(3) Revenue of an affiliate of a holder shall be included in the calculation of gross revenues to the extent the treatment of the revenue as revenue of the affiliate rather than the holder has the effect of evading the payment of the fee permitted by subsection (b) of this Section which would otherwise be paid by the cable service or video service.

(d)(1) Except for a holder providing cable service that is subject to the fee in subsection (i) of this Section, the holder shall pay to the local unit of government or the entity designated by that local unit of government to manage public, education, and government access, upon request as support for public, education, and government access, a fee equal to no less than (i) 1% of gross revenues or (ii) if greater, the percentage of gross revenues that incumbent cable operators pay to the local unit of government or its designee for public, education, and government access support in the local unit of government's jurisdiction. For purposes of item (ii) of paragraph (1) of this subsection (d), the percentage of gross revenues that all incumbent cable operators pay shall be equal to the annual sum of the payments that incumbent cable operators in the service area are obligated to pay by franchises and agreements or by contracts with the local government designee for public, education and government access in effect on January 1, 2007, including the total of any lump sum payments required to be made over the term of each franchise or agreement divided by the number of years of the applicable term, divided by the annual sum of such incumbent cable operator's or operators' gross revenues during the immediately prior calendar year. The sum of payments includes any payments that an incumbent cable operator is required to pay pursuant to item (3) of subsection (c) of Section 21-301.

(2) A local unit of government may require all holders of a State-issued authorization and all cable operators franchised by that local unit of government on June 30, 2007 (the effective date of this Section) in the franchise area to provide to the local unit of government, or to the entity designated by that local unit of government to manage public, education, and government access, information sufficient to calculate the public, education, and

government access equivalent fee and any credits under paragraph (1) of this subsection (d).

(3) The fee shall be due on a quarterly basis and paid 45 days after the close of the calendar quarter. Each payment shall include a statement explaining the basis for the calculation of the fee. If mailed, the fee is considered paid on the date it is postmarked. The liability of the holder for payment of the fee under this subsection shall commence on the same date as the payment of the service provider fee pursuant to subsection (b) of this Section.

(e) The holder may identify and collect the amount of the service provider fee as a separate line item on the regular bill of each subscriber.

(f) The holder may identify and collect the amount of the public, education, and government programming support fee as a separate line item on the regular bill of each subscriber.

(g) All determinations and computations under this Section shall be made pursuant to the definition of gross revenues set forth in this Section and shall be made pursuant to generally accepted accounting principles.

(h) Nothing contained in this Article shall be construed to exempt a holder from any tax that is or may later be imposed by the local unit of government, including any tax that is or may later be required to be paid by or through the holder with respect to cable service or video service. A State-issued authorization shall not affect any requirement of the holder with respect to payment of the local unit of government's simplified municipal telecommunications tax or any other tax as it applies to any telephone service provided by the holder. A State-issued authorization shall not affect any requirement of the holder with respect to payment of the local unit of government's 911 or E911 fees, taxes, or charges.

(i) Except for a municipality having a population of 2,000,000 or more, the fee imposed under paragraph (1) of subsection (d) by a local unit of government against a holder who is a cable operator shall be as follows:

1) the fee shall be collected and paid only for capital costs that are considered lawful under Subchapter VI of the federal Communications Act of 1934, as amended, and as implemented by the Federal Communications Commission;

2) the local unit of government shall impose any fee by ordinance; and

3) the fee may not exceed 1% of gross revenue; if, however, on the date that an incumbent cable operator files an

application under Section 21-401, the incumbent cable operator is operating under a franchise agreement that imposes a fee for support for capital costs for public, education, and government access facilities obligations in excess of 1% of gross revenue, then the cable operator shall continue to provide support for capital costs for public, education, and government access facilities obligations at the rate stated in such agreement.

(Section scheduled to be repealed on October 1, 2013)
Sec. 21-1101. Requirements to provide video services.

(a) The holder of a State-issued authorization shall not deny access to cable service or video service to any potential residential subscribers because of the race or income of the residents in the local area in which the potential subscribers reside.

(b) (Blank).

(1) If the holder is using telecommunications facilities to provide cable or video service and has 1,000,000 or less telecommunications access lines in this State, but more than 300,000 telecommunications access lines in this State, the holder shall provide access to its cable or video service to a number of households equal to at least 25% of its telecommunications access lines in this State within 3 years after the date a holder receives a State-issued authorization from the Commission and to a number not less than 35% of these households within 5 years after the date a holder receives a State-issued authorization from the Commission, provided that the holder of a State-issued authorization is not required to meet the 35% requirement in this paragraph (1) until 2 years after at least 15% of the households with access to the holder’s video service subscribe to the service for 6 consecutive months. The holder’s obligation to provide such access in the State shall be distributed, as the holder determines, within 3 different designated market areas:

(2) Within 3 years after the date a holder receives a State-issued authorization from the Commission, at least 30% of the total households with access to the holder’s cable or video service shall be low-income:

Within each designated market area identified in paragraph (1) of this subsection (b), the holder’s obligation to offer service to low-income households shall be measured by each exchange, as that term is defined in Section 13-206 of this Act, in which the

holder chooses to provide cable or video service. The holder is under no obligation to serve or provide access to an entire exchange; however, in addition to the statewide obligation to provide low-income access provided by this Section, in each exchange in which the holder chooses to provide cable or video service, the holder shall provide access to a percentage of low-income households that is at least equal to the percentage of the total low-income households within that exchange.

(3) The number of telecommunication access lines in this Section shall be based on the number of access lines that exist as of June 30, 2007 (the effective date of Public Act 95-9).

(c)(1) If the holder of a State-issued authorization is using telecommunications facilities to provide cable or video service and has more than 1,000,000 telecommunications access lines in this State, the holder shall provide access to its cable or video service to a number of households equal to at least 35% of the households in the holder's telecommunications service area in the State within 3 years after the date a holder receives a State-issued authorization from the Commission and to a number not less than 50% of these households within 5 years after the date a holder receives a State-issued authorization from the Commission; provided that the holder of a State-issued authorization is not required to meet the 50% requirement in this paragraph (1) until 2 years after at least 15% of the households with access to the holder's video service subscribe to the service for 6 consecutive months.

The holder's obligation to provide such access in the State shall be distributed, as the holder determines, within 3 designated market areas, one in each of the northeastern, central, and southwestern portions of the holder's telecommunications service area in the State. The designated market area for the northeastern portion shall consist of 2 separate and distinct reporting areas: (i) a city with more than 1,000,000 inhabitants, and (ii) all other local units of government on a combined basis within such designated market area in which it offers video service.

If any state, in which a holder subject to this subsection (c) or one of its affiliates provides or seeks to provide cable or video service, adopts a law permitting state-issued authorization or statewide franchises to provide cable or video service that requires a cable or video provider to offer service to more than 35% of the households in the cable or video provider's service area in that state within 3 years, holders subject to this
subsection (c) shall provide service in this State to the same percentage of households within 3 years of adoption of such law in that state.

Furthermore, if any state, in which a holder subject to this subsection (c) or one of its affiliates provides or seeks to provide cable or video service, adopts a law requiring a holder of a state-issued authorization or statewide franchises to offer cable or video service to more than 35% of its households if less than 15% of the households with access to the holder's video service subscribe to the service for 6 consecutive months, then as a precondition to further build-out, holders subject to this subsection (c) shall be subject to the same percentage of service subscription in meeting its obligation to provide service to 50% of the households in this State.

(2) Within 3 years after the date a holder receives a State-issued authorization from the Commission, at least 30% of the total households with access to the holder's cable or video service shall be low-income.

Within each designated market area listed in paragraph (1) of this subsection (c), the holder's obligation to offer service to low-income households shall be measured by each exchange, as that term is defined in Section 13-206 of this Act in which the holder chooses to provide cable or video service. The holder is under no obligation to serve or provide access to an entire exchange; however, in addition to the statewide obligation to provide low-income access provided by this Section, in each exchange in which the holder chooses to provide cable or video service, the holder shall provide access to a percentage of low-income households that is at least equal to the percentage of the total low-income households within that exchange.

(d)(1) All other holders shall only provide access to one or more exchanges, as that term is defined in Section 13-206 of this Act, or to local units of government and shall provide access to their cable or video service to a number of households equal to 35% of the households in the exchange or local unit of government within 3 years after the date a holder receives a State-issued authorization from the Commission and to a number not less than 50% of these households within 5 years after the date a holder receives a State-issued authorization from the Commission, provided that if the holder is an incumbent cable operator or any successor-in-interest company, it shall be obligated to provide access to cable or video services within the jurisdiction of a local unit of
government at the same levels required by the local franchising authorities for that local unit of government on June 30, 2007 (the effective date of Public Act 95-9).

(2) Within 3 years after the date a holder receives a State-issued authorization from the Commission, at least 30% of the total households with access to the holder's cable or video service shall be low-income.

