ARTICLE 12
Section 5. Effective date. This Act takes effect July 1, 2012.
Approved June 30, 2012.
Effective July 1, 2012.

June 30, 2012

To the Honorable Members of the Illinois Senate
97th General Assembly

Today I return Senate Bill 2474 with item and reduction vetoes in the amount of $56,110,400.

These appropriation reductions reinforce our intention and need to close a number of facilities across Illinois.

These are difficult fiscal times and it is clear that we must employ a variety of methods to manage those who violate the laws of our State -- not just for the purpose of reducing the annual cost of operating State government, but because the policies that these facilities reinforce do not adequately reduce recidivism.

The Fiscal Year 2013 budget as passed by the General Assembly provides resources to maintain operations for a full fiscal year for the Murphysboro and Joliet Youth Centers. It is my intention to move forward with the Illinois Department of Juvenile Justice closures. We are in a time of scarce

resources and cannot afford to staff empty facilities. The limited resources that we have are better spent providing services to these troubled youths in their communities, at a lower cost, with performance-based goals, so that these youths do not once again fall into our custody upon reaching adulthood.

The budget as passed by the General Assembly also funds the operations of North Lawndale Adult Transition Center, Peoria Adult Transition Center, Fox Valley Adult Transition Center, Crossroads Adult Transition Center, Westside Adult Transition Center, Decatur Adult Transition Center, and Southern Adult Transition Center. It is my intention to maintain operations at the North Lawndale, Crossroads, Peoria and Fox Valley Adult Transition Centers for the purpose of continuing to provide job training and programmatic support to those individuals that will soon be returning to our communities.

This budget also provides funding for the Tamms and Dwight Correctional Centers. The appropriation that is in the budget for Tamms provides for its operation, but for a different purpose than it is serving today. However, the General Assembly has not provided the necessary resources to repurpose Tamms so that it can be operated in a different capacity. The cost of operating this facility is $62,000 per inmate per fiscal year, about three times the statewide cost for other facilities within the Department of Corrections. This cost can simply no longer be afforded. The Dwight Correctional Center is in need of substantial repairs and can no longer be operated efficiently. The Department of Corrections has also seen a 41% decrease in the number of female admissions, reducing the Department’s need to maintain existing female capacity.

Therefore, pursuant to Article IV, Section 9(d) of the Illinois Constitution of 1970, I hereby return Senate Bill 2474, entitled “AN ACT concerning appropriations” with item and reduction vetoes in appropriations totaling $56,110,400.

(a) To establish a grant program for local tourism and convention
bureaus. The Department will develop and implement a program for the

(iii) operating with a paid, full-time staff whose sole purpose is to promote tourism in the designated service area; and (iv) affiliated with multiple municipalities or counties that support the bureau with local hotel-motel taxes. Each bureau receiving funds under this Act will be certified by the Department as the designated recipient to serve an area of the State. Notwithstanding the criteria set forth in this subsection (a), or any rule adopted under this subsection (a), the Director of the Department may provide for the award of grant funds to one or more entities if in the Department's judgment that action is necessary in order to prevent a loss of funding critical to promoting tourism in a designated geographic area of the State.

(b) To distribute grants to local tourism and convention bureaus from appropriations made from the Local Tourism Fund for that purpose. Of the amounts appropriated annually to the Department for expenditure under this Section prior to July 1, 2011, one-third of those monies shall be used for grants to convention and tourism bureaus in cities with a population greater than 500,000. The remaining two-thirds of the annual appropriation prior to July 1, 2011 shall be used for grants to convention and tourism bureaus in the remainder of the State, in accordance with a formula based upon the population served. Of the amounts appropriated annually to the Department for expenditure under this Section beginning July 1, 2011, 18% of such moneys shall be used for grants to convention and tourism bureaus in cities with a population greater than 500,000. Of the amounts appropriated annually to the Department for expenditure under this Section beginning July 1, 2011, 82% of such moneys shall be used for grants to convention bureaus in the remainder of the State, in accordance with a formula based upon the population served. The Department may reserve up to 10% of total local tourism funds available for costs of administering the program to conduct audits of grants, to provide incentive funds to those bureaus that will conduct promotional activities designed to further the Department's statewide advertising campaign, to fund special statewide promotional activities, and to fund promotional activities that support an increased use of the State's parks or historic sites. **During fiscal year 2013, the Department shall require that any convention and tourism bureau receiving a grant under this Section that requires matching funds shall provide matching funds equal to no less than 50% of the grant amount. During fiscal year 2013, the Department shall reserve $2,000,000 of the available local tourism funds for appropriation to the Historic Preservation Agency for the operation of the**
Sec. 605-707. International Tourism Program.

(a) The Department of Commerce and Economic Opportunity must establish a program for international tourism. The Department shall develop and implement the program on January 1, 2000 by rule. As part of the program, the Department may work in cooperation with local convention and tourism bureaus in Illinois in the coordination of international tourism efforts at the State and local level. The Department may (i) work in cooperation with local convention and tourism bureaus for efficient use of their international tourism marketing resources, (ii) promote Illinois in international meetings and tourism markets, (iii) work with convention and tourism bureaus throughout the State to increase the number of international tourists to Illinois, (iv) provide training, research, technical support, and grants to certified convention and tourism bureaus, (v) provide staff, administration, and related support required to manage the programs under this Section, and (vi) provide grants for the development of or the enhancement of international tourism attractions.

(b) The Department shall make grants for expenses related to international tourism and pay for the staffing, administration, and related support from the International Tourism Fund, a special fund created in the State Treasury. Of the amounts deposited into the Fund in fiscal year 2000 after January 1, 2000 through fiscal year 2011, 55% shall be used for grants to convention and tourism bureaus in Chicago (other than the City of Chicago's Office of Tourism) and 45% shall be used for development of international tourism in areas outside of Chicago. Of the amounts deposited into the Fund in fiscal year 2001 and thereafter, 55% shall be used for grants to convention and tourism bureaus in Chicago, and of that amount not less than 27.5% shall be used for grants to convention and tourism bureaus in Chicago other than the City of Chicago's Office of Tourism, and 45% shall be used for administrative expenses and grants authorized under this Section and development of international tourism in areas outside of Chicago, of which not less than $1,000,000 shall be used annually to make grants to convention and tourism bureaus in cities other than Chicago that demonstrate their international tourism appeal and request to develop or expand their international tourism marketing program, and may also be used to provide grants under item (vi) of
subsection (a) of this Section. All of the amounts deposited into the Fund in fiscal year 2012 and thereafter shall be used for administrative expenses and grants authorized under this Section and development of international tourism in areas outside of Chicago, of which not less than $1,000,000 shall be used annually to make grants to convention and tourism bureaus in cities other than Chicago that demonstrate their international tourism appeal and request to develop or expand their international tourism marketing program, and may also be used to provide grants under item (vi) of subsection (a) of this Section. Amounts appropriated to the State Comptroller for administrative expenses and grants authorized by the Illinois Global Partnership Act are payable from the International Tourism Fund.

(c) A convention and tourism bureau is eligible to receive grant moneys under this Section if the bureau is certified to receive funds under Title 14 of the Illinois Administrative Code, Section 550.35. To be eligible for a grant, a convention and tourism bureau must provide matching funds equal to the grant amount. During fiscal year 2013, the Department shall require that any convention and tourism bureau receiving a grant under this Section that requires matching funds shall provide matching funds equal to no less than 50% of the grant amount. In certain circumstances as determined by the Director of Commerce and Economic Opportunity, however, the City of Chicago's Office of Tourism or any other convention and tourism bureau may provide matching funds equal to no less than 50% of the grant amount to be eligible to receive the grant. One-half of this 50% may be provided through in-kind contributions. Grants received by the City of Chicago's Office of Tourism and by convention and tourism bureaus in Chicago may be expended for the general purposes of promoting conventions and tourism.

(1) All moneys deposited in the Tourism Promotion Fund pursuant to this subsection are allocated to the Department for utilization, as appropriated, in the performance of its powers under Section 4; except that during fiscal year 2013, the Department shall reserve $9,800,000 of the total funds available for appropriation in the Tourism Promotion Fund for appropriation to the Historic Preservation Agency for the operation of the

"Net revenue realized for a month" means the revenue collected by the State under that Act during the previous month less the amount paid out during that same month as refunds to taxpayers for overpayment of liability under that Act.

(1.1) (Blank).

(2) As soon as possible after the first day of each month, beginning July 1, 1997, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Tourism Promotion Fund an amount equal to 8% of the net revenue realized from the Hotel Operators' Occupation Tax Act plus an amount equal to 8% of the net revenue realized from any tax imposed under Section 4.05 of the Chicago World's Fair-1992 Authority Act during the preceding month. "Net revenue realized for a month" means the revenue collected by the State under that Act during the previous month less the amount paid out during that same month as refunds to taxpayers for overpayment of liability under that Act.

All monies deposited in the Tourism Promotion Fund under this subsection (2) shall be used solely as provided in this subsection to advertise and promote tourism throughout Illinois. Appropriations of monies deposited in the Tourism Promotion Fund pursuant to this subsection (2) shall be used solely for advertising to promote tourism, including but not limited to advertising production and direct advertisement costs, but shall not be used to employ any additional staff, finance any individual event, or lease, rent or purchase any physical facilities. The Department shall coordinate its advertising under this subsection (2) with other public and private entities in the State engaged in similar promotion activities. Section 5-15. The Mental Health and Developmental Disabilities Administrative Act is amended by adding Section 18.7 as follows:

(20 ILCS 1705/18.7 new)

Sec. 18.7. Home Services Medicaid Trust Fund.

(a) The Home Services Medicaid Trust Fund is hereby created as a special fund in the State treasury.

(b) Amounts paid to the State during each State fiscal year by the federal government under Title XIX or Title XXI of the Social Security Act for services delivered in relation to the Department's Home Services Program established pursuant to Section 3 of the Disabled Persons Rehabilitation Act, and any interest earned thereon, shall be deposited into the Fund.

(c) Moneys in the Fund may be used by the Department for the purchase of services, and operational and administrative expenses, in relation to the Home Services Program.

Section 5-20. The Disabled Persons Rehabilitation Act is amended by changing Section 3 as follows:

(b) To prescribe and supervise such courses of vocational training and provide such other services as may be necessary for the habilitation and rehabilitation of persons with one or more disabilities, including the administrative activities under subsection (e) of this Section, and to co-operate with State and local school authorities and other recognized agencies engaged in habilitation, rehabilitation and comprehensive

rehabilitation services; and to cooperate with the Department of Children and Family Services regarding the care and education of children with one or more disabilities.

(c) (Blank).

(d) To report in writing, to the Governor, annually on or before the first day of December, and at such other times and in such manner and upon such subjects as the Governor may require. The annual report shall contain (1) a statement of the existing condition of comprehensive rehabilitation services, habilitation and rehabilitation in the State; (2) a statement of suggestions and recommendations with reference to the development of comprehensive rehabilitation services, habilitation and rehabilitation in the State; and (3) an itemized statement of the amounts of money received from federal, State and other sources, and of the objects and purposes to which the respective items of these several amounts have been devoted.

(e) (Blank).

(f) To establish a program of services to prevent unnecessary institutionalization of persons with Alzheimer's disease and related disorders or persons in need of long term care who are established as blind or disabled as defined by the Social Security Act, thereby enabling them to remain in their own homes or other living arrangements. Such preventive services may include, but are not limited to, any or all of the following:

1. home health services;
2. home nursing services;
3. homemaker services;
4. chore and housekeeping services;
5. day care services;
6. home-delivered meals;
7. education in self-care;
8. personal care services;
9. adult day health services;
10. habilitation services;
11. respite care; or
12. other nonmedical social services that may enable the person to become self-supporting.

The Department shall establish eligibility standards for such services taking into consideration the unique economic and social needs of the population for whom they are to be provided. Such eligibility standards may be based on the recipient's ability to pay for services; provided,

New matter indicated by italics - deletions by strikeout
however, that any portion of a person's income that is equal to or less than
the "protected income" level shall not be considered by the Department in
determining eligibility. The "protected income" level shall be determined
by the Department, shall never be less than the federal poverty standard,
and shall be adjusted each year to reflect changes in the Consumer Price
Index For All Urban Consumers as determined by the United States
Department of Labor. The standards must provide that a person may have
not more than $10,000 in assets to be eligible for the services, and the
Department may increase the asset limitation by rule. Additionally, in
determining the amount and nature of services for which a person may
qualify, consideration shall not be given to the value of cash, property or
other assets held in the name of the person's spouse pursuant to a written
agreement dividing marital property into equal but separate shares or
pursuant to a transfer of the person's interest in a home to his spouse,
provided that the spouse's share of the marital property is not made
available to the person seeking such services.

The services shall be provided to eligible persons to prevent
unnecessary or premature institutionalization, to the extent that the cost of
the services, together with the other personal maintenance expenses of the
persons, are reasonably related to the standards established for care in a
group facility appropriate to their condition. These non-institutional
services, pilot projects or experimental facilities may be provided as part
of or in addition to those authorized by federal law or those funded and
administered by the Illinois Department on Aging. The Department shall
set rates and fees for services in a fair and equitable manner. Services
identical to those offered by the Department on Aging shall be paid at the
same rate.

Personal care attendants shall be paid:
(i) A $5 per hour minimum rate beginning July 1, 1995.
(ii) A $5.30 per hour minimum rate beginning July 1, 1997.
(iii) A $5.40 per hour minimum rate beginning July 1, 1998.

Solely for the purposes of coverage under the Illinois Public Labor
Relations Act (5 ILCS 315/), personal care attendants and personal
assistants providing services under the Department's Home Services
Program shall be considered to be public employees and the State of
Illinois shall be considered to be their employer as of the effective date of
this amendatory Act of the 93rd General Assembly, but not before. The
State shall engage in collective bargaining with an exclusive representative
of personal care attendants and personal assistants working under the Home Services Program concerning their terms and conditions of employment that are within the State's control. Nothing in this paragraph shall be understood to limit the right of the persons receiving services defined in this Section to hire and fire personal care attendants and personal assistants or supervise them within the limitations set by the Home Services Program. The State shall not be considered to be the employer of personal care attendants and personal assistants for any purposes not specifically provided in this amendatory Act of the 93rd General Assembly, including but not limited to, purposes of vicarious liability in tort and purposes of statutory retirement or health insurance benefits. Personal care attendants and personal assistants shall not be covered by the State Employees Group Insurance Act of 1971 (5 ILCS 375/).

The Department shall execute, relative to the nursing home prescreening project, as authorized by Section 4.03 of the Illinois Act on the Aging, written inter-agency agreements with the Department on Aging and the Department of Public Aid (now Department of Healthcare and Family Services), to effect the following: (i) intake procedures and common eligibility criteria for those persons who are receiving non-institutional services; and (ii) the establishment and development of non-institutional services in areas of the State where they are not currently available or are undeveloped. On and after July 1, 1996, all nursing home prescreenings for individuals 18 through 59 years of age shall be conducted by the Department.

The Department is authorized to establish a system of recipient cost-sharing for services provided under this Section. The cost-sharing shall be based upon the recipient's ability to pay for services, but in no case shall the recipient's share exceed the actual cost of the services provided. Protected income shall not be considered by the Department in its determination of the recipient's ability to pay a share of the cost of services. The level of cost-sharing shall be adjusted each year to reflect changes in the "protected income" level. The Department shall deduct from the recipient's share of the cost of services any money expended by the recipient for disability-related expenses.

The Department, or the Department's authorized representative, shall recover the amount of moneys expended for services provided to or in behalf of a person under this Section by a claim against the person's estate or against the estate of the person's surviving spouse, but no...
recovery may be had until after the death of the surviving spouse, if any, and then only at such time when there is no surviving child who is under age 21, blind, or permanently and totally disabled. This paragraph, however, shall not bar recovery, at the death of the person, of moneys for services provided to the person or in behalf of the person under this Section to which the person was not entitled; provided that such recovery shall not be enforced against any real estate while it is occupied as a homestead by the surviving spouse or other dependent, if no claims by other creditors have been filed against the estate, or, if such claims have been filed, they remain dormant for failure of prosecution or failure of the claimant to compel administration of the estate for the purpose of payment. This paragraph shall not bar recovery from the estate of a spouse, under Sections 1915 and 1924 of the Social Security Act and Section 5-4 of the Illinois Public Aid Code, who precedes a person receiving services under this Section in death. All moneys for services paid to or in behalf of the person under this Section shall be claimed for recovery from the deceased spouse's estate. "Homestead", as used in this paragraph, means the dwelling house and contiguous real estate occupied by a surviving spouse or relative, as defined by the rules and regulations of the Department of Healthcare and Family Services, regardless of the value of the property.

The Department and the Department on Aging shall cooperate in the development and submission of an annual report on programs and services provided under this Section. Such joint report shall be filed with the Governor and the General Assembly on or before March 30 each year.

The requirement for reporting to the General Assembly shall be satisfied by filing copies of the report with the Speaker, the Minority Leader and the Clerk of the House of Representatives and the President, the Minority Leader and the Secretary of the Senate and the Legislative Research Unit, as required by Section 3.1 of the General Assembly Organization Act, and filing additional copies with the State Government Report Distribution Center for the General Assembly as required under paragraph (t) of Section 7 of the State Library Act.

(g) To establish such subdivisions of the Department as shall be desirable and assign to the various subdivisions the responsibilities and duties placed upon the Department by law.

(h) To cooperate and enter into any necessary agreements with the Department of Employment Security for the provision of job placement and job referral services to clients of the Department, including job service
registration of such clients with Illinois Employment Security offices and making job listings maintained by the Department of Employment Security available to such clients.

(i) To possess all powers reasonable and necessary for the exercise and administration of the powers, duties and responsibilities of the Department which are provided for by law.

(j) To establish a procedure whereby new providers of personal care attendant services shall submit vouchers to the State for payment two times during their first month of employment and one time per month thereafter. In no case shall the Department pay personal care attendants an hourly wage that is less than the federal minimum wage.

(k) To provide adequate notice to providers of chore and housekeeping services informing them that they are entitled to an interest payment on bills which are not promptly paid pursuant to Section 3 of the State Prompt Payment Act.

(l) To establish, operate and maintain a Statewide Housing Clearinghouse of information on available, government subsidized housing accessible to disabled persons and available privately owned housing accessible to disabled persons. The information shall include but not be limited to the location, rental requirements, access features and proximity to public transportation of available housing. The Clearinghouse shall consist of at least a computerized database for the storage and retrieval of information and a separate or shared toll free telephone number for use by those seeking information from the Clearinghouse. Department offices and personnel throughout the State shall also assist in the operation of the Statewide Housing Clearinghouse. Cooperation with local, State and federal housing managers shall be sought and extended in order to frequently and promptly update the Clearinghouse's information.

(m) To assure that the names and case records of persons who received or are receiving services from the Department, including persons receiving vocational rehabilitation, home services, or other services, and those attending one of the Department's schools or other supervised facility shall be confidential and not be open to the general public. Those case records and reports or the information contained in those records and reports shall be disclosed by the Director only to proper law enforcement officials, individuals authorized by a court, the General Assembly or any committee or commission of the General Assembly, and other persons and for reasons as the Director designates by rule. Disclosure by the Director may be only in accordance with other applicable law.

Notwithstanding any provision of the law to the contrary, the General Assembly hereby authorizes the use of such funds for the purposes set forth in this Section.

These provisions do not apply to funds classified by the Comptroller as federal trust funds or State trust funds. The Audit Expense Fund may receive transfers from those trust funds only as directed herein, except where prohibited by the terms of the trust fund agreement. The Auditor General shall notify the trustees of those funds of the estimated cost of the audit to be incurred under the Illinois State Auditing Act for the fund. The trustees of those funds shall direct the State Comptroller and Treasurer to transfer the estimated amount to the Audit Expense Fund.

The Auditor General may bill entities that are not subject to the above transfer provisions, including private entities, related organizations and entities whose funds are locally-held, for the cost of audits, studies, and investigations incurred on their behalf. Any revenues received under this provision shall be deposited into the Audit Expense Fund.

In the event that moneys on deposit in any fund are unavailable, by reason of deficiency or any other reason preventing their lawful transfer, the State Comptroller shall order transferred and the State Treasurer shall transfer the amount deficient or otherwise unavailable from the General Revenue Fund for deposit into the Audit Expense Fund.

On or before December 1, 1992, and each December 1 thereafter, the Auditor General shall notify the Governor's Office of Management and Budget (formerly Bureau of the Budget) of the amount estimated to be necessary to pay for audits, studies, and investigations in accordance with the Illinois State Auditing Act during the next succeeding fiscal year for each State fund for which a transfer or reimbursement is anticipated.

Beginning with fiscal year 1994 and during each fiscal year thereafter, the Auditor General may direct the State Comptroller and Treasurer to transfer moneys from funds authorized by the General Assembly for that fund. In the event funds, including federal and State trust funds but excluding the General Revenue Fund, are transferred, during fiscal year 1994 and during each fiscal year thereafter, in excess of the amount to pay actual costs attributable to audits, studies, and investigations as permitted or required by the Illinois State Auditing Act or specific action of the General Assembly, the Auditor General shall, on September 30, or as soon thereafter as is practicable, direct the State Comptroller and Treasurer to transfer the excess amount back to the fund from which it was originally transferred.

(1.5) Starting in fiscal year 2011, as soon as possible after the beginning of each fiscal year, and in no event later than July 30, the State Comptroller and the State Treasurer shall automatically transfer $45,000,000 from the General Revenue Fund to the University of Illinois Hospital Services Fund; except that, in fiscal year 2012 only, the State Comptroller and the State Treasurer shall transfer $90,000,000 from the General Revenue Fund to the University of Illinois Hospital Services Fund under this paragraph, and, in fiscal year 2013 only, the State Comptroller and the State
Treasurer shall transfer no amounts from the General Revenue Fund to the University of Illinois Hospital Services Fund under this paragraph.

Sec. 6z-45. The School Infrastructure Fund.

(a) The School Infrastructure Fund is created as a special fund in the State Treasury.

In addition to any other deposits authorized by law, beginning January 1, 2000, on the first day of each month, or as soon thereafter as may be practical, the State Treasurer and State Comptroller shall transfer the sum of $5,000,000 from the General Revenue Fund to the School Infrastructure Fund, except that, notwithstanding any other provision of law, and in addition to any other transfers that may be provided for by law, before June 30, 2012, the Comptroller and the Treasurer shall transfer $45,000,000 from the General Revenue Fund into the School Infrastructure Fund, and, for fiscal year 2013 only, the Treasurer and the
Comptroller shall transfer $1,250,000 from the General Revenue Fund to the School Infrastructure Fund on the first day of each month; provided, however, that no such transfers shall be made from July 1, 2001 through June 30, 2003.

(b) Subject to the transfer provisions set forth below, money in the School Infrastructure Fund shall, if and when the State of Illinois incurs any bonded indebtedness for the construction of school improvements under the School Construction Law, be set aside and used for the purpose of paying and discharging annually the principal and interest on that bonded indebtedness then due and payable, and for no other purpose.

In addition to other transfers to the General Obligation Bond Retirement and Interest Fund made pursuant to Section 15 of the General Obligation Bond Act, upon each delivery of bonds issued for construction of school improvements under the School Construction Law, the State Comptroller shall compute and certify to the State Treasurer the total amount of principal of, interest on, and premium, if any, on such bonds during the then current and each succeeding fiscal year. With respect to the interest payable on variable rate bonds, such certifications shall be calculated at the maximum rate of interest that may be payable during the fiscal year, after taking into account any credits permitted in the related indenture or other instrument against the amount of such interest required to be appropriated for that period.

On or before the last day of each month, the State Treasurer and State Comptroller shall transfer from the School Infrastructure Fund to the General Obligation Bond Retirement and Interest Fund an amount sufficient to pay the aggregate of the principal of, interest on, and premium, if any, on the bonds payable on their next payment date, divided by the number of monthly transfers occurring between the last previous payment date (or the delivery date if no payment date has yet occurred) and the next succeeding payment date. Interest payable on variable rate bonds shall be calculated at the maximum rate of interest that may be payable for the relevant period, after taking into account any credits permitted in the related indenture or other instrument against the amount of such interest required to be appropriated for that period. Interest for which moneys have already been deposited into the capitalized interest account within the General Obligation Bond Retirement and Interest Fund shall not be included in the calculation of the amounts to be transferred under this subsection.

(35 ILCS 405/13) (from Ch. 120, par. 405A-13)

Sec. 13. Collection by county treasurers; tax collection distribution fund.

(a) Collection by county treasurers. Each county treasurer shall transmit to the State Treasurer all taxes, interest or penalties paid to the county treasurer under this Act and in the county treasurer's possession as of the last day of the previous month, together with a report under oath identifying the taxpayer for or by whom an amount was paid. Those amounts and the report shall be transmitted to and received by the State Treasurer by the 10th day of each month. At the same time, a copy of the report shall be furnished to the Attorney General. The report shall be in a form and contain the particulars as the State Treasurer may prescribe. The State Treasurer shall give the county treasurer a receipt for the amount transmitted to the State Treasurer. Except as provided in subsection (a-5) of this Section, if any county treasurer fails to pay to the State Treasurer all amounts that may be due and payable under this Act as required by this Section, the county treasurer shall pay to the State Treasurer, as a penalty, a sum of money equal to the interest on the amounts not paid at the rate of
1% per month from the time those amounts are due by the county treasurer until those amounts are paid. The sureties upon the official bond of the county treasurer shall be security for the payment of the penalty. The penalty under this Section may be recovered in a civil action against the county treasurer and his or her sureties, in the name of the People of the State of Illinois, in the circuit court within the county wherein the county treasurer is resident; and the penalty, when recovered, shall be paid into the State treasury. The civil action to recover the penalty shall be brought by the State treasurer within 10 days after the failure of the county treasurer to pay to the State Treasurer any amounts collected by the county treasurer within the time required by this Act. Failure to bring the action within that time shall not prevent the bringing of the action thereafter. It is the duty of the State Treasurer to make necessary and proper investigation to determine what amounts should be paid under this Act.

(a-5) The State Treasurer may waive penalties imposed by subsection (a) of this Section on a case-by-case basis if the State Treasurer finds that imposing penalties would be unreasonable or unnecessarily burdensome because the delay in payment was due to an incident caused by the operation of an extraordinary force, including, but not limited to, the occurrence of a natural disaster, that cannot be foreseen, that cannot be avoided by the exercise of due care, and for which no person can be held liable.

(b) Transfer Tax Collection Distributive Fund. The Transfer Tax Collection Distributive Fund is created as a special fund in the State treasury. The Fund is a continuation of the Fund of the same name created under the Illinois Estate Tax Law, repealed by this Act. As soon as may be after the first day of each month after the effective date of this Act, and before September 1, 2012, the State Treasurer shall transfer from the General Revenue Fund to the Transfer Tax Collection Distributive Fund an amount equal to 6% of the net revenue realized from this Act during the preceding month.

As soon as may be after the first day of each month, the State Treasurer shall allocate among the counties of this State the amount available in the Transfer Tax Collection Distributive Fund. The allocation to each county shall be 6% of the net revenues collected by the county treasurer under this Act. The State Comptroller, pursuant to appropriation, shall then pay those allocations over to the counties. As soon as possible after all of the required monthly allocations are made from the Transfer Tax Collection Distributive Fund and before September 1, 2012, the State

Comptroller shall order transferred and the State Treasurer shall transfer any moneys remaining in the Transfer Tax Collection Distributive Fund from that Fund to the General Revenue Fund, and the Transfer Tax Collection Distributive Fund shall be dissolved.

(c) On and after July 1, 2012, 94% of the amounts collected from the taxes, interest, and penalties collected under this Act shall be deposited into the General Revenue Fund and 6% of those amounts shall be deposited into the Estate Tax Refund Fund, a special fund created in the State treasury.

Moneys in the Estate Tax Refund Fund shall be expended exclusively for the purpose of paying refunds resulting from overpayment of tax liability under this Act, except that, whenever the State Treasurer determines that any such moneys in the Fund exceed the amount required for the purpose of paying refunds resulting from overpayment of tax liability under this Act, the State Treasurer may transfer any such excess amounts from the Estate Tax Refund Fund to the General Revenue Fund.

The Treasurer shall order payment of refunds resulting from overpayment of tax liability under this Act from the Estate Tax Refund Fund only to the extent that amounts have been deposited and retained in the Fund.

This amendatory Act of the 97th General Assembly shall constitute an irrevocable and continuing appropriation from the Estate Tax Refund Fund for the purpose of paying refunds upon the order of the Treasurer in accordance with the provisions of this Act and for the purpose of paying refunds under this Act.

