(7) There shall be allowed an additional credit equal to 0.5% of the basis of qualified property placed in service during the taxable year in a River Edge Redevelopment Zone, provided such property is placed in service on or after July 1, 2006, and the taxpayer's base employment within Illinois has increased by 1% or more over the preceding year as determined by the taxpayer's employment records filed with the Illinois Department of Employment Security. Taxpayers who are new to Illinois shall be deemed to have met the 1% growth in base employment for the first year in which they file employment records with the Illinois Department of Employment Security. If, in any year, the increase in base employment within Illinois over the preceding year is less than 1%, the additional credit shall be limited to that percentage times a fraction, the numerator of which is 0.5% and the denominator of which is 1%, but shall not exceed 0.5%.

(g) Jobs Tax Credit; Enterprise Zone; River Edge Redevelopment Zone; and Foreign Trade Zone or Sub-Zone.

(1) A taxpayer conducting a trade or business, in an enterprise zone or a High Impact Business designated by the Department of Commerce and Economic Opportunity or for taxable years ending on or after December 31, 2006, in a River Edge Redevelopment Zone or conducting a trade or business in a federally designated Foreign Trade Zone or Sub-Zone shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section in the amount of $500 per eligible employee hired to work in the zone during the taxable year.

(2) To qualify for the credit:

(A) the taxpayer must hire 5 or more eligible employees to work in a enterprise zone; River Edge Redevelopment Zone; or federally designated Foreign Trade Zone or Sub-Zone during the taxable year;

(B) the taxpayer's total employment within the enterprise zone; River Edge Redevelopment Zone; or federally designated Foreign Trade Zone or Sub-Zone must increase by 5 or more full-time employees beyond the total employed in that zone at the end of the previous tax year for which a jobs tax credit under this Section was taken, or

beyond the total employed by the taxpayer as of December 31, 1985, whichever is later; and

(C) the eligible employees must be employed 180 consecutive days in order to be deemed hired for purposes of this subsection.

(3) An "eligible employee" means an employee who is:

(A) Certified by the Department of Commerce and Economic Opportunity as "eligible for services" pursuant to regulations promulgated in accordance with Title II of the Job Training Partnership Act, Training Services for the Disadvantaged or Title III of the Job Training Partnership Act, Employment and Training Assistance for Dislocated Workers Program.

(B) Hired after the enterprise zone, River Edge Redevelopment Zone; or federally designated Foreign Trade Zone or Sub-Zone was designated or the trade or business was located in that zone, whichever is later.

(C) Employed in the enterprise zone, River Edge Redevelopment Zone; or Foreign Trade Zone or Sub-Zone. An employee is employed in a an enterprise zone or federally designated Foreign Trade Zone or Sub-Zone if his services are rendered there or it is the base of operations for the services performed.

(D) A full-time employee working 30 or more hours per week.

(4) For tax years ending on or after December 31, 1985 and prior to December 31, 1988, the credit shall be allowed for the tax year in which the eligible employees are hired. For tax years ending on or after December 31, 1988, the credit shall be allowed for the tax year immediately following the tax year in which the eligible employees are hired. If the amount of the credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit year. The credit shall be applied to the earliest year for which there is a liability. If there is credit from more than one tax year that is available to offset a liability, earlier credit shall be applied first.
(5) The Department of Revenue shall promulgate such rules and regulations as may be deemed necessary to carry out the purposes of this subsection (g).

(6) The credit shall be available for eligible employees hired on or after January 1, 1986.

(h) Investment credit; High Impact Business.

(1) Subject to subsections (b) and (b-5) of Section 5.5 of the Illinois Enterprise Zone Act, a taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for investment in qualified property which is placed in service by a Department of Commerce and Economic Opportunity designated High Impact Business. The credit shall be .5% of the basis for such property. The credit shall not be available (i) until the minimum investments in qualified property set forth in subdivision (a)(3)(A) of Section 5.5 of the Illinois Enterprise Zone Act have been satisfied or (ii) until the time authorized in subsection (b-5) of the Illinois Enterprise Zone Act for entities designated as High Impact Businesses under subdivisions (a)(3)(B), (a)(3)(C), and (a)(3)(D) of Section 5.5 of the Illinois Enterprise Zone Act, and shall not be allowed to the extent that it would reduce a taxpayer's liability for the tax imposed by subsections (a) and (b) of this Section to below zero. The credit applicable to such investments shall be taken in the taxable year in which such investments have been completed. The credit for additional investments beyond the minimum investment by a designated high impact business authorized under subdivision (a)(3)(A) of Section 5.5 of the Illinois Enterprise Zone Act shall be available only in the taxable year in which the property is placed in service and shall not be allowed to the extent that it would reduce a taxpayer's liability for the tax imposed by subsections (a) and (b) of this Section to below zero. For tax years ending on or after December 31, 1987, the credit shall be allowed for the tax year in which the property is placed in service, or, if the amount of the credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit year. The credit shall be applied to the earliest year for which there is a liability. If there is credit
from more than one tax year that is available to offset a liability, the credit accruing first in time shall be applied first.

Changes made in this subdivision (h)(1) by Public Act 88-670 restore changes made by Public Act 85-1182 and reflect existing law.

(2) The term qualified property means property which:
   (A) is tangible, whether new or used, including buildings and structural components of buildings;
   (B) is depreciable pursuant to Section 167 of the Internal Revenue Code, except that "3-year property" as defined in Section 168(c)(2)(A) of that Code is not eligible for the credit provided by this subsection (h);
   (C) is acquired by purchase as defined in Section 179(d) of the Internal Revenue Code; and
   (D) is not eligible for the Enterprise Zone Investment Credit provided by subsection (f) of this Section.

(3) The basis of qualified property shall be the basis used to compute the depreciation deduction for federal income tax purposes.

(4) If the basis of the property for federal income tax depreciation purposes is increased after it has been placed in service in a federally designated Foreign Trade Zone or Sub-Zone located in Illinois by the taxpayer, the amount of such increase shall be deemed property placed in service on the date of such increase in basis.

(5) The term "placed in service" shall have the same meaning as under Section 46 of the Internal Revenue Code.

(6) If during any taxable year ending on or before December 31, 1996, any property ceases to be qualified property in the hands of the taxpayer within 48 months after being placed in service, or the situs of any qualified property is moved outside Illinois within 48 months after being placed in service, the tax imposed under subsections (a) and (b) of this Section for such taxable year shall be increased. Such increase shall be determined by (i) recomputing the investment credit which would have been allowed for the year in which credit for such property was originally allowed by eliminating such property from such computation, and (ii) subtracting such recomputed credit from the
amount of credit previously allowed. For the purposes of this paragraph (6), a reduction of the basis of qualified property resulting from a redetermination of the purchase price shall be deemed a disposition of qualified property to the extent of such reduction.

(7) Beginning with tax years ending after December 31, 1996, if a taxpayer qualifies for the credit under this subsection (h) and thereby is granted a tax abatement and the taxpayer relocates its entire facility in violation of the explicit terms and length of the contract under Section 18-183 of the Property Tax Code, the tax imposed under subsections (a) and (b) of this Section shall be increased for the taxable year in which the taxpayer relocated its facility by an amount equal to the amount of credit received by the taxpayer under this subsection (h).

(i) Credit for Personal Property Tax Replacement Income Tax. For tax years ending prior to December 31, 2003, a credit shall be allowed against the tax imposed by subsections (a) and (b) of this Section for the tax imposed by subsections (c) and (d) of this Section. This credit shall be computed by multiplying the tax imposed by subsections (c) and (d) of this Section by a fraction, the numerator of which is base income allocable to Illinois and the denominator of which is Illinois base income, and further multiplying the product by the tax rate imposed by subsections (a) and (b) of this Section.

Any credit earned on or after December 31, 1986 under this subsection which is unused in the year the credit is computed because it exceeds the tax liability imposed by subsections (a) and (b) for that year (whether it exceeds the original liability or the liability as later amended) may be carried forward and applied to the tax liability imposed by subsections (a) and (b) of the 5 taxable years following the excess credit year, provided that no credit may be carried forward to any year ending on or after December 31, 2003. This credit shall be applied first to the earliest year for which there is a liability. If there is a credit under this subsection from more than one tax year that is available to offset a liability the earliest credit arising under this subsection shall be applied first.

If, during any taxable year ending on or after December 31, 1986, the tax imposed by subsections (c) and (d) of this Section for which a taxpayer has claimed a credit under this subsection (i) is reduced, the amount of credit for such tax shall also be reduced. Such reduction shall be determined by recomputing the credit to take into account the reduced

New matter indicated by italics - deletions by strikeout
tax imposed by subsections (c) and (d). If any portion of the reduced amount of credit has been carried to a different taxable year, an amended return shall be filed for such taxable year to reduce the amount of credit claimed.

(j) Training expense credit. Beginning with tax years ending on or after December 31, 1986 and prior to December 31, 2003, a taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) under this Section for all amounts paid or accrued, on behalf of all persons employed by the taxpayer in Illinois or Illinois residents employed outside of Illinois by a taxpayer, for educational or vocational training in semi-technical or technical fields or semi-skilled or skilled fields, which were deducted from gross income in the computation of taxable income. The credit against the tax imposed by subsections (a) and (b) shall be 1.6% of such training expenses. For partners, shareholders of subchapter S corporations, and owners of limited liability companies, if the liability company is treated as a partnership for purposes of federal and State income taxation, there shall be allowed a credit under this subsection (j) to be determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and subchapter S of the Internal Revenue Code.

Any credit allowed under this subsection which is unused in the year the credit is earned may be carried forward to each of the 5 taxable years following the year for which the credit is first computed until it is used. This credit shall be applied first to the earliest year for which there is a liability. If there is a credit under this subsection from more than one tax year that is available to offset a liability the earliest credit arising under this subsection shall be applied first. No carryforward credit may be claimed in any tax year ending on or after December 31, 2003.

(k) Research and development credit.

For tax years ending after July 1, 1990 and prior to December 31, 2003, and beginning again for tax years ending on or after December 31, 2004, and ending prior to January 1, 2016, a taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for increasing research activities in this State. The credit allowed against the tax imposed by subsections (a) and (b) shall be equal to 6 1/2% of the qualifying expenditures for increasing research activities in this State. For partners, shareholders of subchapter S corporations, and owners of limited liability companies, if the liability company is treated as a partnership for purposes of federal and State income taxation, there shall be allowed a
credit under this subsection to be determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and subchapter S of the Internal Revenue Code.

For purposes of this subsection, "qualifying expenditures" means the qualifying expenditures as defined for the federal credit for increasing research activities which would be allowable under Section 41 of the Internal Revenue Code and which are conducted in this State, "qualifying expenditures for increasing research activities in this State" means the excess of qualifying expenditures for the taxable year in which incurred over qualifying expenditures for the base period, "qualifying expenditures for the base period" means the average of the qualifying expenditures for each year in the base period, and "base period" means the 3 taxable years immediately preceding the taxable year for which the determination is being made.

Any credit in excess of the tax liability for the taxable year may be carried forward. A taxpayer may elect to have the unused credit shown on its final completed return carried over as a credit against the tax liability for the following 5 taxable years or until it has been fully used, whichever occurs first; provided that no credit earned in a tax year ending prior to December 31, 2003 may be carried forward to any year ending on or after December 31, 2003.

If an unused credit is carried forward to a given year from 2 or more earlier years, that credit arising in the earliest year will be applied first against the tax liability for the given year. If a tax liability for the given year still remains, the credit from the next earliest year will then be applied, and so on, until all credits have been used or no tax liability for the given year remains. Any remaining unused credit or credits then will be carried forward to the next following year in which a tax liability is incurred, except that no credit can be carried forward to a year which is more than 5 years after the year in which the expense for which the credit is given was incurred.

No inference shall be drawn from this amendatory Act of the 91st General Assembly in construing this Section for taxable years beginning before January 1, 1999.

(l) Environmental Remediation Tax Credit.

(i) For tax years ending after December 31, 1997 and on or before December 31, 2001, a taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for certain amounts paid for unreimbursed eligible remediation...
costs, as specified in this subsection. For purposes of this Section, "unreimbursed eligible remediation costs" means costs approved by the Illinois Environmental Protection Agency ("Agency") under Section 58.14 of the Environmental Protection Act that were paid in performing environmental remediation at a site for which a No Further Remediation Letter was issued by the Agency and recorded under Section 58.10 of the Environmental Protection Act. The credit must be claimed for the taxable year in which Agency approval of the eligible remediation costs is granted. The credit is not available to any taxpayer if the taxpayer or any related party caused or contributed to, in any material respect, a release of regulated substances on, in, or under the site that was identified and addressed by the remedial action pursuant to the Site Remediation Program of the Environmental Protection Act. After the Pollution Control Board rules are adopted pursuant to the Illinois Administrative Procedure Act for the administration and enforcement of Section 58.9 of the Environmental Protection Act, determinations as to credit availability for purposes of this Section shall be made consistent with those rules. For purposes of this Section, "taxpayer" includes a person whose tax attributes the taxpayer has succeeded to under Section 381 of the Internal Revenue Code and "related party" includes the persons disallowed a deduction for losses by paragraphs (b), (c), and (f)(1) of Section 267 of the Internal Revenue Code by virtue of being a related taxpayer, as well as any of its partners. The credit allowed against the tax imposed by subsections (a) and (b) shall be equal to 25% of the unreimbursed eligible remediation costs in excess of $100,000 per site, except that the $100,000 threshold shall not apply to any site contained in an enterprise zone as determined by the Department of Commerce and Community Affairs (now Department of Commerce and Economic Opportunity). The total credit allowed shall not exceed $40,000 per year with a maximum total of $150,000 per site. For partners and shareholders of subchapter S corporations, there shall be allowed a credit under this subsection to be determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and subchapter S of the Internal Revenue Code.

(ii) A credit allowed under this subsection that is unused in the year the credit is earned may be carried forward to each of the 5 taxable years following the year for which the credit is first earned until it is used. The term "unused credit" does not include any amounts of unreimbursed eligible remediation costs in excess of the maximum credit per site authorized under paragraph (i). This credit shall be applied first to the earliest year for which there is a liability. If there is a credit under this subsection from more than one tax year that is available to offset a liability, the earliest credit arising under this subsection shall be applied first. A credit allowed under this subsection may be sold to a buyer as part of a sale of all or part of the remediation site for which the credit was granted. The purchaser of a remediation site and the tax credit shall succeed to the unused credit and remaining carry-forward period of the seller. To perfect the transfer, the assignor shall record the transfer in the chain of title for the site and provide written notice to the Director of the Illinois Department of Revenue of the assignor's intent to sell the remediation site and the amount of the tax credit to be transferred as a portion of the sale. In no event may a credit be transferred to any taxpayer if the taxpayer or a related party would not be eligible under the provisions of subsection (i).

(iii) For purposes of this Section, the term "site" shall have the same meaning as under Section 58.2 of the Environmental Protection Act.

(m) Education expense credit. Beginning with tax years ending after December 31, 1999, a taxpayer who is the custodian of one or more qualifying pupils shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for qualified education expenses incurred on behalf of the qualifying pupils. The credit shall be equal to 25% of qualified education expenses, but in no event may the total credit under this subsection claimed by a family that is the custodian of qualifying pupils exceed $500. In no event shall a credit under this subsection reduce the taxpayer's liability under this Act to less than zero. This subsection is exempt from the provisions of Section 250 of this Act.

For purposes of this subsection:
"Qualifying pupils" means individuals who (i) are residents of the State of Illinois, (ii) are under the age of 21 at the close of the school year for which a credit is sought, and (iii) during the school year for which a credit is sought were full-time pupils enrolled in a kindergarten through grade 12.
twelfth grade education program at any school, as defined in this subsection.

"Qualified education expense" means the amount incurred on behalf of a qualifying pupil in excess of $250 for tuition, book fees, and lab fees at the school in which the pupil is enrolled during the regular school year.

"School" means any public or nonpublic elementary or secondary school in Illinois that is in compliance with Title VI of the Civil Rights Act of 1964 and attendance at which satisfies the requirements of Section 26-1 of the School Code, except that nothing shall be construed to require a child to attend any particular public or nonpublic school to qualify for the credit under this Section.

"Custodian" means, with respect to qualifying pupils, an Illinois resident who is a parent, the parents, a legal guardian, or the legal guardians of the qualifying pupils.

(n) River Edge Redevelopment Zone site remediation tax credit.
   (i) For tax years ending on or after December 31, 2006, a taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for certain amounts paid for unreimbursed eligible remediation costs, as specified in this subsection. For purposes of this Section, "unreimbursed eligible remediation costs" means costs approved by the Illinois Environmental Protection Agency ("Agency") under Section 58.14a of the Environmental Protection Act that were paid in performing environmental remediation at a site within a River Edge Redevelopment Zone for which a No Further Remediation Letter was issued by the Agency and recorded under Section 58.10 of the Environmental Protection Act. The credit must be claimed for the taxable year in which Agency approval of the eligible remediation costs is granted. The credit is not available to any taxpayer if the taxpayer or any related party caused or contributed to, in any material respect, a release of regulated substances on, in, or under the site that was identified and addressed by the remedial action pursuant to the Site Remediation Program of the Environmental Protection Act. Determinations as to credit availability for purposes of this Section shall be made consistent with rules adopted by the Pollution Control Board pursuant to the Illinois Administrative Procedure Act for the administration and enforcement of Section 58.9 of the Environmental Protection Act.

Sec. 203. Base income defined.
(a) Individuals.
In general. In the case of an individual, base income means an amount equal to the taxpayer's adjusted gross income for the taxable year as modified by paragraph (2).

(2) Modifications. The adjusted gross income referred to in paragraph (1) shall be modified by adding thereto the sum of the following amounts:

(A) An amount equal to all amounts paid or accrued to the taxpayer as interest or dividends during the taxable year to the extent excluded from gross income in the computation of adjusted gross income, except stock dividends of qualified public utilities described in Section 305(e) of the Internal Revenue Code;

(B) An amount equal to the amount of tax imposed by this Act to the extent deducted from gross income in the computation of adjusted gross income for the taxable year;

(C) An amount equal to the amount received during the taxable year as a recovery or refund of real property taxes paid with respect to the taxpayer's principal residence under the Revenue Act of 1939 and for which a deduction was previously taken under subparagraph (L) of this paragraph (2) prior to July 1, 1991, the retrospective application date of Article 4 of Public Act 87-17. In the case of multi-unit or multi-use structures and farm dwellings, the taxes on the taxpayer's principal residence shall be that portion of the total taxes for the entire property which is attributable to such principal residence;

(D) An amount equal to the amount of the capital gain deduction allowable under the Internal Revenue Code, to the extent deducted from gross income in the computation of adjusted gross income;

(D-5) An amount, to the extent not included in adjusted gross income, equal to the amount of money withdrawn by the taxpayer in the taxable year from a medical care savings account and the interest earned on the account in the taxable year of a withdrawal pursuant to subsection (b) of Section 20 of the Medical Care Savings Account Act or subsection (b) of Section 20 of the Medical Care Savings Account Act of 2000;
(D-10) For taxable years ending after December 31, 1997, an amount equal to any eligible remediation costs that the individual deducted in computing adjusted gross income and for which the individual claims a credit under subsection (I) of Section 201;

(D-15) For taxable years 2001 and thereafter, an amount equal to the bonus depreciation deduction taken on the taxpayer's federal income tax return for the taxable year under subsection (k) of Section 168 of the Internal Revenue Code;

(D-16) If the taxpayer sells, transfers, abandons, or otherwise disposes of property for which the taxpayer was required in any taxable year to make an addition modification under subparagraph (D-15), then an amount equal to the aggregate amount of the deductions taken in all taxable years under subparagraph (Z) with respect to that property.

If the taxpayer continues to own property through the last day of the last tax year for which the taxpayer may claim a depreciation deduction for federal income tax purposes and for which the taxpayer was allowed in any taxable year to make a subtraction modification under subparagraph (Z), then an amount equal to that subtraction modification.

The taxpayer is required to make the addition modification under this subparagraph only once with respect to any one piece of property;

(D-17) An amount equal to the amount otherwise allowed as a deduction in computing base income for interest paid, accrued, or incurred, directly or indirectly, (i) for taxable years ending on or after December 31, 2004, to a foreign person who would be a member of the same unitary business group but for the fact that foreign person's business activity outside the United States is 80% or more of the foreign person's total business activity and (ii) for taxable years ending on or after December 31, 2008, to a person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the

unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304. The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income under Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the interest was paid, accrued, or incurred.

This paragraph shall not apply to the following:

(ii) an item of interest paid, accrued, or incurred, directly or indirectly, to a person if the taxpayer can establish, based on a preponderance of the evidence, both of the following:

(a) the person, during the same taxable year, paid, accrued, or incurred, the interest to a person that is not a related member, and

(b) the transaction giving rise to the interest expense between the taxpayer and the person did not have as a principal purpose the avoidance of Illinois income tax, and is paid pursuant to a contract or agreement that reflects an arm's-length interest rate and terms; or

(iii) the taxpayer can establish, based on clear and convincing evidence, that the interest paid, accrued, or incurred relates to a contract or agreement entered into at arm's-length rates and

terms and the principal purpose for the payment is not federal or Illinois tax avoidance; or

(iv) an item of interest paid, accrued, or incurred, directly or indirectly, to a person if the taxpayer establishes by clear and convincing evidence that the adjustments are unreasonable; or if the taxpayer and the Director agree in writing to the application or use of an alternative method of apportionment under Section 304(f).

Nothing in this subsection shall preclude the Director from making any other adjustment otherwise allowed under Section 404 of this Act for any tax year beginning after the effective date of this amendment provided such adjustment is made pursuant to regulation adopted by the Department and such regulations provide methods and standards by which the Department will utilize its authority under Section 404 of this Act;

(D-18) An amount equal to the amount of intangible expenses and costs otherwise allowed as a deduction in computing base income, and that were paid, accrued, or incurred, directly or indirectly, (i) for taxable years ending on or after December 31, 2004, to a foreign person who would be a member of the same unitary business group but for the fact that the foreign person's business activity outside the United States is 80% or more of that person's total business activity and (ii) for taxable years ending on or after December 31, 2008, to a person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304. The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income under Sections 951 through 964.

of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the intangible expenses and costs were directly or indirectly paid, incurred, or accrued. The preceding sentence does not apply to the extent that the same dividends caused a reduction to the addition modification required under Section 203(a)(2)(D-17) of this Act. As used in this subparagraph, the term "intangible expenses and costs" includes (1) expenses, losses, and costs for, or related to, the direct or indirect acquisition, use, maintenance or management, ownership, sale, exchange, or any other disposition of intangible property; (2) losses incurred, directly or indirectly, from factoring transactions or discounting transactions; (3) royalty, patent, technical, and copyright fees; (4) licensing fees; and (5) other similar expenses and costs. For purposes of this subparagraph, "intangible property" includes patents, patent applications, trade names, trademarks, service marks, copyrights, mask works, trade secrets, and similar types of intangible assets.

This paragraph shall not apply to the following:

(i) any item of intangible expenses or costs paid, accrued, or incurred, directly or indirectly, from a transaction with a person who is subject in a foreign country or state, other than a state which requires mandatory unitary reporting, to a tax on or measured by net income with respect to such item; or

(ii) any item of intangible expense or cost paid, accrued, or incurred, directly or indirectly, if the taxpayer can establish, based on a preponderance of the evidence, both of the following:

(a) the person during the same taxable year paid, accrued, or incurred, the intangible expense or cost to a person that is not a related member, and

(b) the transaction giving rise to the intangible expense or cost between the

taxpayer and the person did not have as a principal purpose the avoidance of Illinois income tax, and is paid pursuant to a contract or agreement that reflects arm's-length terms; or

(iii) any item of intangible expense or cost paid, accrued, or incurred, directly or indirectly, from a transaction with a person if the taxpayer establishes by clear and convincing evidence, that the adjustments are unreasonable; or if the taxpayer and the Director agree in writing to the application or use of an alternative method of apportionment under Section 304(f);

(ii) any item of intangible expense or cost paid, accrued, or incurred, directly or indirectly, if the taxpayer can establish, based on a preponderance of the evidence, both of the following:

(a) the person during the same taxable year paid, accrued, or incurred, the intangible expense or cost to a person that is not a related member, and

of the foreign person's total business activity and (ii) for taxable years ending on or after December 31, 2008, to a person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304. (D-8) An amount equal to the amount of intangible expenses and costs otherwise allowed as a deduction in computing base income, and that were paid, accrued, or incurred, directly or indirectly, (i) for taxable years ending on or after December 31, 2004, to a foreign person who would be a member of the same unitary business group but for the fact that the foreign person's business activity outside the United States is 80% or more of that person's total business activity and (ii) for taxable years ending on or after December 31, 2008, to a person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304. The preceding sentence shall not apply to the extent that the same dividends caused a reduction to the addition modification required under Section 203(d)(2)(D-7) of this Act. As used in this subparagraph, the term "intangible expenses and costs" includes (1) expenses, losses, and costs for, or related to, the direct or indirect acquisition, use, maintenance or management, ownership, sale, exchange, or any other disposition of intangible property; (2) losses incurred, directly or indirectly, from factoring transactions or discounting transactions; (3) royalty, patent, technical, and copyright fees; (4) licensing fees; and (5) other similar expenses and costs. For purposes of this subparagraph, "intangible property" includes patents, patent applications, trade names, trademarks, service marks, copyrights, mask works, trade secrets, and similar types of intangible assets; This paragraph shall not apply to the following:

(e) Gross income; adjusted gross income; taxable income.

(1) In general. Subject to the provisions of paragraph (2) and subsection (b) (3), for purposes of this Section and Section 803(e), a taxpayer's gross income, adjusted gross income, or taxable income for the taxable year shall mean the amount of gross income, adjusted gross income or taxable income properly reportable for federal income tax purposes for the taxable year under the provisions of the Internal Revenue Code. Taxable income may be less than zero. For taxable years ending prior to December 31, 1986, taxable income may never be an amount in excess of the net operating loss for the taxable year as defined in subsections (c) and (d) of Section 172 of the Internal Revenue Code, provided that when taxable income of a corporation (other than a Subchapter S corporation), trust, or estate is less than zero and addition modifications, other than those provided by subparagraph (E) of paragraph (2) of subsection (b) for corporations or subparagraph (E) of paragraph (2) of subsection (c) for trusts and estates, exceed subtraction modifications, an addition modification must be made under those.
subparagraphs for any other taxable year to which the taxable income less than zero (net operating loss) is applied under Section 172 of the Internal Revenue Code or under subparagraph (E) of paragraph (2) of this subsection (e) applied in conjunction with Section 172 of the Internal Revenue Code.

(2) Special rule. For purposes of paragraph (1) of this subsection, the taxable income properly reportable for federal income tax purposes shall mean:

(A) Certain life insurance companies. In the case of a life insurance company subject to the tax imposed by Section 801 of the Internal Revenue Code, life insurance company taxable income, plus the amount of distribution from pre-1984 policyholder surplus accounts as calculated under Section 815a of the Internal Revenue Code;

(B) Certain other insurance companies. In the case of mutual insurance companies subject to the tax imposed by Section 831 of the Internal Revenue Code, insurance company taxable income;

In the case of a cooperative corporation or association, the taxable income of such organization determined in accordance with the provisions of Section 1381 through 1388 of the Internal Revenue Code, but without regard to the prohibition against offsetting losses from patronage activities against income from nonpatronage activities; except that a cooperative corporation or association may make an election to follow its federal income tax treatment of patronage losses and nonpatronage losses. In the event such election is made, such losses shall be computed and carried over in a manner consistent with subsection (a) of Section 207 of this Act and apportioned by the apportionment factor reported by the cooperative on its Illinois income tax return filed for the taxable year in which the losses are incurred. The election shall be effective for all taxable years with original returns due on or after the date of the election. In addition, the cooperative may file an amended return or returns, as allowed under this Act, to provide that the election shall be effective for losses incurred or carried forward for taxable years occurring prior to the date of the election. Once made, the election may only be revoked upon approval of the Director. The Department shall adopt rules setting forth requirements for documenting the elections and any resulting Illinois net loss and the standards to be used by the Director in evaluating requests to revoke elections. Public Act 96-932 is declaratory of existing law;

(G) Subchapter S corporations. In the case of: (i) a Subchapter S corporation for which there is in effect an election for the taxable year under Section 1362 of the Internal Revenue Code, the taxable income of such corporation determined in accordance with Section 1363(b) of the Internal Revenue Code, except that taxable income shall take into account those items which are required by Section 1363(b)(1) of the Internal Revenue Code to be separately stated; and (ii) a Subchapter S corporation for which there is in effect a federal election to opt out of the provisions of the Subchapter S Revision Act of 1982 and have applied instead the prior federal Subchapter S rules as
in effect on July 1, 1982, the taxable income of such corporation determined in accordance with the federal Subchapter S rules as in effect on July 1, 1982; and

(H) Partnerships. In the case of a partnership, taxable income determined in accordance with Section 703 of the Internal Revenue Code, except that taxable income shall take into account those items which are required by Section 703(a)(1) to be separately stated but which would be taken into account by an individual in calculating his taxable income.

(3) Recapture of business expenses on disposition of asset or business. Notwithstanding any other law to the contrary, if in prior years income from an asset or business has been classified as business income and in a later year is demonstrated to be non-business income, then all expenses, without limitation, deducted in such later year and in the 2 immediately preceding taxable years related to that asset or business that generated the non-business income shall be added back and recaptured as business income in the year of the disposition of the asset or business. Such amount shall be apportioned to Illinois using the greater of the apportionment fraction computed for the business under Section 304 of this Act for the taxable year or the average of the apportionment fractions computed for the business under Section 304 of this Act for the taxable year and for the 2 immediately preceding taxable years.

(f) Valuation limitation amount.

(1) In general. The valuation limitation amount referred to in subsections (a) (2) (G), (c) (2) (I) and (d)(2) (E) is an amount equal to:

   (A) The sum of the pre-August 1, 1969 appreciation amounts (to the extent consisting of gain reportable under the provisions of Section 1245 or 1250 of the Internal Revenue Code) for all property in respect of which such gain was reported for the taxable year; plus

   (B) The lesser of (i) the sum of the pre-August 1, 1969 appreciation amounts (to the extent consisting of capital gain) for all property in respect of which such gain was reported for federal income tax purposes for the taxable year, or (ii) the net capital gain for the taxable year,
reduced in either case by any amount of such gain included in the amount determined under subsection (a) (2) (F) or (c) (2) (H).

(2) Pre-August 1, 1969 appreciation amount.

(A) If the fair market value of property referred to in paragraph (1) was readily ascertainable on August 1, 1969, the pre-August 1, 1969 appreciation amount for such property is the lesser of (i) the excess of such fair market value over the taxpayer's basis (for determining gain) for such property on that date (determined under the Internal Revenue Code as in effect on that date), or (ii) the total gain realized and reportable for federal income tax purposes in respect of the sale, exchange or other disposition of such property.

(B) If the fair market value of property referred to in paragraph (1) was not readily ascertainable on August 1, 1969, the pre-August 1, 1969 appreciation amount for such property is that amount which bears the same ratio to the total gain reported in respect of the property for federal income tax purposes for the taxable year, as the number of full calendar months in that part of the taxpayer's holding period for the property ending July 31, 1969 bears to the number of full calendar months in the taxpayer's entire holding period for the property.

(C) The Department shall prescribe such regulations as may be necessary to carry out the purposes of this paragraph.

(g) Double deductions. Unless specifically provided otherwise, nothing in this Section shall permit the same item to be deducted more than once.

(h) Legislative intention. Except as expressly provided by this Section there shall be no modifications or limitations on the amounts of income, gain, loss or deduction taken into account in determining gross income, adjusted gross income or taxable income for federal income tax purposes for the taxable year, or in the amount of such items entering into the computation of base income and net income under this Act for such taxable year, whether in respect of property values as of August 1, 1969 or otherwise.
Section 15. The Retailers' Occupation Tax Act is amended by changing Sections 5k and 5l as follows:

Sec. 5k. Building materials exemption; enterprise zone.

(a) Each retailer who makes a qualified sale of building materials to be incorporated into real estate in an enterprise zone established by a county or municipality under the Illinois Enterprise Zone Act by remodeling, rehabilitation or new construction, may deduct receipts from such sales when calculating the tax imposed by this Act. For purposes of this Section, before July 1, 2013, "qualified sale" means a sale of building materials that will be incorporated into real estate as part of a building project for which a Certificate of Eligibility for Sales Tax Exemption has been issued by the administrator of the enterprise zone in which the building project is located, and on and after July 1, 2013, "qualified sale" means a sale of building materials that will be incorporated into real estate as part of a building project for which an Enterprise Zone Building Materials Exemption Certificate has been issued to the purchaser by the Department. A construction contractor or other entity shall not make tax-free purchases unless it has an active Exemption Certificate issued by the Department at the time of the purchase.

(b) Before July 1, 2013, to document the exemption allowed under this Section, the retailer must obtain from the purchaser a copy of the Certificate of Eligibility for Sales Tax Exemption issued by the administrator of the enterprise zone into which the building materials will be incorporated. On and after July 1, 2013, to document the exemption allowed under this Section, the retailer must obtain from the purchaser the certification required under subsection (c), which must contain the Enterprise Zone Building Materials Exemption Certificate number issued to the purchaser by the Department. Upon request from the enterprise zone administrator, the Department shall issue an Enterprise Zone Building Materials Exemption Certificate for each construction contractor or other entity identified by the enterprise zone administrator. The Department shall issue the Exemption Certificates directly to each construction contractor or other entity. The Department shall also provide the enterprise zone administrator with a copy of each Exemption Certificate.
Certificate issued. The request for Enterprise Zone Building Materials Exemption Certificates from the enterprise zone administrator to the Department must include the following information:

(1) the name and address of the construction contractor or other entity;
(2) the name and number of the enterprise zone;
(3) the name and location or address of the building project in the enterprise zone;
(4) the estimated amount of the exemption for each construction contractor or other entity for which a request for Exemption Certificate is made, based on a stated estimated average tax rate and the percentage of the contract that consists of materials;
(5) the period of time over which supplies for the project are expected to be purchased; and
(6) other reasonable information as the Department may require.

The Department shall issue the Enterprise Zone Building Materials Exemption Certificates within 3 business days after receipt of request from the zone administrator. This requirement does not apply in circumstances where the Department, for reasonable cause, is unable to issue the Exemption Certificate within 3 business days. The Department may refuse to issue an Exemption Certificate if the owner, any partner, or a corporate officer, and in the case of a limited liability company, any manager or member, of the construction contractor or other entity is or has been the owner, a partner, a corporate officer, and in the case of a limited liability company, a manager or member, of a person that is in default for moneys due to the Department under this Act or any other tax or fee Act administered by the Department. The Enterprise Zone Building Materials Exemption Certificate shall contain language stating that if the construction contractor or other entity who is issued the Exemption Certificate makes a tax-exempt purchase, as described in this Section, that is not eligible for exemption under this Section or allows another person to make a tax-exempt purchase, as described in this Section, that is not eligible for exemption under this Section, then, in addition to any tax or other penalty imposed, the construction contractor or other entity is subject to a penalty equal to the tax that would have been paid by the retailer under this Act as well as any applicable local retailers' occupation tax on the purchase that is not eligible for the exemption.

The Department, in its discretion, may require that the request for Enterprise Zone Building Materials Exemption Certificates be submitted electronically. The Department may, in its discretion, issue the Exemption Certificates electronically. The Enterprise Zone Building Materials Exemption Certificate number shall be designed in such a way that the Department can identify from the unique number on the Exemption Certificate issued to a given construction contractor or other entity, the name of the Enterprise Zone, the project for which the Exemption Certificate is issued, and the construction contractor or other entity to whom the Exemption Certificate is issued. The Exemption Certificate shall contain an expiration date, which shall be no more than 2 years after the date of issuance. At the request of the zone administrator, the Department may renew an Exemption Certificate. After the Department issues Exemption Certificates for a given enterprise zone project, the enterprise zone administrator may notify the Department of additional construction contractors or other entities eligible for an Enterprise Zone Building Materials Exemption Certificate. Upon notification by the enterprise zone administrator and subject to the other provisions of this subsection (b), the Department shall issue an Enterprise Zone Building Materials Exemption Certificate to each additional construction contractor or other entity identified by the enterprise zone administrator. An enterprise zone administrator may notify the Department to rescind an Enterprise Zone Building Materials Exemption Certificate previously issued by the Department but that has not yet expired. Upon notification by the enterprise zone administrator and subject to the other provisions of this subsection (b), the Department shall issue the rescission of the Enterprise Zone Building Materials Exemption Certificate to the construction contractor or other entity identified by the enterprise zone administrator and provide a copy to the enterprise zone administrator.

If the Department of Revenue determines that a construction contractor or other entity that was issued an Exemption Certificate under this subsection (b) made a tax-exempt purchase, as described in this Section, that was not eligible for exemption under this Section or allowed another person to make a tax-exempt purchase, as described in this Section, that was not eligible for exemption under this Section, then, in addition to any tax or other penalty imposed, the construction contractor or other entity is subject to a penalty equal to the tax that would have been paid by the retailer under this Act as well as any applicable local retailers' occupation tax on the purchase that was not eligible for the

exemption. The Certificate of Eligibility for Sales Tax Exemption must contain:

(1) a statement that the building project identified in the Certificate meets all the requirements for the building material exemption contained in the enterprise zone ordinance of the jurisdiction in which the building project is located;

(2) the location or address of the building project; and

(3) the signature of the administrator of the enterprise zone in which the building project is located.

(c) In addition, the retailer must obtain certification from the purchaser that contains:

(1) a statement that the building materials are being purchased for incorporation into real estate located in an Illinois enterprise zone;

(2) the location or address of the real estate into which the building materials will be incorporated;

(3) the name of the enterprise zone in which that real estate is located;

(4) a description of the building materials being purchased; and

(5) on and after July 1, 2013, the purchaser's Enterprise Zone Building Materials Exemption Certificate number issued by the Department; and

(6) the purchaser's signature and date of purchase.

(d) The deduction allowed by this Section for the sale of building materials may be limited, to the extent authorized by ordinance, adopted after the effective date of this amendatory Act of 1992, by the municipality or county that created the enterprise zone into which the building materials will be incorporated. The ordinance, however, may neither require nor prohibit the purchase of building materials from any retailer or class of retailers in order to qualify for the exemption allowed under this Section. The provisions of this Section are exempt from Section 2-70.

(e) Notwithstanding anything to the contrary in this Section, for enterprise zone projects already in existence and for which construction contracts are already in place on July 1, 2013, the request for Enterprise Zone Building Materials Exemption Certificates from the enterprise zone administrator to the Department for these pre-existing construction contractors and other entities must include the information required under subsection (b), but not including the information listed in items (4) and (5).
For any new construction contract entered into on or after July 1, 2013, however, all of the information in subsection (b) must be provided.

Beginning on the effective date of this amendatory Act of 1995, a retailer may also deduct receipts from such sales when calculating any applicable local taxes. However, until the effective date of this amendatory Act of 1995, a retailer may file claims for credit or refund to recover the amount of any applicable local tax paid on such sales. No retailer who is eligible for the deduction or credit under Section 5k of this Act for making a sale of building materials to be incorporated into real estate in an enterprise zone by rehabilitation, remodeling or new construction shall be eligible for the deduction or credit authorized under this Section.

Section 20. The River Edge Redevelopment Zone Act is amended by changing Section 10-5.3 and by adding Section 10-10.2 as follows:

(65 ILCS 115/10-5.3)
Sec. 10-5.3. Certification of River Edge Redevelopment Zones.

(a) Approval of designated River Edge Redevelopment Zones shall be made by the Department by certification of the designating ordinance. The Department shall promptly issue a certificate for each zone upon its approval. The certificate shall be signed by the Director of the Department, shall make specific reference to the designating ordinance, which shall be attached thereto, and shall be filed in the office of the Secretary of State. A certified copy of the River Edge Redevelopment Zone Certificate, or a duplicate original thereof, shall be recorded in the office of the recorder of deeds of the county in which the River Edge Redevelopment Zone lies.

(b) A River Edge Redevelopment Zone shall be effective upon its certification. The Department shall transmit a copy of the certification to the Department of Revenue, and to the designating municipality. Upon certification of a River Edge Redevelopment Zone, the terms and provisions of the designating ordinance shall be in effect, and may not be amended or repealed except in accordance with Section 10-5.4.

(c) A River Edge Redevelopment Zone shall be in effect for the period stated in the certificate, which shall in no event exceed 30 calendar years. Zones shall terminate at midnight of December 31 of the final calendar year of the certified term, except as provided in Section 10-5.4.

(d) In calendar years 2006 and 2007, the Department may certify one pilot River Edge Redevelopment Zone in the City of East St. Louis, one pilot River Edge Redevelopment Zone in the City of Rockford, and one pilot River Edge Redevelopment Zone in the City of Aurora.

In calendar year 2009, the Department may certify one pilot River Edge Redevelopment Zone in the City of Elgin.
On or after the effective date of this amendatory Act of the 97th General Assembly, the Department may certify one additional pilot River Edge Redevelopment Zone in the City of Peoria.

Thereafter the Department may not certify any additional River Edge Redevelopment Zones, but may amend and rescind certifications of existing River Edge Redevelopment Zones in accordance with Section 10-5.4, except that no River Edge Redevelopment Zone may be extended on or after the effective date of this amendatory Act of the 97th General Assembly. Each River Edge Redevelopment Zone in existence on the effective date of this amendatory Act of the 97th General Assembly shall continue until its scheduled termination under this Act, unless the Zone is decertified sooner. At the time of its term expiration each River Edge Redevelopment Zone will become an open enterprise zone, available for the previously designated area or a different area to compete for designation as an enterprise zone. No preference for designation as a Zone will be given to the previously designated area.

(e) A municipality in which a River Edge Redevelopment Zone has been certified must submit to the Department, within 60 days after the certification, a plan for encouraging the participation by minority persons, females, persons with disabilities, and veterans in the zone. The Department may assist the municipality in developing and implementing the plan. The terms "minority person", "female", and "person with a disability" have the meanings set forth under Section 2 of the Business Enterprise for Minorities, Females, and Persons with Disabilities Act. Sec. 10-10.2. Accounting.
(a) Any business receiving tax incentives due to its location within a River Edge Redevelopment Zone must report the total tax benefits received by the business, broken down by incentive category, annually to the Department of Revenue. Reports will be due no later than March 30 of each year and shall cover the previous calendar year. The first report will be for the 2012 calendar year and will be due no later than March 30, 2013. (b) Each person required to file a return under the Gas Revenue Tax Act, the Gas Use Tax Act, the Electricity Excise Tax Act, or the Telecommunications Excise Tax Act shall file, on or before March 30 of each year, a report with the Department of Revenue, in the manner and form required by the Department of Revenue, itemizing the amount of the deduction taken under each Act, respectively, due to the location of a business in a River Edge Redevelopment Zone. The report shall be itemized by business and the business location address.

(d) The Department of Revenue will aggregate and collect the tax, job, and capital investment data by River Edge Redevelopment Zone and report this information, formatted to exclude company-specific proprietary information, to the Department by May 1, 2013, and by May 1 of every calendar year thereafter. The Department will include this information in their required reports under Section 6 of this Act.

(e) The Department of Revenue, in its discretion, may require that the reports filed under this Section be submitted electronically.

Section 95. No acceleration or delay. Where this Act makes changes in a statute that is represented in this Act by text that is not yet or no longer in effect (for example, a Section represented by multiple versions), the use of that text does not accelerate or delay the taking effect of (i) the changes made by this Act or (ii) provisions derived from any other Public Act.

Section 99. Effective date. This Act takes effect upon becoming law.

Approved August 7, 2012.
Effective August 7, 2012.
AN ACT concerning regulation.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Public Utilities Act is amended by changing Section 9-220 as follows:

(220 ILCS 5/9-220) (from Ch. 111 2/3, par. 9-220)

Sec. 9-220. Rate changes based on changes in fuel costs.

(a) Notwithstanding the provisions of Section 9-201, the Commission may authorize the increase or decrease of rates and charges based upon changes in the cost of fuel used in the generation or production of electric power, changes in the cost of purchased power, or changes in the cost of purchased gas through the application of fuel adjustment clauses or purchased gas adjustment clauses. The Commission may also authorize the increase or decrease of rates and charges based upon expenditures or revenues resulting from the purchase or sale of emission allowances created under the federal Clean Air Act Amendments of 1990, through such fuel adjustment clauses, as a cost of fuel. For the purposes of this paragraph, cost of fuel used in the generation or production of electric power shall include the amount of any fees paid by the utility for the implementation and operation of a process for the desulfurization of the flue gas when burning high sulfur coal at any location within the State of Illinois irrespective of the attainment status designation of such location; but shall not include transportation costs of coal (i) except to the extent that for contracts entered into on and after the effective date of this amendatory Act of 1997, the cost of the coal, including transportation costs, constitutes the lowest cost for adequate and reliable fuel supply reasonably available to the public utility in comparison to the cost, including transportation costs, of other adequate and reliable sources of fuel supply reasonably available to the public utility, or (ii) except as otherwise provided in the next 3 sentences of this paragraph. Such costs of fuel shall, when requested by a utility or at the conclusion of the utility's next general electric rate proceeding, whichever shall first occur, include transportation costs of coal purchased under existing coal purchase contracts. For purposes of this paragraph "existing coal purchase contracts" means contracts for the purchase of coal in effect on the effective date of this amendatory Act of 1991, as such contracts may

New matter indicated by italics - deletions by strikeout
thereafter be amended, but only to the extent that any such amendment
does not increase the aggregate quantity of coal to be purchased under
such contract. Nothing herein shall authorize an electric utility to recover
through its fuel adjustment clause any amounts of transportation costs of
coal that were included in the revenue requirement used to set base rates in
its most recent general rate proceeding. Cost shall be based upon
uniformly applied accounting principles. Annually, the Commission shall
initiate public hearings to determine whether the clauses reflect actual
costs of fuel, gas, power, or coal transportation purchased to determine
whether such purchases were prudent, and to reconcile any amounts
collected with the actual costs of fuel, power, gas, or coal transportation
prudently purchased. In each such proceeding, the burden of proof shall be
upon the utility to establish the prudence of its cost of fuel, power, gas, or
coal transportation purchases and costs. The Commission shall issue its
final order in each such annual proceeding for an electric utility by
December 31 of the year immediately following the year to which the
proceeding pertains, provided, that the Commission shall issue its final
order with respect to such annual proceeding for the years 1996 and earlier
by December 31, 1998.

(b) A public utility providing electric service, other than a public
utility described in subsections (e) or (f) of this Section, may at any time
during the mandatory transition period file with the Commission proposed
 tariff sheets that eliminate the public utility's fuel adjustment clause and
adjust the public utility's base rate tariffs by the amount necessary for the
base fuel component of the base rates to recover the public utility's average
fuel and power supply costs per kilowatt-hour for the 2 most recent years
for which the Commission has issued final orders in annual proceedings
pursuant to subsection (a), where the average fuel and power supply costs per
kilowatt-hour shall be calculated as the sum of the public utility's prudent
and allowable fuel and power supply costs as found by the
Commission in the 2 proceedings divided by the public utility's actual
jurisdictional kilowatt-hour sales for those 2 years. Notwithstanding any
contrary or inconsistent provisions in Section 9-201 of this Act, in
subsection (a) of this Section or in any rules or regulations promulgated by
the Commission pursuant to subsection (g) of this Section, the
Commission shall review and shall by order approve, or approve as
modified, the proposed tariff sheets within 60 days after the date of the
public utility's filing. The Commission may modify the public utility's
proposed tariff sheets only to the extent the Commission finds necessary to

New matter indicated by italics - deletions by strikeout
achieve conformance to the requirements of this subsection (b). During the 5 years following the date of the Commission's order, but in any event no earlier than January 1, 2007, a public utility whose fuel adjustment clause has been eliminated pursuant to this subsection shall not file proposed tariff sheets seeking, or otherwise petition the Commission for, reinstatement of a fuel adjustment clause.

(c) Notwithstanding any contrary or inconsistent provisions in Section 9-201 of this Act, in subsection (a) of this Section or in any rules or regulations promulgated by the Commission pursuant to subsection (g) of this Section, a public utility providing electric service, other than a public utility described in subsection (e) or (f) of this Section, may at any time during the mandatory transition period file with the Commission proposed tariff sheets that establish the rate per kilowatt-hour to be applied pursuant to the public utility's fuel adjustment clause at the average value for such rate during the preceding 24 months, provided that such average rate results in a credit to customers' bills, without making any revisions to the public utility's base rate tariffs. The proposed tariff sheets shall establish the fuel adjustment rate for a specific time period of at least 3 years but not more than 5 years, provided that the terms and conditions for any reinstatement earlier than 5 years shall be set forth in the proposed tariff sheets and subject to modification or approval by the Commission. The Commission shall review and shall by order approve the proposed tariff sheets if it finds that the requirements of this subsection are met. The Commission shall not conduct the annual hearings specified in the last 3 sentences of subsection (a) of this Section for the utility for the period that the factor established pursuant to this subsection is in effect.

(d) A public utility providing electric service, or a public utility providing gas service may file with the Commission proposed tariff sheets that eliminate the public utility's fuel or purchased gas adjustment clause and adjust the public utility's base rate tariffs to provide for recovery of power supply costs or gas supply costs that would have been recovered through such clause; provided, that the provisions of this subsection (d) shall not be available to a public utility described in subsections (e) or (f) of this Section to eliminate its fuel adjustment clause. Notwithstanding any contrary or inconsistent provisions in Section 9-201 of this Act, in subsection (a) of this Section, or in any rules or regulations promulgated by the Commission pursuant to subsection (g) of this Section, the Commission shall review and shall by order approve, or approve as modified in the Commission's order, the proposed tariff sheets within 240
days after the date of the public utility's filing. The Commission's order shall approve rates and charges that the Commission, based on information in the public utility's filing or on the record if a hearing is held by the Commission, finds will recover the reasonable, prudent and necessary jurisdictional power supply costs or gas supply costs incurred or to be incurred by the public utility during a 12 month period found by the Commission to be appropriate for these purposes, provided, that such period shall be either (i) a 12 month historical period occurring during the 15 months ending on the date of the public utility's filing, or (ii) a 12 month future period ending no later than 15 months following the date of the public utility's filing. The public utility shall include with its tariff filing information showing both (1) its actual jurisdictional power supply costs or gas supply costs for a 12 month historical period conforming to (i) above and (2) its projected jurisdictional power supply costs or gas supply costs for a future 12 month period conforming to (ii) above. If the Commission's order requires modifications in the tariff sheets filed by the public utility, the public utility shall have 7 days following the date of the order to notify the Commission whether the public utility will implement the modified tariffs or elect to continue its fuel or purchased gas adjustment clause in force as though no order had been entered. The Commission's order shall provide for any reconciliation of power supply costs or gas supply costs, as the case may be, and associated revenues through the date that the public utility's fuel or purchased gas adjustment clause is eliminated. During the 5 years following the date of the Commission's order, a public utility whose fuel or purchased gas adjustment clause has been eliminated pursuant to this subsection shall not file proposed tariff sheets seeking, or otherwise petition the Commission for, reinstatement or adoption of a fuel or purchased gas adjustment clause. Nothing in this subsection (d) shall be construed as limiting the Commission's authority to eliminate a public utility's fuel adjustment clause or purchased gas adjustment clause in accordance with any other applicable provisions of this Act.

(e) Notwithstanding any contrary or inconsistent provisions in Section 9-201 of this Act, in subsection (a) of this Section, or in any rules promulgated by the Commission pursuant to subsection (g) of this Section, a public utility providing electric service to more than 1,000,000 customers in this State may, within the first 6 months after the effective date of this amendatory Act of 1997, file with the Commission proposed tariff sheets that eliminate, effective January 1, 1997, the public utility's

fuel adjustment clause without adjusting its base rates, and such tariff sheets shall be effective upon filing. To the extent the application of the fuel adjustment clause had resulted in net charges to customers after January 1, 1997, the utility shall also file a tariff sheet that provides for a refund stated on a per kilowatt-hour basis of such charges over a period not to exceed 6 months; provided however, that such refund shall not include the proportional amounts of taxes paid under the Use Tax Act, Service Use Tax Act, Service Occupation Tax Act, and Retailers' Occupation Tax Act on fuel used in generation. The Commission shall issue an order within 45 days after the date of the public utility's filing approving or approving as modified such tariff sheet. If the fuel adjustment clause is eliminated pursuant to this subsection, the Commission shall not conduct the annual hearings specified in the last 3 sentences of subsection (a) of this Section for the utility for any period after December 31, 1996 and prior to any reinstatement of such clause. A public utility whose fuel adjustment clause has been eliminated pursuant to this subsection shall not file a proposed tariff sheet seeking, or otherwise petition the Commission for, reinstatement of the fuel adjustment clause prior to January 1, 2007.

(f) Notwithstanding any contrary or inconsistent provisions in Section 9-201 of this Act, in subsection (a) of this Section, or in any rules or regulations promulgated by the Commission pursuant to subsection (g) of this Section, a public utility providing electric service to more than 500,000 customers but fewer than 1,000,000 customers in this State may, within the first 6 months after the effective date of this amendatory Act of 1997, file with the Commission proposed tariff sheets that eliminate, effective January 1, 1997, the public utility's fuel adjustment clause and adjust its base rates by the amount necessary for the base fuel component of the base rates to recover 91% of the public utility's average fuel and power supply costs for the 2 most recent years for which the Commission, as of January 1, 1997, has issued final orders in annual proceedings pursuant to subsection (a), where the average fuel and power supply costs per kilowatt-hour shall be calculated as the sum of the public utility's prudent and allowable fuel and power supply costs as found by the Commission in the 2 proceedings divided by the public utility's actual jurisdictional kilowatt-hour sales for those 2 years, provided, that such tariff sheets shall be effective upon filing. To the extent the application of the fuel adjustment clause had resulted in net charges to customers after January 1, 1997, the utility shall also file a tariff sheet that provides for a

refund stated on a per kilowatt-hour basis of such charges over a period not to exceed 6 months. Provided however, that such refund shall not include the proportional amounts of taxes paid under the Use Tax Act, Service Use Tax Act, Service Occupation Tax Act, and Retailers' Occupation Tax Act on fuel used in generation. The Commission shall issue an order within 45 days after the date of the public utility's filing approving or approving as modified such tariff sheet. If the fuel adjustment clause is eliminated pursuant to this subsection, the Commission shall not conduct the annual hearings specified in the last 3 sentences of subsection (a) of this Section for the utility for any period after December 31, 1996 and prior to any reinstatement of such clause. A public utility whose fuel adjustment clause has been eliminated pursuant to this subsection shall not file a proposed tariff sheet seeking, or otherwise petition the Commission for, reinstatement of the fuel adjustment clause prior to January 1, 2007.

(g) The Commission shall have authority to promulgate rules and regulations to carry out the provisions of this Section.

(h) Any Illinois gas utility may enter into a contract on or before September 30, 2011 for up to 10 years of supply with any company for the purchase of substitute natural gas (SNG) produced from coal through the gasification process if the company has commenced construction of a clean coal SNG facility by July 1, 2012 and commencement of construction shall mean that material physical site work has occurred, such as site clearing and excavation, water runoff prevention, water retention reservoir preparation, or foundation development. The contract shall contain the following provisions: (i) at least 90% of feedstock to be used in the gasification process shall be coal with a high volatile bituminous rank and greater than 1.7 pounds of sulfur per million Btu content; (ii) at the time the contract term commences, the price per million Btu may not exceed $7.95 in 2008 dollars, adjusted annually based on the change in the Annual Consumer Price Index for All Urban Consumers for the Midwest Region as published in April by the United States Department of Labor, Bureau of Labor Statistics (or a suitable Consumer Price Index calculation if this Consumer Price Index is not available) for the previous calendar year; provided that the price per million Btu shall not exceed $9.95 at any time during the contract; (iii) the utility's supply contract for the purchase of SNG does not exceed 15% of the annual system supply requirements of the utility as of 2008; and (iv) the contract costs pursuant to subsection (h-10) of this Section shall not include any lobbying expenses, charitable
contributions, advertising, organizational memberships, carbon dioxide pipeline or sequestration expenses, or marketing expenses.

Any gas utility that is providing service to more than 150,000 customers on August 2, 2011 (the effective date of Public Act 97-239) shall either elect to enter into a contract on or before September 30, 2011 for 10 years of SNG supply with the owner of a clean coal SNG facility or to file biennial rate proceedings before the Commission in the years 2012, 2014, and 2016, with such filings made after August 2, 2011 and no later than September 30 of the years 2012, 2014, and 2016 consistent with all requirements of 83 Ill. Adm. Code 255 and 285 as though the gas utility were filing for an increase in its rates, without regard to whether such filing would produce an increase, a decrease, or no change in the gas utility's rates, and the Commission shall review the gas utility's filing and shall issue its order in accordance with the provisions of Section 9-201 of this Act.

Within 7 days after August 2, 2011, the owner of the clean coal SNG facility shall submit to the Illinois Power Agency and each gas utility that is providing service to more than 150,000 customers on August 2, 2011 a copy of a draft contract. Within 30 days after the receipt of the draft contract, each such gas utility shall provide the Illinois Power Agency and the owner of the clean coal SNG facility with its comments and recommended revisions to the draft contract. Within 7 days after the receipt of the gas utility's comments and recommended revisions, the owner of the facility shall submit its responsive comments and a further revised draft of the contract to the Illinois Power Agency. The Illinois Power Agency shall review the draft contract and comments.

During its review of the draft contract, the Illinois Power Agency shall:

1. review and confirm in writing that the terms stated in this subsection (h) are incorporated in the SNG contract;
2. review the SNG pricing formula included in the contract and approve that formula if the Illinois Power Agency determines that the formula, at the time the contract term commences: (A) starts with a price of $6.50 per MMBtu adjusted by the adjusted final capitalized plant cost; (B) takes into account budgeted miscellaneous net revenue after cost allowance, including sale of SNG produced by the clean coal SNG facility above the nameplate capacity of the facility and other by-products produced by the facility, as approved by the Illinois Power Agency; (C) does not
include carbon dioxide transportation or sequestration expenses; and (D) includes all provisions required under this subsection (h); if the Illinois Power Agency does not approve of the SNG pricing formula, then the Illinois Power Agency shall modify the formula to ensure that it meets the requirements of this subsection (h);

(3) review and approve the amount of budgeted miscellaneous net revenue after cost allowance, including sale of SNG produced by the clean coal SNG facility above the nameplate capacity of the facility and other by-products produced by the facility, to be included in the pricing formula; the Illinois Power Agency shall approve the amount of budgeted miscellaneous net revenue to be included in the pricing formula if it determines the budgeted amount to be reasonable and accurate;

(4) review and confirm in writing that using the EIA Annual Energy Outlook-2011 Henry Hub Spot Price, the contract terms set out in subsection (h), the reconciliation account terms as set out in subsection (h-15), and an estimated inflation rate of 2.5% for each corresponding year, that there will be no cumulative estimated increase for residential customers; and

(5) allocate the nameplate capacity of the clean coal SNG by total therms sold to ultimate customers by each gas utility in 2008; provided, however, no utility shall be required to purchase more than 42% of the projected annual output of the facility; additionally, the Illinois Power Agency shall further adjust the allocation only as required to take into account (A) adverse consolidation, derivative, or lease impacts to the balance sheet or income statement of any gas utility or (B) the physical capacity of the gas utility to accept SNG.

If the parties to the contract do not agree on the terms therein, then the Illinois Power Agency shall retain an independent mediator to mediate the dispute between the parties. If the parties are in agreement on the terms of the contract, then the Illinois Power Agency shall approve the contract. If after mediation the parties have failed to come to agreement, then the Illinois Power Agency shall revise the draft contract as necessary to confirm that the contract contains only terms that are reasonable and equitable. The Illinois Power Agency may, in its discretion, retain an independent, qualified, and experienced expert to assist in its obligations under this subsection (h). The Illinois Power Agency shall adopt and make public policies detailing the processes for retaining a mediator and an

expert under this subsection (h). Any mediator or expert retained under this subsection (h) shall be retained no later than 60 days after August 2, 2011.

The Illinois Power Agency shall complete all of its responsibilities under this subsection (h) within 60 days after August 2, 2011. The clean coal SNG facility shall pay a reasonable fee as required by the Illinois Power Agency for its services under this subsection (h) and shall pay the mediator's and expert's reasonable fees, if any. A gas utility and its customers shall have no obligation to reimburse the clean coal SNG facility or the Illinois Power Agency of any such costs.

Within 30 days after commercial production of SNG has begun, the Commission shall initiate a review to determine whether the final capitalized plant cost of the clean coal SNG facility reflects actual incurred costs and whether the incurred costs were reasonable. In determining the actual incurred costs included in the final capitalized plant cost and the reasonableness of those costs, the Commission may in its discretion retain independent, qualified, and experienced experts to assist in its determination. The expert shall not own or control any direct or indirect interest in the clean coal SNG facility and shall have no contractual relationship with the clean coal SNG facility. If an expert is retained by the Commission, then the clean coal SNG facility shall pay the expert's reasonable fees. The fees shall not be passed on to a utility or its customers. The Commission shall adopt and make public a policy detailing the process for retaining experts under this subsection (h).

Within 30 days after completion of its review, the Commission shall initiate a formal proceeding on the final capitalized plant cost of the clean coal SNG facility at which comments and testimony may be submitted by any interested parties and the public. If the Commission finds that the final capitalized plant cost includes costs that were not actually incurred or costs that were unreasonably incurred, then the Commission shall disallow the amount of non-incurred or unreasonable costs from the SNG price under contracts entered into under this subsection (h). If the Commission disallows any costs, then the Commission shall adjust the SNG price using the price formula in the contract approved by the Illinois Power Agency under this subsection (h) to reflect the disallowed costs and shall enter an order specifying the revised price. In addition, the Commission's order shall direct the clean coal SNG facility to issue refunds of such sums as shall represent the difference between actual gross revenues and the gross revenue that would have been obtained based upon

the same volume, from the price revised by the Commission. Any refund shall include interest calculated at a rate determined by the Commission and shall be returned according to procedures prescribed by the Commission.

Nothing in this subsection (h) shall preclude any party affected by a decision of the Commission under this subsection (h) from seeking judicial review of the Commission's decision.

(h-1) Any Illinois gas utility may enter into a sourcing agreement for up to 30 years of supply with the clean coal SNG brownfield facility if the clean coal SNG brownfield facility has commenced construction. Any gas utility that is providing service to more than 150,000 customers on July 13, 2011 (the effective date of Public Act 97-096) shall either elect to file biennial rate proceedings before the Commission in the years 2012, 2014, and 2016 or enter into a sourcing agreement or sourcing agreements with a clean coal SNG brownfield facility with an initial term of 30 years for either (i) a percentage of 43,500,000,000 cubic feet per year, such that the utilities entering into sourcing agreements with the clean coal SNG brownfield facility purchase 100%, allocated by total therms sold to ultimate customers by each gas utility in 2008 or (ii) such lesser amount as may be available from the clean coal SNG brownfield facility; provided that no utility shall be required to purchase more than 42% of the projected annual output of the clean coal SNG brownfield facility, with the remainder of such utility's obligation to be divided proportionately between the other utilities, and provided that the Illinois Power Agency shall further adjust the allocation only as required to take into account adverse consolidation, derivative, or lease impacts to the balance sheet or income statement of any gas utility.

A gas utility electing to file biennial rate proceedings before the Commission must file a notice of its election with the Commission within 60 days after July 13, 2011 or its right to make the election is irrevocably waived. A gas utility electing to file biennial rate proceedings shall make such filings no later than August 1 of the years 2012, 2014, and 2016, consistent with all requirements of 83 Ill. Adm. Code 255 and 285 as though the gas utility were filing for an increase in its rates, without regard to whether such filing would produce an increase, a decrease, or no change in the gas utility's rates, and notwithstanding any other provisions of this Act, the Commission shall fully review the gas utility's filing and shall issue its order in accordance with the provisions of Section 9-201 of this Act.
Act, regardless of whether the Commission has approved a formula rate for the gas utility.

Within 15 days after July 13, 2011, the owner of the clean coal SNG brownfield facility shall submit to the Illinois Power Agency and each gas utility that is providing service to more than 150,000 customers on July 13, 2011 a copy of a draft sourcing agreement. Within 45 days after receipt of the draft sourcing agreement, each such gas utility shall provide the Illinois Power Agency and the owner of a clean coal SNG brownfield facility with its comments and recommended revisions to the draft sourcing agreement. Within 15 days after the receipt of the gas utility's comments and recommended revisions, the owner of the clean coal SNG brownfield facility shall submit its responsive comments and a further revised draft of the sourcing agreement to the Illinois Power Agency. The Illinois Power Agency shall review the draft sourcing agreement and comments.

If the parties to the sourcing agreement do not agree on the terms therein, then the Illinois Power Agency shall retain an independent mediator to mediate the dispute between the parties. If the parties are in agreement on the terms of the sourcing agreement, the Illinois Power Agency shall approve the final draft sourcing agreement. If after mediation the parties have failed to come to agreement, then the Illinois Power Agency shall revise the draft sourcing agreement as necessary to confirm that the final draft sourcing agreement contains only terms that are reasonable and equitable. The Illinois Power Agency shall adopt and make public a policy detailing the process for retaining a mediator under this subsection (h-1). Any mediator retained to assist with mediating disputes between the parties regarding the sourcing agreement shall be retained no later than 60 days after July 13, 2011.

Upon approval of a final draft agreement, the Illinois Power Agency shall submit the final draft agreement to the Capital Development Board and the Commission no later than 90 days after July 13, 2011. The gas utility and the clean coal SNG brownfield facility shall pay a reasonable fee as required by the Illinois Power Agency for its services under this subsection (h-1) and shall pay the mediator's reasonable fees, if any. The Illinois Power Agency shall adopt and make public a policy detailing the process for retaining a mediator under this Section.

The sourcing agreement between a gas utility and the clean coal SNG brownfield facility shall contain the following provisions:

New matter indicated by italics - deletions by strikeout
(1) Any and all coal used in the gasification process must be coal that has high volatile bituminous rank and greater than 1.7 pounds of sulfur per million Btu content.

(2) Coal and petroleum coke are feedstocks for the gasification process, with coal comprising at least 50% of the total feedstock over the term of the sourcing agreement unless the facility reasonably determines that it is necessary to use additional petroleum coke to deliver net consumer savings, in which case the facility shall use coal for at least 35% of the total feedstock over the term of any sourcing agreement and with the feedstocks to be procured in accordance with requirements of Section 1-78 of the Illinois Power Agency Act.

(3) The sourcing agreement has an initial term that once entered into terminates no more than 30 years after the commencement of the commercial production of SNG at the clean coal SNG brownfield facility.

(4) The clean coal SNG brownfield facility guarantees a minimum of $100,000,000 in consumer savings to customers of the utilities that have entered into sourcing agreements with the clean coal SNG brownfield facility, calculated in real 2010 dollars at the conclusion of the term of the sourcing agreement by comparing the delivered SNG price to the Chicago City-gate price on a weighted daily basis for each day over the entire term of the sourcing agreement, to be provided in accordance with subsection (h-2) of this Section.

(5) Prior to the clean coal SNG brownfield facility issuing a notice to proceed to construction, the clean coal SNG brownfield facility shall establish a consumer protection reserve account for the benefit of the customers of the utilities that have entered into sourcing agreements with the clean coal SNG brownfield facility pursuant to this subsection (h-1), with cash principal in the amount of $150,000,000. This cash principal shall only be recoverable through the consumer protection reserve account and not as a cost to be recovered in the delivered SNG price pursuant to subsection (h-3) of this Section. The consumer protection reserve account shall be maintained and administered by an independent trustee that is mutually agreed upon by the clean coal SNG brownfield facility, the utilities, and the Commission in an interest-bearing account in accordance with subsection (h-2) of this Section.

New matter indicated by italics - deletions by strikeout
"Consumer protection reserve account principal maximum amount" shall mean the maximum amount of principal to be maintained in the consumer protection reserve account. During the first 2 years of operation of the facility, there shall be no consumer protection reserve account maximum amount. After the first 2 years of operation of the facility, the consumer protection reserve account maximum amount shall be $150,000,000. After 5 years of operation, and every 5 years thereafter, the trustee shall calculate the 5-year average balance of the consumer protection reserve account. If the trustee determines that during the prior 5 years the consumer protection reserve account has had an average account balance of less than $75,000,000, then the consumer protection reserve account principal maximum amount shall be increased by $5,000,000. If the trustee determines that during the prior 5 years the consumer protection reserve account has had an average account balance of more than $75,000,000, then the consumer protection reserve account principal maximum amount shall be decreased by $5,000,000.

(6) The clean coal SNG brownfield facility shall identify and sell economically viable by-products produced by the facility.

(7) Fifty percent of all additional net revenue, defined as miscellaneous net revenue from products produced by the facility and delivered during the month after cost allowance for costs associated with additional net revenue that are not otherwise recoverable pursuant to subsection (h-3) of this Section, including net revenue from sales of substitute natural gas derived from the facility above the nameplate capacity of the facility and other by-products produced by the facility, shall be credited to the consumer protection reserve account pursuant to subsection (h-2) of this Section.