Within each designated exchange, as that term is defined in Section 13-206 of this Act, or local unit of government listed in paragraph (1) of this subsection (d), the holder's obligation to offer service to low-income households shall be measured by each exchange or local unit of government in which the holder chooses to provide cable or video service. Except as provided in paragraph (1) of this subsection (d), the holder is under no obligation to serve or provide access to an entire exchange or local unit of government; however, in addition to the statewide obligation to provide low-income access provided by this Section, in each exchange or local unit of government in which the holder chooses to provide cable or video service, the holder shall provide access to a percentage of low-income households that is at least equal to the percentage of the total low-income households within that exchange or local unit of government.

(e) A holder subject to subsection (c) of this Section shall provide wireline broadband service, defined as wireline service, capable of supporting, in at least one direction, a speed in excess of 200 kilobits per second (kbps), to the network demarcation point at the subscriber's premises, to a number of households equal to 90% of the households in the holder's telecommunications service area by December 31, 2008, or shall pay within 30 days of December 31, 2008 a sum of $15,000,000 to the Digital Divide Elimination Infrastructure Fund established pursuant to Section 13-301.3 of this Act, or any successor fund established by the General Assembly. In that event the holder is required to make a payment pursuant to this subsection (e), the holder shall have no further accounting for this payment, which shall be used in any part of the State for the purposes established in the Digital Divide Elimination Infrastructure Fund or for broadband deployment.

(f) The holder of a State-issued authorization may satisfy the requirements of subsections (d); (c); and (d) of this Section through the use of any technology, which shall not include direct-to-home satellite service,
that offers service, functionality, and content that is demonstrably similar to that provided through the holder's video service system.

(g) In any investigation into or complaint alleging that the holder of a State-issued authorization has failed to meet the requirements of this Section, the following factors may be considered in justification or mitigation or as justification for an extension of time to meet the requirements of subsections (b); (c); and (d) of this Section:

1. The inability to obtain access to public and private rights-of-way under reasonable terms and conditions.
2. Barriers to competition arising from existing exclusive service arrangements in developments or buildings.
3. The inability to access developments or buildings using reasonable technical solutions under commercially reasonable terms and conditions.
4. Natural disasters.
5. Other factors beyond the control of the holder.

(h) If the holder relies on the factors identified in subsection (g) of this Section in response to an investigation or complaint, the holder shall demonstrate the following:

1. What substantial effort the holder of a State-issued authorization has taken to meet the requirements of subsection (a); (b); or (c) of this Section;
2. Which portions of subsection (g) of this Section apply; and
3. The number of days it has been delayed or the requirements it cannot perform as a consequence of subsection (g) of this Section.

(i) The factors in subsection (g) of this Section may be considered by the Attorney General or by a court of competent jurisdiction in determining whether the holder is in violation of this Article.

(j) Every holder of a State-issued authorization, no later than April 1, 2009, and annually no later than April 1 thereafter, shall report to the Commission for each of the service areas as described in subsection (b); (c); and (d) of this Section in which it provides access to its video service in the State, the following information:

(C) The number of low-income households in the holder's telecommunications service area in the State.

(D) The number of low-income households in the holder's telecommunications service area in the State that are offered access to video service by the holder.

(j-5) The requirements of subsection (c) of this Section shall be satisfied upon the filing of an annual report with the Commission in compliance with subsection (j) of this Section, including an annual report filed prior to this amendatory Act of the 98th General Assembly, that
demonstrates the holder of the authorization has satisfied the requirements of subsection (c) of this Section for each of the service areas in which it provides access to its cable service or video service in the State.    (2) All service representatives or any other person who contacts customers or potential customers on behalf of the cable or video provider shall have a visible identification card with their name and photograph and shall orally identify themselves upon first contact with the customer. Customer service representatives shall orally identify themselves to callers immediately following the greeting during each telephone contact with the public.
   (3) The cable or video providers shall: (i) maintain a customer service facility within the boundaries of a local unit of government staffed by customer service representatives that have the capacity to accept payment, adjust bills, and respond to repair, installation, reconnection, disconnection, or other service calls and distribute or receive converter boxes, remote control units, digital stereo units, or other equipment related to the provision of cable or video service; (ii) provide customers with bill payment facilities through retail, financial, or other commercial institutions located within the boundaries of a local unit of government; (iii) provide an address, toll-free telephone number or electronic address to accept bill payments and correspondence and provide secure collection boxes for the receipt of bill payments and the return of equipment, provided that if a cable or video provider provides secure collection boxes, it shall provide a printed receipt when items are deposited; or (iv) provide an address, toll-free telephone number, or electronic address to accept bill payments and correspondence and provide a method for customers to return equipment to the cable or video provider at no cost to the customer.
   (4) In each contact with a customer, the service representatives or any other person who contacts customers or potential customers on behalf of the cable or video provider shall state the estimated cost of the service, repair, or installation orally prior to delivery of the service or before any work is performed, shall provide the customer with an oral statement of the total

charges before terminating the telephone call or other contact in which a service is ordered, whether in-person or over the Internet, and shall provide a written statement of the total charges before leaving the location at which the work was performed. In the event that the cost of service is a promotional price or is for a limited period of time, the cost of service at the end of the promotion or limited period of time shall be disclosed.

(5) Cable or video providers shall provide customers a minimum of 30 days' written notice before increasing rates or eliminating transmission of programming and shall submit the notice of any rate increase to the local unit of government in advance of distribution to customers, provided that the cable or video provider is not in violation of this provision if the elimination of transmission of programming was outside the control of the provider, in which case the provider shall use reasonable efforts to provide as much notice as possible, and any rate decrease related to the elimination of transmission of programming shall be applied to the date of the change.

(6) Cable or video providers shall provide clear visual and audio reception that meets or exceeds applicable Federal Communications Commission technical standards. If a customer experiences poor video or audio reception due to the equipment of the cable or video provider, the cable or video provider shall promptly repair the problem at its own expense.

(c) Bills, payment, and termination:

(1) Cable or video providers shall render monthly bills that are clear, accurate, and understandable.

(2) Every residential customer who pays bills directly to the cable or video provider shall have at least 28 days from the date of the bill to pay the listed charges.

(3) Customer payments shall be posted promptly. When the payment is sent by United States mail, payment is considered paid on the date it is postmarked.

(4) Cable or video providers may not terminate residential service for nonpayment of a bill unless the cable or video provider furnishes notice of the delinquency and impending termination at least 15 days prior to the proposed termination. Notice of proposed termination shall be mailed, postage prepaid, to the customer to whom service is billed. Notice of proposed termination
shall not be mailed until the 24th 29th day after the date of the bill for services. Notice of delinquency and impending termination may be part of a billing statement only if the notice is presented in a different color than the bill and is designed to be conspicuous. The cable or video providers may not assess a late fee prior to the 24th 29th day after the date of the bill for service.

(5) Every notice of impending termination shall include all of the following: the name and address of customer; the amount of the delinquency; the date on which payment is required to avoid termination; and the telephone number of the cable or video provider's service representative to make payment arrangements and to provide additional information about the charges for failure to return equipment and for reconnection, if any. No customer may be charged a fee for termination or disconnection of service, irrespective of whether the customer initiated termination or disconnection or the cable or video provider initiated termination or disconnection.

(6) Service may only be terminated on days when the customer is able to reach a service representative of the cable or video providers, either in person or by telephone.

(7) Any service terminated by a cable or video provider without good cause shall be restored without any reconnection fee, charge, or penalty; good cause for termination includes, but is not limited to, failure to pay a bill by the date specified in the notice of impending termination, payment by check for which there are insufficient funds, theft of service, abuse of equipment or personnel, or other similar subscriber actions.

(8) Cable or video providers shall cease charging a customer for any or all services within one business day after it receives a request to immediately terminate service or on the day requested by the customer if such a date is at least 5 days from the date requested by the customer. Nothing in this subsection (c) shall prohibit the provider from billing for charges that the customer incurs prior to the date of termination. Cable or video providers shall issue a credit no later than the customer's next billing cycle following the determination that a credit is warranted. Cable or video providers shall issue or a refund or return a deposit promptly, but not later than either the customer's next billing cycle following resolution of the request or 30 days, whichever is earlier, within

10 business days after the close of the customer's billing cycle following the request for termination or the return of equipment, if any, whichever is later.

(9) The customers or subscribers of a cable or video provider shall be allowed to disconnect their service at any time within the first 30 60 days after subscribing to or upgrading the service. Within this 30-day 60-day period, cable or video providers shall not charge or impose any fees or penalties on the customer for disconnecting service, including, but not limited to, any installation charge or the imposition of an early termination charge, except the cable or video provider may impose a charge or fee to offset any rebates or credits received by the customer and may impose monthly service or maintenance charges, including pay-per-view and premium services charges, during such 30-day 60-day period.