ARTICLE 10. RETIREMENT CONTRIBUTIONS
Section 10-5. The State Finance Act is amended by changing Sections 8.12 and 14.1 as follows:
(30 ILCS 105/8.12) (from Ch. 127, par. 144.12)
(a) The moneys in the State Pensions Fund shall be used exclusively for the administration of the Uniform Disposition of Unclaimed Property Act and for the expenses incurred by the Auditor General for administering the provisions of Section 2-8.1 of the Illinois State Auditing Act and for the funding of the unfunded liabilities of the designated retirement systems. Beginning in State fiscal year 2014,
payments to the designated retirement systems under this Section shall be in addition to, and not in lieu of, any State contributions required under the Illinois Pension Code.

"Designated retirement systems" means:

(1) the State Employees' Retirement System of Illinois;
(2) the Teachers' Retirement System of the State of Illinois;
(3) the State Universities Retirement System;
(4) the Judges Retirement System of Illinois; and
(5) the General Assembly Retirement System.

(b) Each year the General Assembly may make appropriations from the State Pensions Fund for the administration of the Uniform Disposition of Unclaimed Property Act.

Each month, the Commissioner of the Office of Banks and Real Estate shall certify to the State Treasurer the actual expenditures that the Office of Banks and Real Estate incurred conducting unclaimed property examinations under the Uniform Disposition of Unclaimed Property Act during the immediately preceding month. Within a reasonable time following the acceptance of such certification by the State Treasurer, the State Treasurer shall pay from its appropriation from the State Pensions Fund to the Bank and Trust Company Fund and the Savings and Residential Finance Regulatory Fund an amount equal to the expenditures incurred by each Fund for that month.

Each month, the Director of Financial Institutions shall certify to the State Treasurer the actual expenditures that the Department of Financial Institutions incurred conducting unclaimed property examinations under the Uniform Disposition of Unclaimed Property Act during the immediately preceding month. Within a reasonable time following the acceptance of such certification by the State Treasurer, the State Treasurer shall pay from its appropriation from the State Pensions Fund to the Financial Institutions Fund and the Credit Union Fund an amount equal to the expenditures incurred by each Fund for that month.

(c) As soon as possible after the effective date of this amendatory Act of the 93rd General Assembly, the General Assembly shall appropriate from the State Pensions Fund (1) to the State Universities Retirement System the amount certified under Section 15-165 during the prior year, (2) to the Judges Retirement System of Illinois the amount certified under Section 18-140 during the prior year, and (3) to the General Assembly Retirement System the amount certified under Section 2-134 during the prior year as part of the required State contributions to each of those systems.
designated retirement systems; except that amounts appropriated under this subsection (c) in State fiscal year 2005 shall not reduce the amount in the State Pensions Fund below $5,000,000. If the amount in the State Pensions Fund does not exceed the sum of the amounts certified in Sections 15-165, 18-140, and 2-134 by at least $5,000,000, the amount paid to each designated retirement system under this subsection shall be reduced in proportion to the amount certified by each of those designated retirement systems.

(c-5) For fiscal years 2006 through 2013, the General Assembly shall appropriate from the State Pensions Fund to the State Universities Retirement System the amount estimated to be available during the fiscal year in the State Pensions Fund; provided, however, that the amounts appropriated under this subsection (c-5) shall not reduce the amount in the State Pensions Fund below $5,000,000.

(c-6) For fiscal year 2014 and each fiscal year thereafter, as soon as may be practical after any money is deposited into the State Pensions Fund from the Unclaimed Property Trust Fund, the State Treasurer shall apportion the deposited amount among the designated retirement systems as defined in subsection (a) to reduce their actuarial reserve deficiencies. The State Comptroller and State Treasurer shall pay the apportioned amounts to the designated retirement systems to fund the unfunded liabilities of the designated retirement systems. The amount apportioned to each designated retirement system shall constitute a portion of the amount estimated to be available for appropriation from the State Pensions Fund that is the same as that retirement system's portion of the total actual reserve deficiency of the systems, as determined annually by the Governor's Office of Management and Budget at the request of the State Treasurer. The amounts apportioned under this subsection shall not reduce the amount in the State Pensions Fund below $5,000,000.

(d) The Governor's Office of Management and Budget shall determine the individual and total reserve deficiencies of the designated retirement systems. For this purpose, the Governor's Office of Management and Budget shall utilize the latest available audit and actuarial reports of each of the retirement systems and the relevant reports and statistics of the Public Employee Pension Fund Division of the Department of Insurance.

(d-1) As soon as practicable after the effective date of this amendatory Act of the 93rd General Assembly, the Comptroller shall direct and the Treasurer shall transfer from the State Pensions Fund to the

General Revenue Fund, as funds become available, a sum equal to the amounts that would have been paid from the State Pensions Fund to the Teachers' Retirement System of the State of Illinois, the State Universities Retirement System, the Judges Retirement System of Illinois, the General Assembly Retirement System, and the State Employees' Retirement System of Illinois after the effective date of this amendatory Act during the remainder of fiscal year 2004 to the designated retirement systems from the appropriations provided for in this Section if the transfers provided in Section 6z-61 had not occurred. The transfers described in this subsection (d-1) are to partially repay the General Revenue Fund for the costs associated with the bonds used to fund the moneys transferred to the designated retirement systems under Section 6z-61.

(e) The changes to this Section made by this amendatory Act of 1994 shall first apply to distributions from the Fund for State fiscal year 1996.

Sec. 14.1. Appropriations for State contributions to the State Employees' Retirement System; payroll requirements.

(a) Appropriations for State contributions to the State Employees' Retirement System of Illinois shall be expended in the manner provided in this Section. Except as otherwise provided in subsections (a-1), (a-2), (a-3), and (a-4) at the time of each payment of salary to an employee under the personal services line item, payment shall be made to the State Employees' Retirement System, from the amount appropriated for State contributions to the State Employees' Retirement System, of an amount calculated at the rate certified for the applicable fiscal year by the Board of Trustees of the State Employees' Retirement System under Section 14-135.08 of the Illinois Pension Code. If a line item appropriation to an employer for this purpose is exhausted or is unavailable due to any limitation on appropriations that may apply, (including, but not limited to, limitations on appropriations from the Road Fund under Section 8.3 of the State Finance Act), the amounts shall be paid under the continuing appropriation for this purpose contained in the State Pension Funds Continuing Appropriation Act.

(a-1) Beginning on the effective date of this amendatory Act of the 93rd General Assembly through the payment of the final payroll from fiscal year 2004 appropriations, appropriations for State contributions to the State Employees' Retirement System of Illinois shall be expended in
the manner provided in this subsection (a-1). At the time of each payment of salary to an employee under the personal services line item from a fund other than the General Revenue Fund, payment shall be made for deposit into the General Revenue Fund from the amount appropriated for State contributions to the State Employees' Retirement System of an amount calculated at the rate certified for fiscal year 2004 by the Board of Trustees of the State Employees' Retirement System under Section 14-135.08 of the Illinois Pension Code. This payment shall be made to the extent that a line item appropriation to an employer for this purpose is available or unexhausted. No payment from appropriations for State contributions shall be made in conjunction with payment of salary to an employee under the personal services line item from the General Revenue Fund.

(a-2) For fiscal year 2010 only, at the time of each payment of salary to an employee under the personal services line item from a fund other than the General Revenue Fund, payment shall be made for deposit into the State Employees' Retirement System of Illinois from the amount appropriated for State contributions to the State Employees' Retirement System of Illinois of an amount calculated at the rate certified for fiscal year 2010 by the Board of Trustees of the State Employees' Retirement System of Illinois under Section 14-135.08 of the Illinois Pension Code. This payment shall be made to the extent that a line item appropriation to an employer for this purpose is available or unexhausted. For fiscal year 2010 only, no payment from appropriations for State contributions shall be made in conjunction with payment of salary to an employee under the personal services line item from the General Revenue Fund.

(a-3) For fiscal year 2011 only, at the time of each payment of salary to an employee under the personal services line item from a fund other than the General Revenue Fund, payment shall be made for deposit into the State Employees' Retirement System of Illinois from the amount appropriated for State contributions to the State Employees' Retirement System of Illinois of an amount calculated at the rate certified for fiscal year 2011 by the Board of Trustees of the State Employees' Retirement System of Illinois under Section 14-135.08 of the Illinois Pension Code. This payment shall be made to the extent that a line item appropriation to an employer for this purpose is available or unexhausted. For fiscal year 2011 only, no payment from appropriations for State contributions shall be made in conjunction with payment of salary to an employee under the personal services line item from the General Revenue Fund.

(a-4) In fiscal years 2012 and 2013 only, at the time of each payment of salary to an employee under the personal services line item from a fund other than the General Revenue Fund, payment shall be made for deposit into the State Employees' Retirement System of Illinois from the amount appropriated for State contributions to the State Employees' Retirement System of Illinois of an amount calculated at the rate certified for the applicable fiscal year by the Board of Trustees of the State Employees' Retirement System of Illinois under Section 14-135.08 of the Illinois Pension Code. In fiscal years 2012 and 2013 only, no payment from appropriations for State contributions shall be made in conjunction with payment of salary to an employee under the personal services line item from the General Revenue Fund.

(b) Except during the period beginning on the effective date of this amendatory Act of the 93rd General Assembly and ending at the time of the payment of the final payroll from fiscal year 2004 appropriations, the State Comptroller shall not approve for payment any payroll voucher that (1) includes payments of salary to eligible employees in the State Employees' Retirement System of Illinois and (2) does not include the corresponding payment of State contributions to that retirement system at the full rate certified under Section 14-135.08 for that fiscal year for eligible employees, unless the balance in the fund on which the payroll voucher is drawn is insufficient to pay the total payroll voucher, or unavailable due to any limitation on appropriations that may apply, including, but not limited to, limitations on appropriations from the Road Fund under Section 8.3 of the State Finance Act. If the State Comptroller approves a payroll voucher under this Section for which the fund balance is insufficient to pay the full amount of the required State contribution to the State Employees' Retirement System, the Comptroller shall promptly so notify the Retirement System.

(b-1) For fiscal year 2010 and fiscal year 2011 only, the State Comptroller shall not approve for payment any non-General Revenue Fund payroll voucher that (1) includes payments of salary to eligible employees in the State Employees' Retirement System of Illinois and (2) does not include the corresponding payment of State contributions to that retirement system at the full rate certified under Section 14-135.08 for that fiscal year for eligible employees, unless the balance in the fund on which the payroll voucher is drawn is insufficient to pay the total payroll voucher, or unavailable due to any limitation on appropriations that may apply, including, but not limited to, limitations on appropriations from the Road Fund.
Road Fund under Section 8.3 of the State Finance Act. If the State Comptroller approves a payroll voucher under this Section for which the fund balance is insufficient to pay the full amount of the required State contribution to the State Employees' Retirement System of Illinois, the Comptroller shall promptly so notify the retirement system.

(c) Notwithstanding any other provisions of law, beginning July 1, 2007, required State and employee contributions to the State Employees' Retirement System of Illinois relating to affected legislative staff employees shall be paid out of moneys appropriated for that purpose to the Commission on Government Forecasting and Accountability, rather than out of the lump-sum appropriations otherwise made for the payroll and other costs of those employees.

These payments must be made pursuant to payroll vouchers submitted by the employing entity as part of the regular payroll voucher process.

For the purpose of this subsection, "affected legislative staff employees" means legislative staff employees paid out of lump-sum appropriations made to the General Assembly, an Officer of the General Assembly, or the Senate Operations Commission, but does not include district-office staff or employees of legislative support services agencies.

Section 10-10. The Illinois Pension Code is amended by changing Section 14-131 as follows:

(40 ILCS 5/14-131)
Sec. 14-131. Contributions by State.
(a) The State shall make contributions to the System by appropriations of amounts which, together with other employer contributions from trust, federal, and other funds, employee contributions, investment income, and other income, will be sufficient to meet the cost of maintaining and administering the System on a 90% funded basis in accordance with actuarial recommendations.

For the purposes of this Section and Section 14-135.08, references to State contributions refer only to employer contributions and do not include employee contributions that are picked up or otherwise paid by the State or a department on behalf of the employee.

(b) The Board shall determine the total amount of State contributions required for each fiscal year on the basis of the actuarial
tables and other assumptions adopted by the Board, using the formula in subsection (e).

The Board shall also determine a State contribution rate for each fiscal year, expressed as a percentage of payroll, based on the total required State contribution for that fiscal year (less the amount received by the System from appropriations under Section 8.12 of the State Finance Act and Section 1 of the State Pension Funds Continuing Appropriation Act, if any, for the fiscal year ending on the June 30 immediately preceding the applicable November 15 certification deadline), the estimated payroll (including all forms of compensation) for personal services rendered by eligible employees, and the recommendations of the actuary.

For the purposes of this Section and Section 14.1 of the State Finance Act, the term "eligible employees" includes employees who participate in the System, persons who may elect to participate in the System but have not so elected, persons who are serving a qualifying period that is required for participation, and annuitants employed by a department as described in subdivision (a)(1) or (a)(2) of Section 14-111.

(c) Contributions shall be made by the several departments for each pay period by warrants drawn by the State Comptroller against their respective funds or appropriations based upon vouchers stating the amount to be so contributed. These amounts shall be based on the full rate certified by the Board under Section 14-135.08 for that fiscal year. From the effective date of this amendatory Act of the 93rd General Assembly through the payment of the final payroll from fiscal year 2004 appropriations, the several departments shall not make contributions for the remainder of fiscal year 2004 but shall instead make payments as required under subsection (a-1) of Section 14.1 of the State Finance Act. The several departments shall resume those contributions at the commencement of fiscal year 2005.

(c-1) Notwithstanding subsection (c) of this Section, for fiscal years 2010, and 2012, and 2013 only, contributions by the several departments are not required to be made for General Revenue Funds payrolls processed by the Comptroller. Payrolls paid by the several departments from all other State funds must continue to be processed pursuant to subsection (c) of this Section.

(c-2) For State fiscal years 2010, and 2012, and 2013 only, on or as soon as possible after the 15th day of each month, the Board shall submit vouchers for payment of State contributions to the System, in a total

New matter indicated by italics - deletions by strikeout
monthly amount of one-twelfth of the fiscal year General Revenue Fund contribution as certified by the System pursuant to Section 14-135.08 of the Illinois Pension Code.

(d) If an employee is paid from trust funds or federal funds, the department or other employer shall pay employer contributions from those funds to the System at the certified rate, unless the terms of the trust or the federal-State agreement preclude the use of the funds for that purpose, in which case the required employer contributions shall be paid by the State. From the effective date of this amendatory Act of the 93rd General Assembly through the payment of the final payroll from fiscal year 2004 appropriations, the department or other employer shall not pay contributions for the remainder of fiscal year 2004 but shall instead make payments as required under subsection (a-1) of Section 14.1 of the State Finance Act. The department or other employer shall resume payment of contributions at the commencement of fiscal year 2005.

(e) For State fiscal years 2012 through 2045, the minimum contribution to the System to be made by the State for each fiscal year shall be an amount determined by the System to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of State fiscal year 2045. In making these determinations, the required State contribution shall be calculated each year as a level percentage of payroll over the years remaining to and including fiscal year 2045 and shall be determined under the projected unit credit actuarial cost method.

For State fiscal years 1996 through 2005, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments so that by State fiscal year 2011, the State is contributing at the rate required under this Section; except that (i) for State fiscal year 1998, for all purposes of this Code and any other law of this State, the certified percentage of the applicable employee payroll shall be 5.052% for employees earning eligible creditable service under Section 14-110 and 6.500% for all other employees, notwithstanding any contrary certification made under Section 14-135.08 before the effective date of this amendatory Act of 1997, and (ii) in the following specified State fiscal years, the State contribution to the System shall not be less than the following indicated percentages of the applicable employee payroll, even if the indicated percentage will produce a State contribution in excess of the amount otherwise required under this subsection and

subsection (a): 9.8% in FY 1999; 10.0% in FY 2000; 10.2% in FY 2001; 10.4% in FY 2002; 10.6% in FY 2003; and 10.8% in FY 2004.

Notwithstanding any other provision of this Article, the total required State contribution to the System for State fiscal year 2006 is $203,783,900.

Notwithstanding any other provision of this Article, the total required State contribution to the System for State fiscal year 2007 is $344,164,400.

For each of State fiscal years 2008 through 2009, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments from the required State contribution for State fiscal year 2007, so that by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

Notwithstanding any other provision of this Article, the total required State General Revenue Fund contribution for State fiscal year 2010 is $723,703,100 and shall be made from the proceeds of bonds sold in fiscal year 2010 pursuant to Section 7.2 of the General Obligation Bond Act, less (i) the pro rata share of bond sale expenses determined by the System's share of total bond proceeds, (ii) any amounts received from the General Revenue Fund in fiscal year 2010, and (iii) any reduction in bond proceeds due to the issuance of discounted bonds, if applicable.

Notwithstanding any other provision of this Article, the total required State General Revenue Fund contribution for State fiscal year 2011 is the amount recertified by the System on or before April 1, 2011 pursuant to Section 14-135.08 and shall be made from the proceeds of bonds sold in fiscal year 2011 pursuant to Section 7.2 of the General Obligation Bond Act, less (i) the pro rata share of bond sale expenses determined by the System's share of total bond proceeds, (ii) any amounts received from the General Revenue Fund in fiscal year 2011, and (iii) any reduction in bond proceeds due to the issuance of discounted bonds, if applicable.

Beginning in State fiscal year 2046, the minimum State contribution for each fiscal year shall be the amount needed to maintain the total assets of the System at 90% of the total actuarial liabilities of the System.

Amounts received by the System pursuant to Section 25 of the Budget Stabilization Act or Section 8.12 of the State Finance Act in any fiscal year do not reduce and do not constitute payment of any portion of

the minimum State contribution required under this Article in that fiscal year. Such amounts shall not reduce, and shall not be included in the calculation of, the required State contributions under this Article in any future year until the System has reached a funding ratio of at least 90%. A reference in this Article to the "required State contribution" or any substantially similar term does not include or apply to any amounts payable to the System under Section 25 of the Budget Stabilization Act.

Notwithstanding any other provision of this Section, the required State contribution for State fiscal year 2005 and for fiscal year 2008 and each fiscal year thereafter, as calculated under this Section and certified under Section 14-135.08, shall not exceed an amount equal to (i) the amount of the required State contribution that would have been calculated under this Section for that fiscal year if the System had not received any payments under subsection (d) of Section 7.2 of the General Obligation Bond Act, minus (ii) the portion of the State's total debt service payments for that fiscal year on the bonds issued in fiscal year 2003 for the purposes of that Section 7.2, as determined and certified by the Comptroller, that is the same as the System's portion of the total moneys distributed under subsection (d) of Section 7.2 of the General Obligation Bond Act. In determining this maximum for State fiscal years 2008 through 2010, however, the amount referred to in item (i) shall be increased, as a percentage of the applicable employee payroll, in equal increments calculated from the sum of the required State contribution for State fiscal year 2007 plus the applicable portion of the State's total debt service payments for fiscal year 2007 on the bonds issued in fiscal year 2003 for the purposes of Section 7.2 of the General Obligation Bond Act, so that, by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

(f) After the submission of all payments for eligible employees from personal services line items in fiscal year 2004 have been made, the Comptroller shall provide to the System a certification of the sum of all fiscal year 2004 expenditures for personal services that would have been covered by payments to the System under this Section if the provisions of this amendatory Act of the 93rd General Assembly had not been enacted. Upon receipt of the certification, the System shall determine the amount due to the System based on the full rate certified by the Board under Section 14-135.08 for fiscal year 2004 in order to meet the State's obligation under this Section. The System shall compare this amount due to the amount received by the System in fiscal year 2004 through payments.

under this Section and under Section 6z-61 of the State Finance Act. If the amount due is more than the amount received, the difference shall be termed the "Fiscal Year 2004 Shortfall" for purposes of this Section, and the Fiscal Year 2004 Shortfall shall be satisfied under Section 1.2 of the State Pension Funds Continuing Appropriation Act. If the amount due is less than the amount received, the difference shall be termed the "Fiscal Year 2004 Overpayment" for purposes of this Section, and the Fiscal Year 2004 Overpayment shall be repaid by the System to the Pension Contribution Fund as soon as practicable after the certification.

(g) For purposes of determining the required State contribution to the System, the value of the System's assets shall be equal to the actuarial value of the System's assets, which shall be calculated as follows:

As of June 30, 2008, the actuarial value of the System's assets shall be equal to the market value of the assets as of that date. In determining the actuarial value of the System's assets for fiscal years after June 30, 2008, any actuarial gains or losses from investment return incurred in a fiscal year shall be recognized in equal annual amounts over the 5-year period following that fiscal year.

(h) For purposes of determining the required State contribution to the System for a particular year, the actuarial value of assets shall be assumed to earn a rate of return equal to the System's actuarially assumed rate of return.

(i) After the submission of all payments for eligible employees from personal services line items paid from the General Revenue Fund in fiscal year 2010 have been made, the Comptroller shall provide to the System a certification of the sum of all fiscal year 2010 expenditures for personal services that would have been covered by payments to the System under this Section if the provisions of this amendatory Act of the 96th General Assembly had not been enacted. Upon receipt of the certification, the System shall determine the amount due to the System based on the full rate certified by the Board under Section 14-135.08 for fiscal year 2010 in order to meet the State's obligation under this Section. The System shall compare this amount due to the amount received by the System in fiscal year 2010 through payments under this Section. If the amount due is more than the amount received, the difference shall be termed the "Fiscal Year 2010 Shortfall" for purposes of this Section, and the Fiscal Year 2010 Shortfall shall be satisfied under Section 1.2 of the State Pension Funds Continuing Appropriation Act. If the amount due is less than the amount received, the difference shall be termed the "Fiscal Year 2010 Shortfall"
Overpayment" for purposes of this Section, and the Fiscal Year 2010 Overpayment shall be repaid by the System to the General Revenue Fund as soon as practicable after the certification.

(j) After the submission of all payments for eligible employees from personal services line items paid from the General Revenue Fund in fiscal year 2011 have been made, the Comptroller shall provide to the System a certification of the sum of all fiscal year 2011 expenditures for personal services that would have been covered by payments to the System under this Section if the provisions of this amendatory Act of the 96th General Assembly had not been enacted. Upon receipt of the certification, the System shall determine the amount due to the System based on the full rate certified by the Board under Section 14-135.08 for fiscal year 2011 in order to meet the State's obligation under this Section. The System shall compare this amount due to the amount received by the System in fiscal year 2011 through payments under this Section. If the amount due is more than the amount received, the difference shall be termed the "Fiscal Year 2011 Shortfall" for purposes of this Section, and the Fiscal Year 2011 Shortfall shall be satisfied under Section 1.2 of the State Pension Funds Continuing Appropriation Act. If the amount due is less than the amount received, the difference shall be termed the "Fiscal Year 2011 Overpayment" for purposes of this Section, and the Fiscal Year 2011 Overpayment shall be repaid by the System to the General Revenue Fund as soon as practicable after the certification.

(k) For fiscal years 2012 and 2013 only, after the submission of all payments for eligible employees from personal services line items paid from the General Revenue Fund in the fiscal year have been made, the Comptroller shall provide to the System a certification of the sum of all expenditures in the fiscal year for personal services. Upon receipt of the certification, the System shall determine the amount due to the System based on the full rate certified by the Board under Section 14-135.08 for the fiscal year in order to meet the State's obligation under this Section. The System shall compare this amount due to the amount received by the System for the fiscal year. If the amount due is more than the amount received, the difference shall be termed the "Prior Fiscal Year Shortfall" for purposes of this Section, and the Prior Fiscal Year Shortfall shall be satisfied under Section 1.2 of the State Pension Funds Continuing Appropriation Act. If the amount due is less than the amount received, the difference shall be termed the "Prior Fiscal Year Overpayment" for purposes of this Section, and the Prior Fiscal Year Overpayment shall be
repaid by the System to the General Revenue Fund as soon as practicable after the certification.

Revenue incurred in administering the collection and distribution of monies paid into the Personal Property Tax Replacement Fund and transfers due to refunds to taxpayers for overpayment of liability for taxes paid into the Personal Property Tax Replacement Fund.

As soon as may be after the effective date of this amendatory Act of 1980, the Department of Revenue shall certify to the Treasurer the amount of net replacement revenue paid into the General Revenue Fund prior to that effective date from the additional tax imposed by Section 2a.1 of the Messages Tax Act; Section 2a.1 of the Gas Revenue Tax Act; Section 2a.1 of the Public Utilities Revenue Act; Section 3 of the Water Company Invested Capital Tax Act; amounts collected by the Department of Revenue under the Telecommunications Infrastructure Maintenance Fee Act; and the additional personal property tax replacement income tax imposed by the Illinois Income Tax Act, as amended by Public Act 81-1st Special Session-1. Net replacement revenue shall be defined as the total amount paid into and remaining in the General Revenue Fund as a result of those Acts minus the amount outstanding and obligated from the General Revenue Fund in state vouchers or warrants prior to the effective date of this amendatory Act of 1980 as refunds to taxpayers for overpayment of liability under those Acts.

All interest earned by monies accumulated in the Personal Property Tax Replacement Fund shall be deposited in such Fund. All amounts allocated pursuant to this Section are appropriated on a continuing basis.

Prior to December 31, 1980, as soon as may be after the end of each quarter beginning with the quarter ending December 31, 1979, and on and after December 31, 1980, as soon as may be after January 1, March 1, April 1, May 1, July 1, August 1, October 1 and December 1 of each year, the Department of Revenue shall allocate to each taxing district as defined in Section 1-150 of the Property Tax Code, in accordance with the provisions of paragraph (2) of this Section the portion of the funds held in the Personal Property Tax Replacement Fund which is required to be distributed, as provided in paragraph (1), for each quarter. Provided, however, under no circumstances shall any taxing district during each of the first two years of distribution of the taxes imposed by this amendatory Act of 1979 be entitled to an annual allocation which is less than the funds such taxing district collected from the 1978 personal property tax. Provided further that under no circumstances shall any taxing district during the third year of distribution of the taxes imposed by this amendatory Act of 1979 receive less than 60% of the funds such taxing district.
district collected from the 1978 personal property tax. In the event that the total of the allocations made as above provided for all taxing districts, during either of such 3 years, exceeds the amount available for distribution the allocation of each taxing district shall be proportionately reduced. Except as provided in Section 13 of this Act, the Department shall then certify, pursuant to appropriation, such allocations to the State Comptroller who shall pay over to the several taxing districts the respective amounts allocated to them.

Any township which receives an allocation based in whole or in part upon personal property taxes which it levied pursuant to Section 6-507 or 6-512 of the Illinois Highway Code and which was previously required to be paid over to a municipality shall immediately pay over to that municipality a proportionate share of the personal property replacement funds which such township receives.

Any municipality or township, other than a municipality with a population in excess of 500,000, which receives an allocation based in whole or in part on personal property taxes which it levied pursuant to Sections 3-1, 3-4 and 3-6 of the Illinois Local Library Act and which was previously required to be paid over to a public library shall immediately pay over to that library a proportionate share of the personal property tax replacement funds which such municipality or township receives; provided that if such a public library has converted to a library organized under The Illinois Public Library District Act, regardless of whether such conversion has occurred on, after or before January 1, 1988, such proportionate share shall be immediately paid over to the library district which maintains and operates the library. However, any library that has converted prior to January 1, 1988, and which hitherto has not received the personal property tax replacement funds, shall receive such funds commencing on January 1, 1988.

Any township which receives an allocation based in whole or in part on personal property taxes which it levied pursuant to Section 1c of the Public Graveyards Act and which taxes were previously required to be paid over to or used for such public cemetery or cemeteries shall immediately pay over to or use for such public cemetery or cemeteries a proportionate share of the personal property tax replacement funds which the township receives.

another governmental body or school district in the remainder of the State in 1977 shall immediately pay over to that governmental body or school district the amount of personal property replacement funds which such governmental body or school district would receive directly under the provisions of paragraph (2) of this Section, had it levied its own taxes.

(1) The portion of the Personal Property Tax Replacement Fund required to be distributed as of the time allocation is required to be made shall be the amount available in such Fund as of the time allocation is required to be made.

