed on or after June 19, 1998, and when the sentence is imposed for reckless homicide as defined in subsection (e) of Section 9-3 of the Criminal Code of 1961 if the offense was committed on or after January 1, 1999, and when the sentence is imposed for aggravated driving under the influence of alcohol, other drug or drugs, or intoxicating compound or compounds, or any combination thereof as defined in subparagraph (F) of paragraph (1) of subsection (d) of Section 11-501 of the Illinois Vehicle Code, and when the sentence is imposed for aggravated arson if the offense was committed on or after July 27, 2001 (the effective date of Public Act 92-176), and when the sentence is imposed for aggravated driving under the influence of alcohol, other drug or drugs, or intoxicating compound or compounds, or any combination thereof as defined in subparagraph (C) of paragraph (1) of subsection (d) of Section 11-501 of the Illinois Vehicle Code committed on or after January 1, 2011 (the effective date of Public Act 96-1230), the judge's statement, to be given after pronouncing the sentence, shall include the following:

"The purpose of this statement is to inform the public of the actual period of time this defendant is likely to spend in prison as a result of this sentence. The actual period of prison time served is determined by the statutes of Illinois as applied to this sentence by the Illinois Department of Corrections and the Illinois Prisoner Review Board. In this case, the defendant is entitled to no more than 4 1/2 days of sentence good conduct credit for each month of his or her sentence of imprisonment. Therefore, this defendant will serve at least 85% of his or her sentence. Assuming the defendant receives 4 1/2 days credit for each month of his or her sentence, the period of estimated actual custody is ... years and ... months. If the defendant, because of his or her own misconduct or failure to comply with the institutional regulations receives lesser credit, the actual time served in prison will be longer."

When a sentence of imprisonment is imposed for first degree murder and the offense was committed on or after June 19, 1998, the
judge's statement, to be given after pronouncing the sentence, shall include the following:

"The purpose of this statement is to inform the public of the actual period of time this defendant is likely to spend in prison as a result of this sentence. The actual period of prison time served is determined by the statutes of Illinois as applied to this sentence by the Illinois Department of Corrections and the Illinois Prisoner Review Board. In this case, the defendant is not entitled to sentence good conduct credit. Therefore, this defendant will serve 100% of his or her sentence."

When the sentencing order recommends placement in a substance abuse program for any offense that results in incarceration in a Department of Corrections facility and the crime was committed on or after September 1, 2003 (the effective date of Public Act 93-354), the judge's statement, in addition to any other judge's statement required under this Section, to be given after pronouncing the sentence, shall include the following:

"The purpose of this statement is to inform the public of the actual period of time this defendant is likely to spend in prison as a result of this sentence. The actual period of prison time served is determined by the statutes of Illinois as applied to this sentence by the Illinois Department of Corrections and the Illinois Prisoner Review Board. In this case, the defendant shall receive no sentence credit for good conduct credit under clause (3) of subsection (a) of Section 3-6-3 until he or she participates in and completes a substance abuse treatment program or receives a waiver from the Director of Corrections pursuant to clause (4.5) of subsection (a) of Section 3-6-3."

(c-4) Before the sentencing hearing and as part of the presentence investigation under Section 5-3-1, the court shall inquire of the defendant whether the defendant is currently serving in or is a veteran of the Armed Forces of the United States. If the defendant is currently serving in the Armed Forces of the United States or is a veteran of the Armed Forces of the United States and has been diagnosed as having a mental illness by a qualified psychiatrist or clinical psychologist or physician, the court may:

(1) order that the officer preparing the presentence report consult with the United States Department of Veterans Affairs, Illinois Department of Veterans' Affairs, or another agency or person with suitable knowledge or experience for the purpose of providing the court with information regarding treatment options available to the defendant, including federal, State, and local programming; and

(2) consider the treatment recommendations of any diagnosing or treating mental health professionals together with the treatment options available to the defendant in imposing sentence. For the purposes of this subsection (c-4), "qualified psychiatrist" means a reputable physician licensed in Illinois to practice medicine in all its branches, who has specialized in the diagnosis and treatment of mental and nervous disorders for a period of not less than 5 years.

(c-6) In imposing a sentence, the trial judge shall specify, on the record, the particular evidence and other reasons which led to his or her determination that a motor vehicle was used in the commission of the offense.

(d) When the defendant is committed to the Department of Corrections, the State's Attorney shall and counsel for the defendant may file a statement with the clerk of the court to be transmitted to the department, agency or institution to which the defendant is committed to furnish such department, agency or institution with the facts and circumstances of the offense for which the person was committed together with all other factual information accessible to them in regard to the person prior to his commitment relative to his habits, associates, disposition and reputation and any other facts and circumstances which may aid such department, agency or institution during its custody of such person. The clerk shall within 10 days after receiving any such statements transmit a copy to such department, agency or institution and a copy to the other party, provided, however, that this shall not be cause for delay in conveying the person to the department, agency or institution to which he has been committed.