(8) The delivered SNG price per million btu to be paid monthly by the utility to the clean coal SNG brownfield facility, which shall be based only upon the following: (A) a capital recovery charge, operations and maintenance costs, and sequestration costs, only to the extent approved by the Commission pursuant to paragraphs (1), (2), and (3) of subsection (h-3) of this Section; (B) the actual delivered and processed fuel costs pursuant to paragraph (4) of subsection (h-3) of this Section; (C) actual costs of SNG transportation pursuant to paragraph (6) of subsection (h-3) of this Section.

3) of this Section; (D) certain taxes and fees imposed by the federal government, the State, or any unit of local government as provided in paragraph (6) of subsection (h-3) of this Section; and (E) the credit, if any, from the consumer protection reserve account pursuant to subsection (h-2) of this Section. The delivered SNG price per million Btu shall proportionately reflect these elements over the term of the sourcing agreement.

(9) A formula to translate the recoverable costs and charges under subsection (h-3) of this Section into the delivered SNG price per million btu.

(10) Title to the SNG shall pass at a mutually agreeable point in Illinois, and may provide that, rather than the utility taking title to the SNG, a mutually agreed upon third-party gas marketer pursuant to a contract approved by the Illinois Power Agency or its designee may take title to the SNG pursuant to an agreement between the utility, the owner of the clean coal SNG brownfield facility, and the third-party gas marketer.

(11) A utility may exit the sourcing agreement without penalty if the clean coal SNG brownfield facility does not commence construction by July 1, 2015.

(12) A utility is responsible to pay only the Commission determined unit price cost of SNG that is purchased by the utility. Nothing in the sourcing agreement will obligate a utility to invest capital in a clean coal SNG brownfield facility.

(13) The quality of SNG must, at a minimum, be equivalent to the quality required for interstate pipeline gas before a utility is required to accept and pay for SNG gas.

(14) Nothing in the sourcing agreement will require a utility to construct any facilities to accept delivery of SNG. Provided, however, if a utility is required by law or otherwise elects to connect the clean coal SNG brownfield facility to an interstate pipeline, then the utility shall be entitled to recover pursuant to its tariffs all just and reasonable costs that are prudently incurred. Any costs incurred by the utility to receive, deliver, manage, or otherwise accommodate purchases under the SNG sourcing agreement will be fully recoverable through a utility's purchased gas adjustment clause rider mechanism in conjunction with a SNG brownfield facility rider mechanism. The SNG brownfield facility rider mechanism (A) shall be applicable to all customers who

New matter indicated by italics - deletions by strikeout
receive transportation service from the utility, (B) shall be designed to have an equal percent impact on the transportation services rates of each class of the utility's customers, and (C) shall accurately reflect the net consumer savings, if any, and above-market costs, if any, associated with the utility receiving, delivering, managing, or otherwise accommodating purchases under the SNG sourcing agreement.

(15) Remedies for the clean coal SNG brownfield facility's failure to deliver a designated amount for a designated period.

(16) The clean coal SNG brownfield facility shall make a good faith effort to ensure that an amount equal to not less than 15% of the value of its prime construction contract for the facility shall be established as a goal to be awarded to minority owned businesses, female owned businesses, and businesses owned by a person with a disability; provided that at least 75% of the amount of such total goal shall be for minority owned businesses. "Minority owned business", "female owned business", and "business owned by a person with a disability" shall have the meanings ascribed to them in Section 2 of the Business Enterprise for Minorities, Females and Persons with Disabilities Act.

(17) Prior to the clean coal SNG brownfield facility issuing a notice to proceed to construction, the clean coal SNG brownfield facility shall file with the Commission a certificate from an independent engineer that the clean coal SNG brownfield facility has (A) obtained all applicable State and federal environmental permits required for construction; (B) obtained approval from the Commission of a carbon capture and sequestration plan; and (C) obtained all necessary permits required for construction for the transportation and sequestration of carbon dioxide as set forth in the Commission-approved carbon capture and sequestration plan.

(h-2) Consumer protection reserve account. The clean coal SNG brownfield facility shall guarantee a minimum of $100,000,000 in consumer savings to customers of the utilities that have entered into sourcing agreements with the clean coal SNG brownfield facility, calculated in real 2010 dollars at the conclusion of the term of the sourcing agreement by comparing the delivered SNG price to the Chicago City-gate price on a weighted daily basis for each day over the entire term of the sourcing agreement. Prior to the clean coal SNG brownfield facility issuing a notice to proceed to construction, the clean coal SNG brownfield

facility shall establish a consumer protection reserve account for the benefit of the retail customers of the utilities that have entered into sourcing agreements with the clean coal SNG brownfield facility pursuant to subsection (h-1), with cash principal in the amount of $150,000,000. Such cash principal shall only be recovered through the consumer protection reserve account and not as a cost to be recovered in the delivered SNG price pursuant to subsection (h-3) of this Section. The consumer protection reserve account shall be maintained and administered by an independent trustee that is mutually agreed upon by the clean coal SNG brownfield facility, the utilities, and the Commission in an interest-bearing account in accordance with the following:

(1) The clean coal SNG brownfield facility monthly shall calculate (A) the difference between the monthly delivered SNG price and the Chicago City-gate price, by comparing the delivered SNG price, which shall include the cost of transportation to the delivery point, if any, to the Chicago City-gate price on a weighted daily basis for each day of the prior month based upon a mutually agreed upon published index and (B) the overage amount, if any, by calculating the annualized incremental additional cost, if any, of the delivered SNG in excess of 2.015% of the average annual inflation-adjusted amounts paid by all gas distribution customers in connection with natural gas service during the 5 years ending May 31, 2010.

(2) During the first 2 years of operation of the facility:

(A) to the extent there is an overage amount, the consumer protection reserve account shall be used to provide a credit to reduce the SNG price by an amount equal to the overage amount; and

(B) to the extent the monthly delivered SNG price is less than or equal to the Chicago City-gate price, the utility shall credit the difference between the monthly delivered SNG price and the monthly Chicago City-gate price, if any, to the consumer protection reserve account. Such credit issued pursuant to this paragraph (B) shall be deemed prudent and reasonable and not subject to a Commission prudence review;

(3) After 2 years of operation of the facility, and monthly, on an on-going basis, thereafter:

New matter indicated by italics - deletions by strikeout
(A) to the extent that the monthly delivered SNG price is less than or equal to the Chicago City-gate price, calculated using the weighted average of the daily Chicago City-gate price on a daily basis over the entire month, the utility shall credit the difference, if any, to the consumer protection reserve account. Such credit issued pursuant to this subparagraph (A) shall be deemed prudent and reasonable and not subject to a Commission prudence review;

(B) any amounts in the consumer protection reserve account in excess of the consumer protection reserve account principal maximum amount shall be distributed as follows: (i) if retail customers have not realized net consumer savings, calculated by comparing the delivered SNG price to the weighted average of the daily Chicago City-gate price on a daily basis over the entire term of the sourcing agreement to date, then 50% of any amounts in the consumer protection reserve account in excess of the consumer protection reserve account principal maximum shall be distributed to the clean coal SNG brownfield facility, with the remaining 50% of any such additional amounts being credited to retail customers, and (ii) if retail customers have realized net consumer savings, then 100% of any amounts in the consumer protection reserve account in excess of the consumer protection reserve account principal maximum shall be distributed to the clean coal SNG brownfield facility; provided, however, that under no circumstances shall the total cumulative amount distributed to the clean coal SNG brownfield facility under this subparagraph (B) exceed $150,000,000;

(C) to the extent there is an overage amount, after distributing the amounts pursuant to subparagraph (B) of this paragraph (3), if any, the consumer protection reserve account shall be used to provide a credit to reduce the SNG price by an amount equal to the overage amount;

(D) if retail customers have realized net consumer savings, calculated by comparing the delivered SNG price to the weighted average of the daily Chicago City-gate price on a daily basis over the entire term of the sourcing

agreement to date, then after distributing the amounts pursuant to subparagraphs (B) and (C) of this paragraph (3), 50% of any additional amounts in the consumer protection reserve account in excess of the consumer protection reserve account principal maximum shall be distributed to the clean coal SNG brownfield facility, with the remaining 50% of any such additional amounts being credited to retail customers; provided, however, that if retail customers have not realized such net consumer savings, no such distribution shall be made to the clean coal SNG brownfield facility, and 100% of such additional amounts shall be credited to the retail customers to the extent the consumer protection reserve account exceeds the consumer protection reserve account principal maximum amount.

(4) Fifty percent of all additional net revenue, defined as miscellaneous net revenue after cost allowance for costs associated with additional net revenue that are not otherwise recoverable pursuant to subsection (h-3) of this Section, including net revenue from sales of substitute natural gas derived from the facility above the nameplate capacity of the facility and other by-products produced by the facility, shall be credited to the consumer protection reserve account.

(5) At the conclusion of the term of the sourcing agreement, to the extent retail customers have not saved the minimum of $100,000,000 in consumer savings as guaranteed in this subsection (h-2), amounts in the consumer protection reserve account shall be credited to retail customers to the extent the retail customers have saved the minimum of $100,000,000; 50% of any additional amounts in the consumer protection reserve account shall be distributed to the company, and the remaining 50% shall be distributed to retail customers.

(6) If, at the conclusion of the term of the sourcing agreement, the customers have not saved the minimum $100,000,000 in savings as guaranteed in this subsection (h-2) and the consumer protection reserve account has been depleted, then the clean coal SNG brownfield facility shall be liable for any remaining amount owed to the retail customers to the extent that the customers are provided with the $100,000,000 in savings as guaranteed in this subsection (h-2). The retail customers shall have

first priority in recovering that debt above any creditors, except the original senior secured lender to the extent that the original senior secured lender has any senior secured debt outstanding, including any clean coal SNG brownfield facility parent companies or affiliates.

(7) The clean coal SNG brownfield facility, the utilities, and the trustee shall work together to take commercially reasonable steps to minimize the tax impact of these transactions, while preserving the consumer benefits.

(8) The clean coal SNG brownfield facility shall each month, starting in the facility's first year of commercial operation, file with the Commission, in such form as the Commission shall require, a report as to the consumer protection reserve account. The monthly report must contain the following information:

(A) the extent the monthly delivered SNG price is greater than, less than, or equal to the Chicago City-gate price;

(B) the amount credited or debited to the consumer protection reserve account during the month;

(C) the amounts credited to consumers and distributed to the clean coal SNG brownfield facility during the month;

(D) the total amount of the consumer protection reserve account at the beginning and end of the month;

(E) the total amount of consumer savings to date;

(F) a confidential summary of the inputs used to calculate the additional net revenue; and

(G) any other additional information the Commission shall require.

When any report is erroneous or defective or appears to the Commission to be erroneous or defective, the Commission may notify the clean coal SNG brownfield facility to amend the report within 30 days, and, before or after the termination of the 30-day period, the Commission may examine the trustee of the consumer protection reserve account or the officers, agents, employees, books, records, or accounts of the clean coal SNG brownfield facility and correct such items in the report as upon such examination the Commission may find defective or erroneous. All reports shall be under oath.

All reports made to the Commission by the clean coal SNG brownfield facility and the contents of the reports shall be open to public inspection and shall be deemed a public record under the Freedom of Information Act. Such reports shall be preserved in the office of the Commission. The Commission shall publish an annual summary of the reports prior to February 1 of the following year. The annual summary shall be made available to the public on the Commission's website and shall be submitted to the General Assembly.

Any facility that fails to file a report required under this paragraph (8) to the Commission within the time specified or to make specific answer to any question propounded by the Commission within 30 days from the time it is lawfully required to do so, or within such further time not to exceed 90 days as may in its discretion be allowed by the Commission, shall pay a penalty of $500 to the Commission for each day it is in default.

Any person who willfully makes any false report to the Commission or to any member, officer, or employee thereof, any person who willfully in a report withholds or fails to provide material information to which the Commission is entitled under this paragraph (8) and which information is either required to be filed by statute, rule, regulation, order, or decision of the Commission or has been requested by the Commission, and any person who willfully aids or abets such person shall be guilty of a Class A misdemeanor.

(h-3) Recoverable costs and revenue by the clean coal SNG brownfield facility.

(1) A capital recovery charge approved by the Commission shall be recoverable by the clean coal SNG brownfield facility under a sourcing agreement. The capital recovery charge shall be comprised of capital costs and a reasonable rate of return. "Capital costs" means costs to be incurred in connection with the construction and development of a facility, as defined in Section 1-10 of the Illinois Power Agency Act, and such other costs as the Capital Development Board deems appropriate to be recovered in the capital recovery charge.

(A) Capital costs. The Capital Development Board shall calculate a range of capital costs that it believes would be reasonable for the clean coal SNG brownfield facility to
recover under the sourcing agreement. In making this determination, the Capital Development Board shall review the facility cost report, if any, of the clean coal SNG brownfield facility, adjusting the results based on the change in the Annual Consumer Price Index for All Urban Consumers for the Midwest Region as published in April by the United States Department of Labor, Bureau of Labor Statistics, the final draft of the sourcing agreement, and the rate of return approved by the Commission. In addition, the Capital Development Board may consult as much as it deems necessary with the clean coal SNG brownfield facility and conduct whatever research and investigation it deems necessary.

The Capital Development Board shall retain an engineering expert to assist in determining both the range of capital costs and the range of operations and maintenance costs that it believes would be reasonable for the clean coal SNG brownfield facility to recover under the sourcing agreement. Provided, however, that such expert shall: (i) not have been involved in the clean coal SNG brownfield facility's facility cost report, if any, (ii) not own or control any direct or indirect interest in the initial clean coal facility, and (iii) have no contractual relationship with the clean coal SNG brownfield facility. In order to qualify as an independent expert, a person or company must have:

(i) direct previous experience conducting front-end engineering and design studies for large-scale energy facilities and administering large-scale energy operations and maintenance contracts, which may be particularized to the specific type of financing associated with the clean coal SNG brownfield facility;

(ii) an advanced degree in economics, mathematics, engineering, or a related area of study;

(iii) ten years of experience in the energy sector, including construction and risk management experience;

(iv) expertise in assisting companies with obtaining financing for large-scale energy projects,
which may be particularized to the specific type of financing associated with the clean coal SNG brownfield facility;

(v) expertise in operations and maintenance which may be particularized to the specific type of operations and maintenance associated with the clean coal SNG brownfield facility;

(vi) expertise in credit and contract protocols;

(vii) adequate resources to perform and fulfill the required functions and responsibilities; and

(viii) the absence of a conflict of interest and inappropriate bias for or against an affected gas utility or the clean coal SNG brownfield facility.

The clean coal SNG brownfield facility and the Illinois Power Agency shall cooperate with the Capital Development Board in any investigation it deems necessary. The Capital Development Board shall make its final determination of the range of capital costs confidentially and shall submit that range to the Commission in a confidential filing within 120 days after July 13, 2011 (the effective date of Public Act 97-096). The clean coal SNG brownfield facility shall submit to the Commission its estimate of the capital costs to be recovered under the sourcing agreement. Only after the clean coal SNG brownfield facility has submitted this estimate shall the Commission publicly announce the range of capital costs submitted by the Capital Development Board.

In the event that the estimate submitted by the clean coal SNG brownfield facility is within or below the range submitted by the Capital Development Board, the clean coal SNG brownfield facility's estimate shall be approved by the Commission as the amount of capital costs to be recovered under the sourcing agreement. In the event that the estimate submitted by the clean coal SNG brownfield facility is above the range submitted by the Capital Development Board, the amount of capital costs at the lowest end of the range submitted by the Capital Development Board shall be approved by the Commission as the amount of capital costs to be recovered under the sourcing agreement.
Development Board shall be approved by the Commission as the amount of capital costs to be recovered under the sourcing agreement. Within 15 days after the Capital Development Board has submitted its range and the clean coal SNG brownfield facility has submitted its estimate, the Commission shall approve the capital costs for the clean coal SNG brownfield facility.

The Capital Development Board shall monitor the construction of the clean coal SNG brownfield facility for the full duration of construction to assess potential cost overruns. The Capital Development Board, in its discretion, may retain an expert to facilitate such monitoring. The clean coal SNG brownfield facility shall pay a reasonable fee as required by the Capital Development Board for the Capital Development Board's services under this subsection (h-3) to be deposited into the Capital Development Board Revolving Fund, and such fee shall not be passed through to a utility or its customers. If an expert is retained by the Capital Development Board for monitoring of construction, then the clean coal SNG brownfield facility must pay for the expert's reasonable fees and such costs shall not be passed through to a utility or its customers.

(B) Rate of Return. No later than 30 days after the date on which the Illinois Power Agency submits a final draft sourcing agreement, the Commission shall hold a public hearing to determine the rate of return to be recovered under the sourcing agreement. Rate of return shall be comprised of the clean coal SNG brownfield facility's actual cost of debt, including mortgage-style amortization, and a reasonable return on equity. The Commission shall post notice of the hearing on its website no later than 10 days prior to the date of the hearing. The Commission shall provide the public and all interested parties, including the gas utilities, the Attorney General, and the Illinois Power Agency, an opportunity to be heard.

In determining the return on equity, the Commission shall select a commercially reasonable return on equity taking into account the return on equity being received by developers of similar facilities in or outside of Illinois, the

New matter indicated by italics - deletions by strikeout
need to balance an incentive for clean-coal technology with the need to protect ratepayers from high gas prices, the risks being borne by the clean coal SNG brownfield facility in the final draft sourcing agreement, and any other information that the Commission may deem relevant. The Commission may establish a return on equity that varies with the amount of savings, if any, to customers during the term of the sourcing agreement, comparing the delivered SNG price to a daily weighted average price of natural gas, based upon an index. The Illinois Power Agency shall recommend a return on equity to the Commission using the same criteria. Within 60 days after receiving the final draft sourcing agreement from the Illinois Power Agency, the Commission shall approve the rate of return for the clean coal brownfield facility. Within 30 days after obtaining debt financing for the clean coal SNG brownfield facility, the clean coal SNG brownfield facility shall file a notice with the Commission identifying the actual cost of debt.

(2) Operations and maintenance costs approved by the Commission shall be recoverable by the clean coal SNG brownfield facility under the sourcing agreement. The operations and maintenance costs mean costs that have been incurred for the administration, supervision, operation, maintenance, preservation, and protection of the clean coal SNG brownfield facility's physical plant.

The Capital Development Board shall calculate a range of operations and maintenance costs that it believes would be reasonable for the clean coal SNG brownfield facility to recover under the sourcing agreement, incorporating an inflation index or combination of inflation indices to most accurately reflect the actual costs of operating the clean coal SNG brownfield facility. In making this determination, the Capital Development Board shall review the facility cost report, if any, of the clean coal SNG brownfield facility, adjusting the results for inflation based on the change in the Annual Consumer Price Index for All Urban Consumers for the Midwest Region as published in April by the United States Department of Labor, Bureau of Labor Statistics, the final draft of the sourcing agreement, and the rate of return approved by the Commission. In addition, the Capital
Development Board may consult as much as it deems necessary with the clean coal SNG brownfield facility and conduct whatever research and investigation it deems necessary. As set forth in subparagraph (A) of paragraph (1) of this subsection (h-3), the Capital Development Board shall retain an independent engineering expert to assist in determining both the range of operations and maintenance costs that it believes would be reasonable for the clean coal SNG brownfield facility to recover under the sourcing agreement. The clean coal SNG brownfield facility and the Illinois Power Agency shall cooperate with the Capital Development Board in any investigation it deems necessary. The Capital Development Board shall make its final determination of the range of operations and maintenance costs confidentially and shall submit that range to the Commission in a confidential filing within 120 days after July 13, 2011.

The clean coal SNG brownfield facility shall submit to the Commission its estimate of the operations and maintenance costs to be recovered under the sourcing agreement. Only after the clean coal SNG brownfield facility has submitted this estimate shall the Commission publicly announce the range of operations and maintenance costs submitted by the Capital Development Board. In the event that the estimate submitted by the clean coal SNG brownfield facility is within or below the range submitted by the Capital Development Board, the clean coal SNG brownfield facility's estimate shall be approved by the Commission as the amount of operations and maintenance costs to be recovered under the sourcing agreement. In the event that the estimate submitted by the clean coal SNG brownfield facility is above the range submitted by the Capital Development Board, the amount of operations and maintenance costs at the lowest end of the range submitted by the Capital Development Board shall be approved by the Commission as the amount of operations and maintenance costs to be recovered under the sourcing agreement. Within 15 days after the Capital Development Board has submitted its range and the clean coal SNG brownfield facility has submitted its estimate, the Commission shall approve the operations and maintenance costs for the clean coal SNG brownfield facility.

The clean coal SNG brownfield facility shall pay for the independent engineering expert's reasonable fees and such costs
shall not be passed through to a utility or its customers. The clean coal SNG brownfield facility shall pay a reasonable fee as required by the Capital Development Board for the Capital Development Board's services under this subsection (h-3) to be deposited into the Capital Development Board Revolving Fund, and such fee shall not be passed through to a utility or its customers.

(3) Sequestration costs approved by the Commission shall be recoverable by the clean coal SNG brownfield facility. "Sequestration costs" means costs to be incurred by the clean coal SNG brownfield facility in accordance with its Commission-approved carbon capture and sequestration plan to:

(A) capture carbon dioxide;
(B) build, operate, and maintain a sequestration site in which carbon dioxide may be injected;
(C) build, operate, and maintain a carbon dioxide pipeline; and
(D) transport the carbon dioxide to the sequestration site or a pipeline.

The Commission shall assess the prudency of the sequestration costs for the clean coal SNG brownfield facility before construction commences at the sequestration site or pipeline. Any revenues the clean coal SNG brownfield facility receives as a result of the capture, transportation, or sequestration of carbon dioxide shall be first credited against all sequestration costs, with the positive balance, if any, treated as additional net revenue.

The Commission may, in its discretion, retain an expert to assist in its review of sequestration costs. The clean coal SNG brownfield facility shall pay for the expert's reasonable fees if an expert is retained by the Commission, and such costs shall not be passed through to a utility or its customers. Once made, the Commission's determination of the amount of recoverable sequestration costs shall not be increased unless the clean coal SNG brownfield facility can show by clear and convincing evidence that (i) the costs were not reasonably foreseeable; (ii) the costs were due to circumstances beyond the clean coal SNG brownfield facility's control; and (iii) the clean coal SNG brownfield facility took all reasonable steps to mitigate the costs. If the Commission determines that sequestration costs may be

New matter indicated by italics - deletions by strikeout
increased, the Commission shall provide for notice and a public hearing for approval of the increased sequestration costs.

(4) Actual delivered and processed fuel costs shall be set by the Illinois Power Agency through a SNG feedstock procurement, pursuant to Sections 1-20, 1-77, and 1-78 of the Illinois Power Agency Act, to be performed at least every 5 years and purchased by the clean coal SNG brownfield facility pursuant to feedstock procurement contracts developed by the Illinois Power Agency, with coal comprising at least 50% of the total feedstock over the term of the sourcing agreement and petroleum coke comprising the remainder of the SNG feedstock. If the Commission fails to approve a feedstock procurement plan or fails to approve the results of a feedstock procurement event, then the fuel shall be purchased by the company month-by-month on the spot market and those actual delivered and processed fuel costs shall be recoverable under the sourcing agreement. If a supplier defaults under the terms of a procurement contract, then the Illinois Power Agency shall immediately initiate a feedstock procurement process to obtain a replacement supply, and, prior to the conclusion of that process, fuel shall be purchased by the company month-by-month on the spot market and those actual delivered and processed fuel costs shall be recoverable under the sourcing agreement.

(5) Taxes and fees imposed by the federal government, the State, or any unit of local government applicable to the clean coal SNG brownfield facility, excluding income tax, shall be recoverable by the clean coal SNG brownfield facility under the sourcing agreement to the extent such taxes and fees were not applicable to the facility on July 13, 2011.

(6) The actual transportation costs, in accordance with the applicable utility's tariffs, and third-party marketer costs incurred by the company, if any, associated with transporting the SNG from the clean coal SNG brownfield facility to the Chicago City-gate to sell such SNG into the natural gas markets shall be recoverable under the sourcing agreement.

(7) Unless otherwise provided, within 30 days after a decision of the Commission on recoverable costs under this Section, any interested party to the Commission's decision may apply for a rehearing with respect to the decision. The Commission shall receive and consider the application for rehearing and shall

New matter indicated by italics - deletions by strikeout
grant or deny the application in whole or in part within 20 days after the date of the receipt of the application by the Commission. If no rehearing is applied for within the required 30 days or an application for rehearing is denied, then the Commission decision shall be final. If an application for rehearing is granted, then the Commission shall hold a rehearing within 30 days after granting the application. The decision of the Commission upon rehearing shall be final.

Any person affected by a decision of the Commission under this subsection (h-3) may have the decision reviewed only under and in accordance with the Administrative Review Law. Unless otherwise provided, the provisions of the Administrative Review Law, all amendments and modifications to that Law, and the rules adopted pursuant to that Law shall apply to and govern all proceedings for the judicial review of final administrative decisions of the Commission under this subsection (h-3). The term "administrative decision" is defined as in Section 3-101 of the Code of Civil Procedure.

(8) The Capital Development Board shall adopt and make public a policy detailing the process for retaining experts under this Section. Any experts retained to assist with calculating the range of capital costs or operations and maintenance costs shall be retained no later than 45 days after July 13, 2011.

(h-4) No later than 90 days after the Illinois Power Agency submits the final draft sourcing agreement pursuant to subsection (h-1), the Commission shall approve a sourcing agreement containing (i) the capital costs, rate of return, and operations and maintenance costs established pursuant to subsection (h-3) and (ii) all other terms and conditions, rights, provisions, exceptions, and limitations contained in the final draft sourcing agreement; provided, however, the Commission shall correct typographical and scrivener's errors and modify the contract only as necessary to provide that the gas utility does not have the right to terminate the sourcing agreement due to any future events that may occur other than the clean coal SNG brownfield facility's failure to timely meet milestones, uncured default, extended force majeure, or abandonment. Once the sourcing agreement is approved, then the gas utility subject to that sourcing agreement shall have 45 days after the date of the Commission's approval to enter into the sourcing agreement.

(h-5) Sequestration enforcement.

New matter indicated by italics - deletions by strikeout
(A) All contracts entered into under subsection (h) of this Section and all sourcing agreements under subsection (h-1) of this Section, regardless of duration, shall require the owner of any facility supplying SNG under the contract or sourcing agreement to provide certified documentation to the Commission each year, starting in the facility's first year of commercial operation, accurately reporting the quantity of carbon dioxide emissions from the facility that have been captured and sequestered and reporting any quantities of carbon dioxide released from the site or sites at which carbon dioxide emissions were sequestered in prior years, based on continuous monitoring of those sites.

(B) If, in any year, the owner of the clean coal SNG facility fails to demonstrate that the SNG facility captured and sequestered at least 90% of the total carbon dioxide emissions that the facility would otherwise emit or that sequestration of emissions from prior years has failed, resulting in the release of carbon dioxide into the atmosphere, then the owner of the clean coal SNG facility must pay a penalty of $20 per ton of excess carbon dioxide emissions not to exceed $40,000,000, in any given year which shall be deposited into the Energy Efficiency Trust Fund and distributed pursuant to subsection (b) of Section 6-6 of the Renewable Energy, Energy Efficiency, and Coal Resources Development Law of 1997. On or before the 5-year anniversary of the execution of the contract and every 5 years thereafter, an expert hired by the owner of the facility with the approval of the Attorney General shall conduct an analysis to determine the cost of sequestration of at least 90% of the total carbon dioxide emissions the plant would otherwise emit. If the analysis shows that the actual annual cost is greater than the penalty, then the penalty shall be increased to equal the actual cost. Provided, however, to the extent that the owner of the facility described in subsection (h) of this Section can demonstrate that the failure was as a result of acts of God (including fire, flood, earthquake, tornado, lightning, hurricane, or other natural disaster); any amendment, modification, or abrogation of any applicable law or regulation that would prevent performance; war; invasion; act of foreign enemies; hostilities (regardless of whether war is declared); civil war; rebellion; revolution; insurrection; military or usurped power or confiscation; terrorist activities; civil disturbance; riots; nationalization; sabotage; blockage; or embargo, the owner of the

New matter indicated by italics - deletions by strikeout
facility described in subsection (h) of this Section shall not be subject to a penalty if and only if (i) it promptly provides notice of its failure to the Commission; (ii) as soon as practicable and consistent with any order or direction from the Commission, it submits to the Commission proposed modifications to its carbon capture and sequestration plan; and (iii) it carries out its proposed modifications in the manner and time directed by the Commission.

If the Commission finds that the facility has not satisfied each of these requirements, then the facility shall be subject to the penalty. If the owner of the clean coal SNG facility captured and sequestered more than 90% of the total carbon dioxide emissions that the facility would otherwise emit, then the owner of the facility may credit such additional amounts to reduce the amount of any future penalty to be paid. The penalty resulting from the failure to capture and sequester at least the minimum amount of carbon dioxide shall not be passed on to a utility or its customers.

If the clean coal SNG facility fails to meet the requirements specified in this subsection (h-5), then the Attorney General, on behalf of the People of the State of Illinois, shall bring an action to enforce the obligations related to the facility set forth in this subsection (h-5), including any penalty payments owed, but not including the physical obligation to capture and sequester at least 90% of the total carbon dioxide emissions that the facility would otherwise emit. Such action may be filed in any circuit court in Illinois. By entering into a contract pursuant to subsection (h) of this Section, the clean coal SNG facility agrees to waive any objections to venue or to the jurisdiction of the court with regard to the Attorney General's action under this subsection (h-5).

Compliance with the sequestration requirements and any penalty requirements specified in this subsection (h-5) for the clean coal SNG facility shall be assessed annually by the Commission, which may in its discretion retain an expert to facilitate its assessment. If any expert is retained by the Commission, then the clean coal SNG facility shall pay for the expert's reasonable fees, and such costs shall not be passed through to the utility or its customers.

In addition, carbon dioxide emission credits received by the clean coal SNG facility in connection with sequestration of carbon dioxide from the facility must be sold in a timely fashion with any

New matter indicated by italics - deletions by strikeout
revenue, less applicable fees and expenses and any expenses required to be paid by facility for carbon dioxide transportation or sequestration, deposited into the reconciliation account within 30 days after receipt of such funds by the owner of the clean coal SNG facility.

The clean coal SNG facility is prohibited from transporting or sequestering carbon dioxide unless the owner of the carbon dioxide pipeline that transfers the carbon dioxide from the facility and the owner of the sequestration site where the carbon dioxide captured by the facility is stored has acquired all applicable permits under applicable State and federal laws, statutes, rules, or regulations prior to the transfer or sequestration of carbon dioxide. The responsibility for compliance with the sequestration requirements specified in this subsection (h-5) for the clean coal SNG facility shall reside solely with the clean coal SNG facility, regardless of whether the facility has contracted with another party to capture, transport, or sequester carbon dioxide.

(C) If, in any year, the owner of a clean coal SNG brownfield facility fails to demonstrate that the clean coal SNG brownfield facility captured and sequestered at least 85% of the total carbon dioxide emissions that the facility would otherwise emit, then the owner of the clean coal SNG brownfield facility must pay a penalty of $20 per ton of excess carbon emissions up to $20,000,000, which shall be deposited into the Energy Efficiency Trust Fund and distributed pursuant to subsection (b) of Section 6-6 of the Renewable Energy, Energy Efficiency, and Coal Resources Development Law of 1997. Provided, however, to the extent that the owner of the clean coal SNG brownfield facility can demonstrate that the failure was as a result of acts of God (including fire, flood, earthquake, tornado, lightning, hurricane, or other natural disaster); any amendment, modification, or abrogation of any applicable law or regulation that would prevent performance; war; invasion; act of foreign enemies; hostilities (regardless of whether war is declared); civil war; rebellion; revolution; insurrection; military or usurped power or confiscation; terrorist activities; civil disturbances; riots; nationalization; sabotage; blockage; or embargo, the owner of the clean coal SNG brownfield facility shall not be subject to a penalty if and only if (i) it promptly provides notice of its failure to the Commission; (ii) as

New matter indicated by italics - deletions by strikeout
soon as practicable and consistent with any order or direction from the Commission, it submits to the Commission proposed modifications to its carbon capture and sequestration plan; and (iii) it carries out its proposed modifications in the manner and time directed by the Commission. If the Commission finds that the facility has not satisfied each of these requirements, then the facility shall be subject to the penalty. If the owner of a clean coal SNG brownfield facility demonstrates that the clean coal SNG brownfield facility captured and sequestered more than 85% of the total carbon emissions that the facility would otherwise emit, the owner of the clean coal SNG brownfield facility may credit such additional amounts to reduce the amount of any future penalty to be paid. The penalty resulting from the failure to capture and sequester at least the minimum amount of carbon dioxide shall not be passed on to a utility or its customers.

In addition to any penalty for the clean coal SNG brownfield facility's failure to capture and sequester at least its minimum sequestration requirement, the Attorney General, on behalf of the People of the State of Illinois, shall bring an action for specific performance of this subsection (h-5). Such action may be filed in any circuit court in Illinois. By entering into a sourcing agreement pursuant to subsection (h-1) of this Section, the clean coal SNG brownfield facility agrees to waive any objections to venue or to the jurisdiction of the court with regard to the Attorney General's action for specific performance under this subsection (h-5).

Compliance with the sequestration requirements and penalty requirements specified in this subsection (h-5) for the clean coal SNG brownfield facility shall be assessed annually by the Commission, which may in its discretion retain an expert to facilitate its assessment. If an expert is retained by the Commission, then the clean coal SNG brownfield facility shall pay for the expert's reasonable fees, and such costs shall not be passed through to a utility or its customers.

Responsibility for compliance with the sequestration requirements specified in this subsection (h-5) for the clean coal SNG brownfield facility shall reside solely with the clean coal SNG brownfield facility regardless of whether the facility has
contracted with another party to capture, transport, or sequester carbon dioxide.

(h-7) Sequestration permitting, oversight, and investigations.

(1) No clean coal facility or clean coal SNG brownfield facility may transport or sequester carbon dioxide unless the Commission approves the method of carbon dioxide transportation or sequestration. Such approval shall be required regardless of whether the facility has contracted with another to transport or sequester the carbon dioxide. Nothing in this subsection (h-7) shall release the owner or operator of a carbon dioxide sequestration site or carbon dioxide pipeline from any other permitting requirements under applicable State and federal laws, statutes, rules, or regulations.

(2) The Commission shall review carbon dioxide transportation and sequestration methods proposed by a clean coal facility or a clean coal SNG brownfield facility and shall approve those methods it deems reasonable and cost-effective. For purposes of this review, "cost-effective" means a commercially reasonable price for similar carbon dioxide transportation or sequestration techniques. In determining whether sequestration is reasonable and cost-effective, the Commission may consult with the Illinois State Geological Survey and retain third parties to assist in its determination, provided that such third parties shall not own or control any direct or indirect interest in the facility that is proposing the carbon dioxide transportation or the carbon dioxide sequestration method and shall have no contractual relationship with that facility. If a third party is retained by the Commission, then the facility proposing the carbon dioxide transportation or sequestration method shall pay for the expert's reasonable fees, and these costs shall not be passed through to a utility or its customers.

No later than 6 months prior to the date upon which the owner intends to commence construction of a clean coal facility or the clean coal SNG brownfield facility, the owner of the facility shall file with the Commission a carbon dioxide transportation or sequestration plan. The Commission shall hold a public hearing within 30 days after receipt of the facility's carbon dioxide transportation or sequestration plan. The Commission shall post notice of the review on its website upon submission of a carbon dioxide transportation or sequestration method and shall accept
written public comments. The Commission shall take the comments into account when making its decision.

The Commission may not approve a carbon dioxide sequestration method if the owner or operator of the sequestration site has not received (i) an Underground Injection Control permit from the Illinois Environmental Protection Agency pursuant to the Environmental Protection Act; (ii) an Underground Injection Control permit from the Illinois Department of Natural Resources pursuant to the Illinois Oil and Gas Act; or (iii) a permit similar to items (i) or (ii) from the state in which the sequestration site is located if the sequestration will take place outside of Illinois. The Commission shall approve or deny the carbon dioxide transportation or sequestration method within 90 days after the receipt of all required information.

(3) At least annually, the Illinois Environmental Protection Agency shall inspect all carbon dioxide sequestration sites in Illinois. The Illinois Environmental Protection Agency may, as often as deemed necessary, monitor and conduct investigations of those sites. The owner or operator of the sequestration site must cooperate with the Illinois Environmental Protection Agency investigations of carbon dioxide sequestration sites.

If the Illinois Environmental Protection Agency determines at any time a site creates conditions that warrant the issuance of a seal order under Section 34 of the Environmental Protection Act, then the Illinois Environmental Protection Agency shall seal the site pursuant to the Environmental Protection Act. If the Illinois Environmental Protection Agency determines at any time a carbon dioxide sequestration site creates conditions that warrant the institution of a civil action for an injunction under Section 43 of the Environmental Protection Act, then the Illinois Environmental Protection Agency shall request the State's Attorney or the Attorney General institute such action. The Illinois Environmental Protection Agency shall provide notice of any such actions as soon as possible on its website. The SNG facility shall incur all reasonable costs associated with any such inspection or monitoring of the sequestration sites, and these costs shall not be recoverable from utilities or their customers.

(4) (Blank). At least annually, the Commission shall inspect all carbon dioxide pipelines in Illinois that transport carbon dioxide

New matter indicated by italics - deletions by strikeout
to ensure the safety and feasibility of those pipelines. The Commission may, as often as deemed necessary, monitor and conduct investigations of those pipelines. The owner or operator of the pipeline must cooperate with the Commission investigations of the carbon dioxide pipelines.

In circumstances whereby a carbon dioxide pipeline creates a substantial danger to the environment or to the public health of persons or to the welfare of persons where such danger is to the livelihood of such persons, the State's Attorney or Attorney General, upon the request of the Commission or on his or her own motion, may institute a civil action for an immediate injunction to halt any discharge or other activity causing or contributing to the danger or to require such other action as may be necessary. The court may issue an ex parte order and shall schedule a hearing on the matter not later than 3 working days after the date of injunction. The Commission shall provide notice of any such actions as soon as possible on its website. The SNG facility shall incur all reasonable costs associated with any such inspection or monitoring of the sequestration sites, and these costs shall not be recoverable from a utility or its customers.

(h-9) The clean coal SNG brownfield facility shall have the right to recover prudently incurred increased costs or reduced revenue resulting from any new or amendatory legislation or other action. The State of Illinois pledges that the State will not enact any law or take any action to:

(1) break, or repeal the authority for, sourcing agreements approved by the Commission and entered into between public utilities and the clean coal SNG brownfield facility;

(2) deny public utilities full cost recovery for their costs incurred under those sourcing agreements; or

(3) deny the clean coal SNG brownfield facility full cost and revenue recovery as provided under those sourcing agreements that are recoverable pursuant to subsection (h-3) of this Section.

These pledges are for the benefit of the parties to those sourcing agreements and the issuers and holders of bonds or other obligations issued or incurred to finance or refinance the clean coal SNG brownfield facility. The clean coal SNG brownfield facility is authorized to include and refer to these pledges in any financing agreement into which it may enter in regard to those sourcing agreements.

New matter indicated by italics - deletions by strikeout
The State of Illinois retains and reserves all other rights to enact new or amendatory legislation or take any other action, without impairment of the right of the clean coal SNG brownfield facility to recover prudently incurred increased costs or reduced revenue resulting from the new or amendatory legislation or other action, including, but not limited to, such legislation or other action that would (i) directly or indirectly raise the costs the clean coal SNG brownfield facility must incur; (ii) directly or indirectly place additional restrictions, regulations, or requirements on the clean coal SNG brownfield facility; (iii) prohibit sequestration in general or prohibit a specific sequestration method or project; or (iv) increase minimum sequestration requirements for the clean coal SNG brownfield facility to the extent technically feasible. The clean coal SNG brownfield facility shall have the right to recover prudently incurred increased costs or reduced revenue resulting from the new or amendatory legislation or other action as described in this subsection (h-9).

(h-10) Contract costs for SNG incurred by an Illinois gas utility are reasonable and prudent and recoverable through the purchased gas adjustment clause and are not subject to review or disallowance by the Commission. Contract costs are costs incurred by the utility under the terms of a contract that incorporates the terms stated in subsection (h) of this Section as confirmed in writing by the Illinois Power Agency as set forth in subsection (h) of this Section, which confirmation shall be deemed conclusive, or as a consequence of or condition to its performance under the contract, including (i) amounts paid for SNG under the SNG contract and (ii) costs of transportation and storage services of SNG purchased from interstate pipelines under federally approved tariffs. The Illinois gas utility shall initiate a clean coal SNG facility rider mechanism that (A) shall be applicable to all customers who receive transportation service from the utility, (B) shall be designed to have an equal percentage impact on the transportation services rates of each class of the utility's total customers, and (C) shall accurately reflect the net customer savings, if any, and above market costs, if any, under the SNG contract. Any contract, the terms of which have been confirmed in writing by the Illinois Power Agency as set forth in subsection (h) of this Section and the performance of the parties under such contract cannot be grounds for challenging prudence or cost recovery by the utility through the purchased gas adjustment clause, and in such cases, the Commission is directed not to consider, and has no authority to consider, any attempted challenges.
The contracts entered into by Illinois gas utilities pursuant to subsection (h) of this Section shall provide that the utility retains the right to terminate the contract without further obligation or liability to any party if the contract has been impaired as a result of any legislative, administrative, judicial, or other governmental action that is taken that eliminates all or part of the prudence protection of this subsection (h-10) or denies the recoverability of all or part of the contract costs through the purchased gas adjustment clause. Should any Illinois gas utility exercise its right under this subsection (h-10) to terminate the contract, all contract costs incurred prior to termination are and will be deemed reasonable, prudent, and recoverable as and when incurred and not subject to review or disallowance by the Commission. Any order, issued by the State requiring or authorizing the discontinuation of the merchant function, defined as the purchase and sale of natural gas by an Illinois gas utility for the ultimate consumer in its service territory shall include provisions necessary to prevent the impairment of the value of any contract hereunder over its full term.

(h-11) All costs incurred by an Illinois gas utility in procuring SNG from a clean coal SNG brownfield facility pursuant to subsection (h-1) or a third-party marketer pursuant to subsection (h-1) are reasonable and prudent and recoverable through the purchased gas adjustment clause in conjunction with a SNG brownfield facility rider mechanism and are not subject to review or disallowance by the Commission; provided that if a utility is required by law or otherwise elects to connect the clean coal SNG brownfield facility to an interstate pipeline, then the utility shall be entitled to recover pursuant to its tariffs all just and reasonable costs that are prudently incurred. Sourcing agreement costs are costs incurred by the utility under the terms of a sourcing agreement that incorporates the terms stated in subsection (h-1) of this Section as approved by the Commission as set forth in subsection (h-4) of this Section, which approval shall be deemed conclusive, or as a consequence of or condition to its performance under the contract, including (i) amounts paid for SNG under the SNG contract and (ii) costs of transportation and storage services of SNG purchased from interstate pipelines under federally approved tariffs. Any sourcing agreement, the terms of which have been approved by the Commission as set forth in subsection (h-4) of this Section, and the performance of the parties under the sourcing agreement cannot be grounds for challenging prudence or cost recovery by the utility, and in
these cases, the Commission is directed not to consider, and has no authority to consider, any attempted challenges.

(h-15) Reconciliation account. The clean coal SNG facility shall establish a reconciliation account for the benefit of the retail customers of the utilities that have entered into contracts with the clean coal SNG facility pursuant to subsection (h). The reconciliation account shall be maintained and administered by an independent trustee that is mutually agreed upon by the owners of the clean coal SNG facility, the utilities, and the Commission in an interest-bearing account in accordance with the following:

(1) The clean coal SNG facility shall conduct an analysis annually within 60 days after receiving the necessary cost information, which shall be provided by the gas utility within 6 months after the end of the preceding calendar year, to determine (i) the average annual contract SNG cost, which shall be calculated as the total amount paid for SNG purchased from the clean coal SNG facility over the preceding 12 months, plus the cost to the utility of the required transportation and storage services of SNG, divided by the total number of MMBtus of SNG actually purchased from the clean coal SNG facility in the preceding 12 months under the utility contract; (ii) the average annual natural gas purchase cost, which shall be calculated as the total annual supply costs paid for baseload natural gas (excluding any SNG) purchased by such utility over the preceding 12 months plus the costs of transportation and storage services of such natural gas (excluding such costs for SNG), divided by the total number of MMBtus of baseload natural gas (excluding SNG) actually purchased by the utility during the year; (iii) the cost differential, which shall be the difference between the average annual contract SNG cost and the average annual natural gas purchase cost; and (iv) the revenue share target which shall be the cost differential multiplied by the total amount of SNG purchased over the preceding 12 months under such utility contract.

(A) To the extent the annual average contract SNG cost is less than the annual average natural gas purchase cost, the utility shall credit an amount equal to the revenue share target to the reconciliation account. Such credit payment shall be made monthly starting within 30 days after the completed analysis in this subsection (h-15) and
based on collections from all customers via a line item charge in all customer bills designed to have an equal percentage impact on the transportation services of each class of customers. Credit payments made pursuant to this subparagraph (A) shall be deemed prudent and reasonable and not subject to Commission prudence review.

(B) To the extent the annual average contract SNG cost is greater than the annual average natural gas purchase cost, the reconciliation account shall be used to provide a credit equal to the revenue share target to the utilities to be used to reduce the utility's natural gas costs through the purchased gas adjustment clause. Such payment shall be made within 30 days after the completed analysis pursuant to this subsection (h-15), but only to the extent that the reconciliation account has a positive balance.

(2) At the conclusion of the term of the SNG contracts pursuant to subsection (h) and the completion of the final annual analysis pursuant to this subsection (h-15), to the extent the facility owes any amount to retail customers, amounts in the account shall be credited to retail customers to the extent the owed amount is repaid; 50% of any additional amount in the reconciliation account shall be distributed to the utilities to be used to reduce the utilities' natural gas costs through the purchase gas adjustment clause with the remaining amount distributed to the clean coal SNG facility. Such payment shall be made within 30 days after the last completed analysis pursuant to this subsection (h-15). If the facility has repaid all owed amounts, if any, to retail customers and has distributed 50% of any additional amount in the account to the utilities, then the owners of the clean coal SNG facility shall have no further obligation to the utility or the retail customers.

If, at the conclusion of the term of the contracts pursuant to subsection (h) and the completion of the final annual analysis pursuant to this subsection (h-15), the facility owes any amount to retail customers and the account has been depleted, then the clean coal SNG facility shall be liable for any remaining amount owed to the retail customers. The clean coal SNG facility shall market the daily production of SNG and distribute on a monthly basis 5% of the amounts collected with respect to such future sales to the utilities in proportion to each utility's SNG contract to be used to

reduce the utility's natural gas costs through the purchase gas adjustment clause; such payments to the utility shall continue until either 15 years after the conclusion of the contract or such time as the sum of such payments equals the remaining amount owed to the retail customers at the end of the contract, whichever is earlier. If the debt to the retail customers is not repaid within 15 years after the conclusion of the contract, then the owner of the clean coal SNG facility must sell the facility, and all proceeds from that sale must be used to repay any amount owed to the retail customers under this subsection (h-15).

The retail customers shall have first priority in recovering that debt above any creditors, except the secured lenders to the extent that the secured lenders have any secured debt outstanding, including any parent companies or affiliates of the clean coal SNG facility.

(3) 50% of all additional net revenue, defined as miscellaneous net revenue after cost allowance and above the budgeted estimate established for revenue pursuant to subsection (h), including sale of substitute natural gas derived from the clean coal SNG facility above the nameplate capacity of the facility and other by-products produced by the facility, shall be credited to the reconciliation account on an annual basis with such payment made within 30 days after the end of each calendar year during the term of the contract.

(4) The clean coal SNG facility shall each year, starting in the facility's first year of commercial operation, file with the Commission, in such form as the Commission shall require, a report as to the reconciliation account. The annual report must contain the following information:

(A) the revenue share target amount;
(B) the amount credited or debited to the reconciliation account during the year;
(C) the amount credited to the utilities to be used to reduce the utilities natural gas costs though the purchase gas adjustment clause;
(D) the total amount of reconciliation account at the beginning and end of the year;
(E) the total amount of consumer savings to date;

and

(F) any additional information the Commission may require.

When any report is erroneous or defective or appears to the Commission to be erroneous or defective, the Commission may notify the clean coal SNG facility to amend the report within 30 days; before or after the termination of the 30-day period, the Commission may examine the trustee of the reconciliation account or the officers, agents, employees, books, records, or accounts of the clean coal SNG facility and correct such items in the report as upon such examination the Commission may find defective or erroneous. All reports shall be under oath.

All reports made to the Commission by the clean coal SNG facility and the contents of the reports shall be open to public inspection and shall be deemed a public record under the Freedom of Information Act. Such reports shall be preserved in the office of the Commission. The Commission shall publish an annual summary of the reports prior to February 1 of the following year. The annual summary shall be made available to the public on the Commission's website and shall be submitted to the General Assembly.

Any facility that fails to file the report required under this paragraph (4) to the Commission within the time specified or to make specific answer to any question propounded by the Commission within 30 days after the time it is lawfully required to do so, or within such further time not to exceed 90 days as may be allowed by the Commission in its discretion, shall pay a penalty of $500 to the Commission for each day it is in default.

Any person who willfully makes any false report to the Commission or to any member, officer, or employee thereof, any person who willfully in a report withholds or fails to provide material information to which the Commission is entitled under this paragraph (4) and which information is either required to be filed by statute, rule, regulation, order, or decision of the Commission or has been requested by the Commission, and any person who willfully aids or abets such person shall be guilty of a Class A misdemeanor.

(h-20) The General Assembly authorizes the Illinois Finance Authority to issue bonds to the maximum extent permitted to finance coal gasification facilities described in this Section, which constitute both "industrial projects" under Article 801 of the Illinois Finance Authority Act and "clean coal and energy projects" under Sections 825-65 through 825-75 of the Illinois Finance Authority Act.

New matter indicated by italics - deletions by strikeout
Administrative costs incurred by the Illinois Finance Authority in performance of this subsection (h-20) shall be subject to reimbursement by the clean coal SNG facility on terms as the Illinois Finance Authority and the clean coal SNG facility may agree. The utility and its customers shall have no obligation to reimburse the clean coal SNG facility or the Illinois Finance Authority for any such costs.

(h-25) The State of Illinois pledges that the State may not enact any law or take any action to (1) break or repeal the authority for SNG purchase contracts entered into between public gas utilities and the clean coal SNG facility pursuant to subsection (h) of this Section or (2) deny public gas utilities their full cost recovery for contract costs, as defined in subsection (h-10), that are incurred under such SNG purchase contracts. These pledges are for the benefit of the parties to such SNG purchase contracts and the issuers and holders of bonds or other obligations issued or incurred to finance or refinance the clean coal SNG facility. The beneficiaries are authorized to include and refer to these pledges in any finance agreement into which they may enter in regard to such contracts.

(h-30) The State of Illinois retains and reserves all other rights to enact new or amendatory legislation or take any other action, including, but not limited to, such legislation or other action that would (1) directly or indirectly raise the costs that the clean coal SNG facility must incur; (2) directly or indirectly place additional restrictions, regulations, or requirements on the clean coal SNG facility; (3) prohibit sequestration in general or prohibit a specific sequestration method or project; or (4) increase minimum sequestration requirements.

(i) If a gas utility or an affiliate of a gas utility has an ownership interest in any entity that produces or sells synthetic natural gas, Article VII of this Act shall apply.

Section 10. The Illinois Gas Pipeline Safety Act is amended by changing Sections 2.02, 2.03, 2.04, and 3 as follows:

Sec. 2.02. "Gas" means natural gas, flammable gas or gas which is toxic or corrosive. "Gas" also means carbon dioxide in any physical form, whenever transported by pipeline for the purpose of sequestration.

New matter indicated by italics - deletions by strikeout
Sec. 2.03. "Transportation of gas" means the gathering, transmission, or distribution of gas by pipeline or its storage, within this State and not subject to the jurisdiction of the Federal Energy Regulatory Commission under the Natural Gas Act, except that it includes the transmission of gas through pipeline facilities within this State that transport gas from an interstate gas pipeline to a direct sales customer within this State purchasing gas for its own consumption. "Transportation of gas" also includes the conveyance of gas from a gas main through the primary fuel line to the outside wall of residential premises. If the gas meter is placed within 3 feet of the structure, the utility's responsibility shall end at the outlet side of the meter. "Transportation of gas" also includes the conveyance of carbon dioxide in any physical form for the purpose of sequestration.

(220 ILCS 20/2.04) (from Ch. 111 2/3, par. 552.4)

Sec. 2.04. "Pipeline facilities" includes new and existing pipe rights-of-way and any equipment, facility, or building used in the transportation of gas or the treatment of gas during the course of transportation and includes facilities within this State that transport gas from an interstate gas pipeline to a direct sales customer within this State purchasing gas for its own consumption, but "rights-of-way" as used in this Act does not authorize the Commission to prescribe, under this Act, the location or routing of any pipeline facility. "Pipeline facilities" also includes new and existing pipes and lines and any other equipment, facility, or structure, except customer-owned branch lines connected to the primary fuel lines, used to convey gas from a gas main to the outside wall of residential premises, and any person who provides gas service directly to its residential customer through these facilities shall be deemed to operate such pipeline facilities for purposes of this Act irrespective of the ownership of the facilities or the location of the facilities with respect to the meter, except that a person who provides gas service to a "master meter system", as that term is defined at 49 C.F.R. Section 191.3, shall not be deemed to operate any facilities downstream of the master meter. "Pipeline facilities" also includes new and existing pipe rights-of-way and any equipment, facility, or building used in the transportation of carbon dioxide in any physical form for the purpose of sequestration.

Sec. 3. (a) As soon as practicable, but not later than 3 months after the effective date of this Act, the Commission shall adopt rules establishing minimum safety standards for the transportation of gas and for pipeline facilities. Such rules shall be at least as inclusive, as stringent, and compatible with, the minimum safety standards adopted by the Secretary of Transportation under the Federal Act. Thereafter, the Commission shall maintain such rules so that the rules are at least as inclusive, as stringent, and compatible with, the minimum standards from time to time in effect under the Federal Act. The Commission shall also adopt rules establishing minimum safety standards for the transportation of carbon dioxide in any physical form for the purpose of sequestration and for pipeline facilities used for that function:

(b) Standards established under this Act may apply to the design, installation, inspection, testing, construction, extension, operation, replacement, and maintenance of pipeline facilities. Standards affecting the design, installation, construction, initial inspection and initial testing are not applicable to pipeline facilities in existence on the date such standards are adopted. Whenever the Commission finds a particular facility to be hazardous to life or property, it may require the person operating such facility to take the steps necessary to remove the hazard.

(c) Standards established by the Commission under this Act shall, subject to paragraphs (a) and (b) of this Section 3, be practicable and designed to meet the need for pipeline safety. In prescribing such standards, the Commission shall consider: similar standards established in other states; relevant available pipeline safety data; whether such standards are appropriate for the particular type of pipeline transportation; the reasonableness of any proposed standards; and the extent to which such standards will contribute to public safety.

Rules adopted under this Act are subject to "The Illinois Administrative Procedure Act", approved September 22, 1975, as amended.

Section 15. The Carbon Dioxide Transportation and Sequestration Act is amended by changing Section 30 as follows:

(220 ILCS 75/30)

Sec. 30. Safety. Inasmuch as the regulation of the construction, maintenance, and operation of pipelines transporting carbon dioxide, whether interstate or intrastate, falls within the statutory and regulatory jurisdiction of the Pipeline and Hazardous Material Safety Administration
of the federal Department of Transportation, each carbon dioxide pipeline owner shall construct, maintain, and operate all of its pipelines, related facilities, and equipment in this State in a manner that complies fully with all federal laws and regulations governing the construction, maintenance, and operation of pipelines transporting carbon dioxide, as from time to time amended, and which otherwise poses no undue risk to its employees or the public. This Section shall not be interpreted to act in derogation of any such federal laws or regulations. The Commission shall not issue any certificates or permits allowing the construction of a carbon dioxide pipeline until it has adopted federal safety regulations governing the construction, maintenance, and operations of carbon dioxide pipelines, related facilities, and equipment to ensure the safety of pipeline employees and the public.

the last day of the archery deer hunting season (both inclusive) set
annually by the Director.

As used in this Section, "handicapped person" means a person who
has a physical impairment due to injury or disease, congenital or
acquired, which renders them so severely disabled as to be unable to use a

with a minimum barrel length of 4 inches. The only legal ammunition for a
centerfire handgun is a cartridge of .30 caliber or larger with a capability
of at least 500 foot pounds of energy at the muzzle. Full metal jacket
bullets may not be used to harvest deer.

The Department shall make administrative rules concerning
management restrictions applicable to the firearm and bow and arrow
season.

It shall be unlawful for any person to take deer except with a bow
and arrow, or a crossbow device for handicapped persons, as defined in
Section 2.33, and persons age 62 or older during the open season for bow

The Department may establish separate harvest periods for the purpose of managing or eradicating disease that has been found in the deer herd. This season shall be restricted to gun or bow and arrow hunting only. The Department shall publicly announce, via statewide news release, the season dates and shooting hours, the counties and sites open to hunting, permit requirements, application dates, hunting rules, legal weapons, and reporting requirements.

The Department is authorized to establish a separate harvest period at specific sites within the State for the purpose of harvesting surplus deer that cannot be taken during the regular season provided for the taking of deer. This season shall be restricted to gun or bow and arrow hunting only and shall be established during the period of September 1st to February 15th, both inclusive. The Department shall publish suitable prescribed rules and regulations established by administrative rule pertaining to management restrictions applicable to this special harvest program. The Department shall allow unused gun deer permits that are left over from a regular season for the taking of deer to be rolled over and used during any separate harvest period held within 6 months of the season for which those tags were issued at no additional cost to the permit holder subject to the management restrictions applicable to the special harvest program.

In this Section, "bona fide equity partner" means an individual who (1) (i) became a partner, either general or limited, upon the formation of a partnership or limited partnership, or (ii) has purchased, acquired, or been gifted a partnership interest accurately representing his or her percentage distributional interest in the profits, losses, and assets of a partnership or limited partnership, (2) intends to retain ownership of the partnership interest for at least 5 years, and (3) is a resident of Illinois.

Any person attempting to take deer shall first obtain a "Deer Hunting Permit" issued by the Department in accordance with its administrative rules. Those rules must provide for the issuance of the following types of resident deer archery permits: (i) a combination permit, consisting of one either-sex permit and one antlerless-only permit, (ii) a single antlerless-only permit, and (iii) a single either-sex permit. The fee for a Deer Hunting Permit to take deer with either bow and arrow or gun shall not exceed $25.00 for residents of the State. The Department may by administrative rule provide for non-resident deer hunting permits for which the fee will not exceed $300 in 2005, $350 in 2006, and $400 in 2007 and thereafter except as provided below for non-resident landowners and non-resident archery hunters. The Department may by administrative rule provide for a non-resident archery deer permit consisting of not more than 2 harvest tags at a total cost not to exceed $325 in 2005, $375 in 2006, and $425 in 2007 and thereafter. without charge to bona fide equity shareholders of any corporation or bona fide equity members of a limited liability company in any county shall not exceed 15, and shall not exceed 3 in the case of bona fide equity partners of a partnership.

Bona fide landowners or tenants who do not wish to hunt only on the land they own, rent, or lease or bona fide equity shareholders, bona fide equity members, or bona fide equity partners who do not wish to hunt only on the land owned by the corporation, limited liability company, or partnership shall be charged the same fee as the applicant who is not a landowner, tenant, bona fide equity shareholder, bona fide equity member, or bona fide equity partner. Nonresidents of Illinois who own at least 40 acres of land and wish to hunt on their land only shall be charged a fee set by administrative rule. The method for obtaining these permits shall be prescribed by administrative rule.

The deer hunting permit issued without fee shall be valid on all farm lands which the person to whom it is issued owns, leases or rents, except that in the case of a permit issued to a bona fide equity shareholder, bona fide equity member, or bona fide equity partner, the permit shall be valid on all lands owned by the corporation, limited liability company, or partnership in the county.

The standards and specifications for use of guns and bow and arrow for deer hunting shall be established by administrative rule.

No person may have in his possession any firearm not authorized by administrative rule for a specific hunting season when taking deer.

Persons having a firearm deer hunting permit shall be permitted to take deer only during the period from 1/2 hour before sunrise to 1/2 hour after sunset, and only during those days for which an open season is established for the taking of deer by use of shotgun, handgun, or muzzle loading rifle.

It shall be unlawful for any person to take deer by use of dogs, horses, automobiles, aircraft or other vehicles, or by the use or aid of bait or baiting of any kind. For the purposes of this Section, "bait" means any material, whether liquid or solid, including food, salt, minerals, and other products that can be ingested, placed, or scattered in such a manner as to attract or lure white-tailed deer. "Baiting" means the placement or
scattering of bait to attract deer. An area is considered as baited during the presence of and for 10 consecutive days following the removal of bait. Nothing in this Section shall prohibit the use of a dog to track wounded deer. Any person using a dog for tracking wounded deer must maintain physical control of the dog at all times by means of a maximum 50 foot lead attached to the dog's collar or harness. Tracking wounded deer is permissible at night, but at no time outside of legal deer hunting hours or seasons shall any person handling or accompanying a dog being used for tracking wounded deer be in possession of any firearm or archery device. Persons tracking wounded deer with a dog during the firearm deer seasons shall wear blaze orange as required. Dog handlers tracking wounded deer with a dog are exempt from hunting license and deer permit requirements so long as they are accompanied by the licensed deer hunter who wounded the deer.

It shall be unlawful to possess or transport any wild deer which has been injured or killed in any manner upon a public highway or public right-of-way of this State unless exempted by administrative rule.

Any person who violates any of the provisions of this Section, including administrative rules, shall be guilty of a Class B misdemeanor.

For the purposes of calculating acreage under this Section, the Department shall, after determining the total acreage of the applicable tract or tracts of land, round remaining fractional portions of an acre greater than or equal to half of an acre up to the next whole acre.
For the purposes of taking white-tailed deer, nothing in this Section shall be construed to prevent the manipulation, including mowing or cutting, of standing crops as a normal agricultural or soil stabilization practice, food plots, or normal agricultural practices, including planting, harvesting, and maintenance such as cultivating or the use of products designed for scent only and not capable of ingestion, solid or liquid, placed or scattered, in such a manner as to attract or lure deer. Such manipulation for the purpose of taking white-tailed deer may be further modified by administrative rule.

PUBLIC ACT 97-0910
(House Bill No. 5013)

AN ACT concerning education.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The School Code is amended by changing Section 27-8.1 as follows:

(105 ILCS 5/27-8.1) (from Ch. 122, par. 27-8.1)
Sec. 27-8.1. Health examinations and immunizations.
(1) In compliance with rules and regulations which the Department of Public Health shall promulgate, and except as hereinafter provided, all children in Illinois shall have a health examination as follows: within one year prior to entering kindergarten or the first grade of any public, private, or parochial elementary school; upon entering the sixth and ninth grades of any public, private, or parochial school; prior to entrance into any public, private, or parochial nursery school; and, irrespective of grade, immediately prior to or upon entrance into any public, private, or parochial school or nursery school, each child shall present proof of having been examined in accordance with this Section and the rules and regulations promulgated hereunder. Any child who received a health examination within one year prior to entering the fifth grade for the 2007-2008 school year is not required to receive an additional health examination in order to comply with the provisions of Public Act 95-422 when he or she attends school for the 2008-2009 school year, unless the child is attending school for the first time as provided in this paragraph.

A tuberculosis skin test screening shall be included as a required part of each health examination included under this Section if the child resides in an area designated by the Department of Public Health as having a high incidence of tuberculosis. Additional health examinations of pupils, including eye examinations, may be required when deemed necessary by school authorities. Parents are encouraged to have their children undergo
eye examinations at the same points in time required for health examinations.

(1.5) In compliance with rules adopted by the Department of Public Health and except as otherwise provided in this Section, all children in kindergarten and the second and sixth grades of any public, private, or parochial school shall have a dental examination. Each of these children shall present proof of having been examined by a dentist in accordance with this Section and rules adopted under this Section before May 15th of the school year. If a child in the second or sixth grade fails to present proof by May 15th, the school may hold the child's report card until one of the following occurs: (i) the child presents proof of a completed dental examination or (ii) the child presents proof that a dental examination will take place within 60 days after May 15th. The Department of Public Health shall establish, by rule, a waiver for children who show an undue burden or a lack of access to a dentist. Each public, private, and parochial school must give notice of this dental examination requirement to the parents and guardians of students at least 60 days before May 15th of each school year.

(1.10) Except as otherwise provided in this Section, all children enrolling in kindergarten in a public, private, or parochial school on or after the effective date of this amendatory Act of the 95th General Assembly and any student enrolling for the first time in a public, private, or parochial school on or after the effective date of this amendatory Act of the 95th General Assembly shall have an eye examination. Each of these children shall present proof of having been examined by a physician licensed to practice medicine in all of its branches or a licensed optometrist within the previous year, in accordance with this Section and rules adopted under this Section, before October 15th of the school year. If the child fails to present proof by October 15th, the school may hold the child's report card until one of the following occurs: (i) the child presents proof of a completed eye examination or (ii) the child presents proof that an eye examination will take place within 60 days after October 15th. The Department of Public Health shall establish, by rule, a waiver for children who show an undue burden or a lack of access to a physician licensed to practice medicine in all of its branches who provides eye examinations or to a licensed optometrist. Each public, private, and parochial school must give notice of this eye examination requirement to the parents and guardians of students in compliance with rules of the Department of Public Health. Nothing in this Section shall be construed to allow a school to
exclude a child from attending because of a parent's or guardian's failure to obtain an eye examination for the child.

(2) The Department of Public Health shall promulgate rules and regulations specifying the examinations and procedures that constitute a health examination, which shall include the collection of data relating to obesity (including at a minimum, date of birth, gender, height, weight, blood pressure, and date of exam), and a dental examination and may recommend by rule that certain additional examinations be performed. The rules and regulations of the Department of Public Health shall specify that a tuberculosis skin test screening shall be included as a required part of each health examination included under this Section if the child resides in an area designated by the Department of Public Health as having a high incidence of tuberculosis. The Department of Public Health shall specify that a diabetes screening as defined by rule shall be included as a required part of each health examination. Diabetes testing is not required.

Physicians licensed to practice medicine in all of its branches, advanced practice nurses who have a written collaborative agreement with a collaborating physician which authorizes them to perform health examinations, or physician assistants who have been delegated the performance of health examinations by their supervising physician shall be responsible for the performance of the health examinations, other than dental examinations, eye examinations, and vision and hearing screening, and shall sign all report forms required by subsection (4) of this Section that pertain to those portions of the health examination for which the physician, advanced practice nurse, or physician assistant is responsible. If a registered nurse performs any part of a health examination, then a physician licensed to practice medicine in all of its branches must review and sign all required report forms. Licensed dentists shall perform all dental examinations and shall sign all report forms required by subsection (4) of this Section that pertain to the dental examinations. Physicians licensed to practice medicine in all its branches or licensed optometrists shall perform all eye examinations required by this Section and shall sign all report forms required by subsection (4) of this Section that pertain to the eye examination. For purposes of this Section, an eye examination shall at a minimum include history, visual acuity, subjective refraction to best visual acuity near and far, internal and external examination, and a glaucoma evaluation, as well as any other tests or observations that in the professional judgment of the doctor are necessary. Vision and hearing screening tests, which shall not be considered examinations as that term is
used in this Section, shall be conducted in accordance with rules and regulations of the Department of Public Health, and by individuals whom the Department of Public Health has certified. In these rules and regulations, the Department of Public Health shall require that individuals conducting vision screening tests give a child's parent or guardian written notification, before the vision screening is conducted, that states, "Vision screening is not a substitute for a complete eye and vision evaluation by an eye doctor. Your child is not required to undergo this vision screening if an optometrist or ophthalmologist has completed and signed a report form indicating that an examination has been administered within the previous 12 months."

(3) Every child shall, at or about the same time as he or she receives a health examination required by subsection (1) of this Section, present to the local school proof of having received such immunizations against preventable communicable diseases as the Department of Public Health shall require by rules and regulations promulgated pursuant to this Section and the Communicable Disease Prevention Act.

(4) The individuals conducting the health examination, dental examination, or eye examination shall record the fact of having conducted the examination, and such additional information as required, including for a health examination data relating to obesity (including at a minimum, date of birth, gender, height, weight, blood pressure, and date of exam), on uniform forms which the Department of Public Health and the State Board of Education shall prescribe for statewide use. The examiner shall summarize on the report form any condition that he or she suspects indicates a need for special services, including for a health examination factors relating to obesity. The individuals confirming the administration of required immunizations shall record as indicated on the form that the immunizations were administered.