(10) Cable and video providers shall guarantee customer satisfaction for new or upgraded service and the customer shall receive a pro-rata credit in an amount equal to the pro-rata charge for the remaining days of service being disconnected or replaced upon the customer's request if the customer is dissatisfied with the service and requests to discontinue the service within the first 60 days after subscribing to the upgraded service.

d) Response to customer inquiries:

(1) Cable or video providers will maintain a toll-free telephone access line that is available to customers 24 hours a day, 7 days a week to accept calls regarding installation, termination, service, and complaints. Trained, knowledgeable, qualified service representatives of the cable or video providers will be available to respond to customer telephone inquiries during normal business hours. Customer service representatives shall be able to provide credit, waive fees, schedule appointments, and change billing cycles. Any difficulties that cannot be resolved by the customer service representatives shall be referred to a supervisor who shall make his or her best efforts to resolve the issue immediately. If the supervisor does not resolve the issue to the customer's satisfaction, the customer shall be informed of the cable or video provider's complaint procedures and procedures for billing dispute resolution and given a description of the rights and remedies available to customers to enforce the terms of this Article, including the customer's rights to have the complaint reviewed by the local unit.
of government, to request mediation, and to review in a court of competent jurisdiction.

(2) After normal business hours, the access line may be answered by a service or an automated response system, including an answering machine. Inquiries received by telephone or e-mail after normal business hours shall be responded to by a trained service representative on the next business day. The cable or video provider shall respond to a written billing inquiry within 10 days of receipt of the inquiry.

(3) Cable or video providers shall provide customers seeking non-standard installations with a total installation cost estimate and an estimated date of completion. The actual charge to the customer shall not exceed 10% of the estimated cost without the written consent of the customer.

(4) If the cable or video provider receives notice that an unsafe condition exists with respect to its equipment, it shall investigate such condition immediately and shall take such measures as are necessary to remove or eliminate the unsafe condition. The cable or video provider shall inform the local unit of government promptly, but no later than 2 hours after it receives notification of an unsafe condition that it has not remedied.

(5) Under normal operating conditions, telephone answer time by the cable or video provider's customer representative, including wait time, shall not exceed 30 seconds when the connection is made. If the call needs to be transferred, transfer time shall not exceed 30 seconds. These standards shall be met no less than 90% of the time under normal operating conditions, measured on a quarterly basis. The cable or video provider shall not be required to acquire equipment or perform surveys to measure compliance with these telephone answering standards unless an historical record of complaints indicates a clear failure to comply.

(6) Under normal operating conditions, the cable or video provider's customers will receive a busy signal less than 3% of the time.

(e) Under normal operating conditions, each of the following standards related to installations, outages, and service calls will be met no less than 95% of the time measured on a quarterly basis:

(1) Standard installations will be performed within 7 business days after an order has been placed. "Standard"
installations are those that are located up to 125 feet from the existing distribution system.

(2) Excluding conditions beyond the control of the cable or video providers, the cable or video providers will begin working on "service interruptions" promptly and in no event later than 24 hours after the interruption is reported by the customer or otherwise becomes known to the cable or video providers. Cable or video providers must begin actions to correct other service problems the next business day after notification of the service problem and correct the problem within 48 hours after the interruption is reported by the customer 95% of the time, measured on a quarterly basis.

(3) The "appointment window" alternatives for installations, service calls, and other installation activities will be either a specific time or, at a maximum, a 4-hour time block during evening, weekend, and normal business hours. The cable or video provider may schedule service calls and other installation activities outside of these hours for the express convenience of the customer.

(4) Cable or video providers may not cancel an appointment with a customer after the close of business 5:00 p.m. on the business day prior to the scheduled appointment. If the cable or video provider's representative is running late for an appointment with a customer and will not be able to keep the appointment as scheduled, the customer will be contacted. The appointment will be rescheduled, as necessary, at a time that is convenient for the customer, even if the rescheduled appointment is not within normal business hours.

(f) Public benefit obligation:

(1) All cable or video providers offering service pursuant to the Cable and Video Competition Law of 2007, the Illinois Municipal Code, or the Counties Code shall provide a free service line drop and free basic service to all current and future public buildings within their footprint, including, but not limited to, all local unit of government buildings, public libraries, and public primary and secondary schools, whether owned or leased by that local unit of government ("eligible buildings"). Such service shall be used in a manner consistent with the government purpose for the eligible building and shall not be resold.

New matter indicated by italics - deletions by strikeout
(2) This obligation only applies to those cable or video service providers whose cable service or video service systems pass eligible buildings and its cable or video service is generally available to residential subscribers in the same local unit of government in which the eligible building is located. The burden of providing such service at each eligible building shall be shared by all cable and video providers whose systems pass the eligible buildings in an equitable and competitively neutral manner, and nothing herein shall require duplicative installations by more than one cable or video provider at each eligible building. Cable or video providers operating in a local unit of government shall meet as necessary and determine who will provide service to eligible buildings under this subsection (f). If the cable or video providers are unable to reach an agreement, they shall meet with the local unit of government, which shall determine which cable or video providers will serve each eligible building. The local unit of government shall bear the costs of any inside wiring or video equipment costs not ordinarily provided as part of the cable or video provider's basic offering.

(g) After the cable or video providers have offered service for one year, the cable or video providers shall make an annual report to the Commission, to the local unit of government, and to the Attorney General that it is meeting the standards specified in this Article, identifying the number of complaints it received over the prior year in the State and specifying the number of complaints related to each of the following: (1) billing, charges, refunds, and credits; (2) installation or termination of service; (3) quality of service and repair; (4) programming; and (5) miscellaneous complaints that do not fall within these categories. Thereafter, the cable or video providers shall also provide, upon request by the local unit of government where service is offered and to the Attorney General, an annual public report that includes performance data described in subdivisions (5) and (6) of subsection (d) and subdivisions (1) and (2) of subsection (e) of this Section for cable services or video services. The performance data shall be disaggregated for each requesting local unit of government or local exchange, as that term is defined in Section 13-206 of this Act, in which the cable or video providers have customers.

(h) To the extent consistent with federal law, cable or video providers shall offer the lowest-cost basic cable or video service as a stand-alone service to residential customers at reasonable rates. Cable or

New matter indicated by italics - deletions by strikeout
video providers shall not require the subscription to any service other than
the lowest-cost basic service or to any telecommunications or information
service, as a condition of access to cable or video service, including
programming offered on a per channel or per program basis. Cable or
video providers shall not discriminate between subscribers to the lowest-
cost basic service, subscribers to other cable services or video services,
and other subscribers with regard to the rates charged for cable or video
programming offered on a per channel or per program basis.

   (i) To the extent consistent with federal law, cable or video
providers shall ensure that charges for changes in the subscriber's selection
of services or equipment shall be based on the cost of such change and
shall not exceed nominal amounts when the system's configuration permits
changes in service tier selection to be effected solely by coded entry on a
computer terminal or by other similarly simple method.

   (j) To the extent consistent with federal law, cable or video
providers shall have a rate structure for the provision of cable or video
service that is uniform throughout the area within the boundaries of the
local unit of government. This subsection (j) is not intended to prohibit
bulk discounts to multiple dwelling units or to prohibit reasonable
discounts to senior citizens or other economically disadvantaged groups.

   (k) To the extent consistent with federal law, cable or video
providers shall not charge a subscriber for any service or equipment that
the subscriber has not affirmatively requested or affirmatively agreed to by
name. For purposes of this subsection (k), a subscriber's failure to refuse a
cable or video provider's proposal to provide service or equipment shall
not be deemed to be an affirmative request for such service or equipment.

   (l) No contract or service agreement containing an early
termination clause offering residential cable or video services or any
bundle including such services shall be for a term longer than 2 years. Any
contract or service offering with a term of service that contains an early
termination fee shall limit the early termination fee to not more than the
value of any additional goods or services provided with the cable or video
services, the amount of the discount reflected in the price for cable
services or video services for the period during which the consumer
benefited from the discount, or a declining fee based on the remainder of
the contract term.

   (m) Cable or video providers shall not discriminate in the provision
of services for the hearing and visually impaired, and shall comply with
the accessibility requirements of 47 U.S.C. 613. Cable or video providers

New matter indicated by italics - deletions by strikeout
shall deliver and pick-up or provide customers with pre-paid shipping and packaging for the return of converters and other necessary equipment at the home of customers with disabilities. Cable or video providers shall provide free use of a converter or remote control unit to mobility impaired customers.