(e) The clerk of the court shall transmit to the department, agency or institution, if any, to which the defendant is committed, the following:

1. the sentence imposed;
2. any statement by the court of the basis for imposing the sentence;
3. any presentence reports;
3.5 any sex offender evaluations;
3.6 any substance abuse treatment eligibility screening and assessment of the defendant by an agent designated by the State of Illinois to provide assessment services for the Illinois courts;
4. the number of days, if any, which the defendant has been in custody and for which he is entitled to credit against the

sentence, which information shall be provided to the clerk by the sheriff;

(4.1) any finding of great bodily harm made by the court with respect to an offense enumerated in subsection (c-1);

(5) all statements filed under subsection (d) of this Section;

(6) any medical or mental health records or summaries of the defendant;

(7) the municipality where the arrest of the offender or the commission of the offense has occurred, where such municipality has a population of more than 25,000 persons;

(8) all statements made and evidence offered under paragraph (7) of subsection (a) of this Section; and

(9) all additional matters which the court directs the clerk to transmit.

(f) In cases in which the court finds that a motor vehicle was used in the commission of the offense for which the defendant is being sentenced, the clerk of the court shall, within 5 days thereafter, forward a report of such conviction to the Secretary of State.

If multiple sentences, orders of supervision, or orders of qualified probation terminate on the same day and are last in time, they shall be collectively considered the "last sentence" regardless of whether they were ordered to run concurrently.

(G) "Minor traffic offense" means a petty offense, business offense, or Class C misdemeanor under the Illinois Vehicle Code or a similar provision of a municipal or local ordinance.

(H) "Municipal ordinance violation" means an offense defined by a municipal or local ordinance that is criminal in nature and with which the petitioner was charged or for which the petitioner was arrested and released without charging.

(K) "Seal" means to physically and electronically maintain the records, unless the records would otherwise be destroyed due to age, but to make the records unavailable without a court order, subject to the exceptions in Sections 12 and 13 of this Act. The petitioner's name shall also be obliterated from the official index required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act, but any index issued by the circuit court clerk before the entry of the order to seal shall not be affected.

(L) "Sexual offense committed against a minor" includes but is not limited to the offenses of indecent solicitation of a child or criminal sexual abuse when the victim of such offense is under 18 years of age.

(M) "Terminate" as it relates to a sentence or order of supervision or qualified probation includes either satisfactory or unsatisfactory termination of the sentence, unless otherwise specified in this Section.

(2) Minor Traffic Offenses. Orders of supervision or convictions for minor traffic offenses shall not affect a petitioner's eligibility to expunge or seal records pursuant to this Section.

(iii) the charge results in first offender probation as set forth in subsection (c)(2)(E);

(iv) the charge is for a Class 4 felony offense listed in subsection (c)(2)(F) or the charge is amended to a Class 4 felony offense listed in subsection (c)(2)(F). The records of the circuit court clerk shall be sealed until further order of the court upon good cause shown and the name of the aggrieved person obliterated on the official index required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act, but the order shall not affect any index issued by the circuit court clerk before the entry of the order. (c-10) Except as otherwise provided in subsection (c-15) of this Section, persons holding administrative certificates must follow the certificate renewal procedure set forth in this subsection (c-10), provided that those persons holding administrative certificates on June 30, 2003 who are renewing those certificates on or after July 1, 2003 shall be issued new administrative certificates valid for 5 years (unless changed under subsection (a-5) of this Section), which may be renewed thereafter as set forth in this subsection (c-10).

A person holding an administrative certificate and employed in a position requiring administrative certification, including a regional superintendent of schools, must satisfy the continuing professional development requirements of this Section to renew his or her administrative certificate. The continuing professional development must include without limitation the following continuing professional development purposes:

(1) To improve the administrator's knowledge of instructional practices and administrative procedures in accordance with the Illinois Professional School Leader Standards.

(2) To maintain the basic level of competence required for initial certification.

(3) To improve the administrator's mastery of skills and knowledge regarding the improvement of teaching performance in clinical settings and assessment of the levels of student performance in the schools.

The continuing professional development must include the following in order for the certificate to be renewed:

(A) Participation in continuing professional development activities, which must total a minimum of 100 hours of continuing professional development. The participation must consist of a minimum of 5 activities per validity period of the certificate, and the certificate holder must maintain documentation of completion of each activity.

(B) Participation every year in an Illinois Administrators' Academy course, which participation must total a minimum of 30 continuing professional development hours during the period of the certificate's validity and which must include completion of applicable required coursework, including completion of a communication, dissemination, or application component, as defined by the State Board of Education.
The certificate holder must complete a verification form developed by the State Board of Education and certify that 100 hours of continuing professional development activities and 5 Administrators' Academy courses have been completed. The regional superintendent of schools shall review and validate the verification form for a certificate holder. Based on compliance with all of the requirements for renewal, the regional superintendent of schools shall forward a recommendation for renewal or non-renewal to the State Superintendent of Education and shall notify the certificate holder of the recommendation. The State Superintendent of Education shall review the recommendation to renew or non-renew and shall notify, in writing, the certificate holder of a decision denying renewal of his or her certificate. Any decision regarding non-renewal of an administrative certificate may be appealed to the State Teacher Certification Board.