The amount available for distribution shall be the total amount in the fund at such time minus the necessary administrative and other authorized expenses as limited by the appropriation and the amount determined by: (a) $2.8 million for fiscal year 1981; (b) for fiscal year 1982, .54% of the funds distributed from the fund during the preceding fiscal year; (c) for fiscal year 1983 through fiscal year 1988, .54% of the funds distributed from the fund during the preceding fiscal year less .02% of such fund for fiscal year 1983 and less .02% of such funds for each fiscal year thereafter; (d) for fiscal year 1989 through fiscal year 2011 no more than 105% of the actual administrative expenses of the prior fiscal year; (e) for fiscal year 2012 and beyond, a sufficient amount to pay (i) stipends, additional compensation, salary reimbursements, and other amounts directed to be paid out of this Fund for local officials as authorized or required by statute and (ii) no more than 105% of the actual administrative expenses of the prior fiscal year, including payment of the ordinary and contingent expenses of the Property Tax Appeal Board and payment of the expenses of the Department of Revenue incurred in administering the collection and distribution of moneys paid into the Fund; or (f) for fiscal years 2012 and 2013 only, a sufficient amount to pay stipends, additional compensation, salary reimbursements, and other amounts directed to be paid out of this Fund for regional offices and officials as authorized or required by statute. Such portion of the fund shall be determined after the transfer into the General Revenue Fund due to refunds, if any, paid from the General Revenue Fund during the preceding quarter. If at any time, for any reason, there is insufficient amount in the Personal Property Tax Replacement Fund for payments for regional offices and officials or local officials or payment of costs of administration or
for transfers due to refunds at the end of any particular month, the amount of such insufficiency shall be carried over for the purposes of payments for regional offices and officials, local officials, transfers into the General Revenue Fund, and costs of administration to the following month or months. Net replacement revenue held, and defined above, shall be transferred by the Treasurer and Comptroller to the Personal Property Tax Replacement Fund within 10 days of such certification.

(2) Each quarterly allocation shall first be apportioned in the following manner: 51.65% for taxing districts in Cook County and 48.35% for taxing districts in the remainder of the State.

The Personal Property Replacement Ratio of each taxing district outside Cook County shall be the ratio which the Tax Base of that taxing district bears to the Downstate Tax Base. The Tax Base of each taxing district outside of Cook County is the personal property tax collections for that taxing district for the 1977 tax year. The Downstate Tax Base is the personal property tax collections for all taxing districts in the State outside of Cook County for the 1977 tax year. The Department of Revenue shall have authority to review for accuracy and completeness the personal property tax collections for each taxing district outside Cook County for the 1977 tax year.

The Personal Property Replacement Ratio of each Cook County taxing district shall be the ratio which the Tax Base of that taxing district bears to the Cook County Tax Base. The Tax Base of each Cook County taxing district is the personal property tax collections for that taxing district for the 1976 tax year. The Cook County Tax Base is the personal property tax collections for all taxing districts in Cook County for the 1976 tax year. The Department of Revenue shall have authority to review for accuracy and completeness the personal property tax collections for each taxing district within Cook County for the 1976 tax year.

For all purposes of this Section 12, amounts paid to a taxing district for such tax years as may be applicable by a foreign corporation under the provisions of Section 7-202 of the Public Utilities Act, as amended, shall be deemed to be personal property taxes collected by such taxing district for such tax years as may be applicable. The Director shall determine from the Illinois Commerce Commission, for any tax year as may be applicable, the amounts so paid by any such foreign corporation to any and all taxing districts. The Illinois Commerce Commission shall furnish such information to the Director. For all purposes of this Section

12, the Director shall deem such amounts to be collected personal property taxes of each such taxing district for the applicable tax year or years.

Taxing districts located both in Cook County and in one or more other counties shall receive both a Cook County allocation and a Downstate allocation determined in the same way as all other taxing districts.

If any taxing district in existence on July 1, 1979 ceases to exist, or discontinues its operations, its Tax Base shall thereafter be deemed to be zero. If the powers, duties and obligations of the discontinued taxing district are assumed by another taxing district, the Tax Base of the discontinued taxing district shall be added to the Tax Base of the taxing district assuming such powers, duties and obligations.

If two or more taxing districts in existence on July 1, 1979, or a successor or successors thereto shall consolidate into one taxing district, the Tax Base of such consolidated taxing district shall be the sum of the Tax Bases of each of the taxing districts which have consolidated.

If a single taxing district in existence on July 1, 1979, or a successor or successors thereto shall be divided into two or more separate taxing districts, the tax base of the taxing district so divided shall be allocated to each of the resulting taxing districts in proportion to the then current equalized assessed value of each resulting taxing district.

If a portion of the territory of a taxing district is disconnected and annexed to another taxing district of the same type, the Tax Base of the taxing district from which disconnection was made shall be reduced in proportion to the then current equalized assessed value of the disconnected territory as compared with the then current equalized assessed value within the entire territory of the taxing district prior to disconnection, and the amount of such reduction shall be added to the Tax Base of the taxing district to which annexation is made.

If a community college district is created after July 1, 1979, beginning on the effective date of this amendatory Act of 1995, its Tax Base shall be 3.5% of the sum of the personal property tax collected for the 1977 tax year within the territorial jurisdiction of the district.

The amounts allocated and paid to taxing districts pursuant to the provisions of this amendatory Act of 1979 shall be deemed to be substitute revenues for the revenues derived from taxes imposed on personal property pursuant to the provisions of the "Revenue Act of 1939" or "An Act for the assessment and taxation of private car line companies", approved July 22, 1943, as amended, or Section 414 of the Illinois

Insurance Code, prior to the abolition of such taxes and shall be used for the same purposes as the revenues derived from ad valorem taxes on real estate.

Monies received by any taxing districts from the Personal Property Tax Replacement Fund shall be first applied toward payment of the proportionate amount of debt service which was previously levied and collected from extensions against personal property on bonds outstanding as of December 31, 1978 and next applied toward payment of the proportionate share of the pension or retirement obligations of the taxing district which were previously levied and collected from extensions against personal property. For each such outstanding bond issue, the County Clerk shall determine the percentage of the debt service which was collected from extensions against real estate in the taxing district for 1978 taxes payable in 1979, as related to the total amount of such levies and collections from extensions against both real and personal property. For 1979 and subsequent years' taxes, the County Clerk shall levy and extend taxes against the real estate of each taxing district which will yield the said percentage or percentages of the debt service on such outstanding bonds. The balance of the amount necessary to fully pay such debt service shall constitute a first and prior lien upon the monies received by each such taxing district through the Personal Property Tax Replacement Fund and shall be first applied or set aside for such purpose. In counties having fewer than 3,000,000 inhabitants, the amendments to this paragraph as made by this amendatory Act of 1980 shall be first applicable to 1980 taxes to be collected in 1981.

Sec. 1. This Article II shall be known and may be cited as the “Illinois Veteran, Youth, and Young Adult Conservation Jobs Employment Act of 1986”.

Sec. 2. Declaration of Intent. The General Assembly finds that the level of unemployment among veterans, the youths of this State, particularly those age 14 through 18, and young adults, age 18 through 25, is unsatisfactory. The General Assembly therefore creates the Illinois Veteran, Youth, and Young Adult Conservation Jobs Employment Act to establish (a) the Illinois Veteran Conservation Corps and the Illinois Young Adult Conservation Corps to provide year-round temporary summer employment for youth and year around employment for veterans and young adults of this State for the purpose of conservation, rehabilitation, protection and enhancement of the State's public land and (b) the Illinois Veteran Recreation Corps and the Illinois Youth Recreation Corps to provide temporary summer employment for the veterans and youth of this State for the purpose of administering and operating conservation or recreational programs operated by units of local government or local not-for-profit entities for youth at conservation and open spaces, parks, or recreational facilities or other similar facilities or locations operated by the State, units of local government or other local not-for-profit entities.

PUBLIC ACT 97-0739
(Senate Bill No. 2837)

AN ACT concerning the Secretary of State.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Illinois Identification Card Act is amended by changing Sections 4, 5, and 11 as follows:
(15 ILCS 335/4) (from Ch. 124, par. 24)
Sec. 4. Identification Card.
(a) The Secretary of State shall issue a standard Illinois Identification Card to any natural person who is a resident of the State of Illinois who applies for such card, or renewal thereof, or who applies for a standard Illinois Identification Card upon release as a committed person on parole, mandatory supervised release, final discharge, or pardon from the Department of Corrections by submitting an identification card issued by the Department of Corrections under Section 3-14-1 of the Unified Code of Corrections, together with the prescribed fees. No identification card shall be issued to any person who holds a valid foreign state identification card, license, or permit unless the person first surrenders to the Secretary of State the valid foreign state identification card, license, or permit. The card shall be prepared and supplied by the Secretary of State and shall include a photograph and signature or mark of the applicant. However, the Secretary of State may provide by rule for the issuance of Illinois Identification Cards without photographs if the applicant has a bona fide religious objection to being photographed or to the display of his or her photograph. The Illinois Identification Card may be used for identification purposes in any lawful situation only by the person to whom it was issued. As used in this Act, "photograph" means any color photograph or digitally produced and captured image of an applicant for an identification card. As

used in this Act, "signature" means the name of a person as written by that person and captured in a manner acceptable to the Secretary of State.

(a-5) If an applicant for an identification card has a current driver's license or instruction permit issued by the Secretary of State, the Secretary may require the applicant to utilize the same residence address and name on the identification card, driver's license, and instruction permit records maintained by the Secretary. The Secretary may promulgate rules to implement this provision.

(b) The Secretary of State shall issue a special Illinois Identification Card, which shall be known as an Illinois Disabled Person Identification Card, to any natural person who is a resident of the State of Illinois, who is a disabled person as defined in Section 4A of this Act, who applies for such card, or renewal thereof. No Disabled Person Identification Card shall be issued to any person who holds a valid foreign state identification card, license, or permit unless the person first surrenders to the Secretary of State the valid foreign state identification card, license, or permit. The Secretary of State shall charge no fee to issue such card. The card shall be prepared and supplied by the Secretary of State, and shall include a photograph and signature or mark of the applicant, a designation indicating that the card is an Illinois Disabled Person Identification Card, and shall include a comprehensible designation of the type and classification of the applicant's disability as set out in Section 4A of this Act. However, the Secretary of State may provide by rule for the issuance of Illinois Disabled Person Identification Cards without photographs if the applicant has a bona fide religious objection to being photographed or to the display of his or her photograph. If the applicant so requests, the card shall include a description of the applicant's disability and any information about the applicant's disability or medical history which the Secretary determines would be helpful to the applicant in securing emergency medical care. If a mark is used in lieu of a signature, such mark shall be affixed to the card in the presence of two witnesses who attest to the authenticity of the mark. The Illinois Disabled Person Identification Card may be used for identification purposes in any lawful situation by the person to whom it was issued.

The Illinois Disabled Person Identification Card may be used as adequate documentation of disability in lieu of a physician's determination of disability, a determination of disability from a physician assistant who has been delegated the authority to make this determination by his or her supervising physician, a determination of disability from an advanced
practice nurse who has a written collaborative agreement with a collaborating physician that authorizes the advanced practice nurse to make this determination, or any other documentation of disability whenever any State law requires that a disabled person provide such documentation of disability, however an Illinois Disabled Person Identification Card shall not qualify the cardholder to participate in any program or to receive any benefit which is not available to all persons with like disabilities. Notwithstanding any other provisions of law, an Illinois Disabled Person Identification Card, or evidence that the Secretary of State has issued an Illinois Disabled Person Identification Card, shall not be used by any person other than the person named on such card to prove that the person named on such card is a disabled person or for any other purpose unless the card is used for the benefit of the person named on such card, and the person named on such card consents to such use at the time the card is so used.

An optometrist's determination of a visual disability under Section 4A of this Act is acceptable as documentation for the purpose of issuing an Illinois Disabled Person Identification Card.

When medical information is contained on an Illinois Disabled Person Identification Card, the Office of the Secretary of State shall not be liable for any actions taken based upon that medical information.

(c) Beginning January 1, 1986, the Secretary of State shall provide that each original or renewal Illinois Identification Card or Illinois Disabled Person Identification Card issued to a person under the age of 21, shall be of a distinct nature from those Illinois Identification Cards or Illinois Disabled Person Identification Cards issued to individuals 21 years of age or older. The color designated for Illinois Identification Cards or Illinois Disabled Person Identification Cards for persons under the age of 21 shall be at the discretion of the Secretary of State.

(c-1) Beginning January 1, 2003, each original or renewal Illinois Identification Card or Illinois Disabled Person Identification Card issued to a person under the age of 21 shall display the date upon which the person becomes 18 years of age and the date upon which the person becomes 21 years of age.

(c-3) The General Assembly recognizes the need to identify military veterans living in this State for the purpose of ensuring that they receive all of the services and benefits to which they are legally entitled, including healthcare, education assistance, and job placement. To assist the State in identifying these veterans and delivering these vital services

and benefits, the Secretary of State is authorized to issue Illinois Identification Cards and Illinois Disabled Person Identification Cards with the word "veteran" appearing on the face of the cards. This authorization is predicated on the unique status of veterans. The Secretary may not issue any other identification card which identifies an occupation, status, affiliation, hobby, or other unique characteristics of the identification card holder which is unrelated to the purpose of the identification card.

(c-5) Beginning on or before July 1, 2015, the Secretary of State shall designate a space on each original or renewal identification card where, at the request of the applicant, the word "veteran" shall be placed. The veteran designation shall be available to a person identified as a veteran under subsection (b) of Section 5 of this Act who was discharged or separated under honorable conditions.

(d) The Secretary of State may issue a Senior Citizen discount card, to any natural person who is a resident of the State of Illinois who is 60 years of age or older and who applies for such a card or renewal thereof. The Secretary of State shall charge no fee to issue such card. The card shall be issued in every county and applications shall be made available at, but not limited to, nutrition sites, senior citizen centers and Area Agencies on Aging. The applicant, upon receipt of such card and prior to its use for any purpose, shall have affixed thereon in the space provided therefor his signature or mark.

(e) The Secretary of State, in his or her discretion, may designate on each Illinois Identification Card or Illinois Disabled Person Identification Card a space where the card holder may place a sticker or decal, issued by the Secretary of State, of uniform size as the Secretary may specify, that shall indicate in appropriate language that the card holder has renewed his or her Illinois Identification Card or Illinois Disabled Person Identification Card.

Sec. 5. Applications.

(a) Any natural person who is a resident of the State of Illinois, may file an application for an identification card or for the renewal thereof, in a manner prescribed by the Secretary. Each original application shall be completed by the applicant in full and shall set forth the legal name, residence address and zip code, social security number, birth date, sex and

The applicant shall be photographed, unless the Secretary of State has provided by rule for the issuance of identification cards without photographs and the applicant is deemed eligible for an identification card without a photograph under the terms and conditions imposed by the Secretary of State, and he or she shall also submit any other information as the Secretary may deem necessary or such documentation as the Secretary may require to determine the identity of the applicant. In addition to the residence address, the Secretary may allow the applicant to provide a mailing address. An applicant for a disabled persons card must also submit with each original or renewal application, on forms prescribed by the Secretary, such documentation as the Secretary may require, establishing that the applicant is a "disabled person" as defined in Section 4A of this Act, and setting forth the applicant's type and class of disability as set forth in Section 4A of this Act.

(b) Beginning on or before July 1, 2015, for each original or renewal identification card application under this Act, the Secretary shall inquire as to whether the applicant is a veteran for purposes of issuing an identification card with a veteran designation under subsection (c-5) of Section 4 of this Act. The acceptable forms of proof shall include, but are not limited to, Department of Defense form DD-214. The Secretary shall determine by rule what other forms of proof of a person's status as a veteran are acceptable.

The Illinois Department of Veterans' Affairs shall confirm the status of the applicant as an honorably discharged veteran before the Secretary may issue the identification card.

The Secretary of State must forward in an electronic format the necessary personal information regarding the applicants identified in this subsection (d) to the Selective Service System. (a-4) If an applicant for a driver's license or instruction permit has a current identification card issued by the Secretary of State, the Secretary may require the applicant to utilize the same residence address and name on the identification card, driver's license, and instruction permit records maintained by the Secretary. The Secretary may promulgate rules to implement this provision.

(b) Until the Secretary of State establishes a First Person Consent organ and tissue donor registry under Section 6-117 of this Code, the Secretary of State shall provide a format on the reverse of each driver's license issued which the licensee may use to execute a document of gift conforming to the provisions of the Illinois Anatomical Gift Act. (e-3) The General Assembly recognizes the need to identify military veterans living in this State for the purpose of ensuring that they receive all of the services and benefits to which they are legally entitled, including healthcare, education assistance, and job placement. To assist the State in identifying these veterans and delivering these vital services and benefits, the Secretary of State is authorized to issue drivers' licenses with the word "veteran" appearing on the face of the licenses. This authorization is predicated on the unique status of veterans. The Secretary may not issue any other driver's license which identifies an occupation, status, affiliation, hobby, or other unique characteristics of the license holder which is unrelated to the purpose of the driver's license.

(e-5) Beginning on or before July 1, 2015, the Secretary of State shall designate a space on each original or renewal driver's license where, at the request of the applicant, the word "veteran" shall be placed. PUBLIC ACT 97-0742
(Senate Bill No. 2850)

AN ACT concerning education.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Section 18-8.05 as follows:

(105 ILCS 5/18-8.05)

Sec. 18-8.05. Basis for apportionment of general State financial aid and supplemental general State aid to the common schools for the 1998-1999 and subsequent school years.

(A) General Provisions.

(1) The provisions of this Section apply to the 1998-1999 and subsequent school years. The system of general State financial aid provided for in this Section is designed to assure that, through a combination of State financial aid and required local resources, the financial support provided each pupil in Average Daily Attendance equals or exceeds a prescribed per pupil Foundation Level. This formula approach imputes a level of per pupil Available Local Resources and provides for the basis to calculate a per pupil level of general State financial aid that, when added to Available Local Resources, equals or exceeds the Foundation Level. The amount of per pupil general State financial aid for school districts, in general, varies in inverse relation to Available Local Resources. Per pupil amounts are based upon each school district's Average Daily Attendance as that term is defined in this Section.

New matter indicated by italics - deletions by strikeout
(2) In addition to general State financial aid, school districts with specified levels or concentrations of pupils from low income households are eligible to receive supplemental general State financial aid grants as provided pursuant to subsection (H). The supplemental State aid grants provided for school districts under subsection (H) shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section.

(3) To receive financial assistance under this Section, school districts are required to file claims with the State Board of Education, subject to the following requirements:

(a) Any school district which fails for any given school year to maintain school as required by law, or to maintain a recognized school is not eligible to file for such school year any claim upon the Common School Fund. In case of nonrecognition of one or more attendance centers in a school district otherwise operating recognized schools, the claim of the district shall be reduced in the proportion which the Average Daily Attendance in the attendance center or centers bear to the Average Daily Attendance in the school district. A "recognized school" means any public school which meets the standards as established for recognition by the State Board of Education. A school district or attendance center not having recognition status at the end of a school term is entitled to receive State aid payments due upon a legal claim which was filed while it was recognized.

(b) School district claims filed under this Section are subject to Sections 18-9 and 18-12, except as otherwise provided in this Section.

(c) If a school district operates a full year school under Section 10-19.1, the general State aid to the school district shall be determined by the State Board of Education in accordance with this Section as near as may be applicable.

(d) (Blank).

(4) Except as provided in subsections (H) and (L), the board of any district receiving any of the grants provided for in this Section may apply those funds to any fund so received for which that board is authorized to make expenditures by law.

School districts are not required to exert a minimum Operating Tax Rate in order to qualify for assistance under this Section.
(5) As used in this Section the following terms, when capitalized, shall have the meaning ascribed herein:

(a) "Average Daily Attendance": A count of pupil attendance in school, averaged as provided for in subsection (C) and utilized in deriving per pupil financial support levels.

(b) "Available Local Resources": A computation of local financial support, calculated on the basis of Average Daily Attendance and derived as provided pursuant to subsection (D).

(c) "Corporate Personal Property Replacement Taxes": Funds paid to local school districts pursuant to "An Act in relation to the abolition of ad valorem personal property tax and the replacement of revenues lost thereby, and amending and repealing certain Acts and parts of Acts in connection therewith", certified August 14, 1979, as amended (Public Act 81-1st S.S.-1).

(d) "Foundation Level": A prescribed level of per pupil financial support as provided for in subsection (B).

(e) "Operating Tax Rate": All school district property taxes extended for all purposes, except Bond and Interest, Summer School, Rent, Capital Improvement, and Vocational Education Building purposes.

(B) Foundation Level.

(1) The Foundation Level is a figure established by the State representing the minimum level of per pupil financial support that should be available to provide for the basic education of each pupil in Average Daily Attendance. As set forth in this Section, each school district is assumed to exert a sufficient local taxing effort such that, in combination with the aggregate of general State financial aid provided the district, an aggregate of State and local resources are available to meet the basic education needs of pupils in the district.

(2) For the 1998-1999 school year, the Foundation Level of support is $4,225. For the 1999-2000 school year, the Foundation Level of support is $4,325. For the 2000-2001 school year, the Foundation Level of support is $4,425. For the 2001-2002 school year and 2002-2003 school year, the Foundation Level of support is $4,560. For the 2003-2004 school year, the Foundation Level of support is $4,810. For the 2004-2005 school year, the Foundation Level of support is $4,964. For the 2005-2006 school year, the Foundation Level of support is $5,164. For the 2006-2007 school year, the Foundation Level of support is $5,334. For the 2007-2008 school year, the
Foundation Level of support is $5,734. For the 2008-2009 school year, the Foundation Level of support is $5,959.

(3) For the 2009-2010 school year and each school year thereafter, the Foundation Level of support is $6,119 or such greater amount as may be established by law by the General Assembly.

(C) Average Daily Attendance.

(1) For purposes of calculating general State aid pursuant to subsection (E), an Average Daily Attendance figure shall be utilized. The Average Daily Attendance figure for formula calculation purposes shall be the monthly average of the actual number of pupils in attendance of each school district, as further averaged for the best 3 months of pupil attendance for each school district. In compiling the figures for the number of pupils in attendance, school districts and the State Board of Education shall, for purposes of general State aid funding, conform attendance figures to the requirements of subsection (F).

(2) The Average Daily Attendance figures utilized in subsection (E) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated or the average of the attendance data for the 3 preceding school years, whichever is greater. The Average Daily Attendance figures utilized in subsection (H) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated.

(D) Available Local Resources.

(1) For purposes of calculating general State aid pursuant to subsection (E), a representation of Available Local Resources per pupil, as that term is defined and determined in this subsection, shall be utilized. Available Local Resources per pupil shall include a calculated dollar amount representing local school district revenues from local property taxes and from Corporate Personal Property Replacement Taxes, expressed on the basis of pupils in Average Daily Attendance. Calculation of Available Local Resources shall exclude any tax amnesty funds received as a result of Public Act 93-26.

(2) In determining a school district's revenue from local property taxes, the State Board of Education shall utilize the equalized assessed valuation of all taxable property of each school district as of September 30 of the previous year. The equalized assessed valuation utilized shall be obtained and determined as provided in subsection (G).
(3) For school districts maintaining grades kindergarten through 12, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 3.00%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades kindergarten through 8, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 2.30%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades 9 through 12, local property tax revenues per pupil shall be the applicable equalized assessed valuation of the district multiplied by 1.05%, and divided by the district's Average Daily Attendance figure.

For partial elementary unit districts created pursuant to Article 11E of this Code, local property tax revenues per pupil shall be calculated as the product of the equalized assessed valuation for property within the partial elementary unit district for elementary purposes, as defined in Article 11E of this Code, multiplied by 2.06% and divided by the district's Average Daily Attendance figure, plus the product of the equalized assessed valuation for property within the partial elementary unit district for high school purposes, as defined in Article 11E of this Code, multiplied by 0.94% and divided by the district's Average Daily Attendance figure.

(4) The Corporate Personal Property Replacement Taxes paid to each school district during the calendar year one year before the calendar year in which a school year begins, divided by the Average Daily Attendance figure for that district, shall be added to the local property tax revenues per pupil as derived by the application of the immediately preceding paragraph (3). The sum of these per pupil figures for each school district shall constitute Available Local Resources as that term is utilized in subsection (E) in the calculation of general State aid.

(E) Computation of General State Aid.

(1) For each school year, the amount of general State aid allotted to a school district shall be computed by the State Board of Education as provided in this subsection.

(2) For any school district for which Available Local Resources per pupil is less than the product of 0.93 times the Foundation Level, general State aid for that district shall be calculated as an amount equal to the Foundation Level minus Available Local Resources, multiplied by the Average Daily Attendance of the school district.
(3) For any school district for which Available Local Resources per pupil is equal to or greater than the product of 0.93 times the Foundation Level and less than the product of 1.75 times the Foundation Level, the general State aid per pupil shall be a decimal proportion of the Foundation Level derived using a linear algorithm. Under this linear algorithm, the calculated general State aid per pupil shall decline in direct linear fashion from 0.07 times the Foundation Level for a school district with Available Local Resources equal to the product of 0.93 times the Foundation Level, to 0.05 times the Foundation Level for a school district with Available Local Resources equal to the product of 1.75 times the Foundation Level. The allocation of general State aid for school districts subject to this paragraph 3 shall be the calculated general State aid per pupil figure multiplied by the Average Daily Attendance of the school district.

(4) For any school district for which Available Local Resources per pupil equals or exceeds the product of 1.75 times the Foundation Level, the general State aid for the school district shall be calculated as the product of $218 multiplied by the Average Daily Attendance of the school district.

(5) The amount of general State aid allocated to a school district for the 1999-2000 school year meeting the requirements set forth in paragraph (4) of subsection (G) shall be increased by an amount equal to the general State aid that would have been received by the district for the 1998-1999 school year by utilizing the Extension Limitation Equalized Assessed Valuation as calculated in paragraph (4) of subsection (G) less the general State aid allotted for the 1998-1999 school year. This amount shall be deemed a one time increase, and shall not affect any future general State aid allocations.

(F) Compilation of Average Daily Attendance.

(1) Each school district shall, by July 1 of each year, submit to the State Board of Education, on forms prescribed by the State Board of Education, attendance figures for the school year that began in the preceding calendar year. The attendance information so transmitted shall identify the average daily attendance figures for each month of the school year. Beginning with the general State aid claim form for the 2002-2003 school year, districts shall calculate Average Daily Attendance as provided in subdivisions (a), (b), and (c) of this paragraph (1).

   (a) In districts that do not hold year-round classes, days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

New matter indicated by italics - deletions by strikeout
(b) In districts in which all buildings hold year-round classes, days of attendance in July and August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

(c) In districts in which some buildings, but not all, hold year-round classes, for the non-year-round buildings, days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May. The average daily attendance for the year-round buildings shall be computed as provided in subdivision (b) of this paragraph (1). To calculate the Average Daily Attendance for the district, the average daily attendance for the year-round buildings shall be multiplied by the days in session for the non-year-round buildings for each month and added to the monthly attendance of the non-year-round buildings.

Except as otherwise provided in this Section, days of attendance by pupils shall be counted only for sessions of not less than 5 clock hours of school work per day under direct supervision of: (i) teachers, or (ii) non-teaching personnel or volunteer personnel when engaging in non-teaching duties and supervising in those instances specified in subsection (a) of Section 10-22.34 and paragraph 10 of Section 34-18, with pupils of legal school age and in kindergarten and grades 1 through 12.

Days of attendance by tuition pupils shall be accredited only to the districts that pay the tuition to a recognized school.

(2) Days of attendance by pupils of less than 5 clock hours of school shall be subject to the following provisions in the compilation of Average Daily Attendance.

(a) Pupils regularly enrolled in a public school for only a part of the school day may be counted on the basis of 1/6 day for every class hour of instruction of 40 minutes or more attended pursuant to such enrollment, unless a pupil is enrolled in a block-schedule format of 80 minutes or more of instruction, in which case the pupil may be counted on the basis of the proportion of minutes of school work completed each day to the minimum number of minutes that school work is required to be held that day.

(b) (Blank). Days of attendance may be less than 5 clock hours on the opening and closing of the school term, and upon the first day of pupil attendance, if preceded by a day or days utilized as an institute or teachers' workshop.

New matter indicated by italics - deletions by strikeout
(c) A session of 4 or more clock hours may be counted as a day of attendance upon certification by the regional superintendent, and approved by the State Superintendent of Education to the extent that the district has been forced to use daily multiple sessions.