(n)(1) To the extent consistent with federal law, cable or video providers shall comply with the provisions of 47 U.S.C. 532(h) and (j). The cable or video providers shall not exercise any editorial control over any video programming provided pursuant to this Section, or in any other way consider the content of such programming, except that a cable or video provider may refuse to transmit any leased access program or portion of a leased access program that contains obscenity, indecency, or nudity and may consider such content to the minimum extent necessary to establish a reasonable price for the commercial use of designated channel capacity by an unaffiliated person. This subsection (n) shall permit cable or video providers to enforce prospectively a written and published policy of prohibiting programming that the cable or video provider reasonably believes describes or depicts sexual or excretory activities or organs in a patently offensive manner as measured by contemporary community standards.

(2) Upon customer request, the cable or video provider shall, without charge, fully scramble or otherwise fully block the audio and video programming of each channel carrying such programming so that a person who is not a subscriber does not receive the channel or programming.

(3) In providing sexually explicit adult programming or other programming that is indecent on any channel of its service primarily dedicated to sexually oriented programming, the cable or video provider shall fully scramble or otherwise fully block the video and audio portion of such channel so that a person who is not a subscriber to such channel or programming does not receive it.

(4) Scramble means to rearrange the content of the signal of the programming so that the programming cannot be viewed or heard in an understandable manner.

(o) Cable or video providers will maintain a listing, specific to the level of street address, of the areas where its cable or video services are available. Customers who inquire about purchasing cable or video service shall be informed about whether the cable or video provider's cable or video services are currently available to them at their specific location.
(p) Cable or video providers shall not disclose the name, address, telephone number or other personally identifying information of a cable service or video service customer to be used in mailing lists or to be used for other commercial purposes not reasonably related to the conduct of its business unless the cable or video provider has provided to the customer a notice, separately or included in any other customer service notice, that clearly and conspicuously describes the customer's ability to prohibit the disclosure. Cable or video providers shall provide an address and telephone number for a customer to use without a toll charge to prevent disclosure of the customer's name and address in mailing lists or for other commercial purposes not reasonably related to the conduct of its business to other businesses or affiliates of the cable or video provider. Cable or video providers shall comply with the consumer privacy requirements of Section 26-4.5 of the Criminal Code of 2012, the Restricted Call Registry Act, and 47 U.S.C. 551 that are in effect as of June 30, 2007 (the effective date of Public Act 95-9) and as amended thereafter.

(q) Cable or video providers shall implement an informal process for handling inquiries from local units of government and customers concerning billing issues, service issues, privacy concerns, and other consumer complaints. In the event that an issue is not resolved through this informal process, a local unit of government or the customer may request nonbinding mediation with the cable or video provider, with each party to bear its own costs of such mediation. Selection of the mediator will be by mutual agreement, and preference will be given to mediation services that do not charge the consumer for their services. In the event that the informal process does not produce a satisfactory result to the customer or the local unit of government, enforcement may be pursued as provided in subdivision (4) of subsection (r) of this Section.

(r) The Attorney General and the local unit of government may enforce all of the customer service and privacy protection standards of this Section with respect to complaints received from residents within the local unit of government's jurisdiction, but it may not adopt or seek to enforce any additional or different customer service or performance standards under any other authority or provision of law.

(1) The local unit of government may, by ordinance, provide a schedule of penalties for any material breach of this Section by cable or video providers in addition to the penalties provided herein. No monetary penalties shall be assessed for a material breach if it is out of the reasonable control of the cable or
video providers or its affiliate. Monetary penalties adopted in an ordinance pursuant to this Section shall apply on a competitively neutral basis to all providers of cable service or video service within the local unit of government's jurisdiction. In no event shall the penalties imposed under this subsection (r) exceed $750 for each day of the material breach, and these penalties shall not exceed $25,000 for each occurrence of a material breach per customer.

(2) For purposes of this Section, "material breach" means any substantial failure of a cable or video service provider to comply with service quality and other standards specified in any provision of this Act. The Attorney General or the local unit of government shall give the cable or video provider written notice of any alleged material breaches of this Act and allow such provider at least 30 days from receipt of the notice to remedy the specified material breach.

(3) A material breach, for the purposes of assessing penalties, shall be deemed to have occurred for each day that a material breach has not been remedied by the cable service or video service provider after the expiration of the period specified in subdivision (2) of this subsection (r) in each local unit of government's jurisdiction, irrespective of the number of customers affected.

(4) Any customer, the Attorney General, or a local unit of government may pursue alleged violations of this Act by the cable or video provider in a court of competent jurisdiction. A cable or video provider may seek judicial review of a decision of a local unit of government imposing penalties in a court of competent jurisdiction. No local unit of government shall be subject to suit for damages or other relief based upon its action in connection with its enforcement or review of any of the terms, conditions, and rights contained in this Act except a court may require the return of any penalty it finds was not properly assessed or imposed.

(s) Cable or video providers shall credit customers for violations in the amounts stated herein. The credits shall be applied on the statement issued to the customer for the next monthly billing cycle following the violation or following the discovery of the violation. Cable or video providers are responsible for providing the credits described herein and the customer is under no obligation to request the credit. If the customer is no

longer taking service from the cable or video provider, the credit amount will be refunded to the customer by check within 30 days of the termination of service. A local unit of government may, by ordinance, adopt a schedule of credits payable directly to customers for breach of the customer service standards and obligations contained in this Article, provided the schedule of customer credits applies on a competitively neutral basis to all providers of cable service or video service in the local unit of government's jurisdiction and the credits are not greater than the credits provided in this Section.

(1) Failure to provide notice of customer service standards upon initiation of service: $25.00.

(2) Failure to install service within 7 days: Waiver of 50% of the installation fee or the monthly fee for the lowest-cost basic service, whichever is greater. Failure to install service within 14 days: Waiver of 100% of the installation fee or the monthly fee for the lowest-cost basic service, whichever is greater.

(3) Failure to remedy service interruptions or poor video or audio service quality within 48 hours: Pro-rata credit of total regular monthly charges equal to the number of days of the service interruption.

(4) Failure to keep an appointment or to notify the customer prior to the close of business on the business day prior to the scheduled appointment: $25.00.

(5) Violation of privacy protections: $150.00.

(6) Failure to comply with scrambling requirements: $50.00 per month.

(7) Violation of customer service and billing standards in subsections (c) and (d) of this Section: $25.00 per occurrence.

(8) Violation of the bundling rules in subsection (h) of this Section: $25.00 per month.

(i) The enforcement powers granted to the Attorney General in Article XXI of this Act shall apply to this Article, except that the Attorney General may not seek penalties for violation of this Article other than in the amounts specified herein. Nothing in this Section shall limit or affect the powers of the Attorney General to enforce the provisions of Article XXI of this Act or the Consumer Fraud and Deceptive Business Practices Act.

(u) This Article applies to all cable and video providers in the State, including but not limited to those operating under a local franchise.
as that term is used in 47 U.S.C. 522(9), those operating under authorization pursuant to Section 11-42-11 of the Illinois Municipal Code, those operating under authorization pursuant to Section 5-1095 of the Counties Code, and those operating under a State-issued authorization pursuant to Article XXI of this Act.

Approved June 28, 2013.
Effective June 28, 2013.

PUBLIC ACT 98-0046
(Senate Bill No. 1688)

AN ACT concerning education.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Public Community College Act is amended by changing Section 2-16.02 as follows:

(110 ILCS 805/2-16.02) (from Ch. 122, par. 102-16.02)
Sec. 2-16.02. Grants. Any community college district that maintains a community college recognized by the State Board shall receive, when eligible, grants enumerated in this Section. Funded semester credit hours or other measures or both as specified by the State Board shall be used to distribute grants to community colleges. Funded semester credit hours shall be defined, for purposes of this Section, as the greater of (1) the number of semester credit hours, or equivalent, in all funded instructional categories of students who have been certified as being in attendance at midterm during the respective terms of the base fiscal year or (2) the average of semester credit hours, or equivalent, in all funded instructional categories of students who have been certified as being in attendance at midterm during the respective terms of the base fiscal year and the 2 prior fiscal years. For purposes of this Section, "base fiscal year" means the fiscal year 2 years prior to the fiscal year for which the grants are appropriated. Such students shall have been residents of Illinois and shall have been enrolled in courses that are part of instructional program categories approved by the State Board and that are applicable toward an

New matter indicated by italics - deletions by strikeout
associate degree or certificate. Courses that are eligible for reimbursement are those courses for which the district pays 50% or more of the program costs from unrestricted revenue sources, with the exception of courses offered by contract with the Department of Corrections in correctional institutions. For the purposes of this Section, "unrestricted revenue sources" means those revenues in which the provider of the revenue imposes no financial limitations upon the district as it relates to the expenditure of the funds. Except for Fiscal Year 2012, base operating grants shall be paid based on rates per funded semester credit hour or equivalent calculated by the State Board for funded instructional categories using cost of instruction, enrollment, inflation, and other relevant factors. For Fiscal Year 2012, the allocations for base operating grants to community college districts shall be the same as they were in Fiscal Year 2011, reduced or increased proportionately according to the appropriation for base operating grants for Fiscal Year 2012. A portion of the base operating grant shall be allocated on the basis of non-residential gross square footage of space maintained by the district.