(5) If a child does not submit proof of having had either the health examination or the immunization as required, then the child shall be examined or receive the immunization, as the case may be, and present proof by October 15 of the current school year, or by an earlier date of the current school year established by a school district. To establish a date before October 15 of the current school year for the health examination or immunization as required, a school district must give notice of the requirements of this Section 60 days prior to the earlier established date. If for medical reasons one or more of the required immunizations must be given after October 15 of the current school year, or after an earlier...
established date of the current school year, then the child shall present, by October 15, or by the earlier established date, a schedule for the administration of the immunizations and a statement of the medical reasons causing the delay, both the schedule and the statement being issued by the physician, advanced practice nurse, physician assistant, registered nurse, or local health department that will be responsible for administration of the remaining required immunizations. If a child does not comply by October 15, or by the earlier established date of the current school year, with the requirements of this subsection, then the local school authority shall exclude that child from school until such time as the child presents proof of having had the health examination as required and presents proof of having received those required immunizations which are medically possible to receive immediately. During a child's exclusion from school for noncompliance with this subsection, the child's parents or legal guardian shall be considered in violation of Section 26-1 and subject to any penalty imposed by Section 26-10. This subsection (5) does not apply to dental examinations and eye examinations. Until June 30, 2015, if the student is an out-of-state transfer student and does not have the proof required under this subsection (5) before October 15 of the current year or whatever date is set by the school district, then he or she may only attend classes (i) if he or she has proof that an appointment for the required vaccinations has been scheduled with a party authorized to submit proof of the required vaccinations. If the proof of vaccination required under this subsection (5) is not submitted within 30 days after the student is permitted to attend classes, then the student is not to be permitted to attend classes until proof of the vaccinations has been properly submitted. No school district or employee of a school district shall be held liable for any injury or illness to another person that results from admitting an out-of-state transfer student to class that has an appointment scheduled pursuant to this subsection (5).

(6) Every school shall report to the State Board of Education by November 15, in the manner which that agency shall require, the number of children who have received the necessary immunizations and the health examination (other than a dental examination or eye examination) as required, indicating, of those who have not received the immunizations and examination as required, the number of children who are exempt from health examination and immunization requirements on religious or medical grounds as provided in subsection (8). Section 5. The Illinois Pension Code is amended by changing Section 17-149 as follows:

(a) If any person receiving a disability retirement pension from the Fund is re-employed as a teacher by an Employer, the pension shall be cancelled on the date the re-employment begins, or on the first day of a payroll period for which service credit was validated, whichever is earlier.

(b) If any person receiving a service retirement pension from the Fund is re-employed as a teacher on a permanent or annual basis by an Employer, the pension shall be cancelled on the date the re-employment begins, or on the first day of a payroll period for which service credit was validated, whichever is earlier. However, subject to the limitations and requirements of subsection (c-5), the pension shall not be cancelled in the case of a service retirement pensioner who is re-employed on a temporary and non-annual basis or on an hourly basis.

(c) If the date of re-employment on a permanent or annual basis occurs within 5 school months after the date of previous retirement, exclusive of any vacation period, the member shall be deemed to have been out of service only temporarily and not permanently retired. Such person shall be entitled to pension payments for the time he could have been employed as a teacher and received salary, but shall not be entitled to pension for or during the summer vacation prior to his return to service.

When the member again retires on pension, the time of service and the money contributed by him during re-employment shall be added to the
time and money previously credited. Such person must acquire 3 consecutive years of additional contributing service before he may retire again on a pension at a rate and under conditions other than those in force or attained at the time of his previous retirement.

(c-5) The service retirement pension shall not be cancelled in the case of a service retirement pensioner who is re-employed as a teacher on a temporary and non-annual basis or on an hourly basis, so long as the person (1) does not work as a teacher for compensation on more than 100 days in a school year and (2) does not accept gross compensation for the re-employment in a school year in excess of (i) $30,000 or (ii) in the case of a person who retires with at least 5 years of service as a principal, an amount that is equal to the daily rate normally paid to retired principals multiplied by 100. These limitations apply only to school years that begin on or after the effective date of this amendatory Act of the 97th General Assembly. Such re-employment does not require contributions, result in service credit, or constitute active membership in the Fund.

To be eligible for such re-employment without cancellation of pension, the pensioner must notify the Fund and the Board of Education of his or her intention to accept re-employment under this subsection (c-5) before beginning that re-employment (or if the re-employment began before the effective date of this amendatory Act, then within 30 days after that effective date).

The Board of Education must certify to the Fund the temporary and non-annual or hourly status and the compensation of each pensioner re-employed under this subsection at least quarterly, and when the pensioner is approaching the earnings limitation under this subsection.

If the pensioner works more than 100 days or accepts excess gross compensation for such re-employment in any school year that begins on or after the effective date of this amendatory Act of the 97th General Assembly, the service retirement pension shall thereupon be cancelled.

The Board of the Fund shall adopt rules for the implementation and administration of this subsection.

(d) Notwithstanding Sections 1-103.1 and 17-157, the changes to this Section made by Public Act 90-32 apply without regard to whether termination of service occurred before the effective date of that Act and apply retroactively to August 23, 1989.

1. discuss the impact that our constantly changing, highly technological and globalist society is having on Illinois' public education system;
2. analyze international, national, State, county, district, and local students' performance data and the achievement gaps that persistently exist between groups;

Section 20. The Illinois Geographic Information Council Act is amended by repealing Section 5-15.

Section 27. The Park and Recreational Facility Construction Act is repealed.

Section 30. The Counties Code is amended by changing Section 5-1062 as follows:

(a) The purpose of this Section is to allow management and mitigation of the effects of urbanization on stormwater drainage in metropolitan counties located in the area served by the Northeastern Illinois Planning Commission, and references to "county" in this Section shall apply only to those counties. This Section shall not apply to any county with a population in excess of 1,500,000, except as provided in subsection (c). The purpose of this Section shall be achieved by:

(1) consolidating the existing stormwater management framework into a united, countywide structure;

(2) setting minimum standards for floodplain and stormwater management; and

New matter indicated by italics - deletions by strikeout
(3) preparing a countywide plan for the management of stormwater runoff, including the management of natural and man-made drainageways. The countywide plan may incorporate watershed plans.

(b) A stormwater management planning committee shall be established by county board resolution, with its membership consisting of equal numbers of county board and municipal representatives from each county board district, and such other members as may be determined by the county and municipal members. However, if the county has more than 6 county board districts, the county board may by ordinance divide the county into not less than 6 areas of approximately equal population, to be used instead of county board districts for the purpose of determining representation on the stormwater management planning committee.

The county board members shall be appointed by the chairman of the county board. Municipal members from each county board district or other represented area shall be appointed by a majority vote of the mayors of those municipalities which have the greatest percentage of their respective populations residing in such county board district or other represented area. All municipal and county board representatives shall be entitled to a vote; the other members shall be nonvoting members, unless authorized to vote by the unanimous consent of the municipal and county board representatives. A municipality that is located in more than one county may choose, at the time of formation of the stormwater management planning committee and based on watershed boundaries, to participate in the stormwater management planning program of either or both of the counties. Subcommittees of the stormwater management planning committee may be established to serve a portion of the county or a particular drainage basin that has similar stormwater management needs. The stormwater management planning committee shall adopt by-laws, by a majority vote of the county and municipal members, to govern the functions of the committee and its subcommittees. Officers of the committee shall include a chair and vice chair, one of whom shall be a county representative and one a municipal representative.

The principal duties of the committee shall be to develop a stormwater management plan for presentation to and approval by the county board, and to direct the plan's implementation and revision. The committee may retain engineering, legal and financial advisors and inspection personnel. The committee shall meet at least quarterly and shall
hold at least one public meeting during the preparation of the plan and prior to its submittal to the county board.

(c) In the preparation of a stormwater management plan, a county stormwater management planning committee shall coordinate the planning process with each adjoining county to ensure that recommended stormwater projects will have no significant impact on the levels or flows of stormwaters in inter-county watersheds or on the capacity of existing and planned stormwater retention facilities. An adopted stormwater management plan shall identify steps taken by the county to coordinate the development of plan recommendations with adjoining counties.

(d) (Blank). Before the stormwater management planning committee recommends to the county board a stormwater management plan for the county or a portion thereof, it shall submit the plan to the Office of Water Resources of the Department of Natural Resources and to the Northeastern Illinois Planning Commission for review and recommendations. The Office and the Commission, in reviewing the plan, shall consider such factors as impacts on the levels or flows in rivers and streams and the cumulative effects of stormwater discharges on flood levels. The Office of Water Resources shall determine whether the plan or ordinances enacted to implement the plan complies with the requirements of subsection (f). Within a period not to exceed 60 days, the review comments and recommendations shall be submitted to the stormwater management planning committee for consideration. Any amendments to the plan shall be submitted to the Office and the Commission for review.

(e) Prior to recommending the plan to the county board, the stormwater management planning committee shall hold at least one public hearing thereon and shall afford interested persons an opportunity to be heard. The hearing shall be held in the county seat. Notice of the hearing shall be published at least once no less than 15 days in advance thereof in a newspaper of general circulation published in the county. The notice shall state the time and place of the hearing and the place where copies of the proposed plan will be accessible for examination by interested parties. If an affected municipality having a stormwater management plan adopted by ordinance wishes to protest the proposed county plan provisions, it shall appear at the hearing and submit in writing specific proposals to the stormwater management planning committee. After consideration of the matters raised at the hearing, the committee may amend or approve the plan and recommend it to the county board for adoption.

New matter indicated by italics - deletions by strikeout
The county board may enact the proposed plan by ordinance. If the proposals for modification of the plan made by an affected municipality having a stormwater management plan are not included in the proposed county plan, and the municipality affected by the plan opposes adoption of the county plan by resolution of its corporate authorities, approval of the county plan shall require an affirmative vote of at least two-thirds of the county board members present and voting. If the county board wishes to amend the county plan, it shall submit in writing specific proposals to the stormwater management planning committee. If the proposals are not approved by the committee, or are opposed by resolution of the corporate authorities of an affected municipality having a municipal stormwater management plan, amendment of the plan shall require an affirmative vote of at least two-thirds of the county board members present and voting.

(f) The county board may prescribe by ordinance reasonable rules and regulations for floodplain management and for governing the location, width, course and release rate of all stormwater runoff channels, streams and basins in the county, in accordance with the adopted stormwater management plan. These rules and regulations shall, at a minimum, meet the standards for floodplain management established by the Office of Water Resources and the requirements of the Federal Emergency Management Agency for participation in the National Flood Insurance Program.

(g) In accordance with, and if recommended in, the adopted stormwater management plan, the county board may adopt a schedule of fees as may be necessary to mitigate the effects of increased stormwater runoff resulting from new development. The fees shall not exceed the cost of satisfying the onsite stormwater retention or detention requirements of the adopted stormwater management plan. The fees shall be used to finance activities undertaken by the county or its included municipalities to mitigate the effects of urban stormwater runoff by providing regional stormwater retention or detention facilities, as identified in the county plan. All such fees collected by the county shall be held in a separate fund, and shall be expended only in the watershed within which they were collected.

(h) For the purpose of implementing this Section and for the development, design, planning, construction, operation and maintenance of stormwater facilities provided for in the stormwater management plan, a county board that has established a stormwater management planning committee pursuant to this Section may cause an annual tax of not to
exceed 0.20% of the value, as equalized or assessed by the Department of Revenue, of all taxable property in the county to be levied upon all the taxable property in the county. The tax shall be in addition to all other taxes authorized by law to be levied and collected in the county and shall be in addition to the maximum tax rate authorized by law for general county purposes. The 0.20% limitation provided in this Section may be increased or decreased by referendum in accordance with the provisions of Sections 18-120, 18-125, and 18-130 of the Property Tax Code.

Any revenues generated as a result of ownership or operation of facilities or land acquired with the tax funds collected pursuant to this subsection (h) shall be held in a separate fund and be used either to abate such property tax or for implementing this Section.

However, unless at least part of the county has been declared after July 1, 1986 by presidential proclamation to be a disaster area as a result of flooding, the tax authorized by this subsection (h) shall not be levied until the question of its adoption, either for a specified period or indefinitely, has been submitted to the electors thereof and approved by a majority of those voting on the question. This question may be submitted at any election held in the county after the adoption of a resolution by the county board providing for the submission of the question to the electors of the county. The county board shall certify the resolution and proposition to the proper election officials, who shall submit the proposition at an election in accordance with the general election law. If a majority of the votes cast on the question is in favor of the levy of the tax, it may thereafter be levied in the county for the specified period or indefinitely, as provided in the proposition. The question shall be put in substantially the following form:

-------------------------------------------------------------
Shall an annual tax be levied
for stormwater management purposes YES
(for a period of not more than
...... years) at a rate not exceeding
.....% of the equalized assessed
value of the taxable property of
......... County? NO
-------------------------------------------------------------

(i) Upon the creation and implementation of a county stormwater management plan, the county may petition the circuit court to dissolve any or all drainage districts created pursuant to the Illinois Drainage Code or
predecessor Acts which are located entirely within the area of the county covered by the plan.

However, any active drainage district implementing a plan that is consistent with and at least as stringent as the county stormwater management plan may petition the stormwater management planning committee for exception from dissolution. Upon filing of the petition, the committee shall set a date for hearing not less than 2 weeks, nor more than 4 weeks, from the filing thereof, and the committee shall give at least one week's notice of the hearing in one or more newspapers of general circulation within the district, and in addition shall cause a copy of the notice to be personally served upon each of the trustees of the district. At the hearing, the committee shall hear the district's petition and allow the district trustees and any interested parties an opportunity to present oral and written evidence. The committee shall render its decision upon the petition for exception from dissolution based upon the best interests of the residents of the district. In the event that the exception is not allowed, the district may file a petition within 30 days of the decision with the circuit court. In that case, the notice and hearing requirements for the court shall be the same as herein provided for the committee. The court shall likewise render its decision of whether to dissolve the district based upon the best interests of residents of the district.

The dissolution of any drainage district shall not affect the obligation of any bonds issued or contracts entered into by the district nor invalidate the levy, extension or collection of any taxes or special assessments upon the property in the former drainage district. All property and obligations of the former drainage district shall be assumed and managed by the county, and the debts of the former drainage district shall be discharged as soon as practicable.

If a drainage district lies only partly within a county that adopts a county stormwater management plan, the county may petition the circuit court to disconnect from the drainage district that portion of the district that lies within that county. The property of the drainage district within the disconnected area shall be assumed and managed by the county. The county shall also assume a portion of the drainage district's debt at the time of disconnection, based on the portion of the value of the taxable property of the drainage district which is located within the area being disconnected.

New matter indicated by italics - deletions by strikeout
The operations of any drainage district that continues to exist in a county that has adopted a stormwater management plan in accordance with this Section shall be in accordance with the adopted plan.

(j) Any county that has adopted a county stormwater management plan under this Section may, after 10 days written notice to the owner or occupant, enter upon any lands or waters within the county for the purpose of inspecting stormwater facilities or causing the removal of any obstruction to an affected watercourse. The county shall be responsible for any damages occasioned thereby.

(k) Upon petition of the municipality, and based on a finding of the stormwater management planning committee, the county shall not enforce rules and regulations adopted by the county in any municipality located wholly or partly within the county that has a municipal stormwater management ordinance that is consistent with and at least as stringent as the county plan and ordinance, and is being enforced by the municipal authorities.

(l) A county may issue general obligation bonds for implementing any stormwater plan adopted under this Section in the manner prescribed in Section 5-1012; except that the referendum requirement of Section 5-1012 shall not apply to bonds issued pursuant to this Section on which the principal and interest are to be paid entirely out of funds generated by the taxes and fees authorized by this Section.

(m) The powers authorized by this Section may be implemented by the county board for a portion of the county subject to similar stormwater management needs.

(n) The powers and taxes authorized by this Section are in addition to the powers and taxes authorized by Division 5-15; in exercising its powers under this Section, a county shall not be subject to the restrictions and requirements of that Division.

(o) Pursuant to paragraphs (g) and (i) of Section 6 of Article VII of the Illinois Constitution, this Section specifically denies and limits the exercise of any power which is inconsistent herewith by home rule units in any county with a population of less than 1,500,000 in the area served by the Northeastern Illinois Planning Commission. This Section does not prohibit the concurrent exercise of powers consistent herewith.

Sec. 23a. The Department is authorized to carry out inspections of any dam within the State, and to establish standards and issue permits for the safe construction of new dams and the reconstruction, repair, operation and maintenance of all existing dams. If any inspection carried out by the Department or by a federal agency in which the Department concurs determines that a dam is in an unsafe condition, the Department shall so notify the appropriate public officials of the affected city or county, the State's Attorney of the county in which the dam is located, and the Illinois Emergency Management Agency.

The Department shall be required, prior to taking any action to compel alteration or breaching of any dam, to furnish in writing to the owner of the dam (1) a detailed and specific list of defects discovered in the course of inspection of the dam, including the specific nature of any inadequacies in the capacity of the spillway system and any indications of seepage, erosion, or other evidence of structural deficiency in the dam or spillway; and (2) a statement of the applicable standards that if complied with by the owner of the dam would put the dam into compliance with the State's requirements.

(a-5) The Secretary of State shall designate on the prescribed application form a space where the owner of a vehicle may designate a beneficiary, to whom ownership of the vehicle shall pass in the event of the owner's death.

(b) If the application refers to a vehicle purchased from a dealer, it must also be signed by the dealer as well as the owner, and the dealer must promptly mail or deliver the application and required documents to the Secretary of State.

If the proof of payment of the tax or of nonliability therefor is, after the issuance of the certificate of title and display certificate of title, found to be invalid, the Secretary of State shall revoke the certificate and require that the certificate of title and, when applicable, the display certificate of title be returned to him.

(g) If the application refers to a vehicle not manufactured in accordance with federal safety and emission standards, the application must be accompanied by all documents required by federal governmental agencies to meet their standards before a vehicle is allowed to be issued title and registration.

All fees collected by the Secretary of State for expedited services shall be deposited into the Motor Vehicle License Plate Fund. In the event the Vehicle Services Department determines that the volume of expedited title requests received on a given day exceeds the ability of the Vehicle Services Department to process those requests in an expedited manner, the Vehicle Services Department may decline to provide expedited services, and the additional fee for the expedited service shall be refunded to the applicant.

Sec. 3-609. Disabled Veterans' Plates.

(a) Any veteran who holds proof of a service-connected disability from the United States Department of Veterans Affairs, and who has obtained certification from a licensed physician, physician assistant, or advanced practice nurse that the service-connected disability qualifies the veteran for issuance of registration plates or decals to a person with disabilities in accordance with Section 3-616, may, without the payment of any registration fee, make application to the Secretary of State for disabled veterans license plates displaying the international symbol of access, for the registration of one motor vehicle of the first division or one motor vehicle of the second division weighing not more than 8,000 pounds.

(b) Any veteran who holds proof of a service-connected disability from the United States Department of Veterans Affairs, and whose degree of disability has been declared to be 50% or more, but whose disability

Registration shall be for a multi-year period and may be issued staggered registration.

(c) Renewal of such registration must be accompanied with documentation for eligibility of registration without fee unless the applicant has a permanent qualifying disability, and such registration plates may not be issued to any person not eligible therefor. The Illinois Department of Veterans' Affairs may assist in providing the documentation of disability.

(d) The design and color of the plates shall be within the discretion of the Secretary, except that the plates issued under subsection (b) of this Section shall not contain the international symbol of access. PUBLIC ACT 97-0919
(House Bill No. 4636)

AN ACT concerning criminal law.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Criminal Code of 1961 is amended by changing Section 12-3.4 as follows:

(720 ILCS 5/12-3.4) (was 720 ILCS 5/12-30)
Sec. 12-3.4. Violation of an order of protection.
(a) A person commits violation of an order of protection if:
(1) He or she knowingly commits an act which was prohibited by a court or fails to commit an act which was ordered by a court in violation of:
(i) a remedy in a valid order of protection authorized under paragraphs (1), (2), (3), (14), or (14.5) of subsection (b) of Section 214 of the Illinois Domestic Violence Act of 1986,
(ii) a remedy, which is substantially similar to the remedies authorized under paragraphs (1), (2), (3), (14) or (14.5) of subsection (b) of Section 214 of the Illinois Domestic Violence Act of 1986, in a valid order of protection, which is authorized under the laws of another state, tribe or United States territory,

(iii) any other remedy when the act constitutes a crime against the protected parties as the term protected parties is defined in Section 112A-4 of the Code of Criminal Procedure of 1963; and

(2) Such violation occurs after the offender has been served notice of the contents of the order, pursuant to the Illinois Domestic Violence Act of 1986 or any substantially similar statute of another state, tribe or United States territory, or otherwise has acquired actual knowledge of the contents of the order.

An order of protection issued by a state, tribal or territorial court related to domestic or family violence shall be deemed valid if the issuing court had jurisdiction over the parties and matter under the law of the state, tribe or territory. There shall be a presumption of validity where an order is certified and appears authentic on its face. For purposes of this Section, an "order of protection" may have been issued in a criminal or civil proceeding.

(a-5) Failure to provide reasonable notice and opportunity to be heard shall be an affirmative defense to any charge or process filed seeking enforcement of a foreign order of protection.

(b) Nothing in this Section shall be construed to diminish the inherent authority of the courts to enforce their lawful orders through civil or criminal contempt proceedings.

(c) The limitations placed on law enforcement liability by Section 305 of the Illinois Domestic Violence Act of 1986 apply to actions taken under this Section.

(d) Violation of an order of protection is a Class A misdemeanor. Violation of an order of protection is a Class 4 felony if the defendant has any prior conviction under this Code for domestic battery (Section 12-3.2) or violation of an order of protection (Section 12-3.4 or 12-30) or any prior conviction under the law of another jurisdiction for an offense that could be charged in this State as a domestic battery or violation of an order of protection. Violation of an order of protection is a Class 4 felony if the defendant has any prior conviction under this Code for first degree
murder (Section 9-1), attempt to commit first degree murder (Section 8-4), aggravated domestic battery (Section 12-3.3), aggravated battery (Section 12-3.05 or 12-4), heinous battery (Section 12-4.1), aggravated battery with a firearm (Section 12-4.2), aggravated battery with a machine gun or a firearm equipped with a silencer (Section 12-4.2-5), aggravated battery of a child (Section 12-4.3), aggravated battery of an unborn child (subsection (a-5) of Section 12-3.1, or Section 12-4.4), aggravated battery of a senior citizen (Section 12-4.6), stalking (Section 12-7.3), aggravated stalking (Section 12-7.4), criminal sexual assault (Section 11-1.20 or 12-13), aggravated criminal sexual assault (Section 11-1.30 or 12-14), kidnapping (Section 10-1), aggravated kidnapping (Section 10-2), predatory criminal sexual assault of a child (Section 11-1.40 or 12-14.1), aggravated criminal sexual abuse (Section 11-1.60 or 12-16), unlawful restraint (Section 10-3), aggravated unlawful restraint (Section 10-3.1), aggravated arson (Section 20-1.1), aggravated discharge of a firearm (Section 24-1.2), or a violation of any former law of this State that is substantially similar to any listed offense, or any prior conviction under the law of another jurisdiction for an offense that could be charged in this State as one of the offenses listed in this Section, when any of these offenses have been committed against a family or household member as defined in Section 112A-3 of the Code of Criminal Procedure of 1963. The court shall impose a minimum penalty of 24 hours imprisonment for defendant's second or subsequent violation of any order of protection; unless the court explicitly finds that an increased penalty or such period of imprisonment would be manifestly unjust. In addition to any other penalties, the court may order the defendant to pay a fine as authorized under Section 5-9-1 of the Unified Code of Corrections or to make restitution to the victim under Section 5-5-6 of the Unified Code of Corrections. In addition to any other penalties, including those imposed by Section 5-9-1.5 of the Unified Code of Corrections, the court shall impose an additional fine of $20 as authorized by Section 5-9-1.11 of the Unified Code of Corrections upon any person convicted of or placed on supervision for a violation of this Section. The additional fine shall be imposed for each violation of this Section.

(e) (Blank).

(f) A defendant who directed the actions of a third party to violate this Section, under the principles of accountability set forth in Article 5 of this Code, is guilty of violating this Section as if the same had been personally done by the defendant, without regard to the mental state of the third party acting at the direction of the defendant.

PUBLIC ACT 97-0920
(House Bill No. 4662)

AN ACT concerning civil law.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Trust and Trustees Act is amended by adding Section 16.4 as follows:

(760 ILCS 5/16.4 new)
Sec. 16.4. Distribution of trust principal in further trust.
(a) Definitions. In this Section:
"Absolute discretion" means the right to distribute principal that is not limited or modified in any manner to or for the benefit of one or more beneficiaries of the trust, whether or not the term "absolute" is used. A power to distribute principal that includes purposes such as best interests, welfare, or happiness shall constitute absolute discretion.
"Authorized trustee" means an entity or individual, other than the settlor, who has authority under the terms of the first trust to distribute the principal of the trust for the benefit of one or more current beneficiaries.
"Code" means the United States Internal Revenue Code of 1986, as amended from time to time, including corresponding provisions of subsequent internal revenue laws and corresponding provisions of State law.
"Current beneficiary" means a person who is currently receiving or eligible to receive a distribution of principal or income from the trustee on the date of the exercise of the power.
"Distribute" means the power to pay directly to the beneficiary of a trust or make application for the benefit of the beneficiary.

New matter indicated by italics - deletions by strikeout
"First trust" means an existing irrevocable inter vivos or testamentary trust part or all of the principal of which is distributed in further trust under subsection (c) or (d).

"Presumptive remainder beneficiary" means a beneficiary of a trust, as of the date of determination and assuming non-exercise of all powers of appointment, who either (i) would be eligible to receive a distribution of income or principal if the trust terminated on that date, or (ii) would be eligible to receive a distribution of income or principal if the interests of all beneficiaries currently eligible to receive income or principal from the trust ended on that date without causing the trust to terminate.

"Principal" includes the income of the trust at the time of the exercise of the power that is not currently required to be distributed, including accrued and accumulated income.

"Second trust" means any irrevocable trust to which principal is distributed in accordance with subsection (c) or (d).

"Successor beneficiary" means any beneficiary other than the current and presumptive remainder beneficiaries, but does not include a potential appointee of a power of appointment held by a beneficiary.

(b) Purpose. An independent trustee who has discretion to make distributions to the beneficiaries shall exercise that discretion in the trustee's fiduciary capacity, whether the trustee's discretion is absolute or limited to ascertainable standards, in furtherance of the purposes of the trust.

(c) Distribution to second trust if absolute discretion. An authorized trustee who has the absolute discretion to distribute the principal of a trust may distribute part or all of the principal of the trust in favor of a trustee of a second trust for the benefit of one, more than one, or all of the current beneficiaries of the first trust and for the benefit of one, more than one, or all of the successor and remainder beneficiaries of the first trust.

(1) If the authorized trustee exercises the power under this subsection, the authorized trustee may grant a power of appointment (including a presently exercisable power of appointment) in the second trust to one or more of the current beneficiaries of the first trust, provided that the beneficiary granted a power to appoint could receive the principal outright under the terms of the first trust.

New matter indicated by italics - deletions by strikeout
(2) If the authorized trustee grants a power of appointment, the class of permissible appointees in favor of whom a beneficiary may exercise the power of appointment granted in the second trust may be broader than or otherwise different from the current, successor, and presumptive remainder beneficiaries of the first trust.

(3) If the beneficiary or beneficiaries of the first trust are described as a class of persons, the beneficiary or beneficiaries of the second trust may include one or more persons of such class who become includible in the class after the distribution to the second trust.

(d) Distribution to second trust if no absolute discretion. An authorized trustee who has the power to distribute the principal of a trust but does not have the absolute discretion to distribute the principal of the trust may distribute part or all of the principal of the first trust in favor of a trustee of a second trust, provided that the current beneficiaries of the second trust shall be the same as the current beneficiaries of the first trust and the successor and remainder beneficiaries of the second trust shall be the same as the successor and remainder beneficiaries of the first trust.

(1) If the authorized trustee exercises the power under this subsection (d), the second trust shall include the same language authorizing the trustee to distribute the income or principal of a trust as set forth in the first trust.

(2) If the beneficiary or beneficiaries of the first trust are described as a class of persons, the beneficiary or beneficiaries of the second trust shall include all persons who become includible in the class after the distribution to the second trust.

(3) If the authorized trustee exercises the power under this subsection (d) and if the first trust grants a power of appointment to a beneficiary of the trust, the second trust shall grant such power of appointment in the second trust and the class of permissible appointees shall be the same as in the first trust.

(4) Supplemental Needs Trusts.

(i) Notwithstanding the other provisions of this subsection (d), the authorized trustee may distribute part or all of the principal of a disabled beneficiary's interest in the first trust in favor of a trustee of a second trust which is a supplemental needs trust if the authorized trustee

determines that to do so would be in the best interests of the disabled beneficiary.

(ii) Definitions. For purposes of this subsection (d):

"Best interests" of a disabled beneficiary include, without limitation, consideration of the financial impact to the disabled beneficiary's family.

"Disabled beneficiary" means a current beneficiary, presumptive remainder beneficiary, or successor beneficiary of the first trust who the authorized trustee determines has a disability that substantially impairs the beneficiary's ability to provide for his or her own care or custody and that constitutes a substantial handicap, whether or not the beneficiary has been adjudicated a "disabled person".

"Governmental benefits" means financial aid or services from any State, Federal, or other public agency.

"Supplemental needs second trust" means a trust that complies with paragraph (iii) of this paragraph (4) and that relative to the first trust contains either lesser or greater restrictions on the trustee's power to distribute trust income or principal and which the trustee believes would, if implemented, allow the disabled beneficiary to receive a greater degree of governmental benefits than the disabled beneficiary will receive if no distribution is made.

(iii) Remainder beneficiaries. A supplemental needs second trust may name remainder and successor beneficiaries other than the disabled beneficiary's estate, provided that the second trust names the same presumptive remainder beneficiaries and successor beneficiaries to the disabled beneficiary's interest, and in the same proportions, as exist in the first trust. In addition to the foregoing, where the first trust was created by the disabled beneficiary or the trust property has been distributed directly to or is otherwise under the control of the disabled

beneficiary, the authorized trustee may distribute to a "pooled trust" as defined by federal Medicaid law for the benefit of the disabled beneficiary or the supplemental needs second trust must contain pay back provisions complying with Medicaid reimbursement requirements of federal law.

(iv) Reimbursement. A supplemental needs second trust shall not be liable to pay or reimburse the State or any public agency for financial aid or services to the disabled beneficiary except as provided in the supplemental needs second trust.

(e) Notice. An authorized trustee may exercise the power to distribute in favor of a second trust under subsections (c) and (d) without the consent of the settlor or the beneficiaries of the first trust and without court approval if:

(1) there are one or more legally competent current beneficiaries and one or more legally competent presumptive remainder beneficiaries and the authorized trustee sends written notice of the trustee's decision, specifying the manner in which the trustee intends to exercise the power and the prospective effective date for the distribution, to all of the legally competent current beneficiaries and presumptive remainder beneficiaries, determined as of the date the notice is sent and assuming non-exercise of all powers of appointment; and

(2) no beneficiary to whom notice was sent objects to the distribution in writing delivered to the trustee within 60 days after the notice is sent ("notice period").

A trustee is not required to provide a copy of the notice to a beneficiary who is known to the trustee but who cannot be located by the trustee after reasonable diligence or who is not known to the trustee.

If a charity is a current beneficiary or presumptive remainder beneficiary of the trust, the notice shall also be given to the Attorney General's Charitable Trust Bureau.

(f) Court involvement.

(1) The trustee may for any reason elect to petition the court to order the distribution, including, without limitation, the reason that the trustee's exercise of the power to distribute under this Section is unavailable, such as:

New matter indicated by italics - deletions by strikeout
(a) a beneficiary timely objects to the distribution in
a writing delivered to the trustee within the time period
specified in the notice; or

(b) there are no legally competent current
beneficiaries or legally competent presumptive remainder
beneficiaries.

(2) If the trustee receives a written objection within the
notice period, either the trustee or the beneficiary may petition the
court to approve, modify, or deny the exercise of the trustee's
powers. The trustee has the burden of proving the proposed
exercise of the power furthers the purposes of the trust.

(3) In a judicial proceeding under this subsection (f), the
trustee may, but need not, present the trustee's opinions and
reasons for supporting or opposing the proposed distribution,
including whether the trustee believes it would enable the trustee
to better carry out the purposes of the trust. A trustee's actions in
accordance with this Section shall not be deemed improper or
inconsistent with the trustee's duty of impartiality unless the court
finds from all the evidence that the trustee acted in bad faith.

(g) Term of the second trust. The second trust to which an
authorized trustee distributes the assets of the first trust may have a term
that is longer than the term set forth in the first trust, including, but not
limited to, a term measured by the lifetime of a current beneficiary;
provided, however, that the second trust shall be limited to the same
permissible period of the rule against perpetuities that applied to the first
trust, unless the first trust expressly permits the trustee to extend or
lengthen its perpetuities period.

(h) Divided discretion. If an authorized trustee has absolute
discretion to distribute the principal of a trust and the same trustee or
another trustee has the power to distribute principal under the trust
instrument which power is not absolute discretion, such authorized trustee
having absolute discretion may exercise the power to distribute under
subsection (c).

(i) Later discovered assets. To the extent the authorized trustee
does not provide otherwise:

(1) The distribution of all of the assets comprising the
principal of the first trust in favor of a second trust shall be
deemed to include subsequently discovered assets otherwise
belonging to the first trust and undistributed principal paid to or

New matter indicated by italics - deletions by strikeout
acquired by the first trust subsequent to the distribution in favor of the second trust.

(2) The distribution of part but not all of the assets comprising the principal of the first trust in favor of a second trust shall not include subsequently discovered assets belonging to the first trust and principal paid to or acquired by the first trust subsequent to the distribution in favor of a second trust; such assets shall remain the assets of the first trust.

(j) Other authority to distribute in further trust. This Section shall not be construed to abridge the right of any trustee to distribute property in further trust that arises under the terms of the governing instrument of a trust, any provision of applicable law, or a court order. In addition, distribution of trust principal to a second trust may be made by agreement between a trustee and all primary beneficiaries of a first trust, acting either individually or by their respective representatives in accordance with Section 16.1 of this Act.

(k) Need to distribute not required. An authorized trustee may exercise the power to distribute in favor of a second trust under subsections (c) and (d) whether or not there is a current need to distribute principal under the terms of the first trust.

(l) No duty to distribute. Nothing in this Section is intended to create or imply a duty to exercise a power to distribute principal, and no inference of impropriety shall be made as a result of an authorized trustee not exercising the power conferred under subsection (c) or (d). Notwithstanding any other provision of this Section, a trustee has no duty to inform beneficiaries about the availability of this Section and no duty to review the trust to determine whether any action should be taken under this Section.

(m) Express prohibition. A power authorized by subsection (c) or (d) may not be exercised if expressly prohibited by the terms of the governing instrument, but a general prohibition of the amendment or revocation of the first trust or a provision that constitutes a spendthrift clause shall not preclude the exercise of a power under subsection (c) or (d).

(n) Restrictions. An authorized trustee may not exercise a power authorized by subsection (c) or (d) to affect any of the following:

(1) to reduce, limit or modify any beneficiary's current right to a mandatory distribution of income or principal, a mandatory annuity or unitrust interest, a right to withdraw a

percentage of the value of the trust or a right to withdraw a specified dollar amount provided that such mandatory right has come into effect with respect to the beneficiary, except with respect to a second trust which is a supplemental needs trust;

(2) to decrease or indemnify against a trustee's liability or exonerate a trustee from liability for failure to exercise reasonable care, diligence, and prudence; except to indemnify or exonerate one party from liability for actions of another party with respect to distribution that unbundles the governance structure of a trust to divide and separate fiduciary and nonfiduciary responsibilities among several parties, including without limitation one or more trustees, distribution advisors, investment advisors, trust protectors, or other parties, provided however that such modified governance structure may reallocate fiduciary responsibilities from one party to another but may not reduce them;

(3) to eliminate a provision granting another person the right to remove or replace the authorized trustee exercising the power under subsection (c) or (d); provided, however, such person's right to remove or replace the authorized trustee may be eliminated if a separate independent, non-subservient individual or entity, such as a trust protector, acting in a nonfiduciary capacity has the right to remove or replace the authorized trustee;

(4) to reduce, limit or modify the perpetuities provision specified in the first trust in the second trust, unless the first trust expressly permits the trustee to do so.

(o) Exception. Notwithstanding the provisions of paragraph (1) of subsection (n) but subject to the other limitations in this Section, an authorized trustee may exercise a power authorized by subsection (c) or (d) to distribute to a second trust; provided, however, that the exercise of such power does not subject the second trust to claims of reimbursement by any private or governmental body and does not at any time interfere with, reduce the amount of, or jeopardize an individual's entitlement to government benefits.

(p) Tax limitations. If any contribution to the first trust qualified for the annual exclusion under Section 2503(b) of the Code, the marital deduction under Section 2056(a) or 2523(a) of the Code, or the charitable deduction under Section 170(a), 642(c), 2055(a) or 2522(a) of the Code, is a direct skip qualifying for treatment under Section 2642(c) of the Code, or qualified for any other specific tax benefit that would be lost by the

existence of the authorized trustee's authority under subsection (c) or (d) for income, gift, estate, or generation-skipping transfer tax purposes under the Code, then the authorized trustee shall not have the power to distribute the principal of a trust pursuant to subsection (c) or (d) in a manner that would prevent the contribution to the first trust from qualifying for or would reduce the exclusion, deduction, or other tax benefit that was originally claimed with respect to that contribution.

(1) Notwithstanding the provisions of this subsection (p), the authorized trustee may exercise the power to pay the first trust to a trust as to which the settlor of the first trust is not considered the owner under Subpart E of Part I of Subchapter J of Chapter 1 of Subtitle A of the Code even if the settlor is considered such owner of the first trust. Nothing in this Section shall be construed as preventing the authorized trustee from distributing part or all of the first trust to a second trust that is a trust as to which the settlor of the first trust is considered the owner under Subpart E of Part I of Subchapter J of Chapter 1 of Subtitle A of the Code.

(2) During any period when the first trust owns subchapter S corporation stock, an authorized trustee may not exercise a power authorized by paragraph (c) or (d) to distribute part or all of the S corporation stock to a second trust that is not a permitted shareholder under Section 1361(c)(2) of the Code.

(3) During any period when the first trust owns an interest in property subject to the minimum distribution rules of Section 401(a)(9) of the Code, an authorized trustee may not exercise a power authorized by subsection (c) or (d) to distribute part or all of the interest in such property to a second trust that would result in the shortening of the minimum distribution period to which the property is subject in the first trust.

(q) Limits on compensation of trustee.

(1) Unless the court upon application of the trustee directs otherwise, an authorized trustee may not exercise a power authorized by subsection (c) or (d) solely to change the provisions regarding the determination of the compensation of any trustee; provided, however, an authorized trustee may exercise the power authorized in subsection (c) or (d) in conjunction with other valid and reasonable purposes to bring the trustee's compensation into accord with reasonable limits in accord with Illinois law in effect at the time of the exercise.
(2) The compensation payable to the trustee or trustees of the first trust may continue to be paid to the trustees of the second trust during the terms of the second trust and may be determined in the same manner as otherwise would have applied in the first trust; provided, however, that no trustee shall receive any commission or other compensation imposed upon assets distributed due to the distribution of property from the first trust to a second trust pursuant to subsection (c) or (d).

(r) Written instrument. The exercise of a power to distribute principal under subsection (c) or (d) must be made by an instrument in writing, signed and acknowledged by the trustee, and filed with the records of the first trust and the second trust.

(s) Terms of second trust. Any reference to the governing instrument or terms of the governing instrument in this Act includes the terms of a second trust established in accordance with this Section.

(t) Settlor. The settlor of a first trust is considered for all purposes to be the settlor of any second trust established in accordance with this Section. If the settlor of a first trust is not also the settlor of a second trust, then the settlor of the first trust shall be considered the settlor of the second trust, but only with respect to the portion of second trust distributed from the first trust in accordance with this Section.

(u) Remedies. A trustee who reasonably and in good faith takes or omits to take any action under this Section is not liable to any person interested in the trust. An act or omission by a trustee under this Section is presumed taken or omitted reasonably and in good faith unless it is determined by the court to have been an abuse of discretion. If a trustee reasonably and in good faith takes or omits to take any action under this Section and a person interested in the trust opposes the act or omission, the person's exclusive remedy is to obtain an order of the court directing the trustee to exercise authority in accordance with this Section in such manner as the court determines necessary or helpful for the proper functioning of the trust, including without limitation prospectively to modify or reverse a prior exercise of such authority. Any claim by any person interested in the trust that an act or omission by a trustee under this Section was an abuse of discretion is barred if not asserted in a proceeding commenced by or on behalf of the person within 2 years after the trustee has sent to the person or the person's personal representative a notice or report in writing sufficiently disclosing facts fundamental to the claim such that the person knew or reasonably should have known of the

claim. Except for a distribution of trust principal from a first trust to a second trust made by agreement in accordance with Section 16.1 of this Act, the preceding sentence shall not apply to a person who was under a legal disability at the time the notice or report was sent and who then had no personal representative. For purposes of this subsection (u), a personal representative refers to a court appointed guardian or conservator of the estate of a person.

(v) Application. This Section is available to trusts in existence on the effective date of this amendatory Act of the 97th General Assembly or created on or after the effective date of this amendatory Act of the 97th General Assembly. This Section shall be construed as pertaining to the administration of a trust and shall be available to any trust that is administered in Illinois under Illinois law or that is governed by Illinois law with respect to the meaning and effect of its terms, including a trust whose governing law has been changed to the laws of this State, unless the governing instrument expressly prohibits use of this Section by specific reference to this Section. A provision in the governing instrument in the form: "Neither the provisions of Section 16.4 of the Trusts and Trustees Act nor any corresponding provision of future law may be used in the administration of this trust" or a similar provision demonstrating that intent is sufficient to preclude the use of this Section.

(4) "Fiduciary" means any person expressly given one or more fiduciary duties by the governing instrument, including but not limited to a trustee.

(5) "Governing instrument" refers to the instrument stating the terms of a trust, including but not limited to any court order or nonjudicial settlement agreement establishing, construing, or modifying the terms of the trust in accordance with Section 16.1, 16.4, or 16.6 or other applicable law.

(b) Powers of investment trust advisor. An investment trust advisor may be designated in the governing instrument of a trust. The powers of an investment trust advisor may be exercised or not exercised in the sole
and absolute discretion of the investment trust advisor, and are binding on all other persons, including but not limited to each beneficiary, fiduciary, excluded fiduciary, and any other party having an interest in the trust. The governing instrument may use the title "investment trust advisor" or any similar name or description demonstrating the intent to provide for the office and function of an investment trust advisor. Unless the terms of the governing instrument provide otherwise, the investment trust advisor has the authority to:

(1) direct the trustee with respect to the retention, purchase, transfer, assignment, sale, or encumbrance of trust property and the investment and reinvestment of principal and income of the trust;

(2) direct the trustee with respect to all management, control, and voting powers related directly or indirectly to trust assets, including but not limited to voting proxies for securities held in trust;

limited to each beneficiary, investment trust advisor, distribution trust advisor, fiduciary, excluded fiduciary, and any other party having an interest in the trust. The governing instrument may use the title "trust protector" or any similar name or description demonstrating the intent to provide for the office and function of a trust protector. The powers granted to a trust protector by the governing instrument may include but are not limited to authority to do any one or more of the following:

1. modify or amend the trust instrument to achieve favorable tax status or respond to changes in the Internal Revenue Code, federal laws, State law, or the rulings and regulations under such laws;
2. increase, decrease, or modify the interests of any beneficiary or beneficiaries of the trust;
3. modify the terms of any power of appointment granted by the trust; provided, however, such modification or amendment may not grant a beneficial interest to any individual, class of individuals, or other parties not specifically provided for under the trust instrument;
4. remove, appoint, or remove and appoint, a trustee, investment trust advisor, distribution trust advisor, another directing party, investment committee member, or distribution committee member, including designation of a plan of succession for future holders of any such office;

8. interpret terms of the trust instrument at the request of the trustee;

If a charity is a current beneficiary or a presumptive remainder beneficiary of the trust, a trust protector must give notice to the Attorney General’s Charitable Trust Bureau at least 60 days before taking any of the actions authorized under item (2), (3), (4), (5), or (6) of this subsection. The Attorney General’s Charitable Trust Bureau may, however, waive this notice requirement.

(e) Duty and liability of directing party. A directing party is a fiduciary of the trust subject to the same duties and standards applicable to a trustee of a trust as provided by applicable law unless the governing instrument provides otherwise, but the governing instrument may not, however, relieve or exonerate a directing party from the duty to act or withhold acting as the directing party in good faith reasonably believes is in the best interests of the trust.

(f) Duty and liability of excluded fiduciary. The excluded fiduciary shall act in accordance with the governing instrument and comply with the directing party’s exercise of the powers granted to the directing party by the governing instrument. Unless otherwise provided in the governing instrument, an excluded fiduciary has no duty to monitor, review, inquire, investigate, recommend, evaluate, or warn with respect to a directing party’s exercise or failure to exercise any power granted to the directing party by the governing instrument, including but not limited to any power related to the acquisition, disposition, retention, management, or valuation of any asset or investment. Except as otherwise provided in this Section or the governing instrument, an excluded fiduciary is not liable, either individually or as a fiduciary, for any action, inaction, consent, or failure to consent by a directing party, including but not limited to any of the following:

(1) if a governing instrument provides that an excluded fiduciary is to follow the direction of a directing party, and such excluded fiduciary acts in accordance with such a direction, then except in cases of willful misconduct on the part of the excluded fiduciary in complying with the direction of the directing party, the excluded fiduciary is not liable for any loss resulting directly or indirectly from following any such direction, including but not limited to compliance regarding the valuation of assets for which there is no readily available market value;

(2) if a governing instrument provides that an excluded fiduciary is to act or omit to act only with the consent of a directing party, then except in cases of willful misconduct on the
part of the excluded fiduciary, the excluded fiduciary is not liable for any loss resulting directly or indirectly from any act taken or omitted as a result of such directing party's failure to provide such consent after having been asked to do so by the excluded fiduciary; or

(iii) if a governing instrument provides that, or for any other reason, an excluded fiduciary is required to assume the role or responsibilities of a directing party, or if the excluded party appoints a directing party or successor to a directing party, then the excluded fiduciary shall also assume the same fiduciary and other duties and standards that applied to such directing party.

(g) Submission to court jurisdiction; effect on directing party. By accepting an appointment to serve as a directing party of a trust that is subject to the laws of this State, the directing party submits to the jurisdiction of the courts of this State even if investment advisory agreements or other related agreements provide otherwise, and the directing party may be made a party to any action or proceeding if issues relate to a decision or action of the directing party.

(h) Duty to inform excluded fiduciary. Each directing party shall keep the excluded fiduciary and any other directing party reasonably informed regarding the administration of the trust with respect to any specific duty or function being performed by the directing party to the extent that the duty or function would normally be performed by the excluded fiduciary or to the extent that providing such information to the excluded fiduciary or other directing party is reasonably necessary for the excluded fiduciary or other directing party to perform its duties, and the directing party shall provide such information as reasonably requested by the excluded fiduciary or other directing party. Neither the performance nor the failure to perform of a directing party's duty to inform as provided in this subsection affects whatsoever the limitation on the liability of the excluded fiduciary as provided in this Section.

(i) Reliance on counsel. An excluded fiduciary may, but is not required to, obtain and rely upon an opinion of counsel on any matter relevant to this Section.

(j) Applicability. On and after its effective date, this Section applies to:

(1) all existing and future trusts that appoint or provide for a directing party, including but not limited to a party granted
power or authority effectively comparable in substance to that of a
directing party as provided in this Section; or
(2) any existing or future trust that:
   (A) is modified in accordance with applicable law
or the terms of the governing instrument to appoint or
provide for a directing party; or
   (B) is modified to appoint or provide for a directing
party, including but not limited to a party granted power or
authority effectively comparable in substance to that of a
directing party, in accordance with (i) a court order, or (ii)
a nonjudicial settlement agreement made in accordance
with Section 16.1, whether or not such order or agreement
specifies that this Section governs the responsibilities,
actions, and liabilities of persons designated as a directing
party or excluded fiduciary.

(760 ILCS 5/16.7 new)
Sec. 16.7. Application. Section 16.3 applies to all trusts in
existence on the effective date of this amendatory Act of the 97th General
Assembly or created after that date. Section 16.3 shall be construed as
pertaining to the administration of a trust and shall be available to any
trust that is administered in Illinois under Illinois law or that is governed
by Illinois law with respect to the meaning and effect of its terms, except to
the extent the governing instrument expressly prohibits that Section by
specific reference to that Section. A provision in the governing instrument
in the form: "The provisions of Section 16.3 of the Trusts and Trustees Act
and any corresponding provision of future law may not be used in the
administration of this trust" or a similar provision demonstrating that
intent is sufficient to preclude the use of Section 16.3.

Section 5. The Illinois Public Aid Code is amended by adding Section 10-15.1 as follows:

(305 ILCS 5/10-15.1 new)

Sec. 10-15.1. Judicial registration of administrative support orders.

(a) A final administrative support order established by the Illinois Department under this Article X may be registered in the appropriate circuit court of this State by the Department or by a party to the order by filing:

(1) Two copies, including one certified copy of the order to be registered, any modification of the administrative support order, any voluntary acknowledgment of paternity pertaining to the child covered by the order, and the documents showing service of the notice of support obligation that commenced the procedure for establishment of the administrative support order pursuant to Section 10-4 of this Code.

(2) A sworn statement by the person requesting registration or a certified copy of the Department payment record showing the amount of any past due support accrued under the administrative support order.

(3) The name of the obligor and, if known, the obligor's address and social security number.

New matter indicated by italics - deletions by strikeout
(4) The name of the obligee and the obligee’s address, unless the obligee alleges in an affidavit or pleading under oath that the health, safety, or liberty of the obligee or child would be jeopardized by disclosure of specific identifying information, in which case that information must be sealed and may not be disclosed to the other party or public. After a hearing in which the court takes into consideration the health, safety, or liberty of the party or child, the court may order disclosure of information that the court determines to be in the interest of justice.

(b) The filing of an administrative support order under subsection (a) constitutes registration with the circuit court.

(c) A petition or comparable pleading seeking a remedy that must be affirmatively sought under other law of this State may be filed at the same time as the request for registration or later. The pleading must specify the grounds for the remedy sought.

(d) When an administrative support order is registered, the clerk of the circuit court shall notify the nonregistering party and the Illinois Department, unless the Department is requesting registration of its order. The notice, which shall be served on the nonregistering party by any method provided by law for service of a summons, must be accompanied by a copy of the registered administrative support order and the documents and relevant information accompanying the order.

(e) A notice of registration of an administrative support order must provide the following information:

(1) That a registered administrative order is enforceable in the same manner as an order for support issued by the circuit court.

(2) That a hearing to contest enforcement of the registered administrative support order must be requested within 30 days after the date of service of the notice.

(3) That failure to contest, in a timely manner, the enforcement of the registered administrative support order shall result in confirmation of the order and enforcement of the order and the alleged arrearages and precludes further contest of that order with respect to any matter that could have been asserted.

(4) The amount of any alleged arrearages.

(f) A nonregistering party seeking to contest enforcement of a registered administrative support order shall request a hearing within 30 days after the date of service of notice of the registration. The
nonregistering party may seek to vacate the registration, to assert any defense to an allegation of noncompliance with the registered administrative support order, or to contest the remedies being sought or the amount of any alleged arrearages.

(g) If the nonregistering party fails to contest the enforcement of the registered administrative support order in a timely manner, the order shall be confirmed by operation of law.

(h) If a nonregistering party requests a hearing to contest the enforcement of the registered administrative support order, the circuit court shall schedule the matter for hearing and give notice to the parties and the Illinois Department of the date, time, and place of the hearing.

(i) A party contesting the enforcement of a registered administrative support order or seeking to vacate the registration has the burden of proving one or more of the following defenses:

(1) The Illinois Department lacked personal jurisdiction over the contesting party.
(2) The administrative support order was obtained by fraud.
(3) The administrative support order has been vacated, suspended, or modified by a later order.
(4) The Illinois Department has stayed the administrative support order pending appeal.
(5) There is a defense under the law to the remedy sought.
(6) Full or partial payment has been made.

(j) If a party presents evidence establishing a full or partial payment defense under subsection (i), the court may stay enforcement of the registered order, continue the proceeding to permit production of additional relevant evidence, and issue other appropriate orders. An uncontested portion of the registered administrative support order may be enforced by all remedies available under State law.

(k) If a contesting party does not establish a defense under subsection (i) to the enforcement of the administrative support order, the court shall issue an order confirming the administrative support order. Confirmation of the registered administrative support order, whether by operation of law or after notice and hearing, precludes further contest of the order with respect to any matter that could have been asserted at the time of registration. Upon confirmation, the registered administrative support order shall be treated in the same manner as a support order entered by the circuit court, including the ability of the court to entertain a
petition to modify the administrative support order due to a substantial change in circumstances, or petitions for visitation or custody of the child or children covered by the administrative support order. Nothing in this Section shall be construed to alter the effect of a final administrative support order, or the restriction of judicial review of such a final order to the provisions of the Administrative Review Law, as provided in Section 10-11 of this Code.

incurred by any State agency, a copy of the contract, purchase order, grant, or lease shall be filed with the Comptroller within 30 ±5 days thereafter. Beginning January 1, 2013, the Comptroller may require that contracts and grants required to be filed with the Comptroller under this Section shall be filed electronically, unless the agency is incapable of filing the contract or grant electronically because it does not possess the necessary technology or equipment. Any agency that is incapable of electronically filing its contracts or grants shall submit a written statement to the Governor and to the Comptroller attesting to the reasons for its inability to comply. This statement shall include a discussion of what the agency needs in order to effectively comply with this Section. Prior to requiring electronic filing, the Comptroller shall consult with the Governor as to the feasibility of establishing mutually agreeable technical standards for the electronic document imaging, storage, and transfer of contracts and grants, taking into consideration the technology available to that agency, best practices, and the technological capabilities of State agencies. Nothing in this amendatory Act of the 97th General Assembly shall be construed to impede the implementation of an Enterprise Resource Planning (ERP) system. For each State contract for goods, supplies, or services awarded on or after July 1, 2010, the contracting agency shall provide the applicable rate and unit of measurement of the goods, supplies, or services on the contract obligation document as required by the Comptroller. If the contract obligation document that is submitted to the Comptroller contains the rate and unit of measurement of the goods, supplies, or services, the Comptroller shall provide that information on his or her official website. Any cancellation or modification to any such contract liability shall be filed with the Comptroller within 30 ±5 days of its execution.

(c) Late filing affidavit. When a contract, purchase order, grant, or lease required to be filed by this Section has not been filed within 30 days of execution, the Comptroller shall refuse to issue a warrant for payment thereunder until the agency files with the Comptroller the contract, purchase order, grant, or lease and an affidavit, signed by the chief executive officer of the agency or his or her designee, setting forth an explanation of why the contract liability was not filed within 30 days of execution. A copy of this affidavit shall be filed with the Auditor General.

(d) Timely execution of contracts. No voucher shall be submitted to the Comptroller for a warrant to be drawn for the payment of money from the State treasury or from other funds held by the State Treasurer on
account of any contract unless the contract is reduced to writing before the services are performed and filed with the Comptroller. Vendors shall not be paid for any goods that were received or services that were rendered before the contract was reduced to writing and signed by all necessary parties. A chief procurement officer may request an exception to this subsection by submitting a written statement to the Comptroller and Treasurer setting forth the circumstances and reasons why the contract could not be reduced to writing before the supplies were received or services were performed. A waiver of this subsection must be approved by the Comptroller and Treasurer. This Section shall not apply to emergency purchases if notice of the emergency purchase is filed with the Procurement Policy Board and published in the Bulletin as required by this Code.

(e) Method of source selection. When a contract is filed with the Comptroller under this Section, the Comptroller's file shall identify the method of source selection used in obtaining the contract.

Illinois Public Aid Code approved for payment under this Section must be paid or the payment issued to the payee within 60 days after receipt of a proper bill or invoice, and, if payment is not issued to the payee within this 60-day period, an interest penalty of 2.0% of any amount approved and unpaid shall be added for each month or fraction thereof after the end of this 60-day period, until final payment is made. Any bill for pharmacy or nursing facility services or goods submitted under Article V of the Illinois Public Aid Code, except as provided under paragraph (1.05) of this Section, and approved for payment under this Section must be paid or the payment issued to the payee within 60 days of receipt of a proper bill or invoice. If payment is not issued to the payee within this 60-day period, an interest penalty of 1.0% of any amount approved and unpaid shall be added for each month or fraction thereof after the end of this 60-day period, until final payment is made.

(1.05) For State fiscal year 2012 and future fiscal years, any bill approved for payment under this Section must be paid or the payment issued to the payee within 90 days of receipt of a proper bill or invoice. If payment is not issued to the payee within this 90-day period, an interest penalty of 1.0% of any amount approved and unpaid shall be added for each month or fraction thereof after the end of this 90-day period, until final payment is made.

(1.1) A State agency shall review in a timely manner each bill or invoice after its receipt. If the State agency determines that the bill or invoice contains a defect making it unable to process the payment request, the agency shall notify the vendor requesting payment as soon as possible after discovering the defect pursuant to rules promulgated under Section 3-3; provided, however, that the notice for construction related bills or invoices must be given not later than 30 days after the bill or invoice was first submitted. The notice shall identify the defect and any additional information necessary to correct the defect. If one or more items on a construction related bill or invoice are disapproved, but not the entire bill or invoice, then the portion that is not disapproved shall be paid.

(2) Where a State official or agency is late in payment of a vendor's bill or invoice properly approved in accordance with this
Act, and different late payment terms are not reduced to writing as a contractual agreement, the State official or agency shall automatically pay interest penalties required by this Section amounting to $50 or more to the appropriate vendor. Each agency shall be responsible for determining whether an interest penalty is owed and for paying the interest to the vendor. Except as provided in paragraph (4), an individual interest payment amounting to $5 or less shall not be paid by the State. Interest due to a vendor that amounts to greater than $5 and less than $50 shall not be paid but shall be accrued until all interest due the vendor for all similar warrants exceeds $50, at which time the accrued interest shall be payable and interest will begin accruing again, except that interest accrued as of the end of the fiscal year that does not exceed $50 shall be payable at that time. In the event an individual has paid a vendor for services in advance, the provisions of this Section shall apply until payment is made to that individual.

(3) The provisions of Public Act 96-1501 reducing the interest rate on pharmacy claims under Article V of the Illinois Public Aid Code to 1.0% per month shall apply to any pharmacy bills for services and goods under Article V of the Illinois Public Aid Code received on or after the date 60 days before January 25, 2011 (the effective date of Public Act 96-1501) except as provided under paragraph (1.05) of this Section.

(4) Interest amounting to less than $5 shall not be paid by the State, except for claims (i) to the Department of Healthcare and Family Services or the Department of Human Services, (ii) pursuant to Article V of the Illinois Public Aid Code, the Covering ALL KIDS Health Insurance Act, or the Children's Health Insurance Program Act, and (iii) made (A) by pharmacies for prescriptive services or (B) by any federally qualified health center for prescriptive services or any other services.

Nothing in this subsection shall be construed as limiting the municipality's duty to file an annual financial report with the Comptroller or to comply with the filing requirements concerning the county clerk.

(f) Any financial report under this Section shall include the name of the purchasing agent who oversees all competitively bid contracts. If there is no purchasing agent, the name of the person responsible for oversight of all competitively bid contracts shall be listed.

(40 ILCS 5/7-171) (from Ch. 108 1/2, par. 7-171)
Sec. 7-171. Finance; taxes.
(a) Each municipality other than a school district shall appropriate an amount sufficient to provide for the current municipality contributions required by Section 7-172 of this Article, for the fiscal year for which the appropriation is made and all amounts due for municipal contributions for previous years. Those municipalities which have been assessed an annual

amount to amortize its unfunded obligation, as provided in subparagraph 4 of paragraph (a) of Section 7-172 of this Article, shall include in the appropriation an amount sufficient to pay the amount assessed. The appropriation shall be based upon an estimate of assets available for municipality contributions and liabilities therefor for the fiscal year for which appropriations are to be made, including funds available from levies for this purpose in prior years.

(b) For the purpose of providing monies for municipality contributions, beginning for the year in which a municipality is included in this fund:

(1) A municipality other than a school district may levy a tax which shall not exceed the amount appropriated for municipality contributions.

(2) A school district may levy a tax in an amount reasonably calculated at the time of the levy to provide for the municipality contributions required under Section 7-172 of this Article for the fiscal years for which revenues from the levy will be received and all amounts due for municipal contributions for previous years. Any levy adopted before the effective date of this amendatory Act of 1995 by a school district shall be considered valid and authorized to the extent that the amount was reasonably calculated at the time of the levy to provide for the municipality contributions required under Section 7-172 for the fiscal years for which revenues from the levy will be received and all amounts due for municipal contributions for previous years. In no event shall a budget adopted by a school district limit a levy of that school district adopted under this Section.

(c) Any county which is served by a regional office of education that serves 2 or more counties may include in its appropriation an amount sufficient to provide its proportionate share of the municipality contributions for that regional office of education. The tax levy authorized by this Section may include an amount necessary to provide monies for this contribution.

(d) Any county that is a part of a multiple-county health department or consolidated health department which is formed under "An Act in relation to the establishment and maintenance of county and multiple-county public health departments", approved July 9, 1943, as amended, and which is a participating instrumentality may include in the county's appropriation an amount sufficient to provide its proportionate
share of municipality contributions of the department. The tax levy authorized by this Section may include the amount necessary to provide monies for this contribution.

(d-5) A school district participating in a special education joint agreement created under Section 10-22.31 of the School Code that is a participating instrumentality may include in the school district's tax levy under this Section an amount sufficient to provide its proportionate share of the municipality contributions for current and prior service by employees of the participating instrumentality created under the joint agreement.

(e) Such tax shall be levied and collected in like manner, with the general taxes of the municipality and shall be in addition to all other taxes which the municipality is now or may hereafter be authorized to levy upon all taxable property therein, and shall be exclusive of and in addition to the amount of tax levied for general purposes under Section 8-3-1 of the "Illinois Municipal Code", approved May 29, 1961, as amended, or under any other law or laws which may limit the amount of tax which the municipality may levy for general purposes. The tax may be levied by the governing body of the municipality without being authorized as being additional to all other taxes by a vote of the people of the municipality.

(f) The county clerk of the county in which any such municipality is located, in reducing tax levies shall not consider any such tax as a part of the general tax levy for municipality purposes, and shall not include the same in the limitation of any other tax rate which may be extended.

(g) The amount of the tax to be levied in any year shall, within the limits herein prescribed, be determined by the governing body of the respective municipality.

(h) The revenue derived from any such tax levy shall be used only for the contributions required under Section 7-172 purposes specified in this Article and, as collected, shall be paid to the treasurer of the municipality levying the tax. Monies received by a county treasurer for use in making contributions to a regional office of education for its municipality contributions shall be held by him for that purpose and paid to the regional office of education in the same manner as other monies appropriated for the expense of the regional office.

Sec. 7-172. Contributions by participating municipalities and participating instrumentalities.

New matter indicated by italics - deletions by strikeout
PUBLIC ACT 97-0933

(a) Each participating municipality and each participating instrumentality shall make payment to the fund as follows:

1. municipality contributions in an amount determined by applying the municipality contribution rate to each payment of earnings paid to each of its participating employees;

2. an amount equal to the employee contributions provided by paragraph (a) and (b) of Section 7-173, whether or not the employee contributions are withheld as permitted by that Section;

3. all accounts receivable, together with interest charged thereon, as provided in Section 7-209;

4. if it has no participating employees with current earnings, an amount payable which, over a closed period of 20 years for participating municipalities and 10 years for participating instrumentalities, will amortize, at the effective rate for that year, any unfunded obligation. The unfunded obligation shall be computed as provided in paragraph 2 of subsection (b);

5. if it has fewer than 7 participating employees or a negative balance in its municipality reserve, the greater of (A) an amount payable that, over a period of 20 years, will amortize at the effective rate for that year any unfunded obligation, computed as provided in paragraph 2 of subsection (b) or (B) the amount required by paragraph 1 of this subsection (a).

(b) A separate municipality contribution rate shall be determined for each calendar year for all participating municipalities together with all instrumentalities thereof. The municipality contribution rate shall be determined for participating instrumentalities as if they were participating municipalities. The municipality contribution rate shall be the sum of the following percentages:

1. The percentage of earnings of all the participating employees of all participating municipalities and participating instrumentalities which, if paid over the entire period of their service, will be sufficient when combined with all employee contributions available for the payment of benefits, to provide all annuities for participating employees, and the $3,000 death benefit payable under Sections 7-158 and 7-164, such percentage to be known as the normal cost rate.

2. The percentage of earnings of the participating employees of each participating municipality and participating

New matter indicated by italics - deletions by strikeout
instrumentalities necessary to adjust for the difference between the present value of all benefits, excluding temporary and total and permanent disability and death benefits, to be provided for its participating employees and the sum of its accumulated municipality contributions and the accumulated employee contributions and the present value of expected future employee and municipality contributions pursuant to subparagraph 1 of this paragraph (b). This adjustment shall be spread over the remainder of the period that is allowable under generally accepted accounting principles.

3. The percentage of earnings of the participating employees of all municipalities and participating instrumentalities necessary to provide the present value of all temporary and total and permanent disability benefits granted during the most recent year for which information is available.

4. The percentage of earnings of the participating employees of all participating municipalities and participating instrumentalities necessary to provide the present value of the net single sum death benefits expected to become payable from the reserve established under Section 7-206 during the year for which this rate is fixed.

5. The percentage of earnings necessary to meet any deficiency arising in the Terminated Municipality Reserve.

(c) A separate municipality contribution rate shall be computed for each participating municipality or participating instrumentality for its sheriff's law enforcement employees.

A separate municipality contribution rate shall be computed for the sheriff's law enforcement employees of each forest preserve district that elects to have such employees. For the period from January 1, 1986 to December 31, 1986, such rate shall be the forest preserve district's regular rate plus 2%.

In the event that the Board determines that there is an actuarial deficiency in the account of any municipality with respect to a person who has elected to participate in the Fund under Section 3-109.1 of this Code, the Board may adjust the municipality's contribution rate so as to make up that deficiency over such reasonable period of time as the Board may determine.

(d) The Board may establish a separate municipality contribution rate for all employees who are program participants employed under the

New matter indicated by italics - deletions by strikeout
federal Comprehensive Employment Training Act by all of the participating municipalities and instrumentalities. The Board may also provide that, in lieu of a separate municipality rate for these employees, a portion of the municipality contributions for such program participants shall be refunded or an extra charge assessed so that the amount of municipality contributions retained or received by the fund for all CETA program participants shall be an amount equal to that which would be provided by the separate municipality contribution rate for all such program participants. Refunds shall be made to prime sponsors of programs upon submission of a claim therefor and extra charges shall be assessed to participating municipalities and instrumentalities. In establishing the municipality contribution rate as provided in paragraph (b) of this Section, the use of a separate municipality contribution rate for program participants or the refund of a portion of the municipality contributions, as the case may be, may be considered.

(e) Computations of municipality contribution rates for the following calendar year shall be made prior to the beginning of each year, from the information available at the time the computations are made, and on the assumption that the employees in each participating municipality or participating instrumentality at such time will continue in service until the end of such calendar year at their respective rates of earnings at such time.

(f) Any municipality which is the recipient of State allocations representing that municipality's contributions for retirement annuity purposes on behalf of its employees as provided in Section 12-21.16 of the Illinois Public Aid Code shall pay the allocations so received to the Board for such purpose. Estimates of State allocations to be received during any taxable year shall be considered in the determination of the municipality's tax rate for that year under Section 7-171. If a special tax is levied under Section 7-171, none of the proceeds may be used to reimburse the municipality for the amount of State allocations received and paid to the Board. Any multiple-county or consolidated health department which receives contributions from a county under Section 11.2 of "An Act in relation to establishment and maintenance of county and multiple-county health departments", approved July 9, 1943, as amended, or distributions under Section 3 of the Department of Public Health Act, shall use these only for municipality contributions by the health department.

(g) Municipality contributions for the several purposes specified shall, for township treasurers and employees in the offices of the township treasurers who meet the qualifying conditions for coverage hereunder, be
allocated among the several school districts and parts of school districts serviced by such treasurers and employees in the proportion which the amount of school funds of each district or part of a district handled by the treasurer bears to the total amount of all school funds handled by the treasurer.

From the funds subject to allocation among districts and parts of districts pursuant to the School Code, the trustees shall withhold the proportionate share of the liability for municipality contributions imposed upon such districts by this Section, in respect to such township treasurers and employees and remit the same to the Board.

The municipality contribution rate for an educational service center shall initially be the same rate for each year as the regional office of education or school district which serves as its administrative agent. When actuarial data become available, a separate rate shall be established as provided in subparagraph (i) of this Section.

The municipality contribution rate for a public agency, other than a vocational education cooperative, formed under the Intergovernmental Cooperation Act shall initially be the average rate for the municipalities which are parties to the intergovernmental agreement. When actuarial data become available, a separate rate shall be established as provided in subparagraph (i) of this Section.