(d) A session of 3 or more clock hours may be counted as a day of attendance (1) when the remainder of the school day or at least 2 hours in the evening of that day is utilized for an in-service training program for teachers, up to a maximum of 5 days per school year, provided a district conducts an in-service training program for teachers in accordance with Section 10-22.39 of this Code; or, in lieu of 4 such days, 2 full days may be used, in which event each such day may be counted as a day required for a legal school calendar pursuant to Section 10-19 of this Code; (1.5) when, of the 5 days allowed under item (1), a maximum of 4 days are used for parent-teacher conferences, or, in lieu of 4 such days, 2 full days are used, in which case each such day may be counted as a calendar day required under Section 10-19 of this Code, provided that the full-day, parent-teacher conference consists of (i) a minimum of 5 clock hours of parent-teacher conferences, (ii) both a minimum of 2 clock hours of parent-teacher conferences held in the evening following a full day of student attendance, as specified in subsection (F)(1)(c), and a minimum of 3 clock hours of parent-teacher conferences held on the day immediately following evening parent-teacher conferences, or (iii) multiple parent-teacher conferences held in the evenings following full days of student attendance, as specified in subsection (F)(1)(c), in which the time used for the parent-teacher conferences is equivalent to a minimum of 5 clock hours; and (2) when days in addition to those provided in items (1) and (1.5) are scheduled by a school pursuant to its school improvement plan adopted under Article 34 or its revised or amended school improvement plan adopted under Article 2, provided that (i) such sessions of 3 or more clock hours are scheduled to occur at regular intervals, (ii) the remainder of the school days in which such sessions occur are utilized for in-service training programs or other staff development activities for teachers, and (iii) a sufficient number of minutes of school work under the direct supervision of teachers are added to the school days between such regularly scheduled sessions to accumulate not less than the

New matter indicated by italics - deletions by strikeout
number of minutes by which such sessions of 3 or more clock hours fall short of 5 clock hours. Any full days used for the purposes of this paragraph shall not be considered for computing average daily attendance. Days scheduled for in-service training programs, staff development activities, or parent-teacher conferences may be scheduled separately for different grade levels and different attendance centers of the district.

(e) A session of not less than one clock hour of teaching hospitalized or homebound pupils on-site or by telephone to the classroom may be counted as 1/2 day of attendance, however these pupils must receive 4 or more clock hours of instruction to be counted for a full day of attendance.

(f) A session of at least 4 clock hours may be counted as a day of attendance for first grade pupils, and pupils in full day kindergartens, and a session of 2 or more hours may be counted as 1/2 day of attendance by pupils in kindergartens which provide only 1/2 day of attendance.

(g) For children with disabilities who are below the age of 6 years and who cannot attend 2 or more clock hours because of their disability or immaturity, a session of not less than one clock hour may be counted as 1/2 day of attendance; however for such children whose educational needs so require a session of 4 or more clock hours may be counted as a full day of attendance.

(h) A recognized kindergarten which provides for only 1/2 day of attendance by each pupil shall not have more than 1/2 day of attendance counted in any one day. However, kindergartens may count 2 1/2 days of attendance in any 5 consecutive school days. When a pupil attends such a kindergarten for 2 half days on any one school day, the pupil shall have the following day as a day absent from school, unless the school district obtains permission in writing from the State Superintendent of Education. Attendance at kindergartens which provide for a full day of attendance by each pupil shall be counted the same as attendance by first grade pupils. Only the first year of attendance in one kindergarten shall be counted, except in case of children who entered the kindergarten in their fifth year whose educational development requires a second year of kindergarten as determined under the rules and regulations of the State Board of Education.
(i) On the days when the Prairie State Achievement Examination is administered under subsection (c) of Section 2-3.64 of this Code, the day of attendance for a pupil whose school day must be shortened to accommodate required testing procedures may be less than 5 clock hours and shall be counted towards the 176 days of actual pupil attendance required under Section 10-19 of this Code, provided that a sufficient number of minutes of school work in excess of 5 clock hours are first completed on other school days to compensate for the loss of school work on the examination days.

(j) Pupils enrolled in a remote educational program established under Section 10-29 of this Code may be counted on the basis of one-fifth day of attendance for every clock hour of instruction attended in the remote educational program, provided that, in any month, the school district may not claim for a student enrolled in a remote educational program more days of attendance than the maximum number of days of attendance the district can claim (i) for students enrolled in a building holding year-round classes if the student is classified as participating in the remote educational program on a year-round schedule or (ii) for students enrolled in a building not holding year-round classes if the student is not classified as participating in the remote educational program on a year-round schedule.

(G) Equalized Assessed Valuation Data.

(1) For purposes of the calculation of Available Local Resources required pursuant to subsection (D), the State Board of Education shall secure from the Department of Revenue the value as equalized or assessed by the Department of Revenue of all taxable property of every school district, together with (i) the applicable tax rate used in extending taxes for the funds of the district as of September 30 of the previous year and (ii) the limiting rate for all school districts subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law.

The Department of Revenue shall add to the equalized assessed value of all taxable property of each school district situated entirely or partially within a county that is or was subject to the provisions of Section 15-176 or 15-177 of the Property Tax Code (a) an amount equal to the total amount by which the homestead exemption allowed under Section 15-176 or 15-177 of the Property Tax Code for real property situated in that school district exceeds the total amount that would have been allowed.

New matter indicated by italics - deletions by strikeout
in that school district if the maximum reduction under Section 15-176 was
(i) $4,500 in Cook County or $3,500 in all other counties in tax year 2003
or (ii) $5,000 in all counties in tax year 2004 and thereafter and (b) an
amount equal to the aggregate amount for the taxable year of all additional
exemptions under Section 15-175 of the Property Tax Code for owners
with a household income of $30,000 or less. The county clerk of any
county that is or was subject to the provisions of Section 15-176 or 15-177
of the Property Tax Code shall annually calculate and certify to the
Department of Revenue for each school district all homestead exemption
amounts under Section 15-176 or 15-177 of the Property Tax Code and all
amounts of additional exemptions under Section 15-175 of the Property
Tax Code for owners with a household income of $30,000 or less. It is the
intent of this paragraph that if the general homestead exemption for a
parcel of property is determined under Section 15-176 or 15-177 of the
Property Tax Code rather than Section 15-175, then the calculation of
Available Local Resources shall not be affected by the difference, if any,
between the amount of the general homestead exemption allowed for that
parcel of property under Section 15-176 or 15-177 of the Property Tax
Code and the amount that would have been allowed had the general
homestead exemption for that parcel of property been determined under
Section 15-175 of the Property Tax Code. It is further the intent of this
paragraph that if additional exemptions are allowed under Section 15-175
of the Property Tax Code for owners with a household income of less than
$30,000, then the calculation of Available Local Resources shall not be
affected by the difference, if any, because of those additional exemptions.
This equalized assessed valuation, as adjusted further by the
requirements of this subsection, shall be utilized in the calculation of
Available Local Resources.

(2) The equalized assessed valuation in paragraph (1) shall be
adjusted, as applicable, in the following manner:

(a) For the purposes of calculating State aid under this
Section, with respect to any part of a school district within a
redevelopment project area in respect to which a municipality has
adopted tax increment allocation financing pursuant to the Tax
Increment Allocation Redevelopment Act, Sections 11-74.4-1
through 11-74.4-11 of the Illinois Municipal Code or the Industrial
Jobs Recovery Law, Sections 11-74.6-1 through 11-74.6-50 of the
Illinois Municipal Code, no part of the current equalized assessed
valuation of real property located in any such project area which is
attributable to an increase above the total initial equalized assessed valuation of such property shall be used as part of the equalized assessed valuation of the district, until such time as all redevelopment project costs have been paid, as provided in Section 11-74.4-8 of the Tax Increment Allocation Redevelopment Act or in Section 11-74.6-35 of the Industrial Jobs Recovery Law. For the purpose of the equalized assessed valuation of the district, the total initial equalized assessed valuation or the current equalized assessed valuation, whichever is lower, shall be used until such time as all redevelopment project costs have been paid.

(b) The real property equalized assessed valuation for a school district shall be adjusted by subtracting from the real property value as equalized or assessed by the Department of Revenue for the district an amount computed by dividing the amount of any abatement of taxes under Section 18-170 of the Property Tax Code by 3.00% for a district maintaining grades kindergarten through 12, by 2.30% for a district maintaining grades kindergarten through 8, or by 1.05% for a district maintaining grades 9 through 12 and adjusted by an amount computed by dividing the amount of any abatement of taxes under subsection (a) of Section 18-165 of the Property Tax Code by the same percentage rates for district type as specified in this subparagraph (b).

(3) For the 1999-2000 school year and each school year thereafter, if a school district meets all of the criteria of this subsection (G)(3), the school district's Available Local Resources shall be calculated under subsection (D) using the district's Extension Limitation Equalized Assessed Valuation as calculated under this subsection (G)(3).

For purposes of this subsection (G)(3) the following terms shall have the following meanings:

"Budget Year": The school year for which general State aid is calculated and awarded under subsection (E).

"Base Tax Year": The property tax levy year used to calculate the Budget Year allocation of general State aid.

"Preceding Tax Year": The property tax levy year immediately preceding the Base Tax Year.

"Base Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Base Tax Year multiplied by the limiting rate as calculated by the

New matter indicated by italics - deletions by strikeout
County Clerk and defined in the Property Tax Extension Limitation Law.

"Preceding Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Preceding Tax Year multiplied by the Operating Tax Rate as defined in subsection (A).

"Extension Limitation Ratio": A numerical ratio, certified by the County Clerk, in which the numerator is the Base Tax Year's Tax Extension and the denominator is the Preceding Tax Year's Tax Extension.

"Operating Tax Rate": The operating tax rate as defined in subsection (A).

If a school district is subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation of that district. For the 1999-2000 school year, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the district's 1996 Equalized Assessed Valuation and the district's Extension Limitation Ratio. Except as otherwise provided in this paragraph for a school district that has approved or does approve an increase in its limiting rate, for the 2000-2001 school year and each school year thereafter, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the Equalized Assessed Valuation last used in the calculation of general State aid and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of a school district as calculated under this subsection (G)(3) is less than the district's equalized assessed valuation as calculated pursuant to subsections (G)(1) and (G)(2), then for purposes of calculating the district's general State aid for the Budget Year pursuant to subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources under subsection (D). For the 2009-2010 school year and each school year thereafter, if a school district has approved or does approve an increase in its limiting rate, pursuant to Section 18-190 of the Property Tax Code, affecting the Base Tax Year, the Extension Limitation Equalized Assessed Valuation of the school district, as calculated by the State Board of Education, shall be equal to the product of the Equalized Assessed Valuation last used in the calculation of general

State aid times an amount equal to one plus the percentage increase, if any, in the Consumer Price Index for all Urban Consumers for all items published by the United States Department of Labor for the 12-month calendar year preceding the Base Tax Year, plus the Equalized Assessed Valuation of new property, annexed property, and recovered tax increment value and minus the Equalized Assessed Valuation of disconnected property. New property and recovered tax increment value shall have the meanings set forth in the Property Tax Extension Limitation Law.

Partial elementary unit districts created in accordance with Article 11E of this Code shall not be eligible for the adjustment in this subsection (G)(3) until the fifth year following the effective date of the reorganization.

(3.5) For the 2010-2011 school year and each school year thereafter, if a school district's boundaries span multiple counties, then the Department of Revenue shall send to the State Board of Education, for the purpose of calculating general State aid, the limiting rate and individual rates by purpose for the county that contains the majority of the school district's Equalized Assessed Valuation.

(4) For the purposes of calculating general State aid for the 1999-2000 school year only, if a school district experienced a triennial reassessment on the equalized assessed valuation used in calculating its general State financial aid apportionment for the 1998-1999 school year, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation that would have been used to calculate the district's 1998-1999 general State aid. This amount shall equal the product of the equalized assessed valuation used to calculate general State aid for the 1997-1998 school year and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of the school district as calculated under this paragraph (4) is less than the district's equalized assessed valuation utilized in calculating the district's 1998-1999 general State aid allocation, then for purposes of calculating the district's general State aid pursuant to paragraph (5) of subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources.

(5) For school districts having a majority of their equalized assessed valuation in any county except Cook, DuPage, Kane, Lake, McHenry, or Will, if the amount of general State aid allocated to the school district for the 1999-2000 school year under the provisions of subsection (E), (H), and (J) of this Section is less than the amount of
general State aid allocated to the district for the 1998-1999 school year under these subsections, then the general State aid of the district for the 1999-2000 school year only shall be increased by the difference between these amounts. The total payments made under this paragraph (5) shall not exceed $14,000,000. Claims shall be prorated if they exceed $14,000,000.

(H) Supplemental General State Aid.

(1) In addition to the general State aid a school district is allotted pursuant to subsection (E), qualifying school districts shall receive a grant, paid in conjunction with a district's payments of general State aid, for supplemental general State aid based upon the concentration level of children from low-income households within the school district. Supplemental State aid grants provided for school districts under this subsection shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section.

(1.5) This paragraph (1.5) applies only to those school years preceding the 2003-2004 school year. For purposes of this subsection (H), the term "Low-Income Concentration Level" shall be the low-income eligible pupil count from the most recently available federal census divided by the Average Daily Attendance of the school district. If, however, (i) the percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count of a high school district with fewer than 400 students exceeds by 75% or more the percentage change in the total low-income eligible pupil count of contiguous elementary school districts, whose boundaries are coterminous with the high school district, or (ii) a high school district within 2 counties and serving 5 elementary school districts, whose boundaries are coterminous with the high school district, has a percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count and there is a percentage increase in the total low-income eligible pupil count of a majority of the elementary school districts in excess of 50% from the 2 most recent federal censuses, then the high school district's low-income eligible pupil count from the earlier federal census shall be the number used as the low-income eligible pupil count for the high school district, for purposes of this subsection (H). The changes made to this paragraph (1) by Public Act 92-28 shall apply to supplemental general State aid grants for school years preceding the 2003-2004 school year that are paid in fiscal year 1999 or thereafter and to any State aid payments made in fiscal year 1994 through fiscal year 1998 pursuant to subsection 1(n) of Section 18-8

of this Code (which was repealed on July 1, 1998), and any high school district that is affected by Public Act 92-28 is entitled to a recomputation of its supplemental general State aid grant or State aid paid in any of those fiscal years. This recomputation shall not be affected by any other funding.

(1.10) This paragraph (1.10) applies to the 2003-2004 school year and each school year thereafter. For purposes of this subsection (H), the term "Low-Income Concentration Level" shall, for each fiscal year, be the low-income eligible pupil count as of July 1 of the immediately preceding fiscal year (as determined by the Department of Human Services based on the number of pupils who are eligible for at least one of the following low income programs: Medicaid, the Children's Health Insurance Program, TANF, or Food Stamps, excluding pupils who are eligible for services provided by the Department of Children and Family Services, averaged over the 2 immediately preceding fiscal years for fiscal year 2004 and over the 3 immediately preceding fiscal years for each fiscal year thereafter) divided by the Average Daily Attendance of the school district.

(2) Supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 1998-1999, 1999-2000, and 2000-2001 school years only:

(a) For any school district with a Low Income Concentration Level of at least 20% and less than 35%, the grant for any school year shall be $800 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level of at least 35% and less than 50%, the grant for the 1998-1999 school year shall be $1,100 multiplied by the low income eligible pupil count.

(c) For any school district with a Low Income Concentration Level of at least 50% and less than 60%, the grant for the 1998-99 school year shall be $1,500 multiplied by the low income eligible pupil count.

(d) For any school district with a Low Income Concentration Level of 60% or more, the grant for the 1998-99 school year shall be $1,900 multiplied by the low income eligible pupil count.

(e) For the 1999-2000 school year, the per pupil amount specified in subparagraphs (b), (c), and (d) immediately above shall be increased to $1,243, $1,600, and $2,000, respectively.

New matter indicated by italics - deletions by strikeout
(f) For the 2000-2001 school year, the per pupil amounts specified in subparagraphs (b), (c), and (d) immediately above shall be $1,273, $1,640, and $2,050, respectively.

(2.5) Supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 2002-2003 school year:

(a) For any school district with a Low Income Concentration Level of less than 10%, the grant for each school year shall be $355 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level of at least 10% and less than 20%, the grant for each school year shall be $675 multiplied by the low income eligible pupil count.

(c) For any school district with a Low Income Concentration Level of at least 20% and less than 35%, the grant for each school year shall be $1,330 multiplied by the low income eligible pupil count.

(d) For any school district with a Low Income Concentration Level of at least 35% and less than 50%, the grant for each school year shall be $1,362 multiplied by the low income eligible pupil count.

(e) For any school district with a Low Income Concentration Level of at least 50% and less than 60%, the grant for each school year shall be $1,680 multiplied by the low income eligible pupil count.

(f) For any school district with a Low Income Concentration Level of 60% or more, the grant for each school year shall be $2,080 multiplied by the low income eligible pupil count.

(2.10) Except as otherwise provided, supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 2003-2004 school year and each school year thereafter:

(a) For any school district with a Low Income Concentration Level of 15% or less, the grant for each school year shall be $355 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level greater than 15%, the grant for each school year shall be $294.25 added to the product of $2,700 and the square of the Low Income Concentration Level, all multiplied by the low income eligible pupil count.

New matter indicated by italics - deletions by strikeout
For the 2003-2004 school year and each school year thereafter through the 2008-2009 school year only, the grant shall be no less than the grant for the 2002-2003 school year. For the 2009-2010 school year only, the grant shall be no less than the grant for the 2002-2003 school year multiplied by 0.66. For the 2010-2011 school year only, the grant shall be no less than the grant for the 2002-2003 school year multiplied by 0.33. Notwithstanding the provisions of this paragraph to the contrary, if for any school year supplemental general State aid grants are prorated as provided in paragraph (1) of this subsection (H), then the grants under this paragraph shall be prorated.

For the 2003-2004 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.25 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year. For the 2004-2005 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.50 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year. For the 2005-2006 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.75 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year.

(3) School districts with an Average Daily Attendance of more than 1,000 and less than 50,000 that qualify for supplemental general State aid pursuant to this subsection shall submit a plan to the State Board of Education prior to October 30 of each year for the use of the funds resulting from this grant of supplemental general State aid for the improvement of instruction in which priority is given to meeting the education needs of disadvantaged children. Such plan shall be submitted in accordance with rules and regulations promulgated by the State Board of Education.

(4) School districts with an Average Daily Attendance of 50,000 or more that qualify for supplemental general State aid pursuant to this subsection shall be required to distribute from funds available pursuant to this Section, no less than $261,000,000 in accordance with the following requirements:

New matter indicated by italics - deletions by strikeout
(a) The required amounts shall be distributed to the attendance centers within the district in proportion to the number of pupils enrolled at each attendance center who are eligible to receive free or reduced-price lunches or breakfasts under the federal Child Nutrition Act of 1966 and under the National School Lunch Act during the immediately preceding school year.

(b) The distribution of these portions of supplemental and general State aid among attendance centers according to these requirements shall not be compensated for or contravened by adjustments of the total of other funds appropriated to any attendance centers, and the Board of Education shall utilize funding from one or several sources in order to fully implement this provision annually prior to the opening of school.

(c) Each attendance center shall be provided by the school district a distribution of noncategorical funds and other categorical funds to which an attendance center is entitled under law in order that the general State aid and supplemental general State aid provided by application of this subsection supplements rather than supplants the noncategorical funds and other categorical funds provided by the school district to the attendance centers.

(d) Any funds made available under this subsection that by reason of the provisions of this subsection are not required to be allocated and provided to attendance centers may be used and appropriated by the board of the district for any lawful school purpose.

(e) Funds received by an attendance center pursuant to this subsection shall be used by the attendance center at the discretion of the principal and local school council for programs to improve educational opportunities at qualifying schools through the following programs and services: early childhood education, reduced class size or improved adult to student classroom ratio, enrichment programs, remedial assistance, attendance improvement, and other educationally beneficial expenditures which supplement the regular and basic programs as determined by the State Board of Education. Funds provided shall not be expended for any political or lobbying purposes as defined by board rule.

(f) Each district subject to the provisions of this subdivision (H)(4) shall submit an acceptable plan to meet the educational

needs of disadvantaged children, in compliance with the requirements of this paragraph, to the State Board of Education prior to July 15 of each year. This plan shall be consistent with the decisions of local school councils concerning the school expenditure plans developed in accordance with part 4 of Section 34-2.3. The State Board shall approve or reject the plan within 60 days after its submission. If the plan is rejected, the district shall give written notice of intent to modify the plan within 15 days of the notification of rejection and then submit a modified plan within 30 days after the date of the written notice of intent to modify. Districts may amend approved plans pursuant to rules promulgated by the State Board of Education.

Upon notification by the State Board of Education that the district has not submitted a plan prior to July 15 or a modified plan within the time period specified herein, the State aid funds affected by that plan or modified plan shall be withheld by the State Board of Education until a plan or modified plan is submitted.

If the district fails to distribute State aid to attendance centers in accordance with an approved plan, the plan for the following year shall allocate funds, in addition to the funds otherwise required by this subsection, to those attendance centers which were underfunded during the previous year in amounts equal to such underfunding.

of their respective appointments and expire on the third Monday of January, 2001, and 2 of their number to serve for terms that commence on the date of their respective appointments and expire on the third Monday of January, 2000. All members appointed to serve on the Board shall serve until their respective successors are appointed and confirmed. Vacancies shall be filled in the same manner as original appointments. If a vacancy in membership occurs at a time when the Senate is not in session, the Governor shall make a temporary appointment until the next meeting of the Senate, when he or she shall appoint, by and with the advice and consent of the Senate, a person to fill that membership for the unexpired term. If the Senate is not in session when the initial appointments are made, those appointments shall be made as in the case of vacancies.

The Education Funding Advisory Board shall be deemed established, and the initial members appointed by the Governor to serve as members of the Board shall take office, on the date that the Governor makes his or her appointment of the fifth initial member of the Board, whether those initial members are then serving pursuant to appointment and confirmation or pursuant to temporary appointments that are made by the Governor as in the case of vacancies.

The petitioner must demonstrate that no alternative means of transportation is reasonably available and that the petitioner will not endanger the public safety or welfare. Those multiple offenders identified in subdivision (b)4 of Section 6-208 of this Code, however, shall not be eligible for the issuance of a restricted driving permit.

(A) If a person's license or permit is revoked or suspended due to 2 or more convictions of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense, or Section 9-3 of the Criminal Code of 1961, where the use of alcohol or other drugs is recited as an element of the offense, or a similar out-of-state offense, or a combination of these offenses, arising out of separate occurrences, that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

(B) If a person's license or permit is revoked or suspended 2 or more times within a 10 year period due to any combination of:

(i) a single conviction of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense or Section 9-3 of the Criminal Code of 1961, where the use of alcohol or other drugs is recited as an element of the offense, or a similar out-of-state offense; or

(ii) a statutory summary suspension or revocation under Section 11-501.1; or

(iii) a suspension under Section 6-203.1; arising out of separate occurrences; that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

(C) The person issued a permit conditioned upon the use of an ignition interlock device must pay to the Secretary of State DUI Administration Fund an amount not to exceed $30 per month. The Secretary shall establish by
rule the amount and the procedures, terms, and conditions relating to these fees.

(D) If the restricted driving permit is issued for employment purposes, then the prohibition against operating a motor vehicle that is not equipped with an ignition interlock device does not apply to the operation of an occupational vehicle owned or leased by that person's employer when used solely for employment purposes.

(E) In each case the Secretary may issue a restricted driving permit for a period deemed appropriate, except that all permits shall expire within one year from the date of issuance. The Secretary may not, however, issue a restricted driving permit to any person whose current revocation is the result of a second or subsequent conviction for a violation of Section 11-501 of this Code or a similar provision of a local ordinance or any similar out-of-state offense, or Section 9-3 of the Criminal Code of 1961, where the use of alcohol or other drugs is recited as an element of the offense, or any similar out-of-state offense, or any combination of those offenses, until the expiration of at least one year from the date of the revocation. A restricted driving permit issued under this Section shall be subject to cancellation, revocation, and suspension by the Secretary of State in like manner and for like cause as a driver's license issued under this Code may be cancelled, revoked, or suspended; except that a conviction upon one or more offenses against laws or ordinances regulating the movement of traffic shall be deemed sufficient cause for the revocation, suspension, or cancellation of a restricted driving permit. The Secretary of State may, as a condition to the issuance of a restricted driving permit, require the applicant to participate in a designated driver remedial or rehabilitative program. The Secretary of State is authorized to cancel a restricted driving permit if the permit holder does not successfully complete the program.

(c-5) The Secretary of State may, as a condition of the reissuance of a driver's license or permit to an applicant whose driver's license or permit has been suspended before he or she reached the age of 21 years pursuant to any of the provisions of this Section, require the applicant to participate in a driver remedial education course and be retested under Section 6-109 of this Code.

(d) This Section is subject to the provisions of the Drivers License Compact.

(e) The Secretary of State shall not issue a restricted driving permit to a person under the age of 16 years whose driving privileges have been suspended or revoked under any provisions of this Code.

(50 ILCS 753/15)
Sec. 15. Prepaid wireless 9-1-1 surcharge.
(a) There is hereby imposed on consumers a prepaid wireless 9-1-1 surcharge of 1.5% per retail transaction. The surcharge authorized by this

subsection (a) does not apply in a home rule municipality having a population in excess of 500,000. The amount of the surcharge may be reduced or increased pursuant to subsection (e).

(a-5) A home rule municipality having a population in excess of 500,000 on the effective date of this Act may only impose a prepaid wireless 9-1-1 surcharge not to exceed 7% per retail transaction sourced to that jurisdiction and collected and remitted in accordance with the provisions of subsection (b-5).

(b) The prepaid wireless 9-1-1 surcharge shall be collected by the seller from the consumer with respect to each retail transaction occurring in this State and shall be remitted to the Department by the seller as provided in this Act. The amount of the prepaid wireless 9-1-1 surcharge shall be separately stated as a distinct item apart from the charge for the prepaid wireless telecommunications service on an invoice, receipt, or other similar document that is provided to the consumer by the seller or shall be otherwise disclosed to the consumer. If the seller does not separately state the surcharge as a distinct item to the consumer as provided in this Section, then the seller shall maintain books and records as required by this Act which clearly identify the amount of the 9-1-1 surcharge for retail transactions.

For purposes of this subsection (b), a retail transaction occurs in this State if (i) the retail transaction is made in person by a consumer at the seller's business location and the business is located within the State; (ii) the seller is a provider and sells prepaid wireless telecommunications service to a consumer located in Illinois; (iii) the retail transaction is treated as occurring in this State for purposes of the Retailers' Occupation Tax Act; or (iv) a seller that is included within the definition of a "retailer maintaining a place of business in this State" under Section 2 of the Use Tax Act makes a sale of prepaid wireless telecommunications service to a consumer located in Illinois. (c) The prepaid wireless 9-1-1 surcharge is imposed on the consumer and not on any provider. The seller shall be liable to remit all prepaid wireless 9-1-1 surcharges that the seller collects from consumers as provided in Section 20, including all such surcharges that the seller is deemed to collect where the amount of the surcharge has not been separately stated on an invoice, receipt, or other similar document provided to the consumer by the seller. The surcharge collected or deemed collected by a seller shall constitute a debt owed by the seller to this State, and any such surcharge actually collected shall be held in trust for the benefit of the Department.

(e) The prepaid wireless 9-1-1 charge imposed under subsection (a) of this Section shall be proportionately increased or reduced, as applicable, upon any change to the surcharge imposed under Section 17 of the Wireless Emergency Telephone Safety Act. The adjusted rate shall be determined by dividing the amount of the surcharge imposed under Section 17 of the Wireless Emergency Telephone Safety Act by $50. Such increase or reduction shall be effective on the first day of the first calendar month to occur at least 60 days after the enactment of the change to the surcharge imposed under Section 17 of the Wireless Emergency Telephone Safety Act. PUBLIC ACT 97-0762
(Senate Bill No. 2528)

AN ACT concerning transportation.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. If and only if House Bill 2860 of the 97th General Assembly becomes law, the Illinois Vehicle Code is amended by changing Sections 11-208.6 and 11-306 as follows:
(625 ILCS 5/11-208.6)
Sec. 11-208.6. Automated traffic law enforcement system.
(a) As used in this Section, "automated traffic law enforcement system" means a device with one or more motor vehicle sensors working in conjunction with a red light signal to produce recorded images of motor vehicles entering an intersection against a red signal indication in violation of Section 11-306 of this Code or a similar provision of a local ordinance.

An automated traffic law enforcement system is a system, in a municipality or county operated by a governmental agency, that produces a recorded image of a motor vehicle's violation of a provision of this Code or a local ordinance and is designed to obtain a clear recorded image of the

New matter indicated by italics - deletions by strikeout
vehicle and the vehicle's license plate. The recorded image must also display the time, date, and location of the violation.

(b) As used in this Section, "recorded images" means images recorded by an automated traffic law enforcement system on:

(1) 2 or more photographs;
(2) 2 or more microphotographs;
(3) 2 or more electronic images; or
(4) a video recording showing the motor vehicle and, on at least one image or portion of the recording, clearly identifying the registration plate number of the motor vehicle.

(b-5) A municipality or county that produces a recorded image of a motor vehicle's violation of a provision of this Code or a local ordinance must make the recorded images of a violation accessible to the alleged violator by providing the alleged violator with a website address, accessible through the Internet.

(c) A county or municipality, including a home rule county or municipality, may not use an automated traffic law enforcement system to provide recorded images of a motor vehicle for the purpose of recording its speed. The regulation of the use of automated traffic law enforcement systems to record vehicle speeds is an exclusive power and function of the State. This subsection (c) is a denial and limitation of home rule powers and functions under subsection (h) of Section 6 of Article VII of the Illinois Constitution.