Equalization grants shall be calculated by the State Board by determining a local revenue factor for each district by: (A) adding (1) each district's Corporate Personal Property Replacement Fund allocations from the base fiscal year or the average of the base fiscal year and prior year, whichever is less, divided by the applicable statewide average tax rate to (2) the district's most recently audited year's equalized assessed valuation or the average of the most recently audited year and prior year, whichever is less, (B) then dividing by the district's audited full-time equivalent resident students for the base fiscal year or the average for the base fiscal year and the 2 prior fiscal years, whichever is greater, and (C) then multiplying by the applicable statewide average tax rate. The State Board shall calculate a statewide weighted average threshold by applying the same methodology to the totals of all districts' Corporate Personal Property Tax Replacement Fund allocations, equalized assessed valuations, and audited full-time equivalent district resident students and multiplying by the applicable statewide average tax rate. The difference between the statewide weighted average threshold and the local revenue factor, multiplied by the number of full-time equivalent resident students, shall determine the amount of equalization funding that each district is eligible to receive. A percentage factor, as determined by the State Board, may be applied to the statewide threshold as a method for allocating equalization funding. A minimum equalization grant of an amount per district as
determined by the State Board shall be established for any community college district which qualifies for an equalization grant based upon the preceding criteria, but becomes ineligible for equalization funding, or would have received a grant of less than the minimum equalization grant, due to threshold prorations applied to reduce equalization funding. As of July 1, 2004, a community college district must maintain a minimum required combined in-district tuition and universal fee rate per semester credit hour equal to 85% of the State-average combined rate, as determined by the State Board, for equalization funding. As of July 1, 2004, a community college district must maintain a minimum required operating tax rate equal to at least 95% of its maximum authorized tax rate to qualify for equalization funding. This 95% minimum tax rate requirement shall be based upon the maximum operating tax rate as limited by the Property Tax Extension Limitation Law.

The State Board shall distribute such other grants as may be authorized or appropriated by the General Assembly.

Each community college district entitled to State grants under this Section must submit a report of its enrollment to the State Board not later than 30 days following the end of each semester, quarter, or term in a format prescribed by the State Board. These semester credit hours, or equivalent, shall be certified by each district on forms provided by the State Board. Each district's certified semester credit hours, or equivalent, are subject to audit pursuant to Section 3-22.1.

The State Board shall certify, prepare, and submit monthly vouchers to the State Comptroller setting forth an amount equal to one-twelfth of the grants approved by the State Board for base operating grants and equalization grants. The State Board shall prepare and submit to the State Comptroller vouchers for payments of other grants as appropriated by the General Assembly. If the amount appropriated for grants is different from the amount provided for such grants under this Act, the grants shall be proportionately reduced or increased accordingly.

For the purposes of this Section, "resident student" means a student in a community college district who maintains residency in that district or meets other residency definitions established by the State Board, and who was enrolled either in one of the approved instructional program categories in that district, or in another community college district to which the resident's district is paying tuition under Section 6-2 or with which the resident's district has entered into a cooperative agreement in lieu of such tuition.

New matter indicated by italics - deletions by strikeout
For the purposes of this Section, a "full-time equivalent" student is equal to 30 semester credit hours.

The Illinois Community College Board Contracts and Grants Fund is hereby created in the State Treasury. Items of income to this fund shall include any grants, awards, endowments, or like proceeds, and where appropriate, other funds made available through contracts with governmental, public, and private agencies or persons. The General Assembly shall from time to time make appropriations payable from such fund for the support, improvement, and expenses of the State Board and Illinois community college districts.

Prior to reporting the name of an employee, the employee shall be notified of the Department's obligation to report and shall be granted an opportunity to request an administrative hearing, the sole purpose of which is to determine if the substantiated finding warrants reporting to the registry. Notice to the employee shall contain a clear and concise statement of the grounds on which the report to the registry is based, offer the employee an opportunity for a hearing, and identify the process for requesting such a hearing. Notice is sufficient if
provided by certified mail to the employee's last known address. (12) The furnishing of information in accordance with the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996. Any credit union governed by this Act shall enter into an agreement for data exchanges with a State agency provided the State agency pays to the credit union a reasonable fee not to exceed its actual cost incurred. (C) a proposed or actual securitization or secondary market sale (including sales of servicing rights) related to a transaction of a member.

(2) the financial records are disclosed in response to a lawful subpoena, summons, warrant, citation to discover assets, or court order that meets the requirements of subparagraph (d) of this Section; or
(3) the credit union is attempting to collect an obligation owed to the credit union and the credit union complies with the provisions of Section 2I of the Consumer Fraud and Deceptive Business Practices Act.

(d) A credit union shall disclose financial records under subparagraph (c)(2) of this Section pursuant to a lawful subpoena, summons, warrant, citation to discover assets, or court order only after the credit union mails a copy of the subpoena, summons, warrant, citation to discover assets, or court order to the person establishing the relationship with the credit union, if living, and otherwise his personal representative, if known, at his last known address by first class mail, postage prepaid unless the credit union is specifically prohibited from notifying the person by order of court or by applicable State or federal law. Section 80. The Home Health, Home Services, and Home Nursing Agency Licensing Act is amended by changing Sections 6.3 and 6.7 as follows:

(210 ILCS 55/6.3)
Sec. 6.3. Home services agencies; standards; fees.
(a) Before January 1, 2008, the Department shall adopt standards for the licensure and operation of home services agencies operated in this State. The structure of the standards shall be based on the concept of home services and its focus on assistance with activities of daily living, housekeeping, personal laundry, and companionship being provided to an individual intended to enable that individual to remain safely and comfortably in his or her own personal residence. As home services do not include services that would be required to be performed by an individual licensed under the Nurse Practice Act, the standards shall be developed from a similar concept. After consideration and recommendations by the Home Health and Home Services Advisory Committee, the Department shall adopt such rules and regulations as are necessary for the proper regulation of home services agencies. Requirements for licensure as a home services agency shall include the following:

(1) Compliance with the requirements of the Health Care Worker Background Check Act.

(2) Notification, in a form and manner established by the Department by rule, to home services workers and consumers as to the party or parties responsible under State and federal laws for payment of employment taxes, social security taxes, and workers' compensation, liability, the day-to-day supervision of workers, and the hiring, firing, and discipline of workers with the placement arrangement for home services.

adult, as defined in the *Adult Protective Services Act* and *Elder Abuse and Neglect Act*, by a home services worker employed by or placed by the licensee or (ii) reports to a law enforcement agency in connection with any other individual protected under the laws of the State of Illinois.

(4) Compliance with rules, as adopted by the Department, addressing the health, safety, and well-being of clients receiving home services.

(b) The Department may establish fees for home services agency licensure in rules in a manner that will make the program self-supporting. The amount of the licensure fees shall be based on the funding required for operation of the licensure program. Notwithstanding any other provision of this Section, the Department may not charge any fee to a certified local health department in connection with the licensure of a home services agency.

For uncompensated or privately paid caregivers, the Department on Aging shall report only a verified and substantiated decision of significant abuse, neglect, or financial exploitation of an

eligible adult under this Act. An administrative finding placed in the registry shall preclude any caregiver from providing direct access or other services, including consulting and volunteering, in a position with a provider that is licensed, certified, or regulated by, or paid with public funds from or on behalf of, the State of Illinois or any Department thereof, that permits the caregiver direct access to an adult aged 60 or older or an adult, over 18, with a disability or to that individual's living quarters or personal, financial, or medical records.

(b) Definitions. As used in this Section:
"Direct care" includes, but is not limited to, direct access to an individual, his or her living quarters, or his or her personal, financial, or medical records for the purpose of providing nursing care or assistance with feeding, dressing, movement, bathing, toileting, other personal needs and activities of daily living, or assistance with financial transactions.

"Privately paid caregiver" means any caregiver who has been paid with resources other than public funds, regardless of licensure, certification, or regulation by the State of Illinois and any Department thereof. A privately paid caregiver does not include any caregiver that has been licensed, certified, or regulated by a State agency, or paid with public funds.

"Significant" means a finding of abuse, neglect, or financial exploitation as determined by the Department that (i) represents a meaningful failure to adequately provide for, or a material indifference to, the financial, health, safety, or medical needs of an eligible adult or (ii) results in an eligible adult's death or other serious deterioration of an eligible adult's financial resources, physical condition, or mental condition.