The State Board of Education, in consultation with the State Teacher Certification Board, shall adopt rules to implement this subsection (c-10).

The regional superintendent of schools shall monitor the process for renewal of administrative certificates established in this subsection (c-10).

(c-15) This subsection (c-15) applies to the first period of an administrative certificate's validity during which the holder becomes subject to the requirements of subsection (c-10) of this Section if the certificate has less than 5 years' validity or has less than 5 years' validity remaining when the certificate holder becomes subject to the requirements of subsection (c-10) of this Section. With respect to this period, the 100 hours of continuing professional development and 5 activities per validity period specified in clause (A) of subsection (c-10) of this Section shall instead be deemed to mean 20 hours of continuing professional development and one activity per year of the certificate's validity or remaining validity and the 30 continuing professional development hours specified in clause (B) of subsection (c-10) of this Section shall instead be deemed to mean completion of at least one course per year of the certificate's validity or remaining validity. Certificate holders who evaluate certified staff must complete a 2-day teacher evaluation course, in addition to the 30 continuing professional development hours.

(c-20) The State Board of Education, in consultation with the State Teacher Certification Board, shall develop procedures for implementing this Section and shall administer the renewal of administrative certificates.

Failure to submit satisfactory evidence of continuing professional education which contributes to promoting the goals of this Section shall result in a loss of administrative certification.

(d) Any limited or life supervisory certificate issued prior to July 1, 1968 shall continue to be valid for all administrative and supervisory positions in the public schools for which it is valid as of that date as long as its holder meets the requirements for registration or renewal as set forth in the statutes or until revoked according to law.

(e) The administrative or supervisory positions for which the certificate shall be valid shall be determined by one or more of the following endorsements: general supervisory, general administrative, principal, chief school business official, and superintendent.

Subject to the provisions of Section 21-1a, endorsements shall be made under conditions set forth in this Section. The State Board of Education shall, in consultation with the State Teacher Certification Board, adopt rules pursuant to the Illinois Administrative Procedure Act, establishing requirements for obtaining administrative certificates where the minimum administrative or supervisory requirements surpass those set forth in this Section.

The State Teacher Certification Board shall file with the State Board of Education a written recommendation when considering additional administrative or supervisory requirements. All additional requirements shall be based upon the requisite knowledge necessary to perform those tasks required by the certificate. The State Board of Education shall in consultation with the State Teacher Certification Board, establish standards within its rules which shall include the academic and professional requirements necessary for certification. These standards shall at a minimum contain, but not be limited to, those used by the State Board of Education in determining whether additional knowledge will be required. the General Assembly:

Section 5. The School Code is amended by changing Sections 21-
5b, 21-5c, and 21B-50 as follows:
(105 ILCS 5/21-5b)

New matter indicated by italics - deletions by strikeout
Sec. 21-5b. Alternative certification. The State Board of Education, in consultation with the State Teacher Certification Board, shall establish and implement an alternative certification program under which persons who meet the requirements of and successfully complete the program established by this Section shall be issued an alternative teaching certificate for teaching in the schools. The program shall be limited to not more than 260 new participants during each year that the program is in effect. The State Board of Education, in cooperation with one or more not-for-profit organizations in the State that support excellence in teaching, which may be in partnership with a university that offers 4-year baccalaureate and masters degree programs and that is a recognized institution as defined in Section 21B-105 of this Code, may within 30 days after submission by the program sponsor approve a course of study developed by the program sponsor that persons in the program must successfully complete in order to satisfy one criterion for issuance of an alternative certificate under this Section. The Alternative Teacher Certification program course of study must include content and skills which have been approved by the State Board of Education, in consultation with the State Teacher Certification Board, as meeting the requirement for State teacher certification.

The alternative certification program established under this Section shall be known as the Alternative Teacher Certification program. The Alternative Teacher Certification Program shall be offered by the submitting partnership, and such partnership may be offered by one or more not-for-profit organizations in the State which support excellence in teaching. The program shall be comprised of the following 3 phases: (a) the first phase is the course of study offered on an intensive basis in education theory, instructional methods, and practice teaching; (b) the second phase is the person's assignment to a full-time teaching position for one school year; and (c) the third phase is a comprehensive assessment of the person's teaching performance by school officials and the partnership participants and a recommendation by the program sponsor to the State Board of Education that the person be issued a standard alternative teaching certificate. Successful completion of the Alternative Teacher Certification program shall be deemed to satisfy any other practice or student teaching and subject matter requirements established by law.