(c-5) A county or municipality, including a home rule county or municipality, may not use an automated traffic law enforcement system to issue violations in instances where the motor vehicle comes to a complete stop and does not enter the intersection, as defined by Section 1-132 of this Code, during the cycle of the red signal indication unless one or more pedestrians or bicyclists are present, even if the motor vehicle stops at a point past a stop line or crosswalk where a driver is required to stop, as specified in subsection (c) of Section 11-306 of this Code or a similar provision of a local ordinance.

(c-6) A county, or a municipality with less than 2,000,000 inhabitants, including a home rule county or municipality, may not use an automated traffic law enforcement system to issue violations in instances where a motorcyclist enters an intersection against a red signal indication when the red signal fails to change to a green signal within a reasonable period of time not less than 120 seconds because of a signal malfunction.
or because the signal has failed to detect the arrival of the motorcycle due to the motorcycle's size or weight.

(d) For each violation of a provision of this Code or a local ordinance recorded by an automatic traffic law enforcement system, the county or municipality having jurisdiction shall issue a written notice of the violation to the registered owner of the vehicle as the alleged violator. The notice shall be delivered to the registered owner of the vehicle, by mail, within 30 days after the Secretary of State notifies the municipality or county of the identity of the owner of the vehicle, but in no event later than 90 days after the violation.

The notice shall include:

(1) the name and address of the registered owner of the vehicle;
(2) the registration number of the motor vehicle involved in the violation;
(3) the violation charged;
(4) the location where the violation occurred;
(5) the date and time of the violation;
(6) a copy of the recorded images;
(7) the amount of the civil penalty imposed and the requirements of any traffic education program imposed and the date by which the civil penalty should be paid and the traffic education program should be completed;
(8) a statement that recorded images are evidence of a violation of a red light signal;
(9) a warning that failure to pay the civil penalty, to complete a required traffic education program, or to contest liability in a timely manner is an admission of liability and may result in a suspension of the driving privileges of the registered owner of the vehicle;
(10) a statement that the person may elect to proceed by:
   (A) paying the fine, completing a required traffic education program, or both; or
   (B) challenging the charge in court, by mail, or by administrative hearing; and
(11) a website address, accessible through the Internet, where the person may view the recorded images of the violation.

(e) If a person charged with a traffic violation, as a result of an automated traffic law enforcement system, does not pay the fine or
complete a required traffic education program, or both, or successfully contest the civil penalty resulting from that violation, the Secretary of State shall suspend the driving privileges of the registered owner of the vehicle under Section 6-306.5 of this Code for failing to complete a required traffic education program or to pay any fine or penalty due and owing, or both, as a result of 5 violations of the automated traffic law enforcement system.

(f) Based on inspection of recorded images produced by an automated traffic law enforcement system, a notice alleging that the violation occurred shall be evidence of the facts contained in the notice and admissible in any proceeding alleging a violation under this Section.

(g) Recorded images made by an automatic traffic law enforcement system are confidential and shall be made available only to the alleged violator and governmental and law enforcement agencies for purposes of adjudicating a violation of this Section, for statistical purposes, or for other governmental purposes. Any recorded image evidencing a violation of this Section, however, may be admissible in any proceeding resulting from the issuance of the citation.

(h) The court or hearing officer may consider in defense of a violation:

(1) that the motor vehicle or registration plates of the motor vehicle were stolen before the violation occurred and not under the control of or in the possession of the owner at the time of the violation;

(2) that the driver of the vehicle passed through the intersection when the light was red either (i) in order to yield the right-of-way to an emergency vehicle or (ii) as part of a funeral procession; and

(3) any other evidence or issues provided by municipal or county ordinance.

(i) To demonstrate that the motor vehicle or the registration plates were stolen before the violation occurred and were not under the control or possession of the owner at the time of the violation, the owner must submit proof that a report concerning the stolen motor vehicle or registration plates was filed with a law enforcement agency in a timely manner.

(j) Unless the driver of the motor vehicle received a Uniform Traffic Citation from a police officer at the time of the violation, the motor vehicle owner is subject to a civil penalty not exceeding $100 or the New matter indicated by italics - deletions by strikeout
completion of a traffic education program, or both, plus an additional penalty of not more than $100 for failure to pay the original penalty or to complete a required traffic education program, or both, in a timely manner, if the motor vehicle is recorded by an automated traffic law enforcement system. A violation for which a civil penalty is imposed under this Section is not a violation of a traffic regulation governing the movement of vehicles and may not be recorded on the driving record of the owner of the vehicle.

(j-3) A registered owner who is a holder of a valid commercial driver's license is not required to complete a traffic education program.

(j-5) For purposes of the required traffic education program only, a registered owner may submit an affidavit to the court or hearing officer swearing that at the time of the alleged violation, the vehicle was in the custody and control of another person. The affidavit must identify the person in custody and control of the vehicle, including the person's name and current address. The person in custody and control of the vehicle at the time of the violation is required to complete the required traffic education program. If the person in custody and control of the vehicle at the time of the violation completes the required traffic education program, the registered owner of the vehicle is not required to complete a traffic education program.

(k) An intersection equipped with an automated traffic law enforcement system must be posted with a sign visible to approaching traffic indicating that the intersection is being monitored by an automated traffic law enforcement system.

(k-3) A municipality or county that has one or more intersections equipped with an automated traffic law enforcement system must provide notice to drivers by posting the locations of automated traffic law systems on the municipality or county website.

(k-5) An intersection equipped with an automated traffic law enforcement system must have a yellow change interval that conforms with the Illinois Manual on Uniform Traffic Control Devices (IMUTCD) published by the Illinois Department of Transportation.

(k-7) A municipality or county operating an automated traffic law enforcement system shall conduct a statistical analysis to assess the safety impact of each automated traffic law enforcement system at an intersection following installation of the system. The statistical analysis shall be based upon the best available crash, traffic, and other data, and shall cover a period of time before and after installation of the system sufficient to

New matter indicated by italics - deletions by strikeout
provide a statistically valid comparison of safety impact. The statistical analysis shall be consistent with professional judgment and acceptable industry practice. The statistical analysis also shall be consistent with the data required for valid comparisons of before and after conditions and shall be conducted within a reasonable period following the installation of the automated traffic law enforcement system. The statistical analysis required by this subsection (k-7) shall be made available to the public and shall be published on the website of the municipality or county. If the statistical analysis for the 36 month period following installation of the system indicates that there has been an increase in the rate of accidents at the approach to the intersection monitored by the system, the municipality or county shall undertake additional studies to determine the cause and severity of the accidents, and may take any action that it determines is necessary or appropriate to reduce the number or severity of the accidents at that intersection.

(l) The compensation paid for an automated traffic law enforcement system must be based on the value of the equipment or the services provided and may not be based on the number of traffic citations issued or the revenue generated by the system.

(m) This Section applies only to the counties of Cook, DuPage, Kane, Lake, Madison, McHenry, St. Clair, and Will and to municipalities located within those counties.

(n) The fee for participating in a traffic education program under this Section shall not exceed $25.

colors green, red and yellow shall be used, except for special pedestrian signals carrying a word legend, and the lights shall indicate and apply to drivers of vehicles and pedestrians as follows:

(a) Green indication.

1. Vehicular traffic facing a circular green signal may proceed straight through or turn right or left unless a sign at such place prohibits either such turn. Vehicular traffic, including vehicles turning right or left, shall yield the right of way to other vehicles and to pedestrians lawfully within the intersection or an adjacent crosswalk at the time such signal is exhibited.

2. Vehicular traffic facing a green arrow signal, shown alone or in combination with another indication, may cautiously enter the intersection only to make the movement indicated by such arrow, or such other movement as is permitted by other indications shown at the same time. Such vehicular traffic shall yield the right of way to pedestrians lawfully within an adjacent crosswalk and to other traffic lawfully using the intersection.

3. Unless otherwise directed by a pedestrian-control signal, as provided in Section 11-307, pedestrians facing any green signal, except when the sole green signal is a turn arrow, may proceed across the roadway within any marked or unmarked crosswalk.

(b) Steady yellow indication.

1. Vehicular traffic facing a steady circular yellow or yellow arrow signal is thereby warned that the related green movement is being terminated or that a red indication will be exhibited immediately thereafter.

2. Pedestrians facing a steady circular yellow or yellow arrow signal, unless otherwise directed by a pedestrian-control signal as provided in Section 11-307, are thereby advised that there is insufficient time to cross the roadway before a red indication is shown and no pedestrian shall then start to cross the roadway.

(c) Steady red indication.

1. Except as provided in paragraphs 3 and 3.5 of this subsection (c), vehicular traffic facing a steady circular red signal alone shall stop at a clearly marked stop line, but if there is no such stop line, before entering the crosswalk on the near side of the intersection, or if there is no such crosswalk, then before entering the intersection, and shall remain standing until an indication to proceed is shown.

2. Except as provided in paragraphs 3 and 3.5 of this subsection (c), vehicular traffic facing a steady red arrow signal shall not enter the intersection to make the movement indicated by the arrow and, unless entering the intersection to make a movement permitted by another signal, shall stop at a clearly marked stop line, but if there is no such stop line, before entering the crosswalk on the near side of the intersection, or if there is no such crosswalk, then before entering the intersection, and shall remain standing until an indication permitting the movement indicated by such red arrow is shown.

3. Except when a sign is in place prohibiting a turn and local authorities by ordinance or State authorities by rule or regulation prohibit any such turn, vehicular traffic facing any steady red signal may cautiously enter the intersection to turn right, or to turn left from a one-way street into a one-way street, after stopping as required by paragraph 1 or paragraph 2 of this subsection. After stopping, the driver shall yield the right of way to any vehicle in the intersection or approaching on another roadway so closely as to constitute an immediate hazard during the time such driver is moving across or within the intersection or junction or roadways. Such driver shall yield the right of way to pedestrians within the intersection or an adjacent crosswalk.

3.5. In municipalities with less than 2,000,000 inhabitants, after stopping as required by paragraph 1 or 2 of this subsection, the driver of a motorcycle or bicycle, facing a steady red signal which fails to change to a green signal within a reasonable period of time not less than 120 seconds because of a signal malfunction or because the signal has failed to detect the arrival of the motorcycle or bicycle due to the vehicle's size or weight, shall have the right to proceed, after yielding the right of way to oncoming traffic facing a green signal, subject to the rules applicable after making a stop at a stop sign as required by Section 11-1204 of this Code.

4. Unless otherwise directed by a pedestrian-control signal as provided in Section 11-307, pedestrians facing a steady circular red or red arrow signal alone shall not enter the roadway.

(d) In the event an official traffic control signal is erected and maintained at a place other than an intersection, the provisions of this Section shall be applicable except as to provisions which by their nature

can have no application. Any stop required shall be at a traffic sign or a marking on the pavement indicating where the stop shall be made or, in the absence of such sign or marking, the stop shall be made at the signal.

(e) The motorman of any streetcar shall obey the above signals as applicable to vehicles.

Upon receipt of such report of conviction and statement of finding that the damage to a vehicle is in excess of $1,000, the Secretary of State shall suspend the driver's license or any nonresident's driving privilege.

(c) If any peace officer or highway authority official finds (i) a vehicle standing upon a highway or toll highway in violation of a prohibition, limitation, or restriction on stopping, standing, or parking imposed under this Code or (ii) a disabled vehicle that obstructs the roadway of a highway or toll highway, the peace officer or highway authority official is authorized to move the vehicle or to require the operator of the vehicle to move the vehicle to the shoulder of the road, to a position where parking is permitted, or to public parking or storage premises. Sec. 18A-5. Provisional voting; general provisions.
(a) A person who claims to be a registered voter is entitled to cast a
provisional ballot under the following circumstances:

(1) The person's name does not appear on the official list of
eligible voters for the precinct in which the person seeks to vote.

New matter indicated by italics - deletions by strikeout
The official list is the centralized statewide voter registration list established and maintained in accordance with Section 1A-25;

(2) The person's voting status has been challenged by an election judge, a pollwatcher, or any legal voter and that challenge has been sustained by a majority of the election judges;

(3) A federal or State court order extends the time for closing the polls beyond the time period established by State law and the person votes during the extended time period;

(4) The voter registered to vote by mail and is required by law to present identification when voting either in person or by absentee ballot, but fails to do so;

(5) The voter's name appears on the list of voters who voted during the early voting period, but the voter claims not to have voted during the early voting period; or

(6) The voter received an absentee ballot but did not return the absentee ballot to the election authority.

(b) The procedure for obtaining and casting a provisional ballot at the polling place shall be as follows:

(1) After first verifying through an examination of the precinct register that the person's address is within the precinct boundaries, an election judge at the polling place shall notify a person who is entitled to cast a provisional ballot pursuant to subsection (a) that he or she may cast a provisional ballot in that election. An election judge must accept any information provided by a person who casts a provisional ballot that the person believes supports his or her claim that he or she is a duly registered voter and qualified to vote in the election. However, if the person's residence address is outside the precinct boundaries, the election judge shall inform the person of that fact, give the person the appropriate telephone number of the election authority in order to locate the polling place assigned to serve that address, and instruct the person to go to the proper polling place to vote.

(2) The person shall execute a written form provided by the election judge that shall state or contain all of the following that is available:

   (i) an affidavit stating the following:

       State of Illinois, County of ................., Township
       ................., Precinct ......., Ward ......., I, ...................., do
       solemnly swear (or affirm) that: I am a citizen of the United

States; I am 18 years of age or older; I have resided in this State and in this precinct for 30 days preceding this election; I have not voted in this election; I am a duly registered voter in every respect; and I am eligible to vote in this election. Signature ...... Printed Name of Voter .......
Printed Residence Address of Voter ...... City ...... State ....
Zip Code ...... Telephone Number ...... Date of Birth ......
and Illinois Driver's License Number ....... or Last 4 digits of Social Security Number ...... or State Identification Card Number issued to you by the Illinois Secretary of State........
(ii) A box for the election judge to check one of the 6 reasons why the person was given a provisional ballot under subsection (a) of Section 18A-5.
(iii) An area for the election judge to affix his or her signature and to set forth any facts that support or oppose the allegation that the person is not qualified to vote in the precinct in which the person is seeking to vote.

The written affidavit form described in this subsection (b)(2) must be printed on a multi-part form prescribed by the county clerk or board of election commissioners, as the case may be.

(3) After the person executes the portion of the written affidavit described in subsection (b)(2)(i) of this Section, the election judge shall complete the portion of the written affidavit described in subsection (b)(2)(iii) and (b)(2)(iv).

(4) The election judge shall give a copy of the completed written affidavit to the person. The election judge shall place the original written affidavit in a self-adhesive clear plastic packing list envelope that must be attached to a separate envelope marked as a "provisional ballot envelope". The election judge shall also place any information provided by the person who casts a provisional ballot in the clear plastic packing list envelope. Each county clerk or board of election commissioners, as the case may be, must design, obtain or procure self-adhesive clear plastic packing list envelopes and provisional ballot envelopes that are suitable for implementing this subsection (b)(4) of this Section.

(5) The election judge shall provide the person with a provisional ballot, written instructions for casting a provisional ballot, and the provisional ballot envelope with the clear plastic packing list envelope affixed to it, which contains the person's original written affidavit and, if any, information provided by the provisional voter to support his or her
claim that he or she is a duly registered voter. An election judge must also give the person written information that states that any person who casts a provisional ballot shall be able to ascertain, pursuant to guidelines established by the State Board of Elections, whether the provisional vote was counted in the official canvass of votes for that election and, if the provisional vote was not counted, the reason that the vote was not counted.

(6) After the person has completed marking his or her provisional ballot, he or she shall place the marked ballot inside of the provisional ballot envelope, close and seal the envelope, and return the envelope to an election judge, who shall then deposit the sealed provisional ballot envelope into a securable container separately identified and utilized for containing sealed provisional ballot envelopes. Ballots that are provisional because they are cast after 7:00 p.m. by court order shall be kept separate from other provisional ballots. Upon the closing of the polls, the securable container shall be sealed with filament tape provided for that purpose, which shall be wrapped around the box lengthwise and crosswise, at least twice each way, and each of the election judges shall sign the seal.

(c) Instead of the affidavit form described in subsection (b), the county clerk or board of election commissioners, as the case may be, may design and use a multi-part affidavit form that is imprinted upon or attached to the provisional ballot envelope described in subsection (b). If a county clerk or board of election commissioners elects to design and use its own multi-part affidavit form, then the county clerk or board of election commissioners shall establish a mechanism for accepting any information the provisional voter has supplied to the election judge to support his or her claim that he or she is a duly registered voter. In all other respects, a county clerk or board of election commissioners shall establish procedures consistent with subsection (b).

(d) The county clerk or board of election commissioners, as the case may be, shall use the completed affidavit form described in subsection (b) to update the person's voter registration information in the State voter registration database and voter registration database of the county clerk or board of election commissioners, as the case may be. If a person is later determined not to be a registered voter based on Section 18A-15 of this Code, then the affidavit shall be processed by the county clerk or board of election commissioners, as the case may be, as a voter registration application.

Sec. 18A-15. Validating and counting provisional ballots.

(a) The county clerk or board of election commissioners shall complete the validation and counting of provisional ballots within 14 calendar days of the day of the election. The county clerk or board of election commissioners shall have 7 calendar days from the completion of the validation and counting of provisional ballots to conduct its final canvass. The State Board of Elections shall complete within 31 calendar days of the election or sooner if all the returns are received, its final canvass of the vote for all public offices.

(b) If a county clerk or board of election commissioners determines that all of the following apply, then a provisional ballot is valid and shall be counted as a vote:

(1) The provisional voter cast the provisional ballot in the correct precinct based on the address provided by the provisional voter. The provisional voter's affidavit shall serve as a change of address request by that voter for registration purposes for the next ensuing election if it bears an address different from that in the records of the election authority;

(2) The affidavit executed by the provisional voter pursuant to subsection (b)(2) of Section 18A-5 contains, at a minimum, the provisional voter's first and last name, house number and street name, and signature or mark; and

(3) the provisional voter is a registered voter based on information available to the county clerk or board of election commissioners provided by or obtained from any of the following:
   i. the provisional voter;
   ii. an election judge;
   iii. the statewide voter registration database maintained by the State Board of Elections;
   iv. the records of the county clerk or board of election commissioners' database; or
   v. the records of the Secretary of State; and:

(4) For a provisional ballot cast under item (6) of subsection (a) of Section 18A-5, the voter did not vote by absentee ballot in the election at which the provisional ballot was cast.

(c) With respect to subsection (b)(3) of this Section, the county clerk or board of election commissioners shall investigate and record whether or not the specified information is available from each of the 5
identified sources. If the information is available from one or more of the identified sources, then the county clerk or board of election commissioners shall seek to obtain the information from each of those sources until satisfied, with information from at least one of those sources, that the provisional voter is registered and entitled to vote. The county clerk or board of election commissioners shall use any information it obtains as the basis for determining the voter registration status of the provisional voter. If a conflict exists among the information available to the county clerk or board of election commissioners as to the registration status of the provisional voter, then the county clerk or board of election commissioners shall make a determination based on the totality of the circumstances. In a case where the above information equally supports or opposes the registration status of the voter, the county clerk or board of election commissioners shall decide in favor of the provisional voter as being duly registered to vote. If the statewide voter registration database maintained by the State Board of Elections indicates that the provisional voter is registered to vote, but the county clerk's or board of election commissioners' voter registration database indicates that the provisional voter is not registered to vote, then the information found in the statewide voter registration database shall control the matter and the provisional voter shall be deemed to be registered to vote. If the records of the county clerk or board of election commissioners indicates that the provisional voter is registered to vote, but the statewide voter registration database maintained by the State Board of Elections indicates that the provisional voter is not registered to vote, then the information found in the records of the county clerk or board of election commissioners shall control the matter and the provisional voter shall be deemed to be registered to vote. If the provisional voter's signature on his or her provisional ballot request varies from the signature on an otherwise valid registration application solely because of the substitution of initials for the first or middle name, the election authority may not reject the provisional ballot.

(d) In validating the registration status of a person casting a provisional ballot, the county clerk or board of election commissioners shall not require a provisional voter to complete any form other than the affidavit executed by the provisional voter under subsection (b)(2) of Section 18A-5. In addition, the county clerk or board of election commissioners shall not require all provisional voters or any particular class or group of provisional voters to appear personally before the county clerk or board of election commissioners or as a matter of policy require
provisional voters to submit additional information to verify or otherwise support the information already submitted by the provisional voter. The provisional voter may, within 2 calendar days after the election, submit additional information to the county clerk or board of election commissioners. This information must be received by the county clerk or board of election commissioners within the 2-calendar-day period.

(e) If the county clerk or board of election commissioners determines that subsection (b)(1), (b)(2), or (b)(3) does not apply, then the provisional ballot is not valid and may not be counted. The provisional ballot envelope containing the ballot cast by the provisional voter may not be opened. The county clerk or board of election commissioners shall write on the provisional ballot envelope the following: "Provisional ballot determined invalid."

(f) If the county clerk or board of election commissioners determines that a provisional ballot is valid under this Section, then the provisional ballot envelope shall be opened. The outside of each provisional ballot envelope shall also be marked to identify the precinct and the date of the election.

(g) Provisional ballots determined to be valid shall be counted at the election authority's central ballot counting location and shall not be counted in precincts. The provisional ballots determined to be valid shall be added to the vote totals for the precincts from which they were cast in the order in which the ballots were opened. The validation and counting of provisional ballots shall be subject to the provisions of this Code that apply to pollwatchers. If the provisional ballots are a ballot of a punch card voting system, then the provisional ballot shall be counted in a manner consistent with Article 24A. If the provisional ballots are a ballot of optical scan or other type of approved electronic voting system, then the provisional ballots shall be counted in a manner consistent with Article 24B.

(h) As soon as the ballots have been counted, the election judges or election officials shall, in the presence of the county clerk or board of election commissioners, place each of the following items in a separate envelope or bag: (1) all provisional ballots, voted or spoiled; (2) all provisional ballot envelopes of provisional ballots voted or spoiled; and (3) all executed affidavits of the provisional ballots voted or spoiled. All provisional ballot envelopes for provisional voters who have been determined not to be registered to vote shall remain sealed. The county clerk or board of election commissioners shall treat the provisional ballot

envelope containing the written affidavit as a voter registration application for that person for the next election and process that application. The election judges or election officials shall then securely seal each envelope or bag, initial the envelope or bag, and plainly mark on the outside of the envelope or bag in ink the precinct in which the provisional ballots were cast. The election judges or election officials shall then place each sealed envelope or bag into a box, secure and seal it in the same manner as described in item (6) of subsection (b) of Section 18A-5. Each election judge or election official shall take and subscribe an oath before the county clerk or board of election commissioners that the election judge or election official securely kept the ballots and papers in the box, did not permit any person to open the box or otherwise touch or tamper with the ballots and papers in the box, and has no knowledge of any other person opening the box. For purposes of this Section, the term "election official" means the county clerk, a member of the board of election commissioners, as the case may be, and their respective employees.

(10 ILCS 5/19-2.1) (from Ch. 46, par. 19-2.1)

Sec. 19-2.1. At the consolidated primary, general primary, consolidated, and general elections, electors entitled to vote by absentee ballot under the provisions of Section 19-1 may vote in person at the office of the municipal clerk, if the elector is a resident of a municipality not having a board of election commissioners, or at the office of the township clerk or, in counties not under township organization, at the office of the road district clerk if the elector is not a resident of a municipality; provided, in each case that the municipal, township or road district clerk, as the case may be, is authorized to conduct in-person absentee voting pursuant to this Section. Absentee voting in such municipal and township clerk's offices under this Section shall be conducted from the 22nd day through the day before the election.

Municipal and township clerks (or road district clerks) who have regularly scheduled working hours at regularly designated offices other than a place of residence and whose offices are open for business during the same hours as the office of the election authority shall conduct in-person absentee voting for said elections. Municipal and township clerks (or road district clerks) who have no regularly scheduled working hours but who have regularly designated offices other than a place of residence shall conduct in-person absentee voting for said elections during the hours
of 8:30 a.m. to 4:30 p.m. or 9:00 a.m. to 5:00 p.m., weekdays, and 9:00 a.m. to 12:00 noon on Saturdays, but not during such hours as the office of the election authority is closed, unless the clerk files a written waiver with the election authority not later than July 1 of each year stating that he or she is unable to conduct such voting and the reasons therefor. Such clerks who conduct in-person absentee voting may extend their hours for that purpose to include any hours in which the election authority's office is open. Municipal and township clerks (or road district clerks) who have no regularly scheduled office hours and no regularly designated offices other than a place of residence may not conduct in-person absentee voting for said elections. The election authority may devise alternative methods for in-person absentee voting before said elections for those precincts located within the territorial area of a municipality or township (or road district) wherein the clerk of such municipality or township (or road district) has waived or is not entitled to conduct such voting. In addition, electors may vote by absentee ballot under the provisions of Section 19-1 at the office of the election authority having jurisdiction over their residence. Unless specifically authorized by the election authority, municipal, township, and road district clerks shall not conduct in-person absentee voting. No less than 45 days before the date of an election, the election authority shall notify the municipal, township, and road district clerks within its jurisdiction if they are to conduct in-person absentee voting. Election authorities, however, may conduct in-person absentee voting in one or more designated appropriate public buildings from the fourth day before the election through the day before the election.

In conducting in-person absentee voting under this Section, the respective clerks shall be required to verify the signature of the absentee voter by comparison with the signature on the official registration record card. The clerk also shall reasonably ascertain the identity of such applicant, shall verify that each such applicant is a registered voter, and shall verify the precinct in which he or she is registered and the proper ballots of the political subdivisions in which the applicant resides and is entitled to vote, prior to providing any absentee ballot to such applicant. The clerk shall verify the applicant's registration and from the most recent poll list provided by the county clerk, and if the applicant is not listed on that poll list then by telephoning the office of the county clerk.

Absentee voting procedures in the office of the municipal, township and road district clerks shall be subject to all of the applicable provisions of this Article 19. Pollwatchers may be appointed to observe in-
person absentee voting procedures and view all reasonably requested records relating to the conduct of the election, provided the secrecy of the ballot is not impinged, at the office of the municipal, township or road district clerks' offices where such absentee voting is conducted. Such pollwatchers shall qualify and be appointed in the same manner as provided in Sections 7-34 and 17-23, except each candidate, political party or organization of citizens may appoint only one pollwatcher for each location where in-person absentee voting is conducted. Pollwatchers must be registered to vote in Illinois and possess valid pollwatcher credentials. All requirements in this Article applicable to election authorities shall apply to the respective local clerks, except where inconsistent with this Section.

The sealed absentee ballots in their carrier envelope shall be delivered by the respective clerks, or by the election authority on behalf of a clerk if the clerk and the election authority agree, to the election authority's central ballot counting location before the close of the polls on the day of the general primary, consolidated primary, consolidated, or general election.

Not more than 23 days before the general and consolidated elections, the county clerk shall make available to those municipal, township and road district clerks conducting in-person absentee voting within such county, a sufficient number of applications, absentee ballots, envelopes, and printed voting instruction slips for use by absentee voters in the offices of such clerks. The respective clerks shall receipt for all ballots received, shall return all unused or spoiled ballots to the county clerk on the day of the election and shall strictly account for all ballots received.

The ballots delivered to the respective clerks shall include absentee ballots for each precinct in the municipality, township or road district, or shall include such separate ballots for each political subdivision conducting an election of officers or a referendum on that election day as will permit any resident of the municipality, township or road district to vote absentee in the office of the proper clerk.

The clerks of all municipalities, townships and road districts may distribute applications for absentee ballot for the use of voters who wish to mail such applications to the appropriate election authority. Any person may produce, reproduce, distribute, or return to an election authority the application for absentee ballot. Upon receipt, the appropriate election
authority shall accept and promptly process any application for absentee ballot.

(a) The period for early voting by personal appearance begins the 15th day preceding a general primary, consolidated primary, consolidated, or general election and extends through the 3rd day before election day.

(b) A permanent polling place for early voting must remain open during the hours of 8:30 a.m. to 4:30 p.m., or 9:00 a.m. to 5:00 p.m., on weekdays and 9:00 a.m. to 12:00 p.m. on Saturdays, Sundays, and holidays; except that, in addition to the hours required by this subsection, a permanent early voting polling place designated by an election authority under subsection (c) of Section 19A-10 must remain open for a total of at least 8 hours on any holiday during the early voting period and a total of at least 14 hours on the final weekend during the early voting period.