"Uncompensated caregiver" means a caregiver who, in an informal capacity, assists an eligible adult with activities of daily living, financial transactions, or chore housekeeping type duties. Family Services, or Human Services, or the Department on Aging, shall not hire or compensate any person seeking employment, retain any contractors, or accept any volunteers to provide direct care without first conducting an online check of the person through the Department of Public Health's Health Care Worker Registry. The provider shall maintain a copy of the results of the online check to demonstrate compliance with this requirement. The provider is prohibited from hiring, compensating, or accepting a person, including as a consultant or volunteer, for whom the online check reveals a verified and substantiated claim of abuse, neglect, or financial exploitation, to provide direct care to any adult aged 60 or older or any adult, over 18, with a disability. Additionally, a provider is prohibited from retaining a person for whom they gain knowledge of a verified and substantiated claim of abuse, neglect, or financial exploitation in a position that permits the caregiver direct access to provide direct care to any adult aged 60 or older or any adult, over 18, with a disability or direct access to that individual's living quarters or personal, financial, or medical records. Failure to comply with this requirement may subject such a provider to corrective action by the appropriate regulatory agency or other lawful remedies provided under the applicable licensure, certification, or regulatory laws and rules.

(d) Notice to caregiver. The Department on Aging shall establish rules concerning notice to the caregiver in cases of abuse, neglect, or financial exploitation.

(e) Notification to eligible adults, guardians, or agents. As part of its investigation, the Department on Aging shall notify an eligible adult, or an eligible adult's guardian or agent, that a caregiver's name may be placed on the registry based on a finding as described in subsection (a-1) of this Section.

(f) Notification to employer. A provider licensed, certified, or regulated by the Department of Public Health, Healthcare and Family Services, or Human Services, or the Department on Aging shall be notified of an administrative finding against any caregiver who is an employee, consultant, or volunteer of a verified and substantiated decision of abuse, neglect, or financial exploitation of an eligible adult under this Act. If there is an imminent risk of danger to the eligible adult or an imminent risk of misuse of personal, medical, or financial information, the caregiver shall immediately be barred from direct access to the eligible adult, his or her living quarters, or his or her personal, financial, or medical records.

pending the outcome of any challenge, criminal prosecution, or other type of collateral action.

(g) Caregiver challenges. The Department on Aging shall establish, by rule, procedures concerning caregiver challenges.

(h) Caregiver's rights to collateral action. The Department on Aging shall not make any report to the registry if a caregiver notifies the Department in writing, including any supporting documentation, that he or she is formally challenging an adverse employment action resulting from a verified and substantiated finding of abuse, neglect, or financial exploitation by complaint filed with the Illinois Civil Service Commission, or by another means which seeks to enforce the caregiver's rights pursuant to any applicable collective bargaining agreement. If an action taken by an employer against a caregiver as a result of a finding of abuse, neglect, or financial exploitation is overturned through an action filed with the Illinois Civil Service Commission or under any applicable collective bargaining agreement after that caregiver's name has already been sent to the registry, the caregiver's name shall be removed from the registry.

(i) Removal from registry. At any time after a report to the registry, but no more than once in each successive 3-year period thereafter, for a maximum of 3 such requests, a caregiver may write to the Director of the Department on Aging to request removal of his or her name from the registry in relationship to a single incident. The caregiver shall bear the burden of showing cause that establishes, by a preponderance of the evidence, that removal of his or her name from the registry is in the public interest. Upon receiving such a request, the Department on Aging shall conduct an investigation and consider any evidentiary material provided. The Department shall issue a decision either granting or denying removal within 60 calendar days, and shall issue such decision to the caregiver and the registry. The waiver process at the Department of Public Health does not apply to registry reports from the Department on Aging. The Department on Aging shall establish standards for the removal of a name from the registry by rule.

(j) Referral of registry reports to health care facilities. In the event an eligible adult receiving services from a provider agency changes his or her residence from a domestic living situation to that of a health care facility, the provider agency shall use reasonable efforts to promptly inform the health care facility and the appropriate Regional Long Term Care Ombudsman about any registry reports relating to the eligible adult.

Sec. 9. Authority to consent to services.

(a) If an eligible adult consents to an assessment of a reported incident of suspected abuse, neglect, financial exploitation, or self-neglect and, following the assessment of such report, consents to services being provided according to the case plan, such services shall be arranged to meet the adult's needs, based upon the availability of resources to provide such services. If an adult withdraws his or her consent for an assessment of the reported incident or withdraws his or her consent for services and refuses to accept such services, the services shall not be provided.

(c) A guardian of the person of an eligible adult may consent to an assessment of the reported incident and to services being provided according to the case plan. If an eligible adult lacks capacity to consent to services, an agent having authority under a power of attorney may consent to an assessment of the reported incident and to services. If the guardian or agent is the suspected abuser and he or she withdraws his or her consent for the assessment of the reported incident, or refuses to allow services to be provided to the eligible adult, the Department, an agency designated under this Act, or the office of the Attorney General may request a court order seeking appropriate remedies, and may in addition request removal of the guardian and appointment of a successor guardian or request removal of the agent and appointment of a guardian.

(d) If an emergency exists and the Department or other agency designated under this Act reasonably believes that a person is an eligible adult and lacks the capacity to consent to necessary services, the Department or other agency may request an ex parte order from the circuit court of the county in which the petitioner or respondent resides or in which the alleged abuse, neglect, financial exploitation, or self-neglect occurred, authorizing an assessment of a report of alleged or suspected abuse, neglect, financial exploitation, or self-neglect or the provision of necessary services, or both, including relief available under the Illinois Domestic Violence Act of 1986 in accord with established law and Department protocols, procedures, and policies. Petitions filed under this subsection shall be treated as expedited proceedings. When an eligible adult is at risk of serious injury or death and it reasonably appears that the eligible adult lacks capacity to consent to necessary services, the Department or other agency designated under this Act may take action necessary to ameliorate the risk in accordance with administrative rules promulgated by the Department.

(d-5) For purposes of this Section, an eligible adult "lacks the capacity to consent" if qualified staff of an agency designated under this Act reasonably determine, in accordance with administrative rules promulgated by the Department, that he or she appears either (i) unable to receive and evaluate information related to the assessment or services or
(ii) unable to communicate in any manner decisions related to the assessment of the reported incident or services.

(e) Within 15 days after the entry of the ex parte emergency order, the order shall expire, or, if the need for assessment of the reported incident or services continues, the provider agency shall petition for the appointment of a guardian as provided in Article XIa of the Probate Act of 1975 for the purpose of consenting to such assessment or services or to protect the eligible adult from further harm.

(f) If the court enters an ex parte order under subsection (d) for an assessment of a reported incident of alleged or suspected abuse, neglect, financial exploitation, or self-neglect, or for the provision of necessary services in connection with alleged or suspected self-neglect, or for both, the court, as soon as is practicable thereafter, shall appoint a guardian ad litem for the eligible adult who is the subject of the order, for the purpose of reviewing the reasonableness of the order. The guardian ad litem shall review the order and, if the guardian ad litem reasonably believes that the order is unreasonable, the guardian ad litem shall file a petition with the court stating the guardian ad litem's belief and requesting that the order be vacated.

(g) In all cases in which there is a substantiated finding of abuse, neglect, or financial exploitation by a guardian, the Department shall, within 30 days after the finding, notify the Probate Court with jurisdiction over the guardianship.

Sec. 15. Abuse Fatality Review Teams

(a) State policy. In this Section, "review team" means a regional interagency elder abuse fatality review team established under this Section.

(1) Both the State and the community maintain a commitment to preventing the abuse, neglect, and financial exploitation of at-risk adults. This includes a charge to bring perpetrators of crimes against at-risk adults to justice and prevent untimely deaths in the community.

(2) When an at-risk adult dies, the response to the death by the community, law enforcement, and the State must include an accurate and complete determination of the cause of death, and the development and implementation of measures to prevent future deaths from similar causes.

New matter indicated by italics - deletions by strikeout
(3) Multidisciplinary and multi-agency reviews of deaths can assist the State and counties in developing a greater understanding of the incidence and causes of premature deaths and the methods for preventing those deaths, improving methods for investigating deaths, and identifying gaps in services to at-risk adults.

(4) Access to information regarding the deceased person and his or her family by multidisciplinary and multi-agency at-risk adult fatality review teams is necessary in order to fulfill their purposes and duties.

(a-5) Definitions. As used in this Section:

"Review Team" means a regional interagency at-risk adult fatality review team.