A provisional alternative teaching certificate, valid for one year of teaching in the common schools and not renewable, shall be issued under

New matter indicated by italics - deletions by strikeout
this Section 21-5b to persons who at the time of applying for the provisional alternative teaching certificate under this Section:

(1) have graduated from an accredited college or university with a bachelor's degree;

(2) have successfully completed the first phase of the Alternative Teacher Certification program as provided in this Section;

(3) have passed the tests of basic skills and subject matter knowledge required by Section 21-1a; and

(4) (i) have been employed for a period of at least 5 years in an area requiring application of the individual's education or (ii) have attained at least a cumulative grade average of a "B" if the individual is assigned either to a school district that has not met the annual measurable objective for highly qualified teachers required by the Illinois Revised Highly Qualified Teachers (HQT) Plan or to a school district whose data filed with the State Board of Education indicates that the district's poor and minority students are taught by teachers who are not highly qualified at a higher rate than other students; however, this item (4) does not apply with respect to a provisional alternative teaching certificate for teaching in schools situated in a school district that is located in a city having a population in excess of 500,000 inhabitants. Assignment may be made under clause (ii) of this item (4) only if the district superintendent and the exclusive bargaining representative of the district's teachers, if any, jointly agree to permit the assignment.

A person possessing a provisional alternative certificate under this Section shall be treated as a regularly certified teacher for purposes of compensation, benefits, and other terms and conditions of employment afforded teachers in the school who are members of a bargaining unit represented by an exclusive bargaining representative, if any.

Until February 15, 2000, a standard alternative teaching certificate, valid for 4 years for teaching in the schools and renewable as provided in Section 21-14, shall be issued under this Section 21-5b to persons who first complete the requirements for the provisional alternative teaching certificate and who at the time of applying for a standard alternative teaching certificate under this Section have successfully completed the second and third phases of the Alternative Teacher Certification program as provided in this Section. Alternatively, beginning February 15, 2000, at the end of the 4-year validity period, persons who were issued a standard
alternative teaching certificate shall be eligible, on the same basis as holders of an Initial Teaching Certificate issued under subsection (b) of Section 21-2 of this Code, to apply for a Standard Teaching Certificate, provided they meet the requirements of subsection (c) of Section 21-2 of this Code and further provided that a person who does not apply for and receive a Standard Teaching Certificate shall be able to teach only in schools situated in a school district that is located in a city having a population in excess of 500,000 inhabitants.

Beginning February 15, 2000, persons who have completed the requirements for a standard alternative teaching certificate under this Section shall be issued an Initial Alternative Teaching Certificate valid for 4 years of teaching and not renewable. At the end of the 4-year validity period, these persons shall be eligible, on the same basis as holders of an Initial Teaching Certificate issued under subsection (b) of Section 21-2 of this Code, to apply for a Standard Teaching Certificate, provided they meet the requirements of subsection (c) of Section 21-2.

Such alternative certification program shall be implemented so that the first provisional alternative teaching certificates issued under this Section are effective upon the commencement of the 1997-1998 academic year and the first standard alternative teaching certificates issued under this Section are effective upon the commencement of the 1998-1999 academic year.

The State Board of Education, in cooperation with the partnership or partnerships establishing such Alternative Teacher Certification programs, shall adopt rules and regulations that are consistent with this Section and that the State Board of Education deems necessary to establish and implement the program.

No one may be admitted to an alternative certification program under this Section after September 1, 2013, and those candidates who are admitted on or before September 1, 2013, must complete the program before January 1, 2015.

This Section is repealed on January 1, 2015.

(4) A comprehensive assessment of the candidate's teaching effectiveness, as evaluated by the principal and the program coordinator, at the end of the second year of residency. If there is disagreement between the 2 evaluators about the candidate's teaching effectiveness, the candidate may complete one additional year of residency teaching under a professional development plan developed by the principal and preparation program. At the completion of the third year, a candidate must have positive evaluations and a recommendation for full licensure from both the principal and the program coordinator or no Professional Educator License shall be issued.

Sec. 3A-4. Mandatory consolidation of educational service regions.

(a) After July 1, 2015 October 15, 1993, each region must contain at least 61,000 43,000 inhabitants. Before June 30, 2013, regions may be consolidated voluntarily under Section 3A-3 or by joint resolution of the county boards of regions seeking to join a voluntary consolidation, effective July 1, 2015, to meet these population requirements. PUBLIC ACT 97-0704
(Senate Bill No. 3244)

AN ACT concerning education.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Legislative findings. The General Assembly finds the following:

(1) that only 40% of high school graduates test ready for college-level mathematics, resulting in the need for remedial math before taking credit-bearing mathematics courses, costing students and this State valuable time and resources;

(2) that students that place into remedial-level coursework are less likely than their college-ready peers to complete a certificate or degree;

New matter indicated by italics - deletions by strikeout
(3) that students who take more than 3 years of mathematics beyond pre-algebra in high school are more successful in college;

(4) that it is increasingly evident that math skills are required for both college and career readiness;

(5) that State learning standards encompass rigorous K-12 mathematics requirements to prepare students for college and careers; and

(6) that individual school districts have a varying capacity to redesign curriculum and instruction.

Section 5. The School Code is amended by adding Section 2-3.156 as follows:

(105 ILCS 5/2-3.156 new)

Sec. 2-3.156. Mathematics curriculum models.

(a) The State Board of Education shall, immediately following the effective date of this amendatory Act of the 97th General Assembly, coordinate the acquisition, adaptation, and development of middle and high school mathematics curriculum models to aid school districts and teachers in implementing standards for all students. The acquisition, adaptation, and development process shall include the input of representatives of statewide educational organizations and stakeholders, including without limitation all of the following:

1. Representatives of a statewide mathematics professional organization.

2. Representatives of statewide teacher organizations.

3. Representatives of statewide school administrator organizations.

4. Experts in higher education mathematics instruction.

10. Representatives of statewide school board organizations.

11. Representatives of statewide principal organizations.

(b) The curriculum models under this Section shall include without limitation all of the following:

New matter indicated by italics - deletions by strikeout
(1) Scope-and-sequence descriptions for middle and high school mathematics progressions, building content and skill acquisition across the grades.

(2) Recommendations of curricula for the final year of mathematics or math-equivalent instruction before graduation.

(3) Sample lesson plans to illustrate instructional materials and methods for specific standards.

(4) Model high school course designs that demonstrate effective student pathways to mathematics-standards attainment by graduation.

(5) Training programs for teachers and administrators, to be made available in both traditional and electronic formats for regional and local delivery.

(c) The curriculum models under this Section must be completed no later than March 1, 2013.

(d) The curriculum models and training programs under this Section must be made available to all school districts, which may choose to adopt or adapt the models in lieu of developing their own mathematics curricula. The Illinois P-20 Council shall submit a report to the Governor and the General Assembly on the extent and effect of utilization of the curriculum models by school districts. Within 4 years after the effective date of this amendatory Act of the 97th General Assembly, State mathematics test results and higher education mathematics remediation data must be used to gauge the effectiveness of high school mathematics instruction and the extent of standards attainment and be used to guide the continuous improvement of the mathematics curriculum and instruction.

(215 ILCS 5/4) (from Ch. 73, par. 616)

Sec. 4. Classes of insurance. Insurance and insurance business shall be classified as follows:

Class 1. Life, Accident and Health.

(a) Life. Insurance on the lives of persons and every insurance appertaining thereto or connected therewith and granting, purchasing or disposing of annuities. Policies of life or endowment insurance or annuity contracts or contracts supplemental thereto which contain provisions for additional benefits in case of death by accidental means and provisions operating to safeguard such policies or contracts against lapse, to give a special surrender value, or special benefit, or an annuity, in the event, that the insured or annuitant shall become totally and permanently disabled as defined by the policy or contract, or which contain benefits providing acceleration of life or endowment or annuity benefits in advance of the time they would otherwise be payable, as an indemnity for long term care which is certified or ordered by a physician, including but not limited to, professional nursing care, medical care expenses, custodial nursing care, non-nursing custodial care provided in a nursing home or at a residence of the insured, or which contain benefits providing acceleration of life or endowment or annuity benefits in advance of the time they would otherwise be payable, at any time during the insured's lifetime, as an indemnity for a terminal illness shall be deemed to be policies of life or endowment insurance or annuity contracts within the intent of this clause.

"Covered condition", as used in this clause, means: heart attack, stroke, coronary artery surgery, life threatening cancer, renal failure, alzheimer's disease, paraplegia, major organ transplantation, total and permanent disability, and any other medical condition that the Department may approve for any particular filing.

The Director may issue rules that specify prohibited policy provisions, not otherwise specifically prohibited by law, which in the opinion of the Director are unjust, unfair, or unfairly discriminatory to the policyholder, any person insured under the policy, or beneficiary.

(b) Accident and health. Insurance against bodily injury, disablement or death by accident and against disablement resulting from sickness or old age and every insurance appertaining thereto, including stop-loss insurance. Stop-loss insurance is insurance against the risk of economic loss issued to a single employer self-funded employee disability benefit plan or an employee welfare benefit plan as described in 29 U.S.C. 100 et seq. The insurance laws of this State, including this Code, do not apply to arrangements between a religious organization and the organization's members or participants when the arrangement and organization meet all of the following criteria:

(i) the organization is described in Section 501(c)(3) of the Internal Revenue Code and is exempt from taxation under Section 501(a) of the Internal Revenue Code;

(ii) members of the organization share a common set of ethical or religious beliefs and share medical expenses among members in accordance with those beliefs and without regard to the state in which a member resides or is employed;

(iii) no funds that have been given for the purpose of the sharing of medical expenses among members described in paragraph (ii) of this subsection (b) are held by the organization in an off-shore trust or bank account;

(iv) the organization provides at least monthly to all of its members a written statement listing the dollar amount of qualified medical expenses that members have submitted for sharing, as well as the amount of expenses actually shared among the members;

(v) members of the organization retain membership even after they develop a medical condition;

(vi) the organization or a predecessor organization has been in existence at all times since December 31, 1999, and medical expenses of its members have been shared continuously and without interruption since at least December 31, 1999;

(vii) the organization conducts an annual audit that is performed by an independent certified public accounting firm in accordance with generally accepted accounting principles and is made available to the public upon request;

New matter indicated by italics - deletions by strikeout
(viii) the organization includes the following statement, in writing, on or accompanying all applications and guideline materials:

"Notice: The organization facilitating the sharing of medical expenses is not an insurance company, and neither its guidelines nor plan of operation constitute or create an insurance policy. Any assistance you receive with your medical bills will be totally voluntary. Neither the organization nor any other participant can be compelled by law to contribute toward your medical bills. As such, participation in the organization or a subscription to any of its documents should never be considered to be insurance. Whether or not you receive any payments for medical expenses and whether or not this organization continues to operate, you are always personally responsible for the payment of your own medical bills."; and

(ix) any membership card or similar document issued by the organization and any written communication sent by the organization to a hospital, physician, or other health care provider shall include a statement that the organization does not issue health insurance and that the member or participant is personally liable for payment of his or her medical bills;

(x) the organization provides to a participant, within 30 days after the participant joins, a complete set of its rules for the sharing of medical expenses, appeals of decisions made by the organization, and the filing of complaints;

(xi) the organization does not offer any other services that are regulated under any provision of the Illinois Insurance Code or other insurance laws of this State; and

(xii) the organization does not amass funds as reserves intended for payment of medical services, rather the organization facilitates the payments provided for in this subsection (b) through payments made directly from one participant to another.

(c) Legal Expense Insurance. Insurance which involves the assumption of a contractual obligation to reimburse the beneficiary against or pay on behalf of the beneficiary, all or a portion of his fees, costs, or expenses related to or arising out of services performed by or under the supervision of an attorney licensed to practice in the jurisdiction wherein the services are performed, regardless of whether the payment is made by
the beneficiaries individually or by a third person for them, but does not include the provision of or reimbursement for legal services incidental to other insurance coverages. The insurance laws of this State, including this Act do not apply to:

(i) Retainer contracts made by attorneys at law with individual clients with fees based on estimates of the nature and amount of services to be provided to the specific client, and similar contracts made with a group of clients involved in the same or closely related legal matters;

(ii) Plans owned or operated by attorneys who are the providers of legal services to the plan;

(iii) Plans providing legal service benefits to groups where such plans are owned or operated by authority of a state, county, local or other bar association;

A Provisional career and technical educator endorsement on an Educator License with Stipulations may be issued to an applicant who has a minimum of 8,000 hours of work experience in the skill for which the applicant is seeking the endorsement. It is the responsibility of each employing school board and regional office of education to provide verification, in writing, to the State Superintendent of Education at the time the application is submitted that no qualified teacher holding a Professional Educator License or an Educator License with Stipulations with a career and technical educator endorsement is available and that actual circumstances require such issuance.

In addition, the State pledges to and agrees with the holders of the bonds and notes of the Authority issued pursuant to this Section that the State will not limit or
alter the basis on which State funds are to be paid to the Authority as provided in this Act, or the use of such funds, so as to impair the terms of any such contract. Notwithstanding any other provision of this Section, the term of all arbitrators serving on the effective date of this amendatory Act of the 97th General Assembly, including any arbitrators on administrative leave, shall terminate at the close of business on July 1, 2011, but the incumbents shall continue to exercise all of their duties until they are reappointed or their successors are appointed.

On and after the effective date of this amendatory Act of the 97th General Assembly, arbitrators shall be appointed to 3-year terms by the full Commission, except that initial appointments made on and after the effective date of this amendatory Act of the 97th General Assembly shall be made as follows:

All arbitrators shall be subject to the provisions of the Personnel Code, and the performance of all arbitrators shall be reviewed by the Chairman on an annual basis. The changes made to this Section by this amendatory Act of the 97th General Assembly shall prevail over any conflict with the Personnel Code. The Chairman shall allow input from the Commissioners in all such reviews.

The Commission shall assign no fewer than 3 arbitrators to each hearing site. Sec. 605-460. Engineering excellence program.

(a) Coordination between engineering schools and private business is an important tool in fostering innovation. Universities have eager students, experienced faculty, and state-of-the-art research facilities. Businesses have existing markets, production capital, and evolving needs. The General Assembly believes that universities and businesses should share resources to allow students to participate in the research and development area of innovative design and to allow businesses to benefit from the developing skills of these students.

(b) In order to facilitate engineering excellence, the Department shall develop a program to achieve the goals set forth in subsection (a). Under this program, the Department must:

(1) Annually contact the State's major public and private universities with engineering schools.

(2) Request a one-page written summary of the internship, externship, or residency programs operated by the engineering college of each of the contacted universities.

New matter indicated by italics - deletions by strikeout
(3) Identify the manufacturing businesses within 50 miles of each university that responded under paragraph (2) that could benefit from assistance in the area of innovative design.

Sec. 605-465. Comprehensive website information.
(a) The Department's official website must contain a comprehensive list of State, local, and federal economic benefits available to businesses in each of the State's counties and municipalities that the Department includes on its website. In order to do so:

(1) The Department annually must request a summary of available economic benefits from each of the State's counties and municipalities that are linked to the Department's website.

(2) The information obtained under paragraph (1) must be published on the related web pages of the Department's website.

(3) The Department's website shall also provide information regarding available federal economic benefits to the extent possible.

(b) The Department shall adopt rules for the implementation of this Section.

Section 10. The Corporate Accountability for Tax Expenditures Act is amended by changing Section 25 as follows:

(20 ILCS 715/25)
Sec. 25. Recapture.
(a) All development assistance agreements shall contain, at a minimum, the following recapture provisions:

(1) The recipient must (i) make the level of capital investment in the economic development project specified in the development assistance agreement; (ii) create or retain, or both, the requisite number of jobs, paying not less than specified wages for the created and retained jobs, within and for the duration of the time period specified in the legislation authorizing, or the administrative rules implementing, the development assistance programs and the development assistance agreement.

New matter indicated by italics - deletions by strikeout
(2) If the recipient fails to create or retain the requisite number of jobs within and for the time period specified, in the legislation authorizing, or the administrative rules implementing, the development assistance programs and the development assistance agreement, the recipient shall be deemed to no longer qualify for the State economic assistance and the applicable recapture provisions shall take effect.

(3) If the recipient receives State economic assistance in the form of a High Impact Business designation pursuant to Section 5.5 of the Illinois Enterprise Zone Act and the business receives the benefit of the exemption authorized under Section 51 of the Retailers' Occupation Tax Act (for the sale of building materials incorporated into a High Impact Business location) and the recipient fails to create or retain the requisite number of jobs, as determined by the legislation authorizing the development assistance programs or the administrative rules implementing such legislation, or both, within the requisite period of time, the recipient shall be required to pay to the State the full amount of the State tax exemption that it received as a result of the High Impact Business designation.

(4) If the recipient receives a grant or loan pursuant to the Large Business Development Program, the Business Development Public Infrastructure Program, or the Industrial Training Program and the recipient fails to create or retain the requisite number of jobs for the requisite time period, as provided in the legislation authorizing the development assistance programs or the administrative rules implementing such legislation, or both, or in the development assistance agreement, the recipient shall be required to repay to the State a pro rata amount of the grant; that amount shall reflect the percentage of the deficiency between the requisite number of jobs to be created or retained by the recipient and the actual number of such jobs in existence as of the date the Department determines the recipient is in breach of the job creation or retention covenants contained in the development assistance agreement. If the recipient of development assistance under the Large Business Development Program, the Business Development Public Infrastructure Program, or the Industrial Training Program ceases operations at the specific project site, during the 5-year period commencing on the date of assistance, the recipient shall be

required to repay the entire amount of the grant or to accelerate repayment of the loan back to the State.

(5) If the recipient receives a tax credit under the Economic Development for a Growing Economy tax credit program, the development assistance agreement must provide that (i) if the number of new or retained employees falls below the requisite number set forth in the development assistance agreement, the allowance of the credit shall be automatically suspended until the number of new and retained employees equals or exceeds the requisite number in the development assistance agreement; (ii) if the recipient discontinues operations at the specific project site during the 5-year period after the beginning of the first tax year for which the Department issues a tax credit certificate, the recipient shall forfeit all credits taken by the recipient during such 5-year period; and (iii) in the event of a revocation or suspension of the credit, the Department shall contact the Director of Revenue to initiate proceedings against the recipient to recover wrongfully exempted Illinois State income taxes and the recipient shall promptly repay to the Department of Revenue any wrongfully exempted Illinois State income taxes. The forfeited amount of credits shall be deemed assessed on the date the Department contacts the Department of Revenue and the recipient shall promptly repay to the Department of Revenue any wrongfully exempted Illinois State income taxes.

(b) The Director may elect to waive enforcement of any contractual provision arising out of the development assistance agreement required by this Act based on a finding that the waiver is necessary to avert an imminent and demonstrable hardship to the recipient that may result in such recipient's insolvency or discharge of workers. If a waiver is granted, the recipient must agree to a contractual modification, including recapture provisions, to the development assistance agreement. The existence of any waiver granted pursuant to this subsection (c), the date of the granting of such waiver, and a brief summary of the reasons supporting the granting of such waiver shall be disclosed consistent with the provisions of Section 25 of this Act.

(b-5) The Department shall post, on its website, (i) the identity of each recipient from whom amounts were recaptured under this Section on or after the effective date of this amendatory Act of the 97th General Assembly, (ii) the date of the recapture, (iii) a summary of the reasons
COLORADO

supporting the recapture, and (iv) the amount recaptured from those recipients.

(c) Beginning June 1, 2004, the Department shall annually compile a report on the outcomes and effectiveness of recapture provisions by program, including but not limited to: (i) the total number of companies that receive development assistance as defined in this Act; (ii) the total number of recipients in violation of development agreements with the Department; (iii) the total number of completed recapture efforts; (iv) the total number of recapture efforts initiated; and (v) the number of waivers granted. This report shall be disclosed consistent with the provisions of Section 20 of this Act.

(d) For the purposes of this Act, recapture provisions do not include the Illinois Department of Transportation Economic Development Program, any grants under the Industrial Training Program that are not given as an incentive to a recipient business organization, or any successor programs as described in the term "development assistance" in Section 5 of this Act.

Section 15. The Energy Assistance Act is amended by changing Section 6 as follows:

(305 ILCS 20/6) (from Ch. 111 2/3, par. 1406)

Sec. 6. Eligibility, Conditions of Participation, and Energy Assistance.

(a) Any person who is a resident of the State of Illinois and whose household income is not greater than an amount determined annually by the Department, in consultation with the Policy Advisory Council, may apply for assistance pursuant to this Act in accordance with regulations promulgated by the Department. In setting the annual eligibility level, the Department shall consider the amount of available funding and may not set a limit higher than 150% of the federal nonfarm poverty level as established by the federal Office of Management and Budget; except that for the period ending June 30, 2013, 2012, or until the expenditure of federal resources allocated for energy assistance programs by the American Recovery and Reinvestment Act, whichever occurs first, the Department may not establish limits higher than 200% of that poverty level or the maximum level provided for by federal guidelines.

(b) Applicants who qualify for assistance pursuant to subsection (a) of this Section shall, subject to appropriation from the General Assembly and subject to availability of funds to the Department, receive energy

New matter indicated by italics - deletions by strikeout
assistance as provided by this Act. The Department, upon receipt of monies authorized pursuant to this Act for energy assistance, shall commit funds for each qualified applicant in an amount determined by the Department. In determining the amounts of assistance to be provided to or on behalf of a qualified applicant, the Department shall ensure that the highest amounts of assistance go to households with the greatest energy costs in relation to household income. The Department shall include factors such as energy costs, household size, household income, and region of the State when determining individual household benefits. In setting assistance levels, the Department shall attempt to provide assistance to approximately the same number of households who participated in the 1991 Residential Energy Assistance Partnership Program. Such assistance levels shall be adjusted annually on the basis of funding availability and energy costs. In promulgating rules for the administration of this Section the Department shall assure that a minimum of 1/3 of funds available for benefits to eligible households with the lowest incomes and that elderly and disabled households are offered a priority application period.

(c) If the applicant is not a customer of record of an energy provider for energy services or an applicant for such service, such applicant shall receive a direct energy assistance payment in an amount established by the Department for all such applicants under this Act; provided, however, that such an applicant must have rental expenses for housing greater than 30% of household income.

(c-1) This subsection shall apply only in cases where: (1) the applicant is not a customer of record of an energy provider because energy services are provided by the owner of the unit as a portion of the rent; (2) the applicant resides in housing subsidized or developed with funds provided under the Rental Housing Support Program Act or under a similar locally funded rent subsidy program, or is the voucher holder who resides in a rental unit within the State of Illinois and whose monthly rent is subsidized by the tenant-based Housing Choice Voucher Program under Section 8 of the U.S. Housing Act of 1937; and (3) the rental expenses for housing are no more than 30% of household income. In such cases, the household may apply for an energy assistance payment under this Act and the owner of the housing unit shall cooperate with the applicant by providing documentation of the energy costs for that unit. Any compensation paid to the energy provider who supplied energy services to the household shall be paid on behalf of the owner of the housing unit providing energy services to the household. The Department shall report

annually to the General Assembly on the number of households receiving energy assistance under this subsection and the cost of such assistance. The provisions of this subsection (c-1), other than this sentence, are inoperative after August 31, 2012.

(d) If the applicant is a customer of an energy provider, such applicant shall receive energy assistance in an amount established by the Department for all such applicants under this Act, such amount to be paid by the Department to the energy provider supplying winter energy service to such applicant. Such applicant shall:

(i) make all reasonable efforts to apply to any other appropriate source of public energy assistance; and

(ii) sign a waiver permitting the Department to receive income information from any public or private agency providing income or energy assistance and from any employer, whether public or private.

(e) Any qualified applicant pursuant to this Section may receive or have paid on such applicant's behalf an emergency assistance payment to enable such applicant to obtain access to winter energy services. Any such payments shall be made in accordance with regulations of the Department.

(f) The Department may, if sufficient funds are available, provide additional benefits to certain qualified applicants:

(i) for the reduction of past due amounts owed to energy providers; and

(ii) to assist the household in responding to excessively high summer temperatures or energy costs. Households containing elderly members, children, a person with a disability, or a person with a medical need for conditioned air shall receive priority for receipt of such benefits.