Sec. 24C-12. Procedures for Counting and Tallying of Ballots. In an election jurisdiction where a Direct Recording Electronic Voting System is used, the following procedures for counting and tallying the ballots shall apply:

Before the opening of the polls, the judges of elections shall assemble the voting equipment and devices and turn the equipment on. The judges shall, if necessary, take steps to activate the voting devices and counting equipment by inserting into the equipment and voting devices

New matter indicated by italics - deletions by strikeout
appropriate data cards containing passwords and data codes that will select
the proper ballot formats selected for that polling place and that will
prevent inadvertent or unauthorized activation of the poll-opening
function. Before voting begins and before ballots are entered into the
voting devices, the judges of election shall cause to be printed a record of
the following: the election's identification data, the device's unit
identification, the ballot's format identification, the contents of each active
candidate register by office and of each active public question register
showing that they contain all zero votes, all ballot fields that can be used
to invoke special voting options, and other information needed to ensure
the readiness of the equipment and to accommodate administrative
reporting requirements. The judges must also check to be sure that the
totals are all zeros in the counting columns and in the public counter
affixed to the voting devices.

After the judges have determined that a person is qualified to vote,
a voting device with the proper ballot to which the voter is entitled shall be
enabled to be used by the voter. The ballot may then be cast by the voter
by marking by appropriate means the designated area of the ballot for the
casting of a vote for any candidate or for or against any public question.
The voter shall be able to vote for any and all candidates and public
measures appearing on the ballot in any legal number and combination and
the voter shall be able to delete, change or correct his or her selections
before the ballot is cast. The voter shall be able to select candidates whose
names do not appear upon the ballot for any office by entering
electronically as many names of candidates as the voter is entitled to select
for each office.

Upon completing his or her selection of candidates or public
questions, the voter shall signify that voting has been completed by

permanent paper record shall (i) be printed in a clear, readily readable

authorized by this Article. All permanent paper records shall be preserved and secured by election officials in the same manner as paper ballots and shall be available as an official record for any recount, redundant count, or verification or retabulation of the vote count conducted with respect to any election in which the voting system is used. The voter shall exit the voting station and the voting system shall prevent any further attempt to vote until it has been properly re-activated. If a voting device has been enabled for voting but the voter leaves the polling place without casting a ballot, 2 judges of election, one from each of the 2 major political parties, shall spoil the ballot.

Throughout the election day and before the closing of the polls, no person may check any vote totals for any candidate or public question on the voting or counting equipment. Such equipment shall be programmed so that no person may reset the equipment for reentry of ballots unless provided the proper code from an authorized representative of the election authority.

The precinct judges of election shall check the public register to determine whether the number of ballots counted by the voting equipment agrees with the number of voters voting as shown by the applications for ballot. If the same do not agree, the judges of election shall immediately contact the offices of the election authority in charge of the election for further instructions. If the number of ballots counted by the voting equipment agrees with the number of voters voting as shown by the application for ballot, the number shall be listed on the "Statement of Ballots" form provided by the election authority.

The totals for all candidates and propositions shall be tabulated. One copy of an "In-Precinct Totals Report" shall be generated by the automatic tabulating equipment for return to the election authority. One copy of an "In-Precinct Totals Report" shall be generated and posted in a conspicuous place inside the polling place, provided that any authorized pollwatcher or other official authorized to be present in the polling place to observe the counting of ballots is present. The judges of election shall provide, if requested, a set for each authorized pollwatcher or other official authorized to be present in the polling place to observe the counting of ballots. In addition, sufficient time shall be provided by the judges of election to the pollwatchers to allow them to copy information from the copy which has been posted.

Until December 31, 2015, in elections at which fractional cumulative votes are cast for candidates, the tabulation of those fractional

cumulative votes may be made by the election authority at its central office location, and 4 copies of a "Certificate of Results" shall be printed by the automatic tabulation equipment and shall be posted in 4 conspicuous places at the central office location where those fractional cumulative votes have been tabulated.

If instructed by the election authority, the judges of election shall cause the tabulated returns to be transmitted electronically to the offices of the election authority via modem or other electronic medium.

The precinct judges of election shall select a bi-partisan team of 2 judges, who shall immediately return the ballots in a sealed container, along with all other election materials and equipment as instructed by the election authority; provided, however, that such container must first be sealed by the election judges with filament tape or other approved sealing devices provided for the purpose in a manner that the ballots cannot be removed from the container without breaking the seal or filament tape and disturbing any signatures affixed by the election judges to the container. The election authority shall keep the office of the election authority, or any receiving stations designated by the authority, open for at least 12 consecutive hours after the polls close or until the ballots and election material and equipment from all precincts within the jurisdiction of the election authority have been returned to the election authority. Ballots and election materials and equipment returned to the office of the election authority which are not signed and sealed as required by law shall not be accepted by the election authority until the judges returning the ballots make and sign the necessary corrections. Upon acceptance of the ballots and election materials and equipment by the election authority, the judges returning the ballots shall take a receipt signed by the election authority and stamped with the time and date of the return. The election judges whose duty it is to return any ballots and election materials and equipment as provided shall, in the event the ballots, materials or equipment cannot be found when needed, on proper request, produce the receipt which they are to take as above provided.

PUBLIC ACT 97-0768
(House Bill No. 4548)

AN ACT concerning public health.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Alzheimer's Disease Assistance Act is amended by changing Sections 2, 3, 4, 5, 6, and 7 as follows:

(410 ILCS 405/2) (from Ch. 111 1/2, par. 6952)

Sec. 2. Policy declaration. The General Assembly finds that dementia is a general term for cognitive decline caused by various diseases and conditions that result in damaged brain cells or connections between brain cells. Alzheimer's disease is the most common type of dementia, caused by physical changes in the brain and accounting for 60% to 80% of cases. There are many other causes of dementia, known here as related disorders. Today Alzheimer's disease affects Alzheimer's disease and related disorders are devastating health conditions which destroy certain vital cells of the brain and which affect an estimated 5,400,000 Americans; this means that approximately 210,000 Illinois citizens have Alzheimer's disease are victims. The General Assembly also recognizes that the incidence of Alzheimer's disease is rising and expected to reach 240,000 in Illinois by 2025. The General Assembly finds that Medicaid costs for individuals with Alzheimer's disease are 9 times higher than the costs for a person without Alzheimer's disease in the same age group and that 71% of all Illinois nursing home residents have some degree of cognitive impairment, with more than half of that group having moderate to severe cognitive decline finds that 50% of all nursing home admissions in the State may be attributable to the Alzheimer's disease and related disorders and that these conditions are the fourth leading cause of death among the elderly.

The General Assembly also finds that Alzheimer's is not a normal part of aging, although the greatest known risk factor is increasing age, and the majority of people with Alzheimer's are 65 and older. But

New matter indicated by italics - deletions by strikeout
Alzheimer's is not just a disease of old age. Up to 5% of people with the disease have early-onset Alzheimer's (also known as younger-onset), which often appears when someone is in their forties or fifties. It is the opinion of the General Assembly that Alzheimer's disease and related disorders cause serious financial, social, and emotional hardships on persons with Alzheimer's disease or related disorders the victims and their families of such a major consequence that it is essential for the State to develop and implement policies, plans, programs and services to alleviate such hardships.

The General Assembly recognizes that there is no known cause or cure of Alzheimer's disease at this time, and that it can progress over an extended period of time and to such a degree that a person with Alzheimer's disease dies from Alzheimer's disease. The General Assembly recognizes that Alzheimer's disease is the sixth leading cause of death across all ages in the United States and the fifth leading cause of death for those aged 65 or older. The victim's deteriorated condition makes him or her susceptible to other medical disorders that generally prove fatal. It is the intent of the General Assembly, through implementation of this Act, to establish a program for the conduct of research regarding the cause, cure and treatment of Alzheimer's disease and related disorders; and, through the establishment of Regional Alzheimer's Disease Assistance Centers and a comprehensive, Statewide system of regional and community-based services, to provide for the identification, evaluation, diagnosis, referral and treatment of individuals with Alzheimer's disease or related disorders. It is also the intent of the General Assembly to provide adequate and appropriate State policy and regulations to ensure that Illinois persons with Alzheimer's disease and related disorders are able to maintain their quality of life and their dignity as they progress through the course of the disease victims of such health problems.

No Working Cash Notes shall be issued for a term of longer than 24 months. Proceeds of Working Cash Notes may be used to pay day to day operating expenses of the Authority or the Service Boards, consisting of wages, salaries and fringe benefits, professional and technical services (including legal, audit, engineering and other consulting services), office rental, furniture, fixtures and equipment, insurance premiums, claims for self-insured amounts under insurance policies, public utility obligations for telephone, light, heat and similar items, travel expenses, office supplies, postage, dues, subscriptions, public hearings and information expenses, fuel purchases, and payments of grants and payments under purchase of service agreements for operations of transportation agencies, prior to the receipt by the Authority or a Service Board from time to time of funds for paying such expenses. In addition to any Working Cash Notes that the Board of the Authority may determine to issue, the Suburban Bus Board, the Commuter Rail Board or the Board of the Chicago Transit Authority may demand and direct that the Authority issue its Working Cash Notes in such amounts and having such maturities as the Service Board may determine.

Notwithstanding any other provision of this Act, any amounts necessary to pay principal of and interest on any Working Cash Notes issued at the demand and direction of a Service Board or any Working Cash Notes the proceeds of which were used for the direct benefit of a Service Board or any other Bonds or Notes of the Authority the proceeds of which were used for the direct benefit of a Service Board shall constitute a reduction of the amount of any other funds provided by the Authority to that Service Board. The Authority shall, after deducting any costs of issuance, tender the net proceeds of any Working Cash Notes issued at the demand and direction of a Service Board to such Service Board as soon as may be practicable after the proceeds are received. The Authority may also issue notes or bonds to pay, refund or redeem any of its notes and bonds, including to pay redemption premiums or accrued interest on such bonds or notes being renewed, paid or refunded, and other costs in connection therewith. The Authority may also utilize the proceeds of any such bonds or notes to pay the legal, financial, administrative and other expenses of such authorization, issuance, sale or delivery of bonds or notes or to provide or increase a debt service reserve fund with respect to any or all of its bonds or notes. The Authority may also issue and deliver
its bonds or notes in exchange for any public transportation facilities, (including funds and rights relating thereto, as provided in Section 2.05 of this Act) or in exchange for outstanding bonds or notes of the Authority, including any accrued interest or redemption premium thereon, without advertising or submitting such notes or bonds for public bidding.

(b) The ordinance providing for the issuance of any such bonds or notes shall fix the date or dates of maturity, the dates on which interest is payable, any sinking fund account or reserve fund account provisions and all other details of such bonds or notes and may provide for such covenants or agreements necessary or desirable with regard to the issue, sale and security of such bonds or notes. The rate or rates of interest on its bonds or notes may be fixed or variable and the Authority shall determine or provide for the determination of the rate or rates of interest of its bonds or notes issued under this Act in an ordinance adopted by the Authority prior to the issuance thereof, none of which rates of interest shall exceed that permitted in the Bond Authorization Act. Interest may be payable at such times as are provided for by the Board. Bonds and notes issued under this Section may be issued as serial or term obligations, shall be of such denomination or denominations and form, including interest coupons to be attached thereto, be executed in such manner, shall be payable at such place or places and bear such date as the Authority shall fix by the ordinance authorizing such bond or note and shall mature at such time or times, within a period not to exceed forty years from the date of issue, and may be redeemable prior to maturity with or without premium, at the option of the Authority, upon such terms and conditions as the Authority shall fix by the ordinance authorizing the issuance of such bonds or notes. No bond anticipation note or any renewal thereof shall mature at any time or times exceeding 5 years from the date of the first issuance of such note. The Authority may provide for the registration of bonds or notes in the name of the owner as to the principal alone or as to both principal and interest, upon such terms and conditions as the Authority may determine. The ordinance authorizing bonds or notes may provide for the exchange of such bonds or notes which are fully registered, as to both principal and interest, with bonds or notes which are registerable as to principal only. All bonds or notes issued under this Section by the Authority other than those issued in exchange for property or for bonds or notes of the Authority shall be sold at a price which may be at a premium or discount but such that the interest cost (excluding any redemption premium) to the Authority of the proceeds of an issue of such bonds or notes, computed to

The Authority shall notify the Governor's Office of Management and Budget and the State Comptroller at least 30 days before any bond sale and shall file with the Governor's Office of Management and Budget and the State Comptroller a certified copy of any ordinance authorizing the issuance of bonds at or before the issuance of the bonds. After December 31, 1994, any such bonds or notes shall be sold to the highest and best bidder on sealed bids as the Authority shall deem. As such bonds or notes are to be sold the Authority shall advertise for proposals to purchase the bonds or notes which advertisement shall be published at least once in a daily newspaper of general circulation published in the metropolitan region at least 10 days before the time set for the submission of bids. The Authority shall have the right to reject any or all bids. Notwithstanding any other provisions of this Section, Working Cash Notes or bonds or notes to provide funds for self-insurance or a joint self-insurance pool or entity may be sold either upon competitive bidding or by negotiated sale (without any requirement of publication of intention to negotiate the sale of such Notes), as the Board shall determine by ordinance adopted with the affirmative votes of at least 9 Directors. In case any officer whose signature appears on any bonds, notes or coupons authorized pursuant to this Section shall cease to be such officer before delivery of such bonds or notes, such signature shall nevertheless be valid and sufficient for all purposes, the same as if such officer had remained in office until such delivery. Neither the Directors of the Authority nor any person executing any bonds or notes thereof shall be liable personally on any such bonds or notes or coupons by reason of the issuance thereof.

(c) All bonds or notes of the Authority issued pursuant to this Section shall be general obligations of the Authority to which shall be pledged the full faith and credit of the Authority, as provided in this Section. Such bonds or notes shall be secured as provided in the authorizing ordinance, which may, notwithstanding any other provision of this Act, include in addition to any other security, a specific pledge or assignment of and lien on or security interest in any or all tax receipts of the Authority and on any or all other revenues or moneys of the Authority from whatever source, which may by law be utilized for debt service purposes and a specific pledge or assignment of and lien on or security interest in any funds or accounts established or provided for by the ordinance of the Authority authorizing the issuance of such bonds or notes.
Any such pledge, assignment, lien or security interest for the benefit of holders of bonds or notes of the Authority shall be valid and binding from the time the bonds or notes are issued without any physical delivery or further act and shall be valid and binding as against and prior to the claims of all other parties having claims of any kind against the Authority or any other person irrespective of whether such other parties have notice of such pledge, assignment, lien or security interest. The obligations of the Authority incurred pursuant to this Section shall be superior to and have priority over any other obligations of the Authority.

The Authority may provide in the ordinance authorizing the issuance of any bonds or notes issued pursuant to this Section for the creation of, deposits in, and regulation and disposition of sinking fund or reserve accounts relating to such bonds or notes. The ordinance authorizing the issuance of any bonds or notes pursuant to this Section may contain provisions as part of the contract with the holders of the bonds or notes, for the creation of a separate fund to provide for the payment of principal and interest on such bonds or notes and for the deposit in such fund from any or all the tax receipts of the Authority and from any or all such other moneys or revenues of the Authority from whatever source which may by law be utilized for debt service purposes, all as provided in such ordinance, of amounts to meet the debt service requirements on such bonds or notes, including principal and interest, and any sinking fund or reserve fund account requirements as may be provided by such ordinance, and all expenses incident to or in connection with such fund and accounts or the payment of such bonds or notes. Such ordinance may also provide limitations on the issuance of additional bonds or notes of the Authority. No such bonds or notes of the Authority shall constitute a debt of the State of Illinois. Nothing in this Act shall be construed to enable the Authority to impose any ad valorem tax on property.

(d) The ordinance of the Authority authorizing the issuance of any bonds or notes may provide additional security for such bonds or notes by providing for appointment of a corporate trustee (which may be any trust company or bank having the powers of a trust company within the state) with respect to such bonds or notes. The ordinance shall prescribe the rights, duties and powers of the trustee to be exercised for the benefit of the Authority and the protection of the holders of such bonds or notes. The ordinance may provide for the trustee to hold in trust, invest and use amounts in funds and accounts created as provided by the ordinance with respect to the bonds or notes. The ordinance may provide for the
(e) Any bonds or notes of the Authority issued pursuant to this Section shall constitute a contract between the Authority and the holders from time to time of such bonds or notes. In issuing any bond or note, the Authority may include in the ordinance authorizing such issue a covenant as part of the contract with the holders of the bonds or notes, that as long as such obligations are outstanding, it shall make such deposits, as provided in paragraph (c) of this Section. It may also so covenant that it shall impose and continue to impose taxes, as provided in Section 4.03 of this Act and in addition thereto as subsequently authorized by law, sufficient to make such deposits and pay the principal and interest and to meet other debt service requirements of such bonds or notes as they become due. A certified copy of the ordinance authorizing the issuance of any such obligations shall be filed at or prior to the issuance of such obligations with the Comptroller of the State of Illinois and the Illinois Department of Revenue.

(f) The State of Illinois pledges to and agrees with the holders of the bonds and notes of the Authority issued pursuant to this Section that the State will not limit or alter the rights and powers vested in the Authority by this Act so as to impair the terms of any contract made by the Authority with such holders or in any way impair the rights and remedies of such holders until such bonds and notes, together with interest thereon, with interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceedings by or on behalf of such holders, are fully met and discharged. In addition, the State pledges to and agrees with the holders of the bonds and notes of the Authority issued
pursuant to this Section that the State will not limit or alter the basis on which State funds are to be paid to the Authority as provided in this Act, or the use of such funds, so as to impair the terms of any such contract. The Authority is authorized to include these pledges and agreements of the State in any contract with the holders of bonds or notes issued pursuant to this Section.

(g) (1) Except as provided in subdivisions (g)(2) and (g)(3) of Section 4.04 of this Act, the Authority shall not at any time issue, sell or deliver any bonds or notes (other than Working Cash Notes) pursuant to this Section 4.04 which will cause it to have issued and outstanding at any time in excess of $800,000,000 of such bonds and notes (other than Working Cash Notes). The Authority shall not issue, sell, or deliver any Working Cash Notes pursuant to this Section that will cause it to have issued and outstanding at any time in excess of $100,000,000. However, the Authority may issue, sell, and deliver additional Working Cash Notes before July 1, 2012 that are over and above and in addition to the $100,000,000 authorization such that the outstanding amount of these additional Working Cash Notes does not exceed at any time $300,000,000. In addition to other transfers to the General Obligation Bond Retirement and Interest Fund made pursuant to Section 15 of the General Obligation Bond Act, upon each delivery of general obligation bonds using bond authorizations enacted in Public Act 96-36, and Public Act 96-1554 this amendatory Act of the 96th General Assembly, and this amendatory Act of the 97th General Assembly the State Comptroller shall compute and certify to the State Treasurer the total amount of principal of, interest on, and premium, if any, on such bonds during the then current and each succeeding fiscal year. With respect to the interest payable on variable rate bonds, such certifications shall be calculated at the maximum rate of interest that may be payable during the fiscal year, after taking into account any credits permitted in the related indenture or other instrument against the amount of such interest required to be appropriated for the period.

(a) Except as provided for in subsection (b), on or before the last day of each month, the State Treasurer and State Comptroller shall transfer from the Capital Projects Fund to the General Obligation Bond Retirement and Interest Fund an amount sufficient to pay the aggregate of the principal of, interest on, and premium, if any, on the bonds payable on their next payment date, divided by the number of monthly transfers occurring between the last previous payment date (or the delivery date if no payment date has yet occurred) and the next succeeding payment date.

Interest payable on variable rate bonds shall be calculated at the maximum rate of interest that may be payable for the relevant period, after taking into account any credits permitted in the related indenture or other instrument against the amount of such interest required to be appropriated for that period. Interest for which moneys have already been deposited into the capitalized interest account within the General Obligation Bond Retirement and Interest Fund shall not be included in the calculation of the amounts to be transferred under this subsection.

If the available balance in the Capital Projects Fund is not sufficient for the transfer required in this subsection, the State Treasurer and State Comptroller shall transfer the difference from the Road Fund to the General Obligation Bond Retirement and Interest Fund; except that such Road Fund transfers shall constitute a debt of the Capital Projects Fund which shall be repaid according to subsection (c). Interest payable on variable rate bonds shall be calculated at the maximum rate of interest that may be payable for the relevant period, after taking into account any credits permitted in the related indenture or other instrument against the amount of such interest required to be appropriated for that period. Interest for which moneys have already been deposited into the capitalized interest account within the General Obligation Bond Retirement and Interest Fund shall not be included in the calculation of the amounts to be transferred under this subsection.

(105 ILCS 5/30-9) (from Ch. 122, par. 30-9)
Sec. 30-9. General Assembly scholarship; conditions of admission; award by competitive examination.

Each member of the General Assembly may nominate annually two persons of school age and otherwise eligible, from his district; each shall receive a certificate of scholarship in any State supported university designated by the member. Any member of the General Assembly in making nominations under this Section may designate that his nominee be granted a 4 year scholarship or may instead designate 2 or 4 nominees for that particular scholarship, each to receive a 2 year or a one year scholarship, respectively. The nominee, if a graduate of a school accredited by the University to which nominated, shall be admitted to the university on the same conditions as to educational qualifications as are other graduates of accredited schools. If the nominee is not a graduate of a school accredited by the university to which nominated, he must, before being entitled to the benefits of the scholarship, pass an examination given by the superintendent of schools of the county where he resides at the time stated in Section 30-7 for the competitive examination. The president of each university shall prescribe the rules governing the examination for scholarship to his university.

A member of the General Assembly may award the scholarship by competitive examination conducted under like rules as prescribed in Section 30-7 even though one or more of the applicants are graduates of schools accredited by the university.

A member of the General Assembly may delegate to the Illinois Student Assistance Commission the authority to nominate persons for General Assembly scholarships which that member would otherwise be entitled to award, or may direct the Commission to evaluate and make recommendations to the member concerning candidates for such scholarships. In the event a member delegates his nominating authority or directs the Commission to evaluate and make recommendations concerning candidates for General Assembly scholarships, the member shall inform the Commission in writing of the criteria which he wishes the Commission to apply in nominating or recommending candidates. Those criteria may include some or all of the criteria provided in Section 25 of

the Higher Education Student Assistance Act. A delegation of authority under this paragraph may be revoked at any time by the member.

Failure of a member of the General Assembly to make a nomination in any year shall not cause that scholarship to lapse, but the member may make a nomination for such scholarship at any time thereafter before the expiration of his term, and the person so nominated shall be entitled to the same benefits as holders of other scholarships provided herein. Any such scholarship for which a member has made no nomination prior to the expiration of the term for which he was elected shall lapse upon the expiration of that term.

(105 ILCS 5/30-10) (from Ch. 122, par. 30-10)

Sec. 30-10. Filing nominations-Failure to accept or pass-Second nomination.

Nominations, under Section 30-9, showing the name and address of the nominee, and the term of the scholarship, whether 4 years, 2 years or one year, must be filed with the State Superintendent of Education not later than the opening day of the semester or term with which the scholarship is to become effective. The State Superintendent of Education shall forthwith notify the president of the university of such nomination.

If the nominee fails to accept the nomination or, not being a graduate of a school accredited by the university, fails to pass the examination for admission, the president of the university shall at once notify the State Superintendent of Education. Upon receiving such notification, the State Superintendent of Education shall notify the nominating member, who may name another person for the scholarship. The second nomination must be received by the State Superintendent of Education not later than the middle of the semester or term with which the scholarship was to have become effective under the original nomination in order to become effective as of the opening date of such semester or term otherwise it shall not become effective until the beginning of the next semester or term following the making of the second nomination. Upon receiving such notification, the State Superintendent of Education shall notify the president of the university of such second nomination. If any person nominated after the effective date of this amendatory Act of 1973 to receive a General Assembly scholarship changes his residence to a location outside of the district from which he was nominated, his nominating member may terminate that scholarship at the conclusion of the college year in which he is then enrolled. For purposes of this

Such appointment to an unexpired scholarship vacated before July 1, 1961, may be made only by the member of the General Assembly who made the original appointment and during the time he is such a member. If a scholarship is vacated on or after July 1, 1961, and the member of the General Assembly who made the original appointment has ceased to be a member, some eligible person may be nominated in the following manner to fill the vacancy: If the original appointment was made by a Senator, such nomination shall be made by the Senator from the same district; if the original appointment was made by a Representative, such nomination shall be made by the Representative from the same district. Every nomination to fill a vacancy must be accompanied either by a release of the original nominee or if he is dead then an affidavit to that effect by some competent person. The failure of a nominee to register at the university within 20 days after the opening of any semester or term shall be deemed a release by him of the nomination, unless he has been granted a leave of absence in accordance with Section 30-14 or unless his absence is by reason of his entry into the military service of the United States. The university shall immediately upon the expiration of 20 days after the beginning of the semester or term notify the State Board of Education as to the status of each scholarship, who shall forthwith notify the nominating member of any nominee's failure to register or, if the nominating member has ceased to be a member of the General Assembly, shall notify the member or members entitled to make the nomination to fill the vacancy. All nominations to unused or unexpired scholarships shall be effective as of the opening of the semester or term of the university during which they are made if they are filed with the university during the first
half of the semester or term, otherwise they shall not be effective until the
opening of the next following semester or term.

Submission to care, counseling, or treatment as required by the Department shall not be considered discipline of a license. If the licensee refuses to enter into a care, counseling, or treatment agreement or fails to abide by the terms of the agreement, the Department may file a complaint to revoke, suspend, or otherwise discipline the license of the individual. The Secretary may order the license suspended immediately, pending a hearing by the Department.

Fines shall not be assessed in disciplinary actions involving physical or mental illness or impairment.

In instances in which the Secretary immediately suspends a person's license under this Section, a hearing on that person's license must be convened by the Department within 15 days after the suspension and completed without appreciable delay. The Department shall have the authority to review the subject individual's record of treatment and counseling regarding the impairment to the extent permitted by applicable federal statutes and regulations safeguarding the confidentiality of medical records.

An individual licensed under this Act and affected under this Section shall be afforded an opportunity to demonstrate to the Department that he or she can resume practice in compliance with acceptable and prevailing standards under the provisions of his or her license.

The Department may refuse to issue or may suspend the license of any person who fails to (i) file a return or to pay the tax, penalty or interest shown in a filed return or (ii) pay any final assessment of the tax, penalty, or interest as required by any tax Act administered by the Illinois Department of Revenue, until the time that the requirements of that tax Act are satisfied.

(b) The determination by a circuit court that a licensee is subject to involuntary admission or judicial admission as provided in the Mental Health and Developmental Disabilities Code operates as an automatic suspension. The suspension will end only upon a finding by a court that the patient is no longer subject to involuntary admission or judicial admission, the issuance of an order so finding and discharging the patient, and the recommendation of the Committee to the Director that the licensee be allowed to resume his or her practice.

(c) In enforcing this Section, the Department, upon a showing of a possible violation, may compel any person licensed to practice under this Act or who has applied for licensure or certification pursuant to this Act to submit to a mental or physical examination, or both, as required by and at the expense of the Department. The examining physicians shall be those specifically designated by the Department. The Department may order the examining physician to present testimony concerning this mental or physical examination of the licensee or applicant. No information shall be excluded by reason of any common law or statutory privilege relating to communications between the licensee or applicant and the examining physician. The person to be examined may have, at his or her own

expense, another physician of his or her choice present during all aspects of the examination. Failure of any person to submit to a mental or physical examination, when directed, shall be grounds for suspension of a license until the person submits to the examination if the Department finds, after notice and hearing, that the refusal to submit to the examination was without reasonable cause.

If the Department finds an individual unable to practice because of the reasons set forth in this Section, the Department may require that individual to submit to care, counseling, or treatment by physicians approved or designated by the Department, as a condition, term, or restriction for continued, reinstated, or renewed licensure to practice or, in lieu of care, counseling, or treatment, the Department may file a complaint to immediately suspend, revoke, or otherwise discipline the license of the individual.

Any person whose license was granted, continued, reinstated, renewed, disciplined, or supervised subject to such terms, conditions, or restrictions and who fails to comply with such terms, conditions, or restrictions shall be referred to the Director for a determination as to whether the person shall have his or her license suspended immediately, pending a hearing by the Department.

In instances in which the Director immediately suspends a person's license under this Section, a hearing on that person's license must be convened by the Department within 15 days after the suspension and completed without appreciable delay. The Department shall have the authority to review the subject person's record of treatment and counseling regarding the impairment, to the extent permitted by applicable federal statutes and regulations safeguarding the confidentiality of medical records.

A person licensed under this Act and affected under this Section shall be afforded an opportunity to demonstrate to the Department that he or she can resume practice in compliance with acceptable and prevailing standards under the provisions of his or her license.

Department may establish a fee for the processing of an application for

The Department may continue the hearing from time to time. If the person, after receiving the notice, fails to file an answer, his or her license may, in the discretion of the Department, be revoked, suspended, or placed on probationary status or the Department may take whatever disciplinary action considered proper, including limiting the scope, nature, or extent of the person's practice under the Act. AN ACT concerning local government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Counties Code is amended by adding Section 5-12002.1 as follows:

(55 ILCS 5/5-12002.1 new)

Sec. 5-12002.1. Hazardous dilapidated motor vehicles.