(h) Each participating municipality and participating instrumentality shall make the contributions in the amounts provided in this Section in the manner prescribed from time to time by the Board and all such contributions shall be obligations of the respective participating municipalities and participating instrumentalities to this fund. The failure to deduct any employee contributions shall not relieve the participating municipality or participating instrumentality of its obligation to this fund. Delinquent payments of contributions due under this Section may, with interest, be recovered by civil action against the participating municipalities or participating instrumentalities. Municipality contributions, other than the amount necessary for employee contributions and Social Security contributions, for periods of service by employees from whose earnings no deductions were made for employee contributions to the fund, may be charged to the municipality reserve for the municipality or participating instrumentality.

(i) Contributions by participating instrumentalities shall be determined as provided herein except that the percentage derived under subparagraph 2 of paragraph (b) of this Section, and the amount payable...
under subparagraph 4 of paragraph (a) of this Section, shall be based on an amortization period of 10 years.

(j) Notwithstanding the other provisions of this Section, the additional unfunded liability accruing as a result of this amendatory Act of the 94th General Assembly shall be amortized over a period of 30 years beginning on January 1 of the second calendar year following the calendar year in which this amendatory Act takes effect, except that the employer may provide for a longer amortization period by adopting a resolution or ordinance specifying a 35-year or 40-year period and submitting a certified copy of the ordinance or resolution to the fund no later than June 1 of the calendar year following the calendar year in which this amendatory Act takes effect.

(k) If the amount of a participating employee's reported earnings for any of the 12-month periods used to determine the final rate of earnings exceeds the employee's 12 month reported earnings with the same employer for the previous year by the greater of 6% or 1.5 times the annual increase in the Consumer Price Index-U, as established by the United States Department of Labor for the preceding September, the participating municipality or participating instrumentality that paid those earnings shall pay to the Fund, in addition to any other contributions required under this Article, the present value of the increase in the pension resulting from the portion of the increase in salary that is in excess of the greater of 6% or 1.5 times the annual increase in the Consumer Price Index-U, as determined by the Fund. This present value shall be computed on the basis of the actuarial assumptions and tables used in the most recent actuarial valuation of the Fund that is available at the time of the computation.

Whenever it determines that a payment is or may be required under this subsection (k), the fund shall calculate the amount of the payment and bill the participating municipality or participating instrumentality for that amount. The bill shall specify the calculations used to determine the amount due. If the participating municipality or participating instrumentality disputes the amount of the bill, it may, within 30 days after receipt of the bill, apply to the fund in writing for a recalculation. The application must specify in detail the grounds of the dispute. Upon receiving a timely application for recalculation, the fund shall review the application and, if appropriate, recalculate the amount due. The participating municipality and participating instrumentality contributions required under this subsection (k) may be paid in the form of a lump sum within 90 days after receipt of the bill. If the participating municipality and
participating instrumentality contributions are not paid within 90 days after receipt of the bill, then interest will be charged at a rate equal to the fund's annual actuarially assumed rate of return on investment compounded annually from the 91st day after receipt of the bill. Payments must be concluded within 3 years after receipt of the bill by the participating municipality or participating instrumentality.

When assessing payment for any amount due under this subsection (k), the fund shall exclude earnings increases resulting from overload or overtime earnings.

When assessing payment for any amount due under this subsection (k), the fund shall also exclude earnings increases attributable to standard employment promotions resulting in increased responsibility and workload.

This subsection (k) does not apply to earnings increases paid to individuals under contracts or collective bargaining agreements entered into, amended, or renewed before January 1, 2012 (the effective date of Public Act 97-609).

When assessing payment for any amount due under this subsection (k), the fund shall also exclude earnings attributable to personnel policies adopted before January 1, 2012 (the effective date of Public Act 97-609) as long as those policies are not applicable to employees who begin service on or after January 1, 2012 (the effective date of Public Act 97-609).

Sec. 7-172.2. In addition to the payments otherwise required by this Article, each participating municipality and each participating instrumentality shall make payment of Social Security contributions and medicare taxes in the amounts and in the manner provided by law. Each employee shall make contributions for Federal Social Security and medicare taxes, for periods during which he or she is a covered employee, as required by the Social Security Enabling Act and State and federal law.

(40 ILCS 5/7-172.2) (from Ch. 108 1/2, par. 7-172.2)
(a) Each participating employee shall make contributions to the fund as follows:

1. For retirement annuity purposes, normal contributions of 3 3/4% of earnings.

2. Additional contributions of such percentages of each payment of earnings, as shall be elected by the employee for retirement annuity purposes, but not in excess of 10%. The selected rate shall be applicable to all earnings paid following receipt by the Board of written notice of election to make such contributions. Additional contributions at the selected rate shall be made concurrently with normal contributions.

3. Survivor contributions, by each participating employee, of 3/4% of each payment of earnings.

(b) Each employee shall make contributions for Federal Social Security taxes, for periods during which he is a covered employee, as required by the Social Security Enabling Act and State and federal law. For participating employees, such contributions shall be in addition to those required under paragraph (a) of this Section.

(c) Contributions shall be deducted from each corresponding payment of earnings paid to each employee and shall be remitted to the board by the participating municipality or participating instrumentality making such payment. The remittance, together with a report of the earnings and contributions shall be made as directed by the board. For township treasurers and employees of township treasurers qualifying as employees hereunder, the contributions herein required as deductions from salary shall be withheld by the school township trustees from funds available for the payment of the compensation of such treasurers and employees as provided in the School Code and remitted to the board.

(d) An employee who has made additional contributions under paragraph (a)2 of this Section may upon retirement or at any time prior thereto, elect to withdraw the total of such additional contributions including interest credited thereon to the end of the preceding calendar year.

(e) Failure to make the deductions for employee contributions provided in paragraph (c) of this Section shall not relieve the employee from liability for such contributions. The amount of such liability may be deducted, with interest charged under Section 7-209, from any annuities or benefits payable hereunder to the employee or any other person receiving an annuity or benefit by reason of such employee's participation.

New matter indicated by italics - deletions by strikeout
(f) A participating employee who has at least 40 years of creditable service in the Fund may elect to cease making the contributions required under this Section. The status of the employee under this Article shall be unaffected by this election, except that the employee shall not receive any additional creditable service for the periods of employment following the election. An election under this subsection relieves the employer from making additional employer contributions in relation to that employee.

The provisions of the Administrative Review Law, and all amendments and modifications thereof and the rules adopted pursuant thereto shall apply to and govern all proceedings for the judicial review of final administrative decisions of the retirement board provided for under this Article. The term "administrative decision" is as defined in Section 3-101 of the Code of Civil Procedure. The venue for actions brought under the Administrative Review Law shall be any county in which the Board maintains an office or the county in which the member's employing participating municipality or participating instrumentality has its main office.

Sec. 15-136. Retirement annuities - Amount. The provisions of this Section 15-136 apply only to those participants who are participating in the traditional benefit package or the portable benefit package and do not apply to participants who are participating in the self-managed plan.

(a) The amount of a participant's retirement annuity, expressed in the form of a single-life annuity, shall be determined by whichever of the following rules is applicable and provides the largest annuity:

Rule 1: The retirement annuity shall be 1.67% of final rate of earnings for each of the first 10 years of service, 1.90% for each of the next 10 years of service, 2.10% for each year of service in excess of 20 but not exceeding 30, and 2.30% for each year in excess of 30; or for persons who retire on or after January 1, 1998, 2.2% of the final rate of earnings for each year of service.

Rule 2: The retirement annuity shall be the sum of the following, determined from amounts credited to the participant in accordance with the actuarial tables and the effective prescribed rate of interest in effect at the time the retirement annuity begins:

New matter indicated by italics - deletions by strikeout
(i) the normal annuity which can be provided on an actuarially equivalent basis, by the accumulated normal contributions as of the date the annuity begins;

(ii) an annuity from employer contributions of an amount equal to that which can be provided on an actuarially equivalent basis from the accumulated normal contributions made by the participant under Section 15-113.6 and Section 15-113.7 plus 1.4 times all other accumulated normal contributions made by the participant; and

(iii) the annuity that can be provided on an actuarially equivalent basis from the entire contribution made by the participant under Section 15-113.3.

With respect to a police officer or firefighter who retires on or after August 14, 1998, the accumulated normal contributions taken into account under clauses (i) and (ii) of this Rule 2 shall include the additional normal contributions made by the police officer or firefighter under Section 15-157(a).

The amount of a retirement annuity calculated under this Rule 2 shall be computed solely on the basis of the participant's accumulated normal contributions, as specified in this Rule and defined in Section 15-116. Neither an employee or employer contribution for early retirement under Section 15-136.2 nor any other employer contribution shall be used in the calculation of the amount of a retirement annuity under this Rule 2.

This amendatory Act of the 91st General Assembly is a clarification of existing law and applies to every participant and annuitant without regard to whether status as an employee terminates before the effective date of this amendatory Act.

This Rule 2 does not apply to a person who first becomes an employee under this Article on or after July 1, 2005.

Rule 3: The retirement annuity of a participant who is employed at least one-half time during the period on which his or her final rate of earnings is based, shall be equal to the participant's years of service not to exceed 30, multiplied by (1) $96 if the participant's final rate of earnings is less than $3,500, (2) $108 if the final rate of earnings is at least $3,500 but less than $4,500, (3) $120 if the final rate of earnings is at least $4,500 but less than $5,500, (4) $132 if the final rate of earnings is at least $5,500 but less than $6,500, (5) $144 if the final rate of earnings is at least $6,500 but less than $7,500, (6) $156 if the final rate of earnings is at least $7,500 but less than $8,500, (7) $168 if the final rate of earnings is at least $8,500 but

less than $9,500, and (8) $180 if the final rate of earnings is $9,500 or more, except that the annuity for those persons having made an election under Section 15-154(a-1) shall be calculated and payable under the portable retirement benefit program pursuant to the provisions of Section 15-136.4.

Rule 4: A participant who is at least age 50 and has 25 or more years of service as a police officer or firefighter, and a participant who is age 55 or over and has at least 20 but less than 25 years of service as a police officer or firefighter, shall be entitled to a retirement annuity of 2 1/4% of the final rate of earnings for each of the first 10 years of service as a police officer or firefighter, 2 1/2% for each of the next 10 years of service as a police officer or firefighter, and 2 3/4% for each year of service as a police officer or firefighter in excess of 20. The retirement annuity for all other service shall be computed under Rule 1.

For purposes of this Rule 4, a participant's service as a firefighter shall also include the following:

(i) service that is performed while the person is an employee under subsection (h) of Section 15-107; and

(ii) in the case of an individual who was a participating employee employed in the fire department of the University of Illinois's Champaign-Urbana campus immediately prior to the elimination of that fire department and who immediately after the elimination of that fire department transferred to another job with the University of Illinois, service performed as an employee of the University of Illinois in a position other than police officer or firefighter, from the date of that transfer until the employee's next termination of service with the University of Illinois.

Rule 5: The retirement annuity of a participant who elected early retirement under the provisions of Section 15-136.2 and who, on or before February 16, 1995, brought administrative proceedings pursuant to the administrative rules adopted by the System to challenge the calculation of his or her retirement annuity shall be the sum of the following, determined from amounts credited to the participant in accordance with the actuarial tables and the prescribed rate of interest in effect at the time the retirement annuity begins:

(i) the normal annuity which can be provided on an actuarially equivalent basis, by the accumulated normal contributions as of the date the annuity begins; and

New matter indicated by italics - deletions by strikeout
(ii) an annuity from employer contributions of an amount equal to that which can be provided on an actuarially equivalent basis from the accumulated normal contributions made by the participant under Section 15-113.6 and Section 15-113.7 plus 1.4 times all other accumulated normal contributions made by the participant; and

(iii) an annuity which can be provided on an actuarially equivalent basis from the employee contribution for early retirement under Section 15-136.2, and an annuity from employer contributions of an amount equal to that which can be provided on an actuarially equivalent basis from the employee contribution for early retirement under Section 15-136.2.

In no event shall a retirement annuity under this Rule 5 be lower than the amount obtained by adding (1) the monthly amount obtained by dividing the combined employee and employer contributions made under Section 15-136.2 by the System's annuity factor for the age of the participant at the beginning of the annuity payment period and (2) the amount equal to the participant's annuity if calculated under Rule 1, reduced under Section 15-136(b) as if no contributions had been made under Section 15-136.2.

With respect to a participant who is qualified for a retirement annuity under this Rule 5 whose retirement annuity began before the effective date of this amendatory Act of the 91st General Assembly, and for whom an employee contribution was made under Section 15-136.2, the System shall recalculate the retirement annuity under this Rule 5 and shall pay any additional amounts due in the manner provided in Section 15-186.1 for benefits mistakenly set too low.

The amount of a retirement annuity calculated under this Rule 5 shall be computed solely on the basis of those contributions specifically set forth in this Rule 5. Except as provided in clause (iii) of this Rule 5, neither an employee nor employer contribution for early retirement under Section 15-136.2, nor any other employer contribution, shall be used in the calculation of the amount of a retirement annuity under this Rule 5.

The General Assembly has adopted the changes set forth in Section 25 of this amendatory Act of the 91st General Assembly in recognition that the decision of the Appellate Court for the Fourth District in Mattis v. State Universities Retirement System et al. might be deemed to give some right to the plaintiff in that case. implementation of the decision of the Appellate Court for the Fourth District in Mattis v. State Universities Retirement System et al. with respect to that plaintiff.

The changes made by Section 25 of this amendatory Act of the 91st General Assembly apply without regard to whether the person is in service as an employee on or after its effective date.

(b) The retirement annuity provided under Rules 1 and 3 above shall be reduced by 1/2 of 1% for each month the participant is under age 60 at the time of retirement. However, this reduction shall not apply in the following cases:

   (1) For a disabled participant whose disability benefits have been discontinued because he or she has exhausted eligibility for disability benefits under clause (6) of Section 15-152;

   (2) For a participant who has at least the number of years of service required to retire at any age under subsection (a) of Section 15-135; or

   (3) For that portion of a retirement annuity which has been provided on account of service of the participant during periods when he or she performed the duties of a police officer or firefighter, if these duties were performed for at least 5 years immediately preceding the date the retirement annuity is to begin.

(c) The maximum retirement annuity provided under Rules 1, 2, 4, and 5 shall be the lesser of (1) the annual limit of benefits as specified in Section 415 of the Internal Revenue Code of 1986, as such Section may be amended from time to time and as such benefit limits shall be adjusted by the Commissioner of Internal Revenue, and (2) 80% of final rate of earnings.

(d) An annuitant whose status as an employee terminates after August 14, 1969 shall receive automatic increases in his or her retirement annuity as follows:

   Effective January 1 immediately following the date the retirement annuity begins, the annuitant shall receive an increase in his or her monthly retirement annuity of 0.125% of the monthly retirement annuity provided under Rule 1, Rule 2, Rule 3, Rule 4, or Rule 5, contained in this Section, multiplied by the number of full months which elapsed from the date the retirement annuity payments began to January 1, 1972, plus 0.1667% of such annuity, multiplied by the number of full months which elapsed from January 1, 1972, or the date the retirement annuity payments began, whichever is later, to January 1, 1978, plus 0.25% of such annuity

multiplied by the number of full months which elapsed from January 1, 1978, or the date the retirement annuity payments began, whichever is later, to the effective date of the increase.

The annuitant shall receive an increase in his or her monthly retirement annuity on each January 1 thereafter during the annuitant's life of 3% of the monthly annuity provided under Rule 1, Rule 2, Rule 3, Rule 4, or Rule 5 contained in this Section. The change made under this subsection by P.A. 81-970 is effective January 1, 1980 and applies to each annuitant whose status as an employee terminates before or after that date.

Beginning January 1, 1990, all automatic annual increases payable under this Section shall be calculated as a percentage of the total annuity payable at the time of the increase, including all increases previously granted under this Article.

The change made in this subsection by P.A. 85-1008 is effective January 26, 1988, and is applicable without regard to whether status as an employee terminated before that date.

(e) If, on January 1, 1987, or the date the retirement annuity payment period begins, whichever is later, the sum of the retirement annuity provided under Rule 1 or Rule 2 of this Section and the automatic annual increases provided under the preceding subsection or Section 15-136.1, amounts to less than the retirement annuity which would be provided by Rule 3, the retirement annuity shall be increased as of January 1, 1987, or the date the retirement annuity payment period begins, whichever is later, to the amount which would be provided by Rule 3 of this Section. Such increased amount shall be considered as the retirement annuity in determining benefits provided under other Sections of this Article. This paragraph applies without regard to whether status as an employee terminated before the effective date of this amendatory Act of 1987, provided that the annuitant was employed at least one-half time during the period on which the final rate of earnings was based.

(f) A participant is entitled to such additional annuity as may be provided on an actuarially equivalent basis, by any accumulated additional contributions to his or her credit. However, the additional contributions made by the participant toward the automatic increases in annuity provided under this Section shall not be taken into account in determining the amount of such additional annuity.

(g) If, (1) by law, a function of a governmental unit, as defined by Section 20-107 of this Code, is transferred in whole or in part to an employer, and (2) a participant transfers employment from such
governmental unit to such employer within 6 months after the transfer of the function, and (3) the sum of (A) the annuity payable to the participant under Rule 1, 2, or 3 of this Section (B) all proportional annuities payable to the participant by all other retirement systems covered by Article 20, and (C) the initial primary insurance amount to which the participant is entitled under the Social Security Act, is less than the retirement annuity which would have been payable if all of the participant's pension credits validated under Section 20-109 had been validated under this system, a supplemental annuity equal to the difference in such amounts shall be payable to the participant.

(h) On January 1, 1981, an annuitant who was receiving a retirement annuity on or before January 1, 1971 shall have his or her retirement annuity then being paid increased $1 per month for each year of creditable service. On January 1, 1982, an annuitant whose retirement annuity began on or before January 1, 1977, shall have his or her retirement annuity then being paid increased $1 per month for each year of creditable service.

(i) On January 1, 1987, any annuitant whose retirement annuity began on or before January 1, 1977, shall have the monthly retirement annuity increased by an amount equal to 8¢ per year of creditable service times the number of years that have elapsed since the annuity began.

Sec. 15-136.4. Retirement and Survivor Benefits Under Portable Benefit Package.

(a) This Section 15-136.4 describes the form of annuity and survivor benefits available to a participant who has elected the portable benefit package and has completed the one-year waiting period required under subsection (e) of Section 15-134.5. For purposes of this Section, the term "eligible spouse" means the husband or wife of a participant to whom the participant is married on the date the participant's annuity payment period begins, provided however, that if the participant should die prior to the commencement of retirement annuity benefits, then "eligible spouse" means the husband or wife, if any, to whom the participant was married throughout the one-year period preceding the date of his or her death.

(b) This subsection (b) describes the normal form of annuity payable to a participant subject to this Section 15-136.4. If the participant is unmarried on the date his or her annuity payment period begins, then the annuity payments shall be made in the form of a single-life annuity as
described in Section 15-118. If the participant is married on the date his or her annuity payments commence, then the annuity payments shall be paid in the form of a qualified joint and survivor annuity that is the actuarial equivalent of the single-life annuity. Under the "qualified joint and survivor annuity", a reduced amount shall be paid to the participant for his or her lifetime and his or her eligible spouse, if surviving at the participant's death, shall be entitled to receive thereafter a lifetime survivorship annuity in a monthly amount equal to 50% of the reduced monthly amount that was payable to the participant. The last payment of a qualified joint and survivor annuity shall be made as of the first day of the month in which the death of the survivor occurs.

(c) Instead of the normal form of annuity that would be paid under subsection (b), a participant may elect in writing within the 180-day period prior to the date his or her annuity payments commence to waive the normal form of annuity payment and receive an optional form of payment as described in subsection (h). If the participant is married and elects an optional form of payment under subsection (h) other than a joint and survivor annuity with the eligible spouse designated as the contingent annuitant, then such election shall require the consent of his or her eligible spouse in the manner described in subsection (d). At any time during the 180-day period preceding the date the participant's payment period begins, the participant may revoke the optional form of payment elected under this subsection (c) and reinstate coverage under the qualified joint and survivor annuity without the spouse's consent, but an election to revoke the optional form elected and elect a new optional form of payment or designate a different contingent annuitant shall not be effective without the eligible spouse's consent.

(d) The eligible spouse's consent to any election made pursuant to this Section that requires the eligible spouse's consent shall be in writing and shall acknowledge the effect of the consent. In addition, the eligible spouse's signature on the written consent must be witnessed by a notary public. The eligible spouse's consent need not be obtained if the system is satisfied that there is no eligible spouse, that the eligible spouse cannot be located, or because of any other relevant circumstances. An eligible spouse's consent under this Section is valid only with respect to the specified optional form of payment and, if applicable, contingent annuitant designated by the participant. If the optional form of payment or the contingent annuitant is subsequently changed (other than by a revocation of the optional form of payment and reinstatement of the qualified joint

New matter indicated by italics - deletions by strikeout
and survivor annuity), a new consent by the eligible spouse is required. The eligible spouse's consent to an election made by a participant pursuant to this Section, once made, may not be revoked by the eligible spouse.

(e) Within a reasonable period of time preceding the date a participant's annuity commences, a participant shall be supplied with a written explanation of (1) the terms and conditions of the normal form single-life annuity and qualified joint and survivor annuity, (2) the participant's right to elect a single-life annuity or an optional form of payment under subsection (h) subject to his or her eligible spouse's consent, if applicable, and (3) the participant's right to reinstate coverage under the qualified joint and survivor annuity prior to his or her annuity commencement date by revoking an election of an optional form of payment under subsection (h).

(f) If a married participant with at least 1.5 years of service dies prior to commencing retirement annuity payments and prior to taking a refund under Section 15-154, his or her eligible spouse is entitled to receive a pre-retirement survivor annuity, if there is not then in effect a waiver of the pre-retirement survivor annuity. The pre-retirement survivor annuity payable under this subsection shall be a monthly annuity payable for the eligible spouse's life, commencing as of the beginning of the month next following the later of the date of the participant's death or the date the participant would have first met the eligibility requirements for retirement, and continuing through the beginning of the month in which the death of the eligible spouse occurs. The monthly amount payable to the spouse under the pre-retirement survivor annuity shall be equal to the monthly amount that would be payable as a survivor annuity under the qualified joint and survivor annuity described in subsection (b) if: (1) in the case of a participant who dies on or after the date on which the participant has met the eligibility requirements for retirement, the participant had retired with an immediate qualified joint and survivor annuity on the day before the participant's date of death; or (2) in the case of a participant who dies before the earliest date on which the participant would have met the eligibility requirements for retirement age, the participant had separated from service on the date of death, survived to the earliest retirement age based on service prior to his or her death, retired with an immediate qualified joint and survivor annuity at the earliest retirement age, and died on the day after the day on which the participant would have attained the earliest retirement age.

(g) A married participant who has not retired may elect at any time to waive the pre-retirement survivor annuity described in subsection (f). Any such election shall require the consent of the participant's eligible spouse in the manner described in subsection (d). A waiver of the pre-retirement survivor annuity shall increase the lump sum death benefit payable under subsection (b) of Section 15-141. Prior to electing any waiver of the pre-retirement survivor annuity, the participant shall be provided with a written explanation of (1) the terms and conditions of the pre-retirement survivor annuity and the death benefits payable from the system both with and without the pre-retirement survivor annuity, (2) the participant's right to elect a waiver of the pre-retirement survivor annuity coverage subject to his or her spouse's consent, and (3) the participant's right to reinstate pre-retirement survivor annuity coverage at any time by revoking a prior waiver of such coverage.

(h) By filing a timely election with the system, a participant who will be eligible to receive a retirement annuity under this Section may waive the normal form of annuity payment described in subsection (b), subject to obtaining the consent of his or her eligible spouse, if applicable, and elect to receive any one of the following optional forms of payment:

1. Joint and Survivor Annuity Options: The participant may elect to receive a reduced annuity payable for his or her life and to have a lifetime survivorship annuity in a monthly amount equal to 50%, 75%, or 100% (as elected by the participant) of that reduced monthly amount, to be paid after the participant's death to his or her contingent annuitant, if the contingent annuitant is alive at the time of the participant's death.

2. Single-Life Annuity Option (optional for married participants). The participant may elect to receive a single-life annuity payable for his or her life only.

3. Lump sum retirement benefit. The participant may elect to receive a lump sum retirement benefit that is equal to the amount of a refund payable under Section 15-154(a-2).

All joint and survivor annuity forms shall be in an amount that is the actuarial equivalent of the single-life annuity.

For the purposes of this Section, the term "contingent annuitant" means the beneficiary who is designated by a participant at the time the participant elects a joint and survivor annuity to receive the lifetime survivorship annuity in the event the beneficiary survives the participant at the participant's death.

New matter indicated by italics - deletions by strikeout
(i) Under no circumstances may an option be elected, changed, or revoked after the date the participant's retirement annuity commences.

(j) An election made pursuant to subsection (h) shall become inoperative if the participant or the contingent annuitant dies before the date the participant's annuity payments commence, or if the eligible spouse's consent is required and not given.

(k) (Blank).

(l) The automatic annual increases described in subsection (d) of Section 15-136 shall apply to retirement benefits under the portable benefit package and the automatic annual increases described in subsection (j) of Section 15-145 shall apply to survivor benefits under the portable benefit package.

(40 ILCS 5/15-139) (from Ch. 108 1/2, par. 15-139)

Sec. 15-139. Retirement annuities; cancellation; suspended during employment.

(a) If an annuitant returns to employment for an employer within 60 days after the beginning of the retirement annuity payment period, the retirement annuity shall be cancelled, and the annuitant shall refund to the System the total amount of the retirement annuity payments which he or she received. If the retirement annuity is cancelled, the participant shall continue to participate in the System.

(b) If an annuitant retires prior to age 60 and receives or becomes entitled to receive during any month compensation in excess of the monthly retirement annuity (including any automatic annual increases) for services performed after the date of retirement for any employer under this System, that portion of the monthly retirement annuity provided by employer contributions shall not be payable.

If an annuitant retires at age 60 or over and receives or becomes entitled to receive during any academic year compensation in excess of the difference between his or her highest annual earnings prior to retirement and his or her annual retirement annuity computed under Rule 1, Rule 2, Rule 3, Rule 4, or Rule 5 of Section 15-136, or under Section 15-136.4, for services performed after the date of retirement for any employer under this System, that portion of the monthly retirement annuity provided by employer contributions shall be reduced by an amount equal to the compensation that exceeds such difference.

However, any remuneration received for serving as a member of the Illinois Educational Labor Relations Board shall be excluded from...
"compensation" for the purposes of this subsection (b), and serving as a member of the Illinois Educational Labor Relations Board shall not be deemed to be a return to employment for the purposes of this Section. This provision applies without regard to whether service was terminated prior to the effective date of this amendatory Act of 1991.

(c) If an employer certifies that an annuitant has been reemployed on a permanent and continuous basis or in a position in which the annuitant is expected to serve for at least 9 months, the annuitant shall resume his or her status as a participating employee and shall be entitled to all rights applicable to participating employees upon filing with the board an election to forego all annuity payments during the period of reemployment. Upon subsequent retirement, the retirement annuity shall consist of the annuity which was terminated by the reemployment, plus the additional retirement annuity based upon service granted during the period of reemployment, but the combined retirement annuity shall not exceed the maximum annuity applicable on the date of the last retirement.

The total service and earnings credited before and after the initial date of retirement shall be considered in determining eligibility of the employee or the employee's beneficiary to benefits under this Article, and in calculating final rate of earnings.

In determining the death benefit payable to a beneficiary of an annuitant who again becomes a participating employee under this Section, accumulated normal and additional contributions shall be considered as the sum of the accumulated normal and additional contributions at the date of initial retirement and the accumulated normal and additional contributions credited after that date, less the sum of the annuity payments received by the annuitant.

The survivors insurance benefits provided under Section 15-145 shall not be applicable to an annuitant who resumes his or her status as a participating employee, unless the annuitant, at the time of initial retirement, has a survivors insurance beneficiary who could qualify for such benefits.

If the participant's employment is terminated because of circumstances other than death before 9 months from the date of reemployment, the provisions of this Section regarding resumption of status as a participating employee shall not apply. The normal and survivors insurance contributions which are deducted during this period shall be refunded to the annuitant without interest, and subsequent benefits

under this Article shall be the same as those which were applicable prior to the date the annuitant resumed employment.

The amendments made to this Section by this amendatory Act of the 91st General Assembly apply without regard to whether the annuitant was in service on or after the effective date of this amendatory Act.

The board's determination of whether a participant is disabled shall be based upon:

(i) a written certificate from one or more licensed and practicing physicians appointed by or acceptable to the board, stating that the participant is unable to engage in any substantial gainful activity; and

(i) Any municipality making a certified report to the Secretary of State under this subsection shall notify the Secretary of State, in a form prescribed by the Secretary, whenever a person named in the certified report has subsequently paid a vehicle tax or whenever the municipality determines that the original report was in error. An order issued after the hearing is a final administrative decision within the meaning of Section 3-101 of the Code of Civil Procedure.

(4) A post-immobilization and post-towing notice shall be provided to the registered owner of the vehicle advising the registered owner of the right to a hearing to challenge the validity of the impoundment.

(b) Judicial review of final determinations of vehicle tax violations and final administrative decisions issued after hearings regarding vehicle immobilization and impoundment made under this Section shall be subject to the Administrative Review Law.

(215 ILCS 136/30)

Sec. 30. Termination of portable electronics insurance. Notwithstanding any other provision of law:

1. An insurer may terminate or otherwise change the terms and conditions of a policy of portable electronics insurance only upon providing the policyholder and enrolled customers with at least 60 days notice.

2. If the insurer changes the terms and conditions, then the insurer shall provide the vendor policyholder with a revised policy or endorsement and each enrolled customer with a revised certificate, endorsement, updated brochure, or other evidence indicating that a change in the terms and conditions has occurred and a summary of the material changes.

4. Notwithstanding item (2) of this Section, an insurer may immediately terminate an enrolled customer's enrollment under a portable electronics insurance policy:
   (A) for nonpayment of premium;
   (B) if the enrolled customer ceases to have an active service with the vendor of portable electronics; or
   (C) if an enrolled customer exhausts the aggregate limit of liability, if any, under the terms of the portable electronics insurance policy and the insurer sends notice of termination to the enrolled customer within 30 calendar days after exhaustion of the limit; however, if notice is not timely sent, enrollment shall continue, notwithstanding the aggregate limit of liability, until the insurer sends notice of termination to the enrolled customer.

5. When a portable electronics insurance policy is terminated by a policyholder, the policyholder shall mail or deliver written notice to each enrolled customer advising the enrolled

Notwithstanding any other provision of law, notices and correspondence may be sent either by mail or by electronic means as set forth in this paragraph (6). PUBLIC ACT 97-0941
(Senate Bill No. 2569)

AN ACT concerning civil law.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Marriage and Dissolution of Marriage Act is amended by changing Sections 503 and 505 as follows:

(750 ILCS 5/503) (from Ch. 40, par. 503)
Sec. 503. Disposition of property.
(a) For purposes of this Act, "marital property" means all property acquired by either spouse subsequent to the marriage, except the following, which is known as "non-marital property":

(1) property acquired by gift, legacy or descent;
(2) property acquired in exchange for property acquired before the marriage or in exchange for property acquired by gift, legacy or descent;
(3) property acquired by a spouse after a judgment of legal separation;
(4) property excluded by valid agreement of the parties;
(5) any judgment or property obtained by judgment awarded to a spouse from the other spouse;
(6) property acquired before the marriage;
(7) the increase in value of property acquired by a method listed in paragraphs (1) through (6) of this subsection, irrespective of whether the increase results from a contribution of marital property, non-marital property, the personal effort of a spouse, or

New matter indicated by italics - deletions by strikeout
otherwise, subject to the right of reimbursement provided in subsection (c) of this Section; and

(8) income from property acquired by a method listed in paragraphs (1) through (7) of this subsection if the income is not attributable to the personal effort of a spouse.

(b)(1) For purposes of distribution of property pursuant to this Section, all property acquired by either spouse after the marriage and before a judgment of dissolution of marriage or declaration of invalidity of marriage, including non-marital property transferred into some form of co-ownership between the spouses, is presumed to be marital property, regardless of whether title is held individually or by the spouses in some form of co-ownership such as joint tenancy, tenancy in common, tenancy by the entirety, or community property. The presumption of marital property is overcome by a showing that the property was acquired by a method listed in subsection (a) of this Section.

(2) For purposes of distribution of property pursuant to this Section, all pension benefits (including pension benefits under the Illinois Pension Code) acquired by either spouse after the marriage and before a judgment of dissolution of marriage or declaration of invalidity of the marriage are presumed to be marital property, regardless of which spouse participates in the pension plan. The presumption that these pension benefits are marital property is overcome by a showing that the pension benefits were acquired by a method listed in subsection (a) of this Section. The right to a division of pension benefits in just proportions under this Section is enforceable under Section 1-119 of the Illinois Pension Code.

The value of pension benefits in a retirement system subject to the Illinois Pension Code shall be determined in accordance with the valuation procedures established by the retirement system.

The recognition of pension benefits as marital property and the division of those benefits pursuant to a Qualified Illinois Domestic Relations Order shall not be deemed to be a diminishment, alienation, or impairment of those benefits. The division of pension benefits is an allocation of property in which each spouse has a species of common ownership.

(3) For purposes of distribution of property under this Section, all stock options granted to either spouse after the marriage and before a judgment of dissolution of marriage or declaration of invalidity of marriage, whether vested or non-vested or whether their value is ascertainable, are presumed to be marital property. This presumption of

New matter indicated by italics - deletions by strikeout
marital property is overcome by a showing that the stock options were acquired by a method listed in subsection (a) of this Section. The court shall allocate stock options between the parties at the time of the judgment of dissolution of marriage or declaration of invalidity of marriage recognizing that the value of the stock options may not be then determinable and that the actual division of the options may not occur until a future date. In making the allocation between the parties, the court shall consider, in addition to the factors set forth in subsection (d) of this Section, the following:

(i) All circumstances underlying the grant of the stock option including but not limited to whether the grant was for past, present, or future efforts, or any combination thereof.

(ii) The length of time from the grant of the option to the time the option is exercisable.

(b-5) As to any policy of life insurance insuring the life of either spouse, or any interest in such policy, that constitutes marital property, whether whole life, term life, group term life, universal life, or other form of life insurance policy, and whether or not the value is ascertainable, the court shall allocate ownership, death benefits or the right to assign death benefits, and the obligation for premium payments, if any, equitably between the parties at the time of the judgment for dissolution or declaration of invalidity of marriage.

(c) Commingled marital and non-marital property shall be treated in the following manner, unless otherwise agreed by the spouses:

(1) When marital and non-marital property are commingled by contributing one estate of property into another resulting in a loss of identity of the contributed property, the classification of the contributed property is transmuted to the estate receiving the contribution, subject to the provisions of paragraph (2) of this subsection; provided that if marital and non-marital property are commingled into newly acquired property resulting in a loss of identity of the contributing estates, the commingled property shall be deemed transmuted to marital property, subject to the provisions of paragraph (2) of this subsection.

(2) When one estate of property makes a contribution to another estate of property, or when a spouse contributes personal effort to non-marital property, the contributing estate shall be reimbursed from the estate receiving the contribution notwithstanding any transmutation; provided, that no such

reimbursement shall be made with respect to a contribution which is not retraceable by clear and convincing evidence, or was a gift, or, in the case of a contribution of personal effort of a spouse to non-marital property, unless the effort is significant and results in substantial appreciation of the non-marital property. Personal effort of a spouse shall be deemed a contribution by the marital estate. The court may provide for reimbursement out of the marital property to be divided or by imposing a lien against the non-marital property which received the contribution.

(d) In a proceeding for dissolution of marriage or declaration of invalidity of marriage, or in a proceeding for disposition of property following dissolution of marriage by a court which lacked personal jurisdiction over the absent spouse or lacked jurisdiction to dispose of the property, the court shall assign each spouse's non-marital property to that spouse. It also shall divide the marital property without regard to marital misconduct in just proportions considering all relevant factors, including:

(1) the contribution of each party to the acquisition, preservation, or increase or decrease in value of the marital or non-marital property, including (i) any such decrease attributable to a payment deemed to have been an advance from the parties' marital estate under subsection (c-1)(2) of Section 501 and (ii) the contribution of a spouse as a homemaker or to the family unit;

(2) the dissipation by each party of the marital or non-marital property, provided that a party's claim of dissipation is subject to the following conditions:

(i) a notice of intent to claim dissipation shall be given no later than 60 days before trial or 30 days after discovery closes, whichever is later;

(ii) the notice of intent to claim dissipation shall contain, at a minimum, a date or period of time during which the marriage began undergoing an irretrievable breakdown, an identification of the property dissipated, and a date or period of time during which the dissipation occurred;

(iii) the notice of intent to claim dissipation shall be filed with the clerk of the court and be served pursuant to applicable rules;

(iv) no dissipation shall be deemed to have occurred prior to 5 years before the filing of the petition for

dissolution of marriage, or 3 years after the party claiming
dissipation knew or should have known of the dissipation;
(3) the value of the property assigned to each spouse;
(4) the duration of the marriage;
(5) the relevant economic circumstances of each spouse
when the division of property is to become effective, including the
desirability of awarding the family home, or the right to live therein
for reasonable periods, to the spouse having custody of the
children;
(6) any obligations and rights arising from a prior marriage
of either party;
(7) any antenuptial agreement of the parties;
(8) the age, health, station, occupation, amount and sources
of income, vocational skills, employability, estate, liabilities, and
needs of each of the parties;
(9) the custodial provisions for any children;
(10) whether the apportionment is in lieu of or in addition
to maintenance;
(11) the reasonable opportunity of each spouse for future
acquisition of capital assets and income; and
(12) the tax consequences of the property division upon the
respective economic circumstances of the parties.
(e) Each spouse has a species of common ownership in the marital
property which vests at the time dissolution proceedings are commenced
and continues only during the pendency of the action. Any such interest in
marital property shall not encumber that property so as to restrict its
transfer, assignment or conveyance by the title holder unless such title
holder is specifically enjoined from making such transfer, assignment or
conveyance.
(f) In a proceeding for dissolution of marriage or declaration of
invalidity of marriage or in a proceeding for disposition of property
following dissolution of marriage by a court that lacked personal
jurisdiction over the absent spouse or lacked jurisdiction to dispose of the
property, the court, in determining the value of the marital and non-marital
property for purposes of dividing the property, shall value the property as
of the date of trial or some other date as close to the date of trial as is
practicable.
(g) The court if necessary to protect and promote the best interests
of the children may set aside a portion of the jointly or separately held

estates of the parties in a separate fund or trust for the support, maintenance, education, physical and mental health, and general welfare of any minor, dependent, or incompetent child of the parties. In making a determination under this subsection, the court may consider, among other things, the conviction of a party of any of the offenses set forth in Section 11-1.20, 11-1.30, 11-1.40, 11-1.50, 11-1.60, 12-3.3, 12-4, 12-4.1, 12-4.2, 12-4.3, 12-13, 12-14, 12-14.1, 12-15, or 12-16, or Section 12-3.05 except for subdivision (a)(4) or (g)(1), of the Criminal Code of 1961 if the victim is a child of one or both of the parties, and there is a need for, and cost of, care, healing and counseling for the child who is the victim of the crime.

(h) Unless specifically directed by a reviewing court, or upon good cause shown, the court shall not on remand consider any increase or decrease in the value of any "marital" or "non-marital" property occurring since the assessment of such property at the original trial or hearing, but shall use only that assessment made at the original trial or hearing.

(i) The court may make such judgments affecting the marital property as may be just and may enforce such judgments by ordering a sale of marital property, with proceeds therefrom to be applied as determined by the court.

(j) After proofs have closed in the final hearing on all other issues between the parties (or in conjunction with the final hearing, if all parties so stipulate) and before judgment is entered, a party's petition for contribution to fees and costs incurred in the proceeding shall be heard and decided, in accordance with the following provisions:

(1) A petition for contribution, if not filed before the final hearing on other issues between the parties, shall be filed no later than 30 days after the closing of proofs in the final hearing or within such other period as the court orders.

(2) Any award of contribution to one party from the other party shall be based on the criteria for division of marital property under this Section 503 and, if maintenance has been awarded, on the criteria for an award of maintenance under Section 504.

(3) The filing of a petition for contribution shall not be deemed to constitute a waiver of the attorney-client privilege between the petitioning party and current or former counsel; and such a waiver shall not constitute a prerequisite to a hearing for contribution. If either party's presentation on contribution, however, includes evidence within the scope of the attorney-client privilege, the disclosure or disclosures shall be narrowly construed.
and shall not be deemed by the court to constitute a general waiver of the privilege as to matters beyond the scope of the presentation.

(4) No finding on which a contribution award is based or denied shall be asserted against counsel or former counsel for purposes of any hearing under subsection (c) or (e) of Section 508.

(5) A contribution award (payable to either the petitioning party or the party's counsel, or jointly, as the court determines) may be in the form of either a set dollar amount or a percentage of fees and costs (or a portion of fees and costs) to be subsequently agreed upon by the petitioning party and counsel or, alternatively, thereafter determined in a hearing pursuant to subsection (c) of Section 508 or previously or thereafter determined in an independent proceeding under subsection (e) of Section 508.

(6) The changes to this Section 503 made by this amendatory Act of 1996 apply to cases pending on or after June 1, 1997, except as otherwise provided in Section 508.

The changes made to this Section by this amendatory Act of the 97th General Assembly apply only to petitions for dissolution of marriage filed on or after the effective date of this amendatory Act of the 97th General Assembly.

(750 ILCS 5/505) (from Ch. 40, par. 505)

Sec. 505. Child support; contempt; penalties.

(a) In a proceeding for dissolution of marriage, legal separation, declaration of invalidity of marriage, a proceeding for child support following dissolution of the marriage by a court that lacked personal jurisdiction over the absent spouse, a proceeding for modification of a previous order for child support under Section 510 of this Act, or any proceeding authorized under Section 501 or 601 of this Act, the court may order either or both parents owing a duty of support to a child of the marriage to pay an amount reasonable and necessary for the support of the child, without regard to marital misconduct. The duty of support owed to a child includes the obligation to provide for the reasonable and necessary educational, physical, mental and emotional health needs of the child. For purposes of this Section, the term "child" shall include any child under age 18 and any child under age 19 who is still attending high school.

(1) The Court shall determine the minimum amount of support by using the following guidelines:

<table>
<thead>
<tr>
<th>Number of Children</th>
<th>Percent of Supporting Party's Net Income</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>20%</td>
</tr>
<tr>

<tr>

<tr>

(2) The above guidelines shall be applied in each case unless the court finds that a deviation from the guidelines is appropriate after considering the best interest of the child in light of the evidence, including, but not limited to, makes a finding that application of the guidelines would be inappropriate, after considering the best interests of the child in light of evidence including but not limited to one or more of the following relevant factors:

(a) the financial resources and needs of the child;
(b) the financial resources and needs of the custodial parent;
(c) the standard of living the child would have enjoyed had the marriage not been dissolved;
(d) the physical, mental, and emotional needs condition of the child; and his educational needs; and
(d-5) the educational needs of the child; and
(e) the financial resources and needs of the non-custodial parent.

If the court deviates from the guidelines, the court's finding shall state the amount of support that would have been required under the guidelines, if determinable. The court shall include the reason or reasons for the variance from the guidelines.

(2.5) The court, in its discretion, in addition to setting child support pursuant to the guidelines and factors, may order either or both parents owing a duty of support to a child of the marriage to contribute to the following expenses, if determined by the court to be reasonable:

(a) health needs not covered by insurance;
(b) child care;

(c) education; and
(d) extracurricular activities.

(3) "Net income" is defined as the total of all income from all sources, minus the following deductions:

(a) Federal income tax (properly calculated withholding or estimated payments);
(b) State income tax (properly calculated withholding or estimated payments);
(c) Social Security (FICA payments);
(d) Mandatory retirement contributions required by law or as a condition of employment;
(e) Union dues;
(f) Dependent and individual health/hospitalization insurance premiums and life insurance premiums for life insurance ordered by the court to reasonably secure child support or support ordered pursuant to Section 513, any such order to entail provisions on which the parties agree or, otherwise, in accordance with the limitations set forth in subsection 504(f)(1) and (2);
(g) Prior obligations of support or maintenance actually paid pursuant to a court order;
(h) Expenditures for repayment of debts that represent reasonable and necessary expenses for the production of income, medical expenditures necessary to preserve life or health, reasonable expenditures for the benefit of the child and the other parent, exclusive of gifts. The court shall reduce net income in determining the minimum amount of support to be ordered only for the period that such payments are due and shall enter an order containing provisions for its self-executing modification upon termination of such payment period;
(i) Foster care payments paid by the Department of Children and Family Services for providing licensed foster care to a foster child.

(4) In cases where the court order provides for health/hospitalization insurance coverage pursuant to Section 505.2 of this Act, the premiums for that insurance, or that portion of the premiums for which the supporting party is responsible in the case of insurance provided through an employer's health insurance plan

New matter indicated by italics - deletions by strikeout
where the employer pays a portion of the premiums, shall be subtracted from net income in determining the minimum amount of support to be ordered.

(4.5) In a proceeding for child support following dissolution of the marriage by a court that lacked personal jurisdiction over the absent spouse, and in which the court is requiring payment of support for the period before the date an order for current support is entered, there is a rebuttable presumption that the supporting party's net income for the prior period was the same as his or her net income at the time the order for current support is entered.

(5) If the net income cannot be determined because of default or any other reason, the court shall order support in an amount considered reasonable in the particular case. The final order in all cases shall state the support level in dollar amounts. However, if the court finds that the child support amount cannot be expressed exclusively as a dollar amount because all or a portion of the payor's net income is uncertain as to source, time of payment, or amount, the court may order a percentage amount of support in addition to a specific dollar amount and enter such other orders as may be necessary to determine and enforce, on a timely basis, the applicable support ordered.

(6) If (i) the non-custodial parent was properly served with a request for discovery of financial information relating to the non-custodial parent's ability to provide child support, (ii) the non-custodial parent failed to comply with the request, despite having been ordered to do so by the court, and (iii) the non-custodial parent is not present at the hearing to determine support despite having received proper notice, then any relevant financial information concerning the non-custodial parent's ability to provide child support that was obtained pursuant to subpoena and proper notice shall be admitted into evidence without the need to establish any further foundation for its admission.

(a-5) In an action to enforce an order for support based on the respondent's failure to make support payments as required by the order, notice of proceedings to hold the respondent in contempt for that failure may be served on the respondent by personal service or by regular mail addressed to the respondent's last known address. The respondent's last known address may be determined from records of the clerk of the court,
from the Federal Case Registry of Child Support Orders, or by any other reasonable means.

(b) Failure of either parent to comply with an order to pay support shall be punishable as in other cases of contempt. In addition to other penalties provided by law the Court may, after finding the parent guilty of contempt, order that the parent be:

(1) placed on probation with such conditions of probation as the Court deems advisable;

(2) sentenced to periodic imprisonment for a period not to exceed 6 months; provided, however, that the Court may permit the parent to be released for periods of time during the day or night to:
   (A) work; or
   (B) conduct a business or other self-employed occupation.

The Court may further order any part or all of the earnings of a parent during a sentence of periodic imprisonment paid to the Clerk of the Circuit Court or to the parent having custody or to the guardian having custody of the children of the sentenced parent for the support of said children until further order of the Court.

If there is a unity of interest and ownership sufficient to render no financial separation between a non-custodial parent and another person or persons or business entity, the court may pierce the ownership veil of the person, persons, or business entity to discover assets of the non-custodial parent held in the name of that person, those persons, or that business entity. The following circumstances are sufficient to authorize a court to order discovery of the assets of a person, persons, or business entity and to compel the application of any discovered assets toward payment on the judgment for support:

(1) the non-custodial parent and the person, persons, or business entity maintain records together.

(2) the non-custodial parent and the person, persons, or business entity fail to maintain an arm's length relationship between themselves with regard to any assets.

(3) the non-custodial parent transfers assets to the person, persons, or business entity with the intent to perpetrate a fraud on the custodial parent.

With respect to assets which are real property, no order entered under this paragraph shall affect the rights of bona fide purchasers, mortgagees, judgment creditors, or other lien holders who acquire their

interests in the property prior to the time a notice of lis pendens pursuant to the Code of Civil Procedure or a copy of the order is placed of record in the office of the recorder of deeds for the county in which the real property is located.

The court may also order in cases where the parent is 90 days or more delinquent in payment of support or has been adjudicated in arrears in an amount equal to 90 days obligation or more, that the parent's Illinois driving privileges be suspended until the court determines that the parent is in compliance with the order of support. The court may also order that the parent be issued a family financial responsibility driving permit that would allow limited driving privileges for employment and medical purposes in accordance with Section 7-702.1 of the Illinois Vehicle Code. The clerk of the circuit court shall certify the order suspending the driving privileges of the parent or granting the issuance of a family financial responsibility driving permit to the Secretary of State on forms prescribed by the Secretary. Upon receipt of the authenticated documents, the Secretary of State shall suspend the parent's driving privileges until further order of the court and shall, if ordered by the court, subject to the provisions of Section 7-702.1 of the Illinois Vehicle Code, issue a family financial responsibility driving permit to the parent.

In addition to the penalties or punishment that may be imposed under this Section, any person whose conduct constitutes a violation of Section 15 of the Non-Support Punishment Act may be prosecuted under that Act, and a person convicted under that Act may be sentenced in accordance with that Act. The sentence may include but need not be limited to a requirement that the person perform community service under Section 50 of that Act or participate in a work alternative program under Section 50 of that Act. A person may not be required to participate in a work alternative program under Section 50 of that Act if the person is currently participating in a work program pursuant to Section 505.1 of this Act.

A support obligation, or any portion of a support obligation, which becomes due and remains unpaid as of the end of each month, excluding the child support that was due for that month to the extent that it was not paid in that month, shall accrue simple interest as set forth in Section 12-109 of the Code of Civil Procedure. An order for support entered or modified on or after January 1, 2006 shall contain a statement that a support obligation required under the order, or any portion of a support obligation required under the order, that becomes due and remains unpaid
as of the end of each month, excluding the child support that was due for that month to the extent that it was not paid in that month, shall accrue simple interest as set forth in Section 12-109 of the Code of Civil Procedure. Failure to include the statement in the order for support does not affect the validity of the order or the accrual of interest as provided in this Section.

(c) A one-time charge of 20% is imposable upon the amount of past-due child support owed on July 1, 1988 which has accrued under a support order entered by the court. The charge shall be imposed in accordance with the provisions of Section 10-21 of the Illinois Public Aid Code and shall be enforced by the court upon petition.

(d) Any new or existing support order entered by the court under this Section shall be deemed to be a series of judgments against the person obligated to pay support thereunder, each such judgment to be in the amount of each payment or installment of support and each such judgment to be deemed entered as of the date the corresponding payment or installment becomes due under the terms of the support order. Each such judgment shall have the full force, effect and attributes of any other judgment of this State, including the ability to be enforced. Notwithstanding any other State or local law to the contrary, a lien arises by operation of law against the real and personal property of the noncustodial parent for each installment of overdue support owed by the noncustodial parent.

(e) When child support is to be paid through the clerk of the court in a county of 1,000,000 inhabitants or less, the order shall direct the obligor to pay to the clerk, in addition to the child support payments, all fees imposed by the county board under paragraph (3) of subsection (u) of Section 27.1 of the Clerks of Courts Act. Unless paid in cash or pursuant to an order for withholding, the payment of the fee shall be by a separate instrument from the support payment and shall be made to the order of the Clerk.

(f) All orders for support, when entered or modified, shall include a provision requiring the obligor to notify the court and, in cases in which a party is receiving child and spouse services under Article X of the Illinois Public Aid Code, the Department of Healthcare and Family Services, within 7 days, (i) of the name and address of any new employer of the obligor, (ii) whether the obligor has access to health insurance coverage through the employer or other group coverage and, if so, the policy name and number and the names of persons covered under the policy, and (iii) of

any new residential or mailing address or telephone number of the non-custodial parent. In any subsequent action to enforce a support order, upon a sufficient showing that a diligent effort has been made to ascertain the location of the non-custodial parent, service of process or provision of notice necessary in the case may be made at the last known address of the non-custodial parent in any manner expressly provided by the Code of Civil Procedure or this Act, which service shall be sufficient for purposes of due process.

(g) An order for support shall include a date on which the current support obligation terminates. The termination date shall be no earlier than the date on which the child covered by the order will attain the age of 18. However, if the child will not graduate from high school until after attaining the age of 18, then the termination date shall be no earlier than the earlier of the date on which the child's high school graduation will occur or the date on which the child will attain the age of 19. The order for support shall state that the termination date does not apply to any arrearage that may remain unpaid on that date. Nothing in this subsection shall be construed to prevent the court from modifying the order or terminating the order in the event the child is otherwise emancipated.

(g-5) If there is an unpaid arrearage or delinquency (as those terms are defined in the Income Withholding for Support Act) equal to at least one month's support obligation on the termination date stated in the order for support or, if there is no termination date stated in the order, on the date the child attains the age of majority or is otherwise emancipated, the periodic amount required to be paid for current support of that child immediately prior to that date shall automatically continue to be an obligation, not as current support but as periodic payment toward satisfaction of the unpaid arrearage or delinquency. That periodic payment shall be in addition to any periodic payment previously required for satisfaction of the arrearage or delinquency. The total periodic amount to be paid toward satisfaction of the arrearage or delinquency may be enforced and collected by any method provided by law for enforcement and collection of child support, including but not limited to income withholding under the Income Withholding for Support Act. Each order for support entered or modified on or after the effective date of this amendatory Act of the 93rd General Assembly must contain a statement notifying the parties of the requirements of this subsection. Failure to include the statement in the order for support does not affect the validity of the order or the operation of the provisions of this subsection with regard
to the order. This subsection shall not be construed to prevent or affect the establishment or modification of an order for support of a minor child or the establishment or modification of an order for support of a non-minor child or educational expenses under Section 513 of this Act.

(h) An order entered under this Section shall include a provision requiring the obligor to report to the obligee and to the clerk of court within 10 days each time the obligor obtains new employment, and each time the obligor's employment is terminated for any reason. The report shall be in writing and shall, in the case of new employment, include the name and address of the new employer. Failure to report new employment or the termination of current employment, if coupled with nonpayment of support for a period in excess of 60 days, is indirect criminal contempt. For any obligor arrested for failure to report new employment bond shall be set in the amount of the child support that should have been paid during the period of unreported employment. An order entered under this Section shall also include a provision requiring the obligor and obligee parents to advise each other of a change in residence within 5 days of the change except when the court finds that the physical, mental, or emotional health of a party or that of a child, or both, would be seriously endangered by disclosure of the party's address.

(i) The court does not lose the powers of contempt, driver's license suspension, or other child support enforcement mechanisms, including, but not limited to, criminal prosecution as set forth in this Act, upon the emancipation of the minor child or children.

AN ACT concerning revenue.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Property Tax Code is amended by changing Section 21-15 as follows:

(35 ILCS 200/21-15)

Sec. 21-15. General tax due dates; default by mortgage lender. Except as otherwise provided in this Section or Section 21-40, all property upon which the first installment of taxes remains unpaid on the later of (i) June 1 or (ii) the day after the date specified on the real estate tax bill as the first installment due date annually shall be deemed delinquent and shall bear interest after that date at the rate of 1 1/2% per month or portion thereof. Except as otherwise provided in this Section or Section 21-40, all property upon which the second installment of taxes remains due and unpaid on the later of (i) September 1 or (ii) the day after the date specified on the real estate tax bill as the second installment due date, annually, shall be deemed delinquent and shall bear interest after that date at the same interest rate. All interest collected shall be paid into the general fund of the county. Payment received by mail and postmarked on or before the required due date is not delinquent.

Property not subject to the interest charge in Section 9-260 or Section 9-265 shall also not be subject to the interest charge imposed by this Section until such time as the owner of the property receives actual notice of and is billed for the principal amount of back taxes due and owing.

If an Illinois resident who is a member of the Illinois National Guard or a reserve component of the armed forces of the United States and who has an ownership interest in property taxed under this Act is called to active duty for deployment outside the continental United States and is on active duty on the due date of any installment of taxes due under this Act, he or she shall not be deemed delinquent in the payment of the installment and no interest shall accrue or be charged as a penalty on the installment until 180 days after that member returns from active duty. To be deemed not delinquent in the payment of an installment of taxes and any interest on that installment, the reservist or guardsperson must make a reasonable effort to notify the county clerk and the county collector of his or her

activation to active duty and must notify the county clerk and the county collector within 180 days after his or her deactivation and provide verification of the date of his or her deactivation. An installment of property taxes on the property of any reservist or guardsperson who fails to provide timely notice and verification of deactivation to the county clerk is subject to interest and penalties as delinquent taxes under this Code from the date of deactivation.

Notwithstanding any other provision of law, when any unpaid taxes become delinquent under this Section through the fault of the mortgage lender, (i) the interest assessed under this Section for delinquent taxes shall be charged against the mortgage lender and not the mortgagor and (ii) the mortgage lender shall pay the taxes, redeem the property and take all necessary steps to remove any liens accruing against the property because of the delinquency. In the event that more than one entity meets the definition of mortgage lender with respect to any mortgage, the interest shall be assessed against the mortgage lender responsible for servicing the mortgage. Unpaid taxes shall be deemed delinquent through the fault of the mortgage lender only if: (a) the mortgage lender has received all payments due the mortgage lender for the property being taxed under the written terms of the mortgage or promissory note secured by the mortgage, (b) the mortgage lender holds funds in escrow to pay the taxes, and (c) the funds are sufficient to pay the taxes after deducting all amounts reasonably anticipated to become due for all hazard insurance premiums and mortgage insurance premiums and any other assessments to be paid from the escrow under the terms of the mortgage. For purposes of this Section, an amount is reasonably anticipated to become due if it is payable within 12 months from the time of determining the sufficiency of funds held in escrow. Unpaid taxes shall not be deemed delinquent through the fault of the mortgage lender if the mortgage lender was directed in writing by the mortgagor not to pay the property taxes, or if the failure to pay the taxes when due resulted from inadequate or inaccurate parcel information provided by the mortgagor, a title or abstract company, or by the agency or unit of government assessing the tax.

AN ACT concerning safety.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Administrative Procedure Act is amended by changing Section 1-5 as follows:

Sec. 1-5. Applicability.

(a) This Act applies to every agency as defined in this Act. Beginning January 1, 1978, in case of conflict between the provisions of this Act and the Act creating or conferring power on an agency, this Act shall control. If, however, an agency (or its predecessor in the case of an agency that has been consolidated or reorganized) has existing procedures on July 1, 1977, specifically for contested cases or licensing, those existing provisions control, except that this exception respecting contested cases and licensing does not apply if the Act creating or conferring power on the agency adopts by express reference the provisions of this Act. Where the Act creating or conferring power on an agency establishes administrative procedures not covered by this Act, those procedures shall remain in effect.

(b) The provisions of this Act do not apply to (i) preliminary hearings, investigations, or practices where no final determinations affecting State funding are made by the State Board of Education, (ii) legal opinions issued under Section 2-3.7 of the School Code, (iii) as to State colleges and universities, their disciplinary and grievance proceedings, academic irregularity and capricious grading proceedings, and admission standards and procedures, and (iv) the class specifications for positions and individual position descriptions prepared and maintained under the Personnel Code. Those class specifications shall, however, be made reasonably available to the public for inspection and copying. The provisions of this Act do not apply to hearings under Section 20 of the Uniform Disposition of Unclaimed Property Act.

(c) Section 5-35 of this Act relating to procedures for rulemaking does not apply to the following:

(1) Rules adopted by the Pollution Control Board that, in accordance with Section 7.2 of the Environmental Protection Act, are identical in substance to federal regulations or amendments to

those regulations implementing the following: Sections 3001, 3002, 3003, 3004, 3005, and 9003 of the Solid Waste Disposal Act; Section 105 of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980; Sections 307(b), 307(c), 307(d), 402(b)(8), and 402(b)(9) of the Federal Water Pollution Control Act; and Sections 1412(b), 1414(c), 1417(a), 1421, and 1445(a) of the Safe Drinking Water Act; and Section 109 of the Clean Air Act.

(2) Rules adopted by the Pollution Control Board that establish or amend standards for the emission of hydrocarbons and carbon monoxide from gasoline powered motor vehicles subject to inspection under the Vehicle Emissions Inspection Law of 2005 or its predecessor laws.

(3) Procedural rules adopted by the Pollution Control Board governing requests for exceptions under Section 14.2 of the Environmental Protection Act.

(4) The Pollution Control Board's grant, pursuant to an adjudicatory determination, of an adjusted standard for persons who can justify an adjustment consistent with subsection (a) of Section 27 of the Environmental Protection Act.

(5) Rules adopted by the Pollution Control Board that are identical in substance to the regulations adopted by the Office of the State Fire Marshal under clause (ii) of paragraph (b) of subsection (3) of Section 2 of the Gasoline Storage Act.

(6) Rules adopted by the Illinois Pollution Control Board under Section 9.14 of the Environmental Protection Act.

(d) Pay rates established under Section 8a of the Personnel Code shall be amended or repealed pursuant to the process set forth in Section 5-50 within 30 days after it becomes necessary to do so due to a conflict between the rates and the terms of a collective bargaining agreement covering the compensation of an employee subject to that Code.

(e) Section 10-45 of this Act shall not apply to any hearing, proceeding, or investigation conducted under Section 13-515 of the Public Utilities Act.

(f) Article 10 of this Act does not apply to any hearing, proceeding, or investigation conducted by the State Council for the State of Illinois created under Section 3-3-11.05 of the Unified Code of Corrections or by the Interstate Commission for Adult Offender Supervision created under the Interstate Compact for Adult Offender Supervision or by the Interstate

Commission for Juveniles created under the Interstate Compact for Juveniles.

(g) This Act is subject to the provisions of Article XXI of the Public Utilities Act. To the extent that any provision of this Act conflicts with the provisions of that Article XXI, the provisions of that Article XXI control.

Section 10. The Environmental Protection Act is amended by changing Sections 7.2 and 10 as follows:

(415 ILCS 5/7.2) (from Ch. 111 1/2, par. 1007.2)

Sec. 7.2. Identical in substance rulemakings.

(a) In the context of a mandate that the Board adopt regulations to secure federal authorization for a program, regulations that are "identical in substance" means State regulations which require the same actions with respect to protection of the environment, by the same group of affected persons, as would federal regulations if USEPA administered the subject program in Illinois. After consideration of comments from the USEPA, the Agency, the Attorney General and the public, the Board shall adopt the verbatim text of such USEPA regulations as are necessary and appropriate for authorization of the program. In adopting "identical in substance" regulations, the only changes that may be made by the Board to the federal regulations are those changes that are necessary for compliance with the Illinois Administrative Code, and technical changes that in no way change the scope or meaning of any portion of the regulations, except as follows:

1. The Board shall not adopt the equivalent of USEPA rules that are not applicable to persons or facilities in Illinois, that govern the program authorization process, that are appropriate only in USEPA-administered programs, or that govern actions to be taken by USEPA, other federal agencies or other states.

2. The Board shall not adopt rules prescribing things which are outside the Board's normal functions, such as rules specifying staffing or funding requirements for programs.

3. If a USEPA rule prescribes the contents of a State regulation without setting forth the regulation itself, which would be an integral part of any regulation required to be adopted as an "identical in substance" regulation as defined in this Section, the Board shall adopt a regulation as prescribed, to the extent possible consistent with other relevant USEPA regulations and existing State law. The Board may not use this subsection to adopt any

New matter indicated by italics - deletions by strikeout
regulation which is a required rule as that term is defined by Section 28.2 of this Act. To the extent practicable, the Board in its proposed and adopted opinion shall include its rationale for adopting such regulation.

(4) Pursuant to subsection (a) of Section 5-75 of the Illinois Administrative Procedure Act, the Board may incorporate USEPA rules by reference where it is possible to do so without causing confusion to the affected public.

(5) If USEPA intends to retain decision-making authority for a portion of the program, the Board regulation shall so specify. In addition, the Board regulation shall specify whether a decision is to be made by the Board, the Agency or some other State agency, based upon the general division of functions within this Act and other Illinois statutes.

(6) Wherever appropriate, the Board regulations shall reflect any consistent, more stringent regulations adopted pursuant to the rulemaking requirements of Title VII of this Act and Section 5-35 of the Illinois Administrative Procedure Act.

(7) The Board may correct apparent typographical and grammatical errors in USEPA rules.

(b) In adopting regulations that are "identical in substance" with specified federal regulations under subsection (c) of Section 13, Section 13.3, Section 17.5, subsection (a) or (d) of Section 22.4, subsection (a) of Section 22.7, or subsection (a) of Section 22.40, subsection (H) of Section 10, or specified federal determinations under subsection (e) of Section 9.1, the Board shall complete its rulemaking proceedings within one year after the adoption of the corresponding federal rule. If the Board consolidates multiple federal rulemakings into a single Board rulemaking, the one-year period shall be calculated from the adoption date of the federal rule first adopted among those consolidated. After adopting an "identical in substance" rule, if the Board determines that an amendment is needed to that rule, the Board shall initiate a rulemaking proceeding to propose such amendment. The amendment shall be adopted within one year of the initiation of the Board's determination.

Additionally, if the Board, after adopting an "identical in substance" rule, determines that a technical correction to that rule is needed, the Board may initiate an application for certification of correction under Section 5-85 of the Illinois Administrative Procedure Act.

New matter indicated by italics - deletions by strikeout
The one-year period may be extended by the Board for an additional period of time if necessary to complete the rulemaking proceeding. In order to extend the one-year period, the Board must make a finding, based upon the record in the rulemaking proceeding, that the one-year period is insufficient for completion of the rulemaking, and such finding shall specifically state the reasons for the extension. Except as otherwise provided above, the Board must make the finding that an extension of time is necessary prior to the expiration of the initial one-year period, and must also publish a notice of extension in the Illinois Register as expeditiously as practicable following its decision, stating the specific reasons for the Board's decision to extend. The notice of extension need not appear in the Illinois Register prior to the expiration of the initial one-year period and shall specify a date certain by which the Board anticipates completion of the rulemaking, except that if a date certain cannot be specified because of a need to delay adoption pending occurrence of an event beyond the Board's control, the notice shall specify the event, explain its circumstances, and contain an estimate of the amount of time needed to complete the rulemaking after the occurrence of the specified event.

(415 ILCS 5/10) (from Ch. 111 1/2, par. 1010)

Sec. 10. Regulations.

(A) The Board, pursuant to procedures prescribed in Title VII of this Act, may adopt regulations to promote the purposes of this Title. Without limiting the generality of this authority, such regulations may among other things prescribe:

(a) (Blank); Ambient air quality standards specifying the maximum permissible short-term and long-term concentrations of various contaminants in the atmosphere;

(b) Emission standards specifying the maximum amounts or concentrations of various contaminants that may be discharged into the atmosphere;

(c) Standards for the issuance of permits for construction, installation, or operation of any equipment, facility, vehicle, vessel, or aircraft capable of causing or contributing to air pollution or designed to prevent air pollution;

(d) Standards and conditions regarding the sale, offer, or use of any fuel, vehicle, or other article determined by the Board to constitute an air-pollution hazard;

(e) Alert and abatement standards relative to air-pollution episodes or emergencies constituting an acute danger to health or to the environment;

(f) Requirements and procedures for the inspection of any equipment, facility, vehicle, vessel, or aircraft that may cause or contribute to air pollution;

(g) Requirements and standards for equipment and procedures for monitoring contaminant discharges at their sources, the collection of samples and the collection, reporting and retention of data resulting from such monitoring.

(B) The Board may adopt regulations and emission standards that are applicable or that may become applicable to stationary emission sources located in all areas of the State in accordance with any of the following:

(1) that are required by federal law;

(2) that are otherwise part of the State's attainment plan and are necessary to attain the national ambient air quality standards; or

(3) that are necessary to comply with the requirements of the federal Clean Air Act.

(C) The Board may not adopt any regulation banning the burning of landscape waste throughout the State generally. The Board may, by regulation, restrict or prohibit the burning of landscape waste within any geographical area of the State if it determines based on medical and biological evidence generally accepted by the scientific community that such burning will produce in the atmosphere of that geographical area contaminants in sufficient quantities and of such characteristics and duration as to be injurious to humans, plant, or animal life, or health.

(D) The Board shall adopt regulations requiring the owner or operator of a gasoline dispensing system that dispenses more than 10,000 gallons of gasoline per month to install and operate a system for the recovery of gasoline vapor emissions arising from the fueling of motor vehicles that meets the requirements of Section 182 of the federal Clean Air Act (42 USC 7511a). These regulations shall apply only in areas of the State that are classified as moderate, serious, severe or extreme nonattainment areas for ozone pursuant to Section 181 of the federal Clean Air Act (42 USC 7511), but shall not apply in such areas classified as moderate nonattainment areas for ozone if the Administrator of the U.S. Environmental Protection Agency promulgates standards for vehicle-based (onboard) systems for the control of vehicle refueling emissions pursuant.

to Section 202(a)(6) of the federal Clean Air Act (42 USC 7521(a)(6)) by

(E) The Board shall not adopt or enforce any regulation requiring
the use of a tarpaulin or other covering on a truck, trailer, or other vehicle
that is stricter than the requirements of Section 15-109.1 of the Illinois
Vehicle Code. To the extent that it is in conflict with this subsection, the
Board's rule codified as 35 Ill. Admin. Code, Section 212.315 is hereby
superseded.

(F) Any person who prior to June 8, 1988, has filed a timely Notice
of Intent to Petition for an Adjusted RACT Emissions Limitation and who
subsequently timely files a completed petition for an adjusted RACT
emissions limitation pursuant to 35 Ill. Adm. Code, Part 215, Subpart I,
shall be subject to the procedures contained in Subpart I but shall be
excluded by operation of law from 35 Ill. Adm. Code, Part 215, Subparts
PP, QQ and RR, including the applicable definitions in 35 Ill. Adm. Code,
Part 211. Such persons shall instead be subject to a separate regulation
which the Board is hereby authorized to adopt pursuant to the adjusted
RACT emissions limitation procedure in 35 Ill. Adm. Code, Part 215,
Subpart I. In its final action on the petition, the Board shall create a
separate rule which establishes Reasonably Available Control Technology
(RACT) for such person. The purpose of this procedure is to create
separate and independent regulations for purposes of SIP submittal,
review, and approval by USEPA.

(G) Subpart FF of Subtitle B, Title 35 Ill. Adm. Code, Sections
218.720 through 218.730 and Sections 219.720 through 219.730, are
hereby repealed by operation of law and are rendered null and void and of
no force and effect.

(H) In accordance with subsection (b) of Section 7.2, the Board
shall adopt ambient air quality standards specifying the maximum

Section 5. The School Code is amended by changing Section 10-20.21 as follows:
(105 ILCS 5/10-20.21)
Sec. 10-20.21. Contracts.
(a) To award all contracts for purchase of supplies and materials or work or contracts with private carriers for transportation of pupils involving an expenditure in excess of $25,000 or a lower amount as required by board policy to the lowest responsible bidder, considering conformity with specifications, terms of delivery, quality and serviceability, after due advertisement, except the following: (i) contracts for the services of individuals possessing a high degree of professional skill where the ability or fitness of the individual plays an important part; (ii) contracts for the printing of finance committee reports and departmental reports; (iii) contracts for the printing or engraving of bonds, tax warrants and other evidences of indebtedness; (iv) contracts for the purchase of perishable foods and perishable beverages; (v) contracts for materials and work which have been awarded to the lowest responsible bidder after due advertisement, but due to unforeseen revisions, not the fault of the contractor for materials and work, must be revised causing expenditures not in excess of 10% of the contract price; (vi) contracts for the maintenance or servicing of, or provision of repair parts for, equipment which are made with the manufacturer or authorized service agent of that equipment where the provision of parts, maintenance, or servicing can best be performed by the manufacturer or authorized service agent; (vii) purchases and contracts for the use, purchase, delivery, movement, or installation of data processing equipment, software, or services and telecommunications and interconnect equipment, software, and services; (viii) contracts for duplicating machines and supplies; (ix) contracts for the purchase of natural gas when the cost is less than that offered by a public utility; (x) purchases of equipment previously owned by some entity other than the district itself; (xi) contracts for repair, maintenance, remodeling, renovation, or construction, or a single project involving an expenditure not to exceed $50,000 and not involving a change or increase in the size, type, or extent of an existing facility; (xii) contracts for goods or services procured from another governmental agency; (xiii) contracts for goods or services which are economically procurable from only one source, such as for the purchase of magazines, books, periodicals, pamphlets and reports, and for utility services such as water, light, heat, telephone or telegraph; (xiv) where funds are expended in an emergency and such emergency

expenditure is approved by 3/4 of the members of the board; (xv) State
master contracts authorized under Article 28A of this Code; and (xvi)
contracts providing for the transportation of pupils with special needs or
disabilities, which contracts must be advertised in the same manner as
competitive bids and awarded by first considering the bidder or bidders
most able to provide safety and comfort for the pupils with special needs
or disabilities, stability of service, and any other factors set forth in the
request for proposal regarding quality of service, and then price. However,
at no time shall a cause of action lie against a school board for awarding
a pupil transportation contract per the standards set forth in this
subsection (a) unless the cause of action is based on fraudulent conduct.

All competitive bids for contracts involving an expenditure in
excess of $25,000 or a lower amount as required by board policy must be
sealed by the bidder and must be opened by a member or employee of the
school board at a public bid opening at which the contents of the bids must
be announced. Each bidder must receive at least 3 days' notice of the time
and place of the bid opening. For purposes of this Section due
advertisement includes, but is not limited to, at least one public notice at
least 10 days before the bid date in a newspaper published in the district,
or if no newspaper is published in the district, in a newspaper of general
circulation in the area of the district. State master contracts and certified
education purchasing contracts, as defined in Article 28A of this Code, are
not subject to the requirements of this paragraph.

Under this Section, the acceptance of bids sealed by a bidder and
the opening of these bids at a public bid opening may be permitted by an
electronic process for communicating, accepting, and opening competitive
bids. However, bids for construction purposes are prohibited from being
communicated, accepted, or opened electronically. An electronic bidding
process must provide for, but is not limited to, the following safeguards:

(1) On the date and time certain of a bid opening, the
primary person conducting the competitive, sealed, electronic bid
process shall log onto a specified database using a unique
username and password previously assigned to the bidder to allow
access to the bidder's specific bid project number.

(2) The specified electronic database must be on a network
that (i) is in a secure environment behind a firewall; (ii) has
specific encryption tools; (iii) maintains specific intrusion
detection systems; (iv) has redundant systems architecture with
data storage back-up, whether by compact disc or tape; and (v) maintains a disaster recovery plan.

It is the legislative intent of Public Act 96-841 to maintain the integrity of the sealed bidding process provided for in this Section, to further limit any possibility of bid-rigging, to reduce administrative costs to school districts, and to effect efficiencies in communications with bidders.

(b) To require, as a condition of any contract for goods and services, that persons bidding for and awarded a contract and all affiliates of the person collect and remit Illinois Use Tax on all sales of tangible personal property into the State of Illinois in accordance with the provisions of the Illinois Use Tax Act regardless of whether the person or affiliate is a "retailer maintaining a place of business within this State" as defined in Section 2 of the Use Tax Act. For purposes of this Section, the term "affiliate" means any entity that (1) directly, indirectly, or constructively controls another entity, (2) is directly, indirectly, or constructively controlled by another entity, or (3) is subject to the control of a common entity. For purposes of this subsection (b), an entity controls another entity if it owns, directly or individually, more than 10% of the voting securities of that entity. As used in this subsection (b), the term "voting security" means a security that (1) confers upon the holder the right to vote for the election of members of the board of directors or similar governing body of the business or (2) is convertible into, or entitles the holder to receive upon its exercise, a security that confers such a right to vote. A general partnership interest is a voting security.

To require that bids and contracts include a certification by the bidder or contractor that the bidder or contractor is not barred from bidding for or entering into a contract under this Section and that the bidder or contractor acknowledges that the school board may declare the contract void if the certification completed pursuant to this subsection (b) is false.

(b-5) To require all contracts and agreements that pertain to goods and services and that are intended to generate additional revenue and other remunerations for the school district in excess of $1,000, including without limitation vending machine contracts, sports and other attire, class rings, and photographic services, to be approved by the school board. The school board shall file as an attachment to its annual budget a report, in a form as determined by the State Board of Education, indicating for the prior year the name of the vendor, the product or service provided, and the actual net revenue and non-monetar y remuneration from each of the

contracts or agreements. In addition, the report shall indicate for what purpose the revenue was used and how and to whom the non-monetary remuneration was distributed.

(c) If the State education purchasing entity creates a master contract as defined in Article 28A of this Code, then the State education purchasing entity shall notify school districts of the existence of the master contract.

(d) In purchasing supplies, materials, equipment, or services that are not subject to subsection (c) of this Section, before a school district solicits bids or awards a contract, the district may review and consider as a bid under subsection (a) of this Section certified education purchasing contracts that are already available through the State education purchasing entity.

AN ACT concerning housing.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Rental Housing Support Program Act is amended by changing Section 15 as follows:

(310 ILCS 105/15)
Sec. 15. Grants to local administering agencies.
(a) Under the program, the Authority shall make grants to local administering agencies to provide subsidies to landlords to enable the landlords to charge rent affordable for low-income tenants. Grants shall also include an amount for the operating expenses of local administering agencies. On an annual basis, operating expenses for local administering agencies shall not exceed 10% for grants under $500,000 and shall not exceed 7% for grants over $500,000. If a grant to a local administering agency covers more than one year, the Authority shall
calculate operating expenses on an annual pro rata share of the grant. If the annual pro rata share is $500,000 or less, then the fee shall be 10%; if the annual pro rata share is greater than $500,000, then the fee shall be 7%.

(b) The Authority shall develop a request-for-proposals process for soliciting proposals from local administering agencies and for awarding grants. The request-for-proposals process and the funded projects must be consistent with the criteria set forth in Section 25 and with additional criteria set forth by the Authority in rules implementing this Act.

(c) Local administering agencies may be local governmental bodies, local housing authorities, or not-for-profit organizations. The Authority shall set forth in rules the financial and capacity requirements necessary for an organization to qualify as a local administering agency and the parameters for administration of the grants by local administering agencies.

(d) The Authority shall distribute grants to local administering agencies according to a formula based on U.S. Census data. The formula shall determine percentages of the funds to be distributed to the following geographic areas: (i) Chicago; (ii) suburban areas: Cook County (excluding Chicago), DuPage County, Lake County, Kane County, Will County, and McHenry County; (iii) small metropolitan areas: Springfield, Rockford, Peoria, Decatur, Champaign-Urbana, Bloomington-Normal, Rock Island, DeKalb, Madison County, Moline, Pekin, Rantoul, and St. Clair County; and (iv) rural areas, defined as all areas of the State not specifically named in items (i), (ii), and (iii) of this subsection. A geographic area's percentage share shall be determined by the total number of households that have an annual income of less than 50% of State median income for a household of 4, as determined by the U.S. Department of Housing and Urban Development, and that are paying more than 30% of their income for rent. The geographic distribution shall be redetermined by the Authority each time new U.S. Census data becomes available. The Authority shall phase in any changes to the geographic formula to prevent a large withdrawal of resources from one area that could negatively impact households receiving rental housing support. agency may contract with local agencies to share the administrative tasks of the program, such as inspections of units.

(e) In order to ensure applications from all geographic areas of the State, the Authority shall create a plan to ensure that potential local administering agencies have ample time and support to consider making an application and to prepare an application. Such a plan must include, but is not limited to: an outreach and education plan regarding the program and the requirements for a local administering agency; ample time between the initial notice of funding ability and the deadline to submit an application, which shall not be less than 9 months; and access to assistance from the Authority or another agency in considering and preparing the application.

(f) In order to maintain consistency for households receiving rental housing support, the Authority shall, to the extent possible given funding resources available in the Rental Housing Support Program, continue to fund local administering agencies at the same level on an annual basis, unless the Authority determines that a local administering agency is not meeting the criteria set forth in Section 25 or is not adhering to other standards set forth by rule by the Authority.

The World Health Organization's Handbook on Radon Key Messages include: "There is no known threshold concentration below which radon exposure presents no risk. The Surgeon General of the United States urged Americans to test their homes to find out how much radon they might be breathing. The United States Environmental Protection Agency estimates that more than 20,000 Americans die of radon-related lung cancer each year.

Upon receipt by the Department of information from the owner, tenant, or sharecropper that any one or more species of wildlife is damaging dams, levees, ditches, cattle pastures, or other property on the land on which he resides or controls, together with a statement regarding location of the property damages, the nature and extent of the damage, and the particular species of wildlife committing the damage, the Department shall make an investigation.

If, after investigation, the Department finds that damage does exist and can be abated only by removing or destroying that wildlife, a permit shall be issued by the Department to remove or destroy the species responsible for causing the damage.

A permit to control the damage shall be for a period of up to 90 days, shall specify the means and methods by which and the person or persons by whom the wildlife may be removed or destroyed, and shall set forth the disposition procedure to be made of all wildlife taken and other restrictions the Director considers necessary and appropriate in the circumstances of the particular case. Whenever possible, the specimens destroyed shall be given to a bona-fide public or State scientific, educational, or zoological institution.

The permittee shall advise the Department in writing, within 10 days after the expiration date of the permit, of the number of individual species of wildlife taken, disposition made of them, and any other information which the Department may consider necessary.

New matter indicated by italics - deletions by strikeout
Subject to federal regulations and Section 3 of the Illinois Endangered Species Act, the Department may grant to an individual, corporation, association or a governmental body the authority to control species protected by this Code. Drainage Districts shall have the authority to control beaver provided that they must notify the Department in writing that a problem exists and of their intention to trap the animals at least 7 days before the trapping begins. The District must identify traps used in beaver control outside the dates of the furbearer trapping season with metal tags with the district's name legibly inscribed upon them. During the furtrapping season, traps must be identified as prescribed by law. Conibear traps at least size 330 shall be used except during the statewide furbearer trapping season. During that time trappers may use any device that is legal according to the Wildlife Code. Except during the statewide furbearer trapping season, beaver traps must be set in water at least 10 inches deep. Except during the statewide furbearer trapping season, traps must be set within 10 feet of an inhabited bank burrow or house and within 10 feet of a dam maintained by a beaver. No beaver or other furbearer taken outside of the dates for the furbearer trapping season may be sold. All animals must be given to the nearest conservation officer or other Department of Natural Resources representative within 48 hours after they are caught. Furbers taken during the fur trapping season may be sold provided that they are taken by persons who have valid trapping licenses in their possession and are lawfully taken. The District must submit an annual report showing the species and numbers of animals caught. The report must indicate all species which were taken.

Sec. 12.5. NPDES discharge fees; sludge permit fees.

(a) Beginning July 1, 2003, the Agency shall assess and collect annual fees (i) in the amounts set forth in subsection (e) for all discharges that require an NPDES permit under subsection (f) of Section 12, from each person holding an NPDES permit authorizing those discharges (including a person who continues to discharge under an expired permit pending renewal), and (ii) in the amounts set forth in subsection (f) of this Section for all activities that require a permit under subsection (b) of Section 12, from each person holding a domestic sewage sludge generator or user permit.

New matter indicated by italics - deletions by strikeout
Each person subject to this Section must remit the applicable annual fee to the Agency in accordance with the requirements set forth in this Section and any rules adopted pursuant to this Section.

(b) Within 30 days after the effective date of this Section, and each year thereafter, except when a fee is not due because of the operation of subsection (c), the Agency shall send a fee notice by mail to each existing permittee subject to a fee under this Section at his or her address of record. The notice shall state the amount of the applicable annual fee and the date by which payment is required.

Except as provided in subsection (c) with respect to initial fees under new permits and certain modifications of existing permits, fees payable under this Section are due by the date specified in the fee notice, which shall be no less than 30 days after the date the fee notice is mailed by the Agency.

(c) The initial annual fee for discharges under a new NPDES permit or for activity under a new sludge generator or sludge user permit must be remitted to the Agency prior to the issuance of the permit. The Agency shall provide notice of the amount of the fee to the applicant during its review of the application. In the case of a new NPDES or sludge permit issued during the months of January through June, the Agency may prorate the initial annual fee payable under this Section.

If a requested modification to an existing NPDES permit causes a change in the applicable fee categories under subsection (e) that results in an increase in the required fee, the permittee must pay to the Agency the amount of the increase, prorated for the number of months remaining before the next July 1, before the modification is granted.

(d) Failure to submit the fee required under this Section by the due date constitutes a violation of this Section. Late payments shall incur an interest penalty, calculated at the rate in effect from time to time for tax delinquencies under subsection (a) of Section 1003 of the Illinois Income

PUBLIC ACT 97-0964
(House Bill No. 5212)

AN ACT concerning wages.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Prevailing Wage Act is amended by changing Section 4 as follows:

(820 ILCS 130/4) (from Ch. 48, par. 39s-4)

Sec. 4. Ascertaining prevailing wage.
(a) The public body awarding any contract for public work or otherwise undertaking any public works, shall ascertain the general prevailing rate of hourly wages in the locality in which the work is to be performed, for each craft or type of worker or mechanic needed to execute the contract, and where the public body performs the work without letting a contract therefor, shall ascertain the prevailing rate of wages on a per hour basis in the locality, and such public body shall specify in the resolution or ordinance and in the call for bids for the contract, that the general prevailing rate of wages in the locality for each craft or type of worker or mechanic needed to execute the contract or perform such work, also the general prevailing rate for legal holiday and overtime work, as ascertained by the public body or by the Department of Labor shall be paid for each craft or type of worker needed to execute the contract or to perform such work, and it shall be mandatory upon the contractor to whom the contract is awarded and upon any subcontractor under him, and where the public body performs the work, upon the public body, to pay not less than the specified rates to all laborers, workers and mechanics employed by them in the execution of the contract or such work; provided, however, that if the public body desires that the Department of Labor ascertain the
prevailing rate of wages, it shall notify the Department of Labor to ascertain the general prevailing rate of hourly wages for work under contract, or for work performed by a public body without letting a contract as required in the locality in which the work is to be performed, for each craft or type of worker or mechanic needed to execute the contract or project or work to be performed. Upon such notification the Department of Labor shall ascertain such general prevailing rate of wages, and certify the prevailing wage to such public body.

(a-1) The public body or other entity awarding the contract shall cause to be inserted in the project specifications and the contract a stipulation to the effect that not less than the prevailing rate of wages as found by the public body or Department of Labor or determined by the court on review shall be paid to all laborers, workers and mechanics performing work under the contract.

(a-2) When a public body or other entity covered by this Act has awarded work to a contractor without a public bid, contract or project specification, such public body or other entity shall comply with subsection (a-1) by providing the contractor with written notice on the purchase order related to the work to be done or on a separate document indicating that not less than the prevailing rate of wages as found by the public body or Department of Labor or determined by the court on review shall be paid to all laborers, workers, and mechanics performing work on the project.

(a-3) Where a complaint is made and the Department of Labor determines that a violation occurred, the Department of Labor shall determine if proper written notice under this Section 4 was given. If proper written notice was not provided to the contractor by the public body or other entity, the Department of Labor shall order the public body or other entity to pay any interest, penalties or fines that would have been owed by the contractor if proper written notice were provided. The failure by a public body or other entity to provide written notice does not relieve the contractor of the duty to comply with the prevailing wage rate, nor of the obligation to pay any back wages, as determined under this Act. For the purposes of this subsection, back wages shall be limited to the difference between the actual amount paid and the prevailing rate of wages required to be paid for the project. The failure of a public body or other entity to provide written notice under this Section 4 does not diminish the right of a laborer, worker, or mechanic to the prevailing rate of wages as determined under this Act.
(b) It shall also be mandatory upon the contractor to whom the contract is awarded to insert into each subcontract and into the project specifications for each subcontract a written stipulation to the effect that not less than the prevailing rate of wages shall be paid to all laborers, workers, and mechanics performing work under the contract. It shall also be mandatory upon each subcontractor to cause to be inserted into each lower tiered subcontract and into the project specifications for each lower tiered subcontract a stipulation to the effect that not less than the prevailing rate of wages shall be paid to all laborers, workers, and mechanics performing work under the contract. A contractor or subcontractor who fails to comply with this subsection (b) is in violation of this Act.

(b-1) When a contractor has awarded work to a subcontractor without a contract or contract specification, the contractor shall comply with subsection (b) by providing a subcontractor with a written statement indicating that not less than the prevailing rate of wages shall be paid to all laborers, workers, and mechanics performing work on the project. A contractor or subcontractor who fails to comply with this subsection (b-1) is in violation of this Act.

(b-2) Where a complaint is made and the Department of Labor determines that a violation has occurred, the Department of Labor shall determine if proper written notice under this Section 4 was given. If proper written notice was not provided to the subcontractor by the contractor, the Department of Labor shall order the contractor to pay any interest, penalties, or fines that would have been owed by the subcontractor if proper written notice were provided. The failure by a contractor to provide written notice to a subcontractor does not relieve the subcontractor of the duty to comply with the prevailing wage rate, nor of the obligation to pay any back wages, as determined under this Act. For the purposes of this subsection, back wages shall be limited to the difference between the actual amount paid and the prevailing rate of wages required for the project. However, if proper written notice was not provided to the contractor by the public body or other entity under this Section 4, the Department of Labor shall order the public body or other entity to pay any interest, penalties, or fines that would have been owed by the subcontractor if proper written notice were provided. The failure by a public body or other entity to provide written notice does not relieve the subcontractor of the duty to comply with the prevailing wage rate, nor of the obligation to pay any back wages, as determined under this Act. the purposes of this subsection, back wages shall be limited to the difference between the actual amount paid and the prevailing rate of wages required for the project. The failure to provide written notice by a public body, other entity, or contractor does not diminish the right of a laborer, worker, or mechanic to the prevailing rate of wages as determined under this Act.

(c) A public body or other entity shall also require in all contractor's and subcontractor's bonds that the contractor or subcontractor include such provision as will guarantee the faithful performance of such prevailing wage clause as provided by contract or other written instrument. All bid specifications shall list the specified rates to all laborers, workers and mechanics in the locality for each craft or type of worker or mechanic needed to execute the contract.

(d) If the Department of Labor revises the prevailing rate of hourly wages to be paid by the public body or other entity, the revised rate shall apply to such contract, and the public body or other entity shall be responsible to notify the contractor and each subcontractor, of the revised rate.

The public body or other entity shall discharge its duty to notify of the revised rates by inserting a written stipulation in all contracts or other written instruments that states the prevailing rate of wages are revised by the Department of Labor and are available on the Department's official website. This shall be deemed to be proper notification of any rate changes under this subsection.

(e) Two or more investigatory hearings under this Section on the issue of establishing a new prevailing wage classification for a particular craft or type of worker shall be consolidated in a single hearing before the Department. Such consolidation shall occur whether each separate investigatory hearing is conducted by a public body or the Department. The party requesting a consolidated investigatory hearing shall have the burden of establishing that there is no existing prevailing wage classification for the particular craft or type of worker in any of the localities under consideration.

(f) It shall be mandatory upon the contractor or construction manager to whom a contract for public works is awarded to post, at a location on the project site of the public works that is easily accessible to the workers engaged on the project, the prevailing wage rates for each craft or type of worker or mechanic needed to execute the contract or project or work to be performed. A failure to post or provide a prevailing wage rate as required by this Section is a violation of this Act.

Such person shall notify the Department within 30 days after the death of the contractor of his or her name and address. For the purposes of this subsection, an incomplete contract is one which has been awarded to, or entered into by, the contractor before his or her death or on which he or she was the low bidder and the contract is subsequently awarded to him or her regardless of whether any actual work has commenced under the contract before his or her death.

(1) For a participant who is a member of the General Assembly on his or her last day of service: the highest salary that is prescribed by law, on the participant's last day of service, for a

For a participant who first becomes a participant of this System on or after January 1, 2011 (the effective date of Public Act 96-889), the average monthly salary obtained by dividing the total salary of the participant during the 96 consecutive months of service within the last 120 months of service in which the total compensation was the highest by the number of months of service in that period; however, beginning January 1,

The amount of a retirement annuity calculated under this Rule 2 shall be computed solely on the basis of the participant's accumulated normal contributions, as specified in this Rule and defined in Section 15-116. Neither an employee or employer contribution for early retirement under Section 15-136.2 nor any other employer contribution shall be used in the calculation of the amount of a retirement annuity under this Rule 2.

This amendatory Act of the 91st General Assembly is a clarification of existing law and applies to every participant and annuitant without regard to whether status as an employee terminates before the effective date of this amendatory Act.

This Rule 2 does not apply to a person who first becomes an employee under this Article on or after July 1, 2005.

Rule 3: The retirement annuity of a participant who is employed at least one-half time during the period on which his or her final rate of earnings is based, shall be equal to the participant's years of service not to exceed 30, multiplied by (1) $96 if the participant's final rate of earnings is less than $3,500, (2) $108 if the final rate of earnings is at least $3,500 but less than $4,500, (3) $120 if the final rate of earnings is at least $4,500 but less than $5,500, (4) $132 if the final rate of earnings is at least $5,500 but less than $6,500, (5) $144 if the final rate of earnings is at least $6,500 but less than $7,500, (6) $156 if the final rate of earnings is at least $7,500 but less than $8,500, (7) $168 if the final rate of earnings is at least $8,500 but less than $9,500, and (8) $180 if the final rate of earnings is $9,500 or more, except that the annuity for those persons having made an election under Section 15-154(a-1) shall be calculated and payable under the portable retirement benefit program pursuant to the provisions of Section 15-136.4.

service as a police officer or firefighter in excess of 20. The retirement annuity for all other service shall be computed under Rule 1.

For purposes of this Rule 4, a participant's service as a firefighter shall also include the following:

(i) service that is performed while the person is an employee under subsection (h) of Section 15-107; and

(ii) in the case of an individual who was a participating employee employed in the fire department of the University of Illinois's Champaign-Urbana campus immediately prior to the elimination of that fire department and who immediately after the elimination of that fire department transferred to another job with the University of Illinois, service performed as an employee of the University of Illinois in a position other than police officer or firefighter, from the date of that transfer until the employee's next termination of service with the University of Illinois.

Rule 5: The retirement annuity of a participant who elected early retirement under the provisions of Section 15-136.2 and who, on or before February 16, 1995, brought administrative proceedings pursuant to the administrative rules adopted by the System to challenge the calculation of his or her retirement annuity shall be the sum of the following, determined from amounts credited to the participant in accordance with the actuarial tables and the prescribed rate of interest in effect at the time the retirement annuity begins:

(i) the normal annuity which can be provided on an actuarially equivalent basis, by the accumulated normal contributions as of the date the annuity begins; and

(ii) an annuity from employer contributions of an amount equal to that which can be provided on an actuarially equivalent basis from the accumulated normal contributions made by the participant under Section 15-113.6 and Section 15-113.7 plus 1.4 times all other accumulated normal contributions made by the participant; and

(iii) an annuity which can be provided on an actuarially equivalent basis from the employee contribution for early retirement under Section 15-136.2, and an annuity from employer contributions of an amount equal to that which can be provided on an actuarially equivalent basis from the employee contribution for early retirement under Section 15-136.2.
In no event shall a retirement annuity under this Rule 5 be lower than the amount obtained by adding (1) the monthly amount obtained by dividing the combined employee and employer contributions made under Section 15-136.2 by the System's annuity factor for the age of the participant at the beginning of the annuity payment period and (2) the amount equal to the participant's annuity if calculated under Rule 1, reduced under Section 15-136(b) as if no contributions had been made under Section 15-136.2.

With respect to a participant who is qualified for a retirement annuity under this Rule 5 whose retirement annuity began before the effective date of this amendatory Act of the 91st General Assembly, and for whom an employee contribution was made under Section 15-136.2, the System shall recalculate the retirement annuity under this Rule 5 and shall pay any additional amounts due in the manner provided in Section 15-186.1 for benefits mistakenly set too low.

The amount of a retirement annuity calculated under this Rule 5 shall be computed solely on the basis of those contributions specifically set forth in this Rule 5. Except as provided in clause (iii) of this Rule 5, neither an employee nor employer contribution for early retirement under Section 15-136.2, nor any other employer contribution, shall be used in the calculation of the amount of a retirement annuity under this Rule 5.

The General Assembly has adopted the changes set forth in Section 25 of this amendatory Act of the 91st General Assembly in recognition that the decision of the Appellate Court for the Fourth District in Mattis v. State Universities Retirement System et al. might be deemed to give some right to the plaintiff in that case. The changes made by Section 25 of this amendatory Act of the 91st General Assembly are a legislative implementation of the decision of the Appellate Court for the Fourth District in Mattis v. State Universities Retirement System et al. with respect to that plaintiff.

The changes made by Section 25 of this amendatory Act of the 91st General Assembly apply without regard to whether the person is in service as an employee on or after its effective date.

(b) The retirement annuity provided under Rules 1 and 3 above shall be reduced by 1/2 of 1% for each month the participant is under age 60 at the time of retirement. However, this reduction shall not apply in the following cases:
(1) For a disabled participant whose disability benefits have been discontinued because he or she has exhausted eligibility for disability benefits under clause (6) of Section 15-152;

(2) For a participant who has at least the number of years of service required to retire at any age under subsection (a) of Section 15-135; or

(3) For that portion of a retirement annuity which has been provided on account of service of the participant during periods when he or she performed the duties of a police officer or firefighter, if these duties were performed for at least 5 years immediately preceding the date the retirement annuity is to begin.

(c) The maximum retirement annuity provided under Rules 1, 2, 4, and 5 shall be the lesser of (1) the annual limit of benefits as specified in Section 415 of the Internal Revenue Code of 1986, as such Section may be amended from time to time and as such benefit limits shall be adjusted by the Commissioner of Internal Revenue, and (2) 80% of final rate of earnings.

(d) An annuitant whose status as an employee terminates after August 14, 1969 shall receive automatic increases in his or her retirement annuity as follows:

Effective January 1 immediately following the date the retirement annuity begins, the annuitant shall receive an increase in his or her monthly retirement annuity of 0.125% of the monthly retirement annuity provided under Rule 1, Rule 2, Rule 3, Rule 4, or Rule 5, contained in this Section, multiplied by the number of full months which elapsed from the date the retirement annuity payments began to January 1, 1972, plus 0.1667% of such annuity, multiplied by the number of full months which elapsed from January 1, 1972, or the date the retirement annuity payments began, whichever is later, to January 1, 1978, plus 0.25% of such annuity multiplied by the number of full months which elapsed from January 1, 1978, or the date the retirement annuity payments began, whichever is later, to the effective date of the increase.

The annuitant shall receive an increase in his or her monthly retirement annuity on each January 1 thereafter during the annuitant's life of 3% of the monthly annuity provided under Rule 1, Rule 2, Rule 3, Rule 4, or Rule 5 contained in this Section. The change made under this subsection by P.A. 81-970 is effective January 1, 1980 and applies to each annuitant whose status as an employee terminates before or after that date.
Beginning January 1, 1990, all automatic annual increases payable under this Section shall be calculated as a percentage of the total annuity payable at the time of the increase, including all increases previously granted under this Article.

The change made in this subsection by P.A. 85-1008 is effective January 26, 1988, and is applicable without regard to whether status as an employee terminated before that date.

(e) If, on January 1, 1987, or the date the retirement annuity payment period begins, whichever is later, the sum of the retirement annuity provided under Rule 1 or Rule 2 of this Section and the automatic annual increases provided under the preceding subsection or Section 15-136.1, amounts to less than the retirement annuity which would be provided by Rule 3, the retirement annuity shall be increased as of January 1, 1987, or the date the retirement annuity payment period begins, whichever is later, to the amount which would be provided by Rule 3 of this Section. Such increased amount shall be considered as the retirement annuity in determining benefits provided under other Sections of this Article. This paragraph applies without regard to whether status as an employee terminated before the effective date of this amendatory Act of 1987, provided that the annuitant was employed at least one-half time during the period on which the final rate of earnings was based.

(f) A participant is entitled to such additional annuity as may be provided on an actuarially equivalent basis, by any accumulated additional contributions to his or her credit. However, the additional contributions made by the participant toward the automatic increases in annuity provided under this Section shall not be taken into account in determining the amount of such additional annuity.

(g) If, (1) by law, a function of a governmental unit, as defined by Section 20-107 of this Code, is transferred in whole or in part to an employer, and (2) a participant transfers employment from such governmental unit to such employer within 6 months after the transfer of the function, and (3) the sum of (A) the annuity payable to the participant under Rule 1, 2, or 3 of this Section (B) all proportional annuities payable to the participant by all other retirement systems covered by Article 20, and (C) the initial primary insurance amount to which the participant is entitled under the Social Security Act, is less than the retirement annuity which would have been payable if all of the participant's pension credits validated under Section 20-109 had been validated under this system, a

supplemental annuity equal to the difference in such amounts shall be payable to the participant.

(h) On January 1, 1981, an annuitant who was receiving a retirement annuity on or before January 1, 1971 shall have his or her retirement annuity then being paid increased $1 per month for each year of creditable service. On January 1, 1982, an annuitant whose retirement annuity began on or before January 1, 1977, shall have his or her retirement annuity then being paid increased $1 per month for each year of creditable service.

(i) On January 1, 1987, any annuitant whose retirement annuity began on or before January 1, 1977, shall have the monthly retirement annuity increased by an amount equal to 8¢ per year of creditable service times the number of years that have elapsed since the annuity began.

Sec. 15-136.4. Retirement and Survivor Benefits Under Portable Benefit Package.

(a) This Section 15-136.4 describes the form of annuity and survivor benefits available to a participant who has elected the portable benefit package and has completed the one-year waiting period required under subsection (e) of Section 15-134.5. For purposes of this Section, the term "eligible spouse" means the husband or wife of a participant to whom the participant is married on the date the participant's annuity payment period begins, provided however, that if the participant should die prior to the commencement of retirement annuity benefits, then "eligible spouse" means the husband or wife, if any, to whom the participant was married throughout the one-year period preceding the date of his or her death.

(b) This subsection (b) describes the normal form of annuity payable to a participant subject to this Section 15-136.4. If the participant is unmarried on the date his or her annuity payment period begins, then the annuity payments shall be made in the form of a single-life annuity as described in Section 15-118. If the participant is married on the date his or her annuity payments commence, then the annuity payments shall be paid in the form of a qualified joint and survivor annuity that is the actuarial equivalent of the single-life annuity. Under the "qualified joint and survivor annuity", a reduced amount shall be paid to the participant for his or her lifetime and his or her eligible spouse, if surviving at the participant's death, shall be entitled to receive thereafter a lifetime survivorship annuity in a monthly amount equal to 50% of the reduced

New matter indicated by italics - deletions by strikeout
monthly amount that was payable to the participant. The last payment of a qualified joint and survivor annuity shall be made as of the first day of the month in which the death of the survivor occurs.

(c) Instead of the normal form of annuity that would be paid under subsection (b), a participant may elect in writing within the 180-day period prior to the date his or her annuity payments commence to waive the normal form of annuity payment and receive an optional form of payment as described in subsection (h). If the participant is married and elects an optional form of payment under subsection (h) other than a joint and survivor annuity with the eligible spouse designated as the contingent annuitant, then such election shall require the consent of his or her eligible spouse in the manner described in subsection (d). At any time during the 180-day period preceding the date the participant's payment period begins, the participant may revoke the optional form of payment elected under this subsection (c) and reinstate coverage under the qualified joint and survivor annuity without the spouse's consent, but an election to revoke the optional form elected and elect a new optional form of payment or designate a different contingent annuitant shall not be effective without the eligible spouse's consent.

(d) The eligible spouse's consent to any election made pursuant to this Section that requires the eligible spouse's consent shall be in writing and shall acknowledge the effect of the consent. In addition, the eligible spouse's signature on the written consent must be witnessed by a notary public. The eligible spouse's consent need not be obtained if the system is satisfied that there is no eligible spouse, that the eligible spouse cannot be located, or because of any other relevant circumstances. An eligible spouse's consent under this Section is valid only with respect to the specified optional form of payment and, if applicable, contingent annuitant designated by the participant. If the optional form of payment or the contingent annuitant is subsequently changed (other than by a revocation of the optional form of payment and reinstatement of the qualified joint and survivor annuity), a new consent by the eligible spouse is required. The eligible spouse's consent to an election made by a participant pursuant to this Section, once made, may not be revoked by the eligible spouse.

(e) Within a reasonable period of time preceding the date a participant's annuity commences, a participant shall be supplied with a written explanation of (1) the terms and conditions of the normal form single-life annuity and qualified joint and survivor annuity, (2) the participant's right to elect a single-life annuity or an optional form of

New matter indicated by italics - deletions by strikeout
payment under subsection (h) subject to his or her eligible spouse's consent, if applicable, and (3) the participant's right to reinstate coverage under the qualified joint and survivor annuity prior to his or her annuity commencement date by revoking an election of an optional form of payment under subsection (h).

(f) If a married participant with at least 1.5 years of service dies prior to commencing retirement annuity payments and prior to taking a refund under Section 15-154, his or her eligible spouse is entitled to receive a pre-retirement survivor annuity, if there is not then in effect a waiver of the pre-retirement survivor annuity. The pre-retirement survivor annuity payable under this subsection shall be a monthly annuity payable for the eligible spouse's life, commencing as of the beginning of the month next following the later of the date of the participant's death or the date the participant would have first met the eligibility requirements for retirement, and continuing through the beginning of the month in which the death of the eligible spouse occurs. The monthly amount payable to the spouse under the pre-retirement survivor annuity shall be equal to the monthly amount that would be payable as a survivor annuity under the qualified joint and survivor annuity described in subsection (b) if: (1) in the case of a participant who dies on or after the date on which the participant has met the eligibility requirements for retirement, the participant had retired with an immediate qualified joint and survivor annuity on the day before the participant's date of death; or (2) in the case of a participant who dies before the earliest date on which the participant would have met the eligibility requirements for retirement age, the participant had separated from service on the date of death, survived to the earliest retirement age based on service prior to his or her death, retired with an immediate qualified joint and survivor annuity at the earliest retirement age, and died on the day after the day on which the participant would have attained the earliest retirement age.

(g) A married participant who has not retired may elect at any time to waive the pre-retirement survivor annuity described in subsection (f). Any such election shall require the consent of the participant's eligible spouse in the manner described in subsection (d). A waiver of the pre-retirement survivor annuity shall increase the lump sum death benefit payable under subsection (b) of Section 15-141. Prior to electing any waiver of the pre-retirement survivor annuity, the participant shall be provided with a written explanation of (1) the terms and conditions of the pre-retirement survivor annuity and the death benefits payable from the

New matter indicated by italics - deletions by strikeout
system both with and without the pre-retirement survivor annuity, (2) the participant's right to elect a waiver of the pre-retirement survivor annuity coverage subject to his or her spouse's consent, and (3) the participant's right to reinstate pre-retirement survivor annuity coverage at any time by revoking a prior waiver of such coverage.

(h) By filing a timely election with the system, a participant who will be eligible to receive a retirement annuity under this Section may waive the normal form of annuity payment described in subsection (b), subject to obtaining the consent of his or her eligible spouse, if applicable, and elect to receive any one of the following optional forms of payment:

(1) Joint and Survivor Annuity Options: The participant may elect to receive a reduced annuity payable for his or her life and to have a lifetime survivorship annuity in a monthly amount equal to 50%, 75%, or 100% (as elected by the participant) of that reduced monthly amount, to be paid after the participant's death to his or her contingent annuitant, if the contingent annuitant is alive at the time of the participant's death.

(2) Single-Life Annuity Option (optional for married participants). The participant may elect to receive a single-life annuity payable for his or her life only.

(3) Lump sum retirement benefit. The participant may elect to receive a lump sum retirement benefit that is equal to the amount of a refund payable under Section 15-154(a-2).

All joint and survivor annuity forms shall be in an amount that is the actuarial equivalent of the single-life annuity.

For the purposes of this Section, the term "contingent annuitant" means the beneficiary who is designated by a participant at the time the participant elects a joint and survivor annuity to receive the lifetime survivorship annuity in the event the beneficiary survives the participant at the participant's death.

(i) Under no circumstances may an option be elected, changed, or revoked after the date the participant's retirement annuity commences.

(j) An election made pursuant to subsection (h) shall become inoperative if the participant or the contingent annuitant dies before the date the participant's annuity payments commence, or if the eligible spouse's consent is required and not given.

(k) (Blank).

(l) The automatic annual increases described in subsection (d) of Section 15-136 shall apply to retirement benefits under the portable benefit
package and the automatic annual increases described in subsection (j) of Section 15-145 shall apply to survivor benefits under the portable benefit package.

(40 ILCS 5/15-139) (from Ch. 108 1/2, par. 15-139)

Sec. 15-139. Retirement annuities; cancellation; suspended during employment.

(a) If an annuitant returns to employment for an employer within 60 days after the beginning of the retirement annuity payment period, the retirement annuity shall be cancelled, and the annuitant shall refund to the System the total amount of the retirement annuity payments which he or she received. If the retirement annuity is cancelled, the participant shall continue to participate in the System.

(b) If an annuitant retires prior to age 60 and receives or becomes entitled to receive during any month compensation in excess of the monthly retirement annuity (including any automatic annual increases) for services performed after the date of retirement for any employer under this System, that portion of the monthly retirement annuity provided by employer contributions shall not be payable.

If an annuitant retires at age 60 or over and receives or becomes entitled to receive during any academic year compensation in excess of the difference between his or her highest annual earnings prior to retirement and his or her annual retirement annuity computed under Rule 1, Rule 2, Rule 3, Rule 4, or Rule 5 of Section 15-136, or under Section 15-136.4, for services performed after the date of retirement for any employer under this System, that portion of the monthly retirement annuity provided by employer contributions shall be reduced by an amount equal to the compensation that exceeds such difference.

However, any remuneration received for serving as a member of the Illinois Educational Labor Relations Board shall be excluded from "compensation" for the purposes of this subsection (b), and serving as a member of the Illinois Educational Labor Relations Board shall not be deemed to be a return to employment for the purposes of this Section. This provision applies without regard to whether service was terminated prior to the effective date of this amendatory Act of 1991.

(c) If an employer certifies that an annuitant has been reemployed on a permanent and continuous basis or in a position in which the annuitant is expected to serve for at least 9 months, the annuitant shall resume his or her status as a participating employee and shall be entitled to...
all rights applicable to participating employees upon filing with the board an election to forgo all annuity payments during the period of reemployment. Upon subsequent retirement, the retirement annuity shall consist of the annuity which was terminated by the reemployment, plus the additional retirement annuity based upon service granted during the period of reemployment, but the combined retirement annuity shall not exceed the maximum annuity applicable on the date of the last retirement.

The total service and earnings credited before and after the initial date of retirement shall be considered in determining eligibility of the employee or the employee's beneficiary to benefits under this Article, and in calculating final rate of earnings.

In determining the death benefit payable to a beneficiary of an annuitant who again becomes a participating employee under this Section, accumulated normal and additional contributions shall be considered as the sum of the accumulated normal and additional contributions at the date of initial retirement and the accumulated normal and additional contributions credited after that date, less the sum of the annuity payments received by the annuitant.

The survivors insurance benefits provided under Section 15-145 shall not be applicable to an annuitant who resumes his or her status as a participating employee, unless the annuitant, at the time of initial retirement, has a survivors insurance beneficiary who could qualify for such benefits.

If the participant's employment is terminated because of circumstances other than death before 9 months from the date of reemployment, the provisions of this Section regarding resumption of status as a participating employee shall not apply. The normal and survivors insurance contributions which are deducted during this period shall be refunded to the annuitant without interest, and subsequent benefits under this Article shall be the same as those which were applicable prior to the date the annuitant resumed employment.

The amendments made to this Section by this amendatory Act of the 91st General Assembly apply without regard to whether the annuitant was in service on or after the effective date of this amendatory Act.

(40 ILCS 5/15-139.5 new)

Sec. 15-139.5. Return to work by affected annuitant; notice and contribution by employer.

New matter indicated by italics - deletions by strikeout
(a) An employer who employs or re-employs a person receiving a retirement annuity from the System in an academic year beginning on or after August 1, 2013 must notify the System of that employment within 60 days after employing the annuitant. The notice must include a copy of the contract of employment; if no written contract of employment exists, then the notice must specify the rate of compensation and the anticipated length of employment of that annuitant. The notice must specify whether the annuitant will be compensated from federal, corporate, foundation, or trust funds or grants of State funds that identify the principal investigator by name. The notice must include the employer's determination of whether or not the annuitant is an "affected annuitant" as defined in subsection (b).

The employer must also record, document, and certify to the System (i) the number of paid days and paid weeks worked by the annuitant in the academic year, (ii) the amount of compensation paid to the annuitant for employment during the academic year, and (iii) the amount of that compensation, if any, that comes from either federal, corporate, foundation, or trust funds or grants of State funds that identify the principal investigator by name.

As used in this Section, "academic year" has the meaning ascribed to that term in Section 15-126.1; "paid day" means a day on which a person performs personal services for an employer and for which the person is compensated by the employer; and "paid week" means a calendar week in which a person has at least one paid day.

For the purposes of this Section, an annuitant whose employment by an employer extends over more than one academic year shall be deemed to be re-employed by that employer in each of those academic years.

The System may specify the time, form, and manner of providing the determinations, notifications, certifications, and documentation required under this Section.

(b) A person receiving a retirement annuity from the System becomes an "affected annuitant" on the first day of the academic year following the academic year in which the annuitant first meets both of the following conditions:

(1) While receiving a retirement annuity under this Article, the annuitant has been employed on or after August 1, 2013 by one or more employers under this Article for a total of more than 18 paid weeks (which need not have been with the same employer or in the same academic year); except that any periods of employment
for which the annuitant was compensated solely from federal, corporate, foundation, or trust funds or grants of State funds that identify the principal investigator by name are excluded.

(2) While receiving a retirement annuity under this Article, the annuitant was employed on or after August 1, 2013 by one or more employers under this Article and received or became entitled to receive during an academic year compensation for that employment in excess of 40% of his or her highest annual earnings prior to retirement; except that compensation paid from federal, corporate, foundation, or trust funds or grants of State funds that identify the principal investigator by name is excluded.

A person who becomes an affected annuitant remains an affected annuitant, except for any period during which the person returns to active service and does not receive a retirement annuity from the System.

(c) It is the obligation of the employer to determine whether an annuitant is an affected annuitant before employing the annuitant. For that purpose the employer may require the annuitant to disclose and document his or her relevant prior employment and earnings history. Failure of the employer to make this determination correctly and in a timely manner or to include this determination with the notification required under subsection (a) does not excuse the employer from making the contribution required under subsection (e).

The System may assist the employer in determining whether a person is an affected annuitant. The System shall inform the employer if it discovers that the employer's determination is inconsistent with the employment and earnings information in the System's records.

(d) Upon the request of an annuitant, the System shall certify to the annuitant the following information as reported by the employers, as that information is indicated in the records of the System: (i) the annuitant's highest annual earnings prior to retirement, (ii) the number of paid weeks worked by the annuitant for an employer on or after August 1, 2013, (iii) the compensation paid for that employment in each academic year, and (iv) whether any of that employment or compensation has been certified to the System as being paid from federal, corporate, foundation, or trust funds or grants of State funds that identify the principal investigator by name. The System shall only be required to certify information that is received from the employers.

(e) In addition to the requirements of subsection (a), an employer who employs an affected annuitant must pay to the System an employer
contribution in the amount and manner provided in this Section, unless the annuitant is compensated by that employer solely from federal, corporate, foundation, or trust funds or grants of State funds that identify the principal investigator by name.

The employer contribution required under this Section for employment of an affected annuitant in an academic year shall be equal to 12 times the amount of the gross monthly retirement annuity payable to the annuitant for the month in which the first paid day of that employment in that academic year occurs, after any reduction in that annuity that may be imposed under subsection (b) of Section 15-139.

If an affected annuitant is employed by more than one employer in an academic year, the employer contribution required under this Section shall be divided among those employers in proportion to their respective portions of the total compensation paid to the affected annuitant for that employment during that academic year.

If the System determines that an employer, without reasonable justification, has failed to make the determination of affected annuitant status correctly and in a timely manner, or has failed to notify the System or to correctly document or certify to the System any of the information required by this Section, and that failure results in a delayed determination by the System that a contribution is payable under this Section, then the amount of that employer's contribution otherwise determined under this Section shall be doubled.

The System shall deem a failure to correctly determine the annuitant's status to be justified if the employer establishes to the System's satisfaction that the employer, after due diligence, made an erroneous determination that the annuitant was not an affected annuitant due to reasonable reliance on false or misleading information provided by the annuitant or another employer, or an error in the annuitant's official employment or earnings records.

(f) Whenever the System determines that an employer is liable for a contribution under this Section, it shall so notify the employer and certify the amount of the contribution. The employer may pay the required contribution without interest at any time within one year after receipt of the certification. If the employer fails to pay within that year, then interest shall be charged at a rate equal to the System's prescribed rate of interest, compounded annually from the 366th day after receipt of the certification from the System. Payment must be concluded within 2 years after receipt of the certification by the employer. If the employer fails to make complete payment.
payment, including applicable interest, within 2 years, then the System may, after giving notice to the employer, certify the delinquent amount to the State Comptroller, and the Comptroller shall thereupon deduct the certified delinquent amount from State funds payable to the employer and pay them instead to the System.

(g) If an employer is required to make a contribution to the System as a result of employing an affected annuitant and the annuitant later elects to forgo his or her annuity in that same academic year pursuant to subsection (c) of Section 15-139, then the required contribution by the employer shall be waived, and if the contribution has already been paid, it shall be refunded to the employer without interest.

(h) Notwithstanding any other provision of this Article, the employer contribution required under this Section shall not be included in the determination of any benefit under this Article or any other Article of this Code, regardless of whether the annuitant returns to active service, and is in addition to any other State or employer contribution required under this Article.

(i) Notwithstanding any other provision of this Section to the contrary, if an employer employs an affected annuitant in order to continue critical operations in the event of either an employee’s unforeseen illness, accident, or death or a catastrophic incident or disaster, then, for one and only one academic year, the employer is not required to pay the contribution set forth in this Section for that annuitant. The employer shall, however, immediately notify the System upon employing a person subject to this subsection (i). For the purposes of this subsection (i), "critical operations" means teaching services, medical services, student welfare services, and any other services that are critical to the mission of the employer.

(40 ILCS 5/15-153.2) (from Ch. 108 1/2, par. 15-153.2)

Sec. 15-153.2. Disability retirement annuity. A participant whose disability benefits are discontinued under the provisions of clause (6) of Section 15-152 and who is not a participant in the optional retirement plan established under Section 15-158.2 is entitled to a disability retirement annuity of 35% of the basic compensation which was payable to the participant at the time that disability began, provided that the board determines that the participant has a medically determinable physical or mental impairment that prevents him or her from engaging in any substantial gainful activity, and which can be expected to result in death or
which has lasted or can be expected to last for a continuous period of not less than 12 months.

The board's determination of whether a participant is disabled shall be based upon:

(i) a written certificate from one or more licensed and practicing physicians appointed by or acceptable to the board, stating that the participant is unable to engage in any substantial gainful activity; and

(ii) any other medical examinations, hospital records, laboratory results, or other information necessary for determining the employment capacity and condition of the participant.

The terms "medically determinable physical or mental impairment" and "substantial gainful activity" shall have the meanings ascribed to them in the federal Social Security Act, as now or hereafter amended, and the regulations issued thereunder.

The disability retirement annuity payment period shall begin immediately following the expiration of the disability benefit payments under clause (6) of Section 15-152 and shall be discontinued for a recipient of a disability retirement annuity when (1) the physical or mental impairment no longer prevents the participant from engaging in any substantial gainful activity, (2) the participant dies or (3) the participant elects to receive a retirement annuity under Sections 15-135 and 15-136. If a person's disability retirement annuity is discontinued under clause (1), all rights and credits accrued in the system on the date that the disability retirement annuity began shall be restored, and the disability retirement annuity paid shall be considered as disability payments under clause (6) of Section 15-152.

If an employer is audited by the System, then the employer must provide to the System all necessary documents and records within 60 calendar days after receiving notification from the System.

Sec. 9. Warrants; vouchers; preaudit.
(a) No payment may be made from public funds held by the State Treasurer in or outside of the State treasury, except by warrant drawn by the Comptroller and presented by him to the treasurer to be countersigned except for payments made pursuant to Section 9.03 or 9.05 of this Act.
(b) No warrant for the payment of money by the State Treasurer may be drawn by the Comptroller without the presentation of itemized vouchers indicating that the obligation or expenditure is pursuant to law and authorized, and authorizing the Comptroller to order payment.

unencumbered obligational or expenditure authority other than by appropriation are legally available to incur the obligation or to make the expenditure of public funds. The Comptroller may deduct any one or more of the following: (i) the entire amount due and payable to the State or a portion of the amount due and payable to the State in accordance with the request of the notifying agency; (ii) the entire amount due and payable to the United States or a portion of the amount due and payable to the United States in accordance with a reciprocal offset agreement under subsection (i-1) of Section 10 of the Illinois State Collection Act of 1986; or (iii) the entire amount due and payable to the unit of local government, school district, or public institution of higher education, or the clerk of the circuit court, or a portion of the amount due and payable to that entity, in accordance with an intergovernmental agreement authorized under this Section and Section 10.05d. New matter indicated by italics - deletions by strikeout
"Net amount" means that part of the earnings of an individual remaining after deduction of any amounts required by law to be withheld. For purposes of this provision, wage, salary or other payments for personal services shall not include final compensation payments for the value of accrued vacation, overtime or sick leave. Whenever the Comptroller draws a warrant or makes a payment involving a deduction ordered under this Section, the Comptroller shall notify the payee and the State agency that submitted the voucher of the reason for the deduction and he or she shall retain a record of such statement in his or her records. As used in this Section, an "account or claim in favor of the State" includes all amounts owing to "State agencies" as defined in Section 7 of this Act. However, the Comptroller shall not be required to accept accounts or claims owing to funds not held by the State Treasurer, where such accounts or claims do not exceed $50, nor shall the Comptroller deduct from funds held by the State Treasurer under the Senior Citizens and Disabled Persons Property Tax Relief and Pharmaceutical Assistance Act or for payments to institutions from the Illinois Prepaid Tuition Trust Fund (unless the Trust Fund moneys are used for child support). The Comptroller and the Department of Revenue shall enter into an interagency agreement to establish responsibilities, duties, and procedures relating to deductions from lottery prizes awarded under Section 20.1 of the Illinois Lottery Law. The Comptroller may enter into an intergovernmental agreement with the Department of Revenue and the Secretary of the Treasury of the United States, or his or her delegate, to establish responsibilities, duties, and procedures relating to reciprocal offset of delinquent State and federal obligations pursuant to subsection (i-1) of Section 10 of the Illinois State Collection Act of 1986. The Comptroller may enter into intergovernmental agreements with any unit of local government, school district, or public institution of higher education, or clerk of a circuit court to establish responsibilities, duties, and procedures to provide for the offset, by the Comptroller, of obligations owed to those entities.

For the purposes of this Section, "clerk of a circuit court" means the clerk of a circuit court in any county in the State. (Source: P.A. 97-269, eff. 12-16-11 (see Section 15 of P.A. 97-632 for the effective date of changes made by P.A. 97-269); 97-632, eff. 12-16-11.) (15 ILCS 405/10.05d)

New matter indicated by italics - deletions by strikeout
this Section, the Comptroller may enter into intergovernmental agreements
with a unit of local government, a school district, or a public institution of
higher education, or the clerk of a circuit court, in order to provide for (i)
the use of the Comptroller's offset system to collect delinquent obligations
owed to that entity and (ii) the payment to the Comptroller of a processing
charge of up to $15 per transaction for such offsets. The Comptroller shall
deduct, from a warrant or other payment described in Section 10.05, in
accordance with the procedures provided therein, its processing charge and
the amount certified as necessary to satisfy, in whole or in part, the
delinquent obligation owed to the unit of local government, school district,
or public institution of higher education, or clerk of the circuit court, as
applicable. The Comptroller shall provide the unit of local government,
school district, or public institution of higher education, or clerk of the
circuit court, as applicable, with the address to which the warrant or other
payment was to be mailed and any other information pertaining to each
person from whom a deduction is made pursuant to this Section. All
deductions ordered under this Section and processing charges imposed
under this Section shall be deposited into the Comptroller Debt Recovery
Trust Fund, a special fund that the Comptroller shall use for the collection
of deductions and processing charges, as provided by law, and the payment
of deductions and administrative expenses, as provided by law.

Upon processing a deduction, the Comptroller shall give written
notice to the person subject to the offset. The notice shall inform the
person that he or she may make a written protest to the Comptroller within
60 days after the Comptroller has given notice. The protest shall include
the reason for contesting the deduction and any other information that will
enable the Comptroller to determine the amount due and payable. The
intergovernmental agreement entered into under Section 10.05 and this
Section shall establish procedures through which the Comptroller shall
determine the validity of the protest and shall make a final disposition
concerning the deduction. If the person subject to the offset has not made a
written protest within 60 days after the Comptroller has given notice or if a
final disposition is made concerning the deduction, the Comptroller shall
pay the deduction to the unit of local government, school district, or public
institution of higher education, or clerk of the circuit court, as applicable,
from the Comptroller Debt Recovery Trust Fund.

For the purposes of this Section, "clerk of a circuit court" means a
clerk of the circuit court in any county in the State.

(g) When making a determination of medical necessity for a treatment modality for autism spectrum disorders, an insurer must make the determination in a manner that is consistent with the manner used to make that determination with respect to other diseases or illnesses covered under the policy, including an appeals process. The retirement annuity for any employee who withdraws from service on or after January 1, 1990 and prior to December 31, 2003 at age 50 or over with at least 10 years of service, or at age 60 or over with at least 4 years of service, shall be 1.90% for each of the first 10 years of service, 2.20% for each of the next 10 years of service, 2.40% for each of the next 10 years of service, and 2.80% for each year of service in excess of the first 30 years of service immediately preceding the date of withdrawal.
of 30, with a pro-rated amount for service of less than a full year, based upon the highest average annual salary for any 4 consecutive years within the last 10 years of service immediately preceding the date of withdrawal, provided that:

(1) if retirement of the employee occurs below age 60, such annuity shall be reduced 1/4 of 1% (1/2 of 1% in the case of withdrawal from service before January 1, 1991) for each month or fraction thereof that the employee's age is less than 60, except that an employee retiring at age 50 or over having at least 30 years of service shall not be subject to the reduction in retirement annuity because of retirement below age 60;

(2) the annuity shall not exceed 80% of such average annual salary; and

(3) the actual salary shall be considered in the computation of this annuity.

An employee who withdraws from service on or after December 31, 2003, at age 50 or over with at least 10 years of service or at age 60 or over with at least 4 years of service, shall receive, in lieu of any other retirement annuity provided for in this Section, a retirement annuity calculated as follows: for each year of service immediately preceding the date of withdrawal, 2.40% of the highest average annual salary for any 4 consecutive years within the last 10 years of service immediately preceding the date of withdrawal, with a prorated amount for service of less than a full year, provided that:

(1) if retirement of the employee occurs below age 60, such annuity shall be reduced 1/4 of 1% for each month or fraction thereof that the employee's age is less than 60, except that an employee retiring at age 50 or over having at least 30 years of service shall not be subject to the reduction in retirement annuity because of retirement below age 60;

(2) the annuity shall not exceed 80% of such average annual salary; and

(3) the actual salary shall be considered in the computation of this annuity.

Notwithstanding any other formula, the annuity for employees retiring on or after January 31, 2004 and on or before February 29, 2004 with at least 30 years of service shall be 80% of average annual salary for any 4 consecutive years within the last 10 years of service immediately preceding the date of withdrawal.

However, for the 6-month fiscal year July 1, 2012 through December 31, 2012, the amount of service earned shall not exceed 1/2 year.

Sec. 12-149. Financing. The board of park commissioners of any such park district shall annually levy a tax (in addition to the taxes now authorized by law) upon all taxable property embraced in the district, at the rate which, when added to the employee contributions under this Article and applied to the fund created hereunder, shall be sufficient to provide for the purposes of this Article in accordance with the provisions thereof. Such tax shall be levied and collected with and in like manner as the general taxes of such district, and shall not in any event be included within any limitations of rate for general park purposes as now or hereafter provided by law, but shall be excluded therefrom and be in addition thereto. The amount of such annual tax to and including the year 1977 shall not exceed .0275% of the value, as equalized or assessed by the Department of Revenue, of all taxable property embraced within the park district, provided that for the year 1978, and for each year thereafter, the amount of such annual tax shall be at a rate on the dollar of assessed valuation of all taxable property that will produce, when extended, for the year 1978 the following sum: 0.825 times the amount of employee contributions during the fiscal year 1976; for the year 1979, 0.85 times the

amount of employee contributions during the fiscal year 1977; for the year 1980, 0.90 times the amount of employee contributions during the fiscal year 1978; for the year 1981, 0.95 times the amount of employee contributions during the fiscal year 1979; for the year 1982, 1.00 times the amount of employee contributions during the fiscal year 1980; for the year 1983, 1.05 times the amount of contributions made on behalf of employees during the fiscal year 1981; and for the year 1984 and each year thereafter, an amount equal to 1.10 times the employee contributions during the fiscal year 2-years prior to the year for which the applicable tax is levied. For the year 2014, this calculation shall be 1.10 times the amount of employee contributions during the 12-month fiscal year ending June 30, 2012; and for the year 2015, this calculation shall be 1.10 times the amount of employee contributions during the 12-month fiscal year ending December 31, 2013. As used in this Section, the term "employee contributions" means contributions by employees for retirement annuity, spouse's annuity, automatic increase in retirement annuity, and death benefit.

In respect to park district employees, other than policemen, who are transferred to the employment of a city by virtue of the "Exchange of Functions Act of 1957", the corporate authorities of the city shall annually levy a tax upon all taxable property embraced in the city, as equalized or assessed by the Department of Revenue, at such rate per cent of the value of such property as shall be sufficient, when added to the amounts deducted from the salary or wages of such employees, to provide the benefits to which such employees, their dependents and beneficiaries are entitled under the provisions of this Article. The park district shall not levy a tax hereunder in respect to such employees. The tax levied by the city under authority of this Article shall be in addition to and exclusive of all other taxes authorized by law to be levied by the city for corporate, annuity fund or other purposes.

All moneys accruing from the levy and collection of taxes, pursuant to this section, shall be remitted to the board by the employers as soon as they are received. Where a city has levied a tax pursuant to this Section in respect to park district employees transferred to the employment of a city, the treasurer of such city or other authorized officer shall remit the moneys accruing from the levy and collection of such tax as soon as they are received. Such remittances shall be made upon a pro rata share basis, whereby each employer shall pay to the board such employer's proportionate percentage of each payment of taxes received by it,
according to the ratio which its tax levy for this fund bears to the total tax
levy of such employer.

Should any board of park commissioners included under the
provisions of this Article be without authority to levy the tax provided in
this Section the corporation authorities (meaning the supervisor, clerk and
assessor) of the town or towns for which such board shall be the board of
park commissioners shall levy such tax.

Employer contributions to the Fund may be reduced by $5,000,000
for calendar years 2004 and 2005.

(House Bill No. 0587)

AN ACT concerning local government.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Park District Code is amended by changing Sections 5-1 and 5-2 as follows:

(70 ILCS 1205/5-1)(from Ch. 105, par. 5-1)

New matter indicated by italics - deletions by strikeout
Sec. 5-1. Each Park District has the power to levy and collect taxes on all the taxable property in the district for all corporate purposes. The commissioners may accumulate funds for the purposes of building repairs and improvements and may annually levy taxes for such purposes in excess of current requirements for its other purposes but subject to the tax rate limitation as herein provided.

All general taxes proposed by the board to be levied upon the taxable property within the district shall be levied by ordinance. A certified copy of such levy ordinance shall be filed with the county clerk of the county in which the same is to be collected not later than the last Tuesday in December in each year. The county clerk shall extend such tax; provided, the aggregate amount of taxes levied for any one year, exclusive of the amount levied for the payment of the principal and interest on bonded indebtedness of the district and taxes authorized by special referenda, shall not exceed, except as otherwise provided in this Section, the rate of .10%, or the rate limitation in effect on July 1, 1967, whichever is greater, of the value, as equalized or assessed by the Department of Revenue.

Notwithstanding any other provision of this Section, a park district board of a park district lying wholly within one county is authorized to increase property taxes under this Section for corporate purposes for any one year so long as the increase is offset by a like property tax levy reduction in one or more of the park district's funds. At the time that such park district files its levy with the county clerk, it shall also certify to the county clerk that the park district has complied with and is authorized to act under this Section 5-1 of the Park District Code. In no instance shall the increase either exceed or result in a reduction to the extension limitation to which any park district is subject under Section 18-195 of the Property Tax Code.

Notwithstanding any provision of this Section to the contrary, if a park district is subject to Section 18-195 of the Property Tax Code and does not levy the tax authorized by Section 5-3, then it may increase the property tax levy under this Section for corporate purposes to a total rate not to exceed the total of rates authorized by this Section and Section 5-3 as long as the increase is offset by a like property tax levy reduction in one or more of the park district's funds. In no instance shall the increase for corporate purposes cause the park district to exceed the limiting rate that the park district is subject to under Section 18-195 of the Property Tax Code.
Any funds on hand at the end of the fiscal year that are not pledged for or allocated to a particular purpose may, by action of the board of commissioners, be transferred to a capital improvement fund and accumulated therein, but the total amount accumulated in the fund may not exceed 1.5% of the aggregate assessed valuation of all taxable property in the park district.

The foregoing limitations upon tax rates may be decreased under the referendum provisions of the General Revenue Law of the State of Illinois.

(70 ILCS 1205/5-2)(from Ch. 105, par. 5-2)

Sec. 5-2. Any park district may levy and collect annually, a tax of not to exceed .12% of the value, as equalized or assessed by the Department of Revenue, of all taxable property in such district for the purpose of planning, establishing and maintaining recreational programs, such programs to include playgrounds, community and recreational centers, which tax shall be levied and collected in like manner as the general taxes for such district. Such tax shall be in addition to all other taxes authorized by law to be levied and collected in such district and shall not be included within any limitation of rate contained in this Code or any other law, but shall be excluded therefrom and be in addition thereto and in excess thereof.

The proceeds of the tax authorized by this Section shall be paid to the treasurer of such district and kept in a fund to be known as the recreational program fund. Such fund shall be used for the planning, establishing and maintaining recreational programs carried on by such district.

No such tax in excess of .075% shall be levied in any such district, until the question of levying such tax has first been submitted to the voters of such district at an election held in such district and has been approved by a majority of such voters voting thereon. The board shall certify such proposition to the proper election officials, who shall submit such proposition to the voters of the district regardless of whether or not a petition, signed by electors of the district, requesting the submission thereof has been filed with the board. Notice of such referendum shall be given and such referendum shall be conducted in the manner provided by the general election law.

The proposition shall be in substantially the following form:

5-2 of "The Park District Code"?
NO

If a majority of the voters of such district voting thereon shall vote
for the levy and collection of the tax, such district is authorized and
empowered to levy and collect such tax annually thereafter. Any tax
previously authorized by referendum for recreation and community centers
under "An Act to amend Section 8 of An Act to provide for the creation of
Pleasure Driveway and Park Districts, approved June 19, 1893, as
amended and to add Sections 8a, 8b, 8c, and 8d thereto", approved
February 27, 1935, as amended, shall continue to be levied and shall be
treated as having been authorized under this Section.

Notwithstanding any provision of this Section to the contrary, if a
park district is subject to Section 18-195 of the Property Tax Code and
does not levy the tax authorized by Section 5-3a, then it may increase the
property tax levy under this Section for the purpose of planning,
establishing, and maintaining recreational programs carried on by the
district to a total rate not to exceed the total of rates authorized by this
Section and Section 5-3a as long as the increase is offset by a like
property tax levy reduction in one or more of the park district's funds. In
no instance shall the increase for the purpose of planning, establishing,
and maintaining recreation programs cause the park district to exceed the
limiting rate that the park district is subject to under Section 18-195 of the
Property Tax Code.

The foregoing limitations upon tax rates may be decreased under
the referendum provisions of the General Revenue Law of the State of

law.

AN ACT concerning minors.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Juvenile Court Act of 1987 is amended by changing Section 3-33.5 as follows:

(705 ILCS 405/3-33.5)

Sec. 3-33.5. Truant minors in need of supervision.

(a) Definition. A minor who is reported by the office of the regional superintendent of schools, or, in cities of over 500,000 inhabitants, by the Office of Chronic Truant Adjudication, as a chronic truant may be subject to a petition for adjudication and adjudged a truant minor in need of supervision, provided that prior to the filing of the petition, the office of the regional superintendent of schools, the Office of Chronic Truant Adjudication, or a community truancy review board certifies that the local school has provided appropriate truancy intervention services to the truant minor and his or her family. For purposes of this Section, "truancy intervention services" means services designed to assist the minor's return to an educational program, and includes but is not limited to: assessments, counseling, mental health services, shelter, optional and alternative education programs, tutoring, and educational advocacy. If, after review by the regional office of education, the Office of Chronic Truant Adjudication, or community truancy review board it is determined the local school did not provide the appropriate interventions, then the minor shall be referred to a comprehensive community based youth service agency for truancy intervention services. If the comprehensive community based youth service agency is incapable to provide intervention services, then this requirement for services is not applicable. The comprehensive community based youth service agency shall submit reports to the office of the regional superintendent of schools, the Office of Chronic Truant Adjudication, or truancy review board within 20, 40, and 80 school days of the initial referral or at any other time requested by the office of the regional superintendent of schools, the Office of Chronic Truant Adjudication, or truancy review board, which
reports each shall certify the date of the minor's referral and the extent of the minor's progress and participation in truancy intervention services provided by the comprehensive community based youth service agency. In addition, if, after referral by the office of the regional superintendent of schools, the Office of Chronic Truant Adjudication, or community truancy review board, the minor declines or refuses to fully participate in truancy intervention services provided by the comprehensive community based youth service agency, then the agency shall immediately certify such facts to the office of the regional superintendent of schools, the Office of Chronic Truant Adjudication, or community truancy review board.

(a-1) There is a rebuttable presumption that a chronic truant is a truant minor in need of supervision.

(a-2) There is a rebuttable presumption that school records of a minor's attendance at school are authentic.

(a-3) For purposes of this Section, "chronic truant" means a minor subject to compulsory school attendance and who is absent without valid cause from such attendance for 10% or more of the previous 180 regular attendance days and has the meaning ascribed to it in Section 26-2a of the School Code.

(a-4) For purposes of this Section, a "community truancy review board" is a local community based board comprised of but not limited to: representatives from local comprehensive community based youth service agencies, representatives from court service agencies, representatives from local schools, representatives from health service agencies, and representatives from local professional and community organizations as deemed appropriate by the office of the regional superintendent of schools, or, in cities of over 500,000 inhabitants, by the Office of Chronic Truant Adjudication. The regional superintendent of schools, or, in cities of over 500,000 inhabitants, the Office of Chronic Truant Adjudication, must approve the establishment and organization of a community truancy review board and the regional superintendent of schools or his or her designee, or, in cities of over 500,000 inhabitants, the general superintendent of schools or his or her designee, shall chair the board.

(a-5) Nothing in this Section shall be construed to create a private cause of action or right of recovery against a regional office of education or the Office of Chronic Truant Adjudication, its superintendent, or its staff with respect to truancy intervention services where the determination to provide the services is made in good faith.
(b) Kinds of dispositional orders. A minor found to be a truant minor in need of supervision may be:

(1) committed to the appropriate regional superintendent of schools for a student assistance team staffing, a service plan, or referral to a comprehensive community based youth service agency;

(2) required to comply with a service plan as specifically provided by the appropriate regional superintendent of schools;

(3) ordered to obtain counseling or other supportive services;

(4) subject to a fine in an amount in excess of $5, but not exceeding $100, and each day of absence without valid cause as defined in Section 26-2a of The School Code is a separate offense;

(5) required to perform some reasonable public service work such as, but not limited to, the picking up of litter in public parks or along public highways or the maintenance of public facilities; or

(6) subject to having his or her driver's license or driving privilege suspended for a period of time as determined by the court but only until he or she attains 18 years of age.

A dispositional order may include a fine, public service, or suspension of a driver's license or privilege only if the court has made an express written finding that a truancy prevention program has been offered by the school, regional superintendent of schools, or a comprehensive community based youth service agency to the truant minor in need of supervision.

(c) Orders entered under this Section may be enforced by contempt proceedings.

PUBLIC ACT 97-0978
(House Bill No. 4190)

AN ACT concerning State government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois False Claims Act is amended by changing Section 4 as follows:

(740 ILCS 175/4) (from Ch. 127, par. 4104)
Sec. 4. Civil actions for false claims.
(a) Responsibilities of the Attorney General and the Department of State Police. The Attorney General or the Department of State Police shall diligently investigate a civil violation under Section 3. If the Attorney General finds that a person violated or is violating Section 3, the Attorney General may bring a civil action under this Section against the person.

The State shall receive an amount for reasonable expenses that the court finds to have been necessarily incurred by the Attorney General, including reasonable attorneys' fees and costs. All such expenses, fees, and costs shall be awarded against the defendant. The court may award amounts from the proceeds of an action or settlement that it considers appropriate to any governmental entity or program that has been adversely affected by a defendant. The Attorney General, if necessary, shall direct the State Treasurer to make a disbursement of funds as provided in court orders or settlement agreements.

(b) Actions by private persons.

(1) A person may bring a civil action for a violation of Section 3 for the person and for the State. The action shall be brought in the name of the State. The action may be dismissed only if the court and the Attorney General give written consent to the dismissal and their reasons for consenting.

(2) A copy of the complaint and written disclosure of substantially all material evidence and information the person possesses shall be served on the State. The complaint shall be filed in camera, shall remain under seal for at least 60 days, and shall not be served on the defendant until the court so orders. The State may elect to intervene and proceed with the action within 60 days after

New matter indicated by italics - deletions by strikeout
it receives both the complaint and the material evidence and information.

(3) The State may, for good cause shown, move the court for extensions of the time during which the complaint remains under seal under paragraph (2). Any such motions may be supported by affidavits or other submissions in camera. The defendant shall not be required to respond to any complaint filed under this Section until 20 days after the complaint is unsealed and served upon the defendant.

(4) Before the expiration of the 60-day period or any extensions obtained under paragraph (3), the State shall:

(A) proceed with the action, in which case the action shall be conducted by the State; or
(B) notify the court that it declines to take over the action, in which case the person bringing the action shall have the right to conduct the action.

(5) When a person brings an action under this subsection (b), no person other than the State may intervene or bring a related action based on the facts underlying the pending action.

(c) Rights of the parties to Qui Tam actions.

(1) If the State proceeds with the action, it shall have the primary responsibility for prosecuting the action, and shall not be bound by an act of the person bringing the action. Such person shall have the right to continue as a party to the action, subject to the limitations set forth in paragraph (2).

(2)(A) The State may dismiss the action notwithstanding the objections of the person initiating the action if the person has been notified by the State of the filing of the motion and the court has provided the person with an opportunity for a hearing on the motion.

(B) The State may settle the action with the defendant notwithstanding the objections of the person initiating the action if the court determines, after a hearing, that the proposed settlement is fair, adequate, and reasonable under all the circumstances. Upon a showing of good cause, such hearing may be held in camera.

(C) Upon a showing by the State that unrestricted participation during the course of the litigation by the person initiating the action would interfere with or unduly delay the State's prosecution of the case, or would be repetitious, irrelevant, or for

New matter indicated by italics - deletions by strikeout
purposes of harassment, the court may, in its discretion, impose limitations on the person's participation, such as:

(i) limiting the number of witnesses the person may call:

(ii) limiting the length of the testimony of such witnesses;

(iii) limiting the person's cross-examination of witnesses; or

(iv) otherwise limiting the participation by the person in the litigation.

(D) Upon a showing by the defendant that unrestricted participation during the course of the litigation by the person initiating the action would be for purposes of harassment or would cause the defendant undue burden or unnecessary expense, the court may limit the participation by the person in the litigation.

(3) If the State elects not to proceed with the action, the person who initiated the action shall have the right to conduct the action. If the State so requests, it shall be served with copies of all pleadings filed in the action and shall be supplied with copies of all deposition transcripts (at the State's expense). When a person proceeds with the action, the court, without limiting the status and rights of the person initiating the action, may nevertheless permit the State to intervene at a later date upon a showing of good cause.

(4) Whether or not the State proceeds with the action, upon a showing by the State that certain actions of discovery by the person initiating the action would interfere with the State's investigation or prosecution of a criminal or civil matter arising out of the same facts, the court may stay such discovery for a period of not more than 60 days. Such a showing shall be conducted in camera. The court may extend the 60-day period upon a further showing in camera that the State has pursued the criminal or civil investigation or proceedings with reasonable diligence and any proposed discovery in the civil action will interfere with the ongoing criminal or civil investigation or proceedings.

(5) Notwithstanding subsection (b), the State may elect to pursue its claim through any alternate remedy available to the State, including any administrative proceeding to determine a civil money penalty. If any such alternate remedy is pursued in another proceeding, the person initiating the action shall have the same

New matter indicated by italics - deletions by strikeout
rights in such proceeding as such person would have had if the action had continued under this Section. Any finding of fact or conclusion of law made in such other proceeding that has become final shall be conclusive on all parties to an action under this Section. For purposes of the preceding sentence, a finding or conclusion is final if it has been finally determined on appeal to the appropriate court, if all time for filing such an appeal with respect to the finding or conclusion has expired, or if the finding or conclusion is not subject to judicial review.

(d) Award to Qui Tam plaintiff.

(1) If the State proceeds with an action brought by a person under subsection (b), such person shall, subject to the second sentence of this paragraph, receive at least 15% but not more than 25% of the proceeds of the action or settlement of the claim, depending upon the extent to which the person substantially contributed to the prosecution of the action. Where the action is one which the court finds to be based primarily on disclosures of specific information (other than information provided by the person bringing the action) relating to allegations or transactions in a criminal, civil, or administrative hearing, in a legislative, administrative, or Auditor General's report, hearing, audit, or investigation, or from the news media, the court may award such sums as it considers appropriate, but in no case more than 10% of the proceeds, taking into account the significance of the information and the role of the person bringing the action in advancing the case to litigation. Any payment to a person under the first or second sentence of this paragraph (1) shall be made from the proceeds. Any such person shall also receive an amount for reasonable expenses which the court finds to have been necessarily incurred, plus reasonable attorneys' fees and costs. The State shall also receive an amount for reasonable expenses which the court finds to have been necessarily incurred by the Attorney General, including reasonable attorneys' fees and costs. All such expenses, fees, and costs shall be awarded against the defendant. The court may award amounts from the proceeds of an action or settlement that it considers appropriate to any governmental entity or program that has been adversely affected by a defendant. The Attorney General, if necessary, shall direct the State Treasurer to make a
disbursement of funds as provided in court orders or settlement agreements.

(2) If the State does not proceed with an action under this Section, the person bringing the action or settling the claim shall receive an amount which the court decides is reasonable for collecting the civil penalty and damages. The amount shall be not less than 25% and not more than 30% of the proceeds of the action or settlement and shall be paid out of such proceeds. Such person shall also receive an amount for reasonable expenses which the court finds to have been necessarily incurred, plus reasonable attorneys' fees and costs. All such expenses, fees, and costs shall be awarded against the defendant. The court may award amounts from the proceeds of an action or settlement that it considers appropriate to any governmental entity or program that has been adversely affected by a defendant. The Attorney General, if necessary, shall direct the State Treasurer to make a disbursement of funds as provided in court orders or settlement agreements.

(3) Whether or not the State proceeds with the action, if the court finds that the action was brought by a person who planned and initiated the violation of Section 3 upon which the action was brought, then the court may, to the extent the court considers appropriate, reduce the share of the proceeds of the action which the person would otherwise receive under paragraph (1) or (2) of this subsection (d), taking into account the role of that person in advancing the case to litigation and any relevant circumstances pertaining to the violation. If the person bringing the action is convicted of criminal conduct arising from his or her role in the violation of Section 3, that person shall be dismissed from the civil action and shall not receive any share of the proceeds of the action. Such dismissal shall not prejudice the right of the State to continue the action, represented by the Attorney General.

(4) If the State does not proceed with the action and the person bringing the action conducts the action, the court may award to the defendant its reasonable attorneys' fees and expenses if the defendant prevails in the action and the court finds that the claim of the person bringing the action was clearly frivolous, clearly vexatious, or brought primarily for purposes of harassment.

(e) Certain actions barred.
(1) No court shall have jurisdiction over an action brought by a former or present member of the Guard under subsection (b) of this Section against a member of the Guard arising out of such person's service in the Guard.

(2)(A) No court shall have jurisdiction over an action brought under subsection (b) against a member of the General Assembly, a member of the judiciary, or an exempt official if the action is based on evidence or information known to the State when the action was brought.

(B) For purposes of this paragraph (2), "exempt official" means any of the following officials in State service: directors of departments established under the Civil Administrative Code of Illinois, the Adjutant General, the Assistant Adjutant General, the Director of the State Emergency Services and Disaster Agency, members of the boards and commissions, and all other positions appointed by the Governor by and with the consent of the Senate.

(3) In no event may a person bring an action under subsection (b) which is based upon allegations or transactions which are the subject of a civil suit or an administrative civil money penalty proceeding in which the State is already a party.

(4)(A) The court shall dismiss an action or claim under this Section, unless opposed by the State, if substantially the same allegations or transactions as alleged in the action or claim were publicly disclosed:

(i) in a criminal, civil, or administrative hearing in which the State or its agent is a party;

(ii) in a State legislative, State administrative, or Auditor General, or other State General's report, hearing, audit, or investigation;

(iii) from the news media,

unless the action is brought by the Attorney General or the person bringing the action is an original source of the information.

(B) For purposes of this paragraph (4), "original source" means an individual who either (i) prior to a public disclosure under subparagraph (A) of this paragraph (4), has voluntarily disclosed to the State the information on

New matter indicated by italics - deletions by strikeout
which allegations or transactions in a claim are based, or (ii) has knowledge that is independent of and materially adds to the publicly disclosed allegations or transactions, has direct and independent knowledge of the information on which the allegations are based and who has voluntarily provided the information to the State before filing an action under this Section which is based on the information.

(f) State not liable for certain expenses. The State is not liable for expenses which a person incurs in bringing an action under this Section.

(g) Relief from retaliatory actions.

(1) In general, any employee, contractor, or agent shall be entitled to all relief necessary to make that employee, contractor, or agent whole, if that employee, contractor, or agent is discharged, demoted, suspended, threatened, harassed, or in any other manner discriminated against in the terms and conditions of employment because of lawful acts done by the employee, contractor, or agent on behalf of the employee, contractor, or agent, or associated others in furtherance of an action under this Section or other efforts to stop one or more violations of this Act.

(2) Relief under paragraph (1) shall include reinstatement with the same seniority status that the employee, contractor, or agent would have had but for the discrimination, 2 times the amount of back pay, interest on the back pay, and compensation for any special damages sustained as a result of the discrimination, including litigation costs and reasonable attorneys' fees. An action under this subsection (g) may be brought in the appropriate circuit court for the relief provided in this subsection (g).

(3) A civil action under this subsection may not be brought more than 3 years after the date when the retaliation occurred.

Sec. 13. Investigation of applications for permits and certificates of recognition. The Agency or the State Board shall make or cause to be made such investigations as it or the State Board deems necessary in connection with an application for a permit or an application for a
certificate of recognition, or in connection with a determination of whether or not construction or modification which has been commenced is in accord with the permit issued by the State Board or whether construction or modification has been commenced without a permit having been obtained. The State Board may issue subpoenas duces tecum requiring the production of records and may administer oaths to such witnesses.

Any circuit court of this State, upon the application of the State Board or upon the application of any party to such proceedings, may, in its discretion, compel the attendance of witnesses, the production of books, papers, records, or memoranda and the giving of testimony before the State Board, by a proceeding as for contempt, or otherwise, in the same manner as production of evidence may be compelled before the court.

The State Board shall require all health facilities operating in this State to provide such reasonable reports at such times and containing such information as is needed by it to carry out the purposes and provisions of this Act. Prior to collecting information from health facilities, the State Board shall make reasonable efforts through a public process to consult with health facilities and associations that represent them to determine whether data and information requests will result in useful information for health planning, whether sufficient information is available from other sources, and whether data requested is routinely collected by health facilities and is available without retrospective record review. Data and information requests shall not impose undue paperwork burdens on health care facilities and personnel. Health facilities not complying with this requirement shall be reported to licensing, accrediting, certifying, or payment agencies as being in violation of State law. Health care facilities and other parties at interest shall have reasonable access, under rules established by the State Board, to all planning information submitted in accord with this Act pertaining to their area.

Among the reports to be required by the State Board are facility questionnaires for health care facilities licensed under the Ambulatory Surgical Treatment Center Act, the Hospital Licensing Act, the Nursing Home Care Act, the ID/DD Community Care Act, the Specialized Mental Health Rehabilitation Act, or the End Stage Renal Disease Facility Act. These questionnaires shall be conducted on an annual basis and compiled by the Agency. For health care facilities licensed under the Nursing Home Care Act or the Specialized Mental Health Rehabilitation Act, or the ID/DD Community Care Act, these reports shall include, but not be limited to, the identification of specialty services provided by the facility

to patients, residents, and the community at large. Annual reports for facilities licensed under the ID/DD Community Care Act shall be different from the annual reports required of other health care facilities and shall be specific to those facilities licensed under the ID/DD Community Care Act. The Health Facilities and Services Review Board shall consult with associations representing facilities licensed under the ID/DD Community Care Act when developing the information requested in these annual reports. For health care facilities that contain long term care beds, the reports shall also include the number of staffed long term care beds, physical capacity for long term care beds at the facility, and long term care beds available for immediate occupancy. For purposes of this paragraph, "long term care beds" means beds (i) licensed under the Nursing Home Care Act, (ii) licensed under the ID/DD Community Care Act, (iii) licensed under the Hospital Licensing Act, or (iv) licensed under the Specialized Mental Health Rehabilitation Act and certified as skilled nursing or nursing facility beds under Medicaid or Medicare.

The State Board shall not deny a permit on account of any action described in this subsection (a-5) without also considering all such actions in the light of all relevant information available to the State Board, including whether the permit is sought to substantially comply with a mandatory or voluntary plan of correction associated with any action described in this subsection (a-5).

(b) Persons shall be subject to fines as follows:

(1) A permit holder who fails to comply with the requirements of maintaining a valid permit shall be fined an amount not to exceed 1% of the approved permit amount plus an additional 1% of the approved permit amount for each 30-day period, or fraction thereof, that the violation continues.

(2) A permit holder who alters the scope of an approved project or whose project costs exceed the allowable permit amount without first obtaining approval from the State Board shall be fined an amount not to exceed the sum of (i) the lesser of $25,000 or 2% of the approved permit amount and (ii) in those cases where the approved permit amount is exceeded by more than $1,000,000, an additional $20,000 for each $1,000,000, or fraction thereof, in excess of the approved permit amount.

(3) A person who acquires major medical equipment or who establishes a category of service without first obtaining a permit or exemption, as the case may be, shall be fined an amount not to exceed $10,000 for each such acquisition or category of service established plus an additional $10,000 for each 30-day period, or fraction thereof, that the violation continues.

(4) A person who constructs, modifies, or establishes a health care facility without first obtaining a permit shall be fined an amount not to exceed $30,000 for each such construction, modification, or establishment plus an additional $30,000 for each 30-day period, or fraction thereof, that the violation continues.

Facilities licensed under the ID/DD Community Care Act also must provide the Board and the Department of Human Services with 30 days' written notice of its intent to reduce the number of beds for a facility.

(6) A person subject to this Act who fails to provide information requested by the State Board or Agency within 30 days of a formal written request shall be fined an amount not to exceed $1,000 plus an additional $1,000 for each 30-day period, or fraction thereof, that the information is not received by the State Board or Agency.

Section 5. The Child Care Act of 1969 is amended by adding Section 5.8 as follows:

(225 ILCS 10/5.8 new)

Sec. 5.8. Radon testing of licensed day care centers, licensed day care homes, and licensed group day care homes.

(a) Effective January 1, 2013, licensed day care centers, licensed day care homes, and licensed group day care homes shall have the facility tested for radon at least once every 3 years pursuant to rules established by the Illinois Emergency Management Agency.

(b) Effective January 1, 2014, as part of an initial application or application for renewal of a license for day care centers, day care homes, and group day care homes, the Department shall require proof the facility has been tested within the last 3 years for radon pursuant to rules established by the Illinois Emergency Management Agency.

(c) The report of the most current radon measurement shall be posted in the facility next to the license issued by the Department. Copies of the report shall be provided to parents or guardians upon request.

(d) Included with the report referenced in subsection (c) shall be the following statement:

"Every parent or guardian is notified that this facility has performed radon measurements to ensure the health and safety of the occupants. The Illinois Emergency Management Agency (IEMA) recommends that all residential homes be tested and that corrective actions be taken at levels equal to or greater than 4.0 pCi/L. Radon is a Class A human carcinogen, the leading cause of lung cancer in non-smokers, and the second leading cause of lung cancer overall. For additional information about this facility contact the licensee and for additional information regarding radon contact the IEMA Radon Program at 800-325-1245 or on the Internet at www.radon.illinois.gov."

Section 10. The Illinois Radon Awareness Act is amended by changing Section 10 as follows:

(420 ILCS 46/10)

Sec. 10. Radon testing and disclosure.

(a) Except as excluded by Section 20 of this Act, the seller shall provide to the buyer of any interest in residential real property the IEMA pamphlet entitled "Radon Testing Guidelines for Real Estate Transactions" (or an equivalent pamphlet approved for use by IEMA) and the Illinois Disclosure of Information on Radon Hazards, which is set forth in subsection (b) of this Section, stating that the property may present the potential for exposure to radon before the buyer is obligated under any contract to purchase residential real property. Nothing in this Section is intended to or shall be construed to imply an obligation on the seller to conduct any radon testing or mitigation activities.

(b) The following shall be the form of Disclosure of Information on Radon Hazards to be provided to a buyer of residential real property as required by this Section:

DISCLOSURE OF INFORMATION ON RADON HAZARDS
(For Residential Real Property Sales or Purchases)

Radon Warning Statement

Every buyer of any interest in residential real property is notified that the property may present exposure to dangerous levels of indoor radon gas that may place the occupants at risk of developing radon-induced lung cancer. Radon, a Class-A human carcinogen, is the leading cause of lung cancer in non-smokers and the second leading cause overall. The seller of any interest in residential real property is required to provide the buyer with any information on radon test results of the dwelling showing elevated levels of radon in the seller's possession.

The Illinois Emergency Management Agency (IEMA) strongly recommends ALL homebuyers have an indoor radon test performed prior to purchase or taking occupancy, and mitigated if elevated levels are found. Elevated radon concentrations can easily be reduced by a qualified, licensed radon mitigator.

Seller's Disclosure (initial each of the following which applies)

(a)......... Elevated radon concentrations (above EPA or IEMA recommended Radon Action Level) are known to be present within the dwelling. (Explain)
(b)........ Seller has provided the purchaser with the most current available records and reports pertaining to elevated radon concentrations within the dwelling.

(c)........ Seller either has no knowledge of elevated radon concentrations in the dwelling or prior elevated radon concentrations have been mitigated or remediated.

(d)........ Seller has no records or reports pertaining to elevated radon concentrations within the dwelling.

Purchaser's Acknowledgment (initial each of the following which applies)

(e)......... Purchaser has received copies of all information listed above.

(f)......... Purchaser has received the IEMA approved Radon Disclosure Pamphlet.

Agent's Acknowledgment (initial) (if applicable)

(g)......... Agent has informed the seller of the seller's obligations under Illinois law.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Cannabis Control Act is amended by changing Section 12 as follows:

(720 ILCS 550/12) (from Ch. 56 1/2, par. 712)
Sec. 12. (a) The following are subject to forfeiture:

(1) all substances containing cannabis which have been produced, manufactured, delivered, or possessed in violation of this Act;

(2) all raw materials, products and equipment of any kind which are produced, delivered, or possessed in connection with any substance containing cannabis in violation of this Act;

(3) all conveyances, including aircraft, vehicles or vessels, which are used, or intended for use, to transport, or in any manner to facilitate the transportation, sale, receipt, possession, or concealment of property described in paragraph (1) or (2) that constitutes a felony violation of the Act, but:

   (i) no conveyance used by any person as a common carrier in the transaction of business as a common carrier is subject to forfeiture under this Section unless it appears that the owner or other person in charge of the conveyance is a consenting party or privy to a violation of this Act;

   (ii) no conveyance is subject to forfeiture under this Section by reason of any act or omission which the owner proves to have been committed or omitted without his knowledge or consent;

   (iii) a forfeiture of a conveyance encumbered by a bona fide security interest is subject to the interest of the secured party if he neither had knowledge of nor consented to the act or omission;

(4) all money, things of value, books, records, and research products and materials including formulas, microfilm, tapes, and data which are used, or intended for use in a felony violation of this Act;

(5) everything of value furnished or intended to be furnished by any person in exchange for a substance in violation of this Act, all proceeds traceable to such an exchange, and all moneys, negotiable instruments, and securities used, or intended to be used, to commit or in any manner to facilitate any felony violation of this Act;

(6) all real property, including any right, title, and interest including, but not limited to, any leasehold interest or the beneficial interest to a land trust, in the whole of any lot or tract of land and any appurtenances or improvements, that is used or
intended to be used to facilitate the manufacture, distribution, sale, receipt, or concealment of property described in paragraph (1) or (2) of this subsection (a) that constitutes a felony violation of more than 2,000 grams of a substance containing cannabis or that is the proceeds of any felony violation of this Act.

(b) Property subject to forfeiture under this Act may be seized by the Director or any peace officer upon process or seizure warrant issued by any court having jurisdiction over the property. Seizure by the Director or any peace officer without process may be made:

(1) if the property subject to seizure has been the subject of a prior judgment in favor of the State in a criminal proceeding or in an injunction or forfeiture proceeding based upon this Act or the Drug Asset Forfeiture Procedure Act;

(2) if there is probable cause to believe that the property is directly or indirectly dangerous to health or safety;

(3) if there is probable cause to believe that the property is subject to forfeiture under this Act and the property is seized under circumstances in which a warrantless seizure or arrest would be reasonable; or

(4) in accordance with the Code of Criminal Procedure of 1963.

(c) In the event of seizure pursuant to subsection (b), notice shall be given forthwith to all known interest holders that forfeiture proceedings, including a preliminary review, shall be instituted in accordance with the Drug Asset Forfeiture Procedure Act and such proceedings shall thereafter be instituted in accordance with that Act. Upon a showing of good cause, the notice required for a preliminary review under this Section may be postponed.

(c-1) In the event the State's Attorney is of the opinion that real property is subject to forfeiture under this Act, forfeiture proceedings shall be instituted in accordance with the Drug Asset Forfeiture Procedure Act. The exemptions from forfeiture provisions of Section 8 of the Drug Asset Forfeiture Procedure Act are applicable.

(d) Property taken or detained under this Section shall not be subject to replevin, but is deemed to be in the custody of the Director subject only to the order and judgments of the circuit court having jurisdiction over the forfeiture proceedings and the decisions of the State's Attorney under the Drug Asset Forfeiture Procedure Act. When property is seized under this Act, the seizing agency shall promptly conduct an
inventory of the seized property, estimate the property's value, and shall forward a copy of the inventory of seized property and the estimate of the property's value to the Director. Upon receiving notice of seizure, the Director may:

(1) place the property under seal;
(2) remove the property to a place designated by him;
(3) keep the property in the possession of the seizing agency;

(5) place the property under constructive seizure by posting notice of pending forfeiture on it, by giving notice of pending forfeiture to its owners and interest holders, or by filing notice of pending forfeiture in any appropriate public record relating to the property; or
(6) provide for another agency or custodian, including an owner, secured party, or lienholder, to take custody of the property upon the terms and conditions set by the Director.

(e) No disposition may be made of property under seal until the time for taking an appeal has elapsed or until all appeals have been concluded unless a court, upon application therefor, orders the sale of perishable substances and the deposit of the proceeds of the sale with the court.

(f) When property is forfeited under this Act the Director shall sell all such property unless such property is required by law to be destroyed or is harmful to the public, and shall distribute the proceeds of the sale, together with any moneys forfeited or seized, in accordance with subsection (g). However, upon the application of the seizing agency or prosecutor who was responsible for the investigation, arrest or arrests and prosecution which lead to the forfeiture, the Director may return any item of forfeited property to the seizing agency or prosecutor for official use in the enforcement of laws relating to cannabis or controlled substances, if the agency or prosecutor can demonstrate that the item requested would be useful to the agency or prosecutor in their enforcement efforts. When any forfeited conveyance, including an aircraft, vehicle, or vessel, is returned to the seizing agency or prosecutor, the conveyance may be used immediately in the enforcement of the criminal laws of this State. Upon
disposal, all proceeds from the sale of the conveyance must be used for drug enforcement purposes. When any real property returned to the seizing agency is sold by the agency or its unit of government, the proceeds of the sale shall be delivered to the Director and distributed in accordance with subsection (g).

(g) All monies and the sale proceeds of all other property forfeited and seized under this Act shall be distributed as follows:

(1)(i) 65% shall be distributed to the metropolitan enforcement group, local, municipal, county, or state law enforcement agency or agencies which conducted or participated in the investigation resulting in the forfeiture. The distribution shall bear a reasonable relationship to the degree of direct participation of the law enforcement agency in the effort resulting in the forfeiture, taking into account the total value of the property forfeited and the total law enforcement effort with respect to the violation of the law upon which the forfeiture is based. Amounts distributed to the agency or agencies shall be used for the enforcement of laws governing cannabis and controlled substances or for security cameras used for the prevention or detection of violence, except that amounts distributed to the Secretary of State shall be deposited into the Secretary of State Evidence Fund to be used as provided in Section 2-115 of the Illinois Vehicle Code.

(ii) Any local, municipal, or county law enforcement agency entitled to receive a monetary distribution of forfeiture proceeds may share those forfeiture proceeds pursuant to the terms of an intergovernmental agreement with a municipality that has a population in excess of 20,000 if:

(I) the receiving agency has entered into an intergovernmental agreement with the municipality to provide police services;

(II) the intergovernmental agreement for police services provides for consideration in an amount of not less than $1,000,000 per year;

(III) the seizure took place within the geographical limits of the municipality; and

(IV) the funds are used only for the enforcement of laws governing cannabis and controlled substances or for security cameras used for the prevention or detection of violence or the establishment of a municipal police force,
including the training of officers, construction of a police station, the purchase of law enforcement equipment, or vehicles.

(2)(i) 12.5% shall be distributed to the Office of the State's Attorney of the county in which the prosecution resulting in the forfeiture was instituted, deposited in a special fund in the county treasury and appropriated to the State's Attorney for use in the enforcement of laws governing cannabis and controlled substances, or at the discretion of the State's Attorney, in addition to other authorized purposes, to make grants to local substance abuse treatment facilities and half-way houses. In counties over 3,000,000 population, 25% will be distributed to the Office of the State's Attorney for use in the enforcement of laws governing cannabis and controlled substances, or at the discretion of the State's Attorney, in addition to other authorized purposes, to make grants to local substance abuse treatment facilities and half-way houses. If the prosecution is undertaken solely by the Attorney General, the portion provided hereunder shall be distributed to the Attorney General for use in the enforcement of laws governing cannabis and controlled substances.

(ii) 12.5% shall be distributed to the Office of the State's Attorneys Appellate Prosecutor and deposited in the Narcotics Profit Forfeiture Fund of that Office to be used for additional expenses incurred in the investigation, prosecution and appeal of cases arising under laws governing cannabis and controlled substances. The Office of the State's Attorneys Appellate Prosecutor shall not receive distribution from cases brought in counties with over 3,000,000 population.

(3) 10% shall be retained by the Department of State Police for expenses related to the administration and sale of seized and forfeited property.

AN ACT concerning local government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Counties Code is amended by changing Sections 2-3003 and 4-4001 as follows:

(55 ILCS 5/2-3003) (from Ch. 34, par. 2-3003)

Sec. 2-3003. Apportionment plan.

(1) If the county board determines that members shall be elected by districts, it shall develop an apportionment plan and specify the number of districts and the number of county board members to be elected from each district and whether voters will have cumulative voting rights in multi-member districts. Each such district:

a. Shall be \textit{substantially} equal in population to each other district;

b. Shall be comprised of contiguous territory, as nearly compact as practicable; and

c. May divide townships or municipalities only when necessary to conform to the population requirement of paragraph a. of this Section.

d. Shall be created in such a manner so that no precinct shall be divided between 2 or more districts, insofar as is practicable.

(2) The county board of each county having a population of less than 3,000,000 inhabitants may, if it should so decide, provide within that county for single member districts outside the corporate limits and multi-member districts within the corporate limits of any municipality with a population in excess of 75,000. Paragraphs a, b, c and d of subsection (1) of this Section shall apply to the apportionment of both single and multi-member districts within a county to the extent that compliance with paragraphs a, b, c and d still permit the establishment of such districts, except that the population of any multi-member district shall be equal to the population of any single member district, times the number of members found within that multi-member district.

(3) In a county where the Chairman of the County Board is elected by the voters of the county as provided in Section 2-3007, the Chairman of the County Board may develop and present to the Board by the third
Wednesday in May in the year after a federal decennial census year an
apportionment plan in accordance with the provisions of subsection (1) of
this Section. If the Chairman presents a plan to the Board by the third
Wednesday in May, the Board shall conduct at least one public hearing to
receive comments and to discuss the apportionment plan, the hearing shall
be held at least 6 days but not more than 21 days after the Chairman's plan
was presented to the Board, and the public shall be given notice of the
hearing at least 6 days in advance. If the Chairman presents a plan by the
third Wednesday in May, the Board is prohibited from enacting an
apportionment plan until after a hearing on the plan presented by the
Chairman. The Chairman shall have access to the federal decennial census
available to the Board.

(4) In a county where a County Executive is elected by the voters

(215 ILCS 110/17) (from Ch. 32, par. 690.17)

Sec. 17. The business and affairs of a dental service plan corporation shall be managed by a board of trustees, which shall have the power to adopt and to amend, from time to time, by-laws governing the conduct of the corporation's business. The number of trustees shall be not less than 9 nor more than 21. Subject to such limitation, the number of trustees shall be fixed by the by-laws, except as to the number of the first board of trustees which number shall be fixed by the charter, and the number of trustees may be increased or decreased from time to time by amendment to the by-laws. In the absence of a by-law fixing the number of trustees, the number shall be the same as that stated in the charter. The trustees constituting the first board of trustees shall be named in the charter and shall hold office for such period or periods as may be specified in the charter or the by-laws. Trustees may be divided into classes and the terms of office of the several classes need not be uniform, but no such term shall exceed 3 years. Each trustee shall hold office for the term for which he is elected and until his successor has been elected and qualified. Any vacancy occurring in the board of trustees and any trusteeship to be filled by reason of an increase in the number of trustees may be filled by the board of trustees. A trustee appointed to fill a vacancy shall be appointed for the unexpired term of his predecessor in office. Each trustee shall be of legal age, a resident of Illinois, and a citizen of the United States. At least one-third of the trustees shall be participating dentists of the corporation licensed in Illinois to practice dentistry who are also residents of Illinois, and they shall be designated as "dental trustees". The remaining trustees shall be representative of the subscribers to the dental service plan and shall be designated as "public trustees", and not more than one-third of the public trustees shall be licensed dentists. As the terms of dental trustees expire, they shall be replaced, from time to time, by participating dentists of the corporation licensed in Illinois to practice dentistry who are also residents of Illinois, and elected by the corporation's participating dentists, in the manner prescribed by the by-laws. As the terms of public trustees expire, they shall be replaced, from time to time, by election by the corporation's subscribers, in the manner prescribed by the by-laws. A statement in the subscription certificate or in any endorsement issued for attachment thereto, of the time and place for holding a meeting of
subscribers for the election of public trustees shall constitute notice of such meeting. Voting by proxy shall be permitted.

committed on or after June 1, 2008 (the effective date of Public Act 95-625) or subdivision (a)(2)(vii) when the offense is committed on or after July 23, 2010 (the effective date of Public Act 96-1224), (ii) aggravated driving under the influence of alcohol, other drug or drugs, or intoxicating compound or compounds, or any combination thereof as defined in subparagraph (F) of paragraph (1) of subsection (d) of Section 11-501 of the Illinois Vehicle Code, (iii) one of the offenses enumerated in subdivision (a)(2.4) when the offense is committed on or after July 15, 1999 (the effective date of Public Act 91-121), (iv) aggravated arson when the offense is committed on or after July 27, 2001 (the effective date of Public Act 92-176), (v) offenses that may subject the offender to commitment under the Sexually Violent Persons Commitment Act, or (vi) aggravated driving under the influence of alcohol, other drug or drugs, or intoxicating compound or compounds or any combination thereof as defined in subparagraph (C) of paragraph (1) of subsection (d) of Section 11-501 of the Illinois Vehicle Code committed on or after January 1, 2011 (the effective date of Public Act 96-1230).

The Director shall not award good conduct credit for meritorious service under this paragraph (3) to an inmate unless the inmate has served a minimum of 60 days of the sentence; except nothing in this paragraph shall be construed to permit the Director to extend an inmate's sentence beyond that which was imposed by the court. Prior to awarding credit under this paragraph (3), the Director shall make a written determination that the inmate:

(A) is eligible for good conduct credit for meritorious service;
(B) has served a minimum of 60 days, or as close to 60 days as the sentence will allow; and
(C) has met the eligibility criteria established by rule.

The Director shall determine the form and content of the written determination required in this subsection.

(4) The rules and regulations shall also provide that the good conduct credit accumulated and retained under paragraph (2.1) of subsection (a) of this Section by any inmate during specific periods of time in which such inmate is engaged full-time in substance abuse programs, correctional industry assignments, or

New matter indicated by italics - deletions by strikeout
educational programs provided by the Department under this paragraph (4) and satisfactorily completes the assigned program as determined by the standards of the Department, shall be multiplied by a factor of 1.25 for program participation before August 11, 1993 and 1.50 for program participation on or after that date. However, no inmate shall be eligible for the additional good conduct credit under this paragraph (4) or (4.1) of this subsection (a) while assigned to a boot camp or electronic detention, or if convicted of an offense enumerated in subdivision (a)(2)(i), (ii), or (iii) of this Section that is committed on or after June 19, 1998 or subdivision (a)(2)(iv) of this Section that is committed on or after June 23, 2005 (the effective date of Public Act 94-71) or subdivision (a)(2)(v) of this Section that is committed on or after August 13, 2007 (the effective date of Public Act 95-134) or subdivision (a)(2)(vi) when the offense is committed on or after June 1, 2008 (the effective date of Public Act 95-625) or subdivision (a)(2)(vii) when the offense is committed on or after July 23, 2010 (the effective date of Public Act 96-1224), or if convicted of aggravated driving under the influence of alcohol, other drug or drugs, or intoxicating compound or compounds or any combination thereof as defined in subparagraph (F) of paragraph (1) of subsection (d) of Section 11-501 of the Illinois Vehicle Code, or if convicted of aggravated driving under the influence of alcohol, other drug or drugs, or intoxicating compound or compounds or any combination thereof as defined in subparagraph (C) of paragraph (1) of subsection (d) of Section 11-501 of the Illinois Vehicle Code committed on or after January 1, 2011 (the effective date of Public Act 96-1230), or if convicted of an offense enumerated in paragraph (a)(2.4) of this Section that is committed on or after July 15, 1999 (the effective date of Public Act 91-121), or first degree murder, a Class X felony, criminal sexual assault, felony criminal sexual abuse, aggravated criminal sexual abuse, aggravated battery with a firearm as described in Section 12-4.2 or subdivision (e)(1), (e)(2), (e)(3), or (e)(4) of Section 12-3.05, or any predecessor or successor offenses with the same or substantially the same elements, or any inchoate offenses relating to the foregoing offenses. No inmate shall be eligible for the additional good conduct credit under this paragraph (4) who (i) has previously received increased good conduct credit under this
paragraph (4) and has subsequently been convicted of a felony, or (ii) has previously served more than one prior sentence of imprisonment for a felony in an adult correctional facility.

Educational, vocational, substance abuse and correctional industry programs under which good conduct credit may be increased under this paragraph (4) and paragraph (4.1) of this subsection (a) shall be evaluated by the Department on the basis of documented standards. The Department shall report the results of these evaluations to the Governor and the General Assembly by September 30th of each year. The reports shall include data relating to the recidivism rate among program participants.

Availability of these programs shall be subject to the limits of fiscal resources appropriated by the General Assembly for these purposes. Eligible inmates who are denied immediate admission shall be placed on a waiting list under criteria established by the Department. The inability of any inmate to become engaged in any such programs by reason of insufficient program resources or for any other reason established under the rules and regulations of the Department shall not be deemed a cause of action under which the Department or any employee or agent of the Department shall be liable for damages to the inmate.

(4.1) The rules and regulations shall also provide that an additional 60 days of good conduct credit shall be awarded to any prisoner who passes the high school level Test of General Educational Development (GED) while the prisoner is incarcerated. The good conduct credit awarded under this paragraph (4.1) shall be in addition to, and shall not affect, the award of good conduct under any other paragraph of this Section, but shall also be pursuant to the guidelines and restrictions set forth in paragraph (4) of subsection (a) of this Section. The good conduct credit provided for in this paragraph shall be available only to those prisoners who have not previously earned a high school diploma or a GED. If, after an award of the GED good conduct credit has been made and the Department determines that the prisoner was not eligible, then the award shall be revoked.

(4.5) The rules and regulations on early release shall also provide that when the court's sentencing order recommends a prisoner for substance abuse treatment and the crime was committed on or after September 1, 2003 (the effective date of
Public Act 93-354), the prisoner shall receive no good conduct credit awarded under clause (3) of this subsection (a) unless he or she participates in and completes a substance abuse treatment program. The Director may waive the requirement to participate in or complete a substance abuse treatment program and award the good conduct credit in specific instances if the prisoner is not a good candidate for a substance abuse treatment program for medical, programming, or operational reasons. Availability of substance abuse treatment shall be subject to the limits of fiscal resources appropriated by the General Assembly for these purposes. If treatment is not available and the requirement to participate and complete the treatment has not been waived by the Director, the prisoner shall be placed on a waiting list under criteria established by the Department. The Director may allow a prisoner placed on a waiting list to participate in and complete a substance abuse education class or attend substance abuse self-help meetings in lieu of a substance abuse treatment program. A prisoner on a waiting list who is not placed in a substance abuse program prior to release may be eligible for a waiver and receive good conduct credit under clause (3) of this subsection (a) at the discretion of the Director.

(4.6) The rules and regulations on early release shall also provide that a prisoner who has been convicted of a sex offense as defined in Section 2 of the Sex Offender Registration Act shall receive no good conduct credit unless he or she either has successfully completed or is participating in sex offender treatment as defined by the Sex Offender Management Board. However, prisoners who are waiting to receive such treatment, but who are unable to do so due solely to the lack of resources on the part of the Department, may, at the Director's sole discretion, be awarded good conduct credit at such rate as the Director shall determine.

(5) Whenever the Department is to release any inmate earlier than it otherwise would because of a grant of good conduct credit for meritorious service given at any time during the term, the Department shall give reasonable notice of the impending release not less than 14 days prior to the date of the release to the State's Attorney of the county where the prosecution of the inmate took place, and if applicable, the State's Attorney of the county into which the inmate will be released. The Department must also make
identification information and a recent photo of the inmate being released accessible on the Internet by means of a hyperlink labeled "Community Notification of Inmate Early Release" on the Department's World Wide Web homepage. The identification information shall include the inmate's: name, any known alias, date of birth, physical characteristics, residence address, commitment offense and county where conviction was imposed. The identification information shall be placed on the website within 3 days of the inmate's release and the information may not be removed until either: completion of the first year of mandatory supervised release or return of the inmate to custody of the Department.

(b) Whenever a person is or has been committed under several convictions, with separate sentences, the sentences shall be construed under Section 5-8-4 in granting and forfeiting of good time.

(c) The Department shall prescribe rules and regulations for revoking good conduct credit, or suspending or reducing the rate of accumulation of good conduct credit for specific rule violations, during imprisonment. These rules and regulations shall provide that no inmate may be penalized more than one year of good conduct credit for any one infraction.

When the Department seeks to revoke, suspend or reduce the rate of accumulation of any good conduct credits for an alleged infraction of its rules, it shall bring charges therefor against the prisoner sought to be so deprived of good conduct credits before the Prisoner Review Board as provided in subparagraph (a)(4) of Section 3-3-2 of this Code, if the amount of credit at issue exceeds 30 days or when during any 12 month period, the cumulative amount of credit revoked exceeds 30 days except where the infraction is committed or discovered within 60 days of scheduled release. In those cases, the Department of Corrections may revoke up to 30 days of good conduct credit. The Board may subsequently approve the revocation of additional good conduct credit, if the Department seeks to revoke good conduct credit in excess of 30 days. However, the Board shall not be empowered to review the Department's decision with respect to the loss of 30 days of good conduct credit within any calendar year for any prisoner or to increase any penalty beyond the length requested by the Department.

The Director of the Department of Corrections, in appropriate cases, may restore up to 30 days good conduct credits which have been

revoked, suspended or reduced. Any restoration of good conduct credits in excess of 30 days shall be subject to review by the Prisoner Review Board. However, the Board may not restore good conduct credit in excess of the amount requested by the Director.

Nothing contained in this Section shall prohibit the Prisoner Review Board from ordering, pursuant to Section 3-3-9(a)(3)(i)(B), that a prisoner serve up to one year of the sentence imposed by the court that was not served due to the accumulation of good conduct credit.

(d) If a lawsuit is filed by a prisoner in an Illinois or federal court against the State, the Department of Corrections, or the Prisoner Review Board, or against any of their officers or employees, and the court makes a specific finding that a pleading, motion, or other paper filed by the prisoner is frivolous, the Department of Corrections shall conduct a hearing to revoke up to 180 days of good conduct credit by bringing charges against the prisoner sought to be deprived of the good conduct credits before the Prisoner Review Board as provided in subparagraph (a)(8) of Section 3-3-2 of this Code. If the prisoner has not accumulated 180 days of good conduct credit at the time of the finding, then the Prisoner Review Board may revoke all good conduct credit accumulated by the prisoner.

For purposes of this subsection (d):

(1) "Frivoulous" means that a pleading, motion, or other filing which purports to be a legal document filed by a prisoner in his or her lawsuit meets any or all of the following criteria:

(A) it lacks an arguable basis either in law or in fact;
(B) it is being presented for any improper purpose, such as to harass or to cause unnecessary delay or needless increase in the cost of litigation;
(C) the claims, defenses, and other legal contentions therein are not warranted by existing law or by a nonfrivolous argument for the extension, modification, or reversal of existing law or the establishment of new law;
(D) the allegations and other factual contentions do not have evidentiary support or, if specifically so identified, are not likely to have evidentiary support after a reasonable opportunity for further investigation or discovery; or
(E) the denials of factual contentions are not warranted on the evidence, or if specifically so identified, are not reasonably based on a lack of information or belief.

New matter indicated by italics - deletions by strikeout
(2) "Lawsuit" means a motion pursuant to Section 116-3 of the Code of Criminal Procedure of 1963, a habeas corpus action under Article X of the Code of Civil Procedure or under federal law (28 U.S.C. 2254), a petition for claim under the Court of Claims Act, an action under the federal Civil Rights Act (42 U.S.C. 1983), or a second or subsequent petition for post-conviction relief under Article 122 of the Code of Criminal Procedure of 1963 whether filed with or without leave of court or a second or subsequent petition for relief from judgment under Section 2-1401 of the Code of Civil Procedure.

(e) Nothing in Public Act 90-592 or 90-593 affects the validity of Public Act 89-404.

(f) Whenever the Department is to release any inmate who has been convicted of a violation of an order of protection under Section 12-3.4 or 12-30 of the Criminal Code of 1961, earlier than it otherwise would because of a grant of good conduct credit, the Department, as a condition of such early release, shall require that the person, upon release, be placed under electronic surveillance as provided in Section 5-8A-7 of this Code.

AN ACT concerning State government.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Abandoned Mined Lands and Water Reclamation Act is amended by changing Section 2.11 as follows:

(20 ILCS 1920/2.11) (from Ch. 96 1/2, par. 8002.11)
Sec. 2.11. Non-coal reclamation.

New matter indicated by italics - deletions by strikeout
(a) It is hereby declared that open and abandoned tunnels, shafts, and entryways and abandoned and deteriorating equipment, structures, and facilities resulting from any previous non-coal mining operations constitute a hazard to the public health and safety. The Department is authorized and empowered to fill or seal such abandoned tunnels, shafts, and entryways and remove equipment, structures, and facilities which it determines could endanger life and property and constitute a hazard to the public health and safety.

(b) The Department may make expenditures and carry out the purposes of this Section for lands mined for substances other than coal; provided, however, that annual expenditures for non-coal reclamation do not exceed 2% of the Department's annual budget for mine land reclamation through August 31, 1999; and provided further, that all obligations for such expenditures shall be made by August 31, 2001. Except for those non-coal reclamation projects relating to the protection of the public health or safety which shall be accorded a high priority, non-coal reclamation expenditures shall be made only after all reclamation with respect to abandoned coal lands or coal development impacts has been accomplished.

(c) In those instances where coal mine waste piles are being reworked for conservation purposes, the Department may make additional incremental expenditures to dispose of the wastes from such operations by filling voids and sealing tunnels if the disposal of these wastes is in accordance with the purposes of this Section.

(d) The Department shall acquire, by purchase, exchange, gifts, condemnation or otherwise, the fee simple title or any lesser interest in and to such land rights or other property as the Department considers necessary to carry out the provisions of this Section. Transfers and dispositions of such land shall be made in the same manner as prescribed by Section 2.07 of this Act.

(e) Consistent with this Section, the Department may enter and reclaim abandoned non-coal mined lands in the same manner as prescribed in Section 2.04 of this Act.

(15 ILCS 405/9.03) (from Ch. 15, par. 209.03)

payable from the State Treasury and in accordance with federal banking regulations including but not limited to payments to (i) persons paid from personal services, (ii) persons receiving benefit payments from the Comptroller under the State pension systems, (iii) individuals who receive assistance under Articles III, IV, and VI of the Illinois Public Aid Code, (iv) providers of services under the Mental Health and Developmental Disabilities Administrative Act, (v) providers of community-based mental health services, and (vi) providers of services under programs administered by the State Board of Education, in the accounts of those persons or entities maintained at a bank, savings and loan association, or credit union, where authorized by the payee. The Comptroller also may deposit public aid payments for individuals who receive assistance under Articles III, IV, VI, and X of the Illinois Public Aid Code directly into an electronic benefits transfer account in a financial institution approved by the State Treasurer as prescribed by the Illinois Department of Human Services and in accordance with the rules and regulations of that Department and the rules and regulations adopted by the Comptroller and the State Treasurer. The Comptroller, with the approval of the State Treasurer, may provide by rule for the electronic direct deposit of payments to public agencies and any other payee of the State. The electronic direct deposits may be made to the designated account in those financial institutions specified in this Section for the direct deposit of payments. Within 6 months after the effective date of this amendatory Act of 1994, the Comptroller shall establish a pilot program for the electronic direct deposit of payments to local school districts, municipalities, and units of local government. The payments may be made without the use of the voucher-warrant system, provided that documentation of approval by the Treasurer of each group of payments made by direct deposit shall be retained by the Comptroller. The form and method of the Treasurer's approval shall be established by the rules or regulations adopted by the Comptroller under this Section.

(b) Except as provided in subsection (b-5), all State payments for an employee's payroll or an employee's expense reimbursement must be made through direct deposit. It is the responsibility of the paying State agency to ensure compliance with this mandate. If a State agency pays an employee's payroll or an employee's expense reimbursement without using direct deposit, the Comptroller may charge that employee a processing fee of $2.50 per paper warrant. The processing fee may be withheld from the
employee's payment or reimbursement. The amount collected from the fee shall be deposited into the Comptroller's Administrative Fund.

(b-5) If an employee wants their payments deposited into a secure check account, the employee must submit a direct deposit form to the paying State agency for their payroll or to the Comptroller for their expense reimbursements. Upon acceptance of the direct deposit form, the Comptroller shall disburse those funds to the secure check account. For the purposes of this Section, "secure check account" means an account established with a financial institution for the employee that allows the dispensing of the funds in the account through a third party who dispenses to the employee a paper check.

(c) All State payments to a vendor that exceed the allowable limit of paper warrants in a fiscal year, by the same agency, must be made through direct deposit. It is the responsibility of the paying State agency to ensure compliance with this mandate. If a State agency pays a vendor more times than the allowable limit in a single fiscal year without using direct deposit, the Comptroller may charge the vendor a processing fee of $2.50 per paper warrant. The processing fee may be withheld from the vendor's payment. The amount collected from the processing fee shall be deposited into the Comptroller's Administrative Fund. The Office of the Comptroller shall define "allowable limit" in the Comptroller's Statewide Accounting Management System (SAMS) manual, except that the allowable limit shall not be less than 30 paper warrants. The Office of the Comptroller shall also provide reasonable notice to all State agencies of the allowable limit of paper warrants.

(d) State employees covered by provisions in collective bargaining agreements that do not require direct deposit of paychecks are exempt from this mandate. No later than 60 days after the effective date of this amendatory Act of the 97th General Assembly, all State agencies must provide to the Office of the Comptroller a list of employees that are exempt under this subsection (d) from the direct deposit mandate. In addition, a State employee or vendor may file a hardship petition with the Office of the Comptroller requesting an exemption from the direct deposit mandate under this Section. A hardship petition shall be made available for download on the Comptroller's official Internet website.

(e) Notwithstanding any provision of law to the contrary, the direct deposit of State payments under this Section for an employee's payroll, an employee's expense reimbursement, or a State vendor's payment does not authorize the State to automatically withdraw funds from those accounts.

(f) For the purposes of this Section, "vendor" means a non-governmental entity with a taxpayer identification number issued by the Social Security Administration or Internal Revenue Service that receives payments through the Comptroller's commercial system. The term does not include State agencies.

(g) The requirements of this Section do not apply to the legislative or judicial branches of State government.

AN ACT concerning civil law.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Income Withholding for Support Act is amended by changing Sections 20, 35, and 45 as follows:

(750 ILCS 28/20)

Sec. 20. Entry of order for support containing income withholding provisions; income withholding notice.

(a) In addition to any content required under other laws, every order for support entered on or after July 1, 1997, shall:

(1) Require an income withholding notice to be prepared and served immediately upon any payor of the obligor by the obligee or public office, unless a written agreement is reached between and signed by both parties providing for an alternative arrangement, approved and entered into the record by the court, which ensures payment of support. In that case, the order for support shall provide that an income withholding notice is to be prepared and served only if the obligor becomes delinquent in paying the order for support; and

(2) Contain a dollar amount to be paid until payment in full of any delinquency that accrues after entry of the order for support. The amount for payment of delinquency shall not be less than 20%
of the total of the current support amount and the amount to be paid periodically for payment of any arrearage stated in the order for support; and

(3) Include the obligor's Social Security Number, which the obligor shall disclose to the court. If the obligor is not a United States citizen, the obligor shall disclose to the court, and the court shall include in the order for support, the obligor's alien registration number, passport number, and home country's social security or national health number, if applicable.

(b) At the time the order for support is entered, the Clerk of the Circuit Court shall provide a copy of the order to the obligor and shall make copies available to the obligee and public office.

(c) The income withholding notice shall:

(1) be in the standard format prescribed by the federal Department of Health and Human Services; and

(1.1) state the date of entry of the order for support upon which the income withholding notice is based; and

(2) direct any payor to withhold the dollar amount required for current support under the order for support; and

(3) direct any payor to withhold the dollar amount required to be paid periodically for payment of the amount of any arrearage stated in the order for support; and

(4) direct any payor or labor union or trade union to enroll a child as a beneficiary of a health insurance plan and withhold or cause to be withheld, if applicable, any required premiums; and

(5) state the amount of the payor income withholding fee specified under this Section; and

(6) state that the amount actually withheld from the obligor's income for support and other purposes, including the payor withholding fee specified under this Section, may not be in excess of the maximum amount permitted under the federal Consumer Credit Protection Act; and

(7) in bold face type, the size of which equals the largest type on the notice, state the duties of the payor and the fines and penalties for failure to withhold and pay over income and for discharging, disciplining, refusing to hire, or otherwise penalizing the obligor because of the duty to withhold and pay over income under this Section; and

New matter indicated by italics - deletions by strikeout
(8) state the rights, remedies, and duties of the obligor under this Section; and
(9) include the Social Security number of the obligor; and
(10) include the date that withholding for current support terminates, which shall be the date of termination of the current support obligation set forth in the order for support; and
(11) contain the signature of the obligee or the printed name and telephone number of the authorized representative of the public office, except that the failure to contain the signature of the obligee or the printed name and telephone number of the authorized representative of the public office shall not affect the validity of the income withholding notice; and
(12) direct any payor to pay over amounts withheld for payment of support to the State Disbursement Unit.

(d) The accrual of a delinquency as a condition for service of an income withholding notice, under the exception to immediate withholding in subsection (a) of this Section, shall apply only to the initial service of an income withholding notice on a payor of the obligor.

(e) Notwithstanding the exception to immediate withholding contained in subsection (a) of this Section, if the court finds at the time of any hearing that an arrearage has accrued, the court shall order immediate service of an income withholding notice upon the payor.

(f) If the order for support, under the exception to immediate withholding contained in subsection (a) of this Section, provides that an income withholding notice is to be prepared and served only if the obligor becomes delinquent in paying the order for support, the obligor may execute a written waiver of that condition and request immediate service on the payor.

(g) The obligee or public office may serve the income withholding notice on the payor or its superintendent, manager, or other agent by ordinary mail or certified mail return receipt requested, by facsimile transmission or other electronic means, by personal delivery, or by any method provided by law for service of a summons. At the time of service on the payor and as notice that withholding has commenced, the obligee or public office shall serve a copy of the income withholding notice on the obligor by ordinary mail addressed to his or her last known address. A copy of an income withholding notice and proof of service shall be filed with the Clerk of the Circuit Court only when necessary in connection with a petition to contest, modify, suspend, terminate, or correct an income withholding notice.

withholding notice, an action to enforce income withholding against a payor, or the resolution of other disputes involving an income withholding notice. The changes made to this subsection by this amendatory Act of the 96th General Assembly apply on and after September 1, 2009.

(h) At any time after the initial service of an income withholding notice, any other payor of the obligor may be served with the same income withholding notice without further notice to the obligor. A copy of the income withholding notice together with a proof of service on the other payor shall be filed with the Clerk of the Circuit Court.

(i) New service of an income withholding notice is not required in order to resume withholding of income in the case of an obligor with respect to whom an income withholding notice was previously served on the payor if withholding of income was terminated because of an interruption in the obligor's employment of less than 180 days.

(750 ILCS 28/35)

Sec. 35. Duties of payor.

(a) It shall be the duty of any payor who has been served with an income withholding notice to deduct and pay over income as provided in this Section. The payor shall deduct the amount designated in the income withholding notice, as supplemented by any notice provided pursuant to subsection (f) of Section 45, beginning no later than the next payment of income which is payable or creditable to the obligor that occurs 14 days following the date the income withholding notice was mailed, sent by facsimile or other electronic means, or placed for personal delivery to or service on the payor. The payor may combine all amounts withheld for the benefit of an obligee or public office into a single payment and transmit the payment with a listing of obligors from whom withholding has been effected. The payor shall pay the amount withheld to the State Disbursement Unit within 7 business days after the date the amount would (but for the duty to withhold income) have been paid or credited to the obligor. If the payor knowingly fails to withhold the amount designated in the income withholding notice or to pay any amount withheld to the State Disbursement Unit within 7 business days after the date the amount would have been paid or credited to the obligor, then the payor shall pay a penalty of $100 for each day that the amount designated in the income withholding notice (whether or not withheld by the payor) is not paid to the State Disbursement Unit after the period of 7 business days has expired. The total penalty for a payor's failure, on one occasion, to withhold or pay to
the State Disbursement Unit an amount designated in the income withholding notice may not exceed $10,000. The failure of a payor, on more than one occasion, to pay amounts withheld to the State Disbursement Unit within 7 business days after the date the amount would have been paid or credited to the obligor creates a presumption that the payor knowingly failed to pay over the amounts. This penalty may be collected in a civil action which may be brought against the payor in favor of the obligee or public office. An action to collect the penalty may not be brought more than one year after the date of the payor's alleged failure to withhold or pay income. A finding of a payor's nonperformance within the time required under this Act must be documented by a certified mail return receipt or a sheriff's or private process server's proof of service showing the date the income withholding notice was served on the payor. For purposes of this Act, a withheld amount shall be considered paid by a payor on the date it is mailed by the payor, or on the date an electronic funds transfer of the amount has been initiated by the payor, or on the date delivery of the amount has been initiated by the payor. For each deduction, the payor shall provide the State Disbursement Unit, at the time of transmittal, with the date the amount would (but for the duty to withhold income) have been paid or credited to the obligor.

After June 30, 2000, every payor that has 250 or more employees shall use electronic funds transfer to pay all amounts withheld under this Section. During the year 2001 and during each year thereafter, every payor that has fewer than 250 employees and that withheld income under this Section pursuant to 10 or more income withholding notices during December of the preceding year shall use electronic funds transfer to pay all amounts withheld under this Section.

Upon receipt of an income withholding notice requiring that a minor child be named as a beneficiary of a health insurance plan available through an employer or labor union or trade union, the employer or labor union or trade union shall immediately enroll the minor child as a beneficiary in the health insurance plan designated by the income withholding notice. The employer shall withhold any required premiums and pay over any amounts so withheld and any additional amounts the employer pays to the insurance carrier in a timely manner. The employer or labor union or trade union shall mail to the obligee, within 15 days of enrollment or upon request, notice of the date of coverage, information on the dependent coverage plan, and all forms necessary to obtain reimbursement for covered health expenses, such as would be made

available to a new employee. When an order for dependent coverage is in effect and the insurance coverage is terminated or changed for any reason, the employer or labor union or trade union shall notify the obligee within 10 days of the termination or change date along with notice of conversion privileges.

For withholding of income, the payor shall be entitled to receive a fee not to exceed $5 per month to be taken from the income to be paid to the obligor.

(b) Whenever the obligor is no longer receiving income from the payor, the payor shall return a copy of the income withholding notice to the obligee or public office and shall provide information for the purpose of enforcing this Act.

(c) Withholding of income under this Act shall be made without regard to any prior or subsequent garnishments, attachments, wage assignments, or any other claims of creditors. Withholding of income under this Act shall not be in excess of the maximum amounts permitted under the federal Consumer Credit Protection Act. Income available for withholding shall be applied first to the current support obligation, then to any premium required for employer, labor union, or trade union-related health insurance coverage ordered under the order for support, and then to payments required on past-due support obligations. If there is insufficient available income remaining to pay the full amount of the required health insurance premium after withholding of income for the current support obligation, then the remaining available income shall be applied to payments required on past-due support obligations. If the payor has been served with more than one income withholding notice pertaining to the same obligor, the payor shall allocate income available for withholding on a proportionate share basis, giving priority to current support payments. A payor who complies with an income withholding notice that is regular on its face shall not be subject to civil liability with respect to any individual, any agency, or any creditor of the obligor for conduct in compliance with the notice.

(d) No payor shall discharge, discipline, refuse to hire or otherwise penalize any obligor because of the duty to withhold income.

(750 ILCS 28/45)
Sec. 45. Additional duties.
(a) An obligee who is receiving income withholding payments under this Act shall notify the State Disbursement Unit and the Clerk of the Circuit Court of any change of address within 7 days of such change.

(b) An obligee who is a recipient of public aid shall send a copy of any income withholding notice served by the obligee to the Division of Child Support Enforcement of the Department of Healthcare and Family Services.

(c) Each obligor shall notify the obligee, the public office, and the Clerk of the Circuit Court of any change of address within 7 days.

(d) An obligor whose income is being withheld pursuant to this Act shall notify the obligee, the public office, and the Clerk of the Circuit Court of any new payor, within 7 days.

(e) (Blank.)

(f) The obligee or public office shall provide notice to the payor and Clerk of the Circuit Court of any other support payment made, including but not limited to, a set-off under federal and State law or partial payment of the delinquency or arrearage, or both.

(g) The State Disbursement Unit shall maintain complete, accurate, and clear records of all income withholding payments and their disbursements. Certified copies of payment records maintained by the State Disbursement Unit, a public office, or the Clerk of the Circuit Court shall, without further proof, be admitted into evidence in any legal proceedings under this Act.

(h) The Department of Healthcare and Family Services shall design suggested legal forms for proceeding under this Act and shall make available to the courts such forms and informational materials which describe the procedures and remedies set forth herein for distribution to all parties in support actions.

(i) At the time of transmitting each support payment, the State Disbursement Unit shall provide the obligee or public office, as appropriate, with any information furnished by the payor as to the date the amount would (but for the duty to withhold income) have been paid or credited to the obligor.

(j) If an obligee who is receiving income withholding payments under this Act does not receive a payment required under the income withholding notice, he or she must give written notice of the non-receipt to the payor. The notice must include the date on which the obligee believes the payment was to have been made and the amount of the payment. The

obligee must send the notice to the payor by certified mail, return receipt requested.

After receiving a written notice of non-receipt of payment under this subsection, a payor must, within 14 days thereafter, either (i) notify the obligee of the reason for the non-receipt of payment or (ii) make the required payment, together with interest at the rate of 9% calculated from the date on which the payment of income should have been made. A payor who fails to comply with this subsection is subject to the $100 per day penalty provided under subsection (a) of Section 35 of this Act.

Management Act, the Firearm Owners Identification Card Act, the Juvenile Court Act of 1987, the Criminal Code of 1961, the Wrongs to Children Act, and the Unified Code of Corrections.

(iii) On September 22, 1998, the Third District Appellate Court in People v. Dainty, 701 N.E. 2d 118, ruled that Public Act 88-680 violates the single subject clause of the Illinois Constitution (Article IV, Section 8 (d)) and was unconstitutional in its entirety. As of the time this amendatory Act of 1999 was prepared, People v. Dainty was still subject to appeal.

(iv) Child pornography is a vital concern to the people of this State and the validity of future prosecutions under the child pornography statute of the Criminal Code of 1961 is in grave doubt.

(2) It is the purpose of this amendatory Act of 1999 to prevent or minimize any problems relating to prosecutions for child pornography that may result from challenges to the constitutional validity of Public Act 88-680 by re-enacting the Section relating to child pornography that was included in Public Act 88-680.

(3) This amendatory Act of 1999 re-enacts Section 11-20.1 of the Criminal Code of 1961, as it has been amended. This re-enactment is intended to remove any question as to the validity or content of that Section; it is not intended to supersede any other Public Act that amends the text of the Section as set forth in this amendatory Act of 1999. The material is shown as existing text (i.e., without underscoring) because, as of the time this amendatory Act of 1999 was prepared, People v. Dainty was subject to appeal to the Illinois Supreme Court.

(4) The re-enactment by this amendatory Act of 1999 of Section 11-20.1 of the Criminal Code of 1961 relating to child pornography that was amended by Public Act 88-680 is not intended, and shall not be construed, to imply that Public Act 88-680 is invalid or to limit or impair any legal argument concerning whether those provisions were substantially re-enacted by other Public Acts.

PUBLIC ACT 97-0998
(House Bill No. 5265)

AN ACT concerning criminal law.
Be it enacted by the People of the State of Illinois, represented in
the General Assembly:
Section 5. The Criminal Code of 1961 is amended by changing
Section 10-5 as follows:
(720 ILCS 5/10-5) (from Ch. 38, par. 10-5)
Sec. 10-5. Child abduction.
(a) For purposes of this Section, the following terms have the
following meanings:
(1) "Child" means a person who, at the time the alleged
violation occurred, was under the age of 18 or severely or
profoundly intellectually disabled.
(2) "Detains" means taking or retaining physical custody of
a child, whether or not the child resists or objects.
(2.1) "Express consent" means oral or written per-
mision that is positive, direct, and unequivocal, requiring no inference or
implication to supply its meaning.
(2.2) "Luring" means any knowing act to solicit, entice,
tempt, or attempt to attract the minor.
(3) "Lawful custodian" means a person or persons granted
legal custody of a child or entitled to physical possession of a child
pursuant to a court order. It is presumed that, when the parties have
never been married to each other, the mother has legal custody of
the child unless a valid court order states otherwise. If an
adjudication of paternity has been completed and the father has
been assigned support obligations or visitation rights, such a
paternity order should, for the purposes of this Section, be
considered a valid court order granting custody to the mother.
(4) "Putative father" means a man who has a reasonable
belief that he is the father of a child born of a woman who is not
his wife.
(5) "Unlawful purpose" means any misdemeanor or felony
violation of State law or a similar federal or sister state law or local
ordinance.

New matter indicated by italics - deletions by strikeout
(b) A person commits the offense of child abduction when he or she does any one of the following:

(1) Intentionally violates any terms of a valid court order granting sole or joint custody, care, or possession to another by concealing or detaining the child or removing the child from the jurisdiction of the court.

(2) Intentionally violates a court order prohibiting the person from concealing or detaining the child or removing the child from the jurisdiction of the court.

(3) Intentionally conceals, detains, or removes the child without the consent of the mother or lawful custodian of the child if the person is a putative father and either: (A) the paternity of the child has not been legally established or (B) the paternity of the child has been legally established but no orders relating to custody have been entered. Notwithstanding the presumption created by paragraph (3) of subsection (a), however, a mother commits child abduction when she intentionally conceals or removes a child, whom she has abandoned or relinquished custody of, from an unadjudicated father who has provided sole ongoing care and custody of the child in her absence.

(4) Intentionally conceals or removes the child from a parent after filing a petition or being served with process in an action affecting marriage or paternity but prior to the issuance of a temporary or final order determining custody.

(5) At the expiration of visitation rights outside the State, intentionally fails or refuses to return or impedes the return of the child to the lawful custodian in Illinois.

(6) Being a parent of the child, and if the parents of that child are or have been married and there has been no court order of custody, knowingly conceals the child for 15 days, and fails to make reasonable attempts within the 15-day period to notify the other parent as to the specific whereabouts of the child, including a means by which to contact the child, or to arrange reasonable visitation or contact with the child. It is not a violation of this Section for a person fleeing domestic violence to take the child with him or her to housing provided by a domestic violence program.

(7) Being a parent of the child, and if the parents of the child are or have been married and there has been no court order of custody, knowingly conceals the child for 15 days, and fails to make reasonable attempts within the 15-day period to notify the other parent as to the specific whereabouts of the child, including a means by which to contact the child, or to arrange reasonable visitation or contact with the child. It is not a violation of this Section for a person fleeing domestic violence to take the child with him or her to housing provided by a domestic violence program.
custody, knowingly conceals, detains, or removes the child with physical force or threat of physical force.

(8) Knowingly conceals, detains, or removes the child for payment or promise of payment at the instruction of a person who has no legal right to custody.

(9) Knowingly retains in this State for 30 days a child removed from another state without the consent of the lawful custodian or in violation of a valid court order of custody.

(10) Intentionally lures or attempts to lure a child: (A) under the age of 17 or (B) while traveling to or from a primary or secondary school into a motor vehicle, building, housetrailer, or dwelling place without the consent of the child's parent or lawful custodian for other than a lawful purpose. For the purposes of this item (10), the trier of fact may infer that luring or attempted luring of a child under the age of 17 into a motor vehicle, building, housetrailer, or dwelling place without the express consent of the child's parent or lawful custodian or with the intent to avoid the express consent of the child's parent or lawful custodian was for other than a lawful purpose.

(11) With the intent to obstruct or prevent efforts to locate the child victim of a child abduction, knowingly destroys, alters, conceals, or disguises physical evidence or furnishes false information.

(c) It is an affirmative defense to subsections (b)(1) through (b)(10) of this Section that:

(1) the person had custody of the child pursuant to a court order granting legal custody or visitation rights that existed at the time of the alleged violation;

(2) the person had physical custody of the child pursuant to a court order granting legal custody or visitation rights and failed to return the child as a result of circumstances beyond his or her control, and the person notified and disclosed to the other parent or legal custodian the specific whereabouts of the child and a means by which the child could be contacted or made a reasonable attempt to notify the other parent or lawful custodian of the child of those circumstances and made the disclosure within 24 hours after the visitation period had expired and returned the child as soon as possible;

New matter indicated by italics - deletions by strikeout
(3) the person was fleeing an incidence or pattern of domestic violence; or

(4) the person lured or attempted to lure a child under the age of 16 into a motor vehicle, building, house trailer, or dwelling place for a lawful purpose in prosecutions under paragraph (10) of subsection (b).

(d) A person convicted of child abduction under this Section is guilty of a Class 4 felony. A person convicted of child abduction under subsection (b)(10) shall undergo a sex offender evaluation prior to a sentence being imposed. A person convicted of a second or subsequent violation of paragraph (10) of subsection (b) of this Section is guilty of a Class 3 felony. A person convicted of child abduction under subsection (b)(10) when the person has a prior conviction of a sex offense as defined in the Sex Offender Registration Act or any substantially similar federal, Uniform Code of Military Justice, sister state, or foreign government offense is guilty of a Class 2 felony. It is a factor in aggravation under subsections (b)(1) through (b)(10) of this Section for which a court may impose a more severe sentence under Section 5-8-1 (730 ILCS 5/5-8-1) or Article 4.5 of Chapter V of the Unified Code of Corrections if, upon sentencing, the court finds evidence of any of the following aggravating factors:

(1) that the defendant abused or neglected the child following the concealment, detention, or removal of the child;

(2) that the defendant inflicted or threatened to inflict physical harm on a parent or lawful custodian of the child or on the child with intent to cause that parent or lawful custodian to discontinue criminal prosecution of the defendant under this Section;

(3) that the defendant demanded payment in exchange for return of the child or demanded that he or she be relieved of the financial or legal obligation to support the child in exchange for return of the child;

(4) that the defendant has previously been convicted of child abduction;

(5) that the defendant committed the abduction while armed with a deadly weapon or the taking of the child resulted in serious bodily injury to another; or

(6) that the defendant committed the abduction while in a school, regardless of the time of day or time of year; in a
playground; on any conveyance owned, leased, or contracted by a school to transport students to or from school or a school related activity; on the real property of a school; or on a public way within 1,000 feet of the real property comprising any school or playground. For purposes of this paragraph (6), "playground" means a piece of land owned or controlled by a unit of local government that is designated by the unit of local government for use solely or primarily for children's recreation; and "school" means a public or private elementary or secondary school, community college, college, or university.

(e) The court may order the child to be returned to the parent or lawful custodian from whom the child was concealed, detained, or removed. In addition to any sentence imposed, the court may assess any reasonable expense incurred in searching for or returning the child against any person convicted of violating this Section.

(f) Nothing contained in this Section shall be construed to limit the court's contempt power.

(g) Every law enforcement officer investigating an alleged incident of child abduction shall make a written police report of any bona fide allegation and the disposition of that investigation. Every police report completed pursuant to this Section shall be compiled and recorded within the meaning of Section 5.1 of the Criminal Identification Act.

(h) Whenever a law enforcement officer has reasons to believe a child abduction has occurred, she or he shall provide the lawful custodian a summary of her or his rights under this Code, including the procedures and relief available to her or him.

(i) If during the course of an investigation under this Section the child is found in the physical custody of the defendant or another, the law enforcement officer shall return the child to the parent or lawful custodian from whom the child was concealed, detained, or removed, unless there is good cause for the law enforcement officer or the Department of Children and Family Services to retain temporary protective custody of the child pursuant to the Abused and Neglected Child Reporting Act.

Section 5. The Security Deposit Return Act is amended by
changing Section 1 as follows:

(765 ILCS 710/1) (from Ch. 80, par. 101)

Sec. 1. A lessor of residential real property, containing 5 or more
units, who has received a security deposit from a lessee to secure the
payment of rent or to compensate for damage to the leased property may
not withhold any part of that deposit as compensation for property damage
unless he has, within 30 days of the date that the lessee vacated the
premises, furnished to the lessee, delivered in person, or by mail directed
to his last known address, or by electronic mail to a verified electronic
mail address provided by the lessee, an itemized statement of the damage
allegedly caused to the premises and the estimated or actual cost for
repairing or replacing each item on that statement, attaching the paid
receipts, or copies thereof, for the repair or replacement. If the lessor
utilizes his or her own labor to repair any damage caused by the lessee, the
lessor may include the reasonable cost of his or her labor to repair such
damage. If estimated cost is given, the lessor shall furnish the lessee with
paid receipts, or copies thereof, within 30 days from the date the statement

statement in bad faith, and has failed or refused to return the amount of the
security deposit due within the time limits provided, the lessor shall be
liable for an amount equal to twice the amount of the security deposit due,
together with court costs and reasonable attorney's fees.

Section 5. The Sanitary District Act of 1917 is amended by changing Section 7 as follows:

(70 ILCS 2405/7) (from Ch. 42, par. 306)

Sec. 7. The board of trustees of any sanitary district organized under this Act shall have power to provide for the disposal of the sewage thereof including the sewage and drainage of any incorporated city, town or village within the boundaries of such district and to save and preserve the water supplied to the inhabitants of such district from contamination and for that purpose may construct and maintain an enclosed conduit or conduits, main pipe or pipes, wholly or partially submerged, buried or otherwise, and by means of pumps or otherwise cause such sewage to flow or to be forced through such conduit or conduits, pipe or pipes to and into any ditch or canal constructed and operated by any other sanitary district, after having first acquired the right so to do, or such board may provide for the drainage of such district by laying out, establishing, constructing and maintaining one or more channels, drains, ditches and outlets, for carrying off and disposing of the drainage (including the sewage) of such district together with such adjuncts and additions thereto as may be necessary or proper to cause such channels or outlets to accomplish the end for which they are designed, in a satisfactory manner, including pumps and pumping stations and the operation of the same. Such board may also treat and purify such sewage so that when the same shall flow into any lake or other water-course, it will not injuriously contaminate the waters thereof, and may adopt any other feasible method to accomplish the object for which such sanitary district may be created, and may also provide means whereby the sanitary district may reach and procure supplies of water for diluting and flushing purposes; provided, however, that nothing herein contained shall be construed to empower or authorize such board of trustees to operate a system of waterworks for the purposes of furnishing or delivering water to any such municipality or to the inhabitants thereof. Nothing in this Act shall require a sanitary district to extend service to any individual residence or other building within the district, and it is the intent of the Illinois General Assembly that any construction contemplated...
by this Section shall be restricted to construction of works and main or interceptor sewers, conduits, channels and similar facilities, but not individual service lines. Nothing in this Act contained shall authorize the trustees to flow the sewage of such district into Lake Michigan.

Every such sanitary district shall proceed as rapidly as is reasonably possible to provide sewers and a plant or plants for the treatment and purification of its sewage, which plant or plants shall be of suitable kind and sufficient capacity to properly treat and purify such sewage so as to conduce to the preservation of the public health, comfort and convenience and to render the sewage harmless, insofar as is reasonably possible, to animal, fish and plant life. Any violation of this proviso and any failure to observe and follow same, by any sanitary district organized under this Act, shall be held, and is hereby declared, to be a business offense and fined on the part of the sanitary district not less than $1,000 nor more than $10,000, and the trustees thereof may be ousted from office as trustees of the district by an order of the court before whom the cause is heard. Upon the complaint of the Environmental Protection Agency it shall be the duty of the Pollution Control Board to cause the foregoing provisions to be enforced in accordance with Section 31 of the "Environmental Protection Act". Nothing in this Act contained shall be construed as superseding or in any manner limiting the provisions of the "Environmental Protection Act".

The board of trustees of any sanitary district formed under this Act may also enter into an agreement to sell, convey, or disburse treated wastewater to any public or private entity located within or outside of the boundaries of the sanitary district. Any use of treated wastewater by any public or private entity shall be subject to the orders of the Pollution Control Board. The agreement may not exceed 20 years.

In providing works for the disposal of industrial sewage, commonly called industrial wastes, in the manner above provided whether the industrial sewage is disposed of in combination with municipal sewage or independently, the Sanitary District shall have power to apportion and collect therefor, from the producer thereof, fair additional construction, maintenance and operating costs over and above those covered by normal taxes, and in case of dispute as to the fairness of such additional construction, maintenance and operating costs, then the same shall be determined by a board of three engineers, one appointed by the sanitary district, one appointed by such producer or producers or their legal representatives, and the third to be appointed by the two engineers selected.
as above described. In the event the two engineers so selected shall fail to agree upon a third engineer then upon the petition of either of the parties the circuit judge shall appoint such third engineer. A decision of a majority of the board shall be binding on both parties and the cost of the services of the board shall be shared by both parties equally.

In providing works, including the main pipes referred to above, for the disposal of raw sewage, in the manner above provided, whether such sewage is disposed of in combination with municipal sewage or independently, the Sanitary District shall have power to collect a fair and reasonable charge for connection to its system in addition to those charges covered by normal taxes, for the construction, expansion and extension of the works of the system, the charge to be assessed against new or additional users of the system and to be known as a connection charge. Such construction, expansion and extension of the works of the system shall include proposed or existing collector systems and may, at the discretion of such District, include connections by individual properties. The charge for connection shall be determined by the District and may equal or exceed the actual cost to the District of the construction, expansion or extension of the works of the system required by the connection. The funds thus collected shall be used by the Sanitary District for its general corporate purposes with primary application thereof being made by the necessary expansion of the works of the system to meet the requirements of the new users thereof.

Sec. 5-70. Continuing education requirement; managing broker, broker, or salesperson.
(a) The requirements of this Section apply to all managing brokers, brokers, and salespersons.
(b) Except as otherwise provided in this Section, each person who applies for renewal of his or her license as a managing broker, real estate broker, or real estate salesperson must successfully complete 6 hours of real estate continuing education courses approved by the Advisory Council for each year of the pre-renewal period. Broker licensees must successfully complete a 6-hour broker management continuing education course...
approved by the Department for the pre-renewal period ending April 30, 2010. In addition, beginning with the pre-renewal period for managing broker licensees that begins after the effective date of this Act, those licensees renewing or obtaining a managing broker's license must successfully complete a 12-hour broker management continuing education course approved by the Department each pre-renewal period. The broker management continuing education course must be completed in the classroom or by other interactive delivery method presenting instruction and real time discussion between the instructor and the students. Successful completion of the course shall include achieving a passing score as provided by rule on a test developed and administered in accordance with rules adopted by the Department. No license may be renewed except upon the successful completion of the required courses or their equivalent or upon a waiver of those requirements for good cause shown as determined by the Secretary with the recommendation of the Advisory Council. The requirements of this Article are applicable to all managing brokers, brokers, and salespersons except those brokers and salespersons who, during the pre-renewal period:

(1) serve in the armed services of the United States;
(2) serve as an elected State or federal official;
(3) serve as a full-time employee of the Department; or
(4) are admitted to practice law pursuant to Illinois Supreme Court rule.

(c) A person licensed as a salesperson as of April 30, 2011 shall not be required to complete the 18 hours of continuing education for the pre-renewal period ending April 30, 2012 if that person takes the 30-hour post-licensing course to obtain a broker's license. (d) A person receiving an initial license during the 90 days before the renewal date shall not be required to complete the continuing education courses provided for in subsection (b) of this Section as a condition of initial license renewal.

(e) The continuing education requirement for salespersons, brokers and managing brokers shall consist of a core curriculum and an elective curriculum, to be established by the Advisory Council. In meeting the

New matter indicated by italics - deletions by strikeout
continuing education requirements of this Act, at least 3 hours per year or their equivalent, 6 hours for each two-year pre-renewal period, shall be required to be completed in the core curriculum. In establishing the core curriculum, the Advisory Council shall consider subjects that will educate licensees on recent changes in applicable laws and new laws and refresh the licensee on areas of the license law and the Department policy that the Advisory Council deems appropriate, and any other areas that the Advisory Council deems timely and applicable in order to prevent violations of this Act and to protect the public. In establishing the elective curriculum, the Advisory Council shall consider subjects that cover the various aspects of the practice of real estate that are covered under the scope of this Act. However, the elective curriculum shall not include any offerings referred to in Section 5-85 of this Act.

(f) The subject areas of continuing education courses approved by the Advisory Council may include without limitation the following:

(k) To promote the offering of a uniform and consistent course content, the Department may provide for the development of a single
broker management course to be offered by all continuing education providers who choose to offer the broker management continuing education course. The Department may contract for the development of the 12-hour broker management continuing education course with an outside vendor or consultant and, if the course is developed in this manner, the Department or the outside consultant shall license the use of that course to all approved continuing education providers who wish to provide the course.

(l) Except as specifically provided in this Act, continuing education credit hours may not be earned for completion of pre or post-license courses. (B) If a sponsored or inoperative licensee runs advertisements, for the purpose of purchasing or leasing real estate, he or she shall disclose in the advertisements his or her status as a licensee.

(C) A sponsored or inoperative licensee shall not use the sponsoring broker's name or the sponsoring broker's company name in connection with the sale, lease, or advertisement of the property nor utilize the sponsoring broker's or company's name in connection with the sale, lease, or advertising of the property in a manner likely to create confusion among the public as to whether or not the services of a real estate company are being utilized or whether or not a real estate company has an ownership interest in the property.

(d) A sponsored licensee may not advertise under his or her own name. Advertising in any media shall be under the direct supervision of the sponsoring or managing broker and in the sponsoring broker's business name, which in the case of a franchise shall include the franchise affiliation as well as the name of the individual firm. This provision does not apply under the following circumstances:

(House Bill No. 5480)

AN ACT concerning government.  
Be it enacted by the People of the State of Illinois, represented in  
the General Assembly:  
Section 5. The Voluntary Payroll Deductions Act of 1983 is  
amended by changing Section 3 as follows:  
(5 ILCS 340/3) (from Ch. 15, par. 503)  
Sec. 3. Definitions. As used in this Act unless the context  
otherwise requires:  
(a) "Employee" means any regular officer or employee who  
receives salary or wages for personal services rendered to the State of  
Illinois, and includes an individual hired as an employee by contract with  
that individual.  
(b) "Qualified organization" means an organization representing  
one or more benefiting agencies, which organization is designated by the  
State Comptroller as qualified to receive payroll deductions under this Act.  
An organization desiring to be designated as a qualified organization shall:  
(1) Submit written or electronic designations on forms  
approved by the State Comptroller by 500 or more  
employees or State annuitants, in which such employees or State  
anuitants indicate that the organization is one for which the  
employee or State annuitant intends to authorize withholding. The  
forms shall require the name, last 4 digits only of the social  
security number, and employing State agency for each employee.  
Upon notification by the Comptroller that such forms have been  
approved, the organization shall, within 30 days, notify in writing  
the Governor or his or her designee of its intention to obtain the  
required number of designations. Such organization shall have 12  
months from that date to obtain the necessary designations and  
return to the State Comptroller's office the completed designations,  
which shall be subject to verification procedures established by the  
State Comptroller;  
(2) Certify that all benefiting agencies are tax exempt under  
Section 501(c)(3) of the Internal Revenue Code;  
(3) Certify that all benefiting agencies are in compliance  
with the Illinois Human Rights Act;
(4) Certify that all benefiting agencies are in compliance with the Charitable Trust Act and the Solicitation for Charity Act;

(5) Certify that all benefiting agencies actively conduct health or welfare programs and provide services to individuals directed at one or more of the following common human needs within a community: service, research, and education in the health fields; family and child care services; protective services for children and adults; services for children and adults in foster care; services related to the management and maintenance of the home; day care services for adults; transportation services; information, referral and counseling services; services to eliminate illiteracy; the preparation and delivery of meals; adoption services; emergency shelter care and relief services; disaster relief services; safety services; neighborhood and community organization services; recreation services; social adjustment and rehabilitation services; health support services; or a combination of such services designed to meet the special needs of specific groups, such as children and youth, the ill and infirm, and the physically handicapped; and that all such benefiting agencies provide the above described services to individuals and their families in the community and surrounding area in which the organization conducts its fund drive, or that such benefiting agencies provide relief to victims of natural disasters and other emergencies on a where and as needed basis;

(6) Certify that the organization has disclosed the percentage of the organization's total collected receipts from employees or State annuitants that are distributed to the benefiting agencies and the percentage of the organization's total collected receipts from employees or State annuitants that are expended for fund-raising and overhead costs. (8) Certify that neither it nor its member organizations will solicit State employees for contributions at their workplace, except pursuant to this Act and the rules promulgated thereunder. Each qualified organization, and each participating United Fund, is encouraged to cooperate with all others and with all State agencies and educational institutions so as to simplify procedures, to resolve differences and to minimize costs;

(9) Certify that it will pay its share of the campaign costs and will comply with the Code of Campaign Conduct as approved by the Governor or other agency as designated by the Governor; and

(10) Certify that it maintains a year-round office, the telephone number, and person responsible for the operations of the organization in Illinois. That information shall be provided to the State Comptroller at the time the organization is seeking participation under this Act.

Each qualified organization shall submit to the State Comptroller between January 1 and March 1 of each year, a statement that the organization is in compliance with all of the requirements set forth in paragraphs (2) through (10). The State Comptroller shall exclude any organization that fails to submit the statement from the next solicitation period.

In order to be designated as a qualified organization, the organization shall have existed at least 2 years prior to submitting the written or electronic designation forms required in paragraph (1) and shall certify to the State Comptroller that such organization has been providing services described in paragraph (5) in Illinois. If the organization seeking designation represents more than one benefiting agency, it need not have existed for 2 years but shall certify to the State Comptroller that each of its benefiting agencies has existed for at least 2 years prior to submitting the written or electronic designation forms required in paragraph (1) and that each has been providing services described in paragraph (5) in Illinois.

Organizations which have met the requirements of this Act shall be permitted to participate in the State and Universities Combined Appeal as of January 1st of the year immediately following their approval by the Comptroller.

Where the certifications described in paragraphs (2), (3), (4), (5), (6), (7), (8), (9), and (10) above are made by an organization representing more than one benefiting agency they shall be based upon the knowledge
and belief of such qualified organization. Any qualified organization shall immediately notify the State Comptroller in writing if the qualified organization receives information or otherwise believes that a benefiting agency is no longer in compliance with the certification of the qualified organization. A qualified organization representing more than one benefiting agency shall thereafter withhold and refrain from distributing to such benefiting agency those funds received pursuant to this Act until the benefiting agency is again in compliance with the qualified organization's certification. The qualified organization shall immediately notify the State Comptroller of the benefiting agency's resumed compliance with the certification, based upon the qualified organization's knowledge and belief, and shall pay over to the benefiting agency those funds previously withheld.

In order to qualify, a qualified organization must receive 250 deduction pledges from the immediately preceding solicitation period as set forth in Section 6. The Comptroller shall, by February 1st of each year, so notify any qualified organization that failed to receive the minimum deduction requirement. The notification shall give such qualified organization until March 1st to provide the Comptroller with documentation that the minimum deduction requirement has been met. On the basis of all the documentation, the Comptroller shall, by March 15th of each year, submit to the Governor or his or her designee, or such other agency as may be determined by the Governor, a list of all organizations which have met the minimum payroll deduction requirement. Only those organizations which have met such requirements, as well as the other requirements of this Section, shall be permitted to solicit State employees or State annuitants for voluntary contributions, and the Comptroller shall discontinue withholding for any such organization which fails to meet these requirements, except qualified organizations that received deduction pledges during the 2004 solicitation period are deemed to be qualified for the 2005 solicitation period.

(c) "United Fund" means the organization conducting the single, annual, consolidated effort to secure funds for distribution to agencies engaged in charitable and public health, welfare and services purposes, which is commonly known as the United Fund, or the organization which serves in place of the United Fund organization in communities where an organization known as the United Fund is not organized.

(d) "State and Universities Employees Combined Appeal", otherwise known as "SECA", means the State-directed joint effort of all of the qualified organizations, together with the United Funds, for the solicitation of voluntary contributions from State and University employees and State annuitants.

(House Bill No. 5548)

AN ACT concerning regulation.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Hospital Licensing Act is amended by changing Section 10.4 as follows:

(210 ILCS 85/10.4) (from Ch. 111 1/2, par. 151.4)

Sec. 10.4. Medical staff privileges.

(a) Any hospital licensed under this Act or any hospital organized under the University of Illinois Hospital Act shall, prior to the granting of any medical staff privileges to an applicant, or renewing a current medical staff member's privileges, request of the Director of Professional Regulation information concerning the licensure status and any disciplinary action taken against the applicant's or medical staff member's license, except: (1) for medical personnel who enter a hospital to obtain organs and tissues for transplant from a donor in accordance with the

Illinois Anatomical Gift Act; or (2) for medical personnel who have been granted disaster privileges pursuant to the procedures and requirements established by rules adopted by the Department. Any hospital and any employees of the hospital or others involved in granting privileges who, in good faith, grant disaster privileges pursuant to this Section to respond to an emergency shall not, as a result of their acts or omissions, be liable for civil damages for granting or denying disaster privileges except in the event of willful and wanton misconduct, as that term is defined in Section 10.2 of this Act. Individuals granted privileges who provide care in an emergency situation, in good faith and without direct compensation, shall not, as a result of their acts or omissions, except for acts or omissions involving willful and wanton misconduct, as that term is defined in Section 10.2 of this Act, on the part of the person, be liable for civil damages. The Director of Professional Regulation shall transmit, in writing and in a timely fashion, such information regarding the license of the applicant or the medical staff member, including the record of imposition of any periods of supervision or monitoring as a result of alcohol or substance abuse, as provided by Section 23 of the Medical Practice Act of 1987, and such information as may have been submitted to the Department indicating that the application or medical staff member has been denied, or has surrendered, medical staff privileges at a hospital licensed under this Act, or any equivalent facility in another state or territory of the United States. The Director of Professional Regulation shall define by rule the period for timely response to such requests.

No transmittal of information by the Director of Professional Regulation, under this Section shall be to other than the president, chief operating officer, chief administrative officer, or chief of the medical staff of a hospital licensed under this Act, a hospital organized under the University of Illinois Hospital Act, or a hospital operated by the United States, or any of its instrumentalities. The information so transmitted shall be afforded the same status as is information concerning medical studies by Part 21 of Article VIII of the Code of Civil Procedure, as now or hereafter amended.

(b) All hospitals licensed under this Act, except county hospitals as defined in subsection (c) of Section 15-1 of the Illinois Public Aid Code, shall comply with, and the medical staff bylaws of these hospitals shall include rules consistent with, the provisions of this Section in granting, limiting, renewing, or denying medical staff membership and clinical staff privileges. Hospitals that require medical staff members to possess faculty

status with a specific institution of higher education are not required to comply with subsection (1) below when the physician does not possess faculty status.

(1) Minimum procedures for pre-applicants and applicants for medical staff membership shall include the following:

(A) Written procedures relating to the acceptance and processing of pre-applicants or applicants for medical staff membership, which should be contained in medical staff bylaws.

(B) Written procedures to be followed in determining a pre-applicant's or an applicant's qualifications for being granted medical staff membership and privileges.

(C) Written criteria to be followed in evaluating a pre-applicant's or an applicant's qualifications.

(D) An evaluation of a pre-applicant's or an applicant's current health status and current license status in Illinois.

(E) A written response to each pre-applicant or applicant that explains the reason or reasons for any adverse decision (including all reasons based in whole or in part on the applicant's medical qualifications or any other basis, including economic factors).

(2) Minimum procedures with respect to medical staff and clinical privilege determinations concerning current members of the medical staff shall include the following:

(A) A written notice of an adverse decision.

(B) An explanation of the reasons for an adverse decision including all reasons based on the quality of medical care or any other basis, including economic factors.

(C) A statement of the medical staff member's right to request a fair hearing on the adverse decision before a hearing panel whose membership is mutually agreed upon by the medical staff and the hospital governing board. The hearing panel shall have independent authority to recommend action to the hospital governing board. Upon the request of the medical staff member or the hospital governing board, the hearing panel shall make findings concerning the nature of each basis for any adverse decision.
recommended to and accepted by the hospital governing board.

(i) Nothing in this subparagraph (C) limits a hospital's or medical staff's right to summarily suspend, without a prior hearing, a person's medical staff membership or clinical privileges if the continuation of practice of a medical staff member constitutes an immediate danger to the public, including patients, visitors, and hospital employees and staff. In the event that a hospital or the medical staff imposes a summary suspension, the Medical Executive Committee, or other comparable governance committee of the medical staff as specified in the bylaws, must meet as soon as is reasonably possible to review the suspension and to recommend whether it should be affirmed, lifted, expunged, or modified if the suspended physician requests such review. A summary suspension may not be implemented unless there is actual documentation or other reliable information that an immediate danger exists. This documentation or information must be available at the time the summary suspension decision is made and when the decision is reviewed by the Medical Executive Committee. If the Medical Executive Committee recommends that the summary suspension should be lifted, expunged, or modified, this recommendation must be reviewed and considered by the hospital governing board, or a committee of the board, on an expedited basis. Nothing in this subparagraph (C) shall affect the requirement that any requested hearing must be commenced within 15 days after the summary suspension and completed without delay unless otherwise agreed to by the parties. A fair hearing shall be commenced within 15 days after the suspension and completed without delay, except that when the medical staff member's license to practice has been suspended or

revoked by the State's licensing authority, no hearing shall be necessary.

(ii) Nothing in this subparagraph (C) limits a medical staff's right to permit, in the medical staff bylaws, summary suspension of membership or clinical privileges in designated administrative circumstances as specifically approved by the medical staff. This bylaw provision must specifically describe both the administrative circumstance that can result in a summary suspension and the length of the summary suspension. The opportunity for a fair hearing is required for any administrative summary suspension. Any requested hearing must be commenced within 15 days after the summary suspension and completed without delay. Adverse decisions other than suspension or other restrictions on the treatment or admission of patients may be imposed summarily and without a hearing under designated administrative circumstances as specifically provided for in the medical staff bylaws as approved by the medical staff.

(iii) If a hospital exercises its option to enter into an exclusive contract and that contract results in the total or partial termination or reduction of medical staff membership or clinical privileges of a current medical staff member, the hospital shall provide the affected medical staff member 60 days prior notice of the effect on his or her medical staff membership or privileges. An affected medical staff member desiring a hearing under subparagraph (C) of this paragraph (2) must request the hearing within 14 days after the date he or she is so notified. The requested hearing shall be commenced and completed (with a report and recommendation to the affected medical staff member, hospital governing board, and medical staff) within 30 days after the date of the medical staff member's request. If agreed upon by both the medical staff and the hospital
governing board, the medical staff bylaws may provide for longer time periods.

(C-5) All peer review used for the purpose of credentialing, privileging, disciplinary action, or other recommendations affecting medical staff membership or exercise of clinical privileges, whether relying in whole or in part on internal or external reviews, shall be conducted in accordance with the medical staff bylaws and applicable rules, regulations, or policies of the medical staff. If external review is obtained, any adverse report utilized shall be in writing and shall be made part of the internal peer review process under the bylaws. The report shall also be shared with a medical staff peer review committee and the individual under review. If the medical staff peer review committee or the individual under review prepares a written response to the report of the external peer review within 30 days after receiving such report, the governing board shall consider the response prior to the implementation of any final actions by the governing board which may affect the individual's medical staff membership or clinical privileges. Any peer review that involves willful or wanton misconduct shall be subject to civil damages as provided for under Section 10.2 of this Act.

(D) A statement of the member's right to inspect all pertinent information in the hospital's possession with respect to the decision.

(E) A statement of the member's right to present witnesses and other evidence at the hearing on the decision.

(E-5) The right to be represented by a personal attorney.

(F) A written notice and written explanation of the decision resulting from the hearing.

(F-5) A written notice of a final adverse decision by a hospital governing board.

(G) Notice given 15 days before implementation of an adverse medical staff membership or clinical privileges decision based substantially on economic factors. This notice shall be given after the medical staff member exhausts all applicable procedures under this Section,
including item (iii) of subparagraph (C) of this paragraph (2), and under the medical staff bylaws in order to allow sufficient time for the orderly provision of patient care.

(H) Nothing in this paragraph (2) of this subsection (b) limits a medical staff member's right to waive, in writing, the rights provided in subparagraphs (A) through (G) of this paragraph (2) of this subsection (b) upon being granted the written exclusive right to provide particular services at a hospital, either individually or as a member of a group. If an exclusive contract is signed by a representative of a group of physicians, a waiver contained in the contract shall apply to all members of the group unless stated otherwise in the contract.

(3) Every adverse medical staff membership and clinical privilege decision based substantially on economic factors shall be reported to the Hospital Licensing Board before the decision takes effect. These reports shall not be disclosed in any form that reveals the identity of any hospital or physician. These reports shall be utilized to study the effects that hospital medical staff membership and clinical privilege decisions based upon economic factors have on access to care and the availability of physician services. The Hospital Licensing Board shall submit an initial study to the Governor and the General Assembly by January 1, 1996, and subsequent reports shall be submitted periodically thereafter.

(4) As used in this Section:

"Adverse decision" means a decision reducing, restricting, suspending, revoking, denying, or not renewing medical staff membership or clinical privileges.

"Economic factor" means any information or reasons for decisions unrelated to quality of care or professional competency.

"Pre-applicant" means a physician licensed to practice medicine in all its branches who requests an application for medical staff membership or privileges.

"Privilege" means permission to provide medical or other patient care services and permission to use hospital resources, including equipment, facilities and personnel that are necessary to effectively provide medical or other patient care services. This definition shall not be construed to require a hospital to acquire

New matter indicated by italics - deletions by strikeout
additional equipment, facilities, or personnel to accommodate the granting of privileges.

(5) Any amendment to medical staff bylaws required because of this amendatory Act of the 91st General Assembly shall be adopted on or before July 1, 2001.

(c) All hospitals shall consult with the medical staff prior to closing membership in the entire or any portion of the medical staff or a department. If the hospital closes membership in the medical staff, any portion of the medical staff, or the department over the objections of the medical staff, then the hospital shall provide a detailed written explanation for the decision to the medical staff 10 days prior to the effective date of any closure. No applications need to be provided when membership in the medical staff or any relevant portion of the medical staff is closed.

Sec. 16. Expiration, renewal and restoration of licenses. The expiration date and renewal date for each license issued under this Act shall be set by rule. The renewal period for each license issued under this Act shall be 3 years. A dentist or dental hygienist may renew a license during the month preceding its expiration date by paying the required fee. A dentist or dental hygienist shall provide proof of current Basic Life Support (BLS) certification by an organization that has adopted the
American Heart Association's guidelines on BLS intended for health care providers at the time of renewal. Basic Life Support certification training taken as a requirement of this Section shall be counted for no more than 4 hours during each licensure period towards the continuing education hours under Section 16.1 of this Act. The Department shall provide by rule for exemptions from this requirement for a dentist or dental hygienist with a physical disability that would preclude him or her from performing BLS.

Any dentist or dental hygienist whose license has expired or whose license is on inactive status may have his license restored at any time within 5 years after the expiration thereof, upon payment of the required fee and a showing of proof of compliance with current continuing education requirements, as provided by rule.

Any person whose license has been expired for more than 5 years or who has had his license on inactive status for more than 5 years may have his license restored by making application to the Department and filing proof acceptable to the Department of taking continuing education and of his fitness to have the license restored, including sworn evidence certifying to active practice in another jurisdiction, and by paying the required restoration fee. A person practicing on an expired license is deemed to be practicing without a license. However, a holder of a license may renew the license within 90 days after its expiration by complying with the requirements for renewal and payment of an additional fee. A license renewal within 90 days after expiration shall be effective retroactively to the expiration date.

If a person whose license has expired or who has had his license on inactive status for more than 5 years has not maintained an active practice satisfactory to the department, the Department shall determine, by an evaluation process established by rule, his or her fitness to resume active status and may require the person to complete a period of evaluated clinical experience and may require successful completion of a practical examination.

However, any person whose license has expired while he or she was (i) on active duty with the Armed Forces of the United States or called into service or training by the State militia or (ii) has been engaged (1) in federal or state service active duty, or (2) in training or education under the supervision of the United States preliminary to induction into the military service, may have his or her license renewed, reinstated, or restored without paying any lapsed renewal or restoration fee, if within 2 years after termination of such service, training, or education other than by

Sec. 16.1. Continuing education. The Department shall promulgate rules of continuing education for persons licensed under this Act. In establishing rules, the Department shall require a minimum of 48 hours of study in approved courses for dentists during each 3-year licensing period and a minimum of 36 hours of study in approved courses for dental hygienists during each 3-year licensing period.

The Department shall approve only courses that are relevant to the treatment and care of patients, including, but not limited to, clinical courses in dentistry and dental hygiene and nonclinical courses such as patient management, legal and ethical responsibilities, and stress management. The Department shall allow up to 4 hours of continuing education credit hours per license renewal period for volunteer hours spent providing clinical services at, or sponsored by, a nonprofit community clinic, local or state health department, or a charity event. Courses shall not be approved in such subjects as estate and financial planning, investments, or personal health. Approved courses may include, but shall not be limited to, courses that are offered or sponsored by approved colleges, universities, and hospitals and by recognized national, State, and local dental and dental hygiene organizations.

No license shall be renewed unless the renewal application is accompanied by an affidavit indicating that the applicant has completed the required minimum number of hours of continuing education in approved courses as required by this Section. The affidavit shall not require a listing of courses. The affidavit shall be a prima facie evidence that the applicant has obtained the minimum number of required continuing education hours in approved courses. The Department shall not be obligated to conduct random audits or otherwise independently verify that an applicant has met the continuing education requirement. The Department, however, may not conduct random audits of more than 10% of the licensed dentists and dental hygienists in any one licensing cycle to verify compliance with continuing education requirements. If the Department, however, receives a complaint that a licensee has not completed the required continuing education or if the Department is

investigating another alleged violation of this Act by a licensee, the Department may demand and shall be entitled to receive evidence from any licensee of completion of required continuing education courses for the most recently completed 3-year licensing period. Evidence of continuing education may include, but is not limited to, canceled checks, official verification forms of attendance, and continuing education recording forms, that demonstrate a reasonable record of attendance. The Illinois State Board of Dentistry shall determine, in accordance with rules adopted by the Department, whether a licensee or applicant has met the continuing education requirements. Any dentist who holds more than one license under this Act shall be required to complete only the minimum number of hours of continuing education required for renewal of a single license. The Department may provide exemptions from continuing education requirements. The exemptions shall include, but shall not be limited to, dentists and dental hygienists who agree not to practice within the State during the licensing period because they are retired from practice.

(11) Who takes impressions of human teeth or places his or her hands in the mouth of any person for the purpose of applying teeth whitening materials, or who takes impressions of human teeth or places his or her hands in the mouth of any person for the purpose of assisting in the application of teeth whitening materials.

The fact that any person engages in or performs, or offers to engage in or perform, any of the practices, acts, or operations set forth in this Section, shall be prima facie evidence that such person is engaged in the practice of dentistry.

The following practices, acts, and operations, however, are exempt from the operation of this Act:

(a) The rendering of dental relief in emergency cases in the practice of his or her profession by a physician or surgeon, licensed as such under the laws of this State, unless he or she undertakes to reproduce or reproduces lost parts of the human teeth in the mouth or to restore or replace lost or missing teeth in the mouth; or

(f) The use of X-Ray machines for exposing X-Ray films of dental or oral tissues by dental hygienists or dental assistants; or

(g) The performance of any dental service by a dental assistant, if such service is performed under the supervision and full responsibility of a dentist.

For purposes of this paragraph (g), "dental service" is defined to mean any intraoral procedure or act which shall be prescribed by rule or regulation of the Department. Dental service, however, shall not include:

(1) Any and all diagnosis of or prescription for treatment of disease, pain, deformity, deficiency, injury or physical condition of the human teeth or jaws, or adjacent structures.

(ii) has applied in writing to the Department, in form and substance satisfactory to the Department, for a temporary dental license and has complied with all provisions of subsection (c), of Section 11, of this Act; and

(iv) has been accepted or appointed for specialty training in an approved dental program situated in this State; or

(v) has been accepted or appointed for specialty training in a dental public health agency situated in this State.

The applicant shall be permitted to practice dentistry for a period of 3 months from the starting date of the program, unless authorized in writing by the Department to continue such practice for a period specified in writing by the Department.

(Sec. 25. Notice of hearing; investigations and informal conferences.

(a) Upon the motion of either the Department or the Board or upon the verified complaint in writing of any person setting forth facts which if proven would constitute grounds for refusal, suspension or revocation of license under this Act, the Board shall investigate the actions of any person, hereinafter called the respondent, who holds or represents that he or she holds a license. All such motions or complaints shall be brought to the Board.

In all instances under this Act in which the Board has rendered a recommendation to the Secretary Director with respect to a particular person, the Secretary Director shall, to the extent that he or she disagrees with or takes action contrary to the recommendation of the Board, file with the Board and the Secretary of State his or her specific written reasons of disagreement. Such reasons shall be filed within 30 days after the Secretary Director has taken the contrary position.

Dentists may advertise or offer free examinations or free dental services; it shall be unlawful, however, for any dentist to charge a fee to any new patient for any dental service provided at the time that such free examination or free dental services are provided.

(5) Use the term "sedation dentistry" or similar terms in advertising unless the advertising dentist holds a valid and current permit issued by the Department to administer either general anesthesia, deep sedation, or conscious sedation as required under Section 8.1 of this Act.

This Act does not authorize the advertising of dental services when the offeror of such services is not a dentist. Nor shall the dentist use statements which contain false, fraudulent, deceptive or misleading material or guarantees of success, statements which play upon the vanity or fears of the public, or statements which promote or produce unfair competition.

   (2) Prescribe licensure testing requirements for all levels of EMT, which shall include a requirement that all phases of instruction, training, and field experience be completed before taking the EMT licensure examination. Candidates may elect to take the National Registry of Emergency Medical Technicians examination in lieu of the Department's examination, but are responsible for making their own arrangements for taking the National Registry examination.

   (2.5) Review applications for EMT licensure from honorably discharged members of the armed forces of the United States with military emergency medical training. Applications shall be filed with the Department within one year after military discharge and shall contain: (i) proof of successful completion of military emergency medical training; (ii) a detailed description of the emergency medical curriculum completed; and (iii) a detailed description of the applicant's clinical experience. The Department may request additional and clarifying information. The Department shall evaluate the application, including the applicant's training and experience, consistent with the standards set forth under subsections (a), (b), (c), and (d) of Section 3.10. If the application clearly demonstrates that the training and experience meets such standards, the Department shall offer the applicant the opportunity to successfully complete a Department-approved EMT examination for which the applicant is qualified. Upon passage of an examination, the Department shall issue a license, which shall
be subject to all provisions of this Act that are otherwise applicable to the class of EMT license issued.

(3) License individuals as an EMT-B, EMT-I, or EMT-P who have met the Department's education, training and examination requirements.

(4) Prescribe annual continuing education and relicensure requirements for all levels of EMT.

(5) Relicense individuals as an EMT-B, EMT-I, or EMT-P every 4 years, based on their compliance with continuing education and relicensure requirements. An Illinois licensed Emergency Medical Technician whose license has been expired for less than 36 months may apply for reinstatement by the Department. Reinstatement shall require that the applicant (i) submit satisfactory proof of completion of continuing medical education and clinical requirements to be prescribed by the Department in an administrative rule; (ii) submit a positive recommendation from an Illinois EMS Medical Director attesting to the applicant's qualifications for retesting; and (iii) pass a Department approved test for the level of EMT license sought to be reinstated.

(6) Grant inactive status to any EMT who qualifies, based on standards and procedures established by the Department in rules adopted pursuant to this Act.

(7) Charge a fee for EMT examination, licensure, and license renewal.

(a) To co-operate with the federal government in the administration of the provisions of the federal Rehabilitation Act of 1973, as amended, of the Workforce Investment Act of 1998, and of the federal Social Security Act to the extent and in the manner provided in these Acts.

(b) To prescribe and supervise such courses of vocational training and provide such other services as may be necessary for the habilitation and rehabilitation of persons with one or more disabilities, including the administrative activities under subsection (e) of this Section, and to co-operate with State and local school authorities and other recognized agencies engaged in habilitation, rehabilitation and comprehensive rehabilitation services; and to cooperate with the Department of Children and Family Services regarding the care and education of children with one or more disabilities.

(f) To establish a program of services to prevent the unnecessary institutionalization of persons with Alzheimer's disease and related disorders or persons in need of long term care and who meet the criteria for blindness or disability are established as blind or disabled as defined by the Social Security Act, thereby enabling them to remain in their own homes or other living arrangements. Such preventive services may include, but are not limited to, any or all of the following:

1. personal assistant services, home health services;
2. homemaker services, home nursing services;
3. home-delivered meals, homemaker services;
4. adult day care services, chore and housekeeping services;

6. home modification or assistive equipment, home-delivered meals;
7. home health services, education in self-care;

10. brain injury habilitation, habilitation services;
11. brain injury pre-vocational services, respite care; or
12. brain injury supported employment, other nonmedical social services that may enable the person to become self-supporting.

The Department shall establish eligibility standards for such services taking into consideration the unique economic and social needs of the population for whom they are to be provided. Such eligibility standards may be based on the recipient's ability to pay for services; provided, however, that any portion of a person's income that is equal to or less than the "protected income" level shall not be considered by the Department in determining eligibility. The "protected income" level shall be determined by the Department, shall never be less than the federal poverty standard, and shall be adjusted each year to reflect changes in the Consumer Price Index For All Urban Consumers as determined by the United States Department of Labor. The standards must provide that a person may not have not more than $10,000 in assets to be eligible for the services, and the Department may increase or decrease the asset limitation by rule. The Department may not decrease the asset level below $10,000. Additionally,
in determining the amount and nature of services for which a person may qualify, consideration shall not be given to the value of cash, property or other assets held in the name of the person's spouse pursuant to a written agreement dividing marital property into equal but separate shares or pursuant to a transfer of the person's interest in a home to his spouse; provided that the spouse's share of the marital property is not made available to the person seeking such services.

The services shall be provided, as established by the Department by rule, to eligible persons to prevent unnecessary or premature institutionalization, to the extent that the cost of the services, together with the other personal maintenance expenses of the persons, are reasonably related to the standards established for care in a group facility appropriate to their condition. These non-institutional services, pilot projects or experimental facilities may be provided as part of or in addition to those authorized by federal law or those funded and administered by the Illinois Department on Aging.

Personal assistants shall be paid at a rate negotiated between the State and an exclusive representative of personal assistants under a collective bargaining agreement. In no case shall the Department pay personal assistants an hourly wage that is less than the federal minimum wage. Care attendants shall be paid:

(i) A $5 per hour minimum rate beginning July 1, 1995.
(ii) A $5.30 per hour minimum rate beginning July 1, 1997.
(iii) A $5.40 per hour minimum rate beginning July 1, 1998.

Solely for the purposes of coverage under the Illinois Public Labor Relations Act (5 ILCS 315/), personal care attendants and personal assistants providing services under the Department's Home Services Program shall be considered to be public employees and the State of Illinois shall be considered to be their employer as of the effective date of this amendatory Act of the 93rd General Assembly, but not before. The State shall engage in collective bargaining with an exclusive representative of personal care attendants and personal assistants working under the Home Services Program concerning their terms and conditions of employment that are within the State's control. Nothing in this paragraph shall be understood to limit the right of the persons receiving services defined in this Section to hire and fire personal care attendants and personal assistants or supervise them within the limitations set by the Home Services Program. The State shall not be considered to be the
employer of personal care attendants and personal assistants for any purposes not specifically provided in this amendatory Act of the 93rd General Assembly, including but not limited to, purposes of vicarious liability in tort and purposes of statutory retirement or health insurance benefits. Personal care attendants and personal assistants shall not be covered by the State Employees Group Insurance Act of 1971 (5 ILCS 375/).

The Department shall execute, relative to the nursing home prescreening project, as authorized by Section 4.03 of the Illinois Act on the Aging, written inter-agency agreements with the Department on Aging and the Department of Public Aid (now Department of Healthcare and Family Services), to effect the following: (i) intake procedures and common eligibility criteria for those persons who may need long term care are receiving non-institutional services; and (ii) the establishment and development of non-institutional services in areas of the State where they are not currently available or are undeveloped. On and after July 1, 1996, all nursing home prescreenings for individuals 18 through 59 years of age shall be conducted by the Department, or a designee of the Department.

The Department is authorized to establish a system of recipient cost-sharing for services provided under this Section. The cost-sharing shall be based upon the recipient's ability to pay for services, but in no case shall the recipient's share exceed the actual cost of the services provided. Protected income shall not be considered by the Department in its determination of the recipient's ability to pay a share of the cost of services. The level of cost-sharing shall be adjusted each year to reflect changes in the "protected income" level. The Department shall deduct from the recipient's share of the cost of services any money expended by the recipient for disability-related expenses.

To the extent permitted under the federal Social Security Act, the Department, or the Department's authorized representative, may recover the amount of moneys expended for services provided to or in behalf of a person under this Section by a claim against the person's estate or against the estate of the person's surviving spouse, but no recovery may be had until after the death of the surviving spouse, if any, and then only at such time when there is no surviving child who is under age 21, blind, or permanently and totally disabled. This paragraph, however, shall not bar recovery, at the death of the person, of moneys for services provided to the person or in behalf of the person under this Section to which the person was not entitled; provided that such recovery shall not be enforced against
any real estate while it is occupied as a homestead by the surviving spouse or other dependent, if no claims by other creditors have been filed against the estate, or, if such claims have been filed, they remain dormant for failure of prosecution or failure of the claimant to compel administration of the estate for the purpose of payment. This paragraph shall not bar recovery from the estate of a spouse, under Sections 1915 and 1924 of the Social Security Act and Section 5-4 of the Illinois Public Aid Code, who precedes a person receiving services under this Section in death. All moneys for services paid to or in behalf of the person under this Section shall be claimed for recovery from the deceased spouse's estate. "Homestead", as used in this paragraph, means the dwelling house and contiguous real estate occupied by a surviving spouse or relative, as defined by the rules and regulations of the Department of Healthcare and Family Services, regardless of the value of the property.

The Department shall submit and the Department on Aging shall cooperate in the development and submission of an annual report on programs and services provided under this Section. The joint report shall be filed with the Governor and the General Assembly on or before March 30 each year.

The requirement for reporting to the General Assembly shall be satisfied by filing copies of the report with the Speaker, the Minority Leader and the Clerk of the House of Representatives and the President, the Minority Leader and the Secretary of the Senate and the Legislative Research Unit, as required by Section 3.1 of the General Assembly Organization Act, and filing additional copies with the State Government Report Distribution Center for the General Assembly as required under paragraph (t) of Section 7 of the State Library Act.

(g) To establish such subdivisions of the Department as shall be desirable and assign to the various subdivisions the responsibilities and duties placed upon the Department by law.

(h) To cooperate and enter into any necessary agreements with the Department of Employment Security for the provision of job placement and job referral services to clients of the Department, including job service registration of such clients with Illinois Employment Security offices and making job listings maintained by the Department of Employment Security available to such clients.

(i) To possess all powers reasonable and necessary for the exercise and administration of the powers, duties and responsibilities of the Department which are provided for by law.
(j) (Blank). To establish a procedure whereby new providers of personal care attendant services shall submit vouchers to the State for payment two times during their first month of employment and one time per month thereafter. In no case shall the Department pay personal care attendants an hourly wage that is less than the federal minimum wage.

(k) (Blank). To provide adequate notice to providers of chore and housekeeping services informing them that they are entitled to an interest payment on bills which are not promptly paid pursuant to Section 3 of the State Prompt Payment Act.

(l) To establish, operate and maintain a Statewide Housing Clearinghouse of information on available, government subsidized housing accessible to disabled persons and available privately owned housing accessible to disabled persons. The information shall include but not be limited to the location, rental requirements, access features and proximity to public transportation of available housing. The Clearinghouse shall consist of at least a computerized database for the storage and retrieval of information and a separate or shared toll free telephone number for use by those seeking information from the Clearinghouse. Department offices and personnel throughout the State shall also assist in the operation of the Statewide Housing Clearinghouse. Cooperation with local, State and federal housing managers shall be sought and extended in order to frequently and promptly update the Clearinghouse's information.

(m) To assure that the names and case records of persons who received or are receiving services from the Department, including persons receiving vocational rehabilitation, home services, or other services, and those attending one of the Department's schools or other supervised facility shall be confidential and not be open to the general public. Those case records and reports or the information contained in those records and reports shall be disclosed by the Director only to proper law enforcement officials, individuals authorized by a court, the General Assembly or any committee or commission of the General Assembly, and other persons and for reasons as the Director designates by rule. Disclosure by the Director may be only in accordance with other applicable law.

elementary district and secondary district prior to the formation of the community unit district is greater than 4.00%, then the maximum rate for educational purposes for such district shall be the following:

(A) For 2 years following the formation of the community unit district, the maximum rate shall equal the actual combined rate of the previous elementary district and secondary district.

(B) In each subsequent year, the maximum rate shall be reduced by 0.10% or reduced to 4.00%, whichever reduction is less. The school board may, by proper resolution, cause a proposition to increase the reduced rate, not to exceed the maximum rate in clause (A), to be submitted to the voters of the district at a regular scheduled election as provided under this Section. Nothing in this Section shall require that the maximum rate for educational purpose for a district maintaining grades one through 12 be reduced below 4.00%.

If the resolution of the school board seeks to increase the annual tax rate for educational purposes for a limited period of not less than 3 nor more than 10 years, the proposition shall so state and shall identify the years for which the tax increase is sought.

If a majority of the votes cast on the proposition is in favor thereof at an election for which the election authorities have given notice either (i) in accordance with Section 12-5 of the Election Code or (ii) by publication of a true and legible copy of the specimen ballot label containing the proposition in the form in which it appeared or will appear on the official ballot label on the day of the election at least 5 days before the day of the election in at least one newspaper published in and having a general circulation in the district, the school board may thereafter, until such authority is revoked in like manner, levy annually the tax so authorized; provided that if the proposition as approved limits the increase in the annual tax rate of the district for educational purposes to a period of not less than 3 nor more than 10 years, the district may, unless such authority is sooner revoked in like manner, levy annually the tax so authorized for the limited number of years approved by a majority of the votes cast on the proposition. Upon expiration of that limited period, the rate at which the district may annually levy its tax for educational purposes shall be the rate provided under Section 17-2, or the rate at which the district last levied its...
tax for educational purposes prior to approval of the proposition authorizing the levy of that tax at an increased rate, whichever is greater.

The school board shall certify the proposition to the proper election authorities in accordance with the general election law.

Section 5. The School Code is amended by changing Sections 2-3.25g and 27-24.4 and by adding Sections 27-24.9 and 27-24.10 as follows:

(105 ILCS 5/2-3.25g) (from Ch. 122, par. 2-3.25g)

Sec. 2-3.25g. Waiver or modification of mandates within the School Code and administrative rules and regulations.

(a) In this Section:
"Board" means a school board or the governing board or administrative district, as the case may be, for a joint agreement.

"Eligible applicant" means a school district, joint agreement made up of school districts, or regional superintendent of schools on behalf of schools and programs operated by the regional office of education.

"Implementation date" has the meaning set forth in Section 24A-2.5 of this Code.

(b) Notwithstanding any other provisions of this School Code or any other law of this State to the contrary, eligible applicants may petition the State Board of Education for the waiver or modification of the mandates of this School Code or of the administrative rules and regulations promulgated by the State Board of Education. Waivers or modifications of administrative rules and regulations and modifications of mandates of this School Code may be requested when an eligible applicant demonstrates that it can address the intent of the rule or mandate in a more effective, efficient, or economical manner or when necessary to stimulate

innovation or improve student performance. Waivers of mandates of the School Code may be requested when the waivers are necessary to stimulate innovation or improve student performance. Waivers may not be requested from laws, rules, and regulations pertaining to special education, teacher certification, teacher tenure and seniority, or Section 5-2.1 of this Code or from compliance with the No Child Left Behind Act of 2001 (Public Law 107-110). On and after the applicable implementation date, eligible applicants may not seek a waiver or seek a modification of a mandate regarding the requirements for (i) student performance data to be a significant factor in teacher or principal evaluations or (ii) for teachers and principals to be rated using the 4 categories of "excellent", "proficient", "needs improvement", or "unsatisfactory". On the applicable implementation date, any previously authorized waiver or modification from such requirements shall terminate.

(c) Eligible applicants, as a matter of inherent managerial policy, and any Independent Authority established under Section 2-3.25f may submit an application for a waiver or modification authorized under this Section. Each application must include a written request by the eligible applicant or Independent Authority and must demonstrate that the intent of the mandate can be addressed in a more effective, efficient, or economical manner or be based upon a specific plan for improved student performance and school improvement. Any eligible applicant requesting a waiver or modification for the reason that intent of the mandate can be addressed in a more economical manner shall include in the application a fiscal analysis showing current expenditures on the mandate and projected savings resulting from the waiver or modification. Applications and plans developed by eligible applicants must be approved by the board or regional superintendent of schools applying on behalf of schools or programs operated by the regional office of education following a public hearing on the application and plan and the opportunity for the board or regional superintendent to hear testimony from staff directly involved in its implementation, parents, and students. The time period for such testimony shall be separate from the time period established by the eligible applicant for public comment on other matters. If the applicant is a school district or joint agreement requesting a waiver or modification of Section 27-6 of this Code, the public hearing shall be held on a day other than the day on which a regular meeting of the board is held.

(c-5) If the applicant is a school district, then the district shall post information that sets forth the time, date, place, and general subject

matter of the public hearing on its Internet website at least 14 days prior to the hearing. If the district is requesting to increase the fee charged for driver education authorized pursuant to Section 27-24.2 of this Code, the website information shall include the proposed amount of the fee the district will request. All school districts must publish a notice of the public hearing at least 7 days prior to the hearing in a newspaper of general circulation within the school district that sets forth the time, date, place, and general subject matter of the hearing. Districts requesting to increase the fee charged for driver education shall include in the published notice the proposed amount of the fee the district will request. If the applicant is a joint agreement or regional superintendent, then the joint agreement or regional superintendent shall post information that sets forth the time, date, place, and general subject matter of the public hearing on its Internet website at least 14 days prior to the hearing. If the joint agreement or regional superintendent is requesting to increase the fee charged for driver education authorized pursuant to Section 27-24.2 of this Code, the website information shall include the proposed amount of the fee the applicant will request. All joint agreements and regional superintendents must publish a notice of the public hearing at least 7 days prior to the hearing in a newspaper of general circulation in each school district that is a member of the joint agreement or that is served by the educational service region that sets forth the time, date, place, and general subject matter of the hearing, provided that a notice appearing in a newspaper generally circulated in more than one school district shall be deemed to fulfill this requirement with respect to all of the affected districts. Joint agreements or regional superintendents requesting to increase the fee charged for driver education shall include in the published notice the proposed amount of the fee the applicant will request. If the applicant is a school district, the public hearing must be preceded by at least one published notice occurring at least 7 days prior to the hearing in a newspaper of general circulation within the school district that sets forth the time, date, place, and general subject matter of the hearing. If the applicant is a joint agreement or regional superintendent, the public hearing must be preceded by at least one published notice (setting forth the time, date, place, and general subject matter of the hearing) occurring at least 7 days prior to the hearing in a newspaper of general circulation in each school district that is a member of the joint agreement or that is served by the educational service region, provided that a notice appearing in a newspaper generally circulated in more than one school district shall

be deemed to fulfill this requirement with respect to all of the affected districts. The eligible applicant must notify in writing the affected exclusive collective bargaining agent and those State legislators representing the eligible applicant's territory of its intent to seek approval of a waiver or modification and of the hearing to be held to take testimony from staff. The affected exclusive collective bargaining agents shall be notified of such public hearing at least 7 days prior to the date of the hearing and shall be allowed to attend such public hearing. The eligible applicant shall attest to compliance with all of the notification and procedural requirements set forth in this Section.

(d) A request for a waiver or modification of administrative rules and regulations or for a modification of mandates contained in this School Code shall be submitted to the State Board of Education within 15 days after approval by the board or regional superintendent of schools. The application as submitted to the State Board of Education shall include a description of the public hearing. Except with respect to contracting for adaptive driver education, an eligible applicant wishing to request a modification or waiver of administrative rules of the State Board of Education regarding contracting with a commercial driver training school to provide the course of study authorized under Section 27-24.2 of this Code must provide evidence with its application that the commercial driver training school with which it will contract holds a license issued by the Secretary of State under Article IV of Chapter 6 of the Illinois Vehicle Code and that each instructor employed by the commercial driver training school to provide instruction to students served by the school district holds a valid teaching certificate or teaching license, as applicable, issued under the requirements of this Code and rules of the State Board of Education. Such evidence must include, but need not be limited to, a list of each instructor assigned to teach students served by the school district, which list shall include the instructor's name, personal identification number as required by the State Board of Education, birth date, and driver's license number. If the modification or waiver is granted, then the eligible applicant shall notify the State Board of Education of any changes in the personnel providing instruction within 15 calendar days after an instructor leaves the program or a new instructor is hired. Such notification shall include the instructor's name, personal identification number as required by the State Board of Education, birth date, and driver's license number. If a school district maintains an Internet website, then the district shall post a copy of the final contract between the district

and the commercial driver training school on the district’s Internet website. If no Internet website exists, then the district shall make available the contract upon request. A record of all materials in relation to the application for contracting must be maintained by the school district and made available to parents and guardians upon request. The instructor’s date of birth and driver’s license number and any other personally identifying information as deemed by the federal Driver’s Privacy Protection Act of 1994 must be redacted from any public materials.

Following receipt of the waiver or modification request, the State Board shall have 45 days to review the application and request. If the State Board fails to disapprove the application within that 45 day period, the waiver or modification shall be deemed granted. The State Board may disapprove any request if it is not based upon sound educational practices, endangers the health or safety of students or staff, compromises equal opportunities for learning, or fails to demonstrate that the intent of the rule or mandate can be addressed in a more effective, efficient, or economical manner or have improved student performance as a primary goal. Any request disapproved by the State Board may be appealed to the General Assembly by the eligible applicant as outlined in this Section.

A request for a waiver from mandates contained in this School Code shall be submitted to the State Board within 15 days after approval by the board or regional superintendent of schools. The application as submitted to the State Board of Education shall include a description of the public hearing. The description shall include, but need not be limited to, the means of notice, the number of people in attendance, the number of people who spoke as proponents or opponents of the waiver, a brief description of their comments, and whether there were any written statements submitted. The State Board shall review the applications and requests for completeness and shall compile the requests in reports to be filed with the General Assembly. The State Board shall file reports outlining the waivers requested by eligible applicants and appeals by eligible applicants of requests disapproved by the State Board with the Senate and the House of Representatives before each March 1 and October 1. The General Assembly may disapprove the report of the State Board in whole or in part within 60 calendar days after each house of the General Assembly next convenes after the report is filed by adoption of a resolution by a record vote of the majority of members elected in each house. If the General Assembly fails to disapprove any waiver request or appealed request within such 60 day period, the waiver or modification

New matter indicated by italics - deletions by strikeout
shall be deemed granted. Any resolution adopted by the General Assembly disapproving a report of the State Board in whole or in part shall be binding on the State Board.

(e) An approved waiver or modification (except a waiver from or modification to a physical education mandate) may remain in effect for a period not to exceed 5 school years and may be renewed upon application by the eligible applicant. However, such waiver or modification may be changed within that 5-year period by a board or regional superintendent of schools applying on behalf of schools or programs operated by the regional office of education following the procedure as set forth in this Section for the initial waiver or modification request. If neither the State Board of Education nor the General Assembly disapproves, the change is deemed granted.

An approved waiver from or modification to a physical education mandate may remain in effect for a period not to exceed 2 school years and may be renewed no more than 2 times upon application by the eligible applicant. An approved waiver from or modification to a physical education mandate may be changed within the 2-year period by the board or regional superintendent of schools, whichever is applicable, following the procedure set forth in this Section for the initial waiver or modification request. If neither the State Board of Education nor the General Assembly disapproves, the change is deemed granted.

(105 ILCS 5/27-24.4) (from Ch. 122, par. 27-24.4)

Sec. 27-24.4. Reimbursement amount.

(a) Each school district shall be entitled to reimbursement for each student who finishes either the classroom instruction part or the practice driving part of a driver education course that meets the minimum requirements of this Act. Reimbursement under this Act is payable from the Drivers Education Fund in the State treasury.

Each year all funds appropriated from the Drivers Education Fund to the State Board of Education, with the exception of those funds necessary for administrative purposes of the State Board of Education, shall be distributed in the manner provided in this paragraph to school districts by the State Board of Education for reimbursement of claims from the previous school year. As soon as may be after each quarter of the year, if moneys are available in the Drivers Education Fund in the State treasury
for payments under this Section, the State Comptroller shall draw his or her warrants upon the State Treasurer as directed by the State Board of Education. The warrant for each quarter shall be in an amount equal to one-fourth of the total amount to be distributed to school districts for the year. Payments shall be made to school districts as soon as may be after receipt of the warrants.

The base reimbursement amount shall be calculated by the State Board by dividing the total amount appropriated for distribution by the total of: (a) the number of students who have completed the classroom instruction part for whom valid claims have been made times 0.2; plus (b) the number of students who have completed the practice driving instruction part for whom valid claims have been made times 0.8.

The amount of reimbursement to be distributed on each claim shall be 0.2 times the base reimbursement amount for each validly claimed student who has completed the classroom instruction part, plus 0.8 times the base reimbursement amount for each validly claimed student who has completed the practice driving instruction part.

(b) The school district which is the residence of a student who attends a nonpublic school in another district that has furnished the driver education course shall reimburse the district offering the course, the difference between the actual per capita cost of giving the course the previous school year and the amount reimbursed by the State, which, for purposes of this subsection (b), shall be referred to as "course cost". If the course cost offered by the student's resident district is less than the course cost of the course in the district where the nonpublic school is located, then the student is responsible for paying the district that furnished the course the difference between the 2 amounts. If a nonpublic school student chooses to attend a driver's education course in a school district besides the district where the nonpublic school is located, then the student is wholly responsible for the course cost; however, the nonpublic school student may take the course in his or her resident district on the same basis as public school students who are enrolled in that district.

By April 1 the nonpublic school shall notify the district offering the course of the names and district numbers of the nonresident students desiring to take such course the next school year. The district offering such course shall notify the district of residence of those students affected by April 15. The school district furnishing the course may claim the nonresident student for the purpose of making a claim for State reimbursement under this Act.

Sec. 27-24.9. Driver education standards. The State Board of Education, in consultation with the Secretary of State, shall adopt course content standards for driver education for those persons under the age of 18 years, which shall include the operation and equipment of motor vehicles.

Sec. 27-24.10. Cost report. The State Board of Education shall annually prepare a report to be posted on the State Board's Internet website that indicates the approximate per capita driver education cost for each school district required to provide driver education. This report, compiled each spring from data reported the previous school year, shall be computed from expenditure data for driver education submitted by school districts on the annual financial statements required pursuant to Section 3-15.1 of this Code and the number of students provided driver education for that school year, as required to be reported under Section 27-24.5 of this Code.

Section 10. The Illinois Vehicle Code is amended by changing Sections 6-419, 13-101, and 13-109 as follows:

Sec. 6-419. Rules and Regulations. The Secretary is authorized to prescribe by rule standards for the eligibility, conduct and operation of driver training schools, and instructors and to adopt other reasonable rules and regulations necessary to carry out the provisions of this Act. The Secretary may adopt rules exempting particular types of driver training schools from specific statutory provisions in Sections 6-401 through 6-424, where application of those provisions would be inconsistent with the manner of instruction offered by those schools. The Secretary, in consultation with the State Board of Education, shall adopt course content standards for driver education for those persons under the age of 18 years, which shall include the operation and equipment of motor vehicles.

Sec. 13-101. Submission to safety test; Certificate of safety. To promote the safety of the general public, every owner of a second division vehicle, medical transport vehicle, tow truck, first division vehicle

The owners of each salvage vehicle shall submit it to a "safety test" and secure a certificate of safety furnished by the Department prior to its salvage vehicle inspection pursuant to Section 3-308 of this Code. In implementing and enforcing the provisions of this Section, the Department and other authorized State agencies shall do so in a manner that is not inconsistent with any applicable federal law or regulation so that no federal funding or support is jeopardized by the enactment or application of these provisions.

However, none of the provisions of Chapter 13 requiring safety tests or a certificate of safety shall apply to:

(a) farm tractors, machinery and implements, wagons, wagon-trailers or like farm vehicles used primarily in agricultural pursuits;

(h) vehicles owned or operated by a manufacturer, dealer or transporter displaying a special plate or plates as described in Chapter 3 of this Code while such vehicle is being delivered from the manufacturing or assembly plant directly to the purchasing dealership or distributor, or being temporarily road driven for quality control testing, or from one dealer or distributor to another, or are being moved by the most direct route from one location to another for the purpose of installing special bodies or equipment, or driven for purposes of demonstration by a prospective buyer with the dealer or his agent present in the cab of the vehicle during the demonstration;

(i) pole trailers and auxiliary axles;

For trucks, truck tractors, trailers, semi-trailers, buses, and first division vehicles including taxis which are used for a purpose that requires a school bus driver permit, the safety test shall be conducted in accordance with the Minimum Periodic Inspection Standards promulgated by the Federal Highway Administration of the U.S. Department of Transportation and contained in Appendix G to Subchapter B of Chapter III of Title 49 of the Code of Federal Regulations. Sec. 13-109. Safety test prior to application for license - Subsequent tests - Repairs - Retest.

(a) Except as otherwise provided in Chapter 13, each second division vehicle, first division vehicle including a taxi which is used for a purpose that requires a school bus driver permit, and medical transport vehicle, except those vehicles other than school buses or medical transport vehicles owned or operated by a municipal corporation or political subdivision having a population of 1,000,000 or more inhabitants which are subjected to safety tests imposed by local ordinance or resolution, operated in whole or in part over the highways of this State, motor vehicle used for driver education training, and each vehicle designed to carry 15 or fewer passengers operated by a contract carrier transporting employees in the course of their employment on a highway of this State, shall be subjected to the safety test provided for in Chapter 13 of this Code. Tests shall be conducted at an official testing station within 6 months prior to the application for registration as provided for in this Code. Subsequently each vehicle shall be subject to tests (i) at least every 6 months, (ii) and in the case of school buses and first division vehicles including taxis which are used for a purpose that requires a school bus driver permit, at least every 6 months or 10,000 miles, whichever occurs first, or (iii) in the case of driver education vehicles used by public high schools, at least every 12 months for vehicles over 5 model years of age or having an odometer reading of over 75,000 miles, whichever occurs first, and according to schedules established by rules and regulations promulgated by the Department. (b) The Department shall also conduct periodic nonscheduled inspections of school buses, of buses registered as charitable vehicles and of religious organization buses. If such inspection reveals that a vehicle is not in substantial compliance with the rules promulgated by the Department, the Department shall remove the Certificate of Safety from the vehicle, and shall place the vehicle out-of-service. A bright orange, triangular decal shall be placed on an out-of-service vehicle where the Certificate of Safety has been removed. The vehicle must pass a safety test at an official testing station before it is again placed in service.

(c) If the violation is not substantial a bright yellow, triangular sticker shall be placed next to the Certificate of Safety at the time the nonscheduled inspection is made. The Department shall reinspect the vehicle after 3 working days to determine that the violation has been corrected and remove the yellow, triangular decal. If the violation is not corrected within 3 working days, the Department shall place the vehicle out-of-service in accordance with procedures in subsection (b).

(d) If a violation is not substantial and does not directly affect the safe operation of the vehicle, the Department shall issue a warning notice requiring correction of the violation. Such correction shall be accomplished as soon as practicable and a report of the correction shall be made to the Department within 30 days in a manner established by the Department. If the Department has not been advised that the corrections have been made, and the violations still exist, the Department shall place the vehicle out-of-service in accordance with procedures in subsection (b).

(e) The Department is authorized to promulgate regulations to implement its program of nonscheduled inspections. Causing or allowing the operation of an out-of-service vehicle with passengers or unauthorized removal of an out-of-service sticker is a Class 3 felony. Causing or allowing the operation of a vehicle with a 3-day sticker for longer than 3 days with the sticker attached or the unauthorized removal of a 3-day sticker is a Class C misdemeanor.

If the owner or contract carrier submits the vehicle to a retest at a different official testing station from that where it failed to pass the first test, he or she shall present to the operator of the second station the report of the original test, and shall notify the Department in writing, giving the name and address of the original testing station and the defects which prevented the issuance of a Certificate of Safety, and the name and address of the second official testing station making the retest.

An order of supervision successfully completed by the petitioner is not a conviction. An order of qualified probation (as defined in subsection (a)(1)(J)) successfully completed by the petitioner is not a conviction. An order of supervision or an order of qualified probation that is terminated unsatisfactorily is a conviction, unless the unsatisfactory termination is reversed, vacated, or modified and the judgment of conviction, if any, is reversed or vacated.

(D) "Criminal offense" means a petty offense, business offense, misdemeanor, felony, or municipal ordinance violation (as defined in subsection (a)(1)(H)). As used in this Section, a minor traffic offense (as defined in subsection (a)(1)(G)) shall not be considered a criminal offense.

(E) "Expunge" means to physically destroy the records or return them to the petitioner and to obliterate the petitioner's name from any official index or public record, or both. Nothing in this Act shall require the physical
destruction of the circuit court file, but such records relating to arrests or charges, or both, ordered expunged shall be impounded as required by subsections (d)(9)(A)(ii) and (d)(9)(B)(ii).

(F) As used in this Section, "last sentence" means the sentence, order of supervision, or order of qualified probation (as defined by subsection (a)(1)(J)), for a criminal offense (as defined by subsection (a)(1)(D)) that terminates last in time in any jurisdiction, regardless of whether the petitioner has included the criminal offense for which the sentence or order of supervision or qualified probation was imposed in his or her petition. If multiple sentences, orders of supervision, or orders of qualified probation terminate on the same day and are last in time, they shall be collectively considered the "last sentence" regardless of whether they were ordered to run concurrently.

(G) "Minor traffic offense" means a petty offense, business offense, or Class C misdemeanor under the Illinois Vehicle Code or a similar provision of a municipal or local ordinance.

(H) "Municipal ordinance violation" means an offense defined by a municipal or local ordinance that is criminal in nature and with which the petitioner was charged or for which the petitioner was arrested and released without charging.

(I) "Petitioner" means an adult or a minor prosecuted as an adult who has applied for relief under this Section.

(J) "Qualified probation" means an order of probation under Section 10 of the Cannabis Control Act, Section 410 of the Illinois Controlled Substances Act, Section 70 of the Methamphetamine Control and Community Protection Act, Section 12-4.3(b)(1) and (2) of the Criminal Code of 1961 (as those provisions existed before their deletion by Public Act 89-313), Section 10-102 of the Illinois Alcoholism and Other Drug Dependency Act, Section 40-10 of the Alcoholism and Other Drug Abuse and Dependency Act, or Section 10 of the Steroid Control Act. For the purpose of this Section, "successful
completion" of an order of qualified probation under Section 10-102 of the Illinois Alcoholism and Other Drug Dependency Act and Section 40-10 of the Alcoholism and Other Drug Abuse and Dependency Act means that the probation was terminated satisfactorily and the judgment of conviction was vacated.

(K) "Seal" means to physically and electronically maintain the records, unless the records would otherwise be destroyed due to age, but to make the records unavailable without a court order, subject to the exceptions in Sections 12 and 13 of this Act. The petitioner's name shall also be obliterated from the official index required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act, but any index issued by the circuit court clerk before the entry of the order to seal shall not be affected.

(L) "Sexual offense committed against a minor" includes but is not limited to the offenses of indecent solicitation of a child or criminal sexual abuse when the victim of such offense is under 18 years of age.

(M) "Terminate" as it relates to a sentence or order of supervision or qualified probation includes either satisfactory or unsatisfactory termination of the sentence, unless otherwise specified in this Section.

(2) Minor Traffic Offenses. Orders of supervision or convictions for minor traffic offenses shall not affect a petitioner's eligibility to expunge or seal records pursuant to this Section.

(3) Exclusions. Except as otherwise provided in subsections (b)(5), (b)(6), and (e) of this Section, the court shall not order:

(A) the sealing or expungement of the records of arrests or charges not initiated by arrest that result in an order of supervision for or conviction of: (i) any sexual offense committed against a minor; (ii) Section 11-501 of the Illinois Vehicle Code or a similar provision of a local ordinance; or (iii) Section 11-503 of the Illinois Vehicle Code or a similar provision of a local ordinance.

(B) the sealing or expungement of records of minor traffic offenses (as defined in subsection (a)(1)(G)), unless the petitioner was arrested and released without charging.
(C) the sealing of the records of arrests or charges not initiated by arrest which result in an order of supervision, an order of qualified probation (as defined in subsection (a)(1)(J)), or a conviction for the following offenses:

(i) offenses included in Article 11 of the Criminal Code of 1961 or a similar provision of a local ordinance, except Section 11-14 of the Criminal Code of 1961 or a similar provision of a local ordinance;

(ii) Section 11-1.50, 12-3.4, 12-15, 12-30, or 26-5 of the Criminal Code of 1961 or a similar provision of a local ordinance;

(iii) offenses defined as "crimes of violence" in Section 2 of the Crime Victims Compensation Act or a similar provision of a local ordinance;

(iv) offenses which are Class A misdemeanors under the Humane Care for Animals Act; or

(v) any offense or attempted offense that would subject a person to registration under the Sex Offender Registration Act.

(D) the sealing of the records of an arrest which results in the petitioner being charged with a felony offense or records of a charge not initiated by arrest for a felony offense unless:

(i) the charge is amended to a misdemeanor and is otherwise eligible to be sealed pursuant to subsection (c);

(ii) the charge is brought along with another charge as a part of one case and the charge results in acquittal, dismissal, or conviction when the conviction was reversed or vacated, and another charge brought in the same case results in a disposition for a misdemeanor offense that is eligible to be sealed pursuant to subsection (c) or a disposition listed in paragraph (i), (iii), or (iv) of this subsection;
(iii) the charge results in first offender probation as set forth in subsection (c)(2)(E);

(iv) the charge is for a Class 4 felony offense listed in subsection (c)(2)(F) or the charge is amended to a Class 4 felony offense listed in subsection (c)(2)(F). Records of arrests which result in the petitioner being charged with a Class 4 felony offense listed in subsection (c)(2)(F), records of charges not initiated by arrest for Class 4 felony offenses listed in subsection (c)(2)(F), and records of charges amended to a Class 4 felony offense listed in (c)(2)(F) may be sealed, regardless of the disposition, subject to any waiting periods set forth in subsection (c)(3);

(v) the charge results in acquittal, dismissal, or the petitioner's release without conviction; or

(vi) the charge results in a conviction, but the conviction was reversed or vacated.

(b) Expungement.

(1) A petitioner may petition the circuit court to expunge the records of his or her arrests and charges not initiated by arrest when:

(A) He or she has never been convicted of a criminal offense; and

(B) Each arrest or charge not initiated by arrest sought to be expunged resulted in: (i) acquittal, dismissal, or the petitioner's release without charging, unless excluded by subsection (a)(3)(B); (ii) a conviction which was vacated or reversed, unless excluded by subsection (a)(3)(B); (iii) an order of supervision and such supervision was successfully completed by the petitioner, unless excluded by subsection (a)(3)(A) or (a)(3)(B); or (iv) an order of qualified probation (as defined in subsection (a)(1)(J)) and such probation was successfully completed by the petitioner.

(2) Time frame for filing a petition to expunge.

(A) When the arrest or charge not initiated by arrest sought to be expunged resulted in an acquittal, dismissal, the petitioner's release without charging, or the reversal or
vacation of a conviction, there is no waiting period to petition for the expungement of such records.

(B) When the arrest or charge not initiated by arrest sought to be expunged resulted in an order of supervision, successfully completed by the petitioner, the following time frames will apply:

(i) Those arrests or charges that resulted in orders of supervision under Section 3-707, 3-708, 3-710, or 5-401.3 of the Illinois Vehicle Code or a similar provision of a local ordinance, or under Section 11-1.50, 12-3.2, or 12-15 of the Criminal Code of 1961 or a similar provision of a local ordinance, shall not be eligible for expungement until 5 years have passed following the satisfactory termination of the supervision.

(ii) Those arrests or charges that resulted in orders of supervision for any other offenses shall not be eligible for expungement until 2 years have passed following the satisfactory termination of the supervision.

(C) When the arrest or charge not initiated by arrest sought to be expunged resulted in an order of qualified probation, successfully completed by the petitioner, such records shall not be eligible for expungement until 5 years have passed following the satisfactory termination of the probation.

(3) Those records maintained by the Department for persons arrested prior to their 17th birthday shall be expunged as provided in Section 5-915 of the Juvenile Court Act of 1987.

(4) Whenever a person has been arrested for or convicted of any offense, in the name of a person whose identity he or she has stolen or otherwise come into possession of, the aggrieved person from whom the identity was stolen or otherwise obtained without authorization, upon learning of the person having been arrested using his or her identity, may, upon verified petition to the chief judge of the circuit wherein the arrest was made, have a court order entered nunc pro tunc by the Chief Judge to correct the arrest record, conviction record, if any, and all official records of the arresting authority, the Department, other criminal justice agencies,
the prosecutor, and the trial court concerning such arrest, if any, by removing his or her name from all such records in connection with the arrest and conviction, if any, and by inserting in the records the name of the offender, if known or ascertainable, in lieu of the aggrieved's name. The records of the circuit court clerk shall be sealed until further order of the court upon good cause shown and the name of the aggrieved person obliterated on the official index required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act, but the order shall not affect any index issued by the circuit court clerk before the entry of the order. Nothing in this Section shall limit the Department of State Police or other criminal justice agencies or prosecutors from listing under an offender's name the false names he or she has used.

(5) Whenever a person has been convicted of criminal sexual assault, aggravated criminal sexual assault, predatory criminal sexual assault of a child, criminal sexual abuse, or aggravated criminal sexual abuse, the victim of that offense may request that the State's Attorney of the county in which the conviction occurred file a verified petition with the presiding trial judge at the petitioner's trial to have a court order entered to seal the records of the circuit court clerk in connection with the proceedings of the trial court concerning that offense. However, the records of the arresting authority and the Department of State Police concerning the offense shall not be sealed. The court, upon good cause shown, shall make the records of the circuit court clerk in connection with the proceedings of the trial court concerning the offense available for public inspection.

(6) If a conviction has been set aside on direct review or on collateral attack and the court determines by clear and convincing evidence that the petitioner was factually innocent of the charge, the court shall enter an expungement order as provided in subsection (b) of Section 5-5-4 of the Unified Code of Corrections.

(7) Nothing in this Section shall prevent the Department of State Police from maintaining all records of any person who is admitted to probation upon terms and conditions and who fulfills those terms and conditions pursuant to Section 10 of the Cannabis Control Act, Section 410 of the Illinois Controlled Substances Act, Section 70 of the Methamphetamine Control and Community Protection Act, Section 12-4.3 or subdivision (b)(1) of Section 12-
3.05 of the Criminal Code of 1961, Section 10-102 of the Illinois Alcoholism and Other Drug Dependency Act, Section 40-10 of the Alcoholism and Other Drug Abuse and Dependency Act, or Section 10 of the Steroid Control Act.

(c) Sealing.

(1) Applicability. Notwithstanding any other provision of this Act to the contrary, and cumulative with any rights to expungement of criminal records, this subsection authorizes the sealing of criminal records of adults and of minors prosecuted as adults.

(2) Eligible Records. The following records may be sealed:

(A) All arrests resulting in release without charging;
(B) Arrests or charges not initiated by arrest resulting in acquittal, dismissal, or conviction when the conviction was reversed or vacated, except as excluded by subsection (a)(3)(B);

(7) Hearings. If an objection is filed, the court shall set a date for a hearing and notify the petitioner and all parties entitled to notice of the petition of the hearing date at least 30 days prior to the hearing, and shall hear evidence on whether the petition should or should not be granted, and shall grant or deny the petition to expunge or seal the records based on the evidence presented at the hearing.

(8) Service of order. After entering an order to expunge or seal records, the court must provide copies of the order to the Department, in a form and manner prescribed by the Department, to the petitioner, to the State's Attorney or prosecutor charged with the duty of prosecuting the offense, to the arresting agency, to the chief legal officer of the unit of local government effecting the arrest, and to such other criminal justice agencies as may be ordered by the court.

(10) Fees. The Department may charge the petitioner a fee equivalent to the cost of processing any order to expunge or seal records. Notwithstanding any provision of the Clerks of Courts Act to the contrary, the circuit court clerk may charge a fee equivalent to the cost associated with the sealing or expungement of records by the circuit court clerk. From the total filing fee collected for the petition to seal or expunge, the circuit court clerk shall deposit $10 into the Circuit Court Clerk Operation and Administrative Fund, to be used to offset the costs incurred by the circuit court clerk in performing the additional duties required to serve the petition to seal or expunge on all parties. (28) Use by a licensed optometrist of the word "infirmary", "hospital", "school", "university", in English or any other language, in connection with the place where optometry may be practiced or demonstrated.

(29) Continuance of an optometrist in the employ of any person, firm or corporation, or as an assistant to any optometrist or optometrists, directly or indirectly, after his or her employer or superior has been found guilty of violating or has been enjoined from violating the laws of the State of Illinois relating to the practice of optometry, when the employer or superior persists in that violation.

(a-5) In enforcing this Section, the Board upon a showing of a possible violation, may compel any individual licensed to practice under this Act, or who has applied for licensure or certification pursuant to this Act, to submit to a mental or physical examination, or both, as required by and at the expense of the Department. The examining physicians or clinical psychologists shall be those specifically designated by the Board. The Board or the Department may order the examining physician or clinical psychologist to present testimony concerning this mental or physical examination of the licensee or applicant. No information shall be excluded by reason of any common law or statutory privilege relating to communications between the licensee or applicant and the examining physician or clinical psychologist. Eye examinations may be provided by a licensed optometrist. The individual to be examined may have, at his or her own expense, another physician of his or her choice present during all aspects of the examination. Failure of any individual to submit to a mental or physical examination, when directed, shall be grounds for suspension of a license until such time as the individual submits to the examination if the Board finds, after notice and hearing, that the refusal to submit to the examination was without reasonable cause.

If the Board finds an individual unable to practice because of the reasons set forth in this Section, the Board shall require such individual to submit to care, counseling, or treatment by physicians or clinical psychologists approved or designated by the Board, as a condition, term, or restriction for continued, reinstated, or renewed licensure to practice, or in lieu of care, counseling, or treatment, the Board may recommend to the Department to file a complaint to immediately suspend, revoke, or
otherwise discipline the license of the individual, or the Board may recommend to the Department to file a complaint to suspend, revoke, or otherwise discipline the license of the individual. Any individual whose license was granted pursuant to this Act, or continued, reinstated, renewed, disciplined, or supervised, subject to such conditions, terms, or restrictions, who shall fail to comply with such conditions, terms, or restrictions, shall be referred to the Secretary for a determination as to whether the individual shall have his or her license suspended immediately, pending a hearing by the Board.

(b) The determination by a circuit court that a licensee is subject to involuntary admission or judicial admission as provided in the Mental Health and Developmental Disabilities Code operates as an automatic suspension. The suspension will end only upon a finding by a court that the patient is no longer subject to involuntary admission or judicial admission and issues an order so finding and discharging the patient; and upon the recommendation of the Board to the Secretary that the licensee be allowed to resume his or her practice.

PUBLIC ACT 97-1029
(Senate Bill No. 3549)

AN ACT concerning child support.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Illinois Public Aid Code is amended by changing Section 10-10 as follows:

(305 ILCS 5/10-10) (from Ch. 23, par. 10-10)
Sec. 10-10. Court enforcement; applicability also to persons who are not applicants or recipients. Except where the Illinois Department, by agreement, acts for the local governmental unit, as provided in Section 10-3.1, local governmental units shall refer to the State's Attorney or to the proper legal representative of the governmental unit, for judicial enforcement as herein provided, instances of non-support or insufficient support when the dependents are applicants or recipients under Article VI.

New matter indicated by italics - deletions by strikeout
The Child and Spouse Support Unit established by Section 10-3.1 may institute in behalf of the Illinois Department any actions under this Section for judicial enforcement of the support liability when the dependents are (a) applicants or recipients under Articles III, IV, V or VII; (b) applicants or recipients in a local governmental unit when the Illinois Department, by agreement, acts for the unit; or (c) non-applicants or non-recipients who are receiving child support enforcement services under this Article X, as provided in Section 10-1. Where the Child and Spouse Support Unit has exercised its option and discretion not to apply the provisions of Sections 10-3 through 10-8, the failure by the Unit to apply such provisions shall not be a bar to bringing an action under this Section.

Action shall be brought in the circuit court to obtain support, or for the recovery of aid granted during the period such support was not provided, or both for the obtainment of support and the recovery of the aid provided. Actions for the recovery of aid may be taken separately or they may be consolidated with actions to obtain support. Such actions may be brought in the name of the person or persons requiring support, or may be brought in the name of the Illinois Department or the local governmental unit, as the case requires, in behalf of such persons.

The court may enter such orders for the payment of moneys for the support of the person as may be just and equitable and may direct payment thereof for such period or periods of time as the circumstances require, including support for a period before the date the order for support is entered. The order may be entered against any or all of the defendant responsible relatives and may be based upon the proportionate ability of each to contribute to the person's support.

The Court shall determine the amount of child support (including child support for a period before the date the order for child support is entered) by using the guidelines and standards set forth in subsection (a) of Section 505 and in Section 505.2 of the Illinois Marriage and Dissolution of Marriage Act. For purposes of determining the amount of child support to be paid for a period before the date the order for child support is entered, there is a rebuttable presumption that the responsible relative's net income for that period was the same as his or her net income at the time the order is entered.

If (i) the responsible relative was properly served with a request for discovery of financial information relating to the responsible relative's ability to provide child support, (ii) the responsible relative failed to comply with the request, despite having been ordered to do so by the court,

New matter indicated by italics - deletions by strikeout
and (iii) the responsible relative is not present at the hearing to determine support despite having received proper notice, then any relevant financial information concerning the responsible relative's ability to provide child support that was obtained pursuant to subpoena and proper notice shall be admitted into evidence without the need to establish any further foundation for its admission.

An order entered under this Section shall include a provision requiring the obligor to report to the obligee and to the clerk of court within 10 days each time the obligor obtains new employment, and each time the obligor's employment is terminated for any reason. The report shall be in writing and shall, in the case of new employment, include the name and address of the new employer. Failure to report new employment or the termination of current employment, if coupled with nonpayment of support for a period in excess of 60 days, is indirect criminal contempt. For any obligor arrested for failure to report new employment bond shall be set in the amount of the child support that should have been paid during the period of unreported employment. An order entered under this Section shall also include a provision requiring the obligor and obligee parents to advise each other of a change in residence within 5 days of the change except when the court finds that the physical, mental, or emotional health of a party or that of a minor child, or both, would be seriously endangered by disclosure of the party's address.

The Court shall determine the amount of maintenance using the standards set forth in Section 504 of the Illinois Marriage and Dissolution of Marriage Act.

Any new or existing support order entered by the court under this Section shall be deemed to be a series of judgments against the person obligated to pay support thereunder, each such judgment to be in the amount of each payment or installment of support and each such judgment to be deemed entered as of the date the corresponding payment or installment becomes due under the terms of the support order. Each such judgment shall have the full force, effect and attributes of any other judgment of this State, including the ability to be enforced. Any such judgment is subject to modification or termination only in accordance with Section 510 of the Illinois Marriage and Dissolution of Marriage Act. Notwithstanding any other State or local law to the contrary, a lien arises by operation of law against the real and personal property of the noncustodial parent for each installment of overdue support owed by the noncustodial parent.

New matter indicated by italics - deletions by strikeout
When an order is entered for the support of a minor, the court may provide therein for reasonable visitation of the minor by the person or persons who provided support pursuant to the order. Whoever willfully refuses to comply with such visitation order or willfully interferes with its enforcement may be declared in contempt of court and punished therefor.

Except where the local governmental unit has entered into an agreement with the Illinois Department for the Child and Spouse Support Unit to act for it, as provided in Section 10-3.1, support orders entered by the court in cases involving applicants or recipients under Article VI shall provide that payments thereunder be made directly to the local governmental unit. Orders for the support of all other applicants or recipients shall provide that payments thereunder be made directly to the Illinois Department. In accordance with federal law and regulations, the Illinois Department may continue to collect current maintenance payments or child support payments, or both, after those persons cease to receive public assistance and until termination of services under Article X. The Illinois Department shall pay the net amount collected to those persons after deducting any costs incurred in making the collection or any collection fee from the amount of any recovery made. In both cases the order shall permit the local governmental unit or the Illinois Department, as the case may be, to direct the responsible relative or relatives to make support payments directly to the needy person, or to some person or agency in his behalf, upon removal of the person from the public aid rolls or upon termination of services under Article X.

If the notice of support due issued pursuant to Section 10-7 directs that support payments be made directly to the needy person, or to some person or agency in his behalf, and the recipient is removed from the public aid rolls, court action may be taken against the responsible relative hereunder if he fails to furnish support in accordance with the terms of such notice.

Actions may also be brought under this Section in behalf of any person who is in need of support from responsible relatives, as defined in Section 2-11 of Article II who is not an applicant for or recipient of financial aid under this Code. In such instances, the State's Attorney of the county in which such person resides shall bring action against the responsible relatives hereunder. If the Illinois Department, as authorized by Section 10-1, extends the child support enforcement services provided by this Article to spouses and dependent children who are not applicants or recipients under this Code, the Child and Spouse Support Unit established
by Section 10-3.1 shall bring action against the responsible relatives hereunder and any support orders entered by the court in such cases shall provide that payments thereunder be made directly to the Illinois Department.

Whenever it is determined in a proceeding to establish or enforce a child support or maintenance obligation that the person owing a duty of support is unemployed, the court may order the person to seek employment and report periodically to the court with a diary, listing or other memorandum of his or her efforts in accordance with such order. Additionally, the court may order the unemployed person to report to the Department of Employment Security for job search services or to make application with the local Job Training Partnership Act provider for participation in job search, training or work programs and where the duty of support is owed to a child receiving child support enforcement services under this Article X, the court may order the unemployed person to report to the Illinois Department for participation in job search, training or work programs established under Section 9-6 and Article IXP of this Code.

Whenever it is determined that a person owes past-due support for a child receiving assistance under this Code, the court shall order at the request of the Illinois Department:

(1) that the person pay the past-due support in accordance with a plan approved by the court; or

(2) if the person owing past-due support is unemployed, is subject to such a plan, and is not incapacitated, that the person participate in such job search, training, or work programs established under Section 9-6 and Article IXP of this Code as the court deems appropriate.

A determination under this Section shall not be administratively reviewable by the procedures specified in Sections 10-12, and 10-13 to 10-13.10. Any determination under these Sections, if made the basis of court action under this Section, shall not affect the de novo judicial determination required under this Section.

If a person who is found guilty of contempt for failure to comply with an order to pay support is a person who conducts a business or who is self-employed, the court in addition to other penalties provided by law may order that the person do one or more of the following: (i) provide to the court monthly financial statements showing income and expenses from the business or the self-employment; (ii) seek employment and report periodically to the court with a diary, listing, or other memorandum of his

New matter indicated by italics - deletions by strikeout
or her employment search efforts; or (iii) report to the Department of Employment Security for job search services to find employment that will be subject to withholding of child support.

A one-time charge of 20% is imposable upon the amount of past-due child support owed on July 1, 1988 which has accrued under a support order entered by the court. The charge shall be imposed in accordance with the provisions of Section 10-21 of this Code and shall be enforced by the court upon petition.

All orders for support, when entered or modified, shall include a provision requiring the non-custodial parent to notify the court and, in cases in which a party is receiving child support enforcement services under this Article X, the Illinois Department, within 7 days, (i) of the name, address, and telephone number of any new employer of the non-custodial parent, (ii) whether the non-custodial parent has access to health insurance coverage through the employer or other group coverage and, if so, the policy name and number and the names of persons covered under the policy, and (iii) of any new residential or mailing address or telephone number of the non-custodial parent. In any subsequent action to enforce a support order, upon a sufficient showing that a diligent effort has been made to ascertain the location of the non-custodial parent, service of process or provision of notice necessary in the case may be made at the last known address of the non-custodial parent in any manner expressly provided by the Code of Civil Procedure or this Code, which service shall be sufficient for purposes of due process.

An order for support shall include a date on which the current support obligation terminates. The termination date shall be no earlier than the date on which the child covered by the order will attain the age of 18. However, if the child will not graduate from high school until after attaining the age of 18, then the termination date shall be no earlier than the earlier of the date on which the child's high school graduation will occur or the date on which the child will attain the age of 19. The order for support shall state that the termination date does not apply to any arrearage that may remain unpaid on that date. Nothing in this paragraph shall be construed to prevent the court from modifying the order or terminating the order in the event the child is otherwise emancipated.

If there is an unpaid arrearage or delinquency (as those terms are defined in the Income Withholding for Support Act) equal to at least one month's support obligation on the termination date stated in the order for support or, if there is no termination date stated in the order, on the date
the child attains the age of majority or is otherwise emancipated, then the periodic amount required to be paid for current support of that child immediately prior to that date shall automatically continue to be an obligation, not as current support but as periodic payment toward satisfaction of the unpaid arrearage or delinquency. That periodic payment shall be in addition to any periodic payment previously required for satisfaction of the arrearage or delinquency. The total periodic amount to be paid toward satisfaction of the arrearage or delinquency may be enforced and collected by any method provided by law for the enforcement and collection of child support, including but not limited to income withholding under the Income Withholding for Support Act. Each order for support entered or modified on or after the effective date of this amendatory Act of the 93rd General Assembly must contain a statement notifying the parties of the requirements of this paragraph. Failure to include the statement in the order for support does not affect the validity of the order or the operation of the provisions of this paragraph with regard to the order. This paragraph shall not be construed to prevent or affect the establishment or modification of an order for the support of a minor child or the establishment or modification of an order for the support of a non-minor child or educational expenses under Section 513 of the Illinois Marriage and Dissolution of Marriage Act.

Payments under this Section to the Illinois Department pursuant to the Child Support Enforcement Program established by Title IV-D of the Social Security Act shall be paid into the Child Support Enforcement Trust Fund. All payments under this Section to the Illinois Department of Human Services shall be deposited in the DHS Recoveries Trust Fund. Disbursements from these funds shall be as provided in Sections 12-9.1 and 12-10.2 of this Code. Payments received by a local governmental unit shall be deposited in that unit's General Assistance Fund.

To the extent the provisions of this Section are inconsistent with the requirements pertaining to the State Disbursement Unit under Sections 10-10.4 and 10-26 of this Code, the requirements pertaining to the State Disbursement Unit shall apply.

Section 10. The Illinois Marriage and Dissolution of Marriage Act is amended by changing Section 505 as follows:

(750 ILCS 5/505) (from Ch. 40, par. 505)
Sec. 505. Child support; contempt; penalties.
(a) In a proceeding for dissolution of marriage, legal separation, declaration of invalidity of marriage, a proceeding for child support following dissolution of the marriage by a court which lacked personal jurisdiction over the absent spouse, a proceeding for modification of a previous order for child support under Section 510 of this Act, or any proceeding authorized under Section 501 or 601 of this Act, the court may order either or both parents owing a duty of support to a child of the marriage to pay an amount reasonable and necessary for his support, without regard to marital misconduct. The duty of support owed to a child includes the obligation to provide for the reasonable and necessary physical, mental and emotional health needs of the child. For purposes of this Section, the term "child" shall include any child under age 18 and any child under age 19 who is still attending high school.

(1) The Court shall determine the minimum amount of support by using the following guidelines:

<table>
<thead>
<tr>
<th>Number of Children</th>
<th>Percent of Supporting Party's Net Income</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>20%</td>
</tr>
<tr>
<td>2</td>
<td>28%</td>
</tr>
<tr>
<td>3</td>
<td>32%</td>
</tr>
<tr>
<td>4</td>
<td>40%</td>
</tr>
<tr>
<td>5</td>
<td>45%</td>
</tr>
<tr>
<td>6 or more</td>
<td>50%</td>
</tr>
</tbody>
</table>

(2) The above guidelines shall be applied in each case unless the court makes a finding that application of the guidelines would be inappropriate, after considering the best interests of the child in light of evidence including but not limited to one or more of the following relevant factors:

(a) the financial resources and needs of the child;
(b) the financial resources and needs of the custodial parent;
(c) the standard of living the child would have enjoyed had the marriage not been dissolved;
(d) the physical and emotional condition of the child, and his educational needs; and
(e) the financial resources and needs of the non-custodial parent.

If the court deviates from the guidelines, the court's finding shall state the amount of support that would have been required

New matter indicated by italics - deletions by strikeout
under the guidelines, if determinable. The court shall include the reason or reasons for the variance from the guidelines.

(3) "Net income" is defined as the total of all income from all sources, minus the following deductions:

(a) Federal income tax (properly calculated withholding or estimated payments);
(b) State income tax (properly calculated withholding or estimated payments);
(c) Social Security (FICA payments);
(d) Mandatory retirement contributions required by law or as a condition of employment;
(e) Union dues;
(f) Dependent and individual health/hospitalization insurance premiums and life insurance premiums for life insurance ordered by the court to reasonably secure child support or support ordered pursuant to Section 513, any such order to entail provisions on which the parties agree or, otherwise, in accordance with the limitations set forth in subsection 504(f)(1) and (2);
(g) Prior obligations of support or maintenance actually paid pursuant to a court order;
(h) Expenditures for repayment of debts that represent reasonable and necessary expenses for the production of income, medical expenditures necessary to preserve life or health, reasonable expenditures for the benefit of the child and the other parent, exclusive of gifts. The court shall reduce net income in determining the minimum amount of support to be ordered only for the period that such payments are due and shall enter an order containing provisions for its self-executing modification upon termination of such payment period;
(i) Foster care payments paid by the Department of Children and Family Services for providing licensed foster care to a foster child.

(4) In cases where the court order provides for health/hospitalization insurance coverage pursuant to Section 505.2 of this Act, the premiums for that insurance, or that portion of the premiums for which the supporting party is responsible in the case of insurance provided through an employer's health insurance plan
where the employer pays a portion of the premiums, shall be subtracted from net income in determining the minimum amount of support to be ordered.

(4.5) In a proceeding for child support following dissolution of the marriage by a court that lacked personal jurisdiction over the absent spouse, and in which the court is requiring payment of support for the period before the date an order for current support is entered, there is a rebuttable presumption that the supporting party's net income for the prior period was the same as his or her net income at the time the order for current support is entered.

(5) If the net income cannot be determined because of default or any other reason, the court shall order support in an amount considered reasonable in the particular case. The final order in all cases shall state the support level in dollar amounts. However, if the court finds that the child support amount cannot be expressed exclusively as a dollar amount because all or a portion of the payor's net income is uncertain as to source, time of payment, or amount, the court may order a percentage amount of support in addition to a specific dollar amount and enter such other orders as may be necessary to determine and enforce, on a timely basis, the applicable support ordered.

(6) If (i) the non-custodial parent was properly served with a request for discovery of financial information relating to the non-custodial parent's ability to provide child support, (ii) the non-custodial parent failed to comply with the request, despite having been ordered to do so by the court, and (iii) the non-custodial parent is not present at the hearing to determine support despite having received proper notice, then any relevant financial information concerning the non-custodial parent's ability to provide child support that was obtained pursuant to subpoena and proper notice shall be admitted into evidence without the need to establish any further foundation for its admission.

(a-5) In an action to enforce an order for support based on the respondent's failure to make support payments as required by the order, notice of proceedings to hold the respondent in contempt for that failure may be served on the respondent by personal service or by regular mail addressed to the respondent's last known address. The respondent's last known address may be determined from records of the clerk of the court,
from the Federal Case Registry of Child Support Orders, or by any other reasonable means.

(b) Failure of either parent to comply with an order to pay support shall be punishable as in other cases of contempt. In addition to other penalties provided by law the Court may, after finding the parent guilty of contempt, order that the parent be:

(1) placed on probation with such conditions of probation as the Court deems advisable;

(2) sentenced to periodic imprisonment for a period not to exceed 6 months; provided, however, that the Court may permit the parent to be released for periods of time during the day or night to:

(A) work; or

(B) conduct a business or other self-employed occupation.

The Court may further order any part or all of the earnings of a parent during a sentence of periodic imprisonment paid to the Clerk of the Circuit Court or to the parent having custody or to the guardian having custody of the children of the sentenced parent for the support of said children until further order of the Court.

If a parent who is found guilty of contempt for failure to comply with an order to pay support is a person who conducts a business or who is self-employed, the court in addition to other penalties provided by law may order that the parent do one or more of the following: (i) provide to the court monthly financial statements showing income and expenses from the business or the self-employment; (ii) seek employment and report periodically to the court with a diary, listing, or other memorandum of his or her employment search efforts; or (iii) report to the Department of Employment Security for job search services to find employment that will be subject to withholding for child support.

If there is a unity of interest and ownership sufficient to render no financial separation between a non-custodial parent and another person or persons or business entity, the court may pierce the ownership veil of the person, persons, or business entity to discover assets of the non-custodial parent held in the name of that person, those persons, or that business entity. The following circumstances are sufficient to authorize a court to order discovery of the assets of a person, persons, or business entity and to compel the application of any discovered assets toward payment on the judgment for support:

New matter indicated by italics - deletions by strikeout
(1) the non-custodial parent and the person, persons, or business entity maintain records together.

(2) the non-custodial parent and the person, persons, or business entity fail to maintain an arms length relationship between themselves with regard to any assets.

(3) the non-custodial parent transfers assets to the person, persons, or business entity with the intent to perpetrate a fraud on the custodial parent.

With respect to assets which are real property, no order entered under this paragraph shall affect the rights of bona fide purchasers, mortgagees, judgment creditors, or other lien holders who acquire their interests in the property prior to the time a notice of lis pendens pursuant to the Code of Civil Procedure or a copy of the order is placed of record in the office of the recorder of deeds for the county in which the real property is located.

The court may also order in cases where the parent is 90 days or more delinquent in payment of support or has been adjudicated in arrears in an amount equal to 90 days obligation or more, that the parent's Illinois driving privileges be suspended until the court determines that the parent is in compliance with the order of support. The court may also order that the parent be issued a family financial responsibility driving permit that would allow limited driving privileges for employment and medical purposes in accordance with Section 7-702.1 of the Illinois Vehicle Code. The clerk of the circuit court shall certify the order suspending the driving privileges of the parent or granting the issuance of a family financial responsibility driving permit to the Secretary of State on forms prescribed by the Secretary. Upon receipt of the authenticated documents, the Secretary of State shall suspend the parent's driving privileges until further order of the court and shall, if ordered by the court, subject to the provisions of Section 7-702.1 of the Illinois Vehicle Code, issue a family financial responsibility driving permit to the parent.

In addition to the penalties or punishment that may be imposed under this Section, any person whose conduct constitutes a violation of Section 15 of the Non-Support Punishment Act may be prosecuted under that Act, and a person convicted under that Act may be sentenced in accordance with that Act. The sentence may include but need not be limited to a requirement that the person perform community service under Section 50 of that Act or participate in a work alternative program under Section 50 of that Act. A person may not be required to participate in a

work alternative program under Section 50 of that Act if the person is currently participating in a work program pursuant to Section 505.1 of this Act.

A support obligation, or any portion of a support obligation, which becomes due and remains unpaid as of the end of each month, excluding the child support that was due for that month to the extent that it was not paid in that month, shall accrue simple interest as set forth in Section 12-109 of the Code of Civil Procedure. An order for support entered or modified on or after January 1, 2006 shall contain a statement that a support obligation required under the order, or any portion of a support obligation required under the order, that becomes due and remains unpaid as of the end of each month, excluding the child support that was due for that month to the extent that it was not paid in that month, shall accrue simple interest as set forth in Section 12-109 of the Code of Civil Procedure. Failure to include the statement in the order for support does not affect the validity of the order or the accrual of interest as provided in this Section.

(c) A one-time charge of 20% is imposable upon the amount of past-due child support owed on July 1, 1988 which has accrued under a support order entered by the court. The charge shall be imposed in accordance with the provisions of Section 10-21 of the Illinois Public Aid Code and shall be enforced by the court upon petition.

(d) Any new or existing support order entered by the court under this Section shall be deemed to be a series of judgments against the person obligated to pay support thereunder, each such judgment to be in the amount of each payment or installment of support and each such judgment to be deemed entered as of the date the corresponding payment or installment becomes due under the terms of the support order. Each such judgment shall have the full force, effect and attributes of any other judgment of this State, including the ability to be enforced. Notwithstanding any other State or local law to the contrary, a lien arises by operation of law against the real and personal property of the noncustodial parent for each installment of overdue support owed by the noncustodial parent.

(e) When child support is to be paid through the clerk of the court in a county of 1,000,000 inhabitants or less, the order shall direct the obligor to pay to the clerk, in addition to the child support payments, all fees imposed by the county board under paragraph (3) of subsection (u) of Section 27.1 of the Clerks of Courts Act. Unless paid in cash or pursuant

New matter indicated by italics - deletions by strikeout
to an order for withholding, the payment of the fee shall be by a separate instrument from the support payment and shall be made to the order of the Clerk.

(f) All orders for support, when entered or modified, shall include a provision requiring the obligor to notify the court and, in cases in which a party is receiving child and spouse services under Article X of the Illinois Public Aid Code, the Department of Healthcare and Family Services, within 7 days, (i) of the name and address of any new employer of the obligor, (ii) whether the obligor has access to health insurance coverage through the employer or other group coverage and, if so, the policy name and number and the names of persons covered under the policy, and (iii) of any new residential or mailing address or telephone number of the non-custodial parent. In any subsequent action to enforce a support order, upon a sufficient showing that a diligent effort has been made to ascertain the location of the non-custodial parent, service of process or provision of notice necessary in the case may be made at the last known address of the non-custodial parent in any manner expressly provided by the Code of Civil Procedure or this Act, which service shall be sufficient for purposes of due process.

(g) An order for support shall include a date on which the current support obligation terminates. The termination date shall be no earlier than the date on which the child covered by the order will attain the age of 18. However, if the child will not graduate from high school until after attaining the age of 18, then the termination date shall be no earlier than the earlier of the date on which the child's high school graduation will occur or the date on which the child will attain the age of 19. The order for support shall state that the termination date does not apply to any arrearage that may remain unpaid on that date. Nothing in this subsection shall be construed to prevent the court from modifying the order or terminating the order in the event the child is otherwise emancipated.

(g-5) If there is an unpaid arrearage or delinquency (as those terms are defined in the Income Withholding for Support Act) equal to at least one month's support obligation on the termination date stated in the order for support or, if there is no termination date stated in the order, on the date the child attains the age of majority or is otherwise emancipated, the periodic amount required to be paid for current support of that child immediately prior to that date shall automatically continue to be an obligation, not as current support but as periodic payment toward satisfaction of the unpaid arrearage or delinquency. That periodic payment
shall be in addition to any periodic payment previously required for satisfaction of the arrearage or delinquency. The total periodic amount to be paid toward satisfaction of the arrearage or delinquency may be enforced and collected by any method provided by law for enforcement and collection of child support, including but not limited to income withholding under the Income Withholding for Support Act. Each order for support entered or modified on or after the effective date of this amendatory Act of the 93rd General Assembly must contain a statement notifying the parties of the requirements of this subsection. Failure to include the statement in the order for support does not affect the validity of the order or the operation of the provisions of this subsection with regard to the order. This subsection shall not be construed to prevent or affect the establishment or modification of an order for support of a minor child or the establishment or modification of an order for support of a non-minor child or educational expenses under Section 513 of this Act.

(h) An order entered under this Section shall include a provision requiring the obligor to report to the obligee and to the clerk of court within 10 days each time the obligor obtains new employment, and each time the obligor's employment is terminated for any reason. The report shall be in writing and shall, in the case of new employment, include the name and address of the new employer. Failure to report new employment or the termination of current employment, if coupled with nonpayment of support for a period in excess of 60 days, is indirect criminal contempt. For any obligor arrested for failure to report new employment bond shall be set in the amount of the child support that should have been paid during the period of unreported employment. An order entered under this Section shall also include a provision requiring the obligor and obligee parents to advise each other of a change in residence within 5 days of the change except when the court finds that the physical, mental, or emotional health of a party or that of a child, or both, would be seriously endangered by disclosure of the party's address.

(i) The court does not lose the powers of contempt, driver's license suspension, or other child support enforcement mechanisms, including, but not limited to, criminal prosecution as set forth in this Act, upon the emancipation of the minor child or children.

Section 15. The Non-Support Punishment Act is amended by changing Section 20 as follows:

New matter indicated by italics - deletions by strikeout
Sec. 20. Entry of order for support; income withholding.

(a) In a case in which no court or administrative order for support is in effect against the defendant:

   (1) at any time before the trial, upon motion of the State's Attorney, or of the Attorney General if the action has been instituted by his office, and upon notice to the defendant, or at the time of arraignment or as a condition of postponement of arraignment, the court may enter such temporary order for support as may seem just, providing for the support or maintenance of the spouse or child or children of the defendant, or both, pendente lite; or

   (2) before trial with the consent of the defendant, or at the trial on entry of a plea of guilty, or after conviction, instead of imposing the penalty provided in this Act, or in addition thereto, the court may enter an order for support, subject to modification by the court from time to time as circumstances may require, directing the defendant to pay a certain sum for maintenance of the spouse, or for support of the child or children, or both.

(b) The court shall determine the amount of child support by using the guidelines and standards set forth in subsection (a) of Section 505 and in Section 505.2 of the Illinois Marriage and Dissolution of Marriage Act.

If (i) the non-custodial parent was properly served with a request for discovery of financial information relating to the non-custodial parent's ability to provide child support, (ii) the non-custodial parent failed to comply with the request, despite having been ordered to do so by the court, and (iii) the non-custodial parent is not present at the hearing to determine support despite having received proper notice, then any relevant financial information concerning the non-custodial parent's ability to provide support that was obtained pursuant to subpoena and proper notice shall be admitted into evidence without the need to establish any further foundation for its admission.

(c) The court shall determine the amount of maintenance using the standards set forth in Section 504 of the Illinois Marriage and Dissolution of Marriage Act.

(d) The court may, for violation of any order under this Section, punish the offender as for a contempt of court, but no pendente lite order shall remain in effect longer than 4 months, or after the discharge of any
panel of jurors summoned for service thereafter in such court, whichever is sooner.

(d-5) If a person who is found guilty of contempt for failure to comply with an order to pay support is a person who conducts a business or who is self-employed, the court may order in addition to other penalties provided by law that the person do one or more of the following: (i) provide to the court monthly financial statements showing income and expenses from the business or the self-employment; (ii) seek employment and report periodically to the court with a diary, listing, or other memorandum of his or her employment search efforts; or (iii) report to the Department of Employment Security for job search services to find employment that will be subject to withholding of child support.

(e) Any order for support entered by the court under this Section shall be deemed to be a series of judgments against the person obligated to pay support under the judgments, each such judgment to be in the amount of each payment or installment of support and each judgment to be deemed entered as of the date the corresponding payment or installment becomes due under the terms of the support order. Each judgment shall have the full force, effect, and attributes of any other judgment of this State, including the ability to be enforced. Each judgment is subject to modification or termination only in accordance with Section 510 of the Illinois Marriage and Dissolution of Marriage Act. Notwithstanding any other State or local law to the contrary, a lien arises by operation of law against the real and personal property of the noncustodial parent for each installment of overdue support owed by the noncustodial parent.

(f) An order for support entered under this Section shall include a provision requiring the obligor to report to the obligee and to the clerk of the court within 10 days each time the obligor obtains new employment, and each time the obligor's employment is terminated for any reason. The report shall be in writing and shall, in the case of new employment, include the name and address of the new employer.

Failure to report new employment or the termination of current employment, if coupled with nonpayment of support for a period in excess of 60 days, is indirect criminal contempt. For any obligor arrested for failure to report new employment, bond shall be set in the amount of the child support that should have been paid during the period of unreported employment.

An order for support entered under this Section shall also include a provision requiring the obligor and obligee parents to advise each other of
a change in residence within 5 days of the change except when the court finds that the physical, mental, or emotional health of a party or of a minor child, or both, would be seriously endangered by disclosure of the party's address.

(g) An order for support entered or modified in a case in which a party is receiving child support enforcement services under Article X of the Illinois Public Aid Code shall include a provision requiring the noncustodial parent to notify the Department of Healthcare and Family Services, within 7 days, of the name and address of any new employer of the noncustodial parent, whether the noncustodial parent has access to health insurance coverage through the employer or other group coverage and, if so, the policy name and number and the names of persons covered under the policy.

(h) In any subsequent action to enforce an order for support entered under this Act, upon sufficient showing that diligent effort has been made to ascertain the location of the noncustodial parent, service of process or provision of notice necessary in that action may be made at the last known address of the noncustodial parent, in any manner expressly provided by the Code of Civil Procedure or in this Act, which service shall be sufficient for purposes of due process.

(i) An order for support shall include a date on which the current support obligation terminates. The termination date shall be no earlier than the date on which the child covered by the order will attain the age of 18. However, if the child will not graduate from high school until after attaining the age of 18, then the termination date shall be no earlier than the earlier of the date on which the child's high school graduation will occur or the date on which the child will attain the age of 19. The order for support shall state that the termination date does not apply to any arrearage that may remain unpaid on that date. Nothing in this subsection shall be construed to prevent the court from modifying the order or terminating the order in the event the child is otherwise emancipated.

(i-5) If there is an unpaid arrearage or delinquency (as those terms are defined in the Income Withholding for Support Act) equal to at least one month's support obligation on the termination date stated in the order for support or, if there is no termination date stated in the order, on the date the child attains the age of majority or is otherwise emancipated, the periodic amount required to be paid for current support of that child immediately prior to that date shall automatically continue to be an obligation, not as current support but as periodic payment toward

satisfaction of the unpaid arrearage or delinquency. That periodic payment shall be in addition to any periodic payment previously required for satisfaction of the arrearage or delinquency. The total periodic amount to be paid toward satisfaction of the arrearage or delinquency may be enforced and collected by any method provided by law for enforcement and collection of child support, including but not limited to income withholding under the Income Withholding for Support Act. Each order for support entered or modified on or after the effective date of this amendatory Act of the 93rd General Assembly must contain a statement notifying the parties of the requirements of this subsection. Failure to include the statement in the order for support does not affect the validity of the order or the operation of the provisions of this subsection with regard to the order. This subsection shall not be construed to prevent or affect the establishment or modification of an order for support of a minor child or the establishment or modification of an order for support of a non-minor child or educational expenses under Section 513 of the Illinois Marriage and Dissolution of Marriage Act.

(j) A support obligation, or any portion of a support obligation, which becomes due and remains unpaid as of the end of each month, excluding the child support that was due for that month to the extent that it was not paid in that month, shall accrue simple interest as set forth in Section 12-109 of the Code of Civil Procedure. An order for support entered or modified on or after January 1, 2006 shall contain a statement that a support obligation required under the order, or any portion of a support obligation required under the order, that becomes due and remains unpaid as of the end of each month, excluding the child support that was due for that month to the extent that it was not paid in that month, shall accrue simple interest as set forth in Section 12-109 of the Code of Civil Procedure. Failure to include the statement in the order for support does not affect the validity of the order or the accrual of interest as provided in this Section.

Section 20. The Illinois Parentage Act of 1984 is amended by changing Section 15 as follows:

(750 ILCS 45/15) (from Ch. 40, par. 2515)

Sec. 15. Enforcement of Judgment or Order.

(a) If existence of the parent and child relationship is declared, or paternity or duty of support has been established under this Act or under prior law or under the law of any other jurisdiction, the judgment rendered...
thereunder may be enforced in the same or other proceedings by any party or any person or agency that has furnished or may furnish financial assistance or services to the child. The Income Withholding for Support Act and Sections 14 and 16 of this Act shall also be applicable with respect to entry, modification and enforcement of any support judgment entered under provisions of the "Paternity Act", approved July 5, 1957, as amended, repealed July 1, 1985.

(b) Failure to comply with any order of the court shall be punishable as contempt as in other cases of failure to comply under the "Illinois Marriage and Dissolution of Marriage Act", as now or hereafter amended. In addition to other penalties provided by law, the court may, after finding the party guilty of contempt, order that the party be:

(1) Placed on probation with such conditions of probation as the court deems advisable;

(2) Sentenced to periodic imprisonment for a period not to exceed 6 months. However, the court may permit the party to be released for periods of time during the day or night to work or conduct business or other self-employed occupation. The court may further order any part of all the earnings of a party during a sentence of periodic imprisonment to be paid to the Clerk of the Circuit Court or to the person or parent having custody of the minor child for the support of said child until further order of the court.

(2.5) The court may also pierce the ownership veil of a person, persons, or business entity to discover assets of a non-custodial parent held in the name of that person, those persons, or that business entity if there is a unity of interest and ownership sufficient to render no financial separation between the non-custodial parent and that person, those persons, or the business entity. The following circumstances are sufficient for a court to order discovery of the assets of a person, persons, or business entity and to compel the application of any discovered assets toward payment on the judgment for support:

(A) the non-custodial parent and the person, persons, or business entity maintain records together.

(B) the non-custodial parent and the person, persons, or business entity fail to maintain an arms length relationship between themselves with regard to any assets.

New matter indicated by italics - deletions by strikeout
(C) the non-custodial parent transfers assets to the person, persons, or business entity with the intent to perpetrate a fraud on the custodial parent. With respect to assets which are real property, no order entered under this subdivision (2.5) shall affect the rights of bona fide purchasers, mortgagees, judgment creditors, or other lien holders who acquire their interests in the property prior to the time a notice of lis pendens pursuant to the Code of Civil Procedure or a copy of the order is placed of record in the office of the recorder of deeds for the county in which the real property is located.

(3) The court may also order that in cases where the party is 90 days or more delinquent in payment of support or has been adjudicated in arrears in an amount equal to 90 days obligation or more, that the party's Illinois driving privileges be suspended until the court determines that the party is in compliance with the judgement or duty of support. The court may also order that the parent be issued a family financial responsibility driving permit that would allow limited driving privileges for employment and medical purposes in accordance with Section 7-702.1 of the Illinois Vehicle Code. The clerk of the circuit court shall certify the order suspending the driving privileges of the parent or granting the issuance of a family financial responsibility driving permit to the Secretary of State on forms prescribed by the Secretary. Upon receipt of the authenticated documents, the Secretary of State shall suspend the party's driving privileges until further order of the court and shall, if ordered by the court, subject to the provisions of Section 7-702.1 of the Illinois Vehicle Code, issue a family financial responsibility driving permit to the parent.

In addition to the penalties or punishment that may be imposed under this Section, any person whose conduct constitutes a violation of Section 15 of the Non-Support Punishment Act may be prosecuted under that Act, and a person convicted under that Act may be sentenced in accordance with that Act. The sentence may include but need not be limited to a requirement that the person perform community service under Section 50 of that Act or participate in a work alternative program under Section 50 of that Act. A person may not be required to participate in a work alternative program under Section 50 of that Act if the person is
currently participating in a work program pursuant to Section 15.1 of this Act.

(b-5) If a party who is found guilty of contempt for a failure to comply with an order to pay support is a person who conducts a business or who is self-employed, the court may in addition to other penalties provided by law order that the party do one or more of the following: (i) provide to the court monthly financial statements showing income and expenses from the business or the self-employment; (ii) seek employment and report periodically to the court with a diary, listing, or other memorandum of his or her employment search efforts; or (iii) report to the Department of Employment Security for job search services to find employment that will be subject to withholding of child support.

(c) In any post-judgment proceeding to enforce or modify the judgment the parties shall continue to be designated as in the original proceeding.

(A) Standing, venue, limitations on actions, preliminary investigations, notice, and Assurance of Voluntary Compliance.
(1) Whenever the Illinois Attorney General has reasonable cause to believe that any person or group of persons is engaged in a pattern and practice of discrimination prohibited by this Act, the

New matter indicated by italics - deletions by strikeout
Illinois Attorney General may commence a civil action in the name of the People of the State, as parens patriae on behalf of persons within the State to enforce the provisions of this Act in any appropriate circuit court. Venue for this civil action shall be determined under paragraph (6) of subsection (C) of Section 8-111(B)(6). (2) Prior to initiating a civil action, the Attorney General shall conduct a preliminary investigation to determine whether there is reasonable cause to believe that any person or group of persons is engaged in a pattern and practice of discrimination declared unlawful by this Act and whether the dispute can be resolved without litigation. In conducting this investigation, the Attorney General may:

(5) The Illinois Attorney General may commence a civil action under this subsection (A) whether or not a charge has been filed under Sections 7A-102 or 7B-102 and without regard to the status of any charge, however, if the Department or local agency has obtained a conciliation or settlement agreement or if the parties have entered into an Assurance of Voluntary Compliance no action may be filed under this subsection (A) with respect to the alleged civil rights violation practice that forms the basis for the complaint except for the purpose of enforcing the terms of the conciliation or settlement agreement or the terms of the Assurance of Voluntary Compliance.

(6) **Subpoenas.**

Whenever any person fails to comply with any subpoena issued under paragraph (2) of this subsection (A), or whenever satisfactory copying or reproduction of any material requested in an investigation cannot be done and the person refuses to surrender the material, the Attorney General may file in any appropriate circuit court, and serve upon the person, a petition for a court order for the enforcement of the subpoena or other request. Venue for this enforcement action shall be determined under paragraph (C)(6) of Section 8-111.

(b) Petition to modify or set aside a subpoena.

(i) Any person who has received a subpoena issued under paragraph (2) of this subsection (A) may file in the appropriate circuit court, and serve upon the Attorney General, a petition for a court order to modify or set aside the subpoena or other request. The petition must be filed either (I) within 20 days after the date of service of the subpoena or at any time before the return date specified in the subpoena, whichever date is earlier, or (II) within such longer period as may be prescribed in writing by the Attorney General.
(ii) The petition shall specify each ground upon which the petitioner relies in seeking relief under subdivision (i) and may be based upon any failure of the subpoena to comply with the provisions of this Section or upon any constitutional or other legal right or privilege of the petitioner. During the pendency of the petition in the court, the court may stay, as it deems proper, the running of the time allowed for compliance with the subpoena or other request, in whole or in part, except that the petitioner shall comply with any portion of the subpoena or other request not sought to be modified or set aside.

(c) Jurisdiction. Whenever any petition is filed in any circuit court under this paragraph (6), the court shall have jurisdiction to hear and determine the matter so presented and to enter such orders as may be required to carry out the provisions of this Section. Any final order so entered shall be subject to appeal in the same manner as appeals of other final orders in civil matters. Any disobedience of any final order entered under this paragraph (6) by any court shall be punished as a contempt of the court. If any person fails or refuses to file any statement or report, or obey any subpoena, issued pursuant to subdivision (A)(2) of this Section, the Attorney General will be deemed to have met the requirement of conducting a preliminary investigation and may proceed to initiate a civil action pursuant to subdivision (A)(1) of this Section.

(B) Relief which may be granted.

(1) In any civil action brought pursuant to subsection (A) of this Section, the Attorney General may obtain as a remedy, equitable relief (including any permanent or preliminary injunction, temporary restraining order, or other order, including an order enjoining the defendant from engaging in such civil rights violation or ordering any action as may be appropriate). In addition, the Attorney General may request and the Court may impose a civil penalty to vindicate the public interest:

(a) for violations of Article 3 and Article 4 in an amount not exceeding $25,000 per violation, and in the
case of violations of all other Articles in an amount not exceeding $10,000 if the defendant has not been adjudged to have committed any prior civil rights violations under the provision of the Act that is the basis of the complaint;

(b) for violations of Article 3 and Article 4 in an amount not exceeding $50,000 per violation, and in the case of violations of all other Articles in an amount not exceeding $25,000 if the defendant has been adjudged to have committed one other civil rights violation under the provision of the Act within 5 years of the occurrence of the civil rights violation that is the basis of the complaint; and

(c) for violations of Article 3 and Article 4 in an amount not exceeding $75,000 per violation, and in the case of violations of all other Articles in an amount not exceeding $50,000 if the defendant has been adjudged to have committed 2 or more civil rights violations under the provision of the Act within 5 years of the occurrence of the civil rights violation that is the basis of the complaint.

(2) A civil penalty imposed under subdivision (B)(1) of this Section shall be deposited into the Attorney General Court Ordered and Voluntary Compliance Payment Projects Fund, which is a special fund in the State Treasury. Moneys in the Fund shall be used, subject to appropriation, for the performance of any function pertaining to the exercise of the duties of the Attorney General including but not limited to enforcement of any law of this State and conducting public education programs; however, any moneys in the Fund that are required by the court or by an agreement to be used for a particular purpose shall be used for that purpose.

If subsection (b) does not apply, the debtor is located in the District of Columbia.

Sec. 9-311. Perfection of security interests in property subject to certain statutes, regulations, and treaties.

(a) Security interest subject to other law. Except as otherwise provided in subsection (d), the filing of a financing statement is not necessary or effective to perfect a security interest in property subject to:

1. a statute, regulation, or treaty of the United States whose requirements for a security interest's obtaining priority over the rights of a lien creditor with respect to the property preempt Section 9-310(a);

2. the Illinois Vehicle Code or the Boat Registration and Safety Act; or

3. a certificate-of-title statute of another jurisdiction which provides for a security interest to be indicated on a certificate of title as a condition or result of the security interest's obtaining priority over the rights of a lien creditor with respect to the property.

(b) Compliance with other law. Compliance with the requirements of a statute, regulation, or treaty described in subsection (a) for obtaining priority over the rights of a lien creditor is equivalent to the filing of a financing statement under this Article. Except as otherwise provided in subsection (d) and Sections 9-313 and 9-316(d) and (e) for goods covered by a certificate of title, a security interest in property subject to a statute, regulation, or treaty described in subsection (a) may be perfected only by compliance with those requirements, and a security interest so perfected remains perfected notwithstanding a change in the use or transfer of possession of the collateral.

(c) Duration and renewal of perfection. Except as otherwise provided in subsection (d) and Section 9-316(d) and (e), duration and renewal of perfection of a security interest perfected by compliance with the requirements prescribed by a statute, regulation, or treaty described in subsection (a) are governed by the statute, regulation, or treaty. In other respects, the security interest is subject to this Article.

(d) Inapplicability to certain inventory. During any period in which collateral subject to a statute specified in subsection (a)(2) is inventory held for sale or lease by a person or leased by that person as lessor and that person is in the business of selling or leasing goods of that kind, this Section does not apply to a security interest in that collateral created by that person as debtor.
Sec. 9-316. Effect of continued perfection of security interest following change in governing law.

(a) General rule: effect on perfection of change in governing law. A security interest perfected pursuant to the law of the jurisdiction designated in Section 9-301(1) or 9-305(c) remains perfected until the earliest of:

(1) the time perfection would have ceased under the law of that jurisdiction;
(2) the expiration of four months after a change of the debtor's location to another jurisdiction; or
(3) the expiration of one year after a transfer of collateral to a person that thereby becomes a debtor and is located in another jurisdiction.

(b) Security interest perfected or unperfected under law of new jurisdiction. If a security interest described in subsection (a) becomes perfected under the law of the other jurisdiction before the earliest time or event described in that subsection, it remains perfected thereafter. If the security interest does not become perfected under the law of the other jurisdiction before the earliest time or event, it becomes unperfected and is deemed never to have been perfected as against a purchaser of the collateral for value.

(c) Possessory security interest in collateral moved to new jurisdiction. A possessory security interest in collateral, other than goods covered by a certificate of title and as-extracted collateral consisting of goods, remains continuously perfected if:

(1) the collateral is located in one jurisdiction and subject to a security interest perfected under the law of that jurisdiction;
(2) thereafter the collateral is brought into another jurisdiction; and
(3) upon entry into the other jurisdiction, the security interest is perfected under the law of the other jurisdiction.

(d) Goods covered by certificate of title from this State. Except as otherwise provided in subsection (e), a security interest in goods covered by a certificate of title which is perfected by any method under the law of another jurisdiction when the goods become covered by a certificate of title from this State remains perfected until the security interest would...
have become unperfected under the law of the other jurisdiction had the goods not become so covered.

(e) When subsection (d) security interest becomes unperfected against purchasers. A security interest described in subsection (d) becomes unperfected as against a purchaser of the goods for value and is deemed never to have been perfected as against a purchaser of the goods for value if the applicable requirements for perfection under Section 9-311(b) or 9-313 are not satisfied before the earlier of:

(1) the time the security interest would have become unperfected under the law of the other jurisdiction had the goods not become covered by a certificate of title from this State; or

(2) the expiration of four months after the goods had become so covered.

(f) Change in jurisdiction of bank, issuer, nominated person, securities intermediary, or commodity intermediary. A security interest in deposit accounts, letter-of-credit rights, or investment property which is perfected under the law of the bank's jurisdiction, the issuer's jurisdiction, a nominated person's jurisdiction, the securities intermediary's jurisdiction, or the commodity intermediary's jurisdiction, as applicable, remains perfected until the earlier of:

(1) the time the security interest would have become unperfected under the law of that jurisdiction; or

(2) the expiration of four months after a change of the applicable jurisdiction to another jurisdiction.

(g) Subsection (f) security interest perfected or unperfected under law of new jurisdiction. If a security interest described in subsection (f) becomes perfected under the law of the other jurisdiction before the earlier of the time or the end of the period described in that subsection, it remains perfected thereafter. If the security interest does not become perfected under the law of the other jurisdiction before the earlier of that time or the end of that period, it becomes unperfected and is deemed never to have been perfected as against a purchaser of the collateral for value.

(h) Effect on filed financing statement of change in governing law. The following rules apply to collateral to which a security interest attaches within four months after the debtor changes its location to another jurisdiction:

(1) A financing statement filed before the change pursuant to the law of the jurisdiction designated in Section 9-301(1) or 9-305(c) is effective to perfect a security interest in the collateral if
the financing statement would have been effective to perfect a security interest in the collateral had the debtor not changed its location.

(2) If a security interest perfected by a financing statement that is effective under paragraph (1) becomes perfected under the law of the other jurisdiction before the earlier of the time the financing statement would have become ineffective under the law of the jurisdiction designated in Section 9-301(1) or 9-305(c) or the expiration of the four-month period, it remains perfected thereafter. If the security interest does not become perfected under the law of the other jurisdiction before the earlier time or event, it becomes unperfected and is deemed never to have been perfected as against a purchaser of the collateral for value.

(i) Effect of change in governing law on financing statement filed against original debtor. If a financing statement naming an original debtor is filed pursuant to the law of the jurisdiction designated in Section 9-301(1) or 9-305(c) and the new debtor is located in another jurisdiction, the following rules apply:

(1) The financing statement is effective to perfect a security interest in collateral acquired by the new debtor before, and within four months after, the new debtor becomes bound under Section 9-203(d), if the financing statement would have been effective to perfect a security interest in the collateral had the collateral been acquired by the original debtor.

(2) A security interest perfected by the financing statement and which becomes perfected under the law of the other jurisdiction before the earlier of the time the financing statement would have become ineffective under the law of the jurisdiction designated in Section 9-301(1) or 9-305(c) or the expiration of the four-month period remains perfected thereafter. A security interest that is perfected by the financing statement but which does not become perfected under the law of the other jurisdiction before the earlier time or event becomes unperfected and is deemed never to have been perfected as against a purchaser of the collateral for value.

(c) Lessees that receive delivery. Except as otherwise provided in subsection (e), a lessee of goods takes free of a security interest or agricultural lien if the lessee gives value and receives delivery of the collateral without knowledge of the security interest or agricultural lien and before it is perfected.

A licensee of a general intangible or a buyer, other than a secured party, of collateral accounts, electronic chattel paper, electronic documents, general intangibles, or investment property other than tangible chattel paper, tangible documents, goods, instruments, or a certificated security takes free of a security interest if the licensee or buyer gives value without knowledge of the security interest and before it is perfected.

(e) Purchase-money security interest. Except as otherwise provided in Sections 9-320 and 9-321, if a person files a financing statement with respect to a purchase-money security interest before or within 20 days after the debtor receives delivery of the collateral, the security interest takes priority over the rights of a buyer, lessee, or lien creditor which arise between the time the security interest attaches and the time of filing.

(f) Public deposits. An unperfected security interest shall take priority over the rights of a lien creditor if (i) the lien creditor is a trustee or receiver of a bank or acting in furtherance of its supervisory authority over such bank and (ii) a security interest is granted by the bank to secure a
deposit of public funds with the bank or a repurchase agreement with the bank pursuant to the Government Securities Act of 1986, as amended.

(a) Subordination of security interest created by new debtor. Subject to subsection (b), a security interest that is created by a new debtor in collateral in which the new debtor has or acquires rights and is perfected solely by a filed financing statement that would be ineffective to perfect the security interest but for the application of Section 9-316(i)(1) or 9-508 is effective solely under Section 9-508 in collateral in which a new debtor has or acquires rights is subordinate to a security interest in the same collateral which is perfected other than by such a filed financing statement that is effective solely under Section 9-508.

(b) Priority under other provisions; multiple original debtors. The other provisions of this Part determine the priority among conflicting security interests in the same collateral perfected by filed financing statements described in subsection (a) that are effective solely under Section 9-508. However, if the security agreements to which a new debtor became bound as debtor were not entered into by the same original debtor, the conflicting security interests rank according to priority in time of the new debtor's having become bound.

Sec. 9-406. Discharge of account debtor; notification of assignment; identification and proof of assignment; restrictions on assignment of accounts, chattel paper, payment intangibles, and promissory notes ineffective.

(a) Discharge of account debtor; effect of notification. Subject to subsections (b) through (i), an account debtor on an account, chattel paper, or a payment intangible may discharge its obligation by paying the assignor until, but not after, the account debtor receives a notification, authenticated by the assignor or the assignee, that the amount due or to become due has been assigned and that payment is to be made to the assignee. After receipt of the notification, the account debtor may discharge its obligation by paying the assignee and may not discharge the obligation by paying the assignor.

(b) When notification ineffective. Subject to subsection (h), notification is ineffective under subsection (a):

(1) if it does not reasonably identify the rights assigned;
(2) to the extent that an agreement between an account debtor and a seller of a payment intangible limits the account debtor's duty to pay a person other than the seller and the limitation is effective under law other than this Article; or
(3) at the option of an account debtor, if the notification notifies the account debtor to make less than the full amount of any installment or other periodic payment to the assignee, even if:
   (A) only a portion of the account, chattel paper, or payment intangible has been assigned to that assignee;
   (B) a portion has been assigned to another assignee;
   or
   (C) the account debtor knows that the assignment to that assignee is limited.
(c) Proof of assignment. Subject to subsection (h), if requested by the account debtor, an assignee shall seasonably furnish reasonable proof that the assignment has been made. Unless the assignee complies, the account debtor may discharge its obligation by paying the assignor, even if the account debtor has received a notification under subsection (a).
(d) Term restricting assignment generally ineffective. Except as otherwise provided in subsection (e) and Sections 2A-303 and 9-407, and subject to subsection (h), a term in an agreement between an account debtor and an assignor or in a promissory note is ineffective to the extent that it:
   (1) prohibits, restricts, or requires the consent of the account debtor or person obligated on the promissory note to the assignment or transfer of, or the creation, attachment, perfection, or enforcement of a security interest in, the account, chattel paper, payment intangible, or promissory note; or
   (2) provides that the assignment or transfer or the creation, attachment, perfection, or enforcement of the security interest may give rise to a default, breach, right of recoupment, claim, defense, termination, right of termination, or remedy under the account, chattel paper, payment intangible, or promissory note.
(e) Inapplicability of subsection (d) to certain sales. Subsection (d) does not apply to the sale of a payment intangible or promissory note, other than a sale pursuant to a disposition under Section 9-610 or an acceptance of collateral under Section 9-620.

(f) Legal restrictions on assignment generally ineffective. 1. prohibits, restricts, or requires the consent of the government, governmental body or official, or account debtor to the assignment or transfer of, or the creation, attachment, perfection, or enforcement of a security interest in the account or chattel paper; or

2. provides that the assignment or transfer or the creation, attachment, perfection, or enforcement of the security interest may give rise to a default, breach, right of recoupment, claim, defense, termination, right of termination, or remedy under the account or chattel paper.

(g) Subsection (b)(3) not waivable. Subject to subsection (h), an account debtor may not waive or vary its option under subsection (b)(3).

(h) Rule for individual under other law. This Section is subject to law other than this Article which establishes a different rule for an account debtor who is an individual and who incurred the obligation primarily for personal, family, or household purposes.

(i) Inapplicability to health-care-insurance receivable. This Section does not apply to an assignment of a health-care-insurance receivable.

To the extent that a term in a promissory note or in an agreement between an account debtor and a debtor which relates to a health-care-insurance receivable or general intangible or a rule of law, statute, or regulation described in subsection (c) would be effective under law other than this Article but is ineffective under subsection (a) or (c), the creation, attachment, or perfection of a security interest in the promissory note, health-care-insurance receivable, or general intangible:

(4) does not entitle the secured party to use or assign the debtor's rights under the promissory note, health-care-insurance receivable, or general intangible, including any related information or materials furnished to the debtor in the transaction giving rise to the promissory note, health-care-insurance receivable, or general intangible;

(5) does not entitle the secured party to use, assign, possess, or have access to any trade secrets or confidential information of the person obligated on the promissory note or the account debtor; and