(b) The Director, in consultation with the Advisory Council, law enforcement, and other professionals who work in the fields of investigating, treating, or preventing abuse or neglect of at-risk adults, shall appoint members to a minimum of one review team in each of the Department's planning and service areas. Each member of a review team shall be appointed for a 2-year term and shall be eligible for reappointment upon the expiration of the term. A review team's purpose in conducting review of at-risk adult deaths is:

The Department, or any other State or county agency with Department approval, may establish regional interagency elder abuse fatality review teams (i) to assist local agencies in identifying and reviewing suspicious deaths of adult elderly victims of alleged, suspected, or substantiated abuse or neglect in domestic living situations; and (ii) to facilitate communications between officials responsible for autopsies and inquests and persons involved in reporting or investigating alleged or suspected cases of abuse, neglect, or financial exploitation of at-risk adults and persons involved in providing services to at-risk adults; (iii) to evaluate means by which the death might have been prevented; and (iv) to report its findings to the appropriate agencies and the Advisory Council and make recommendations that may help to reduce the number of at-risk adult deaths caused by abuse and neglect and that may help to improve the investigations of deaths of at-risk adults and increase prosecutions, if appropriate.

(b-5) Each such team shall be composed of representatives of entities and individuals including, but not limited to:

(c) A review team shall review cases of deaths of at-risk adults occurring in its planning and service area persons 60 years of age or older in domestic living situations (i) involving blunt force trauma or an undetermined manner or suspicious cause of death, (ii) if requested by the deceased's attending physician or an emergency room physician, (iii) upon referral by a health care provider, (iv) upon referral by a coroner or medical examiner, (v) or (vi) constituting an open or closed case from an adult protective services agency, law enforcement agency, State's Attorney's office, or the Department of Human Services' Office of the Inspector General that involves alleged or suspected abuse, neglect, or financial exploitation; or (vi) upon referral by a law enforcement agency or State's Attorney's office. If such a death occurs in a planning and service area where a review team has not yet been established, the

Director shall request that the Advisory Council or another review team review that death. A team may also review other cases of deaths of at-risk adults persons 60 years of age or older if the alleged abuse or neglect occurred while the person was residing in a domestic living situation.

A review team shall meet not less than 6 times a year to discuss cases for its possible review. Each review team, with the advice and consent of the Department, shall establish criteria to be used by review teams in discussing cases of alleged, suspected, or substantiated abuse or neglect for review and shall conduct its activities in accordance with any applicable policies and procedures established by the Department.

(c-5) The Illinois At-Risk Adult Fatality Review Teams Advisory Council, consisting of one member from each review team in Illinois, shall be the coordinating and oversight body for review teams and activities in Illinois. The Director may appoint to the Advisory Council any ex-officio members deemed necessary. Persons with expertise needed by the Advisory Council may be invited to meetings. The Advisory Council must select from its members a chairperson and a vice-chairperson, each to serve a 2-year term. The chairperson or vice-chairperson may be selected to serve additional, subsequent terms. The Advisory Council must meet at least 4 times during each calendar year.

The Department may provide or arrange for the staff support necessary for the Advisory Council to carry out its duties. The Director, in cooperation and consultation with the Advisory Council, shall appoint, reappoint, and remove review team members.

The Advisory Council has, but is not limited to, the following duties:

(1) To serve as the voice of review teams in Illinois.

(2) To oversee the review teams in order to ensure that the review teams' work is coordinated and in compliance with State statutes and the operating protocol.

(3) To ensure that the data, results, findings, and recommendations of the review teams are adequately used in a timely manner to make any necessary changes to the policies, procedures, and State statutes in order to protect at-risk adults.

(4) To collaborate with the Department in order to develop any legislation needed to prevent unnecessary deaths of at-risk adults.
(5) To ensure that the review teams' review processes are standardized in order to convey data, findings, and recommendations in a usable format.

(6) To serve as a link with review teams throughout the country and to participate in national review team activities.

(7) To provide the review teams with the most current information and practices concerning at-risk adult death review and related topics.

(8) To perform any other functions necessary to enhance the capability of the review teams to reduce and prevent at-risk adult fatalities.

The Advisory Council may prepare an annual report, in consultation with the Department, using aggregate data gathered by review teams and using the review teams' recommendations to develop education, prevention, prosecution, or other strategies designed to improve the coordination of services for at-risk adults and their families.

In any instance where a review team does not operate in accordance with established protocol, the Director, in consultation and cooperation with the Advisory Council, must take any necessary actions to bring the review team into compliance with the protocol.

(d) Any document or oral or written communication shared within or produced by the review team relating to a case discussed or reviewed by the review team is confidential and is not admissible as evidence in any civil or criminal proceeding, except for use by a State's Attorney's office in prosecuting a criminal case against a caregiver. Those records and information are, however, subject to discovery or subpoena, and are admissible as evidence, to the extent they are otherwise available to the public.

Any document or oral or written communication provided to a review team by an individual or entity, and created by that individual or entity solely for the use of the review team, is confidential, and is not subject to disclosure to or discoverable by another party, and is not admissible as evidence in any civil or criminal proceeding, except for use by a State's Attorney's office in prosecuting a criminal case against a caregiver. Those records and information are, however, subject to discovery or subpoena, and are admissible as evidence, to the extent they are otherwise available to the public.

Each entity or individual represented on the review team may share with other members of the team information in the

entity's or individual's possession concerning the decedent who is the subject of the review or concerning any person who was in contact with the decedent, as well as any other information deemed by the entity or individual to be pertinent to the review. Any such information shared by an entity or individual with other members of the review team is confidential. The intent of this paragraph is to permit the disclosure to members of the review team of any information deemed confidential or privileged or prohibited from disclosure by any other provision of law. Release of confidential communication between domestic violence advocates and a domestic violence victim shall follow subsection (d) of Section 227 of the Illinois Domestic Violence Act of 1986 which allows for the waiver of privilege afforded to guardians, executors, or administrators of the estate of the domestic violence victim. This provision relating to the release of confidential communication between domestic violence advocates and a domestic violence victim shall exclude adult protective service providers.

A coroner's or medical examiner's office may share with the review team medical records that have been made available to the coroner's or medical examiner's office in connection with that office's investigation of a death.

Members of a review team and the Advisory Council are not subject to examination, in any civil or criminal proceeding, concerning information presented to members of the review team or the Advisory Council or opinions formed by members of the review team or the Advisory Council based on that information. A person may, however, be examined concerning information provided to a review team or the Advisory Council.

(d-5) Meetings of the review teams and the Advisory Council may be closed to the public under the Open Meetings Act. Records and information provided to a review team and the Advisory Council, and records maintained by a team or the Advisory Council, are exempt from release under the Freedom of Information Act.

(e) A review team's recommendation in relation to a case discussed or reviewed by the review team, including, but not limited to, a recommendation concerning an investigation or prosecution in relation to such a case, may be disclosed by the review team upon the completion of its review and at the discretion of a majority of its members who reviewed the case.

(e-5) The State shall indemnify and hold harmless members of a review team and the Advisory Council for all their acts, omissions, decisions, or other conduct arising out of the scope of their service on the review team or Advisory Council, except those involving willful or wanton misconduct. (f) The Department, in consultation with coroners, medical examiners, and law enforcement agencies, shall use aggregate data gathered by review teams and review teams' recommendations from the Advisory Council and the review teams to create an annual report and may use those data and recommendations to develop education, prevention, prosecution, or other strategies designed to improve the coordination of services for at-risk adults persons 60 years of age or older and their families. The Department or other State or county agency, in consultation with coroners, medical examiners, and law enforcement agencies, also may use aggregate data gathered by the review teams to create a database of at-risk individuals.

(755 ILCS 5/11a-10) (from Ch. 110 1/2, par. 11a-10)
Sec. 11a-10. Procedures preliminary to hearing.
(a) Upon the filing of a petition pursuant to Section 11a-8, the court shall set a date and place for hearing to take place within 30 days. The court shall appoint a guardian ad litem to report to the court concerning the respondent's best interests consistent with the provisions of this Section, except that the appointment of a guardian ad litem shall not be required when the court determines that such appointment is not necessary for the protection of the respondent or a reasonably informed decision on the petition. If the guardian ad litem is not a licensed attorney, he or she shall be qualified, by training or experience, to work with or advocate for the developmentally disabled, mentally ill, physically disabled, the elderly, or persons disabled because of mental deterioration, depending on the type of disability that is alleged in the petition. The court may allow the guardian ad litem reasonable compensation. The guardian ad litem may consult with a person who by training or experience is qualified to work with persons with a developmental disability, persons with mental illness, or physically disabled persons, or persons disabled because of mental deterioration, depending on the type of disability that is alleged. The guardian ad litem shall personally observe the respondent prior to the hearing and shall inform him orally and in writing of the contents of the petition and of his rights under Section 11a-11. The guardian ad litem shall also attempt to elicit the respondent's position concerning the adjudication of disability, the proposed guardian, a proposed change in residential placement, changes in care that might result from the guardianship, and other areas of inquiry deemed appropriate by the court. Notwithstanding any provision in the Mental Health and Developmental Disabilities Confidentiality Act or any other law, a guardian ad litem shall have the right to inspect and copy any medical or mental health record of the respondent which the guardian ad litem deems necessary, provided that the information so disclosed shall not be utilized for any other purpose nor be redisclosed except in connection with the proceedings. At or before the hearing, the guardian ad litem shall file a written report detailing his or her observations of the respondent, the responses of the respondent to any of the inquires detailed in this Section, the opinion of the guardian ad litem or other professionals with whom the guardian ad litem consulted concerning the appropriateness of

guardianship, and any other material issue discovered by the guardian ad litem. The guardian ad litem shall appear at the hearing and testify as to any issues presented in his or her report.

The respondent shall be permitted to obtain the appointment of counsel either at the hearing or by any written or oral request communicated to the court prior to the hearing. The summons shall inform the respondent of this right to obtain appointed counsel. The court may allow counsel for the respondent reasonable compensation.

(c) If the respondent is unable to pay the fee of the guardian ad litem or appointed counsel, or both, the court may enter an order for the petitioner to pay all such fees or such amounts as the respondent or the respondent's estate may be unable to pay. However, in cases where the Office of State Guardian is the petitioner, consistent with Section 30 of the Guardianship and Advocacy Act, where the public guardian is the petitioner, consistent with Section 13-5 of the Probate Act of 1975, where an adult protective services agency is the petitioner, pursuant to Section 9 of the Adult Protective Services Act, or where the Department of Human Services Office of Inspector General is the petitioner, consistent with Section 45 of the Abuse of Adults with Disabilities Intervention Act, no guardian ad litem or legal fees shall be assessed against the Office of State Guardian, the public guardian, the adult protective services agency, the elder abuse provider agency, or the Department of Human Services Office of Inspector General.

(d) The hearing may be held at such convenient place as the court directs, including at a facility in which the respondent resides.

(e) Unless he is the petitioner, the respondent shall be personally served with a copy of the petition and a summons not less than 14 days before the hearing. The summons shall be printed in large, bold type and shall include the following notice:

Section 120. The Illinois Power of Attorney Act is amended by changing Sections 2-7 and 2-10 as follows:

(755 ILCS 45/2-7) (from Ch. 110 1/2, par. 802-7)

(a) The agent shall be under no duty to exercise the powers granted by the agency or to assume control of or responsibility for any of the principal's property, care or affairs, regardless of the principal's physical or mental condition. Whenever a power is exercised, the agent shall act in good faith for the benefit of the principal using due care, competence, and diligence in accordance with the terms of the agency and shall be liable for negligent exercise. An agent who acts with due care for the benefit of the principal shall not be liable or limited merely because the agent also benefits from the act, has individual or conflicting interests in relation to the property, care or affairs of the principal or acts in a different manner with respect to the agency and the agent's individual interests. The agent shall not be affected by any amendment or termination of the agency until the agent has actual knowledge thereof. The agent shall not be liable for any loss due to error of judgment nor for the act or default of any other person.

(b) An agent that has accepted appointment must act in accordance with the principal's expectations to the extent actually known to the agent and otherwise in the principal's best interests.

(c) An agent shall keep a record of all receipts, disbursements, and significant actions taken under the authority of the agency and shall provide a copy of this record when requested to do so by:

(1) the principal, a guardian, another fiduciary acting on behalf of the principal, and, after the death of the principal, the personal representative or successors in interest of the principal's estate;

(2) a representative of a provider agency, as defined in Section 2 of the Adult Protective Services Act Elder Abuse and Neglect Act, acting in the course of an assessment of a complaint of elder abuse or neglect under that Act;

(3) a representative of the Office of the State Long Term Care Ombudsman, acting in the course of an investigation of a

complaint of financial exploitation of a nursing home resident under Section 4.04 of the Illinois Act on the Aging;

(4) a representative of the Office of Inspector General for the Department of Human Services, acting in the course of an assessment of a complaint of financial exploitation of an adult with disabilities pursuant to Section 35 of the Abuse of Adults with Disabilities Intervention Act; or

(5) a court under Section 2-10 of this Act.

(d) If the agent fails to provide his or her record of all receipts, disbursements, and significant actions within 21 days after a request under subsection (c), the adult elder abuse provider agency or the State Long Term Care Ombudsman may petition the court for an order requiring the agent to produce his or her record of receipts, disbursements, and significant actions. If the court finds that the agent's failure to provide his or her record in a timely manner to the adult elder abuse provider agency or the State Long Term Care Ombudsman was without good cause, the court may assess reasonable costs and attorney's fees against the agent, and order such other relief as is appropriate.

(e) An agent is not required to disclose receipts, disbursements, or other significant actions conducted on behalf of the principal except as otherwise provided in the power of attorney or as required under subsection (c).

(f) An agent that violates this Act is liable to the principal or the principal's successors in interest for the amount required (i) to restore the value of the principal's property to what it would have been had the violation not occurred, and (ii) to reimburse the principal or the principal's successors in interest for the attorney's fees and costs paid on the agent's behalf. This subsection does not limit any other applicable legal or equitable remedies.

(755 ILCS 45/2-10) (from Ch. 110 1/2, par. 802-10)

Sec. 2-10. Agency-court relationship.

(a) Upon petition by any interested person (including the agent), with such notice to interested persons as the court directs and a finding by the court that the principal lacks either the capacity to control or the capacity to revoke the agency, the court may construe a power of attorney, review the agent's conduct, and grant appropriate relief including compensatory damages.

(b) If the court finds that the agent is not acting for the benefit of the principal in accordance with the terms of the agency or that the agent's action or inaction has caused or threatens substantial harm to the principal's person or property in a manner not authorized or intended by the principal, the court may order a guardian of the principal's person or estate to exercise any powers of the principal under the agency, including the power to revoke the agency, or may enter such other orders without appointment of a guardian as the court deems necessary to provide for the best interests of the principal.

(c) If the court finds that the agency requires interpretation, the court may construe the agency and instruct the agent, but the court may not amend the agency.

(d) If the court finds that the agent has not acted for the benefit of the principal in accordance with the terms of the agency and the Illinois Power of Attorney Act, or that the agent's action caused or threatened substantial harm to the principal's person or property in a manner not authorized or intended by the principal, then the agent shall not be authorized to pay or be reimbursed from the estate of the principal the attorneys' fees and costs of the agent in defending a proceeding brought pursuant to this Section.

(e) Upon a finding that the agent's action has caused substantial harm to the principal's person or property, the court may assess against the agent reasonable costs and attorney's fees to a prevailing party who is a provider agency as defined in Section 2 of the Adult Protective Services Act, a representative of the Office of the State Long Term Care Ombudsman, or a governmental agency having regulatory authority to protect the welfare of the principal.

(f) As used in this Section, the term "interested person" includes (1) the principal or the agent; (2) a guardian of the person, guardian of the estate, or other fiduciary charged with management of the principal's property; (3) the principal's spouse, parent, or descendant; (4) a person who would be a presumptive heir-at-law of the principal; (5) a person named as a beneficiary to receive any property, benefit, or contractual right upon the principal's death, or as a beneficiary of a trust created by or for the principal; (6) a provider agency as defined in Section 2 of the Adult Protective Services Act, a representative of the Office of the State Long Term Care Ombudsman, or a governmental agency having regulatory authority to protect the welfare of the principal;

and (7) the principal's caregiver or another person who demonstrates sufficient interest in the principal's welfare.

(g) Absent court order directing a guardian to exercise powers of the principal under the agency, a guardian will have no power, duty or liability with respect to any property subject to the agency or any personal or health care matters covered by the agency.

(h) Proceedings under this Section shall be commenced in the county where the guardian was appointed or, if no Illinois guardian is acting, then in the county where the agent or principal resides or where the principal owns real property.

(i) This Section shall not be construed to limit any other remedies available.

To the Honorable Members of the Illinois House of Representatives 98th General Assembly

Today I return House Bill 215 with a line item veto in the amount of $2,613,500.

This appropriation is duplicative of an appropriation in Article 35, Section 10 of House Bill 214.

With this action, all other appropriations in House Bill 215 become law. Within the appropriations of House Bill 215 are items that are necessary for the day-to-day operations of State Government, and appropriations that are for the capital expenditures of the State. Of those capital expenditures, many projects are funded as pay-as-you-go items while others are projects that are intended to be funded with the issuance of bonds.

It is the intent of the State that all or a portion of the costs of projects funded by appropriations made in this Act from the Capital Development Fund, the School Construction Fund, the Anti-Pollution Fund, the Transportation Bond Series A Fund, the Transportation Bond Series B

Fund, the Coal Development Fund, the Transportation Bond Series D Fund, and the Build Illinois Bond Fund which may be eligible for tax-exempt financing will be paid or reimbursed from the proceeds of tax-exempt bonds subsequently issued by the State.

Therefore, pursuant to Article IV, Section 9(d) of the Illinois Constitution of 1970, I hereby return House Bill 215, entitled “AN ACT making appropriations” with a line item veto in appropriations totaling $2,613,500.