(a) The General Assembly hereby finds that the proliferation of hazardous dilapidated motor vehicles constitutes a hazard to the health, safety, and welfare of the public, and that addressing the problems caused by such abandoned dilapidated vehicles constitutes a compelling and fundamental governmental interest. The General Assembly also finds that the only effective method of dealing with the problem is to promulgate a comprehensive scheme to expedite the towing and disposal of such vehicles.

(b) As used in this Section, "hazardous dilapidated motor vehicle" means any motor vehicle with a substantial number of essential parts, as defined by Section 1-118 of The Illinois Vehicle Code, either damaged, removed, or altered or otherwise so treated that the vehicle is incapable of being driven under its own motor power or, which by its general state of deterioration, poses a threat to the public's health, safety, and welfare. "Hazardous dilapidated motor vehicle" shall not include a motor vehicle that has been rendered temporarily incapable of being driven under its own motor power in order to perform ordinary service or repair operations. The owner of a vehicle towed under the provisions of this Section shall be entitled to any hearing or review of the towing of the vehicle as provided by State or local law.

(c) A county board may by ordinance declare all inoperable motor vehicles, whether on public or private property and in view of the general
public, to be hazardous dilapidated motor vehicles, and may authorize a law enforcement agency, with applicable jurisdiction, to remove immediately, any hazardous dilapidated motor vehicle or parts thereof. The ordinance shall include a requirement that notice must be sent by certified mail to either the real property owner of record or the vehicle owner at least 10 days prior to removal. Nothing in this Section shall apply to any motor vehicle that is kept within a building when not in use, to operable historic vehicles over 25 years of age, or to a motor vehicle on the premises of a place of business engaged in the wrecking, selling, or junking of motor vehicles.

Section 10. The Illinois Municipal Code is amended by changing Section 11-40-3.1 as follows:

Sec. 11-40-3.1. The General Assembly hereby finds that in municipalities of more than 1,000,000 inhabitants, the proliferation of hazardous dilapidated motor vehicles constitutes a hazard to the health, safety and welfare of the public, and that addressing the problems caused by such abandoned dilapidated vehicles constitutes a compelling and fundamental governmental interest. The General Assembly also finds that the only effective method of dealing with the problem is to promulgate a comprehensive scheme to expedite the towing and disposal of such vehicles. The corporate authorities of each municipality of 1,000,000 inhabitants or more may by ordinance declare all inoperable motor vehicles, whether on public or private property and in view of the general public, to be hazardous dilapidated motor vehicles, and may authorize a law enforcement agency, with applicable jurisdiction, to remove immediately, any hazardous dilapidated motor vehicle or parts thereof. Nothing in this Section shall apply to any motor vehicle that is kept within a building when not in use, to operable historic vehicles over 25 years of age, or to a motor vehicle on the premises of a place of business engaged in the wrecking, selling, or junking of motor vehicles.

(605 ILCS 10/19) (from Ch. 121, par. 100-19)
Sec. 19. The Authority shall fix and revise from time to time, tolls or charges or rates for the privilege of using each of the toll highways constructed pursuant to this Act. Such tolls shall be so fixed and adjusted at rates calculated to provide the lowest reasonable toll rates that will provide funds sufficient with other revenues of the Authority to pay, (a) the cost of the construction of a toll highway authorized by joint resolution of the General Assembly pursuant to Section 14.1 and the reconstruction, major repairs or improvements of toll highways, (b) the cost of maintaining, repairing, regulating and operating the toll highways including only the necessary expenses of the Authority, and (c) the principal of all bonds, interest thereon and all sinking fund requirements

and other requirements provided by resolutions authorizing the issuance of the bonds as they shall become due. In fixing the toll rates pursuant to this Section 19 and Section 10(c) of this Act, the Authority shall take into account the effect of the provisions of this Section 19 permitting the use of the toll highway system without payment of the covenants of the Authority contained in the resolutions and trust indentures authorizing the issuance of bonds of the Authority. No such provision permitting the use of the toll highway system without payment of tolls after the date of this amendatory Act of the 95th General Assembly shall be applied in a manner that impairs the rights of bondholders pursuant to any resolution or trust indenture authorizing the issuance of bonds of the Authority. The use and disposition of any sinking or reserve fund shall be subject to such regulation as may be provided in the resolution or trust indenture authorizing the issuance of the bonds. Subject to the provisions of any resolution or trust indenture authorizing the issuance of bonds any moneys in any such sinking fund in excess of an amount equal to one year's interest on the bonds then outstanding secured by such sinking fund may be applied to the purchase or redemption of bonds. All such bonds so redeemed or purchased shall forthwith be cancelled and shall not again be issued. No person shall be permitted to use any toll highway without paying the toll established under this Section except when on official Toll Highway Authority business which includes police and other emergency vehicles. However, any law enforcement agency vehicle, fire department vehicle, public or private ambulance service vehicle engaged in the performance of an emergency service or duty that necessitates the use of the toll highway system, or other emergency vehicle that is plainly marked shall not be required to pay a toll to use a toll highway. A law enforcement, fire protection, or emergency services officer driving a law enforcement, fire protection, or emergency services agency vehicle, or public or private ambulance service vehicle engaging in the performance of emergency services or duties that is not plainly marked must present an Official Permit Card which the law enforcement, fire protection, or emergency services officer receives from his or her law enforcement, fire protection, or emergency services agency, or public or private ambulance service in order to use a toll highway without paying the toll. A law enforcement, fire protection, or emergency services agency, or public or private ambulance service engaging in the performance of emergency services or duties must apply to the Authority to receive a permit, and the Authority shall adopt rules for the issuance of a permit, that allows public
or private ambulance service vehicles engaged in the performance of emergency services or duties that necessitate the use of the toll highway system and all law enforcement, fire protection, or emergency services agency vehicles of the law enforcement, fire protection, or emergency services agency that are not plainly marked to use any toll highway without paying the toll established under this Section. The Authority shall maintain in its office a list of all persons that are authorized to use any toll highway without charge when on official business of the Authority and such list shall be open to the public for inspection. In recognition of the unique role of the Suburban Bus Division of the Regional Transportation Authority in providing effective transportation in the Authority's service region and to give effect to the exemption set forth in subsection (b) of Section 2.06 of the Regional Transportation Authority Act, a vehicle owned or operated by the Suburban Bus Division of the Regional Transportation Authority that is being used to transport passengers for hire may use any toll highway without paying the toll.

Among other matters, this amendatory Act of 1990 is intended to clarify and confirm the prior intent of the General Assembly to allow toll revenues from the toll highway system to be used to pay a portion of the cost of the construction of the North-South Toll Highway authorized by Senate Joint Resolution 122 of the 83rd General Assembly in 1984.

Sec. 4. State agency undertakings.

(a) As early in the planning process as may be practicable and prior to the approval of the final design or plan of any undertaking by a State agency, or prior to the funding of any undertaking by a State agency, or prior to an action of approval or entitlement of any private undertaking by a State agency, written notice of the project shall be given to the Director either by the State agency or the recipients of its funds, permits or licenses. The State agency shall consult with the Director to determine the documentation requirements necessary for identification and treatment of historic resources. For the purposes of identification and evaluation of historic resources, the Director may require archaeological and historic investigations. Responsibility for notice and documentation may be delegated by the State agency to a local or private designee.

(b) Within 30 days after receipt of complete and correct documentation of a proposed undertaking, the Director shall review and comment to the agency on the likelihood that the undertaking will have an adverse effect on a historic resource. In the case of a private undertaking, the Director shall, not later than 30 days following the receipt of an
application with complete documentation of the undertaking, either approve that application allowing the undertaking to proceed or tender to the applicant a written statement setting forth the reasons for the requirement of an archaeological investigation. If there is no action within 30 days after the filing of the application with the complete documentation of the undertaking, the applicant may deem the application approved and may proceed with the undertaking. Thereafter, all requirements for archaeological investigations are waived under this Act.

(c) If the Director finds that an undertaking will adversely affect an historic resource or is inconsistent with agency policies, the State agency shall consult with the Director and shall discuss alternatives to the proposed undertaking which could eliminate, minimize, or mitigate its adverse effect. During the consultation process, the State agency shall explore all feasible and prudent plans which eliminate, minimize, or mitigate adverse effects on historic resources. Grantees, permittees, licensees, or other parties in interest and representatives of national, State, and local units of government and public and private organizations may participate in the consultation process. The process may involve on-site inspections and public informational meetings pursuant to regulations issued by the Historic Preservation Agency.

(d) The State agency and the Director may agree that there is a feasible and prudent alternative which eliminates, minimizes, or mitigates the adverse effect of the undertaking. Upon such agreement, or if the State agency and the Director agree that there are no feasible and prudent alternatives which eliminate, minimize, or mitigate the adverse effect, the Director shall prepare a Memorandum of Agreement describing the alternatives or stating the finding. The State agency may proceed with the undertaking once a Memorandum of Agreement has been signed by both the State agency and the Director.

(e) After the consultation process, the Director and the State agency may fail to agree on the existence of a feasible and prudent alternative which would eliminate, minimize, or mitigate the adverse effect of the undertaking on the historic resource. If no agreement is reached, the agency shall call a public meeting in the county where the undertaking is proposed within 60 days. If, within 14 days following conclusion of the public meeting, the State agency and the Director fail to agree on a feasible and prudent alternative, the proposed undertaking, with supporting documentation, shall be submitted to the Historic Preservation Mediation Committee. The document shall be sufficient to identify each
alternative considered by the Agency and the Director during the consultation process and the reason for its rejection.

(f) The Mediation Committee shall consist of the Director and 5 persons appointed by the Director for terms of 3 years each, each of whom shall be no lower in rank than a division chief and each of whom shall represent a different State agency. An agency that is a party to mediation shall be notified of all hearings and deliberations and shall have the right to participate in deliberations as a non-voting member of the Committee. Within 30 days after submission of the proposed undertaking, the Committee shall meet with the Director and the submitting agency to review each alternative considered by the State agency and the Director and to evaluate the existence of a feasible and prudent alternative. In the event that the Director and the submitting agency continue to disagree, the Committee shall provide a statement of findings or comments setting forth an alternative to the proposed undertaking or stating the finding that there is no feasible or prudent alternative. The State agency shall consider the written comments of the Committee and shall respond in writing to the Committee before proceeding with the undertaking.

(g) When an undertaking is being reviewed pursuant to Section 106 of the National Historic Preservation Act of 1966, the procedures of this law shall not apply and any review or comment by the Director on such undertaking shall be within the framework or procedures of the federal law. When an undertaking involves a structure listed on the Illinois Register of Historic Places, the rules and procedures of the Illinois Historic Preservation Act shall apply. This subsection shall not prevent the Illinois Historic Preservation Agency from entering into an agreement with the Advisory Council on Historic Preservation pursuant to Section 106 of the National Historic Preservation Act to substitute this Act and its procedures for procedures set forth in Council regulations found in 36 C.F.R. Part 800.7. A State undertaking that is necessary to prevent an immediate and imminent threat to life or property shall be exempt from the requirements of this Act. Where possible, the Director shall be consulted in the determination of the exemption. In all cases, the agency shall provide the Director with a statement of the reasons for the exemption and shall have an opportunity to comment on the exemption. The statement and the comments of the Director shall be included in the annual report of the Historic Preservation Agency as a guide to future actions. The provisions of this Act do not apply to undertakings pursuant to the Illinois Oil and

Sec. 706. Benefits undisputed or allowed - Prompt payment. Benefits shall be paid promptly in accordance with a claims adjudicator's finding and determination, or reconsidered finding or reconsidered determination, or the decision of a Referee, the Board of Review or a reviewing court, upon the issuance of such finding and determination, reconsidered finding, reconsidered determination or decision, regardless of the pendency of the period to apply for reconsideration, file an appeal, or file a complaint for judicial review, or the pendency of any such application or filing, unless and until such finding, determination, reconsidered finding, reconsidered determination or decision has been modified or reversed by a subsequent reconsidered finding or reconsidered determination or decision, in which event benefits shall be paid or denied with respect to weeks thereafter in accordance with such reconsidered finding, reconsidered determination, or modified or reversed finding, determination, reconsidered finding, reconsidered determination or decision. Except as otherwise provided in this Section, if benefits are paid pursuant to a finding or a determination, or a reconsidered finding or determination, or a decision of a Referee, the Board of Review, or a court, which is finally reversed or modified in subsequent proceedings with respect thereto, the benefit wages on which such benefits are based shall, for the purposes set forth in Section 1502, or benefit charges, for purposes set forth in Section 1502.1, be treated in the same manner as if such final reconsidered finding, reconsidered determination, or decision had been the finding or determination of the claims adjudicator. Sec. 900. Recoupment.) A. Whenever an individual has received any sum as benefits for which he is found to have been ineligible, the amount thereof may be recovered by suit in the name of the People of the State of Illinois, or, from benefits payable to him, may be recouped:

1. At any time, if, to receive such sum, he knowingly made a false statement or knowingly failed to disclose a material fact.

2. Within 3 years from any date prior to January 1, 1984, on which he has been found to have been ineligible for any other reason, pursuant to a reconsidered finding or a reconsidered determination, or pursuant to the decision of a Referee (or of the Director or his representative under Section 604) which modifies or sets aside a finding or a reconsidered finding or a determination or a reconsidered determination; or within 5 years from any date after December 31, 1983, on which he has been found to have been ineligible for any other reason, pursuant to a reconsidered finding or a reconsidered determination, or pursuant to the decision of a Referee (or of the Director or his representative under Section 604) which modifies or sets aside a finding or a reconsidered finding or a determination or a reconsidered determination. Recoupment pursuant to the provisions of this paragraph from benefits payable to an individual for any week may be waived upon the individual's request, if the sum referred to in paragraph A was received by the individual without fault on his part and if such recoupment would be against equity and good conscience. Such waiver may be denied with respect to any subsequent week if, in that week, the facts and circumstances upon which waiver was based no longer exist.

B. Whenever the claims adjudicator referred to in Section 702 decides that any sum received by a claimant as benefits shall be recouped, or denies recoupment waiver requested by the claimant, he shall promptly notify the claimant of his decision and the reasons therefor. The decision and the notice thereof shall state the amount to be recouped, the weeks with respect to which such sum was received by the claimant, and the time within which it may be recouped and, as the case may be, the reasons for

denial of recoupment waiver. The claims adjudicator may reconsider his
decision within one year after the date when the decision was made. Such
decision or reconsidered decision may be appealed to a Referee within the
time limits prescribed by Section 800 for appeal from a determination.
Any such appeal, and any appeal from the Referee's decision thereon, shall
be governed by the applicable provisions of Sections 801, 803, 804 and
805. No recoupment shall be begun until the expiration of the time limits
prescribed by Section 800 of this Act or, if an appeal has been filed, until
the decision of a Referee has been made thereon affirming the decision of
the Claims Adjudicator.

C. Any sums recovered under the provisions of this Section shall
be treated as repayments to the Department Director of sums improperly
obtained by the claimant.

D. Whenever, by reason of a back pay award made by any
governmental agency or pursuant to arbitration proceedings, or by reason
of a payment of wages wrongfully withheld by an employing unit, an
individual has received wages for weeks with respect to which he has
received benefits, the amount of such benefits may be recouped or
otherwise recovered as herein provided. An employing unit making a back
pay award to an individual for weeks with respect to which the individual
has received benefits shall make the back pay award by check payable
jointly to the individual and to the Department Director.

E. The amount recouped pursuant to paragraph 2 of subsection A
from benefits payable to an individual for any week shall not exceed 25%
of the individual's weekly benefit amount.

In addition to the remedies provided by this Section, when an
individual has received any sum as benefits for which he is found to be
ineligible, the Director may request the Comptroller to withhold such sum
in accordance with Section 10.05 of the State Comptroller Act and the
Director may request the Secretary of the Treasury to withhold such sum
to the extent allowed by and in accordance with Section 6402(f) of the
federal Internal Revenue Code of 1986, as amended. Benefits paid
pursuant to this Act shall not be subject to such withholding. Where the
Director requests withholding by the Secretary of the Treasury pursuant to
this Section, in addition to the amount of benefits for which the individual
has been found ineligible, the individual shall be liable for any legally
authorized administrative fee assessed by the Secretary, with such fee to be
added to the amount to be withheld by the Secretary.

All of the provisions of Section 900 applicable to the recovery of sums described in paragraph 1 of subsection A of Section 900 shall apply to penalties imposed pursuant to this Section. (4) Any amount deducted and withheld under subsection (3) shall for all purposes be treated as if it were paid to the individual as benefits and paid by such individual to the Department of Healthcare and Family Services or the State Disbursement Unit in satisfaction of the individual's child support obligations.

(5) For the purpose of this Section, child support is defined as those obligations which are being enforced pursuant to a plan described in Title IV, Part D, Section 454 of the Social Security Act and approved by the Secretary of Health and Human Services.

(6) The deduction of benefits and order for withholding of income for child support shall be governed by Titles III and IV of the Social Security Act and all regulations duly promulgated thereunder.

to file reports of wages on an annual basis pursuant to Section 1400.2, in assessing penalties for the failure to submit all reports by the due date established pursuant to that Section, the 30-day period immediately following the due date shall be considered as one month.

If the Director deems an employer's report of wages paid to each of his workers for any period which begins on or after January 1, 1982, insufficient, he shall notify the employer to file a sufficient report. If the employer fails to file such sufficient report within 30 days after the mailing of the notice to him, he shall, in addition to any sum otherwise payable by him under the provisions of this Act, pay to the Department Director as a penalty a sum determined in accordance with the provisions of the first paragraph of this subsection, for each month or part thereof of such failure to file such sufficient report after the date of the notice.

For wages paid in calendar years prior to 1988, the penalty or penalties which accrue under the two foregoing paragraphs with respect to a report for any period shall not be less than $100, and shall not exceed the lesser of (1) $10 for each $10,000 or fraction thereof of the total wages for insured work paid during the period or (2) $5,000. For wages paid in calendar years after 1987, the penalty or penalties which accrue under the 2 foregoing paragraphs with respect to a report for any period shall not be less than $50, and shall not exceed the lesser of (1) $10 for each $10,000 or fraction of the total wages for insured work paid during the period or (2) $5,000. With respect to an employer who has elected to file reports of wages on an annual basis pursuant to Section 1400.2, for purposes of calculating the minimum penalty prescribed by this Section for failure to file the reports on a timely basis, a calendar year shall constitute a single period. For reports of wages paid after 1986, the Director shall not, however, impose a penalty pursuant to either of the two foregoing paragraphs on any employer who can prove within 30 working days after the mailing of a notice of his failure to file such a report, that (1) the failure to file the report is his first such failure during the previous 20 consecutive calendar quarters, and (2) the amount of the total contributions due for the calendar quarter of such report is less than $500.

Any employer who wilfully fails to pay any contribution or part thereof, based upon wages paid prior to 1987, when required by the provisions of this Act and the regulations of the Director, with intent to defraud the Director, shall in addition to such contribution or part thereof pay to the Department Director a penalty equal to 50 percent of the
amount of such contribution or part thereof, as the case may be, provided that the penalty shall not be less than $200.

Any employer who willfully fails to pay any contribution or part thereof, based upon wages paid in 1987 and in each calendar year thereafter, when required by the provisions of this Act and the regulations of the Director, with intent to defraud the Director, shall in addition to such contribution or part thereof pay to the Department Director a penalty equal to 60% of the amount of such contribution or part thereof, as the case may be, provided that the penalty shall not be less than $400.

However, all or part of any penalty may be waived by the Director for good cause shown.

$450,000,000, the state experience factor for the succeeding year shall be reduced 1 percent absolute.

B. (Blank). This subsection shall apply to the calendar years 1980 through 1987, for which the state experience factor is being determined:

For every $12,000,000 (or fraction thereof) by which the amount standing to the credit of this State's account in the unemployment trust fund as of June 30 of the calendar year immediately preceding the calendar year for which the state experience factor is being determined falls below $750,000,000, the state experience factor for the succeeding calendar year shall be increased 1 percent absolute.

For every $12,000,000 (or fraction thereof) by which the amount standing to the credit of this State's account in the unemployment trust fund as of June 30 of the calendar year immediately preceding the calendar year for which the state experience factor is being determined exceeds $750,000,000, the state experience factor for the succeeding year shall be reduced 1 percent absolute.

C. For This subsection shall apply to the calendar year 1988 and each calendar year thereafter, for which the state experience factor is being determined.

1. For every $50,000,000 (or fraction thereof) by which the adjusted trust fund balance falls below the target balance set forth in this subsection, the state experience factor for the succeeding year shall be increased one percent absolute.

For every $50,000,000 (or fraction thereof) by which the adjusted trust fund balance exceeds the target balance set forth in this subsection, the state experience factor for the succeeding year shall be decreased by one percent absolute.

The target balance in each calendar year prior to 2003 is $750,000,000. The target balance in calendar year 2003 is $920,000,000. The target balance in calendar year 2004 is $960,000,000. The target balance in calendar year 2005 and each calendar year thereafter is $1,000,000,000.

If the preceding calculation results in a number which is less than zero, the amount by which it is less than zero shall reduce the sum of the benefit reserves for fund building for subsequent years.

For the purpose of determining the state experience factor for 1989 and for each calendar year thereafter, the following "benefit reserves for fund building" shall apply for each state experience factor calculation in which that 12 month period is applicable:

a. For the 12 month period ending on June 30, 1988, the "benefit reserve for fund building" shall be 8/104th of the total benefits paid from January 1, 1988 through June 30, 1988.

b. For the 12 month period ending on June 30, 1989, the "benefit reserve for fund building" shall be the sum of:

   ii. 4/108ths of the total benefits paid from January 1, 1989 through June 30, 1989.

c. For the 12 month period ending on June 30, 1990, the "benefit reserve for fund building" shall be 4/108ths of the total benefits paid from July 1, 1989 through December 31, 1989.

d. For 1992 and for each calendar year thereafter, the "benefit reserve for fund building" for the 12 month period ending on June 30, 1991 and for each subsequent 12 month period shall be zero.

3. Notwithstanding the preceding provisions of this subsection, for calendar years 1988 through 2003, the state experience factor shall not be increased or decreased by more than 15 percent absolute.

4. Shall not be increased by more than 15% absolute for calendar year 1993, by more than 14% absolute for calendar years 1994 and 1995, by more than 10% absolute for calendar years 1999 through 2003 and by more than 16% absolute for calendar year 2004 and each calendar year thereafter, from the adjusted state experience factor for the calendar year preceding the calendar year for which the adjusted state experience factor is being determined;

D-1. The adjusted state experience factor for each of calendar years 2013 through 2015 shall be increased by 5% absolute above the adjusted state experience factor as calculated without regard to this subsection. The adjusted state experience factor for each of calendar years 2016 through 2018 shall be increased by 6% absolute above the adjusted state experience factor as calculated without regard to this subsection. The increase in the adjusted state experience factor for calendar year 2018 pursuant to this subsection shall not be counted for purposes of applying paragraph 3 or 4 of subsection D to the calculation of the adjusted state experience factor for calendar year 2019.

For each employer whose contribution rate for 1996 would, in the absence of this Section, be 0.1% or higher, a contribution rate which is the sum of such rate and 0.4%;

For each employer whose contribution rate for 2004 through 2009 would, in the absence of this Section, be 0.2% or higher, a contribution rate which is the sum of such rate and the following: a fund building rate of 0.7% for 2004; a fund building rate of 0.9% for 2005; a fund building rate of 0.8% for 2006 and 2007; a fund building rate of 0.6% for 2008; a fund building rate of 0.4% for 2009.

Notwithstanding the preceding paragraphs of this Section or any other provision of this Act, except for the provisions contained in Section 1500 pertaining to rates applicable to employers classified under the Standard Industrial Code, or another classification system sanctioned by the United States Department of Labor and prescribed by the Director by rule, no employer whose total wages for insured work paid by him during any calendar quarter in 1988 and any calendar year thereafter are less than $50,000 shall pay contributions at a rate with respect to such quarter which exceeds the following: with respect to calendar year 1988, 5%; with respect to 1989 and any calendar year thereafter, 5.4%, plus any penalty contribution rate calculated pursuant to subsection C of Section 1507.1.

Notwithstanding the preceding paragraph of this Section, or any other provision of this Act, no employer's contribution rate with respect to calendar years 1993 through 1995 shall exceed 5.4% if the employer ceased operations at an Illinois manufacturing facility in 1991 and remained closed at that facility during all of 1992, and the employer in 1993 commits to invest at least $5,000,000 for the purpose of resuming operations at that facility, and the employer rehires during 1993 at least 250 of the individuals employed by it at that facility during the one year period prior to the cessation of its operations, provided that, within 30 days after the effective date of this amendatory Act of 1993, the employer makes application to the Department to have the provisions of this paragraph apply to it. The immediately preceding sentence shall be null and void with respect to an employer which by December 31, 1993 has not satisfied the rehiring requirement specified by this paragraph or which by

All payments attributable to the fund building rate established pursuant to this Section with respect to the first quarter of calendar year 2013 and any calendar quarter thereafter as of the close of which there are either bond obligations outstanding pursuant to the Illinois Unemployment Insurance Trust Fund Financing Act, or bond obligations anticipated to be outstanding as of either or both of the 2 immediately succeeding calendar quarters, shall be directed for deposit into the Master Bond Fund. Notwithstanding any other provision of this subsection, no fund building rate shall be added to any penalty contribution rate assessed pursuant to subsection C of Section 1507.1.

B. (Blank). Notwithstanding any other provision of this Act, for the second quarter of 1991, the contribution rate of each employer as determined in accordance with Sections 1500, 1506.1, and subsection A of this Section shall be equal to the sum of such rate and 0.1%; provided that this subsection shall not apply to any employer whose rate computed under Section 1506.1 for such quarter is between 5.1% and 5.3%, inclusive; and who qualifies for the 5.4% rate ceiling imposed by the last paragraph of subsection A for such quarter. All payments made pursuant to this subsection shall be deposited in the Employment Security Administrative Fund established under Section 2103.1 and used for the administration of this Act.

C. (Blank). Payments received by the Director which are insufficient to pay the total contributions due under the Act shall be first applied to satisfy the amount due pursuant to subsection B.

Notwithstanding any other provision to the contrary, with respect to an employer whose contribution rate with respect to a quarter subject to this subsection would have exceeded 5.4% but for the 5.4% rate ceiling imposed pursuant to subsection A, the amount due from the

employer with respect to that quarter and attributable to the fund building rate established pursuant to subsection A shall equal the amount, if any, by which the amount due and attributable to the 5.4% rate exceeds the amount that would have been due and attributable to the employer's rate determined pursuant to Sections 1500 and 1506.1, without regard to the fund building rate established pursuant to subsection A.

D. All provisions of this Act applicable to the collection or refund of any contribution due under this Act shall be applicable to the collection or refund of amounts due pursuant to subsection B and amounts directed pursuant to this Section for deposit into the Master Bond Fund to the extent they would not otherwise be considered as contributions.

Sec. 1506.5. Surcharge; specified period. With respect to the first quarter of calendar year 2011, each employer shall pay a surcharge equal to 0.5% of the total wages for insured work subject to the payment of contributions under Sections 234, 235, and 245. The surcharge established by this Section shall be due at the same time as contributions with respect to the first quarter of calendar year 2011 are due, as provided in Section 1400. Notwithstanding any other provision to the contrary, with respect to an employer whose contribution rate with respect to the first quarter of calendar year 2011, calculated without regard to this amendatory Act of the 97th General Assembly, would have exceeded 5.4% but for the 5.4% rate ceiling imposed pursuant to subsection A of Section 1506.3, the amount due from the employer with respect to that quarter and attributable to the surcharge established pursuant to this Section shall equal the amount, if any, by which the amount due and attributable to the 5.4% rate exceeds the amount that would have been due and attributable to the employer's rate determined pursuant to Sections 1500 and 1506.1. Payments received by the Department Director with respect to the first quarter of calendar year 2011 shall, to the extent they are insufficient to pay the total amount due under the Act with respect to the quarter, be first applied to satisfy the amount due with respect to that quarter and attributable to the surcharge established pursuant to this Section. All provisions of this Act applicable to the collection or refund of any contribution due under this Act shall be applicable to the collection or refund of amounts due pursuant to this Section. Interest shall accrue with respect to amounts due pursuant to this Section to the same extent and under the same terms and conditions as provided by Section 1401 with
respect to contributions. The changes made to Section 235 by this amendatory Act of the 97th General Assembly are intended to offset the loss of revenue to the State's account in the unemployment trust fund with respect to the first quarter of calendar year 2011 as a result of this Section 1506.5 and the changes made to Section 1506.3 by this amendatory Act of the 97th General Assembly.

Sec. 1801.1. Directory of New Hires.

A. The Director shall establish and operate an automated directory of newly hired employees which shall be known as the "Illinois Directory of New Hires" which shall contain the information required to be reported by employers to the Department under subsection B. In the administration of the Directory, the Director shall comply with any requirements concerning the Employer New Hire Reporting Program established by the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996. The Director is authorized to use the information contained in the Directory of New Hires to administer any of the provisions of this Act.

B. Each employer in Illinois, except a department, agency, or instrumentality of the United States, shall file with the Department a report in accordance with rules adopted by the Department (but in any event not later than 20 days after the date the employer hires the employee or, in the case of an employer transmitting reports magnetically or electronically, by 2 monthly transmissions, if necessary, not less than 12 days nor more than 16 days apart) providing the following information concerning each newly hired employee: the employee's name, address, and social security number, the date services for remuneration were first performed by the employee, and the employer's name, address, Federal Employer Identification Number assigned under Section 6109 of the Internal Revenue Code of 1986, and such other information as may be required by federal law or regulation, provided that each employer may voluntarily file the address to which the employer wants income withholding orders to be mailed, if it is different from the address given on the Federal Employer Identification Number. An employer in Illinois which transmits its reports electronically or magnetically and which also has employees in another state may report all newly hired employees to a single designated state in which the employer has employees if it has so notified the Secretary of the United States Department of Health and Human Services in writing. An employer may, at its option, submit information regarding any rehired employee in
the same manner as information is submitted regarding a newly hired employee. Each report required under this subsection shall, to the extent practicable, be made on an Internal Revenue Service Form W-4 or, at the option of the employer, an equivalent form, and may be transmitted by first class mail, by telefax, magnetically, or electronically.

C. An employer which knowingly fails to comply with the reporting requirements established by this Section shall be subject to a civil penalty of $15 for each individual whom it fails to report. An employer shall be considered to have knowingly failed to comply with the reporting requirements established by this Section with respect to an individual if the employer has been notified by the Department that it has failed to report an individual, and it fails, without reasonable cause, to supply the required information to the Department within 21 days after the date of mailing of the notice. Any individual who knowingly conspires with the newly hired employee to cause the employer to fail to report the information required by this Section or who knowingly conspires with the newly hired employee to cause the employer to file a false or incomplete report shall be guilty of a Class B misdemeanor with a fine not to exceed $500 with respect to each employee with whom the individual so conspires.

D. As used in this Section, "newly hired employee" means an individual who (i) is an employee within the meaning of Chapter 24 of the Internal Revenue Code of 1986; and (ii) either has not previously been employed by the employer or was previously employed by the employer but has been separated from that prior employment for at least 60 consecutive days whose reporting to work which results in earnings from the employer is the first instance within the preceding 180 days that the individual has reported for work for which earnings were received from that employer; however, "newly hired employee" does not include an employee of a federal or State agency performing intelligence or counterintelligence functions, if the head of that agency has determined that the filing of the report required by this Section with respect to the employee could endanger the safety of the employee or compromise an ongoing investigation or intelligence mission.

Notwithstanding Section 205, and for the purposes of this Section only, the term "employer" has the meaning given by Section 3401(d) of the Internal Revenue Code of 1986 and includes any governmental entity and labor organization as defined by Section 2(5) of the National Labor Relations Act, and includes any entity (also known as a hiring hall) which
is used by the organization and an employer to carry out the requirements described in Section 8(f)(3) of that Act of an agreement between the organization and the employer.

Such moneys shall be administered by the Director exclusively for the purposes of this Act.

No such moneys shall be paid or expended except upon the direction of the Director in accordance with such regulations as he shall prescribe pursuant to the provisions of this Act.

The State Treasurer shall be liable on his general official bond for the faithful performance of his duties in connection with the moneys in the special administrative account provided for under this Act. Such liability on his official bond shall exist in addition to the liability upon any separate bond given by him. All sums recovered for losses sustained by the account shall be deposited in that account.

The Director shall be liable on his general official bond for the faithful performance of his duties in connection with the moneys in the clearing account, the benefit account and unemployment trust fund account provided for under this Act. Such liability on his official bond shall exist in addition to the liability upon any separate bond given by him. All sums recovered for losses sustained by any one of the accounts shall be deposited in the account that sustained such loss.

The Treasurer shall maintain for such moneys a special administrative account. The Director shall maintain for such moneys 3 separate accounts: a clearing account, a benefit account, and an unemployment trust fund account. All moneys payable under this Act (except moneys requisitioned from this State's account in the unemployment trust fund and deposited in the benefit account and moneys directed for deposit into the Special Programs Fund provided for under Section 2107), including but not limited to moneys directed for transfer from the Master Bond Fund or the Title XII Interest Fund to this State's account in the unemployment trust fund, upon receipt thereof by the Director, shall be immediately deposited in the clearing account; provided, however, that, except as is otherwise provided in this Section, interest and penalties shall not be deemed a part of the clearing account but shall be transferred immediately upon clearance thereof to the special administrative account; further provided that an amount not to exceed $90,000,000 in payments attributable to the surcharge established pursuant to Section 1506.5, including any interest thereon, shall not be deemed a part of the clearing account but shall be transferred immediately upon clearance thereof to the Title XII Interest Fund.

After clearance thereof, all other moneys in the clearing account shall be immediately deposited by the Director with the Secretary of the Treasury of the United States of America to the credit of the account of this State in the unemployment trust fund, established and maintained pursuant to the Federal Social Security Act, as amended, except fund building receipts, which shall be deposited into the Master Bond Fund. The benefit account shall consist of all moneys requisitioned from this State's account in the unemployment trust fund. The moneys in the benefit account shall be expended in accordance with regulations prescribed by the Director and solely for the payment of benefits, refunds of contributions, interest and penalties under the provisions of the Act, the payment of health insurance in accordance with Section 410 of this Act, and the transfer or payment of funds to any Federal or State agency.

pursuant to reciprocal arrangements entered into by the Director under the provisions of Section 2700E, except that moneys credited to this State's account in the unemployment trust fund pursuant to Section 903 of the Federal Social Security Act, as amended, shall be used exclusively as provided in subsection B. For purposes of this Section only, to the extent allowed by applicable legal requirements, the payment of benefits includes but is not limited to the payment of principal on any bonds issued pursuant to the Illinois Unemployment Insurance Trust Fund Financing Act, exclusive of any interest or administrative expenses in connection with the bonds. The Director shall, from time to time, requisition from the unemployment trust fund such amounts, not exceeding the amounts standing to the State's account therein, as he deems necessary solely for the payment of such benefits, refunds, and funds, for a reasonable future period. The Director, as ex-officio custodian of the benefit account, which shall be kept separate and apart from all other public moneys, shall issue payment of such benefits, refunds, health insurance and funds solely from the moneys so received into the benefit account. However, after January 1, 1987, no payment shall be drawn on such benefit account unless at the time of drawing there is sufficient money in the account to make the payment. The Director shall retain in the clearing account an amount of interest and penalties equal to the amount of interest and penalties to be refunded from the benefit account. After clearance thereof, the amount so retained shall be immediately deposited by the Director, as are all other moneys in the clearing account, with the Secretary of the Treasury of the United States. If, at any time, an insufficient amount of interest and penalties is available for retention in the clearing account, no refund of interest or penalties shall be made from the benefit account until a sufficient amount is available for retention and is so retained, or until the State Treasurer, upon the direction of the Director, transfers to the Director a sufficient amount from the special administrative account, for immediate deposit in the benefit account.

Any balance of moneys requisitioned from the unemployment trust fund which remains unclaimed or unpaid in the benefit account after the expiration of the period for which such sums were requisitioned shall either be deducted from estimates of and may be utilized for authorized expenditures during succeeding periods, or, in the discretion of the Director, shall be redeposited with the Secretary of the Treasury of the United States to the credit of the State's account in the unemployment trust fund.

Moneys in the clearing, benefit and special administrative accounts shall not be commingled with other State funds but they shall be deposited as required by law and maintained in separate accounts on the books of a savings and loan association or bank.

No bank or savings and loan association shall receive public funds as permitted by this Section, unless it has complied with the requirements established pursuant to Section 6 of "An Act relating to certain investments of public funds by public agencies", approved July 23, 1943, as now or hereafter amended.

B. Moneys credited to the account of this State in the unemployment trust fund by the Secretary of the Treasury of the United States pursuant to Section 903 of the Social Security Act may be requisitioned from this State's account and used as authorized by Section 903. Any interest required to be paid on advances under Title XII of the Social Security Act shall be paid in a timely manner and shall not be paid, directly or indirectly, by an equivalent reduction in contributions or payments in lieu of contributions from amounts in this State's account in the unemployment trust fund. Such moneys may be requisitioned and used for the payment of expenses incurred for the administration of this Act, but only pursuant to a specific appropriation by the General Assembly and only if the expenses are incurred and the moneys are requisitioned after the enactment of an appropriation law which:

1. Specifies the purpose or purposes for which such moneys are appropriated and the amount or amounts appropriated therefor;

2. Limits the period within which such moneys may be obligated to a period ending not more than 2 years after the date of the enactment of the appropriation law; and

3. Limits the amount which may be obligated during any fiscal year to an amount which does not exceed the amount by which (a) the aggregate of the amounts transferred to the account of this State pursuant to Section 903 of the Social Security Act exceeds (b) the aggregate of the amounts used by this State pursuant to this Act and charged against the amounts transferred to the account of this State.

For purposes of paragraph (3) above, amounts obligated for administrative purposes pursuant to an appropriation shall be chargeable against transferred amounts at the exact time the obligation is entered into. expended upon the direction of the Director and, except money received pursuant to the last paragraph of Section 2100B, shall be distributed or expended solely for the purposes and in the amounts found necessary by the Secretary of Labor of the United States of America, or other appropriate federal agency, for the proper and efficient administration of this Act. Notwithstanding any provision of this Section, all money requisitioned and deposited with the State Treasurer pursuant to the last paragraph of Section 2100B shall remain part of the unemployment trust fund and shall be used only in accordance with the conditions specified in the last paragraph of Section 2100B.

If any moneys received from the Secretary of Labor, or other appropriate federal agency, under Title III of the Social Security Act, or any moneys granted to this State pursuant to the provisions of the Wagner-Peyser Act, or any moneys made available by this State or its political subdivisions and matched by moneys granted to this State pursuant to the provisions of the Wagner-Peyser Act, are found by the Secretary of Labor, or other appropriate Federal agency, because of any action or contingency, to have been lost or expended for purposes other than, or in amounts in excess of, those found necessary, by the Secretary of Labor, or other appropriate Federal agency, for the proper administration of this Act, it is the policy of this State that such moneys shall be replaced by moneys appropriated for such purpose from the general funds of this State for expenditure as provided in the first paragraph of this Section. The Director shall report to the Governor's Office of Management and Budget, in the same manner as is provided generally for the submission by State Departments of financial requirements for the ensuing fiscal year, and the Governor shall include in his budget report to the next regular session of the General Assembly, the amount required for such replacement.

Moneys in the Title III Social Security and Employment Fund shall not be commingled with other State funds, but they shall be deposited as required by law and maintained in a separate account on the books of a savings and loan association or bank.

The State Treasurer shall be liable on his general official bond for the faithful performance of his duties as custodian of all moneys in the Title III Social Security and Employment Fund. Such liability on his official bond shall exist in addition to the liability upon any separate bond given by him. All sums recovered for losses sustained by the fund herein described shall be deposited therein.
Upon the effective date of this amendatory Act of 1987 (January 1, 1988), the Comptroller shall transfer all unobligated funds from the Job Training Fund into the Title III Social Security and Employment Fund.

On September 1, 2000, or as soon thereafter as may be reasonably practicable, the State Comptroller shall transfer all unobligated moneys from the Job Training Partnership Fund into the Title III Social Security and Employment Fund. The moneys transferred pursuant to this amendatory Act may be used or expended for purposes consistent with the conditions under which those moneys were received by the State.

Beginning on the effective date of this amendatory Act of the 91st General Assembly, all moneys that would otherwise be deposited into the Job Training Partnership Fund shall instead be deposited into the Title III Social Security and Employment Fund, to be used for purposes consistent with the conditions under which those moneys are received by the State, except that any moneys that may be necessary to pay liabilities outstanding as of June 30, 2000 shall be deposited into the Job Training Partnership Fund.

Sec. 5-8-1.3. Pilot residential and transition treatment program for women.
(a) The General Assembly recognizes:
   (1) that drug-offending women with children who have been in and out of the criminal justice system for years are a serious problem;
   (2) that the intergenerational cycle of women continuously being part of the criminal justice system needs to be broken;
   (3) that the effects of drug offending women with children disrupts family harmony and creates an atmosphere that is not conducive to healthy childhood development;
   (4) that there is a need for an effective residential community supervision model to provide help to women to become drug free, recover from trauma, focus on healthy mother-child relationships, and establish economic independence and long-term support;
   (5) that certain non-violent women offenders with children eligible for sentences of incarceration, may benefit from the rehabilitative aspects of gender responsive treatment programs and services. This Section shall not be construed to allow violent offenders to participate in a treatment program.
(b) Under the direction of the sheriff and with the approval of the county board of commissioners, the sheriff, in any county with more than 3,000,000 inhabitants, may operate a residential and transition treatment program for women established by the Illinois Department of Corrections if funding has been provided by federal, local or private entities. If the court finds during the sentencing hearing conducted under Section 5-4-1 that a woman convicted of a felony meets the eligibility requirements of the sheriff's residential and transition treatment program for women, the court may refer the offender to the sheriff's residential and transition treatment program for women for consideration as a participant as an
alternative to incarceration in the penitentiary. The sheriff shall be responsible for supervising all women who are placed in the residential and transition treatment program for women for the 12-month period. In the event that the woman is not accepted for placement in the sheriff's residential and transition treatment program for women, the court shall proceed to sentence the woman to any other disposition authorized by this Code. If the woman does not successfully complete the residential and transition treatment program for women, the woman's failure to do so shall constitute a violation of the sentence to the residential and transition treatment program for women.

(c) In order to be eligible to be a participant in the pilot residential and transition treatment program for women, the participant shall meet all of the following conditions:

(1) The woman has not been convicted of a violent crime as defined in subsection (c) of Section 3 of the Rights of Crime Victims and Witnesses Act, a Class X felony, first or second degree murder, armed violence, aggravated kidnapping, criminal sexual assault, aggravated criminal sexual abuse or a subsequent conviction for criminal sexual abuse, forcible detention, or arson and has not been previously convicted of any of those offenses.

(2) The woman must undergo an initial assessment evaluation to determine the treatment and program plan.

(3) The woman was recommended and accepted for placement in the pilot residential and transition treatment program for women by the Department of Corrections and has consented in writing to participation in the program under the terms and conditions of the program. The Department of Corrections may consider whether space is available.

(d) The program may include a substance abuse treatment program designed for women offenders, mental health, trauma, and medical treatment; parenting skills and family relationship counseling, preparation for a GED or vocational certificate; life skills program; job readiness and job skill training, and a community transition development plan.

(e) With the approval of the Department of Corrections, the sheriff shall issue requirements for the program and inform the participants who shall sign an agreement to adhere to all rules and all requirements for the pilot residential and transition treatment program.
(f) Participation in the pilot residential and transition treatment program for women shall be for a period not to exceed 12 months. The period may not be reduced by accumulation of good time.

(g) If the woman successfully completes the pilot residential and transition treatment program for women, the sheriff shall notify the Department of Corrections, the court, and the State's Attorney of the county of the woman's successful completion.

(h) A woman may be removed from the pilot residential and transition treatment program for women for violation of the terms and conditions of the program or in the event she is unable to participate. The failure to complete the program shall be deemed a violation of the conditions of the program. The sheriff shall give notice to the Department of Corrections, the court, and the State's Attorney of the woman's failure to complete the program. The Department of Corrections or its designee shall file a petition alleging that the woman has violated the conditions of the program with the court. The State's Attorney may proceed on the petition under Section 5-4-1 of this Code.

(i) The conditions of the pilot residential and transition treatment program for women shall include that the woman while in the program:
   (1) not violate any criminal statute of any jurisdiction;
   (2) report or appear in person before any person or agency as directed by the court, the sheriff, or Department of Corrections;
   (3) refrain from possessing a firearm or other dangerous weapon;
   (4) consent to drug testing;
   (5) not leave the State without the consent of the court or, in circumstances in which reason for the absence is of such an emergency nature that prior consent by the court is not possible, without prior notification and approval of the Department of Corrections;
   (6) upon placement in the program, must agree to follow all requirements of the program.

(j) The Department of Corrections or the sheriff may terminate the program at any time by mutual agreement or with 30 days prior written notice by either the Department of Corrections or the sheriff.

(k) The Department of Corrections may enter into a joint contract with a county with more than 3,000,000 inhabitants to establish and operate a pilot residential and treatment program for women.
(l) The Director of the Department of Corrections shall have the authority to develop rules to establish and operate a pilot residential and treatment program for women that shall include criteria for selection of the participants of the program in conjunction and approval by the sentencing court. Violent crime offenders are not eligible to participate in the program.

(m) The Department shall report to the Governor and the General Assembly before September 30th of each year on the pilot residential and treatment program for women, including the composition of the program by offenders, sentence, age, offense, and race. Reporting is only required if the pilot residential and treatment program for women is operational.

(n) The Department of Corrections or the sheriff may terminate the program with 30 days prior written notice.

(o) A county with more than 3,000,000 inhabitants is authorized to apply for funding from federal, local or private entities to create a Residential and Treatment Program for Women. This sentencing option may not go into effect until the funding is secured for the program and the program has been established.

Sec. 5-565. In the Department of Public Health.
(a) The General Assembly declares it to be the public policy of this State that all citizens of Illinois are entitled to lead healthy lives. Governmental public health has a specific responsibility to ensure that a public health system is in place to allow the public health mission to be achieved. The public health system is the collection of public, private, and voluntary entities as well as individuals and informal associations that contribute to the public's health within the State. review the proposed rules within 90 days of submission by the Department. The Department shall take into consideration any comments and recommendations of the Board regarding the proposed rules prior to submission to the Secretary of State for initial publication. If the Department disagrees with the recommendations of the Board, it shall submit a written response outlining the reasons for not accepting the recommendations.

In the case of proposed administrative rules or amendments to administrative rules regarding immunization of children against preventable communicable diseases designated by the Director under the Communicable Disease Prevention Act, after the Immunization Advisory Committee has made its recommendations, the Board shall conduct 3 public hearings, geographically distributed throughout the State. Section 5. The Property Tax Code is amended by changing Section 16-55 as follows:

(35 ILCS 200/16-55)
Sec. 16-55. Complaints. On written complaint that any property is overassessed or underassessed, the board shall review the assessment, and correct it, as appears to be just, but in no case shall the property be assessed at a higher percentage of fair cash value than other property in the assessment district prior to equalization by the board or the Department. The board shall include compulsory sales in reviewing and correcting assessments, including, but not limited to, those compulsory sales submitted by the taxpayer, if the board determines that those sales reflect the same property characteristics and condition as those originally used to make the assessment. The board shall also consider whether the compulsory sale would otherwise be considered an arm's length transaction. A complaint to affect the assessment for the current year shall be filed on or before the 10th day of August in counties with less than 150,000 inhabitants and on or before the 10th day of September in counties with 150,000 or more but less than 3,000,000 inhabitants, except if the assessment books containing the assessment complained of are not filed with the board of review by the 10th day of July in a county with fewer than 150,000 inhabitants or by the 10th day of August in a county with 150,000 or more but less than 3,000,000 inhabitants, then the complaint shall be filed on or before 30 calendar days after the date of publication of the assessment list under Section 12-10. The board may also, at any time before its revision of the assessments is completed in every year, increase, reduce or otherwise adjust the assessment of any property, making changes in the valuation as may be just, and shall have full power over the assessment of any person and may do anything in regard thereto that it may deem necessary to make a just assessment, but the property shall not be assessed at a higher percentage of fair cash value than the assessed valuation of other property in the assessment district prior to equalization by the board or the Department. No assessment shall be increased until the person to be affected has been notified and given an opportunity to be heard, except as provided below. Before making any reduction in assessments of its own motion, the board of review shall give notice to the assessor or chief county assessment officer who certified the assessment, and give the assessor or chief county assessment officer an opportunity to be heard thereon. All complaints of errors in assessments of property shall be in writing, and shall be filed by the complaining party.
with the board of review, in duplicate. The duplicate shall be filed by the board of review with the assessor or chief county assessment officer who certified the assessment. In all cases where a change in assessed valuation of $100,000 or more is sought, the board of review shall also serve a copy of the petition on all taxing districts as shown on the last available tax bill at least 14 days prior to the hearing on the complaint. All taxing districts shall have an opportunity to be heard on the complaint. Complaints shall be classified by townships or taxing districts by the clerk of the board of review. All classes of complaints shall be docketed numerically, each in its own class, in the order in which they are presented, in books kept for that purpose, which books shall be open to public inspection. Complaints shall be considered by townships or taxing districts until all complaints have been heard and passed upon by the board.

Sec. 7. Exemptions.

(1) When a request is made to inspect or copy a public record that contains information that is exempt from disclosure under this Section, but also contains information that is not exempt from disclosure, the public body may elect to redact the information that is exempt. The public body shall make the remaining information available for inspection and copying. Subject to this requirement, the following shall be exempt from inspection and copying:
(a) Information specifically prohibited from disclosure by federal or State law or rules and regulations implementing federal or State law.

(b) Private information, unless disclosure is required by another provision of this Act, a State or federal law or a court order.

(b-5) Files, documents, and other data or databases maintained by one or more law enforcement agencies and specifically designed to provide information to one or more law enforcement agencies regarding the physical or mental status of one or more individual subjects.

(c) Personal information contained within public records, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy, unless the disclosure is consented to in writing by the individual subjects of the information. "Unwarranted invasion of personal privacy" means the disclosure of information that is highly personal or objectionable to a reasonable person and in which the subject's right to privacy outweighs any legitimate public interest in obtaining the information. The disclosure of information that bears on the public duties of public employees and officials shall not be considered an invasion of personal privacy.

(d) Records in the possession of any public body created in the course of administrative enforcement proceedings, and any law enforcement or correctional agency for law enforcement purposes, but only to the extent that disclosure would:

   (i) interfere with pending or actually and reasonably contemplated law enforcement proceedings conducted by any law enforcement or correctional agency that is the recipient of the request;

   (ii) interfere with active administrative enforcement proceedings conducted by the public body that is the recipient of the request;

   (iii) create a substantial likelihood that a person will be deprived of a fair trial or an impartial hearing;

(v) disclose unique or specialized investigative techniques other than those generally used and known or disclose internal documents of correctional agencies related to detection, observation or investigation of incidents of crime or misconduct, and disclosure would result in demonstrable harm to the agency or public body that is the recipient of the request;

(vi) endanger the life or physical safety of law enforcement personnel or any other person; or

(vii) obstruct an ongoing criminal investigation by the agency that is the recipient of the request.

(e) Records that relate to or affect the security of correctional institutions and detention facilities.

(f) Preliminary drafts, notes, recommendations, memoranda and other records in which opinions are expressed, or policies or actions are formulated, except that a specific record or relevant portion of a record shall not be exempt when the record is publicly cited and identified by the head of the public body. (g) Trade secrets and commercial or financial information obtained from a person or business where the trade secrets or commercial or financial information are furnished under a claim that they are proprietary, privileged or confidential, and that disclosure of the trade secrets or commercial or financial information would cause competitive harm to the person or business, and only insofar as the claim directly applies to the records requested.

The information included under this exemption includes all trade secrets and commercial or financial information obtained by a public body, including a public pension fund, from a private equity fund or a privately held company within the investment portfolio of
a private equity fund as a result of either investing or evaluating a potential investment of public funds in a private equity fund. The exemption contained in this item does not apply to the aggregate financial performance information of a private equity fund, nor to the identity of the fund's managers or general partners. The exemption contained in this item does not apply to the identity of a privately held company within the investment portfolio of a private equity fund, unless the disclosure of the identity of a privately held company may cause competitive harm.

Nothing contained in this paragraph (g) shall be construed to prevent a person or business from consenting to disclosure.

(h) Proposals and bids for any contract, grant, or agreement, including information which if it were disclosed would frustrate procurement or give an advantage to any person proposing to enter into a contractor agreement with the body, until an award or final selection is made. Information prepared by or for the body in preparation of a bid solicitation shall be exempt until an award or final selection is made.

(i) Valuable formulae, computer geographic systems, designs, drawings and research data obtained or produced by any public body when disclosure could reasonably be expected to produce private gain or public loss. The exemption for "computer geographic systems" provided in this paragraph (i) does not extend to requests made by news media as defined in Section 2 of this Act when the requested information is not otherwise exempt and the only purpose of the request is to access and disseminate information regarding the health, safety, welfare, or legal rights of the general public.

(j) The following information pertaining to educational matters:

(i) test questions, scoring keys and other examination data used to administer an academic examination;
(ii) information received by a primary or secondary school, college, or university under its procedures for the evaluation of faculty members by their academic peers;

(l) Minutes of meetings of public bodies closed to the public as provided in the Open Meetings Act until the public body makes the minutes available to the public under Section 2.06 of the Open Meetings Act.

(m) Communications between a public body and an attorney or auditor representing the public body that would not be subject to discovery in litigation, and materials prepared or compiled by or for a public body in anticipation of a criminal, civil or administrative proceeding upon the request of an attorney advising the public body, and materials prepared or compiled with respect to internal audits of public bodies.

(n) Records relating to a public body's adjudication of employee grievances or disciplinary cases; however, this exemption shall not extend to the final outcome of cases in which discipline is imposed.

(o) Administrative or technical information associated with automated data processing operations, including but not limited to software, operating protocols, computer program abstracts, file layouts, source listings, object modules, load modules, user guides, documentation pertaining to all logical and physical design of computerized systems, employee manuals, and any other information that, if disclosed, would jeopardize the security of the system or its data or the security of materials exempt under this Section.
(p) Records relating to collective negotiating matters between public bodies and their employees or representatives, except that any final contract or agreement shall be subject to inspection and copying.

(q) Test questions, scoring keys, and other examination data used to determine the qualifications of an applicant for a license or employment.

(r) The records, documents, and information relating to real estate purchase negotiations until those negotiations have been completed or otherwise terminated. With regard to a parcel involved in a pending or actually and reasonably contemplated eminent domain proceeding under the Eminent Domain Act, records, documents and information relating to that parcel shall be exempt except as may be allowed under discovery rules adopted by the Illinois Supreme Court. The records, documents and information relating to a real estate sale shall be exempt until a sale is consummated.

(u) Information that would disclose or might lead to the disclosure of secret or confidential information, codes, algorithms, programs, or private keys intended to be used to create electronic or digital signatures under the Electronic Commerce Security Act.

(v) Vulnerability assessments, security measures, and response policies or plans that are designed to identify, prevent, or respond to potential attacks upon a community's population or systems, facilities, or installations, the destruction or contamination of which would constitute a clear and present danger to the health or safety of the community, but only to the extent that disclosure
could reasonably be expected to jeopardize the effectiveness of the measures or the safety of the personnel who implement them or the public. Information exempt under this item may include such things as details pertaining to the mobilization or deployment of personnel or equipment, to the operation of communication systems or protocols, or to tactical operations.

All persons who were enrolled in the Article 16 program at the time of the transfer shall be eligible to participate in the program established under this Section without any interruption or delay in coverage or limitation as to pre-existing medical conditions. Eligibility to participate shall be determined by the Teachers' Retirement System. Eligibility information shall be communicated to the Department of Central Management Services in a format acceptable to the Department.
A TRS dependent beneficiary who is a child age 19 or over and mentally or physically disabled does not become ineligible to participate by reason of (i) becoming ineligible to be claimed as a dependent for Illinois or federal income tax purposes or (ii) receiving earned income, so long as those earnings are insufficient for the child to be fully self-sufficient.

(d) Coverage. The level of health benefits provided under this Section shall be similar to the level of benefits provided by the program previously established under Article 16 of the Illinois Pension Code.

Group life insurance benefits are not included in the benefits to be provided to TRS benefit recipients and TRS dependent beneficiaries under this Act.

For Fiscal Year 2003, the premium shall not exceed 110% of the premium actually charged in Fiscal Year 2002.

Rates and premiums may be based in part on age and eligibility for federal medicare coverage. However, the cost of participation for a TRS dependent beneficiary who is an unmarried child age 19 or over and mentally or physically disabled shall not exceed the cost for a TRS dependent beneficiary who is an unmarried child under age 19 and participates in the same major medical or managed care program.

The cost of health benefits under the program shall be paid as follows:
